each chemical ingredient that is subject to 29 C.F.R. s.

1910.1200(g)(2) for each well on which hydraulic fracturing
treatments are performed by a service provider or vendor or by
the well owner or operator if the owner or operator provides
such chemical ingredients. Solely for the purposes of this
subsection, the department may not require chemical ingredients
to be identified by concentration or based on the additive in
which they are found.

- (c) The department shall provide a link through the department's website to FracFocus.org, the national hydraulic fracturing chemical registry website operated by the Ground Water Protection Council and the Interstate Oil and Gas Compact Commission.
- (d) If the Chemical Disclosure Registry is unable to accept and make publicly available any information specified in this section, the well owner or operator shall submit the information to the department.
- (3) A service provider, vendor, or well owner or operator shall:
- (a) Report information as required by the department with respect to wells on which a hydraulic fracturing treatment is performed.
- (b) Notify the department of any chemical ingredients not previously reported that are intentionally included and used for the purpose of hydraulically fracturing a well.
 - (4) This section does not apply to ingredients that:
- (a) Were not purposefully added to the hydraulic fracturing treatment.
