10. Affirm that the parent will not take possession of any funding provided by the state for the Florida Personal Learning Scholarship Accounts.

11. Maintain a portfolio of records and materials which must be preserved by the parent for 2 years and be made available for inspection by the district school superintendent or the superintendent's designee upon 15 days' written notice. b. Samples of any writings, worksheets, workbooks, or creative materials used or developed by the student.

(b) The parent is responsible for procuring the services necessary to educate the student. When the student receives a personal learning scholarship account, the district school board is not obligated to provide the student with a free appropriate public education. For purposes of s. 1003.57 and the Individuals with Disabilities in Education Act, a participating student has only those rights that apply to all other unilaterally parentally placed students, except that, when requested by the parent, school district personnel must develop an individual education plan or matrix level of services.

(c) The parent is responsible for the payment of all eligible expenses in excess of the amount of the personal learning scholarship account in accordance with the terms agreed to between the parent and the providers.

A parent who fails to comply with this subsection forfeits the personal learning scholarship account.

(a)1. The maximum funding amount granted for an eligible student with a disability, pursuant to subsection (3), shall be equivalent to the base student allocation in the Florida Education Finance Program multiplied by the appropriate cost factor for the educational program which would have been provided for the student in the district school to which he or she would have been assigned, multiplied by the district cost differential.

2. In addition, an amount equivalent to a share of the guaranteed allocation for exceptional students in the Florida Education Finance Program shall be determined and added to the amount in subparagraph 1. The calculation shall be based on the methodology and the data used to calculate the guaranteed allocation for exceptional students for each district in chapter 2000-166, Laws of Florida. Except as provided in subparagraph 3., the calculation shall be based on the student's grade, the matrix level of services, and the difference between the 2000-2001 basic program and the appropriate level of services cost factor, multiplied by the 2000-2001 base student allocation and the 2000-2001 district cost differential for the sending district. The calculated amount must also include an amount equivalent to the per-student share of supplemental academic instruction funds, instructional materials funds, technology funds, and other categorical funds as provided in the General Appropriations Act.

3. Except as otherwise provided, the calculation for all students participating in the program shall be based on the matrix that assigns the student to support level III of services. If a parent chooses to request and receive a matrix of services from the school district, when the school district completes the matrix, the amount of the payment shall be adjusted as needed.

(b) The amount of the awarded funds shall be 90 percent of the calculated amount.

(1) To ensure quality planning for a successful transition of a student with a disability to postsecondary education and career opportunities, an IEP team shall begin the process of, and develop an IEP for, identifying the need for transition services before the student with a disability attains the age of 14 years in order for his or her postsecondary goals and career goals to be identified and in place when he or she attains the age of 16 years. (4) If a participating agency responsible for transition services, other than the school district, fails to provide the transition services described in the IEP, the school district shall reconvene the IEP team to identify alternative strategies to meet the transition objectives for the student that are specified in the IEP. However, this does not relieve any participating agency of the responsibility to provide or pay for any transition service that the agency would otherwise provide to students with disabilities who meet the eligibility criteria of that agency.

(b) *"Low-THC cannabis" means a plant of the genus Cannabis, the dried flowers of which contain 0.8 percent or less of tetrahydrocannabinol and more than 10 percent of cannabidiol weight for weight; the seeds thereof; the resin extracted from any part of such plant; or any compound, manufacture, salt, derivative, mixture, or preparation of such plant or its seeds or resin that is dispensed only from a dispensing organization.*

(c) *"Medical use" means administration of the ordered amount of low-THC cannabis. The term does not include the possession, use, or administration by smoking. The term also does not include the transfer of low-THC cannabis to a person other than the qualified patient for whom it was ordered or the qualified patient's legal representative on behalf of the qualified patient.*

(a) *The patient is a permanent resident of this state.*

(b) *The physician determines that the risks of ordering low-THC cannabis are reasonable in light of the potential benefit for that patient. If a patient is younger than 18 years of age, a second physician must concur with this determination, and such determination must be documented in the patient's medical record.*

(c) *The physician registers as the orderer of low-THC cannabis for the named patient on the compassionate use registry maintained by the department and updates the registry to reflect the contents of the order. The physician shall deactivate the patient's registration when treatment is discontinued.*

(d) *The physician maintains a patient treatment plan that includes the dose, route of administration, planned duration, and monitoring of the patient's symptoms and other indicators of tolerance or reaction to the low-THC cannabis.*

(f) *The physician obtains the voluntary informed consent of the patient or the patient's legal guardian to treatment with low-THC cannabis after sufficiently explaining the current state of knowledge in the medical community of the effectiveness of treatment of the patient's condition with low-THC cannabis, the medically acceptable alternatives, and the potential risks and side effects.*

(3) **PENALTIES.**—

(a) *A physician commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083, if the physician orders low-THC cannabis for a patient without a reasonable belief that the patient is suffering from:*

(4) PHYSICIAN EDUCATION.—

(a) Before ordering low-THC cannabis for use by a patient in this state, the appropriate board shall require the ordering physician licensed under chapter 458 or chapter 459 to successfully complete an 8-hour course and subsequent examination offered by the Florida Medical Association or the Florida Osteopathic Medical Association that encompasses the clinical indications for the appropriate use of low-THC cannabis, the appropriate delivery mechanisms, the contraindications for such use, as well as the relevant state and federal laws governing the ordering, dispensing, and possessing of this substance. The first course and examination shall be presented by October 1, 2014, and shall be administered at least annually thereafter. Successful completion of the course may be used by a physician to satisfy 8 hours of the continuing medical education requirements required by his or her respective board for licensure renewal. This course may be offered in a distance learning format.

(5) DUTIES OF THE DEPARTMENT.—By January 1, 2015, the department shall:

(a) Create a secure, electronic, and online compassionate use registry for the registration of physicians and patients as provided under this section. The registry must be accessible to law enforcement agencies and to a dispensing organization in order to verify patient authorization for low-THC cannabis and record the low-THC cannabis dispensed. The registry must prevent an active registration of a patient by multiple physicians.

(b) Authorize the establishment of five dispensing organizations to ensure reasonable statewide accessibility and availability as necessary for patients registered in the compassionate use registry and who are ordered low-THC cannabis under this section, one in each of the following regions: northwest Florida, northeast Florida, central Florida, southeast Florida, and southwest Florida. The department shall develop an application form and impose an initial application and biennial renewal fee that is sufficient to cover the costs of administering this section. 7. The employment of a medical director who is a physician licensed under chapter 458 or chapter 459 to supervise the activities of the dispensing organization.

(c) Monitor physician registration and ordering of low-THC cannabis for ordering practices that could facilitate unlawful diversion or misuse of low-THC cannabis and take disciplinary action as indicated.

(d) Adopt rules necessary to implement this section.

(6) DISPENSING ORGANIZATION.—An approved dispensing organization shall maintain compliance with the criteria demonstrated for selection and approval as a dispensing organization under subsection (5) at all times. Before dispensing low-THC cannabis to a qualified patient, the dispensing organization shall verify that the patient has an active registration in the compassionate use registry, the order presented matches the order contents as recorded in the registry, and the order has not already been filled. Upon dispensing the low-THC cannabis, the dispensing organization shall record in the registry the date, time, quantity, and form of low-THC cannabis dispensed.

I am directed to inform the Senate that the House of Representatives has passed SB 1700, with 1 amendment by the required constitutional two-thirds vote of the members voting, and requests the concurrence of the Senate.

Robert L. “Bob” Ward, Clerk

**SB 1700**—A bill to be entitled An act relating to public records; creating s. 456.61, F.S.; exempting from public records requirements personal identifying information of patients and physicians held by the Department of Health in the compassionate use registry; exempting information related to ordering and dispensing low-THC cannabis; authorizing specified persons and entities access to the exempt information; requiring that information released from the registry remain confidential; providing a criminal penalty; providing for future legislative review and repeal; providing a statement of public necessity; providing a contingent effective date.

**House Amendment 1 (360685) (with title amendment)**—Remove everything after the enacting clause and insert:

Section 1. Section 381.987, Florida Statutes, is created to read:

*381.987 Public records exemption for personal identifying information in the compassionate use registry.—*

(1) *A patient’s personal identifying information held by the department in the compassionate use registry established under s. 381.986, including, but not limited to, the patient’s name, address, telephone number, and government-issued identification number, and all information pertaining to the physician’s order for low-THC cannabis and the dispensing thereof are confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.*

(2) *A physician’s identifying information held by the department in the compassionate use registry established under s. 381.986, including, but not limited to, the physician’s name, address, telephone number, government-issued identification number, and Drug Enforcement Administration number, and all information pertaining to the physician’s order for low-THC cannabis and the dispensing thereof are confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.*

(3) *The department shall allow access to the registry, including access to confidential and exempt information, to:*

(a) *A law enforcement agency that is investigating a violation of law regarding cannabis in which the subject of the investigation claims an exception established under s. 381.986.*

(b) *A dispensing organization approved by the department pursuant to s. 381.986 which is attempting to verify the authenticity of a physician’s order for low-THC cannabis, including whether the order had been previously filled and whether the order was written for the person attempting to have it filled.*

(c) *A physician who has written an order for low-THC cannabis for the purpose of monitoring the patient’s use of such cannabis or for the purpose of determining, before issuing an order for low-THC cannabis, whether another physician has ordered the patient’s use of low-THC*

*cannabis. The physician may access the confidential and exempt information only for the patient for whom he or she has ordered or is determining whether to order the use of low-THC cannabis pursuant to s. 381.986.*

(d) *An employee of the department for the purposes of maintaining the registry and periodic reporting or disclosure of information that has been redacted to exclude personal identifying information.*

(e) *The department’s relevant health care regulatory boards responsible for the licensure, regulation, or discipline of a physician if he or she is involved in a specific investigation of a violation of s. 381.986. If a health care regulatory board’s investigation reveals potential criminal activity, the board may provide any relevant information to the appropriate law enforcement agency.*

(f) *A person engaged in bona fide research if the person agrees:*

1. *To submit a research plan to the department which specifies the exact nature of the information requested and the intended use of the information;*

2. *To maintain the confidentiality of the records or information if personal identifying information is made available to the researcher;*

3. *To destroy any confidential and exempt records or information obtained after the research is concluded; and*

4. *Not to contact, directly or indirectly, for any purpose, a patient or physician whose information is in the registry.*

(4) *All information released from the registry under subsection (3) remains confidential and exempt, and a person who receives access to such information must maintain the confidential and exempt status of the information received.*

(5) *A person who willfully and knowingly violates this section commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.*

(6) *This section is subject to the Open Government Sunset Review Act in accordance with s. 119.15 and shall stand repealed on October 2, 2019, unless reviewed and saved from repeal through reenactment by the Legislature.*

Section 2. *The Legislature finds that it is a public necessity that identifying information of patients and physicians held by the Department of Health in the compassionate use registry established under s. 381.986, Florida Statutes, be made confidential and exempt from s. 119.07(1), Florida Statutes, and s. 24(a), Article I of the State Constitution. Specifically, the Legislature finds that it is a public necessity to make confidential and exempt from public records requirements the names, addresses, telephone numbers, and government-issued identification numbers of patients and physicians and any other information on or pertaining to a physician’s order for low-THC cannabis written pursuant to s. 381.986, Florida Statutes, which are held in the registry. The choice made by a physician and his or her patient to use low-THC cannabis to treat that patient’s medical condition or symptoms is a personal and private matter between those two parties. The availability of such information to the public could make the public aware of both the patient’s use of low-THC cannabis and the patient’s diseases or other medical conditions for which the patient is using low-THC cannabis. The knowledge of the patient’s use of low-THC cannabis, the knowledge that the physician ordered the use of low-THC cannabis, and the knowledge of the patient’s medical condition could be used to embarrass, humiliate, harass, or discriminate against the patient and the physician. This information could be used as a discriminatory tool by an employer who disapproves of the patient’s use of low-THC cannabis or of the physician’s ordering such use. However, despite the potential hazards of collecting such information, maintaining the compassionate use registry established under s. 381.986, Florida Statutes, is necessary to prevent the diversion and nonmedical use of any low-THC cannabis as well as to aid and improve research done on the efficacy of low-THC cannabis. Thus, the Legislature finds that it is a public necessity to make confidential and exempt from public records requirements the identifying information of patients and physicians held by the Department of Health in the compassionate use registry established under s. 381.986, Florida Statutes.*

Section 3. This act shall take effect on the same date that SB 1030, or similar legislation establishing an electronic system to record a physician's orders for, and a patient's use of, low-THC cannabis takes effect, if such legislation is adopted in the same legislative session or an extension thereof and becomes a law.

And the title is amended as follows:

Remove everything before the enacting clause and insert: A bill to be entitled An act relating to public records; creating s. 381.987, F.S.; exempting from public records requirements personal identifying information of patients and physicians held by the Department of Health in the compassionate use registry; exempting information related to ordering and dispensing low-THC cannabis; authorizing specified persons and entities access to the exempt information; requiring that information released from the registry remain confidential; providing a criminal penalty; providing for future legislative review and repeal; providing a statement of public necessity; providing a contingent effective date.

**BILLS ON THIRD READING**

The Senate resumed consideration of—

**CS for HB 7093**—A bill to be entitled An act relating to rehabilitation of petroleum contamination sites; amending s. 287.0595, F.S.; deleting a provision exempting certain professional service contracts from pollution response action contract requirements; amending s. 376.3071, F.S.; providing legislative findings and intent regarding the Petroleum Restoration Program and the rehabilitation of contamination sites; providing requirements for site rehabilitation contracts and procedures for payment of rehabilitation work under the Petroleum Restoration Program; revising provisions relating to the duty of the Department of Environmental Protection to seek recovery and reimbursement of certain costs; providing applicability of funding under the Early Detection

—which was previously considered this day with pending **Amendment 1A (617842)**, **Amendment 1 (876590)**, and pending point of order by Senator Latvala.

**RULING ON POINT OF ORDER**

On recommendation of Senator Thrasher, Chair of the Committee on Rules, the title **Amendment 1A (617842)** of the previously adopted **Amendment 1 (876590)** changed the subject of the bill so that it is now an act relating to the Department of Environmental Protection. The body of **Amendment 1A** further introduced the subject of “concessions for the accommodation of visitors” into the title and the substantive part of the bill.

Therefore, **Amendment 1A (617842)** was germane to the principal subject of **CS for HB 7093** as amended by earlier **Amendment 1 (876590)** by Senator Dean.

President Gaetz ruled the point not well taken.

**Amendment 1A (617842)** by Senator Dean was withdrawn from further consideration.

The question recurred on **Amendment 1 (876590)** which was adopted by two-thirds vote.

Pursuant to Rule 7.1(1), there being no objection, consideration of the following late-filed amendment was allowed:

Senator Dean offered the following amendment which was moved by Senator Bean and adopted by two-thirds vote:

**Amendment 2 (335620) (with title amendment)**—Delete line 1883 and insert:

Section 12. Subsection (3) of section 258.007, Florida Statutes, is amended to read:

258.007 Powers of division.—

(3)(a) The division may grant privileges, leases, concessions, and permits for the use of land for the accommodation of visitors in the various parks, monuments, and memorials, provided no natural curiosities or objects of interest shall be granted, leased, or rented on such terms as shall deny or interfere with free access to them by the public; provided further, such grants, leases, and permits may be made and given without advertisement or securing competitive bids; and provided further, that no such grant, lease, or permit shall be assigned or transferred by any grantee without consent of the division.

(b) Notwithstanding paragraph (a), after May 1, 2014, the division may not grant new concession agreements for the accommodation of visitors in a state park that provides beach access and contains less than 7,000 feet of shoreline if the type of concession is available within 1,500 feet of the park’s boundaries. This paragraph does not apply to concession agreements for accommodations offered at a park on or before May 1, 2014. This paragraph shall take effect upon this act becoming a law.

Section 13. Unless otherwise provided herein, this act shall take effect July 1, 2014.

And the title is amended as follows:

Delete lines 26-27 and insert: amending s. 258.007, F.S., prohibiting certain new concession agreements in state parks with limited shorelines; exempting existing accommodations; providing effective dates.

The Conference Committee Amendment to HB 5201, Medicaid, provides for the following:

Definition of Rural Hospital

•HB 5201 amends the definition of "rural hospital" to include hospitals meeting the qualifications of a federal "sole community hospital" having up to 340 beds. The bill also removes an obsolete statutory provision in the definition of rural hospital.

Residency Program Reconciliation

•The bill creates a new provision for the Statewide Medicaid Residency Program. The bill requires the Agency for Health Care Administration (AHCA) – beginning in the 2015-2016 fiscal year – to reconcile each participating hospital's number of residents calculated under the program's statutory formula with the most recent Medicare cost report submitted by the hospital. In any year in which retroactive adjustments are needed due to the reconciliation, those adjustments will be applied to the hospital's allocation for that year.

Disproportionate Share Hospital Program

•The bill updates statute so that data used by the AHCA to measure hospitals' Medicaid and charity care will be applied to the 2014-2015 fiscal year.  
 •The bill provides that any non-state-owned or operated hospital that was eligible for public-hospital disproportionate share payments on July 1, 2011, remains eligible for those payments during the 2014-2015 fiscal year.

Statewide Medicaid Managed Care Enrollment

•The bill adds Medicaid recipients residing in APD-licensed group homes and children receiving services in a prescribed pediatric extended care (PPEC) center, to the list of recipients who are exempt from mandatory managed care enrollment under Statewide Medicaid Managed Care but who are allowed to join managed care plans voluntarily.

Reimbursement for PPEC Services

•The bill provides that reimbursement for PPEC services provided to children enrolled in a Medicaid managed care plan will be paid to the PPEC service provider by AHCA on a fee-for-service basis.

Medically Needy in Statewide Medicaid Managed Care

•The bill repeals the requirement in the Statewide Medicaid Managed Care program that persons eligible for the Medically Needy program must enroll in managed care plans and pay a monthly premium of an amount up to their share of cost calculated under the Medically Needy program. The bill also repeals requirements for Medicaid managed care plans related to Medically Needy.

Corrections to the GAA

•The bill contains two non-statutory sections of law that correct scrivener's errors in the 2014-2015 General Appropriations Act (HB 5001).

**Conference Committee Amendment (213719) (with title amendment)**—Remove everything after the enacting clause and insert:

Section 1. Paragraph (e) of subsection (2) of section 395.602, Florida Statutes, is amended to read:

395.602 Rural hospitals.—

(2) DEFINITIONS.—As used in this part:

(e) "Rural hospital" means an acute care hospital licensed under this chapter, having 100 or fewer licensed beds and an emergency room, which is:

1. The sole provider within a county with a population density of *up to no greater than* 100 persons per square mile;

2. An acute care hospital, in a county with a population density of *up to no greater than* 100 persons per square mile, which is at least 30 minutes of travel time, on normally traveled roads under normal traffic conditions, from any other acute care hospital within the same county;

3. A hospital supported by a tax district or subdistrict whose boundaries encompass a population of *up to* 100 persons ~~or fewer~~ per square mile;

4. A hospital *classified as a sole community hospital under 42 C.F.R. s. 412.92 which has up to 340 licensed beds in a constitutional charter county with a population of over 1 million persons that has imposed a local option health service tax pursuant to law and in an area that was directly impacted by a catastrophic event on August 24, 1992, for which the Governor of Florida declared a state of emergency pursuant to chapter 125, and has 120 beds or less that serves an agricultural community with an emergency room utilization of no less than 20,000 visits and a Medicaid inpatient utilization rate greater than 15 percent;*

5. A hospital with a service area that has a population of *up to* 100 persons ~~or fewer~~ per square mile. As used in this subparagraph, the term "service area" means the fewest number of zip codes that account for 75 percent of the hospital's discharges for the most recent 5-year period, based on information available from the hospital inpatient discharge database in the Florida Center for Health Information and Policy Analysis at the agency; or

6. A hospital designated as a critical access hospital, as defined in s. 408.07.

Population densities used in this paragraph must be based upon the most recently completed United States census. A hospital that received funds under s. 409.9116 for a quarter beginning no later than July 1, 2002, is deemed to have been and shall continue to be a rural hospital from that date through June 30, 2015, if the hospital continues to have *up to 100 or fewer* licensed beds and an emergency room, ~~or meets the criteria of subparagraph 4.~~ An acute care hospital that has not previously been designated as a rural hospital and that meets the criteria of this paragraph shall be granted such designation upon application, including supporting documentation, to the agency. A hospital that was licensed as a rural hospital during the 2010-2011 or 2011-2012 fiscal year shall continue to be a rural hospital from the date of designation through June 30, 2015, if the hospital continues to have *up to 100 or fewer* licensed beds and an emergency room.

Section 2. Subsection (5) of section 409.909, Florida Statutes, is renumbered as subsection (6) and a new subsection (5) is added to that section, to read:

409.909 Statewide Medicaid Residency Program.—

(5) Beginning in the 2015-2016 state fiscal year, the agency shall reconcile each participating hospital's total number of FTE residents calculated for the state fiscal year 2 years prior with its most recently available Medicare cost reports covering the same time period. Reconciled FTE counts shall be prorated according to the portion of the state fiscal year covered by a Medicare cost report. Using the same definitions, methodology, and payment schedule specified in this section, the reconciliation shall apply any differences in annual allocations calculated under subsection (4) to the current year's annual allocations.

Section 3. Paragraph (a) of subsection (2) and paragraph (d) of subsection (4) of section 409.911, Florida Statutes, is amended to read:

409.911 Disproportionate share program.—Subject to specific allocations established within the General Appropriations Act and any limitations established pursuant to chapter 216, the agency shall distribute, pursuant to this section, moneys to hospitals providing a disproportionate share of Medicaid or charity care services by making quarterly Medicaid payments as required. Notwithstanding the provisions of s. 409.915, counties are exempt from contributing toward the cost of this special reimbursement for hospitals serving a disproportionate share of low-income patients.

(2) The Agency for Health Care Administration shall use the following actual audited data to determine the Medicaid days and charity care to be used in calculating the disproportionate share payment:

(a) The average of the 2005, 2006, and 2007 audited disproportionate share data to determine each hospital's Medicaid days and charity care for the 2014-2015 ~~2013-2014~~ state fiscal year.

(4) The following formulas shall be used to pay disproportionate share dollars to public hospitals:

(d) Any nonstate government owned or operated hospital eligible for payments under this section on July 1, 2011, remains eligible for payments during the 2014-2015 ~~2013-2014~~ state fiscal year.

Section 4. Subsection (4) of section 409.965, Florida Statutes, is amended to read:

409.965 Mandatory enrollment.—All Medicaid recipients shall receive covered services through the statewide managed care program, except as provided by this part pursuant to an approved federal waiver. The following Medicaid recipients are exempt from participation in the statewide managed care program:

~~(4) Children receiving services in a prescribed pediatric extended care center.~~

Section 5. Subsection (3) of section 409.968, Florida Statutes, is renumbered as subsection (4), and a new subsection (3) is added to that section to read:

409.968 Managed care plan payments.—

(3) Reimbursement for prescribed pediatric extended care services provided to children enrolled in a managed care plan under s. 409.972(1)(g) shall be paid to the prescribed pediatric extended care services provider by the agency on a fee-for-service basis.

Section 6. Effective upon this act becoming a law, section 409.972, Florida Statutes, is amended to read:

409.972 Mandatory and voluntary enrollment.—

~~(1) Persons eligible for the program known as "medically needy" pursuant to s. 409.904(2) shall enroll in managed care plans. Medically needy recipients shall meet the share of the cost by paying the plan premium, up to the share of the cost amount, contingent upon federal approval.~~

~~(1)(2)~~ The following Medicaid-eligible persons are exempt from mandatory managed care enrollment required by s. 409.965, and may voluntarily choose to participate in the managed medical assistance program:

(c) Persons eligible for refugee assistance.

(d) Medicaid recipients who are residents of a developmental disability center, including Sunland Center in Marianna and Tacachale in Gainesville.

(e) Medicaid recipients enrolled in the home and community based services waiver pursuant to chapter 393, and Medicaid recipients waiting for waiver services.

~~(f) Medicaid recipients residing in a group home facility licensed under chapter 393.~~

~~(g) Children receiving services in a prescribed pediatric extended care center.~~

~~(2)(3)~~ Persons eligible for Medicaid but exempt from mandatory participation who do not choose to enroll in managed care shall be served in the Medicaid fee-for-service program as provided under ~~in~~ part III of this chapter.

~~(3)(4)~~ The agency shall seek federal approval to require Medicaid recipients enrolled in managed care plans, as a condition of Medicaid eligibility, to pay the Medicaid program a share of the premium of \$10 per month.

Section 7. Effective upon this act becoming a law, subsection (7) of section 409.975, Florida Statutes, is amended to read:

409.975 Managed care plan accountability.—In addition to the requirements of s. 409.967, plans and providers participating in the managed medical assistance program shall comply with the requirements of this section.

~~(7) MEDICALLY NEEDED ENROLLEES. Each managed care plan must accept any medically needy recipient who selects or is assigned to the plan and provide that recipient with continuous enrollment for 12 months. After the first month of qualifying as a medically needy recipient and enrolling in a plan, and contingent upon federal approval, the enrollee shall pay the plan a portion of the monthly premium equal to the enrollee's share of the cost as determined by the department. The agency shall pay any remaining portion of the monthly premium. Plans are not obligated to pay claims for medically needy patients for services provided before enrollment in the plan. Medically needy patients are responsible for payment of incurred claims that are used to determine eligibility. DISCLOSURE

I have an ownership interest in Caregivers Inc., a company based in Pensacola, Florida. The company provides services to the elderly and the disabled and a minority of its revenues are derived from reimbursements from the Escambia County Council on Aging and the Florida Medicaid program. Because Caregivers Inc. is among a class of health care providers receiving funds from such state sources, it appears to me that the company may be affected by **HB 5001**, **HB 5003**, **HB 5201**, and **HB 5203** which come before the Senate floor for a vote on May 2, 2014.

Therefore, I believe that, because Caregivers Inc. is a member of such class, I am required by Senate Rule 1.39 to disclose the above facts.

If the attorney first appointed is unable to handle the appeal, the court shall appoint another attorney and that attorney shall be compensated as provided in s. 27.5304.

~~(b) The public defender or an attorney appointed pursuant to this section may be appointed by the court rendering the judgment imposing the death penalty to represent an indigent defendant who has applied for executive clemency as relief from the execution of the judgment imposing the death penalty.~~

(b)(e) When the appointed attorney in a capital case has completed the duties imposed by this section, the attorney shall file a written report in the trial court stating the duties performed by the attorney and apply for discharge.

Section 4. Subsection (5) of section 27.5304, Florida Statutes, is amended to read:

27.5304 Private court-appointed counsel; compensation; notice.—

(5) The compensation for representation in a criminal proceeding shall not exceed the following:

(a) ~~1-~~ For misdemeanors and juveniles represented at the trial level: \$1,000.

(b) ~~2-~~ For noncapital, nonlife felonies represented at the trial level: \$2,500.

(c) ~~3-~~ For life felonies represented at the trial level: \$3,000.

(d) ~~4-~~ For capital cases represented at the trial level: \$15,000. For purposes of this subparagraph, a "capital case" is any offense for which the potential sentence is death and the state has not waived seeking the death penalty.

(e) ~~5-~~ For representation on appeal: \$2,000.

~~(b) If a death sentence is imposed and affirmed on appeal to the Supreme Court, the appointed attorney shall be allowed compensation, not to exceed \$1,000, for attorney fees and costs incurred in representing~~

~~the defendant as to an application for executive clemency, with compensation to be paid out of general revenue from funds budgeted to the Justice Administrative Commission.~~

Section 5. Section 940.031, Florida Statutes, is created to read:

940.031 Clemency counsel when sentence of death imposed.—

(1) *The Board of Executive Clemency may appoint private counsel to represent a person sentenced to death for relief by executive clemency at such time as the board deems appropriate for clemency consideration. The board shall maintain a list of private counsel available for appointment under this section.*

(2) *The appointed attorney shall be compensated by the board, not to exceed \$10,000, for attorney fees and costs incurred in representing the person for relief by executive clemency, with compensation to be paid out of the General Revenue Fund from funds budgeted to the Parole Commission.*

(3) *It is the intent of the Legislature that the fee prescribed under this section comprises the full and complete compensation for appointed private counsel. It is further the intent of the Legislature that the fee in this section is prescribed for the purpose of providing counsel with notice of the limit on the amount of compensation for representation under this section. Appointment of counsel for executive clemency under this section shall be at the board's sole discretion. The provision of counsel for executive clemency under this section does not create a statutory right to counsel in such proceedings.*

Section 6. Paragraph (a) of subsection (3) of section 27.40, Florida Statutes, is amended to read:

27.40 Court-appointed counsel; circuit registries; minimum requirements; appointment by court.—

(3) In utilizing a registry:

(a) The chief judge of the circuit shall compile a list of attorneys in private practice, by county and by category of cases, and provide the list to the clerk of court in each county. The chief judge of the circuit may restrict the number of attorneys on the general registry list. To be included on a registry, attorneys shall certify:

1. That they meet any minimum requirements established by the chief judge and by general law for court appointment;
2. That they are available to represent indigent defendants in cases requiring court appointment of private counsel;
3. That they are willing to abide by the terms of the contract for services; and
4. Whether they are willing to accept as full payment the flat fees prescribed in s. 27.5304, notwithstanding the provisions of s. 27.5304(12), except for cases brought under the Racketeer Influenced and Corrupt Organizations Act and capital cases as defined in s. 27.5304(5)(d) ~~27.5304(5)(a)4.~~

To be included on a registry, an attorney also must enter into a contract for services with the Justice Administrative Commission. Failure to comply with the terms of the contract for services may result in termination of the contract and removal from the registry. Each attorney on the registry shall be responsible for notifying the clerk of the court and the Justice Administrative Commission of any change in his or her status. Failure to comply with this requirement shall be cause for termination of the contract for services and removal from the registry until the requirement is fulfilled. In addition to general registries, the chief judge may establish limited registries that include only those attorneys willing to waive compensation in excess of the flat fee prescribed in s. 27.5304, notwithstanding the provisions of s. 27.5304(12).

Section 7. This act shall take effect July 1, 2014.

And the title is amended as follows:

Remove everything before the enacting clause and insert: A bill to be entitled An act relating to counsel in proceedings for executive clemency; amending ss. 27.51 and 27.511, F.S.; deleting provisions concerning the

power of a trial court to appoint the public defender, office of criminal conflict and civil regional counsel, or other attorney in proceedings for relief by executive clemency; correcting cross-references; amending s. 27.5303, F.S.; deleting provisions concerning the appointment of a public defender or attorney by the court to represent an indigent defendant in death penalty executive clemency proceedings; amending s. 27.5304, F.S.; deleting provisions concerning compensation of an appointed attorney representing a defendant in executive clemency proceedings; creating s. 940.031, F.S.; providing for clemency counsel representation of defendants in executive clemency proceedings; providing for compensation; amending s. 27.40, F.S.; conforming a cross-reference; providing an effective date.

The Conference Committee Amendment for HB 5403 Surplus Lines Tax Revenue, provides for the following:

- Redirects the taxes on surplus lines insurance policies and independently procured coverages to deposit 8.8 percent of revenues into the Insurance Regulatory Trust Fund within the Department of Financial Services and 91.2 percent of revenues into the General Revenue Fund.
•Repeals the June 30, 2014, sunset of previous distribution of 100 percent to the General Revenue Fund.

The March 12, 2014, Revenue Estimating Conference estimated the trust fund would receive \$34 million if no change was made to the distribution, and the current provision of statutes is allowed to sunset. If the 2009 law distributing 100 percent of the revenue to the General Revenue Fund sunsets in 2014 as scheduled, 15.74 percent of the revenue would be deposited into the Insurance Regulatory Trust Fund.

The resulting fiscal impact of HB 5403 is \$19 million distributed to the Insurance Regulatory Trust Fund and an additional \$15 million to the General Revenue Fund.

Conference Committee Amendment (709821) (with title amendment)—Remove everything after the enacting clause and insert:

Section 1. Paragraphs (n) and (o) are added to subsection (1) of section 624.523, Florida Statutes, to read:

624.523 Insurance Regulatory Trust Fund.—

(1) There is created in the State Treasury a trust fund designated "Insurance Regulatory Trust Fund" to which shall be credited all payments received on account of the following items:

- (n) All sums received under s. 626.932(5).
(o) All sums received under s. 626.938(7).

Section 2. Subsection (5) of section 626.932, Florida Statutes, is amended to read:

626.932 Surplus lines tax.—

(5) The department shall deposit 8.8 percent of all taxes collected under this section into the Insurance Regulatory Trust Fund. Ninety-one and two-tenths percent of all taxes collected under this section shall be deposited into the General Revenue Fund.

Section 3. Subsection (7) of section 626.938, Florida Statutes, is amended to read:

626.938 Report and tax of independently procured coverages.—

(7) The department shall deposit 8.8 percent of all taxes and interest collected under this section into the Insurance Regulatory Trust Fund. Ninety-one and two-tenths percent of all taxes and interest collected under this section shall be deposited into the General Revenue Fund.

Section 4. Effective June 30, 2014, section 9 of chapter 2009-70, Laws of Florida, is repealed.

Section 5. Except as otherwise expressly provided in this act and except for this section, which shall take effect upon this act becoming a law, this act shall take effect July 1, 2014.

And the title is amended as follows:

Remove everything before the enacting clause and insert: A bill to be entitled

An act relating to distribution of surplus lines tax revenue; amending s. 624.523, F.S.; adding to the list of sources of funds to be deposited into the Insurance Regulatory Trust Fund; amending ss. 626.932 and 626.938, F.S.; revising the distribution of taxes and interest collected on insurance premiums charged for surplus lines coverage and certain independently procured coverage; repealing s. 9, chapter 2009-70, Laws of Florida, relating to the scheduled reversion of statutory provisions related to the distribution of surplus lines taxes and interest; providing effective dates.

The Conference Committee Amendment for HB 5003, relating to implementing appropriations, provides the following substantive modifications for the 2014-2015 fiscal year:

Section 1 provides legislative intent that the implementing and administering provisions of this act apply to the General Appropriations Act for Fiscal Year 2014-2015.

Section 2 incorporates the Florida Education Finance Program (FEFP) work papers by reference for the purpose of displaying the calculations used by the Legislature.

Section 3 provides that funds provided for instructional materials shall be released and expended as required in the proviso language attached to Specific Appropriation 9.

Section 4 amends s. 1013.64, F.S., to provide that, notwithstanding the current formula, for the 2014-2015 fiscal year, funds appropriated for remodeling, renovation, maintenance, repairs and site improvement for existing satisfactory facilities will be allocated by prorating the total appropriation based on each school district's share of the 2013-2014 reported fixed capital outlay FTE.

Section 5 requires a "speed-up" of the levy of prior period funding adjustment millage (estimate based on 75 percent of the previous prior period millage) for districts where the local value adjustment board process delays completion of the certification of the final tax roll for longer than one year.

Section 6 provides that any district school board that generates less than \$1 million dollars in revenue from one mill of ad valorem tax shall contribute 0.75 mill, rather than 1.5 mills, for Fiscal Year 2014-2015 to the cost of funded special facilities projects.

Section 7 incorporates by reference document entitled "Medicaid Hospital Funding Programs" for the purpose of displaying the calculations used by the legislature in making appropriations for the Low-Income Pool, Disproportionate Share Hospital, and Hospital Exemptions Programs.

Section 8 provides requirements to govern the continuation of the Department of Health's Florida Onsite Sewage Nitrogen Reduction Strategies Study.

Section 9 sets prioritization guidelines for the Agency for Persons with Disabilities (APD) in moving clients from the wait list and into receiving waiver services. Requires the APD to allow an individual who meets eligibility requirements to receive home and community based services in this state if the individual's parent or legal guardian is an active-duty military service member and, at the time of the service member's transfer to Florida, the individual was receiving home and community-based services in another state.

Section 10 provides that, notwithstanding any other law, behavioral health managing entities may not conduct provider network procurements during the 2014-2015 fiscal year. Provides exceptions.

Section 11 amends of s. 296.37(1), F.S., for the 2014-2015 fiscal year, to increase the personal needs allowance for residents of State Veterans' Nursing Homes from \$35 to \$105. This will maintain parity in the amount of income that all residents are allowed to keep for incidental expenses not covered by room and board.

Section 12 requires the AHCA to ensure that nursing facility residents eligible for funds to transition to home and community based services waivers must first have resided in a skilled nursing facility for at least 60 consecutive days.

Section 13 requires the AHCA and the Department of Elder Affairs to prioritize individuals for enrollment in the Long Term Care waiver using a frailty based screening instrument resulting in a prioritization score

and shall enroll individuals in the Long Term Care waiver in accordance with the assigned priority score as funds are available. The AHCA may adopt rules, pursuant to s. 409.919, F.S., and enter into interagency agreements necessary to administer s. 409.979(3), F.S. Any rules or interagency agreements adopted by the AHCA relating to the Scoring Process may delegate to the Department of Elder Affairs, pursuant to 409.978, F.S., responsibility for implementing and administering the Scoring Process, providing notice of Medicaid fair hearing rights, and responsibility for defending, as needed, the scores assigned to persons on the Long Term Care waiver waitlist in any resulting Medicaid fair hearings. The Department of Elder Affairs may delegate the provision of notice of Medicaid fair hearing rights to its contractors.

Section 14 permits the AHCA to extend the current contract for consultant services related to diagnostic related groups (DRGs) for Medicaid hospital inpatient services until June 30, 2015.

Section 15 requires the AHCA to submit a budget amendment pursuant to ch. 216, F.S., to realign funding based on the implementation of the Managed Medical Assistance component of the Statewide Medicaid Managed Care program as authorized in ch. 2011-134, L.O.F. The funding realignment shall reflect the actual enrollment changes due to the transfer of beneficiaries from fee-for-service to capitated managed care plans for medical assistance services. Notwithstanding s. 216.177, F.S., if the chair or vice chair of the Legislative Budget Commission or the President of the Senate or the Speaker of the House of Representatives timely advises the Executive Office of the Governor (EOG), in writing, that the budget amendment exceeds the delegated authority of the EOG or is contrary to legislative policy or intent, the EOG shall void the action.

Section 16 authorizes the AHCA and the Department of Health to submit a budget amendment to realign funding within and between agencies based on the implementation of the Statewide Medicaid Managed Care Medical Assistance Program for Children's Medical Services within the Department of Health. The funding realignment must reflect the actual enrollment changes due to the transfer of beneficiaries from fee-for-service to the capitated Children's Medical Services Network. The AHCA also is authorized to submit a request for non-operating budget authority to transfer the federal funds to the Department of Health, pursuant to s. 216.181(12), F.S.

Section 2. *In order to implement Specific Appropriations 9, 10, 11, 96, and 97 of the 2014-2015 General Appropriations Act, the calculations of the Florida Education Finance Program for the 2014-2015 fiscal year in the document titled "Public School Funding-The Florida Education Finance Program," dated April 29, 2014, and filed with the Clerk of the House of Representatives, are incorporated by reference for the purpose of displaying the calculations used by the Legislature, consistent with the requirements of state law, in making appropriations for the Florida Education Finance Program. This section expires July 1, 2015.*

Section 3. *In order to implement Specific Appropriations 9 and 96 of the 2014-2015 General Appropriations Act and notwithstanding the provisions of ss. 1006.28-1006.42, 1002.20, 1003.02, 1011.62(6)(b)5., and 1011.67, Florida Statutes, relating to the expenditure of funds provided for instructional materials, for the 2014-2015 fiscal year, funds provided for instructional materials shall be released and expended as required in the proviso language for Specific Appropriation 96 of the 2014-2015 General Appropriations Act. This section expires July 1, 2015.*

Section 4. In order to implement Specific Appropriation 25 of the 2014-2015 General Appropriations Act, paragraph (a) of subsection (1) of section 1013.64, Florida Statutes, is amended to read:

1013.64 Funds for comprehensive educational plant needs; construction cost maximums for school district capital projects.—Allocations from the Public Education Capital Outlay and Debt Service Trust Fund to the various boards for capital outlay projects shall be determined as follows:

(1)(a)I. Funds for remodeling, renovation, maintenance, repairs, and site improvement for existing satisfactory facilities shall be given priority consideration by the Legislature for appropriations allocated to the boards from the total amount of the Public Education Capital Outlay and Debt Service Trust Fund appropriated. These funds shall be calculated pursuant to the following basic formula: the building value times the building age over the sum of the years' digits assuming a 50-year building life. For modular noncombustible facilities, a 35-year life shall be used, and for relocatable facilities, a 20-year life shall be used. "Building value" is calculated by multiplying each building's total assignable square feet times the appropriate net-to-gross conversion rate found in state board rules and that product times the current average new construction cost. "Building age" is calculated by multiplying the prior year's building age times 1 minus the prior year's sum received from this subsection divided by the prior year's building value. To the net result shall be added the number 1. Each board shall receive the percentage generated by the preceding formula of the total amount appropriated for the purposes of this section.

2. *Notwithstanding subparagraph 1., and for the 2014-2015 fiscal year only, funds appropriated for remodeling, renovation, maintenance, repairs, and site improvement for existing satisfactory facilities shall be allocated by prorating the total appropriation based on each school district's share of the 2013-2014 reported fixed capital outlay full-time equivalent student. This subparagraph expires July 1, 2015.*

Section 5. In order to implement Specific Appropriations 9 and 96 of the 2014-2015 General Appropriations Act, paragraph (e) of subsection (4) of section 1011.62, Florida Statutes, is amended to read:

1011.62 Funds for operation of schools.—If the annual allocation from the Florida Education Finance Program to each district for operation of schools is not determined in the annual appropriations act or the substantive bill implementing the annual appropriations act, it shall be determined as follows:

(4) COMPUTATION OF DISTRICT REQUIRED LOCAL EFFORT.—The Legislature shall prescribe the aggregate required local effort for all school districts collectively as an item in the General Appropriations Act for each fiscal year. The amount that each district shall provide annually toward the cost of the Florida Education Finance Program for kindergarten through grade 12 programs shall be calculated as follows:

(e) Prior period funding adjustment millage.—

1. There shall be an additional millage to be known as the Prior Period Funding Adjustment Millage levied by a school district if the prior period unrealized required local effort funds are greater than zero. The Commissioner of Education shall calculate the amount of the prior period unrealized required local effort funds as specified in subparagraph 2. and the millage required to generate that amount as specified in this subparagraph. The Prior Period Funding Adjustment Millage shall be the quotient of the prior period unrealized required local effort funds divided by the current year taxable value certified to the Commissioner of Education pursuant to sub-subparagraph (a)1.a. This levy shall be in addition to the required local effort millage certified pursuant to this subsection. Such millage shall not affect the calculation of the current year's required local effort, and the funds generated by such levy shall not be included in the district's Florida Education Finance Program allocation for that fiscal year. For purposes of the millage to be included on the Notice of Proposed Taxes, the Commissioner of Education shall adjust the required local effort millage computed pursuant to paragraph (a) as adjusted by paragraph (b) for the current year for any district that levies a Prior Period Funding Adjustment Millage to include all Prior Period Funding Adjustment Millage. For the purpose of this paragraph, there shall be a Prior Period Funding Adjustment Millage levied for each year certified by the Department of Revenue pursuant to sub-subparagraph (a)2.a. since the previous year certification and for which the calculation in sub-subparagraph 2.b. is greater than zero.

2.a. As used in this subparagraph, the term:

(I) "Prior year" means a year certified under sub-subparagraph (a) 2.a.

(II) "Preliminary taxable value" means:

(A) If the prior year is the 2009-2010 fiscal year or later, the taxable value certified to the Commissioner of Education pursuant to sub-subparagraph (a)1.a.

(B) If the prior year is the 2008-2009 fiscal year or earlier, the taxable value certified pursuant to the final calculation as specified in former paragraph (b) as that paragraph existed in the prior year.

(III) "Final taxable value" means the district's taxable value as certified by the property appraiser pursuant to s. 193.122(2) or (3), if applicable. This is the certification that reflects all final administrative actions of the value adjustment board.

b. For purposes of this subsection and with respect to each year certified pursuant to sub-subparagraph (a)2.a., if the district's prior year preliminary taxable value is greater than the district's prior year final taxable value, the prior period unrealized required local effort funds are the difference between the district's prior year preliminary taxable value and the district's prior year final taxable value, multiplied by the prior year district required local effort millage. If the district's prior year preliminary taxable value is less than the district's prior year final taxable value, the prior period unrealized required local effort funds are zero.

c. *For the 2014-2015 fiscal year only, if a district's prior period unrealized required local effort funds and prior period district required local*

effort millage cannot be determined because such district's final taxable value has not yet been certified pursuant to s. 193.122(2) or (3), for the 2014 tax levy, the Prior Period Funding Adjustment Millage for such fiscal year shall be levied in 2014 in an amount equal to 75 percent of such district's most recent unrealized required local effort for which a Prior Period Funding Adjustment Millage was determined as provided in this section. Upon certification of the final taxable value for the 2013 tax roll in accordance with s. 193.122(2) or (3), the Prior Period Funding Adjustment Millage levied in 2015 shall be adjusted to include any shortfall or surplus in the prior period unrealized required local effort funds that would have been levied in 2014, had the district's final taxable value been certified pursuant to s. 193.122(2) or (3) for the 2014 tax levy. This provision shall be implemented by a district only if the millage calculated pursuant to this paragraph when added to the millage levied by the district for all purposes for the 2014-2015 fiscal year is less than or equal to the total millage levied for the 2013-2014 fiscal year. This sub-paragraph expires July 1, 2015.

Section 6. In order to implement Specific Appropriation 28A of the 2014-2015 General Appropriations Act and notwithstanding s. 1013.64(2), Florida Statutes, any district school board that generates less than \$1 million in revenue from a 1-mill levy of ad valorem tax shall contribute 0.75 mills for fiscal year 2014-2015 toward the cost of funded special facilities construction projects. (b) The Department of Health, the Department of Health's Research Review and Advisory Committee, and the Department of Environmental Protection shall work together to provide the necessary technical oversight to complete the study.

(c) Management and oversight of the completion of the study must be consistent with the terms of the existing contract. However, the main focus and priority shall be developing, testing, and recommending cost-effective passive technology design criteria for nitrogen reduction. Notwithstanding any other provision of law, before the study is completed, a state agency may not adopt or implement a rule or policy that:

1. Mandates, establishes, or implements more restrictive nitrogen reduction standards to existing or new onsite sewage treatment systems or modification of such systems; or

2. Directly or indirectly, such as through an administrative order issued by the Department of Environmental Protection as part of a basin management action plan adopted pursuant to s. 403.067, Florida Statutes, requires the use of performance-based treatment systems or similar technologies. However, more restrictive nitrogen reduction standards for onsite systems may be required through a basin management action plan if such plan is phased in after the study is completed.

(c) In selecting individuals in category 3 or category 4, the Agency for Persons with Disabilities shall use the Agency for Persons with Disabilities Wait List Prioritization Tool, dated March 15, 2013. Those individuals whose needs score highest on the Wait List Prioritization Tool shall be moved to the waiver during the 2014-2015 fiscal year, to the extent funds are available.

(2) The agency shall allow an individual who meets the eligibility requirements of s. 393.065(1), Florida Statutes, to receive home and community-based services in this state if the individual's parent or legal guardian is an active-duty military servicemember and, at the time of the servicemember's transfer to Florida, the individual was receiving home and community-based services in another state.

(3) Upon the placement of individuals on the waiver pursuant to subsection (1), individuals remaining on the wait list are deemed not to have been substantially affected by agency action and are, therefore, not entitled to a hearing under s. 393.125, Florida Statutes, or administrative proceeding under chapter 120, Florida Statutes. This section expires July 1, 2015.

## DISCLOSURE

I have an ownership interest in Caregivers Inc., a company based in Pensacola, Florida. The company provides services to the elderly and the disabled and a minority of its revenues are derived from reimbursements from the Escambia County Council on Aging and the Florida Medicaid program. Because Caregivers Inc. is among a class of health care providers receiving funds from such state sources, it appears to me that the company may be affected by **HB 5001**, **HB 5003**, **HB 5201**, and **HB 5203** which come before the Senate floor for a vote on May 2, 2014.

Therefore, I believe that, because Caregivers Inc. is a member of such class, I am required by Senate Rule 1.39 to disclose the above facts.

*Senator Don Gaetz, 1st District*

By direction of the President, the following conference committee report was read:

The Honorable Don Gaetz, President

I am directed to inform the Senate that the House of Representatives has accepted the Conference Committee Report as an entirety and passed HB 5001, as amended by the Conference Committee Report.

The agency is authorized to seek any federal waiver or state plan amendment necessary to implement this provision.

SECTION 3 - HUMAN SERVICES  
SPECIFIC  
APPROPRIATION

From the funds in Specific Appropriation 210, the Agency for Health Care Administration shall continue a Diagnosis Related Grouping reimbursement methodology for hospital inpatient services as directed in section 409.905 (5)(c), Florida Statutes. The calculations for the Diagnosis Related Grouping reimbursement methodology are contained in the Medicaid Hospital Funding Programs for the 2014-2015 fiscal year and are incorporated by reference in House Bill 5003. The calculations are the basis for the appropriations made in the General Appropriations Act.

From the funds in Specific Appropriation 210, the Agency for Health Care Administration shall apply a four percent adjustment for anticipated case mix increases from improved documentation and coding through the implementation of Diagnosis Related Grouping. The agency shall also apply a one percent adjustment for real case mix change. By February 28, 2015, the agency shall perform reconciliation and apply positive or negative adjustments to the reimbursements comparing actual to predicted case mix in aggregate. Actual case mix will be measured using admissions between July 1, 2013 and March 31, 2014. Actual case mix state fiscal year 2014-15 will be assumed to be higher than measured case mix by between one and three percent based on case mix trending. Effective March 1, 2015, adjustments will be performed prospectively from the recalculation of individual hospital base rates to be applied for the remainder of the fiscal year. Adjustments applied must maintain budget neutrality on an annual basis. The reconciliation shall not include the lump sum transitional payments.

Funds in Specific Appropriation 210 reflect an increase of \$3,049,999 in nonrecurring funds from the General Revenue Fund and \$4,492,037 in nonrecurring funds from the Medical Care Trust Fund for sole community hospitals that meet the definition of "rural hospital" under section 395.602(2)(e)4, Florida Statutes, to be recognized as rural hospitals in the Agency for Health Care Administration's Diagnosis Related Group (DRG) reimbursement methodology for hospital inpatient services.

From the funds in Specific Appropriation 211, the calculations of the Medicaid Hospital Funding Programs for the 2014-2015 fiscal year are incorporated by reference in House Bill 5003. The calculations are the basis for the appropriations made in the General Appropriations Act.

From the funds in Specific Appropriation 212, the calculations of the Medicaid Hospital Funding Programs for the 2014-2015 fiscal year are incorporated by reference in House Bill 5003. The calculations are the basis for the appropriations made in the General Appropriations Act. The agency is authorized to adjust the funding distribution as required to implement the final Special Terms and Conditions of the section 1115 demonstration, titled, Managed Medical Assistance waiver.

From the funds in Specific Appropriation 212, \$389,511,815 from the Grants and Donations Trust Fund and \$573,672,692 from the Medical Care Trust Fund are provided for hospitals to receive a LIP 6 distribution on a quarterly basis, as delineated on Table 2a in the Medicaid Hospital Funding Programs for Medicaid, Low Income Pool, Disproportionate Share Hospital, and Hospital Rate Enhancement Programs for the 2014-2015 fiscal year. Any LIP 6 distribution is contingent on the nonfederal

SECTION 3 - HUMAN SERVICES  
SPECIFIC  
APPROPRIATION

share of matching funds being provided by local governmental entities to support the distribution. In the event the qualified nonfederal share of matching funds is not provided by local governmental entities to support the distribution for an individual hospital the Agency for Health Care Administration may allow another hospital with access to qualified nonfederal share of matching funds to participate in the LIP 6 distribution not to exceed the budget authority in this paragraph. In order for the agency to certify the qualified nonfederal share of matching funds, a local governmental entity must submit a final, executed letter of agreement to the agency, which must be received by October 1, 2014 and provide the total amount of nonfederal share of matching funds authorized by the entity under this paragraph or the General Appropriations Act. If Table 2a funds are not secured by October 1, 2014, the Agency for Health Care Administration may execute letters of agreement with other local governmental entities by October 31, 2014. These distributions are for hospitals that meet participation requirements in the Low Income Pool as agreed upon between the Agency and the Centers for Medicare and Medicaid Services (CMS), and as a further condition of receipt of funds through the Low Income Pool program, participating hospitals shall not include these values in reimbursement made to the hospital from managed care plans.

From the funds in Specific Appropriation 212, \$82,713,482 from the Grants and Donations Trust Fund and \$121,820,351 from the Medical Care Trust Fund is provided for special Medicaid payments for services provided by physicians as well as other licensed health care practitioners employed by or under contract with a medical school in Florida and as provided under the extension of the 1115 Waiver from the Centers for Medicare and Medicaid Services. Funds appropriated to new medical school practice plans or practice plans that have not historically participated, which are not expended based on historic methodologies shall be reallocated to other practice plans based on a pro rata basis. These distributions are for Medical Schools that meet participation requirements in the Low Income Pool.

From the funds in Specific Appropriation 212, the Agency for Health Care Administration is authorized to transfer a hospital's low-income pool payments between the various low-income programs listed in this specific appropriation if it is required to obtain approval of the low-income pool payment methodology from the Centers for Medicare and Medicaid Services. Any transfer of funds, however, is contingent on the net low-income pool payments under the low-income pool plan remaining unchanged.

From the funds in Specific Appropriation 212, in the event the amount of approved nonfederal share of matching funds is not provided by local governmental entities, the agency may re-allocate low-income pool funds between programs described within this specific appropriation as necessary to ensure sufficient nonfederal matching funds. No re-allocation, under this provision, of low-income pool funds may occur if the level of program increase for any provider access system exceeds the amount of the additional increases in the local nonfederal share match that their local governments transfer to the state Medicaid program, and for which the provider access system would have otherwise received.

From the funds in Specific Appropriation 212, the Agency for Health Care Administration may make low-income pool Medicaid payments in an accelerated manner that is more frequent than on a quarterly basis subject to the availability of state, local and federal funds.

Funds provided in Specific Appropriation 212, are contingent upon the nonfederal share being provided through grants and donations from state, county or other governmental funds.

From the funds in Specific Appropriation 212, in the event the Centers for Medicare and Medicaid Services notifies the Agency for Health Care Administration of its intent to recover payments made to providers in prior demonstration years in excess of allowable cost identified in provider Low Income Pool (LIP) cost limit reports, the Agency shall first net the recovery against amounts pending a distribution methodology. When these amounts are exhausted, the Agency shall then proportionately reduce payments in LIP 6 in order to achieve the required reduction.

SECTION 3 - HUMAN SERVICES  
SPECIFIC  
APPROPRIATION

From the funds in Specific Appropriation 212, \$202,200 from the Grants and Donations Trust Fund and \$297,800 from the Medical Care Trust Fund are provided to the Agency for Health Care Administration to contract with an independent consultant. The agency shall commission a report to review the state's funding mechanisms for Medicaid hospital reimbursement. The report must examine the equity, accountability, and sustainability of the funding mechanisms. The report must identify federal regulations on the following: intergovernmental transfers (IGTs), including their sources, uses, and allowable repayment arrangements; supplemental hospital payments, including allowable types, purposes, and payees; and direct provider payments that are allowed within Medicaid programs that are based primarily on risk-bearing managed care plans. The report must identify other states' uses of IGTs and supplemental hospital payments, including: arrangements for incenting or requiring IGTs; methods of payment, particularly in states with high managed care penetration; and specific federal waiver terms and conditions that apply to IGTs and supplemental hospital payments. The report must identify and assess strategies for reducing Florida's dependence on IGTs and supplemental hospital payments and to transition to a system of hospital reimbursement within the Statewide Medicaid Managed Care Program without the use of the Low Income Pool. The consultant must have no conflict of interest in relation to organizations that donate IGTs or receive supplemental Medicaid hospital reimbursement. The report must be submitted to the Governor, the President of the Senate, and the Speaker of the House of Representatives no later than January 15, 2015.

Freestanding dialysis facilities may obtain, administer and submit claims directly to the Medicaid program for End-Stage Renal Disease pharmaceuticals subject to coverage and limitations policy. All pharmaceutical claims for this purpose must include National Drug Codes (NDC) to permit the invoicing for federal and/or state supplemental rebates from manufacturers. Claims for drug products that do not include National Drug Code information are not payable by Florida Medicaid unless the drug product is exempt from federal rebate requirements.

From the funds in Specific Appropriation 213, the Agency for Health Care Administration shall work with dialysis providers, managed care organizations, and physicians to ensure that all Medicaid patients with End Stage Renal Disease (ESRD) are educated and assessed by their physician and dialysis provider to determine their suitability for peritoneal dialysis (PD) as a modality choice. Further, the agency shall consult with the dialysis community concerning suitable voluntary reporting to the state Medicaid program on members' PD suitability.

The moneys contained herein are appropriated from the named funds to the Department of Corrections, Justice Administration, Department of Juvenile Justice, Florida Department of Law Enforcement, Department of Legal Affairs/Attorney General, and the Parole Commission as the amounts to be used to pay the salaries, other operational expenditures and fixed capital outlay of the named agencies.

CORRECTIONS, DEPARTMENT OF

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS  
SPECIFIC  
APPROPRIATION

From the funds in Specific Appropriations 598 through 786, each provider contracting with the Department of Corrections must provide the department with a proposal prior to the release of funds that details the services that will be delivered, the expected results, and recommended performance measures. The department and each provider must execute a contract before the release of any funds, and the contract documents must include mutually agreed upon performance measures. Each provider must provide quarterly performance reports to the department. Funds shall only be released to providers whose performance reports indicate successful compliance with the performance measures described in the contract.

The Department of Corrections shall develop and use a uniform format and uniform methodologies for the purpose of reporting annually to the Governor and to the Legislature on the state prison system. Such reports shall include a comprehensive plan for current facility use and any departures from planned facility use, including opening new facilities, renovating or closing existing facilities, and advancing or delaying the opening of new or renovated facilities. The report shall include the maximum capacity of currently operating facilities and the potential maximum capacity of facilities that the department could make operational within the fiscal year. The report shall also identify appropriate sites for future facilities and provide information to support specified locations, such as availability of personnel in local labor markets. Reports should include updated infrastructure needs for existing or future facilities. Each report should reconcile capacity figures to the immediately preceding report. For the purpose of this paragraph, maximum capacity shall be calculated and displayed pursuant to section 944.023(1)(b), Florida Statutes. The department may provide additional analysis of current and future bed needs based on such factors as deemed necessary by the Secretary. The next report shall be due January 1, 2015.

From the funds in Specific Appropriations 598 through 786, the Department of Corrections shall prepare a report detailing the amount of overtime expended per facility; the number of positions in overlap, with justification for each overlapped position; and identify the number of unfunded positions that may be eliminated. The report shall be submitted to the chairs of the Senate Appropriations Committee and the House Appropriations Committee by January 1, 2015.

From the funds in Specific Appropriations 598 through 786, the Department of Corrections shall, before closing, substantially reducing the use of, or changing the purpose of any state correctional institution as defined in section 944.02, Florida Statutes, submit its proposal to the Governor's Office of Policy and Budget and the chairs of the Senate Appropriations Committee and the House Appropriations Committee for review.

Funds in Specific Appropriation 598 through 786 shall not be used to pay for unoccupied space currently being leased by the Department of Corrections in the event the leases are vacant on or after July 1, 2014, and for which it has been determined by the Secretary of the department that there is no longer a need.

From the funds in Specific Appropriations 598 through 786, the department may work within its existing budget, including applicable grants, to implement any corrective action plan that is developed as the result of a Prison Rape Elimination Act audit conducted in accordance with Title 23, Part 115 of the Code of Federal Regulations. The department may request additional resources required through the Legislative Budget Request process as defined in chapter 216, Florida Statutes.

PROGRAM: SECURITY AND INSTITUTIONAL OPERATIONS

From the funds in Specific Appropriations 635, 647 and 660, a total of \$1,074,362 is provided as payment in lieu of ad valorem taxation for distribution to local government taxing authorities. Funding is provided as follows: \$269,324 for the Bay Correctional Facility, \$339,242 for the Moore Haven Correctional Facility, \$275,560 for the South Bay Correctional Facility, \$100,000 for the Gadsden Correctional Facility and \$90,236 for the Lake City Correctional Facility. These funds may not be distributed if there are outstanding claims for ad valorem taxes due on the property at issue and may not be distributed until the property is reclassified on the real property and tangible personal property rolls as State Government property back to the date the finance corporation or other state entity acquired the title thereto. These distributions shall be adjusted, with respect to any facility, to reimburse the Department of Corrections for the total amounts expended by the state in resisting the imposition of such ad valorem tax claims, including all attorneys' fees and costs actually incurred by the state's agencies.

Funds and positions in Specific Appropriations 598 through 734 and 747 through 786 support the state's inmate population. These funds and positions are sufficient to provide housing and security for 102,604 inmates when fully annualized. Variable expenses, maintenance, and health services funds are provided for an average daily population of 102,001 inmates.

Funds and positions in Specific Appropriations 598 through 734 and 747 through 786 are provided to address security needs for the prison population expected in Fiscal Year 2014-2015, as projected by the Criminal Justice Estimating Conference.

From the funds in Specific Appropriations 598 through 734 and 747 through 786, the Department of Corrections shall open the 432-bed Everglades and the 432-bed Baker Re-Entry Centers as substance abuse treatment and vocational training centers serving inmates within three years of release from prison. The Department of Corrections will issue a competitive solicitation for program services for inmates at both re-entry centers. The program will be performance-based to maximize the number of inmates receiving treatment. At least 70 percent of the inmate population shall be actively enrolled in treatment programs. In addition, an advisory group for the re-entry program will be established by the Department of Corrections to provide accountability through oversight in program planning, design and evaluation to ensure that the re-entry program provides the optimal performance.

From the funds in Specific Appropriations 598 through 734 and 747 through 786, the Department of Corrections shall open the following facilities: Okeechobee Work Camp - 444 beds; Santa Rosa Work Camp - 432 beds; and Cross City Work Camp - 432 beds.

involvement in the criminal justice system, as determined by the department. The contract shall include both output measures, such as the number of children served, and outcome measures, such as program completion. The contractor shall report performance results annually to the department. The department's Office of Program Accountability shall summarize performance results from all contracts and report the information annually to the Legislature.

From the funds in Specific Appropriations 1128 through 1213, the Department of Juvenile Justice is directed to withhold funds from contract payments to any provider if that provider failed to comply with contract requirements that it maintain property insurance and if the failure to do so resulted in uninsured losses. The amount withheld shall not exceed the amount of the uninsured loss and may be reduced by other remedial actions agreed upon by the department and the provider.

From the funds in Specific Appropriations 1128 through 1213, the Department of Juvenile Justice must, before implementing any departmental reorganization plans, submit its proposal to the Governor's Office of Policy and Budget and to the Legislative Budget Commission for approval.

The funds in Specific Appropriations 1128 through 1213 shall not be used to pay for unoccupied space currently being leased by the Department of Juvenile Justice in the event the leases are vacant on or after July 1, 2014, and for which it has been determined by the Secretary of the department that there is no longer a need.

From the funds in Specific Appropriations 1128 through 1213, the department may work within its existing budget, including applicable grants, to implement any corrective action plan that is developed as the result of a Prison Rape Elimination Act audit conducted in accordance with Title 23, Part 115 of the Code of Federal Regulations. The department may request additional resources required through the Legislative Budget Request process as defined in chapter 216, Florida Statutes.

From the funds in Specific Appropriations 1128 through 1213, the Department of Juvenile Justice shall conduct a comprehensive statewide review of county-level data, including a gap analysis of services and programs available across all counties in the state, to evaluate the implementation of juvenile justice policies at the county level. As the result of such review, the department shall prepare a report that includes benchmarking of counties' performance on factors that demonstrate how a county is supporting the department's strategic goals of preventing and diverting more youth from entering the juvenile justice system; providing appropriate, less restrictive, community-based sanctions and services; reserving serious sanctions for youth who pose the greatest risk to public safety; and focusing on rehabilitation. The report shall also include recommendations and strategies that can be implemented by the department or counties to address any identified deficiencies and to assist in developing a statewide, coordinated response across all of Florida's communities to support the department's strategic goals. A copy of the report shall be submitted to the Governor, the President of the Senate, and the Speaker of the House of Representatives by January 1, 2015.

PROGRAM: RESIDENTIAL CORRECTIONS PROGRAM

From the funds in Specific Appropriations 1182 through 1199, the department shall provide a weekly residential resource utilization report that identifies operating capacity, current placements, vacant placements, number of youth waiting placement and the percent of use for all residential commitment beds. The department may increase or decrease beds or overlay services provided that the change will better serve taxpayers and the youth under its care. Notification and justification of changes will be provided to the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee and the chair of the House Appropriations Committee prior to implementing any change.

From the funds in Specific Appropriations 1182 through 1199, in selecting a private provider for operation of secure and non-secure residential programs, the Department of Juvenile Justice must consider the provider's history of performance of services in other jurisdictions as well as its performance of services in Florida. The Department of Juvenile Justice must also provide a report of serious incidents to the Governor, the President of the Senate, and the Speaker of the House of Representatives on no less than a quarterly basis. The report must include, at a minimum: the number of incidents and allegations of staff abuse or abuse by another child, including whether or not an allegation was substantiated; descriptions of incidents or allegations of such abuse that resulted in physical injury or significant psychological trauma, or that involved deprivation of food, water, or medical care; and the failure of a provider to report incidents or allegations within required timeframes established by the department. The report must be organized so that the incidents and allegations relating to a particular facility and to a particular provider can be readily ascertained. The Department of Juvenile Justice must also immediately report the death or serious bodily injury of a youth in a secure or non-secure residential program to the Governor, the President of the Senate, and the Speaker of the House of Representatives, and may make any additional reports that it determines to be appropriate based upon the seriousness of an incident or allegation.

PROGRAM: WORKFORCE SERVICES			
WORKFORCE DEVELOPMENT			
From the funds in Specific Appropriations 2190 through 2219, the Department of Economic Opportunity must determine if any funds provided for specific workforce programs, projects, or initiatives are not an allowable use of federal funds. If the department finds that any workforce program, project, or initiative for which funds are specifically appropriated in this act is not an allowable use of federal funds, the department must notify the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee, and the chair of the House Appropriations Committee.			
When allocating full-time equivalent (FTE) positions to individual regional workforce boards, the Department of Economic Opportunity must ensure that workforce services are effectively and efficiently provided throughout the state. The department is authorized to reallocate any FTE position allocated to a regional workforce board that has been or becomes vacant for more than 180 days. When reallocating a vacant FTE position, the department must give priority to a regional workforce board that would use the FTE position to provide additional services to veterans.

Funds provided in Specific Appropriation 2196 from the Welfare Transition Trust Fund are allocated for workforce services based on a plan approved by CareerSource Florida. At a minimum, the plan must be created in conjunction with the affected data centers and their state agency customers and must include the following components: (1) a cost benefit analysis documenting the direct and indirect specific costs and savings, and qualitative and quantitative benefits involved in or resulting from the relocation; (2) identification of any applicable federal regulations that must be addressed when transferring applications or systems that are supported with federal funds to a different data center; (3) an inventory of the hardware and software to be relocated that includes their purchase dates and planned replacement dates that is needed to calculate any hardware to be configured for another platform, replaced, or retired during the relocation; (4) a business justification that compares and contrasts the following two types of relocation methods: (a) moving data center equipment "as is" to the state data center with no hardware optimization or (b) standardizing hardware and software prior to the relocation to allow for outdated hardware or software to be refreshed with new architectures or virtualized; (5) a list of hardware, software, and maintenance contracts to be assigned, transferred, or cancelled; (6) a detailed projection of the power, cooling, space, and bandwidth needed to accommodate the relocated applications and systems; (7) a detailed floor plan of how the relocated state agency customers will be incorporated into the state data center; (8) a detailed projection of the technical skill sets and staff required to support the applications and services being relocated; (9) a business application criticality matrix that identifies maximum downtime allowed for each application to ensure that upon completion of the relocation, all applications can be recovered within the required timeframe; and (10) an actionable project schedule and timeline for completion of the relocation no later than June 30, 2016. The Department of Management Services must submit the plan to the chair of the Senate Committee on Appropriations, the chair of the House Appropriations Committee, and the Executive Office of the Governor's Office of Policy and Budget no later than December 1, 2014. Based upon the results of the plan's cost benefit analysis, the Office of Policy and Budget in the Executive Office of the Governor may put forth budget amendments pursuant to the provisions of chapter 216, Florida Statutes, to begin the implementation of the plan in Fiscal Year 2014-2015.

Funds in Specific Appropriation 3097 shall be distributed to county supervisors of elections to be used for election administration activities such as voter education; pollworker training; standardizing elections results reporting; or other federal election administrative activities as approved by the Department of State.			
County supervisors of elections will receive funds only after providing the Department of State a detailed description of the programs that will be implemented. Funds distributed to county supervisors of elections require a certification from the county that matching funds will be provided in an amount equal to fifteen percent of the amount to be received from the state.			
Also, before a county supervisor of elections receives funds for any software or hardware technology, including, but not limited to any emerging technology that enhances or facilitates the delivery of absentee ballots, the casting and counting of valid votes, voting system audits or recount processes, and the certification of accurate and complete official election results, the software or technology must first be certified or approved, whichever is applicable by the Department of State. Additionally, before the Supervisor can receive funds for emerging or enhancing technology, the county supervisor of elections and the chairperson of the county governing body must certify that the county has purchased and made available sufficient equipment for casting and counting ballots to meet the needs of the county electors including reducing the wait time at the polls during the early voting period and on election day for the next regularly scheduled general election.			
To be eligible, a county must segregate federal funds and required county matching dollars in a separate account established to hold only such funds. Funds in this account must be used only for the activities for which the funds were received. Funds shall remain in the account to be used for the same purposes for subsequent years or until such funds are expended. Supervisors of elections shall report to the Department of State any unspent funds remaining on June 30 of each fiscal year.

**DISCLOSURE**

I have an ownership interest in Caregivers Inc., a company based in Pensacola, Florida. The company provides services to the elderly and the disabled and a minority of its revenues are derived from reimbursements from the Escambia County Council on Aging and the Florida Medicaid program. Because Caregivers Inc. is among a class of health care providers receiving funds from such state sources, it appears to me that the company may be affected by **HB 5001**, **HB 5003**, **HB 5201**, and **HB 5203** which come before the Senate floor for a vote on May 2, 2014.

Therefore, I believe that, because Caregivers Inc. is a member of such class, I am required by Senate Rule 1.39 to disclose the above facts.

*Senator Don Gaetz, 1st District*
