(a) *High school computer science courses of sufficient rigor, as identified by the commissioner, such that one credit in computer science and the earning of related industry certifications constitute the equivalent of up to one credit of the mathematics requirement, with the exception of Algebra I or higher-level mathematics, or up to one credit of the science requirement, with the exception of Biology I or higher-level science, for high school graduation. Computer science courses and technology-related industry certifications that are identified as eligible for meeting mathematics or science requirements for high school graduation shall be included in the Course Code Directory.*

(b) *High school computer technology courses in 3D rapid prototype printing of sufficient rigor, as identified by the commissioner, such that one or more credits in such courses and related industry certifications earned may satisfy up to two credits of mathematics required for high school graduation with the exception of Algebra I. Computer technology courses in 3D rapid prototype printing and related industry certifications that are identified as eligible for meeting mathematics requirements for high school graduation shall be included in the Course Code Directory.*

(4) *The State Board of Education may adopt rules to administer this section.*

Section 20. Subsection (1) of section 1007.27, Florida Statutes, is amended to read:

1007.27 Articulated acceleration mechanisms.—

(1) It is the intent of the Legislature that a variety of articulated acceleration mechanisms be available for secondary and postsecondary students attending public educational institutions. It is intended that articulated acceleration serve to shorten the time necessary for a student to complete the requirements associated with the conference of a high school diploma and a postsecondary degree, broaden the scope of curricular options available to students, or increase the depth of study available for a particular subject. Articulated acceleration mechanisms shall include, but are not limited to, dual enrollment and early admission as provided for in s. 1007.271, advanced placement, credit by examination, the International Baccalaureate Program, and the Advanced International Certificate of Education Program. Credit earned through the Florida Virtual School shall provide additional opportunities for early graduation and acceleration. Students of Florida public secondary schools enrolled pursuant to this subsection shall be deemed authorized users of the state-funded electronic library resources that are licensed for Florida College System institutions and state universities by the Florida Academic Library Services Cooperative ~~Florida Virtual Campus~~. Verification of eligibility shall be in accordance with rules established by the State Board of Education and regulations established by the Board of Governors and processes implemented by Florida College System institutions and state universities.

Section 21. Subsection (21) of section 1007.271, Florida Statutes, is amended to read:

1007.271 Dual enrollment programs.—

(21) Each district school superintendent and *each public postsecondary ~~Florida College System~~ institution* president shall develop a comprehensive dual enrollment articulation agreement for the respective school district and *postsecondary ~~Florida College System~~ institution*. The superintendent and president shall establish an articulation committee for the purpose of developing the agreement. Each state university president may designate a university representative to participate in the development of a dual enrollment articulation agreement. A dual enrollment articulation agreement shall be completed and submitted annually by the *postsecondary ~~Florida College System~~ institution* to the Department of Education on or before August 1. The agreement must include, but is not limited to:

(a) A ratification or modification of all existing articulation agreements.

(b) A description of the process by which students and their parents are informed about opportunities for student participation in the dual enrollment program.

(c) A delineation of courses and programs available to students eligible to participate in dual enrollment.

(d) A description of the process by which students and their parents exercise options to participate in the dual enrollment program.

(e) A list of any additional initial student eligibility requirements for participation in the dual enrollment program.

(f) A delineation of the high school credit earned for the passage of each dual enrollment course.

(g) A description of the process for informing students and their parents of college-level course expectations.

(h) The policies and procedures, if any, for determining exceptions to the required grade point averages on an individual student basis.

(i) The registration policies for dual enrollment courses as determined by the postsecondary institution.

(j) Exceptions, if any, to the professional rules, guidelines, and expectations stated in the faculty or adjunct faculty handbook for the postsecondary institution.

(k) Exceptions, if any, to the rules, guidelines, and expectations stated in the student handbook of the postsecondary institution which apply to faculty members.

(l) The responsibilities of the school district regarding the determination of student eligibility before participating in the dual enrollment program and the monitoring of student performance while participating in the dual enrollment program.

(m) The responsibilities of the ~~postsecondary Florida College System~~ institution regarding the transmission of student grades in dual enrollment courses to the school district.

(n) A funding provision that delineates costs incurred by each entity.

1. School districts shall pay *public postsecondary institutions* the standard tuition rate per credit hour from funds provided in the Florida Education Finance Program ~~to the institution providing instruction when dual enrollment course such instruction takes place on the postsecondary institution's campus and the course is taken during the fall or spring term to cover instructional and support costs incurred by the postsecondary institution.~~ When dual enrollment is provided on the high school site by postsecondary institution faculty, the school district shall reimburse the costs associated with the *postsecondary institution's* proportion of salary and benefits ~~and other actual costs of the postsecondary institution~~ to provide the instruction. When dual enrollment *course instruction* is provided on the high school site by school district faculty, the school district ~~is not shall be responsible only for payment to the postsecondary institution institution's actual costs associated with offering the program.~~ A postsecondary institution may enter into an agreement with the school district to authorize teachers to ~~who~~ teach dual enrollment courses at the high school site or the postsecondary institution. A school district may not deny a student access to dual enrollment unless the student is ineligible to participate in the program subject to provisions specifically outlined in this section.

2. *Subject to annual appropriation in the General Appropriations Act, a public postsecondary institution shall receive an amount of funding equivalent to the standard tuition rate per credit hour for each dual enrollment course taken by a student during the summer term.*

(o) Any institutional responsibilities for student transportation, if provided.

Section 22. Effective upon this act becoming a law and operating retroactively to March 31, 2014, subsection (4) of section 1007.33, Florida Statutes, is amended to read:

1007.33 Site-determined baccalaureate degree access.—

(4) A Florida College System institution may:

(a) Offer specified baccalaureate degree programs through formal agreements between the Florida College System institution and other regionally accredited postsecondary educational institutions pursuant to s. 1007.22.

(b) Offer baccalaureate degree programs that were authorized by law prior to July 1, 2009.

(c) Beginning July 1, 2009, establish a first or subsequent baccalaureate degree program for purposes of meeting district, regional, or statewide workforce needs if approved by the State Board of Education under this section.

Beginning July 1, 2009, the Board of Trustees of ~~the~~ St. Petersburg College is authorized to establish one or more bachelor of applied science degree programs based on an analysis of workforce needs in Pinellas, Pasco, and Hernando Counties and other counties approved by the De-

partment of Education. For each program selected, St. Petersburg College must offer a related associate in science or associate in applied science degree program, and the baccalaureate degree level program must be designed to articulate fully with at least one associate in science degree program. The college is encouraged to develop articulation agreements for enrollment of graduates of related associate in applied science degree programs. The Board of Trustees of ~~the~~ St. Petersburg College is authorized to establish additional baccalaureate degree programs if it determines a program is warranted and feasible based on each of the factors in paragraph (5)(d). *However, the Board of Trustees of St. Petersburg College may not establish any new baccalaureate degree programs from March 31, 2014, through May 31, 2015.* Prior to developing or proposing a new baccalaureate degree program, St. Petersburg College shall engage in need, demand, and impact discussions with the state university in its service district and other local and regional, accredited postsecondary providers in its region. Documentation, data, and other information from inter-institutional discussions regarding program need, demand, and impact shall be provided to the college's board of trustees to inform the program approval process. Employment at St. Petersburg College is governed by the same laws that govern Florida College System institutions, except that upper-division faculty are eligible for continuing contracts upon the completion of the fifth year of teaching. Employee records for all personnel shall be maintained as required by s. 1012.81.

Section 23. Paragraphs (a) and (c) of subsection (16) and subsection (17) of section 1009.23, Florida Statutes, are amended to read:

1009.23 Florida College System institution student fees.—

(16)(a) Each Florida College System institution may assess a student who enrolls in a course listed in the distance learning catalog, established pursuant to s. 1006.735 ~~1006.73~~, a per-credit-hour distance learning course user fee. For purposes of assessing this fee, a distance learning course is a course in which at least 80 percent of the direct instruction of the course is delivered using some form of technology when the student and instructor are separated by time or space, or both.

(c) *If an institution assesses the distance learning fee, the institution must provide a* ~~The link to for the catalog must be prominently displayed~~ within the advising and distance learning sections of the institution's website, using a graphic and description provided by the *Complete Florida Plus Program Florida Virtual Campus*, to inform students of the catalog.

(17) Each Florida College System institution that accepts transient students, pursuant to s. 1006.735 ~~1006.73~~, may establish a transient student fee not to exceed \$5 per course for processing the transient student admissions application.

Section 24. Paragraph (t) of subsection (14) and paragraphs (a) and (c) of subsection (17) of section 1009.24, Florida Statutes, are amended to read:

1009.24 State university student fees.—

(14) Except as otherwise provided in subsection (15), each university board of trustees is authorized to establish the following fees:

(t) A transient student fee that may not exceed \$5 per course for accepting a transient student and processing the transient student admissions application pursuant to s. 1006.735 ~~1006.73~~.

With the exception of housing rental rates and except as otherwise provided, fees assessed pursuant to paragraphs (h)-(s) shall be based on reasonable costs of services. The Board of Governors shall adopt regulations and timetables necessary to implement the fees and fines authorized under this subsection. The fees assessed under this subsection may be used for debt only as authorized under s. 1010.62.

(17)(a) A state university may assess a student who enrolls in a course listed in the distance learning catalog, established pursuant to s. 1006.735 ~~1006.73~~, a per-credit-hour distance learning course fee. For purposes of assessing this fee, a distance learning course is a course in which at least 80 percent of the direct instruction of the course is delivered using some form of technology when the student and instructor are separated by time or space, or both.

(c) *If an institution assesses the distance learning fee, the institution must provide a link to for the catalog must be prominently displayed within the advising and distance learning sections of the institution's website, using a graphic and description provided by the Complete Florida Plus Program Florida Virtual Campus, informing students of the catalog.*

Section 25. Subsection (1) and paragraph (a) of subsection (2) of section 1009.55, Florida Statutes, are amended to read:

1009.55 Rosewood Family Scholarship Program.—

(1) There is created a Rosewood Family Scholarship Program for the direct descendants of the Rosewood families, not to exceed 50 ~~25~~ scholarships per year.

(2) The Rosewood Family Scholarship Program shall be administered by the Department of Education. The State Board of Education shall adopt rules for administering this program which shall at a minimum provide for the following:

(a) The annual award to a student shall be up to \$6,100 ~~\$4,000~~ but should not exceed an amount in excess of tuition and registration fees.

Section 26. Section 1009.893, Florida Statutes, is created to read:

1009.893 Florida National Merit Scholar Incentive Program.—

(1) As used in this section, the term:

(a) "Department" means the Department of Education.

(b) "Incentive program" means the Florida National Merit Scholar Incentive Program.

(2) The Florida National Merit Scholar Incentive Program is created to reward any Florida high school graduate who receives recognition as a National Merit Scholar or National Achievement Scholar and who initially enrolls in the 2014-2015 academic year or, later, in a baccalaureate degree program at an eligible Florida public or independent postsecondary educational institution.

(3) The department shall administer the incentive program according to rules and procedures established by the State Board of Education. The department shall advertise the availability of the incentive program and notify students, teachers, parents, certified school counselors, and principals or other relevant school administrators of the criteria.

(4) In order to be eligible for an award under the incentive program, a student must:

(a) Be a state resident as determined in s. 1009.40 and rules of the State Board of Education;

(b) Earn a standard Florida high school diploma or its equivalent pursuant to s. 1002.3105, s. 1003.4281, s. 1003.4282, or s. 1003.435 unless:

1. The student completes a home education program according to s. 1002.41; or

2. The student earns a high school diploma from a non-Florida school while living with a parent who is on military or public service assignment out of this state;

(c) Be accepted by and enroll in a Florida public or independent postsecondary educational institution that is regionally accredited; and

(d) Be enrolled full-time in a baccalaureate degree program at an eligible regionally accredited Florida public or independent postsecondary educational institution during the fall academic term following high school graduation.

(5)(a) An eligible student who is a National Merit Scholar or National Achievement Scholar and who attends a Florida public postsecondary educational institution shall receive an incentive award equal to the institutional cost of attendance minus the sum of the student's Florida Bright Futures Scholarship and National Merit Scholarship or National Achievement Scholarship.

(b) An eligible student who is a National Merit Scholar or National Achievement Scholar and who attends a Florida independent postsecondary educational institution shall receive an incentive award equal to the highest cost of attendance at a Florida public university, as reported by the Board of Governors of the State University System, minus the sum of the student's Florida Bright Futures Scholarship and National Merit Scholarship or National Achievement Scholarship.

(6)(a) To be eligible for a renewal award, a student must earn all credits for which he or she was enrolled and maintain a 3.0 or higher grade point average.

(b) A student may receive the incentive award for a maximum of 100 percent of the number of credit hours required to complete a baccalaureate degree program, or until completion of a baccalaureate degree program, whichever comes first.

(7) The department shall annually issue awards from the incentive program. Before the registration period each semester, the department shall transmit payment for each award to the president or director of the postsecondary educational institution, or his or her representative, except that the department may withhold payment if the receiving institution fails to report or to make refunds to the department as required in this section.

(a) Each institution shall certify to the department the eligibility status of each student to receive a disbursement within 30 days before the end of its regular registration period, inclusive of a drop and add period. An institution is not required to reevaluate the student eligibility after the end of the drop and add period.

(b) An institution that receives funds from the incentive program must certify to the department the amount of funds disbursed to each student and remit to the department any undisbursed advances within 60 days after the end of regular registration.

(c) If funds appropriated are not adequate to provide the maximum allowable award to each eligible student, awards must be prorated using the same percentage reduction.

(8) Funds from any award within the incentive program may not be used to pay for remedial coursework or developmental education.

(9) A student may use an award for a summer term if funds are available and appropriated by the Legislature.

(10) The department shall allocate funds to the appropriate institutions and collect and maintain data regarding the incentive program within the student financial assistance database as specified in s. 1009.94.

(11) Section 1009.40(4) does not apply to awards issued under this section.

(12) The State Board of Education shall adopt rules necessary to administer this section.

Section 27. Paragraph (f) of subsection (1), paragraph (a) of subsection (4), and paragraphs (a) and (c) of subsection (9) of section 1011.62, Florida Statutes, are amended, subsection (12) is renumbered as subsection (13) and amended, subsections (13) and (14) are renumbered as subsections (14) and (15), respectively, and a new subsection (12) is added to that section, to read:

1011.62 Funds for operation of schools.—If the annual allocation from the Florida Education Finance Program to each district for operation of schools is not determined in the annual appropriations act or the substantive bill implementing the annual appropriations act, it shall be determined as follows:

(1) COMPUTATION OF THE BASIC AMOUNT TO BE INCLUDED FOR OPERATION.—The following procedure shall be followed in determining the annual allocation to each district for operation:

(f) Supplemental academic instruction; categorical fund.—

1. There is created a categorical fund to provide supplemental academic instruction to students in kindergarten through grade 12. This

paragraph may be cited as the “Supplemental Academic Instruction Categorical Fund.”

2. Categorical funds for supplemental academic instruction shall be allocated annually to each school district in the amount provided in the General Appropriations Act. These funds shall be in addition to the funds appropriated on the basis of FTE student membership in the Florida Education Finance Program and shall be included in the total potential funds of each district. These funds shall be used to provide supplemental academic instruction to students enrolled in the K-12 program. For the ~~2012-2013, 2013-2014, and~~ 2014-2015 fiscal year years, each school district that has one or more of the ~~300~~ ~~100~~ lowest-performing elementary schools based on the state reading assessment shall use these funds, together with the funds provided in the district’s research-based reading instruction allocation and other available funds, to provide an additional hour of instruction beyond the normal school day for each day of the entire school year for intensive reading instruction for the students in each of these schools. This additional hour of instruction must be provided ~~only~~ by teachers or reading specialists who are effective in teaching reading or by a *K-5 mentoring reading program that is supervised by a teacher who is effective at teaching reading*. Students enrolled in these schools who have level 5 assessment scores may participate in the additional hour of instruction on an optional basis. Exceptional student education centers shall not be included in the ~~300~~ ~~100~~ schools. After this requirement has been met, supplemental instruction strategies may include, but are not limited to: modified curriculum, reading instruction, after-school instruction, tutoring, mentoring, class size reduction, extended school year, intensive skills development in summer school, and other methods for improving student achievement. Supplemental instruction may be provided to a student in any manner and at any time during or beyond the regular 180-day term identified by the school as being the most effective and efficient way to best help that student progress from grade to grade and to graduate.

3. Effective with the 1999-2000 fiscal year, funding on the basis of FTE membership beyond the 180-day regular term shall be provided in the FEFP only for students enrolled in juvenile justice education programs or in education programs for juveniles placed in secure facilities or programs under s. 985.19. Funding for instruction beyond the regular 180-day school year for all other K-12 students shall be provided through the supplemental academic instruction categorical fund and other state, federal, and local fund sources with ample flexibility for schools to provide supplemental instruction to assist students in progressing from grade to grade and graduating.

4. The Florida State University School, as a lab school, is authorized to expend from its FEFP or Lottery Enhancement Trust Fund allocation the cost to the student of remediation in reading, writing, or mathematics for any graduate who requires remediation at a postsecondary educational institution.

5. Beginning in the 1999-2000 school year, dropout prevention programs as defined in ss. 1003.52, 1003.53(1)(a), (b), and (c), and 1003.54 shall be included in group 1 programs under subparagraph (d)3.

(4) COMPUTATION OF DISTRICT REQUIRED LOCAL EFFORT.—The Legislature shall prescribe the aggregate required local effort for all school districts collectively as an item in the General Appropriations Act for each fiscal year. The amount that each district shall provide annually toward the cost of the Florida Education Finance Program for kindergarten through grade 12 programs shall be calculated as follows:

(a) Estimated taxable value calculations.—

1.a. Not later than 2 working days prior to July 19, the Department of Revenue shall certify to the Commissioner of Education its most recent estimate of the taxable value for school purposes in each school district and the total for all school districts in the state for the current calendar year based on the latest available data obtained from the local property appraisers. The value certified shall be the taxable value for school purposes for that year, and no further adjustments shall be made, except those made pursuant to paragraphs (c) and (d), or an assessment roll change required by final judicial decisions as specified in paragraph (14)(b) ~~(13)(b)~~. Not later than July 19, the Commissioner of Education shall compute a millage rate, rounded to the next highest one one-thousandth of a mill, which, when applied to 96 percent of the estimated state total taxable value for school purposes, would generate the pre-

scribed aggregate required local effort for that year for all districts. The Commissioner of Education shall certify to each district school board the millage rate, computed as prescribed in this subparagraph, as the minimum millage rate necessary to provide the district required local effort for that year.

b. The General Appropriations Act shall direct the computation of the statewide adjusted aggregate amount for required local effort for all school districts collectively from ad valorem taxes to ensure that no school district’s revenue from required local effort millage will produce more than 90 percent of the district’s total Florida Education Finance Program calculation as calculated and adopted by the Legislature, and the adjustment of the required local effort millage rate of each district that produces more than 90 percent of its total Florida Education Finance Program entitlement to a level that will produce only 90 percent of its total Florida Education Finance Program entitlement in the July calculation.

2. On the same date as the certification in sub-subparagraph 1.a., the Department of Revenue shall certify to the Commissioner of Education for each district:

a. Each year for which the property appraiser has certified the taxable value pursuant to s. 193.122(2) or (3), if applicable, since the prior certification under sub-subparagraph 1.a.

b. For each year identified in sub-subparagraph a., the taxable value certified by the appraiser pursuant to s. 193.122(2) or (3), if applicable, since the prior certification under sub-subparagraph 1.a. This is the certification that reflects all final administrative actions of the value adjustment board.

(9) RESEARCH-BASED READING INSTRUCTION ALLOCATION.—

(a) The research-based reading instruction allocation is created to provide comprehensive reading instruction to students in kindergarten through grade 12. For the ~~2012-2013, 2013-2014, and~~ 2014-2015 fiscal year years, in each school district that has one or more of the ~~300~~ ~~100~~ lowest-performing elementary schools based on the state reading assessment, priority shall be given to providing an additional hour per day of intensive reading instruction beyond the normal school day for each day of the entire school year for the students in each school. Students enrolled in these schools who have level 5 assessment scores may participate in the additional hour of instruction on an optional basis. Exceptional student education centers shall not be included in the ~~300~~ ~~100~~ schools. The intensive reading instruction delivered in this additional hour and for other students shall include: research-based reading instruction that has been proven to accelerate progress of students exhibiting a reading deficiency; differentiated instruction based on student assessment data to meet students’ specific reading needs; explicit and systematic reading development in phonemic awareness, phonics, fluency, vocabulary, and comprehension, with more extensive opportunities for guided practice, error correction, and feedback; and the integration of social studies, science, and mathematics-text reading, text discussion, and writing in response to reading. For the 2012-2013 and 2013-2014 fiscal years, a school district may not hire more reading coaches than were hired during the 2011-2012 fiscal year unless all students in kindergarten through grade 5 who demonstrate a reading deficiency, as determined by district and state assessments, including students scoring Level 1 or Level 2 on the statewide, standardized ~~FCAT~~ reading assessment or, upon implementation, the English Language Arts assessment, are provided an additional hour per day of intensive reading instruction beyond the normal school day for each day of the entire school year.

(c) Funds allocated under this subsection must be used to provide a system of comprehensive reading instruction to students enrolled in the K-12 programs, which may include the following:

1. The provision of an additional hour per day of intensive reading instruction to students in the ~~300~~ ~~100~~ lowest-performing elementary schools by teachers and reading specialists who are effective in teaching reading.

2. Kindergarten through grade 5 reading intervention teachers to provide intensive intervention during the school day and in the required extra hour for students identified as having a reading deficiency.

3. The provision of highly qualified reading coaches to specifically support teachers in making instructional decisions based on student data, and improve teacher delivery of effective reading instruction, intervention, and reading in the content areas based on student need.

4. Professional development for school district teachers in scientifically based reading instruction, including strategies to teach reading in content areas and with an emphasis on technical and informational text.

5. The provision of summer reading camps for all students in kindergarten through grade 2 who demonstrate a reading deficiency as determined by district and state assessments, and students in grades 3 through 5 who score at Level 1 on the statewide, standardized FCAT reading assessment or, upon implementation, the English Language Arts assessment.

6. The provision of supplemental instructional materials that are grounded in scientifically based reading research.

7. The provision of intensive interventions for students in kindergarten through grade 12 who have been identified as having a reading deficiency or who are reading below grade level as determined by the statewide, standardized assessment FCAT.

(12) FLORIDA DIGITAL CLASSROOMS ALLOCATION.—

(a) The Florida digital classrooms allocation is created to support school district and school efforts and strategies to improve outcomes related to student performance by integrating technology in classroom teaching and learning. The outcomes must be measurable and may also be unique to the needs of individual schools and school districts within the general parameters established by the Department of Education.

(b) Each district school board shall adopt a district digital classrooms plan that meets the unique needs of students, schools, and personnel and submit the plan for approval to the Department of Education. In addition, each district school board must, at a minimum, seek input from the district's instructional, curriculum, and information technology staff to develop the district digital classrooms plan. The district's plan must be within the general parameters established in the Florida digital classrooms plan pursuant to s. 1001.20. In addition, if the district participates in federal technology initiatives and grant programs, the district digital classrooms plan must include a plan for meeting requirements of such initiatives and grant programs. Funds allocated under this subsection must be used to support implementation of district digital classrooms plans. By October 1, 2014, and by March 1 of each year thereafter, on a date determined by the department, each district school board shall submit to the department, in a format prescribed by the department, a digital classrooms plan. At a minimum, such plan must include, and be annually updated to reflect, the following:

1. Measurable student performance outcomes. Outcomes related to student performance, including outcomes for students with disabilities, must be tied to the efforts and strategies to improve outcomes related to student performance by integrating technology in classroom teaching and learning. Results of the outcomes shall be reported at least annually for the current school year and subsequent 3 years and be accompanied by an independent evaluation and validation of the reported results.

2. Digital learning and technology infrastructure purchases and operational activities. Such purchases and activities must be tied to the measurable outcomes under subparagraph 1., including, but not limited to, connectivity, broadband access, wireless capacity, Internet speed, and data security, all of which must meet or exceed minimum requirements and protocols established by the department. For each year that the district uses funds for infrastructure, a third-party, independent evaluation of the district's technology inventory and infrastructure needs must accompany the district's plan.

3. Professional development purchases and operational activities. Such purchases and activities must be tied to the measurable outcomes under subparagraph 1., including, but not limited to, using technology in the classroom and improving digital literacy and competency.

4. Digital tool purchases and operational activities. Such purchases and activities must be tied to the measurable outcomes under subparagraph 1., including, but not limited to, competency-based credentials that measure and demonstrate digital competency and certifications;

third-party assessments that demonstrate acquired knowledge and use of digital applications; and devices that meet or exceed minimum requirements and protocols established by the department.

5. Online assessment-related purchases and operational activities. Such purchases and activities must be tied to the measurable outcomes under subparagraph 1., including, but not limited to, expanding the capacity to administer assessments and compatibility with minimum assessment protocols and requirements established by the department.

(c) The Legislature shall annually provide in the General Appropriations Act the FEFP allocation for implementation of the Florida digital classrooms plan to be calculated in an amount up to 1 percent of the base student allocation multiplied by the total K-12 full-time equivalent student enrollment included in the FEFP calculations for the legislative appropriation or as provided in the General Appropriations Act. Each school district shall be provided a minimum of \$250,000, with the remaining balance of the allocation to be distributed based on each district's proportion of the total K-12 full-time equivalent student enrollment. Distribution of funds for the Florida digital classrooms allocation shall begin following submittal of each district's digital classrooms plan, which must include formal verification of the superintendent's approval of the digital classrooms plan of each charter school in the district, and approval of the plan by the department. Prior to the distribution of the Florida digital classrooms allocation funds, each district school superintendent shall certify to the Commissioner of Education that the district school board has approved a comprehensive district digital classrooms plan that supports the fidelity of implementation of the Florida digital classrooms allocation. District allocations shall be recalculated during the fiscal year consistent with the periodic recalculation of the FEFP. School districts shall provide a proportionate share of the digital classrooms allocation to each charter school in the district, as required for categorical programs in s. 1002.33(17)(b). A school district may use a competitive process to distribute funds for the Florida digital classrooms allocation to the schools within the school district.

(d) To facilitate the implementation of the district digital classrooms plans and charter school digital classrooms plans, the commissioner shall support statewide, coordinated partnerships and efforts of this state's education practitioners in the field, including, but not limited to, superintendents, principals, and teachers, to identify and share best practices, corrective actions, and other identified needs.

(e) Beginning in the 2015-2016 fiscal year and each year thereafter, each district school board shall report to the department its use of funds provided through the Florida digital classrooms allocation and student performance outcomes in accordance with the district's digital classrooms plan. The department may contract with an independent third-party entity to conduct an annual independent verification of the district's use of Florida digital classrooms allocation funds in accordance with the district's digital classrooms plan. In the event an independent third-party verification is not conducted, the Auditor General shall, during scheduled operational audits of the school districts, verify compliance of the use of Florida digital classrooms allocation funds in accordance with the district's digital classrooms plan. No later than October 1 of each year, beginning in the 2015-2016 fiscal year, the commissioner shall provide to the Governor, the President of the Senate, and the Speaker of the House of Representatives a summary of each district's use of funds, student performance outcomes, and progress toward meeting statutory requirements and timelines.

(f) Each school district shall provide teachers, administrators, students, and parents with access to:

1. Instructional materials in digital or electronic format, as defined in s. 1006.29.

2. Digital materials, including those digital materials that enable students to earn certificates and industry certifications pursuant to ss. 1003.4203 and 1008.44.

3. Teaching and learning tools and resources, including the ability for teachers and administrators to manage, assess, and monitor student performance data.

(13)(12) QUALITY ASSURANCE GUARANTEE.—The Legislature may annually in the General Appropriations Act determine a percentage increase in funds per K-12 unweighted FTE as a minimum guarantee to

each school district. The guarantee shall be calculated from prior year base funding per unweighted FTE student which shall include the adjusted FTE dollars as provided in subsection (14) ~~(13)~~, quality guarantee funds, and actual nonvoted discretionary local effort from taxes. From the base funding per unweighted FTE, the increase shall be calculated for the current year. The current year funds from which the guarantee shall be determined shall include the adjusted FTE dollars as provided in subsection (14) ~~(13)~~ and potential nonvoted discretionary local effort from taxes. A comparison of current year funds per unweighted FTE to prior year funds per unweighted FTE shall be computed. For those school districts which have less than the legislatively assigned percentage increase, funds shall be provided to guarantee the assigned percentage increase in funds per unweighted FTE student. Should appropriated funds be less than the sum of this calculated amount for all districts, the commissioner shall prorate each district's allocation. This provision shall be implemented to the extent specifically funded.

Section 28. Subsection (1) and paragraph (d) of subsection (2) of section 1011.71, Florida Statutes, are amended to read:

1011.71 District school tax.—

(1) If the district school tax is not provided in the General Appropriations Act or the substantive bill implementing the General Appropriations Act, each district school board desiring to participate in the state allocation of funds for current operation as prescribed by s. 1011.62(14) ~~1011.62(13)~~ shall levy on the taxable value for school purposes of the district, exclusive of millage voted under the provisions of s. 9(b) or s. 12, Art. VII of the State Constitution, a millage rate not to exceed the amount certified by the commissioner as the minimum millage rate necessary to provide the district required local effort for the current year, pursuant to s. 1011.62(4)(a)1. In addition to the required local effort millage levy, each district school board may levy a nonvoted current operating discretionary millage. The Legislature shall prescribe annually in the appropriations act the maximum amount of millage a district may levy.

(2) In addition to the maximum millage levy as provided in subsection (1), each school board may levy not more than 1.5 mills against the taxable value for school purposes for district schools, including charter schools at the discretion of the school board, to fund:

(d) The purchase, lease-purchase, or lease of new and replacement equipment; computer hardware, including electronic hardware and other hardware devices necessary for gaining access to or enhancing the use of electronic content and resources or to facilitate the access to and the use of a school district's *digital classrooms plan pursuant to s. 1011.62* ~~electronic learning management system pursuant to s. 1006.281~~, excluding software other than the operating system necessary to operate the hardware or device; and enterprise resource software applications that are classified as capital assets in accordance with definitions of the Governmental Accounting Standards Board, have a useful life of at least 5 years, and are used to support districtwide administration or state-mandated reporting requirements.

Section 29. *The Pasco County Sheriff's Office and Pasco-Hernando State College must negotiate an interlocal agreement governing the operation of the Law Enforcement and Corrections Academy at Pasco-Hernando State College for the training of officers and employees of the Pasco County Sheriff's Office. If a final and enforceable interlocal agreement has not been entered into between the Pasco County Sheriff's Office and Pasco-Hernando State College before October 1, 2014, the Criminal Justice Standards and Training Commission must immediately revoke certification of the criminal justice training school associated with Pasco-Hernando State College. A revocation of certification under this section does not affect the certification of any officer training prior to the revocation. In the event of program termination, Pasco-Hernando State College shall adhere to the teach-out procedures as established by the Southern Association of Colleges and Schools Commission on Colleges to ensure current students are not adversely affected.*

Section 30. *The Department of Education is directed to provide the entirety of the funds appropriated to Jobs for America's Graduates in Specific Appropriation 111 of the 2014-2015 General Appropriations Act, HB 5001, to its Florida affiliate, Jobs for Florida's Graduates.*

Section 31. Except as otherwise expressly provided in this act and except for this section, which shall take effect upon this act becoming a law, this act shall take effect July 1, 2014.

And the title is amended as follows:

Remove everything before the enacting clause and insert: A bill to be entitled

The Conference Committee Amendment for HB 5501 Documentary Stamp Tax Distributions, provides for the following:

- Amends s. 201.15, F.S., to extend the provision to pay debt service for bonds issued before January 1, 2013, to January 1, 2015.
- Requires an annual transfer from the Water Management Lands Trust Fund to the General Revenue Fund to pay debt service or to fund debt service reserve funds, rebate obligations, or other amounts payable with respect to bonds authorized pursuant to s. 215.619(1)(a)2. and the proviso associated with Specific Appropriation 1626A of the 2014-2015 General Appropriations Act.
- The bill is effective July 1, 2014.

**Conference Committee Amendment (372469) (with title amendment)**—Remove everything after the enacting clause and insert:

Section 1. Section 201.15, Florida Statutes, is amended to read:

201.15 Distribution of taxes collected.—All taxes collected under this chapter are subject to the service charge imposed in s. 215.20(1). ~~Before~~ ~~Prior to~~ distribution under this section, the Department of Revenue shall deduct amounts necessary to pay the costs of the collection and enforcement of the tax levied by this chapter. Such costs and the service charge may not be levied against any portion of taxes pledged to debt service on bonds to the extent that the costs and service charge are required to pay any amounts relating to the bonds. After distributions are made pursuant to subsection (1), all of the costs of the collection and enforcement of the tax levied by this chapter and the service charge shall

be available and transferred to the extent necessary to pay debt service and any other amounts payable with respect to bonds authorized before January 1, 2015 ~~2013~~, secured by revenues distributed pursuant to subsection (1). All taxes remaining after deduction of costs and the service charge shall be distributed as follows:

(1) Sixty-three and thirty-one hundredths percent of the remaining taxes shall be used for the following purposes:

(a) Amounts necessary to pay the debt service on, or fund debt service reserve funds, rebate obligations, or other amounts payable with respect to Preservation 2000 bonds issued pursuant to s. 375.051 and Florida Forever bonds issued pursuant to s. 215.618, shall be paid into the State Treasury to the credit of the Land Acquisition Trust Fund to be used for such purposes. The amount transferred to the Land Acquisition Trust Fund may not exceed \$300 million in fiscal year 1999-2000 and thereafter for Preservation 2000 bonds and bonds issued to refund Preservation 2000 bonds, and \$300 million in fiscal year 2000-2001 and thereafter for Florida Forever bonds. The annual amount transferred to the Land Acquisition Trust Fund for Florida Forever bonds may not exceed \$30 million in the first fiscal year in which bonds are issued. The limitation on the amount transferred shall be increased by an additional \$30 million in each subsequent fiscal year, but may not exceed a total of \$300 million in any fiscal year for all bonds issued. It is the intent of the Legislature that all bonds issued to fund the Florida Forever Act be retired by December 31, 2040. Except for bonds issued to refund previously issued bonds, no series of bonds may be issued pursuant to this paragraph unless such bonds are approved and the debt service for the remainder of the fiscal year in which the bonds are issued is specifically appropriated in the General Appropriations Act. For purposes of refunding Preservation 2000 bonds, amounts designated within this section for Preservation 2000 and Florida Forever bonds may be transferred between the two programs to the extent provided for in the documents authorizing the issuance of the bonds. The Preservation 2000 bonds and Florida Forever bonds are equally and ratably secured by moneys distributable to the Land Acquisition Trust Fund pursuant to this section, except as specifically provided otherwise by the documents authorizing the issuance of the bonds. Moneys transferred to the Land Acquisition Trust Fund pursuant to this paragraph, or earnings thereon, may not be used or made available to pay debt service on the Save Our Coast revenue bonds.

(b) Moneys shall be paid into the State Treasury to the credit of the Save Our Everglades Trust Fund in amounts necessary to pay debt service, provide reserves, and pay rebate obligations and other amounts due with respect to bonds issued under s. 215.619. Taxes distributed under paragraph (a) and this paragraph must be collectively distributed on a pro rata basis when the available moneys under this subsection are not sufficient to cover the amounts required under paragraph (a) and this paragraph.

(c) After the required payments under paragraphs (a) and (b), the remainder shall be paid into the State Treasury to the credit of:

1. The State Transportation Trust Fund in the Department of Transportation in the amount of the lesser of 38.2 percent of the remainder or \$541.75 million in each fiscal year. Out of such funds, the first \$50 million for the 2012-2013 fiscal year; \$65 million for the 2013-2014 fiscal year; and \$75 million for the 2014-2015 fiscal year and all subsequent years, shall be transferred to the State Economic Enhancement and Development Trust Fund within the Department of Economic Opportunity. The remainder is to be used for the following specified purposes, notwithstanding any other law to the contrary:

a. For the purposes of capital funding for the New Starts Transit Program, authorized by Title 49, U.S.C. s. 5309 and specified in s. 341.051, 10 percent of these funds;

b. For the purposes of the Small County Outreach Program specified in s. 339.2818, 5 percent of these funds. Effective July 1, 2014, the percentage allocated under this sub-subparagraph shall be increased to 10 percent;

c. For the purposes of the Strategic Intermodal System specified in ss. 339.61, 339.62, 339.63, and 339.64, 75 percent of these funds after allocating for the New Starts Transit Program described in sub-subparagraph a. and the Small County Outreach Program described in sub-subparagraph b.; and

d. For the purposes of the Transportation Regional Incentive Program specified in s. 339.2819, 25 percent of these funds after allocating for the New Starts Transit Program described in sub-subparagraph a. and the Small County Outreach Program described in sub-subparagraph b. Effective July 1, 2014, the first \$60 million of the funds allocated pursuant to this sub-subparagraph shall be allocated annually to the Florida Rail Enterprise for the purposes established in s. 341.303(5).

2. The Grants and Donations Trust Fund in the Department of Economic Opportunity in the amount of the lesser of .23 percent of the remainder or \$3.25 million in each fiscal year to fund technical assistance to local governments.

3. The Ecosystem Management and Restoration Trust Fund in the amount of the lesser of 2.12 percent of the remainder or \$30 million in each fiscal year, to be used for the preservation and repair of the state's beaches as provided in ss. 161.091-161.212.

4. General Inspection Trust Fund in the amount of the lesser of .02 percent of the remainder or \$300,000 in each fiscal year to be used to fund oyster management and restoration programs as provided in s. 379.362(3).

Moneys distributed pursuant to this paragraph may not be pledged for debt service unless such pledge is approved by referendum of the voters.

(d) After the required payments under paragraphs (a), (b), and (c), the remainder shall be paid into the State Treasury to the credit of the General Revenue Fund to be used and expended for the purposes for which the General Revenue Fund was created and exists by law.

(2) The lesser of 7.56 percent of the remaining taxes or \$84.9 million in each fiscal year shall be distributed as follows:

(a) Six million and three hundred thousand dollars shall be paid into the State Treasury to the credit of the General Revenue Fund.

(b) The remainder shall be paid into the State Treasury to the credit of the Land Acquisition Trust Fund. Sums deposited in the fund pursuant to this subsection may be used for any purpose for which funds deposited in the Land Acquisition Trust Fund may lawfully be used.

(3)(a) The lesser of 1.94 percent of the remaining taxes or \$26 million in each fiscal year shall be distributed in the following order:

1. Amounts necessary to pay debt service or to fund debt service reserve funds, rebate obligations, or other amounts payable with respect to bonds issued before February 1, 2009, pursuant to this subsection shall be paid into the State Treasury to the credit of the Land Acquisition Trust Fund.

2. Eleven million dollars shall be paid into the State Treasury to the credit of the General Revenue Fund.

3. The remainder shall be paid into the State Treasury to the credit of the Land Acquisition Trust Fund.

(b) Moneys deposited in the Land Acquisition Trust Fund pursuant to this subsection shall be used to acquire coastal lands or to pay debt service on bonds issued to acquire coastal lands and to develop and manage lands acquired with moneys from the trust fund.

(4) The lesser of 4.2 percent of the remaining taxes or \$60.5 million in each fiscal year shall be paid into the State Treasury to the credit of the Water Management Lands Trust Fund. Sums deposited in that fund may be used for any purpose authorized in s. 373.59. *An amount equal to the amounts necessary to pay debt service or to fund debt service reserve funds, rebate obligations, or other amounts payable with respect to bonds authorized pursuant to s. 215.619(1)(a)2. and the proviso associated with Specific Appropriation 1626A of the 2014-2015 General Appropriations Act shall be transferred annually from the Water Management Lands Trust Fund to the General Revenue Fund.*

(5) Of the remaining taxes, 3.52 percent shall be paid into the State Treasury to the credit of the Conservation and Recreation Lands Trust Fund to carry out the purposes set forth in s. 259.032. Eleven and fifteen hundredths percent of the amount credited to the Conservation and Recreation Lands Trust Fund pursuant to this subsection shall be

transferred to the State Game Trust Fund and used for land management activities.

(6) The lesser of 2.28 percent of the remaining taxes or \$34.1 million in each fiscal year shall be paid into the State Treasury to the credit of the Invasive Plant Control Trust Fund to carry out the purposes set forth in ss. 369.22 and 369.252.

(7) The lesser of .5 percent of the remaining taxes or \$9.3 million in each fiscal year shall be paid into the State Treasury to the credit of the State Game Trust Fund to be used exclusively for the purpose of implementing the Lake Restoration 2020 Program.

(8) One-half of one percent of the remaining taxes shall be paid into the State Treasury and divided equally to the credit of the Department of Environmental Protection Water Quality Assurance Trust Fund to address water quality impacts associated with nonagricultural nonpoint sources and to the credit of the Department of Agriculture and Consumer Services General Inspection Trust Fund to address water quality impacts associated with agricultural nonpoint sources, respectively. These funds shall be used for research, development, demonstration, and implementation of suitable best management practices or other measures used to achieve water quality standards in surface waters and water segments identified pursuant to ss. 303(d) of the Clean Water Act, Pub. L. No. 92-500, 33 U.S.C. ss. 1251 et seq. Implementation of best management practices and other measures may include cost-share grants, technical assistance, implementation tracking, and conservation leases or other agreements for water quality improvement. The Department of Environmental Protection and the Department of Agriculture and Consumer Services may adopt rules governing the distribution of funds for implementation of best management practices. The unobligated balance of funds received from the distribution of taxes collected under this chapter to address water quality impacts associated with nonagricultural nonpoint sources must be excluded when calculating the unobligated balance of the Water Quality Assurance Trust Fund as it relates to the determination of the applicable excise tax rate.

(9) Seven and fifty-three hundredths percent of the remaining taxes in each fiscal year shall be paid into the State Treasury to the credit of the State Housing Trust Fund. Out of such funds, beginning in the 2012-2013 fiscal year, the first \$35 million shall be transferred annually, subject to any distribution required under subsection (15), to the State Economic Enhancement and Development Trust Fund within the Department of Economic Opportunity. The remainder shall be used as follows:

(a) Half of that amount shall be used for the purposes for which the State Housing Trust Fund was created and exists by law.

(b) Half of that amount shall be paid into the State Treasury to the credit of the Local Government Housing Trust Fund and used for the purposes for which the Local Government Housing Trust Fund was created and exists by law.

(10) Eight and sixty-six hundredths percent of the remaining taxes in each fiscal year shall be paid into the State Treasury to the credit of the State Housing Trust Fund. Out of such funds, beginning in the 2012-2013 fiscal year, the first \$40 million shall be transferred annually, subject to any distribution required under subsection (15), to the State Economic Enhancement and Development Trust Fund within the Department of Economic Opportunity. The remainder shall be used as follows:

(a) Twelve and one-half percent of that amount shall be deposited into the State Housing Trust Fund and be expended by the Department of Economic Opportunity and by the Florida Housing Finance Corporation for the purposes for which the State Housing Trust Fund was created and exists by law.

(b) Eighty-seven and one-half percent of that amount shall be distributed to the Local Government Housing Trust Fund and used for the purposes for which the Local Government Housing Trust Fund was created and exists by law. Funds from this category may also be used to provide for state and local services to assist the homeless.

(11) The distribution of proceeds deposited into the Water Management Lands Trust Fund and the Conservation and Recreation Lands Trust Fund, pursuant to subsections (4) and (5), may not be used for land

acquisition but may be used for preacquisition costs associated with land purchases. The Legislature intends that the Florida Forever program supplant the acquisition programs formerly authorized under ss. 259.032 and 373.59.

(12) Amounts distributed pursuant to subsections (5), (6), (7), and (8) are subject to the payment of debt service on outstanding Conservation and Recreation Lands revenue bonds.

(13) In each fiscal year that the remaining taxes exceed collections in the prior fiscal year, the stated maximum dollar amounts provided in subsections (2), (4), (6), and (7) shall each be increased by an amount equal to 10 percent of the increase in the remaining taxes collected under this chapter multiplied by the applicable percentage provided in those subsections.

(14) If the payment requirements in any year for bonds outstanding on July 1, 2007, or bonds issued to refund such bonds, exceed the limitations of this section, distributions to the trust fund from which the bond payments are made must be increased to the lesser of the amount needed to pay bond obligations or the limit of the applicable percentage distribution provided in subsections (1)-(10).

(15) Distributions to the State Housing Trust Fund pursuant to subsections (9) and (10) must be sufficient to cover amounts required to be transferred to the Florida Affordable Housing Guarantee Program's annual debt service reserve and guarantee fund pursuant to s. 420.5092(6)(a) and (b) up to the amount required to be transferred to such reserve and fund based on the percentage distribution of documentary stamp tax revenues to the State Housing Trust Fund which is in effect in the 2004-2005 fiscal year.

(16) If amounts necessary to pay debt service or any other amounts payable with respect to Preservation 2000 bonds, Florida Forever bonds, or Everglades Restoration bonds authorized before January 1, 2015 ~~2013~~, exceed the amounts distributable pursuant to subsection (1), all moneys distributable pursuant to this section are available for such obligations and transferred in the amounts necessary to pay such obligations when due. However, amounts distributable pursuant to subsection (2), subsection (3), subsection (4), subsection (5), paragraph (9)(a), or paragraph (10)(a) are not available to pay such obligations to the extent that such moneys are necessary to pay debt service on bonds secured by revenues pursuant to those provisions.

(17) After the distributions provided in the preceding subsections, any remaining taxes shall be paid into the State Treasury to the credit of the General Revenue Fund.

Section 2. This act shall take effect July 1, 2014.

And the title is amended as follows:

Remove everything before the enacting clause and insert: A bill to be entitled

An act relating to documentary stamp tax distributions; amending s. 201.15, F.S.; revising provisions for the payment of debt service and other amounts payable with respect to specified bonds; requiring specified funds to be transferred annually from the Water Management Lands Trust Fund to the General Revenue Fund; providing an effective date.

The Conference Committee Amendment for HB 5203, Cancer Centers, provides for the following:

- HB 5203 adds the Florida Consortium of National Cancer Institute Centers Program to the list of cancer research programs that the Biomedical Research Trust Fund (BRTF) is authorized to fund.
- The bill repeals statutory language currently requiring that \$5 million each be appropriated annually from the BRTF to the Moffitt Cancer Center, the Sylvester Cancer Center, and the Shands Cancer Hospital.
- The bill creates the Florida Consortium of National Cancer Institute Centers Program within the Dept. of Health (DOH) as a competitive grant program, to provide funding to Florida-based cancer centers recognized as NCI-designated comprehensive cancer centers, NCI-designated cancer centers, and cancer centers working to achieve NCI-designation.
- For cancer centers receiving funds under the program, the allocation for each center includes the following variables:
  - Reportable Cases (40% weight): The number of cancer cases in which a cancer center is involved in the diagnosis, evaluation of the extent of cancer spread at time of diagnosis, or the administration of any part of the first course of therapy;
  - Peer-Review Costs (30% weight): Annual direct costs for peer-reviewed cancer research projects; and
  - Biomedical Education/Training (30% weight): Amount of biomedical research instruction offered to students at an affiliated medical school or graduate school.
- The bill provides that any cancer center receiving funds under the program will receive a minimum of \$16 million annually.
- The bill requires the DOH and participating cancer centers to report specific metrics relating to cancer mortality and external funding for cancer-related research to Florida's Cancer Control and Research Advisory Council.
- Aggregate funding for the consortium program is subject to annual legislative appropriations.

**Conference Committee Amendment (643063) (with title amendment)**—Remove everything after the enacting clause and insert:

Section 1. Paragraph (a) of subsection (8) of section 20.435, Florida Statutes, is amended to read:

20.435 Department of Health; trust funds.—The following trust funds shall be administered by the Department of Health:

(8) Biomedical Research Trust Fund.

(a) Funds to be credited to the trust fund shall consist of funds deposited pursuant to s. 215.5601 and any other funds appropriated by the Legislature. Funds shall be used for the purposes of the James and Esther King Biomedical Research Program, the Florida Consortium of National Cancer Institute Centers Program, and the William G. "Bill" Bankhead, Jr., and David Coley Cancer Research Program as specified in ss. 215.5602, 288.955, 381.915, and 381.922. The trust fund is exempt from the service charges imposed by s. 215.20.

Section 2. Paragraph (a) of subsection (12) of section 215.5602, Florida Statutes, is amended to read:

215.5602 James and Esther King Biomedical Research Program.—

(12)(a) Beginning in the 2011-2012 fiscal year and thereafter, \$25 million from the revenue deposited into the Health Care Trust Fund

pursuant to ss. 210.011(9) and 210.276(7) shall be reserved for research of tobacco-related or cancer-related illnesses. Of the revenue deposited in the Health Care Trust Fund pursuant to this section, \$25 million shall be transferred to the Biomedical Research Trust Fund within the Department of Health. Subject to annual appropriations in the General Appropriations Act, \$5 million shall be appropriated to the James and Esther King Biomedical Research Program, \$5 million shall be appropriated to the William G. "Bill" Bankhead, Jr., and David Coley Cancer Research Program created under s. 381.922, ~~\$5 million shall be appropriated to the H. Lee Moffitt Cancer Center and Research Institute established under s. 1004.43, \$5 million shall be appropriated to the Sylvester Comprehensive Cancer Center of the University of Miami, and \$5 million shall be appropriated to the Shands Cancer Hospital.~~

Section 3. Section 381.915, Florida Statutes, is created to read:

381.915 Florida Consortium of National Cancer Institute Centers Program.—

(1) This section may be cited as the "Florida NCI Cancer Centers Act."

(2) The Florida Consortium of National Cancer Institute Centers Program is established to enhance the quality and competitiveness of cancer care in this state, further a statewide biomedical research strategy directly responsive to the health needs of Florida's citizens, and capitalize on the potential educational opportunities available to its students. The department shall make payments to Florida-based cancer centers recognized by the National Cancer Institute (NCI) at the National Institutes of Health as NCI-designated cancer centers or NCI-designated comprehensive cancer centers, and cancer centers working toward achieving NCI designation. The department shall distribute funds to participating cancer centers on a quarterly basis during each fiscal year for which an appropriation is made.

(3) On or before September 15 of each year, the department shall calculate an allocation fraction to be used for distributing funds to participating cancer centers. On or before the final business day of each quarter of the state fiscal year, the department shall distribute to each participating cancer center one-fourth of that cancer center's annual allocation calculated under subsection (6). The allocation fraction for each participating cancer center is based on the cancer center's tier-designated weight under subsection (4) multiplied by each of the following allocation factors: number of reportable cases, peer-review costs, and biomedical education and training. As used in this section, the term:

(a) "Biomedical education and training" means instruction that is offered to a student who is enrolled in a biomedical research program at an affiliated university as a medical student or a student in a master's or doctoral degree program, or who is a resident physician trainee or postdoctoral trainee in such program. An affiliated university biomedical research program must be accredited or approved by a nationally recognized agency and offered through an institution accredited by the Commission on Colleges of the Southern Association of Colleges and Schools. Full-time equivalency for trainees shall be prorated for training received in oncologic sciences and oncologic medicine.

(b) "Cancer center" means a freestanding center, a center situated within an academic institution, or a formal research-based consortium under centralized leadership that has achieved NCI designation or is prepared to achieve NCI designation by July 1, 2019.

(c) "Florida-based" means that a cancer center's actual or sought designated status is or would be recognized by the NCI as primarily located in Florida and not in another state.

(d) "Peer-review costs" means the total annual direct costs for peer-reviewed cancer-related research projects, consistent with reporting guidelines provided by the NCI, for the most recent annual reporting period available.

(e) "Reportable cases" means cases of cancer in which a cancer center is involved in the diagnosis, evaluation of the diagnosis, evaluation of the extent of cancer spread at the time of diagnosis, or administration of all or any part of the first course of therapy for the most recent annual reporting period available. Cases relating to patients enrolled in institutional or investigator-initiated interventional clinical trials shall be weighted at 1.2 relative to other cases weighted at 1.0. Determination of institutional

or investigator-initiated interventional clinical trials must be consistent with reporting guidelines provided by the NCI.

(4) Tier designations and corresponding weights within the Florida Consortium of National Cancer Institute Centers Program are as follows:

(a) Tier 1: Florida-based NCI-designated comprehensive cancer centers, which shall be weighted at 1.5.

(b) Tier 2: Florida-based NCI-designated cancer centers, which shall be weighted at 1.25.

(c) Tier 3: Florida-based cancer centers seeking designation as either a NCI-designated cancer center or NCI-designated comprehensive cancer center, which shall be weighted at 1.0.

1. A cancer center shall meet the following minimum criteria to be considered eligible for Tier 3 designation in any given fiscal year:

a. Conducting cancer-related basic scientific research and cancer-related population scientific research;

b. Offering and providing the full range of diagnostic and treatment services on site, as determined by the Commission on Cancer of the American College of Surgeons;

c. Hosting or conducting cancer-related interventional clinical trials that are registered with the NCI's Clinical Trials Reporting Program;

d. Offering degree-granting programs or affiliating with universities through degree-granting programs accredited or approved by a nationally recognized agency and offered through the center or through the center in conjunction with another institution accredited by the Commission on Colleges of the Southern Association of Colleges and Schools;

e. Providing training to clinical trainees, medical trainees accredited by the Accreditation Council for Graduate Medical Education or the American Osteopathic Association, and postdoctoral fellows recently awarded a doctorate degree; and

f. Having more than \$5 million in annual direct costs associated with their total NCI peer-reviewed grant funding.

2. The General Appropriations Act or accompanying legislation may limit the number of cancer centers which shall receive Tier 3 designations or provide additional criteria for such designation.

3. A cancer center's participation in Tier 3 shall be limited to 5 years.

4. A cancer center that qualifies as a designated Tier 3 center under the criteria provided in subparagraph 1. by July 1, 2014, is authorized to pursue NCI designation as a cancer center or a comprehensive cancer center for 5 years after qualification.

(5) The department shall use the following formula to calculate a participating cancer center's allocation fraction:

$$CAF=[0.4 \times (CRC \div TCRC)] + [0.3 \times (CPC \div TCPC)] + [0.3 \times (CBE \div TCBE)]$$

Where:

CAF=A cancer center's allocation fraction.

CRC=A cancer center's tier-weighted reportable cases.

TCRC=The total tier-weighted reportable cases for all cancer centers.

CPC=A cancer center's tier-weighted peer-review costs.

TCPC=The total tier-weighted peer-review costs for all cancer centers.

CBE=A cancer center's tier-weighted biomedical education and training.

TCBE=The total tier-weighted biomedical education and training for all cancer centers.

(6) A cancer center's annual allocation shall be calculated by multiplying the funds appropriated for the Florida Consortium of National Cancer Institute Centers Program in the General Appropriations Act by

that cancer center's allocation fraction. If the calculation results in an annual allocation that is less than \$16 million, that cancer center's annual allocation shall be increased to a sum equaling \$16 million, with the additional funds being provided proportionally from the annual allocations calculated for the other participating cancer centers.

(7) Beginning July 1, 2017, and every 3 years thereafter, the department, in conjunction with participating cancer centers, shall submit a report to the Cancer Control and Research Advisory Council on specific metrics relating to cancer mortality and external funding for cancer-related research in the state. If a cancer center does not endorse this report or produce an equivalent independent report, the cancer center shall be suspended from the program for 1 year. The report must include:

(a) An analysis of trending age-adjusted cancer mortality rates in the state, which must include, at a minimum, overall age-adjusted mortality rates for cancer statewide and age-adjusted mortality rates by age group, geographic region, and type of cancer, which must include, at a minimum:

1. Lung cancer.
2. Pancreatic cancer.
3. Sarcoma.
4. Melanoma.
5. Leukemia and myelodysplastic syndromes.
6. Brain cancer.

(b) Identification of trends in overall federal funding, broken down by institutional source, for cancer-related research in the state.

(c) A list and narrative description of collaborative grants and inter-institutional collaboration among participating cancer centers, a comparison of collaborative grants in proportion to the grant totals for each cancer center, a catalogue of retreats and progress seed grants using state funds, and targets for collaboration in the future and reports on progress regarding such targets where appropriate.

- (8) This section is subject to annual appropriation by the Legislature.
- (9) The department may adopt rules to administer this section.

Section 4. This act shall take effect July 1, 2014.

And the title is amended as follows:

Remove everything before the enacting clause and insert: A bill to be entitled

An act relating to cancer centers; amending s. 20.435, F.S.; authorizing funds in the Biomedical Research Trust Fund to be used for the Florida Consortium of National Cancer Institute Centers Program; amending s. 215.5602, F.S.; revising the distribution of certain funds deposited into the Biomedical Research Trust Fund; creating s. 381.915, F.S.; providing a short title; establishing the Florida Consortium of National Cancer Institute Centers Program; providing purpose; requiring the Department of Health to distribute funding to certain cancer centers; providing a formula for determination of allocations; providing definitions; providing criteria for designation of tiers for cancer centers; requiring reports; providing that funding is subject to annual appropriation; providing rule-making authority; providing an effective date.

On motion by Senator Grimsley, the Conference Committee Report on HB 5203 was adopted. HB 5203 passed as amended by the Conference Committee Report and was certified to the House. The vote on passage was:

DISCLOSURE

I have an ownership interest in Caregivers Inc., a company based in Pensacola, Florida. The company provides services to the elderly and the disabled and a minority of its revenues are derived from reimbursements from the Escambia County Council on Aging and the Florida Medicaid program. Because Caregivers Inc. is among a class of health care providers receiving funds from such state sources, it appears to me that the company may be affected by HB 5001, HB 5003, HB 5201, and HB 5203 which come before the Senate floor for a vote on May 2, 2014.

Therefore, I believe that, because Caregivers Inc. is a member of such class, I am required by Senate Rule 1.39 to disclose the above facts.

**SUSPENSION REPORTS**

**EXECUTIVE ORDER NUMBER 13-294**  
(Executive Order of Suspension)

WHEREAS, William Gladden, Jr., is presently serving as a Notary Public of the State of Florida; and

WHEREAS, this Office received a complaint reporting William Gladden, Jr., for notary misconduct and thereafter initiated an investigation

of alleged violations of the statutes governing Florida notaries public contained in Chapter 117, Florida Statutes; and

WHEREAS, following the investigation of reported notary misconduct, this Office found William Gladden, Jr., notarized the signature of a party who was not in his presence at the time of the notarization; and failed to include the required information in a jurat or notarial certificate, in violation of sections 117.107(9), and 117.05(4), Florida Statutes; and

WHEREAS, it is in the best interests of the citizens of the State of Florida that William Gladden, Jr., be immediately suspended from the public office, which he now holds, upon the grounds set forth in this Executive Order;

NOW, THEREFORE, I, RICK SCOTT, Governor of Florida, pursuant to Article IV, Section 7 of the Florida Constitution and section 117.01(4), Florida Statutes, find and state as follows:

A. William Gladden, Jr., is a duly appointed Notary Public of the State of Florida, pursuant to section 117.01, Florida Statutes.

B. William Gladden, Jr., is commissioned as a Florida notary public from April 30, 2011, through April 29, 2015.

C. William Gladden, Jr., notarized a document when the signer was not in his presence at the time of the notarization, in violation of section 117.107(9), Florida Statutes.

D. William Gladden, Jr., did not complete a notarial certificate stating the venue of the notarization, the type of notarial act performed, and the specific form of identification relied upon in identifying the document signers, in violation of section 117.05(4), Florida Statutes.

BEING FULLY ADVISED in the premise, and in accordance with the Florida Constitution and the laws of the State of Florida, this Executive Order is issued:

Section 1. William Gladden, Jr., is suspended from the public office which he now holds: Notary Public of the State of Florida.

Section 2. William Gladden, Jr., is prohibited from performing any official act, duty, or function of this public office; from receiving any pay or allowance; and from being entitled to any of the emoluments or privileges of this public office during the period of suspension, which period shall begin today until further Executive Order is issued, or as otherwise provided by law.

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Florida to be affixed, at Tallahassee, this 14th day of October, 2013.

Rick Scott  
GOVERNOR

SECRETARY OF STATE

[Previously referred to the Committee on Ethics and Elections March 4, 2014.]

**EXECUTIVE ORDER NUMBER 14-152**  
(Executive Order Rescinding 13-294)

WHEREAS, on October 14, 2013, the notary public commission of William Gladden, Jr., was suspended by Executive Order 13-294 following an investigation by this Office that confirmed violations of the provisions of Chapter 117, Florida Statutes, governing Florida notaries public; and

WHEREAS, the investigation by this Office confirmed William Gladden, Jr., notarized a lease document without the purported signing party in his presence at the time of the notarization, in violation of section 117.107(9), Florida Statutes, and failed to include a complete jurat or notarial certificate with all required information on the notarized document, in violation of section 117.05(4), Florida Statutes; and

WHEREAS, in order to resolve the violations of Chapter 117, Florida Statutes, giving rise to the suspension of his notary commission, William Gladden, Jr., was required to complete a three-hour notary education course and provide proof of completion of that remedial action; and

WHEREAS, on April 26, 2014, William Gladden, Jr., submitted his signed certificate of completion for the three-hour notary education course in satisfaction of the required remedial action; and

NOW, THEREFORE, I, RICK SCOTT, Governor of Florida, in accordance with the Florida Constitution and the laws of the State of Florida, issue the following Executive Order, effective immediately:

Section 1. Executive Order 13-294 is rescinded.

Section 2. William Gladden, Jr., satisfactorily performed the required remedial action by completing the three-hour notary education course and providing proof of his completion of that action to this Office on April 26, 2014.

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Florida to be affixed, at Tallahassee, this 2nd day of May, 2014.

Rick Scott  
GOVERNOR

ATTEST:  
Ken Detzner  
SECRETARY OF STATE

[Referred to the Committee on Ethics and Elections.]

The Honorable Don Gaetz  
President of the Senate

May 2, 2014

RE: Suspension of:  
GLADDEN, JR., William

Dear President Gaetz:

The Committee on Ethics and Elections submits this final report on the matter of the suspension of William Gladden, Jr.

By Executive Order Number 13-294 filed with the Secretary of State on October 14, 2013, and pursuant to Article IV, Section 7(a) of the Florida Constitution, the Honorable Rick Scott, Governor, suspended William Gladden, Jr., as a Notary Public alleging that a complaint was filed against him alleging that he committed notary misconduct by notarizing a signature on a document when the signer was not in his presence at the time of notarization and that he failed to include the required information in the jurat or notarial certificate. On May 2, 2014, the Honorable Rick Scott, Governor, issued Executive Order 14-152 rescinding Executive Order 13-294 because Mr. Gladden completed the remedial action required by the Executive Office of the Governor.

Based on the foregoing, I advise and recommend that the Senate take no action on the above-named suspension during the 2014 Regular Session of the Florida Legislature, and consider the matter closed.

Sincerely,  
Jack Latvala, Chair

**EXECUTIVE ORDER NUMBER 14-153**  
(Executive Order of Suspension)

WHEREAS, Patricia A. Cloughsey is presently serving as a Notary Public of the State of Florida; and

WHEREAS, this Office received a complaint reporting Patricia A. Cloughsey for notary misconduct, and thereafter initiated an investigation of alleged violations of the laws governing Florida notaries public defined within Chapter 117, Florida Statutes; and

WHEREAS, the complainant, Paul J. Vasho, stated his signature on a non-disclosure agreement was notarized by Patricia A. Cloughsey, but he did not sign the document in her presence or acknowledge his signature to her at a later time; and

WHEREAS, in response to the investigation by this Office, Patricia A. Cloughsey submitted a sworn written statement on January 9, 2014, admitting that she notarized the challenged document without the signing party in her presence, in violation of section 117.107(9), Florida Statutes; and

WHEREAS, in notarizing the challenged document, Patricia A. Cloughsey also failed to include a complete jurat or notarial certificate with all of the required information, in violation of section 117.05(4), Florida Statutes, and failed to obtain satisfactory evidence that the person whose signature she notarized was the individual named in and executing the instrument, in violation of section 117.05(5), Florida Statutes; and

WHEREAS, on February 3, 2014, this Office notified Patricia A. Cloughsey by certified mail of the above-stated violations, and required that she undertake remedial action to address her neglect of duty by completing a free-of-charge three-hour notary education course offered on the Florida Department of State website, and thereafter provide proof of completion to this Office; and

WHEREAS, to date, Patricia A. Cloughsey has refused to cooperate with, or respond to, the remedial action required by this Office as part of the investigation of notary misconduct; and

WHEREAS, it is in the best interests of the citizens of the State of Florida that Patricia A. Cloughsey, be immediately suspended from the public office, which she now holds, upon the grounds set forth in this Executive Order;

NOW, THEREFORE, I, RICK SCOTT, Governor of Florida, pursuant to Article IV, Section 7 of the Florida Constitution and section 117.01(4), Florida Statutes, find and state as follows:

A. Patricia A. Cloughsey is a duly appointed Notary Public of the State of Florida, pursuant to section 117.01, Florida Statutes.

B. Patricia A. Cloughsey is commissioned as a Florida notary public from October 22, 2010, through October 21, 2014.

C. Patricia A. Cloughsey notarized an instrument when the signing party was not in her presence at the time of the notarization, in violation of section 117.107(9), Florida Statutes.

D. Patricia A. Cloughsey failed to include a complete jurat or notarial certificate on the notarized document, in violation of section 117.05(4), Florida Statutes.

E. Patricia A. Cloughsey failed to obtain satisfactory evidence that the person whose signature was notarized was the individual described in and executing the instrument, in violation of section 117.05(5), Florida Statutes.

F. Patricia A. Cloughsey refused to cooperate with an investigation by the Executive Office of the Governor, as required by section 117.01(4)(c), Florida Statutes.

BEING FULLY ADVISED in the premise, and in accordance with the Florida Constitution and the laws of the State of Florida, this Executive Order is issued:

*Section 1.* Patricia A. Cloughsey is suspended from the public office which she now holds: Notary Public of the State of Florida.

## HOW TO FIND OR TRACE A BILL, RESOLUTION OR MEMORIAL

*When the bill, resolution or memorial number is unknown, use the:*

### **SUBJECT INDEX OF SENATE AND HOUSE BILLS, RESOLUTIONS AND MEMORIALS.**

The subject matter of each bill is indexed and cross-indexed in an alphabetical arrangement, using topics of catchwords related closely to the subject matter. This is followed by the number of the bill, resolution or memorial.

*When the bill, resolution or memorial number is known, use the:*

### **NUMERICAL INDICES OF SENATE AND HOUSE BILLS, RESOLUTIONS AND MEMORIALS.**

Each bill is listed in numerical order. Opposite each bill number is the subject, the name of introducer, the page numbers where the bill involved appears in the journal, and the final status of the bill.

## **Tracing all Senate and House Actions**

It is possible to trace the progress of legislation from introduction to final disposition, step by step, as it is recorded on the various pages of the Senate Journal by looking at the pages referred to in the numerical index.

To follow the progress of Senate legislation passed by the Senate and sent to the House, use the indices contained in the House Journal to trace House action.

Bills, Resolutions and Memorials

REGULAR SESSION  
March 4 through May 2, 2014

[Source: Office of Legislative Services]

This index embraces all measures introduced in both the Senate and House. The house of origin is identified by the letter preceding each bill: S-Senate, H-House. House bills shown in this index include those never received by the Senate, and their inclusion here is only for the convenience of the user interested in all bills introduced in the Legislature on a particular subject.

(Boldfaced bill numbers passed both houses—adopted one-house resolutions also boldfaced.)

## PRAYER

Excused: Senators Diaz de la Portilla, Hays, Ring, and Stargel

The following prayer was offered by Senator Bean:

By direction of the President, the Secretary read the following proclamation:

Heavenly Father, we come before you today asking your guidance and your blessing as we are now called together for a special purpose.

### THE FLORIDA LEGISLATURE JOINT PROCLAMATION

TO THE HONORABLE MEMBERS OF THE FLORIDA SENATE AND THE FLORIDA HOUSE OF REPRESENTATIVES:

We are thankful for many blessings: our family and our loved ones, and all those that we represent; to be part of a very blessed state and a blessed nation. We are so thankful to those men and women who wore our red, white, and blue, and who defend our freedom and our liberties, especially those who have given their lives in service to our country. Please grant their families peace, and let them know we are so grateful for their sacrifice, one that we can never fully repay.

We, Don Gaetz, President of the Florida Senate, and Will Weatherford, Speaker of the Florida House of Representatives, by virtue of the authority vested in us by Article III, Section 3(c), Florida Constitution, and Section 11.011, Florida Statutes, do hereby proclaim:

We ask a blessing for leaders all across America at every level. Give them courage and wisdom to do what is best to help this nation continue to be a shining beacon of freedom in a world that seems at times to be in tumult. Lord, we ask for winds of peace to blow wherever they are needed, especially in the Middle East, and may your healing winds blow to those that are suffering from disease.

1. That the Legislature of the State of Florida is convened in Special Session pursuant to Article III, Section 3(c), Florida Constitution, and Section 11.011, Florida Statutes, at the Capitol in Tallahassee, Florida, beginning at 12:00 noon on Thursday, the 7th day of August, 2014, for a period of nine days, ending at 11:59 p.m. on Friday, the 15th day of August, 2014.

As we meet in the coming days, Heavenly Father, please strengthen this body to meet the challenge before us. We ask for patience in all our interactions so that we may work together peacefully for a better state. We ask for understanding of the needs of our state and its citizens and for the wisdom to make the best choices with that knowledge. We ask for strength and energy to do our work for the State of Florida.

2. That the Legislature is convened for the sole and exclusive purpose of considering revisions to Chapter 2012-2, Laws of Florida, an act establishing the congressional districts of the state, to amend Congressional Districts 5 and 10 established under the act, consistent with the Final Judgment issued by the circuit court in *Romo v. Detzner*, consolidated case nos. 2012-CA-412 and 2012-CA-490, in the Circuit Court of the Second Judicial Circuit in and for Leon County, Florida, and to

We ask all of this in your name, Amen.

**PLEDGE**

Senator Smith led the Senate in the pledge of allegiance to the flag of the United States of America.

**MOTIONS**

On motion by Senator Galvano, the rules were waived and an amendment deadline of 5:00 p.m., Saturday, August 9, 2014, was set for the Special Order Calendar to be considered Monday, August 11, 2014.

**INTRODUCTION AND REFERENCE OF BILLS****FIRST READING**

By Senator Galvano—

**SB 2-A**—A bill to be entitled An act relating to the establishment of the congressional districts of the state; reenacting s. 8.0001, F.S., relating to definitions; reenacting s. 8.0002, F.S., relating to the state's congressional districts; reenacting s. 8.0111, F.S., relating to the inclusion of unlisted territory in contiguous districts; reenacting s. 8.031, F.S., relating to the election of representatives to the United States House of Representatives; reenacting s. 8.0611, F.S., relating to severability; reenacting s. 8.07, F.S., relating to applicability; providing an effective date.

—was referred to the Committee on Reapportionment.

**MESSAGES FROM THE GOVERNOR AND OTHER EXECUTIVE COMMUNICATIONS****VETOED BILLS 2014 REGULAR SESSION**

The Honorable Kenneth W. Detzner  
Secretary of State

June 2, 2014

Dear Secretary Detzner:

By the authority vested in me as Governor of the State of Florida, under the provisions of Article III, Section 8, of the Constitution of Florida, I do hereby veto and transmit my objections to Senate Bill 392, enacted during the 116th Session of the Legislature of Florida, during the Regular Session of 2014 and entitled:

An act relating to state speed zones...

This legislation authorizes the Florida Department of Transportation to increase speed limits on Florida's roadways under specific conditions. Although the bill does not mandate higher speed limits, allowing for the possibility of faster driving on Florida's roads and highways could ultimately and unacceptably increase the risk of serious accidents for Florida citizens and visitors. I strongly respect the opinion of state and local law enforcement officers who have contacted me to warn about the possible serious negative consequences should this bill become law. While the evidence suggests that increased driving speeds are not the sole cause of traffic accidents, they clearly contribute to the increased severity of vehicle crash outcomes in the form of needless injuries and deaths. Maintaining our current speed limits will allow the Department of Transportation and our law enforcement officials to continue the state's focus on maintaining a safe traffic environment for every driver on Florida's roads.

For the reasons stated above, I withhold my approval of Senate Bill 392 and do hereby veto the same.

Sincerely,

*Rick Scott*, Governor

**The bill, together with the Governor's objections thereto, was referred to the Committee on Rules.**

Section 2. Section 8.0111, Florida Statutes, is reenacted to read:

8.0111 Inclusion of unlisted territory in contiguous districts.—Any portion of the state which is not stated in this chapter as being included in any district described in this chapter but which is entirely surrounded by a district shall be deemed to be included within the surrounding district. Any portion of the state which is not included in any district described in this chapter and which is not entirely surrounded by a district shall be included within that district contiguous to such portion that contains the least population per representative according to the United States Decennial Census of 2010; however, if every district con-

tiguous to such portion has an equal population, such portion shall be included within the lowest-numbered district that is contiguous to such portion.

Section 3. Section 8.031, Florida Statutes, is reenacted to read:

8.031 Election of representatives to Congress.—The districts named in s. 8.0002 constitute and form the congressional districts of the state, and a representative to the Congress shall be selected in and for each of the congressional districts as provided by law.

Section 4. Section 8.0611, Florida Statutes, is reenacted to read:

8.0611 Severability.—If any provision of this chapter is held invalid with respect to any person or circumstance, or if any congressional district established in this chapter is held invalid, the invalidity does not affect other provisions or applications of the chapter or any other districts established in this chapter which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are severable.

Section 5. Section 8.07, Florida Statutes, is amended to read:

8.07 Applicability.—The congressional districts prescribed in s. 8.0002 apply with respect to the qualification, nomination, and election to the office of representative to the Congress of the United States *for any election held after the 2014 general election in the primary and general elections held in 2012 and thereafter.*

Section 6. This act shall take effect upon becoming a law.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to the establishment of the congressional districts of the state; amending s. 8.0002, F.S.; redistricting the state's congressional districts in accordance with the United States Decennial Census of 2010; reenacting s. 8.0111, F.S., relating to the inclusion of unlisted territory in contiguous districts; reenacting s. 8.031, F.S., relating to the election of representatives to the United States House of Representatives; reenacting s. 8.0611, F.S., relating to severability; amending s. 8.07, F.S.; providing for applicability; providing an effective date.

Pursuant to Rule 7.1(1), there being no objection, consideration of the following late-filed amendment was allowed:

Senator Galvano moved the following substitute amendment:

**Amendment 2 (642398) (with title amendment)**—Delete everything after the enacting clause and insert:

Section 1. *Definitions.*—In accordance with s. 8(a), Art. X of the State Constitution, the United States Decennial Census of 2010 is the official census of the state for the purposes of congressional redistricting.

(1) *The following delineation of congressional districts employs areas included within official county, voting tabulation district, tract, and block boundary descriptions used by the United States Department of Commerce, Bureau of the Census, in compiling the United States Decennial Census of 2010 in this state. The populations within these census geographic units are the population figures reported in the counts of the United States Decennial Census of 2010 provided to the state in accordance with Pub. L. No. 94-171.*

(2) *As used in this act, the term:*

(a) *“Block” describes the smallest geographic unit for which population was tabulated in the 2010 decennial census. Blocks are nested within tracts and within voting tabulation districts. A block is identified by a four-digit integer that is unique within a tract but is not necessarily unique within a voting tabulation district.*

(b) *“Tract” describes a relatively permanent statistical subdivision of a county updated by local participants prior to the 2010 decennial census. Tracts consist of whole blocks and are nested within counties. Tracts are identified uniquely within a county by an up to four-digit integer and may have an optional two-digit suffix.*

(c) "Voting tabulation district" describes a subdivision of a county established in Phase 2 of the 2010 Census Redistricting Data Program. Voting tabulation districts consist of whole blocks and are nested within counties. Voting tabulation districts subdivide counties in ways supervisors of elections determined are efficient for conducting elections and keeping communities whole. Voting tabulation districts are identified uniquely within a county by an up to four-digit integer.

Section 2. *Division of state into congressional districts.*—For the election of representatives to the United States House of Representatives, the state is divided into 27 consecutively numbered, single-member congressional districts of contiguous territory, to be designated by such numbers as follows:

- (1) District 1 is composed of:
  - (a) All of Escambia County.
  - (b) All of Okaloosa County.
  - (c) All of Santa Rosa County.
  - (d) All of Walton County.
  - (e) That part of Holmes County consisting of:
    1. All of voting tabulation districts 1, 2, 3, 4, and 5.
    2. That part of voting tabulation district 6 consisting of:
      - a. That part of tract 9601 consisting of blocks 1023, 1024, 1031, 1032, 1046, 1047, 1048, 1049, 1050, 1051, 1052, 1053, 1054, 1074, 1075, 1080, 1081, 1082, 1083, 1084, 1085, 1086, 1087, 2000, 2001, 2002, 2003, 2004, 2005, 2006, 2007, 2008, 2009, 2010, 2011, 2012, 2013, 2014, 2015, 2016, 2017, 2018, 2019, 2020, 2023, 2024, 2025, 2026, 2027, 2028, 2033, 2034, 2035, 2036, 2037, 2038, 2039, 2040, 2041, 2042, 2043, 2044, 2045, 2046, 2047, 2048, 2049, 2050, 2051, 2052, 2053, 2054, 2055, 2056, 2057, 2058, 2059, 2060, 2061, 2062, 2063, 2064, 2065, 2066, 2067, 2068, 2069, 2070, 2071, 2072, 2073, 2074, 2075, 2076, 2077, 2078, 2079, 2080, 2081, 2082, 2083, 2084, 2085, 2086, 2087, 2088, 2089, 2090, 2091, 2092, 2093, 2094, 2095, 2096, 2097, 2098, 2099, 2100, 2101, 2105, 2106, 2107, 2108, 2109, and 2110.

Section 3. *Inclusion of unlisted territory in contiguous districts.*—Any portion of the state which is not stated in this act as being included in any district described in this act but which is entirely surrounded by a district shall be deemed to be included within the surrounding district. Any portion of the state which is not included in any district described in this act and which is not entirely surrounded by a district shall be included within that district contiguous to such portion that contains the least population per representative according to the United States Decennial Census of 2010; however, if every district contiguous to such portion has an equal population, such portion shall be included within the lowest-numbered district that is contiguous to such portion.

Section 4. *Districts with noncontiguous territory.*—If any district described in this act is composed of noncontiguous territory, the noncontiguous portion that has the least population shall be included in the district that is contiguous to such portion and that has the least population; however, if all contiguous districts have equal populations, such portion shall be included within that contiguous district that has the lowest number designation.

Section 5. *New counties.*—When any new counties are created, such new counties shall become a part of the congressional district in which the territory for such new county is located.

Section 6. *Election of representatives to Congress.*—The districts named in section 2 of this act constitute and form the congressional districts of the state, and a representative to the Congress shall be selected in and for each of the congressional districts as provided by law.

Section 7. *Members of governmental agencies appointed pursuant to former district boundaries unaffected by new district boundaries.*—A change in the division of the state into congressional districts shall not vacate or otherwise affect the office of any member of a board or council who is serving at the time such change is effected and who was appointed by reference to a congressional district as it existed immediately prior to the effective date of such change. Any such member serving on such date

shall continue to represent the congressional district in which the member resides until the expiration of his or her term. A vacancy shall exist in such board or council in any congressional district in which no existing member resides and the same shall be filled as provided by applicable law. If two or more such members reside in a single congressional district as constituted after such change, each shall be entitled to serve until the expiration of his or her term.

Section 8. *Severability.*—If any provision of this act is held invalid with respect to any person or circumstance, or if any congressional district established in this act is held invalid, the invalidity does not affect other provisions or applications of the act or any other districts established in this act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

Section 9. *Applicability.*—The congressional districts prescribed in section 2 of this act apply with respect to the qualification, nomination, and election to the office of representative to the Congress of the United States for any election held after the 2014 general election. The congressional districts prescribed in section 2 of this act do not apply with respect to the office of any representative to the Congress of the United States elected in the 2014 general election.

Section 10. This act shall take effect upon becoming a law.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act establishing the congressional districts of the state; revising the state's congressional districts created by chapter 2012-2, Laws of Florida, in accordance with the United States Decennial Census of 2010 (plan H000C9057); providing for the inclusion of unlisted territory in contiguous districts; providing for the inclusion of noncontiguous territory; providing that new counties become part of the congressional district in which the territory for such new county is located; providing for the election of representatives to the United States House of Representatives; providing that an appointment made pursuant to former district boundaries is unaffected by new district boundaries; providing for severability; providing for applicability; providing an effective date.

WHEREAS, in chapter 2012-2, Laws of Florida, the Legislature reapportioned the state's congressional districts in accordance with the United States Decennial Census of 2010, and

WHEREAS, it is the intent of the Legislature to revise the boundaries of Congressional Districts 5 and 10 to conform with the Final Judgment issued in *Romo v. Detzner*, consolidated case Nos. 2012-CA-412 and 2012-CA-490, in the Circuit Court of the Second Judicial Circuit in and for Leon County, and to make conforming changes to districts that are a direct result of the changes to Congressional Districts 5 and 10, and

**SPECIAL ORDER CALENDAR**

The Senate resumed consideration of—

**SB 2-A**—A bill to be entitled An act relating to the establishment of

the congressional districts of the state; reenacting s. 8.0001, F.S., relating to definitions; reenacting s. 8.0002, F.S., relating to the state’s congressional districts; reenacting s. 8.0111, F.S., relating to the inclusion of unlisted territory in contiguous districts; reenacting s. 8.031, F.S., relating to the election of representatives to the United States House of Representatives; reenacting s. 8.0611, F.S., relating to severability; reenacting s. 8.07, F.S., relating to applicability; providing an effective date.

—which was previously considered this day with pending **Amendment 1 (726240)** by the Committee on Reapportionment and Senator Galvano, and substitute **Amendment 2 (642398)** by Senator Galvano.

On motion by Senator Galvano, further consideration of substitute **Amendment 2 (642398)** was deferred.

Pursuant to Rule 7.1(1), there being no objection, consideration of the following late-filed amendment was allowed:

Senator Soto moved the following substitute amendment for Amendment 1 (726240) which failed:

**Amendment 3 (671078) (with title amendment)**—Delete every-thing after the enacting clause and insert:

Section 1. *Definitions.*—In accordance with s. 8(a), Art. X of the State Constitution, the United States Decennial Census of 2010 is the official census of the state for the purposes of congressional redistricting.

(1) *The following delineation of congressional districts employs areas included within official county, voting tabulation district, tract, and block boundary descriptions used by the United States Department of Commerce, Bureau of the Census, in compiling the United States Decennial Census of 2010 in this state. The populations within these census geographic units are the population figures reported in the counts of the United States Decennial Census of 2010 provided to the state in accordance with Pub. L. No. 94-171.*

(2) *As used in this act, the term:*

(a) *“Block” describes the smallest geographic unit for which population was tabulated in the 2010 decennial census. Blocks are nested within tracts and within voting tabulation districts. A block is identified by a four-digit integer that is unique within a tract but is not necessarily unique within a voting tabulation district.*

(b) *“Tract” describes a relatively permanent statistical subdivision of a county updated by local participants prior to the 2010 decennial census. Tracts consist of whole blocks and are nested within counties. Tracts are identified uniquely within a county by an up to four-digit integer and may have an optional two-digit suffix.*

(c) *“Voting tabulation district” describes a subdivision of a county established in Phase 2 of the 2010 Census Redistricting Data Program. Voting tabulation districts consist of whole blocks and are nested within counties. Voting tabulation districts subdivide counties in ways supervisors of elections determined are efficient for conducting elections and keeping communities whole. Voting tabulation districts are identified uniquely within a county by an up to four-digit integer.*

Section 2. *Division of state into congressional districts.*—For the election of representatives to the United States House of Representatives, the state is divided into 27 consecutively numbered, single-member congressional districts of contiguous territory, to be designated by such numbers as follows:

(1) *District 1 is composed of:*

(a) *All of Escambia County.*

(b) *All of Okaloosa County.*

(c) *All of Santa Rosa County.*

(d) *All of Walton County.*

(e) *That part of Holmes County consisting of:*

1. *All of voting tabulation districts 1, 2, 3, 4, and 5.*

2. That part of voting tabulation district 6 consisting of:
- a. That part of tract 9601 consisting of blocks 1023, 1024, 1031, 1032, 1046, 1047, 1048, 1049, 1050, 1051, 1052, 1053, 1054, 1074, 1075, 1080, 1081, 1082, 1083, 1084, 1085, 1086, 1087, 2000, 2001, 2002, 2003, 2004, 2005, 2006, 2007, 2008, 2009, 2010, 2011, 2012, 2013, 2014, 2015, 2016, 2017, 2018, 2019, 2020, 2023, 2024, 2025, 2026, 2027, 2028, 2033, 2034, 2035, 2036, 2037, 2038, 2039, 2040, 2041, 2042, 2043, 2044, 2045, 2046, 2047, 2048, 2049, 2050, 2051, 2052, 2053, 2054, 2055, 2056, 2057, 2058, 2059, 2060, 2061, 2062, 2063, 2064, 2065, 2066, 2067, 2068, 2069, 2070, 2071, 2072, 2073, 2074, 2075, 2076, 2077, 2078, 2079, 2080, 2081, 2082, 2083, 2084, 2085, 2086, 2087, 2088, 2089, 2090, 2091, 2092, 2093, 2094, 2095, 2096, 2097, 2098, 2099, 2100, 2101, 2105, 2106, 2107, 2108, 2109, and 2110.

- Section 3. *Inclusion of unlisted territory in contiguous districts.*—Any portion of the state which is not stated in this act as being included in any district described in this act but which is entirely surrounded by a district shall be deemed to be included within the surrounding district. Any portion of the state which is not included in any district described in this act and which is not entirely surrounded by a district shall be included within that district contiguous to such portion that contains the least population per representative according to the United States Decennial Census of 2010; however, if every district contiguous to such portion has an equal population, such portion shall be included within the lowest-numbered district that is contiguous to such portion.
- Section 4. *Districts with noncontiguous territory.*—If any district described in this act is composed of noncontiguous territory, the noncontiguous portion that has the least population shall be included in the district that is contiguous to such portion and that has the least population; however, if all contiguous districts have equal populations, such portion shall be included within that contiguous district that has the lowest number designation.
- Section 5. *New counties.*—When any new counties are created, such new counties shall become a part of the congressional district in which the territory for such new county is located.

Section 6. *Election of representatives to Congress.—The districts named in section 2 of this act constitute and form the congressional districts of the state, and a representative to the Congress shall be selected in and for each of the congressional districts as provided by law.*

Section 7. *Members of governmental agencies appointed pursuant to former district boundaries unaffected by new district boundaries.—A change in the division of the state into congressional districts shall not vacate or otherwise affect the office of any member of a board or council who is serving at the time such change is effected and who was appointed by reference to a congressional district as it existed immediately prior to the effective date of such change. Any such member serving on such date shall continue to represent the congressional district in which the member resides until the expiration of his or her term. A vacancy shall exist in such board or council in any congressional district in which no existing member resides and the same shall be filled as provided by applicable law. If two or more such members reside in a single congressional district as constituted after such change, each shall be entitled to serve until the expiration of his or her term.*

Section 8. *Severability.—If any provision of this act is held invalid with respect to any person or circumstance, or if any congressional district established in this act is held invalid, the invalidity does not affect other provisions or applications of the act or any other districts established in this act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.*

Section 9. *Applicability.—The congressional districts prescribed in section 2 of this act apply with respect to the qualification, nomination, and election to the office of representative to the Congress of the United States for any election held after the 2014 general election. The congressional districts prescribed in section 2 of this act do not apply with respect to the office of any representative to the Congress of the United States elected in the 2014 general election.*

Section 10. This act shall take effect upon becoming a law.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act establishing the congressional districts of the state; revising the state's congressional districts created by chapter 2012-2, Laws of Florida, in accordance with the United States Decennial Census of 2010 (plan S014C9040); providing for the inclusion of unlisted territory in contiguous districts; providing for the inclusion of noncontiguous territory; providing that new counties become part of the congressional district in which the territory for such new county is located; providing for the election of representatives to the United States House of Representatives; providing that an appointment made pursuant to former district boundaries is unaffected by new district boundaries; providing for severability; providing for applicability; providing an effective date.

WHEREAS, in chapter 2012-2, Laws of Florida, the Legislature reapportioned the state's congressional districts in accordance with the United States Decennial Census of 2010, and

WHEREAS, it is the intent of the Legislature to revise the boundaries of Congressional Districts 5 and 10 to conform with the Final Judgment issued in *Romo v. Detzner*, consolidated case Nos. 2012-CA-412 and 2012-CA-490, in the Circuit Court of the Second Judicial Circuit in and for Leon County, and to make conforming changes to districts that are a direct result of the changes to Congressional Districts 5 and 10, and

WHEREAS, it is the intent of the Legislature, where not in conflict with federal law or subsection (a) of section 20 of Article III of the State Constitution, to establish districts that are compact and, where feasible, utilize existing political and geographical boundaries, and

### ADOPTION OF RESOLUTIONS

On motion by Senator Ring—

By Senators Diaz de la Portilla, Ring, Gaetz, Abruzzo, Altman, Bean, Benacquisto, Bradley, Brandes, Braynon, Clemens, Dean, Detert, Evers, Flores, Galvano, Gardiner, Gibson, Grimsley, Hays, Hukill, Latvala, Lee, Legg, Margolis, Montford, Negron, Richter, Sachs, Simmons, Simpson, Smith, Sobel, Soto, Thompson, and Thrasher—

**SR 4-A**—A resolution expressing support for the State of Israel.

WHEREAS, Hamas is a United States-designated terrorist organization whose charter calls for the destruction of the State of Israel, and

WHEREAS, Hamas continues to reject the Quartet Principles, the set of three requirements laid out by the diplomatic entity composed of the United Nations, the European Union, Russia, and the United States, which are to accept previous Israeli-Palestinian agreements, to renounce violence, and to recognize Israel's right to exist, and

WHEREAS, innocent civilians are indiscriminately targeted by Hamas rocket attacks, and Hamas has killed hundreds of Israelis and dozens of Americans in rocket attacks and suicide bombings, and

WHEREAS, since Israel's withdrawal from Gaza in 2005, Hamas and other terrorist groups have fired thousands of rockets at Israel, and since June 2014, Hamas has fired approximately 3,500 rockets at Israel, and

WHEREAS, Hamas's weapons arsenal includes approximately 12,000 rockets that vary in range, and

WHEREAS, Hamas has also built a network of tunnels under Israel's borders through which the organization has attempted to carry out terrorist attacks on Israeli civilians, and

WHEREAS, Iran has long provided material support to Hamas and the Palestinian Islamic Jihad, including assistance that has enabled these terrorist organizations to produce longer-range rockets capable of striking Tel Aviv and Jerusalem, and

WHEREAS, in order to help Israel defend itself, the United States Congress approved the fiscal year 2014 Consolidated Appropriations Act, signed into law by President Barack Obama on January 17, 2014, which provides \$235 million to Israel for the research, development, and production of Iron Dome, and

WHEREAS, during the most recent rocket attacks from Gaza, Iron Dome has successfully intercepted dozens of rockets that were launched against Israeli population centers, and

WHEREAS, the United States and Israel have also cooperated on other missile defense projects, including David's Sling and the Arrow Weapon System, which are designed to thwart a diverse range of threats, including short-range missiles and rockets fired by non-state actors such as Hamas, and

WHEREAS, 5 million Israelis are currently living under the threat of rocket attacks from Gaza, NOW, THEREFORE,

*Be It Resolved by the Senate of the State of Florida:*

That the Florida Senate reaffirms its support for Israel's right to defend its citizens and to ensure the survival of the State of Israel and that the Florida Senate condemns the unprovoked rocket attacks aimed at Israel and calls on Hamas to immediately cease all rocket and other attacks against Israel.

BE IT FURTHER RESOLVED that a copy of this resolution be presented to the Consulate General of Israel to Florida and Puerto Rico in Miami as a tangible token of the sentiments expressed in this resolution.

—was introduced out of order and read by title. On motion by Senator Ring, **SR 4-A** was read the second time in full and adopted.

# Subject Index of Senate and House Bills, Resolutions and Memorials

SPECIAL SESSION A  
August 7 - 11, 2014

[Source: Office of Legislative Services]

This index embraces all measures introduced in both the Senate and House. The house of origin is identified by the letter preceding each bill: S-Senate, H-House. House bills shown in this index include those never received by the Senate, and their inclusion here is only for the convenience of the user interested in all bills introduced in the Legislature on a particular subject.

(Boldfaced bill numbers passed both houses—adopted one-house resolutions also boldfaced.)
