LFIR#: 1212

9. Is future-year funding likely to be requested? No

10. Details on how the requested state funds will be expended

Spending Category	Description	Amount
Administrative Costs:		
Executive Director/Project Head Salary and Benefits	N/A	0
Other Salary and Benefits	N/A	0
Expense/Equipment/Travel/Supplies/Other	N/A	0
Consultants/Contracted Services/Study	Surveying, geotechnical exploration, and related design and permitting services.	200,000
Operational Costs:		
Salary and Benefits	N/A	0
Expense/Equipment/Travel/Supplies/Other	N/A	0
Consultants/Contracted Services/Study	N/A	0
Fixed Capital Construction/Major Renovation:		
Construction/Renovation/Land/Planning Engineering	Design and construction of new drainage system to include installation of drainage pipes, exfiltration trenches (French Drains), manholes, pollution retardant baffles, catch basins, and resurfacing and restoration of the existing roadway surfaces.	1,800,000
Total State Funds Requested (must equal total from question #6)		2,000,000

11. Program Performance:

a. What is the specific purpose or goal that will be achieved by the funds requested?

The specific purpose that will be achieved by the funds being requested is to avoid flooding, improve drainage capacity, eliminate standing rain and stormwater, protect residential property, and reduce the possibility of mosquito-transmitted diseases to the public. This project is intended to reduce roadway flooding and mitigate flood impacts on property and life.

b. What are the activities and services that will be provided to meet the intended purpose of these funds?

Activities and services that will be provided include surveying, geotechnical exploration, design and permitting, and construction services for the installation of the new drainage systems.

c. What are the direct services to be provided to citizens by the appropriations project?

Flood mitigation and protection of property and life in the Royal Oaks community service areas encompass approximately 230 residential homes.

d. Who is the target population served by this project? How many individuals are expected to be served?

Residents of the Town of Miami Lakes. Approximately 230 residential homes are directly served by this Project. Indirectly, neighboring travelers are served by this Project who daily transit through the Royal Oaks neighborhood.

LFIR#: 1212

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The expected benefit is a reduced impact to property and life. Outcome will be measured by field inspection and documentation of rainfall events.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

No payment will be made for deliverables deemed unsatisfactory by the Agency.

12. The owner(s) of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owner(s) of the facility and the entity.

Town of Miami Lakes
