At the end of existing proviso language, following Specific Appropriation 84, INSERT:

From the funds provided in Specific Appropriation 84, \$25,000 from nonrecurring general revenue funds is provided for a computer-delivered prekindergarten supplemental reading program that must include a computer-adaptive assessment for students to access during school, afterschool, or at home. This online program must automatically provide students with an individualized on-line curriculum and instruction, teachers and administrators with immediate reporting, recommendations for interventions and teacher lessons, and small group instruction lessons. There must be immediate and on-line reporting available to teachers and administrators and the program must provide lexile levels. The program must make available to parents, reporting and resources regarding student achievement via a home portal. The Office of Early Learning shall issue a procurement prior to the start of the 2018 school year for this program.

Line item amendments are accepted as part of the amendatory process. However, due to the necessity of using computerized systems this may entail a different placement within a budget entity or the renumbering of the specific appropriation items.
