#### 11. Program Performance

- a. What specific purpose or goal will be achieved by the funds requested?

The funds will assist the City in providing a required match for an Army Corps of Engineers study of Nova Canal flooding. The ACOE study is a prerequisite for future funding eligibility for engineering solutions that will address Daytona Beach flooding.

- b. What activities and services will be provided to meet the intended purpose of these funds?

Study will be conducted to draw down Federal funds to fix flooding issue.

- c. What direct services will be provided to citizens by the appropriation project?

The area frequently flooded includes neighborhood and main transportation thoroughfares. Mitigation of flooding will improve transportation conditions.

- d. Who is the target population served by this project? How many individuals are expected to be served?

Residents of the surrounding neighborhoods

- e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The area frequently flooded by the Nova Canal impacts thousands of Daytona Beach residents and their properties. The flooding also impacts businesses in the affected area. The City will develop an inventory of properties affected by recurring flooding which will allow a results measurement to be identified.

- f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

Return of the unused funds.
