

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2019-2020

LFIR#: 1180

1. Title of Project: Hialeah Infrastructure Improvement

2. Senate Sponsor: Manny Diaz

3. Date of Submission: 02/07/2019

4. Project/Program Description:

The proposed project seeks to improve the lighting at several parks in the City of Hialeah that are utilized regionally for a variety of events that will enhance safety. Currently 10,000 residents, numerous public and private organizations, eight high schools and several universities use the facilities we seek to enhance through this project and will directly benefit by having the facilities improved with the lighting that will allow for longer night use.

11. Program Performance:

a. What is the specific purpose or goal that will be achieved by the funds requested?

Through this requested project the City will be able to enhance its lighting system in several parks and both improve and increase services to the community in a safer environment.

b. What are the activities and services that will be provided to meet the intended purpose of these funds?

The citizens, regionally, will be able to enjoy higher quality lighting, increased recreational activities and longer park hours for high school and university games and the Greater Miami Athletic Conference (GMAC).

c. What are the direct services to be provided to citizens by the appropriations project?

The citizens, regionally, will be able to enjoy higher quality lighting, increased recreational activities and longer park hours for high school and university games and the Greater Miami Athletic Conference (GMAC).

d. Who is the target population served by this project? How many individuals are expected to be served?

Miami Dade County citizens, regional high schools and universities. We currently serve over 10,000 residents and through this project seek to increase activities and services

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Through this requested project the City will be able to enhance its lighting system in several parks and improve services to the community.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

Consider other allowable uses of funds for other projects, in progress, by the City within the fiscal year of allocation.

12. The owner(s) of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owner(s) of the facility and the entity.

City owned facility
