2. Any information that may reveal the identity of a person who is a victim of human trafficking whose criminal history record has been ordered expunged under this section.

(b) Criminal investigative information and criminal intelligence information made confidential and exempt under this subsection may be disclosed by a law enforcement agency:

1. In the furtherance of its official duties and responsibilities.
2. For print, publication, or broadcast if the law enforcement agency determines that such release would assist in locating or identifying a person that the agency believes to be missing or endangered. The information provided should be limited to that needed to identify or locate the victim.
3. To another governmental agency in the furtherance of its official duties and responsibilities.

(c) This exemption applies to such confidential and exempt criminal intelligence information or criminal investigative information held by a law enforcement agency before, on, or after the effective date of the exemption.

Section 2. Subsection (12) is added to section 943.0583, Florida Statutes, to read:

943.0583 Human trafficking victim expunction.—

(12)(a) *A petition filed pursuant to this section and all pleadings and documents related to the petition are confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.*

(b) *This subsection is subject to the Open Government Sunset Review Act in accordance with s. 119.15 and shall stand repealed on October 2, 2028, unless reviewed and saved from repeal through reenactment by the Legislature.*

Section 3. (1) *The Legislature finds it is a public necessity that criminal history records of human trafficking victims related to any offense listed in s. 775.084(1)(b)1., Florida Statutes, which offense was dismissed or nolle prosequi by the state attorney or statewide prosecutor or dismissed by a court of competent jurisdiction, or for which a judgment of acquittal was rendered by a judge or a verdict of not guilty was rendered by a judge or jury, and the records of which are ordered to be expunged under s. 943.0583, Florida Statutes, be made confidential and exempt from s. 119.07(1), Florida Statutes, and s. 24(a), Article I of the State Constitution.*

(2) *Further, the Legislature finds that it is a public necessity that a petition filed under s. 943.0583, Florida Statutes, and all pleadings and documents related to the petition be made confidential and exempt from s. 119.07(1), Florida Statutes, and s. 24(a), Article I of the State Constitution. Persons who are victims of human trafficking and who have been arrested, charged, or convicted of crimes committed at the behest of*

their traffickers are themselves victims of crimes. These victims face barriers to employment and loss of other life opportunities, and the fact that they are seeking expungement, as well as the information contained in related pleadings and documents, would expose these petitioners to possible discrimination due to details of their past lives becoming public knowledge. Therefore, it is necessary that such specified criminal history records, even though such records are related to certain serious offenses, and such petitions, pleadings, and related documents be made confidential and exempt in order for human trafficking victims to have the chance to rebuild their lives and reenter society.

Section 4. *The amendment to s. 943.0583(3), Florida Statutes, made by this act shall take effect only if SB 1690, 2023 Regular Session, or similar legislation takes effect and if such legislation is adopted in the same legislative session or an extension thereof and becomes a law.*

Section 5. Except as otherwise expressly provided in this act, this act shall take effect July 1, 2023.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to public records; amending s. 943.0583, F.S.; expanding an existing public records exemption relating to human trafficking victims seeking expunction of certain records related to an offense listed in s. 775.084(1)(b)1., F.S.; providing for future review and repeal of the expanded exemption; providing for the reversion of specified provisions if the exemption is not saved from repeal; providing that a petition for human trafficking victim expunction and all pleadings and documents related to the petition are confidential and exempt from public records requirements; providing for future legislative review and repeal of the exemption; providing a statement of public necessity; providing a contingent effective date; providing effective dates.

Senator Bradley moved the following amendments which were adopted:

Amendment 1 (161476)—Delete lines 162-285 and insert: thereafter. *If a building reached 30 years of age before July 1, 2022, the building’s initial milestone inspection must be performed before December 31, 2024. If a building reaches 30 years of age on or after July 1, 2022, and before December 31, 2024, the building’s initial milestone inspection must be performed before December 31, 2025. If the date of issuance for the certificate of occupancy is not available, the date of issuance of the building’s certificate of occupancy shall be the date of occupancy evidenced in any record of the local building official.*

(b) *The local enforcement agency may determine that local circumstances, including environmental conditions such as proximity to salt*

water as defined in s. 379.101, require that ~~If the building is located within 3 miles of a coastline as defined in s. 376.031, the condominium association or cooperative association must have a milestone inspection must be performed by December 31 of the year in which the building reaches 25 years of age, based on the date the certificate of occupancy for the building was issued, and every 10 years thereafter.~~

(c) *The local enforcement agency may extend the date by which a building’s initial milestone inspection must be completed upon a showing of good cause by the owner or owners of the building that the inspection cannot be timely completed if the owner or owners have entered into a contract with an architect or engineer to perform the milestone inspection and the inspection cannot reasonably be completed before the deadline or other circumstance to justify an extension.*

(d) *The local enforcement agency may accept an inspection report prepared by a licensed engineer or architect for a structural integrity and condition inspection of a building performed before July 1, 2022, if the inspection and report substantially comply with the requirements of this section. Notwithstanding when such inspection was completed, the condominium or cooperative association must comply with the unit owner notice requirements in subsection (9). The inspection for which an inspection report is accepted by the local enforcement agency under this paragraph is deemed a milestone inspection for the applicable requirements in chapters 718 and 719. If a previous inspection and report is accepted by the local enforcement agency under this paragraph, the deadline for the building’s subsequent 10-year milestone inspection is based on the date of the accepted previous inspection.*

(4) *The milestone inspection report must be arranged by a condominium or cooperative association and any owner of any portion of the building which is not subject to the condominium or cooperative form of ownership. The condominium association or cooperative association and any owner of any portion of the building which is not subject to the condominium or cooperative form of ownership are each ~~must arrange~~ for the milestone inspection to be performed and is responsible for ensuring compliance with the requirements of this section. The condominium association or cooperative association is responsible for all costs associated with the milestone inspection attributable to the portions of a building which the association is responsible to maintain under the governing documents of the association. This section ~~subsection~~ does not apply to a single-family, two-family, or three-family dwelling with three or fewer habitable stories above ground.*

~~(4) If a milestone inspection is required under this section and the building’s certificate of occupancy was issued on or before July 1, 1992, the building’s initial milestone inspection must be performed before December 31, 2024. If the date of issuance for the certificate of occupancy is not available, the date of issuance of the building’s certificate of occupancy shall be the date of occupancy evidenced in any record of the local building official.~~

(5) Upon determining that a building must have a milestone inspection, the local enforcement agency must provide written notice of such required inspection to the condominium association or cooperative association and any owner of any portion of the building which is not subject to the condominium or cooperative form of ownership, as applicable, by certified mail, return receipt requested. *The condominium or cooperative association must notify the unit owners of the required milestone inspection within 14 days after receipt of the written notice from the local enforcement agency and provide the date that the milestone inspection must be completed. Such notice may be given by electronic submission to unit owners who consent to receive notice by electronic submission or by posting on the association’s website.*

(6) *Phase one of the milestone inspection must be completed within 180 days after the owner or owners of the building receive receiving the written notice under subsection (5); ~~the condominium association or cooperative association must complete phase one of the milestone inspection.~~ For purposes of this section, completion of phase one of the milestone inspection means the licensed engineer or architect who performed the phase one inspection submitted the inspection report by e-mail, United States Postal Service, or commercial delivery service to the local enforcement agency.*

(7) A milestone inspection consists of two phases:

(b) A phase two of the milestone inspection must be performed if any substantial structural deterioration is identified during phase one. A phase two inspection may involve destructive or nondestructive testing at the inspector's direction. The inspection may be as extensive or as limited as necessary to fully assess areas of structural distress in order to confirm that the building is structurally sound and safe for its intended use and to recommend a program for fully assessing and repairing distressed and damaged portions of the building. When determining testing locations, the inspector must give preference to locations that are the least disruptive and most easily repairable while still being representative of the structure. *If a phase two inspection is required, within 180 days after submitting a phase one inspection report the architect or engineer performing the phase two inspection must submit a phase two progress report to the local enforcement agency with a timeline for completion of the phase two inspection.* An inspector who completes a phase two milestone inspection shall prepare and submit an inspection report pursuant to subsection (8).

(8) Upon completion of a phase one or phase two milestone inspection, the architect or engineer who performed the inspection must submit a sealed copy of the inspection report with a separate summary of, at minimum, the material findings and recommendations in the inspection report to the condominium association or cooperative association, to any other owner of any portion of the building which is not subject to the condominium or cooperative form of ownership, and to the building official of the local government which has jurisdiction. The inspection report must, at a minimum, meet all of the following criteria:

(a) Bear the seal and signature, or the electronic signature, of the licensed engineer or architect who performed the inspection.

(b) Indicate the manner and type of inspection forming the basis for the inspection report.

(c) Identify any substantial structural deterioration, within a reasonable professional probability based on the scope of the inspection, describe the extent of such deterioration, and identify any recommended repairs for such deterioration.

(d) State whether unsafe or dangerous conditions, as those terms are defined in the Florida Building Code, were observed.

(e) Recommend any remedial or preventive repair for any items that are damaged but are not substantial structural deterioration.

(f) Identify and describe any items requiring further inspection.

Amendment 3 (372434) (with directory and title amendments)—Delete lines 524-996 and insert:

(e) *Budget meeting.*—

1. Any meeting at which a proposed annual budget of an association will be considered by the board or unit owners shall be open to all unit owners. At least 14 days prior to such a meeting, the board shall hand deliver to each unit owner, mail to each unit owner at the address last furnished to the association by the unit owner, or electronically transmit to the location furnished by the unit owner for that purpose a notice of such meeting and a copy of the proposed annual budget. An officer or manager of the association, or other person providing notice of such meeting, shall execute an affidavit evidencing compliance with such notice requirement, and such affidavit shall be filed among the official records of the association.

2.a. If a board adopts in any fiscal year an annual budget which requires assessments against unit owners which exceed 115 percent of assessments for the preceding fiscal year, the board shall conduct a special meeting of the unit owners to consider a substitute budget if the board receives, within 21 days after adoption of the annual budget, a

written request for a special meeting from at least 10 percent of all voting interests. The special meeting shall be conducted within 60 days after adoption of the annual budget. At least 14 days prior to such special meeting, the board shall hand deliver to each unit owner, or mail to each unit owner at the address last furnished to the association, a notice of the meeting. An officer or manager of the association, or other person providing notice of such meeting shall execute an affidavit evidencing compliance with this notice requirement, and such affidavit shall be filed among the official records of the association. Unit owners may consider and adopt a substitute budget at the special meeting. A substitute budget is adopted if approved by a majority of all voting interests unless the bylaws require adoption by a greater percentage of voting interests. If there is not a quorum at the special meeting or a substitute budget is not adopted, the annual budget previously adopted by the board shall take effect as scheduled.

b. Any determination of whether assessments exceed 115 percent of assessments for the prior fiscal year shall exclude any authorized provision for reasonable reserves for repair or replacement of the condominium property, anticipated expenses of the association which the board does not expect to be incurred on a regular or annual basis, *insurance premiums*, or assessments for betterments to the condominium property.

c. If the developer controls the board, assessments shall not exceed 115 percent of assessments for the prior fiscal year unless approved by a majority of all voting interests.

(f) *Annual budget.*—

1. The proposed annual budget of estimated revenues and expenses must be detailed and must show the amounts budgeted by accounts and expense classifications, including, at a minimum, any applicable expenses listed in s. 718.504(21). The board shall adopt the annual budget at least 14 days before the start of the association's fiscal year. In the event that the board fails to timely adopt the annual budget a second time, it is deemed a minor violation and the prior year's budget shall continue in effect until a new budget is adopted. A multicommunity association must adopt a separate budget of common expenses for each condominium the association operates and must adopt a separate budget of common expenses for the association. In addition, if the association maintains limited common elements with the cost to be shared only by those entitled to use the limited common elements as provided for in s. 718.113(1), the budget or a schedule attached to it must show the amount budgeted for this maintenance. If, after turnover of control of the association to the unit owners, any of the expenses listed in s. 718.504(21) are not applicable, they do not need to be listed.

2.a. In addition to annual operating expenses, the budget must include reserve accounts for capital expenditures and deferred maintenance. These accounts must include, but are not limited to, roof replacement, building painting, and pavement resurfacing, regardless of the amount of deferred maintenance expense or replacement cost, and any other item that has a deferred maintenance expense or replacement cost that exceeds \$10,000. The amount to be reserved ~~for an item is determined by the association's most recent structural integrity reserve study that must be completed by December 31, 2024. If the amount to be reserved for an item is not in the association's initial or most recent structural integrity reserve study or the association has not completed a structural integrity reserve study, the amount must be computed using a formula based upon estimated remaining useful life and estimated replacement cost or deferred maintenance expense of the reserve item. In a budget adopted by an association that is required to obtain a structural integrity reserve study, reserves must be maintained for the items identified in paragraph (g) for which the association is responsible pursuant to the declaration of condominium, and the reserve amount for such items must be based on the findings and recommendations of the association's most recent structural integrity reserve study. With respect to items for which an estimate of useful life is not readily ascertainable or with an estimated remaining useful life of greater than 25 years, an association is not required to reserve replacement costs for such items, but an association must reserve the amount of deferred maintenance expense, if any, which is recommended by the structural integrity reserve study for such items. The association may adjust replacement reserve assessments annually to take into account an inflation adjustment and any changes in estimates or extension of the useful life of a reserve item caused by deferred maintenance. The members of a unit-owner-controlled association may determine, by a majority vote of the total voting~~

~~interests at a duly called meeting~~ of the association, to provide no reserves or less reserves than required by this subsection. *For a budget adopted on or after Effective December 31, 2024, the members of a unit-owner-controlled association that must obtain a structural integrity reserve study may not determine to provide no reserves or less reserves than required by this subsection for items listed in paragraph (g), except that members of an association operating a multicondominium may determine to provide no reserves or less reserves than required by this subsection if an alternative funding method has been approved by the division.*

b. Before turnover of control of an association by a developer to unit owners other than a developer under s. 718.301, the developer-controlled association may not vote to waive the reserves or reduce funding of the reserves. If a meeting of the unit owners has been called to determine whether to waive or reduce the funding of reserves and no such result is achieved or a quorum is not attained, the reserves included in the budget shall go into effect. After the turnover, the developer may vote its voting interest to waive or reduce the funding of reserves.

3. Reserve funds and any interest accruing thereon shall remain in the reserve account or accounts, and may be used only for authorized reserve expenditures unless their use for other purposes is approved in advance by a majority vote of ~~all the total voting interests at a duly called meeting~~ of the association. Before turnover of control of an association by a developer to unit owners other than the developer pursuant to s. 718.301, the developer-controlled association may not vote to use reserves for purposes other than those for which they were intended. *For a budget adopted on or after Effective December 31, 2024, members of a unit-owner-controlled association that must obtain a structural integrity reserve study may not vote to use reserve funds, or any interest accruing thereon, that are reserved for items listed in paragraph (g) for any other purpose other than the replacement or deferred maintenance costs of the components listed in paragraph (g) their intended purpose.*

4. The only voting interests that are eligible to vote on questions that involve waiving or reducing the funding of reserves, or using existing reserve funds for purposes other than purposes for which the reserves were intended, are the voting interests of the units subject to assessment to fund the reserves in question. Proxy questions relating to waiving or reducing the funding of reserves or using existing reserve funds for purposes other than purposes for which the reserves were intended must contain the following statement in capitalized, bold letters in a font size larger than any other used on the face of the proxy ballot: **WAIVING OF RESERVES, IN WHOLE OR IN PART, OR ALLOWING ALTERNATIVE USES OF EXISTING RESERVES MAY RESULT IN UNIT OWNER LIABILITY FOR PAYMENT OF UNANTICIPATED SPECIAL ASSESSMENTS REGARDING THOSE ITEMS.**

(g) *Structural integrity reserve study.—*

1. *A residential condominium An association must have a structural integrity reserve study completed at least every 10 years after the condominium’s creation for each building on the condominium property that is three stories or higher in height as determined by the Florida Building Code which includes, at a minimum, a study of the following items as related to the structural integrity and safety of the building:*

- a. Roof.
- b. *Structure, including load-bearing walls and other primary structural members and primary structural systems as those terms are defined in s. 627.706.*
- c. ~~Floor.~~
- d. ~~Foundation.~~
- e. Fireproofing and fire protection systems.
- d.f. Plumbing.
- e.g. Electrical systems.
- f.h. Waterproofing and exterior painting.
- g.i. Windows and exterior doors.

h.j. Any other item that has a deferred maintenance expense or replacement cost that exceeds \$10,000 and the failure to replace or maintain such item negatively affects the items listed in sub-subparagraphs a.g. sub-subparagraphs a.i., as determined by the licensed engineer or architect performing the visual inspection portion of the structural integrity reserve study.

2. *A structural integrity reserve study is based on a visual inspection of the condominium property. A structural integrity reserve study may be performed by any person qualified to perform such study. However, the visual inspection portion of the structural integrity reserve study must be performed or verified by an engineer licensed under chapter 471, an architect licensed under chapter 481, or a person certified as a reserve specialist or professional reserve analyst by the Community Associations Institute or the Association of Professional Reserve Analysts.*

3. *At a minimum, a structural integrity reserve study must identify each item of the condominium property being visually inspected, state the estimated remaining useful life and the estimated replacement cost or deferred maintenance expense of each item of the condominium property being visually inspected, and provide a reserve funding schedule with a recommended annual reserve amount that achieves the estimated replacement cost or deferred maintenance expense of each item of condominium property being visually inspected by the end of the estimated remaining useful life of the item. The structural integrity reserve study may recommend that reserves do not need to be maintained for any item for which an estimate of useful life and an estimate of replacement cost cannot be determined, or the study may recommend a deferred maintenance expense amount for such item. The structural integrity reserve study may recommend that reserves for replacement costs do not need to be maintained for any item with an estimated remaining useful life of greater than 25 years, but the study may recommend a deferred maintenance expense amount for such item.*

4. *This paragraph does not apply to buildings less than three stories in height; single-family, two-family, or three-family dwellings with three or fewer habitable stories above ground; any portion or component of a building that has not been submitted to the condominium form of ownership; or any portion or component of a building that is maintained by a party other than the association.*

5. Before a developer turns over control of an association to unit owners other than the developer, the developer must have a structural integrity reserve study completed for each building on the condominium property that is three stories or higher in height.

6. ~~3.~~ Associations existing on or before July 1, 2022, which are controlled by unit owners other than the developer, must have a structural integrity reserve study completed by December 31, 2024, for each building on the condominium property that is three stories or higher in height. *An association that is required to complete a milestone inspection in accordance with s. 553.899 on or before December 31, 2026, may complete the structural integrity reserve study simultaneously with the milestone inspection. In no event may the structural integrity reserve study be completed after December 31, 2026.*

7. *If the milestone inspection required by s. 553.899, or an inspection completed for a similar local requirement, was performed within the past 5 years and meets the requirements of this paragraph, such inspection may be used in place of the visual inspection portion of the structural integrity reserve study.*

8. ~~4.~~ *If the officers or directors of an association willfully and knowingly fail fails to complete a structural integrity reserve study pursuant to this paragraph, such failure is a breach of an officer’s and director’s fiduciary relationship to the unit owners under s. 718.111(1).*

(h) *Mandatory milestone inspections.—*If an association is required to have a milestone inspection performed pursuant to s. 553.899, the association must arrange for the milestone inspection to be performed and is responsible for ensuring compliance with the requirements of s. 553.899. The association is responsible for all costs associated with the milestone inspection attributable to the portions of the building which the association is responsible for maintaining under the governing documents of the association. If the officers or directors of an association willfully and knowingly fail to have a milestone inspection performed pursuant to s. 553.899, such failure is a breach of the officers’ and directors’ fiduciary relationship to the unit owners under s. 718.111(1)(a).

Within 14 days after receipt of a written notice from the local enforcement agency that a milestone inspection is required, the association must notify the unit owners of the required milestone inspection and provide the date by which the milestone inspection must be completed. Such notice may be given by electronic submission to unit owners who consent to receive notice by electronic submission or by posting on the association's website. Within 45 days after receiving ~~Upon completion of a phase one or phase two milestone inspection and receipt of the inspector-prepared summary of the inspection~~ report from the architect or engineer who performed the inspection, the association must distribute a copy of the inspector-prepared summary of the inspection report to each unit owner, regardless of the findings or recommendations in the report, by United States mail or personal delivery at the mailing address, property address, or any other address of the owner provided to fulfill the association's notice requirements under this chapter and by electronic transmission to the e-mail address or facsimile number provided to fulfill the association's notice requirements to unit owners who previously consented to receive notice by electronic transmission; must post a copy of the inspector-prepared summary in a conspicuous place on the condominium property; and must publish the full report and inspector-prepared summary on the association's website, if the association is required to have a website.

719.301(4)(p) and (q) until the association obtains new maintenance protocols from a licensed professional engineer or architect or a person certified as a reserve specialist or professional reserve analyst by the Community Associations Institute or the Association of Professional Reserve Analysts. The declaration may provide that certain limited common elements shall be maintained by those entitled to use the limited common elements or that the association shall provide the maintenance, either as a common expense or with the cost shared only by those entitled to use the limited common elements. If the maintenance is to be by the association at the expense of only those entitled to use the limited common elements, the declaration shall describe in detail the method of apportioning such costs among those entitled to use the limited common elements, and the association may use the provisions of s. 719.108 to enforce payment of the shares of such costs by the unit owners entitled to use the limited common elements.

Section 12. Paragraphs (e), (j), (k), and (l) of subsection (1) of section 719.106, Florida Statutes, are amended to read:

719.106 Bylaws; cooperative ownership.—

(1) MANDATORY PROVISIONS.—The bylaws or other cooperative documents shall provide for the following, and if they do not, they shall be deemed to include the following:

(e) *Budget procedures.*—

1. The board of administration shall mail, hand deliver, or electronically transmit to each unit owner at the address last furnished to the association, a meeting notice and copies of the proposed annual budget of common expenses to the unit owners not less than 14 days prior to the meeting at which the budget will be considered. Evidence of compliance with this 14-day notice must be made by an affidavit executed by an officer of the association or the manager or other person providing notice of the meeting and filed among the official records of the association. The meeting must be open to the unit owners.

2. If an adopted budget requires assessment against the unit owners in any fiscal or calendar year which exceeds 115 percent of the assessments for the preceding year, the board upon written application of 10 percent of the voting interests to the board, shall call a special meeting of the unit owners within 30 days, upon not less than 10 days' written notice to each unit owner. At the special meeting, unit owners shall consider and enact a budget. Unless the bylaws require a larger vote, the adoption of the budget requires a vote of not less than a majority of all the voting interests.

3. The board of administration may, in any event, propose a budget to the unit owners at a meeting of members or by writing, and if the budget or proposed budget is approved by the unit owners at the meeting or by a majority of all voting interests in writing, the budget is adopted. If a meeting of the unit owners has been called and a quorum is not attained or a substitute budget is not adopted by the unit owners, the budget adopted by the board of directors goes into effect as scheduled.

4. In determining whether assessments exceed 115 percent of similar assessments for prior years, any authorized provisions for reasonable reserves for repair or replacement of cooperative property, anticipated expenses by the association which are not anticipated to be incurred on a regular or annual basis, *insurance premiums*, or assessments for betterments to the cooperative property must be excluded from computation. However, as long as the developer is in control of the board of administration, the board may not impose an assessment for any year greater than 115 percent of the prior fiscal or calendar year's assessment without approval of a majority of all voting interests.

(j) *Annual budget.*—

1. The proposed annual budget of common expenses must be detailed and must show the amounts budgeted by accounts and expense classifications, including, if applicable, but not limited to, those expenses listed in s. 719.504(20). The board of administration shall adopt the annual budget at least 14 days before the start of the association's fiscal year. In the event that the board fails to timely adopt the annual budget a second time, it is deemed a minor violation and the prior year's budget shall continue in effect until a new budget is adopted.

2. In addition to annual operating expenses, the budget must include reserve accounts for capital expenditures and deferred maintenance. These accounts must include, but not be limited to, roof replacement, building painting, and pavement resurfacing, regardless of the amount of deferred maintenance expense or replacement cost, and for any other items for which the deferred maintenance expense or replacement cost exceeds \$10,000. The amount to be reserved ~~for an item is determined by the association's most recent structural integrity reserve study that must be completed by December 31, 2024. If the amount to be reserved for an item is not in the association's initial or most recent structural integrity reserve study or the association has not completed a structural integrity reserve study, the amount~~ must be computed by means of a formula which is based upon estimated remaining useful life and estimated replacement cost or deferred maintenance expense of the reserve item. *In a budget adopted by an association that is required to obtain a structural integrity reserve study, reserves must be maintained for the items identified in paragraph (k) for which the association is responsible pursuant to the declaration, and the reserve amount for such items must be based on the findings and recommendations of the association's most recent structural integrity reserve study. With respect to items for which an estimate of useful life is not readily ascertainable or with an estimated remaining useful life of greater than 25 years, an association is not required to reserve replacement costs for such items, but an association must reserve the amount of deferred maintenance expense, if any, which is recommended by the structural integrity reserve study for such items.* The association may adjust replacement reserve assessments annually to take into account an inflation adjustment and any changes in estimates or extension of the useful life of a reserve item caused by deferred maintenance. The members of a unit-owner-controlled association may determine, by a majority vote of the total voting interests ~~at a duly called meeting~~ of the association, for a fiscal year to provide no reserves or reserves less adequate than required by this subsection. Before turnover of control of an association by a developer to unit owners other than a developer under s. 719.301, the developer-controlled association may not vote to waive the reserves or reduce funding of the reserves. *For a budget adopted on or after Effective December 31, 2024, a unit-owner-controlled association that must obtain a structural integrity reserve study may not determine to provide no reserves or reserves less adequate than required by this paragraph for items listed in paragraph (k). If a meeting of the unit owners has been called to determine to provide no reserves, or reserves less adequate than required, and such result is not attained or a quorum is not attained, the reserves as included in the budget shall go into effect.*

3. Reserve funds and any interest accruing thereon shall remain in the reserve account or accounts, and shall be used only for authorized

reserve expenditures unless their use for other purposes is approved in advance by a vote of the majority of the *total* voting interests, ~~voting in person or by limited proxy at a duly called meeting~~ of the association. Before turnover of control of an association by a developer to unit owners other than the developer under s. 719.301, the developer may not vote to use reserves for purposes other than that for which they were intended. *For a budget adopted on or after Effective December 31, 2024, members of a unit-owner-controlled association that must obtain a structural integrity reserve study may not vote to use reserve funds, or any interest accruing thereon, that are reserved for items listed in paragraph (k) for purposes other than the replacement or deferred maintenance costs of the components listed in paragraph (k) their intended purpose.*

(k) *Structural integrity reserve study.*—

1. A residential cooperative ~~an~~ association must have a structural integrity reserve study completed at least every 10 years for each building on the cooperative property that is three stories or higher in height as determined by the Florida Building Code that includes, at a minimum, a study of the following items as related to the structural integrity and safety of the building:

a. Roof.

b. *Structure, including load-bearing walls and ~~or~~ other primary structural members and primary structural systems as those terms are defined in s. 627.706.*

c. ~~Floor.~~

d. ~~Foundation.~~

e. Fireproofing and fire protection systems.

d.f. Plumbing.

e.g. Electrical systems.

f.h. Waterproofing and exterior painting.

g.i. Windows and exterior doors.

h.j. Any other item that has a deferred maintenance expense or replacement cost that exceeds \$10,000 and the failure to replace or maintain such item negatively affects the items listed in *sub-subparagraphs a.-g. sub-subparagraphs a.-i,* as determined by the ~~licensed engineer or architect performing the~~ visual inspection portion of the structural integrity reserve study.

2. *A structural integrity reserve study is based on a visual inspection of the cooperative property. A structural integrity reserve study may be performed by any person qualified to perform such study. However, the visual inspection portion of the structural integrity reserve study must be performed or verified by an engineer licensed under chapter 471, an architect licensed under chapter 481, or a person certified as a reserve specialist or professional reserve analyst by the Community Associations Institute or the Association of Professional Reserve Analysts.*

3. *At a minimum, a structural integrity reserve study must identify each item of the cooperative property being visually inspected, state the estimated remaining useful life and the estimated replacement cost or deferred maintenance expense of each item of the cooperative property being visually inspected, and provide a reserve funding schedule with a recommended annual reserve amount that achieves the estimated replacement cost or deferred maintenance expense of each item of cooperative property being visually inspected by the end of the estimated remaining useful life of the item. The structural integrity reserve study may recommend that reserves do not need to be maintained for any item for which an estimate of useful life and an estimate of replacement cost cannot be determined, or the study may recommend a deferred maintenance expense amount for such item. The structural integrity reserve study may recommend that reserves for replacement costs do not need to be maintained for any item with an estimated remaining useful life of greater than 25 years, but the study may recommend a deferred maintenance expense amount for such item.*

4. *This paragraph does not apply to buildings less than three stories in height; single-family, two-family, or three-family dwellings with three*

or fewer habitable stories above ground; any portion or component of a building that has not been submitted to the cooperative form of ownership; or any portion or component of a building that is maintained by a party other than the association.

5. Before a developer turns over control of an association to unit owners other than the developer, the developer must have a structural integrity reserve study completed for each building on the cooperative property that is three stories or higher in height.

6. Associations existing on or before July 1, 2022, which are controlled by unit owners other than the developer, must have a structural integrity reserve study completed by December 31, 2024, for each building on the cooperative property that is three stories or higher in height. An association that is required to complete a milestone inspection on or before December 31, 2026, in accordance with s. 553.899 may complete the structural integrity reserve study simultaneously with the milestone inspection. In no event may the structural integrity reserve study be completed after December 31, 2026.

7. If the milestone inspection required by s. 553.899, or an inspection completed for a similar local requirement, was performed within the past 5 years and meets the requirements of this paragraph, such inspection may be used in place of the visual inspection portion of the structural integrity reserve study.

8. If the officers or directors of an association willfully and knowingly fail to complete a structural integrity reserve study pursuant to this paragraph, such failure is a breach of an officer's and director's fiduciary relationship to the unit owners under s. 719.104(9) s. 719.104(9).

(l) *Mandatory milestone inspections.*—If an association is required to have a milestone inspection performed pursuant to s. 553.899, the association must arrange for the milestone inspection to be performed and is responsible for ensuring compliance with the requirements of s. 553.899. The association is responsible for all costs associated with the milestone inspection attributable to the portions of the building which the association is responsible for maintaining under the governing documents of the association. If the officers or directors of an association willfully and knowingly fail to have a milestone inspection performed pursuant to s. 553.899, such failure is a breach of the officers' and directors' fiduciary relationship to the unit owners under s. 719.104(9)(a) s. 719.104(8)(a). Within 14 days after receipt of a written notice from the local enforcement agency that a milestone inspection is required, the association must notify the unit owners of the required milestone inspection and provide the date by which the milestone inspection must be completed. Such notice may be given by electronic submission to unit owners who consent to receive notice by electronic submission or by posting on the association's website. Within 45 days after receiving ~~Upon completion of a phase one or phase two milestone inspection and receipt of the inspector-prepared summary of the inspection~~ report from the architect or engineer who performed the inspection, the association must distribute a copy of the inspector-prepared summary of the inspection report to each unit owner, regardless of the findings or recommendations in the report, by United States mail or personal delivery at the mailing address, property address, or any other address of the owner provided to fulfill the association's notice requirements under this chapter and by electronic transmission to the e-mail address or facsimile number provided to fulfill the association's notice requirements to unit owners who previously consented to receive notice by electronic transmission; must post a copy of the inspector-prepared summary in a conspicuous place on the cooperative property; and must publish the full report and inspector-prepared summary on the association's website, if the association is required to have a website.

Section 13. Present paragraph (q) of subsection (4) of section 719.301, Florida Statutes, is redesignated as paragraph (r), a new paragraph (q) is added to that subsection, and paragraph (p) of that subsection is amended, to read:

719.301 Transfer of association control.—

(4) When unit owners other than the developer elect a majority of the members of the board of administration of an association, the developer shall relinquish control of the association, and the unit owners shall accept control. Senator Perry moved the following amendment which was adopted:

Amendment 1 (550788) (with title amendment)—Delete everything after the enacting clause and insert:

Section 1. Paragraph (p) of subsection (2) of section 119.071, Florida Statutes, is amended to read:

119.071 General exemptions from inspection or copying of public records.—

(2) AGENCY INVESTIGATIONS.—

(p)1. As used in this paragraph, the term:

a. “Killing of a law enforcement officer who was acting in accordance with his or her official duties” means all acts or events that cause or otherwise relate to the death of a law enforcement officer who was acting in accordance with his or her official duties, including any related acts or events immediately preceding or subsequent to the acts or events that were the proximate cause of death.

b. “Killing of a minor” means all acts or events that cause or otherwise relate to the death of a victim who has not yet reached the age of 18 at the time of the death, including any related acts or events immediately preceding or subsequent to the acts or events that were the proximate cause of the death of a victim under the age of 18, events that depict a victim under the age of 18 being killed, or events that depict the body of a victim under the age of 18 who has been killed.

c. “Killing of a victim of mass violence” means events that depict either a victim being killed or the body of a victim killed in an incident in which three or more persons, not including the perpetrator, are killed by the perpetrator of an intentional act of violence.

2.a. A photograph or video or audio recording that depicts or records the killing of a law enforcement officer who was acting in accordance with his or her official duties or the killing of a victim of mass violence is confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution, except that a surviving spouse of the decedent may view and copy any such photograph or video recording or listen to or copy any such audio recording. If there is no surviving spouse, the surviving parents shall have access to such records. If there is no surviving spouse or parent, the adult children shall have access to such records. Nothing in this ~~sub-subparagraph~~ ~~paragraph~~ precludes a surviving spouse, parent, or adult child of the victim from sharing or publicly releasing such photograph or video or audio recording.

b. A photograph or video or audio recording that depicts or records the killing of a minor is confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution, except that a surviving parent of the deceased minor may view and copy any such photograph or video recording or listen to or copy any such audio recording. Nothing in this sub-subparagraph precludes a surviving parent of the victim from

sharing or publicly releasing such photograph or video or audio recording.

3.a. The deceased's surviving relative, with whom authority rests to obtain such records, may designate in writing an agent to obtain such records.

b. *Notwithstanding subparagraph 2.*, a local governmental entity, or a state or federal agency, in furtherance of its official duties, pursuant to a written request, may view or copy a photograph or video recording or may listen to or copy an audio recording of the killing of a law enforcement officer who was acting in accordance with his or her official duties, ~~or~~ the killing of a victim of mass violence, *or the killing of a minor*, and, unless otherwise required in the performance of its duties, the identity of the deceased shall remain confidential and exempt.

c. The custodian of the record, or his or her designee, may not permit any other person to view or copy such photograph or video recording or listen to or copy such audio recording without a court order.

4.a. The court, upon a showing of good cause, may issue an order authorizing any person to view or copy a photograph or video recording that depicts or records the killing of a law enforcement officer who was acting in accordance with his or her official duties, ~~or~~ the killing of a victim of mass violence, *or the killing of a minor*, or to listen to or copy an audio recording that depicts or records the killing of a law enforcement officer who was acting in accordance with his or her official duties, ~~or~~ the killing of a victim of mass violence, *or the killing of a minor*, and may prescribe any restrictions or stipulations that the court deems appropriate.

b. In determining good cause, the court shall consider:

(I) Whether such disclosure is necessary for the public evaluation of governmental performance;

(II) The seriousness of the intrusion into the family's right to privacy and whether such disclosure is the least intrusive means available; and

(III) The availability of similar information in other public records, regardless of form.

c. In all cases, the viewing, copying, listening to, or other handling of a photograph or video or audio recording that depicts or records the killing of a law enforcement officer who was acting in accordance with his or her official duties, ~~or~~ the killing of a victim of mass violence, *or the killing of a minor* must be under the direct supervision of the custodian of the record or his or her designee.

5.a. A surviving spouse shall be given reasonable notice of a petition filed with the court to view or copy a photograph or video recording that depicts or records the killing of a law enforcement officer who was acting in accordance with his or her official duties or the killing of a victim of mass violence, or to listen to or copy any such audio recording, a copy of such petition, and reasonable notice of the opportunity to be present and heard at any hearing on the matter. If there is no surviving spouse, such notice must be given to the parents of the deceased and, ~~if there is the deceased has~~ no surviving parent, to the adult children of the deceased.

b. *A surviving parent must be given reasonable notice of a petition filed with the court to view or copy a photograph or video recording that depicts or records the killing of a minor or to listen to or copy any such audio recording; a copy of such petition; and reasonable notice of the opportunity to be present and heard at any hearing on the matter.*

6.a. Any custodian of a photograph or video or audio recording that depicts or records the killing of a law enforcement officer who was acting in accordance with his or her official duties, ~~or~~ the killing of a victim of mass violence, *or the killing of a minor* who willfully and knowingly violates this paragraph commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

b. Any person who willfully and knowingly violates a court order issued pursuant to this paragraph commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

c. A criminal or administrative proceeding is exempt from this paragraph but, unless otherwise exempted, is subject to all other pro-

visions of chapter 119; however, this paragraph does not prohibit a court in a criminal or administrative proceeding upon good cause shown from restricting or otherwise controlling the disclosure of a killing, crime scene, or similar photograph or video or audio recording in the manner prescribed in this paragraph.

7. The exemption in this paragraph shall be given retroactive application and shall apply to all photographs or video or audio recordings that depict or record the killing of a law enforcement officer who was acting in accordance with his or her official duties, ~~or~~ the killing of a victim of mass violence, *or the killing of a minor*, regardless of whether the killing of the person occurred before, on, or after May 23, 2019. However, nothing in this paragraph is intended to, nor may be construed to, overturn or abrogate or alter any existing orders duly entered into by any court of this state, as of the effective date of this act, which restrict or limit access to any photographs or video or audio recordings that depict or record the killing of a law enforcement officer who was acting in accordance with his or her official duties, ~~or~~ the killing of a victim of mass violence, *or the killing of a minor*.

8. This paragraph applies only to such photographs and video and audio recordings held by an agency.

9. This paragraph is subject to the Open Government Sunset Review Act in accordance with s. 119.15 and shall stand repealed on October 2, 2028 ~~2024~~, unless reviewed and saved from repeal through reenactment by the Legislature.

Section 2. (1) *The Legislature finds that it is a public necessity that photographs and video and audio recordings that depict or record the killing of a minor be made confidential and exempt from s. 119.07(1), Florida Statutes, and s. 24(a), Article I of the State Constitution and that such exemption be applied retroactively. The Legislature finds that photographs and video and audio recordings that depict or record the killing of a minor render a graphic and often disturbing visual or aural representation of the deceased. Such photographs and video and audio recordings provide a view of the deceased in the final moments of life, in which they are often bruised, bloodied, broken, with bullet wounds or other wounds, lacerated, dismembered, or decapitated. As such, photographs and video and audio recordings that depict or record the killing of a minor are highly sensitive representations of the deceased which, if heard, viewed, copied, or publicized, could result in trauma, sorrow, humiliation, or emotional injury to the immediate family of the deceased and detract from the memory of the deceased. The Legislature recognizes that the existence of the Internet and the proliferation of personal computers and cellular telephones throughout the world encourages and promotes the wide dissemination of such photographs and video and audio recordings 24 hours a day and that widespread unauthorized dissemination of such photographs and video and audio recordings would subject the immediate family of the deceased to continuous injury.*

(2) *In addition to the emotional and mental injury that these photographs and video and audio recordings may cause family members, the Legislature is also concerned that dissemination of photographs and video and audio recordings that depict or record the killing of a minor is harmful to the public. The Legislature is concerned that the release of these photographs and video and audio recordings may educe violent acts by persons who have a mental illness or who are morally corrupt.*

Section 3. *Sections 4 and 5 of this act may be cited as the "Rex and Brody Act."*

Section 4. Section 406.135, Florida Statutes, is amended to read:

406.135 Autopsies; confidentiality of photographs and video and audio recordings; confidentiality of reports of minor victims of domestic violence; exemption.—

(1) As used in ~~For the purpose of~~ this section, the term:

I of the State Constitution, except that a surviving spouse may view and copy a photograph or video recording or listen to or copy an audio recording of the deceased spouse’s autopsy. If there is no surviving spouse, then the surviving parents shall have access to such records. If there is no surviving spouse or parent, then an adult child shall have access to such records.

(b) *An autopsy report of a minor whose death was related to an act of domestic violence held by a medical examiner is confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution, except that a surviving parent of the deceased minor may view and copy the autopsy report if the surviving parent did not commit the act of domestic violence which led to the minor’s death.*

(3)(a) The deceased’s surviving relative, with whom authority rests to obtain such records, may designate in writing an agent to obtain such records.

(b) *Notwithstanding subsection (2), a local governmental entity, or a state or federal agency, in furtherance of its official duties, pursuant to a written request, may:*

1. View or copy a photograph or video recording or may listen to or copy an audio recording of an autopsy; and
2. *View or copy an autopsy report of a minor whose death was related to an act of domestic violence.*

(c) The custodian of the record, or his or her designee, may not permit any other person, except an agent designated in writing by the deceased’s surviving relative with whom authority rests to obtain such records, to view or copy *an autopsy report of a minor whose death was related to an act of domestic violence or a ~~such~~ photograph or video recording of an autopsy* or listen to or copy an audio recording of an autopsy without a court order.

(4)(a) The court, upon a showing of good cause, may issue an order authorizing any person to view or copy *an autopsy report of a minor whose death was related to an act of domestic violence or a photograph or video recording of an autopsy* or to listen to or copy an audio recording of an autopsy and may prescribe any restrictions or stipulations that the court deems appropriate.

(b) In determining good cause, the court shall consider whether such disclosure is necessary for the public evaluation of governmental performance; the seriousness of the intrusion into the family’s right to privacy and whether such disclosure is the least intrusive means available; and the availability of similar information in other public records, regardless of form.

(c) In all cases, the viewing, copying, listening to, or other handling of *an autopsy report of a minor whose death was related to an act of domestic violence or a photograph or video or audio recording of an autopsy* must be under the direct supervision of the custodian of the record or his or her designee.

(5)(a) A surviving spouse ~~must~~ *shall* be given reasonable notice of a petition filed with the court to view or copy a photograph or video recording of an autopsy or a petition to listen to or copy an audio recording, a copy of such petition, and reasonable notice of the opportunity to be present and heard at any hearing on the matter. If there is no surviving spouse, then such notice must be given to the parents of the deceased, and if ~~there is the deceased has~~ no living parent, then to the adult children of the deceased.

(b) *For an autopsy report of a minor whose death was related to an act of domestic violence, any surviving parent who did not commit the act of domestic violence which led to the minor’s death must be given*

reasonable notice of a petition filed with the court to view or copy the autopsy report, a copy of such petition, and reasonable notice of the opportunity to be present and heard at any hearing on the matter.

(6)(a) Any custodian of an autopsy report of a minor whose death was related to an act of domestic violence or a photograph or video or audio recording of an autopsy who willfully and knowingly violates this section commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(b) Any person who willfully and knowingly violates a court order issued pursuant to this section commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(7) A criminal or administrative proceeding is exempt from this section, but ~~unless otherwise exempted,~~ *is subject to all other provisions of chapter 119 unless otherwise exempted.*, ~~provided however that~~ This section does not prohibit a court in a criminal or administrative proceeding upon good cause shown from restricting or otherwise controlling the disclosure of an autopsy, crime scene, or similar ~~report, photograph, or video or audio recording recordings~~ in the manner prescribed herein.

(8) *The exemptions in this section* ~~This exemption~~ shall be given retroactive application.

(9) *This section is subject to the Open Government Sunset Review Act in accordance with s. 119.15 and shall stand repealed on October 2, 2028, unless reviewed and saved from repeal through reenactment by the Legislature.*

Section 5. *The Legislature finds that it is a public necessity that autopsy reports of minors whose deaths were related to acts of domestic violence be made confidential and exempt from s. 119.07(1), Florida Statutes, and s. 24(a), Article I of the State Constitution. The Legislature finds that autopsy reports describe the deceased in a graphic and often disturbing fashion and that autopsy reports of minors whose deaths were related to acts of domestic violence may describe the deceased nude, bruised, bloodied, broken, with bullet wounds or other wounds, lacerated, dismembered, or decapitated. As such, these reports often contain highly sensitive descriptions of the deceased which, if heard, viewed, copied, or publicized, could result in trauma, sorrow, humiliation, or emotional injury to the immediate family and minor friends of the deceased, as well as injury to the memory of the deceased. The Legislature recognizes that the existence of the Internet and the proliferation of websites throughout the world encourages and promotes the wide dissemination of reports and publications 24 hours a day and that widespread unauthorized dissemination of autopsy reports of minors whose deaths were related to acts of domestic violence would subject the immediate family and minor friends of the deceased to continuous injury. The Legislature further finds that the exemption provided in this act should be given retroactive application because it is remedial in nature.*

Section 6. This act shall take effect upon becoming a law.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to public records; amending s. 119.071, F.S.; defining the term “killing of a minor”; creating an exemption from public records requirements for a photograph or video or audio recording of the killing of a minor, with exceptions; providing construction; requiring that any viewing, copying, listening to, or other handling of such photograph or video or audio recording be under the direct supervision of the custodian of the record or his or her designee; requiring that surviving parents of a minor who was killed be given reasonable notice of any petition to view or copy a photograph or video recording, or to listen to or copy any such audio recording, of the killing of the minor; a copy of the petition; and the opportunity to be present and heard at related hearings; providing penalties; providing construction; providing for retroactive application; providing for future legislative review and repeal of the exemption; providing statements of public necessity; providing a short title; amending s. 406.135, F.S.; defining the terms “domestic violence” and “minor”; revising the definition of the term “medical examiner”; creating an exemption from public records requirements for autopsy reports of minors whose deaths were related to acts of domestic violence; providing exceptions; requiring that any viewing, copying, listening to, or other handling of such autopsy reports be under the direct supervision of the custodian of the record or his or her de-

signee; requiring that certain surviving parents of a minor whose death was related to an act of domestic violence be given reasonable notice of any petition to view or copy the minor's autopsy report, a copy of the petition, and the opportunity to be present and heard at related hearings; providing penalties; providing construction; providing for retroactive application; providing for future legislative review and repeal of the exemption; providing a statement of public necessity; providing an effective date.

PRAYER

The following prayer was offered by Pastor Pam Olsen, Hilltop House of Prayer, Tallahassee:

Dear Heavenly Father, we come to you this afternoon with thanksgiving this day in the great State of Florida. We are thankful for the motto “In God We Trust” being boldly declared on the wall of this great chamber. May it not just be the motto of our state and nation, but a reality in each of our hearts today and every day. May we truly trust in you. May the leaders of our state and nation trust in you for wisdom to lead. You are the giver of life and liberty. We are thankful we have freedom to stand and pray in our state capitol. May we always have this freedom.

God, we seek your face today asking you to guide the business of our state. Our nation is still deeply divided and our leaders need great wisdom in this urgent hour of history. Lord, we ask you to touch Governor DeSantis, Senate President Passidomo, and Speaker Paul Renner as they lead our state. They need wisdom, direction, and strategies from heaven as they navigate through the business of our state. May each walk in humility and do what’s right before your eyes and for the people of Florida.

Keep your hand on all of us and all of our leaders and legislators, both in this Senate and in the House of Representatives, the Florida Supreme Court Justices, their families, and their staff as well. Give our leaders great grace and strength to finish this session well. I am so thankful for President Kathleen Passidomo’s and Senate President Pro Tempore Dennis Baxley’s leadership in this Senate. Continue to guide

them as they stand for the families in Florida. We need your love and guidance. My prayer is that you break down the walls that divide us and cause all of our leaders to walk in humility, kindness, and love as they ponder the bills that are still before them. May only bills pass that are good for the people of Florida—from the pre-born to the elderly—and bills that are right in your sight.

Lord, Florida is a forerunner state to this nation, and may our leaders realize the responsibility they have and be on bended knee before you, seeking your face, and realizing your word says, “The fear of the Lord is the beginning of wisdom; all who practice it have a good understanding.” May Florida speak life, freedom, revival, and reformation to our nation.

God, please bless the great State of Florida and our nation. Lord, as I close this prayer, I ask you once again to lead the Senators today in a mighty way and throughout the rest of this session. Give these leaders supernatural joy for this journey. Touch their families and give them joy. God, fill this place with your love and peace. We thank you and praise you. I ask this according to my Christian faith. In Jesus’ name, Amen.

Senate Pages, Bailey Foles of Pace; Matthew Salek of Jacksonville; and Lily Mae Stahlman of Winter Park, led the Senate in the Pledge of Allegiance to the flag of the United States of America.

primarily for K–12 school purposes, or the site, service, or application was designed and marketed for K–12 school purposes.

(f) *“School district” has the same meaning as in s. 595.402.*

(g) *“Targeted advertising” means presenting advertisements to a student which are selected on the basis of information obtained or inferred over time from that student’s online behavior, usage of applications, or covered information. The term does not include advertising to a student at an online location based upon the student’s current visit to that location, or advertising presented in response to a student’s request for information or feedback, if the student’s online activities or requests are not retained over time for the purpose of targeting subsequent advertisements to that student.*

(2) *An operator may not knowingly do any of the following:*

(a) *Engage in targeted advertising on the operator’s site, service, or application, or targeted advertising on any other site, service, or application if the targeting of the advertising is based on any information, including covered information and persistent unique identifiers, which the operator has acquired because of the use of that operator’s site, service, or application for K-12 school purposes.*

(b) *Use information, including persistent unique identifiers, created or gathered by the operator’s site, service, or application to amass a profile of a student, except in furtherance of K–12 school purposes. The term “amass a profile” does not include the collection and retention of account information that remains under the control of the student or the student’s parent or guardian or K-12 school.*

(c) *Share, sell, or rent a student’s information, including covered information. This paragraph does not apply to the purchase, merger, or other acquisition of an operator by a third party, if the third party complies with this section regarding previously acquired student information, or to a national assessment provider if the provider obtains the express written consent of the parent or student, given in response to clear and conspicuous notice, solely to provide access to employment, educational scholarships or financial aid, or postsecondary educational opportunities.*

(d) *Except as otherwise provided in subsection (4), disclose covered information, unless the disclosure is made for any of the following purposes:*

1. *In furtherance of the K–12 school purpose of the site, service, or application, if the recipient of the covered information disclosed under this subparagraph does not further disclose the information.*

2. Disclosure as required by state or federal law.
3. To comply with the order of a court or quasi-judicial entity.
4. To protect the safety or integrity of users of the site or others or the security of the site, service, or application.
5. For a school, educational, or employment purpose requested by the student or the student's parent or guardian, provided that the information is not used or further disclosed for any other purpose.
6. To a third party, if the operator contractually prohibits the third party from using any covered information for any purpose other than providing the contracted service to or on behalf of the operator, prohibits the third party from disclosing any covered information provided by the operator with subsequent third parties, and requires the third party to implement and maintain reasonable security procedures and practices. (b) Implement and maintain reasonable security procedures and practices appropriate to the nature of the covered information which are designed to protect it from unauthorized access, destruction, use, modification, or disclosure.

PRAYER

The following prayer was offered by Rabbi Greg Weisman, Temple Beth El, Boca Raton:

Holy One of Blessing, as the Florida Senate is gavelled back into session, we call upon you to ask your favor and blessing for this Senate, its members, officers, leadership, and staff. You, source of all, have bestowed us with so many gifts. We offer our thanks, praying we can use those gifts for the highest of purposes. We pray the wisdom you have instilled in each of your creations will emanate from their debate and their actions today rendering decisions for the good of the state. We pray the insight with which you have blessed us will help us to realize that we have much in common—that the Senate will work in the spirit of collegiality and common purpose for the good of the people of our state.

Today is an auspicious day on the calendar as we mark Yom Ha-Shoah—the day of remembrance of the victims of the Holocaust. We recall the horrific crimes against humanity perpetuated by the Nazi regime. We restate the holiness of each human being. On this day, we offer our gratitude for the ultimate triumph of our nation’s armed forces in preserving and expanding our commitment to democracy as a way of life. This day was chosen because as the anniversary of the Warsaw Ghetto Uprising, in 1943, when those who were victims of radical discrimination and oppression stood up for themselves, their rights, and their humanity. We remember them and valorize their bravery knowing it was because of the absence of a government, of and by the people, that helped allow those travesties to occur.

Inspired by the bravery of those who chose to stand up for the good, we ask for the blessings for this and all of our democratic institutions to protect the freedoms of all. As you hold each of us in the palm of your hand, may those of us entrusted with care and concern for others in our community be inspired by your care for us. May the words and actions of this Senate today continue to fulfill our state’s and our nation’s finest purposes of freedom and democracy, the pursuit of happiness, and liberty and justice for all. May this be your will. Amen.

PLEDGE

Senate Pages, Ciara Bernard of Tallahassee; Aria Brown of Jacksonville; and Dillon Kornegay of Tallahassee, led the Senate in the Pledge of Allegiance to the flag of the United States of America.

4. Prohibit requiring a covered person to receive pharmacist services from an affiliated pharmacy or an affiliated health care provider for the in-person administration of covered prescription drugs; offering or implementing pharmacy networks that require or provide a promotional item or an incentive, defined as anything other than a reduced cost-sharing amount or enhanced quantity limit allowed under the benefit design for a covered drug, to a covered person to use an affiliated pharmacy or an affiliated health care provider for the in-person administration of covered prescription drugs; or advertising, marketing, or promoting an affiliated pharmacy to covered persons. For participation in a specialty network, a pharmacy benefit manager may not require a pharmacy to meet requirements for participation beyond those necessary to demonstrate the pharmacy's ability to dispense the drug in accordance with the United States Food and Drug Administration's approved manufacturer labeling.

PRAYER

The following prayer was offered by Consul General Maor Elbaz-Starinsky, Consulate General of Israel to Florida, Kansas, Missouri, and Puerto Rico:

Almighty God, thank you for all the good and wealth you have bestowed upon us. Thank you for granting us life and health, and thank you for helping us overcome the challenges we face. Bless all members of the Florida Senate and their families for caring for all Floridians through dialogue and action.

Almighty God, we thank you for this meaningful time of year in which we celebrate Israel’s Independence Day and commemorate the special relationship between the State of Israel and the United States of America. This year marks 75 years of an ironclad alliance—working together to defend and uphold democratic values and promote freedom, peace, and prosperity.

Israel’s Independence Day is more than simply the day in which Israel became independent. It is the watershed moment in the history of the entire Jewish people and of the world. The Jewish people have gone through thousands of years of presence in Eretz Israel, the Land of

Israel, 2,000 years in exile, persecutions, pogroms, and the Holocaust. Yesterday we marked Yom HaShoah, Holocaust Remembrance Day, in which we honored the memory of the six million Jewish victims. We persevered and reached that very moment on Friday, May 14, 1948, when David Ben-Gurion, having had all the courage, leadership, and vision that one could hope to have had, declared Israel’s Independence. The State of Israel, the nation-state of the Jewish people, was born and will forever remain a Jewish and democratic state.

This was just the beginning of the young state’s journey. In a matter of months, while fighting for its life—a fight that is still ongoing—the young state absorbed millions of refugees and immigrants from more than 150 countries including the ashes of Auschwitz and the deserts of Morocco, like my very own mother and father.

They all found refuge in the newly established Jewish state and started writing the chapters in the Israeli story—a story of innovation, perseverance, prosperity, and diversity. It is a story of Jews of all colors, ethnicities, cultures, and languages that came together, revived the Hebrew language, and created a multicultural society and proud successful nation that embraced diversity as a source of strength and power—much like Florida.

Almighty God, we thank Governor DeSantis, Lieutenant Governor Nuñez, and the entire Florida federal, state, and local legislators for their support of the State of Israel and of the Jewish community. In dire times as well as in celebrations, you have always stood up with us and are committed to further fostering this strategic partnership.

Almighty God, we want to thank the vibrant Jewish and Israeli communities throughout Florida. We thank them for their friendship, staunch support, commitment, and dedication. We thank them for being advocates of the great bond between our countries and of the Jewish people and values.

The global rise in antisemitism is affecting Jewish communities and societies as a whole around the world. Almighty God, we are thankful for the state leadership across Florida for taking actions against it through various means such as adopting the proper working definition of antisemitism (IHRA) and empowering the relevant authorities and the law enforcement officers so they can properly address this phenomenon.

Almighty God, thank you for your presence with us this day, for hearing our prayer, and for your blessings. Please continue guiding us in our important work, and grant us the strength and wisdom to continue in the right path connecting our States and people.

עושה שלום במרומיו, הוא יעשה שלום עלינו, ועל כל ישראל ועל פלורידה ואימרו אמן.

God bless Israel. God bless the United States of America. God bless you. Amen.

PLEDGE

Senate Pages, Taylor Dees of Palmetto; Camille Schneider of Tallahassee; and John Thomas of Tallahassee, led the Senate in the Pledge of Allegiance to the flag of the United States of America.

PRAYER

The following prayer was offered by Rabbi Moshe Matz, Agudath Israel of Florida, Miami Beach:

Today is the 75th anniversary of the founding of the State of Israel. Governor DeSantis traveled to Jerusalem to reaffirm the friendship and ties between Florida and Israel. There can be no doubt that the strong bond between the United States of America and Israel has been and continues to be one of the greatest contributors to Israel's stability and success. We pray that G-d continues to protect Israel and bring everlasting peace to its borders.

In Jewish tradition, every morning as we wake up and open our eyes, the first words we utter are a prayer of thanksgiving to G-d for returning our souls back to us for a new day. In Hebrew it reads, "Modeh Ani Lefanecha Melech Chai VeKayam, shehechezarta bi nishmati bechemla, rabbah emunasecha." In English it translates to, "I am thankful before you, the Eternal King, that you have returned to me my soul with mercy. Great is my faith in you."

This proclamation of gratitude with which we begin every day is meant to infuse us with the correct outlook on life. We pray the beginning of every day to recognize the immense potential for productivity and good works that the day has to offer. We should arise from our beds with an appreciation for life itself and all of the opportunities we have been granted to accomplish great things for ourselves and, more importantly, for others. We should be reminded of the gift of our soul and the responsibility to live life with spiritual goals and sanctifying G-d's name.

There is another message in these holy words that we need to contemplate every day. The realization that life is fragile and nothing can be taken for granted. There is no guarantee that we will be here tomorrow. Every living creature that has ever inhabited this world and has perished was alive five minutes before they died. No one can know what will be five minutes from now. This somber thought should also invigorate us to live life in a way that we will have no regrets—a life that is filled with a sense of fulfillment and purpose.

There is no doubt we are living in challenging times. The level of hate, anger, disunity, and disrespect are at a level we have not seen in a very long time. We pray our leaders in all areas of public life understand the responsibility to set an example and promote an agenda that elevates the best parts of humanity; to respect and disagree respectfully with each other; and to protect the values that this amazing country was created for, the freedom to speak one's mind, practice freely one's faith, and provide equal opportunity for everyone to reach their G-d given potential.

We pray that G-d stands by our side in this important work and protects us, your families, and our beautiful state. May G-d bless and protect the United States of America.

PLEDGE

Senate Pages, Victoria Backherms of West Palm Beach; Liam Holley of Tallahassee; and Peyton Weaver of Lutz, led the Senate in the Pledge of Allegiance to the flag of the United States of America.

DOCTOR OF THE DAY

The President recognized Dr. Jeffrey Block of Miami, sponsored by Senator Calatayud, as the doctor of the day. Dr. Block specializes in anesthesiology and pain management.

(2)(a) Except as provided in paragraph (f), the office may examine each insurer as often as may be warranted for the protection of the policyholders and in the public interest, but must, at a minimum, examine:

1. *High-risk insurers at least once every 3 years.*
2. *Average- and low-risk insurers at least once every ~~and shall examine each domestic insurer not less frequently than once every~~ 5 years.*

The examination shall cover the number of fiscal years since the last examination ~~preceding 5 fiscal years~~ of the insurer, except for examinations of low-risk insurers, in which case the examination need only cover at least the preceding 5 fiscal years, and shall be commenced within 12 months after the end of the most recent fiscal year being covered by the examination. The examination may cover any period of the insurer’s operations since the last previous examination. The examination may include examination of events subsequent to the end of the most recent fiscal year and the events of any prior period that affect the present financial condition of the insurer.

(3) *The office shall create, and the commission shall adopt by rule, a risk-based selection methodology for scheduling examinations of insurers subject to this section. Except as otherwise specified in subsection (2), this requirement does not restrict the authority of the office to conduct examinations under this section as often as it deems advisable. Such methodology must include all of the following:*

(a) *Use of a risk-focused analysis to prioritize financial examinations of insurers when such reporting indicates a decline in the insurer's financial condition.*

(b) *Consideration of:*

1. *The level of capitalization and identification of unfavorable trends;*

2. *Negative trends in profitability or cash flow from operations;*

3. *National Association of Insurance Commissioners Insurance Regulatory Information System ratio results;*

4. *Risk-based capital and risk-based capital trend test results;*

Section 5. Subsection (7) of section 624.3161, Florida Statutes, is amended, and subsections (8) and (9) are added to that section, to read:

624.3161 Market conduct examinations.—

(7) Notwithstanding subsection (1), any authorized insurer transacting residential property insurance business in this state:

(a) May be subject to an additional market conduct examination after a hurricane if, at any time more than 90 days after the end of the hurricane, the insurer:

(a) is among the top 20 percent of insurers based upon a calculation of the ratio of hurricane-related property insurance claims filed to the number of property insurance policies in force;

(b) Must be subject to a market conduct examination after a hurricane if, at any time more than 90 days after the end of the hurricane, the insurer:

1. Is among the top 20 percent of insurers based upon a calculation of the ratio of hurricane claim-related consumer complaints made about

that insurer to the department to the insurer's total number of hurricane-related claims;

2. Is among the top 20 percent of insurers based upon a calculation of the ratio of hurricane claims closed without payment to the insurer's total number of hurricane claims on policies providing wind or wind-storm coverage;

3.(e) Has made significant payments to its managing general agent since the hurricane; or

4.(d) Is identified by the office as necessitating a market conduct exam for any other reason.

All relevant criteria under this section and s. 624.316 shall be applied to the market conduct examination under this subsection. Such an examination must be initiated within 18 months after the landfall of a hurricane that results in an executive order or a state of emergency issued by the Governor. *The requirements of this subsection do not limit the authority of the office to conduct at any time a market conduct examination of a property insurer in the aftermath of a hurricane. This subsection does not require the office to conduct multiple market conduct examinations of the same insurer when multiple hurricanes make landfall in this state in a single calendar year. An examination of an insurer under this subsection must also include an examination of its managing general agent as if it were the insurer.*

(8) *The office shall create, and the commission shall adopt by rule, a selection methodology for scheduling and conducting market conduct examinations of insurers and other entities regulated by the office. This requirement does not restrict the authority of the office to conduct market conduct examinations as often as it deems necessary. Such selection methodology must prioritize market conduct examinations of insurers and other entities regulated by the office to whom any of the following conditions applies:*

(a) *An insurance regulator in another state has initiated or taken regulatory action against the insurer or entity regarding an act or omission of such insurer or entity which, if committed in this state, would constitute a violation of the laws of this state or any rule or order of the office or department.*

(b) *Given the insurer's market share in this state, the department or the office has received a disproportionate number of the following types of claims-handling complaints against the insurer:*

1. *Failure to timely communicate with respect to claims;*

2. *Failure to timely pay claims;*

3. *Untimely payments giving rise to the payment of statutory interest;*

4. *Failure to adjust and pay claims in accordance with the terms and conditions of the policy or contract and in compliance with state law;*

5. *Violations of part IX of chapter 626, the Unfair Insurance Trade Practices Act;*

6. *Failure to use licensed and duly appointed claims adjusters;*

7. *Failure to maintain reasonable claims records; or*

8. *Failure to adhere to the company's claims-handling manual.*

(c) *The results of a National Association of Insurance Commissioners Market Conduct Annual Statement indicate that the insurer is a negative outlier with regard to particular metrics.*

(d) *There is evidence that the insurer is violating or has violated the Unfair Insurance Trade Practices Act.*

(e) *The insurer meets the criteria in subsection (7).*

(f) *Any other conditions the office deems necessary for the protection of the public.*

The office shall present the proposed rule required by this subsection to the commission no later than October 1, 2023. In addition to the methodology required by this subsection, the rule must provide criteria for

how the office, in coordination with the department, will determine what constitutes a disproportionate number of claims-handling complaints described in paragraph (b).

(9) If the office concludes through an examination pursuant to this section that an insurer providing liability coverage in this state exhibits a pattern or practice of violations of the Florida Insurance Code during any investigation or examination of the insurer, the office must review the insurer's claims-handling practices to determine if the insurer should be subject to the enhanced enforcement penalties of this subsection.

(a) A liability insurer may be subject to enhanced enforcement penalties if the office reviews the insurer's claims-handling practices and finds a pattern or practice of the insurer failing to do the following when responding to covered liability claims under an insurance policy, after receiving actual notice of such claims:

1. Assign a licensed and appointed insurance adjuster to investigate whether coverage is provided under the policy and diligently attempt to resolve any questions concerning the extent of the insured's coverage.

2. Evaluate the claim fairly, honestly, and with due regard for the interests of the insured based on available information.

3. Request from the insured or claimant additional relevant information the insurer reasonably deems necessary to evaluate whether to settle a claim.

4. Conduct all oral and written communications with the insured with honesty and candor.

5. Make reasonable efforts to explain to persons not represented by counsel matters requiring expertise beyond the level normally expected of a layperson with no training in insurance or claims-handling issues.

6. Retain all written and recorded communications and create and retain a summary of all verbal communications in a reasonable manner for a period of not less than 2 years after the later of the entry of a final judgment against the insured in excess of policy limits or, if an extra-contractual claim is made, the conclusion of that claim and any related appeals.

7. Within 30 days after a request, provide the insured with all communications related to the insurer's handling of the claim which are not privileged as to the insured.

8. Provide, upon request and at the insurer's expense, reasonable accommodations necessary to communicate effectively with an insured covered under the Americans with Disabilities Act.

9. When handling a third-party claim, communicate each of the following to the insured:

a. The identity of any other person or entity the insurer has reason to believe may be liable.

b. The insurer's final and completed estimate of the claim.

c. The possibility of an excess judgment.

d. The insured's right to secure personal counsel at his or her own expense.

e. That the insured should cooperate with the insurer, including providing information required by the insurer because of a settlement opportunity or in accordance with the policy.

f. Any formal settlement demands or offers to settle by the claimant and any offers to settle on behalf of the insured.

10. Respond to any request for insurance information in compliance with s. 626.9372 or s. 627.4137, as applicable.

11. Seek to obtain a general release of each insured in making any settlement offer to a third-party claimant.

12. Take reasonable measures to preserve any documentary, photographic, and forensic evidence as needed for the defense of the liability

claim if it appears likely that the insured's liability exposure is greater than policy limits and the insurer fails to secure a general release in favor of the insured.

13. Comply with subsections (1) and (2), if applicable.

14. Comply with the Unfair Insurance Trade Practices Act.

(b) As used in this subsection, the term "actual notice" means the insurer's receipt of notice of an incident or a loss that could give rise to a covered claim that is communicated to the insurer or an agent of the insurer:

1. By any manner permitted by the policy or other documents provided to the insured by the insurer;

2. Through the claims link on the insurer's website; or

3. Through the e-mail address designated by the insurer under s. 624.422.

(c) In reviewing claims-handling practices, it is relevant whether the insured, claimant, and any representative of the insured or claimant were acting reasonably toward the insurer in furnishing information regarding the claim, in making demands of the insurer, in setting deadlines, and in attempting to settle the claim. Such matters include whether:

1. The insured cooperated with the insurer in the defense of the claim and in making settlements by taking reasonable actions requested by the claimant or required by the policy which are necessary to assist the insurer in settling a covered claim, including:

a. Executing affidavits regarding the facts within the insured's knowledge regarding the covered loss; and

b. Providing documents, including, if reasonably necessary to settle a covered claim valued in excess of policy limits and upon the request of the claimant, a summary of the insured's assets, liabilities, obligations, and other insurance policies that may provide coverage for the claim and the name and contact information of the insured's employer when the insured is a natural person who was acting in the course and scope of employment when the incident giving rise to the claim occurred.

2. The claimant and any claimant's representative:

a. Acted honestly in furnishing information regarding the claim;

b. Acted reasonably in setting deadlines; and

c. Refrained from taking actions that may be reasonably expected to prevent an insurer from accepting the settlement demand, such as providing insufficient detail within the demand, providing unreasonable deadlines for acceptance of the demand, or including unreasonable conditions to settlement.

(d) In addition to authorized penalties for a liability insurer that the office has determined has a pattern or practice of violations of the Florida Insurance Code at the conclusion of any investigation or examination, the office may impose enhanced enforcement penalties for insurer claims-handling practices that fail to meet the review standards of this subsection. Such enhanced enforcement penalties include, but are not limited to, administrative fines that are subject to a 2.0 multiplier and fines that exceed the limits on fine amounts and aggregate fine amounts provided for under this code.

(e) This subsection does not create a civil cause of action, a civil remedy under s. 624.155, or an unfair trade practice under s. 626.9541.

Section 6. Section 624.4211, Florida Statutes, is amended to read:

624.4211 Administrative fine in lieu of suspension or revocation.—

(1) If the office finds that one or more grounds exist for the discretionary revocation or suspension of a certificate of authority issued under this chapter, the office may, in lieu of such revocation or suspension, impose a fine upon the insurer.

(2)(a) With respect to a ~~any~~ nonwillful violation, such fine may not exceed:

1. Twenty-five thousand dollars per violation, up to an aggregate amount of \$100,000 for all nonwillful violations arising out of the same action, related to a covered loss or claim caused by an emergency for which the Governor declared a state of emergency pursuant to s. 252.36.

2. Twelve thousand five hundred dollars ~~\$5,000~~ per violation, up to ~~In no event shall such fine exceed~~ an aggregate amount of \$50,000 ~~\$20,000~~ for all other nonwillful violations arising out of the same action.

(b) If an insurer discovers a nonwillful violation, the insurer shall correct the violation and, if restitution is due, make restitution to all affected persons. Such restitution shall include interest at 12 percent per year from either the date of the violation or the date of inception of the affected person's policy, at the insurer's option. The restitution may be a credit against future premiums due, provided that interest accumulates until the premiums are due. If the amount of restitution due to any person is \$50 or more and the insurer wishes to credit it against future premiums, it shall notify such person that she or he may receive a check instead of a credit. If the credit is on a policy that is not renewed, the insurer shall pay the restitution to the person to whom it is due.

(3)(a) With respect to a ~~any~~ knowing and willful violation of a lawful order or rule of the office or commission or a provision of this code, the office may impose a fine upon the insurer in an amount not to exceed:

1. Section 24. (1) Every residential property insurer and every motor vehicle insurer rate filing made or pending with the Office of Insurance Regulation on or after July 1, 2023, must reflect the projected savings or reduction in claim frequency, claim severity, and loss adjustment expenses, including for attorney fees, payment of attorney fees to claimants, and any other reduction actuarially indicated, due to the combined effect of the applicable provisions of chapters 2021-77, 2022-268, 2022-271, and 2023-15, Laws of Florida, in order to ensure that rates for such insurance accurately reflect the risk of providing such insurance.

The office may contract with an appropriate vendor to advise the office in developing such methodology and data to consider. Such methodology and data are not intended to create a mandatory minimum rate decrease for all residential property insurers and motor vehicle insurers, respectively, but rather to ensure that the rates for such coverage meet the requirements of s. 627.062, Florida Statutes, and thus are not excessive, inadequate, or unfairly discriminatory and allow such insurers a reasonable rate of return.

(3) This section does not apply to rate filings made pursuant to s. 627.062(2)(k), Florida Statutes.

The cost factor for secondary career education programs *must be greater than the cost factor for* ~~and~~ basic programs grade 9 through 12 ~~shall be equal~~. The Commissioner of Education shall specify a matrix of services and intensity levels to be used by districts in the determination of the two weighted cost factors for exceptional students with the highest levels of need. For these students, the funding support level shall fund the exceptional students' education program, with the exception of extended school year services for students with disabilities.

(i) *Calculation of full-time equivalent membership with respect to dual enrollment instruction.*—

1. Full-time equivalent students.—Students enrolled in dual enrollment instruction pursuant to s. 1007.271 may be included in calculations of full-time equivalent student memberships for basic programs for grades 9 through 12 by a district school board. Instructional time for dual enrollment may vary from 900 hours; however, the full-time equivalent student membership value shall be subject to the provisions in s. 1011.61(4). Dual enrollment full-time equivalent student membership shall be calculated in an amount equal to the hours of instruction that would be necessary to earn the full-time equivalent student membership for an equivalent course if it were taught in the school district. Students in dual enrollment courses may also be calculated as the proportional shares of full-time equivalent enrollments they generate for a Florida College System institution or university con-

ducting the dual enrollment instruction. Early admission students shall be considered dual enrollments for funding purposes. Students may be enrolled in dual enrollment instruction provided by an eligible independent college or university and may be included in calculations of full-time equivalent student memberships for basic programs for grades 9 through 12 by a district school board. However, those provisions of law which exempt dual enrolled and early admission students from payment of instructional materials and tuition and fees, including laboratory fees, shall not apply to students who select the option of enrolling in an eligible independent institution. An independent college or university, which is not for profit, is accredited by a regional or national accrediting agency recognized by the United States Department of Education, and confers degrees as defined in s. 1005.02 shall be eligible for inclusion in the dual enrollment or early admission program. Students enrolled in dual enrollment instruction shall be exempt from the payment of tuition and fees, including laboratory fees. No student enrolled in college credit mathematics or English dual enrollment instruction shall be funded as a dual enrollment unless the student has successfully completed the relevant section of the entry-level examination required pursuant to s. 1008.30.

2. Additional full-time equivalent student membership.—For students enrolled in an early college program pursuant to s. 1007.273, a value of 0.16 full-time equivalent student membership shall be calculated for each student who completes a general education core course through the dual enrollment program with a grade of "A" or better. For students who are not enrolled in an early college program, a value of 0.08 full-time equivalent student membership shall be calculated for each student who completes a general education core course through the dual enrollment program with a grade of "A." *A value of 0.08 full-time equivalent student membership must be calculated for each student who completes a career course through the dual enrollment program with a grade of "A" in a pathway that leads to an industry certification that is included on the CAPE Industry Certification Funding List.* In addition, a value of 0.3 full-time equivalent student membership shall be calculated for any student who receives an associate degree through the dual enrollment program with a 3.0 grade point average or better. This value shall be added to the total full-time equivalent student membership in basic programs for grades 9 through 12 in the subsequent fiscal year. This section shall be effective for credit earned by dually enrolled students for courses taken in the 2020-2021 school year and each school year thereafter. If the associate degree described in this paragraph is earned in 2020-2021 following completion of courses taken in the 2020-2021 school year, then courses taken toward the degree as part of the dual enrollment program before 2020-2021 may not preclude eligibility for the 0.3 additional full-time equivalent student membership bonus. Each school district shall allocate at least 50 percent of the funds received from the dual enrollment bonus FTE funding, in accordance with this paragraph, to the schools that generated the funds to support student academic guidance and postsecondary readiness.

3. Qualifying courses.—For the purposes of this paragraph, general education core courses are those that are identified in rule by the State Board of Education and in regulation by the Board of Governors pursuant to s. 1007.25(3).

(o) *Calculation of additional full-time equivalent membership based on successful completion of a career-themed course pursuant to ss. 1003.491, 1003.492, and 1003.493, or courses with embedded CAPE industry certifications or CAPE Digital Tool certificates, and issuance of industry certification identified on the CAPE Industry Certification Funding List pursuant to rules adopted by the State Board of Education or CAPE Digital Tool certificates pursuant to s. 1003.4203.*—

1.a. A value of 0.025 full-time equivalent student membership shall be calculated for CAPE Digital Tool certificates earned by students in elementary and middle school grades.

b. A value of 0.1 or 0.2 full-time equivalent student membership shall be calculated for each student who completes a course as defined in s. 1003.493(1)(b) or courses with embedded CAPE industry certifications and who is issued an industry certification identified annually on the CAPE Industry Certification Funding List approved under rules adopted by the State Board of Education. A value of 0.2 full-time equivalent membership shall be calculated for each student who is issued a CAPE industry certification that has a statewide articulation agreement for college credit approved by the State Board of Education. For CAPE industry certifications that do not articulate for college

credit, the Department of Education shall assign a full-time equivalent value of 0.1 for each certification. Middle grades students who earn additional FTE membership for a CAPE Digital Tool certificate pursuant to sub-subparagraph a. may not ~~rely solely on use~~ the previously funded examination to satisfy the requirements for earning an industry certification under this sub-subparagraph. ~~Additional FTE membership for an elementary or middle grades student may not exceed 0.1 for certificates or certifications earned within the same fiscal year.~~ The State Board of Education shall include the assigned values on the CAPE Industry Certification Funding List under rules adopted by the state board. Such value shall be added to the total full-time equivalent student membership for grades 6 through 12 in the subsequent year. CAPE industry certifications earned through dual enrollment must be reported and funded pursuant to s. 1011.80. However, if a student earns a certification through a dual enrollment course and the certification is not a fundable certification on the postsecondary certification funding list, or the dual enrollment certification is earned as a result of an agreement between a school district and a nonpublic postsecondary institution, the bonus value shall be funded in the same manner as other nondual enrollment course industry certifications. In such cases, the school district may provide for an agreement between the high school and the technical center, or the school district and the postsecondary institution may enter into an agreement for equitable distribution of the bonus funds.

c. A value of 0.3 full-time equivalent student membership shall be calculated for student completion of *at least three courses and an industry certification in a single career and technical education program or program of study* ~~the courses and the embedded certifications identified on the CAPE Industry Certification Funding List and approved by the commissioner pursuant to ss. 1003.4203(5)(a) and 1008.44.~~

d. A value of 0.5 full-time equivalent student membership shall be calculated for CAPE Acceleration Industry Certifications that articulate for 15 to 29 college credit hours, and 1.0 full-time equivalent student membership shall be calculated for CAPE Acceleration Industry Certifications that articulate for 30 or more college credit hours pursuant to CAPE Acceleration Industry Certifications approved by the commissioner pursuant to *ss. 1003.4203(4) and 1008.44* ~~ss. 1003.4203(5)(b) and 1008.44.~~

2. Each district must allocate at least 80 percent of the funds provided for CAPE industry certification, in accordance with this paragraph, to the program that generated the funds, *and any remaining funds provided for CAPE industry certification for school district career and technical education programs.* This allocation may not be used to supplant funds provided for basic operation of the program.

3. For CAPE industry certifications earned in the 2013-2014 school year and in subsequent years, the school district shall distribute to each classroom teacher who provided direct instruction toward the attainment of a CAPE industry certification that qualified for additional full-time equivalent membership under subparagraph 1.:

a. A bonus of \$25 for each student taught by a teacher who provided instruction in a course that led to the attainment of a CAPE industry certification on the CAPE Industry Certification Funding List with a weight of 0.1.

b. A bonus of \$50 for each student taught by a teacher who provided instruction in a course that led to the attainment of a CAPE industry certification on the CAPE Industry Certification Funding List with a weight of 0.2.

c. A bonus of \$75 for each student taught by a teacher who provided instruction in a course that led to the attainment of a CAPE industry certification on the CAPE Industry Certification Funding List with a weight of 0.3.

d. A bonus of \$100 for each student taught by a teacher who provided instruction in a course that led to the attainment of a CAPE industry certification on the CAPE Industry Certification Funding List with a weight of 0.5 or 1.0.

Bonuses awarded pursuant to this paragraph shall be provided to teachers who are employed by the district in the year in which the additional FTE membership calculation is included in the calculation. Bonuses shall be calculated based upon the associated weight of a CAPE

industry certification on the CAPE Industry Certification Funding List for the year in which the certification is earned by the student. Any bonus awarded to a teacher pursuant to this paragraph is in addition to any regular wage or other bonus the teacher received or is scheduled to receive. A bonus may not be awarded to a teacher who fails to maintain the security of any CAPE industry certification examination or who otherwise violates the security or administration protocol of any assessment instrument that may result in a bonus being awarded to the teacher under this paragraph.

Section 36. Subsection (2) and paragraph (b) of subsection (7) of section 1011.80, Florida Statutes, are amended, and notwithstanding the expiration date in section 32 of chapter 2022-157, Laws of Florida, paragraph (b) of subsection (8) of that section is reenacted, to read:

2. ~~Unless otherwise specified in the General Appropriations Act, each district school board~~ Each school district shall be provided \$1,000 for each industry certification earned by a workforce education student. If funds are insufficient to fully fund the calculated total award, such funds ~~must shall~~ be prorated. ~~The department shall annually, by October 1, report to the Legislature industry certifications sorted into three tiers based upon the anticipated average wages of all occupations to which each certification is linked on the Master Credentials List Beginning with the 2022-2023 fiscal year, the Credentials Review Committee established in s. 445.004 shall develop a returned value funding formula to allocate school district performance funds that rewards student job placements and wages for students earning industry certifications, with a focus on increasing the economic mobility of underserved populations. One third of the performance funds shall be allocated based on student job placements. The remaining two thirds shall be allocated using a tiered weighted system based on aggregate student wages that exceed minimum wage, with the highest weight applied to the highest wage tier, with additional weight for underserved populations. Student wages above minimum wage are considered to be the value added by the institution's training. At a minimum, the formula must take into account variables such as differences in population and wages across school districts.~~

(8)

(b) Notwithstanding s. 1011.81(4), state funds provided for the operation of postsecondary workforce programs may be expended for the education of state inmates with 24 months or less of time remaining to serve on their sentences.
