

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2019-2020

LFIR#: 1135

1. Title of Project: Miami-Dade Co. Stormwater Pump Station Hardening

2. Senate Sponsor: Jason Pizzo

3. Date of Submission: 01/23/2019

4. Project/Program Description:

The scope of the project is to retrofit and harden two existing coastal stormwater pump stations. The existing pump stations are susceptible to damage by storm surge, sea level rise and other hazards. The pump stations are located along NE Bayshore Drive at the intersection of NE 109 Street and NE 110 Street in unincorporated Miami-Dade County.

5. State Agency to receive requested funds : Department of Environmental Protection

State Agency Contacted? No

6. Amount of the Nonrecurring Request for Fiscal Year 2019-2020

Type of Funding	Amount
Operations	
Fixed Capital Outlay	1,500,000
Total State Funds Requested	1,500,000

7. Total Project Cost for Fiscal Year 2019-2020 (including matching funds available for this project)

Type of Funding	Amount	Percent
Total State Funds Requested (from question #6)	1,500,000	83.33%
Federal	0	0.00%
State (excluding the amount of this request)	0	0.00%
Local	300,000	16.67%
Other	0	0.00%
Total Project Costs for Fiscal Year 2019-2020	1,800,000	100.0%

8. Has this project previously received state funding? No

Fiscal Year (yyyy-yy)	Amount		Specific Appropriation #	Vetoed
	Recurring	NonRecurring		

9. Is future-year funding likely to be requested? No

10. Details on how the requested state funds will be expended

Spending Category	Description	Amount
Administrative Costs:		
Executive Director/Project Head Salary and Benefits

Construction/Renovation/Land/Planning	Construction	1,500,000
Engineering		
Total State Funds Requested (must equal total from question #6)		1,500,000

11. Program Performance:

a. What is the specific purpose or goal that will be achieved by the funds requested?

To harden the two coastal stormwater pump stations from storm damage. This ensures that the pump stations continue operating to protect the life and property of the residents serviced by the pump stations.

b. What are the activities and services that will be provided to meet the intended purpose of these funds?

The construction of various structures and a retrofit of certain aspects to survive future storm surge and sea level rise projections.

c. What are the direct services to be provided to citizens by the appropriations project?

To protect the life and property of the residents serviced by the pump stations.

d. Who is the target population served by this project? How many individuals are expected to be served?

The residents of the communities adjacent to the pump stations and nearby arterial road.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

To ensure that the pump stations continue operating to protect the life and property of the residents serviced by the pump stations. Flood risk assessments and flood damage reports.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

Failure to build the improvements will result in no funds being dispersed.

12. The owner(s) of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owner(s) of the facility and the entity.

Miami Dade County is the entity to receive funds. The stormwater pump stations are owned and maintained by Miami Dade County.
