Our Father, who art in heaven,  
hallowed be thy name,  
thy Kingdom come,  
thy will be done,  
on earth as it is in heaven.  
Give us this day our daily bread,  
and forgive us our debts,

And lead us not into temptation,

Equitable treatment means the number of assignments does not systematically prevent new plans from establishing successful operations within the program. The agency shall submit a report describing current automatic enrollment procedures and criteria, assessing the effects of those policies and procedures, evaluating options for modifying current practices, and recommending a new methodology. The report shall be submitted to the President of the Senate and Speaker of the House of Representatives no later than October 1, 2019. Implementation of the redesign is contingent on legislative approval.

JUVENILE JUSTICE, DEPARTMENT OF

From the funds in Specific Appropriations 1153 through 1229, the Department of Juvenile Justice may work within its existing budget, including applicable grants, to implement any corrective action plan that is developed as the result of a Prison Rape Elimination Act audit conducted in accordance with Title 28, Part 115 of the Code of Federal Regulations. The department may request additional resources required through the Legislative Budget Request process as defined in chapter 216, Florida Statutes.

From the funds in Specific Appropriation 1153 through 1229, the Department of Juvenile Justice shall conduct a comprehensive statewide review of county-level data, including a gap analysis of services and programs available across all counties in the state, to evaluate the implementation of juvenile justice policies at the county level. As a result of such review, the department shall prepare a report that includes benchmarking of counties' performance on factors that demonstrate how a county is supporting the department's strategic goals of preventing and diverting more youth from entering the juvenile justice system; providing appropriate, less restrictive, community-based sanctions and services; reserving serious sanctions for youth who pose the greatest risk to public safety; and focusing on rehabilitation. The report shall also include recommendations and strategies that can be implemented by the department or counties to address any identified deficiencies and to assist in developing a statewide, coordinated response across all of Florida's communities to support the department's

selecting a private provider for operation of secure and non-secure residential programs, the Department of Juvenile Justice must consider the provider's history of performance of services in other jurisdictions as well as its performance of services in Florida. The department must also provide a report of serious incidents to the Governor, President of the Senate, and Speaker of the House of Representatives on no less than a quarterly basis. The report must include, at a minimum: the number of incidents and allegations of staff abuse or abuse by another child, including whether or not an allegation was substantiated; descriptions of incidents or allegations of such abuse that resulted in physical injury or significant psychological trauma, or that involved deprivation of food, water, or medical care; and the failure of a provider to report incidents or allegations within required timeframes established by the department. In addition, the department must conduct an independent review of each out-of-state provider before issuing a new contract. The report must be organized so that the incidents and allegations relating to a particular facility and to a particular provider can be readily ascertained. The department must also immediately report the death or serious bodily injury of a youth in a secure or non-secure residential program to the Governor, President of the Senate, and Speaker of the House of Representatives, and may make any additional reports that it determines to be appropriate based upon the seriousness of an incident or allegation.

The department shall develop a methodology to allocate these funds in an equitable fashion among all applicable contracted service providers effective July 1, 2019. The department shall report on the use and effectiveness of these initiatives by January 1, 2020. The report shall be submitted to the chair of the Senate Committee on Appropriations, the chair of the House of Representatives Appropriations Committee, and the Executive Office of the Governor.

Funds may not be released for services to any clients except those so identified and certified.

The department head or a designee must certify that controls are in place to ensure that such funds are expended in accordance with the requirements and limitations of federal law and that reporting requirements of federal law are met. It is the responsibility of any entity to which such funds are appropriated to obtain the required certification prior to any expenditure of funds.

PROGRAM: WORKFORCE SERVICES

WORKFORCE DEVELOPMENT

From the funds in Specific Appropriations 2266 through 2294, the Department of Economic Opportunity must determine if any funds provided for specific workforce programs, projects, or initiatives are not an allowable use of federal funds. If the department finds that any workforce program, project, or initiative for which funds are specifically appropriated in this act is not an allowable use of federal funds, the department must notify the Executive Office of the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee, and the chair of the House Appropriations Committee.

When allocating full-time equivalent (FTE) positions to individual local workforce development boards, the Department of Economic Opportunity must ensure that workforce services are effectively and efficiently provided throughout the state. The department is authorized to reallocate any FTE position allocated to a local workforce development board that has been or becomes vacant for more than 180 days. When reallocating a vacant FTE position, the department must give priority to a local workforce development board that would use the FTE position to provide additional services to veterans.

From the funds in Specific Appropriation 3245, \$25,000 of nonrecurring general revenue funds is provided to reimburse travel expenditures related to the provision of senior judicial services in the Fourteenth Judicial Circuit. If the Trial Court Budget Commission determines at the end of the third quarter of the fiscal year that a portion of these funds will not be needed in support of the provision of senior judicial services in that circuit for the remainder of the fiscal year, the commission may reallocate that portion of funds for travel or other expenditures related to the provision of such services in one or more other circuits.

From the funds in Specific Appropriation 3247, the Office of the State Courts Administrator shall provide a report by January 1, 2020, to the President of the Senate and the Speaker of the House of Representatives which details the number of participants in each problem-solving court for each fiscal year the court has been operating and the types of services provided, each source of funding for each court during each fiscal year, and information on the performance of each court based upon outcome measures established by the courts.

The Trial Court Budget Commission shall determine the allocation of funds to the circuits. Funds distributed from this specific appropriation must be matched by local government, federal government, or private funds. The matching ratio for allocation of these funds shall be 30 percent non-state and 70 percent state funding, other than veterans court, which shall have a matching ratio of 20 percent non-state funding and 80 percent state funding. However, no match will be required for a problem-solving court that by its primary purpose or mission addresses activities for which state dollars are typically expended. Further, if the county meets the definition of a "fiscally constrained county," as provided in section 218.67, Florida Statutes, no match will be required. In pursuing funding under this specific appropriation, a circuit may consider, among other criteria, the extent to which a problem-solving court addresses the needs of individuals with an opioid use disorder.
