PRAYER

The following prayer was offered by Pastor Michael D. Smith, New Creation Church, Tallahassee:

Dear gracious God, we come to you this morning thanking you for another day of life and strength. This day, we pray for our great state. We pray, number one, that you would allow us faith. Give us wisdom and insight so that we would do things in decency and in order that we would allow your power and your goodwill to be released on our great state. We pray for your protection, that you would protect us from enemies—foreign and domestic. We pray for our citizens, that the laws passed here would bring about your goodwill, that they may have life, liberty, and the pursuit of happiness.

We pray for the Senators here, for we know that all authorities are assigned and designated by God, and we ask that you would give them wisdom. We pray that you would give them a fervor and a passion for why they were elected and why they were established in this position. Help them to remember, not based on financial contributions from constituents but from good moral character, that we would do good where we know we can. I pray, Lord, for our budget—that the budget will be passed, the great State of Florida will prosper, and we will be in good health.

I pray, Lord God, for those that are in the sex trafficking industry, that our laws would create a place of refuge and a place of safety for them. We pray over all of the other bills the Senators are responsible for so we can see our state grow. I pray that our economy will be blessed and will prosper. I pray, Lord, that at the end of the day, we know we can lay our heads down and understand we have done what we were created to do. So as we move forward, we ask for grace. We ask for wisdom. We ask for guidance. We ask for your presence as we go about our lives. In the name of our Lord. Amen.

961.03 Determination of status as a wrongfully incarcerated person; determination of eligibility for compensation.—

(1)(a) In order to meet the definition of a “wrongfully incarcerated person” and “eligible for compensation,” upon entry of an order, based upon exonerating evidence, vacating a conviction and sentence, a person must set forth the claim of wrongful incarceration under oath and with particularity by filing a petition with the original sentencing court, with a copy of the petition and proper notice to the prosecuting authority in the underlying felony for which the person was incarcerated. At a minimum, the petition must:

1. State that verifiable and substantial evidence of actual innocence exists and state with particularity the nature and significance of the verifiable and substantial evidence of actual innocence; and

2. State that the person is not disqualified, under the provisions of s. 961.04, from seeking compensation under this act.

(2) The prosecuting authority must respond to the petition within 30 days. The prosecuting authority may respond:

(a) By certifying to the court that, based upon the petition and verifiable and substantial evidence of actual innocence, no further criminal proceedings in the case at bar can or will be initiated by the prosecuting authority, that no questions of fact remain as to the petitioner’s wrongful incarceration, and that the petitioner is not ineligible from seeking compensation under the provisions of s. 961.04; or

Based upon the prosecuting authority’s certification, the court shall also certify to the department that the petitioner is eligible for compensation under the provisions of s. 961.04.

(4)(a) If the prosecuting authority responds as set forth in paragraph (2)(b), the original sentencing court shall make a determination

from the pleadings and supporting documentation whether, by a preponderance of the evidence, the petitioner is ineligible for compensation under the provisions of s. 961.04, regardless of his or her claim of wrongful incarceration. If the court finds the petitioner ineligible under the provisions of s. 961.04, it shall dismiss the petition.

(b) If the prosecuting authority responds as set forth in paragraph (2)(b), and the court determines that the petitioner is eligible under the provisions of s. 961.04, but the prosecuting authority contests the nature, significance or effect of the evidence of actual innocence, or the facts related to the petitioner's alleged wrongful incarceration, the court shall set forth its findings and transfer the petition by electronic means through the division's website to the division for findings of fact and a recommended determination of whether the petitioner has established that he or she is a wrongfully incarcerated person who is eligible for compensation under this act.

(c) Except as provided in this subsection, an authority may not prohibit, regulate, or charge for the collocation of small wireless facilities in the public rights-of-way.

(d) An authority may require a registration process and permit fees in accordance with subsection (3). An authority shall accept applications for permits and shall process and issue permits subject to the following requirements:

1. An authority may not directly or indirectly require an applicant to perform services unrelated to the collocation for which approval is sought, such as in-kind contributions to the authority, including reserving fiber, conduit, or pole space for the authority.

2. An applicant may not be required to provide more information to obtain a permit than is necessary to demonstrate the applicant's compliance with applicable codes for the placement of small wireless facilities in the locations identified in the application.

3. An authority may not require the placement of small wireless facilities on any specific utility pole or category of poles or require multiple antenna systems on a single utility pole.

4. An authority may not limit the placement of small wireless facilities by minimum separation distances; however, within 14 days after the date of filing the application, an authority may request that the proposed location of a small wireless facility be moved to another location in the right-of-way and placed upon an alternative authority utility pole or support structure or placed upon a new utility pole. The authority and applicant may negotiate the alternative location, including any objective design standards, for 30 days after the date of the request. At the conclusion of the negotiation period, if the applicant accepts the alternative location, the applicant must notify the authority, and the application shall be deemed granted for any new location for which there is agreement and all other locations in the application. If no agreement is reached, the applicant must notify the authority, and the authority must grant or deny the original application within 90 days after the date the application is filed. A request for an alternative location, an acceptance of an alternative location, or any rejection of an alternative location must be in writing and provided by electronic mail.

5. An authority shall limit the height of a small wireless facility to no more than 10 feet above the utility pole or structure upon which the small wireless facility is to be collocated. Unless waived by an authority, the height for a new utility pole is limited to the tallest existing utility pole as of July 1, 2017, located in the same right-of-way, other than a utility pole for which a waiver has previously been granted, measured from grade in place within 500 feet of the proposed location of the small wireless facility. If there is no utility pole within 500 feet, the authority shall limit the height of the utility pole to 50 feet.

6. Except as provided in subparagraphs 4. and 5., the installation of a utility pole in the public rights-of-way designed to support a small wireless facility is subject to authority rules or regulations governing the placement of utility poles in the public rights-of-way and is subject to the application review timeframes in this subsection.

7. Within 14 days after receiving an application, an authority must determine and notify the applicant by electronic mail as to whether the application is complete. If an application is deemed incomplete, the authority must specifically identify the missing information. An application is deemed complete if the authority fails to provide notification to the applicant within 14 days.

8. An application must be processed on a nondiscriminatory basis. A complete application is deemed approved if an authority fails to approve or deny the application within 60 days after receipt of the application. If an authority does not use the 30-day negotiation period provided in subparagraph 4., the parties may mutually agree to extend the 60-day application review period. The authority must grant or deny the application at the end of the extended period. A permit issued pursuant to an approved application remains effective for 1 year unless extended by the authority.

9. An authority must notify the applicant of approval or denial by electronic mail. An authority must approve a complete application unless it does not meet the authority's applicable codes. If the application is denied, the authority must specify in writing the basis for denial, including the specific code provisions on which the denial was based, and send the documentation to the applicant by electronic mail on the day the authority denies the application. The applicant may cure the deficiencies identified by the authority and resubmit the application within 30 days after notice of the denial is sent to the applicant. The authority must approve or deny the revised application within 30 days after receipt or the application is deemed approved. Any subsequent review shall be limited to the deficiencies cited in the denial.

10. An applicant seeking to collocate small wireless facilities within the jurisdiction of a single authority may, at the applicant's discretion, file a consolidated application and receive a single permit for the collocation of no more than 30 small wireless facilities. If the application includes multiple small wireless facilities, an authority may remove

small wireless facility collocations from the application and treat separately small wireless facility collocations for which incomplete information has been received or which are denied.

11. An authority may deny a proposed collocation of a small wireless facility in the public rights-of-way if the proposed collocation:

a. Materially interferes with the safe operation of traffic control equipment.

b. Materially interferes with sight lines or clear zones for transportation, pedestrians, or public safety purposes.

c. Materially interferes with compliance with the Americans with Disabilities Act or similar federal or state standards regarding pedestrian access or movement.

d. Materially fails to comply with the 2010 edition of the Florida Department of Transportation Utility Accommodation Manual.

e. Fails to comply with applicable codes.

12. An authority may adopt by ordinance provisions for registration, permitting, insurance coverage, indemnification, performance bonds, security funds, force majeure, abandonment, authority liability, or authority warranties. Such provisions must be reasonable and non-discriminatory.

13. Collocation of a small wireless facility on an authority utility pole may not provide the basis for the imposition of an ad valorem tax on the authority utility pole.

14. An authority may reserve space on authority utility poles for future public safety uses. However, a reservation of space may not preclude collocation of a small wireless facility. If replacement of the authority utility pole is necessary to accommodate the collocation of the small wireless facility and the future public safety use, the pole replacement is subject to make-ready provisions, and the replaced pole shall accommodate the future public safety use.

15. Any structure granted a permit and installed pursuant to this subsection must comply with chapter 333 and federal regulations pertaining to airport airspace protections.

(e) An authority may not require approval of or impose fees or other charges for:

1. Routine maintenance;

2. Replacement of existing wireless facilities with wireless facilities that are substantially similar or of the same or smaller size; or

3. Installation, placement, maintenance, or replacement of micro wireless facilities suspended on cables strung between existing utility poles in compliance with applicable codes by a communications service provider authorized to occupy the rights-of-way and who is remitting taxes under chapter 202.

However, notwithstanding this paragraph, an authority may require a right-of-way permit for work that involves excavation, closing a sidewalk, or closing a vehicular lane.

(f) Collocation of small wireless facilities on authority utility poles is subject to the following requirements:

1. An authority may not enter into an exclusive arrangement with any person for the right to attach equipment to authority utility poles.

2. The rates and fees for collocations on authority utility poles must be nondiscriminatory, regardless of the services provided by the collocating person.

3. The rate to collocate small wireless facilities on authority utility poles may not exceed \$150 per pole annually.

4. Agreements between authorities and wireless providers which are in effect on July 1, 2017, and which relate to the collocation of small wireless facilities in the right-of-way, including the collocation of small wireless facilities on authority utility poles, remain in effect, subject to

applicable termination provisions. The wireless provider may accept the rates, fees, and terms established under this subsection for small wireless facilities and utility poles that are the subject of an application submitted after the rates, fees, and terms become effective.

5. A person owning or controlling an authority utility pole shall offer rates, fees, and other terms that comply with this subsection. By the later of January 1, 2018, or 3 months after receiving a request to collocate its first small wireless facility on a utility pole owned or controlled by an authority, the person owning or controlling the authority utility pole shall make available, through ordinance or otherwise, rates, fees, and terms for the collocation of small wireless facilities on the authority utility pole which comply with this subsection.

a. The rates, fees, and terms must be nondiscriminatory, competitively neutral, and must comply with this subsection.

b. For an authority utility pole that supports an aerial facility used to provide communications services or electric service, the parties shall comply with the process for make-ready work under 47 U.S.C. s. 224 and implementing regulations. The good faith estimate of the person owning or controlling the pole for any make-ready work necessary to enable the pole to support the requested collocation must include pole replacement if necessary.

c. For an authority utility pole that does not support an aerial facility used to provide communications services or electric service, the authority shall provide a good faith estimate for any make-ready work necessary to enable the pole to support the requested collocation, including necessary pole replacement, within 60 days after receipt of a complete application. Make-ready work, including any pole replacement, must be completed within 60 days after written acceptance of the good faith estimate by the applicant. Alternatively, an authority may require the applicant seeking to collocate a small wireless facility to provide a make-ready estimate at the applicant's expense for the work necessary to support the small wireless facility, including pole replacement, and to perform the make-ready work. If pole replacement is required, the scope of the make-ready estimate is limited to the design, fabrication, and installation of a utility pole that is substantially similar in color and composition. The authority may not impose conditions on or restrict the manner in which the applicant obtains, develops, or provides the estimate or conducts the make-ready work subject to usual construction restoration standards for work in the right-of-way. The replaced or altered utility pole shall remain the property of the authority.

d. An authority may not require more make-ready work than is required to meet applicable codes or industry standards. Fees for make-ready work may not include costs related to preexisting damage or prior noncompliance. Fees for make-ready work, including any pole replacement, may not exceed actual costs or the amount charged to communications service providers other than wireless services providers for similar work and may not include any consultant fee or expense.

(g) For any applications filed before the effective dates of ordinances implementing this subsection, an authority may apply current ordinances regulating the placement of communications facilities in the right-of-way, including registration, permitting, insurance coverage, indemnification, performance bonds, security funds, force majeure, abandonment, authority liability, or authority warranties. Permit application requirements and small wireless facility placement requirements, including utility pole height limits, which conflict with this subsection shall be waived by the authority.

(h) Except as provided in this section or specifically required by state law, an authority may not adopt or enforce any regulation on the placement or operation of communications facilities in the rights-of-way by a provider authorized by state law to operate in the rights-of-way and may not regulate any communications services or impose or collect any tax, fee, or charge not specifically authorized under state law. This paragraph is not intended to change state law regarding an authority's ability to regulate the relocation of facilities.

(i) A wireless provider shall, in relation to a small wireless facility, utility pole, or wireless support structure in the public rights-of-way, comply with nondiscriminatory undergrounding requirements of the authority which prohibit above-ground structures in public rights-of-way. Any such requirements may be waived by the relevant authority.

(j) A wireless infrastructure provider may apply to an authority to place utility poles in the public rights-of-way to support the collocation of small wireless facilities. The application must include an attestation that small wireless facilities will be collocated on the utility pole or structure and small wireless facilities will be used by a wireless services provider to provide service within 9 months from the date the application is granted. An authority shall accept and process the application in accordance with subparagraph (d)6. and any applicable codes and other local codes governing the placement of utility poles in the public rights-of-way.

(k) This subsection does not limit a local government's authority to enforce historic preservation zoning regulations consistent with the preservation of local zoning authority under 47 U.S.C. s. 332(c)(7), the requirements for facility modifications under 47 U.S.C. s. 1455(a), or the National Historic Preservation Act of 1966, as amended, and the regulations adopted to implement these laws. An authority may enforce local codes, administrative rules, or regulations adopted by ordinance in effect on April 1, 2017, which are applicable to a historic area designated by the state or authority. An authority may enforce pending local ordinances, administrative rules, or regulations that are applicable to a historic area designated by the state if the intent to adopt such changes has been publicly declared on or before April 1, 2017. An authority may waive any ordinances or other requirements that are subject to this paragraph.

(l) This subsection does not authorize a person to collocate or attach wireless facilities, including any antenna, micro wireless facility, or small wireless facility, on a privately owned utility pole, a utility pole owned by an electric cooperative or a municipal electric utility, a privately owned wireless support structure, or other private property without the consent of the property owner.

(m) The approval of the installation, placement, maintenance, or operation of a small wireless facility pursuant to this subsection may not be construed to authorize the provision of any voice, data, or video communications services or the installation, placement, maintenance, or operation of any communications facilities other than small wireless facilities in the right-of-way.

(n) This subsection does not affect the provisions of subsection (6) relating to pass-through providers.

(o) This subsection does not authorize a person to collocate or attach small wireless facilities or micro wireless facilities on a utility pole unless otherwise permitted by federal law, or to erect a wireless support structure in the right-of-way located within a retirement community that:

1. Is deed-restricted as housing for older persons as defined in s. 760.29(4)(b);
2. Has more than 5,000 residents; and
3. Has underground utilities for electric transmission or distribution.

Nothing in this paragraph applies to the installation, placement, maintenance, or replacement of micro wireless facilities on any existing and duly authorized aerial communications facilities, provided that once aerial facilities are converted to underground, any such collocation or construction shall be only as provided by the municipality's underground utilities ordinance.

(p) This subsection does not authorize a person to collocate or attach small wireless facilities or micro wireless facilities on a utility pole unless otherwise permitted by federal law, or to erect a wireless support structure in the right-of-way located within a municipality that:

1. Is located on a coastal barrier island as defined in s. 161.053(1)(b) 3.;
2. Has a land area of less than 5 square miles;
3. Has fewer than 10,000 residents; and
4. Which has, before July 1, 2017, received referendum approval to issue debt to finance municipality-wide undergrounding of its utilities for electric transmission or distribution.

Nothing in this paragraph applies to the installation, placement, maintenance, or replacement of micro wireless facilities on any existing and duly authorized aerial communications facilities, provided that once aerial facilities are converted to underground, any such collocation or construction shall be only as provided by the municipality's underground utilities ordinance.

(q) This subsection does not authorize a person to collocate small wireless facilities or micro wireless facilities on an authority utility pole or erect a wireless support structure in a location subject to covenants, conditions, and restrictions; articles of incorporation; and bylaws of a home owners association. Nothing in this paragraph applies to the installation, placement, maintenance, or replacement of micro wireless facilities on any existing and duly authorized aerial communications facilities.

(2)(a) The authority has the right to plan, develop, finance, construct, own, purchase, operate, maintain, relocate, equip, repair, and manage those public transportation projects, such as express bus services; bus rapid transit services; light rail, commuter rail, heavy rail, or other transit services; ferry services; transit stations; park-and-ride lots; transit-oriented development nodes; or feeder roads, reliever roads, connector roads, bypasses, or appurtenant facilities, that are intended to address critical transportation needs or concerns in the ~~Tampa Bay~~ region as identified by the authority ~~by July 1, 2009~~. These projects may also include all necessary approaches, roads, bridges, and avenues of access that are desirable and proper with the concurrence of the department, as applicable, if the project is to be part of the State Highway System.

(3)(a) ~~No later than July 1, 2009~~, The authority shall develop and adopt a regional *transit development* ~~transportation master~~ plan that provides a vision for a regionally integrated multimodal transportation system. The goals and objectives of the ~~master~~ plan are to identify areas of the ~~Tampa Bay~~ region where multimodal mobility, traffic safety, freight mobility, and efficient emergency evacuation alternatives need to be improved; identify areas of the region where multimodal transportation systems would be most beneficial to enhance mobility and

economic development; develop methods of building partnerships with local governments, existing transit providers, expressway authorities, seaports, airports, and other local, state, and federal entities; develop methods of building partnerships with CSX Corporation and CSX Transportation, Inc., to craft mutually beneficial solutions to achieve the authority’s objectives, and with other private sector business community entities that may further the authority’s mission, and engage the public in support of regional multimodal transportation improvements. The ~~master~~ plan shall identify and may prioritize projects that will accomplish these goals and objectives, including, without limitation, the creation of express bus and bus rapid transit services, light rail, commuter rail, and heavy rail transit services, ferry services, freight services, and any other multimodal transportation system projects that address critical transportation needs or concerns, pursuant to subsection (2); and identify the costs of the proposed projects and revenue sources that could be used to pay those costs. In developing the ~~master~~ plan, the authority shall review and coordinate with the future land use, capital improvements, and traffic circulation elements of its member local governments’ comprehensive plans and the plans, programs, and schedules of other units of government having transit or transportation authority within whose jurisdictions the projects or improvements will be located to define and resolve potential inconsistencies between such plans and the authority’s developing ~~master~~ plan. ~~By July 1, 2008, the authority, working with its member local governments, shall adopt a mandatory conflict resolution process that addresses consistency conflicts between the authority’s regional transportation master plan and local government comprehensive plans.~~

(b) The authority shall consult with the department to further the goals and objectives of the Strategic Regional Transit Needs Assessment completed by the department.

(c) Before the adoption of the *regional transit development* ~~master~~ plan, the authority shall hold at least one public meeting in each of the ~~seven~~ counties within the designated region. At least one public hearing must be held before the authority’s board.

(g) The authority shall provide administrative support and direction to the TBARTA Metropolitan Planning Organization Chairs Coordinating Committee as provided in s. 339.175(6)(i).

(4) The authority may undertake projects or other improvements in the *regional transit development* ~~master~~ plan in phases as particular projects or segments become feasible, as determined by the authority. The authority shall coordinate project planning, development, and implementation with the applicable local governments. The authority’s projects that are transportation oriented must be consistent to the maximum extent feasible with the adopted local government comprehensive plans at the time such projects are funded for construction. Authority projects that are not transportation oriented and meet the definition of development pursuant to s. 380.04 must be consistent with the local comprehensive plans. In carrying out its purposes and powers, the authority may request funding and technical assistance from the department and appropriate federal and local agencies, including, but not limited to, state infrastructure bank loans.

(5) The authority is granted and may exercise all powers necessary, appurtenant, convenient, or incidental to the carrying out of the aforesaid purposes, including, but not limited to, the following rights and powers:

(g) To borrow money and to make and issue negotiable notes, bonds, refunding bonds, and other evidences of indebtedness or obligations, either in temporary or definitive form, hereinafter in this chapter sometimes called “revenue bonds” of the authority, for the purpose of financing all or part of the mobility improvements within the ~~Tampa Bay~~ **Tampa Bay** region, as well as the appurtenant facilities, including all approaches, streets, roads, bridges, and avenues of access authorized by this part, the bonds to mature not exceeding 40 years after the date of the issuance thereof, and to secure the payment of such bonds or any part thereof by a pledge of any or all of its revenues, rates, fees, rentals, or other charges.

Excused: Senator Hukill

PRAYER

The following prayer was offered by Executive Pastor Richelle Williams, Jesus People Ministries Church, Miami Gardens:

To the maker and creator of heaven and earth, hallowed be thy name. For your name is great and greatly to be adored. This morning, we come before you in humble adoration for affording us life and liberty. Father, we thank you for our state and the body of legislators that work earnestly to enhance, edify, and increase our state’s means and productivity.

Our prayer today is simple in nature: Today, we pray for a unified effort—that the greater good of our state and constituents be placed before every bill and every motive enforcing and engaging those bills; our Senators stand for what promotes an upright standard for our community; and we operate with fiscal responsibility as we govern the priorities of our 2017 state budget.

Father, we pray today that Florida business is governed with wise precautions—environmental issues dealing with land and water reserves and state and federal tax dollars are amended in a way that will

place Florida as a distinctive resource. We pray continually for Florida’s healthcare and the issues concerning its certificate of need.

We pray today for protection for our communities, our homes, and schools; for our educators, law enforcement, and city workers. We pray for policies that will affect all of the people and places, county by county, city by city, within our state, and region. We seek a hedge of protection through the laws we make and enforce in this legislation by this collective body of Senators, that will guard and protect in the spirit of honesty, integrity, and truth.

This morning, as our sunshine state continues to blossom a strong and united citizenship of promise and possibility, we pray that we maintain the standard of our state’s motto: “In God We Trust.” May we forever keep that belief and understanding at the core of our heart as we press to better our surroundings. May an unusual and unexplainable peace of God dwell within the State of Florida legislation, both House and Senate, that encourages other states to work together in legislating what brings out the best. May we see a decline in hate and hate crimes, and a rise in reconciliation. May we grow together and truly learn what it means to love our neighbor as ourselves. It is in our Lord’s name that we pray and say, “Amen.”

ADOPTION OF RESOLUTIONS

At the request of Senator Book—

By Senator Book—

SR 542—A resolution recognizing April 24-28, 2017, as “Every Kid Healthy Week” in Florida.

WHEREAS, more than 20 percent of Florida’s population, or 4.1 million residents, is under 18 years of age, and

WHEREAS, the incidence of individuals who are overweight or obese is on the rise, with more than 30 percent of Florida children considered overweight or obese, and childhood obesity has become a major health epidemic in this state, and

WHEREAS, being overweight as a child can lead to serious health problems, such as heart disease, type 2 diabetes, asthma, sleep problems, low self-esteem, and being bullied, and these health and wellness concerns lead to higher health care costs that negatively impact Florida taxpayers, and

WHEREAS, nationally, 86 percent of health care expenditures go toward the diagnosis and treatment of chronic diseases, many of which have been linked to obesity and physical inactivity, and Florida has among the highest health care costs, ranking 18th out of the 50 states and the District of Columbia in health care spending per capita, and

WHEREAS, regular physical activity can produce long-term health benefits and, nationally, the number of health club members who are under 18 years of age has increased to 60 percent, but only 25 percent of Florida's youth meet recommended levels of aerobic and muscle-strengthening physical activity, and

WHEREAS, in response to the health challenges facing Florida's adolescents, many health clubs in this state have created programs directed at children and adolescents and have also developed programs that encourage families to exercise together so they live healthier lives, and

WHEREAS, parents are a positive influence in helping their children eat healthier food and become more physically active, and

WHEREAS, promoting healthy behavior promotes a healthy population, reduces health care costs, and provides a healthier and more productive workforce, and

WHEREAS, Florida's future relies on the health and well-being of its youth, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That in recognition of the need to support initiatives that encourage physical activity and the adoption of healthy lifestyles, and acknowledging the need to improve the quality of life of many young Floridians and to prevent an increased burden on taxpayers stemming from the epidemic of childhood obesity, April 24-28, 2017, is recognized as "Every Kid Healthy Week" in Florida.

No exemption shall exceed the value of the real estate assessable to the owner or, in case of ownership through stock or membership in a corporation, the value of the proportion which the interest in the corporation bears to the assessed value of the property.

(c) By general law and subject to conditions specified therein, the Legislature may provide to renters, who are permanent residents, ad valorem tax relief on all ad valorem tax levies. Such ad valorem tax relief shall be in the form and amount established by general law.

(d) The legislature may, by general law, allow counties or municipalities, for the purpose of their respective tax levies and subject to the provisions of general law, to grant either or both of the following additional homestead tax exemptions:

(1) An exemption not exceeding fifty thousand dollars to a person who has the legal or equitable title to real estate and maintains thereon the permanent residence of the owner, who has attained age sixty-five, and whose household income, as defined by general law, does not exceed twenty thousand dollars; or

(2) An exemption equal to the assessed value of the property to a person who has the legal or equitable title to real estate with a just value less than two hundred and fifty thousand dollars, as determined in the first tax year that the owner applies and is eligible for the exemption, and who has maintained thereon the permanent residence of the owner for not less than twenty-five years, who has attained age sixty-five, and whose household income does not exceed the income limitation prescribed in paragraph (1).

The general law must allow counties and municipalities to grant these additional exemptions, within the limits prescribed in this subsection, by ordinance adopted in the manner prescribed by general law, and must provide for the periodic adjustment of the income limitation prescribed in this subsection for changes in the cost of living.

(e) Each veteran who is age 65 or older who is partially or totally permanently disabled shall receive a discount from the amount of the ad valorem tax otherwise owed on homestead property the veteran owns and resides in if the disability was combat related and the veteran was honorably discharged upon separation from military service. The discount shall be in a percentage equal to the percentage of the veteran's permanent, service-connected disability as determined by the United States Department of Veterans Affairs. To qualify for the discount granted by this subsection, an applicant must submit to the county property appraiser, by March 1, an official letter from the United States Department of Veterans Affairs stating the percentage of the veteran's service-connected disability and such evidence that reasonably identifies the disability as combat related and a copy of the veteran's honorable discharge. If the property appraiser denies the request for a discount, the appraiser must notify the applicant in writing of the reasons for the denial, and the veteran may reapply. The Legislature may, by general law, waive the annual application requirement in subsequent years. This subsection is self-executing and does not require implementing legislation.

(f) By general law and subject to conditions and limitations specified therein, the Legislature may provide ad valorem tax relief equal to the total amount or a portion of the ad valorem tax otherwise owed on homestead property to:

(1) The surviving spouse of a veteran who died from service-connected causes while on active duty as a member of the United States Armed Forces.

(2) The surviving spouse of a first responder who died in the line of duty.

(3) A first responder who is totally and permanently disabled as a result of an injury or injuries sustained in the line of duty. Causal connection between a disability and service in the line of duty shall not be presumed but must be determined as provided by general law. For purposes of this paragraph, the term "disability" does not include a chronic condition or chronic disease, unless the injury sustained in the line of duty was the sole cause of the chronic condition or chronic disease.

As used in this subsection and as further defined by general law, the term "first responder" means a law enforcement officer, a correctional officer, a firefighter, an emergency medical technician, or a paramedic, and the term "in the line of duty" means arising out of and in the actual performance of duty required by employment as a first responder.

(d) Notwithstanding paragraphs (a), (b), and (c), the term of the second trust may extend beyond the term of the first trust, and, for any period after the first trust would have otherwise terminated, in whole or in part, under the provisions of the first trust, the trust instrument of the second trust may, with respect to property subject to such extended term:

PRAYER

The following prayer was offered by Reverend Dr. Richard Effinger, St. John’s Episcopal Church, Tallahassee:

Most holy one, we thank you for the blessing of this day. As we begin another day of legislative session, hopefully in the final week, we especially give thanks for the blessings of freedom and security we all share that allow us to gather today and exercise the authority entrusted to us.

We pray for all who govern and hold authority—that there may be justice and peace in our city, in our nation, and in the world. We pray that you will be present among us in our deliberations this day. Preserve in us patience and respect for one another in our agreements, and more importantly, in our disagreements, and may we always respect the dignity of each one of us as living members of your creation. Give us the clarity and the courage to do what is right, keeping us ever mindful of those most in need of our attention and our compassion.

All these things we pray in your most holy name. Amen.

PLEDGE

Senate Pages, Reece Poppell of Tallahassee; Trajan Forbes of Tallahassee, son of Robyn Forbes, a legislative analyst with the Appropriations

Subcommittee on Health and Human Services; and Haleigh Howell of Panama City Beach, led the Senate in the Pledge of Allegiance to the flag of the United States of America.

DOCTOR OF THE DAY

At the request of Senator Flores—

By Senator Flores—

SR 1784—A resolution recognizing November 2017 as “Carbon Monoxide Awareness Month” in Florida.

WHEREAS, carbon monoxide is produced by common household appliances, motor vehicles, generators, fireplaces, furnaces, and other devices powered by the burning of fuel, including natural gas, propane, gasoline, oil, and wood, and

WHEREAS, carbon monoxide is known as the “silent killer” because it is a colorless, odorless, and tasteless poisonous gas that can be fatal when inhaled, and

WHEREAS, the Centers for Disease Control and Prevention reports that carbon monoxide claims approximately 50 lives each year and that carbon monoxide exposure sends more than 20,000 people to emergency rooms annually, and

WHEREAS, the Mayo Clinic has determined that 51 percent of all carbon monoxide poisoning cases reported involve children 6 years of age and younger, and

WHEREAS, the Consumer Product Safety Commission has determined that older adults more frequently have health conditions affecting the heart, lungs, and circulatory system, and that the presence of one or more of these conditions lowers these individuals’ tolerance for carbon monoxide exposure and increases the risk of death from such exposure, and

WHEREAS, the Carbon Monoxide Health and Safety Association has determined that the combined medical cost of carbon monoxide accidents, lost productivity, and lost wages amounts to \$8.8 billion annually, and

WHEREAS, public education and awareness about carbon monoxide poisoning are critical to protecting the residents of this state from the dangers of this deadly gas and reducing risk factors in the home, and

WHEREAS, carbon monoxide alarms have been determined to be the most effective way to detect carbon monoxide, and there is a dramatic correlation between the adoption of local carbon monoxide alarm ordinances and a decrease in death rates from exposure, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That November 2017 is recognized as “Carbon Monoxide Awareness Month” in Florida.

—was introduced, read, and adopted by publication.

WHEREAS, stroke is a leading cause of serious long-term disability and the fourth leading cause of death in the United States, killing more than 130,000 people nationwide and 29,600 in Florida, and

WHEREAS, stroke prevalence is projected to increase by 20.5 percent between 2016 and 2030, and the direct medical costs for treating stroke are expected to almost triple during that period, from \$71.6 billion to \$184.1 billion, and

WHEREAS, nearly 80 million Americans have high blood pressure, a major controllable risk factor for stroke, including 44 percent of African-American adults, an incidence that is among the highest percentage of hypertension in any population in the world, and

WHEREAS, 58 percent of Americans don’t know they are at risk for stroke, and one in three cannot recall any stroke warning signs or symptoms, which may include sudden numbness or weakness of the face, arm, or leg, especially on one side of the body; sudden confusion or difficulty in speaking or understanding; sudden difficulty in seeing in one or both eyes; sudden difficulty in walking; dizziness; loss of balance or coordination; and a sudden severe headache with no known cause, and

WHEREAS, the most common signs and symptoms of stroke can be remembered by the acronym F.A.S.T., which stands for face drooping, arm weakness, speech difficulty, and time to call 9-1-1, and

WHEREAS, on May 1, 2017, the American Stroke Association will celebrate its Day of Action as part of American Stroke Month and as part of its year-round initiative, “Together to End Stroke,” launched in collaboration with the American Heart Association, which brings stroke awareness to the forefront of Americans’ minds and encourages people to memorize and share the stroke warning signs and call 9-1-1 at the first sign of a stroke, and

WHEREAS, new and effective treatments have been developed to treat and minimize the severity and damaging effects of strokes, but much more research is needed, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That May 2017 is recognized as “American Stroke Month” in Florida and that all residents of this state are urged to familiarize themselves with the risk factors, warning signs, and symptoms associated with stroke.

WHEREAS, cystic fibrosis is triggered by a defective gene that causes the body to produce an abnormally thick, sticky mucus that clogs the lungs, and these secretions produce life-threatening lung infections and obstruct the pancreas, preventing digestive enzymes from reaching the intestines to help break down and absorb food, and

WHEREAS, more than 10 million Americans are symptomless carriers of the cystic fibrosis gene, and the disease occurs in approximately one of every 3,500 live births in the United States, and

WHEREAS, the median age of survival for a person with cystic fibrosis is 41 years, and

HJR 7105—A joint resolution proposing an amendment to Section 6 of Article VII and the creation of Section 37 of Article XII of the State Constitution to increase the homestead exemption by exempting the assessed valuation of homestead property greater than \$75,000 and up to \$100,000 for all levies other than school district levies, and to provide an effective date.

Be It Resolved by the Legislature of the State of Florida:

That the following amendment to Section 6 of Article VII and the creation of Section 37 of Article XII of the State Constitution are agreed to and shall be submitted to the electors of this state for approval or rejection at the next general election or at an earlier special election specifically authorized by law for that purpose:

ARTICLE VII

FINANCE AND TAXATION

SECTION 6. Homestead exemptions.—

(a) Every person who has the legal or equitable title to real estate and maintains thereon the permanent residence of the owner, or another legally or naturally dependent upon the owner, shall be exempt from taxation thereon, except assessments for special benefits, up to the assessed valuation of twenty-five thousand dollars and, for all levies other than school district levies, on the assessed valuation greater than fifty thousand dollars and up to ~~one hundred~~ ~~seventy-five~~ ~~thousand~~ ~~dollars~~, upon establishment of right thereto in the manner prescribed by law. The real estate may be held by legal or equitable title, by the entireties, jointly, in common, as a condominium, or indirectly by stock ownership or membership representing the owner’s or member’s proprietary interest in a corporation owning a fee or a leasehold initially in excess of ninety-eight years. The exemption shall not apply with respect to any assessment roll until such roll is first determined to be in compliance with the provisions of section 4 by a state agency designated by general law. This exemption is repealed on the effective date of any amendment to this Article which provides for the assessment of homestead property at less than just value.

(b) Not more than one exemption shall be allowed any individual or family unit or with respect to any residential unit. No exemption shall exceed the value of the real estate assessable to the owner or, in case of ownership through stock or membership in a corporation, the value of the proportion which the interest in the corporation bears to the assessed value of the property.

(c) By general law and subject to conditions specified therein, the Legislature may provide to renters, who are permanent residents, ad valorem tax relief on all ad valorem tax levies. Such ad valorem tax relief shall be in the form and amount established by general law.

(d) The legislature may, by general law, allow counties or municipalities, for the purpose of their respective tax levies and subject to the provisions of general law, to grant either or both of the following additional homestead tax exemptions:

(1) An exemption not exceeding fifty thousand dollars to a person who has the legal or equitable title to real estate and maintains thereon the permanent residence of the owner, who has attained age sixty-five, and whose household income, as defined by general law, does not exceed twenty thousand dollars; or

(2) An exemption equal to the assessed value of the property to a person who has the legal or equitable title to real estate with a just value less than two hundred and fifty thousand dollars, as determined in the first tax year that the owner applies and is eligible for the exemption, and who has maintained thereon the permanent residence of the owner for not less than twenty-five years, who has attained age sixty-five, and whose household income does not exceed the income limitation prescribed in paragraph (1).

The general law must allow counties and municipalities to grant these additional exemptions, within the limits prescribed in this subsection, by ordinance adopted in the manner prescribed by general law, and must provide for the periodic adjustment of the income limitation prescribed in this subsection for changes in the cost of living.

(e) Each veteran who is age 65 or older who is partially or totally permanently disabled shall receive a discount from the amount of the ad valorem tax otherwise owed on homestead property the veteran owns and resides in if the disability was combat related and the veteran was honorably discharged upon separation from military service. The discount shall be in a percentage equal to the percentage of the veteran's permanent, service-connected disability as determined by the United States Department of Veterans Affairs. To qualify for the discount granted by this subsection, an applicant must submit to the county property appraiser, by March 1, an official letter from the United States Department of Veterans Affairs stating the percentage of the veteran's service-connected disability and such evidence that reasonably identifies the disability as combat related and a copy of the veteran's honorable discharge. If the property appraiser denies the request for a discount, the appraiser must notify the applicant in writing of the reasons for the denial, and the veteran may reapply. The Legislature may, by general law, waive the annual application requirement in subsequent years. This subsection is self-executing and does not require implementing legislation.

(f) By general law and subject to conditions and limitations specified therein, the Legislature may provide ad valorem tax relief equal to the total amount or a portion of the ad valorem tax otherwise owed on homestead property to:

(1) The surviving spouse of a veteran who died from service-connected causes while on active duty as a member of the United States Armed Forces.

(2) The surviving spouse of a first responder who died in the line of duty.

(3) A first responder who is totally and permanently disabled as a result of an injury or injuries sustained in the line of duty. Causal connection between a disability and service in the line of duty shall not be presumed but must be determined as provided by general law. For purposes of this paragraph, the term "disability" does not include a chronic condition or chronic disease, unless the injury sustained in the line of duty was the sole cause of the chronic condition or chronic disease.

As used in this subsection and as further defined by general law, the term "first responder" means a law enforcement officer, a correctional officer, a firefighter, an emergency medical technician, or a paramedic, and the term "in the line of duty" means arising out of and in the actual performance of duty required by employment as a first responder.

the owner for not less than twenty-five years, who has attained age sixty-five, and whose household income does not exceed the income limitation prescribed in paragraph (1).

The general law must allow counties and municipalities to grant these additional exemptions, within the limits prescribed in this subsection, by ordinance adopted in the manner prescribed by general law, and must provide for the periodic adjustment of the income limitation prescribed in this subsection for changes in the cost of living.

(e) Each veteran who is age 65 or older who is partially or totally permanently disabled shall receive a discount from the amount of the ad valorem tax otherwise owed on homestead property the veteran owns and resides in if the disability was combat related and the veteran was honorably discharged upon separation from military service. The discount shall be in a percentage equal to the percentage of the veteran's permanent, service-connected disability as determined by the United States Department of Veterans Affairs. To qualify for the discount granted by this subsection, an applicant must submit to the county property appraiser, by March 1, an official letter from the United States Department of Veterans Affairs stating the percentage of the veteran's service-connected disability and such evidence that reasonably identifies the disability as combat related and a copy of the veteran's honorable discharge. If the property appraiser denies the request for a discount, the appraiser must notify the applicant in writing of the reasons for the denial, and the veteran may reapply. The Legislature may, by general law, waive the annual application requirement in subsequent years. This subsection is self-executing and does not require implementing legislation.

(f) By general law and subject to conditions and limitations specified therein, the Legislature may provide ad valorem tax relief equal to the total amount or a portion of the ad valorem tax otherwise owed on homestead property to:

(1) The surviving spouse of a veteran who died from service-connected causes while on active duty as a member of the United States Armed Forces.

(2) The surviving spouse of a first responder who died in the line of duty.

(3) A first responder who is totally and permanently disabled as a result of an injury or injuries sustained in the line of duty. Causal connection between a disability and service in the line of duty shall not be presumed but must be determined as provided by general law. For purposes of this paragraph, the term "disability" does not include a chronic condition or chronic disease, unless the injury sustained in the line of duty was the sole cause of the chronic condition or chronic disease.

As used in this subsection and as further defined by general law, the term "first responder" means a law enforcement officer, a correctional officer, a firefighter, an emergency medical technician, or a paramedic, and the term "in the line of duty" means arising out of and in the actual performance of duty required by employment as a first responder.

The exemption shall not apply with respect to any assessment roll until such roll is first determined to be in compliance with the provisions of section 4 by a state agency designated by general law. This exemption is repealed on the effective date of any amendment to this Article which provides for the assessment of homestead property at less than just value.

(2) An exemption equal to the assessed value of the property to a person who has the legal or equitable title to real estate with a just value less than two hundred and fifty thousand dollars, as determined in the first tax year that the owner applies and is eligible for the exemption, and who has maintained thereon the permanent residence of the owner for not less than twenty-five years, who has attained age sixty-five, and whose household income does not exceed the income limitation prescribed in paragraph (1).

The general law must allow counties and municipalities to grant these additional exemptions, within the limits prescribed in this subsection, by ordinance adopted in the manner prescribed by general law, and must provide for the periodic adjustment of the income limitation prescribed in this subsection for changes in the cost of living.

(e) Each veteran who is age 65 or older who is partially or totally permanently disabled shall receive a discount from the amount of the ad valorem tax otherwise owed on homestead property the veteran owns and resides in if the disability was combat related and the veteran was honorably discharged upon separation from military service. able discharge. If the property appraiser denies the request for a discount, the appraiser must notify the applicant in writing of the reasons for the denial, and the veteran may reapply. The Legislature may, by general law, waive the annual application requirement in subsequent years. This subsection is self-executing and does not require implementing legislation.

(f) By general law and subject to conditions and limitations specified therein, the Legislature may provide ad valorem tax relief equal to the total amount or a portion of the ad valorem tax otherwise owed on homestead property to:

Pursuant to Rule 7.1(1), there being no objection, consideration of the following late-filed amendment was allowed:

Senator Perry moved the following amendment which was adopted:

Amendment 1 (127786) (with title amendment)—Delete everything after the enacting clause and insert:

Section 1. Section 440.1851, Florida Statutes, is created to read:

440.1851 Personal identifying information of an injured or deceased employee; public records exemption.—

(1) The personal identifying information of an injured or deceased employee which is contained in reports, notices, records, or supporting documentation held by the department pursuant to this chapter is confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

(a) As used in this section, the term "personal identifying information" means the injured or deceased employee's name, date of birth, home address or mailing address, e-mail address, or telephone number.

(b) The department may disclose information made confidential and exempt under this section only:

1. To the injured employee, to the spouse or a dependent of the deceased employee, to the spouse or a dependent of the injured employee if authorized by the injured employee, or to the legal representative of the deceased employee's estate;

2. To a party litigant, or his or her authorized representative, in matters pending before the Office of the Judges of Compensation Claims;

3. To a carrier or an employer for the purpose of investigating the compensability of a claim or for the purpose of administering its anti-fraud investigative unit established pursuant to s. 626.9891;

4. In an aggregate reporting format that does not reveal the personal identifying information of any employee;

5. Pursuant to a court order or subpoena;

6. To an agency for administering its anti-fraud investigative function or in the furtherance of the agency's official duties and responsibilities; or

7. To a federal governmental entity in the furtherance of the entity's official duties and responsibilities.

A carrier, employer, agency, or governmental entity receiving personal identifying information from the department shall maintain the confidential and exempt status of the information.

(c) *This public records exemption applies to personal identifying information held by the department before, on, or after the effective date of this exemption.*

(2) *A person who willfully and knowingly discloses personal identifying information made confidential and exempt under this section to an unauthorized person or entity commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.*

(3) *This section is subject to the Open Government Sunset Review Act in accordance with s. 119.15 and shall stand repealed on October 2, 2022, unless reviewed and saved from repeal through reenactment by the Legislature.*

Section 2. *The Legislature finds that it is a public necessity to make confidential and exempt from s. 119.07(1), Florida Statutes, and s. 24(a), Article I of the State Constitution the personal identifying information of an injured or deceased employee which is contained in reports, notices, records, or supporting documentation held by the Department of Financial Services pursuant to chapter 440, Florida Statutes. Such information is of a sensitive, personal nature, and disclosure of such information about an injured or deceased employee is an invasion of that employee's privacy or the privacy of his or her family. Because of Florida's workers' compensation system, an employee's personal identifying information becomes public record once the Department of Financial Services is notified that the employee has been injured or has died in a work-related incident. Public records requests for this information have resulted in unwanted solicitation of injured workers and their families. Further, the release of such information could lead to discrimination against the employee by coworkers, potential employers, and others because of perceived social stigma related to injuries or disabilities. The harm caused to such an employee or his or her family by the release of this information outweighs any public benefit derived from its release.*

Section 3. This act shall take effect July 1, 2017.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to public records; creating s. 440.1851, F.S.; providing an exemption from public records requirements for the personal identifying information of an injured or deceased employee which is contained in reports, notices, records, or supporting documentation held by the Department of Financial Services pursuant to the Workers' Compensation Law; defining the term "personal identifying information"; specifying the circumstances under which the department may disclose such information; requiring certain entities receiving such information to maintain the confidential and exempt status of such information; providing retroactive applicability; providing a criminal penalty for willful and knowing disclosure of such information to an unauthorized person or entity; providing for future review and repeal of the exemption; providing a statement of public necessity; providing an effective date.

House Amendment 1 (061749) (with title amendment)—Remove everything after the enacting clause and insert:

Section 1. Paragraph (a) of subsection (3) of section 201.15, Florida Statutes, is amended to read:

201.15 Distribution of taxes collected.—All taxes collected under this chapter are hereby pledged and shall be first made available to make payments when due on bonds issued pursuant to s. 215.618 or s. 215.619, or any other bonds authorized to be issued on a parity basis with such bonds. Such pledge and availability for the payment of these bonds shall have priority over any requirement for the payment of service charges or costs of collection and enforcement under this section. All taxes collected under this chapter, except taxes distributed to the Land Acquisition Trust Fund pursuant to subsections (1) and (2), are subject to the service charge imposed in s. 215.20(1). Before distribution pursuant to this section, the Department of Revenue shall deduct amounts necessary to pay the costs of the collection and enforcement of the tax levied by this chapter. The costs and service charge may not be levied against any portion of taxes pledged to debt service on bonds to the extent that the costs and service charge are required to pay any amounts relating to the bonds. All of the costs of the collection and enforcement of the tax levied by this chapter and the service charge shall be available and transferred to the extent necessary to pay debt service and any other amounts payable with respect to bonds authorized before January 1, 2017, secured by revenues distributed pursuant to this section. All taxes remaining after deduction of costs shall be distributed as follows:

(3) Amounts on deposit in the Land Acquisition Trust Fund shall be used in the following order:

(a) Payment of debt service or funding of debt service reserve funds, rebate obligations, or other amounts payable with respect to Florida Forever bonds issued pursuant to s. 215.618. The amount used for such purposes may not exceed \$300 million in each fiscal year. It is the intent of the Legislature that all bonds issued to fund the Florida Forever Act be retired by December 31, 2040. Except for bonds issued to refund previously issued bonds, no series of bonds may be issued pursuant to this paragraph unless such bonds are approved and the debt service for the remainder of the fiscal year in which the bonds are issued is specifically appropriated in the General Appropriations Act or other law with respect to bonds issued for the purposes of s. 373.4598.

Bonds issued pursuant to s. 215.618 or s. 215.619 are equally and ratably secured by moneys distributable to the Land Acquisition Trust Fund.

Section 2. Subsection (5) of section 215.618, Florida Statutes, is amended to read:

215.618 Bonds for acquisition and improvement of land, water areas, and related property interests and resources.—

(5) The proceeds from the sale of bonds issued pursuant to this section, less the costs of issuance, the costs of funding reserve accounts, and other costs with respect to the bonds, shall be deposited into the Florida Forever Trust Fund. The bond proceeds deposited into the Florida Forever Trust Fund shall be distributed by the Department of Environmental Protection as provided in s. 259.105. *This subsection does not apply to proceeds from the sale of bonds issued for the purposes of s. 373.4598.*

Section 3. Section 373.4598, Florida Statutes, is created to read:

373.4598 *Water storage reservoirs.*—

(1) **LEGISLATIVE FINDINGS AND INTENT.**—

(a) *The Legislature declares that an emergency exists regarding the St. Lucie and Caloosahatchee estuaries due to the high-volume freshwater discharges to the east and west of the lake. Such discharges have manifested in widespread algae blooms, public health impacts, and extensive environmental harm to wildlife and the aquatic ecosystem. These conditions, as outlined in the state of emergency declared by the Governor under Executive Orders 16-59, 16-155, and 16-156, threaten the ecological integrity of the estuaries and the economic viability of the state and affected communities.*

(b) *The Legislature finds that increasing water storage is necessary to reduce the high-volume freshwater discharges from the lake to the estuaries and restore the hydrological connection to the Everglades. CERP projects necessary to reduce the discharges and improve the flows to the Everglades should receive priority funding, such as the Lake*

Okeechobee Watershed project to the north of the lake; the Everglades Agricultural Area Reservoir project to the south of the lake; the C-43 West Basin Reservoir Storage project to the west of the lake; and the Indian River Lagoon-South project to the east of the lake.

(c) The Legislature finds that the rate of funding for CERP must be increased if restoration will be achieved within the timeframe originally envisioned and that the delay in substantial progress toward completing critical elements of restoration, such as southern storage, will cause irreparable harm to natural systems and, ultimately, increase the cost of restoration. A substantial commitment to the advancement of projects identified as part of CERP will reduce ongoing ecological damage to the St. Lucie and Caloosahatchee estuaries.

(d) The Legislature recognizes that the EAA reservoir project was conditionally authorized in the Water Resources Development Act of 2000 as a project component of CERP. Unless other funding is available, the Legislature directs the district, in the implementation of the reservoir project, to abide by applicable state and federal law in order to do that which is required to obtain federal credit under CERP. If the district implements the EAA reservoir project as a project component as defined in s. 373.1501, the district must abide by all applicable state and federal law relating to such projects.

(e) This section is not intended to diminish the commitments made by the state in chapter 2016-201, Laws of Florida.

(2) DEFINITIONS.—As used in this section, the term:

(a) “A-1 parcel” means an area of district-owned land located between the Miami Canal and North New River Canal consisting of approximately 17,000 acres which is bordered to the north by private agricultural lands, to the east by U.S. Highway 27, to the south by Stormwater Treatment Area 3/4, and to the west by the Holey Land Wildlife Management Area and the A-2 parcel.

(b) “A-2 parcel” means an area of district-owned land located between the Miami Canal and the North New River Canal consisting of approximately 14,000 acres of land to the east of the Miami Canal which is bordered to the north by private agricultural lands, to the east by the A-1 parcel, and to the south by the Holey Land Wildlife Management Area.

(c) “Board” means the Board of Trustees of the Internal Improvement Trust Fund.

(d) “Central Everglades Planning Project” or “CEPP” means the suite of CERP projects authorized as the “Central Everglades” project in the Water Infrastructure Improvements for the Nation Act, Public Law No. 114-322.

(e) “Comprehensive Everglades Restoration Plan” or “CERP” has the same meaning as the term “comprehensive plan” as defined in s. 373.470.

(f) “Corps” means the United States Army Corps of Engineers.

(g) “District” means the South Florida Water Management District.

(h) “Everglades Agricultural Area” or “EAA” has the same meaning as in s. 373.4592.

(i) “EAA reservoir project” means the Everglades Agricultural Area storage reservoir, known as Component G of CERP. The term includes any necessary water quality features that are required to meet state and federal water quality standards.

(j) “Lake” means Lake Okeechobee.

(k) “Option agreement” means the Second Amended and Restated Agreement for Sale and Purchase between the seller, United States Sugar Corporation, SBG Farms, Inc., and Southern Garden Groves Corporation, and the buyer, the South Florida Water Management District, dated August 12, 2010.

(3) EAA LEASE AGREEMENTS.—

(a) The district and the board are authorized to negotiate the amendment or termination of leases on lands within the EAA for exchange or use for the EAA reservoir project. Any such lease must be

terminated in accordance with the lease terms or upon the voluntary agreement of the lessor and lessee. In the event of any such lease termination, the lessee must be permitted to continue to farm on a field-by-field basis until such time as the lessee’s operations are incompatible with implementation of the EAA reservoir project, as reasonably determined by the lessor. The district and the board may include the swapping of land, assignment of leases, and other methods of providing valuable consideration in negotiating the amendments to or termination of such lease agreements.

(b) Any lease agreement relating to land in the EAA leased to the Prison Rehabilitative Industries and Diversified Enterprises, Inc., (PRIDE Enterprises) for an agricultural work program is required to be terminated in accordance with the terms of the lease agreement. Any such land previously leased may be made available by the board to the district for exchange for lands suitable for the EAA reservoir project or may be leased for agricultural purposes. The terms of any such lease must include provisions authorizing the lessor to terminate the lease at any time during the lease term as to any portion, or all of the premises, to be used for an environmental restoration purpose. The terms of the lease may not require more than 1 year’s notice in order for such termination to be effective. Any agricultural owner managing lands subject to an agreement with PRIDE shall be given the right of first refusal in leasing any such lands.

(c) If, after any termination of an EAA lease agreement, ratoon, stubble, or residual crop remaining on the lease premises is harvested or otherwise used by the lessor or any third party, the lessee is entitled to be compensated for any documented, unamortized planting costs, and any unamortized capital costs associated with the lease and incurred before notice.

(4) LAND ACQUISITION.—The Legislature declares that acquiring land to increase water storage south of the lake is in the public interest and that the governing board of the district may acquire land, if necessary, to implement the EAA reservoir project with the goal of providing at least 240,000 acre-feet of water storage south of the lake. The use of eminent domain in the EAA for the purpose of implementing the EAA reservoir project is prohibited.

(a) Upon the effective date of this act, the district shall identify the lessees of the approximately 3,200 acres of land owned by the state or the district west of the A-2 parcel and east of the Miami Canal and the private property owners of the approximately 500 acres of land surrounded by such lands.

(b) By July 31, 2017, the district shall contact the lessors and landowners of the land identified pursuant paragraph (a) to express the district’s interest in acquiring land through the purchase or exchange of lands or by the amendment or termination of lease agreements. If land swaps or purchases are necessary to assemble the required acreage, the participation of private landowners must be voluntary. The district shall contact the board to request that any lease of land identified pursuant to paragraph (a), the title to which is vested in the board, be amended or terminated. All appraisal reports, offers, and counteroffers in relation to this subsection are confidential and exempt from s. 119.07(1), as provided in s. 373.139.

(c) The board shall provide to the district, through direct acquisition in fee or by a supplemental agreement, any land, the title to which is vested in the board, that the district identifies as necessary to construct the EAA reservoir project.

(d) The total acreage necessary for additional water treatment may not exceed the amount reasonably required to meet state and federal water quality standards as determined using the water quality modeling tools of the district. The district shall use the latest version of the Dynamic Model for Stormwater Treatment Areas Model modeling tool and other modeling tools that will be required in the planning and design of the EAA reservoir project. If additional land not identified in paragraph (a) is necessary for the EAA reservoir project, the district shall acquire that land from willing sellers of property in conjunction with the development of the post—authorization change report.

(5) POST-AUTHORIZATION CHANGE REPORT.—

(a) The district is directed to request, by July 1, 2017, that the corps jointly develop a post-authorization change report with the district for

CEPP to revise the project component located on the A-2 parcel with the goal of increasing water storage provided by the project component to a minimum of 240,000 acre-feet. Upon agreement with the corps, development of the report must begin by August 1, 2017, and does not preclude the implementation of the remaining CEPP project components.

(b) Using the A-2 parcel and the additional land identified pursuant to subsection (4) and without modifying the A-1 parcel, the report must evaluate:

1. The optimal configuration of the EAA reservoir project for providing at least 240,000 acre-feet of water storage; and

2. Any necessary increases in canal conveyance capacity to reduce the discharges to the St. Lucie or Caloosahatchee estuaries.

(c) If the district and the corps determine that an alternate configuration of water storage and water quality features providing for significantly more water storage, but no less than 360,000 acre-feet of water storage, south of the lake can be implemented on a footprint that includes modification to the A-1 parcel, the district is authorized to recommend such an alternative configuration in the report. Any such recommendation must include sufficient water quality treatment capacity to meet state and federal water quality standards.

(d) Pending congressional approval of the report, the district may begin the preliminary planning or construction of, or modification to, the project site to the extent appropriate, subject to the availability of funding. Upon receipt of congressional approval of the report, construction of the EAA reservoir project shall be completed parallel with construction of the other CEPP project components, subject to the availability of funding.

(e) The district must report the status of the post-authorization change report to the Legislature by January 9, 2018. The status report must include information on the district's ability to obtain lease modifications and land acquisitions as provided in subsection (4). If the district in good faith believes that the post-authorization change report will receive ultimate approval but that an extension of the deadline provided in paragraph (7)(a) is needed, the district must include such a request in its status report and may be granted an extension by the Legislature. Any such extension must include a corresponding date by which the district must request the corps to initiate the project implementation report for the EAA reservoir project and may proceed with the implementation of CEPP project components in accordance with the final project implementation report.

(6) **OPTION AGREEMENT.**—The district must terminate the option agreement at the request of the seller if:

(a) The post-authorization change report receives congressional approval; or

(b) The district certifies to the board, the President of the Senate, and the Speaker of the House of Representatives that the acquisition of the land necessary for the EAA reservoir project, as provided in subsection (4), has been completed.

(7) **PROJECT IMPLEMENTATION REPORT.**—

(a) If, for any reason, the post-authorization change report is not approved by the corps and submitted for congressional approval by October 1, 2018, or the post-authorization change report has not received congressional approval by December 31, 2019, the district, unless granted an extension by the Legislature, must request the corps to initiate a project implementation report, as defined in s. 373.470, for the EAA reservoir project and the district may proceed with the implementation of CEPP project components in accordance with the final project implementation report.

(b) The district, when developing the project implementation report, must focus on the goals of the EAA reservoir project as identified in CERP, which include providing additional water storage and conveyance south of the lake to reduce the volume of regulatory discharges of water from the lake to the east and west.

(c) Upon finalization of the project implementation report, as defined in s. 373.470, the district, in coordination with the corps, shall seek congressional authorization for the EAA reservoir project.

(8) **AGRICULTURAL WORKERS.**—The district shall give preferential consideration to the hiring of former agricultural workers primarily employed during 36 of the past 60 months in the Everglades Agricultural Area, consistent with their qualifications and abilities, for the construction and operation of the EAA reservoir project. Any contract or subcontract for the construction and operation of the EAA reservoir project in which 50 percent or more of the cost is paid from state-appropriated funds must provide preference and priority in the hiring of such agricultural workers. The district shall give preferential consideration to contract proposals that include in the contractor's hiring practices training programs for such workers.

(9) **C-51 RESERVOIR PROJECT.**—

(a) The C-51 reservoir project is a water storage facility as defined in s. 373.475. The C-51 reservoir project is located in western Palm Beach County south of the lake and consists of in-ground reservoirs and conveyance structures that will provide water supply and water management benefits to participating water supply utilities and will also provide environmental benefits by reducing freshwater discharges to tide and making water available for natural systems.

(b) Phase I of the project will provide approximately 14,000 acre-feet of water storage and will hydraulically connect to the district's L-8 Flow Equalization Basin. Phase II of the project will provide approximately 46,000 acre-feet of water storage, for a total increase of 60,000 acre-feet of water storage.

(c) For Phase II of the C-51 reservoir project, the district may negotiate with the owners of the C-51 reservoir project site for the acquisition of the project or to enter into a public-private partnership. The district may acquire land near the C-51 reservoir through the purchase or exchange of land that is owned by the district or the state as necessary to implement Phase II of the project. The state and the district may consider potential swaps of land that is owned by the state or the district to achieve an optimal combination of water quality and water storage. The district may not exercise eminent domain for the purpose of implementing the C-51 reservoir project.

(d) If state funds are appropriated for Phase I or Phase II of the C-51 reservoir project:

1. The district shall operate the reservoir to maximize the reduction of high-volume Lake Okeechobee regulatory releases to the St. Lucie or Caloosahatchee estuaries, in addition to providing relief to the Lake Worth Lagoon;

2. Water made available by the reservoir shall be used for natural systems in addition to any allocated amounts for water supply; and

3. Any water received from Lake Okeechobee may not be available to support consumptive use permits.

(e) Phase I of the C-51 reservoir project may be funded by appropriation or through the water storage facility revolving loan fund as provided in s. 373.475. Phase II of the C-51 reservoir project may be funded pursuant to this section, pursuant to s. 373.475, as a project component of CERP, or pursuant to s. 375.041(3)(b)4.

(10) **FUNDING.**—

(a) The Legislature determines that the authorization and issuance of Florida Forever bonds for the purposes of this section is in the best interest of the state and determines that water storage reservoir projects should be implemented.

(b) Any cost related to this section, including, but not limited to, the costs for land acquisition, planning, and construction may be funded using proceeds from Florida Forever bonds issued under s. 215.618, in an amount of up to \$800 million, as authorized under that section. The bond proceeds from bonds issued for the purposes of this section shall be deposited into the Everglades Trust Fund.

(c) Notwithstanding s. 373.026(8)(b) or any other provision of law, the use of state funds is authorized for the EAA reservoir project.

(d) The district shall actively seek additional sources of funding, including federal funding, for the reservoir project.

(11) *LAKE OKEECHOBEE REGULATION SCHEDULE.*—The district shall request that the corps pursue the reevaluation of the Lake Okeechobee Regulation Schedule as expeditiously as possible, taking into consideration the repairs made to the Herbert Hoover Dike and implementation of projects designed to reduce high—volume freshwater discharges from the lake, in order to optimally utilize the added water storage capacity to reduce the high-volume freshwater discharges to the St. Lucie and Caloosahatchee estuaries.

Section 4. Section 373.475, Florida Statutes, is created to read:

373.475 Water storage facility revolving loan fund.—

(1)(a) In recognition that waters of the state are among the state's most basic resources, the Legislature declares that such waters should be managed to conserve and protect water resources and to realize the full beneficial use of such resources.

(b) As natural storage within the system has been lost due to development, the Legislature finds that additional natural or man-made water storage is required to capture and prevent water from being discharged to tide or otherwise lost.

(c) The Legislature finds that establishing infrastructure financing and providing technical assistance to local governments or water supply entities for water storage facilities is necessary to conserve and protect the waters of the state.

(2) For purposes of this section, the term:

(a) "Local governmental agency" means any municipality, county, district, or authority, or any agency thereof, or a combination of such, acting jointly in connection with a project, which has jurisdiction over a water storage facility.

(b) "Water storage facility" or "facility" means all facilities, including land, necessary for an above-ground or in-ground reservoir. Such facilities may be publicly owned, privately owned, investor-owned, or cooperatively held.

(3) The state, through the department, shall provide funding assistance to local governments or water supply entities for the development and construction of water storage facilities to increase the availability of sufficient water for all existing and future reasonable-beneficial uses and natural systems.

(a) The department may make loans, provide loan guarantees, purchase loan insurance, and refinance local debt through the issue of new loans for water storage facilities approved by the department. Local governments or water supply entities may borrow funds made available pursuant to this section and may pledge any revenues or other adequate security available to them to repay any funds borrowed.

(b) The department may award loan amounts for up to 75 percent of the costs of planning, designing, constructing, upgrading, or replacing water resource infrastructure or facilities, whether natural or man-made, including the acquisition of real property for water storage facilities.

(4) The department shall adopt rules to carry out the purposes of this section. Such rules must:

(a) Establish a priority system for loans based on compliance with state requirements. The priority system must give special consideration to:

1. Projects that provide for the development of alternative water supply projects and management techniques in areas where existing source waters are limited or threatened by saltwater intrusion, excessive drawdowns, contamination, or other problems;

2. Projects that contribute to the sustainability of regional water sources;

3. Projects that produce additional water available for consumptive uses or natural systems;

4. Projects that diversify water supply so that the needs of consumptive uses and the natural system are met during wet and dry conditions; or

5. Projects that provide flexibility in addressing the unpredictability of water conditions from water year to water year.

(b) Establish the requirements for the award and repayment of financial assistance.

(c) Require evidence of credit worthiness and adequate security, including an identification of revenues to be pledged and documentation of their sufficiency for loan repayment and pledged revenue coverage to ensure that each loan recipient can meet its loan repayment requirements.

(d) Require each project receiving financial assistance to be cost-effective, environmentally sound, and implementable.

(e) Require each project to be self-supporting if the project is primarily for the purpose of water supply for consumptive use.

(5) Before approval of a loan, the local government or water supply entity must, at a minimum, submit all of the following to the department:

(a) A repayment schedule.

(b) Evidence of the permissibility or implementability of the facility proposed for financial assistance.

(c) Plans and specifications, biddable contract documents, or other documentation of appropriate procurement of goods and services.

(d) Written assurance that records will be kept using generally accepted accounting principles and that the department or its agents and the Auditor General will have access to all records pertaining to the loan.

(e) If the facility is required to be self-supporting according to paragraph (4)(e), documentation that it will be self-supporting.

(f) Documentation that the water management district within whose boundaries the facility will be located has approved the facility. If the facility crosses jurisdictional boundaries, approval from each applicable district must be documented and provided to the department.

(6) The department and water management districts are authorized to provide technical assistance to local governments or water supply entities for water storage facilities funded pursuant to this section.

(7) The minimum amount of a loan is \$75,000. The term of loans made pursuant to this section may not exceed 30 years.

(8) As part of the report required under s. 403.8532, the department shall prepare a report at the end of each fiscal year which details the financial assistance provided under this section, service fees collected, interest earned, and loans outstanding.

(9) The department may conduct an audit of the loan project upon completion, or may require that a separate project audit, prepared by an independent certified public accountant, be submitted.

(10) The department may require reasonable service fees on loans made to local governments or water supply entities to ensure that the program will be operated in perpetuity and to implement the purposes authorized under this section. Service fees may not be less than 2 percent or greater than 4 percent of the loan amount exclusive of the service fee. Service fee revenues shall be deposited into the department's Grants and Donations Trust Fund. The fee revenues, and interest earnings thereon, shall be used exclusively for the purposes of this section.

(11) The Water Protection and Sustainability Program Trust Fund established under s. 403.891 shall be used for the purposes of this section. Any funds that are not needed for immediate financial assistance shall be invested pursuant to s. 215.49. State funds and investment earnings shall be deposited into the fund. The principal and interest of all loans repaid, and investment earnings thereon, shall be deposited into the fund.

(12)(a) *If a local governmental agency defaults under the terms of its loan agreement, the department shall so certify to the Chief Financial Officer, who shall forward the amount delinquent to the department from any unobligated funds due to the local governmental agency under any revenue-sharing or tax-sharing fund established by the state, except as otherwise provided by the State Constitution. Certification of delinquency does not preclude the department from pursuing other remedies available for default on a loan, including accelerating loan repayments, eliminating all or part of the interest rate subsidy on the loan, and court appointment of a receiver to manage the public water system.*

(b) *If a water storage facility owned by a person other than a local governmental agency defaults under the terms of its loan agreement, the department may take all actions available under law to remedy the default.*

(c) *The department may impose a penalty for delinquent loan payments in the amount of 6 percent of the amount due, in addition to charging the cost to handle and process the debt. Penalty interest accrues on any amount due and payable beginning on the 30th day following the date that the payment was due.*

(13) *The department may terminate or rescind a financial assistance agreement if the recipient fails to comply with the terms and conditions of the agreement.*

Section 5. Subsection (3) of section 375.041, Florida Statutes, is amended to read:

375.041 Land Acquisition Trust Fund.—

(3) Funds distributed into the Land Acquisition Trust Fund pursuant to s. 201.15 shall be applied:

(a) First, to pay debt service or to fund debt service reserve funds, rebate obligations, or other amounts payable with respect to Florida Forever bonds issued under s. 215.618; and pay debt service, provide reserves, and pay rebate obligations and other amounts due with respect to Everglades restoration bonds issued under s. 215.619; and

(b) Of the funds remaining after the payments required under paragraph (a), but before funds may be appropriated, pledged, or dedicated for other uses:

1. A minimum of the lesser of 25 percent or \$200 million shall be appropriated annually for Everglades projects that implement the Comprehensive Everglades Restoration Plan as set forth in s. 373.470, including the Central Everglades Planning Project subject to Congressional authorization; the Long-Term Plan as defined in s. 373.4592(2); and the Northern Everglades and Estuaries Protection Program as set forth in s. 373.4595. From these funds, \$32 million shall be distributed each fiscal year through the 2023-2024 fiscal year to the South Florida Water Management District for the Long-Term Plan as defined in s. 373.4592(2). After deducting the \$32 million distributed under this subparagraph, from the funds remaining, a minimum of the lesser of 76.5 percent or \$100 million shall be appropriated each fiscal year through the 2025-2026 fiscal year for the planning, design, engineering, and construction of the Comprehensive Everglades Restoration Plan as set forth in s. 373.470, including the Central Everglades Planning Project, the Everglades Agricultural Area Storage Reservoir Project, the Lake Okeechobee Watershed Project, the C-43 West Basin Storage Reservoir Project, the Indian River Lagoon-South Project, the Western Everglades Restoration Project, and the Picayune Strand Restoration Project subject to Congressional authorization. The Department of Environmental Protection and the South Florida Water Management District shall give preference to those Everglades restoration projects that reduce harmful discharges of water from Lake Okeechobee to the St. Lucie or Caloosahatchee estuaries in a timely manner. For the purpose of performing the calculation provided in this subparagraph, the amount of debt service paid pursuant to paragraph (a) for bonds issued after July 1, 2016, for the purposes set forth under paragraph (b) shall be added to the amount remaining after the payments required under paragraph (a). The amount of the distribution calculated shall then be reduced by an amount equal to the debt service paid pursuant to paragraph (a) on bonds issued after July 1, 2016, for the purposes set forth under this subparagraph.

2. A minimum of the lesser of 7.6 percent or \$50 million shall be appropriated annually for spring restoration, protection, and management projects. For the purpose of performing the calculation provided in this subparagraph, the amount of debt service paid pursuant to paragraph (a) for bonds issued after July 1, 2016, for the purposes set forth under paragraph (b) shall be added to the amount remaining after the payments required under paragraph (a). The amount of the distribution calculated shall then be reduced by an amount equal to the debt service paid pursuant to paragraph (a) on bonds issued after July 1, 2016, for the purposes set forth under this subparagraph.

3. The sum of \$5 million shall be appropriated annually each fiscal year through the 2025-2026 fiscal year to the St. Johns River Water Management District for projects dedicated to the restoration of Lake Apopka. This distribution shall be reduced by an amount equal to the debt service paid pursuant to paragraph (a) on bonds issued after July 1, 2016, for the purposes set forth in this subparagraph.

4. *The sum of \$64 million is appropriated and shall be transferred to the Everglades Trust Fund for the 2018-2019 fiscal year, and each fiscal year thereafter, for the EAA reservoir project pursuant to s. 373.4598. Any funds remaining in any fiscal year shall be made available only for Phase II of the C-51 reservoir project or projects identified in subparagraph 1. and must be used in accordance with laws relating to such projects. Any funds made available for such purposes in a fiscal year is in addition to the amount appropriated under subparagraph 1. This distribution shall be reduced by an amount equal to the debt service paid pursuant to paragraph (a) on bonds issued after July 1, 2017, for the purposes set forth in this subparagraph.*

Section 6. Section 403.890, Florida Statutes, is amended to read:

403.890 Water Protection and Sustainability Program.—

(1) Revenues deposited into or appropriated to the Water Protection and Sustainability Program Trust Fund shall be distributed by the Department of Environmental Protection *for the following purposes in the following manner:*

~~(a)(1) Sixty five percent to the Department of Environmental Protection for the implementation of an alternative water supply program as provided in s. 373.707.~~

(b) *The water storage facility revolving loan fund as provided in s. 373.475.*

(2) *Revenues deposited into or appropriated to the Water Protection and Sustainability Program Trust Fund for purposes of the water storage facility revolving loan fund may only be used for such purposes.*

~~(2) Twenty two and five tenths percent for the implementation of best management practices and capital project expenditures necessary for the implementation of the goals of the total maximum daily load program established in s. 403.067. Of these funds, 83.33 percent shall be transferred to the credit of the Department of Environmental Protection Water Quality Assurance Trust Fund to address water quality impacts associated with nonagricultural nonpoint sources. Sixteen and sixty seven hundredths percent of these funds shall be transferred to the Department of Agriculture and Consumer Services General Inspection Trust Fund to address water quality impacts associated with agricultural nonpoint sources. These funds shall be used for research, development, demonstration, and implementation of the total maximum daily load program under s. 403.067, suitable best management practices or other measures used to achieve water quality standards in surface waters and water segments identified pursuant to s. 303(d) of the Clean Water Act, Pub. L. No. 92-500, 33 U.S.C. ss. 1251 et seq. Implementation of best management practices and other measures may include cost share grants, technical assistance, implementation tracking, and conservation leases or other agreements for water quality improvement. The Department of Environmental Protection and the Department of Agriculture and Consumer Services may adopt rules governing the distribution of funds for implementation of capital projects, best management practices, and other measures. These funds shall not be used to abrogate the financial responsibility of those point and nonpoint sources that have contributed to the degradation of water or land areas. Increased priority shall be given by the department and the water management district governing boards to those projects that~~

have secured a cost-sharing agreement allocating responsibility for the cleanup of point and nonpoint sources.

In determining whether to provide funds to a particular program, the Department of Economic Opportunity shall consider the location of the program in proximity to the program's intended participants.*

(2) *The Legislature supports projects that improve the economy in the Everglades Agricultural Area. In recognition of the employment opportunities and economic development generated by new and expanding industries in the area, such as the Airglades Airport in Hendry County and the development of an inland port in Palm Beach County, the Legislature finds that training the citizens of the state to fill the needs of these industries significantly enhances the economic viability of the region.*

(3) *Funds may be used for grants for tuition for public or private technical or vocational programs and matching grants to employers to conduct employer-based training programs, or for the purchase of equipment to be used for training purposes, the hiring of instructors, or any other purpose directly associated with the program.*

Matching contributions may include in-kind services, including, but not limited to, the provision of training instructors, equipment, and training facilities.*

(5) *Before granting a request for funds made in accordance with this section, the Department of Economic Opportunity shall enter into a grant agreement with the requestor of funds and the institution receiving funding through the program. Such agreement must include all of the following information:*

(a) *An identification of the personnel necessary to conduct the instructional program, the qualifications of such personnel, and the respective responsibilities of the parties for paying costs associated with the employment of such personnel.*

(b) *An identification of the estimated length of the instructional program.*

(c) *An identification of all direct, training-related costs, including tuition and fees, curriculum development, books and classroom materials, and overhead or indirect costs.*

(d) *An identification of special program requirements that are not otherwise addressed in the agreement.*

(6) *The Department of Economic Opportunity may grant up to 100 percent of the tuition for a training program participant who currently resides, and has resided for at least 3 of the 5 immediately preceding years within the Everglades Agricultural Area as described in s. 373.4592 and in counties that provide for water storage and dispersed water storage that is located in Rural Areas of Opportunity as described in s. 288.0656.*

(7) *Programs established in the Everglades Agricultural Area must include opportunities to obtain the qualifications and skills necessary for jobs related to federal and state restoration projects, the Airglades Airport in Hendry County, an inland port in Palm Beach County, or other industries with verifiable, demonstrated interest in operating within the Everglades Agricultural Area and in counties that provide for water storage and dispersed water storage that is located in Rural Areas of Opportunity as described in s. 288.0656.*

(8) *The Department of Economic Opportunity shall adopt rules to implement this section.*

Section 8. Subsection (3) is added to section 946.511, Florida Statutes, to read:

946.511 *Inmate labor to operate correctional work programs.*—

(3) *Beginning July 1, 2017, the use of inmates for correctional work programs in the agricultural industry in the Everglades Agricultural Area or in any area experiencing high unemployment rates in the agricultural sector is prohibited. Any lease agreement relating to land in the Everglades Agricultural Area leased to the Prison Rehabilitative Industries and Diversified Enterprises, Inc., (PRIDE Enterprises) for an agricultural work program is required to be terminated in accordance with the terms of the lease agreement.*

Section 9. *The Division of Law Revision and Information is directed to replace the phrase "the effective date of this act" wherever it occurs in this act with the date the act becomes a law.*

Section 10. *For the 2017-2018 fiscal year, the sum of \$30 million in nonrecurring funds from the Land Acquisition Trust Fund is appropriated to the Everglades Trust Fund for the purposes of acquiring land or negotiating leases to implement the Everglades Agricultural Area reservoir project pursuant to s. 373.4598, Florida Statutes, or for any cost related to the planning or construction of the Everglades Agricultural Area reservoir project as defined in s. 373.4598, Florida Statutes.*

Section 11. *For the 2017-2018 fiscal year, the sum of \$3 million in nonrecurring funds from the Land Acquisition Trust Fund is appropriated to the Everglades Trust Fund for the purposes of developing the post-authorization change report pursuant to s. 373.4598, Florida Statutes, and the sum of \$1 million in nonrecurring funds from the Land Acquisition Trust Fund is appropriated to the Everglades Trust Fund for the purposes of negotiating Phase II of the C-51 reservoir project pursuant to s. 373.4598, Florida Statutes.*

Section 12. *For the 2017-2018 fiscal year, the sum of \$30 million in nonrecurring funds from the General Revenue Trust Fund is appropriated to the Water Resource Protection and Sustainability Program Trust Fund for the purpose of providing a loan to implement Phase I of the C-51 reservoir project. The loan must have a 30-year term, may be prepaid at any time, and shall accrue interest until repayment. The loan shall be repaid from the proceeds of the sale of unreserved capacity in the water storage facility, or other appropriate payment, at time of receipt less reasonable expenses. The loan must be secured by a first mortgage lien on the water storage facility and a collateral assignment of unreserved capacity as adequate security for the loan. The loan does not reserve for use by the state or the district any capacity authorized pursuant to the consumptive use permit for Phase I of the C-51 Reservoir. Once the Department of Environmental Protection adopts rules pursuant to s. 373.475, Florida Statutes, the department may modify the terms of the loan agreement to ensure that the loan agreement is in accordance with such rules, except that any terms specifically stated herein may not be modified.*

Section 13. This act shall take effect upon becoming a law.

established pursuant to this paragraph are not subject to s. 627.062(2)(a) and (f). An insurer shall notify the office of any change to such rates within 30 days after the effective date of the change. The notice must include the name of the insurer and the average statewide percentage change in rates. Actuarial data with regard to such rates for flood coverage must be maintained by the insurer for 2 years after the effective date of such rate change and is subject to examination by the office. If the office determines that a rate is excessive or unfairly discriminatory, the office shall require the insurer to provide appropriate credit to affected insureds or an appropriate refund to affected insureds who no longer receive coverage from the insurer.

(4) A surplus lines agent may export a contract or endorsement providing flood coverage to an eligible surplus lines insurer without making a diligent effort to seek such coverage from three or more authorized insurers under s. 626.916(1) if the surplus lines insurer maintains a financial strength rating of superior, excellent, or exceptional, or an equivalent financial strength rating, by a rating agency acceptable to the office ~~s. 626.916(1)(a)~~. This subsection expires July 1, 2019, or on the date on which the Commissioner of Insurance Regulation determines in writing that there is an adequate admitted market to provide coverage for the peril of flood consistent with this section, whichever date occurs first. (1) *The board of a condominium or cooperative association that operates a building of three stories or more that has not installed a sprinkler system in the common areas of the building shall mark the building with a sign or symbol approved by the State Fire Marshal in a manner sufficient to warn persons conducting fire control and other emergency operations of the lack of a sprinkler system in the common areas.*

(2) *The State Fire Marshal shall:*

(a) *Ensure that the dimensions and placement of the sign or symbol do not diminish the aesthetic value of the building; and*

(b) *Adopt rules necessary to implement the provisions of this section, including, but not limited to:*

1. *The dimensions and color of such sign or symbol.*

2. *The time within which the condominium or cooperative buildings without sprinkler systems shall be marked as required by this section.*

3. *The location on each condominium or cooperative building without a sprinkler system where such sign or symbol must be posted.*

(3) *The State Fire Marshal, and local fire officials in accordance with s. 633.118, shall enforce this section. An association that fails to comply with the requirements of this section is subject to penalties as provided in s. 633.228.*

Section 2. Paragraphs (a) and (d) of subsection (1), subsections (3), (9), (12), and (13) of section 718.111, Florida Statutes, are amended, and subsection (15) is added to that section, to read:

718.111 The association.—

(1) CORPORATE ENTITY.—

(a) The operation of the condominium shall be by the association, which must be a Florida corporation for profit or a Florida corporation not for profit. However, any association which was in existence on January 1, 1977, need not be incorporated. The owners of units shall be shareholders or members of the association. The officers and directors of the association have a fiduciary relationship to the unit owners. It is the intent of the Legislature that nothing in this paragraph shall be construed as providing for or removing a requirement of a fiduciary relationship between any manager employed by the association and the unit owners. An officer, director, or manager may not solicit, offer to accept, or accept any thing or service of value or kickback for which consideration has not been provided for his or her own benefit or that of his or her immediate family, from any person providing or proposing to provide goods or services to the association. Any such officer, director, or manager who knowingly so solicits, offers to accept, or accepts any thing or service of value or kickback is subject to a civil penalty pursuant to s. 718.501(1)(d) and, if applicable, a criminal penalty as provided in paragraph (d). However, this paragraph does not prohibit an officer, director, or manager from accepting services or items received in connection with trade fairs or education programs. An association may operate more than one condominium.

(d) As required by s. 617.0830, an officer, director, or agent shall discharge his or her duties in good faith, with the care an ordinarily prudent person in a like position would exercise under similar circumstances, and in a manner he or she reasonably believes to be in the interests of the association. An officer, director, or agent shall be liable for monetary damages as provided in s. 617.0834 if such officer, director, or agent breached or failed to perform his or her duties and the breach of, or failure to perform, his or her duties constitutes a violation of criminal law as provided in s. 617.0834; constitutes a transaction from which the officer or director derived an improper personal benefit, either directly or indirectly; or constitutes recklessness or an act or omission that was in bad faith, with malicious purpose, or in a manner exhibiting wanton and willful disregard of human rights, safety, or property. *Forgery of a ballot envelope or voting certificate used in a condominium association election is punishable as provided in s. 831.01, the theft or embezzlement of funds of a condominium association is punishable as provided in s. 812.014, and the destruction of or the refusal to allow inspection or copying of an official record of a condominium association which is accessible to unit owners within the time-frame required by general law in furtherance of any crime is punishable*

as tampering with physical evidence as provided in s. 918.13 or as obstruction of justice as provided in chapter 843. An officer or director charged by information or indictment with a crime referenced in this paragraph must be removed from office, and the vacancy shall be filled as provided in s. 718.112(2)(d)2. until the end of the officer's or director's period of suspension or the end of his or her term of office, whichever occurs first. If a criminal charge is pending against the officer or director, he or she may not be appointed or elected to a position as an officer or a director of any association and may not have access to the official records of any association, except pursuant to a court order. However, if the charges are resolved without a finding of guilt, the officer or director must be reinstated for the remainder of his or her term of office, if any.

(3) POWER TO MANAGE CONDOMINIUM PROPERTY AND TO CONTRACT, SUE, AND BE SUED; CONFLICT OF INTEREST.—

(a) The association may contract, sue, or be sued with respect to the exercise or nonexercise of its powers. For these purposes, the powers of the association include, but are not limited to, the maintenance, management, and operation of the condominium property. After control of the association is obtained by unit owners other than the developer, the association may institute, maintain, settle, or appeal actions or hearings in its name on behalf of all unit owners concerning matters of common interest to most or all unit owners, including, but not limited to, the common elements; the roof and structural components of a building or other improvements; mechanical, electrical, and plumbing elements serving an improvement or a building; representations of the developer pertaining to any existing or proposed commonly used facilities; and protesting ad valorem taxes on commonly used facilities and on units; and may defend actions in eminent domain or bring inverse condemnation actions. If the association has the authority to maintain a class action, the association may be joined in an action as representative of that class with reference to litigation and disputes involving the matters for which the association could bring a class action. Nothing herein limits any statutory or common-law right of any individual unit owner or class of unit owners to bring any action without participation by the association which may otherwise be available.

(b) An association may not hire an attorney who represents the management company of the association.

(9) PURCHASE OF UNITS.—The association has the power, unless prohibited by the declaration, articles of incorporation, or bylaws of the association, to purchase units in the condominium and to acquire and hold, lease, mortgage, and convey them. There shall be no limitation on the association's right to purchase a unit at a foreclosure sale resulting from the association's foreclosure of its lien for unpaid assessments, or to take title by deed in lieu of foreclosure. *However, except for a timeshare condominium, a board member, manager, or management company may not purchase a unit at a foreclosure sale resulting from the association's foreclosure of its lien for unpaid assessments or take title by deed in lieu of foreclosure.*

(12) OFFICIAL RECORDS.—

(a) From the inception of the association, the association shall maintain each of the following items, if applicable, which constitutes the official records of the association:

1. A copy of the plans, permits, warranties, and other items provided by the developer pursuant to s. 718.301(4).
2. A photocopy of the recorded declaration of condominium of each condominium operated by the association and each amendment to each declaration.
3. A photocopy of the recorded bylaws of the association and each amendment to the bylaws.
4. A certified copy of the articles of incorporation of the association, or other documents creating the association, and each amendment thereto.
5. A copy of the current rules of the association.
6. A book or books that contain the minutes of all meetings of the association, the board of administration, and the unit owners, which minutes must be retained for at least 7 years.

7. A current roster of all unit owners and their mailing addresses, unit identifications, and voting certifications, and, if known, telephone numbers. The association shall also maintain the electronic mailing addresses and facsimile numbers of unit owners consenting to receive notice by electronic transmission. The electronic mailing addresses and facsimile numbers are not accessible to unit owners if consent to receive notice by electronic transmission is not provided in accordance with *sub-subparagraph (c)3.e. subparagraph (c)5.* However, the association is not liable for an inadvertent disclosure of the electronic mail address or facsimile number for receiving electronic transmission of notices.

8. All current insurance policies of the association and condominiums operated by the association.

9. A current copy of any management agreement, lease, or other contract to which the association is a party or under which the association or the unit owners have an obligation or responsibility.

10. Bills of sale or transfer for all property owned by the association.

11. Accounting records for the association and separate accounting records for each condominium that the association operates. All accounting records must be maintained for at least 7 years. Any person who knowingly or intentionally defaces or destroys such records, or who knowingly or intentionally fails to create or maintain such records, with the intent of causing harm to the association or one or more of its members, is personally subject to a civil penalty pursuant to s. 718.501(1)(d). The accounting records must include, but are not limited to:

a. Accurate, itemized, and detailed records of all receipts and expenditures.

b. A current account and a monthly, bimonthly, or quarterly statement of the account for each unit designating the name of the unit owner, the due date and amount of each assessment, the amount paid on the account, and the balance due.

c. All audits, reviews, accounting statements, and financial reports of the association or condominium.

d. All contracts for work to be performed. Bids for work to be performed are also considered official records and must be maintained by the association.

12. Ballots, sign-in sheets, voting proxies, and all other papers and electronic records relating to voting by unit owners, which must be maintained for 1 year from the date of the election, vote, or meeting to which the document relates, notwithstanding paragraph (b).

13. All rental records if the association is acting as agent for the rental of condominium units.

14. A copy of the current question and answer sheet as described in s. 718.504.

15. All other written records of the association not specifically included in the foregoing which are related to the operation of the association.

16. A copy of the inspection report as described in s. 718.301(4)(p).

17. *Bids for materials, equipment, or services.*

(b) The official records of the association must be maintained within the state for at least 7 years. The records of the association shall be made available to a unit owner within 45 miles of the condominium property or within the county in which the condominium property is located within 10 ~~5~~ working days after receipt of a written request by the board or its designee. However, such distance requirement does not apply to an association governing a timeshare condominium. This paragraph may be complied with by having a copy of the official records of the association available for inspection or copying on the condominium property or association property, or the association may offer the option of making the records available to a unit owner electronically via the Internet or by allowing the records to be viewed in electronic format on a computer screen and printed upon request. The association is not responsible for the use or misuse of the information provided to an association member or his or her authorized representative pursuant to

the compliance requirements of this chapter unless the association has an affirmative duty not to disclose such information pursuant to this chapter.

(c)1. The official records of the association are open to inspection by any association member or the authorized representative of such member at all reasonable times. The right to inspect the records includes the right to make or obtain copies, at the reasonable expense, if any, of the member or authorized representative of such member. *A renter of a unit has a right to inspect and copy the association's bylaws and rules.* The association may adopt reasonable rules regarding the frequency, time, location, notice, and manner of record inspections and copying. The failure of an association to provide the records within 10 working days after receipt of a written request creates a rebuttable presumption that the association willfully failed to comply with this paragraph. A unit owner who is denied access to official records is entitled to the actual damages or minimum damages for the association's willful failure to comply. Minimum damages are \$50 per calendar day for up to 10 days, beginning on the 11th working day after receipt of the written request. The failure to permit inspection entitles any person prevailing in an enforcement action to recover reasonable attorney fees from the person in control of the records who, directly or indirectly, knowingly denied access to the records.

2. Any person who knowingly or intentionally defaces or destroys accounting records that are required by this chapter to be maintained during the period for which such records are required to be maintained, or who knowingly or intentionally fails to create or maintain accounting records that are required to be created or maintained, with the intent of causing harm to the association or one or more of its members, is personally subject to a civil penalty pursuant to s. 718.501(1)(d).

3. The association shall maintain an adequate number of copies of the declaration, articles of incorporation, bylaws, and rules, and all amendments to each of the foregoing, as well as the question and answer sheet as described in s. 718.504 and year-end financial information required under this section, on the condominium property to ensure their availability to unit owners and prospective purchasers, and may charge its actual costs for preparing and furnishing these documents to those requesting the documents. An association shall allow a member or his or her authorized representative to use a portable device, including a smartphone, tablet, portable scanner, or any other technology capable of scanning or taking photographs, to make an electronic copy of the official records in lieu of the association's providing the member or his or her authorized representative with a copy of such records. The association may not charge a member or his or her authorized representative for the use of a portable device. Notwithstanding this paragraph, the following records are not accessible to unit owners:

~~a.1.~~ Any record protected by the lawyer-client privilege as described in s. 90.502 and any record protected by the work-product privilege, including a record prepared by an association attorney or prepared at the attorney's express direction, which reflects a mental impression, conclusion, litigation strategy, or legal theory of the attorney or the association, and which was prepared exclusively for civil or criminal litigation or for adversarial administrative proceedings, or which was prepared in anticipation of such litigation or proceedings until the conclusion of the litigation or proceedings.

~~b.2.~~ Information obtained by an association in connection with the approval of the lease, sale, or other transfer of a unit.

~~c.3.~~ Personnel records of association or management company employees, including, but not limited to, disciplinary, payroll, health, and insurance records. For purposes of this ~~sub-subparagraph~~ ~~sub-paragraph~~, the term "personnel records" does not include written employment agreements with an association employee or management company, or budgetary or financial records that indicate the compensation paid to an association employee.

~~d.4.~~ Medical records of unit owners.

~~e.5.~~ Social security numbers, driver license numbers, credit card numbers, e-mail addresses, telephone numbers, facsimile numbers, emergency contact information, addresses of a unit owner other than as provided to fulfill the association's notice requirements, and other personal identifying information of any person, excluding the person's name, unit designation, mailing address, property address, and any

address, e-mail address, or facsimile number provided to the association to fulfill the association's notice requirements. Notwithstanding the restrictions in this ~~sub-subparagraph~~ ~~subparagraph~~, an association may print and distribute to parcel owners a directory containing the name, parcel address, and all telephone numbers of each parcel owner. However, an owner may exclude his or her telephone numbers from the directory by so requesting in writing to the association. An owner may consent in writing to the disclosure of other contact information described in this ~~sub-subparagraph~~ ~~subparagraph~~. The association is not liable for the inadvertent disclosure of information that is protected under this ~~sub-subparagraph~~ ~~subparagraph~~ if the information is included in an official record of the association and is voluntarily provided by an owner and not requested by the association.

~~f.6.~~ Electronic security measures that are used by the association to safeguard data, including passwords.

~~g.7.~~ The software and operating system used by the association which allow the manipulation of data, even if the owner owns a copy of the same software used by the association. The data is part of the official records of the association.

(d) The association shall prepare a question and answer sheet as described in s. 718.504, and shall update it annually.

(e)1. The association or its authorized agent is not required to provide a prospective purchaser or lienholder with information about the condominium or the association other than information or documents required by this chapter to be made available or disclosed. The association or its authorized agent may charge a reasonable fee to the prospective purchaser, lienholder, or the current unit owner for providing good faith responses to requests for information by or on behalf of a prospective purchaser or lienholder, other than that required by law, if the fee does not exceed \$150 plus the reasonable cost of photocopying and any attorney's fees incurred by the association in connection with the response.

2. An association and its authorized agent are not liable for providing such information in good faith pursuant to a written request if the person providing the information includes a written statement in substantially the following form: "The responses herein are made in good faith and to the best of my ability as to their accuracy."

(f) An outgoing board or committee member must relinquish all official records and property of the association in his or her possession or under his or her control to the incoming board within 5 days after the election. The division shall impose a civil penalty as set forth in s. 718.501(1)(d)6. against an outgoing board or committee member who willfully and knowingly fails to relinquish such records and property.

(g)1. *By July 1, 2018, an association with 150 or more units which does not manage timeshare units shall post digital copies of the documents specified in subparagraph 2. on its website.*

a. *The association's website must be:*

(I) *An independent website or web portal wholly owned and operated by the association; or*

(II) *A website or web portal operated by a third-party provider with whom the association owns, leases, rents, or otherwise obtains the right to operate a web page, subpage, web portal, or collection of subpages or web portals dedicated to the association's activities and on which required notices, records, and documents may be posted by the association.*

2. *A current copy of the following documents must be posted in digital format on the association's website:*

a. *The recorded declaration of condominium of each condominium operated by the association and each amendment to each declaration.*

b. *The recorded bylaws of the association and each amendment to the bylaws.*

c. *The articles of incorporation of the association, or other documents creating the association, and each amendment thereto. The copy posted pursuant to this sub-subparagraph must be a copy of the articles of incorporation filed with the Department of State.*

d. *The rules of the association.*

e. *Any management agreement, lease, or other contract to which the association is a party or under which the association or the unit owners have an obligation or responsibility. Summaries of bids for materials, equipment, or services must be maintained on the website for 1 year.*

f. *The annual budget required by s. 718.112(2)(f) and any proposed budget to be considered at the annual meeting.*

g. *The financial report required by subsection (13) and any proposed financial report to be considered at a meeting.*

h. *The certification of each director required by s. 718.112(2)(d)4.b.*

i. *All contracts or transactions between the association and any director, officer, corporation, firm, or association that is not an affiliated condominium association or any other entity in which an association director is also a director or officer and is financially interested.*

j. *Any contract or document regarding a conflict of interest or possible conflict of interest as provided in ss. 468.436(2) and 718.3026(3).*

k. *The notice of any unit owner meeting and the agenda for the meeting, as required by s. 718.112(2)(d)3., no later than 14 days before the meeting. The notice must be posted in plain view on the front page of the website, or on a separate subpage of the website labeled "Notices" which is conspicuously visible and linked from the front page. The association must also post on its website any document to be considered and voted on by the owners during the meeting or any document listed on the agenda at least 7 days before the meeting at which the document or the information within the document will be considered.*

l. *Notice of any board meeting, the agenda, and any other document required for the meeting as required by s. 718.112(2)(c), which must be posted no later than the date required for notice pursuant to s. 718.112(2)(c).*

3. *The association shall ensure that the information and records described in paragraph (c) which are not permitted to be accessible to unit owners are not posted on the association's website. If protected information or information restricted from being accessible to unit owners is included in documents that are required to be posted on the association's website, the association shall ensure the information is redacted before posting the documents online.*

(13) **FINANCIAL REPORTING.**—Within 90 days after the end of the fiscal year, or annually on a date provided in the bylaws, the association shall prepare and complete, or contract for the preparation and completion of, a financial report for the preceding fiscal year. Within 21 days after the final financial report is completed by the association or received from the third party, but not later than 120 days after the end of the fiscal year or other date as provided in the bylaws, the association shall mail to each unit owner at the address last furnished to the association by the unit owner, or hand deliver to each unit owner, a copy of the *most recent* financial report or a notice that a copy of the *most recent* financial report will be mailed or hand delivered to the unit owner, without charge, *within 5 business days after* ~~upon~~ receipt of a written request from the unit owner. The division shall adopt rules setting forth uniform accounting principles and standards to be used by all associations and addressing the financial reporting requirements for multicondominium associations. The rules must include, but not be limited to, standards for presenting a summary of association reserves, including a good faith estimate disclosing the annual amount of reserve funds that would be necessary for the association to fully fund reserves for each reserve item based on the straight-line accounting method. This disclosure is not applicable to reserves funded via the pooling method. In adopting such rules, the division shall consider the number

of members and annual revenues of an association. Financial reports shall be prepared as follows:

(a) An association that meets the criteria of this paragraph shall prepare a complete set of financial statements in accordance with generally accepted accounting principles. The financial statements must be based upon the association's total annual revenues, as follows:

1. An association with total annual revenues of \$150,000 or more, but less than \$300,000, shall prepare compiled financial statements.

2. An association with total annual revenues of at least \$300,000, but less than \$500,000, shall prepare reviewed financial statements.

3. An association with total annual revenues of \$500,000 or more shall prepare audited financial statements.

(b)1. An association with total annual revenues of less than \$150,000 shall prepare a report of cash receipts and expenditures.

~~2. An association that operates fewer than 50 units, regardless of the association's annual revenues, shall prepare a report of cash receipts and expenditures in lieu of financial statements required by paragraph (a).~~

~~2.3.~~ A report of cash receipts and disbursements must disclose the amount of receipts by accounts and receipt classifications and the amount of expenses by accounts and expense classifications, including, but not limited to, the following, as applicable: costs for security, professional and management fees and expenses, taxes, costs for recreation facilities, expenses for refuse collection and utility services, expenses for lawn care, costs for building maintenance and repair, insurance costs, administration and salary expenses, and reserves accumulated and expended for capital expenditures, deferred maintenance, and any other category for which the association maintains reserves.

(c) An association may prepare, without a meeting of or approval by the unit owners:

1. Compiled, reviewed, or audited financial statements, if the association is required to prepare a report of cash receipts and expenditures;

2. Reviewed or audited financial statements, if the association is required to prepare compiled financial statements; or

3. Audited financial statements if the association is required to prepare reviewed financial statements.

(d) If approved by a majority of the voting interests present at a properly called meeting of the association, an association may prepare:

1. A report of cash receipts and expenditures in lieu of a compiled, reviewed, or audited financial statement;

2. A report of cash receipts and expenditures or a compiled financial statement in lieu of a reviewed or audited financial statement; or

3. A report of cash receipts and expenditures, a compiled financial statement, or a reviewed financial statement in lieu of an audited financial statement.

Such meeting and approval must occur before the end of the fiscal year and is effective only for the fiscal year in which the vote is taken, except that the approval may also be effective for the following fiscal year. If the developer has not turned over control of the association, all unit owners, including the developer, may vote on issues related to the preparation of the association's financial reports, from the date of incorporation of the association through the end of the second fiscal year after the fiscal year in which the certificate of a surveyor and mapper is recorded pursuant to s. 718.104(4)(e) or an instrument that transfers title to a unit in the condominium which is not accompanied by a recorded assignment of developer rights in favor of the grantee of such unit is recorded, whichever occurs first. Thereafter, all unit owners except the developer may vote on such issues until control is turned over to the association by the developer. Any audit or review prepared under this section shall be paid for by the developer if done before turnover of control of the association. ~~An association may not waive the financial reporting requirements of this section for more than 3 consecutive years.~~

(e) A unit owner may provide written notice to the division of the association's failure to mail or hand deliver to him or her a copy of the most recent financial report within 5 business days after he or she submitted a written request to the association for a copy of such report. If the division determines that the association failed to mail or hand deliver a copy of the most recent financial report to the unit owner, the division shall provide written notice to the association that the association must mail or hand deliver a copy of the most recent financial report to the unit owner and the division within 5 business days after it receives such notice from the division. An association that fails to comply with the division's request may not waive the financial reporting requirement provided in paragraph (d). A financial report received by the division pursuant to this paragraph shall be maintained, and the division shall provide a copy of such report to an association member upon his or her request.

(15) DEBIT CARDS.—

(a) An association and its officers, directors, employees, and agents may not use a debit card issued in the name of the association, or billed directly to the association, for the payment of any association expense.

(b) Use of a debit card issued in the name of the association, or billed directly to the association, for any expense that is not a lawful obligation of the association may be prosecuted as credit card fraud pursuant to s. 817.61.

Section 3. Paragraphs (c) and (l) of subsection (2) of section 718.112, Florida Statutes, are amended to read:

718.112 Bylaws.—

(2) REQUIRED PROVISIONS.—The bylaws shall provide for the following and, if they do not do so, shall be deemed to include the following:

(c) Board of administration meetings.—Meetings of the board of administration at which a quorum of the members is present are open to all unit owners. Members of the board of administration may use e-mail as a means of communication but may not cast a vote on an association matter via e-mail. A unit owner may tape record or videotape the meetings. The right to attend such meetings includes the right to speak at such meetings with reference to all designated agenda items. The division shall adopt reasonable rules governing the tape recording and videotaping of the meeting. The association may adopt written reasonable rules governing the frequency, duration, and manner of unit owner statements.

1. Adequate notice of all board meetings, which must specifically identify all agenda items, must be posted conspicuously on the condominium property at least 48 continuous hours before the meeting except in an emergency. If 20 percent of the voting interests petition the board to address an item of business, the board, within 60 days after receipt of the petition, shall place the item on the agenda at its next regular board meeting or at a special meeting called for that purpose. An item not included on the notice may be taken up on an emergency basis by a vote of at least a majority plus one of the board members. Such emergency action must be noticed and ratified at the next regular board meeting. *Notice of any meeting in which a regular or special assessment against unit owners is to be considered must specifically state that assessments will be considered and provide the estimated amount and a description of the purposes for such assessments. However,* Written notice of a meeting at which a nonemergency special assessment or an amendment to rules regarding unit use will be considered must be mailed, delivered, or electronically transmitted to the unit owners and posted conspicuously on the condominium property at least 14 days before the meeting. Evidence of compliance with this 14-day notice requirement must be made by an affidavit executed by the person providing the notice and filed with the official records of the association. Upon notice to the unit owners, the board shall, by duly adopted rule, designate a specific location on the condominium or association property where all notices of board meetings must be posted. If there is no condominium property or association property where notices can be posted, notices shall be mailed, delivered, or electronically transmitted to each unit owner at least 14 days before the meeting. In lieu of or in addition to the physical posting of the notice on the condominium property, the association may, by reasonable rule, adopt a procedure for conspicuously posting and repeatedly broadcasting the notice and the agenda on a

closed-circuit cable television system serving the condominium association. However, if broadcast notice is used in lieu of a notice physically posted on condominium property, the notice and agenda must be broadcast at least four times every broadcast hour of each day that a posted notice is otherwise required under this section. If broadcast notice is provided, the notice and agenda must be broadcast in a manner and for a sufficient continuous length of time so as to allow an average reader to observe the notice and read and comprehend the entire content of the notice and the agenda. *In addition to any of the authorized means of providing notice of a meeting of the board, the association may, by rule, adopt a procedure for conspicuously posting the meeting notice and the agenda on a website serving the condominium association for at least the minimum period for which a notice of a meeting is required to be physically posted on the condominium property. Any rule adopted must, in addition to other matters, include a requirement that the association send an electronic notice in the same manner as required for a notice for a meeting of the members, which must include a hypertext link to the website where the notice is posted, to unit owners whose e-mail addresses are included in the association's official records. Notice of any meeting in which regular or special assessments against unit owners are to be considered must specifically state that assessments will be considered and provide the nature, estimated cost, and description of the purposes for such assessments.*

2. Meetings of a committee to take final action on behalf of the board or make recommendations to the board regarding the association budget are subject to this paragraph. Meetings of a committee that does not take final action on behalf of the board or make recommendations to the board regarding the association budget are subject to this section, unless those meetings are exempted from this section by the bylaws of the association.

3. Notwithstanding any other law, the requirement that board meetings and committee meetings be open to the unit owners does not apply to:

a. Meetings between the board or a committee and the association's attorney, with respect to proposed or pending litigation, if the meeting is held for the purpose of seeking or rendering legal advice; or

b. Board meetings held for the purpose of discussing personnel matters.

(l) Certificate of compliance.—A provision that a certificate of compliance from a licensed electrical contractor, ~~or~~ electrician, ~~or professional engineer~~ may be accepted by the association's board as evidence of compliance ~~of the condominium units~~ with the applicable fire and life safety code must be included. Notwithstanding chapter 633 or ~~of~~ any other code, statute, ordinance, administrative rule, or regulation, or any interpretation of the foregoing, an association, ~~residential condominium,~~ or unit owner is not obligated to retrofit the common elements, association property, or units of a residential condominium with a fire sprinkler system or other engineered lifesafety system in a building that is 75 feet or less in height. *There is no obligation to retrofit for a building greater than 75 feet in height, calculated from the lowest level of fire department vehicle access to the floor of the highest occupiable story, has been certified for occupancy by the applicable governmental entity if the unit owners have voted to forego such retrofitting by the affirmative vote of two-thirds a majority of all voting interests in the affected condominium. There is no requirement that owners in condominiums of 75 feet or less conduct an opt-out vote, and such condominiums are exempt from fire sprinkler or other engineered lifesafety retrofitting. The preceding sentence is intended to clarify existing law.* The local authority having jurisdiction may not require completion of retrofitting with a fire sprinkler system or other engineered lifesafety system before January 1, 2022 ~~2020~~. *By December 31, 2018 ~~2016~~, an a residential condominium association that operates a residential condominium that is not in compliance with the requirements for a fire sprinkler system or other engineered lifesafety system and has not voted to forego retrofitting of such a system must initiate an application for a building permit for the required installation with the local government having jurisdiction demonstrating that the association will become compliant by December 31, 2021 ~~2019~~.*

1. A vote to forego *required* retrofitting may be obtained by limited proxy or by a ballot personally cast at a duly called membership meeting, ~~or~~ by execution of a written consent by the member, or by *electronic voting*, and is effective upon recording a certificate *executed by*

an officer or agent of the association attesting to such vote in the public records of the county where the condominium is located. *When an opt-out vote is to be conducted at a meeting, the association shall mail or hand deliver to each unit owner written notice at least 14 days before the membership meeting in which the vote to forego retrofitting of the required fire sprinkler system or other engineered lifesafety system is to take place. Within 30 days after the association's opt-out vote, notice of the results of the opt-out vote must be mailed or hand delivered to all unit owners. Evidence of compliance with this notice requirement must be made by affidavit executed by the person providing the notice and filed among the official records of the association. Failure to provide timely notice to unit owners does not invalidate an otherwise valid opt-out vote if notice of the results is provided to the owners.* After notice is provided to each owner, a copy must be provided by the current owner to a new owner before closing and by a unit owner to a renter before signing a lease.

2. If there has been a previous vote to forego retrofitting, a vote to require retrofitting may be obtained at a special meeting of the unit owners called by a petition of at least 10 percent of the voting interests or by a majority of the board of directors. *The approval of two-thirds of all voting interests in the affected condominium is required to require retrofitting. Such a vote may only be called once every 3 years.* Notice shall be provided as required for any regularly called meeting of the unit owners, and must state the purpose of the meeting. ~~Electronic transmission may not be used to provide notice of a meeting called in whole or in part for this purpose.~~

3. As part of the information collected annually from condominiums, the division shall require condominium associations to report the membership vote and recording of a certificate under this subsection and, if retrofitting has been undertaken, the per-unit cost of such work. The division shall annually report to the Division of State Fire Marshal of the Department of Financial Services the number of condominiums that have elected to forego retrofitting. *Compliance with this administrative reporting requirement does not affect the validity of an opt-out vote.*

4. Notwithstanding s. 553.509, a residential association may not be obligated to, and may forego the retrofitting of, any improvements required by s. 553.509(2) upon an affirmative vote of a majority of the voting interests in the affected condominium.

5. *This paragraph does not apply to timeshare condominium associations, which shall be governed by s. 721.24.*

Section 4. Subsection (2) of section 718.113, Florida Statutes, is amended to read:

718.113 Maintenance; limitation upon improvement; display of flag; hurricane shutters and protection; display of religious decorations.—

(2)(a) Except as otherwise provided in this section, there shall be no material alteration or substantial additions to the common elements or to real property which is association property, except in a manner provided in the declaration as originally recorded or as amended under the procedures provided therein. If the declaration as originally recorded or as amended under the procedures provided therein does not specify the procedure for approval of material alterations or substantial additions, 75 percent of the total voting interests of the association must approve the alterations or additions *before the material alterations or substantial additions are commenced.* This paragraph is intended to clarify existing law and applies to associations existing on the effective date of this act ~~October 1, 2008.~~

(b) There shall not be any material alteration of, or substantial addition to, the common elements of any condominium operated by a multicondominium association unless approved in the manner provided in the declaration of the affected condominium or condominiums as originally recorded or as amended under the procedures provided therein. If a declaration as originally recorded or as amended under the procedures provided therein does not specify a procedure for approving such an alteration or addition, the approval of 75 percent of the total voting interests of each affected condominium is required *before the material alterations or substantial additions are commenced.* This subsection does not prohibit a provision in any declaration, articles of incorporation, or bylaws as originally recorded or as amended under the procedures provided therein requiring the approval of unit owners in

any condominium operated by the same association or requiring board approval before a material alteration or substantial addition to the common elements is permitted. This paragraph is intended to clarify existing law and applies to associations existing on the effective date of this act.

(c) There shall not be any material alteration or substantial addition made to association real property operated by a multicondominium association, except as provided in the declaration, articles of incorporation, or bylaws as originally recorded or as amended under the procedures provided therein. If the declaration, articles of incorporation, or bylaws as originally recorded or as amended under the procedures provided therein do not specify the procedure for approving an alteration or addition to association real property, the approval of 75 percent of the total voting interests of the association is required *before the material alterations or substantial additions are commenced.* This paragraph is intended to clarify existing law and applies to associations existing on the effective date of this act.

Section 5. Subsections (1) and (3) of section 718.117, Florida Statutes, are amended, and subsection (21) is added to that section, to read:

718.117 Termination of condominium.—

(1) LEGISLATIVE FINDINGS.—The Legislature finds that:

(a) Condominiums are created as authorized by statute *and are subject to covenants that encumber the land and restrict the use of real property.*

(b) *In some circumstances, the continued enforcement of those covenants that may create economic waste or areas of disrepair which threaten the safety and welfare of the public, or cause obsolescence of the a condominium property for its intended use and thereby lower property tax values, and the Legislature further finds that it is the public policy of this state to provide by statute a method to preserve the value of the property interests and the rights of alienation thereof that owners have in the condominium property before and after termination.*

(c) ~~The Legislature further finds that~~ *It is contrary to the public policy of this state to require the continued operation of a condominium when to do so constitutes economic waste or when the ability to do so is made impossible by law or regulation.*

(d) *It is in the best interest of the state to provide for termination of the covenants of a declaration of condominium in certain circumstances, in order to:*

1. *Ensure the continued maintenance, management, and repair of stormwater management systems, conservation areas, and conservation easements.*

2. *Avoid transferring the expense of maintaining infrastructure serving the condominium property, including, but not limited to, stormwater systems and conservation areas, to the general tax bases of the state and local governments.*

3. *Prevent covenants from impairing the continued productive use of the property.*

4. *Protect state residents from health and safety hazards created by derelict, damaged, obsolete, or abandoned condominium properties.*

5. *Provide for fair treatment and just compensation for individuals, preserve property values, and preserve the local property tax base.*

6. *Preserve the state's long history of protecting homestead property and homestead property rights by ensuring that such protection is extended to homestead property owners in the context of a termination of the covenants of a declaration of condominium. This section applies to all condominiums in this state in existence on or after July 1, 2007.*

(3) OPTIONAL TERMINATION.—~~Except as provided in subsection (2) or unless the declaration provides for a lower percentage,~~ The condominium form of ownership may be terminated for all or a portion of the condominium property pursuant to a plan of termination *meeting the requirements of this section and approved by the division. Before a residential association submits a plan to the division, the plan must be approved by at least 80 percent of the total voting interests of the*

condominium. *However*, if 5 ~~10~~ percent or more of the total voting interests of the condominium have rejected the plan of termination by negative vote or by providing written objections, the plan of termination may not proceed.

(a) The termination of the condominium form of ownership is subject to the following conditions:

1. The total voting interests of the condominium must include all voting interests for the purpose of considering a plan of termination. A voting interest of the condominium may not be suspended for any reason when voting on termination pursuant to this subsection.

2. If 5 ~~10~~ percent or more of the total voting interests of the condominium reject a plan of termination, a subsequent plan of termination pursuant to this subsection may not be considered for 24 ~~18~~ months after the date of the rejection.

(b) This subsection does not apply to any condominium created pursuant to part VI of this chapter until 10 ~~5~~ years after the recording of the declaration of condominium, unless there is no objection to the plan of termination.

(c) For purposes of this subsection, the term “bulk owner” means the single holder of such voting interests or an owner together with a related entity or entities that would be considered an insider, as defined in s. 726.102, holding such voting interests. If the condominium association is a residential association proposed for termination pursuant to this section and, at the time of recording the plan of termination, at least 80 percent of the total voting interests are owned by a bulk owner, the plan of termination is subject to the following conditions and limitations:

1. If the former condominium units are offered for lease to the public after the termination, each unit owner in occupancy immediately before the date of recording of the plan of termination may lease his or her former unit and remain in possession of the unit for 12 months after the effective date of the termination on the same terms as similar unit types within the property are being offered to the public. In order to obtain a lease and exercise the right to retain exclusive possession of the unit owner’s former unit, the unit owner must make a written request to the termination trustee to rent the former unit within 90 days after the date the plan of termination is recorded. Any unit owner who fails to timely make such written request and sign a lease within 15 days after being presented with a lease is deemed to have waived his or her right to retain possession of his or her former unit and shall be required to vacate the former unit upon the effective date of the termination, unless otherwise provided in the plan of termination.

2. Any former unit owner whose unit was granted homestead exemption status by the applicable county property appraiser as of the date of the recording of the plan of termination shall be paid a relocation payment in an amount equal to 1 percent of the termination proceeds allocated to the owner’s former unit. Any relocation payment payable under this subparagraph shall be paid by the single entity or related entities owning at least 80 percent of the total voting interests. Such relocation payment shall be in addition to the termination proceeds for such owner’s former unit and shall be paid no later than 10 days after the former unit owner vacates his or her former unit.

3. For their respective units, all unit owners other than the bulk owner must be compensated at least 100 percent of the fair market value of their units. The fair market value shall be determined as of a date that is no earlier than 90 days before the date that the plan of termination is recorded and shall be determined by an independent appraiser selected by the termination trustee. ~~For a person an original purchaser from the developer who rejects the plan of termination and~~ whose unit was granted homestead exemption status by the applicable county property appraiser, or was an owner-occupied operating business, as of the date that the plan of termination is recorded and who is current in payment of both assessments and other monetary obligations to the association ~~and any mortgage encumbering the unit~~ as of the date the plan of termination is recorded, the fair market value for the unit owner rejecting the plan shall be at least the original purchase price paid for the unit. For purposes of this subparagraph, the term “fair market value” means the price of a unit that a seller is willing to accept and a buyer is willing to pay on the open market in an arms-length transaction based on similar units sold in other condominiums, in-

cluding units sold in bulk purchases but excluding units sold at wholesale or distressed prices. The purchase price of units acquired in bulk following a bankruptcy or foreclosure shall not be considered for purposes of determining fair market value.

4. The plan of termination must provide for payment of a first mortgage encumbering a unit to the extent necessary to satisfy the lien, but the payment may not exceed the unit’s share of the proceeds of termination under the plan. If the unit owner is current in payment of both assessments and other monetary obligations to the association and any mortgage encumbering the unit as of the date the plan of termination is recorded, the receipt by the holder of the unit’s share of the proceeds of termination under the plan or the outstanding balance of the mortgage, whichever is less, shall be deemed to have satisfied the first mortgage in full.

5. Before a plan of termination is presented to the unit owners for consideration pursuant to this paragraph, the plan must include the following written disclosures in a sworn statement:

a. The identity of any person or entity that owns or controls 25 ~~50~~ percent or more of the units in the condominium and, if the units are owned by an artificial entity or entities, a disclosure of the natural person or persons who, directly or indirectly, manage or control the entity or entities and the natural person or persons who, directly or indirectly, own or control 10 ~~20~~ percent or more of the artificial entity or entities that constitute the bulk owner.

b. The units acquired by any bulk owner, the date each unit was acquired, and the total amount of compensation paid to each prior unit owner by the bulk owner, regardless of whether attributed to the purchase price of the unit.

c. The relationship of any board member to the bulk owner or any person or entity affiliated with the bulk owner subject to disclosure pursuant to this subparagraph.

d. *The factual circumstances that show that the plan complies with the requirements of this section and that the plan supports the expressed public policies of this section.*

(d) If the members of the board of administration are elected by the bulk owner, unit owners other than the bulk owner may elect at least one-third of the members of the board of administration before the approval of any plan of termination.

(e) *Subsection (2) does not apply to optional termination pursuant to this subsection.*

(21) *APPLICABILITY.—This section applies to all condominiums in this state in existence on or after July 1, 2007.*

Section 6. *The amendments made by this act to s. 718.117, Florida Statutes, are intended to clarify existing law, are remedial in nature and intended to address the rights and liabilities of the affected parties, and apply to all condominiums created under the Condominium Act.*

Section 7. Section 718.707, Florida Statutes, is amended to read:

718.707 Time limitation for classification as bulk assignee or bulk buyer.—A person acquiring condominium parcels may not be classified as a bulk assignee or bulk buyer unless the condominium parcels were acquired on or after July 1, 2010, ~~but before July 1, 2018~~. The date of such acquisition shall be determined by the date of recording a deed or other instrument of conveyance for such parcels in the public records of the county in which the condominium is located, or by the date of issuing a certificate of title in a foreclosure proceeding with respect to such condominium parcels.

Section 8. Paragraphs (a) and (b) of subsection (2) and paragraphs (b) and (c) of subsection (4) of section 719.104, Florida Statutes, are amended to read:

719.104 Cooperatives; access to units; records; financial reports; assessments; purchase of leases.—

(2) OFFICIAL RECORDS.—

(a) From the inception of the association, the association shall maintain a copy of each of the following, where applicable, which shall constitute the official records of the association:

2. A photocopy of the cooperative documents.
3. A copy of the current rules of the association.
4. A book or books containing the minutes of all meetings of the association, of the board of directors, and of the unit owners, which minutes shall be retained for a period of not less than 7 years.
5. A current roster of all unit owners and their mailing addresses, unit identifications, voting certifications, and, if known, telephone numbers. The association shall also maintain the electronic mailing addresses and the numbers designated by unit owners for receiving notice sent by electronic transmission of those unit owners consenting to receive notice by electronic transmission. The electronic mailing addresses and numbers provided by unit owners to receive notice by electronic transmission shall be removed from association records when consent to receive notice by electronic transmission is revoked. However, the association is not liable for an erroneous disclosure of the electronic mail address or the number for receiving electronic transmission of notices.
6. All current insurance policies of the association.
7. A current copy of any management agreement, lease, or other contract to which the association is a party or under which the association or the unit owners have an obligation or responsibility.
8. Bills of sale or transfer for all property owned by the association.
9. Accounting records for the association and separate accounting records for each unit it operates, according to good accounting practices. All accounting records shall be maintained for a period of not less than 7 years. The accounting records shall include, but not be limited to:
 - a. Accurate, itemized, and detailed records of all receipts and expenditures.
 - b. A current account and a monthly, bimonthly, or quarterly statement of the account for each unit designating the name of the unit owner, the due date and amount of each assessment, the amount paid upon the account, and the balance due.
 - c. All audits, reviews, accounting statements, and financial reports of the association.
 - d. All contracts for work to be performed. Bids for work to be performed shall also be considered official records and shall be maintained for a period of 1 year.
10. Ballots, sign-in sheets, voting proxies, and all other papers *and electronic records* relating to voting by unit owners, which shall be maintained for a period of 1 year after the date of the election, vote, or meeting to which the document relates.
11. All rental records where the association is acting as agent for the rental of units.
12. A copy of the current question and answer sheet as described in s. 719.504.
13. All other written records of the association not specifically included in the foregoing which are related to the operation of the association.

(b) The official records of the association must be maintained within the state for at least 7 years. The records of the association shall be made available to a unit owner within 45 miles of the cooperative property or within the county in which the cooperative property is located within 10 ~~5~~ working days after receipt of written request by the board or its designee. This paragraph may be complied with by having a copy of the official records of the association available for inspection or copying on the cooperative property or the association may offer the

option of making the records available to a unit owner electronically via the Internet or by allowing the records to be viewed in an electronic format on a computer screen and printed upon request. The association is not responsible for the use or misuse of the information provided to an association member or his or her authorized representative pursuant to the compliance requirements of this chapter unless the association has an affirmative duty not to disclose such information pursuant to this chapter.

(4) FINANCIAL REPORT.—

(b) Except as provided in paragraph (c), an association whose total annual revenues meet the criteria of this paragraph shall prepare or cause to be prepared a complete set of financial statements according to the generally accepted accounting principles adopted by the Board of Accountancy. The financial statements shall be as follows:

1. An association with total annual revenues between \$150,000 and \$299,999 shall prepare a compiled financial statement.
2. An association with total annual revenues between \$300,000 and \$499,999 shall prepare a reviewed financial statement.
3. An association with total annual revenues of \$500,000 or more shall prepare an audited financial statement.
4. The requirement to have the financial statement compiled, reviewed, or audited does not apply to an association if a majority of the voting interests of the association present at a duly called meeting of the association have voted to waive this requirement for the fiscal year. In an association in which turnover of control by the developer has not occurred, the developer may vote to waive the audit requirement for the first 2 years of operation of the association, after which time waiver of an applicable audit requirement shall be by a majority of voting interests other than the developer. The meeting shall be held prior to the end of the fiscal year, and the waiver shall be effective for only one fiscal year. ~~An association may not waive the financial reporting requirements of this section for more than 3 consecutive years.~~

(c)1. An association with total annual revenues of less than \$150,000 shall prepare a report of cash receipts and expenditures.

~~2. An association in a community of fewer than 50 units, regardless of the association's annual revenues, shall prepare a report of cash receipts and expenditures in lieu of the financial statements required by paragraph (b), unless the declaration or other recorded governing documents provide otherwise.~~

~~2.3.~~ A report of cash receipts and expenditures must disclose the amount of receipts by accounts and receipt classifications and the amount of expenses by accounts and expense classifications, including the following, as applicable: costs for security, professional, and management fees and expenses; taxes; costs for recreation facilities; expenses for refuse collection and utility services; expenses for lawn care; costs for building maintenance and repair; insurance costs; administration and salary expenses; and reserves, if maintained by the association.

Section 9. Subsection (5) of section 719.1055, Florida Statutes, is amended to read:

719.1055 Amendment of cooperative documents; alteration and acquisition of property.—

(5) The bylaws must include a provision whereby a certificate of compliance from a licensed electrical contractor, ~~or~~ electrician, ~~or professional engineer~~ may be accepted by the association's board as evidence of compliance ~~of the cooperative units~~ with the applicable fire and life safety code.

(a)1. Notwithstanding chapter 633 or any other code, statute, ordinance, administrative rule, or regulation, or any interpretation of the foregoing, ~~an association a cooperative~~ or unit owner is not obligated to retrofit the common elements or units of a residential cooperative with a fire sprinkler system or other engineered lifesafety system in a building that is 75 feet or less in height. ~~There is no obligation to retrofit for a building greater than 75 feet in height, calculated from the lowest level of fire department vehicle access to the floor of the highest occupiable story, has been certified for occupancy by the applicable governmental entity if~~

the unit owners have voted to forego such retrofitting by the affirmative vote of ~~two-thirds a majority~~ of all voting interests in the affected cooperative. ~~There is no requirement that owners in cooperatives of 75 feet or less conduct an opt-out vote, and such cooperatives are exempt from fire sprinkler or other engineered life safety retrofitting. The preceding sentence is intended to clarify existing law.~~ The local authority having jurisdiction may not require completion of retrofitting with a fire sprinkler system or other engineered life safety system before ~~January 1, 2022 the end of 2019~~. By December 31, ~~2018 2016~~, a cooperative that is not in compliance with the requirements for a fire sprinkler system or other engineered life safety system and has not voted to forego retrofitting of such a system must initiate an application for a building permit for the required installation with the local government having jurisdiction demonstrating that the cooperative will become compliant by December 31, ~~2021 2019~~.

2. A vote to forego ~~required~~ retrofitting may be obtained by limited proxy or by a ballot personally cast at a duly called membership meeting, ~~or~~ by execution of a written consent by the member, or by ~~electronic voting~~, and is effective upon recording a certificate ~~executed by an officer or agent of the association~~ attesting to such vote in the public records of the county where the cooperative is located. ~~When the opt-out vote is to be conducted at a meeting, the cooperative shall mail or hand deliver to each unit owner written notice at least 14 days before the membership meeting in which the vote to forego retrofitting of the required fire sprinkler system or other engineered life safety system is to take place. Within 30 days after the cooperative's opt-out vote, notice of the results of the opt-out vote must be mailed or hand delivered to all unit owners. Evidence of compliance with this notice requirement must be made by affidavit executed by the person providing the notice and filed among the official records of the cooperative. Failure to provide timely notice to unit owners does not invalidate an otherwise valid opt-out vote if notice of the results is provided to the owners. After notice is provided to each owner, a copy must be provided by the current owner to a new owner before closing and by a unit owner to a renter before signing a lease.~~

(b) If there has been a previous vote to forego retrofitting, a vote to require retrofitting may be obtained at a special meeting of the unit owners called by a petition of least 10 percent of the voting interests or by a majority of the board of directors. ~~The approval of two-thirds of all voting interests in the affected condominium is required to require retrofitting. Such vote may only be called once every 3 years.~~ Notice must be provided as required for any regularly called meeting of the unit owners, and the notice must state the purpose of the meeting. ~~Electronic transmission may not be used to provide notice of a meeting called in whole or in part for this purpose.~~

(c) As part of the information collected annually from cooperatives, the division shall require associations to report the membership vote and recording of a certificate under this subsection and, if retrofitting has been undertaken, the per-unit cost of such work. The division shall annually report to the Division of State Fire Marshal of the Department of Financial Services the number of cooperatives that have elected to forego retrofitting. ~~Compliance with this administrative reporting requirement does not affect the validity of an opt-out vote.~~

Section 10. Paragraphs (a) and (c) of subsection (1) of section 719.106, Florida Statutes, are amended, and paragraph (m) is added to that subsection, to read:

719.106 Bylaws; cooperative ownership.—

(1) MANDATORY PROVISIONS.—The bylaws or other cooperative documents shall provide for the following, and if they do not, they shall be deemed to include the following:

(a) Administration.—

1. The form of administration of the association shall be described, indicating the titles of the officers and board of administration and specifying the powers, duties, manner of selection and removal, and compensation, if any, of officers and board members. In the absence of such a provision, the board of administration shall be composed of five members, except in the case of cooperatives having five or fewer units, in which case in not-for-profit corporations, the board shall consist of not fewer than three members. ~~In a residential cooperative association of more than 10 units, coowners of a unit may not serve as members of~~

~~the board of directors at the same time unless the coowners own more than one unit or unless there are not enough eligible candidates to fill the vacancies on the board at the time of the vacancy.~~ In the absence of provisions to the contrary, the board of administration shall have a president, a secretary, and a treasurer, who shall perform the duties of those offices customarily performed by officers of corporations. Unless prohibited in the bylaws, the board of administration may appoint other officers and grant them those duties it deems appropriate. Unless otherwise provided in the bylaws, the officers shall serve without compensation and at the pleasure of the board. Unless otherwise provided in the bylaws, the members of the board shall serve without compensation.

2. A person who has been suspended or removed by the division under this chapter, or who is delinquent in the payment of any monetary obligation due to the association, is not eligible to be a candidate for board membership and may not be listed on the ballot. A director or officer charged by information or indictment with a felony theft or embezzlement offense involving the association's funds or property is suspended from office. The board shall fill the vacancy according to general law until the end of the period of the suspension or the end of the director's term of office, whichever occurs first. However, if the charges are resolved without a finding of guilt or without acceptance of a plea of guilty or nolo contendere, the director or officer shall be reinstated for any remainder of his or her term of office. A member who has such criminal charges pending may not be appointed or elected to a position as a director or officer. A person who has been convicted of any felony in this state or in any United States District Court, or who has been convicted of any offense in another jurisdiction which would be considered a felony if committed in this state, is not eligible for board membership unless such felon's civil rights have been restored for at least 5 years as of the date such person seeks election to the board. The validity of an action by the board is not affected if it is later determined that a board member is ineligible for board membership due to having been convicted of a felony.

3. When a unit owner files a written inquiry by certified mail with the board of administration, the board shall respond in writing to the unit owner within 30 days of receipt of the inquiry. The board's response shall either give a substantive response to the inquirer, notify the inquirer that a legal opinion has been requested, or notify the inquirer that advice has been requested from the division. If the board requests advice from the division, the board shall, within 10 days of its receipt of the advice, provide in writing a substantive response to the inquirer. If a legal opinion is requested, the board shall, within 60 days after the receipt of the inquiry, provide in writing a substantive response to the inquirer. The failure to provide a substantive response to the inquirer as provided herein precludes the board from recovering attorney's fees and costs in any subsequent litigation, administrative proceeding, or arbitration arising out of the inquiry. The association may, through its board of administration, adopt reasonable rules and regulations regarding the frequency and manner of responding to the unit owners' inquiries, one of which may be that the association is obligated to respond to only one written inquiry per unit in any given 30-day period. In such case, any additional inquiry or inquiries must be responded to in the subsequent 30-day period, or periods, as applicable.

(c) Board of administration meetings.—~~Members of the board of administration may use e-mail as a means of communication but may not cast a vote on an association matter via e-mail.~~ Meetings of the board of administration at which a quorum of the members is present shall be open to all unit owners. Any unit owner may tape record or videotape meetings of the board of administration. The right to attend such meetings includes the right to speak at such meetings with reference to all designated agenda items. The division shall adopt reasonable rules governing the tape recording and videotaping of the meeting. The association may adopt reasonable written rules governing the frequency, duration, and manner of unit owner statements. Adequate notice of all meetings shall be posted in a conspicuous place upon the cooperative property at least 48 continuous hours preceding the meeting, except in an emergency. Any item not included on the notice may be taken up on an emergency basis by at least a majority plus one of the members of the board. Such emergency action shall be noticed and ratified at the next regular meeting of the board. ~~Notice of any meeting in which regular or special assessments against unit owners are to be considered must specifically state that assessments will be considered and provide the estimated amount and description of the purposes for such assessments.~~ ~~However,~~ Written notice of any meeting at which nonemergency special

assessments, or at which amendment to rules regarding unit use, will be considered shall be mailed, delivered, or electronically transmitted to the unit owners and posted conspicuously on the cooperative property not less than 14 days before the meeting. Evidence of compliance with this 14-day notice shall be made by an affidavit executed by the person providing the notice and filed among the official records of the association. Upon notice to the unit owners, the board shall by duly adopted rule designate a specific location on the cooperative property upon which all notices of board meetings shall be posted. In lieu of or in addition to the physical posting of notice of any meeting of the board of administration on the cooperative property, the association may, by reasonable rule, adopt a procedure for conspicuously posting and repeatedly broadcasting the notice and the agenda on a closed-circuit cable television system serving the cooperative association. However, if broadcast notice is used in lieu of a notice posted physically on the cooperative property, the notice and agenda must be broadcast at least four times every broadcast hour of each day that a posted notice is otherwise required under this section. When broadcast notice is provided, the notice and agenda must be broadcast in a manner and for a sufficient continuous length of time so as to allow an average reader to observe the notice and read and comprehend the entire content of the notice and the agenda. *In addition to any of the authorized means of providing notice of a meeting of the board, the association may, by rule, adopt a procedure for conspicuously posting the meeting notice and the agenda on a website serving the cooperative association for at least the minimum period for which a notice of a meeting is required to be physically posted on the cooperative property. Any rule adopted must, in addition to other matters, include a requirement that the association send an electronic notice in the same manner as required for a notice for a meeting of the members, which must include a hypertext link to the website where the notice is posted, to unit owners whose e-mail addresses are included in the association's official records. Notice of any meeting in which regular assessments against unit owners are to be considered for any reason shall specifically contain a statement that assessments will be considered and the nature of any such assessments.* Meetings of a committee to take final action on behalf of the board or to make recommendations to the board regarding the association budget are subject to the provisions of this paragraph. Meetings of a committee that does not take final action on behalf of the board or make recommendations to the board regarding the association budget are subject to the provisions of this section, unless those meetings are exempted from this section by the bylaws of the association. Notwithstanding any other law to the contrary, the requirement that board meetings and committee meetings be open to the unit owners does not apply to board or committee meetings held for the purpose of discussing personnel matters or meetings between the board or a committee and the association's attorney, with respect to proposed or pending litigation, if the meeting is held for the purpose of seeking or rendering legal advice.

(m) *Director or officer delinquencies.—A director or officer who is more than 90 days delinquent in the payment of any monetary obligation due the association shall be deemed to have abandoned the office, creating a vacancy in the office to be filled according to law.*

Section 11. Paragraph (b) of subsection (1) of section 719.107, Florida Statutes, is amended to read:

719.107 Common expenses; assessment.—

(1)

(b) ~~If so provided in the bylaws, the cost of communications services as defined in chapter 202, information services, or Internet services a master antenna television system or duly franchised cable television service obtained pursuant to a bulk contract shall be deemed a common expense, and if not obtained pursuant to a bulk contract, such cost shall be considered common expense if it is designated as such in a written contract between the board of administration and the company providing the communications services as defined in chapter 202, information services, or Internet services master television antenna system or the cable television service. The contract shall be for a term of not less than 2 years.~~

1. Any contract made by the board after April 2, 1992, for a community antenna system or duly franchised cable television service, communications services as defined in chapter 202, information services, or Internet services may be canceled by a majority of the voting interests present at the next regular or special meeting of the association. Any

member may make a motion to cancel the contract, but if no motion is made or if such motion fails to obtain the required majority at the next regular or special meeting, whichever is sooner, following the making of the contract, then such contract shall be deemed ratified for the term therein expressed.

2. Any such contract shall provide, and shall be deemed to provide if not expressly set forth, that any hearing impaired or legally blind unit owner who does not occupy the unit with a nonhearing impaired or sighted person may discontinue the service without incurring disconnect fees, penalties, or subsequent service charges, and as to such units, the owners shall not be required to pay any common expenses charge related to such service. If less than all members of an association share the expenses of cable television, the expense shall be shared equally by all participating unit owners. The association may use the provisions of s. 719.108 to enforce payment of the shares of such costs by the unit owners receiving cable television.

Section 12. Paragraphs (a) and (c) of subsection (2) and subsection (7) of section 720.303, Florida Statutes, are amended to read:

720.303 Association powers and duties; meetings of board; official records; budgets; financial reporting; association funds; recalls.—

(2) BOARD MEETINGS.—

(a) *Members of the board of administration may use e-mail as a means of communication, but may not cast a vote on an association matter via e-mail.* A meeting of the board of directors of an association occurs whenever a quorum of the board gathers to conduct association business. Meetings of the board must be open to all members, except for meetings between the board and its attorney with respect to proposed or pending litigation where the contents of the discussion would otherwise be governed by the attorney-client privilege. A meeting of the board must be held at a location that is accessible to a physically handicapped person if requested by a physically handicapped person who has a right to attend the meeting. The provisions of this subsection shall also apply to the meetings of any committee or other similar body when a final decision will be made regarding the expenditure of association funds and to meetings of any body vested with the power to approve or disapprove architectural decisions with respect to a specific parcel of residential property owned by a member of the community.

(c) The bylaws shall provide *the following* for giving notice to parcel owners and members of all board meetings and, if they do not do so, shall be deemed to ~~include~~ **provide** the following:

1. Notices of all board meetings must be posted in a conspicuous place in the community at least 48 hours in advance of a meeting, except in an emergency. In the alternative, if notice is not posted in a conspicuous place in the community, notice of each board meeting must be mailed or delivered to each member at least 7 days before the meeting, except in an emergency. Notwithstanding this general notice requirement, for communities with more than 100 members, the association bylaws may provide for a reasonable alternative to posting or mailing of notice for each board meeting, including publication of notice, provision of a schedule of board meetings, or the conspicuous posting and repeated broadcasting of the notice on a closed-circuit cable television system serving the homeowners' association. However, if broadcast notice is used in lieu of a notice posted physically in the community, the notice must be broadcast at least four times every broadcast hour of each day that a posted notice is otherwise required. When broadcast notice is provided, the notice and agenda must be broadcast in a manner and for a sufficient continuous length of time so as to allow an average reader to observe the notice and read and comprehend the entire content of the notice and the agenda. *In addition to any of the authorized means of providing notice of a meeting of the board, the association may, by rule, adopt a procedure for conspicuously posting the meeting notice and the agenda on a website serving the association for at least the minimum period for which a notice of a meeting is required to be physically posted on the association property. Any rule adopted must, in addition to other matters, include a requirement that the association send an electronic notice in the same manner as required for a notice for a meeting of the members, which must include a hypertext link to the website where the notice is posted, to members who have provided an e-mail address to the association for the purpose of receiving notice by electronic transmission.* The association may provide notice by electronic transmission in a manner authorized by law for meetings of the

board of directors, committee meetings requiring notice under this section, and annual and special meetings of the members; however, a member must consent in writing to receiving notice by electronic transmission.

2. An assessment may not be levied at a board meeting unless the notice of the meeting includes a statement that assessments will be considered and the nature of the assessments. Written notice of any meeting at which special assessments will be considered or at which amendments to rules regarding parcel use will be considered must be mailed, delivered, or electronically transmitted to the members and parcel owners and posted conspicuously on the property or broadcast on closed-circuit cable television not less than 14 days before the meeting.

3. Directors may not vote by proxy or by secret ballot at board meetings, except that secret ballots may be used in the election of officers. This subsection also applies to the meetings of any committee or other similar body, when a final decision will be made regarding the expenditure of association funds, and to any body vested with the power to approve or disapprove architectural decisions with respect to a specific parcel of residential property owned by a member of the community.

(7) FINANCIAL REPORTING.—Within 90 days after the end of the fiscal year, or annually on the date provided in the bylaws, the association shall prepare and complete, or contract with a third party for the preparation and completion of, a financial report for the preceding fiscal year. Within 21 days after the final financial report is completed by the association or received from the third party, but not later than 120 days after the end of the fiscal year or other date as provided in the bylaws, the association shall, within the time limits set forth in subsection (5), provide each member with a copy of the annual financial report or a written notice that a copy of the financial report is available upon request at no charge to the member. Financial reports shall be prepared as follows:

(a) An association that meets the criteria of this paragraph shall prepare or cause to be prepared a complete set of financial statements in accordance with generally accepted accounting principles as adopted by the Board of Accountancy. The financial statements shall be based upon the association's total annual revenues, as follows:

1. An association with total annual revenues of \$150,000 or more, but less than \$300,000, shall prepare compiled financial statements.
2. An association with total annual revenues of at least \$300,000, but less than \$500,000, shall prepare reviewed financial statements.
3. An association with total annual revenues of \$500,000 or more shall prepare audited financial statements.

(b)1. An association with total annual revenues of less than \$150,000 shall prepare a report of cash receipts and expenditures.

~~2. An association in a community of fewer than 50 parcels, regardless of the association's annual revenues, may prepare a report of cash receipts and expenditures in lieu of financial statements required by paragraph (a) unless the governing documents provide otherwise.~~

~~2.3. A report of cash receipts and disbursement must disclose the amount of receipts by accounts and receipt classifications and the amount of expenses by accounts and expense classifications, including, but not limited to, the following, as applicable: costs for security, professional, and management fees and expenses; taxes; costs for recreation facilities; expenses for refuse collection and utility services; expenses for lawn care; costs for building maintenance and repair; insurance costs; administration and salary expenses; and reserves if maintained by the association.~~

(c) If 20 percent of the parcel owners petition the board for a level of financial reporting higher than that required by this section, the association shall duly notice and hold a meeting of members within 30 days of receipt of the petition for the purpose of voting on raising the level of reporting for that fiscal year. Upon approval of a majority of the total voting interests of the parcel owners, the association shall prepare or cause to be prepared, shall amend the budget or adopt a special assessment to pay for the financial report regardless of any provision to

the contrary in the governing documents, and shall provide within 90 days of the meeting or the end of the fiscal year, whichever occurs later:

1. Compiled, reviewed, or audited financial statements, if the association is otherwise required to prepare a report of cash receipts and expenditures;

2. Reviewed or audited financial statements, if the association is otherwise required to prepare compiled financial statements; or

3. Audited financial statements if the association is otherwise required to prepare reviewed financial statements.

(d) If approved by a majority of the voting interests present at a properly called meeting of the association, an association may prepare or cause to be prepared:

1. A report of cash receipts and expenditures in lieu of a compiled, reviewed, or audited financial statement;

2. A report of cash receipts and expenditures or a compiled financial statement in lieu of a reviewed or audited financial statement; or

3. A report of cash receipts and expenditures, a compiled financial statement, or a reviewed financial statement in lieu of an audited financial statement.

Section 13. Paragraph (a) of subsection (9) of section 720.306, Florida Statutes, is amended to read:

720.306 Meetings of members; voting and election procedures; amendments.—

(9) ELECTIONS AND BOARD VACANCIES.—

(a) Elections of directors must be conducted in accordance with the procedures set forth in the governing documents of the association. Except as provided in paragraph (b), all members of the association are eligible to serve on the board of directors, and a member may nominate himself or herself as a candidate for the board at a meeting where the election is to be held; provided, however, that if the election process allows candidates to be nominated in advance of the meeting, the association is not required to allow nominations at the meeting. An election is not required unless more candidates are nominated than vacancies exist. *If an election is not required because there are either an equal number or fewer qualified candidates than vacancies exist, and if nominations from the floor are not required pursuant to this section or the bylaws, write-in nominations are not permitted, and such candidates shall commence service on the board of directors, regardless of whether a quorum is attained at the annual meeting.* Except as otherwise provided in the governing documents, boards of directors must be elected by a plurality of the votes cast by eligible voters. Any challenge to the election process must be commenced within 60 days after the election results are announced.

Section 14. Paragraph (b) of subsection (3) of section 720.3085, Florida Statutes, is amended to read:

720.3085 Payment for assessments; lien claims.—

(3) Assessments and installments on assessments that are not paid when due bear interest from the due date until paid at the rate provided in the declaration of covenants or the bylaws of the association, which rate may not exceed the rate allowed by law. If no rate is provided in the declaration or bylaws, interest accrues at the rate of 18 percent per year.

(b) Any payment received by an association and accepted shall be applied first to any interest accrued, then to any administrative late fee, then to any costs and reasonable attorney fees incurred in collection, and then to the delinquent assessment. This paragraph applies notwithstanding any restrictive endorsement, designation, or instruction placed on or accompanying a payment. A late fee is not subject to the provisions of chapter 687 and is not a fine. *The foregoing is applicable notwithstanding s. 673.3111, any purported accord and satisfaction, or any restrictive endorsement, designation, or instruction placed on or accompanying a payment. The preceding sentence is intended to clarify existing law.*

Section 15. This act shall take effect July 1, 2017.

1. Must provide for adoption of residential property and casualty insurance policy forms and commercial residential and nonresidential property insurance forms, which must be approved by the office before use. The corporation shall adopt the following policy forms:

a. Standard personal lines policy forms that are comprehensive multiperil policies providing full coverage of a residential property equivalent to the coverage provided in the private insurance market under an HO-3, HO-4, or HO-6 policy.

b. Basic personal lines policy forms that are policies similar to an HO-8 policy or a dwelling fire policy that provide coverage meeting the requirements of the secondary mortgage market, but which is more limited than the coverage under a standard policy.

c. Commercial lines residential and nonresidential policy forms that are generally similar to the basic perils of full coverage obtainable for commercial residential structures and commercial nonresidential structures in the admitted voluntary market.

d. Personal lines and commercial lines residential property insurance forms that cover the peril of wind only. The forms are applicable only to residential properties located in areas eligible for coverage under the coastal account referred to in sub-subparagraph (b)2.a.

e. Commercial lines nonresidential property insurance forms that cover the peril of wind only. The forms are applicable only to non-residential properties located in areas eligible for coverage under the coastal account referred to in sub-subparagraph (b)2.a.

f. The corporation may adopt variations of the policy forms listed in sub-subparagraphs a.-e. which contain more restrictive coverage.

g. Effective January 1, 2013, the corporation shall offer a basic personal lines policy similar to an HO-8 policy with dwelling repair based on common construction materials and methods.

2. Must provide that the corporation adopt a program in which the corporation and authorized insurers enter into quota share primary insurance agreements for hurricane coverage, as defined in s. 627.4025(2)(a), for eligible risks, and adopt property insurance forms for eligible risks which cover the peril of wind only.

a. As used in this subsection, the term:

(I) "Quota share primary insurance" means an arrangement in which the primary hurricane coverage of an eligible risk is provided in specified percentages by the corporation and an authorized insurer. The corporation and authorized insurer are each solely responsible for a specified percentage of hurricane coverage of an eligible risk as set forth in a quota share primary insurance agreement between the corporation

and an authorized insurer and the insurance contract. The responsibility of the corporation or authorized insurer to pay its specified percentage of hurricane losses of an eligible risk, as set forth in the agreement, may not be altered by the inability of the other party to pay its specified percentage of losses. Eligible risks that are provided hurricane coverage through a quota share primary insurance arrangement must be provided policy forms that set forth the obligations of the corporation and authorized insurer under the arrangement, clearly specify the percentages of quota share primary insurance provided by the corporation and authorized insurer, and conspicuously and clearly state that the authorized insurer and the corporation may not be held responsible beyond their specified percentage of coverage of hurricane losses.

(II) "Eligible risks" means personal lines residential and commercial lines residential risks that meet the underwriting criteria of the corporation and are located in areas that were eligible for coverage by the Florida Windstorm Underwriting Association on January 1, 2002.

b. The corporation may enter into quota share primary insurance agreements with authorized insurers at corporation coverage levels of 90 percent and 50 percent.

c. If the corporation determines that additional coverage levels are necessary to maximize participation in quota share primary insurance agreements by authorized insurers, the corporation may establish additional coverage levels. However, the corporation's quota share primary insurance coverage level may not exceed 90 percent.

d. Any quota share primary insurance agreement entered into between an authorized insurer and the corporation must provide for a uniform specified percentage of coverage of hurricane losses, by county or territory as set forth by the corporation board, for all eligible risks of the authorized insurer covered under the agreement.

e. Any quota share primary insurance agreement entered into between an authorized insurer and the corporation is subject to review and approval by the office. However, such agreement shall be authorized only as to insurance contracts entered into between an authorized insurer and an insured who is already insured by the corporation for wind coverage.

f. For all eligible risks covered under quota share primary insurance agreements, the exposure and coverage levels for both the corporation and authorized insurers shall be reported by the corporation to the Florida Hurricane Catastrophe Fund. For all policies of eligible risks covered under such agreements, the corporation and the authorized insurer must maintain complete and accurate records for the purpose of exposure and loss reimbursement audits as required by fund rules. The corporation and the authorized insurer shall each maintain duplicate copies of policy declaration pages and supporting claims documents.

g. The corporation board shall establish in its plan of operation standards for quota share agreements which ensure that there is no discriminatory application among insurers as to the terms of the agreements, pricing of the agreements, incentive provisions if any, and consideration paid for servicing policies or adjusting claims.

h. The quota share primary insurance agreement between the corporation and an authorized insurer must set forth the specific terms under which coverage is provided, including, but not limited to, the sale and servicing of policies issued under the agreement by the insurance agent of the authorized insurer producing the business, the reporting of information concerning eligible risks, the payment of premium to the corporation, and arrangements for the adjustment and payment of hurricane claims incurred on eligible risks by the claims adjuster and personnel of the authorized insurer. Entering into a quota sharing insurance agreement between the corporation and an authorized insurer is voluntary and at the discretion of the authorized insurer.

3. May provide that the corporation may employ or otherwise contract with individuals or other entities to provide administrative or professional services that may be appropriate to effectuate the plan. The corporation may borrow funds by issuing bonds or by incurring other indebtedness, and shall have other powers reasonably necessary to effectuate the requirements of this subsection, including, without limitation, the power to issue bonds and incur other indebtedness in order to refinance outstanding bonds or other indebtedness. The cor-

poration may seek judicial validation of its bonds or other indebtedness under chapter 75. The corporation may issue bonds or incur other indebtedness, or have bonds issued on its behalf by a unit of local government pursuant to subparagraph (q)2. in the absence of a hurricane or other weather-related event, upon a determination by the corporation, subject to approval by the office, that such action would enable it to efficiently meet the financial obligations of the corporation and that such financings are reasonably necessary to effectuate the requirements of this subsection. The corporation may take all actions needed to facilitate tax-free status for such bonds or indebtedness, including formation of trusts or other affiliated entities. The corporation may pledge assessments, projected recoveries from the Florida Hurricane Catastrophe Fund, other reinsurance recoverables, policyholder surcharges and other surcharges, and other funds available to the corporation as security for bonds or other indebtedness. In recognition of s. 10, Art. I of the State Constitution, prohibiting the impairment of obligations of contracts, it is the intent of the Legislature that no action be taken whose purpose is to impair any bond indenture or financing agreement or any revenue source committed by contract to such bond or other indebtedness.

4. Must require that the corporation operate subject to the supervision and approval of a board of governors consisting of nine individuals who are residents of this state and who are from different geographical areas of the state, one of whom is appointed by the Governor and serves solely to advocate on behalf of the consumer. The appointment of a consumer representative by the Governor is deemed to be within the scope of the exemption provided in s. 112.313(7)(b) and is in addition to the appointments authorized under sub-subparagraph a.

a. The Governor, the Chief Financial Officer, the President of the Senate, and the Speaker of the House of Representatives shall each appoint two members of the board. At least one of the two members appointed by each appointing officer must have demonstrated expertise in insurance and be deemed to be within the scope of the exemption provided in s. 112.313(7)(b). The Chief Financial Officer shall designate one of the appointees as chair. All board members serve at the pleasure of the appointing officer. All members of the board are subject to removal at will by the officers who appointed them. All board members, including the chair, must be appointed to serve for 3-year terms beginning annually on a date designated by the plan. However, for the first term beginning on or after July 1, 2009, each appointing officer shall appoint one member of the board for a 2-year term and one member for a 3-year term. A board vacancy shall be filled for the unexpired term by the appointing officer. The Chief Financial Officer shall appoint a technical advisory group to provide information and advice to the board in connection with the board's duties under this subsection. The executive director and senior managers of the corporation shall be engaged by the board and serve at the pleasure of the board. Any executive director appointed on or after July 1, 2006, is subject to confirmation by the Senate. The executive director is responsible for employing other staff as the corporation may require, subject to review and concurrence by the board.

b. The board shall create a Market Accountability Advisory Committee to assist the corporation in developing awareness of its rates and its customer and agent service levels in relationship to the voluntary market insurers writing similar coverage.

(I) The members of the advisory committee consist of the following 11 persons, one of whom must be elected chair by the members of the committee: four representatives, one appointed by the Florida Association of Insurance Agents, one by the Florida Association of Insurance and Financial Advisors, one by the Professional Insurance Agents of Florida, and one by the Latin American Association of Insurance Agencies; three representatives appointed by the insurers with the three highest voluntary market share of residential property insurance business in the state; one representative from the Office of Insurance Regulation; one consumer appointed by the board who is insured by the corporation at the time of appointment to the committee; one representative appointed by the Florida Association of Realtors; and one representative appointed by the Florida Bankers Association. All members shall be appointed to 3-year terms and may serve for consecutive terms.

(II) The committee shall report to the corporation at each board meeting on insurance market issues which may include rates and rate competition with the voluntary market; service, including policy issu-

ance, claims processing, and general responsiveness to policyholders, applicants, and agents; and matters relating to depopulation.

5. Must provide a procedure for determining the eligibility of a risk for coverage, as follows:

a. Subject to s. 627.3517, with respect to personal lines residential risks, if the risk is offered coverage from an authorized insurer at the insurer's approved rate under a standard policy including wind coverage or, if consistent with the insurer's underwriting rules as filed with the office, a basic policy including wind coverage, for a new application to the corporation for coverage, the risk is not eligible for any policy issued by the corporation unless the premium for coverage from the authorized insurer is more than 15 percent greater than the premium for comparable coverage from the corporation. Whenever an offer of coverage for a personal lines residential risk is received for a policyholder of the corporation at renewal from an authorized insurer, if the offer is equal to or less than the corporation's renewal premium for comparable coverage, the risk is not eligible for coverage with the corporation. If the risk is not able to obtain such offer, the risk is eligible for a standard policy including wind coverage or a basic policy including wind coverage issued by the corporation; however, if the risk could not be insured under a standard policy including wind coverage regardless of market conditions, the risk is eligible for a basic policy including wind coverage unless rejected under subparagraph 8. However, a policyholder removed from the corporation through an assumption agreement remains eligible for coverage from the corporation until the end of the assumption period. The corporation shall determine the type of policy to be provided on the basis of objective standards specified in the underwriting manual and based on generally accepted underwriting practices.

(I) If the risk accepts an offer of coverage through the market assistance plan or through a mechanism established by the corporation other than a plan established by s. 627.3518, before a policy is issued to the risk by the corporation or during the first 30 days of coverage by the corporation, and the producing agent who submitted the application to the plan or to the corporation is not currently appointed by the insurer, the insurer shall:

(A) Pay to the producing agent of record of the policy for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record of the policy to continue servicing the policy for at least 1 year and offer to pay the agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-sub-paragraph (A).

(II) If the corporation enters into a contractual agreement for a take-out plan, the producing agent of record of the corporation policy is entitled to retain any unearned commission on the policy, and the insurer shall:

(A) Pay to the producing agent of record, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record to continue servicing the policy for at least 1 year and offer to pay the agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-sub-paragraph (A).

b. With respect to commercial lines residential risks, for a new application to the corporation for coverage, if the risk is offered coverage under a policy including wind coverage from an authorized insurer at its approved rate, the risk is not eligible for a policy issued by the corporation unless the premium for coverage from the authorized insurer is

more than 15 percent greater than the premium for comparable coverage from the corporation. Whenever an offer of coverage for a commercial lines residential risk is received for a policyholder of the corporation at renewal from an authorized insurer, if the offer is equal to or less than the corporation's renewal premium for comparable coverage, the risk is not eligible for coverage with the corporation. If the risk is not able to obtain any such offer, the risk is eligible for a policy including wind coverage issued by the corporation. However, a policyholder removed from the corporation through an assumption agreement remains eligible for coverage from the corporation until the end of the assumption period.

(I) If the risk accepts an offer of coverage through the market assistance plan or through a mechanism established by the corporation other than a plan established by s. 627.3518, before a policy is issued to the risk by the corporation or during the first 30 days of coverage by the corporation, and the producing agent who submitted the application to the plan or the corporation is not currently appointed by the insurer, the insurer shall:

(A) Pay to the producing agent of record of the policy, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record of the policy to continue servicing the policy for at least 1 year and offer to pay the agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-sub-paragraph (A).

(II) If the corporation enters into a contractual agreement for a take-out plan, the producing agent of record of the corporation policy is entitled to retain any unearned commission on the policy, and the insurer shall:

(A) Pay to the producing agent of record, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record to continue servicing the policy for at least 1 year and offer to pay the agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-sub-paragraph (A).

c. For purposes of determining comparable coverage under sub-subparagraphs a. and b., the comparison must be based on those forms and coverages that are reasonably comparable. The corporation may rely on a determination of comparable coverage and premium made by the producing agent who submits the application to the corporation, made in the agent's capacity as the corporation's agent. A comparison may be made solely of the premium with respect to the main building or structure only on the following basis: the same coverage A or other building limits; the same percentage hurricane deductible that applies on an annual basis or that applies to each hurricane for commercial residential property; the same percentage of ordinance and law coverage, if the same limit is offered by both the corporation and the authorized insurer; the same mitigation credits, to the extent the same types of credits are offered both by the corporation and the authorized insurer; the same method for loss payment, such as replacement cost or actual cash value, if the same method is offered both by the corporation and the authorized insurer in accordance with underwriting rules; and any other form or coverage that is reasonably comparable as determined by the board. If an application is submitted to the corporation for wind-only coverage in the coastal account, the premium for the corporation's wind-only policy plus the premium for the ex-wind policy that is offered by an authorized insurer to the applicant must be compared to the premium for multiperil coverage offered by an authorized insurer, subject to the standards for comparison specified in this subparagraph. If the corporation or the applicant requests from the authorized insurer

a breakdown of the premium of the offer by types of coverage so that a comparison may be made by the corporation or its agent and the authorized insurer refuses or is unable to provide such information, the corporation may treat the offer as not being an offer of coverage from an authorized insurer at the insurer's approved rate.

6. Must include rules for classifications of risks and rates.

7. Must provide that if premium and investment income for an account attributable to a particular calendar year are in excess of projected losses and expenses for the account attributable to that year, such excess shall be held in surplus in the account. Such surplus must be available to defray deficits in that account as to future years and used for that purpose before assessing assessable insurers and assessable insureds as to any calendar year.

8. Must provide objective criteria and procedures to be uniformly applied to all applicants in determining whether an individual risk is so hazardous as to be uninsurable. In making this determination and in establishing the criteria and procedures, the following must be considered:

a. Whether the likelihood of a loss for the individual risk is substantially higher than for other risks of the same class; and

b. Whether the uncertainty associated with the individual risk is such that an appropriate premium cannot be determined.

The acceptance or rejection of a risk by the corporation shall be construed as the private placement of insurance, and the provisions of chapter 120 do not apply.

9. Must provide that the corporation make its best efforts to procure catastrophe reinsurance at reasonable rates, to cover its projected 100-year probable maximum loss as determined by the board of governors.

10. The policies issued by the corporation must provide that if the corporation or the market assistance plan obtains an offer from an authorized insurer to cover the risk at its approved rates, the risk is no longer eligible for renewal through the corporation, except as otherwise provided in this subsection.

11. Corporation policies and applications must include a notice that the corporation policy could, under this section, be replaced with a policy issued by an authorized insurer which does not provide coverage identical to the coverage provided by the corporation. The notice must also specify that acceptance of corporation coverage creates a conclusive presumption that the applicant or policyholder is aware of this potential.

12. May establish, subject to approval by the office, different eligibility requirements and operational procedures for any line or type of coverage for any specified county or area if the board determines that such changes are justified due to the voluntary market being sufficiently stable and competitive in such area or for such line or type of coverage and that consumers who, in good faith, are unable to obtain insurance through the voluntary market through ordinary methods continue to have access to coverage from the corporation. If coverage is sought in connection with a real property transfer, the requirements and procedures may not provide an effective date of coverage later than the date of the closing of the transfer as established by the transferor, the transferee, and, if applicable, the lender.

13. Must provide that, with respect to the coastal account, any assessable insurer with a surplus as to policyholders of \$25 million or less writing 25 percent or more of its total countrywide property insurance premiums in this state may petition the office, within the first 90 days of each calendar year, to qualify as a limited apportionment company. A regular assessment levied by the corporation on a limited apportionment company for a deficit incurred by the corporation for the coastal account may be paid to the corporation on a monthly basis as the assessments are collected by the limited apportionment company from its insureds, but a limited apportionment company must begin collecting the regular assessments not later than 90 days after the regular assessments are levied by the corporation, and the regular assessments must be paid in full within 15 months after being levied by the corporation. A limited apportionment company shall collect from its policyholders any emergency assessment imposed under sub-sub-

paragraph (b)3.d. The plan must provide that, if the office determines that any regular assessment will result in an impairment of the surplus of a limited apportionment company, the office may direct that all or part of such assessment be deferred as provided in subparagraph (q)4. However, an emergency assessment to be collected from policyholders under sub-subparagraph (b)3.d. may not be limited or deferred.

14. Must provide that the corporation appoint as its licensed agents only those agents who throughout such appointments also hold an appointment as defined in s. 626.015 ~~s. 626.015(3)~~ by an insurer who is authorized to write and is actually writing or renewing personal lines residential property coverage, commercial residential property coverage, or commercial nonresidential property coverage within the state.

15. Must provide a premium payment plan option to its policyholders which, at a minimum, allows for quarterly and semiannual payment of premiums. A monthly payment plan may, but is not required to, be offered.

16. Must limit coverage on mobile homes or manufactured homes built before 1994 to actual cash value of the dwelling rather than replacement costs of the dwelling.

17. Must provide coverage for manufactured or mobile home dwellings. Such coverage must also include the following attached structures:

a. Screened enclosures that are aluminum framed or screened enclosures that are not covered by the same or substantially the same materials as those of the primary dwelling;

b. Carports that are aluminum or carports that are not covered by the same or substantially the same materials as those of the primary dwelling; and

c. Patios that have a roof covering that is constructed of materials that are not the same or substantially the same materials as those of the primary dwelling.

The corporation shall make available a policy for mobile homes or manufactured homes for a minimum insured value of at least \$3,000.

18. May provide such limits of coverage as the board determines, consistent with the requirements of this subsection.

19. May require commercial property to meet specified hurricane mitigation construction features as a condition of eligibility for coverage.

20. Must provide that new or renewal policies issued by the corporation on or after January 1, 2012, which cover sinkhole loss do not include coverage for any loss to appurtenant structures, driveways, sidewalks, decks, or patios that are directly or indirectly caused by sinkhole activity. The corporation shall exclude such coverage using a notice of coverage change, which may be included with the policy renewal, and not by issuance of a notice of nonrenewal of the excluded coverage upon renewal of the current policy.

21. As of January 1, 2012, must require that the agent obtain from an applicant for coverage from the corporation an acknowledgment signed by the applicant, which includes, at a minimum, the following statement:

**ACKNOWLEDGMENT OF POTENTIAL SURCHARGE
AND ASSESSMENT LIABILITY:**

1. AS A POLICYHOLDER OF CITIZENS PROPERTY INSURANCE CORPORATION, I UNDERSTAND THAT IF THE CORPORATION SUSTAINS A DEFICIT AS A RESULT OF HURRICANE LOSSES OR FOR ANY OTHER REASON, MY POLICY COULD BE SUBJECT TO SURCHARGES, WHICH WILL BE DUE AND PAYABLE UPON RENEWAL, CANCELLATION, OR TERMINATION OF THE POLICY, AND THAT THE SURCHARGES COULD BE AS HIGH AS 45 PERCENT OF MY PREMIUM, OR A DIFFERENT AMOUNT AS IMPOSED BY THE FLORIDA LEGISLATURE.

2. I UNDERSTAND THAT I CAN AVOID THE CITIZENS POLICYHOLDER SURCHARGE, WHICH COULD BE AS HIGH AS 45 PERCENT OF MY PREMIUM, BY OBTAINING COVERAGE FROM A

PRIVATE MARKET INSURER AND THAT TO BE ELIGIBLE FOR COVERAGE BY CITIZENS, I MUST FIRST TRY TO OBTAIN PRIVATE MARKET COVERAGE BEFORE APPLYING FOR OR RENEWING COVERAGE WITH CITIZENS. I UNDERSTAND THAT PRIVATE MARKET INSURANCE RATES ARE REGULATED AND APPROVED BY THE STATE.

3. I UNDERSTAND THAT I MAY BE SUBJECT TO EMERGENCY ASSESSMENTS TO THE SAME EXTENT AS POLICYHOLDERS OF OTHER INSURANCE COMPANIES, OR A DIFFERENT AMOUNT AS IMPOSED BY THE FLORIDA LEGISLATURE.

4. I ALSO UNDERSTAND THAT CITIZENS PROPERTY INSURANCE CORPORATION IS NOT SUPPORTED BY THE FULL FAITH AND CREDIT OF THE STATE OF FLORIDA.

a. The corporation shall maintain, in electronic format or otherwise, a copy of the applicant's signed acknowledgment and provide a copy of the statement to the policyholder as part of the first renewal after the effective date of this subparagraph.

b. The signed acknowledgment form creates a conclusive presumption that the policyholder understood and accepted his or her potential surcharge and assessment liability as a policyholder of the corporation.

Section 37. This act shall take effect July 1, 2017.

PRAYER

The following prayer was offered by Major Timothy P. Gilliam, Area Commander of the Salvation Army of Lee, Hendry, and Glades Counties, Fort Myers:

Mighty God, we approach you with awe and reverence as we acknowledge you as the creator, preserver, and ruler of all things. We recognize that you are the giver of all blessings as you are our great provider. Hear our prayer this morning.

If we are honest with you and ourselves, these are trying days of division, mistrust, and concern. We pray that you would bring to us a spirit of unity and grant divine wisdom to our elected officials. Give them your anointing, protection, and blessing. Help them to live up to the sacred trust given to them by the people of Florida. Guide them in every decision. Bestow upon them discernment, enabling them to think with clear minds, clean hands, and pure hearts. May our leaders govern with integrity and common sense.

Your word says in 2 Chronicles 7:14, "If my people, who are called by my name, will humble themselves and pray and seek my face and turn from their wicked ways, then I will hear from heaven, and I will forgive their sin and will heal their land." May we do as you have instructed. May our leaders follow your principles and be guided by your precepts. Help them to understand their decisions have an impact on all people's

lives. Be their defender as they defend us. Grant them encouragement as they make every effort to do what is courageous and honorable. Remind them that it is better to do what is right rather than to do what is popular, convenient, or easy.

You have called each of us to protect this state we call home and not just its resources of land, water, and earthly treasure—but most importantly, its people. Help us to reach out to those living on the fringes. Remind us not to forget those whom many would consider the "least," the "last," or the "lost." Our state is too good to allow people to fall through the cracks of society; help us to put the needs of others ahead of our own self-interests. If we do these things, remind us that Florida's best days are ahead of us, not behind.

Again, bless and guide our Governor, Senators, Representatives, and each of our elected officials as they enact laws and policies that ensure our state's peace and prosperity. Thank you for hearing our prayer and know we offer it in humility. Grant us your blessings as we pray in your name. Amen.

Senate Pages, Caden Emerson of Oviedo; Emanuel Rouson of St. Petersburg, son of Senator Rouson; and Emma Kerr of Tallahassee, led the Senate in the Pledge of Allegiance to the flag of the United States of America.

(31)(27) “Recycling” means any process by which solid waste, or materials that would otherwise become solid waste, are collected, separated, or processed and reused or returned to use in the form of raw materials or intermediate or final products. Such raw materials or intermediate or final products include, but are not limited to, crude oil, fuels, and fuel substitutes.

(36)(32) “Solid waste” means sludge unregulated under the federal Clean Water Act or Clean Air Act, sludge from a waste treatment works, water supply treatment plant, or air pollution control facility, or garbage, rubbish, refuse, special waste, or other discarded material, including solid, liquid, semisolid, or contained gaseous material resulting from domestic, industrial, commercial, mining, agricultural, or governmental operations. Recovered materials as defined in subsection (28) and post-use polymers as defined in subsection (24) are not solid waste.

(39)(35) “Solid waste management facility” means any solid waste disposal area, volume reduction plant, transfer station, materials re-

covery facility, or other facility, the purpose of which is resource recovery or the disposal, recycling, processing, or storage of solid waste. The term does not include recovered materials processing facilities or *pyrolysis facilities* that meet the requirements of s. 403.7046, except the portion of such facilities, if any, which is used for the management of solid waste.

Section 2. Subsection (1) of section 403.7045, Florida Statutes, is amended to read:

403.7045 Application of act and integration with other acts.—

(1) The following wastes or activities ~~may shall~~ not be regulated pursuant to this act:

(a) Byproduct material, source material, and special nuclear material, the generation, transportation, disposal, storage, or treatment of which is regulated under chapter 404 or the federal Atomic Energy Act of 1954, ch. 1073, 68 Stat. 923, as amended.;

(b) Suspended solids and dissolved materials in domestic sewage effluent or irrigation return flows or other discharges which are point sources subject to permits pursuant to this chapter or s. 402 of the Clean Water Act, Pub. L. No. 95-217.;

(c) Emissions to the air from a stationary installation or source regulated under this chapter or the Clean Air Act, Pub. L. No. 95-95.;

(d) Drilling fluids, produced waters, and other wastes associated with the exploration for, or development and production of, crude oil or natural gas which are regulated under chapter 377.;

(e) Recovered materials, *post-use polymers*, ~~or~~ recovered materials processing facilities, or *pyrolysis facilities*, except as provided in s. 403.7046, if:

1. A majority of the recovered materials or *post-use polymers* at the facility are demonstrated to be sold, used, or reused within 1 year. As used in this subparagraph, the terms “used” or “reused” include, but are not limited to, the conversion of *post-use polymers* into crude oil, fuels, feedstocks, or other raw materials or intermediate or final products by gasification or pyrolysis, as defined in s. 403.703.

2. The recovered materials or *post-use polymers* handled by the facility or the products or byproducts of operations that process recovered materials or *post-use polymers* are not discharged, deposited, injected, dumped, spilled, leaked, or placed into or upon any land or water by the owner or operator of the ~~such~~ facility so that the ~~such~~ recovered materials or *post-use polymers*, products or byproducts, or any constituent thereof may enter other lands or be emitted into the air or discharged into any waters, including groundwaters, or otherwise enter the environment such that a threat of contamination in excess of applicable department standards and criteria is caused.

3. The recovered materials or *post-use polymers* handled by the facility are not hazardous wastes as defined in ~~under~~ s. 403.703; and rules adopted under this section ~~promulgated pursuant thereto~~.

4. The facility is registered as required in s. 403.7046.

(f) Industrial byproducts, if:

1. A majority of the industrial byproducts are demonstrated to be sold, used, or reused within 1 year.

2. The industrial byproducts are not discharged, deposited, injected, dumped, spilled, leaked, or placed upon any land or water so that such industrial byproducts, or any constituent thereof, may enter other lands or be emitted into the air or discharged into any waters, including groundwaters, or otherwise enter the environment such that a threat of contamination in excess of applicable department standards and criteria or a significant threat to public health is caused.

3. The industrial byproducts are not hazardous wastes as defined in ~~under~~ s. 403.703 and rules adopted under this section.

Sludge from an industrial waste treatment works that meets the exemption requirements of this paragraph is not solid waste as defined in s. 403.703 ~~or 403.703(32)~~.

Section 3. Subsection (1) and paragraph (b) of subsection (3) of section 403.7046, Florida Statutes, are amended to read:

403.7046 Regulation of recovered materials.—

(1) Any person who handles, purchases, receives, recovers, sells, or is an end user of recovered materials *or post-use polymers* shall annually certify to the department on forms provided by the department. The department may by rule exempt from this requirement generators of recovered materials *or post-use polymers*; persons who handle or sell recovered materials *or post-use polymers* as an activity which is incidental to the normal primary business activities of that person; or persons who handle, purchase, receive, recover, sell, or are end users of recovered materials *or post-use polymers* in small quantities as defined by the department. The department shall adopt rules for the certification of and reporting by such persons and shall establish criteria for revocation of such certification. Such rules shall be designed to elicit, at a minimum, the amount and types of recovered materials *or post-use polymers* handled by registrants, and the amount and disposal site, or name of person with whom such disposal was arranged, of any solid waste generated by such facility. By February 1 of each year, registrants shall report all required information to the department and to all counties from which it received materials. Such rules may provide for the department to conduct periodic inspections. The department may charge a fee of up to \$50 for each registration, which shall be deposited into the Solid Waste Management Trust Fund for implementation of the program.

(3) Except as otherwise provided in this section or pursuant to a special act in effect on or before January 1, 1993, a local government may not require a commercial establishment that generates source-separated recovered materials to sell or otherwise convey its recovered materials to the local government or to a facility designated by the local government, nor may the local government restrict such a generator's right to sell or otherwise convey such recovered materials to any properly certified recovered materials dealer who has satisfied the requirements of this section. A local government may not enact any ordinance that prevents such a dealer from entering into a contract with a commercial establishment to purchase, collect, transport, process, or receive source-separated recovered materials.

(b)1. Before engaging in business within the jurisdiction of the local government, a recovered materials dealer *or pyrolysis facility* must provide the local government with a copy of the certification provided for in this section. In addition, the local government may establish a registration process whereby a recovered materials dealer *or pyrolysis facility* must register with the local government before engaging in business within the jurisdiction of the local government. Such registration process is limited to requiring the dealer *or pyrolysis facility* to register its name, including the owner or operator of the dealer *or pyrolysis facility*, and, if the dealer *or pyrolysis facility* is a business entity, its general or limited partners, its corporate officers and directors, its permanent place of business, evidence of its certification under this section, and a certification that the recovered materials *or post-use polymers* will be processed at a recovered materials processing facility *or pyrolysis facility* satisfying the requirements of this section. The local government may not use the information provided in the registration application to compete unfairly with the recovered materials dealer until 90 days after receipt of the application. All counties, and municipalities whose population exceeds 35,000 according to the population estimates determined pursuant to s. 186.901, may establish a reporting process that must be limited to the regulations, reporting format, and reporting frequency established by the department pursuant to this section, which must, at a minimum, include requiring the dealer *or pyrolysis facility* to identify the types and approximate amount of recovered materials *or post-use polymers* collected, recycled, or reused during the reporting period; the approximate percentage of recovered materials *or post-use polymers* reused, stored, or delivered to a recovered materials processing facility *or pyrolysis facility* or disposed of in a solid waste disposal facility; and the locations where any recovered materials *or post-use polymers* were disposed of as solid waste. The local government may charge the dealer *or pyrolysis facility* a registration fee commensurate with and no greater than the cost incurred by the local government in operating its registration program. Registration program costs are limited to those costs associated with the activities described in this subparagraph. Any reporting or registration process established by a local government with regard to recovered materials *or*

post-use polymers is governed by this section and department rules adopted pursuant thereto.

2. Information reported under this subsection which, if disclosed, would reveal a trade secret, as defined in s. 812.081, is confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution. This subparagraph is subject to the Open Government Sunset Review Act in accordance with s. 119.15 and shall stand repealed on October 2, 2021, unless reviewed and saved from repeal through reenactment by the Legislature.

Section 4. Subsection (2) of section 171.205, Florida Statutes, is amended to read:

171.205 Consent requirements for annexation of land under this part.—Notwithstanding part I, an interlocal service boundary agreement may provide a process for annexation consistent with this section or with part I.

(2) If the area to be annexed includes a privately owned solid waste disposal facility as defined in s. 403.703 ~~s. 403.703(33)~~ which receives municipal solid waste collected within the jurisdiction of multiple local governments, the annexing municipality must set forth in its plan the effects that the annexation of the solid waste disposal facility will have on the other local governments. The plan must also indicate that the owner of the affected solid waste disposal facility has been contacted in writing concerning the annexation, that an agreement between the annexing municipality and the solid waste disposal facility to govern the operations of the solid waste disposal facility if the annexation occurs has been approved, and that the owner of the solid waste disposal facility does not object to the proposed annexation.

Section 5. Subsection (28) of section 316.003, Florida Statutes, is amended to read:

316.003 Definitions.—The following words and phrases, when used in this chapter, shall have the meanings respectively ascribed to them in this section, except where the context otherwise requires:

(28) HAZARDOUS MATERIAL.—Any substance or material which has been determined by the secretary of the United States Department of Transportation to be capable of imposing an unreasonable risk to health, safety, and property. This term includes hazardous waste as defined in s. 403.703 ~~s. 403.703(13)~~.

Section 6. Paragraph (f) of subsection (2) of section 377.709, Florida Statutes, is amended to read:

377.709 Funding by electric utilities of local governmental solid waste facilities that generate electricity.—

(2) DEFINITIONS.—As used in this section, the term:

(f) “Solid waste facility” means a facility owned or operated by, or on behalf of, a local government for the purpose of disposing of solid waste, as ~~that term is defined in s. 403.703 s. 403.703(32)~~, by any process that produces heat and incorporates, as a part of the facility, the means of converting heat to electrical energy in amounts greater than actually required for the operation of the facility.

Section 7. Subsection (1) of section 487.048, Florida Statutes, is amended to read:

487.048 Dealer's license; records.—

(1) Each person holding or offering for sale, selling, or distributing restricted-use pesticides must obtain a dealer's license from the department. Application for the license shall be filed with the department by using a form prescribed by the department or by using the department's website. The license must be obtained before entering into business or transferring ownership of a business. The department may require examination or other proof of competency of individuals to whom licenses are issued or of individuals employed by persons to whom licenses are issued. Demonstration of continued competency may be required for license renewal, as set by rule. The license shall be renewed annually as provided by rule. An annual license fee not exceeding \$250 shall be established by rule. However, a user of a restricted-use pesticide may distribute unopened containers of a properly labeled pesticide to another user who is legally entitled to use that

restricted-use pesticide without obtaining a pesticide dealer license. The exclusive purpose of distribution of the restricted-use pesticide is to keep it from becoming a hazardous waste as defined in s. 403.703 ~~to~~ 403.703(13).

Section 8. This act shall take effect July 1, 2017.

Senator Garcia moved the following amendment:

Amendment 1 (226564) (with title amendment)—Delete everything after the enacting clause and insert:

Section 1. Present subsections (35) through (80) of section 39.01, Florida Statutes, are redesignated as subsections (36) through (81), respectively, a new subsection (35) is added to that section, and subsections (10) and (32) and present subsections (49) and (52) of that section are amended, to read:

39.01 Definitions.—When used in this chapter, unless the context otherwise requires:

(10) “Caregiver” means the parent, legal custodian, permanent guardian, adult household member, or other person responsible for a child’s welfare as defined in subsection (48) (47).

(32) “Institutional child abuse or neglect” means situations of known or suspected child abuse or neglect in which the person allegedly perpetrating the child abuse or neglect is an employee of a private school, public or private day care center, residential home, institution, facility, or agency or any other person at such institution responsible for the child’s care as defined in subsection (48) (47).

(35) “Legal father” means a man married to the mother at the time of conception or birth of their child, unless paternity has been otherwise determined by a court of competent jurisdiction. If the mother was not married to a man at the time of birth or conception of the child, the term means a man named on the birth certificate of the child pursuant to s. 382.013(2), a man determined by a court order to be the father of the child, or a man determined to be the father of the child by the Department of Revenue as provided in s. 409.256.

(50)(49) “Parent” means a woman who gives birth to a child and a man whose consent to the adoption of the child would be required under s. 63.062(1). The term “parent” also means legal father as defined in this section. If a child has been legally adopted, the term “parent” means the adoptive mother or father of the child. For purposes of this chapter only, when the phrase “parent or legal custodian” is used, it refers to rights or responsibilities of the parent and, only if there is no living parent with intact parental rights, to the rights or responsibilities of the legal custodian who has assumed the role of the parent. The term does not include an individual whose parental relationship to the child has been legally terminated, or an alleged or prospective parent, unless:

(a) The parental status falls within the terms of s. 39.503(1) or s. 63.062(1); or

(b) Parental status is applied for the purpose of determining whether the child has been abandoned.

(53)(52) “Permanency goal” means the living arrangement identified for the child to return to or identified as the permanent living arrangement of the child. ~~Permanency goals applicable under this chapter, listed in order of preference, are:~~

~~(a) Reunification;~~

~~(b) Adoption when a petition for termination of parental rights has been or will be filed;~~

~~(c) Permanent guardianship of a dependent child under s. 39.6221;~~

~~(d) Permanent placement with a fit and willing relative under s. 39.6231; or~~

~~(e) Placement in another planned permanent living arrangement under s. 39.6241.~~

The permanency goal is also the case plan goal. If concurrent case planning is being used, reunification may be pursued at the same time that another permanency goal is pursued.

Section 2. Subsection (2) of section 39.013, Florida Statutes, is amended to read:

39.013 Procedures and jurisdiction; right to counsel.—

(2) The circuit court has exclusive original jurisdiction of all proceedings under this chapter, of a child voluntarily placed with a licensed child-caring agency, a licensed child-placing agency, or the department, and of the adoption of children whose parental rights have been terminated under this chapter. Jurisdiction attaches when the initial shelter petition, dependency petition, or termination of parental rights petition, or a petition for an injunction to prevent child abuse issued pursuant to s. 39.504, is filed or when a child is taken into the custody of the department. The circuit court may assume jurisdiction over any such proceeding regardless of whether the child was in the physical custody of both parents, was in the sole legal or physical custody of only one parent, caregiver, or some other person, or was not in the physical or legal custody of any person when the event or condition occurred that brought the child to the attention of the court. When the court obtains jurisdiction of any child who has been found to be dependent, the court shall retain jurisdiction, unless relinquished by its order, until the child reaches 21 years of age, or 22 years of age if the child has a disability, with the following exceptions:

(a) If a young adult chooses to leave foster care upon reaching 18 years of age.

(b) If a young adult does not meet the eligibility requirements to remain in foster care under s. 39.6251 or chooses to leave care under that section.

(c) If a young adult petitions the court at any time before his or her 19th birthday requesting the court's continued jurisdiction, the juvenile court may retain jurisdiction under this chapter for a period not to exceed 1 year following the young adult's 18th birthday for the purpose of determining whether appropriate services that were required to be provided to the young adult before reaching 18 years of age have been provided.

(d) If a petition for special immigrant juvenile status and an application for adjustment of status have been filed on behalf of a foster child and the petition and application have not been granted by the time the child reaches 18 years of age, the court may retain jurisdiction over the dependency case solely for the purpose of allowing the continued consideration of the petition and application by federal authorities. Review hearings for the child shall be set solely for the purpose of determining the status of the petition and application. The court's jurisdiction terminates upon the final decision of the federal authorities. Retention of jurisdiction in this instance does not affect the services available to a young adult under s. 409.1451. The court may not retain jurisdiction of the case after the immigrant child's 22nd birthday.

Section 3. Paragraphs (a), (d), and (e) of subsection (2) of section 39.202, Florida Statutes, are amended to read:

39.202 Confidentiality of reports and records in cases of child abuse or neglect.—

(2) Except as provided in subsection (4), access to such records, excluding the name of the reporter which shall be released only as provided in subsection (5), shall be granted only to the following persons, officials, and agencies:

(a) Employees, authorized agents, or contract providers of the department, the Department of Health, the Agency for Persons with Disabilities, the Office of Early Learning, or county agencies responsible for carrying out:

1. Child or adult protective investigations;
2. Ongoing child or adult protective services;
3. Early intervention and prevention services;
4. Healthy Start services;

5. Licensure or approval of adoptive homes, foster homes, child care facilities, facilities licensed under chapter 393, family day care homes, providers who receive school readiness funding under part VI of chapter

1002, or other homes used to provide for the care and welfare of children; or

6. Employment screening for caregivers in residential group homes; or

7. Services for victims of domestic violence when provided by certified domestic violence centers working at the department's request as case consultants or with shared clients.

Also, employees or agents of the Department of Juvenile Justice responsible for the provision of services to children, pursuant to chapters 984 and 985.

(d) The parent or legal custodian of any child who is alleged to have been abused, abandoned, or neglected, and the child, and their attorneys, including any attorney representing a child in civil or criminal proceedings. This access shall be made available no later than 60 days after the department receives the initial report of abuse, neglect, or abandonment. However, any information otherwise made confidential or exempt by law shall not be released pursuant to this paragraph.

(e) Any person alleged in the report as having caused the abuse, abandonment, or neglect of a child. This access shall be made available no later than 60 days after the department receives the initial report of abuse, neglect, or abandonment, or neglect and, when the alleged perpetrator is not a parent, shall be limited to information involving the protective investigation only and shall not include any information relating to subsequent dependency proceedings. However, any information otherwise made confidential or exempt by law shall not be released pursuant to this paragraph.

Section 4. Paragraph (a) of subsection (9) of section 39.301, Florida Statutes, is amended, and subsection (23) is added to that section, to read:

39.301 Initiation of protective investigations.—

(9)(a) For each report received from the central abuse hotline and accepted for investigation, the department or the sheriff providing child protective investigative services under s. 39.3065, shall perform the following child protective investigation activities to determine child safety:

1. Conduct a review of all relevant, available information specific to the child and family and alleged maltreatment; family child welfare history; local, state, and federal criminal records checks; and requests for law enforcement assistance provided by the abuse hotline. Based on a review of available information, including the allegations in the current report, a determination shall be made as to whether immediate consultation should occur with law enforcement, the child protection team, a domestic violence shelter or advocate, or a substance abuse or mental health professional. Such consultations should include discussion as to whether a joint response is necessary and feasible. A determination shall be made as to whether the person making the report should be contacted before the face-to-face interviews with the child and family members.

2. Conduct face-to-face interviews with the child; other siblings, if any; and the parents, legal custodians, or caregivers.

3. Assess the child's residence, including a determination of the composition of the family and household, including the name, address, date of birth, social security number, sex, and race of each child named in the report; any siblings or other children in the same household or in the care of the same adults; the parents, legal custodians, or caregivers; and any other adults in the same household.

4. Determine whether there is any indication that any child in the family or household has been abused, abandoned, or neglected; the nature and extent of present or prior injuries, abuse, or neglect, and any evidence thereof; and a determination as to the person or persons apparently responsible for the abuse, abandonment, or neglect, including the name, address, date of birth, social security number, sex, and race of each such person.

5. Complete assessment of immediate child safety for each child based on available records, interviews, and observations with all persons named in subparagraph 2. and appropriate collateral contacts,

which may include other professionals. The department's child protection investigators are hereby designated a criminal justice agency for the purpose of accessing criminal justice information to be used for enforcing this state's laws concerning the crimes of child abuse, abandonment, and neglect. This information shall be used solely for purposes supporting the detection, apprehension, prosecution, pretrial release, posttrial release, or rehabilitation of criminal offenders or persons accused of the crimes of child abuse, abandonment, or neglect and may not be further disseminated or used for any other purpose.

6. Document the present and impending dangers to each child based on the identification of inadequate protective capacity through utilization of a standardized safety assessment instrument. If present or impending danger is identified, the child protective investigator must implement a safety plan or take the child into custody. If present danger is identified and the child is not removed, the child protective investigator shall create and implement a safety plan before leaving the home or the location where there is present danger. If impending danger is identified, the child protective investigator shall create and implement a safety plan as soon as necessary to protect the safety of the child. The child protective investigator may modify the safety plan if he or she identifies additional impending danger.

a. If the child protective investigator implements a safety plan, the plan must be specific, sufficient, feasible, and sustainable in response to the realities of the present or impending danger. A safety plan may be an in-home plan or an out-of-home plan, or a combination of both. A safety plan may include tasks or responsibilities for a parent, caregiver, or legal custodian. However, a safety plan may not rely on promissory commitments by the parent, caregiver, or legal custodian who is currently not able to protect the child or on services that are not available or will not result in the safety of the child. A safety plan may not be implemented if for any reason the parents, guardian, or legal custodian lacks the capacity or ability to comply with the plan. If the department is not able to develop a plan that is specific, sufficient, feasible, and sustainable, the department shall file a shelter petition. A child protective investigator shall implement separate safety plans for the perpetrator of domestic violence, *if the investigator, using reasonable efforts, can locate the perpetrator to implement a safety plan*, and for the parent who is a victim of domestic violence as defined in s. 741.28. *Reasonable efforts to locate a perpetrator include, but are not limited to, a diligent search pursuant to the same requirements as in s. 39.503.* If the perpetrator of domestic violence is not the parent, guardian, or legal custodian of any child in the home and if the department does not intend to file a shelter petition or dependency petition that will assert allegations against the perpetrator as a parent of a child in the home, the child protective investigator shall seek issuance of an injunction authorized by s. 39.504 to implement a safety plan for the perpetrator and impose any other conditions to protect the child. The safety plan for the parent who is a victim of domestic violence may not be shared with the perpetrator. If any party to a safety plan fails to comply with the safety plan resulting in the child being unsafe, the department shall file a shelter petition.

b. The child protective investigator shall collaborate with the community-based care lead agency in the development of the safety plan as necessary to ensure that the safety plan is specific, sufficient, feasible, and sustainable. The child protective investigator shall identify services necessary for the successful implementation of the safety plan. The child protective investigator and the community-based care lead agency shall mobilize service resources to assist all parties in complying with the safety plan. The community-based care lead agency shall prioritize safety plan services to families who have multiple risk factors, including, but not limited to, two or more of the following:

- (I) The parent or legal custodian is of young age;
- (II) The parent or legal custodian, or an adult currently living in or frequently visiting the home, has a history of substance abuse, mental illness, or domestic violence;
- (III) The parent or legal custodian, or an adult currently living in or frequently visiting the home, has been previously found to have physically or sexually abused a child;
- (IV) The parent or legal custodian or an adult currently living in or frequently visiting the home has been the subject of multiple allegations by reputable reports of abuse or neglect;

(V) The child is physically or developmentally disabled; or

(VI) The child is 3 years of age or younger.

c. The child protective investigator shall monitor the implementation of the plan to ensure the child's safety until the case is transferred to the lead agency at which time the lead agency shall monitor the implementation.

(23) *If, at any time during a child protective investigation, a child is born into a family under investigation or a child moves into the home under investigation, the child protective investigator shall add the child to the investigation and assess the child's safety pursuant to subsection (7) and paragraph (9)(a).*

Section 5. Subsections (1) and (7) of section 39.302, Florida Statutes, are amended to read:

39.302 Protective investigations of institutional child abuse, abandonment, or neglect.—

(1) The department shall conduct a child protective investigation of each report of institutional child abuse, abandonment, or neglect. Upon receipt of a report that alleges that an employee or agent of the department, or any other entity or person covered by s. 39.01(32) or (48) (47), acting in an official capacity, has committed an act of child abuse, abandonment, or neglect, the department shall initiate a child protective investigation within the timeframe established under s. 39.201(5) and notify the appropriate state attorney, law enforcement agency, and licensing agency, which shall immediately conduct a joint investigation, unless independent investigations are more feasible. When conducting investigations or having face-to-face interviews with the child, investigation visits shall be unannounced unless it is determined by the department or its agent that unannounced visits threaten the safety of the child. If a facility is exempt from licensing, the department shall inform the owner or operator of the facility of the report. Each agency conducting a joint investigation is entitled to full access to the information gathered by the department in the course of the investigation. A protective investigation must include an interview with the child's parent or legal guardian. The department shall make a full written report to the state attorney within 3 working days after making the oral report. A criminal investigation shall be coordinated, whenever possible, with the child protective investigation of the department. Any interested person who has information regarding the offenses described in this subsection may forward a statement to the state attorney as to whether prosecution is warranted and appropriate. Within 15 days after the completion of the investigation, the state attorney shall report the findings to the department and shall include in the report a determination of whether or not prosecution is justified and appropriate in view of the circumstances of the specific case.

(7) When an investigation of institutional abuse, neglect, or abandonment is closed and a person is not identified as a caregiver responsible for the abuse, neglect, or abandonment alleged in the report, the fact that the person is named in some capacity in the report may not be used in any way to adversely affect the interests of that person. This prohibition applies to any use of the information in employment screening, licensing, child placement, adoption, or any other decisions by a private adoption agency or a state agency or its contracted providers.

(a) *However, if such a person is a licensee of the department and is named in any capacity in three or more reports within a 5-year period, the department may review those reports and determine whether the information contained in the reports is relevant for purposes of determining whether the person's license should be renewed or revoked. If the information is relevant to the decision to renew or revoke the license, the department may rely on the information contained in the report in making that decision.*

(b) *Likewise, if a person is employed as a caregiver in a residential group home licensed pursuant to s. 409.175 and is named in any capacity in three or more reports within a 5-year period, the department may review all reports for the purposes of the employment screening required pursuant to s. 409.145(2)(e).*

Section 6. Paragraph (c) of subsection (8) of section 39.402, Florida Statutes, is amended to read:

39.402 Placement in a shelter.—

(8)

(c) At the shelter hearing, the court shall:

1. Appoint a guardian ad litem to represent the best interest of the child, unless the court finds that such representation is unnecessary;

2. Inform the parents or legal custodians of their right to counsel to represent them at the shelter hearing and at each subsequent hearing or proceeding, and the right of the parents to appointed counsel, pursuant to the procedures set forth in s. 39.013; ~~and~~

3. Give the parents or legal custodians an opportunity to be heard and to present evidence; *and*

4. *Inquire of those present at the shelter hearing as to the identity and location of the legal father. In determining who the legal father of the child may be, the court shall inquire under oath of those present at the shelter hearing whether they have any of the following information:*

a. Whether the mother of the child was married at the probable time of conception of the child or at the time of birth of the child.

b. Whether the mother was cohabiting with a male at the probable time of conception of the child.

c. Whether the mother has received payments or promises of support with respect to the child or because of her pregnancy from a man who claims to be the father.

d. Whether the mother has named any man as the father on the birth certificate of the child or in connection with applying for or receiving public assistance.

e. Whether any man has acknowledged or claimed paternity of the child in a jurisdiction in which the mother resided at the time of or since conception of the child or in which the child has resided or resides.

f. Whether a man is named on the birth certificate of the child pursuant to s. 382.013(2).

g. Whether a man has been determined by a court order to be the father of the child.

h. Whether a man has been determined to be the father of the child by the Department of Revenue as provided in s. 409.256.

Section 7. Subsections (1), (6), and (8) of section 39.503, Florida Statutes, are amended, subsection (9) is added to that section, and subsection (7) of that section is republished, to read:

39.503 Identity or location of parent unknown; special procedures.—

(1) If the identity or location of a parent is unknown and a petition for dependency or shelter is filed, the court shall conduct *under oath* the following inquiry of the parent or legal custodian who is available, or, if no parent or legal custodian is available, of any relative or custodian of the child who is present at the hearing and likely to have *any of the following* information:

(a) Whether the mother of the child was married at the probable time of conception of the child or at the time of birth of the child.

(b) Whether the mother was cohabiting with a male at the probable time of conception of the child.

(c) Whether the mother has received payments or promises of support with respect to the child or because of her pregnancy from a man who claims to be the father.

(d) Whether the mother has named any man as the father on the birth certificate of the child or in connection with applying for or receiving public assistance.

(e) Whether any man has acknowledged or claimed paternity of the child in a jurisdiction in which the mother resided at the time of or since conception of the child, or in which the child has resided or resides.

(f) Whether a man is named on the birth certificate of the child pursuant to s. 382.013(2).

(g) Whether a man has been determined by a court order to be the father of the child.

(h) Whether a man has been determined to be the father of the child by the Department of Revenue as provided in s. 409.256.

(6) The diligent search required by subsection (5) must include, at a minimum, inquiries of all relatives of the parent or prospective parent made known to the petitioner, inquiries of all offices of program areas of the department likely to have information about the parent or prospective parent, inquiries of other state and federal agencies likely to have information about the parent or prospective parent, inquiries of appropriate utility and postal providers, a thorough search of at least one electronic database specifically designed for locating persons, *a search of the Florida Putative Father Registry*, and inquiries of appropriate law enforcement agencies. Pursuant to s. 453 of the Social Security Act, 42 U.S.C. s. 653(c)(4), the department, as the state agency administering Titles IV-B and IV-E of the act, shall be provided access to the federal and state parent locator service for diligent search activities.

(7) Any agency contacted by a petitioner with a request for information pursuant to subsection (6) shall release the requested information to the petitioner without the necessity of a subpoena or court order.

(8) If the inquiry and diligent search identifies a prospective parent, that person must be given the opportunity to become a party to the proceedings by completing a sworn affidavit of parenthood and filing it with the court or the department. A prospective parent who files a sworn affidavit of parenthood while the child is a dependent child but no later than at the time of or ~~before~~ *prior to* the adjudicatory hearing in any termination of parental rights proceeding for the child shall be considered a parent for all purposes under this section unless the other parent contests the determination of parenthood. If the known parent contests the recognition of the prospective parent as a parent, the prospective parent ~~may~~ *shall* not be recognized as a parent until proceedings to determine maternity or paternity under chapter 742 have been concluded. However, the prospective parent shall continue to receive notice of hearings as a participant pending results of the chapter 742 proceedings to determine maternity or paternity.

(9) If the diligent search under subsection (5) fails to identify and locate a parent or prospective parent, the court shall so find and may proceed without further notice.

Section 8. Section 39.504, Florida Statutes, is amended to read:

39.504 Injunction ~~pending disposition of petition~~; penalty.—

(1) At any time after a protective investigation has been initiated pursuant to part III of this chapter, the court, upon the request of the department, a law enforcement officer, the state attorney, or other responsible person, or upon its own motion, may, if there is reasonable cause, issue an injunction to prevent any act of child abuse. Reasonable cause for the issuance of an injunction exists if there is evidence of child abuse or if there is a reasonable likelihood of such abuse occurring based upon a recent overt act or failure to act. *If there is a pending dependency proceeding regarding the child whom the injunction is sought to protect, the judge hearing the dependency proceeding must also hear the injunction proceeding regarding the child.*

(2) The petitioner seeking the injunction shall file a verified petition, or a petition along with an affidavit, setting forth the specific actions by the alleged offender from which the child must be protected and all remedies sought. Upon filing the petition, the court shall set a hearing to be held at the earliest possible time. Pending the hearing, the court may issue a temporary ex parte injunction, with verified pleadings or affidavits as evidence. The temporary ex parte injunction pending a hearing is effective for up to 15 days and the hearing must be held within that period unless continued for good cause shown, which may include obtaining service of process, in which case the temporary ex parte injunction shall be extended for the continuance period. The hearing may be held sooner if the alleged offender has received reasonable notice.

(3) Before the hearing, the alleged offender must be personally served with a copy of the petition, all other pleadings related to the petition, a notice of hearing, and, if one has been entered, the temporary injunction. *If the petitioner cannot locate the alleged offender for service after a diligent search pursuant to the same requirements as in s. 39.503 and the filing of an affidavit of diligent search, the court may enter the injunction based on the sworn petition and any affidavits. At the hearing, the court may base its determination on a sworn petition, testimony, or an affidavit and may hear all relevant and material evidence, including oral and written reports, to the extent of its probative value even though it would not be competent evidence at an adjudicatory hearing.* Following the hearing, the court may enter a final injunction. The court may grant a continuance of the hearing at any time for good cause shown by any party. If a temporary injunction has been entered, it shall be continued during the continuance.

(4) If an injunction is issued under this section, the primary purpose of the injunction must be to protect and promote the best interests of the child, taking the preservation of the child's immediate family into consideration.

(a) The injunction applies to the alleged or actual offender in a case of child abuse or acts of domestic violence. The conditions of the injunction shall be determined by the court, which may include ordering the alleged or actual offender to:

1. Refrain from further abuse or acts of domestic violence.
2. Participate in a specialized treatment program.
3. Limit contact or communication with the child victim, other children in the home, or any other child.
4. Refrain from contacting the child at home, school, work, or wherever the child may be found.
5. Have limited or supervised visitation with the child.
6. Vacate the home in which the child resides.
7. Comply with the terms of a safety plan implemented in the injunction pursuant to s. 39.301.

(b) Upon proper pleading, the court may award the following relief in a temporary ex parte or final injunction:

1. Exclusive use and possession of the dwelling to the caregiver or exclusion of the alleged or actual offender from the residence of the caregiver.
2. Temporary support for the child or other family members.
3. The costs of medical, psychiatric, and psychological treatment for the child incurred due to the abuse, and similar costs for other family members.

This paragraph does not preclude an adult victim of domestic violence from seeking protection for himself or herself under s. 741.30.

(c) The terms of the final injunction shall remain in effect until modified or dissolved by the court. The petitioner, respondent, or caregiver may move at any time to modify or dissolve the injunction. Notice of hearing on the motion to modify or dissolve the injunction must be provided to all parties, including the department. The injunction is valid and enforceable in all counties in the state.

(5) Service of process on the respondent shall be carried out pursuant to s. 741.30. The department shall deliver a copy of any injunction issued pursuant to this section to the protected party or to a parent, caregiver, or individual acting in the place of a parent who is not the respondent. Law enforcement officers may exercise their arrest powers as provided in s. 901.15(6) to enforce the terms of the injunction.

(6) Any person who fails to comply with an injunction issued pursuant to this section commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

(7) The person against whom an injunction is entered under this section does not automatically become a party to a subsequent dependency action concerning the same child.

Section 9. Paragraph (b) of subsection (7) of section 39.507, Florida Statutes, is amended to read:

39.507 Adjudicatory hearings; orders of adjudication.—

(7)

(b) However, the court must determine whether each parent or legal custodian identified in the case abused, abandoned, or neglected the child or engaged in conduct that placed the child at substantial risk of imminent abuse, abandonment, or neglect ~~in a subsequent evidentiary hearing~~. ~~If a second parent is served and brought into the proceeding after the adjudication and if an~~ ~~the~~ ~~evidentiary hearing for the second parent is conducted subsequent to the adjudication of the child,~~ the court shall supplement the adjudicatory order, disposition order, and the case plan, as necessary. *The petitioner is not required to prove actual harm or actual abuse by the second parent in order for the court to make supplemental findings regarding the conduct of the second parent. The court is not required to conduct an evidentiary hearing for the second parent in order to supplement the adjudicatory order, the disposition order, and the case plan if the requirements of s. 39.506(3) or (5) are satisfied.* With the exception of proceedings pursuant to s. 39.811, the child's dependency status may not be retried or readjudicated.

Section 10. Paragraph (a) of subsection (2) of section 39.5085, Florida Statutes, is amended to read:

39.5085 Relative Caregiver Program.—

(2)(a) The Department of Children and Families shall establish, ~~and~~ ~~operate,~~ ~~and implement~~ the Relative Caregiver Program ~~pursuant to~~ ~~eligibility guidelines established in this section as further implemented~~ by rule of the department. The Relative Caregiver Program shall, within the limits of available funding, provide financial assistance to:

1. Relatives who are within the fifth degree by blood or marriage to the parent or stepparent of a child and who are caring full-time for that dependent child in the role of substitute parent as a result of a court's determination of child abuse, neglect, or abandonment and subsequent placement with the relative under this chapter.

2. Relatives who are within the fifth degree by blood or marriage to the parent or stepparent of a child and who are caring full-time for that dependent child, and a dependent half-brother or half-sister of that dependent child, in the role of substitute parent as a result of a court's determination of child abuse, neglect, or abandonment and subsequent placement with the relative under this chapter.

3. Nonrelatives who are willing to assume custody and care of a dependent child in the role of substitute parent as a result of a court's determination of child abuse, neglect, or abandonment and subsequent placement with the nonrelative caregiver under this chapter. The court must find that a proposed placement under this subparagraph is in the best interest of the child.

4. *A relative or nonrelative caregiver, but the relative or nonrelative caregiver may not receive a Relative Caregiver Program payment if the parent or stepparent of the child resides in the home. However, a relative or nonrelative may receive the Relative Caregiver Program payment for a minor parent who is in his or her care, as well as for the minor parent's child, if both children have been adjudicated dependent and meet all other eligibility requirements. If the caregiver is currently receiving the payment, the Relative Caregiver Program payment must be terminated no later than the first of the following month after the parent or stepparent moves into the home, allowing for 10-day notice of adverse action.*

The placement may be court-ordered temporary legal custody to the relative or nonrelative under protective supervision of the department pursuant to s. 39.521(1)(c)3. ~~s. 39.521(1)(b)3,~~ or court-ordered placement in the home of a relative or nonrelative as a permanency option under s. 39.6221 or s. 39.6231 or under former s. 39.622 if the placement was made before July 1, 2006. The Relative Caregiver Program shall offer financial assistance to caregivers who would be unable to serve in that capacity without the caregiver payment because of financial bur-

den, thus exposing the child to the trauma of placement in a shelter or in foster care.

Section 11. Subsections (1), (2), (6), and (7) of section 39.521, Florida Statutes, are amended to read:

39.521 Disposition hearings; powers of disposition.—

(1) A disposition hearing shall be conducted by the court, if the court finds that the facts alleged in the petition for dependency were proven in the adjudicatory hearing, or if the parents or legal custodians have consented to the finding of dependency or admitted the allegations in the petition, have failed to appear for the arraignment hearing after proper notice, or have not been located despite a diligent search having been conducted.

(a) A written case plan and a *family functioning assessment pre-disposition study* prepared by an authorized agent of the department must be approved by filed with the court. *The department must file the case plan and the family functioning assessment with the court, serve a copy of the case plan on, served upon* the parents of the child, and provide a copy of the case plan provided to the representative of the guardian ad litem program, if the program has been appointed, and a copy provided to all other parties:

1. Not less than 72 hours before the disposition hearing, *if the disposition hearing occurs on or after the 60th day after the date the child was placed in out-of-home care*. All such case plans must be approved by the court.

2. *Not less than 72 hours before the case plan acceptance hearing, if the disposition hearing occurs before the 60th day after the date the child was placed in out-of-home care and a case plan has not been submitted pursuant to this paragraph, or if the court does not approve the case plan at the disposition hearing. The case plan acceptance hearing must occur, the court must set a hearing* within 30 days after the disposition hearing to review and approve the case plan.

(b) The court may grant an exception to the requirement for a *family functioning assessment pre-disposition study* by separate order or within the judge's order of disposition upon finding that all the family and child information required by subsection (2) is available in other documents filed with the court.

(c)(b) When any child is adjudicated by a court to be dependent, the court having jurisdiction of the child has the power by order to:

1. Require the parent and, when appropriate, the legal custodian and the child to participate in treatment and services identified as necessary. The court may require the person who has custody or who is requesting custody of the child to submit to a mental health or substance abuse disorder assessment or evaluation. The order may be made only upon good cause shown and pursuant to notice and procedural requirements provided under the Florida Rules of Juvenile Procedure. The mental health assessment or evaluation must be administered by a qualified professional as defined in s. 39.01, and the substance abuse assessment or evaluation must be administered by a qualified professional as defined in s. 397.311. The court may also require such person to participate in and comply with treatment and services identified as necessary, including, when appropriate and available, participation in and compliance with a mental health court program established under chapter 394 or a treatment-based drug court program established under s. 397.334. *Adjudication of a child as dependent based upon evidence of harm as defined in s. 39.01(30)(g) demonstrates good cause, and the court shall require the parent whose actions caused the harm to submit to a substance abuse disorder assessment or evaluation and to participate and comply with treatment and services identified in the assessment or evaluation as being necessary.* In addition to supervision by the department, the court, including the mental health court program or the treatment-based drug court program, may oversee the progress and compliance with treatment by a person who has custody or is requesting custody of the child. The court may impose appropriate available sanctions for noncompliance upon a person who has custody or is requesting custody of the child or make a finding of noncompliance for consideration in determining whether an alternative placement of the child is in the child's best interests. Any order entered under this subparagraph may be made only upon good cause shown. This subparagraph does not authorize placement of a child with a person seek-

ing custody of the child, other than the child's parent or legal custodian, who requires mental health or substance abuse disorder treatment.

2. Require, if the court deems necessary, the parties to participate in dependency mediation.

3. Require placement of the child either under the protective supervision of an authorized agent of the department in the home of one or both of the child's parents or in the home of a relative of the child or another adult approved by the court, or in the custody of the department. Protective supervision continues until the court terminates it or until the child reaches the age of 18, whichever date is first. Protective supervision shall be terminated by the court whenever the court determines that permanency has been achieved for the child, whether with a parent, another relative, or a legal custodian, and that protective supervision is no longer needed. The termination of supervision may be with or without retaining jurisdiction, at the court's discretion, and shall in either case be considered a permanency option for the child. The order terminating supervision by the department must set forth the powers of the custodian of the child and include the powers ordinarily granted to a guardian of the person of a minor unless otherwise specified. Upon the court's termination of supervision by the department, further judicial reviews are not required if permanency has been established for the child.

(d)(e) At the conclusion of the disposition hearing, the court shall schedule the initial judicial review hearing which must be held no later than 90 days after the date of the disposition hearing or after the date of the hearing at which the court approves the case plan, whichever occurs earlier, but in no event shall the review hearing be held later than 6 months after the date of the child's removal from the home.

(e)(d) The court shall, in its written order of disposition, include all of the following:

1. The placement or custody of the child.
2. Special conditions of placement and visitation.
3. Evaluation, counseling, treatment activities, and other actions to be taken by the parties, if ordered.
4. The persons or entities responsible for supervising or monitoring services to the child and parent.
5. Continuation or discharge of the guardian ad litem, as appropriate.
6. The date, time, and location of the next scheduled review hearing, which must occur within the earlier of:
 - a. Ninety days after the disposition hearing;
 - b. Ninety days after the court accepts the case plan;
 - c. Six months after the date of the last review hearing; or
 - d. Six months after the date of the child's removal from his or her home, if no review hearing has been held since the child's removal from the home.
7. If the child is in an out-of-home placement, child support to be paid by the parents, or the guardian of the child's estate if possessed of assets which under law may be disbursed for the care, support, and maintenance of the child. The court may exercise jurisdiction over all child support matters, shall adjudicate the financial obligation, including health insurance, of the child's parents or guardian, and shall enforce the financial obligation as provided in chapter 61. The state's child support enforcement agency shall enforce child support orders under this section in the same manner as child support orders under chapter 61. Placement of the child shall not be contingent upon issuance of a support order.
- 8.a. If the court does not commit the child to the temporary legal custody of an adult relative, legal custodian, or other adult approved by the court, the disposition order shall include the reasons for such a decision and shall include a determination as to whether diligent efforts were made by the department to locate an adult relative, legal custodian, or other adult willing to care for the child in order to present that

placement option to the court instead of placement with the department.

b. If no suitable relative is found and the child is placed with the department or a legal custodian or other adult approved by the court, both the department and the court shall consider transferring temporary legal custody to an adult relative approved by the court at a later date, but neither the department nor the court is obligated to so place the child if it is in the child's best interest to remain in the current placement.

For the purposes of this section, "diligent efforts to locate an adult relative" means a search similar to the diligent search for a parent, but without the continuing obligation to search after an initial adequate search is completed.

9. Other requirements necessary to protect the health, safety, and well-being of the child, to preserve the stability of the child's educational placement, and to promote family preservation or reunification whenever possible.

~~(f)(e)~~ If the court finds that *an in-home safety plan prepared or approved by the department* ~~the prevention or reunification efforts of the department~~ will allow the child to remain safely at home or *that conditions for return have been met and an in-home safety plan prepared or approved by the department will allow the child* to be safely returned to the home, the court shall allow the child to remain in or return to the home after making a specific finding of fact that ~~the reasons for removal have been remedied to the extent that~~ the child's safety, well-being, and physical, mental, and emotional health will not be endangered.

~~(g)(f)~~ If the court places the child in an out-of-home placement, the disposition order must include a written determination that the child cannot safely remain at home with *an in-home safety plan* ~~reunification or family preservation services~~ and that removal of the child is necessary to protect the child. If the child is removed before the disposition hearing, the order must also include a written determination as to whether, after removal, the department made a reasonable effort to reunify the parent and child. Reasonable efforts to reunify are not required if the court finds that any of the acts listed in s. 39.806(1)(f)-(l) have occurred. The department has the burden of demonstrating that it made reasonable efforts.

1. For the purposes of this paragraph, the term "reasonable effort" means the exercise of reasonable diligence and care by the department to provide the services ordered by the court or delineated in the case plan.

2. In support of its determination as to whether reasonable efforts have been made, the court shall:

a. Enter written findings as to whether *an in-home safety plan could have prevented removal* ~~prevention or reunification efforts were indicated~~.

b. If *an in-home safety plan was* ~~prevention or reunification efforts were indicated~~, include a brief written description of what appropriate and available *safety management services* ~~prevention and reunification efforts were initiated~~ made.

c. Indicate in writing why further efforts could or could not have prevented or shortened the separation of the parent and child.

3. A court may find that the department made a reasonable effort to prevent or eliminate the need for removal if:

a. The first contact of the department with the family occurs during an emergency;

b. The *department's assessment* ~~appraisal by the department~~ of the home situation indicates a substantial and immediate danger to the child's safety or physical, mental, or emotional health which cannot be mitigated by the provision of *safety management* ~~preventive~~ services;

c. The child cannot safely remain at home, because there are no *safety management* ~~preventive~~ services that can ensure the health and safety of the child or, even with appropriate and available services being provided, the health and safety of the child cannot be ensured; or

d. The parent is alleged to have committed any of the acts listed as grounds for expedited termination of parental rights under s. 39.806(1)(f)-(l).

4. A reasonable effort by the department for reunification has been made if the appraisal of the home situation by the department indicates that the severity of the conditions of dependency is such that reunification efforts are inappropriate. The department has the burden of demonstrating to the court that reunification efforts were inappropriate.

5. If the court finds that the *provision of safety management services* ~~by prevention or reunification effort~~ of the department would not have permitted the child to remain safely at home, the court may commit the child to the temporary legal custody of the department or take any other action authorized by this chapter.

(2) The *family functioning assessment* ~~pre-disposition study~~ must provide the court with the following documented information:

(a) *Evidence of maltreatment and the circumstances accompanying the maltreatment.*

(b) *Identification of all danger threats active in the home.*

(c) *An assessment of the adult functioning of the parents.*

(d) *An assessment of the parents' general parenting practices and the parents' disciplinary approach and behavior management methods.*

(e) *An assessment of the parents' behavioral, emotional, and cognitive protective capacities.*

(f) *An assessment of child functioning.*

(g) *A safety analysis describing the capacity for an in-home safety plan to control the conditions that result in the child being unsafe and the specific actions necessary to keep the child safe.*

(h) *Identification of the conditions for return which would allow the child to be placed safely back into the home with an in-home safety plan and any safety management services necessary to ensure the child's safety.*

~~(a) The capacity and disposition of the parents to provide the child with food, clothing, medical care, or other remedial care recognized and permitted under the laws of this state in lieu of medical care, and other material needs.~~

~~(b) The length of time the child has lived in a stable, satisfactory environment and the desirability of maintaining continuity.~~

~~(c) The mental and physical health of the parents.~~

~~(d) The home, school, and community record of the child.~~

~~(i)(e)~~ The reasonable preference of the child, if the court deems the child to be of sufficient intelligence, understanding, and experience to express a preference.

~~(f) Evidence of domestic violence or child abuse.~~

~~(g) An assessment defining the dangers and risks of returning the child home, including a description of the changes in and resolutions to the initial risks.~~

~~(h) A description of what risks are still present and what resources are available and will be provided for the protection and safety of the child.~~

~~(i) A description of the benefits of returning the child home.~~

~~(j) A description of all unresolved issues.~~

~~(j)(k)~~ *Child welfare* ~~A Florida Abuse Hotline Information System (FAHIS) history from the department's Statewide Automated Child Welfare Information System (SACWIS) and criminal records check for all caregivers, family members, and individuals residing within the household from which the child was removed.~~

(k)(4) The complete report and recommendation of the child protection team of the Department of Health or, if no report exists, a statement reflecting that no report has been made.

(l)(m) All opinions or recommendations from other professionals or agencies that provide evaluative, social, reunification, or other services to the parent and child.

(m)(n) A listing of appropriate and available *safety management prevention and reunification* services for the parent and child to prevent the removal of the child from the home or to reunify the child with the parent after removal, ~~including the availability of family preservation services~~ and an explanation of the following:

1. If the services were or were not provided.
2. If the services were provided, the outcome of the services.
3. If the services were not provided, why they were not provided.
4. If the services are currently being provided and if they need to be continued.

~~(o) A listing of other prevention and reunification services that were available but determined to be inappropriate and why.~~

~~(p) Whether dependency mediation was provided.~~

(n)(q) If the child has been removed from the home and there is a parent who may be considered for custody pursuant to this section, a recommendation as to whether placement of the child with that parent would be detrimental to the child.

(o)(r) If the child has been removed from the home and will be remaining with a relative, parent, or other adult approved by the court, a home study report concerning the proposed placement shall be *provided to the court included in the predisposition report*. Before recommending to the court any out-of-home placement for a child other than placement in a licensed shelter or foster home, the department shall conduct a study of the home of the proposed legal custodians, which must include, at a minimum:

1. An interview with the proposed legal custodians to assess their ongoing commitment and ability to care for the child.
2. Records checks through the State Automated Child Welfare Information System (SACWIS), and local and statewide criminal and juvenile records checks through the Department of Law Enforcement, on all household members 12 years of age or older. In addition, the fingerprints of any household members who are 18 years of age or older may be submitted to the Department of Law Enforcement for processing and forwarding to the Federal Bureau of Investigation for state and national criminal history information. The department has the discretion to request State Automated Child Welfare Information System (SACWIS) and local, statewide, and national criminal history checks and fingerprinting of any other visitor to the home who is made known to the department. Out-of-state criminal records checks must be initiated for any individual who has resided in a state other than Florida if that state's laws allow the release of these records. The out-of-state criminal records must be filed with the court within 5 days after receipt by the department or its agent.
3. An assessment of the physical environment of the home.
4. A determination of the financial security of the proposed legal custodians.
5. A determination of suitable child care arrangements if the proposed legal custodians are employed outside of the home.
6. Documentation of counseling and information provided to the proposed legal custodians regarding the dependency process and possible outcomes.
7. Documentation that information regarding support services available in the community has been provided to the proposed legal custodians.

8. *The reasonable preference of the child, if the court deems the child to be of sufficient intelligence, understanding, and experience to express a preference.*

The department may not place the child or continue the placement of the child in a home under shelter or postdisposition placement if the results of the home study are unfavorable, unless the court finds that this placement is in the child's best interest.

(p)(s) If the child has been removed from the home, a determination of the amount of child support each parent will be required to pay pursuant to s. 61.30.

~~(t) If placement of the child with anyone other than the child's parent is being considered, the predisposition study shall include the designation of a specific length of time as to when custody by the parent will be reconsidered.~~

Any other relevant and material evidence, including other written or oral reports, may be received by the court in its effort to determine the action to be taken with regard to the child and may be relied upon to the extent of its probative value, even though not competent in an adjudicatory hearing. Except as otherwise specifically provided, nothing in this section prohibits the publication of proceedings in a hearing.

(6) With respect to a child who is the subject in proceedings under this chapter, the court may issue to the department an order to show cause why it should not return the child to the custody of the parents upon *the presentation of evidence that the conditions for return of the child have been met expiration of the case plan, or sooner if the parents have substantially complied with the case plan.*

(7) The court may enter an order ending its jurisdiction over a child when a child has been returned to the parents, provided the court shall not terminate its jurisdiction or the department's supervision over the child until 6 months after the child's return. *The department shall supervise the placement of the child after reunification for at least 6 months with each parent or legal custodian from whom the child was removed.* The court shall determine whether its jurisdiction should be continued or terminated in such a case based on a report of the department or agency or the child's guardian ad litem, and any other relevant factors; if its jurisdiction is to be terminated, the court shall enter an order to that effect.

Section 12. Subsections (2) and (3) of section 39.522, Florida Statutes, are amended to read:

39.522 Postdisposition change of custody.—The court may change the temporary legal custody or the conditions of protective supervision at a postdisposition hearing, without the necessity of another adjudicatory hearing.

(2) In cases where the issue before the court is whether a child should be reunited with a parent, the court shall *review the conditions for return and determine whether the circumstances that caused the out-of-home placement and issues subsequently identified have been remedied parent has substantially complied with the terms of the case plan* to the extent that the *return of the child to the home with an in-home safety plan prepared or approved by the department will not be detrimental to the child's safety, well-being, and physical, mental, and emotional health of the child is not endangered by the return of the child to the home.*

(3) In cases where the issue before the court is whether a child who is placed in the custody of a parent should be reunited with the other parent upon a finding *that the circumstances that caused the out-of-home placement and issues subsequently identified have been remedied to the extent that the return of the child to the home of the other parent with an in-home safety plan prepared or approved by the department will not be detrimental to the child of substantial compliance with the terms of the case plan*, the standard shall be that the safety, well-being, and physical, mental, and emotional health of the child would not be endangered by reunification and that reunification would be in the best interest of the child.

Section 13. Effective January 1, 2018, section 39.523, Florida Statutes, is amended to read:

(Substantial rewording of section. See

s. 39.523, F.S., for present text.)

39.523 Placement in out-of-home care.—

(1) LEGISLATIVE FINDINGS AND INTENT.—

(a) The Legislature finds that it is a basic tenet of child welfare practice and the law that a child be placed in the least restrictive, most family-like setting available in close proximity to the home of his or her parents which meets the needs of the child, and that a child be placed in a permanent home in a timely manner.

(b) The Legislature also finds that there is an association between placements that do not meet the needs of the child and adverse outcomes for the child, that mismatching placements to children's needs has been identified as a factor that negatively impacts placement stability, and that identifying the right placement for each child requires effective assessment.

(c) It is the intent of the Legislature that whenever a child is unable to safely remain at home with a parent, the most appropriate available out-of-home placement shall be chosen after an assessment of the child's needs and the availability of caregivers qualified to meet the child's needs.

(2) ASSESSMENT AND PLACEMENT.—When any child is removed from a home and placed into out-of-home care, a comprehensive placement assessment process shall be completed to determine the level of care needed by the child and match the child with the most appropriate placement.

(a) The community-based care lead agency or sub-contracted agency with the responsibility for assessment and placement must coordinate a multi-disciplinary team staffing with any available individual currently involved with the child including, but not limited to, a representative from the department and the case manager for the child; a therapist, attorney ad-litem, guardian ad litem, teachers, coaches, Children's Medical Services; and other community providers of services to the child or stakeholders as applicable. The team may also include clergy, relatives, and fictive kin if appropriate. Team participants must gather data and information on the child which is known at the time including, but not limited to:

1. Mental, medical, behavioral health, and medication history;
2. Community ties and school placement;
3. Current placement decisions relating to any siblings;
4. Alleged type of abuse or neglect including sexual abuse and trafficking history; and
5. The child's age, maturity, strengths, hobbies or activities, and the child's preference for placement.

(b) The comprehensive placement assessment process may also include the use of an assessment instrument or tool that is best suited for the individual child.

(c) The most appropriate available out-of-home placement shall be chosen after consideration by all members of the multi-disciplinary team of all of the information and data gathered, including the results and recommendations of any evaluations conducted.

(d) Placement decisions for each child in out-of-home placement shall be reviewed as often as necessary to ensure permanency for that child and address special issues related to this population of children.

(e) The department, a sheriff's office acting under s. 39.3065, a community-based care lead agency, or a case management organization must document all placement assessments and placement decisions in the Florida Safe Families Network.

(f) If it is determined during the comprehensive placement assessment process that residential treatment as defined in s. 39.407 would be suitable for the child, the procedures in that section must be followed.

(3) JUDICIAL REVIEW.—At each judicial review, the court shall consider the results of the assessment, the placement decision made for the child, and services provided to the child as required under s. 39.701.

(4) DATA COLLECTION.—The department shall collect the following information by community-based care lead agencies and post it on the Department of Children and Families' website. The information is to be updated on January 1 and July 1 of each year.

(a) The number of children placed with relatives and nonrelatives, in family foster homes, and in residential group care.

(b) An inventory of available services that are necessary to maintain children in the least restrictive setting that meets the needs of the child and a plan for filling any identified gap in those services.

(c) The number of children who were placed based upon the assessment.

(d) An inventory of existing placements for children by type and by community-based care lead agency.

(e) The strategies being used by community-based care lead agencies to recruit, train, and support an adequate number of families to provide home-based family care.

(5) RULEMAKING.—The department may adopt rules to implement this section.

Section 14. Subsection (1) of section 39.6011, Florida Statutes, is amended to read:

39.6011 Case plan development.—

(1) The department shall prepare a draft of the case plan for each child receiving services under this chapter. A parent of a child may not be threatened or coerced with the loss of custody or parental rights for failing to admit in the case plan of abusing, neglecting, or abandoning a child. Participating in the development of a case plan is not an admission to any allegation of abuse, abandonment, or neglect, and it is not a consent to a finding of dependency or termination of parental rights. The case plan shall be developed subject to the following requirements:

(a) The case plan must be developed in a face-to-face conference with the parent of the child, any court-appointed guardian ad litem, and, if appropriate, the child and the temporary custodian of the child.

(b) Notwithstanding s. 39.202, the department may discuss confidential information during the case planning conference in the presence of individuals who participate in the conference. All individuals who participate in the conference shall maintain the confidentiality of all information shared during the case planning conference.

(c)(b) The parent may receive assistance from any person or social service agency in preparing the case plan. The social service agency, the department, and the court, when applicable, shall inform the parent of the right to receive such assistance, including the right to assistance of counsel.

(d)(e) If a parent is unwilling or unable to participate in developing a case plan, the department shall document that unwillingness or inability to participate. The documentation must be provided in writing to the parent when available for the court record, and the department shall prepare a case plan conforming as nearly as possible with the requirements set forth in this section. The unwillingness or inability of the parent to participate in developing a case plan does not preclude the filing of a petition for dependency or for termination of parental rights. The parent, if available, must be provided a copy of the case plan and be advised that he or she may, at any time before the filing of a petition for termination of parental rights, enter into a case plan and that he or she may request judicial review of any provision of the case plan with which he or she disagrees at any court hearing set for the child.

Section 15. Subsection (1) of section 39.6012, Florida Statutes, is amended to read:

39.6012 Case plan tasks; services.—

(1) The services to be provided to the parent and the tasks that must be completed are subject to the following:

(a) The services described in the case plan must be designed to improve the conditions in the home and aid in maintaining the child in the home, facilitate the child's safe return to the home, ensure proper care of the child, or facilitate the child's permanent placement. The services offered must be the least intrusive possible into the life of the parent and child, must focus on clearly defined objectives, and must provide the most efficient path to quick reunification or permanent placement given the circumstances of the case and the child's need for safe and proper care.

(b) The case plan must describe each of the tasks with which the parent must comply and the services to be provided to the parent, specifically addressing the identified problem, including:

1. The type of services or treatment.
2. The date the department will provide each service or referral for the service if the service is being provided by the department or its agent.
3. The date by which the parent must complete each task.
4. The frequency of services or treatment provided. The frequency of the delivery of services or treatment provided shall be determined by the professionals providing the services or treatment on a case-by-case basis and adjusted according to their best professional judgment.
5. The location of the delivery of the services.
6. The staff of the department or service provider accountable for the services or treatment.
7. A description of the measurable objectives, including the timeframes specified for achieving the objectives of the case plan and addressing the identified problem.

(c) *If there is evidence of harm as defined in s. 39.01(30)(g), the case plan must include as a required task for the parent whose actions caused the harm that the parent submit to a substance abuse disorder assessment or evaluation and participate and comply with treatment and services identified in the assessment or evaluation as being necessary.*

Section 16. Subsection (4) of section 39.6035, Florida Statutes, is amended to read:

39.6035 Transition plan.—

(4) ~~If a child is planning to leave care upon reaching 18 years of age, the transition plan must be approved by the court before the child's 18th birthday and must be attached to the case plan and updated before each judicial review child leaves care and the court terminates jurisdiction.~~

Section 17. Present subsections (2) through (11) of section 39.621, Florida Statutes, are redesignated as subsections (3) through (12), respectively, and a new subsection (2) is added to that section, to read:

39.621 Permanency determination by the court.—

(2) *The permanency goal of maintaining and strengthening the placement with a parent may be used in all of the following circumstances:*

(a) *If a child has not been removed from a parent, even if adjudication of dependency is withheld, the court may leave the child in the current placement with maintaining and strengthening the placement as a permanency option.*

(b) *If a child has been removed from a parent and is placed with the parent from whom the child was not removed, the court may leave the child in the placement with the parent from whom the child was not removed with maintaining and strengthening the placement as a permanency option.*

(c) *If a child has been removed from a parent and is subsequently reunified with that parent, the court may leave the child with that parent*

with maintaining and strengthening the placement as a permanency option.

Section 18. Subsection (7) is added to section 39.6221, Florida Statutes, to read:

39.6221 Permanent guardianship of a dependent child.—

(7) *The requirements of s. 61.13001 do not apply to permanent guardianships established under this section.*

Section 19. Paragraph (h) is added to subsection (1) of section 39.701, Florida Statutes, to read:

39.701 Judicial review.—

(1) GENERAL PROVISIONS.—

(h) *If a child is born into a family that is under the court's jurisdiction or a child moves into a home that is under the court's jurisdiction, the department shall assess the child's safety and provide notice to the court.*

1. *The department shall complete an assessment to determine how the addition of a child will impact family functioning. The assessment must be completed at least 30 days before a child is expected to be born or to move into a home, or within 72 hours after the department learns of the pregnancy or addition if the child is expected to be born or to move into the home in less than 30 days. The assessment shall be filed with the court.*

2. *Once a child is born into a family or a child moves into the home, the department shall complete a progress update and file it with the court.*

3. *The court has the discretion to hold a hearing on the progress update filed by the department.*

Section 20. Subsection (3) of section 39.801, Florida Statutes, is amended to read:

39.801 Procedures and jurisdiction; notice; service of process.—

(3) Before the court may terminate parental rights, in addition to the other requirements set forth in this part, the following requirements must be met:

(a) Notice of the date, time, and place of the advisory hearing for the petition to terminate parental rights and a copy of the petition must be personally served upon the following persons, specifically notifying them that a petition has been filed:

1. The parents of the child.
2. The legal custodians of the child.

3. If the parents who would be entitled to notice are dead or unknown, a living relative of the child, unless upon diligent search and inquiry no such relative can be found.

4. Any person who has physical custody of the child.

5. Any grandparent entitled to priority for adoption under s. 63.0425.

6. Any prospective parent who has been identified under s. 39.503 or s. 39.803, unless a court order has been entered pursuant to s. 39.503(4) or (9) or s. 39.803(4) or (9) which indicates no further notice is required. Except as otherwise provided in this section, if there is not a legal father, notice of the petition for termination of parental rights must be provided to any known prospective father who is identified under oath before the court or who is identified by a diligent search of the Florida Putative Father Registry. Service of the notice of the petition for termination of parental rights is not required if the prospective father executes an affidavit of nonpaternity or a consent to termination of his parental rights which is accepted by the court after notice and opportunity to be heard by all parties to address the best interests of the child in accepting such affidavit.

7. The guardian ad litem for the child or the representative of the guardian ad litem program, if the program has been appointed.

The document containing the notice to respond or appear must contain, in type at least as large as the type in the balance of the document, the following or substantially similar language: "FAILURE TO PERSONALLY APPEAR AT THIS ADVISORY HEARING CONSTITUTES CONSENT TO THE TERMINATION OF PARENTAL RIGHTS OF THIS CHILD (OR CHILDREN). IF YOU FAIL TO APPEAR ON THE DATE AND TIME SPECIFIED, YOU MAY LOSE ALL LEGAL RIGHTS AS A PARENT TO THE CHILD OR CHILDREN NAMED IN THE PETITION ATTACHED TO THIS NOTICE."

(b) If a party required to be served with notice as prescribed in paragraph (a) cannot be served, notice of hearings must be given as prescribed by the rules of civil procedure, and service of process must be made as specified by law or civil actions.

(c) Notice as prescribed by this section may be waived, in the discretion of the judge, with regard to any person to whom notice must be given under this subsection if the person executes, before two witnesses and a notary public or other officer authorized to take acknowledgments, a written surrender of the child to a licensed child-placing agency or the department.

(d) If the person served with notice under this section fails to personally appear at the advisory hearing, the failure to personally appear shall constitute consent for termination of parental rights by the person given notice. If a parent appears for the advisory hearing and the court orders that parent to personally appear at the adjudicatory hearing for the petition for termination of parental rights, stating the date, time, and location of said hearing, then failure of that parent to personally appear at the adjudicatory hearing shall constitute consent for termination of parental rights.

Section 21. Section 39.803, Florida Statutes, is amended to read:

39.803 Identity or location of parent unknown after filing of termination of parental rights petition; special procedures.—

(1) If the identity or location of a parent is unknown and a petition for termination of parental rights is filed, the court shall conduct *under oath* the following inquiry of the parent who is available, or, if no parent is available, of any relative, caregiver, or legal custodian of the child who is present at the hearing and likely to have the information:

(a) Whether the mother of the child was married at the probable time of conception of the child or at the time of birth of the child.

(b) Whether the mother was cohabiting with a male at the probable time of conception of the child.

(c) Whether the mother has received payments or promises of support with respect to the child or because of her pregnancy from a man who claims to be the father.

(d) Whether the mother has named any man as the father on the birth certificate of the child or in connection with applying for or receiving public assistance.

(e) Whether any man has acknowledged or claimed paternity of the child in a jurisdiction in which the mother resided at the time of or since conception of the child, or in which the child has resided or resides.

(f) *Whether a man is named on the birth certificate of the child pursuant to s. 382.013(2).*

(g) *Whether a man has been determined by a court order to be the father of the child.*

(h) *Whether a man has been determined to be the father of the child by the Department of Revenue as provided in s. 409.256.*

(2) The information required in subsection (1) may be supplied to the court or the department in the form of a sworn affidavit by a person having personal knowledge of the facts.

(3) If the inquiry under subsection (1) identifies any person as a parent or prospective parent, the court shall require notice of the hearing to be provided to that person.

(4) If the inquiry under subsection (1) fails to identify any person as a parent or prospective parent, the court shall so find and may proceed without further notice.

(5) If the inquiry under subsection (1) identifies a parent or prospective parent, and that person's location is unknown, the court shall direct the petitioner to conduct a diligent search for that person before scheduling an adjudicatory hearing regarding the petition for termination of parental rights to the child unless the court finds that the best interest of the child requires proceeding without actual notice to the person whose location is unknown.

(6) The diligent search required by subsection (5) must include, at a minimum, inquiries of all known relatives of the parent or prospective parent, inquiries of all offices of program areas of the department likely to have information about the parent or prospective parent, inquiries of other state and federal agencies likely to have information about the parent or prospective parent, inquiries of appropriate utility and postal providers, *a thorough search of at least one electronic database specifically designed for locating persons, a search of the Florida Putative Father Registry, and inquiries of appropriate law enforcement agencies. Pursuant to s. 453 of the Social Security Act, 42 U.S.C. s. 653(c)(4), the department, as the state agency administering Titles IV-B and IV-E of the act, shall be provided access to the federal and state parent locator service for diligent search activities.*

(7) Any agency contacted by petitioner with a request for information pursuant to subsection (6) shall release the requested information to the petitioner without the necessity of a subpoena or court order.

(8) If the inquiry and diligent search identifies a prospective parent, that person must be given the opportunity to become a party to the proceedings by completing a sworn affidavit of parenthood and filing it with the court or the department. A prospective parent who files a sworn affidavit of parenthood while the child is a dependent child but no later than at the time of or *before prior to* the adjudicatory hearing in the termination of parental rights proceeding for the child shall be considered a parent for all purposes under this section.

(9) *If the diligent search under subsection (5) fails to identify and locate a prospective parent, the court shall so find and may proceed without further notice.*

Section 22. Paragraph (1) of subsection (1) of section 39.806, Florida Statutes, is amended, and subsections (2) and (3) of that section are republished, to read:

39.806 Grounds for termination of parental rights.—

(1) Grounds for the termination of parental rights may be established under any of the following circumstances:

(1) On three or more occasions the child or another child of the parent or parents has been placed in out-of-home care pursuant to this chapter or *the law of any state, territory, or jurisdiction of the United States which is substantially similar to this chapter*, and the conditions that led to the child's out-of-home placement were caused by the parent or parents.

(2) Reasonable efforts to preserve and reunify families are not required if a court of competent jurisdiction has determined that any of the events described in paragraphs (1)(b)-(d) or paragraphs (1)(f)-(m) have occurred.

(3) If a petition for termination of parental rights is filed under subsection (1), a separate petition for dependency need not be filed and the department need not offer the parents a case plan having a goal of reunification, but may instead file with the court a case plan having a goal of termination of parental rights to allow continuation of services until the termination is granted or until further orders of the court are issued.

(b)1.a. Notwithstanding paragraph (a), the governing body of the county shall submit the question of retention or dissolution of a district with voter-approved taxing authority to the electorate in the general election according to the following schedule:

(I) For a district in existence on July 1, 2010, and serving a county with a population of 400,000 or fewer persons as of that date. . . . 2014.

(II) For a district in existence on July 1, 2010, and serving a county with a population of 2 million or more persons as of that date, *unless the governing body of the county has previously submitted such question voluntarily to the electorate for a second time since 2005*, 2020.

b. A referendum by the electorate on or after July 1, 2010, creating a new district with taxing authority may specify that the district is not subject to reauthorization or may specify the number of years for which the initial authorization shall remain effective. If the referendum does not prescribe terms of reauthorization, the governing body of the county shall submit the question of retention or dissolution of the district to the electorate in the general election 12 years after the initial authorization.

2. The governing body of the district may specify, and submit to the governing body of the county no later than 9 months before the scheduled election, that the district is not subsequently subject to reauthorization or may specify the number of years for which a reauthorization under this paragraph shall remain effective. If the governing body of the district makes such specification and submission, the governing body of the county shall include that information in the question submitted to the electorate. If the governing body of the district does not specify and submit such information, the governing body of the county shall re-submit the question of reauthorization to the electorate every 12 years after the year prescribed in subparagraph 1. The governing body of the district may recommend to the governing body of the county language for the question submitted to the electorate.

4. Nothing in this paragraph precludes the governing body of a district from requesting that the governing body of the county submit the question of retention or dissolution of a district with voter-approved taxing authority to the electorate at a date earlier than the year prescribed in subparagraph 1. If the governing body of the county accepts the request and submits the question to the electorate, the governing body satisfies the requirement of that subparagraph.

If any district is dissolved pursuant to this subsection, each county must first obligate itself to assume the debts, liabilities, contracts, and outstanding obligations of the district within the total millage available to

the county governing body for all county and municipal purposes as provided for under s. 9, Art. VII of the State Constitution. Any district may also be dissolved pursuant to part VII of chapter 189.

The finding by the professional that the patient has been examined and does not meet the criteria for involuntary inpatient services or involuntary outpatient placement must be entered into the patient's clinical record. This paragraph is not intended to prevent a hospital providing emergency medical services from appropriately transferring a patient to another hospital before stabilization if the requirements of s. 395.1041(3)(c) have been met.

Section 26. The task force shall submit a report of its findings to the Governor, the President of the Senate, and the Speaker of the House of Representatives on or before November 15, 2017.*

(2) *The Secretary of Children and Families or his or her designee shall chair the task force, which shall consist of the following members appointed by the secretary:*

Section 2. Paragraph (d) of subsection (1) of section 338.2216, Florida Statutes, is amended, and paragraph (e) is added to that subsection, to read:

338.2216 Florida Turnpike Enterprise; powers and authority.—

(1)

(d) The Florida Turnpike Enterprise shall pursue and implement new technologies and processes in its operations and collection of tolls and the collection of other amounts associated with road and infrastructure usage. Such technologies and processes must include, without limitation, video billing and variable pricing. *The Florida Turnpike Enterprise may require the use of an electronic transponder interoperable with the department's electronic toll collection system for the use of express lanes on the turnpike system. Variable pricing may not be implemented in express lanes when the level of service in the express lane, determined in accordance with the criteria established by the Trans-*

portation Research Board Highway Capacity Manual (5th Edition, HCM 2010), as amended from time to time, is equal to level of service A. Variable pricing in express lanes when the level of service in the express lane is level of service B may only be implemented by charging the general toll lane toll amount plus an amount set by department rule. Except as otherwise provided in this subsection, pricing in express lanes when the level of service is other than level of service A or level of service B may vary in the manner established by the Florida Turnpike Enterprise to manage congestion in the express lanes.

(e) Effective July 1, 2018, if a customer's average travel speed for a trip in an express lane falls below 40 miles per hour, the customer must be charged the general toll lane toll amount plus an amount set by department rule. (3)(a) For the period July 1, 1998, through June 30, 2027 ~~2017~~, the department shall, to the maximum extent feasible, program sufficient funds in the tentative work program such that the percentage of turnpike toll and bond financed commitments in Miami-Dade County, Broward County, and Palm Beach County as compared to total turnpike toll and bond financed commitments shall be at least 90 percent of the share of net toll collections attributable to users of the turnpike system in Miami-Dade County, Broward County, and Palm Beach County as compared to total net toll collections attributable to users of the turnpike system. This subsection does not apply when the application of such requirements would violate any covenant established in a resolution or trust indenture relating to the issuance of turnpike bonds. The department may at any time for economic considerations establish lower temporary toll rates for a new or existing toll facility for a period not to exceed 1 year, after which the toll rates adopted pursuant to s. 120.54 shall become effective.

Section 4. Present subsections (6) through (9) of section 348.0004, Florida Statutes, are redesignated as subsections (7) through (10), respectively, paragraph (e) of subsection (2) of that section is amended, and a new subsection (6) and subsections (11), (12), and (13) are added to that section, to read:

(e) To fix, alter, charge, establish, and collect tolls, rates, fees, rentals, and other charges for the services and facilities system, which tolls, rates, fees, rentals, and other charges must always be sufficient to comply with any covenants made with the holders of any bonds issued pursuant to the Florida Expressway Authority Act. However, such right and power may be assigned or delegated by the authority to the department.

1. Notwithstanding any other provision of law to the contrary, but subject to any contractual requirements contained in documents securing any indebtedness outstanding on July 1, 2017, in any county as defined in s. 125.011(1):

a. The authority may not increase a toll unless the increase is justified to the satisfaction of the authority by a traffic and revenue study conducted by an independent third party, except for an increase to the extent necessary to adjust for inflation pursuant to the procedure for toll rate adjustments provided in s. 338.165.

b. A toll increase must be approved by a two-thirds vote of the expressway authority board.

c. The amount of toll revenues used for administrative expenses by the authority may not be greater than 10 percent above the annual state average of administrative costs determined as provided in this sub-subparagraph. The Florida Transportation Commission shall determine the annual state average of administrative costs based on the annual administrative expenses of all the expressway authorities of this state. For purposes of this sub-subparagraph, administrative expenses include, but are not limited to, employee salaries and benefits, small business outreach, insurance, professional service contracts not directly related to the operation and maintenance of the expressway system, and other overhead costs. The commission may adopt rules necessary for the implementation of this sub-subparagraph.

d. On transportation facilities constructed after July 1, 2017, there must be a distance of at least 5 miles between main through-lane tolling points. The distance requirement of this sub-subparagraph does not apply to entry and exit ramps.

2. Notwithstanding s. 338.165 or any other provision of law to the contrary, in any county as defined in s. 125.011(1), to the extent surplus revenues exist, they may be used for purposes enumerated in subsection (8) ~~(7)~~, provided the expenditures are consistent with the metropolitan planning organization's adopted long-range plan.

3. Notwithstanding any other provision of law to the contrary, but subject to any contractual requirements contained in documents securing any outstanding indebtedness payable from tolls, in any county as defined in s. 125.011(1), the board of county commissioners may, by ordinance adopted on or before September 30, 1999, alter or abolish existing tolls and currently approved increases thereto if the board provides a local source of funding to the county expressway system for transportation in an amount sufficient to replace revenues necessary to meet bond obligations secured by such tolls and increases.

(6) Subject to compliance with any covenants made with the holders of any bonds issued pursuant to the Florida Expressway Authority Act, an authority in any county as defined in s. 125.011(1) shall, at the time that any toll is incurred, reduce the toll charged on any of the authority's toll facilities by at least 5 percent, but not more than 10 percent, for each SunPass registrant having an account in good standing and having the license plate of the vehicle or vehicles incurring the toll registered to the SunPass account at the time the toll is incurred. The authority may not impose additional requirements for receipt of the reduced toll amount.

(11) Notwithstanding any other provision of the Florida Expressway Authority Act, an authority in any county as defined in s. 125.011(1) shall determine its surplus revenues as defined in s. 348.0002(12). The authority shall then dedicate at least 20 percent, but not more than 50 percent, of the annual surplus revenues to transportation- and transit-related expenses for projects in the area served by the authority. The metropolitan planning organization for any county as defined in s. 125.011(1) shall annually select a project or projects within the county to be funded by the authority's dedicated surplus revenues as provided in this subsection and provide to the authority a list reflecting the selected project or projects. The authority shall select from the list for funding from the authority's dedicated surplus revenues transportation- and transit-related expenses that have a rational nexus to the transportation facilities of the authority and may include, but are not limited to, expenses associated with the planning, design, acquisition, construction, extension, rehabilitation, equipping, preservation, maintenance, or improvement of public transportation facilities, transit facilities, intermodal facilities, or multimodal corridors owned or operated by such municipality or county; and transit-related expenses that impact the capacity or use of the transportation facilities of the authority. For the purpose of this subsection, a rational nexus must demonstrate that the proposed transportation expenditure makes a substantial impact on the capacity or use of the transportation facilities of the authority, or that the proposed transit expenditure complements the operation of, or expands the access to, the transportation facilities of the authority.

(12) A county as defined in s. 125.011(1) must have a financial audit of the revenues and expenditures of the county's transportation plan conducted by an independent third party not less than biennially and must post the audits on the county's website to be eligible to receive the dedicated surplus revenues as provided in subsection (11).

(13) An authority established in any county as defined in 125.011(1) must have a financial audit conducted by an independent third party not less than biennially, and the audit report must be made publicly available on the authority's website.

Section 5. Section 348.00115, Florida Statutes, is created to read:

Section 1. Effective October 1, 2018, paragraph (v) is added to subsection (1) of section 400.141, Florida Statutes, to read:

400.141 Administration and management of nursing home facilities.—

(1) Every licensed facility shall comply with all applicable standards and rules of the agency and shall:

(v) *Be prepared to confirm for the agency whether a nursing home facility resident who is a Medicaid recipient, or whose Medicaid eligibility is pending, is a candidate for home and community-based services under s. 409.965(3)(c), no later than the resident's 50th consecutive day of residency in the nursing home facility.*

Section 2. Subsection (2) of section 409.912, Florida Statutes, is amended to read:

409.912 Cost-effective purchasing of health care.—The agency shall purchase goods and services for Medicaid recipients in the most cost-effective manner consistent with the delivery of quality medical care. To ensure that medical services are effectively utilized, the agency may, in any case, require a confirmation or second physician's opinion of the correct diagnosis for purposes of authorizing future services under the Medicaid program. This section does not restrict access to emergency services or poststabilization care services as defined in 42 C.F.R. s. 438.114. Such confirmation or second opinion shall be rendered in a manner approved by the agency. The agency shall maximize the use of prepaid per capita and prepaid aggregate fixed-sum basis services when appropriate and other alternative service delivery and reimbursement methodologies, including competitive bidding pursuant to s. 287.057, designed to facilitate the cost-effective purchase of a case-managed continuum of care. The agency shall also require providers to minimize the exposure of recipients to the need for acute inpatient, custodial, and other institutional care and the inappropriate or unnecessary use of high-cost services. The agency shall contract with a vendor to monitor and evaluate the clinical practice patterns of providers in order to identify trends that are outside the normal practice patterns of a provider's professional peers or the national guidelines of a provider's professional association. The vendor must be able to provide information and counseling to a provider whose practice patterns are outside the norms, in consultation with the agency, to improve patient care and reduce inappropriate utilization. The agency may mandate prior authorization, drug therapy management, or disease management participation for certain populations of Medicaid beneficiaries, certain drug classes, or particular drugs to prevent fraud, abuse, overuse, and possible dangerous drug interactions. The Pharmaceutical and Therapeutics Committee shall make recommendations to the agency on drugs for which prior authorization is required. The agency shall inform the Pharmaceutical and Therapeutics Committee of its decisions regarding drugs subject to prior authorization. The agency is authorized to limit the entities it contracts with or enrolls as Medicaid providers by developing a provider network through provider credentialing. The agency may competitively bid single-source-provider contracts if procurement of goods or services results in demonstrated cost savings to the state without limiting access to care. The agency may limit its network based on the assessment of beneficiary access to care, provider availability, provider quality standards, time and distance standards for access to care, the cultural competence of the provider network, demographic characteristics of Medicaid beneficiaries, practice and provider-to-beneficiary standards, appointment wait times, beneficiary use of services, provider turnover, provider profiling, provider licensure history, previous program integrity investigations and findings, peer review, provider Medicaid policy and billing compliance records, clinical and medical record audits, and other factors. Providers are not entitled to enrollment in the Medicaid provider network. The agency shall determine instances in which allowing Medicaid beneficiaries to purchase durable medical equipment and other goods is less expensive to the Medicaid program than long-term rental of the equipment or goods. The agency may establish rules to facilitate purchases in lieu of long-term rentals in order to protect against fraud and abuse in the Medicaid program as defined in s. 409.913. The agency may seek federal waivers necessary to administer these policies.

(2) The agency may contract with a provider service network, ~~which may be reimbursed on a fee for service or prepaid basis.~~ Prepaid provider service networks shall receive per-member, per-month payments. ~~A provider service network that does not choose to be a prepaid plan shall receive fee for service rates with a shared savings settlement. The fee for service option shall be available to a provider service network only for the first 2 years of the plan's operation or until the contract year beginning September 1, 2014, whichever is later. The agency shall annually conduct cost reconciliations to determine the amount of cost savings achieved by fee for service provider service networks for the dates of service in the period being reconciled. Only payments for covered services for dates of service within the reconciliation period and paid within 6 months after the last date of service in the reconciliation period shall be included. The agency shall perform the necessary adjustments for the inclusion of claims incurred but not reported within the reconciliation for claims that could be received and paid by the agency after the 6-month claims processing time lag. The agency shall provide the results of the reconciliations to the fee for service provider service networks within 45 days after the end of the reconciliation period. The fee for service provider service networks shall review and provide written comments or a letter of concurrence to the agency~~

~~within 45 days after receipt of the reconciliation results. This reconciliation shall be considered final.~~

(a) A provider service network ~~that~~ ~~which~~ is reimbursed by the agency on a prepaid basis shall be exempt from parts I and III of chapter 641, but must comply with the solvency requirements in s. 641.2261(2) and meet appropriate financial reserve, quality assurance, and patient rights requirements as established by the agency.

(b) A provider service network is a network established or organized and operated by a health care provider, or group of affiliated health care providers, which provides a substantial proportion of the health care items and services under a contract directly through the provider or affiliated group of providers and may make arrangements with physicians or other health care professionals, health care institutions, or any combination of such individuals or institutions to assume all or part of the financial risk on a prospective basis for the provision of basic health services by the physicians, by other health professionals, or through the institutions. The health care providers must have a controlling interest in the governing body of the provider service network organization.

(k) ~~Region 11~~, which consists of Miami Dade and Monroe Counties.

(3) QUALITY SELECTION CRITERIA.—

(a) The invitation to negotiate must specify the criteria and the relative weight of the criteria that will be used for determining the acceptability of the reply and guiding the selection of the organizations with which the agency negotiates. The agency shall give preference to plans that propose establishing a comprehensive long-term care plan. In addition to criteria established by the agency, the agency shall consider the following factors in the selection of eligible plans:

1. Accreditation by the National Committee for Quality Assurance, the Joint Commission, or another nationally recognized accrediting body.

2. Experience serving similar populations, including the organization's record in achieving specific quality standards with similar populations.

3. Availability and accessibility of primary care and specialty physicians in the provider network.

4. Establishment of community partnerships with providers that create opportunities for reinvestment in community-based services.

5. Organization commitment to quality improvement and documentation of achievements in specific quality improvement projects, including active involvement by organization leadership.

6. Provision of additional benefits, ~~particularly dental care and disease management~~, and other initiatives that improve health outcomes.

7. Evidence that an eligible plan has *obtained signed contracts or written agreements or signed contracts* or has made substantial progress in establishing relationships with providers before the plan *submits* submitting a response.

8. Comments submitted in writing by any enrolled Medicaid provider relating to a specifically identified plan participating in the procurement in the same region as the submitting provider.

9. Documentation of policies and procedures for preventing fraud and abuse.

10. The business relationship an eligible plan has with any other eligible plan that responds to the invitation to negotiate.

(d) ~~For the first year of the first contract term, the agency shall negotiate capitation rates or fee for service payments with each plan in order to guarantee aggregate savings of at least 5 percent.~~

1. ~~For prepaid plans, determination of the amount of savings shall be calculated by comparison to the Medicaid rates that the agency paid managed care plans for similar populations in the same areas in the prior year. In regions containing no prepaid plans in the prior year, determination of the amount of savings shall be calculated by comparison to the Medicaid rates established and certified for those regions in the prior year.~~

2. ~~For provider service networks operating on a fee for service basis, determination of the amount of savings shall be calculated by compar-~~

ision to the Medicaid rates that the agency paid on a fee-for-service basis for the same services in the prior year.

(d)(e) To ensure managed care plan participation in *Regions A and E* ~~Regions 1 and 2~~, the agency shall award an additional contract to each plan with a contract award in *Region A* ~~Region 1~~ or *Region E* ~~Region 2~~. Such contract shall be in any other region in which the plan submitted a responsive bid and negotiates a rate acceptable to the agency. If a plan that is awarded an additional contract pursuant to this paragraph is subject to penalties pursuant to s. 409.967(2)(i) for activities in *Region A* ~~Region 1~~ or *Region E* ~~Region 2~~, the additional contract is automatically terminated 180 days after the imposition of the penalties. The plan must reimburse the agency for the cost of enrollment changes and other transition activities.

(c) Access.—

1. The agency shall establish specific standards for the number, type, and regional distribution of providers in managed care plan networks to ensure access to care for both adults and children. Each plan must maintain a regionwide network of providers in sufficient numbers to meet the access standards for specific medical services for all recipients enrolled in the plan. The exclusive use of mail-order pharmacies may not be sufficient to meet network access standards. Consistent with the standards established by the agency, provider networks may include providers located outside the region. A plan may contract with a new hospital facility before the date the hospital becomes operational if the hospital has commenced construction, will be licensed and operational by January 1, 2013, and a final order has issued in any civil or administrative challenge. Each plan shall establish and maintain an accurate and complete electronic database of contracted providers, including information about licensure or registration, locations and hours of operation, specialty credentials and other certifications, specific performance indicators, and such other information as the agency deems necessary. The database must be available online to both the agency and the public and have the capability to compare the availability of providers to network adequacy standards and to accept and display feedback from each provider's patients. Each plan shall submit quarterly reports to the agency identifying the number of enrollees assigned to each primary care provider. *The agency shall conduct, or contract with a third party to conduct, systematic and ongoing testing of the provider network databases maintained by each plan to confirm database accuracy, to confirm that network providers are accepting enrollees, and to confirm that such enrollees have access to care.*

2. Each managed care plan must publish any prescribed drug formulary or preferred drug list on the plan's website in a manner that is accessible to and searchable by enrollees and providers. The plan must update the list within 24 hours after making a change. Each plan must ensure that the prior authorization process for prescribed drugs is readily accessible to health care providers, including posting appropriate contact information on its website and providing timely responses to providers. For Medicaid recipients diagnosed with hemophilia who have been prescribed anti-hemophilic-factor replacement products, the agency shall provide for those products and hemophilia overlay services through the agency's hemophilia disease management program.

3. Managed care plans, and their fiscal agents or intermediaries, must accept prior authorization requests for any service electronically.

4. Managed care plans serving children in the care and custody of the Department of Children and Families must maintain complete medical, dental, and behavioral health encounter information and

participate in making such information available to the department or the applicable contracted community-based care lead agency for use in providing comprehensive and coordinated case management. The agency and the department shall establish an interagency agreement to provide guidance for the format, confidentiality, recipient, scope, and method of information to be made available and the deadlines for submission of the data. The scope of information available to the department shall be the data that managed care plans are required to submit to the agency. The agency shall determine the plan's compliance with standards for access to medical, dental, and behavioral health services; the use of medications; and followup on all medically necessary services recommended as a result of early and periodic screening, diagnosis, and treatment.

(j) Prompt payment.—Managed care plans shall comply with ss. 641.315, 641.3155, and 641.513, *and the agency shall impose fines, and may impose other sanctions, on a plan that willfully fails to comply with ss. 641.315, 641.3155, and 641.513 or s. 409.982(5).*

Section 7. Effective January 1, 2018, paragraph (p) is added to subsection (2) of section 409.967, Florida Statutes, to read:

(p) *Robust primary care networks.—A health insurer or health maintenance organization selected as a managed care plan under this part may not, directly or indirectly, purchase, own, or otherwise have a controlling interest in any primary care group or practice in this state.*

Section 8. Subsection (2) of section 409.968, Florida Statutes, is amended to read:

409.968 Managed care plan payments.—

(2) Provider service networks ~~shall~~ ~~may~~ be prepaid plans and receive per-member, per-month payments negotiated pursuant to the procurement process described in s. 409.966. ~~Provider service networks that choose not to be prepaid plans shall receive fee for service rates with a shared savings settlement. The fee for service option shall be available to a provider service network only for the first 2 years of its operation. The agency shall annually conduct cost reconciliations to determine the amount of cost savings achieved by fee for service provider service networks for the dates of service within the period being reconciled. Only payments for covered services for dates of service within the reconciliation period and paid within 6 months after the last date of service in the reconciliation period must be included. The agency shall perform the necessary adjustments for the inclusion of claims incurred but not reported within the reconciliation period for claims that could be received and paid by the agency after the 6-month claims processing time lag. The agency shall provide the results of the reconciliations to the fee for service provider service networks within 45 days after the end of the reconciliation period. The fee for service provider service networks shall review and provide written comments or a letter of concurrence to the agency within 45 days after receipt of the reconciliation results. This reconciliation is considered final.~~

Section 4. Paragraph (b) of subsection (2), subsection (5), subsection (8), paragraph (a) of subsection (9), and subsection (10) of section 464.019, Florida Statutes, are amended, paragraph (d) is added to subsection (7) of that section, and paragraph (e) is added to subsection (11) of that section, to read:

464.019 Approval of nursing education programs.—

(2) PROGRAM APPROVAL.—

(b) *Following the department's receipt of a complete program application, the board may conduct an onsite evaluation if necessary to document the applicant's compliance with subsection (1).* Within 90 days after the department's receipt of a complete program application, the board shall:

1. Approve the application if it documents compliance with subsection (1); or

2. Provide the educational institution with a notice of intent to deny the application if it does not document compliance with subsection (1). The notice must specify written reasons for the board's denial of the application. The board may not deny a program application because of an educational institution's failure to correct an error or omission that the department failed to provide notice of to the institution within the 30-day notice period under paragraph (a). The educational institution may request a hearing on the notice of intent to deny the program application pursuant to chapter 120.

(5) ACCOUNTABILITY.—

(a)1. An approved program must achieve a graduate passage rate for first-time test takers ~~which who take the licensure examination within 6 months after graduation from the program that is not more than 10 percentage points lower than the average passage rate during the same calendar year for graduates of comparable degree programs who are United States educated, first-time test takers on the National Council of State Boards of Nursing Licensure Examination, as calculated by the contract testing service of the National Council of State Boards of Nursing. An approved program shall require a graduate from the program who does not take the licensure examination within 6 months after graduation to enroll in and successfully complete a licensure examination preparatory course pursuant to s. 464.008.~~ For purposes of this subparagraph, an approved program is comparable to all degree programs of the same program type from among the following program types:

a. Professional nursing education programs that terminate in a bachelor's degree.

b. Professional nursing education programs that terminate in an associate degree.

c. Professional nursing education programs that terminate in a diploma.

d. Practical nursing education programs.

2. Beginning with graduate passage rates for calendar year 2010, if an approved program's graduate passage rates do not equal or exceed the required passage rates for 2 consecutive calendar years, the board shall place the program on probationary status pursuant to chapter 120 and the program director shall appear before the board to present a plan for remediation, which shall include specific benchmarks to identify

progress toward a graduate passage rate goal. The program must remain on probationary status until it achieves a graduate passage rate that equals or exceeds the required passage rate for any 1 calendar year. The board shall deny a program application for a new prelicensure nursing education program submitted by an educational institution if the institution has an existing program that is already on probationary status.

3. Upon the program's achievement of a graduate passage rate that equals or exceeds the required passage rate, the board, at its next regularly scheduled meeting following release of the program's graduate passage rate by the National Council of State Boards of Nursing, shall remove the program's probationary status. If the program, during the 2 calendar years following its placement on probationary status, does not achieve the required passage rate for any 1 calendar year, the board shall terminate the program pursuant to chapter 120. However, the board may extend the program's probationary status for 1 additional year, provided if the program has demonstrated adequate progress toward the graduate passage rate goal by meeting a majority of the benchmarks established in the remediation plan. If the program is not granted the 1-year extension or fails to achieve the required passage rate by the end of such extension, the board shall terminate the program pursuant to chapter 120.

(b) If an approved program fails to submit the annual report required in subsection (3), the board shall notify the program director and president or chief executive officer of the educational institution in writing within 15 days after the due date of the annual report. The program director shall appear before the board at the board's next regularly scheduled meeting to explain the reason for the delay. The board shall terminate the program pursuant to chapter 120 if the program director fails to appear before the board, as required under this paragraph, or if the program does not submit the annual report within 6 months after the due date.

(c) A nursing education program, whether accredited or nonaccredited, which has been placed on probationary status shall disclose its probationary status in writing to the program's students and applicants. The notification must include an explanation of the implications of the program's probationary status on the students or applicants.

(d) If students from a program that is terminated pursuant to this subsection transfer to an approved or an accredited program under the direction of the Commission for Independent Education, the board shall recalculate the passage rates of the programs receiving the transferring students, excluding the test scores of those students transferring more than 12 credits.

(7) PROGRAM CLOSURE.—

(d) A program that is terminated or closed under this section may not seek program approval under its original name or a new program name for a minimum of 3 years after the date of termination or closing. An institutional name change or the creation of a new educational institution with the same ownership does not reduce the waiting period for reapplication.

(8) RULEMAKING.—The board does not have rulemaking authority to administer this section, except that the board shall adopt rules that prescribe the format for submitting program applications under subsection (1) and annual reports under subsection (3), and to administer the documentation of the accreditation of nursing education programs under subsection (11). The board may adopt rules relating to the nursing curriculum, including rules relating to the uses and limitations of simulation technology. The board may not impose any condition or requirement on an educational institution submitting a program application, an approved program, or an accredited program, except as expressly provided in this section.

(9) APPLICABILITY TO ACCREDITED PROGRAMS.—

(a) Subsections (1)-(3), paragraph (4)(b), and paragraph (5)(b) subsection (5) do not apply to an accredited program.

(10) IMPLEMENTATION STUDY.—The Florida Center for Nursing and the education policy area of the Office of Program Policy Analysis and Government Accountability shall study the administra-

tion of this section and submit reports to the Governor, the President of the Senate, and the Speaker of the House of Representatives annually by January 30, through January 30, 2020. The annual reports shall address the previous academic year; provide data on the measures specified in paragraphs (a) and (b), as such data becomes available; and include an evaluation of such data for purposes of determining whether this section is increasing the availability of nursing education programs and the production of quality nurses. The department and each approved program or accredited program shall comply with requests for data from the Florida Center for Nursing and the education policy area of the Office of Program Policy Analysis and Government Accountability.

(a) The Florida Center for Nursing and the education policy area of the Office of Program Policy Analysis and Government Accountability shall evaluate program-specific data for each approved program and accredited program conducted in the state, including, but not limited to:

2. The number of student applications submitted, the number of qualified applicants, and the number of students accepted.

4. Program retention rates of students tracked from program entry to graduation.

Accountability processes, including, but not limited to, the number of programs on probationary status, the number of approved programs for which the program director is required to appear before the board under subsection (5), the number of approved programs terminated by the board, the number of terminations reviewed under chapter 120, and a description of the outcomes of those reviews.

(c) The Florida Center for Nursing shall complete an annual assessment of compliance by programs with the accreditation requirements of subsection (11), include in the assessment a determination of the accreditation process status for each program, and submit the assessment as part of the reports required. For any state fiscal year in which the Florida Center for Nursing does not receive legislative appropriations, the education policy area of the Office of Program Policy Analysis and Government Accountability shall perform the duties assigned by this subsection to the Florida Center for Nursing.

(11) ACCREDITATION REQUIRED.—

(e) A nursing education program that fails to meet the accreditation requirements shall be terminated and is ineligible for reapproval under its original name or a new program name for a minimum of 3 years after the date of termination. An institutional name change or the creation of a new educational institution with the same ownership does not reduce the waiting period for reapplication.

Section 5. Section 465.1893, Florida Statutes, is created to read:
