The Florida Senate Local Funding Initiative Request Fiscal Year 2020-2021

LFIR # 1650

11. Program Performance

- a. What specific purpose or goal will be achieved by the funds requested?

The project will implement resiliency measures that will relocate all overhead power lines to underground. This project will connect to the Longboat Key Underground Electric Project and extend to the northern city limits as funds allow.

- b. What activities and services will be provided to meet the intended purpose of these funds?

Will conduct a power line relocation program to continue the project by adjoining locality.

- c. What direct services will be provided to citizens by the appropriation project?

Enhanced protection from losing vital power needs during times of high winds and storm.

- d. Who is the target population served by this project? How many individuals are expected to be served?

Approx 2,000 residents of Bradenton Beach.

- e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

To underground necessary utilities. Will be measured by utilities being moved underground.

- f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

City will reimburse funds back to state agency for failure to meet deliverables and performance measures.
