PRAYER

The following prayer was offered by Senator Bean:

Heavenly Father, it is the Florida Senate again. And again, we say thank you for all our blessings of family, friends, colleagues, and a state abundant in beauty and resources. We humbly ask that you comfort Floridians who are carrying a burden of sickness, worry, or sadness. We also thank you for our challenges, for we know they are opportunities to better ourselves, our state, and those we serve—and what an opportunity that stands before us. We ask a blessing on this body as it starts the journey of redistricting and on the hands that draw the lines.

Give us the spirit to fight for what is right, the strength to endure, and the guidance we so desperately need in all our consultations.

Grant that we may always seek to do your will to the benefit of the people of Florida. We beseech you to look favorably upon our state and bless its people as they daily go about their callings and vocations.

In all our doings, keep us mindful that we must answer for our actions not only to those whom we represent, but ultimately to you.

Finally, we thank you for the freedoms we enjoy and ask for the wisdom to uphold them. Please bless the men and women who protect them

and those families who have made the ultimate sacrifice. All these things we ask in your name. Amen.

PLEDGE

Senator Flores led the Senate in the Pledge of Allegiance to the flag of the United States of America.

MESSAGES FROM THE GOVERNOR AND OTHER EXECUTIVE COMMUNICATIONS

VETOED BILLS 2015 SPECIAL SESSION A

The Honorable Kenneth W. Detzner
Secretary of State

June 23, 2015

Dear Secretary Detzner:

As Ann and I travel the state, families ask me to focus on three important areas. First, they want to make sure all Floridians have an opportunity for a great job. Second, they want Florida children to have access to a great education. Third, Floridians want safe communities.

The “KEEP FLORIDA WORKING” budget signed into law today returns more than \$427 million in taxes back to hardworking families. It also provides historic education funding and invests in areas to help Florida become the global destination for jobs. Families know how to spend their money better than government. I am pleased that the “KEEP FLORIDA WORKING” budget cuts cell phone and TV taxes, eliminates the sales tax college students pay on textbooks and implements a 10-day sales tax holiday for school supplies. These broad-based tax cuts will directly save money for most every family in our state!

The average person in Florida currently pays about \$1,800 in state taxes – the lowest in the nation. The tax cuts in this budget will help us continue our incredible momentum by strengthening our growing economy and providing more opportunities for families in our state. Florida’s economy is on a roll. In four and a half years, Florida businesses have created over 879,000 jobs; our unemployment rate is 5.7 percent; our annual private-sector job growth rate has exceeded that of the nation for over three years; and Florida’s private-sector job growth month-to-month has been positive for 43 consecutive months.

I am committed to making Florida the global leader in job creation by 2020. If we are going to achieve this goal, we not only have to continue cutting taxes, but also investing in our students because parents and grandparents know the chance to live the American Dream starts with a great education. That is why this budget continues our commitment to ensure a world-class education for Florida students by investing historic levels of funding for K-12 and for our state universities, holding the line on higher education tuition - and for the first time - including performance funding for our state colleges. We want every family in our state

to succeed and that is why we are committed to investing in our children’s and grandchildren’s educations.

Because Floridians have worked hard to turn our economy around, we had a more than \$1 billion budget surplus that we were able to invest in our families’ future. This budget includes strategic investments, including:

- Historic funding for the Agency for Persons with Disabilities – serving another 2,000 individuals and eliminating the existing critical needs waitlist.
- Protecting Florida’s natural resources by investing \$3.5 billion in Florida’s agricultural and natural resources.
- Investing \$9.3 billion in transportation projects for roads, bridges, ports and airports; and
- Building stronger communities with an investment of nearly \$5 billion for public safety to ensure we continue to give our law enforcement the tools they need to keep our families, visitors and businesses safe.

Tax revenue is generated by Floridians who are working hard to provide for their families and we are committed to effectively using these dollars by investing them in areas with proven results. That is why I have vetoed **\$461.4 million** in special projects. The total “KEEP FLORIDA WORKING” budget is **\$78.2 billion**, which includes **\$1.2 billion** in General Revenue reserves. Florida recently surpassed New York to become the third largest state, and this budget continues making Florida the most efficient government in the nation by driving down the cost of bureaucracy and eliminating burdensome red tape.

The “KEEP FLORIDA WORKING” budget will help us on our mission of unseating Texas to become the number one destination for jobs and allow Florida to make important investments that benefit all of our communities while putting tax dollars back in the pockets of our families and job creators.

KEEP FLORIDA WORKING BUDGET HIGHLIGHTS

\$427 Million in Tax Cuts for Florida Families and Businesses

The “KEEP FLORIDA WORKING” budget reflects Governor Scott’s commitment to cutting taxes and allowing Florida families to keep more of their own money. While cutting taxes, Florida has been able to make record investments in education, environment, and transportation infrastructure, pay down state debt by \$7.5 billion, and maintain a \$1.2 billion budget surplus.

Cut the Cellphone and TV Tax - The “KEEP FLORIDA WORKING” budget reduces cell phone and TV taxes by 1.73 percent, saving Floridians and businesses \$226.1 million annually.

Eliminate Sales Taxes on College Textbooks - The “KEEP FLORIDA WORKING” budget reduces the cost of a college education by eliminating the sales tax on the purchase of college textbooks for one year for the first time ever. The prices of college textbooks have increased significantly over the years, often exceeding \$100 per book. Exempting college textbooks from the sales tax for one year is expected to save Florida’s students \$43.7 million.

10-day Back to School Sales Tax Holiday - The “KEEP FLORIDA WORKING” budget provides for a 10-day back to school sales tax holiday saving Floridians \$67.8 million. The holiday will run from August 7-16, 2015, and will provide for tax-free purchases so families can provide students with the supplies they need to be successful during the school year.

Reduce Business Taxes - The “KEEP FLORIDA WORKING” budget reduces business taxes by increasing the tax credits available for research and development, community contributions, and brownfield rehabilitation. The tax cut also grants an extension of the Florida Enterprise Zone program for certain businesses recently established in such zones. These changes are estimated to save Florida businesses \$88.6 million over the next five years.

World-Class Education for Florida Students

The “KEEP FLORIDA WORKING” budget continues Governor Scott’s commitment to providing Florida students with the opportunity to live

their dreams. Florida's K-12 system is focused on preparing every student for college or a career when they graduate. The current year's \$19.7 billion budget for Florida public schools is the highest level of funding in Florida history. The Governor also worked to secure pay raises for Florida teachers in Fiscal Year 2013-2014. In order to build on these achievements, the "KEEP FLORIDA WORKING" budget continues the Governor's commitment to education by again making historic investments to ensure every Florida student has the tools needed to succeed in the classroom, because the opportunity to live the American Dream starts with a great education.

Historic Total and State K-12 Public School Funding - The "KEEP FLORIDA WORKING" budget provides historic funding of \$19.7 billion, of which \$10.9 billion is historic state funding for K-12 public schools. Total funding results in a per-student funding of \$7,097. This includes \$60 million for digital classrooms.

K-12 School Capital Funds - The "KEEP FLORIDA WORKING" budget provides \$50 million in funding for charter school facilities, \$50 million for maintenance at traditional K-12 public schools, and \$10.5 million for other education capital projects.

K-12 Rural School Districts - The "KEEP FLORIDA WORKING" budget provides \$2.5 million to assist rural school districts across the state. Funding is provided to three regional educational consortiums to create greater equity between larger and smaller districts by providing small districts access to resources and expertise they could not provide individually.

K-12 Rural School District Construction and Renovation - The "KEEP FLORIDA WORKING" budget invests \$80.9 million for eight rural school districts' Special Facility Construction projects. This includes funds for new school buildings and major renovation in Glades, Washington, Madison, Levy, Calhoun, Holmes, Dixie, and Hamilton Counties.

Early Learning - The "KEEP FLORIDA WORKING" budget provides \$389.3 million toward the Voluntary Pre-K program, and \$560.5 million for the School Readiness program, including an increase of \$5 million to target children up to age five on the wait list. The budget also includes \$10.5 million for an early learning performance pilot program to award child care providers and instructors for improving quality.

Investing in Higher Education Excellence

Governor Scott has also focused on holding the line on tuition in Florida's higher education system while providing performance funding for Florida's colleges and universities so they can accurately measure student outcomes and provide students with a better education. The "KEEP FLORIDA WORKING" budget includes no higher education tuition increases and provides an historic total level of funding for state universities - \$4.5 billion, an increase of \$178.2 million. The budget invests a total of \$1.2 billion in state operating funding for the state colleges. Because of the Governor's work to hold the line on college tuition, the price of Florida Prepaid plans was cut in half and an historic 42,000 prepaid plans were sold last year.

Florida College System - The "KEEP FLORIDA WORKING" budget provides a total of \$2 billion for Florida colleges, which includes \$1.2 billion in state funding and \$822 million in tuition. This includes \$40 million in performance funds for the Florida College System.

State University System - The "KEEP FLORIDA WORKING" budget provides a record total of \$4.5 billion for Florida's universities. This is an increase of \$178.2 million over Fiscal Year 2014-15. The budget includes \$100 million in new university performance funds, for a total of \$400 million, to reward excellence or improvement in student success.

College and University Construction and Building Maintenance - The "KEEP FLORIDA WORKING" budget provides \$78.6 million for Florida College System facilities and \$89.9 million for State University System facilities. The budget also provides \$20 million for maintenance and repair for Florida colleges and \$35 million for maintenance and repair for state universities.

Industry Certifications - The "KEEP FLORIDA WORKING" budget continues \$5 million in funding for the Florida College System and provides \$4.5 million for the District Workforce Education programs

based on students earning industry certifications in Targeted Occupational Areas, including Health Science and Information Technology. Colleges and school districts earn \$1,000 for each industry certification that a student earns.

Making Florida a Global Destination for Jobs

In four and a half years, Florida has created more than 879,000 private-sector jobs. This means more families are able to find a great job and live their dreams right here in Florida. The "KEEP FLORIDA WORKING" budget puts Florida on a path to be the number one destination for jobs in the world. Today, Texas is the state's number one competitor for jobs – but Governor Scott has set the goal of unseating Texas by 2020 and taking this top spot. In fact, Florida has created more private-sector jobs than Texas over the year and Florida had the fastest private-sector job growth rate among the ten most populous states.

Because of Florida's low tax environment, smart regulatory structure, and educated workforce, Florida is well positioned for growth in science, technology, engineering and math fields such as advanced manufacturing, medical research, and other high-tech research and development.

Since Fiscal Year 2010-11, Florida has increased its investment in economic development by \$131.4 million, or 199 percent. This investment in job creation and economic growth has led to economic successes including:

- o More than 879,000 private sector jobs created;
- o Month-to-month positive private-sector job creation for 43 consecutive months;
- o Florida's unemployment rate has been cut almost in half;
- o Over 1.5 million Floridians have been placed in jobs through Florida's workforce network since 2012;
- o Florida has become the #2 state in the country for doing business, as ranked by Chief Executive Magazine;
- o Florida has become the #2 state in the country for trade infrastructure and aviation/aerospace facilities;
- o From 1992-2011, Florida inherited \$100 billion in adjusted gross income from other states. This is more than 1/8 of our annual GDP.
- o Florida's real GDP in 2014 was \$769.7 billion, up 2.7 percent from 2013. This growth rate exceeded the national growth rate of 2.2 percent. Among all states, Florida had the fourth largest real GDP in the nation in 2014.

The "KEEP FLORIDA WORKING" budget continues to build on this success by investing in transportation and economic development.

By making these investments in combination with cutting taxes and regulations, Florida has become one of the nation's premier states for families to live, work, and play. The "KEEP FLORIDA WORKING" budget for economic development continues to support the key elements of our economic growth agenda – creating jobs, maintaining and enhancing an economic climate under which Florida's businesses can thrive, and providing the resources needed to effectively respond to job creation and economic development opportunities.

Improving Florida's Transportation System - Since Fiscal Year 2010-11, Florida has increased its investment in transportation by \$2.4 billion, or 34 percent. The "KEEP FLORIDA WORKING" budget includes \$9.3 billion to fully fund the Department of Transportation's Work Program and to ensure that Florida's transportation infrastructure remains among the best in the nation. Governor Scott realizes that maintaining the quality of Florida's transportation network is vital to our efforts to enhance economic competitiveness, create and retain transportation-related jobs, provide efficient movement of goods, and improve the quality of life for Florida's families. The budget includes:

- o \$35 million for Economic Development Transportation Projects (Road Fund)
- o \$3.7 billion to expand transportation system capacity, which includes adding 292 new lane miles
- o \$633.6 million for resurfacing more than 2,493 lane miles
- o \$369 million for aviation improvements
- o \$244.8 million for scheduled repairs of 94 bridges and replacement of 16 bridges
- o \$146 million in seaport infrastructure improvements

Attracting and Retaining Florida Businesses - The “KEEP FLORIDA WORKING” budget provides approximately \$203.1 million for Florida’s economic development public-partnerships. The “KEEP FLORIDA WORKING” budget includes \$8.5 million to market opportunity in Florida throughout the country and the world, spreading the message that the Sunshine State is the number one place in the world to compete and win globally.

Quick Response Training - To help maintain the level of economic competitiveness Florida has achieved under Governor Scott, the “KEEP FLORIDA WORKING” budget includes Quick Response Training (QRT) Program funding of \$12.1 million. The QRT Program provides businesses in targeted industries with matching funds related to specific training activities for workers who will be moving into new jobs that the businesses create in Florida.

Record Breaking Tourism - In 2014, a record 98.9 million visitors came to the state, an increase of 5.1 percent over 2013, and spent \$73 billion while in Florida. In comparison, California only expects 60 million tourists this year. The “KEEP FLORIDA WORKING” budget includes a total of \$74 million for VISIT Florida to build on their success in attracting more tourists to the Sunshine State. For every dollar invested in VISIT Florida, the state saw a return of \$3.20. Last year, VISIT Florida also raised more than \$120 million in private matching funds.

Keeping Florida Beautiful

Florida is home to the world’s most beautiful natural treasures and Governor Scott continues his focus to ensure they are protected for generations to come. Over the last four years, historic investments have been made on restoring the Everglades, protecting our Springs, improving Florida’s water quality, and investing in the state’s citrus industry. The “KEEP FLORIDA WORKING” budget builds on these investments by providing **more than \$3 billion dollars to protect our agricultural and natural resources**. The Governor’s “KEEP FLORIDA WORKING” budget fully complies with Amendment 1 by including over \$740 million for Florida’s Land Acquisition Trust Fund to support land and water programs.

Protecting Florida Springs - The “KEEP FLORIDA WORKING” budget provides \$45 million in funding for Springs protection and restoration projects, more than half of which is provided as recurring funding. This record level of funding for Springs builds on the success of the last four years and clearly demonstrates Florida’s commitment to protecting these natural treasures. Since Governor Scott took office more than \$85 million has been provided by the state for Springs restoration.

Protecting Florida’s Everglades - Over the last four years Governor Scott has made protecting the Everglades a top priority by investing more than \$500 million for Everglades restoration. In addition, under the Governor’s leadership, an \$880 million water quality plan was created to ensure, once and for all, that water flowing into the Everglades is free from harmful nutrients. This year, Everglades restoration projects received more than \$106 million, and like Spring projects, more than half of that amount was provided as recurring funding, demonstrating a lasting commitment to the River of Grass.

Land Acquisition and Increase Land Management - The “KEEP FLORIDA WORKING” budget invests \$71.5 million in land management and land acquisition, which includes \$17.4 million in new cash for the Division of State Lands within the Department of Environmental Protection, \$15 million for the Rural and Family Lands Program within the Department of Agriculture and Consumer Services, \$5.5 million for the Florida Recreation Development Assistance Program (FRDAP) and \$33.6 million for additional land management.

State Park Facility Improvements - The “KEEP FLORIDA WORKING” budget invests \$24 million for repairs and renovations to Florida’s nationally recognized state park facilities, including \$4 million to continue to bring state park facilities into compliance with the Americans with Disabilities Act (ADA). Florida State Parks are the nation’s only two and three-time winner of the National Gold Medal Award.

Contaminated Site Cleanup - The “KEEP FLORIDA WORKING” budget provides \$6.5 million to cleanup properties and groundwater contaminated with dry-cleaning solvent discharges. Properties are restored for commercial reuse benefiting business owners, property owners, the community and the local tax rolls.

Building Stronger Florida Communities

In order for Florida to be the best state in the nation for families to live their dreams, Florida must be home to safe communities. Florida’s crime rate is at a 44-year low thanks to the dedicated work of Florida’s law enforcement community. The “KEEP FLORIDA WORKING” budget continues to build on that success.

The “KEEP FLORIDA WORKING” budget ensures Florida’s state and local criminal justice agencies have the resources to provide for the safety and protection of Florida families and visitors through effective investigations, prosecution, security, and targeted rehabilitation and prevention efforts.

Ensuring Safe Prisons - The “KEEP FLORIDA WORKING” budget includes \$16.5 million to fill critical vacant positions within Florida’s prisons and an additional \$500,000 to contract with community colleges to train new correctional officers. The budget also provides \$10 million for critical maintenance and repair of prison facilities.

Safer Communities through Reduced Recidivism - The “KEEP FLORIDA WORKING” budget invests \$13.2 million in reentry programs with proven track records to reduce the number of inmates going back to prison. The budget makes the following investments to keep recidivism low in Florida:

- o An additional investment of \$1.7 million for job training and placement for current and newly released inmates through Operation New Hope, Ready4Work, the Broward County Sheriff’s Inmate Portal Reentry program, and Home Builder’s Institute vocational programs.

Continuing Reforms in Juvenile Justice - With a continued decline in residential commitments of youth resulting from effective prevention and intervention services, the “KEEP FLORIDA WORKING” budget continues and expands prevention and treatment programs to more at risk youth. This investment includes the following:

- o An additional \$3.3 million for the Associated Marine Institute to provide gender-specific programming and in-home counseling services to at-risk and delinquent youth; and

This funding will serve more than 2,000 individuals and eliminate the existing critical needs portion of the waitlist as well as individuals transitioning out of school.

Florida has the lowest number of state workers per capita in the country, and the "KEEP FLORIDA WORKING" budget continues to improve productivity while making strategic investments in state facilities.

Florida's National Guard Facilities - The "KEEP FLORIDA WORKING" budget invests \$5.5 million in Florida National Guard armories. An additional \$2.9 million in state funding is provided for the construction of a new armory in Flagler County.

By the authority vested in me as Governor of Florida, under the provisions of Article III, Section 8, of the Constitution of Florida, I do hereby withhold my approval of portions of Senate Bill 2500-A, enacted by the Florida Legislature during the 2015 Special Session A, and entitled:

An act making appropriations; providing monies for the annual period beginning July 1, 2015, and ending June 30, 2016, and supplemental appropriations for the period ending June 30, 2015, to pay salaries and other expenses, capital outlay - buildings, and other improvements, and for other specified purposes of the various agencies of state government; providing for contingent retroactive operation; providing an effective date.

For the reasons that follow, I do hereby withhold my approval of the following line items in the 2015-16 General Appropriations Act:

SECTION 2 - EDUCATION (ALL OTHER FUNDS)

The "KEEP FLORIDA WORKING" budget continues to make historic investments in Florida's education system. With a record \$19.7 billion going to K-12 public schools, the per-student funding is \$7,097. Florida's colleges hit an historic level of state operating funding with \$1.2 billion and state universities have a record \$4.5 billion in total funding. More

impressive - these historic investments have been made without raising taxes.

Florida's commitment to students is demonstrated in this budget by aligning state funds with performance funding models that reward excellence or improvement in student success. Incentivizing educational institutions to focus on metrics like graduation rates, average wages for graduates, and the cost per degree guarantee that students will leave Florida's education system with less debt and the ability to obtain high-skill, high-wage jobs. Florida's early learning providers are receiving \$10.5 million for improving school readiness program outcomes. School districts are provided \$4.5 million and the state colleges are provided \$5 million for students earning industry certifications in key occupational areas. The "KEEP FLORIDA WORKING" budget brings performance funding to the Florida College System for the first time with a \$40 million investment. The budget also builds on the success of performance funding at state universities by increasing performance-based funding to \$400 million.

For the third consecutive year, Florida has held the line on tuition for state colleges and for state universities. As a result, the price of a Florida Prepaid Plan dropped in half and a record number of 42,000 prepaid plans were sold last year. Every student deserves the opportunity to better themselves through education and the state is on the way to ensuring all Floridians have access to a high quality and affordable education.

Over the last four years, Florida's economy has been rebuilt. To continue this economic growth, the state is prioritizing investments that bring jobs to Florida and will ensure students receive a quality education that builds a foundation for a promising future.

From the funds in Specific Appropriation 146A, \$1,500,000 is provided to the Florida Center for Students with Unique Abilities (center) at the University of Central Florida to serve as the statewide coordinating center responsible for disseminating information about postsecondary education opportunities, programs, support, and services available statewide for individuals with disabilities; manage and facilitate the statewide implementation of FPCTPs and other programs and services; and provide technical assistance to expand best practices and partnerships that facilitate access to meaningful credentials and job opportunities. At a minimum, the center must: 1) disseminate information to students with disabilities and their parents regarding education programs, services, resources, and employment opportunities for such students; 2) consult with the National Center and the Coordinating Center, as identified in 20 U.S.C. s. 1140q, regarding federal requirements and standards, quality indicators, and benchmarks; 3) provide technical assistance regarding programs and services for students with intellectual disabilities to administrators, instructors, staff, and others at eligible institutions; 4) administer FPCTP start-up and enhancement grants, including creating an application to be used by eligible institutions to seek approval of an FPCTP from the center and receive FPCTP start-up and enhancement grants and approving grant applications; 5) administer and oversee implementation of FPCTP scholarship awards to eligible students enrolled in center-approved, grant-receiving FPCTP programs; and 6) provide, by December 31, 2015, and June 15, 2016, implementation status reports and recommendations to the Governor, President of the Senate, and Speaker of the House of Representatives regarding the improvement and statewide expansion of FPCTPs.

From the funds in Specific Appropriation 146A, \$3,000,000 is provided to the Florida Center for Students with Unique Abilities to be distributed as start-up and enhancement grants to FPCTPs at eligible institutions that meet specified requirements, as approved by the center. An eligible institution means a state university; a Florida College System institution; a career center; a charter technical career center; or an independent college or university that is located and chartered in this state, is not for profit, is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools, and is eligible to participate in the William L. Boyd, IV, Florida Resident Access Grant Program. To receive an FPCTP start-up and enhancement grant, an eligible institution must submit to the center, by a date established by the center, an application for approval of a proposed program that must address the comprehensive transition and postsecondary program requirements under 20 U.S.C. s. 1140. Additionally, the eligible institution must attach to the application: 1) documented evidence of a federally approved comprehensive transition and postsecondary program that is determined to be an eligible program for the federal student aid programs and is currently offered at the institution, 2) documented evidence of the submission of an application for such federal approval of a comprehensive transition and postsecondary program proposed by the institution, or 3) documentation demonstrating the commitment of an institution's governing board to submit an application for federal approval of a program proposed by the institution pursuant to 20 U.S.C. s. 1140. By December 1, 2015, each eligible institution that offers an FPCTP approved by the center must report to the center the status of program implementation and student progress including, but not limited to, recruitment efforts, student enrollment and retention information, business partnerships, and student employment and job placement results. The maximum annual FPCTP start-up and enhancement grant award shall be \$300,000 per institution.

From the funds in Specific Appropriation 146A, \$3,500,000 is provided to the Florida Center for Students with Unique Abilities to be distributed as FPCTP scholarships for students who are enrolled in center-approved FPCTPs for which an FPCTP start-up and enhancement grant was awarded. The scholarships will be disbursed for award to each grant-receiving institution for eligible students who are enrolled in the center-approved FPCTP who are not receiving services that are funded through the Florida Education Finance Program or a scholarship under part III of chapter 1002 of the Florida Statutes. Each grant-receiving institution shall provide each eligible student enrolled in its center-approved FPCTP with a \$7,000 FPCTP scholarship, prorated by term, to cover the student's cost of tuition, program fees, instructional materials, and other cost of attendance. The scholarship amount may be prorated if appropriated funds are insufficient to provide the full award to all eligible students in center-approved programs. Each institution shall report to the center demographic and other data requested by the center for students who received the scholarships. By December 31, 2015 and June 15, 2016, for each respective term of the academic year, the center must report to the Governor, President of the Senate, Speaker of the House of Representatives, the Chancellor of the State University System, and the Commissioner of Education, an FPCTP scholarship status report including: 1) the number of students receiving scholarships at each institution, 2) demographic information on scholarship recipients, 3) the amount of scholarship funds disbursed at each institution, 4) student performance indicators, such as credits completed, 5) recommendations to improve and expand FPCTPs, and 6) other applicable information requested by the center."

SECTION 3 - HUMAN SERVICES

The Health and Human Services area of the "KEEP FLORIDA WORKING" budget continues to build on significant accomplishments for the health of Florida's families and most vulnerable individuals. This budget marks the third straight year of a balanced budget for the Agency for Persons with Disabilities—allowing for record funding to go toward bringing another 2,000 individuals off of the waiting list for waiver services to help them live, learn, and work in their communities. By removing all individuals with critical needs from the waiting list for a second straight year, a total of nearly \$100 million has been invested over the past three years to bring vital services to an additional 5,000 individuals with critical needs.

Similar investments are made in other areas of the Health and Human Services budget, including \$3.7 million to serve more individuals in waiver programs for Florida's seniors and an additional \$29.1 million to community-based care lead agencies that oversee case management and other critical services for children in Florida's foster care system. Exciting investments are also made on behalf of Florida's future economic competitiveness with record levels of funding for graduate medical education and biomedical research at state universities and teaching facilities. Florida taxpayers deserve a return on investment for their dollars, and these programs ensure a return by tying funding to helping individuals improve their health outcomes.

The "KEEP FLORIDA WORKING" budget also supports the development of a new patient-centered prospective payment system for outpatient services. This new system will complement similar major reforms that have taken place in recent years to improve quality and efficiency in the Medicaid program. Although such reforms have been opposed by hospitals, which have generated recent record profits, constant efficiencies must be made to improve the return on taxpayer investment in the Medicaid program that already makes up over 33 percent of the state budget.

This budget places a high value on investments that will improve healthcare cost, quality, and access, while other budget items were omitted that did not meet these objectives or provided duplicative services funded elsewhere in the budget.

The "KEEP FLORIDA WORKING" budget provides a \$13.2 million investment in evidence-based reentry programs to assist inmates in re-integrating back into the community to help them live successful, crime-free lives. Providing comprehensive reentry services reduces further victimization and the likelihood a released inmate will return to prison.

This budget also provides \$39.3 million in evidence-based community substance abuse and mental health treatment. Providing treatment to non-violent drug offenders and those with mental health issues greatly reduces the chances an offender will relapse and commit further crimes.

To prevent youth from entering the criminal justice system, this budget provides an increase of \$3.7 million in evidence-based prevention services for a total of \$85 million. Evidence-based prevention and transition services have been proven to reduce at-risk youth involvement in the juvenile justice system.

Programs that circumvent the agency evaluation process present challenges as to whether they provide the best return on investment for taxpayers and public safety outcomes for Florida families.

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

The "KEEP FLORIDA WORKING" budget for Criminal Justice and Corrections provides funding to ensure communities are safe for Florida families and visitors. Safer communities mean that more families and businesses will move to Florida and bring jobs and investment. Florida's recidivism rate has declined 6.2 percent in the past four years and crime rate is at its lowest level in 44 years. These declines can be attributed to sentencing laws that hold offenders accountable, the continued requirement that inmates serve 85 percent of their sentence, the good work of law enforcement officers, and ensuring law enforcement agencies and officers have the effective tools and technologies they need.

Lake County Reentry Center will expand and enhance substance abuse treatment and other recovery and reentry services for adult offenders returning to the Lake County community after incarceration.

From the funds in Specific Appropriation 766, \$50,000 in nonrecurring general revenue funds is provided to ReEntry Alliance Pensacola, Inc., for implementation and operation of a reentry program to assist ex-offenders with successful transition back into the community after release from incarceration.

From the funds in Specific Appropriation 766, \$200,000 in recurring general revenue funds is provided to Mount Olive Development Corporation to implement and operate a reentry program to assist ex-felons in the Fort Lauderdale area with reentry into the community and the job market. The program will primarily focus upon assisting ex-felons who have contracted HIV/AIDS.

From the funds in Specific Appropriation 766, \$100,000 in nonrecurring general revenue funds is provided to WestCare Foundation-Pinellas Prisoner Reentry Initiative for implementation and operation of a program to reduce criminal activity and recidivism by adult offenders returning to Pinellas county after incarceration.

From the funds in Specific Appropriation 766, \$200,000 in nonrecurring general revenue funds is provided for the Gadsden County Jail Faith Behind Bars reentry program. The Gadsden County Jail Faith Behind Bars reentry program provides pre-release activities such as substance abuse counseling, anger management, employment skills, drug and alcohol awareness education, family counseling, job search training, GED preparation, and horticultural training. The reentry program partners with the Gadsden County Chamber of Commerce to connect inmates with employment opportunities following release."

"From the funds in Specific Appropriation 766, \$97,000 in recurring general revenue funds is appropriated to the SOAR Outreach Program for chronically homeless persons in Jacksonville. The funds must be used for salaries, equipment, and necessary expenses for two SOAR specialists to meet with chronically homeless persons who are incarcerated in order to assist them with obtaining SSI or SSDI benefits for which they are eligible upon release. The SOAR specialists will follow up with their clients upon release and coordinate with local social service providers to maximize the effect of the outreach program and increase the likelihood that timely assistance will reduce the risk of criminal recidivism.

From the funds in Specific Appropriation 766, \$350,000 in nonrecurring general revenue funds is provided for the Bridges to Success Ex-offender reentry program. The reentry program will provide pre-release and post-release success planning; family re-unification; employment training, placement and retention; and coordinate services in Pinellas County for individuals reentering the community from state incarceration. Post-release services may only be provided for formerly incarcerated persons who have been released from a Department of Corrections' facility no more than one year before entry into the Bridges to Success Ex-offender reentry program."

Bethel Empowerment Foundation Reentry Program will also provide post-release services including case management, career development and life skills training, life-coaching (mentoring), family reunification,

and job placement assistance to offenders on community supervision. Bethel Empowerment Foundation Reentry Program may also provide such post-release services to formerly incarcerated persons (ex-inmates) who have been released from a Department of Corrections' facility no more than one year before entry into the Bethel Empowerment Foundation Reentry Program. Eligibility for participation in the Bethel Empowerment Foundation Reentry Program is limited to inmates, offenders on community supervision, and recently released ex-inmates who are transitioning back into the communities and workforce of Leon, Liberty, Gadsden, Jefferson and Wakulla counties. SECTION 5 - NATURAL RESOURCES / ENVIRONMENT / GROWTH MANAGEMENT / TRANSPORTATION

The "KEEP FLORIDA WORKING" recommended budget for FY 2015-16 outlined key investments needed to protect and restore Florida's iconic natural resources, building on the momentum gained over the last four years. For instance, the "KEEP FLORIDA WORKING" budget recommended establishing dedicated funding for Everglades restoration, Springs protection, and land management and acquisition. By establishing dedicated funding for key ecosystem restoration projects, long-term planning would be encouraged, delays in critical projects would be minimized and Floridians could feel confident that the finish line for projects would be reached. Key investments in areas such as Florida's nationally recognized state parks system, beach restoration, hazardous waste cleanup, and Florida's citrus industry were also recommended.

The "KEEP FLORIDA WORKING" budget takes significant strides in accomplishing many of these goals. Springs protection and restoration projects were provided more than \$45 million in funding, more than half of which was provided as recurring funding. This record level of funding for Springs builds on the success of the last three years and clearly demonstrates Florida's commitment to protecting these natural treasures. Everglades restoration projects received more than \$106 million, and like Springs projects, more than half of that amount was provided as recurring funding, demonstrating a lasting commitment to the River of Grass. In addition, similar to the recommendations of the "KEEP FLORIDA WORKING" budget, more than \$30 million was invested in increased land management to ensure we appropriately care for the natural lands that future generations are depending on us to maintain. Other critical investments in our environment include:

- \$ 24 million for repairs and improvements to the Florida State Park System;
- \$ 32 million for the restoration of Florida's world renowned beaches;
- \$ 132 million for the cleanup of leaking underground petroleum tanks; and
- \$ 8 million for citrus research to combat citrus greening.

While this budget sets the stage for continued progress in preserving Florida's natural resources, with the implementation of Amendment 1 we must continue to strive to accomplish even more. To that end, the following vetoes will help reserve funds so that resources are available in the next fiscal year to continue moving towards dedicated funding for key established environmental efforts such as Everglades restoration and reducing discharges to south Florida's estuaries, springs protection, land management, and investing in Florida Forever.

The following is vetoed because funds are limited to a specific patented technology and are not competitively bid to determine the project and vendor that will provide the highest level of nutrient reduction per dollar.

Specific Appropriation 1380

"From the funds in Specific Appropriation 1380, \$5,500,000 in nonrecurring funds from the General Revenue Fund is provided for operations and maintenance for the newest hybrid wetland/chemical treatment systems and two floating aquatic vegetative tilling treatment systems. The annual report shall be provided to the Chairs of the Senate Appropriations Committee and the House Appropriations Committee and the Executive Office of the Governor's Office of Policy and Budget. By December 31, 2015, the department shall submit a cost report for the prior 12-month period for the four projects currently in operation."

One of Florida's most important resources is water. The Department of Environmental Protection and the state's five water management districts provide funding to protect the quality and quantity of Florida's water supply. These agencies work to ensure that Floridians' tax dollars are spent in a manner that will provide a demonstrable improvement statewide through an open and public process. While some water projects may also contribute to a statewide objective, not all projects demonstrate an ability to clearly contribute to a statewide investment.

The following projects are vetoed because they did not provide a clear statewide return for the investment.

Department of Transportation

The "KEEP FLORIDA WORKING" budget includes \$9.3 billion to fully fund the Department of Transportation's (DOT) Five-year Work Program and to ensure that Florida's transportation infrastructure remains among the best in the nation. Maintaining the quality of Florida's transportation network is vital to enhancing economic competitiveness, creating and retaining transportation-related jobs, providing efficient movement of goods, and improving the quality of life for Florida's families.

The development of the Five-year Work Program is a locally-driven, project prioritization process where local governments, Metropolitan Planning Organizations, and residents work collaboratively with DOT to decide their local transportation needs and state priorities. Ensuring projects follow DOT's prioritization process is critical to ensuring they provide the best return on taxpayer investment for Florida families.

The following is vetoed because this program is duplicative of services provided by the Transportation Disadvantaged Commission, which is funded at \$53 million.

Specific Appropriation 1868

The Commission shall develop a grant program to allocate these funds to community transportation coordinators based on a formula which takes into account demonstrated local unmet transportation

needs in rural areas. By October 31, 2015, the Commission shall establish guidelines, application procedures, and accountability measures, and a timeline to implement the new grant program in Fiscal Year 2015-2016."

The Department of Transportation will coordinate and work closely with local, state, and federal agencies to provide technical support to local agencies in the development of quiet zone plans. Local agencies may apply for grant funds after its quiet zone plan is approved by the department.

The Department of Transportation will monitor crossing incidents at approved quiet zone locations and have the right to revoke the quiet zone(s) at any time if a significant deterioration in safety results from quiet zone implementation."

SECTION 6 - GENERAL GOVERNMENT

The "KEEP FLORIDA WORKING" recommended budget for Fiscal Year 2015-16 prioritized strategic investments in state facilities and reduced costs to taxpayers, while safeguarding the health and safety of Florida's citizens and visitors. For example, the "KEEP FLORIDA WORKING" budget included \$9.1 million to renovate three Florida National Guard armories and an additional \$2.9 million to allow for the construction of the new Flagler Armory. In addition, the "KEEP FLORIDA WORKING" budget directed the reduction of the MyFloridaMarketPlace transaction fee, cutting the cost of doing business with the state by more than \$6.5 million.

The Fiscal Year 2015-16 the "KEEP FLORIDA WORKING" budget, as passed by the Legislature, shares much of this vision, and also provides funds for armory renovation and construction. These, along with past investments, have significantly improved the Florida Guard's ability to maintain units, as the armories are currently being inspected in preparation for the upcoming Defense Base Closure and Realignment Commission (BRAC). In addition, the budget includes \$26.5 million to correct the most pressing deficiencies within the Florida Facilities Pool and also reduced the transaction fee. The final "KEEP FLORIDA WORKING" budget addresses other important needs, including:

- \$1.5 million to develop the Florida Business and Information Portal, which will provide the information needed to start and operate a business in the state;
- \$2 million to support job readiness and youth programs within the Department of Military Affairs; and
- \$4.6 million for public safety communications systems that allow for interoperability between first responders.

Although the final "KEEP FLORIDA WORKING" budget furthers a number of key efforts, it also includes several earmarked appropriations that limit the flexibility of agencies to react to the needs of Florida businesses while leading to the growth of government. The following vetoes ensure that state agencies will continue to have the flexibility to direct state funds as necessary to protect Floridians.

The following are vetoed because the specific media campaigns directed are more appropriately addressed by a private association. The appropriations would also reduce the Department of Business and Professional Regulation's flexibility to address and respond to unlicensed activity.

Specific Appropriation 2034
Pages 282 and 283

"From the funds in Specific Appropriation 2034, up to \$500,000 from the Professional Regulation Trust Fund is provided to the Department of Business and Professional Regulation to prevent, combat, and publicize the dangers of unlicensed real estate activity in Florida. The department shall develop, implement, and maintain an unlicensed activity campaign in consultation with a corporation that is registered under chapter 617, Florida Statutes, as a not-for-profit corporation and qualified under the Internal Revenue Service Code as a 501(c)(6) corporation, and that represents the largest number of licensed Florida real estate professionals. The campaign shall encompass media production, advertising, and other techniques that the department may wish to utilize after first consulting with the not-for-profit corporation. Special emphasis shall be placed on

the investigation and prosecution of unlicensed real estate activities. To further the purpose of the unlicensed activity campaign, the department shall be authorized to accept in-kind contributions of services, media production, or advertising materials from the not-for-profit corporation. Any advertising, media, or materials produced as a result of contributions shall carry acknowledgements of joint production and sponsorship. The department may not allocate overhead charges to these unlicensed activity campaign funds.

From the funds in Specific Appropriation 2034, up to \$100,000 from the Professional Regulation Trust Fund is provided to the Department of Business and Professional Regulation to institute an unlicensed activity campaign for the purpose of informing and educating the public: (1) that public accounting is a regulated profession with requirements of licensure pursuant to chapter 473, Florida Statutes; (2) that some services provided by unlicensed individuals, although legal, are regulated when provided by a licensed Florida Certified Public Accountant; and, (3) that certain services may only be performed by a licensed Florida Certified Public Accountant. The department shall develop the campaign in consultation with a corporation that is registered under chapter 617, Florida Statutes, as a not-for-profit corporation and qualified under the Internal Revenue Service Code as a 501(c)(6) corporation, and that represents the largest number of licensed Florida Certified Public Accountants. Any advertising, media, or materials produced as a result of contributions shall carry acknowledgements of joint production and sponsorship. The department may not allocate overhead charges to these unlicensed activity campaign funds."

"From the funds in Specific Appropriation 2034, up to \$250,000 from the Professional Regulation Trust Fund is provided to the Department of Business and Professional Regulation to enhance department enforcement activities, as well as developing advertising and media campaigns to minimize unlicensed activity in the architecture and interior design professions. The department may not allocate overhead charges to these unlicensed activity functions."

The following is vetoed because it directs the transfer of regulatory funds to a non-government entity for a program that is more appropriately addressed by the industry.

Specific Appropriation 2038
Page 284

"The nonrecurring funds of \$250,000 in Specific Appropriation 2038 are provided to Future Builders of America from fees collected pursuant to the surcharge authorized in section 553.721, Florida Statutes."

The following is vetoed because it provides additional resources for services already paid for by the state through the Department of Citrus and funds provided to the Citrus Research and Development Foundation.

Specific Appropriation 2149
Page 294

"From the funds provided in Specific Appropriation 2149, \$500,000 in recurring funds from the General Revenue Fund shall be transferred to the New Varieties Development & Management Corporation to support in-state citrus breeding programs and to develop and acquire new citrus varieties."

The following is vetoed because it provides additional resources for services already paid for by the state through the Department of Citrus and the Department of Agriculture and Consumer Services' agriculture promotion campaign.

"From the funds in Specific Appropriation 2149, \$500,000 in nonrecurring funds from the General Revenue Fund is provided to collect economic and marketing data to facilitate developing consumer awareness programs."

The following are vetoed because they provide additional resources for advertising Florida citrus that is already achievable through the Department of Citrus or the Department of Agriculture and Consumer Services' agriculture promotion campaign.

Specific Appropriation 2165
Page 295

"From the funds in Specific Appropriation 2165, \$250,000 in nonrecurring

funds from the General Revenue Fund is provided for citrus juice dispensed at the Florida Welcome Centers.

From the funds in Specific Appropriation 2165, \$1,000,000 in recurring funds and \$1,500,000 in nonrecurring funds from the General Revenue Fund, is provided for programs that will raise the demand for, and awareness of, Florida citrus products. Twenty percent of the total funds shall be directed to Florida fresh fruit marketing and 80 percent shall be directed to Florida juice marketing."

Florida Incentives Toolkit

The "KEEP FLORIDA WORKING" budget cuts taxes while making strategic investments that provide a high return on investments for families. The budget originally proposed an \$85 million investment for the state's economic development toolkit, which provides a 10-to-1 return on taxpayer investment for Florida families. While the final budget passed by the Legislature funds about half of that request, dollars that traditionally were identified to benefit this successful program were diverted into line items that too often had no proven track record or safeguards to clawback taxpayer dollars that do not result in job creation.

Because of Florida's improved economy, this year state government experienced one of the largest budget surpluses in its history. These dollars are the product of families who are working hard to put food on the table, provide their children with a quality education, and live their dreams in the Sunshine State. Therefore, Florida has an obligation to fund core services that best benefit communities while taking every opportunity possible to safeguard taxpayer money, no matter how worthy the cause seems, so the state is never again hurt by entities like Digital Domain, which was funded through a direct appropriation that circumvented the vetting processes of Enterprise Florida, Inc., and the Department of Economic Opportunity.

Department of Economic Opportunity

The top priority for growing opportunities and providing families with high quality of living is ensuring individuals can find jobs. That's why the "KEEP FLORIDA WORKING" budget funds over \$309 million for CareerSource Florida, the 24 Regional Workforce Boards, and the nearly 100 career centers, which is a ground-up structure, throughout the state, that partners with local leaders, higher education institutions, non-profits, and area job creators to provide a variety of job training and placement services to get individuals placed into a job so they can pursue their dreams. In the most recent report, CareerSource utilized best practices to place more than 489,700 individuals into jobs in the last 12 months.

The state has also placed an emphasis on growing early-stage companies and entrepreneurship by funding entities such as the Institute for Commercialization of Public Research to help grow this important segment of the economy.

Florida utilizes the economic incentive funds provided in the budget to attract a host of top tier businesses to the state. Companies such as Hertz, Embraer, and Northrup Grumman have decided that Florida is the best place to create hundreds of new good paying jobs for families in the last four years.

To protect taxpayer funds, Enterprise Florida, Inc. and the Department of Economic Opportunity have a sophisticated vetting and due diligence process for project review that has multiple layers and reviews that must be met before a project receives an incentive offer. Therefore, if the Legislature wishes to grow more business opportunities in a manner that ensures taxpayer money is safeguarded with transparency and accountability, fully funding the state's incentive toolkit will provide the best path forward for Florida's continued economic growth.

The following is vetoed because this was the subject of legislation that did not pass during the regular session.

Specific Appropriation 2194
Pages 298 and 299

"From the funds in Specific Appropriation 2194, \$200,000 from the General Revenue Fund is provided to the Department of Economic Opportunity to develop and implement the "Florida Unique Abilities Partner Program". The department must establish an application process to designate a business

as a "Florida Unique Abilities Partner." A business may be designated if it demonstrates commitment to the independence of individuals who have a disability through: employment, financial support, or other community support or involvement. If the designation is based on financial support or other community support or involvement, a business must document a financial or in-kind contribution as follows: for a business with 100 or fewer employees, a contribution of at least \$1,000; for a business with more than 100 employees, a contribution of at least \$5,000. The department must: establish a logo for a designated business to display and develop guidelines and requirements for use of such logo; and maintain a page on its website with complete program information, including a list of designated businesses by county. The department must consult with the Agency for Persons with Disabilities, the Division of Vocational Rehabilitation and the Division of Blind Services of the Department of Education, and CareerSource Florida, Inc., to implement the program. The department must report by January 1, 2016, to the President of the Senate and Speaker of the House of Representatives on the status of the implementation of this proviso."

One organization must operate in Manatee, Sarasota, Hardee and DeSoto counties; and one organization must operate in Orange, Osceola, Seminole, Lake, Brevard and Volusia counties. The Department of Economic Opportunity must contract with a non-profit organization operating in those counties that recycles materials, operates retail stores, and provides employment opportunities to individuals who may otherwise face barriers to employment. Each non-profit organization must have annual gross revenues in excess of \$40 million and must be accredited by the Commission on Accreditation of Rehabilitation Facilities. Each organization shall receive \$300,000 of funding provided for the pilot program."

The following is vetoed because the budget funds the state-wide Goodwill organization in the amount of \$600,000.

PRAYER

The following prayer was offered by Senator Thompson:

May we bow our heads in supplication to he who is greater than we are. PRAYER

The following prayer was offered by Senator Montford:

Gracious Father, we come to you today knowing it is incumbent upon this body to lead this state. It is an awesome responsibility. There might never have been a time when the people of Florida and this country need a reminder of what civil leadership, service, and solidarity for the common good look like. We come to you for guidance, for patience, and for humbleness to provide that example to your people.

I ask of you today that we each have the strength and the wisdom to speak for our constituents, and for understanding and compassion when our colleagues speak for theirs, even in opposition.

The last few weeks have been challenging. Help us to clear our minds and have a strong heart. Help us to use the strength you have graced us with. Help us to understand and recognize our weaknesses and act accordingly. We ask that you reach into our hearts and touch our souls so that we can clear our minds of anything that will keep us from serving you and the people of Florida.

Father, grant us the perspective to remember that not far from the doors of these chambers and around our great state: children are hungry, elderly are sick, and families are suffering. Let us remember your teaching to care for the least of these. We all know the duties of our office, but Lord please help us to remember our most basic responsibility placed upon us from you: that, Dear Lord, is to care for our neighbors.

Lord, we ask for your special blessings and care for those men and women in our armed forces who risk their lives to protect the freedoms granted by the democracy we take part in here today. We ask a special blessing on their families who will miss them at dinner tonight and especially for their children who eagerly await their return.

In your name we pray, and for all of God's people to say, "Amen."

PLEDGE

Senator Soto led the Senate in the Pledge of Allegiance to the flag of the United States of America.
