PRAYER

The following prayer was offered by Tony B. McCoy, Senior Pastor of Hope International Church, Groveland:

Father of all creation, you are Elohim, creator of heaven and earth. We thank you for being love, for your word states, not that you loved, but rather that you are love.

Thank you for the invitation to love you with all our heart, soul, mind, and strength, and thank you for the commandment to love our fellow man likewise.

Father, we thank you for the lessons of love that we are receiving through your word, for your word states that, "Love is patient, love is kind. It does not envy, it does not boast, it is not proud. Love is not rude, it is not self-seeking, it is not easily angered, it keeps no record of wrongs. Love does not delight in evil, but rejoices with the truth. It always protects, always trusts, always hopes, and always perseveres."

Love assembles, love directs, and love speaks for those that have no voice. Let us not be hearers of love only, but let us be men and women who dare to apply your love, and by doing so, we will be faithful to reflect your beauty, power, and faithfulness throughout this great State of Florida and our blessed country. These blessings and declarations we ask in your son Jesus' name. Amen.

DISCLOSURE

I have an ownership interest in Caregivers Inc., a company based in Pensacola, Florida. The company provides services to the elderly and the disabled and a minority of its revenues are derived from reimbursements from the Escambia County Council on Aging and the Florida Medicaid program. Because Caregivers Inc. is among a class of health care providers receiving funds from such state sources, it appears to me that the company may be affected by **SB 2500/HB 5001**, **SB 2502/HB 5003**, and **SB 2508/HB 5101** which come before the Senate for a vote on February 11, 2016.

Therefore, I believe that, because Caregivers Inc. is a member of such class, I am required by Senate Rule 1.39 to disclose the above facts.

Senator Don Gaetz, 1st District

1011.62 Funds for operation of schools.—If the annual allocation from the Florida Education Finance Program to each district for operation of schools is not determined in the annual appropriations act or the substantive bill implementing the annual appropriations act, it shall be determined as follows:

(1) COMPUTATION OF THE BASIC AMOUNT TO BE INCLUDED FOR OPERATION.—The following procedure shall be followed in determining the annual allocation to each district for operation:

(e) Funding model for exceptional student education programs.—

1.a. The funding model uses basic, at-risk, support levels IV and V for exceptional students and career Florida Education Finance Program cost factors, and a guaranteed allocation for exceptional student education programs. Exceptional education cost factors are determined by using a matrix of services to document the services that each exceptional student will receive. The nature and intensity of the services indicated on the matrix shall be consistent with the services described in each exceptional student's individual educational plan. The Department of Education shall review and revise the descriptions of the services and supports included in the matrix of services for exceptional students and shall implement those revisions before the beginning of the 2012-2013 school year.

b. In order to generate funds using one of the two weighted cost factors, a matrix of services must be completed at the time of the student's initial placement into an exceptional student education program and at least once every 3 years by personnel who have received approved training. Nothing listed in the matrix shall be construed as limiting the services a school district must provide in order to ensure that exceptional students are provided a free, appropriate public education.

c. Students identified as exceptional, in accordance with chapter 6A-6, Florida Administrative Code, who do not have a matrix of services as specified in sub-subparagraph b. shall generate funds on the basis of full-time-equivalent student membership in the Florida Education Finance Program at the same funding level per student as provided for basic students. Additional funds for these exceptional students will be provided through the guaranteed allocation designated in subparagraph 2.

2. For students identified as exceptional who do not have a matrix of services and students who are gifted in grades K through 8, there is created a guaranteed allocation to provide these students with a free appropriate public education, in accordance with s. 1001.42(4)(l) and rules of the State Board of Education, which shall be allocated ~~initially annually~~ to each school district in the amount provided in the General Appropriations Act. These funds shall be ~~supplemental in addition~~ to the funds appropriated ~~for the basic funding level on the basis of FTE student membership in the Florida Education Finance Program~~, and the amount allocated for each school district shall ~~not~~ be recalculated ~~once~~ during the year, ~~based on actual student membership from the October FTE survey. Upon recalculation, if the generated allocation is greater than the amount provided in the General Appropriations Act, the total shall be prorated to the level of the appropriation based on each district's share of the total recalculated amount.~~ These funds shall be used to provide special education and related services for exceptional students and students who are gifted in grades K through 8. ~~Beginning with the 2007-2008 fiscal year, A district's expenditure of funds from the guaranteed allocation for students in grades 9 through 12 who are gifted may not be greater than the amount expended during the 2006-2007 fiscal year for gifted students in grades 9 through 12.~~

(f) Supplemental academic instruction; categorical fund.—

1. There is created a categorical fund to provide supplemental academic instruction to students in kindergarten through grade 12. This paragraph may be cited as the "Supplemental Academic Instruction Categorical Fund."

2. ~~The categorical fund funds for supplemental academic instruction shall be allocated annually to each school district in the amount provided in the General Appropriations Act. These funds~~ shall be in addition to the funds appropriated on the basis of FTE student membership in the Florida Education Finance Program and shall be included in the total potential funds of each district. These funds shall be used to provide supplemental academic instruction to students enrolled in the K-12 program. For the ~~2016-2017~~ ~~2014-2015~~ fiscal year, each school district that has one or more of the 300 lowest-performing elementary schools based on the state reading assessment shall use these funds, together with the funds provided in the district's research-based reading instruction allocation and other available funds, to provide an additional hour of instruction beyond the normal school day for each day of the entire school year for intensive reading instruction for the students in each of these schools. This additional hour of instruction must be provided by teachers or reading specialists who are effective in teaching reading or by a K-5 mentoring reading program that is supervised by a teacher who is effective ~~in~~ ~~at~~ teaching reading. Students enrolled in these schools who have level 5 assessment scores may participate in the additional hour of instruction on an optional basis. Exceptional student education centers ~~may~~ ~~shall~~ not be included in the 300 schools. ~~For the 2016-2017 fiscal year, the 300 lowest-performing elementary schools shall be based on the 2015-2016 state reading assessment.~~ After this requirement has been met, supplemental instruction strategies may include, but are not limited to: ~~use of a modified curriculum, reading instruction, after-school instruction, tutoring, mentoring, a reduction in class size reduction, an extended school year, intensive skills development in summer school, and other methods of~~ ~~for~~ improving student achievement. Supplemental instruction may be provided to a student in any manner and at any time during or beyond the regular 180-day term identified by the school as being the most effective and efficient way to best help that student progress from grade to grade and to graduate.

3. ~~Categorical funds for supplemental academic instruction shall be provided annually in the Florida Education Finance Program as specified in the General Appropriations Act. These funds shall be provided as a supplement to the funds appropriated for the basic funding level and shall be included in the total funds of each district. The allocation shall consist of a base amount that shall have a workload adjustment based on changes in unweighted FTE. In addition, districts that have elementary schools included in the 300 lowest-performing schools designation shall be allocated additional funds to assist those districts in providing intensive reading instruction to students in those schools. The amount provided shall be based on each district's level of per-student funding in the reading instruction allocation and the supplemental academic instruction categorical fund and on the total FTE for each of the schools. The categorical funding shall be recalculated once during the fiscal year following an updated designation of the 300 lowest-performing elementary schools and shall be based on actual student membership from the October FTE survey. Upon recalculation of funding for the supplemental academic instruction categorical fund, if the total allocation is greater than the amount provided in the General Appropriations Act, the allocation shall be prorated to the level provided to support the appropriation, based on each district's share of the total.~~

4. ~~3.~~ Effective with the 1999-2000 fiscal year, funding on the basis of FTE membership beyond the 180-day regular term shall be provided in the FEFP only for students enrolled in juvenile justice education programs or in education programs for juveniles placed in secure facilities or programs under s. 985.19. Funding for instruction beyond the regular 180-day school year for all other K-12 students shall be provided through the supplemental academic instruction categorical fund and other state, federal, and local fund sources with ample flexibility for schools to provide supplemental instruction to assist students in progressing from grade to grade and graduating.

5. ~~4.~~ The Florida State University School, as a lab school, is authorized to expend from its FEFP or Lottery Enhancement Trust Fund allocation the cost to the student of remediation in reading, writing, or mathematics for any graduate who requires remediation at a postsecondary educational institution.

~~6.5.~~ Beginning in the 1999-2000 school year, dropout prevention programs as defined in ss. 1003.52, 1003.53(1)(a), (b), and (c), and 1003.54 shall be included in group 1 programs under subparagraph (d) 3.

(4) COMPUTATION OF DISTRICT REQUIRED LOCAL EFFORT.—The Legislature shall prescribe the aggregate required local effort for all school districts collectively as an item in the General Appropriations Act for each fiscal year. The amount that each district shall provide annually toward the cost of the Florida Education Finance Program for kindergarten through grade 12 programs shall be calculated as follows:

(a) Estimated taxable value calculations.—

1.a. Not later than 2 working days prior to July 19, the Department of Revenue shall certify to the Commissioner of Education its most recent estimate of the taxable value for school purposes in each school district and the total for all school districts in the state for the current calendar year based on the latest available data obtained from the local property appraisers. The value certified shall be the taxable value for school purposes for that year, and no further adjustments shall be made, except those made pursuant to paragraphs (c) and (d), or an assessment roll change required by final judicial decisions as specified in paragraph ~~(15)(b)~~ ~~(14)(b)~~. Not later than July 19, the Commissioner of Education shall compute a millage rate, rounded to the next highest one-thousandth of a mill, which, when applied to 96 percent of the estimated state total taxable value for school purposes, would generate the prescribed aggregate required local effort for that year for all districts. The Commissioner of Education shall certify to each district school board the millage rate, computed as prescribed in this subparagraph, as the minimum millage rate necessary to provide the district required local effort for that year.

b. The General Appropriations Act shall direct the computation of the statewide adjusted aggregate amount for required local effort for all school districts collectively from ad valorem taxes to ensure that no school district's revenue from required local effort millage will produce more than 90 percent of the district's total Florida Education Finance Program calculation as calculated and adopted by the Legislature, and the adjustment of the required local effort millage rate of each district that produces more than 90 percent of its total Florida Education Finance Program entitlement to a level that will produce only 90 percent of its total Florida Education Finance Program entitlement in the July calculation.

2. On the same date as the certification in sub-subparagraph 1.a., the Department of Revenue shall certify to the Commissioner of Education for each district:

a. Each year for which the property appraiser has certified the taxable value pursuant to s. 193.122(2) or (3), if applicable, since the prior certification under sub-subparagraph 1.a.

b. For each year identified in sub-subparagraph a., the taxable value certified by the appraiser pursuant to s. 193.122(2) or (3), if applicable, since the prior certification under sub-subparagraph 1.a. This is the certification that reflects all final administrative actions of the value adjustment board.

(7) DETERMINATION OF SPARSITY SUPPLEMENT.—

(b) The district sparsity index shall be computed by dividing the total number of full-time equivalent students in all programs in the district by the number of senior high school centers in the district, not in excess of three, which centers are approved as permanent centers by a survey made by the Department of Education. *For districts with a full-time equivalent student membership of at least 20,000, but no more than 24,000, the index shall be computed by dividing the total number of full-time equivalent students in all programs by the number of permanent senior high school centers in the district, not in excess of four.*

(9) RESEARCH-BASED READING INSTRUCTION ALLOCATION.—

(a) The research-based reading instruction allocation is created to provide comprehensive reading instruction to students in kindergarten through grade 12. ~~For the 2016-2017 2014-2015~~ fiscal year, in each

school district that has one or more of the 300 lowest-performing elementary schools based on the state reading assessment, priority shall be given to providing an additional hour per day of intensive reading instruction beyond the normal school day for each day of the entire school year for the students in each school. *For the 2016-2017 fiscal year, the 300 lowest-performing elementary schools shall be based on the 2015-2016 state reading assessment.* Students enrolled in these schools who have level 5 assessment scores may participate in the additional hour of instruction on an optional basis. Exceptional student education centers ~~may shall~~ not be included in the 300 schools. The intensive reading instruction delivered in this additional hour and for other students shall include: research-based reading instruction that has been proven to accelerate progress of students exhibiting a reading deficiency; differentiated instruction based on student assessment data to meet students' specific reading needs; explicit and systematic reading development in phonemic awareness, phonics, fluency, vocabulary, and comprehension, with more extensive opportunities for guided practice, error correction, and feedback; and the integration of social studies, science, and mathematics-text reading, text discussion, and writing in response to reading. ~~For the 2012-2013 and 2013-2014 fiscal years, a school district may not hire more reading coaches than were hired during the 2011-2012 fiscal year unless all students in kindergarten through grade 5 who demonstrate a reading deficiency, as determined by district and state assessments, including students scoring Level 1 or Level 2 on the statewide, standardized reading assessment or, upon implementation, the English Language Arts assessment, are provided an additional hour per day of intensive reading instruction beyond the normal school day for each day of the entire school year.~~

(13) *FEDERALLY CONNECTED STUDENT SUPPLEMENT.—The federally connected student supplement is created to provide supplemental funding for school districts to support the education of students connected with federally owned military installations, National Aeronautics and Space Administration (NASA) real property, and Indian lands. To be eligible for this supplement, the district must be eligible for federal Impact Aid Program funds under s. 8003 of Title VIII of the Elementary and Secondary Education Act of 1965. The supplement shall be allocated annually to each eligible school district in the amount provided in the General Appropriations Act. The supplement shall be the sum of the student allocation and an exempt property allocation.*

(a) *The student allocation shall be calculated based on the number of students reported for federal Impact Aid Program funds, including students with disabilities, who meet one of the following criteria:*

1. *The student has a parent who is on active duty in the uniformed services or is an accredited foreign government official and military officer. Students with disabilities shall also be reported separately for this category.*

2. *The student resides on eligible federally owned Indian lands. Students with disabilities shall also be reported separately for this category.*

3. *The student resides with a civilian parent who lives or works on eligible federal property connected with a military installation or NASA. The number of these students shall be multiplied by a factor of 0.5.*

(b) *The total number of federally connected students calculated under paragraph (a) shall be multiplied by a percentage of the base student allocation as provided in the General Appropriations Act. The total of the number of students with disabilities as reported separately under subparagraphs (a)1. and (a)2. shall be multiplied by an additional percentage of the base student allocation as provided in the General Appropriations Act. The base amount and the amount for students with disabilities shall be summed to provide the student allocation.*

(c) *The exempt property allocation shall be equal to the tax-exempt value of federal impact aid lands reserved as military installations, real property owned by NASA, or eligible federally owned Indian lands located in the district, as of January 1 of the previous year, multiplied by the millage authorized and levied under s. 1011.71(2).*

~~(14)(13)~~ QUALITY ASSURANCE GUARANTEE.—The Legislature may annually in the General Appropriations Act determine a percentage increase in funds per K-12 unweighted FTE as a minimum guarantee to each school district. The guarantee shall be calculated from

prior year base funding per unweighted FTE student which shall include the adjusted FTE dollars as provided in subsection (15) ~~(14)~~, quality guarantee funds, and actual nonvoted discretionary local effort from taxes. From the base funding per unweighted FTE, the increase shall be calculated for the current year. The current year funds from which the guarantee shall be determined shall include the adjusted FTE dollars as provided in subsection (15) ~~(14)~~ and potential nonvoted discretionary local effort from taxes. A comparison of current year funds per unweighted FTE to prior year funds per unweighted FTE shall be computed. For those school districts which have less than the legislatively assigned percentage increase, funds shall be provided to guarantee the assigned percentage increase in funds per unweighted FTE student. Should appropriated funds be less than the sum of this calculated amount for all districts, the commissioner shall prorate each district's allocation. This provision shall be implemented to the extent specifically funded.

Section 6. In order to implement Specific Appropriations 7 and 94 of the 2016-2017 General Appropriations Act, subsection (1) of section 1011.71, Florida Statutes, is amended to read:

1011.71 District school tax.—

VII of the State Constitution, a millage rate not to exceed the amount certified by the commissioner as the minimum millage rate necessary to provide the district required local effort for the current year, pursuant to s. 1011.62(4)(a)1. In addition to the required local effort millage levy, each district school board may levy a nonvoted current operating discretionary millage. DISCLOSURE

I have an ownership interest in Caregivers Inc., a company based in Pensacola, Florida. The company provides services to the elderly and the disabled and a minority of its revenues are derived from reimbursements from the Escambia County Council on Aging and the Florida Medicaid program. Because Caregivers Inc. is among a class of health care providers receiving funds from such state sources, it appears to me that the company may be affected by **SB 2500/HB 5001**, **SB 2502/HB 5003**, and **SB 2508/HB 5101** which come before the Senate for a vote on February 11, 2016.

Therefore, I believe that, because Caregivers Inc. is a member of such class, I am required by Senate Rule 1.39 to disclose the above facts.

Section 4. Present subsections (17) through (22) of section 409.811, Florida Statutes, are redesignated as subsections (18) through (23), respectively, a new subsection (17) is added to that section, and present subsections (23) and (24) of that section are amended, to read:

409.811 Definitions relating to Florida Kidcare Act.—As used in ss. 409.810-409.821, the term:

(17) "Lawfully residing child" means a child who is lawfully present in the United States, meets Medicaid or Children's Health Insurance Program (CHIP) residency requirements, and may be eligible for medical assistance with federal financial participation as provided under s. 214 of the Children's Health Insurance Program Reauthorization Act of 2009, Pub. L. No. 111-3, and related federal regulations.

~~(23) "Qualified alien" means an alien as defined in s. 431 of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, as amended, Pub. L. No. 104-193.~~

(24) "Resident" means a United States citizen, or lawfully residing child ~~qualified alien~~, who is domiciled in this state.

Section 5. Paragraph (c) of subsection (4) of section 409.814, Florida Statutes, is amended to read:

409.814 Eligibility.—A child who has not reached 19 years of age whose family income is equal to or below 200 percent of the federal poverty level is eligible for the Florida Kidcare program as provided in this section. If an enrolled individual is determined to be ineligible for coverage, he or she must be immediately disenrolled from the respective Florida Kidcare program component.

(4) The following children are not eligible to receive Title XXI-funded premium assistance for health benefits coverage under the Florida Kidcare program, except under Medicaid if the child would have been eligible for Medicaid under s. 409.903 or s. 409.904 as of June 1, 1997:

(c) A child who is an alien, but who does not meet the definition of a lawfully residing child ~~qualified alien~~, in the United States. This

paragraph does not extend eligibility for the Florida Kidcare program to an undocumented immigrant.

Section 6. Present subsections (8) and (9) of section 409.904, Florida Statutes, are redesignated as subsections (9) and (10), respectively, and a new subsection (8) is added to that section, to read:

409.904 Optional payments for eligible persons.—The agency may make payments for medical assistance and related services on behalf of the following persons who are determined to be eligible subject to the income, assets, and categorical eligibility tests set forth in federal and state law. Payment on behalf of these Medicaid eligible persons is subject to the availability of moneys and any limitations established by the General Appropriations Act or chapter 216.

(8) A child who has not attained 19 years of age and who, notwithstanding s. 414.095(3), would be eligible for Medicaid under s. 409.903, except that the child is a lawfully residing child as defined in s. 409.811. This subsection does not extend eligibility for optional Medicaid payments or related services to an undocumented immigrant.

Section 7. Subsection (5) of section 409.905, Florida Statutes, is amended to read:

409.905 Mandatory Medicaid services.—The agency may make payments for the following services, which are required of the state by Title XIX of the Social Security Act, furnished by Medicaid providers to recipients who are determined to be eligible on the dates on which the services were provided. Any service under this section shall be provided only when medically necessary and in accordance with state and federal law. Mandatory services rendered by providers in mobile units to Medicaid recipients may be restricted by the agency. Nothing in this section shall be construed to prevent or limit the agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, number of services, or any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act or chapter 216.

(5) HOSPITAL INPATIENT SERVICES.—The agency shall pay for all covered services provided for the medical care and treatment of a recipient who is admitted as an inpatient by a licensed physician or dentist to a hospital licensed under part I of chapter 395. However, the agency shall limit the payment for inpatient hospital services for a Medicaid recipient 21 years of age or older to 45 days or the number of days necessary to comply with the General Appropriations Act. ~~Effective August 1, 2012, the agency shall limit payment for hospital emergency department visits for a nonpregnant Medicaid recipient 21 years of age or older to six visits per fiscal year.~~

(a) The agency may implement reimbursement and utilization management reforms in order to comply with any limitations or directions in the General Appropriations Act, which may include, but are not limited to: prior authorization for inpatient psychiatric days; prior authorization for nonemergency hospital inpatient admissions for individuals 21 years of age and older; authorization of emergency and urgent-care admissions within 24 hours after admission; enhanced utilization and concurrent review programs for highly utilized services; reduction or elimination of covered days of service; adjusting reimbursement ceilings for variable costs; adjusting reimbursement ceilings for fixed and property costs; and implementing target rates of increase. The agency may limit prior authorization for hospital inpatient services to selected diagnosis-related groups, based on an analysis of the cost and potential for unnecessary hospitalizations represented by certain diagnoses. Admissions for normal delivery and newborns are exempt from requirements for prior authorization. In implementing the provisions of this section related to prior authorization, the agency shall ensure that the process for authorization is accessible 24 hours per day, 7 days per week and authorization is automatically granted when not denied within 4 hours after the request. Authorization procedures must include steps for review of denials. Upon implementing the prior authorization program for hospital inpatient services, the agency shall discontinue its hospital retrospective review program.

(b) A licensed hospital maintained primarily for the care and treatment of patients having mental disorders or mental diseases is not eligible to participate in the hospital inpatient portion of the Medicaid program except as provided in federal law. However, the department shall apply for a waiver, within 9 months after June 5, 1991, designed to

provide hospitalization services for mental health reasons to children and adults in the most cost-effective and lowest cost setting possible. Such waiver shall include a request for the opportunity to pay for care in hospitals known under federal law as “institutions for mental disease” or “IMD’s.” The waiver proposal shall propose no additional aggregate cost to the state or Federal Government, and shall be conducted in Hillsborough County, Highlands County, Hardee County, Manatee County, and Polk County. The waiver proposal may incorporate competitive bidding for hospital services, comprehensive brokering, prepaid capitated arrangements, or other mechanisms deemed by the department to show promise in reducing the cost of acute care and increasing the effectiveness of preventive care. When developing the waiver proposal, the department shall take into account price, quality, accessibility, linkages of the hospital to community services and family support programs, plans of the hospital to ensure the earliest discharge possible, and the comprehensiveness of the mental health and other health care services offered by participating providers.

(c) The agency shall implement a prospective payment methodology for establishing reimbursement rates for inpatient hospital services. Rates shall be calculated annually and take effect July 1 of each year. The methodology shall categorize each inpatient admission into a diagnosis-related group and assign a relative payment weight to the base rate according to the average relative amount of hospital resources used to treat a patient in a specific diagnosis-related group category. The agency may adopt the most recent relative weights calculated and made available by the Nationwide Inpatient Sample maintained by the Agency for Healthcare Research and Quality or may adopt alternative weights if the agency finds that Florida-specific weights deviate with statistical significance from national weights for high-volume diagnosis-related groups. The agency shall establish a single, uniform base rate for all hospitals unless specifically exempt pursuant to s. 409.908(1).

1. Adjustments may not be made to the rates after October 31 of the state fiscal year in which the rates take effect, except for cases of insufficient collections of intergovernmental transfers authorized under s. 409.908(1) or the General Appropriations Act. In such cases, the agency shall submit a budget amendment or amendments under chapter 216 requesting approval of rate reductions by amounts necessary for the aggregate reduction to equal the dollar amount of intergovernmental transfers not collected and the corresponding federal match. Notwithstanding the \$1 million limitation on increases to an approved operating budget contained in ss. 216.181(11) and 216.292(3), a budget amendment exceeding that dollar amount is subject to notice and objection procedures set forth in s. 216.177.

2. Errors in source data or calculations discovered after October 31 must be reconciled in a subsequent rate period. However, the agency may not make any adjustment to a hospital’s reimbursement more than 5 years after a hospital is notified of an audited rate established by the agency. The prohibition against adjustments more than 5 years after notification is remedial and applies to actions by providers involving Medicaid claims for hospital services. Hospital reimbursement is subject to such limits or ceilings as may be established in law or described in the agency’s hospital reimbursement plan. Specific exemptions to the limits or ceilings may be provided in the General Appropriations Act.

(d) The agency shall implement a comprehensive utilization management program for hospital neonatal intensive care stays in certain high-volume participating hospitals, select counties, or statewide, and replace existing hospital inpatient utilization management programs for neonatal intensive care admissions. The program shall be designed to manage appropriate admissions and discharges for children being treated in neonatal intensive care units and must seek medically appropriate discharge to the child’s home or other less costly treatment setting. The agency may competitively bid a contract for the selection of a qualified organization to provide neonatal intensive care utilization management services. The agency may seek federal waivers to implement this initiative.

(e) The agency may develop and implement a program to reduce the number of hospital readmissions among the non-Medicare population eligible in areas 9, 10, and 11.

Section 8. Paragraph (e) is added to subsection (13) of section 409.906, Florida Statutes, to read:

409.906 Optional Medicaid services.—Subject to specific appropriations, the agency may make payments for services which are optional to the state under Title XIX of the Social Security Act and are furnished by Medicaid providers to recipients who are determined to be eligible on the dates on which the services were provided. Any optional service that is provided shall be provided only when medically necessary and in accordance with state and federal law. Optional services rendered by providers in mobile units to Medicaid recipients may be restricted or prohibited by the agency. Nothing in this section shall be construed to prevent or limit the agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, or number of services, or making any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act or chapter 216. If necessary to safeguard the state’s systems of providing services to elderly and disabled persons and subject to the notice and review provisions of s. 216.177, the Governor may direct the Agency for Health Care Administration to amend the Medicaid state plan to delete the optional Medicaid service known as “Intermediate Care Facilities for the Developmentally Disabled.” Optional services may include:

(13) HOME AND COMMUNITY-BASED SERVICES.—

(e) *The agency shall seek federal approval to pay for flexible services for persons with severe mental illness or substance abuse disorders, including, but not limited to, temporary housing assistance. Payments may be made as enhanced capitation rates or incentive payments to managed care plans that meet the requirements of s. 409.968(4).*

Section 9. Section 409.9064, Florida Statutes, is created to read:

409.9064 *Medicaid Services for Individuals with Phelan-McDermid Syndrome.—The agency shall seek federal approval of a Section 1915(i) state plan option for home and community-based services for individuals diagnosed with Phelan-McDermid Syndrome. Financial eligibility for Medicaid benefits under this plan option will be determined in the same manner as the home and community-based services waiver for persons with developmental disabilities.*

Section 10. Present subsection (12) of section 409.907, Florida Statutes, is redesignated as subsection (13), and a new subsection (12) is added to that subsection, to read:

409.907 Medicaid provider agreements.—The agency may make payments for medical assistance and related services rendered to Medicaid recipients only to an individual or entity who has a provider agreement in effect with the agency, who is performing services or supplying goods in accordance with federal, state, and local law, and who agrees that no person shall, on the grounds of handicap, race, color, or national origin, or for any other reason, be subjected to discrimination under any program or activity for which the provider receives payment from the agency.

(12) *In accordance with 42 C.F.R. s. 433.318(d)(2)(ii), the agency may certify that a provider is out of business and that any overpayments made to the provider cannot be collected under state law.*

Section 11. Section 409.9072, Florida Statutes, is created to read:

409.9072 *Medicaid provider agreements for charter schools and private schools.—*

(1) *Subject to a specific appropriation by the Legislature, the agency shall reimburse private schools as defined in s. 1002.01 and schools designated as charter schools under s. 1002.33 which are Medicaid providers for school-based services pursuant to the rehabilitative services option provided under 42 U.S.C. s. 1396d(a)(13) to children younger than 21 years of age with specified disabilities who are eligible for both Medicaid and part B or part H of the Individuals with Disabilities Education Act (IDEA) or the exceptional student education program, or who have an individualized educational plan.*

(2) *Schools that wish to enroll as Medicaid providers and receive Medicaid reimbursement under this section must apply to the agency for a provider agreement and must agree to:*

(a) *Verify Medicaid eligibility. The agency shall work cooperatively with a private school or a charter school that is a Medicaid provider to facilitate the school’s verification of Medicaid eligibility.*

(b) Develop and maintain the financial and individual education plan records needed to document the appropriate use of state and federal Medicaid funds.

(c) Comply with all state and federal Medicaid laws, rules, regulations, and policies, including, but not limited to, those related to the confidentiality of records and freedom of choice of providers.

(d) Be responsible for reimbursing the cost of any state or federal disallowance that results from failure to comply with state or federal Medicaid laws, rules, or regulations.

(3) The types of school-based services for which schools may be reimbursed under this section are those included in s. 1011.70(1). Private schools and charter schools may not be reimbursed by the agency for providing services that are excluded by that subsection.

(4) Within 90 days after a private school or a charter school applies to enroll as a Medicaid provider under this section, the agency may conduct a review to ensure that the school has the capability to comply with its responsibilities under subsection (2). A finding by the agency that the school has the capability to comply does not relieve the school of its responsibility to correct any deficiencies or to reimburse the cost of the state or federal disallowances identified pursuant to any subsequent state or federal audits.

(5) For reimbursements to private schools and charter schools under this section, the agency shall apply the reimbursement schedule developed under s. 409.9071(5). Health care practitioners engaged by a school to provide services under this section must be enrolled as Medicaid providers and meet the qualifications specified under 42 C.F.R. s. 440.110, as applicable. Each school's continued participation in providing Medicaid services under this section is contingent upon the school providing to the agency an annual accounting of how the Medicaid reimbursements are used.

(6) For Medicaid provider agreements issued under this section, the agency's and the school's confidentiality is waived in relation to the state's efforts to control Medicaid fraud. The agency and the school shall provide any information or documents relating to this section to the Medicaid Fraud Control Unit in the Department of Legal Affairs, upon request, pursuant to the Attorney General's authority under s. 409.920.

Section 12. Effective July 1, 2017, paragraph (c) of subsection (23) of section 409.908, Florida Statutes, is amended to read:

409.908 Reimbursement of Medicaid providers.—Subject to specific appropriations, the agency shall reimburse Medicaid providers, in accordance with state and federal law, according to methodologies set forth in the rules of the agency and in policy manuals and handbooks incorporated by reference therein. These methodologies may include fee schedules, reimbursement methods based on cost reporting, negotiated fees, competitive bidding pursuant to s. 287.057, and other mechanisms the agency considers efficient and effective for purchasing services or goods on behalf of recipients. If a provider is reimbursed based on cost reporting and submits a cost report late and that cost report would have been used to set a lower reimbursement rate for a rate semester, then the provider's rate for that semester shall be retroactively calculated using the new cost report, and full payment at the recalculated rate shall be effected retroactively. Medicare-granted extensions for filing cost reports, if applicable, shall also apply to Medicaid cost reports. Payment for Medicaid compensable services made on behalf of Medicaid eligible persons is subject to the availability of moneys and any limitations or directions provided for in the General Appropriations Act or chapter 216. Further, nothing in this section shall be construed to prevent or limit the agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, or number of services, or making any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act, provided the adjustment is consistent with legislative intent.

(23)

(c) This subsection applies to the following provider types:

1. Inpatient hospitals.
2. Outpatient hospitals.

~~3. Nursing homes.~~

3.4. County health departments.

4.5. Prepaid health plans.

Section 13. Paragraph (a) of subsection (2) of section 409.909, Florida Statutes, is amended to read:

409.909 Statewide Medicaid Residency Program.—

(2) On or before September 15 of each year, the agency shall calculate an allocation fraction to be used for distributing funds to participating hospitals. On or before the final business day of each quarter of a state fiscal year, the agency shall distribute to each participating hospital one-fourth of that hospital's annual allocation calculated under subsection (4). The allocation fraction for each participating hospital is based on the hospital's number of full-time equivalent residents and the amount of its Medicaid payments. As used in this section, the term:

(a) "Full-time equivalent," or "FTE," means a resident who is in his or her residency period, with the initial residency period defined as the minimum number of years of training required before the resident may become eligible for board certification by the American Osteopathic Association Bureau of Osteopathic Specialists or the American Board of Medical Specialties in the specialty in which he or she first began training, not to exceed 5 years. The residency specialty is defined as reported using the current residency type codes in the Intern and Resident Information System (IRIS), required by Medicare. A resident training beyond the initial residency period is counted as 0.5 FTE, unless his or her chosen specialty is in primary care, in which case the resident is counted as 1.0 FTE. For the purposes of this section, primary care specialties include:

1. Family medicine;
2. General internal medicine;
3. General pediatrics;
4. Preventive medicine;
5. Geriatric medicine;
6. Osteopathic general practice;
7. Obstetrics and gynecology;
8. Emergency medicine; ~~and~~
9. General surgery; *and*
10. Psychiatry.

Section 14. Paragraph (a) of subsection (2) of section 409.911, Florida Statutes, is amended, and subsection (10) is added to that section, to read:

409.911 Disproportionate share program.—Subject to specific allocations established within the General Appropriations Act and any limitations established pursuant to chapter 216, the agency shall distribute, pursuant to this section, moneys to hospitals providing a disproportionate share of Medicaid or charity care services by making quarterly Medicaid payments as required. Notwithstanding the provisions of s. 409.915, counties are exempt from contributing toward the cost of this special reimbursement for hospitals serving a disproportionate share of low-income patients.

(2) The Agency for Health Care Administration shall use the following actual audited data to determine the Medicaid days and charity care to be used in calculating the disproportionate share payment:

(a) The average of the 2007, 2008, and 2009 audited disproportionate share data to determine each hospital's Medicaid days and charity care for the 2016-2017 ~~2015-2016~~ state fiscal year.

(10) Notwithstanding the provisions of this section to the contrary, for the 2016-2017 state fiscal year, the agency shall distribute moneys to hospitals providing a disproportionate share of Medicaid or charity care services as provided in the 2016-2017 General Appropriations Act.

Section 15. Subsection (3) is added to section 409.9113, Florida Statutes, to read:

409.9113 Disproportionate share program for teaching hospitals.—In addition to the payments made under s. 409.911, the agency shall make disproportionate share payments to teaching hospitals, as defined in s. 408.07, for their increased costs associated with medical education programs and for tertiary health care services provided to the indigent. This system of payments must conform to federal requirements and distribute funds in each fiscal year for which an appropriation is made by making quarterly Medicaid payments. Notwithstanding s. 409.915, counties are exempt from contributing toward the cost of this special reimbursement for hospitals serving a disproportionate share of low-income patients. The agency shall distribute the moneys provided in the General Appropriations Act to statutorily defined teaching hospitals and family practice teaching hospitals, as defined in s. 395.805, pursuant to this section. The funds provided for statutorily defined teaching hospitals shall be distributed as provided in the General Appropriations Act. The funds provided for family practice teaching hospitals shall be distributed equally among family practice teaching hospitals.

(3) *Notwithstanding the provisions of this section to the contrary, for the 2016-2017 state fiscal year, the agency shall make disproportionate share payments to teaching hospitals, as defined in s. 408.07, as provided in the 2016-2017 General Appropriations Act.*

Section 16. Subsection (3) is added to section 409.9115, Florida Statutes, to read:

409.9115 Disproportionate share program for mental health hospitals.—The Agency for Health Care Administration shall design and implement a system of making mental health disproportionate share payments to hospitals that qualify for disproportionate share payments under s. 409.911. This system of payments shall conform with federal requirements and shall distribute funds in each fiscal year for which an appropriation is made by making quarterly Medicaid payments. Notwithstanding s. 409.915, counties are exempt from contributing toward the cost of this special reimbursement for patients.

(3) *Notwithstanding the provisions of this section to the contrary, for the 2016-2017 state fiscal year, for hospitals that qualify under subsection (2), the agency shall distribute funds for the disproportionate share program for mental health hospitals in the same manner as in the 2015-2016 state fiscal year.*

Section 17. Subsection (4) is added to section 409.9119, Florida Statutes, to read:

409.9119 Disproportionate share program for specialty hospitals for children.—In addition to the payments made under s. 409.911, the Agency for Health Care Administration shall develop and implement a system under which disproportionate share payments are made to those hospitals that are licensed by the state as specialty hospitals for children and were licensed on January 1, 2000, as specialty hospitals for children. This system of payments must conform to federal requirements and must distribute funds in each fiscal year for which an appropriation is made by making quarterly Medicaid payments. Notwithstanding s. 409.915, counties are exempt from contributing toward the cost of this special reimbursement for hospitals that serve a disproportionate share of low-income patients. The agency may make disproportionate share payments to specialty hospitals for children as provided for in the General Appropriations Act.

(4) *Notwithstanding the provisions of this section to the contrary, for the 2016-2017 state fiscal year, for hospitals achieving full compliance under subsection (3), the agency shall make disproportionate share payments to specialty hospitals for children as provided in the 2016-2017 General Appropriations Act.*

Section 18. Subsection (5) of section 409.9128, Florida Statutes, is amended to read:

409.9128 Requirements for providing emergency services and care.—

(5) Reimbursement for services provided to an enrollee of a managed care plan under this section by a provider who does not have a contract with the managed care plan shall be the lesser of:

- (a) The provider's charges;
- (b) The usual and customary provider charges for similar services in the community where the services were provided;
- (c) The charge mutually agreed to by the entity and the provider within 60 days after submittal of the claim; or
- (d) The Medicaid rate, *as provided in s. 409.967(2)(b).*

Section 19. Paragraph (b) of subsection (2) of section 409.967, Florida Statutes, is amended to read:

409.967 Managed care plan accountability.—

(2) The agency shall establish such contract requirements as are necessary for the operation of the statewide managed care program. In addition to any other provisions the agency may deem necessary, the contract must require:

(b) Emergency services.—Managed care plans shall pay for services required by ss. 395.1041 and 401.45 and rendered by a noncontracted provider. The plans must comply with s. 641.3155. Reimbursement for services under this paragraph is the lesser of:

1. The provider's charges;
2. The usual and customary provider charges for similar services in the community where the services were provided;
3. The charge mutually agreed to by the entity and the provider within 60 days after submittal of the claim; or

4. *The Medicaid rate, which, for the purposes of this paragraph, means the amount the provider would collect from the agency on a fee-for-service basis, less any amounts for the indirect costs of medical education and the direct costs of graduate medical education that are otherwise included in the agency's fee-for-service payment, as required under 42 U.S.C. s. 1396u-2(b)(2)(D). ~~The rate the agency would have paid on the most recent October 1st.~~*

For the purpose of establishing the amounts specified in subparagraph 4., the agency shall publish on its website annually, or more frequently as needed, the applicable fee-for-service fee schedules and their effective dates, less any amounts for indirect costs of medical education and direct costs of graduate medical education that are otherwise included in the agency's fee-for-service payments.

Section 20. Present subsection (4) of section 409.968, Florida Statutes, is redesignated as subsection (5) and a new subsection (4) is added to that section, to read:

409.968 Managed care plan payments.—

(4)(a) *Subject to a specific appropriation and federal approval under s. 409.906(13)(e), the agency shall establish a payment methodology to fund managed care plans for flexible services for persons with severe mental illness and substance abuse disorders, including, but not limited to, temporary housing assistance. A managed care plan eligible for these payments must do all of the following:*

1. *Participate as a specialty plan for severe mental illness or substance abuse disorders or participate in counties designated by the General Appropriations Act;*
2. *Include providers of behavioral health services pursuant to chapters 394 and 397 in the managed care plan's provider network; and*
3. *Document a capability to provide housing assistance through agreements with housing providers, relationships with local housing coalitions, and other appropriate arrangements.*

(b) *After receiving payments authorized by this section for at least 1 year, a managed care plan must document the results of its efforts to maintain the target population in stable housing up to the maximum duration allowed under federal approval.*

Section 21. Subsections (1) and (6) of section 409.975, Florida Statutes, are amended to read:

409.975 Managed care plan accountability.—In addition to the requirements of s. 409.967, plans and providers participating in the managed medical assistance program shall comply with the requirements of this section.

(1) PROVIDER NETWORKS.—Managed care plans must develop and maintain provider networks that meet the medical needs of their enrollees in accordance with standards established pursuant to s. 409.967(2)(c). Except as provided in this section, managed care plans may limit the providers in their networks based on credentials, quality indicators, and price.

(a) Plans must include all providers in the region that are classified by the agency as essential Medicaid providers, unless the agency approves, in writing, an alternative arrangement for securing the types of services offered by the essential providers. Providers are essential for serving Medicaid enrollees if they offer services that are not available from any other provider within a reasonable access standard, or if they provided a substantial share of the total units of a particular service used by Medicaid patients within the region during the last 3 years and the combined capacity of other service providers in the region is insufficient to meet the total needs of the Medicaid patients. The agency may not classify physicians and other practitioners as essential providers. The agency, at a minimum, shall determine which providers in the following categories are essential Medicaid providers:

1. Federally qualified health centers.
2. Statutory teaching hospitals as defined in s. 408.07(45).
3. Hospitals that are trauma centers as defined in s. 395.4001(14).
4. Hospitals located at least 25 miles from any other hospital with similar services.

Managed care plans that have not contracted with all essential providers in the region as of the first date of recipient enrollment, or with whom an essential provider has terminated its contract, must negotiate in good faith with such essential providers for 1 year or until an agreement is reached, whichever is first. Payments for services rendered by a nonparticipating essential provider shall be made at the applicable Medicaid rate as of the first day of the contract between the agency and the plan. A rate schedule for all essential providers shall be attached to the contract between the agency and the plan. After 1 year, managed care plans that are unable to contract with essential providers shall notify the agency and propose an alternative arrangement for securing the essential services for Medicaid enrollees. The arrangement must rely on contracts with other participating providers, regardless of whether those providers are located within the same region as the nonparticipating essential service provider. If the alternative arrangement is approved by the agency, payments to nonparticipating essential providers after the date of the agency's approval shall equal 90 percent of the applicable Medicaid rate. *Except for payment for emergency services*, if the alternative arrangement is not approved by the agency, payment to nonparticipating essential providers shall equal 110 percent of the applicable Medicaid rate.

(b) Certain providers are statewide resources and essential providers for all managed care plans in all regions. All managed care plans must include these essential providers in their networks. Statewide essential providers include:

1. Faculty plans of Florida medical schools.
2. Regional perinatal intensive care centers as defined in s. 383.16(2).
3. Hospitals licensed as specialty children's hospitals as defined in s. 395.002(28).
4. Accredited and integrated systems serving medically complex children *which comprise that are comprised of* separately licensed, but commonly owned, health care providers delivering at least the following services: medical group home, in-home and outpatient nursing care and therapies, pharmacy services, durable medical equipment, and Prescribed Pediatric Extended Care.

Managed care plans that have not contracted with all statewide essential providers in all regions as of the first date of recipient enroll-

ment must continue to negotiate in good faith. Payments to physicians on the faculty of nonparticipating Florida medical schools shall be made at the applicable Medicaid rate. Payments for services rendered by regional perinatal intensive care centers shall be made at the applicable Medicaid rate as of the first day of the contract between the agency and the plan. *Except for payments for emergency services*, payments to nonparticipating specialty children's hospitals shall equal the highest rate established by contract between that provider and any other Medicaid managed care plan.

(c) After 12 months of active participation in a plan's network, the plan may exclude any essential provider from the network for failure to meet quality or performance criteria. If the plan excludes an essential provider from the plan, the plan must provide written notice to all recipients who have chosen that provider for care. The notice shall be provided at least 30 days before the effective date of the exclusion. *For the purposes of this paragraph, the term "essential provider" includes providers determined by the agency to be essential Medicaid providers under paragraph (a) and the statewide essential providers specified in paragraph (b).*

(d) *The applicable Medicaid rates for emergency services paid by a plan under this section to a provider with which the plan does not have an active contract, shall be determined under the requirements of s. 409.967(2)(b).*

(e) Each managed care plan must offer a network contract to each home medical equipment and supplies provider in the region which meets quality and fraud prevention and detection standards established by the plan and which agrees to accept the lowest price previously negotiated between the plan and another such provider.

(6) PROVIDER PAYMENT.—Managed care plans and hospitals shall negotiate mutually acceptable rates, methods, and terms of payment. ~~For rates, methods, and terms of payment negotiated after the contract between the agency and the plan is executed, plans shall pay hospitals, at a minimum, the rate the agency would have paid on the first day of the contract between the provider and the plan. DISCLOSURE

I have an ownership interest in Caregivers Inc., a company based in Pensacola, Florida. The company provides services to the elderly and the disabled and a minority of its revenues are derived from reimbursements from the Escambia County Council on Aging and the Florida Medicaid program. Because Caregivers Inc. is among a class of health care providers receiving funds from such state sources, it appears to me that the company may be affected by **SB 2500/HB 5001**, **SB 2502/HB 5003**, and **SB 2508/HB 5101** which come before the Senate for a vote on February 11, 2016.

Therefore, I believe that, because Caregivers Inc. is a member of such class, I am required by Senate Rule 1.39 to disclose the above facts.

Senator Don Gaetz, 1st District

PRAYER

The following prayer was offered by Father Matthew Busch, Parochial Vicar, Blessed Sacrament Parish, Tallahassee:

Lord God, our creator and our sustainer, you are the alpha and the omega, the source of all that is. We thank you for the gift of life, for our families, for our great State of Florida, for this blessed country, for the people you place in our care, and for the opportunity to serve them in this place. Help us to use our gifts for the good of our brothers and sisters with whom we share a common home and grant us your protection during times of trouble.

You have made us out of nothing, and so we know that you have the power to fix anything that is broken, to restore anything that is lost, and to heal anyone who is wounded. Grant us the grace to see you in the face of every person we encounter this day so that we may more eagerly tend to their needs. Strengthen the trust we have in you so that your children may live in joy and in peace.

May almighty God bless you all, now and forever. Amen.

a. The credit shall be computed as 50 percent of the person's approved annual community contribution.

b. The credit shall be granted as a refund against state sales and use taxes reported on returns and remitted in the 12 months preceding the date of application to the department for the credit as required in sub-subparagraph 3.c. If the annual credit is not fully used through such refund because of insufficient tax payments during the applicable 12-month period, the unused amount may be included in an application for a refund made pursuant to sub-subparagraph 3.c. in subsequent years against the total tax payments made for such year. Carryover credits may be applied for a 3-year period without regard to any time limitation that would otherwise apply under s. 215.26.

c. A person may not receive more than \$200,000 in annual tax credits for all approved community contributions made in any one year.

d. All proposals for the granting of the tax credit require the prior approval of the Department of Economic Opportunity.

e. The total amount of tax credits which may be granted for all programs approved under this paragraph, s. 220.183, and s. 624.5105 is \$18.4 million in the 2015-2016 fiscal year, \$21.4 million in the 2016-2017 fiscal year, and \$21.4 million in the 2017-2018 fiscal year for projects that provide housing opportunities for persons with special needs or homeownership opportunities for low-income households or very-low-income households and \$3.5 million annually for all other projects. As used in this paragraph, the term "person with special needs" has the same meaning as in s. 420.0004 and the terms "low-income person," "low-income household," "very-low-income person," and "very-low-income household" have the same meanings as in s. 420.9071.

f. A person who is eligible to receive the credit provided in this paragraph, s. 220.183, or s. 624.5105 may receive the credit only under one section of the person's choice.

a. A community contribution by a person must be in the following form:

(I) Cash or other liquid assets;

(II) Real property;

(III) Goods or inventory; or

(IV) Other physical resources identified by the Department of Economic Opportunity.

b. All community contributions must be reserved exclusively for use in a project. As used in this sub-subparagraph, the term "project" means activity undertaken by an eligible sponsor which is designed to construct, improve, or substantially rehabilitate housing that is affordable to low-income households or very-low-income households; designed to provide housing opportunities for persons with special needs; designed to provide commercial, industrial, or public resources and facilities; or designed to improve entrepreneurial and job-development opportunities for low-income persons. A project may be the investment necessary to increase access to high-speed broadband capability in a rural community that had an enterprise zone designated pursuant to chapter 290 as of May 1, 2015, including projects that result in improvements to communications assets that are owned by a business. A project may include the provision of museum educational programs and materials that are directly related to a project approved between January 1, 1996, and December 31, 1999, and located in an area which was in an enterprise zone designated pursuant to s. 290.0065 as of May 1, 2015. This paragraph does not preclude projects that propose to construct or rehabilitate housing for low-income households or very-low-income households on scattered sites or housing opportunities for persons with special needs. With respect to housing, contributions may be used to pay the following eligible special needs, low-income, and very-low-income housing-related activities:

(I) Project development impact and management fees for special needs, low-income, or very-low-income housing projects;

(II) Down payment and closing costs for persons with special needs, low-income persons, and very-low-income persons;

(IV) Removal of liens recorded against residential property by municipal, county, or special district local governments if satisfaction of the lien is a necessary precedent to the transfer of the property to a low-income person or very-low-income person for the purpose of promoting home ownership. Contributions for lien removal must be received from a nonrelated third party.

c. The project must be undertaken by an "eligible sponsor," which includes:

(I) A community action program;

(II) A nonprofit community-based development organization whose mission is the provision of housing for persons with special needs, low-income households, or very-low-income households or increasing entrepreneurial and job-development opportunities for low-income persons;

(X) A community-based organization incorporated under chapter 617 which is recognized as educational, charitable, or scientific pursuant to s. 501(c)(3) of the Internal Revenue Code and whose bylaws and articles of incorporation include affordable housing, economic development, or community development as the primary mission of the corporation;

(XI) Units of local government;

(XII) Units of state government; or

(XIII) Any other agency that the Department of Economic Opportunity designates by rule.

A contributing person may not have a financial interest in the eligible sponsor.

d. The project must be located in an area which was in an enterprise zone designated pursuant to chapter 290 as of May 1, 2015, or a Front Porch Florida Community, unless the project increases access to high-speed broadband capability in a rural community that had an enterprise zone designated pursuant to chapter 290 as of May 1, 2015, but is physically located outside the designated rural zone boundaries. Any project designed to construct or rehabilitate housing for low-income households or very-low-income households or housing opportunities for persons with special needs is exempt from the area requirement of this sub-subparagraph.

e.(I) If, during the first 10 business days of the state fiscal year, eligible tax credit applications for projects that provide housing opportunities for persons with special needs or homeownership opportunities for low-income households or very-low-income households are received for less than the annual tax credits available for those projects, the Department of Economic Opportunity shall grant tax credits for those applications and grant remaining tax credits on a first-come, first-served basis for subsequent eligible applications received before the end of the state fiscal year. If, during the first 10 business days of the state fiscal year, eligible tax credit applications for projects that provide housing opportunities for persons with special needs or homeownership opportunities for low-income households or very-low-income households are received for more than the annual tax credits available for those projects, the Department of Economic Opportunity shall grant the tax credits for those applications as follows:

(A) If tax credit applications submitted for approved projects of an eligible sponsor do not exceed \$200,000 in total, the credits shall be granted in full if the tax credit applications are approved.

PRAYER

The following prayer was offered by LaQuisha Persak, an employee with the Office of the Secretary of the Senate:

Heavenly Father, we come before you today with gratitude and a humble heart, for you, in your divine wisdom, saw it fit for us to be present today. We thank you for all of our leaders in government, but specifically, we thank you for our State Senators. We thank you for you have called them here for a time such as this.

Lord, we pray that you guide them today with a spirit of wisdom as they consider important state business that is before them. Why pray for wisdom? Because wisdom is the ability to judge correctly and to follow the best course of action based on the knowledge and understanding of a thing.

Proverbs 4:7 states that, "Wisdom is the principal thing and that in all of our getting, to get understanding."

James 1:5 encourages us, "If you need wisdom, ask our generous God, and he will give it to you. He will not rebuke you for asking."

So God, we are asking for your wisdom today. We thank you for both hearing and answering our prayer today. In your son's name I pray. Amen.

PLEDGE

Senate Pages, David Howle of Pahokee; Kiara Thompson, Senator Thompson's granddaughter, of Tallahassee; Emily Mauch of Green Cove Springs; Carly Ritterband of Niceville; and Alyssa Chunn of Monticello, led the Senate in the Pledge of Allegiance to the flag of the United States of America.

(a)1. *The department shall identify acceptable accreditations which address coordination within a network and, if possible, between the network and major systems and programs with which the network interacts, such as the child welfare system, state courts system, and the Medicaid program. In identifying acceptable accreditations, the department shall consider whether the accreditation facilitates integrated strategic planning, resource coordination, technology integration, performance measurement, and increased value to consumers through choice of access to services, improved coordination of services, and effectiveness and efficiency of service delivery.*

2. *All managing entities under contract as of July 1, 2016, shall earn accreditation deemed acceptable by the department pursuant to paragraph (a) by June 30, 2019. Pursuant to paragraph (4)(j) above, the department may continue the contract of a managing entity that earns the network accreditation within the required timeframe and maintains it throughout the contract term.*

(b) *If no accreditations are available or deemed acceptable which address coordination between the network and other major systems and programs, by July 1, 2017, for managing entities under contract as of July 1, 2016, and within one year after the contract execution date for managing entities initially under contract after that date, each managing entity shall enter into a memorandum of understanding detailing mechanisms for communication and coordination with any community-based care lead agencies, state court system, sheriff's offices, public defenders, offices of regional conflict counsel Medicaid managed medical assistance plans, and homeless coalitions in its service area. Such entities shall cooperate with the managing entities in entering into such memoranda.*

(c) *By February 1 of each year, beginning in 2018, each managing entity shall develop and submit to the department a plan for the enhancement of the behavioral health system of care of the managing entity's service area, if appropriate, based on the assessed behavioral health care needs of the service area. Individual sections of the plan shall address:*

2. Treatment and recovery services, and shall emphasize the provision of care coordination and the use of recovery-oriented, peer-involved approaches.

3. Coordination between the behavioral health system of care and other systems such as the child welfare system, state courts system and Medicaid program.

(d) If the plan recommends additional funding, the plan shall describe, at a minimum, the specific needs that would be met, the specific services that would be purchased, the estimated benefits of the services, the projected costs, the projected number of individuals that would be served, and any other information indicating the estimated benefit to the community. The managing entity shall include consumers and their family members, local governments, law enforcement agencies, providers, community partners, and other stakeholders when developing the plan.

(e) Subject to a specific appropriation by the Legislature, the department may award system improvement grants to managing entities based on the submission of the plans as described and required in paragraphs (c) and (d).

(7) PERFORMANCE MEASUREMENT AND ACCOUNTABILITY.—

(a) Managing entities shall collect and submit data to the department regarding persons served, outcomes of persons served, costs of services provided through the department's contract, and other data as required by the department.

(b) The department shall evaluate the managing entity's performance and the overall progress made by the managing entity, together with other systems, in meeting the community's behavioral health needs, based on consumer-centered outcome measures that reflect national standards, if possible, and that can dependably be measured. 2. The improvement in the overall behavioral health of a community.
3. The improvement in functioning or progress in the recovery of individuals served by the managing entity, as determined using person-centered measures tailored to the population.
4. The success of strategies to divert admissions to acute levels of care, jails, prisons, and forensic facilities as measured by, at a minimum, the total number of percentage of clients who, during a specified period, experience multiple admissions to acute levels of care, jails, prisons, or forensic facilities.
5. Consumer and family satisfaction.
6. The satisfaction of key community constituencies such as law enforcement agencies, juvenile justice agencies, the state courts system, school districts, local government entities, hospitals, and others as appropriate for the geographical area of the managing entity.

(c) A managing entity shall require providers specified in paragraph (1)(a) to submit data, on a monthly basis, to the managing entity which aggregates the daily data submitted under paragraph (b). The managing entity shall reconcile the data in the monthly submission to the data received by the managing entity under paragraph (b) to check for consistency. If the monthly aggregate data submitted by a provider under this paragraph are inconsistent with the daily data submitted under paragraph (b), the managing entity shall consult with the provider to make corrections necessary to ensure accurate data.

If the annual aggregate data submitted by a provider under this paragraph are inconsistent with the data received and reconciled under paragraph (c), the managing entity shall consult with the provider to make corrections necessary to ensure accurate data.

(e) After ensuring the accuracy of data pursuant to paragraphs (c) and (d), the managing entity shall submit the data to the department on a monthly and an annual basis. The department shall create a statewide database for the data described under paragraph (b) and submitted under this paragraph for the purpose of analyzing the payments for and the use of crisis stabilization services funded by the Baker Act and detoxification and addictions receiving services provided pursuant to parts IV and V of chapter 397 on a statewide basis and on an individual provider basis.

Failure by a licensee to meet the required percentage of food and nonalcoholic beverage gross revenues during the covered operating period shall result in revocation of the license or denial of the pending license application. A licensee whose license is revoked or an applicant whose pending application is denied, or any person required to qualify on the special license application, is ineligible to have any interest in a subsequent application for such a license for a period of 120 days after the date of the final denial or revocation; or~~

5. Any caterer, deriving at least 51 percent of its gross revenue from the sale of food and nonalcoholic beverages, licensed by the Division of Hotels and Restaurants under chapter 509. Notwithstanding any other provision of law to the contrary, a licensee under this subparagraph shall sell or serve alcoholic beverages only for consumption on the premises of a catered event at which the licensee is also providing prepared food, and shall prominently display its license at any catered event at which the caterer is selling or serving alcoholic beverages. A licensee under this subparagraph may not store any alcoholic beverages to be sold or served at a catered event. Regardless of the county or counties in which the licensee operates, a licensee under this subparagraph shall pay the annual state license tax set forth in s. 565.02(1)(b). A licensee under this subparagraph must

Notwithstanding any provision of law to the contrary, any vendor licensed under s. 565.02(1) subject to the limitation imposed in subsection (1), may, without any additional licensure under this subparagraph, serve or sell alcoholic beverages for consumption on the premises of a catered event at which prepared food is provided by a caterer licensed under chapter 509. If a licensee under this subparagraph also possesses any other license under the Beverage Law, the license issued under this subparagraph shall not authorize the holder to conduct activities on the premises to which the other license or licenses apply that would otherwise be prohibited by the terms of that license or the Beverage Law. Nothing in this section shall permit the licensee to conduct activities that are otherwise prohibited by the Beverage Law or local law. The Division of Alcoholic Beverages and Tobacco is hereby authorized to adopt rules to administer the license created in this subparagraph, to include rules governing licensure, recordkeeping, and enforcement. The first \$300,000 in fees collected by the division each fiscal year pursuant to this subparagraph shall be deposited in the Department of Children and Families' Operations and Maintenance Trust Fund to be used only for alcohol and drug abuse education, treatment, and prevention programs. The remainder of the fees collected shall be deposited into the Hotel and Restaurant Trust Fund created pursuant to s. 509.072.

However, any license heretofore issued to any such hotel, motel, motor court, or restaurant or hereafter issued to any such hotel, motel, or motor court, including a condominium accommodation, under the general law shall not be moved to a new location, such license being valid only on the premises of such hotel, motel, motor court, or restaurant. Licenses issued to hotels, motels, motor courts, or restaurants under the general law and held by such hotels, motels, motor courts, or restaurants on May 24, 1947, shall be counted in the quota limitation contained in subsection (1). Any license issued for any hotel, motel, or motor court under the provisions of this law shall be issued only to the owner of the hotel, motel, or motor court or, in the event the hotel, motel, or motor court is leased, to the lessee of the hotel, motel, or motor court; and the license shall remain in the name of the owner or lessee so long as the license is in existence. Any special license now in existence heretofore issued under the provisions of this law cannot be renewed except in the name of the owner of the hotel, motel, motor court, or restaurant or, in the event the hotel, motel, motor court, or restaurant is leased, in the name of the lessee of the hotel, motel, motor court, or restaurant in which the license is located and must remain in the name of the owner or lessee so long as the license is in existence. Any license issued under this section shall be marked "Special," and nothing herein provided shall limit, restrict, or prevent the issuance of a special license for any restaurant or motel which shall hereafter meet the requirements of the law existing immediately prior to the effective date of this act, if construction of such restaurant has commenced prior to the effective date of this act and is completed within 30 days thereafter, or if an application is on file for such special license at the time this act takes effect; and any such licenses issued under this proviso may be annually renewed as now provided by law. Nothing herein prevents an application for transfer of a license to a bona fide purchaser of any hotel, motel, motor court, or restaurant by the purchaser of such facility or the transfer of such license pursuant to law.

And the title is amended as follows:

Between lines 10 and 11 insert: 561.20, F.S.; providing that a license must be revoked or a pending application must be denied under certain circumstances; providing that certain licensees or applicants are not eligible to have an interest in a subsequent license under certain circumstances for a specified timeframe; amending s.

Any attempt by a licensee to circumvent the intent of this law shall be grounds for revocation or suspension of the alcoholic beverage license. ~~The division may, upon written request of the licensee, give a written waiver of this requirement for a period not to exceed 12 months in cases where the licensee demonstrates that the licensed premises has been physically destroyed through no fault of the licensee, when the licensee has suffered an incapacitating illness or injury which is likely to be prolonged, or when the licensed premises has been prohibited from making sales as a result of any action of any court of competent jurisdiction. Any waiver given pursuant to this subsection may be continued upon subsequent written request showing that substantial progress has been made toward restoring the licensed premises to a condition suitable for the resumption of sales or toward allowing for a court having jurisdiction over the premises to release said jurisdiction, or that an incapacitating illness or injury continues to exist. However, in no event may the waivers necessitated by any one occurrence cumulatively total more than 24 months. Every A licensee shall notify the division in writing of any period during which his or her license is inactive and place the physical license with the division to be held in an inactive status. For the purpose of calculating compliance with the requirements of this paragraph, a license that is acquired in a transaction that is not an arm's length transaction, including transfers from relatives, affiliates, subsidiaries, and other related entities, retains and is subject to the first related transferor's date of acquisition and related periods of operation. The division shall, upon written request of the licensee, grant a one-time written waiver or extension of the requirements of this paragraph for a period not to exceed 12 months. Start program, the newborn screening program, and the Blind Babies Program.

PRAYER

The following prayer was offered by Deacon Wallace Brown, Pilgrim Rest Missionary Baptist Church, Havana, a long-time employee of the Office of the Senate Sergeant at Arms:

Almighty God, we live, move, and have our being through you. You have made us for the purpose of serving you. Let us not rest in our hearts until we seek and find you.

Strengthen our hearts so that nothing may hinder us from knowing thy will. Let your light shine so that we may see and serve you with freedom. Lord, if our hearts are weak, strengthen them with your spirit. If our hearts are empty, fill them with your presence. If our hearts are sinful, cleanse them with your blood. If our hearts are cold, warm them with your unselfish love.

Lord, look down on us today and every day. Bless us with the blessings we stand in need of. We magnify your holy name through Jesus Christ. Amen.

PRAYER

The following prayer was offered by Donny Bennett, an employee with the Office of the Senate Sergeant at Arms:

John 3:16 says, "For God so loved the world that he gave his only begotten son, that whosoever believeth in him should not perish but have everlasting life."

Heavenly Father, many of us are in battles that we feel we can't win. From broken marriages, lost loved ones, family sickness, loneliness, depression, the list goes on and on. Jesus, wrap your arms around us. Remind us that you are the creator of heaven and earth, and all we have to do is trust, believe, and have faith in you. There are no battles you can't win, there are no families you can't restore, and there is no sickness you can't heal. You said if we have faith as small as a mustard seed that we can say to the mountain, "Move from here to there," and it will move.

Lord, we pray that you will give us all humility so that we may remember the simplicity of true greatness and from where it comes, the open minds of mercy and the strength of wisdom and meekness. You see our tears, you feel our pain, and you always hear our prayers. Thank you for never leaving our side and always loving us. It is in your precious, holy name we pray. Amen.

PLEDGE

Senate Pages, Emma King of Bradenton; Lauren Story of Apopka; and Savannah Sapp of Tallahassee, led the Senate in the Pledge of Allegiance to the flag of the United States of America.

Dear President Gardiner:

The following Notaries Public were suspended by Executive Order of the Governor. Those Executive Orders were referred to the Senate Committee on Ethics and Elections for action pursuant to Rule 12.7 of the Rules of the Florida Senate. Each of these individuals was advised of his or her right to a hearing and that failure to request a hearing within 30 days would constitute a waiver of the right to a hearing. None of these individuals requested a hearing. Therefore, each of the individuals has waived his or her right to a hearing. The following is a list of the Notaries Public:

<u>Executive Order Number</u>	<u>Notary Public</u>
1) EO 2013-254	Baddorf, Doris
2) EO 2014-13	Candelario, Elsa

The Honorable Andy Gardiner
President of the Senate
409, The Capitol
Tallahassee, FL 32399-1100

March 2, 2016

Dear President Gardiner:

The following Notaries Public were suspended by Executive Order of the Governor. Those Executive Orders were referred to the Senate Committee on Ethics and Elections for action pursuant to Rule 12.7 of the Rules of the Florida Senate. Notaries Public are required by s. 117.01, F.S., to update the Florida Department of State with a change of address if they move. Failure to do so is a legal basis for removal. The Committee attempted to contact each of these individuals via certified

mail to advise each of his or her right to a hearing and that failure to request a hearing within 30 days would constitute a waiver of the right to a hearing. At least two certified mailings were sent to each individual. All attempts were unsuccessful and no further contact information is known. In light of the foregoing, in addition to the grounds for suspension alleged in each Executive Order, each of the individuals has neglected his or her public duties as a Notary Public. The following is a list of the Notaries Public:

<u>Executive Order Number</u>	<u>Notary Public</u>
1) EO 2013-134	Martinez, Mercedes
2) EO 2013-259	Owens, Sherri
3) EO 2013-274	Brown, Heather
4) EO 2013-330	Lollie, Tanya C.
5) EO 2014-63	Harris, Angela
6) EO 2014-64	Davidson, Angelic D.
7) EO 2014-71	Christensen, Lauri
8) EO 2014-72	Velez, Kesia
9) EO 2014-113	Horton, Erin M.

In light of the fact that each of the aforementioned Notaries Public has neglected his or her public duties as a Notary Public, it is my recommendation that, pursuant to Article IV, S. 7(b), of the State Constitution, the Senate vote to remove the foregoing Notaries Public.

Respectfully submitted,
Garrett Richter, Chair

(2) Limited sinkhole coverage insurance must cover only losses from the peril of sinkhole loss, as defined in s. 627.706(2)(j); however, such coverage is not required to provide for contents and additional living expenses.

(3) Citizens Property Insurance Corporation may not issue limited sinkhole coverage insurance.

I ALSO UNDERSTAND THAT IT IS RECOMMENDED THAT I CONSULT WITH A QUALIFIED PROFESSIONAL TO IDENTIFY THE APPROXIMATE COST OF REPAIRING OR STABILIZING THE SPECIFIED BUILDING AND ITS FOUNDATION SO THAT I CAN MAKE AN INFORMED DECISION WHEN SELECTING MY POLICY LIMITS AND DEDUCTIBLE.” The

signed acknowledgment must also include, in at least 12-point bold, uppercase type:

(a) For a policy that provides limited sinkhole coverage insurance in an amount less than the full replacement cost of the property, the following statement: “THIS POLICY LIMITS SINKHOLE COVERAGE TO LESS THAN THE FULL COST OF REPLACEMENT FOR THE PROPERTY, WHICH MAY RESULT IN HIGH OUT-OF-POCKET EXPENSES TO YOU AND MAY PUT YOUR EQUITY IN THIS PROPERTY AT RISK.”

(b) For a policy that provides for a deductible that exceeds the deductibles authorized under s. 627.706(1)(b), the following statement: “THIS POLICY EXCEEDS THE DEDUCTIBLE AMOUNT PERMITTED FOR OTHER AUTHORIZED SINKHOLE LOSS INSURANCE POLICIES, WHICH MAY RESULT IN HIGH OUT-OF-POCKET EXPENSES TO YOU.”

(6) If the sinkhole loss cannot be repaired within policy limits, the insurer must:

(b) Pay the cost, not to exceed the policy limits, to complete the repairs upon the insured’s entering into a contract to repair the sinkhole loss in accordance with the repairs recommended by the insurer’s professional engineer.

However, if the insured obtains a lower-cost alternative repair recommendation from a professional engineer for stabilizing the land or the building and repairing the foundation, the insurer must pay the cost, not to exceed the policy limits, to complete the lower-cost alternative repair upon the insured’s entering into a contract to repair the sinkhole loss in accordance with the lower-cost alternative repair recommendation by the insured’s professional engineer. Such lower-cost alternative repair shall be subject to reasonable cost adjustment by the insurer; however, the insurer may not depart from the engineering requirements of the insured’s professional engineer’s lower-cost alternative repair recommendation. Except when payment for sinkhole loss is made under paragraph (a), the insured is responsible for the amount of the repair costs in excess of policy limits, if any.

(7) The insurer shall make payment for sinkhole losses to the insured and the contractor performing the repairs jointly. The insurer may make payment for contents and additional living expenses, if covered, directly to the insured.

(b) For limited sinkhole coverage insurance rates filed with the office before October 1, 2019, the insurer may also establish and use rates in accordance with the rates, rating schedules, or rating manuals filed by the insurer with the office which allow the insurer a reasonable rate of return on limited sinkhole coverage insurance written in this state. Limited sinkhole coverage insurance rates established pursuant to this paragraph are not subject to s. 627.062(2)(a) or (f). An insurer shall notify the office of any change to such rates within 30 days after the effective date of the change. The notice must include the name of the insurer and the average statewide percentage change in rates. Actuarial data with regard to such rates for limited sinkhole coverage insurance must be maintained by the insurer for 2 years after the effective date of such rate change and is subject to examination by the office. The office may require the insurer to incur the costs associated with an examination. Upon examination, the office, in accordance with generally accepted and reasonable actuarial techniques, shall consider the rate factors in s. 627.062(2)(b) and (d) and the standards in s. 627.062(2)(e) to determine whether the rate is excessive, inadequate, or unfairly discriminatory.

2. Knowingly submits:

a. A false, misleading, or fraudulent application or other document when applying for licensure as a health care clinic, seeking an exemption from licensure as a health care clinic, or demonstrating compliance with part X of chapter 400 with an intent to use the license, exemption from licensure, or demonstration of compliance to provide services or seek reimbursement under the Florida Motor Vehicle No-Fault Law.

b. (b) The term “insurer” also includes a health maintenance organization, and the term “insurance policy” also includes a health maintenance organization subscriber contract.

(2) If, by its own inquiries or as a result of complaints, the department or its Division of *Investigative and Forensic Services Insurance Fraud* has reason to believe that a person has engaged in, or is engaging in, a fraudulent insurance act, an act or practice that violates s. 626.9541 or s. 817.234, or an act or practice punishable under s. 624.15, it may administer oaths and affirmations, request the attendance of witnesses or proffering of matter, and collect evidence. The department or its Division of *Investigative and Forensic Services* shall not compel

the attendance of any person or matter in any such investigation except pursuant to subsection (4).

(3) If matter that the department or its division seeks to obtain by request is located outside the state, the person so requested may make it available to the division or its representative to examine the matter at the place where it is located. The division may designate representatives, including officials of the state in which the matter is located, to inspect the matter on its behalf, and it may respond to similar requests from officials of other states.

(4)(a) The department or its division may request that an individual who refuses to comply with any such request be ordered by the circuit court to provide the testimony or matter. The court shall not order such compliance unless the department or its division has demonstrated to the satisfaction of the court that the testimony of the witness or the matter under request has a direct bearing on the commission of a fraudulent insurance act, on a violation of s. 626.9541 or s. 817.234, or on an act or practice punishable under s. 624.15 or is pertinent and necessary to further such investigation.

(b) Except in a prosecution for perjury, an individual who complies with a court order to provide testimony or matter after asserting a privilege against self-incrimination to which the individual is entitled by law may not be subjected to a criminal proceeding or to a civil penalty with respect to the act concerning which the individual is required to testify or produce relevant matter.

(c) In the absence of fraud or bad faith, a person is not subject to civil liability for libel, slander, or any other relevant tort by virtue of filing reports, without malice, or furnishing other information, without malice, required by this section or required by the department or division under the authority granted in this section, and no civil cause of action of any nature shall arise against such person:

1. For any information relating to suspected fraudulent insurance acts or persons suspected of engaging in such acts furnished to or received from law enforcement officials, their agents, or employees;

3. For any such information furnished in reports to the department, the division, the National Insurance Crime Bureau, the National Association of Insurance Commissioners, or any local, state, or federal enforcement officials or their agents or employees; or

4. For other actions taken in cooperation with any of the agencies or individuals specified in this paragraph in the lawful investigation of suspected fraudulent insurance acts.

(d) In addition to the immunity granted in paragraph (c), persons identified as designated employees whose responsibilities include the investigation and disposition of claims relating to suspected fraudulent insurance acts may share information relating to persons suspected of committing fraudulent insurance acts with other designated employees employed by the same or other insurers whose responsibilities include the investigation and disposition of claims relating to fraudulent insurance acts, provided the department has been given written notice of the names and job titles of such designated employees prior to such designated employees sharing information. Unless the designated employees of the insurer act in bad faith or in reckless disregard for the rights of any insured, neither the insurer nor its designated employees are civilly liable for libel, slander, or any other relevant tort, and a civil action does not arise against the insurer or its designated employees:

1. For any information related to suspected fraudulent insurance acts provided to an insurer; or

2. For any information relating to suspected fraudulent insurance acts provided to the National Insurance Crime Bureau or the National Association of Insurance Commissioners.

Provided, however, that the qualified immunity against civil liability conferred on any insurer or its designated employees shall be forfeited with respect to the exchange or publication of any defamatory information with third persons not expressly authorized by this paragraph to share in such information.

(e) The Chief Financial Officer and any employee or agent of the department, commission, office, or division, when acting without malice and in the absence of fraud or bad faith, is not subject to civil liability for libel, slander, or any other relevant tort, and no civil cause of action of any nature exists against such person by virtue of the execution of official activities or duties of the department, commission, or office under this section or by virtue of the publication of any report or bulletin related to the official activities or duties of the department, division, commission, or office under this section.

(f) This section does not abrogate or modify in any way any common-law or statutory privilege or immunity heretofore enjoyed by any person.

(5) The office's and the department's papers, documents, reports, or evidence relative to the subject of an investigation under this section are confidential and exempt from the provisions of s. 119.07(1) until such investigation is completed or ceases to be active. For purposes of this subsection, an investigation is considered "active" while the investigation is being conducted by the office or department with a reasonable, good faith belief that it could lead to the filing of administrative, civil, or criminal proceedings. An investigation does not cease to be active if the office or department is proceeding with reasonable dispatch and has a good faith belief that action could be initiated by the office or department or other administrative or law enforcement agency. After an investigation is completed or ceases to be active, portions of records relating to the investigation shall remain exempt from the provisions of s. 119.07(1) if disclosure would:

- (a) Jeopardize the integrity of another active investigation;
- (b) Impair the safety and soundness of an insurer;
- (c) Reveal personal financial information;
- (d) Reveal the identity of a confidential source;
- (e) Defame or cause unwarranted damage to the good name or reputation of an individual or jeopardize the safety of an individual; or
- (f) Reveal investigative techniques or procedures. Further, such papers, documents, reports, or evidence relative to the subject of an investigation under this section shall not be subject to discovery until the investigation is completed or ceases to be active. Office, department, or division investigators shall not be subject to subpoena in civil actions by any court of this state to testify concerning any matter of which they have knowledge pursuant to a pending insurance fraud investigation by the division.

(6) Any person, other than an insurer, agent, or other person licensed under the code, or an employee thereof, having knowledge or who believes that a fraudulent insurance act or any other act or practice which, upon conviction, constitutes a felony or a misdemeanor under the code, or under s. 817.234, is being or has been committed may send to the Division of *Investigative and Forensic Services Insurance Fraud* a report or information pertinent to such knowledge or belief and such additional information relative thereto as the department may request. The Division of *Investigative and Forensic Services*

Insurance Fraud shall review such information or reports and select such information or reports as, in its judgment, may require further investigation. It shall then cause an independent examination of the facts surrounding such information or report to be made to determine the extent, if any, to which a fraudulent insurance act or any other act or practice which, upon conviction, constitutes a felony or a misdemeanor under the code, or under s. 817.234, is being committed. The Division of *Investigative and Forensic Services Insurance Fraud* shall report any alleged violations of law which its investigations disclose to the appropriate licensing agency and state attorney or other prosecuting agency having jurisdiction with respect to any such violation, as provided in s. 624.310. If prosecution by the state attorney or other prosecuting agency having jurisdiction with respect to such violation is not begun within 60 days of the division's report, the state attorney or other prosecuting agency having jurisdiction with respect to such violation shall inform the division of the reasons for the lack of prosecution.

(7) Division investigators shall have the power to make arrests for criminal violations established as a result of investigations. Such investigators shall also be considered state law enforcement officers for all purposes and shall have the power to execute arrest warrants and search warrants; to serve subpoenas issued for the examination, investigation, and trial of all offenses; and to arrest upon probable cause without warrant any person found in the act of violating any of the provisions of applicable laws. Investigators empowered to make arrests under this section shall be empowered to bear arms in the performance of their duties. In such a situation, the investigator must be certified in compliance with the provisions of s. 943.1395 or must meet the temporary employment or appointment exemption requirements of s. 943.131 until certified.

(8) It is unlawful for any person to resist an arrest authorized by this section or in any manner to interfere, either by abetting or assisting such resistance or otherwise interfering, with division investigators in the duties imposed upon them by law or department rule.

(9) In recognition of the complementary roles of investigating instances of workers' compensation fraud and enforcing compliance with the workers' compensation coverage requirements under chapter 440, the Department of Financial Services shall prepare and submit a joint performance report to the President of the Senate and the Speaker of the House of Representatives by January 1 of each year. The annual report must include, but need not be limited to:

RE: Suspension of:
Baddorf, Doris
Notary Public

Dear President Gardiner:

The Committee on Ethics and Elections submits this final report on the matter of the suspension of Doris Baddorf.

By Executive Order Number 13-254 filed with the Secretary of State on September 9, 2013, and pursuant to Article IV, section 7(a) of the Florida Constitution, the Honorable Rick Scott, Governor, suspended Doris Baddorf as a Notary Public alleging that she failed to disclose a prior felony conviction in her sworn notary public application; that in doing so she may also be guilty of perjury by false written declaration in violation of Section 92.525, Florida Statutes; that the Governor demanded a sworn response explaining the omission; and that she failed to provide the required response. By letter dated December 20, 2013, the Committee attempted to notify Doris Baddorf by certified mail that she had a right to a hearing if requested within 30 days of the date of the letter. The letter also notified Doris Baddorf that failure to request the hearing within that timeframe is deemed a waiver and that she would be removed from office of Notary Public if she failed to respond. That letter was returned marked "Attempted-Not Known" by the U.S. Postal Service. The Committee again attempted to contact Ms. Baddorf by letter March 5, 2015, that letter was returned to the Committee by the U.S. Postal Service marked "Unclaimed." Finally, via letter dated January 21, 2016, the Committee again attempted notice at a possible new address. That parcel was successfully delivered on January 23, 2016. The Committee has not received a request for a hearing from Ms. Baddorf.

In light of Ms. Baddorf's failure to respond to the Governor's investigation, her omission of required information on her notary application, and her failure to request a hearing within 30 days from the date of the notice letter, we find that Ms. Baddorf has neglected her duties as a Notary Public.

Based on the foregoing, we advise and recommend that the Senate remove Doris Baddorf from the office of Notary Public.

Sincerely,
Garrett Richter, Chair

RE: Suspension of:
Candelario, Elsa
Notary Public

Dear President Gardiner:

The Committee on Ethics and Elections submits this final report on the matter of the suspension of Elsa Candelario.

By Executive Order Number 14-013 filed with the Secretary of State on January 16, 2014, and pursuant to Article IV, section 7(a) of the Florida Constitution, the Honorable Rick Scott, Governor, suspended Elsa Candelario as a Notary Public alleging that, while she was commissioned as a Notary Public, she was charged with Racketeering, a first degree felony in violation of Section 895.03(3), Florida Statutes; Organized Scheme to Defraud, a first degree felony in violation of Section 817.034(4)(a)1, Florida Statutes; four counts of Fraudulent Use of Personal Identification Information, a first degree felony in violation of Section 817.568(2)(c), Florida Statutes; three counts of Forgery, a third degree felony in violation of Section 831.01, Florida Statutes;

three counts of Uttering a Forgery, a third degree felony in violation of Section 831.02, Florida Statutes; three counts of Grand Theft (\$100,000 or more), a first degree felony in violation of Section 812.014(2)(a), Florida Statutes; two counts of Burglary of a Dwelling, a second degree felony in violation of Section 810.02(3)(b), Florida Statutes; and, one count of Grand Theft (\$300 or more), a third degree felony in violation of Section 812.041(2)(c)1, Florida Statutes.

By letter dated December 20, 2013, the Committee attempted to notify Elsa Candelario by certified mail that she had a right to a hearing if requested within 30 days of the date of the letter. The letter also advised Ms. Candelario that if she failed to respond and request a hearing within that timeframe she would be deemed to have waived her right to a hearing and would be removed from office. That letter was successfully delivered to the address on file for Elsa Candelario. No request for a hearing was received within 30 days of the date of the letter. Additionally, a review of the Orange County Clerk of Court's website indicates that Ms. Candelario was convicted of a first degree felony count of Grand Theft.

Because Ms. Candelario's failed to request a hearing within 30 days of the date of the letter, she has waived her right to contest the allegations against her.

Based on the foregoing, I advise and recommend that the Senate remove Elsa Candelario from the office of Notary Public.

Sincerely,
Garrett Richter, Chair

RE: Suspension of:
Chaves, David
Notary Public

Dear President Gardiner:

The Committee on Ethics and Elections submits this final report on the matter of the suspension of David Chaves.

By Executive Order Number 14-115 filed with the Secretary of State on March 25, 2014, and pursuant to Article IV, section 7(a) of the Florida Constitution, the Honorable Rick Scott, Governor, suspended David Chaves as a Notary Public alleging that he had been convicted on or about June 13, 2012, of Possession of a Controlled Substance, a third degree felony pursuant to Section 893.13(6)(a), Florida Statutes, and Trafficking Oxycodone, a first degree felony pursuant to Section 893.135(1)(c)1., Florida Statutes. The Executive Order also alleges that he failed to notify the Department of State of the conviction as required by Section 117.01(2), Florida Statutes. Finally, the Executive Order alleges that he refused to cooperate in the investigation by the Executive Office of the Governor as required by Section 117.01(4)(c), Florida Statutes.

By letter dated March 5, 2015, the Committee attempted to notify David Chaves by certified mail that he had a right to a hearing if requested within 30 days of the date of the letter. The letter also advised Mr. Chaves that if he failed to respond and request a hearing within that timeframe he would be deemed to have waived his right to a hearing and would be removed from office. That letter was successfully

delivered to the address on file. The Committee did not receive a request for a hearing within 30 days from the date of that letter.

Because Mr. Chaves failed to request a hearing within 30 days of the date of the letter, he has waived his right to contest the allegations against him.

Based on the foregoing, I advise and recommend that the Senate remove David Chaves from the office of Notary Public.

Sincerely,
Garrett Richter, Chair

RE: Suspension of:
Martinez, Mercedes
Notary Public

Dear President Gardiner:

The Committee on Ethics and Elections submits this final report on the matter of the suspension of Mercedes Martinez.

By Executive Order Number 13-134 filed with the Secretary of State on May 28, 2013, and pursuant to Article IV, section 7(a) of the Florida Constitution, the Honorable Rick Scott, Governor, suspended Mercedes Martinez as a Notary Public alleging: that a complaint was filed against Mercedes Martinez which alleged that she notarized a signature without the presence of the signator; that the complaint also alleged that she notarized a signature without personally knowing or obtaining satisfactory evidence that the person whose signature was to be notarized was in fact that person; and the Executive Order further alleged that she failed to respond to the alleged complaint in violation of s. 117.01(4)(c), Florida Statutes. By letters dated December 20, 2013, and February 27, 2015, the Committee notified Mercedes Martinez by certified mail that she had a right to a hearing if requested within 30 days

of the date of the letter. The letter also notified Mercedes Martinez that failure to request the hearing within that timeframe is deemed a waiver and that she would be removed from office of Notary Public if she failed to respond. The Committee did not receive a return receipt nor was the parcel returned by the U.S. Postal Service. After confirming Ms. Martinez's address with the Executive Office of the Governor, the Committee attempted a final time to send a letter to Ms. Martinez via certified mail on January 21, 2016. That letter was returned to the Committee marked "Unclaimed/Max Hold Time Expired." The Committee did not receive a response or a request for a hearing within 30 days from the date of the letter.

In light of the foregoing, we find that Ms. Mercedes Martinez has not responded to the allegations, has not accepted certified mailing from the Committee, and has neglected her duties as a Notary Public.

Based on the foregoing, we advise and recommend that the Senate remove Mercedes Martinez from the office of Notary Public.

Sincerely,
Garrett Richter, Chair

RE: Suspension of:
Owens, Sherri
Notary Public

Dear President Gardiner:

The Committee on Ethics and Elections submits this final report on the matter of the suspension of Sherri Owens.

By Executive Order Number 13-259 filed with the Secretary of State on September 11, 2013, and pursuant to Article IV, section 7(a) of the Florida Constitution, the Honorable Rick Scott, Governor, suspended Sherri Owens as a Notary Public alleging that a complaint was filed against her alleging that she notarized a document outside of the State of Florida and that she did not complete a notarial certificate with all required information in violation of Sections 117.01(1) and 117.05(4)(a)-(h), Florida Statutes. The Executive Order also alleges that she confirmed the alleged violations and that her resignation was demanded by the Executive Office of the Governor. Ms. Owens did not resign as required by Section 117.01(5)(b), Florida Statutes. By letters dated December 20, 2013, and March 5, 2015, the Committee attempted to notify Sherri Owens by certified mail that she had a right to a hearing if requested within 30 days of the date of the letter. The letter also notified Sherri Owens that failure to request the hearing within that timeframe is deemed a waiver and that she would be removed from office of Notary Public if she failed to respond. Both letters were returned to the Committee by the U.S. Postal Service marked "Forward Time Exp Return to Sender." Upon learning of a possible new address for Ms. Owens, the Committee again attempted to notify her of her right to a hearing via letter dated January 21, 2016. That attempt was also unsuccessful.

In light of Ms. Owens' admission to the allegations, her failure to respond to the Governor's demand for her resignation, and her failure to accept or respond to certified mail on three occasions from the Committee, we find that Ms. Owens has neglected her duties as a Notary Public.

Based on the foregoing, we advise and recommend that the Senate remove Sherri Owens from the office of Notary Public.

Sincerely,
Garrett Richter, Chair

RE: Suspension of:
Lollie, Tanya C.
Notary Public

Dear President Gardiner:

The Committee on Ethics and Elections submits this final report on the matter of the suspension of Tanya C. Lollie.

By Executive Order Number 13-330 filed with the Secretary of State on November 25, 2013, and pursuant to Article IV, section 7(a) of the Florida Constitution, the Honorable Rick Scott, Governor, suspended Tanya C. Lollie as a Notary Public alleging that, while she was commissioned as a Notary Public, she was convicted of public assistance fraud, a third degree felony in violation of Section 414.39(2), Florida Statutes. The Executive Order further alleges that she failed to disclose the conviction when she reapplied for a Notary Public commission and that such nondisclosure appears to be perjury by false written declaration in violation of Sections 92.525(2) and (3), Florida Statutes. Finally, the Executive Order alleges that she refused to cooperate or respond to an investigation by the Executive Office of the Governor as required by Section 117.01(4)(c), Florida Statutes.

By letter dated December 20, 2013, the Committee attempted to notify Tanya C. Lollie by certified mail that she had a right to a hearing if requested within 30 days of the date of the letter. That letter was returned to the Committee by the U.S. Postal Service marked "Unclaimed, Unable to Forward." The Committee sought address confirmation from the Executive Office of the Governor and received a response indicating that the address on file had not changed. The Committee again attempted to notify Ms. Lollie that she had been suspended and had a right to a hearing by letter dated March 5, 2015. That letter was also returned to the Committee by the U.S. Postal Service marked "Unclaimed, Unable to Forward." No additional contact information is known.

In light of Ms. Lollie's failure to disclose her criminal history, her failure to respond to the Governor's demand for a response, and her failure to accept or respond to certified mail on two occasions from the

Committee, we find that Ms. Lollie has neglected her duties as a Notary Public.

Based on the foregoing, I advise and recommend that the Senate remove Tanya C. Lollie from the office of Notary Public.

RE: Suspension of:

Dear President Gardiner:

The Committee on Ethics and Elections submits this final report on the matter of the suspension of Angela Harris.

By Executive Order Number 14-63 filed with the Secretary of State on February 12, 2014, and pursuant to Article IV, section 7(a) of the Florida Constitution, the Honorable Rick Scott, Governor, suspended Angela Harris as a Notary Public alleging a complaint was received alleging violations of the laws governing Notaries Public. The Executive Order alleges that Ms. Harris was notified by certified mail and required a sworn written response to the allegations from her. It is further alleged that she has refused to cooperate with, or respond to, the investigation.

By letter dated February 28, 2014, the Committee attempted to notify Angela Harris by certified mail that she had a right to a hearing if requested within 30 days of the date of the letter. The letter also advised Ms. Harris that if she failed to respond and request a hearing within that timeframe she would be deemed to have waived her right to a hearing and would be removed from office. Based on the foregoing, I advise and recommend that the Senate remove Angela Harris from the office of Notary Public.

RE: Suspension of:
Christensen, Lauri
Notary Public

Dear President Gardiner:

The Committee on Ethics and Elections submits this final report on the matter of the suspension of Lauri Christensen.

By Executive Order Number 14-71 filed with the Secretary of State on February 25, 2014, and pursuant to Article IV, section 7(a) of the Florida Constitution, the Honorable Rick Scott, Governor, suspended Lauri Christensen as a Notary Public alleging that she had been convicted of three separate counts of Burglary of an Unoccupied Dwelling, a third degree felony in violation of Section 810.02(4)(a), Florida Statutes; and one count of Possession of Burglary Tools, a third degree felony in violation of Section 810.06, Florida Statutes. The Executive Order alleges that Ms. Christensen failed to notify the Department of State of her change in criminal history; a change of address; and failed to respond to the investigation as required by Section 117.01, Florida Statutes. A review of the Pinellas County Clerk of Court's website indicates that Ms. Christensen was convicted of at least three of the aforementioned felonies.

By letter dated February 28, 2014, the Committee attempted to notify Lauri Christensen by certified mail that she had a right to a hearing if requested within 30 days of the date of the letter. The letter also advised Ms. Christensen that if she failed to respond and request a hearing

within that timeframe she would be deemed to have waived her right to a hearing and would be removed from office. That letter was returned to the Committee marked "Not Deliverable as Addressed, Unable to Forward." The Committee received a new address from the Executive Office of the Governor and, on January 7, 2015, attempted to notify Ms. Christensen of her right to a hearing. That parcel was returned to the Committee marked "Unclaimed, Unable to Forward" by the U.S. Postal Service. No additional contact information is known.

In light of Ms. Christensen's felony convictions, her failure to respond to an investigation by the Executive Office of the Governor, and her failure to accept certified mail from this Committee, we find that Ms. Christensen has neglected her duties as a Notary Public.

Based on the foregoing, I advise and recommend that the Senate remove Lauri Christensen from the office of Notary Public.

Sincerely,
Garrett Richter, Chair

RE: Suspension of:
Velez, Kesia
Notary Public

Dear President Gardiner:

The Committee on Ethics and Elections submits this final report on the matter of the suspension of Kesia Velez.

By Executive Order Number 14-72 filed with the Secretary of State on February 25, 2014, and pursuant to Article IV, section 7(a) of the Florida Constitution, the Honorable Rick Scott, Governor, suspended Kesia Velez as a Notary Public alleging that she had been convicted of Grand Theft (more than \$20,000, less than \$100,000), a second degree felony in violation of Section 812.014(2)(b)2., Florida Statutes; one count of Grand Theft (more than \$300, less than \$5,000), a third degree felony in violation of Section 812.014(2)(c)1., Florida Statutes; and, one count of Obtaining Property by Fraud (more than \$20,000, less than \$50,000), a second degree felony in violation of Section 817.034(4)(a)2., Florida Statutes. The Executive Order alleges that Ms. Velez failed to notify the Department of State of her change in criminal history; a change of address; and failed to respond to the investigation as required by Section 117.01(4)(c), Florida Statutes. A review of the Orange County Clerk of Court's website indicates that Ms. Velez was convicted of the aforementioned felonies.

By letter dated February 28, 2014, the Committee attempted to notify Kesia Velez by certified mail that she had a right to a hearing if requested within 30 days of the date of the letter. The letter also advised Ms. Velez that if she failed to respond and request a hearing within that timeframe she would be deemed to have waived her right to a hearing and would be removed from office. That letter was returned to the Committee marked "Unclaimed, Unable to Forward." The Committee received a new address from the Executive Office of the Governor and, on January 7, 2015, attempted to notify Ms. Velez of her right to a

hearing. That parcel was also returned to the Committee marked "Attempted-Not Known, Unable to Forward" by the U.S. Postal Service. No additional contact information is known.

In light of Ms. Velez's felony convictions, her failure to respond to an investigation by the Executive Office of the Governor, and her failure to accept certified mail from this Committee, we find that Ms. Velez has neglected her duties as a Notary Public.

Based on the foregoing, I advise and recommend that the Senate remove Kesia Velez from the office of Notary Public.

RE: Suspension of:
Horton, Erin M.
Notary Public

Dear President Gardiner:

The Committee on Ethics and Elections submits this final report on the matter of the suspension of Erin M. Horton.

By Executive Order Number 14-113 filed with the Secretary of State on March 25, 2014, and pursuant to Article IV, section 7(a) of the Florida Constitution, the Honorable Rick Scott, Governor, suspended Erin M. Horton as a Notary Public alleging that she had been convicted on or about November 1, 2012, of Grand Theft of more than \$20,000, but less than \$100,000, a second degree felony pursuant to s. 812.014(2)(b) 1., Florida Statutes. The Executive Order also alleges that she failed to notify the Department of State of the conviction and her change of address as required by s. 117.01(2), Florida Statutes. Although adjudication was withheld, the Executive Order alleges that she committed a felony and that she "confirmed the above-referenced conviction." By letters dated January 7, 2015, and March 5, 2015, the Committee attempted to notify Ms. Horton by certified mail that she had a right to a hearing if requested within 30 days of the date of the letter. The letter also notified Erin M. Horton that failure to request the hearing within that timeframe is deemed a waiver and that she would be removed from office of Notary Public if she failed to respond. Those letters were returned to the Committee as undeliverable. Upon learning of a possible new address for Ms. Horton, the Committee sent a final notice letter to the new address on January 21, 2016. That letter was returned to the Committee as "Refused."

In light of the foregoing, we find that Ms. Horton failed to update her criminal history, has also refused correspondence from the Committee, and has neglected her duties as a Notary Public.

Based on the foregoing, we advise and recommend that the Senate remove Erin M. Horton from the office of Notary Public.

Sincerely,
Garrett Richter, Chair

RE: Suspension of:
REJOUIS, Huberta
Notary Public

Dear President Gardiner:

The Committee on Ethics and Elections submits this final report on the matter of the suspension of Huberta Rejouis.

By Executive Order Number 14-91 filed with the Secretary of State on March 18, 2014, and pursuant to Article IV, section 7(a) of the Florida Constitution, the Honorable Rick Scott, Governor, suspended Huberta Rejouis as a Notary Public alleging that she had been convicted on or about January 31, 2014, of the following charges:

- Burglary of an unoccupied Conveyance (3rd degree felony pursuant to s. 810.02(4)(b), Florida Statutes);
- Grand Theft (2nd degree felony pursuant to s. 812.014(2)(b), Florida Statutes);
- Uttering a Forged Instrument (3rd degree felony pursuant to s. 831.02, Florida Statutes);
- Fraudulent Use of Possession with Intent to Fraudulently Use Personal Identification Information of a Deceased Individual (3rd degree felony pursuant to s. 817.538(8)(a), Florida Statutes); and
- False or Fraudulent Acknowledgment as a Notary Public (3rd degree felony pursuant to s. 117.105, Florida Statutes).

The Executive Order also alleges that she failed to notify the Department of State of the convictions as required by s. 117.01(2), Florida Statutes. The convictions were confirmed through the Polk County Clerk of Court's and the Florida Department of Corrections' websites.

Because Ms. Rejouis was convicted of a felony, she is ineligible to hold the office of Notary Public unless or until her civil rights have been restored. A convicted felon may not have his or her rights restored until at least 5 years after the completion of any sentence imposed by the court. Ms. Rejouis' notary commission will expire on March 26, 2017. In light of the foregoing, Ms. Rejouis would not be eligible to apply for restoration of rights until after the expiration of her commission as a notary public.

Based on the foregoing, I advise and recommend that the Senate take no action on the above-named suspension during the 2016 Regular Session of the Florida Legislature, and consider the matter closed.

Sincerely,
Garrett Richter, Chair

Senator Detert moved the following amendment which was adopted:

Amendment 1 (909994) (with title amendment)—Delete everything after the enacting clause and insert:

Section 1. Subsection (2) of section 39.013, Florida Statutes, is amended to read:

39.013 Procedures and jurisdiction; right to counsel.—

(2) The circuit court has exclusive original jurisdiction of all proceedings under this chapter, of a child voluntarily placed with a licensed child-caring agency, a licensed child-placing agency, or the department, and of the adoption of children whose parental rights have been terminated under this chapter. Jurisdiction attaches when the initial shelter petition, dependency petition, or termination of parental rights petition, or a petition for an injunction to prevent child abuse issued pursuant to s. 39.504, is filed or when a child is taken into the custody of the department. The circuit court may assume jurisdiction over any such proceeding regardless of whether the child was in the physical custody of both parents, was in the sole legal or physical custody of only one parent, caregiver, or some other person, or was not in the physical or legal custody of any person when the event or condition occurred that brought the child to the attention of the court. When the court obtains jurisdiction of any child who has been found to be dependent, the court shall retain jurisdiction, unless relinquished by its order, until the child reaches 21 years of age, or 22 years of age if the child has a disability, with the following exceptions:

(a) If a young adult chooses to leave foster care upon reaching 18 years of age.

(b) If a young adult does not meet the eligibility requirements to remain in foster care under s. 39.6251 or chooses to leave care under that section.

(c) If a young adult petitions the court at any time before his or her 19th birthday requesting the court's continued jurisdiction, the juvenile court may retain jurisdiction under this chapter for a period not to exceed 1 year following the young adult's 18th birthday for the purpose of determining whether appropriate services that were required to be provided to the young adult before reaching 18 years of age have been provided.

(d) If a petition for special immigrant juvenile status and an application for adjustment of status have been filed on behalf of a foster child and the petition and application have not been granted by the time the child reaches 18 years of age, the court may retain jurisdiction over the dependency case solely for the purpose of allowing the continued consideration of the petition and application by federal authorities. Review hearings for the child shall be set solely for the purpose of determining the status of the petition and application. The court's jurisdiction terminates upon the final decision of the federal authorities. Retention of jurisdiction in this instance does not affect the services available to a young adult under s. 409.1451. The court may not retain jurisdiction of the case after the immigrant child's 22nd birthday.

Section 2. Subsection (11) of section 39.2015, Florida Statutes, is amended to read:

39.2015 Critical incident rapid response team.—

(11) The secretary shall appoint an advisory committee made up of experts in child protection and child welfare, including the Statewide Medical Director for Child Protection under the Department of Health, a representative from the institute established pursuant to s. 1004.615, an expert in organizational management, and an attorney with experience in child welfare, to conduct an independent review of investigative reports from the critical incident rapid response teams and to make recommendations to improve policies and practices related to child protection and child welfare services. The advisory committee shall meet at least once each quarter and shall submit quarterly reports to the secretary ~~which include findings and recommendations. The quarterly reports must include findings and recommendations and must describe the implementation status of all recommendations contained within the advisory committee reports, including an entity's reason for not implementing a recommendation, if applicable.~~ The secretary shall submit each report to the Governor, the President of the Senate, and the Speaker of the House of Representatives.

Section 3. Paragraphs (f) and (h) of subsection (8) of section 39.402, Florida Statutes, are amended to read:

39.402 Placement in a shelter.—

(8)

(f) At the shelter hearing, the department shall inform the court of:

1. Any identified current or previous case plans negotiated *under this chapter* in any *judicial circuit district* with the parents or caregivers ~~under this chapter~~ and problems associated with compliance;
2. Any adjudication of the parents or caregivers of delinquency;
3. Any past or current injunction for protection from domestic violence *or any past or current order of no contact*; and
4. All of the child's places of residence during the prior 12 months.

(h) The order for placement of a child in shelter care must identify the parties present at the hearing and must contain written findings:

1. That placement in shelter care is necessary based on the criteria in subsections (1) and (2).
2. That placement in shelter care is in the best interest of the child.
3. That continuation of the child in the home is contrary to the welfare of the child because the home situation presents a substantial and immediate danger to the child's physical, mental, or emotional health or safety which cannot be mitigated by the provision of *safety management preventive* services.
4. That based upon the allegations of the petition for placement in shelter care, there is probable cause to believe that the child is dependent or that the court needs additional time, which may not exceed 72 hours, in which to obtain and review documents pertaining to the family in order to appropriately determine *whether placement in shelter care is necessary to ensure the child's safety risk to the child*.
5. That the department has made reasonable efforts to prevent or eliminate the need for removal of the child from the home. A finding of reasonable effort by the department to prevent or eliminate the need for removal may be made and the department is deemed to have made reasonable efforts to prevent or eliminate the need for removal if:
 - a. The first contact of the department with the family occurs during an emergency;
 - b. The appraisal of the home situation by the department indicates that the home situation presents a substantial and immediate danger to the child's physical, mental, or emotional health or safety which cannot be mitigated by the provision of *safety management preventive* services, *including issuance of an injunction against a perpetrator of domestic violence pursuant to s. 39.504*;
 - c. The child cannot safely remain at home, either because there are no *safety management preventive* services that can ensure the health and safety of the child or because, even with appropriate and available services being provided, the health and safety of the child cannot be ensured; or
 - d. The parent or legal custodian is alleged to have committed any of the acts listed as grounds for expedited termination of parental rights in s. 39.806(1)(f)-(i).

6. That the department has made reasonable efforts to keep siblings together if they are removed and placed in out-of-home care unless such placement is not in the best interest of each child. It is preferred that siblings be kept together in a foster home, if available. Other reasonable efforts shall include short-term placement in a group home with the ability to accommodate sibling groups if such a placement is available. The department shall report to the court its efforts to place siblings together unless the court finds that such placement is not in the best interest of a child or his or her sibling.

7. That the court notified the parents, relatives that are providing out-of-home care for the child, or legal custodians of the time, date, and location of the next dependency hearing and of the importance of the active participation of the parents, relatives that are providing out-of-home care for the child, or legal custodians in all proceedings and hearings.

8. That the court notified the parents or legal custodians of their right to counsel to represent them at the shelter hearing and at each

subsequent hearing or proceeding, and the right of the parents to appointed counsel, pursuant to the procedures set forth in s. 39.013.

9. That the court notified relatives who are providing out-of-home care for a child as a result of the shelter petition being granted that they have the right to attend all subsequent hearings, to submit reports to the court, and to speak to the court regarding the child, if they so desire.

Section 4. Paragraph (a) of subsection (1) of section 39.521, Florida Statutes, is amended, and present paragraphs (b) through (f) of that subsection are redesignated as paragraphs (c) through (g), respectively, to read:

39.521 Disposition hearings; powers of disposition.—

(1) A disposition hearing shall be conducted by the court, if the court finds that the facts alleged in the petition for dependency were proven in the adjudicatory hearing, or if the parents or legal custodians have consented to the finding of dependency or admitted the allegations in the petition, have failed to appear for the arraignment hearing after proper notice, or have not been located despite a diligent search having been conducted.

(a) A written case plan and a predisposition study prepared by an authorized agent of the department must be approved by ~~filed with~~ the court. ~~The department must file the case plan and the predisposition study with the court, serve a copy of the case plan on, served upon~~ the parents of the child, ~~and provide a copy of the case plan provided~~ to the representative of the guardian ad litem program, if the program has been appointed, and ~~provided~~ to all other parties:

1. Not less than 72 hours before the disposition hearing, ~~if the disposition hearing occurs on or after the 60th day after the date the child was placed in out-of-home care.~~ All such case plans must be approved by the court.

2. ~~Not less than 72 hours before the case plan acceptance hearing, if the disposition hearing occurs before the 60th day after the date the child was placed in out-of-home care and a case plan has not been submitted pursuant to this paragraph, or if the court does not approve the case plan at the disposition hearing. The case plan acceptance hearing must occur, the court must set a hearing~~ within 30 days after the disposition hearing to review and approve the case plan.

(b) The court may grant an exception to the requirement for a predisposition study by separate order or within the judge's order of disposition upon finding that all the family and child information required by subsection (2) is available in other documents filed with the court.

Section 5. Subsection (2) of section 39.522, Florida Statutes, is amended to read:

39.522 Postdisposition change of custody.—The court may change the temporary legal custody or the conditions of protective supervision at a postdisposition hearing, without the necessity of another adjudicatory hearing.

(2) In cases where the issue before the court is whether a child should be reunited with a parent, the court shall determine whether the circumstances that caused the out-of-home placement and issues subsequently identified have been remedied ~~parent has substantially complied with the terms of the case plan~~ to the extent that the return of the child to the home with an in-home safety plan will not be detrimental to the child's safety, well-being, and physical, mental, and emotional health ~~of the child is not endangered by the return of the child to the home.~~

Section 6. Section 39.6011, Florida Statutes, is amended to read:

(Substantial rewording of section. See s. 39.6011, F.S., for present text.)

39.6011 Case plan purpose; requirements; procedures.—

(1) *PURPOSE.*—The purpose of the case plan is to promote and facilitate change in parental behavior and to address the treatment and long-term well-being of children receiving services under this chapter.

(2) *GENERAL REQUIREMENTS.*—The department shall draft a case plan for each child receiving services under this chapter. The case plan must:

(a) Document that an assessment of the service needs of the child and family, and preventive services, if appropriate, have been provided pursuant to s. 409.143 and that reasonable efforts to prevent out-of-home placement have been made.

(b) Be developed in a face-to-face conference with the parent of the child, any court-appointed guardian ad litem, the child's attorney, and, if appropriate, the temporary custodian of the child. The parent may receive assistance from any person or social service agency in preparing the case plan. The social service agency, the department, and the court, when applicable, shall inform the parent of the right to receive such assistance, including the right to assistance of counsel.

(c) Be written simply and clearly in English and, if English is not the principal language of the child's parent, in the parent's principal language, to the extent practicable.

(d) Describe a process for making available to all physical custodians and family services counselors the information required by s. 39.6012(2) and for ensuring that this information follows the child until permanency has been achieved.

(e) Specify the period of time for which the case plan is applicable, which must be as short a period as possible for the parent to comply with the terms of the plan. The case plan's compliance period expires no later than 12 months after the date the child was initially removed from the home, the date the child is adjudicated dependent, or the date the case plan is accepted by the court, whichever occurs first.

(f) Be signed by all of the parties. Signing the case plan constitutes an acknowledgment by each of the parties that they have been involved in the development of the case plan and that they are in agreement with the terms and conditions contained in the case plan. The refusal of a parent to sign the case plan does not preclude the court's acceptance of the case plan if it is otherwise acceptable to the court. The parent's signing of the case plan does not constitute an admission to any allegation of abuse, abandonment, or neglect and does not constitute consent to a finding of dependency or termination of parental rights. The department shall explain the provisions of the case plan to all persons involved in its implementation, before the signing of the plan.

(3) *PARTICIPATION BY THE CHILD.*—If the child has attained 14 years of age or is otherwise of an appropriate age and capacity, the child must:

(a) Be consulted on the development of the case plan; have the opportunity to attend a face-to-face conference, if appropriate; have the opportunity to express a placement preference; and have the option to choose two members for the case planning team who are not a foster parent or caseworker for the child.

1. An individual selected by a child to be a member of the case planning team may be rejected at any time if there is good cause to believe that the individual would not act in the best interest of the child. One individual selected by a child to be a member of the child's case planning team may be designated to be the child's advisor and, as necessary, advocate with respect to the application of the reasonable and prudent parent standard to the child.

2. The child may not be included in an aspect of the case planning process when information will be revealed or discussed which is of a nature that would best be presented to the child in a more therapeutic setting.

(b) Sign the case plan, unless there is reason to waive the child's signature.

(c) Receive an explanation of the provisions of the case plan from the department.

(d) After the case plan is agreed upon and signed by all of the parties, and after jurisdiction attaches and the case plan is filed with the court, be provided a copy of the case plan within 72 hours before the disposition hearing.

(e) Notwithstanding s. 39.202, the department may discuss confidential information during the case planning conference in the presence of individuals who participate in the staffing. All individuals who participate in the staffing shall maintain the confidentiality of all information shared during the case planning staffing.

(4) NOTICE TO PARENTS.—The case plan must document that each parent has been advised of the following by written notice:

(a) That he or she may not be coerced or threatened with the loss of custody or parental rights for failing to admit the abuse, neglect, or abandonment of the child in the case plan. Participation in the development of a case plan is not an admission to any allegation of abuse, abandonment, or neglect and does not constitute consent to a finding of dependency or termination of parental rights.

(b) That the department must document a parent's unwillingness or inability to participate in developing a case plan and provide such documentation in writing to the parent when it becomes available for the court record. In such event, the department shall prepare a case plan that, to the extent possible, conforms with the requirements of this section. The parent must also be advised that his or her unwillingness or inability to participate in developing a case plan does not preclude the filing of a petition for dependency or for termination of parental rights. If the parent is available, the department shall provide a copy of the case plan to the parent and advise him or her that, at any time before the filing of a petition for termination of parental rights, he or she may enter into a case plan and that he or she may request judicial review of any provision of the case plan with which he or she disagrees at any court hearing set for the child.

(c) That his or her failure to substantially comply with the case plan may result in the termination of parental rights and that a material breach of the case plan may result in the filing of a petition for termination of parental rights before the scheduled completion date.

(5) DISTRIBUTION AND FILING WITH THE COURT.—The department shall adhere to the following procedural requirements in developing and distributing a case plan:

(a) After the case plan has been agreed upon and signed by the parties, a copy of the case plan must immediately be given to the parties and to other persons, as directed by the court.

(b) In each case in which a child has been placed in out-of-home care, a case plan must be prepared within 60 days after the department removes the child from the home and must be submitted to the court for review and approval before the disposition hearing.

(c) After jurisdiction attaches, all case plans must be filed with the court and a copy provided to all of the parties whose whereabouts are known not less than 72 hours before the disposition hearing. The department shall file with the court all case plans prepared before jurisdiction of the court attaches, and the department shall provide copies of all such case plans to all of the parties.

(d) A case plan must be prepared, but need not be submitted to the court, for a child who will be in care for 30 days or less unless that child is placed in out-of-home care for a second time within a 12-month period.

Section 7. Section 39.6012, Florida Statutes, is amended to read:

(Substantial rewording of section. See s. 39.6012, F.S., for present text.)

39.6012 Services and parental tasks under the case plan; safety, permanency, and well-being of the child.—The case plan must include a description of the identified problem that is being addressed, including the parent's behavior or acts that have resulted in a threat to the safety of the child and the reason for the department's intervention. The case plan must be designed to improve conditions in the child's home to facilitate the child's safe return and ensure proper care of the child, or to facilitate the child's permanent placement. The services offered must be as unobtrusive as possible in the lives of the parent and the child, must focus on clearly defined objectives, and must provide the most timely and efficient path to reunification or permanent placement, given the circumstances of the case and the child's need for safe and proper care.

(1) CASE PLAN SERVICES AND TASKS.—The case plan must be based upon an assessment of the circumstances that required intervention by the child welfare system. The case plan must describe the role of the foster parents or legal custodians and must be developed in conjunction with the determination of the services that are to be provided under the case plan to the child, foster parents, or legal custodians. If a parent's substantial compliance with the case plan requires the department to provide services to the parent or the child and the parent agrees to begin compliance with the case plan before it is accepted by the court, the department shall make appropriate referrals for services which will allow the parent to immediately begin the agreed-upon tasks and services.

(a) Itemization in the case plan.—The case plan must describe each of the tasks that the parent must complete and the services that will be provided to the parent, in the context of the identified problem, including:

1. The type of services or treatment that will be provided.
2. If the service is being provided by the department or its agent, the date the department will provide each service or referral for service.
3. The date by which the parent must complete each task.
4. The frequency of services or treatment to be provided, which shall be determined by the professionals providing the services and may be adjusted as needed based on the best professional judgment of the providers.
5. The location of the delivery of the services.
6. Identification of the staff of the department or of the service provider who are responsible for the delivery of services or treatment.
7. A description of measurable outcomes, including the timeframes specified for achieving the objectives of the case plan and addressing the identified problem.

(b) Meetings with case manager.—The case plan must include a schedule of the minimum number of face-to-face meetings to be held each month between the parent and the case manager to review the progress of the case plan, eliminate barriers to completion of the plan, and resolve conflicts or disagreements.

(c) Request for notification from relative.—The case manager shall advise the attorney for the department of a relative's request to receive notification of proceedings and hearings submitted pursuant to s. 39.301(14)(b).

(d) Financial support.—The case plan must specify the parent's responsibility for the financial support of the child, including, but not limited to, health insurance and child support. The case plan must list the costs associated with any services or treatment that the parent and child are expected to receive which are the financial responsibility of the parent. The determination of child support and other financial support must be made independently of any determination of dependency under s. 39.013.

(2) SAFETY, PERMANENCY, AND WELL-BEING OF THE CHILD.—The case plan must include all available information that is relevant to the child's care, including a detailed description of the identified needs of the child while in care and a description of the plan for ensuring that the child receives safe and proper care that is appropriate to his or her needs. Participation by the child must meet the requirements under s. 39.6011.

(a) Placement.—To comply with federal law, the department must ensure that the placement of a child in foster care is in the least restrictive, most family-like environment; must review the family assessment, safety plan, and case plan for the child to assess the necessity for and the appropriateness of the placement; must assess the progress that has been made toward case plan outcomes; and must project a likely date by which the child may be safely reunified or placed for adoption or legal guardianship. The family assessment must indicate the type of placement to which the child has been assigned and must document the following:

1. That the child has undergone the placement assessments required pursuant to s. 409.143.

2. That the child has been placed in the least restrictive and most family-like setting available consistent with the best interest and special needs of the child and in as close proximity as possible to the child's home.

3. If the child is placed in a setting that is more restrictive than recommended by the placement assessments or is placed more than 50 miles from the child's home, the reasons for which the placement is necessary and in the best interest of the child and the steps required to place the child in the placement recommended by the assessment.

4. If residential group care is recommended for the child, the needs of the child which necessitate such placement, the plan for transitioning the child to a family setting, and the projected timeline for the child's transition to a less restrictive environment.

5. If the child is placed in residential group care, that his or her case plan is reviewed and updated within 90 days after the child's admission to the residential group care facility and at least every 60 days thereafter.

(b) *Permanency.*—If reunifying a child with his or her family is not possible, the department shall make every effort to provide other forms of permanency, such as adoption or guardianship. If a child is placed in an out-of-home placement, the case plan, in addition to any other requirements imposed by law or department rule, must include:

1. If concurrent planning is being used, a description of the permanency goal of reunification with the parent or legal custodian and a description of one of the remaining permanency goals defined in s. 39.01; or, if concurrent case planning is not being used, an explanation as to why it is not being used.

2. If the case plan has as its goal the adoption of the child or his or her placement in another permanent home, a statement of the child's wishes regarding his or her permanent placement plan and an assessment of those stated wishes. The case plan must also include documentation of the steps the social service agency is taking to find an adoptive family or other permanent living arrangements for the child; to place the child with an adoptive family, an appropriate and willing relative, or a legal guardian; and to finalize the adoption or legal guardianship. At a minimum, the documentation must include child-specific recruitment efforts, such as the use of state, regional, and national adoption exchanges, including electronic exchange systems, after he or she has become legally eligible for adoption.

3. If the child has been in out-of-home care for at least 12 months and the permanency goal is not adoptive placement, the documentation of the compelling reason for a finding that termination of parental rights is not in the child's best interest.

(c) *Education.*—A case plan must ensure the educational stability of the child while in foster care. To the extent available and accessible, the names and addresses of the child's educational providers, a record of his or her grade level performance, and his or her school record must be attached to the case plan and updated throughout the judicial review process. The case plan must also include documentation that the placement:

1. Takes into account the appropriateness of the current educational setting and the proximity to the school in which the child is enrolled at the time of placement.

2. Has been coordinated with appropriate local educational agencies to ensure that the child remains in the school in which the child is enrolled at the time of placement or, if remaining in that school is not in the best interest of the child, assurances by the department and the local education agency to provide immediate and appropriate enrollment in a new school and to provide all of the child's educational records to the new school.

(d) *Health care.*—To the extent that they are available and accessible, the names and addresses of the child's health and behavioral health providers, a record of the child's immunizations, the child's known medical history, including any known health issues, the child's medications, and any other relevant health and behavioral health in-

formation must be attached to the case plan and updated throughout the judicial review process.

(e) *Contact with family, extended family, and fictive kin.*—When out-of-home placement is made, the case plan must include provisions for the development and maintenance of sibling relationships and visitation, if the child has siblings and is separated from them, a description of the parent's visitation rights and obligations, and a description of any visitation rights with extended family members as defined in s. 751.011. As used in this paragraph, the term "fictive kin" means individuals who are unrelated to the child by birth or marriage, but who have an emotionally significant relationship with the child which would take on the characteristics of a family relationship. As soon as possible after a court order is entered, the following must be provided to the child's out-of-home caregiver:

1. Information regarding any court-ordered visitation between the child and the parents and the court-ordered terms and conditions necessary to facilitate the visits and protect the safety of the child.

2. Information regarding the schedule and frequency of the visits between the child and his or her siblings, as well as any court-ordered terms and conditions necessary to facilitate the visits and protect the safety of the child.

3. Information regarding the schedule and frequency of the visits between the child and any extended family member or fictive kin, as well as any court-ordered terms and conditions necessary to facilitate the visits and protect the safety of the child.

(f) *Independent living.*—

1. When appropriate, the case plan for a child who is 13 years of age or older must include a written description of the life skills services to be provided by the caregiver which will assist the child, consistent with his or her best interests, in preparing for the transition from foster care to independent living. The case plan must be developed with the child and individuals identified as important to the child and must include the steps the social service agency is taking to ensure that the child has a connection with a caring adult.

2. During the 180-day period after a child reaches 17 years of age, the department and the community-based care provider, in collaboration with the caregiver and any other individual whom the child would like to include, shall assist the child in developing a transition plan pursuant to s. 39.6035, which is in addition to standard case management requirements. The transition plan must address specific options that the child may use in obtaining services, including housing, health insurance, education, and workforce support and employment services. The transition plan must also consider establishing and maintaining naturally occurring mentoring relationships and other personal support services. The transition plan may be as detailed as the child chooses and must be attached to the case plan and updated before each judicial review.

Section 8. Subsection (4) of section 39.6035, Florida Statutes, is amended to read:

39.6035 Transition plan.—

(4) ~~If a child is planning to leave care upon reaching 18 years of age, The transition plan must be approved by the court before the child attains 18 years of age and must be attached to the case plan and updated before each judicial review child leaves care and the court terminates jurisdiction.~~

Section 9. Subsection (2) of section 39.621, Florida Statutes, is amended, and present subsections (3) through (11) of that section are redesignated as subsections (4) through (12), respectively, to read:

39.621 Permanency determination by the court.—

(2) The permanency goal of maintaining and strengthening the placement with a parent may be used in the following circumstances:

(b) *If a child has been removed from a parent and is placed with the parent from whom the child was not removed, the court may leave the child in the placement with the parent from whom the child was not removed with maintaining and strengthening the placement as a permanency option.*

(c) *If a child has been removed from a parent and is subsequently reunified with that parent, the court may leave the child with that parent with maintaining and strengthening the placement as a permanency option.*

(3) *Except as provided in subsection (2), the permanency goals available under this chapter, listed in order of preference, are:*

- (a) Reunification;
- (b) Adoption, if a petition for termination of parental rights has been or will be filed;
- (c) Permanent guardianship of a dependent child under s. 39.6221;
- (d) Permanent placement with a fit and willing relative under s. 39.6231; or
- (e) Placement in another planned permanent living arrangement under s. 39.6241.

Section 10. Paragraphs (a) and (d) of subsection (2) of section 39.701, Florida Statutes, are amended to read:

39.701 Judicial review.—

(2) REVIEW HEARINGS FOR CHILDREN YOUNGER THAN 18 YEARS OF AGE.—

(a) *Social study report for judicial review.*—Before every judicial review hearing or citizen review panel hearing, the social service agency shall make an investigation and social study concerning all pertinent details relating to the child and shall furnish to the court or citizen review panel a written report that includes, but is not limited to:

1. A description of the type of placement the child is in at the time of the hearing, including the safety of the child, ~~and the continuing necessity for and appropriateness of the placement, and that the placement is in the least restrictive and most family-like setting that meets the assessed needs of the child, or an explanation of why the placement is not in the least restrictive and most family-like setting available that meets the assessed needs of the child.~~

 - c. The parent has partially complied with the case plan, with a summary of additional progress needed and the agency recommendations.
6. *A statement of whether the circumstances that caused the out-of-home placement and issues subsequently identified have been remedied to the extent that the return of the child to the home with an in-home safety plan will not be detrimental to the child's safety, well-being, and physical, mental, and emotional health.*

7.6. A statement from the foster parent or legal custodian providing any material evidence concerning the return of the child to the parent or parents.

8.7. A statement concerning the frequency, duration, and results of the parent-child visitation, if any, and the agency recommendations for an expansion or restriction of future visitation.

13.12. Copies of the child's current health, mental health, and education records as identified in s. 39.6012.

(d) *Orders.*—

1. Based upon the criteria ~~set forth~~ in paragraph (c) and the recommended order of the citizen review panel, if any, the court shall determine whether ~~or not~~ the social service agency shall initiate proceedings to have a child declared a dependent child, return the child to the parent, continue the child in out-of-home care for a specified period of time, or initiate termination of parental rights proceedings for subsequent placement in an adoptive home. Amendments to the case plan must be prepared as prescribed in s. 39.6013. ~~If the court finds that remaining in the home with an in-home safety plan will not be detrimental to the child's safety, well-being, and physical, mental, and emotional health the prevention or reunification efforts of the department will allow the child to remain safely at home or be safely returned to the home, the court shall allow the child to remain in or return to the home after making a specific finding of fact that the reasons for the creation of the case plan have been remedied to the extent that the child's safety, well-being, and physical, mental, and emotional health will not be endangered.~~

2. The court shall return the child to the custody of the parents at any time it determines that ~~the circumstances that caused the out-of-home placement and issues subsequently identified have been remedied to the extent that the return of the child to the home with an in-home safety plan they have substantially complied with the case plan, if the court is satisfied that reunification will not be detrimental to the child's safety, well-being, and physical, mental, and emotional health.~~

3. If, in the opinion of the court, the social service agency has not complied with its obligations as specified in the written case plan, the court may find the social service agency in contempt, shall order the social service agency to submit its plans for compliance with the agreement, and shall require the social service agency to show why the child could not safely be returned to the home of the parents.

4. *If possible, the court shall order the department to file a written notification before a child changes placements or living arrangements. If such notification is not possible before the change, the department must file a notification immediately after a change. A written notification filed with the court must include assurances from the department that the provisions of s. 409.145 and administrative rule relating to placement changes have been met.*

5.4. If, at any judicial review, the court finds that the parents have failed to substantially comply with the case plan to the degree that further reunification efforts are without merit and not in the best interest of the child, on its own motion, the court may order the filing of a petition for termination of parental rights, whether or not the time period as contained in the case plan for substantial compliance has expired.

6.5. Within 6 months after the date that the child was placed in shelter care, the court shall conduct a judicial review hearing to review the child's permanency goal as identified in the case plan. At the hearing the court shall make findings regarding the likelihood of the

child's reunification with the parent or legal custodian within 12 months after the removal of the child from the home. If the court makes a written finding that it is not likely that the child will be reunified with the parent or legal custodian within 12 months after the child was removed from the home, the department must file with the court, and serve on all parties, a motion to amend the case plan under s. 39.6013 and declare that it will use concurrent planning for the case plan. The department must file the motion within 10 business days after receiving the written finding of the court. The department must attach the proposed amended case plan to the motion. If concurrent planning is already being used, the case plan must document the efforts the department is taking to complete the concurrent goal.

7.6. The court may issue a protective order in assistance, or as a condition, of any other order made under this part. In addition to the requirements included in the case plan, the protective order may set forth requirements relating to reasonable conditions of behavior to be observed for a specified period of time by a person or agency who is before the court; and the order may require any person or agency to make periodic reports to the court containing such information as the court in its discretion may prescribe.

Section 11. Section 409.143, Florida Statutes, is created to read:

409.143 *Assessment of children in out-of-home placement.*—

(1) *NEEDS ASSESSMENT.*—

(a) *Each child placed in out-of-home care shall be referred by the department for a comprehensive behavioral health assessment within 7 days after the child enters out-of-home care.*

(b) *The comprehensive assessment shall measure the strengths and needs of the child and family and provide recommendations for developing the case plan to ensure that the child has the services and supports that are necessary to maintain the child in the least restrictive out-of-home care setting, promote the child's well-being, accomplish family preservation and reunification, and facilitate permanency planning.*

(c) *Completion of the comprehensive assessment must occur within 30 days after the child enters out-of-home care.*

(d) *Upon receipt of a child's completed comprehensive assessment, the child's case manager shall review the assessment and document whether a less restrictive, more family-like setting for the child is recommended and available. The department shall document determinations resulting from the comprehensive assessment in the Florida Safe Families Network and update the case plan to include identified needs of the child and specified services and supports to be provided in the out-of-home care placement setting to meet the assessed needs of the child. The case manager shall refer the child and family for all services identified through a comprehensive assessment. The planned services shall be implemented within 30 days after the child's needs are identified. If services are not initiated within 30 days, the case manager shall document reasons in the case file as to why services were not initiated.*

(e) *The department and the community-based care lead agency may conduct additional assessments of a child in out-of-home care if necessary.*

(2) *CHILDREN IN GROUP CARE WITH A RESIDENTIAL CHILD-CARING AGENCY.*—

(a) *Within 30 days after a placement of a child in group care with a residential child-caring agency, a qualified individual shall make an assessment, using a validated and evidence-based assessment tool, and determine whether or not the child's needs can be met with family members or in a family foster home and if not, which of the approved foster care placement settings would provide a more effective and appropriate level of care. The assessment must be done in conjunction with a permanency team that must be established by the department or the community-based care lead agency that places children pursuant to this section. The team must include a representative from the community-based care lead agency, the caseworker for the child, the out-of-home care provider, the guardian ad litem, any provider of services to the child, teachers, clergy, relatives, and fictive kin.*

(b) *Within 60 days after a placement of a child in group care with a residential child-caring agency, a court must review the assessment and*

approve or disapprove the placement. At each judicial review and permanency, the department shall demonstrate why the child cannot be served in a family foster home, demonstrate why the placement in group care with a residential child-caring agency continues to be necessary and consistent with the child's short and long-term goals, and document efforts to step the child down into a more family-like setting.

(c) *If it is determined during any assessment that a child may be suitable for residential treatment as defined in s. 39.407, the procedures in that section must be followed.*

(3) *ANNUAL REPORT.*—*By October 1 of each year, the department shall report to the Governor, the President of the Senate, and the Speaker of the House of Representatives on the placement of children in licensed out-of-home care, including family foster homes and residential group care, during the year. At a minimum, the report must include:*

(a) *The number of children placed in family foster homes and residential group care.*

(b) *The number of children placed outside of the county, outside of the circuit, and outside of the region in which they were removed from their homes.*

(c) *The number of children who had to change schools as a result of a placement decision.*

(d) *The use of each type of placement setting on a local, regional, and statewide level.*

(e) *An inventory of services available, by community-based care lead agency, which are necessary to maintain children in the least restrictive settings.*

(f) *An inventory of permanency teams that are created by each community-based care lead agency and the progress made by each lead agency to use those teams.*

Section 12. Section 409.144, Florida Statutes, is created to read:

409.144 *Continuum of care for children.*—

(1) *LEGISLATIVE FINDINGS AND INTENT.*—

(a) *The Legislature finds that permanency, well-being, and safety are critical goals for all children, especially for those in care, and that children in foster care or at risk of entering foster care are best supported through a continuum of care that provides appropriate ongoing services, supports, and a place to live from entry to exit.*

(b) *The Legislature also finds that federal law requires that out-of-home placements for children be in the least restrictive, most family-like setting available which is in close proximity to the home of their parents and consistent with the best interests and needs of the child, and that children be transitioned from out-of-home care to a permanent home in a timely manner.*

(c) *The Legislature further finds that permanency can be achieved through preservation of the family, through reunification with the birth family, or through legal guardianship or adoption by relatives or other caring and committed adults. Planning for permanency should begin at entry into care and should be child-driven, family-focused, culturally appropriate, and continuous and approached with the highest degree of urgency.*

(d) *It is, therefore, the intent of the Legislature that the department and the larger child welfare community establish and maintain a continuum of care that affords every child the opportunity to benefit from the most appropriate and least restrictive interventions, both in or out of the home, while ensuring that well-being and safety are addressed.*

(2) *DEFINITIONS.*—*As used in this section, the term:*

(a) *"Continuum of care" means the complete range of programs, services, and placement options for children served by, or at risk of being served by, the dependency system.*

(b) *"Family foster care" means a family foster home as defined in s. 409.175.*

(c) “Level of care” means a tiered approach to the type of placements used and the acuity and intensity of intervention services provided to meet the severity of a dependent child’s specific physical, emotional, psychological, and social needs.

(d) “Out-of-home care” means the placement of a child in licensed and nonlicensed settings, arranged and supervised by the department or contracted service provider, outside the home of the parent.

(e) “Residential group care” means a 24-hour, live-in environment that provides supervision, care, and services to meet the physical, emotional, social, and life skills needs of children served by the dependency system. Services may be provided by residential group care staff who are qualified to perform the needed services or by a community-based service provider with clinical expertise, credentials, and training to provide services to the children being served.

(3) **DEVELOPMENT OF CONTINUUM OF CARE.**—The department, in collaboration with the Florida Institute for Child Welfare and other stakeholders, shall develop a continuum of care for the placement of children in care, including, but not limited to, both family foster care and residential group care. Stakeholders involved in the development of the continuum of care must include representatives from providers, child advocates, children who are currently in care, and young adults who have aged out of care. To implement the continuum of care, the department shall, by December 31, 2017:

(a) Establish levels of care in the continuum of care which are clearly and concisely defined with the qualifying criteria for placement for each level of care identified.

(b) Revise licensure standards and rules to reflect the supports and services provided by a placement at each level of care and the complexity of the needs of the children served. Revisions must include attention to the need for a particular category of provider in a community before licensure may be considered, the quality standards of operation which must be met by all licensed providers, the numbers and qualifications of staff which are adequate to effectively address the issues and meet the needs of the children that the staff’s facility seeks to serve, and a well-defined process tied to specific criteria which leads to licensure suspension or revocation.

(c) Develop policies and procedures necessary to ensure that placement in any level of care is appropriate for each specific child, is determined by the required assessments and staffing, and lasts only as long as necessary to resolve the issue that required the placement.

(d) Develop a plan to recruit and retain specialized placements that may be appropriate and necessary for the following:

1. Placements for pregnant and parenting children and young adults must include family foster homes that are designed to provide an out-of-home placement option for young parents and their children to enable them to live in the same family foster home while caring for their children and working toward independent care of the child.

2. Placements for sibling groups must be family foster homes or residential group homes designed to keep sibling groups together unless such placements are not in the best interest of each child.

3. Young adults who have chosen to remain in foster care after the age of 18 and need independent living arrangements that provide services and case management.

4. Children who are involved in both the dependency and the juvenile justice systems. A plan for living arrangements and access to services for these children shall be developed by the department, in collaboration with the Department of Juvenile Justice.

(4) **QUALITY RATING SYSTEM.**—By June 30, 2017, the department shall develop, in collaboration with lead agencies, service providers, and other community stakeholders, a statewide quality rating system for providers of residential group care. This system must promote high quality in services and accommodations by creating measurable minimum quality standards. Domains addressed by a quality rating system for residential group care may include, but are not limited to, admissions, service planning and treatment planning, living environment, and program and service requirements. The system must be implemented by July 1, 2018, and must include:

(a) Delineated levels of quality which are clearly and concisely defined, including the domains measured and criteria that must be met to be placed in each level of quality.

(b) A well-defined process for notice, inspection, remediation, appeal, and enforcement.

(5) **REPORTING REQUIREMENT.**—The department shall submit a report to the Governor, the President of the Senate, and the Speaker of the House of Representatives by October 1 of each year, with the first report due October 1, 2016. At a minimum, the report must include the following:

(a) An update on the development of the continuum of care required by this section.

(b) An inventory of existing placements for children by type and by community-based care lead agency.

(c) An inventory of existing services available by community-based care lead agency and a plan for filling any identified gap, as well as a determination of what services are available that can be provided to children in family foster care without having to move the child to a more restrictive placement.

(d) The strategies being used by community-based care lead agencies to recruit, train, and support an adequate number of families to provide home-based family care.

(e) For every placement of a child made which is contrary to an appropriate placement as determined by the assessment process in s. 409.143, an explanation from the community-based care lead agency as to why the placement was made.

(f) The strategies being used by the community-based care lead agencies to reduce the high percentage of turnover in caseworkers.

(g) A plan for oversight by the department over the implementation of the continuum of care by the community-based care lead agencies.

(h) An update on the development of a statewide quality rating system for residential group care and family foster homes, and in 2018 and subsequent years, a list of providers meeting minimum quality standards and their quality ratings, the percentage of children placed in residential group care with highly rated providers, any negative action taken against contracted providers for not meeting minimum quality standards, and a plan for department oversight of the implementation of the statewide quality rating system for residential group care by the community-based lead agencies.

(6) **RULEMAKING.**—The department shall adopt rules to implement this section.

Section 13. Paragraph (a) of subsection (3) of section 409.1451, Florida Statutes, is amended to read:

409.1451 The Road-to-Independence Program.—

(3) **AFTERCARE SERVICES.**—

1. Not in foster care.

2. Temporarily not receiving financial assistance under subsection (2) to pursue postsecondary education.

Section 14. Paragraph (a) of subsection (3) of section 409.986, Florida Statutes, is amended to read:

(a) “Care” means services of any kind which are designed to facilitate a child remaining safely in his or her own home, returning safely to

his or her own home if he or she is removed from the home, or obtaining an alternative permanent home if he or she cannot remain at home or be returned home. The term includes, but is not limited to, prevention, intervention, diversion, and related services.

Section 15. Subsection (3) of section 409.988, Florida Statutes, is amended to read:

409.988 Lead agency duties; general provisions.—

(3) SERVICES.—

(a) General services.—

1. A lead agency must provide dependent children with services that are supported by research or that are recognized as best practices in the child welfare field. The agency shall give priority to the use of services that are evidence-based and trauma-informed and may also provide other innovative services, including, but not limited to, family-centered and cognitive-behavioral interventions designed to mitigate out-of-home placements.

2.
