Local Funding Initiative Request

Fiscal Year 2019-2020

LFIR#: 2287

1. **Title of Project:** Wilton Drive Streetscape

2. **Senate Sponsor:** Gary Farmer

3. **Date of Submission:** 02/14/2019

4. **Project/Program Description:**

With the recent roadway improvements to SR811/Wilton Drive, the City of Wilton Manors is working to transform our downtown corridor from an automobile speedway to a walkable, bicycle friendly, main street. Key components of the plan include preservation of our small town sensibility, new community gathering spaces, and thoughtful redevelopment. Wilton Drive is currently a one-mile, five-lane highway bisecting the central business district of Wilton Manors, developed with mixed-use, retail, arts, and entertainment uses. When roadway construction is complete, there will be widened sidewalks, buffered bike lanes, attractive landscaping and lighting, and only two lanes of traffic, allowing the road to be shared by all users. The city is seeking state funds for the construction of the redesigned open spaces and gateway improvements.

11. Program Performance:

a. What is the specific purpose or goal that will be achieved by the funds requested?

To increase pedestrian and bicycle safety, and make Wilton Manors safer and more walkable, and make the downtown business district and arts & entertainment district more economically viable.

b. What are the activities and services that will be provided to meet the intended purpose of these funds?

There are 3 components to Phase 2 of the project: 1) Reconfiguration of a Jaycee Park to a community gathering venue with cultural components; 2) Reconfiguration of NE 6 Av Central Plaza, and 3) landscape/streetscape construction, including irrigation, wayfinding, and public art.

c. What are the direct services to be provided to citizens by the appropriations project?

The renovation of Wilton Manors' main street, Wilton Drive, will provide a direct impact on the quality of life for residents through cultural enrichment, as well as gathering spaces for important events.

d. Who is the target population served by this project? How many individuals are expected to be served?

Residents and visitors alike will benefit from the project. In addition to the 13,000 residents, the city sees approximately 100,000 annual visitors.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The primary benefit will be increased safety, measured by decreased incidents. Secondly, the project will improve roadway safety, increase shared space for bicyclists and pedestrians, enhance the sense of place, and provide increased opportunity for community and cultural events.
