11. Program Performance:

a. What is the specific purpose or goal that will be achieved by the funds requested?

The goal is to create a service academy with clear alignment from K-12 through postsecondary education to the workforce in order to meet the demands of service areas that are plagued by unfilled professional positions and high workforce need.

b. What are the activities and services that will be provided to meet the intended purpose of these funds?

The funds will be used to create a service academy with clear alignment from K-12 through postsecondary education to the workforce in order to meet the demands of service areas that are plagued by unfilled professional positions and high workforce needs.

c. What are the direct services to be provided to citizens by the appropriations project?

Students will be trained in high-demand service fields so that students are more prepared to enter postsecondary programs and the workforce, meeting the professional needs of Putnam County.

d. Who is the target population served by this project? How many individuals are expected to be served?

Grade school students, high school students, at-risk youth, economically disadvantaged persons, jobless persons. Individuals to be served: 51-100

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The expected benefit is to improve quality education. The expected outcome is that students will attain industry certification in high-demand service areas aligned to State of Florida career and technical pathways. The outcome will be measured by assessing the number of students who attain industry certification in the next 5 years.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

Agreed upon penalties per contract with agency.
