The DHSMV reports that for the 2010 calendar year, the division issued 2,749 driver licenses to 100-percent service-connected disabled veterans, and from January 2005 to January 2011, the division has issued 17,081 driver licenses to 100-percent service-connected disabled veterans.<sup>4</sup>

### Disability Compensation Rating for Veterans

The United States Department of Veteran Affairs provides monthly disability compensation to veterans who are disabled by an injury or illness that was incurred or aggravated during active military service. These disabilities are considered to be service-connected. Disability compensation varies with the degree of disability and the number of a veteran's dependents.<sup>5</sup> The rate of compensation is graduated according to the combined degree of the veteran's disabilities,

<sup>2</sup> Pursuant to s. 295.17, F.S., the FDVA may issue an identification card to any veteran who is a permanent Florida resident and who has a 100-percent service-connected disability.

<sup>3</sup> The disability rating of veteran can be determined by the USDVA or the United State Department of Defense.

from 10-percent to 100-percent disabling, in increments of 10-percent.<sup>6</sup> A disability rating of 100-percent is considered a total and permanent service-connected disability.

### III. Effect of Proposed Changes:

This bill amends s. 322.21(7), F.S., to allow qualified disabled veterans who have a service-connected disability rating of at least 50-percent but less than 100-percent to receive a 50-percent reduction in the driver license fees outlined in s. 322.21, F.S. A disabled veteran is eligible for the driver license fee reduction if the veteran:

- has been honorably discharged from the Armed Forces;
- can provide an official letter from the United States Department of Veterans Affairs stating the service-connected disability percentage along with a copy of the veteran's honorable discharge;
- has a total and permanent service-connected disability rating of at least 50-percent but less than 100-percent;
- is in receipt of disability retirement pay from any branch of the U.S. Armed Services; and
- is qualified to obtain a driver license under s. 322.21, F.S.

The FDVA reports that for the 2010 fiscal year, there were 71,163 veterans in Florida whose service-connected disability rating ranged from 50-percent to 90-percent.<sup>7</sup> This disability range comprises 29-percent of all disabled veterans in Florida. The data is not available to determine how many of these veterans are eligible to obtain a driver license.

This bill has an effective date of July 1, 2011.

<sup>7</sup> Disability ratings are calculated in increments of 10-percent, ranging from 10-percent to 100-percent.

**V. Fiscal Impact Statement:****A. Tax/Fee Issues:**

This bill will have a fiscal impact due to loss of revenue collected from driver license fees. The amount of revenue loss is indeterminate given that it is unclear how many veterans who have a service-connected disability rating of at least 50-percent but less than 100-percent are eligible to obtain a driver license, and therefore would be eligible to receive a 50-percent reduction from driver license fees.

**B. Private Sector Impact:**

This bill would allow veterans who have at least a 50-percent but less than 100-percent service-connected disability rating to receive a 50-percent discount on the fees for driver licenses.

**C. Government Sector Impact:**

None.

**VI. Technical Deficiencies:**

**VII. Related Issues:**
