## MEMORANDUM

**TO:** All Members of the Florida Legislature  
**FROM:** Don Gaetz, President of the Senate  
Will Weatherford, Speaker of the Florida House of Representatives  
**SUBJECT:** Redistricting Special Session  
**DATE:** August 4, 2014

---

In response to the [rulings issued by Judge Lewis](#) on July 10, 2014, and August 1, 2014, the Florida Legislature has decided to produce a Congressional map to address the Court's limited concerns. Accordingly, the House and Senate have agreed to call ourselves into special session on Thursday, August 7, 2014, for the sole purpose of passing a Congressional map.

We continue to maintain our strong objection to any attempt to disrupt the current election process. Florida's Supervisors of Elections have raised serious concerns over changing the elections process at this late date. The NAACP also pointed out in their motion to Judge Lewis that, "In a special election, get-out-the-vote infrastructure simply does not exist. Voters who face challenges to political participation – be it financial, job scheduling, transportation, or other impediments – will be irreparably harmed by conducting the election at a time where that infrastructure does not exist."

Tens of thousands of our service men and women overseas have received their ballots, and over one million absentee ballots have been mailed to Floridians. We intend to vigorously defend the integrity and validity of Floridians' votes that have already been cast, and that will be cast in the upcoming election.

We understand that calling a special session at this late date will require you to rearrange your schedules. To assist you, please find below the anticipated Committee and Session schedule, House Select Committee and Senate Reapportionment Committee assignments and travel authorization details.
