## PRAYER

The following prayer was offered by Pastor Kyle Peddie, Corinth Baptist Church, Hosford:

Heavenly Father, we come before you this day acknowledging you as the great "I AM" and not as the great "I was." You, indeed, are our creator and the sustainer of our lives, and we humbly come before you this morning to ask for your great wisdom and discernment upon our state Senate as they meet today.

The men and women in this great chamber today have a great task before them for the next few days. There is so much to wrap up before going back to their families and constituents. I pray in these final days of session for the absolute best work to be done by this group of leaders.

I know there are times of disagreement and debate and we are told in your word that, "Iron sharpens iron," but we ask for unity among each person here today that is divine and only comes from you. I pray for each person's marriage, their children, grandchildren, and their homes for protection while they are here carrying out the duties and responsibilities they are charged with as our elected leadership. I pray for the same in the House Chamber, and I pray for Governor Scott as the days

draw near to close this session. I pray for your guidance for all the state workers behind the scenes here today who, without their efforts, session would be much more difficult and less efficient.

Lord, at the end of the day, all the work means nothing if we don't acknowledge you, so great God and Father, on this National Day of Prayer, thanks for being patient with us when we are not very patient with others. Thanks for being loving when we are not very loving to others. Give us the capacity to truly love others as we love ourselves. May that truly be the foundation to what is done in this chamber today. Thank you for our lives and, most of all, thank you for the cross.

Be with Senate President Joe Negrón today as he leads, and thank you for my Senator, Bill Montford; he is my friend. Thank you, Jesus, for being our friend. In Jesus' name I pray. Amen.

## ADOPTION OF RESOLUTIONS

At the request of Senator Mayfield—

By Senator Mayfield—

**SR 1836**—A resolution recognizing May 13, 2017, as "Living Kidney Donors Day" in Florida and commending the heroic Floridians who have selflessly saved lives by donating a kidney as a living kidney donor.

WHEREAS, 4,458 dialysis patients in Florida and 97,913 kidney patients nationwide are waiting for a kidney transplant, and

WHEREAS, 400 Floridians and 4,732 persons nationwide die each year while waiting for a kidney transplant, and

WHEREAS, 200 Floridians are removed from the waiting list each year due to advanced illness caused by the life-threatening wait for a deceased donor's kidney, and

WHEREAS, this year, approximately 400 Floridians will receive a transplant, but more than 800 new names are expected to be added to the waiting list, and

WHEREAS, our nation's organ shortage dictates the ill-fated destiny of these kidney patients, and their only hope of survival lies in reaching the top of the list before it is too late, and

WHEREAS, living kidney donation (LKD) can end this life-threatening wait, and

WHEREAS, most healthy people do not realize that they can impact someone's life by donating one of their two kidneys to a person in need, and

WHEREAS, although a living donor needs to be healthy enough to qualify for LKD, he or she does not have to be blood-related to, or even blood-type compatible with, the recipient, and

WHEREAS, the majority of those who donate go on to live full, healthy, and vibrant lives, and

WHEREAS, to date, living kidney donors have successfully improved outcomes for more than 139,000 kidney transplant recipients, and

WHEREAS, the National Kidney Foundation of Florida is committed to increasing awareness by recognizing living kidney donors who give kidney patients hope for a better tomorrow, and

WHEREAS, while LKD is not for everyone and there are risks, those who participate lead the way in this remarkable life-saving opportunity, and

WHEREAS, LKD is currently the best and most cost-effective treatment for end-stage renal disease, NOW, THEREFORE,

*Be It Resolved by the Senate of the State of Florida:*

That May 13, 2017, is recognized as “Living Kidney Donors Day” in Florida and that the Senate commends the heroic Floridians who have selflessly donated a kidney and shared and saved lives as living kidney donors.

The board shall define, by rule, the term "incidental to their business" for purposes of this subsection.~~*

Section 3. Subsection (20) is added to section 553.79, Florida Statutes, to read:

553.79 Permits; applications; issuance; inspections.—

(20)(a) *A political subdivision of this state may not adopt or enforce any ordinance or impose any building permit or other development order requirement that:*

1. *Contains any building, construction, or aesthetic requirement or condition that conflicts with or impairs corporate trademarks, service marks, trade dress, logos, color patterns, design scheme insignia, image standards, or other features of corporate branding identity on real property or improvements thereon used in activities conducted under chapter 526 or in carrying out business activities defined as a franchise by Federal Trade Commission regulations in 16 C.F.R. ss. 436.1, et. seq.; or*

553.791 Alternative plans review and inspection.—

(2)(a) Notwithstanding any other law or local government ordinance or local policy, the fee owner of a building or structure, or the fee owner's contractor upon written authorization from the fee owner, may choose to use a private provider to provide building code inspection services with regard to such building or structure and may make payment directly to the private provider for the provision of such services. All such services shall be the subject of a written contract between the private provider, or the private provider's firm, and the fee owner or the fee owner's contractor, upon written authorization of the fee owner. The fee owner may elect to use a private provider to provide plans review or required building inspections, or both. However, if the fee owner or the fee owner's contractor uses a private provider to provide plans review, the local building official, in his or her discretion and pursuant to duly adopted policies of the local enforcement agency, may require the fee owner or the fee owner's contractor to use a private provider to also provide required building inspections.

(b) *It is the intent of the Legislature that owners and contractors not be required to pay extra costs related to building permitting requirements when hiring a private provider for plans review and building inspections. A local jurisdiction must calculate the cost savings to the local enforcement agency, based on a fee owner or contractor hiring a private provider to perform plans reviews and building inspections in lieu of the local building official, and reduce the permit fees accordingly.*

Fees charged shall be consistently applied.

(d) The local enforcement agency, *independent district, or special district* may not require at any time, including at the time of application for a permit, the payment of any additional fees, charges, or expenses associated with:

(20) *The Florida Building Commission may not:*

- (a) *Adopt the 2016 version of the American Society of Heating, Refrigerating and Air-Conditioning Engineers Standard 9.4.1.1(g).*

Section 7. Subsection (2) of section 553.76, Florida Statutes, is amended to read:

553.76 General powers of the commission.—The commission is authorized to:

Section 9. Subsection (8) of section 633.208, Florida Statutes, is amended to read:

633.208 Minimum firesafety standards.—

(8)(a) The provisions of the Life Safety Code, as contained in the Florida Fire Prevention Code, do not apply to one-family and two-family dwellings. However, fire sprinkler protection may be permitted by local government in lieu of other fire protection-related development requirements for such structures. While local governments may adopt fire sprinkler requirements for ~~one-family one-~~ and two-family dwellings under this subsection, it is the intent of the Legislature that the economic consequences of the fire sprinkler mandate on home owners be studied before the enactment of such a requirement. After the effective date of this act, any local government that desires to adopt a fire sprinkler requirement on ~~one-family one-~~ or two-family dwellings must prepare an economic cost and benefit report that analyzes the application of fire sprinklers to ~~one-family one-~~ or two-family dwellings or any proposed residential subdivision. The report must consider the tradeoffs and specific cost savings and benefits of fire sprinklers for future owners of property. The report must include an assessment of the cost savings from any reduced or eliminated impact fees if applicable, the reduction in special fire district tax, insurance fees, and other taxes or fees imposed, and the waiver of certain infrastructure requirements including the reduction of roadway widths, the reduction of water line sizes, increased fire hydrant spacing, increased dead-end roadway length, and a reduction in cul-de-sac sizes relative to the costs from fire sprinkling. A failure to prepare an economic report shall result in the invalidation of the fire sprinkler requirement to any ~~one-family one-~~ or two-family dwelling or any proposed subdivision. In addition, a local jurisdiction or utility may not charge any additional fee, above what is charged to a non-fire sprinklered dwelling, on the basis that a ~~one-family one-~~ or two-family dwelling unit is protected by a fire sprinkler system.

*(b)1. A county, municipality, special taxing district, public utility, or private utility may not require an impact fee or payment for a separate water connection for a one-family or two-family dwelling fire sprinkler system if the capacity required is hydraulically available at the property line. The accountholder of the one-family or two-family dwelling must notify the county, municipality, special district, public utility, or private utility of the installation of the separate water connection in the applicable permit. The separate water connection may only be used for one-family or two-family dwelling fire sprinkler systems and if used for other purposes, full base and volume charges may be applied.*

*2. A county, municipality, special district, public utility, or private utility may not charge a water or sewer rate to a one-family or two-family dwelling that requires a larger water meter solely due to the installation of fire sprinklers above that which is charged to a one-family and two-family dwelling with a base meter. If the installation of fire sprinklers in a one-family or two-family dwelling requires the installation of a larger water meter, only the difference in actual cost between the base water*

meter and the larger water meter may be charged by the water utility provider.

Section 10. *A local government may not require an owner of a residence to obtain a permit to paint such residence, regardless of whether the residence is owned by a limited liability company.*

Section 11. *The Department of Education, in conjunction with the Department of Economic Opportunity, shall develop a plan to implement the recommendations of the Construction Industry Workforce Task Force Report dated January 20, 2017. The Department of Education shall provide the plan to the Construction Industry Workforce Task Force on or before July 1, 2018.*

Section 12. *CareerSource Florida, Inc., shall develop and submit a plan to the Construction Industry Workforce Taskforce of the potential opportunities for training programs to implement the recommendations of the Construction Industry Workforce Taskforce Report dated January 20, 2017, using existing federal funds awarded to the corporation and using the previous statewide Florida ReBuilds program as an implementation model for such programs. CareerSource Florida, Inc., shall provide the plan to the Construction Industry Workforce Taskforce on or before July 1, 2018.*

Section 13. *The Florida Building Commission shall adopt an amendment to the Florida Building Code-Residential, relating to Door Components, to provide that, relating to substitution of door components, such components must either:*

(1) *Comply with ANSI/WMA 100; or*

(2) *Be evaluated by an approved product evaluation entity, certification agency, testing laboratory, or engineer and may be interchangeable in exterior door assemblies if the components provide equal or greater structural performance as demonstrated by accepted engineering practices.*

Section 14. Present subsection (5) of section 489.516, Florida Statutes, is renumbered as subsection (6), and a new subsection (5) is added to that section, to read:

489.516 Qualifications to practice; restrictions; prerequisites.—

(5) *This part does not prevent any certified electrical or alarm system contractor from acting as a prime contractor when the majority of the work to be performed under the contract is within the scope of his or her license or from subcontracting to other licensed contractors any remaining work that is part of the project contracted.*

And the title is amended as follows:

Section 6. Subsection (3) of section 468.617, Florida Statutes, is amended to read:

468.617 Joint building code inspection department; other arrangements.—

(3) Nothing in this part shall prohibit any county or municipal government, school board, community college board, state university, or state agency from entering into any contract with any person or entity for the provision of *building code administrator, building official, or building code inspection services* regulated under this part, and notwithstanding any other statutory provision, such county or municipal governments may enter into contracts.

Section 7. Paragraphs (d) and (i) of subsection (1) and subsection (2) of section 553.791, Florida Statutes, are amended to read:

553.791 Alternative plans review and inspection.—

(1) As used in this section, the term:

(d) “Building code inspection services” means those services described in s. 468.603(5) and (8) ~~468.603(6) and (7)~~ involving the review of building plans to determine compliance with applicable codes and those inspections required by law of each phase of construction for which permitting by a local enforcement agency is required to determine compliance with applicable codes.

(i) “Private provider” means a person licensed as a *building code administrator under part XII of chapter 468*, as an engineer under

chapter 471, or as an architect under chapter 481. For purposes of performing inspections under this section for additions and alterations that are limited to 1,000 square feet or less to residential buildings, the term “private provider” also includes a person who holds a standard certificate under part XII of chapter 468.

(2)(a) Notwithstanding any other law or local government ordinance or local policy, the fee owner of a building or structure, or the fee owner’s contractor upon written authorization from the fee owner, may choose to use a private provider to provide building code inspection services with regard to such building or structure and may make payment directly to the private provider for the provision of such services. All such services shall be the subject of a written contract between the private provider, or the private provider’s firm, and the fee owner or the fee owner’s contractor, upon written authorization of the fee owner. The fee owner may elect to use a private provider to provide plans review or required building inspections, or both. However, if the fee owner or the fee owner’s contractor uses a private provider to provide plans review, the local building official, in his or her discretion and pursuant to duly adopted policies of the local enforcement agency, may require the fee owner or the fee owner’s contractor to use a private provider to also provide required building inspections.

(b) *It is the intent of the Legislature that owners and contractors not be required to pay extra costs related to building permitting requirements when hiring a private provider for plans review and building inspections. A local jurisdiction must calculate the cost savings to the local enforcement agency, based on a fee owner or contractor hiring a private provider to perform plans reviews and building inspections in lieu of the local building official, and reduce the permit fees accordingly.*

Section 8. Section 471.045, Florida Statutes, is amended to read:

471.045 Professional engineers performing building code inspector duties.—Notwithstanding any other provision of law, a person who is currently licensed under this chapter to practice as a professional engineer may provide building code inspection services described in s. 468.603(5) and (8) ~~468.603(6) and (7)~~ to a local government or state agency upon its request, without being certified by the Florida Building Code Administrators and Inspectors Board under part XII of chapter 468. When performing these building code inspection services, the professional engineer is subject to the disciplinary guidelines of this chapter and s. 468.621(1)(c)-(h). Any complaint processing, investigation, and discipline that arise out of a professional engineer’s performing building code inspection services shall be conducted by the Board of Professional Engineers rather than the Florida Building Code Administrators and Inspectors Board. A professional engineer may not perform plans review as an employee of a local government upon any job that the professional engineer or the professional engineer’s company designed.

Section 9. Section 481.222, Florida Statutes, is amended to read:

481.222 Architects performing building code inspection services.—Notwithstanding any other provision of law, a person who is currently licensed to practice as an architect under this part may provide building code inspection services described in s. 468.603(5) and (8) ~~468.603(6) and (7)~~ to a local government or state agency upon its request, without being certified by the Florida Building Code Administrators and Inspectors Board under part XII of chapter 468. With respect to the performance of such building code inspection services, the architect is subject to the disciplinary guidelines of this part and s. 468.621(1)(c)-(h). Any complaint processing, investigation, and discipline that arise out of an architect’s performance of building code inspection services shall be conducted by the Board of Architecture and Interior Design rather than the Florida Building Code Administrators and Inspectors Board. An architect may not perform plans review as an employee of a local government upon any job that the architect or the architect’s company designed.

445.024 Work requirements.—

(3) *WORK PLAN AGREEMENT.—For each individual who is not otherwise exempt from work activity requirements, but before a participant may receive temporary cash assistance, the Department of Economic Opportunity, in cooperation with CareerSource Florida, Inc., and the Department of Children and Families, must:*

(a) *Inform the participant, in plain language, and require the participant to assent to, in writing:*

1. *What is expected of the participant to continue to receive temporary cash assistance benefits.*
2. *Under what circumstances the participant would be sanctioned for noncompliance.*
3. *Potential penalties for noncompliance with the work requirements in s. 414.065, including how long benefits would not be available to the participant.*

(b) *Work with the participant to develop strategies to assist the participant in overcoming obstacles to compliance with the work activity requirements.*

Section 3. Present subsection (4) of section 402.82, Florida Statutes, is renumbered as subsection (5), and a new subsection (4) is added to that section, to read:

402.82 Electronic benefits transfer program.—

(4) *The department shall impose a fee for the fifth and each subsequent request for a replacement electronic benefits transfer card made by a participant within a 12-month period. The fee must be equal to the cost of replacing the electronic benefits transfer card. The fee may be deducted from the participant's benefits. The department may waive the replacement fee upon a showing of good cause, such as the malfunction of the card or extreme financial hardship.*

Section 4. Paragraph (a) of subsection (1) and paragraph (a) of subsection (2) of section 39.5085, Florida Statutes, are amended to read:

39.5085 Relative Caregiver Program.—

(1) It is the intent of the Legislature in enacting this section to:

(a) Provide for the establishment of procedures and protocols that serve to advance the continued safety of children by acknowledging the valued resource uniquely available through grandparents, relatives of children, and specified nonrelatives of children pursuant to *sub-sub-paragraph (2)(a)1.c. subparagraph (2)(a)3.*

(2)(a) The Department of Children and Families shall establish, ~~and operate, and implement the Relative Caregiver Program pursuant to eligibility guidelines established in this section as further implemented by rule of the department.~~

1. The Relative Caregiver Program shall, within the limits of available funding, provide financial assistance to:

a. ~~1.~~ Relatives who are within the fifth degree by blood or marriage to the parent or stepparent of a child and who are caring full-time for that dependent child in the role of substitute parent as a result of a court's determination of child abuse, neglect, or abandonment and subsequent placement with the relative under this chapter.

b. ~~2.~~ Relatives who are within the fifth degree by blood or marriage to the parent or stepparent of a child and who are caring full-time for that dependent child, and a dependent half-brother or half-sister of that dependent child, in the role of substitute parent as a result of a court's determination of child abuse, neglect, or abandonment and subsequent placement with the relative under this chapter.

c. ~~3.~~ Nonrelatives who are willing to assume custody and care of a dependent child in the role of substitute parent as a result of a court's determination of child abuse, neglect, or abandonment and subsequent placement with the nonrelative caregiver under this chapter. The court must find that a proposed placement under this subparagraph is in the best interest of the child.

2. *The relative or nonrelative caregiver may not receive a Relative Caregiver Program payment if the parent or stepparent of the child resides in the home. However, a relative or nonrelative may receive the payment for a minor parent who is in his or her care and for the minor parent's child, if both the minor parent and the child have been adjudicated dependent and meet all other eligibility requirements. If the caregiver is currently receiving the payment, the payment must be terminated no later than the first day of the following month after the parent or stepparent moves into the home. Before the payment is terminated, the caregiver must be given 10 days' notice of adverse action.*

The placement may be court-ordered temporary legal custody to the relative or nonrelative under protective supervision of the department pursuant to s. 39.521(1)(b)3., or court-ordered placement in the home of a relative or nonrelative as a permanency option under s. 39.6221 or s. 39.6231 or under former s. 39.622 if the placement was made before July 1, 2006. The Relative Caregiver Program shall offer financial assistance to caregivers who would be unable to serve in that capacity without the caregiver payment because of financial burden, thus exposing the child to the trauma of placement in a shelter or in foster care.

Section 5. (1) *The Office of Program Policy Analysis and Government Accountability shall conduct a study of each local workforce development board to determine what barriers exist which prevent participants in the Supplemental Nutrition Assistance Program and the Temporary Assistance for Needy Families cash assistance program from complying with the work requirements in the respective programs. The study must include detailed data and analysis of the reasons why applicants and recipients do not comply with the work requirements, the reasons that noncompliant applicants and recipients identify as barriers to compliance, and what assistance was offered to the participants to come into compliance. The study must also include a listing of the specific reasons for the sanctions applied, separated into categories with the number of participants who received each sanction. For example:*

- (a) *Failure to attend a scheduled meeting—10 people sanctioned;*
- (b) *Failure to complete required documents—5 people sanctioned; or*
- (c) *Failure to comply with child support requirements, with specifics on what the requirement was.*

(2) *The legislative intent for requesting this independent study is to gain an in-depth understanding of the barriers that may exist for people trying to participate in the workforce, through reviewing the specific reasons participants are sanctioned on a region by region basis.*

(3) *The Office of Program Policy Analysis and Government Accountability shall submit a report with its findings and recommendations to the Governor, the President of the Senate, the Speaker of the*

*House of Representatives, and the Minority Leaders of the Senate and the House of Representatives by November 1, 2017.*

Section 6. *TANF Reemployment Pilot Program.—*

(1) *The Legislature finds that there is an important state interest in assisting Temporary Assistance for Needy Families (TANF) recipients in finding and securing stable and productive employment and that reemployment programs have the potential to benefit such recipients and their families and to alleviate the financial strain on the state economy.*

(2) *The TANF Reemployment Pilot Program is created in Pinellas County and shall be administered by the Pinellas Opportunity Council, Inc.*

(3) *The purpose of the pilot program is to assist TANF recipients in developing return-to-work plans with the goal of reemployment.*

Section 7. *For the 2017-2018 fiscal year, the sum of \$150,000 in nonrecurring funds from the General Revenue Fund and \$150,000 in nonrecurring funds from the Federal Grants Trust Fund are appropriated for the TANF Reemployment Pilot Program.*

Section 8. This act shall take effect July 1, 2017.

And the title is amended as follows:

(2) *“Buyer” means a person that enters into an agreement to buy a distributed energy generation system from a seller.*

(3) *“Distributed energy generation system” means a device or system that is used to generate or store electricity; that has an electric delivery capacity, individually or in connection with other similar devices or systems, of greater than one kilowatt or one kilowatt-hour; and that is used primarily for on-site consumption. The term does not include an electric generator intended for occasional use.*

(4) *“Lessee” means a person that enters into an agreement to lease or rent a distributed energy generation system.*

(5) *“Retail installment contract” means an agreement executed in this state between a buyer and a seller in which the title to, or a lien upon, a distributed energy generation system is retained or taken by the seller from the buyer as security, in whole or in part, for the buyer's obligations to make specified payments over time.*

(6) *“Seller” means a person regularly engaged in, and whose business substantially consists of, selling or leasing goods, including distributed energy generation systems, to buyers or lessees. A seller that is also an installer must be licensed under chapter 489.*

520.21 *Applicability.—*This part applies to agreements to sell or lease a distributed energy generation system and is supplemental to other provisions contained in part III related to retail installment contracts. If any provision related to retail installment contract requirements for a distributed energy generation system under this part conflicts with any other provision related to retail installment contracts, this part controls.

520.22 *Safety compliance.—*A seller who installs a distributed energy generation system must comply with applicable safety standards established by the Department of Business and Professional Regulation pursuant to chapter 489 and part IV of chapter 553.

520.23 *Disclosures required.—*Each agreement governing the sale or lease of a distributed energy generation system shall, at a minimum, include a written statement printed in at least 12-point type that is separate from the agreement, is separately acknowledged by the buyer or lessee, and includes the following information and disclosures, if applicable:

If the distributed energy generation system is being leased, the written statement must include the frequency and amount of each payment due under the lease and the total estimated lease payments over the term of the lease.

(7) Each state or federal tax incentive or rebate, if any, relied upon by the seller in determining the price of the distributed energy generation system.

(12) A provision notifying the buyer or lessee of the right to rescind the agreement for a period of at least 3 business days after the agreement is signed. This subsection does not apply to a contract to sell or lease a distributed energy generation system in a solar community in which the entire community has been marketed as a solar community and all of the homes in the community are intended to have a distributed energy generation system, or a solar community in which the developer has incorporated solar technology for purposes of meeting the Florida Building Code in s. 553.73.

(18) A disclosure as to whether maintenance and repairs of the distributed energy generation system are included in the purchase price.

(19) A disclosure as to whether any warranty or maintenance obligations related to the distributed energy generation system may be sold or transferred by the seller to a third party and, if so, a statement in substantially the following form: "Your contract may be assigned, sold, or transferred without your consent to a third party who will be bound to all the terms of the contract. If a transfer occurs, you will be notified if this will change the address or phone number to use for system maintenance or repair requests."

(20) If the distributed energy generation system will be purchased, a disclosure notifying the buyer of the requirements for interconnecting the system to the utility system.

(21) A disclosure notifying the buyer or lessee of the party responsible for obtaining interconnection approval.

(22) A description of any roof warranties.

(23) A disclosure notifying the lessee whether the seller will insure a leased distributed energy generation system against damage or loss and, if applicable, the circumstances under which the seller will not insure the system against damage or loss.

(24) A statement, if applicable, in substantially the following form: "You are responsible for obtaining insurance policies or coverage for any loss of or damage to the system. Consult an insurance professional to understand how to protect against the risk of loss or damage to the system."

(25) A disclosure notifying the buyer or lessee whether the seller or lessor will place a lien on the buyer's or lessee's home or other property as a result of entering into a purchase or lease agreement for the distributed energy generation system.

(26) A disclosure notifying the buyer or lessee whether the seller or lessor will file a fixture filing or a State of Florida Uniform Commercial Code Financing Statement Form (UCC-1) on the distributed energy generation system.

(29) A blank section that allows the seller to provide additional relevant disclosures or explain disclosures made elsewhere in the disclosure form.

The requirement to provide a written statement under this section may be satisfied by the electronic delivery of a document containing the required statement if the intended recipient of the electronic document affirmatively acknowledges its receipt. An electronic document satisfies the font and other formatting standards required for the written statement if the format and the relative size of characters of the electronic document are reasonably similar to those required in the written document or if the information is otherwise displayed in a reasonably conspicuous manner.

(e) A qualified patient or caregiver must return his or her identification card to the department within 5 business days after revocation.

(8) MEDICAL MARIJUANA TREATMENT CENTERS.—

(a) The department shall license medical marijuana treatment centers to ensure reasonable statewide accessibility and availability as necessary for qualified patients registered in the medical marijuana use registry and who are issued a physician certification under this section.

1. The department shall license as a medical marijuana treatment center any entity that holds an active, unrestricted license to cultivate, process, transport, and dispense low-THC cannabis, medical cannabis, and cannabis delivery devices, under former s. 381.986, Florida Statutes 2016, before July 1, 2017, and which meets the requirements of this section. In addition to the authority granted under this section, these entities are authorized to dispense low-THC cannabis, medical cannabis, and cannabis delivery devices ordered pursuant to former s. 381.986, Florida Statutes 2016, which were entered into the compassionate use registry before July 1, 2017. c. One applicant that is a recognized class member of *Pigford v. Glickman*, 185 F.R.D. 82 (D.D.C. 1999), or *In Re Black Farmers Litig.*, 856 F. 3. Within 6 months after the medical marijuana use registry reaches a total of 75,000 active registered qualified patients and upon each further instance of the total active registered qualified patients increasing by 75,000, license five additional medical marijuana treatment centers if a sufficient number of medical marijuana treatment center applicants meet the registration requirements of this section and department rule.

(b) An applicant for licensure as a medical marijuana treatment center shall apply to the department on a form prescribed by the department and adopted in rule. The department shall adopt rules pursuant to ss. 120.536(1) and 120.54 establishing a procedure for the issuance and biennial renewal of licenses, including initial application and biennial renewal fees sufficient to cover the costs of administering this licensure program. Subject to the requirements in subparagraphs (a) 2.-4., the department shall issue a license to an applicant if the applicant meets the requirements of this section and pays the initial application fee. The department shall renew the licensure of a medical marijuana treatment center biennially if the licensee meets the requirements of this section and pays the biennial renewal fee. An individual may not be an applicant, owner, officer, board member, or manager on more than one application for licensure as a medical marijuana treatment center. An individual or entity may not be awarded more than one license as a medical marijuana treatment center. An applicant for licensure as a medical marijuana treatment center must demonstrate:

9. The employment of a medical director to supervise the activities of the medical marijuana treatment center.

(c) A medical marijuana treatment center may not make a wholesale purchase of marijuana from, or a distribution of marijuana to, another medical marijuana treatment center unless the medical marijuana treatment center seeking to make a wholesale purchase of marijuana submits proof of harvest failure to the department.

(d) The department shall establish, maintain, and control a computer software tracking system that traces marijuana from seed to sale and allows real-time, 24-hour access by the department to data from all medical marijuana treatment centers and marijuana testing laboratories. The tracking system must allow for integration of other seed-to-sale systems and, at a minimum, include notification of when marijuana seeds are planted, when marijuana plants are harvested and destroyed, and when marijuana is transported, sold, stolen, diverted, or lost. Each medical marijuana treatment center shall use the seed-to-sale tracking system established by the department or integrate its own seed-to-sale tracking system with the seed-to-sale tracking system established by the department. Each medical marijuana treatment center may use its own seed-to-sale system until the department establishes a seed-to-sale tracking system. The vendor may not have a direct or indirect financial interest in a medical marijuana treatment center or a marijuana testing laboratory.

(e) A licensed medical marijuana treatment center shall cultivate, process, transport, and dispense marijuana for medical use. A licensed medical marijuana treatment center may not contract for services directly related to the cultivation, processing, and dispensing of marijuana or marijuana delivery devices. A licensed medical marijuana treatment center must, at all times, maintain compliance with the criteria demonstrated and representations made in the initial application and the criteria established in this subsection. Upon request, the department may grant a medical marijuana treatment center a variance from the representations made in the initial application. Consideration of such a request shall be based upon the individual facts and circumstances surrounding the request. A variance may not be granted unless the requesting medical marijuana treatment center can demonstrate to the department that it has a proposed alternative to the specific representation made in its application which fulfills the same or a similar purpose as the specific representation in a way that the department can reasonably determine will not be a lower standard than the specific representation in the application. A variance may not be granted from the requirements in subparagraph 2. and subparagraphs (b)1. and 2.

1. A licensed medical marijuana treatment center may transfer ownership to an individual or entity who meets the requirements of this section. To accommodate a change in ownership:

a. The licensed medical marijuana treatment center shall notify the department in writing at least 60 days before the anticipated date of the change of ownership.

The department shall adopt rules pursuant to ss. 120.536(1) and 120.54 establishing a procedure for the issuance and biennial renewal of licenses, including initial application and biennial renewal fees sufficient to cover the costs of administering this licensure program. Subject to the requirements in subparagraphs (a) 2.-4., the department shall issue a license to an applicant if the applicant meets the requirements of this section and pays the initial application fee. The department shall renew the licensure of a medical marijuana treatment center biennially if the licensee meets the requirements of this section and pays the biennial renewal fee. An individual may not be an applicant, owner, officer, board member, or manager on more than one application for licensure as a medical marijuana treatment center. A licensed medical marijuana treatment center must, at all times, maintain compliance with the criteria demonstrated and representations made in the initial application and the criteria established in this subsection. Upon request, the department may grant a medical marijuana treatment center a variance from the representations made in the initial application. Consideration of such a request shall be based upon the individual facts and circumstances surrounding the request. A variance may not be granted unless the requesting medical marijuana treatment center can demonstrate to the department that it has a proposed alternative to the specific representation made in its application which fulfills the same or a similar purpose as the specific representation in a way that the department can reasonably determine will not be a lower standard than the specific representation in the application. A variance may not be granted from the requirements in subparagraph 2. and subparagraphs (b)1. and 2.

The department shall also adopt sanitation rules providing the standards and requirements for the storage, display, or dispensing of edibles.

8. When processing marijuana, a medical marijuana treatment center must:

a. Process the marijuana within an enclosed structure and in a room separate from other plants or products.

b. Not use a hydrocarbon based solvent, such as butane, hexane, or propane, to extract or separate resin from marijuana.

c. Test the processed marijuana using a medical marijuana testing laboratory before it is dispensed. Results must be verified and signed by two medical marijuana treatment center employees. Before dispensing, the medical marijuana treatment center must determine that the test results indicate that low-THC cannabis meets the definition of low-THC cannabis, the concentration of tetrahydrocannabinol meets the potency requirements of this section, the labeling of the concentration of tetrahydrocannabinol and cannabidiol is accurate, and all marijuana is safe for human consumption and free from contaminants that are unsafe for human consumption. The department shall determine by rule which

contaminants must be tested for and the maximum levels of each contaminant which are safe for human consumption. The Department of Agriculture and Consumer Services shall assist the department in developing the testing requirements for contaminants that are unsafe for human consumption in edibles. The department shall also determine by rule the procedures for the treatment of marijuana that fails to meet the testing requirements of this section, s. 381.988, or department rule. The department may select a random sample from edibles available for purchase in a dispensing facility that shall be tested by the department to determine that the edible meets the potency requirements of this section, is safe for human consumption, and the labeling of the tetrahydrocannabinol and cannabidiol concentration is accurate. A medical marijuana treatment center may not require payment from the department for the sample. A medical marijuana treatment center must recall edibles, including all edibles made from the same batch of marijuana, which fail to meet the potency requirements of this section, which are unsafe for human consumption, or for which the labeling of the tetrahydrocannabinol and cannabidiol concentration is inaccurate. The medical marijuana treatment center must retain records of all testing and samples of each homogenous batch of marijuana for at least 9 months. The medical marijuana treatment center must contract with a marijuana testing laboratory to perform audits on the medical marijuana treatment center's standard operating procedures, testing records, and samples and provide the results to the department to confirm that the marijuana or low-THC cannabis meets the requirements of this section and that the marijuana or low-THC cannabis is safe for human consumption. A medical marijuana treatment center shall reserve two processed samples from each batch and retain such samples for at least 9 months for the purpose such audits. A medical marijuana treatment center may use a laboratory that has not been certified by the department under s. 381.988 until such time as at least one laboratory holds the required certification, but in no event later than July 1, 2018.

1. If the board determines that the amount of revenue produced under subsection (5) is insufficient to fund the obligations, costs, and expenses of the fund and the corporation, including repayment of revenue bonds and that portion of the debt service coverage not met by reimbursement premiums, the board shall direct the Office of Insurance Regulation to levy, by order, an emergency assessment on direct premiums for all property and casualty lines of business in this state, including property and casualty business of surplus lines insurers regulated under part VIII of chapter 626, but not including any workers' compensation premiums or medical malpractice premiums. 2. A premium is not subject to an annual assessment under this paragraph in excess of 6 percent of premium with respect to obligations arising out of losses attributable to any one contract year, and a premium is not subject to an aggregate annual assessment under this paragraph in excess of 10 percent of premium. An annual assessment under this paragraph continues as long as the revenue bonds issued with respect to which the assessment was imposed are outstanding, including any bonds the proceeds of which were used to refund the revenue bonds, unless adequate provision has been made for the payment of the bonds under the documents authorizing issuance of the bonds.

3. Emergency assessments shall be collected from policyholders. Emergency assessments shall be remitted by insurers as a percentage of direct written premium for the preceding calendar quarter as specified in the order from the Office of Insurance Regulation. The office shall verify the accurate and timely collection and remittance of emergency assessments and shall report the information to the board in a form and at a time specified by the board. Each insurer collecting assessments shall provide the information with respect to premiums and collections as may be required by the office to enable the office to monitor and verify compliance with this paragraph.

4. With respect to assessments of surplus lines premiums, each surplus lines agent shall collect the assessment at the same time as the agent collects the surplus lines tax required by s. 626.932, and the surplus lines agent shall remit the assessment to the Florida Surplus Lines Service Office created by s. 626.921 at the same time as the agent remits the surplus lines tax to the Florida Surplus Lines Service Office. The emergency assessment on each insured procuring coverage and filing under s. 626.938 shall be remitted by the insured to the Florida Surplus Lines Service Office at the time the insured pays the surplus lines tax to the Florida Surplus Lines Service Office. The Florida Surplus Lines Service Office shall remit the collected assessments to the fund or corporation as provided in the order levied by the Office of Insurance Regulation. The Florida Surplus Lines Service Office shall verify the proper application of such emergency assessments and shall assist the board in ensuring the accurate and timely collection and remittance of assessments as required by the board. The Florida Surplus Lines Service Office shall annually calculate the aggregate written premium on property and casualty business, other than workers' compensation and medical malpractice, procured through surplus lines agents and insureds procuring coverage and filing under s. 626.938 and shall report the information to the board in a form and at a time specified by the board.

5. Any assessment authority not used for a particular contract year may be used for a subsequent contract year. If, for a subsequent contract year, the board determines that the amount of revenue produced under subsection (5) is insufficient to fund the obligations, costs, and expenses of the fund and the corporation, including repayment of revenue bonds and that portion of the debt service coverage not met by reimbursement premiums, the board shall direct the Office of Insurance Regulation to levy an emergency assessment up to an amount not exceeding the amount of unused assessment authority from a previous contract year or years, plus an additional 4 percent provided that the assessments in the aggregate do not exceed the limits specified in subparagraph 2.

6. The assessments otherwise payable to the corporation under this paragraph shall be paid to the fund unless the Office of Insurance Regulation and the Florida Surplus Lines Service Office received a notice from the corporation and the fund, which shall be conclusive and upon which they may rely without further inquiry, that the corporation has issued bonds and the fund has no agreements in effect with local governments under paragraph (c). On or after the date of the notice and until the date the corporation has no bonds outstanding, the fund shall have no right, title, or interest in or to the assessments, except as provided in the fund's agreement with the corporation.

7. Emergency assessments are not premium and are not subject to the premium tax, to the surplus lines tax, to any fees, or to any commissions. An insurer is liable for all assessments that it collects and must treat the failure of an insured to pay an assessment as a failure to pay the premium. An insurer is not liable for uncollectible assessments.

8. If an insurer is required to return an unearned premium, it shall also return any collected assessment attributable to the unearned premium. A credit adjustment to the collected assessment may be made by the insurer with regard to future remittances that are payable to the fund or corporation, but the insurer is not entitled to a refund.

9. If a surplus lines insured or an insured who has procured coverage and filed under s. 626.938 is entitled to the return of an unearned premium, the Florida Surplus Lines Service Office shall provide a credit or refund to the agent or such insured for the collected assessment attributable to the unearned premium before remitting the emergency assessment collected to the fund or corporation.

~~10. The exemption of medical malpractice insurance premiums from emergency assessments under this paragraph is repealed May 31, 2019, and medical malpractice insurance premiums shall be subject to emergency assessments attributable to loss events occurring in the contract years commencing on June 1, 2019.~~

Section 9. Section 702.09, Florida Statutes, is amended to read:

702.09 Definitions.—For the purposes of ss. 702.07 and 702.08, the words “decree of foreclosure” shall include a judgment or order rendered or passed in the foreclosure proceedings in which the decree of foreclosure shall be rescinded, vacated, and set aside; the word “mortgage” shall mean any written instrument securing the payment of money or advances and includes liens to secure payment of assessments arising under chapters 718 and 719 and liens created pursuant to the recorded covenants of a property owners’ homeowners’ association as defined in s. 712.01; the word “debt” shall include promissory notes, bonds, and all other written obligations given for the payment of money; the words “foreclosure proceedings” shall embrace every action in the circuit or county courts of this state wherein it is sought to foreclose a mortgage and sell the property covered by the same; and the word “property” shall mean and include both real and personal property.

Section 10. Subsection (1) of section 702.10, Florida Statutes, is amended to read:

702.10 Order to show cause; entry of final judgment of foreclosure; payment during foreclosure.—

(1) A lienholder may request an order to show cause for the entry of final judgment in a foreclosure action. For purposes of this section, the term “lienholder” includes the plaintiff and a defendant to the action who holds a lien encumbering the property or a defendant who, by virtue of its status as a condominium association, cooperative association, or *property owners’ homeowners’* association, may file a lien against the real property subject to foreclosure. Upon filing, the court shall immediately review the request and the court file in chambers and without a hearing. If, upon examination of the court file, the court finds that the complaint is verified, complies with s. 702.015, and alleges a cause of action to foreclose on real property, the court shall promptly issue an order directed to the other parties named in the action to show cause why a final judgment of foreclosure should not be entered.

(a) The order shall:

1. Set the date and time for a hearing to show cause. The date for the hearing may not occur sooner than the later of 20 days after service of the order to show cause or 45 days after service of the initial complaint. When service is obtained by publication, the date for the hearing may not be set sooner than 30 days after the first publication.

2. Direct the time within which service of the order to show cause and the complaint must be made upon the defendant.

3. State that the filing of defenses by a motion, a responsive pleading, an affidavit, or other papers before the hearing to show cause that raise a genuine issue of material fact which would preclude the entry of summary judgment or otherwise constitute a legal defense to foreclosure shall constitute cause for the court not to enter final judgment.

4. State that a defendant has the right to file affidavits or other papers before the time of the hearing to show cause and may appear personally or by way of an attorney at the hearing.

5. State that, if a defendant files defenses by a motion, a verified or sworn answer, affidavits, or other papers or appears personally or by way of an attorney at the time of the hearing, the hearing time will be used to hear and consider whether the defendant’s motion, answer, affidavits, other papers, and other evidence and argument as may be presented by the defendant or the defendant’s attorney raise a genuine issue of material fact which would preclude the entry of summary judgment or otherwise constitute a legal defense to foreclosure. The order shall also state that the court may enter an order of final judgment of foreclosure at the hearing and order the clerk of the court to conduct a foreclosure sale.

6. State that, if a defendant fails to appear at the hearing to show cause or fails to file defenses by a motion or by a verified or sworn answer or files an answer not contesting the foreclosure, such defendant may be considered to have waived the right to a hearing, and in such case, the court may enter a default against such defendant and, if appropriate, a final judgment of foreclosure ordering the clerk of the court to conduct a foreclosure sale.

7. State that if the mortgage provides for reasonable attorney fees and the requested attorney fees do not exceed 3 percent of the principal amount owed at the time of filing the complaint, it is unnecessary for the court to hold a hearing or adjudge the requested attorney fees to be reasonable.

8. Attach the form of the proposed final judgment of foreclosure which the movant requests the court to enter at the hearing on the order to show cause.

9. Require the party seeking final judgment to serve a copy of the order to show cause on the other parties in the following manner:

a. If a party has been served pursuant to chapter 48 with the complaint and original process, or the other party is the plaintiff in the action, service of the order to show cause on that party may be made in the manner provided in the Florida Rules of Civil Procedure.

b. If a defendant has not been served pursuant to chapter 48 with the complaint and original process, the order to show cause, together with the summons and a copy of the complaint, shall be served on the party in the same manner as provided by law for original process.

Any final judgment of foreclosure entered under this subsection is for in rem relief only. This subsection does not preclude the entry of a deficiency judgment where otherwise allowed by law. The Legislature intends that this alternative procedure may run simultaneously with other court procedures.

(b) The right to be heard at the hearing to show cause is waived if a defendant, after being served as provided by law with an order to show cause, engages in conduct that clearly shows that the defendant has relinquished the right to be heard on that order. The defendant’s failure to file defenses by a motion or by a sworn or verified answer, affidavits, or other papers or to appear personally or by way of an attorney at the hearing duly scheduled on the order to show cause presumptively constitutes conduct that clearly shows that the defendant has relinquished the right to be heard. If a defendant files defenses by a motion, a verified answer, affidavits, or other papers or presents evidence at or before the hearing which raise a genuine issue of material fact which would preclude entry of summary judgment or otherwise constitute a legal defense to foreclosure, such action constitutes cause and precludes the entry of a final judgment at the hearing to show cause.

(c) In a mortgage foreclosure proceeding, when a final judgment of foreclosure has been entered against the mortgagor and the note or mortgage provides for the award of reasonable attorney fees, it is unnecessary for the court to hold a hearing or adjudge the requested attorney fees to be reasonable if the fees do not exceed 3 percent of the principal amount owed on the note or mortgage at the time of filing, even if the note or mortgage does not specify the percentage of the original amount that would be paid as liquidated damages.

(d) If the court finds that all defendants have waived the right to be heard as provided in paragraph (b), the court shall promptly enter a final judgment of foreclosure without the need for further hearing if the plaintiff has shown entitlement to a final judgment and upon the filing with the court of the original note, satisfaction of the conditions for establishment of a lost note, or upon a showing to the court that the obligation to be foreclosed is not evidenced by a promissory note or other negotiable instrument. If the court finds that a defendant has not waived the right to be heard on the order to show cause, the court shall determine whether there is cause not to enter a final judgment of foreclosure. If the court finds that the defendant has not shown cause, the court shall promptly enter a judgment of foreclosure. If the time allotted for the hearing is insufficient, the court may announce at the hearing a date and time for the continued hearing. Only the parties who appear, individually or through an attorney, at the initial hearing must be notified of the date and time of the continued hearing.

Section 11. Section 712.095, Florida Statutes, is amended to read:

(3) *Part III of this chapter is intended to provide mechanisms for the revitalization of covenants or restrictions for all types of communities and property associations and is not limited to residential communities.*

(5) A copy of the complete text of the proposed revived declaration of covenants, the proposed new or existing articles of incorporation and bylaws of the homeowners' association, and a graphic depiction of the property to be governed by the revived declaration shall be presented to all of the affected parcel owners by mail or hand delivery not less than 14 days before the time that the consent of the affected parcel owners to

(6) A majority of the affected parcel owners must agree in writing to the revived declaration of covenants and governing documents of the homeowners' association or approve the revived declaration and governing documents by a vote at a meeting of the affected parcel owners noticed and conducted in the manner prescribed by s. 720.306. Lord, keep this nation under your care and bless the leaders of our land; that we may be a people at peace among ourselves and a blessing to other nations of the Earth.

Give grace to your servants, O Lord, especially to Senators, Representatives, and those who make our laws in states, cities, and towns. Give courage, wisdom, and foresight to provide for the needs of all our people and to fulfill our obligations in the community of nations.

Teach our people to rely on your strength and to accept their responsibilities to their fellow citizens; that they may elect trustworthy leaders and make wise decisions for the well-being of our society; that we may serve you faithfully in our generation and honor your holy name, for yours is the kingdom, O Lord, and you are exalted as head above all. A carrier who fails to respond to a written request for authorization for medical treatment by the close of the third business day after receipt of the request consents to the medical necessity for such treatment. All such requests must be made to the carrier. Notice to the employer ~~carrier~~ does not include notice to the carrier ~~employer~~.

(i) Notwithstanding paragraph (d), a claim for specialist consultations, surgical operations, physiotherapeutic or occupational therapy procedures, X-ray examinations, or special diagnostic laboratory tests that cost more than \$1,000 and other specialty services that the department identifies by rule is not valid and reimbursable unless the services have been expressly authorized by the carrier, unless the carrier has failed to *authorize, deny, or inform the provider of material deficiencies that prevent authorization or denial* ~~respond~~ within 10 days after ~~to~~ a written request for authorization, or unless emergency care is required. The insurer shall authorize such consultation or procedure unless the health care provider or facility is not authorized, unless such treatment is not in accordance with practice parameters and protocols of treatment established in this chapter, or unless a judge of compensation claims has determined that the consultation or procedure is not medically necessary, not in accordance with the practice parameters and protocols of treatment established in this chapter, or otherwise not compensable under this chapter. Authorization of a treatment plan does not constitute express authorization for purposes of this section, except to the extent the carrier provides otherwise in its authorization procedures. This paragraph does not limit the carrier's obligation to identify and disallow overutilization or billing errors.

(12) CREATION OF THREE-MEMBER PANEL; GUIDES OF MAXIMUM REIMBURSEMENT ALLOWANCES.—

(a)1. A three-member panel is created, consisting of the Chief Financial Officer, or the Chief Financial Officer's designee, and two members to be appointed by the Governor, subject to confirmation by the Senate, one member who, on account of present or previous vocation, employment, or affiliation, shall be classified as a representative of employers, the other member who, on account of previous vocation, employment, or affiliation, shall be classified as a representative of employees. *The Governor shall appoint a new member to the panel within 120 days after a vacancy occurs. If the Governor fails to fill such vacancy, the Chief Financial Officer shall appoint a new member to the panel within 120 days after the expiration of the Governor's opportunity to fill the vacancy, subject to confirmation by the Senate. If the Chief Financial Officer fails to fill such vacancy, authority to appoint such member reverts to the Governor.*

2. The panel shall *annually adopt* ~~determine~~ statewide schedules of maximum reimbursement allowances for medically necessary treatment, care, and attendance provided by physicians, hospitals, ambulatory surgical centers, work-hardening programs, pain programs, and durable medical equipment. The maximum reimbursement allowances for inpatient hospital care shall be based on a schedule of per diem rates, to be approved by the three-member panel no later than March 1, 1994, to be used in conjunction with a precertification manual as determined by the department, including maximum hours in which an outpatient may remain in observation status, which shall not exceed 23 hours. All compensable charges for hospital outpatient care shall be reimbursed at 75 percent of usual and customary charges, except as otherwise provided by this subsection. Annually, the three-member panel shall adopt schedules of maximum reimbursement allowances for physicians, hospital inpatient care, hospital outpatient care, ambulatory surgical centers, work-hardening programs, and pain programs. An individual physician, hospital, ambulatory surgical center, pain program, or work-hardening program shall be reimbursed either the agreed-upon contract price or the maximum reimbursement allowance in the appropriate schedule.

Section 5. Paragraph (a) of subsection (2), paragraph (d) of subsection (3), paragraphs (a) and (e) of subsection (4), and subsection (6) of section 440.15, Florida Statutes, are amended, and subsection (13) is added to that section, to read:

440.15 Compensation for disability.—Compensation for disability shall be paid to the employee, subject to the limits provided in s. 440.12(2), as follows:

(2) TEMPORARY TOTAL DISABILITY.—

(a) Subject to *subparagraph (3)(d)3. and subsections* ~~subsection (7) and (13)~~, in case of disability total in character but temporary in quality,  $66\frac{2}{3}$  or 66.67 percent of the average weekly wages shall be paid to the employee during the continuance thereof, ~~not to exceed 104 weeks except as provided in this subsection and, s. 440.12(1), and s. 440.14(3).~~ Once the employee reaches the maximum number of weeks allowed, or the employee reaches *overall the date of* maximum medical improvement, whichever occurs earlier, temporary disability benefits shall cease and the injured worker's permanent impairment shall be determined. *If the employee reaches the maximum number of weeks allowed, but has not reached overall maximum medical improvement, benefits shall be provided pursuant to subparagraph (3)(d)3.*

(3) PERMANENT IMPAIRMENT BENEFITS.—

(d) After the employee has been certified by a doctor as having reached maximum medical improvement or 6 weeks before the expiration of temporary benefits, whichever occurs earlier, the certifying doctor shall evaluate the condition of the employee and assign an impairment rating, using the impairment schedule referred to in paragraph (b). If the certification and evaluation are performed by a doctor other than the employee's treating doctor, the certification and evaluation must be submitted to the treating doctor, the employee, and the carrier within 10 days after the evaluation. The treating doctor must indicate to the carrier agreement or disagreement with the other doctor's certification and evaluation.

1. The certifying doctor shall issue a written report to the employee and the carrier certifying that maximum medical improvement has been reached, stating the impairment rating to the body as a whole, and providing any other information required by the department by rule. The carrier shall establish an overall maximum medical improvement date and permanent impairment rating, based upon all such reports.

2. Within 14 days after the carrier's knowledge of each maximum medical improvement date and impairment rating to the body as a whole upon which the carrier is paying benefits, the carrier shall report such maximum medical improvement date and, when determined, the overall maximum medical improvement date and associated impairment rating to the department in a format as set forth in department rule. If the employee has not been certified as having reached *overall* maximum medical improvement before the expiration of ~~254~~ *98* weeks after the date temporary disability benefits begin to accrue, the carrier shall notify the treating doctor of the requirements of this section.

3. *If an employee receiving benefits under subsection (2) has not reached overall maximum medical improvement before receiving the maximum number of weeks of temporary disability benefits, the maximum number of weeks are extended for up to an additional 26 weeks. If the employee has not reached overall maximum medical improvement after receiving the additional weeks allowed under this subparagraph, a judge of compensation claims, upon petition, must determine the employee's current eligibility for benefits under this subsection and subsection (1).*

4. *If an employee receiving benefits under subsection (4) has not reached overall maximum medical improvement before receiving the maximum number of weeks of temporary disability benefits, the employee shall receive benefits under this subsection in accordance with the greatest single impairment rating assigned to the employee. Impairment*

benefits received under this subparagraph must be credited against indemnity benefits subsequently due to the employee.

(4) TEMPORARY PARTIAL DISABILITY.—

(a) Subject to subparagraph (3)(d)3. and subsections ~~subsection~~ (7) and (13), in case of temporary partial disability, compensation shall be equal to 80 percent of the difference between 80 percent of the employee's average weekly wage and the salary, wages, and other remuneration the employee is able to earn postinjury, as compared weekly; however, weekly temporary partial disability benefits may not exceed an amount equal to  $66\frac{2}{3}$  or 66.67 percent of the employee's average weekly wage at the time of accident. In order to simplify the comparison of the preinjury average weekly wage with the salary, wages, and other remuneration the employee is able to earn postinjury, the department may by rule provide for payment of the initial installment of temporary partial disability benefits to be paid as a partial week so that payment for remaining weeks of temporary partial disability can coincide as closely as possible with the postinjury employer's work week. The amount determined to be the salary, wages, and other remuneration the employee is able to earn shall in no case be less than the sum actually being earned by the employee, including earnings from sheltered employment. Benefits shall be payable under this subsection only if overall maximum medical improvement has not been reached and the medical conditions resulting from the accident create restrictions on the injured employee's ability to return to work.

(e) Subject to subparagraph (3)(d)3. and subsections (7) and (13), such benefits shall be paid during the continuance of such disability, ~~not to exceed a period of 104 weeks~~, as provided by this subsection and subsection (2). ~~Once the injured employee reaches the maximum number of weeks, temporary disability benefits cease and the injured worker's permanent impairment must be determined.~~ If the employee is terminated from postinjury employment based on the employee's misconduct, temporary partial disability benefits are not payable as provided for in this section. The department shall by rule specify forms and procedures governing the method and time for payment of temporary disability benefits for dates of accidents before January 1, 1994, and for dates of accidents on or after January 1, 1994.

(6) EMPLOYEE REFUSES EMPLOYMENT.—If an injured employee refuses employment suitable to the capacity thereof, offered to or procured therefor, such employee shall not be entitled to any compensation at any time during the continuance of such refusal unless at any time in the opinion of the judge of compensation claims such refusal is justifiable. ~~Time periods for the payment of benefits in accordance with this section shall be counted in determining the limitation of benefits as provided for in paragraphs (2)(a), (3)(c), and (4)(b).~~

(13) MAXIMUM BENEFITS ALLOWED.—An employee may not receive more than 260 weeks of temporary total disability benefits pursuant to subsection (2), temporary partial disability benefits pursuant to subsection (4), or temporary total disability benefits pursuant to s. 440.491, or a combination thereof, except as provided in subparagraph (3)(d)3.

Section 6. Subsections (2), (4), (5), and (7) of section 440.192, Florida Statutes, are amended to read:

440.192 Procedure for resolving benefit disputes.—

(2) Upon receipt, the Office of the Judges of Compensation Claims shall review each petition and shall dismiss each petition or any portion of such a petition that does not on its face meet the requirements of this section and the definition of specificity under s. 440.02 and specifically identify or itemize the following:

(h) A specific listing of all medical charges alleged unpaid, including the name and address of the medical provider, the amounts due, and the specific dates of treatment.

(i) The type or nature of treatment care or attendance sought and the justification for such treatment. If the employee is under the care of a physician for an injury identified under paragraph (c), a copy of the physician's request, authorization, or recommendation for treatment, care, or attendance must accompany the petition.

(l) Evidence of a good faith effort to resolve the dispute pursuant to subsection (4).

The dismissal of any petition or portion of such a petition under this subsection ~~section~~ is without prejudice and does not require a hearing.

(4) Before filing a petition, the claimant, or, if the claimant is represented by counsel, the claimant's attorney, must make a good faith effort to resolve the dispute. If the petition is not dismissed under subsection (2), the judge of compensation claims must review the evidence required under this subsection and determine, using independent discretion, whether the claimant or claimant's attorney made a good faith effort to resolve the dispute. Upon determining that the claimant or claimant's attorney did not make a good faith effort to resolve the dispute, the judge of compensation claims must dismiss the petition and may impose sanctions to ensure compliance with this section. Such sanctions may include an order to pay to the carrier or employer the reasonable expenses incurred because of the filing of the petition, including attorney fees, not to exceed \$200 per hour, based on the number of necessary hours related to the determination that the claimant or, if the claimant is represented by counsel, the claimant's attorney has not made a good faith effort to resolve the dispute.

(5)(a) All motions to dismiss must state with particularity the basis for the motion. The judge of compensation claims shall enter an order upon such motions without hearing, unless good cause for hearing is shown. Dismissal of any petition or portion of a petition under this subsection is without prejudice.

(b) Upon motion that a petition or portion of a petition be dismissed for lack of specificity, the judge of compensation claims shall enter an order on the motion, unless stipulated in writing by the parties, within 10 days after the motion is filed, or, if good cause for hearing is shown, within 20 days after hearing on the motion. When any petition or portion of a petition is dismissed for lack of specificity under this subsection, the claimant must be allowed 20 days after the date of the order of dismissal in which to file an amended petition. Any grounds for dismissal for lack of specificity under this section which are not asserted within 30 days after receipt of the petition for benefits are thereby waived.

(7) Notwithstanding ~~the provisions of s. 440.34~~, a judge of compensation claims may not award ~~attorney attorney's~~ fees payable by the employer or carrier for services expended or costs incurred ~~before prior~~ to the filing of a petition ~~that does not meet the requirements of this section~~.

Section 8. Section 440.34, Florida Statutes, is amended to read

(5)(a) As used in this subsection, the term:

1. "Attorney hours" means the number of hours necessary for the claimant's attorney to obtain the benefits secured, as determined by a judge of compensation claims. The term only includes hours expended by the claimant's attorney reasonably related to claimed benefits upon which the claimant prevailed.

2. "Customary fee" means the average hourly rate that an attorney for a claimant customarily charges in the same locality for similar legal services under this chapter, as determined by a judge of compensation claims.

3. "Departure fee" means the amount of attorney fees calculated by a judge of compensation claims in place of the fee allowed under subsection (1) when attorney fees are due under this section.

(b) A departure fee under this subsection is in place of, not in addition to, the amount allowed under subsection (1) or subsection (6).

(c) Upon a petition for a departure fee, a judge of compensation claims may depart from the attorney fees amount set forth in subsection (1) upon a finding that the attorney fees provided for in that subsection are less than 60 percent or greater than 125 percent of the customary fee when the amount allowed under subsection (1) is converted to an hourly rate by dividing that amount by the attorney hours necessary to obtain the benefits secured.

(d)1. When resolving a petition for a departure fee under this subsection, a judge of compensation claims must determine the number of attorney hours by making detailed findings that specifically allocate and account for the attorney hours to each benefit claimed by the claimant's attorney that, in the independent discretion of the judge of compensation claims, reasonably relate to:

- a. Benefits upon which the claimant prevailed;
- b. Benefits upon which the claimant did not prevail; and
- c. Multiple benefits, regarding which the judge of compensation claims shall exercise independent discretion and apportion such hours by percentage, in whole numbers, to each benefit claimed.

2. A judge of compensation claims must reduce the number of attorney hours if the judge of compensation claims independently determines that the number of attorney hours is excessive.

(e) A judge of compensation claims may determine the customary fee and is not limited to an average hourly rate or number of attorney hours pled by a party. In determining the customary fee, the judge of compensation claims may rely on evidence or take notice of credible data, including attorney fee data on file with the Office of the Judges of Compensation Claims or The Florida Bar. The judge of compensation claims may not exceed the amount or hours pled by the claimant's attorney.

(f) If a departure is permitted pursuant to paragraph (c), a judge of compensation claims must consider the following factors when departing from the amount set forth in subsection (1):

1. The time and labor reasonably required, the novelty and difficulty of the questions involved, and the skill required to properly perform the legal services as established by evidence or as independently determined by the judge of compensation claims.
2. The customary fee.
3. The experience, reputation, and ability of the attorney or attorneys providing services.
4. The time limits imposed by the circumstances.
5. The contingency or certainty of a claimant's attorney fee, taking into account any retainer agreement filed under this section.
6. The volume of hours expended by the claimant's attorney which were devoted to issues upon which the claimant prevailed, and the volume of hours expended devoted to issues upon which the claimant did not prevail.
7. Whether the total fee available under this section in relation to the amount involved in the controversy is excessive.
8. Whether the total fee available under this section in relation to the amount of benefits secured is excessive.
9. Whether the departure fee sought by the claimant's attorney is excessive.
10. Whether the departure fee sought by the claimant's attorney shocks the conscience as excessive.

(g) A judge of compensation claims shall determine the hourly rate used to compute the departure fee awarded under this subsection, in \$1 increments, based upon consideration of the factors in paragraph (f). A judge of compensation claims may exercise independent judgment in

setting the hourly rate and is not limited to an hourly rate pled by a party. However, the hourly rate may not exceed \$200 per hour.

(h) The departure fee must be the attorney hours determined under paragraph (d) multiplied by the hourly rate determined under paragraph (g). The claimant is responsible for attorney fees pursuant to his or her retainer agreement which exceed the departure fee.

(i) The employer or carrier may contest the departure fee awarded under this subsection within 20 calendar days after the entry of the departure fee award if the number of attorney hours determined by the presiding judge of compensation claims under paragraph (d) exceeds 125 percent of the number of hours the employer's or carrier's attorney attests were devoted to the defense of the benefits secured. Upon the filing of a request by the employer or carrier, the departure fee award must be vacated and reviewed de novo upon the existing record by a judge of compensation claims in a different district as assigned by the Deputy Chief Judge of Compensation Claims. The reviewing judge of compensation claims must issue an order determining the departure fee, making all determinations and findings required under this subsection. The judge of compensation claims must issue the order within 30 calendar days after receiving the assignment. This paragraph does not apply to cases settled under s. 440.20(11) or if a stipulation has been filed resolving the claimant's attorney fees.

~~(6) A judge of compensation claims may not enter an order approving the contents of a retainer agreement that permits placing any portion of the employee's compensation into an escrow account until benefits have been secured.~~

~~(7) If an attorney attorney's fee is owed under paragraph (3)(a), a the judge of compensation claims may approve an alternative attorney attorney's fee not to exceed \$1,500 only once per accident, based on a maximum hourly rate of \$200 \$150 per hour, if the judge of compensation claims expressly finds that the attorney attorney's fee amount provided for in subsection (1), based on benefits secured, results in an effective hourly rate of less than \$200 per hour fails to fairly compensate the attorney for disputed medical-only claims as provided in paragraph (3)(a) and the circumstances of the particular case warrant such action. The attorney fees under this subsection are in place of, not in addition to, any attorney fees available under this section.~~

Section 9. Section 440.345, Florida Statutes, is amended to read:

440.345 Reporting of attorney attorney's fees.—All fees paid to attorneys for services rendered under this chapter shall be reported to the Office of the Judges of Compensation Claims as the Division of Administrative Hearings requires by rule. A carrier must specify in its report the total amount of attorney fees paid for and the total number of attorney hours spent on services related to the defense of petitions, and the total amount of attorney fees paid for services unrelated to the defense of petitions.

Section 10. Paragraph (b) of subsection (6) of section 440.491, Florida Statutes, is amended to read:

440.491 Reemployment of injured workers; rehabilitation.—

(6) TRAINING AND EDUCATION.—

The benefits provided under this paragraph are shall not be in addition to the maximum number of 104 weeks as specified in s. 440.15(2). However, a carrier or employer is not precluded from voluntarily paying additional temporary total disability compensation beyond that period. If an employee requires temporary residence at or near a facility or an institution providing training and education which is located more than 50 miles away from the employee's customary residence, the reasonable cost of board, lodging, or travel must be borne by the department from the Workers' Compensation Administration Trust Fund established by s. 440.50. An employee who

refuses to accept training and education that is recommended by the vocational evaluator and considered necessary by the department will forfeit any additional training and education benefits and any additional ~~compensation payment for lost wages~~ under this chapter. The carrier shall notify the injured employee of the availability of training and education benefits as specified in this chapter. The Department of Financial Services shall include information regarding the eligibility for training and education benefits in informational materials specified in ss. 440.207 and 440.40.

Section 11. Section 627.211, Florida Statutes, is amended to read:

627.211 Deviations and departures; workers' compensation and employer's liability insurances.—

(1) *Except as provided in subsection (7)*, every member or subscriber to a rating organization shall, as to workers' compensation or employer's liability insurance, adhere to the filings made on its behalf by such organization; except that any such insurer may make written application to the office for permission to file a uniform percentage decrease or increase to be applied to the premiums produced by the rating system so filed for a kind of insurance, for a class of insurance which is found by the office to be a proper rating unit for the application of such uniform percentage decrease or increase, or for a subdivision of workers' compensation or employer's liability insurance:

(a) Comprised of a group of manual classifications which is treated as a separate unit for ratemaking purposes; or

(b) For which separate expense provisions are included in the filings of the rating organization.

Such application shall specify the basis for the modification and shall be accompanied by the data upon which the applicant relies. A copy of the application and data shall be sent simultaneously to the rating organization.

(2) Every member or subscriber to a rating organization may, as to workers' compensation and employer's liability insurance, file a plan or plans to use deviations that vary according to factors present in each insured's individual risk. The insurer that files for the deviations provided in this subsection shall file the qualifications for the plans, schedules of rating factors, and the maximum deviation factors which shall be subject to the approval of the office pursuant to s. 627.091. The actual deviation which shall be used for each insured that qualifies under this subsection may not exceed the maximum filed deviation under that plan and shall be based on the merits of each insured's individual risk as determined by using schedules of rating factors which shall be applied uniformly. Insurers shall maintain statistical data in accordance with the schedule of rating factors. Such data shall be available to support the continued use of such varying deviations.

(3) In considering an application for the deviation, the office shall give consideration to the applicable principles for ratemaking as set forth in ss. 627.062 and 627.072 and the financial condition of the insurer. In evaluating the financial condition of the insurer, the office may consider: (1) the insurer's audited financial statements and whether the statements provide unqualified opinions or contain significant qualifications or "subject to" provisions; (2) any independent or other actuarial certification of loss reserves; (3) whether workers' compensation and employer's liability reserves are above the midpoint or best estimate of the actuary's reserve range estimate; (4) the adequacy of the proposed rate; (5) historical experience demonstrating the profitability of the insurer; (6) the existence of excess or other reinsurance that contains a sufficiently low attachment point and maximums that provide adequate protection to the insurer; and (7) other factors considered relevant to the financial condition of the insurer by the office. The office shall approve the deviation if it finds it to be justified, it would not endanger the financial condition of the insurer, and it would not constitute predatory pricing. The office shall disapprove the deviation if it finds that the resulting premiums would be excessive, inadequate, or unfairly discriminatory, would endanger the financial condition of the insurer, or would result in predatory pricing. The insurer may not use a deviation unless the deviation is specifically approved by the office. An insurer may apply the premiums approved pursuant to s. 627.091 or its uniform deviation approved pursuant to this section to a particular insured according to underwriting guidelines filed with and approved by the office, such approval to be based on ss. 627.062 and 627.072.

(4) Each deviation permitted to be filed shall be effective for a period of 1 year unless terminated, extended, or modified with the approval of the office. If at any time after a deviation has been approved the office finds that the deviation no longer meets the requirements of this code, it shall notify the insurer in what respects it finds that the deviation fails to meet such requirements and specify when, within a reasonable period thereafter, the deviation shall be deemed no longer effective. The notice shall not affect any insurance contract or policy made or issued prior to the expiration of the period set forth in the notice.

(5) For purposes of this section, the office, when considering the experience of any insurer, shall consider the experience of any predecessor insurer when the business and the liabilities of the predecessor insurer were assumed by the insurer pursuant to an order of the office which approves the assumption of the business and the liabilities.

(6) The office shall submit an annual report to the President of the Senate and the Speaker of the House of Representatives by January 15 of each year which evaluates competition in the workers' compensation insurance market in this state. The report must contain an analysis of the availability and affordability of workers' compensation coverage and whether the current market structure, conduct, and performance are conducive to competition, based upon economic analysis and tests. The purpose of this report is to aid the Legislature in determining whether changes to the workers' compensation rating laws are warranted. The report must also document that the office has complied with the provisions of s. 627.096 which require the office to investigate and study all workers' compensation insurers in the state and to study the data, statistics, schedules, or other information as it finds necessary to assist in its review of workers' compensation rate filings.

(7) *Without approval of the office, a member or subscriber to a rating organization may depart from the filings made on its behalf by a rating organization for a period of 12 months by a uniform decrease of up to 5 percent to be applied uniformly to the premiums resulting from the approved rates for the policy period. The member or subscriber must file an informational departure statement with the office within 30 days after initial use of such departure, specifying the percentage of the departure from the approved rates and an explanation of how the departure will be applied. If the departure is to be applied over a subsequent 12-month period, the member or subscriber must file a supplemental informational departure statement pursuant to this subsection at least 30 days before the end of the current period. If the office determines that a departure violates the applicable principles for ratemaking under ss. 627.062 and 627.072, would result in predatory pricing, or imperils the financial condition of the member or subscriber, the office must issue an order specifying its findings and stating the time period within which the departure expires, which must be within a reasonable time period after the order is issued. The order does not affect an insurance contract or policy made or issued before the departure expiration period set forth in the order.*

Section 12. (1) *The Department of Financial Services, in consultation with the three-member panel, shall contract with an independent consultant to evaluate Florida's current reimbursement methodology for medical services provided by hospitals and ambulatory surgical centers pursuant to s. 440.13, Florida Statutes. The study must evaluate the feasibility of adopting other reimbursement methods, including group health outpatient reimbursement rates. The study must include an evaluation of the payments, prices, utilization, and outcomes associated with each of the reimbursement methods. The consultant shall submit a report with findings and recommendations to the Speaker of the House of Representatives and the President of the Senate by November 1, 2017.*

(2) *Effective July 1, 2017, the sum of \$50,000 in nonrecurring funds from the Workers' Compensation Administration Trust Fund is appropriated to the Department of Financial Services for the purpose of funding the study.*

Section 13. (1) *The Office of Insurance Regulation shall contract with an independent consultant to evaluate the competition, availability, and affordability of workers' compensation insurance in Florida, which evaluation must include a review of the current administered pricing rating system, including deviations authorized under s. 627.211(7), to evaluate the advantages and disadvantages of a loss cost system and to evaluate other mechanisms that can be used to increase competition in the marketplace. The consultant shall submit a report of its findings and*

recommendations to the Governor, the Senate, and the House of Representatives no later than November 1, 2017.

(2) Effective July 1, 2017, the sum of \$25,000 in nonrecurring funds from the Workers' Compensation Administration Trust Fund is appropriated to the Office of Insurance Regulation for the purpose of funding the study.

Pursuant to Rule 7.1(1), there being no objection, consideration of the following late-filed amendment was allowed:

Senator Farmer moved the following substitute amendment which was adopted:

**Amendment 2 (473190) (with title amendment)**—Delete everything after the enacting clause and insert:

Section 1. Subsection (40) of section 440.02, Florida Statutes, is amended to read:

440.02 Definitions.—When used in this chapter, unless the context clearly requires otherwise, the following terms shall have the following meanings:

(40) "Specificity" means information on the petition for benefits sufficient to put the employer or carrier on notice of the exact statutory classification and outstanding time period for each requested benefit, the specific amount of each requested benefit, the calculation used for computing the requested benefit, ~~of benefits being requested~~ and includes a detailed explanation of any benefits received that should be increased, decreased, changed, or otherwise modified. If the petition is for medical benefits, the information ~~shall~~ include specific details as to why such benefits are being requested, why such benefits are medically necessary, and why current treatment, if any, is not sufficient. Any petition requesting alternate or other medical care, including, but not limited to, petitions requesting psychiatric or psychological treatment, must specifically identify the physician, as defined in s. 440.13(1), who is recommending such treatment. A copy of a report from such physician making the recommendation for alternate or other medical care ~~shall~~ also be attached to the petition. A judge of compensation claims ~~may shall~~ not order such treatment if a physician is not recommending such treatment.

Section 2. Paragraph (c) of subsection (3) of section 440.105, Florida Statutes, is amended to read:

440.105 Prohibited activities; reports; penalties; limitations.—

(3) Whoever violates any provision of this subsection commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

(c) Except for an attorney who is retained by or for an injured worker and who receives a fee or other consideration from or on behalf of such worker, it is unlawful for any ~~attorney or other~~ person, in his or her individual capacity or in his or her capacity as a public or private employee, or for any firm, corporation, partnership, or association to receive any fee or other consideration or any gratuity from a person on account of services rendered for a person in connection with any proceedings arising under this chapter, unless such fee, consideration, or gratuity is approved by a judge of compensation claims or by the Deputy Chief Judge of Compensation Claims.

Section 3. Paragraph (f) of subsection (2), paragraphs (d) and (i) of subsection (3), paragraph (a) of subsection (4), paragraphs (a) and (c) of subsection (5), and paragraphs (c) and (d) of subsection (9) of section 440.13, Florida Statutes, are amended, to read:

440.13 Medical services and supplies; penalty for violations; limitations.—

## (2) MEDICAL TREATMENT; DUTY OF EMPLOYER TO FURNISH.—

(f) Upon the written request of the employee, the carrier shall give the employee the opportunity for one change of physician during the course of treatment for any one accident. Upon the granting of a change of physician, the originally authorized physician in the same specialty as the changed physician shall become deauthorized upon written notification by the employer or carrier. The carrier shall authorize an alternative physician who shall not be professionally affiliated with the previous physician within 5 *business* days after receipt of the request. If the carrier fails to provide a change of physician as requested by the employee, the employee may select the physician and such physician shall be considered authorized if the treatment being provided is compensable and medically necessary.

Failure of the carrier to timely comply with this subsection shall be a violation of this chapter and the carrier shall be subject to penalties as provided for in s. 440.525.

## (3) PROVIDER ELIGIBILITY; AUTHORIZATION.—

(d) A carrier ~~must respond~~, by telephone or in writing, *must authorize or deny* to a request for authorization from an authorized health care provider by the close of the third business day after receipt of the request. A carrier *authorizes the request if it* ~~who~~ fails to respond to a written request for authorization for referral for medical treatment by the close of the third business day after receipt of the request ~~consents to the medical necessity for such treatment~~. All such requests must be made to the carrier. Notice to the carrier does not include notice to the employer.

(i) Notwithstanding paragraph (d), a claim for specialist consultations, surgical operations, physiotherapeutic or occupational therapy procedures, X-ray examinations, or special diagnostic laboratory tests that cost more than \$1,000 and other specialty services that the department identifies by rule is not valid and reimbursable unless the services have been expressly authorized by the carrier, unless the carrier has failed to respond within 10 *business* days to a written request for authorization, or unless emergency care is required. The insurer shall authorize such consultation or procedure unless the health care provider or facility is not authorized, unless such treatment is not in accordance with practice parameters and protocols of treatment established in this chapter, or unless a judge of compensation claims has determined that the consultation or procedure is not medically necessary, not in accordance with the practice parameters and protocols of treatment established in this chapter, or otherwise not compensable under this chapter. Authorization of a treatment plan does not constitute express authorization for purposes of this section, except to the extent the carrier provides otherwise in its authorization procedures. This paragraph does not limit the carrier's obligation to identify and disallow overutilization or billing errors.

## (4) NOTICE OF TREATMENT TO CARRIER; FILING WITH DEPARTMENT.—

(a) Any health care provider providing necessary remedial treatment, care, or attendance to any injured worker shall submit treatment reports to the carrier in a format prescribed by the department. A claim for medical or surgical treatment is not valid or enforceable against such employer or employee, unless, by the close of the third business day following the first treatment, the physician providing the treatment furnishes to the employer or carrier a preliminary notice of the injury and treatment in a format prescribed by the department and, within 15 *business* days thereafter, furnishes to the employer or carrier a complete report, and subsequent thereto furnishes progress reports, if requested by the employer or insurance carrier, at intervals of not less than 15 *business* days ~~3 weeks~~ apart or at less frequent intervals if requested in a format prescribed by the department.

## (5) INDEPENDENT MEDICAL EXAMINATIONS.—

(a) In any dispute concerning overutilization, medical benefits, compensability, or disability under this chapter, the carrier or the employee may select an independent medical examiner. If the parties agree, the examiner may be a health care provider treating or providing other care to the employee. An independent medical examiner may not render an opinion outside his or her area of expertise, as demonstrated

by licensure and applicable practice parameters. The employer and employee shall be entitled to only one independent medical examination per accident and not one independent medical examination per medical specialty. The party requesting and selecting the independent medical examination shall be responsible for all expenses associated with said examination, including, but not limited to, medically necessary diagnostic testing performed and physician or medical care provider fees for the evaluation. The party selecting the independent medical examination shall identify the choice of the independent medical examiner to all other parties within 15 *business* days after the date the independent medical examination is to take place. Failure to timely provide such notification shall preclude the requesting party from submitting the findings of such independent medical examiner in a proceeding before a judge of compensation claims. The independent medical examiner may not provide followup care if such recommendation for care is found to be medically necessary. If the employee prevails in a medical dispute as determined in an order by a judge of compensation claims or if benefits are paid or treatment provided after the employee has obtained an independent medical examination based upon the examiner's findings, the costs of such examination shall be paid by the employer or carrier.

(c) The carrier may, at its election, contact the claimant directly to schedule a reasonable time for an independent medical examination. The carrier must confirm the scheduling agreement in writing with the claimant and the claimant's counsel, if any, at least 7 *business* days before the date upon which the independent medical examination is scheduled to occur. An attorney representing a claimant is not authorized to schedule the self-insured employer's or carrier's independent medical evaluations under this subsection. Neither the self-insured employer nor the carrier shall be responsible for scheduling any independent medical examination other than an employer or carrier independent medical examination.

## (9) EXPERT MEDICAL ADVISORS.—

(c) If there is disagreement in the opinions of the health care providers, if two health care providers disagree on medical evidence supporting the employee's complaints or the need for additional medical treatment, or if two health care providers disagree that the employee is able to return to work, the department may, and the judge of compensation claims shall, upon his or her own motion or within 15 *business* days after receipt of a written request by either the injured employee, the employer, or the carrier, order the injured employee to be evaluated by an expert medical advisor. The injured employee and the employer or carrier may agree on the health care provider to serve as an expert medical advisor. If the parties do not agree, the judge of compensation claims shall select an expert medical advisor from the department's list of certified expert medical advisors. If a certified medical advisor within the relevant medical specialty is unavailable, the judge of compensation claims shall appoint any otherwise qualified health care provider to serve as an expert medical advisor without obtaining the department's certification. The opinion of the expert medical advisor is presumed to be correct unless there is clear and convincing evidence to the contrary as determined by the judge of compensation claims. The expert medical advisor appointed to conduct the evaluation shall have free and complete access to the medical records of the employee. An employee who fails to report to and cooperate with such evaluation forfeits entitlement to compensation during the period of failure to report or cooperate.

(d) The expert medical advisor must complete his or her evaluation and issue his or her report to the department or to the judge of compensation claims within 15 *business* days after receipt of all medical records. The expert medical advisor must furnish a copy of the report to the carrier and to the employee.

Section 4. Paragraph (a) of subsection (2) and paragraph (e) of subsection (4) of section 440.15, Florida Statutes, are amended to read:

440.15 Compensation for disability.—Compensation for disability shall be paid to the employee, subject to the limits provided in s. 440.12(2), as follows:

## (2) TEMPORARY TOTAL DISABILITY.—

(a) Subject to subsection (7), in case of disability total in character but temporary in quality, 66 <sup>2</sup>/<sub>3</sub> or 66.67 percent of the average weekly wages shall be paid to the employee during the continuance thereof, not to exceed 260 404 weeks except as provided in this subsection, s.

440.12(1), and s. 440.14(3). Once the employee reaches the maximum number of weeks allowed, or the employee reaches the date of maximum medical improvement, whichever occurs earlier, temporary disability benefits shall cease and the injured worker's permanent impairment shall be determined.

(4) TEMPORARY PARTIAL DISABILITY.—

(e) Such benefits shall be paid during the continuance of such disability, not to exceed a period of 260 ~~104~~ weeks, as provided by this subsection and subsection (2). Once the injured employee reaches the maximum number of weeks, temporary disability benefits cease and the injured worker's permanent impairment must be determined. If the employee is terminated from postinjury employment based on the employee's misconduct, temporary partial disability benefits are not payable as provided for in this section. The department shall by rule specify forms and procedures governing the method and time for payment of temporary disability benefits for dates of accidents before January 1, 1994, and for dates of accidents on or after January 1, 1994.

Section 5. Subsection (2) of section 440.151, Florida Statutes, is amended to read:

440.151 Occupational diseases.—

(2) Whenever used in this section the term "occupational disease" shall be construed to mean only a disease which is due to causes and conditions which are characteristic of and peculiar to a particular trade, occupation, process, or employment, and to exclude all ordinary diseases of life to which the general public is exposed, unless the incidence of the disease is substantially higher in the particular trade, occupation, process, or employment than for the general public. "Occupational disease" means only a disease for which there are epidemiological studies showing that exposure to the specific substance involved, at the levels to which the employee was exposed, may cause the precise disease sustained by the employee. *Notwithstanding any provision of this chapter, for firefighters, as defined in s. 112.81, multiple myeloma and non-Hodgkin's lymphoma are deemed to be occupational diseases that arise out of work performed in the course and scope of employment.*

Section 6. Subsections (2) and (5) of section 440.192, Florida Statutes, are amended to read:

440.192 Procedure for resolving benefit disputes.—

(2) Upon receipt, the Office of the Judges of Compensation Claims shall review each petition and shall dismiss each petition or any portion of such a petition that does not on its face *meet the requirements of this section and the definition of specificity under s. 440.02, and* specifically identify or itemize the following:

(a) ~~The name, address, and telephone number, and social security number~~ of the employee.

(b) *The name, address, and telephone number of the employer.*

(c) *A detailed description of the injury and cause of the injury, including the Florida county or, if outside of Florida, the state location of the occurrence and the date or dates of the accident.*

(d) *A detailed description of the employee's job, work responsibilities, and work the employee was performing when the injury occurred.*

(e) *The specific time period for which compensation and the specific classification of compensation were not timely provided.*

(f) *The specific date of maximum medical improvement, character of disability, and specific statement of all benefits or compensation that the employee is seeking. A claim for permanent benefits must include the specific date of maximum medical improvement and the specific date that such permanent benefits are claimed to begin.*

(g) *All specific travel costs to which the employee believes she or he is entitled, including dates of travel and purpose of travel, means of transportation, and mileage and including the date the request for mileage was filed with the carrier and a copy of the request filed with the carrier.*

(h) *A specific listing of all medical charges alleged unpaid, including the name and address of the medical provider, the amounts due, and the specific dates of treatment.*

(i) *The type or nature of treatment care or attendance sought and the justification for such treatment. If the employee is under the care of a physician for an injury identified under paragraph (c), a copy of the physician's request, authorization, or recommendation for treatment, care, or attendance must accompany the petition.*

(j) *The specific amount of compensation claimed to be accurate and the methodology claimed to accurately calculate the average weekly wage, if the average weekly wage calculated by the employer or carrier is disputed. If the petition does not include a claim under this paragraph, the average weekly wage and corresponding compensation calculated by the employer or carrier are presumed to be accurate.*

(k) ~~(j)~~ *A specific explanation of any other disputed issue that a judge of compensation claims will be called to rule upon.*

The dismissal of any petition or portion of such a petition under this subsection ~~section~~ is without prejudice and does not require a hearing.

(5)(a) All motions to dismiss must state with particularity the basis for the motion. The judge of compensation claims shall enter an order upon such motions without hearing, unless good cause for hearing is shown. *Dismissal of any petition or portion of a petition under this subsection is without prejudice.*

(b) *Upon motion that a petition or portion of a petition be dismissed for lack of specificity, the judge of compensation claims shall enter an order on the motion, unless stipulated in writing by the parties, within 10 days after the motion is filed or, if good cause for hearing is shown, within 20 days after hearing on the motion. When any petition or portion of a petition is dismissed for lack of specificity under this subsection, the claimant must be allowed 20 days after the date of the order of dismissal in which to file an amended petition. Any grounds for dismissal for lack of specificity under this section which are not asserted within 30 days after receipt of the petition for benefits are thereby waived.*

Section 7. Section 440.34, Florida Statutes, is amended to read:

440.34 ~~Attorney~~ ~~Attorney's~~ fees; costs.—

(1)(a) *A fee, gratuity, or other consideration may not be paid by a carrier or employer for a claimant in connection with any proceedings arising under this chapter, unless approved by the judge of compensation claims or court having jurisdiction over such proceedings. Any attorney fees attorney's fee approved by a judge of compensation claims for benefits secured on behalf of a claimant must equal to 20 percent of the first \$5,000 of the amount of the benefits secured, 15 percent of the next \$5,000 of the amount of the benefits secured, 10 percent of the remaining amount of the benefits secured to be provided during the first 10 years after the date the claim is filed, and 5 percent of the benefits secured after 10 years.*

(b) *However, the judge of compensation claims shall consider the following factors in each case and may increase or decrease the attorney fees, based on a maximum hourly rate of \$250 per hour, if in his or her judgment he or she expressly finds that the circumstances of the particular case warrant such action:*

1. *The time and labor required, the novelty and difficulty of the questions involved, and the skill requisite to perform the legal service properly.*

2. *The fee customarily charged in the locality for similar legal services.*

3. *The amount involved in the controversy and the benefits resulting to the claimant.*

4. *The time limitation imposed by the claimant or the circumstances.*

5. *The experience, reputation, and ability of the attorney or attorneys performing services.*

6. *The contingency or certainty of a fee.*

(c) The judge of compensation claims shall not approve a compensation order, ~~a joint stipulation for lump sum settlement, a stipulation or agreement between a claimant and his or her attorney, or any other agreement related to benefits under this chapter which provides for attorney fees paid by a carrier or employer~~ ~~an attorney's fee~~ in excess of the amount permitted by this section. The judge of compensation claims is not required to approve any retainer agreement between the claimant and his or her attorney. ~~The retainer agreement as to fees and costs may not be for compensation in excess of the amount allowed under this subsection or subsection (7).~~

(2) In awarding a claimant's ~~attorney fees paid by a carrier or employer~~ ~~attorney's fee~~, the judge of compensation claims shall consider only those benefits secured by the attorney. An attorney is not entitled to ~~attorney's fees~~ for representation in any issue that was ripe, due, and owing and that reasonably could have been addressed, but was not addressed, during the pendency of other issues for the same injury. The amount, statutory basis, and type of benefits obtained through legal representation shall be listed on all ~~attorney attorney's fees~~ awarded by the judge of compensation claims. For purposes of this section, the term "benefits secured" does not include future medical benefits to be provided on any date more than 5 years after the date the claim is filed. In the event an offer to settle an issue pending before a judge of compensation claims, including ~~attorney attorney's fees~~ as provided for in this section, is communicated in writing to the claimant or the claimant's attorney at least 30 days prior to the trial date on such issue, for purposes of calculating the amount of ~~attorney attorney's fees~~ to be taxed against the employer or carrier, the term "benefits secured" shall be deemed to include only that amount awarded to the claimant above the amount specified in the offer to settle. If multiple issues are pending before the judge of compensation claims, said offer of settlement shall address each issue pending and shall state explicitly whether or not the offer on each issue is severable. The written offer shall also unequivocally state whether or not it includes medical witness fees and expenses and all other costs associated with the claim.

(3) If any party should prevail in any proceedings before a judge of compensation claims or court, there shall be taxed against the non-prevailing party the reasonable costs of such proceedings, not to include ~~attorney attorney's fees~~. A claimant is responsible for the payment of her or his own ~~attorney attorney's fees~~, except that a claimant is entitled to recover ~~attorney fees~~ ~~an attorney's fee~~ in an amount equal to the amount provided for in subsection (1) ~~or subsection (7)~~ from a carrier or employer:

(a) Against whom she or he successfully asserts a petition for medical benefits only, if the claimant has not filed or is not entitled to file at such time a claim for disability, permanent impairment, wage-loss, or death benefits, arising out of the same accident;

(b) In any case in which the employer or carrier files a response to petition denying benefits with the Office of the Judges of Compensation Claims and the injured person has employed an attorney in the successful prosecution of the petition;

(c) In a proceeding in which a carrier or employer denies that an accident occurred for which compensation benefits are payable, and the claimant prevails on the issue of compensability; or

(d) In cases where the claimant successfully prevails in proceedings filed under s. 440.24 or s. 440.28.

Regardless of the date benefits were initially requested, ~~attorney attorney's fees~~ shall not attach under this subsection until 30 days after the date the carrier or employer, if self-insured, receives the petition.

(4) In such cases in which the claimant is responsible for the payment of her or his own ~~attorney attorney's fees~~, such fees are a lien upon compensation payable to the claimant, notwithstanding s. 440.22.

(5) If any proceedings are had for review of any claim, award, or compensation order before any court, the court may award the injured employee or dependent ~~attorney fees~~ ~~an attorney's fee~~ to be paid by the employer or carrier, in its discretion, which shall be paid as the court may direct.

(6) A judge of compensation claims may not enter an order approving the contents of a retainer agreement that permits placing any

portion of the employee's compensation into an escrow account until benefits have been secured.

(7) ~~This section may not be interpreted to limit or otherwise infringe on a claimant's right to retain an attorney and pay the attorney reasonable attorney fees for legal services related to a claim under the Workers' Compensation Law. If an attorney's fee is owed under paragraph (3)(a), the judge of compensation claims may approve an alternative attorney's fee not to exceed \$1,500 only once per accident, based on a maximum hourly rate of \$150 per hour, if the judge of compensation claims expressly finds that the attorney's fee amount provided for in subsection (1), based on benefits secured, fails to fairly compensate the attorney for disputed medical only claims as provided in paragraph (3)(a) and the circumstances of the particular case warrant such action.~~

Section 8. Effective July 1, 2018, subsection (10) of section 624.482, Florida Statutes, is amended to read:

624.482 Making and use of rates.—

(10) Any self-insurance fund that writes workers' compensation insurance and employer's liability insurance is subject to, and shall make all rate filings for workers' compensation insurance and employer's liability insurance in accordance with, ss. 627.091, 627.101, 627.111, 627.141, 627.151, 627.171, and 627.191, ~~and 627.211~~.

Section 9. Effective July 1, 2018, subsections (3), (4), and (6) of section 627.041, Florida Statutes, are amended to read:

627.041 Definitions.—As used in this part:

(3) "Rating organization" means every person, other than an authorized insurer, whether located within or outside this state, who has as his or her object or purpose the making of *prospective loss costs*, rates, rating plans, or rating systems. Two or more authorized insurers that act in concert for the purpose of making *prospective loss costs*, rates, rating plans, or rating systems, and that do not operate within the specific authorizations contained in ss. 627.311, 627.314(2), (4), and 627.351, shall be deemed to be a rating organization. No single insurer shall be deemed to be a rating organization.

(4) "Advisory organization" means every group, association, or other organization of insurers, whether located within or outside this state, which prepares policy forms or makes underwriting rules incident to but not including the making of *prospective loss costs*, rates, rating plans, or rating systems or which collects and furnishes to authorized insurers or rating organizations loss or expense statistics or other statistical information and data and acts in an advisory, as distinguished from a ratemaking, capacity.

(6) "Subscriber" means an insurer which is furnished at its request:

(a) With *prospective loss costs*, rates, and rating manuals by a rating organization of which it is not a member; or

(b) With advisory services by an advisory organization of which it is not a member.

If the office determines that part of a required rate filing does not meet the applicable requirements of this part, it may reject so much of the filing as does not meet these requirements, and approve the remainder of the filing.

627.211 Annual report by the office on the workers' compensation insurance market Deviations; workers' compensation and employer's liability insurances.—

(1) Every member or subscriber to a rating organization shall, as to workers' compensation or employer's liability insurance, adhere to the filings made on its behalf by such organization; except that any such insurer may make written application to the office for permission to file a uniform percentage decrease or increase to be applied to the premiums produced by the rating system so filed for a kind of insurance, for a class of insurance which is found by the office to be a proper rating unit for the application of such uniform percentage decrease or increase, or for a subdivision of workers' compensation or employer's liability insurance:

- (b) *For which separate expense provisions are included in the filings of the rating organization.*

(2) Every member or subscriber to a rating organization may, as to workers' compensation and employer's liability insurance, file a plan or plans to use deviations that vary according to factors present in each insured's individual risk. The insurer that files for the deviations provided in this subsection shall file the qualifications for the plans, schedules of rating factors, and the maximum deviation factors which shall be subject to the approval of the office pursuant to s. 627.091. The actual deviation which shall be used for each insured that qualifies under this subsection may not exceed the maximum filed deviation under that plan and shall be based on the merits of each insured's individual risk as determined by using schedules of rating factors which shall be applied uniformly. Insurers shall maintain statistical data in accordance with the schedule of rating factors. Such data shall be available to support the continued use of such varying deviations.

(3) In considering an application for the deviation, the office shall give consideration to the applicable principles for ratemaking as set forth in ss. 627.062 and 627.072 and the financial condition of the insurer. In evaluating the financial condition of the insurer, the office may consider: (1) the insurer's audited financial statements and whether the statements provide unqualified opinions or contain significant qualifications or "subject to" provisions; (2) any independent or other actuarial certification of loss reserves; (3) whether workers' compensation and

employer's liability reserves are above the midpoint or best estimate of the actuary's reserve range estimate; (4) the adequacy of the proposed rate; (5) historical experience demonstrating the profitability of the insurer; (6) the existence of excess or other reinsurance that contains a sufficiently low attachment point and maximums that provide adequate protection to the insurer; and (7) other factors considered relevant to the financial condition of the insurer by the office. The office shall approve the deviation if it finds it to be justified, it would not endanger the financial condition of the insurer, and it would not constitute predatory pricing. The office shall disapprove the deviation if it finds that the resulting premiums would be excessive, inadequate, or unfairly discriminatory, would endanger the financial condition of the insurer, or would result in predatory pricing. The insurer may not use a deviation unless the deviation is specifically approved by the office. An insurer may apply the premiums approved pursuant to s. 627.091 or its uniform deviation approved pursuant to this section to a particular insured according to underwriting guidelines filed with and approved by the office, such approval to be based on ss. 627.062 and 627.072.

(4) Each deviation permitted to be filed shall be effective for a period of 1 year unless terminated, extended, or modified with the approval of the office. If at any time after a deviation has been approved the office finds that the deviation no longer meets the requirements of this code, it shall notify the insurer in what respects it finds that the deviation fails to meet such requirements and specify when, within a reasonable period thereafter, the deviation shall be deemed no longer effective. The notice shall not affect any insurance contract or policy made or issued prior to the expiration of the period set forth in the notice.

(5) For purposes of this section, the office, when considering the experience of any insurer, shall consider the experience of any predecessor insurer when the business and the liabilities of the predecessor insurer were assumed by the insurer pursuant to an order of the office which approves the assumption of the business and the liabilities.

(6) The office shall submit an annual report to the President of the Senate and the Speaker of the House of Representatives by January 15 of each year which evaluates *insurance company solvency and competition* in the workers' compensation insurance market in this state. The report must contain an analysis of the availability and affordability of workers' compensation coverage and whether the current market structure, conduct, and performance are conducive to competition, based upon economic analysis and tests. The purpose of this report is to aid the Legislature in determining whether changes to the workers' compensation rating laws are warranted. The report must also document that the office has complied with the provisions of s. 627.096 which require the office to investigate and study all workers' compensation insurers in the state and to study the data, statistics, schedules, or other information as it finds necessary to assist in its review of workers' compensation rate filings.

Section 18. Effective July 1, 2018, section 627.2151, Florida Statutes, is created to read:

**627.2151 Workers' compensation excessive defense and cost containment expenses.**—

(1) As used in this section, the term "defense and cost containment expenses" or "DCCE" includes the following Florida expenses of an insurer group or insurer writing workers' compensation insurance:

- (a) Insurance company attorney fees;
- (b) Expert witnesses;
- (c) Medical examinations and autopsies;
- (d) Medical fee review panels;
- (e) Bill auditing;
- (f) Treatment utilization reviews; and
- (g) Preferred provider network expenses.

(2) Each insurer group or insurer writing workers' compensation insurance shall file with the office a schedule of Florida defense and cost containment expenses and total Florida incurred losses for each of the 3 years before the most recent accident year. The DCCE and incurred

losses must be valued as of December 31 of the first year following the latest accident year to be reported, developed to an ultimate basis, and at two 12-month intervals thereafter, each developed to an ultimate basis, so that a total of three evaluations will be provided for each accident year. The first year reported shall be accident year 2018, so that the reporting of 3 accident years under this evaluation will not take place until accident years 2019 and 2020 have become available.

(3) Excessive DCCE occurs when an insurer includes in its rates Florida defense and cost containment expenses for workers' compensation which exceed 15 percent of Florida workers' compensation incurred losses by the insurer or insurer group for the 3 most recent calendar years for which data is to be filed under this section.

(4) If the insurer or insurer group realizes excessive DCCE, the office must order a return of the excess amounts after affording the insurer or insurer group an opportunity for a hearing and otherwise complying with the requirements of chapter 120. Excessive DCCE amounts must be returned in all instances unless the insurer or insurer group affirmatively demonstrates to the office that the refund of the excessive DCCE amounts will render a member of the insurer group financially impaired or will render it insolvent under provisions of the Florida Insurance Code.

(5) Any excess DCCE amount must be returned to policyholders in the form of a cash refund or credit toward the future purchase of insurance. The refund or credit must be made on a pro rata basis in relation to the final compilation year earned premiums to the policyholders of record of the insurer or insurer group on December 31 of the final compilation year. Cash refunds and data in required reports to the office may be rounded to the nearest dollar and must be consistently applied.

(6)(a) Refunds must be completed in one of the following ways:

1. A cash refund must be completed within 60 days after entry of a final order indicating that excessive DCCE has been realized.

2. A credit to renewal policies must be applied to policy renewal premium notices that are forwarded to insureds more than 60 calendar days after entry of a final order indicating that excessive DCCE has been realized. If the insured thereafter cancels a policy or otherwise allows the policy to terminate, the insurer or insurer group must make a cash refund not later than 60 days after coverage termination.

(b) Upon completion of the renewal credits or refunds, the insurer or insurer group shall immediately certify having made the refunds to the office.

(7) Any refund or renewal credit made pursuant to this section is treated as a policyholder dividend applicable to the year immediately succeeding the compilation period giving rise to the refund or credit, for purposes of reporting under this section for subsequent years.

Section 19. Effective July 1, 2018, section 627.291, Florida Statutes, is amended to read:

**627.291 Information to be furnished insureds; appeal by insureds; workers' compensation and employer's liability insurances.**—

(1) As to workers' compensation and employer's liability insurances, every rating organization *filing prospective loss costs* and every insurer which makes its own rates shall, within a reasonable time after receiving written request therefor and upon payment of such reasonable charge as it may make, furnish to any insured affected by a rate made by it, or to the authorized representative of such insured, all pertinent information as to such rate.

(2) As to workers' compensation and employer's liability insurances, every rating organization *filing prospective loss costs* and every insurer which makes its own rates shall provide within this state reasonable means whereby any person aggrieved by the application of its rating system may be heard, in person or by his or her authorized representative, on his or her written request to review the manner in which such rating system has been applied in connection with the insurance afforded him or her. If the rating organization *filing prospective loss costs* or the insurer making its own rates fails to grant or rejects such request within 30 days after it is made, the applicant may proceed in the same manner as if his or her application had been rejected. Any party affected by the action of such rating organization *filing prospective loss costs* or

insurer *making its own rates* on such request may, within 30 days after written notice of such action, appeal to the office, which may affirm or reverse such action.

Section 20. Effective July 1, 2018, section 627.318, Florida Statutes, is amended to read:

627.318 Records.—Every insurer, rating organization *filing prospective loss costs*, and advisory organization and every group, association, or other organization of insurers which engages in joint underwriting or joint reinsurance shall maintain reasonable records, of the type and kind reasonably adapted to its method of operation, of its experience or the experience of its members and of the data, statistics, or information collected or used by it in connection with the *prospective loss costs*, rates, rating plans, rating systems, underwriting rules, policy or bond forms, surveys, or inspections made or used by it, so that such records will be available at all reasonable times to enable the office to determine whether such organization, insurer, group, or association, and, in the case of an insurer or rating organization, every *prospective loss cost*, rate, rating plan, and rating system made or used by it, complies with the provisions of this part applicable to it. The maintenance of such records in the office of a licensed rating organization of which an insurer is a member or subscriber will be sufficient compliance with this section for any such insurer maintaining membership or subscribership in such organization, to the extent that the insurer uses the *prospective loss costs*, rates, rating plans, rating systems, or underwriting rules of such organization. Such records shall be maintained in an office within this state or shall be made available for examination or inspection within this state by the department at any time upon reasonable notice.

Section 21. Effective July 1, 2018, section 627.361, Florida Statutes, is amended to read:

If the request is not granted within 30 days after it is made, the requester may treat it as rejected. Any person aggrieved by the refusal of an insurer or rating organization to grant the review requested, or by the failure or refusal to grant all or part of the relief requested, may file a written complaint with the office, specifying the grounds relied upon. If the office has already disposed of the issue as raised by a similar complaint or believes that probable cause for the complaint does not exist or that the complaint is not made in good faith, it shall so notify the complainant. Otherwise, and if it also finds that the complaint charges a violation of this chapter and that the complainant would be aggrieved if the violation is proven, it shall proceed as provided in subsection (2).

(2) If after examination of an insurer, rating organization, advisory organization, or group, association, or other organization of insurers which engages in joint underwriting or joint reinsurance, upon the basis of other information, or upon sufficient complaint as provided in subsection (1), the office has good cause to believe that such insurer, organization, group, or association, or any *prospective loss cost*, rate, rating plan, or rating system made or used by any such insurer or rating organization, does not comply with the requirements and standards of this part applicable to it, it shall, unless it has good cause to believe such noncompliance is willful, give notice in writing to such insurer, organization, group, or association stating therein in what manner and to what extent noncompliance is alleged to exist and specifying therein

a reasonable time, not less than 10 days thereafter, in which the non-compliance may be corrected, including any premium adjustment.

House Amendment 1 (131495) (with title amendment)—Remove everything after the enacting clause and insert:

Section 1. Section 1004.4473, Florida Statutes, is created to read:

1004.4473 Industrial hemp pilot projects.—

(1) As used in this section, the term:

(a) "Department" means the Department of Agriculture and Consumer Services.

(b) "Hemp material" means a substance containing hemp stems, leaves, fibers, seeds, extracts, oil, or any other substance derived or harvested from a species of the cannabis plant.

(c) "Industrial hemp" means all parts and varieties of the cannabis sativa plant, cultivated or possessed by an approved grower under the pilot project, whether growing or not, which contain a tetrahydrocannabinol concentration that does not exceed 0.3 percent on a dry-weight basis.

(d) "Industrial hemp pilot project" or "pilot project" means a project that includes research of industrial hemp and any aspect of cultivation, harvesting, processing, market research, and sales of approved industrial hemp agricultural, industrial, and commercial products.

(e) "Qualified program personnel" means a person who, or an employee of a company that, partners with a university on a pilot project, is certified by the university, and is 18 years of age or older.

(f) "Qualified project partner" means a public, nonprofit, or private entity that:

- 1. Has a principal place of business in this state.

2. Has access to a grow site and research facility located in this state which is acceptable for the cultivation, processing, and manufacturing of industrial hemp and hemp products, as determined by the department.

3. Submits a comprehensive business or research plan acceptable to the partnering university.

4. Provides proof of prior experience in or knowledge of, or demonstrates an interest in and commitment to, the cultivation, processing, manufacturing, or research of industrial hemp, as determined by the department.

(2)(a) The department shall authorize and oversee the development of industrial hemp pilot projects for the Institute of Food and Agricultural Sciences at the University of Florida, Florida Agricultural and Mechanical University, and any land grant university in the state that has a college of agriculture. The department shall adopt rules as required under the Agricultural Act of 2014, 7 U.S.C. s. 5940, to implement this section, including rules for the certification and registration of sites used for growth or cultivation. The purpose of the pilot projects is to cultivate, process, test, research, create, and market safe and effective commercial applications for industrial hemp in the agricultural sector in this state.

(b) The department shall adopt rules that address safety, compliance, and accountability and, at a minimum, require the universities to provide detailed information on:

1. The scope, design, and objectives of the pilot project.
2. Personnel and participants involved in the pilot project.
3. Facility locations and security.
4. The chain of control of hemp material.
5. The economic impact of the pilot project on the state's agricultural sector.
6. Genetic research, ensuring that psychotropic compounds will not be synthesized.
7. Compliance with state and federal law.

(c) The department shall initiate rulemaking pursuant to this subsection within 4 months after the effective date of this act.

(3) A university must obtain the authorization of its board of trustees before implementing an industrial hemp pilot project. A pilot project authorized by a university must be registered with the department and must comply with rules adopted by the department.

(4) A university that implements an industrial hemp pilot project shall develop partnerships with qualified project partners to attract experts and investors experienced with agriculture and may develop the pilot project in partnership with public, nonprofit, and private entities in accordance with this section and all applicable state and federal laws.

(5) The research office of a university that implements an industrial hemp pilot project shall oversee the pilot project and ensure compliance with rules adopted by the department. The office must identify a contact person who is responsible for oversight of the pilot project and shall adopt procedures and guidelines to ensure the proper operation of the pilot project, the proper handling of hemp material and products, compliance with state and federal law, and the safety and security of the pilot project facility. At a minimum, the guidelines must:

(a) Designate the physical location, global positioning system position, and map of the pilot project facility. Areas within the facility must be designated as general access or limited access. An area where hemp material is cultivated, processed, stored, or packaged or where industrial hemp research is conducted must be designated as limited access. Limited-access areas must be restricted to entry by qualified program personnel and authorized visitors accompanied at all times by qualified program personnel. All other areas of the facility may be designated as general access and are open to authorized visitors, regardless of whether accompanied by qualified program personnel.

(b) Identify the qualified program personnel involved in the pilot project who meet the requirements of 21 CFR s. 1301.18 pursuant to the Agricultural Act of 2014, 7 U.S.C. s. 5940.

(c) Authorize the qualified program personnel to handle, grow, cultivate, process, and manufacture hemp materials.

(d) Establish a testing program and protocols to ensure the proper labeling of hemp material.

(6) An industrial hemp commercialization project may only be conducted after an industrial hemp pilot project has been in place for 2 years to determine if there are any adverse impacts of hemp cultivation on current indigenous crops in the state.

(7) A university that implements an industrial hemp pilot project shall submit a report to the Governor, the President of the Senate, and the Speaker of the House of Representatives on the status of its pilot project and any research related to the cultivation, harvesting, processing, and uses of industrial hemp. The report must be prepared and submitted within 2 years after the pilot project's creation.

The installation of such device may not occur before July 1, 2003.

(b1). Any person who is convicted of a third violation of this section for an offense that occurs within 10 years after a prior conviction for a violation of this section commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084. In addition, the court shall order the mandatory placement for a period of not less than 2 years, at the convicted person’s sole expense, of an ignition interlock device approved by the department in accordance with s. 316.1938 upon all vehicles that are individually or jointly leased or owned and routinely operated by the convicted person, when the convicted person qualifies for a permanent or restricted license. The installation of such device may not occur before July 1, 2003.

2. Any person who is convicted of a third violation of this section for an offense that occurs more than 10 years after the date of a prior conviction for a violation of this section shall be punished by a fine of not less than \$2,000 or more than \$5,000 and by imprisonment for not more than 12 months. In addition, the court shall order the mandatory placement for a period of at least 2 years, at the convicted person’s sole expense, of an ignition interlock device approved by the department in accordance with s. 316.1938 upon all vehicles that are individually or jointly leased or owned and routinely operated by the convicted person, when the convicted person qualifies for a permanent or restricted license. 2. If a person’s family income is at or below 149 percent of the federal poverty level as documented by written order of the court, the regular monthly leasing fee charged to all customers by the interlock provider shall be discounted by 25 percent.

Determine the person’s ability to pay for installation of the device if the person claims inability to pay. If the court determines that the person is unable to pay for installation of the device, the court may order that any portion of a fine paid by the person for a violation of s. 316.193 shall be allocated to defray the costs of installing the device.

Such charges shall be included in the total rent or license fee subject to tax under this section whether or not they can be attributed to the ability of the lessor’s or licensor’s property as used or operated to attract customers. Payments for intrinsically valuable personal property such as franchises, trademarks, service marks, logos, or patents are not subject to tax under this section. If the purchaser of the admission subsequently resells it for an amount equal to or less than the amount paid, the purchaser ~~may~~ ~~shall~~ not collect any additional tax, nor shall the purchaser be allowed to take credit for the amount of tax previously paid.

d. *The department shall look solely to the entity that provided exemption documentation for recovery of tax, if it determines that the entity was not entitled to the exemption.*

3.a. *If a purchaser of an admission from a related dealer who is a member of the same controlled group of corporations for federal income tax purposes as the purchaser resells such admission to an entity that is exempt from sales and use tax under this chapter for any reason other than sale for resale, the purchaser may seek a refund or credit for the amount of tax it paid on its purchase from the related dealer if it provides that related dealer with proof of the exempt entity’s qualification for the exemption, as prescribed by rules of the department.*

b. *Upon the purchaser’s request, a related dealer receiving the exempt entity’s documentation shall refund or credit the tax paid by the purchaser. If the related dealer has already remitted such tax to the department, it may then seek a refund or credit of the tax from the department. If the related dealer has not yet remitted such tax to the department, the related dealer may not seek a refund or credit of such tax, but may retain the exemption documentation in lieu of remitting the tax to the department.*

c. *The department shall look solely to the entity that provided exemption documentation for recovery of tax if it determines that the entity was not entitled to the exemption.*

(1) For the exercise of such privilege, a tax is levied on each taxable transaction or incident, which tax is due and payable as follows:

a. Detective, burglar protection, and other protection services (NAICS National Numbers 561611, 561612, 561613, and 561621). *Fingerprint services required under s. 790.06 or s. 790.062 are not subject to the tax.* Any law enforcement officer, as defined in s. 943.10, who is performing approved duties as determined by his or her local law enforcement agency in his or her capacity as a law enforcement officer, and who is subject to the direct and immediate command of his or her law enforcement agency, and in the law enforcement officer's uniform as authorized by his or her law enforcement agency, is performing law enforcement and public safety services and is not performing detective, burglar protection, or other protective services, if the law enforcement officer is performing his or her approved duties in a geographical area in which the law enforcement officer has arrest jurisdiction. Such law enforcement and public safety services are not subject to tax irrespective of whether the duty is characterized as "extra duty," "off-duty," or "secondary employment," and irrespective of whether the officer is paid directly or through the officer's agency by an outside source. The term "law enforcement officer" includes full-time or part-time law enforcement officers, and any auxiliary law enforcement officer, when such auxiliary law enforcement officer is working under the direct supervision of a full-time or part-time law enforcement officer.

Charges for detective, burglar protection, and other protection security services performed outside this state and used in this state are subject to tax.

4. If a transaction involves both the sale or use of a service taxable under this paragraph and the sale or use of a service or any other item not taxable under this chapter, the consideration paid must be separately identified and stated with respect to the taxable and exempt portions of the transaction or the entire transaction shall be presumed taxable. The burden shall be on the seller of the service or the purchaser of the service, whichever applicable, to overcome this presumption by providing documentary evidence as to which portion of the transaction is exempt from tax. The department is authorized to adjust the amount of consideration identified as the taxable and exempt portions of the transaction; however, a determination that the taxable and exempt portions are inaccurately stated and that the adjustment is applicable must be supported by substantial competent evidence.

5. Each seller of services subject to sales tax pursuant to this paragraph shall maintain a monthly log showing each transaction for which sales tax was not collected because the services meet the requirements of subparagraph 3. for out-of-state use. The log must identify the purchaser's name, location and mailing address, and federal employer identification number, if a business, or the social security number, if an individual, the service sold, the price of the service, the date of sale, the reason for the exemption, and the sales invoice number. The monthly log shall be maintained pursuant to the same requirements and subject to the same penalties imposed for the keeping of similar records pursuant to this chapter.

Also exempt are cellophane wrappers, glue for tin and glass (apiarists), mailing cases for honey, shipping cases, window cartons, and baling wire and twine used for baling hay, when used by a farmer to contain, produce, or process an agricultural commodity.

(p) Community contribution tax credit for donations.—

1. Authorization.—Persons who are registered with the department under s. 212.18 to collect or remit sales or use tax and who make donations to eligible sponsors are eligible for tax credits against their state sales and use tax liabilities as provided in this paragraph:

a. The credit shall be computed as 50 percent of the person's approved annual community contribution.

b. The credit shall be granted as a refund against state sales and use taxes reported on returns and remitted in the 12 months preceding the date of application to the department for the credit as required in subparagraph 3.c. If the annual credit is not fully used through such refund because of insufficient tax payments during the applicable 12-month period, the unused amount may be included in an application for a refund made pursuant to subparagraph 3.c. in subsequent years against the total tax payments made for such year. Carryover credits may be applied for a 3-year period without regard to any time limitation that would otherwise apply under s. 215.26.

c. A person may not receive more than \$200,000 in annual tax credits for all approved community contributions made in any one year.

d. All proposals for the granting of the tax credit require the prior approval of the Department of Economic Opportunity.

e. The total amount of tax credits which may be granted for all programs approved under this paragraph, s. 220.183, and s. 624.5105 is ~~\$10.5~~ ~~\$18.4 million in the 2015-2016 fiscal year, \$21.4 million in the 2016-2017 fiscal year, and \$21.4 million each fiscal year in the 2017-2018 fiscal year~~ for projects that provide housing opportunities for persons with special needs or homeownership opportunities for low-income households or very-low-income households and \$3.5 million *each fiscal year* ~~annually~~ for all other projects. As used in this paragraph, the term "person with special needs" has the same meaning as in s. 420.0004 and the terms "low-income person," "low-income household," "very-low-income person," and "very-low-income household" have the same meanings as in s. 420.9071.

f. A person who is eligible to receive the credit provided in this paragraph, s. 220.183, or s. 624.5105 may receive the credit only under one section of the person's choice.

2. Eligibility requirements.—

a. A community contribution by a person must be in the following form:

(I) Cash or other liquid assets;

(II) Real property, including 100 percent ownership of a real property holding company;

(III) Goods or inventory; or

(IV) Other physical resources identified by the Department of Economic Opportunity.

For purposes of this subparagraph, the term "real property holding company" means a Florida entity, such as a Florida limited liability company, that is wholly owned by the person; is the sole owner of real property, as defined in s. 192.001(12), located in the state; is disregarded as an entity for federal income tax purposes pursuant to 26 C.F.R. s. 301.7701-3(b)(1)(ii); and at the time of contribution to an eligible sponsor, has no material assets other than the real property and any other property that qualifies as a community contribution.

b. All community contributions must be reserved exclusively for use in a project. As used in this sub-subparagraph, the term "project" means

activity undertaken by an eligible sponsor which is designed to construct, improve, or substantially rehabilitate housing that is affordable to low-income households or very-low-income households; designed to provide housing opportunities for persons with special needs; designed to provide commercial, industrial, or public resources and facilities; or designed to improve entrepreneurial and job-development opportunities for low-income persons. A project may be the investment necessary to increase access to high-speed broadband capability in a rural community that had an enterprise zone designated pursuant to chapter 290 as of May 1, 2015, including projects that result in improvements to communications assets that are owned by a business. A project may include the provision of museum educational programs and materials that are directly related to a project approved between January 1, 1996, and December 31, 1999, and located in an area which was in an enterprise zone designated pursuant to s. 290.0065 as of May 1, 2015. This paragraph does not preclude projects that propose to construct or rehabilitate housing for low-income households or very-low-income households on scattered sites or housing opportunities for persons with special needs. With respect to housing, contributions may be used to pay the following eligible special needs, low-income, and very-low-income housing-related activities:

(I) Project development impact and management fees for special needs, low-income, or very-low-income housing projects;

(II) Down payment and closing costs for persons with special needs, low-income persons, and very-low-income persons;

(III) Administrative costs, including housing counseling and marketing fees, not to exceed 10 percent of the community contribution, directly related to special needs, low-income, or very-low-income projects; and

(IV) Removal of liens recorded against residential property by municipal, county, or special district local governments if satisfaction of the lien is a necessary precedent to the transfer of the property to a low-income person or very-low-income person for the purpose of promoting home ownership. Contributions for lien removal must be received from a nonrelated third party.

c. The project must be undertaken by an "eligible sponsor," which includes:

(I) A community action program;

(II) A nonprofit community-based development organization whose mission is the provision of housing for persons with special needs, low-income households, or very-low-income households or increasing entrepreneurial and job-development opportunities for low-income persons;

(III) A neighborhood housing services corporation;

(IV) A local housing authority created under chapter 421;

(V) A community redevelopment agency created under s. 163.356;

(VI) A historic preservation district agency or organization;

(VII) A local workforce development board;

(VIII) A direct-support organization as provided in s. 1009.983;

(IX) An enterprise zone development agency created under s. 290.0056;

(X) A community-based organization incorporated under chapter 617 which is recognized as educational, charitable, or scientific pursuant to s. 501(c)(3) of the Internal Revenue Code and whose bylaws and articles of incorporation include affordable housing, economic development, or community development as the primary mission of the corporation;

(XI) Units of local government;

(XII) Units of state government; or

(XIII) Any other agency that the Department of Economic Opportunity designates by rule.

A contributing person may not have a financial interest in the eligible sponsor.

d. The project must be located in an area which was in an enterprise zone designated pursuant to chapter 290 as of May 1, 2015, or a Front Porch Florida Community, unless the project increases access to high-speed broadband capability in a rural community that had an enterprise zone designated pursuant to chapter 290 as of May 1, 2015, but is physically located outside the designated rural zone boundaries. Any project designed to construct or rehabilitate housing for low-income households or very-low-income households or housing opportunities for persons with special needs is exempt from the area requirement of this sub-subparagraph.

e.(I) If, during the first 10 business days of the state fiscal year, eligible tax credit applications for projects that provide housing opportunities for persons with special needs or homeownership opportunities for low-income households or very-low-income households are received for less than the annual tax credits available for those projects, the Department of Economic Opportunity shall grant tax credits for those applications and grant remaining tax credits on a first-come, first-served basis for subsequent eligible applications received before the end of the state fiscal year. If, during the first 10 business days of the state fiscal year, eligible tax credit applications for projects that provide housing opportunities for persons with special needs or homeownership opportunities for low-income households or very-low-income households are received for more than the annual tax credits available for those projects, the Department of Economic Opportunity shall grant the tax credits for those applications as follows:

(A) If tax credit applications submitted for approved projects of an eligible sponsor do not exceed \$200,000 in total, the credits shall be granted in full if the tax credit applications are approved.

(B) If tax credit applications submitted for approved projects of an eligible sponsor exceed \$200,000 in total, the amount of tax credits granted pursuant to sub-sub-sub-subparagraph (A) shall be subtracted from the amount of available tax credits, and the remaining credits shall be granted to each approved tax credit application on a pro rata basis.

(II) If, during the first 10 business days of the state fiscal year, eligible tax credit applications for projects other than those that provide housing opportunities for persons with special needs or homeownership opportunities for low-income households or very-low-income households are received for less than the annual tax credits available for those projects, the Department of Economic Opportunity shall grant tax credits for those applications and shall grant remaining tax credits on a first-come, first-served basis for subsequent eligible applications received before the end of the state fiscal year. If, during the first 10 business days of the state fiscal year, eligible tax credit applications for projects other than those that provide housing opportunities for persons with special needs or homeownership opportunities for low-income households or very-low-income households are received for more than the annual tax credits available for those projects, the Department of Economic Opportunity shall grant the tax credits for those applications on a pro rata basis.

### 3. Application requirements.—

a. An eligible sponsor seeking to participate in this program must submit a proposal to the Department of Economic Opportunity which sets forth the name of the sponsor, a description of the project, and the area in which the project is located, together with such supporting information as is prescribed by rule. The proposal must also contain a resolution from the local governmental unit in which the project is located certifying that the project is consistent with local plans and regulations.

b. A person seeking to participate in this program must submit an application for tax credit to the Department of Economic Opportunity which sets forth the name of the sponsor, a description of the project, and the type, value, and purpose of the contribution. The sponsor shall verify, in writing, the terms of the application and indicate its receipt of the contribution, and such verification must accompany the application for tax credit. The person must submit a separate tax credit application to the Department of Economic Opportunity for each individual contribution that it makes to each individual project.

c. A person who has received notification from the Department of Economic Opportunity that a tax credit has been approved must apply to the department to receive the refund. Application must be made on the form prescribed for claiming refunds of sales and use taxes and be accompanied by a copy of the notification. A person may submit only one application for refund to the department within a 12-month period.

### 4. Administration.—

a. The Department of Economic Opportunity may adopt rules necessary to administer this paragraph, including rules for the approval or disapproval of proposals by a person.

b. The decision of the Department of Economic Opportunity must be in writing, and, if approved, the notification shall state the maximum credit allowable to the person. Upon approval, the Department of Economic Opportunity shall transmit a copy of the decision to the department.

c. The Department of Economic Opportunity shall periodically monitor all projects in a manner consistent with available resources to ensure that resources are used in accordance with this paragraph; however, each project must be reviewed at least once every 2 years.

d. The Department of Economic Opportunity shall, in consultation with the statewide and regional housing and financial intermediaries, market the availability of the community contribution tax credit program to community-based organizations.

~~5. Expiration. This paragraph expires June 30, 2018; however, any accrued credit carryover that is unused on that date may be used until the expiration of the 3-year carryover period for such credit.~~

#### 1. As used in this paragraph, the term:

a. “Building materials” means tangible personal property that becomes a component part of improvements to real property.

b. “Exempt goods and services” means building materials, the rental of tangible personal property, and pest control services used in new construction.

c. “New construction” means improvements to real property which did not previously exist. The term does not include the reconstruction, renovation, restoration, rehabilitation, modification, alteration, or expansion of buildings already located on the parcel on which the new construction is built.

d. “Pest control” has the same meaning as in s. 482.021.

e. “Real property” has the same meaning as provided in s. 192.001, but does not include a condominium parcel or condominium property as defined in s. 718.103.

f. “Substantially completed” has the same meaning as in s. 192.042(1).

2. *Building materials, the rental of tangible personal property, and pest control services used in new construction located in a rural area of opportunity, as designated by the Governor pursuant to s. 288.0656, are exempt from the tax imposed by this chapter if an owner, lessee, or lessor can demonstrate to the satisfaction of the department that the requirements of this paragraph have been met. Except as provided in subparagraph 3., this exemption inures to the owner, lessee, or lessor at the time the new construction occurs, but only through a refund of previously paid taxes. To receive a refund pursuant to this paragraph, the owner, lessee, or lessor of the new construction must file an application under oath with the Department of Economic Opportunity. The application must include all of the following:*

a. *The name and address of the person claiming the refund.*

b. *An address and assessment roll parcel number of the real property that was improved by the new construction for which a refund of previously paid taxes is being sought.*

- c. A description of the new construction.
- d. A copy of a valid building permit issued by the county or municipal building department for the new construction.
- e. A sworn statement, under penalty of perjury, from the general contractor licensed in this state with whom the applicant contracted to build the new construction, which specifies the exempt goods and services, the actual cost of the exempt goods and services, and the amount of sales tax paid in this state on the exempt goods and services, and which states that the improvement to the real property was new construction. If a general contractor was not used, the applicant shall make the sworn statement required by this sub-subparagraph. Copies of the invoices evidencing the actual cost of the exempt goods and services and the amount of sales tax paid on such goods and services must be attached to the sworn statement provided by the general contractor or by the applicant. If copies of such invoices are not attached, the cost of the exempt goods and services is deemed to be an amount equal to 40 percent of the increase in assessed value of the property for ad valorem tax purposes.
- f. A certification by the local building code inspector that the new construction is substantially completed and is new construction.

3. The exemption under this paragraph inures to a municipality, county, other governmental unit or agency, or nonprofit community-based organization through a refund of previously paid taxes if the exempt goods and services are paid for from the funds of a community development block grant, the State Housing Initiatives Partnership Program, or a similar grant or loan program. To receive a refund, a municipality, county, other governmental unit or agency, or nonprofit community-based organization must file an application that includes the same information required under subparagraph 2. In addition, the application must include a sworn statement signed by the chief executive officer of the municipality, county, other governmental unit or agency, or nonprofit community-based organization seeking a refund which states that the exempt goods and services for which a refund is sought were funded by a community development block grant, the State Housing Initiatives Partnership Program, or a similar grant or loan program.

4. Within 10 working days after receiving an application, the Department of Economic Opportunity shall review the application to determine whether it contains all of the information required by subparagraph 2. or subparagraph 3., as appropriate, and meets the criteria set out in this paragraph. The Department of Economic Opportunity shall certify all applications that contain the required information and are eligible to receive a refund. The certification must be in writing and a copy must be transmitted by the Department of Economic Opportunity to the executive director of the department. The applicant is responsible for forwarding a certified application to the department within the period specified in subparagraph 5.

5. An application for a refund must be submitted to the department within 6 months after the new construction is deemed to be substantially completed by the local building code inspector or by November 1 after the improved property is first subject to assessment.

6. Only one exemption through a refund of previously paid taxes for the new construction may be claimed for any single parcel of property unless there is a change in ownership, a new lessor, or a new lessee of the real property. A refund may not be granted unless the amount to be refunded exceeds \$500. A refund may not exceed the lesser of 97.5 percent of the Florida sales or use tax paid on the cost of the exempt goods and services as determined pursuant to sub-subparagraph 2.e. or \$10,000. The department shall issue a refund within 30 days after it formally approves a refund application.

7. The department shall deduct 10 percent of each refund amount granted under this paragraph from the amount transferred into the Local Government Half-cent Sales Tax Clearing Trust Fund pursuant to s. 212.20 for the county area in which the new construction is located and shall transfer that amount to the General Revenue Fund.

8. The department may adopt rules governing the manner and format of refund applications and may establish guidelines as to the requisites for an affirmative showing of qualification for exemption under this paragraph.

9. This exemption does not apply to improvements for which construction began before July 1, 2017.

(s) Data center property.—

1. As used in this paragraph, the term:

a. “Critical IT load” means that portion of electric power capacity, expressed in terms of megawatts, which is reserved solely for owners or tenants of a data center to operate their computer server equipment. The term does not include any ancillary load for cooling, lighting, common areas, or other equipment.

b. “Cumulative capital investment” means the combined total of all expenses incurred by the owners or tenants of a data center after July 1, 2017, in connection with acquiring, constructing, installing, equipping, or expanding the data center. However, the term does not include any expenses incurred in the acquisition of improved real property operating as a data center at the time of acquisition or within 6 months before the acquisition.

c. “Data center” means a facility that:

(I) Consists of one or more contiguous parcels in this state, along with the buildings, substations and other infrastructure, fixtures, and personal property located on the parcels;

(II) Is used exclusively to house and operate equipment that receives, stores, aggregates, manages, processes, transforms, retrieves, researches, or transmits data; or that is necessary for the proper operation of equipment that receives, stores, aggregates, manages, processes, transforms, retrieves, researches, or transmits data;

(III) Has a critical IT load of 15 megawatts or higher, and a critical IT load of 1 megawatt or higher dedicated to each individual owner or tenant within the data center; and

(IV) Is constructed on or after July 1, 2017.

d. “Data center property” means property used exclusively at a data center to construct, outfit, operate, support, power, cool, dehumidify, secure, or protect a data center and any contiguous dedicated substations. The term includes, but is not limited to, construction materials, component parts, machinery, equipment, computers, servers, installations, redundancies, and operating or enabling software, including any replacements, updates and new versions, and upgrades to or for such property, regardless of whether the property is a fixture or is otherwise affixed to or incorporated into real property. The term also includes electricity used exclusively at a data center.

2. Data center property is exempt from the tax imposed by this chapter, except for the tax imposed by s. 212.031. To be eligible for the exemption provided by this paragraph, the data center’s owners and tenants must make a cumulative capital investment of \$150 million or more for the data center and the data center must have a critical IT load of 15 megawatts or higher and a critical IT load of 1 megawatt or higher dedicated to each individual owner or tenant within the data center. Each of these requirements must be satisfied no later than 5 years after the commencement of construction of the data center.

3.a. To receive the exemption provided by this paragraph, the person seeking the exemption must apply to the department for a temporary tax exemption certificate. The application must state that a qualifying data center designation is being sought and provide information that the requirements of subparagraph 2. will be met. Upon a tentative determination by the department that the data center will meet the requirements of subparagraph 2., the department must issue the certificate.

b.(I) The certificateholder shall maintain all necessary books and records to support the exemption provided by this paragraph. Upon satisfaction of all requirements of subparagraph 2., the certificateholder must deliver the temporary tax certificate to the department together with documentation sufficient to show the satisfaction of the requirements. Such documentation must include written declarations, pursuant to s. 92.525, from:

(A) A professional engineer, licensed pursuant to chapter 471, certifying that the critical IT load requirement set forth in subparagraph 2. has been satisfied at the data center; and

(B) A Florida certified public accountant, as defined in s. 473.302, certifying that the cumulative capital investment requirement set forth in subparagraph 2. has been satisfied for the data center.

The professional engineer and the Florida certified public accountant may not be professionally related with the data center's owners, tenants, or contractors, except that they may be retained by a data center owner to certify that the requirements of subparagraph 2. have been met.

(II) If the department determines that the subparagraph 2. requirements have been satisfied, the department must issue a permanent tax exemption certificate.

(III) Notwithstanding s. 212.084(4), the permanent tax exemption certificate remains valid and effective for as long as the data center described in the exemption application continues to operate as a data center as defined in subparagraph 1., with review by the department every 5 years to ensure compliance. As part of the review, the certificateholder shall, within 3 months before the end of any 5-year period, submit a written declaration, pursuant to s. 92.525, certifying that the critical IT load of 15 megawatts or higher and the critical IT load of 1 megawatt or higher dedicated to each individual owner or tenant within the data center required by subparagraph 2. continues to be met. All owners, tenants, contractors, and others purchasing exempt data center property shall maintain all necessary books and records to support the exemption as to those purchases.

(IV) Notwithstanding s. 213.053, the department may share information concerning a temporary or permanent data center exemption certificate among all owners, tenants, contractors, and others purchasing exempt data center property pursuant to such certificate.

c. If, in an audit conducted by the department, it is determined that the certificateholder or any owners, tenants, contractors, or others purchasing, renting, or leasing data center property do not meet the criteria of this paragraph, the amount of taxes exempted at the time of purchase, rental, or lease is immediately due and payable to the department from the purchaser, renter, or lessee of those particular items, together with the appropriate interest and penalty computed from the date of purchase in the manner prescribed by this chapter. Notwithstanding s. 95.091(3)(a), any tax due as provided in this sub-subparagraph may be assessed by the department within 6 years after the date the data center property was purchased.

d. Purchasers, lessees, and renters of data center property who qualify for the exemption provided by this paragraph shall obtain from the data center a copy of the tax exemption certificate issued pursuant to subparagraph a. or subparagraph b. Before or at the time of purchase of the item or items eligible for exemption, the purchaser, lessee, or renter shall provide to the seller a copy of the tax exemption certificate and a signed certificate of entitlement. Purchasers, lessees, and renters with self-accrual authority shall maintain all documentation necessary to prove the exempt status of purchases.

e. For any purchase, lease, or rental of property that is exempt pursuant to this paragraph, the possession of a copy of a tax exemption certificate issued pursuant to subparagraph a. or subparagraph b. and a signed certificate of entitlement relieves the seller of the responsibility of collecting the tax on the sale, lease, or rental of such property, and the department must look solely to the purchaser, renter, or lessee for recovery of the tax if it determines that the purchase, rental, or lease was not entitled to the exemption.

4. After June 30, 2022, the department may not issue a temporary tax exemption certificate pursuant to this paragraph.

(6) EXEMPTIONS; POLITICAL SUBDIVISIONS.—

(d) For purposes of paragraph (a), the phrase "when payment is made directly to the dealer by the governmental entity" includes situations in which an entity under contract with a municipality to maintain and operate a municipally owned golf course pays for a purchase or lease for the operation or maintenance of that golf course using the golf course revenues or other funds provided by the municipality for use by that entity. This paragraph applies to a municipally owned golf course that is:

1. Located in a county with a population of at least 2 million residents.

2. The site upon which youth education programs are delivered on an ongoing basis by a nonprofit organization that is exempt from federal income tax under s. 501(c)(3) of the Internal Revenue Code.

Section 27. The provisions of this act relating to s. 212.08(5)(a), Florida Statutes, which exempt certain animal health products and aquaculture health products, and s. 212.08(6)(d), Florida Statutes, which exempt purchases by entities that operate certain municipally owned golf courses, are intended to be remedial in nature and apply retroactively, but do not provide a basis for an assessment of any tax or create a right to a refund or credit of any tax paid before the effective date of this act.

Section 28. Effective January 1, 2018, paragraph (ooo) is added to subsection (7) of section 212.08, Florida Statutes, to read:

212.08 Sales, rental, use, consumption, distribution, and storage tax; specified exemptions.—The sale at retail, the rental, the use, the consumption, the distribution, and the storage to be used or consumed in this state of the following are hereby specifically exempt from the tax imposed by this chapter.

(7) MISCELLANEOUS EXEMPTIONS.—Exemptions provided to any entity by this chapter do not inure to any transaction that is otherwise taxable under this chapter when payment is made by a representative or employee of the entity by any means, including, but not limited to, cash, check, or credit card, even when that representative or employee is subsequently reimbursed by the entity. In addition, exemptions provided to any entity by this subsection do not inure to any transaction that is otherwise taxable under this chapter unless the entity has obtained a sales tax exemption certificate from the department or the entity obtains or provides other documentation as required by the department. Eligible purchases or leases made with such a certificate must be in strict compliance with this subsection and departmental rules, and any person who makes an exempt purchase with a certificate that is not in strict compliance with this subsection and the rules is liable for and shall pay the tax. The department may adopt rules to administer this subsection.

(ooo) Products used to absorb menstrual flow.—Products used to absorb menstrual flow are exempt from the tax imposed by this chapter. As used in this paragraph, the term "products used to absorb menstrual flow" means products used to absorb or contain menstrual flow, including, but not limited to, tampons, sanitary napkins, pantliners, and menstrual cups.

Section 29. Effective January 1, 2018, paragraphs (a) and (c) of subsection (3) of section 212.18, Florida Statutes, are amended to read:

212.18 Administration of law; registration of dealers; rules.—

(3)(a) A person desiring to engage in or conduct business in this state as a dealer, or to lease, rent, or let or grant licenses in living quarters or sleeping or housekeeping accommodations in hotels, apartment houses, roominghouses, or tourist or trailer camps that are subject to tax under s. 212.03, or to lease, rent, or let or grant licenses in real property, and a person who sells or receives anything of value by way of admissions, must file with the department an application for a certificate of registration for each place of business. The application must include the names of the persons who have interests in such business and their residences, the address of the business, and other data reasonably required by the department. However, owners and operators of vending machines or newspaper rack machines are required to obtain only one certificate of registration for each county in which such machines are located. The department, by rule, may authorize a dealer that uses independent sellers to sell its merchandise to remit tax on the retail sales price charged to the ultimate consumer in lieu of having the independent seller register as a dealer and remit the tax. The department may appoint the county tax collector as the department's agent to accept applications for registrations. The application must be submitted to the department before the person, firm, partnership, or corporation may engage in such business, and it must be accompanied by a registration fee of \$5. However, a registration fee is not required to accompany an application to engage in or conduct business to make mail order sales. The department may waive the re-

gistration fee for applications submitted through the department's Internet registration process.

(c)1. A person who engages in acts requiring a certificate of registration under this subsection and who fails or refuses to register commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083. Such acts are subject to injunctive proceedings as provided by law. A person who engages in acts requiring a certificate of registration and who fails or refuses to register is also subject to a \$100 initial registration fee in lieu of the \$5 registration fee required by paragraph (a). However, the department may waive the increase in the registration fee if it finds that the failure to register was due to reasonable cause and not to willful negligence, willful neglect, or fraud.

2.a. A person who willfully fails to register after the department provides notice of the duty to register as a dealer commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

b. The department shall provide written notice of the duty to register to the person by personal service or by sending notice by registered mail to the person's last known address. The department may provide written notice by both methods described in this sub-subparagraph.

Section 30. Paragraphs (d) and (t) of subsection (1) of section 220.03, Florida Statutes, are amended to read:

A project may be the investment necessary to increase access to high-speed broadband capability in a rural community that had an enterprise zone designated pursuant to chapter 290 as of May 1, 2015, including projects that result in improvements to communications assets that are owned by a business. A project may include the provision of museum educational programs and materials that are directly related to any project approved between January 1, 1996, and December 31, 1999, and located in an area that was in an enterprise zone designated pursuant to s. 290.0065 as of May 1, 2015. The employer may reapply for annual reporting when a complete calendar year elapses after the employer's disqualification if the employer timely furnished any requested wage information during the period in which annual reporting was denied. An employer may not deduct contributions, interests, penalties, fines, or fees required under this chapter from any part of the wages of his or her employees. A fractional part of a cent less than one-half cent shall be disregarded from the payment of contributions, but a fractional part of at least one-half cent shall be increased to 1 cent.

5.4. The annual administrative fee assessed for electing to pay under the installment method shall be collected at the time the employer makes the first installment payment each year. The fee shall be segregated from the payment and deposited into the Operating Trust Fund of the Department of Revenue.

6.5. Interest does not accrue on any contribution that becomes due for wages paid in the first three quarters of each year if the employer pays the contribution in accordance with ~~subparagraphs 1.-5. subparagraphs 1.-4.~~ Interest and fees continue to accrue on prior delinquent contributions and commence accruing on all contributions due for wages paid in the first three quarters of each year which are not paid in accordance with ~~subparagraphs 1.-4. subparagraphs 1.-3.~~ Penalties may be assessed in accordance with this chapter. Section 14. Effective January 1, 2019, section 627.744, Florida Statutes, is amended to read:

~~627.744 Required~~ Preinsurance inspection of private passenger motor vehicles.—

(1) A private passenger motor vehicle insurance policy providing physical damage coverage, including collision or comprehensive coverage, may not be issued in this state unless the insurer has inspected the motor vehicle in accordance with this section.

(2) This section does not apply:

(a) To a policy for a policyholder who has been insured for 2 years or longer, without interruption, under a private passenger motor vehicle policy that provides physical damage coverage for any vehicle if the agent of the insurer verifies the previous coverage.

(b) To a new, unused motor vehicle purchased or leased from a licensed motor vehicle dealer or leasing company. The insurer may require:

1. A bill of sale, buyer's order, or lease agreement that contains a full description of the motor vehicle; or

2. A copy of the title or registration that establishes transfer of ownership from the dealer or leasing company to the customer and a copy of the window sticker.

For the purposes of this paragraph, the physical damage coverage on the motor vehicle may not be suspended during the term of the policy due to the applicant's failure to provide or the insurer's option not to require the documents. However, if the insurer requires a document under this paragraph at the time the policy is issued, payment of a claim may be conditioned upon the receipt by the insurer of the required documents, and no physical damage loss occurring after the effective date of the coverage may be payable until the documents are provided to the insurer.

(c) To a temporary substitute motor vehicle.

(d) To a motor vehicle which is leased for less than 6 months, if the insurer receives the lease or rental agreement containing a description of the leased motor vehicle, including its condition. Payment of a physical damage claim is conditioned upon receipt of the lease or rental agreement.

(e) To a vehicle that is 10 years old or older, as determined by reference to the model year.

(f) To any renewal policy.

(g) To a motor vehicle policy issued in a county with a 1988 estimated population of less than 500,000.

(h) To any other vehicle or policy exempted by rule of the commission. The commission may base a rule under this paragraph only on a determination that the likelihood of a fraudulent physical damage claim is remote or that the inspection would cause a serious hardship to the insurer or the applicant.

(i) When the insurer's authorized inspection service has no inspection facility either in the municipality in which the automobile is principally garaged or within 10 miles of such municipality.

(j) When the insured vehicle is insured under a commercially rated policy that insures five or more vehicles.

(k) When an insurance producer is transferring a book of business from one insurer to another.

(l) When an individual insured's coverage is being transferred and initiated by a producer to a new insurer.

~~(3) This subsection does not prohibit an insurer from requiring a preinsurance inspection of any motor vehicle as a condition of issuance of physical damage coverage.~~

~~(3)(4)~~ The inspection required by this section shall be provided by the insurer or by a person or organization authorized by the insurer. The applicant may be required to pay the cost of the inspection, not to exceed \$5. The inspection shall be recorded on a form prescribed by the commission, and the form or a copy shall be retained by the insurer with its policy records for the insured. The insurer shall provide a copy of the form to the insured upon request. Any inspection fee paid directly by the applicant may not be considered part of the premium. However, an insurer that provides the inspection at no cost to the applicant may include the expense of the inspection within a rate filing.

~~(4)(5)~~ The inspection shall include at least the following:

(a) Taking a physical imprint of the vehicle identification number of the vehicle or otherwise recording the vehicle identification number in a manner prescribed by the commission.

(b) Recording the presence of accessories required by the commission to be recorded.

(c) Recording the locations of and a description of existing damage to the vehicle.

~~(5)(6)~~ An insurer may defer an inspection for 30 calendar days following the effective date of coverage for a new policy, but not for a renewal policy, and for additional or replacement vehicles to an existing policy, if an inspection at the time of the request for coverage would create a serious inconvenience for the applicant and such hardship is documented in the insured's policy record.

(6)(7) The commission may, by rule, establish such procedures and notice requirements that it finds necessary to implement this section.

(7) *Notwithstanding any other provision of this section, an insurer may opt out of the inspection requirements of this section. An insurer opting out of the inspection must file a manual rule with the office indicating that the insurer will not participate in the inspection program under this section. An insurer that files such a manual rule with the office may establish its own preinsurance inspection requirements as a condition to issuing a private passenger motor vehicle insurance policy. The insurer's preinsurance inspection requirements must be included in the manual rule filed with the office. An insurer opting out of the inspection requirements of this section may not require an applicant to pay for the cost of an inspection.*

~~(8) The Division of Insurance Fraud of the Department of Financial Services shall provide a report of data from the required preinsurance inspection of motor vehicles to the Governor, the President of the Senate, and the Speaker of the House of Representatives by December 1, 2016.~~

~~(a) The data must include, but need not be limited to:~~

~~1. A written estimate of the total cost incurred by insurers and policyholders in order to comply with the inspections.~~

~~2. A written estimate of the total cost incurred by insurers to have their motor vehicles inspected.~~

~~3. Documentation regarding the total premium savings for policyholders as a result of the inspections.~~

~~4. Documentation of the total number of inspected motor vehicles that had a preexisting condition.~~

~~5. Documentation regarding the potential fraud in motor vehicle claims incurred within the first 125 days after issuance of a new policy.~~

~~6. Documentation of the total number of referrals of fraudulent acts to the National Insurance Crime Bureau by preinsurance inspectors during the past 5 years.~~

~~(b) The Legislature may use the report data in determining the future public necessity for this section.~~

Section 15. Effective September 1, 2017, section 641.3915, Florida Statutes, is amended to read:

641.3915 Health maintenance organization anti-fraud plans and investigative units.—Each authorized health maintenance organization and applicant for a certificate of authority shall comply with the provisions of ss. 626.989 and 626.9891 as though such organization or applicant were an authorized insurer. ~~For purposes of this section, the reference to the year 1996 in s. 626.9891 means the year 2000 and the reference to the year 1995 means the year 1999.~~

### (3) QUALITY SELECTION CRITERIA.—

(a) The invitation to negotiate must specify the criteria and the relative weight of the criteria that will be used for determining the acceptability of the reply and guiding the selection of the organizations with which the agency negotiates. *The agency shall give preference to plans that propose establishing a comprehensive long-term care plan.* In addition to criteria established by the agency, the agency shall consider the following factors in the selection of eligible plans:

1. Accreditation by the National Committee for Quality Assurance, the Joint Commission, or another nationally recognized accrediting body.

2. Experience serving similar populations, including the organization's record in achieving specific quality standards with similar populations.

3. Availability and accessibility of primary care and specialty physicians in the provider network.

4. Establishment of community partnerships with providers that create opportunities for reinvestment in community-based services.

5. Organization commitment to quality improvement and documentation of achievements in specific quality improvement projects, including active involvement by organization leadership.

6. Provision of additional benefits, particularly dental care and disease management, and other initiatives that improve health outcomes.

7. Evidence that an eligible plan has *obtained signed contracts or written agreements or signed contracts* or has made substantial progress in establishing relationships with providers before the plan *submits* ~~submitting~~ a response.

8. Comments submitted in writing by any enrolled Medicaid provider relating to a specifically identified plan participating in the procurement in the same region as the submitting provider.

9. Documentation of policies and procedures for preventing fraud and abuse.

10. The business relationship an eligible plan has with any other eligible plan that responds to the invitation to negotiate.

(d) ~~For the first year of the first contract term, the agency shall negotiate capitation rates or fee for service payments with each plan in order to guarantee aggregate savings of at least 5 percent.~~

1. ~~For prepaid plans, determination of the amount of savings shall be calculated by comparison to the Medicaid rates that the agency paid managed care plans for similar populations in the same areas in the prior year. In regions containing no prepaid plans in the prior year, determination of the amount of savings shall be calculated by comparison to the Medicaid rates established and certified for those regions in the prior year.~~

2. ~~For provider service networks operating on a fee for service basis, determination of the amount of savings shall be calculated by comparison to the Medicaid rates that the agency paid on a fee for service basis for the same services in the prior year.~~

(d)(e) To ensure managed care plan participation in *Regions A and E* ~~Regions 1 and 2~~, the agency shall award an additional contract to each plan with a contract award in *Region A* ~~Region 1~~ or *Region E* ~~Region 2~~. Such contract shall be in any other region in which the plan submitted a responsive bid and negotiates a rate acceptable to the agency. If a plan that is awarded an additional contract pursuant to this paragraph is subject to penalties pursuant to s. 409.967(2)(i) for activities in *Region A* ~~Region 1~~ or *Region E* ~~Region 2~~, the additional contract is automatically terminated 180 days after the imposition of the penalties. The plan must reimburse the agency for the cost of enrollment changes and other transition activities.

(e)(f) The agency may not execute contracts with managed care plans at payment rates not supported by the General Appropriations Act.

Section 3. Paragraphs (c) and (j) of subsection (2) of section 409.967, Florida Statutes, are amended to read:

#### 409.967 Managed care plan accountability.—

(2) The agency shall establish such contract requirements as are necessary for the operation of the statewide managed care program. In addition to any other provisions the agency may deem necessary, the contract must require:

(c) Access.—

1. The agency shall establish specific standards for the number, type, and regional distribution of providers in managed care plan networks to ensure access to care for both adults and children. Each plan must maintain a regionwide network of providers in sufficient numbers to meet the access standards for specific medical services for all recipients enrolled in the plan. The exclusive use of mail-order pharmacies may not be sufficient to meet network access standards. Consistent with the standards established by the agency, provider networks may include providers located outside the region. A plan may contract with a new hospital facility before the date the hospital becomes operational if the hospital has commenced construction, will be licensed and operational by January 1, 2013, and a final order has issued in any civil or administrative challenge. Each plan shall establish and maintain an accurate and complete electronic database of contracted providers, including information about licensure or registration, locations and hours of operation, specialty credentials and other certifications, specific performance indicators, and such other information as the agency deems necessary. The database must be available online to both the agency and the public and have the capability to compare the availability of providers to network adequacy standards and to accept and display feedback from each provider's patients. Each plan shall submit quarterly reports to the agency identifying the number of enrollees assigned to each primary care provider. *The agency shall conduct, or contract with a third party to conduct, systematic and ongoing testing of the provider network databases maintained by each plan to confirm database accuracy, to confirm that network providers are accepting enrollees, and to confirm that such enrollees have access to care.*

2. Each managed care plan must publish any prescribed drug formulary or preferred drug list on the plan's website in a manner that is

accessible to and searchable by enrollees and providers. The plan must update the list within 24 hours after making a change. Each plan must ensure that the prior authorization process for prescribed drugs is readily accessible to health care providers, including posting appropriate contact information on its website and providing timely responses to providers. For Medicaid recipients diagnosed with hemophilia who have been prescribed anti-hemophilic-factor replacement products, the agency shall provide for those products and hemophilia overlay services through the agency's hemophilia disease management program.

3. Managed care plans, and their fiscal agents or intermediaries, must accept prior authorization requests for any service electronically.

4. Managed care plans serving children in the care and custody of the Department of Children and Families must maintain complete medical, dental, and behavioral health encounter information and participate in making such information available to the department or the applicable contracted community-based care lead agency for use in providing comprehensive and coordinated case management. The agency and the department shall establish an interagency agreement to provide guidance for the format, confidentiality, recipient, scope, and method of information to be made available and the deadlines for submission of the data. The scope of information available to the department shall be the data that managed care plans are required to submit to the agency. The agency shall determine the plan's compliance with standards for access to medical, dental, and behavioral health services; the use of medications; and followup on all medically necessary services recommended as a result of early and periodic screening, diagnosis, and treatment.

(j) Prompt payment.—Managed care plans shall comply with ss. 641.315, 641.3155, and 641.513, and the agency shall impose fines, and may impose other sanctions, on a plan that willfully fails to comply with ss. 641.315, 641.3155, and 641.513 or s. 409.982(5).

Section 4. Section 409.971, Florida Statutes, is amended to read:

409.971 Managed medical assistance program.—The agency shall make payments for primary and acute medical assistance and related services using a managed care model. ~~By January 1, 2013, the agency shall begin implementation of the statewide managed medical assistance program, with full implementation in all regions by October 1, 2014.~~

(3) QUALITY SELECTION CRITERIA.—

(a) The invitation to negotiate must specify the criteria and the relative weight of the criteria that will be used for determining the acceptability of the reply and guiding the selection of the organizations with which the agency negotiates. *The agency shall give preference to plans that propose establishing a comprehensive long-term care plan.* In addition to criteria established by the agency, the agency shall consider the following factors in the selection of eligible plans:

1. Accreditation by the National Committee for Quality Assurance, the Joint Commission, or another nationally recognized accrediting body.
2. Experience serving similar populations, including the organization's record in achieving specific quality standards with similar populations.
3. Availability and accessibility of primary care and specialty physicians in the provider network.
4. Establishment of community partnerships with providers that create opportunities for reinvestment in community-based services.
5. Organization commitment to quality improvement and documentation of achievements in specific quality improvement projects, including active involvement by organization leadership.
6. Provision of additional benefits, ~~particularly dental care and disease management~~, and other initiatives that improve health outcomes.
7. Evidence that an eligible plan has *obtained signed contracts or written agreements or signed contracts* or has made substantial progress in establishing relationships with providers before the plan ~~submitting~~ *submits* a response.
8. Comments submitted in writing by any enrolled Medicaid provider relating to a specifically identified plan participating in the procurement in the same region as the submitting provider.
9. Documentation of policies and procedures for preventing fraud and abuse.
10. The business relationship an eligible plan has with any other eligible plan that responds to the invitation to negotiate.

~~(d) For the first year of the first contract term, the agency shall negotiate capitation rates or fee for service payments with each plan in order to guarantee aggregate savings of at least 5 percent.~~

~~1. For prepaid plans, determination of the amount of savings shall be calculated by comparison to the Medicaid rates that the agency paid managed care plans for similar populations in the same areas in the prior year. In regions containing no prepaid plans in the prior year, determination of the amount of savings shall be calculated by compar-~~

~~ison to the Medicaid rates established and certified for those regions in the prior year.~~

~~2. For provider service networks operating on a fee for service basis, determination of the amount of savings shall be calculated by comparison to the Medicaid rates that the agency paid on a fee for service basis for the same services in the prior year.~~

~~(d)(e)~~ To ensure managed care plan participation in *Regions A and E* ~~Regions 1 and 2~~, the agency shall award an additional contract to each plan with a contract award in *Region A* ~~Region 1~~ or *Region E* ~~Region 2~~. Such contract shall be in any other region in which the plan submitted a responsive bid and negotiates a rate acceptable to the agency. If a plan that is awarded an additional contract pursuant to this paragraph is subject to penalties pursuant to s. 409.967(2)(i) for activities in *Region A* ~~Region 1~~ or *Region E* ~~Region 2~~, the additional contract is automatically terminated 180 days after the imposition of the penalties. The plan must reimburse the agency for the cost of enrollment changes and other transition activities.

~~(e)(f)~~ The agency may not execute contracts with managed care plans at payment rates not supported by the General Appropriations Act.

409.967 Managed care plan accountability.—

(2) The agency shall establish such contract requirements as are necessary for the operation of the statewide managed care program. In addition to any other provisions the agency may deem necessary, the contract must require:

(c) Access.—

1. The agency shall establish specific standards for the number, type, and regional distribution of providers in managed care plan networks to ensure access to care for both adults and children. Each plan must maintain a regionwide network of providers in sufficient numbers to meet the access standards for specific medical services for all recipients enrolled in the plan. The exclusive use of mail-order pharmacies may not be sufficient to meet network access standards. Consistent with the standards established by the agency, provider networks may include providers located outside the region. A plan may contract with a new hospital facility before the date the hospital becomes operational if the hospital has commenced construction, will be licensed and operational by January 1, 2013, and a final order has issued in any civil or administrative challenge. Each plan shall establish and maintain an accurate and complete electronic database of contracted providers, including information about licensure or registration, locations and hours of operation, specialty credentials and other certifications, specific performance indicators, and such other information as the agency deems necessary. The database must be available online to both the agency and the public and have the capability to compare the availability of providers to network adequacy standards and to accept and display feedback from each provider's patients. Each plan shall submit quarterly reports to the agency identifying the number of enrollees assigned to each primary care provider. *The agency shall conduct, or contract with a third party to conduct, systematic and ongoing testing of the provider network databases maintained by each plan to confirm database accuracy, to confirm that network providers are accepting enrollees, and to confirm that such enrollees have access to care.*

2. Each managed care plan must publish any prescribed drug formulary or preferred drug list on the plan's website in a manner that is accessible to and searchable by enrollees and providers. The plan must update the list within 24 hours after making a change. Each plan must ensure that the prior authorization process for prescribed drugs is readily accessible to health care providers, including posting appropriate contact information on its website and providing timely responses to providers. For Medicaid recipients diagnosed with hemophilia who have been prescribed anti-hemophilic-factor replacement products, the agency shall provide for those products and hemophilia overlay services through the agency's hemophilia disease management program.

3. Managed care plans, and their fiscal agents or intermediaries, must accept prior authorization requests for any service electronically.

4. Managed care plans serving children in the care and custody of the Department of Children and Families must maintain complete medical, dental, and behavioral health encounter information and participate in making such information available to the department or the applicable contracted community-based care lead agency for use in providing comprehensive and coordinated case management. The agency and the department shall establish an interagency agreement to provide guidance for the format, confidentiality, recipient, scope, and method of information to be made available and the deadlines for submission of the data. The scope of information available to the department shall be the data that managed care plans are required to submit to the agency. The agency shall determine the plan's compliance with standards for access to medical, dental, and behavioral health services; the use of medications; and followup on all medically necessary services recommended as a result of early and periodic screening, diagnosis, and treatment.

(j) Prompt payment.—Managed care plans shall comply with ss. 641.315, 641.3155, and 641.513, and the agency shall impose fines, and may impose other sanctions, on a plan that willfully fails to comply with ss. 641.315, 641.3155, and 641.513 or s. 409.982(5).

## PRAYER

The following prayer was offered by Senator Broxson:

God, today we come to you with a dilemma—whether to ask you for a blessing or to give you praise. Today, we discuss a budget of \$83 billion—more resources than 200 countries. How should we pray, knowing that you have made us the richest and most prosperous nation in the history of the world?

You’ve given us fields of corn, wheat, honey, fruits, and vegetables. We are seldom thirsty for the abundance of rivers, streams, underground aquifers, and abundant rain. You’ve given us abundant natural energy to fuel our economy. You provide resources to teach our children so they would not suffer from the lack of knowledge. You have given us more than we deserve.

So God, I will not pray for an added blessing, but give you a prayer of thanksgiving. We thank you for the wisdom of our founders who entered into a covenant with you in our first declaration. Therefore, we know that we are a blessed nation and a blessed state. We proclaim, as we do every day in this chamber, “In God We Trust.” Amen.
