(I) The diagnosis is rendered by a physician; and

(II) The prescribed follow-up services and care are rendered by a physician, a dentist licensed under chapter 466, a physician assistant licensed under chapter 458 or chapter 459, an advanced registered nurse practitioner licensed under chapter 464, or a chiropractic physician licensed under chapter 460.

2. Prescribed follow-up services and care must be provided in a clinic licensed under part X of chapter 400 or an entity excluded from the definition of a clinic. However, as provided in s. 400.9905, an entity excluded from the definition of a clinic shall be deemed a clinic and must be licensed under part
X of chapter 400 in order to receive reimbursement for
prescribed follow-up services and care under sub-subparagraph
1.d. unless the entity is:
   a. An entity wholly owned by a physician licensed under
      chapter 458 or chapter 459, or by the physician and the spouse,
      parent, child, or sibling of the physician;
   b. An entity wholly owned by a dentist licensed under
      chapter 466, or by the dentist and the spouse, parent, child, or
      sibling of the dentist;
   c. An entity wholly owned by a chiropractic physician
      licensed under chapter 460, or by the chiropractic physician and
      the spouse, parent, child, or sibling of the chiropractic
      physician if such entity has filed for a licensing exemption
      with the Agency for Health Care Administration;
   d. A hospital or ambulatory surgical center licensed under
      chapter 395; or
   e. An entity wholly owned, directly or indirectly, by a
      hospital or hospitals licensed under chapter 395.

3. Reimbursement for services provided by a chiropractic
   physician is limited to the lesser of 24 treatments or to
   services rendered within 12 weeks after the date of the initial
   chiropractic treatment, whichever comes first, unless the
   insurer authorizes additional chiropractic services.

4. Medical benefits do not include massage as defined in s.
   480.033 or acupuncture as defined in s. 457.102.

5. For purposes of ss. 627.748-627.7491, a medical
diagnosis that an emergency medical condition exists is presumed
to be correct unless rebutted by clear and convincing evidence
to the contrary.
(b) Disability benefits.—Sixty percent of any loss of gross income and loss of earning capacity per individual from inability to work proximately caused by the injury sustained by the injured person, plus all expenses reasonably incurred in obtaining from others ordinary and necessary services in lieu of those that, but for the injury, the injured person would have performed without income for the benefit of her or his household. All disability benefits payable under this paragraph must be paid at least every 2 weeks.

(c) Death benefits.—Death benefits equal to the lesser of $5,000 or the remainder of unused emergency care coverage insurance benefits per individual. The insurer shall give priority to the payment of death benefits over the payment of other benefits of the deceased and, upon learning of the death of the individual, shall stop paying the other benefits until the death benefits are paid. The insurer may pay death benefits to the executor or administrator of the deceased, to any of the deceased’s relatives by blood, legal adoption, or marriage, or to any person who appears to the insurer to be equitably entitled to such benefits.

Only insurers writing motor vehicle liability insurance in this state may provide the benefits required by this section, and such insurer may not require the purchase of any other motor vehicle coverage other than the purchase of property damage liability coverage as required by s. 627.7275 as a condition for providing such benefits. Insurers may not require that property damage liability insurance in an amount greater than $10,000 be purchased in conjunction with emergency care coverage insurance.
Such insurers shall make benefits and required property damage liability insurance coverage available through normal marketing channels. An insurer writing motor vehicle liability insurance in this state who fails to comply with such availability requirement as a general business practice violates part IX of chapter 626, and such violation constitutes an unfair method of competition or an unfair or deceptive act or practice involving the business of insurance. An insurer committing such violation is subject to the penalties provided under that part, as well as those provided elsewhere in the insurance code.

(2) AUTHORIZED EXCLUSIONS.—An insurer may exclude benefits:

(a) For injury sustained by the named insured and relatives residing in the insured’s household while occupying another motor vehicle owned by the named insured and not insured under the policy or for injury sustained by any person operating the insured motor vehicle without the express or implied consent of the insured.

(b) To any injured person if such person’s conduct contributed to her or his injury under the following circumstance:

1. Causing injury to herself or himself intentionally; or
2. Being injured while committing a felony.

If an insured is charged with conduct as set forth in subparagraph 2., the 30-day payment provision of paragraph (4)(f) shall be held in abeyance, and the insurer shall withhold payment of any benefits pending the outcome of the case at the trial level. If the charge is nolle prossed or dismissed or the insured is acquitted, the 30-day payment provision shall run...
from the date the insurer is notified of such action.

(3) INSURED’S RIGHTS TO RECOVERY OF SPECIAL DAMAGES IN TORT CLAIMS.—An insurer may not have a lien on any recovery in tort by judgment, settlement, or otherwise for emergency care coverage benefits, whether suit has been filed or settlement has been reached without suit. An injured party who is entitled to bring suit under ss. 627.748-627.7491, or her or his legal representative, may not recover any damages for which benefits are paid or payable. The plaintiff may prove all of her or his special damages notwithstanding this limitation, but if special damages are introduced in evidence, the trier of facts, whether judge or jury, may not award damages for emergency care coverage benefits paid or payable. In all cases in which a jury is required to fix damages, the court shall instruct the jury that the plaintiff may not recover such special damages for emergency care coverage benefits paid or payable.

(4) PAYMENT OF BENEFITS.—
(a) Benefits due from an insurer under ss. 627.748-627.7491 are primary, except that benefits received under any workers’ compensation law must be credited against the benefits provided under subsection (1) and are due and payable as loss accrues upon receipt of reasonable proof of such loss and the amount of expenses and loss incurred that are covered by the policy issued under ss. 627.748-627.7491. If the Agency for Health Care Administration provides, pays, or becomes liable for medical assistance under the Medicaid program related to injury, sickness, disease, or death arising out of the ownership, maintenance, or use of a motor vehicle, the benefits under ss. 627.748-627.7491 are subject to the provisions of the Medicaid
program. However, within 30 days after receiving notice that the Medicaid program paid such benefits, the insurer must repay the full amount of the benefits to the Medicaid program.

(b) The insurer of the owner of a motor vehicle shall pay benefits for an emergency medical condition as described in paragraph (1)(a) for accidental bodily injury requiring medical treatment:

1. Sustained in this state by the owner while occupying a motor vehicle, or while not an occupant of a self-propelled vehicle if the injury is caused by physical contact with a motor vehicle.

2. Sustained outside this state, but within the United States or its territories or possessions or Canada, by the owner while occupying the owner’s motor vehicle.

3. Sustained by a relative of the owner residing in the owner’s household, under the circumstances described in subparagraph 1. or subparagraph 2. if the relative at the time of the accident is domiciled in the owner’s household and is not the owner of a motor vehicle with respect to which security is required under ss. 627.748-627.7491.

4. Sustained in this state by any other person while occupying the owner’s motor vehicle or, if a resident of this state, while not an occupant of a self-propelled vehicle, if the injury is caused by physical contact with such motor vehicle if the injured person is not:
   a. The owner of a motor vehicle for which security is required under ss. 627.748-627.7491; or
   b. Entitled to benefits from the insurer of the owner of such motor vehicle.
(c) An insurer may require written notice to be given as soon as practicable after an accident involving a motor vehicle for which the policy provides the security required by ss. 627.748-627.7491.

(d) Upon receiving notice of an accident that is potentially covered by benefits under this section, the insurer must reserve $5,000 of such coverage for payment of medical benefits provided by physicians or dentists pursuant to subparagraph (1)(a). The reserved amount may be used only to pay claims for such providers until 30 days after the date the insurer receives notice of the accident. After the 30-day period, any amount of the reserve for which the insurer has not received notice of a claim for emergency care coverage benefits may be used to pay other claims. The time periods specified in paragraph (f) for the payment of benefits shall be tolled for the period of time that the insurer is required by this paragraph to hold payment of such other claims to the extent that the amount not held in reserve is insufficient to pay such other claims. This paragraph does not require an insurer to establish a claim reserve for insurance accounting purposes.

(e) An insurer shall create and maintain for each insured a log of benefits paid by the insurer on behalf of the insured. The insurer shall provide to the insured, or an assignee of the insured, a copy of the log within 30 days after receiving a request for the log from the insured or the assignee.

(f) Benefits paid pursuant to this section are overdue if not paid within 30 days after written notice of the fact and amount of a covered loss is furnished to the insurer.

1. If written notice of the entire claim is not furnished
to the insurer, any partial amount supported by the written
notice is overdue if not paid within 30 days after the written
notice is furnished. Any part or all of the remainder of the
claim that is subsequently supported by written notice is
overdue if not paid within 30 days after subsequent written
notice is furnished to the insurer.

2. This paragraph does not preclude or limit the ability of
the insurer to assert that the claim or a portion of the claim
was unrelated, was not medically necessary, or was unreasonable,
or that the amount of the charge was in excess of that permitted
under, or in violation of, subsection (5). Such assertion may be
made at any time, including after payment of the claim or after
the 30-day period for payment set forth in this paragraph.

3. If an insurer pays only a portion of a claim or rejects
a claim, the insurer shall provide at the time of the partial
payment or rejection an itemized specification of each item that
the insurer has reduced, omitted, or declined to pay and any
information that the insurer desires the claimant to consider
related to the medical necessity of the denied treatment or to
explain the reasonableness of the reduced charge if this
information does not limit the introduction of evidence at
trial. The insurer must also include the name and address of the
person to whom the claimant should respond and a claim number to
be referenced in future correspondence.

4. Notwithstanding that written notice has been furnished
to the insurer, payment is not overdue if the insurer has
reasonable proof that the insurer is not responsible for the
payment.

5. For the purpose of calculating the extent to which
benefits are overdue, payment shall be considered made on the
date a draft or other valid instrument that is equivalent to
payment was placed in the United States mail in a properly
addressed, postpaid envelope or, if not so posted, on the date
of delivery.

6. All overdue payments bear simple interest at the rate
established under s. 55.03 or the rate established in the
insurance contract, whichever is greater, for the quarter in
which the payment became overdue, calculated from the date the
insurer was furnished with written notice of the amount of the
covered loss. Interest is due at the time payment of the overdue
claim is made.

(g) If two or more insurers are liable for paying emergency
care coverage benefits for the same injury to any one person,
the maximum amount payable shall be as specified in subsection
(1), and an insurer paying the benefits is entitled to recover
from each of the other insurers an equitable pro rata share of
the benefits paid and expenses incurred in processing the claim.

(h) In a dispute between the insured and the insurer, or
between an assignee of the insured’s rights and the insurer, the
insurer must notify the insured or the assignee that the policy
limits under this section have been reached within 15 days after
the limits have been reached.

(i) Benefits are not due or payable to or on behalf of an
insured, claimant, medical provider, or attorney if the insured,
claimant, medical provider, or attorney has:

1. Knowingly submitted a false material statement,
document, record, or bill;

2. Knowingly submitted false material information; or
3. Otherwise committed or attempted to commit a fraudulent insurance act as defined in s. 626.989.

A claimant who violates this paragraph is not entitled to any emergency care coverage benefits or payment for any bills and services, regardless of whether a portion of the claim may be legitimate. However, a medical provider who does not violate this paragraph may not be denied benefits solely due to violation by another claimant.

(j) If an insurer has a reasonable belief that a fraudulent insurance act, as defined in s. 626.989, has been committed and reports its suspicions to the Division of Insurance Fraud, the 30-day period for payment is tolled for any portions of the claim reported for investigation until the insurer receives notice from the Division of Insurance Fraud that the claim has been investigated and states whether a criminal action will be recommended.

1. The insurer must notify the claimant in writing that the claim is being investigated for fraud within 30 days after the insurer is furnished with written notice of the fact and amount of a covered loss. Within 30 days after receipt of notice from the Division of Insurance Fraud that a claim has been investigated and that no criminal action will be recommended, the insurer must pay the claim with simple interest as provided in subparagraph (f)6.

2. Subject to s. 626.989(4), persons or entities that in good faith report suspected fraud to the Division of Insurance Fraud or share information in the furtherance of a fraud investigation are not subject to any civil or criminal liability.
relating to the reporting or release of such information.

(k) It is a violation of the insurance code for an insurer to fail to timely provide benefits as required by this section with such frequency as to constitute a general business practice.

(5) CHARGES FOR TREATMENT OF INJURED PERSONS.—

(a) A physician, hospital, clinic, or other person or institution lawfully rendering treatment to an injured person for a bodily injury covered by emergency care coverage insurance may charge the insurer and injured party only a reasonable amount pursuant to this section for the services, treatment, supplies, and care rendered, and the insurer providing such coverage may pay such charges directly to such person or institution lawfully rendering such treatment if the insured receiving such treatment, or her or his guardian, has countersigned the properly completed invoice, bill, or claim form approved by the office attesting that such treatment has actually been rendered to the best knowledge of the insured or her or his guardian. However, such charge may not exceed the amount that the person or institution customarily charges for like services, treatment, supplies, or care. When determining whether a charge for a particular service, treatment, supply, or care is reasonable, consideration may be given to evidence of usual and customary charges and payments accepted by the provider involved in the dispute, reimbursement levels in the community and various federal and state medical fee schedules applicable to motor vehicle and other insurance coverages, and other information relevant to the reasonableness of the charges for the service, treatment, supply, or care.
1. If a health care provider or entity bills an insurer an amount less than that indicated in the following schedule of maximum charges and the insurer pays the amount billed, the payment shall be considered reasonable. A payment made by an insurer that limits reimbursement to 80 percent of the following schedule of maximum charges is considered reasonable:
   a. For emergency transport and treatment by providers licensed under chapter 401, 200 percent of Medicare charges.
   b. For emergency services and care provided by a hospital, 75 percent of the hospital’s usual and customary charges.
   c. For emergency services and care provided in a hospital and rendered by a physician or dentist, and related hospital inpatient services rendered by a physician or dentist, the usual and customary charges in the community.
   d. For hospital inpatient services, other than emergency services and care, 200 percent of the Medicare Part A prospective payment applicable to the specific hospital providing the inpatient services.
   e. For hospital outpatient services, other than emergency services and care, 200 percent of the Medicare Part A Ambulatory Payment Classification for the specific hospital providing the outpatient services.
   f. For all other medical services, treatment, supplies, and care, 200 percent of the allowable amount under:
      (I) The participating physicians fee schedule of Medicare Part B.
      (II) For medical services, treatment, supplies, and care provided by clinical laboratories, Medicare Part B.
      (III) For durable medical equipment, the Durable Medical
However, if such services, treatment, supplies, or care is not reimbursable under Medicare Part B as provided in this sub-subparagraph, the insurer may limit reimbursement to 80 percent of the maximum reimbursable allowance under workers' compensation, as determined under s. 440.13 and rules adopted thereunder which are in effect at the time such services, treatment, supplies, or care is provided. Services, treatment, supplies, or care that is not reimbursable under Medicare or workers’ compensation is not required to be reimbursed by the insurer.

2. For purposes of subparagraph 1., the applicable fee schedule or payment limitation under Medicare is the fee schedule or payment limitation that was in effect on March 1 of the year and for the area in which the services, treatment, supplies, or care was rendered, and applies until March 1 of the following year, notwithstanding subsequent changes made to such fee schedule or payment limitation, except that it may not be less than the allowable amount under the participating physicians schedule of Medicare Part B for 2007 for medical services, treatment, supplies, and care subject to Medicare Part B.

3. Subparagraph 1. does not allow the insurer to apply any limitation on the number of treatments or other utilization limits that apply under Medicare or workers’ compensation. An insurer that applies the allowable payment limitations of subparagraph 1. must reimburse a provider who lawfully provided
care or treatment under the scope of her or his license
regardless of whether such provider is entitled to reimbursement
under Medicare due to restrictions or limitations on the types
or discipline of health care providers who may be reimbursed for
particular procedures or procedure codes. However, subparagraph
1. does not prohibit an insurer from using the Medicare coding
policies and payment methodologies of the Centers for Medicare
and Medicaid Services, including applicable modifiers, to
determine the appropriate amount of reimbursement.

4. If an insurer limits payment as authorized by
subparagraph 1., the person providing such services, treatment,
supplies, or care may not bill or attempt to collect from the
insured any amount in excess of such limits, except for amounts
that are not covered by the insured’s emergency care coverage
insurance due to the coinsurance amount or maximum policy
limits.

(b) An insurer or insured is not required to pay a claim or
charges:

1. Made by a broker or by a person making a claim on behalf
of a broker;

2. For any service or treatment that was not lawful at the
time rendered;

3. To any person who knowingly submits a false material
statement relating to the claim or charges;

4. With respect to a bill or statement that does not
substantially meet the applicable requirements of paragraph (d);

5. For any treatment or service that is upcoded, or that is
unbundled when such treatment or services should be bundled, in
accordance with paragraph (e). To facilitate prompt payment of
lawful services, an insurer may change billing codes that it
determines have been improperly or incorrectly upcoded or
unbundled and may make payment based on the changed billing
codes without affecting the right of the provider to dispute the
change by the insurer. However, before doing that, the insurer
must contact the health care provider and discuss the reasons
for the insurer’s change and the health care provider’s reason
for the coding or make a reasonable good faith effort to do so
as documented in the insurer’s file; or

6. For medical services or treatment billed by a physician
and not provided in a hospital unless such services are rendered
by the physician or are incident to her or his professional
services and included on the physician’s bill, including
documentation verifying that the physician is responsible for
the medical services that were rendered and billed.

(c) The Department of Health, in consultation with the
appropriate professional licensing boards, shall adopt by rule a
list of diagnostic tests deemed not to be medically necessary
for use in the treatment of persons sustaining bodily injury
covered by emergency care coverage benefits under this section.
The list shall be revised from time to time as determined by the
Department of Health in consultation with the respective
professional licensing boards. Inclusion of a test on the list
shall be based on lack of demonstrated medical value and a level
of general acceptance by the relevant provider community and may
not be dependent entirely upon subjective patient response.
Notwithstanding its inclusion on a fee schedule in this
subsection, an insurer or insured is not required to pay any
charges or reimburse claims for any diagnostic test deemed not
medically necessary by the Department of Health.

(d) With respect to any treatment or service, other than medical services billed by a hospital or other provider for emergency services and care or inpatient services rendered at a hospital-owned facility, the statement of charges must be furnished to the insurer by the provider and may not include, and the insurer is not required to pay, charges for treatment or services rendered more than 35 days before the postmark date or electronic transmission date of the statement, except for past due amounts previously billed on a timely basis under this paragraph. However, if the provider submits to the insurer a notice of initiation of treatment within 21 days after its first examination or treatment of the claimant, the statement may include charges for treatment or services rendered up to, but not more than, 75 days before the postmark date of the statement. The injured party is not liable for, and the provider may not bill the injured party for, charges that are unpaid because of the provider’s failure to comply with this paragraph. Any agreement requiring the injured person or insured to pay for such charges is unenforceable.

1. If the insured fails to furnish the provider with the correct name and address of the insured’s emergency care coverage insurer, the provider has 35 days after the date the provider obtains the correct information to furnish the insurer with a statement of the charges. The insurer is not required to pay for such charges unless the provider includes with the statement documentary evidence that was provided by the insured during the 35-day period which demonstrates that the provider reasonably relied on erroneous information from the insured and:
a. A denial letter from the incorrect insurer; or
b. Proof of mailing, which may include an affidavit under penalty of perjury reflecting timely mailing to the incorrect address or insurer.

2. For emergency services and care rendered in a hospital emergency department or for transport and treatment rendered by an ambulance provider licensed pursuant to part III of chapter 401, the provider is not required to furnish the statement of charges within the time period established by this paragraph, and the insurer is not considered to have been furnished with notice of the amount of the covered loss for purposes of paragraph (4)(f) until it receives a statement complying with paragraph (e), or a copy thereof, which specifically identifies the place of service as a hospital emergency department or an ambulance in accordance with billing standards recognized by the federal Centers for Medicare and Medicaid Services.

3. Each notice of the insured’s rights under s. 627.7488 must include the following statement in at least 12-point type:

BILLING REQUIREMENTS.—Florida law provides that with respect to any treatment or services, other than certain hospital and emergency services, the statement of charges furnished to the insurer by the provider may not include, and the insurer and the injured party are not required to pay, charges for treatment or services rendered more than 35 days before the postmark date of the statement, except for past due amounts previously billed on a timely basis, and except that, if the provider submits to the insurer a
notice of initiation of treatment within 21 days after
its first examination or treatment of the claimant,
the statement may include charges for treatment or
services rendered up to, but not more than, 75 days
before the postmark date of the statement.

(e) All statements and bills for medical services rendered
by a physician, hospital, clinic, or other person or institution
shall be submitted to the insurer on a properly completed
Centers for Medicare and Medicaid Services (CMS) 1500 form, UB
92 form, or any other standard form approved by the office or
adopted by the commission for purposes of this paragraph. All
billings for such services rendered by providers must, to the
extent applicable, follow the Physicians’ Current Procedural
Terminology (CPT) or Healthcare Correct Procedural Coding System
(HCPCS), or ICD-9 in effect for the year in which services are
rendered and comply with the CMS 1500 form instructions, the
American Medical Association CPT Editorial Panel and the HCPCS.
All providers, other than hospitals, must include on the
applicable claim form the professional license number of the
provider in the line or space provided for “Signature of
Physician or Supplier, Including Degrees or Credentials.” In
determining compliance with applicable CPT and HCPCS coding,
guidance shall be provided by the CPT or HCPCS in effect for the
year in which services were rendered, the Office of the
Inspector General, Physicians Compliance Guidelines, and other
authoritative treatises designated by rule by the Agency for
Health Care Administration. A statement of medical services may
not include charges for the medical services of a person or
entity that performed such services without possessing the valid
licenses required to perform such services. For purposes of
paragraph (4)(f), an insurer is not considered to have been
furnished with notice of the amount of the covered loss or
medical bills due unless the statements or bills comply with
this paragraph and are properly completed in their entirety as
to all material provisions, with all relevant information being
provided therein.

(f)1. At the time the initial treatment or service is
provided, each physician, licensed professional, clinic, or
medical institution providing medical services upon which a
claim for benefits is based shall require an insured person or
her or his guardian to execute a disclosure and acknowledgment
form that reflects at a minimum that:

a. The insured or her or his guardian must countersign the
form attesting to the fact that the services set forth in the
form were actually rendered.

b. The insured or her or his guardian has both the right
and the affirmative duty to confirm that the services were
actually rendered.

c. The insured or her or his guardian was not solicited by
any person to seek any services from the medical provider.

d. The physician, other licensed professional, clinic, or
other medical institution rendering services for which payment
is being claimed explained the services to the insured or her or
his guardian.

e. If the insured notifies the insurer in writing of a
billing error, the insured may be entitled to a certain
percentage of any reduction in the amounts paid by the insured’s
motor vehicle insurer.

2. The physician, other licensed professional, clinic, or other medical institution rendering services for which payment is being claimed has the affirmative duty to explain the services rendered to the insured or her or his guardian so that the insured or her or his guardian countersigns the form with informed consent.

3. Countersignature by the insured or her or his guardian is not required for the reading of diagnostic tests or other services that are not required to be performed in the presence of the insured.

4. The licensed medical professional rendering treatment for which payment is being claimed must, by her or his own hand, sign the form complying with this paragraph.

5. The completed original disclosure and acknowledgment form shall be furnished to the insurer pursuant to paragraph (4)(f) and may not be electronically furnished.

6. The disclosure and acknowledgment form is not required for services billed by a provider for emergency services and care rendered in a hospital emergency department or for transport and treatment rendered by an ambulance provider licensed pursuant to part III of chapter 401.

7. The Financial Services Commission shall adopt a standard disclosure and acknowledgment form by rule to fulfill the requirements of this paragraph.

8. As used in this paragraph, the term “countersign” or “countersignature” means bearing a second or verifying signature, as on a previously signed document, and is not satisfied by the statement “signature on file” or similar
9. This paragraph applies only with respect to the initial treatment or service of the insured by a provider. For subsequent treatments or service, the provider must maintain a patient log signed by the patient, in chronological order by date of service, which is consistent with the services being rendered to the patient as claimed. The requirement to maintain a patient log signed by the patient may be met by a hospital that maintains medical records as required by s. 395.3025 and applicable rules and makes such records available to the insurer upon request.

(g) Upon written notification by any person, an insurer shall investigate any claim of improper billing by a physician or other medical provider. The insurer shall determine whether the insured was properly billed for only those services and treatments that the insured actually received. If the insurer determines that the insured has been improperly billed, the insurer shall notify the insured, the person making the written notification, and the provider of its findings and reduce the amount of payment to the provider by the amount determined to be improperly billed. If a reduction is made due to a written notification by any person, the insurer shall pay to that person 20 percent of the amount of the reduction, up to $500. If the provider is arrested due to the improper billing, the insurer shall pay to that person 40 percent of the amount of the reduction, up to $500.

(h) An insurer may not systematically downcode with the intent to deny reimbursement otherwise due. Such action constitutes a material misrepresentation under s.
(6) DISCOVERY OF FACTS ABOUT AN INJURED PERSON; DISPUTES.—

(a) In all circumstances, an insured seeking under ss. 627.748-627.7491, including omnibus insureds, must comply with the terms of the policy. Compliance with this paragraph is a condition precedent to the insured’s recovering of benefits, except that an insured may not be required to submit to an examination under oath. If a request is made by an insurer providing emergency care coverage against whom a claim has been made, an employer must furnish a sworn statement, in a form approved by the office, of the earnings of the person upon whose injury the claim is based since the time of the bodily injury and for a reasonable period before the injury.

(b) If an insured seeking to recover benefits pursuant to ss. 627.748-627.7491 assigns the contractual right to such benefits or payment of such benefits to any person or entity, the assignee must comply with the terms of the policy. In all circumstances, the assignee is obligated to cooperate under the policy, except that an assignee may not be required to submit to an examination under oath.

(c) All claimants must produce and allow for the inspection of all documents requested by the insurer which are relevant to the services rendered and reasonably obtainable by the claimant.

(d) Each physician, hospital, clinic, or other medical institution providing, before or after bodily injury upon which a claim for emergency care coverage is based, any products, services, or accommodations relating to that or any other injury, or to a condition claimed to be connected with that or any other injury, shall, if requested by the insurer against
whom the claim has been made, permit the insurer or the
insurer’s representative to conduct, within 10 days after the
insurer’s request, an onsite physical review and examination of
the treatment location, treatment apparatuses, diagnostic
devices, and any other medical equipment used for the services
rendered, and shall furnish a written report of the history,
condition, treatment, dates, and costs of such treatment of the
injured person and why the items identified by the insurer were
reasonable in amount and medically necessary. The report shall
be furnished with a sworn statement that the treatment or
services rendered were reasonable and necessary with respect to
the bodily injury sustained and must identify which portion of
the expenses for the treatment or services was incurred as a
result of the bodily injury. The physician, hospital, clinic, or
other medical institution shall also permit the inspection and
copying of any records regarding such history, condition,
treatment, dates, and costs of treatment; however, this does not
limit the introduction of evidence at trial. The sworn statement
must read as follows: “Under penalty of perjury, I declare that
I have read the foregoing, and the facts alleged are true to the
best of my knowledge and belief.”

A cause of action for violation of the physician-patient
privilege or invasion of the right of privacy is prohibited
against any physician, hospital, clinic, or other medical
institution complying with this paragraph. The person requesting
such records and sworn statement shall pay all reasonable costs
connected therewith. If an insurer makes a written request for
documentation or information within 30 days after having
received notice of the amount of a covered loss under paragraph (4)(f), the amount or the partial amount that is the subject of the insurer’s inquiry is overdue if the insurer does not pay in accordance with paragraph (4)(f) or within 10 days after the insurer’s receipt of the requested documentation or information, whichever occurs later. As used in this paragraph, the term “receipt” includes, but is not limited to, inspection and copying pursuant to this paragraph. An insurer that requests documentation or information pertaining to the reasonableness of charges or medical necessity without a reasonable basis for such requests as a general business practice is engaging in an unfair trade practice under the insurance code. Section 626.989(4)(d) applies to the sharing of information related to reviews and examinations conducted pursuant to this section.

(e) If there is a dispute regarding an insurer’s right to discovery of facts under this section, the insurer may petition the court to enter an order permitting such discovery. The order may be made only on motion for good cause shown and upon notice to all persons having an interest, and must specify the time, place, manner, conditions, and scope of the discovery. The court may, in order to protect against annoyance, embarrassment, or oppression, as justice requires, enter an order refusing discovery or specifying conditions of discovery and may order payments of costs and expenses of the proceeding, including reasonable fees for the appearance of attorneys at the proceedings, as justice requires.

(f) Upon request, the injured person shall be furnished a copy of all information obtained by the insurer under this section and shall pay a reasonable charge if required by the
(g) Notice to an insurer of the existence of a claim may not be unreasonably withheld by an insured.

(7) MENTAL AND PHYSICAL EXAMINATION OF INJURED PERSON;
REPORTS.—If the mental or physical condition of an injured person covered by emergency care coverage is material to a claim that has been or may be made for past or future benefits under such coverage, upon the request of an insurer, such person must submit to mental or physical examination by a physician. The costs of such examination shall be borne entirely by the insurer. The insurer may include reasonable provisions in emergency care coverage insurance policies for the mental and physical examination of those claiming benefits under the policy.

(a) The examination must be conducted within the municipality where the insured is receiving treatment, or in a location reasonably accessible to the insured, which means any location within the municipality in which the insured resides, or within 10 miles by road of the insured’s residence if such location is within the county in which the insured resides. If the examination is to be conducted in a location reasonably accessible to the insured but there is no qualified physician to conduct the examination in such location, the examination shall be conducted in an area that is in the closest proximity to the insured’s residence.

(b) An insurer may not withdraw payment from a treating physician without the consent of the injured person covered by the policy unless the insurer first obtains a valid report by a Florida physician licensed under the same chapter as the

insurer.
treating physician stating that treatment was not reasonable, related, or necessary. A valid report is one that is prepared and signed by the physician examining the injured person or who reviewed the treatment records of the injured person, is factually supported by the examination or treatment records reviewed, and that has not been modified by anyone other than the reviewing physician. The physician preparing the report must be in active practice, unless he or she is physically disabled. “Active practice” means that during the 3 years immediately preceding the date of the physical examination or review of treatment records, the physician devoted professional time to the active clinical practice of evaluation, diagnosis, or treatment of medical conditions or to the instruction of students in an accredited health professional school, accredited residency program, or a clinical research program that is affiliated with an accredited health professional school, teaching hospital, or accredited residency program. The insurer and any person acting at the direction of or on behalf of the insurer may not materially change an opinion in a report prepared under this paragraph or direct the physician preparing the report to change such opinion. The denial of a payment resulting from a changed opinion constitutes a material misrepresentation under s. 626.9541(1)(i)2. This provision does not preclude the insurer from calling to the physician’s attention any errors of fact in the report based upon information in the claim file.

(c) If requested by the person examined, a party causing an examination to be made must deliver a copy of every written report concerning a examination rendered by an examining
physician to the person examined, at least one of which must set
out the examining physician’s findings and conclusions in
detail. After such request and delivery, the party causing the
examination to be made is entitled, upon request, to receive
from the person examined every written report available to him
or her or his or her representative concerning any examination,
previously or thereafter made, of the same mental or physical
condition. By requesting and obtaining a report of the
examination so ordered, or by taking the deposition of the
examiner, the person examined waives any privilege he or she may
have, relating to the claim for benefits, regarding the
testimony of every other person who has examined, or may
thereafter examine, him or her with respect to the same mental
or physical condition.

(d) The physician preparing a report at the request of an
insurer and physicians rendering expert opinions on behalf of
persons claiming medical benefits for emergency care coverage,
or on behalf of an insured through an attorney or another
entity, must maintain copies of all examination reports as
medical records and all payments for the examinations and
reports for at least 3 years.

(e) If a person unreasonably refuses to submit to an
examination or fails to appear for an examination, the insurer
is no longer liable for subsequent emergency care benefits.
Refusal or failure to appear for two examinations raises a
rebuttable presumption that such refusal or failure was
unreasonable.

(8) DEMAND LETTER.—

(a) As a condition precedent to filing an action for
benefits under this section, the insurer must be provided with
written notice of an intent to initiate litigation. Such notice
may not be sent until the claim is overdue, including any
additional time the insurer has to pay the claim pursuant to
subsection (4).
(b) The notice required must state that it is a “demand
letter under s. 627.7485(8), F.S.,” and state with specificity:
1. The name of the insured upon whom such benefits are
being sought, including a copy of the assignment giving rights
to the claimant if the claimant is not the insured.
2. The claim number or policy number upon which such claim
was originally submitted to the insurer.
3. To the extent applicable, the name of any medical
provider who rendered the treatment, services, accommodations,
or supplies to an insured which form the basis of such claim and
an itemized statement specifying each exact amount, the date of
treatment, service, or accommodation, and the type of benefit
claimed to be due. A completed form satisfying the requirements
of paragraph (5)(e) or the lost-wage statement previously
submitted may be used as the itemized statement. If the demand
involves an insurer’s withdrawal of payment under paragraph
(7)(b) for future treatment not yet rendered, the claimant shall
attach a copy of the insurer’s notice withdrawing such payment
and an itemized statement of the type, frequency, and duration
of future treatment claimed to be reasonable and medically
necessary.
(c) Each notice required by this subsection must be
delivered to the insurer by United States certified or
registered mail, return receipt requested. If requested by the
claimant in the notice, such postal costs shall be reimbursed by the insurer when the insurer pays the claim. The notice must be sent to the person and address specified by the insurer for the purposes of receiving notices under this subsection. Each licensed insurer, whether domestic, foreign, or alien, shall file with the office the name and address of the person to whom notices pursuant to this subsection are sent, which the office shall make available on its website. The name and address on file with the office pursuant to s. 624.422 shall be deemed the authorized representative to accept notice pursuant to this subsection if no other designation has been made.

(d) If the overdue claim specified in the notice is paid by the insurer within 30 days after receipt of notice by the insurer, plus applicable interest and a penalty of 10 percent of the overdue amount, subject to a maximum penalty of $250, no action may be brought against the insurer. If the demand involves an insurer’s withdrawal of payment under paragraph (7)(b) for future treatment not yet rendered, no action may be brought against the insurer if, within 30 days after receipt of the notice, the insurer mails to the person filing the notice a written statement of the insurer’s agreement to pay for such treatment in accordance with the notice and to pay a penalty of 10 percent, subject to a maximum penalty of $250, when it pays for such future treatment in accordance with the requirements of this section. To the extent the insurer determines not to pay any amount demanded, the penalty is not payable in any subsequent action. For purposes of this paragraph, payment or the insurer’s agreement are considered made on the date a draft or other valid instrument that is equivalent to payment, or the
insurer’s written statement of agreement, is placed in the United States mail in a properly addressed, postpaid envelope, or if not so posted, on the date of delivery. The insurer is not obligated to pay any attorney fees if the insurer pays the claim or mails its agreement to pay for future treatment within the time prescribed by this paragraph.

(e) The applicable statute of limitation for an action under this section shall be tolled for 30 business days by the mailing of the notice required by this subsection.

(f) Any insurer making a general business practice of not paying valid claims until receipt of the notice required by this subsection is engaging in an unfair trade practice under the insurance code.

(9) FAILURE TO PAY VALID CLAIMS; UNFAIR OR DECEPTIVE PRACTICE.—

(a) If an insurer fails to pay valid claims for emergency care coverage with such frequency as to indicate a general business practice, the insurer is engaging in a prohibited unfair or deceptive practice subject to the penalties provided in s. 626.9521, and the office has the powers and duties specified in ss. 626.9561-626.9601 with respect thereto.

(b) Notwithstanding s. 501.212, the Department of Legal Affairs may investigate and initiate actions for a violation of this subsection, including, but not limited to, the powers and duties specified in part II of chapter 501.

(10) CIVIL ACTION FOR INSURANCE FRAUD.—An insurer shall have a cause of action against any person convicted of, or who, regardless of adjudication of guilt, pleads guilty or nolo contendere to, insurance fraud under s. 817.234, patient
brokering under s. 817.505, or kickbacks under s. 456.054, associated with a claim for emergency care coverage in accordance with this section. An insurer prevailing in an action brought under this subsection may recover compensatory, consequential, and punitive damages subject to the requirements and limitations of part II of chapter 768 and attorney fees and costs incurred in litigating the cause of action.

(11) FRAUD ADVISORY NOTICE.—Upon receiving notice of a claim under this section, an insurer shall provide a notice to the insured or to a person for whom a claim for reimbursement for diagnosis or treatment of injuries has been filed advising that:

(a) Pursuant to s. 626.9892, the Department of Financial Services may pay rewards of up to $25,000 to persons providing information leading to the arrest and conviction of persons committing crimes investigated by the Division of Insurance Fraud arising from violations of s. 440.105, s. 624.15, s. 626.9541, s. 626.989, or s. 817.234.

(b) Solicitation of a person injured in a motor vehicle crash for purposes of filing emergency care coverage or tort claims could be a violation of s. 817.234 or s. 817.505 or the rules regulating The Florida Bar and, if such conduct has taken place, should be immediately reported to the Division of Insurance Fraud.

(12) ALL CLAIMS BROUGHT IN A SINGLE ACTION.—In any civil action to recover emergency care coverage brought by a claimant pursuant to this section against an insurer, all claims related to the same health care provider for the same injured person shall be brought in one action unless good cause is shown why
such claims should be brought separately. If the court
determines that a civil action is filed for a claim that should
have been brought in a prior civil action, the court may not
award attorney fees to the claimant.

(13) SECURE ELECTRONIC DATA TRANSFER.—A notice,
documentation, transmission, or communication of any kind
required or authorized under ss. 627.748-627.7491 may be
transmitted electronically if it is transmitted by secure
electronic data transfer that is consistent with state and
federal privacy and security laws.

Section 16. Section 627.7486, Florida Statutes, is created
to read:

627.7486 Tort exemption; limitation on right to damages;

punitive damages.—

(1) Every owner, registrant, operator, or occupant of a
motor vehicle for which security has been provided as required
by ss. 627.748-627.7491, and every person or organization
legally responsible for her or his acts or omissions, is exempt
from tort liability for damages because of bodily injury,
sickness, or disease arising out of the ownership, operation,
maintenance, or use of such motor vehicle in this state to the
extent that the benefits described in s. 627.7485(1) are payable
for such injury, or would be payable but for any exclusion
authorized by ss. 627.748-627.7491, under any insurance policy
or other method of security complying with s. 627.7483, or by an
owner personally liable under s. 627.7483 for the payment of
such benefits, unless the person is entitled to maintain an
action for pain, suffering, mental anguish, and inconvenience
for such injury under subsection (2).
(2) In any action of tort brought against the owner, registrant, operator, or occupant of a motor vehicle for which security has been provided as required by ss. 627.748-627.7491, or against any person or organization legally responsible for her or his acts or omissions, a plaintiff may recover damages in tort for pain, suffering, mental anguish, and inconvenience because of bodily injury, sickness, or disease arising out of the ownership, maintenance, operation, or use of such motor vehicle only if the injury or disease consists in whole or in part of:

(a) Significant and permanent loss of an important bodily function;

(b) Permanent injury within a reasonable degree of medical probability, other than scarring or disfigurement;

(c) Significant and permanent scarring or disfigurement; or

(d) Death.

(3) If a defendant in a proceeding brought pursuant to ss. 627.748-627.7491 questions whether the plaintiff has met the requirements of subsection (2), the defendant may file an appropriate motion with the court, and the court, 30 days before the date set for the trial or the pretrial hearing, whichever is first, shall, on a one-time basis only, ascertain by examining the pleadings and the evidence before it whether the plaintiff will be able to submit some evidence that the plaintiff will meet the requirements of subsection (2). If the court finds that the plaintiff will not be able to submit such evidence, the court shall dismiss the plaintiff’s claim without prejudice.

(4) A claim for punitive damages is not allowed in any action brought against a motor vehicle liability insurer for
damages in excess of its policy limits.

Section 17. Section 627.7487, Florida Statutes, is created to read:

627.7487 Emergency care coverage; optional limitations; deductibles.—

(1) The named insured may elect a deductible or modified coverage or combination thereof to apply to the named insured alone or to the named insured and dependent relatives residing in the insured’s household but may not elect a deductible or modified coverage to apply to any other person covered under the policy.

(2) Upon the renewal of an existing policy, an insurer shall offer deductibles of $250, $500, and $1,000 to each applicant and to each policyholder. The deductible amount must be applied to 100 percent of the expenses and losses described in s. 627.7485. After the deductible is met, each insured may receive up to $10,000 in total benefits as described in s. 627.7485(1). However, this subsection may not be applied to reduce the amount of any benefits received in accordance with s. 627.7485(1)(c).

(3) An insurer shall offer coverage where, at the election of the named insured, the benefits for loss of gross income and loss of earning capacity described in s. 627.7485(1)(b) are excluded.

(4) The named insured may not be prevented from electing a deductible under subsection (2) and modified coverage under subsection (3). Each election made by the named insured under this section must result in an appropriate reduction of premium associated with that election.
(5) All such offers must be made in clear and unambiguous language at the time the initial application is taken and before each annual renewal and indicate that a premium reduction will result from each election. At the option of the insurer, such requirement may be met by using forms of notice approved by the office or by providing the following notice in 10-point type in the insurer’s application for initial issuance of a policy of motor vehicle insurance and the insurer’s annual notice of renewal premium:

For emergency care coverage insurance, the named insured may elect a deductible and may choose to exclude coverage for loss of gross income and loss of earning capacity (“lost wages”). This selection and choice apply to the named insured alone, or to the named insured and all dependent resident relatives. A premium reduction will result from these elections. The named insured is hereby advised not to elect the lost wage exclusion if the named insured or dependent resident relatives are employed, since lost wages will not be payable in the event of an accident.

Section 18. Section 627.7488, Florida Statutes, is created to read:

627.7488 Notice of insured’s rights.—

(1) The commission shall adopt by rule a form for notifying insureds of their right to receive coverage under the Florida Motor Vehicle No-Fault Emergency Care Coverage Law. Such notice must include:

(a) A description of the benefits provided, including, but not limited to, the specific types of services for which medical
benefits are paid, disability benefits, death benefits, significant exclusions from and limitations on coverage, how benefits are coordinated with other insurance benefits that the insured may have, when payments are due, penalties and interest that may be imposed on insurers for failure to make timely payments of benefits, and rights of parties regarding disputes as to benefits.

(b) An advisory informing insureds that:

1. Pursuant to s. 626.9892, the Department of Financial Services may pay rewards of up to $25,000 to persons providing information leading to the arrest and conviction of persons committing crimes investigated by the Division of Insurance Fraud arising from violations of s. 440.105, s. 624.15, s. 626.9541, s. 626.989, or s. 817.234.

2. Pursuant to s. 627.7485(5)(f)1.e., if the insured notifies the insurer in writing of a billing error, the insured may be entitled to a certain percentage of a reduction in the amounts paid by the insured’s motor vehicle insurer.

(c) A notice that solicitation of a person injured in a motor vehicle crash for purposes of filing emergency care coverage or tort claims could be a violation of s. 817.234 or s. 817.505 or the rules regulating The Florida Bar and, if such conduct has taken place, it should be immediately reported to the Division of Insurance Fraud.

(2) Each insurer issuing a policy in this state providing emergency care coverage must mail or deliver the notice as specified in subsection (1) to an insured within 21 days after receiving from the insured notice of a motor vehicle accident or claim involving personal injury to an insured who is covered
under the policy. The office may allow an insurer additional
time, not to exceed 30 days, to provide the notice specified in
subsection (1) upon a showing by the insurer that an emergency
justifies an extension of time.

(3) The notice required by this section does not alter or
modify the terms of the insurance contract or other requirements
of ss. 627.748-627.7491.

Section 19. Section 627.7489, Florida Statutes, is created
to read:

627.7489 Mandatory joinder of derivative claim.—In any
action brought pursuant to s. 627.7486 claiming personal
injuries, all claims arising out of the plaintiff’s injuries,
including all derivative claims, shall be brought together,
unless good cause is shown why such claims should be brought
separately.

Section 20. Section 627.749, Florida Statutes, is created
to read:

627.749 Insurers’ right of reimbursement.—Notwithstanding
any other provisions of ss. 627.748-627.7491, an insurer
providing emergency care coverage on a private passenger motor
vehicle shall, to the extent of any emergency care coverage paid
to any person as a benefit arising out of such private passenger
motor vehicle insurance, have a right of reimbursement against
the owner or the insurer of the owner of a commercial motor
vehicle if the benefits paid result from such person having been
an occupant of the commercial motor vehicle or having been
struck by the commercial motor vehicle while not an occupant of
any self-propelled vehicle.

Section 21. Section 627.7491, Florida Statutes, is created
to read:

627.7491 Application of the Florida Motor Vehicle No-Fault Emergency Care Coverage Law.—

(2) All forms and rates for policies issued or renewed on or after January 1, 2013, must reflect ss. 627.748-627.7491 and must be approved by the office before use.

(3) After January 1, 2013, insurers must provide notice of the Florida Motor Vehicle No-Fault Emergency Care Coverage Law to existing policyholders at least 30 days before the policy expiration date and to applicants for no-fault coverage upon receipt of the application. The notice is not subject to approval by the office and must clearly inform the policyholder or applicant of the following:

(a) That no-fault motor vehicle insurance requirements are governed by the Florida Motor Vehicle No-Fault Emergency Care Coverage Law and must provide an explanation of emergency care coverage. With respect to the initial renewal after January 1, 2013, current policyholders must also be provided with an explanation of differences between their current policies and the coverage provided under emergency care coverage policies.

(b) That failure to maintain required emergency care coverage and $10,000 in property damage liability coverage may result in state suspension of the policyholder’s driver license and vehicle registration.

(c) The name and telephone number of a person to contact with any questions she or he may have.
Section 22. Subsection (1), paragraph (c) of subsection (7), paragraphs (a), (b), and (c) of subsection (8), and subsections (9), (10), and (13) of section 817.234, Florida Statutes, are amended to read:

817.234 False and fraudulent insurance claims.—

(1)(a) A person commits insurance fraud punishable as provided in subsection (11) if that person, with the intent to injure, defraud, or deceive any insurer:

Presents or causes to be presented any written or oral statement as part of, or in support of, a claim for payment or other benefit pursuant to an insurance policy or a health maintenance organization subscriber or provider contract, knowing that such statement contains any false, incomplete, or misleading information concerning any fact or thing material to such claim;

Knowingly presents, causes to be presented, or prepares or makes with knowledge or belief that it will be presented to any insurer, purported insurer, servicing corporation, insurance broker, or insurance agent, or any employee or agent thereof, any false, incomplete, or misleading information or written or oral statement as part of, or in support of, an application for the issuance of, or the rating

(b) All claims and application forms **must shall** contain a statement that is approved by the Office of Insurance Regulation of the Financial Services Commission which clearly states in substance the following: “Any person who knowingly and with intent to injure, defraud, or deceive any insurer files a statement of claim or an application containing any false, incomplete, or misleading information is guilty of a felony of the third degree.” This paragraph does **shall** not apply to reinsurance contracts, reinsurance agreements, or reinsurance claims transactions.

(7)

2. Knowingly collecting as a premium or charge for insurance any sum in excess of or less than the premium or charge applicable to such insurance, in accordance with the applicable classifications and rates as filed with and approved by the office, and as specified in the policy; or, if in cases when classifications, premiums, or rates are not required by this code to be so filed and approved, premiums and charges collected from a Florida resident in excess of or less than those specified in the policy and as fixed by the insurer. Section 49. Subsections (1) and (7) of section 627.727, Florida Statutes, are amended to read:

627.727 Motor vehicle insurance; uninsured and underinsured vehicle coverage; insolvent insurer protection.—

(1) A motor vehicle liability insurance policy which provides bodily injury liability coverage may not be delivered or issued for delivery in this state with respect to
any specifically insured or identified motor vehicle registered or principally garaged in this state unless uninsured motor vehicle coverage is provided therein or supplemental thereto for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of uninsured motor vehicles because of bodily injury, sickness, or disease, including death, resulting therefrom. However, the coverage required under this section is not applicable if when, or to the extent that, an insured named in the policy makes a written rejection of the coverage on behalf of all insureds under the policy. If when a motor vehicle is leased for a period of 1 year or longer and the lessor of such vehicle, by the terms of the lease contract, provides liability coverage on the leased vehicle, the lessee of such vehicle shall have the sole privilege to reject uninsured motorist coverage or to select lower limits than the bodily injury liability limits, regardless of whether the lessor is qualified as a self-insurer pursuant to s. 324.171. Unless an insured, or lessee having the privilege of rejecting uninsured motorist coverage, requests such coverage or requests higher uninsured motorist limits in writing, the coverage or such higher uninsured motorist limits need not be provided in or supplemental to any other policy that which renews, extends, changes, supersedes, or replaces an existing policy with the same bodily injury liability limits if when an insured or lessee had rejected the coverage. policy with the same bodily injury liability limits unless an
insured requests higher uninsured motorist coverage in writing.
The rejection or selection of lower limits shall be made on a
form approved by the office. The form must fully advise
the applicant of the nature of the coverage and shall state that
the coverage is equal to bodily injury liability limits unless
lower limits are requested or the coverage is rejected. The
heading of the form must be in 12-point bold type and
shall state: “You are electing not to purchase certain valuable
coverage that protects you and your family or you are
purchasing uninsured motorist limits less than your bodily
injury liability limits when you sign this form. Please read
carefully.” If this form is signed by a named insured, it will
be conclusively presumed that there was an informed, knowing
rejection of coverage or election of lower limits on behalf of
all insureds. The insurer shall notify the named insured at
least annually of her or his options as to the coverage required
by this section. Such notice must be part of, and attached
to, the notice of premium, shall provide for a means to allow
the insured to request such coverage, and shall be given in a
manner approved by the office. Receipt of this notice does not
constitute an affirmative waiver of the insured’s right to
uninsured motorist coverage if the insured has not signed
a selection or rejection form. The coverage described under this
section shall be over and above, but may not duplicate,
the benefits available to an insured under any workers’
compensation law, emergency care coverage or personal injury
protection benefits, disability benefits law, or similar law;
under any automobile medical expense coverage; under any motor vehicle liability insurance coverage; or from the owner or operator of the uninsured motor vehicle or any other person or organization jointly or severally liable together with such owner or operator for the accident; and such coverage must shall cover the difference, if any, between the sum of such benefits and the damages sustained, up to the maximum amount of such coverage provided under this section. The amount of coverage available under this section may shall not be reduced by a setoff against any coverage, including liability insurance. Such coverage may shall not inure directly or indirectly to the benefit of any workers’ compensation or disability benefits carrier or any person or organization qualifying as a self-insurer under any workers’ compensation or disability benefits law or similar law.
