

HOUSE OF REPRESENTATIVES STAFF ANALYSIS

BILL #: CS/CS/CS/HB 1279 Retirement

SPONSOR(S): State Affairs Committee; Finance & Tax Committee; Government Operations Subcommittee; Adkins

TIED BILLS: **IDEN./SIM. BILLS:**

REFERENCE	ACTION	ANALYST	STAFF DIRECTOR or BUDGET/POLICY CHIEF
1) Government Operations Subcommittee	7 Y, 5 N, As CS	Harrington	Williamson
2) Finance & Tax Committee	10 Y, 7 N, As CS	Pewitt	Langston
3) State Affairs Committee	11 Y, 6 N, As CS	Harrington	Camechis

SUMMARY ANALYSIS

Chapters 175 and 185, F.S., were created to provide uniform retirement system benefits for firefighters who are employed by a municipal or special fire control district, and for municipal police officers. A Firefighters' Pension Trust Fund is funded in part through an excise tax of 1.85 percent imposed on the gross premiums of property insurance covering property within the boundaries of the municipality. A Police Officers' Pension Trust Fund is funded in part through an excise tax of 0.85 percent imposed on the gross premiums on casualty insurance policies covering property within the boundaries of the municipality. The Municipal Firefighters' Pension Trust Fund and Police Officers' Pension Trust Fund are administered by a local governing board of trustees that is created in participating cities and special fire control districts, and subject to the regulatory oversight of the Division of Retirement.

The bill amends parallel provisions in chapters 175 and 185, F.S., relating to membership and responsibilities of the board of trustees (board). The bill provides that the members of the board must serve staggered terms. For local law plans that provide benefits for both firefighters and police officers in municipalities with a population of 800,000 or more, it expands the board membership to nine members. It provides that four of the members must be appointed by the governing body of the municipality, two must be firefighters, and two must be police officers.

The bill provides additional duties for the board. The bill requires the board to establish qualifications for the plan administrator. It requires the plan sponsor to approve the plan administrator by a majority-plus-one vote. It also allows the governing body of a municipality to terminate the plan administrator's pension or retirement plan if the plan is found unlawful by a court.

The bill provides that a plan that has an assets to liabilities ratio, utilizing the most recent actuarial report, of 50 percent or less, must, every three years, conduct an internal audit of the plan's management and accounting practices and investments.

In addition, the bill provides that notwithstanding specific provisions in the chapters, the changes made in the act apply to a local law plan created by special act before May 23, 1939.

The bill may have an indeterminate fiscal impact on local governments.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. EFFECT OF PROPOSED CHANGES:

Background

State Constitution Requirements

Section 14, Art. X of the State Constitution provides that a governmental unit responsible for a retirement or pension system supported wholly or partially by public pension funds may not, after January 1, 1977, provide an increase in benefits to members or beneficiaries without concurrent provisions for funding the increase on a sound actuarial basis.

The Florida Protection of Public Employee Retirement Benefits Act

Part VII of chapter 112, F.S., the Florida Protection of Public Employee Retirement Benefits Act (act) was adopted by the Legislature to implement the provisions of s. 14, Art. X of the State Constitution. The act establishes minimum standards for operating and funding public employee retirement systems and plans. It is applicable to all units of state, county, special district, and municipal governments participating in, operating, or administering a retirement system for public employees, which is funded in whole or in part by public funds.¹ Responsibility for administration of the act has been assigned primarily to the Division of Retirement (division), Department of Management Services (DMS).

Municipal Firefighters' Pension Trust Fund and Police Officers' Pension Trust Fund

Chapters 175 and 185, F.S., declare a legitimate state purpose to provide a uniform retirement system for the benefit of firefighters and municipal police officers. All municipal and special district firefighters and all municipal police officers retirement trust fund systems or plans must be managed, administered, operated, and funded to maximize the protection of firefighters' and police officers' pension trust funds.²

Local firefighter pension plans are governed by chapter 175, F.S., which is known as the Marvin B. Clayton Firefighters Pension Trust Fund Act. Chapter 175, F.S., was originally enacted in 1939 to provide an incentive--access to premium tax revenues--to encourage the establishment of firefighter retirement plans by cities. Fourteen years later, the Legislature enacted chapter 185, F.S., the Marvin B. Clayton Police Officers' Pension Trust Fund Act, which provides a similar funding mechanism for municipal police officers. In 1993, special fire control districts became eligible to participate under chapter 175, F.S.

The acts set forth the minimum benefits or minimum standards for pensions for municipal firefighters and police officers. Municipalities may not reduce the benefits provided in the acts; however, the benefits provided in a local law plan may vary from the provisions in the act so long as the minimum standards are met.

Funding for these pension plans primarily comes from four sources:

- Net proceeds from an excise tax levied by a city upon property and casualty insurance companies (known as the premium tax);
- Employee contributions;
- Other revenue sources; and
- Mandatory payments by the city to fund the normal cost and any actuarial deficiency of the plan.

The Firefighters' Pension Trust Fund is funded in part through an excise tax of 1.85 percent imposed on the gross premiums of property insurance covering property within boundaries of the municipality or special fire control district.³ It is payable by the insurers to the Department of Revenue (DOR), and the net proceeds are transferred to the appropriate fund at the division. In 2013, premium tax distributions

¹ Section 112.62, F.S.

² See ss. 175.021(1) and 185.01(1), F.S.

³ Section 175.101, F.S.

to municipalities and special fire control districts from the Firefighters' Pension Trust Fund amounted to \$74.7 million.⁴

The Police Officers' Pension Trust Fund is funded in part through an excise tax of 0.85 percent imposed on the gross premiums on casualty insurance policies covering property within the boundaries of the municipality.⁵ Similar to the Firefighters' Pension Trust Fund, the excise tax is payable to the DOR, and the net proceeds are transferred to the appropriate fund at the division. In 2013, premium tax distributions to municipalities from the Police Officers' Pension Trust Fund amounted to \$64.8 million.⁶

To qualify for insurance premium tax dollars, plans must meet requirements found in chapters 175 and 185, F.S. If the division deems that a firefighter or police officer pension plan created pursuant to these chapters is not in compliance with the law, the sponsoring municipality could be denied its insurance premium tax revenues.

Board of Trustees

Responsibility for overseeing and monitoring these plans is assigned to the division; however, the day-to-day operational control rests with the local board of trustees. The boards are created in participating cities and special fire control districts, and subject to the regulatory oversight of the division.⁷ The board of trustees must invest and reinvest the assets of the fund according to s. 175.071, F.S., or s. 185.06, F.S., as applicable, unless specifically authorized to vary from the law. The board is solely responsible for administering the trust fund.⁸

The membership of the board consists of five members: two residents appointed by the governing body of the municipality or special fire control district, two police officer or firefighter members selected by the active firefighter or police officer members of the plan, and one member selected by the other four members and approved by the appropriate governing body. Members are subject to two-year terms, unless extended to four-year terms by municipal ordinance, special act of the Legislature, or resolution adopted by the governing body of the special fire control district.⁹

The board must meet at least quarterly each year.¹⁰ The board has the authority to invest and reinvest pension trust fund assets.¹¹ If the trust fund is not sufficient to provide entitled benefits, any additional contributions necessary to maintain the actuarial soundness of the plan must be paid by the municipality.¹²

Effect of the Bill

The bill amends parallel provisions in chapters 175 and 185, F.S., relating to board membership and responsibilities.

Membership Requirements

The bill revises membership requirements for the board, and requires board members to serve staggered terms. For local law plans that provide benefits for both firefighters and police officers in municipalities having a population of 800,000 or more, it expands the board membership to nine members instead of five members. Four of the members must be appointed by the governing body of the municipality, two must be firefighters, and two must be police officers.

Board Duties and Responsibilities

The bill requires the board to establish qualifications for the plan administrator. It also provides that the plan administrator must be approved by a majority-plus-one vote of the plan sponsor.

The bill provides that a plan that has an assets to liabilities ratio, utilizing the most recent actuarial report, of 50 percent or less, must, every three years, conduct an internal audit of the plan's management and accounting practices and investments. The board must pay for the audit and the results must be provided to the municipality and DMS.

Plan Termination

The bill provides that the governing body of a municipality may terminate a plan administrator's pension or retirement plan if any provision of such pension or retirement plan is found unlawful by a court of competent jurisdiction.

Application

The bill provides that the changes made in the act apply to a local law plan created by special act before May 23, 1939, notwithstanding ss. 175.351(2) and (3) and 185.35(2) and (3), F.S.¹³ According to the division, there are three plans that were created by special act before May 23, 1939: Jacksonville, Miami, and Miami Beach. Thus, Coral Gables is the only plan that is not required to comply with the requirements imposed by this bill.

Miscellaneous

The bill provides a statement of important state interest.

B. SECTION DIRECTORY:

Sections 1 and 3 amend ss. 175.061 and 185.05, F.S., providing for application of the sections; revising membership requirements for the board of trustees of the firefighters' pension trust fund and the municipal police officers' retirement trust fund and requires members to serve staggered terms; providing duties of the board relating to the establishment of requirements for the plan administrator; authorizing the governing body of a municipality to terminate a plan administrator's pension or retirement plan under certain conditions.

Sections 2 and 4 amend ss. 175.351 and 185.35, F.S., relating to municipalities and special fire control districts that have their own pension plans and want to participate in the distribution of a tax fund; providing requirements for municipalities with plans with an unfunded liability; providing for application of the sections.

Section 5 provides a declaration of important state interest.

Section 6 provides an effective date of July 1, 2015.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

None.

2. Expenditures:

None.

¹³ Sections 175.351(2) and (3) and 185.35(2) and (3), F.S., provide in pertinent part that "[l]ocal law plans created by special act before May 27, 1939, shall be deemed to comply with this chapter."

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

None.

2. Expenditures:

See Fiscal Comments.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

None.

D. FISCAL COMMENTS:

The bill requires each board to conduct and fund audits if the plan has a specified funding ratio. The additional audit requirements may result in an indeterminate negative fiscal impact to the plan.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

Not applicable. This bill does not appear to require counties or municipalities to spend funds or take an action requiring the expenditure of funds; reduce the authority that counties or municipalities have to raise revenues in the aggregate; or reduce the percentage of state tax shared with counties or municipalities.

2. Other:

None.

B. RULE-MAKING AUTHORITY:

None.

C. DRAFTING ISSUES OR OTHER COMMENTS:

None.

IV. AMENDMENTS/ COMMITTEE SUBSTITUTE CHANGES

On March 17, 2015, the Government Operations Subcommittee heard a proposed committee substitute for House Bill 1279 and reported the bill favorably with committee substitute. The committee substitute:

- Removes provisions related to the use of mortality tables, information that must be included in a defined benefit system or plan's annual report, provisions that govern the use of insurance premium tax revenues and limitations that restrict provisions related to a Deferred Retirement Option Plan and cost of living adjustment.
- Provides that the provisions in the bill apply to local law plans created by special act before May 27, 1939, notwithstanding ss. 175.351(2) and (3) and 185.35(2) and (3), F.S.

On March 31, 2015, the Finance and Tax Committee adopted a strike all amendment to HB1279 and reported the bill favorably with committee substitute. The committee substitute:

- Reinstates the requirement that the fifth member of the board be elected by the other four members.
- Requires that the fifth member of the board not be a member, retiree, beneficiary, or payee of the pension plan.

- Reduces the number of members appointed by the governing body of the plan sponsor from three to two.
- States that only municipalities having a population of 800,000 or more must have a board consisting of nine members if the plan provides benefits for both police and firefighters.
- Reduces the number of board members on a 9-member board appointed by the governing body of the plan sponsor from five to four.
- Deletes the requirement that a plan administrator have a major in finance.
- Requires that the board post its expense report on its website if it has one.
- Changes the applicability date from May 27, 1939 to May 23, 1939, which removes Coral Gables from the list of cities to which the provisions apply.

On April 14, 2015, the State Affairs Committee adopted a strike-all amendment and reported the bill favorably with committee substitute. The committee substitute:

- Removes the term limit restriction for board members.
- Removes the restriction that prohibited the fifth member of the board from being a member, retiree, beneficiary, or payee of the plan.
- Removes the requirement that the board provide a detailed accounting report of its expenses and make the report available online.
- Removes the requirement that the board operate under an administrative expense budget.
- Removes the qualification requirements for a plan administrator, which required at a minimum a specified degree and years of experience.

The analysis is drafted to the committee substitute as approved by the State Affairs Committee.
