Programmed funds aim to alleviate projected traffic safety concerns and congestion in the North section of the County from SR 16 to Silverleaf Parkway. This has a direct benefit to the citizens of St. Johns County and those traveling through St. Johns County by improving transportation system level of service.

**c. What direct services will be provided to citizens by the appropriation project?**

The direct service provided to citizens will be increased Level of Service (LOS) and an alternative route to Interstate 95 between State Road 16 and 9B.

**d. Who is the target population served by this project? How many individuals are expected to be served?**

General public >800

**e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?**

The improvements will increase traffic and pedestrian safety, reduce total lost time and decrease congestion on Interstate 95. The method will be measurement of the annual traffic count along the corridor after the improvements are completed.

**f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?**

If there is a performance deficiency requiring correction by the County, Agency will notify County. County will provide Agency with a corrective action plan describing how County will address performance deficiencies. If the corrective action plan implementation fails to remedy deficiencies, Agency will retain two point five percent (2.5%) of the total appropriations amount.
