Joint Town-Hall Meeting Scheduled for May 21st

Please join me and Representative Bryan Nelson for a town-hall meeting on Tuesday May 21st @ 7pm in Eustis City Hall. This will be an opportunity for you to ask questions of your Legislators and to hear an update regarding the 2013 Legislative Session.

It is a great pleasure to co-host this meeting with Representative Bryan Nelson. It is important to have members like him in the House who have experience and know how to get things done in Tallahassee. Working together we can accomplish many goals.

This past Session was a busy one and I plan to share with you some of the key issues that passed, some that we hope to address next year, and more importantly that we were able to pass a balanced budget with no increases in fees or taxes. This year we actually were able to put some items in the budget that will benefit our district and still ensure that we maintain our reserves. The budget is now on the desk of the Governor and we awaiting his signature.

So please come out, we look forward to seeing you there.

Alan
