## PRAYER

The following prayer was offered by Reverend Georgia R. Gaston, Mt. Zion United Methodist Church, Jacksonville:

Creator and Sustainer of all people. You have created us in your image and called us to meaningful work, for this we are grateful. You call all people to live lives of wholeness and peace. We confess that sometimes we have worked more for power than for your purposes. Acknowledging this, we pause in the midst of these busy moments seeking forgiveness and expressing thanks to you for the bounty of our lives.

Bless now all who gather here. Guide the hearts and minds of this legislative body and help them to work together for the good of all people. Give wisdom and knowledge, courage and strength, as they work in harmony of the betterment of our communities throughout this great State of Florida. Teach them to be generous in their outlook, persistent in the face of difficulty, and wise in their decision making. Remove the blinders so that they may see needs, solutions, and resolutions to the problems of our state.

Seeking your help and your will in all that is said and done, in your name we pray. Amen.

The Legislature also recognizes that the potential liability of residential property insurers is substantially increased by the rendition of child care services on the premises. The Legislature therefore finds that there is a public need to specify that contractual liabilities associated ~~that arise in connection~~ with the operation of a ~~the~~ family day care home or large family child care home are excluded from residential property insurance policies unless they are specifically included in such coverage.

(2) DEFINITIONS.—As used in this section, the term:

(a) “Child care” means the care, protection, and supervision of a child, for a period up to ~~of less than~~ 24 hours a day on a regular basis, which supplements parental care, enrichment, and health supervision for the child, in accordance with his or her individual needs, and for which a payment, fee, or grant is made for care.

(3) CHILD FAMILY DAY CARE; COVERAGE.—A residential property insurance policy may ~~shall~~ not provide coverage for liability for claims arising out of, or in connection with, the operation of a family day care home or large family child care home, and the insurer shall be under no obligation to defend against lawsuits covering such claims, unless:

(a) Specifically covered in a policy; or

(b) Covered by a rider or endorsement for business coverage attached to a policy.

(4) DENIAL, CANCELLATION, REFUSAL TO RENEW PROHIBITED.—An insurer may not deny, cancel, or refuse to renew a policy for residential property insurance solely on the basis that the policyholder or applicant operates a family day care home or large family child care home. In addition to other lawful reasons for refusing to insure, an

insurer may deny, cancel, or refuse to renew a policy of a family day care home or large family child care home provider if one or more of the following conditions occur:

(a) The policyholder or applicant provides care for more children than authorized for family day care homes or large family child care homes by s. 402.302;

(b) The policyholder or applicant fails to maintain a separate commercial liability policy or an endorsement providing liability coverage for the family day care home or large family child care home operations;

(c) The policyholder or applicant fails to comply with the family day care home licensure and registration requirements specified in s. 402.313 or the large family child care home licensure requirements specified in s. 402.3131; or

(d) Discovery of willful or grossly negligent acts or omissions or any violations of state laws or regulations establishing safety standards for family day care homes and large family child care homes by the named insured or his or her representative which materially increase any of the risks insured.

(8) Hire an inspector general who reports directly to the executive director of the office and to the Chief Inspector General pursuant to s. 14.32.

(9) By July 1, 2016, develop and implement, in consultation with early learning coalitions and providers of the Voluntary Prekindergarten Education Program and the school readiness program, best practices for providing parental notifications in the parent's native language to a parent whose native language is a language other than English.

If the managed care plan can, through sound clinical evidence, demonstrate that the originally prescribed medication is likely to require more than the customary period to provide any relief or amelioration to the enrollee, the step-therapy or fail-first protocol may be extended for an additional period, but no longer than the original customary period for use of the medication. Any such increase ~~may shall~~ not exceed 15 percent or the amount required to reach the 2009-2010 fiscal year statewide average for the aggregate sum of activity and service, health, and athletic fees at the main campuses, whichever is greater. The aggregate sum of the activity and service, health, and athletic fees ~~may shall~~ not exceed 40 percent of tuition. Any increase in the activity and service fee, health fee, or athletic fee must be approved by the appropriate fee committee pursuant to subsection (10), subsection (11), or subsection (12).

(e)(f) This subsection does not prohibit a university from increasing or assessing optional fees related to specific activities if payment of such fees is not required as a part of registration for courses.

(16) Each university board of trustees may establish a tuition differential for undergraduate courses upon receipt of approval from the Board of Governors. The tuition differential shall promote improvements in the quality of undergraduate education and shall provide financial aid to undergraduate students who exhibit financial need.

(b) Each tuition differential is subject to the following conditions:

1. The tuition differential may be assessed on one or more undergraduate courses or on all undergraduate courses at a state university.

2. The tuition differential may vary by course or courses, by campus or center location, and by institution. Each university board of trustees shall strive to maintain and increase enrollment in degree programs related to math, science, high technology, and other state or regional high-need fields when establishing tuition differentials by course.

a. *An increase in the 6-year graduation rate for full-time, first-time-in-college students, as reported annually to the Integrated Postsecondary Education Data System.*

b. *An increase in the total annual research expenditures.*

c. *An increase in the total patents awarded by the United States Patent and Trademark Office for the most recent years.* ~~For each state university that has total research and development expenditures for all fields of less than \$100 million per year as reported annually to the National Science Foundation, the aggregate sum of tuition and the tuition differential may not be increased by more than 15 percent of the~~

~~total charged for the aggregate sum of these fees in the preceding fiscal year.~~

4. The aggregate sum of undergraduate tuition and fees per credit hour, including the tuition differential, may not exceed the national average of undergraduate tuition and fees at 4-year degree-granting public postsecondary educational institutions.

Senator Latvala moved the following amendment to **Amendment 1 (319896)** which was adopted:

**Amendment 1A (702696) (with directory and title amendments)**—Delete lines 262-324 and insert:

approval from the Board of Governors. *However, beginning July 1, 2014, the Board of Governors may only approve the establishment of or an increase in tuition differential for a state research university designated as a preeminent state research university pursuant to s. 1001.7065(3).* The tuition differential shall promote improvements in the quality of undergraduate education and shall provide financial aid to undergraduate students who exhibit financial need.

(a) Seventy percent of the revenues from the tuition differential shall be expended for purposes of undergraduate education. Such expenditures may include, but are not limited to, increasing course offerings, improving graduation rates, increasing the percentage of undergraduate students who are taught by faculty, decreasing student-faculty ratios, providing salary increases for faculty who have a history of excellent teaching in undergraduate courses, improving the efficiency of the delivery of undergraduate education through academic advisement and counseling, and reducing the percentage of students who graduate with excess hours. This expenditure for undergraduate education may not be used to pay the salaries of graduate teaching assistants. Except as otherwise provided in this subsection, the remaining 30 percent of the revenues from the tuition differential, or the equivalent amount of revenue from private sources, shall be expended to provide financial aid to undergraduate students who exhibit financial need, including students who are scholarship recipients under s. 1009.984, to meet the cost of university attendance. This expenditure for need-based financial aid shall not supplant the amount of need-based aid provided to undergraduate students in the preceding fiscal year from financial aid fee revenues, the direct appropriation for financial assistance provided to state universities in the General Appropriations Act, or from private

sources. The total amount of tuition differential waived under subparagraph (b)8. may be included in calculating the expenditures for need-based financial aid to undergraduate students required by this subsection. If the entire tuition and fee costs of resident students who have applied for and received Pell Grant funds have been met and the university has excess funds remaining from the 30 percent of the revenues from the tuition differential required to be used to assist students who exhibit financial need, the university may expend the excess portion in the same manner as required for the other 70 percent of the tuition differential revenues.

(b) Each tuition differential is subject to the following conditions:

1. The tuition differential may be assessed on one or more undergraduate courses or on all undergraduate courses at a state university.

2. The tuition differential may vary by course or courses, by campus or center location, and by institution. Each university board of trustees shall strive to maintain and increase enrollment in degree programs related to math, science, high technology, and other state or regional high-need fields when establishing tuition differentials by course.

3. For each state university that *is designated as a preeminent state research university by the Board of Governors, pursuant to s. 1001.7065* ~~has total research and development expenditures for all fields of at least \$100 million per year as reported annually to the National Science Foundation,~~ the aggregate sum of tuition and the tuition differential may ~~not~~ be increased by no more than 6 ~~15~~ percent of the total charged for the aggregate sum of these fees in the preceding fiscal year. *The tuition differential may be increased if the university meets or exceeds performance standard targets for that university established annually by the Board of Governors for the following performance standards, amounting to no more than a 2-percent increase in the tuition differential for each performance standard:*

a. *An increase in the 6-year graduation rate for full-time, first-time-in-college students, as reported annually to the Integrated Postsecondary Education Data System.*

b. *An increase in the total annual research expenditures.*

c. *An increase in the total patents awarded by the United States Patent and Trademark Office for the most recent years.* ~~For each state university that has total research and development expenditures for all fields of less than \$100 million per year as reported annually to the National Science Foundation, the aggregate sum of tuition and the tuition differential may not be increased by more than 15 percent of the total charged for the aggregate sum of these fees in the preceding fiscal year.~~

4. The aggregate sum of undergraduate tuition and fees per credit hour, including the tuition differential, may not exceed the national average of undergraduate tuition and fees at 4-year degree-granting public postsecondary educational institutions.

5. The tuition differential shall not be included in any award under the Florida Bright Futures Scholarship Program established pursuant to ss. 1009.53-1009.538.

6. Beneficiaries having prepaid tuition contracts pursuant to s. 1009.98(2)(b) which were in effect on July 1, 2007, and which remain in effect, are exempt from the payment of the tuition differential.

7. The tuition differential may not be charged to any student who was in attendance at the university before July 1, 2007, and who maintains continuous enrollment.

8. The tuition differential may be waived by the university for students who meet the eligibility requirements for the Florida public student assistance grant established in s. 1009.50.

9. Subject to approval by the Board of Governors, the tuition differential authorized pursuant to this subsection may take effect with the 2009 fall term.

(c) A university board of trustees may submit a proposal to the Board of Governors to implement a tuition differential for one or more undergraduate courses. At a minimum, the proposal shall:

1. Identify the course or courses for which the tuition differential will be assessed.
2. Indicate the amount that will be assessed for each tuition differential proposed.
3. Indicate the purpose of the tuition differential.
4. Indicate how the revenues from the tuition differential will be used.
5. Indicate how the university will monitor the success of the tuition differential in achieving the purpose for which the tuition differential is being assessed.

(d) The Board of Governors shall review each proposal and advise the university board of trustees of approval of the proposal, the need for additional information or revision to the proposal, or denial of the proposal. The Board of Governors shall establish a process for any university to revise a proposal or appeal a decision of the board.

(e) The Board of Governors shall submit a report to the President of the Senate, the Speaker of the House of Representatives, and the Governor describing the implementation of the provisions of this subsection no later than February 1 of each year. The report shall summarize proposals received by the board during the preceding fiscal year and actions taken by the board in response to such proposals. In addition, the report shall provide the following information for each university that has been approved by the board to assess a tuition differential:

1. The course or courses for which the tuition differential was assessed and the amount assessed.
2. The total revenues generated by the tuition differential.
3. With respect to waivers authorized under subparagraph (b)8., the number of students eligible for a waiver, the number of students receiving a waiver, and the value of waivers provided.
4. Detailed expenditures of the revenues generated by the tuition differential.
5. Changes in retention rates, graduation rates, the percentage of students graduating with more than 110 percent of the hours required for graduation, pass rates on licensure examinations, the number of undergraduate course offerings, the percentage of undergraduate students who are taught by faculty, student-faculty ratios, and the average salaries of faculty who teach undergraduate courses.

(f) No state university shall be required to lower any tuition differential that was approved by the Board of Governors and in effect prior to January 1, 2009, in order to comply with the provisions of this subsection.

Section 16. Paragraph (c) of subsection (1) of section 443.091, Florida Statutes, is amended to read:

443.091 Benefit eligibility conditions.—

(1) An unemployed individual is eligible to receive benefits for any week only if the Department of Economic Opportunity finds that:

(c) To make continued claims for benefits, she or he is reporting to the department in accordance with this paragraph and department rules, ~~and participating in an initial skills review, as directed by the department.~~ Department rules may not conflict with s. 443.111(1)(b), which requires that each claimant continue to report regardless of any pending appeal relating to her or his eligibility or disqualification for benefits.

1. For each week of unemployment claimed, each report must, at a minimum, include the name, address, and telephone number of each prospective employer contacted, or the date the claimant reported to a one-stop career center, pursuant to paragraph (d).

2. *The department must offer an online assessment that serves to identify an individual's skills, abilities, and career aptitude. The skills assessment must be voluntary, and the department must allow a claimant to choose whether to take the skills assessment. The online assessment shall be made available to any person seeking services from a regional workforce board or a one-stop career center. The administrator or operator of the initial skills review shall notify the department when the individual completes the initial skills review and report the results of the review to the regional workforce board or the one-stop career center as directed by the workforce board. The department shall prescribe a numeric score on the initial skills review that demonstrates a minimal proficiency in workforce skills.*

*a. If the claimant chooses to take the online assessment, the outcome of the assessment must be made available to the claimant, regional workforce board, and one-stop career center. The department, workforce board, or one-stop career center shall use the assessment initial skills review to develop a plan for referring individuals to training and employment opportunities. Aggregate data on assessment outcomes may be made available to Workforce Florida, Inc., and Enterprise Florida, Inc., for use in the development of policies related to education and training programs that will ensure that businesses in this state have access to a skilled and competent workforce. The failure of the individual to comply with this requirement will result in the individual being determined ineligible for benefits for the week in which the noncompliance occurred and for any subsequent week of unemployment until the requirement is satisfied. However, this requirement does not apply if the individual is exempt from the work registration requirement as set forth in paragraph (b).*

*b.3. Individuals Any individual who falls below the minimal proficiency score prescribed by the department in subparagraph 2. on the initial skills review shall be informed of and offered services through the one-stop delivery system, including career counseling, provision of skill match and job market information, and skills upgrade and other training opportunities, and shall be encouraged to participate in such services training at no cost to the individuals individual in order to improve his or her workforce skills to the minimal proficiency level.*

4. The department shall coordinate with Workforce Florida, Inc., the workforce boards, and the one-stop career centers to identify, develop, and use ~~utilize~~ best practices for improving the skills of individuals who choose to participate in *skills upgrade and other* training opportunities. *The department may contract with an entity to create the online assessment in accordance with the competitive bidding requirements in s. 287.057. The online assessment must work seamlessly with the Re-employment Assistance Claims and Benefits Information System and who have a minimal proficiency score below the score prescribed in subparagraph 2.*

~~5. The department, in coordination with Workforce Florida, Inc., the workforce boards, and the one stop career centers, shall evaluate the use, effectiveness, and costs associated with the training prescribed in subparagraph 3. and report its findings and recommendations for training and the use of best practices to the Governor, the President of the Senate, and the Speaker of the House of Representatives by January 1, 2013.~~

(b) The department may not deny short-time compensation benefits to an individual who is otherwise eligible for these benefits for any week by reason of the application of any provision of this chapter relating to availability for work, active search for work, or refusal to apply for or accept work from other than the short-time compensation employer of that individual.

163.3177 Required and optional elements of comprehensive plan; studies and surveys.—

(7)(a) The Legislature finds that:

1. There are a number of rural agricultural industrial centers in the state that process, produce, or aid in the production or distribution of a variety of agriculturally based products, including, but not limited to, fruits, vegetables, timber, and other crops, and juices, paper, and building materials. Rural agricultural industrial centers have a sig-

nificant amount of existing associated infrastructure that is used for processing, producing, or distributing agricultural products.

2. Such rural agricultural industrial centers are often located within or near communities in which the economy is largely dependent upon agriculture and agriculturally based products. The centers significantly enhance the economy of such communities. However, these agriculturally based communities are often socioeconomically challenged and designated as rural areas of *opportunity* ~~critical economic concern~~. If such rural agricultural industrial centers are lost and not replaced with other job-creating enterprises, the agriculturally based communities will lose a substantial amount of their economies.

3. The state has a compelling interest in preserving the viability of agriculture and protecting rural agricultural communities and the state from the economic upheaval that would result from short-term or long-term adverse changes in the agricultural economy. To protect these communities and promote viable agriculture for the long term, it is essential to encourage and permit diversification of existing rural agricultural industrial centers by providing for jobs that are not solely dependent upon, but are compatible with and complement, existing agricultural industrial operations and to encourage the creation and expansion of industries that use agricultural products in innovative ways. However, the expansion and diversification of these existing centers must be accomplished in a manner that does not promote urban sprawl into surrounding agricultural and rural areas.

(b) As used in this subsection, the term "rural agricultural industrial center" means a developed parcel of land in an unincorporated area on which there exists an operating agricultural industrial facility or facilities that employ at least 200 full-time employees in the aggregate and process and prepare for transport a farm product, as defined in s. 163.3162, or any biomass material that could be used, directly or indirectly, for the production of fuel, renewable energy, bioenergy, or alternative fuel as defined by law. The center may also include land contiguous to the facility site which is not used for the cultivation of crops, but on which other existing activities essential to the operation of such facility or facilities are located or conducted. The parcel of land must be located within, or within 10 miles of, a rural area of *opportunity* ~~critical economic concern~~.

(e) ~~Nothing in~~ This subsection ~~does not shall be construed to~~ confer the status of rural area of *opportunity* ~~critical economic concern~~, or any of the rights or benefits derived from such status, on any land area not otherwise designated as such pursuant to s. 288.0656(7).

Section 22. Subsection (3) of section 163.3187, Florida Statutes, is amended to read:

163.3187 Process for adoption of small-scale comprehensive plan amendment.—

(3) If the small scale development amendment involves a site within a rural area of *opportunity* ~~critical economic concern~~ as defined under s. 288.0656(2)(d) for the duration of such designation, the 10-acre limit listed in subsection (1) shall be increased by 100 percent to 20 acres. The local government approving the small scale plan amendment shall certify to the Office of Tourism, Trade, and Economic Development that the plan amendment furthers the economic objectives set forth in the executive order issued under s. 288.0656(7), and the property subject to the plan amendment shall undergo public review to ensure that all concurrency requirements and federal, state, and local environmental permit requirements are met.

Section 23. Subsection (10) of section 163.3246, Florida Statutes, is amended to read:

163.3246 Local government comprehensive planning certification program.—

(10) Notwithstanding subsections (2), (4), (5), (6), and (7), any municipality designated as a rural area of *opportunity* ~~critical economic concern~~ pursuant to s. 288.0656 which is located within a county eligible to levy the Small County Surtax under s. 212.055(3) shall be considered certified during the effectiveness of the designation of rural area of *opportunity* ~~critical economic concern~~. The state land planning agency shall provide a written notice of certification to the local government of the certified area, which shall be considered final agency action subject to

challenge under s. 120.569. The notice of certification shall include the following components:

- (a) The boundary of the certification area.
- (b) A requirement that the local government submit ~~either~~ an annual or biennial monitoring report to the state land planning agency according to the schedule provided in the written notice. The monitoring report shall, at a minimum, include the number of amendments to the comprehensive plan adopted by the local government, the number of plan amendments challenged by an affected person, and the disposition of those challenges.

Section 24. Paragraph (a) of subsection (6) of section 211.3103, Florida Statutes, is amended to read:

211.3103 Levy of tax on severance of phosphate rock; rate, basis, and distribution of tax.—

The department shall distribute this portion of the proceeds annually based on production information reported by the producers on the annual returns for the taxable year. Payments under this subparagraph shall be made to the counties unless the Legislature by special act creates a local authority to promote and direct the economic development of the county. If such authority exists, payments shall be made to that authority.
5. To the credit of the Nonmandatory Land Reclamation Trust Fund, 6.2 percent.
6. To the credit of the Phosphate Research Trust Fund in the Division of Universities of the Department of Education, 6.2 percent.
7. To the credit of the Minerals Trust Fund, 3.6 percent.

Section 25. Paragraph (c) of subsection (1) of section 212.098, Florida Statutes, is amended to read:

Section 27. Subsection (1) of section 288.018, Florida Statutes, is amended to read:

(1) The department shall establish a matching grant program to provide funding to regionally based economic development organizations representing rural counties and communities for the purpose of building the professional capacity of their organizations. Such matching grants may also be used by an economic development organization to provide technical assistance to businesses within the rural counties and communities that it serves. The department is authorized to approve, on an annual basis, grants to such regionally based economic development organizations. The maximum amount an organization may receive in any year will be \$35,000, or \$100,000 in a rural area of *opportunity* ~~critical economic concern~~ recommended by the Rural Economic Development Initiative and designated by the Governor, and must be matched each year by an equivalent amount of nonstate resources.

Section 36. Paragraph (c) of subsection (3) of section 373.4595, Florida Statutes, is amended to read:

373.4595 Northern Everglades and Estuaries Protection Program.—

(3) LAKE OKEECHOBEE WATERSHED PROTECTION PROGRAM.—A protection program for Lake Okeechobee that achieves phosphorus load reductions for Lake Okeechobee shall be immediately implemented as specified in this subsection. The program shall address the reduction of phosphorus loading to the lake from both internal and external sources. Phosphorus load reductions shall be achieved through a phased program of implementation. Initial implementation actions shall be technology-based, based upon a consideration of both the availability of appropriate technology and the cost of such technology, and shall include phosphorus reduction measures at both the source and the regional level. The initial phase of phosphorus load reductions shall be based upon the district's Technical Publication 81-2 and the district's WOD program, with subsequent phases of phosphorus load reductions based upon the total maximum daily loads established in accordance with s. 403.067. In the development and administration of the Lake Okeechobee Watershed Protection Program, the coordinating agencies shall maximize opportunities provided by federal cost-sharing programs and opportunities for partnerships with the private sector.

(c) *Lake Okeechobee Watershed Phosphorus Control Program.*—The Lake Okeechobee Watershed Phosphorus Control Program is designed

to be a multifaceted approach to reducing phosphorus loads by improving the management of phosphorus sources within the Lake Okeechobee watershed through implementation of regulations and best management practices, development and implementation of improved best management practices, improvement and restoration of the hydrologic function of natural and managed systems, and utilization of alternative technologies for nutrient reduction. The coordinating agencies shall facilitate the application of federal programs that offer opportunities for water quality treatment, including preservation, restoration, or creation of wetlands on agricultural lands.

1. Agricultural nonpoint source best management practices, developed in accordance with s. 403.067 and designed to achieve the objectives of the Lake Okeechobee Watershed Protection Program, shall be implemented on an expedited basis. The coordinating agencies shall develop an interagency agreement pursuant to ss. 373.046 and 373.406(5) that assures the development of best management practices that complement existing regulatory programs and specifies how those best management practices are implemented and verified. The interagency agreement shall address measures to be taken by the coordinating agencies during any best management practice reevaluation performed pursuant to sub-subparagraph d. The department shall use best professional judgment in making the initial determination of best management practice effectiveness.

a. As provided in s. 403.067(7)(c), the Department of Agriculture and Consumer Services, in consultation with the department, the district, and affected parties, shall initiate rule development for interim measures, best management practices, conservation plans, nutrient management plans, or other measures necessary for Lake Okeechobee watershed total maximum daily load reduction. The rule shall include thresholds for requiring conservation and nutrient management plans and criteria for the contents of such plans. Development of agricultural nonpoint source best management practices shall initially focus on those priority basins listed in subparagraph (b)1. The Department of Agriculture and Consumer Services, in consultation with the department, the district, and affected parties, shall conduct an ongoing program for improvement of existing and development of new interim measures or best management practices for the purpose of adoption of such practices by rule. The Department of Agriculture and Consumer Services shall work with the University of Florida's Institute of Food and Agriculture Sciences to review and, where appropriate, develop revised nutrient application rates for all agricultural soil amendments in the watershed.

b. Where agricultural nonpoint source best management practices or interim measures have been adopted by rule of the Department of Agriculture and Consumer Services, the owner or operator of an agricultural nonpoint source addressed by such rule shall either implement interim measures or best management practices or demonstrate compliance with the district's WOD program by conducting monitoring prescribed by the department or the district. Owners or operators of agricultural nonpoint sources who implement interim measures or best management practices adopted by rule of the Department of Agriculture and Consumer Services shall be subject to the provisions of s. 403.067(7). The Department of Agriculture and Consumer Services, in cooperation with the department and the district, shall provide technical and financial assistance for implementation of agricultural best management practices, subject to the availability of funds.

c. The district or department shall conduct monitoring at representative sites to verify the effectiveness of agricultural nonpoint source best management practices.

d. Where water quality problems are detected for agricultural nonpoint sources despite the appropriate implementation of adopted best management practices, the Department of Agriculture and Consumer Services, in consultation with the other coordinating agencies and affected parties, shall institute a reevaluation of the best management practices and make appropriate changes to the rule adopting best management practices.

2. Nonagricultural nonpoint source best management practices, developed in accordance with s. 403.067 and designed to achieve the objectives of the Lake Okeechobee Watershed Protection Program, shall be implemented on an expedited basis. The department and the district shall develop an interagency agreement pursuant to ss. 373.046 and 373.406(5) that assures the development of best management practices that complement existing regulatory programs and specifies how those

best management practices are implemented and verified. The interagency agreement shall address measures to be taken by the department and the district during any best management practice reevaluation performed pursuant to sub-subparagraph d.

a. The department and the district are directed to work with the University of Florida's Institute of Food and Agricultural Sciences to develop appropriate nutrient application rates for all nonagricultural soil amendments in the watershed. As provided in s. 403.067(7)(c), the department, in consultation with the district and affected parties, shall develop interim measures, best management practices, or other measures necessary for Lake Okeechobee watershed total maximum daily load reduction. Development of nonagricultural nonpoint source best management practices shall initially focus on those priority basins listed in subparagraph (b)1. The department, the district, and affected parties shall conduct an ongoing program for improvement of existing and development of new interim measures or best management practices. The district shall adopt technology-based standards under the district's WOD program for nonagricultural nonpoint sources of phosphorus. Nothing in this sub-subparagraph shall affect the authority of the department or the district to adopt basin-specific criteria under this part to prevent harm to the water resources of the district.

b. Where nonagricultural nonpoint source best management practices or interim measures have been developed by the department and adopted by the district, the owner or operator of a nonagricultural nonpoint source shall implement interim measures or best management practices and be subject to the provisions of s. 403.067(7). The department and district shall provide technical and financial assistance for implementation of nonagricultural nonpoint source best management practices, subject to the availability of funds.

c. The district or the department shall conduct monitoring at representative sites to verify the effectiveness of nonagricultural nonpoint source best management practices.

d. Where water quality problems are detected for nonagricultural nonpoint sources despite the appropriate implementation of adopted best management practices, the department and the district shall institute a reevaluation of the best management practices.

3. The provisions of subparagraphs 1. and 2. ~~may shall~~ not preclude the department or the district from requiring compliance with water quality standards or with current best management practices requirements set forth in any applicable regulatory program authorized by law for the purpose of protecting water quality. Additionally, subparagraphs 1. and 2. are applicable only to the extent that they do not conflict with any rules ~~adopted promulgated~~ by the department that are necessary to maintain a federally delegated or approved program.

4. Projects that reduce the phosphorus load originating from domestic wastewater systems within the Lake Okeechobee watershed shall be given funding priority in the department's revolving loan program under s. 403.1835. The department shall coordinate and provide assistance to those local governments seeking financial assistance for such priority projects.

5. Projects that make use of private lands, or lands held in trust for Indian tribes, to reduce nutrient loadings or concentrations within a basin by one or more of the following methods: restoring the natural hydrology of the basin, restoring wildlife habitat or impacted wetlands, reducing peak flows after storm events, increasing aquifer recharge, or protecting range and timberland from conversion to development, are eligible for grants available under this section from the coordinating agencies. For projects of otherwise equal priority, special funding priority will be given to those projects that make best use of the methods outlined above that involve public-private partnerships or that obtain federal match money. Preference ranking above the special funding priority will be given to projects located in a rural area of ~~opportunity critical economic concern~~ designated by the Governor. Grant applications may be submitted by any person or tribal entity, and eligible projects may include, but are not limited to, the purchase of conservation and flowage easements, hydrologic restoration of wetlands, creating treatment wetlands, development of a management plan for natural resources, and financial support to implement a management plan.

6.a. The department shall require all entities disposing of domestic wastewater residuals within the Lake Okeechobee watershed and the

remaining areas of Okeechobee, Glades, and Hendry Counties to develop and submit to the department an agricultural use plan that limits applications based upon phosphorus loading. By July 1, 2005, phosphorus concentrations originating from these application sites ~~may shall~~ not exceed the limits established in the district's WOD program. After December 31, 2007, the department may not authorize the disposal of domestic wastewater residuals within the Lake Okeechobee watershed unless the applicant can affirmatively demonstrate that the phosphorus in the residuals will not add to phosphorus loadings in Lake Okeechobee or its tributaries. This demonstration shall be based on achieving a net balance between phosphorus imports relative to exports on the permitted application site. Exports shall include only phosphorus removed from the Lake Okeechobee watershed through products generated on the permitted application site. This prohibition does not apply to Class AA residuals that are marketed and distributed as fertilizer products in accordance with department rule.

b. Private and government-owned utilities within Monroe, Miami-Dade, Broward, Palm Beach, Martin, St. Lucie, Indian River, Okeechobee, Highlands, Hendry, and Glades Counties that dispose of wastewater residual sludge from utility operations and septic removal by land spreading in the Lake Okeechobee watershed may use a line item on local sewer rates to cover wastewater residual treatment and disposal if such disposal and treatment is done by approved alternative treatment methodology at a facility located within the areas designated by the Governor as rural areas of ~~opportunity critical-economic concern~~ pursuant to s. 288.0656. This additional line item is an environmental protection disposal fee above the present sewer rate and ~~may shall~~ not be considered a part of the present sewer rate to customers, notwithstanding provisions to the contrary in chapter 367. The fee shall be established by the county commission or its designated assignee in the county in which the alternative method treatment facility is located. The fee shall be calculated to be no higher than that necessary to recover the facility's prudent cost of providing the service. Upon request by an affected county commission, the Florida Public Service Commission will provide assistance in establishing the fee. Further, for utilities and utility authorities that use the additional line item environmental protection disposal fee, such fee ~~may shall~~ not be considered a rate increase under the rules of the Public Service Commission and shall be exempt from such rules. Utilities using the provisions of this section may immediately include in their sewer invoicing the new environmental protection disposal fee. Proceeds from this environmental protection disposal fee shall be used for treatment and disposal of wastewater residuals, including any treatment technology that helps reduce the volume of residuals that require final disposal, but such proceeds ~~may shall~~ not be used for transportation or shipment costs for disposal or any costs relating to the land application of residuals in the Lake Okeechobee watershed.

c. No less frequently than once every 3 years, the Florida Public Service Commission or the county commission through the services of an independent auditor shall perform a financial audit of all facilities receiving compensation from an environmental protection disposal fee. The Florida Public Service Commission or the county commission through the services of an independent auditor shall also perform an audit of the methodology used in establishing the environmental protection disposal fee. The Florida Public Service Commission or the county commission shall, within 120 days after completion of an audit, file the audit report with the President of the Senate and the Speaker of the House of Representatives and shall provide copies to the county commissions of the counties set forth in sub-subparagraph b. The books and records of any facilities receiving compensation from an environmental protection disposal fee shall be open to the Florida Public Service Commission and the Auditor General for review upon request.

7. The Department of Health shall require all entities disposing of septage within the Lake Okeechobee watershed to develop and submit to that agency an agricultural use plan that limits applications based upon phosphorus loading. By July 1, 2005, phosphorus concentrations originating from these application sites ~~may shall~~ not exceed the limits established in the district's WOD program.

8. The Department of Agriculture and Consumer Services shall initiate rulemaking requiring entities within the Lake Okeechobee watershed which land-apply animal manure to develop resource management system level conservation plans, according to United States Department of Agriculture criteria, which limit such application. Such rules may include criteria and thresholds for the requirement to develop

a conservation or nutrient management plan, requirements for plan approval, and recordkeeping requirements.

9. The district, the department, or the Department of Agriculture and Consumer Services, as appropriate, shall implement those alternative nutrient reduction technologies determined to be feasible pursuant to subparagraph (d)6.

The residential thresholds of adjacent counties with less population and a lower threshold ~~may shall~~ not be controlling on any development wholly lo-

cated within areas designated as rural areas of *opportunity critical economic concern*.

288.993 *Short title.—This part may be cited as the “Florida Microfinance Act.”*

Section 45. Section 288.9931, Florida Statutes, is created to read:

288.9931 *Legislative findings and intent.—The Legislature finds that the ability of entrepreneurs and small businesses to access capital is vital to the overall health and growth of this state's economy; however, access to capital is limited by the lack of available credit for entrepreneurs and small businesses in this state. The Legislature further finds that entrepreneurs and small businesses could be assisted through the creation of a program that will provide an avenue for entrepreneurs and small businesses in this state to access credit. Additionally, the Legislature finds that business management training, business development training, and technical assistance are necessary to ensure that entrepreneurs and small businesses that receive credit develop the skills necessary to grow and achieve long-term financial stability. The Legislature intends to expand job opportunities for this state's workforce by expanding access to credit to entrepreneurs and small businesses. Furthermore, the Legislature intends to avoid duplicating existing programs and to coordinate, assist, augment, and improve access to those programs for entrepreneurs and small businesses in this state.*

Section 47. Section 288.9933, Florida Statutes, is created to read:

288.9933 *Rulemaking authority.*—The department may adopt rules to implement this part.

Section 48. Section 288.9934, Florida Statutes, is created to read:

288.9934 *Microfinance Loan Program.*—

(1) *PURPOSE.*—The Microfinance Loan Program is established in the department to make short-term, fixed-rate microloans in conjunction with business management training, business development training, and technical assistance to entrepreneurs and newly established or growing small businesses for start-up costs, working capital, and the acquisition of materials, supplies, furniture, fixtures, and equipment. (2) *DEFINITION.*—As used in this section, the term “loan administrator” means an entity that enters into a contract with the department pursuant to this section to administer the loan program.

(3) *REQUEST FOR PROPOSAL.*—

(b) To ensure that prospective loan administrators meet the requirements of subparagraphs (a)2.-6., the request for proposal must require submission of the following information:

1. A description of the types of entrepreneurs and small businesses the loan administrator has assisted in the past, and the average size and terms of loans made in the past to such entities;

(a) The selected loan administrator must enter into a contract with the department for a term of 3 years to receive state funds for the loan program. Funds appropriated to the program must be reinvested and maintained as a long-term and stable source of funding for the program. The amount of state funds used in any microloan made pursuant to this part may not exceed 50 percent of the total microloan amount. The department shall establish financial performance measures and objectives for the loan program and for the loan administrator in order to maximize the state funds awarded.

(b) State funds may be used only to provide direct microloans to entrepreneurs and small businesses according to the limitations, terms, and conditions provided in this part. Except as provided in subsection (5), state funds may not be used to pay administrative costs, underwriting costs, servicing costs, or any other costs associated with providing microloans, business management training, business development training, or technical assistance.

(c) The loan administrator shall reserve 10 percent of the total award amount from the department to provide microloans pursuant to this part to entrepreneurs and small businesses that employ no more than five people and generate annual gross revenues averaging no more than \$250,000 per year for the last 2 years.

(d)1. If the loan program is appropriated funding in a fiscal year, the department shall distribute such funds to the loan administrator within 30 days of the execution of the contract by the department and the loan administrator.

2. The total amount of funding allocated to the loan administrator in a fiscal year may not exceed the amount appropriated for the loan program in the same fiscal year. If the funds appropriated to the loan program in a fiscal year exceed the amount of state funds received by the loan administrator, such excess funds shall revert to the General Revenue Fund.

(e) Within 30 days of executing its contract with the department, the loan administrator must enter into a memorandum of understanding with the network:

1. For the provision of business management training, business development training, and technical assistance to entrepreneurs and small businesses that receive microloans under this part; and

2. To promote the program to underserved entrepreneurs and small businesses.

(f) By September 1, 2014, the department shall review industry best practices and determine the minimum business management training, business development training, and technical assistance that must be provided by the network to achieve the goals of this part.

(g) The loan administrator must meet the requirements of this section, the terms of its contract with the department, and any other applicable state or federal laws to be eligible to receive funds in any fiscal year. The contract with the loan administrator must specify any sanctions for the loan administrator's failure to comply with the contract or this part.

(5) FEES.—

(a) Except as provided in this section, the department may not charge fees or interest or require collateral from the loan administrator. The department may charge an annual fee or interest of up to 80 percent of the Federal Funds Rate as of the date specified in the contract for state funds received under the loan program. The department shall require as collateral an assignment of the notes receivable of the microloans made by the loan administrator under the loan program.

(b) The loan administrator is entitled to retain a one-time administrative servicing fee of 1 percent of the total award amount to offset the administrative costs of underwriting and servicing microloans made pursuant to this part. This fee may not be charged to or paid by microloan borrowers participating in the loan program. Except as provided in subsection (7)(c), the loan administrator may not be required to return this fee to the department.

Repayment of microloan principal to the department may be deferred by the department for a period not to exceed 6 months; however, the loan administrator may not provide a microloan under this part after the contract with the department expires.

(b) If for any reason the loan administrator is unable to make repayments to the department in accordance with the contract, the department may accelerate maturity of the state funds awarded and demand repayment in full. In this event, or if a loan administrator violates this part or the terms of its contract, the loan administrator shall surrender to the department possession of all collateral required pursuant to subsection (5). Any loss or deficiency greater than the value of the collateral may be recovered by the department from the loan administrator.

(c) In the event of a default as specified in the contract, termination of the contract, or violation of this section, the state may, in addition to any other remedy provided by law, bring suit to enforce its interest.

(d) A microloan borrower's default does not relieve the loan administrator of its obligation to repay an award to the department.

(7) CONTRACT TERMINATION.—

(a) The loan administrator's contract with the department may be terminated by the department, and the loan administrator required to immediately return all state funds awarded, including any interest, fees, and costs it would otherwise be entitled to retain pursuant to subsection (5) for that fiscal year, upon a finding by the department that:

5. The department finds that the loan administrator provided fraudulent or misleading information to the department.

(b) The loan administrator's contract with the department may be terminated by the department at any time for any reason upon 30 days' notice by the department. In such a circumstance, the loan administrator shall return all awarded state funds to the department within 60 days of the termination. However, the loan administrator may retain any interest, fees, or costs it has collected pursuant to subsection (5).

(c) The loan administrator's contract with the department may be terminated by the loan administrator at any time for any reason upon 30 days' notice by the loan administrator. In such a circumstance, the loan administrator shall return all awarded state funds to the department, including any interest, fees, and costs it has retained or would otherwise be entitled to retain pursuant to subsection (5), within 30 days of the termination.

(8) AUDITS AND REPORTING.—

627.062 Rate standards.—

(2) As to all such classes of insurance:

(b) Upon receiving a rate filing, the office shall review the filing to determine if a rate is excessive, inadequate, or unfairly discriminatory. In making that determination, the office shall, in accordance with generally accepted and reasonable actuarial techniques, consider the following factors:

1. Past and prospective loss experience within and without this state.
2. Past and prospective expenses.
3. The degree of competition among insurers for the risk insured.
4. Investment income reasonably expected by the insurer, consistent with the insurer's investment practices, from investable premiums anticipated in the filing, plus any other expected income from currently invested assets representing the amount expected on unearned premium reserves and loss reserves. The commission may adopt rules using reasonable techniques of actuarial science and economics to specify the manner in which insurers calculate investment income attributable to classes of insurance written in this state and the manner in which investment income is used to calculate insurance rates. Such manner must contemplate allowances for an underwriting profit factor and full consideration of investment income that produces which produce a reason-

able rate of return; however, investment income from invested surplus may not be considered.

6. Dividends, savings, or unabsorbed premium deposits allowed or returned to Florida policyholders, members, or subscribers in this state.
7. The adequacy of loss reserves.
8. The cost of reinsurance. The office may not disapprove a rate as excessive solely due to the insurer having obtained catastrophic reinsurance to cover the insurer's estimated 250-year probable maximum loss or any lower level of loss.
9. Trend factors, including trends in actual losses per insured unit for the insurer making the filing.
10. Conflagration and catastrophe hazards, if applicable.
11. Projected hurricane losses, if applicable, which must be estimated using a model or method found to be acceptable or reliable by the Florida Commission on Hurricane Loss Projection Methodology, and as further provided in s. 627.0628.
12. *Projected flood losses for personal residential property insurance, if applicable, which may be estimated using a model or method, or a straight average of model results or output ranges, independently found to be acceptable or reliable by the Florida Commission on Hurricane Loss Projection Methodology and as further provided in s. 627.0628.*
- ~~13.12.~~ A reasonable margin for underwriting profit and contingencies.
- ~~14.13.~~ The cost of medical services, if applicable.
- ~~15.14.~~ Other relevant factors that affect the frequency or severity of claims or expenses.

The provisions of this subsection do not apply to workers' compensation, employer's liability insurance, and motor vehicle insurance.

(3) ADOPTION AND EFFECT OF STANDARDS AND GUIDELINES.—

(a) The commission shall consider any actuarial methods, principles, standards, models, or output ranges that have the potential for improving the accuracy or reliability of the hurricane loss projections used in residential property insurance rate filings and flood loss projections used in rate filings for personal lines residential flood insurance coverage. The commission shall, from time to time, adopt findings as to the accuracy or reliability of particular methods, principles, standards, models, or output ranges.

(b) The commission shall consider any actuarial methods, principles, standards, or models that have the potential for improving the accuracy of or reliability of projecting probable maximum loss levels. The commission shall adopt findings as to the accuracy or reliability of particular methods, principles, standards, or models related to probable maximum loss calculations.

(c) In establishing reimbursement premiums for the Florida Hurricane Catastrophe Fund, the State Board of Administration must, to the extent feasible, employ actuarial methods, principles, standards, models, or output ranges found by the commission to be accurate or reliable.

A nonrefundable reinstatement fee of \$250 shall be charged in addition to registry fees. The license status shall not be changed until the requirements of this section are met and all fees are paid. If the licensee fails to meet the requirements of this section and pay all required fees before March 1, such license is expired and such mortgage broker must apply for a new mortgage broker license under s. 494.00321.

Section 41. Subsection (3) of section 494.0036, Florida Statutes, is amended, and subsections (4) and (5) are added to that section, to read:

494.0036 Mortgage broker branch office license.—

(3) A branch office license must be renewed annually at the time of renewing the mortgage broker license under s. 494.00322. A nonrefundable branch renewal fee of \$225 per branch office must be submitted at the time of renewal. To renew a branch office license, a mortgage broker must:

Section 42. Section 494.0038, Florida Statutes, is amended to read:

494.0038 ~~Loan origination and Mortgage broker fees and disclosures.—~~

~~(1) A loan origination fee may not be paid except pursuant to a written mortgage broker agreement between the mortgage broker and the borrower which is signed and dated by the principal loan originator or branch manager, and the borrower. The unique registry identifier of each loan originator responsible for providing loan originator services must be printed on the mortgage broker agreement.~~

~~(a) The written mortgage broker agreement must describe the services to be provided by the mortgage broker and specify the amount and terms of the loan origination fee that the mortgage broker is to receive.~~

~~1. Except for application and third party fees, all fees received by a mortgage broker from a borrower must be identified as a loan origination fee.~~

~~2. All fees on the mortgage broker agreement must be disclosed in dollar amounts.~~

~~3. All loan origination fees must be paid to a mortgage broker.~~

~~(b) The agreement must be executed within 3 business days after a mortgage loan application is accepted if the borrower is present when the mortgage loan application is accepted. If the borrower is not present, the licensee shall forward the agreement to the borrower within 3 business days after the licensee's acceptance of the application and the licensee bears the burden of proving that the borrower received and approved the agreement.~~

~~(2) If the mortgage broker is to receive any payment of any kind from the mortgage lender, the maximum total dollar amount of the payment must be disclosed to the borrower in the written mortgage broker agreement as described in paragraph (1)(a). The commission may prescribe by rule an acceptable form for disclosure of brokerage fees received from the lender. The agreement must state the nature of the relationship with the lender, describe how compensation is paid by the lender, and describe how the mortgage interest rate affects the compensation paid to the mortgage broker.~~

~~(a) The exact amount of any payment of any kind by the lender to the mortgage broker must be disclosed in writing to the borrower within 3 business days after the mortgage broker is made aware of the exact amount of the payment from the lender but not less than 3 business days before the execution of the closing or settlement statement. The licensee bears the burden of proving such notification was provided to the borrower. Notification is waived if the exact amount of the payment is accurately disclosed in the written mortgage broker agreement.~~

~~(b) The commission may prescribe by rule the form of disclosure of brokerage fees.~~

~~(3) At the time a written mortgage broker agreement is signed by the borrower or forwarded to the borrower for signature, or at the time the mortgage broker business accepts an application fee, credit report fee, property appraisal fee, or any other third party fee, but at least 3 business days before execution of the closing or settlement statement, the mortgage broker shall disclose in writing to any applicant for a mortgage loan the following information:~~

~~(a) That the mortgage broker may not make mortgage loans or commitments. The mortgage broker may make a commitment and may furnish a lock in of the rate and program on behalf of the lender if the mortgage broker has obtained a written commitment or lock in for the loan from the lender on behalf of the borrower for the loan. The commitment must be in the same form and substance as issued by the lender.~~

~~(b) That the mortgage broker cannot guarantee acceptance into any particular loan program or promise any specific loan terms or conditions.~~

~~(c) A good faith estimate that discloses settlement charges and loan terms:~~

~~1. Any amount collected in excess of the actual cost shall be returned within 60 days after rejection, withdrawal, or closing.~~

~~2. At the time a good faith estimate is provided to the borrower, the loan originator must identify in writing an itemized list that provides the recipient of all payments charged the borrower, which, except for all fees to be received by the mortgage broker, may be disclosed in generic terms, such as, but not limited to, paid to lender, appraiser, officials, title company, or any other third party service provider. This requirement does not supplant or is not a substitute for the written mortgage broker agreement described in subsection (1). The disclosure required under this subparagraph must be signed and dated by the borrower.~~

~~(4) The disclosures required by this subsection must be furnished in writing at the time an adjustable rate mortgage loan is offered to the borrower and whenever the terms of the adjustable rate mortgage loan offered materially change prior to closing. The mortgage broker shall furnish the disclosures relating to adjustable rate mortgages in a format prescribed by ss. 226.18 and 226.19 of Regulation Z of the Board of Governors of the Federal Reserve System, as amended; its commentary, as amended; and the federal Truth in Lending Act, 15 U.S.C. ss. 1601 et seq., as amended; together with the Consumer Handbook on Adjustable Rate Mortgages, as amended; published by the Federal Reserve Board and the Federal Home Loan Bank Board. The licensee bears the burden of proving such disclosures were provided to the borrower.~~

~~(5) If the mortgage broker agreement includes a nonrefundable application fee, the following requirements are applicable:~~

~~(a) The amount of the application fee, which must be clearly denominated as such, must be clearly disclosed.~~

~~(b) The specific services that will be performed in consideration for the application fee must be disclosed.~~

~~(c) The application fee must be reasonably related to the services to be performed and may not be based upon a percentage of the principal amount of the loan or the amount financed.~~

~~(6) A mortgage broker may not accept any fee in connection with a mortgage loan other than an application fee, credit report fee, property appraisal fee, or other third party fee before obtaining a written commitment from a qualified lender.~~

~~(1)(7) Any third-party fee entrusted to a mortgage broker must immediately, upon receipt, be placed into a segregated account with a financial institution located in the state the accounts of which are insured by the Federal Government. Such funds shall be held in trust for the payor and shall be kept in the account until disbursement. Such funds may be placed in one account if adequate accounting measures are taken to identify the source of the funds.~~

~~(2)(8) A mortgage broker may not pay a commission to any person not licensed pursuant to this chapter.~~

~~(3)(9) This section does not prohibit a mortgage broker from offering products and services, in addition to those offered in conjunction with the loan origination process, for a fee or commission.~~

Section 43. Subsections (2) and (3) of section 494.004, Florida Statutes, are amended to read:

494.004 Requirements of licensees.—

~~(2) In every mortgage loan transaction, each licensee under this part must notify a borrower of any material changes in the terms of a mortgage loan previously offered to the borrower within 3 business days after being made aware of such changes by the mortgage lender but at least 3 business days before the signing of the settlement or closing statement. The licensee bears the burden of proving such notification was provided and accepted by the borrower. A borrower may waive the right to receive notice of a material change if the borrower determines that the extension of credit is needed to meet a bona fide personal financial emergency and the right to receive notice would delay the closing of the mortgage loan. The imminent sale of the borrower's home at foreclosure during the 3-day period before the signing of the settlement or closing statement is an example of a bona fide personal financial emergency. In order to waive the borrower's right to receive notice, the borrower must provide the licensee with a dated written statement that describes the personal financial emergency, waives the right to receive the notice, bears the borrower's signature, and is not on a printed form prepared by the licensee for the purpose of such a waiver.~~

~~(2)(3) Each mortgage broker shall submit to the registry reports of condition, which must be in such form and shall contain such information as the registry may require. The commission may adopt rules prescribing the time by which a mortgage broker must file a report of condition. For purposes of this section, the report of condition is synonymous with the registry's Mortgage Call Report.~~

Section 44. Subsection (3) of section 494.0042, Florida Statutes, is amended to read:

494.0042 Loan origination fees.—

~~(3) At the time of accepting a mortgage loan application, a mortgage broker may receive from the borrower a nonrefundable application fee. If the mortgage loan is funded, the nonrefundable application fee shall be credited against the amount owed as a result of the loan being funded. A person may not receive any form of compensation for acting as a loan originator other than a nonrefundable application fee, a fee based on the mortgage amount being funded, or a fee which complies with s. 494.00421.~~

Section 45. Section 494.00421, Florida Statutes, is repealed.

Section 46. Paragraph (b) of subsection (2) of section 494.00611, Florida Statutes, is amended to read:

494.00611 Mortgage lender license.—

(2) In order to apply for a mortgage lender license, an applicant must:

(b) Designate a qualified principal loan originator who meets the requirements of s. 494.00665 ~~494.0035~~ on the application form.

Section 47. Subsection (3) is added to section 494.00612, Florida Statutes, to read:

494.00612 Mortgage lender license renewal.—

~~(3) If a licensed mortgage lender fails to meet the requirements of this section for annual license renewal on or before December 31 but meets such requirements before March 1, the mortgage lender's license status shall be changed to "failed to renew" pending review and renewal by the office. A nonrefundable reinstatement fee of \$475 shall be charged in addition to registry fees. The license status shall not be changed until the requirements of this section are met and all fees are paid. If the licensee fails to meet the requirements of this section and pay all required fees before March 1, such license is expired and such mortgage lender must apply for a new mortgage lender license under s. 494.00611.~~

Section 48. Subsection (3) of section 494.0066, Florida Statutes, is amended, and subsections (4) and (5) are added to that section, to read:

494.0066 Branch offices.—

(3) A branch office license must be renewed at the time of renewing the mortgage lender license. A nonrefundable fee of \$225 per branch office must be submitted at the time of renewal. *To renew a branch office license, a mortgage lender must:*

*(a) Submit a completed license renewal form as prescribed by commission rule.*

*(b) Submit a nonrefundable renewal fee.*

*(c) Submit any additional information or documentation requested by the office and required by rule concerning the licensee. Additional information may include documents that may provide the office with the appropriate information to determine eligibility for license renewal.*

*(4) The office may not renew a branch office license unless the branch office continues to meet the minimum requirements for initial licensure under this section and adopted rule.*

*(5) If a licensed branch office fails to meet the requirements of this section for annual license renewal on or before December 31 but meets such requirements before March 1, the branch office's license status shall be changed to "failed to renew" pending review and renewal by the office. A nonrefundable reinstatement fee of \$225 shall be charged in addition to registry fees. The license status shall not be changed until the requirements of this section are met and all fees are paid. If the licensee fails to meet the requirements of this section and pay all required fees before March 1, such license is expired and such branch office must apply for a new mortgage lender branch office license under this section.*

Section 49. Subsections (8) through (13) of section 494.0067, Florida Statutes, are amended to read:

494.0067 Requirements of mortgage lenders.—

~~(8) Each mortgage lender shall provide an applicant for a mortgage loan a good faith estimate of the costs the applicant can reasonably expect to pay in obtaining a mortgage loan. The good faith estimate of costs must be mailed or delivered to the applicant within 3 business days after the licensee receives a written loan application from the applicant. The estimate of costs may be provided to the applicant by a person other than the licensee making the loan. The good faith estimate must identify the recipient of all payments charged to the borrower and, except for all fees to be received by the mortgage broker and the mortgage lender, may be disclosed in generic terms, such as, but not limited to, paid to appraiser, officials, title company, or any other third party service provider. The licensee bears the burden of proving such disclosures were provided to the borrower. The commission may adopt rules that set forth the disclosure requirements of this section.~~

~~(9) The disclosures in this subsection must be furnished in writing at the time an adjustable rate mortgage loan is offered to the borrower and whenever the terms of the adjustable rate mortgage loan offered have a material change prior to closing. The lender shall furnish the disclosures relating to adjustable rate mortgages in a format prescribed by ss.~~

~~226.18 and 226.19 of Regulation Z of the Board of Governors of the Federal Reserve System, as amended; its commentary, as amended; and the federal Truth in Lending Act, 15 U.S.C. ss. 1601 et seq., as amended; together with the Consumer Handbook on Adjustable Rate Mortgages, as amended; published by the Federal Reserve Board and the Federal Home Loan Bank Board. The licensee bears the burden of proving such disclosures were provided to the borrower.~~

~~(10) In every mortgage loan transaction, each mortgage lender shall notify a borrower of any material changes in the terms of a mortgage loan previously offered to the borrower within 3 business days after being made aware of such changes by the lender but at least 3 business days before signing the settlement or closing statement. The licensee bears the burden of proving such notification was provided and accepted by the borrower. A borrower may waive the right to receive notice of a material change if the borrower determines that the extension of credit is needed to meet a bona fide personal financial emergency and the right to receive notice would delay the closing of the mortgage loan. The imminent sale of the borrower's home at foreclosure during the 3-day period before the signing of the settlement or closing statement constitutes an example of a bona fide personal financial emergency. In order to waive the borrower's right to receive notice, the borrower must provide the licensee with a dated written statement that describes the personal financial emergency, waives the right to receive the notice, bears the borrower's signature, and is not on a printed form prepared by the licensee for the purpose of such a waiver.~~

~~(8)(11)~~ A mortgage lender may close loans in its own name but may not service the loan for more than 6 4 months unless the lender has a servicing endorsement. Only a mortgage lender who continuously maintains a net worth of at least \$250,000 may obtain a servicing endorsement.

~~(9)(12)~~ A mortgage lender must report to the office the failure to meet the applicable net worth requirements of s. 494.00611 within 2 days after the mortgage lender's knowledge of such failure or after the mortgage lender should have known of such failure.

~~(10)(13)~~ Each mortgage lender shall submit to the registry reports of condition which are in a form and which contain such information as the registry may require. *The commission may adopt rules prescribing the time by which a mortgage lender must file a report of condition. For purposes of this section, the report of condition is synonymous with the registry's Mortgage Call Report.*

Section 50. *Section 494.0068, Florida Statutes, is repealed.*

Section 51. Paragraphs (c), (d), and (e) of subsection (1) of section 494.007, Florida Statutes, are amended to read:

494.007 Commitment process.—

(1) If a commitment is issued, the mortgage lender shall disclose in writing:

(c) If the interest rate or other terms are subject to change before expiration of the commitment:

1. The basis, index, or method, if any, which will be used to determine the rate at closing. Such basis, index, or method shall be established and disclosed with direct reference to the movement of an interest rate index or of a national or regional index that is available to and verifiable by the borrower and beyond the control of the lender; or

## RULING ON POINT OF ORDER

On recommendation of Senator Thrasher, Chair of the Committee on Rules, **Amendment 1F (877478)** would add a development that qualifies for an exemption under s. 380.06(29), to the definition of developments that may not be aggregated and treated as a single development. The principal substance of **CS for SB 372** redefines the minimum population and density requirements for counties to qualify as a dense urban land areas (DULAs) and designates 7 additional counties and 20 municipalities as DULAs. Senator Soto’s amendment falls within the subject area of **CS for SB 372** but is not the principal substance of the bill. A single sentence or fragment of a bill may be, but is not necessarily, its principal substance under the provisions of Rule 7.1(4)(c). Because of its limited nature, it is not the principal substance of **CS for SB 372**, which remains in committee and was therefore in order.

The President ruled the point not well taken and **Amendment 1F (877478)** was in order.

The question recurred on **Amendment 1F (877478)** by Senator Soto which was adopted.

On motion by Senator Detert, further consideration of **CS for HB 7023** with pending **Amendment 1 (494350)**, **Amendment 1C (838754)**, and pending point of order was deferred.

**SR 1764**—A resolution commending Captain Bill Smith for being the first to catch a bonefish (*albulus vulpes*) on an artificial fly 75 years ago.

WHEREAS, the species *albulus vulpes*, or "grey ghost," is a gorgeous fish, being generally the color of burnished silver with a slightly bluish olive back, fading to almost white below, and is referred to with reverence throughout the Florida Keys as the bonefish, and

WHEREAS, among the mud flats near the Islamorada Little Basin, a deeply forked tail waving gently above the water revealed the presence of an 8-pound bonefish, and, under a bright blue sky with fleecy white clouds overhead, Captain Bill Smith used a 9 1/2-foot Orvis Battenkill rod to present the handmade fly to the fish, and

WHEREAS, some minutes later, that noble bonefish made history as the first of the species *albulus vulpes* to be caught on an artificial fly, and

WHEREAS, the accomplishment of Captain Bill Smith in taking this historic fish in such a manner initiated what many claim to be the most exciting form of sportfishing, pound for pound, on the face of the globe and founded a multimillion-dollar industry: fly fishing for bonefish, NOW, THEREFORE,

*Be It Resolved by the Senate of the State of Florida:*

That on the 75th anniversary of the unprecedented feat of catching a bonefish on an artificial fly, Captain Bill Smith is recognized and commended for contributing greatly to the name and reputation of Islamorada and the Florida Keys as a fisherman's paradise.

Each plan must maintain a regionwide network of providers in sufficient numbers to meet the access standards for specific medical services for all recipients enrolled in the plan. The exclusive use of mail-order pharmacies may not be sufficient to meet network access standards. Consistent with the standards established by the agency, provider networks may include providers located outside the region. A plan may contract with a new hospital facility before the date the hospital becomes operational if the hospital has commenced construction, will be licensed and operational by January 1, 2013, and a final order has issued in any civil or administrative challenge. Each plan shall establish and maintain an accurate and complete electronic database of contracted providers, including information about licensure or registration, locations and hours of operation, specialty credentials and other certifications, specific performance indicators, and such other information as the agency deems necessary. The database must be available online to both the agency and the public and have the capability of comparing to compare the availability of providers to network adequacy standards and to accept and display feedback from each provider's patients. Each plan shall submit quarterly reports to the agency identifying the number of enrollees assigned to each primary care provider.

2. If establishing a prescribed drug formulary or preferred drug list, a managed care plan shall:

a. Provide a broad range of therapeutic options for the treatment of disease states which are consistent with the general needs of an outpatient population. If feasible, the formulary or preferred drug list must include at least two products in a therapeutic class.

b. ~~Each managed care plan must~~ Publish the any prescribed drug formulary or preferred drug list on the plan's website in a manner that is accessible to and searchable by enrollees and providers. The plan shall ~~must~~ update the list within 24 hours after making a change. ~~Each plan must ensure that the prior authorization process for prescribed drugs is~~

~~readily accessible to health care providers, including posting appropriate contact information on its website and providing timely responses to providers.~~

3. For enrollees ~~Medicaid recipients~~ diagnosed with hemophilia who have been prescribed anti-hemophilic-factor replacement products, the agency shall provide for those products and hemophilia overlay services through the agency's hemophilia disease management program.

~~3. Managed care plans, and their fiscal agents or intermediaries, must accept prior authorization requests for any service electronically.~~

4. Notwithstanding any other law, in order to establish uniformity in the submission of prior authorization forms, effective January 1, 2015, a managed care plan shall use a single standardized form for obtaining prior authorization for a medical procedure, course of treatment, or prescription drug benefit. The form may not exceed two pages in length, excluding any instructions or guiding documentation.

a. The managed care plan shall make the form available electronically and online to practitioners. The prescribing provider may electronically submit the completed prior authorization form to the managed care plan.

b. If the managed care plan contracts with a pharmacy benefits manager to perform prior authorization services for a medical procedure, course of treatment, or prescription drug benefit, the pharmacy benefits manager must use and accept the standardized prior authorization form.

c. A completed prior authorization request submitted by a health care provider using the standardized prior authorization form is deemed approved upon receipt by the managed care plan unless the managed care plan responds otherwise within 3 business days.

5. If medications for the treatment of a medical condition are restricted for use by a managed care plan by a step-therapy or fail-first protocol, the prescribing provider must have access to a clear and convenient process to request an override of the protocol from the managed care plan.

2. After the distribution under subparagraph 1., 8.814 percent of the amount remitted by a sales tax dealer located within a participating county pursuant to s. 218.61 shall be transferred into the Local Government Half-cent Sales Tax Clearing Trust Fund. Beginning July 1, 2003, the amount to be transferred shall be reduced by 0.1 percent, and the department shall distribute this amount to the Public Employees Relations Commission Trust Fund less \$5,000 each month, which shall be added to the amount calculated in subparagraph 3. and distributed accordingly.

(f) An applicant that is recommended by the department but not approved by the Legislature may reapply and shall update any information in the original application as required by the department.

(g) The department may recommend no more than one distribution under this section for any applicant, facility, or beneficiary at a time. A facility or beneficiary may not be the subject of more than one distribution under s. 212.20 at any time for any state-administered sports-related program, including s. 288.1162, s. 288.11621, s. 288.11631, or this section. This limitation does not apply if the applicant demonstrates that the beneficiary that is the subject of the distribution under s. 212.20 no longer plays at the facility that is the subject of the application under this section.

(h) An application submitted either by a first-time applicant whose project exceeds \$300 million and commenced on the facility's existing site before January 1, 2014, or by a beneficiary that has completed the terms of a previous agreement for distributions under chapter 212 for an existing facility shall be considered an application for a new facility for purposes that include, but are not limited to, incremental and baseline tax calculations.

(i) An application may be submitted to the department for evaluation and recommendation if the existing beneficiary has completed or will complete the terms of an existing distribution under chapter 212 for an existing facility before a distribution can be made.

(5) **EVALUATION PROCESS.**—

(a) Before recommending an applicant to receive a state distribution under s. 212.20(6)(d)6.f., the department must verify that:

1. The applicant or beneficiary is responsible for the construction, reconstruction, renovation, or improvement of a facility and obtained at least three bids for the project.

2. If the applicant is not a unit of local government, a unit of local government holds title to the property on which the facility and project are, or will be, located.

3. If the applicant is a unit of local government in whose jurisdiction the facility is, or will be, located, the unit of local government has an exclusive intent agreement to negotiate in this state with the beneficiary.

4. A unit of local government in whose jurisdiction the facility is, or will be, located supports the application for state funds. Such support must be verified by the adoption of a resolution, after a public hearing, that the project serves a public purpose.

5. The applicant or beneficiary has not previously defaulted or failed to meet any statutory requirements of a previous state-administered sports-related program under s. 288.1162, s. 288.11621, s. 288.11631, or this section. Additionally, the applicant or beneficiary is not currently receiving state distributions under s. 212.20 for the facility that is the subject of the application, unless the applicant demonstrates that the franchise that applied for a distribution under s. 212.20 no longer plays at the facility that is the subject of the application.

6. The applicant or beneficiary has sufficiently demonstrated a commitment to employ residents of this state, contract with Florida-based firms, and purchase locally available building materials to the greatest extent possible.

7. If the applicant is a unit of local government, the applicant has a certified copy of a signed agreement with a beneficiary for the use of the facility. If the applicant is a beneficiary, the beneficiary must enter into an agreement with the department. The applicant's or beneficiary's agreement must also require the following:

a. The beneficiary must reimburse the state for state funds that will be distributed if the beneficiary relocates or no longer occupies or uses the facility as the facility's primary tenant before the agreement expires. Reimbursements must be sent to the Department of Revenue for deposit into the General Revenue Fund.

b. The beneficiary must pay for signage or advertising within the facility. The signage or advertising must be placed in a prominent location as close to the field of play or competition as is practicable, must be displayed consistent with signage or advertising in the same location and of like value, and must feature Florida advertising approved by the Florida Tourism Industry Marketing Corporation.

8. The project will commence within 12 months after receiving state funds or did not commence before January 1, 2013.

(b) The department shall competitively evaluate and rank applicants that timely submit applications for state funding based on their ability to positively impact the state using the following criteria:

1. The proposed use of state funds.
2. The length of time that a beneficiary has agreed to use the facility.
3. The percentage of total project funds provided by the applicant and the percentage of total project funds provided by the beneficiary, with priority in the evaluation and ranking given to applications with 50 percent or more of total project funds provided by the applicant and beneficiary.
4. The number and type of signature events the facility is likely to attract during the duration of the agreement with the beneficiary.
5. The anticipated increase in average annual ticket sales and attendance at the facility due to the project.
6. The potential to attract out-of-state visitors to the facility.
7. The length of time a beneficiary has been in this state or partnered with the unit of local government. In order to encourage new franchises to locate in this state, an application for a new franchise shall be considered to have a significant positive impact on the state and shall be given priority in the evaluation and ranking by the department.
8. The multiuse capabilities of the facility.
9. The facility's projected employment of residents of this state, contracts with Florida-based firms, and purchases of locally available building materials.
10. The amount of private and local financial or in-kind contributions to the project.
11. The amount of positive advertising or media coverage the facility generates.
12. The expected amount of average annual new incremental state sales taxes generated by sales at the facility above the baseline that will be

generated as a result of the project, as required under subparagraph (6)(b) 2.

13. The size and scope of the project and number of temporary and permanent jobs that will be created as a direct result of the facility improvement.

(6) DISTRIBUTION.—

(a) The department shall determine the annual distribution amount an applicant may receive based on 75 percent of the average annual new incremental state sales taxes generated by sales at the facility, as provided under subparagraph (b)2., and such annual distribution shall be limited by the following:

1. If the total project cost is \$200 million or greater, the annual distribution amount may be up to \$3 million.
2. If the total project cost is at least \$100 million but less than \$200 million, the annual distribution amount may be up to \$2 million.
3. If the total project cost is less than \$100 million, the annual distribution amount may be up to \$1 million.

4. Notwithstanding paragraph (4)(g) and subparagraph (5)(a)5., an applicant certified under s. 288.1162 which is currently receiving state distributions under s. 212.20 for the facility or beneficiary that is the subject of the application under this section may be eligible for an annual distribution amount of up to \$1 million. The total project cost must be at least \$100 million. This subparagraph does not apply to an applicant that demonstrates that the beneficiary that is the subject of the distribution under s. 212.20 no longer plays at the facility that is the subject of the application under this section.

(b) At the time of initial evaluation and review by the department pursuant to subsection (5), the applicant must provide an analysis by an independent certified public accountant which demonstrates:

1. The average annual amount of state sales taxes generated by sales at the facility during the 36-month period immediately before the beginning of the application period. This amount is the baseline.
2. The expected amount of average annual new incremental state sales taxes generated by sales at the facility above the baseline which will be generated as a result of the project.
3. The expected amount of average annual new incremental state sales taxes generated by sales at the facility must be at least \$500,000 above the baseline for the applicant to be eligible to receive a distribution under this section.

For an application for a new facility, the baseline is zero. Notwithstanding any other provision of this section, for projects with a total cost of more than \$300 million which are at least 90 percent funded by private sources, the baseline is zero for purposes of this section. The baseline for an applicant under subparagraph (a)4. is \$2 million.

(c) The independent analysis provided in paragraph (b) shall be verified by the department.

(d) The Department of Revenue shall begin distributions within 45 days after notification of initial certification from the department or upon a date requested by the approved applicant, whichever is later.

(e) The department shall consult with the Department of Revenue and the Office of Economic and Demographic Research to develop a standard calculation for estimating the average annual new incremental state sales taxes generated by sales at the facility.

(f) The department may not certify an applicant if, as a result of the certification, the total amount distributed will exceed \$13 million in any fiscal year. In the 2014-2015 fiscal year, the department may not certify total annual distributions of more than \$7 million for all certified applicants.

(7) CONTRACT.—An applicant approved by the Legislature and certified by the department must enter into a contract with the department which:

- (a) Specifies the terms of the state's investment.
- (b) States the criteria that the certified applicant must meet in order to remain certified.
- (c) Requires the applicant to submit the independent analysis required under subsection (6) and an annual independent analysis.

1. The applicant must agree to submit to the department, beginning 12 months after completion of a project or 12 months after the first four annual distributions, whichever is earlier, an annual analysis by an independent certified public accountant demonstrating the actual amount of new incremental state sales taxes generated by sales at the facility during the previous 12-month period. The applicant shall certify to the department a comparison of the actual amount of state sales taxes generated by sales at the facility during the previous 12-month period to the baseline under paragraph (6)(b).

2. The applicant must submit the certification within 90 days after the end of the previous 12-month period. The department shall verify the analysis.

(d) Specifies information that the certified applicant must report to the department.

(e) Requires the applicant to reimburse the state, after all distributions have been made, any amount by which the total distributions made under s. 212.20(6)(d)6.f. exceed actual new incremental state sales taxes generated by sales at the facility during the contract. If any reimbursement is due to the state, such reimbursement must be made within 90 days after the last distribution under the contract has been made. If the applicant is unable or unwilling to reimburse the state for such amount, the department may place a lien on the applicant's facility.

1. If the applicant is a municipality or county, it may reimburse the state from its half-cent sales tax allocation, as provided in s. 218.64(3).

2. Reimbursements must be sent to the Department of Revenue for deposit into the General Revenue Fund.

(f) Includes any provisions deemed prudent by the department.

(8) **USE OF FUNDS.**—An applicant certified under this section may use state funds only for the following purposes:

(a) Constructing, reconstructing, renovating, or improving a facility or reimbursing such costs.

(b) Paying or pledging for the payment of debt service on bonds issued for the construction or renovation of such facility.

(c) Funding debt service reserve funds, arbitrage rebate obligations, or other amounts payable with respect thereto on bonds issued for the construction or renovation of such facility.

(d) Reimbursing the costs under paragraphs (b) and (c) or the refinancing of bonds issued for the construction or renovation of such facility.

(9) **REPORTS.**—

(a) On or before November 1 of each year, an applicant certified under this section and approved to receive state funds must submit to the department any information required by the department. The department shall summarize this information for inclusion in its annual report to the Legislature under paragraph (4)(d).

(b) Every 5 years after an applicant receives its first monthly distribution, the department must verify that the applicant is meeting the program requirements. If the applicant fails to meet these requirements, the department shall notify the Governor and the Legislature in its next annual report under paragraph (4)(d) that the requirements are not being met and recommend future action. The department shall take into consideration extenuating circumstances that may have prevented the applicant from meeting the program requirements, such as force majeure events or a significant economic downturn.

(10) **AUDITS.**—The Auditor General may conduct audits pursuant to s. 11.45 to verify the independent analysis required under paragraphs

(6)(b) and (7)(c) and to verify that the distributions are expended as required. The Auditor General shall report the findings to the department. If the Auditor General determines that the distribution payments are not expended as required, the Auditor General must notify the Department of Revenue, which may pursue recovery of distributions under the laws and rules that govern the assessment of taxes.

(11) **APPLICATION RELATED TO NEW FACILITIES OR PROJECTS COMMENCED BEFORE JULY 1, 2014.**—Notwithstanding paragraph (4)(e), the Legislative Budget Commission may approve an application for state funds by an applicant for a new facility or a project commenced between March 1, 2013, and July 1, 2014. Such an application may be submitted after May 1, 2014. The department must review the application and recommend approval to the Legislature or deny the application. The Legislative Budget Commission may approve applications on or after January 1, 2015. The department must certify the applicant within 45 days of approval by the Legislative Budget Commission. State funds may not be distributed until the department notifies the Department of Revenue that the applicant was approved by the Legislative Budget Commission and certified by the department. An applicant certified under this subsection is subject to the provisions and requirements of this section. An applicant that fails to meet the conditions of this subsection may reapply during future application periods.

(12) **REPAYMENT OF DISTRIBUTIONS.**—An applicant that is certified under this section may be subject to repayment of distributions upon the occurrence of any of the following:

(a) An applicant's beneficiary has broken the terms of its agreement with the applicant and relocated from the facility or no longer occupies or uses the facility as the facility's primary tenant. The beneficiary must reimburse the state for state funds that will be distributed, plus a 5 percent penalty on that amount, if the beneficiary relocates before the agreement expires.

(b) A determination by the department that an applicant has submitted information or made a representation that is determined to be false, misleading, deceptive, or otherwise untrue. The applicant must reimburse the state for state funds that have been and will be distributed, plus a 5 percent penalty on that amount, if such determination is made. If the applicant is a municipality or county, it may reimburse the state from its half-cent sales tax allocation, as provided in s. 218.64(3).

(c) Repayment of distributions must be sent to the Department of Revenue for deposit into the General Revenue Fund.

(13) **HALTING OF PAYMENTS.**—The applicant may request in writing at least 20 days before the next monthly distribution that the department halt future payments. The department shall immediately notify the Department of Revenue to halt future payments.

(14) **RULEMAKING.**—The department may adopt rules to implement this section.

Section 5. Paragraphs (a) and (c) of subsection (2) of section 288.11631, Florida Statutes, are amended, and paragraph (d) is added to that subsection, to read:

288.11631 Retention of Major League Baseball spring training baseball franchises.—

(2) **CERTIFICATION PROCESS.**—

(a) Before certifying an applicant to receive state funding for a facility for a spring training franchise, the department must verify that:

1. The applicant is responsible for the construction or renovation of the facility for a spring training franchise or holds title to the property on which the facility for a spring training franchise is located.

2. The applicant has a certified copy of a signed agreement with a spring training franchise. The signed agreement with a spring training franchise for the use of a facility must, at a minimum, be equal to the length of the term of the bonds issued for the public purpose of constructing or renovating a facility for a spring training franchise. If no such bonds are issued for the public purpose of constructing or renovating a facility for a spring training franchise, the signed agreement with a spring training franchise for the use of a facility must be for at least 20 years. Any such agreement with a spring training franchise for

the use of a facility cannot be signed more than 4 years before the expiration of any existing agreement with a spring training franchise for the use of a facility. *However, any such agreement may be signed at any time before the expiration of any existing agreement with a spring training franchise for use of a facility if the applicant has never received state funding for the facility as a spring training facility under this section or s. 288.11621 and the facility was constructed before January 1, 2000.* The agreement must also require the franchise to reimburse the state for state funds expended by an applicant under this section if the franchise relocates before the agreement expires; *however, if bonds were issued to construct or renovate a facility for a spring training franchise, the required reimbursement must be equal to the total amount of state distributions expected to be paid from the date the franchise breaks its agreement with the applicant through the final maturity of the bonds.* The agreement may be contingent on an award of funds under this section and other conditions precedent.

3. The applicant has made a financial commitment to provide 50 percent or more of the funds required by an agreement for the construction or renovation of the facility for a spring training franchise. The commitment may be contingent upon an award of funds under this section and other conditions precedent.

4. The applicant demonstrates that the facility for a spring training franchise will attract a paid attendance of at least 50,000 persons annually to the spring training games.

5. The facility for a spring training franchise is located in a county that levies a tourist development tax under s. 125.0104.

6. *The applicant is not currently certified to receive state funding for the facility as a spring training franchise under this section.*

(c) Each applicant certified on or after July 1, 2013, shall enter into an agreement with the department which:

1. Specifies the amount of the state incentive funding to be distributed. The amount of state incentive funding per certified applicant may not exceed \$20 million. However, if a certified applicant's facility is used by more than one spring training franchise, the maximum amount may not exceed \$50 million, and the Department of Revenue shall make distributions to the applicant pursuant to s. 212.20(6)(d)6.e. ~~for not more than 37 years and 6 months.~~

2. States the criteria that the certified applicant must meet in order to remain certified. These criteria must include a provision stating that the spring training franchise must reimburse the state for any funds received if the franchise does not comply with the terms of the contract. *If bonds were issued to construct or renovate a facility for a spring training franchise, the required reimbursement must be equal to the total amount of state distributions expected to be paid from the date the franchise violates the agreement with the applicant through the final maturity of the bonds.*

3. States that the certified applicant is subject to decertification if the certified applicant fails to comply with this section or the agreement.

4. States that the department may recover state incentive funds if the certified applicant is decertified.

5. Specifies the information that the certified applicant must report to the department.

6. Includes any provision deemed prudent by the department.

(d) *If a certified applicant has been certified under this program for use of its facility by one spring training franchise, the certified applicant may apply to amend its certification for use of its facility by more than one spring training franchise. The certified applicant must submit an application to amend its original certification that meets the requirements of this section. The maximum amount of state incentive funding to be distributed may not exceed \$50 million as provided in subparagraph (c)1. for a certified applicant with a facility used by more than one spring training franchise, including any distributions previously received by the certified applicant under its original certification under this section. Upon approval of an amended certification, the department shall notify the Department of Revenue as provided in this section.*

Section 6. Section 288.1166, Florida Statutes, is amended to read:

288.1166 Professional sports facility; designation as shelter site for the homeless; establishment of local programs.—

(1) A ~~any~~ professional sports facility constructed with financial assistance from the state of Florida shall be designated as a shelter site for the homeless during the period of a declared federal, state, or local emergency in accordance with the criteria of locally existing homeless shelter programs ~~unless, except when~~

As production companies repay the principal and interest to the QTV Fund, state funds, less any QTV Fund expenses, shall be returned to the account to be lent to subsequent borrowers.

(b) Funds from the QTV Fund shall be disbursed by the fund administrator through a lending vehicle to make short-term loans pursuant to this section.

(c) For overseeing and administering the QTV Fund, the fund administrator shall be reimbursed for the costs the fund administrator incurs in establishing and operating the fund related to the state’s investment, which shall be paid from state funds in the QTV Fund. Any additional private investment capital in the segregated accounts is responsible for its own management fees. The fund administrator is entitled to a reasonable profit, but such distribution may not be made from the principal funds from the original appropriation.

(d) The fund administrator shall provide services defined under this section for the duration of the QTV Fund term unless removed for cause. However, loans from private investment capital may not be made at more favorable terms and conditions than the terms and conditions of the state funds in the QTV Fund. (c) *Financial reporting.*—The fund administrator shall annually submit to the department by February 28 audited financial statements for the preceding tax year which— are audited by an independent certified public accountant after the end of each year in which the fund administrator is under contract with the department. In addition to providing an independent opinion on the annual financial statements, such audit provides a basis for verifying the segregation of state funds from those of any private investment capital.

#### (6) LOAN STRUCTURE.—

(a) The QTV Fund may make loans to production companies to fund production costs or provide improvement of the credit profile of a structured financial transaction for qualified television content that meets the criteria requirements of subsection (7). To make a loan, the fund administrator shall consider the types of eligible collateral, the credit worthiness of the project, the producer's track record, the possibility that the project will encourage, enhance, or create economic benefits, and the extent to which assistance would foster innovative public-private partnerships and attract private debt or equity investment.

(b) The QTV Fund loan package shall be secured by contractual and predictable sources of repayment such as domestic and international broadcaster license agreements and other ancillary revenues that are derived from media content rights. Unsecured loans may not be made.

**Amendment 2 (544228) (with title amendment)**—Between lines 555 and 556 insert:

Section 10. Section 409.997, Florida Statutes, is created to read:

409.997 *Child welfare results-oriented accountability program.*—

(1) *The department and its contract providers, including lead agencies, community-based care providers, and other community partners participating in the state's child protection and child welfare system, share the responsibility for achieving the outcome goals specified in s. 409.986(2).*

(2) *The department shall contract with a qualified consultant or organization with expertise in child welfare by August 31, 2014, to prepare a plan for development and implementation of a comprehensive, results-oriented accountability program consistent with this section. The plan, which must be submitted to the Governor, the President of the Senate, and the Speaker of the House by February 1, 2015, shall:*

- (a) *Identify essential data sets;*
- (b) *Assess the availability and validity of essential data;*
- (c) *Propose options for aggregating the available data;*
- (d) *Specify valid and reliable measures for each outcome goal;*
- (e) *Describe specific steps and analytical procedures necessary for the computation of the outcome measures;*
- (f) *Propose formats, presentations, and other methods of disseminating the accountability information;*
- (g) *Describe specific activities and procedures for integrating the accountability information into the quality assurance and performance monitoring activities of the department and its child welfare partner organizations;*
- (h) *Propose a timeline and work plan for implementation of the accountability program and provide an estimate of associated costs; and*
- (i) *Identify any other significant considerations that may have a material effect on the implementation of the accountability program required by this section.*

*This subsection expires June 30, 2015.*

(3) *The purpose of the results-oriented accountability program is to monitor and measure the use of resources, the quality and amount of services provided, and child and family outcomes. The program includes*

*data analysis, research review, and evaluation. The program shall produce an assessment of individual entities' performance, as well as the performance of groups of entities working together on a local, regional, and statewide basis to provide an integrated system of care. Data analyzed and communicated through the accountability program shall inform the department's development and maintenance of an inclusive, interactive, and evidence-supported program of quality improvement which promotes individual skill building as well as organizational learning. Additionally, outcome data generated by the program may be used as the basis for payment of performance incentives if funds for such payments are made available through the General Appropriations Act. The information compiled and utilized in the accountability program must incorporate, at a minimum:*

(a) *Valid and reliable outcome measures for each of the goals specified in this subsection. The outcome data set must consist of a limited number of understandable measures using available data to quantify outcomes as children move through the system of care. Such measures may aggregate multiple variables that affect the overall achievement of the outcome goals. Valid and reliable measures must be based on adequate sample sizes, be gathered over suitable time periods, and reflect authentic rather than spurious results, and may not be susceptible to manipulation.*

(b) *Regular and periodic monitoring activities that track the identified outcome measures on a statewide, regional, and provider-specific basis. Monitoring reports must identify trends and chart progress toward achievement of the goals specified in this subsection. The accountability program may not rank or compare performance among community-based care regions unless adequate and specific adjustments are adopted which account for the diversity in regions' demographics, resources, and other relevant characteristics. The requirements of the monitoring program may be incorporated into the department's quality assurance program.*

(c) *An analytical framework that builds on the results of the outcomes monitoring procedures and assesses the statistical validity of observed associations between child welfare interventions and the measured outcomes. The analysis must use quantitative methods to adjust for variations in demographic or other conditions. The analysis must include longitudinal studies to evaluate longer term outcomes, such as continued safety, family permanence, and transition to self-sufficiency. The analysis may also include qualitative research methods to provide insight into statistical patterns.*

(d) *A program of research review to identify interventions that are supported by evidence as causally linked to improved outcomes.*

(e) *An ongoing process of evaluation to determine the efficacy and effectiveness of various interventions. Efficacy evaluation is intended to determine the validity of a causal relationship between an intervention and an outcome. Effectiveness evaluation is intended to determine the extent to which the results can be generalized.*

(f) *Procedures for making the results of the accountability program transparent for all parties involved in the child welfare system as well as policymakers and the public, which shall be updated at least quarterly and published on the department's website in a manner that allows custom searches of the performance data. The presentation of the data shall provide a comprehensible, visual report card for the state and each community-based care region, indicating the current status of the outcomes relative to each goal and trends in that status over time. The presentation shall identify and report outcome measures that assess the performance of the department, the community-based care lead agencies, and their subcontractors working together to provide an integrated system of care.*

(g) *An annual performance report that is provided to interested parties including the dependency judge or judges in the community-based care service area. The report shall be submitted to the Governor, the President of the Senate, and the Speaker of the House of Representatives by October 1 of each year.*

(4) *Subject to a specific appropriation to implement the accountability program developed under subsection (2), the department shall establish a technical advisory panel consisting of representatives from the Florida Institute for Child Welfare established pursuant to s. 1004.615, lead agencies, community-based care providers, other contract providers, community alliances, and family representatives. The President of the Senate and the Speaker of the House of Representatives shall each ap-*

point a member to serve as a legislative liaison to the panel. The technical advisory panel shall advise the department on the implementation of the results-oriented accountability program.

Section 11. *In the event that SB 1666 or similar legislation is passed during the 2014 Legislative Session and becomes law, and such legislation creates s. 409.997, Florida Statutes, the provisions of this act which create s. 409.997, Florida Statutes, shall supersede the provisions of SB 1666. For the 2014-2015 fiscal year, the recurring sum of \$4.8 million is appropriated from the General Revenue Fund to implement s. 39.5085(2)(a)3., Florida Statutes, as part of the Relative Caregiver Program as provided in SB 1666, if such legislation or similar legislation is passed during the 2014 Legislative Session and becomes law. For the 2014-2015 fiscal year, the recurring sum of \$400,000 is appropriated from the General Revenue Fund for travel, per diem, and other expenses for the critical incident rapid response teams created pursuant to s. 39.2015, Florida Statutes, as provided in SB 1666, if such legislation or similar legislation is passed during the 2014 Legislative Session and becomes law. Two full-time equivalent positions, associated salary rate of 171,500, along with the recurring sum of \$257,670 and nonrecurring sum of \$7,330 are appropriated from the General Revenue Fund to establish the assistant secretary and administrative support positions as provided in SB 1666, if such legislation or similar legislation is passed during the 2014 Legislative Session and becomes law. There is also appropriated the nonrecurring sums from the General Revenue Fund of \$500,000 for the Student Loan Forgiveness Program as provided in SB 1666, if such legislation or similar legislation is passed during the 2014 Legislative Session and becomes law, and \$300,000 to contract for child welfare results-oriented accountability system outcomes as provided in this act.*

A plan may contract with a new hospital facility before the date the hospital becomes operational if the hospital has commenced construction, will be licensed and operational by January 1, 2013, and a final order has issued in any civil or administrative challenge. Each plan shall establish and maintain an accurate and complete electronic database of contracted providers, including information about licensure or registration, locations and hours of operation, specialty credentials and other certifications, specific performance indicators, and such other information as the agency deems necessary. The database must be available online to ~~both~~ the agency and the public and have the capability of *comparing to compare* the availability of providers to network adequacy standards and to accept and display feedback from each provider’s patients. Each plan shall submit quarterly reports to the agency identifying the number of enrollees assigned to each primary care provider.

2. *If establishing a prescribed drug formulary or preferred drug list, a managed care plan shall:*

*b. ~~Each managed care plan must~~ Publish the ~~any~~ prescribed drug formulary or preferred drug list on the plan’s website in a manner that is accessible to and searchable by enrollees and providers. The plan ~~shall~~ ~~must~~ update the list within 24 hours after making a change. ~~Each plan must ensure that the prior authorization process for prescribed drugs is readily accessible to health care providers, including posting appropriate contact information on its website and providing timely responses to providers.~~*

3. For ~~enrollees~~ ~~Medicaid recipients~~ diagnosed with hemophilia who have been prescribed anti-hemophilic-factor replacement products, the agency shall provide for those products and hemophilia overlay services through the agency’s hemophilia disease management program.

~~3. Managed care plans, and their fiscal agents or intermediaries, must accept prior authorization requests for any service electronically.~~

4. *Notwithstanding any other law, in order to establish uniformity in the submission of prior authorization forms, effective January 1, 2015, a managed care plan shall use a single standardized form for obtaining prior authorization for a medical procedure, course of treatment, or prescription drug benefit. The form may not exceed two pages in length, excluding any instructions or guiding documentation.*

*a. The managed care plan shall make the form available electronically and online to practitioners. The prescribing provider may electronically submit the completed prior authorization form to the managed care plan.*

*b. If the managed care plan contracts with a pharmacy benefits manager to perform prior authorization services for a medical procedure, course of treatment, or prescription drug benefit, the pharmacy benefits manager must use and accept the standardized prior authorization form.*

*c. A completed prior authorization request submitted by a health care provider using the standardized prior authorization form is deemed approved upon receipt by the managed care plan unless the managed care plan responds otherwise within 3 business days.*

5. *If medications for the treatment of a medical condition are restricted for use by a managed care plan by a step-therapy or fail-first protocol, the prescribing provider must have access to a clear and convenient process to request an override of the protocol from the managed care plan.*

*a. The managed care plan shall grant an override within 72 hours if the prescribing provider documents that:*

*(I) Based on sound clinical evidence, the preferred treatment required under the step-therapy or fail-first protocol has been ineffective in the treatment of the enrollee’s disease or medical condition; or*

*(II) Based on sound clinical evidence or medical and scientific evidence, the preferred treatment required under the step-therapy or fail-first protocol:*

*(A) Is expected or is likely to be ineffective based on known relevant physical or mental characteristics of the enrollee and known characteristics of the drug regimen; or*

*(B) Will cause or will likely cause an adverse reaction or other physical harm to the enrollee.*

*b. If the prescribing provider allows the enrollee to enter the step-therapy or fail-first protocol recommended by the managed care plan, the duration of the step-therapy or fail-first protocol may not exceed the customary period for use of the medication if the prescribing provider demonstrates such treatment to be clinically ineffective. If the managed care plan can, through sound clinical evidence, demonstrate that the originally prescribed medication is likely to require more than the customary period to provide any relief or amelioration to the enrollee, the*

step-therapy or fail-first protocol may be extended for an additional period, but no longer than the original customary period for use of the medication. Notwithstanding this provision, a step-therapy or fail-first protocol shall be terminated if the prescribing provider determines that the enrollee is having an adverse reaction or is suffering from other physical harm resulting from the use of the medication.

**Amendment 18 (356888) (with title amendment)**—Between lines 2509 and 2510 insert:

Section 39. Part XI of chapter 400, Florida Statutes, consisting of sections 400.997 through 400.9985, is created to read:

#### PART XI TRANSITIONAL LIVING FACILITIES

**400.997 Legislative intent.**—It is the intent of the Legislature to provide for the licensure of transitional living facilities and require the development, establishment, and enforcement of basic standards by the Agency for Health Care Administration to ensure quality of care and services to clients in transitional living facilities. It is the policy of the state that the least restrictive appropriate available treatment be used based on the individual needs and best interest of the client, consistent with optimum improvement of the client's condition. The goal of a transitional living program for persons who have brain or spinal cord injuries is to assist each person who has such an injury to achieve a higher level of independent functioning and to enable the person to reenter the community. It is also the policy of the state that the restraint or seclusion of a client is justified only as an emergency safety measure used in response to danger to the client or others. It is therefore the intent of the Legislature to achieve an ongoing reduction in the use of restraint or seclusion in programs and facilities that serve persons who have brain or spinal cord injuries.

**400.9971 Definitions.**—As used in this part, the term:

(1) "Agency" means the Agency for Health Care Administration.

(2) "Chemical restraint" means a pharmacologic drug that physically limits, restricts, or deprives a person of movement or mobility, is used for client protection or safety, and is not required for the treatment of medical conditions or symptoms.

(3) "Client's representative" means the parent of a child client or the client's guardian, designated representative, designee, surrogate, or attorney in fact.

(4) "Department" means the Department of Health.

(5) "Physical restraint" means a manual method to restrict freedom of movement of or normal access to a person's body, or a physical or mechanical device, material, or equipment attached or adjacent to the person's body that the person cannot easily remove and that restricts freedom of movement of or normal access to the person's body, including, but not limited to, a half-bed rail, a full-bed rail, a geriatric chair, or a Posey restraint. The term includes any device that is not specifically manufactured as a restraint but is altered, arranged, or otherwise used for this purpose. The term does not include bandage material used for the purpose of binding a wound or injury.

(6) “Seclusion” means the physical segregation of a person in any fashion or the involuntary isolation of a person in a room or area from which the person is prevented from leaving. Such prevention may be accomplished by imposition of a physical barrier or by action of a staff member to prevent the person from leaving the room or area. For purposes of this part, the term does not mean isolation due to a person’s medical condition or symptoms.

(7) “Transitional living facility” means a site where specialized health care services are provided to persons who have brain or spinal cord injuries, including, but not limited to, rehabilitative services, behavior modification, community reentry training, aids for independent living, and counseling.

400.9972 License required; fee; application.—

(1) The requirements of part II of chapter 408 apply to the provision of services that require licensure pursuant to this part and part II of chapter 408 and to entities licensed by or applying for licensure from the agency pursuant to this part. A license issued by the agency is required for the operation of a transitional living facility in this state. However, this part does not require a provider licensed by the agency to obtain a separate transitional living facility license to serve persons who have brain or spinal cord injuries as long as the services provided are within the scope of the provider’s license.

(2) In accordance with this part, an applicant or a licensee shall pay a fee for each license application submitted under this part. The license fee shall consist of a \$4,588 license fee and a \$90 per-bed fee per biennium and shall conform to the annual adjustment authorized in s. 408.805.

(3) An applicant for licensure must provide:

(a) The location of the facility for which the license is sought and documentation, signed by the appropriate local government official, which states that the applicant has met local zoning requirements.

(b) Proof of liability insurance as defined in s. 624.605(1)(b).

(c) Proof of compliance with local zoning requirements, including compliance with the requirements of chapter 419 if the proposed facility is a community residential home.

(d) Proof that the facility has received a satisfactory firesafety inspection.

(e) Documentation that the facility has received a satisfactory sanitation inspection by the county health department.

(4) The applicant’s proposed facility must attain and continuously maintain accreditation by an accrediting organization that specializes in evaluating rehabilitation facilities whose standards incorporate licensure regulations comparable to those required by the state. An applicant for licensure as a transitional living facility must acquire accreditation within 12 months after issuance of an initial license. The agency shall accept the accreditation survey report of the accrediting organization in lieu of conducting a licensure inspection if the standards included in the survey report are determined by the agency to document that the facility substantially complies with state licensure requirements. Within 10 days after receiving the accreditation survey report, the applicant shall submit to the agency a copy of the report and evidence of the accreditation decision as a result of the report. The agency may conduct an inspection of a transitional living facility to ensure compliance with the licensure requirements of this part, to validate the inspection process of the accrediting organization, to respond to licensure complaints, or to protect the public health and safety.

400.9973 Client admission, transfer, and discharge.—

(1) A transitional living facility shall have written policies and procedures governing the admission, transfer, and discharge of clients.

(2) The admission of a client to a transitional living facility must be in accordance with the licensee’s policies and procedures.

(3) A client admitted to a transitional living facility must have a brain or spinal cord injury, such as a lesion to the spinal cord or cauda equina syndrome, with evidence of significant involvement of at least two of the following deficits or dysfunctions:

(a) A motor deficit.

(b) A sensory deficit.

(c) Bowel and bladder dysfunction.

(d) An acquired internal or external injury to the skull, the brain, or the brain’s covering, whether caused by a traumatic or nontraumatic event, which produces an altered state of consciousness or an anatomic motor, sensory, cognitive, or behavioral deficit.

(4) A client whose medical condition and diagnosis do not positively identify a cause of the client’s condition, whose symptoms are inconsistent with the known cause of injury, or whose recovery is inconsistent with the known medical condition may be admitted to a transitional living facility for evaluation for a period not to exceed 90 days.

(5) A client admitted to a transitional living facility must be admitted upon prescription by a licensed physician, physician assistant, or advanced registered nurse practitioner and must remain under the care of a licensed physician, physician assistant, or advanced registered nurse practitioner for the duration of the client’s stay in the facility.

(6) A transitional living facility may not admit a person whose primary admitting diagnosis is mental illness or an intellectual or developmental disability.

(7) A person may not be admitted to a transitional living facility if the person:

(a) Presents significant risk of infection to other clients or personnel. A health care practitioner must provide documentation that the person is free of apparent signs and symptoms of communicable disease;

(b) Is a danger to himself or herself or others as determined by a physician, physician assistant, or advanced registered nurse practitioner or a mental health practitioner licensed under chapter 490 or chapter 491, unless the facility provides adequate staffing and support to ensure patient safety;

(c) Is bedridden; or

(d) Requires 24-hour nursing supervision.

(8) If the client meets the admission criteria, the medical or nursing director of the facility must complete an initial evaluation of the client’s functional skills, behavioral status, cognitive status, educational or vocational potential, medical status, psychosocial status, sensorimotor capacity, and other related skills and abilities within the first 72 hours after the client’s admission to the facility. An initial comprehensive treatment plan that delineates services to be provided and appropriate sources for such services must be implemented within the first 4 days after admission.

(9) A transitional living facility shall develop a discharge plan for each client before or upon admission to the facility. The discharge plan must identify the intended discharge site and possible alternative discharge sites. For each discharge site identified, the discharge plan must identify the skills, behaviors, and other conditions that the client must achieve to be eligible for discharge. A discharge plan must be reviewed and updated as necessary but at least once monthly.

(10) A transitional living facility shall discharge a client as soon as practicable when the client no longer requires the specialized services described in s. 400.9971(7), when the client is not making measurable progress in accordance with the client’s comprehensive treatment plan, or when the transitional living facility is no longer the most appropriate and least restrictive treatment option.

(11) A transitional living facility shall provide at least 30 days’ notice to a client of transfer or discharge plans, including the location of an acceptable transfer location if the client is unable to live independently. This subsection does not apply if a client voluntarily terminates residency.

400.9974 Client comprehensive treatment plans; client services.—

(1) A transitional living facility shall develop a comprehensive treatment plan for each client as soon as practicable but no later than 30 days after the initial comprehensive treatment plan is developed. The com-

prehensive treatment plan must be developed by an interdisciplinary team consisting of the case manager, the program director, the advanced registered nurse practitioner, and appropriate therapists. The client or, if appropriate, the client's representative must be included in developing the comprehensive treatment plan. The comprehensive treatment plan must be reviewed and updated if the client fails to meet projected improvements outlined in the plan or if a significant change in the client's condition occurs. The comprehensive treatment plan must be reviewed and updated at least once monthly.

(2) The comprehensive treatment plan must include:

(a) Orders obtained from the physician, physician assistant, or advanced registered nurse practitioner and the client's diagnosis, medical history, physical examination, and rehabilitative or restorative needs.

(b) A preliminary nursing evaluation, including orders for immediate care provided by the physician, physician assistant, or advanced registered nurse practitioner, which shall be completed when the client is admitted.

(c) A comprehensive, accurate, reproducible, and standardized assessment of the client's functional capability; the treatments designed to achieve skills, behaviors, and other conditions necessary for the client to return to the community; and specific measurable goals.

(d) Steps necessary for the client to achieve transition into the community and estimated length of time to achieve those goals.

(3) The client or, if appropriate, the client's representative must consent to the continued treatment at the transitional living facility. Consent may be for a period of up to 3 months. If such consent is not given, the transitional living facility shall discharge the client as soon as practicable.

(4) A client must receive the professional program services needed to implement the client's comprehensive treatment plan.

(5) The licensee must employ qualified professional staff to carry out and monitor the various professional interventions in accordance with the stated goals and objectives of the client's comprehensive treatment plan.

(6) A client must receive a continuous treatment program that includes appropriate, consistent implementation of specialized and general training, treatment, health services, and related services and that is directed toward:

(a) The acquisition of the behaviors and skills necessary for the client to function with as much self-determination and independence as possible.

(b) The prevention or deceleration of regression or loss of current optimal functional status.

(c) The management of behavioral issues that preclude independent functioning in the community.

400.9975 Licensee responsibilities.—

(1) The licensee shall ensure that each client:

(a) Lives in a safe environment free from abuse, neglect, and exploitation.

(b) Is treated with consideration and respect and with due recognition of personal dignity, individuality, and the need for privacy.

(c) Retains and uses his or her own clothes and other personal property in his or her immediate living quarters to maintain individuality and personal dignity, except when the licensee demonstrates that such retention and use would be unsafe, impractical, or an infringement upon the rights of other clients.

(d) Has unrestricted private communication, including receiving and sending unopened correspondence, access to a telephone, and visits with any person of his or her choice. Upon request, the licensee shall modify visiting hours for caregivers and guests. The facility shall restrict communication in accordance with any court order or written instruction of a client's representative. Any restriction on a client's communication for

therapeutic reasons shall be documented and reviewed at least weekly and shall be removed as soon as no longer clinically indicated. The basis for the restriction shall be explained to the client and, if applicable, the client's representative. The client shall retain the right to call the central abuse hotline, the agency, and Disability Rights Florida at any time.

(e) Has the opportunity to participate in and benefit from community services and activities to achieve the highest possible level of independence, autonomy, and interaction within the community.

(g) Has reasonable opportunity for regular exercise more than once per week and to be outdoors at regular and frequent intervals except when prevented by inclement weather.

(h) Has the opportunity to exercise civil and religious liberties, including the right to independent personal decisions. However, a religious belief or practice, including attendance at religious services, may not be imposed upon any client.

(j) Has the opportunity to present grievances and recommend changes in policies, procedures, and services to the staff of the licensee, governing officials, or any other person without restraint, interference, coercion, discrimination, or reprisal. A licensee shall establish a grievance procedure to facilitate a client's ability to present grievances, including a system for investigating, tracking, managing, and responding to complaints by a client or, if applicable, the client's representative and an appeals process. The appeals process must include access to Disability Rights Florida and other advocates and the right to be a member of, be active in, and associate with advocacy or special interest groups.

(2) The licensee shall:

(e) Promptly notify the client's representative of a significant incident or change in the client's condition, including, but not limited to, serious illness, accident, abuse, unauthorized absence, or death.

This notice shall be provided to clients in a manner that is clearly legible, shall include the statewide toll-free telephone number for reporting complaints to the agency, and shall include the words: "To report a complaint regarding the services you receive, please call toll-free ...[telephone number]... or Disability Rights Florida ...[telephone number]..." The statewide toll-free telephone number for the central abuse hotline shall be provided to clients in a manner that is clearly legible and shall include the words: "To report abuse, neglect, or exploitation, please call toll-free ...[telephone number]..." The licensee shall ensure a client's access to a telephone where telephone numbers are posted as required by this subsection.

(5) Before or at the time of admission, the client and, if applicable, the client's representative shall receive a copy of the licensee's responsibilities, including grievance procedures and telephone numbers, as provided in this section.

(6) The licensee must develop and implement policies and procedures governing the release of client information, including consent necessary from the client or, if applicable, the client's representative.

A client who self-administers medication shall be given a pill organizer. Medication must be placed in the pill organizer by a nurse. A nurse shall document the date and time that medication is placed into each client's pill organizer. All medications must be administered in compliance with orders of a physician, physician assistant, or advanced registered nurse practitioner.

The transfer of any reimbursement obligation of the Osceola County Expressway Authority pursuant to this section does not alter the terms of any agreement between the Osceola County Expressway Authority and any other governmental entity, does not relieve any other governmental entity of its contractual obligations incurred on behalf of the Osceola County Expressway System, does not make any reimbursement obligation a general obligation of the Central Florida Expressway Authority, and does not constitute an independent pledge or lien on revenues of the Central Florida Expressway Authority for the benefit of any person or entity. To the extent that revenues generated by the Osceola County Expressway System are insufficient to pay a reimbursement obligation, the Central Florida Expressway Authority may, but is not required to, make any payment from other revenues of the Central Florida Expressway System available for such purpose after payment of all amounts required:*

(6) *The Central Florida Expressway Authority shall have no obligation to financially support any elements of the Osceola County Expressway Authority May 8, 2012, Master Plan, or the additional extension of the Osceola Parkway Extension 2 miles to the east of its intersection with the Northeast Connector Expressway, from revenues of the Central Florida Expressway Authority's Expressway System. To the extent the governing board of the Central Florida Expressway Authority, in its sole discretion, votes to financially support any elements of the Osceola County Expressway Authority May 8, 2012, Master Plan, or the additional extension of the Osceola Parkway Extension 2 miles to the east of its intersection with the Northeast Connector Expressway, it must treat any such element as a "non-system project" and shall only finance such element from revenues of the Central Florida Expressway Authority's Expressway System to the extent permitted by and in accordance with the terms of any resolution authorizing the issuance of bonds by the Central Florida Expressway Authority. For the purpose of advancing the design, acquisition, and construction of the elements of the Osceola County Expressway Authority May 8, 2012, Master Plan, and an additional extension of the Osceola Parkway Extension 2 miles to the east of its intersection with the Northeast Connector Expressway, the Central Florida Expressway Authority is specifically authorized to enter into new or amended lease-purchase agreements with Osceola County for the leasing, construction, operation, and maintenance of any facility described in the Osceola County Expressway Authority May 8, 2012, Master Plan, and an*

The exclusive use of mail-order pharmacies may not be sufficient to meet network access standards. Consistent with the standards established by the agency, provider networks may include providers located outside the region. A plan may contract with a new hospital facility before the date the hospital becomes operational if the hospital has commenced construction, will be licensed and operational by January 1, 2013, and a final order has issued in any civil or administrative challenge. Each plan shall establish and maintain an accurate and complete electronic database of contracted providers, including information about licensure or registration, locations and hours of operation, specialty credentials and other certifications, specific performance indicators, and such other information as the agency deems necessary. The database must be available online to both the agency and the public and have the capability of comparing to compare the availability of providers to network adequacy standards and to accept and display feedback from each provider's patients. Each plan shall submit quarterly reports to the agency identifying the number of enrollees assigned to each primary care provider.

2. *If establishing a prescribed drug formulary or preferred drug list, a managed care plan shall:*

*b. Each managed care plan must Publish the any prescribed drug formulary or preferred drug list on the plan's website in a manner that is accessible to and searchable by enrollees and providers. The plan shall must update the list within 24 hours after making a change. Each plan must ensure that the prior authorization process for prescribed drugs is readily accessible to health care providers, including posting appropriate contact information on its website and providing timely responses to providers.*

3. For enrollees ~~Medicaid recipients~~ diagnosed with hemophilia who have been prescribed anti-hemophilic-factor replacement products, the agency shall provide for those products and hemophilia overlay services through the agency's hemophilia disease management program.

~~3. Managed care plans, and their fiscal agents or intermediaries, must accept prior authorization requests for any service electronically.~~

4. *Notwithstanding any other law, in order to establish uniformity in the submission of prior authorization forms, effective January 1, 2015, a managed care plan shall use a single standardized form for obtaining prior authorization for a medical procedure, course of treatment, or prescription drug benefit. The form may not exceed two pages in length, excluding any instructions or guiding documentation.*

*a. The managed care plan shall make the form available electronically and online to practitioners. The prescribing provider may electronically submit the completed prior authorization form to the managed care plan.*

*b. If the managed care plan contracts with a pharmacy benefits manager to perform prior authorization services for a medical procedure, course of treatment, or prescription drug benefit, the pharmacy benefits manager must use and accept the standardized prior authorization form.*

5. *If medications for the treatment of a medical condition are restricted for use by a managed care plan by a step-therapy or fail-first protocol, the prescribing provider must have access to a clear and convenient process to request an override of the protocol from the managed care plan.*

*a. The managed care plan shall grant an override within 72 hours if the prescribing provider documents that:*

*(I) Based on sound clinical evidence, the preferred treatment required under the step-therapy or fail-first protocol has been ineffective in the treatment of the enrollee's disease or medical condition; or*

*(II) Based on sound clinical evidence or medical and scientific evidence, the preferred treatment required under the step-therapy or fail-first protocol:*

*(A) Is expected or is likely to be ineffective based on known relevant physical or mental characteristics of the enrollee and known characteristics of the drug regimen; or*

*(B) Will cause or will likely cause an adverse reaction or other physical harm to the enrollee.*

*b. If the prescribing provider allows the enrollee to enter the step-therapy or fail-first protocol recommended by the managed care plan, the duration of the step-therapy or fail-first protocol may not exceed the customary period for use of the medication if the prescribing provider demonstrates such treatment to be clinically ineffective. If the managed care plan can, through sound clinical evidence, demonstrate that the originally prescribed medication is likely to require more than the customary period to provide any relief or amelioration to the enrollee, the step-therapy or fail-first protocol may be extended for an additional period, but no longer than the original customary period for use of the medication. Notwithstanding this provision, a step-therapy or fail-first protocol shall be terminated if the prescribing provider determines that the enrollee is having an adverse reaction or is suffering from other physical harm resulting from the use of the medication.*

6. Before the admission of an individual to a facility licensed to provide extended congregate care services, the individual must undergo a medical examination as provided in s. 429.26(4) and the facility must develop a preliminary service plan for the individual.

**Amendment 14 (407748) (with title amendment)**—Delete lines 409-597 and insert:

Section 5. Paragraphs (i), (j), and (k) of subsection (6) of section 316.193, Florida Statutes, are redesignated as paragraphs (j), (k), and (l), and a new paragraph (i) is added to that section, to read:

316.193 Driving under the influence; penalties.—

(6) With respect to any person convicted of a violation of subsection (1), regardless of any penalty imposed pursuant to subsection (2), subsection (3), or subsection (4):

(i) *The court may also dismiss the order of impoundment or immobilization if the defendant provides proof to the satisfaction of the court that a functioning, certified ignition interlock device has been installed upon all vehicles that are individually or jointly leased or owned and routinely operated by the convicted person.*

(j)⊕ All costs and fees for the impoundment or immobilization, including the cost of notification, must be paid by the owner of the vehicle or, if the vehicle is leased or rented, by the person leasing or renting the vehicle, unless the impoundment or immobilization order is dismissed. All provisions of s. 713.78 shall apply. The costs and fees for the impoundment or immobilization must be paid directly to the person impounding or immobilizing the vehicle.

(k)⊕ The person who owns a vehicle that is impounded or immobilized under this paragraph, or a person who has a lien of record against such a vehicle and who has not requested a review of the impoundment pursuant to paragraph (e), paragraph (f), or paragraph (g), may, within 10 days after the date that person has knowledge of the location of the vehicle, file a complaint in the county in which the owner resides to determine whether the vehicle was wrongfully taken or

withheld from the owner or lienholder. Upon the filing of a complaint, the owner or lienholder may have the vehicle released by posting with the court a bond or other adequate security equal to the amount of the costs and fees for impoundment or immobilization, including towing or storage, to ensure the payment of such costs and fees if the owner or lienholder does not prevail. When the bond is posted and the fee is paid as set forth in s. 28.24, the clerk of the court shall issue a certificate releasing the vehicle. At the time of release, after reasonable inspection, the owner or lienholder must give a receipt to the towing or storage company indicating any loss or damage to the vehicle or to the contents of the vehicle.

(1)(a) A defendant, in the court's discretion, may be required to serve all or any portion of a term of imprisonment to which the defendant has been sentenced pursuant to this section in a residential alcoholism treatment program or a residential drug abuse treatment program. However, in satisfaction of the fine imposed pursuant to this section, the court may, upon a finding that the defendant is financially unable to pay either all or part of the fine, order that the defendant participate for a specified additional period of time in public service or a community work project in lieu of payment of that portion of the fine which the court determines the defendant is unable to pay. In determining such additional sentence, the court shall consider the amount of the unpaid portion of the fine and the reasonable value of the services to be ordered; however, the court may not compute the reasonable value of services at a rate less than the federal minimum wage at the time of sentencing.

Section 6. Subsection (7) of section 316.1937, Florida Statutes, is amended to read:

316.1937 Ignition interlock devices, requiring; unlawful acts.—

c. Costs of any HIV test performed with or without the consent of the individual, as provided in this subparagraph, shall be borne by the medical personnel or the employer of the medical personnel or nonmedical personnel. However, costs of testing or treatment not directly related to the initial HIV tests or costs of subsequent testing or treatment may not be borne by the medical personnel or the employer of the medical personnel or nonmedical personnel.

d. In order to ~~use~~ ~~utilize~~ the provisions of this subparagraph, the medical personnel or nonmedical personnel shall be tested for HIV pursuant to this section or shall provide the results of an HIV test taken within 6 months ~~before~~ ~~prior to~~ the significant exposure if such test results are negative.

e. A person who receives the results of an HIV test pursuant to this subparagraph shall maintain the confidentiality of the information received and of the persons tested. Such confidential information is exempt from s. 119.07(1).

f. A sworn statement by a physician licensed under chapter 458 or chapter 459 that a significant exposure has occurred and that, in the physician's medical judgment, testing is medically necessary to determine the course of treatment constitutes probable cause for the issuance of an order by the court. 12. For the performance of an HIV test by the medical examiner or attending physician upon an individual who expired or could not be resuscitated while receiving emergency medical assistance or care and who was the source of a significant exposure to medical or nonmedical personnel providing such assistance or care.

a. HIV testing may be conducted only after appropriate medical personnel under the supervision of a licensed physician documents in the medical record of the medical personnel or nonmedical personnel that there has been a significant exposure and that, in accordance with the written protocols based on the National Centers for Disease Control and Prevention guidelines on HIV postexposure prophylaxis and in the

physician's medical judgment, the information is medically necessary to determine the course of treatment for the medical personnel or non-medical personnel.

b. Costs of ~~an~~ any HIV test performed under this subparagraph may not be charged to the deceased or to the family of the deceased person.

## PRAYER

The following prayer was offered by Mother Abi Moon, Assistant Rector, St. John's Episcopal Church, Tallahassee:

O God, the fountain of wisdom, whose will is good and gracious, and whose law is truth. We humbly ask you that we may always prove ourselves a people mindful of your favor and glad to do your will. Bless this land with honorable industry, sound learning, and pure manners. Save us from violence, discord, and confusion; from pride and arrogance; and from every evil way. Defend our liberties, and fashion into one united people the multitudes brought here out of many kindreds and tongues. Endue with the spirit of wisdom those to whom in thy Name we entrust the authority of government, that there may be justice and peace at home, and that, through obedience to your law, we may show forth your praise among the nations of the earth.

Guide and bless our Senators assembled, that they may enact such laws as shall please you to the glory of your Name and the welfare of this people. In the time of prosperity, fill our hearts with thankfulness, and in the day of trouble, suffer not our trust in you to fail; all which we ask through Jesus Christ our Lord. Amen.
