(a) The Commissioner of Education shall approve a formula to measure individual student learning growth on the statewide, standardized assessments in English Language Arts and mathematics administered under s. 1008.22. A third party, independent of the assessment developer, must analyze student learning growth data calculated using the formula and provide access to a data visualization tool that enables teachers to understand and evaluate the data and school administrators to improve instruction, evaluate programs, allocate resources, plan professional development, and communicate with stakeholders. The formula must take into consideration each student's prior academic performance. The formula must not set different expectations for student learning growth based upon a student's gender, race, ethnicity, or socioeconomic status. In the development of the formula, the commissioner shall consider other factors such as a student's attendance record, disability status, or status as an English language learner. The commissioner may select additional formulas to measure student performance as appropriate for the remainder of the statewide, standardized assessments included under s. 1008.22 and continue to select formulas as new assessments are implemented in the state system. ~~After the commissioner approves the formula to measure individual student learning growth, the State Board of Education shall adopt these formulas in rule.~~

(b) Each school district may, but is not required to, ~~shall~~ measure student learning growth using the formulas approved by the commissioner under paragraph (a) ~~and the standards for performance levels adopted by the state board under subsection (8) for courses associated with the statewide, standardized assessments administered under s. 1008.22 no later than the school year immediately following the year the formula is approved by the commissioner. For grades and subjects not assessed by statewide, standardized assessments, each school district shall measure student performance using a methodology determined by the district.~~

(8) RULEMAKING.—~~No later than August 1, 2015, The State Board of Education shall adopt rules pursuant to ss. 120.536(1) and 120.54 which establish uniform procedures and format for the submission, review, and approval of district evaluation systems and reporting requirements for the annual evaluation of instructional personnel and school administrators; specific, discrete standards for each performance level required under subsection (2), based on student learning growth models approved by the commissioner, to ensure clear and sufficient differentiation in the performance levels and to provide consistency in meaning across school districts; the measurement of student learning growth and associated implementation procedures required under subsection (7); and a process for monitoring school district implementation of evaluation systems in accordance with this section.~~

~~(9) TRANSITION TO NEW STATEWIDE, STANDARDIZED ASSESSMENTS.—Standards for each performance level required under subsection (2) shall be established by the State Board of Education beginning with the 2015-2016 school year.~~

Section 37. *The Commissioner of Education shall contract for an independent study to determine whether the SAT and ACT may be administered in lieu of the grade 10 statewide, standardized ELA assessment and the Algebra I end-of-course assessment for high school students consistent with federal requirements under 20 U.S.C. s. 6311(b)(2)(H). The commissioner shall submit a report containing the results of such review and any recommendations to the Governor, the President of the Senate, the Speaker of the House of Representatives, and the State Board of Education by January 1, 2018.*

Section 38. Effective upon this act becoming a law, subsections (18), (21), and (24) of section 1001.42, Florida Statutes, are amended to read:

1001.42 Powers and duties of district school board.—The district school board, acting as a board, shall exercise all powers and perform all duties listed below:

(18) IMPLEMENT SCHOOL IMPROVEMENT AND ACCOUNTABILITY.—Maintain a system of school improvement and education accountability as provided by statute and State Board of Education rule. This system of school improvement and education accountability shall be consistent with, and implemented through, the district's continuing system of planning and budgeting required by this section and ss. 1008.385, 1010.01, and 1011.01. This system of school improvement and

education accountability shall comply with the provisions of ss. 1008.33, 1008.34, 1008.345, and 1008.385 and include the following:

(a) School improvement plans.—

1. The district school board shall annually approve and require implementation of a new, amended, or continuation school improvement plan for each school in the district *which has a school grade of "D" or "F"*. ~~If a school~~ has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22 by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S.C. s. 6311(b)(2)(C)(v)(II); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34 and as calculated under s. 1008.34(3)(b), who passed statewide, standardized assessments; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate. ~~The, that school's~~ improvement plan of a school that meets the requirements of this paragraph shall include strategies for improving these results. The state board shall adopt rules establishing thresholds and for determining compliance with this subparagraph.

2. ~~A school that includes any of grades 6, 7, or 8 shall include annually in its school improvement plan information and data on the school's early warning system required under paragraph (b), including a list of the early warning indicators used in the system, the number of students identified by the system as exhibiting two or more early warning indicators, the number of students by grade level that exhibit each early warning indicator, and a description of all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system. In addition, a school that includes any of grades 6, 7, or 8 shall describe in its school improvement plan the strategies used by the school to implement the instructional practices for middle grades emphasized by the district's professional development system pursuant to s. 1012.98(4)(b)9.~~

(b) Early warning system.—

1. A school that *serves any students in kindergarten through grade includes any of grades 6, 7, or 8* shall implement an early warning system to identify students in *such grades 6, 7, and 8* who need additional support to improve academic performance and stay engaged in school. The early warning system must include the following early warning indicators:

- a. Attendance below 90 percent, regardless of whether absence is excused or a result of out-of-school suspension.
- b. One or more suspensions, whether in school or out of school.
- c. Course failure in English Language Arts or mathematics *during any grading period*.
- d. A Level 1 score on the statewide, standardized assessments in English Language Arts or mathematics *or, for students in kindergarten through grade 3, a substantial reading deficiency under s. 1008.25(5)(a)*.

A school district may identify additional early warning indicators for use in a school's early warning system. *The system must include data on the number of students identified by the system as exhibiting two or more early warning indicators, the number of students by grade level who exhibit each early warning indicator, and a description of all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.*

2. *A school-based team responsible for implementing the requirements of this paragraph shall monitor the data from the early warning system. The team may include a school psychologist. When a student exhibits two or more early warning indicators, the team, in consultation with the student's parent, shall school's child study team under s. 1003.02 or a school-based team formed for the purpose of implementing the requirements of this paragraph shall convene to determine appropriate intervention strategies for the student unless the student is already being served by an intervention program at the direction of a school-based, multidisciplinary team. Data and information relating to a student's early warning indicators must be used to inform any intervention strategies provided to the student. The school shall provide at*

~~least 10 days' written notice of the meeting to the student's parent, indicating the meeting's purpose, time, and location, and provide the parent the opportunity to participate.~~

(21) ~~EDUCATIONAL AUTHORITY TO DECLARE AN EMERGENCY.~~ ~~May declare an emergency in cases in which one or more schools in the district are failing or are in danger of failing and Negotiate special provisions of its contract with the appropriate bargaining units to free these schools with a school grade of "D" or "F" from contract restrictions that limit the school's ability to implement programs and strategies needed to improve student performance. The negotiations shall result in a memorandum of understanding that addresses the selection, placement, and expectations of instructional personnel and provides principals with the autonomy described in s. 1012.28(8). For purposes of this subsection, an educational emergency exists in a school district if one or more schools in the district have a school grade of "D" or "F."~~

(24) EMPLOYMENT CONTRACTS.—

(a) If a school district enters into a contract or employment agreement, or renewal or renegotiation of an existing contract or employment agreement, with an officer, agent, employee, or contractor which contains a provision for severance pay, the contract or employment agreement must include the provisions of s. 215.425.

(b) *A district school board may not award an annual contract on the basis of any contingency or condition not expressly authorized in law by the Legislature or alter or limit its authority to award or not award an annual contract as provided in s. 1012.335. This paragraph applies only to a collective bargaining agreement entered into or renewed by a district school board on or after the effective date of this act.*

Section 39. Section 1001.4205, Florida Statutes, is created to read:

1001.4205 *Visitation of schools by an individual school board or charter school governing board member.—An individual member of a district school board may, on any day and at any time at his or her pleasure, visit any district school in his or her school district. An individual charter school governing board member may, on any day and at any time at his or her pleasure, visit any charter school governed by the charter school's governing board. The board member must sign in and sign out at the school's main office and wear his or her board identification badge at all times while present on school premises. The board, the school, or any other person or entity, including, but not limited to, the principal of the school, the school superintendent, or any other board member, may not require the visiting board member to provide notice before visiting the school. The school may offer, but may not require, an escort to accompany a visiting board member during the visit. Another board member or a district employee, including, but not limited to, the superintendent, the school principal, or his or her designee, may not limit the duration or scope of the visit or direct a visiting board member to leave the premises. A board, district, or school administrative policy or practice may not prohibit or limit the authority granted to a board member under this section.*

Section 40. *The Division of Law Revision and Information is directed to replace the phrase "the effective date of this act" wherever it occurs in this act with the date the act becomes a law.*

Section 41. Subsections (3), (4), and (5) of section 1008.33, Florida Statutes, are amended to read:

1008.33 Authority to enforce public school improvement.—

(3)(a) The academic performance of all students has a significant effect on the state school system. Pursuant to Art. IX of the State Constitution, which prescribes the duty of the State Board of Education to supervise Florida's public school system, the state board shall equitably enforce the accountability requirements of the state school system and may impose state requirements on school districts in order to improve the academic performance of all districts, schools, and students based upon the provisions of the Florida K-20 Education Code, chapters 1000-1013; the federal ESEA and its implementing regulations; and the ESEA flexibility waiver approved for Florida by the United States Secretary of Education.

(b) Beginning with the 2011-2012 school year, The Department of Education shall annually identify each public school in need of intervention and support to improve student academic performance. All schools earning a grade of "D" or "F" pursuant to s. 1008.34 are schools in need of intervention and support.

(c) The state board shall adopt by rule a differentiated matrix of intervention and support strategies for assisting traditional public schools identified under this section and rules for implementing s. 1002.33(9)(n), relating to charter schools. The intervention and support strategies must address student performance and may include improvement planning; leadership quality improvement; educator quality improvement; professional development; curriculum review, alignment and pacing, and alignment across grade levels to improve background knowledge in social studies, science, and the arts; and the use of continuous improvement and monitoring plans and processes. In addition, the state board may prescribe reporting requirements to review and monitor the progress of the schools. The rule must define the intervention and support strategies for school improvement for schools earning a grade of "D" or "F" and the roles for the district and department. The rule shall differentiate among schools earning consecutive grades of "D" or "F," or a combination thereof, and provide for more intense monitoring, intervention, and support strategies for these schools.

(4)(a) The state board shall apply *intensive* the most intense intervention and support strategies tailored to the needs of schools earning two consecutive grades of "D" or a grade of "F." In the first full school year after a school initially earns two consecutive grades of "D" or a grade of "F," the school district must immediately implement intervention and support strategies prescribed in rule under paragraph (3)(c) and, by September 1, provide, select a turnaround option from those provided in subparagraphs (b)1., 5., and submit a plan for implementing the turnaround option to the department with the memorandum of understanding negotiated pursuant to s. 1001.42(21) and, by October 1, a district-managed turnaround plan for approval by the state board. Upon approval by the state board, the school district must implement the plan for the remainder of the school year and continue the plan for 1 full school year. The state board may allow a school an additional year of implementation before the school must implement a turnaround option required under paragraph (b) if it determines that the school is likely to improve to a grade of "C" or higher after the first full school year of implementation for approval by the state board. Upon approval by the state board, the turnaround option must be implemented in the following school year.

(b) Unless an additional year of implementation is provided pursuant to paragraph (a), The turnaround options available to a school district to address a school that earns three consecutive grades below a "C" must implement one of the following a grade of "F" are:

1. Convert the school to a district managed turnaround school;
- 1.2. Reassign students to another school and monitor the progress of each reassigned student;
- 2.3. Close the school and reopen the school as one or more charter schools, each with a governing board that has a demonstrated record of effectiveness; or
- 3.4. Contract with an outside entity that has a demonstrated record of effectiveness to operate the school. An outside entity may include a district-managed charter school in which all instructional personnel are not employees of the school district, but are employees of an independent governing board composed of members who did not participate in the review or approval of the charter; or

5. Implement a hybrid of turnaround options set forth in subparagraphs 1., 4. or other turnaround models that have a demonstrated record of effectiveness.

(c) A school earning a grade of "F" shall have a planning year followed by 2 full school years to implement the initial turnaround option selected by the school district and approved by the state board. Implementation of the turnaround option is no longer required if the school improves to a grade of "C" or higher by at least one letter grade.

(d) A school earning a grade of "F" that improves its letter grade must continue to implement strategies identified in its school improvement plan pursuant to s. 1001.42(18)(a). The department must annually review implementation of the school improvement plan for 3 years to monitor the school's continued improvement.

(d)(e) If a school earning two consecutive grades of "D" or a grade of "F" does not improve to a grade of "C" or higher by at least one letter grade after 2 full school years of implementing the turnaround option selected by the school district under paragraph (b), the school district must implement select a different option and submit another turnaround option implementation plan to the department for approval by the state board. Implementation of the turnaround option approved plan must begin the school year following the implementation period of the existing turnaround option, unless the state board determines that the school is likely to improve to a grade of "C" or higher a letter grade if additional time is provided to implement the existing turnaround option.

(5) A school that earns a grade of "D" for 3 consecutive years must implement the district managed turnaround option pursuant to subparagraph (4)(b)1. The school district must submit an implementation plan to the department for approval by the state board.

Section 42. Subsection (5) and paragraph (d) of subsection (6) of section 1008.345, Florida Statutes, are amended to read:

1008.345 Implementation of state system of school improvement and education accountability.—

(5) The commissioner shall annually report to the State Board of Education and the Legislature and recommend changes in state policy necessary to foster school improvement and education accountability. The report shall include:

- (a) For each school district:
  1. The percentage of students, by school and grade level, demonstrating learning growth in English Language Arts and mathematics.
  2. The percentage of students, by school and grade level, in both the highest and lowest quartiles demonstrating learning growth in English Language Arts and mathematics.
  3. The information contained in the school district's annual report required pursuant to s. 1008.25(8).

(b) Intervention and support strategies used by school districts boards whose students in both the highest and lowest quartiles exceed the statewide average learning growth for students in those quartiles.

(c) Intervention and support strategies used by school districts boards whose schools provide educational services to youth in Department of Juvenile Justice programs that demonstrate learning growth in English Language Arts and mathematics that exceeds the statewide average learning growth for students in those subjects.

(d) Based upon a review of each school district's reading plan submitted pursuant to s. 1011.62(9), intervention and support strategies used by school districts that were effective in improving the reading performance of students, as indicated by student performance data, who are identified as having a substantial reading deficiency pursuant to s. 1008.25(5)(a).

School reports shall be distributed pursuant to this subsection and s. 1001.42(18)(c) and according to rules adopted by the State Board of Education.

- (6)
  - (d) The commissioner shall assign a community assessment team to each school district or governing board with a school that earned a grade of "D" or "F" or three consecutive grades of "D" pursuant to s. 1008.34 to review the school performance data and determine causes for the low performance, including the role of school, area, and district administrative personnel. The community assessment team shall review a high school's graduation rate calculated without high school equivalency diploma recipients for the past 3 years, disaggregated by student ethnicity. The team shall make recommendations to the school board or the

governing board and to the State Board of Education based on the interventions and support strategies identified pursuant to subsection (5) to which address the causes of the school's low performance and to incorporate the strategies and may be incorporated into the school improvement plan. The assessment team shall include, but not be limited to, a department representative, parents, business representatives, educators, representatives of local governments, and community activists, and shall represent the demographics of the community from which they are appointed.

Section 43. Effective upon this act becoming a law, section 1002.333, Florida Statutes, is created to read:

*1002.333 Persistently low-performing schools.—*

(1) *DEFINITIONS.—As used in this section, the term:*

(a) *“Hope operator” means an entity identified by the department pursuant to subsection (2).*

(b) *“Persistently low-performing school” means a school that has earned three consecutive grades lower than a “C,” pursuant to s. 1008.34, and a school that was closed pursuant to s. 1008.33(4) within 2 years after the submission of a notice of intent.*

(c) *“School of hope” means:*

1. *A charter school operated by a hope operator which serves students from one or more persistently low-performing schools; is located in the attendance zone of a persistently low-performing school or within a 5-mile radius of such school, whichever is greater; and is a Title I eligible school; or*

2. *A school operated by a hope operator pursuant to s. 1008.33(4)(b)3.*

(2) *HOPE OPERATOR.—A hope operator is a nonprofit organization with tax exempt status under s. 501(c)(3) of the Internal Revenue Code that operates three or more charter schools that serve students in grades K-12 in Florida or other states with a record of serving students from low-income families and is designated by the State Board of Education as a hope operator based on a determination that:*

(a) *The past performance of the hope operator meets or exceeds the following criteria:*

1. *The achievement of enrolled students exceeds the district and state averages of the states in which the operator's schools operate;*

2. *The average college attendance rate at all schools currently operated by the operator exceeds 80 percent, if such data is available;*

3. *The percentage of students eligible for a free or reduced price lunch under the National School Lunch Act enrolled at all schools currently operated by the operator exceeds 70 percent;*

4. *The operator is in good standing with the authorizer in each state in which it operates;*

5. *The audited financial statements of the operator are free of material misstatements and going concern issues; and*

6. *Other outcome measures as determined by the State Board of Education;*

(b) *The operator was awarded a United States Department of Education Charter School Program grant for Replication and Expansion of High-Quality Charter Schools within the preceding 3 years before applying to be a hope operator;*

(c) *The operator receives funding through the National Fund of the Charter School Growth Fund to accelerate the growth of the nation's best charter schools; or*

(d) *The operator is selected by a district school board in accordance with s. 1008.33.*

*An entity that meets the requirements of paragraph (b), paragraph (c), or paragraph (d) before the adoption by the state board of measurable criteria pursuant to paragraph (a) shall be designated as a hope op-*

*erator. After the adoption of the measurable criteria, an entity, including a governing board that operates a school established pursuant to s. 1008.33(4)(b)3., shall be designated as a hope operator if it meets the criteria of paragraph (a).*

(3) *DESIGNATION OF HOPE OPERATOR.—Initial status as a hope operator is valid for 5 years from the opening of a school of hope. If a hope operator seeks the renewal of its status, such renewal shall solely be based upon the academic and financial performance of all schools established by the operator in the state since its initial designation.*

(4) *ESTABLISHMENT OF SCHOOLS OF HOPE.—A hope operator seeking to open a school of hope must submit a notice of intent to the school district in which a persistently low-performing school has been identified by the State Board of Education pursuant to subsection (10).*

(a) *The notice of intent must include:*

1. *An academic focus and plan.*

2. *A financial plan.*

3. *Goals and objectives for increasing student achievement for the students from low-income families.*

4. *A completed or planned community outreach plan.*

5. *The organizational history of success in working with students with similar demographics.*

6. *The grade levels to be served and enrollment projections.*

7. *The proposed location or geographic area proposed for the school and its proximity to the persistently low-performing school.*

8. *A staffing plan.*

(b) *Notwithstanding the requirements of s. 1002.33, a school district shall enter into a performance-based agreement with a hope operator to open schools to serve students from persistently low-performing schools.*

(5) *PERFORMANCE-BASED AGREEMENT.—The following shall comprise the entirety of the performance-based agreement:*

(a) *The notice of intent, which is incorporated by reference and attached to the agreement.*

(b) *The location or geographic area proposed for the school of hope and its proximity to the persistently low-performing school.*

(c) *An enumeration of the grades to be served in each year of the agreement and whether the school will serve children in the school readiness or prekindergarten programs.*

(d) *A plan of action and specific milestones for student recruitment and the enrollment of students from persistently low-performing schools, including enrollment preferences and procedures for conducting transparent admissions lotteries that are open to the public. Students from persistently low-performing schools shall be exempt from any enrollment lottery to the extent permitted by federal grant requirements.*

(e) *A delineation of the current incoming baseline standard of student academic achievement, the outcomes to be achieved, and the method of measurement that will be used.*

(f) *A description of the methods of involving parents and expected levels for such involvement.*

(g) *The grounds for termination, including failure to meet the requirements for student performance established pursuant to paragraph (e), generally accepted standards of fiscal management, or material violation of terms of the agreement. The nonrenewal or termination of a performance-based agreement must comply with the requirements of s. 1002.33(8).*

(h) *A provision allowing the hope operator to open additional schools to serve students enrolled in or zoned for a persistently low-performing school if the hope operator maintains its status under subsection (3).*

(i) A provision establishing the initial term as 5 years. The agreement shall be renewed, upon the request of the hope operator, unless the school fails to meet the requirements for student performance established pursuant to paragraph (e) or generally accepted standards of fiscal management or the school of hope materially violates the law or the terms of the agreement.

(j) A requirement to provide transportation consistent with the requirements of ss. 1006.21-1006.27 and s. 1012.45. The governing body of the school of hope may provide transportation through an agreement or contract with the district school board, a private provider, or parents of enrolled students. Transportation may not be a barrier to equal access for all students residing within reasonable distance of the school.

(k) A requirement that any arrangement entered into to borrow or otherwise secure funds for the school of hope from a source other than the state or a school district shall indemnify the state and the school district from any and all liability, including, but not limited to, financial responsibility for the payment of the principal or interest.

(l) A provision that any loans, bonds, or other financial agreements are not obligations of the state or the school district but are obligations of the school of hope and are payable solely from the sources of funds pledged by such agreement.

(m) A prohibition on the pledge of credit or taxing power of the state or the school district.

(6) STATUTORY AUTHORITY.—

(a) A school of hope may be designated as a local education agency, if requested, for the purposes of receiving federal funds and, in doing so, accepts the full responsibility for all local education agency requirements and the schools for which it will perform local education agency responsibilities. Students enrolled in a school established by a hope operator designated as a local educational agency are not eligible students for purposes of calculating the district grade pursuant to s. 1008.34(5).

(b) For the purposes of tort liability, the hope operator, the school of hope, and its employees or agents shall be governed by s. 768.28. The sponsor shall not be liable for civil damages under state law for the employment actions or personal injury, property damage, or death resulting from an act or omission of a hope operator, the school of hope, or its employees or agents. This paragraph does not include any for-profit entity contracted by the charter school or its governing body.

(c) A school of hope may be either a private or a public employer. As a public employer, the school of hope may participate in the Florida Retirement System upon application and approval as a covered group under s. 121.021(34). If a school of hope participates in the Florida Retirement System, the school of hope's employees shall be compulsory members of the Florida Retirement System.

(d) A hope operator may employ school administrators and instructional personnel who do not meet the requirements of s. 1012.56 if the school administrators and instructional personnel are not ineligible for such employment under s. 1012.315.

(e) Compliance with s. 1003.03 shall be calculated as the average at the school level.

(f) Schools of hope operated by a hope operator shall be exempt from chapters 1000-1013 and all school board policies. However, a hope operator shall be in compliance with the laws in chapters 1000-1013 relating to:

1. The student assessment program and school grading system.
2. Student progression and graduation.
3. The provision of services to students with disabilities.
4. Civil rights, including s. 1000.05, relating to discrimination.
5. Student health, safety, and welfare.
6. Public meetings and records, public inspection, and criminal and civil penalties pursuant to s. 286.011. The governing board of a school of hope must hold at least two public meetings per school year in the school

district in which the school of hope is located. Any other meetings of the governing board may be held in accordance with s. 120.54(5)(b)2.

7. Public records pursuant to chapter 119.

8. The code of ethics for public officers and employees pursuant to ss. 112.313(2), (3), (7), and (12) and 112.3143(3).

(g) Each school of hope shall report its students to the school district as required in s. 1011.62, and in accordance with the definitions in s. 1011.61. The school district shall include each charter school's enrollment in the district's report of student enrollment. All charter schools submitting student record information required by the department shall comply with the department's guidelines for electronic data formats for such data, and all districts shall accept electronic data that complies with the department's electronic format.

(h) A school of hope shall provide the school district with a concise, uniform, quarterly financial statement summary sheet that contains a balance sheet and a statement of revenue, expenditures, and changes in fund balance. The balance sheet and the statement of revenue, expenditures, and changes in fund balance shall be in the governmental fund format prescribed by the Governmental Accounting Standards Board. Additionally, a school of hope shall comply with the annual audit requirement for charter schools in s. 218.39.

(7) FACILITIES.—

(a) A school of hope shall use facilities that comply with the Florida Building Code, except for the State Requirements for Educational Facilities. A school of hope that uses school district facilities must comply with the State Requirements for Educational Facilities only if the school district and the hope operator have entered into a mutual management plan for the reasonable maintenance of such facilities. The mutual management plan shall contain a provision by which the district school board agrees to maintain the school facilities in the same manner as its other public schools within the district. The local governing authority shall not adopt or impose any local building requirements or site-development restrictions, such as parking and site-size criteria, student enrollment, and occupant load, that are addressed by and more stringent than those found in the State Requirements for Educational Facilities of the Florida Building Code. A local governing authority must treat schools of hope equitably in comparison to similar requirements, restrictions, and site planning processes imposed upon public schools. The agency having jurisdiction for inspection of a facility and issuance of a certificate of occupancy or use shall be the local municipality or, if in an unincorporated area, the county governing authority. If an official or employee of the local governing authority refuses to comply with this paragraph, the aggrieved school or entity has an immediate right to bring an action in circuit court to enforce its rights by injunction. An aggrieved party that receives injunctive relief may be awarded reasonable attorney fees and court costs.

(b) Any facility, or portion thereof, used to house a school of hope shall be exempt from ad valorem taxes pursuant to s. 196.1983. Library, community service, museum, performing arts, theatre, cinema, church, Florida College System institution, college, and university facilities may provide space to schools of hope within their facilities under their pre-existing zoning and land use designations without obtaining a special exception, rezoning, or a land use change.

(c) School of hope facilities are exempt from assessments of fees for building permits, except as provided in s. 553.80; fees for building and occupational licenses; impact fees or exactions; service availability fees; and assessments for special benefits.

(d) No later than October 1, each school district shall annually provide to the Department of Education a list of all underused, vacant, or surplus facilities owned or operated by the school district. A hope operator establishing a school of hope may use an educational facility identified in this paragraph at no cost or at a mutually agreeable cost not to exceed \$600 per student. A hope operator using a facility pursuant to this paragraph may not sell or dispose of such facility without the written permission of the school district. For purposes of this paragraph, the term "underused, vacant, or surplus facility" means an entire facility or portion thereof which is not fully used or is used irregularly or intermittently by the school district for instructional or program use.

(8) **NONCOMPLIANCE.**—A school district that does not enter into a performance-based agreement within 60 days after receipt of a notice of intent shall reduce the administrative fees withheld pursuant to s. 1002.33(20) to 1 percent for all charter schools operating in the school district. Upon execution of the performance-based agreement, the school district may resume withholding the full amount of administrative fees, but may not recover any fees that would have otherwise accrued during the period of noncompliance. Any charter school that had administrative fees withheld in violation of this subsection may recover attorney fees and costs to enforce the requirements of this subsection. A school district subject to the requirements of this section shall file a monthly report detailing the reduction in the amount of administrative fees withheld.

(9) **FUNDING.**—

(a) Schools of hope shall be funded in accordance with s. 1002.33(17).

(b) Schools of hope shall receive priority in the department's Public Charter School Grant Program competitions.

(c) Schools of hope shall be considered charter schools for purposes of s. 1013.62, except charter capital outlay may not be used to purchase real property or for the construction of school facilities.

(d) Schools of hope are eligible to receive funds from the Schools of Hope Program.

(10) **SCHOOLS OF HOPE PROGRAM.**—The Schools of Hope Program is created within the Department of Education.

(a) A school of hope is eligible to receive funds from the Schools of Hope Program for the following expenditures:

1. Preparing teachers, school leaders, and specialized instructional support personnel, including costs associated with:

a. Providing professional development.

b. Hiring and compensating teachers, school leaders, and specialized instructional support personnel for services beyond the school day and year.

2. Acquiring supplies, training, equipment, and educational materials, including developing and acquiring instructional materials.

3. Providing one-time startup costs associated with providing transportation to students to and from the charter school.

4. Carrying out community engagement activities, which may include paying the cost of student and staff recruitment.

5. Providing funds to cover the nonvoted ad valorem millage that would otherwise be required for schools and the required local effort funds calculated pursuant to s. 1011.62 when the state board enters into an agreement with a hope operator pursuant to subsection (5).

(b) A traditional public school that is required to submit a plan for implementation pursuant to s. 1008.33(4) is eligible to receive up to \$2,000 per full-time equivalent student from the Schools of Hope Program based upon the strength of the school's plan for implementation and its focus on evidence-based interventions that lead to student success by providing wrap-around services that leverage community assets, improve school and community collaboration, and develop family and community partnerships. Wrap-around services include, but are not limited to, tutorial and after-school programs, student counseling, nutrition education, parental counseling, and adult education. Plans for implementation may also include models that develop a culture of attending college, high academic expectations, character development, dress codes, and an extended school day and school year. At a minimum, a plan for implementation must:

1. Establish wrap-around services that develop family and community partnerships.

2. Establish clearly defined and measurable high academic and character standards.

3. Increase parental involvement and engagement in the child's education.

4. Describe how the school district will identify, recruit, retain, and reward instructional personnel. The state board may waive the requirements of s. 1012.22(1)(c)5., and suspend the requirements of s. 1012.34, to facilitate implementation of the plan.

5. Identify a knowledge-rich curriculum that the school will use that focuses on developing a student's background knowledge.

6. Provide professional development that focuses on academic rigor, direct instruction, and creating high academic and character standards.

(c) The state board shall:

1. Provide awards for up to 25 schools and prioritize awards for plans submitted pursuant to paragraph (b) that are based on whole school transformation and that are developed in consultation with the school's principal.

2. Annually report on the implementation of this subsection in the report required by s. 1008.345(5), and provide summarized academic performance reports of each traditional public school receiving funds.

(11) **STATE BOARD OF EDUCATION AUTHORITY AND OBLIGATIONS.**—Pursuant to Art. IX of the State Constitution, which prescribes the duty of the State Board of Education to supervise the public school system, the State Board of Education shall:

(a) Publish an annual list of persistently low-performing schools after the release of preliminary school grades.

(b) Adopt a standard notice of intent and performance-based agreement that must be used by hope operators and district school boards to eliminate regulatory and bureaucratic barriers that delay access to high quality schools for students in persistently low-performing schools.

(c) Resolve disputes between a hope operator and a school district arising from a performance-based agreement or a contract between a charter operator and a school district under the requirements of s. 1008.33. The Commissioner of Education shall appoint a special magistrate who is a member of The Florida Bar in good standing and who has at least 5 years' experience in administrative law. The special magistrate shall hold hearings to determine facts relating to the dispute and to render a recommended decision for resolution to the State Board of Education. The recommendation may not alter in any way the provisions of the performance-based agreement under subsection (5). The special magistrate may administer oaths and issue subpoenas on behalf of the parties to the dispute or on his or her own behalf. Within 15 calendar days after the close of the final hearing, the special magistrate shall transmit a recommended decision to the State Board of Education and to the representatives of both parties by registered mail, return receipt requested. The State Board of Education must approve or reject the recommended decision at its next regularly scheduled meeting that is more than 7 calendar days and no more than 30 days after the date the recommended decision is transmitted. The decision by the State Board of Education is a final agency action that may be appealed to the District Court of Appeal, First District in accordance with s. 120.68. A charter school may recover attorney fees and costs if the State Board of Education determines that the school district unlawfully implemented or otherwise impeded implementation of the performance-based agreement pursuant to this paragraph.

(d) Provide students in persistently low-performing schools with a public school that meets accountability standards. The State Board of Education may enter into a performance-based agreement with a hope operator when a school district has not improved the school after 3 years of the interventions and support provided under s. 1008.33 or has not complied with the requirements of subsection (4). Upon the State Board of Education entering into a performance-based agreement with a hope operator, the school district shall transfer to the school of hope the proportionate share of state funds allocated from the Florida Education Finance Program.

(12) **RULES.**—The State Board of Education shall adopt rules pursuant to ss. 120.536(1) and 120.54 to implement this section.

Section 44. Section 1001.292, Florida Statutes, is created to read:

1001.292 Schools of Hope Revolving Loan Program.—

(1) The Schools of Hope Revolving Loan Program is established within the Department of Education to provide assistance to hope operators, as defined in s. 1002.333, to meet school building construction needs and pay for expenses related to the startup of a new charter school. The program shall consist of funds appropriated by the Legislature, money received from the repayment of loans made from the program, and interest earned.

(2) Funds provided pursuant to this section may not exceed 25 percent of the total cost of the project, which shall be calculated based on 80 percent of the cost per student station established by s. 1013.64(6)(b) multiplied by the capacity of the facility.

(3) The department may contract with a third-party administrator to administer the program. If the department contracts with a third-party administrator, funds shall be granted to the third-party administrator to create a revolving loan fund for the purpose of financing projects that meet the requirements of subsection (4). The third-party administrator shall report to the department annually. The department shall continue to administer the program until a third-party administrator is selected.

(4) Hope operators that have been designated by the State Board of Education and have executed a performance-based agreement pursuant to s. 1002.333 shall be provided a loan of up to the amount provided in subsection (2) for projects that are located in the attendance area of a persistently low-performing school or within a 5-mile radius of such school and primarily serve students from the persistently low-performing school. A hope operator is not eligible for funding if it operates in facilities provided by the school district for a nominal fee, or at no charge, or if it is directly or indirectly operated by the school district.

(5) The department shall post on its website the projects that have received loans, the geographic distribution of the projects, the status of the projects, the costs of the program, and student outcomes for students enrolled in the school of hope receiving funds.

(6) All repayments of principal and interest shall be returned to the loan fund and made available for loans to other applicants.

(7) Interest on loans provided under this program may be used to defray the costs of administration and shall be the lower of:

- (a) The rate paid on moneys held in the fund; or
- (b) A rate equal to 50 percent of the rate authorized under the provisions of s. 215.84.

(8) Notwithstanding s. 216.301 and pursuant to s. 216.351, funds allocated for this purpose which are not disbursed by June 30 of the fiscal year in which the funds are allocated may be carried forward for up to 5 years after the effective date of the original appropriation.

Section 45. Subsection (5) is added to section 1011.69, Florida Statutes, to read:

1011.69 Equity in School-Level Funding Act.—

(5) After providing Title I, Part A, Basic funds to schools above the 75 percent poverty threshold, school districts shall provide any remaining Title I, Part A, Basic funds directly to all eligible schools as provided in this subsection. For purposes of this subsection, an eligible school is a school that is eligible to receive Title I funds, including a charter school. The threshold for identifying eligible schools may not exceed the threshold established by a school district for the 2016-2017 school year or the statewide percentage of economically disadvantaged students, as determined annually.

(a) Prior to the allocation of Title I funds to eligible schools, a school district may withhold funds only as follows:

- 1. One percent for parent involvement, in addition to the one percent the district must reserve under federal law for allocations to eligible schools for parent involvement;
- 2. A necessary and reasonable amount for administration, which includes the district's indirect cost rate, not to exceed a total of 8 percent; and

3. A reasonable and necessary amount to provide:

- a. Homeless programs;
- b. Delinquent and neglected programs;
- c. Prekindergarten programs and activities;
- d. Private school equitable services; and
- e. Transportation for foster care children to their school of origin or choice programs.

(b) All remaining Title I funds shall be distributed to all eligible schools in accordance with federal law and regulation. An eligible school may use funds under this subsection to participate in discretionary educational services provided by the school district.

Section 46. Subsections (3), (4), (5), and (8) of section 1012.731, Florida Statutes, are amended to read:

1012.731 The Florida Best and Brightest Teacher Scholarship Program.—

(3)(a) To be eligible for a scholarship in the amount of \$6,000, a classroom teacher must:

1. Have achieved a composite score at or above the 80th percentile on either the SAT or the ACT based on the National Percentile Ranks in effect when the classroom teacher took the assessment and have been evaluated as highly effective pursuant to s. 1012.34 in the school year immediately preceding the year in which the scholarship will be awarded, unless the classroom teacher is newly hired by the district school board and has not been evaluated pursuant to s. 1012.34.

2. Beginning with the 2020-2021 school year, have achieved a composite score at or above the 77th percentile or, if the classroom teacher graduated cum laude or higher with a baccalaureate degree, the 71st percentile on either the SAT, ACT, GRE, LSAT, GMAT, or MCAT based on the National Percentile Ranks in effect when the classroom teacher took the assessment; and have been evaluated as highly effective pursuant to s. 1012.34, or have been evaluated as highly effective based on a commissioner-approved student learning growth formula pursuant to s. 1012.34(8), in the school year immediately preceding the year in which the scholarship will be awarded, unless the classroom teacher is newly hired by the district school board and has not been evaluated pursuant to s. 1012.34.

(b) In order to demonstrate eligibility for an award, an eligible classroom teacher must submit to the school district, no later than November 1, an official record of his or her qualifying assessment SAT or ACT score and, beginning with the 2020-2021 school year, an official transcript demonstrating that he or she graduated cum laude or higher with a baccalaureate degree, if applicable the classroom teacher scored at or above the 80th percentile based on the National Percentile Ranks in effect when the teacher took the assessment. Once a classroom teacher is deemed eligible by the school district, including teachers deemed eligible in the 2015-2016 fiscal year, the teacher shall remain eligible as long as he or she remains employed by the school district as a classroom teacher at the time of the award and receives an annual performance evaluation rating of highly effective pursuant to s. 1012.34 or is evaluated as highly effective based on a commissioner-approved student learning growth formula pursuant to s. 1012.34(8) for the 2019-2020 school year or thereafter.

(c) Notwithstanding the requirements of this subsection, for the 2017-2018, 2018-2019, and 2019-2020 school years, any classroom teacher who:

- 1. Was evaluated as highly effective pursuant to s. 1012.34 in the school year immediately preceding the year in which the scholarship will be awarded shall receive a scholarship of \$1200, including a classroom teacher who received an award pursuant to paragraph (a).
- 2. Was evaluated as effective pursuant to s. 1012.34 in the school year immediately preceding the year in which the scholarship will be awarded a scholarship of up to \$800. If the number of eligible classroom teachers under this subparagraph exceeds the total allocation, the department shall prorate the per-teacher scholarship amount.

*This paragraph expires July 1, 2020.*

(4) Annually, by December 1, each school district shall submit to the department:

(a) The number of eligible classroom teachers who qualify for the scholarship.

(b) *The name and master school identification number (MSID) of each school in the district to which an eligible classroom teacher is assigned.*

(c) *The name of the school principal of each eligible classroom teacher's school if he or she has served as the school's principal for at least 2 consecutive school years including the current school year.*

(5) Annually, by February 1, the department shall disburse scholarship funds to each school district for each eligible classroom teacher to receive a scholarship *in accordance with this section as provided in the General Appropriations Act. A scholarship in the amount provided in the General Appropriations Act shall be awarded to every eligible classroom teacher. If the number of eligible classroom teachers exceeds the total appropriation authorized in the General Appropriations Act, the department shall prorate the per teacher scholarship amount.*

~~(8) This section expires July 1, 2017.~~

Section 47. Section 1012.732, Florida Statutes, is created to read:

*1012.732 The Florida Best and Brightest Principal Scholarship Program.—*

(1) *The Legislature recognizes that the most effective school principals establish a safe and supportive school environment for students and faculty. Research shows that these principals increase student learning by providing opportunities for the professional growth, collaboration, and autonomy that classroom teachers need to become and remain highly effective educational professionals. As a result, these principals are able to recruit and retain more of the best classroom teachers and improve student outcomes at their schools, including schools serving low-income and high-need student populations. Therefore, it is the intent of the Legislature to designate school principals whose school faculty has a high percentage of classroom teachers who are designated as Florida's best and brightest teacher scholars pursuant to s. 1012.731 as Florida's best and brightest principals.*

(2) *There is created the Florida Best and Brightest Principal Scholarship Program to be administered by the Department of Education. The program shall provide categorical funding for scholarships to be awarded to school principals, as defined in s. 1012.01(3)(c)1., who have recruited and retained a high percentage of best and brightest teachers.*

(3) *A school principal identified pursuant to s. 1012.731(4)(c) is eligible to receive a scholarship under this section if he or she has served as school principal at his or her school for at least 2 consecutive school years including the current school year and his or her school has a ratio of best and brightest teachers to other classroom teachers that is at the 80th percentile or higher for schools within the same grade group, statewide, including elementary schools, middle schools, high schools, and schools with a combination of grade levels.*

(4) *Annually, by February 1, the department shall identify eligible school principals and disburse funds to each school district for each eligible school principal to receive a scholarship. A scholarship of \$5,000 must be awarded to every eligible school principal assigned to a Title I school and a scholarship of \$4,000 to every eligible school principal who is not assigned to a Title I school.*

(5) *Annually, by April 1, each school district must award a scholarship to each eligible school principal.*

(6) *A school district must provide a best and brightest principal with the additional authority and responsibilities provided in s. 1012.28(8) for a minimum of 2 years.*

(7) *For purposes of this section, the term "school district" includes the Florida School for the Deaf and the Blind and charter school governing boards.*

Section 48. Paragraphs (i) and (j) of subsection (2) of section 1002.385, Florida Statutes, are redesignated as paragraphs (j) and (k), respectively, paragraph (d) of subsection (2), subsection (5), paragraph (b) of subsection (6), subsection (8), paragraphs (e) and (f) of subsection (11), paragraph (j) of subsection (12), and paragraph (a) of subsection (13) are amended, and a new paragraph (i) is added to subsection (2) of that section, to read:

1002.385 The Gardiner Scholarship.—

(2) DEFINITIONS.—As used in this section, the term:

(d) "Disability" means, for a 3- or 4-year-old child or for a student in kindergarten to grade 12, autism spectrum disorder, as defined in the Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition, published by the American Psychiatric Association; cerebral palsy, as defined in s. 393.063(6); Down syndrome, as defined in s. 393.063(15); an intellectual disability, as defined in s. 393.063(24); Phelan-McDermid syndrome, as defined in s. 393.063(28); Prader-Willi syndrome, as defined in s. 393.063(29); spina bifida, as defined in s. 393.063(40); being a high-risk child, as defined in s. 393.063(23)(a); muscular dystrophy; and Williams syndrome *or identification as dual sensory impaired, as defined by rules of the State Board of Education and evidenced by reports from the local school district.*

(i) "Inactive" means that no eligible expenditures have been made from an account funded pursuant to paragraph (13)(d).

(5) AUTHORIZED USES OF PROGRAM FUNDS.—Program funds must be used to meet the individual educational needs of an eligible student and may be spent for the following purposes:

(a) Instructional materials, including digital devices, digital periphery devices, and assistive technology devices that allow a student to access instruction or instructional content and training on the use of and maintenance agreements for these devices.

(b) Curriculum as defined in paragraph (2)(b).

(c) Specialized services by approved providers *or by a hospital in this state* that are selected by the parent. These specialized services may include, but are not limited to:

1. Applied behavior analysis services as provided in ss. 627.6686 and 641.31098.

2. Services provided by speech-language pathologists as defined in s. 468.1125.

3. Occupational therapy services as defined in s. 468.203.

4. Services provided by physical therapists as defined in s. 486.021.

5. Services provided by listening and spoken language specialists and an appropriate acoustical environment for a child who is deaf or hard of hearing and who has received an implant or assistive hearing device.

(d) Enrollment in, or tuition or fees associated with enrollment in, a home education program, an eligible private school, an eligible post-secondary educational institution or a program offered by the institution, a private tutoring program authorized under s. 1002.43, a virtual program offered by a department-approved private online provider that meets the provider qualifications specified in s. 1002.45(2)(a), the Florida Virtual School as a private paying student, or an approved online course offered pursuant to s. 1003.499 or s. 1004.0961.

(e) Fees for nationally standardized, norm-referenced achievement tests, Advanced Placement Examinations, industry certification examinations, assessments related to postsecondary education, or other assessments.

(f) Contributions to the Stanley G. Tate Florida Prepaid College Program pursuant to s. 1009.98 or the Florida College Savings Program pursuant to s. 1009.981, for the benefit of the eligible student.

(g) Contracted services provided by a public school or school district, including classes. A student who receives services under a contract

under this paragraph is not considered enrolled in a public school for eligibility purposes as specified in subsection (4).

(h) Tuition and fees for part-time tutoring services provided by a person who holds a valid Florida educator's certificate pursuant to s. 1012.56; a person who holds an adjunct teaching certificate pursuant to s. 1012.57; or a person who has demonstrated a mastery of subject area knowledge pursuant to s. 1012.56(5). As used in this paragraph, the term "part-time tutoring services" does not qualify as regular school attendance as defined in s. 1003.01(13)(e).

(i) Fees for specialized summer education programs.

(j) Fees for specialized after-school education programs.

(k) Transition services provided by job coaches.

(l) Fees for an annual evaluation of educational progress by a state-certified teacher under s. 1002.41(1)(c), if this option is chosen for a home education student.

(m) Tuition and fees associated with programs offered by Voluntary Prekindergarten Education Program providers approved pursuant to s. 1002.55 and school readiness providers approved pursuant to s. 1002.88.

(n) Fees for services provided at a center that is a member of the Professional Association of Therapeutic Horsemanship International.

(o) Fees for services provided by a therapist who is certified by the Certification Board for Music Therapists or credentialed by the Art Therapy Credentials Board, Inc.

A provider of any services receiving payments pursuant to this subsection may not share, refund, or rebate any moneys from the Gardiner Scholarship with the parent or participating student in any manner. A parent, student, or provider of any services may not bill an insurance company, Medicaid, or any other agency for the same services that are paid for using Gardiner Scholarship funds.

(6) TERM OF THE PROGRAM.—For purposes of continuity of educational choice and program integrity:

(b)1. A student's scholarship account must be closed and any remaining funds, including, but not limited to, contributions made to the Stanley G. Tate Florida Prepaid College Program or earnings from or contributions made to the Florida College Savings Program using program funds pursuant to paragraph (5)(f), shall revert to the state after ~~upon~~:

a. Denial or revocation of program eligibility by the commissioner for fraud or abuse, including, but not limited to, the student or student's parent accepting any payment, refund, or rebate, in any manner, from a provider of any services received pursuant to subsection (5); ~~or~~

b. ~~After~~ Any period of 3 consecutive years after high school completion or graduation during which the student has not been enrolled in an eligible postsecondary educational institution or a program offered by the institution; or

c. Three consecutive fiscal years in which an account has been inactive.

2. The commissioner must notify the parent and the organization when a Gardiner Scholarship account is closed and program funds revert to the state.

(8) PRIVATE SCHOOL ELIGIBILITY AND OBLIGATIONS.—An eligible private school may be sectarian or nonsectarian and shall:

(a) Comply with all requirements for private schools participating in state school choice scholarship programs pursuant to s. 1002.421.

(b) Provide to the organization, upon request, all documentation required for the student's participation, including the private school's and student's fee schedules.

(c) Be academically accountable to the parent for meeting the educational needs of the student by:

1. At a minimum, annually providing to the parent a written explanation of the student's progress.

2. Annually administering or making provision for students participating in the program in grades 3 through 10 to take one of the nationally norm-referenced tests identified by the Department of Education or the statewide assessments pursuant to s. 1008.22. Students with disabilities for whom standardized testing is not appropriate are exempt from this requirement. A participating private school shall report a student's scores to the parent.

3. Cooperating with the scholarship student whose parent chooses to have the student participate in the statewide assessments pursuant to s. 1008.22 or, if a private school chooses to offer the statewide assessments, administering the assessments at the school.

a. A participating private school may choose to offer and administer the statewide assessments to all students who attend the private school in grades 3 through 10.

b. A participating private school shall submit a request in writing to the Department of Education by March 1 of each year in order to administer the statewide assessments in the subsequent school year.

(d) Employ or contract with teachers who have regular and direct contact with each student receiving a scholarship under this section at the school's physical location.

(e) ~~Provide a report from~~ ~~Annually contract with~~ an independent certified public accountant ~~who performs to perform~~ the agreed-upon procedures developed under s. 1002.395(6)(o) ~~and produce a report of the results~~ if the private school receives more than \$250,000 in funds from scholarships awarded under this section in ~~the 2014-2015 state fiscal year or a state fiscal year thereafter~~. A private school subject to this paragraph must ~~annually~~ submit the report by September 15, 2015, ~~and annually thereafter~~ to the organization that awarded the majority of the school's scholarship funds. The agreed-upon procedures must be conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants.

~~If the inability of a private school is unable to meet the requirements of this subsection or has consecutive years of material exceptions listed in the report required under paragraph (e), the commissioner may determine that constitutes a basis for the ineligibility of the private school is ineligible to participate in the program as determined by the commissioner.~~

(11) PARENT AND STUDENT RESPONSIBILITIES FOR PROGRAM PARTICIPATION.—A parent who applies for program participation under this section is exercising his or her parental option to determine the appropriate placement or the services that best meet the needs of his or her child. The scholarship award for a student is based on a matrix that assigns the student to support Level III services. If a parent receives an IEP and a matrix of services from the school district pursuant to subsection (7), the amount of the payment shall be adjusted as needed, when the school district completes the matrix.

(e) The parent must annually renew participation in the program. Notwithstanding any changes to the student's IEP, a student who was previously eligible for participation in the program shall remain eligible to apply for renewal. However, for a high-risk child to continue to participate in the program in the school year after he or she reaches 6 years of age, the child's application for renewal of program participation must contain documentation that the child has a disability defined in paragraph (2)(d) other than high-risk status.

(f) The parent is responsible for procuring the services necessary to educate the student. *If a parent does not procure the necessary educational services for the student and the student's account has been inactive for 2 consecutive fiscal years, the student is ineligible for additional scholarship payments until the scholarship funding organization verifies that expenditures from the account have occurred.* When the student receives a Gardiner Scholarship, the district school board is not obligated to provide the student with a free appropriate public education. For purposes of s. 1003.57 and the Individuals with Disabilities in Education Act, a participating student has only those rights that apply to all other unilaterally parentally placed students, except that, when

requested by the parent, school district personnel must develop an individual education plan or matrix level of services.

A parent who fails to comply with this subsection forfeits the Gardiner Scholarship.

(12) OBLIGATIONS OF SCHOLARSHIP-FUNDING ORGANIZATIONS.—An organization may establish Gardiner Scholarships for eligible students by:

(j) Documenting each scholarship student's eligibility for a fiscal year before granting a scholarship for that fiscal year pursuant to paragraph (3)(b). *A student is ineligible for a scholarship if the student's account has been inactive for 2 consecutive fiscal years. However, once an eligible expenditure is made pursuant to paragraph (11)(f), the student is eligible for a scholarship based on available funds.*

(13) FUNDING AND PAYMENT.—

(a)1. The maximum funding amount granted for an eligible student with a disability, pursuant to subsection (3), shall be equivalent to the base student allocation in the Florida Education Finance Program multiplied by the appropriate cost factor for the educational program *that which* would have been provided for the student in the district school to which he or she would have been assigned, multiplied by the district cost differential.

2. In addition, an amount equivalent to a share of the guaranteed allocation for exceptional students in the Florida Education Finance Program shall be determined and added to the amount in subparagraph 1. The calculation shall be based on the methodology and the data used to calculate the guaranteed allocation for exceptional students for each district in chapter 2000-166, Laws of Florida. Except as provided in subparagraph 3., the calculation shall be based on the student's grade, the matrix level of services, and the difference between the 2000-2001 basic program and the appropriate level of services cost factor, multiplied by the 2000-2001 base student allocation and the 2000-2001 district cost differential for the sending district. The calculated amount must also include an amount equivalent to the per-student share of supplemental academic instruction funds, instructional materials funds, technology funds, and other categorical funds as provided in the General Appropriations Act.

3. *Beginning with the 2017-2018 fiscal year and each fiscal year thereafter, the calculation for a new student entering the program shall be based on the student's matrix level of services. The funding for a student without a matrix of services Except as otherwise provided in subsection (7), the calculation for all students participating in the program shall be based on the matrix that assigns the student to support Level III of services. If a parent chooses to request and receive a matrix of services from the school district, when the school district completes the matrix, the amount of the payment shall be adjusted as needed.*

Section 49. Subsection (6) is added to section 1003.455, Florida Statutes, to read:

1003.455 Physical education; assessment.—

(6) *In addition to the requirements in subsection (3), each district school board shall provide at least 100 minutes of supervised, safe, and unstructured free-play recess each week for students in kindergarten through grade 5 so that there are at least 20 consecutive minutes of free-play recess per day. This requirement does not apply to charter schools.*

Section 50. Paragraph (a) of subsection (8) and subsection (11) of section 1002.37, Florida Statutes, are amended to read:

1002.37 The Florida Virtual School.—

(8)(a) The Florida Virtual School may provide full-time and part-time instruction for students in kindergarten through grade 12. ~~To receive part time instruction in kindergarten through grade 5, a student must meet at least one of the eligibility criteria in s. 1002.455(2).~~

(11) ~~The Auditor General shall conduct an operational audit of the Florida Virtual School, including Florida Virtual School Global. The scope of the audit shall include, but not be limited to, the administration of responsibilities relating to personnel; procurement and contracting; revenue production; school funds, including internal funds; student~~

~~enrollment records; franchise agreements; information technology utilization, assets, and security; performance measures and standards; and accountability. The final report on the audit shall be submitted to the President of the Senate and the Speaker of the House of Representatives no later than January 31, 2014.~~

Section 51. Section 1002.455, Florida Statutes, is amended to read:

1002.455 Student eligibility for K-12 virtual instruction.—

~~(1) All students, including home education and private school students, are eligible to participate in any of the following A student may participate in virtual instruction in the school district in which he or she resides if the student meets the eligibility criteria in subsection (2).~~

~~(2) A student is eligible to participate in virtual instruction if:~~

~~(a) The student spent the prior school year in attendance at a public school in the state and was enrolled and reported by the school district for funding during October and February for purposes of the Florida Education Finance Program surveys;~~

~~(b) The student is a dependent child of a member of the United States Armed Forces who was transferred within the last 12 months to this state from another state or from a foreign country pursuant to a permanent change of station order;~~

~~(c) The student was enrolled during the prior school year in a virtual instruction program under s. 1002.45 or a full-time Florida Virtual School program under s. 1002.37(8)(a);~~

~~(d) The student has a sibling who is currently enrolled in a virtual instruction program and the sibling was enrolled in that program at the end of the prior school year;~~

~~(e) The student is eligible to enter kindergarten or first grade; or~~

~~(f) The student is eligible to enter grades 2 through 5 and is enrolled full time in a school district virtual instruction program, virtual charter school, or the Florida Virtual School.~~

~~(3) The virtual instruction options for which this eligibility section applies include:~~

~~(1)(a) School district operated part-time or full-time kindergarten through grade 12 virtual instruction programs under~~

~~s. 1002.45(1)(b) for students enrolled in the school district.~~

~~(2)(b) Full-time virtual charter school instruction authorized under s. 1002.33 to students within the school district or to students in other school districts throughout the state pursuant to s. 1002.31.~~

~~(3)(c) Virtual courses offered in the course code directory to students within the school district or to students in other school districts throughout the state pursuant to s. 1003.498.~~

~~(4) Florida Virtual School instructional services authorized under s. 1002.37.~~

Section 52. Subsection (5) and paragraph (b) of subsection (6) of section 1002.45, Florida Statutes, are amended to read:

1002.45 Virtual instruction programs.—

(5) STUDENT ELIGIBILITY.—A student may enroll in a virtual instruction program provided by the school district or by a virtual charter school ~~operated in the district in which he or she resides if the student meets eligibility requirements for virtual instruction pursuant to s. 1002.455.~~

(6) STUDENT PARTICIPATION REQUIREMENTS.—Each student enrolled in a virtual instruction program or virtual charter school must:

(b) Take *statewide assessments pursuant to s. 1008.22. Statewide assessments may be administered state assessment tests* within the school district in which such student resides, *or as specified in the contract in accordance with s. 1008.24(3). If requested by the approved*

provider or virtual charter school, the district of residence ~~which~~ must provide the student with access to the district's testing facilities.

Section 53. Paragraph (c) of subsection (2) and subsection (11) of section 1002.20, Florida Statutes, are amended, paragraph (d) of subsection (2) is redesignated as paragraph (e), a new paragraph (d) is added to subsection (2), and a new paragraph (m) is added to subsection (3), to read:

1002.20 K-12 student and parent rights.—Parents of public school students must receive accurate and timely information regarding their child's academic progress and must be informed of ways they can help their child to succeed in school. K-12 students and their parents are afforded numerous statutory rights including, but not limited to, the following:

(2) ATTENDANCE.—

(c) Absence for religious purposes.—A parent of a public school student may request and be granted permission for absence of the student from school for religious instruction or religious holidays, in accordance with the provisions of s. 1003.21(2)(b)1 ~~1003.21(2)(b)~~.

(d) Absence for treatment of autism spectrum disorder.—A parent of a public school student may request and be granted permission for absence of the student from school for an appointment scheduled to receive a therapy service provided by a licensed health care practitioner or behavior analyst certified pursuant to s. 393.17 for the treatment of autism spectrum disorder pursuant to ss. 1003.21(2)(b)2. and 1003.24(4).

(3) HEALTH ISSUES.—

(m) Sun-protective measures in school.—A student may possess and use a topical sunscreen product while on school property or at a school-sponsored event or activity without a physician's note or prescription if the product is regulated by the United States Food and Drug Administration for over-the-counter use to limit ultraviolet light-induced skin damage.

(11) STUDENTS WITH READING DEFICIENCIES.—The parent of any K-3 student who exhibits a *substantial* reading deficiency shall be immediately notified of the student's deficiency pursuant to s. 1008.25(5) ~~and with a description and explanation, in terms understandable to the parent, of the exact nature of the student's difficulty in learning and lack of achievement in reading;~~ shall be consulted in the development of a plan, as described in s. 1008.25(4)(b); ~~and shall be informed that the student will be given intensive reading instruction until the deficiency is corrected. This subsection operates in addition to the remediation and notification provisions contained in s. 1008.25 and in no way reduces the rights of a parent or the responsibilities of a school district under that section.~~

Section 54. Subsection (2) of section 1002.69, Florida Statutes, is amended to read:

1002.69 Statewide kindergarten screening; kindergarten readiness rates; state-approved prekindergarten enrollment screening; good cause exemption.—

(2) The statewide kindergarten screening shall provide objective data concerning each student's readiness for kindergarten and progress in attaining the performance standards adopted by the office under s. 1002.67(1). *Data from the screening, along with other available data, must be used to identify students in need of intervention and support pursuant to s. 1008.25(5).*

Section 55. Subsection (3), paragraphs (a) and (c) of subsection (5), paragraph (b) of subsection (6), subsection (7), and paragraph (a) of subsection (8) of section 1008.25, Florida Statutes, are amended, paragraph (c) is added to subsection (4), to read:

1008.25 Public school student progression; student support; reporting requirements.—

(3) ALLOCATION OF RESOURCES.—District school boards shall allocate remedial and supplemental instruction resources to students in the following priority:

(a) Students *in kindergarten through grade 3 who have a substantial deficiency in reading as determined in paragraph (5)(a) by the end of grade 3.*

(b) Students who fail to meet performance levels required for promotion consistent with the district school board's plan for student progression required in ~~subsection (2) paragraph (2)(b)~~.

(4) ASSESSMENT AND SUPPORT.—

(c) *A student who has a substantial reading deficiency as determined in paragraph (5)(a) must be covered by a federally required student plan, such as an individual education plan or an individualized progress monitoring plan, or both, as necessary.*

(5) READING DEFICIENCY AND PARENTAL NOTIFICATION.—

(a) Any student *in kindergarten through grade 3* who exhibits a substantial deficiency in reading, based upon *screening, diagnostic, progress monitoring, or assessment data; locally determined or state-wide assessments; conducted in kindergarten or grade 1, grade 2, or grade 3, or through teacher observations;* must be provided ~~given~~ intensive, explicit, systematic, and multisensory reading interventions ~~instruction~~ immediately following the identification of the reading deficiency. A school may not wait for a student to receive a failing grade at the end of a grading period to identify the student as having a substantial reading deficiency and initiate intensive reading interventions. The student's reading proficiency must be monitored and the intensive interventions ~~instruction~~ must continue until the student demonstrates grade level proficiency in a manner determined by the district, which may include achieving a Level 3 on the statewide, standardized English Language Arts assessment. *The State Board of Education shall identify by rule guidelines for determining whether a student in kindergarten through grade 3 has a substantial deficiency in reading.*

(c) The parent of any student who exhibits a substantial deficiency in reading, as described in paragraph (a), must be notified in writing of the following:

1. That his or her child has been identified as having a substantial deficiency in reading, *including a description and explanation, in terms understandable to the parent, of the exact nature of the student's difficulty in learning and lack of achievement in reading.*

2. A description of the current services that are provided to the child.

3. A description of the proposed *intensive interventions supplemental instructional services* and supports that will be provided to the child that are designed to remediate the identified area of reading deficiency.

4. That if the child's reading deficiency is not remediated by the end of grade 3, the child must be retained unless he or she is exempt from mandatory retention for good cause.

5. Strategies, *including multisensory strategies, through a read-at-home plan the parent can for parents to use in helping his or her their* child succeed in reading ~~proficiency~~.

6. That the statewide, standardized English Language Arts assessment is not the sole determiner of promotion and that additional evaluations, portfolio reviews, and assessments are available to the child to assist parents and the school district in knowing when a child is reading at or above grade level and ready for grade promotion.

7. The district's specific criteria and policies for a portfolio as provided in subparagraph (6)(b)4. and the evidence required for a student to demonstrate mastery of Florida's academic standards for English Language Arts. A parent of a student in grade 3 who is identified anytime during the year as being at risk of retention may request that the school immediately begin collecting evidence for a portfolio.

8. The district's specific criteria and policies for midyear promotion. Midyear promotion means promotion of a retained student at any time during the year of retention once the student has demonstrated ability to read at grade level.

(6) ELIMINATION OF SOCIAL PROMOTION.—

(b) The district school board may only exempt students from mandatory retention, as provided in paragraph (5)(b), for good cause. A student who is promoted to grade 4 with a good cause exemption shall be provided intensive reading instruction and intervention that include specialized diagnostic information and specific reading strategies to meet the needs of each student so promoted. The school district shall assist schools and teachers with the implementation of *explicit, systematic, and multisensory reading instruction and intervention* strategies for students promoted with a good cause exemption which research has shown to be successful in improving reading among students who have reading difficulties. Good cause exemptions are limited to the following:

1. Limited English proficient students who have had less than 2 years of instruction in an English for Speakers of Other Languages program based on the initial date of entry into a school in the United States.

2. Students with disabilities whose individual education plan indicates that participation in the statewide assessment program is not appropriate, consistent with the requirements of s. 1008.212.

3. Students who demonstrate an acceptable level of performance on an alternative standardized reading or English Language Arts assessment approved by the State Board of Education.

4. A student who demonstrates through a student portfolio that he or she is performing at least at Level 2 on the statewide, standardized English Language Arts assessment.

5. Students with disabilities who take the statewide, standardized English Language Arts assessment and who have an individual education plan or a Section 504 plan that reflects that the student has received intensive instruction in reading or English Language Arts for more than 2 years but still demonstrates a deficiency and was previously retained in kindergarten, grade 1, grade 2, or grade 3.

6. Students who have received intensive reading intervention for 2 or more years but still demonstrate a deficiency in reading and who were previously retained in kindergarten, grade 1, grade 2, or grade 3 for a total of 2 years. A student may not be retained more than once in grade 3.

~~7. Students who have received intensive remediation in reading or English Language Arts for 2 or more years but still demonstrate a deficiency and who were previously retained in kindergarten, grade 1, grade 2, or grade 3 for a total of 2 years. Intensive instruction for students so promoted must include an altered instructional day that includes specialized diagnostic information and specific reading strategies for each student. The district school board shall assist schools and teachers to implement reading strategies that research has shown to be successful in improving reading among low-performing readers.~~

(7) SUCCESSFUL PROGRESSION FOR RETAINED THIRD GRADE STUDENTS.—

(a) Students retained under the provisions of paragraph (5)(b) must be provided intensive interventions in reading to ameliorate the student's specific reading deficiency and prepare the student for promotion to the next grade. ~~These interventions, as identified by a valid and reliable diagnostic assessment. This intensive intervention must include:~~

1. *Evidence-based, explicit, systematic, and multisensory reading instruction in phonemic awareness, phonics, fluency, vocabulary, and comprehension and other strategies prescribed by the school district.* ~~effective instructional strategies,~~

2. *Participation in the school district's summer reading camp, which must incorporate the instructional and intervention strategies under subparagraph 1, and appropriate teaching methodologies necessary to assist those students in becoming successful readers, able to read at or above grade level, and ready for promotion to the next grade.*

3. *A minimum of 90 minutes of daily, uninterrupted reading instruction incorporating the instructional and intervention strategies under subparagraph 1. This instruction may include:*

~~(b) Each school district shall:~~

~~1. Provide third grade students who are retained under the provisions of paragraph (5)(b) with intensive instructional services and supports to remediate the identified areas of reading deficiency, including participation in the school district's summer reading camp as required under paragraph (a), and a minimum of 90 minutes of daily, uninterrupted, scientifically research-based reading instruction which includes phonemic awareness, phonics, fluency, vocabulary, and comprehension and other strategies prescribed by the school district, which may include, but are not limited to:~~

a. Integration of *content-rich texts* in science and social studies ~~content~~ within the 90-minute block.

b. Small group instruction.

c. Reduced teacher-student ratios.

d. More frequent progress monitoring.

e. Tutoring or mentoring.

f. Transition classes containing 3rd and 4th grade students.

g. Extended school day, week, or year.

~~(b) Each school district shall:~~

~~1.2. Provide written notification to the parent of a student who is retained under the provisions of paragraph (5)(b) that his or her child has not met the proficiency level required for promotion and the reasons the child is not eligible for a good cause exemption as provided in paragraph (6)(b). The notification must comply with paragraph (5)(c) the provisions of s. 1002.20(15) and must include a description of proposed interventions and supports that will be provided to the child to remediate the identified areas of reading deficiency.~~

~~2.3. Implement a policy for the midyear promotion of a student retained under the provisions of paragraph (5)(b) who can demonstrate that he or she is a successful and independent reader and performing at or above grade level in reading or, upon implementation of English Language Arts assessments, performing at or above grade level in English Language Arts. Tools that school districts may use in reevaluating a student retained may include subsequent assessments, alternative assessments, and portfolio reviews, in accordance with rules of the State Board of Education. Students promoted during the school year after November 1 must demonstrate proficiency levels in reading equivalent to the level necessary for the beginning of grade 4. The rules adopted by the State Board of Education must include standards that provide a reasonable expectation that the student's progress is sufficient to master appropriate grade 4 level reading skills.~~

~~3.4. Provide students who are retained under the provisions of paragraph (5)(b), including students participating in the school district's summer reading camp under subparagraph (a)2., with a highly effective teacher as determined by the teacher's performance evaluation under s. 1012.34, and, beginning July 1, 2020, the teacher must also be certified or endorsed in reading.~~

~~4.5. Establish at each school, when applicable, an intensive reading acceleration course Class for any student retained in grade 3 who was previously retained in kindergarten, grade 1, or grade 2 students who subsequently score Level 1 on the required statewide, standardized assessment identified in s. 1008.22. The focus of the Intensive Acceleration Class shall be to increase a child's reading and English Language Arts skill level at least two grade levels in 1 school year. The intensive reading acceleration course must provide the following Class shall:~~

a. *Uninterrupted reading instruction for the majority of student contact time each day and opportunities to master the grade 4 Next Generation Sunshine State Standards in other core subject areas through content-rich texts.*

b. *Small group instruction.*

c. *Reduced teacher-student ratios.*

d. *The use of explicit, systematic, and multisensory reading interventions, including intensive language, phonics, and vocabulary in-*

struction, and use of a speech-language therapist if necessary, that have proven results in accelerating student reading achievement within the same school year.

e. A read-at-home plan.

~~a. Be provided to a student in grade 3 who scores Level 1 on the statewide, standardized English Language Arts assessment and who was retained in grade 3 the prior year because of scoring Level 1.~~

~~b. Have a reduced teacher student ratio.~~

~~e. Provide uninterrupted reading instruction for the majority of student contact time each day and incorporate opportunities to master the grade 4 Next Generation Sunshine State Standards in other core subject areas.~~

~~d. Use a reading program that is scientifically research based and has proven results in accelerating student reading achievement within the same school year.~~

~~e. Provide intensive language and vocabulary instruction using a scientifically research based program, including use of a speech language therapist.~~

(8) ANNUAL REPORT.—

(a) In addition to the requirements in paragraph (5)(b), each district school board must annually report to the parent of each student the progress of the student toward achieving state and district expectations for proficiency in English Language Arts, science, social studies, and mathematics. The district school board must report to the parent the student's results on each statewide, standardized assessment. The evaluation of each student's progress must be based upon the student's classroom work, observations, tests, district and state assessments, *response to intensive interventions provided under paragraph (5)(a)*, and other relevant information. Progress reporting must be provided to the parent in writing in a format adopted by the district school board.

Section 56. Subsection (2) of section 1011.67, Florida Statutes, is amended to read:

1011.67 Funds for instructional materials.—

(2) Annually by July 1 and ~~before~~ ~~prior to~~ the release of instructional materials funds, each district school superintendent shall certify to the Commissioner of Education that the district school board has approved a comprehensive staff development plan that supports fidelity of implementation of instructional materials programs, ~~including. The report shall include~~ verification that training was provided; ~~and~~ that the materials are being implemented as designed; ~~and, beginning July 1, 2021, for core reading materials and reading intervention materials used in kindergarten through grade 5, that the materials meet the requirements of s. 1001.215(7). This paragraph does not preclude school districts from purchasing or using other materials to supplement reading instruction and provide additional skills practice.~~

Section 57. Subsection (8) is added to section 1002.51, Florida Statutes, to read:

1002.51 Definitions.—As used in this part, the term:

(8) “Public school prekindergarten provider” includes a traditional public school or a charter school that is eligible to deliver the school-year prekindergarten program under s. 1002.63 or the summer pre-kindergarten program under s. 1002.61.

Section 58. Paragraph (b) of subsection (2) of section 1003.21, Florida Statutes, is amended to read:

1003.21 School attendance.—

(2)

(b) Each district school board, in accordance with rules of the State Board of Education, shall adopt *policies authorizing* ~~a policy that authorizes~~ a parent to request and be granted permission for absence of a student from school for:

1. Religious instruction or religious holidays.

2. An appointment scheduled to receive a therapy service provided by a licensed health care practitioner or behavior analyst certified pursuant to s. 393.17 for the treatment of autism spectrum disorder, including, but not limited to, applied behavioral analysis, speech therapy, and occupational therapy.

Section 59. Subsection (4) of section 1003.24, Florida Statutes, is amended to read:

1003.24 Parents responsible for attendance of children; attendance policy.—Each parent of a child within the compulsory attendance age is responsible for the child's school attendance as required by law. The absence of a student from school is prima facie evidence of a violation of this section; however, criminal prosecution under this chapter may not be brought against a parent until the provisions of s. 1003.26 have been complied with. A parent of a student is not responsible for the student's nonattendance at school under any of the following conditions:

(4) SICKNESS, INJURY, OR OTHER INSURMOUNTABLE CONDITION.—Attendance was impracticable or inadvisable on account of sickness or injury, *as* attested to by a written statement of a licensed practicing physician, or was impracticable because of some other stated insurmountable condition as defined by *and attested to in accordance with* rules of the State Board of Education. If a student is continually sick and repeatedly absent from school, he or she must be under the supervision of a physician, *or if the absence is related to the student having autism spectrum disorder, receiving services from a licensed health care practitioner or behavior analyst certified pursuant to s. 393.17*, in order to receive an excuse from attendance. Such excuse provides that a student's condition justifies absence for more than the number of days permitted by the district school board.

Each district school board shall establish an attendance policy that includes, but is not limited to, the required number of days each school year that a student must be in attendance and the number of absences and tardinesses after which a statement explaining such absences and tardinesses must be on file at the school. Each school in the district must determine if an absence or tardiness is excused or unexcused according to criteria established by the district school board.

Section 60. Paragraph (c) of subsection (1) of section 1003.4156, Florida Statutes, is amended to read:

1003.4156 General requirements for middle grades promotion.—

(1) In order for a student to be promoted to high school from a school that includes middle grades 6, 7, and 8, the student must successfully complete the following courses:

~~(c) One course in career and education planning to be completed in 6th, 7th, or 8th grade. The course may be taught by any member of the instructional staff. At a minimum, the course must be Internet based, easy to use, and customizable to each student and include research-based assessments to assist students in determining educational and career options and goals. In addition, the course must result in a completed personalized academic and career plan for the student; must emphasize the importance of entrepreneurship skills; must emphasize technology or the application of technology in career fields; and, beginning in the 2014-2015 academic year, must include information from the Department of Economic Opportunity's economic security report as described in s. 445.07. The required personalized academic and career plan must inform students of high school graduation requirements, including a detailed explanation of the diploma designation options provided under s. 1003.4285; high school assessment and college entrance test requirements; Florida Bright Futures Scholarship Program requirements; state university and Florida College System institution admission requirements; available opportunities to earn college credit in high school, including Advanced Placement courses; the International Baccalaureate Program; the Advanced International Certificate of Education Program; dual enrollment, including career dual enrollment; and career education courses, including career themed courses and courses that lead to industry certification pursuant to s. 1003.492 or s. 1008.44.~~

~~Each school must inform parents about the course curriculum and activities. Each student shall complete a personal education plan that~~

~~must be signed by the student and the student's parent. The Department of Education shall develop course frameworks and professional development materials for the career and education planning course. The course may be implemented as a stand-alone course or integrated into another course or courses. The Commissioner of Education shall collect longitudinal high school course enrollment data by student ethnicity in order to analyze course taking patterns.~~

Section 61. Subsection (3) of section 1003.57, Florida Statutes, is amended to read:

1003.57 Exceptional students instruction.—

(3)(a) For purposes of this subsection and subsection (4), the term:

1. “Agency” means the Department of Children and Families or its contracted lead agency, the Agency for Persons with Disabilities, and the Agency for Health Care Administration.

2. “Exceptional student” means an exceptional student, as defined in s. 1003.01, who has a disability.

3. “Receiving school district” means the district in which a private residential care facility is located.

4. “Placement” means the funding or arrangement of funding by an agency for all or a part of the cost for an exceptional student to reside in a private residential care facility and the placement crosses school district lines.

(b) Within 10 business days after an exceptional student is placed in a private residential care facility by an agency, the agency or private residential care facility licensed by the agency, as appropriate, shall provide written notification of the placement to the school district where the student is currently counted for funding purposes under s. 1011.62 and the receiving school district. The exceptional student shall be enrolled in school and receive a free and appropriate public education, special education, and related services while the notice and procedures regarding payment are pending. This paragraph applies when the placement is for the primary purpose of addressing residential or other noneducational needs and the placement crosses school district lines.

(c) Within 10 business days after receiving the notification, the receiving school district must review the student’s individual educational plan (IEP) to determine if the student’s IEP can be implemented by the receiving school district or by a provider or facility under contract with the receiving school district. The receiving school district shall:

1. Provide educational instruction to the student;
2. Contract with another provider or facility to provide the educational instruction; *or*
3. Contract with the private residential care facility in which the student resides to provide the educational instruction; ~~or~~
4. ~~Decline to provide or contract for educational instruction.~~

~~If the receiving school district declines to provide or contract for the educational instruction, the school district in which the legal residence of the student is located shall provide or contract for the educational instruction to the student. The receiving school district providing that provides educational instruction or contracting contracts to provide educational instruction shall report the student for funding purposes pursuant to s. 1011.62.~~

(d)1. The Department of Education, in consultation with the agencies and school districts, shall develop procedures for written notification to school districts regarding the placement of an exceptional student in a residential care facility. The procedures must:

- a. Provide for written notification of a placement that crosses school district lines; and
- b. Identify the entity responsible for the notification for each facility that is operated, licensed, or regulated by an agency.

2. The State Board of Education shall adopt the procedures by rule pursuant to ss. 120.536(1) and 120.54, and the agencies shall implement the procedures.

The requirements of paragraphs (c) and (d) do not apply to written agreements among school districts which specify each school district’s responsibility for providing and paying for educational services to an exceptional student in a residential care facility. However, each agreement must require a school district to review the student’s IEP within 10 business days after receiving the notification required under paragraph (b).

Section 62. Paragraph (a) of subsection (3) of section 1006.40, Florida Statutes, is amended to read:

1006.40 Use of instructional materials allocation; instructional materials, library books, and reference books; repair of books.—

(3)(a) *Except for a school district or a consortium of school districts that implements an instructional materials program pursuant to s. 1006.283* ~~Beginning with the 2015-2016 fiscal year, each district school board shall use at least 50 percent of the annual allocation only for the purchase of digital or electronic instructional materials that align with state standards and are included on the state-adopted list, except as otherwise authorized in paragraphs (b) and (c).~~

Section 63. Subsections (1) and (4) of section 1009.60, Florida Statutes, are amended to read:

1009.60 Minority teacher education scholars program.—There is created the minority teacher education scholars program, which is a collaborative performance-based scholarship program for African-American, Hispanic-American, Asian-American, and Native American students. The participants in the program include Florida’s Florida College System institutions and its public and private universities that have teacher education programs.

(1) The minority teacher education scholars program shall provide an annual scholarship in an amount that shall be prorated based on available appropriations and may not exceed \$4,000 for each approved minority teacher education scholar who is enrolled in one of Florida’s public or private colleges or universities, ~~in the junior year and~~ is admitted into a teacher education program, *and has not earned more than 18 credit hours of upper-division-level courses in education.*

(4) A student may receive a scholarship from the program for 3 consecutive years if the student remains enrolled full-time in the program and makes satisfactory progress toward a baccalaureate degree with a major in education or a graduate degree with a major in education, leading to initial certification.

Section 64. Paragraph (a) of subsection (2) of section 1009.605, Florida Statutes, is amended to read:

1009.605 Florida Fund for Minority Teachers, Inc.—

(2)(a) The corporation shall submit an annual budget projection to the Department of Education to be included in the annual legislative budget request. The projection must be based on the cost to award up to 350 scholarships to new scholars ~~in the junior year~~ and up to 350 renewal scholarships ~~to the 350 rising seniors.~~

Section 65. *Committee on Early Grade Success.*—*The Committee on Early Grade Success, a committee as defined in s. 20.03, Florida Statutes, is created within the Department of Education to develop a proposal for establishing and implementing a coordinated child assessment system for the School Readiness Program, the Voluntary Pre-kindergarten Education Program, and the Kindergarten Readiness Assessment and, except as otherwise provided in this section, shall operate consistent with s. 20.052, Florida Statutes.*

(1) *The committee’s proposal must include legislative recommendations for the design and implementation of a coordinated child assessment system, including, but not limited to:*

(a) *The purpose of a child assessment, with a focus on developmentally appropriate learning gains.*

(b) *Attributes for tool selection that provide guidance on procurement policies.*

(c) *An implementation schedule and protocols, including the frequency of data collection and a timeline for training to ensure reliability of the system.*

(d) *The methodology for collecting and analyzing data that define reporting requirements.*

(e) *A budget for the system, including cost analyses for purchasing materials and the necessary technology, training to ensure reliability, and data system management.*

(f) *Considerations for student privacy and tracking child development over time.*

(2) *The committee is composed of 17 members who are residents of the state and appointed as follows:*

(a) *Three members appointed by the Governor:*

1. *One representative from the Office of Early Learning.*
2. *One representative from the Department of Education.*
3. *One parent of a child who is 3 to 6 years of age.*

(b) *Fourteen members jointly appointed by the President of the Senate and the Speaker of the House of Representatives:*

1. *One representative of an urban school district.*
2. *One representative of a rural school district.*
3. *One representative of an urban early learning coalition.*
4. *One representative of a rural early learning coalition.*
5. *One representative of an early learning provider.*
6. *One representative of a faith-based early learning provider.*
7. *One representative who is a kindergarten teacher with at least 5 years of teaching experience.*
8. *One representative who is an elementary school principal.*
9. *Four representatives with subject matter expertise in early learning, early grade success, or child assessments. The four representatives may not be direct stakeholders within the early learning or public school systems or potential recipients of a contract resulting from the committee's proposal.*
10. *One member of the Senate.*
11. *One member of the House of Representatives.*

(3) *The committee shall elect a chair and vice chair. The chair must be one of the four members with subject matter expertise in early learning, early grade success, or child assessments. The vice chair must be a member appointed by the President of the Senate and the Speaker of the House of Representatives, who is not one of the four members who are subject matter experts in early learning, early grade success, or child assessments. Members of the committee shall serve without compensation but are entitled to reimbursement for per diem and travel expenses pursuant to s. 112.061, Florida Statutes.*

(4) *The committee must meet at least three times and shall meet by teleconference or other electronic means, if possible, to reduce costs.*

(5) *A majority of the members constitutes a quorum.*

(6) *The University of Florida Lastinger Center for Learning shall provide the committee with staff necessary to assist the committee in the performance of its duties.*

(7) *The committee shall submit a report of its findings and recommendations to the Governor, the President of the Senate, and the*

*Speaker of the House of Representatives by December 1, 2017. Upon submission of the report, the committee shall expire.*

(8) *The State Board of Education may adopt rules to implement and administer this section.*

Section 66. Section 1013.101, Florida Statutes, is created to read:

1013.101 *Shared use agreements.—*

(1) **LEGISLATIVE FINDINGS AND INTENT.**—*The Legislature finds that greater public access to recreation and sports facilities is needed to reduce the impact of obesity, diabetes, and other chronic diseases on personal health and health care expenditures. Public schools are equipped with taxpayer-funded indoor and outdoor recreation facilities that offer easily accessible opportunities for physical activity for residents of the community. The Legislature also finds that it is the policy of the state for district school boards to allow the shared use of school buildings and property by adopting policies allowing for shared use and implementing shared use agreements with local governmental entities and nonprofit organizations. The Legislature intends to increase the number of school districts that open their playground facilities to community use outside of school hours.*

(2) **DEFINITIONS.**—*As used in this section, the term:*

(a) *“High-need communities” means communities in which at least 50 percent of children are eligible to receive free or reduced-price meals at the school that will be the subject of the shared use agreement.*

(b) *“Shared use” means allowing access to school playground facilities by community members for recreation or another purpose of importance to the community through a shared use agreement or a school district or school policy that opens school facilities, including, but not limited to charter schools and Florida College System institutions, for use by government or nongovernmental entities or the public.*

(c) *“Shared use agreement” means a written agreement between a school district, a charter school, or a Florida College System institution, and a government or nongovernmental entity which defines the roles, responsibilities, terms, and conditions for community use of a school-owned facility for recreation or other purposes.*

(3) **PROMOTION OF COMMUNITY USE OF SHARED FACILITIES.**—*The department shall provide technical assistance to school districts, including, but not limited to, individualized assistance, the creation of a shared use technical assistance toolkit containing useful information for school districts, and the development of a publicly accessible online database of shared use resources and existing shared use agreements.*

Section 67. **Shared Use Task Force.**—*The Shared Use Task Force, a task force as defined in s. 20.03, Florida Statutes, is created within the Department of Education. The task force is created to identify barriers in creating shared use agreements and to make recommendations to facilitate the shared use of school facilities generally and in high-need communities.*

(1) *The task force is composed of seven members appointed by the department, as follows:*

(a) *Two representatives from school districts, including one representative from school districts 1 through 33 and one representative from school districts 34 through 67;*

(b) *One representative from a public health department;*

(c) *Two representatives from community-based programs in high-need communities; and*

(d) *Two representatives from recreational organizations.*

(2) *The task force shall elect a chair and vice chair. The chair and vice chair may not be representatives from the same member category. Members of the task force shall serve without compensation, but are entitled to reimbursement for per diem and travel expenses pursuant to s. 112.061, Florida Statutes.*

(3) *The task force shall meet by teleconference or other electronic means, if possible, to reduce costs.*

(4) *The department shall provide the task force with staff necessary to assist the task force in the performance of its duties.*

(5) *The task force shall submit a report of its findings and recommendations to the President of the Senate and the Speaker of the House of Representatives by June 30, 2018. Upon submission of the report, the task force shall expire.*

Section 68. Paragraph (b) of subsection (1) of section 125.901, Florida Statutes, is amended to read:

125.901 Children's services; independent special district; council; powers, duties, and functions; public records exemption.—

(1) Each county may by ordinance create an independent special district, as defined in ss. 189.012 and 200.001(8)(e), to provide funding for children's services throughout the county in accordance with this section. The boundaries of such district shall be coterminous with the boundaries of the county. The county governing body shall obtain approval, by a majority vote of those electors voting on the question, to annually levy ad valorem taxes which shall not exceed the maximum millage rate authorized by this section. Any district created pursuant to the provisions of this subsection shall be required to levy and fix millage subject to the provisions of s. 200.065. Once such millage is approved by the electorate, the district shall not be required to seek approval of the electorate in future years to levy the previously approved millage.

(b) However, any county as defined in s. 125.011(1) may instead have a governing body consisting of 33 members, including: the superintendent of schools, or his or her designee; two representatives of public postsecondary education institutions located in the county; the county manager or the equivalent county officer; the district administrator from the appropriate district of the Department of Children and Families, or the administrator's designee who is a member of the Senior Management Service or the Selected Exempt Service; the director of the county health department or the director's designee; the state attorney for the county or the state attorney's designee; the chief judge assigned to juvenile cases, or another juvenile judge who is the chief judge's designee and who shall sit as a voting member of the board, except that the judge may not vote or participate in setting ad valorem taxes under this section; an individual who is selected by the board of the local United Way or its equivalent; a member of a locally recognized faith-based coalition, selected by that coalition; a member of the local chamber of commerce, selected by that chamber or, if more than one chamber exists within the county, a person selected by a coalition of the local chambers; a member of the early learning coalition, selected by that coalition; a representative of a labor organization or union active in the county; a member of a local alliance or coalition engaged in cross-system planning for health and social service delivery in the county, selected by that alliance or coalition; a member of the local Parent-Teachers Association/Parent-Teacher-Student Association, selected by that association; a youth representative selected by the local school system's student government; a local school board member appointed by the chair of the school board; the mayor of the county or the mayor's designee; one member of the county governing body, appointed by the chair of that body; a member of the state Legislature who represents residents of the county, selected by the chair of the local legislative delegation; an elected official representing the residents of a municipality in the county, selected by the county municipal league; and 4 members-at-large, appointed to the council by the majority of sitting council members. The remaining 7 members shall be appointed by the Governor in accordance with procedures set forth in paragraph (a), except that the Governor may remove a member for cause or upon the written petition of the council. Appointments by the Governor must, to the extent reasonably possible, represent the geographic and demographic diversity of the population of the county. Members who are appointed to the council by reason of their position are not subject to the length of terms and limits on consecutive terms as provided in this section. The remaining appointed members of the governing body shall be appointed to serve 2-year terms, except that those members appointed by the Governor shall be appointed to serve 4-year terms, and the youth representative and the legislative delegate shall be appointed to serve 1-year terms. A member may be reappointed; however, a member may not serve for more than three consecutive terms. A

member is eligible to be appointed again after a 2-year hiatus from the council.

Section 69. Section 1003.481, Florida Statutes, is created to read:

1003.481 *Early Childhood Music Education Incentive Pilot Program.—*

(1) *Beginning with the 2017-2018 school year, the Early Childhood Music Education Incentive Pilot Program is created within the Department of Education for a period of 3 school years. The purpose of the pilot program is to assist selected school districts in implementing comprehensive music education programs for students in kindergarten through grade 2.*

(2) *In order for a school district to be eligible for participation in the pilot program, the superintendent must certify to the Commissioner of Education, in a format prescribed by the department, that each elementary school within the district has established a comprehensive music education program that:*

(a) *Includes all students at the school enrolled in kindergarten through grade 2.*

(b) *Is staffed by certified music educators.*

(c) *Provides music instruction for at least 30 consecutive minutes 2 days a week.*

(d) *Complies with class size requirements under s. 1003.03.*

(e) *Complies with the department's standards for early childhood music education programs for students in kindergarten through grade 2.*

(3)(a) *The commissioner shall select school districts for participation in the pilot program, subject to legislative appropriation, based on the school district's proximity to the University of Florida and needs-based criteria established by the State Board of Education. Selected school districts shall annually receive \$150 per full-time equivalent student in kindergarten through grade 2 who is enrolled in a comprehensive music education program.*

(b) *To maintain eligibility for participation in the pilot program, a selected school district must annually certify to the commissioner, in a format prescribed by the department, that each elementary school within the district provides a comprehensive music education program that meets the requirements of subsection (2). If a selected school district fails to provide the annual certification for a fiscal year, the school district must return all funds received through the pilot program for that fiscal year.*

(4) *The University of Florida's College of Education shall evaluate the effectiveness of the pilot program by measuring student academic performance and the success of the program. The evaluation must include, but is not limited to, a quantitative analysis of student achievement and a qualitative evaluation of students enrolled in the comprehensive music education programs.*

(5) *The State Board of Education may adopt rules to administer this section.*

(6) *This section expires June 30, 2020.*

Section 70. *If any provision of this act or its application to any person or circumstance is held invalid, the invalidity does not affect the remaining provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.*

Section 71. *For the 2017-2018 fiscal year, \$413,950,000 in recurring funds from the General Revenue Fund and \$5 million in nonrecurring funds from the General Revenue Fund are appropriated to the Department of Education to implement this act. Of these funds, \$233,950,000 shall be used to implement the Best and Brightest Teacher Scholarship Program pursuant to s. 1012.731, Florida Statutes, and the Best and Brightest Principal Scholarship Program pursuant to s. 1012.732, Florida Statutes, \$30 million shall be used to implement the Gardiner Scholarship Program pursuant to s. 1002.385, Florida Statutes, and \$10 million in recurring funds and \$5 million in nonrecurring funds shall be*

*used to implement the provisions of this act relating to statewide student assessments. The remaining funds shall be used to implement the remaining provisions of this act, except for the implementation of the Early Childhood Music Education Incentive Pilot Program, as created by s. 1003.481, Florida Statutes, the Committee on Early Grade Success, as created by section 65 of this act, and the Shared Use Task Force, as created by section 67 of this act.*

Section 72. Except as otherwise expressly provided in this act and except for this section, which shall take effect upon this act becoming a law, this act shall take effect July 1, 2017.

**MOTION**

On motion by Senator Benacquisto, the rules were waived and time of adjournment was extended until 8:30 p.m.

**POINTS OF ORDER**

Senator Farmer raised points of order regarding **CS for HB 7069** that:

- Pursuant to Senate Rule 2.39, the consideration of **House Amendment 648555** was out of order;
- Pursuant to Senate Rule 4.2 and Joint Rule 2, the Appropriations Conference Committee was not properly convened or conducted;

- Pursuant to Senate Rule 7.1, elements of the Conference Committee Report were not germane to the bill.

The President referred the points of order, **CS for HB 7069**, and pending **House Amendment 648555** to Senator Benacquisto, Chair of the Committee on Rules.

**SENATOR BRADLEY PRESIDING**

**THE PRESIDENT PRESIDING**

**RULING ON POINTS OF ORDER**

On recommendation of Senator Benacquisto, Chair of the Committee on Rules:

- Pursuant to Senate Rule 11.7, which provides for *Jefferson’s Manual* that states the amendment strikes out all of the bill after the enacting clause and substitutes a new text, the managers have the whole subject before them and may exercise broad discretion as to details, and may report an entirely new bill on the subject;
- The time to suggest the absence of a quorum, the lack of a roll call, or documents is during the meeting, and thereafter, is not available as a point of order;
- Pursuant to Rule 7.1(7)(a), the conference committee report originates in the conference committee and is not presented as a bill on the calendar and under consideration by the Senate. The amendment originates from a different source, and is not subject to the restrictions of Rule 7.1;

Additionally, Joint Rule 2.1(8) requires that a conforming bill be placed before the chamber for a public review period of 24 hours before a vote is taken on the conference report. As of now, **CS for HB 7069** has been publicly available for almost 72 hours.

The President ruled the points not well taken and **CS for HB 7069** and pending **House Amendment 648555** was in order.

The Senate resumed consideration of the Conference Committee Report on **CS for HB 7069** and pending **House Amendment 648555**. On motion by Senator Simmons, the Conference Committee Report on **CS for HB 7069** was adopted. **CS for HB 7069** passed, as amended by the Conference Committee Report, and was certified to the House together with the Conference Committee Report. The vote on passage was:

Section 8. Paragraph (b) of subsection (2) of section 187.201, Florida Statutes, is amended to read:

187.201 State Comprehensive Plan adopted.—The Legislature hereby adopts as the State Comprehensive Plan the following specific goals and policies:

- (2) FAMILIES.—
- (b) Policies.—
- 1. Eliminate state policies which cause voluntary family separations.
- 2. Promote concepts to stabilize the family unit to strengthen bonds between parents and children.
- 3. Promote home care services for the sick and disabled.
- 4. Provide financial support for alternative child care services.
- 5. Increase direct parental involvement in K-12 education programs.
- 6. Promote family dispute resolution centers.
- ~~7. Support displaced homemaker programs.~~
- ~~7.8. Provide increased assurance that child support payments will be made.~~
- ~~8.9. Actively develop job opportunities, community work experience programs, and job training programs for persons receiving governmental financial assistance.~~
- ~~9.10. Direct local law enforcement authorities and district mental health councils to increase efforts to prevent family violence and to adequately punish the guilty party.~~
- ~~10.11. Provide financial, mental health, and other support for victims of family violence.~~

Section 9. Paragraph (a) of subsection (3) of section 445.003, Florida Statutes, is amended to read:

445.003 Implementation of the federal Workforce Innovation and Opportunity Act.—

- (3) FUNDING.—
- (a) Title I, Workforce Innovation and Opportunity Act funds; Wagner-Peyser funds; and NAFTA/Trade Act funds will be expended based on the 4-year plan of CareerSource Florida, Inc. The plan must outline and direct the method used to administer and coordinate various funds and programs that are operated by various agencies. The following provisions apply to these funds:

1. At least 50 percent of the Title I funds for Adults and Dislocated Workers which are passed through to local workforce development boards shall be allocated to and expended on Individual Training Accounts unless a local workforce development board obtains a waiver from CareerSource Florida, Inc. Tuition, books, and fees of training providers and other training services prescribed and authorized by the Workforce Innovation and Opportunity Act qualify as Individual Training Account expenditures.

2. Fifteen percent of Title I funding shall be retained at the state level and dedicated to state administration and shall be used to design, develop, induce, and fund innovative Individual Training Account pilots, demonstrations, and programs. Of such funds retained at the state level, \$2 million shall be reserved for the Incumbent Worker Training Program created under subparagraph 3. Eligible state administration costs include the costs of funding for the board and staff of CareerSource Florida, Inc.; operating fiscal, compliance, and management accountability systems through CareerSource Florida, Inc.; conducting evaluation and research on workforce development activities; and providing technical and capacity building assistance to local workforce development areas at the direction of CareerSource Florida, Inc. Notwithstanding s. 445.004, such administrative costs may not exceed 25 percent of these funds. An amount not to exceed 75 percent of these funds shall be allocated to Individual Training Accounts and other workforce development strategies for other training designed and tailored by CareerSource Florida, Inc., including, but not limited to, programs for incumbent workers, ~~displaced homemakers~~, nontraditional employment, and enterprise zones. CareerSource Florida, Inc., shall design, adopt, and fund Individual Training Accounts for distressed urban and rural communities.

3. The Incumbent Worker Training Program is created for the purpose of providing grant funding for continuing education and training of incumbent employees at existing Florida businesses. The program will provide reimbursement grants to businesses that pay for preapproved, direct, training-related costs.

a. The Incumbent Worker Training Program will be administered by CareerSource Florida, Inc., which may, at its discretion, contract with a private business organization to serve as grant administrator.

b. The program shall be administered pursuant to s. 134(d)(4) of the Workforce Innovation and Opportunity Act. Priority for funding shall be given to businesses with 25 employees or fewer, businesses in rural areas, businesses in distressed inner-city areas, businesses in a qualified targeted industry, businesses whose grant proposals represent a significant upgrade in employee skills, or businesses whose grant proposals represent a significant layoff avoidance strategy.

c. All costs reimbursed by the program must be preapproved by CareerSource Florida, Inc., or the grant administrator. The program may not reimburse businesses for trainee wages, the purchase of capital equipment, or the purchase of any item or service that may possibly be used outside the training project. A business approved for a grant may be reimbursed for preapproved, direct, training-related costs including tuition, fees, books and training materials, and overhead or indirect costs not to exceed 5 percent of the grant amount.

d. A business that is selected to receive grant funding must provide a matching contribution to the training project, including, but not limited to, wages paid to trainees or the purchase of capital equipment used in the training project; must sign an agreement with CareerSource Florida, Inc., or the grant administrator to complete the training project as proposed in the application; must keep accurate records of the project's implementation process; and must submit monthly or quarterly reimbursement requests with required documentation.

e. All Incumbent Worker Training Program grant projects shall be performance-based with specific measurable performance outcomes, including completion of the training project and job retention. CareerSource Florida, Inc., or the grant administrator shall withhold the final payment to the grantee until a final grant report is submitted and all performance criteria specified in the grant contract have been achieved.

f. CareerSource Florida, Inc., may establish guidelines necessary to implement the Incumbent Worker Training Program.

g. No more than 10 percent of the Incumbent Worker Training Program's total appropriation may be used for overhead or indirect purposes.

4. At least 50 percent of Rapid Response funding shall be dedicated to Intensive Services Accounts and Individual Training Accounts for dislocated workers and incumbent workers who are at risk of dislocation. CareerSource Florida, Inc., shall also maintain an Emergency Preparedness Fund from Rapid Response funds, which will immediately issue Intensive Service Accounts, Individual Training Accounts, and other federally authorized assistance to eligible victims of natural or other disasters. At the direction of the Governor, these Rapid Response funds shall be released to local workforce development boards for immediate use after events that qualify under federal law. Funding shall also be dedicated to maintain a unit at the state level to respond to Rapid Response emergencies and to work with state emergency management officials and local workforce development boards. All Rapid Response funds must be expended based on a plan developed by CareerSource Florida, Inc., and approved by the Governor.

Section 10. Paragraph (b) of subsection (5) of section 445.004, Florida Statutes, is amended to read:

445.004 CareerSource Florida, Inc.; creation; purpose; membership; duties and powers.—

(5) CareerSource Florida, Inc., shall have all the powers and authority not explicitly prohibited by statute which are necessary or convenient to carry out and effectuate its purposes as determined by statute, Pub. L. No. 113-128, and the Governor, as well as its functions, duties, and responsibilities, including, but not limited to, the following:

(b) Providing oversight and policy direction to ensure that the following programs are administered by the department in compliance with approved plans and under contract with CareerSource Florida, Inc.:

1. Programs authorized under Title I of the Workforce Innovation and Opportunity Act, Pub. L. No. 113-128, with the exception of programs funded directly by the United States Department of Labor under Title I, s. 167.

2. Programs authorized under the Wagner-Peyser Act of 1933, as amended, 29 U.S.C. ss. 49 et seq.

3. Activities authorized under Title II of the Trade Act of 2002, as amended, 19 U.S.C. ss. 2272 et seq., and the Trade Adjustment Assistance Program.

4. Activities authorized under 38 U.S.C. chapter 41, including job counseling, training, and placement for veterans.

5. Employment and training activities carried out under funds awarded to this state by the United States Department of Housing and Urban Development.

6. Welfare transition services funded by the Temporary Assistance for Needy Families Program, created under the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, as amended, Pub. L. No. 104-193, and Title IV, s. 403, of the Social Security Act, as amended.

~~7. Displaced homemaker programs, provided under s. 446.50.~~

~~7.8.~~ The Florida Bonding Program, provided under Pub. L. No. 97-300, s. 164(a)(1).

~~8.9.~~ The Food Assistance Employment and Training Program, provided under the Food and Nutrition Act of 2008, 7 U.S.C. ss. 2011-2032; the Food Security Act of 1988, Pub. L. No. 99-198; and the Hunger Prevention Act, Pub. L. No. 100-435.

~~9.10.~~ The Quick-Response Training Program, provided under ss. 288.046-288.047. Matching funds and in-kind contributions that are provided by clients of the Quick-Response Training Program shall count toward the requirements of s. 288.904, pertaining to the return on investment from activities of Enterprise Florida, Inc.

~~10.11.~~ The Work Opportunity Tax Credit, provided under the Tax and Trade Relief Extension Act of 1998, Pub. L. No. 105-277, and the Taxpayer Relief Act of 1997, Pub. L. No. 105-34.

~~11.12.~~ Offender placement services, provided under ss. 944.707-944.708.

Section 11. Subsections (3), (4), and (5) of section 741.01, Florida Statutes, are amended to read:

741.01 County court judge or clerk of the circuit court to issue marriage license; fee.—

~~(3) Further, the fee charged for each marriage license issued in the state shall be increased by an additional sum of \$7.50 to be collected upon receipt of the application for the issuance of a marriage license. The clerk shall transfer such funds monthly to the Department of Revenue for deposit in the Displaced Homemaker Trust Fund created in s. 446.50.~~

~~(3)(4)~~ An additional fee of \$25 shall be paid to the clerk upon receipt of the application for issuance of a marriage license. The moneys collected shall be remitted by the clerk to the Department of Revenue, monthly, for deposit in the General Revenue Fund.

~~(4)(5)~~ The fee charged for each marriage license issued in the state shall be reduced by a sum of \$25 ~~\$2.50~~ for all couples who present valid certificates of completion of a premarital preparation course from a qualified course provider registered under s. 741.0305(5) for a course taken no more than 1 year prior to the date of application for a marriage license. For each license issued that is subject to the fee reduction of this subsection, the clerk is not required to transfer the sum of \$7.50 to the Department of Revenue for deposit in the Displaced Homemaker Trust Fund pursuant to subsection (3) or to transfer the sum of \$25 to the Department of Revenue for deposit in the General Revenue Fund.

Section 12. Section 741.011, Florida Statutes, is amended to read:

741.011 Installment payments.—An applicant for a marriage license who is unable to pay the fees required under s. 741.01 in a lump sum may make payment in not more than three installments over a period of 90 days. The clerk shall accept installment payments upon receipt of an affidavit that the applicant is unable to pay the fees in a lump-sum payment. Upon receipt of the third or final installment payment, the marriage license application shall be deemed filed, and the clerk shall issue the marriage license to the applicant and distribute the fees as provided in s. 741.01. In the event that the marriage license fee is paid in installments, the clerk shall retain \$1 from the additional fee imposed pursuant to s. 741.01(3) ~~741.01(4)~~, as a processing fee.

Section 13. Paragraph (x) is added to subsection (3) of section 11.45, Florida Statutes, to read:

11.45 Definitions; duties; authorities; reports; rules.—

(3) AUTHORITY FOR AUDITS AND OTHER ENGAGEMENTS.—The Auditor General may, pursuant to his or her own authority, or at the direction of the Legislative Auditing Committee, conduct audits or other engagements as determined appropriate by the Auditor General of:

(x) *The Florida Tourism Industry Marketing Corporation.*

Section 14. Paragraph (a) of subsection (4) of section 201.15, Florida Statutes, is amended to read:

201.15 Distribution of taxes collected.—All taxes collected under this chapter are hereby pledged and shall be first made available to make payments when due on bonds issued pursuant to s. 215.618 or s. 215.619, or any other bonds authorized to be issued on a parity basis with such bonds. Such pledge and availability for the payment of these bonds shall have priority over any requirement for the payment of service charges or costs of collection and enforcement under this section. All taxes collected under this chapter, except taxes distributed to the Land Acquisition Trust Fund pursuant to subsections (1) and (2), are subject to the service charge imposed in s. 215.20(1). Before distribution pursuant to this section, the Department of Revenue shall deduct amounts necessary to pay the costs of the collection and enforcement of the tax levied by this chapter. The costs and service charge may not be

levied against any portion of taxes pledged to debt service on bonds to the extent that the costs and service charge are required to pay any amounts relating to the bonds. All of the costs of the collection and enforcement of the tax levied by this chapter and the service charge shall be available and transferred to the extent necessary to pay debt service and any other amounts payable with respect to bonds authorized before January 1, 2017, secured by revenues distributed pursuant to this section. All taxes remaining after deduction of costs shall be distributed as follows:

(4) After the required distributions to the Land Acquisition Trust Fund pursuant to subsections (1) and (2) and deduction of the service charge imposed pursuant to s. 215.20(1), the remainder shall be distributed as follows:

(a) The lesser of 24.18442 percent of the remainder or \$541.75 million in each fiscal year shall be paid into the State Treasury to the credit of the State Transportation Trust Fund. Of such funds, \$75 million for each fiscal year shall be transferred to the ~~General Revenue Fund State Economic Enhancement and Development Trust Fund within the Department of Economic Opportunity~~. Notwithstanding any other law, the remaining amount credited to the State Transportation Trust Fund shall be used for:

1. Capital funding for the New Starts Transit Program, authorized by Title 49, U.S.C. s. 5309 and specified in s. 341.051, in the amount of 10 percent of the funds;

2. The Small County Outreach Program specified in s. 339.2818, in the amount of 10 percent of the funds;

3. The Strategic Intermodal System specified in ss. 339.61, 339.62, 339.63, and 339.64, in the amount of 75 percent of the funds after deduction of the payments required pursuant to subparagraphs 1. and 2.; and

4. The Transportation Regional Incentive Program specified in s. 339.2819, in the amount of 25 percent of the funds after deduction of the payments required pursuant to subparagraphs 1. and 2. The first \$60 million of the funds allocated pursuant to this subparagraph shall be allocated annually to the Florida Rail Enterprise for the purposes established in s. 341.303(5).

Section 15. Subsection (5) of section 288.1168, Florida Statutes, is amended, and subsections (7) and (8) are added to that section, to read:

288.1168 Professional golf hall of fame facility.—

(5) The Department of Revenue ~~must~~ *may* audit as provided in s. 213.34 to verify that the distributions under this section have been expended as required by this section *on or before October 1, 2017, and provide a copy of such audit to the Governor, the President of the Senate, and the Speaker of the House of Representatives on or before December 1, 2017.*

(7) *On or before January 1, 2018, the applicant must certify and provide the Governor, the President of the Senate, and the Speaker of the House of Representatives, with a certified financial report indicating that all payments received from the state pursuant to s. 212.20 are being used to pay or pledge for payment of debt service on, or to fund debt service reserve funds, arbitrage rebate obligations, or other amounts payable with respect to, bonds issued for the construction, reconstruction, or renovation of the facility or for the reimbursement of such costs or the refinancing of bonds issued for such purpose.*

(a) *Such report must identify to whom the bonds were issued, in what amounts, the date of final maturity, the level of funding achieved and whether bond payments are outstanding.*

(b) *If the applicant fails to certify and provide proof as required by this subsection, then all payments in accordance with ss. 288.1168 and 212.20 shall cease on January 1, 2018.*

(c) *If the applicant fails to meet the requirements of this subsection, no new or additional applications or certifications shall be approved, no new letters of certification may be issued, no new contracts or agreements may be executed, and no new awards may be made.*

(8) *This section is repealed June 30, 2023.*

Section 16. Section 288.1226, Florida Statutes, is amended to read:

288.1226 Florida Tourism Industry Marketing Corporation; use of property; board of directors; duties; audit.—

(1) DEFINITIONS.—For the purposes of this section, the term “corporation” means the Florida Tourism Industry Marketing Corporation.

(2) ESTABLISHMENT.—The Florida Tourism Industry Marketing Corporation is a direct-support organization of Enterprise Florida, Inc.

(a) The Florida Tourism Industry Marketing Corporation is a corporation not for profit, as defined in s. 501(c)(6) of the Internal Revenue Code of 1986, as amended, that is incorporated under the provisions of chapter 617 and approved by the Department of State.

(b) The corporation is organized and operated exclusively to request, receive, hold, invest, and administer property and to manage and make expenditures for the operation of the activities, services, functions, and programs of this state which relate to the statewide, national, and international promotion and marketing of tourism.

(c)1. The corporation is not an agency for the purposes of chapters 120, 216, and 287; ss. 255.21, 255.25, and 255.254, relating to leasing of buildings; ss. 283.33 and 283.35, relating to bids for printing; s. 215.31; and parts I, II, and IV-VIII of chapter 112. *However, the corporation shall comply with the per diem and travel expense provisions of s. 112.061.*

2. *It is not a violation of s. 112.3143(2) or (4) for the officers or members of the board of directors of the corporation to:*

a. *Vote on the 4-year marketing plan required under s. 288.923 or vote on any individual component of or amendment to the plan.*

b. *Participate in the establishment or calculation of payments related to the private match requirements of subsection (6). The officer or member must file an annual disclosure describing the nature of his or her interests or the interests of his or her principals, including corporate parents and subsidiaries of his or her principal, in the private match requirements. This annual disclosure requirement satisfies the disclosure requirement of s. 112.3143(4). This disclosure must be placed on the corporation's website or included in the minutes of each meeting of the corporation's board of directors at which the private match requirements are discussed or voted upon.*

(d) The corporation is subject to the provisions of chapter 119, relating to public meetings, and those provisions of chapter 286 relating to public meetings and records.

(3) USE OF PROPERTY.—Enterprise Florida, Inc.:

(a) Is authorized to permit the use of property and facilities of Enterprise Florida, Inc., by the corporation, subject to the provisions of this section.

(b) Shall prescribe conditions with which the corporation must comply in order to use property and facilities of Enterprise Florida, Inc. Such conditions shall provide for budget and audit review and for oversight by Enterprise Florida, Inc.

(c) May not permit the use of property and facilities of Enterprise Florida, Inc., if the corporation does not provide equal employment opportunities to all persons, regardless of race, color, national origin, sex, age, or religion.

(4) BOARD OF DIRECTORS.—The board of directors of the corporation shall be composed of 31 tourism-industry-related members, appointed by Enterprise Florida, Inc., in conjunction with the department. *Board members shall serve without compensation, but are entitled to receive reimbursement for per diem and travel expenses pursuant to s. 112.061. Such expenses must be paid out of funds of the corporation.*

(a) The board shall consist of 16 members, appointed in such a manner as to equitably represent all geographic areas of the state, with no fewer than two members from any of the following regions:

1. Region 1, composed of Bay, Calhoun, Escambia, Franklin, Gadsden, Gulf, Holmes, Jackson, Jefferson, Leon, Liberty, Okaloosa, Santa Rosa, Wakulla, Walton, and Washington Counties.

2. Region 2, composed of Alachua, Baker, Bradford, Clay, Columbia, Dixie, Duval, Flagler, Gilchrist, Hamilton, Lafayette, Levy, Madison, Marion, Nassau, Putnam, St. Johns, Suwannee, Taylor, and Union Counties.

3. Region 3, composed of Brevard, Indian River, Lake, Okeechobee, Orange, Osceola, St. Lucie, Seminole, Sumter, and Volusia Counties.

4. Region 4, composed of Citrus, Hernando, Hillsborough, Manatee, Pasco, Pinellas, Polk, and Sarasota Counties.

5. Region 5, composed of Charlotte, Collier, DeSoto, Glades, Hardee, Hendry, Highlands, and Lee Counties.

6. Region 6, composed of Broward, Martin, Miami-Dade, Monroe, and Palm Beach Counties.

(b) The 15 additional tourism-industry-related members shall include 1 representative from the statewide rental car industry; 7 representatives from tourist-related statewide associations, including those that represent hotels, campgrounds, county destination marketing organizations, museums, restaurants, retail, and attractions; 3 representatives from county destination marketing organizations; 1 representative from the cruise industry; 1 representative from an automobile and travel services membership organization that has at least 2.8 million members in Florida; 1 representative from the airline industry; and 1 representative from the space tourism industry, who will each serve for a term of 2 years.

(5) POWERS AND DUTIES.—The corporation, in the performance of its duties:

(a) May make and enter into contracts and assume such other functions as are necessary to carry out the provisions of the 4-year marketing plan required by s. 288.923, and the corporation's contract with Enterprise Florida, Inc., which are not inconsistent with this or any other provision of law. *A proposed contract with a total cost of \$750,000 or more is subject to the notice and review procedures of s. 216.177. If the chair or vice chair of the Legislative Budget Commission, the President of the Senate, or the Speaker of the House of Representatives timely advises the corporation in writing that such proposed contract is contrary to legislative policy and intent, the corporation may not execute such proposed contract. The corporation may not enter into multiple related contracts to avoid the requirements of this paragraph.*

(b) May develop a program to provide incentives and to attract and recognize those entities which make significant financial and promotional contributions towards the expanded tourism promotion activities of the corporation.

(c) May establish a cooperative marketing program with other public and private entities which allows the use of the VISIT Florida logo in tourism promotion campaigns which meet the standards of Enterprise Florida, Inc., for which the corporation may charge a reasonable fee.

(d) May sue and be sued and appear and defend in all actions and proceedings in its corporate name to the same extent as a natural person.

(e) May adopt, use, and alter a common corporate seal. However, such seal must always contain the words "corporation not for profit."

(f) Shall elect or appoint such officers and agents as its affairs shall require and allow them reasonable compensation. *However, each officer or agent, including the president and chief executive officer of the corporation, may not receive public compensation for employment that exceeds the salary and benefits paid to the Governor. Any public payments of performance bonuses or severance pay to an officer or agent of the corporation are prohibited unless specifically authorized by law.*

(g) Shall hire and establish salaries and personnel and employee benefit programs for such permanent and temporary employees as are necessary to carry out the provisions of the 4-year marketing plan and the corporation's contract with Enterprise Florida, Inc., which are not

inconsistent with this or any other provision of law. *However, an employee may not receive public compensation for employment that exceeds the salary and benefits paid to the Governor. Any public payments of performance bonuses or severance pay to employees of the corporation are prohibited unless specifically authorized by law.*

(h) *Shall appoint a president and chief executive officer of the corporation who shall serve subject to confirmation by the Senate.*

(i) Shall provide staff support to the Division of Tourism Promotion of Enterprise Florida, Inc. The president and chief executive officer of the Florida Tourism Industry Marketing Corporation shall serve without compensation as the director of the division.

(j) ~~(h)~~ May adopt, change, amend, and repeal bylaws, not inconsistent with law or its articles of incorporation, for the administration of the provisions of the 4-year marketing plan and the corporation's contract with Enterprise Florida, Inc.

(k) ~~(h)~~ May conduct its affairs, carry on its operations, and have offices and exercise the powers granted by this act in any state, territory, district, or possession of the United States or any foreign country. Where feasible, appropriate, and recommended by the 4-year marketing plan developed by the Division of Tourism Promotion of Enterprise Florida, Inc., the corporation may collocate the programs of foreign tourism offices in cooperation with any foreign office operated by any agency of this state.

(l) ~~(h)~~ May appear on its own behalf before boards, commissions, departments, or other agencies of municipal, county, state, or federal government.

(m) ~~(h)~~ May request or accept any grant, payment, or gift, of funds or property made by this state or by the United States or any department or agency thereof or by any individual, firm, corporation, municipality, county, or organization for any or all of the purposes of the 4-year marketing plan and the corporation's contract with Enterprise Florida, Inc., that are not inconsistent with this or any other provision of law. Such funds shall be deposited in a bank account established by the corporation's board of directors. The corporation may expend such funds in accordance with the terms and conditions of any such grant, payment, or gift, in the pursuit of its administration or in support of the programs it administers. The corporation shall separately account for the public funds and the private funds deposited into the corporation's bank account.

(n) ~~(h)~~ Shall establish a plan for participation in the corporation which will provide additional funding for the administration and duties of the corporation.

(o) ~~(h)~~ In the performance of its duties, may undertake, or contract for, marketing projects and advertising research projects.

(p) ~~(h)~~ In addition to any indemnification available under chapter 617, the corporation may indemnify, and purchase and maintain insurance on behalf of, directors, officers, and employees of the corporation against any personal liability or accountability by reason of actions taken while acting within the scope of their authority.

(q) *Shall not create or establish any other entity, corporation, or direct-support organization.*

(r) *Shall not expend funds, public or private, that directly or indirectly benefit only one company, corporation, or business entity.*

#### (6) MATCHING REQUIREMENTS.—

(a) *A one-to-one match is required of private to public contributions to the corporation. Public contributions include all state appropriations to the corporation.*

(b) *For purposes of calculating the required one-to-one match, the corporation shall receive matching private contributions in one of four private match categories. The corporation shall maintain documentation of such categorized contributions on file and make such documentation available for inspection upon reasonable notice during its regular business hours. Contribution details shall be included in the quarterly reports required under subsection (8). The private match categories are:*

1. *Direct cash contributions from private sources, which include, but are not limited to, cash derived from strategic alliances, contributions of stocks and bonds, and partnership contributions.*

2. *Fees for services, which include, but are not limited to, event participation, research, and brochure placement and transparencies.*

3. *Cooperative advertising, which is limited to partner expenditures for paid media placement, partner expenditures for collateral material distribution, and the actual market value of contributed productions, air time, and print space.*

4. *In-kind contributions, which is limited to the actual market value of promotional contributions of partner-supplied benefits to target audiences and the actual market value of nonpartner-supplied air time or print space contributed for the broadcasting or printing of such promotions, which would otherwise require tourist promotion expenditures by the corporation for advertising, air travel, rental car fees, hotel rooms, RV or campsite space rental, on-site guest services, and admission tickets. The net value of air time or print space, if any, shall be deemed to be the actual market value of the air time or print space, based on an average of actual unit prices paid contemporaneously for comparable times or spaces, less the value of increased ratings or other benefits realized by the media outlet as a result of the promotion.*

*Contributions from a government entity or from an entity that received more than 50 percent of its revenue in the previous fiscal year from public sources, including revenue derived from taxes, fees, or other government revenues, are not considered private contributions for purposes of calculating the required one-to-one match.*

(c) *If the corporation fails to meet the one-to-one match requirements of this subsection, the corporation shall revert all unmatched public contributions to the state treasury by June 30 of each fiscal year.*

(7)(6) ANNUAL AUDIT.—The corporation shall provide for an annual financial audit in accordance with s. 215.981. The annual audit report shall be submitted to the Auditor General; the Office of Program Policy Analysis and Government Accountability; Enterprise Florida, Inc.; and the department for review. The Office of Program Policy Analysis and Government Accountability; Enterprise Florida, Inc.; the department; and the Auditor General have the authority to require and receive from the corporation or from its independent auditor any detail or supplemental data relative to the operation of the corporation. The department shall annually certify whether the corporation is operating in a manner and achieving the objectives that are consistent with the policies and goals of Enterprise Florida, Inc., and its long-range marketing plan. The identity of a donor or prospective donor to the corporation who desires to remain anonymous and all information identifying such donor or prospective donor are confidential and exempt from the provisions of s. 119.07(1) and s. 24(a), Art. I of the State Constitution. Such anonymity shall be maintained in the auditor's report.

(8)(7) REPORT.—The corporation shall provide a quarterly report to Enterprise Florida, Inc., which shall:

(a) Measure the current vitality of the visitor industry of this state as compared to the vitality of such industry for the year to date and for comparable quarters of past years. Indicators of vitality shall be determined by Enterprise Florida, Inc., and shall include, but not be limited to, estimated visitor count and party size, length of stay, average expenditure per party, and visitor origin and destination.

(b) Provide detailed, unaudited financial statements of sources and uses of public and private funds.

(c) Measure progress towards annual goals and objectives set forth in the 4-year marketing plan.

(d) Review all pertinent research findings.

(e) Provide other measures of accountability as requested by Enterprise Florida, Inc.

*The corporation must take all steps necessary to provide all data that is used to develop the report, including source data, to the Office of Economic and Demographic Research.*

(9)(8) PUBLIC RECORDS EXEMPTION.—The identity of any person who responds to a marketing project or advertising research project conducted by the corporation in the performance of its duties on behalf of Enterprise Florida, Inc., or trade secrets as defined by s. 812.081 obtained pursuant to such activities, are exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution. This subsection is subject to the Open Government Sunset Review Act in accordance with s. 119.15 and shall stand repealed on October 2, 2018 ~~2021~~, unless reviewed and saved from repeal through reenactment by the Legislature.

(10) PROHIBITIONS; CORPORATE FUNDS; GIFTS.—*Funds of the corporation may not be expended for food, beverages, lodging, entertainment, or gifts for employees of the corporation, board members of the corporation, or employees of a tourist or economic development entity that receives revenue from a tax imposed pursuant to s. 125.0104, s. 125.0108, or s. 212.0305, unless authorized pursuant to s. 112.061 or this section. An employee or board member of the corporation may not accept or receive food, beverages, lodging, entertainment, or gifts from a tourist or economic development entity that receives revenue from a tax imposed pursuant to s. 125.0104, s. 125.0108, or s. 212.0305, or from any person, vendor, or other entity, doing business with the corporation unless such food, beverage, lodging, entertainment, or gift is available to similarly situated members of the general public.*

(11) LODGING EXPENSES.—*Lodging expenses for an employee of the corporation may not exceed \$150 per day, excluding taxes, unless the corporation is participating in a negotiated group rate discount or the corporation provides documentation of at least three comparable alternatives demonstrating that such lodging at the required rate is not available. However, an employee of the corporation may expend his or her own funds for any lodging expenses in excess of \$150 per day.*

(12) PROPOSED OPERATING BUDGET SUBMISSION.—*By August 15 of each fiscal year, the Department of Economic Opportunity shall submit a proposed operating budget for the corporation including amounts to be expended on advertising, marketing, promotions, events, other operating capital outlay, and salaries and benefits for each employee to the Governor, the President of the Senate, and the Speaker of the House of Representatives.*

(13) TRANSPARENCY.—

(a) *For purposes of this section, the corporation is a governmental entity as defined in s. 215.985 and, therefore, is subject to the Transparency Florida Act.*

(b) *A contract entered into between the corporation and any other public or private entity shall include:*

1. *The purpose of the contract.*
2. *Specific performance standards and responsibilities for each entity.*
3. *A detailed project or contract budget, if applicable.*
4. *The value of any services provided.*
5. *The projected travel and entertainment expenses for employees and board members, if applicable.*

(c)1. *Any entity that in the previous fiscal year received more than 50 percent of its revenue from the corporation or taxes imposed pursuant to s. 125.0104, s. 125.0108, or s. 212.0305, and that partners with the corporation or participates in a program, cooperative advertisement, promotional opportunity, or other activity offered by or in conjunction with the corporation, shall report all public and private financial data to the corporation annually on July 1.*

2. *The financial data shall include:*

a. *The total amount of revenue received from public and private sources.*

b. *The operating budget of the partner entity.*

c. *Employee and board member salary and benefit details from public and private funds.*

d. An itemized account of all expenditures by the partner entity on the behalf of, or coordinated for the benefit of the corporation, its board members, or employees.

e. Itemized travel and entertainment expenditures of the partner entity.

(d) The following information must be posted on the corporation's website:

1. A plain language version of any contract that is estimated to exceed \$35,000 with a private entity, municipality, city, town, or vendor of services, supplies, or programs, including marketing, or for the purchase or lease or use of lands, facilities, or properties.

2. Any agreement entered into between the corporation and any other entity, including a local government, private entity, or nonprofit entity, that receives public funds or funds from a tax imposed pursuant to s. 125.0104, s. 125.0108, or s. 212.0305.

3. The contracts and the required information pursuant to paragraph (b) and the financial data submitted to the corporation pursuant to paragraph (c).

4. Video recordings of each board meeting.

5. A detailed report of expenditures following each marketing event paid for with the corporation's funds. Such report must be posted within 10 business days after the event.

6. An annual itemized accounting of the total amount of funds spent by any third party on behalf of the corporation or any board member or employee of the corporation.

7. An annual itemized accounting of the total amount of travel and entertainment expenditures by the corporation.

(e) The corporation's website must:

1. Allow users to navigate to related sites to view supporting details.

2. Enable a taxpayer to email questions to the corporation and make such questions and the corporation's responses publicly viewable.

(14)(9) REPEAL.—This section is repealed October 1, 2019, unless reviewed and saved from repeal by the Legislature.

Section 17. Section 288.12266, Florida Statutes, is created to read:

288.12266 Targeted Marketing Assistance Program.—

(1) The Targeted Marketing Assistance Program is created to enhance the tourism business marketing of small, minority, rural, and agritourism businesses in the state. The department, in conjunction with the Florida Tourism Industry Marketing Corporation, shall administer the program. The program shall provide marketing plans, marketing assistance, promotional support, media development, technical expertise, marketing advice, technology training, social marketing support, and other assistance to an eligible entity.

(2) As used in this section, the term "eligible entity" means an independently owned and operated business with gross revenue not exceeding \$1,250,000 or a nonprofit corporation that meets the requirements of s. 501(c)(3) of the Internal Revenue Code.

(3) The department and the Florida Tourism Industry Marketing Corporation shall provide an annual report to the Governor, the President of the Senate, and the Speaker of the House of Representatives documenting that at least 50 percent of the eligible entities receiving assistance through this program are independently owned and operated businesses with gross revenues not exceeding \$500,000.

Section 18. Section 288.124, Florida Statutes, is amended to read:

288.124 Convention grants program.— The Florida Tourism Industry Marketing Corporation Enterprise Florida, Inc., is authorized to establish a convention grants program and, pursuant to that program, to recommend to the department expenditures and contracts with local governments and nonprofit corporations or organizations for the pur-

pose of attracting national conferences and conventions to Florida. Preference shall be given to local governments and nonprofit corporations or organizations seeking to attract minority conventions to Florida. Minority conventions are events that primarily involve minority persons, as defined in s. 288.703, who are residents or nonresidents of the state. The Florida Tourism Industry Marketing Corporation Enterprise Florida, Inc., shall establish guidelines governing the award of grants and the administration of this program. The department has final approval authority for any grants under this section. The total annual allocation of funds for this program shall not exceed \$40,000.

Section 19. Subsection (5) of section 288.901, Florida Statutes, is amended to read:

288.901 Enterprise Florida, Inc.—

(5) APPOINTED MEMBERS OF THE BOARD OF DIRECTORS.—

(a) In addition to the Governor or his or her designee, the board of directors shall consist of the following appointed members:

1. The Commissioner of Education or his or her designee.

2. The Chief Financial Officer or his or her designee.

3. The Attorney General or his or her designee.

4. The Commissioner of Agriculture or his or her designee.

5. The chairperson of the board of directors of CareerSource Florida, Inc.

6. The Secretary of State or his or her designee.

7. Twelve members from the private sector, six of whom shall be appointed by the Governor, three of whom shall be appointed by the President of the Senate, and three of whom shall be appointed by the Speaker of the House of Representatives. Members appointed by the Governor are subject to Senate confirmation.

(b) In making their appointments, the Governor, the President of the Senate, and the Speaker of the House of Representatives shall ensure that the composition of the board of directors reflects the diversity of Florida's business community and is representative of the economic development goals in subsection (2). The board must include at least one director for each of the following areas of expertise: international business, tourism marketing, the space or aerospace industry, managing or financing a minority-owned business, manufacturing, finance and accounting, and sports marketing.

(c) The Governor, the President of the Senate, and the Speaker of the House of Representatives also shall consider appointees who reflect Florida's racial, ethnic, and gender diversity. Efforts shall be taken to ensure participation from all geographic areas of the state, including representation from urban and rural communities.

(d) Appointed members shall be appointed to 4-year terms, except that initially, to provide for staggered terms, the Governor, the President of the Senate, and the Speaker of the House of Representatives shall each appoint one member to serve a 2-year term and one member to serve a 3-year term, with the remaining initial appointees serving 4-year terms. All subsequent appointments shall be for 4-year terms.

(e) Initial appointments must be made by October 1, 2011, and be eligible for confirmation at the earliest available Senate session. Terms end on September 30.

(f) Any member is eligible for reappointment, except that a member may not serve more than two terms.

(g) A vacancy on the board of directors shall be filled for the remainder of the unexpired term. Vacancies on the board shall be filled by appointment by the Governor, the President of the Senate, or the Speaker of the House of Representatives, respectively, depending on who appointed the member whose vacancy is to be filled or whose term has expired.

(h) Appointed members may be removed by the Governor, the President of the Senate, or the Speaker of the House of Representatives,

respectively, for cause. Absence from three consecutive meetings results in automatic removal.

*All Board members shall serve without compensation, but are entitled to receive reimbursement for per diem and travel expenses pursuant to s. 112.061. Such expenses must be paid out of funds of Enterprise Florida, Inc.*

Section 20. Subsections (7), (8), and (9) are added to section 288.903, Florida Statutes, to read:

288.903 Duties of Enterprise Florida, Inc.—Enterprise Florida, Inc., shall have the following duties:

(7) *Submit all proposed contracts with a total cost of \$750,000 or more in accordance with the notice and review procedures of s. 216.177. If the chair or vice chair of the Legislative Budget Commission, the President of the Senate, or the Speaker of the House of Representatives timely advises Enterprise Florida, Inc., in writing that such proposed contract is contrary to legislative policy and intent, Enterprise Florida, Inc., may not execute such proposed contract. Enterprise Florida, Inc., may not enter into multiple related contracts to avoid the requirements of this paragraph. This paragraph does not apply to contracts for the award of a statutorily authorized incentive program.*

(8) *Shall not create or establish any other entity, corporation, or direct-support organization, unless authorized by law.*

(9) *Enterprise Florida, Inc., shall comply with the per diem and travel expense provisions of s. 112.061.*

Section 21. Section 288.904, Florida Statutes, is amended to read:

288.904 Funding for Enterprise Florida, Inc.; performance and return on the public's investment.—

(1)(a) The Legislature may annually appropriate to Enterprise Florida, Inc., a sum of money for its operations, and separate line-item appropriations for each of the divisions listed in s. 288.92.

(b) The state's operating investment in Enterprise Florida, Inc., and its divisions is the budget contracted by the department to Enterprise Florida, Inc., less any funding that is directed by the Legislature to be subcontracted to a specific recipient entity.

(c) The board of directors of Enterprise Florida, Inc., shall adopt for each upcoming fiscal year an operating budget for the organization, including its divisions, which specifies the intended uses of the state's operating investment and a plan for securing private sector support.

(2)(a) The Legislature finds that it is a priority to maximize private sector support in operating Enterprise Florida, Inc., and its divisions, as an endorsement of its value and as an enhancement of its efforts. Thus, the state appropriations must be matched with private sector support equal to at least 100 percent of the state operational funding.

(b) Private sector support in operating Enterprise Florida, Inc., and its divisions includes:

1. Cash given directly to Enterprise Florida, Inc., for its operations, including contributions from at-large members of the board of directors;
2. Cash donations from organizations assisted by the divisions;
3. Cash jointly raised by Enterprise Florida, Inc., and a private local economic development organization, a group of such organizations, or a statewide private business organization that supports collaborative projects;
4. Cash generated by fees charged for products or services of Enterprise Florida, Inc., and its divisions by sponsorship of events, missions, programs, and publications; and
5. Copayments, stock, warrants, royalties, or other private resources dedicated to Enterprise Florida, Inc., or its divisions.

*Contributions from a government entity or from an entity that received more than 50 percent of its revenue in the previous fiscal year from public sources, including revenue derived from taxes, fees, or other government*

*revenues, are not considered private contributions for purposes of calculating the required match.*

(c) *If Enterprise Florida, Inc., fails to meet the one-to-one match requirements of this subsection, the corporation shall revert all unmatched public contributions to the state treasury by June 30 of each fiscal year.*

~~(3)(a) Specifically for the marketing and advertising activities of the Division of Tourism Marketing or as contracted through the Florida Tourism Industry Corporation, a one-to-one match is required of private to public contributions within 4 calendar years after the implementation date of the marketing plan pursuant to s. 288.923.~~

~~(b) For purposes of calculating the required one-to-one match, matching private funds shall be divided into four categories. Documentation for the components of the four private match categories shall be kept on file for inspection as determined necessary. The four private match categories are:~~

~~1. Direct cash contributions, which include, but are not limited to, cash derived from strategic alliances, contributions of stocks and bonds, and partnership contributions.~~

~~2. Fees for services, which include, but are not limited to, event participation, research, and brochure placement and transparencies.~~

~~3. Cooperative advertising, which is the value based on cost of contributed productions, air time, and print space.~~

~~4. In-kind contributions, which include, but are not limited to, the value of strategic alliance services contributed, the value of loaned employees, discounted service fees, items contributed for use in promotions, and radio or television air time or print space for promotions. The value of air time or print space shall be calculated by taking the actual time or space and multiplying by the nonnegotiated unit price for that specific time or space which is known as the media equivalency value. In order to avoid duplication in determining media equivalency value, only the value of the promotion itself shall be included; the value of the items contributed for the promotion may not be included.~~

(4) Enterprise Florida, Inc., shall fully comply with the performance measures, standards, and sanctions in its contract with the department, under s. 20.60. The department shall ensure, to the maximum extent possible, that the contract performance measures are consistent with performance measures that it is required to develop and track under performance-based program budgeting. The contract shall also include performance measures for the divisions.

~~(4)(5) The Legislature intends to review the performance of Enterprise Florida, Inc., in achieving the performance goals stated in its annual contract with the department to determine whether the public is receiving a positive return on its investment in Enterprise Florida, Inc., and its divisions. It also is the intent of the Legislature that Enterprise Florida, Inc., coordinate its operations with local economic development organizations to maximize the state and local return on investment to create jobs for Floridians.~~

(5) *By August 15 of each fiscal year, the Department of Economic Opportunity shall submit a proposed operating budget for Enterprise Florida, Inc., including amounts to be expended on incentives, business recruitment, advertising, events, other operating capital outlay, and salaries and benefits for each employee to the Governor, the President of the Senate, and the Speaker of the House of Representatives.*

(6)(a) *For purposes of this section, Enterprise Florida, Inc., is a governmental entity as defined in s. 215.985 and, therefore, is subject to the Transparency Florida Act.*

(b) *A contract entered into between Enterprise Florida, Inc., and any other public or private entity shall include:*

1. *The purpose of the contract.*
2. *Specific performance standards and responsibilities for each entity.*
3. *A detailed project or contract budget, if applicable.*
4. *The value of any services provided.*

5. *The projected travel and entertainment expenses for employees and board members, if applicable.*

(c)1. *Any entity that in the previous fiscal year received more than 50 percent of its revenue from Enterprise Florida, Inc., or a tax imposed pursuant to s. 125.0104, s. 125.0108, or s. 212.0305, and that partners with Enterprise Florida, Inc., in a program or other activity offered by or in conjunction with Enterprise, Florida, Inc., shall report all public and private financial data to the corporation annually on July 1.*

2. *The financial data shall include:*

a. *The total amount of revenue received from public and private sources.*

b. *The operating budget of the partner entity.*

c. *Employee and board member salary and benefit details from public and private funds.*

d. *An itemized account of all expenditures by the partner entity on the behalf of, or coordinated for the benefit of, Enterprise Florida, Inc., its board members, or employees.*

e. *Itemized travel and entertainment expenditures of the partner entity.*

(d) *The following information must be posted on the website of Enterprise Florida, Inc.:*

1. *A plain language version of any contract that is estimated to exceed \$35,000 with a private entity, municipality, city, town, or vendor of services, supplies, or programs, including marketing, or for the purchase or lease or use of lands, facilities, or properties.*

2. *Any agreement entered into between Enterprise Florida, Inc., and any other entity, including a local government, private entity, or non-profit entity, that receives public funds or funds from a tax imposed pursuant to s. 125.0104, s. 125.0108, or s. 212.0305.*

3. *The contracts and the required information pursuant to paragraph (b) and the financial data submitted to Enterprise Florida, Inc., pursuant to paragraph (c).*

4. *Video recordings of each board meeting.*

5. *A detailed report of expenditures following each marketing or business recruitment event paid for with Enterprise Florida, Inc., funds. Such report must be posted within 10 business days after the event.*

6. *An annual itemized accounting of the total amount of funds spent by any third party on behalf of Enterprise Florida, Inc., or any board member or employee of Enterprise Florida, Inc.*

7. *An annual itemized accounting of the total amount of travel and entertainment expenditures by Enterprise Florida, Inc.*

(e) *The Enterprise Florida, Inc., website must:*

1. *Allow users to navigate to related sites to view supporting details.*

2. *Enable a taxpayer to email questions to Enterprise Florida, Inc., and make such questions and Enterprise Florida, Inc., responses publicly viewable.*

Section 22. Section 288.905, Florida Statutes, is amended to read:

288.905 President and employees of Enterprise Florida, Inc.—

(1) The board of directors of Enterprise Florida, Inc., shall appoint a president, who shall serve at the pleasure of the Governor. *The president shall be subject to confirmation by the Senate.* The president shall also be known as the “secretary of commerce” and shall serve as the Governor’s chief negotiator for business recruitment and business expansion.

(2) The president is the chief administrative and operational officer of the board of directors and of Enterprise Florida, Inc., and shall direct and supervise the administrative affairs of the board of directors and any divisions, councils, or boards. The board of directors may delegate to

the president those powers and responsibilities it deems appropriate, including hiring and management of all staff, except for the appointment of a president.

(3) The board of directors shall establish and adjust the president’s compensation.

(4) No employee of Enterprise Florida, Inc., *including an officer or agent, the president, or the chief executive officer,* may receive public compensation for employment that exceeds the salary and benefits paid to the Governor, ~~unless the board of directors and the employee have executed a contract that prescribes specific, measurable performance outcomes for the employee, the satisfaction of which provides the basis for the award of incentive payments that increase the employee’s total compensation to a level above the salary paid to the Governor.~~ Any public payments of performance bonuses or severance pay to employees are prohibited unless specifically authorized by law.

(5) *Lodging expenses for an employee of Enterprise Florida, Inc., may not exceed \$150 per day, excluding taxes, unless the corporation is participating in a negotiated group rate discount or the corporation provides documentation of at least three comparable alternatives demonstrating that such lodging at the required rate is not available. However, an employee of the corporation may expend his or her own funds for any lodging expenses in excess of \$150 per day.*

(6) *Funds of Enterprise Florida, Inc., may not be expended for food, beverages, lodging, entertainment, or gifts for employees of the corporation, board members of the corporation, or employees of a tourist or economic development entity that receives revenue from a tax imposed pursuant to s. 125.0104, s. 125.0108, or s. 212.0305, unless authorized pursuant to s. 112.061 or this section. An employee or board member of Enterprise Florida, Inc., may not accept or receive food, beverages, lodging, entertainment, or gifts from a tourist or economic development entity that receives revenue from a tax imposed pursuant to s. 125.0104, s. 125.0108, or s. 212.0305, or from any person, vendor, or other entity, doing business with the corporation unless such food, beverage, lodging, entertainment, or gift is available to similarly situated members of the general public.*

Section 23. Paragraph (b) of subsection (2) of section 288.92, Florida Statutes, is amended to read:

288.92 Divisions of Enterprise Florida, Inc.—

(2)

(b)1. The following officers and board members are subject to ss. 112.313(1)-(8), (10), (12), and (15); 112.3135; and 112.3143(2):

a. Officers and members of the board of directors of the divisions of Enterprise Florida, Inc.

b. Officers and members of the board of directors of subsidiaries of Enterprise Florida, Inc.

c. Officers and members of the board of directors of corporations created to carry out the missions of Enterprise Florida, Inc.

d. Officers and members of the board of directors of corporations with which a division is required by law to contract to carry out its missions.

2. For purposes of applying ss. 112.313(1)-(8), (10), (12), and (15); 112.3135; and 112.3143(2) to activities of the officers and members of the board of directors specified in subparagraph 1., those persons shall be considered public officers or employees and the corporation shall be considered their agency.

~~3. It is not a violation of s. 112.3143(2) or (4) for the officers or members of the board of directors of the Florida Tourism Industry Marketing Corporation to:~~

~~a. Vote on the 4 year marketing plan required under s. 288.923 or vote on any individual component of or amendment to the plan.~~

~~b. Participate in the establishment or calculation of payments related to the private match requirements of s. 288.904(3). The officer or member must file an annual disclosure describing the nature of his or~~

her interests or the interests of his or her principals, including corporate parents and subsidiaries of his or her principal, in the private match requirements. This annual disclosure requirement satisfies the disclosure requirement of s. 112.3143(4). This disclosure must be placed either on the Florida Tourism Industry Marketing Corporation's website or included in the minutes of each meeting of the Florida Tourism Industry Marketing Corporation's board of directors at which the private match requirements are discussed or voted upon.

Section 24. Paragraph (d) of subsection (4) of section 288.923, Florida Statutes, is amended to read:

288.923 Division of Tourism Marketing; definitions; responsibilities.—

(4) The division's responsibilities and duties include, but are not limited to:

(d) Drafting and submitting an annual report required by s. 288.92. The annual report shall set forth for the division and the direct-support organization:

1. Operations and accomplishments during the fiscal year, including the economic benefit of the state's investment and effectiveness of the marketing plan.
2. The 4-year marketing plan, including recommendations on methods for implementing and funding the plan.
3. The assets and liabilities of the direct-support organization at the end of its most recent fiscal year.

**House Amendment 1 (814613) (with title amendment) to Senate Amendment 1 (945880)**—Between lines 1460 and 1461 of the amendment, insert:

Section 36. Paragraph (d) is added to subsection (1) of section 320.04, Florida Statutes, to read:

320.04 Registration service charge.—

(1)

*(d) For the convenience of citizens, a tax collector or a county commission in a charter county with an appointed tax collector has the authority to enter into a contract with a license plate agent for the operation of a branch office to issue and renew license tag registrations and issue motor vehicle titles. Each location shall be considered a separate license plate agent for purposes of the contract between the department, the tax collector or county commission, and the license plate agent. Each license plate agent must secure a surety bond in the amount of \$250,000 to cover losses to the department in the event of theft, fraud, or noncompliance with applicable laws, rules, or established procedures governing professional services to be performed by the license plate agent under the contract. Alternatively, in lieu of a surety bond, the license plate agent may secure an insurance policy in the amount of \$250,000. The insurance policy must name the department as a certificateholder and an additional insured for the entire length of the contract. The insurance policy must cover losses to the department in the event of theft, fraud, or noncompliance with applicable laws, rules, or established procedures governing professional services to be performed by the license plate agent under the contract. At the discretion of the tax collector or the county commission, the license plate agent may charge a convenience fee if the tax collector does not reduce such services at any other tax collector branch office. All nonstatutory fees charged must be separately disclosed to the customer. The contracted license plate agent shall pay to the department annually an amount sufficient to defray each license plate agent's pro rata share of the department's costs, including computer hardware and software, directly related to the issuance and renewal of license tag registrations and motor vehicle titles. These funds shall be deposited into the Highway Safety Operating Trust Fund in the Department of Highway Safety and Motor Vehicles. A license plate agent shall supervise its employees and agents and establish and enforce written procedures designed to prevent and detect violations of law, rule, and department policies and procedures.*

And the title is amended as follows:

Between lines 2133 and 2134 of the amendment, insert: s. 320.04, F.S.; authorizing certain tax collectors or county commissions to enter into a contract with a license plate agent for the operation of a branch office to issue and renew license tag registrations and issue motor vehicle titles; providing that each location must be considered a separate license plate agent for purposes of a certain contract; requiring each license plate agent to secure a surety bond or an insurance policy, subject to certain requirements; authorizing the license plate agent to charge a convenience fee under certain circumstances; requiring all nonstatutory fees charged to be separately disclosed to the customer; requiring the contracted license plate agent to annually pay to the department an amount sufficient to defray each license plate agent's pro rata share of certain costs of the department; requiring such costs to be deposited into a specified trust fund; requiring a license plate agent to supervise its employees and agents and establish and enforce certain written procedures; amending

**House Amendment 2 (283173) (with title amendment) to Senate Amendment 1 (945880)**—Between lines 1499 and 1500 of the amendment, insert:

Section 39. Subsection (1) of section 322.12, Florida Statutes, is amended to read:

322.12 Examination of applicants.—

(1) It is the intent of the Legislature that every applicant for an original driver license in this state be required to pass an examination pursuant to this section. However, the department may waive the knowledge, endorsement, and skills tests for an applicant who is otherwise qualified and who surrenders a valid driver license from another state or a province of Canada, or a valid driver license issued by the United States Armed Forces, if the driver applies for a Florida license of an equal or lesser classification. ~~An~~ applicant who fails to

pass the initial knowledge test incurs a \$10 fee for each subsequent test, to be deposited into the Highway Safety Operating Trust Fund; *however, if a subsequent test is administered by the tax collector, the tax collector shall retain the \$10 fee, less the general revenue service charge set forth in s. 215.20(1).* ~~An~~ applicant who fails to pass the initial skills test incurs a \$20 fee for each subsequent test, to be deposited into the Highway Safety Operating Trust Fund; *however, if a subsequent test is administered by the tax collector, the tax collector shall retain the \$20 fee, less the general revenue service charge set forth in s. 215.20(1).* A person who seeks to retain a hazardous-materials endorsement, pursuant to s. 322.57(1)(e), must pass the hazardous-materials test, upon surrendering his or her commercial driver license, if the person has not taken and passed the hazardous-materials test within 2 years before applying for a commercial driver license in this state.

Section 40. Subsection (8) of section 322.21, Florida Statutes, is amended to read:

322.21 License fees; procedure for handling and collecting fees.—

(8) A ~~any~~ person who applies for reinstatement following the suspension or revocation of the person's driver license must pay a service fee of \$45 following a suspension, and \$75 following a revocation, which is in addition to the fee for a license. A ~~any~~ person who applies for reinstatement of a commercial driver license following the disqualification of the person's privilege to operate a commercial motor vehicle shall pay a service fee of \$75, which is in addition to the fee for a license. The department shall collect all of these fees at the time of reinstatement. The department shall issue proper receipts for such fees and shall promptly transmit all funds received by it as follows:

(a) Of the \$45 fee received from a licensee for reinstatement following a suspension:

1. *If the reinstatement is processed by the department, the department shall deposit \$15 in the General Revenue Fund and \$30 in the Highway Safety Operating Trust Fund.*

2. *If the reinstatement is processed by the tax collector, the tax collector shall retain \$15, less the general revenue service charge set forth in s. 215.20(1), and deposit \$15 in the General Revenue Fund and \$15 in the Highway Safety Operating Trust Fund.*

(b) Of the \$75 fee received from a licensee for reinstatement following a revocation or disqualification:

1. *If the reinstatement is processed by the department, the department shall deposit \$35 in the General Revenue Fund and \$40 in the Highway Safety Operating Trust Fund.*

2. *If the reinstatement is processed by the tax collector, the tax collector shall retain \$20, less the general revenue service charge set forth in s. 215.20(1), and deposit \$35 in the General Revenue Fund and \$20 in the Highway Safety Operating Trust Fund.*

If the revocation or suspension of the driver license was for a violation of s. 316.193, or for refusal to submit to a lawful breath, blood, or urine test, an additional fee of \$130 must be charged. However, only one \$130 fee may be collected from one person convicted of violations arising out of the same incident. The department shall collect the \$130 fee and deposit the fee into the Highway Safety Operating Trust Fund at the time of reinstatement of the person's driver license, but the fee may not be collected if the suspension or revocation is overturned. If the revocation or suspension of the driver license was for a conviction for a violation of s. 817.234(8) or (9) or s. 817.505, an additional fee of \$180 is imposed for each offense. The department shall collect and deposit the additional fee into the Highway Safety Operating Trust Fund at the time of reinstatement of the person's driver license.

And the title is amended as follows:

Between lines 2137 and 2138 of the amendment, insert: amending s. 322.12, F.S.; authorizing tax collectors to retain certain fees if they administer driver license knowledge tests; amending s. 322.21, F.S.; authorizing tax collectors to retain certain fees if they process the reinstatement of certain driver licenses;

## HOW TO FIND OR TRACE A BILL, RESOLUTION, OR MEMORIAL

*When the bill, resolution, or memorial number is unknown, use the:*

### **SUBJECT INDEX OF SENATE AND HOUSE BILLS, RESOLUTIONS, AND MEMORIALS.**

The subject matter of each bill is indexed and cross-indexed in an alphabetical arrangement, using topics of catchwords related closely to the subject matter. This is followed by the number of the bill, resolution, or memorial.

*When the bill, resolution, or memorial number is known, use the:*

### **NUMERICAL INDICES OF SENATE AND HOUSE BILLS, RESOLUTIONS, AND MEMORIALS.**

Each bill is listed in numerical order. Opposite each bill number is the subject, the name of introducer, the page numbers where the bill involved appears in the journal, and the final status of the bill.

## **Tracing all Senate and House Actions**

It is possible to trace the progress of legislation from introduction to final disposition, step by step, as it is recorded on the various pages of the Senate Journal by looking at the pages referred to in the numerical index.

To follow the progress of Senate legislation passed by the Senate and sent to the House, use the indices contained in the House Journal to trace House action.

# Subject Index of Senate and House Bills, Resolutions and Memorials

REGULAR SESSION  
March 7 through May 8, 2017

[Source: Office of Legislative Services]

This index embraces all measures introduced in both the Senate and House. The house of origin is identified by the letter preceding each bill: S-Senate, H-House. House bills shown in this index include those never received by the Senate, and their inclusion here is only for the convenience of the user interested in all bills introduced in the Legislature on a particular subject.

(Boldfaced bill numbers passed both houses—adopted one-house resolutions also boldfaced.)

## PRAYER

The following prayer was offered by Senate employee Marilyn Barnes, Legislative Assistant to Senator Montford, Tallahassee:

Almighty God, our Father: to you be all the honor, glory, and praise. We are thankful for this day, and we bless your name for the grace to rejoice and be glad in.

As we stand here today, we ask your blessing on all those that are in authority. I appreciate and respect our leaders: our Senate President, our Appropriations Chair, my own Senator, and Senators here today. Grant them wisdom and grace in carrying out their responsibilities this special session.

I pray that the decisions our Senators make for this special session will be done with the wisdom and guidance that only you can provide. If you provide that wisdom, the results of this special session will cause Florida to be a better Florida, your people will be better people, schools

will be better, and our economic programs will work to perfection. We will be able to live quiet and peaceful lives in all godliness and honesty. Thank you for hearing this prayer, heavenly Father. For yours is the kingdom, O God, and you are exalted as head above all. Amen.

## PLEDGE

Sergeant at Arms Tim Hay led the Senate in the Pledge of Allegiance to the flag of the United States of America.

By direction of the President, the Secretary read the following proclamation:

## PROCLAMATION

STATE OF FLORIDA

EXECUTIVE OFFICE OF THE GOVERNOR

TALLAHASSEE

TO THE HONORABLE MEMBERS OF THE FLORIDA SENATE AND HOUSE OF REPRESENTATIVES

WHEREAS, the Florida Legislature convened on March 7, 2017, with the constitutional obligation to pass a General Appropriations Act for fiscal year 2017-18; and

WHEREAS, as a result of sound fiscal management in recent years, the State of Florida has a budget surplus exceeding \$3 billion; and

WHEREAS, the Governor's Fighting for Florida's Future budget called for an increase in per-pupil funding for K-12 schools through the Florida Education Finance Program, which would have represented the highest per pupil funding in Florida history; and

WHEREAS, more than 31 million visitors came to Florida in the first quarter of 2017, the highest quarterly visitation in Florida history and a 2.5 percent increase over the same period in 2016; and

WHEREAS, tourism marketing by the Florida Tourism Industry Marketing Corporation (VISIT FLORIDA) has been instrumental in the growth of Florida's tourism industry, which supports the jobs of more than 1.4 million Floridians; and

WHEREAS, since I took office, my administration has focused on increasing private investment in Florida, advancing international and domestic trade opportunities, marketing Florida as a pro-business location for new investment, enhancing Florida's ability to attract business in targeted industries and regions, and assisting, promoting, and enhancing economic opportunities in Florida's rural and urban communities; and

WHEREAS, the General Appropriations Act passed by the Florida Legislature provided a \$24.49 increase in per-pupil funding through the Florida Education Finance Program; and

WHEREAS, legislation passed by the Florida Legislature during the 2017 Regular Session would decrease appropriations to VISIT FLORIDA and Enterprise Florida, Inc.; and

WHEREAS, I have carefully reviewed the 2017 General Appropriations Act and have exercised my authority to veto and disapprove appropriations for projects that I have determined fail to provide sufficient benefits to Florida's families; and

WHEREAS, I have also chosen to veto and disapprove the portions of the 2017 General Appropriations Act related to the Florida Education Finance Program based on my determination that a more significant increase in per-pupil funding levels would better meet the needs of our public school system and Florida's families; and

WHEREAS, the appropriations I have chosen to veto are more than sufficient to provide for a meaningful increase in per-pupil funding through the Florida Education Finance Program, increased funding for VISIT FLORIDA's tourism marketing program, and the creation of a new program within the Department of Economic Opportunity to provide funding for public infrastructure projects and for workforce training grants to support programs at state colleges and state technical centers;

NOW, THEREFORE, I, Rick Scott, Governor of the State of Florida, by virtue of the power and authority vested in me by Article III, Section 3(c)(1), Florida Constitution, do hereby proclaim as follows:

Section 1.

The Legislature of the State of Florida is convened in Special Session commencing at 9:00 a.m. on June 7, 2017, and extending through 6:00 p.m., on June 9, 2017.

Section 2.

The Legislature of the State of Florida is convened for the sole and exclusive purpose of considering the following:

A. Legislation providing for an increase in per-pupil funding through the Florida Education Finance Program as compared to SB 2500 (2017); and related legislation necessary to calculate and implement appropriations through the Florida Education Finance Program.

B. Legislation providing comprehensive transparency and accountability measures for VISIT FLORIDA and Enterprise Florida, Inc.; establishing a new fund to promote economic opportunity by providing grants to state and local entities for public infrastructure and workforce training; providing increased appropriations to the Department of Economic Opportunity for VISIT FLORIDA, Enterprise Florida, Inc., and economic programs, as compared to HB 5501 (2017); and legislation related to other economic programs addressed in HB 5501 (2017).

IN TESTIMONY WHEREOF, I have hereto set my hand and caused the Great Seal of the State of Florida to be affixed to this Proclamation convening the Legislature in Special Session at the Capitol, this 2nd day of June, 2017.

## MESSAGES FROM THE GOVERNOR AND OTHER EXECUTIVE COMMUNICATIONS

### VETOED BILLS 2017 REGULAR SESSION

Secretary Kenneth W. Detzner  
Secretary of State  
Florida Department of State  
500 South Bronough Street  
Tallahassee, FL 32399

May 24, 2017

Dear Secretary Detzner:

By the authority vested in me as Governor of the State of Florida, under the provisions of Article III, Section 8, of the Constitution of Florida, I do hereby veto and transmit my objections to Committee Substitute for Committee Substitute for Senate Bill 106, enacted during the 119<sup>th</sup> Session of the Legislature of Florida, during the Regular Session of 2017 and entitled:

An act relating to vendors licensed under the beverage law...

The bill makes several changes to the alcohol and beverage laws, primarily allowing grocery stores, retailers, and certain gas stations to

sell spirits in the same space as other products. Currently, spirits must be sold in a location with a separate entrance.

Since becoming Governor in 2011, I have repealed almost 5,000 regulations to reduce unnecessary burdens on Floridians. From the day I took office, I have been committed to eliminating regulations that impose duplicative and unnecessary requirements on Florida's citizens and businesses. I carefully reviewed this bill and I have met with stakeholders on both sides. I listened closely to what they had to say and I understand that both positions have merit. Nevertheless, I have heard concerns as to how this bill could affect many small businesses across Florida. I was a small business owner and many locally owned businesses have told me how this bill will impact their families and their ability to create jobs.

For the reasons stated above, I withhold my approval of Committee Substitute for Committee Substitute for Senate Bill 106 and do hereby veto the same.

Sincerely,  
*Rick Scott*  
Governor

**The bill, together with the Governor's objections thereto, was referred to the Committee on Rules.**

Secretary of State  
Florida Department of State

June 2, 2017

Dear Secretary Detzner:

As Governor, I have the privilege of traveling our great state and hearing firsthand from Florida families on what matters most to them. Nearly every family I meet has the same three priorities: getting a great job, making sure their children receive a top-notch education in great schools and keeping their family safe. Each year I have the opportunity to work with the Florida Legislature to deliver on these priorities and this year I'm proud of the great progress we've made for the families in our state.

Last week, I was proud to sign into law a comprehensive tax cut package that continues to lessen the burden of taxes on Florida's families and businesses by cutting more than \$180 million and encouraging job growth for future generations of Floridians.

While I am vetoing the lines associated with the Florida Education Finance Program (FEFP), I am also vetoing General Revenue funds which I believe should be allocated to our students in public schools. This action can be accomplished without changing the Required Local Effort (RLE), previously authorized and agreed upon by the Florida Legislature in the budget.

Today, I have announced a special session for June 7-9, 2017 where I am calling on the Legislature to fund our schools at a higher rate. It is my goal that an additional \$215 million more is allocated to the FEFP which is a \$100 per student increase over current year funding. Our students are the future of our great state and I know President Negron and Speaker Corcoran are committed to our students, parents, and teachers, and ensuring Florida offers a world-class education at all levels.

Earlier today, I announced that I intend to veto HB 5501 relating to Enterprise Florida and VISIT FLORIDA. I believe very strongly in both of these programs and their ability to bring more jobs to Florida. Florida's tourism industry supports 1.4 million jobs and \$50.7 billion in related income for Florida's families, and generates \$24.3 billion in tax revenue to support important public programs. According to the Legislature's Office of Economic and Demographic Research, for every dollar invested in VISIT FLORIDA, Florida taxpayers see a return of \$3.20. I was deeply concerned that VISIT FLORIDA's budget was cut by over 60 percent and there was no funding from the legislature for economic incentive tools. During the special session, I am calling on the Florida Legislature to consider new legislation that funds Visit Florida

at \$76 million, which is the funding level I recommended for tourism marketing earlier this year. Additionally, I am proposing to establish the Florida Job Growth Grant Fund at \$85 million to promote public infrastructure and individual job training which will encourage more businesses to choose Florida as a destination to grow jobs. Like the Legislature, I strongly believe in transparency and accountability for any taxpayer dollars used and I believe with this new program, we can compete with other states and nations for new jobs. While I was in business, I learned that when there are differences, you figure out a solution to fix it. I believe the new Florida Job Growth Grant Fund will be a great tool we can use to grow our economy.

We have made great strides to protect our environment, and I am proud that we have invested more than \$3.6 billion to protect Florida's agricultural and natural resources. I applaud the Florida legislature for their incredible efforts this year to find solutions to protecting our lands and waterways. President Negron championed SB 10, a piece of transformational legislation regarding Lake Okeechobee. I was proud to stand with him just a few weeks ago in Palm Beach County to sign this historic bill which provides \$64 million for the planning and construction of the C-51 Reservoir and a reservoir south of Lake Okeechobee. This legislation is a game changer for our state.

Over the past year, our state was tested like never before and I have seen that Floridians are fighters. We successfully battled the Zika virus in South Florida, experienced the horrific terror attack at Pulse Nightclub in Orlando and fought to recover from the first two hurricanes we've experienced in more than a decade. I'm proud that together with the Florida Legislature, we are making critical investments to keep Florida headed in the right direction to ensure our families stay safe and healthy.

The Fighting for Florida's Future budget provides nearly \$1 million for an additional 15 epidemiologists in Florida's County Health Departments. State epidemiologists serve as one of the first lines of defense in protecting Floridians from emerging threats related to disease outbreaks like Zika.

We are also making important investments in strengthening law enforcement around our state to keep Florida families safe. Along with a robust investment of \$5.8 million and 46 positions for the Florida Department of Law Enforcement (FDLE) to strengthen counterterrorism operations, I intend to sign SB 7022 which provides much deserved pay raises to our state law enforcement and correctional officers. These brave men and women put their lives on the line every day to keep Florida's communities safe and I am proud to reward them for their life saving work.

Since December of 2010, we have fought hard every day to make Florida the best place to get a great job, receive a world-class education and raise a family. The Fighting for Florida's Future budget builds on our years of success and I look forward to seeing the significant impact these important investments have on families across our great state.

### Fighting for Florida's Future Budget Highlights

#### Fighting to Cut Taxes for Florida's Future—\$180 Million in Tax Cuts

Governor Scott is committed to reducing the burden of taxes on Florida families and ensuring taxes are cut for Florida's future generations. **The Governor signed House Bill 7109 which cuts taxes by more than \$180 million.** Florida's per capita state tax burden is the second lowest among all states at \$1,806, and Governor Scott is committed to continuing to cut every possible tax to help Florida's future generations. These tax cuts will encourage both large and small businesses to create more jobs and build opportunities for generations of Floridians.

Governor Scott's signing of House Bill 7109 cuts taxes by \$180 million and includes:

- **Decreasing the Tax on Business Rents by \$61 Million**—Florida is the only state that has a tax on commercial leases which unfairly targets small businesses. This legislation reduces the tax on commercial leases by 0.2 percent in 2018, saving Florida businesses \$61 million a year.
- **Sales Tax Holidays to Save Families \$37.9 Million**—The tax cut package includes two sales tax holidays, which will save

Florida families an estimated \$37.9 million in the upcoming fiscal year. These sales tax holiday savings include:

- o \$33.4 million from a 3-day back-to-school sales tax holiday (August 4-6, 2017).
- o \$4.5 million from a 3-day disaster preparedness sales tax holiday (June 2-4, 2017). For more information visit [www.floridarevenue.com](http://www.floridarevenue.com).
- **Exemption for Feminine Hygiene Products: \$11.2 Million**—HB 7109 creates a sales tax exemption on the purchase of feminine hygiene products.
- **Cutting Taxes for Low-Income Floridians and Florida Seniors: \$32.7 Million.**
  - o \$6.9 million by expanding the property tax exemption for Assisted Living Facilities beginning in 2017.
  - o \$25.8 million by providing a 50 percent discount in property taxes to certain multifamily, low-income housing projects.
- **Cutting Agricultural Sales Tax for Florida Farmers: \$2.6 Million**—Governor Scott is cutting \$2.6 million in sales tax for Florida farmers by signing into law an exemption for agricultural health products and products used in aquaculture. Eliminating this tax will help create additional jobs in Florida's agriculture industry.
- **Exemption for the Resale of Admissions by Tax Exempt Entities: \$3 Million**—Governor Scott is putting into effect an exemption saving Florida charities \$3 million in sales tax on the resale of admissions, which they can further invest in their core missions.
- **Sales Tax Exemption for Data Center Materials: \$2.6 Million**—Governor Scott is putting into effect a sales tax exemption for materials for data centers. This \$2.6 million tax cut will help attract high paying technology jobs to the state.
- **Sales Tax Exemption for Construction Materials in Rural Areas of Opportunity: \$1.9 Million**—An exemption for purchases of construction materials in rural areas of opportunity from the sales tax, promoting growth and jobs in small and rural counties in Florida. This is expected to save Florida businesses \$1.9 million.

### Fighting for Florida's Future Students

Governor Scott remains committed to ensuring every Florida student has the opportunity to receive a great education that leads to a successful job. To be first in the nation for jobs, Florida must have a diverse and educated workforce.

Educational Sectors	Total Funding
Florida College System	\$1.2 billion
State University System	\$4.95 billion

**K-12 School Capital Funds**—The Fighting for Florida's Future budget invests \$50 million for maintenance at K-12 public schools, \$50 million for charter schools, and \$15.5 million for the Florida School for the Deaf and Blind and public lab schools, which includes \$7.5 million for Florida State University Lab School to construct a new arts and sciences building.

**K-12 Rural School District Construction and Renovation**—The Fighting for Florida's Future budget invests \$50.8 million for five rural school districts' Special Facility Construction projects. This funding will provide new school buildings and major renovations in Taylor, Hamilton, Liberty, Dixie and Jackson counties.

**Excellence in Early Learning**—The Fighting for Florida's Future budget provides \$396.8 million for the Voluntary Pre-Kindergarten Program. The total funding in the Fighting for Florida's Future early learning budget is more than \$1 billion—an increase of \$12.9 million over last year's funding.

The budget also maintains \$15.5 million for the early learning performance funding program for child care instructors who continually provide quality education.

**School Readiness**—The Fighting for Florida’s Future budget includes an increase of \$25 million in federal funding to allow more than 4,600 additional children access to School Readiness programs. The Fighting for Florida’s Future budget includes funds for the following early learning initiatives:

- The T.E.A.C.H. Program—\$3 million for early childhood teacher scholarships.
- Performance Funding—\$15.5 million to reward child care providers and instructors for improving School Readiness program outcomes.
- Help Me Grow—\$1.9 million to connect children and families with information, resources, and developmental services to enhance health, behavior, and learning in the development of young children.
- Home Instruction Program for Preschool Youngsters (HIPPY)—\$1.4 million to deliver high quality School Readiness curriculum directly to parents so they may strengthen the cognitive and early literacy skills of at-risk children.

**Excellence in Higher Education**—Governor Scott continues to champion an affordable, accessible, high quality education that leads graduates to great jobs without incurring mountains of debt.

**The Fighting for Florida’s Future budget does not include any higher education tuition increases and provides historic total levels of funding for state universities—\$4.95 billion, an increase of \$173.5 million over last year.** A record \$520 million in performance funding will reward institutions for excellence and improvement in student success tied to keeping higher education affordable and ensuring students get high-wage jobs.

**Keeping Florida’s Higher Education Affordable**—The Fighting for Florida’s Future budget provides \$397.3 million to the Bright Futures Scholarship Program and fully covers 100 percent of tuition and fees for Bright Futures Academic Scholars (FAS) students, including summer courses. These students will also receive a \$300 book stipend during both the fall and spring semesters. This funding will help more than an estimated 94,000 Florida students, including approximately 50,000 FAS students who will now receive increased scholarship amounts.

The Fighting for Florida’s Future budget increases funding to the First—Generation Matching Grant Program to \$10.6 million, doubling the state’s match to private dollars raised. This program provides scholarship opportunities for economically disadvantaged students whose parents were unable to attend college so they can attain a higher education.

The Fighting for Florida’s Future budget provides \$14.3 million for scholarships for National Merit Scholar and National Achievement Scholar students.

The Fighting for Florida’s Future budget provides \$125.4 million to the Effective Access to Student Education grant program (formerly Florida Resident Access Grant program), and increases the award amount students receive from \$3,000 to \$3,300.

The Fighting for Florida’s Future budget provides \$500,000 to create the Florida Farmworker Student Scholarship Program. This new program will provide up to 50 higher education scholarships to children of farmworkers.

**Targeted Investments in State Universities**—Since 2011-12, total funding for Florida’s universities has increased by \$1.5 billion or 41.9 percent. This impressive increase comes while Governor Scott has held the line on tuition for four consecutive years, providing students an affordable education.

The Fighting for Florida’s Future budget provides \$50 million to state universities through the State University Professional and Graduate Degree Excellence Program to make targeted investments that enhance the quality of graduate and professional degree programs in medicine, law, and business.

The budget also provides \$70.6 million to state universities through the World Class Faculty and Scholar Program to elevate the national

competitiveness of Florida’s universities through recruitment and retention of faculty and research scholars.

**College and University Construction and Building Maintenance**—In order for Florida’s colleges and universities to continue to have world-class facilities, the Fighting for Florida’s Future budget provides \$69 million for Florida College System facilities and \$103.7 million for State University System facilities. The budget also provides \$38.1 million for maintenance and repair at state colleges and \$45.6 million for maintenance and repair at state universities.

**Industry Certifications**—\$10 million in industry certification funding for the Florida College System. Colleges will receive earn \$1,000 for each industry certification that a student earns.

### **Fighting for Florida Jobs**

Since being elected in 2010, Governor Scott’s top priority has been to ensure everyone in Florida who wants a job can get a job and the result of this unrelenting focus has been incredible. In a little over six years, Florida has created 1,355,700 private-sector jobs. April 2017 marked the 81<sup>st</sup> consecutive month of positive over-the-year job growth, and Florida’s annual job growth rate has exceeded the nation’s annual job growth rate for five consecutive years. The unemployment rate has been cut by almost 60 percent since December 2010, from 10.7 percent to 4.5 percent, and as of April 2017 was at its lowest level since September 2007. In April 2017, there were over 244,000 job openings in Florida.

### **Supporting Job Growth in Florida**

Enterprise Florida, Inc. (EFI), the state’s public-private economic development partnership, has been instrumental in bringing high-wage jobs to Florida and marketing the state as the best place to live, work, and raise a family.

The Fighting for Florida’s Future budget provides \$925.6 million for the Department of Economic Opportunity. This funding includes:

- \$281.9 million for Florida’s 24 regional CareerSource Boards;
- \$15 million for Quick Response Training;
- \$12.5 million for Space Florida;
- \$7 million for aerospace industry financing; and
- \$3.2 million for space, defense, and rural infrastructure projects.

**Investing in Florida’s Future Workforce**—Governor Scott is committed to making Florida the best state in the nation for workforce development so Florida’s economy can continue to diversify and attract more businesses. Since 2011, Governor Scott has directed investments of more than \$1.6 billion for communities to ensure the best workers are available for Florida’s job creators.

The Fighting for Florida’s Future budget provides \$281.9 million for Florida’s 24 regional CareerSource Boards responsible for providing workforce services directly linked to job seekers and businesses. This includes job placement, recruitment assistance and skills training. The Florida workforce system helped place more than 413,000 Floridians in jobs during 2016, including almost 20,000 Florida veterans.

**Quick Response Training**—The Fighting for Florida’s Future budget invests an additional \$3 million in Quick Response Training for a total of \$15 million to continue diversifying Florida’s economy. This increase will build on the program’s success by providing businesses in targeted industries, both large and small, with matching funds related to specific training activities for workers who will be moving into new jobs created in Florida.

### **Fighting for Great Transportation for Florida’s Future**

Since 2011, Governor Scott has overseen the investment of more than \$63 billion in funding for roads, bridges, airports and seaports. In fact, under Governor Scott’s leadership, Florida has increased its investment in transportation by \$4 billion, or 57 percent, over the past six years. Continued investments in Florida’s infrastructure and transportation is essential to supporting economic growth and ensuring that Florida’s more than 20.7 million residents and more than 112 million visitors are

able to move safely and efficiently throughout the state. Florida remains at the leading edge of transportation innovations and has been recognized for inventive funding solutions to enhance capacity of transportation infrastructure.

The Fighting for Florida's Future budget invests \$10.1 billion to fully fund the Department of Transportation's (FDOT) Work Program to keep Florida's transportation and infrastructure among the best in the nation. The five-year program is locally driven to ensure communities have input in what projects receive state funding and includes the following investments:

- \$4.1 billion to expand transportation capacity;
- \$648.3 million for resurfacing projects;
- \$307.8 million for scheduled bridge construction;
- \$263.5 million for aviation improvements;
- \$687.1 million for investment in transit;
- \$175.7 million for safety initiatives;
- \$89.3 million for bike and pedestrian trails; and
- \$178.2 million in investments in seaports.

#### **Fighting to Improve Seaports and Increase Trade**

Since 2011, Governor Scott has championed priority investments in Florida's 15 world-class seaports exceeding \$1.2 billion to help solidify Florida as the trade capital of the world. Port infrastructure investments support and build upon the 103 million tons of cargo worth \$49.8 billion, and the 15.2 million cruise passengers that passed through the state's ports in 2015. According to the Florida Ports Council, Florida's 15 seaports have created 200,000 new jobs across the state since 2012, and are also responsible for \$117.6 billion in economic activity; supporting nearly 900,000 jobs, \$40 billion in personal income and \$4.3 billion in state and local tax revenue.

Additionally, Florida's proximity to Latin America and the Caribbean remains critical to the state's major role in the nations' trade, accounting for 25.2 percent of all U.S. waterborne exports and 19.1 percent of all U.S. waterborne imports to and from this growing region in 2015. Improvements such as completing the deepening of the Port of Miami and planned deepening at JAXPORT are vital to Florida being able to accommodate the large cargo ships traveling through the recently widened Panama Canal.

To date, Florida's port investments have resulted in an economic value of more than \$117 billion—a \$15 billion increase since 2012. The Fighting for Florida's Future budget includes \$178.2 million investments in seaports through FDOT's Work Program to continue the state's commitment for the development and enhancement of Florida's ports.

#### **Fighting to Protect Florida's Environment for Future Generations**

Florida's diverse natural resources include world-class beaches, pristine waterways and the nation's best state parks. The Fighting for Florida's Future budget continues Governor Scott's commitment to protecting Florida's environment for future generations and invests more than **\$3.6 billion to protect Florida's agricultural and natural resources.**

**Everglades**—The Florida Everglades is one of the world's most treasured natural resources and Governor Scott has made protecting it a top priority. The Fighting for Florida's Future budget invests more than \$202 million in Everglades restoration projects, designating \$167.6 million for the Comprehensive Everglades Restoration Plan (CERP) and other related projects, and setting aside \$35 million for the Northern Everglades and Estuaries Protection Program.

Additionally, SB 10, signed by Governor Scott on May 9, 2017, provides \$64 million for the planning and construction of the C-51 Reservoir and a reservoir south of Lake Okeechobee. Under Governor Scott's leadership, Florida has invested more than \$958 million for Everglades restoration.

Under Governor Scott's leadership, an historic \$880 million water quality plan was created to protect the Everglades and more than \$2 billion has been invested in the CERP.

**Protecting Florida Springs**—The Fighting for Florida's Future budget continues Governor Scott's commitment to protect Florida's springs and once again provides \$50 million in funding for springs restoration projects. **To date, Governor Scott has provided more funding for springs restoration projects—nearly \$200 million—than any Governor in Florida's history.**

**Land Acquisition and Increased Land Management**—In addition to the approximately \$100 million the Fighting for Florida's Future budget invests in land management, the budget also invests more than \$13 million for land acquisition, including:

- o \$10 million for Rural and Family Lands;
- o \$1.2 million for land acquisition in Lake County through the United States Fish and Wildlife Service;
- o \$850,000 for land acquisition along the Homosassa River; and
- o \$1.1 million for acquisition of the Hamm Parcel in the Martin County East Ridge Reserve.

**Protecting the Florida Keys**—Governor Scott has fulfilled his promise to help the Florida Keys complete the repair of their wastewater treatment facilities. This important project helps ensure that South Florida's reefs and waters are protected for the local communities, fish and wildlife that depend on these resources. The Fighting for Florida's Future budget recognizes the importance of preserving and protecting the Florida Keys by providing \$13.3 million for additional water quality improvement projects, such as stormwater infrastructure improvements and canal restoration.

**State Park Facility Improvements**—Visitors from around the world are attracted to Florida because of its state parks and the Fighting for Florida's Future budget invests \$24.8 million for repairs and renovations to these nationally recognized facilities. This includes \$14.5 million for park repairs and enhancements across the state and \$4.8 million for facility improvements at Fakahatchee Strand and Lovers Key State Parks. The budget also includes \$5.5 million to manage the land, protect natural resources, market and improve access for state parks.

**Beach Restoration**—The Fighting for Florida's Future budget invests \$63.3 million for beach and dune restoration, nourishment and regional sediment management. This includes \$13.3 million for the state's share of needed restoration based on the latest hurricane damage assessment and \$50 million for statewide beach and dune restoration, beach nourishment and other coastal restoration projects. On January 27, 2017, under Executive Orders 16-230 and 17-16, Governor Scott announced \$15.8 million in state funds for emergency beach restoration projects in response to the damage caused by Hurricane Matthew in St. Johns, Flagler, Volusia and Brevard counties. This funding immediately addressed critically eroded beaches where imminent threats to beachfront structures, such as roadways, homes and businesses, were identified. Like Florida's state parks, Florida's beaches regularly rank as the best in the nation and are a driving force behind the state's record tourism numbers.

**Wastewater Treatment Facility Construction**—The Fighting for Florida's Future budget provides \$142.6 million for the construction of wastewater treatment and stormwater management systems, including collection and transmission sewers, reclaimed water systems, and a variety of other facilities and programs through the Clean Water State Revolving Fund.

**Drinking Water Facility Construction**—The Fighting for Florida's Future budget provides \$97.6 million for the construction of drinking water system, including treatment, storage and distribution facilities.

**Water Projects**—The Fighting for Florida's Future budget provides more than \$40 million for local water projects to assist communities in the enhancement and protection of local water resources.

**Citrus Industry**—The Florida First budget invests more than \$19 million in citrus research and programs to protect Florida's citrus industry. This investment will help growers continue to combat the ser-

ious problem of citrus greening, a bacterial disease that greatly reduces citrus production and kills citrus trees.

### **Ensuring Florida's Future Generations Are Safe**

Governor Scott's Fighting for Florida's Future budget builds on the state's 45-year low in crime by investing **\$4.9 billion in public safety** that will help ensure that Florida remains a safe place to raise a family. This includes a pay increase to support Florida's sworn law enforcement officers, a comprehensive pay plan for correctional officers that will make Florida's prisons safer, re-entry program funding that will reduce recidivism and increase funding for prevention programs targeting at-risk youth.

**Supporting Law Enforcement**—Governor Scott recognizes that the brave men and women who serve Florida as members of state law enforcement agencies work hard to make Florida a safe place to live and deserve to be rewarded for their lifesaving work. The Fighting for Florida's Future budget provides \$12.7 million to provide these men and women a **five percent pay increase**.

**Protecting Floridians and Visitors**—The Fighting for Florida's Future budget provides \$5.8 million and 46 positions for the Florida Department of Law Enforcement (FDLE) to strengthen counterterrorism operations. These funds will allow the Department to work more closely with local, state, and federal intelligence agencies on domestic security issues.

The budget also provides over \$3 million to upgrade FDLE's Sexual Offender and Predator Registry and to ensure sexual assault kits are quickly processed. These investments will improve public safety by better identifying and tracking sexual offenders.

**Continuing Investments to Improve Safety in Florida's Prisons**—Over the past two years, Governor Scott has invested more than \$104 million to help improve the Florida prison system including addressing staffing levels, ensuring vehicles are safe, and better maintaining the state's facilities. The Fighting for Florida's Future budget continues this by investing more than \$56 million in Florida's Department of Corrections (FDC). The budget provides \$43.7 million to increase the base rate of pay for correctional officers, authorizes the increase of pay to certified mental health correctional officers, and authorizes the FDC to provide a hiring bonus to correctional officers at institutions with high officer vacancy rates. This funding enhances the safety and security of Florida's correctional institutions by ensuring that these facilities are appropriately staffed. The budget also provides \$6.5 million to maintain and make critical repairs at prison facilities.

**Improving Inmate Mental Health and Medical Care**—The Fighting for Florida's Future budget provides 104 positions and \$14.4 million to fund a residential mental health unit at the Wakulla Correctional Institution. These funds will allow FDC to more effectively treat inmates with mental health disorders. The budget also provides an additional \$18 million to provide comprehensive health services to state inmates.

**Safer Communities through Reduced Recidivism**—Evidence-based re-entry programs help reduce recidivism, which means that fewer inmates return to prison. The Fighting for Florida's Future budget invests \$8.4 million in re-entry programs to further reduce Florida's recidivism rate. This includes:

- o \$3.7 million for job training and placement for current and newly-released inmates through Operation New Hope, Ready4-Work Hillsborough, Bethel Ready4Work, Reentry Alliance Pensacola, RESTORE Initiative, and the Broward County Sheriff's Inmate Portal Reentry program;>
- o \$3 million for the Continuum of Care program;
- o \$1 million for workforce education programs; and
- o \$750,000 for Home Builder's Institute vocational programs, which provides career training and building industry certification.

**Continuing to Improve Juvenile Justice**—The Fighting for Florida's Future budget provides \$5.2 million to the Department of Juvenile Justice (DJJ) for an additional 60 residential beds, which will ensure

more youth are receiving needed services. The budget also invests \$5.3 million to improve staffing and evidence-based services in its residential facilities. The Fighting for Florida's Future budget also seeks to ensure DJJ's facilities continue to be safe for youth and staff by providing \$4.2 million for maintenance and repair.

**Prevention Programs for Florida's Youth**—Effective prevention programs strengthen families and turn around the lives of troubled youth. In recognition of these benefits, the Fighting for Florida's Future budget provides additional funding to expand prevention programs for at-risk youth. Some of these investments include the following:

- o A total of \$19.6 million which includes an additional \$1.4 million to fund the PACE REACH after school program at six PACE Centers for Girls programs and an additional \$1.4 million to add a PACE Center for Girls day program in Hernando County;
- o An additional \$3 million for the AMIKids Family Centric program to incorporate family engagement into delinquency prevention and youth intervention services;
- o An investment of more than \$1 million for the About Face Program to provide summer and afterschool life preparation programs;
- o An investment of more than \$600,000 for the Forward March Program to provide job readiness services at selected Florida armories for Work and Gain Economic Self Sufficiency recipients and other qualifying young adults; and
- o An investment of more than \$1.3 million to draw down an additional \$3.6 million in federal funds for the Florida Youth Challenge Program, which is an alternative residential high school for at-risk youth at Camp Blanding.

### **Fighting for a Healthier Future**

Governor Scott's Fighting for Florida's Future budget continues his commitment to helping Florida's most vulnerable citizens by making important investments in substance abuse and mental health treatment services, the child welfare system and adoption services, and human trafficking victim support services. The Fighting for Florida's Future budget also supports Floridians with developmental disabilities, provides care for Florida's seniors and strengthens Florida's defense against infectious diseases and other mosquito borne illnesses like Zika.

Governor Scott knows that raising a family begins with ensuring good health and the Fighting for Florida's Future budget makes important investments so individuals and families have the support they need to stay healthy for years to come.

### **Investing in Floridians Behavioral Health Needs**

Governor Scott understands that every individual struggling with mental health or substance abuse is somebody's son, daughter, mother, father, sister, brother or friend. Each case leaves loved ones searching for answers and praying for help. The Fighting for Florida's Future budget invests over \$126 million through the Department of Children and Families for substance abuse and mental health treatment and continues to invest in programs to better care for those dealing with behavioral health issues.

**Opioid Crisis Grant**—This spring, Governor Scott directed the Department of Children and Families, the Department of Health, and the Florida Department of Law Enforcement to host workshops across the state to help identify additional strategies to fight rising opioid usage cases in Florida. Following the completion of these workshops, which provided significant feedback and input from impacted communities, Governor Scott signed an executive order declaring a statewide public health emergency due to the opioid epidemic.

Consistent with Governor Scott's executive order, the Fighting for Florida's Future budget provides \$27.1 million for direct treatment and services to individuals who struggle with opioid use. This funding will expand services that are currently provided and fill gaps throughout the state. DCF will continue to work closely with impacted communities to ensure funds are distributed based on where there is the greatest need for treatment. Additionally, the Fighting for Florida's Future budget

provides \$3.5 million for life-saving medication for those struggling with opioid use.

**Behavioral Health Services**—Governor Scott understands the importance of addressing the needs of those with mental illness and better aligning services to serve individuals in their own communities instead of hospitals. The Fighting for Florida's Future budget includes \$10 million to fund community-based programs. These programs provide better care coordination and comprehensive treatment to individuals and their families. This follows Executive Order 15-175, signed by the Governor in July 2015, which directed the Department of Children and Families to develop and implement best management practices based on community care coordination.

**Family Intensive Treatment Teams (FIT)**—The Fighting for Florida's Future budget invests \$10.2 million to support FIT Teams. These teams implement evidence-based practices that are family focused for treating parent's mental health and substance abuse disorders that potentially put children at risk.

**Children's Community Action Treatment (CAT)**—The Fighting for Florida's Future budget invests \$19.5 million in total funding, with an increase of \$2.25 million, to add three new additional CAT Teams. These teams provide community in-home services to severely mentally ill children and their families. These teams focus on treating Floridians in their communities rather than in institutional settings. The new teams will provide services in Charlotte, Volusia, Flagler, Leon, Gadsden and Wakulla counties.

**Florida Assertive Community Treatment (FACT)**—The Fighting for Florida's Future budget provides \$39.7 million, an increase of \$1.5 million, to expand FACT teams to Putnam and St. Johns counties. This means 39 Florida counties are served by 33 FACT teams that focus on ensuring immediate frontline services are available to adults with severe and persistent mental illness.

**Mental Health Treatment Facilities**—The Fighting for Florida's Future budget also continues to invest in Florida's state-run mental health facilities with more than \$221 million in total funding. This includes \$4.6 million for 65 additional staff for the care and treatment of those in the greatest need who reside in these facilities. This funding will also continue to ensure the safety of the residents and staff at these facilities.

### Protecting Florida's Most Vulnerable

**Fighting Human Trafficking**—Over the past two years, Governor Scott has invested more than \$8 million to fight human trafficking and to ensure survivors have the services they need. The Fighting for Florida's Future budget continues to build on these investments by providing \$7.9 million to fight human trafficking and provide rehabilitation, shelter and other services to victims. The following programs and projects that support human trafficking survivors will receive funding:

- \$500,000 for Camillus House
- \$700,000 for Devereux Advanced Behavioral Health
- \$200,000 for Porch Light
- \$2,900,000 for Place of Hope
- \$1,200,000 for Bridging Freedom Program
- \$1,140,000 for Open Doors/Voices for Florida Program
- \$1,250,000 for Selah Freedom Sex Trafficking Programs

**Community Based Care Organizations**—Governor Scott knows that caring for Florida's children is essential to ensuring a bright future for Florida and that every dollar must have a maximum return on investment. The Fighting for Florida's Future budget includes an additional \$18 million to provide services to children who depend on Florida's child welfare system.

**Supporting Adoption**—The Fighting for Florida's Future budget provides an additional \$12.5 million to encourage families to adopt and to provide post-adoptive services and support for families.

### Enhancing the Health of Floridians

**Investing in Epidemiologists**—The Fighting for Florida's Future Budget provides almost \$1 million for an additional 15 epidemiologists in Florida's County Health Departments to protect Floridians and visitors from emerging threats related to disease outbreaks like Zika. State epidemiologists serve as one of the first lines of defense in protecting individuals from mosquito borne and other illnesses.

**Investing in Cancer Research and Prevention**—The Fighting for Florida's Future budget invests \$7.7 million in new funding for cancer research, prevention, early detection and treatment.

### Improving the Lives of Florida Seniors

**Alzheimer's Disease Initiative (ADI)**—The Fighting for Florida's Future budget includes an additional \$3 million to provide respite services for approximately 249 individuals. The ADI provides caregiver respite services and support to meet the changing needs of individuals and families affected by Alzheimer's disease and similar memory disorders.

**Community Care for the Elderly (CCE)**—The Fighting for Florida's Future budget invests an additional \$4 million in Community Care for the Elderly, which will serve approximately 497 individuals who are at the greatest risk of nursing home placement. The CCE program provides community-based services organized in a continuum of care to meet the needs of functionally impaired seniors and help them live in the least restrictive environment suitable.

**Home Care for the Elderly (HCE)**—The fighting for Florida's Future budget provides an additional \$1 million to serve 274 individuals who are at risk for nursing home placement. These individuals receive assistance with medical supplies, home health services, wheelchairs and other home accessibility modifications, and additional services to help them stay in their own homes.

**Meals for the Elderly**—The Fighting for Florida's Future budget includes more than \$5.6 million to serve hot meals to Florida's most vulnerable seniors. These meals are provided in the congregate and home settings.

### Supported Employment for Floridians

**Job Placement for Individuals with Behavioral Health Needs**—Governor Scott knows that the most important step toward independent living is getting a good job. The Fighting for Florida's Future budget includes \$1 million for supportive employment services to assist individuals with behavioral health needs. This is the first time that employment services are supported by state funding at the Department of Children and Families. This funding will serve 1,650 individuals with behavioral health needs who have indicated they would like to work through employment services such as job training, coaching, employment assistance and transportation to and from work.

**Job Placement for Individuals with Developmental Disabilities**—The Fighting for Florida's Future budget includes more than \$5 million for supporting employment services for individuals with developmental disabilities. This includes enhancing an individual's employment options through job training, job placement and providing transportation.

### Serving Individuals with Developmental Disabilities

**Agency for Persons with Disabilities Wait List**—The Fighting for Florida's Future budget provides \$3.7 million to serve approximately 340 individuals on the Agency for Persons with Disabilities critical needs waitlist to help them work, learn and live in their communities.

**The Arc of Florida Dental Services**—The Fighting for Florida's Future budget supports dental services for individuals with developmental disabilities with \$3 million provided to The Arc of Florida. Funds will be used to enroll new providers and continue statewide coordinated dental services, which will improve the health of those served.

### **Fighting for Veterans Future in Florida**

As a proud Navy veteran, Governor Scott is committed to making Florida the most military and veteran-friendly state in the nation. The Governor believes that those who so bravely serve the United States should be offered every available resource to ensure they are successful and able to provide for their families. The Fighting for Florida's Future budget includes more than \$60 million in total funding to support active military, veterans and their families.

### **Supporting Military Installations and Communities**

The Fighting for Florida's Future budget invest \$6.2 million to protect Florida's military installations and communities. This includes the following:

- \$2 million for the Florida Defense Support Task Force;
- \$3.2 million for Space, Defense, and Rural Infrastructure Programs; and
- \$1 million for military and defense reinvestment grants.

The Florida Defense Support Task Force is charged with representing the state's military interests and strengthening state support for military families and veterans with an emphasis on education, healthcare, employment and family programs. In Fiscal Year 2016-17, the Task Force awarded \$765,000 to projects that help protect military installations across the state.

**Florida National Guard Missions and Security**—This Fighting for Florida's Future budget includes \$6 million to fund the renovation of the Robert F. Ensslin Armory in St. Augustine, Florida, the only remaining armory in the Florida Armory Revitalization Program. The budget also includes an additional \$2 million to continue the investments made to enhance security at National Guard Armories after Governor Scott's Executive Order following the tragic shooting in Tennessee in 2015, and \$1.7 for additional maintenance and repairs. Since the Governor has been in office, \$79.6 million has been invested in Florida's National Guard Armories. These funds have improved their ability to maintain their units, keep guardsmen and women safe, and increase readiness during any emergency.

### **Connecting Veterans with Benefits and Services**

**Expanding Crisis Support Services for Veterans Statewide**—The Fighting for Florida's Future budget includes \$400,000 to expand the Crisis Center Support Line for Veterans beyond the Tampa region. This new, statewide dedicated telephone line (1-844-MYFLVET) will connect veterans in need with local resources such as medical services, employment, housing, transportation and other services. More than 4,300 veterans in all 67 counties will benefit from this statewide expansion, an almost fivefold increase over the program's current capacity.

**Supporting Florida's Veterans in Their Communities**—The Fighting for Florida's Future budget includes funding to complete the construction of the Ardie R. Copas State Veterans Nursing Home in St. Lucie County and to complete the renovation of the Lake Baldwin Nursing Home in Orange County. This will provide nursing home care and support for more than 230 veterans.

**Building Homes for Heroes**—The Fighting for Florida's Future budget invests \$1 million for Building Homes for Heroes to build and modify homes for veterans who were severely injured while serving in Iraq and Afghanistan and their families. Building Homes for Heroes supports neighborhood economic advancement and positively impacts construction growth within 32 communities across Florida. Last year, Building Homes for Heroes built or modified 19 project homes which had a projected value exceeding \$4 million.

**Supporting Military and their Families**—The Fighting for Florida's Future budget includes \$3.1 million for tuition assistance for National Guard members seeking degrees and certifications from higher education institutions.

**K9s for Warriors Program**—The Fighting for Florida's Future budget includes \$50,000 to help acquire, screen and train dogs to become service dogs for veterans suffering from post-traumatic stress disorder, brain injury or other traumas. Funding will also cover all costs asso-

ciated with in-house training for veterans and their service dogs so veterans will pay nothing out of pocket.

### **Fighting to Keep Government Efficient for the Future**

The Fighting for Florida's Future budget continues Governor Scott's goal to ensure Florida has the most efficient state workforce in the country while investing in programs to save taxpayer dollars.

**Budget Savings**—Florida has the lowest number of state workers per capita in the country, and the Fighting for Florida's Future budget continues Governor Scott's commitment to provide Florida taxpayers with an efficiently run government. The Fighting for Florida's Future budget includes \$1.5 billion in savings and a decrease of 624 positions as a result of state agencies' continued efforts to become more efficient and save taxpayer dollars.

**First Responder Public Safety Communications**—The Fighting for Florida's Future budget includes \$2 million to provide a common radio signal for state and local public safety agencies, including law enforcement, emergency medical services, and fire and rescue officials, to assist first responders that travel outside of their radio service areas in times of disaster or emergency response.

**Dependent Verification**—The Fighting for Florida's Future budget includes \$1.2 million for one-time auditing services and continuous quality control services to determine dependent eligibility in the state employee health insurance program. This audit is estimated to save taxpayers more than \$45 million per year by reducing waste, fraud and abuse in the state health plan.

**Efficient Management of State Vehicles**—The Fighting for Florida's Future budget includes more than \$450,000 for the new, single Fleet Management system that will make Florida's state government fleet management one of the most efficient in the nation. The system will more than pay for itself within the first year after implementation through increased efficiency, and will ultimately save Florida's taxpayers millions in the years to come.

**Efficient Management of State Buildings**—The Fighting for Florida's Future budget invests \$31 million to address the needs of state owned buildings within the Florida Facilities Pool, including funding for maintenance and repair, life safety issues, ADA compliance, and capital projects.

By the authority vested in me as Governor of Florida, under the provisions of Article III, Section 8, of the Constitution of Florida, I do hereby withhold my approval of portions of Senate Bill 2500, enacted during the 49th Session of the Legislature convened under the Constitution of 1968, and entitled:

An act making appropriations; providing monies for the annual period beginning July 1, 2017, and ending June 30, 2018, and supplemental appropriations for the period ending June 30, 2017, to pay salaries and other expenses, capital outlay—buildings, and other improvements, and for other specified purposes of the various agencies of state government; providing an effective date.

For these reasons, and for those which follow, I do hereby withhold my approval of the following line items in the Fiscal Year 2017-18 General Appropriations Act:

---

### **SECTION 1 — EDUCATION ENHANCEMENT**

---

**The following are vetoed because the amount of funding included in the Florida Education Finance Program should be higher in order to educate and prepare Florida's 2.8 million public kindergarten through grade 12 students for college and career.**

Funds provided in Specific Appropriations 7 and 91 for the supplemental allocation for juvenile justice education programs shall be allocated pursuant to the formula provided in section 1011.62(10), Florida Statutes. The allocation factor shall be \$1,240.91.

From the funds provided in Specific Appropriations 7 and 91, juvenile justice education programs shall receive funds as provided in section 1003.52(13), Florida Statutes. Up to \$341 per student may be used for high school equivalency examination fees for juvenile justice students who pass the high school equivalency exam in full, or in part, while in a juvenile justice education program and may be used for students in juvenile justice education programs to support equipment, specially designed curricula, and industry credentialing testing fees, for students enrolled in career and technical education (CTE) courses that lead to industry recognized certifications.

The Department of Education shall work with the Washington County school district and the Okeechobee County school district to determine, pursuant to section 1003.52(3), Florida Statutes, which district shall be the educational service provider for the full-time equivalent (FTE) students currently associated with Washington Special. Effective with the October 2017 FTE Survey, the FTE associated with Washington Special in the Florida Education Finance Program (FEFP) will be reported by either the Washington County school district or the Okeechobee County school district. The FTE changes required shall be incorporated into the 2017-2018 third

FEFP Calculation as determined by the FEFP Allocation Conference.

The district cost differential (DCD) for each district shall be calculated pursuant to the provisions of section 1011.62(2), Florida Statutes.

From the funds provided in Specific Appropriations 7 and 91, \$52,800,000 is provided for the Sparsity Supplement as defined in section 1011.62(7), Florida Statutes, for school districts of 24,000 and fewer FTE in the 2017-2018 fiscal year.

Total Required Local Effort for Fiscal Year 2017-2018 shall be \$7,605,379,015. The total amount shall include adjustments made for the calculation required in section 1011.62(4)(a) through (c), Florida Statutes.

The maximum nonvoted discretionary millage which may be levied pursuant to the provisions of section 1011.71(1), Florida Statutes, by district school boards in Fiscal Year 2017-2018 shall be 0.748 mills. This millage shall be used to calculate the discretionary millage compression supplement as provided in section 1011.62(5), Florida Statutes. To be eligible for the supplement, a district must levy the maximum.

Funds provided in Specific Appropriations 7 and 91 are based upon program cost factors for Fiscal Year 2017-2018 as follows:

- 1. Basic Programs
  - A. K-3 Basic . . . . . 1.107
  - B. 4-8 Basic . . . . . 1.000
  - C. 9-12 Basic. . . . . 1.001
- 2. Programs for Exceptional Students
  - A. Support Level 4 . . . . . 3.619
  - B. Support Level 5 . . . . . 5.526
- 3. English for Speakers of Other Languages . . . . . 1.212
- 4. Programs for Grades 9-12 Career Education . . . . . 1.001

From the funds in Specific Appropriations 7 and 91, \$1,060,770,374 is provided to school districts as an Exceptional Student Education (ESE) Guaranteed Allocation as authorized by law to provide educational programs and services for exceptional students. The ESE Guaranteed Allocation funds are provided in addition to the funds for each exceptional student in the per FTE student calculation. School districts that provided educational services in the 2016-2017 fiscal year for exceptional students who are residents of other districts shall not discontinue providing such services without the prior approval of the Department of Education. Expenditure requirements for the ESE Guaranteed Allocation shall be as prescribed in section 1010.20(3), Florida Statutes, for programs for exceptional students.

From the funds provided in Specific Appropriations 7 and 91, the value of 43.35 weighted FTE students is provided to supplement the funding for severely handicapped students served in ESE programs 254 and 255 when a school district has less than 10,000 FTE student enrollment and less than three FTE eligible students per program. The Commissioner of Education shall allocate the value of the supplemental FTE based on documented evidence of the difference in the cost of the service and the amount of funds received in the district's FEFP allocations for the students being served. The supplemental value shall not exceed three FTE.

The Declining Enrollment Supplement shall be calculated based on 25 percent of the decline between the prior year and current year unweighted FTE students pursuant to section 1011.62(8), Florida Statutes.

From the funds in Specific Appropriations 7 and 91, \$64,456,019 is provided for Safe Schools activities and shall be allocated as follows: \$62,660 shall be distributed to each district, and the remaining balance shall be allocated as follows: two-thirds based on the latest official Florida Crime Index provided by the Department of Law Enforcement and one-third based on each district's share of the state's total unweighted student enrollment. Safe schools funds

are to be used by school districts in their compliance with sections 1006.07-1006.148, Florida Statutes, with priority given to establishing a school resource officer program pursuant to section 1006.12, Florida Statutes.

From the funds in Specific Appropriations 7 and 91, \$712,207,631 is for Supplemental Academic Instruction to be provided throughout the school year pursuant to section 1011.62(1)(f), Florida Statutes. From these funds, at least \$75,000,000, together with funds provided in the district's research-based reading instruction allocation and other available funds, shall be used by districts with one or more of the 300 lowest performing elementary schools based on the statewide, standardized English Language Arts assessment to provide an additional hour of instruction beyond the normal school day for each day of the entire school year for intensive reading instruction for the students in each of these schools. This additional instruction must be provided by teachers or reading specialists who are effective in teaching reading, or by a K-5 mentoring reading program that is supervised by a teacher who is effective at teaching reading. Students enrolled in these schools who have level 5 reading assessment scores may choose to participate in the program on an optional basis. ESE centers shall not be included in the 300 schools.

The Department of Education shall provide guidance to school districts for documentation of the expenditures for this additional instruction to ensure that all local, state, and federal funds are maximized for the total instructional program and that the funds used in these schools do not supplant federal funds. School districts shall submit a report to the Department of Education in a format prepared by the department that includes summary information, including funding sources, expenditures and student outcomes for each of the participating schools that shall be submitted to the Speaker of the House of Representatives, President of the Senate, and Governor by September 30, 2017. Pursuant to section 1008.32, Florida Statutes, the State Board of Education shall withhold funds from a school district that fails to comply with this requirement.

The funds provided for the Supplemental Academic Instruction allocation shall consist of a base amount that shall have a workload adjustment based on changes in FTE. In addition, an additional amount is provided for districts with schools on the list of the 300 lowest-performing elementary schools. District allocations from these additional funds shall be based on each district's level of per student funding in the reading instruction allocation and the supplemental academic instruction categorical fund, and on the total FTE for each of the schools. The categorical funding shall be recalculated during the fiscal year following an updated designation of the 300 lowest-performing elementary schools and shall be based on actual student membership from the FTE surveys. If the recalculated total allocation is greater than the amount provided in the General Appropriations Act, the allocation shall be prorated to the level of the appropriation, based on each district's share of the total.

From the funds in Specific Appropriations 7 and 91, \$130,000,000 is provided for a K-12 comprehensive, district-wide system of research-based reading instruction. The amount of \$115,000 shall be allocated to each district and the remaining balance shall be allocated based on each district's proportion of the total K-12 base funding. From these funds, at least \$15,000,000 shall be used to provide an additional hour of intensive reading instruction beyond the normal school day for each day of the entire school year for the students in the 300 lowest performing elementary schools based on the statewide, standardized English Language Arts assessment pursuant to sections 1008.22(3) and 1011.62(9), Florida Statutes. This additional instruction must be provided by teachers or reading specialists who are effective in teaching reading. Students enrolled in these schools who have level 5 reading assessment scores may choose to participate in the program on an optional basis. ESE centers shall not be included in the 300 schools. Pursuant to section 1008.32, Florida Statutes, the State Board of Education shall withhold funds from a school district that fails to comply with this requirement.

From the funds provided in Specific Appropriations 7 and 91, \$230,743,258 is provided for Instructional Materials including 12,184,490 for Library Media Materials, \$3,330,427 for the pur-

chase of science lab materials and supplies, \$10,329,494 for dual enrollment instructional materials, and \$3,114,988 for the purchase of digital instructional materials for students with disabilities. The growth allocation per FTE shall be \$303.69 for the 2017-2018 fiscal year. School districts shall pay for instructional materials used for the instruction of public high school students who are earning credit toward high school graduation under the dual enrollment program as provided in section 1011.62(1)(i), Florida Statutes.

From the funds provided for Instructional Materials, \$165,000,000 shall be available to school districts to purchase instructional content, as well as electronic devices and technology equipment, and infrastructure. The purchases made in the 2017-2018 fiscal year must comply with the minimum or recommended requirements for instructional content, hardware, software, networking, security and bandwidth, and the number of students per device as developed and published by the Department of Education. Prior to release of the funds by the department to the school districts, each school district shall certify to the Commissioner of Education an expenditure plan for the purchase of instructional content and technology. If the district intends to use any portion of the funds for technology, the district must certify that it has the instructional content necessary to provide instruction aligned to the adopted statewide benchmarks and standards. If the district intends to use the funds for technology the district must include an expenditure plan for the purchase of electronic devices and technology equipment, and infrastructure that demonstrates the alignment of devices and equipment with the minimum or recommended requirements. The department shall provide a report to the Legislature on or before March 1, 2018, that summarizes the district expenditures for these funds.

From funds provided in Specific Appropriations 7 and 91, \$438,875,286 is provided for Student Transportation as provided in section 1011.68, Florida Statutes.

From funds provided in Specific Appropriations 7 and 91, \$45,286,750 is provided for the Teachers Classroom Supply Assistance Program and shall be given to teachers pursuant to section 1012.71, Florida Statutes. The allocation shall not be recalculated during the school year.

From the funds provided in Specific Appropriation 7 and 91, \$12,805,373 is provided for a Federally Connected Student Supplement to be calculated to support the education of students connected with federally-owned military installations, National Aeronautics and Space Administration (NASA) property, and Indian lands pursuant to section 1011.62(13), Florida Statutes. The supplement shall be the sum of a student allocation and an exempt property allocation. To participate, districts must be eligible for federal Impact Aid funding under Section 8003, Title VIII of the Elementary and Secondary Education Act of 1965. The amount allocated for each eligible school district shall be recalculated during the year, using actual student membership, as amended, from the most recent February survey and the tax-exempt valuation from the most recent assessment roll. Upon recalculation, if the total allocation is greater than the amount provided in the General Appropriations Act, it must be prorated to the level of the appropriation based on each district's share of the total recalculated amount.

Funds provided in Specific Appropriations 7 and 91 for the Virtual Education Contribution shall be allocated pursuant to the formula provided in section 1011.62(11), Florida Statutes. The contribution shall be based on \$5,230 per FTE.

Districts may charge a fee for grades K-12 voluntary, non-credit summer school enrollment in basic program courses. The amount of any student's fee shall be based on the student's ability to pay and the student's financial need as determined by district school board policy.

From the funds in Specific Appropriations 7 and 91, \$80,000,000 is provided for the Digital Classrooms allocation as provided in section 1011.62(12), Florida Statutes. The minimum amount to be allocated to each district is \$500,000. Twenty percent of the funds provided may be used for professional development, including in-

state conference attendance or online coursework, to enhance the use of technology for digital instructional strategies."

GRANTS AND AIDS - CLASS SIZE REDUCTION  
FROM GENERAL REVENUE FUND . . . . . 2,907,797,252  
FROM STATE SCHOOL TRUST FUND . . . . . 86,161,098

Funds in Specific Appropriations 8 and 92 are provided to implement the requirements of sections 1003.03 and 1011.685, Florida Statutes. The class size reduction allocation factor for grades pre-kindergarten to grade 3 shall be \$1,317.03, for grades 4 to 8 shall be \$898.36, and for grades 9 to 12 shall be \$900.53. The class size reduction allocation shall be recalculated based on enrollment through the October 2017 FTE survey except as provided in section 1003.03(4), Florida Statutes. If the total class size reduction allocation is greater than the appropriation in Specific Appropriations 8 and 92, funds shall be prorated to the level of the appropriation based on each district's calculated amount. The Commissioner of Education may withhold disbursement of these funds until a district is in compliance with reporting information required for class size reduction implementation."

**The following proviso sections are vetoed because they pertain to the above vetoed projects.**

"Funds in Specific Appropriation 108 for Advancement Via Individual Determination (AVID) shall be used to implement a program to reward success of students in need of assistance to become college ready and enrolled in the AVID elective class who performed in rigorous coursework during the 2016-2017 school year. School districts shall report student enrollments from the 2016-2017 school year in the AVID elective during the October student membership survey. Each school district shall be rewarded \$325 per full-time equivalent student enrolled in the AVID elective who also receives a score of 4 or higher on an International Baccalaureate subject examination; score of E or higher on an Advanced International Certificate of Education subject examination; score of 3 or higher on the College Board Advanced Placement Examination; or, for students in grades 6-8, receives a passing score on the algebra end of course examination. Each school district shall allocate the funds

received from this bonus award funding to the school whose students generate the funds. Funds shall be expended solely for the payment of costs associated with the school's AVID system which include annual membership fees; professional development and training for program coordinators, teachers, and tutors; and compensation for tutors. Funds shall be awarded to the school districts no later than January 1, 2018. If the total bonus amount is greater than the funds provided in this appropriation, then each district's amount shall be prorated based on the number of students who earned qualifying scores in each district."

"From the funds in Specific Appropriation 108 for the Early Childhood Music Education Incentive Pilot Program, \$150,000 shall be provided for the Commissioner to coordinate a comprehensive music education pilot program for students in kindergarten through grade 2 in three selected, eligible elementary schools. For a school to be eligible for participation, it must meet the following criteria at a minimum: 1) all students in kindergarten through grade 2 must participate in a comprehensive music education program; 2) program staff must be certified in music education; 3) each student must receive at least 30 consecutive minutes of music instruction two days per week; 4) program classes must be no greater than 18 students; and 5) the instruction shall meet the state standards for early childhood music education. The Commissioner may establish additional criteria that would enhance the quality of the program and shall select the three schools for participation based on these criteria. Each selected school shall receive an award of up to \$150 per student. From the remaining \$100,000 provided, the Commissioner shall contract with a preeminent state research university to evaluate the effectiveness of the program through quantitative and qualitative analysis and provide a summary of findings and recommendations to the Commissioner and the State Board of Education by June 30, 2018."

The following is vetoed because there was not a clear statewide return on investment and requests for ROI reporting on previous state funds were not fulfilled.

Specific Appropriation 1484 Page 228

“From the funds in Specific Appropriation 1484, \$250,000 in non-recurring funds from the General Revenue Fund is provided for removal and destruction of infested avocado trees that are acting as hosts and breeding factories for pests and disease (Senate Form 1849).”

One of Florida’s most important resources is water. The Department of Environmental Protection and the state’s five water management districts provide funding to protect the quality and quantity of Florida’s water supply. These agencies work to ensure that Floridians’ tax dollars are spent in a manner that will provide a demonstrable improvement statewide through an open and public process. While some water projects may also contribute to a statewide objective, not all projects demonstrate an ability to clearly contribute to a statewide investment. The following projects are vetoed because they did not provide a clear return for the investment.

Specific Appropriation 1606A Pages 242 through 244

Page 245

“1613A GRANTS AND AIDS TO LOCAL GOVERNMENTS AND NONSTATE ENTITIES - FIXED CAPITAL OUTLAY MIAMI RIVER COMMISSION - MIAMI RIVER ENVIRONMENTAL RIVER RESTORATION FROM GENERAL REVENUE FUND. . . . . 150,000

From the funds in Specific Appropriation 1613A, \$150,000 in non-recurring funds from the General Revenue Fund is provided for funding for an appropriations project related to HB 4367, Miami River Restoration.”

**The following proviso is vetoed because the project has previously received funding in Fiscal Year 2015-16 and Fiscal Year 2016-17, the majority of which has not been utilized.**

Specific Appropriation 1614  
Page 245

“From the funds in Specific Appropriation 1614, \$2,000,000 is provided to publicly owned utilities to remove sand and grit from wastewater treatment plants with daily flow less than 3 MGD that must remain in operation during cleaning to avoid the discharge of untreated wastewater. The department shall coordinate the selection and administration of projects. Funds shall be distributed on a first-come, first-serve basis and require a local match of at least 50 percent, with the exception that the local match shall be waived by the department if: 1) the public utility is located in a Rural Area of Opportunity pursuant to section 288.0656, Florida Statutes; 2) the public utility is located in a county that has a poverty level equal to or greater than 20 percent as defined by the most recent federal census; or, 3) the public utility is located in and wholly serves a municipality that has a poverty level equal to or greater than 25 percent as qualified by the municipality and such qualification is accepted by the department (HB 3983).”

**The following is vetoed because the projects were not requested through the Department of Environmental Protection’s local park improvement program, and components of this project are also eligible for other state funding programs, such as the Florida Boating Improvement Program through the Florida Fish and Wildlife Conservation Commission.**

Specific Appropriation 1700A  
Page 253

“Historic Spring Park Public Access St. Johns River (HB 4319) . . . . . 600,000”

**The following is vetoed because the Robinson Preserve has previously received funding from state programs for similar conservation activities through dedicated programs, and is more appropriately funded through these existing federal, local, and state programs.**

Specific Appropriation 1812A  
Page 264

“1812A GRANTS AND AIDS TO LOCAL GOVERNMENTS AND NONSTATE ENTITIES - FIXED CAPITAL OUTLAY GRANT AND AIDS - MANATEE COUNTY ROBINSON PRESERVE HABITAT RESTORATION FROM GENERAL REVENUE FUND. . . . . 600,000

From the funds in Specific Appropriation 1812A, \$600,000 in non-recurring funds from the General Revenue Fund is provided for the Robinson Preserve Habitat Restoration in Manatee County (Senate Form 2153).”

**The following is vetoed because the county has not provided a local match amount for restoration activities.**

Specific Appropriation 1812B  
Page 264

“1812B GRANTS AND AIDS TO LOCAL GOVERNMENTS AND NONSTATE ENTITIES - FIXED CAPITAL OUTLAY GRANTS AND AIDS - ORPHAN VESSEL GROUNDING RESTORATION FROM GENERAL REVENUE FUND. . . . . 604,735

From the funds in Specific Appropriation 1812B, \$604,735 in non-recurring funds from the General Revenue Fund is provided for the Orphan Vessel Grounding Restoration in Pinellas County (HB 3141).”

EXECUTIVE OFFICE OF THE GOVERNOR

TALLAHASSEE

TO THE HONORABLE MEMBERS OF THE FLORIDA SENATE AND HOUSE OF REPRESENTATIVES

WHEREAS, on November 8, 2016, 71% of the voters in the General Election approved the adoption of Amendment 2, an amendment to Florida’s Constitution addressing the production, possession, and use of medical marijuana; and

WHEREAS, Amendment 2 took effect on January 3, 2017, and has been codified as Article X, section 29, of the Florida Constitution; and

WHEREAS, Article X, section 29(e), of the Florida Constitution acknowledges the authority of the Florida Legislature to enact implementing laws consistent with the amendment; and

WHEREAS, the 2017 Regular Session of the Legislature adjourned without adopting legislation to implement Article X, section 29, of the Florida Constitution; and

WHEREAS, it is in the best interests of the people of the State of Florida that the Legislature enact legislation implementing the amendment approved by the voters regarding the production, possession, and use of medical marijuana; and

WHEREAS, I have called a Special Session commencing at 9:00 a.m. on June 7, 2017, and extending through 6:00 p.m. on June 9, 2017; and

WHEREAS, it is prudent to expand the call for this Special Session;

NOW, THEREFORE, I, Rick Scott, Governor of the State of Florida, by virtue of the power and authority vested in me by Article III, Section 3(c)(1), Florida Constitution, do hereby proclaim as follows:

The call to the Legislature of the State of Florida is expanded for the sole purpose of considering the following:

Legislation relating to the medical use of marijuana

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Florida to be affixed to this Proclamation expanding the call to the Legislature in Special Session at the Capitol, this 7th day of June, 2017.

*Rick Scott*  
GOVERNOR

ATTEST:

*Ken Detzner*  
SECRETARY OF STATE

**POINT OF INQUIRY**

Senator Bradley inquired of Rules Chair Benacquisto if **SB 6-A** and **SB 8-A** were within the call as a result of the Governor’s expanded proclamation. Rules Chair Benacquisto confirmed to Senator Bradley and the Senate body that **SB 6-A** and **SB 8-A** were considered within the call resulting from the Governor’s expanded proclamation.

**MOTION**

On motion by Senator Benacquisto, the rules were waived and time of adjournment was extended until 7:30 p.m.

## PRAYER

The following prayer was offered by Senator Baxley:

Father God, we pray for humility as we try to complete our mission here. We humble ourselves before you, before we conduct this session, to appeal to you for your wisdom that we will know when to speak and when to be quiet; that we will be able to humble ourselves and separate our personal objectives and the different things we believe. Help us to find that place of humility where we can reach the conclusion and completion of our work together, at least at this stage.

We ask you to provide our leaders that wisdom, and provide each of us the wisdom of how to move in these closing days of special session. Without that wisdom, we know we are hopeless to find the answers. With you, all things are possible.

We seek that now. May there be less of me and more of thee. In your precious name we pray. Amen.

## PLEDGE

Senator Book led the Senate in the Pledge of Allegiance to the flag of the United States of America.

**SB 2500-A**—A bill to be entitled An act making appropriations; providing moneys for the annual period beginning July 1, 2017, and ending June 30, 2018, to fund the Florida Education Finance Program; providing an effective date.

—was read the second time by title.

The Committee on Appropriations recommended the following amendment which was moved by Senator Latvala:

**Amendment 1 (713918) (with title amendment)**—Delete everything after the enacting clause and insert:

Section 1. (1) *For the 2017-2018 fiscal year, the recurring sum of \$66,058,009 from the General Revenue Fund and the nonrecurring sum of \$149,074,378 from the General Revenue Fund are appropriated to the Department of Education in the Aid to Local Governments Grants and Aids – Florida Educational Finance Program category as a supplement to funds provided for the Florida Education Finance Program in Specific Appropriation 91 of chapter 2017-70, Laws of Florida.*

(2) *From the funds provided in subsection (1), the base student allocation shall increase by \$70.31 and the Federally Connected Student Supplement shall increase by \$78,498.*

(3) *The Total Required Local Effort designated in Specific Appropriation 91 of chapter 2017-70, Laws of Florida, shall decrease by \$1,529,002.*

Section 2. This act shall take effect July 1, 2017; or, if this act fails to become a law until after that date, it shall take effect upon becoming a law and shall operate retroactively to July 1, 2017.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to supplemental appropriations; providing moneys for the annual period beginning July 1, 2017, and ending June 30, 2018, to fund the Florida Education Finance Program; providing effective dates.

Pursuant to Rule 7.1(1), there being no objection, consideration of the following late-filed amendments was allowed:

Senator Farmer moved the following amendments to **Amendment 1 (713918)** which failed:

**Amendment 1A (754854) (with title amendment)**—Between lines 18 and 19 insert:

Section 2. (1) *For the 2017-2018 fiscal year, the nonrecurring sum of \$60 million from the State Economic Enhancement and Development Trust Fund is appropriated to the Department of Economic Opportunity to administer contracts approved by the Governor for the Florida Job Growth Grant Fund created by SB 2502-A.*

(2) *For the 2017-2018 fiscal year, the nonrecurring sum of \$25 million from the State Transportation Trust Fund is appropriated to the Department of Transportation to contract with the Department of Economic Opportunity to provide for transportation infrastructure for contracts approved by the Governor for the Florida Job Growth Grant Fund created by SB 2502-A.*

(3) *The Executive Office of the Governor is authorized to process one or more budget amendments pursuant to s. 216.181 (12), Florida Statutes, in a total amount not to exceed \$40 million to provide for the nonoperating transfer of funds from the State Transportation Trust Fund to the State Economic Enhancement and Development Trust Fund to support expenditures for the Florida Job Growth Grant Fund.*

(4) *State funds other than those appropriated in this section may not be expended on the Florida Job Growth Grant Fund.*

Section 3. *For the 2017-2018 fiscal year, the recurring sum of \$9.4 million from the State Economic Enhancement and Development Trust Fund and the recurring sum of \$6.6 million from the Florida International Trade and Promotion Trust Fund are appropriated to the Department of Economic Opportunity to contract with Enterprise Florida, Inc., for operational purposes and to maintain its offices but excluding expenditures on any incentive tools or programs unless explicitly authorized by this act. From the funds appropriated from the Florida International Trade and Promotion Trust Fund, Enterprise Florida, Inc., shall allocate \$3.55 million for international programs, \$2.05 million to maintain Florida's international offices, and \$1 million to continue the Florida Export Diversification and Expansion Programs.*

Section 4. *For the 2017-2018 fiscal year, the recurring sum of \$26 million and the nonrecurring sum of \$26 million from the State Economic Enhancement and Development Trust Fund and the recurring sum of \$24 million from the Tourism Promotional Trust Fund are appropriated to the Department of Economic Opportunity to contract with the Florida Tourism Industry Marketing Corporation.*

And the title is amended as follows:

Delete line 32 and insert: Education Finance Program; providing appropriations to the Department of Economic Opportunity and the Department of Transportation for administration of the Florida Job Growth Grant Fund; authorizing the Executive Office of the Governor to process budget amendments to support expenditures for the Florida Job Growth Grant Fund; restricting the use of other state funds towards the grant fund; providing appropriations to the Department of Economic Opportunity to contract with Enterprise Florida, Inc., and the Florida Tourism Industry Marketing Corporation, respectively; providing effective dates.

Section 1. (1) *For the 2017-2018 fiscal year, the recurring sum of \$440,015,734 from the General Revenue Fund and the nonrecurring sum of \$49,081,005 from the General Revenue Fund are appropriated to the Department of Education in the Aid to Local Governments Grants and Aids - Florida Educational Finance Program category as a supplement to funds provided for the Florida Education Finance Program in Specific Appropriation 91 of chapter 2017-70, Laws of Florida.*

(2) *From the funds provided in subsection (1), the base student allocation shall increase by \$127.60 and the Federally Connected Student Supplement shall increase by \$154,341.*

(3) *The Total Required Local Effort designated in Specific Appropriation 91 of chapter 2017-70, Laws of Florida, shall decrease by \$1,316,805.*

(4) *From the funds provided in subsection (1), \$100,000,000 is provided for intensive interventions and supports to schools that have earned three consecutive grades lower than a "C," pursuant to s. 1008.34, Florida Statutes.*

(a) *These funds shall be used to:*

1. *Implement an extended school day or school year program that may consist of any combination of extended regular school day, evening, weekend, or summer school instruction that provides an additional 240 hours of additional learning time;*

2. *Provide wrap-around services that include, but are not limited to, tutorial and after-school programs, student counseling, nutrition education, health services, parental counseling, drug-prevention programs, college and career readiness, food and clothing banks, and adult education; or*

3. *Implement other evidence-based interventions or models that develop a school culture of attending college, high academic expectations, increased parent engagement, and character development.*

(b) *Each school district receiving these funds must develop and submit to the Department of Education a school-based implementation plan that specifically delineates:*

1. *How the funds will be used to transform the whole school to improve student success;*

2. *The current baseline standards of student academic achievement, the outcomes to be achieved, and the method of measurement that will be used;*

3. *Activities to increase parental involvement and engagement in the child's education;*

4. *How the school district will identify, recruit, retain, and reward instructional and school administrative personnel; and*

5. *The provision of professional development that focuses on academic rigor, direct instruction, and creating high academic and character standards.*

(5) *The funds provided in this section shall be allocated proportionately based on the FTE for eligible schools.*

(6) *This section expires July 1, 2018.*

Section 2. Section 71 of Committee Substitute for House Bill 7069, First Engrossed, enacted in the 2017 Regular Session, is amended to read:

Section 71. For the 2017-2018 fiscal year, \$40 million ~~\$413,950,000~~ in recurring funds from the General Revenue Fund and \$5 million in nonrecurring funds from the General Revenue Fund are appropriated to the Department of Education to implement this act. **Amendment 1D (952044) (with title amendment)**—Between lines 18 and 19 insert:

Section 2. *For the 2017-2018 fiscal year, \$30 million in recurring funds from the General Revenue Fund is appropriated to the Department of Education for the Gardiner Scholarship Program established under s. 1002.385, Florida Statutes.*

And the title is amended as follows:

The question recurred on **Amendment 1 (713918)** which was adopted.

Pursuant to Rule 4.19, **SB 2500-A**, as amended, was ordered engrossed and then placed on the calendar of Bills on Third Reading.

On motion by Senator Latvala—

**SB 2502-A**—A bill to be entitled An act implementing SB 2500-A, an act making appropriations to fund the Florida Education Finance Program for the 2017-2018 fiscal year; providing legislative intent; incorporating by reference certain calculations of the Florida Education Finance Program; providing that funds for instructional materials must be released and expended as required in specified proviso language; providing effective dates.

—was read the second time by title.

The Committee on Appropriations recommended the following amendment which was offered by Senator Simmons, moved by Senator Latvala, and adopted:

**Amendment 1 (930208) (with title amendment)**—Delete every-thing after the enacting clause and insert:

Section 1. Paragraph (c) of subsection (5) of section 24.121, Florida Statutes, is amended to read:

24.121 Allocation of revenues and expenditure of funds for public education.—

(5)

(c) A portion of such net revenues, as determined annually by the Legislature, shall be distributed to each school district and shall be made available to each public school in the district for enhancing school performance through development and implementation of a school improvement plan pursuant to s. 1001.42(18). A portion of these moneys, as determined annually in the General Appropriations Act or in any law providing funding for the Florida Education Finance Program for the 2017-2018 fiscal year, must be allocated to each school in an equal amount for each student enrolled. These moneys may be expended only

on programs or projects selected by the school advisory council or by a parent advisory committee created pursuant to this paragraph. If a school does not have a school advisory council, the district advisory council must appoint a parent advisory committee composed of parents of students enrolled in that school, which is representative of the ethnic, racial, and economic community served by the school, to advise the school's principal on the programs or projects to be funded. Neither school district staff nor principals may override the recommendations of the school advisory council or the parent advisory committee. These moneys may not be used for capital improvements or for any project or program that has a duration of more than 1 year; however, a school advisory council or parent advisory committee may independently determine that a program or project formerly funded under this paragraph should receive funds in a subsequent year.

Section 2. Upon the expiration and reversion of the amendments to section 1011.62, Florida Statutes, pursuant to section 23 of chapter 2016-62, Laws of Florida, section 1011.62, Florida Statutes, is amended to read:

1011.62 Funds for operation of schools.—If the annual allocation from the Florida Education Finance Program to each district for operation of schools is not determined in the annual appropriations act or the substantive bill implementing the annual appropriations act or in any law providing funding for the Florida Education Finance Program for the 2017-2018 fiscal year, it shall be determined as follows:

(1) COMPUTATION OF THE BASIC AMOUNT TO BE INCLUDED FOR OPERATION.—The following procedure shall be followed in determining the annual allocation to each district for operation:

(a) Determination of full-time equivalent membership.—During each of several school weeks, including scheduled intersessions of a year-round school program during the fiscal year, a program membership survey of each school shall be made by each district by aggregating the full-time equivalent student membership of each program by school and by district. The department shall establish the number and interval of membership calculations, except that for basic and special programs such calculations shall not exceed nine for any fiscal year. The district's full-time equivalent membership shall be computed and currently maintained in accordance with regulations of the commissioner.

(b) Determination of base student allocation.—The base student allocation for the Florida Education Finance Program for kindergarten through grade 12 shall be determined annually by the Legislature and shall be that amount prescribed in the current year's General Appropriations Act or in any law providing funding for the Florida Education Finance Program for the 2017-2018 fiscal year.

(c) Determination of programs.—Cost factors based on desired relative cost differences between the following programs shall be established in the annual General Appropriations Act or in any law providing funding for the Florida Education Finance Program for the 2017-2018 fiscal year. The cost factor for secondary career education programs and basic programs grade 9 through 12 shall be equal. The Commissioner of Education shall specify a matrix of services and intensity levels to be used by districts in the determination of the two weighted cost factors for exceptional students with the highest levels of need. For these students, the funding support level shall fund the exceptional students' education program, with the exception of extended school year services for students with disabilities.

1. Basic programs.—
  - a. Kindergarten and grades 1, 2, and 3.
  - b. Grades 4, 5, 6, 7, and 8.
  - c. Grades 9, 10, 11, and 12.
2. Programs for exceptional students.—
  - a. Support Level IV.
  - b. Support Level V.
3. Secondary career education programs.

## 4. English for Speakers of Other Languages.

## (d) Annual allocation calculation.—

1. The Department of Education is authorized and directed to review all district programs and enrollment projections and calculate a maximum total weighted full-time equivalent student enrollment for each district for the K-12 FEFP.

2. Maximum enrollments calculated by the department shall be derived from enrollment estimates used by the Legislature to calculate the FEFP. If two or more districts enter into an agreement under the provisions of s. 1001.42(4)(d), after the final enrollment estimate is agreed upon, the amount of FTE specified in the agreement, not to exceed the estimate for the specific program as identified in paragraph (c), may be transferred from the participating districts to the district providing the program.

3. As part of its calculation of each district's maximum total weighted full-time equivalent student enrollment, the department shall establish separate enrollment ceilings for each of two program groups. Group 1 shall be composed of basic programs for grades K-3, grades 4-8, and grades 9-12. Group 2 shall be composed of students in exceptional student education programs support levels IV and V, English for Speakers of Other Languages programs, and all career programs in grades 9-12.

a. For any calculation of the FEFP, the enrollment ceiling for group 1 shall be calculated by multiplying the actual enrollment for each program in the program group by its appropriate program weight.

b. The weighted enrollment ceiling for group 2 programs shall be calculated by multiplying the enrollment for each program by the appropriate program weight as provided in the General Appropriations Act or in any law providing funding for the Florida Education Finance Program for the 2017-2018 fiscal year. The weighted enrollment ceiling for program group 2 shall be the sum of the weighted enrollment ceilings for each program in the program group, plus the increase in weighted full-time equivalent student membership from the prior year for clients of the Department of Children and Families and the Department of Juvenile Justice.

c. If, for any calculation of the FEFP, the weighted enrollment for program group 2, derived by multiplying actual enrollments by appropriate program weights, exceeds the enrollment ceiling for that group, the following procedure shall be followed to reduce the weighted enrollment for that group to equal the enrollment ceiling:

(I) The weighted enrollment ceiling for each program in the program group shall be subtracted from the weighted enrollment for that program derived from actual enrollments.

(II) If the difference calculated under sub-sub-subparagraph (I) is greater than zero for any program, a reduction proportion shall be computed for the program by dividing the absolute value of the difference by the total amount by which the weighted enrollment for the program group exceeds the weighted enrollment ceiling for the program group.

(III) The reduction proportion calculated under sub-sub-subparagraph (II) shall be multiplied by the total amount of the program group's enrollment over the ceiling as calculated under sub-sub-subparagraph (I).

(IV) The prorated reduction amount calculated under sub-sub-subparagraph (III) shall be subtracted from the program's weighted enrollment to produce a revised program weighted enrollment.

(V) The prorated reduction amount calculated under sub-sub-subparagraph (III) shall be divided by the appropriate program weight, and the result shall be added to the revised program weighted enrollment computed in sub-sub-subparagraph (IV).

## (e) Funding model for exceptional student education programs.—

1.a. The funding model uses basic, at-risk, support levels IV and V for exceptional students and career Florida Education Finance Program cost factors, and a guaranteed allocation for exceptional student education programs. Exceptional education cost factors are determined by

using a matrix of services to document the services that each exceptional student will receive. The nature and intensity of the services indicated on the matrix shall be consistent with the services described in each exceptional student's individual educational plan. The Department of Education shall review and revise the descriptions of the services and supports included in the matrix of services for exceptional students and shall implement those revisions before the beginning of the 2012-2013 school year.

b. In order to generate funds using one of the two weighted cost factors, a matrix of services must be completed at the time of the student's initial placement into an exceptional student education program and at least once every 3 years by personnel who have received approved training. Nothing listed in the matrix shall be construed as limiting the services a school district must provide in order to ensure that exceptional students are provided a free, appropriate public education.

c. Students identified as exceptional, in accordance with chapter 6A-6, Florida Administrative Code, who do not have a matrix of services as specified in sub-subparagraph b. shall generate funds on the basis of full-time-equivalent student membership in the Florida Education Finance Program at the same funding level per student as provided for basic students. Additional funds for these exceptional students will be provided through the guaranteed allocation designated in sub-paragraph 2.

2. For students identified as exceptional who do not have a matrix of services and students who are gifted in grades K through 8, there is created a guaranteed allocation to provide these students with a free appropriate public education, in accordance with s. 1001.42(4)(l) and rules of the State Board of Education, which shall be allocated initially to each school district in the amount provided in the General Appropriations Act or in any law providing funding for the Florida Education Finance Program for the 2017-2018 fiscal year. These funds shall be supplemental to the funds appropriated for the basic funding level, and the amount allocated for each school district shall be recalculated once during the year, based on actual student membership from the October FTE survey. Upon recalculation, if the generated allocation is greater than the amount provided in the General Appropriations Act or in any law providing funding for the Florida Education Finance Program for the 2017-2018 fiscal year, the total shall be prorated to the level of the appropriation based on each district's share of the total recalculated amount. These funds shall be used to provide special education and related services for exceptional students and students who are gifted in grades K through 8. A district's expenditure of funds from the guaranteed allocation for students in grades 9 through 12 who are gifted may not be greater than the amount expended during the 2006-2007 Fiscal Year for gifted students in grades 9 through 12.

## (f) Supplemental academic instruction; categorical fund.—

1. There is created a categorical fund to provide supplemental academic instruction to students in kindergarten through grade 12. This paragraph may be cited as the "Supplemental Academic Instruction Categorical Fund."

2. Categorical funds for supplemental academic instruction shall be allocated annually to each school district in the amount provided in the General Appropriations Act or in any law providing funding for the Florida Education Finance Program for the 2017-2018 fiscal year. These funds shall be in addition to the funds appropriated on the basis of FTE student membership in the Florida Education Finance Program and shall be included in the total potential funds of each district. These funds shall be used to provide supplemental academic instruction to students enrolled in the K-12 program. For the 2014-2015 fiscal year, each school district that has one or more of the 300 lowest-performing elementary schools based on the state reading assessment shall use these funds, together with the funds provided in the district's research-based reading instruction allocation and other available funds, to provide an additional hour of instruction beyond the normal school day for each day of the entire school year for intensive reading instruction for the students in each of these schools. This additional hour of instruction must be provided by teachers or reading specialists who are effective in teaching reading or by a K-5 mentoring reading program that is supervised by a teacher who is effective at teaching reading. Students enrolled in these schools who have level 5 assessment scores may participate in the additional hour of instruction on an optional basis. Ex-

ceptional student education centers shall not be included in the 300 schools. After this requirement has been met, supplemental instruction strategies may include, but are not limited to: modified curriculum, reading instruction, after-school instruction, tutoring, mentoring, class size reduction, extended school year, intensive skills development in summer school, and other methods for improving student achievement. Supplemental instruction may be provided to a student in any manner and at any time during or beyond the regular 180-day term identified by the school as being the most effective and efficient way to best help that student progress from grade to grade and to graduate.

3. Effective with the 1999-2000 fiscal year, funding on the basis of FTE membership beyond the 180-day regular term shall be provided in the FEFP only for students enrolled in juvenile justice education programs or in education programs for juveniles placed in secure facilities or programs under s. 985.19. Funding for instruction beyond the regular 180-day school year for all other K-12 students shall be provided through the supplemental academic instruction categorical fund and other state, federal, and local fund sources with ample flexibility for schools to provide supplemental instruction to assist students in progressing from grade to grade and graduating.

4. The Florida State University School, as a lab school, is authorized to expend from its FEFP or Lottery Enhancement Trust Fund allocation the cost to the student of remediation in reading, writing, or mathematics for any graduate who requires remediation at a postsecondary educational institution.

5. Beginning in the 1999-2000 school year, dropout prevention programs as defined in ss. 1003.52, 1003.53(1)(a), (b), and (c), and 1003.54 shall be included in group 1 programs under subparagraph (d) 3.

(g) Education for speakers of other languages.—A school district or a full-time virtual instruction program is eligible to report full-time equivalent student membership in the ESOL program in the Florida Education Finance Program provided the following conditions are met:

1. The school district or the full-time virtual instruction program has a plan approved by the Department of Education.

2. The eligible student is identified and assessed as limited English proficient based on assessment criteria.

3.a. An eligible student may be reported for funding in the ESOL program for a base period of 3 years. However, a student whose English competency does not meet the criteria for proficiency after 3 years in the ESOL program may be reported for a fourth, fifth, and sixth year of funding, provided his or her limited English proficiency is assessed and properly documented prior to his or her enrollment in each additional year beyond the 3-year base period.

b. If a student exits the program and is later reclassified as limited English proficient, the student may be reported in the ESOL program for funding for an additional year, or extended annually for a period not to exceed a total of 6 years pursuant to this paragraph, based on an annual evaluation of the student's status.

4. An eligible student may be reported for funding in the ESOL program for membership in ESOL instruction in English and ESOL instruction or home language instruction in the basic subject areas of mathematics, science, social studies, and computer literacy.

(h) Small, isolated high schools.—Districts which levy the maximum nonvoted discretionary millage, exclusive of millage for capital outlay purposes levied pursuant to s. 1011.71(2), may calculate full-time equivalent students for small, isolated high schools by multiplying the number of unweighted full-time equivalent students times 2.75; provided the school has attained a grade of "C" or better, pursuant to s. 1008.34, for the previous school year. For the purpose of this section, the term "small, isolated high school" means any high school which is located no less than 28 miles by the shortest route from another high school; which has been serving students primarily in basic studies provided by sub-subparagraphs (c)1.b. and c. and may include subparagraph (c)4.; and which has a membership of no more than 100 students, but no fewer than 28 students, in grades 9 through 12.

(i) Calculation of full-time equivalent membership with respect to dual enrollment instruction.—Students enrolled in dual enrollment instruction pursuant to s. 1007.271 may be included in calculations of full-time equivalent student memberships for basic programs for grades 9 through 12 by a district school board. Instructional time for dual enrollment may vary from 900 hours; however, the full-time equivalent student membership value shall be subject to the provisions in s. 1011.61(4). Dual enrollment full-time equivalent student membership shall be calculated in an amount equal to the hours of instruction that would be necessary to earn the full-time equivalent student membership for an equivalent course if it were taught in the school district. Students in dual enrollment courses may also be calculated as the proportional shares of full-time equivalent enrollments they generate for a Florida College System institution or university conducting the dual enrollment instruction. Early admission students shall be considered dual enrollments for funding purposes. Students may be enrolled in dual enrollment instruction provided by an eligible independent college or university and may be included in calculations of full-time equivalent student memberships for basic programs for grades 9 through 12 by a district school board. However, those provisions of law which exempt dual enrolled and early admission students from payment of instructional materials and tuition and fees, including laboratory fees, shall not apply to students who select the option of enrolling in an eligible independent institution. An independent college or university which is located and chartered in Florida, is not for profit, is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools or the Accrediting Council for Independent Colleges and Schools, and confers degrees as defined in s. 1005.02 shall be eligible for inclusion in the dual enrollment or early admission program. Students enrolled in dual enrollment instruction shall be exempt from the payment of tuition and fees, including laboratory fees. No student enrolled in college credit mathematics or English dual enrollment instruction shall be funded as a dual enrollment unless the student has successfully completed the relevant section of the entry-level examination required pursuant to s. 1008.30.

(j) Instruction in exploratory career education.—Students in grades 7 through 12 who are enrolled for more than four semesters in exploratory career education may not be counted as full-time equivalent students for this instruction.

(k) Study hall.—A student who is enrolled in study hall may not be included in the calculation of full-time equivalent student membership for funding under this section.

(l) Calculation of additional full-time equivalent membership based on International Baccalaureate examination scores of students.—A value of 0.16 full-time equivalent student membership shall be calculated for each student enrolled in an International Baccalaureate course who receives a score of 4 or higher on a subject examination. A value of 0.3 full-time equivalent student membership shall be calculated for each student who receives an International Baccalaureate diploma. Such value shall be added to the total full-time equivalent student membership in basic programs for grades 9 through 12 in the subsequent fiscal year. Each school district shall allocate 80 percent of the funds received from International Baccalaureate bonus FTE funding to the school program whose students generate the funds and to school programs that prepare prospective students to enroll in International Baccalaureate courses. Funds shall be expended solely for the payment of allowable costs associated with the International Baccalaureate program. Allowable costs include International Baccalaureate annual school fees; International Baccalaureate examination fees; salary, benefits, and bonuses for teachers and program coordinators for the International Baccalaureate program and teachers and coordinators who prepare prospective students for the International Baccalaureate program; supplemental books; instructional supplies; instructional equipment or instructional materials for International Baccalaureate courses; other activities that identify prospective International Baccalaureate students or prepare prospective students to enroll in International Baccalaureate courses; and training or professional development for International Baccalaureate teachers. School districts shall allocate the remaining 20 percent of the funds received from International Baccalaureate bonus FTE funding for programs that assist academically disadvantaged students to prepare for more rigorous courses. The school district shall distribute to each classroom teacher who provided International Baccalaureate instruction:

1. A bonus in the amount of \$50 for each student taught by the International Baccalaureate teacher in each International Baccalaureate course who receives a score of 4 or higher on the International Baccalaureate examination.

2. An additional bonus of \$500 to each International Baccalaureate teacher in a school designated with a grade of "D" or "F" who has at least one student scoring 4 or higher on the International Baccalaureate examination, regardless of the number of classes taught or of the number of students scoring a 4 or higher on the International Baccalaureate examination.

Bonuses awarded to a teacher according to this paragraph may not exceed \$2,000 in any given school year. However, the maximum bonus shall be \$3,000 if at least 50 percent of the students enrolled in a teacher's course earn a score of 4 or higher on the examination in a school designated with a grade of "A," "B," or "C"; or if at least 25 percent of the students enrolled in a teacher's course earn a score of 4 or higher on the examination in a school designated with a grade of "D" or "F." Bonuses awarded under this paragraph shall be in addition to any regular wage or other bonus the teacher received or is scheduled to receive. For such courses, the teacher shall earn an additional bonus of \$50 for each student who has a qualifying score up to the maximum of \$3,000 in any given school year.

(m) Calculation of additional full-time equivalent membership based on Advanced International Certificate of Education examination scores of students.—A value of 0.16 full-time equivalent student membership shall be calculated for each student enrolled in a full-credit Advanced International Certificate of Education course who receives a score of E or higher on a subject examination. A value of 0.08 full-time equivalent student membership shall be calculated for each student enrolled in a half-credit Advanced International Certificate of Education course who receives a score of E or higher on a subject examination. A value of 0.3 full-time equivalent student membership shall be calculated for each student who receives an Advanced International Certificate of Education diploma. Such value shall be added to the total full-time equivalent student membership in basic programs for grades 9 through 12 in the subsequent fiscal year. The school district shall distribute to each classroom teacher who provided Advanced International Certificate of Education instruction:

1. A bonus in the amount of \$50 for each student taught by the Advanced International Certificate of Education teacher in each full-credit Advanced International Certificate of Education course who receives a score of E or higher on the Advanced International Certificate of Education examination. A bonus in the amount of \$25 for each student taught by the Advanced International Certificate of Education teacher in each half-credit Advanced International Certificate of Education course who receives a score of E or higher on the Advanced International Certificate of Education examination.

2. An additional bonus of \$500 to each Advanced International Certificate of Education teacher in a school designated with a grade of "D" or "F" who has at least one student scoring E or higher on the full-credit Advanced International Certificate of Education examination, regardless of the number of classes taught or of the number of students scoring an E or higher on the full-credit Advanced International Certificate of Education examination.

3. Additional bonuses of \$250 each to teachers of half-credit Advanced International Certificate of Education classes in a school designated with a grade of "D" or "F" which has at least one student scoring an E or higher on the half-credit Advanced International Certificate of Education examination in that class. The maximum additional bonus for a teacher awarded in accordance with this subparagraph shall not exceed \$500 in any given school year. Teachers receiving an award under subparagraph 2. are not eligible for a bonus under this subparagraph.

Bonuses awarded to a teacher according to this paragraph shall not exceed \$2,000 in any given school year and shall be in addition to any regular wage or other bonus the teacher received or is scheduled to receive.

(n) Calculation of additional full-time equivalent membership based on college board advanced placement scores of students.—A value of 0.16 full-time equivalent student membership shall be calculated for

each student in each advanced placement course who receives a score of 3 or higher on the College Board Advanced Placement Examination for the prior year and added to the total full-time equivalent student membership in basic programs for grades 9 through 12 in the subsequent fiscal year. Each district must allocate at least 80 percent of the funds provided to the district for advanced placement instruction, in accordance with this paragraph, to the high school that generates the funds. The school district shall distribute to each classroom teacher who provided advanced placement instruction:

1. A bonus in the amount of \$50 for each student taught by the Advanced Placement teacher in each advanced placement course who receives a score of 3 or higher on the College Board Advanced Placement Examination.

2. An additional bonus of \$500 to each Advanced Placement teacher in a school designated with a grade of "D" or "F" who has at least one student scoring 3 or higher on the College Board Advanced Placement Examination, regardless of the number of classes taught or of the number of students scoring a 3 or higher on the College Board Advanced Placement Examination.

Bonuses awarded to a teacher according to this paragraph shall not exceed \$2,000 in any given school year. However, the maximum bonus shall be \$3,000 if at least 50 percent of the students enrolled in a teacher's course earn a score of 3 or higher on the examination in a school with a grade of "D" or "F." Bonuses awarded under this paragraph shall be in addition to any regular wage or other bonus the teacher received or is scheduled to receive. For such courses, the teacher shall earn an additional bonus of \$50 for each student who has a qualifying score up to the maximum of \$3,000 in any given school year.

(o) Calculation of additional full-time equivalent membership based on successful completion of a career-themed course pursuant to ss. 1003.491, 1003.492, and 1003.493, or courses with embedded CAPE industry certifications or CAPE Digital Tool certificates, and issuance of industry certification identified on the CAPE Industry Certification Funding List pursuant to rules adopted by the State Board of Education or CAPE Digital Tool certificates pursuant to s. 1003.4203.—

1.a. A value of 0.025 full-time equivalent student membership shall be calculated for CAPE Digital Tool certificates earned by students in elementary and middle school grades.

b. A value of 0.1 or 0.2 full-time equivalent student membership shall be calculated for each student who completes a course as defined in s. 1003.493(1)(b) or courses with embedded CAPE industry certifications and who is issued an industry certification identified annually on the CAPE Industry Certification Funding List approved under rules adopted by the State Board of Education. A value of 0.2 full-time equivalent membership shall be calculated for each student who is issued a CAPE industry certification that has a statewide articulation agreement for college credit approved by the State Board of Education. For CAPE industry certifications that do not articulate for college credit, the Department of Education shall assign a full-time equivalent value of 0.1 for each certification. Middle grades students who earn additional FTE membership for a CAPE Digital Tool certificate pursuant to sub-subparagraph a. may not use the previously funded examination to satisfy the requirements for earning an industry certification under this sub-subparagraph. Additional FTE membership for an elementary or middle grades student may not exceed 0.1 for certificates or certifications earned within the same fiscal year. The State Board of Education shall include the assigned values on the CAPE Industry Certification Funding List under rules adopted by the state board. Such value shall be added to the total full-time equivalent student membership for grades 6 through 12 in the subsequent year. CAPE industry certifications earned through dual enrollment must be reported and funded pursuant to s. 1011.80. However, if a student earns a certification through a dual enrollment course and the certification is not a fundable certification on the postsecondary certification funding list, or the dual enrollment certification is earned as a result of an agreement between a school district and a nonpublic postsecondary institution, the bonus value shall be funded in the same manner as other nondual enrollment course industry certifications. In such cases, the school district may provide for an agreement between the high school and the technical center, or the school district and the postsec-

ondary institution may enter into an agreement for equitable distribution of the bonus funds.

c. A value of 0.3 full-time equivalent student membership shall be calculated for student completion of the courses and the embedded certifications identified on the CAPE Industry Certification Funding List and approved by the commissioner pursuant to ss. 1003.4203(5)(a) and 1008.44.

d. A value of 0.5 full-time equivalent student membership shall be calculated for CAPE Acceleration Industry Certifications that articulate for 15 to 29 college credit hours, and 1.0 full-time equivalent student membership shall be calculated for CAPE Acceleration Industry Certifications that articulate for 30 or more college credit hours pursuant to CAPE Acceleration Industry Certifications approved by the commissioner pursuant to ss. 1003.4203(5)(b) and 1008.44.

2. Each district must allocate at least 80 percent of the funds provided for CAPE industry certification, in accordance with this paragraph, to the program that generated the funds. This allocation may not be used to supplant funds provided for basic operation of the program.

3. For CAPE industry certifications earned in the 2013-2014 school year and in subsequent years, the school district shall distribute to each classroom teacher who provided direct instruction toward the attainment of a CAPE industry certification that qualified for additional full-time equivalent membership under subparagraph 1.:

a. A bonus of \$25 for each student taught by a teacher who provided instruction in a course that led to the attainment of a CAPE industry certification on the CAPE Industry Certification Funding List with a weight of 0.1.

b. A bonus of \$50 for each student taught by a teacher who provided instruction in a course that led to the attainment of a CAPE industry certification on the CAPE Industry Certification Funding List with a weight of 0.2.

c. A bonus of \$75 for each student taught by a teacher who provided instruction in a course that led to the attainment of a CAPE industry certification on the CAPE Industry Certification Funding List with a weight of 0.3.

d. A bonus of \$100 for each student taught by a teacher who provided instruction in a course that led to the attainment of a CAPE industry certification on the CAPE Industry Certification Funding List with a weight of 0.5 or 1.0.

Bonuses awarded pursuant to this paragraph shall be provided to teachers who are employed by the district in the year in which the additional FTE membership calculation is included in the calculation. Bonuses shall be calculated based upon the associated weight of a CAPE industry certification on the CAPE Industry Certification Funding List for the year in which the certification is earned by the student. Any bonus awarded to a teacher under this paragraph may not exceed \$3,000 in any given school year and is in addition to any regular wage or other bonus the teacher received or is scheduled to receive.

(p) Calculation of additional full-time equivalent membership based upon early high school graduation.— Each school district may receive funding for each student who graduates early pursuant to s. 1003.4281. A district may earn 0.25 additional FTE for a student who graduates one semester in advance of the student's cohort and 0.5 additional FTE for a student who graduates 1 year or more in advance of the student's cohort. If the student was enrolled in the district as a full-time high school student for at least 2 years, the district shall report the additional FTE for payment in the subsequent fiscal year. If the student was enrolled in the district for less than 2 years, the district of enrollment shall report the additional FTE and shall transfer a proportionate share of the funds earned for early graduation to the district in which the student was previously enrolled. Additional FTE included in the 2014-2015 Florida Education Finance Program for early graduation shall be reported and funded pursuant to this paragraph.

(q) Year-round-school programs.—The Commissioner of Education is authorized to adjust student eligibility definitions, funding criteria, and reporting requirements of statutes and rules in order that year-

round-school programs may achieve equivalent application of funding requirements with non-year-round-school programs.

(r) Extended-school-year program.—It is the intent of the Legislature that students be provided additional instruction by extending the school year to 210 days or more. Districts may apply to the Commissioner of Education for funds to be used in planning and implementing an extended-school-year program.

(s) Determination of the basic amount for current operation.—The basic amount for current operation to be included in the Florida Education Finance Program for kindergarten through grade 12 for each district shall be the product of the following:

1. The full-time equivalent student membership in each program, multiplied by
2. The cost factor for each program, adjusted for the maximum as provided by paragraph (c), multiplied by
3. The base student allocation.

(t) Computation for funding through the Florida Education Finance Program.—The State Board of Education may adopt rules establishing programs, industry certifications, and courses for which the student may earn credit toward high school graduation.

(2) DETERMINATION OF DISTRICT COST DIFFERENTIALS.—The Commissioner of Education shall annually compute for each district the current year's district cost differential. The district cost differential shall be calculated by adding each district's price level index as published in the Florida Price Level Index for the most recent 3 years and dividing the resulting sum by 3. The result for each district shall be multiplied by 0.008 and to the resulting product shall be added 0.200; the sum thus obtained shall be the cost differential for that district for that year.

(3) INSERVICE EDUCATIONAL PERSONNEL TRAINING EXPENDITURE.—Of the amount computed in subsections (1) and (2), a percentage of the base student allocation per full-time equivalent student or other funds shall be expended for educational training programs as determined by the district school board as provided in s. 1012.98.

(4) COMPUTATION OF DISTRICT REQUIRED LOCAL EFFORT.—The Legislature shall prescribe the aggregate required local effort for all school districts collectively as an item in the General Appropriations Act for each fiscal year or in any law providing funding for the Florida Education Finance Program for the 2017-2018 fiscal year. The amount that each district shall provide annually toward the cost of the Florida Education Finance Program for kindergarten through grade 12 programs shall be calculated as follows:

(a) Estimated taxable value calculations.—

1.a. Not later than 2 working days before July 19, the Department of Revenue shall certify to the Commissioner of Education its most recent estimate of the taxable value for school purposes in each school district and the total for all school districts in the state for the current calendar year based on the latest available data obtained from the local property appraisers. The value certified shall be the taxable value for school purposes for that year, and no further adjustments shall be made, except those made pursuant to paragraphs (c) and (d), or an assessment roll change required by final judicial decisions as specified in paragraph (15)(b). Not later than July 19, the Commissioner of Education shall compute a millage rate, rounded to the next highest one one-thousandth of a mill, which, when applied to 96 percent of the estimated state total taxable value for school purposes, would generate the prescribed aggregate required local effort for that year for all districts. The Commissioner of Education shall certify to each district school board the millage rate, computed as prescribed in this subparagraph, as the minimum millage rate necessary to provide the district required local effort for that year.

b. The General Appropriations Act or any law providing funding for the Florida Education Finance Program for the 2017-2018 fiscal year, shall direct the computation of the statewide adjusted aggregate amount for required local effort for all school districts collectively from ad valorem taxes to ensure that no school district's revenue from required local effort millage will produce more than 90 percent of the

district's total Florida Education Finance Program calculation as calculated and adopted by the Legislature, and the adjustment of the required local effort millage rate of each district that produces more than 90 percent of its total Florida Education Finance Program entitlement to a level that will produce only 90 percent of its total Florida Education Finance Program entitlement in the July calculation.

2. On the same date as the certification in sub-subparagraph 1.a., the Department of Revenue shall certify to the Commissioner of Education for each district:

a. Each year for which the property appraiser has certified the taxable value pursuant to s. 193.122(2) or (3), if applicable, since the prior certification under sub-subparagraph 1.a.

b. For each year identified in sub-subparagraph a., the taxable value certified by the appraiser pursuant to s. 193.122(2) or (3), if applicable, since the prior certification under sub-subparagraph 1.a. This is the certification that reflects all final administrative actions of the value adjustment board.

(b) Equalization of required local effort.—

1. The Department of Revenue shall include with its certifications provided pursuant to paragraph (a) its most recent determination of the assessment level of the prior year's assessment roll for each county and for the state as a whole.

2. The Commissioner of Education shall adjust the required local effort millage of each district for the current year, computed pursuant to paragraph (a), as follows:

a. The equalization factor for the prior year's assessment roll of each district shall be multiplied by 96 percent of the taxable value for school purposes shown on that roll and by the prior year's required local-effort millage, exclusive of any equalization adjustment made pursuant to this paragraph. The dollar amount so computed shall be the additional required local effort for equalization for the current year.

b. Such equalization factor shall be computed as the quotient of the prior year's assessment level of the state as a whole divided by the prior year's assessment level of the county, from which quotient shall be subtracted 1.

c. The dollar amount of additional required local effort for equalization for each district shall be converted to a millage rate, based on 96 percent of the current year's taxable value for that district, and added to the required local effort millage determined pursuant to paragraph (a).

3. Notwithstanding the limitations imposed pursuant to s. 1011.71(1), the total required local-effort millage, including additional required local effort for equalization, shall be an amount not to exceed 10 minus the maximum millage allowed as nonvoted discretionary millage, exclusive of millage authorized pursuant to s. 1011.71(2). Nothing herein shall be construed to allow a millage in excess of that authorized in s. 9, Art. VII of the State Constitution.

4. For the purposes of this chapter, the term "assessment level" means the value-weighted mean assessment ratio for the county or state as a whole, as determined pursuant to s. 195.096, or as subsequently adjusted. However, for those parcels studied pursuant to s. 195.096(3)(a)1. which are receiving the assessment limitation set forth in s. 193.155, and for which the assessed value is less than the just value, the department shall use the assessed value in the numerator and the denominator of such assessment ratio. In the event a court has adjudicated that the department failed to establish an accurate estimate of an assessment level of a county and recomputation resulting in an accurate estimate based upon the evidence before the court was not possible, that county shall be presumed to have an assessment level equal to that of the state as a whole.

5. If, in the prior year, taxes were levied against an interim assessment roll pursuant to s. 193.1145, the assessment level and prior year's nonexempt assessed valuation used for the purposes of this paragraph shall be those of the interim assessment roll.

(c) Exclusion.—

1. In those instances in which:

a. There is litigation either attacking the authority of the property appraiser to include certain property on the tax assessment roll as taxable property or contesting the assessed value of certain property on the tax assessment roll, and

b. The assessed value of the property in contest involves more than 6 percent of the total nonexempt assessment roll, the plaintiff shall provide to the district school board of the county in which the property is located and to the Department of Education a certified copy of the petition and receipt for the good faith payment at the time they are filed with the court.

2. For purposes of computing the required local effort for each district affected by such petition, the Department of Education shall exclude from the district's total nonexempt assessment roll the assessed value of the property in contest and shall add the amount of the good faith payment to the district's required local effort.

(d) Recomputation.—Following final adjudication of any litigation on the basis of which an adjustment in taxable value was made pursuant to paragraph (c), the department shall recompute the required local effort for each district for each year affected by such adjustments, utilizing taxable values approved by the court, and shall adjust subsequent allocations to such districts accordingly.

(e) Prior period funding adjustment millage.—

1. An additional millage to be known as the Prior Period Funding Adjustment Millage shall be levied by a school district if the prior period unrealized required local effort funds are greater than zero. The Commissioner of Education shall calculate the amount of the prior period unrealized required local effort funds as specified in subparagraph 2. and the millage required to generate that amount as specified in this subparagraph. The Prior Period Funding Adjustment Millage shall be the quotient of the prior period unrealized required local effort funds divided by the current year taxable value certified to the Commissioner of Education pursuant to sub-subparagraph (a)1.a. This levy shall be in addition to the required local effort millage certified pursuant to this subsection. Such millage shall not affect the calculation of the current year's required local effort, and the funds generated by such levy shall not be included in the district's Florida Education Finance Program allocation for that fiscal year. For purposes of the millage to be included on the Notice of Proposed Taxes, the Commissioner of Education shall adjust the required local effort millage computed pursuant to paragraph (a) as adjusted by paragraph (b) for the current year for any district that levies a Prior Period Funding Adjustment Millage to include all Prior Period Funding Adjustment Millage. For the purpose of this paragraph, a Prior Period Funding Adjustment Millage shall be levied for each year certified by the Department of Revenue pursuant to sub-subparagraph (a)2.a. since the previous year certification and for which the calculation in sub-subparagraph 2.b. is greater than zero.

2.a. As used in this subparagraph, the term:

(I) "Prior year" means a year certified under sub-subparagraph (a) 2.a.

(II) "Preliminary taxable value" means:

(A) If the prior year is the 2009-2010 fiscal year or later, the taxable value certified to the Commissioner of Education pursuant to sub-subparagraph (a)1.a.

(B) If the prior year is the 2008-2009 fiscal year or earlier, the taxable value certified pursuant to the final calculation as specified in former paragraph (b) as that paragraph existed in the prior year.

(III) "Final taxable value" means the district's taxable value as certified by the property appraiser pursuant to s. 193.122(2) or (3), if applicable. This is the certification that reflects all final administrative actions of the value adjustment board.

b. For purposes of this subsection and with respect to each year certified pursuant to sub-subparagraph (a)2.a., if the district's prior year preliminary taxable value is greater than the district's prior year final taxable value, the prior period unrealized required local effort funds are the difference between the district's prior year preliminary taxable value and the district's prior year final taxable value, multiplied by the prior year district required local effort millage. If the district's

prior year preliminary taxable value is less than the district's prior year final taxable value, the prior period unrealized required local effort funds are zero.

c. If a district's prior period unrealized required local effort funds and prior period district required local effort millage cannot be determined because such district's final taxable value has not yet been certified pursuant to s. 193.122(2) or (3), the Prior Period Funding Adjustment Millage for such fiscal year shall be levied, if not previously levied, in an amount equal to 75 percent of such district's most recent unrealized required local effort for which a Prior Period Funding Adjustment Millage was determined as provided in this section. Upon certification of the final taxable value in accordance with s. 193.122(2) or (3) for a tax roll for which a 75 percent Prior Period Funding Adjustment Millage was levied, the next Prior Period Funding Adjustment Millage shall be adjusted to include any shortfall or surplus in the prior period unrealized required local effort funds that would have been levied, had the district's final taxable value been certified pursuant to s. 193.122(2) or (3). If this adjustment is made for a surplus, the reduction in prior period millage may not exceed the prior period funding adjustment millage calculated pursuant to subparagraph 1. and sub-subparagraphs a. and b., or pursuant to this sub-subparagraph, whichever is applicable, and any additional reduction shall be carried forward to the subsequent fiscal year.

(5) DISCRETIONARY MILLAGE COMPRESSION SUPPLEMENT.—The Legislature shall prescribe in the General Appropriations Act, pursuant to s. 1011.71(1), or in any law providing funding for the Florida Education Finance Program for the 2017-2018 fiscal year, the rate of nonvoted current operating discretionary millage that shall be used to calculate a discretionary millage compression supplement. If the prescribed millage generates an amount of funds per unweighted FTE for the district that is less than the state average, the district shall receive an amount per FTE that, when added to the funds per FTE generated by the designated levy, shall equal the state average.

(6) CATEGORICAL FUNDS.—

(a) In addition to the basic amount for current operations for the FEFP as determined in subsection (1), the Legislature may appropriate categorical funding for specified programs, activities, or purposes.

(b) If a district school board finds and declares in a resolution adopted at a regular meeting of the school board that the funds received for any of the following categorical appropriations are urgently needed to maintain school board specified academic classroom instruction, the school board may consider and approve an amendment to the school district operating budget transferring the identified amount of the categorical funds to the appropriate account for expenditure:

1. Funds for student transportation.
2. Funds for safe schools.
3. Funds for supplemental academic instruction if the required additional hour of instruction beyond the normal school day for each day of the entire school year has been provided for the students in each low-performing elementary school in the district pursuant to paragraph (1)(f).
4. Funds for research-based reading instruction if the required additional hour of instruction beyond the normal school day for each day of the entire school year has been provided for the students in each low-performing elementary school in the district pursuant to paragraph (9)(a).
5. Funds for instructional materials if all instructional material purchases necessary to provide updated materials that are aligned with applicable state standards and course descriptions and that meet statutory requirements of content and learning have been completed for that fiscal year, but no sooner than March 1. Funds available after March 1 may be used to purchase hardware for student instruction.

(c) Each district school board shall include in its annual financial report to the Department of Education the amount of funds the school board transferred from each of the categorical funds identified in this subsection and the specific academic classroom instruction for which the transferred funds were expended. The Department of Education

shall provide instructions and specify the format to be used in submitting this required information as a part of the district annual financial report. The Department of Education shall submit a report to the Legislature that identifies by district and by categorical fund the amount transferred and the specific academic classroom activity for which the funds were expended.

(d) If a district school board transfers funds from its research-based reading instruction allocation, the board must also submit to the Department of Education an amendment describing the changes that the district is making to its reading plan approved pursuant to paragraph (9)(d).

(7) DETERMINATION OF SPARSITY SUPPLEMENT.—

(a) Annually, in an amount to be determined by the Legislature through the General Appropriations Act or through any law providing funding for the Florida Education Finance Program for the 2017-2018 fiscal year, there shall be added to the basic amount for current operation of the FEFP qualified districts a sparsity supplement which shall be computed as follows:

$$\text{Sparsity Factor} = 1101.8918 - 0.1101 \times (2700 + \text{district sparsity Index})$$

except that districts with a sparsity index of 1,000 or less shall be computed as having a sparsity index of 1,000, and districts having a sparsity index of 7,308 and above shall be computed as having a sparsity factor of zero. A qualified district's full-time equivalent student membership shall equal or be less than that prescribed annually by the Legislature in the appropriations act or in any law providing funding for the Florida Education Finance Program for the 2017-2018 fiscal year. The amount prescribed annually by the Legislature shall be no less than 17,000, but no more than 24,000.

(b) The district sparsity index shall be computed by dividing the total number of full-time equivalent students in all programs in the district by the number of senior high school centers in the district, not in excess of three, which centers are approved as permanent centers by a survey made by the Department of Education.

(c) If the sparsity supplement calculated in paragraphs (a) and (b) for an eligible district is less than \$100 per full-time equivalent student, the district's supplement shall be increased to \$100 per FTE or to the minimum amount per FTE designated in the General Appropriations Act or in any law providing funding for the Florida Education Finance Program for the 2017-2018 fiscal year.

(d) Each district's allocation of sparsity supplement funds shall be adjusted in the following manner:

1. A maximum discretionary levy per FTE value for each district shall be calculated by dividing the value of each district's maximum discretionary levy by its FTE student count.
2. A state average discretionary levy value per FTE shall be calculated by dividing the total maximum discretionary levy value for all districts by the state total FTE student count.
3. A total potential funds per FTE for each district shall be calculated by dividing the total potential funds, not including Florida School Recognition Program funds and the minimum guarantee funds, for each district by its FTE student count.
4. A state average total potential funds per FTE shall be calculated by dividing the total potential funds, not including Florida School Recognition Program funds and the minimum guarantee funds, for all districts by the state total FTE student count.
5. For districts that have a levy value per FTE as calculated in subparagraph 1. higher than the state average calculated in subparagraph 2., a sparsity wealth adjustment shall be calculated as the product of the difference between the state average levy value per FTE calculated in subparagraph 2. and the district's levy value per FTE calculated in subparagraph 1. and the district's FTE student count and

-1. However, no district shall have a sparsity wealth adjustment that, when applied to the total potential funds calculated in subparagraph 3., would cause the district's total potential funds per FTE to be less than the state average calculated in subparagraph 4.

6. Each district's sparsity supplement allocation shall be calculated by adding the amount calculated as specified in paragraphs (a) and (b) and the wealth adjustment amount calculated in this paragraph.

(8) **DECLINE IN FULL-TIME EQUIVALENT STUDENTS.**—In those districts where there is a decline between prior year and current year unweighted FTE students, a percentage of the decline in the unweighted FTE students as determined by the Legislature shall be multiplied by the prior year calculated FEFP per unweighted FTE student and shall be added to the allocation for that district. For this purpose, the calculated FEFP shall be computed by multiplying the weighted FTE students by the base student allocation and then by the district cost differential. If a district transfers a program to another institution not under the authority of the district's school board, including a charter technical career center, the decline is to be multiplied by a factor of 0.15. However, if the funds provided for the Florida Education Finance Program in the General Appropriations Act for any fiscal year or in any law providing funding for the Florida Education Finance Program for the 2017-2018 fiscal year are reduced by a subsequent appropriation for that fiscal year, the percent of the decline in the unweighted FTE students to be funded shall be determined by the Legislature and designated in the subsequent appropriation.

(9) **RESEARCH-BASED READING INSTRUCTION ALLOCATION.**—

(a) The research-based reading instruction allocation is created to provide comprehensive reading instruction to students in kindergarten through grade 12. For the 2014-2015 fiscal year, in each school district that has one or more of the 300 lowest-performing elementary schools based on the state reading assessment, priority shall be given to providing an additional hour per day of intensive reading instruction beyond the normal school day for each day of the entire school year for the students in each school. Students enrolled in these schools who have level 5 assessment scores may participate in the additional hour of instruction on an optional basis. Exceptional student education centers shall not be included in the 300 schools. The intensive reading instruction delivered in this additional hour and for other students shall include: research-based reading instruction that has been proven to accelerate progress of students exhibiting a reading deficiency; differentiated instruction based on student assessment data to meet students' specific reading needs; explicit and systematic reading development in phonemic awareness, phonics, fluency, vocabulary, and comprehension, with more extensive opportunities for guided practice, error correction, and feedback; and the integration of social studies, science, and mathematics-text reading, text discussion, and writing in response to reading. For the 2012-2013 and 2013-2014 fiscal years, a school district may not hire more reading coaches than were hired during the 2011-2012 fiscal year unless all students in kindergarten through grade 5 who demonstrate a reading deficiency, as determined by district and state assessments, including students scoring Level 1 or Level 2 on the statewide, standardized reading assessment or, upon implementation, the English Language Arts assessment, are provided an additional hour per day of intensive reading instruction beyond the normal school day for each day of the entire school year.

(b) Funds for comprehensive, research-based reading instruction shall be allocated annually to each school district in the amount provided in the General Appropriations Act or in any law providing funding for the Florida Education Finance Program for the 2017-2018 fiscal year. Each eligible school district shall receive the same minimum amount as specified in the General Appropriations Act or in any law providing funding for the Florida Education Finance Program for the 2017-2018 fiscal year, and any remaining funds shall be distributed to eligible school districts based on each school district's proportionate share of K-12 base funding.

(c) Funds allocated under this subsection must be used to provide a system of comprehensive reading instruction to students enrolled in the K-12 programs, which may include the following:

1. The provision of an additional hour per day of intensive reading instruction to students in the 300 lowest-performing elementary schools

by teachers and reading specialists who are effective in teaching reading.

2. Kindergarten through grade 5 reading intervention teachers to provide intensive intervention during the school day and in the required extra hour for students identified as having a reading deficiency.

3. The provision of highly qualified reading coaches to specifically support teachers in making instructional decisions based on student data, and improve teacher delivery of effective reading instruction, intervention, and reading in the content areas based on student need.

4. Professional development for school district teachers in scientifically based reading instruction, including strategies to teach reading in content areas and with an emphasis on technical and informational text.

5. The provision of summer reading camps for all students in kindergarten through grade 2 who demonstrate a reading deficiency as determined by district and state assessments, and students in grades 3 through 5 who score at Level 1 on the statewide, standardized reading assessment or, upon implementation, the English Language Arts assessment.

6. The provision of supplemental instructional materials that are grounded in scientifically based reading research.

7. The provision of intensive interventions for students in kindergarten through grade 12 who have been identified as having a reading deficiency or who are reading below grade level as determined by the statewide, standardized assessment.

(d) Annually, by a date determined by the Department of Education but before May 1, school districts shall submit a K-12 comprehensive reading plan for the specific use of the research-based reading instruction allocation in the format prescribed by the department for review and approval by the Just Read, Florida! Office created pursuant to s. 1001.215. The plan annually submitted by school districts shall be deemed approved unless the department rejects the plan on or before June 1. If a school district and the Just Read, Florida! Office cannot reach agreement on the contents of the plan, the school district may appeal to the State Board of Education for resolution. School districts shall be allowed reasonable flexibility in designing their plans and shall be encouraged to offer reading intervention through innovative methods, including career academies. The plan format shall be developed with input from school district personnel, including teachers and principals, and shall allow courses in core, career, and alternative programs that deliver intensive reading remediation through integrated curricula, provided that the teacher is deemed highly qualified to teach reading or working toward that status. No later than July 1 annually, the department shall release the school district's allocation of appropriated funds to those districts having approved plans. A school district that spends 100 percent of this allocation on its approved plan shall be deemed to have been in compliance with the plan. The department may withhold funds upon a determination that reading instruction allocation funds are not being used to implement the approved plan. The department shall monitor and track the implementation of each district plan, including conducting site visits and collecting specific data on expenditures and reading improvement results. By February 1 of each year, the department shall report its findings to the Legislature.

(10) **CALCULATION OF SUPPLEMENTAL ALLOCATION FOR JUVENILE JUSTICE EDUCATION PROGRAMS.**—The total K-12 weighted full-time equivalent student membership in juvenile justice education programs in each school district shall be multiplied by the amount of the state average class-size-reduction factor multiplied by the district's cost differential. An amount equal to the sum of this calculation shall be allocated in the FEFP to each school district to supplement other sources of funding for students in juvenile justice education programs.

(11) **VIRTUAL EDUCATION CONTRIBUTION.**—The Legislature may annually provide in the Florida Education Finance Program a virtual education contribution. The amount of the virtual education contribution shall be the difference between the amount per FTE established in the General Appropriations Act or in any law providing funding for the Florida Education Finance Program for the 2017-2018 fiscal year for virtual education and the amount per FTE for each dis-

district and the Florida Virtual School, which may be calculated by taking the sum of the base FEFP allocation, the discretionary local effort, the state-funded discretionary contribution, the discretionary millage compression supplement, the research-based reading instruction allocation, and the instructional materials allocation, and then dividing by the total unweighted FTE. This difference shall be multiplied by the virtual education unweighted FTE for programs and options identified in s. 1002.455(3) and the Florida Virtual School and its franchises to equal the virtual education contribution and shall be included as a separate allocation in the funding formula.

(12) FLORIDA DIGITAL CLASSROOMS ALLOCATION.—

(a) The Florida digital classrooms allocation is created to support school district and school efforts and strategies to improve outcomes related to student performance by integrating technology in classroom teaching and learning. The outcomes must be measurable and may also be unique to the needs of individual schools and school districts within the general parameters established by the Department of Education.

(b) Each district school board shall adopt a district digital classrooms plan that meets the unique needs of students, schools, and personnel and submit the plan for approval to the Department of Education. In addition, each district school board must, at a minimum, seek input from the district's instructional, curriculum, and information technology staff to develop the district digital classrooms plan. The district's plan must be within the general parameters established in the Florida digital classrooms plan pursuant to s. 1001.20. In addition, if the district participates in federal technology initiatives and grant programs, the district digital classrooms plan must include a plan for meeting requirements of such initiatives and grant programs. Funds allocated under this subsection must be used to support implementation of district digital classrooms plans. By October 1, 2014, and by March 1 of each year thereafter, on a date determined by the department, each district school board shall submit to the department, in a format prescribed by the department, a digital classrooms plan. At a minimum, such plan must include, and be annually updated to reflect, the following:

1. Measurable student performance outcomes. Outcomes related to student performance, including outcomes for students with disabilities, must be tied to the efforts and strategies to improve outcomes related to student performance by integrating technology in classroom teaching and learning. Results of the outcomes shall be reported at least annually for the current school year and subsequent 3 years and be accompanied by an independent evaluation and validation of the reported results.

2. Digital learning and technology infrastructure purchases and operational activities. Such purchases and activities must be tied to the measurable outcomes under subparagraph 1., including, but not limited to, connectivity, broadband access, wireless capacity, Internet speed, and data security, all of which must meet or exceed minimum requirements and protocols established by the department. For each year that the district uses funds for infrastructure, a third-party, independent evaluation of the district's technology inventory and infrastructure needs must accompany the district's plan.

3. Professional development purchases and operational activities. Such purchases and activities must be tied to the measurable outcomes under subparagraph 1., including, but not limited to, using technology in the classroom and improving digital literacy and competency.

4. Digital tool purchases and operational activities. Such purchases and activities must be tied to the measurable outcomes under subparagraph 1., including, but not limited to, competency-based credentials that measure and demonstrate digital competency and certifications; third-party assessments that demonstrate acquired knowledge and use of digital applications; and devices that meet or exceed minimum requirements and protocols established by the department.

5. Online assessment-related purchases and operational activities. Such purchases and activities must be tied to the measurable outcomes under subparagraph 1., including, but not limited to, expanding the capacity to administer assessments and compatibility with minimum assessment protocols and requirements established by the department.

(c) The Legislature shall annually provide in the General Appropriations Act or in any law providing funding for the Florida Education Finance Program for the 2017-2018 fiscal year the FEFP allocation for implementation of the Florida digital classrooms plan to be calculated in an amount up to 1 percent of the base student allocation multiplied by the total K-12 full-time equivalent student enrollment included in the FEFP calculations for the legislative appropriation or as provided in the General Appropriations Act or in any law providing funding for the Florida Education Finance Program for the 2017-2018 fiscal year. Each school district shall be provided a minimum of \$250,000, with the remaining balance of the allocation to be distributed based on each district's proportion of the total K-12 full-time equivalent student enrollment. Distribution of funds for the Florida digital classrooms allocation shall begin following submittal of each district's digital classrooms plan, which must include formal verification of the superintendent's approval of the digital classrooms plan of each charter school in the district, and approval of the plan by the department. Prior to the distribution of the Florida digital classrooms allocation funds, each district school superintendent shall certify to the Commissioner of Education that the district school board has approved a comprehensive district digital classrooms plan that supports the fidelity of implementation of the Florida digital classrooms allocation. District allocations shall be recalculated during the fiscal year consistent with the periodic recalculation of the FEFP. School districts shall provide a proportionate share of the digital classrooms allocation to each charter school in the district, as required for categorical programs in s. 1002.33(17)(b). A school district may use a competitive process to distribute funds for the Florida digital classrooms allocation to the schools within the school district.

(d) To facilitate the implementation of the district digital classrooms plans and charter school digital classrooms plans, the commissioner shall support statewide, coordinated partnerships and efforts of this state's education practitioners in the field, including, but not limited to, superintendents, principals, and teachers, to identify and share best practices, corrective actions, and other identified needs.

(e) Beginning in the 2015-2016 fiscal year and each year thereafter, each district school board shall report to the department its use of funds provided through the Florida digital classrooms allocation and student performance outcomes in accordance with the district's digital classrooms plan. The department may contract with an independent third-party entity to conduct an annual independent verification of the district's use of Florida digital classrooms allocation funds in accordance with the district's digital classrooms plan. In the event an independent third-party verification is not conducted, the Auditor General shall, during scheduled operational audits of the school districts, verify compliance of the use of Florida digital classrooms allocation funds in accordance with the district's digital classrooms plan. No later than October 1 of each year, beginning in the 2015-2016 fiscal year, the commissioner shall provide to the Governor, the President of the Senate, and the Speaker of the House of Representatives a summary of each district's use of funds, student performance outcomes, and progress toward meeting statutory requirements and timelines.

(f) Each school district shall provide teachers, administrators, students, and parents with access to:

1. Instructional materials in digital or electronic format, as defined in s. 1006.29.

2. Digital materials, including those digital materials that enable students to earn certificates and industry certifications pursuant to ss. 1003.4203 and 1008.44.

3. Teaching and learning tools and resources, including the ability for teachers and administrators to manage, assess, and monitor student performance data.

(13) FEDERALLY CONNECTED STUDENT SUPPLEMENT.—The federally connected student supplement is created to provide supplemental funding for school districts to support the education of students connected with federally owned military installations, National Aeronautics and Space Administration (NASA) real property, and Indian lands. To be eligible for this supplement, the district must be eligible for federal Impact Aid Program funds under s. 8003 of Title VIII of the Elementary and Secondary Education Act of 1965. The supplement shall be allocated annually to each eligible school district in the amount provided in the General Appropriations Act or in any law providing

*funding for the Florida Education Finance Program for the 2017-2018 fiscal year.* The supplement shall be the sum of the student allocation and an exempt property allocation.

(a) The student allocation shall be calculated based on the number of students reported for federal Impact Aid Program funds, including students with disabilities, who meet one of the following criteria:

1. The student has a parent who is on active duty in the uniformed services or is an accredited foreign government official and military officer. Students with disabilities shall also be reported separately for this category.

2. The student resides on eligible federally owned Indian land. Students with disabilities shall also be reported separately for this category.

3. The student resides with a civilian parent who lives or works on eligible federal property connected with a military installation or NASA. The number of these students shall be multiplied by a factor of 0.5.

(b) The total number of federally connected students calculated under paragraph (a) shall be multiplied by a percentage of the base student allocation as provided in the General Appropriations Act or in any law providing funding for the Florida Education Finance Program for the 2017-2018 fiscal year. The total of the number of students with disabilities as reported separately under subparagraphs (a)1. and 2. shall be multiplied by an additional percentage of the base student allocation as provided in the General Appropriations Act or in any law providing funding for the Florida Education Finance Program for the 2017-2018 fiscal year. The base amount and the amount for students with disabilities shall be summed to provide the student allocation.

(c) The exempt property allocation shall be equal to the tax-exempt value of federal impact aid lands reserved as military installations, real property owned by NASA, or eligible federally owned Indian lands located in the district, as of January 1 of the previous year, multiplied by the millage authorized and levied under s. 1011.71(2).

(14) **QUALITY ASSURANCE GUARANTEE.**—The Legislature may annually in the General Appropriations Act or in any law providing funding for the Florida Education Finance Program for the 2017-2018 fiscal year determine a percentage increase in funds per K-12 unweighted FTE as a minimum guarantee to each school district. The guarantee shall be calculated from prior year base funding per unweighted FTE student which shall include the adjusted FTE dollars as provided in subsection (15), quality guarantee funds, and actual nonvoted discretionary local effort from taxes. From the base funding per unweighted FTE, the increase shall be calculated for the current year. The current year funds from which the guarantee shall be determined shall include the adjusted FTE dollars as provided in subsection (15) and potential nonvoted discretionary local effort from taxes. A comparison of current year funds per unweighted FTE to prior year funds per unweighted FTE shall be computed. For those school districts which have less than the legislatively assigned percentage increase, funds shall be provided to guarantee the assigned percentage increase in funds per unweighted FTE student. Should appropriated funds be less than the sum of this calculated amount for all districts, the commissioner shall prorate each district's allocation. This provision shall be implemented to the extent specifically funded.

(15) **TOTAL ALLOCATION OF STATE FUNDS TO EACH DISTRICT FOR CURRENT OPERATION.**—The total annual state allocation to each district for current operation for the FEFP shall be distributed periodically in the manner prescribed in the General Appropriations Act or in any law providing funding for the Florida Education Finance Program for the 2017-2018 fiscal year.

(a) If the funds appropriated for current operation of the FEFP are not sufficient to pay the state requirement in full, the department shall prorate the available state funds to each district in the following manner:

1. Determine the percentage of proration by dividing the sum of the total amount for current operation, as provided in this paragraph for all districts collectively, and the total district required local effort into the

sum of the state funds available for current operation and the total district required local effort.

2. Multiply the percentage so determined by the sum of the total amount for current operation as provided in this paragraph and the required local effort for each individual district.

3. From the product of such multiplication, subtract the required local effort of each district; and the remainder shall be the amount of state funds allocated to the district for current operation. However, no calculation subsequent to the appropriation shall result in negative state funds for any district.

(b) The amount thus obtained shall be the net annual allocation to each school district. However, if it is determined that any school district received an underallocation or overallocation for any prior year because of an arithmetical error, assessment roll change required by final judicial decision, full-time equivalent student membership error, or any allocation error revealed in an audit report, the allocation to that district shall be appropriately adjusted. Beginning with the 2011-2012 fiscal year, if a special program cost factor is less than the basic program cost factor, an audit adjustment may not result in the reclassification of the special program FTE to the basic program FTE. If the Department of Education audit adjustment recommendation is based upon controverted findings of fact, the Commissioner of Education is authorized to establish the amount of the adjustment based on the best interests of the state.

(c) The amount thus obtained shall represent the net annual state allocation to each district; however, notwithstanding any of the provisions herein, each district shall be guaranteed a minimum level of funding in the amount and manner prescribed in the General Appropriations Act or in any law providing funding for the Florida Education Finance Program for the 2017-2018 fiscal year.

(16) **COMPUTATION OF PRIOR YEAR DISTRICT REQUIRED LOCAL EFFORT.**—Calculations required in this section shall be based on 95 percent of the taxable value for school purposes for fiscal years prior to the 2010-2011 fiscal year.

Section 3. Paragraphs (a) and (b) of subsection (1) of section 1011.67, Florida Statutes, are amended to read:

1011.67 Funds for instructional materials.—

(1) The department is authorized to allocate and distribute to each district an amount as prescribed annually by the Legislature for instructional materials for student membership in basic and special programs in grades K-12, which will provide for growth and maintenance needs. For purposes of this subsection, unweighted full-time equivalent students enrolled in the lab schools in state universities are to be included as school district students and reported as such to the department. The annual allocation shall be determined as follows:

(a) The growth allocation for each school district shall be calculated as follows:

1. Subtract from that district's projected full-time equivalent membership of students in basic and special programs in grades K-12 used in determining the initial allocation of the Florida Education Finance Program, the prior year's full-time equivalent membership of students in basic and special programs in grades K-12 for that district.

2. Multiply any such increase in full-time equivalent student membership by the allocation for a set of instructional materials, as determined by the department, or as provided for in the General Appropriations Act or in any law providing funding for the Florida Education Finance Program for the 2017-2018 fiscal year.

3. The amount thus determined shall be that district's initial allocation for growth for the school year. However, the department shall recompute and adjust the initial allocation based on actual full-time equivalent student membership data for that year.

(b) The maintenance of the instructional materials allocation for each school district shall be calculated by multiplying each district's prior year full-time equivalent membership of students in basic and special programs in grades K-12 by the allocation for maintenance of a set of instructional materials as provided for in the General Appro-

priations Act or in any law providing funding for the Florida Education Finance Program for the 2017-2018 fiscal year. The amount thus determined shall be that district's initial allocation for maintenance for the school year; however, the department shall recompute and adjust the initial allocation based on such actual full-time equivalent student membership data for that year.

Section 4. Subsection (1) of section 1011.685, Florida Statutes, is amended to read:

1011.685 Class size reduction; operating categorical fund.—

(1) There is created an operating categorical fund for implementing the class size reduction provisions of s. 1, Art. IX of the State Constitution. These funds shall be allocated to each school district in the amount prescribed by the Legislature in the General Appropriations Act or in any law providing funding for the Florida Education Finance Program for the 2017-2018 fiscal year.

Section 5. Subsections (1), (3), and (9) of section 1011.71, Florida Statutes, are amended to read:

1011.71 District school tax.—

(1) If the district school tax is not provided in the General Appropriations Act or the substantive bill implementing the General Appropriations Act or in any law providing funding for the Florida Education Finance Program for the 2017-2018 fiscal year, each district school board desiring to participate in the state allocation of funds for current operation as prescribed by s. 1011.62(15) shall levy on the taxable value for school purposes of the district, exclusive of millage voted under s. 9(b) or s. 12, Art. VII of the State Constitution, a millage rate not to exceed the amount certified by the commissioner as the minimum millage rate necessary to provide the district required local effort for the current year, pursuant to s. 1011.62(4)(a)1. In addition to the required local effort millage levy, each district school board may levy a nonvoted current operating discretionary millage. The Legislature shall prescribe annually in the appropriations act the maximum amount of millage a district may levy.

(3) Notwithstanding subsection (2), if the revenue from 1.5 mills is insufficient to meet the payments due under a lease-purchase agreement entered into before June 30, 2009, by a district school board pursuant to paragraph (2)(e), or to meet other critical district fixed capital outlay needs, the board, in addition to the 1.5 mills, may levy up to 0.25 mills for fixed capital outlay in lieu of levying an equivalent amount of the discretionary mills for operations as provided in the General Appropriations Act or in any law providing funding for the Florida Education Finance Program for the 2017-2018 fiscal year. Millage levied pursuant to this subsection is subject to the provisions of s. 200.065 and, combined with the 1.5 mills authorized in subsection (2), may not exceed 1.75 mills. If the district chooses to use up to 0.25 mills for fixed capital outlay, the compression adjustment pursuant to s. 1011.62(5) shall be calculated for the standard discretionary millage that is not eligible for transfer to capital outlay.

(9) In addition to the maximum millage levied under this section and the General Appropriations Act or in any law providing funding for the Florida Education Finance Program for the 2017-2018 fiscal year, a school district may levy, by local referendum or in a general election, additional millage for school operational purposes up to an amount that, when combined with nonvoted millage levied under this section, does not exceed the 10-mill limit established in s. 9(b), Art. VII of the State Constitution. Any such levy shall be for a maximum of 4 years and shall be counted as part of the 10-mill limit established in s. 9(b), Art. VII of the State Constitution. Millage elections conducted under the authority granted pursuant to this section are subject to s. 1011.73. Funds generated by such additional millage do not become a part of the calculation of the Florida Education Finance Program total potential funds in 2001-2002 or any subsequent year and must not be incorporated in the calculation of any hold-harmless or other component of the Florida Education Finance Program formula in any year. If an increase in required local effort, when added to existing millage levied under the 10-mill limit, would result in a combined millage in excess of the 10-mill limit, any millage levied pursuant to this subsection shall be considered to be required local effort to the extent that the district millage would otherwise exceed the 10-mill limit.

Section 6. Subsection (2) of section 1012.71, Florida Statutes, is amended to read:

1012.71 The Florida Teachers Classroom Supply Assistance Program.—

(2) The Legislature, in the General Appropriations Act or in any law providing funding for the Florida Education Finance Program for the 2017-2018 fiscal year, shall determine funding for the Florida Teachers Classroom Supply Assistance Program. The funds appropriated are for classroom teachers to purchase, on behalf of the school district or charter school, classroom materials and supplies for the public school students assigned to them and may not be used to purchase equipment. The funds appropriated shall be used to supplement the materials and supplies otherwise available to classroom teachers. From the funds appropriated for the Florida Teachers Classroom Supply Assistance Program, the Commissioner of Education shall calculate an amount for each school district based upon each school district's proportionate share of the state's total unweighted FTE student enrollment and shall disburse the funds to the school districts by July 15.

Section 7. *If any law amended by this act was also amended by a law enacted during the 2017 Regular Session of the Legislature, such laws shall be construed as if enacted during the same session of the Legislature, and full effect shall be given to each if possible.*

Section 8. This act shall take effect July 1, 2017; or, if this act fails to become a law until after that date, it shall take effect upon becoming a law and shall operate retroactively to July 1, 2017.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act implementing SB 2500-A, an act making supplemental appropriations to fund the Florida Education Finance Program for the 2017-2018 fiscal year; amending ss. 24.121, 1011.62, 1011.67, 1011.685, 1011.71, and 1012.71, F.S.; authorizing the distribution of funds for the Florida Education Finance Program pursuant to any law providing funding for the 2017-2018 fiscal year; providing for construction of the act in pari materia with laws enacted during the 2017 Regular Session of the Legislature; providing effective dates.

Pursuant to Rule 4.19, **SB 2502-A**, as amended, was ordered engrossed and then placed on the calendar of Bills on Third Reading.

The Committee on Commerce and Tourism recommended the following amendment which was offered by Senator Latvala and moved by Senator Montford:

**Amendment 1 (305400)**—Delete lines 250-256 and insert:  
*programs at state colleges, state technical centers, or private postsecondary institutions licensed or otherwise authorized to operate in this state, which provide participants with transferable, sustainable workforce skills applicable to more than a single employer, and for equipment associated with these programs. The department shall work with CareerSource Florida, Inc., to ensure that programs are offered to the public based on criteria established by the state college, state technical center, or private postsecondary institution licensed or otherwise authorized to operate in this state, and do not exclude applicants*

The Committee on Appropriations recommended the following substitute amendment which was moved by Senator Latvala and adopted:

**Amendment 2 (635320)**—Delete lines 250-268 and insert:  
*programs at public libraries, state colleges, state technical centers, or private postsecondary institutions licensed or otherwise authorized to operate in this state which provide participants with transferable, sustainable workforce skills applicable to more than a single employer or which are listed in s. 445.06, and for equipment associated with these programs. The department shall work with CareerSource Florida, Inc., to ensure that programs are offered to the public based on criteria established by the state colleges, state technical centers, or private postsecondary institutions licensed or otherwise authorized to operate in this state, and do not exclude applicants who are unemployed or underemployed. Programs that support skills assessment and training for inmates in the state correctional system who have 5 years or less until their release and reentry may also be eligible for grants from this fund. The department may contract with CareerSource Florida, Inc., or administer this program directly.*

(a) *Grant funds may not be expended to provide training for instruction related to retail businesses or to reimburse businesses for trainee wages.*

(b) *Grant requests may be submitted to the department by a public library, state correctional facility, state college, state technical center, or private postsecondary institution. The department shall establish an application process and criteria for grant requests. Costs and expenditures for the workforce training grants must be documented and separated from those incurred by the public library, state correctional facility, state college, state technical center, or private postsecondary institution.*

## MOTION

On motion by Senator Benacquisto, the rules were waived and time of adjournment was extended until 6:30 p.m.

The Committee on Commerce and Tourism recommended the following amendment which was moved by Senator Latvala and failed:

**Amendment 3 (860238) (with title amendment)**—Delete lines 301-322 and insert:

Section 4. Present subsection (3) of section 288.1201, Florida Statutes, is redesignated as subsection (4) and amended, and a new subsection (3) is added to that section, to read:

288.1201 State Economic Enhancement and Development Trust Fund.—

(3)(a) *The department may make a payment from the trust fund after an independent third party has verified that an applicant has satisfied all of the requirements of an agreement or contract and the department has determined that the applicant meets the required project performance criteria and is eligible to receive a payment.*

(b) *The department shall determine within 15 days after the end of each calendar quarter whether moneys in the trust fund are associated with an agreement or contract entered into pursuant to s. 288.1088 which the department has terminated, which has otherwise expired, or*

for which the applicant has not met performance conditions required by the agreement or contract. The portion of the appropriation associated with such moneys shall revert, and any such moneys shall be returned to the fund from which they were originally appropriated.

(c) Moneys in the trust fund shall be managed and invested to generate the maximum amount of interest earnings, consistent with the requirement that the moneys be available to make payments as required pursuant to Quick Action Closing Fund contracts or agreements.

(d) By September 1, 2017, the department shall return to the State Treasury all funds held by the escrow agent pursuant to a contract executed for the Quick Action Closing Fund which are unexpended as of June 30, 2017. Such unexpended funds shall be deposited into the State Economic Enhancement and Development Trust Fund.

~~(3)~~(4) Moneys in the trust fund may be appropriated to make payments pursuant to agreements or contracts for projects authorized under s. 288.1088. Notwithstanding s. 216.301 and pursuant to s. 216.351, any balance in the trust fund at the end of any fiscal year shall remain in the trust fund at the end of the year and shall be available for carrying out the purposes of the trust fund.

Section 5. For the 2017-2018 fiscal year, and from the amounts returned to the State Economic Enhancement Trust Fund pursuant to s. 288.1201(3)(d), Florida Statutes, the sum of \$106,746,279 from the State Economic Enhancement and Development Trust Fund is appropriated to the Department of Economic Opportunity to make payments pursuant to agreements or contracts for projects authorized under s. 288.1088, Florida Statutes. Notwithstanding s. 216.301, Florida Statutes, and pursuant to s. 216.351, Florida Statutes, any balance in the trust fund at the end of any fiscal year shall remain in the trust fund at the end of the year and shall be available for carrying out the purposes of the trust fund. The balance of any appropriation which is not disbursed by June 30, 2018, may be carried forward until all authorized projects are fully paid, except as provided in s. 288.1201(3)(b), Florida Statutes.

And the title is amended as follows:

Delete lines 26-36 and insert: s. 288.1201, F.S.; providing conditions that must be met before the Department of Economic Opportunity is authorized to make a payment from the State Economic Enhancement and Development Trust Fund; requiring the department to determine quarterly whether moneys in the trust fund are associated with certain agreements; requiring such funds to be returned to their originating fund; providing investment requirements for moneys in the trust fund; requiring the department to return to the State Treasury unexpended funds from the Quick Action Closing Fund which are held by certain entities; requiring such funds to be deposited to the trust fund; authorizing moneys in the trust fund to be appropriated to make certain payments; providing an appropriation; amending s. 288.1226, F.S.; requiring

The Committee on Appropriations recommended the following amendments which were offered by Senator Brandes, moved by Senator Latvala, and adopted:

**Amendment 4 (293618) (with title amendment)**—Delete lines 298-300 and insert:

(5) To be eligible for funds from the Florida Job Growth Grant Fund, a project must:

- (a) Be in an industry, as referenced in s. 288.106.
- (b) Have a positive economic benefit ratio of at least 2 to 1.
- (c) Induce economic expansion in the project's location or in the state.
- (d) Be supported by the local community in which the project is to be located.
- (e) Be certified by the Department of Transportation as compatible with the adopted 5-year work program.
- (f) Not be included as a specific appropriations line item in the most recent General Appropriations Act.

(g) Not have been vetoed by the Governor for funding in the most recent General Appropriations Act.

(6)(a) The department and Enterprise Florida, Inc., shall jointly review submitted applications and determine the eligibility of each project, consistent with the criteria in subsection (5).

(b)1. Within 7 business days after evaluating a project, the department shall recommend to the Governor approval or disapproval of the project for funding from the Florida Job Growth Grant Fund. When recommending a project, the department must include proposed performance conditions that the project must meet to obtain grant funds.

2. The Governor may approve grant requests for projects without consulting the Legislature for projects requiring less than \$2 million in funding.

3. For projects requiring funding in the amount of \$2 million to \$5 million, the Governor shall provide a written description and evaluation of a project recommended for approval to the chair and vice chair of the Legislative Budget Commission at least 10 days before giving final approval for the project. The recommendation must include proposed performance conditions that the project must meet to obtain grant funds.

4. If the chair or vice chair of the Legislative Budget Commission, the President of the Senate, or the Speaker of the House of Representatives timely advises the Executive Office of the Governor in writing that such action or proposed action exceeds the delegated authority of the Executive Office of the Governor or is contrary to legislative policy or intent, the Executive Office of the Governor must void the release of funds and instruct the department to immediately change such action or proposed action until the Legislative Budget Commission or the Legislature addresses the issue. Notwithstanding such requirement, any project exceeding \$5 million must be approved by the Legislative Budget Commission before the funds are released.

(c) Upon the approval of the Governor, the department and the grant recipient shall enter into a contract that sets forth the conditions for payment of moneys from the fund. The contract must include the total amount of funds awarded; the authorized use of grant funds; the current baseline service the project addresses and the measure of enhanced capacity or capability it will achieve; the methodology for validating project performance; the schedule of payments from the fund; and sanctions for failure to meet performance objectives. The contract must specify that payment of moneys from the fund is contingent upon a sufficient appropriation by the Legislature.

(7) Funds appropriated by the Legislature to implement this section shall be placed in reserve and may only be released pursuant to the legislative consultation and review requirements set forth in this section.

(8) The department shall establish an application process for receiving grant requests.

(9) The department shall establish a methodology for making grant award recommendations. This methodology must be ratified by the Legislature before any grant funds are proposed pursuant to paragraph (6)(b).

(10) All contracts executed by the department shall be made publicly available on the department's website. All contracts with the department valued at \$500,000 or more shall be made publicly available for review on the department's website 14 days before execution. A contract entered into between the department and any other public or private entity must include:

- (a) The purpose of the contract.
- (b) Specific performance standards and responsibilities for each entity.
- (c) A detailed project or contract budget, if applicable.
- (d) The value of any services provided.
- (e) The value of the matching funds provided.

(11) Funds appropriated to the Florida Job Growth Grant Fund may not be transferred to any account outside the State Treasury before payments are made for a project in accordance with this section.

And the title is amended as follows:

Delete lines 24-25 and insert: training; providing definitions; providing eligibility criteria for projects to receive funds from the Florida Job Growth Grant Fund; requiring the department and Enterprise Florida, Inc., to jointly review applications and determine the eligibility of each project; requiring the department to make its recommendations to the Governor within a specified timeframe; requiring the Governor to obtain certain approval for projects requiring funding that exceeds a specified amount; requiring the department and a grant recipient to enter into a contract for the payment of moneys from the fund under certain circumstances; providing requirements for the contract; requiring certain funds to be placed in reserve and to be released only pursuant to certain legislative consultation and review requirements; requiring the department to establish an application process; requiring the department to establish a methodology for making grant award recommendations; requiring that the methodology be approved by the Legislature; requiring that certain contracts be made publicly available on the department's website before or after execution; providing requirements for the contracts; prohibiting funds appropriated to the Florida Job Growth Grant Fund from being transferred to certain accounts under certain circumstances; amending

**Amendment 5 (778464) (with title amendment)**—Between lines 300 and 301 insert:

(6) *This section expires on June 30, 2019, unless reenacted by the Legislature.*

And the title is amended as follows:

Delete line 25 and insert: department to administer certain contracts; providing an expiration date; amending

The Committee on Appropriations recommended the following amendment which was offered by Senator Gibson, moved by Senator Latvala, and adopted:

**Amendment 6 (911692) (with title amendment)**—Between lines 300 and 301 insert:

(6) *The department and Enterprise Florida, Inc., shall post all proposals and applications for grants on their websites. The information must include scoring criteria and results, recommendations for funding, the amount of the award, project start and completion dates, and the final contract and agreement.*

And the title is amended as follows:

**Amendment 7 (117684) (with title amendment)**—Delete lines 208-1113 and insert:

Section 3. Subsection (4) is added to section 288.1201, Florida Statutes, to read:

288.1201 State Economic Enhancement and Development Trust Fund.—

(4)(a) *Beginning July 1, 2017, the department shall retain in the trust fund any state funds appropriated for any program created under this chapter which is funded in the General Appropriations Act until the performance requirements established under contract or by law for any economic development incentives are submitted to and verified by the department.*

(b) *The department shall return to the State Treasury all funds held by any entity pursuant to a contract executed for the Quick Action Closing Fund which are unexpended as of June 30, 2017. Such unexpended funds shall be deposited into the State Economic Enhancement*

*and Development Trust Fund. The department shall take all steps necessary to comply with this paragraph by September 1, 2017. The department shall notify the Governor, the President of the Senate, and the Speaker of the House of Representatives of its compliance with this paragraph by October 1, 2017.*

(c) *This subsection expires July 1, 2018.*

Section 4. Section 288.1226, Florida Statutes, is amended to read:

288.1226 Florida Tourism Industry Marketing Corporation; use of property; board of directors; duties; audit.—

(1) DEFINITIONS.—For the purposes of this section, the term “corporation” means the Florida Tourism Industry Marketing Corporation.

(2) ESTABLISHMENT.—The Florida Tourism Industry Marketing Corporation is a direct-support organization of Enterprise Florida, Inc.

(a) The Florida Tourism Industry Marketing Corporation is a corporation not for profit, as defined in s. 501(c)(6) of the Internal Revenue Code of 1986, as amended, that is incorporated under the provisions of chapter 617 and approved by the Department of State.

(b) The corporation is organized and operated exclusively to request, receive, hold, invest, and administer property and to manage and make expenditures for the operation of the activities, services, functions, and programs of this state which relate to the statewide, national, and international promotion and marketing of tourism.

(c)1. The corporation is not an agency for the purposes of chapters 120, 216, and 287; ss. 255.21, 255.25, and 255.254, relating to leasing of buildings; ss. 283.33 and 283.35, relating to bids for printing; s. 215.31; and parts I, II, and IV-VIII of chapter 112. *However, the corporation shall comply with the per diem and travel expense provisions of s. 112.061.*

2. *It is not a violation of s. 112.3143(2) or (4) for the officers or members of the board of directors of the corporation to:*

a. *Vote on the 4-year marketing plan required under s. 288.923 or vote on any individual component of or amendment to the plan.*

b. *Participate in the establishment or calculation of payments related to the private match requirements of subsection (6). The officer or member must file an annual disclosure describing the nature of his or her interests or the interests of his or her principals, including corporate parents and subsidiaries of his or her principal, in the private match requirements. This annual disclosure requirement satisfies the disclosure requirement of s. 112.3143(4). This disclosure must be placed on the corporation's website or included in the minutes of each meeting of the corporation's board of directors at which the private match requirements are discussed or voted upon.*

(d) The corporation is subject to the provisions of chapter 119, relating to public meetings, and those provisions of chapter 286 relating to public meetings and records.

(3) USE OF PROPERTY.—Enterprise Florida, Inc.:

(a) Is authorized to permit the use of property and facilities of Enterprise Florida, Inc., by the corporation, subject to the provisions of this section.

(b) Shall prescribe conditions with which the corporation must comply in order to use property and facilities of Enterprise Florida, Inc. Such conditions shall provide for budget and audit review and for oversight by Enterprise Florida, Inc.

(c) May not permit the use of property and facilities of Enterprise Florida, Inc., if the corporation does not provide equal employment opportunities to all persons, regardless of race, color, national origin, sex, age, or religion.

(4) BOARD OF DIRECTORS.—The board of directors of the corporation shall be composed of 31 tourism-industry-related members, appointed by Enterprise Florida, Inc., in conjunction with the department. *Board members shall serve without compensation, but are entitled*

to receive reimbursement for per diem and travel expenses pursuant to s. 112.061. Such expenses must be paid out of funds of the corporation.

(a) The board shall consist of 16 members, appointed in such a manner as to equitably represent all geographic areas of the state, with no fewer than two members from any of the following regions:

1. Region 1, composed of Bay, Calhoun, Escambia, Franklin, Gadsden, Gulf, Holmes, Jackson, Jefferson, Leon, Liberty, Okaloosa, Santa Rosa, Wakulla, Walton, and Washington Counties.

2. Region 2, composed of Alachua, Baker, Bradford, Clay, Columbia, Dixie, Duval, Flagler, Gilchrist, Hamilton, Lafayette, Levy, Madison, Marion, Nassau, Putnam, St. Johns, Suwannee, Taylor, and Union Counties.

3. Region 3, composed of Brevard, Indian River, Lake, Okeechobee, Orange, Osceola, St. Lucie, Seminole, Sumter, and Volusia Counties.

4. Region 4, composed of Citrus, Hernando, Hillsborough, Manatee, Pasco, Pinellas, Polk, and Sarasota Counties.

5. Region 5, composed of Charlotte, Collier, DeSoto, Glades, Hardee, Hendry, Highlands, and Lee Counties.

6. Region 6, composed of Broward, Martin, Miami-Dade, Monroe, and Palm Beach Counties.

(b) The 15 additional tourism-industry-related members shall include 1 representative from the statewide rental car industry; 7 representatives from tourist-related statewide associations, including those that represent hotels, campgrounds, county destination marketing organizations, museums, restaurants, retail, and attractions; 3 representatives from county destination marketing organizations; 1 representative from the cruise industry; 1 representative from an automobile and travel services membership organization that has at least 2.8 million members in Florida; 1 representative from the airline industry; and 1 representative from the space tourism industry, who will each serve for a term of 2 years.

(5) POWERS AND DUTIES.—The corporation, in the performance of its duties:

(a) May make and enter into contracts and assume such other functions as are necessary to carry out the provisions of the 4-year marketing plan required by s. 288.923, and the corporation's contract with Enterprise Florida, Inc., which are not inconsistent with this or any other provision of law. *A proposed contract with a total value of \$750,000 or more is subject to the notice and review procedures of s. 216.177. If the chair and vice chair of the Legislative Budget Commission, or the President of the Senate and the Speaker of the House of Representatives, timely advise the corporation in writing that such proposed contract is contrary to legislative policy and intent, the corporation may not execute such proposed contract. The corporation may not enter into multiple related contracts to avoid the requirements of this paragraph.*

(b) May develop a program to provide incentives and to attract and recognize those entities which make significant financial and promotional contributions towards the expanded tourism promotion activities of the corporation.

(c) May establish a cooperative marketing program with other public and private entities which allows the use of the VISIT Florida logo in tourism promotion campaigns which meet the standards of Enterprise Florida, Inc., for which the corporation may charge a reasonable fee.

(d) May sue and be sued and appear and defend in all actions and proceedings in its corporate name to the same extent as a natural person.

(e) May adopt, use, and alter a common corporate seal. However, such seal must always contain the words "corporation not for profit."

(f) Shall elect or appoint such officers and agents as its affairs shall require and allow them reasonable compensation. *However, reasonable compensation for employment paid from funds received from the state for any officer or agent, including the president and chief executive officer of*

*the corporation, may not exceed the salary and benefits authorized to be paid to the Governor. Any payments of performance bonuses or severance pay paid from funds received from the state to an officer or agent of the corporation are prohibited unless specifically authorized by law.*

(g) Shall hire and establish salaries and personnel and employee benefit programs for such permanent and temporary employees as are necessary to carry out the provisions of the 4-year marketing plan and the corporation's contract with Enterprise Florida, Inc., which are not inconsistent with this or any other provision of law. *However, an employee may not receive compensation for employment paid from funds received from the state which exceeds the salary and benefits authorized to be paid to the Governor. Any payments of performance bonuses or severance pay paid from funds received from the state to employees of the corporation are prohibited unless specifically authorized by law.*

~~(h) Shall provide staff support to the Division of Tourism Promotion of Enterprise Florida, Inc. The president and chief executive officer of the Florida Tourism Industry Marketing Corporation shall serve without compensation as the director of the division.~~

~~(i)~~ May adopt, change, amend, and repeal bylaws, not inconsistent with law or its articles of incorporation, for the administration of the provisions of the 4-year marketing plan and the corporation's contract with Enterprise Florida, Inc.

~~(j)~~ May conduct its affairs, carry on its operations, and have offices and exercise the powers granted by this act in any state, territory, district, or possession of the United States or any foreign country. Where feasible, appropriate, and recommended by the 4-year marketing plan developed by the Division of Tourism Promotion of Enterprise Florida, Inc., the corporation may collocate the programs of foreign tourism offices in cooperation with any foreign office operated by any agency of this state.

~~(k)~~ May appear on its own behalf before boards, commissions, departments, or other agencies of municipal, county, state, or federal government.

~~(l)~~ May request or accept any grant, payment, or gift, of funds or property made by this state or by the United States or any department or agency thereof or by any individual, firm, corporation, municipality, county, or organization for any or all of the purposes of the 4-year marketing plan and the corporation's contract with Enterprise Florida, Inc., that are not inconsistent with this or any other provision of law. Such funds shall be deposited in a bank account established by the corporation's board of directors. The corporation may expend such funds in accordance with the terms and conditions of any such grant, payment, or gift, in the pursuit of its administration or in support of the programs it administers. The corporation shall separately account for the public funds and the private funds deposited into the corporation's bank account.

~~(m)~~ Shall establish a plan for participation in the corporation which will provide additional funding for the administration and duties of the corporation.

~~(n)~~ In the performance of its duties, may undertake, or contract for, marketing projects and advertising research projects.

~~(o)~~ In addition to any indemnification available under chapter 617, the corporation may indemnify, and purchase and maintain insurance on behalf of, directors, officers, and employees of the corporation against any personal liability or accountability by reason of actions taken while acting within the scope of their authority.

~~(p)~~ May not create or establish any other entity, corporation, or direct-support organization.

~~(q)~~ May not expend funds, public or private, that directly benefit only one company, corporation, or business entity.

(6) MATCHING REQUIREMENTS.—

(a) A one-to-one match is required of private to public contributions to the corporation. Public contributions include all state appropriations to the corporation and exclude taxes derived pursuant to s. 125.0104.

(b) For purposes of calculating the required one-to-one match, the private contributions the corporation receives must be in one of four private match categories. The corporation shall maintain documentation of such categorized contributions on file and make such documentation available for inspection upon reasonable notice during its regular business hours. Contribution details shall be included in the quarterly reports required under subsection (8). The private match categories are:

1. Direct cash contributions from private sources, which include, but are not limited to, cash derived from strategic alliances, contributions of stocks and bonds, and partnership contributions.

2. Fees for services, which include, but are not limited to, event participation, research, and brochure placement and transparencies.

3. Cooperative advertising, which is limited to partner expenditures for paid media placement, partner expenditures for collateral material distribution, and the actual market value of contributed productions, air time, and print space.

4. In-kind contributions, which are limited to the actual market value of promotional contributions of partner-supplied benefits to target audiences and the actual market value of nonpartner-supplied air time or print space contributed for the broadcasting or printing of such promotions, which would otherwise require tourist promotion expenditures by the corporation for advertising, air travel, rental car fees, hotel rooms, RV or campsite space rental, onsite guest services, and admission tickets. The net value of air time or print space, if any, shall be deemed to be the actual market value of the air time or print space, based on an average of actual unit prices paid contemporaneously for comparable times or spaces, less the value of increased ratings or other benefits realized by the media outlet as a result of the promotion.

Contributions from a governmental entity or from an entity that received more than 50 percent of its revenue in the previous fiscal year from public sources, including revenue derived from taxes, other than taxes collected pursuant to s. 125.0104, from fees, or from other government revenues, are not considered private contributions for purposes of calculating the required one-to-one match.

(7)(6) ANNUAL AUDIT.—The corporation shall provide for an annual financial audit in accordance with s. 215.981. The annual audit report shall be submitted to the Auditor General; the Office of Program Policy Analysis and Government Accountability; Enterprise Florida, Inc.; and the department for review. The Office of Program Policy Analysis and Government Accountability; Enterprise Florida, Inc.; the department; and the Auditor General have the authority to require and receive from the corporation or from its independent auditor any detail or supplemental data relative to the operation of the corporation. The department shall annually certify whether the corporation is operating in a manner and achieving the objectives that are consistent with the policies and goals of Enterprise Florida, Inc., and its long-range marketing plan. The identity of a donor or prospective donor to the corporation who desires to remain anonymous and all information identifying such donor or prospective donor are confidential and exempt from the provisions of s. 119.07(1) and s. 24(a), Art. I of the State Constitution. Such anonymity shall be maintained in the auditor's report.

(8)(7) REPORT.—The corporation shall provide a quarterly report to Enterprise Florida, Inc., which shall:

(a) Measure the current vitality of the visitor industry of this state as compared to the vitality of such industry for the year to date and for comparable quarters of past years. Indicators of vitality shall be determined by Enterprise Florida, Inc., and shall include, but not be limited to, estimated visitor count and party size, length of stay, average expenditure per party, and visitor origin and destination.

(b) Provide detailed, unaudited financial statements of sources and uses of public and private funds.

(c) Measure progress towards annual goals and objectives set forth in the 4-year marketing plan.

(d) Review all pertinent research findings.

(e) Provide other measures of accountability as requested by Enterprise Florida, Inc.

The corporation must take all steps necessary to provide all data that is used to develop the report, including source data, to the Office of Economic and Demographic Research.

(9)(8) PUBLIC RECORDS EXEMPTION.—The identity of any person who responds to a marketing project or advertising research project conducted by the corporation in the performance of its duties on behalf of Enterprise Florida, Inc., or trade secrets as defined by s. 812.081 obtained pursuant to such activities, are exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution. This subsection is subject to the Open Government Sunset Review Act in accordance with s. 119.15 and shall stand repealed on October 2, 2021, unless reviewed and saved from repeal through reenactment by the Legislature.

(10) PROHIBITIONS; CORPORATE FUNDS; GIFTS.—Funds of the corporation may not be expended for food, beverages, lodging, entertainment, or gifts for employees of the corporation, board members of the corporation, or employees of a tourist or economic development entity that receives revenue from a tax imposed pursuant to s. 125.0104, s. 125.0108, or s. 212.0305, unless authorized pursuant to s. 112.061 or this section. An employee or board member of the corporation may not accept or receive food, beverages, lodging, entertainment, or gifts from an economic development entity that receives revenue only from a tax imposed pursuant to s. 125.0108 or s. 212.0305, or from any person, vendor, or other entity doing business with the corporation unless such food, beverage, lodging, entertainment, or gift is available to similarly situated members of the general public.

(11) LODGING EXPENSES.—Lodging expenses for an employee of the corporation may not exceed \$150 per day, excluding taxes, unless the corporation is participating in a negotiated group rate discount or the corporation provides documentation of at least three comparable alternatives demonstrating that such lodging at the required rate is not available. However, an employee of the corporation may expend his or her own funds for any lodging expenses in excess of \$150 per day.

(12) PROPOSED OPERATING BUDGET SUBMISSION.—By August 15 of each fiscal year, the department shall submit a proposed operating budget for the corporation, including amounts to be expended on advertising, marketing, promotions, events, other operating capital outlay, and salaries and benefits for each employee, to the Governor, the President of the Senate, and the Speaker of the House of Representatives.

(13) TRANSPARENCY.—

(a) All contracts executed by the corporation shall be placed for viewing on the corporation's website. All contracts with the corporation valued at \$500,000 or more shall be placed on the corporation's website for review 14 days before execution. A contract entered into between the corporation and any other public or private entity shall include:

1. The purpose of the contract.
2. Specific performance standards and responsibilities for each entity.
3. A detailed project or contract budget, if applicable.
4. The value of any services provided.
5. The projected travel and entertainment expenses for employees and board members, if applicable.

(b)1. Any entity that in the previous fiscal year received more than 50 percent of its revenue from the corporation or from taxes imposed pursuant to s. 125.0108 or s. 212.0305, and that partners with the corporation or participates in a program, cooperative advertisement, promotional opportunity, or other activity offered by or in conjunction with the corporation, shall annually report by July 1 all public and private financial data posted on its website to the Governor, the President of the Senate, and the Speaker of the House of Representatives.

2. The financial data shall include:

- a. The total amount of revenue received from public and private sources.
- b. The operating budget of the partner entity.

c. *Employee and board member salary and benefit details from public and private funds.*

d. *An itemized accounting of all expenditures by the partner entity on behalf of, or coordinated for the benefit of, the corporation, its board members, or employees.*

e. *Itemized travel and entertainment expenditures of the partner entity.*

(c) *The following information must be posted on the corporation's website:*

1. *A plain language version of any contract estimated to exceed \$35,000 with a private entity, municipality, county, town, or vendor of services, supplies, or programs, including marketing, or for the purchase or lease or use of lands, facilities, or properties.*

2. *Any agreement entered into between the corporation and any other entity, including a local government, private entity, or nonprofit entity, which receives public funds or funds from a tax imposed pursuant to s. 125.0104, s. 125.0108, or s. 212.0305.*

3. *The contracts and the required information pursuant to paragraph (a) and the financial data submitted to the corporation pursuant to paragraph (b).*

4. *Video recordings of each board meeting.*

5. *A detailed report of expenditures following each marketing event paid for with the corporation's funds. Such report must be posted within 10 business days after the event.*

6. *An annual itemized accounting of the total amount of funds spent by any third party on behalf of the corporation or any board member or employee of the corporation.*

7. *An annual itemized accounting of the total amount of travel and entertainment expenditures by the corporation.*

(d) *The corporation's website must:*

1. *Allow users to navigate to related sites to view supporting details.*

2. *Enable a taxpayer to e-mail questions to the corporation and make such questions and the corporation's responses publicly viewable.*

(14)(9) REPEAL.—This section is repealed October 1, 2019, unless reviewed and saved from repeal by the Legislature.

Section 5. Section 288.12266, Florida Statutes, is created to read:

288.12266 *Targeted Marketing Assistance Program.*—

(1) *The Targeted Marketing Assistance Program is created to enhance the tourism business marketing of small, minority, rural, and agritourism businesses in the state. The department, in conjunction with the Florida Tourism Industry Marketing Corporation, shall administer the program. The program shall provide marketing plans, marketing assistance, promotional support, media development, technical expertise, marketing advice, technology training, social marketing support, and other assistance to an eligible entity.*

(2) *As used in this section, the term "eligible entity" means an independently owned and operated business with gross revenue not exceeding \$1.25 million or a nonprofit corporation that meets the requirements of s. 501(c)(3) of the Internal Revenue Code.*

(3) *The department and the Florida Tourism Industry Marketing Corporation shall provide an annual report to the Governor, the President of the Senate, and the Speaker of the House of Representatives documenting that at least 50 percent of the eligible entities receiving assistance through this program are independently owned and operated businesses with gross revenues not exceeding \$500,000.*

Section 6. Section 288.124, Florida Statutes, is amended to read:

288.124 *Convention grants program.*—~~The Florida Tourism Industry Marketing Corporation Enterprise Florida, Inc.,~~ is authorized to establish a convention grants program and, pursuant to that program,

to recommend to the department expenditures and contracts with local governments and nonprofit corporations or organizations for the purpose of attracting national conferences and conventions to Florida. Preference shall be given to local governments and nonprofit corporations or organizations seeking to attract minority conventions to Florida. Minority conventions are events that primarily involve minority persons, as defined in s. 288.703, who are residents or nonresidents of the state. ~~The Florida Tourism Industry Marketing Corporation Enterprise Florida, Inc.,~~ shall establish guidelines governing the award of grants and the administration of this program. The department has final approval authority for any grants under this section. The total annual allocation of funds for this program shall not exceed \$40,000.

Section 7. Subsection (5) of section 288.901, Florida Statutes, is amended to read:

288.901 *Enterprise Florida, Inc.*—

(5) APPOINTED MEMBERS OF THE BOARD OF DIRECTORS.—

(a) In addition to the Governor or his or her designee, the board of directors shall consist of the following appointed members:

1. The Commissioner of Education or his or her designee.

2. The Chief Financial Officer or his or her designee.

3. The Attorney General or his or her designee.

4. The Commissioner of Agriculture or his or her designee.

5. The chairperson of the board of directors of CareerSource Florida, Inc.

6. The Secretary of State or his or her designee.

7. Twelve members from the private sector, six of whom shall be appointed by the Governor, three of whom shall be appointed by the President of the Senate, and three of whom shall be appointed by the Speaker of the House of Representatives. Members appointed by the Governor are subject to Senate confirmation.

(b) In making their appointments, the Governor, the President of the Senate, and the Speaker of the House of Representatives shall ensure that the composition of the board of directors reflects the diversity of Florida's business community and is representative of the economic development goals in subsection (2). The board must include at least one director for each of the following areas of expertise: international business, tourism marketing, the space or aerospace industry, managing or financing a minority-owned business, manufacturing, finance and accounting, and sports marketing.

(c) The Governor, the President of the Senate, and the Speaker of the House of Representatives also shall consider appointees who reflect Florida's racial, ethnic, and gender diversity. Efforts shall be taken to ensure participation from all geographic areas of the state, including representation from urban and rural communities.

(d) Appointed members shall be appointed to 4-year terms, except that initially, to provide for staggered terms, the Governor, the President of the Senate, and the Speaker of the House of Representatives shall each appoint one member to serve a 2-year term and one member to serve a 3-year term, with the remaining initial appointees serving 4-year terms. All subsequent appointments shall be for 4-year terms.

(e) Initial appointments must be made by October 1, 2011, and be eligible for confirmation at the earliest available Senate session. Terms end on September 30.

(f) Any member is eligible for reappointment, except that a member may not serve more than two terms.

(g) A vacancy on the board of directors shall be filled for the remainder of the unexpired term. Vacancies on the board shall be filled by appointment by the Governor, the President of the Senate, or the Speaker of the House of Representatives, respectively, depending on who appointed the member whose vacancy is to be filled or whose term has expired.

(h) Appointed members may be removed by the Governor, the President of the Senate, or the Speaker of the House of Representatives, respectively, for cause. Absence from three consecutive meetings results in automatic removal.

*All board members shall serve without compensation, but are entitled to receive reimbursement for per diem and travel expenses pursuant to s. 112.061. Such expenses must be paid out of funds of Enterprise Florida, Inc.*

Section 8. Subsections (7), (8), and (9) are added to section 288.903, Florida Statutes, to read:

288.903 Duties of Enterprise Florida, Inc.—Enterprise Florida, Inc., shall have the following duties:

(7) *Submit all proposed contracts with a total value of \$750,000 or more in accordance with the notice and review procedures of s. 216.177. If the chair and vice chair of the Legislative Budget Commission, or the President of the Senate and the Speaker of the House of Representatives, timely advise Enterprise Florida, Inc., in writing that such proposed contract is contrary to legislative policy and intent, Enterprise Florida, Inc., may not execute such proposed contract. Enterprise Florida, Inc., may not enter into multiple related contracts to avoid the requirements of this subsection. This subsection does not apply to contracts for the award of a statutorily authorized incentive program.*

(8) *May not create or establish any other entity, corporation, or direct-support organization, unless authorized by law.*

(9) *Enterprise Florida, Inc., shall comply with the per diem and travel expense provisions of s. 112.061.*

Section 9. Section 288.904, Florida Statutes, is amended to read:

288.904 Funding for Enterprise Florida, Inc.; performance and return on the public's investment.—

(1)(a) The Legislature may annually appropriate to Enterprise Florida, Inc., a sum of money for its operations, and separate line-item appropriations for each of the divisions listed in s. 288.92.

(b) The state's operating investment in Enterprise Florida, Inc., and its divisions is the budget contracted by the department to Enterprise Florida, Inc., less any funding that is directed by the Legislature to be subcontracted to a specific recipient entity.

(c) The board of directors of Enterprise Florida, Inc., shall adopt for each upcoming fiscal year an operating budget for the organization, including its divisions, which specifies the intended uses of the state's operating investment and a plan for securing private sector support.

(2)(a) The Legislature finds that it is a priority to maximize private sector support in operating Enterprise Florida, Inc., and its divisions, as an endorsement of its value and as an enhancement of its efforts. Thus, the state appropriations must be matched with private sector support equal to at least 100 percent of the state operational funding.

(b) Private sector support in operating Enterprise Florida, Inc., and its divisions includes:

1. Cash given directly to Enterprise Florida, Inc., for its operations, including contributions from at-large members of the board of directors;
2. Cash donations from organizations assisted by the divisions;
3. Cash jointly raised by Enterprise Florida, Inc., and a private local economic development organization, a group of such organizations, or a statewide private business organization that supports collaborative projects;
4. Cash generated by fees charged for products or services of Enterprise Florida, Inc., and its divisions by sponsorship of events, missions, programs, and publications; and
5. Copayments, stock, warrants, royalties, or other private resources dedicated to Enterprise Florida, Inc., or its divisions.

~~(3)(a) Specifically for the marketing and advertising activities of the Division of Tourism Marketing or as contracted through the Florida Tourism Industry Corporation, a one to one match is required of private to public contributions within 4 calendar years after the implementation date of the marketing plan pursuant to s. 288.923.~~

~~(b) For purposes of calculating the required one to one match, matching private funds shall be divided into four categories. Documentation for the components of the four private match categories shall be kept on file for inspection as determined necessary. The four private match categories are:~~

~~1. Direct cash contributions, which include, but are not limited to, cash derived from strategic alliances, contributions of stocks and bonds, and partnership contributions;~~

~~2. Fees for services, which include, but are not limited to, event participation, research, and brochure placement and transparencies;~~

~~3. Cooperative advertising, which is the value based on cost of contributed productions, air time, and print space;~~

~~4. In kind contributions, which include, but are not limited to, the value of strategic alliance services contributed, the value of loaned employees, discounted service fees, items contributed for use in promotions, and radio or television air time or print space for promotions. The value of air time or print space shall be calculated by taking the actual time or space and multiplying by the nonnegotiated unit price for that specific time or space which is known as the media equivalency value. In order to avoid duplication in determining media equivalency value, only the value of the promotion itself shall be included; the value of the items contributed for the promotion may not be included.~~

(4) Enterprise Florida, Inc., shall fully comply with the performance measures, standards, and sanctions in its contract with the department, under s. 20.60. The department shall ensure, to the maximum extent possible, that the contract performance measures are consistent with performance measures that it is required to develop and track under performance-based program budgeting. The contract shall also include performance measures for the divisions.

(4)(5) The Legislature intends to review the performance of Enterprise Florida, Inc., in achieving the performance goals stated in its annual contract with the department to determine whether the public is receiving a positive return on its investment in Enterprise Florida, Inc., and its divisions. It also is the intent of the Legislature that Enterprise Florida, Inc., coordinate its operations with local economic development organizations to maximize the state and local return on investment to create jobs for Floridians.

(5) *By August 15 of each fiscal year, the department shall submit a proposed operating budget for Enterprise Florida, Inc., including amounts to be expended on incentives, business recruitment, advertising, events, other operating capital outlay, and salaries and benefits for each employee to the Governor, the President of the Senate, and the Speaker of the House of Representatives.*

(6)(a) *All contracts executed by Enterprise Florida, Inc., shall be placed for viewing on the corporation's website.*

(b) *A contract entered into between Enterprise Florida, Inc., and any other public or private entity must include:*

1. *The purpose of the contract.*
2. *Specific performance standards and responsibilities for each entity.*
3. *A detailed project or contract budget, if applicable.*
4. *The value of any services provided.*
5. *The projected travel and entertainment expenses for employees and board members, if applicable.*

(c)1. *Any entity that in the previous fiscal year received more than 50 percent of its revenue from Enterprise Florida, Inc., or from a tax imposed pursuant to s. 125.0104, s. 125.0108, or s. 212.0305, and that partners with Enterprise Florida, Inc., in a program or other activity*

offered by or in conjunction with Enterprise Florida, Inc., shall annually report by July 1 all public and private financial data posted on its website to the Governor, the President of the Senate, and the Speaker of the House of Representatives.

2. The financial data shall include:

a. The total amount of revenue received from public and private sources.

b. The operating budget of the partner entity.

c. Employee and board member salary and benefit details from public and private funds.

d. An itemized accounting of all expenditures by the partner entity on behalf of, or coordinated for the benefit of, Enterprise Florida, Inc., its board members, or employees.

e. Itemized travel and entertainment expenditures of the partner entity.

(d) The following information must be posted on the website of Enterprise Florida, Inc.:

1. A plain language version of any contract that is estimated to exceed \$35,000 with a private entity, municipality, county, town, or vendor of services, supplies, or programs, including marketing, or for the purchase or lease or use of lands, facilities, or properties.

2. Any agreement entered into between Enterprise Florida, Inc., and any other entity, including a local government, private entity, or non-profit entity, which receives public funds or funds from a tax imposed pursuant to s. 125.0104, s. 125.0108, or s. 212.0305.

3. The contracts and the required information pursuant to paragraph (b) and the financial data submitted to Enterprise Florida, Inc., pursuant to paragraph (c).

4. Video recordings of each board meeting.

5. A detailed report of expenditures following each marketing or business recruitment event paid for with Enterprise Florida, Inc., funds. Such report must be posted within 10 business days after the event.

6. An annual itemized accounting of the total amount of funds spent by any third party on behalf of Enterprise Florida, Inc., or any board member or employee of Enterprise Florida, Inc.

7. An annual itemized accounting of the total amount of travel and entertainment expenditures by Enterprise Florida, Inc.

(e) The Enterprise Florida, Inc., website must:

1. Allow users to navigate to related sites to view supporting details.

2. Enable a taxpayer to e-mail questions to Enterprise Florida, Inc., and make such questions and Enterprise Florida, Inc., responses publicly viewable.

Section 10. Section 288.905, Florida Statutes, is amended to read:

288.905 President and employees of Enterprise Florida, Inc.—

(1) The board of directors of Enterprise Florida, Inc., shall appoint a president, who shall serve at the pleasure of the Governor. The president shall also be known as the “secretary of commerce” and shall serve as the Governor’s chief negotiator for business recruitment and business expansion.

(2) The president is the chief administrative and operational officer of the board of directors and of Enterprise Florida, Inc., and shall direct and supervise the administrative affairs of the board of directors and any divisions, councils, or boards. The board of directors may delegate to the president those powers and responsibilities it deems appropriate, including hiring and management of all staff, except for the appointment of a president.

(3) The board of directors shall establish and adjust the president’s compensation.

(4) An ~~no~~ employee of Enterprise Florida, Inc., including an officer or agent, the president, or the chief executive officer, may not receive compensation for employment paid from funds received from the state which ~~that~~ exceeds the salary and benefits authorized to be paid to the Governor, ~~unless the board of directors and the employee have executed a contract that prescribes specific, measurable performance outcomes for the employee, the satisfaction of which provides the basis for the award of incentive payments that increase the employee’s total compensation to a level above the salary paid to the Governor.~~ Any payments of performance bonuses or severance pay paid from funds received from the state to employees are prohibited unless specifically authorized by law.

(5) Lodging expenses for an employee of Enterprise Florida, Inc., may not exceed \$150 per day, excluding taxes, unless Enterprise Florida, Inc., is participating in a negotiated group rate discount or Enterprise Florida, Inc., provides documentation of at least three comparable alternatives demonstrating that such lodging at the required rate is not available. However, an employee of Enterprise Florida, Inc., may expend his or her own funds for any lodging expenses in excess of \$150 per day.

(6) Funds of Enterprise Florida, Inc., may not be expended for food, beverages, lodging, entertainment, or gifts for employees of Enterprise Florida, Inc., board members of Enterprise Florida, Inc., or employees of a tourist or economic development entity that receives revenue from a tax imposed pursuant to s. 125.0104, s. 125.0108, or s. 212.0305, unless authorized pursuant to s. 112.061 or this section. An employee or board member of Enterprise Florida, Inc., may not accept or receive food, beverages, lodging, entertainment, or gifts from a tourist or economic development entity that receives revenue from a tax imposed pursuant to s. 125.0104, s. 125.0108, or s. 212.0305, or from any person, vendor, or other entity doing business with the corporation unless such food, beverage, lodging, entertainment, or gift is available to similarly situated members of the general public.

Section 11. For the 2017-2018 fiscal year, the recurring sum of \$26 million and the nonrecurring sum of \$26 million from the State Economic Enhancement and Development Trust Fund and the recurring sum of \$24 million from the Tourism Promotional Trust Fund are appropriated to the Department of Economic Opportunity to contract with the Florida Tourism Industry Marketing Corporation.

Section 12. For the 2017-2018 fiscal year, the recurring sum of \$9.4 million from the State Economic Enhancement and Development Trust Fund and the recurring sum of \$6.6 million from the Florida International Trade and Promotion Trust Fund are appropriated to the Department of Economic Opportunity to contract with Enterprise Florida, Inc., for operational purposes and to maintain its offices but excluding expenditures on any incentive tools or programs unless explicitly authorized by this act. From the funds appropriated from the Florida International Trade and Promotion Trust Fund, Enterprise Florida, Inc., shall allocate \$3.55 million for international programs, \$2.05 million to maintain Florida’s international offices, and \$1 million to continue the Florida Export Diversification and Expansion Programs.

Section 1. *Section 381.986, Florida Statutes, is repealed.*

Section 2. Section 381.99, Florida Statutes, is created to read:

*381.99 Short title.—Sections 381.99-381.9981 may be cited as the “Putting Florida Patients First Act.”*

Section 3. Section 381.991, Florida Statutes, is created to read:

*381.991 Definitions.—As used in ss. 381.99-381.9981, the term:*

(1) *“Allowed amount of marijuana” means the amount of marijuana, or the equivalent amount of marijuana products, which a physician determines is necessary to treat a qualifying patient’s debilitating medical condition.*

(2) *“Batch” means a specifically identified quantity of marijuana or medical marijuana product that is uniform in strain; cultivated using*

the same herbicides, pesticides, and fungicides; and harvested from or produced at the same time at a single permitted facility.

(3) “Caregiver” has the same meaning as provided in s. 29, Art. X, of the State Constitution.

(4) “Cultivation” means the growth and harvesting of marijuana.

(5) “Cultivation license” means a license issued to a medical marijuana treatment center (MMTC) which grants authority to the MMTC to cultivate marijuana.

(6) “Debilitating medical condition” means cancer, epilepsy, glaucoma, positive status for human immunodeficiency virus (HIV), acquired immune deficiency syndrome (AIDS), post-traumatic stress disorder (PTSD), amyotrophic lateral sclerosis (ALS), Crohn’s disease, Parkinson’s disease, multiple sclerosis, paraplegia, quadriplegia, a terminal condition, or other debilitating medical conditions of the same kind or class as, or comparable to, those enumerated and for which a physician believes that the medical use of marijuana would likely outweigh the potential health risks of that use to a patient.

(7) “Department” means the Department of Health.

(8) “Dispense” means the transfer or sale of marijuana from an MMTC to a qualifying patient or to the qualifying patient’s caregiver and may include the delivery of such marijuana transferred or sold.

(9) “Independent testing laboratory” means a laboratory, and the managers, employees, and contractors of the laboratory, which does not have a direct or indirect interest in, and is not owned by or affiliated with, an MMTC.

(10) “Marijuana” has the same meaning as provided in s. 29, Art. X of the State Constitution but is limited to that intended for medical use.

(11) “Medical marijuana patient registry” means an online electronic registry created and maintained by the department to store identifying information for all qualifying patients, caregivers, and physicians who submit physician certification forms to the department.

(12) “Medical marijuana patient registry identification card” means a card issued by the department to qualifying patients and caregivers.

(13) “Medical marijuana product” means a product derived from marijuana, including, but not limited to, an oil, tincture, cream, encapsulation, or food product containing marijuana or any part of the marijuana plant, which is intended for medical use.

(14) “Medical marijuana treatment center” or “MMTC” has the same meaning as provided in s. 29, Art. X of the State Constitution.

(15) “Medical use” has the same meaning as provided in s. 29, Art. X of the State Constitution.

(16) “Minor” means a person who is younger than 18 years of age.

(17) “Physician” means a physician who is licensed under chapter 458 or chapter 459 and who meets the requirements of s. 381.993.

(18) “Principal” means an officer, a director, a billing agent, or a managing employee of an MMTC, or a person or shareholder who has an ownership interest equal to 5 percent or more of an MMTC.

(19) “Process or processing” means the conversion of marijuana into medical marijuana products for a qualifying patient’s use.

(20) “Processing license” means a license issued by the department to an MMTC which grants the MMTC the authority to process marijuana.

(21) “Qualifying patient” has the same meaning as provided in s. 29, Art. X of the State Constitution.

(22) “Retail license” means a license issued by the department to an MMTC which authorizes the MMTC to dispense marijuana and medical marijuana products and to sell related paraphernalia to qualifying patients and caregivers.

(23) “Transportation license” means a license issued by the department to an MMTC which authorizes the MMTC to transport marijuana and medical marijuana products.

Section 4. Section 381.992, Florida Statutes, is created to read:

381.992 Medical marijuana.—

(1) Notwithstanding s. 893.13, s. 893.135, s. 893.147, or any other law, but subject to the requirements in ss. 381.99-381.9981, a qualifying patient, or his or her caregiver, may purchase or acquire from an MMTC and possess up to the allowed amount of marijuana, medical marijuana products, and associated paraphernalia for the qualifying patient’s medical use.

(2) Notwithstanding s. 893.13, s. 893.135, s. 893.147, or any other law, but subject to the requirements in ss. 381.99-381.9981, an MMTC, including its employees and contractors, may acquire, cultivate, possess, process, transfer, transport, sell, distribute, dispense, or administer marijuana. MMTCs may:

(a) Cultivate marijuana only at a cultivation facility;

(b) Process marijuana only at a processing facility;

(c) Sell and distribute marijuana and medical marijuana products only to other MMTCs;

(d) Purchase or acquire marijuana and medical marijuana products only from other MMTCs or qualifying patients, caregivers, or personal representatives who are returning unused marijuana or medical marijuana products;

(e) Dispense marijuana, medical marijuana products, or associated paraphernalia only to qualifying patients and caregivers and only from a permitted facility operated by an MMTC holding a retail license;

(f) Deliver marijuana and medical marijuana products to qualifying patients and caregivers; and

(g) Transport marijuana, medical marijuana products, and associated paraphernalia as necessary for the proper conduct of its business in accordance with the requirements of ss. 381.99-381.9981, including transportation between multiple MMTCs.

(3) Notwithstanding s. 893.13, s. 893.135, s. 893.147, or any other law, but subject to the requirements in ss. 381.99-381.9981, an independent testing laboratory, including its employees and contractors, may receive and possess marijuana for the sole purpose of testing the marijuana for compliance with ss. 381.99-381.9981.

(4) This section does not authorize:

(a) The cultivation of marijuana by any person or entity other than an MMTC holding a cultivation license, or subcontracted entities operating under the license of an MMTC.

(b) The acquisition or purchase of marijuana or medical marijuana products by a qualifying patient or caregiver from any person or entity other than an MMTC holding a retail license.

(c) The use of marijuana or medical marijuana products by anyone other than the qualifying patient for whom the marijuana was certified.

(d) The dispensing of marijuana or medical marijuana products to anyone other than a qualifying patient or caregiver.

(e) The transfer of marijuana or medical marijuana products by a qualifying patient or caregiver to any entity except for the purpose of returning unused marijuana or medical marijuana products to an MMTC.

(f) The use of marijuana or medical marijuana products:

1. On any form of public transportation;

2. In a public place, as defined in s. 877.21; or

3. In a qualifying patient’s place of work, if restricted by his or her employer.

(g) The possession or use of marijuana or medical marijuana products:

1. In a correctional facility, unless approved by the warden or administrator of the facility, administered under medical supervision, and administered and stored in a restricted area inaccessible to inmates other than the qualifying patient.

2. On the grounds of a preschool, primary school, or secondary school, unless authorized by the superintendent.

3. On a school bus.

(5) This section does not exempt any person from the prohibition against driving under the influence as provided under s. 316.193.

(6) Except for s. 386.2045, part II of chapter 386 applies to the smoking of marijuana or medical marijuana products. The department may by rule restrict the smoking of marijuana or medical marijuana products in any facility licensed by this state that provides care or services to children or frail or elderly adults.

Section 5. Section 381.993, Florida Statutes, is created to read:

381.993 *Physician certification; patient and caregiver registration; medical marijuana patient registry identification cards; issuance and renewal of physician certification.*—

(1) **PHYSICIAN CERTIFICATION.**—Before a patient may register with the department and obtain a medical marijuana patient registry identification card, the patient must be certified by a physician, using a physician certification form provided by the department, to be suffering from a debilitating medical condition. The physician must also certify that the benefits to the patient of the medical use of marijuana would likely outweigh the potential health risks. The physician certification must specify the allowed amount of marijuana or medical marijuana products necessary, if such allowed amount is determined, to treat the patient's condition or symptom. A certifying physician must submit the physician certification form to the department by United States mail or electronically, through the department's website.

(a) A physician may certify a patient to the department as a patient if:

1. The physician, in his or her good faith medical judgment, certifies that the patient suffers from one or more debilitating medical conditions;

2. The physician does not have a financial interest in an MMTC or in an independent testing laboratory that conducts tests of marijuana or medical marijuana products; and

3. The physician has successfully completed an 8-hour course and subsequent examination offered by the Florida Medical Association or the Florida Osteopathic Medical Association, as appropriate, which encompasses clinical indications for the appropriate medical use of marijuana, appropriate delivery mechanisms, contraindications of the medical use of marijuana, and relevant state and federal laws governing the ordering, dispensing, and possession of marijuana. The appropriate boards shall offer the course and examination at least annually. Successful completion of the course may be used by the physician to satisfy 8 hours of the continuing medical education requirements imposed by his or her respective board for licensure renewal. The course may be offered in a distance learning format.

(b) If the patient subject to the certification is a minor, the patient's parent or legal guardian must also provide to the physician written consent for the patient's treatment with marijuana before the physician may submit the physician certification form to the department.

(c) Unless the certifying physician certifies a patient to use marijuana for less than 1 year, the patient's physician certification expires when the patient's medical marijuana patient registry identification card expires.

(2) **PATIENT AND CAREGIVER REGISTRATION.**—A patient must register with the department and be issued a medical marijuana patient registry identification card before acquiring or using marijuana or medical marijuana products.

(a) To register, a patient must submit the following to the department:

1. A completed patient and caregiver registration form, provided by the department. If the patient is a minor, a parent or legal guardian of the minor must provide his or her written consent on the patient and caregiver registration form for the minor patient's use of marijuana or medical marijuana products. Without the written consent of a parent or legal guardian, a minor patient may not be registered and may not obtain a medical marijuana patient registry identification card; and

2. Separate passport-type, color photographs, taken within 90 days before submission to the department, of the patient and of each of the patient's caregivers, if any.

(b) An adult qualifying patient may, at his or her initial registration or at any time while a qualifying patient, designate a caregiver. The adult qualifying patient may also designate up to two additional caregivers to assist him or her with the medical use of marijuana, who may be selected from among the patient's spouse, parents, legal guardians, adult children, siblings, or the employees of the assisted living facility or other health care facility where the qualifying patient resides. A caregiver must meet the following requirements:

1. Be at least 18 years of age;

2. Complete a 2-hour medical marijuana caregiver training course offered by the department; and

3. Have passed a level 2 background screening pursuant to chapter 435 within the previous year. The following persons are exempt from this subparagraph:

a. The qualifying patient's spouse, parents, legal guardian, adult children, or siblings; and

b. A health care worker who is subject to s. 408.809, who is caring only for the qualifying patient and other patients who reside in the same assisted living facility, nursing home, or other such facility, and who is an employee of that facility.

(c) A caregiver may not assist more than one qualifying patient at any given time unless all of his or her qualifying patients:

1. Are the parents, legal guardians, or adult children of the caregiver or are siblings having a common parent or legal guardian with each other and the caregiver. This exception also applies to an adult for whom the caregiver is a legal guardian;

2. Are first-degree relatives of each other who share a common residence; or

3. Reside in the same assisted living facility, nursing home, or other such facility and the caregiver is an employee of that facility.

(d) When registering a minor patient, the department shall designate the parent or legal guardian who provided his or her written consent on the patient and caregiver registration form as the minor patient's caregiver, unless the department determines that person to be unqualified, unavailable, or unwilling to be the caregiver. In that instance, the department shall designate another parent or legal guardian of the minor patient as his or her caregiver. A minor patient may not purchase or acquire marijuana or medical marijuana products. The caregiver of a minor patient is responsible for all marijuana and medical marijuana products purchased, acquired, or possessed for the minor patient.

(e) If the department determines that, for any reason, a caregiver designated by a qualifying patient may not assist that qualifying patient, the department must notify the qualifying patient that the caregiver's registration is disallowed.

(3) **DEPARTMENT RESPONSIBILITIES.**—

(a) By November 1, 2017, the department shall create:

1. A physician certification form and a patient and caregiver registration form and make the forms available to the public. The forms must contain space and fields sufficient to allow the submission of the information required to be included in the file of a qualifying patient and

the files of the qualifying patient's caregiver and certifying physicians maintained in the medical marijuana patient registry pursuant to s. 381.994(1). In addition, the patient and caregiver registration form must require the parent or legal guardian of a minor patient to provide written consent for the minor patient to use marijuana or medical marijuana products; and

2. A 2-hour medical marijuana caregiver training course. The course must be available online and for the public to attend at permitted facilities operated by an MMTC holding a retail license. The training course must include, at a minimum, routes of administration, details on possible side effects of and adverse reactions to marijuana and medical marijuana products, and patient and caregiver restrictions and responsibilities under this act and department rule.

(b) Beginning as soon as practicable, but not later than December 3, 2017, the department shall, within 14 days after a patient submits the documentation required in paragraph (2)(a) to register with the department and a physician submits a physician certification form for that patient to the department:

1. Register the qualifying patient, his or her caregiver, and the certifying physician in the medical marijuana patient registry and enter the information required under s. 381.994(1) in the patient's, caregiver's, and certifying physician's registry files. The department shall enter the allowed amount of marijuana recommended by the qualifying patient's physician and the length of time for which the physician recommends the patient medically use marijuana, as recorded on the physician certification form, if applicable; and

2. Issue medical marijuana patient registry identification cards to the qualifying patient and, if applicable, to the qualifying patient's caregiver.

(c) A medical marijuana patient registry identification card issued to a qualifying patient must be resistant to counterfeiting and must include, but need not be limited to, the following information:

1. The qualifying patient's full legal name;
2. The qualifying patient's photograph, submitted as required under paragraph (2)(a);
3. A randomly assigned identification number;
4. The qualifying patient's allowed amount of marijuana;
5. If applicable, the full legal name and corresponding medical marijuana patient registry identification card number for each of the qualifying patient's caregivers, if any; and
6. The expiration date of the card.

(d) A medical marijuana patient registry identification card issued to a caregiver must be resistant to counterfeiting and must include, but need not be limited to, the following information:

1. The caregiver's full legal name;
2. The caregiver's photograph, submitted as required under paragraph (2)(a);
3. A randomly assigned identification number;
4. The expiration date of the card; and
5. If the caregiver is assisting three or fewer qualifying patients, the full legal name, medical marijuana patient registry identification card number, and the allowed amount of marijuana for each of the caregiver's qualifying patients; or
6. If the caregiver is assisting four or more qualifying patients, a statement that the caregiver is assisting multiple patients.

(e) A person who is a caregiver for more than one qualifying patient must have a separate medical marijuana patient registry identification card linked to each qualifying patient for whom he or she is a caregiver.

(f) The department may contract with independent third parties, through competitive procurement, to fulfil the requirements of this paragraph.

(4) EXPIRATION AND RENEWAL OF PATIENT AND CAREGIVER REGISTRATION AND REGISTRY IDENTIFICATION CARDS.— Unless the certifying physician certifies a patient to use marijuana for less than 1 year, a qualifying patient's, and, if applicable, his or her caregiver's registration with the department under subsection (2) and their medical marijuana patient registry identification cards expire 1 year after the date the qualifying patient's medical marijuana patient registry identification card is issued under subparagraph (3)(b)2. In order to renew the registration and the medical marijuana patient registry identification cards of the qualifying patient and his or her caregiver, a physician must certify to the department:

(a) That he or she has examined the patient during the course of the patient's treatment with marijuana;

(b) That the patient suffers from a debilitating medical condition;

(c) That the medical use of marijuana would likely outweigh the potential health risks for the patient;

(d) The allowed amount of marijuana, if the physician has determined a specified amount is necessary to treat the patient; and

(e) The length of time the physician recommends the patient medically use marijuana.

If the qualifying patient is a minor, a parent or legal guardian of the qualifying patient must indicate in writing his or her continued consent for the qualifying minor patient's treatment using marijuana.

(5) PATIENT AND CAREGIVER DISQUALIFICATION.—

(a) If the department becomes aware of information that would disqualify a qualifying patient or caregiver from being registered with the department under this section, the department must notify the qualifying patient or caregiver, as applicable, of the change in his or her status as follows:

1. For a qualifying patient, at least 30 days before removing the patient from the medical marijuana patient registry, the department shall give notice of such action to the qualifying patient at the address in the registry. It is the patient's duty to ensure the return of all marijuana and medical marijuana products and his or her medical marijuana patient registry identification card to a permitted facility operated by an MMTC holding a retail license within 30 days after receiving the notice. Such retail facility must notify the department within 24 hours after it has received a return of marijuana, medical marijuana products, or a medical marijuana patient registry identification card. The retail facility may provide such notice electronically.

2. For a caregiver, at least 15 days before removing the caregiver from the medical marijuana patient registry, the department shall give notice of such action to the caregiver and the caregiver's qualifying patient. It is the caregiver's duty to ensure the return of his or her medical marijuana patient registry identification card to a permitted facility operated by an MMTC holding a retail license within 15 days after receiving the notice. Such retail facility must notify the department within 24 hours after it has received such a return. The retail facility may provide such notice electronically.

(b) If a qualifying patient dies, it is the duty of the qualifying patient's caregiver or the qualifying patient's personal representative to ensure the return of all marijuana and medical marijuana products and the qualifying patient's medical marijuana patient registry identification card to a permitted facility operated by an MMTC holding a retail license within 30 days after the patient's death. Within 30 days after the qualifying patient's death, the qualifying patient's caregiver must return his or her medical marijuana patient registry identification card linked to the deceased patient to such a retail facility. If a caregiver dies, it is the duty of the qualifying patient or the caregiver's next of kin to ensure the return of the caregiver's medical marijuana patient registry identification card to such a retail facility within 30 days after the caregiver's death. When receiving the medical marijuana patient registry identification card of a deceased qualifying patient, the caregiver of a deceased patient, or a deceased caregiver, such retail facility must update the

medical marijuana patient registry to note the death of the deceased and notify the department of the return of the medical marijuana patient registry identification cards. The retail facility may provide such notice electronically.

(c) The department shall, on a quarterly basis, compare all of the qualifying patients and caregivers in the medical marijuana patient registry with the records of deaths on file in its electronic death registration system in order to identify any qualifying patient or caregiver who is deceased but is not yet identified as such in the registry. If the department becomes aware that a qualifying patient or caregiver is deceased, the department must send notice to the appropriate party of his or her duties under paragraph (b) and adjust the qualifying patient's or caregiver's file in the medical marijuana patient registry.

(d) If, after a qualifying patient or caregiver is disqualified or deceased or a qualifying patient's or caregiver's registration has expired, the department becomes aware that the qualifying patient's or caregiver's medical marijuana patient registry identification card has not been returned to a permitted facility operated by an MMTC holding a retail license, the department must send a second notice to the qualifying patient or caregiver and notify the local police department or sheriff's office of the expired or cancelled medical marijuana patient registry identification card.

(e) The department may adopt rules as necessary to implement a process for an MMTC holding a retail license to accept and dispose of returned marijuana or medical marijuana products and patient and caregiver medical marijuana patient registry identification cards.

Section 6. Section 381.994, Florida Statutes, is created to read:

**381.994 Medical marijuana patient registry.—**

(1) The department shall create a secure, online medical marijuana patient registry that contains a file for each qualifying patient and caregiver and for each certifying physician. The department is authorized to contract with third parties to implement the requirements of this section.

(a) The file for a qualifying patient must include, but need not be limited to:

1. The qualifying patient's full legal name;
2. The qualifying patient's photograph, submitted as required under s. 381.993(2)(a);
3. The randomly assigned identification number on the qualifying patient's medical marijuana patient registry identification card;
4. The qualifying patient's allowed amount of marijuana;
5. The full legal name and corresponding identification number of the medical marijuana patient registry identification card of each of the qualifying patient's caregivers, if any;
6. The recommended duration for the medical use of marijuana as stated on the patient's physician recommendation;
7. The expiration date of the qualifying patient's medical marijuana patient registry identification card; and
8. The date and time that marijuana or medical marijuana products are dispensed and the amount of marijuana or medical marijuana products dispensed, for each of the qualifying patient's transactions with an MMTC holding a retail license.

(b) The file for a caregiver must include, but need not be limited to:

1. The caregiver's full legal name;
2. The caregiver's photograph, submitted as required under s. 381.993(2)(a);
3. The randomly assigned identification number on each of the caregiver's medical marijuana patient registry identification cards;

4. The full legal names and identification numbers on the medical marijuana patient registry identification cards of the qualifying patients who have designated the caregiver, each patient linked to the caregiver's medical marijuana patient registry identification card number for that patient;

5. The allowed amount of marijuana, if applicable, as entered in the qualifying patient's file in the medical marijuana patient registry, for each qualifying patient to whom the caregiver's cards are linked;

6. The expiration dates of the caregiver's medical marijuana patient registry identification cards; and

7. The date and time that marijuana or medical marijuana products are dispensed and the amount of marijuana or medical marijuana products dispensed, for each of the registered caregiver's transactions with an MMTC holding a retail license.

(c) The file for a certifying physician must include, but need not be limited to:

1. The certifying physician's full legal name; and
  2. The certifying physician's license number.
- (2) The medical marijuana patient registry must meet all of the following criteria:

(a) Be accessible to MMTCs holding a retail license to verify the authenticity of a medical marijuana patient registry identification card, to verify a qualifying patient's allowed amount of marijuana and medical marijuana products, and to determine the prior dates and times when marijuana was dispensed to the qualifying patient or the qualifying patient's caregiver and the amount dispensed on each occasion.

(b) Be able to accept in real time an original or a new physician certification form from a certifying physician which includes an original or updated physician recommendation for a qualifying patient's allowed amount of marijuana.

(c) Be accessible to law enforcement in real time in order to verify authorization for the possession of marijuana by a qualifying patient or caregiver.

(d) Be able to accept and post initial and updated information to each qualifying patient's or caregiver's file from an MMTC holding a retail license which shows the date, time, and amount of marijuana dispensed to that qualifying patient or caregiver at the point of sale.

Section 7. Section 381.995, Florida Statutes, is created to read:

**381.995 Medical Marijuana Treatment Centers.—**

(1) **DEPARTMENT RESPONSIBILITIES.—**The department shall establish operating standards for the cultivation, processing, packaging, and labeling of marijuana; standards for the sale of marijuana; procedures and requirements for the registration and registration renewal of MMTCs, for the issuance and renewal of cultivation, processing, transportation, and retail licenses, and for the issuance and renewal of cultivation facility, processing facility, transportation, and retail facility permits; procedures for registering all principals, employees, and contractors of MMTCs who will participate in the operations of the MMTC; and procedures for issuing MMTC employee identification cards to registered principals, employees, and contractors of MMTCs.

(2) **MMTC REGISTRATION.—**

(a) The department shall charge a registration fee upon initial registration of an MMTC not to exceed \$1,000 and a renewal fee upon the renewal of an MMTC's registration not to exceed \$500. The department shall develop a registration form for registration which, at a minimum, must require the applicant to indicate:

1. The full legal name of the applicant;
2. The physical address of each location where marijuana will be cultivated, processed, dispensed, or stored, as applicable to the indicated function of the applicant;

3. The name, address, and date of birth of each of the applicant's principals;

4. The name, address, and date of birth of each of the applicant's current employees and contractors who will participate in the operations of the MMTC; and

5. The marijuana production functions in which the applicant intends to engage, which may include one or more of the following:

- a. Cultivation;
- b. Processing;
- c. Dispensing; and
- d. Transporting.

(b) By October 3, 2017, the department shall begin registering MMTCs that have submitted completed applications for registration. To be registered as an MMTC, an applicant must submit to the department:

1. A completed registration form;
2. The initial registration fee;
3. Registration and MMTC employee identification card applications for all principals, employees, and contractors who will participate in the operations of the MMTC;
4. Proof that all principals who will not participate in the operations of the MMTC have passed a level 2 background screening pursuant to chapter 435 within the previous year;
5. Proof of the financial ability to maintain operations for the duration of the registration; and
6. A \$1 million performance and compliance bond, to be forfeited if the MMTC fails to comply with the registration requirements of this subsection during the registration period or fails to comply with the material requirements of this section that are applicable to the functions the applicant intends to perform as indicated on the registration application.

Registration as an MMTC may not be granted until all principals, employees, and contractors who will participate in the operations of the MMTC have registered with the department and have been issued MMTC employee identification cards.

(c) An MMTC registration lasts for a period of 2 years and must be renewed by the MMTC before the registration's expiration in a manner consistent with department rule for the renewal of MMTC registrations.

(d) MMTCs may not cultivate, process, dispense, or transport marijuana or medical marijuana products without first obtaining the corresponding license for that function from the department as required in this section.

(e) The department shall develop rules administering the use of a seed-to-sale real time tracking system for medical marijuana products. An MMTC may not be registered unless it demonstrates the capability of complying with the requirements of the seed-to-sale tracking system. The department may contract with a third party to develop or administer the seed-to-sale tracking system.

### (3) LICENSE AND PERMIT APPLICATION AND RENEWAL FEES.—

(a) The department may charge an initial application fee not to exceed \$1,000, a licensure fee not to exceed \$50,000, and a biennial renewal fee not to exceed \$50,000 for a cultivation license.

(b) For a processing license, the department may charge an initial application fee not to exceed \$1,000, a licensure fee not to exceed \$50,000, and a biennial renewal fee not to exceed \$50,000.

(c) For a retail license, the department may charge an initial application fee not to exceed \$1,000, a licensure fee not to exceed \$10,000, and a biennial renewal fee not to exceed \$10,000.

(d) For a transportation license, the department may charge an initial application fee not to exceed \$1,000, a licensure fee not to exceed \$10,000, and a biennial renewal fee not to exceed \$10,000.

(e) For each facility permit issued, the department may charge an initial permitting fee not to exceed \$5,000 and a biennial renewal fee not to exceed \$5,000.

(4) **CULTIVATION AND PROCESSING LICENSES.**—The department shall begin issuing cultivation licenses and processing licenses by October 3, 2017.

(a) An MMTC may apply for a cultivation license, a processing license, or both. When applying, the MMTC must provide the department, at a minimum, with all of the following:

1. A completed cultivation license or processing license application form;
2. The initial application fee, which must be submitted with the completed application form;
3. The physical address of each location where marijuana will be cultivated, processed, or stored;
4. Proof of an established infrastructure or the ability to establish an infrastructure in a reasonable amount of time which is designed to, as applicable to the license or licenses requested, cultivate, process, test, package, or label marijuana or medical marijuana products and to maintain the infrastructure's security and prevent the theft or diversion of any marijuana or medical marijuana product;
5. Proof that the applicant possesses the technical and technological ability to cultivate and test marijuana or process and test marijuana, as applicable to the license or licenses requested;
6. Proof of operating procedures designed to secure and maintain accountability for all marijuana, medical marijuana products, and marijuana-related byproducts that come into the applicant's possession, and comply with the required seed-to-sale tracking system;
7. Proof of at least \$1 million of hazard and liability insurance for each facility where cultivation or processing of marijuana or medical marijuana products occur; and
8. The licensure fee, which the department must receive before it may issue the license.

(b) Cultivation licenses and processing licenses expire 2 years after the date issued. The licensee must apply for a renewed license before the expiration date. In order to receive a renewed license, the licensee must meet all of the requirements for initial licensure; must provide all of the documents required under paragraph (a), accompanied by the renewal fee, but not by the initial application fee or licensure fee; and must not have any outstanding substantial violations of the standards adopted by department rule for the cultivation, processing, testing, packaging, and labeling of marijuana and medical marijuana products.

(c) Before beginning cultivation or processing, the licensee must obtain an operating permit from the department for each facility where cultivation or processing will occur. Upon receiving a request for a permit from a licensee, the department shall inspect the facility pursuant to subsection (8) for compliance with state law, and rules adopted thereunder, and, upon a determination of compliance, shall issue an operating permit for the facility. The department must issue or deny the operating permit for a facility within 30 days after receiving the request for a permit.

(d) If a facility's operating permit expires, the facility must cease all applicable operations until the department reinspects the facility and issues a new operating permit upon a determination of compliance.

(e) Cultivation facilities and processing facilities must be secure and closed to the public and may not be located within 1,000 feet of an existing public or private elementary or secondary school, a child care facility as defined in s. 402.302, or a licensed service provider offering substance abuse services. The department may establish by rule additional security and zoning requirements for cultivation facilities and processing facilities. All matters regarding the permitting and regula-

tion of cultivation facilities and processing facilities, including the location of such facilities, are preempted to the state.

(f) Licensees under this subsection may use contractors to assist with the cultivation or processing of marijuana, as applicable, but the licensee is ultimately responsible for all of the operations performed by each contractor relating to the cultivation or processing of marijuana and is responsible for the physical possession of all marijuana and medical marijuana products. All work done by a contractor must be performed at a facility with an operating permit issued by the department. All principals and employees of contractors contracted by a licensee under this subsection who will participate in the operations of the licensee must be registered with the department and issued MMTC employee identification cards.

(g) All marijuana byproducts that cannot be processed or that cannot be reprocessed into medical marijuana products must be destroyed by the cultivation or processing licensee or its contractor within 30 days after the production of the byproducts.

(h) Licensees under this subsection may wholesale marijuana and medical marijuana products only to other MMTCs.

(i) Transport or delivery of marijuana or medical marijuana products outside of property owned by a licensee under this subsection may be performed only by an MMTC that holds a transportation license issued pursuant to subsection (6).

(5) **RETAIL LICENSES.**—The department shall begin issuing retail licenses by October 3, 2017.

(a) An MMTC may apply for a retail license. When applying, the MMTC must provide the department, at a minimum, with all of the following:

1. A completed retail license application form;
2. The initial application fee, which must be submitted with the completed application form;
3. A statement by the applicant indicating whether the applicant intends to dispense by delivery. A retail licensee may not deliver marijuana or medical marijuana products without also obtaining a transportation license pursuant to subsection (6);
4. The physical address of each location where marijuana or medical marijuana products will be dispensed or stored;
5. Identifying information for all other current or previous retail licenses held by the applicant or any of the applicant's principals;
6. Proof of an established infrastructure, or the ability to establish an infrastructure in a reasonable amount of time, which is designed to receive marijuana or medical marijuana products from a cultivation licensee or a processing licensee and to maintain the infrastructure's security and prevent the theft or diversion of any marijuana or medical marijuana product;
7. Proof of operating procedures designed to secure and maintain accountability for all marijuana and medical marijuana products that the applicant receives and possesses; ensure that the allowed amount of marijuana and the specified type of marijuana is correctly dispensed to a qualifying patient or his or her caregiver pursuant to a physician's certification; and monitor the medical marijuana patient registry and electronically update the registry with dispensing information;
8. Proof of at least \$500,000 of hazard and liability insurance for each facility where marijuana or medical marijuana products are dispensed or stored; and
9. The licensure fee, which the department must receive before it may issue the license.

(b) A retail license expires 2 years after the date it is issued. The retail licensee must apply for a renewed license before the expiration date. In order to receive a renewed license, a retail licensee must meet all of the requirements for initial licensure; must provide all of the documents required under paragraph (a), accompanied by the renewal fee, but not by the initial application fee or licensure fee; and must not have any

outstanding substantial violations of the applicable standards adopted by department rule.

(c) Before beginning to dispense or store marijuana or medical marijuana products, the licensee must obtain an operating permit from the department for each facility where marijuana or medical marijuana products will be dispensed or stored. Upon receiving a request for a permit from a licensee, the department shall inspect the facility pursuant to subsection (8) for compliance with state law, and rules adopted thereunder. Upon a determination of compliance, and if the county has not reached its maximum number of permits and has not disallowed permits in that county pursuant to paragraph (e), the department shall issue an operating permit for the facility. The department must issue or deny the operating permit for a facility within 30 days after receiving the request for a permit. An MMTC holding a retail license must have a separate operating permit for each retail facility it operates.

(d) The department may not grant an operating permit if the proposed retail facility is located within 1,000 feet of an existing public or private elementary or secondary school, a child care facility as defined in s. 402.302, or a licensed service provider offering substance abuse services.

(e) The number of permitted retail facilities in a county may not exceed one for each 25,000 residents of the county. The governing body of a county or municipality may, by ordinance, refuse to allow retail facilities to be located within its jurisdiction, but may not prohibit an MMTC with a retail license from locating within its jurisdiction if the licensee is using a transportation operating permit to deliver medical marijuana products to qualifying patients within the jurisdiction. The department may not issue an operating permit for a retail facility in a county or municipality where the board of county commissioners of that county or the city council or other legislative body of that municipality has adopted such an ordinance. A county or municipality may levy a local business tax on a retail facility. If the number of operating permit applications determined by the department to comply with state law and rules adopted thereunder for retail facilities located in the same county exceeds the number of operating permits allowed for that county under this paragraph, the department shall employ a lottery system to determine the issuance of operating permits for that county and may not issue more than one operating permit in that county to a single MMTC. The department may issue an operating permit to an MMTC for an additional retail facility in the same county if the remaining number of allowed, but as yet unissued, permits in that county is greater than the number of qualified applications filed by applicants holding fewer operating permits in that county than the MMTC. An ordinance adopted by a municipality or county pursuant to this paragraph may not:

1. Provide exclusive access to one or several individuals or entities to operate retail facilities within the jurisdiction.
2. Prohibit specific individuals or entities from operating a retail facility within the jurisdiction if the ordinance allows retail facilities to operate in the jurisdiction.
3. Prohibit the delivery of medical marijuana products to qualifying patients within the jurisdiction by a properly licensed MMTC located within the jurisdiction.

(f) Before the expiration of an operating permit for a retail facility, the licensee shall apply for a renewal permit and the department shall reinspect the facility and issue a new operating permit for that facility upon a determination of compliance.

(g) A retail licensee or an employee of the retail licensee may dispense the allowed amount of marijuana to a qualifying patient or the patient's caregiver only if the retail licensee or employee:

1. Verifies the authenticity of the qualifying patient's or caregiver's medical marijuana patient registry identification card with the medical marijuana patient registry;
2. Verifies the physician's prescription for marijuana with the medical marijuana patient registry;
3. Determines that the qualifying patient has not been dispensed the allowed amount of marijuana within the previous 29 days, if an allowed amount has been determined by his or her physician;

4. Issues to the qualifying patient or the qualifying patient's caregiver a receipt that details the date and time of dispensing, the amount of marijuana dispensed, and the person to whom the marijuana was dispensed; and

5. Updates the medical marijuana patient registry with the date and time of dispensing and the amount and type of marijuana being dispensed to the qualifying patient before dispensing to the qualifying patient or the qualifying patient's caregiver.

(h) A retail facility may not repackage or modify a medical marijuana product that has already been packaged for retail sale by a cultivation or processing licensee, unless the repackaging is of unprocessed marijuana and is done in accordance with instructions from the cultivator and such repackaging is documented in the required seed-to-sale tracking system.

(i) A retail licensee may contract with an MMTC that has a transportation license to transport marijuana and medical marijuana products between properties owned by the retail licensee, deliver the marijuana and medical marijuana products to the residence of a qualifying patient, and pick up returns of marijuana and medical marijuana products.

(j) Onsite consumption of marijuana or medical marijuana products at a retail facility is prohibited.

(6) **TRANSPORTATION LICENSES.—**

(a) The department shall adopt rules under which it will issue transportation licenses to MMTCs and permit vehicles under this subsection. An MMTC may apply for a transportation license. When applying, the MMTC must provide the department, at a minimum, with all of the following:

1. The physical address of the licensee's place of business;
2. Proof of a documentation system in accordance with the required seed-to-sale tracking system, including transportation manifests, for the transportation of marijuana and medical marijuana products between licensed facilities and to qualifying patients;
3. Proof of health and sanitation standards for the transportation of marijuana and medical marijuana products; and
4. Proof that all marijuana and medical marijuana products transported between licensed facilities will be transported in tamper-evident shipping containers.

(b) Medical marijuana may not be transported on the property of an airport, a seaport, a spaceport, or any property of the Federal Government.

(c) A transportation licensee may transport marijuana or medical marijuana products only in a vehicle that is owned or leased by the licensee or a contractor of the licensee and for which a valid vehicle permit has been issued by the department.

(d) A vehicle permit may be obtained by an MMTC holding a transportation license upon application and payment of a fee of \$500 per vehicle to the department. The MMTC must designate an employee or contracted employee as the driver for each permitted vehicle. Such designation must be displayed in the vehicle at all times. The permit remains valid and does not expire unless the MMTC or its contractor disposes of the permitted vehicle or the MMTC's registration or transportation license is transferred, cancelled, not renewed, or revoked by the department. The department shall cancel a vehicle permit upon the request of the MMTC or its contractor.

(e) By acceptance of a license issued under this subsection, the MMTC and its contracted agent, if applicable, agree that a permitted vehicle is, at all times it is being used to transport marijuana or medical marijuana products, subject to inspection and search without a search warrant by authorized employees of the department, sheriffs, deputy sheriffs, police officers, or other law enforcement officers to determine that the MMTC is operating in compliance with this section.

(f) An MMTC with a transportation license may deliver, or contract for the delivery of, marijuana and medical marijuana products to qual-

ifying patients and caregivers within the state. An MMTC or its contractor must verify the identity of the qualifying patient upon placement of the delivery order and again upon delivery. Deliveries may only be made to the same qualifying patient who placed the order or, if the patient is unable to accept delivery, his or her caregiver. A county or municipality may not prohibit deliveries of marijuana or medical marijuana products to qualifying patients within the county or municipality. The department shall adopt rules specific to the delivery of marijuana and medical marijuana products to qualifying patients and caregivers. Such rules must include:

1. Procedures for verifying the identity of the person submitting and receiving a delivery, including required training for delivery personnel; and

2. A maximum retail value for all marijuana, medical marijuana products, and currency that may be in the possession of an MMTC employee or contractor while making a delivery. The minimum value established by rule may not be less than \$5,000.

(g) Licensees under this subsection may use contractors to assist with the transportation of marijuana but the licensee is ultimately responsible for all of the actions and operations of each contractor relating to the transportation of marijuana and must know the location of all marijuana and medical marijuana products at all times. All principals and employees of contractors contracted by a licensee under this subsection who will participate in the operations of the licensee must be registered with the department and issued an MMTC employee identification card.

(7) **ADVERTISING PROHIBITED.—**An MMTC may not advertise its marijuana or medical marijuana products. As used in this subsection, the term "advertise" means to advise on, announce, give notice of, publish, or call attention to a product by use of an oral, written, or graphic statement made in a newspaper or other publication, on radio or television, or in any electronic medium; contained in a notice, handbill, flyer, catalog, letter, or sign, including signage on a vehicle; or printed on or contained in a tag or label attached to or accompanying marijuana or a medical marijuana product.

(8) **INSPECTIONS OF MMTC FACILITIES.—**

(a) Inspections of MMTC facilities, other than those inspections required to determine compliance with firesafety standards or building codes or for law enforcement purposes, are preempted to the state and may be conducted by the department. The department shall inspect and permit for operation each MMTC facility used for cultivation, processing, or dispensing marijuana or medical marijuana products before the facility begins operations. The department shall inspect each permitted facility, as well as any property used for the cultivation of marijuana, at least once every 2 years. The department may conduct additional announced or unannounced inspections of a permitted facility at reasonable hours in order to ensure compliance with state law, rules, and standards set by the department. The department or a law enforcement agency may test any marijuana or medical marijuana product in order to ensure that such marijuana or medical marijuana product meets the safety and labeling standards established by the department. The department may, by interagency agreement with the Department of Business and Professional Regulation or the Department of Agriculture and Consumer Services, perform joint inspections of such facilities with these agencies.

(b) By October 3, 2017, the department shall adopt rules governing the inspection of permitted facilities including procedures for permitting and reasonable standards for the operation of facilities used for cultivation, processing, or dispensing marijuana and medical marijuana products.

(9) **ACCESS TO PERMITTED FACILITIES.—**The department shall adopt rules governing access to permitted facilities and delineating limited access areas, restricted access areas, and general access areas at all licensed facilities. Access to limited access areas must be limited to MMTC principals, employees, and contractors who have been registered with the department and have an MMTC employee identification card and to visitors escorted by an individual who has such a card. Access to restricted access areas must be limited to MMTC principals, employees, and contractors who have been registered with the department and issued an MMTC employee identification card, visitors escorted by an individual who has such a card, and qualifying patients and their

caregivers. The department may adopt rules governing visitor access to limited access and restricted access areas, including, but not limited to, the number of visitors that may be escorted on the premises at any given time and the number of visitors that may be escorted by a single employee.

**(10) MMTC AND CONTRACTOR PERSONNEL REGISTRATION AND MMTC EMPLOYEE IDENTIFICATION CARDS.—**

(a) By October 3, 2017, the department shall adopt rules governing the registration of MMTC principals, employees, and contractors who participate in the operations of the MMTC. The department may charge a reasonable fee when issuing and upon annually renewing an MMTC employee identification card. Before hiring or contracting with any individual who is not registered with the department or who does not possess a current MMTC employee identification card, an MMTC must submit an application for the registration of that person as an MMTC employee to the department. The department shall adopt by rule a form for such applications which requires the applicant to at least provide all of the following:

1. His or her full legal name, social security number, date of birth, and home address;
2. A full color, passport-type photograph taken within the past 90 days;
3. Proof that he or she has passed a level 2 background screening pursuant to chapter 435 within the previous year; and
4. Whether the applicant will be authorized by the MMTC to possess marijuana or medical marijuana products while not on MMTC property.

(b) Once the department has received a completed application and fee from an MMTC, the department shall register the principal, employee, or contractor associated with the MMTC and issue him or her an MMTC employee identification card that, at a minimum, includes all of the following:

1. The employee's name and the name of the MMTC that employs him or her;
2. The employee's photograph, as required under paragraph (a);
3. The expiration date of the card, which is 1 year after the date of its issuance; and
4. Whether the employee is authorized by the MMTC to possess marijuana or medical marijuana products while not on MMTC property.

(c) If any information provided to the department for the registration of an MMTC principal, employee, or contractor or in the application for an MMTC employee identification card changes or if the registered person's status with the MMTC changes, the registered person and the MMTC must update the department with the new information or status within 7 days after the change.

**(11) ADDITIONAL REQUIREMENTS.—**

(a) An MMTC is responsible for knowing and complying with all state laws and rules governing marijuana.

(b) The premises of a permitted facility must comply with all security and surveillance requirements established by department rule before the licensee cultivates, sells, possesses, processes, tests, or dispenses any marijuana or medical marijuana products at the licensed facility. All areas of ingress or egress to limited or restricted access areas of the permitted facility must be clearly identified as such by signage approved by the department.

(c) A licensee must possess and maintain possession of the facility for which a permit is issued by ownership, lease, rental, or other arrangement.

(d) A licensee must keep complete and current records for the current tax year and the 3 preceding tax years necessary to fully show the business transactions of the licensee, all of which must be open at all times during business hours for inspection and examination by the de-

partment and authorized representatives of the Department of Law Enforcement, as required by department rule.

(e) A licensee must establish an inventory tracking system that is approved by the department in compliance with the required seed-to-sale tracking system.

(f) All marijuana and medical marijuana products must meet the labeling and packaging requirements established by department rule.

**(12) VIOLATIONS, FINES, AND ADMINISTRATIVE PENALTIES.—**

(a) The department shall adopt by rule a schedule of violations in order to impose reasonable fines, not to exceed \$10,000 per violation, on an MMTC. In determining the amount of the fine to be levied for a violation, the department shall consider:

1. The severity of the violation;
2. Any action taken by the MMTC to correct the violation or to remedy complaints; and
3. Any previous violations.

(b) The department may suspend, revoke, deny, or refuse to renew an MMTC's registration or function-specific license or impose an administrative penalty not to exceed \$10,000 per violation for:

1. Violating this act or department rule;
2. Failing to maintain qualifications for registration or licensure;
3. Endangering the health, safety, or security of a qualifying patient or caregiver;
4. Improperly disclosing personal and confidential information of a qualifying patient or caregiver;
5. Attempting to procure a registration, license, or permit by bribery or fraudulent misrepresentation;
6. Being convicted or found guilty of, or entering a plea of nolo contendere to, regardless of adjudication, a crime in any jurisdiction which directly relates to the business of an MMTC;
7. Making or filing a report or record that the MMTC knows to be false;
8. Willfully failing to maintain a record required by this section or rule of the department;
9. Willfully impeding or obstructing an employee or agent of the department in the furtherance of his or her official duties;
10. Engaging in fraud, deceit, negligence, incompetence, or misconduct in the business practices of an MMTC;
11. Making misleading, deceptive, or fraudulent representations in or related to the business practices of an MMTC; or
12. Violating a lawful order of the department or an agency of the state or failing to comply with a lawfully issued subpoena of the department or an agency of the state.

(13) **MMTC LIST.**—The department shall maintain on its website a publicly available, easily accessible list of the names and locations of all retail licensees operating under active retail facility function permits.

(14) **DISPENSING ORGANIZATION GRANDFATHERING.**—As soon as practicable after the effective date of this act and not later than October 3, 2017, the department shall:

(a) Register each dispensing organization that is in compliance with the requirements of, and that was approved pursuant to, chapter 2014-157, Laws of Florida, or chapter 2016-123, Laws of Florida, as an MMTC, effective retroactively to the date of the dispensing organization's approval as a dispensing organization;

(b) Issue each such dispensing organization one cultivation license, one processing license, one retail license, and one transportation license; and

(c) For each such dispensing organization facility in operation on or before July 1, 2017, issue the applicable permit for the function or functions performed at that facility to the dispensing organization.

Section 8. Section 381.996, Florida Statutes, is created to read:

381.996 *Medical marijuana testing and labeling.*—

(1) To ensure accurate reporting of test results, the department shall adopt by rule a certification process and testing standards for independent testing laboratories. The Department of Agriculture and Consumer Services shall provide resources to the department regarding the certification process and standards for laboratories that test similar agricultural products and their derivatives in this state. The standards must include, but need not be limited to, educational requirements for laboratory directors, proficiency testing for professional licensees employed by a laboratory, standard operating procedures, and quality control procedures for testing.

(2) An MMTC may not distribute or sell marijuana or a medical marijuana product to a retail licensee unless the batch of origin of that marijuana or medical marijuana product has been tested by an independent testing laboratory and the selling MMTC has received test results from the independent testing laboratory which certify that the batch meets the quality standards established by the department. An independent testing laboratory is not required to be registered as an MMTC or to hold a transportation license under this act in order to transport or receive marijuana or medical marijuana products for testing purposes.

(3) When testing a batch of origin of marijuana or medical marijuana product, an independent testing laboratory must, at a minimum, test for:

(a) Potency, to ensure accurate labeling; and

(b) Unsafe contaminants, including, but not limited to, dangerous microbial organisms, molds, pesticides, residual solvents, and other harmful chemicals and toxins.

(4) Each independent testing laboratory shall report its findings for each batch tested to the MMTC from which the batch originated and to the department. Such findings must include, at a minimum, the inspection certificate number or numbers of the cultivation facility or processing facility from which the batch originated, the size and batch number of the batch tested, the types of tests performed on the batch, and the results of each test. The department may require by rule the electronic submission of findings.

(5) The department shall adopt by rule a comprehensive tracking and labeling system that allows a marijuana plant or medical marijuana product to be identified and tracked from cultivation to the final retail product. The department may adopt rules that establish qualifications for private entities to provide product tracking services to meet the requirements of this subsection and may establish a preferred vendor list based on those qualifications.

(6) Before distribution or sale to a retail licensee, any marijuana or medical marijuana product that meets department testing standards must be packaged in a child-resistant container and labeled with at least the name and license number of the MMTC or MMTCs from which it originated; the inspection certificate number of the facility or facilities where the batch was harvested and processed; the harvest or production batch number; the concentration range of each individual cannabinoid present at testing; a warning statement and a universal, easily identifiable symbol indicating that the package contains marijuana for medical use; and any other information required under federal or state law, rule, or regulation for that form of product, including any additional information required for edible products, if applicable. For purposes of this subsection, any oil-based extraction meant for direct consumption in small quantities as a supplement is not required to be labeled as a food product.

(7) Before sale to a qualifying patient or caregiver, a retail licensee must affix an additional label to each medical marijuana product which

includes the retail licensee's name and retail license number and the identification number on the medical marijuana patient registry identification card of the qualifying patient who is to receive the product.

(8) By January 1, 2018, the department shall establish standards for quality, testing procedures, and maximum levels of individual contaminants. The department shall also create a list of individual cannabinoids for which marijuana and medical marijuana products must be tested which specifies for each cannabinoid the concentration considered significant and the varying ranges of concentrations upon which a physician may base his or her recommendation for a patient's use of a specific strain of marijuana.

Section 9. Section 381.997, Florida Statutes, is created to read:

381.997 *Penalties.*—

(1) A qualifying patient or caregiver may not purchase, acquire, or possess any marijuana above the allowed amount of marijuana for the qualifying patient's medical use. A qualifying patient or caregiver who violates this subsection is subject to prosecution under chapter 893.

(2) A physician may not certify marijuana or medical marijuana products for a patient without a reasonable belief that the patient is suffering from a debilitating medical condition. A physician who violates this subsection commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

(3) A person who fraudulently represents that he or she has a debilitating medical condition for the purpose of being certified to receive marijuana or medical marijuana products by a physician commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

(4) A person who knowingly and fraudulently uses or attempts to use a medical marijuana patient registry identification card that has expired, is counterfeit, or belongs to another person commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

(5) An employee or contractor of an MMTC may not possess, transport, or deliver any medical marijuana above the allowed amount specified in the transport or delivery order. An employee or contractor of an MMTC who violates this subsection commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

Section 10. Section 381.998, Florida Statutes, is created to read:

381.998 *Insurance.*—The Florida Medical Marijuana Act does not require a governmental, private, or other health insurance provider or health care services plan to cover a claim for reimbursement for the purchase of marijuana or medical marijuana products; however, the act does not restrict such coverage.

Section 11. Section 381.9981, Florida Statutes, is created to read:

381.9981 *Rulemaking authority.*—The department may adopt rules to administer ss. 381.99-381.9981.

Section 12. Section 385.211, Florida Statutes, is amended to read:

385.211 *Refractory and intractable epilepsy treatment and research at recognized medical centers.*—

(1) As used in this section, the term "marijuana" has the same meaning "low THC cannabis" means "low THC cannabis" as defined in s. 381.991 but applies only to marijuana s. 381.986 that is dispensed by an MMTC only from a dispensing organization as defined in s. 381.991 s. 381.986.

(2) Notwithstanding chapter 893, medical centers recognized pursuant to s. 381.925, or an academic medical research institution legally affiliated with a licensed children's specialty hospital as defined in s. 395.002(28) which ~~that~~ contracts with the Department of Health, may conduct research on cannabidiol and marijuana ~~low-THC cannabis~~. This research may include, but need not be ~~is not~~ limited to, the agricultural development, production, clinical research, and use of liquid medical derivatives of cannabidiol and ~~marijuana low-THC cannabis~~ for the treatment for refractory or intractable epilepsy. The authority for

recognized medical centers to conduct this research is derived from 21 C.F.R. parts 312 and 316. Current state or privately obtained research funds may be used to support the activities described in this section.

Section 13. Subsections (2) and (3) of section 499.0295, Florida Statutes, are amended to read:

499.0295 Experimental treatments for terminal conditions.—

(2) As used in this section, the term:

~~(a) “Dispensing organization” means an organization approved by the Department of Health under s. 381.986(5) to cultivate, process, transport, and dispense low-THC cannabis, medical cannabis, and cannabis delivery devices.~~

~~(a)(b)~~ “Eligible patient” means a person who:

1. Has a terminal condition that is attested to by the patient’s physician and confirmed by a second independent evaluation by a board-certified physician in an appropriate specialty for that condition;
2. Has considered all other treatment options for the terminal condition currently approved by the United States Food and Drug Administration;
3. Has given written informed consent for the use of an investigational drug, biological product, or device; and
4. Has documentation from his or her treating physician that the patient meets the requirements of this paragraph.

~~(b)(c)~~ “Investigational drug, biological product, or device” means:

~~1. a drug, biological product, or device that has successfully completed phase 1 of a clinical trial but has not been approved for general use by the United States Food and Drug Administration and remains under investigation in a clinical trial approved by the United States Food and Drug Administration; or~~

~~2. Medical cannabis that is manufactured and sold by a dispensing organization.~~

~~(c)(d)~~ “Terminal condition” means a progressive disease or medical or surgical condition that causes significant functional impairment, is not considered by a treating physician to be reversible even with the administration of available treatment options currently approved by the United States Food and Drug Administration, and, without the administration of life-sustaining procedures, will result in death within 1 year after diagnosis if the condition runs its normal course.

~~(d)(e)~~ “Written informed consent” means a document that is signed by a patient, a parent of a minor patient, a court-appointed guardian for a patient, or a health care surrogate designated by a patient and includes:

1. An explanation of the currently approved products and treatments for the patient’s terminal condition.
2. An attestation that the patient concurs with his or her physician in believing that all currently approved products and treatments are unlikely to prolong the patient’s life.
3. Identification of the specific investigational drug, biological product, or device that the patient is seeking to use.
4. A realistic description of the most likely outcomes of using the investigational drug, biological product, or device. The description shall include the possibility that new, unanticipated, different, or worse symptoms might result and death could be hastened by the proposed treatment. The description shall be based on the physician’s knowledge of the proposed treatment for the patient’s terminal condition.
5. A statement that the patient’s health plan or third-party administrator and physician are not obligated to pay for care or treatment consequent to the use of the investigational drug, biological product, or device unless required to do so by law or contract.

6. A statement that the patient’s eligibility for hospice care may be withdrawn if the patient begins treatment with the investigational drug, biological product, or device and that hospice care may be re-instituted if the treatment ends and the patient meets hospice eligibility requirements.

7. A statement that the patient understands he or she is liable for all expenses consequent to the use of the investigational drug, biological product, or device and that liability extends to the patient’s estate, unless a contract between the patient and the manufacturer of the investigational drug, biological product, or device states otherwise.

(3) Upon the request of an eligible patient, a manufacturer may *do any of the following*, or upon a physician’s order pursuant to s. 381.986, a dispensing organization may:

(a) Make its investigational drug, biological product, or device available under this section.

(b) Provide an investigational drug, biological product, or device, ~~or cannabis delivery device as defined in s. 381.986~~ to an eligible patient without receiving compensation.

(c) Require an eligible patient to pay the costs of, or the costs associated with, the manufacture of the investigational drug, biological product, or device, ~~or cannabis delivery device as defined in s. 381.986.~~

Section 14. Subsection (3) of section 893.02, Florida Statutes, is amended to read:

893.02 Definitions.—The following words and phrases as used in this chapter shall have the following meanings, unless the context otherwise requires:

(3) “Cannabis” means all parts of any plant of the genus *Cannabis*, whether growing or not; the seeds thereof; the resin extracted from any part of the plant; and every compound, manufacture, salt, derivative, mixture, or preparation of the plant or its seeds or resin. ~~The term does not include “low-THC cannabis,” as defined in s. 381.986, if manufactured, possessed, sold, purchased, delivered, distributed, or dispensed, in conformance with s. 381.986.~~

Section 15. Section 1004.441, Florida Statutes, is amended to read:

1004.441 ~~Refractory and intractable epilepsy treatment and Research on the use of marijuana to treat serious medical conditions and symptoms.—~~

(1) As used in this section, the term “marijuana” has the same meaning “low-THC cannabis” means “low-THC cannabis” as defined in s. 381.991 but applies only to marijuana ~~s. 381.986 that is dispensed by an MMTC only from a dispensing organization as defined in s. 381.991 s. 381.986.~~

(2) Notwithstanding chapter 893, state universities with both medical and agricultural research programs, including those that have satellite campuses or research agreements with other similar institutions, may conduct research on *marijuana* and cannabidiol ~~and low-THC cannabis~~. This research may include, but is not limited to, the agricultural development, production, clinical research, and use of ~~liquid~~ ~~medical derivatives, medical marijuana products, and of cannabidiol and low-THC cannabis~~ for the treatment of any debilitating medical condition as defined in s. 381.991 ~~for refractory or intractable epilepsy~~. The authority for state universities to conduct this research is derived from 21 C.F.R. parts 312 and 316. Current state or privately obtained research funds may be used to support the activities authorized by this section.

Section 16. *The University of Florida, in consultation with a veterinary research organization, may conduct research to determine the benefits and contraindications of the use of low-THC cannabis and low-THC cannabis products for treatment of animals with seizure disorders or other life-limiting illnesses. State funds may not be used for such research.*

Section 17. *If any provision of this act or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the act which can be given effect without the*

*invalid provision or application, and to this end the provisions of this act are severable.*

Section 18. *The Division of Law Revision and Information is directed to replace the phrase “the effective date of this act” wherever it occurs in this act with the date the act becomes a law.*

Section 19. This act shall take effect upon becoming a law.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to medical marijuana; repealing s. 381.986, F.S., relating to the compassionate use of low-THC and medical cannabis; creating s. 381.99, F.S.; providing a short title; creating s. 381.991, F.S.; defining terms; creating s. 381.992, F.S.; authorizing a qualifying patient or his or her caregiver to purchase, acquire, and possess up to the allowed amount of marijuana, medical marijuana products, and associated paraphernalia for a qualifying patient's medical use; authorizing a medical marijuana treatment center (MMTC), including its employees and contractors, to perform certain activities; authorizing certified independent testing laboratories and their employees or contractors to receive and process marijuana for the sole purpose of testing the marijuana for compliance with the act; specifying that certain provisions do not exempt persons from the prohibition against driving under the influence; providing that specified provisions apply to the smoking of marijuana or medical marijuana products; authorizing the department to restrict the smoking of marijuana or such products at certain facilities; creating s. 381.993, F.S.; providing that a physician must certify, on a specified form, that a patient is suffering from a debilitating medical condition and that the benefits to the patient of using marijuana outweigh the potential health risks before a patient may register with the department and obtain a registry identification card; requiring the certification to specify the length of time recommended for the use of marijuana or a medical marijuana product; specifying that the allowable amount for any patient may not exceed a maximum determined by department rule; authorizing physicians to submit the physician certification form electronically through the department's website or by mail; providing criteria for the certification of patients by physicians; requiring patients who wish to use marijuana or medical marijuana products to register with the department; providing requirements for registration; authorizing adult qualifying patients to authorize caregivers; requiring the consent of a parent or legal guardian for minor patients; providing requirements for caregivers; prohibiting caregivers from registering to assist more than one patient at any given time unless specified circumstances are met; requiring the department to designate the parent or legal guardian of a qualifying minor patient as the patient's caregiver; prohibiting qualifying minor patients from purchasing or acquiring marijuana and medical marijuana products; requiring the department to notify the qualifying patient that the caregiver's application for registration is disallowed; specifying the responsibilities of the department; requiring the department to create a patient and caregiver registration form and a physician certification form and make those forms available to the public by a specified date; requiring the registration form to allow the patient to include specified information; requiring the department to create and make available to the public a specified caregiver training course by a specified date; requiring the department to enter the information for the qualifying patient or his or her caregiver into the medical marijuana patient registry and to issue a medical marijuana patient registry identification card to the patient and the caregiver after the receipt of specified documents; requiring that medical marijuana registry identification cards be resistant to counterfeiting and include specified information; providing that patient and caregiver registration and medical marijuana patient registry identification cards expire 1 year after the date of issuance; requiring a physician to certify specified information in order to renew a registration or medical marijuana patient registry identification card; requiring the written consent of a parent or legal guardian of a qualifying patient who is a minor for the continued consent of the minor's treatment with marijuana; providing for the disqualification of patients and caregivers; requiring the department to notify specified persons of a change in registration status in specified circumstances; requiring the department to give notice within a specified timeframe to the qualifying patient and the caregiver before removing the patient or caregiver from the medical marijuana patient registry; requiring the qualifying patient or caregiver to return specified items within a specified timeframe after receiving the notification; requiring a retail facility to notify the department upon the receipt of such items; authorizing the retail facility

to notify the department electronically; requiring the personal representative of a patient or a caregiver to return the identification card of the patient or caregiver to the retail facility after his or her death; requiring the retail facility to update the medical marijuana patient registry and notify the department after the return of the identification cards; authorizing the retail facility to notify the department electronically; requiring the department, on a quarterly basis, to compare all qualifying patients and caregivers in the medical marijuana patient registry with the records of deaths on file on the electronic death registration system and to adjust the file of the patient or caregiver accordingly within a certain timeframe; requiring the department to notify law enforcement of the expired or cancelled identification card in certain circumstances; authorizing the department to adopt rules to implement a process for MMTCs to accept and dispose of returned marijuana or medical marijuana products and registry identification cards; creating s. 381.994, F.S.; requiring that the department create a secure, online, electronic medical marijuana patient registry containing a file containing specified information for each qualifying patient, caregiver, and certifying physician; requiring that the medical marijuana patient registry meet specified criteria; creating s. 381.995, F.S.; requiring the department to establish operating standards for the cultivation, processing, packaging, and labeling of marijuana and procedures and requirements for the registration of MMTCs by a specified date; providing for the registration of MMTCs and certain of their principles, employees and contractors; requiring the department to charge registration fees that may not exceed specified amounts; requiring the department to develop a registration form for MMTCs which must require the applicant to provide specified information; requiring the department to begin registering MMTCs by a specified date; requiring MMTCs to provide specified documentation and to pay a performance and compliance bond in a specified amount, which is subject to forfeiture; prohibiting registration from taking place until all principals, employees, and contractors who will participate in the operations of the MMTC have registered with the department and have been issued identification cards; providing a 2-year registration period and requiring that renewals comply with a process established by department rule; requiring MMTCs to obtain certain licenses before engaging in certain activities; requiring the department to develop rules enforcing the use of a seed-to-sale tracking system; providing criteria; authorizing the department to charge application and license fees for cultivation licenses; specifying fees for specified licenses and facility permits; requiring the department to begin issuing cultivation and processing licenses by a specified date; authorizing MMTCs to apply for cultivation and processing licenses; providing application requirements; providing for expiration and renewal of licenses; requiring licensees to obtain an operating permit from the department for each facility before beginning cultivation and processing; requiring the department to inspect facilities for which operating permits are sought; requiring the department to approve or disapprove applications within a specified timeframe; prohibiting facilities from certain operations if their permit has expired; requiring cultivation and processing facilities to be secure, closed to the public, and not within a specified proximity to specified schools, child care facilities, or specified licensed service providers; authorizing the department to establish rules providing additional security and zoning requirements; providing that licensees may use contractors to assist in the cultivation and processing of marijuana, but holding licensees responsible for their actions; requiring principals and employees of contractors who participate in the operations of the licensee to be registered with the department and to have MMTC employee identification cards; requiring cultivation and processing licensees to destroy certain marijuana byproducts within a specified timeframe; requiring MMTCs that transport or deliver marijuana outside of the property owned by the licensee to hold a transportation license; requiring the department to begin issuing retail licenses by a specified date; providing requirements for application; providing for the expiration and renewal of licenses; requiring licensees to obtain an operating permit from the department for each dispensing facility before dispensing or storing marijuana or medical marijuana products; providing a permitting process; requiring the department to act on permit applications within a certain timeframe; requiring an MMTC that holds a retail license to have a separate operating permit for each retail facility it operates; prohibiting the department from granting an operating permit if a proposed retail facility is located on the same property as a cultivation or processing facility or if it is located proximate to specified schools or facilities; restricting the number of available retail licenses in a county based on population; authorizing a governing body of a county or municipality to refuse to allow a retail facility within its jurisdiction; prohibiting the department

from licensing a retail facility in a county or municipality that has prohibited retail facilities by ordinance; authorizing a county or municipality to levy a local business tax on a retail facility; authorizing the department to employ a lottery system for the issuance of permits in certain circumstances; limiting the number of operating permits that may be issued to a single MMTC in those circumstances; providing for the expiration and renewal of operating permits; providing requirements for retail licensees and their employees in the dispensing of marijuana to qualifying patients and their caregivers; prohibiting a retail facility from repackaging or modifying a medical marijuana product that has been packaged for retail sale by a cultivation or processing licensee; authorizing retail licensees to contract with certain MMTCs to transport marijuana and medical marijuana products between properties owned by the retail licensee and to make deliveries to and pick up returns from the residences of qualifying patients; prohibiting onsite consumption of marijuana or medical marijuana products at retail facilities; requiring the department to adopt rules governing the issuance of transportation licenses to MMTCs and the permitting of vehicles; authorizing MMTCs to apply for retail licenses and providing application requirements; prohibiting the transportation of marijuana or medical marijuana products on the property of an airport, seaport, or spaceport; authorizing a transportation licensee to transport marijuana or medical marijuana products in specified permitted vehicles; specifying the fee for vehicle permits; providing requirements for the designation of drivers and requiring that designations be displayed in a vehicle at all times; ## PRAYER

The following prayer was offered by Deacon Wallace Brown, Pilgrim Rest Missionary Baptist Church, Havana, a long-time employee of the Office of the Senate Sergeant at Arms:

Our Father, we come thanking you for all your wonderful blessings. Thank you for friends, family, and for the State of Florida as a place to live. Thanks for your Holy Spirit as a guide through this world. We pray for peace around the world. Thank you for keeping us and covering us. Strengthen us so we can keep the faith in you and what you are doing. Keep your loving arms around us and give us knowledge and wisdom.

Bless our state and bless these Senators with the blessing they stand in need of as they make tough choices in this state's government. Keep them humble and true, Lord. We love you because you first loved us, and we thank you for everything. We pray this prayer in our Father's name. Amen.

## PLEDGE

Senator Perry led the Senate in the Pledge of Allegiance to the flag of the United States of America.

—as amended June 8, was read the third time by title.

Senator Simpson moved the following amendment which was adopted by two-thirds vote:

**Amendment 1 (524652)**—Delete lines 1042-1095 and insert:

b. *Comply with department rules when processing marijuana with hydrocarbon solvents or other solvents or gases exhibiting potential toxicity to humans. The department shall determine by rule the requirements for medical marijuana treatment centers to use such solvents or gases exhibiting potential toxicity to humans.*

c. *Comply with federal and state laws and regulations and department rules for solid and liquid wastes. The department shall determine by rule procedures for the storage, handling, transportation, management, and disposal of solid and liquid waste generated during marijuana production and processing. The Department of Environmental Protection shall assist the department in developing such rules.*

d. *Test the processed marijuana using a medical marijuana testing laboratory before it is dispensed. Results must be verified and signed by two medical marijuana treatment center employees. Before dispensing, the medical marijuana treatment center must determine that the test results indicate that low-THC cannabis meets the definition of low-THC cannabis, the concentration of tetrahydrocannabinol meets the potency requirements of this section, the labeling of the concentration of tetrahydrocannabinol and cannabidiol is accurate, and all marijuana is safe for human consumption and free from contaminants that are unsafe for human consumption. The department shall determine by rule which contaminants must be tested for and the maximum levels of each contaminant which are safe for human consumption. The Department of Agriculture and Consumer Services shall assist the department in developing the testing requirements for contaminants that are unsafe for human consumption in edibles. The department shall also determine by rule the procedures for the treatment of marijuana that fails to meet the testing requirements of this section, s. 381.988, or department rule. The department may select a random sample from edibles available for purchase in a dispensing facility which shall be tested by the department to determine that the edible meets the potency requirements of this section, is safe for human consumption, and the labeling of the tetrahydrocannabinol and cannabidiol concentration is accurate. A medical marijuana treatment center may not require payment from the department for the sample. A medical marijuana treatment center must recall edibles, including all edibles made from the same batch of marijuana, which fail to meet the potency requirements of this section, which are unsafe for human consumption, or for which the labeling of the tetra-*

*hydrocannabinol and cannabidiol concentration is inaccurate. The medical marijuana treatment center must retain records of all testing and samples of each homogenous batch of marijuana for at least 9 months. The medical marijuana treatment center must contract with a marijuana testing laboratory to perform audits on the medical marijuana treatment center's standard operating procedures, testing records, and samples and provide the results to the department to confirm that the marijuana or low-THC cannabis meets the requirements of this section and that the marijuana or low-THC cannabis is safe for human consumption. A medical marijuana treatment center shall reserve two processed samples from each batch and retain such samples for at least 9 months for the purpose of such audits. A medical marijuana treatment center may use a laboratory that has not been certified by the department under s. 381.988 until such time as at least one laboratory holds the required certification, but in no event later than July 1, 2018.*

e. *Package the marijuana in compliance with the United States Poison Prevention Packaging Act of 1970, 15 U.S.C. ss. 1471 et seq.*

f. *Package the marijuana in a receptacle that has a firmly*

By direction of the President, the Secretary read the following proclamation:

**PROCLAMATION**

STATE OF FLORIDA

EXECUTIVE OFFICE OF THE GOVERNOR

TALLAHASSEE

TO THE HONORABLE MEMBERS OF THE FLORIDA SENATE AND HOUSE OF REPRESENTATIVES

WHEREAS, Lake Okeechobee is Florida’s largest lake, supporting valuable commercial and sport fisheries, providing flood control, and acting as a reservoir for much of south Florida; and

WHEREAS, the Herbert Hoover Dike surrounding Lake Okeechobee has numerous water control structures to provide flood protection, navigation, recreation, freshwater for the communities of south Florida, water for agriculture, prevention of saltwater intrusion, and enhancement of environmental resources; and

WHEREAS, for more than thirty years, the U.S. Army Corps of Engineers has documented that areas of the dike are prone to water seepage and stability problems; and

WHEREAS, on many occasions, the dike’s stability problems have led the U.S. Army Corps of Engineers to drain lake water west into the Caloosahatchee River and east into the St. Lucie River to ease the strain on the dike, resulting in toxic algae blooms, the killing of coastal fishing grounds, and environmental damage to estuaries; and

WHEREAS, the risk of a dike failure placing in jeopardy the lives and property of Floridians is unacceptable, requiring the U.S. Army Corps of Engineers to continue the release of lake water despite its environmental impacts to ensure the continued safety of the region’s residents, underscoring the need for repairs to the dike; and

WHEREAS, in partnership with the federal government; the State of Florida has a critical interest in upgrading and fortifying the Herbert Hoover Dike surrounding Lake Okeechobee by 2022; and

WHEREAS, earlier this year, I called on the Legislature to provide additional state funding for repairs to the Herbert Hoover Dike; and

WHEREAS, Florida’s postsecondary institutions also provide value to Florida students and families; and

WHEREAS, I have called a Special Session commencing at 9:00 a.m. on June 7, 2017, and extending through 6:00 p.m. on June 9, 2017; and

WHEREAS, I have expanded the call of this Special Session to include legislation relating to the medical use of marijuana; and

WHEREAS, it is prudent to further expand the call for this Special Session;

NOW, THEREFORE, I, Rick Scott, Governor of the State of Florida, by virtue of the power and authority vested in me by Article III, Section 3(c)(1), Florida Constitution, do hereby proclaim as follows:

The call to the Legislature of the State of Florida is expanded for the sole purpose of considering the following:

- A. Legislation relating to Lake Okeechobee’s Herbert Hoover Dike
- B. Legislation relating to higher education funding

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Florida to be affixed to this Proclamation expanding the call to the Legislature in Special Session at the Capitol, this 9th day of June, 2017.

Senator Latvala moved the following amendments which were adopted:

**Amendment 2 (268268) (with title amendment)**—Delete lines 510-553 and insert:

Section 15. Section 288.101, Florida Statutes, is created to read:

288.101 *Florida Job Growth Grant Fund.*—

(1) *The Florida Job Growth Grant Fund is created within the department to promote economic opportunity by improving public infrastructure and enhancing workforce training. The Florida Job Growth Grant Fund may not be used for the exclusive benefit of any single company, corporation, or business entity.*

(2) *The department and Enterprise Florida, Inc., may identify projects, solicit proposals, and make funding recommendations to the Governor, who is authorized to approve:*

(a) *State or local public infrastructure projects to promote economic recovery in specific regions of the state, economic diversification, or economic enhancement in a targeted industry.*

(b) *Workforce training grants to support programs at state colleges and state technical centers that provide participants with transferable, sustainable workforce skills applicable to more than a single employer, and for equipment associated with these programs. The department shall work with CareerSource Florida to ensure programs are offered to the public based on criteria established by the state college or state technical center and do not exclude applicants who are unemployed or underemployed.*

(3) *For purposes of this section:*

(a) *“Infrastructure” means any fixed capital expenditure or fixed capital costs associated with the construction, reconstruction, or improvement of facilities that have a life expectancy of 5 or more years and any land acquisition, land improvement, design, and engineering costs related thereto. Facilities in this category include technical structures such as roads, bridges, tunnels, water supply, sewers, electrical grids, and telecommunications facilities.*

(b) *“Public infrastructure” means infrastructure that is owned by the public, and is for public use or predominately benefits the public. If public infrastructure is leased or sold, it must be leased or sold at fair market rates or value.*

(c) *“Targeted industry” means any industry identified in the most recent list provided to the Governor, the President of the Senate, and the Speaker of the House of Representatives in accordance with s. 288.106(q).*

(4) *The department shall administer contracts for projects approved by the Governor and funded pursuant to this section.*

And the title is amended as follows:

Delete lines 19-27 and insert: Fund; creating s. 288.101, F.S.; creating the Florida Job Growth Grant Fund within the Department of Economic Opportunity; authorizing the department and Enterprise Florida, Inc., to identify projects, solicit proposals, and make certain recommendations; authorizing the Governor to approve certain public infrastructure projects and workforce training grants; providing definitions; requiring the department to administer contracts for certain projects approved by the Governor; amending s. 288.1168,

**Amendment 3 (196286)**—Delete lines 793-832 and insert: all state appropriations to the corporation and exclude taxes derived pursuant to s. 125.0104.

(b) *For purposes of calculating the required one-to-one match, the corporation shall receive matching private contributions in one of four private match categories. The corporation shall maintain documentation of such categorized contributions on file and make such documentation available for inspection upon reasonable notice during its regular business hours. Contribution details shall be included in the quarterly reports required under subsection (8). The private match categories are:*

1. *Direct cash contributions from private sources, which include, but are not limited to, cash derived from strategic alliances, contributions of stocks and bonds, and partnership contributions.*

2. *Fees for services, which include, but are not limited to, event participation, research, and brochure placement and transparencies.*

3. *Cooperative advertising, which is limited to partner expenditures for paid media placement, partner expenditures for collateral material distribution, and the actual market value of contributed productions, air time, and print space.*

4. *In-kind contributions, which is limited to the actual market value of promotional contributions of partner-supplied benefits to target audiences and the actual market value of nonpartner-supplied air time or print space contributed for the broadcasting or printing of such promotions, which would otherwise require tourist promotion expenditures by the corporation for advertising, air travel, rental car fees, hotel rooms, RV or campsite space rental, on-site guest services, and admission tickets. The net value of air time or print space, if any, shall be deemed to*

be the actual market value of the air time or print space, based on an average of actual unit prices paid contemporaneously for comparable times or spaces, less the value of increased ratings or other benefits realized by the media outlet as a result of the promotion.

Contributions from a government entity or from an entity that received more than 50 percent of its revenue in the previous fiscal year from public sources, including revenue derived from taxes, other than taxes collected pursuant to s. 125.0104, from fees, or from other government revenues, are not considered
