information and exempt from the provisions of s. 119.07(1), 1 2 except that such information shall be available to the Auditor General and the Agency for Enterprise Information Technology 3 in performing his or her postauditing duties. 4 4. Implement appropriate cost-effective safeguards to 5 reduce, eliminate, or recover from the identified risks to the б 7 data, information, and information technology resources of the 8 each agency. 5. Ensure that periodic internal audits and 9 evaluations of the agency's each security program for the 10 data, information, and information technology resources of the 11 agency are conducted. The results of such internal audits and 12 13 evaluations are confidential information and exempt from the 14 provisions of s. 119.07(1), except that such information shall be available to the Auditor General and the Agency for 15 Enterprise Information Technology in performing his or her 16 17 postauditing duties. 18 6. Include appropriate security requirements, as 19 determined by the State Technology Office, in consultation with each agency head, in the written specifications for the 20 solicitation of information technology and information 21 technology resources which are consistent with the standard 2.2 23 security operating procedures adopted by the Agency for 24 Enterprise Information Technology. (b) In those instances <u>under this subsection</u> in which 25 the state agency or department State Technology Office 26 develops state contracts for use by state agencies, the state 27 28 agency or department office shall include appropriate security 29 requirements in the specifications for the solicitation for 30 state contracts for procuring information technology or 31 information technology resources.

21

1	(3) The Agency for Enterprise Information Technology
2	shall designate a chief information security officer.
3	(4) The Agency for Enterprise Information Technology
4	shall develop standards and templates for conducting
5	comprehensive risk analyses and information security audits by
6	state agencies, assist agencies in their compliance with the
7	provisions of this section, pursue appropriate funding
8	provided for the purpose of enhancing domestic security,
9	establish minimum quidelines and procedures for the recovery
10	of information technology following a disaster, and provide
11	training for agency information security managers. Standards,
12	templates, guidelines, and procedures shall be published
13	annually, no later than September 30 each year, to enable
14	agencies to incorporate them in their planning for the
15	following fiscal year.
16	(5) The Agency for Enterprise Information Technology
17	may adopt rules pursuant to ss. 120.536(1) and 120.54 relating
18	to information security and to administer the provisions of
19	this section.
20	(3) Notwithstanding subsection (2), the Department of
21	Management Services, hereafter referred to as the
22	"department," in consultation with each agency head, is
23	responsible for coordinating, assessing, and recommending
24	minimum operating procedures for ensuring an adequate level of
25	security for data and information technology resources. To
26	assist the department in carrying out this responsibility,
27	each agency shall, at a minimum:
28	(a) Designate an information security manager who
29	shall administer the security program of the agency for its
30	data and information technology resources.
31	

(b) Conduct, and update every 3 years, a comprehensive 1 2 risk analysis to determine the security threats to the data, 3 information, and information technology resources of the agency. The risk analysis information made confidential and 4 exempt under subparagraph (2)(a)2. shall be available to the 5 Auditor General in performing his or her postauditing duties. б 7 (c) Develop, and periodically update, written internal 8 policies and procedures that are consistent with the standard 9 operating procedures recommended by the department to ensure the security of the data and information technology resources 10 of the agency. The internal policies and procedures that, if 11 disclosed, could facilitate the unauthorized modification, 12 13 disclosure, or destruction of data or information technology 14 resources made confidential and exempt under subparagraph 15 (2)(a)3. shall be available to the Auditor General in performing his or her postauditing duties. 16 (d) Implement appropriate cost effective safequards to 17 18 reduce, eliminate, or recover from the identified risks to the data and information technology resources of the agency. 19 (e) Ensure that periodic internal audits and 20 evaluations of the security program for the data, information, 21 22 and information technology resources of the agency are conducted. The results of such internal audits and evaluations 23 24 made confidential and exempt under subparagraph (2)(a)5. shall be available to the Auditor General in performing his or her 25 postauditing duties. 26 27 (f) Include appropriate security requirements in the 28 written specifications for the solicitation of information 29 technology resources that are consistent with the standard security operating procedures as recommended by the 30 31 department.

1	(g) This subsection expires July 1, 2007.
2	
3	In those instances under this subsection in which the
4	department develops state contracts for use by state agencies,
5	the department shall include appropriate security requirements
б	in the specifications for the solicitation for state contracts
7	for procuring information technology resources.
8	(4) In order to ensure the security of data,
9	information, and information technology resources, the
10	department shall establish the Office of Information Security
11	and shall designate a Chief Information Security Officer as
12	the head of the office. The office shall coordinate its
13	activities with the Agency Chief Information Officers Council
14	as established in s. 282.315. The office is responsible for
15	developing a strategic plan for information technology
16	security which shall be submitted by March 1, 2007, to the
17	Executive Office of the Governor, the President of the Senate,
18	and the Speaker of the House of Representatives; developing
19	standards and templates for conducting comprehensive risk
20	analyses and information security audits by state agencies;
21	assisting agencies in their compliance with the provisions of
22	this section; establishing minimum standards for the recovery
23	of information technology following a disaster; and conducting
24	training for agency information security managers. This
25	subsection expires July 1, 2007.
26	Section 11. Subsection (2) of section 282.322, Florida
27	Statutes, is amended to read:
28	282.322 Special monitoring process for designated
29	information resources management projects
30	(2) The <u>Agency for</u> Enterprise <u>Information Technology</u>
31	Project Management Office of the State Technology Office shall
