Located at the midpoint of the C2C trail, the proposed project includes redevelopment of the 8th Street area to include seating, picnic areas, enhanced flow of pedestrian and bicycle traffic on the trail and an artistic monument highlighting and recognizing Florida's C2C trail and Clermont's history as a model community for trail users. Additionally, the project calls for the installation of a docking facility for between over 40 watercrafts. This docking facility will provide access to the C2C from the waterways, spur economic development for local businesses and provide enhanced tourism opportunities.

c. What direct services will be provided to citizens by the appropriation project?

Enhanced safety of recreational spaces, trail connections, access to downtown Clermont from the Clermont Chain of Lakes.

d. Who is the target population served by this project? How many individuals are expected to be served?

43,000 residents and we expect to serve over 1,000,000 visitors.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The benefits will be increased visitors and users of the trails and docks. This amount can be counted by staff and monitored daily.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Repayment of all funds allocated.
