RECONSIDERATION OF AMENDMENT

On motion by Senator Stargel, the Senate reconsidered the vote by which engrossed **Amendment 1 (749698)**, replacing **Amendment 1 (176464)**, by Senator Stargel, was previously adopted May 2.

Pursuant to Rule 7.1, there being no objection, consideration of the following late-filed amendment was allowed:

Senator Stargel moved the following amendment to **Amendment 1 (749698)**:

Amendment 1A (785538) (with title amendment)—Between lines 611 and 612 insert:

Section 20. Paragraph (b) of subsection (17) of section 1002.33, Florida Statutes, is amended to read:

1002.33 Charter schools.—

(17) **FUNDING**.—Students enrolled in a charter school, regardless of the sponsorship, shall be funded as if they are in a basic program or a special program, the same as students enrolled in other public schools

in the school district. Funding for a charter lab school shall be as provided in s. 1002.32.

(b) The basis for the agreement for funding students enrolled in a charter school shall be the sum of the school district's operating funds from the Florida Education Finance Program as provided in s. 1011.62 and the General Appropriations Act, including gross state and local funds, discretionary lottery funds, and funds from the school district's current operating discretionary millage *levies authorized pursuant to s. 1011.71* ~~levy~~, divided by total funded weighted full-time equivalent students in the school district; multiplied by the weighted full-time equivalent students for the charter school. Charter schools whose students or programs meet the eligibility criteria in law are entitled to their proportionate share of categorical program funds included in the total funds available in the Florida Education Finance Program by the Legislature, including transportation, the research-based reading allocation, and the Florida digital classrooms allocation. Total funding for each charter school shall be recalculated during the year to reflect the revised calculations under the Florida Education Finance Program by the state and the actual weighted full-time equivalent students reported by the charter school during the full-time equivalent student survey periods designated by the Commissioner of Education. For charter schools operated by a not-for-profit or municipal entity, any unrestricted current and capital assets identified in the charter school's annual financial audit may be used for other charter schools operated by the not-for-profit or municipal entity within the school district. Unrestricted current assets shall be used in accordance with s. 1011.62, and any unrestricted capital assets shall be used in accordance with s. 1013.62(2).

Section 21. Subsection (9) of section 1011.71, Florida Statutes, is amended to read:

1011.71 District school tax.—

(9) In addition to the maximum millage levied under this section and the General Appropriations Act, a school district may levy, by local referendum or in a general election, additional millage for school operational purposes up to an amount that, when combined with nonvoted millage levied under this section, does not exceed the 10-mill limit established in s. 9(b), Art. VII of the State Constitution. Any such levy shall be for a maximum of 4 years and shall be counted as part of the 10-mill limit established in s. 9(b), Art. VII of the State Constitution. *For the purpose of distributing taxes collected pursuant to this subsection, the term “school operational purposes” includes charter schools sponsored by a school district.* Millage elections conducted under the authority granted pursuant to this section are subject to s. 1011.73. Funds generated by such additional millage do not become a part of the calculation of the Florida Education Finance Program total potential funds in 2001-2002 or any subsequent year and must not be incorporated in the calculation of any hold-harmless or other component of the Florida Education Finance Program formula in any year. If an increase in required local effort, when added to existing millage levied under the 10-mill limit, would result in a combined millage in excess of the 10-mill limit, any millage levied pursuant to this subsection shall be considered to be required local effort to the extent that the district millage would otherwise exceed the 10-mill limit. *Funds levied under this subsection shall be shared with charter schools as provided in s. 1002.33(17) and used in a manner consistent with the purposes of the levy.*

Section 22. *The provisions of this act relating to ss. 1011.71 and 1002.33, Florida Statutes, amending the use of certain voted discretionary operating millages levied by school districts, apply to such levies authorized by a vote of the electors on or after July 1, 2019.*

The Honorable Bill Galvano, President

I am directed to inform the Senate that the House of Representatives has amended Senate Amendment 113608, concurred in the same as amended, and passed CS/HB 281 as further amended by the required constitutional two-thirds vote of the members voting, and requests the concurrence of the Senate.

Jeff Takacs, Clerk

By State Affairs Committee and Representative(s) Stevenson—

CS for HB 281—A bill to be entitled An act relating to public records; amending s. 97.0585, F.S.; providing an exemption from public records requirements for the telephone numbers and email addresses of voter registration applicants and voters; providing an exemption from public records requirements for information concerning preregistered voter registration applicants who are minors; providing for future legislative review and repeal; providing for retroactive application; providing statements of public necessity; providing an effective date.

House Amendment 1 (425013) (with title amendment) to Senate Amendment 1 (113608)—Remove lines 5-14 of the amendment and insert:

(d) *The telephone number and e-mail address of a voter registration applicant or voter, except that such information shall be made available to or reproduced only for the voter registration applicant or voter, an official elected to public office, a canvassing board, and an election official and, for political purposes, voter education, or voter outreach, to an organization that meets the qualifications of s. 501(c)(3) or s. 501(c)(4) of the Internal Revenue Code, a political party or official thereof, a candidate as defined in s. 106.011, and a registered political committee.*

(e) *All information concerning preregistered voter registration applicants who are 16 or 17 years of age.*

(f) *Paragraphs (d) and (e) are subject to the Open Government Sunset Review Act in accordance with s. 119.15 and shall stand repealed on October 2, 2024, unless reviewed and saved from repeal through re-enactment by the Legislature.*

(3) This section applies to information held by an agency before, on, or after the effective date of this exemption.

Section 2. (1) *The Legislature finds that it is a public necessity that the telephone number and e-mail address of a voter registration applicant or voter that is held by an agency and obtained for the purpose of voter registration be made confidential and exempt from s. 119.07(1), Florida Statutes, and s. 24(a), Article I of the State Constitution. The telephone number and e-mail address of a voter registration applicant or voter is personal and sensitive information and could be misused by a dishonest person if placed in the public domain along with the name of the applicant or voter. The information may be used for consumer scams, unwanted solicitations, or other forms of invasive contacts. In addition, a voter registration applicant or voter may be harassed through these mediums if the information is publicly available. The potential for harm that results from unfettered access to a voter registration applicant's or voter's telephone number or e-mail address exceeds any public benefit that may be derived from disclosure of such information.*

(2) *The Legislature also finds that e-mail addresses are personal information that could be misused and could result in voter fraud if released. A voter may request a vote-by-mail ballot using an e-mail address. Unrestricted access to such e-mail addresses may enable others to determine which voters are intending to vote by vote-by-mail ballot and result in the confiscation and misuse of a mailed vote-by-mail ballot by a person other than the requesting voter. In addition, collection of the e-mail address of a voter registration applicant or a voter would give supervisors of elections the opportunity to employ the cost-saving measure of electronically transmitting sample ballots. If a voter registration applicant or a voter knows that his or her e-mail address is subject to public disclosure, he or she may be less willing to provide the e-mail address to the supervisor of elections. Accordingly, the effective and efficient administration of a government program would be significantly impaired.*

(3) *The Legislature finds that it is a public necessity*

And the title is amended as follows:

Remove lines 20-26 of the amendment and insert: 97.0585, F.S.; providing an exemption from public records requirements for the telephone numbers and email addresses of voter registration applicants and voters; providing an exemption from public records requirements for information concerning preregistered voter registration applicants who are minors; providing for future legislative review and repeal; providing for retroactive application; providing statements of public necessity; providing an effective

Senator Brandes moved the following amendment to **House Amendment 1 (425013) to Senate Amendment 1 (113608)** which was adopted:

Senate Amendment 1 (177606) (with title amendment) to House Amendment 1 (425013) to Senate Amendment 1 (113608)—Delete lines 5-58 and insert:

(d) *Information related to a voter registration applicant's or voter's prior felony conviction and whether such person has had his or her*

voting rights restored by the Board of Executive Clemency or pursuant to s. 4, Art. VI of the State Constitution.

(e) *All information concerning preregistered voter registration applicants who are 16 or 17 years of age.*

(f) *Paragraphs (d) and (e) are subject to the Open Government Sunset Review Act in accordance with s. 119.15 and shall stand repealed on October 2, 2024, unless reviewed and saved from repeal through re-enactment by the Legislature.*

(3) This section applies to information held by an agency before, on, or after the effective date of this exemption.

Section 2. (1) *The Legislature finds that it is a public necessity that information related to a voter registration applicant's or voter's prior felony conviction and whether such person has had his or her voting rights restored through executive clemency or pursuant to s. 4, Art. VI, of the State Constitution, which is held by an agency and obtained for the purpose of voter registration, be confidential and exempt from public records requirements and be used only for purposes of voter registration. Information related to a voter registration applicant's or voter's prior felony conviction and whether such person has had his or her voting rights restored could be misused if released. The restoration of a person's voting rights subsequent to a felony conviction aids a person in becoming a productive, contributing, and self-sustaining member of society. Without such protection, information related to a voter registration applicant's or voter's prior felony conviction may result in him or her being less likely to take advantage of registering to vote, thus hindering greater participation in the democratic process. For these reasons, the Legislature finds that it is a public necessity that the information related to a voter registration applicant's or voter's prior felony conviction and his or her restoration of voting rights, which is held by an agency and obtained for the purpose of voter registration, be confidential and exempt from public records requirements.*

(2) *The Legislature finds that it is a public necessity*

And the title is amended as follows:

Delete lines 63-66 and insert: 97.0585, F.S.; providing an exemption from public records requirements for information related to a voter registration applicant's or voter's prior felony conviction and his or her restoration of voting rights; providing an exemption from public records

Court-appointed counsel may be compensated only in compliance with ss. 27.40(1), (2)(a), (7), F.S., 27.5304, F.S., and the GAA. The JAC is required to review all billings and must contemporaneously document its review before authorizing payment to an attorney. Objections by the JAC to billings by an attorney are required to be presumed correct by a court unless the court determines, in writing, that competent and substantial evidence supports overcoming the presumption. Motions to exceed the flat fee are required to be served on the JAC at least 20

business days before the hearing date, and the JAC may appear at the hearing in person or telephonically.

The designated official headquarters may serve only as the justice's private chambers. The justice is eligible to receive subsistence at a rate to be established by the Chief Justice for each day or partial day that the justice is at the headquarters of the Supreme Court (Leon County) to conduct court business. In addition, the justice is eligible for reimbursement of travel expenses for travel between the justice's official headquarters and the headquarters of the Supreme Court.

Section 65 requires the Department of Management Services (DMS) and agencies to utilize a tenant broker to renegotiate private lease agreements, in excess of 2,000 square feet, expiring before June 30, 2022.

Section 66 continues the online procurement system transaction fee authorized in ss. 287.042(1)(h)1. and 287.057(22)(c), F.S., at 0.7 percent for the 2019-2020 fiscal year only.

Section 67 prohibits an agency from transferring funds from a data processing category to any category other than another data processing category.

Section 68 authorizes the Executive Office of the Governor (EOG) to transfer funds in the specific appropriation category "Data Processing Assessment—Agency for State Technology" between agencies, in order to align the budget authority granted with the assessments that must be paid by each agency to the Agency for State Technology (AST).

Section 69 authorizes the EOG to transfer funds in the appropriation category "Special Categories—Risk Management Insurance" between departments in order to align the budget authority granted with the premiums paid by each department for risk management insurance.

Section 70 authorizes the EOG to transfer funds in the appropriation category "Special Categories—Transfer to DMS—Human Resources Services Purchased per Statewide Contract" of the GAA for Fiscal Year 2019-2020 between departments, in order to align the budget authority granted with the assessments that must be paid by each agency to the DMS for human resources management services.

Section 71 defines the components of the Florida Accounting Information Resource subsystem (FLAIR) and Cash Management System (CMS) included in the Department of Financial Services Planning Accounting and Ledger Management (PALM) system. This section also provides the executive steering committee (ESC) membership and the process for ESC meetings and decisions.

Section 72 directs executive branch state agencies and the judicial branch to collaborate with the EOG and the DMS to implement and utilize the statewide travel management system.

Section 73 transfers the AST Budget and Policy Section, Cost Recovery Section, and administrative rules in chapter 74-3, F.A.C., to the DMS.

Section 74 amends s. 20.22, F.S., and directs the DMS to provide financial management oversight and legislative budget request support to the AST.

Section 75 amends s. 20.255, F.S., and directs the Department of Environmental Protection to act as the primary point of contact for statewide geographic information systems and grants, coordinate and promote statewide geospatial data sharing.

Section 76 amends s. 20.61, F.S., to remove financial management duties from the AST provided by the DMS. The section also removes specific designation of some AST positions.

Section 77 provides that the amendment to s. 20.61, F.S., expires July 1, 2020, and the text of that section reverts to that in existence on June 30, 2018.

Reimbursement to hospitals, including Medicaid payment of Medicare copayments, for skilled nursing services shall be limited to 30 days, unless a prior authorization has been obtained from the agency. Medicaid reimbursement may be extended by the agency beyond 30 days, and approval must be based upon verification by the patient's physician that the patient requires short-term rehabilitative and recuperative services only, in which case an extension of no more than 15 days may be approved. Reimbursement to a hospital licensed under part I of chapter 395 for the temporary provision of skilled nursing services to nursing home residents who have been displaced as the result of a natural disaster or other emergency may not exceed the average county nursing home payment for those services in the county in which the hospital is located and is limited to the period of time which the agency considers necessary for continued placement of the nursing home residents in the hospital.

4. On July 1 of each year, the agency shall report to the Legislature direct and indirect care costs, including average direct and indirect care costs per resident per facility and direct care and indirect care salaries and benefits per category of staff member per facility.

5. Every fourth year, the agency shall rebase nursing home prospective payment rates to reflect changes in cost based on the most recently audited cost report for each participating provider.

6. A direct care supplemental payment may be made to providers whose direct care hours per patient day are above the 80th percentile and who provide Medicaid services to a larger percentage of Medicaid patients than the state average.

7. For the period beginning on October 1, 2018, and ending on September 30, 2021, the agency shall reimburse providers the greater of their September 2016 cost-based rate or their prospective payment rate. Effective October 1, 2021, the agency shall reimburse providers the greater of 95 percent of their cost-based rate or their rebased prospective payment rate, using the most recently audited cost report for each facility. This subparagraph shall expire September 30, 2023.

8. Pediatric, Florida Department of Veterans Affairs, and government-owned facilities are exempt from the pricing model established in this subsection and shall remain on a cost-based prospective payment

system. Effective October 1, 2018, the agency shall set rates for all facilities remaining on a cost-based prospective payment system using each facility's most recently audited cost report, eliminating retroactive settlements.

It is the intent of the Legislature that the reimbursement plan achieve the goal of providing access to health care for nursing home residents who require large amounts of care while encouraging diversion services as an alternative to nursing home care for residents who can be served within the community. The agency shall base the establishment of any maximum rate of payment, whether overall or component, on the available moneys as provided for in the General Appropriations Act. The agency may base the maximum rate of payment on the results of scientifically valid analysis and conclusions derived from objective statistical data pertinent to the particular maximum rate of payment.

Section 17. *The amendment made by this act to s. 409.908(2), Florida Statutes, by this act expires July 1, 2020, and the text of that subsection shall revert to that in existence on July 1, 2019, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.*

Section 18. In order to implement Specific Appropriations 221 and 222 of the 2019-2020 General Appropriations Act, and notwithstanding the expiration date in section 19 of chapter 2018-10, Laws of Florida, subsection (23) of section 409.908, Florida Statutes, is reenacted to read:

409.908 Reimbursement of Medicaid providers.—Subject to specific appropriations, the agency shall reimburse Medicaid providers, in accordance with state and federal law, according to methodologies set forth in the rules of the agency and in policy manuals and handbooks incorporated by reference therein. These methodologies may include fee schedules, reimbursement methods based on cost reporting, negotiated fees, competitive bidding pursuant to s. 287.057, and other mechanisms the agency considers efficient and effective for purchasing services or goods on behalf of recipients. If a provider is reimbursed based on cost reporting and submits a cost report late and that cost report would have been used to set a lower reimbursement rate for a rate semester, then the provider's rate for that semester shall be retroactively calculated using the new cost report, and full payment at the recalculated rate shall be effected retroactively. Medicare-granted extensions for filing cost reports, if applicable, shall also apply to Medicaid cost reports. Payment for Medicaid compensable services made on behalf of Medicaid eligible persons is subject to the availability of moneys and any limitations or directions provided for in the General Appropriations Act or chapter 216. Further, nothing in this section shall be construed to prevent or limit the agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, or number of services, or making any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act, provided the adjustment is consistent with legislative intent.

(23)(a) The agency shall establish rates at a level that ensures no increase in statewide expenditures resulting from a change in unit costs for county health departments effective July 1, 2011. Reimbursement rates shall be as provided in the General Appropriations Act.

(b)1. Base rate reimbursement for inpatient services under a diagnosis-related group payment methodology shall be provided in the General Appropriations Act.

2. Base rate reimbursement for outpatient services under an enhanced ambulatory payment group methodology shall be provided in the General Appropriations Act.

3. Prospective payment system reimbursement for nursing home services shall be as provided in subsection (2) and in the General Appropriations Act.

Section 19. *The text of s. 409.908(23), Florida Statutes, as carried forward from chapter 2018-10, Laws of Florida, by this act, expires July 1, 2020, and the text of that subsection shall revert to that in existence on October 1, 2018, not including any amendments made by chapter 2018-10, Laws of Florida, except that any amendments to such text enacted other than by this act and chapter 2018-10, Laws of Florida, shall be*

preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.

Section 20. In order to implement Specific Appropriation 205 of the 2019-2020 General Appropriations Act, subsection (26) of section 409.908, Florida Statutes, is amended to read:

409.908 Reimbursement of Medicaid providers.—Subject to specific appropriations, the agency shall reimburse Medicaid providers, in accordance with state and federal law, according to methodologies set forth in the rules of the agency and in policy manuals and handbooks incorporated by reference therein. These methodologies may include fee schedules, reimbursement methods based on cost reporting, negotiated fees, competitive bidding pursuant to s. 287.057, and other mechanisms the agency considers efficient and effective for purchasing services or goods on behalf of recipients. If a provider is reimbursed based on cost reporting and submits a cost report late and that cost report would have been used to set a lower reimbursement rate for a rate semester, then the provider's rate for that semester shall be retroactively calculated using the new cost report, and full payment at the recalculated rate shall be effected retroactively. Medicare-granted extensions for filing cost reports, if applicable, shall also apply to Medicaid cost reports. Payment for Medicaid compensable services made on behalf of Medicaid eligible persons is subject to the availability of moneys and any limitations or directions provided for in the General Appropriations Act or chapter 216. Further, nothing in this section shall be construed to prevent or limit the agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, or number of services, or making any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act, provided the adjustment is consistent with legislative intent.

(26) The agency may receive funds from state entities, including, but not limited to, the Department of Health, local governments, and other local political subdivisions, for the purpose of making special exception payments and *Low Income Pool Program payments*, including federal matching funds. Funds received for this purpose shall be separately accounted for and may not be commingled with other state or local funds in any manner. The agency may certify all local governmental funds used as state match under Title XIX of the Social Security Act to the extent and in the manner authorized under the General Appropriations Act and pursuant to an agreement between the agency and the local governmental entity. In order for the agency to certify such local governmental funds, a local governmental entity must submit a final, executed letter of agreement to the agency, which must be received by October 1 of each fiscal year and provide the total amount of local governmental funds authorized by the entity for that fiscal year under the General Appropriations Act. The local governmental entity shall use a certification form prescribed by the agency. At a minimum, the certification form must identify the amount being certified and describe the relationship between the certifying local governmental entity and the local health care provider. Local governmental funds outlined in the letters of agreement must be received by the agency no later than October 31 of each fiscal year in which such funds are pledged, unless an alternative plan is specifically approved by the agency.

Section 21. *The amendment to s. 409.908(26), Florida Statutes, by this act expires July 1, 2020, and the text of that subsection shall revert to that in existence on June 30, 2019, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.*

Section 22. In order to implement Specific Appropriation 192 of the 2019-2020 General Appropriations Act, subsection (6) of section 409.912, Florida Statutes, is amended to read:

409.912 Cost-effective purchasing of health care.—The agency shall purchase goods and services for Medicaid recipients in the most cost-effective manner consistent with the delivery of quality medical care. To ensure that medical services are effectively utilized, the agency may, in any case, require a confirmation or second physician's opinion of the correct diagnosis for purposes of authorizing future services under the Medicaid program. This section does not restrict access to emergency services or poststabilization care services as defined in 42 C.F.R. s. 438.114. Such confirmation or second opinion shall be rendered in a

manner approved by the agency. The agency shall maximize the use of prepaid per capita and prepaid aggregate fixed-sum basis services when appropriate and other alternative service delivery and reimbursement methodologies, including competitive bidding pursuant to s. 287.057, designed to facilitate the cost-effective purchase of a case-managed continuum of care. The agency shall also require providers to minimize the exposure of recipients to the need for acute inpatient, custodial, and other institutional care and the inappropriate or unnecessary use of high-cost services. The agency shall contract with a vendor to monitor and evaluate the clinical practice patterns of providers in order to identify trends that are outside the normal practice patterns of a provider's professional peers or the national guidelines of a provider's professional association. The vendor must be able to provide information and counseling to a provider whose practice patterns are outside the norms, in consultation with the agency, to improve patient care and reduce inappropriate utilization. The agency may mandate prior authorization, drug therapy management, or disease management participation for certain populations of Medicaid beneficiaries, certain drug classes, or particular drugs to prevent fraud, abuse, overuse, and possible dangerous drug interactions. The Pharmaceutical and Therapeutics Committee shall make recommendations to the agency on drugs for which prior authorization is required. The agency shall inform the Pharmaceutical and Therapeutics Committee of its decisions regarding drugs subject to prior authorization. The agency is authorized to limit the entities it contracts with or enrolls as Medicaid providers by developing a provider network through provider credentialing. The agency may competitively bid single-source-provider contracts if procurement of goods or services results in demonstrated cost savings to the state without limiting access to care. The agency may limit its network based on the assessment of beneficiary access to care, provider availability, provider quality standards, time and distance standards for access to care, the cultural competence of the provider network, demographic characteristics of Medicaid beneficiaries, practice and provider-to-beneficiary standards, appointment wait times, beneficiary use of services, provider turnover, provider profiling, provider licensure history, previous program integrity investigations and findings, peer review, provider Medicaid policy and billing compliance records, clinical and medical record audits, and other factors. Providers are not entitled to enrollment in the Medicaid provider network. The agency shall determine instances in which allowing Medicaid beneficiaries to purchase durable medical equipment and other goods is less expensive to the Medicaid program than long-term rental of the equipment or goods. The agency may establish rules to facilitate purchases in lieu of long-term rentals in order to protect against fraud and abuse in the Medicaid program as defined in s. 409.913. The agency may seek federal waivers necessary to administer these policies.

(6) Notwithstanding the provisions of chapter 287, the agency may, at its discretion, renew a contract or contracts for fiscal intermediary services one or more times for such periods as the agency may decide; however, all such renewals may not combine to exceed a total period longer than the term of the original contract, *with the exception of the fiscal agent contract scheduled to end in calendar year 2020, which may be extended by the agency through December 31, 2024.*

Section 23. *The amendment to s. 409.912(6), Florida Statutes, by this act expires July 1, 2020, and the text of that subsection shall revert to that in existence on June 30, 2019, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.*

Section 24. In order to implement Specific Appropriations 203, 207, 208, 210, 212, and 221 of the 2019-2020 General Appropriations Act, subsection (12) is added to section 409.904, Florida Statutes, to read:

409.904 Optional payments for eligible persons.—The agency may make payments for medical assistance and related services on behalf of the following persons who are determined to be eligible subject to the income, assets, and categorical eligibility tests set forth in federal and state law. Payment on behalf of these Medicaid eligible persons is subject to the availability of moneys and any limitations established by the General Appropriations Act or chapter 216.

(12) *Effective July 1, 2019, the agency shall make payments to Medicaid-covered services:*

(a) *For eligible children and pregnant women, retroactive for a period of no more than 90 days before the month in which an application for Medicaid is submitted.*

(b) *For eligible nonpregnant adults, retroactive to the first day of the month in which an application for Medicaid is submitted.*

This subsection expires July 1, 2020.

Section 25. In order to implement Specific Appropriations 203, 207, 208, 210, 212, and 221 of the 2019-2020 General Appropriations Act:

(1) *By January 10, 2020, the Agency for Health Care Administration, in consultation with the Department of Children and Families, the Florida Hospital Association, the Safety Net Hospital Alliance of Florida, the Florida Health Care Association, and LeadingAge Florida, shall submit a report to the Governor, the President of the Senate, and the Speaker of the House of Representatives regarding the impact of the waiver of Medicaid retroactive eligibility on beneficiaries and providers. The report must include, but is not limited to:*

(a) *The total unduplicated number of nonpregnant adults who applied for Medicaid at a hospital site from February 1, 2019, through December 6, 2019; and, of those applicants, the number whose Medicaid applications were approved, the number whose Medicaid applications were denied, and the reasons for denial ranked by frequency.*

(b) *The total unduplicated number of nonpregnant adults who applied for Medicaid at a nursing home site from February 1, 2019, through December 6, 2019; and, of those applicants, the number whose Medicaid applications were approved, the number whose Medicaid applications were denied, and the reasons for denial ranked by frequency.*

(c) *The estimated impact of medical debt on people for whom a Medicaid application was not submitted in the same month when the individual became an inpatient of a hospital or a resident of a nursing home.*

(d) *Recommendations to improve outreach and Medicaid coverage for nonpregnant adults who would be eligible for Medicaid if they applied before an event that requires hospital or nursing home care.*

(2) *The Agency for Health Care Administration shall also include, as part of the report required by this section, a copy of the evaluation design and performance metrics submitted to the federal Centers for Medicare and Medicaid Services relating to the waiver of Medicaid retroactive eligibility, in conformity with the Special Terms and Conditions of this state's Section 1115 demonstration project, titled Managed Medical Assistance (MMA) Program (Project No. 11-W-00206/4).*

This section expires July 1, 2020.

Section 26. In order to implement Specific Appropriation 245 of the 2019-2020 General Appropriations Act, subsection (10) of section 393.0661, Florida Statutes, is amended to read:

393.0661 Home and community-based services delivery system; comprehensive redesign.—The Legislature finds that the home and community-based services delivery system for persons with developmental disabilities and the availability of appropriated funds are two of the critical elements in making services available. Therefore, it is the intent of the Legislature that the Agency for Persons with Disabilities shall develop and implement a comprehensive redesign of the system.

(10) Implementation of Medicaid waiver programs and services authorized under this chapter is limited by the funds appropriated for the individual budgets pursuant to s. 393.0662 and the four-tiered waiver system pursuant to subsection (3). Contracts with independent support coordinators and service providers must include provisions requiring compliance with agency cost containment initiatives. The agency shall implement monitoring and accounting procedures necessary to track actual expenditures and project future spending compared to available appropriations for Medicaid waiver programs. When necessary based on projected deficits, the agency must establish specific corrective action plans that incorporate corrective actions of contracted providers that are sufficient to align program expenditures with annual appropriations. If deficits continue during the 2018-2019 ~~2012-2013~~ fiscal year, the agency in conjunction with the Agency for Health Care Administration shall develop a plan to redesign the waiver program and

submit the plan to the President of the Senate and the Speaker of the House of Representatives by September 30, 2019 ~~2013~~. At a minimum, the plan must include the following elements:

(a) Budget predictability.—Agency budget recommendations must include specific steps to restrict spending to budgeted amounts based on alternatives to the iBudget and four-tiered Medicaid waiver models.

(b) Services.—The agency shall identify core services that are essential to provide for client health and safety and recommend elimination of coverage for other services that are not affordable based on available resources.

(c) Flexibility.—The redesign shall be responsive to individual needs and to the extent possible encourage client control over allocated resources for their needs.

(d) Support coordination services.—The plan shall modify the manner of providing support coordination services to improve management of service utilization and increase accountability and responsiveness to agency priorities.

(e) Reporting.—The agency shall provide monthly reports to the President of the Senate and the Speaker of the House of Representatives on plan progress and development on July 31, 2019 ~~2013~~, and August 31, 2019 ~~2013~~.

(f) Implementation.—The implementation of a redesigned program is subject to legislative approval ~~and shall occur no later than July 1, 2014~~. The Agency for Health Care Administration shall seek federal waivers as needed to implement the redesigned plan *once* approved by the Legislature.

Section 27. *The amendment made to s. 393.0661(10), Florida Statutes, by this act expires July 1, 2020, and the text of that subsection shall revert to that in existence on June 30, 2019, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.*

Section 28. In order to implement Specific Appropriations 221 and 222 of the 2019-2020 General Appropriations Act, paragraph (d) of subsection (2) of section 400.179, Florida Statutes, is amended to read:

400.179 Liability for Medicaid underpayments and overpayments.—

(2) Because any transfer of a nursing facility may expose the fact that Medicaid may have underpaid or overpaid the transferor, and because in most instances, any such underpayment or overpayment can only be determined following a formal field audit, the liabilities for any such underpayments or overpayments shall be as follows:

(d) Where the transfer involves a facility that has been leased by the transferor:

1. The transferee shall, as a condition to being issued a license by the agency, acquire, maintain, and provide proof to the agency of a bond with a term of 30 months, renewable annually, in an amount not less than the total of 3 months' Medicaid payments to the facility computed on the basis of the preceding 12-month average Medicaid payments to the facility.

2. A leasehold licensee may meet the requirements of subparagraph 1. by payment of a nonrefundable fee, paid at initial licensure, paid at the time of any subsequent change of ownership, and paid annually thereafter, in the amount of 1 percent of the total of 3 months' Medicaid payments to the facility computed on the basis of the preceding 12-month average Medicaid payments to the facility. If a preceding 12-month average is not available, projected Medicaid payments may be used. The fee shall be deposited into the Grants and Donations Trust Fund and shall be accounted for separately as a Medicaid nursing home overpayment account. These fees shall be used at the sole discretion of the agency to repay nursing home Medicaid overpayments or for enhanced payments to nursing facilities as specified in the General Appropriations Act or other law. Payment of this fee shall not release the licensee from any liability for any Medicaid overpayments, nor shall payment bar the agency from seeking to recoup overpayments from the

licensee and any other liable party. As a condition of exercising this lease bond alternative, licensees paying this fee must maintain an existing lease bond through the end of the 30-month term period of that bond. The agency is herein granted specific authority to promulgate all rules pertaining to the administration and management of this account, including withdrawals from the account, subject to federal review and approval. This provision shall take effect upon becoming law and shall apply to any leasehold license application. The financial viability of the Medicaid nursing home overpayment account shall be determined by the agency through annual review of the account balance and the amount of total outstanding, unpaid Medicaid overpayments owing from leasehold licensees to the agency as determined by final agency audits. By March 31 of each year, the agency shall assess the cumulative fees collected under this subparagraph, minus any amounts used to repay nursing home Medicaid overpayments and amounts transferred to contribute to the General Revenue Fund pursuant to s. 215.20. If the net cumulative collections, minus amounts utilized to repay nursing home Medicaid overpayments, exceed \$10 ~~\$25~~ million, the provisions of this subparagraph shall not apply for the subsequent fiscal year.

3. The leasehold licensee may meet the bond requirement through other arrangements acceptable to the agency. The agency is herein granted specific authority to promulgate rules pertaining to lease bond arrangements.

4. All existing nursing facility licensees, operating the facility as a leasehold, shall acquire, maintain, and provide proof to the agency of the 30-month bond required in subparagraph 1., above, on and after July 1, 1993, for each license renewal.

5. It shall be the responsibility of all nursing facility operators, operating the facility as a leasehold, to renew the 30-month bond and to provide proof of such renewal to the agency annually.

6. Any failure of the nursing facility operator to acquire, maintain, renew annually, or provide proof to the agency shall be grounds for the agency to deny, revoke, and suspend the facility license to operate such facility and to take any further action, including, but not limited to, enjoining the facility, asserting a moratorium pursuant to part II of chapter 408, or applying for a receiver, deemed necessary to ensure compliance with this section and to safeguard and protect the health, safety, and welfare of the facility's residents. A lease agreement required as a condition of bond financing or refinancing under s. 154.213 by a health facilities authority or required under s. 159.30 by a county or municipality is not a leasehold for purposes of this paragraph and is not subject to the bond requirement of this paragraph.

Section 29. *The amendment to s. 400.179(2)(d), Florida Statutes, made by this act expires July 1, 2020, and the text of that paragraph shall revert to that in existence on June 30, 2019, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.*

Section 30. In order to implement Specific Appropriations 178 through 181 of the 2019-2020 General Appropriations Act, paragraph (b) of subsection (5) of section 624.91, Florida Statutes, is amended to read:

624.91 The Florida Healthy Kids Corporation Act.—

(5) CORPORATION AUTHORIZATION, DUTIES, POWERS.—

(b) The Florida Healthy Kids Corporation shall:

1. Arrange for the collection of any family, local contributions, or employer payment or premium, in an amount to be determined by the board of directors, to provide for payment of premiums for comprehensive insurance coverage and for the actual or estimated administrative expenses.

2. Arrange for the collection of any voluntary contributions to provide for payment of Florida Kidcare program premiums for children who are not eligible for medical assistance under Title XIX or Title XXI of the Social Security Act.

3. Subject to the provisions of s. 409.8134, accept voluntary supplemental local match contributions that comply with the requirements

of Title XXI of the Social Security Act for the purpose of providing additional Florida Kidcare coverage in contributing counties under Title XXI.

4. Establish the administrative and accounting procedures for the operation of the corporation.

5. Establish, with consultation from appropriate professional organizations, standards for preventive health services and providers and comprehensive insurance benefits appropriate to children, provided that such standards for rural areas shall not limit primary care providers to board-certified pediatricians.

6. Determine eligibility for children seeking to participate in the Title XXI-funded components of the Florida Kidcare program consistent with the requirements specified in s. 409.814, as well as the non-Title XXI-eligible children as provided in subsection (3).

7. Establish procedures under which providers of local match to, applicants to and participants in the program may have grievances reviewed by an impartial body and reported to the board of directors of the corporation.

8. Establish participation criteria and, if appropriate, contract with an authorized insurer, health maintenance organization, or third-party administrator to provide administrative services to the corporation.

9. Establish enrollment criteria that include penalties or waiting periods of 30 days for reinstatement of coverage upon voluntary cancellation for nonpayment of family premiums.

10. Contract with authorized insurers or any provider of health care services, meeting standards established by the corporation, for the provision of comprehensive insurance coverage to participants. Such standards shall include criteria under which the corporation may contract with more than one provider of health care services in program sites. Health plans shall be selected through a competitive bid process. The Florida Healthy Kids Corporation shall purchase goods and services in the most cost-effective manner consistent with the delivery of quality medical care. The maximum administrative cost for a Florida Healthy Kids Corporation contract shall be 15 percent. For health care contracts, the minimum medical loss ratio for a Florida Healthy Kids Corporation contract shall be 85 percent. For dental contracts, the remaining compensation to be paid to the authorized insurer or provider under a Florida Healthy Kids Corporation contract shall be no less than an amount which is 85 percent of premium; to the extent any contract provision does not provide for this minimum compensation, this section shall prevail. *For an insurer or any provider of health care services which achieves an annual medical loss ratio below 85 percent, the Florida Healthy Kids Corporation shall validate the medical loss ratio and calculate an amount to be refunded by the insurer or any provider of health care services to the state which shall be deposited into the General Revenue Fund unallocated.* The health plan selection criteria and scoring system, and the scoring results, shall be available upon request for inspection after the bids have been awarded.

11. Establish disenrollment criteria in the event local matching funds are insufficient to cover enrollments.

12. Develop and implement a plan to publicize the Florida Kidcare program, the eligibility requirements of the program, and the procedures for enrollment in the program and to maintain public awareness of the corporation and the program.

13. Secure staff necessary to properly administer the corporation. Staff costs shall be funded from state and local matching funds and such other private or public funds as become available. The board of directors shall determine the number of staff members necessary to administer the corporation.

14. In consultation with the partner agencies, provide a report on the Florida Kidcare program annually to the Governor, the Chief Financial Officer, the Commissioner of Education, the President of the Senate, the Speaker of the House of Representatives, and the Minority Leaders of the Senate and the House of Representatives.

15. Provide information on a quarterly basis to the Legislature and the Governor which compares the costs and utilization of the full-pay enrolled population and the Title XXI-subsidized enrolled population in

the Florida Kidcare program. The information, at a minimum, must include:

a. The monthly enrollment and expenditure for full-pay enrollees in the Medikids and Florida Healthy Kids programs compared to the Title XXI-subsidized enrolled population; and

b. The costs and utilization by service of the full-pay enrollees in the Medikids and Florida Healthy Kids programs and the Title XXI-subsidized enrolled population.

16. Establish benefit packages that conform to the provisions of the Florida Kidcare program, as created in ss. 409.810-409.821.

Section 31. *The amendment made to s. 624.91(5)(b), Florida Statutes, by this act expires July 1, 2020, and the text of that paragraph shall revert to that in existence on June 30, 2019, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.*

Section 32. In order to implement Specific Appropriations 533, 534, 539, and 542 of the 2019-2020 General Appropriations Act, subsection (17) of section 893.055, Florida Statutes, is amended to read:

893.055 Prescription drug monitoring program.—

(17) For the 2019-2020 ~~2018-2019~~ fiscal year only, neither the Attorney General nor the department may use funds received as part of a settlement agreement to administer the prescription drug monitoring program. This subsection expires July 1, 2020 ~~2019~~.

Section 33. In order to implement Specific Appropriation 204 of the 2019-2020 General Appropriations Act, subsections (2) and (10) of section 409.911, Florida Statutes, are amended to read:

409.911 Disproportionate share program.—Subject to specific allocations established within the General Appropriations Act and any limitations established pursuant to chapter 216, the agency shall distribute, pursuant to this section, moneys to hospitals providing a disproportionate share of Medicaid or charity care services by making quarterly Medicaid payments as required. Notwithstanding the provisions of s. 409.915, counties are exempt from contributing toward the cost of this special reimbursement for hospitals serving a disproportionate share of low-income patients.

(2) The Agency for Health Care Administration shall use the following actual audited data to determine the Medicaid days and charity care to be used in calculating the disproportionate share payment:

(a) The average of the 2011, 2012, and 2013 ~~2010, 2011, and 2012~~ audited disproportionate share data to determine each hospital's Medicaid days and charity care for the 2019-2020 ~~2018-2019~~ state fiscal year.

(b) If the Agency for Health Care Administration does not have the prescribed 3 years of audited disproportionate share data as noted in paragraph (a) for a hospital, the agency shall use the average of the years of the audited disproportionate share data as noted in paragraph (a) which is available.

(c) In accordance with s. 1923(b) of the Social Security Act, a hospital with a Medicaid inpatient utilization rate greater than one standard deviation above the statewide mean or a hospital with a low-income utilization rate of 25 percent or greater shall qualify for reimbursement.

(10) Notwithstanding any provision of this section to the contrary, for the 2019-2020 ~~2018-2019~~ state fiscal year, the agency shall distribute moneys to hospitals providing a disproportionate share of Medicaid or charity care services as provided in the 2019-2020 ~~2018-2019~~ General Appropriations Act. 409.9113 Disproportionate share program for teaching hospitals.—In addition to the payments made under s. 409.911, the agency shall make disproportionate share payments to teaching hospitals, as defined in s. 408.07, for their increased costs associated with medical education programs and for tertiary health care services provided to the indigent. This system of payments must conform to federal requirements and distribute funds in each fiscal year for which an appropriation is made by making quarterly Medicaid payments. Notwithstanding s. 409.915, counties are exempt from contributing toward the cost of this special reimbursement for hospitals serving a disproportionate share of low-income patients. The agency shall distribute the moneys provided in the General Appropriations Act to statutorily defined teaching hospitals and family practice teaching hospitals, as defined in s. 395.805, pursuant to this section. 3. Is willing to abide by the terms of the contract for services, s. 27.5304, and this section.

Each attorney on the registry is responsible for notifying the clerk of the court and the Justice Administrative Commission of any change in his or her status. Failure to comply with this requirement is cause for termination of the contract for services and removal from the registry until the requirement is fulfilled.

(5) The Justice Administrative Commission shall approve uniform contract forms for use in procuring the services of private court-appointed counsel and uniform procedures and forms for use by a court-appointed attorney in support of billing for attorney's fees, costs, and related expenses to demonstrate the attorney's completion of specified duties. *Such uniform contracts and forms for use in billing must be consistent with s. 27.5304, s. 216.311, and the General Appropriations Act and must contain the following statement: "The State of Florida's performance and obligation to pay under this contract is contingent upon an annual appropriation by the Legislature."*

(6) After court appointment, the attorney must immediately file a notice of appearance with the court indicating acceptance of the appointment to represent the defendant *and of the terms of the uniform contract as specified in subsection (5).*

(7)(a) A private attorney appointed by the court from the registry to represent a client is entitled to payment as provided in s. 27.5304 *so long as the requirements of subsection (1) and paragraph (2)(a) are met.* An attorney appointed by the court who is not on the registry list may be compensated under s. 27.5304 *only if the court finds in the order of appointment that there were no registry attorneys available for representation for that case and only if the requirements of subsection (1) and paragraph (2)(a) are met.*

(b)1. *The flat fee established in s. 27.5304 and the General Appropriations Act shall be presumed by the court to be sufficient compensation.* The attorney shall maintain appropriate documentation, including contemporaneous and detailed hourly accounting of time spent representing the client. If the attorney fails to maintain such contemporaneous and detailed hourly records, the attorney waives the right to seek compensation in excess of the flat fee established in s. 27.5304 and the General Appropriations Act. These records and documents are subject to review by the Justice Administrative Commission *and audit by the Auditor General,* subject to the attorney-client privilege and work-product privilege. The attorney shall maintain the records and documents in a manner that enables the attorney to redact any information subject to a privilege in order to facilitate the commission's review of the records and documents and not to impede such review. The attorney may redact information from the records and documents only to the extent necessary to comply with the privilege. *The Justice Administrative Commission shall review such records and shall contemporaneously document such review before authorizing payment to an attorney. Objections by or on behalf of the Justice Administrative Commission to records or documents or to claims for payment by the attorney shall be presumed correct by the court unless the court determines in writing competent and substantial evidence exists to justify overcoming the presumption.*

2. If an attorney fails, refuses, or declines to permit the commission or the Auditor General to review documentation for a case as provided in this paragraph, the attorney waives the right to seek, and the commission may not pay, compensation in excess of the flat fee established in s. 27.5304 and the General Appropriations Act for that case.

3. A finding by the commission that an attorney has waived the right to seek compensation in excess of the flat fee established in s. 27.5304 and the General Appropriations Act, as provided in this paragraph, ~~shall be presumed to be correct valid, unless the, as determined by a court determines, in writing, that competent and substantial evidence exists to justify overcoming the presumption, the commission's finding is not supported by competent and substantial evidence.~~

Section 58. In order to implement Specific Appropriations 761 through 784A, 952 through 1097, and 1118 through 1152 of the 2019-2020 General Appropriations Act, subsections (1), (3), (7), and (11), paragraphs (a) through (e) of subsection (12), and subsection (13) of section 27.5304, Florida Statutes, are amended to read:

27.5304 Private court-appointed counsel; compensation; notice.—

(1) Private court-appointed counsel *appointed in the manner prescribed in s. 27.40(1) and (2)(a)* shall be compensated by the Justice Administrative Commission *only* as provided in this section and the General Appropriations Act. The flat fees prescribed in this section are limitations on compensation. The specific flat fee amounts for compensation shall be established annually in the General Appropriations Act. The attorney also shall be reimbursed for reasonable and necessary expenses in accordance with s. 29.007. If the attorney is representing a defendant charged with more than one offense in the same case, the attorney shall be compensated at the rate provided for the most serious offense for which he or she represented the defendant. This section does not allow stacking of the fee limits established by this section.

(3) The court retains primary authority and responsibility for determining the reasonableness of all billings for attorney fees, costs, and related expenses, subject to statutory limitations *and the requirements of s. 27.40(7).* Private court-appointed counsel is entitled to compensation upon final disposition of a case.

(7) Counsel ~~eligible~~ *entitled* to receive compensation from the state for representation pursuant to court appointment *made in accordance with the requirements of s. 27.40(1) and (2)(a)* in a proceeding under chapter 384, chapter 390, chapter 392, chapter 393, chapter 394, chapter 397, chapter 415, chapter 743, chapter 744, or chapter 984 shall receive compensation not to exceed the limits prescribed in the General Appropriations Act. *Any such compensation must be determined as provided in s. 27.40(7).*

(11) It is the intent of the Legislature that the flat fees prescribed under this section and the General Appropriations Act comprise the full and complete compensation for private court-appointed counsel. It is further the intent of the Legislature that the fees in this section are prescribed for the purpose of providing counsel with notice of the limit on the amount of compensation for representation in particular proceedings *and the sole procedure and requirements for obtaining payment for the same.*

(a) If court-appointed counsel moves to withdraw prior to the full performance of his or her duties through the completion of the case, the court shall presume that the attorney is not entitled to the payment of the full flat fee established under this section and the General Appropriations Act.

(b) If court-appointed counsel is allowed to withdraw from representation prior to the full performance of his or her duties through the completion of the case and the court appoints a subsequent attorney, the total compensation for the initial and any and all subsequent attorneys may not exceed the flat fee established under this section and the General Appropriations Act, except as provided in subsection (12).

This subsection constitutes notice to any subsequently appointed attorney that he or she will not be compensated the full flat fee.

(12) The Legislature recognizes that on rare occasions an attorney may receive a case that requires extraordinary and unusual effort.

(a) If counsel seeks compensation that exceeds the limits prescribed by law, he or she must file a motion with the chief judge for an order approving payment of attorney fees in excess of these limits.

1. Before filing the motion, the counsel shall deliver a copy of the intended billing, together with supporting affidavits and all other necessary documentation, to the Justice Administrative Commission.

2. The Justice Administrative Commission shall review the billings, affidavit, and documentation for completeness and compliance with contractual and statutory requirements and shall contemporaneously document such review before authorizing payment to an attorney. If the Justice Administrative Commission objects to any portion of the proposed billing, the objection and supporting reasons must be communicated in writing to the private court-appointed counsel. The counsel may thereafter file his or her motion, which must specify whether the commission objects to any portion of the billing or the sufficiency of documentation, and shall attach the commission's letter stating its objection.

(b) Following receipt of the motion to exceed the fee limits, the chief judge or a single designee shall hold an evidentiary hearing. The chief judge may select only one judge per circuit to hear and determine motions pursuant to this subsection, except multicounty circuits and the eleventh circuit may have up to two designees.

1. At the hearing, the attorney seeking compensation must prove by competent and substantial evidence that the case required extraordinary and unusual efforts. The chief judge or single designee shall consider criteria such as the number of witnesses, the complexity of the factual and legal issues, and the length of trial. The fact that a trial was conducted in a case does not, by itself, constitute competent substantial evidence of an extraordinary and unusual effort. In a criminal case, relief under this section may not be granted if the number of work hours does not exceed 75 or the number of the state's witnesses deposed does not exceed 20.

2. Objections by or on behalf of the Justice Administrative Commission to records or documents or to claims for payment by the attorney shall be presumed correct by the court unless the court determines, in writing, that competent and substantial evidence exists to justify overcoming the presumption. The chief judge or single designee shall enter a written order detailing his or her findings and identifying the extraordinary nature of the time and efforts of the attorney in the case which warrant exceeding the flat fee established by this section and the General Appropriations Act.

(c) A copy of the motion and attachments shall be served on the Justice Administrative Commission at least 20 business days before the date of a hearing. The Justice Administrative Commission has standing to appear before the court, and may appear in person or telephonically, including at the hearing under paragraph (b), to contest any motion for an order approving payment of attorney fees, costs, or related expenses and may participate in a hearing on the motion by use of telephonic or other communication equipment. The Justice Administrative Commission may contract with other public or private entities or individuals to appear before the court for the purpose of contesting any motion for an order approving payment of attorney fees, costs, or related expenses. The fact that the Justice Administrative Commission has not objected to any portion of the billing or to the sufficiency of the documentation is not binding on the court.

(d) If the chief judge or a single designee finds that counsel has proved by competent and substantial evidence that the case required extraordinary and unusual efforts, the chief judge or single designee shall order the compensation to be paid to the attorney at a percentage above the flat fee rate, depending on the extent of the unusual and extraordinary effort required. The percentage must be only the rate necessary to ensure that the fees paid are not confiscatory under common law. The percentage may not exceed 200 percent of the established flat fee, absent a specific finding that 200 percent of the flat fee in the case would be confiscatory. If the chief judge or single designee determines that 200 percent of the flat fee would be confiscatory, he or she shall order the amount of compensation using an hourly rate not to exceed \$75 per hour for a noncapital case and \$100 per hour for a capital

case. However, the compensation calculated by using the hourly rate shall be only that amount necessary to ensure that the total fees paid are not confiscatory, subject to the requirements of s. 27.40(7).

(e) Any order granting relief under this subsection must be attached to the final request for a payment submitted to the Justice Administrative Commission and must satisfy the requirements of subparagraph (b)2.

(13) Notwithstanding the limitation set forth in subsection (5) and for the 2019-2020 ~~2018-2019~~ fiscal year only, the compensation for representation in a criminal proceeding may not exceed the following:

(a) For misdemeanors and juveniles represented at the trial level: \$1,000.

(b) For noncapital, nonlife felonies represented at the trial level: \$15,000.

(c) For life felonies represented at the trial level: \$15,000.

(d) For capital cases represented at the trial level: \$25,000. For purposes of this paragraph, a "capital case" is any offense for which the potential sentence is death and the state has not waived seeking the death penalty.

(e) For representation on appeal: \$9,000.

(f) This subsection expires July 1, 2020 ~~2019~~.

Section 109. In order to implement the transfer of funds to the General Revenue Fund from trust funds for the 2019-2020 General Appropriations Act, and notwithstanding the expiration date in section 83 of chapter 2018-10, Laws of Florida, paragraph (b) of subsection (2) of section 215.32, Florida Statutes, is reenacted to read:

215.32 State funds; segregation.—

(2) The source and use of each of these funds shall be as follows:

(b)1. The trust funds shall consist of moneys received by the state which under law or under trust agreement are segregated for a purpose authorized by law. The state agency or branch of state government receiving or collecting such moneys is responsible for their proper expenditure as provided by law. Upon the request of the state agency or branch of state government responsible for the administration of the trust fund, the Chief Financial Officer may establish accounts within the trust fund at a level considered necessary for proper accountability. Once an account is established, the Chief Financial Officer may authorize payment from that account only upon determining that there is sufficient cash and releases at the level of the account.

2. In addition to other trust funds created by law, to the extent possible, each agency shall use the following trust funds as described in this subparagraph for day-to-day operations:

a. Operations or operating trust fund, for use as a depository for funds to be used for program operations funded by program revenues, with the exception of administrative activities when the operations or operating trust fund is a proprietary fund.

b. Operations and maintenance trust fund, for use as a depository for client services funded by third-party payors.

c. Administrative trust fund, for use as a depository for funds to be used for management activities that are departmental in nature and funded by indirect cost earnings and assessments against trust funds. Proprietary funds are excluded from the requirement of using an administrative trust fund.

d. Grants and donations trust fund, for use as a depository for funds to be used for allowable grant or donor agreement activities funded by restricted contractual revenue from private and public nonfederal sources.

e. Agency working capital trust fund, for use as a depository for funds to be used pursuant to s. 216.272.

f. Clearing funds trust fund, for use as a depository for funds to account for collections pending distribution to lawful recipients.

g. Federal grant trust fund, for use as a depository for funds to be used for allowable grant activities funded by restricted program revenues from federal sources.

To the extent possible, each agency must adjust its internal accounting to use existing trust funds consistent with the requirements of this subparagraph. If an agency does not have trust funds listed in this subparagraph and cannot make such adjustment, the agency must recommend the creation of the necessary trust funds to the Legislature no later than the next scheduled review of the agency's trust funds pursuant to s. 215.3206.

3. All such moneys are hereby appropriated to be expended in accordance with the law or trust agreement under which they were received, subject always to the provisions of chapter 216 relating to the appropriation of funds and to the applicable laws relating to the deposit or expenditure of moneys in the State Treasury.

4.a. Notwithstanding any provision of law restricting the use of trust funds to specific purposes, unappropriated cash balances from selected trust funds may be authorized by the Legislature for transfer to the Budget Stabilization Fund and General Revenue Fund in the General Appropriations Act.

b. This subparagraph does not apply to trust funds required by federal programs or mandates; trust funds established for bond covenants, indentures, or resolutions whose revenues are legally pledged by the state or public body to meet debt service or other financial requirements of any debt obligations of the state or any public body; the Division of Licensing Trust Fund in the Department of Agriculture and Consumer Services; the State Transportation Trust Fund; the trust fund containing the net annual proceeds from the Florida Education Lotteries; the Florida Retirement System Trust Fund; trust funds under the management of the State Board of Education or the Board of Governors of the State University System, where such trust funds are for auxiliary enterprises, self-insurance, and contracts, grants, and donations, as those terms are defined by general law; trust funds that serve as clearing funds or accounts for the Chief Financial Officer or state agencies; trust funds that account for assets held by the state in a trustee capacity as an agent or fiduciary for individuals, private organizations, or other governmental units; and other trust funds authorized by the State Constitution.

Section 111. *In order to implement appropriations in the 2019-2020 General Appropriations Act for state employee travel, the funds appropriated to each state agency which may be used for travel by state employees are limited during the 2019-2020 fiscal year to travel for activities that are critical to each state agency's mission. Funds may not be used for travel by state employees to foreign countries, other states, conferences, staff training activities, or other administrative functions unless the agency head has approved, in writing, that such activities are critical to the agency's mission. The agency head shall consider using teleconferencing and other forms of electronic communication to meet the needs of the proposed activity before approving mission-critical travel. This section expires July 1, 2020.*

Section 114. *Any section of this act which implements a specific appropriation or specifically identified proviso language in the 2019-2020 General Appropriations Act is void if the specific appropriation or specifically identified proviso language is vetoed. Any section of this act which implements more than one specific appropriation or more than one portion of specifically identified proviso language in the 2019-2020 General Appropriations Act is void if all the specific appropriations or portions of specifically identified proviso language are vetoed.*

Section 115. *If any other act passed during the 2019 Regular Session of the Legislature contains a provision that is substantively the same as a*

provision in this act, but that removes or is otherwise not subject to the future repeal applied to such provision by this act, the Legislature intends that the provision in the other act takes precedence and continues to operate, notwithstanding the future repeal provided by this act.

Section 116. *If any provision of this act or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.*

1011.71 District school tax.—

(9) In addition to the maximum millage levied under this section and the General Appropriations Act, a school district may levy, by local referendum or in a general election, additional millage for school operational purposes up to an amount that, when combined with nonvoted millage levied under this section, does not exceed the 10-mill limit established in s. 9(b), Art. VII of the State Constitution. Any such levy shall be for a maximum of 4 years and shall be counted as part of the 10-mill limit established in s. 9(b), Art. VII of the State Constitution. *For the purpose of distributing taxes collected pursuant to this subsection, the term “school operational purposes” includes charter schools sponsored by a school district.* Millage elections conducted under the authority granted pursuant to this section are subject to s. 1011.73. Funds generated by such additional millage do not become a part of the calculation of the Florida Education Finance Program total potential funds in 2001-2002 or any subsequent year and must not be incorporated in the calculation of any hold-harmless or other component of the Florida Education Finance Program formula in any year. If an increase in required local effort, when added to existing millage levied under the 10-mill limit, would result in a combined millage in excess of the 10-mill limit, any millage levied pursuant to this subsection shall be considered to be required local effort to the extent that the district millage would otherwise exceed the 10-mill limit. *A referendum to levy a millage under this subsection may not prohibit or restrict sharing of the generated funds with charter schools and funds levied must be used in a manner consistent with the purposes of the levy.*

100.371 Initiatives; procedure for placement on ballot.—

(3) A person may not collect signatures or initiative petitions for compensation unless the person is registered as a petition circulator with the Secretary of State.

(4) An application for registration must be submitted in the format required by the Secretary of State and must include the following:

(a) The information required to be on the petition form under s. 101.161, including the ballot summary and title as approved by the Secretary of State.

(b) The applicant’s name, permanent address, temporary address, if applicable, and date of birth.

(c) An address in this state at which the applicant will accept service of process related to disputes concerning the petition process, if the applicant is not a resident of this state.

(d) A statement that the applicant consents to the jurisdiction of the courts of this state in resolving disputes concerning the petition process.

(e) Any information required by the Secretary of State to verify the applicant’s identity or address.

(5) All petitions collected by a petition circulator must contain, in a format required by the Secretary of State, a completed Petition Circulator’s Affidavit which includes:

(a) The circulator’s name and permanent address;

(b) The following statement, which must be signed by the circulator:

By my signature below, as petition circulator, I verify that the petition was signed in my presence. Under penalties of perjury, I declare that I have read the foregoing Petition Circulator’s Affidavit and the facts stated in it are true.

(6) The division or the supervisor of elections shall make petition forms available to registered petition circulators. All such forms must contain information identifying the petition circulator to which the forms are provided. The division shall maintain a database of all registered petition circulators and the petition forms assigned to each. Each supervisor of elections shall provide to the division information on petition forms assigned to and received from petition circulators. The information must be provided in a format and at times as required by the division by rule. The division must update information on petition forms daily and make the information publicly available.

(7)(a) A sponsor that collects petition forms or uses a petition circulator to collect petition forms serves as a fiduciary to the elector signing the petition form, ensuring that any petition form entrusted to the petition circulator shall be promptly delivered to the supervisor of elections within 30 days after the elector signs the form. If a petition form collected by any petition circulator is not promptly delivered to the supervisor of elections, the sponsor is liable for the following fines:

1. A fine in the amount of \$50 for each petition form received by the supervisor of elections more than 30 days after the elector signed the petition form or the next business day, if the office is closed. 2. A fine in the amount of \$500 for each petition form collected by a petition circulator which is not submitted to the supervisor of elections. A fine in the amount of \$1,000 for any petition form not submitted if the sponsor or petition circulator acted willfully.

(b) A showing by the sponsor that the failure to deliver the petition form within the required timeframe is based upon force majeure or impossibility of performance is an affirmative defense to a violation of this subsection. The fines described in this subsection may be waived upon a showing that the failure to deliver the petition form promptly is based upon force majeure or impossibility of performance.

(8) If the Secretary of State reasonably believes that a person or entity has committed a violation of this section, the secretary may refer the matter to the Attorney General for enforcement. An action for relief may include a permanent or temporary injunction, a restraining order, or any other appropriate order.

(9) The division shall adopt by rule a complaint form for an elector who claims to have had his or her signature misrepresented, forged, or not delivered to the supervisor. The division shall also adopt rules to ensure the integrity of the petition form gathering process, including rules requiring sponsors to account for all petition forms used by their agents. Such rules may require a sponsor or petition circulator to provide identification information on each petition form as determined by the department as needed to assist in the accounting of petition forms.

(10) The date on which an elector signs a petition form is presumed to be the date on which the petition circulator received or collected the petition form.

(13)(5)(a) Within 75 ~~45~~ days after receipt of a proposed revision or amendment to the State Constitution by initiative petition from the Secretary of State, the Financial Impact Estimating Conference shall complete an analysis and financial impact statement to be placed on the ballot of the estimated increase or decrease in any revenues or costs to state or local governments, *estimated economic impact on the state and local economy, and the overall impact to the state budget* resulting from the proposed initiative. The 75-day time limit is tolled when the Legislature is in session. The Financial Impact Estimating Conference shall submit the financial impact statement to the Attorney General and Secretary of State.

(b) Immediately upon receipt of a proposed revision or amendment from the Secretary of State, the Coordinator of the Office of Economic and Demographic Research shall contact the person identified as the sponsor to request an official list of all persons authorized to speak on behalf of the named sponsor and, if there is one, the sponsoring organization at meetings held by the Financial Impact Estimating Conference. All other persons shall be deemed interested parties or proponents or opponents of the initiative. The Financial Impact Estimating Conference shall provide an opportunity for any representatives of the sponsor, interested parties, proponents, or opponents of the initiative to submit information and may solicit information or analysis from any other entities or agencies, including the Office of Economic and Demographic Research.

(c) All meetings of the Financial Impact Estimating Conference shall be open to the public. The President of the Senate and the Speaker of the House of Representatives, jointly, shall be the sole judge for the interpretation, implementation, and enforcement of this subsection.

1. The Financial Impact Estimating Conference is established to review, analyze, and estimate the financial impact of amendments to or revisions of the State Constitution proposed by initiative. The Financial Impact Estimating Conference shall consist of four principals: one person from the Executive Office of the Governor; the coordinator of the Office of Economic and Demographic Research, or his or her designee; one person from the professional staff of the Senate; and one person from the professional staff of the House of Representatives. Each

principal shall have appropriate fiscal expertise in the subject matter of the initiative. A Financial Impact Estimating Conference may be appointed for each initiative.

2. Principals of the Financial Impact Estimating Conference shall reach a consensus or majority concurrence on a clear and unambiguous financial impact statement, no more than 150 ~~75~~ words in length, and immediately submit the statement to the Attorney General. Nothing in this subsection prohibits the Financial Impact Estimating Conference from setting forth a range of potential impacts in the financial impact statement. Any financial impact statement that a court finds not to be in accordance with this section shall be remanded solely to the Financial Impact Estimating Conference for redrafting. The Financial Impact Estimating Conference shall redraft the financial impact statement within 15 days.

3. If the members of the Financial Impact Estimating Conference are unable to agree on the statement required by this subsection, or if the Supreme Court has rejected the initial submission by the Financial Impact Estimating Conference and no redraft has been approved by the Supreme Court by 5 p.m. on the 75th day before the election, the following statement shall appear on the ballot pursuant to s. 101.161(1): "The financial impact of this measure, if any, cannot be reasonably determined at this time."

(d) The financial impact statement must be separately contained and be set forth after the ballot summary as required in s. 101.161(1). *If the financial impact statement estimates increased costs, decreased revenues, a negative impact on the state or local economy, or an indeterminate impact for any of these areas, the ballot must include a statement indicating such estimated effect in bold font.*

(e)1. Any financial impact statement that the Supreme Court finds not to be in accordance with this subsection shall be remanded solely to the Financial Impact Estimating Conference for redrafting, provided the court's advisory opinion is rendered at least 75 days before the election at which the question of ratifying the amendment will be presented. The Financial Impact Estimating Conference shall prepare and adopt a revised financial impact statement no later than 5 p.m. on the 15th day after the date of the court's opinion.

2. If, by 5 p.m. on the 75th day before the election, the Supreme Court has not issued an advisory opinion on the initial financial impact statement prepared by the Financial Impact Estimating Conference for an initiative amendment that otherwise meets the legal requirements for ballot placement, the financial impact statement shall be deemed approved for placement on the ballot.

3. In addition to the financial impact statement required by this subsection, the Financial Impact Estimating Conference shall draft an initiative financial information statement. The initiative financial information statement should describe in greater detail than the financial impact statement any projected increase or decrease in revenues or costs that the state or local governments would likely experience and the estimated economic impact on the state and local economy if the ballot measure were approved. If appropriate, the initiative financial information statement may include both estimated dollar amounts and a description placing the estimated dollar amounts into context. The initiative financial information statement must include both a summary of not more than 500 words and additional detailed information that includes the assumptions that were made to develop the financial impacts, workpapers, and any other information deemed relevant by the Financial Impact Estimating Conference.

4. The Department of State shall have printed, and shall furnish to each supervisor of elections, a copy of the summary from the initiative financial information statements. The supervisors shall have the summary from the initiative financial information statements available at each polling place and at the main office of the supervisor of elections upon request.

5. The Secretary of State and the Office of Economic and Demographic Research shall make available on the Internet each initiative financial information statement in its entirety. In addition, each supervisor of elections whose office has a website shall post the summary from each initiative financial information statement on the website. Each supervisor shall include a copy of each summary from the initiative financial information statements and the Internet addresses for the

information statements on the Secretary of State's and the Office of Economic and Demographic Research's websites in the publication or mailing required by s. 101.20.

(14)(6) The Department of State may adopt rules in accordance with s. 120.54 to carry out the provisions of subsections (1)-(14) ~~(1)-(6)~~.

Section 4. Section 104.186, Florida Statutes, is created to read:

104.186 Initiative petitions; violations.—A person who compensates a petition circulator as defined in s. 97.021 based on the number of petition forms gathered commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083. This section does not prohibit employment relationships that do not base payment on the number of signatures collected.

Section 5. Effective 30 days after the effective date of this act, section 104.187, Florida Statutes, is created to read:

104.187 Initiative petitions; registration.—A person who violates s. 100.371(3) commits a misdemeanor of the second degree, punishable as provided in s. 775.082 or 775.083.

Section 7. Except as otherwise expressly provided in this act, this act shall take effect upon becoming a law.

And the title is amended as follows:

Remove line 155 of the amendment and insert: void; amending s. 97.021, F.S.; providing definitions; amending s. 100.371, F.S.; requiring a paid petition circulator to register with the Secretary of State and provide certain information; requiring petition forms to be made available to sponsors; requiring the secretary to maintain a specified database; requiring supervisors of elections to provide specified information to the division of elections; requiring the division of elections to keep specified information in a database; providing requirements for gathering petition forms; providing for the imposition of fines for failure to deliver petition forms within a specified time period; providing for defenses; allowing the Secretary of State to refer petition form violations to the Attorney General for enforcement; requiring the division to adopt rules; providing that the date the elector signs a petition form is presumed to be the date the sponsor collected the form; revising the timeframe for and the information that must be included in a Financial Impact Estimating Conference analysis and financial impact statement; revising information that the Financial Impact Estimating Conference should include in an initiative financial information statement; requiring the Office of Economic and Demographic Research to request a list of persons authorized to speak on behalf of a sponsor; expanding the word limit for a financial impact statement; requiring certain language to appear on the ballot in specified situations; requiring each supervisor to include certain summaries in certain publications or mailings; conforming a provision; creating s. 104.186, F.S.; prohibiting compensation for initiative petition circulators based on the number of petition forms gathered; providing penalties; creating s. 104.187, F.S.; providing penalties for failure to register as a petition circulator; providing applicability; providing effective dates.

The student report cards must contain a disclosure that the grade point average calculated for purposes of the Florida Bright Futures Scholarship Program may differ from the grade point average on the report card.

(5) A student who wishes to qualify for a particular award within the Florida Bright Futures Scholarship Program, but who does not meet all of the requirements for that level of award by the applicable deadlines, may be allowed additional time to complete the requirements, nevertheless, receive the award if the principal of the student's school or the district superintendent verifies that the deficiency is caused by the fact that school district personnel provided inaccurate or incomplete information to the student. The school district must provide a means for the student to correct the deficiencies and the student must correct them, either by completing comparable work at the postsecondary institution or by completing a directed individualized study program developed and administered by the school district. 1. *The minimum required SAT score for the Florida Academic Scholarship must be set no lower than the 89th national percentile on the SAT. The department may adjust the required SAT score only if the required score drops below the 89th national percentile, and any such adjustment must be applied to the bottom of the SAT score range that is concordant to the ACT.*

2. *The minimum required SAT score for the Florida Medallion Scholarship must be set no lower than the 75th national percentile on the SAT. The department may adjust the required SAT score only if the required score drops below the 75th national percentile, and any such*

(d) Before each school year, the department shall publish any changes to the examination score requirements that apply to students graduating in the next 2 years. ~~The SAT percentile ranks and corresponding SAT scores specified in paragraphs (a) and (b) are based on the SAT percentile ranks for 2010 college-bound seniors in critical reading and mathematics as reported by the College Board. The next highest SAT score is used when the percentile ranks do not directly correspond.~~

Section 13. Section 1009.532, Florida Statutes, is amended to read:

1009.532 Florida Bright Futures Scholarship Program; student eligibility requirements for renewal awards.—

(1) To be eligible to renew a scholarship from any of the ~~three types~~ of scholarships under the Florida Bright Futures Scholarship Program, a student must:

(a) Effective for students funded in the 2009-2010 academic year and thereafter, earn at least 24 semester credit hours or the equivalent in the last academic year in which the student earned a scholarship if the student was enrolled full time, or a prorated number of credit hours as determined by the Department of Education if the student was enrolled less than full time for any part of the academic year. ~~For students initially eligible prior to the 2010-2011 academic term, if a student fails to earn the minimum number of hours required to renew the scholarship, the student shall lose his or her eligibility for renewal for a period equivalent to 1 academic year. Such student is eligible to restore the award the following academic year if the student earns the hours for which he or she was enrolled at the level defined by the department and meets the grade point average for renewal. A student is eligible for such restoration one time. The department shall notify eligible recipients of the provisions of this paragraph. Each institution shall notify award recipients of the provisions of this paragraph during the registration process.~~

(b) Maintain the cumulative grade point average required by the scholarship program, except that:

1. If a recipient's grades fall beneath the average required to renew a Florida Academic Scholarship, but are sufficient to renew a Florida Medallion Scholarship, a *Florida Gold Seal CAPE Scholarship*, or a Florida Gold Seal Vocational Scholarship, the Department of Education may grant a renewal from one of those other scholarship programs, if the student meets the renewal eligibility requirements;

~~2. For students initially eligible prior to the 2010-2011 academic term, if at any time during the eligibility period a student's grades are insufficient to renew the scholarship, the student may restore eligibility by improving the grade point average to the required level. The Legislature encourages education institutions to assist students to calculate whether or not it is possible to raise the grade point average during the summer term. If the institution determines that it is possible, the education institution may so inform the department, which may reserve the student's award if funds are available. The renewal, however, must not be granted until the student achieves the required cumulative grade point average. If the summer term is not sufficient to raise the grade point average to the required renewal level, the student's next opportunity for renewal is the fall semester of the following academic year; or~~

~~2.3.~~ For students initially eligible in the 2010-2011 academic term and thereafter, if at any time during a student's first academic year the student's grades are insufficient to renew the scholarship, the student may restore eligibility by improving the grade point average to the required level. A student is eligible for such a restoration one time. The Legislature encourages education institutions to assist students to calculate whether or not it is possible to raise the grade point average during the summer term. If the education institution determines that it is possible, the institution may so inform the department, which may reserve the student's award if funds are available. The renewal, however, must not be granted until the student achieves the required cu-

mulative grade point average. If the summer term is not sufficient to raise the grade point average to the required renewal level, the student's next opportunity for renewal is the fall semester of the following academic year.

(c) Reimburse or make satisfactory arrangements to reimburse the institution for the award amount received for courses dropped after the end of the drop and add period or courses from which the student withdraws after the end of the drop and add period unless the student has received an exception pursuant to s. 1009.53(11).

(2) For students initially eligible in the 2010-2011 academic term and thereafter, and unless otherwise provided in this section, if a student does not meet the requirements for renewal of a scholarship because of lack of completion of sufficient credit hours or insufficient grades, the scholarship shall be renewed only if the student failed to complete sufficient credit hours or to meet sufficient grade requirements due to verifiable illness or other documented emergency, in which case the student may be granted an exception from academic requirements pursuant to s. 1009.40(1)(b)4.

~~(3)(a) A student who is initially eligible prior to the 2010-2011 academic year and is enrolled in a program that terminates in an associate degree or a baccalaureate degree may receive an award for a maximum of 110 percent of the number of credit hours required to complete the program. Section 1. Paragraphs (c) and (h) of subsection (3) of section 110.123, Florida Statutes, are amended to read:

110.123 State group insurance program.—

(3) STATE GROUP INSURANCE PROGRAM.—

(c) Notwithstanding any provision in this section to the contrary, it is the intent of the Legislature that the department shall be responsible for all aspects of the purchase of health care for state employees under the state group health insurance plan or plans, TRICARE supplemental insurance plans, and the health maintenance organization plans. Responsibilities shall include, but not be limited to, the development of requests for proposals or invitations to negotiate for state employee health ~~benefits services~~, the determination of health care benefits to be provided, and the negotiation of contracts for health care and health care administrative services. Prior to the negotiation of contracts for health care services, the Legislature intends that the department shall develop, with respect to state collective bargaining issues, the health benefits and terms to be included in the state group health insurance program. The department shall adopt rules necessary to perform its responsibilities pursuant to this section. ~~It is the intent of the Legislature that~~ The department ~~is~~ shall be responsible for the contract management and day-to-day management of the state employee health insurance program, including, but not limited to, employee enrollment, premium collection, payment to health care providers, and other administrative functions related to the program.

(h)1. A person eligible to participate in the state group insurance program may be authorized by rules adopted by the department, in lieu of participating in the state group health insurance plan, to exercise an option to elect membership in a health maintenance organization plan which is under contract with the state in accordance with criteria established by this section and by said rules. The offer of optional membership in a health maintenance organization plan permitted by this paragraph may be limited or conditioned by rule as may be necessary to meet the requirements of state and federal laws.

2. The department shall contract with health maintenance organizations seeking to participate in the state group insurance program through a request for proposal or other procurement process, as developed by the Department of Management Services and determined to be appropriate.

a. The department shall establish a schedule of minimum benefits for health maintenance organization coverage, and that schedule shall include: physician services; inpatient and outpatient hospital services; emergency medical services, including out-of-area emergency coverage; diagnostic laboratory and diagnostic and therapeutic radiologic services; mental health, alcohol, and chemical dependency treatment services meeting the minimum requirements of state and federal law; skilled nursing facilities and services; prescription drugs; age-based and gender-based wellness benefits; and other benefits as may be required by the department. Additional services may be provided subject to the contract between the department and the HMO. As used in this paragraph, the term "age-based and gender-based wellness benefits" includes aerobic exercise, education in alcohol and substance abuse prevention, blood cholesterol screening, health risk appraisals, blood pressure screening and education, nutrition education, program planning, safety belt education, smoking cessation, stress management, weight management, and women's health education.

b. The department may establish uniform deductibles, copayments, coverage tiers, or coinsurance schedules for all participating HMO plans.

c. The department may require detailed information from each health maintenance organization participating in the procurement process, including information pertaining to organizational status, experience in providing prepaid health benefits, accessibility of services, financial stability of the plan, quality of management services, accredited

itation status, quality of medical services, network access and adequacy, performance measurement, ability to meet the department's reporting requirements, and the actuarial basis of the proposed rates and other data determined by the director to be necessary for the evaluation and selection of health maintenance organization plans and negotiation of appropriate rates for these plans. Upon receipt of proposals by health maintenance organization plans and the evaluation of those proposals, the department may enter into negotiations with all of the plans or a subset of the plans, as the department determines appropriate. ~~Nothing shall preclude The department may negotiate from negotiating regional or statewide contracts with health maintenance organization plans. Such plans must be when this is cost-effective and must offer when the department determines that the plan offers high value to enrollees.~~

d. The department may limit the number of HMOs that it contracts with in each ~~region service area~~ based on the nature of the bids the department receives, the number of state employees in the ~~region service area~~, or any unique ~~geographical~~ characteristics of the ~~region service area~~. The department shall establish the ~~regions throughout the state by rule. The department must submit the rule to the President of the Senate and the Speaker of the House of Representatives for ratification no later than 30 days before the 2020 Regular Session of the Legislature. The rule may not take effect until it is ratified by the Legislature by rule service areas throughout the state.~~

e. All persons participating in the state group insurance program may be required to contribute towards a total state group health premium that may vary depending upon the plan, coverage level, and coverage tier selected by the enrollee and the level of state contribution authorized by the Legislature.

3. The department is authorized to negotiate and to contract with specialty psychiatric hospitals for mental health benefits, on a regional basis, for alcohol, drug abuse, and mental and nervous disorders. The department may establish, subject to the approval of the Legislature pursuant to subsection (5), any such regional plan upon completion of an actuarial study to determine any impact on plan benefits and premiums.

4. In addition to contracting pursuant to subparagraph 2., the department may enter into contract with any HMO to participate in the state group insurance program which:

a. Serves greater than 5,000 recipients on a prepaid basis under the Medicaid program;

b. Does not currently meet the 25-percent non-Medicare/non-Medicaid enrollment composition requirement established by the Department of Health excluding participants enrolled in the state group insurance program;

c. Meets the minimum benefit package and copayments and deductibles contained in sub-subparagraphs 2.a. and b.;

d. Is willing to participate in the state group insurance program at a cost of premiums that is not greater than 95 percent of the cost of HMO premiums accepted by the department in each service area; and

e. Meets the minimum surplus requirements of s. 641.225.

The department is authorized to contract with HMOs that meet the requirements of sub-subparagraphs a.-d. prior to the open enrollment period for state employees. The department is not required to renew the contract with the HMOs as set forth in this paragraph more than twice. Thereafter, the HMOs shall be eligible to participate in the state group insurance program only through the request for proposal or invitation to negotiate process described in subparagraph 2.

5. All enrollees in a state group health insurance plan, a TRICARE supplemental insurance plan, or any health maintenance organization plan have the option of changing to any other health plan that is offered by the state within any open enrollment period designated by the department. Open enrollment shall be held at least once each calendar year.

6. When a contract between a treating provider and the state-contracted health maintenance organization is terminated for any reason other than for cause, each party shall allow any enrollee for whom treatment was active to continue coverage and care when medically

necessary, through completion of treatment of a condition for which the enrollee was receiving care at the time of the termination, until the enrollee selects another treating provider, or until the next open enrollment period offered, whichever is longer, but no longer than 6 months after termination of the contract. Each party to the terminated contract shall allow an enrollee who has initiated a course of prenatal care, regardless of the trimester in which care was initiated, to continue care and coverage until completion of postpartum care. This does not prevent a provider from refusing to continue to provide care to an enrollee who is abusive, noncompliant, or in arrears in payments for services provided. For care continued under this subparagraph, the program and the provider shall continue to be bound by the terms of the terminated contract. Changes made within 30 days before termination of a contract are effective only if agreed to by both parties.

7. Any HMO participating in the state group insurance program shall submit health care utilization and cost data to the department, in such form and in such manner as the department shall require, as a condition of participating in the program. The department shall enter into negotiations with its contracting HMOs to determine the nature and scope of the data submission and the final requirements, format, penalties associated with noncompliance, and timetables for submission. These determinations shall be adopted by rule.

8. The department may establish and direct, with respect to collective bargaining issues, a comprehensive package of insurance benefits that may include supplemental health and life coverage, dental care, long-term care, vision care, and other benefits it determines necessary to enable state employees to select from among benefit options that best suit their individual and family needs. Beginning with the 2018 plan year, the package of benefits may also include products and services described in s. 110.12303.

a. Based upon a desired benefit package, the department shall issue a request for proposal or invitation to negotiate for providers interested in participating in the state group insurance program, and the department shall issue a request for proposal or invitation to negotiate for providers interested in participating in the non-health-related components of the state group insurance program. Upon receipt of all proposals, the department may enter into contract negotiations with providers submitting bids or negotiate a specially designed benefit package. Providers offering or providing supplemental coverage as of May 30, 1991, which qualify for pretax benefit treatment pursuant to s. 125 of the Internal Revenue Code of 1986, with 5,500 or more state employees currently enrolled may be included by the department in the supplemental insurance benefit plan established by the department without participating in a request for proposal, submitting bids, negotiating contracts, or negotiating a specially designed benefit package. These contracts shall provide state employees with the most cost-effective and comprehensive coverage available; however, except as provided in subparagraph (f)3., no state or agency funds shall be contributed toward the cost of any part of the premium of such supplemental benefit plans. With respect to dental coverage, the division shall include in any solicitation or contract for any state group dental program made after July 1, 2001, a comprehensive indemnity dental plan option which offers enrollees a completely unrestricted choice of dentists. If a dental plan is endorsed, or in some manner recognized as the preferred product, such plan shall include a comprehensive indemnity dental plan option which provides enrollees with a completely unrestricted choice of dentists.

b. Pursuant to the applicable provisions of s. 110.161, and s. 125 of the Internal Revenue Code of 1986, the department shall enroll in the pretax benefit program those state employees who voluntarily elect coverage in any of the supplemental insurance benefit plans as provided by sub-subparagraph a.

c. Nothing herein contained shall be construed to prohibit insurance providers from continuing to provide or offer supplemental benefit coverage to state employees as provided under existing agency plans.

Section 2. Section 110.12303, Florida Statutes, is amended to read:

Such management practices must require prescription drugs to be subject to formulary inclusion or exclusion but may not restrict access to the most clinically appropriate, clinically effective, and lowest net-cost prescription drugs and supplies. Drugs excluded from the formulary must be available for inclusion if a physician, advanced practice registered nurse, or physician assistant prescribing a pharmaceutical clearly states on the prescription that the excluded drug is medically necessary. (e) At least quarterly, credit or deposit the shared savings incentive amount to the insured’s account as a return or reduction in premium, or credit the shared savings incentive amount to the insured’s flexible spending account, health savings account, or health reimbursement account, such that the amount does not constitute income to the insured.

(f) Submit an annual report to the office within 90 business days after the close of each plan year. At a minimum, the report must include the following information:

1. The number of insureds who participated in the program during the plan year and the number of instances of participation.

PRAYER

The following prayer was offered in song by Senator Baxley:

Our Father, who art in heaven,
hallowed be thy name,
thy Kingdom come,
thy will be done,
on earth as it is in heaven.
Give us this day our daily bread,
and forgive us our debts,
as we forgive our debtors.
And lead us not into temptation,
but deliver us from evil.
For thine is the Kingdom,
and the power, and the glory,
forever. Amen.

The Agency for Health Care Administration is directed to develop an alternative automatic assignment methodology for Medicaid recipients enrolled in the Medicaid Managed Care program, pursuant to s.409.969(1), Florida Statutes. The alternative auto assignment methodology shall ensure that all managed care organizations in the Managed Medical Assistance program and the Long Term Care Managed Care program receive equitable treatment in the automatic assignments of new and reassigned enrollees. Equitable treatment means the number of assignments does not systematically prevent new plans from establishing successful operations within the program. The agency shall submit a report describing current automatic enrollment procedures and criteria, assessing the effects of those policies and procedures, evaluating options for modifying current practices, and recommending a new methodology. The report shall be submitted to the President of the Senate and Speaker of the House of Representatives no later than October 1, 2019. Implementation of the redesign is contingent on legislative approval.

JUVENILE JUSTICE, DEPARTMENT OF

From the funds in Specific Appropriations 1153 through 1229, the Department of Juvenile Justice may work within its existing budget, including applicable grants, to implement any corrective action plan that is developed as the result of a Prison Rape Elimination Act audit conducted in accordance with Title 28, Part 115 of the Code of Federal Regulations. The department may request additional resources required through the Legislative Budget Request process as defined in chapter 216, Florida Statutes.

From the funds in Specific Appropriation 1153 through 1229, the Department of Juvenile Justice shall conduct a comprehensive statewide review of county-level data, including a gap analysis of services and programs available across all counties in the state, to evaluate the implementation of juvenile justice policies at the county level. As a result of such review, the department shall prepare a report that includes benchmarking of counties' performance on factors that demonstrate how a county is supporting the department's strategic goals of preventing and diverting more youth from entering the juvenile justice system; providing appropriate, less restrictive, community-based sanctions and services; reserving serious sanctions for youth who pose the greatest risk to public safety; and focusing on rehabilitation. The report shall also include recommendations and strategies that can be implemented by the department or counties to address any identified deficiencies and to assist in developing a statewide, coordinated response across all of Florida's communities to support the department's

SPECIFIC
APPROPRIATION

selecting a private provider for operation of secure and non-secure residential programs, the Department of Juvenile Justice must consider the provider's history of performance of services in other jurisdictions as well as its performance of services in Florida. The department must also provide a report of serious incidents to the Governor, President of the Senate, and Speaker of the House of Representatives on no less than a quarterly basis. The report must include, at a minimum: the number of incidents and allegations of staff abuse or abuse by another child, including whether or not an allegation was substantiated; descriptions of incidents or allegations of such abuse that resulted in physical injury or significant psychological trauma, or that involved deprivation of food, water, or medical care; and the failure of a provider to report incidents or allegations within required timeframes established by the department. In addition, the department must conduct an independent review of each out-of-state provider before issuing a new contract. The report must be organized so that the incidents and allegations relating to a particular facility and to a particular provider can be readily ascertained. The department must also immediately report the death or serious bodily injury of a youth in a secure or non-secure residential program to the Governor, President of the Senate, and Speaker of the House of Representatives, and may make any additional reports that it determines to be appropriate based upon the seriousness of an incident or allegation.

WORKFORCE DEVELOPMENT

From the funds in Specific Appropriations 2266 through 2294, the Department of Economic Opportunity must determine if any funds provided for specific workforce programs, projects, or initiatives are not an allowable use of federal funds. If the department finds that any workforce program, project, or initiative for which funds are specifically appropriated in this act is not an allowable use of federal funds, the department must notify the Executive Office of the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee, and the chair of the House Appropriations Committee.

When allocating full-time equivalent (FTE) positions to individual local workforce development boards, the Department of Economic Opportunity must ensure that workforce services are effectively and efficiently provided throughout the state. The department is authorized to reallocate any FTE position allocated to a local workforce development board that has been or becomes vacant for more than 180 days. When reallocating a vacant FTE position, the department must give priority to a local workforce development board that would use the FTE position to provide additional services to veterans.
