CALL TO ORDER

The Senate was called to order by outgoing Senate President Wilton Simpson at 10:30 a.m. A quorum present.

PRAYER

The following prayer was offered by former Senate President Toni Jennings:

It is a pleasure to be here today in this Senate where, as you just heard, I spent 20 years with a lot of people. I will say, it looks a little different than it did when we were here. You've heard a little bit about the history. If you'll indulge me one minute before we get to the prayer. It has been 26 years since November 1996, when I was sworn in as President. Passes like that, I will tell you. But I share with you only because that legislature was the first time that Republicans had a majority since the Civil War. Of course, we had a Speaker who was a Republican, Dan Webster, who is a congressman today. We were in Lawton Chiles' last two years of his governorship. So we had a majority, but we had a Governor of a different party.

Then in 1998 through 2000, when I was President again—I really should have gotten two pictures, don't you think? John Thrasher was our Speaker and Jeb Bush was in his first two years of his term. And I mention this only because those dates mean something if you're looking back. Most of my political career, I was in the minority party. I look out today and most of the Republicans in here have never known us to be the minority party. Most of the Democrats in here have never known the time when they were the majority party. And I share with you just one thought and I'll leave you a message—that what we do best is work together, not as Republicans or Democrats—but I'll be a little parochial. We work together best as Senators, for the good of our state.

Every Senate President has challenges, and President Kathleen will be no different. But with the strong support of the Senators in this body, you all will accomplish great things for the State of Florida.

Let us pray. Lord, in this week of Thanksgiving, we are grateful for this day of celebration. We thank you for each Senator here, and for all the family members and friends present, or watching from afar, who have supported these women and men in their call to serve our state and her people.

We know that while the road here was not easy, the real work is just beginning. Public service is a high calling, filled with many ups and downs. So Lord, we ask your continued blessing on each Senator over the next two years.

We pray for good health and strong families. The spouses, children, and families of our Senators make great sacrifices. We pray for their strength to persevere through trying times of stress and separation.

You tell us that "Blessed is the nation whose god is the Lord." We pray that our Senators will be wise, courageous, and loving leaders of this state, filled with reverence for your creation, and compassion for all of your children.

Lord, we pray today especially for President Designate Kathleen Passidomo as you have called her to step into a new position of leadership over this chamber. Throughout all of human history, you have placed women in special positions of influence and authority. It was a woman who carried our savior into this world, and women who first witnessed his resurrection.

Kathleen is a woman after your own heart, and we ask you to bless her with the many special traits you have bestowed on other women leaders throughout history. Give her the courage and tenacity of Queen Esther in speaking truth to power; the strength, versatility, and resilience of Deborah whose leadership you trusted as a judge, warrior, and prophet; the foresight of Elizabeth who recognized the presence of our savior before his birth; the kindness and selflessness of Ruth who always put the needs of others before her own; and above all, God, give Kathleen the faithfulness of our blessed mother Mary, who from the angel in Nazareth to the stable in Bethlehem, to the foot of the cross, trusted in your divine plan for her life.

You have blessed Kathleen abundantly and lifted her into a position of authority for such a time as this. Continue to strengthen and protect her body, mind, and spirit and keep her close to your sacred heart. Lord, you call on us to pray for all in authority that they may lead tranquil and quiet lives in all godliness and dignity. So, as we begin today's session, we ask your Holy Spirit to fill Kathleen and each Senator with peace and joy for the journey ahead. Amen.

ORGANIZATION

The Senate proceeded to the organization of the body.

NOMINATIONS FOR PRESIDENT

The President announced that nominations would be received for President of the Senate, pursuant to Article III, Section 2 of the State Constitution, for a term of two years.

The President recognized Senator Collins who placed in nomination the name of Senator Kathleen Passidomo of the 28th Senatorial District.

Senator Collins: The mission of the Army Special Forces is to build coalitions and networks in countries around the globe to advance objectives of the United States of America and our allies. Strategically, this means sitting down in remote corners of the world, with people we really don't know that well.

In Afghanistan, we call these meetings "Shura." A Shura only ends really one of two ways: immediate rapport that is essential to mission success, or what we used to call a catastrophic loss of rapport—which looks a lot like being chased out of the village by angry, armed locals. No two Shura are ever alike. Preparation, and preparation alone, will save you every time. And never, ever underestimate the village elder. So, with that in mind, I prepared like only a Green Beret could for my Shura with the next great conservative President of the Florida Senate, our own Kathleen Passidomo. Armed with some basic tenets of the Special Forces Creed, I set out to assess our own village elder.

Tenet 1: I am a volunteer, knowing well the hazards of my profession. I began my preparation where any thorough information gathering operation actually begins—I Googled her. I read article after article highlighting Kathleen's distinguished achievement on behalf of the people of Southwest Florida. I read about her methodical, yet graceful rise to the Presidency. This information was helpful, but I was curious—does she truly understand the hazards of her profession? And then, there it was—a political cartoon of the soon-to-be most powerful woman

in Florida government wielding her purse at the Governor of the great State of Florida!

Tenet 2: I am a warrior. Fighting for the cause of freedom takes great sacrifice and a level of commitment that far exceeds the capabilities of most, regardless of how well intentioned they may be. I didn't need to research Kathleen's preparation for her moment to lead, because along with 23 million of our neighbors, we lived it.

In this chamber today is a special class of warriors, including Kathleen, and led by America's Governor Ron DeSantis, President Wilton Simpson, and Speaker Chris Sprowls—who've fought to keep our children in school, to keep our businesses open. They've fought for better outcomes in every community across this state, ensuring access to the American Dream for anyone willing to work hard.

Tenet 3: I will not fail those with whom I serve. Green Berets are selected for specific traits: leadership, functional intelligence, adaptability, resiliency, and the ability to quickly action whatever has to be done—ensuring that we are greater than the sum of our parts. We know we cannot do it alone.

Kathleen Passidomo was building her own special type of Special Forces team capable of doing tremendous things for Florida families in every community across this state. She was deploying assets, securing resources, and determined not to fail anybody brave enough to step into the arena.

And finally, Tenet 4: I serve quietly, not seeking recognition or accolades. I sought guidance from others and heard the same thing over and over again—Kathleen is a consensus building problem solver who gives others both reasons and confidence to take on tough challenges without regard for who gets the credit. It's simply about serving the community and protecting those things we love.

With my preparation complete, I was as ready as I was ever going to be with my Shura with our village elder. And here is what I learned then and over the course of the short five months since: Kathleen, Madam President, you are a generous volunteer, a leader, who understands with a sense of humor the hazards of our profession, both big and small. You are fearless and compassionate, prepared to lead in every way; and I know in my heart that you will work each and every day to not fail those with whom you serve—and in return, I commit to you, on behalf of the 39 of us in this chamber, to live up to that example to the best of our own abilities.

Friends, the stakes are high; the moment is now. We know that freedom is never free, that it is passed on from one generation to the next. Under your leadership, Madam President, we will fight relentlessly for our own next generation of Floridians. And the greatest recognition and our reward will be found in our shared commitment to leaving things truly better than we got them in service to the hard working people of this free State of Florida. Thank you and God bless.

SPECIAL GUESTS

Senator Hutson introduced Governor Ron DeSantis.

Senator Rodriguez introduced Lieutenant Governor Jeanette Nuñez, Commissioner of Agriculture Nikki Fried, Attorney General Ashley Moody, and the soon to be newest member of the Florida Cabinet, Commissioner of Agriculture Elect, Wilton Simpson.

The President recognized Senator Simon who seconded the nomination of Senator Kathleen Passidomo of the 28th Senatorial District.

Senator Simon: Service is about digging deep and doing more. But leadership? Leadership is about inspiring others to meet you in the moment. Madam President—I think I speak for us all when I say we are ready, willing, and eager to meet you and the people of Florida in this moment. Because we arrive here with not just a mandate, but a responsibility to preserve access to the American dream for each and every Floridian blessed to live in the free State of Florida.

I've had many life-changing mentors throughout my life, beginning with my mother, who taught me that the only opportunities denied to us are the ones we don't demand for ourselves.

Thanks to Kathleen Passidomo, the Florida Senate has never before reflected the people we serve as much as we do today. We are builders and farmers, small business owners and war heroes. We are educators and first responders; we're mothers and fathers. So what do we do with it?

Senator Collins reminded us all of our duty to leave things better than we found them. Today, we find our children with greater access to school choice than at any time in our state's history. But we can do more. Our businesses have survived a global pandemic and the crushing weight of inflation. But we can do more. We know Florida is the best place to live, work, and raise a family, yet in some areas, workforce housing remains a challenge. We can do more. This Legislature has defended the rights and responsibilities of parents and the duty and dignity of work. But we can, and we will, Madam President, do more.

We will expand vocational education opportunities that train students for lucrative careers in high-demand jobs needed across our growing communities. We will tackle the cost of living issues that keep our hard working teachers, firefighters, and law enforcement officers from living in the communities they serve. We will continue to stand up against a cancel culture that rejects the foundational roles of faith and family. We will defend the rights of the free people to live, work, and raise their children guided by their God—not their government. And we will do all of this, and so much more, because Florida is a beacon of freedom and opportunity for the nation.

Madam President, I'll make you a deal—if you'll share your top secret meatball recipe, I will teach you everything I know about football, starting with the question I've been asked so many times: How has your time on the field prepared you for public service? And my answer is this: There are 60 minutes on the clock. We can fool ourselves into thinking we can slow it down or speed it up, but in the end there are still only 60 minutes. So, let's dig deep. Let's do more. Let's meet this moment together—because the clock starts now.

MOTION

On motion by Senator Perry, nominations for President were closed.

ELECTION OF PRESIDENT

The roll was called on the election of the President and each Senator voted in the affirmative by saying, "Kathleen Passidomo."

OATH OF OFFICE ADMINISTERED

Senator Passidomo was joined by her husband, John, at the bar of the Senate where the oath of office was administered by The Honorable Ricky Polston, Florida Supreme Court Justice. President Passidomo then proceeded to the rostrum where she joined President Simpson.

President Simpson: I'll just say a few brief words before we invite the President up. You know, in my office during my entire two years as President, we had a picture of me with the thumbs up and Kathleen with the thumbs down. We often had a lot of fun with that. It was always, "Naples, welcome to Trilby." The work ethic that this Senate President has—you know she was my Rules Chair. She read every bill

that came through her desk. Every bill. She understood every bill. She referenced every bill. Her work ethic is what this chamber is going to take to get through the next two years. Madam President—I know you're up for that. The understanding of the policy and the process. I believe there's nobody who's been more prepared to be President of the Senate than President Passidomo is today. And we wrap all of this with her family. So, how do we know that she's going to be a great leader? Senators Collins and Simon said a lot of really nice things, all accurate. She loves her family, right? She protects her family. She's going to be a Senator of Senators. It's been a real honor. The biggest title that we can give her is friend. Welcome to the rostrum.

President Simpson presented the gavel to President Passidomo, the 90th President of the Florida Senate since statehood.

PRESIDENT PASSIDOMO PRESIDING

ADDRESS BY PRESIDENT KATHLEEN PASSIDOMO

Wow, thank you. Believe it or not, I'm speechless, which many of you have never experienced.

Thank you, President Simpson—now Commissioner Elect Simpson. It has been a pleasure to work with you over the past six years, and I am looking forward to our collaboration on meaningful policies over the next two years. You are not only a colleague but a good friend, and I cherish our relationship.

Justice Polston, thank you for administering today's oaths, and for being with us today. Thank you, Senator Collins. Thank you, Senator Simon. I have gotten to know you both over these past few months on the campaign trail and I am confident that you will become valued members of our Senate family. Thank you, President Jennings, for your words of wisdom. I am honored and humbled to carry on the strong legacy of women leadership in the Florida Senate. From our Majority and Minority Offices, to our Committees on Rules and Appropriations, to the President's Rostrum—moms and businesswomen, attorneys and teachers, young mothers and widows, and women of all ages and every walk of life have played a key role in leading this chamber for the last 30 years. I appreciate the example you set as a strong, conservative leader, and I am honored to take up the torch you and President Margolis lit so many years ago.

Thank you, Senators, for your vote. I take seriously your trust in me to lead this historic body in service to our great state. It is the honor of my lifetime for me to take on the role as President of the Florida Senate.

I would not be prepared to take on this role without the support of my friends and family. John, my life partner and soul mate. Thank you for standing by my side and leading our family for more than 40 years. You've always been the first gentleman to me and the girls, and I'm glad you will have your own place in history as the "first" First Gentleman of the Senate. My number one campaigner and John's twin sister, Janet, came up for the day to be with us.

Dad, what a privilege it is to have you here. I am who I am because of the guidance and support I received from you and Mom. My achievements are your achievements. I'm also honored to have you serving as our Doctor of the Day at nearly 100 years of age. However, members please don't anyone get ill. We certainly don't want to utilize Senator Baxley's services anytime soon. Andrea, thank you for taking such good care of Dad.

My daughters, Francesca and Gabriella, are with me today, along with Francesca's fiancé, Claudio. Catarina is watching on the Florida Channel with my son-in-law, Will, and the loves of my life, grandsons William and Emilio. My children are my greatest achievements. To have raised such accomplished women and leaders in their own right is a greater joy than I could have ever imagined.

My district staff team—Sherri, Paul, and Kevin, and soon to be retired Becky—you all are critical to the operation. I am grateful for your hard work and efforts to serve our state and the constituents we represent. Also, my law firm team at Kelly, Passidomo & Kelly represented today by my legal assistant, Judi Anderson. Thank you for

covering for me when I'm up here in Tallahassee doing the "people's business."

Last week I came up to Tallahassee to meet with Senate staff to be fully briefed on our state budget and to discuss the policies and initiatives I plan to undertake over the next two years. Senators, we have a talented, thoughtful, and dedicated staff and I look forward to their input and ideas as we guide the direction of our great state.

I'm honored that so many former Senate Presidents and former Senators have taken the time to be with us today. Many of you have been my role models over the last six years, and I will look to you for guidance and advice over the next two years.

Thank you to my constituents in the gallery who made the long trek to Tallahassee during this holiday week and to those watching at home on the Florida Channel. I will not let you down.

Governor DeSantis, thank you for being here today. I have enjoyed getting to know you over these past few months and sharing ideas and thoughts on governance of our great state. You are a man of courage and conviction, which has endeared you to the citizens of this state, especially Southwest Florida. You are truly America's governor and we are grateful for your leadership and that of my friend, Lieutenant Governor Nuñez.

Members of the Cabinet—General Moody, CFO Patronis, and Commissioner Fried—thank you for your service to our state and thank you for the tireless support and assistance provided by your departments in response to the recent hurricanes.

I am so fortunate to have a colleague across the rotunda that I admire and respect. Speaker Renner is a quiet, thoughtful man with unquestioned integrity. We share many of the same philosophies on governance and vision for the future of our state. I know we will be great partners.

Now to business. As I sat down in a very quiet Capitol in the early hours last Thursday morning to gather my thoughts for my remarks today, I reflected on the role I am about to undertake—that all 40 of us are about to undertake—and the enormous responsibility the voters of our state have charged us with. The campaigns are over, and the work starts now. We are the eyes and ears and the voices of our constituents. Each of us represents over 560 thousand people, and we need to work together to ensure our children will have a world class education in a safe environment so they can thrive and grow and become productive members of our community; so that their parents will have good paying jobs and affordable places to live and raise their families, and our seniors will be cherished and protected as they enter their golden years. We're here to serve this great state and deliver for the voters who elected us. Senators, let's do this together.

Most issues we will agree on—such as workforce housing, protection of the environment, safeguarding our vulnerable populations, and honoring our veterans and first responders. There are a few issues we won't agree on, and that's okay. I assure you we're going to listen to each other's concerns and incorporate suggestions to make every bill better. But at the end of the day, we each have a responsibility to the voters who elected us, and those voters overwhelmingly support the conservative agenda of fiscal responsibility, protecting parents' rights, honoring the dignity of work, and expanding education opportunities for our students. That will drive our work for the next two years. Every Senator has the right to be heard and the right to make their case. Whatever the outcome, we respect each other as equals and we enter and exit this chamber as friends.

One of our first challenges is our response to Hurricane Ian and Hurricane Nicole. My family was personally impacted by Hurricane Ian. I heard from so many of you. Prayers, calls, texts, and emails. Fortunately, my family was safe, and with help from so many of you, we are already working to rebuild. We have drywall.

Many others suffered more severe losses. Loss of life. Loss of home. Loss of business. Loss of job. As I walked through the communities impacted by Ian in the days that followed, the devastation was almost indescribable. But the community and residents are bound and determined to rebuild stronger and better than ever. The resilience of Florida is phenomenal. We are not in this alone. Under the leadership of Governor DeSantis, the full force of state government is helping. First

responders activated to help those in need. Roads and bridges were reconstructed in record time. The state expedited cleanup of debris. While the aftermath of the storms has truly been an example of government at its best, the response goes far beyond the reach and capability of government. Neighbors showed up to help neighbors. Private sector companies have also stepped up in a big way. Volunteers and religious organizations came from far and wide to lend a hand. Because of all these efforts, I know we will soon be stronger and better than ever.

Next month, the Florida Legislature will convene in a special session to address the challenges still facing our state's insurance market and ensure residents whose homes are uninhabitable get a break on property taxes. Hurricane recovery is just one of many issues we must tackle in the weeks and months ahead.

As we look to the future, Florida's economy is in great shape. Our unemployment rate is a full point below the national rate. The Sunshine State is on track for record growth this year. However, while Florida's economy is booming, the pain of inflation is very real for Florida families. We see it at the grocery store. We see it at the gas pump. And we certainly see it in the housing market. Likely, the single most pressing issue facing our state today is the cost of housing, which has exponentially grown over the past several years.

Florida is one of best—if not the best—place to live, work, raise a family, and retire. Over the last two years, Americans have fled high tax, lockdown states and moved to the Sunshine State in droves. The appeal of the free State of Florida has put an intense pressure on our already overburdened housing market. The cost of rent and home ownership has skyrocketed. These costs—combined with the challenges of inflation on essential items—are difficult on Florida families. In addition, they are a threat to Florida's workforce. If our workers don't have a safe and affordable place to live and raise their families, we will not be able to recruit and retain the workforce we need in the Sunshine State.

Last year, we dedicated record funding to affordable housing, with an emphasis on home ownership. It's clear we need to do more. We need to recognize the changing needs as well as the varied demographics of a diverse, mobile, and—to a certain extent—remote workforce. We need affordable rental property for all income levels and family sizes. I want teachers, firefighters, and police officers and, frankly, all Florida workers to be able to live in the communities they serve. I want a young professional, who works remotely and can live anywhere, to choose Florida because we have housing opportunities close to vibrant communities. I want an elderly couple looking to downsize to have more options. I've been traveling the state all summer and fall, hearing from employers and talking to families about these challenges. I'm working with stakeholders to develop thoughtful, meaningful policies that can make living in Florida more accessible and more affordable. I know state government cannot independently fix or outrun the problems caused by inflation, but I believe a focus on safe, attainable workforce housing is one area where we can do our part to support Florida families through these challenging times. This will be a top priority of ours, and I look forward to your input.

Also, we're going to continue our fight to protect family values. Some folks are trying to distance parents from important decisions in their child's life. Whether it's education, health, or sports, keeping parents in the dark is unacceptable. We have made great strides in recent years to defend and expand parental rights in education. Moving forward, we're going to make sure that any decision that involves a minor allows the parents at the table.

With Governor DeSantis' leadership, the Legislature has prioritized investments in environmental restoration and clean water resources with record funding for water storage, water quality, and Everglades Restoration, as well as the preservation and expansion of Florida's iconic Wildlife Corridor. Senators, today I have discussed some very serious issues that we will tackle over the next two years. But then there are some issues that are just plain fun. Florida's Wildlife Corridor is a national treasure, encompassing about 17 million acres, including almost 10 million acres of conservation lands running up the center of the state. The corridor is being created by the state's purchase of development rights of farmers and ranchers who will be able to continue their operations in perpetuity and the lands will never be developed. With the funding this Legislature has dedicated over the last two years, we will be able to expand the corridor even further.

One of my goals over the next two years is to continue the expansion and to connect the Wildlife Corridor to the Florida Trail System, so that more people across our state and around the world can experience Old Florida at its finest—so that you can bicycle, run, or walk from Naples to Orlando. Florida is already a global destination for outdoor recreation and adventure enthusiasts. Expanding our trail system has the added benefit of connecting our residents and visitors to Florida's cultural heritage of the small, legacy towns across Florida's heartland who are eager for increases in tourism. I believe that 50 years from now our children and grandchildren will say that the greatest thing the Florida Legislature did in the 2020's was the creation of the Wildlife Corridor and the preservation of millions of acres of farmland and ranch land for conservation—it will be our Central Park.

Senators, it's obvious we have a lot of work to do. All the issues I've discussed today are important, but this list is not even comprehensive. Like every President before me, I have ambitious plans for my tenure over the next two years that time does not permit me to detail in my remarks today. Stay tuned!

We must remain focused. If it's not broken, we're not going to fix it. I'm not interested in food fights between special interests. We are here to serve the constituents we represent. It may require late nights and long weeks. It may include special sessions, but we will not adjourn until we get the job done. That's what Floridians sent us here to do, and together with our Governor, Cabinet, and colleagues in the Florida House, we will deliver.

Thank you and Happy Thanksgiving!

NOMINATIONS FOR PRESIDENT PRO TEMPORE

The President announced that nominations would be received for President Pro Tempore of the Senate for a term of two years.

The President recognized Senator Broxson who placed in nomination the name of Senator Dennis Baxley of the 13th Senatorial District.

Senator Broxson: Senators, this is my great honor to nominate the Senator and roommate as President Pro Temp. I believe today if I said nothing more than "Senator Baxley", the vote would be overwhelming. But that is not what we do. We always have to add something to that to hopefully get a better vote. I remember when I was a freshman with Senator Baxley, I was closing on a bill and I thought I was doing pretty good. I saw coming across the room, Representative Hukill. She approached my desk and she said, "We have the votes. Don't blow it. Close the debate." I didn't do that and I took a great victory and made it very narrow.

Some things about Senator Baxley really cannot be explained. When he came to the Senate in 2010, he brought the President; he brought Senator Perry, Albritton, Boyd, Brodeur, and Berman. And then after that, he joined former members Rouson, Mayfield, Hooper, Thompson, and Harell after he was voted in in 2000. They had the privilege of voting for you for Speaker Pro Tem.

Can I say this? Dennis Baxley is a good man. He's a family man. He's a man of God. I've never heard him criticize anyone. He always has something good to say, and frankly, he never has a bad day. It really is kind of disgusting sometimes, Dennis. I told him, I said, "Dennis, you're a Southern Baptist. I know y'all at least hate the devil." And he said to me without stopping, he said, "You know I've noticed something about the devil—he's an extremely hard worker."

Dennis is an icon in Central Florida. Heck, he won his first election by 86 percent. Some say it was because he was a funeral director and over the 50 years, they thought that when Dennis Baxley buried a family member, they had their last and best chance to go to heaven. I will say, though, I did pick up a rumor, Dennis, that you tried to act very, very sad at \$100,000 funerals.

As some of you know, Dennis and I share a residence together. Every morning when he gets up, he prays for divine direction and every night before he goes to bed, he calls the love of his life, Ginette. They are on the phone at least an hour, sometimes two hours and all of us know Dennis—Ginette says very little. I think you understand that, don't you President Passidomo?

I will tell one quick story and I'm glad that President Simpson is here. In 2020, we had a bill that dealt with Bright Futures and the Senator said to me, "Senator Broxson, this bill will make you famous." I learned two things that day: that Bright Futures is an entitlement in the State of Florida and I would not mess with it and 2) in Trilby where the Senator is from, the word famous and infamous have the same meaning. He received—we were in the pandemic—students, angry students, angry parents, angry grandparents, and angry strangers. They all showed up. He received more angry emails that broke his server and he still trudged forward. In fact, part of that bill had the Benacquisto scholarship. So he not only received angry emails from Florida, he received them from all over the United States and the world. In fact, it was said he received one from outer space. An astronaut on the space shuttle who had a senior in high school sent you an email saying that you were a jerk. But he never flinched. He pushed forward and he continued to believe what he was doing was the right thing. And that's Dennis Baxley and I know many Democrats would agree with me there. I'll tell you after that bill I began to pray at night. And I was praying thank God that I have Dennis Baxley as my roommate.

Lastly, I want to end by quoting the same prayer that Dennis prayed over Speaker—now U.S. Senator—Marco Rubio in 2006. "My prayer for you is that your character can grow as fast as this life takes you as you work to solve so many problems and lead us and empower us to make a difference." Dennis, I think you'll do that. With god's power and grace, you will do a good job. For those reasons and more, Madam President, I nominate Senator Baxley to be President Pro Tempore.

The President recognized Senator Garcia who seconded the nomination of Senator Dennis Baxley of the 13th Senatorial District.

Senator Garcia: I am pleased to second the nomination of Senator Dennis Baxley as President Pro Tempore. Like Senator Broxson, I was new to elected office when I first met Senator Baxley. I certainly agree that Dennis seeks out people from different backgrounds than his own and always offers friendship and common ground.

As we know, Dennis grew up in the small town of Belleview and spent his career as a funeral director—that he is very honored to be. I grew up in the slightly larger town of Miami, spending most of my career working in Hispanic media. Yet, over the last two years, him and I have formed a great relationship, a great friendship sipping Cuban coffee together and fixing the world. We have endured a lot and we have a common ground—along with others in this chamber—on legislation to support foster children and adoptive families across our state. James 1:2 states, "Be doers of the word, and not hearers only." Our friend and colleague Senator Baxley is a strong and steadfast example of "faith in action" this verse is referring to.

Dennis is a man deeply committed to the sanctity of life, as I, and he has a special place in his heart for the children of this state. He wants every child to have a permanent, loving home, and he has done his part to make that happen. He leads by example. Dennis and Ginette have raised many children of their own, and throughout their marriage, also welcomed many foster children into their home. Some of their foster children have chosen to make a permanent home with the Baxleys, and there is no higher honor for Dennis or Ginette. We know that, unfortunately, we cannot pass a law that gives every person a happy childhood and the opportunity to grow up in a loving home. If we could, most of the problems we come here to solve would not exist. What we can do is try to make a difference within our own lives and in our own families and communities and use those experiences to inform our work for the people of this great state. Over nearly two decades in public service, Dennis has done just that.

We know he was a strong leader during his service in the House, which Senator Broxson spoke of. Now a generation of lawmakers will have the great opportunity to benefit from this great example. When I reflect on political discourse in this nation, which is often very angry, malicious, and hurtful, I think if we could just stop the rhetoric and talk to each other, we would be a lot better off. So, I respect the fact that Dennis appreciates the importance of building relationships. He also tries to understand where someone is coming from, even if he disagrees with where they are going.

He is the first to offer a kind word of encouragement, and to build someone up, instead of cutting them down. Yet he is firm in his convictions, and he is honest and forthright about disagreements, without

getting heated or even unkind. 1 Corinthians 16:13–14: “Be on your guard, stand firm in faith, be courageous, be strong. Your every act should be done with love.” That’s exactly what you do Dennis. This verse reminds me of Senator Baxley’s approach to service here in the Senate. I am confident he will be a wonderful President Pro Tempore. When called upon to serve at the rostrum he will lead this chamber with the same respect, dignity, and love he has shown to each and every person here.

OATH OF OFFICE ADMINISTERED

Senator Baxley was joined by his wife, Ginette, at the bar of the Senate where the oath of office was administered by The Honorable Ricky Polston, Florida Supreme Court Justice.

The President invited President Pro Tempore Baxley to join her at the rostrum.

President Passidomo: When I was in the House—I came in 2010—Dennis was the Judiciary Chair and I was on his committee. I called him “Big Chair,” and he, though not a lawyer, had an amazing grasp of the legal concepts that we deal with on a day-to-day basis. He’s going to be a great partner with me and the other members of our leadership team, and I’m looking forward to the next two years of our continued collaboration. So with that, please come on up and say a few words. I present to you Senate President Pro Tempore Dennis Baxley.

ADDRESS BY PRESIDENT PRO TEMPORE DENNIS BAXLEY

Colleagues, I want to thank you so much for your support today. I am honored to take on this role as President Pro Tempore in the Florida Legislature. It’s an honor to serve you.

Senator Broxson, I am grateful for your nomination and for your kind words and pretty good analysis. I value you as a colleague, as a roommate, and as a friend. We are the “old heads” in the Florida Senate. Struck by many things, they give us wisdom. We make a great team.

Senator Garcia, thank you for your second. Great friendships are built while sharing coffee. I am a big fan of coffee. You’ve got the best café cubano in the place, so thank you. I am proud to count so many of you as friends, and it has been an honor to work with you on efforts to support Florida’s foster children and foster and adoptive families.

President Passidomo, this is a true honor for me to serve as President Pro Tempore under your leadership and the huge respect I have for you

and the leadership you bring. When we served together in the House, Madam President, we were both asked to serve on the Judiciary Committee. As you mentioned, I served as Chair, the non-lawyer Chair, of the Judiciary, and you were named as my Vice Chair. Well, she did call me “Big Chair.” But really, everyone knew you were the brains of the operation. I was keenly aware. You were the attorney. You had the expertise. You had the patience. Yet, you were so respectful of those committee appointments, the hierarchy and the process of which we operate with, and the respect for each other. You led with such wisdom and grace, and let me think I was Chairman the whole time—that was a wonderful thing. Back then, I saw what tremendous ability you had and have. And I knew what a meaningful leader you would be. I knew you would engender confidence across this body. Now you’ll be the “Big Chair,” Madam President, and together we are going to accomplish great things in this body.

Here in Florida, we’re on the right path. We have strong conservative leadership in our Governor, in the Cabinet, and in the Legislature, clearly articulated by the voters. We’re working to do what is best for Florida families. Key among those is protecting things like faith, family, freedom, opportunity, and life.

I believe I was called to serve our state. I remember telling my wife, Ginette, that many years ago. The opportunity to run came, and I said I would think it over. If this was God’s path for me, then I was willing to follow. Ginette made it possible. Ginette runs my real world. She keeps our business straight. She cares for our kids and grandkids. Many are here. We had about 11 guests today in this big Baxley family. Because of Ginette, I have something to come home to. It’s worth it all. This year, we celebrated our 50th wedding anniversary. Ginette—thank you for all you’ve done for me and for our family. Occasionally you meet a truly selfless person. You know, selfless people, they don’t think of others first and themselves last. They don’t think of themselves at all. They are always thinking about others. I can’t tell you what a difference that made in my life, which I just turned 70 and we’ve been married 50 years. Together, Ginette and I have had a wonderful journey in this great state. Given the blessings of family, I think about the future a lot. When you’re a grandfather eight times, you do think about the future a lot.

I was given many opportunities growing up and I realized that you don’t have to be the fastest, the smartest, or the prettiest. You have to be committed to working hard and that many, many doors will open and you can open many doors for others. It’s a wonderful experience. So that’s why we must fight for faith, family, freedom, opportunity, and life for these generations coming. The Senate is the place we will be able to do that. Here in the Senate, I believe we love and respect one another. While we differ on some issues, we’re willing to hear each other’s perspectives. In doing so, we develop an understanding of where people come from and why they feel the way they do. With this understanding, we’re able to accomplish even more for our state. I challenge us to do just that this coming session.

I was just an ordinary kid, but I knew if you worked really hard in America, you would have opportunities to make a difference. Guided by my faith in the Lord, I’ve worked hard. I have the support of my wife, Ginette, and my family. I have earned your trust to serve as President Pro Temp. I really appreciated that expression of your vote today—it’s very moving. This is our opportunity to make a difference. Madam President, we are with you. And together, we will.

COMMUNICATION

By direction of the President, the Secretary read the following communication by the Minority (Democratic) Office:

MEMORANDUM

To: Tracy Cantella
From: Maggie Gerson, Staff Director
Subject: Senate Democratic Caucus Elections
Date: November 21, 2022

This memo will certify that the Senate Democratic Caucus met today for the purpose of electing a Democratic Leader and Democratic Leader Pro Tempore. The Caucus has elected Senator Lauren Book as the

Democratic Leader for the 2022-2024 term and Senator Jason Pizzo as the Democratic Leader Pro Tempore for the 2022-2024 term.

The President recognized Senator Book for brief remarks.

Senator Book: Madam President, you look beautiful up there, but mostly strong and powerful. Our caucus and I look very much forward to working alongside you to do the work of the people of the great State of Florida. I look forward to working with the Majority Leader to get bills passed on both sides and make sure that we get all of our constituents heard, helped, and seen. I thank you for your leadership, Madam President, more than anything in the entire world. I look forward to being and leading by your side. Kennedy, are you ready to do it? Who runs the world? Girls!

RECOGNITION OF SERGEANT AT ARMS

The President recognized Senator Albritton who introduced the Senate Sergeant at Arms, Damien Kelly.

Senator Albritton: Today, I have the honor of recognizing our Sergeant at Arms, Damien Kelly. Many of us have gotten to know Sergeant Kelly over the last two years, but for our new Senators, I'd like to briefly share some information about his background and qualifications. Sergeant Kelly moved to the United States from Ireland. I didn't know this—he played Division I soccer for Eastern Illinois, where he was inducted into their Hall of Fame. He's a three-time All-American and went on to play professionally before joining the Memphis Police Department, where his wife was also a law enforcement officer.

The Kellys came to Florida like so many families do—Mrs. Kelly was eligible to retire from the police force. They had a small beach cottage for vacations in Northwest Florida, and after years of service in the inner city, they dreamed of raising their young daughter in the Florida sunshine. After moving to Florida, Sergeant Kelly interviewed with FDLE to serve on the protective detail for Governor Bush. As part of the job interview, without advanced warning, he was asked to complete a physical fitness test. After breaking the FDLE record for the 4-mile run, he was offered the job on the spot.

He went on to protect three Governors and their families, leading protective operations details at home and abroad. He became an expert in firearm certification and proficiency, surveillance, and protective operations, as well as gang investigation and interrogation. After the massacre in Parkland, it was Sergeant Kelly whom Governor Scott asked to serve as the first Director of Safe Schools.

Since he was appointed by President Simpson in 2020, Sergeant Kelly has worked to upgrade the security of our facilities and enhanced our security protocols to ensure Senators, staff, and visitors are safe as we participate in the legislative process. I believe we are very fortunate to have someone of his caliber serving as our Sergeant, and I'm grateful, Madam President, that you asked him to sign on for another two years. Needless to say, but I think it's important to say—the good news is for Senators that are coming in, and hopefully everyone every day that I'm around the Sergeant and his team—I feel safe.

SPECIAL GUESTS

The President recognized Supreme Court Justice John Couriel.

COMMITTEE APPOINTED

On motion by Senator Burgess that a committee be appointed to notify the House of Representatives that the Senate was convened for the purpose of organization, the President appointed Senator Burgess, Chair; and Senators Avila, Burton, Davis, Grall, and Trumbull. The committee was excused.

The committee appointed to notify the House of Representatives returned to the Senate Chamber and reported to the President that its duty had been performed. The committee was thanked for its service and discharged.

(2) Any fundraising activity otherwise prohibited during an extended or special session by subsection (1) shall not be considered a violation of this Rule and may take place provided that it can be shown that the event was already scheduled prior to the issuance of the proclamation, resolution, or other communiqué extending the session or convening a special session.

(3) Any Senator who directly or indirectly solicits, causes to be solicited, or accepts any contribution on behalf of any organization described under section 527 or section 501(c)(4) of the Internal Revenue Code, or any political committee must immediately disclose such activity to, and register with, the Rules Committee. If the vote is taken in a committee or subcommittee, the memorandum shall be filed with the committee or subcommittee administrative assistant, who shall file such memorandum in the committee or subcommittee files and with the Secretary. A Senator shall make every reasonable effort to file a memorandum pursuant to this Rule prior to the vote. Senators filling a vacant seat at a special election after opening day shall complete the course within fourteen (14) days of election.

1.41—Senate employees and conflicts

Senate employees shall conduct themselves consistent with the intent of these Rules regulating legislative conduct and ethics.

1.42—Advisory opinions

Questions from Senators relating to the interpretation and enforcement of Rules regulating legislative conduct and ethics shall be referred to the Senate General Counsel. The complaint shall be based on personal knowledge, shall state detailed facts, shall specify the actions of the named Senator which form the basis for the complaint, shall attach all documentation on which the complaint is based, and shall identify the specific Rule alleged by the complainant to have been violated by the Senator.

See Rule 1.48(8)(b)—Legislative records.

- (a) Upon a determination by the Rules Chair, or the President when the complaint is against the Rules Chair, that the

complaint fails to state facts supporting a finding of a violation of the Senate Rules, the complaint shall be dismissed.

- (b) Upon a determination by the Rules Chair, or the President when the complaint is against the Rules Chair, that the complaint states facts that, if true, would be a violation of the Senate Rules, the complaint shall be referred to a special master or select committee to determine probable cause. If a select committee is appointed, it shall be comprised of an odd number of members.

1. The special master or select committee shall give reasonable notice to the Senator who is alleged to have violated the Rules, shall conduct an investigation, and shall grant the Senator an opportunity to be heard. A report and recommendation shall then be prepared.
2. The report and recommendation is advisory only and shall be presented to the Rules Chair and the President as soon as practicable after the close of the investigation.
3. If the report and recommendation conclude that the facts do not support a finding of probable cause, the complaint shall be dismissed by the Rules Chair, or the President when the complaint is against the Rules Chair.
4. If the complaint is not dismissed, another select committee will be appointed and shall consider the report and recommendation, shall grant the Senator an opportunity to be heard, and shall develop its own recommendation.
5. If the select committee votes to dismiss the complaint, the chair shall dismiss the complaint.
6. Otherwise, the report and recommendation and the recommendation of the select committee shall be presented to the President.
7. The President shall present the committee’s recommendation, along with the report and recommendation, to the Senate for final action.

- (d) Nothing in this Rule prohibits a Rules Chair, or the President when the complaint is against the Rules Chair, from allowing a Senator to correct or prevent an inadvertent, technical, or otherwise *de minimis* violation by informal means.
- (e) Nothing in this Rule prohibits the Rules Chair, a select committee appointed pursuant to this Rule, or the President when the complaint is against the Rules Chair, from recommending a consent decree if agreed to by the Senator. The decree shall state findings of fact and set forth an appropriate penalty. If the Senate accepts the consent decree, the complaint shall be deemed resolved.

(2) Separately from any prosecutions or penalties otherwise provided by law, a Senator determined to have violated the requirements of the Rules regulating legislative conduct and ethics may be admonished, censured, reprimanded, or expelled. Such determination and disciplinary action shall be taken by a **two-thirds (2/3) vote** of the Senate.

(3) Because they may be asked to sit in judgment on an alleged violation of a Senate Rule, Senators should refrain from speaking publicly about the merits or substance of any such complaint.

Such special service charge shall be reasonable and based on the cost incurred for the extensive use of information technology resources or the labor cost of employees providing the service that is actually incurred by the Senate or attributable to the Senate for the clerical and supervisory assistance required.

- (g) Portions of records of former legislative investigating committees whose records are sealed or confidential as of June 30, 1993, which may reveal the identity of any witness, any person who was a subject of the inquiry, or any person referred to in testimony, documents, or evidence retained in the committees' records; however, this exemption does not apply to a member of the committee, its staff, or any public official who was not a subject of the inquiry.
- (h) Requests by members for an advisory opinion concerning the application of the rules of either house pertaining to ethics, unless the member requesting the opinion authorizes in writing the release of such information. All advisory opinions shall be open to inspection except that the identity of the member shall not be disclosed in the opinion unless the member requesting the opinion authorizes in writing the release of such information.
- (i) Portions of correspondence held by the legislative branch which, if disclosed, would reveal: information otherwise exempt from disclosure by law; an individual's medical treatment, history, or condition; the identity or location of an individual if there is a substantial likelihood that releasing such information would jeopardize the health or safety of that individual; or information regarding physical abuse, child abuse, spouse abuse, or abuse of the elderly.

(9) Any Senate record created prior to July 1, 1993, which was so designated by the President on June 30, 1993, shall remain exempt from inspection and copying after July 1, 1993. Records held by joint committees, commissions or offices of the Legislature, that were jointly determined by the presiding officers of both houses to remain exempt from inspection and copying after July 1, 1993, remain exempt.

(10) For purposes of this Rule, "public record" means all documents, papers, letters, maps, books, tapes, photographs, films, sound recordings, or other material, regardless of physical form or characteristics, made or received pursuant to law or ordinance or in connection with the transaction of official business by the legislative branch.

(11) All records, research, information, remarks, and staff work products, made or received during or in preparation for a closed meeting of a select committee, committee, or subcommittee, shall be confidential and exempt from inspection and copying for a period of thirty (30) days after the closed meeting, at which time they will automatically become legislative public records open to inspection and copying, unless the confidentiality and the prohibition against inspection and copying has, within the thirty-day (30) period, been extended by the President. Unless the above-listed confidential and exempt items have been earlier released by operation of this Rule, they shall automatically become available for public inspection and copying five (5) years after the date of the closed meeting, unless this confidentiality and exemption is further extended by the President for subsequent five-year (5) periods.

Violations of Rules 1.44 and 1.45 constitute violations of the Rules regulating legislative conduct and ethics and shall be subject to the procedures and penalties prescribed in Rule 1.43.

Once recommitted, the bill is available for consideration by the subcommittee as if it had never been reported.

2.8—Filing and publication of meeting notices

For publication in the daily calendar, notice of committee meetings shall be delivered to the Secretary's office in writing by 2:30 p.m. on the day preceding its intended publication.

2.9—Committee meetings; committee meetings after fiftieth (50th) day

(1) Each standing committee, standing subcommittee, and select committee shall consider the public business assigned to it as expeditiously as possible and proper.

(2) Senate committee professional staff shall be limited to presenting committee bills at meetings of the committee introducing the bill.

2.12—Order of consideration of bills; exception

Bills shall be considered in the order appearing in the notice required by these Rules, except that the chair may take up a bill out of its order to accommodate the presence of a Senator or Representative who is the introducer thereof.

2.13—Open meetings

Except as otherwise provided in these Rules, all committee meetings shall be open to the public, subject always to the powers and authority of the chair to maintain order and decorum.

See Rule 1.44—Open meetings.

See FLA. CONST. art. III, s. 4(e) Quorum and procedure.

2.15—Standing committee reports; committee substitutes

(1) If reporting a matter referred to it, a standing committee shall report the matter either:

- (a) Favorably,
- (b) Favorably with committee amendment,
- (c) Favorably with committee substitute as defined in these Rules, or
- (d) Unfavorably.

The vote of the members present of a standing committee or subcommittee on final passage of any measure shall be recorded. Upon the request of any two (2) members of a committee or subcommittee, the vote on any other matter or motion properly before the committee shall be recorded. After such report has been received by the Secretary, no matter so reported shall be recommitted to a committee except by a **two-thirds (2/3) vote** of those Senators present at a sitting or except as provided in Rule 2.7, Rule 4.7(2), or Rule 4.8(4).

See FLA. CONST. art. III, s. 4(c) Quorum and procedure.

(2) Such reports shall also reflect:

- (a) The date, time, and place of the meeting at which the action was taken, and
- (b) The vote of each member present of the committee on final passage of each bill.

See FLA. CONST. art. III, s. 4(c) Quorum and procedure.

The Secretary shall enter in the Journal the recommended action of the committee on each bill reported, but shall not include that portion of the report relating to the date, time, and place of the meeting or the vote of each member on final passage of a measure. Reports of committees shall be preserved pursuant to law.

(3) In reporting a Senate measure, a standing committee may draft a new measure embracing the same or related subject matter to be returned to the Senate with the recommendation that the substitute be considered in lieu of the original measure. If one or more amendments are adopted, a measure shall, without motion, be reported as a committee substitute unless the committee by **majority vote** decides otherwise.

- (a) The substitute measure must be accompanied by the original measure referred to the committee and returned to the Secretary in the same manner as a favorable report.
- (b) No other standing committee of reference shall consider the original measure but shall direct its attention to the substitute measure.
- (c) A committee receiving a committee substitute from a prior committee of reference may also report a committee substitute and shall not be precluded from doing so with the substance of the bill as originally introduced.
- (d) When reported, the substitute shall be read a first (1st) time by title, the original proposition shall be automatically tabled, and the substitute considered in lieu thereof without motion. The substitute shall carry the identifying number of the original and shall be returned to the Secretary in the same number of copies required for first (1st) introduction of a similar measure.
- (e) The names of the introducer and each co-introducer of the original measure shall be shown by the committee administrative assistant on the committee substitute unless an introducer or co-introducer requests that it be omitted.
- (f) A Senate committee may not recommend a Senate committee substitute for a House bill.

(4) All standing committee reports shall be filed with the Secretary's office as soon as practicable, but not later than 4:30 p.m. on the next day that is not a weekend or state holiday, except a committee drafting and recommending a committee substitute shall file such committee report no later than 4:30 p.m. on the second (2nd) such weekday. These reports must be accompanied by the original bill. Each report by a committee must set forth the identifying number of the bill. If amendments are proposed by the committee, the words "with amendments" shall follow the identifying number. Committee amendments shall be identified by barcode in the report. All bills reported unfavorably shall be laid on the table.

2.16—Standing subcommittee reports

(1) If reporting a matter referred to it, a standing subcommittee must report the matter directly to the standing committee, which shall promptly certify a copy of the report to the Secretary. The standing subcommittee shall report a matter either:

- (a) Favorably,
- (b) Favorably with committee amendment,
- (c) Favorably with committee substitute as defined in these Rules, or
- (d) Unfavorably.

(2) Such reports shall also reflect:

- (a) The date, time, and place of the meeting at which the action was taken, and
- (b) The vote of each member of the subcommittee on final passage of each bill.

See FLA. CONST. art. III, s. 4(c) Quorum and procedure.

(3) In reporting a bill to the standing committee, a standing subcommittee may draft a new measure, embracing the same or related subject matter, to be returned to the standing committee with the recommendation that the substitute be considered in lieu of the original measure. The substitute measure must be accompanied by the original measure referred to the standing subcommittee and returned to the standing committee in the same manner as a favorable report.

(4) All standing subcommittee reports shall be promptly transmitted to the standing committee. Each report by a standing subcommittee must set forth the identifying number of the measure. If amendments are proposed by the standing subcommittee, the words “with amendments” shall follow the identifying number. Standing subcommittee amendments shall accompany the report.

(5) All bills reported unfavorably by a subcommittee shall be laid on the table by roll call vote when the standing committee considers the standing subcommittee’s report unless, on motion by any member adopted by a **two-thirds (2/3) vote** of those standing committee members present, the same report shall be rejected.

(6) When a subcommittee report is rejected by a standing committee, the bill shall receive a hearing *de novo* and witnesses shall be permitted to testify.

See FLA. CONST. art. III, s. 4(c) Quorum and procedure.

(7) When a bill with a favorable report by a standing subcommittee is considered by the standing committee, debate and further amendment by members of the standing committee shall be allowed prior to a vote on final passage.

2.17—Quorum requirement

(1) A standing committee, standing subcommittee, or select committee is assembled only when a quorum constituting a **majority** of the members of that committee is present in person.

(2) A committee member may question the presence of a quorum at any time.

(3) No committee business of any type shall be conducted in the absence of a quorum. Any matter reported in violation of this Rule shall be recommitted by the President when it is called to the President’s attention by a Senator.

2.19—Conference committee in deliberation; reports

(1) All meetings of Senate conferees with House conferees at which the business of the conference committee is discussed shall be open to the public subject to proper order and decorum. A meeting of the Senate and House conferees is a meeting of the two (2) groups; therefore, the rules governing each respective house apply. Meetings between a **majority** of the members of a conference committee may be held following a notice being filed with the Secretary by or at the direction of the person calling the meeting, at least one (1) hour in advance of the meeting. The notice shall indicate the names of the conferees and scheduled participants, the date, the time, and the place of the meeting. Conference committees may meet at any time with proper notice.

See FLA. CONST. art. III, s. 4(e) Quorum and procedure.

(2) A conference committee, other than a conference committee on a general or special appropriations bill and its related legislation, shall consider and report only on the differences existing between the Senate and the House, and no substance foreign to the bills before the conferees shall be included in the report or considered by the Senate.

(3) A conference committee may only report by recommending the adoption of a series of amendments to the House or Senate bill that was the subject of the conference, or it may offer an amendment deleting everything after the enacting clause of any such bill referred to the committee. Such amendments shall accompany the conference committee report. In any event, the conference committee may recommend, as part of its report, the adoption or rejection of any or all of the amendments theretofore adopted by either house. Conference committee reports must be approved and signed by a **majority** of the conferees on the part of each house. All final actions taken in a conference committee shall be by motion.

(4) Each conference committee report shall contain a statement sufficiently explicit to inform the Senate of the effect of the report on the measure to which it relates.

(5) When the President appoints a conference committee, a notice of the following meetings to discuss matters relating to the conference, stating the names of the conferees and scheduled participants, and the

date, time, and place for the meeting, shall be filed with the Secretary by or at the direction of the person at whose call the meeting is convened, not less than one (1) hour preceding the time for the meeting:

- (a) Meetings between the President (or a Senator designated to represent the President), the Governor, and the Speaker (or a Representative designated to represent the Speaker);
- (b) Meetings between a **majority** of the members of any subcommittee of the conference committee;
- (c) Meetings between the President or any Senator designated to represent the President and a conferee from the House of Representatives, or any meeting between a conferee from the Senate with the Speaker or any Representative designated to represent the Speaker; and
- (d) Meetings of a **majority** of the Senate conferees; and when the bill that is the subject of the conference committee deals primarily with the general appropriations act or revenue matters, any meeting of three (3) or more conferees on the part of the Senate.

See FLA. CONST. art. III, s. 4(e) Quorum and procedure.

(6) Notice of meetings, as scheduled, between the chair of the Senate’s conferees with the chair of the House’s conferees, or between respective Senate and House committee chairs with each other, shall be published on the Senate website and posted on the Senate side of the fourth (4th) floor Capitol rotunda. In the case of the appropriations conference, said notice shall also be posted outside the door of the offices of the appropriations committees.

(7) All meetings for which notice is required pursuant to this Rule shall be held in the Capitol Complex, but shall not be held in the Chamber of either house while it is sitting.

(8) When conferees on the part of the Senate report an inability to agree, any action of the Senate taken prior to such reference to a conference committee shall not preclude further action on the measure as the Senate may determine.

(9) After Senate conferees have been appointed for seven (7) calendar days and have failed to make a report, it is a motion of the highest privilege to move to discharge said conferees and to appoint new conferees, or to instruct said conferees. This motion shall have precedence over all other questions except motions to adjourn or recess and questions of privilege. Further, during the last six (6) calendar days allowed under the *State Constitution* for any regular session, it shall be a privileged motion to move to discharge, appoint, or instruct Senate conferees after the Senate conferees have been appointed thirty-six (36) hours without having made a report.

PART TWO—COMMITTEES—OFFICERS

2.20—Appointment of chair and vice chair

A chair and a vice chair of each standing committee shall be appointed by the President and shall continue in office at the pleasure of the President. The President shall also appoint a chair for each standing subcommittee and select committee authorized by these Rules and may designate a vice chair, both of whom shall continue in office at the pleasure of the President.

2.21—Call to order

The chair or, in the chair’s absence, the vice chair, shall call the committee to order at the hour provided by these Rules. A quorum being present, the committee shall proceed with consideration of its agenda.

2.22—Chair’s control

The chair shall preserve order and decorum and shall have general control of the committee room. If there is a disturbance or disorderly conduct in the committee room, the chair may require participants in the disturbance to clear the room.

2.23—Chair’s authority; appeals

(1) The chair shall approve all notices, subpoenas, or reports required or permitted by these Rules.

(2) The chair shall decide all questions of order, subject to an appeal by any Senator, and the appeal shall be certified by the chair to the Senate for a decision by the President during its next sitting following such certification. If not in session, the President may make a ruling by letter. Rulings shall be entered in the Journal, shall constitute binding precedent on all committees of the Senate, and shall be subject to appeal as any other question; however, rulings by letter are subject to appeal at the first or second sitting of the next regular session.

(3) The proper method of taking exception to a ruling of the chair is by appeal. An appeal of a decision of the chair must be made promptly before debate has concluded or other business has intervened. A point of order on any other question is not in order while an appeal is pending, but a point of order relating to the appeal may be raised; if the determination of the appeal is dependent on this point, it may be decided by the chair. This second (2nd) decision is also subject to appeal.

(4) An appeal of a decision of the chair on a point of order is debatable even though the question from which it arose was not debatable.

(5) The chair may, or on the vote of a **majority** of the committee members present shall, certify a question of parliamentary procedure to the President as contemplated by the Rule without a formal appeal. Such certified question shall be disposed of by the President as if it had been on appeal.

(6) Final action on an appeal or the certification of a procedural question pursuant to this Rule shall not constitute an automatic stay to further legislative action on the measure under consideration.

2.24—Chair, vice chair; vote

The chair and vice chair shall vote on all matters before such committee. The name of the chair shall be called last.

See Rule 1.39—Disclosure of conflict of interest and prohibition on voting thereon.

2.25—Temporary alternate to chair

The chair may name any member of the committee to perform the duties of the chair. This delegation shall not extend beyond adjournment of such meeting. If for any reason the chair is absent and fails to name a member, the vice chair shall assume the duties of the chair during the chair's absence.

2.26—Vice chair's duties

On the death, incapacitation, or resignation of the chair, the vice chair shall perform the duties of the office until the President appoints a successor. In the absence of the chair, the vice chair shall act as chair.

PART THREE—COMMITTEES—MEMBERS

2.27—Members' attendance, voting; proxy and poll votes prohibited

(1) Unless excused or necessarily prevented, every member of a committee shall be in attendance during each of its meetings.

(2) The chair may excuse any member for just cause from attendance at meetings of his or her committee for any stated period. This excused absence shall be noted on the committee's records.

(3) Failure to attend two (2) consecutive regular meetings, unless excused from attendance in the Senate on those days as provided in these Rules or by the chair of the committee, shall be reported to the President who may take appropriate action.

(4) No member of any committee shall be allowed to vote by proxy nor shall a vote be conducted by poll.

(5) A **majority** of all the committee members present shall agree by their votes on the disposition of any matter considered by the committee.

See Rule 11.4—Majority action.

PART FOUR—COMMITTEES—VOTING

2.28—Taking the vote; post-meeting record of missed vote

(1) The chair shall declare the result of all votes and shall cause same to be entered on the records of the committee, but if any member questions the declared result of a voice vote, then by a show of hands by two (2) members the chair shall count the yeas and nays. When the committee is equally divided, the question shall be lost.

See Rule 1.20—Attendance, voting, and disclosure of conflicts.
See FLA. CONST. art. III, s. 4(c) Quorum and procedure.

(2) A member may request to:

- (a) Vote, or
- (b) Change his or her vote

before the results of a roll call are announced.

(3) After the result of a vote has been announced, a member with unanimous consent of those committee members present may record a vote or change his or her vote. If the vote alters the final action of the committee, no vote or change of vote shall be permitted unless the matter has been reconsidered by the committee. On request of a member prior to consideration of other business, the chair shall order a verification of a vote.

(4) After a committee meeting, an absent Senator may file with the committee an indication of how he or she would have voted if present. Such filing is for information only and shall have no effect upon the committee's meeting report.

2.29—Pair voting prohibited

No pair voting shall be permitted in a committee.

2.30—Casting vote for another

No Senator shall cast a vote for another Senator, nor shall any person not a Senator cast a vote for a Senator. In addition to such penalties as may be prescribed by law, any Senator who shall vote or attempt to vote for another Senator may be punished as the Senate may deem proper. Also, any person not a Senator who shall vote in the place of a Senator shall be excluded from the committee for the remainder of the session.

2.31—Explanation of vote; deferring a vote prohibited

No member shall be permitted to defer or explain his or her vote during a roll call, but may submit his or her explanation in writing and file it with the chair. This explanation shall be kept as part of the committee record and a copy filed with the Secretary.

PART FIVE—COMMITTEES—MOTIONS AND PRECEDENCE

2.32—Motions; how made, withdrawn

(1) Every procedural motion may be made orally. On request of the chair, a member shall submit his or her motion in writing.

(2) After a motion has been stated or read by the chair, it shall be deemed to be in possession of the committee without a second, and shall be disposed of by vote of the committee members present.

(3) The mover may withdraw a motion at any time before the same has been amended, or before a vote shall have commenced.

(4) The mover of a motion to reconsider may withdraw that motion only with the unanimous consent of those committee members present.

2.33—Motions; precedence

(1) When a question is under debate, the chair shall receive no motion except:

- (a) To adjourn
- (b) To take a recess
- (c) To reconsider instant passage of a main question
See Rule 2.35—Reconsideration generally.

- (d) To reconsider
See Rule 2.35—Reconsideration generally.
- (e) To limit debate or vote at a time certain
See Rule 2.50—Limitation on debate; vote at a time certain.
- (f) To temporarily postpone
See Rule 6.11—Temporarily postpone.
- (g) To amend
See Rule 2.39—Amendments, proposed committee substitutes, and proposed committee bills; form, deadlines, notice, manner of consideration; germanity.

which shall have precedence in the descending order given.

(2) The chair shall present all questions in the order in which they are moved unless the subsequent motion is of a higher precedence or a substitute of equal precedence.

(3) When a motion is under consideration, but prior to the commencement of the vote, a substitute motion shall be in order. Only one (1) substitute may be pending and the substitute shall be in the same order of precedence. If a substitute fails, another substitute of equal degree may be offered.

2.34—Division of question

A member may move for a division of a question when the sense will admit of it, which shall be decided by a **majority vote**. A motion to delete and insert shall be deemed indivisible; a motion to delete, being lost, shall neither preclude amendment nor a motion to delete and insert.

See Rule 6.3—Division of question.

2.35—Reconsideration generally

(1) When a question has been decided by a committee, any member voting with the prevailing side may move for reconsideration of the question.

(2) If a question has been decided by voice vote, any member may move for reconsideration, but such motion shall be out of order after the committee has moved on to other business.

See Rule 2.38—Reconsideration; collateral matters.

(3) A motion to reconsider final passage of a measure or the confirmation of an executive appointment may be made prior to or pending a motion to adjourn. It shall not be taken up or voted on when made but shall be a special and continuing order of business for the succeeding committee meeting. During such succeeding meeting, the mover of the original motion to reconsider may withdraw that motion by a **two-thirds (2/3) vote** of the members present. Unless taken up during such meeting, the motion to reconsider shall be considered abandoned.

(4) If the committee shall refuse to reconsider or, upon reconsideration, shall confirm its first decision, no further motion to reconsider shall be in order except upon unanimous consent of those committee members present.

See FLA. CONST. art. III, s. 4(c) Quorum and procedure.

(5) At the next succeeding meeting, the reconsideration of such motion may be made by any member prior to a motion to adjourn.

(6) During the last fourteen (14) days of a regular session, a motion to reconsider shall be made and taken up during the meeting at which the original vote was taken.

(7) A motion to reconsider instanter may be offered by a member voting on the prevailing side at the original meeting and shall be of a higher precedence than a motion to reconsider.

- (a) If the motion to reconsider instanter is agreed to by a **two-thirds (2/3) vote** of the members present, it shall supersede a motion to reconsider and place the main question again before the committee for further consideration, amendment, and debate.
- (b) If a motion to reconsider instanter is not agreed to, a motion to reconsider, if offered or pending as provided in subsection (3) of this Rule, shall be a special and continuing item on the committee agenda for the next meeting.

2.36—Reconsideration; vote required

The affirmative votes of a **majority** of the committee members present shall be required to adopt a motion to reconsider.

2.37—Reconsideration; debate allowed

Debate shall be allowed on a motion to reconsider only when the question proposed for reconsideration is debatable. When debate on a motion to reconsider is in order, no Senator shall speak thereon more than once nor longer than **five (5) minutes**.

2.38—Reconsideration; collateral matters

A motion to reconsider a collateral matter must be disposed of during the course of the consideration of the main subject to which it is related, and such motion shall be out of order after the committee has passed to other business.

PART SIX—COMMITTEES—AMENDMENTS

2.39—Amendments, proposed committee substitutes, and proposed committee bills; form, deadlines, notice, manner of consideration; germanity

(1) No amendment or proposed committee substitute to any measure, or no proposed committee bill on any committee agenda shall be considered by that committee unless the amendment, proposed committee substitute, or proposed committee bill was prepared in proper form as prescribed by the Secretary and filed with the committee administrative assistant at least twenty-four (24) hours prior to the noticed meeting time. For the purpose of this Rule, office hours are the weekdays of Monday through Friday, 8:00 a.m.–5:00 p.m. Copies of such amendment, proposed committee substitute, or proposed committee bill shall be made reasonably available by the committee administrative assistant before the meeting to the members of the committee and to the public.

- (a) After distribution of all timely filed amendments, amendments to amendments or substitute amendments may be filed to any measure to which an amendment was timely filed. Such amendments must be filed with the committee administrative assistant at least two (2) hours prior to the noticed meeting time.
- (b) After distribution of all timely filed proposed committee substitutes and proposed committee bills, amendments, amendments to amendments, or substitute amendments to any proposed committee substitute or proposed committee bill must be filed with the committee administrative assistant at least two (2) hours prior to the noticed meeting time.
- (c) Amendments to late-filed amendments, proposed committee substitutes, or proposed committee bills shall be considered timely filed if filed at least two (2) hours prior to the noticed meeting time.
- (d) After day fifty (50) of a regular session, an amendment, proposed committee bill, or proposed committee substitute to any measure prepared prior to a committee meeting at which it is offered shall be filed with the committee administrative assistant at least two (2) hours prior to the noticed meeting time.
- (e) The consideration of any amendment, proposed committee bill, or proposed committee substitute not timely filed in accordance with this Rule, including any filed during a committee meeting in which it is to be offered, requires a **two-thirds (2/3) vote** of those committee members present, if any member requests that such a vote be taken. These time requirements do not apply to a committee's recommendation during a meeting to make a committee substitute which is merely a combination of the noticed bill and amendment.

(2) An amendment shall be considered only after its sponsor, who is a member of the committee or the introducer of the pending bill, gains recognition from the chair to move its adoption. The first- or second-named co-introducer, or a member of the committee presenting the bill with permission of the chair, may move and explain an amendment sponsored by the introducer.

(3) An amendment shall be deemed pending only after its sponsor has been recognized by the chair and has moved its adoption. Amend-

ments that have been filed but have not been formally moved for adoption shall not be deemed to be pending.

(4) No proposition on a subject different from that under consideration shall be admitted in the form of an amendment.

2.40—Sequence of amendments to amendments

(1) An amendment to a pending amendment may be received, but until it is disposed of, no other motion to amend will be in order, except a substitute amendment or an amendment to the substitute. Such amendments are to be disposed of in the following order:

- (a) Amendments to the amendment are acted on before the substitute is taken up.
- (b) Amendments to the substitute are next voted on.
- (c) The substitute then is voted on.

(2) If a substitute amendment is adopted, it supersedes the main amendment and shall be treated as an amendment to the bill itself.

(3) The following third (3rd) degree amendments are out of order:

- (a) A substitute amendment for an amendment to the amendment.
- (b) A substitute amendment for an amendment to the substitute.
- (c) An amendment to an amendment to the amendment.
- (d) An amendment to an amendment to the substitute amendment.

See Rule 7.3—Sequence of amendments to amendments.

2.41—Deleting everything after enacting clause

A proposal to delete everything after the enacting clause of a bill, or the resolving clause of a resolution, and insert new language of the same or related subject as stated in the original title shall be deemed proper and germane and shall be treated as an amendment.

2.42—Amendment by section

The adoption of an amendment to a section shall not preclude further amendment of that section. If a bill is being considered section by section or item by item, only amendments to the section or item under consideration shall be in order. The chair, in recognizing members for the purpose of moving the adoption of amendments, shall endeavor to cause all amendments to section 1 to be considered first, then all those in section 2, and so on. After all sections have been considered separately, the entire bill shall be open for amendment.

2.43—Senate amendments to House bills

A House bill may be amended in the same manner as a Senate bill except that it may not be reported as a committee substitute.

2.44—Amendments by previous committees

Amendments recommended by all committees of reference shall accompany a bill when filed with the Secretary. No committee shall remove an amendment by another committee but may recommend an amendment to an amendment, or a substitute for an amendment, by

another committee. Any accompanying amendment shall be included in a subsequent committee substitute unless altered or negated by committee action. Amendments adopted by a committee to be incorporated in a committee substitute need not be filed with the Secretary as part of the reports required in Rules 2.15 and 2.16.

PART SEVEN—COMMITTEES—DECORUM AND DEBATE

2.45—Decorum and debate; proper forms of address

When a member desires to speak or present a matter to the committee, the member shall address himself or herself to “Mr. or Madam Chair” and, on being recognized, may address the committee and shall confine any remarks to the question under debate, avoiding personality. A member shall not address or refer to another member by his or her first name. A member shall use the appellation of “Senator” or such appellation and the surname of the member referred to or addressed.

2.46—Chair’s power to recognize

When two (2) or more members request to speak at once, the chair shall recognize the member who is to speak first.

2.47—Interruptions; when allowed

(1) No member shall be interrupted by another without the consent of the member who has the floor, except by:

- (a) Rising to a question of privilege;
- (b) Rising to a point of order requiring an immediate ruling;
- (c) Rising to appeal a decision of the chair concerning a point of order (provided the appeal is made immediately following the decision);
- (d) Rising to make a parliamentary inquiry requiring an immediate reply; or
- (e) Rising to question the existence of a quorum.

(2) The chair shall strictly enforce this Rule.

2.48—Speaking rights

(1) When a member is speaking and another member interrupts to request recognition, the chair may permit the person rising to state why he or she desires recognition. If the question the member desires to raise is entitled to precedence, the member originally speaking shall relinquish the floor until the question having precedence is disposed of. The member is then entitled to resume the floor.

(2) The member making a debatable motion or the introducer of a bill, whether or not a member of the committee, shall have **five (5) minutes** in order to close debate.

2.49—Time allowed for debate

No Senator shall speak longer than **ten (10) minutes** without yielding the floor, except by consent of a **majority** of those committee members present.

2.50—Limitation on debate; vote at a time certain

When a matter is under debate by the committee, a member may move to limit debate or vote at a time certain, and the motion shall be decided without debate. If time permits, the introducer of the pending matter on which debate would be limited shall have **five (5) minutes** to discuss the motion, and the introducer may divide such time with, or waive it in favor of, another member. If the question is decided in the affirmative by a **two-thirds (2/3) vote** of those committee members present, the debate shall be limited accordingly. The time allotted by such limitation shall be apportioned by the chair. Once limited, debate may be extended beyond the original debate time limit by a **majority vote** of the committee members present.

See Rule 8.6—Limitation on debate.

2.51—Priority of business; debate thereon

All questions relating to the priority of business shall be acted on and shall be decided without debate.

(5) When the change in language is so general that the use of these procedures would hinder, rather than assist, the understanding of the amendment, it shall not be necessary to use the coded indicators of words added or deleted but, in lieu thereof, a notation similar to the following shall be inserted immediately preceding the text of the provision being amended: “Substantial rewording of section. See s. [number], F.S., for present text.” When such notation is used, the notation as well as the substantially reworded text shall be underlined.

(6) The words to be deleted and the above-described indicators of such words and of new material are for information and guidance and shall not be considered to constitute a part of the bill under consideration.

(7) Section catchlines of existing text shall not be typed with underlining.

3.2—Bills for introduction

(3) A motion to waive this Rule shall be referred to the Rules Committee for a hearing and its advisory recommendation as to the existence of an emergency reasonably compelling consideration of a bill notwithstanding this Rule and a recommendation shall be reported back to the Senate. The Secretary shall number each bill to provide identity and control until a permanent number can be affixed.

See Rule 1.15—The Secretary examines legal form of bills for introduction and reference.

(4) Between regular sessions of the Legislature, bills may be filed by delivery to the Secretary.

3.8—Filed bills; consideration between regular sessions

(1) A filed bill complying with these Rules shall, in anticipation of the next regular session, be serially numbered in accordance with the permanent system required by these Rules.

(2) The Secretary shall provide each such numbered bill to the President for reference to a committee or committees pursuant to these Rules. The Secretary shall promptly forward each referenced bill to the first (1st) or only committee of reference. The Secretary shall make all filed bills available to each Senator, including the referencing data for

each bill, and a calendar of all committee hearings, including the bills noticed for hearing by each.

(3) Each bill considered by a committee and reported to the Secretary during the interim shall be introduced and read on the first (1st) day of the regular session, pursuant to the *State Constitution, Laws of Florida*, and these Rules. The Journal shall show the committee reference and the report of the committee.

(4) Prior to the introduction of a bill on the first (1st) day of the regular session, a Senator may give written notification to the Secretary to withdraw his or her bill from further consideration of the Senate.

3.9—Copies of bills

When filed, bills (including committee bills and committee substitute bills) shall be published by the Secretary for the information of the Senate and the public. The absence of a published copy shall not delay the progress of a measure at any stage of the legislative process. Sufficient copies of the general appropriations bill proposed to be introduced by the Appropriations Committee shall be made available to the members and, upon request, to the public, at the Office of the Secretary and at the committee's office, no less than two (2) hours prior to the time the Appropriations Committee meets to consider the proposed committee bill.

3.10—Identification of bills

Bills and other measures requiring legislative action shall be introduced in the order they are received by the Secretary. They shall be serially numbered with even numbers as introduced, without differentiation in number as to type. The Secretary shall mark the original copy of each measure to ensure its identification, and each page thereof, as the item introduced in order to prevent unauthorized or improper substitutions. This identification may be made by any device to accomplish the purpose of this Rule. Such device shall be in the custody of the Secretary, and its use by any person not authorized by this Rule is prohibited.

3.11—Companion measures; defined; substitution of House bills for Senate bills

(1) A companion measure shall be substantially the same and identical as to specific intent and purpose as the measure for which it is being substituted.

(2) When a Senate bill is reached on the calendar of the Senate for consideration, either on second (2nd) or third (3rd) reading, and there is also pending on the calendar of the Senate a companion measure already passed by the House, it shall be in order to move that the House companion measure be substituted and considered in lieu of the Senate measure.

- (a) Before a vote is taken on a substitution motion, the mover shall explain the differences between the Senate bill and the House bill.
- (b) A substitution motion may be adopted by a **majority vote** of those Senators present if the House companion measure is on the same reading; otherwise, the motion shall be to waive the Rules by a **two-thirds (2/3) vote** of those Senators present and read such House companion measure.

(1) Bills shall be approved for introduction by a Senator whose name is affixed to the original, or by any committee with the name of the

(3) A Senator who is not seeking or is ineligible for reelection and, therefore, will not be a Senator at the next regular session of the Legislature may not file a bill for that session. Once a Senator is no longer in office, any bill filed by that Senator for a current or future session of the Legislature shall be deemed withdrawn from further consideration of the Senate unless the bill has a co-introducer who, within seven (7) days, agrees to become the introducer of the bill.

3.13—Fiscal notes

(1) Upon being favorably reported by a committee, all general bills or joint resolutions affecting revenues, expenditures, or fiscal liabilities of state or local governments shall be accompanied by a fiscal note. Fiscal notes shall reflect the estimated increase or decrease in revenues or expenditures. The fiscal note shall not express opinion relative to the merits of the measure, but may identify technical defects.

(2) Fiscal notes on bills affecting any state retirement system shall be prepared after consultation with an actuary who is a member of the Society of Actuaries, and the cooperation of appropriate state agencies for necessary data shall be solicited.

(3) Fiscal notes shall be regarded as memoranda of factual information and shall be made available to Senators.

(4) If a bill or joint resolution is reported favorably by a committee without a fiscal note or economic impact statement, as defined in this Rule, a Senator may at any time prior to final passage raise a point of order, and the President shall order return of the bill or joint resolution to the committee. A fiscal note prepared for a Senate bill or joint resolution shall be presumed as prepared also for its House companion for the purposes of point of order.

RULE FOUR

Weekend calendars may be prepared when necessary to provide notice of meetings on Saturday or Sunday.

See Rule 4.16—Consideration out of regular order.

(3) Certain messages from the House of Representatives may be withheld from the Daily Order of Business pursuant to Rule 1.18 or on order of the President. Notwithstanding Rule 4.3(1), the Senate may, at the direction of the President, take up messages from the House at any time.

See Rule 1.15(4)—The Secretary examines legal form of bills for introduction and reference.

4.5—Conference committee report

(1) The report of a conference committee shall be read to the Senate after which the vote shall be:

- (a) on adoption or rejection of the conference report and, if adopted, the vote shall then be

(4) Except when the Senate is voting on a proposition, reports of conference committees shall always be in order.

4.6—Reference generally

(1) All bills, including those that are strictly local in nature, shall be referred by the President to appropriate committees and standing subcommittees. General appropriations bills, appropriations implementing bills, trust fund bills, and appropriations conforming bills introduced by the Appropriations Committee may be placed on the calendar without reference.

(2) Bills received by the President during a regular session and within three (3) weeks next preceding the convening of a regular session shall be referred within seven (7) days. Upon failure of the President to reference such bills within this limitation, they shall be referred to committees recommended by the introducer. In the event of extended absence of the President or the President's disability or incapacity, the President Pro Tempore shall assume the duty of referring bills.

(3) When the Legislature is not in session, the President may change or correct a bill reference by notice to the Secretary and the bill introducer.

See Rule 1.15—The Secretary examines legal form of bills for introduction and reference.

4.7—Reference to more than one committee; effect

(1) When a bill receives more than one (1) reference, it shall be considered by each committee separately in the order in which the references are made. However, if any committee to which the bill is referred makes an unfavorable report on said bill, that report shall be filed with the Senate and no further consideration given by other committees except by a **two-thirds (2/3) vote** of those Senators present while sitting.

(2) If a committee reports a bill favorably with committee substitute or with any amendment that substantially amends the bill, the President may change or correct the reference of the reported bill within seven (7) days after the filing of the report. (4) A bill that is amended to substantially affect appropriations or tax revenue, a state retirement program, or expenditures or revenues as set forth in Article VII, Section 18 of the *State Constitution* may, before being placed before the Senate for final passage, be referred by the President along with all amendments to the appropriate revenue or appropriations committee.

4.81—Claim bills

(1) Claim bills are of two (2) types: excess judgment claims filed pursuant to section 768.28(5), *Florida Statutes*, and equitable claims filed without an underlying excess judgment.

(2) A claim bill filed by a current serving Senator must be filed by the first (1st) Friday in August ~~August 1~~ to be considered by the Senate during the next regular session. A claim bill filed by a newly elected Senator must be filed by the sixth (6th) Friday within thirty (30) days after election or before the first scheduled interim committee meeting, whichever is later. A claim bill that is filed after the deadline may not be considered by the Senate without approval of the Rules Committee. A motion to introduce a claim bill notwithstanding the claim bill filing deadline shall be referred to the Rules Committee for a hearing and a determination as to the existence of an emergency reasonably compelling consideration of a claim bill notwithstanding the claim bill filing deadline. A House claim bill that does not have a Senate companion claim bill timely filed under this Rule shall not be considered by the Senate. Any motion to consider a House claim bill that does not have a timely filed Senate companion bill shall be referred to the Rules Committee for a hearing and a determination as to the existence of an emergency reasonably compelling consideration of a claim bill notwithstanding the claim bill filing deadline. The determination by the Rules Committee shall be reported back to the Senate. Upon a de-

termination by the committee that an emergency does exist, the motion may be considered by the Senate and must be adopted by a **two-thirds (2/3) vote** of those Senators present.

(3) If the President determines that a hearing is necessary to determine liability, proximate cause, and damages, a special master shall conduct a *de novo* hearing pursuant to reasonable notice.

In order to carry out the special master's duties, a special master may request the President to issue subpoenas, subpoenas duces tecum, and other necessary process to compel the attendance of witnesses and the production of any books, letters, or other documentary evidence which the special master deems relevant to the evaluation of a claim. The President may issue said process at the request of the special master.

The special master shall administer an oath to all witnesses, accept relevant documentary and tangible evidence properly offered, record the proceedings, and prepare a final report containing findings of fact, conclusions of law, and recommendations. The report shall be signed by the special master who shall be available, in person, to explain his or her report to the committees and to the Senate.

(4) All claim bills shall be referred by the President to one (1) or more committees for review. The Secretary shall deliver each claim bill and the special master's report and recommendations, if any, to the committees of reference when the bill is placed on an agenda.

(5) Stipulations entered into by the parties are not binding on the special master, the Senate, or its committees.

(6) The hearing and consideration of a claim bill shall be held in abeyance until all available administrative and judicial remedies have been exhausted; except that the hearing and consideration of a claim that is still within the judicial or administrative systems may proceed where the parties have executed a written settlement agreement. This subsection does not apply to a bill which relates to a claim of wrongful incarceration.

(7) All materials provided by litigants and others in connection with claim bills shall be submitted in a digital form prescribed by the Secretary.

See Rule 3.12—Introducers of bills; co-introducers; introducers no longer Senators.

4.10—Reference of a bill to different committee or removal from committee

(1) After the President has referred a bill, the Rules Chair may move for reference to a different committee or for removal from any committee after the introducer of the bill has filed a request with the Rules Chair signed by the chair of the affected committee, the Rules Chair, and the President. This motion may be adopted by a **two-thirds (2/3) vote** of those Senators present.

(2) Notwithstanding these Rules, a Senator may, during the day of introduction of filed bills, but no later than under the Order of Business of "Motions Relating to Committee Reference" on the second (2nd) day on which the Senate sits, move for reference to a different committee or for removal from a committee. This motion may be adopted by a **two-thirds (2/3) vote** of those Senators present.

4.11—Papers of miscellaneous nature; spreading remarks on the Journal

(1) Papers of a miscellaneous nature addressed to the Senate may, at the discretion of the President, be read, noted in the Journal, or filed with an appropriate committee. When there is a demand to read a paper other than one on which the Senate is called to give a final vote and the same is objected to by any Senator, it shall be determined by a **majority vote** of those Senators present.

(2) A **two-thirds (2/3) vote** shall be required to spread remarks upon the Journal.

4.12—Reading of bills and joint resolutions

Each bill or joint resolution shall be read on three (3) separate days before a vote on final passage unless decided otherwise by a **two-thirds (2/3) vote** of those Senators present as provided in Article III, Section 7 of the *State Constitution*.

See FLA. CONST. art. III, s. 7 Passage of bills.

See FLA. CONST. art. XI, s. 1 Proposal by legislature.

4.13—Reading of concurrent resolutions and memorials

(1) Each concurrent resolution or memorial shall be read by title on two (2) separate days before a voice vote on adoption, unless decided otherwise by a **two-thirds (2/3) vote** of those Senators present.

(2) Concurrent resolutions pertaining to a joint legislative session, a session extension, joint rules, procedure, organization, recalling a bill from the Governor, or setting an effective date for a bill passed over the Governor's veto may be read a first (1st) and second (2nd) time, and adopted on the same day.

4.14—Reading of Senate resolutions

Unless referred to a standing committee, on introduction, each Senate resolution shall be read two (2) times on the same day by title only before the question is put on adoption by voice vote.

4.15—Referral or postponement on third (3rd) reading

After its third (3rd) reading, a bill or joint resolution shall not be referred or committed (except as provided under Rule 4.8) or amended (except a corrective or title amendment) except by a **two-thirds (2/3) vote** of those Senators present, nor shall the vote on passage be postponed to a day certain without the consent of a **majority** of those Senators present.

See Rule 6.2—Motions; precedence.

4.16—Consideration out of regular order

A bill shall be considered out of regular order on the calendar on unanimous consent of those Senators present obtained in the following manner: prior to the consideration of the motion, the Senator moving for unanimous consent of those Senators present shall orally give the membership not fewer than **fifteen (15) minutes** notice of his or her intention to move and shall specify the number of the bill and its position on the calendar. On entertainment of the motion, the moving Senator shall be allowed **one (1) minute** to explain his or her purpose, and unanimous consent of those Senators present shall be given or refused without further debate.

See Rule 4.3(2)—Daily Order of Business.

4.17—Procedure to establish Special Order Calendars and Consent Calendars

(1) Commencing fifteen (15) days prior to a regular session and continuing through any extension thereof, the Rules Chair, Majority

Leader, and Minority Leader shall together submit a Special Order Calendar determining the list of bills for consideration by the Senate. The President shall determine the order in which such bills appear on the published Special Order Calendar.

(2) A Special Order Calendar submitted for the first (1st) day, second (2nd) day, or last fourteen (14) days of a regular session shall be published in one (1) daily calendar and may be considered on the day of publication. A Special Order Calendar for any other day during a regular session shall be published in two (2) daily calendars and may be considered on the second (2nd) day of publication.

- (a) Bills that had been scheduled for a Special Order Calendar for a previous sitting may be included in the next Special Order Calendar.
 - (b) A bill appearing on a Special Order Calendar may be stricken by a **two-thirds (2/3) vote** of those Senators present.
 - (c) A bill appearing on the calendar of bills on second (2nd) reading may be added to the end of the Special Order Calendar by a **two-thirds (2/3) vote** of Senators present.
 - (d) All bills set as Special Orders for consideration at the same hour shall take precedence in the order in which they were given preference.
 - (e) A Special Order Calendar may not be submitted by the Rules Chair, Majority Leader, and Minority Leader and considered by the Senate on the same day.
- (3) A **two-thirds (2/3) vote** of those Senators present shall be required to establish a Special Order except as provided in this Rule.
- (4) Notice of date, time, and place for the establishment of the Special Order Calendars shall be published in at least one (1) Senate calendar or by announcement from the floor.
- (5) With the approval of the President, the Rules Chair may submit a Consent Calendar to be presented in conjunction with the Special Order Calendars.
- (a) When such a day is designated, all bills appearing on the Consent Calendar shall be considered in their order of appearance.
 - (b) Amendments shall be limited to accompanying committee amendments, noncontroversial and technical amendments, and amendments required to conform a House companion bill to the Senate bill.
 - (c) When a Senator objects to consideration of a bill on a Consent Calendar, the bill shall be removed from the Consent Calendar but retain its order on the Second (2nd) Reading Calendar.
 - (d) All Consent Calendar bills must have appeared in at least one (1) daily calendar.

4.18—Local Bill Calendar

Local bills shall be disposed of according to the calendar of bills of a local nature and shall be considered only at such time as determined by the Rules Chair and approved by the President. Any Senator from the delegation for the local area affected by a bill on the Local Bill Calendar may object to consideration of the bill and the bill shall be removed from such calendar.

4.19—Order after second (2nd) reading

(1) After a Senate bill has been read a second (2nd) time and amended and all questions relative to it have been disposed of, it shall be referred to the engrossing clerk to be immediately engrossed. It shall then be placed on the calendar of bills on third (3rd) reading to be considered during the next Senate sitting.

(2) Amendments filed with the Secretary, but not formally moved, shall not be construed as pending and shall not deter advancement of a bill to third (3rd) reading.

(3) A bill shall be available for its third (3rd) reading when it has been read a second (2nd) time on a previous day and no motion left pending.

(4) Bills calendared for second (2nd) or third (3rd) reading shall not be considered on such reading until reached in the proper order and read by title as directed by the President.

4.20—Enrolling

The Secretary shall be responsible for the enrolling of Senate bills. After enrollment, all bills shall be signed by the President and the Secretary and the enrolling report shall be published in the Journal.

See FLA. CONST. art. III, s. 7 Passage of bills.

4.21—Veto messages

Veto messages shall be referred to the Rules Committee.

See FLA. CONST. art. III, s. 8 Executive approval and veto.

RULE FIVE

VOTING

5.1—Taking the yeas and nays; objection to voting conflicts

(1) The President shall declare all votes, but, if five (5) Senators immediately question the declared result of a voice vote by a show of hands, the President shall take the vote by yeas and nays or electronic roll call. When taking yeas and nays on any question, the electronic roll call system may be used and shall have the force and effect of a roll call taken as provided in these Rules. This system may also be used to determine the presence of a quorum. When the Senate is ready to vote on a question requiring roll call and the vote is by electronic roll call, the President shall state: "The Secretary will unlock the board and Senators prepare to vote." When sufficient time has elapsed for each Senator to vote, the President shall say: "Have all Senators voted?" And, after a short pause, shall state: "The Secretary will now lock the board and record the vote." When the vote is completely recorded, the President shall announce the result to the Senate; and the Secretary shall enter the result in the Journal. When the Senate is equally divided, the question shall be lost.

(2) A point of order questioning the decision of a Senator not to abstain from voting on account of a conflict of interest may be raised after the vote has been recorded and before the result is announced.

See Rule 1.20—Attendance, voting, and disclosure of conflicts.

See Rule 1.39—Disclosure of conflict of interest and prohibition on voting thereon.

See FLA. CONST. art. III, s. 4(c) Quorum and procedure.

5.2—Change of vote; votes after a roll call; vote verification

(1) After the result of the vote has been announced by the President, a Senator with unanimous consent of those Senators present may change his or her vote or cast a late vote on the matter.

(2) Records of vote change and after the roll call requests shall be available at the Secretary's desk throughout the day's sitting.

(3) An original roll call shall not be altered, but, if no objection is raised before the close of business that day, timely filed changes of votes and votes after the roll call shall be accepted and recorded under the original roll call in the Journal.

(4) No such change of vote or vote after the roll call request shall be accepted if such vote would alter the result of the vote on final passage of the matter until the matter shall first have been returned to the desk and reconsidered.

(5) On request of a Senator before considering other business, the President shall order a verification of a vote.

5.3—Casting vote for another; quorum

(1) No Senator shall cast a vote for another Senator unless the Senator is present in the Chamber area and requests the casting of said vote, nor shall a person not a Senator cast a vote for a Senator. No Senator shall cast a vote for another Senator during a quorum call.

(2) A Senator who shall, without such authorization, vote or attempt to vote for another Senator may be punished as the Senate may deem proper.

(3) A person not a Senator who votes in the place of a Senator shall be excluded from the Chamber for the remainder of the session.

5.5—Explanation of vote

No Senator shall be permitted to explain his or her vote during a roll call but may submit a brief explanation in writing to the Secretary, who shall enter it in the Journal.

See Rule 2.31—Explanation of vote; deferring a vote prohibited.

5.6—Election by ballot

In all cases of ballot, a **majority** of the votes cast shall be necessary to an election. If, however, no one is elected on the first three (3) ballots, the names after the top two (2) in number of votes received on the third (3rd) tally shall be dropped, and the Senate shall ballot on the two (2) names remaining.

RULE SIX

MOTIONS AND PRECEDENCE

6.1—Motions; how made, withdrawn

(1) Procedural motions may be made orally. On request of the President, a Senator shall submit his or her motion in writing. After a motion has been stated or read by the President, it shall be deemed to be in possession of the Senate and, without a second, shall be disposed of by vote of the Senate.

(2) The mover may withdraw a motion, except a motion to reconsider, as hereinafter provided, at any time before the same has been amended or before the vote shall have commenced.

6.2—Motions; precedence

(1) When a question is under debate, the President shall receive no motion except:

- (a) To reconsider and leave pending a main question
See Rule 6.4—Reconsideration generally.
- (b) To adjourn
 1. At a time certain
 2. Instanter
See FLA. CONST. art. III, s. 3(e) Sessions of the legislature.
- (c) To recess
See Rule 1.2—The President calls the Senate to order; informal recess.
- (d) Questions of privilege
See Rule 8.11—Questions of privilege.
- (e) To proceed to the consideration of executive business
- (f) To reconsider
See Rule 6.4—Reconsideration generally.
- (g) To limit debate
See Rule 8.6—Limitation on debate.
- (h) To temporarily postpone
See Rule 6.11—Temporarily postpone.
- (i) To postpone to a day certain
- (j) To commit to a standing committee
See Rule 4.15—Referral or postponement on third (3rd) reading.
- (k) To commit to a select committee
See Rule 4.15—Referral or postponement on third (3rd) reading.
- (l) To amend
See Rule 7—Amendments.
- (m) To postpone indefinitely
See Rule 6.9—Motion to indefinitely postpone.

which shall have precedence in the descending order given.

(2) The President shall present all questions in the order in which they are moved unless the subsequent motion is of a higher precedence.

(3) Motions for the previous question and to lay on the table shall not be entertained.

(4) When a motion is under consideration, but prior to the commencement of the vote, a substitute motion shall be in order. Only one (1) substitute shall be considered concurrently and the substitute shall be in the same order of precedence.

(5) A motion to discharge Senate conferees and to appoint or instruct said conferees as set forth in Rule 2.19 is a motion of the highest privilege and this motion shall have precedence over all other questions except motions to adjourn or recess and questions of privilege.

6.3—Division of question

(1) A Senator may move for a division of a question when the sense will admit of it, which shall be decided by a **majority vote**.

(2) A motion to delete and insert shall be deemed indivisible; a motion to delete, being lost, shall neither preclude amendment nor a motion to delete and insert.

6.4—Reconsideration generally

(1) When a main question (the vote on passage of a measure, including a vote on a veto message, confirmation of executive appointments, removal or suspension from office) has been decided by the Senate, a Senator voting with the prevailing side may move for reconsideration of the question on the day the matter was decided or on the next day on which the Senate sits.

- (a) If the question has been decided by voice vote, any Senator may move for reconsideration thereof.
- (b) When a **majority** of those Senators present vote in the affirmative on the question but the proposition is lost because it is one in which the concurrence of more than a **majority** of those Senators present is necessary for adoption or passage, any Senator may move for reconsideration.

(2) Such motion to reconsider may be made prior to or pending a motion to recess or adjourn.

(3) Consideration of a motion to reconsider shall be a special and continuing order of business for the Senate at its next sitting and, unless taken up under the proper order of business on that day by motion of any Senator, shall be deemed abandoned. If the Senate shall refuse to reconsider or, on reconsideration, shall confirm its first decision, no further motion to reconsider shall be in order except on unanimous consent of those Senators present.

(4) During the last fourteen (14) days of a regular session, a motion to reconsider shall be considered when made.

6.5—Reconsideration; vote required

The affirmative votes of a **majority** of those Senators present shall be required to adopt a motion to reconsider.

6.6—Reconsideration; debate; time limits

Debate shall be allowed on a motion to reconsider only when the question which it is proposed to reconsider is debatable. When the question is debatable, no Senator shall speak thereon more than once or longer than **five (5) minutes**.

6.7—Reconsideration; collateral matters and procedural motions

A motion to reconsider a collateral matter must be disposed of during the course of the consideration of the main subject to which it is related, and such motion shall be out of order after the Senate has passed to other business. Reconsideration of a procedural motion shall be considered on the same day and at the same time it is made.

6.8—Reconsideration; Secretary to hold for period

The Secretary shall hold all bills for the period after passage during which reconsideration may be moved. The adoption of a motion to waive the Rules by a **two-thirds (2/3) vote** of those Senators present and

immediately certify any bill to the House shall be construed as releasing the measure from the Secretary's possession for the period of reconsideration and shall, thereafter, preclude reconsideration. Unless otherwise directed by the President, during the last fourteen (14) days of a regular session and during any extension thereof, or during a special session, bills shall be immediately transmitted to the House. Messages relating to Senate action on House amendments or to conference committee reports shall be transmitted by the Secretary forthwith.

See Rule 1.17—The Secretary transmits bills to the House of Representatives.

See Rule 6.4—Reconsideration generally.

6.9—Motion to indefinitely postpone

A motion to indefinitely postpone is debatable and, if approved, shall dispose of a measure for the duration of the legislative session and all extensions thereof. A motion to postpone consideration to a time beyond the last day allowed under the State Constitution for the current legislative session shall be construed as a motion to indefinitely postpone. Motions to indefinitely postpone shall not be applicable to collateral matters.

6.10—Committee substitute; withdrawn

Once a bill has been reported as a committee substitute, it may be withdrawn from further consideration only by motion of the introducer and unanimous consent of the Senators present.

6.11—Temporarily postpone

(1) The motion to temporarily postpone shall be decided without debate and shall cause a measure to be set aside but retained on the desk.

(2) ~~If a main question has been temporarily postponed after having been debated or after motions have been applied and is not brought back up during the same sitting, it shall be placed under the order of unfinished business on the Senate calendar.~~ If a main question is temporarily postponed before debate has commenced or motions have been applied, its reading shall be considered a nullity and the bill shall retain its original position on the order of business during that sitting; otherwise, the bill reverts to the status of bills on second (2nd) or third (3rd) reading, as applicable.

(3) The motion to return to consideration of a temporarily postponed main question shall be made under the proper order of business when no other matter is pending.

(4) If applied to a collateral matter, the motion to temporarily postpone shall not cause the main question to be carried with it. After having been temporarily postponed, if a collateral matter is not brought back before the Senate in the course of consideration of the adhering or main question, it shall be deemed abandoned.

RULE SEVEN

AMENDMENTS

7.1—General form; germanity requirement; notice; manner of consideration; filing deadlines

(1) No main amendment to a bill on any Senate calendar shall be considered by the Senate unless the amendment was prepared in proper form and filed with the Secretary no later than 2:00 p.m. the day before it is to be offered at a sitting.

(2) Substitutes for main amendments shall be filed by 4:00 p.m. and amendments to main amendments and amendments to substitute amendments by 5:00 p.m.

(3) No proposition on a subject different from that under consideration shall be admitted in the form of an amendment.

(4) Copies of such amendments shall be made reasonably available by the Secretary before the sitting, upon request, to the Senators and to the public.

(5) Consideration of all amendments not timely filed in accordance with this Rule requires a **two-thirds (2/3) vote** of those Senators present, if any Senator requests that such vote be taken.

(6) Amendments shall be filed with the Secretary on forms prescribed by the Secretary but shall be considered only after sponsors gain recognition from the President to move their adoption, except that the chair of the committee (or, in the chair's absence, the vice chair or any member thereof) reporting the measure under consideration shall have preference for the presentation of committee amendments.

(7) An amendment shall be deemed pending only after its sponsor has been recognized by the President and has moved its adoption. Amendments that have been filed with the Secretary but have not been formally moved for adoption shall not be deemed to be pending.

(8) The following bills are out of order and shall not be admitted or considered in the form of an amendment to a bill on the calendar and under consideration by the Senate:

- (a) Bills that have received an unfavorable committee report.
- (b) Bills that have been withdrawn from further consideration by the introducer.
- (c) Bills the substance of which have not been reported favorably by all committees of reference.
- (d) Bills that have not been published in at least one (1) daily calendar under Bills on Second (2nd) Reading.

Amendments covered by this Rule shall be substantially the same and identical as to specific intent and purpose as the measures described in paragraphs (a), (b), (c), or (d).

(9) Reviser's bills may be amended only by making deletions.

7.2—Adoption

(1) On second (2nd) reading, amendments may be adopted by a **majority vote** of those Senators present.

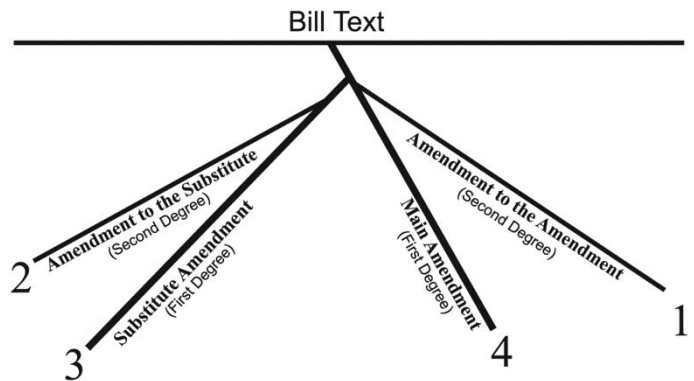

(2) On third (3rd) reading, amendments and amendments to amendments, including substitute amendments and amendments to a substitute amendment, shall be adopted by a **two-thirds (2/3) vote** of those Senators present.

(3) On third (3rd) reading, amendments to the title or corrective amendments may be decided, without debate, by a **majority vote** of those Senators present.

See Rule 4.15—Referral or postponement on third (3rd) reading.

7.3—Sequence of amendments to amendments

(1) An amendment to a pending amendment may be received, but until it is disposed of, no other motion to amend will be in order, except a substitute amendment or an amendment to the substitute. Such amendments are to be disposed of in the following order:

- (a) Amendments to the amendment are acted on before the substitute is taken up. Only one (1) amendment to the amendment may be pending.
- (b) Amendments to the substitute are next voted on.
- (c) The substitute then is voted on.

(2) If a substitute amendment is adopted in place of an original main amendment, it shall be treated as an amendment to the bill itself.

(3) The following third (3rd) degree amendments are out of order:

- (a) A substitute amendment for an amendment to the amendment.
- (b) A substitute amendment for an amendment to the substitute.
- (c) An amendment to an amendment to the amendment.
- (d) An amendment to an amendment to the substitute amendment.

7.4—Deleting everything after enacting clause

An amendment deleting everything after the enacting clause of a bill, or the resolving clause of a resolution, and inserting new language of the same or related subject as stated in the original title shall be deemed proper and germane.

7.5—Amendment by section

Adoption of an amendment to a section shall not preclude further amendment of that section. If a bill is being considered section by section or item by item, only amendments to the section or item under consideration shall be in order. The President, in recognizing Senators for the purpose of moving the adoption of amendments, shall endeavor to cause all amendments to section 1 to be considered first, then all those in section 2, and so on. After all sections have been considered separately, the entire bill shall be open for amendment.

7.6—Printing in Journal

All amendments taken up by the Senate unless withdrawn shall be printed in the Journal, except that an amendment to the general appropriations bill constituting an entirely new bill shall not be printed until the filing of the conference committee report. All item amendments to the general appropriations bill shall be printed.

7.7—Senate amendments to House bills

A House bill may be amended in the same manner as a Senate bill. If a House bill is amended, this action shall be noted by the Secretary on the jacket before it is transmitted to the House.

7.8—House amendments to Senate bills

(1) After the reading of a House amendment to a Senate bill, the Senate may consider the following motions in order of their precedence:

- (a) Amend the House amendment,
- (b) Concur in the House amendment,
- (c) Refuse to concur in the House amendment and ask the House to recede, or
- (d) Request a conference committee.

(2) The adoption of any of the foregoing motions shall be by **majority vote** of those Senators present.

7.9—House refusal to concur in Senate amendment

(1) If the House shall refuse to concur in a Senate amendment to a House bill, the Senate may consider the following motions in order of their precedence:

- (a) Recede,
- (b) Insist that the House concur and request a conference committee, or
- (c) Insist that the House concur.

(2) The adoption of any of the foregoing motions shall be by **majority vote** of those Senators present.

RULE EIGHT

DECORUM AND DEBATE

8.1—Decorum and debate

(1) When a Senator desires to speak or present a matter to the Senate, the Senator shall rise at his or her seat and address himself or herself to “Mr. or Madam President” and, on being recognized, may address the Senate from his or her desk or from the well of the Senate and shall confine any remarks to the question under debate, avoiding personality.

(2) A Senator shall not address or refer to another Senator by his or her first name. A Senator shall use the appellation of “Senator” or such appellation and the district number of the Senator being addressed, or a Senator may also use such appellation and the surname of the Senator referred to or addressed.

8.2—Presiding officer’s power of recognition

When two (2) or more Senators rise at once, the presiding officer shall recognize the Senator who is to speak first.

8.3—Interruptions; when allowed

(1) No Senator shall be interrupted by another without the consent of the Senator who has the floor, except by:

- (a) Rising to a question of privilege;
- (b) Rising to a point of order requiring an immediate ruling;
- (c) Rising to appeal a decision of the presiding officer concerning a point of order (if the appeal is made immediately following the decision);
- (d) Rising to make a parliamentary inquiry requiring an immediate reply; or
- (e) Rising to question the existence of a quorum.

(2) The presiding officer shall strictly enforce this Rule.

8.4—Senator speaking, rights

(1) When a Senator is speaking and another Senator interrupts to request recognition, the presiding officer may ask the person rising to state why he or she desires the floor. If the question the Senator desires to raise is of higher precedence than the pending question, the Senator originally speaking shall relinquish the floor until the question having precedence is disposed of. The Senator then is entitled to resume the floor.

(2) The Senator making a debatable motion or the introducer of a bill shall have **five (5) minutes** in order to close debate.

8.5—Limit on speaking

No Senator shall speak longer than **thirty (30) minutes** without yielding the floor, except by consent of a **majority** of those Senators present.

8.6—Limitation on debate

When a matter is under debate by the Senate, a Senator may move to limit debate, and such motion shall be decided without debate, except the introducer of the matter on which debate would be limited shall have **five (5) minutes** to discuss said motion. If, by a **two-thirds (2/3) vote** of those Senators present, the question is decided in the affirmative, debate shall be limited accordingly. Debate may be further extended by a **majority vote**.

8.7—Points of order, parliamentary inquiry, definitions

(1) A “point of order” is the parliamentary device used to require a deliberative body to observe its own rules and to follow established parliamentary practice.

(2) A “parliamentary inquiry” is a request for information from the presiding officer:

- (a) About business pending or soon to be pending before the Senate; or

- (b) A device for obtaining a predetermination of a rule or a clarification thereof which may be presented in hypothetical form.

8.9—Appeals

The ruling of a presiding officer may be appealed. The appeal of a decision of the presiding officer must be made promptly before debate has concluded or other business has intervened. A point of order on any other question is not in order while an appeal is pending, but a point of order relating to the appeal may be raised; and, if the determination of the appeal is dependent on this point, it may be decided by the presiding officer. This second (2nd) decision is also subject to appeal.

8.10—Appeals debatable

An appeal of a decision of the presiding officer on a point of order is debatable even though the question from which it arose was not debatable.

8.11—Questions of privilege

- (1) Questions of privilege have two (2) forms:
- (a) Privilege of the Senate—Those affecting the rights of the Senate collectively, its safety, dignity, and the integrity of its proceedings; and
 - (b) Privilege of a Senator—The rights, reputation, and conduct of Senators individually, in their representative capacity only.
- (2) These shall have precedence over all other questions except motions to adjourn or recess. A question of privilege affecting the Senate takes precedence over a question of privilege affecting an individual Senator.

RULE NINE

LOBBYING

9.1—Those required to register

All persons (except those specifically exempted) who seek to encourage the passage, defeat, or modification of legislation in the Senate or before its committees shall, before engaging in such activity, register as prescribed by law and the Joint Rules of the Florida Legislature.

9.2—Obligations of lobbyist

(1) A lobbyist shall supply facts, information, and opinions of principals to legislators from the point of view from which he or she openly declares. A lobbyist shall not offer or propose anything to improperly influence the official act, decision, or vote of a legislator.

(2) A lobbyist, by personal example and admonition to colleagues, shall uphold the honor and dignity of the Chamber in all of his or her dealings with the Senate.

(3) A lobbyist shall not knowingly and willfully falsify a material fact or make any false, fictitious, or fraudulent statement or representation or make or use any writing or document knowing the same contains any false, fictitious, or fraudulent statements or entry.

(4) A lobbyist may not make any expenditure prohibited by section 11.045(4)(a), *Florida Statutes*, or by law.

9.3—Lobbyists' requirements

A lobbyist shall adhere to the statutory requirements for lobbyists provided by law and the Joint Rules.

9.35—Contributions during sessions

During a regular legislative session, and during an extended or special session as further provided for in Rule 1.361(2), a lobbyist may not directly or indirectly contribute to a Senator's own campaign, or to any organization that is registered, or should have been registered, with the Rules Committee pursuant to Rule 1.361(3).

9.4—Advisory opinions

(1) A lobbyist, when in doubt about the applicability and interpretation of Rule Nine in a particular context, may submit in writing a statement of the facts involved to the Rules Committee and may appear in person before said committee.

(2) The Rules Committee may render advisory opinions to any lobbyist who seeks advice as to whether or not the facts in a particular case will constitute a violation of these Rules. All opinions shall delete names and be numbered, dated, and published in the Journal.

9.5—Compilation of opinions

The Secretary shall compile all advisory opinions of the Rules Committee.

9.6—Violations; investigations, penalties

(1) Any person may file a sworn complaint with the Rules Chair alleging a violation of the Rules regulating the conduct and ethics of lobbyists. The complainant shall also file a copy of the sworn complaint with the Senate General Counsel.

The complaint shall be based on personal knowledge, shall state detailed facts, shall specify the actions of the named lobbyist which form the basis for the complaint, shall attach all documentation on which the complaint is based, and shall identify the specific Rule alleged by the complainant to have been violated by the lobbyist.

- (a) Upon a determination by the Rules Chair that the complaint fails to state facts supporting a finding of a violation of the Senate Rules, the complaint shall be dismissed.
- (b) Upon a determination by the Rules Chair that the complaint states facts that, if true, would be a violation of the Senate Rules, the complaint shall be referred to a special master or select committee to determine probable cause. If a select committee is appointed, it shall be comprised of an odd number of members.

1. The special master or select committee shall give reasonable notice to the lobbyist who is alleged to have violated the Rules, shall conduct an investigation, and shall grant the lobbyist an opportunity to be heard. A report and recommendation shall then be prepared.
2. The report and recommendation is advisory only and shall be presented to the Rules Chair and the President as soon as practicable after the close of the investigation.
3. If the report and recommendation conclude that the facts do not support a finding of probable cause, the complaint shall be dismissed by the Rules Chair.
4. If the complaint is not dismissed, another select committee will be appointed and shall consider the report and recommendation, shall grant the lobbyist an opportunity to be heard, and shall develop its own recommendation.
5. If the select committee votes to dismiss the complaint, the chair shall dismiss the complaint.
6. Otherwise, the report and recommendation and the recommendation of the select committee shall be presented to the President.
7. The President shall present the committee's recommendation, along with the report and recommendation, to the Senate for final action.

(2) The Rules Chair shall act within thirty (30) days of receipt of a complaint, unless a concurrent jurisdiction is conducting an investigation, in which case a decision may be deferred until such investigation is complete.

(3) Nothing in this Rule prohibits a Rules Chair from allowing a lobbyist to correct or prevent an inadvertent, technical, or otherwise *de minimis* violation by informal means.

(4) Nothing in this Rule prohibits the Rules Chair or a select committee appointed pursuant to this Rule from recommending a consent decree if agreed to by the lobbyist. The decree shall state findings of fact

and set forth an appropriate penalty. If the Senate accepts the consent decree, the complaint shall be deemed resolved.

(5) Separately from any prosecutions or penalties otherwise provided by law, any person determined to have violated the requirements of Rule Nine shall be admonished, censured, reprimanded, placed on probation, or prohibited from lobbying for the duration of the session and from appearing before any Senate committee. Such determination shall be made by a **majority vote** of the Senate.

9.7—Committees to be diligent

Committees shall be diligent to ascertain whether those who appear before them, in other than an obviously individual capacity, have conformed to the requirements of Rule Nine, the Joint Rules, and any other applicable law, and shall report violations. No committee member shall knowingly permit an unregistered lobbyist to be heard.

9.8—Lobbyist expenditures and compensation

See Senate Rules Appendix A for lobbyist expenditures and compensation requirements. The appendix is hereby incorporated by reference as a Rule.

RULE TEN

CHAMBER OF THE SENATE

10.1—Persons entitled to admission

(1) No person shall be admitted to the main floor of the Senate Chamber while the Senate is sitting except present members of the Senate, all officers and employees of the Senate in the performance of their duties, and persons charged with messages or papers to the Senate. Also entitled to admission are the Governor or one (1) representative designated by the Governor, the Lieutenant Governor, Cabinet officers, former Governors, present and former United States Senators, present and former members of the House of Representatives of the United States and of this State, Justices of the Supreme Court, former State Senators of Florida, and persons by invitation of the President.

(2) A special section of the gallery shall be reserved for members of the families of Senators.

10.2—Exception to Chamber admission Rule

Except at the discretion of the President, no person entitled to admission shall be admitted if registered pursuant to Rule Nine. During a sitting, no person admitted under this Rule shall engage in any lobbying activity involving a measure pending before the Legislature during the legislative session.

10.3—Admission of media by President

Members of the media, in performance of their duties, shall be assigned to a section specifically set aside for them, and shall not be allowed on the Senate floor while the Senate is sitting, except with the approval of the President.

10.4—Attire

All persons on the main floor of the Senate Chamber and in the gallery (with the exception of visitors in that portion of the gallery set aside for the general public) shall wear appropriate business attire at all times while the Senate is sitting.

10.5—Gallery

No food or beverages shall be allowed in the gallery at any time.

RULE ELEVEN

CONSTRUCTION AND WAIVER OF RULES

11.1—Interpretation of Rules

It shall be the duty of the President, or the temporary presiding officer, to interpret all Rules.

11.2—Waiver and suspension of Rules

(1) These Rules shall not be waived or suspended except by a **two-thirds (2/3) vote** of those Senators present. The motion, when made, shall be decided without debate.

(2) A motion to waive a Rule requiring unanimous consent of the Senate shall require unanimous consent of those Senators present for approval.

11.3—Changes in Rules

(1) All proposed revisions of the Senate Rules shall be first referred to the Rules Committee, which shall report as soon thereafter as practicable. Consideration of such a report shall always be in order.

(2) The Rules Committee may originate reports and resolutions dealing with the Senate Rules and the Order of Business which may be approved by a **two-thirds (2/3) vote**, and such power shall be exclusive, provided, however, that any report made pursuant to this Rule may be amended by a **two-thirds (2/3) vote** of those Senators present.

11.4—Majority action

Unless otherwise indicated by the Senate Rules or the *State Constitution*, all action by the Senate or any of its committees or subcommittees, including references to “members present” or “Senators present,” shall be by **majority vote** of those Senators present and voting.

See FLA. CONST. art. X, s. 12(e) Rules of construction.

11.5—Uniform construction

When in the Senate Rules reference is made to a “two-thirds (2/3) vote,” it shall be construed to mean two-thirds (2/3) of those Senators present and voting except that two-thirds (2/3) of the entire membership of the Senate shall be required when so indicated.

11.6—General; definitions

When used in the Senate Rules, the following words shall, unless the text otherwise indicates, have the following respective meaning:

(1) The singular always includes the plural.

(2) Except where specifically provided or where the context indicates otherwise, the use of the word “bill,” “measure,” “question,” or “matter” means a bill, joint resolution, concurrent resolution, resolution, or memorial.

(3) In addition to the definition in subsection (2), “matter” also means an amendment, an appointment, or a suspension.

(4) “Introducer” shall mean the first-named Senator on a bill. In the case of a bill originally introduced by a committee, the committee shall be the introducer.

11.7—Sources of procedural authority

The latest edition of *Mason’s Manual of Legislative Procedure*, *Jefferson’s Manual*, or other manuals of comparable legislative application may be consulted, but shall not be binding, when a question of parliamentary procedure is not addressed by the *State Constitution*, these Rules, Joint Rules, or prior rulings of the presidents.

RULE TWELVE

EXECUTIVE SESSIONS, APPOINTMENTS, SUSPENSIONS, AND REMOVALS

PART ONE—EXECUTIVE SESSIONS

12.1—Executive session; authority

The business of the Senate shall be transacted openly and not in executive session except under conditions pursuant to Article III, Section 4(b) of the *State Constitution*.

12.2—Executive session; purpose

Pursuant to Article III, Section 4(b) of the *State Constitution*, the Senate may resolve itself into executive session for the sole purpose of considering appointment, removal, or suspension. No one shall be in attendance except Senators, the Secretary, and staff as approved by the President, who shall be sworn not to disclose any executive business without consent of the Senate.

12.3—Executive session; vote required

When the Senate agrees, by a **majority** of those Senators present, that specified appointments, removals, or suspensions shall be considered in executive session, such shall be calendared for formal consideration by the Senate.

12.4—Executive session; work product confidentiality

All information and remarks including committee work product concerning the character and qualification, together with the vote on each appointment, removal, or suspension considered in executive session shall be kept confidential except information on which the bans of confidentiality were lifted by the Senate while in executive session.

12.5—Executive session; separate Journal

A separate Journal shall be kept of executive proceedings of the Senate, and no information regarding same shall be made public except by order of the Senate or by order of a court of competent jurisdiction.

12.6—Violation of Rule

Violation of the above Rules as to the confidentiality of the proceedings of executive sessions shall be considered by the Senate as sufficient grounds for unseating the offending Senator.

PART TWO—APPOINTMENTS, SUSPENSIONS, AND REMOVALS**12.7—Procedure; generally**

Except as otherwise herein provided, on receipt by the Senate of appointments or suspensions on which action by the Senate is required, the President shall refer each to the Ethics and Elections Committee, other appropriate committee or committees, or a special master appointed by the President. Any such committee, subcommittee, or special master shall make inquiry or investigation and hold hearings, as appropriate, and advise the President and the Senate with a recommendation and the necessity for deliberating the subject in executive session. Reports and findings of the committee, subcommittee, or special master appointed pursuant hereto are advisory only and shall be made to the President. The report of the committee, subcommittee, or special master may be privileged and confidential. The President may order the report presented to the Senate in either open or executive session, or the President may refer it to the Rules Committee for its consideration and report. When the report is presented to the Senate during an open sitting or received by the Rules Committee, the report shall lose its privileged and confidential character.

12.8—Procedure on executive appointments

(1) Upon receipt of a request from the Governor or other appointing official or authority for the return of the documentation of an appointment, which appointment has not been acted upon by the Senate, the Secretary, upon consultation with the President, shall return the appointment documentation and the return shall be noted in the Journal. The appointee whose appointment was returned continues in office until the end of the next ensuing regular session of the Legislature or until the Senate confirms a successor, whichever occurs first.

(2) If the appointment returned was made by the Governor, official or authority's predecessor, the appointee shall not be subject to the provisions of section 114.05(1)(e) or (f), *Florida Statutes*, during the period of withdrawal.

(3) If the appointment returned was made by the Governor, official or authority requesting the return, for purposes of section 114.05(1)(e)

and (f), *Florida Statutes*, the returned appointment shall be treated as if the Senate failed to consider the appointment.

12.9—Procedure upon receipt of an executive suspension

(1) Unless suspension proceedings are held in abeyance, the committee, subcommittee, or special master shall institute action by transmitting a notice of hearing for a prehearing conference or a hearing on the merits within ninety (90) days after the Secretary of the Senate receives the suspension order. The Governor and the suspended official shall be given reasonable notice in writing of any hearing or prehearing conference before the committee, subcommittee, or special master. If the Governor files an amended suspension order, the attention of the Senate, committee, subcommittee, or special master shall be directed to the amended suspension order.

(2) An executive suspension of a public official who has pending against him or her criminal charges, or an executive suspension of a public official that is challenged in a court shall be referred to the Ethics and Elections Committee, other appropriate committee, or special master; however, all inquiry or investigation or hearings thereon shall be held in abeyance and the matter shall not be considered by the Senate, committee, subcommittee, or special master until the pending charges have been dismissed, or until final determination of the criminal charges at the trial court level, or until the final determination of a court challenge, if any, and the exhaustion of all appellate remedies for any of the above. The committee, subcommittee, or special master shall institute action within ninety (90) days after the conclusion of any pending proceedings. Notwithstanding an abeyance, the committee, subcommittee, or special master and the Senate may proceed if the written consent of counsel for the Governor and of the suspended official is obtained. Nothing in this Rule shall be interpreted as preventing the Senate from proceeding if the Senate President determines due process so requires.

(3) The committee, subcommittee, or special master may provide for a prehearing conference with counsel for the Governor and the suspended official to narrow the issues involved in the suspension. At such conference, both the Governor and the suspended official shall set forth the names and addresses of all the witnesses they intend to call, the nature of their testimony, photocopies of all documentary evidence, and a description of all physical evidence that will be relied on by the parties at the hearing. Each shall state briefly what each expects to prove by such testimony and evidence. The suspended official may file with the Secretary, no later than ten (10) days prior to the first (1st) prehearing conference, or no later than the date set by the committee, subcommittee, or special master if no prehearing conference is held, all written defenses or matters in avoidance of the charges contained in the suspension order.

(4) When it is advisable, the committee, subcommittee, or special master may request that the Governor file a bill of particulars containing a statement of further facts and circumstances supporting the suspension order. Within twenty (20) days after receipt of the Governor's bill of particulars, the suspended officer shall file a response with the committee, subcommittee, or special master. Such response shall specifically admit or deny the facts or circumstances set forth in the Governor's bill of particulars, and may further make such representation of fact and circumstances or assert such further defenses as are responsive to the bill of particulars or as may bear on the matter of the suspension.

(5) The Senate may act on the recommendations of the committee, subcommittee, or special master at any time it is sitting but shall do so no later than the end of the next regular session of the Legislature.

(6) Within sixty (60) days after the Senate has completed final action on the recommendation of the committee, subcommittee, or special master, any party to the suspension matter may request the return, at that party's expense, of any exhibit, document, or other evidence introduced by that party. After the expiration of sixty (60) days from the date the Senate has completed final action, the committee, subcommittee, or special master may dispose of such exhibits or other evidence.

See FLA. CONST. art. IV, s. 7(b) Suspensions; filling office during suspensions.

12.10—Adjudication of guilt not required to remove suspended officer

For the purposes of Article IV, Section 7(b) of the *State Constitution*, the Senate may find that the suspended official has committed a felony notwithstanding that a court may have withheld adjudication of guilt upon which the suspension order is based in whole or in part.

12.11—Special master; appointment

The President may appoint and contract for the services of a special master to perform such duties and make such reports in relation to suspensions and removals as he or she shall prescribe.

12.12—Special master; floor privilege

With consent of the President, the special master may have the privilege of the Senate floor to present and explain the report and answer questions as to the law and facts involved.

12.13—Issuance of subpoenas and process

The committee, subcommittee, and special master shall each have the authority to request the issuance of subpoenas, subpoenas *duces tecum*, and other necessary process under Rule 2.2. The committee chair, subcommittee chair, and special master may each administer all oaths and affirmations in the manner prescribed by law to witnesses who shall appear to testify on matters pending before the committee, subcommittee, or special master.

12.14—Rule takes precedence

In any situation where there is a direct conflict between the provisions of Rule Twelve and part V of chapter 112, *Florida Statutes*, Rule Twelve, derived from Article III, Section 4(a) of the *State Constitution*, shall take precedence.

12.15—Standard of evidence

A preponderance of the evidence standard shall be used by each Senator when determining whether the suspended official warrants removal based on the grounds alleged by the Governor.

12.16—Senators speaking publicly

Because they may be asked to sit in judgment of an executive suspension order, Senators should refrain from speaking publicly about the merits or substance of any suspension order prior to the vote.

RULE THIRTEEN**SPECIAL SESSION****13.1—Applicability of Senate Rules**

All Senate Rules shall apply and govern during special sessions except to the extent expressly modified or specified herein.

13.2—Sittings of the Senate

(1) The Senate shall convene pursuant to a schedule provided by the President or at the hour established by the Senate at its last sitting.

(2) A calendar may be published before a special session convenes.

13.3—Committee meetings; schedule, notice, amendment deadline

(1) Committee meetings shall be scheduled by the President.

(a) Meetings of committees may be held after notice is published on the Senate website and posted on the Senate side of the fourth (4th) floor Capitol rotunda for two (2) hours in advance of the meeting. If possible, such notice shall appear in the daily calendar.

(b) A committee may meet less than two (2) hours after the convening of a special session if a notice is filed with the Secretary at least two (2) hours before the scheduled meeting time.

(2) The notice shall include the date, time, and place of the meeting together with the name of the introducer, subject, number of each bill or proposed committee bill to be considered, and the amendment deadline for the meeting as provided herein. All other provisions for publication of notice of committee meetings are suspended.

(3) Main amendments shall be filed no later than one (1) hour before the scheduled convening of a committee meeting. Amendments adhering to main amendments shall be filed not later than **thirty (30) minutes** thereafter.

13.4—Delivery for introduction

Bills for introduction may be delivered to the Secretary at any time.

13.5—Committee reports

(1) Standing committee reports shall be filed with the Secretary's office as soon as practicable, but not later than 4:30 p.m. on the day after the meeting that is not a weekend or state holiday, except a committee drafting and recommending a committee substitute shall file such committee report no later than 4:30 p.m. on the second (2nd) such weekday. These reports must be accompanied by the original bill. Each report by a committee must set forth the identifying number of the bill. If amendments are proposed by the committee, the words "with amendments" shall follow the identifying number. Committee amendments shall be identified by barcode in the report. All bills reported unfavorably shall be laid on the table.

(2) Bills referred to a standing subcommittee shall be reported to the standing committee.

13.6—Conference committee reports

(1) The report of a conference committee shall be read to the Senate. Upon completion of the reading and subsequent debate, the vote shall first be:

- (a) on adoption or rejection of the conference report and, if adopted, the vote shall then be
- (b) on final passage of the measure as amended by the conference report.

Copies of conference committee reports shall be available to the membership two (2) hours prior to the time such report is scheduled to be taken up on the Senate floor.

(2) The report must be acted on as a whole, being adopted or rejected.

(3) Each report shall include a statement sufficiently explicit to inform the Senate of the effect of the report on the measure to which it relates.

(4) Conference committees, other than a conference committee on a general or special appropriations bill and its related legislation, shall consider and report only on the differences existing between the Senate and the House, and no substance foreign to the bills before the conferees shall be included in the report or considered by the Senate.

(5) A conference committee may only report by recommending the adoption of a series of amendments to the House or Senate bill that was the subject of the conference, or it may offer an amendment deleting everything after the enacting clause of any such bill referred to the committee. In any event, the conference committee may recommend, as part of its report, the adoption or rejection of any or all of the amendments theretofore adopted by either house. Conference committee reports must be approved and signed by a **majority** of the conferees on the part of each house. All final actions taken in a conference committee shall be by motion.

(6) When conferees on the part of the Senate report an inability to agree, any action of the Senate taken prior to such reference to a conference committee shall not preclude further action on said measure as the Senate may determine.

(7) After Senate conferees have been appointed for thirty-six (36) hours and have failed to make a report, it is a motion of the highest

privilege to move to discharge said Senate conferees and to appoint new conferees, or to instruct said Senate conferees.

13.7—Reconsideration

A motion to reconsider shall be considered when made.

13.8—Procedure to establish Special Order Calendars

(1) The Rules Chair, Majority Leader, and Minority Leader shall meet and submit a Special Order Calendar determining the list of bills for consideration by the Senate. The President shall determine the order in which such bills appear on the published Special Order Calendar.

See Rule 4.16—Consideration out of regular order.

(2) Such Special Order Calendar shall be published in one (1) daily calendar and may be considered on the day published. The amendment deadline for bills on the Special Order Calendar shall be 5:00 p.m. or two (2) hours after the Special Order Calendar is announced, or as provided in the Special Order Calendar, whichever occurs later.

(3) Notice of the date, time, and place for the establishment of the Special Order Calendar shall be published on the Senate website and posted on the Senate side of the fourth (4th) floor Capitol rotunda two (2) hours in advance of the meeting. If possible, such notice shall appear in the daily calendar.

RULE FOURTEEN

SEAL AND INSIGNIA

14.1—Seal and insignia

(1) There shall be an official seal of the Senate. The seal shall be the size of a circle of two and one-half inches diameter having in the center thereof the current Florida state flag and the current United States flag above a disc containing the words: “In God We Trust” arched above a gavel, quill, and scroll. At the top of the field of flags shall be the word: “Seal.” At the bottom shall be the date: “1838.” The perimeter of the seal shall contain the words: “Senate” and “State of Florida.”

(2) There shall be an official coat of arms for the Senate. The coat of arms shall contain the current Florida state flag and the current United States flag above the Great Seal of Florida. At the base of the coat of arms shall be the words: “The Florida Senate.”

(3) All versions of the Senate Seal, the Senate Coat of Arms, official Senate stationery, calling cards, and facsimiles thereof may be used only in connection with official Senate business.

Senate Rules Appendix A

This document may be consulted by persons seeking to comply with the lobbyist expenditure ban set forth in section 11.045(4)(a), *Florida Statutes*, in the legislative context by refining the law and providing Lobbying Guidelines and answers to 25 Frequently Asked Questions.

Part One of the Guidelines refines and applies the prohibition, with ten clearly stated exceptions, so that Senators and Senate employees cannot directly or indirectly take any “expenditure” from a lobbyist or principal in either the public or private sector.

Part Two of the Guidelines refines and applies the underlying core requirement that “lobbying firms” must publicly disclose the compensation they receive for lobbying activities, and does so in a way that is narrowly tailored, furthers the state’s compelling governmental interest in regulating legislative lobbying at the state level, and employs the least intrusive means available to do so.

This document sets out general principles. Outcomes depend heavily on underlying fact patterns that can vary greatly from case to case. Full disclosure of the operative facts must be provided and considered before a proper and correct answer can be derived.

A Senator may request an informal advisory opinion from the Senate General Counsel regarding the application of the law and Rule to a specific situation, on which the legislator may reasonably rely.

The houses of the Legislature are responsible for the administration and enforcement of the legislative lobbying portions of the law. The legislative lobbying expenditure prohibitions are not part of the Florida Code of Ethics for Public Officers and Employees. Neither the Florida Commission on Ethics nor the Florida courts have jurisdiction to interpret these internal matters of the Legislature.

Part One - Expenditures

(1) General Guidelines

a) The Expenditure Prohibition

The law contains a prohibition against lobbyists and principals making direct or *indirect* lobbying expenditures for legislators and legislative employees. It provides:

[N]o lobbyist or principal shall make, directly or indirectly, and no member or employee of the Legislature shall knowingly accept, directly or indirectly, any *expenditure*.... (emphasis added).

The expenditure prohibition applies only to expenditures made by lobbyists and principals. It applies whether or not the lobbyist, principal, legislator, or legislative employee is in Florida. Florida’s gift law, section 112.3148, *Florida Statutes*, continues to apply to gifts to legislators and legislative employees from others.

Example: A legislator may accept a subscription to a newspaper or periodical that is neither published by, nor paid for, nor provided by a lobbyist or a principal.

Example: A legislator may not accept a free health screening or other personal service provided on behalf of an association that is a principal.

Example: A legislator may, as either a member or an invited guest, participate in meetings of, and partake of the food and beverage provided by a civic organization if the organization is not a principal.

The practical effect of this law is to prohibit expenditures for attempting to obtain the goodwill of a member or employee of the Legislature, and it is not designed to prohibit expenditures made in attempting to influence legislative action or non-action through oral or written communication.

b) Definitions

“*Expenditure*” is defined, essentially, as anything of value made by a lobbyist or principal *for the purpose of lobbying*.

“*Lobbying*,” in turn, means: (1) influencing or attempting to influence legislative action through oral or written communication (“active lobbying”); or, (2) attempting to obtain the *goodwill* of a member or employee of the Legislature (“goodwill”).

“*Goodwill expenditure*” is a gift, an entertainment, any food or beverage, lodging, travel, or any other item or service of personal benefit to a legislator or legislative employee.

Goodwill expenditures include contributions or donations from a lobbyist or a principal to a charitable organization that is, directly or indirectly, established by, organized by, operated primarily by, or controlled by a legislator or legislative employee, or any combination thereof.

A “*lobbyist*” is a person who is employed and receives payment, or who contracts for economic consideration, for the purpose of lobbying, or a person who is principally employed for governmental affairs by another person or governmental entity to lobby on behalf of that other person or governmental entity.

“*Personal benefit*” means a profit or gain pertaining to, directed toward, or affecting a person.

A “*principal*” means the person, firm, corporation, or other entity that has employed or retained a lobbyist. When an association has employed or retained a lobbyist, the association is the principal; *the individual members of the association are not principals merely because of their membership in the association*.

c) Honorarium-related Expenses

It is not permissible to accept from a lobbyist or principal, directly or indirectly, payment or reimbursement of expenses for travel, food, lodging, or beverage, related to speaking engagements or other honorarium-type events.

d) Indirect Expenditures

An indirect expenditure is an expenditure that is not made directly to a legislator or legislative employee, but is made to another with the purpose that the expenditure be used for the personal benefit of a legislator or legislative employee.

The expenditure prohibition *expressly* prohibits any lobbyist or principal from directing prohibited lobbying expenditures through a surrogate or through any person who by his or her actions or activities is obligated to register as a lobbyist but has failed to do so. Third-party intermediaries, such as employees, members of associations and others, cannot be used to make prohibited expenditures.

Where an item or service (anything of value) is provided to a person *other* than a legislator or legislative employee by a lobbyist or principal and the item or service or the benefit attributable to the item or service ultimately is received by the legislator or employee, and where the item or service is provided with the intent to benefit the legislator or employee, such item or service constitutes a prohibited indirect expenditure to the legislator or employee.

Factors to be considered in determining whether a prohibited indirect expenditure has been made are set out on the following page in the joint functionality test:

**TEST FOR DETERMINING LEGALITY
OF AN INDIRECT EXPENDITURE**

(1) The existence or nonexistence of communications by the lobbyist or principal indicating the lobbyist's or principal's intent to make or convey the item or service, or a personal benefit attributable to the item or service, to a legislator or employee rather than to the intervening third person;

(2) The existence or nonexistence of communications by the intervening third person indicating the intent to make or convey the lobbyist's or principal's item or service, or a personal benefit attributable to the item or service, to a legislator or employee rather than to the third person;

(3) The existence or nonexistence of any relationship between the lobbyist or principal and the third person, independent of the relationship between the lobbyist or principal and a legislator or employee, that would motivate the transfer to the third person;

(4) The existence or nonexistence of any relationship between the third person and a legislator or employee that would motivate the transfer;

(5) Whether the same or similar items or services have been or are being provided to other persons having the same relationship to the lobbyist or principal as the third person;

(6) Whether, under the circumstances, the third person had full and independent decision-making authority to determine whether a legislator or employee, or another, would receive the items or services, or a personal benefit attributable to the items or services;

(7) Whether the third person was acting with the knowledge or consent of, or under the direction of, the lobbyist or principal;

(8) Whether there were payments or the intention for any payments or bookkeeping transactions between the third person and the lobbyist or principal, reimbursing the third person for the items or services;

(9) The degree of ownership or control the lobbyist or principal had over the third person; and

(10) Whether a lobbyist or principal knew, or should have known, that an item or service provided to a third party would be used to provide a personal benefit to a legislator or employee, such as for the

funding of a legislative reception or an event to be attended by legislators or employees.

The following examples illustrate some of the applications of the foregoing indirect expenditure criteria:

Example 1: A law firm which lobbies the Legislature invites all of its attorneys to attend a weekend retreat. The attorneys are encouraged to bring their spouses or significant others at the firm's expense. Legislator C is married to an attorney in the firm and has been asked by her spouse to attend the retreat. The lodging provided to Legislator C for the retreat, food and drink, firm t-shirts, and the like would be considered a gift to her from her spouse and thus not a prohibited indirect expenditure, because the firm's invitation was extended to Legislator C's spouse by virtue of his employment with the firm.

Example 2: Legislator D hosts a fox hunt attended by legislators and lobbyists. Lobbyists give money to a third person, who is not a legislator or a legislative employee, to pay for the food and beverages which will be served at the fox hunt. The third party orders and prepares the food and beverages. The money provided to the third person by the lobbyists would be a prohibited indirect expenditure to Legislator D because it was given with the intent of benefiting him and his guests at the fox hunt.

Example 3: Legislator N and spouse have arranged to take a vacation trip together. A legislative lobbyist meets with Legislator N's spouse and offers to pay for the spouse's travel expenses. The lobbyist and Legislator N's spouse know each other only through the lobbyist's involvement with the legislator. This would constitute a prohibited indirect expenditure to Legislator N.

e) Equal or Greater Compensation

An expenditure is not prohibited when equal or greater value is given contemporaneously by the recipient to the donor.

Therefore, it is not an expenditure if:

1. The fair market value of the event, meeting, or other activity, including any food, beverage, transportation, lodging, or any other thing of value, can readily be determined, and

2. The legislator or legislative employee pays his or her pro rata share of the total fair market value to the person or organization hosting the event contemporaneously with the time of attending or participating in the event.

Thus, if a lobbyist or principal provides \$35 worth of goods or services to a legislator or legislative employee but the legislator or legislative employee *contemporaneously* provides *equal or greater consideration*, the lobbyist or principal has not provided *anything of value*, thus, there is no "expenditure."

f) Valuation

The law is silent as to the *valuation* of goods and services. *Fair market value* is the proper and applicable standard of valuation.

The retail price of an item or service is presumed to be its fair market value so long as it is reasonable in relation to the value of the item or service and the amount is not subsidized by a lobbyist or principal.

In valuing an expenditure, you may exclude the amount of additional expenses that are regularly required as a condition precedent to the donor's eligibility to make the expenditure if the amount expended for the condition precedent is primarily intended to be for a purpose other than lobbying, and is either primarily for the benefit of the donor or is paid to a charitable organization. Initiation fees and membership fees are examples of additional expenses that are regularly required as conditions precedent for eligibility to make an expenditure. Transportation expenses incurred to bring a member to an out-of-town event are not.

Entrance fees, admission fees, or tickets are normally valued on the face value or on a daily or per event basis. The portion of a ticket attributable to a charitable contribution is not included in the value. Conversely, if the ticket is subsidized by contributions of lobbyists or

principals, the pro rata subsidized amount must be attributed to the face value.

A person providing transportation in a private automobile shall be considered to be making an expenditure at the then-current statutory reimbursement rate. The value of transportation provided in other private conveyances must be calculated on its fair market value.

g) Exceptions

1. Relatives

A relative is an individual who is related to the member or employee as father, mother, son, daughter, brother, sister, uncle, aunt, first cousin, nephew, niece, husband, wife, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, stepfather, stepmother, stepson, stepdaughter, grandparent, grandchild, great grandparent, great grandchild, step grandparent, step great grandparent, step grandchild, or step great grandchild; any person who is engaged to be married to the member or employee or who otherwise holds himself or herself out as or is generally known as the person whom the member or employee intends to marry or with whom the member or employee intends to form a household; or any other natural person having the same legal residence as the member or employee.

This definition of “relative” is taken from former Joint Rule 1.4(4)(b), and has operated historically as an exception to the presumption that things of value given to a legislator or employee by a lobbyist or principal are intended for the purpose of engendering goodwill.

Example: A legislator is permitted to accept a Christmas gift from an aunt, even if she is a lobbyist. The gift is not deemed an expenditure made for the purpose of lobbying because of the family relationship between the donor and the donee.

2. Employment-related Compensation and Benefits

Salary, benefits, services, fees, commissions, gifts, or expenses associated primarily with the recipient’s employment, business, or service as an officer or director of a corporation or organization are not prohibited expenditures so long as they are given in an amount commensurate with other similarly situated employees, officers, or directors.

These sorts of expenditures are currently also excepted from the definition of a gift in section 112.312(12)(b), *Florida Statutes*, and are a necessary exception in order for many legislators to continue their employment or continue their service on boards and continue to serve in Florida’s citizen Legislature.

Example: A legislator who is on the board of directors of an organization that has a lobbyist is nevertheless permitted to partake of food and beverage provided to the board members by the organization at its board meetings.

3. Political Organizations and Entities

An expenditure does not include contributions or expenditures reported pursuant to chapter 106, *Florida Statutes*, or its federal law counterpart; campaign-related personal services provided without compensation by individuals volunteering their time; any other contribution or expenditure made by a chapter 106 entity such as a candidate campaign, political committee, organization making electioneering communications, political party, or an entity qualified under section 501(c)(4) or section 527 of the Internal Revenue Code.

Members are cautioned that these organizations or entities may not be used as a vehicle for skirting the lobbying expenditure law. To the extent that funds come from lobbyists or principals, one should exercise great care that the expenditures are legal and appropriate for that particular organization or entity.

4. Communications Expenses

The expenditure prohibitions in the law do not reach expenditures made by a lobbyist or principal for items such as “media advertising,” “publications,” “communications,” and “research.”

Expenditures for researching, gathering, collating, organizing, providing, or disseminating information for the *exclusive* purpose of “active

lobbying” (influencing or attempting to influence legislative action through oral or written communication) are necessary for Floridians to be able to “instruct their representatives.”

5. Office and Personal Expenses of Lobbyists and Principals

“Office expenses” and personal expenses of the lobbyist or principal for “travel,” “lodging,” and “food and beverages” as those items were defined in former Joint Rule 1.4(4)(c) are exempt from the prohibition on lobbying expenditures. This category does not include any expenses for legislators, legislative employees, or persons whose expenses would be attributed to them.

6. Government to Government Expenditures

Real property or a facility owned or operated by a state or local public agency or entity that is a lobbying principal and transportation to, from, and at the location provided by that agency or entity may, with the prior approval of the respective state legislative presiding officer or his or her designee, be used without payment, by a member, committee, or staff of the Legislature for a public legislative purpose. Such purposes include publicly noticed legislative committee meetings and site visits to operations conducted by the public agency or entity. Allowable free uses also specifically include legislative district offices and sub-offices and the normally attendant utilities, parking, janitorial services, building maintenance, and telecommunications equipment and services common to a government building in which the office is located. Allowable free use does not extend to sports or entertainment venues; does not include food, beverages, or entertainment; and does not include free parking privileges at any location other than a district office or sub-office.

7. Free and Open Public Events

Expenditures directly associated with events that are held within the Capitol complex, out-of-doors or under temporary shelter, open to the general public, widely and publicly noticed, free to all, not ticketed, and for which equal and totally unobstructed access to the general public is provided, are not prohibited expenditures made by lobbyists or principals, or when accepted by legislators or legislative employees.

Example: Atlas County, Florida, is holding Atlas Day in the plaza between the Capitol and the Historic Capitol. Lunch is served to all comers. The event was widely publicized and access to the event and the food and beverage is totally unobstructed. Legislators may partake as well.

8. Regional and National Legislative Organizations

The prohibition does not apply to expenditures made directly or indirectly by a state, regional, or national organization that promotes the exchange of ideas between, or the professional development of, governmental officials or employees, and whose membership is primarily composed of elected or appointed public officials or staff to members of that organization or to officials or staff of the Legislature. This exception does not include extracurricular activities, entertainments, or items or services provided at conferences that are paid for or provided by a lobbyist or principal.

9. Monetary Value Impossible to Ascertain

The value of some items is *truly impossible* to quantify at the time of the expenditure. Expenditures for which a monetary value is not ascertainable at the time of the expenditure are not prohibited. Examples are: appearing on a news show or having a feature article about a legislator in a trade magazine or other medium, applause received by a legislator at an event, obtaining priority seating in a crowded restaurant or priority for obtaining services where there is an established queue, or the pro-rata portion of a host’s monthly or annual membership in an exclusive supper club.

10. Plaques and Certificates

The prohibition does not apply to personalized wall plaques, personalized photographs, or personalized certificates that have no substantial inherent value other than recognizing the donee’s public, civic, charitable, or professional service.

h) Effect of Other Laws and Rules

To the extent that an expenditure is excluded or exempt from the lobbying prohibition in section 11.045, *Florida Statutes*, it is still subject to the restrictions and requirements in other statutes: most notably, the gift law (section 112.3148, *Florida Statutes*) and the campaign finance law (chapter 106, *Florida Statutes*).

(2) Frequently Asked Questions

LEGISLATIVE EVENTS/RECEPTIONS

1. *Question: Can a county legislative delegation or delegation office sponsor an annual event in Tallahassee on public grounds or in quarters belonging to either the Senate or the House of Representatives (i.e., “Flavors of Hillsborough”)?*

ANSWER: A county legislative delegation may host an annual event in Tallahassee provided that no free food, beverages, or other personal benefits to a legislator or legislative employee are paid for or provided by a lobbyist or principal, either directly or indirectly.

Legislators and legislative staff may pay an amount established and published by the delegation as the per-person cost of the event, or they may “pop in” and not partake of any food, beverage, or other personal benefit at the event. Alternatively, the delegation may make the event a free, open public event as described in Paragraph (1)g)7. above.

2. *Question: Can a legislator or legislative employee go up to the 22nd floor of the Capitol and partake of free food and drink provided by an organization hosting a luncheon or event at the Capitol?*

ANSWER: It depends. Yes, provided the organization hosting the event is not a principal and none of the food and beverages are paid for or provided by a lobbyist or principal. Otherwise, the legislator or legislative employee could attend the event but could not partake of the free food or beverages or they can pay the fair market value of what they consume.

3. *Question: Can “legislative days” that provide food, beverages, entertainment, and other personal benefits to legislators or legislative employees during the session and are hosted by counties, cities, universities, and others that employ a lobbyist continue?*

ANSWER: “Legislative days” and other legislative events funded by lobbyist or principal dollars may continue provided no free food, drink, entertainment, or other personal benefit is provided to a legislator or legislative employee, either directly or indirectly. Any such benefit would be a prohibited goodwill expenditure.

Legislators and legislative staff may pay an amount established and published by the sponsor as the per-person cost of the event, or they may “pop in” and not partake of any food, beverage, or other personal benefit at the event. Alternatively, the sponsor may make the event a free, open public event as described in Paragraph (1)g)7. above.

4. *Question: Can a not-for-profit organization host receptions and events for legislators that provide food, beverages, entertainment, and other personal benefits to legislators or legislative employees through contributions solicited from lobbyists or principals who sponsor the reception or event?*

ANSWER: The charity may host a reception or event for legislators and legislative employees provided that no free food, beverages, entertainment, or other personal benefit is provided to a legislator or legislative employee from the funds of lobbyists or principals.

Legislators and legislative employees may pay an amount established and published by the sponsor as the per-person cost of the event, or they may “pop in” and not partake of any food, beverage, or other personal benefit at the event. Alternatively, the sponsor may make the event a free, open public event as described in Paragraph (1)g)7. above.

5. *Question: Can a lobbyist or principal host an event with food, beverages, entertainment, or other personal benefit for legislators or legislative employees and collect from each legislator or legislative employee, a flat, per-person entrance fee based on the total cost to plan, produce, stage, and clean up after the event, divided by the number of persons reasonably expected to attend?*

ANSWER: Yes.

6. *Question: Each year, a few associations host legislative receptions/BBQs and invite their members as well as legislators. They usually pass out campaign funds at these events to those who support their industry. Would it now be legal to host this event if it were called a “fundraiser”? Could legislators then accept free food and beverages at the event?*

ANSWER: Senate Rule 1.361 precludes a senator, and House Rule 15.3 precludes a representative, from accepting a campaign contribution during a regular or special session, in addition to prohibiting them from accepting contributions on behalf of a section 527 or section 501(c)(4) organization, a political committee, a political party, or the campaign of any other senatorial candidate or candidate for representative, respectively. Thus, any fundraiser held during a regular or special session would violate the rules of each house.

Fundraisers not held during a regular or special session are outside the purview of the expenditure prohibitions in the law. A goodwill lobbying expenditure does not include contributions or expenditures reported pursuant to chapter 106, *Florida Statutes*. However, if the facts and circumstances demonstrate that calling the event a “fundraiser” is merely an artifice for lobbyists or principals to provide free gifts, food, beverages, and other items or services of personal benefit to a legislator, not associated with influencing the results of an election, then the fundraiser would violate the expenditure prohibition of the new law. Note, also, that fundraisers remain subject to the contribution restrictions and requirements of Florida’s campaign finance law (chapter 106, *Florida Statutes*).

HONORARIA EXPENSES

7. *Question: Can a lobbyist or principal continue to pay or reimburse a legislator’s or legislative employee’s expenses for such items as food and beverages, travel, and lodging associated with an honorarium event?*

ANSWER: No.

GIFTS TO LEGISLATORS

8. *Question: Can a school child give a legislator a painting that he or she has made?*

ANSWER: Yes. The prohibition against lobbying expenditures only applies to lobbyists and principals, and those acting on their behalf.

9. *Question: Can a school student whose parent is a lobbyist or principal give a scarf that was purchased by the child’s parent to a legislator as a gift?*

ANSWER: It depends. The lobbying expenditure prohibition applies to all gifts from lobbyists or principals to legislators, directly or indirectly. A lobbyist or principal cannot use a third-party intermediary to circumvent the lobbying expenditure prohibition. Thus, if the facts and circumstances demonstrate that the scarf is an indirect gift from the lobbyist or principal to the legislator, it would be prohibited.

10. *Question: Can a legislator accept rent-free office space and associated building services from a city, county, or community college in his or her district that employs or retains a lobbyist?*

ANSWER: Yes. See Paragraph (1)g)6. above for explanation and limitations.

11. *Question: Can a legislator or legislative staff accept transportation services from another governmental entity?*

ANSWER: Yes. See Paragraph (1)g)6. above for explanation and limitations.

12. *Question: Are there any value limitations on the exceptions in the law for “floral arrangements or other celebratory items given to legislators and displayed in chambers on the opening day of a regular session”?*

ANSWER: Yes. All opening day flowers and floral arrangements are subject to the limitations and requirements of the gift law (section 112.3148, *Florida Statutes*). No other celebratory items will be allowed in either chamber on opening day of the regular session.

FOOD AND BEVERAGES/GIFTS

13. *Question: Can a legislator or legislative employee and his or her spouse have dinner with a lobbyist friend the legislator or legislative employee has known for 30 years at the lobbyist's home, whether or not active lobbying occurs?*

ANSWER: Yes, *provided* the legislator or legislative employee contemporaneously provides the lobbyist with the pro rata share of the total fair market value of the cost of the food and beverages provided to the legislator or legislative employee and his or her spouse, either in cash or barter (i.e., bottle of wine, flowers). Otherwise, the expenditure for food and beverages would constitute a prohibited goodwill expenditure, irrespective of the extent of the legislator's and lobbyist's friendship.

14. *Question: Can a lobbyist or principal and legislator or legislative employee have dinner at a public restaurant?*

ANSWER: Yes, *provided* the dinner is "Dutch treat."

15. *Question: Can a lobbyist or principal and a legislator or legislative employee have dinner "Dutch treat" at the Governor's Club?*

ANSWER: Yes, *provided* the legislator or legislative employee pays the total cost of all food and beverage that he or she was served or consumed, or that was served to or consumed by a person whose expenditures are attributed to the legislator or legislative employee.

16. *Question: Can a lobbyist's business partner, employee, spouse, or child, who is not a registered lobbyist, accompany the lobbyist and legislator or legislative employee to dinner and pay for all the food and beverages if the partner, employee, spouse, or child does not actively lobby?*

ANSWER: No. The lobbying expenditure prohibition applies to all food and beverages provided by lobbyists or principals to legislators or legislative employees, directly or *indirectly*. A lobbyist or principal cannot utilize a third-party intermediary to channel gifts to legislators to circumvent the lobbying expenditure prohibition.

17. *Question: If someone offers a legislator or legislative employee a drink at a bar, or any other gift or personal benefit, does the legislator or legislative employee have a duty to inquire if the donor is a lobbyist or principal?*

ANSWER: Yes. A legislator or legislative employee is liable for *knowingly* accepting an expenditure from a lobbyist or principal, or someone acting on behalf of a lobbyist or principal. "Knowingly" has many statutory definitions, including that a person: (1) has *actual knowledge* of the information; (2) acts in *deliberate ignorance* of the truth or falsity of the information; or, (3) acts in *reckless disregard* of the truth or falsity of the information. Therefore, prudence dictates that the legislator or legislative employee, at a minimum, make *reasonable inquiry* as to the source of the proposed expenditure to determine whether it is prohibited. *Reasonableness* will turn on the facts and circumstances of each individual situation.

For example, a legislator receiving an invitation to an event to be held the next week, from an organization he or she is not familiar with would likely require that the legislator, *at a minimum*, consult the online directory of legislative principals and lobbyists, and perhaps make further inquiry if facts or circumstances come to light indicating that the organization might be making the expenditure on behalf of a lobbyist or principal. Similarly, a legislator offered a drink from someone he or she doesn't know in a Tallahassee bar or restaurant generally known to be frequented by lobbyists would probably be required, *at a minimum*, to ask whether the person is a lobbyist or principal or affiliated with a lobbyist or principal. On the other hand, a Miami legislator on personal holiday with his or her spouse at Busch Gardens in Tampa, who strikes up a friendship with a couple they don't know visiting from Colorado and who subsequently offers to pay for the legislator's and spouse's dinner probably has less of a duty to inquire whether either member of the couple is a Florida lobbyist or principal.

CHARITIES

18. *Question: Can a legislator or legislative employee raise funds from lobbyists or principals for charitable causes?*

ANSWER: Yes, *provided* the charity for which funds are sought is not directly or indirectly established by, organized by, operated primarily by, or controlled by a legislator or legislative employee, or any combination thereof. Otherwise, such a contribution or donation would constitute a prohibited goodwill expenditure.

19. *Question: Can a legislator or legislative employee establish or operate a charitable foundation that relies on lobbyist or principal support?*

ANSWER: No. A legislator or legislative employee may establish or operate a charitable organization but none of the money contributed or donated to the charity may be from lobbyists or principals. Such a contribution or donation would constitute a prohibited goodwill expenditure.

20. *Question: Can a legislator or legislative employee sit on the board of a charitable organization that is not established by, organized by, operated primarily by, or controlled by a legislator or legislative employee, or any combination thereof? Can he or she accept free food and beverages provided by the charity and be reimbursed by the charity for expenses associated with the work of the charity (i.e., travel, lodging)?*

ANSWER: Yes. A legislator or legislative employee may sit on the board of a charitable organization that receives donations and contributions from lobbyists, and may partake of free food, beverages, and other personal benefits provided by the charity to board members in connection with their service, including reimbursement of personal expenses incurred by board members in furtherance of the charity's work. A goodwill expenditure does not include salary, benefits, services, fees, commissions, gifts, or expenses associated primarily with a legislator's or legislative employee's employment, business, or service as an officer or director of a corporation or organization. *However*, any such salary, benefit, services, fees, commissions, gifts, or expenses cannot be from funds earmarked by lobbyists or principals to the charity for such purpose and must be received only for the legislator's or legislative employee's service as a member of the board.

21. *Question: Can a legislative caucus that is established as a non-profit group raise funds from lobbyists for its charitable causes?*

ANSWER: It depends. If the legislative caucus or the nonprofit group is directly or indirectly established by, organized by, operated primarily by, or controlled by a legislator or legislative employee, or any combination thereof, then the answer is no.

If the legislative caucus or the nonprofit group is not directly or indirectly established by, organized by, or operated primarily by, or controlled by a legislator or legislative employee, or any combination thereof, then the answer is yes.

22. *Question: Can a legislative caucus that is established as a non-profit group host its own charity golf tournament funded by lobbyist or principal "sponsors" at a private club, where the cost of sponsorship buys an opportunity to play golf with a member of the caucus, and to make a presentation to the caucus before and after the event?*

ANSWER: Yes, *provided* the legislative caucus or the nonprofit group is not directly or indirectly established by, organized by, operated primarily by, or controlled by a legislator or legislative employee, or any combination thereof, and the legislators and legislative employees pay their own golf fees and the per-person cost for food and beverage.

OTHER

23. *Question: What happens when a legislator is married to, related to, or living with a lobbyist? Can the lobbyist pay for meals, lodging, etc.?*

ANSWER: Yes, *provided* the lobbyist does not use the expenditure to actively lobby the legislator. Expenditures by "relatives" of a legislator for food, lodging, travel, and the like are specifically exempt from the definition of a goodwill expenditure.

24. *Question: Can a legislator be employed by a lobbyist or principal? Can a legislator go to the employer's retreat and partake of food and beverages?*

ANSWER: Yes. A goodwill expenditure does not include salary, benefits, services, fees, commissions, gifts, or expenses *associated primarily with a legislator's or legislative employee's employment*, business, or service as an officer or director of a corporation or organization.

25. *Question: Where a lobbyist or principal leaves a gift, such as a box of chocolates, in a legislator's office, what should the legislator do with the item?*

ANSWER: When a legislator or legislative employee receives an item that they believe violates the prohibition against accepting an expenditure from a lobbyist or principal, the item must either be sent back to the donor or delivered to the Sergeant at Arms for disposal.

Part Two - Compensation

(1) General Guidelines

The law requires the reporting of *compensation* received by *lobbying firms* for each calendar quarter, both in the aggregate and for each individual principal. Much of the reporting is done in dollar categories; however, if compensation from a single principal is \$50,000 or more in a calendar quarter, the lobbying firm must report the specific dollar amount of the compensation, rounded to the nearest \$1,000.

A "lobbying firm" is any business entity with a lobbyist, or an individual contract lobbyist, who gets paid to lobby for a principal. It is the lobbying firm that must report, *not the individual lobbyists in the firm* (except in the case of an individual contract lobbyist, where the lobbyist also comprises the entire lobbying firm).

Reports are due no later than 45 days after the end of each calendar quarter. Compensation reports must be filed electronically using the online filing system of the Office of Legislative Services.

The law requires the senior partner, officer, or owner of the lobbying firm to certify to the veracity and completeness of each compensation report. This requirement is designed to discourage the mischaracterization and thus omission of reportable compensation through designations such as "media fees," "consulting services," "professional services," "governmental services," and other such artifices.

For example, if a law firm were paid a lump sum for rendering multiple types of services to a client, only one of which is lobbying, then the person certifying the report is responsible for properly and reasonably allocating the portion of the total fee received for lobbying activities and for activities other than lobbying. Only the compensation received for *lobbying* activities is to be reported on the compensation form.

The Legislature will use random audits supplemented by the lobbyist disciplinary process to hold the person certifying the compensation report and the lobbying firm accountable for making a true, complete, properly allocated report as required by law. In addition, the certification brings every compensation report filer within the scope of potential criminal penalties in section 837.06, *Florida Statutes*, for culpable violations.

(2) Frequently Asked Questions

1. *Question: Is an in-house, salaried lobbyist for an association, a governmental entity, or a corporation that does not derive income from principals for lobbying required to report compensation?*

ANSWER: No. An association, a governmental entity, a corporation or other business entity that does not derive income from principals for lobbying, and its employee lobbyists, are not a "lobbying firm" as defined in section 11.045(1)(f), *Florida Statutes*. Only "lobbying firms" must report compensation as provided in section 11.045(3)(a), *Florida Statutes*.

2. *Question: Does the prohibition against providing compensation to an individual or business entity that is not a lobbying firm mean that in-house lobbyists must either become a lobbying firm or cease lobbying?*

ANSWER: No. The provision in question merely clarifies that reportable "compensation" under the law must be provided to a "lobbying firm," and not contracted or subcontracted through some "straw man" to circumvent compensation reporting requirements. The provision in

question clarifies and emphasizes the statutory definition of "compensation" in section 11.045(1)(b), *Florida Statutes*, as "anything of value provided or owed to a *lobbying firm*."

MESSAGES FROM THE HOUSE OF REPRESENTATIVES

FIRST READING

The Honorable Kathleen Passidomo, President

I am directed to inform the Senate that the House of Representatives has adopted HCR 3-O and requests the concurrence of the Senate.

Jeff Takacs, Clerk

By Representative(s) Perez—

HCR 3-O—A concurrent resolution establishing the Joint Rules of the Florida Legislature for the 2022-2024 term.

Be It Resolved by the House of Representatives of the State of Florida, the Senate Concurring:

That the following joint rules shall govern the Florida Legislature for the 2022-2024 term:

JOINT RULES

Joint Rule One—Lobbyist Registration and Compensation Reporting

1.1—Those Required to Register; Exemptions; Committee Appearance Records

(1) All lobbyists before the Florida Legislature must register with the Lobbyist Registration Office in the Office of Legislative Services. Registration is required for each principal represented.

(2) As used in Joint Rule One, unless the context otherwise requires, the term:

(a) "Compensation" means payment, distribution, loan, advance, reimbursement, deposit, salary, fee, retainer, or anything of value provided or owed to a lobbying firm, directly or indirectly, by a principal for any lobbying activity.

(b) "Legislative action" means introduction, sponsorship, testimony, debate, voting, or any other official action on any measure, resolution, amendment, nomination, appointment, or report of, or any matter that may be the subject of action by, either house of the Legislature or any committee thereof.

(c) "Lobby" or "lobbying" means influencing or attempting to influence legislative action or nonaction through oral or written communication or through an attempt to obtain the goodwill of a member or employee of the Legislature.

(d) "Lobbying firm" means any business entity, including an individual contract lobbyist, that receives or becomes entitled to receive any compensation for the purpose of lobbying and where any partner, owner, officer, or employee of the business entity is a lobbyist. "Lobbying firm" does not include an entity that has employees who are lobbyists if the entity does not derive compensation from principals for lobbying or if such compensation is received exclusively from a subsidiary or affiliate corporation of the employer. As used in this paragraph, an affiliate corporation is a corporation that directly or indirectly shares the same ultimate parent corporation as the employer and does not receive compensation for lobbying from any unaffiliated entity.

(e) "Lobbyist" means a person who is employed and receives payment, or who contracts for economic consideration, for the purpose of lobbying or a person who is principally employed for governmental affairs by another person or governmental entity to lobby on behalf of that other person or governmental entity. An employee of the principal is not a lobbyist unless the employee is principally employed for governmental affairs. The term "principally employed for governmental affairs" means that one of the principal or most significant responsibilities of the em-

ployee to the employer is overseeing the employer's various relationships with government or representing the employer in its contacts with government. Any person employed by the Governor, the Executive Office of the Governor, or any executive or judicial department of the state or any community college of the state who seeks to encourage the passage, defeat, or modification of any legislation by personal appearance or attendance before the House of Representatives or the Senate, or any member or committee thereof, is a lobbyist.

(f) "Lobbyist Registration and Compensation Reporting System (LRCRS)" means the online application that serves as the system of record for the Lobbyist Registration Office in the Office of Legislative Services and consists of the electronic registration system and the electronic filing system.

(g) "LRO" means the Lobbyist Registration Office in the Office of Legislative Services.

(h) "Office" means the Office of Legislative Services.

(i) "Payment" or "salary" means wages or any other consideration provided in exchange for services but does not include reimbursement for expenses.

(j) "Principal" means the person, firm, corporation, or other entity that has employed or retained a lobbyist. When an association has employed or retained a lobbyist, the association is the principal; the individual members of the association are not principals merely because of their membership in the association.

(k) "Unusual circumstances," with respect to any failure of a person to satisfy a filing requirement, means uncommon, rare, or sudden events over which the person has no control and which directly result in the failure to satisfy the filing requirement.

(3) For purposes of Joint Rule One, the terms "lobby" and "lobbying" do not include any of the following:

(a) A response to an inquiry for information made by any member, committee, or staff of the Legislature.

(b) An appearance in response to a legislative subpoena.

(c) Advice or services that arise out of a contractual obligation with the Legislature, a member, a committee, any staff, or any legislative entity to render the advice or services where such obligation is fulfilled through the use of public funds.

(d) Representation of a client before the House of Representatives or the Senate, or any member or committee thereof, when the client is subject to disciplinary action by the House of Representatives or the Senate, or any member or committee thereof.

(4) For purposes of registration and reporting, the term "lobbyist" does not include any of the following:

(a) A member of the Legislature.

(b) A person who is employed by the Legislature.

(c) A judge who is acting in that judge's official capacity.

(d) A person who is a state officer holding elective office or an officer of a political subdivision of the state holding elective office and who is acting in that officer's official capacity.

(e) A person who appears as a witness or for the purpose of providing information at the written request of the chair of a committee, subcommittee, or legislative delegation.

(f) A person employed by any executive or judicial department of the state or any community college of the state who makes a personal appearance or attendance before the House of Representatives or the Senate, or any member or committee thereof, while that person is on approved leave or outside normal working hours and who does not otherwise meet the definition of a lobbyist.

(5) When a person, regardless of whether the person is registered as a lobbyist, appears before a committee of the Legislature, that person

must submit a Committee Appearance Record as required by the respective house.

(6) The responsibilities of the Office and of the LRO under Joint Rule One may be assigned to another entity by agreement of the President of the Senate and the Speaker of the House of Representatives for a contract period not to extend beyond December 1 following the Organization Session of the next biennium, provided that the powers and duties of the President, the Speaker, the General Counsel of the Office of Legislative Services, and any legislative committee referenced in Joint Rule One may not be delegated.

1.2—Method of Registration

(1) Each person required to register with the LRO must register through the LRCRS and attest to that person's full legal name, business address, e-mail address, and telephone number; the name, business address, e-mail address, and telephone number of each principal that person represents; and the extent of any direct business association or partnership that person has with any member of the Legislature. If the lobbyist is, or belongs to, a lobbying firm, the lobbyist must state the name, address, and telephone number of the lobbying firm and the e-mail address of the person responsible for the submission of compensation reports. All lobbyists associated with the same firm must register using the identical name, address, and e-mail address of the firm in the LRCRS. Registration is not complete until the LRCRS receives authorization from the principal's representative and the registration fee. Lobbyists may not authorize themselves on behalf of the principal representative. Any changes to the information existing in the LRCRS must be updated online in the LRCRS within 15 days from the effective date of the change.

(2) Any person required to register must do so with respect to each principal prior to commencement of lobbying on behalf of that principal. The LRCRS will request authorization from the principal with the principal's name, business address, e-mail address, and telephone number to confirm that the registrant is authorized to represent the principal. The principal or principal's representative shall also identify and designate the principal's main business pursuant to a classification system approved by the Office, which shall be the North American Industry Classification System (NAICS) six-digit numerical code that most accurately describes the principal's main business.

(3) Any person required to register must renew the registration annually for each calendar year through the LRCRS.

(4) A lobbyist shall promptly cancel the registration for a principal upon termination of the lobbyist's representation of that principal. A cancellation takes effect the day it is received by the LRCRS. Notwithstanding this requirement, the LRO may remove the name of a lobbyist from the list of registered lobbyists if the principal notifies the LRO in writing that the lobbyist is no longer authorized to represent that principal.

(5) Should a registered lobbyist identify a scrivener's error in their own registration in the LRCRS after submission, they may make a written request to the LRO to correct such error. The request must clearly identify and describe the error. Each request will be reviewed by the Office before any changes will be made.

(6) The LRO shall retain registration information submitted under this rule.

(7) A person required to register under Joint Rule One shall be considered a lobbyist of the Legislature for the purposes of ss. 11.045, 112.3148, and 112.3149, Florida Statutes.

1.3—Registration Costs; Exemptions

(1) To cover the costs incurred for the administration of Joint Rule One, each person who registers under Joint Rule 1.1 must pay an annual registration fee to the LRO. The annual period runs from January 1 to December 31. These fees must be paid at the time of registration.

(2) The following persons are exempt from paying the fee, provided they are designated in writing by the agency head or person designated in this subsection:

- (a) Two employees of each department of the executive branch created under chapter 20, Florida Statutes.
- (b) Two employees of the Fish and Wildlife Conservation Commission.
- (c) Two employees of the Executive Office of the Governor.
- (d) Two employees of the Commission on Ethics.
- (e) Two employees of the Florida Public Service Commission.
- (f) Two employees of the judicial branch designated in writing by the Chief Justice of the Florida Supreme Court.

(3) The annual fee is up to \$50 per legislative entity for a person to register to represent one principal and up to an additional \$10 per legislative entity for each additional principal that the person registers to represent. The amount of each fee shall be established annually by the President of the Senate and the Speaker of the House of Representatives. The fees set must be adequate to ensure operation of the lobbyists' registration, compensation, and reporting functions. The fees collected by the LRO under this rule shall be deposited into the State Treasury and credited to the Legislative Lobbyist Registration Trust Fund specifically to cover the costs incurred in administering Joint Rule One.

1.4—Reporting of Lobbying Firm Compensation

(1)(a) Each lobbying firm shall file a compensation report with the LRO through the LRCRS for each calendar quarter during any portion of which one or more of the firm's lobbyists were registered to represent a principal. The report must include the:

1. Full name, business address, and telephone number of the lobbying firm;
2. Registration name of each of the firm's lobbyists; and
3. Total compensation provided or owed to the lobbying firm from all principals for the reporting period, reported in one of the following categories: \$0; \$1 to \$49,999; \$50,000 to \$99,999; \$100,000 to \$249,999; \$250,000 to \$499,999; \$500,000 to \$999,999; or \$1 million or more.

(b) For each principal represented by one or more of the firm's lobbyists, the lobbying firm's compensation report must also include the:

1. Full name, business address, and telephone number of the principal; and
2. If the category "\$50,000 or more" is selected, the specific dollar amount of compensation must be reported, rounded up or down to the nearest \$1,000.

(c) Compensation shall be reported using the accrual basis of accounting.

(d) Compensation reports should reflect compensation received for lobbying the legislative branch only.

(e) If the lobbying firm subcontracts work from another lobbying firm and not from the original principal:

1. The lobbying firm providing the work to be subcontracted shall be treated as the reporting lobbying firm's principal for reporting purposes under this paragraph; and
2. The reporting lobbying firm shall, for each lobbying firm identified as the reporting lobbying firm's principal under paragraph (b), identify the name, business address, and telephone number of the principal originating the lobbying work.

(f) The senior partner, officer, or owner of the lobbying firm shall certify to the veracity and completeness of the information submitted pursuant to this rule; certify that no compensation has been omitted from this report by deeming such compensation as "consulting services,"

"media services," "professional services," or anything other than compensation; and certify that no officer or employee of the firm has made an expenditure in violation of s. 11.045, Florida Statutes.

(2) For each principal represented by more than one lobbying firm, the Office shall aggregate the reporting-period and calendar-year compensation reported as provided or owed by the principal. Compensation reported within a category shall be aggregated as follows:

(4) A report filed pursuant to this rule must be completed and filed through the LRCRS not later than 11:59 p.m. of the day designated in subsection (3). A report not filed by 11:59 p.m. of the day designated is a late-filed report and is subject to the penalties under Joint Rule 1.5(1).

(5) Each person given secure sign-on credentials in the LRCRS is responsible for protecting the credentials from disclosure and is responsible for all filings made by use of such credentials, unless and until the Office is notified that the person's credentials have been compromised. Each report filed by electronic means pursuant to this rule shall be deemed certified in accordance with paragraph (1)(f) by the person given the secure sign-on credentials and, as such, subjects the person and the lobbying firm to the provisions of s. 11.045(8), Florida Statutes, as well as any discipline provided under the rules of the Senate or House of Representatives.

(6) If the President of the Senate and the Speaker of the House of Representatives jointly declare that the electronic system is not operable, the reports shall be filed in accordance with instructions on the LRCRS website which will be posted for a reasonable period of time.

1.5—Failure to File Timely Compensation Report; Notice and Assessment of Fines; Appeals

(1) Upon determining that the report is late, the LRCRS shall immediately notify the lobbying firm by e-mail as to the failure to timely file the report and that a fine is being assessed for each late day. The fine shall be \$50 per day per report for each late day, not to exceed \$5,000 per report.

(2) Upon submittal of the late-filed report by the lobbying firm, the LRCRS shall determine the amount of the fine based on the submittal date shown in the electronic receipt issued by the LRCRS.

(3) Such fine shall be paid within 30 days after the notice of payment due is transmitted by the LRCRS, unless an appeal is made to the LRO. The moneys shall be deposited into the Legislative Lobbyist Registration Trust Fund.

(4) A fine may not be assessed against a lobbying firm the first time the report for which the lobbying firm is responsible is not timely filed. However, to receive the one-time fine waiver, the report for which the lobbying firm is responsible must be filed within 30 days after the notice of failure to file is transmitted by the LRCRS. A fine shall be assessed for all subsequent late-filed reports.

(5) Any lobbying firm may appeal or dispute a fine, based upon unusual circumstances surrounding the failure to file on the designated due date, and may request and shall be entitled to a hearing before the General Counsel of the Office of Legislative Services, who shall recommend to the President of the Senate and the Speaker of the House of Representatives, or their respective designees, that the fine be waived in whole or in part for good cause shown. The President of the Senate and the Speaker of the House of Representatives, or their respective designees, may, by joint agreement, concur in the recommendation and waive the fine in whole or in part. Any such request shall be made within 30 days after the notice of payment due is transmitted by the LRCRS. In such case, the lobbying firm shall, within the 30-day period, notify the LRO in writing of the firm's intention to request a hearing.

(6) A lobbying firm may request that the filing of a report be waived upon good cause shown, based on unusual circumstances. The request must be filed with the General Counsel of the Office of Legislative

Services, who shall make a recommendation concerning the waiver request to the President of the Senate and the Speaker of the House of Representatives. The President of the Senate and the Speaker of the House of Representatives may, by joint agreement, grant or deny the request.

(7)(a) All lobbyist registrations for lobbyists who are partners, owners, officers, or employees of a lobbying firm that fails to timely pay a fine are automatically suspended until the fine is paid or waived and all late reports have been filed or waived. The LRO shall promptly notify all affected principals, the President of the Senate, and the Speaker of the House of Representatives of any suspension or reinstatement. All lobbyists who are partners, owners, officers, or employees of a lobbying firm are jointly and severally liable for any outstanding fine owed by a lobbying firm.

(b) Such lobbyist may not be reinstated in any capacity representing any principal until the fine is paid and all late reports have been filed or waived or until the fine is waived as to that lobbyist and all late reports for that lobbyist have been filed or waived. A suspended lobbyist may request a waiver upon good cause shown, based on unusual circumstances. The request must be filed with the General Counsel of the Office of Legislative Services who shall, as soon as practicable, make a recommendation concerning the waiver request to the President of the Senate and the Speaker of the House of Representatives. The President of the Senate and the Speaker of the House of Representatives may, by joint agreement, grant or deny the request.

(8) The LRO shall notify the coordinator of the Office of the failure of a lobbying firm to file a report after notice or of the failure of a lobbying firm to pay the fine imposed.

1.7—Records Retention and Inspection and Complaint Procedure

(1) Each lobbying firm and each principal shall preserve for a period of 4 years all accounts, bills, receipts, computer records, books, papers, and other documents and records necessary to substantiate compensation reports and registration documentation.

(2) Upon receipt of a complaint based on the personal knowledge of the complainant made pursuant to the Senate Rules or the Rules of the House of Representatives, any such documents and records may be inspected when authorized by the President of the Senate or the Speaker of the House of Representatives, as applicable. The person authorized to perform the inspection shall be designated in writing and shall be a member of The Florida Bar or a certified public accountant licensed in Florida. Any information obtained by such an inspection may only be used for purposes authorized by law, Joint Rule One, the Senate Rules, or the Rules of the House of Representatives, which purposes may include the imposition of sanctions against a person subject to Joint Rule One, the Senate Rules, or the Rules of the House of Representatives. Any employee who uses that information for an unauthorized purpose is subject to discipline. Any member who uses that information for an unauthorized purpose is subject to discipline under the applicable rules of each house.

(3) The right of inspection may be enforced by appropriate writ issued by any court of competent jurisdiction.

A copy of each informal opinion that is issued shall be provided to the presiding officer of each house. A committee of either house designated pursuant to section 11.045(5), Florida Statutes, may revise any informal opinion rendered by the General Counsel through an advisory opinion to the person who requested the informal opinion. All obligations existing under Joint Rule One as of the last day of the previous legislative biennium are hereby ratified, preserved, and re-imposed pursuant to the terms thereof as of that date. The provisions of Joint Rule One are imposed retroactively to the first day of the present legislative biennium except that provisions new to this revision are effective on the date of adoption or as otherwise expressly provided herein.

The recommendations shall be presented in two categories: one addressing substantive law and policy issues and the other addressing budget issues. The Auditor General may also transmit recommendations at other times of the year when the information would be timely and useful for the Legislature.

PRAYER

The following prayer was offered by Senator Jones:

Dear God, thank you for this day. We thank you for this opportunity. O God, there are different people represented in this room and watching today. Some are Christian, some are Jewish, some are Muslim, some are Buddhist, and some believe in just being good and doing good. Whatever religion is represented today under the sound of my voice, I ask that this prayer touch the hearts of all represented. We thank you for life; we thank you for health; and we thank you for strength.

Lord, we don't take it for granted that we are here. We call it an honor and a privilege, so allow us not to take advantage and misuse this honor to lead your people. I pray for every family represented here today—every spouse, every child, every grandchild. Lord, everyone in this room is dealing with something personally and no, we may not know, but we know you do. So I ask that you touch every private battle, give peace, give clarity, allow minds to rest because you have it all in your hands, and we must trust that you will take care of it. I ask that you guide our minds that we may think clearly and strategically—not what's best for ourselves but what's best for the people we serve. I ask that you guide our ears that we may listen more than we speak. I ask that you touch our hands that they will be used to build up and not tear down. I ask

that you touch our hearts that we may open them up to be compassionate and sensitive to others. Lastly, I pray for the leaders of this state. I pray for Governor DeSantis, President Passidomo, Speaker Renner, and Leader Book. That you would give them wisdom and clarity. Now, as we open this special session and prepare for the weeks ahead, give us strength for the journey. For the Word tells us in Galatians 6:9 to not get weary in doing good, for in due seasons we will reap our harvest and blessing as long as we don't give up. Allow us not to grow weary. Allow us to stand firm and strong. These things and many other things we ask in your name. Amen.

MESSAGES FROM THE GOVERNOR AND OTHER EXECUTIVE COMMUNICATIONS

VETOED BILLS 2022 REGULAR SESSION

Secretary Laurel Lee
Secretary of State
R.A. Gray Building
500 South Bronough Street
Tallahassee, Florida 32399

March 29, 2022

Dear Secretary Lee:

By the authority vested in me as Governor of the State of Florida, under the provisions of Article III, Section 8 of the Constitution of Florida, I do hereby veto and transmit my objection to CS/SB 102, enacted during the 124th Session of the Legislature of Florida, during Regular Session 2022 and entitled:

An act relating to Establishing the Congressional Districts of the State

As presented in both the primary and secondary maps enacted by the Legislature, Congressional District 5 violates the Equal Protection Clause of the Fourteenth Amendment to the U.S. Constitution for the reasons set forth in the attached memorandum. Although I understand the Legislature's desire to comply with the Florida Constitution, the Legislature is not absolved of its duty to comply with the U.S. Constitution. Where the U.S. and Florida Constitutions conflict, the U.S. Constitution must prevail.

Accordingly, I withhold my approval of CS/SB 102 and do hereby veto the same.

Sincerely,

Ron DeSantis
Governor

The bill, together with the Governor's objections thereto, was referred to the Committee on Rules.

 Re: Constitutionality of CS/SB 102, An Act Relating to Establishing the Congressional Districts of the State

Congressional District 5 in both the primary and secondary maps enacted by the Legislature violates the Equal Protection Clause of the Fourteenth Amendment to the U.S. Constitution because it assigns voters primarily on the basis of race but is not narrowly tailored to achieve a compelling state interest.

“Just as the State may not, absent extraordinary justification, segregate citizens on the basis of race in its public parks, buses, golf courses, beaches, and schools,” the U.S. Supreme Court has made clear that the State also “may not separate its citizens into different voting districts on the basis of race.” *Miller v. Johnson*, 515 U.S. 900, 911 (1995) (internal citations omitted). “When the State assigns voters on the basis of race,” the Court explained, “it engages in the offensive and demeaning assumption that voters of a particular race, because of their race, ‘think alike, share the same political interests, and will prefer the same candidates at the polls.’” *Id.* at 911-12 (quoting *Shaw v. Reno*, 509 U.S. 630, 647 (1993)).

For these reasons, the Court has interpreted the Equal Protection Clause of the Fourteenth Amendment to the U.S. Constitution to prohibit state legislatures from using race as the “predominant factor motivating [their] decision to place a significant number of voters within or without a particular district,” *id.* at 916, unless they can prove that their “race-based sorting of voters serves a ‘compelling interest’ and is ‘narrowly tailored’ to that end.” *Cooper v. Harris*, 137 S. Ct. 1455, 1464 (2017) (citation omitted). That race was the predominant factor motivating a legislature’s line-drawing decision can be shown “either through circumstantial evidence of a district’s shape and demographics or more direct evidence going to legislative purpose.” *Miller*, 515 U.S. at 916.

Although non-adherence to traditional districting principles, which results in a non-compact, unusually shaped district, is relevant evidence that race was the predominant motivation of a legislature, such evidence is not required to establish a constitutional violation. “Race may predominate even when a reapportionment plan respects traditional principles, if [r]ace was the criterion that, in the State’s view, could not be compromised,” and race-neutral considerations ‘came into play only after the race-based decision had been made.’” *Bethune-Hill v. Va. State Bd. of Elections*, 137 S. Ct. 788, 798 (2017) (quoting *Shaw v. Hunt*, 517 U.S. 899, 907 (1996) (alteration in original)). “The racial predominance inquiry concerns the actual considerations that provided the essential basis for the lines drawn, not *post hoc* justifications the legislature in theory could have used but in reality did not.” *Id.* at 799. A legislature “could construct a plethora of potential maps that look consistent with traditional, race-neutral principles,” but “if race for its own sake is the overriding reason for choosing one map over others, race still may predominate.” *Id.* It is the “racial purpose of state action, not its stark manifestation,” that offends the Equal Protection Clause. *Miller*, 515 U.S. at 913.

In light of these well-established constitutional principles, the congressional redistricting bill enacted by the Legislature violates the U.S. Constitution. The bill contains a primary map and secondary map that include a racially gerrymandered district—Congressional District 5—that is not narrowly tailored to achieve a compelling state interest. See generally Fla. H.R. Comm. on Redist., recording of proceedings, at 0:00-2:55:19 (Feb. 25, 2022), <https://thefloridachannel.org/videos/2-25-22-house-redistricting-committee/> (committee presentation and discussion of the maps later passed by the Legislature).

In the secondary map, which was the original map reported out of the House Congressional Redistricting Subcommittee, District 5 is a sprawling district that stretches approximately 200 miles from East to West and cuts across eight counties to connect a minority population in Jacksonville with a separate and distinct minority population in Leon and Gadsden Counties. The district is not compact, does not conform to usual political or geographic boundaries, and is bizarrely shaped to include minority populations in western Leon County and Gadsden

County while excluding non-minority populations in eastern Leon County. Because this version of District 5 plainly subordinates traditional districting criteria to avoid diminishment of minority voting age population, there is no question that race was “the predominant factor motivating the legislature’s decision” to draw this district. *Miller*, 515 U.S. at 916.

District 5 in the Secondary Map

In response to federal constitutional concerns about the unusual shape of District 5 as it was originally drawn, and which is now reflected in the secondary map, the House Redistricting Committee drew a new version of District 5, which is reflected in the primary map. This configuration of the district is more compact but has caused the adjacent district—District 4—to take on a bizarre doughnut shape that almost completely surrounds District 5. The reason for this unusual configuration is the Legislature’s desire to maximize the black voting age population in District 5. The Chair of the House Redistricting Committee confirmed this motivation when he explained that the new District 5 was drawn to “protect[] a black minority seat in north Florida.” Fla. H.R. Comm. on Redist., recording of proceedings, at 19:15-19:26 (Feb. 25, 2022).

District 5 in the Primary Map

Despite the Legislature’s attempt to address the federal constitutional concerns by drawing a more compact district, the constitutional defect nevertheless persists. Where “race was the criterion that, in the State’s view, could not be compromised, and race-neutral considerations came into play only after the race-based decision had been made,” it follows that race was the predominant factor, even though the district otherwise respects traditional districting principles. *Bethune-Hill*, 137 S. Ct. at 798 (cleaned up).

Such was the case here. Even for the more compact district, the Legislature believed (albeit incorrectly) that the Florida Constitution required it to ensure “a black minority seat in north Florida.” Fla. H.R. Comm. on Redist., recording of proceedings, at 19:15-19:26 (Feb. 25, 2022). Specifically, according to the House Redistricting Chair, the primary map’s version of District 5 is the House’s “attempt at continuing to protect the minority group’s ability to elect a candidate of their choice.” *Id.* at 19:45-19:54. The Legislature thus used “an express racial target” for District 5 of a black voting age population sufficiently large to elect a candidate of its choice. *Bethune-Hill*, 137 S. Ct. at 800.

Because racial considerations predominated even in drawing the new District 5, the Legislature must satisfy strict scrutiny, the U.S. Supreme Court’s “most rigorous and exacting standard of constitutional review.” *Miller*, 515 U.S. at 920. And to satisfy strict scrutiny, the Legislature “must demonstrate that its districting legislation is nar-

rowly tailored to achieve a compelling interest.” *Id.* That, the Legislature cannot do.

There is no good reason to believe that District 5 needed to be drawn as a minority-performing district to comply with Section 2 of the Voting Rights Act (VRA), because the relevant minority group is not sufficiently large to constitute a majority in a geographically compact area. In the primary map, the black voting age population of District 5 is 35.32%, and even in the secondary map, with the racially gerrymandered, non-compact version of District 5, the black voting age population increases only to 43.48%. *Compare* Fla. Redist. 2022, H000C8019, <https://bit.ly/3uczOXb> (available at floridaredistricting.gov/pages/submitted-plans) (last visited Mar. 28, 2022), *with* Fla. Redist. 2022, H000C8015, <https://bit.ly/36hFRBB> (available at floridaredistricting.gov/pages/submitted-plans) (last visited Mar. 28, 2022). “When a minority group is not sufficiently large to make up a majority in a reasonably shaped district, § 2 simply does not apply.” *Cooper*, 137 S. Ct. at 1472 (citing *Bartlett v. Strickland*, 556 U.S. 1, 18-20 (2009) (plurality opinion)); *see also* *Thornburg v. Gingles*, 478 U.S. 30, 50 (1986) (explaining that one of the threshold conditions for proving vote dilution under Section 2 is that the minority group is “sufficiently large and geographically compact to constitute a majority”).

Nor is there good reason to believe that District 5 is required to be drawn to comply with Section 5 of the VRA. Section 5 is no longer operative now that the U.S. Supreme Court invalidated the VRA’s formula for determining which jurisdictions are subject to Section 5. *See Shelby Cnty. v. Holder*, 570 U.S. 529, 553-57 (2013); *see also Ala. Legis. Black Caucus v. Alabama*, 575 U.S. 254, 279 (2015) (suggesting that continued compliance with Section 5 may not remain a compelling interest in light of *Shelby County*). In any event, even before the coverage formula was invalidated, the State of Florida was not a covered jurisdiction subject to Section 5. *See In re Senate Joint Resolution of Legislative Apportionment 1176 (Apportionment I)*, 83 So. 3d 597, 624 (Fla. 2012). Only five counties in Florida were covered—Collier, Hardee, Hendry, Hillsborough, and Monroe—and none of them are in northern Florida where District 5 is located. *See id.*

The only justification left for drawing a race-based district is compliance with Article III, Section 20(a) of the Florida Constitution. But District 5 does not comply with this provision. Article III, Section 20(a) provides that “districts shall not be drawn with the intent or result of denying or abridging the equal opportunity of racial or language minorities to participate in the political process or to diminish their ability to elect representatives of their choice.” The Florida Supreme Court has noted that these “dual constitutional imperatives follow almost verbatim the requirements embodied in the Federal Voting Rights Act.” *Id.* at 619 (cleaned up). The first imperative, which prohibits districts that deny or abridge the equal opportunity of minority groups to participate in the political process, is modeled after Section 2 of the VRA, and the second imperative, which prohibits districts that diminish the ability of minority groups to elect representatives of their choice, is modeled after Section 5. *Id.* at 619-20.

Like the VRA, these provisions of the Florida Constitution “aim[] at safeguarding the voting strength of minority groups against both impermissible dilution and retrogression.” *Id.* at 620. Although judicial interpretation of the VRA is relevant to understanding the Florida Constitution’s non-dilution and non-diminishment provisions, the Florida Supreme Court nonetheless recognizes its “independent constitutional obligation” to interpret these provisions. *Id.* at 621.

Relevant here is the Florida Constitution’s non-diminishment requirement. Unlike Section 5 of the VRA, this requirement “applies to the entire state.” *Id.* at 620. Under this standard, the Legislature “cannot eliminate majority-minority districts or weaken other historically performing minority districts where doing so would actually diminish a minority group’s ability to elect its preferred candidates.” *Id.* at 625. The existing districts “serve[] as the ‘benchmark’ against which the ‘effect’ of voting changes is measured.” *Id.* at 624 (cleaned up). Where a voting change leaves a minority group “less able to elect a preferred candidate of choice” than the benchmark, that change violates the non-diminishment standard. *Id.* at 625 (internal quotation marks omitted); *see also id.* at 702 (Canady, C.J., concurring in part and dissenting in part) (noting that the dictionary definition of “diminish” means “to make less or cause to appear less” (citation omitted)).

The Florida Supreme Court has acknowledged that “a slight change in percentage of the minority group’s population in a given district does not necessarily have a cognizable effect on a minority group’s ability to elect its preferred candidate of choice.” *Id.* at 625. The minority population percentage in each district need not be “fixed” in perpetuity. *Id.* at 627. But where the reduction in minority population in a given district is more than “slight,” such that the ability of the minority population to elect a candidate of choice has been reduced (even if not eliminated), the Legislature has violated the Florida Constitution’s non-diminishment requirement as interpreted by the Florida Supreme Court.

Given these principles, there is no good reason to believe that District 5, as presented in the primary map, complies with the Florida Constitution’s non-diminishment requirement. The benchmark district contains a black voting age population of 46.20%, whereas the black voting age population of District 5 in the primary map is only 35.32%.¹ *Compare* Fla. Redist. 2022, FLCD2016, <https://bit.ly/3Iv6FEW> (available at floridaredistricting.gov/pages/submitted-plans) (last visited Mar. 28, 2022), *with* Fla. Redist. 2022, H000C8019, <https://bit.ly/3uczOXb> (available at floridaredistricting.gov/pages/submitted-plans) (last visited Mar. 28, 2022). This nearly eleven percentage point drop is more than slight, and while the House Redistricting Chair represented that the black population of the district could still elect a candidate of choice, *see* Fla. H.R. Comm. on Redist., recording of proceedings, at 59:44-1:00:17 (Feb. 25, 2022), there appears to be little dispute that the ability of the black population to elect such a candidate had nevertheless been reduced, *see id.* at 1:00:18-1:00:58 (noting that the benchmark district performed for the minority candidate of choice in 14 of 14 previous elections and that the new district would not perform for the minority candidate of choice in one-third of the same elections).

Moreover, the House Redistricting Chair claimed that the only criterion that mattered was whether the new district still performed at all. *See id.* at 1:06:09-1:06:30 (“It is not a diminishment unless the district does not perform.”); *see also id.* at 1:05:05-1:05:13 (“Is it less likely to perform? Honestly, I don’t know.”). But that view is plainly inconsistent with the Florida Supreme Court precedent described above, which prohibits any voting change that leaves a minority group “less able to elect a preferred candidate of choice.” *Apportionment I*, 83 So. 3d at 625 (internal quotation marks omitted). In sum, because the reduction of black voting age population is more than slight and because such reduction appears to have diminished the ability of black voters to elect a candidate of their choice, District 5 does not comply with the non-diminishment requirement of Article III, Section 20(a) of the Florida Constitution. Therefore, compliance with the Florida Constitution cannot supply the compelling reason to justify the Legislature’s use of race in drawing District 5 in the primary map.

In the secondary map, by contrast, District 5 complies with the Florida Constitution’s non-diminishment requirement, but in doing so, it violates the Equal Protection Clause of the Fourteenth Amendment to the U.S. Constitution. The U.S. Supreme Court has warned that a “reapportionment plan that includes in one district individuals who belong to the same race, but who are otherwise widely separated by geographical and political boundaries, and who may have little in common with one another but the color of their skin, bears an uncomfortable resemblance to political apartheid.” *Shaw*, 509 U.S. at 647. As described earlier, District 5 in the secondary map does precisely this.

That the district is believed to be necessary to comply with the Florida Constitution’s non-diminishment requirement does not alone suffice to justify the use of race in drawing bizarre, non-compact district boundaries for the sole purpose of cobbling together disparate minority populations from across northern Florida to form a minority-performing district. Mere compliance with a state constitutional requirement to engage in race-based districting is not, without more, a compelling interest sufficient to satisfy strict scrutiny. The Fourteenth and Fifteenth Amendments to the U.S. Constitution and the VRA, which enforces the Fifteenth Amendment, exist to *prevent* states from engaging in racially discriminatory electoral practices. Indeed, one such weapon that states long used, and that the VRA was designed to combat, “was the racial gerrymander—the deliberate and arbitrary distortion of district boundaries for racial purposes.” *Id.* at 640 (cleaned up).

Here, the Florida Constitution’s non-diminishment standard would be satisfied only by a sprawling, non-compact district that spans 200 miles and repeatedly violates traditional political boundaries to join minority communities from disparate geographic areas. Such a district

is not narrowly tailored to achieve the compelling interest of protecting the voting rights of a minority community in a reasonably cohesive geographic area. As applied to District 5 in the secondary map, therefore, the Florida Constitution's non-diminishment standard cannot survive strict scrutiny and clearly violates the U.S. Constitution.

For the foregoing reasons, Congressional District 5 in both maps is unlawful.

¹ The benchmark district itself is a sprawling, non-compact racial gerrymander that connects minority communities from two distinct regions of the State; however, for purposes of this point, I assume that the district can be used as a valid benchmark against which to judge the new maps.

Dear Secretary Byrd:

By the authority vested in me as Governor of the State of Florida, under the provisions of Article III, Section 8, of the Constitution of Florida, I do hereby veto and transmit my objection to Senate Bill 406 (SB 406), enacted during the 124th Session of the Legislature of Florida, during the Regular Session of 2022 and entitled:

An act relating to Secured Transactions

If SB 406 were to become law and be given retroactive effect as the Legislature intends, it would unconstitutionally impair certain vested rights and contracts. See art. I, §§ 9, 10, Fla. Const. While the prospective policy reforms are sound this does not cure the legal infirmities of the legislation.

For this reason, I withhold my approval of Senate Bill 406 and do hereby veto the same.

Sincerely,

Ron DeSantis
Governor

Dear Secretary Byrd:

By the authority vested in me as Governor of the State of Florida, under the provisions of Article III, Section 8, of the Constitution of Florida, I do hereby veto and transmit my objections to Committee Substitute for Senate Bill 620 (CS/SB 620), enacted during the 124th Session of the Legislature of Florida, during the Regular Session of 2022 and entitled:

An act relating to the Local Business Protection Act

CS/SB 620 authorizes private, for-profit businesses to claim damages from a county or municipality if the county or municipality enacts or amends certain non-exempt ordinances or charter provisions that have the effect of reducing profits beyond the designated threshold.

Local governments do overstep their authority and unreasonably burden businesses through policies that range from the merely misguided to the politically motivated. Indeed, this was illustrated by the bizarre and draconian measures adopted by some local governments

during COVID-19, necessitating the state to overrule these edicts to protect freedom and opportunity for Floridians. Incredibly, this bill exempts compensating businesses due to "emergency" orders of local government. However, the broad and ambiguous language of the bill will lead to both unintended and unforeseen consequences and costly litigation.

Because of this, the better approach is to enact targeted preemption legislation when local governments act in a way that frustrates state policy and/ or undermines the rights of Floridians.

For the reasons stated above, I withhold my approval of CS/SB 620 and do hereby veto the same.

Ron DeSantis

An act relating to Independent Hospital Districts

As Governor, I have approved local legislation for independent hospital districts. CS/SB 1260 intends to solve a priority of one independent hospital district through broad statewide policy changes, rather than through the local bill process. Florida's public hospitals serve our medically indigent population and support the state share of the low-income pool. Under these circumstances, each policy change to the governance structure of our independent hospital districts should be reviewed on a district-by-district basis.

Dear Secretary Byrd:

By the authority vested in me as Governor of the State of Florida, under the provisions of Article III, Section 8, of the Constitution of Florida, I do hereby veto and withhold my approval from the following specific appropriation contained within Senate Bill 2526 (lines 78-93):

(2) Beginning in the 2022-2023 fiscal year, and annually through the 2052-2053 fiscal year, the sum of \$20 million is appropriated and shall be transferred to the Board of Directors of the H. Lee Moffitt Cancer Center and Research Institute for construction and development of Moffitt's Pasco County life sciences park. Monies transferred to the Board of Directors of the H. Lee Moffitt Cancer Center and Research Institute pursuant to this subsection may be used to secure financing to pay costs related to the construction and development of Moffitt's Pasco County life sciences

park. Such financing may include the issuance of tax-exempt bonds or other forms of indebtedness by a local authority, municipality, or county pursuant to parts II and III of chapter 159. Such bonds shall not constitute state bonds for purposes of s. 11, Art. VII of the State Constitution, but shall constitute bonds of a local agency as defined in s. 92159.27(4).

I do hereby sign and transmit the remainder of Senate Bill 2526 enacted during the 124th Session of the Legislature of Florida, during the Regular Session of 2022 and entitled:

An act relating to Health

The Freedom First Budget provides \$100,000,000 to support the Florida Consortium of National Cancer Institute Centers Program, of which the H. Lee Moffitt Cancer Center and Research Institute is one of three eligible institutions. This funding represents an increase of \$37,771,257 over the previous year. I requested this additional funding because I am committed to enhancing Florida's competitiveness in cancer research and care at national and international levels to ensure that all Floridians have access to the highest quality of care.

However, I do not support the provision of funding that will tie the state to a long term, thirty-year commitment that inhibits budget flexibility. These state funds could be used to support more than \$300 million of bonding capacity that would impact the state's debt capacity without any state oversight.

For the reasons stated above, the \$20,000,000 appropriation contained in Senate Bill 2526 is hereby vetoed, and I hereby approve the remainder of the Act.

EXECUTIVE BUSINESS

SUSPENSION REPORTS

EXECUTIVE ORDER NUMBER 22-176 (Executive Order of Suspension)

WHEREAS, Article IV of the Florida Constitution vests the State's supreme executive power in the Governor and requires the Governor to take care that the laws of Florida are faithfully executed. *See* Art. IV, § 1(a), Fla. Const.; and

WHEREAS, in furtherance of the Governor's executive responsibility, the Governor may suspend from office any state officer not subject to impeachment for that officer's malfeasance, misfeasance, neglect of duty, drunkenness, incompetence, permanent inability to perform official duties, or commission of a felony. *See* Art. IV, § 7(a), Fla. Const.; and

WHEREAS, "neglect of duty" refers to "the neglect or failure on the part of a public officer to do and perform some duty or duties laid on him as such by virtue of his office or which is required of him by law." *Israel v. DeSantis*, 269 So. 3d 491, 496 (Fla. 2019) (quoting *State ex rel. Hardie v. Coleman*, 155 So. 129, 132 (Fla. 1934)). "It is not material whether the neglect be willful, through malice, ignorance, or oversight." *Id.*; and

WHEREAS, "incompetence" may arise from "gross ignorance of official duties or gross carelessness in the discharge of them," or from "lack of judgment and discretion." *Id.* (quoting *Coleman*, 155 So. at 133); and

WHEREAS, state attorneys are state officers constitutionally elected to serve as the prosecuting officers of all trial courts within each judicial circuit. *See* Art. V, § 17, Fla. Const.; and

WHEREAS, with respect to the prosecution of crimes in general, "the State acts exclusively through the offices of the state attorneys." *Cook v. State*, 921 So. 2d 631, 644 (Fla. 2d DCA 2005); and

WHEREAS, state attorneys are not subject to impeachment, *see* Art. III, § 17, Fla. Const., and thus are eligible for suspension by the Governor and removal by the Senate, *see* Art. IV, § 7(a), (b), Fla. Const.; and

WHEREAS, even though state attorneys have complete discretion in making the decision to prosecute a particular defendant, *Cleveland v. State*, 417 So. 2d 653, 654 (Fla. 1982), prosecutorial discretion requires a state attorney to make "case-specific" and "individualized" determinations as to whether the facts warrant prosecution. *Ayala v. Scott*, 224 So. 3d 755, 758-59 (Fla. 2017); and

WHEREAS, a state attorney's "blanket refusal" to enforce a criminal law is not an exercise of prosecutorial discretion but is "tantamount to a 'functional veto' of state law." *Id.* at 758 (discussing *Johnson v. Pataki*, 691 N.E.2d 1002, 1007 (N.Y. 1997)) (alteration omitted); and

WHEREAS, a state attorney's policy to "knowingly permit" criminal activity and "prefer no charges" constitutes "neglect of duty" under the Florida Constitution. *See State ex rel. Hardee v. Allen*, 172 So. 222, 223-24 (Fla. 1937) (concluding that the Governor's suspension of a Tampa prosecutor for "neglect of duty" was sufficiently based on the prosecutor's alleged unwillingness to prosecute gambling offenses); and

WHEREAS, a state attorney who contends that prosecutorial discretion may be used to disregard entire criminal laws demonstrates incompetence and gross ignorance of a state attorney's official duty to exercise discretion only on a "case-by-case" and "individualized" basis. *See Ayala*, 224 So. 3d at 759 (a state attorney's erroneous application of prosecutorial discretion "embodies, at best, a misunderstanding of Florida law"); and

WHEREAS, Andrew Warren is the State Attorney for the 13th Judicial Circuit of the State of Florida (hereafter, "Warren"); and

WHEREAS, Warren demonstrated his incompetence and willful defiance of his duties as a state attorney as early as June 2021, when he signed a "Joint Statement" with other elected prosecutors in support of gender-transition treatments for children and bathroom usage based on gender identity (attached hereto as Exhibit "A"). The statement read:

"[W]e pledge to use our discretion and not promote the criminalization of gender affirming healthcare or transgender people."

and

"Bills that criminalize safe and crucial medical treatments or the mere public existence of trans people do not promote public safety, community trust, or fiscal responsibility. They serve no legitimate purpose. As such, we pledge to use our settled discretion and limited resources on enforcement of laws that will not erode the safety and well-being of our community. And we do not support the use of scarce criminal justice and law enforcement resources on criminalization of doctors who offer medically necessary, safe, gender-affirming care to trans youth, parents who safeguard their child's health and wellbeing by seeking out such treatments, or any individuals who use facilities aligned with their gender identity."

and

"We are committed to ending this deeply disturbing and destructive criminalization of gender-affirming healthcare and transgender people."

WHEREAS, although the Florida Legislature has not enacted such criminal laws, these statements prove that Warren thinks he has authority to defy the Florida Legislature and nullify in his jurisdiction criminal laws with which he disagrees; and

WHEREAS, based on this fundamentally flawed and lawless understanding of his duties as a state attorney, Warren has acted as a law unto himself by instituting a policy during his current term of presumptive non-enforcement for certain criminal violations, including

trespassing at a business location, disorderly conduct, disorderly intoxication, and prostitution; and

WHEREAS, Warren has also instituted a policy during his current term against prosecuting crimes where the initial encounter between law enforcement and the defendant results from a non-criminal violation in connection with riding a bicycle or a pedestrian violation. This presumption of non-prosecution applies even to crimes of misdemeanor resisting arrest without violence—for example, fleeing from a law enforcement officer. The only exception to the policy is where there is a direct threat to public safety, such as where an individual has suffered physical harm or where a firearm is involved; and

WHEREAS, Warren’s policies of presumptive non-enforcement are not a proper exercise of prosecutorial discretion because they do not require “case-specific” and “individualized” determinations as to whether the facts warrant prosecution but instead are based on categorical exclusions of otherwise criminal conduct that is tantamount to rewriting Florida criminal law; and

WHEREAS, such policies have the effect of usurping the province of the Florida Legislature to define criminal conduct as well as the duties of other law enforcement officials in Hillsborough County to faithfully enforce violations of Florida criminal law; and

WHEREAS, Warren’s erroneous understanding of his duties recently culminated in his public declaration that he would not enforce criminal laws enacted by the Florida Legislature that prohibit providers from performing certain abortions to protect the lives of unborn children; and

WHEREAS, the majority of abortion procedures performed after 15 weeks’ gestation are dilation and evacuation procedures that involve the use of surgical instruments to crush and tear apart the unborn child, who is capable of feeling pain at this stage, before removing the remains of the dead child from the womb; and

WHEREAS, Florida’s criminal law prohibits partial-birth abortions, which are classified as second degree felonies and punishable by imprisonment of up to 15 years and monetary penalties. *See* §§ 782.34, 775.082(3)(d), and 775.083(1)(b), Fla. Stat. Partial-birth abortion is a late-term procedure where the unborn child is partially delivered, but the physician ends the child’s life by piercing the child’s head with scissors while the head is still in the mother’s womb; and

WHEREAS, Florida criminal law has also generally prohibited physicians from performing an abortion during the third trimester or after a fetus achieves viability. *See* §§ 390.0111, 390.01112, Fla. Stat. (2021); and

WHEREAS, on March 3, 2022, the Florida Legislature passed House Bill 5 (“HB 5”), entitled “Reducing Fetal and Infant Mortality,” which prohibits a physician from performing an abortion after a fetus reaches the gestational age of 15 weeks, with certain exceptions; and

WHEREAS, I signed HB 5 on April 14, 2022, it took effect on July 1, 2022, and it remains in full force and effect, *see State v. Planned Parenthood of Sw. & Cent. Fla.*, No. 1D22-2034, 2022 WL 2865900 (Fla. 1st DCA July 21, 2022) (declining to vacate automatic stay of preliminary injunction against HB 5); and

WHEREAS, a violation of Florida’s criminal law against certain abortions is, at a minimum, a felony of the third degree, punishable by imprisonment of up to five years and monetary penalties. *See* §§ 390.0111(10)(a), 775.082(3)(e), and 775.083(1)(c), Fla. Stat.; and

WHEREAS, the purpose and effect of Florida’s abortion laws are to protect women and their unborn children by punishing and deterring providers who perform unlawful abortions, rather than the women who may receive them; and

WHEREAS, on June 24, 2022, the Supreme Court of the United States overturned *Roe v. Wade*, 410 U.S. 113 (1973), and *Planned Parenthood of Southeastern Pa. v. Casey*, 505 U.S. 833 (1992), reaffirming that states may prohibit abortion through criminal laws passed by their elected representatives. *See Dobbs v. Jackson Women’s Health Organization*, 142 S. Ct. 2228 (2022); and

WHEREAS, in the wake of the Supreme Court’s decision in *Dobbs*, Warren publicly proclaimed in writing that he will not prosecute individuals who provide abortions in violation of Florida’s criminal laws to

protect the life of the unborn child. Specifically, Warren signed a “Joint Statement” dated June 24, 2022, and updated on July 25, 2022, with other elected prosecutors (attached hereto as Exhibit “B”), which stated:

“Criminalizing and prosecuting individuals who ... provide abortion care makes a mockery of justice; prosecutors should not be part of that.”

and

“Enforcing abortion bans runs counter to the obligations and interests we are sworn to uphold.”

and

“As such, we [the undersigned prosecutors] decline to use our offices’ resources to criminalize reproductive health decisions and commit to exercise our well-settled discretion and refrain from prosecuting those who ... provide, or support abortions.”

and

“Our legislatures may decide to criminalize personal healthcare decisions, but *we* remain obligated to prosecute only those cases that serve the interests of justice and the people.”

WHEREAS, Warren is the only state attorney in Florida who signed this statement, and he signed the statement in his official capacity as the “State Attorney, 13th Judicial Circuit (Tampa), Florida”; and

WHEREAS, Warren has thus clearly, unequivocally, and publicly declared that his office will not prosecute violations of Florida criminal laws that prohibit providers from performing certain abortions to protect the life of the unborn child; and

WHEREAS, the “Joint Statement” defines abortion as “a personal choice made by a pregnant person to terminate a pregnancy” and thus applies to any abortions, including late-term and partial-birth abortions; and

WHEREAS, Warren’s declared intent in the “Joint Statement” not to prosecute abortion crimes to achieve their purpose of protecting the lives of unborn children encourages not only the abortions recently prohibited by HB 5, but also late-term and partial-birth abortions that have long been banned under Florida’s criminal law; and

WHEREAS, Warren has effectively nullified these Florida criminal laws in the 13th Judicial Circuit, thereby eroding the rule of law, encouraging lawlessness, and usurping the exclusive role of the Florida Legislature to define criminal conduct. *See* Ex. B (“Our legislatures may decide to criminalize personal healthcare decisions, but *we* remain obligated to prosecute only those cases that serve the interests of justice and the people. Criminalizing and prosecuting individuals who seek or provide abortion care makes a mockery of justice; prosecutors should not be part of that.”); and

WHEREAS, in light of the strident representations of non-enforcement and open defiance of the Florida Legislature evident in the “Joint Statement,” there is no reason to believe that Warren will faithfully enforce the abortion laws of this State and properly exercise his prosecutorial discretion on a “case-specific” and “individualized” basis; and

WHEREAS, Warren’s declared refusal to prosecute abortion cases is alone sufficient to justify his suspension and removal for neglect of duty and incompetence; and

WHEREAS, Warren’s avowed refusal to enforce certain criminal laws on a non-individualized, category-wide basis of his choosing is a neglect of duty in violation of his oath of office to faithfully perform his duties as State Attorney for the 13th Judicial Circuit; and

WHEREAS, Warren’s neglect of duty is willful and intended to be a “functional veto” on the policies of the Florida Legislature; and

WHEREAS, Warren’s neglect of duty is not excused by prosecutorial discretion, because his blanket policies ensure that he will exercise no discretion at all in entire categories of criminal cases; and

WHEREAS, Warren’s public proclamations of non-enforcement further demonstrate his incompetence and lack of judgment arising from

his gross ignorance of his official duties to faithfully enforce the criminal law and to exercise discretion only on a case-by-case basis; and

WHEREAS, it is my duty as Governor to take care that the laws are faithfully executed by ensuring that all criminal violations remain eligible for prosecution throughout the State of Florida; and

WHEREAS, as a result of his open and notorious repudiation and nullification of Florida law, as well as his blatant defiance of the Florida Legislature, Warren can no longer be trusted to fulfill his oath of office and his duty to see that Florida law is faithfully executed; and

WHEREAS, it is in the best interests of the residents of the 13th Judicial Circuit that they immediately have a new state attorney who will faithfully execute Florida's criminal laws and exercise prosecutorial discretion to do justice on a case-by-case, fact-specific basis in accordance with Florida law; and

NOW, THEREFORE, I, RON DESANTIS, Governor of Florida, pursuant to the Constitution and the laws of the State of Florida, do hereby find, and for the purposes of Article IV, section 7 of the Florida Constitution, determine as follows:

- A. Andrew Warren is, and at all material times was, the State Attorney for the 13th Judicial Circuit of Florida.
- B. The office of state attorney is within the purview of the suspension powers of the Governor, pursuant to Article IV, section 7 of the Florida Constitution.
- C. The actions and omissions of Andrew Warren as referenced above constitute "neglect of duty" and "incompetence" for the purposes of Article IV, section 7 of the Florida Constitution.
- D. If, after execution of this suspension, additional facts are discovered that illustrate further neglect of duty, incompetence, or other constitutional grounds for suspension of Andrew Warren, this Executive Order may be amended to allege those additional facts.

BEING FULLY ADVISED in the premises, and in accordance with the Constitution and the laws of the State of Florida, this Executive Order is issued, effective immediately:

Section 1. Andrew Warren is hereby suspended from the public office that he now holds, to wit: State Attorney for the 13th Judicial Circuit of Florida.

Section 2. Andrew Warren is hereby prohibited from performing any official act, duty, or function of public office; from receiving any pay or allowance; from being entitled to any of the emoluments or privileges of public office during the period of this suspension, which period shall be from the effective date hereof, until a further executive order is issued, or as otherwise provided by law.

Section 3. As of the signing of this Executive Order, the Hillsborough County Sheriff's Office, assisted by other law enforcement agencies as necessary, is requested to: (i) assist in the immediate transition of Andrew Warren from the Office of the State Attorney for the 13th Judicial Circuit of Florida, with access only to retrieve his personal belongings; and (ii) ensure that no files, papers, documents, notes, records, computers, or removable storage media are removed from the Office of the State Attorney for the 13th Judicial Circuit of Florida by Andrew Warren or any of his staff.

Section 4. The Honorable Susan Lopez, County Court Judge of the 13th Judicial Circuit in and for Hillsborough County, is hereby appointed forthwith, effective August 4, 2022, to fill the position of State Attorney for the 13th Judicial Circuit of Florida in accordance with Article IV, section 7, subsection (a) of the Florida Constitution for the duration of the suspension.

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Florida to be affixed at Tallahassee, this 4th day of August, 2022.

WHEREAS, Patricia Good (“Good”), Donna Korn (“Korn”), Ann Murray (“Murray”), and Laurie Rich Levinson (“Levinson”) are all members of the School Board of Broward County (“the Board”); and

WHEREAS, Murray has served on the Board since 2008, and her current term expires this year; Good and Levinson have served since 2010, but Good’s current term expires in 2024 and Levinson’s expires this year; and Korn has served since 2012, and her current term expires this year; and

WHEREAS, Robert Runcie (“Runcie”) was employed by and is the former Superintendent of the Broward County Public Schools; and

WHEREAS, Barbara Myrick (“Myrick”) was employed by and is the former General Counsel of the Broward County Public Schools; and

WHEREAS, the Twentieth Statewide Grand Jury was convened in the aftermath of the tragic Marjory Stoneman Douglas High School shooting; and

WHEREAS, the Order Directing Impanelment of the Twentieth Statewide Grand Jury, issued by the Florida Supreme Court on February 25, 2019, asked the Grand Jury to examine four issues: (a) whether refusal or failure to follow the mandates of school-related safety laws, such as the Marjory Stoneman Douglas Public Safety Act, results in unnecessary and avoidable risk to students across the state; (b)

whether public entities committed—and continue to commit—fraud and deceit by accepting state funds conditioned on implementation of certain safety measures while knowingly failing to act; (c) whether school officials committed—and continue to commit—fraud and deceit by mismanaging, failing to use, and diverting funds from multimillion-dollar bonds specifically solicited for school safety initiatives; and (d) whether school officials violated—and continue to violate—state law by systemically underreporting incidents of criminal activity to the Department of Education; and

WHEREAS, on April 16, 2021, the Twentieth Statewide Grand Jury issued its Final Report (attached hereto and incorporated by reference as Exhibit “A”), but the Report was sealed and thus unavailable to the public; and

WHEREAS, the Twentieth Statewide Grand Jury’s Final Report was unsealed and released to the public on August 19, 2022; and

WHEREAS, the Twentieth Statewide Grand Jury, after conducting an in-depth investigation, examining records obtained from numerous sources, and questioning numerous witnesses, found in its Final Report that School Board Members Good, Korn, Murray, and Levinson each committed malfeasance, misfeasance, neglect of duty, and incompetence in mismanaging the SMART Program, a multimillion-dollar bond specifically solicited for school safety and renovation initiatives, among other things; and

WHEREAS, the Twentieth Statewide Grand Jury found in its Final Report that the Board was aware of serious problems with the SMART Program, including Runcie’s inability or unwillingness to manage those problems, and that it fell to the Board to exercise its powers to resolve the problems, namely: (1) the power to hire, fire, evaluate, and contract with subordinate leaders and managers, including Runcie and Myrick; (2) the power to approve and ratify the yearly budget; and (3) the power to write policy; and

WHEREAS, Runcie and Myrick were both indicted for felonies related to their appearances before the Twentieth Statewide Grand Jury; and

WHEREAS, the Twentieth Statewide Grand Jury found in its Final Report that although the criminal transgressions of Runcie and Myrick are not the fault of the Board, the permissive atmosphere that the Board created for its former employees, coupled with the Board’s unwillingness to hold Runcie, Myrick, and other employees accountable, emboldened their unacceptable behavior as detailed in the Final Report; and

WHEREAS, the Twentieth Statewide Grand Jury found in its Final Report numerous failures of the Board related to their oversight of school board personnel, including Runcie, and the SMART Program; and

WHEREAS, the Twentieth Statewide Grand Jury found in its Final Report that the Board, through fraud and deceit, has mismanaged the SMART Program and will continue to mismanage that program if nothing changes; and

WHEREAS, for example, the Final Report found that the SMART projects “which were clearly and specifically promised in 2014 by [District] officials to be completed by the end of 2021 at a cost of \$987 million are now estimated to be completed in 2025 at a cost of approximately \$1.462 billion”; and

WHEREAS, the Final Report further found that “the overall pattern of the last seven years is clear: District leadership—guided by a woefully inaccurate scope of work from 2014—continues year after year to sail SMART Program projects into storm after storm”; and

WHEREAS, the Final Report observed that school district personnel had been aware “that the roofing prices [for SMART Program projects] were fatally flawed since 2016,” but “[w]hat is unclear to [the Twentieth Statewide Grand Jury] is how Superintendent Runcie and the Board can claim they are not aware of this fact in 2021”; and

WHEREAS, the Final Report noted that, as late as September 2020, “the Board ha[d] not taken any substantive action, or directed Superintendent Runcie to take substantive action to address the problems in the Building Department”; and

WHEREAS, the Final Report found that a safety-related fire alarm that could have possibly saved lives at the Marjory Stoneman Douglas High School “was and is such a low priority that it remains uninstalled at multiple schools” in Broward County; and

WHEREAS, the Final Report concluded that “students continue to be educated in unsafe, aging, decrepit, moldy buildings that were supposed to have been renovated years ago” and that the “Board cannot continue to give the District a blank check to incompetently manage these SMART Program projects”; and

WHEREAS, based on its findings, the Twentieth Statewide Grand Jury has recommended that the Governor immediately suspend School Board Members Good, Korn, Murray, and Levinson from public office; and

WHEREAS, based on its findings, the Twentieth Statewide Grand Jury does not recommend that the Governor suspend any other current Board Members; and

WHEREAS, School Board Members Good, Korn, Murray, and Levinson were on the Board from the beginning of the SMART Program and were responsible for the management of the Program, the conduct of school board personnel, and the safety and well-being of the students of the Broward County Public Schools; and

WHEREAS, School Board Members Good, Korn, Murray, and Levinson have failed their responsibilities and duties to the parents and students of the Broward County Public Schools due to their failure, as described in the Twentieth Statewide Grand Jury’s Final Report, to adequately oversee the management of the SMART Program, to supervise school board personnel, and to protect the students of the Broward County Public Schools; and

WHEREAS, as found in the Twentieth Statewide Grand Jury’s Final Report, the gross mismanagement of the SMART Program by School Board Members Good, Korn, Murray, and Levinson occurred in part during their current terms in office and constitutes malfeasance, misfeasance, neglect of duty, and incompetence in violation of their oath of office to “faithfully perform the[ir] duties” as School Board Members. See art. II, § 5(b), Fla. Const.; and

WHEREAS, due to their malfeasance, misfeasance, neglect of duty, and incompetence, School Board Members Good, Korn, Murray, and Levinson can no longer demonstrate the qualifications necessary to meet their duties in office; and

WHEREAS, it is in the best interests of the residents and students of Broward County, and the citizens of the State of Florida, that School Board Members Good, Korn, Murray, and Levinson be immediately suspended from public office.

NOW, THEREFORE, I, RON DESANTIS, Governor of Florida, pursuant to the Constitution and the laws of the State of Florida, do hereby find, and for the purposes of article IV, section 7 of the Florida Constitution, determine as follows:

A. Patricia Good, Donna Korn, Ann Murray, and Laurie Rich Levinson are, and at all material times were, members of the School Board of Broward County.

B. The office of district school board member is within the purview of the suspension powers of the Governor, pursuant to article IV, section 7 of the Florida Constitution.

C. The actions and omissions of School Board Members Patricia Good, Donna Korn, Ann Murray, and Laurie Rich Levinson, as referenced above and as detailed in the Twentieth Statewide Grand Jury’s Final Report, which has been attached hereto and incorporated by reference, occurred in part during their current terms in office and constitute “malfeasance,” “misfeasance,” “neglect of duty,” and “incompetence” for the purposes of article IV, section 7 of the Florida Constitution.

D. If, after execution of this suspension, additional facts are discovered that illustrate further malfeasance, misfeasance, neglect of duty, incompetence, or other constitutional grounds for suspension of School Board Members Patricia Good, Donna Korn, Ann Murray, and

Laurie Rich Levinson, this Executive Order may be amended to allege those additional facts.

BEING FULLY ADVISED in the premises, and in accordance with the Constitution and the laws of the State of Florida, this Executive Order is issued, effective immediately:

Section 1. Patricia Good, Donna Korn, Ann Murray, and Laurie Rich Levinson are each hereby suspended from the public office that they now hold, to wit: Member of the School Board of Broward County.

Section 2. Patricia Good, Donna Korn, Ann Murray, and Laurie Rich Levinson are each hereby prohibited from performing any official act, duty, or function of public office; from receiving any pay or allowance; from being entitled to any of the emoluments or privileges of public office during the period of this suspension, which period shall be from the effective date hereof, until a further executive order is issued, or as otherwise provided by law.

Section 3. As of the signing of this Executive Order, the Broward County Sheriff's Office, assisted by other law enforcement agencies as necessary, is requested to: (i) assist in the immediate transition of Patricia Good, Donna Korn, Ann Murray, and Laurie Rich Levinson from the School Board of Broward County, with access only to retrieve their personal belongings; and (ii) ensure that no files, papers, documents, notes, records, computers, or removable storage media are removed from the School Board of Broward County or the Broward County Public Schools by the suspended individuals or any of their staff.

IN TESTIMONY WHEREOF, I have hereunto set my hand and have caused the Great Seal of the State of Florida to be affixed at Tallahassee, this 26th day of August, 2022.

RE: Executive Order of Suspension, Exec. Order No. 22-202

Dear Ms. Good:

Earlier today, pursuant to Section 3 of Article III of Florida's Constitution, the Senate formally organized for the 2022-24 Legislative Term and elected Senator Kathleen Passidomo as Senate President. I am directed by the President to contact you regarding Executive Order 22-202 in which the Governor suspended you from office as a member of the Broward County School Board.

Pursuant to Article IV, s. 7(b) of the Florida Constitution, the Florida Senate may either remove you from office or reinstate you to office. (3) A bill is local in nature for referencing purposes if it does not substantially alter a law of general application throughout the state and it either affects no more than one (1) county or relates to a special district that is located wholly within no more than two (2) counties.

(4) When the Secretary, through staff review, has determined that the bill is not local in nature for referencing purposes, the Secretary shall report such determination to the President, who shall refer such bill to an appropriate standing committee for hearing. Such report shall be made within fifteen (15) days from date of receipt by the Secretary. When the Secretary, through staff review, has determined that a bill is local in nature for referencing purposes and that it responds to the legal requirements of a local bill, the bill shall be available for the calendar on local bills notwithstanding Rule 4.31.

1.40—Ethics and conduct training

Prior to the opening day of a regular session in odd-numbered years, all Senators shall complete a course of at least four (4) hours in length which addresses the requirements of law under the Code of Ethics for Public Officers and Employees, open meetings, public records, and any other subject approved by the President. Prior to the opening day of every regular session, all Senators shall complete a course of at least one (1) hour in length which addresses workplace harassment, sexual harassment, sensitivity, and the proper handling of such issues in the workplace. Senators filling a vacant seat at a special election after opening day shall complete the course within fourteen (14) days of election.

1.41—Senate employees and conflicts

Senate employees shall conduct themselves consistent with the intent of these Rules regulating legislative conduct and ethics.

1.42—Advisory opinions

Questions from Senators relating to the interpretation and enforcement of Rules regulating legislative conduct and ethics shall be referred to the Senate General Counsel. A Senator may submit a factual situation to the Senate General Counsel with a request for an advisory opinion establishing the standard of public duty. The Senate General Counsel shall enter an opinion responding to each inquiry on which a Senator may reasonably rely. No opinion shall identify the requesting Senator without the Senator's consent.

1.43—Violations; investigations, penalties

(1) Any person may file a sworn complaint with the Rules Chair, or the President when the complaint is against the Rules Chair, alleging a violation by a Senator of the Rules regulating legislative conduct and ethics. The complainant shall also file a copy of the sworn complaint with the Senate General Counsel.

The complaint shall be based on personal knowledge, shall state detailed facts, shall specify the actions of the named Senator which form the basis for the complaint, shall attach all documentation on which the complaint is based, and shall identify the specific Rule alleged by the complainant to have been violated by the Senator.

See Rule 1.48(8)(b)—Legislative records.

- (a) Upon a determination by the Rules Chair, or the President when the complaint is against the Rules Chair, that the complaint fails to state facts supporting a finding of a violation of the Senate Rules, the complaint shall be dismissed.
- (b) Upon a determination by the Rules Chair, or the President when the complaint is against the Rules Chair, that the complaint states facts that, if true, would be a violation of the Senate Rules, the complaint shall be referred to a special master or select committee to determine probable cause. If a select committee is appointed, it shall be comprised of an odd number of members.

1. The special master or select committee shall give reasonable notice to the Senator who is alleged to have violated the Rules, shall conduct an investigation, and shall grant the Senator an opportunity to be heard. A report and recommendation shall then be prepared.
2. The report and recommendation is advisory only and shall be presented to the Rules Chair and the President

as soon as practicable after the close of the investigation.

3. If the report and recommendation conclude that the facts do not support a finding of probable cause, the complaint shall be dismissed by the Rules Chair, or the President when the complaint is against the Rules Chair.
 4. If the complaint is not dismissed, another select committee will be appointed and shall consider the report and recommendation, shall grant the Senator an opportunity to be heard, and shall develop its own recommendation.
 5. If the select committee votes to dismiss the complaint, the chair shall dismiss the complaint.
 6. Otherwise, the report and recommendation and the recommendation of the select committee shall be presented to the President.
 7. The President shall present the committee's recommendation, along with the report and recommendation, to the Senate for final action.
- (c) The Rules Chair, or the President when the complaint is against the Rules Chair, shall act within thirty (30) days of receipt of a complaint, unless a concurrent jurisdiction is conducting an investigation, in which case a decision may be deferred until such investigation is complete.
 - (d) Nothing in this Rule prohibits a Rules Chair, or the President when the complaint is against the Rules Chair, from allowing a Senator to correct or prevent an inadvertent, technical, or otherwise *de minimis* violation by informal means.
 - (e) Nothing in this Rule prohibits the Rules Chair, a select committee appointed pursuant to this Rule, or the President when the complaint is against the Rules Chair, from recommending a consent decree if agreed to by the Senator. The decree shall state findings of fact and set forth an appropriate penalty. If the Senate accepts the consent decree, the complaint shall be deemed resolved.

(2) Separately from any prosecutions or penalties otherwise provided by law, a Senator determined to have violated the requirements of the Rules regulating legislative conduct and ethics may be admonished, censured, reprimanded, or expelled. Such determination and disciplinary action shall be taken by a **two-thirds (2/3) vote** of the Senate.

(3) Because they may be asked to sit in judgment on an alleged violation of a Senate Rule, Senators should refrain from speaking publicly about the merits or substance of any such complaint.

See FLA. CONST. art. III, s. 4(d) Quorum and procedure.

PART FIVE—PUBLIC MEETINGS AND RECORDS

1.44—Open meetings

(1) All meetings at which legislative business is discussed between more than two (2) members of the Legislature shall be open to the public except:

- (a) At the sole discretion of the President:

See FLA. CONST. art. III, s. 4(e) Quorum and procedure.

(2) All meetings shall be subject to appropriate order and decorum at the discretion of the person conducting the meeting.

(3) For purposes of this Rule, “legislative business” is defined as issues pending before, or upon which foreseeable action is reasonably expected to be taken by, the Senate, a Senate committee, or a Senate subcommittee.

1.45—Written notice required for certain meetings

(1) A written notice of the following meetings at which legislative business is to be discussed shall be filed with the Secretary. While the Legislature is not in regular or special session and during the first fifty (50) days of a regular session, the notice shall be filed at least four (4) hours before the scheduled time of the meeting. After the fiftieth (50th) day of a regular session and during a special session, the notice shall be filed at least two (2) hours before the scheduled time of the meeting:

- (a) Meetings of the President (or a Senator designated to represent the President) with the Governor or with the Speaker (or a Representative designated to represent the Speaker);

(2) Notices of meetings required by Rule 1.45(1) shall be filed by or at the direction of the person at whose call the meeting is convened; shall state the date, time, and place of the meeting; shall contain a brief description of the general subject matter scheduled to be discussed. In the case of a meeting required to be noticed pursuant to this Rule, if the meeting is to take place at or after 10:00 p.m., then the notice must be delivered to the Secretary by 5:00 p.m. Notices of such meetings shall appear in the daily calendar.

(3) In the event the times required for notice under Rule 1.45(1) are not sufficient to permit publication in a daily or interim calendar, the Secretary shall publish on the Senate website and post on the Senate side of the fourth (4th) floor Capitol rotunda. The Secretary shall make a diligent effort to give actual notice to members of the media of all noncalendared meeting notices.

(4) Political caucuses shall be open to the public in accordance with Rule 1.44 and noticed in accordance with this Rule when legislative business then pending before, or upon which foreseeable action is reasonably expected to be taken by, the Senate, a Senate committee, or a Senate subcommittee are discussed. Political caucuses held for the sole purpose of designating a President, a President Pro Tempore, a Minority Leader, or a Minority Leader Pro Tempore need not be open or noticed.

1.46—Constitutional requirements concerning open meetings

(1) All legislative committee and subcommittee meetings and joint conference committee meetings shall be open and noticed to the public.

(2) All prearranged gatherings between more than two (2) members of the Legislature, or between the Governor, the President, or the Speaker, the purpose of which is to agree upon formal legislative action that will be taken at a subsequent time, or at which formal legislative action is taken, regarding pending legislation or amendments shall be reasonably open to the public.

(3) In the event of conflict between this Rule and any other Senate Rule, the Rule providing greater notice or public access shall prevail.

See Rule 2.13—Open meetings.

See FLA. CONST. art. III, s. 4(e) Quorum and procedure.

1.47—Reapportionment information

All Senators shall have equal access to the Senate electronic redistricting system, census data, and all other information promulgated by, maintained by, or available to any Senate standing committee or subcommittee appointed for the analysis of legislative and congressional redistricting plans.

1.48—Legislative records; maintenance, control, destruction, disposal, fee for copies, and disposition

(1) Public records, not exempted from public disclosure, may be inspected by any person desiring to do so at reasonable times, under reasonable conditions, and under supervision of the person who has custody of the records, or that person’s designee.

See FLA. CONST. art. I, s. 24(a) Access to public records and meetings.

(2) The following standing committee, standing subcommittee, ad hoc committee, and select committee public records, not exempted from public disclosure, shall be retained electronically by each staff director until transferred by the Secretary to the Division of Library and Information Services of the Department of State via its Legislative Library Division: copies of bills, amendments, vote sheets, bill analyses, and fiscal notes; meeting files including agendas and appearance cards; files relating to assigned projects; final staff reports submitted to subcommittees or committees; final reports submitted by subcommittees or committees; correspondence sent or received; and audio recordings of committee meetings. At the time of transfer, the actual correspondence to be sent to the Department of State shall consist only of correspondence which relates to other committee public records required by this Rule to be transferred. Records not transferred may be otherwise disposed of or destroyed.

(3) Except for records specifically required by law or Senate Rule to be filed or retained, district office records and constituents’ records may be retained by the district office until those records become obsolete, at which point they may be otherwise disposed of or destroyed.

(4) Public records, not exempted from public disclosure, created or received by the President, President Pro Tempore, or Secretary shall be retained by that officer as specifically required by law or Senate Rule until transferred to the Division of Library and Information Services of the Department of State via its Legislative Library Division. Records not transferred may be otherwise disposed of or destroyed.

(5) The Secretary shall, with the approval of the President, establish a reasonable fee for copies of public legislative records not exempted from public disclosure. Such fees shall be based upon the actual cost of duplication of the record and shall include the material and supplies used to duplicate the record but not the labor cost or overhead cost associated with such duplication. If the nature or volume of records requested to be inspected or copied is such as to require extensive use of information technology resources or extensive clerical or supervisory assistance by employees of the Senate, a special service charge in addition to the actual cost of duplication may be imposed. Such special service charge shall be reasonable and based on the cost incurred for the extensive use of information technology resources or the labor cost of employees providing the service that is actually incurred by the Senate or attributable to the Senate for the clerical and supervisory assistance required.

(6) Once the retention period for a public record, not exempted from public disclosure, has expired, the public record may be otherwise disposed of or destroyed. A public record need not be retained if it is published or retained by another legislative office. Only one (1) copy of a public record need be retained; additional copies of that record may be destroyed at any time. In the case of mass mailings, only one (1) sample copy of the mailing, or an abstract, need be retained.

(7) For the purpose of this Rule, a Senator’s district office shall include the offices each Senator retains for the transaction of official legislative business in his or her respective district and the assigned offices located in the Senate Building or the Capitol in Tallahassee.

(8) The following public records are exempt from inspection and copying:

- (a) Records, or information contained therein, held by the legislative branch of government which, if held by an agency as defined in section 119.011, *Florida Statutes*, or any other unit of government, would be confidential or exempt from the provisions of section 119.07(1), *Florida Statutes*, or otherwise exempt from public disclosure, and records or information of the same type held by the Legislature.
- (b) A formal complaint about a member or officer of the Legislature or about a lobbyist and the records relating to the

complaint, until the complaint is dismissed, a determination as to probable cause has been made, a determination that there are sufficient grounds for review has been made and no probable cause panel is to be appointed, or the respondent has requested in writing that the President of the Senate or the Speaker of the House of Representatives make public the complaint or other records relating to the complaint, whichever occurs first.

See Rule 1.43—Violations; investigations, penalties.

- (c) A legislatively produced draft, and a legislative request for a draft, of a bill, resolution, memorial, or legislative rule, and an amendment thereto, which is not provided to any person other than the member or members who requested the draft, an employee of the Legislature, a contract employee or consultant retained by the Legislature, or an officer of the Legislature.
 - (d) A draft of a report, bill analysis, fiscal note, report prepared by a contract employee or consultant retained by the Legislature or the Senate and materials in support thereof until the draft is provided to a person other than an employee of the Legislature, a contract employee or consultant retained by the Legislature, or an officer of the Legislature.
 - (e) A draft, and a request for a draft, of a reapportionment plan or redistricting plan and an amendment thereto. Any supporting documents associated with such plan or amendment until a bill implementing the plan, or the amendment, is filed.
 - (f) Records prepared for or used in executive sessions of the Senate until ten (10) years after the date on which the executive session was held.
 - (g) Portions of records of former legislative investigating committees whose records are sealed or confidential as of June 30, 1993, which may reveal the identity of any witness, any person who was a subject of the inquiry, or any person referred to in testimony, documents, or evidence retained in the committees' records; however, this exemption does not apply to a member of the committee, its staff, or any public official who was not a subject of the inquiry.
 - (h) Requests by members for an advisory opinion concerning the application of the rules of either house pertaining to ethics, unless the member requesting the opinion authorizes in writing the release of such information. All advisory opinions shall be open to inspection except that the identity of the member shall not be disclosed in the opinion unless the member requesting the opinion authorizes in writing the release of such information.
 - (i) Portions of correspondence held by the legislative branch which, if disclosed, would reveal: information otherwise exempt from disclosure by law; an individual's medical treatment, history, or condition; the identity or location of an individual if there is a substantial likelihood that releasing such information would jeopardize the health or safety of that individual; or information regarding physical abuse, child abuse, spouse abuse, or abuse of the elderly.
- (9) Any Senate record created prior to July 1, 1993, which was so designated by the President on June 30, 1993, shall remain exempt from inspection and copying after July 1, 1993. Records held by joint committees, commissions or offices of the Legislature, that were jointly determined by the presiding officers of both houses to remain exempt from inspection and copying after July 1, 1993, remain exempt.
- (10) For purposes of this Rule, "public record" means all documents, papers, letters, maps, books, tapes, photographs, films, sound recordings, or other material, regardless of physical form or characteristics, made or received pursuant to law or ordinance or in connection with the transaction of official business by the legislative branch.
- (11) All records, research, information, remarks, and staff work products, made or received during or in preparation for a closed meeting of a select committee, committee, or subcommittee, shall be confidential and exempt from inspection and copying for a period of thirty (30) days after the closed meeting, at which time they will automatically become legislative public records open to inspection and copying, unless the confidentiality and the prohibition against inspection and copying has, within the thirty-day (30) period, been extended by the President. Unless the above-listed confidential and exempt items have been earlier released by operation of this Rule, they shall automatically become

available for public inspection and copying five (5) years after the date of the closed meeting, unless this confidentiality and exemption is further extended by the President for subsequent five-year (5) periods.

1.49—Violations of Rules on open meetings and notice

Violations of Rules 1.44 and 1.45 constitute violations of the Rules regulating legislative conduct and ethics and shall be subject to the procedures and penalties prescribed in Rule 1.43.

All bills reported unfavorably shall be laid on the table.

- (b) The vote of each member of the subcommittee on final passage of each bill.

See FLA. CONST. art. III, s. 4(c) Quorum and procedure.

(3) In reporting a bill to the standing committee, a standing subcommittee may draft a new measure, embracing the same or related subject matter, to be returned to the standing committee with the recommendation that the substitute be considered in lieu of the original measure. The substitute measure must be accompanied by the original measure referred to the standing subcommittee and returned to the standing committee in the same manner as a favorable report.

(4) All standing subcommittee reports shall be promptly transmitted to the standing committee. Each report by a standing subcommittee must set forth the identifying number of the measure. If amendments are proposed by the standing subcommittee, the words "with amendments" shall follow the identifying number. Standing subcommittee amendments shall accompany the report.

(5) All bills reported unfavorably by a subcommittee shall be laid on the table by roll call vote when the standing committee considers the standing subcommittee's report unless, on motion by any member adopted by a **two-thirds (2/3) vote** of those standing committee members present, the same report shall be rejected.

(6) When a subcommittee report is rejected by a standing committee, the bill shall receive a hearing *de novo* and witnesses shall be permitted to testify.

See FLA. CONST. art. III, s. 4(c) Quorum and procedure.

(7) When a bill with a favorable report by a standing subcommittee is considered by the standing committee, debate and further amendment by members of the standing committee shall be allowed prior to a vote on final passage.

(2) A committee member may question the presence of a quorum at any time.

(3) No committee business of any type shall be conducted in the absence of a quorum. Any matter reported in violation of this Rule shall be recommitted by the President when it is called to the President's attention by a Senator.

2.19—Conference committee in deliberation; reports

(1) All meetings of Senate conferees with House conferees at which the business of the conference committee is discussed shall be open to the public subject to proper order and decorum. A meeting of the Senate and House conferees is a meeting of the two (2) groups; therefore, the rules governing each respective house apply. Meetings between a **majority** of the members of a conference committee may be held following a notice being filed with the Secretary by or at the direction of the person calling the meeting, at least one (1) hour in advance of the meeting. The notice shall indicate the names of the conferees and scheduled participants, the date, the time, and the place of the meeting. Conference committees may meet at any time with proper notice.

See FLA. CONST. art. III, s. 4(e) Quorum and procedure.

(2) A conference committee, other than a conference committee on a general or special appropriations bill and its related legislation, shall consider and report only on the differences existing between the Senate and the House, and no substance foreign to the bills before the conferees shall be included in the report or considered by the Senate.

(3) A conference committee may only report by recommending the adoption of a series of amendments to the House or Senate bill that was the subject of the conference, or it may offer an amendment deleting everything after the enacting clause of any such bill referred to the committee. Such amendments shall accompany the conference committee report. In any event, the conference committee may recommend, as part of its report, the adoption or rejection of any or all of the amendments theretofore adopted by either house. Conference committee reports must be approved and signed by a **majority** of the conferees on the part of each house. All final actions taken in a conference committee shall be by motion.

(4) Each conference committee report shall contain a statement sufficiently explicit to inform the Senate of the effect of the report on the measure to which it relates.

(5) When the President appoints a conference committee, a notice of the following meetings to discuss matters relating to the conference, stating the names of the conferees and scheduled participants, and the date, time, and place for the meeting, shall be filed with the Secretary by or at the direction of the person at whose call the meeting is convened, not less than one (1) hour preceding the time for the meeting:

- (a) Meetings between the President (or a Senator designated to represent the President), the Governor, and the Speaker (or a Representative designated to represent the Speaker);
- (b) Meetings between a **majority** of the members of any subcommittee of the conference committee;
- (c) Meetings between the President or any Senator designated to represent the President and a conferee from the House of Representatives, or any meeting between a conferee from

the Senate with the Speaker or any Representative designated to represent the Speaker; and

- (d) Meetings of a **majority** of the Senate conferees; and when the bill that is the subject of the conference committee deals primarily with the general appropriations act or revenue matters, any meeting of three (3) or more conferees on the part of the Senate.

See FLA. CONST. art. III, s. 4(e) Quorum and procedure.

(6) Notice of meetings, as scheduled, between the chair of the Senate's conferees with the chair of the House's conferees, or between respective Senate and House committee chairs with each other, shall be published on the Senate website and posted on the Senate side of the fourth (4th) floor Capitol rotunda. In the case of the appropriations conference, said notice shall also be posted outside the door of the offices of the appropriations committees.

(7) All meetings for which notice is required pursuant to this Rule shall be held in the Capitol Complex, but shall not be held in the Chamber of either house while it is sitting.

(8) When conferees on the part of the Senate report an inability to agree, any action of the Senate taken prior to such reference to a conference committee shall not preclude further action on the measure as the Senate may determine.

(9) After Senate conferees have been appointed for seven (7) calendar days and have failed to make a report, it is a motion of the highest privilege to move to discharge said conferees and to appoint new conferees, or to instruct said conferees. This motion shall have precedence over all other questions except motions to adjourn or recess and questions of privilege. Further, during the last six (6) calendar days allowed under the *State Constitution* for any regular session, it shall be a privileged motion to move to discharge, appoint, or instruct Senate conferees after the Senate conferees have been appointed thirty-six (36) hours without having made a report.

PART TWO—COMMITTEES—OFFICERS

2.20—Appointment of chair and vice chair

A chair and a vice chair of each standing committee shall be appointed by the President and shall continue in office at the pleasure of the President. The President shall also appoint a chair for each standing subcommittee and select committee authorized by these Rules and may designate a vice chair, both of whom shall continue in office at the pleasure of the President.

2.21—Call to order

The chair or, in the chair's absence, the vice chair, shall call the committee to order at the hour provided by these Rules. A quorum being present, the committee shall proceed with consideration of its agenda.

2.22—Chair's control

The chair shall preserve order and decorum and shall have general control of the committee room. If there is a disturbance or disorderly conduct in the committee room, the chair may require participants in the disturbance to clear the room.

2.23—Chair's authority; appeals

(1) The chair shall approve all notices, subpoenas, or reports required or permitted by these Rules.

(2) The chair shall decide all questions of order, subject to an appeal by any Senator, and the appeal shall be certified by the chair to the Senate for a decision by the President during its next sitting following such certification. If not in session, the President may make a ruling by letter. Rulings shall be entered in the Journal, shall constitute binding precedent on all committees of the Senate, and shall be subject to appeal as any other question; however, rulings by letter are subject to appeal at the first or second sitting of the next regular session.

(3) The proper method of taking exception to a ruling of the chair is by appeal. An appeal of a decision of the chair must be made promptly before debate has concluded or other business has intervened. A point of

order on any other question is not in order while an appeal is pending, but a point of order relating to the appeal may be raised; if the determination of the appeal is dependent on this point, it may be decided by the chair. This second (2nd) decision is also subject to appeal.

(4) An appeal of a decision of the chair on a point of order is debatable even though the question from which it arose was not debatable.

(5) The chair may, or on the vote of a **majority** of the committee members present shall, certify a question of parliamentary procedure to the President as contemplated by the Rule without a formal appeal. Such certified question shall be disposed of by the President as if it had been on appeal.

(6) Final action on an appeal or the certification of a procedural question pursuant to this Rule shall not constitute an automatic stay to further legislative action on the measure under consideration.

2.24—Chair, vice chair; vote

The chair and vice chair shall vote on all matters before such committee. The name of the chair shall be called last.

See Rule 1.39—Disclosure of conflict of interest and prohibition on voting thereon.

2.25—Temporary alternate to chair

The chair may name any member of the committee to perform the duties of the chair. This delegation shall not extend beyond adjournment of such meeting. If for any reason the chair is absent and fails to name a member, the vice chair shall assume the duties of the chair during the chair's absence.

2.26—Vice chair's duties

On the death, incapacitation, or resignation of the chair, the vice chair shall perform the duties of the office until the President appoints a successor. In the absence of the chair, the vice chair shall act as chair.

PART THREE—COMMITTEES—MEMBERS

2.27—Members' attendance, voting; proxy and poll votes prohibited

(1) Unless excused or necessarily prevented, every member of a committee shall be in attendance during each of its meetings.

(2) The chair may excuse any member for just cause from attendance at meetings of his or her committee for any stated period. This excused absence shall be noted on the committee's records.

(3) Failure to attend two (2) consecutive regular meetings, unless excused from attendance in the Senate on those days as provided in these Rules or by the chair of the committee, shall be reported to the President who may take appropriate action.

(4) No member of any committee shall be allowed to vote by proxy nor shall a vote be conducted by poll.

(5) A **majority** of all the committee members present shall agree by their votes on the disposition of any matter considered by the committee.

See Rule 11.4—Majority action.

PART FOUR—COMMITTEES—VOTING

2.28—Taking the vote; post-meeting record of missed vote

(1) The chair shall declare the result of all votes and shall cause same to be entered on the records of the committee, but if any member questions the declared result of a voice vote, then by a show of hands by two (2) members the chair shall count the yeas and nays. When the committee is equally divided, the question shall be lost.

See Rule 1.20—Attendance, voting, and disclosure of conflicts.
See FLA. CONST. art. III, s. 4(c) Quorum and procedure.

(2) A member may request to:

- (a) Vote, or
- (b) Change his or her vote

before the results of a roll call are announced.

(3) After the result of a vote has been announced, a member with unanimous consent of those committee members present may record a vote or change his or her vote. If the vote alters the final action of the committee, no vote or change of vote shall be permitted unless the matter has been reconsidered by the committee. On request of a member prior to consideration of other business, the chair shall order a verification of a vote.

(4) After a committee meeting, an absent Senator may file with the committee an indication of how he or she would have voted if present. Such filing is for information only and shall have no effect upon the committee's meeting report.

2.29—Pair voting prohibited

No pair voting shall be permitted in a committee.

2.30—Casting vote for another

No Senator shall cast a vote for another Senator, nor shall any person not a Senator cast a vote for a Senator. In addition to such penalties as may be prescribed by law, any Senator who shall vote or attempt to vote for another Senator may be punished as the Senate may deem proper. Also, any person not a Senator who shall vote in the place of a Senator shall be excluded from the committee for the remainder of the session.

2.31—Explanation of vote; deferring a vote prohibited

No member shall be permitted to defer or explain his or her vote during a roll call, but may submit his or her explanation in writing and file it with the chair. This explanation shall be kept as part of the committee record and a copy filed with the Secretary.

PART FIVE—COMMITTEES—MOTIONS AND PRECEDENCE

2.32—Motions; how made, withdrawn

(1) Every procedural motion may be made orally. On request of the chair, a member shall submit his or her motion in writing.

(2) After a motion has been stated or read by the chair, it shall be deemed to be in possession of the committee without a second, and shall be disposed of by vote of the committee members present.

(3) The mover may withdraw a motion at any time before the same has been amended, or before a vote shall have commenced.

(4) The mover of a motion to reconsider may withdraw that motion only with the unanimous consent of those committee members present.

2.33—Motions; precedence

(1) When a question is under debate, the chair shall receive no motion except:

- (a) To adjourn
- (b) To take a recess
- (c) To reconsider instant passage of a main question
See Rule 2.35—Reconsideration generally.
- (d) To reconsider
See Rule 2.35—Reconsideration generally.
- (e) To limit debate or vote at a time certain
See Rule 2.50—Limitation on debate; vote at a time certain.
- (f) To temporarily postpone
See Rule 6.11—Temporarily postpone.
- (g) To amend
See Rule 2.39—Amendments, proposed committee substitutes, and proposed committee bills; form, deadlines, notice, manner of consideration; germanity.

which shall have precedence in the descending order given.

(2) The chair shall present all questions in the order in which they are moved unless the subsequent motion is of a higher precedence or a substitute of equal precedence.

(3) When a motion is under consideration, but prior to the commencement of the vote, a substitute motion shall be in order. Only one (1) substitute may be pending and the substitute shall be in the same order of precedence. If a substitute fails, another substitute of equal degree may be offered.

2.34—Division of question

A member may move for a division of a question when the sense will admit of it, which shall be decided by a **majority vote**. A motion to delete and insert shall be deemed indivisible; a motion to delete, being lost, shall neither preclude amendment nor a motion to delete and insert.

See Rule 6.3—Division of question.

2.35—Reconsideration generally

(1) When a question has been decided by a committee, any member voting with the prevailing side may move for reconsideration of the question.

(2) If a question has been decided by voice vote, any member may move for reconsideration, but such motion shall be out of order after the committee has moved on to other business.

See Rule 2.38—Reconsideration; collateral matters.

(3) A motion to reconsider final passage of a measure or the confirmation of an executive appointment may be made prior to or pending a motion to adjourn. It shall not be taken up or voted on when made but shall be a special and continuing order of business for the succeeding committee meeting. During such succeeding meeting, the mover of the original motion to reconsider may withdraw that motion by a **two-thirds (2/3) vote** of the members present. Unless taken up during such meeting, the motion to reconsider shall be considered abandoned.

(4) If the committee shall refuse to reconsider or, upon reconsideration, shall confirm its first decision, no further motion to reconsider shall be in order except upon unanimous consent of those committee members present.

See FLA. CONST. art. III, s. 4(c) Quorum and procedure.

(5) At the next succeeding meeting, the reconsideration of such motion may be made by any member prior to a motion to adjourn.

(6) During the last fourteen (14) days of a regular session, a motion to reconsider shall be made and taken up during the meeting at which the original vote was taken.

(7) A motion to reconsider *instanter* may be offered by a member voting on the prevailing side at the original meeting and shall be of a higher precedence than a motion to reconsider.

- (a) If the motion to reconsider *instanter* is agreed to by a **two-thirds (2/3) vote** of the members present, it shall supersede a motion to reconsider and place the main question again before the committee for further consideration, amendment, and debate.
- (b) If a motion to reconsider *instanter* is not agreed to, a motion to reconsider, if offered or pending as provided in subsection (3) of this Rule, shall be a special and continuing item on the committee agenda for the next meeting.

2.36—Reconsideration; vote required

The affirmative votes of a **majority** of the committee members present shall be required to adopt a motion to reconsider.

2.37—Reconsideration; debate allowed

Debate shall be allowed on a motion to reconsider only when the question proposed for reconsideration is debatable. When debate on a motion to reconsider is in order, no Senator shall speak thereon more than once nor longer than **five (5) minutes**.

2.38—Reconsideration; collateral matters

A motion to reconsider a collateral matter must be disposed of during the course of the consideration of the main subject to which it is related, and such motion shall be out of order after the committee has passed to other business.

PART SIX—COMMITTEES—AMENDMENTS

2.39—Amendments, proposed committee substitutes, and proposed committee bills; form, deadlines, notice, manner of consideration; germanity

(1) No amendment or proposed committee substitute to any measure, or no proposed committee bill on any committee agenda shall be considered by that committee unless the amendment, proposed committee substitute, or proposed committee bill was prepared in proper form as prescribed by the Secretary and filed with the committee administrative assistant at least twenty-four (24) hours prior to the noticed meeting time. For the purpose of this Rule, office hours are the weekdays of Monday through Friday, 8:00 a.m.–5:00 p.m. Copies of such amendment, proposed committee substitute, or proposed committee bill shall be made reasonably available by the committee administrative assistant before the meeting to the members of the committee and to the public.

- (a) After distribution of all timely filed amendments, amendments to amendments or substitute amendments may be filed to any measure to which an amendment was timely filed. Such amendments must be filed with the committee administrative assistant at least two (2) hours prior to the noticed meeting time.
- (b) After distribution of all timely filed proposed committee substitutes and proposed committee bills, amendments, amendments to amendments, or substitute amendments to any proposed committee substitute or proposed committee bill must be filed with the committee administrative assistant at least two (2) hours prior to the noticed meeting time.
- (c) Amendments to late-filed amendments, proposed committee substitutes, or proposed committee bills shall be considered timely filed if filed at least two (2) hours prior to the noticed meeting time.
- (d) After day fifty (50) of a regular session, an amendment, proposed committee bill, or proposed committee substitute to any measure prepared prior to a committee meeting at which it is offered shall be filed with the committee administrative assistant at least two (2) hours prior to the noticed meeting time.
- (e) The consideration of any amendment, proposed committee bill, or proposed committee substitute not timely filed in accordance with this Rule, including any filed during a committee meeting in which it is to be offered, requires a **two-thirds (2/3) vote** of those committee members present, if any member requests that such a vote be taken. These time requirements do not apply to a committee's recommendation during a meeting to make a committee substitute which is merely a combination of the noticed bill and amendment.

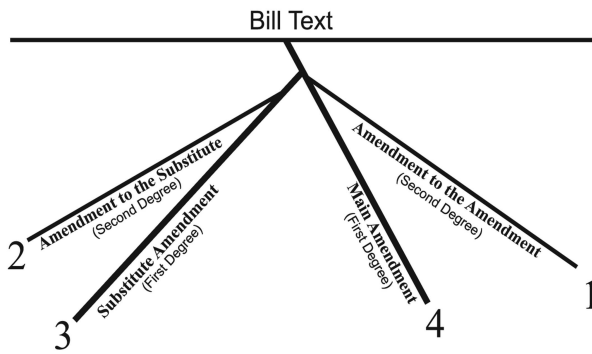

(2) An amendment shall be considered only after its sponsor, who is a member of the committee or the introducer of the pending bill, gains recognition from the chair to move its adoption. The first- or second-named co-introducer, or a member of the committee presenting the bill with permission of the chair, may move and explain an amendment sponsored by the introducer.

(3) An amendment shall be deemed pending only after its sponsor has been recognized by the chair and has moved its adoption. Amendments that have been filed but have not been formally moved for adoption shall not be deemed to be pending.

(4) No proposition on a subject different from that under consideration shall be admitted in the form of an amendment.

2.40—Sequence of amendments to amendments

(1) An amendment to a pending amendment may be received, but until it is disposed of, no other motion to amend will be in order, except a substitute amendment or an amendment to the substitute. Such amendments are to be disposed of in the following order:

confine any remarks to the question under debate, avoiding personality. A member shall not address or refer to another member by his or her first name. A member shall use the appellation of “Senator” or such appellation and the surname of the member referred to or addressed.

2.46—Chair’s power to recognize

When two (2) or more members request to speak at once, the chair shall recognize the member who is to speak first.

2.47—Interruptions; when allowed

(1) No member shall be interrupted by another without the consent of the member who has the floor, except by:

- (a) Rising to a question of privilege;
- (b) Rising to a point of order requiring an immediate ruling;
- (c) Rising to appeal a decision of the chair concerning a point of order (provided the appeal is made immediately following the decision);
- (d) Rising to make a parliamentary inquiry requiring an immediate reply; or
- (e) Rising to question the existence of a quorum.

(2) The chair shall strictly enforce this Rule.

2.48—Speaking rights

(1) When a member is speaking and another member interrupts to request recognition, the chair may permit the person rising to state why he or she desires recognition. If the question the member desires to raise is entitled to precedence, the member originally speaking shall relinquish the floor until the question having precedence is disposed of. The member is then entitled to resume the floor.

(2) The member making a debatable motion or the introducer of a bill, whether or not a member of the committee, shall have **five (5) minutes** in order to close debate.

2.49—Time allowed for debate

No Senator shall speak longer than **ten (10) minutes** without yielding the floor, except by consent of a **majority** of those committee members present.

2.50—Limitation on debate; vote at a time certain

When a matter is under debate by the committee, a member may move to limit debate or vote at a time certain, and the motion shall be decided without debate. If time permits, the introducer of the pending matter on which debate would be limited shall have **five (5) minutes** to discuss the motion, and the introducer may divide such time with, or waive it in favor of, another member. If the question is decided in the affirmative by a **two-thirds (2/3) vote** of those committee members present, the debate shall be limited accordingly. The time allotted by such limitation shall be apportioned by the chair. Once limited, debate may be extended beyond the original debate time limit by a **majority vote** of the committee members present.

See Rule 8.6—Limitation on debate.

2.51—Priority of business; debate thereon

All questions relating to the priority of business shall be acted on and shall be decided without debate.

RULE THREE

BILLS, RESOLUTIONS, AND MEMORIALS

3.1—Form of bills

(1) All bills shall contain a proper title, as required by Article III, Section 6 of the *State Constitution*, and the enacting clause, “Be It Enacted by the Legislature of the State of Florida:.” The title of each bill shall be prefaced by the words, “A bill to be entitled An act.” Standard rules of capitalization shall apply.

See FLA. CONST. art. III, s. 6 Laws.

- (a) Amendments to the amendment are acted on before the substitute is taken up.
 - (b) Amendments to the substitute are next voted on.
 - (c) The substitute then is voted on.
- (2) If a substitute amendment is adopted, it supersedes the main amendment and shall be treated as an amendment to the bill itself.
- (3) The following third (3rd) degree amendments are out of order:
- (a) A substitute amendment for an amendment to the amendment.
 - (b) A substitute amendment for an amendment to the substitute.
 - (c) An amendment to an amendment to the amendment.
 - (d) An amendment to an amendment to the substitute amendment.

See Rule 7.3—Sequence of amendments to amendments.

2.41—Deleting everything after enacting clause

A proposal to delete everything after the enacting clause of a bill, or the resolving clause of a resolution, and insert new language of the same or related subject as stated in the original title shall be deemed proper and germane and shall be treated as an amendment.

2.42—Amendment by section

The adoption of an amendment to a section shall not preclude further amendment of that section. If a bill is being considered section by section or item by item, only amendments to the section or item under consideration shall be in order. The chair, in recognizing members for the purpose of moving the adoption of amendments, shall endeavor to cause all amendments to section 1 to be considered first, then all those in section 2, and so on. After all sections have been considered separately, the entire bill shall be open for amendment.

2.43—Senate amendments to House bills

A House bill may be amended in the same manner as a Senate bill except that it may not be reported as a committee substitute.

2.44—Amendments by previous committees

Amendments recommended by all committees of reference shall accompany a bill when filed with the Secretary. No committee shall remove an amendment by another committee but may recommend an amendment to an amendment, or a substitute for an amendment, by another committee. Any accompanying amendment shall be included in a subsequent committee substitute unless altered or negated by committee action. Amendments adopted by a committee to be incorporated in a committee substitute need not be filed with the Secretary as part of the reports required in Rules 2.15 and 2.16.

PART SEVEN—COMMITTEES—DECORUM AND DEBATE

2.45—Decorum and debate; proper forms of address

When a member desires to speak or present a matter to the committee, the member shall address himself or herself to “Mr. or Madam Chair” and, on being recognized, may address the committee and shall

(2) The original must be approved by the introducer and backed in a folder-jacket. On these jackets shall be inscribed the name and district number of the introducer and any co-introducers or the introducing committee and its chair, and enough of the title for identification.

See Rule 2.11—Presentation of bills introduced by Senators before committees; staff presentation of committee bills.

See Rule 11.6—General; definitions.

(3) Bills that propose to amend existing provisions of the *Florida Statutes* (as described in Article III, Section 6 of the *State Constitution*) or the *Laws of Florida* shall contain the full text of the section, subsection, or paragraph to be amended. Joint resolutions that propose to amend the *State Constitution* shall contain the full text of the section to be amended.

See FLA. CONST. art. III, s. 6 Laws.

(4) In general bills and joint resolutions that propose to create or amend existing provisions of the *Florida Statutes*, *Laws of Florida*, or the *State Constitution*, new words shall be inserted underlined, and words to be deleted shall be lined through, except that the text of the General Appropriations Act shall not be underlined.

(5) When the change in language is so general that the use of these procedures would hinder, rather than assist, the understanding of the amendment, it shall not be necessary to use the coded indicators of words added or deleted but, in lieu thereof, a notation similar to the following shall be inserted immediately preceding the text of the provision being amended: “Substantial rewording of section. See s. [number], F.S., for present text.” When such notation is used, the notation as well as the substantially reworded text shall be underlined.

(6) The words to be deleted and the above-described indicators of such words and of new material are for information and guidance and shall not be considered to constitute a part of the bill under consideration.

(7) Section catchlines of existing text shall not be typed with underlining.

3.2—Bills for introduction

A bill may not be introduced until properly filed with the Secretary.

See Rule 1.15—The Secretary examines legal form of bills for introduction and reference.

See Rule 3.7—Bill filing deadline during regular session; bill filing between regular sessions; exceptions.

See Rule 13.4—Delivery for introduction.

3.3—Form of local bills

As required by Article III, Section 10 of the *State Constitution*, all local bills must either embody provision for ratifying referenda (stated in the title as well as in the text of the bill) or be accompanied by an affidavit of proper advertisement. A form of affidavit may be found in section 11.03, *Florida Statutes*. All local bills that require publication shall, when introduced, have proof of publication securely attached to the original copy of the bill and the words “Proof of Publication Attached” clearly typed or stamped on the Senate side of the bill jacket or cover, or the same shall be rejected by the Secretary.

See FLA. CONST. art. III, s. 10 Special laws.

3.4—Form of joint resolutions

Joint resolutions shall contain a proper title, as required by Article III, Section 6 of the *State Constitution*. Standard rules of capitalization shall apply. They shall contain the resolving clause, “Be It Resolved by the Legislature of the State of Florida:.” Each joint resolution shall be prefaced by the words: “A joint resolution.”

See FLA. CONST. art. III, s. 6 Laws.

3.5—Form of memorials

(1) Senate resolutions and all concurrent resolutions shall contain a proper title, as required by Article III, Section 6 of the *State Constitution*. Standard rules of capitalization shall apply. Senate resolutions shall contain the resolving clause: “Be It Resolved by the Senate of the State of Florida:.” Concurrent resolutions shall contain the resolving clause: “Be It Resolved by the Senate of the State of Florida, the House of Representatives Concurring:.”

(2) Only the Secretary shall prepare copies of Senate resolutions that are to be furnished to any person after the resolution’s adoption.

3.7—Bill filing deadline during regular session; bill filing between regular sessions; exceptions

(1) All bills shall be filed for introduction with the Secretary no later than 12:00 noon of the first (1st) day of the regular session except:

- (a) general appropriations bills,
- (b) appropriations implementing bills,
- (c) appropriations conforming bills,
- (d) local bills,
- (e) Senate resolutions,
- (f) concurrent resolutions pertaining to a legislative joint session, a session extension, joint rules, procedure, organization, recalling a bill from the Governor, or setting an effective date for a bill passed over the Governor’s veto,
- (g) committee bills,
- (h) trust fund bills,
- (i) public record exemptions that are linked to timely filed general bills, and
- (j) fee bills that are linked to timely filed general bills.

(2) Claim bills shall be filed in accordance with the requirements of Rule 4.81(2).

(3) A motion to waive this Rule shall be referred to the Rules Committee for a hearing and its advisory recommendation as to the existence of an emergency reasonably compelling consideration of a bill notwithstanding this Rule and a recommendation shall be reported back to the Senate. The Secretary shall number each bill to provide identity and control until a permanent number can be affixed.

See Rule 1.15—The Secretary examines legal form of bills for introduction and reference.

(4) Between regular sessions of the Legislature, bills may be filed by delivery to the Secretary.

3.8—Filed bills; consideration between regular sessions

(1) A filed bill complying with these Rules shall, in anticipation of the next regular session, be serially numbered in accordance with the permanent system required by these Rules.

(2) The Secretary shall provide each such numbered bill to the President for reference to a committee or committees pursuant to these Rules. The Secretary shall promptly forward each referenced bill to the first (1st) or only committee of reference. The Secretary shall make all filed bills available to each Senator, including the referencing data for each bill, and a calendar of all committee hearings, including the bills noticed for hearing by each.

(3) Each bill considered by a committee and reported to the Secretary during the interim shall be introduced and read on the first (1st) day of the regular session, pursuant to the *State Constitution*, *Laws of Florida*, and these Rules. The Journal shall show the committee reference and the report of the committee.

(4) Prior to the introduction of a bill on the first (1st) day of the regular session, a Senator may give written notification to the Secretary to withdraw his or her bill from further consideration of the Senate.

3.9—Copies of bills

When filed, bills (including committee bills and committee substitute bills) shall be published by the Secretary for the information of the Senate and the public. The absence of a published copy shall not delay the progress of a measure at any stage of the legislative process. Sufficient copies of the general appropriations bill proposed to be introduced by the Appropriations Committee shall be made available to the members and, upon request, to the public, at the Office of the Secretary and at the committee's office, no less than two (2) hours prior to the time the Appropriations Committee meets to consider the proposed committee bill.

3.10—Identification of bills

Bills and other measures requiring legislative action shall be introduced in the order they are received by the Secretary. They shall be serially numbered with even numbers as introduced, without differentiation in number as to type. The Secretary shall mark the original copy of each measure to ensure its identification, and each page thereof, as the item introduced in order to prevent unauthorized or improper substitutions. This identification may be made by any device to accomplish the purpose of this Rule. Such device shall be in the custody of the Secretary, and its use by any person not authorized by this Rule is prohibited.

3.11—Companion measures; defined; substitution of House bills for Senate bills

(1) A companion measure shall be substantially the same and identical as to specific intent and purpose as the measure for which it is being substituted.

(2) When a Senate bill is reached on the calendar of the Senate for consideration, either on second (2nd) or third (3rd) reading, and there is also pending on the calendar of the Senate a companion measure already passed by the House, it shall be in order to move that the House companion measure be substituted and considered in lieu of the Senate measure.

- (a) Before a vote is taken on a substitution motion, the mover shall explain the differences between the Senate bill and the House bill.
- (b) A substitution motion may be adopted by a **majority vote** of those Senators present if the House companion measure is on the same reading; otherwise, the motion shall be to waive the Rules by a **two-thirds (2/3) vote** of those Senators present and read such House companion measure.

(3) A House bill residing in a Senate committee that is a companion of a bill under consideration in the Senate may be withdrawn from the committees of reference without motion, unless any Senator requests a vote on such withdrawal action. A withdrawal action shall require a **two-thirds (2/3) vote** of those Senators present for adoption.

(4) At the moment the Senate passes a House companion measure, the original Senate measure shall be regarded as automatically tabled. Recommitment of a Senate bill shall automatically carry with it any House companion measure then on the calendar.

3.12—Introducers of bills; co-introducers; introducers no longer Senators

(1) Bills shall be approved for introduction by a Senator whose name is affixed to the original, or by any committee with the name of the committee and the name of the chair of the committee affixed to the original.

(2) A bill may be co-introduced by any Senator whose name is affixed to the original.

(3) A Senator who is not seeking or is ineligible for reelection and, therefore, will not be a Senator at the next regular session of the Legislature may not file a bill for that session. Once a Senator is no longer in office, any bill filed by that Senator for a current or future session of the Legislature shall be deemed withdrawn from further consideration of the Senate unless the bill has a co-introducer who, within seven (7) days, agrees to become the introducer of the bill.

3.13—Fiscal notes

(1) Upon being favorably reported by a committee, all general bills or joint resolutions affecting revenues, expenditures, or fiscal liabilities of state or local governments shall be accompanied by a fiscal note. Fiscal notes shall reflect the estimated increase or decrease in revenues or expenditures. The estimated economic impact, which calculates the present and future fiscal effects of the bill or joint resolution, must be considered. The fiscal note shall not express opinion relative to the merits of the measure, but may identify technical defects.

(2) Fiscal notes on bills affecting any state retirement system shall be prepared after consultation with an actuary who is a member of the Society of Actuaries, and the cooperation of appropriate state agencies for necessary data shall be solicited.

(3) Fiscal notes shall be regarded as memoranda of factual information and shall be made available to Senators.

(4) If a bill or joint resolution is reported favorably by a committee without a fiscal note or economic impact statement, as defined in this Rule, a Senator may at any time prior to final passage raise a point of order, and the President shall order return of the bill or joint resolution to the committee. A fiscal note prepared for a Senate bill or joint resolution shall be presumed as prepared also for its House companion for the purposes of point of order.

RULE FOUR

ORDER OF BUSINESS AND CALENDAR

4.1—Sittings of the Senate

The Senate shall convene pursuant to a schedule provided by the President or at the hour established by the Senate at its last sitting. This schedule shall set forth hours to convene and adjourn and may contain a schedule for the Special Order Calendars submitted by the Rules Chair, Majority Leader, and Minority Leader. The Senate shall not convene before 7:00 a.m. nor meet or continue to meet after 6:00 p.m. However, a sitting may be extended beyond these hours or the scheduled or previously agreed to time of adjournment by a **majority vote**.

See Rule 1.2—The President calls the Senate to order; informal recess.

4.2—Quorum

A **majority** of the Senate shall constitute a quorum, but a smaller number may adjourn from day to day and compel the attendance of absent members, in such manner and under such penalties as it may prescribe. A Senator at any time may question the existence of a quorum.

See FLA. CONST. art. III, s. 4 Quorum and procedure.

4.3—Daily Order of Business

(1) The Daily Order of Business shall be as follows:

- (l) Correction and Approval of Journal

(2) The Secretary shall prepare and distribute, on each session weekday, a calendar corresponding to the Daily Order of Business; and within each order of business, matters shall be considered in the order in which they appear on such daily calendar. Local bills may be omitted from the formal calendar and may be distributed to Senators by the

Secretary separately. Weekend calendars may be prepared when necessary to provide notice of meetings on Saturday or Sunday.

See Rule 4.16—Consideration out of regular order.

(3) Certain messages from the House of Representatives may be withheld from the Daily Order of Business pursuant to Rule 1.18 or on order of the President. Notwithstanding Rule 4.3(1), the Senate may, at the direction of the President, take up messages from the House at any time.

See Rule 1.18—The Secretary receives and delivers for reading messages from the House of Representatives; summaries of House amendments to Senate bills.

(4) Unless read during a sitting, first (1st) reading of a bill shall be accomplished by publication of the title thereof in the Journal pursuant to Article III, Section 7 of the *State Constitution*.

See FLA. CONST. art. III, s. 7 Passage of bills.

4.31—Unanimous consent required

Except by unanimous consent of those Senators present at a sitting, no bill shall be considered by the Senate if the bill or a companion measure has not been first reported favorably by at least one (1) Senate committee.

See Rule 1.15(4)—The Secretary examines legal form of bills for introduction and reference.

4.5—Conference committee report

(1) The report of a conference committee shall be read to the Senate after which the vote shall be:

- (a) on adoption or rejection of the conference report and, if adopted, the vote shall then be
- (b) on final passage of the measure as amended by the conference report.

Copies of conference committee reports shall be available to the membership twelve (12) hours prior to the time such report is scheduled to be taken up on the Senate floor.

(2) The report must be acted on as a whole, being adopted or rejected.

(3) Each report shall include a statement sufficiently explicit to inform the Senate of the effect of the report on the measure to which it relates.

(4) Except when the Senate is voting on a proposition, reports of conference committees shall always be in order.

4.6—Reference generally

(1) All bills, including those that are strictly local in nature, shall be referred by the President to appropriate committees and standing subcommittees. General appropriations bills, appropriations implementing bills, trust fund bills, and appropriations conforming bills introduced by the Appropriations Committee may be placed on the calendar without reference.

(2) Bills received by the President during a regular session and within three (3) weeks next preceding the convening of a regular session shall be referred within seven (7) days. Upon failure of the President to reference such bills within this limitation, they shall be referred to committees recommended by the introducer. In the event of extended absence of the President or the President's disability or incapacity, the President Pro Tempore shall assume the duty of referring bills.

(3) When the Legislature is not in session, the President may change or correct a bill reference by notice to the Secretary and the bill introducer.

See Rule 1.15—The Secretary examines legal form of bills for introduction and reference.

4.7—Reference to more than one committee; effect

(1) When a bill receives more than one (1) reference, it shall be considered by each committee separately in the order in which the references are made. However, if any committee to which the bill is referred makes an unfavorable report on said bill, that report shall be filed with the Senate and no further consideration given by other committees except by a **two-thirds (2/3) vote** of those Senators present while sitting.

(2) If a committee reports a bill favorably with committee substitute or with any amendment that substantially amends the bill, the President may change or correct the reference of the reported bill within seven (7) days after the filing of the report. Notice of a reference change shall be given to the Secretary and the introducer of the bill.

4.8—Review and reference of bills affecting appropriations, revenue, retirement, or county or municipal spending

(1) All bills authorizing or substantially affecting appropriations or tax revenue shall be referred to the appropriate revenue, fiscal, or appropriations committee.

(2) All bills substantially affecting a state-funded or state-administered retirement system shall be referred to the Governmental Oversight and Accountability Committee.

(3) A bill containing a local mandate as described in Article VII, Section 18 of the *State Constitution* shall be referred to the Community Affairs Committee.

(4) A bill that is amended to substantially affect appropriations or tax revenue, a state retirement program, or expenditures or revenues as set forth in Article VII, Section 18 of the *State Constitution* may, before being placed before the Senate for final passage, be referred by the President along with all amendments to the appropriate revenue or appropriations committee.

4.81—Claim bills

(1) Claim bills are of two (2) types: excess judgment claims filed pursuant to section 768.28(5), *Florida Statutes*, and equitable claims filed without an underlying excess judgment.

(2) A claim bill filed by a current serving Senator must be filed by the first (1st) Friday in August to be considered by the Senate during the next regular session. A claim bill filed by a newly elected Senator must be filed by the sixth (6th) Friday after election. A claim bill that is filed after the deadline may not be considered by the Senate without approval of the Rules Committee. A motion to introduce a claim bill notwithstanding the claim bill filing deadline shall be referred to the Rules Committee for a hearing and a determination as to the existence of an emergency reasonably compelling consideration of a claim bill notwithstanding the claim bill filing deadline. A House claim bill that does not have a Senate companion claim bill timely filed under this Rule shall not be considered by the Senate. Any motion to consider a House claim bill that does not have a timely filed Senate companion bill shall be referred to the Rules Committee for a hearing and a determination as to the existence of an emergency reasonably compelling consideration of a claim bill notwithstanding the claim bill filing deadline. The determination by the Rules Committee shall be reported back to the Senate. Upon a determination by the committee that an emergency does exist, the motion may be considered by the Senate and must be adopted by a **two-thirds (2/3) vote** of those Senators present.

(3) If the President determines that a hearing is necessary to determine liability, proximate cause, and damages, a special master shall conduct a *de novo* hearing pursuant to reasonable notice.

In order to carry out the special master's duties, a special master may request the President to issue subpoenas, subpoenas duces tecum, and other necessary process to compel the attendance of witnesses and the production of any books, letters, or other documentary evidence which the special master deems relevant to the evaluation of a claim. The President may issue said process at the request of the special master.

The special master shall administer an oath to all witnesses, accept relevant documentary and tangible evidence properly offered, record

the proceedings, and prepare a final report containing findings of fact, conclusions of law, and recommendations. The report shall be signed by the special master who shall be available, in person, to explain his or her report to the committees and to the Senate.

(4) All claim bills shall be referred by the President to one (1) or more committees for review. The Secretary shall deliver each claim bill and the special master's report and recommendations, if any, to the committees of reference when the bill is placed on an agenda.

(5) Stipulations entered into by the parties are not binding on the special master, the Senate, or its committees.

(6) The hearing and consideration of a claim bill shall be held in abeyance until all available administrative and judicial remedies have been exhausted; except that the hearing and consideration of a claim that is still within the judicial or administrative systems may proceed where the parties have executed a written settlement agreement. This subsection does not apply to a bill which relates to a claim of wrongful incarceration.

(7) All materials provided by litigants and others in connection with claim bills shall be submitted in a digital form prescribed by the Secretary.

See Rule 3.12—Introducers of bills; co-introducers; introducers no longer Senators.

4.9—Reference of resolutions

(1) Substantive resolutions shall be referred by the President to a standing committee.

(2) Resolutions that may be considered without reference to a committee include those addressing:

- (a) Senate organization,
- (b) condolence and commemoration that are of a statewide nonpolitical significance, and
- (c) concurrent resolutions pertaining to a legislative joint session, a session extension, joint rules, procedure, organization, recalling a bill from the Governor, or setting an effective date for a bill passed over the Governor's veto.

The resolutions listed in subsection (2) may be considered and read twice on the same day on motion and adopted at time of introduction without reference, except that resolutions of condolence or commemoration that are of a statewide nonpolitical significance may be shown as introduced, read, and adopted by publication in full in the Journal.

4.10—Reference of a bill to different committee or removal from committee

(1) After the President has referred a bill, the Rules Chair may move for reference to a different committee or for removal from any committee after the introducer of the bill has filed a request with the Rules Chair signed by the chair of the affected committee, the Rules Chair, and the President. This motion may be adopted by a **two-thirds (2/3) vote** of those Senators present.

(2) Notwithstanding these Rules, a Senator may, during the day of introduction of filed bills, but no later than under the Order of Business of "Motions Relating to Committee Reference" on the second (2nd) day on which the Senate sits, move for reference to a different committee or for removal from a committee. This motion may be adopted by a **two-thirds (2/3) vote** of those Senators present.

4.11—Papers of miscellaneous nature; spreading remarks on the Journal

(1) Papers of a miscellaneous nature addressed to the Senate may, at the discretion of the President, be read, noted in the Journal, or filed with an appropriate committee. When there is a demand to read a paper other than one on which the Senate is called to give a final vote and the same is objected to by any Senator, it shall be determined by a **majority vote** of those Senators present.

(2) A **two-thirds (2/3) vote** shall be required to spread remarks upon the Journal.

4.12—Reading of bills and joint resolutions

Each bill or joint resolution shall be read on three (3) separate days before a vote on final passage unless decided otherwise by a **two-thirds (2/3) vote** of those Senators present as provided in Article III, Section 7 of the *State Constitution*.

See FLA. CONST. art. III, s. 7 Passage of bills.

See FLA. CONST. art. XI, s. 1 Proposal by legislature.

4.13—Reading of concurrent resolutions and memorials

(1) Each concurrent resolution or memorial shall be read by title on two (2) separate days before a voice vote on adoption, unless decided otherwise by a **two-thirds (2/3) vote** of those Senators present.

(2) Concurrent resolutions pertaining to a joint legislative session, a session extension, joint rules, procedure, organization, recalling a bill from the Governor, or setting an effective date for a bill passed over the Governor's veto may be read a first (1st) and second (2nd) time, and adopted on the same day.

4.14—Reading of Senate resolutions

Unless referred to a standing committee, on introduction, each Senate resolution shall be read two (2) times on the same day by title only before the question is put on adoption by voice vote.

4.15—Referral or postponement on third (3rd) reading

After its third (3rd) reading, a bill or joint resolution shall not be referred or committed (except as provided under Rule 4.8) or amended (except a corrective or title amendment) except by a **two-thirds (2/3) vote** of those Senators present, nor shall the vote on passage be postponed to a day certain without the consent of a **majority** of those Senators present.

See Rule 6.2—Motions; precedence.

4.16—Consideration out of regular order

A bill shall be considered out of regular order on the calendar on unanimous consent of those Senators present obtained in the following manner: prior to the consideration of the motion, the Senator moving for unanimous consent of those Senators present shall orally give the membership not fewer than **fifteen (15) minutes** notice of his or her intention to move and shall specify the number of the bill and its position on the calendar. On entertainment of the motion, the moving Senator shall be allowed **one (1) minute** to explain his or her purpose, and unanimous consent of those Senators present shall be given or refused without further debate.

See Rule 4.3(2)—Daily Order of Business.

4.17—Procedure to establish Special Order Calendars and Consent Calendars

(1) Commencing fifteen (15) days prior to a regular session and continuing through any extension thereof, the Rules Chair, Majority Leader, and Minority Leader shall together submit a Special Order Calendar determining the list of bills for consideration by the Senate. The President shall determine the order in which such bills appear on the published Special Order Calendar.

(2) A Special Order Calendar submitted for the first (1st) day, second (2nd) day, or last fourteen (14) days of a regular session shall be published in one (1) daily calendar and may be considered on the day of publication. A Special Order Calendar for any other day during a regular session shall be published in two (2) daily calendars and may be considered on the second (2nd) day of publication.

- (a) Bills that had been scheduled for a Special Order Calendar for a previous sitting may be included in the next Special Order Calendar.

- (b) A bill appearing on a Special Order Calendar may be stricken by a **two-thirds (2/3) vote** of those Senators present.
- (c) A bill appearing on the calendar of bills on second (2nd) reading may be added to the end of the Special Order Calendar by a **two-thirds (2/3) vote** of Senators present.
- (d) All bills set as Special Orders for consideration at the same hour shall take precedence in the order in which they were given preference.
- (e) A Special Order Calendar may not be submitted by the Rules Chair, Majority Leader, and Minority Leader and considered by the Senate on the same day.

(3) A **two-thirds (2/3) vote** of those Senators present shall be required to establish a Special Order except as provided in this Rule.

(4) Notice of date, time, and place for the establishment of the Special Order Calendars shall be published in at least one (1) Senate calendar or by announcement from the floor.

(5) With the approval of the President, the Rules Chair may submit a Consent Calendar to be presented in conjunction with the Special Order Calendars.

- (a) When such a day is designated, all bills appearing on the Consent Calendar shall be considered in their order of appearance.
- (b) Amendments shall be limited to accompanying committee amendments, noncontroversial and technical amendments, and amendments required to conform a House companion bill to the Senate bill.
- (c) When a Senator objects to consideration of a bill on a Consent Calendar, the bill shall be removed from the Consent Calendar but retain its order on the Second (2nd) Reading Calendar.
- (d) All Consent Calendar bills must have appeared in at least one (1) daily calendar.

4.18—Local Bill Calendar

Local bills shall be disposed of according to the calendar of bills of a local nature and shall be considered only at such time as determined by the Rules Chair and approved by the President. Any Senator from the delegation for the local area affected by a bill on the Local Bill Calendar may object to consideration of the bill and the bill shall be removed from such calendar.

4.19—Order after second (2nd) reading

(1) After a Senate bill has been read a second (2nd) time and amended and all questions relative to it have been disposed of, it shall be referred to the engrossing clerk to be immediately engrossed. It shall then be placed on the calendar of bills on third (3rd) reading to be considered during the next Senate sitting.

(2) Amendments filed with the Secretary, but not formally moved, shall not be construed as pending and shall not deter advancement of a bill to third (3rd) reading.

(3) A bill shall be available for its third (3rd) reading when it has been read a second (2nd) time on a previous day and no motion left pending.

(4) Bills calendared for second (2nd) or third (3rd) reading shall not be considered on such reading until reached in the proper order and read by title as directed by the President.

4.20—Enrolling

The Secretary shall be responsible for the enrolling of Senate bills. After enrollment, all bills shall be signed by the President and the Secretary and the enrolling report shall be published in the Journal.

See FLA. CONST. art. III, s. 7 Passage of bills.

4.21—Veto messages

Veto messages shall be referred to the Rules Committee.

See FLA. CONST. art. III, s. 8 Executive approval and veto.

RULE FIVE

VOTING

5.1—Taking the yeas and nays; objection to voting conflicts

(1) The President shall declare all votes, but, if five (5) Senators immediately question the declared result of a voice vote by a show of hands, the President shall take the vote by yeas and nays or electronic roll call. When taking yeas and nays on any question, the electronic roll call system may be used and shall have the force and effect of a roll call taken as provided in these Rules. This system may also be used to determine the presence of a quorum. When the Senate is ready to vote on a question requiring roll call and the vote is by electronic roll call, the President shall state: "The Secretary will unlock the board and Senators prepare to vote." When sufficient time has elapsed for each Senator to vote, the President shall say: "Have all Senators voted?" And, after a short pause, shall state: "The Secretary will now lock the board and record the vote." When the vote is completely recorded, the President shall announce the result to the Senate; and the Secretary shall enter the result in the Journal. When the Senate is equally divided, the question shall be lost.

(2) A point of order questioning the decision of a Senator not to abstain from voting on account of a conflict of interest may be raised after the vote has been recorded and before the result is announced.

See Rule 1.20—Attendance, voting, and disclosure of conflicts.

See Rule 1.39—Disclosure of conflict of interest and prohibition on voting thereon.

See FLA. CONST. art. III, s. 4(c) Quorum and procedure.

5.2—Change of vote; votes after a roll call; vote verification

(1) After the result of the vote has been announced by the President, a Senator with unanimous consent of those Senators present may change his or her vote or cast a late vote on the matter.

(2) Records of vote change and after the roll call requests shall be available at the Secretary's desk throughout the day's sitting.

(3) An original roll call shall not be altered, but, if no objection is raised before the close of business that day, timely filed changes of votes and votes after the roll call shall be accepted and recorded under the original roll call in the Journal.

(4) No such change of vote or vote after the roll call request shall be accepted if such vote would alter the result of the vote on final passage of the matter until the matter shall first have been returned to the desk and reconsidered.

(5) On request of a Senator before considering other business, the President shall order a verification of a vote.

5.3—Casting vote for another; quorum

(1) No Senator shall cast a vote for another Senator unless the Senator is present in the Chamber area and requests the casting of said vote, nor shall a person not a Senator cast a vote for a Senator. No Senator shall cast a vote for another Senator during a quorum call.

(2) A Senator who shall, without such authorization, vote or attempt to vote for another Senator may be punished as the Senate may deem proper.

(3) A person not a Senator who votes in the place of a Senator shall be excluded from the Chamber for the remainder of the session.

5.5—Explanation of vote

No Senator shall be permitted to explain his or her vote during a roll call but may submit a brief explanation in writing to the Secretary, who shall enter it in the Journal.

See Rule 2.31—Explanation of vote; deferring a vote prohibited.

5.6—Election by ballot

In all cases of ballot, a **majority** of the votes cast shall be necessary to an election. If, however, no one is elected on the first three (3) ballots, the names after the top two (2) in number of votes received on the third (3rd) tally shall be dropped, and the Senate shall ballot on the two (2) names remaining.

RULE SIX**MOTIONS AND PRECEDENCE****6.1—Motions; how made, withdrawn**

(1) Procedural motions may be made orally. On request of the President, a Senator shall submit his or her motion in writing. After a motion has been stated or read by the President, it shall be deemed to be in possession of the Senate and, without a second, shall be disposed of by vote of the Senate.

(2) The mover may withdraw a motion, except a motion to reconsider, as hereinafter provided, at any time before the same has been amended or before the vote shall have commenced.

6.2—Motions; precedence

(1) When a question is under debate, the President shall receive no motion except:

- (a) To reconsider and leave pending a main question
See Rule 6.4—Reconsideration generally.
- (b) To adjourn
 - 1. At a time certain
 - 2. Instantly
See FLA. CONST. art. III, s. 3(e) Sessions of the legislature.
- (c) To recess
See Rule 1.2—The President calls the Senate to order; informal recess.
- (d) Questions of privilege
See Rule 8.11—Questions of privilege.
- (e) To proceed to the consideration of executive business
- (f) To reconsider
See Rule 6.4—Reconsideration generally.
- (g) To limit debate
See Rule 8.6—Limitation on debate.
- (h) To temporarily postpone
See Rule 6.11—Temporarily postpone.
- (i) To postpone to a day certain
- (j) To commit to a standing committee
See Rule 4.15—Referral or postponement on third (3rd) reading.
- (k) To commit to a select committee
See Rule 4.15—Referral or postponement on third (3rd) reading.
- (l) To amend
See Rule 7—Amendments.
- (m) To postpone indefinitely
See Rule 6.9—Motion to indefinitely postpone.

which shall have precedence in the descending order given.

(2) The President shall present all questions in the order in which they are moved unless the subsequent motion is of a higher precedence.

(3) Motions for the previous question and to lay on the table shall not be entertained.

(4) When a motion is under consideration, but prior to the commencement of the vote, a substitute motion shall be in order. Only one (1) substitute shall be considered concurrently and the substitute shall be in the same order of precedence.

(5) A motion to discharge Senate conferees and to appoint or instruct said conferees as set forth in Rule 2.19 is a motion of the highest privilege and this motion shall have precedence over all other questions except motions to adjourn or recess and questions of privilege.

6.3—Division of question

(1) A Senator may move for a division of a question when the sense will admit of it, which shall be decided by a **majority vote**.

(2) A motion to delete and insert shall be deemed indivisible; a motion to delete, being lost, shall neither preclude amendment nor a motion to delete and insert.

6.4—Reconsideration generally

(1) When a main question (the vote on passage of a measure, including a vote on a veto message, confirmation of executive appointments, removal or suspension from office) has been decided by the Senate, a Senator voting with the prevailing side may move for reconsideration of the question on the day the matter was decided or on the next day on which the Senate sits.

(a) If the question has been decided by voice vote, any Senator may move for reconsideration thereof.

(b) When a **majority** of those Senators present vote in the affirmative on the question but the proposition is lost because it is one in which the concurrence of more than a **majority** of those Senators present is necessary for adoption or passage, any Senator may move for reconsideration.

(2) Such motion to reconsider may be made prior to or pending a motion to recess or adjourn.

(3) Consideration of a motion to reconsider shall be a special and continuing order of business for the Senate at its next sitting and, unless taken up under the proper order of business on that day by motion of any Senator, shall be deemed abandoned. If the Senate shall refuse to reconsider or, on reconsideration, shall confirm its first decision, no further motion to reconsider shall be in order except on unanimous consent of those Senators present.

(4) During the last fourteen (14) days of a regular session, a motion to reconsider shall be considered when made.

6.5—Reconsideration; vote required

The affirmative votes of a **majority** of those Senators present shall be required to adopt a motion to reconsider.

6.6—Reconsideration; debate; time limits

Debate shall be allowed on a motion to reconsider only when the question which it is proposed to reconsider is debatable. When the question is debatable, no Senator shall speak thereon more than once or longer than **five (5) minutes**.

6.7—Reconsideration; collateral matters and procedural motions

A motion to reconsider a collateral matter must be disposed of during the course of the consideration of the main subject to which it is related, and such motion shall be out of order after the Senate has passed to other business. Reconsideration of a procedural motion shall be considered on the same day and at the same time it is made.

6.8—Reconsideration; Secretary to hold for period

The Secretary shall hold all bills for the period after passage during which reconsideration may be moved. The adoption of a motion to waive the Rules by a **two-thirds (2/3) vote** of those Senators present and immediately certify any bill to the House shall be construed as releasing the measure from the Secretary's possession for the period of reconsideration and shall, thereafter, preclude reconsideration. Unless otherwise directed by the President, during the last fourteen (14) days of a regular session and during any extension thereof, or during a special session, bills shall be immediately transmitted to the House. Messages relating to Senate action on House amendments or to conference committee reports shall be transmitted by the Secretary forthwith.

See Rule 1.17—The Secretary transmits bills to the House of Representatives.

See Rule 6.4—Reconsideration generally.

6.9—Motion to indefinitely postpone

A motion to indefinitely postpone is debatable and, if approved, shall dispose of a measure for the duration of the legislative session and all extensions thereof. A motion to postpone consideration to a time beyond the last day allowed under the State Constitution for the current legislative session shall be construed as a motion to indefinitely postpone. Motions to indefinitely postpone shall not be applicable to collateral matters.

6.10—Committee substitute; withdrawn

Once a bill has been reported as a committee substitute, it may be withdrawn from further consideration only by motion of the introducer and unanimous consent of the Senators present.

6.11—Temporarily postpone

(1) The motion to temporarily postpone shall be decided without debate and shall cause a measure to be set aside but retained on the desk.

(2) If a main question is temporarily postponed before debate has commenced or motions have been applied, its reading shall be considered a nullity and the bill shall retain its original position on the order of business during that sitting; otherwise, the bill reverts to the status of bills on second (2nd) or third (3rd) reading, as applicable.

(3) The motion to return to consideration of a temporarily postponed main question shall be made under the proper order of business when no other matter is pending.

(4) If applied to a collateral matter, the motion to temporarily postpone shall not cause the main question to be carried with it. After having been temporarily postponed, if a collateral matter is not brought back before the Senate in the course of consideration of the adhering or main question, it shall be deemed abandoned.

RULE SEVEN
AMENDMENTS

7.1—General form; germanity requirement; notice; manner of consideration; filing deadlines

(1) No main amendment to a bill on any Senate calendar shall be considered by the Senate unless the amendment was prepared in proper form and filed with the Secretary no later than 2:00 p.m. the day before it is to be offered at a sitting.

(2) Substitutes for main amendments shall be filed by 4:00 p.m. and amendments to main amendments and amendments to substitute amendments by 5:00 p.m.

(3) No proposition on a subject different from that under consideration shall be admitted in the form of an amendment.

(4) Copies of such amendments shall be made reasonably available by the Secretary before the sitting, upon request, to the Senators and to the public.

(5) Consideration of all amendments not timely filed in accordance with this Rule requires a two-thirds (2/3) vote of those Senators present, if any Senator requests that such vote be taken.

(6) Amendments shall be filed with the Secretary on forms prescribed by the Secretary but shall be considered only after sponsors gain recognition from the President to move their adoption, except that the chair of the committee (or, in the chair's absence, the vice chair or any member thereof) reporting the measure under consideration shall have preference for the presentation of committee amendments.

(7) An amendment shall be deemed pending only after its sponsor has been recognized by the President and has moved its adoption. Amendments that have been filed with the Secretary but have not been formally moved for adoption shall not be deemed to be pending.

(8) The following bills are out of order and shall not be admitted or considered in the form of an amendment to a bill on the calendar and under consideration by the Senate:

- (a) Bills that have received an unfavorable committee report.
(b) Bills that have been withdrawn from further consideration by the introducer.
(c) Bills the substance of which have not been reported favorably by all committees of reference.
(d) Bills that have not been published in at least one (1) daily calendar under Bills on Second (2nd) Reading.

Amendments covered by this Rule shall be substantially the same and identical as to specific intent and purpose as the measures described in paragraphs (a), (b), (c), or (d).

(9) Reviser's bills may be amended only by making deletions.

7.2—Adoption

(1) On second (2nd) reading, amendments may be adopted by a majority vote of those Senators present.

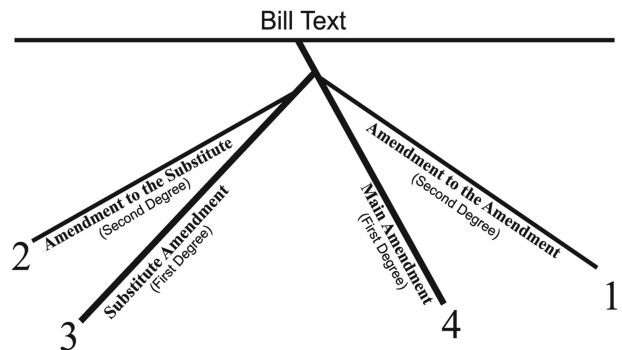

(2) On third (3rd) reading, amendments and amendments to amendments, including substitute amendments and amendments to a substitute amendment, shall be adopted by a two-thirds (2/3) vote of those Senators present.

(3) On third (3rd) reading, amendments to the title or corrective amendments may be decided, without debate, by a majority vote of those Senators present.

See Rule 4.15—Referral or postponement on third (3rd) reading.

7.3—Sequence of amendments to amendments

(1) An amendment to a pending amendment may be received, but until it is disposed of, no other motion to amend will be in order, except a substitute amendment or an amendment to the substitute. Such amendments are to be disposed of in the following order:

- (a) Amendments to the amendment are acted on before the substitute is taken up. Only one (1) amendment to the amendment may be pending.
(b) Amendments to the substitute are next voted on.
(c) The substitute then is voted on.

(2) If a substitute amendment is adopted in place of an original main amendment, it shall be treated as an amendment to the bill itself.

(3) The following third (3rd) degree amendments are out of order:

- (a) A substitute amendment for an amendment to the amendment.
(b) A substitute amendment for an amendment to the substitute.
(c) An amendment to an amendment to the amendment.
(d) An amendment to an amendment to the substitute amendment.

7.4—Deleting everything after enacting clause

An amendment deleting everything after the enacting clause of a bill, or the resolving clause of a resolution, and inserting new language of the same or related subject as stated in the original title shall be deemed proper and germane.

7.5—Amendment by section

Adoption of an amendment to a section shall not preclude further amendment of that section. If a bill is being considered section by section or item by item, only amendments to the section or item under consideration shall be in order. The President, in recognizing Senators for the purpose of moving the adoption of amendments, shall endeavor to cause all amendments to section 1 to be considered first, then all those in section 2, and so on. After all sections have been considered separately, the entire bill shall be open for amendment.

7.6—Printing in Journal

All amendments taken up by the Senate unless withdrawn shall be printed in the Journal, except that an amendment to the general appropriations bill constituting an entirely new bill shall not be printed until the filing of the conference committee report. All item amendments to the general appropriations bill shall be printed.

7.7—Senate amendments to House bills

A House bill may be amended in the same manner as a Senate bill. If a House bill is amended, this action shall be noted by the Secretary on the jacket before it is transmitted to the House.

7.8—House amendments to Senate bills

(1) After the reading of a House amendment to a Senate bill, the Senate may consider the following motions in order of their precedence:

- (a) Amend the House amendment,
- (b) Concur in the House amendment,
- (c) Refuse to concur in the House amendment and ask the House to recede, or
- (d) Request a conference committee.

(2) The adoption of any of the foregoing motions shall be by **majority vote** of those Senators present.

7.9—House refusal to concur in Senate amendment

(1) If the House shall refuse to concur in a Senate amendment to a House bill, the Senate may consider the following motions in order of their precedence:

- (a) Recede,
- (b) Insist that the House concur and request a conference committee, or
- (c) Insist that the House concur.

(2) The adoption of any of the foregoing motions shall be by **majority vote** of those Senators present.

RULE EIGHT**DECORUM AND DEBATE****8.1—Decorum and debate**

(1) When a Senator desires to speak or present a matter to the Senate, the Senator shall rise at his or her seat and address himself or herself to “Mr. or Madam President” and, on being recognized, may address the Senate from his or her desk or from the well of the Senate and shall confine any remarks to the question under debate, avoiding personality.

(2) A Senator shall not address or refer to another Senator by his or her first name. A Senator shall use the appellation of “Senator” or such appellation and the district number of the Senator being addressed, or a Senator may also use such appellation and the surname of the Senator referred to or addressed.

8.2—Presiding officer’s power of recognition

When two (2) or more Senators rise at once, the presiding officer shall recognize the Senator who is to speak first.

8.3—Interruptions; when allowed

(1) No Senator shall be interrupted by another without the consent of the Senator who has the floor, except by:

- (a) Rising to a question of privilege;
- (b) Rising to a point of order requiring an immediate ruling;
- (c) Rising to appeal a decision of the presiding officer concerning a point of order (if the appeal is made immediately following the decision);
- (d) Rising to make a parliamentary inquiry requiring an immediate reply; or
- (e) Rising to question the existence of a quorum.

(2) The presiding officer shall strictly enforce this Rule.

8.4—Senator speaking, rights

(1) When a Senator is speaking and another Senator interrupts to request recognition, the presiding officer may ask the person rising to state why he or she desires the floor. If the question the Senator desires to raise is of higher precedence than the pending question, the Senator originally speaking shall relinquish the floor until the question having precedence is disposed of. The Senator then is entitled to resume the floor.

(2) The Senator making a debatable motion or the introducer of a bill shall have **five (5) minutes** in order to close debate.

8.5—Limit on speaking

No Senator shall speak longer than **thirty (30) minutes** without yielding the floor, except by consent of a **majority** of those Senators present.

8.6—Limitation on debate

When a matter is under debate by the Senate, a Senator may move to limit debate, and such motion shall be decided without debate, except the introducer of the matter on which debate would be limited shall have **five (5) minutes** to discuss said motion. If, by a **two-thirds (2/3) vote** of those Senators present, the question is decided in the affirmative, debate shall be limited accordingly. Debate may be further extended by a **majority vote**.

8.7—Points of order, parliamentary inquiry, definitions

(1) A “point of order” is the parliamentary device used to require a deliberative body to observe its own rules and to follow established parliamentary practice.

(2) A “parliamentary inquiry” is a request for information from the presiding officer:

- (a) About business pending or soon to be pending before the Senate; or
- (b) A device for obtaining a predetermination of a rule or a clarification thereof which may be presented in hypothetical form.

8.9—Appeals

The ruling of a presiding officer may be appealed. The appeal of a decision of the presiding officer must be made promptly before debate has concluded or other business has intervened. A point of order on any other question is not in order while an appeal is pending, but a point of order relating to the appeal may be raised; and, if the determination of the appeal is dependent on this point, it may be decided by the presiding officer. This second (2nd) decision is also subject to appeal.

8.10—Appeals debatable

An appeal of a decision of the presiding officer on a point of order is debatable even though the question from which it arose was not debatable.

8.11—Questions of privilege

- (1) Questions of privilege have two (2) forms:
- Privilege of the Senate—Those affecting the rights of the Senate collectively, its safety, dignity, and the integrity of its proceedings; and
 - Privilege of a Senator—The rights, reputation, and conduct of Senators individually, in their representative capacity only.
- (2) These shall have precedence over all other questions except motions to adjourn or recess. A question of privilege affecting the Senate takes precedence over a question of privilege affecting an individual Senator.

RULE NINE**LOBBYING****9.1—Those required to register**

All persons (except those specifically exempted) who seek to encourage the passage, defeat, or modification of legislation in the Senate or before its committees shall, before engaging in such activity, register as prescribed by law and the Joint Rules of the Florida Legislature.

9.2—Obligations of lobbyist

(1) A lobbyist shall supply facts, information, and opinions of principals to legislators from the point of view from which he or she openly declares. A lobbyist shall not offer or propose anything to improperly influence the official act, decision, or vote of a legislator.

(2) A lobbyist, by personal example and admonition to colleagues, shall uphold the honor and dignity of the Chamber in all of his or her dealings with the Senate.

(3) A lobbyist shall not knowingly and willfully falsify a material fact or make any false, fictitious, or fraudulent statement or representation or make or use any writing or document knowing the same contains any false, fictitious, or fraudulent statements or entry.

(4) A lobbyist may not make any expenditure prohibited by section 11.045(4)(a), *Florida Statutes*, or by law.

9.3—Lobbyists' requirements

A lobbyist shall adhere to the statutory requirements for lobbyists provided by law and the Joint Rules.

9.35—Contributions during sessions

During a regular legislative session, and during an extended or special session as further provided for in Rule 1.361(2), a lobbyist may not directly or indirectly contribute to a Senator's own campaign, or to any organization that is registered, or should have been registered, with the Rules Committee pursuant to Rule 1.361(3).

9.4—Advisory opinions

(1) A lobbyist, when in doubt about the applicability and interpretation of Rule Nine in a particular context, may submit in writing a statement of the facts involved to the Rules Committee and may appear in person before said committee.

(2) The Rules Committee may render advisory opinions to any lobbyist who seeks advice as to whether or not the facts in a particular case will constitute a violation of these Rules. All opinions shall delete names and be numbered, dated, and published in the Journal.

9.5—Compilation of opinions

The Secretary shall compile all advisory opinions of the Rules Committee.

9.6—Violations; investigations, penalties

(1) Any person may file a sworn complaint with the Rules Chair alleging a violation of the Rules regulating the conduct and ethics of lobbyists. The complainant shall also file a copy of the sworn complaint with the Senate General Counsel.

The complaint shall be based on personal knowledge, shall state detailed facts, shall specify the actions of the named lobbyist which form the basis for the complaint, shall attach all documentation on which the complaint is based, and shall identify the specific Rule alleged by the complainant to have been violated by the lobbyist.

- Upon a determination by the Rules Chair that the complaint fails to state facts supporting a finding of a violation of the Senate Rules, the complaint shall be dismissed.
- Upon a determination by the Rules Chair that the complaint states facts that, if true, would be a violation of the Senate Rules, the complaint shall be referred to a special master or select committee to determine probable cause. If a select committee is appointed, it shall be comprised of an odd number of members.

- The special master or select committee shall give reasonable notice to the lobbyist who is alleged to have violated the Rules, shall conduct an investigation, and shall grant the lobbyist an opportunity to be heard. A report and recommendation shall then be prepared.
- The report and recommendation is advisory only and shall be presented to the Rules Chair and the President as soon as practicable after the close of the investigation.
- If the report and recommendation conclude that the facts do not support a finding of probable cause, the complaint shall be dismissed by the Rules Chair.
- If the complaint is not dismissed, another select committee will be appointed and shall consider the report and recommendation, shall grant the lobbyist an opportunity to be heard, and shall develop its own recommendation.
- If the select committee votes to dismiss the complaint, the chair shall dismiss the complaint.
- Otherwise, the report and recommendation and the recommendation of the select committee shall be presented to the President.
- The President shall present the committee's recommendation, along with the report and recommendation, to the Senate for final action.

(2) The Rules Chair shall act within thirty (30) days of receipt of a complaint, unless a concurrent jurisdiction is conducting an investigation, in which case a decision may be deferred until such investigation is complete.

(3) Nothing in this Rule prohibits a Rules Chair from allowing a lobbyist to correct or prevent an inadvertent, technical, or otherwise *de minimis* violation by informal means.

(4) Nothing in this Rule prohibits the Rules Chair or a select committee appointed pursuant to this Rule from recommending a consent decree if agreed to by the lobbyist. The decree shall state findings of fact and set forth an appropriate penalty. If the Senate accepts the consent decree, the complaint shall be deemed resolved.

(5) Separately from any prosecutions or penalties otherwise provided by law, any person determined to have violated the requirements of Rule Nine shall be admonished, censured, reprimanded, placed on probation, or prohibited from lobbying for the duration of the session and from appearing before any Senate committee. Such determination shall be made by a **majority vote** of the Senate.

9.7—Committees to be diligent

Committees shall be diligent to ascertain whether those who appear before them, in other than an obviously individual capacity, have conformed to the requirements of Rule Nine, the Joint Rules, and any other applicable law, and shall report violations. No committee member shall knowingly permit an unregistered lobbyist to be heard.

9.8—Lobbyist expenditures and compensation

See Senate Rules Appendix A for lobbyist expenditures and compensation requirements. The appendix is hereby incorporated by reference as a Rule.

RULE TEN**CHAMBER OF THE SENATE****10.1—Persons entitled to admission**

(1) No person shall be admitted to the main floor of the Senate Chamber while the Senate is sitting except present members of the Senate, all officers and employees of the Senate in the performance of their duties, and persons charged with messages or papers to the Senate. Also entitled to admission are the Governor or one (1) representative designated by the Governor, the Lieutenant Governor, Cabinet officers, former Governors, present and former United States Senators, present and former members of the House of Representatives of the United States and of this State, Justices of the Supreme Court, former State Senators of Florida, and persons by invitation of the President.

(2) A special section of the gallery shall be reserved for members of the families of Senators.

10.2—Exception to Chamber admission Rule

Except at the discretion of the President, no person entitled to admission shall be admitted if registered pursuant to Rule Nine. During a sitting, no person admitted under this Rule shall engage in any lobbying activity involving a measure pending before the Legislature during the legislative session.

10.3—Admission of media by President

Members of the media, in performance of their duties, shall be assigned to a section specifically set aside for them, and shall not be allowed on the Senate floor while the Senate is sitting, except with the approval of the President.

10.4—Attire

All persons on the main floor of the Senate Chamber and in the gallery (with the exception of visitors in that portion of the gallery set aside for the general public) shall wear appropriate business attire at all times while the Senate is sitting.

10.5—Gallery

No food or beverages shall be allowed in the gallery at any time.

RULE ELEVEN**CONSTRUCTION AND WAIVER OF RULES****11.1—Interpretation of Rules**

It shall be the duty of the President, or the temporary presiding officer, to interpret all Rules.

11.2—Waiver and suspension of Rules

(1) These Rules shall not be waived or suspended except by a **two-thirds (2/3) vote** of those Senators present. The motion, when made, shall be decided without debate.

(2) A motion to waive a Rule requiring unanimous consent of the Senate shall require unanimous consent of those Senators present for approval.

11.3—Changes in Rules

(1) All proposed revisions of the Senate Rules shall be first referred to the Rules Committee, which shall report as soon thereafter as practicable. Consideration of such a report shall always be in order.

(2) The Rules Committee may originate reports and resolutions dealing with the Senate Rules and the Order of Business which may be

approved by a **two-thirds (2/3) vote**, and such power shall be exclusive, provided, however, that any report made pursuant to this Rule may be amended by a **two-thirds (2/3) vote** of those Senators present.

11.4—Majority action

Unless otherwise indicated by the Senate Rules or the *State Constitution*, all action by the Senate or any of its committees or subcommittees, including references to “members present” or “Senators present,” shall be by **majority vote** of those Senators present and voting.

See FLA. CONST. art. X, s. 12(e) Rules of construction.

11.5—Uniform construction

When in the Senate Rules reference is made to a “two-thirds (2/3) vote,” it shall be construed to mean two-thirds (2/3) of those Senators present and voting except that two-thirds (2/3) of the entire membership of the Senate shall be required when so indicated.

11.6—General; definitions

When used in the Senate Rules, the following words shall, unless the text otherwise indicates, have the following respective meaning:

(1) The singular always includes the plural.

(2) Except where specifically provided or where the context indicates otherwise, the use of the word “bill,” “measure,” “question,” or “matter” means a bill, joint resolution, concurrent resolution, resolution, or memorial.

(3) In addition to the definition in subsection (2), “matter” also means an amendment, an appointment, or a suspension.

(4) “Introducer” shall mean the first-named Senator on a bill. In the case of a bill originally introduced by a committee, the committee shall be the introducer.

11.7—Sources of procedural authority

The latest edition of *Mason’s Manual of Legislative Procedure*, *Jefferson’s Manual*, or other manuals of comparable legislative application may be consulted, but shall not be binding, when a question of parliamentary procedure is not addressed by the *State Constitution*, these Rules, Joint Rules, or prior rulings of the presidents.

RULE TWELVE**EXECUTIVE SESSIONS, APPOINTMENTS,
SUSPENSIONS, AND REMOVALS****PART ONE—EXECUTIVE SESSIONS****12.1—Executive session; authority**

The business of the Senate shall be transacted openly and not in executive session except under conditions pursuant to Article III, Section 4(b) of the *State Constitution*.

12.2—Executive session; purpose

Pursuant to Article III, Section 4(b) of the *State Constitution*, the Senate may resolve itself into executive session for the sole purpose of considering appointment, removal, or suspension. No one shall be in attendance except Senators, the Secretary, and staff as approved by the President, who shall be sworn not to disclose any executive business without consent of the Senate.

12.3—Executive session; vote required

When the Senate agrees, by a **majority** of those Senators present, that specified appointments, removals, or suspensions shall be considered in executive session, such shall be calendared for formal consideration by the Senate.

12.4—Executive session; work product confidentiality

All information and remarks including committee work product concerning the character and qualification, together with the vote on each appointment, removal, or suspension considered in executive session shall be kept confidential except information on which the bans of confidentiality were lifted by the Senate while in executive session.

12.5—Executive session; separate Journal

A separate Journal shall be kept of executive proceedings of the Senate, and no information regarding same shall be made public except by order of the Senate or by order of a court of competent jurisdiction.

12.6—Violation of Rule

Violation of the above Rules as to the confidentiality of the proceedings of executive sessions shall be considered by the Senate as sufficient grounds for unseating the offending Senator.

PART TWO—APPOINTMENTS, SUSPENSIONS, AND REMOVALS**12.7—Procedure; generally**

Except as otherwise herein provided, on receipt by the Senate of appointments or suspensions on which action by the Senate is required, the President shall refer each to the Ethics and Elections Committee, other appropriate committee or committees, or a special master appointed by the President. Any such committee, subcommittee, or special master shall make inquiry or investigation and hold hearings, as appropriate, and advise the President and the Senate with a recommendation and the necessity for deliberating the subject in executive session. Reports and findings of the committee, subcommittee, or special master appointed pursuant hereto are advisory only and shall be made to the President. The report of the committee, subcommittee, or special master may be privileged and confidential. The President may order the report presented to the Senate in either open or executive session, or the President may refer it to the Rules Committee for its consideration and report. When the report is presented to the Senate during an open sitting or received by the Rules Committee, the report shall lose its privileged and confidential character.

12.8—Procedure on executive appointments

(1) Upon receipt of a request from the Governor or other appointing official or authority for the return of the documentation of an appointment, which appointment has not been acted upon by the Senate, the Secretary, upon consultation with the President, shall return the appointment documentation and the return shall be noted in the Journal. The appointee whose appointment was returned continues in office until the end of the next ensuing regular session of the Legislature or until the Senate confirms a successor, whichever occurs first.

(2) If the appointment returned was made by the Governor, official or authority's predecessor, the appointee shall not be subject to the provisions of section 114.05(1)(e) or (f), *Florida Statutes*, during the period of withdrawal.

(3) If the appointment returned was made by the Governor, official or authority requesting the return, for purposes of section 114.05(1)(e) and (f), *Florida Statutes*, the returned appointment shall be treated as if the Senate failed to consider the appointment.

12.9—Procedure upon receipt of an executive suspension

(1) Unless suspension proceedings are held in abeyance, the committee, subcommittee, or special master shall institute action by transmitting a notice of hearing for a prehearing conference or a hearing on the merits within ninety (90) days after the Secretary of the Senate receives the suspension order. The Governor and the suspended official shall be given reasonable notice in writing of any hearing or prehearing conference before the committee, subcommittee, or special master. If the Governor files an amended suspension order, the attention of the Senate, committee, subcommittee, or special master shall be directed to the amended suspension order.

(2) An executive suspension of a public official who has pending against him or her criminal charges, or an executive suspension of a public official that is challenged in a court shall be referred to the Ethics and Elections Committee, other appropriate committee, or special master; however, all inquiry or investigation or hearings thereon shall be held in abeyance and the matter shall not be considered by the Senate, committee, subcommittee, or special master until the pending charges have been dismissed, or until final determination of the criminal charges at the trial court level, or until the final determination of a court challenge, if any, and the exhaustion of all appellate remedies for any of the above. The committee, subcommittee, or special master shall institute action within ninety (90) days after the conclusion of any pending proceedings. Notwithstanding an abeyance, the committee, subcommittee, or special master and the Senate may proceed if the written consent of counsel for the Governor and of the suspended official is obtained. Nothing in this Rule shall be interpreted as preventing the Senate from proceeding if the Senate President determines due process so requires.

(3) The committee, subcommittee, or special master may provide for a prehearing conference with counsel for the Governor and the suspended official to narrow the issues involved in the suspension. At such conference, both the Governor and the suspended official shall set forth the names and addresses of all the witnesses they intend to call, the nature of their testimony, photocopies of all documentary evidence, and a description of all physical evidence that will be relied on by the parties at the hearing. Each shall state briefly what each expects to prove by such testimony and evidence. The suspended official may file with the Secretary, no later than ten (10) days prior to the first (1st) prehearing conference, or no later than the date set by the committee, subcommittee, or special master if no prehearing conference is held, all written defenses or matters in avoidance of the charges contained in the suspension order.

(4) When it is advisable, the committee, subcommittee, or special master may request that the Governor file a bill of particulars containing a statement of further facts and circumstances supporting the suspension order. Within twenty (20) days after receipt of the Governor's bill of particulars, the suspended officer shall file a response with the committee, subcommittee, or special master. Such response shall specifically admit or deny the facts or circumstances set forth in the Governor's bill of particulars, and may further make such representation of fact and circumstances or assert such further defenses as are responsive to the bill of particulars or as may bear on the matter of the suspension.

(5) The Senate may act on the recommendations of the committee, subcommittee, or special master at any time it is sitting but shall do so no later than the end of the next regular session of the Legislature.

(6) Within sixty (60) days after the Senate has completed final action on the recommendation of the committee, subcommittee, or special master, any party to the suspension matter may request the return, at that party's expense, of any exhibit, document, or other evidence introduced by that party. After the expiration of sixty (60) days from the date the Senate has completed final action, the committee, subcommittee, or special master may dispose of such exhibits or other evidence.

See FLA. CONST. art. IV, s. 7(b) Suspensions; filling office during suspensions.

12.10—Adjudication of guilt not required to remove suspended officer

For the purposes of Article IV, Section 7(b) of the *State Constitution*, the Senate may find that the suspended official has committed a felony notwithstanding that a court may have withheld adjudication of guilt upon which the suspension order is based in whole or in part.

12.11—Special master; appointment

The President may appoint and contract for the services of a special master to perform such duties and make such reports in relation to suspensions and removals as he or she shall prescribe.

12.12—Special master; floor privilege

With consent of the President, the special master may have the privilege of the Senate floor to present and explain the report and answer questions as to the law and facts involved.

12.13—Issuance of subpoenas and process

The committee, subcommittee, and special master shall each have the authority to request the issuance of subpoenas, subpoenas *duces tecum*, and other necessary process under Rule 2.2. The committee chair, subcommittee chair, and special master may each administer all oaths and affirmations in the manner prescribed by law to witnesses who shall appear to testify on matters pending before the committee, subcommittee, or special master.

12.14—Rule takes precedence

In any situation where there is a direct conflict between the provisions of Rule Twelve and part V of chapter 112, *Florida Statutes*, Rule Twelve, derived from Article III, Section 4(a) of the *State Constitution*, shall take precedence.

12.15—Standard of evidence

A preponderance of the evidence standard shall be used by each Senator when determining whether the suspended official warrants removal based on the grounds alleged by the Governor.

12.16—Senators speaking publicly

Because they may be asked to sit in judgment of an executive suspension order, Senators should refrain from speaking publicly about the merits or substance of any suspension order prior to the vote.

RULE THIRTEEN**SPECIAL SESSION****13.1—Applicability of Senate Rules**

All Senate Rules shall apply and govern during special sessions except to the extent expressly modified or specified herein.

13.2—Sittings of the Senate

(1) The Senate shall convene pursuant to a schedule provided by the President or at the hour established by the Senate at its last sitting.

(2) A calendar may be published before a special session convenes.

13.3—Committee meetings; schedule, notice, amendment deadline

(1) Committee meetings shall be scheduled by the President.

- (a) Meetings of committees may be held after notice is published on the Senate website and posted on the Senate side of the fourth (4th) floor Capitol rotunda for two (2) hours in advance of the meeting. If possible, such notice shall appear in the daily calendar.
- (b) A committee may meet less than two (2) hours after the convening of a special session if a notice is filed with the Secretary at least two (2) hours before the scheduled meeting time.

(2) The notice shall include the date, time, and place of the meeting together with the name of the introducer, subject, number of each bill or proposed committee bill to be considered, and the amendment deadline for the meeting as provided herein. All other provisions for publication of notice of committee meetings are suspended.

(3) Main amendments shall be filed no later than one (1) hour before the scheduled convening of a committee meeting. Amendments adhering to main amendments shall be filed not later than **thirty (30) minutes** thereafter.

13.4—Delivery for introduction

Bills for introduction may be delivered to the Secretary at any time.

13.5—Committee reports

(1) Standing committee reports shall be filed with the Secretary's office as soon as practicable, but not later than 4:30 p.m. on the day after the meeting that is not a weekend or state holiday, except a committee drafting and recommending a committee substitute shall file such committee report no later than 4:30 p.m. on the second (2nd) such weekday. These reports must be accompanied by the original bill. Each report by a committee must set forth the identifying number of the bill. If amendments are proposed by the committee, the words "with amendments" shall follow the identifying number. Committee amendments shall be identified by barcode in the report. All bills reported unfavorably shall be laid on the table.

(2) Bills referred to a standing subcommittee shall be reported to the standing committee.

13.6—Conference committee reports

(1) The report of a conference committee shall be read to the Senate. Upon completion of the reading and subsequent debate, the vote shall first be:

- (a) on adoption or rejection of the conference report and, if adopted, the vote shall then be
- (b) on final passage of the measure as amended by the conference report.

Copies of conference committee reports shall be available to the membership two (2) hours prior to the time such report is scheduled to be taken up on the Senate floor.

(2) The report must be acted on as a whole, being adopted or rejected.

(3) Each report shall include a statement sufficiently explicit to inform the Senate of the effect of the report on the measure to which it relates.

(4) Conference committees, other than a conference committee on a general or special appropriations bill and its related legislation, shall consider and report only on the differences existing between the Senate and the House, and no substance foreign to the bills before the conferees shall be included in the report or considered by the Senate.

(5) A conference committee may only report by recommending the adoption of a series of amendments to the House or Senate bill that was the subject of the conference, or it may offer an amendment deleting everything after the enacting clause of any such bill referred to the committee. In any event, the conference committee may recommend, as part of its report, the adoption or rejection of any or all of the amendments theretofore adopted by either house. Conference committee reports must be approved and signed by a **majority** of the conferees on the part of each house. All final actions taken in a conference committee shall be by motion.

(6) When conferees on the part of the Senate report an inability to agree, any action of the Senate taken prior to such reference to a conference committee shall not preclude further action on said measure as the Senate may determine.

(7) After Senate conferees have been appointed for thirty-six (36) hours and have failed to make a report, it is a motion of the highest privilege to move to discharge said Senate conferees and to appoint new conferees, or to instruct said Senate conferees.

13.7—Reconsideration

A motion to reconsider shall be considered when made.

13.8—Procedure to establish Special Order Calendars

(1) The Rules Chair, Majority Leader, and Minority Leader shall meet and submit a Special Order Calendar determining the list of bills for consideration by the Senate. The President shall determine the

order in which such bills appear on the published Special Order Calendar.

See Rule 4.16—Consideration out of regular order.

(2) Such Special Order Calendar shall be published in one (1) daily calendar and may be considered on the day published. The amendment deadline for bills on the Special Order Calendar shall be 5:00 p.m. or two (2) hours after the Special Order Calendar is announced, or as provided in the Special Order Calendar, whichever occurs later.

(3) Notice of the date, time, and place for the establishment of the Special Order Calendar shall be published on the Senate website and posted on the Senate side of the fourth (4th) floor Capitol rotunda two (2) hours in advance of the meeting. If possible, such notice shall appear in the daily calendar.

RULE FOURTEEN

SEAL AND INSIGNIA

14.1—Seal and insignia

(1) There shall be an official seal of the Senate. The seal shall be the size of a circle of two and one-half inches diameter having in the center thereof the current Florida state flag and the current United States flag above a disc containing the words: “In God We Trust” arched above a gavel, quill, and scroll. At the top of the field of flags shall be the word: “Seal.” At the bottom shall be the date: “1838.” The perimeter of the seal shall contain the words: “Senate” and “State of Florida.”

(2) There shall be an official coat of arms for the Senate. The coat of arms shall contain the current Florida state flag and the current United States flag above the Great Seal of Florida. At the base of the coat of arms shall be the words: “The Florida Senate.”

(3) All versions of the Senate Seal, the Senate Coat of Arms, official Senate stationery, calling cards, and facsimiles thereof may be used only in connection with official Senate business.

Senate Rules Appendix A

This document may be consulted by persons seeking to comply with the lobbyist expenditure ban set forth in section 11.045(4)(a), *Florida Statutes*, in the legislative context by refining the law and providing Lobbying Guidelines and answers to 25 Frequently Asked Questions.

Part One of the Guidelines refines and applies the prohibition, with ten clearly stated exceptions, so that Senators and Senate employees cannot directly or indirectly take any “expenditure” from a lobbyist or principal in either the public or private sector.

Part Two of the Guidelines refines and applies the underlying core requirement that “lobbying firms” must publicly disclose the compensation they receive for lobbying activities, and does so in a way that is narrowly tailored, furthers the state’s compelling governmental interest in regulating legislative lobbying at the state level, and employs the least intrusive means available to do so.

This document sets out general principles. Outcomes depend heavily on underlying fact patterns that can vary greatly from case to case. Full disclosure of the operative facts must be provided and considered before a proper and correct answer can be derived.

A Senator may request an informal advisory opinion from the Senate General Counsel regarding the application of the law and Rule to a specific situation, on which the legislator may reasonably rely.

The houses of the Legislature are responsible for the administration and enforcement of the legislative lobbying portions of the law. The legislative lobbying expenditure prohibitions are not part of the Florida Code of Ethics for Public Officers and Employees. Neither the Florida Commission on Ethics nor the Florida courts have jurisdiction to interpret these internal matters of the Legislature.

Part One - Expenditures

(1) General Guidelines

a) The Expenditure Prohibition

The law contains a prohibition against lobbyists and principals making direct or *indirect* lobbying expenditures for legislators and legislative employees. It provides:

[N]o lobbyist or principal shall make, directly or indirectly, and no member or employee of the Legislature shall knowingly accept, directly or indirectly, any *expenditure*.... (emphasis added).

The expenditure prohibition applies only to expenditures made by lobbyists and principals. It applies whether or not the lobbyist, principal, legislator, or legislative employee is in Florida. Florida’s gift law, section 112.3148, *Florida Statutes*, continues to apply to gifts to legislators and legislative employees from others.

Example: A legislator may accept a subscription to a newspaper or periodical that is neither published by, nor paid for, nor provided by a lobbyist or a principal.

Example: A legislator may not accept a free health screening or other personal service provided on behalf of an association that is a principal.

Example: A legislator may, as either a member or an invited guest, participate in meetings of, and partake of the food and beverage provided by a civic organization if the organization is not a principal.

The practical effect of this law is to prohibit expenditures for attempting to obtain the goodwill of a member or employee of the Legislature, and it is not designed to prohibit expenditures made in attempting to influence legislative action or non-action through oral or written communication.

b) Definitions

“*Expenditure*” is defined, essentially, as anything of value made by a lobbyist or principal *for the purpose of lobbying*.

“*Lobbying*,” in turn, means: (1) influencing or attempting to influence legislative action through oral or written communication (“active lobbying”); or, (2) attempting to obtain the *goodwill* of a member or employee of the Legislature (“goodwill”).

“*Goodwill expenditure*” is a gift, an entertainment, any food or beverage, lodging, travel, or any other item or service of personal benefit to a legislator or legislative employee.

Goodwill expenditures include contributions or donations from a lobbyist or a principal to a charitable organization that is, directly or indirectly, established by, organized by, operated primarily by, or controlled by a legislator or legislative employee, or any combination thereof.

A “*lobbyist*” is a person who is employed and receives payment, or who contracts for economic consideration, for the purpose of lobbying, or a person who is principally employed for governmental affairs by another person or governmental entity to lobby on behalf of that other person or governmental entity.

“*Personal benefit*” means a profit or gain pertaining to, directed toward, or affecting a person.

A “*principal*” means the person, firm, corporation, or other entity that has employed or retained a lobbyist. When an association has employed or retained a lobbyist, the association is the principal; *the individual members of the association are not principals merely because of their membership in the association*.

c) Honorarium-related Expenses

It is not permissible to accept from a lobbyist or principal, directly or indirectly, payment or reimbursement of expenses for travel, food, lodging, or beverage, related to speaking engagements or other honorarium-type events.

d) Indirect Expenditures

An indirect expenditure is an expenditure that is not made directly to a legislator or legislative employee, but is made to another with the

purpose that the expenditure be used for the personal benefit of a legislator or legislative employee.

The expenditure prohibition *expressly* prohibits any lobbyist or principal from directing prohibited lobbying expenditures through a surrogate or through any person who by his or her actions or activities is obligated to register as a lobbyist but has failed to do so. Third-party intermediaries, such as employees, members of associations and others, cannot be used to make prohibited expenditures.

Where an item or service (anything of value) is provided to a person *other* than a legislator or legislative employee by a lobbyist or principal and the item or service or the benefit attributable to the item or service ultimately is received by the legislator or employee, and where the item or service is provided with the intent to benefit the legislator or employee, such item or service constitutes a prohibited indirect expenditure to the legislator or employee.

Factors to be considered in determining whether a prohibited indirect expenditure has been made are set out on the following page in the joint functionality test:

TEST FOR DETERMINING LEGALITY OF AN INDIRECT EXPENDITURE

(1) The existence or nonexistence of communications by the lobbyist or principal indicating the lobbyist's or principal's intent to make or convey the item or service, or a personal benefit attributable to the item or service, to a legislator or employee rather than to the intervening third person;

(2) The existence or nonexistence of communications by the intervening third person indicating the intent to make or convey the lobbyist's or principal's item or service, or a personal benefit attributable to the item or service, to a legislator or employee rather than to the third person;

(3) The existence or nonexistence of any relationship between the lobbyist or principal and the third person, independent of the relationship between the lobbyist or principal and a legislator or employee, that would motivate the transfer to the third person;

(4) The existence or nonexistence of any relationship between the third person and a legislator or employee that would motivate the transfer;

(5) Whether the same or similar items or services have been or are being provided to other persons having the same relationship to the lobbyist or principal as the third person;

(6) Whether, under the circumstances, the third person had full and independent decision-making authority to determine whether a legislator or employee, or another, would receive the items or services, or a personal benefit attributable to the items or services;

(7) Whether the third person was acting with the knowledge or consent of, or under the direction of, the lobbyist or principal;

(8) Whether there were payments or the intention for any payments or bookkeeping transactions between the third person and the lobbyist or principal, reimbursing the third person for the items or services;

(9) The degree of ownership or control the lobbyist or principal had over the third person; and

(10) Whether a lobbyist or principal knew, or should have known, that an item or service provided to a third party would be used to provide a personal benefit to a legislator or employee, such as for the funding of a legislative reception or an event to be attended by legislators or employees.

The following examples illustrate some of the applications of the foregoing indirect expenditure criteria:

Example 1: A law firm which lobbies the Legislature invites all of its attorneys to attend a weekend retreat. The attorneys are encouraged to bring their spouses or significant others at the firm's expense. Legislator C is married to an attorney in the firm and has been asked by her spouse to attend the retreat. The lodging provided to Legislator C for

the retreat, food and drink, firm t-shirts, and the like would be considered a gift to her from her spouse and thus not a prohibited indirect expenditure, because the firm's invitation was extended to Legislator C's spouse by virtue of his employment with the firm.

Example 2: Legislator D hosts a fox hunt attended by legislators and lobbyists. Lobbyists give money to a third person, who is not a legislator or a legislative employee, to pay for the food and beverages which will be served at the fox hunt. The third party orders and prepares the food and beverages. The money provided to the third person by the lobbyists would be a prohibited indirect expenditure to Legislator D because it was given with the intent of benefiting him and his guests at the fox hunt.

Example 3: Legislator N and spouse have arranged to take a vacation trip together. A legislative lobbyist meets with Legislator N's spouse and offers to pay for the spouse's travel expenses. The lobbyist and Legislator N's spouse know each other only through the lobbyist's involvement with the legislator. This would constitute a prohibited indirect expenditure to Legislator N.

e) Equal or Greater Compensation

An expenditure is not prohibited when equal or greater value is given contemporaneously by the recipient to the donor.

Therefore, it is not an expenditure if:

1. The fair market value of the event, meeting, or other activity, including any food, beverage, transportation, lodging, or any other thing of value, can readily be determined, and

2. The legislator or legislative employee pays his or her pro rata share of the total fair market value to the person or organization hosting the event contemporaneously with the time of attending or participating in the event.

Thus, if a lobbyist or principal provides \$35 worth of goods or services to a legislator or legislative employee but the legislator or legislative employee *contemporaneously* provides *equal or greater consideration*, the lobbyist or principal has not provided *anything of value*, thus, there is no "expenditure."

f) Valuation

The law is silent as to the *valuation* of goods and services. *Fair market value* is the proper and applicable standard of valuation.

The retail price of an item or service is presumed to be its fair market value so long as it is reasonable in relation to the value of the item or service and the amount is not subsidized by a lobbyist or principal.

In valuing an expenditure, you may exclude the amount of additional expenses that are regularly required as a condition precedent to the donor's eligibility to make the expenditure if the amount expended for the condition precedent is primarily intended to be for a purpose other than lobbying, and is either primarily for the benefit of the donor or is paid to a charitable organization. Initiation fees and membership fees are examples of additional expenses that are regularly required as conditions precedent for eligibility to make an expenditure. Transportation expenses incurred to bring a member to an out-of-town event are not.

Entrance fees, admission fees, or tickets are normally valued on the face value or on a daily or per event basis. The portion of a ticket attributable to a charitable contribution is not included in the value. Conversely, if the ticket is subsidized by contributions of lobbyists or principals, the pro rata subsidized amount must be attributed to the face value.

A person providing transportation in a private automobile shall be considered to be making an expenditure at the then-current statutory reimbursement rate. The value of transportation provided in other private conveyances must be calculated on its fair market value.

g) Exceptions

1. Relatives

A relative is an individual who is related to the member or employee as father, mother, son, daughter, brother, sister, uncle, aunt, first cousin, nephew, niece, husband, wife, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, stepfather, stepmother, stepson, stepdaughter, grandparent, grandchild, great grandparent, great grandchild, step grandparent, step great grandparent, step grandchild, or step great grandchild; any person who is engaged to be married to the member or employee or who otherwise holds himself or herself out as or is generally known as the person whom the member or employee intends to marry or with whom the member or employee intends to form a household; or any other natural person having the same legal residence as the member or employee.

This definition of “relative” is taken from former Joint Rule 1.4(4)(b), and has operated historically as an exception to the presumption that things of value given to a legislator or employee by a lobbyist or principal are intended for the purpose of engendering goodwill.

Example: A legislator is permitted to accept a Christmas gift from an aunt, even if she is a lobbyist. The gift is not deemed an expenditure made for the purpose of lobbying because of the family relationship between the donor and the donee.

2. Employment-related Compensation and Benefits

Salary, benefits, services, fees, commissions, gifts, or expenses associated primarily with the recipient’s employment, business, or service as an officer or director of a corporation or organization are not prohibited expenditures so long as they are given in an amount commensurate with other similarly situated employees, officers, or directors.

These sorts of expenditures are currently also excepted from the definition of a gift in section 112.312(12)(b), *Florida Statutes*, and are a necessary exception in order for many legislators to continue their employment or continue their service on boards and continue to serve in Florida’s citizen Legislature.

Example: A legislator who is on the board of directors of an organization that has a lobbyist is nevertheless permitted to partake of food and beverage provided to the board members by the organization at its board meetings.

3. Political Organizations and Entities

An expenditure does not include contributions or expenditures reported pursuant to chapter 106, *Florida Statutes*, or its federal law counterpart; campaign-related personal services provided without compensation by individuals volunteering their time; any other contribution or expenditure made by a chapter 106 entity such as a candidate campaign, political committee, organization making electioneering communications, political party, or an entity qualified under section 501(c)(4) or section 527 of the Internal Revenue Code.

Members are cautioned that these organizations or entities may not be used as a vehicle for skirting the lobbying expenditure law. To the extent that funds come from lobbyists or principals, one should exercise great care that the expenditures are legal and appropriate for that particular organization or entity.

4. Communications Expenses

The expenditure prohibitions in the law do not reach expenditures made by a lobbyist or principal for items such as “media advertising,” “publications,” “communications,” and “research.”

Expenditures for researching, gathering, collating, organizing, providing, or disseminating information for the *exclusive* purpose of “active lobbying” (influencing or attempting to influence legislative action through oral or written communication) are necessary for Floridians to be able to “instruct their representatives.”

5. Office and Personal Expenses of Lobbyists and Principals

“Office expenses” and personal expenses of the lobbyist or principal for “travel,” “lodging,” and “food and beverages” as those items were defined in former Joint Rule 1.4(4)(c) are exempt from the prohibition on lobbying expenditures. This category does not include any expenses for legislators, legislative employees, or persons whose expenses would be attributed to them.

6. Government to Government Expenditures

Real property or a facility owned or operated by a state or local public agency or entity that is a lobbying principal and transportation to, from, and at the location provided by that agency or entity may, with the prior approval of the respective state legislative presiding officer or his or her designee, be used without payment, by a member, committee, or staff of the Legislature for a public legislative purpose. Such purposes include publicly noticed legislative committee meetings and site visits to operations conducted by the public agency or entity. Allowable free uses also specifically include legislative district offices and sub-offices and the normally attendant utilities, parking, janitorial services, building maintenance, and telecommunications equipment and services common to a government building in which the office is located. Allowable free use does not extend to sports or entertainment venues; does not include food, beverages, or entertainment; and does not include free parking privileges at any location other than a district office or sub-office.

7. Free and Open Public Events

Expenditures directly associated with events that are held within the Capitol complex, out-of-doors or under temporary shelter, open to the general public, widely and publicly noticed, free to all, not ticketed, and for which equal and totally unobstructed access to the general public is provided, are not prohibited expenditures made by lobbyists or principals, or when accepted by legislators or legislative employees.

Example: Atlas County, Florida, is holding Atlas Day in the plaza between the Capitol and the Historic Capitol. Lunch is served to all comers. The event was widely publicized and access to the event and the food and beverage is totally unobstructed. Legislators may partake as well.

8. Regional and National Legislative Organizations

The prohibition does not apply to expenditures made directly or indirectly by a state, regional, or national organization that promotes the exchange of ideas between, or the professional development of, governmental officials or employees, and whose membership is primarily composed of elected or appointed public officials or staff to members of that organization or to officials or staff of the Legislature. This exception does not include extracurricular activities, entertainments, or items or services provided at conferences that are paid for or provided by a lobbyist or principal.

9. Monetary Value Impossible to Ascertain

The value of some items is *truly impossible* to quantify at the time of the expenditure. Expenditures for which a monetary value is not ascertainable at the time of the expenditure are not prohibited. Examples are: appearing on a news show or having a feature article about a legislator in a trade magazine or other medium, applause received by a legislator at an event, obtaining priority seating in a crowded restaurant or priority for obtaining services where there is an established queue, or the pro-rata portion of a host’s monthly or annual membership in an exclusive supper club.

10. Plaques and Certificates

The prohibition does not apply to personalized wall plaques, personalized photographs, or personalized certificates that have no substantial inherent value other than recognizing the donee’s public, civic, charitable, or professional service.

h) Effect of Other Laws and Rules

To the extent that an expenditure is excluded or exempt from the lobbying prohibition in section 11.045, *Florida Statutes*, it is still subject to the restrictions and requirements in other statutes: most notably, the gift law (section 112.3148, *Florida Statutes*) and the campaign finance law (chapter 106, *Florida Statutes*).

(2) Frequently Asked Questions

LEGISLATIVE EVENTS/RECEPTIONS

1. *Question: Can a county legislative delegation or delegation office sponsor an annual event in Tallahassee on public grounds or in quarters*

belonging to either the Senate or the House of Representatives (i.e., “Flavors of Hillsborough”)?

ANSWER: A county legislative delegation may host an annual event in Tallahassee *provided* that no free food, beverages, or other personal benefits to a legislator or legislative employee are paid for or provided by a lobbyist or principal, either directly or indirectly.

Legislators and legislative staff may pay an amount established and published by the delegation as the per-person cost of the event, or they may “pop in” and not partake of any food, beverage, or other personal benefit at the event. Alternatively, the delegation may make the event a free, open public event as described in Paragraph (1g)7. above.

2. *Question: Can a legislator or legislative employee go up to the 22nd floor of the Capitol and partake of free food and drink provided by an organization hosting a luncheon or event at the Capitol?*

ANSWER: It depends. Yes, provided the organization hosting the event is not a principal and none of the food and beverages are paid for or provided by a lobbyist or principal. Otherwise, the legislator or legislative employee could attend the event but could not partake of the free food or beverages or they can pay the fair market value of what they consume.

3. *Question: Can “legislative days” that provide food, beverages, entertainment, and other personal benefits to legislators or legislative employees during the session and are hosted by counties, cities, universities, and others that employ a lobbyist continue?*

ANSWER: “Legislative days” and other legislative events funded by lobbyist or principal dollars may continue *provided* no free food, drink, entertainment, or other personal benefit is provided to a legislator or legislative employee, either directly or indirectly. Any such benefit would be a prohibited goodwill expenditure.

Legislators and legislative staff may pay an amount established and published by the sponsor as the per-person cost of the event, or they may “pop in” and not partake of any food, beverage, or other personal benefit at the event. Alternatively, the sponsor may make the event a free, open public event as described in Paragraph (1g)7. above.

4. *Question: Can a not-for-profit organization host receptions and events for legislators that provide food, beverages, entertainment, and other personal benefits to legislators or legislative employees through contributions solicited from lobbyists or principals who sponsor the reception or event?*

ANSWER: The charity may host a reception or event for legislators and legislative employees *provided* that no free food, beverages, entertainment, or other personal benefit is provided to a legislator or legislative employee from the funds of lobbyists or principals.

Legislators and legislative employees may pay an amount established and published by the sponsor as the per-person cost of the event, or they may “pop in” and not partake of any food, beverage, or other personal benefit at the event. Alternatively, the sponsor may make the event a free, open public event as described in Paragraph (1g)7. above.

5. *Question: Can a lobbyist or principal host an event with food, beverages, entertainment, or other personal benefit for legislators or legislative employees and collect from each legislator or legislative employee, a flat, per-person entrance fee based on the total cost to plan, produce, stage, and clean up after the event, divided by the number of persons reasonably expected to attend?*

ANSWER: Yes.

6. *Question: Each year, a few associations host legislative receptions/BBQs and invite their members as well as legislators. They usually pass out campaign funds at these events to those who support their industry. Would it now be legal to host this event if it were called a “fundraiser”? Could legislators then accept free food and beverages at the event?*

ANSWER: Senate Rule 1.361 precludes a senator, and House Rule 15.3 precludes a representative, from accepting a campaign contribution during a regular or special session, in addition to prohibiting them from accepting contributions on behalf of a section 527 or section 501(c)(4) organization, a political committee, a political party, or the

campaign of any other senatorial candidate or candidate for representative, respectively. Thus, any fundraiser held during a regular or special session would violate the rules of each house.

Fundraisers not held during a regular or special session are outside the purview of the expenditure prohibitions in the law. A goodwill lobbying expenditure does not include contributions or expenditures reported pursuant to chapter 106, *Florida Statutes*. However, if the facts and circumstances demonstrate that calling the event a “fundraiser” is merely an artifice for lobbyists or principals to provide free gifts, food, beverages, and other items or services of personal benefit to a legislator, not associated with influencing the results of an election, then the fundraiser would violate the expenditure prohibition of the new law. Note, also, that fundraisers remain subject to the contribution restrictions and requirements of Florida’s campaign finance law (chapter 106, *Florida Statutes*).

HONORARIA EXPENSES

7. *Question: Can a lobbyist or principal continue to pay or reimburse a legislator’s or legislative employee’s expenses for such items as food and beverages, travel, and lodging associated with an honorarium event?*

ANSWER: No.

GIFTS TO LEGISLATORS

8. *Question: Can a school child give a legislator a painting that he or she has made?*

ANSWER: Yes. The prohibition against lobbying expenditures only applies to lobbyists and principals, and those acting on their behalf.

9. *Question: Can a school student whose parent is a lobbyist or principal give a scarf that was purchased by the child’s parent to a legislator as a gift?*

ANSWER: It depends. The lobbying expenditure prohibition applies to all gifts from lobbyists or principals to legislators, directly or *indirectly*. A lobbyist or principal cannot use a third-party intermediary to circumvent the lobbying expenditure prohibition. Thus, if the facts and circumstances demonstrate that the scarf is an indirect gift from the lobbyist or principal to the legislator, it would be prohibited.

10. *Question: Can a legislator accept rent-free office space and associated building services from a city, county, or community college in his or her district that employs or retains a lobbyist?*

ANSWER: Yes. See Paragraph (1g)6. above for explanation and limitations.

11. *Question: Can a legislator or legislative staff accept transportation services from another governmental entity?*

ANSWER: Yes. See Paragraph (1g)6. above for explanation and limitations.

12. *Question: Are there any value limitations on the exceptions in the law for “floral arrangements or other celebratory items given to legislators and displayed in chambers on the opening day of a regular session”?*

ANSWER: Yes. All opening day flowers and floral arrangements are subject to the limitations and requirements of the gift law (section 112.3148, *Florida Statutes*). No other celebratory items will be allowed in either chamber on opening day of the regular session.

FOOD AND BEVERAGES/GIFTS

13. *Question: Can a legislator or legislative employee and his or her spouse have dinner with a lobbyist friend the legislator or legislative employee has known for 30 years at the lobbyist’s home, whether or not active lobbying occurs?*

ANSWER: Yes, *provided* the legislator or legislative employee contemporaneously provides the lobbyist with the pro rata share of the total fair market value of the cost of the food and beverages provided to the legislator or legislative employee and his or her spouse, either in cash or barter (i.e., bottle of wine, flowers). Otherwise, the expenditure for food and beverages would constitute a prohibited goodwill ex-

penditure, irrespective of the extent of the legislator's and lobbyist's friendship.

14. *Question: Can a lobbyist or principal and legislator or legislative employee have dinner at a public restaurant?*

ANSWER: Yes, provided the dinner is "Dutch treat."

15. *Question: Can a lobbyist or principal and a legislator or legislative employee have dinner "Dutch treat" at the Governor's Club?*

ANSWER: Yes, provided the legislator or legislative employee pays the total cost of all food and beverage that he or she was served or consumed, or that was served to or consumed by a person whose expenditures are attributed to the legislator or legislative employee.

16. *Question: Can a lobbyist's business partner, employee, spouse, or child, who is not a registered lobbyist, accompany the lobbyist and legislator or legislative employee to dinner and pay for all the food and beverages if the partner, employee, spouse, or child does not actively lobby?*

ANSWER: No. The lobbying expenditure prohibition applies to all food and beverages provided by lobbyists or principals to legislators or legislative employees, directly or indirectly. A lobbyist or principal cannot utilize a third-party intermediary to channel gifts to legislators to circumvent the lobbying expenditure prohibition.

17. *Question: If someone offers a legislator or legislative employee a drink at a bar, or any other gift or personal benefit, does the legislator or legislative employee have a duty to inquire if the donor is a lobbyist or principal?*

ANSWER: Yes. A legislator or legislative employee is liable for knowingly accepting an expenditure from a lobbyist or principal, or someone acting on behalf of a lobbyist or principal. "Knowingly" has many statutory definitions, including that a person: (1) has actual knowledge of the information; (2) acts in deliberate ignorance of the truth or falsity of the information; or, (3) acts in reckless disregard of the truth or falsity of the information. Therefore, prudence dictates that the legislator or legislative employee, at a minimum, make reasonable inquiry as to the source of the proposed expenditure to determine whether it is prohibited. Reasonableness will turn on the facts and circumstances of each individual situation.

For example, a legislator receiving an invitation to an event to be held the next week, from an organization he or she is not familiar with would likely require that the legislator, at a minimum, consult the online directory of legislative principals and lobbyists, and perhaps make further inquiry if facts or circumstances come to light indicating that the organization might be making the expenditure on behalf of a lobbyist or principal. Similarly, a legislator offered a drink from someone he or she doesn't know in a Tallahassee bar or restaurant generally known to be frequented by lobbyists would probably be required, at a minimum, to ask whether the person is a lobbyist or principal or affiliated with a lobbyist or principal. On the other hand, a Miami legislator on personal holiday with his or her spouse at Busch Gardens in Tampa, who strikes up a friendship with a couple they don't know visiting from Colorado and who subsequently offers to pay for the legislator's and spouse's dinner probably has less of a duty to inquire whether either member of the couple is a Florida lobbyist or principal.

CHARITIES

18. *Question: Can a legislator or legislative employee raise funds from lobbyists or principals for charitable causes?*

ANSWER: Yes, provided the charity for which funds are sought is not directly or indirectly established by, organized by, operated primarily by, or controlled by a legislator or legislative employee, or any combination thereof. Otherwise, such a contribution or donation would constitute a prohibited goodwill expenditure.

19. *Question: Can a legislator or legislative employee establish or operate a charitable foundation that relies on lobbyist or principal support?*

ANSWER: No. A legislator or legislative employee may establish or operate a charitable organization but none of the money contributed or

donated to the charity may be from lobbyists or principals. Such a contribution or donation would constitute a prohibited goodwill expenditure.

20. *Question: Can a legislator or legislative employee sit on the board of a charitable organization that is not established by, organized by, operated primarily by, or controlled by a legislator or legislative employee, or any combination thereof? Can he or she accept free food and beverages provided by the charity and be reimbursed by the charity for expenses associated with the work of the charity (i.e., travel, lodging)?*

ANSWER: Yes. A legislator or legislative employee may sit on the board of a charitable organization that receives donations and contributions from lobbyists, and may partake of free food, beverages, and other personal benefits provided by the charity to board members in connection with their service, including reimbursement of personal expenses incurred by board members in furtherance of the charity's work. A goodwill expenditure does not include salary, benefits, services, fees, commissions, gifts, or expenses associated primarily with a legislator's or legislative employee's employment, business, or service as an officer or director of a corporation or organization. However, any such salary, benefit, services, fees, commissions, gifts, or expenses cannot be from funds earmarked by lobbyists or principals to the charity for such purpose and must be received only for the legislator's or legislative employee's service as a member of the board.

21. *Question: Can a legislative caucus that is established as a non-profit group raise funds from lobbyists for its charitable causes?*

ANSWER: It depends. If the legislative caucus or the nonprofit group is directly or indirectly established by, organized by, operated primarily by, or controlled by a legislator or legislative employee, or any combination thereof, then the answer is no.

If the legislative caucus or the nonprofit group is not directly or indirectly established by, organized by, or operated primarily by, or controlled by a legislator or legislative employee, or any combination thereof, then the answer is yes.

22. *Question: Can a legislative caucus that is established as a non-profit group host its own charity golf tournament funded by lobbyist or principal "sponsors" at a private club, where the cost of sponsorship buys an opportunity to play golf with a member of the caucus, and to make a presentation to the caucus before and after the event?*

ANSWER: Yes, provided the legislative caucus or the nonprofit group is not directly or indirectly established by, organized by, operated primarily by, or controlled by a legislator or legislative employee, or any combination thereof, and the legislators and legislative employees pay their own golf fees and the per-person cost for food and beverage.

OTHER

23. *Question: What happens when a legislator is married to, related to, or living with a lobbyist? Can the lobbyist pay for meals, lodging, etc.?*

ANSWER: Yes, provided the lobbyist does not use the expenditure to actively lobby the legislator. Expenditures by "relatives" of a legislator for food, lodging, travel, and the like are specifically exempt from the definition of a goodwill expenditure.

24. *Question: Can a legislator be employed by a lobbyist or principal? Can a legislator go to the employer's retreat and partake of food and beverages?*

ANSWER: Yes. A goodwill expenditure does not include salary, benefits, services, fees, commissions, gifts, or expenses associated primarily with a legislator's or legislative employee's employment, business, or service as an officer or director of a corporation or organization.

25. *Question: Where a lobbyist or principal leaves a gift, such as a box of chocolates, in a legislator's office, what should the legislator do with the item?*

ANSWER: When a legislator or legislative employee receives an item that they believe violates the prohibition against accepting an expenditure from a lobbyist or principal, the item must either be sent back to the donor or delivered to the Sergeant at Arms for disposal.

Part Two - Compensation

(1) General Guidelines

The law requires the reporting of *compensation* received by *lobbying firms* for each calendar quarter, both in the aggregate and for each individual principal. Much of the reporting is done in dollar categories; however, if compensation from a single principal is \$50,000 or more in a calendar quarter, the lobbying firm must report the specific dollar amount of the compensation, rounded to the nearest \$1,000.

A “lobbying firm” is any business entity with a lobbyist, or an individual contract lobbyist, who gets paid to lobby for a principal. It is the lobbying firm that must report, *not the individual lobbyists in the firm* (except in the case of an individual contract lobbyist, where the lobbyist also comprises the entire lobbying firm).

Reports are due no later than 45 days after the end of each calendar quarter. Compensation reports must be filed electronically using the online filing system of the Office of Legislative Services.

The law requires the senior partner, officer, or owner of the lobbying firm to certify to the veracity and completeness of each compensation report. This requirement is designed to discourage the mischaracterization and thus omission of reportable compensation through designations such as “media fees,” “consulting services,” “professional services,” “governmental services,” and other such artifices.

For example, if a law firm were paid a lump sum for rendering multiple types of services to a client, only one of which is lobbying, then the person certifying the report is responsible for properly and reasonably allocating the portion of the total fee received for lobbying activities and for activities other than lobbying. Only the compensation received for *lobbying* activities is to be reported on the compensation form.

The Legislature will use random audits supplemented by the lobbyist disciplinary process to hold the person certifying the compensation report and the lobbying firm accountable for making a true, complete, properly allocated report as required by law. In addition, the certification brings every compensation report filer within the scope of potential criminal penalties in section 837.06, *Florida Statutes*, for culpable violations.

(2) Frequently Asked Questions

1. *Question: Is an in-house, salaried lobbyist for an association, a governmental entity, or a corporation that does not derive income from principals for lobbying required to report compensation?*

ANSWER: No. An association, a governmental entity, a corporation or other business entity that does not derive income from principals for lobbying, and its employee lobbyists, are not a “lobbying firm” as defined in section 11.045(1)(f), *Florida Statutes*. Only “lobbying firms” must report compensation as provided in section 11.045(3)(a), *Florida Statutes*.

2. *Question: Does the prohibition against providing compensation to an individual or business entity that is not a lobbying firm mean that in-house lobbyists must either become a lobbying firm or cease lobbying?*

ANSWER: No. The provision in question merely clarifies that reportable “compensation” under the law must be provided to a “lobbying firm,” and not contracted or subcontracted through some “straw man” to circumvent compensation reporting requirements. The provision in question clarifies and emphasizes the statutory definition of “compensation” in section 11.045(1)(b), *Florida Statutes*, as “anything of value provided or owed to a *lobbying firm*.”

PRAYER

The following prayer was offered by Senator Wright:

Dear Heavenly Father, receive us, O Lord, with our best intentions for this day. Receive them, redeem them, and be present in them. That in whatever we do today, your will will be done. You have called us to serve and when we are successful in meeting the expectations we have set for ourselves, set our sights even higher that we would strive to meet the potential you have called us to discover. In all that we set forth to do, may we heed your direction and do what you desire for us without questioning. But with joy and enthusiasm may we choose to follow your will for us. Whatever we do this day, what we say or think, where we go and where we are, may it reflect our love for you. We offer ourselves to you, praying in your most merciful name. Amen.

PLEDGE

Senator Stewart led the Senate in the Pledge of Allegiance to the flag of the United States of America.

Section 7. Paragraph (i) of subsection (1) of section 626.9541, Florida Statutes, is amended to read:

626.9541 Unfair methods of competition and unfair or deceptive acts or practices defined.—

(1) UNFAIR METHODS OF COMPETITION AND UNFAIR OR DECEPTIVE ACTS.—The following are defined as unfair methods of competition and unfair or deceptive acts or practices:

(i) *Unfair claim settlement practices.*—

2. A material misrepresentation made to an insured or any other person having an interest in the proceeds payable under such contract or policy, for the purpose and with the intent of effecting settlement of such claims, loss, or damage under such contract or policy on less favorable terms than those provided in, and contemplated by, such contract or policy;

3. Committing or performing with such frequency as to indicate a general business practice any of the following:

a. Failing to adopt and implement standards for the proper investigation of claims;

b. Misrepresenting pertinent facts or insurance policy provisions relating to coverages at issue;

c. Failing to acknowledge and act promptly upon communications with respect to claims;

d. Denying claims without conducting reasonable investigations based upon available information;

e. Failing to affirm or deny full or partial coverage of claims, and, as to partial coverage, the dollar amount or extent of coverage, or failing to provide a written statement that the claim is being investigated, upon the written request of the insured within 30 days after proof-of-loss statements have been completed;

f. Failing to promptly provide a reasonable explanation in writing to the insured of the basis in the insurance policy, in relation to the facts or applicable law, for denial of a claim or for the offer of a compromise settlement;

Restitution is in addition to any other penalties allowed by law, including, but not limited to, the suspension of the insurer’s certificate of authority; or

4. Failing to pay undisputed amounts of partial or full benefits owed under first-party property insurance policies within 60 ~~90~~ days after an

Section 8. Effective January 1, 2023, paragraphs (b), (c), (n), (o), (p), (q), (v), (w), (aa), and (ii) of subsection (6) of section 627.351, Florida Statutes, are amended, and paragraph (kk) is added to that subsection, to read:

627.351 Insurance risk apportionment plans.—

(6) CITIZENS PROPERTY INSURANCE CORPORATION.—

(b)1. All insurers authorized to write one or more subject lines of business in this state are subject to assessment by the corporation and, for the purposes of this subsection, are referred to collectively as “assessable insurers.” Insurers writing one or more subject lines of business in this state pursuant to part VIII of chapter 626 are not assessable insurers; however, insureds who procure one or more subject lines of business in this state pursuant to part VIII of chapter 626 are subject to assessment by the corporation and are referred to collectively as “assessable insureds.” An insurer’s assessment liability begins on the first day of the calendar year following the year in which the insurer was issued a certificate of authority to transact insurance for subject lines of business in this state and terminates 1 year after the end of the first calendar year during which the insurer no longer holds a certificate of authority to transact insurance for subject lines of business in this state.

2.a. All revenues, assets, liabilities, losses, and expenses of the corporation shall be divided into three separate accounts as follows:

(I) A personal lines account for personal residential policies issued by the corporation which provides comprehensive, multiperil coverage on risks that are not located in areas eligible for coverage by the Florida Windstorm Underwriting Association as those areas were defined on January 1, 2002, and for policies that do not provide coverage for the peril of wind on risks that are located in such areas;

(II) A commercial lines account for commercial residential and commercial nonresidential policies issued by the corporation which provides coverage for basic property perils on risks that are not located in areas eligible for coverage by the Florida Windstorm Underwriting Association as those areas were defined on January 1, 2002, and for policies that do not provide coverage for the peril of wind on risks that are located in such areas; and

(III) A coastal account for personal residential policies and commercial residential and commercial nonresidential property policies issued by the corporation which provides coverage for the peril of wind on risks that are located in areas eligible for coverage by the Florida Windstorm Underwriting Association as those areas were defined on January 1, 2002. The corporation may offer policies that provide multiperil coverage and shall offer policies that provide coverage only for the peril of wind for risks located in areas eligible for coverage in the coastal account. Effective July 1, 2014, the corporation shall cease offering new commercial residential policies providing multiperil coverage and shall instead continue to offer commercial residential wind-only policies, and may offer commercial residential policies excluding wind. The corporation may, however, continue to renew a commercial residential multiperil policy on a building that is insured by the corporation on June 30, 2014, under a multiperil policy. In issuing multiperil coverage, the corporation may use its approved policy forms and rates for the personal lines account. An applicant or insured who is eligible to purchase a multiperil policy from the corporation may purchase a multiperil policy from an authorized insurer without prejudice to the applicant’s or insured’s eligibility to prospectively purchase a policy that provides coverage only for the peril of wind from the corporation. An applicant or insured who is eligible for a corporation policy that provides coverage only for the peril of wind may elect to purchase or retain such policy and also purchase or retain coverage excluding wind from an authorized insurer without prejudice to the applicant’s or insured’s eligibility to prospectively purchase a policy that provides

multiperil coverage from the corporation. It is the goal of the Legislature that there be an overall average savings of 10 percent or more for a policyholder who currently has a wind-only policy with the corporation, and an ex-wind policy with a voluntary insurer or the corporation, and who obtains a multiperil policy from the corporation. It is the intent of the Legislature that the offer of multiperil coverage in the coastal account be made and implemented in a manner that does not adversely affect the tax-exempt status of the corporation or creditworthiness of or security for currently outstanding financing obligations or credit facilities of the coastal account, the personal lines account, or the commercial lines account. The coastal account must also include quota share primary insurance under subparagraph (c)2. The area eligible for coverage under the coastal account also includes the area within Port Canaveral, which is bordered on the south by the City of Cape Canaveral, bordered on the west by the Banana River, and bordered on the north by Federal Government property.

b. The three separate accounts must be maintained as long as financing obligations entered into by the Florida Windstorm Underwriting Association or Residential Property and Casualty Joint Underwriting Association are outstanding, in accordance with the terms of the corresponding financing documents. *If no such financing obligations remain outstanding or if the financing documents allow for combining of accounts, the corporation may consolidate the three separate accounts into a new account, to be known as the Citizens account, for all revenues, assets, liabilities, losses, and expenses of the corporation. The Citizens account, if established by the corporation, is authorized to provide coverage to the same extent as provided under each of the three separate accounts. The authority to provide coverage under the Citizens account is set forth in subparagraph 4. If the financing obligations are no longer outstanding, the corporation may use a single account for all revenues, assets, liabilities, losses, and expenses of the corporation.* Consistent with this subparagraph and prudent investment policies that minimize the cost of carrying debt, the board shall exercise its best efforts to retire existing debt or obtain the approval of necessary parties to amend the terms of existing debt, so as to structure the most efficient plan for consolidating the three separate accounts into a single account. *Once the accounts are combined into one account, this subparagraph and subparagraph 3. shall be replaced in their entirety by subparagraphs 4. and 5.*

c. Creditors of the Residential Property and Casualty Joint Underwriting Association and the accounts specified in sub-sub-subparagraphs a.(I) and (II) may have a claim against, and recourse to, those accounts and no claim against, or recourse to, the account referred to in sub-sub-subparagraph a.(III). Creditors of the Florida Windstorm Underwriting Association have a claim against, and recourse to, the account referred to in sub-sub-subparagraph a.(III) and no claim against, or recourse to, the accounts referred to in sub-sub-subparagraphs a.(I) and (II).

d. Revenues, assets, liabilities, losses, and expenses not attributable to particular accounts shall be prorated among the accounts.

e. The Legislature finds that the revenues of the corporation are revenues that are necessary to meet the requirements set forth in documents authorizing the issuance of bonds under this subsection.

f. The income of the corporation may not inure to the benefit of any private person.

3. With respect to a deficit in an account:

a. After accounting for the Citizens policyholder surcharge imposed under sub-subparagraph i., if the remaining projected deficit incurred in the coastal account in a particular calendar year:

(I) Is not greater than 2 percent of the aggregate statewide direct written premium for the subject lines of business for the prior calendar year, the entire deficit shall be recovered through regular assessments of assessable insurers under paragraph (q) and assessable insureds.

(II) Exceeds 2 percent of the aggregate statewide direct written premium for the subject lines of business for the prior calendar year, the corporation shall levy regular assessments on assessable insurers under paragraph (q) and on assessable insureds in an amount equal to the greater of 2 percent of the projected deficit or 2 percent of the aggregate statewide direct written premium for the subject lines of business for

the prior calendar year. Any remaining projected deficit shall be recovered through emergency assessments under sub-subparagraph e. ~~4~~.

b. Each assessable insurer's share of the amount being assessed under sub-subparagraph a. must be in the proportion that the assessable insurer's direct written premium for the subject lines of business for the year preceding the assessment bears to the aggregate statewide direct written premium for the subject lines of business for that year. The assessment percentage applicable to each assessable insured is the ratio of the amount being assessed under sub-subparagraph a. to the aggregate statewide direct written premium for the subject lines of business for the prior year. Assessments levied by the corporation on assessable insurers under sub-subparagraph a. must be paid as required by the corporation's plan of operation and paragraph (q). Assessments levied by the corporation on assessable insureds under sub-subparagraph a. shall be collected by the surplus lines agent at the time the surplus lines agent collects the surplus lines tax required by s. 626.932, and paid to the Florida Surplus Lines Service Office at the time the surplus lines agent pays the surplus lines tax to that office. Upon receipt of regular assessments from surplus lines agents, the Florida Surplus Lines Service Office shall transfer the assessments directly to the corporation as determined by the corporation.

c. *The corporation may not levy regular assessments under paragraph (q) pursuant to sub-subparagraph a. or sub-subparagraph b. if the three separate accounts in sub-sub-subparagraphs 2.a.(I)-(III) have been consolidated into the Citizens account pursuant to sub-subparagraph 2.b. However, the outstanding balance of any regular assessment levied by the corporation before establishment of the Citizens account remains payable to the corporation.*

d. After accounting for the Citizens policyholder surcharge imposed under sub-subparagraph j. ~~4~~, the remaining projected deficits in the personal lines account and in the commercial lines account in a particular calendar year shall be recovered through emergency assessments under sub-subparagraph e. ~~4~~.

e. ~~4~~ Upon a determination by the board of governors that a projected deficit in an account exceeds the amount that is expected to be recovered through regular assessments under sub-subparagraph a., plus the amount that is expected to be recovered through surcharges under sub-subparagraph j. ~~4~~, the board, after verification by the office, shall levy emergency assessments for as many years as necessary to cover the deficits, to be collected by assessable insurers and the corporation and collected from assessable insureds upon issuance or renewal of policies for subject lines of business, excluding National Flood Insurance policies. The amount collected in a particular year must be a uniform percentage of that year's direct written premium for subject lines of business and all accounts of the corporation, excluding National Flood Insurance Program policy premiums, as annually determined by the board and verified by the office. The office shall verify the arithmetic calculations involved in the board's determination within 30 days after receipt of the information on which the determination was based. The office shall notify assessable insurers and the Florida Surplus Lines Service Office of the date on which assessable insurers shall begin to collect and assessable insureds shall begin to pay such assessment. The date must be at least 90 days after the date the corporation levies emergency assessments pursuant to this sub-subparagraph. Notwithstanding any other provision of law, the corporation and each assessable insurer that writes subject lines of business shall collect emergency assessments from its policyholders without such obligation being affected by any credit, limitation, exemption, or deferment. Emergency assessments levied by the corporation on assessable insureds shall be collected by the surplus lines agent at the time the surplus lines agent collects the surplus lines tax required by s. 626.932 and paid to the Florida Surplus Lines Service Office at the time the surplus lines agent pays the surplus lines tax to that office. The emergency assessments collected shall be transferred directly to the corporation on a periodic basis as determined by the corporation and held by the corporation solely in the applicable account. The aggregate amount of emergency assessments levied for an account in any calendar year may be less than but may not exceed the greater of 10 percent of the amount needed to cover the deficit, plus interest, fees, commissions, required reserves, and other costs associated with financing the original deficit, or 10 percent of the aggregate statewide direct written premium for subject lines of business and all accounts of the corporation for the prior year, plus interest, fees, commissions, required reserves, and other costs associated with financing the deficit.

f. ~~5~~ The corporation may pledge the proceeds of assessments, projected recoveries from the Florida Hurricane Catastrophe Fund, other insurance and reinsurance recoverables, policyholder surcharges and other surcharges, and other funds available to the corporation as the source of revenue for and to secure bonds issued under paragraph (q), bonds or other indebtedness issued under subparagraph (c)3., or lines of credit or other financing mechanisms issued or created under this subsection, or to retire any other debt incurred as a result of deficits or events giving rise to deficits, or in any other way that the board determines will efficiently recover such deficits. The purpose of the lines of credit or other financing mechanisms is to provide additional resources to assist the corporation in covering claims and expenses attributable to a catastrophe. As used in this subsection, the term "assessments" includes regular assessments under sub-subparagraph a. or subparagraph (q)1. and emergency assessments under sub-subparagraph e. ~~4~~ Emergency assessments collected under sub-subparagraph e. ~~4~~ are not part of an insurer's rates, are not premium, and are not subject to premium tax, fees, or commissions; however, failure to pay the emergency assessment shall be treated as failure to pay premium. The emergency assessments shall continue as long as any bonds issued or other indebtedness incurred with respect to a deficit for which the assessment was imposed remain outstanding, unless adequate provision has been made for the payment of such bonds or other indebtedness pursuant to the documents governing such bonds or indebtedness.

g. ~~6~~ As used in this subsection for purposes of any deficit incurred on or after January 25, 2007, the term "subject lines of business" means insurance written by assessable insurers or procured by assessable insureds for all property and casualty lines of business in this state, but not including workers' compensation or medical malpractice. As used in this sub-subparagraph, the term "property and casualty lines of business" includes all lines of business identified on Form 2, Exhibit of Premiums and Losses, in the annual statement required of authorized insurers under s. 624.424 and any rule adopted under this section, except for those lines identified as accident and health insurance and except for policies written under the National Flood Insurance Program or the Federal Crop Insurance Program. For purposes of this sub-subparagraph, the term "workers' compensation" includes both workers' compensation insurance and excess workers' compensation insurance.

h. ~~7~~ The Florida Surplus Lines Service Office shall determine annually the aggregate statewide written premium in subject lines of business procured by assessable insureds and report that information to the corporation in a form and at a time the corporation specifies to ensure that the corporation can meet the requirements of this subsection and the corporation's financing obligations.

i. ~~8~~ The Florida Surplus Lines Service Office shall verify the proper application by surplus lines agents of assessment percentages for regular assessments and emergency assessments levied under this subparagraph on assessable insureds and assist the corporation in ensuring the accurate, timely collection and payment of assessments by surplus lines agents as required by the corporation.

j. ~~9~~ Upon determination by the board of governors that an account has a projected deficit, the board shall levy a Citizens policyholder surcharge against all policyholders of the corporation.

(I) The surcharge shall be levied as a uniform percentage of the premium for the policy of up to 15 percent of such premium, which funds shall be used to offset the deficit.

(II) The surcharge is payable upon cancellation or termination of the policy, upon renewal of the policy, or upon issuance of a new policy by the corporation within the first 12 months after the date of the levy or the period of time necessary to fully collect the surcharge amount.

(III) The corporation may not levy any regular assessments under paragraph (q) pursuant to sub-subparagraph a. or sub-subparagraph b. with respect to a particular year's deficit until the corporation has first levied the full amount of the surcharge authorized by this sub-subparagraph.

(IV) The surcharge is not considered premium and is not subject to commissions, fees, or premium taxes. However, failure to pay the surcharge shall be treated as failure to pay premium.

k.j. If the amount of any assessments or surcharges collected from corporation policyholders, assessable insurers or their policyholders, or assessable insureds exceeds the amount of the deficits, such excess amounts shall be remitted to and retained by the corporation in a reserve to be used by the corporation, as determined by the board of governors and approved by the office, to pay claims or reduce any past, present, or future plan-year deficits or to reduce outstanding debt.

4. *The Citizens account, if established by the corporation pursuant to sub-subparagraph 2.b., is authorized to provide:*

a. *Personal residential policies that provide comprehensive, multiperil coverage on risks that are not located in areas eligible for coverage by the Florida Windstorm Underwriting Association, as those areas were defined on January 1, 2002, and for policies that do not provide coverage for the peril of wind on risks that are located in such areas;*

b. *Commercial residential and commercial nonresidential policies that provide coverage for basic property perils on risks that are not located in areas eligible for coverage by the Florida Windstorm Underwriting Association, as those areas were defined on January 1, 2002, and for policies that do not provide coverage for the peril of wind on risks that are located in such areas; and*

c. *Personal residential policies and commercial residential and commercial nonresidential property policies that provide coverage for the peril of wind on risks that are located in areas eligible for coverage by the Florida Windstorm Underwriting Association, as those areas were defined on January 1, 2002. The corporation may offer policies that provide multiperil coverage and shall offer policies that provide coverage only for the peril of wind for risks located in areas eligible for coverage by the Florida Windstorm Underwriting Association, as those areas were defined on January 1, 2002. The corporation may not offer new commercial residential policies providing multiperil coverage, but shall continue to offer commercial residential wind-only policies, and may offer commercial residential policies excluding wind. However, the corporation may continue to renew a commercial residential multiperil policy on a building that was insured by the corporation on June 30, 2014, under a multiperil policy. In issuing multiperil coverage under this sub-subparagraph, the corporation may use its approved policy forms and rates for risks located in areas not eligible for coverage by the Florida Windstorm Underwriting Association as those areas were defined on January 1, 2002, and for policies that do not provide coverage for the peril of wind on risks that are located in such areas. An applicant or insured who is eligible to purchase a multiperil policy from the corporation may purchase a multiperil policy from an authorized insurer without prejudice to the applicant's or insured's eligibility to prospectively purchase a policy that provides coverage only for the peril of wind from the corporation. An applicant or insured who is eligible for a corporation policy that provides coverage only for the peril of wind may elect to purchase or retain such policy and also purchase or retain coverage excluding wind from an authorized insurer without prejudice to the applicant's or insured's eligibility to prospectively purchase a policy that provides multiperil coverage from the corporation. The following policies, which provide coverage only for the peril of wind, must also include quota share primary insurance under subparagraph (c)2.: Personal residential policies and commercial residential and commercial nonresidential property policies that provide coverage for the peril of wind on risks that are located in areas eligible for coverage by the Florida Windstorm Underwriting Association, as those areas were defined on January 1, 2002; policies that provide multiperil coverage, if offered by the corporation, and policies that provide coverage only for the peril of wind for risks located in areas eligible for coverage by the Florida Windstorm Underwriting Association, as those areas were defined on January 1, 2002; commercial residential wind-only policies; commercial residential policies excluding wind, if offered by the corporation; and commercial residential multiperil policies on a building that was insured by the corporation on June 30, 2014. The area eligible for coverage with the corporation under this sub-subparagraph includes the area within Port Canaveral, which is bordered on the south by the City of Cape Canaveral, bordered on the west by the Banana River, and bordered on the north by Federal Government property.*

5. *With respect to a deficit in the Citizens account:*

a. *Upon a determination by the board of governors that the Citizens account has a projected deficit, the board shall levy a Citizens policyholder surcharge against all policyholders of the corporation.*

(I) *The surcharge shall be levied as a uniform percentage of the premium for the policy of up to 15 percent of such premium, which funds shall be used to offset the deficit.*

(II) *The surcharge is payable upon cancellation or termination of the policy, upon renewal of the policy, or upon issuance of a new policy by the corporation within the first 12 months after the date of the levy or the period of time necessary to fully collect the surcharge amount.*

(III) *The surcharge is not considered premium and is not subject to commissions, fees, or premium taxes. However, failure to pay the surcharge shall be treated as failure to pay premium.*

b. *After accounting for the Citizens policyholder surcharge imposed under sub-subparagraph a., the remaining projected deficit incurred in the Citizens account in a particular calendar year shall be recovered through emergency assessments under sub-subparagraph c.*

c. *Upon a determination by the board of governors that a projected deficit in the Citizens account exceeds the amount that is expected to be recovered through surcharges under sub-subparagraph a., the board, after verification by the office, shall levy emergency assessments for as many years as necessary to cover the deficits, to be collected by assessable insurers and the corporation and collected from assessable insureds upon issuance or renewal of policies for subject lines of business, excluding National Flood Insurance Program policies. The amount collected in a particular year must be a uniform percentage of that year's direct written premium for subject lines of business and the Citizens account, National Flood Insurance Program policy premiums, as annually determined by the board and verified by the office. The office shall verify the arithmetic calculations involved in the board's determination within 30 days after receipt of the information on which the determination was based. The office shall notify assessable insurers and the Florida Surplus Lines Service Office of the date on which assessable insurers shall begin to collect and assessable insureds shall begin to pay such assessment. The date must be at least 90 days after the date the corporation levies emergency assessments pursuant to this sub-subparagraph. Notwithstanding any other law, the corporation and each assessable insurer that writes subject lines of business shall collect emergency assessments from its policyholders without such obligation being affected by any credit, limitation, exemption, or deferment. Emergency assessments levied by the corporation on assessable insureds shall be collected by the surplus lines agent at the time the surplus lines agent collects the surplus lines tax required by s. 626.932 and paid to the Florida Surplus Lines Service Office at the time the surplus lines agent pays the surplus lines tax to that office. The emergency assessments collected shall be transferred directly to the corporation on a periodic basis as determined by the corporation and held by the corporation solely in the Citizens account. The aggregate amount of emergency assessments levied for the Citizens account in any calendar year may be less than, but may not exceed the greater of, 10 percent of the amount needed to cover the deficit, plus interest, fees, commissions, required reserves, and other costs associated with financing the original deficit or 10 percent of the aggregate statewide direct written premium for subject lines of business and the Citizens accounts for the prior year, plus interest, fees, commissions, required reserves, and other costs associated with financing the deficit.*

d. *The corporation may pledge the proceeds of assessments, projected recoveries from the Florida Hurricane Catastrophe Fund, other insurance and reinsurance recoverables, policyholder surcharges and other surcharges, and other funds available to the corporation as the source of revenue for and to secure bonds issued under paragraph (q), bonds or other indebtedness issued under subparagraph (c)3., or lines of credit or other financing mechanisms issued or created under this subsection; or to retire any other debt incurred as a result of deficits or events giving rise to deficits, or in any other way that the board determines will efficiently recover such deficits. The purpose of the lines of credit or other financing mechanisms is to provide additional resources to assist the corporation in covering claims and expenses attributable to a catastrophe. As used in this subsection, the term "assessments" includes emergency assessments under sub-subparagraph c. Emergency assessments collected under sub-subparagraph c. are not part of an insurer's rates, are not premium, and are not subject to premium tax, fees, or commissions; however, failure to pay the emergency assessment shall be treated as failure to pay premium. The emergency assessments shall continue as long as any bonds issued or other indebtedness incurred with respect to a deficit for which the assessment was imposed remain out-*

standing, unless adequate provision has been made for the payment of such bonds or other indebtedness pursuant to the documents governing such bonds or indebtedness.

e. As used in this subsection and for purposes of any deficit incurred on or after January 25, 2007, the term "subject lines of business" means insurance written by assessable insurers or procured by assessable insureds for all property and casualty lines of business in this state, but not including workers' compensation or medical malpractice. As used in this sub-subparagraph, the term "property and casualty lines of business" includes all lines of business identified on Form 2, Exhibit of Premiums and Losses, in the annual statement required of authorized insurers under s. 624.424 and any rule adopted under this section, except for those lines identified as accident and health insurance and except for policies written under the National Flood Insurance Program or the Federal Crop Insurance Program. For purposes of this sub-subparagraph, the term "workers' compensation" includes both workers' compensation insurance and excess workers' compensation insurance.

f. The Florida Surplus Lines Service Office shall annually determine the aggregate statewide written premium in subject lines of business procured by assessable insureds and report that information to the corporation in a form and at a time the corporation specifies to ensure that the corporation can meet the requirements of this subsection and the corporation's financing obligations.

g. The Florida Surplus Lines Service Office shall verify the proper application by surplus lines agents of assessment percentages for emergency assessments levied under this subparagraph on assessable insureds and assist the corporation in ensuring the accurate, timely collection and payment of assessments by surplus lines agents as required by the corporation.

h. If the amount of any assessments or surcharges collected from corporation policyholders, assessable insurers or their policyholders, or assessable insureds exceeds the amount of the deficits, such excess amounts shall be remitted to and retained by the corporation in a reserve to be used by the corporation, as determined by the board of governors and approved by the office, to pay claims or reduce any past, present, or future plan-year deficits or to reduce outstanding debt.

(c) The corporation's plan of operation:

1. Must provide for adoption of residential property and casualty insurance policy forms and commercial residential and nonresidential property insurance forms, which must be approved by the office before use. The corporation shall adopt the following policy forms:

a. Standard personal lines policy forms that are comprehensive multiperil policies providing full coverage of a residential property equivalent to the coverage provided in the private insurance market under an HO-3, HO-4, or HO-6 policy.

b. Basic personal lines policy forms that are policies similar to an HO-8 policy or a dwelling fire policy that provide coverage meeting the requirements of the secondary mortgage market, but which is more limited than the coverage under a standard policy.

c. Commercial lines residential and nonresidential policy forms that are generally similar to the basic perils of full coverage obtainable for commercial residential structures and commercial nonresidential structures in the admitted voluntary market.

d. Personal lines and commercial lines residential property insurance forms that cover the peril of wind only. The forms are applicable only to residential properties located in areas eligible for coverage by the Florida Windstorm Underwriting Association, as those areas were defined on January 1, 2002 under the coastal account referred to in sub-subparagraph (b)2.a.

e. Commercial lines nonresidential property insurance forms that cover the peril of wind only. The forms are applicable only to nonresidential properties located in areas eligible for coverage by the Florida Windstorm Underwriting Association, as those areas were defined on January 1, 2002 under the coastal account referred to in sub-subparagraph (b)2.a.

f. The corporation may adopt variations of the policy forms listed in sub-subparagraphs a.-e. which contain more restrictive coverage.

g. ~~Effective January 1, 2013,~~ The corporation shall offer a basic personal lines policy similar to an HO-8 policy with dwelling repair based on common construction materials and methods.

2. Must provide that the corporation adopt a program in which the corporation and authorized insurers enter into quota share primary insurance agreements for hurricane coverage, as defined in s. 627.4025(2)(a), for eligible risks, and adopt property insurance forms for eligible risks which cover the peril of wind only.

a. As used in this subsection, the term:

(I) "Quota share primary insurance" means an arrangement in which the primary hurricane coverage of an eligible risk is provided in specified percentages by the corporation and an authorized insurer. The corporation and authorized insurer are each solely responsible for a specified percentage of hurricane coverage of an eligible risk as set forth in a quota share primary insurance agreement between the corporation and an authorized insurer and the insurance contract. The responsibility of the corporation or authorized insurer to pay its specified percentage of hurricane losses of an eligible risk, as set forth in the agreement, may not be altered by the inability of the other party to pay its specified percentage of losses. Eligible risks that are provided hurricane coverage through a quota share primary insurance arrangement must be provided policy forms that set forth the obligations of the corporation and authorized insurer under the arrangement, clearly specify the percentages of quota share primary insurance provided by the corporation and authorized insurer, and conspicuously and clearly state that the authorized insurer and the corporation may not be held responsible beyond their specified percentage of coverage of hurricane losses.

(II) "Eligible risks" means personal lines residential and commercial lines residential risks that meet the underwriting criteria of the corporation and are located in areas that were eligible for coverage by the Florida Windstorm Underwriting Association on January 1, 2002.

b. The corporation may enter into quota share primary insurance agreements with authorized insurers at corporation coverage levels of 90 percent and 50 percent.

c. If the corporation determines that additional coverage levels are necessary to maximize participation in quota share primary insurance agreements by authorized insurers, the corporation may establish additional coverage levels. However, the corporation's quota share primary insurance coverage level may not exceed 90 percent.

d. Any quota share primary insurance agreement entered into between an authorized insurer and the corporation must provide for a uniform specified percentage of coverage of hurricane losses, by county or territory as set forth by the corporation board, for all eligible risks of the authorized insurer covered under the agreement.

e. Any quota share primary insurance agreement entered into between an authorized insurer and the corporation is subject to review and approval by the office. However, such agreement shall be authorized only as to insurance contracts entered into between an authorized insurer and an insured who is already insured by the corporation for wind coverage.

f. For all eligible risks covered under quota share primary insurance agreements, the exposure and coverage levels for both the corporation and authorized insurers shall be reported by the corporation to the Florida Hurricane Catastrophe Fund. For all policies of eligible risks covered under such agreements, the corporation and the authorized insurer must maintain complete and accurate records for the purpose of exposure and loss reimbursement audits as required by fund rules. The corporation and the authorized insurer shall each maintain duplicate copies of policy declaration pages and supporting claims documents.

g. The corporation board shall establish in its plan of operation standards for quota share agreements which ensure that there is no discriminatory application among insurers as to the terms of the agreements, pricing of the agreements, incentive provisions if any, and consideration paid for servicing policies or adjusting claims.

h. The quota share primary insurance agreement between the corporation and an authorized insurer must set forth the specific terms

under which coverage is provided, including, but not limited to, the sale and servicing of policies issued under the agreement by the insurance agent of the authorized insurer producing the business, the reporting of information concerning eligible risks, the payment of premium to the corporation, and arrangements for the adjustment and payment of hurricane claims incurred on eligible risks by the claims adjuster and personnel of the authorized insurer. Entering into a quota sharing insurance agreement between the corporation and an authorized insurer is voluntary and at the discretion of the authorized insurer.

3. May provide that the corporation may employ or otherwise contract with individuals or other entities to provide administrative or professional services that may be appropriate to effectuate the plan. The corporation may borrow funds by issuing bonds or by incurring other indebtedness, and shall have other powers reasonably necessary to effectuate the requirements of this subsection, including, without limitation, the power to issue bonds and incur other indebtedness in order to refinance outstanding bonds or other indebtedness. The corporation may seek judicial validation of its bonds or other indebtedness under chapter 75. The corporation may issue bonds or incur other indebtedness, or have bonds issued on its behalf by a unit of local government pursuant to subparagraph (q)2. in the absence of a hurricane or other weather-related event, upon a determination by the corporation, subject to approval by the office, that such action would enable it to efficiently meet the financial obligations of the corporation and that such financings are reasonably necessary to effectuate the requirements of this subsection. The corporation may take all actions needed to facilitate tax-free status for such bonds or indebtedness, including formation of trusts or other affiliated entities. The corporation may pledge assessments, projected recoveries from the Florida Hurricane Catastrophe Fund, other reinsurance recoverables, policyholder surcharges and other surcharges, and other funds available to the corporation as security for bonds or other indebtedness. In recognition of s. 10, Art. I of the State Constitution, prohibiting the impairment of obligations of contracts, it is the intent of the Legislature that no action be taken whose purpose is to impair any bond indenture or financing agreement or any revenue source committed by contract to such bond or other indebtedness.

4. Must require that the corporation operate subject to the supervision and approval of a board of governors consisting of nine individuals who are residents of this state and who are from different geographical areas of the state, one of whom is appointed by the Governor and serves solely to advocate on behalf of the consumer. The appointment of a consumer representative by the Governor is deemed to be within the scope of the exemption provided in s. 112.313(7)(b) and is in addition to the appointments authorized under sub-subparagraph a.

a. The Governor, the Chief Financial Officer, the President of the Senate, and the Speaker of the House of Representatives shall each appoint two members of the board. At least one of the two members appointed by each appointing officer must have demonstrated expertise in insurance and be deemed to be within the scope of the exemption provided in s. 112.313(7)(b). The Chief Financial Officer shall designate one of the appointees as chair. All board members serve at the pleasure of the appointing officer. All members of the board are subject to removal at will by the officers who appointed them. All board members, including the chair, must be appointed to serve for 3-year terms beginning annually on a date designated by the plan. However, for the first term beginning on or after July 1, 2009, each appointing officer shall appoint one member of the board for a 2-year term and one member for a 3-year term. A board vacancy shall be filled for the unexpired term by the appointing officer. The Chief Financial Officer shall appoint a technical advisory group to provide information and advice to the board in connection with the board's duties under this subsection. The executive director and senior managers of the corporation shall be engaged by the board and serve at the pleasure of the board. Any executive director appointed on or after July 1, 2006, is subject to confirmation by the Senate. The executive director is responsible for employing other staff as the corporation may require, subject to review and concurrence by the board.

b. The board shall create a Market Accountability Advisory Committee to assist the corporation in developing awareness of its rates and its customer and agent service levels in relationship to the voluntary market insurers writing similar coverage.

(I) The members of the advisory committee consist of the following 11 persons, one of whom must be elected chair by the members of the committee: four representatives, one appointed by the Florida Association of Insurance Agents, one by the Florida Association of Insurance and Financial Advisors, one by the Professional Insurance Agents of Florida, and one by the Latin American Association of Insurance Agencies; three representatives appointed by the insurers with the three highest voluntary market share of residential property insurance business in the state; one representative from the Office of Insurance Regulation; one consumer appointed by the board who is insured by the corporation at the time of appointment to the committee; one representative appointed by the Florida Association of Realtors; and one representative appointed by the Florida Bankers Association. All members shall be appointed to 3-year terms and may serve for consecutive terms.

(II) The committee shall report to the corporation at each board meeting on insurance market issues which may include rates and rate competition with the voluntary market; service, including policy issuance, claims processing, and general responsiveness to policyholders, applicants, and agents; and matters relating to depopulation.

5. Must provide a procedure for determining the eligibility of a risk for coverage, as follows:

a. Subject to s. 627.3517, with respect to personal lines residential risks, if the risk is offered coverage from an authorized insurer at the insurer's approved rate under a standard policy including wind coverage or, if consistent with the insurer's underwriting rules as filed with the office, a basic policy including wind coverage, for a new application to the corporation for coverage, the risk is not eligible for any policy issued by the corporation unless the premium for coverage from the authorized insurer is more than 20 percent greater than the premium for comparable coverage from the corporation. Whenever an offer of coverage for a personal lines residential risk is received for a policyholder of the corporation at renewal from an authorized insurer, if the offer is equal to or less than the corporation's renewal premium for comparable coverage, the risk is not eligible for coverage with the corporation *for policies that renew before April 1, 2023; for policies that renew on or after that date, the risk is not eligible for coverage with the corporation unless the premium for coverage from the authorized insurer is more than 20 percent greater than the corporation's renewal premium for comparable coverage.* If the risk is not able to obtain such offer, the risk is eligible for a standard policy including wind coverage or a basic policy including wind coverage issued by the corporation; however, if the risk could not be insured under a standard policy including wind coverage regardless of market conditions, the risk is eligible for a basic policy including wind coverage unless rejected under subparagraph 8. ~~However, a policyholder removed from the corporation through an assumption agreement remains eligible for coverage from the corporation until the end of the assumption period.~~ The corporation shall determine the type of policy to be provided on the basis of objective standards specified in the underwriting manual and based on generally accepted underwriting practices. *A policyholder removed from the corporation through an assumption agreement does not remain eligible for coverage from the corporation after the end of the policy term. However, any policy removed from the corporation through an assumption agreement remains on the corporation's policy forms through the end of the policy term.*

(I) If the risk accepts an offer of coverage through the market assistance plan or through a mechanism established by the corporation other than a plan established by s. 627.3518, before a policy is issued to the risk by the corporation or during the first 30 days of coverage by the corporation, and the producing agent who submitted the application to the plan or to the corporation is not currently appointed by the insurer, the insurer shall:

(A) Pay to the producing agent of record of the policy for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record of the policy to continue servicing the policy for at least 1 year and offer to pay the agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-sub-paragraph (A).

(II) If the corporation enters into a contractual agreement for a take-out plan, the producing agent of record of the corporation policy is entitled to retain any unearned commission on the policy, and the insurer shall:

(A) Pay to the producing agent of record, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record to continue servicing the policy for at least 1 year and offer to pay the agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-sub-paragraph (A).

b. With respect to commercial lines residential risks, for a new application to the corporation for coverage, if the risk is offered coverage under a policy including wind coverage from an authorized insurer at its approved rate, the risk is not eligible for a policy issued by the corporation unless the premium for coverage from the authorized insurer is more than 20 ~~15~~ percent greater than the premium for comparable coverage from the corporation. Whenever an offer of coverage for a commercial lines residential risk is received for a policyholder of the corporation at renewal from an authorized insurer, ~~if the offer is equal to or less than the corporation's renewal premium for comparable coverage,~~ the risk is not eligible for coverage with the corporation ~~unless the premium for coverage from the authorized insurer is more than 20 percent greater than the corporation's renewal premium for comparable coverage.~~ If the risk is not able to obtain any such offer, the risk is eligible for a policy including wind coverage issued by the corporation. ~~However,~~ A policyholder removed from the corporation through an assumption agreement remains eligible for coverage from the corporation until the end of the *policy term*. ~~However,~~ any policy removed from the corporation through an assumption agreement remains on the corporation's policy forms through the end of the *policy term* ~~assumption period~~.

(I) If the risk accepts an offer of coverage through the market assistance plan or through a mechanism established by the corporation other than a plan established by s. 627.3518, before a policy is issued to the risk by the corporation or during the first 30 days of coverage by the corporation, and the producing agent who submitted the application to the plan or the corporation is not currently appointed by the insurer, the insurer shall:

(A) Pay to the producing agent of record of the policy, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record of the policy to continue servicing the policy for at least 1 year and offer to pay the agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-sub-paragraph (A).

(II) If the corporation enters into a contractual agreement for a take-out plan, the producing agent of record of the corporation policy is entitled to retain any unearned commission on the policy, and the insurer shall:

(A) Pay to the producing agent of record, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record to continue servicing the policy for at least 1 year and offer to pay the agent the greater of the

insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-sub-paragraph (A).

c. For purposes of determining comparable coverage under sub-subparagraphs a. and b., the comparison must be based on those forms and coverages that are reasonably comparable. The corporation may rely on a determination of comparable coverage and premium made by the producing agent who submits the application to the corporation, made in the agent's capacity as the corporation's agent. *For purposes of comparing the premium for comparable coverage under sub-sub-paragraphs a. and b., premium includes any surcharge or assessment that is actually applied to such policy.* A comparison may be made solely of the premium with respect to the main building or structure only on the following basis: the same coverage A or other building limits; the same percentage hurricane deductible that applies on an annual basis or that applies to each hurricane for commercial residential property; the same percentage of ordinance and law coverage, if the same limit is offered by both the corporation and the authorized insurer; the same mitigation credits, to the extent the same types of credits are offered both by the corporation and the authorized insurer; the same method for loss payment, such as replacement cost or actual cash value, if the same method is offered both by the corporation and the authorized insurer in accordance with underwriting rules; and any other form or coverage that is reasonably comparable as determined by the board. If an application is submitted to the corporation for wind-only coverage *on a risk that is located in an area eligible for coverage by the Florida Windstorm Underwriting Association, as that area was defined on January 1, 2002 in the coastal account,* the premium for the corporation's wind-only policy plus the premium for the ex-wind policy that is offered by an authorized insurer to the applicant must be compared to the premium for multiperil coverage offered by an authorized insurer, subject to the standards for comparison specified in this subparagraph. If the corporation or the applicant requests from the authorized insurer a breakdown of the premium of the offer by types of coverage so that a comparison may be made by the corporation or its agent and the authorized insurer refuses or is unable to provide such information, the corporation may treat the offer as not being an offer of coverage from an authorized insurer at the insurer's approved rate.

6. Must include rules for classifications of risks and rates.

7. Must provide that if premium and investment income:

a. For an account attributable to a particular calendar year are in excess of projected losses and expenses for the account attributable to that year, such excess shall be held in surplus in the account. Such surplus must be available to defray deficits in that account as to future years and used for that purpose before assessing assessable insurers and assessable insureds as to any calendar year; or

b. *For the Citizens account, if established by the corporation, which are attributable to a particular calendar year are in excess of projected losses and expenses for the Citizens account attributable to that year, such excess shall be held in surplus in the Citizens account. Such surplus must be available to defray deficits in the Citizens account as to future years and used for that purpose before assessing assessable insurers and assessable insureds as to any calendar year.*

8. Must provide objective criteria and procedures to be uniformly applied to all applicants in determining whether an individual risk is so hazardous as to be uninsurable. In making this determination and in establishing the criteria and procedures, the following must be considered:

a. Whether the likelihood of a loss for the individual risk is substantially higher than for other risks of the same class; and

b. Whether the uncertainty associated with the individual risk is such that an appropriate premium cannot be determined.

The acceptance or rejection of a risk by the corporation shall be construed as the private placement of insurance, and the provisions of chapter 120 do not apply.

9. Must provide that the corporation make its best efforts to procure catastrophe reinsurance at reasonable rates, to cover its projected 100-year probable maximum loss as determined by the board of governors. If catastrophe reinsurance is not available at reasonable rates, the corporation need not purchase it, but the corporation shall include the costs of reinsurance to cover its projected 100-year probable maximum loss in its rate calculations even if it does not purchase catastrophe reinsurance.

10. The policies issued by the corporation must provide that if the corporation or the market assistance plan obtains an offer from an authorized insurer to cover the risk at its approved rates, the risk is no longer eligible for renewal through the corporation, except as otherwise provided in this subsection.

11. Corporation policies and applications must include a notice that the corporation policy could, under this section, be replaced with a policy issued by an authorized insurer which does not provide coverage identical to the coverage provided by the corporation. The notice must also specify that acceptance of corporation coverage creates a conclusive presumption that the applicant or policyholder is aware of this potential.

12. May establish, subject to approval by the office, different eligibility requirements and operational procedures for any line or type of coverage for any specified county or area if the board determines that such changes are justified due to the voluntary market being sufficiently stable and competitive in such area or for such line or type of coverage and that consumers who, in good faith, are unable to obtain insurance through the voluntary market through ordinary methods continue to have access to coverage from the corporation. If coverage is sought in connection with a real property transfer, the requirements and procedures may not provide an effective date of coverage later than the date of the closing of the transfer as established by the transferor, the transferee, and, if applicable, the lender.

13. Must provide that:

a. With respect to the coastal account, any assessable insurer with a surplus as to policyholders of \$25 million or less writing 25 percent or more of its total countrywide property insurance premiums in this state may petition the office, within the first 90 days of each calendar year, to qualify as a limited apportionment company. A regular assessment levied by the corporation on a limited apportionment company for a deficit incurred by the corporation for the coastal account may be paid to the corporation on a monthly basis as the assessments are collected by the limited apportionment company from its insureds, but a limited apportionment company must begin collecting the regular assessments not later than 90 days after the regular assessments are levied by the corporation, and the regular assessments must be paid in full within 15 months after being levied by the corporation. A limited apportionment company shall collect from its policyholders any emergency assessment imposed under sub-subparagraph (b)3.e. ~~(b)3.d.~~ The plan must provide that, if the office determines that any regular assessment will result in an impairment of the surplus of a limited apportionment company, the office may direct that all or part of such assessment be deferred as provided in subparagraph (q)4. However, an emergency assessment to be collected from policyholders under sub-subparagraph (b)3.e. ~~(b)3.d.~~ may not be limited or deferred; or

b. With respect to the Citizens account, if established by the corporation pursuant to sub-subparagraph (b)2.b., any assessable insurer with a surplus as to policyholders of \$25 million or less and writing 25 percent or more of its total countrywide property insurance premiums in this state may petition the office, within the first 90 days of each calendar year, to qualify as a limited apportionment company. A limited apportionment company shall collect from its policyholders any emergency assessment imposed under sub-subparagraph (b)5.c. An emergency assessment to be collected from policyholders under sub-subparagraph (b)5.c. may not be limited or deferred.

14. Must provide that the corporation appoint as its licensed agents only those agents who throughout such appointments also hold an appointment as defined in s. 626.015 by an insurer who is authorized to write and is actually writing or renewing personal lines residential property coverage, commercial residential property coverage, or commercial nonresidential property coverage within the state.

15. Must provide a premium payment plan option to its policyholders which, at a minimum, allows for quarterly and semiannual payment of premiums. A monthly payment plan may, but is not required to, be offered.

16. Must limit coverage on mobile homes or manufactured homes built before 1994 to actual cash value of the dwelling rather than replacement costs of the dwelling.

17. Must provide coverage for manufactured or mobile home dwellings. Such coverage must also include the following attached structures:

a. Screened enclosures that are aluminum framed or screened enclosures that are not covered by the same or substantially the same materials as those of the primary dwelling;

b. Carports that are aluminum or carports that are not covered by the same or substantially the same materials as those of the primary dwelling; and

c. Patios that have a roof covering that is constructed of materials that are not the same or substantially the same materials as those of the primary dwelling.

The corporation shall make available a policy for mobile homes or manufactured homes for a minimum insured value of at least \$3,000.

18. May provide such limits of coverage as the board determines, consistent with the requirements of this subsection.

19. May require commercial property to meet specified hurricane mitigation construction features as a condition of eligibility for coverage.

20. Must provide that new or renewal policies issued by the corporation on or after January 1, 2012, which cover sinkhole loss do not include coverage for any loss to appurtenant structures, driveways, sidewalks, decks, or patios that are directly or indirectly caused by sinkhole activity. The corporation shall exclude such coverage using a notice of coverage change, which may be included with the policy renewal, and not by issuance of a notice of nonrenewal of the excluded coverage upon renewal of the current policy.

21.a. As of January 1, 2012, unless the Citizens account has been established pursuant to sub-subparagraph (b)2.b., must require that the agent obtain from an applicant for coverage from the corporation an acknowledgment signed by the applicant, which includes, at a minimum, the following statement:

ACKNOWLEDGMENT OF POTENTIAL SURCHARGE

AND ASSESSMENT LIABILITY:

1. AS A POLICYHOLDER OF CITIZENS PROPERTY INSURANCE CORPORATION, I UNDERSTAND THAT IF THE CORPORATION SUSTAINS A DEFICIT AS A RESULT OF HURRICANE LOSSES OR FOR ANY OTHER REASON, MY POLICY COULD BE SUBJECT TO SURCHARGES, WHICH WILL BE DUE AND PAYABLE UPON RENEWAL, CANCELLATION, OR TERMINATION OF THE POLICY, AND THAT THE SURCHARGES COULD BE AS HIGH AS 45 PERCENT OF MY PREMIUM, OR A DIFFERENT AMOUNT AS IMPOSED BY THE FLORIDA LEGISLATURE.

2. I UNDERSTAND THAT I CAN AVOID THE CITIZENS POLICYHOLDER SURCHARGE, WHICH COULD BE AS HIGH AS 45 PERCENT OF MY PREMIUM, BY OBTAINING COVERAGE FROM A PRIVATE MARKET INSURER AND THAT TO BE ELIGIBLE FOR COVERAGE BY CITIZENS, I MUST FIRST TRY TO OBTAIN PRIVATE MARKET COVERAGE BEFORE APPLYING FOR OR RENEWING COVERAGE WITH CITIZENS. I UNDERSTAND THAT PRIVATE MARKET INSURANCE RATES ARE REGULATED AND APPROVED BY THE STATE.

3. I UNDERSTAND THAT I MAY BE SUBJECT TO EMERGENCY ASSESSMENTS TO THE SAME EXTENT AS POLICYHOLDERS OF OTHER INSURANCE COMPANIES, OR A DIFFERENT AMOUNT AS IMPOSED BY THE FLORIDA LEGISLATURE.

4. I ALSO UNDERSTAND THAT CITIZENS PROPERTY INSURANCE CORPORATION IS NOT SUPPORTED BY THE FULL FAITH AND CREDIT OF THE STATE OF FLORIDA.

b. *The corporation must require, if it has established the Citizens account pursuant to sub-subparagraph (b)2.b., that the agent obtain from an applicant for coverage from the corporation the following acknowledgment signed by the applicant, which includes, at a minimum, the following statement:*

**ACKNOWLEDGMENT OF POTENTIAL SURCHARGE
AND ASSESSMENT LIABILITY:**

1. AS A POLICYHOLDER OF CITIZENS PROPERTY INSURANCE CORPORATION, I UNDERSTAND THAT IF THE CORPORATION SUSTAINS A DEFICIT AS A RESULT OF HURRICANE LOSSES OR FOR ANY OTHER REASON, MY POLICY COULD BE SUBJECT TO SURCHARGES AND ASSESSMENTS, WHICH WILL BE DUE AND PAYABLE UPON RENEWAL, CANCELLATION, OR TERMINATION OF THE POLICY, AND THAT THE SURCHARGES AND ASSESSMENTS COULD BE AS HIGH AS 25 PERCENT OF MY PREMIUM, OR A DIFFERENT AMOUNT AS IMPOSED BY THE FLORIDA LEGISLATURE.

2. I UNDERSTAND THAT I CAN AVOID THE CITIZENS POLICYHOLDER SURCHARGE, WHICH COULD BE AS HIGH AS 15 PERCENT OF MY PREMIUM, BY OBTAINING COVERAGE FROM A PRIVATE MARKET INSURER AND THAT TO BE ELIGIBLE FOR COVERAGE BY CITIZENS, I MUST FIRST TRY TO OBTAIN PRIVATE MARKET COVERAGE BEFORE APPLYING FOR OR RENEWING COVERAGE WITH CITIZENS. I UNDERSTAND THAT PRIVATE MARKET INSURANCE RATES ARE REGULATED AND APPROVED BY THE STATE.

3. I UNDERSTAND THAT I MAY BE SUBJECT TO EMERGENCY ASSESSMENTS TO THE SAME EXTENT AS POLICYHOLDERS OF OTHER INSURANCE COMPANIES, OR A DIFFERENT AMOUNT AS IMPOSED BY THE FLORIDA LEGISLATURE.

4. I ALSO UNDERSTAND THAT CITIZENS PROPERTY INSURANCE CORPORATION IS NOT SUPPORTED BY THE FULL FAITH AND CREDIT OF THE STATE OF FLORIDA.

c. The corporation shall maintain, in electronic format or otherwise, a copy of the applicant's signed acknowledgment and provide a copy of the statement to the policyholder as part of the first renewal after the effective date of sub-subparagraph a. or sub-subparagraph b., as applicable ~~to this subparagraph.~~

d. The signed acknowledgment form creates a conclusive presumption that the policyholder understood and accepted his or her potential surcharge and assessment liability as a policyholder of the corporation.

(n)1. Rates for coverage provided by the corporation must be actuarially sound ~~pursuant and subject to~~ s. 627.062 and not competitive with approved rates charged in the admitted voluntary market so that the corporation functions as a residual market mechanism to provide insurance only when insurance cannot be procured in the voluntary market, except as otherwise provided in this paragraph. The office shall provide the corporation such information as would be necessary to determine whether rates are competitive. The corporation shall file its recommended rates with the office at least annually. The corporation shall provide any additional information regarding the rates which the office requires. The office shall consider the recommendations of the board and issue a final order establishing the rates for the corporation within 45 days after the recommended rates are filed. The corporation may not pursue an administrative challenge or judicial review of the final order of the office.

2. In addition to the rates otherwise determined pursuant to this paragraph, the corporation shall impose and collect an amount equal to the premium tax provided in s. 624.509 to augment the financial resources of the corporation.

3. After the public hurricane loss-projection model under s. 627.06281 has been found to be accurate and reliable by the Florida Commission on Hurricane Loss Projection Methodology, the model shall

be considered when establishing the windstorm portion of the corporation's rates. The corporation may use the public model results in combination with the results of private models to calculate rates for the windstorm portion of the corporation's rates. This subparagraph does not require or allow the corporation to adopt rates lower than the rates otherwise required or allowed by this paragraph.

4. The corporation must make a recommended actuarially sound rate filing for each personal and commercial line of business it writes.

5. Notwithstanding the board's recommended rates and the office's final order regarding the corporation's filed rates under subparagraph 1., the corporation shall annually implement a rate increase which, except for sinkhole coverage, does not exceed the following for any single policy issued by the corporation, excluding coverage changes and surcharges:

- a. ~~Eleven percent for 2022.~~
- b. Twelve percent for 2023.
- b.e. Thirteen percent for 2024.
- c.d. Fourteen percent for 2025.
- d.e. Fifteen percent for 2026 and all subsequent years.

6. The corporation may also implement an increase to reflect the effect on the corporation of the cash buildup factor pursuant to s. 215.555(5)(b).

7. The corporation's implementation of rates as prescribed in ~~subparagraphs 5. and 8.~~ ~~subparagraph 5.~~ shall cease for any line of business written by the corporation upon the corporation's implementation of actuarially sound rates. Thereafter, the corporation shall annually make a recommended actuarially sound rate filing that is not competitive with approved rates in the admitted voluntary market for each commercial and personal line of business the corporation writes.

8. For any new or renewal personal lines policy written on or after November 1, 2023, which does not cover a primary residence, the rate to be applied in calculating premium is not subject to the rate increase limitations in subparagraph 5. However, the policyholder may not be charged more than 50 percent above, and may not be charged less than, the established rate for the corporation which was in effect 1 year before the date of the application.

9. As used in this paragraph, the term "primary residence" means the dwelling that is the policyholder's primary home or is a rental property that is the primary home of the tenant, and which the policyholder or tenant occupies for more than 9 months of each year.

(o) If coverage in an account, or the Citizens account if established by the corporation, is deactivated pursuant to paragraph (p), coverage through the corporation shall be reactivated by order of the office only under one of the following circumstances:

1. If the market assistance plan receives a minimum of 100 applications for coverage within a 3-month period, or 200 applications for coverage within a 1-year period or less for residential coverage, unless the market assistance plan provides a quotation from admitted carriers at their filed rates for at least 90 percent of such applicants. Any market assistance plan application that is rejected because an individual risk is so hazardous as to be uninsurable using the criteria specified in subparagraph (c)8. shall not be included in the minimum percentage calculation provided herein. In the event that there is a legal or administrative challenge to a determination by the office that the conditions of this subparagraph have been met for eligibility for coverage in the corporation, any eligible risk may obtain coverage during the pendency of such challenge.

2. In response to a state of emergency declared by the Governor under s. 252.36, the office may activate coverage by order for the period of the emergency upon a finding by the office that the emergency significantly affects the availability of residential property insurance.

(p)1. The corporation shall file with the office quarterly statements of financial condition, an annual statement of financial condition, and audited financial statements in the manner prescribed by law. In ad-

dition, the corporation shall report to the office monthly on the types, premium, exposure, and distribution by county of its policies in force, and shall submit other reports as the office requires to carry out its oversight of the corporation.

2. The activities of the corporation shall be reviewed at least annually by the office to determine whether coverage shall be deactivated in an account, or in the *Citizens account if established by the corporation*, on the basis that the conditions giving rise to its activation no longer exist.

(q)1. The corporation shall certify to the office its needs for annual assessments as to a particular calendar year, and for any interim assessments that it deems to be necessary to sustain operations as to a particular year pending the receipt of annual assessments. Upon verification, the office shall approve such certification, and the corporation shall levy such annual or interim assessments. Such assessments shall be prorated, *if authority to levy exists*, as provided in paragraph (b). The corporation shall take all reasonable and prudent steps necessary to collect the amount of assessments due from each assessable insurer, including, if prudent, filing suit to collect the assessments, and the office may provide such assistance to the corporation it deems appropriate. If the corporation is unable to collect an assessment from any assessable insurer, the uncollected assessments shall be levied as an additional assessment against the assessable insurers and any assessable insurer required to pay an additional assessment as a result of such failure to pay shall have a cause of action against such nonpaying assessable insurer. Assessments shall be included as an appropriate factor in the making of rates. The failure of a surplus lines agent to collect and remit any regular or emergency assessment levied by the corporation is considered to be a violation of s. 626.936 and subjects the surplus lines agent to the penalties provided in that section.

2. The governing body of any unit of local government, any residents of which are insured by the corporation, may issue bonds as defined in s. 125.013 or s. 166.101 from time to time to fund an assistance program, in conjunction with the corporation, for the purpose of defraying deficits of the corporation. In order to avoid needless and indiscriminate proliferation, duplication, and fragmentation of such assistance programs, any unit of local government, any residents of which are insured by the corporation, may provide for the payment of losses, regardless of whether or not the losses occurred within or outside of the territorial jurisdiction of the local government. Revenue bonds under this subparagraph may not be issued until validated pursuant to chapter 75, unless a state of emergency is declared by executive order or proclamation of the Governor pursuant to s. 252.36 making such findings as are necessary to determine that it is in the best interests of, and necessary for, the protection of the public health, safety, and general welfare of residents of this state and declaring it an essential public purpose to permit certain municipalities or counties to issue such bonds as will permit relief to claimants and policyholders of the corporation. Any such unit of local government may enter into such contracts with the corporation and with any other entity created pursuant to this subsection as are necessary to carry out this paragraph. Any bonds issued under this subparagraph shall be payable from and secured by moneys received by the corporation from emergency assessments under sub-subparagraph (b)3.e. ~~(b)3.d.~~, and assigned and pledged to or on behalf of the unit of local government for the benefit of the holders of such bonds. The funds, credit, property, and taxing power of the state or of the unit of local government shall not be pledged for the payment of such bonds.

3.a. The corporation shall adopt one or more programs subject to approval by the office for the reduction of both new and renewal writings in the corporation. Beginning January 1, 2008, any program the corporation adopts for the payment of bonuses to an insurer for each risk the insurer removes from the corporation shall comply with s. 627.3511(2) and may not exceed the amount referenced in s. 627.3511(2) for each risk removed. The corporation may consider any prudent and not unfairly discriminatory approach to reducing corporation writings, and may adopt a credit against assessment liability or other liability that provides an incentive for insurers to take risks out of the corporation and to keep risks out of the corporation by maintaining or increasing voluntary writings in counties or areas in which corporation risks are highly concentrated and a program to provide a formula under which an insurer voluntarily taking risks out of the corporation by maintaining or increasing voluntary writings will be relieved wholly or partially from assessments under sub-subparagraph (b)3.a. However,

any "take-out bonus" or payment to an insurer must be conditioned on the property being insured for at least 5 years by the insurer, unless canceled or nonrenewed by the policyholder. If the policy is canceled or nonrenewed by the policyholder before the end of the 5-year period, the amount of the take-out bonus must be prorated for the time period the policy was insured. When the corporation enters into a contractual agreement for a take-out plan, the producing agent of record of the corporation policy is entitled to retain any unearned commission on such policy, and the insurer shall either:

(I) Pay to the producing agent of record of the policy, for the first year, an amount which is the greater of the insurer's usual and customary commission for the type of policy written or a policy fee equal to the usual and customary commission of the corporation; or

(II) Offer to allow the producing agent of record of the policy to continue servicing the policy for a period of not less than 1 year and offer to pay the agent the insurer's usual and customary commission for the type of policy written. If the producing agent is unwilling or unable to accept appointment by the new insurer, the new insurer shall pay the agent in accordance with sub-sub-subparagraph (I).

b. Any credit or exemption from regular assessments adopted under this subparagraph shall last no longer than the 3 years following the cancellation or expiration of the policy by the corporation. With the approval of the office, the board may extend such credits for an additional year if the insurer guarantees an additional year of renewability for all policies removed from the corporation, or for 2 additional years if the insurer guarantees 2 additional years of renewability for all policies so removed.

c. There shall be no credit, limitation, exemption, or deferment from emergency assessments to be collected from policyholders pursuant to sub-subparagraph (b)3.e. or sub-subparagraph (b)5.c. ~~(b)3.d.~~

4. The plan shall provide for the deferment, in whole or in part, of the assessment of an assessable insurer, other than an emergency assessment collected from policyholders pursuant to sub-subparagraph (b)3.e. or sub-subparagraph (b)5.c. ~~(b)3.d.~~, if the office finds that payment of the assessment would endanger or impair the solvency of the insurer. In the event an assessment against an assessable insurer is deferred in whole or in part, the amount by which such assessment is deferred may be assessed against the other assessable insurers in a manner consistent with the basis for assessments set forth in paragraph (b).

5. Effective July 1, 2007, in order to evaluate the costs and benefits of approved take-out plans, if the corporation pays a bonus or other payment to an insurer for an approved take-out plan, it shall maintain a record of the address or such other identifying information on the property or risk removed in order to track if and when the property or risk is later insured by the corporation.

6. Any policy taken out, assumed, or removed from the corporation is, as of the effective date of the take-out, assumption, or removal, direct insurance issued by the insurer and not by the corporation, even if the corporation continues to service the policies. This subparagraph applies to policies of the corporation and not policies taken out, assumed, or removed from any other entity.

7. For a policy taken out, assumed, or removed from the corporation, the insurer may, for a period of no more than 3 years, continue to use any of the corporation's policy forms or endorsements that apply to the policy taken out, removed, or assumed without obtaining approval from the office for use of such policy form or endorsement.

(v)1. Effective July 1, 2002, policies of the Residential Property and Casualty Joint Underwriting Association become policies of the corporation. All obligations, rights, assets and liabilities of the association, including bonds, note and debt obligations, and the financing documents pertaining to them become those of the corporation as of July 1, 2002. The corporation is not required to issue endorsements or certificates of assumption to insureds during the remaining term of in-force transferred policies.

2. Effective July 1, 2002, policies of the Florida Windstorm Underwriting Association are transferred to the corporation and become policies of the corporation. All obligations, rights, assets, and liabilities of the association, including bonds, note and debt obligations, and the fi-

ancing documents pertaining to them are transferred to and assumed by the corporation on July 1, 2002. The corporation is not required to issue endorsements or certificates of assumption to insureds during the remaining term of in-force transferred policies.

3. The Florida Windstorm Underwriting Association and the Residential Property and Casualty Joint Underwriting Association shall take all actions necessary to further evidence the transfers and provide the documents and instruments of further assurance as may reasonably be requested by the corporation for that purpose. The corporation shall execute assumptions and instruments as the trustees or other parties to the financing documents of the Florida Windstorm Underwriting Association or the Residential Property and Casualty Joint Underwriting Association may reasonably request to further evidence the transfers and assumptions, which transfers and assumptions, however, are effective on the date provided under this paragraph whether or not, and regardless of the date on which, the assumptions or instruments are executed by the corporation. Subject to the relevant financing documents pertaining to their outstanding bonds, notes, indebtedness, or other financing obligations, the moneys, investments, receivables, choses in action, and other intangibles of the Florida Windstorm Underwriting Association shall be credited to the coastal account of the corporation, and those of the personal lines residential coverage account and the commercial lines residential coverage account of the Residential Property and Casualty Joint Underwriting Association shall be credited to the personal lines account and the commercial lines account, respectively, of the corporation.

4. Effective July 1, 2002, a new applicant for property insurance coverage who would otherwise have been eligible for coverage in the Florida Windstorm Underwriting Association is eligible for coverage from the corporation as provided in this subsection.

5. The transfer of all policies, obligations, rights, assets, and liabilities from the Florida Windstorm Underwriting Association to the corporation and the renaming of the Residential Property and Casualty Joint Underwriting Association as the corporation does not affect the coverage with respect to covered policies as defined in s. 215.555(2)(c) provided to these entities by the Florida Hurricane Catastrophe Fund. The coverage provided by the fund to the Florida Windstorm Underwriting Association based on its exposures as of June 30, 2002, and each June 30 thereafter, *unless the corporation has established the Citizens account*, shall be redesignated as coverage for the coastal account of the corporation. Notwithstanding any other provision of law, the coverage provided by the fund to the Residential Property and Casualty Joint Underwriting Association based on its exposures as of June 30, 2002, and each June 30 thereafter, *unless the corporation has established the Citizens account*, shall be transferred to the personal lines account and the commercial lines account of the corporation. Notwithstanding any other provision of law, the coastal account, *unless the corporation has established the Citizens account*, shall be treated, for all Florida Hurricane Catastrophe Fund purposes, as if it were a separate participating insurer with its own exposures, reimbursement premium, and loss reimbursement. Likewise, the personal lines and commercial lines accounts, *unless the corporation has established the Citizens account*, shall be viewed together, for all fund purposes, as if the two accounts were one and represent a single, separate participating insurer with its own exposures, reimbursement premium, and loss reimbursement. The coverage provided by the fund to the corporation shall constitute and operate as a full transfer of coverage from the Florida Windstorm Underwriting Association and Residential Property and Casualty Joint Underwriting Association to the corporation.

(w) Notwithstanding any other provision of law:

1. The pledge or sale of, the lien upon, and the security interest in any rights, revenues, or other assets of the corporation created or purported to be created pursuant to any financing documents to secure any bonds or other indebtedness of the corporation shall be and remain valid and enforceable, notwithstanding the commencement of and during the continuation of, and after, any rehabilitation, insolvency, liquidation, bankruptcy, receivership, conservatorship, reorganization, or similar proceeding against the corporation under the laws of this state.

2. The proceeding does not relieve the corporation of its obligation, or otherwise affect its ability to perform its obligation, to continue to collect, or levy and collect, assessments, policyholder surcharges or other surcharges under sub-subparagraph (b)3.j. ~~(b)3.i.~~, or any other

rights, revenues, or other assets of the corporation pledged pursuant to any financing documents.

3. Each such pledge or sale of, lien upon, and security interest in, including the priority of such pledge, lien, or security interest, any such assessments, policyholder surcharges or other surcharges, or other rights, revenues, or other assets which are collected, or levied and collected, after the commencement of and during the pendency of, or after, any such proceeding shall continue unaffected by such proceeding. As used in this subsection, the term “financing documents” means any agreement or agreements, instrument or instruments, or other document or documents now existing or hereafter created evidencing any bonds or other indebtedness of the corporation or pursuant to which any such bonds or other indebtedness has been or may be issued and pursuant to which any rights, revenues, or other assets of the corporation are pledged or sold to secure the repayment of such bonds or indebtedness, together with the payment of interest on such bonds or such indebtedness, or the payment of any other obligation or financial product, as defined in the plan of operation of the corporation related to such bonds or indebtedness.

4. Any such pledge or sale of assessments, revenues, contract rights, or other rights or assets of the corporation shall constitute a lien and security interest, or sale, as the case may be, that is immediately effective and attaches to such assessments, revenues, or contract rights or other rights or assets, whether or not imposed or collected at the time the pledge or sale is made. Any such pledge or sale is effective, valid, binding, and enforceable against the corporation or other entity making such pledge or sale, and valid and binding against and superior to any competing claims or obligations owed to any other person or entity, including policyholders in this state, asserting rights in any such assessments, revenues, or contract rights or other rights or assets to the extent set forth in and in accordance with the terms of the pledge or sale contained in the applicable financing documents, whether or not any such person or entity has notice of such pledge or sale and without the need for any physical delivery, recordation, filing, or other action.

5. As long as the corporation has any bonds outstanding, the corporation may not file a voluntary petition under chapter 9 of the federal Bankruptcy Code or such corresponding chapter or sections as may be in effect, from time to time, and a public officer or any organization, entity, or other person may not authorize the corporation to be or become a debtor under chapter 9 of the federal Bankruptcy Code or such corresponding chapter or sections as may be in effect, from time to time, during any such period.

6. If ordered by a court of competent jurisdiction, the corporation may assume policies or otherwise provide coverage for policyholders of an insurer placed in liquidation under chapter 631, under such forms, rates, terms, and conditions as the corporation deems appropriate, subject to approval by the office.

(aa) *Except as otherwise provided in this paragraph*, the corporation shall ~~not~~ require the securing and maintaining of flood insurance as a condition of coverage of a personal lines residential risk. ~~if~~ The insured or applicant *must execute* ~~executes~~ a form approved by the office affirming that flood insurance is not provided by the corporation and that if flood insurance is not secured by the applicant or insured *from an insurer other than the corporation* and in addition to coverage by the corporation, the risk will not be eligible for coverage by the corporation covered for flood damage. ~~A corporation policyholder electing not to secure flood insurance and executing a form as provided herein making a claim for water damage against the corporation shall have the burden of proving the damage was not caused by flooding. Notwithstanding other provisions of this subsection,~~ The corporation may deny coverage of a personal lines residential risk to an applicant or insured who refuses to secure and maintain flood insurance ~~execute the form described herein~~. *The requirement to purchase flood insurance shall be implemented as follows:*

1. *Except as provided in subparagraphs 2. and 3., all personal lines residential policyholders must have flood coverage in place for policies effective on or after:*

- a. *January 1, 2024, for property valued at \$600,000 or more.*
- b. *January 1, 2025, for property valued at \$500,000 or more.*

c. January 1, 2026, for property valued at \$400,000 or more.

d. January 1, 2027, for all other personal lines residential property insured by the corporation.

2. All personal lines residential policyholders whose property insured by the corporation is located within the special flood hazard area defined by the Federal Emergency Management Agency must have flood coverage in place:

a. At the time of initial policy issuance for all new personal lines residential policies issued by the corporation on or after April 1, 2023.

b. By the time of the policy renewal for all personal lines residential policies renewing on or after July 1, 2023.

3. Policyholders whose policies issued by the corporation do not provide coverage for the peril of wind are not required to purchase flood insurance as a condition for maintaining their policies with the corporation.

The flood insurance required under this paragraph must meet, at a minimum, the coverage available from the National Flood Insurance Program or the requirements of subparagraphs s. 627.715(1)(a)1., 2., and 3.

(ii) The corporation shall revise the programs adopted pursuant to sub-subparagraph (q)3.a. for personal lines residential policies to maximize policyholder options and encourage increased participation by insurers and agents. After January 1, 2017, a policy may not be taken out of the corporation unless the provisions of this paragraph are met.

1. The corporation must publish a periodic schedule of cycles during which an insurer may identify, and notify the corporation of, policies that the insurer is requesting to take out. A request must include a description of the coverage offered and an estimated premium and must be submitted to the corporation in a form and manner prescribed by the corporation.

2. The corporation must maintain and make available to the agent of record a consolidated list of all insurers requesting to take out a policy. The list must include a description of the coverage offered and the estimated premium for each take-out request.

3. If a policyholder receives a take-out offer from an authorized insurer, the risk is no longer eligible for coverage with the corporation unless the premium for coverage from the authorized insurer is more 20 percent greater than the renewal premium for comparable coverage from the corporation pursuant to sub-subparagraph (c)5.c. This subparagraph applies to take-out offers that are part of an application to participate in depopulation submitted to the office on or after January 1, 2023.

4. The corporation must provide written notice to the policyholder and the agent of record regarding all insurers requesting to take out the policy ~~and regarding the policyholder's option to accept a take-out offer or to reject all take-out offers and to remain with the corporation.~~ The notice must be in a format prescribed by the corporation and include, for each take-out offer:

- a. The amount of the estimated premium;
- b. A description of the coverage; and

c. A comparison of the estimated premium and coverage offered by the insurer to the estimated premium and coverage provided by the corporation.

(kk) A corporation policyholder making a claim for water damage against the corporation has the burden of proving that the damage was not caused by flooding.

Section 9. Paragraph (s) of subsection (6) of section 627.351, Florida Statutes, is amended to read:

627.351 Insurance risk apportionment plans.—

(6) CITIZENS PROPERTY INSURANCE CORPORATION.—

(s)1. There shall be no liability on the part of, and no cause of action of any nature shall arise against, any assessable insurer or its agents or employees, the corporation or its agents or employees, members of the board of governors or their respective designees at a board meeting, corporation committee members, or the office or its representatives, for any action taken by them in the performance of their duties or responsibilities under this subsection. 2. The corporation shall manage its claim employees, independent adjusters, and others who handle claims to ensure they carry out the corporation's duty to its policyholders to handle claims carefully, timely, diligently, and in good faith, balanced against the corporation's duty to the state to manage its assets responsibly to minimize its assessment potential.

Section 10. Paragraphs (b) and (c) of subsection (3) and paragraphs (d), (e), and (f) of subsection (6) of section 627.3511, Florida Statutes, are amended to read:

(b) An insurer that first wrote personal lines residential property coverage in this state on or after July 1, 1994, is exempt from regular deficit assessments imposed pursuant to s. 627.351(6)(b)3.a., but not emergency assessments collected from policyholders pursuant to s. 627.351(6)(b)3.e. ~~s. 627.351(6)(b)3.d.~~, of the Citizens Property Insurance Corporation until the earlier of the following:

1. The end of the calendar year in which it first wrote 0.5 percent or more of the statewide aggregate direct written premium for any line of residential property coverage; or
2. December 31, 1997, or December 31 of the third year in which it wrote such coverage in this state, whichever is later.

(c) Other than an insurer that is exempt under paragraph (b), an insurer that in any calendar year increases its total structure exposure subject to wind coverage by 25 percent or more over its exposure for the preceding calendar year is, with respect to that year, exempt from deficit assessments imposed pursuant to s. 627.351(6)(b)3.a., but not emergency assessments collected from policyholders pursuant to s. 627.351(6)(b)3.e. ~~s. 627.351(6)(b)3.d.~~, of the Citizens Property Insurance Corporation attributable to such increase in exposure.

(6) COMMERCIAL RESIDENTIAL TAKE-OUT PLANS.—

(d) The calculation of an insurer's regular assessment liability under s. 627.351(6)(b)3.a., but not emergency assessments collected from policyholders pursuant to s. 627.351(6)(b)3.e. ~~s. 627.351(6)(b)3.d.~~, shall, with respect to commercial residential policies removed from the corporation under an approved take-out plan, exclude such removed policies for the succeeding 3 years, as follows:

1. In the first year following removal of the policies, the policies are excluded from the calculation to the extent of 100 percent.
2. In the second year following removal of the policies, the policies are excluded from the calculation to the extent of 75 percent.

(5) Notwithstanding s. 627.3517, any applicant for new coverage from the corporation is not eligible for coverage from the corporation if provided an offer of coverage from an authorized insurer through the program at a premium that is at or below the eligibility threshold for applicants for new coverage established in s. 627.351(6)(c)5.a. Whenever an offer of coverage for a personal lines risk is received for a policyholder of the corporation at renewal from an authorized insurer through the program which is at or below the eligibility threshold for policyholders of the corporation established in s. 627.351(6)(c)5.a., ~~if the offer is equal to or less than the corporation's renewal premium for comparable coverage,~~ the risk is not eligible for coverage with the corporation. In the event an offer of coverage for a new applicant is received from an authorized insurer through the program, and the premium offered exceeds the eligibility threshold for applicants for new coverage established ~~contained~~ in s. 627.351(6)(c)5.a., the applicant or insured may elect to accept such coverage, or may elect to accept or continue coverage with the corporation. In the event an offer of coverage for a personal lines risk is received from an authorized insurer at renewal through the program, and the premium offered exceeds the eligibility threshold for policyholders of the corporation established in s. 627.351(6)(c)5.a. ~~is more than the corporation's renewal premium for comparable coverage,~~ the insured may elect to accept such coverage, or may elect to accept or continue coverage with the corporation. Section 627.351(6)(c)5.a.(I) does not apply to an offer of coverage from an authorized insurer obtained through the program. ~~An applicant for coverage from the corporation who was declared ineligible for coverage at renewal by the corporation in the previous 36 months due to an offer of coverage pursuant to this subsection shall be considered a renewal under this section if the corporation determines that the authorized insurer making the offer of coverage pursuant to this subsection continues to insure the applicant and increased the rate on the policy in excess of the increase allowed for the corporation under s. 627.351(6)(n)5.~~

Section 12. Subsection (3) of section 627.410, Florida Statutes, is amended to read:

Senator Rouson moved the following amendments which failed:

Amendment 5 (652232)—Delete lines 592-601 and insert:

Section 8. Effective January 1, 2023, paragraphs (b), (c), (n), (o), (p), (q), (v), (w), (aa), and (ii) of subsection (6) of section 627.351, Florida Statutes, are amended, and paragraph (kk) is added to that subsection, to read:

627.351 Insurance risk apportionment plans.—

(6) CITIZENS PROPERTY INSURANCE CORPORATION.—

(b)1. All insurers authorized to write one or more subject lines of business in this state are subject to assessment by the corporation and, for the purposes of this subsection, are referred to collectively as “assessable insurers.” Insurers writing one or more subject lines of business in this state pursuant to part VIII of chapter 626 are not assessable insurers; however, insureds who procure one or more subject lines of business in this state pursuant to part VIII of chapter 626 are subject to assessment by the corporation and are referred to collectively as “assessable insureds.” An insurer’s assessment liability begins on the first day of the calendar year following the year in which the insurer was issued a certificate of authority to transact insurance for subject lines of business in this state and terminates 1 year after the end of the first calendar year during which the insurer no longer holds a certificate of authority to transact insurance for subject lines of business in this state.

2.a. All revenues, assets, liabilities, losses, and expenses of the corporation shall be divided into three separate accounts as follows:

(I) A personal lines account for personal residential policies issued by the corporation which provides comprehensive, multiperil coverage on risks that are not located in areas eligible for coverage by the Florida Windstorm Underwriting Association as those areas were defined on January 1, 2002, and for policies that do not provide coverage for the peril of wind on risks that are located in such areas;

(II) A commercial lines account for commercial residential and commercial nonresidential policies issued by the corporation which provides coverage for basic property perils on risks that are not located in areas eligible for coverage by the Florida Windstorm Underwriting Association as those areas were defined on January 1, 2002, and for policies that do not provide coverage for the peril of wind on risks that are located in such areas; and

(III) A coastal account for personal residential policies and commercial residential and commercial nonresidential property policies issued by the corporation which provides coverage for the peril of wind on risks that are located in areas eligible for coverage by the Florida Windstorm Underwriting Association as those areas were defined on January 1, 2002. The corporation may offer policies that provide multiperil coverage and shall offer policies that provide coverage only for the peril of wind for risks located in areas eligible for coverage in the coastal account. Effective July 1, 2014, the corporation shall cease offering new commercial residential policies providing multiperil coverage and shall instead continue to offer commercial residential wind-only policies, and may offer commercial residential policies excluding wind. The corporation may, however, continue to renew a commercial residential multiperil policy on a building that is insured by the corporation on June 30, 2014, under a multiperil policy. In issuing multiperil coverage, the corporation may use its approved policy forms and rates for the personal lines account. An applicant or insured who is eligible to purchase a multiperil policy from the corporation may purchase a multiperil policy from an authorized insurer without prejudice to the applicant’s or insured’s eligibility to prospectively purchase a policy that provides coverage only for the peril of wind from the corporation. An applicant or insured who is eligible for a corporation policy that provides coverage only for the peril of wind may elect to purchase or retain such policy and also purchase or retain coverage excluding wind from an authorized insurer without prejudice to the applicant’s or insured’s eligibility to prospectively purchase a policy that provides multiperil coverage from the corporation. It is the goal of the Legislature that there be an overall average savings of 10 percent or more for a policyholder who currently has a wind-only policy with the corporation, and an ex-wind policy with a voluntary insurer or the corporation, and who obtains a multiperil policy from the corporation. It is the intent

of the Legislature that the offer of multiperil coverage in the coastal account be made and implemented in a manner that does not adversely affect the tax-exempt status of the corporation or creditworthiness of or security for currently outstanding financing obligations or credit facilities of the coastal account, the personal lines account, or the commercial lines account. The coastal account must also include quota share primary insurance under subparagraph (c)2. The area eligible for coverage under the coastal account also includes the area within Port Canaveral, which is bordered on the south by the City of Cape Canaveral, bordered on the west by the Banana River, and bordered on the north by Federal Government property.

b. The three separate accounts must be maintained as long as financing obligations entered into by the Florida Windstorm Underwriting Association or Residential Property and Casualty Joint Underwriting Association are outstanding, in accordance with the terms of the corresponding financing documents. ~~If no such financing obligations remain outstanding or if the financing documents allow for combining of accounts, the corporation may consolidate the three separate accounts into a new account, to be known as the Citizens account, for all revenues, assets, liabilities, losses, and expenses of the corporation. The Citizens account, if established by the corporation, is authorized to provide coverage to the same extent as provided under each of the three separate accounts. The authority to provide coverage under the Citizens account is set forth in subparagraph 4. If the financing obligations are no longer outstanding, the corporation may use a single account for all revenues, assets, liabilities, losses, and expenses of the corporation.~~ Consistent with this subparagraph and prudent investment policies that minimize the cost of carrying debt, the board shall exercise its best efforts to retire existing debt or obtain the approval of necessary parties to amend the terms of existing debt, so as to structure the most efficient plan for consolidating the three separate accounts into a single account. ~~Once the accounts are combined into one account, this subparagraph and subparagraph 3. shall be replaced in their entirety by subparagraphs 4. and 5.~~

c. Creditors of the Residential Property and Casualty Joint Underwriting Association and the accounts specified in sub-sub-subparagraphs a.(I) and (II) may have a claim against, and recourse to, those accounts and no claim against, or recourse to, the account referred to in sub-sub-subparagraph a.(III). Creditors of the Florida Windstorm Underwriting Association have a claim against, and recourse to, the account referred to in sub-sub-subparagraph a.(III) and no claim against, or recourse to, the accounts referred to in sub-sub-subparagraphs a.(I) and (II).

d. Revenues, assets, liabilities, losses, and expenses not attributable to particular accounts shall be prorated among the accounts.

e. The Legislature finds that the revenues of the corporation are revenues that are necessary to meet the requirements set forth in documents authorizing the issuance of bonds under this subsection.

f. The income of the corporation may not inure to the benefit of any private person.

3. With respect to a deficit in an account:

a. After accounting for the Citizens policyholder surcharge imposed under sub-subparagraph i., if the remaining projected deficit incurred in the coastal account in a particular calendar year:

(I) Is not greater than 2 percent of the aggregate statewide direct written premium for the subject lines of business for the prior calendar year, the entire deficit shall be recovered through regular assessments of assessable insurers under paragraph (q) and assessable insureds.

(II) Exceeds 2 percent of the aggregate statewide direct written premium for the subject lines of business for the prior calendar year, the corporation shall levy regular assessments on assessable insurers under paragraph (q) and on assessable insureds in an amount equal to the greater of 2 percent of the projected deficit or 2 percent of the aggregate statewide direct written premium for the subject lines of business for the prior calendar year. Any remaining projected deficit shall be recovered through emergency assessments under sub-subparagraph e. &

b. Each assessable insurer’s share of the amount being assessed under sub-subparagraph a. must be in the proportion that the asses-

sable insurer's direct written premium for the subject lines of business for the year preceding the assessment bears to the aggregate statewide direct written premium for the subject lines of business for that year. The assessment percentage applicable to each assessable insured is the ratio of the amount being assessed under sub-subparagraph a. to the aggregate statewide direct written premium for the subject lines of business for the prior year. Assessments levied by the corporation on assessable insurers under sub-subparagraph a. must be paid as required by the corporation's plan of operation and paragraph (q). Assessments levied by the corporation on assessable insureds under sub-subparagraph a. shall be collected by the surplus lines agent at the time the surplus lines agent collects the surplus lines tax required by s. 626.932, and paid to the Florida Surplus Lines Service Office at the time the surplus lines agent pays the surplus lines tax to that office. Upon receipt of regular assessments from surplus lines agents, the Florida Surplus Lines Service Office shall transfer the assessments directly to the corporation as determined by the corporation.

c. The corporation may not levy regular assessments under paragraph (q) pursuant to sub-subparagraph a. or sub-subparagraph b. if the three separate accounts in sub-subparagraphs 2.a.(I)-(III) have been consolidated into the Citizens account pursuant to sub-subparagraph 2.b. However, the outstanding balance of any regular assessment levied by the corporation before establishment of the Citizens account remains payable to the corporation.

d. After accounting for the Citizens policyholder surcharge imposed under sub-subparagraph j. ~~h~~, the remaining projected deficits in the personal lines account and in the commercial lines account in a particular calendar year shall be recovered through emergency assessments under sub-subparagraph e. ~~h~~.

e. ~~h~~ Upon a determination by the board of governors that a projected deficit in an account exceeds the amount that is expected to be recovered through regular assessments under sub-subparagraph a., plus the amount that is expected to be recovered through surcharges under sub-subparagraph j. ~~h~~, the board, after verification by the office, shall levy emergency assessments for as many years as necessary to cover the deficits, to be collected by assessable insurers and the corporation and collected from assessable insureds upon issuance or renewal of policies for subject lines of business, excluding National Flood Insurance policies. The amount collected in a particular year must be a uniform percentage of that year's direct written premium for subject lines of business and all accounts of the corporation, excluding National Flood Insurance Program policy premiums, as annually determined by the board and verified by the office. The office shall verify the arithmetic calculations involved in the board's determination within 30 days after receipt of the information on which the determination was based. The office shall notify assessable insurers and the Florida Surplus Lines Service Office of the date on which assessable insurers shall begin to collect and assessable insureds shall begin to pay such assessment. The date must be at least 90 days after the date the corporation levies emergency assessments pursuant to this sub-subparagraph. Notwithstanding any other provision of law, the corporation and each assessable insurer that writes subject lines of business shall collect emergency assessments from its policyholders without such obligation being affected by any credit, limitation, exemption, or deferment. Emergency assessments levied by the corporation on assessable insureds shall be collected by the surplus lines agent at the time the surplus lines agent collects the surplus lines tax required by s. 626.932 and paid to the Florida Surplus Lines Service Office at the time the surplus lines agent pays the surplus lines tax to that office. The emergency assessments collected shall be transferred directly to the corporation on a periodic basis as determined by the corporation and held by the corporation solely in the applicable account. The aggregate amount of emergency assessments levied for an account in any calendar year may be less than but may not exceed the greater of 10 percent of the amount needed to cover the deficit, plus interest, fees, commissions, required reserves, and other costs associated with financing the original deficit, or 10 percent of the aggregate statewide direct written premium for subject lines of business and all accounts of the corporation for the prior year, plus interest, fees, commissions, required reserves, and other costs associated with financing the deficit.

f. ~~e~~ The corporation may pledge the proceeds of assessments, projected recoveries from the Florida Hurricane Catastrophe Fund, other insurance and reinsurance recoverables, policyholder surcharges and other surcharges, and other funds available to the corporation as the

source of revenue for and to secure bonds issued under paragraph (q), bonds or other indebtedness issued under subparagraph (c)3., or lines of credit or other financing mechanisms issued or created under this subsection, or to retire any other debt incurred as a result of deficits or events giving rise to deficits, or in any other way that the board determines will efficiently recover such deficits. The purpose of the lines of credit or other financing mechanisms is to provide additional resources to assist the corporation in covering claims and expenses attributable to a catastrophe. As used in this subsection, the term "assessments" includes regular assessments under sub-subparagraph a. or subparagraph (q)1. and emergency assessments under sub-subparagraph e. ~~h~~ Emergency assessments collected under sub-subparagraph e. ~~h~~ are not part of an insurer's rates, are not premium, and are not subject to premium tax, fees, or commissions; however, failure to pay the emergency assessment shall be treated as failure to pay premium. The emergency assessments shall continue as long as any bonds issued or other indebtedness incurred with respect to a deficit for which the assessment was imposed remain outstanding, unless adequate provision has been made for the payment of such bonds or other indebtedness pursuant to the documents governing such bonds or indebtedness.

g. ~~f~~ As used in this subsection for purposes of any deficit incurred on or after January 25, 2007, the term "subject lines of business" means insurance written by assessable insurers or procured by assessable insureds for all property and casualty lines of business in this state, but not including workers' compensation or medical malpractice. As used in this sub-subparagraph, the term "property and casualty lines of business" includes all lines of business identified on Form 2, Exhibit of Premiums and Losses, in the annual statement required of authorized insurers under s. 624.424 and any rule adopted under this section, except for those lines identified as accident and health insurance and except for policies written under the National Flood Insurance Program or the Federal Crop Insurance Program. For purposes of this sub-subparagraph, the term "workers' compensation" includes both workers' compensation insurance and excess workers' compensation insurance.

h. ~~g~~ The Florida Surplus Lines Service Office shall determine annually the aggregate statewide written premium in subject lines of business procured by assessable insureds and report that information to the corporation in a form and at a time the corporation specifies to ensure that the corporation can meet the requirements of this subsection and the corporation's financing obligations.

i. ~~h~~ The Florida Surplus Lines Service Office shall verify the proper application by surplus lines agents of assessment percentages for regular assessments and emergency assessments levied under this subparagraph on assessable insureds and assist the corporation in ensuring the accurate, timely collection and payment of assessments by surplus lines agents as required by the corporation.

j. ~~i~~ Upon determination by the board of governors that an account has a projected deficit, the board shall levy a Citizens policyholder surcharge against all policyholders of the corporation.

(I) The surcharge shall be levied as a uniform percentage of the premium for the policy of up to 15 percent of such premium, which funds shall be used to offset the deficit.

(II) The surcharge is payable upon cancellation or termination of the policy, upon renewal of the policy, or upon issuance of a new policy by the corporation within the first 12 months after the date of the levy or the period of time necessary to fully collect the surcharge amount.

(III) The corporation may not levy any regular assessments under paragraph (q) pursuant to sub-subparagraph a. or sub-subparagraph b. with respect to a particular year's deficit until the corporation has first levied the full amount of the surcharge authorized by this sub-subparagraph.

(IV) The surcharge is not considered premium and is not subject to commissions, fees, or premium taxes. However, failure to pay the surcharge shall be treated as failure to pay premium.

k. ~~j~~ If the amount of any assessments or surcharges collected from corporation policyholders, assessable insurers or their policyholders, or assessable insureds exceeds the amount of the deficits, such excess amounts shall be remitted to and retained by the corporation in a reserve to be used by the corporation, as determined by the board of

governors and approved by the office, to pay claims or reduce any past, present, or future plan-year deficits or to reduce outstanding debt.

4. *The Citizens account, if established by the corporation pursuant to sub-subparagraph 2.b., is authorized to provide:*

a. *Personal residential policies that provide comprehensive, multi-peril coverage on risks that are not located in areas eligible for coverage by the Florida Windstorm Underwriting Association, as those areas were defined on January 1, 2002, and for policies that do not provide coverage for the peril of wind on risks that are located in such areas;*

b. *Commercial residential and commercial nonresidential policies that provide coverage for basic property perils on risks that are not located in areas eligible for coverage by the Florida Windstorm Underwriting Association, as those areas were defined on January 1, 2002, and for policies that do not provide coverage for the peril of wind on risks that are located in such areas; and*

c. *Personal residential policies and commercial residential and commercial nonresidential property policies that provide coverage for the peril of wind on risks that are located in areas eligible for coverage by the Florida Windstorm Underwriting Association, as those areas were defined on January 1, 2002. The corporation may offer policies that provide multiperil coverage and shall offer policies that provide coverage only for the peril of wind for risks located in areas eligible for coverage by the Florida Windstorm Underwriting Association, as those areas were defined on January 1, 2002. The corporation may not offer new commercial residential policies providing multiperil coverage, but shall continue to offer commercial residential wind-only policies, and may offer commercial residential policies excluding wind. However, the corporation may continue to renew a commercial residential multiperil policy on a building that was insured by the corporation on June 30, 2014, under a multiperil policy. In issuing multiperil coverage under this sub-subparagraph, the corporation may use its approved policy forms and rates for risks located in areas not eligible for coverage by the Florida Windstorm Underwriting Association as those areas were defined on January 1, 2002, and for policies that do not provide coverage for the peril of wind on risks that are located in such areas. An applicant or insured who is eligible to purchase a multiperil policy from the corporation may purchase a multiperil policy from an authorized insurer without prejudice to the applicant's or insured's eligibility to prospectively purchase a policy that provides coverage only for the peril of wind from the corporation. An applicant or insured who is eligible for a corporation policy that provides coverage only for the peril of wind may elect to purchase or retain such policy and also purchase or retain coverage excluding wind from an authorized insurer without prejudice to the applicant's or insured's eligibility to prospectively purchase a policy that provides multiperil coverage from the corporation. The following policies, which provide coverage only for the peril of wind, must also include quota share primary insurance under subparagraph (c)2.: Personal residential policies and commercial residential and commercial nonresidential property policies that provide coverage for the peril of wind on risks that are located in areas eligible for coverage by the Florida Windstorm Underwriting Association, as those areas were defined on January 1, 2002; policies that provide multiperil coverage, if offered by the corporation, and policies that provide coverage only for the peril of wind for risks located in areas eligible for coverage by the Florida Windstorm Underwriting Association, as those areas were defined on January 1, 2002; commercial residential wind-only policies; commercial residential policies excluding wind, if offered by the corporation; and commercial residential multiperil policies on a building that was insured by the corporation on June 30, 2014. The area eligible for coverage with the corporation under this sub-subparagraph includes the area within Port Canaveral, which is bordered on the south by the City of Cape Canaveral, bordered on the west by the Banana River, and bordered on the north by Federal Government property.*

5. *With respect to a deficit in the Citizens account:*

a. *Upon a determination by the board of governors that the Citizens account has a projected deficit, the board shall levy a Citizens policyholder surcharge against all policyholders of the corporation.*

(I) *The surcharge shall be levied as a uniform percentage of the premium for the policy of up to 15 percent of such premium, which funds shall be used to offset the deficit.*

(II) *The surcharge is payable upon cancellation or termination of the policy, upon renewal of the policy, or upon issuance of a new policy by the corporation within the first 12 months after the date of the levy or the period of time necessary to fully collect the surcharge amount.*

(III) *The surcharge is not considered premium and is not subject to commissions, fees, or premium taxes. However, failure to pay the surcharge shall be treated as failure to pay premium.*

b. *After accounting for the Citizens policyholder surcharge imposed under sub-subparagraph a., the remaining projected deficit incurred in the Citizens account in a particular calendar year shall be recovered through emergency assessments under sub-subparagraph c.*

c. *Upon a determination by the board of governors that a projected deficit in the Citizens account exceeds the amount that is expected to be recovered through surcharges under sub-subparagraph a., the board, after verification by the office, shall levy emergency assessments for as many years as necessary to cover the deficits, to be collected by assessable insurers and the corporation and collected from assessable insureds upon issuance or renewal of policies for subject lines of business, excluding National Flood Insurance Program policies. The amount collected in a particular year must be a uniform percentage of that year's direct written premium for subject lines of business and the Citizens account, National Flood Insurance Program policy premiums, as annually determined by the board and verified by the office. The office shall verify the arithmetic calculations involved in the board's determination within 30 days after receipt of the information on which the determination was based. The office shall notify assessable insurers and the Florida Surplus Lines Service Office of the date on which assessable insurers shall begin to collect and assessable insureds shall begin to pay such assessment. The date must be at least 90 days after the date the corporation levies emergency assessments pursuant to this sub-subparagraph. Notwithstanding any other law, the corporation and each assessable insurer that writes subject lines of business shall collect emergency assessments from its policyholders without such obligation being affected by any credit, limitation, exemption, or deferment. Emergency assessments levied by the corporation on assessable insureds shall be collected by the surplus lines agent at the time the surplus lines agent collects the surplus lines tax required by s. 626.932 and paid to the Florida Surplus Lines Service Office at the time the surplus lines agent pays the surplus lines tax to that office. The emergency assessments collected shall be transferred directly to the corporation on a periodic basis as determined by the corporation and held by the corporation solely in the Citizens account. The aggregate amount of emergency assessments levied for the Citizens account in any calendar year may be less than, but may not exceed the greater of, 10 percent of the amount needed to cover the deficit, plus interest, fees, commissions, required reserves, and other costs associated with financing the original deficit or 10 percent of the aggregate statewide direct written premium for subject lines of business and the Citizens accounts for the prior year, plus interest, fees, commissions, required reserves, and other costs associated with financing the deficit.*

d. *The corporation may pledge the proceeds of assessments, projected recoveries from the Florida Hurricane Catastrophe Fund, other insurance and reinsurance recoverables, policyholder surcharges and other surcharges, and other funds available to the corporation as the source of revenue for and to secure bonds issued under paragraph (q), bonds or other indebtedness issued under subparagraph (c)3., or lines of credit or other financing mechanisms issued or created under this subsection; or to retire any other debt incurred as a result of deficits or events giving rise to deficits, or in any other way that the board determines will efficiently recover such deficits. The purpose of the lines of credit or other financing mechanisms is to provide additional resources to assist the corporation in covering claims and expenses attributable to a catastrophe. As used in this subsection, the term "assessments" includes emergency assessments under sub-subparagraph c. Emergency assessments collected under sub-subparagraph c. are not part of an insurer's rates, are not premium, and are not subject to premium tax, fees, or commissions; however, failure to pay the emergency assessment shall be treated as failure to pay premium. The emergency assessments shall continue as long as any bonds issued or other indebtedness incurred with respect to a deficit for which the assessment was imposed remain outstanding, unless adequate provision has been made for the payment of such bonds or other indebtedness pursuant to the documents governing such bonds or indebtedness.*

e. As used in this subsection and for purposes of any deficit incurred on or after January 25, 2007, the term “subject lines of business” means insurance written by assessable insurers or procured by assessable insureds for all property and casualty lines of business in this state, but not including workers’ compensation or medical malpractice. As used in this sub-subparagraph, the term “property and casualty lines of business” includes all lines of business identified on Form 2, Exhibit of Premiums and Losses, in the annual statement required of authorized insurers under s. 624.424 and any rule adopted under this section, except for those lines identified as accident and health insurance and except for policies written under the National Flood Insurance Program or the Federal Crop Insurance Program. For purposes of this sub-subparagraph, the term “workers’ compensation” includes both workers’ compensation insurance and excess workers’ compensation insurance.

f. The Florida Surplus Lines Service Office shall annually determine the aggregate statewide written premium in subject lines of business procured by assessable insureds and report that information to the corporation in a form and at a time the corporation specifies to ensure that the corporation can meet the requirements of this subsection and the corporation’s financing obligations.

g. The Florida Surplus Lines Service Office shall verify the proper application by surplus lines agents of assessment percentages for emergency assessments levied under this subparagraph on assessable insureds and assist the corporation in ensuring the accurate, timely collection and payment of assessments by surplus lines agents as required by the corporation.

h. If the amount of (II) assessments or surcharges collected from corporation policyholders, assessable insurers or their policyholders, or assessable insureds exceeds the amount of the deficits, such excess amounts shall be remitted to and retained by the corporation in a reserve to be used by the corporation, as determined by the board of governors and approved by the office, to pay claims or reduce any past, present, or future plan-year deficits or to reduce outstanding debt.

(c) The corporation’s plan of operation:

1. Must provide for adoption of residential property and casualty insurance policy forms and commercial residential and nonresidential property insurance forms, which must be approved by the office before use. The corporation shall adopt the following policy forms:

a. Standard personal lines policy forms that are comprehensive multiperil policies providing full coverage of a residential property equivalent to the coverage provided in the private insurance market under an HO-3, HO-4, or HO-6 policy.

b. Basic personal lines policy forms that are policies similar to an HO-8 policy or a dwelling fire policy that provide coverage meeting the requirements of the secondary mortgage market, but which is more limited than the coverage under a standard policy.

c. Commercial lines residential and nonresidential policy forms that are generally similar to the basic perils of full coverage obtainable for commercial residential structures and commercial nonresidential structures in the admitted voluntary market.

d. Personal lines and commercial lines residential property insurance forms that cover the peril of wind only. The forms are applicable only to residential properties located in areas eligible for coverage by the Florida Windstorm Underwriting Association, as those areas were defined on January 1, 2002 ~~under the coastal account referred to in sub-subparagraph (b)2.a.~~

e. Commercial lines nonresidential property insurance forms that cover the peril of wind only. The forms are applicable only to nonresidential properties located in areas eligible for coverage by the Florida Windstorm Underwriting Association, as those areas were defined on January 1, 2002 ~~under the coastal account referred to in sub-subparagraph (b)2.a.~~

f. The corporation may adopt variations of the policy forms listed in sub-subparagraphs a.-e. which contain more restrictive coverage.

g. ~~Effective January 1, 2013,~~ The corporation shall offer a basic personal lines policy similar to an HO-8 policy with dwelling repair based on common construction materials and methods.

2. Must provide that the corporation adopt a program in which the corporation and authorized insurers enter into quota share primary insurance agreements for hurricane coverage, as defined in s. 627.4025(2)(a), for eligible risks, and adopt property insurance forms for eligible risks which cover the peril of wind only.

a. As used in this subsection, the term:

(I) “Quota share primary insurance” means an arrangement in which the primary hurricane coverage of an eligible risk is provided in specified percentages by the corporation and an authorized insurer. The corporation and authorized insurer are each solely responsible for a specified percentage of hurricane coverage of an eligible risk as set forth in a quota share primary insurance agreement between the corporation and an authorized insurer and the insurance contract. The responsibility of the corporation or authorized insurer to pay its specified percentage of hurricane losses of an eligible risk, as set forth in the agreement, may not be altered by the inability of the other party to pay its specified percentage of losses. Eligible risks that are provided hurricane coverage through a quota share primary insurance arrangement must be provided policy forms that set forth the obligations of the corporation and authorized insurer under the arrangement, clearly specify the percentages of quota share primary insurance provided by the corporation and authorized insurer, and conspicuously and clearly state that the authorized insurer and the corporation may not be held responsible beyond their specified percentage of coverage of hurricane losses.

(II) “Eligible risks” means personal lines residential and commercial lines residential risks that meet the underwriting criteria of the corporation and are located in areas that were eligible for coverage by the Florida Windstorm Underwriting Association on January 1, 2002.

b. The corporation may enter into quota share primary insurance agreements with authorized insurers at corporation coverage levels of 90 percent and 50 percent.

c. If the corporation determines that additional coverage levels are necessary to maximize participation in quota share primary insurance agreements by authorized insurers, the corporation may establish additional coverage levels. However, the corporation’s quota share primary insurance coverage level may not exceed 90 percent.

d. Any quota share primary insurance agreement entered into between an authorized insurer and the corporation must provide for a uniform specified percentage of coverage of hurricane losses, by county or territory as set forth by the corporation board, for all eligible risks of the authorized insurer covered under the agreement.

e. Any quota share primary insurance agreement entered into between an authorized insurer and the corporation is subject to review and approval by the office. However, such agreement shall be authorized only as to insurance contracts entered into between an authorized insurer and an insured who is already insured by the corporation for wind coverage.

f. For all eligible risks covered under quota share primary insurance agreements, the exposure and coverage levels for both the corporation and authorized insurers shall be reported by the corporation to the Florida Hurricane Catastrophe Fund. For all policies of eligible risks covered under such agreements, the corporation and the authorized insurer must maintain complete and accurate records for the purpose of exposure and loss reimbursement audits as required by fund rules. The corporation and the authorized insurer shall each maintain duplicate copies of policy declaration pages and supporting claims documents.

g. The corporation board shall establish in its plan of operation standards for quota share agreements which ensure that there is no discriminatory application among insurers as to the terms of the agreements, pricing of the agreements, incentive provisions if any, and consideration paid for servicing policies or adjusting claims.

h. The quota share primary insurance agreement between the corporation and an authorized insurer must set forth the specific terms under which coverage is provided, including, but not limited to, the sale and servicing of policies issued under the agreement by the insurance agent of the authorized insurer producing the business, the reporting of information concerning eligible risks, the payment of premium to the

corporation, and arrangements for the adjustment and payment of hurricane claims incurred on eligible risks by the claims adjuster and personnel of the authorized insurer. Entering into a quota sharing insurance agreement between the corporation and an authorized insurer is voluntary and at the discretion of the authorized insurer.

3. May provide that the corporation may employ or otherwise contract with individuals or other entities to provide administrative or professional services that may be appropriate to effectuate the plan. The corporation may borrow funds by issuing bonds or by incurring other indebtedness, and shall have other powers reasonably necessary to effectuate the requirements of this subsection, including, without limitation, the power to issue bonds and incur other indebtedness in order to refinance outstanding bonds or other indebtedness. The corporation may seek judicial validation of its bonds or other indebtedness under chapter 75. The corporation may issue bonds or incur other indebtedness, or have bonds issued on its behalf by a unit of local government pursuant to subparagraph (q)2. in the absence of a hurricane or other weather-related event, upon a determination by the corporation, subject to approval by the office, that such action would enable it to efficiently meet the financial obligations of the corporation and that such financings are reasonably necessary to effectuate the requirements of this subsection. The corporation may take all actions needed to facilitate tax-free status for such bonds or indebtedness, including formation of trusts or other affiliated entities. The corporation may pledge assessments, projected recoveries from the Florida Hurricane Catastrophe Fund, other reinsurance recoverables, policyholder surcharges and other surcharges, and other funds available to the corporation as security for bonds or other indebtedness. In recognition of s. 10, Art. I of the State Constitution, prohibiting the impairment of obligations of contracts, it is the intent of the Legislature that no action be taken whose purpose is to impair any bond indenture or financing agreement or any revenue source committed by contract to such bond or other indebtedness.

4. Must require that the corporation operate subject to the supervision and approval of a board of governors consisting of nine individuals who are residents of this state and who are from different geographical areas of the state, one of whom is appointed by the Governor and serves solely to advocate on behalf of the consumer. The appointment of a consumer representative by the Governor is deemed to be within the scope of the exemption provided in s. 112.313(7)(b) and is in addition to the appointments authorized under sub-subparagraph a.

a. The Governor, the Chief Financial Officer, the President of the Senate, and the Speaker of the House of Representatives shall each appoint two members of the board. At least one of the two members appointed by each appointing officer must have demonstrated expertise in insurance and be deemed to be within the scope of the exemption provided in s. 112.313(7)(b). The Chief Financial Officer shall designate one of the appointees as chair. All board members serve at the pleasure of the appointing officer. All members of the board are subject to removal at will by the officers who appointed them. All board members, including the chair, must be appointed to serve for 3-year terms beginning annually on a date designated by the plan. However, for the first term beginning on or after July 1, 2009, each appointing officer shall appoint one member of the board for a 2-year term and one member for a 3-year term. A board vacancy shall be filled for the unexpired term by the appointing officer. The Chief Financial Officer shall appoint a technical advisory group to provide information and advice to the board in connection with the board's duties under this subsection. The executive director and senior managers of the corporation shall be engaged by the board and serve at the pleasure of the board. Any executive director appointed on or after July 1, 2006, is subject to confirmation by the Senate. The executive director is responsible for employing other staff as the corporation may require, subject to review and concurrence by the board.

b. The board shall create a Market Accountability Advisory Committee to assist the corporation in developing awareness of its rates and its customer and agent service levels in relationship to the voluntary market insurers writing similar coverage.

(I) The members of the advisory committee consist of the following 11 persons, one of whom must be elected chair by the members of the committee: four representatives, one appointed by the Florida Association of Insurance Agents, one by the Florida Association of Insurance and Financial Advisors, one by the Professional Insurance Agents of

Florida, and one by the Latin American Association of Insurance Agencies; three representatives appointed by the insurers with the three highest voluntary market share of residential property insurance business in the state; one representative from the Office of Insurance Regulation; one consumer appointed by the board who is insured by the corporation at the time of appointment to the committee; one representative appointed by the Florida Association of Realtors; and one representative appointed by the Florida Bankers Association. All members shall be appointed to 3-year terms and may serve for consecutive terms.

(II) The committee shall report to the corporation at each board meeting on insurance market issues which may include rates and rate competition with the voluntary market; service, including policy issuance, claims processing, and general responsiveness to policyholders, applicants, and agents; and matters relating to depopulation.

5. Must provide a procedure for determining the eligibility of a risk for coverage, as follows:

a. Subject to s. 627.3517, with respect to personal lines residential risks, if the risk is offered coverage from an authorized insurer at the insurer's approved rate under a standard policy including wind coverage or, if consistent with the insurer's underwriting rules as filed with the office, a basic policy including wind coverage, for a new application to the corporation for coverage, the risk is not eligible for any policy issued by the corporation unless the premium for coverage from the authorized insurer is more than 20 percent greater than the premium for comparable coverage from the corporation. Whenever an offer of coverage for a personal lines residential risk is received for a policyholder of the corporation at renewal from an authorized insurer, if the offer is equal to or less than the corporation's renewal premium for comparable coverage, the risk is not eligible for coverage with the corporation *for policies that renew before April 1, 2023; for policies that renew on or after that date, the risk is not eligible for coverage with the corporation unless the premium for coverage from the authorized insurer is more than 20 percent greater than the corporation's renewal premium for comparable coverage.* If the risk is not able to obtain such offer, the risk is eligible for a standard policy including wind coverage or a basic policy including wind coverage issued by the corporation; however, if the risk could not be insured under a standard policy including wind coverage regardless of market conditions, the risk is eligible for a basic policy including wind coverage unless rejected under subparagraph 8. ~~However, a policyholder removed from the corporation through an assumption agreement remains eligible for coverage from the corporation until the end of the assumption period.~~ The corporation shall determine the type of policy to be provided on the basis of objective standards specified in the underwriting manual and based on generally accepted underwriting practices. *A policyholder removed from the corporation through an assumption agreement does not remain eligible for coverage from the corporation after the end of the policy term. However, any policy removed from the corporation through an assumption agreement remains on the corporation's policy forms through the end of the policy term.*

(I) If the risk accepts an offer of coverage through the market assistance plan or through a mechanism established by the corporation other than a plan established by s. 627.3518, before a policy is issued to the risk by the corporation or during the first 30 days of coverage by the corporation, and the producing agent who submitted the application to the plan or to the corporation is not currently appointed by the insurer, the insurer shall:

(A) Pay to the producing agent of record of the policy for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record of the policy to continue servicing the policy for at least 1 year and offer to pay the agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-sub-paragraph (A).

(II) If the corporation enters into a contractual agreement for a take-out plan, the producing agent of record of the corporation policy is entitled to retain any unearned commission on the policy, and the insurer shall:

(A) Pay to the producing agent of record, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record to continue servicing the policy for at least 1 year and offer to pay the agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-sub-paragraph (A).

b. With respect to commercial lines residential risks, for a new application to the corporation for coverage, if the risk is offered coverage under a policy including wind coverage from an authorized insurer at its approved rate, the risk is not eligible for a policy issued by the corporation unless the premium for coverage from the authorized insurer is more than 20 ~~15~~ percent greater than the premium for comparable coverage from the corporation. Whenever an offer of coverage for a commercial lines residential risk is received for a policyholder of the corporation at renewal from an authorized insurer, ~~if the offer is equal to or less than the corporation's renewal premium for comparable coverage,~~ the risk is not eligible for coverage with the corporation ~~unless the premium for coverage from the authorized insurer is more than 20 percent greater than the corporation's renewal premium for comparable coverage.~~ If the risk is not able to obtain any such offer, the risk is eligible for a policy including wind coverage issued by the corporation. ~~However,~~ A policyholder removed from the corporation through an assumption agreement remains eligible for coverage from the corporation until the end of the *policy term*. ~~However, any policy removed from the corporation through an assumption agreement remains on the corporation's policy forms through the end of the policy term assumption period.~~

(I) If the risk accepts an offer of coverage through the market assistance plan or through a mechanism established by the corporation other than a plan established by s. 627.3518, before a policy is issued to the risk by the corporation or during the first 30 days of coverage by the corporation, and the producing agent who submitted the application to the plan or the corporation is not currently appointed by the insurer, the insurer shall:

(A) Pay to the producing agent of record of the policy, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record of the policy to continue servicing the policy for at least 1 year and offer to pay the agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-sub-paragraph (A).

(II) If the corporation enters into a contractual agreement for a take-out plan, the producing agent of record of the corporation policy is entitled to retain any unearned commission on the policy, and the insurer shall:

(A) Pay to the producing agent of record, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record to continue servicing the policy for at least 1 year and offer to pay the agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-sub-paragraph (A).

c. For purposes of determining comparable coverage under sub-subparagraphs a. and b., the comparison must be based on those forms and coverages that are reasonably comparable. The corporation may rely on a determination of comparable coverage and premium made by the producing agent who submits the application to the corporation, made in the agent's capacity as the corporation's agent. *For purposes of comparing the premium for comparable coverage under sub-subparagraphs a. and b., premium includes any surcharge or assessment that is actually applied to such policy.* A comparison may be made solely of the premium with respect to the main building or structure only on the following basis: the same coverage A or other building limits; the same percentage hurricane deductible that applies on an annual basis or that applies to each hurricane for commercial residential property; the same percentage of ordinance and law coverage, if the same limit is offered by both the corporation and the authorized insurer; the same mitigation credits, to the extent the same types of credits are offered both by the corporation and the authorized insurer; the same method for loss payment, such as replacement cost or actual cash value, if the same method is offered both by the corporation and the authorized insurer in accordance with underwriting rules; and any other form or coverage that is reasonably comparable as determined by the board. If an application is submitted to the corporation for wind-only coverage *on a risk that is located in an area eligible for coverage by the Florida Windstorm Underwriting Association, as that area was defined on January 1, 2002 in the coastal account,* the premium for the corporation's wind-only policy plus the premium for the ex-wind policy that is offered by an authorized insurer to the applicant must be compared to the premium for multiperil coverage offered by an authorized insurer, subject to the standards for comparison specified in this subparagraph. If the corporation or the applicant requests from the authorized insurer a breakdown of the premium of the offer by types of coverage so that a comparison may be made by the corporation or its agent and the authorized insurer refuses or is unable to provide such information, the corporation may treat the offer as not being an offer of coverage from an authorized insurer at the insurer's approved rate.

6. Must include rules for classifications of risks and rates.

7. Must provide that if premium and investment income:

a. For an account attributable to a particular calendar year are in excess of projected losses and expenses for the account attributable to that year, such excess shall be held in surplus in the account. Such surplus must be available to defray deficits in that account as to future years and used for that purpose before assessing assessable insurers and assessable insureds as to any calendar year; *or*

b. *For the Citizens account, if established by the corporation, which are attributable to a particular calendar year are in excess of projected losses and expenses for the Citizens account attributable to that year, such excess shall be held in surplus in the Citizens account. Such surplus must be available to defray deficits in the Citizens account as to future years and used for that purpose before assessing assessable insurers and assessable insureds as to any calendar year.*

8. Must provide objective criteria and procedures to be uniformly applied to all applicants in determining whether an individual risk is so hazardous as to be uninsurable. In making this determination and in establishing the criteria and procedures, the following must be considered:

a. Whether the likelihood of a loss for the individual risk is substantially higher than for other risks of the same class; and

b. Whether the uncertainty associated with the individual risk is such that an appropriate premium cannot be determined.

The acceptance or rejection of a risk by the corporation shall be construed as the private placement of insurance, and the provisions of chapter 120 do not apply.

9. Must provide that the corporation make its best efforts to procure catastrophe reinsurance at reasonable rates, to cover its projected 100-year probable maximum loss as determined by the board of governors. If

catastrophe reinsurance is not available at reasonable rates, the corporation need not purchase it, but the corporation shall include the costs of reinsurance to cover its projected 100-year probable maximum loss in its rate calculations even if it does not purchase catastrophe reinsurance.

10. The policies issued by the corporation must provide that if the corporation or the market assistance plan obtains an offer from an authorized insurer to cover the risk at its approved rates, the risk is no longer eligible for renewal through the corporation, except as otherwise provided in this subsection.

11. Corporation policies and applications must include a notice that the corporation policy could, under this section, be replaced with a policy issued by an authorized insurer which does not provide coverage identical to the coverage provided by the corporation. The notice must also specify that acceptance of corporation coverage creates a conclusive presumption that the applicant or policyholder is aware of this potential.

12. May establish, subject to approval by the office, different eligibility requirements and operational procedures for any line or type of coverage for any specified county or area if the board determines that such changes are justified due to the voluntary market being sufficiently stable and competitive in such area or for such line or type of coverage and that consumers who, in good faith, are unable to obtain insurance through the voluntary market through ordinary methods continue to have access to coverage from the corporation. If coverage is sought in connection with a real property transfer, the requirements and procedures may not provide an effective date of coverage later than the date of the closing of the transfer as established by the transferor, the transferee, and, if applicable, the lender.

13. Must provide that:-

a. With respect to the coastal account, any assessable insurer with a surplus as to policyholders of \$25 million or less writing 25 percent or more of its total countrywide property insurance premiums in this state may petition the office, within the first 90 days of each calendar year, to qualify as a limited apportionment company. A regular assessment levied by the corporation on a limited apportionment company for a deficit incurred by the corporation for the coastal account may be paid to the corporation on a monthly basis as the assessments are collected by the limited apportionment company from its insureds, but a limited apportionment company must begin collecting the regular assessments not later than 90 days after the regular assessments are levied by the corporation, and the regular assessments must be paid in full within 15 months after being levied by the corporation. A limited apportionment company shall collect from its policyholders any emergency assessment imposed under sub-subparagraph (b)3.e. ~~(b)3.d.~~ The plan must provide that, if the office determines that any regular assessment will result in an impairment of the surplus of a limited apportionment company, the office may direct that all or part of such assessment be deferred as provided in subparagraph (q)4. However, an emergency assessment to be collected from policyholders under sub-subparagraph (b)3.e. ~~(b)3.d.~~ may not be limited or deferred; or

b. *With respect to the Citizens account, if established by the corporation pursuant to sub-subparagraph (b)2.b., any assessable insurer with a surplus as to policyholders of \$25 million or less and writing 25 percent or more of its total countrywide property insurance premiums in this state may petition the office, within the first 90 days of each calendar year, to qualify as a limited apportionment company. A limited apportionment company shall collect from its policyholders any emergency assessment imposed under sub-subparagraph (b)5.c. An emergency assessment to be collected from policyholders under sub-subparagraph (b)5.c. may not be limited or deferred.*

14. Must provide that the corporation appoint as its licensed agents only those agents who throughout such appointments also hold an appointment as defined in s. 626.015 by an insurer who is authorized to write and is actually writing or renewing personal lines residential property coverage, commercial residential property coverage, or commercial nonresidential property coverage within the state.

15. Must provide a premium payment plan option to its policyholders which, at a minimum, allows for quarterly and semiannual

payment of premiums. A monthly payment plan may, but is not required to, be offered.

16. Must limit coverage on mobile homes or manufactured homes built before 1994 to actual cash value of the dwelling rather than replacement costs of the dwelling.

17. Must provide coverage for manufactured or mobile home dwellings. Such coverage must also include the following attached structures:

a. Screened enclosures that are aluminum framed or screened enclosures that are not covered by the same or substantially the same materials as those of the primary dwelling;

b. Carports that are aluminum or carports that are not covered by the same or substantially the same materials as those of the primary dwelling; and

c. Patios that have a roof covering that is constructed of materials that are not the same or substantially the same materials as those of the primary dwelling.

The corporation shall make available a policy for mobile homes or manufactured homes for a minimum insured value of at least \$3,000.

18. May provide such limits of coverage as the board determines, consistent with the requirements of this subsection.

19. May require commercial property to meet specified hurricane mitigation construction features as a condition of eligibility for coverage.

20. Must provide that new or renewal policies issued by the corporation on or after January 1, 2012, which cover sinkhole loss do not include coverage for any loss to appurtenant structures, driveways, sidewalks, decks, or patios that are directly or indirectly caused by sinkhole activity. The corporation shall exclude such coverage using a notice of coverage change, which may be included with the policy renewal, and not by issuance of a notice of nonrenewal of the excluded coverage upon renewal of the current policy.

21.a. As of January 1, 2012, *unless the Citizens account has been established pursuant to sub-subparagraph (b)2.b.*, must require that the agent obtain from an applicant for coverage from the corporation an acknowledgment signed by the applicant, which includes, at a minimum, the following statement:

ACKNOWLEDGMENT OF POTENTIAL SURCHARGE

AND ASSESSMENT LIABILITY:

1. AS A POLICYHOLDER OF CITIZENS PROPERTY INSURANCE CORPORATION, I UNDERSTAND THAT IF THE CORPORATION SUSTAINS A DEFICIT AS A RESULT OF HURRICANE LOSSES OR FOR ANY OTHER REASON, MY POLICY COULD BE SUBJECT TO SURCHARGES, WHICH WILL BE DUE AND PAYABLE UPON RENEWAL, CANCELLATION, OR TERMINATION OF THE POLICY, AND THAT THE SURCHARGES COULD BE AS HIGH AS 45 PERCENT OF MY PREMIUM, OR A DIFFERENT AMOUNT AS IMPOSED BY THE FLORIDA LEGISLATURE.

2. I UNDERSTAND THAT I CAN AVOID THE CITIZENS POLICYHOLDER SURCHARGE, WHICH COULD BE AS HIGH AS 45 PERCENT OF MY PREMIUM, BY OBTAINING COVERAGE FROM A PRIVATE MARKET INSURER AND THAT TO BE ELIGIBLE FOR COVERAGE BY CITIZENS, I MUST FIRST TRY TO OBTAIN PRIVATE MARKET COVERAGE BEFORE APPLYING FOR OR RENEWING COVERAGE WITH CITIZENS. I UNDERSTAND THAT PRIVATE MARKET INSURANCE RATES ARE REGULATED AND APPROVED BY THE STATE.

3. I UNDERSTAND THAT I MAY BE SUBJECT TO EMERGENCY ASSESSMENTS TO THE SAME EXTENT AS POLICYHOLDERS OF OTHER INSURANCE COMPANIES, OR A DIFFERENT AMOUNT AS IMPOSED BY THE FLORIDA LEGISLATURE.

4. I ALSO UNDERSTAND THAT CITIZENS PROPERTY INSURANCE CORPORATION IS NOT SUPPORTED BY THE FULL FAITH AND CREDIT OF THE STATE OF FLORIDA.

b. *The corporation must require, if it has established the Citizens account pursuant to sub-subparagraph (b)2.b., that the agent obtain from an applicant for coverage from the corporation the following acknowledgment signed by the applicant, which includes, at a minimum, the following statement:*

**ACKNOWLEDGMENT OF POTENTIAL SURCHARGE
AND ASSESSMENT LIABILITY:**

1. AS A POLICYHOLDER OF CITIZENS PROPERTY INSURANCE CORPORATION, I UNDERSTAND THAT IF THE CORPORATION SUSTAINS A DEFICIT AS A RESULT OF HURRICANE LOSSES OR FOR ANY OTHER REASON, MY POLICY COULD BE SUBJECT TO SURCHARGES AND ASSESSMENTS, WHICH WILL BE DUE AND PAYABLE UPON RENEWAL, CANCELLATION, OR TERMINATION OF THE POLICY, AND THAT THE SURCHARGES AND ASSESSMENTS COULD BE AS HIGH AS 25 PERCENT OF MY PREMIUM, OR A DIFFERENT AMOUNT AS IMPOSED BY THE FLORIDA LEGISLATURE.

2. I UNDERSTAND THAT I CAN AVOID THE CITIZENS POLICYHOLDER SURCHARGE, WHICH COULD BE AS HIGH AS 15 PERCENT OF MY PREMIUM, BY OBTAINING COVERAGE FROM A PRIVATE MARKET INSURER AND THAT TO BE ELIGIBLE FOR COVERAGE BY CITIZENS, I MUST FIRST TRY TO OBTAIN PRIVATE MARKET COVERAGE BEFORE APPLYING FOR OR RENEWING COVERAGE WITH CITIZENS. I UNDERSTAND THAT PRIVATE MARKET INSURANCE RATES ARE REGULATED AND APPROVED BY THE STATE.

3. I UNDERSTAND THAT I MAY BE SUBJECT TO EMERGENCY ASSESSMENTS TO THE SAME EXTENT AS POLICYHOLDERS OF OTHER INSURANCE COMPANIES, OR A DIFFERENT AMOUNT AS IMPOSED BY THE FLORIDA LEGISLATURE.

4. I ALSO UNDERSTAND THAT CITIZENS PROPERTY INSURANCE CORPORATION IS NOT SUPPORTED BY THE FULL FAITH AND CREDIT OF THE STATE OF FLORIDA.

c. The corporation shall maintain, in electronic format or otherwise, a copy of the applicant's signed acknowledgment and provide a copy of the statement to the policyholder as part of the first renewal after the effective date of sub-subparagraph a. or sub-subparagraph b., as applicable ~~this subparagraph~~.

d. The signed acknowledgment form creates a conclusive presumption that the policyholder understood and accepted his or her potential surcharge and assessment liability as a policyholder of the corporation.

(n)1. Rates for coverage provided by the corporation must be actuarially sound ~~pursuant and subject to~~ s. 627.062 and not competitive with approved rates charged in the admitted voluntary market so that the corporation functions as a residual market mechanism to provide insurance only when insurance cannot be procured in the voluntary market, except as otherwise provided in this paragraph. The office shall provide the corporation such information as would be necessary to determine whether rates are competitive. The corporation shall file its recommended rates with the office at least annually. The corporation shall provide any additional information regarding the rates which the office requires. The office shall consider the recommendations of the board and issue a final order establishing the rates for the corporation within 45 days after the recommended rates are filed. The corporation may not pursue an administrative challenge or judicial review of the final order of the office.

2. In addition to the rates otherwise determined pursuant to this paragraph, the corporation shall impose and collect an amount equal to the premium tax provided in s. 624.509 to augment the financial resources of the corporation.

3. After the public hurricane loss-projection model under s. 627.06281 has been found to be accurate and reliable by the Florida Commission on Hurricane Loss Projection Methodology, the model shall

be considered when establishing the windstorm portion of the corporation's rates. The corporation may use the public model results in combination with the results of private models to calculate rates for the windstorm portion of the corporation's rates. This subparagraph does not require or allow the corporation to adopt rates lower than the rates otherwise required or allowed by this paragraph.

4. The corporation must make a recommended actuarially sound rate filing for each personal and commercial line of business it writes.

5. Notwithstanding the board's recommended rates and the office's final order regarding the corporation's filed rates under subparagraph 1., the corporation shall annually implement a rate increase which, except for sinkhole coverage, does not exceed the following for any single policy issued by the corporation, excluding coverage changes and surcharges:

- a. ~~Eleven percent for 2022.~~
- b. Twelve percent for 2023.
- b.e. Thirteen percent for 2024.
- c.d. Fourteen percent for 2025.
- d.e. Fifteen percent for 2026 and all subsequent years.

6. The corporation may also implement an increase to reflect the effect on the corporation of the cash buildup factor pursuant to s. 215.555(5)(b).

7. The corporation's implementation of rates as prescribed in ~~subparagraphs 5. and 8.~~ ~~subparagraph 5.~~ shall cease for any line of business written by the corporation upon the corporation's implementation of actuarially sound rates. Thereafter, the corporation shall annually make a recommended actuarially sound rate filing that is not competitive with approved rates in the admitted voluntary market for each commercial and personal line of business the corporation writes.

8. For any new or renewal personal lines policy written on or after November 1, 2023, which does not cover a primary residence, the rate to be applied in calculating premium is not subject to the rate increase limitations in subparagraph 5. However, the policyholder may not be charged more than 50 percent above, and may not be charged less than, the established rate for the corporation which was in effect 1 year before the date of the application.

9. As used in this paragraph, the term "primary residence" means the dwelling that is the policyholder's primary home or is a rental property that is the primary home of the tenant, and which the policyholder or tenant occupies for more than 9 months of each year.

(o) If coverage in an account, or the Citizens account if established by the corporation, is deactivated pursuant to paragraph (p), coverage through the corporation shall be reactivated by order of the office only under one of the following circumstances:

1. If the market assistance plan receives a minimum of 100 applications for coverage within a 3-month period, or 200 applications for coverage within a 1-year period or less for residential coverage, unless the market assistance plan provides a quotation from admitted carriers at their filed rates for at least 90 percent of such applicants. Any market assistance plan application that is rejected because an individual risk is so hazardous as to be uninsurable using the criteria specified in subparagraph (c)8. shall not be included in the minimum percentage calculation provided herein. In the event that there is a legal or administrative challenge to a determination by the office that the conditions of this subparagraph have been met for eligibility for coverage in the corporation, any eligible risk may obtain coverage during the pendency of such challenge.

2. In response to a state of emergency declared by the Governor under s. 252.36, the office may activate coverage by order for the period of the emergency upon a finding by the office that the emergency significantly affects the availability of residential property insurance.

(p)1. The corporation shall file with the office quarterly statements of financial condition, an annual statement of financial condition, and audited financial statements in the manner prescribed by law. In ad-

dition, the corporation shall report to the office monthly on the types, premium, exposure, and distribution by county of its policies in force, and shall submit other reports as the office requires to carry out its oversight of the corporation.

2. The activities of the corporation shall be reviewed at least annually by the office to determine whether coverage shall be deactivated in an account, or in the *Citizens account if established by the corporation*, on the basis that the conditions giving rise to its activation no longer exist.

(q)1. The corporation shall certify to the office its needs for annual assessments as to a particular calendar year, and for any interim assessments that it deems to be necessary to sustain operations as to a particular year pending the receipt of annual assessments. Upon verification, the office shall approve such certification, and the corporation shall levy such annual or interim assessments. Such assessments shall be prorated, *if authority to levy exists*, as provided in paragraph (b). The corporation shall take all reasonable and prudent steps necessary to collect the amount of assessments due from each assessable insurer, including, if prudent, filing suit to collect the assessments, and the office may provide such assistance to the corporation it deems appropriate. If the corporation is unable to collect an assessment from any assessable insurer, the uncollected assessments shall be levied as an additional assessment against the assessable insurers and any assessable insurer required to pay an additional assessment as a result of such failure to pay shall have a cause of action against such nonpaying assessable insurer. Assessments shall be included as an appropriate factor in the making of rates. The failure of a surplus lines agent to collect and remit any regular or emergency assessment levied by the corporation is considered to be a violation of s. 626.936 and subjects the surplus lines agent to the penalties provided in that section.

2. The governing body of any unit of local government, any residents of which are insured by the corporation, may issue bonds as defined in s. 125.013 or s. 166.101 from time to time to fund an assistance program, in conjunction with the corporation, for the purpose of defraying deficits of the corporation. In order to avoid needless and indiscriminate proliferation, duplication, and fragmentation of such assistance programs, any unit of local government, any residents of which are insured by the corporation, may provide for the payment of losses, regardless of whether or not the losses occurred within or outside of the territorial jurisdiction of the local government. Revenue bonds under this subparagraph may not be issued until validated pursuant to chapter 75, unless a state of emergency is declared by executive order or proclamation of the Governor pursuant to s. 252.36 making such findings as are necessary to determine that it is in the best interests of, and necessary for, the protection of the public health, safety, and general welfare of residents of this state and declaring it an essential public purpose to permit certain municipalities or counties to issue such bonds as will permit relief to claimants and policyholders of the corporation. Any such unit of local government may enter into such contracts with the corporation and with any other entity created pursuant to this subsection as are necessary to carry out this paragraph. Any bonds issued under this subparagraph shall be payable from and secured by moneys received by the corporation from emergency assessments under sub-subparagraph (b)3.e. ~~(b)3.d.~~, and assigned and pledged to or on behalf of the unit of local government for the benefit of the holders of such bonds. The funds, credit, property, and taxing power of the state or of the unit of local government shall not be pledged for the payment of such bonds.

3.a. The corporation shall adopt one or more programs subject to approval by the office for the reduction of both new and renewal writings in the corporation. Beginning January 1, 2008, any program the corporation adopts for the payment of bonuses to an insurer for each risk the insurer removes from the corporation shall comply with s. 627.3511(2) and may not exceed the amount referenced in s. 627.3511(2) for each risk removed. The corporation may consider any prudent and not unfairly discriminatory approach to reducing corporation writings, and may adopt a credit against assessment liability or other liability that provides an incentive for insurers to take risks out of the corporation and to keep risks out of the corporation by maintaining or increasing voluntary writings in counties or areas in which corporation risks are highly concentrated and a program to provide a formula under which an insurer voluntarily taking risks out of the corporation by maintaining or increasing voluntary writings will be relieved wholly or partially from assessments under sub-subparagraph (b)3.a. However,

any "take-out bonus" or payment to an insurer must be conditioned on the property being insured for at least 5 years by the insurer, unless canceled or nonrenewed by the policyholder. If the policy is canceled or nonrenewed by the policyholder before the end of the 5-year period, the amount of the take-out bonus must be prorated for the time period the policy was insured. When the corporation enters into a contractual agreement for a take-out plan, the producing agent of record of the corporation policy is entitled to retain any unearned commission on such policy, and the insurer shall either:

(I) Pay to the producing agent of record of the policy, for the first year, an amount which is the greater of the insurer's usual and customary commission for the type of policy written or a policy fee equal to the usual and customary commission of the corporation; or

(II) Offer to allow the producing agent of record of the policy to continue servicing the policy for a period of not less than 1 year and offer to pay the agent the insurer's usual and customary commission for the type of policy written. If the producing agent is unwilling or unable to accept appointment by the new insurer, the new insurer shall pay the agent in accordance with sub-sub-subparagraph (I).

b. Any credit or exemption from regular assessments adopted under this subparagraph shall last no longer than the 3 years following the cancellation or expiration of the policy by the corporation. With the approval of the office, the board may extend such credits for an additional year if the insurer guarantees an additional year of renewability for all policies removed from the corporation, or for 2 additional years if the insurer guarantees 2 additional years of renewability for all policies so removed.

c. There shall be no credit, limitation, exemption, or deferment from emergency assessments to be collected from policyholders pursuant to sub-subparagraph (b)3.e. or sub-subparagraph (b)5.c. ~~(b)3.d.~~

4. The plan shall provide for the deferment, in whole or in part, of the assessment of an assessable insurer, other than an emergency assessment collected from policyholders pursuant to sub-subparagraph (b)3.e. or sub-subparagraph (b)5.c. ~~(b)3.d.~~, if the office finds that payment of the assessment would endanger or impair the solvency of the insurer. In the event an assessment against an assessable insurer is deferred in whole or in part, the amount by which such assessment is deferred may be assessed against the other assessable insurers in a manner consistent with the basis for assessments set forth in paragraph (b).

5. Effective July 1, 2007, in order to evaluate the costs and benefits of approved take-out plans, if the corporation pays a bonus or other payment to an insurer for an approved take-out plan, it shall maintain a record of the address or such other identifying information on the property or risk removed in order to track if and when the property or risk is later insured by the corporation.

6. Any policy taken out, assumed, or removed from the corporation is, as of the effective date of the take-out, assumption, or removal, direct insurance issued by the insurer and not by the corporation, even if the corporation continues to service the policies. This subparagraph applies to policies of the corporation and not policies taken out, assumed, or removed from any other entity.

7. For a policy taken out, assumed, or removed from the corporation, the insurer may, for a period of no more than 3 years, continue to use any of the corporation's policy forms or endorsements that apply to the policy taken out, removed, or assumed without obtaining approval from the office for use of such policy form or endorsement.

(v)1. Effective July 1, 2002, policies of the Residential Property and Casualty Joint Underwriting Association become policies of the corporation. All obligations, rights, assets and liabilities of the association, including bonds, note and debt obligations, and the financing documents pertaining to them become those of the corporation as of July 1, 2002. The corporation is not required to issue endorsements or certificates of assumption to insureds during the remaining term of in-force transferred policies.

2. Effective July 1, 2002, policies of the Florida Windstorm Underwriting Association are transferred to the corporation and become policies of the corporation. All obligations, rights, assets, and liabilities of the association, including bonds, note and debt obligations, and the fi-

ancing documents pertaining to them are transferred to and assumed by the corporation on July 1, 2002. The corporation is not required to issue endorsements or certificates of assumption to insureds during the remaining term of in-force transferred policies.

3. The Florida Windstorm Underwriting Association and the Residential Property and Casualty Joint Underwriting Association shall take all actions necessary to further evidence the transfers and provide the documents and instruments of further assurance as may reasonably be requested by the corporation for that purpose. The corporation shall execute assumptions and instruments as the trustees or other parties to the financing documents of the Florida Windstorm Underwriting Association or the Residential Property and Casualty Joint Underwriting Association may reasonably request to further evidence the transfers and assumptions, which transfers and assumptions, however, are effective on the date provided under this paragraph whether or not, and regardless of the date on which, the assumptions or instruments are executed by the corporation. Subject to the relevant financing documents pertaining to their outstanding bonds, notes, indebtedness, or other financing obligations, the moneys, investments, receivables, choses in action, and other intangibles of the Florida Windstorm Underwriting Association shall be credited to the coastal account of the corporation, and those of the personal lines residential coverage account and the commercial lines residential coverage account of the Residential Property and Casualty Joint Underwriting Association shall be credited to the personal lines account and the commercial lines account, respectively, of the corporation.

4. Effective July 1, 2002, a new applicant for property insurance coverage who would otherwise have been eligible for coverage in the Florida Windstorm Underwriting Association is eligible for coverage from the corporation as provided in this subsection.

5. The transfer of all policies, obligations, rights, assets, and liabilities from the Florida Windstorm Underwriting Association to the corporation and the renaming of the Residential Property and Casualty Joint Underwriting Association as the corporation does not affect the coverage with respect to covered policies as defined in s. 215.555(2)(c) provided to these entities by the Florida Hurricane Catastrophe Fund. The coverage provided by the fund to the Florida Windstorm Underwriting Association based on its exposures as of June 30, 2002, and each June 30 thereafter, *unless the corporation has established the Citizens account*, shall be redesignated as coverage for the coastal account of the corporation. Notwithstanding any other provision of law, the coverage provided by the fund to the Residential Property and Casualty Joint Underwriting Association based on its exposures as of June 30, 2002, and each June 30 thereafter, *unless the corporation has established the Citizens account*, shall be transferred to the personal lines account and the commercial lines account of the corporation. Notwithstanding any other provision of law, the coastal account, *unless the corporation has established the Citizens account*, shall be treated, for all Florida Hurricane Catastrophe Fund purposes, as if it were a separate participating insurer with its own exposures, reimbursement premium, and loss reimbursement. Likewise, the personal lines and commercial lines accounts, *unless the corporation has established the Citizens account*, shall be viewed together, for all fund purposes, as if the two accounts were one and represent a single, separate participating insurer with its own exposures, reimbursement premium, and loss reimbursement. The coverage provided by the fund to the corporation shall constitute and operate as a full transfer of coverage from the Florida Windstorm Underwriting Association and Residential Property and Casualty Joint Underwriting Association to the corporation.

(w) Notwithstanding any other provision of law:

1. The pledge or sale of, the lien upon, and the security interest in any rights, revenues, or other assets of the corporation created or purported to be created pursuant to any financing documents to secure any bonds or other indebtedness of the corporation shall be and remain valid and enforceable, notwithstanding the commencement of and during the continuation of, and after, any rehabilitation, insolvency, liquidation, bankruptcy, receivership, conservatorship, reorganization, or similar proceeding against the corporation under the laws of this state.

2. The proceeding does not relieve the corporation of its obligation, or otherwise affect its ability to perform its obligation, to continue to collect, or levy and collect, assessments, policyholder surcharges or other surcharges under sub-subparagraph (b)3.j. ~~(b)3.i.~~, or any other

rights, revenues, or other assets of the corporation pledged pursuant to any financing documents.

4. Any such pledge or sale of assessments, revenues, contract rights, or other rights or assets of the corporation shall constitute a lien and security interest, or sale, as the case may be, that is immediately effective and attaches to such assessments, revenues, or contract rights or other rights or assets, whether or not imposed or collected at the time the pledge or sale is made. Any such pledge or sale is effective, valid, binding, and enforceable against the corporation or other entity making such pledge or sale, and valid and binding against and superior to any competing claims or obligations owed to any other person or entity, including policyholders in this state, asserting rights in any such assessments, revenues, or contract rights or other rights or assets to the extent set forth in and in accordance with the terms of the pledge or sale contained in the applicable financing documents, whether or not any such person or entity has notice of such pledge or sale and without the need for any physical delivery, recordation, filing, or other action.

If the acknowledgment is not in writing, a notification indicating acknowledgment shall be made in the insurer's claim file and dated. A communication made to or by a representative of an insurer with respect to a claim shall constitute communication to or by the insurer.

(3)(a) Unless otherwise provided by the policy of insurance or by law, within 7 ~~14~~ days after an insurer receives proof-of-loss statements, the insurer shall begin such investigation as is reasonably necessary unless the failure to begin such investigation is caused by factors beyond the control of the insurer ~~which reasonably prevent the commencement of such investigation.~~

The insurer also may allow the policyholder to use such methods to assist in the investigation of the loss. An insurer may void the insurance policy if the policyholder or any other person at the direction of the policyholder, with intent to injure, defraud, or deceive any insurer, commits insurance fraud by providing false, incomplete, or misleading information concerning any fact or thing material to a claim using electronic methods. The use of electronic methods to investigate the loss does not prohibit an insurer from assigning a licensed adjuster to physically inspect the property.~~

~~(e) Within 7 days after the insurer's assignment of an adjuster to the claim, The insurer must send notify the policyholder that he or she may request a copy of any detailed estimate of the amount of the loss within 7 days after the estimate is generated by an insurer's adjuster. After receiving such a request from the policyholder, the insurer must send any such detailed estimate to the policyholder within the later of 7 days after the insurer received the request or 7 days after the detailed estimate of the amount of the loss is completed. The office may not extend the period for payment or denial of a claim for more than 30 additional days.

(b) "Insurer" means any residential property insurer.

(7)(a) Within 45 ~~90~~ days after an insurer receives notice of an initial, reopened, or supplemental property insurance claim from a policyholder, the insurer shall pay or deny such claim or a portion of the claim unless the failure to pay is caused by factors beyond the control of the insurer ~~which reasonably prevent such payment.~~ The insurer shall provide a reasonable explanation in writing to the policyholder of the basis in the insurance policy, in relation to the facts or applicable law, for the payment, denial, or partial denial of a claim. If the insurer's claim payment is less than specified in any insurer's detailed estimate of the amount of the loss, the insurer must provide a reasonable explanation in writing of the difference to the policyholder. Any payment of an initial or supplemental claim or portion of such claim made 45 ~~90~~ days after the insurer receives notice of the claim, or made ~~more than 15~~ ~~days~~ after the expiration of any additional timeframe provided to pay or deny a claim or a portion of a claim made pursuant to an order of the office finding ~~there are no longer~~ factors beyond the control of the insurer ~~which reasonably prevented such payment,~~ whichever is later, bears interest at the rate set forth in s. 55.03. Interest begins to accrue from the date the insurer receives notice of the claim. The provisions of this subsection may not be waived, voided, or nullified by the terms of the insurance policy. If there is a right to prejudgment interest, the insured must select whether to receive prejudgment interest or interest under this subsection. Interest is payable when the claim or portion of the claim is paid. Failure to comply with this subsection constitutes a violation of this code. However, failure to comply with this subsection does not form the sole basis for a private cause of action.

(8) The requirements of this section are tolled:

(a) During the pendency of any mediation proceeding under s. 627.7015 or any alternative dispute resolution proceeding provided for in the insurance contract. The tolling period ends upon the end of the mediation or alternative dispute resolution proceeding.

(b) Upon the failure of a policyholder or a representative of the policyholder to provide material claims information requested by the insurer within 10 days after the request was received. The tolling period ends upon the insurer's receipt of the requested information. Tolling under this paragraph applies only to requests sent by the insurer to the policyholder or a representative of the policyholder at least 15 days before the insurer is required to pay or deny the claim or a portion of the claim under subsection (7).

A supplemental claim is barred unless notice of the supplemental claim was given to the insurer in accordance with the terms of the policy within 18 months ~~2 years~~ after the date of loss.

~~(c) In awarding attorney fees under this subsection, a strong presumption is created that a lodestar fee is sufficient and reasonable. Such presumption may be rebutted only in a rare and exceptional circumstance with evidence that competent counsel could not be retained in a reasonable manner.~~

Section 18. Section 627.70154, Florida Statutes, is created to read:

627.70154 *Mandatory binding arbitration.*—A property insurance policy issued in this state may not require that a policyholder participate in mandatory binding arbitration unless all of the following apply:

(1) The mandatory binding arbitration requirements are contained in a separate endorsement attached to the property insurance policy.

(2) The premium that a policyholder is charged for the policy includes an actuarially sound credit or premium discount for the mandatory binding arbitration endorsement.

(3) The policyholder signs a form electing to accept mandatory binding arbitration. The form must notify the policyholder of the rights given up in exchange for the credit or premium discount, including, but not limited to, the right to a trial by jury.

(4) The endorsement establishes that an insurer will comply with the mediation provisions set forth in s. 627.7015 before the initiation of arbitration.

(5) The insurer also offers the policyholder a policy that does not require that the policyholder participate in mandatory binding arbitration.

Section 19. Subsections (9), (14), and (15) of section 627.7074, Florida Statutes, are amended to read:

627.7074 *Alternative procedure for resolution of disputed sinkhole insurance claims.*—

(9) Evidence of an offer to settle a claim during the neutral evaluation process, as well as any relevant conduct or statements made in negotiations concerning the offer to settle a claim, is inadmissible to prove liability or absence of liability for the claim or its value, ~~except as provided in subsection (14).~~

~~(14) If the neutral evaluator verifies the existence of a sinkhole that caused structural damage and recommends the need for and estimates costs of stabilizing the land and any covered buildings and other appropriate remediation or building repairs which exceed the amount that the insurer has offered to pay the policyholder, the insurer is liable to the policyholder for up to \$2,500 in attorney’s fees for the attorney’s participation in the neutral evaluation process. For purposes of this subsection, the term “offer to pay” means a written offer signed by the insurer or its legal representative and delivered to the policyholder within 10 days after the insurer receives notice that a request for neutral evaluation has been made under this section.~~

~~(15) If the insurer timely agrees in writing to comply and timely complies with the recommendation of the neutral evaluator, but the policyholder declines to resolve the matter in accordance with the recommendation of the neutral evaluator pursuant to this section:~~

~~(a) The insurer is not liable for extracontractual damages related to a claim for a sinkhole loss but only as related to the issues determined by the neutral evaluation process. This section does not affect or impair claims for extracontractual damages unrelated to the issues determined by the neutral evaluation process contained in this section; and~~

~~(b) The actions of the insurer are not a confession of judgment or admission of liability, and the insurer is not liable for attorney’s fees under s. 627.428 or other provisions of the insurance code unless the policyholder obtains a judgment that is more favorable than the recommendation of the neutral evaluator.~~

Section 20. Effective March 1, 2023, section 627.7142, Florida Statutes, is amended to read:

627.7142 Homeowner Claims Bill of Rights.—An insurer issuing a personal lines residential property insurance policy in this state must provide a Homeowner Claims Bill of Rights to a policyholder within 14 days after receiving an initial communication with respect to a claim. The purpose of the bill of rights is to summarize, in simple, nontechnical terms, existing Florida law regarding the rights of a personal lines residential property insurance policyholder who files a claim of loss. The Homeowner Claims Bill of Rights is specific to the claims process and does not represent all of a policyholder's rights under Florida law regarding the insurance policy. The Homeowner Claims Bill of Rights does not create a civil cause of action by any individual policyholder or class of policyholders against an insurer or insurers. The failure of an insurer to properly deliver the Homeowner Claims Bill of Rights is subject to administrative enforcement by the office but is not admissible as evidence in a civil action against an insurer. The Homeowner Claims Bill of Rights does not enlarge, modify, or contravene statutory requirements, including, but not limited to, ss. 626.854, 626.9541, 627.70131, 627.7015, and 627.7074, and does not prohibit an insurer from exercising its right to repair damaged property in compliance with the terms of an applicable policy or ss. 627.7011(6)(e) and 627.702(7). The Homeowner Claims Bill of Rights must state:

HOMEOWNER CLAIMS

BILL OF RIGHTS

This Bill of Rights is specific to the claims process and does not represent all of your rights under Florida law regarding your policy. There are also exceptions to the stated timelines when conditions are beyond your insurance company's control. This document does not create a civil cause of action by an individual policyholder, or a class of policyholders, against an insurer or insurers and does not prohibit an insurer from exercising its right to repair damaged property in compliance with the terms of an applicable policy.

YOU HAVE THE RIGHT TO:

1. Receive from your insurance company an acknowledgment of your reported claim within ~~7~~ **14** days after the time you communicated the claim.

2. Upon written request, receive from your insurance company within 30 days after you have submitted a complete proof-of-loss statement to your insurance company, confirmation that your claim is covered in full, partially covered, or denied, or receive a written statement that your claim is being investigated.

3. *Receive from your insurance company a copy of any detailed estimate of the amount of the loss within 7 days after the estimate is generated by the insurance company's adjuster.*

4. Within ~~45~~ **90** days, subject to any dual interest noted in the policy, receive full settlement payment for your claim or payment of the undisputed portion of your claim, or your insurance company's denial of your claim.

5. ~~4.~~ Receive payment of interest, as provided in s. 627.70131, Florida Statutes, from your insurance company, which begins accruing from the date your claim is filed if your insurance company does not pay full settlement of your initial, reopened, or supplemental claim or the undisputed portion of your claim or does not deny your claim within ~~45~~ **90** days

Senator Polsky moved the following amendment which failed:

Amendment 8 (847224) (with title amendment)—Delete lines 613-2578 and insert:

5. *Repeated failure to comply with s. 627.70131(7)(a).*

Section 8. Effective January 1, 2023, paragraphs (b), (c), (n), (o), (p), (q), (v), (w), (aa), and (ii) of subsection (6) of section 627.351, Florida Statutes, are amended, and paragraph (kk) is added to that subsection, to read:

627.351 Insurance risk apportionment plans.—

(6) CITIZENS PROPERTY INSURANCE CORPORATION.—

(b)1. All insurers authorized to write one or more subject lines of business in this state are subject to assessment by the corporation and, for the purposes of this subsection, are referred to collectively as “assessable insurers.” Insurers writing one or more subject lines of business in this state pursuant to part VIII of chapter 626 are not assessable insurers; however, insureds who procure one or more subject lines of business in this state pursuant to part VIII of chapter 626 are subject to assessment by the corporation and are referred to collectively as “assessable insureds.” An insurer's assessment liability begins on the first day of the calendar year following the year in which the insurer was issued a certificate of authority to transact insurance for subject lines of business in this state and terminates 1 year after the end of the first calendar year during which the insurer no longer holds a certificate of authority to transact insurance for subject lines of business in this state.

2.a. All revenues, assets, liabilities, losses, and expenses of the corporation shall be divided into three separate accounts as follows:

(I) A personal lines account for personal residential policies issued by the corporation which provides comprehensive, multiperil coverage on risks that are not located in areas eligible for coverage by the Florida Windstorm Underwriting Association as those areas were defined on January 1, 2002, and for policies that do not provide coverage for the peril of wind on risks that are located in such areas;

(II) A commercial lines account for commercial residential and commercial nonresidential policies issued by the corporation which provides coverage for basic property perils on risks that are not located in areas eligible for coverage by the Florida Windstorm Underwriting Association as those areas were defined on January 1, 2002, and for policies that do not provide coverage for the peril of wind on risks that are located in such areas; and

(III) A coastal account for personal residential policies and commercial residential and commercial nonresidential property policies issued by the corporation which provides coverage for the peril of wind on risks that are located in areas eligible for coverage by the Florida Windstorm Underwriting Association as those areas were defined on January 1, 2002. The corporation may offer policies that provide multiperil coverage and shall offer policies that provide coverage only for the peril of wind for risks located in areas eligible for coverage in the coastal account. Effective July 1, 2014, the corporation shall cease offering new commercial residential policies providing multiperil coverage and shall instead continue to offer commercial residential wind-only policies, and may offer commercial residential policies excluding wind. The corporation may, however, continue to renew a commercial residential multiperil policy on a building that is insured by the corporation on June 30, 2014, under a multiperil policy. In issuing multiperil coverage, the corporation may use its approved policy forms and rates for the personal lines account. An applicant or insured who is eligible to purchase a multiperil policy from the corporation may purchase a multiperil policy from an authorized insurer without prejudice to the applicant's or insured's eligibility to prospectively purchase a policy that provides coverage only for the peril of wind from the corporation. An applicant or insured who is eligible for a corporation policy that provides coverage only for the peril of wind may elect to purchase or retain such policy and also purchase or retain coverage excluding wind from an authorized insurer without prejudice to the applicant's or insured's eligibility to prospectively purchase a policy that provides multiperil coverage from the corporation. It is the goal of the Legislature that there be an overall average savings of 10 percent or more for a policyholder who currently has a wind-only policy with the corporation, and an ex-wind policy with a voluntary insurer or the corporation, and who obtains a multiperil policy from the corporation. It is the intent of the Legislature that the offer of multiperil coverage in the coastal account be made and implemented in a manner that does not adversely affect the tax-exempt status of the corporation or creditworthiness of or security for currently outstanding financing obligations or credit facilities of the coastal account, the personal lines account, or the commercial lines account. The coastal account must also include quota share primary insurance under subparagraph (c)2. The area eligible for coverage under the coastal account also includes the area within Port Canaveral, which is bordered on the south by the City of Cape Canaveral, bordered on the west by the Banana River, and bordered on the north by Federal Government property.

b. The three separate accounts must be maintained as long as financing obligations entered into by the Florida Windstorm Underwriting Association or Residential Property and Casualty Joint Underwriting Association are outstanding, in accordance with the terms of the corresponding financing documents. *If no such financing obligations remain outstanding or if the financing documents allow for combining of accounts, the corporation may consolidate the three separate accounts into a new account, to be known as the Citizens account, for all revenues, assets, liabilities, losses, and expenses of the corporation. The Citizens account, if established by the corporation, is authorized to provide coverage to the same extent as provided under each of the three separate accounts. The authority to provide coverage under the Citizens account is set forth in subparagraph 4. ~~If the financing obligations are no longer outstanding, the corporation may use a single account for all revenues, assets, liabilities, losses, and expenses of the corporation.~~ Consistent with this subparagraph and prudent investment policies that minimize the cost of carrying debt, the board shall exercise its best efforts to retire existing debt or obtain the approval of necessary parties to amend the terms of existing debt, so as to structure the most efficient plan for consolidating the three separate accounts into a single account. *Once the accounts are combined into one account, this subparagraph and subparagraph 3. shall be replaced in their entirety by subparagraphs 4. and 5.**

c. Creditors of the Residential Property and Casualty Joint Underwriting Association and the accounts specified in sub-sub-subparagraphs a.(I) and (II) may have a claim against, and recourse to, those accounts and no claim against, or recourse to, the account referred to in sub-sub-subparagraph a.(III). Creditors of the Florida Windstorm Underwriting Association have a claim against, and recourse to, the account referred to in sub-sub-subparagraph a.(III) and no claim against, or recourse to, the accounts referred to in sub-sub-subparagraphs a.(I) and (II).

d. Revenues, assets, liabilities, losses, and expenses not attributable to particular accounts shall be prorated among the accounts.

e. The Legislature finds that the revenues of the corporation are revenues that are necessary to meet the requirements set forth in documents authorizing the issuance of bonds under this subsection.

f. The income of the corporation may not inure to the benefit of any private person.

3. With respect to a deficit in an account:

a. After accounting for the Citizens policyholder surcharge imposed under sub-subparagraph i., if the remaining projected deficit incurred in the coastal account in a particular calendar year:

(I) Is not greater than 2 percent of the aggregate statewide direct written premium for the subject lines of business for the prior calendar year, the entire deficit shall be recovered through regular assessments of assessable insurers under paragraph (q) and assessable insureds.

(II) Exceeds 2 percent of the aggregate statewide direct written premium for the subject lines of business for the prior calendar year, the corporation shall levy regular assessments on assessable insurers under paragraph (q) and on assessable insureds in an amount equal to the greater of 2 percent of the projected deficit or 2 percent of the aggregate statewide direct written premium for the subject lines of business for the prior calendar year. Any remaining projected deficit shall be recovered through emergency assessments under sub-subparagraph e. ~~4.~~

b. Each assessable insurer's share of the amount being assessed under sub-subparagraph a. must be in the proportion that the assessable insurer's direct written premium for the subject lines of business for the year preceding the assessment bears to the aggregate statewide direct written premium for the subject lines of business for that year. The assessment percentage applicable to each assessable insured is the ratio of the amount being assessed under sub-subparagraph a. to the aggregate statewide direct written premium for the subject lines of business for the prior year. Assessments levied by the corporation on assessable insurers under sub-subparagraph a. must be paid as required by the corporation's plan of operation and paragraph (q). Assessments levied by the corporation on assessable insureds under sub-subparagraph a. shall be collected by the surplus lines agent at the time the surplus lines agent collects the surplus lines tax required by s.

626.932, and paid to the Florida Surplus Lines Service Office at the time the surplus lines agent pays the surplus lines tax to that office. Upon receipt of regular assessments from surplus lines agents, the Florida Surplus Lines Service Office shall transfer the assessments directly to the corporation as determined by the corporation.

c. *The corporation may not levy regular assessments under paragraph (q) pursuant to sub-subparagraph a. or sub-subparagraph b. if the three separate accounts in sub-sub-subparagraphs 2.a.(I)-(III) have been consolidated into the Citizens account pursuant to sub-subparagraph 2.b. However, the outstanding balance of any regular assessment levied by the corporation before establishment of the Citizens account remains payable to the corporation.*

d. After accounting for the Citizens policyholder surcharge imposed under sub-subparagraph j. ~~4.~~, the remaining projected deficits in the personal lines account and in the commercial lines account in a particular calendar year shall be recovered through emergency assessments under sub-subparagraph e. ~~4.~~

e. ~~4.~~ Upon a determination by the board of governors that a projected deficit in an account exceeds the amount that is expected to be recovered through regular assessments under sub-subparagraph a., plus the amount that is expected to be recovered through surcharges under sub-subparagraph j. ~~4.~~, the board, after verification by the office, shall levy emergency assessments for as many years as necessary to cover the deficits, to be collected by assessable insurers and the corporation and collected from assessable insureds upon issuance or renewal of policies for subject lines of business, excluding National Flood Insurance policies. The amount collected in a particular year must be a uniform percentage of that year's direct written premium for subject lines of business and all accounts of the corporation, excluding National Flood Insurance Program policy premiums, as annually determined by the board and verified by the office. The office shall verify the arithmetic calculations involved in the board's determination within 30 days after receipt of the information on which the determination was based. The office shall notify assessable insurers and the Florida Surplus Lines Service Office of the date on which assessable insurers shall begin to collect and assessable insureds shall begin to pay such assessment. The date must be at least 90 days after the date the corporation levies emergency assessments pursuant to this sub-subparagraph. Notwithstanding any other provision of law, the corporation and each assessable insurer that writes subject lines of business shall collect emergency assessments from its policyholders without such obligation being affected by any credit, limitation, exemption, or deferment. Emergency assessments levied by the corporation on assessable insureds shall be collected by the surplus lines agent at the time the surplus lines agent collects the surplus lines tax required by s. 626.932 and paid to the Florida Surplus Lines Service Office at the time the surplus lines agent pays the surplus lines tax to that office. The emergency assessments collected shall be transferred directly to the corporation on a periodic basis as determined by the corporation and held by the corporation solely in the applicable account. The aggregate amount of emergency assessments levied for an account in any calendar year may be less than but may not exceed the greater of 10 percent of the amount needed to cover the deficit, plus interest, fees, commissions, required reserves, and other costs associated with financing the original deficit, or 10 percent of the aggregate statewide direct written premium for subject lines of business and all accounts of the corporation for the prior year, plus interest, fees, commissions, required reserves, and other costs associated with financing the deficit.

f. ~~4.~~ The corporation may pledge the proceeds of assessments, projected recoveries from the Florida Hurricane Catastrophe Fund, other insurance and reinsurance recoverables, policyholder surcharges and other surcharges, and other funds available to the corporation as the source of revenue for and to secure bonds issued under paragraph (q), bonds or other indebtedness issued under subparagraph (c)3., or lines of credit or other financing mechanisms issued or created under this subsection, or to retire any other debt incurred as a result of deficits or events giving rise to deficits, or in any other way that the board determines will efficiently recover such deficits. The purpose of the lines of credit or other financing mechanisms is to provide additional resources to assist the corporation in covering claims and expenses attributable to a catastrophe. As used in this subsection, the term "assessments" includes regular assessments under sub-subparagraph a. or subparagraph (q)1. and emergency assessments under sub-subparagraph e. ~~4.~~ Emergency assessments collected under sub-subparagraph e. ~~4.~~ are

not part of an insurer's rates, are not premium, and are not subject to premium tax, fees, or commissions; however, failure to pay the emergency assessment shall be treated as failure to pay premium. The emergency assessments shall continue as long as any bonds issued or other indebtedness incurred with respect to a deficit for which the assessment was imposed remain outstanding, unless adequate provision has been made for the payment of such bonds or other indebtedness pursuant to the documents governing such bonds or indebtedness.

g.f. As used in this subsection for purposes of any deficit incurred on or after January 25, 2007, the term "subject lines of business" means insurance written by assessable insurers or procured by assessable insureds for all property and casualty lines of business in this state, but not including workers' compensation or medical malpractice. As used in this sub-subparagraph, the term "property and casualty lines of business" includes all lines of business identified on Form 2, Exhibit of Premiums and Losses, in the annual statement required of authorized insurers under s. 624.424 and any rule adopted under this section, except for those lines identified as accident and health insurance and except for policies written under the National Flood Insurance Program or the Federal Crop Insurance Program. For purposes of this sub-subparagraph, the term "workers' compensation" includes both workers' compensation insurance and excess workers' compensation insurance.

h.g. The Florida Surplus Lines Service Office shall determine annually the aggregate statewide written premium in subject lines of business procured by assessable insureds and report that information to the corporation in a form and at a time the corporation specifies to ensure that the corporation can meet the requirements of this subsection and the corporation's financing obligations.

i.h. The Florida Surplus Lines Service Office shall verify the proper application by surplus lines agents of assessment percentages for regular assessments and emergency assessments levied under this subparagraph on assessable insureds and assist the corporation in ensuring the accurate, timely collection and payment of assessments by surplus lines agents as required by the corporation.

j.i. Upon determination by the board of governors that an account has a projected deficit, the board shall levy a Citizens policyholder surcharge against all policyholders of the corporation.

(I) The surcharge shall be levied as a uniform percentage of the premium for the policy of up to 15 percent of such premium, which funds shall be used to offset the deficit.

(II) The surcharge is payable upon cancellation or termination of the policy, upon renewal of the policy, or upon issuance of a new policy by the corporation within the first 12 months after the date of the levy or the period of time necessary to fully collect the surcharge amount.

(III) The corporation may not levy any regular assessments under paragraph (q) pursuant to sub-subparagraph a. or sub-subparagraph b. with respect to a particular year's deficit until the corporation has first levied the full amount of the surcharge authorized by this sub-subparagraph.

(IV) The surcharge is not considered premium and is not subject to commissions, fees, or premium taxes. However, failure to pay the surcharge shall be treated as failure to pay premium.

k.j. If the amount of any assessments or surcharges collected from corporation policyholders, assessable insurers or their policyholders, or assessable insureds exceeds the amount of the deficits, such excess amounts shall be remitted to and retained by the corporation in a reserve to be used by the corporation, as determined by the board of governors and approved by the office, to pay claims or reduce any past, present, or future plan-year deficits or to reduce outstanding debt.

4. *The Citizens account, if established by the corporation pursuant to sub-subparagraph 2.b., is authorized to provide:*

a. Personal residential policies that provide comprehensive, multiperil coverage on risks that are not located in areas eligible for coverage by the Florida Windstorm Underwriting Association, as those areas were defined on January 1, 2002, and for policies that do not provide coverage for the peril of wind on risks that are located in such areas;

b. Commercial residential and commercial nonresidential policies that provide coverage for basic property perils on risks that are not located in areas eligible for coverage by the Florida Windstorm Underwriting Association, as those areas were defined on January 1, 2002, and for policies that do not provide coverage for the peril of wind on risks that are located in such areas; and

c. Personal residential policies and commercial residential and commercial nonresidential property policies that provide coverage for the peril of wind on risks that are located in areas eligible for coverage by the Florida Windstorm Underwriting Association, as those areas were defined on January 1, 2002. The corporation may offer policies that provide multiperil coverage and shall offer policies that provide coverage only for the peril of wind for risks located in areas eligible for coverage by the Florida Windstorm Underwriting Association, as those areas were defined on January 1, 2002. The corporation may not offer new commercial residential policies providing multiperil coverage, but shall continue to offer commercial residential wind-only policies, and may offer commercial residential policies excluding wind. However, the corporation may continue to renew a commercial residential multiperil policy on a building that was insured by the corporation on June 30, 2014, under a multiperil policy. In issuing multiperil coverage under this sub-subparagraph, the corporation may use its approved policy forms and rates for risks located in areas not eligible for coverage by the Florida Windstorm Underwriting Association as those areas were defined on January 1, 2002, and for policies that do not provide coverage for the peril of wind on risks that are located in such areas. An applicant or insured who is eligible to purchase a multiperil policy from the corporation may purchase a multiperil policy from an authorized insurer without prejudice to the applicant's or insured's eligibility to prospectively purchase a policy that provides coverage only for the peril of wind from the corporation. An applicant or insured who is eligible for a corporation policy that provides coverage only for the peril of wind may elect to purchase or retain such policy and also purchase or retain coverage excluding wind from an authorized insurer without prejudice to the applicant's or insured's eligibility to prospectively purchase a policy that provides multiperil coverage from the corporation. The following policies, which provide coverage only for the peril of wind, must also include quota share primary insurance under subparagraph (c)2.: Personal residential policies and commercial residential and commercial nonresidential property policies that provide coverage for the peril of wind on risks that are located in areas eligible for coverage by the Florida Windstorm Underwriting Association, as those areas were defined on January 1, 2002; policies that provide multiperil coverage, if offered by the corporation, and policies that provide coverage only for the peril of wind for risks located in areas eligible for coverage by the Florida Windstorm Underwriting Association, as those areas were defined on January 1, 2002; commercial residential wind-only policies; commercial residential policies excluding wind, if offered by the corporation; and commercial residential multiperil policies on a building that was insured by the corporation on June 30, 2014. The area eligible for coverage with the corporation under this sub-subparagraph includes the area within Port Canaveral, which is bordered on the south by the City of Cape Canaveral, bordered on the west by the Banana River, and bordered on the north by Federal Government property.

5. *With respect to a deficit in the Citizens account:*

a. Upon a determination by the board of governors that the Citizens account has a projected deficit, the board shall levy a Citizens policyholder surcharge against all policyholders of the corporation.

(I) *The surcharge shall be levied as a uniform percentage of the premium for the policy of up to 15 percent of such premium, which funds shall be used to offset the deficit.*

(II) *The surcharge is payable upon cancellation or termination of the policy, upon renewal of the policy, or upon issuance of a new policy by the corporation within the first 12 months after the date of the levy or the period of time necessary to fully collect the surcharge amount.*

(III) *The surcharge is not considered premium and is not subject to commissions, fees, or premium taxes. However, failure to pay the surcharge shall be treated as failure to pay premium.*

b. After accounting for the Citizens policyholder surcharge imposed under sub-subparagraph a., the remaining projected deficit incurred in

the Citizens account in a particular calendar year shall be recovered through emergency assessments under sub-subparagraph c.

c. Upon a determination by the board of governors that a projected deficit in the Citizens account exceeds the amount that is expected to be recovered through surcharges under sub-subparagraph a., the board, after verification by the office, shall levy emergency assessments for as many years as necessary to cover the deficits, to be collected by assessable insurers and the corporation and collected from assessable insureds upon issuance or renewal of policies for subject lines of business, excluding National Flood Insurance Program policies. The amount collected in a particular year must be a uniform percentage of that year's direct written premium for subject lines of business and the Citizens account, National Flood Insurance Program policy premiums, as annually determined by the board and verified by the office. The office shall verify the arithmetic calculations involved in the board's determination within 30 days after receipt of the information on which the determination was based. The office shall notify assessable insurers and the Florida Surplus Lines Service Office of the date on which assessable insurers shall begin to collect and assessable insureds shall begin to pay such assessment. The date must be at least 90 days after the date the corporation levies emergency assessments pursuant to this sub-subparagraph. Notwithstanding any other law, the corporation and each assessable insurer that writes subject lines of business shall collect emergency assessments from its policyholders without such obligation being affected by any credit, limitation, exemption, or deferment. Emergency assessments levied by the corporation on assessable insureds shall be collected by the surplus lines agent at the time the surplus lines agent collects the surplus lines tax required by s. 626.932 and paid to the Florida Surplus Lines Service Office at the time the surplus lines agent pays the surplus lines tax to that office. The emergency assessments collected shall be transferred directly to the corporation on a periodic basis as determined by the corporation and held by the corporation solely in the Citizens account. The aggregate amount of emergency assessments levied for the Citizens account in any calendar year may be less than, but may not exceed the greater of, 10 percent of the amount needed to cover the deficit, plus interest, fees, commissions, required reserves, and other costs associated with financing the original deficit or 10 percent of the aggregate statewide direct written premium for subject lines of business and the Citizens accounts for the prior year, plus interest, fees, commissions, required reserves, and other costs associated with financing the deficit.

d. The corporation may pledge the proceeds of assessments, projected recoveries from the Florida Hurricane Catastrophe Fund, other insurance and reinsurance recoverables, policyholder surcharges and other surcharges, and other funds available to the corporation as the source of revenue for and to secure bonds issued under paragraph (q), bonds or other indebtedness issued under subparagraph (c)3., or lines of credit or other financing mechanisms issued or created under this subsection; or to retire any other debt incurred as a result of deficits or events giving rise to deficits, or in any other way that the board determines will efficiently recover such deficits. The purpose of the lines of credit or other financing mechanisms is to provide additional resources to assist the corporation in covering claims and expenses attributable to a catastrophe. As used in this subsection, the term "assessments" includes emergency assessments under sub-subparagraph c. Emergency assessments collected under sub-subparagraph c. are not part of an insurer's rates, are not premium, and are not subject to premium tax, fees, or commissions; however, failure to pay the emergency assessment shall be treated as failure to pay premium. The emergency assessments shall continue as long as any bonds issued or other indebtedness incurred with respect to a deficit for which the assessment was imposed remain outstanding, unless adequate provision has been made for the payment of such bonds or other indebtedness pursuant to the documents governing such bonds or indebtedness.

e. As used in this subsection and for purposes of any deficit incurred on or after January 25, 2007, the term "subject lines of business" means insurance written by assessable insurers or procured by assessable insureds for all property and casualty lines of business in this state, but not including workers' compensation or medical malpractice. As used in this sub-subparagraph, the term "property and casualty lines of business" includes all lines of business identified on Form 2, Exhibit of Premiums and Losses, in the annual statement required of authorized insurers under s. 624.424 and any rule adopted under this section, except for those lines identified as accident and health insurance and except for policies written under the National Flood Insurance Program or the

Federal Crop Insurance Program. For purposes of this sub-subparagraph, the term "workers' compensation" includes both workers' compensation insurance and excess workers' compensation insurance.

f. The Florida Surplus Lines Service Office shall annually determine the aggregate statewide written premium in subject lines of business procured by assessable insureds and report that information to the corporation in a form and at a time the corporation specifies to ensure that the corporation can meet the requirements of this subsection and the corporation's financing obligations.

g. The Florida Surplus Lines Service Office shall verify the proper application by surplus lines agents of assessment percentages for emergency assessments levied under this subparagraph on assessable insureds and assist the corporation in ensuring the accurate, timely collection and payment of assessments by surplus lines agents as required by the corporation.

h. If the amount of any assessments or surcharges collected from corporation policyholders, assessable insurers or their policyholders, or assessable insureds exceeds the amount of the deficits, such excess amounts shall be remitted to and retained by the corporation in a reserve to be used by the corporation, as determined by the board of governors and approved by the office, to pay claims or reduce any past, present, or future plan-year deficits or to reduce outstanding debt.

(c) The corporation's plan of operation:

1. Must provide for adoption of residential property and casualty insurance policy forms and commercial residential and nonresidential property insurance forms, which must be approved by the office before use. The corporation shall adopt the following policy forms:

a. Standard personal lines policy forms that are comprehensive multiperil policies providing full coverage of a residential property equivalent to the coverage provided in the private insurance market under an HO-3, HO-4, or HO-6 policy.

b. Basic personal lines policy forms that are policies similar to an HO-8 policy or a dwelling fire policy that provide coverage meeting the requirements of the secondary mortgage market, but which is more limited than the coverage under a standard policy.

c. Commercial lines residential and nonresidential policy forms that are generally similar to the basic perils of full coverage obtainable for commercial residential structures and commercial nonresidential structures in the admitted voluntary market.

d. Personal lines and commercial lines residential property insurance forms that cover the peril of wind only. The forms are applicable only to residential properties located in areas eligible for coverage by the Florida Windstorm Underwriting Association, as those areas were defined on January 1, 2002 under the coastal account referred to in subparagraph (b)2.a.

e. Commercial lines nonresidential property insurance forms that cover the peril of wind only. The forms are applicable only to nonresidential properties located in areas eligible for coverage by the Florida Windstorm Underwriting Association, as those areas were defined on January 1, 2002 under the coastal account referred to in subparagraph (b)2.a.

f. The corporation may adopt variations of the policy forms listed in sub-subparagraphs a.-e. which contain more restrictive coverage.

g. ~~Effective January 1, 2013,~~ The corporation shall offer a basic personal lines policy similar to an HO-8 policy with dwelling repair based on common construction materials and methods.

2. Must provide that the corporation adopt a program in which the corporation and authorized insurers enter into quota share primary insurance agreements for hurricane coverage, as defined in s. 627.4025(2)(a), for eligible risks, and adopt property insurance forms for eligible risks which cover the peril of wind only.

a. As used in this subsection, the term:

(I) "Quota share primary insurance" means an arrangement in which the primary hurricane coverage of an eligible risk is provided in

specified percentages by the corporation and an authorized insurer. The corporation and authorized insurer are each solely responsible for a specified percentage of hurricane coverage of an eligible risk as set forth in a quota share primary insurance agreement between the corporation and an authorized insurer and the insurance contract. The responsibility of the corporation or authorized insurer to pay its specified percentage of hurricane losses of an eligible risk, as set forth in the agreement, may not be altered by the inability of the other party to pay its specified percentage of losses. Eligible risks that are provided hurricane coverage through a quota share primary insurance arrangement must be provided policy forms that set forth the obligations of the corporation and authorized insurer under the arrangement, clearly specify the percentages of quota share primary insurance provided by the corporation and authorized insurer, and conspicuously and clearly state that the authorized insurer and the corporation may not be held responsible beyond their specified percentage of coverage of hurricane losses.

(II) "Eligible risks" means personal lines residential and commercial lines residential risks that meet the underwriting criteria of the corporation and are located in areas that were eligible for coverage by the Florida Windstorm Underwriting Association on January 1, 2002.

b. The corporation may enter into quota share primary insurance agreements with authorized insurers at corporation coverage levels of 90 percent and 50 percent.

c. If the corporation determines that additional coverage levels are necessary to maximize participation in quota share primary insurance agreements by authorized insurers, the corporation may establish additional coverage levels. However, the corporation's quota share primary insurance coverage level may not exceed 90 percent.

d. Any quota share primary insurance agreement entered into between an authorized insurer and the corporation must provide for a uniform specified percentage of coverage of hurricane losses, by county or territory as set forth by the corporation board, for all eligible risks of the authorized insurer covered under the agreement.

e. Any quota share primary insurance agreement entered into between an authorized insurer and the corporation is subject to review and approval by the office. However, such agreement shall be authorized only as to insurance contracts entered into between an authorized insurer and an insured who is already insured by the corporation for wind coverage.

f. For all eligible risks covered under quota share primary insurance agreements, the exposure and coverage levels for both the corporation and authorized insurers shall be reported by the corporation to the Florida Hurricane Catastrophe Fund. For all policies of eligible risks covered under such agreements, the corporation and the authorized insurer must maintain complete and accurate records for the purpose of exposure and loss reimbursement audits as required by fund rules. The corporation and the authorized insurer shall each maintain duplicate copies of policy declaration pages and supporting claims documents.

g. The corporation board shall establish in its plan of operation standards for quota share agreements which ensure that there is no discriminatory application among insurers as to the terms of the agreements, pricing of the agreements, incentive provisions if any, and consideration paid for servicing policies or adjusting claims.

h. The quota share primary insurance agreement between the corporation and an authorized insurer must set forth the specific terms under which coverage is provided, including, but not limited to, the sale and servicing of policies issued under the agreement by the insurance agent of the authorized insurer producing the business, the reporting of information concerning eligible risks, the payment of premium to the corporation, and arrangements for the adjustment and payment of hurricane claims incurred on eligible risks by the claims adjuster and personnel of the authorized insurer. Entering into a quota sharing insurance agreement between the corporation and an authorized insurer is voluntary and at the discretion of the authorized insurer.

3. May provide that the corporation may employ or otherwise contract with individuals or other entities to provide administrative or professional services that may be appropriate to effectuate the plan. The corporation may borrow funds by issuing bonds or by incurring

other indebtedness, and shall have other powers reasonably necessary to effectuate the requirements of this subsection, including, without limitation, the power to issue bonds and incur other indebtedness in order to refinance outstanding bonds or other indebtedness. The corporation may seek judicial validation of its bonds or other indebtedness under chapter 75. The corporation may issue bonds or incur other indebtedness, or have bonds issued on its behalf by a unit of local government pursuant to subparagraph (q)2. in the absence of a hurricane or other weather-related event, upon a determination by the corporation, subject to approval by the office, that such action would enable it to efficiently meet the financial obligations of the corporation and that such financings are reasonably necessary to effectuate the requirements of this subsection. The corporation may take all actions needed to facilitate tax-free status for such bonds or indebtedness, including formation of trusts or other affiliated entities. The corporation may pledge assessments, projected recoveries from the Florida Hurricane Catastrophe Fund, other reinsurance recoverables, policyholder surcharges and other surcharges, and other funds available to the corporation as security for bonds or other indebtedness. In recognition of s. 10, Art. I of the State Constitution, prohibiting the impairment of obligations of contracts, it is the intent of the Legislature that no action be taken whose purpose is to impair any bond indenture or financing agreement or any revenue source committed by contract to such bond or other indebtedness.

4. Must require that the corporation operate subject to the supervision and approval of a board of governors consisting of nine individuals who are residents of this state and who are from different geographical areas of the state, one of whom is appointed by the Governor and serves solely to advocate on behalf of the consumer. The appointment of a consumer representative by the Governor is deemed to be within the scope of the exemption provided in s. 112.313(7)(b) and is in addition to the appointments authorized under sub-subparagraph a.

a. The Governor, the Chief Financial Officer, the President of the Senate, and the Speaker of the House of Representatives shall each appoint two members of the board. At least one of the two members appointed by each appointing officer must have demonstrated expertise in insurance and be deemed to be within the scope of the exemption provided in s. 112.313(7)(b). The Chief Financial Officer shall designate one of the appointees as chair. All board members serve at the pleasure of the appointing officer. All members of the board are subject to removal at will by the officers who appointed them. All board members, including the chair, must be appointed to serve for 3-year terms beginning annually on a date designated by the plan. However, for the first term beginning on or after July 1, 2009, each appointing officer shall appoint one member of the board for a 2-year term and one member for a 3-year term. A board vacancy shall be filled for the unexpired term by the appointing officer. The Chief Financial Officer shall appoint a technical advisory group to provide information and advice to the board in connection with the board's duties under this subsection. The executive director and senior managers of the corporation shall be engaged by the board and serve at the pleasure of the board. Any executive director appointed on or after July 1, 2006, is subject to confirmation by the Senate. The executive director is responsible for employing other staff as the corporation may require, subject to review and concurrence by the board.

b. The board shall create a Market Accountability Advisory Committee to assist the corporation in developing awareness of its rates and its customer and agent service levels in relationship to the voluntary market insurers writing similar coverage.

(I) The members of the advisory committee consist of the following 11 persons, one of whom must be elected chair by the members of the committee: four representatives, one appointed by the Florida Association of Insurance Agents, one by the Florida Association of Insurance and Financial Advisors, one by the Professional Insurance Agents of Florida, and one by the Latin American Association of Insurance Agencies; three representatives appointed by the insurers with the three highest voluntary market share of residential property insurance business in the state; one representative from the Office of Insurance Regulation; one consumer appointed by the board who is insured by the corporation at the time of appointment to the committee; one representative appointed by the Florida Association of Realtors; and one representative appointed by the Florida Bankers Association. All members shall be appointed to 3-year terms and may serve for consecutive terms.

(II) The committee shall report to the corporation at each board meeting on insurance market issues which may include rates and rate competition with the voluntary market; service, including policy issuance, claims processing, and general responsiveness to policyholders, applicants, and agents; and matters relating to depopulation.

5. Must provide a procedure for determining the eligibility of a risk for coverage, as follows:

a. Subject to s. 627.3517, with respect to personal lines residential risks, if the risk is offered coverage from an authorized insurer at the insurer's approved rate under a standard policy including wind coverage or, if consistent with the insurer's underwriting rules as filed with the office, a basic policy including wind coverage, for a new application to the corporation for coverage, the risk is not eligible for any policy issued by the corporation unless the premium for coverage from the authorized insurer is more than 20 percent greater than the premium for comparable coverage from the corporation. Whenever an offer of coverage for a personal lines residential risk is received for a policyholder of the corporation at renewal from an authorized insurer, if the offer is equal to or less than the corporation's renewal premium for comparable coverage, the risk is not eligible for coverage with the corporation *for policies that renew before April 1, 2023; for policies that renew on or after that date, the risk is not eligible for coverage with the corporation unless the premium for coverage from the authorized insurer is more than 20 percent greater than the corporation's renewal premium for comparable coverage.* If the risk is not able to obtain such offer, the risk is eligible for a standard policy including wind coverage or a basic policy including wind coverage issued by the corporation; however, if the risk could not be insured under a standard policy including wind coverage regardless of market conditions, the risk is eligible for a basic policy including wind coverage unless rejected under subparagraph 8. ~~However, a policyholder removed from the corporation through an assumption agreement remains eligible for coverage from the corporation until the end of the assumption period.~~ The corporation shall determine the type of policy to be provided on the basis of objective standards specified in the underwriting manual and based on generally accepted underwriting practices. *A policyholder removed from the corporation through an assumption agreement does not remain eligible for coverage from the corporation after the end of the policy term. However, any policy removed from the corporation through an assumption agreement remains on the corporation's policy forms through the end of the policy term.*

(I) If the risk accepts an offer of coverage through the market assistance plan or through a mechanism established by the corporation other than a plan established by s. 627.3518, before a policy is issued to the risk by the corporation or during the first 30 days of coverage by the corporation, and the producing agent who submitted the application to the plan or to the corporation is not currently appointed by the insurer, the insurer shall:

(A) Pay to the producing agent of record of the policy for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record of the policy to continue servicing the policy for at least 1 year and offer to pay the agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-sub-paragraph (A).

(II) If the corporation enters into a contractual agreement for a take-out plan, the producing agent of record of the corporation policy is entitled to retain any unearned commission on the policy, and the insurer shall:

(A) Pay to the producing agent of record, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record to continue servicing the policy for at least 1 year and offer to pay the agent the greater of the

insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-sub-paragraph (A).

b. With respect to commercial lines residential risks, for a new application to the corporation for coverage, if the risk is offered coverage under a policy including wind coverage from an authorized insurer at its approved rate, the risk is not eligible for a policy issued by the corporation unless the premium for coverage from the authorized insurer is more than 20 ~~15~~ percent greater than the premium for comparable coverage from the corporation. Whenever an offer of coverage for a commercial lines residential risk is received for a policyholder of the corporation at renewal from an authorized insurer, ~~if the offer is equal to or less than the corporation's renewal premium for comparable coverage,~~ the risk is not eligible for coverage with the corporation *unless the premium for coverage from the authorized insurer is more than 20 percent greater than the corporation's renewal premium for comparable coverage.* If the risk is not able to obtain any such offer, the risk is eligible for a policy including wind coverage issued by the corporation. ~~However,~~ A policyholder removed from the corporation through an assumption agreement remains eligible for coverage from the corporation until the end of the *policy term.* ~~However, any policy removed from the corporation through an assumption agreement remains on the corporation's policy forms through the end of the policy term assumption period.~~

(I) If the risk accepts an offer of coverage through the market assistance plan or through a mechanism established by the corporation other than a plan established by s. 627.3518, before a policy is issued to the risk by the corporation or during the first 30 days of coverage by the corporation, and the producing agent who submitted the application to the plan or the corporation is not currently appointed by the insurer, the insurer shall:

(A) Pay to the producing agent of record of the policy, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record of the policy to continue servicing the policy for at least 1 year and offer to pay the agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-sub-paragraph (A).

(II) If the corporation enters into a contractual agreement for a take-out plan, the producing agent of record of the corporation policy is entitled to retain any unearned commission on the policy, and the insurer shall:

(A) Pay to the producing agent of record, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record to continue servicing the policy for at least 1 year and offer to pay the agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-sub-paragraph (A).

c. For purposes of determining comparable coverage under subparagraphs a. and b., the comparison must be based on those forms and coverages that are reasonably comparable. The corporation may rely on a determination of comparable coverage and premium made by the producing agent who submits the application to the corporation, made in the agent's capacity as the corporation's agent. *For purposes of comparing the premium for comparable coverage under subparagraphs a. and b., premium includes any surcharge or assessment that is actually applied to such policy.* A comparison may be made solely

of the premium with respect to the main building or structure only on the following basis: the same coverage A or other building limits; the same percentage hurricane deductible that applies on an annual basis or that applies to each hurricane for commercial residential property; the same percentage of ordinance and law coverage, if the same limit is offered by both the corporation and the authorized insurer; the same mitigation credits, to the extent the same types of credits are offered both by the corporation and the authorized insurer; the same method for loss payment, such as replacement cost or actual cash value, if the same method is offered both by the corporation and the authorized insurer in accordance with underwriting rules; and any other form or coverage that is reasonably comparable as determined by the board. If an application is submitted to the corporation for wind-only coverage *on a risk that is located in an area eligible for coverage by the Florida Windstorm Underwriting Association, as that area was defined on January 1, 2002 in the coastal account*, the premium for the corporation's wind-only policy plus the premium for the ex-wind policy that is offered by an authorized insurer to the applicant must be compared to the premium for multiperil coverage offered by an authorized insurer, subject to the standards for comparison specified in this subparagraph. If the corporation or the applicant requests from the authorized insurer a breakdown of the premium of the offer by types of coverage so that a comparison may be made by the corporation or its agent and the authorized insurer refuses or is unable to provide such information, the corporation may treat the offer as not being an offer of coverage from an authorized insurer at the insurer's approved rate.

6. Must include rules for classifications of risks and rates.

7. Must provide that if premium and investment income:

a. For an account attributable to a particular calendar year are in excess of projected losses and expenses for the account attributable to that year, such excess shall be held in surplus in the account. Such surplus must be available to defray deficits in that account as to future years and used for that purpose before assessing assessable insurers and assessable insureds as to any calendar year; or

b. For the Citizens account, if established by the corporation, which are attributable to a particular calendar year are in excess of projected losses and expenses for the Citizens account attributable to that year, such excess shall be held in surplus in the Citizens account. Such surplus must be available to defray deficits in the Citizens account as to future years and used for that purpose before assessing assessable insurers and assessable insureds as to any calendar year.

8. Must provide objective criteria and procedures to be uniformly applied to all applicants in determining whether an individual risk is so hazardous as to be uninsurable. In making this determination and in establishing the criteria and procedures, the following must be considered:

a. Whether the likelihood of a loss for the individual risk is substantially higher than for other risks of the same class; and

b. Whether the uncertainty associated with the individual risk is such that an appropriate premium cannot be determined.

The acceptance or rejection of a risk by the corporation shall be construed as the private placement of insurance, and the provisions of chapter 120 do not apply.

9. Must provide that the corporation make its best efforts to procure catastrophe reinsurance at reasonable rates, to cover its projected 100-year probable maximum loss as determined by the board of governors. If catastrophe reinsurance is not available at reasonable rates, the corporation need not purchase it, but the corporation shall include the costs of reinsurance to cover its projected 100-year probable maximum loss in its rate calculations even if it does not purchase catastrophe reinsurance.

10. The policies issued by the corporation must provide that if the corporation or the market assistance plan obtains an offer from an authorized insurer to cover the risk at its approved rates, the risk is no longer eligible for renewal through the corporation, except as otherwise provided in this subsection.

11. Corporation policies and applications must include a notice that the corporation policy could, under this section, be replaced with a policy issued by an authorized insurer which does not provide coverage identical to the coverage provided by the corporation. The notice must also specify that acceptance of corporation coverage creates a conclusive presumption that the applicant or policyholder is aware of this potential.

12. May establish, subject to approval by the office, different eligibility requirements and operational procedures for any line or type of coverage for any specified county or area if the board determines that such changes are justified due to the voluntary market being sufficiently stable and competitive in such area or for such line or type of coverage and that consumers who, in good faith, are unable to obtain insurance through the voluntary market through ordinary methods continue to have access to coverage from the corporation. If coverage is sought in connection with a real property transfer, the requirements and procedures may not provide an effective date of coverage later than the date of the closing of the transfer as established by the transferor, the transferee, and, if applicable, the lender.

13. Must provide that:

a. With respect to the coastal account, any assessable insurer with a surplus as to policyholders of \$25 million or less writing 25 percent or more of its total countrywide property insurance premiums in this state may petition the office, within the first 90 days of each calendar year, to qualify as a limited apportionment company. A regular assessment levied by the corporation on a limited apportionment company for a deficit incurred by the corporation for the coastal account may be paid to the corporation on a monthly basis as the assessments are collected by the limited apportionment company from its insureds, but a limited apportionment company must begin collecting the regular assessments not later than 90 days after the regular assessments are levied by the corporation, and the regular assessments must be paid in full within 15 months after being levied by the corporation. A limited apportionment company shall collect from its policyholders any emergency assessment imposed under sub-subparagraph (b)3.e. ~~(b)3.d.~~ The plan must provide that, if the office determines that any regular assessment will result in an impairment of the surplus of a limited apportionment company, the office may direct that all or part of such assessment be deferred as provided in subparagraph (q)4. However, an emergency assessment to be collected from policyholders under sub-subparagraph (b)3.e. ~~(b)3.d.~~ may not be limited or deferred; or

b. With respect to the Citizens account, if established by the corporation pursuant to sub-subparagraph (b)2.b., any assessable insurer with a surplus as to policyholders of \$25 million or less and writing 25 percent or more of its total countrywide property insurance premiums in this state may petition the office, within the first 90 days of each calendar year, to qualify as a limited apportionment company. A limited apportionment company shall collect from its policyholders any emergency assessment imposed under sub-subparagraph (b)5.c. An emergency assessment to be collected from policyholders under sub-subparagraph (b)5.c. may not be limited or deferred.

14. Must provide that the corporation appoint as its licensed agents only those agents who throughout such appointments also hold an appointment as defined in s. 626.015 by an insurer who is authorized to write and is actually writing or renewing personal lines residential property coverage, commercial residential property coverage, or commercial nonresidential property coverage within the state.

15. Must provide a premium payment plan option to its policyholders which, at a minimum, allows for quarterly and semiannual payment of premiums. A monthly payment plan may, but is not required to, be offered.

16. Must limit coverage on mobile homes or manufactured homes built before 1994 to actual cash value of the dwelling rather than replacement costs of the dwelling.

17. Must provide coverage for manufactured or mobile home dwellings. Such coverage must also include the following attached structures:

a. Screened enclosures that are aluminum framed or screened enclosures that are not covered by the same or substantially the same materials as those of the primary dwelling;

b. Carports that are aluminum or carports that are not covered by the same or substantially the same materials as those of the primary dwelling; and

c. Patios that have a roof covering that is constructed of materials that are not the same or substantially the same materials as those of the primary dwelling.

The corporation shall make available a policy for mobile homes or manufactured homes for a minimum insured value of at least \$3,000.

18. May provide such limits of coverage as the board determines, consistent with the requirements of this subsection.

19. May require commercial property to meet specified hurricane mitigation construction features as a condition of eligibility for coverage.

20. Must provide that new or renewal policies issued by the corporation on or after January 1, 2012, which cover sinkhole loss do not include coverage for any loss to appurtenant structures, driveways, sidewalks, decks, or patios that are directly or indirectly caused by sinkhole activity. The corporation shall exclude such coverage using a notice of coverage change, which may be included with the policy renewal, and not by issuance of a notice of nonrenewal of the excluded coverage upon renewal of the current policy.

21.a. As of January 1, 2012, *unless the Citizens account has been established pursuant to sub-subparagraph (b)2.b.*, must require that the agent obtain from an applicant for coverage from the corporation an acknowledgment signed by the applicant, which includes, at a minimum, the following statement:

ACKNOWLEDGMENT OF POTENTIAL SURCHARGE
AND ASSESSMENT LIABILITY:

1. AS A POLICYHOLDER OF CITIZENS PROPERTY INSURANCE CORPORATION, I UNDERSTAND THAT IF THE CORPORATION SUSTAINS A DEFICIT AS A RESULT OF HURRICANE LOSSES OR FOR ANY OTHER REASON, MY POLICY COULD BE SUBJECT TO SURCHARGES, WHICH WILL BE DUE AND PAYABLE UPON RENEWAL, CANCELLATION, OR TERMINATION OF THE POLICY, AND THAT THE SURCHARGES COULD BE AS HIGH AS 45 PERCENT OF MY PREMIUM, OR A DIFFERENT AMOUNT AS IMPOSED BY THE FLORIDA LEGISLATURE.

2. I UNDERSTAND THAT I CAN AVOID THE CITIZENS POLICYHOLDER SURCHARGE, WHICH COULD BE AS HIGH AS 45 PERCENT OF MY PREMIUM, BY OBTAINING COVERAGE FROM A PRIVATE MARKET INSURER AND THAT TO BE ELIGIBLE FOR COVERAGE BY CITIZENS, I MUST FIRST TRY TO OBTAIN PRIVATE MARKET COVERAGE BEFORE APPLYING FOR OR RENEWING COVERAGE WITH CITIZENS. I UNDERSTAND THAT PRIVATE MARKET INSURANCE RATES ARE REGULATED AND APPROVED BY THE STATE.

3. I UNDERSTAND THAT I MAY BE SUBJECT TO EMERGENCY ASSESSMENTS TO THE SAME EXTENT AS POLICYHOLDERS OF OTHER INSURANCE COMPANIES, OR A DIFFERENT AMOUNT AS IMPOSED BY THE FLORIDA LEGISLATURE.

4. I ALSO UNDERSTAND THAT CITIZENS PROPERTY INSURANCE CORPORATION IS NOT SUPPORTED BY THE FULL FAITH AND CREDIT OF THE STATE OF FLORIDA.

b. The corporation must require, if it has established the Citizens account pursuant to sub-subparagraph (b)2.b., that the agent obtain from an applicant for coverage from the corporation the following acknowledgment signed by the applicant, which includes, at a minimum, the following statement:

ACKNOWLEDGMENT OF POTENTIAL SURCHARGE
AND ASSESSMENT LIABILITY:

1. AS A POLICYHOLDER OF CITIZENS PROPERTY INSURANCE CORPORATION, I UNDERSTAND THAT IF THE CORPORATION SUSTAINS A DEFICIT AS A RESULT OF HURRICANE LOSSES OR FOR ANY OTHER REASON, MY POLICY COULD BE SUBJECT TO SURCHARGES AND ASSESSMENTS, WHICH WILL BE DUE AND PAYABLE UPON RENEWAL, CANCELLATION, OR TERMINATION OF THE POLICY, AND THAT THE SURCHARGES AND ASSESSMENTS COULD BE AS HIGH AS 25 PERCENT OF MY PREMIUM, OR A DIFFERENT AMOUNT AS IMPOSED BY THE FLORIDA LEGISLATURE.

2. I UNDERSTAND THAT I CAN AVOID THE CITIZENS POLICYHOLDER SURCHARGE, WHICH COULD BE AS HIGH AS 15 PERCENT OF MY PREMIUM, BY OBTAINING COVERAGE FROM A PRIVATE MARKET INSURER AND THAT TO BE ELIGIBLE FOR COVERAGE BY CITIZENS, I MUST FIRST TRY TO OBTAIN PRIVATE MARKET COVERAGE BEFORE APPLYING FOR OR RENEWING COVERAGE WITH CITIZENS. I UNDERSTAND THAT PRIVATE MARKET INSURANCE RATES ARE REGULATED AND APPROVED BY THE STATE.

3. I UNDERSTAND THAT I MAY BE SUBJECT TO EMERGENCY ASSESSMENTS TO THE SAME EXTENT AS POLICYHOLDERS OF OTHER INSURANCE COMPANIES, OR A DIFFERENT AMOUNT AS IMPOSED BY THE FLORIDA LEGISLATURE.

4. I ALSO UNDERSTAND THAT CITIZENS PROPERTY INSURANCE CORPORATION IS NOT SUPPORTED BY THE FULL FAITH AND CREDIT OF THE STATE OF FLORIDA.

~~c.a.~~ The corporation shall maintain, in electronic format or otherwise, a copy of the applicant's signed acknowledgment and provide a copy of the statement to the policyholder as part of the first renewal after the effective date of *sub-subparagraph a. or sub-subparagraph b.*, as applicable ~~this subparagraph~~.

~~d.b.~~ The signed acknowledgment form creates a conclusive presumption that the policyholder understood and accepted his or her potential surcharge and assessment liability as a policyholder of the corporation.

(n)1. Rates for coverage provided by the corporation must be actuarially sound ~~pursuant and subject to~~ s. 627.062 and not competitive with approved rates charged in the admitted voluntary market so that the corporation functions as a residual market mechanism to provide insurance only when insurance cannot be procured in the voluntary market, except as otherwise provided in this paragraph. The office shall provide the corporation such information as would be necessary to determine whether rates are competitive. The corporation shall file its recommended rates with the office at least annually. The corporation shall provide any additional information regarding the rates which the office requires. The office shall consider the recommendations of the board and issue a final order establishing the rates for the corporation within 45 days after the recommended rates are filed. The corporation may not pursue an administrative challenge or judicial review of the final order of the office.

2. In addition to the rates otherwise determined pursuant to this paragraph, the corporation shall impose and collect an amount equal to the premium tax provided in s. 624.509 to augment the financial resources of the corporation.

3. After the public hurricane loss-projection model under s. 627.06281 has been found to be accurate and reliable by the Florida Commission on Hurricane Loss Projection Methodology, the model shall be considered when establishing the windstorm portion of the corporation's rates. The corporation may use the public model results in combination with the results of private models to calculate rates for the windstorm portion of the corporation's rates. This subparagraph does not require or allow the corporation to adopt rates lower than the rates otherwise required or allowed by this paragraph.

4. The corporation must make a recommended actuarially sound rate filing for each personal and commercial line of business it writes.

5. Notwithstanding the board's recommended rates and the office's final order regarding the corporation's filed rates under subparagraph 1., the corporation shall annually implement a rate increase which,

except for sinkhole coverage, does not exceed the following for any single policy issued by the corporation, excluding coverage changes and surcharges:

a. ~~Eleven percent for 2022.~~

b. Twelve percent for 2023.

b.e. Thirteen percent for 2024.

c.d. Fourteen percent for 2025.

d.e. Fifteen percent for 2026 and all subsequent years.

6. The corporation may also implement an increase to reflect the effect on the corporation of the cash buildup factor pursuant to s. 215.555(5)(b).

7. The corporation's implementation of rates as prescribed in ~~subparagraphs 5. and 8. subparagraph 5.~~ shall cease for any line of business written by the corporation upon the corporation's implementation of actuarially sound rates. Thereafter, the corporation shall annually make a recommended actuarially sound rate filing *that is not competitive with approved rates in the admitted voluntary market* for each commercial and personal line of business the corporation writes.

8. *For any new or renewal personal lines policy written on or after November 1, 2023, which does not cover a primary residence, the rate to be applied in calculating premium is not subject to the rate increase limitations in subparagraph 5. However, the policyholder may not be charged more than 50 percent above, and may not be charged less than, the established rate for the corporation which was in effect 1 year before the date of the application.*

9. *As used in this paragraph, the term "primary residence" means the dwelling that is the policyholder's primary home or is a rental property that is the primary home of the tenant, and which the policyholder or tenant occupies for more than 9 months of each year.*

(o) If coverage in an account, *or the Citizens account if established by the corporation*, is deactivated pursuant to paragraph (p), coverage through the corporation shall be reactivated by order of the office only under one of the following circumstances:

1. If the market assistance plan receives a minimum of 100 applications for coverage within a 3-month period, or 200 applications for coverage within a 1-year period or less for residential coverage, unless the market assistance plan provides a quotation from admitted carriers at their filed rates for at least 90 percent of such applicants. Any market assistance plan application that is rejected because an individual risk is so hazardous as to be uninsurable using the criteria specified in subparagraph (c)8. shall not be included in the minimum percentage calculation provided herein. In the event that there is a legal or administrative challenge to a determination by the office that the conditions of this subparagraph have been met for eligibility for coverage in the corporation, any eligible risk may obtain coverage during the pendency of such challenge.

2. In response to a state of emergency declared by the Governor under s. 252.36, the office may activate coverage by order for the period of the emergency upon a finding by the office that the emergency significantly affects the availability of residential property insurance.

(p)1. The corporation shall file with the office quarterly statements of financial condition, an annual statement of financial condition, and audited financial statements in the manner prescribed by law. In addition, the corporation shall report to the office monthly on the types, premium, exposure, and distribution by county of its policies in force, and shall submit other reports as the office requires to carry out its oversight of the corporation.

2. The activities of the corporation shall be reviewed at least annually by the office to determine whether coverage shall be deactivated in an account, *or in the Citizens account if established by the corporation*, on the basis that the conditions giving rise to its activation no longer exist.

(q)1. The corporation shall certify to the office its needs for annual assessments as to a particular calendar year, and for any interim as-

sessments that it deems to be necessary to sustain operations as to a particular year pending the receipt of annual assessments. Upon verification, the office shall approve such certification, and the corporation shall levy such annual or interim assessments. Such assessments shall be prorated, *if authority to levy exists*, as provided in paragraph (b). The corporation shall take all reasonable and prudent steps necessary to collect the amount of assessments due from each assessable insurer, including, if prudent, filing suit to collect the assessments, and the office may provide such assistance to the corporation it deems appropriate. If the corporation is unable to collect an assessment from any assessable insurer, the uncollected assessments shall be levied as an additional assessment against the assessable insurers and any assessable insurer required to pay an additional assessment as a result of such failure to pay shall have a cause of action against such nonpaying assessable insurer. Assessments shall be included as an appropriate factor in the making of rates. The failure of a surplus lines agent to collect and remit any regular or emergency assessment levied by the corporation is considered to be a violation of s. 626.936 and subjects the surplus lines agent to the penalties provided in that section.

2. The governing body of any unit of local government, any residents of which are insured by the corporation, may issue bonds as defined in s. 125.013 or s. 166.101 from time to time to fund an assistance program, in conjunction with the corporation, for the purpose of defraying deficits of the corporation. In order to avoid needless and indiscriminate proliferation, duplication, and fragmentation of such assistance programs, any unit of local government, any residents of which are insured by the corporation, may provide for the payment of losses, regardless of whether or not the losses occurred within or outside of the territorial jurisdiction of the local government. Revenue bonds under this subparagraph may not be issued until validated pursuant to chapter 75, unless a state of emergency is declared by executive order or proclamation of the Governor pursuant to s. 252.36 making such findings as are necessary to determine that it is in the best interests of, and necessary for, the protection of the public health, safety, and general welfare of residents of this state and declaring it an essential public purpose to permit certain municipalities or counties to issue such bonds as will permit relief to claimants and policyholders of the corporation. Any such unit of local government may enter into such contracts with the corporation and with any other entity created pursuant to this subsection as are necessary to carry out this paragraph. Any bonds issued under this subparagraph shall be payable from and secured by moneys received by the corporation from emergency assessments under sub-subparagraph (b)3.e. ~~(b)3.d.~~, and assigned and pledged to or on behalf of the unit of local government for the benefit of the holders of such bonds. The funds, credit, property, and taxing power of the state or of the unit of local government shall not be pledged for the payment of such bonds.

3.a. The corporation shall adopt one or more programs subject to approval by the office for the reduction of both new and renewal writings in the corporation. Beginning January 1, 2008, any program the corporation adopts for the payment of bonuses to an insurer for each risk the insurer removes from the corporation shall comply with s. 627.3511(2) and may not exceed the amount referenced in s. 627.3511(2) for each risk removed. The corporation may consider any prudent and not unfairly discriminatory approach to reducing corporation writings, and may adopt a credit against assessment liability or other liability that provides an incentive for insurers to take risks out of the corporation and to keep risks out of the corporation by maintaining or increasing voluntary writings in counties or areas in which corporation risks are highly concentrated and a program to provide a formula under which an insurer voluntarily taking risks out of the corporation by maintaining or increasing voluntary writings will be relieved wholly or partially from assessments under sub-subparagraph (b)3.a. However, any "take-out bonus" or payment to an insurer must be conditioned on the property being insured for at least 5 years by the insurer, unless canceled or nonrenewed by the policyholder. If the policy is canceled or nonrenewed by the policyholder before the end of the 5-year period, the amount of the take-out bonus must be prorated for the time period the policy was insured. When the corporation enters into a contractual agreement for a take-out plan, the producing agent of record of the corporation policy is entitled to retain any unearned commission on such policy, and the insurer shall either:

(I) Pay to the producing agent of record of the policy, for the first year, an amount which is the greater of the insurer's usual and cus-

tomy commission for the type of policy written or a policy fee equal to the usual and customary commission of the corporation; or

(II) Offer to allow the producing agent of record of the policy to continue servicing the policy for a period of not less than 1 year and offer to pay the agent the insurer's usual and customary commission for the type of policy written. If the producing agent is unwilling or unable to accept appointment by the new insurer, the new insurer shall pay the agent in accordance with sub-sub-subparagraph (I).

b. Any credit or exemption from regular assessments adopted under this subparagraph shall last no longer than the 3 years following the cancellation or expiration of the policy by the corporation. With the approval of the office, the board may extend such credits for an additional year if the insurer guarantees an additional year of renewability for all policies removed from the corporation, or for 2 additional years if the insurer guarantees 2 additional years of renewability for all policies so removed.

c. There shall be no credit, limitation, exemption, or deferment from emergency assessments to be collected from policyholders pursuant to sub-subparagraph (b)3.e. or sub-subparagraph (b)5.c. ~~(b)3.d.~~

4. The plan shall provide for the deferment, in whole or in part, of the assessment of an assessable insurer, other than an emergency assessment collected from policyholders pursuant to sub-subparagraph (b)3.e. or sub-subparagraph (b)5.c. ~~(b)3.d.~~, if the office finds that payment of the assessment would endanger or impair the solvency of the insurer. In the event an assessment against an assessable insurer is deferred in whole or in part, the amount by which such assessment is deferred may be assessed against the other assessable insurers in a manner consistent with the basis for assessments set forth in paragraph (b).

5. Effective July 1, 2007, in order to evaluate the costs and benefits of approved take-out plans, if the corporation pays a bonus or other payment to an insurer for an approved take-out plan, it shall maintain a record of the address or such other identifying information on the property or risk removed in order to track if and when the property or risk is later insured by the corporation.

6. Any policy taken out, assumed, or removed from the corporation is, as of the effective date of the take-out, assumption, or removal, direct insurance issued by the insurer and not by the corporation, even if the corporation continues to service the policies. This subparagraph applies to policies of the corporation and not policies taken out, assumed, or removed from any other entity.

7. For a policy taken out, assumed, or removed from the corporation, the insurer may, for a period of no more than 3 years, continue to use any of the corporation's policy forms or endorsements that apply to the policy taken out, removed, or assumed without obtaining approval from the office for use of such policy form or endorsement.

(v)1. Effective July 1, 2002, policies of the Residential Property and Casualty Joint Underwriting Association become policies of the corporation. All obligations, rights, assets and liabilities of the association, including bonds, note and debt obligations, and the financing documents pertaining to them become those of the corporation as of July 1, 2002. The corporation is not required to issue endorsements or certificates of assumption to insureds during the remaining term of in-force transferred policies.

2. Effective July 1, 2002, policies of the Florida Windstorm Underwriting Association are transferred to the corporation and become policies of the corporation. All obligations, rights, assets, and liabilities of the association, including bonds, note and debt obligations, and the financing documents pertaining to them are transferred to and assumed by the corporation on July 1, 2002. The corporation is not required to issue endorsements or certificates of assumption to insureds during the remaining term of in-force transferred policies.

3. The Florida Windstorm Underwriting Association and the Residential Property and Casualty Joint Underwriting Association shall take all actions necessary to further evidence the transfers and provide the documents and instruments of further assurance as may reasonably be requested by the corporation for that purpose. The corporation shall execute assumptions and instruments as the trustees or other parties to the financing documents of the Florida Windstorm Underwriting As-

sociation or the Residential Property and Casualty Joint Underwriting Association may reasonably request to further evidence the transfers and assumptions, which transfers and assumptions, however, are effective on the date provided under this paragraph whether or not, and regardless of the date on which, the assumptions or instruments are executed by the corporation. Subject to the relevant financing documents pertaining to their outstanding bonds, notes, indebtedness, or other financing obligations, the moneys, investments, receivables, choses in action, and other intangibles of the Florida Windstorm Underwriting Association shall be credited to the coastal account of the corporation, and those of the personal lines residential coverage account and the commercial lines residential coverage account of the Residential Property and Casualty Joint Underwriting Association shall be credited to the personal lines account and the commercial lines account, respectively, of the corporation.

4. Effective July 1, 2002, a new applicant for property insurance coverage who would otherwise have been eligible for coverage in the Florida Windstorm Underwriting Association is eligible for coverage from the corporation as provided in this subsection.

5. The transfer of all policies, obligations, rights, assets, and liabilities from the Florida Windstorm Underwriting Association to the corporation and the renaming of the Residential Property and Casualty Joint Underwriting Association as the corporation does not affect the coverage with respect to covered policies as defined in s. 215.555(2)(c) provided to these entities by the Florida Hurricane Catastrophe Fund. The coverage provided by the fund to the Florida Windstorm Underwriting Association based on its exposures as of June 30, 2002, and each June 30 thereafter, *unless the corporation has established the Citizens account*, shall be redesignated as coverage for the coastal account of the corporation. Notwithstanding any other provision of law, the coverage provided by the fund to the Residential Property and Casualty Joint Underwriting Association based on its exposures as of June 30, 2002, and each June 30 thereafter, *unless the corporation has established the Citizens account*, shall be transferred to the personal lines account and the commercial lines account of the corporation. Notwithstanding any other provision of law, the coastal account, *unless the corporation has established the Citizens account*, shall be treated, for all Florida Hurricane Catastrophe Fund purposes, as if it were a separate participating insurer with its own exposures, reimbursement premium, and loss reimbursement. Likewise, the personal lines and commercial lines accounts, *unless the corporation has established the Citizens account*, shall be viewed together, for all fund purposes, as if the two accounts were one and represent a single, separate participating insurer with its own exposures, reimbursement premium, and loss reimbursement. The coverage provided by the fund to the corporation shall constitute and operate as a full transfer of coverage from the Florida Windstorm Underwriting Association and Residential Property and Casualty Joint Underwriting Association to the corporation.

(w) Notwithstanding any other provision of law:

1. The pledge or sale of, the lien upon, and the security interest in any rights, revenues, or other assets of the corporation created or purported to be created pursuant to any financing documents to secure any bonds or other indebtedness of the corporation shall be and remain valid and enforceable, notwithstanding the commencement of and during the continuation of, and after, any rehabilitation, insolvency, liquidation, bankruptcy, receivership, conservatorship, reorganization, or similar proceeding against the corporation under the laws of this state.

2. The proceeding does not relieve the corporation of its obligation, or otherwise affect its ability to perform its obligation, to continue to collect, or levy and collect, assessments, policyholder surcharges or other surcharges under sub-subparagraph (b)3.j. ~~(b)3.i.~~, or any other rights, revenues, or other assets of the corporation pledged pursuant to any financing documents.

3. Each such pledge or sale of, lien upon, and security interest in, including the priority of such pledge, lien, or security interest, any such assessments, policyholder surcharges or other surcharges, or other rights, revenues, or other assets which are collected, or levied and collected, after the commencement of and during the pendency of, or after, any such proceeding shall continue unaffected by such proceeding. As used in this subsection, the term "financing documents" means any agreement or agreements, instrument or instruments, or other document or documents now existing or hereafter created evidencing any

bonds or other indebtedness of the corporation or pursuant to which any such bonds or other indebtedness has been or may be issued and pursuant to which any rights, revenues, or other assets of the corporation are pledged or sold to secure the repayment of such bonds or indebtedness, together with the payment of interest on such bonds or such indebtedness, or the payment of any other obligation or financial product, as defined in the plan of operation of the corporation related to such bonds or indebtedness.

4. Any such pledge or sale of assessments, revenues, contract rights, or other rights or assets of the corporation shall constitute a lien and security interest, or sale, as the case may be, that is immediately effective and attaches to such assessments, revenues, or contract rights or other rights or assets, whether or not imposed or collected at the time the pledge or sale is made. Any such pledge or sale is effective, valid, binding, and enforceable against the corporation or other entity making such pledge or sale, and valid and binding against and superior to any competing claims or obligations owed to any other person or entity, including policyholders in this state, asserting rights in any such assessments, revenues, or contract rights or other rights or assets to the extent set forth in and in accordance with the terms of the pledge or sale contained in the applicable financing documents, whether or not any such person or entity has notice of such pledge or sale and without the need for any physical delivery, recordation, filing, or other action.

5. As long as the corporation has any bonds outstanding, the corporation may not file a voluntary petition under chapter 9 of the federal Bankruptcy Code or such corresponding chapter or sections as may be in effect, from time to time, and a public officer or any organization, entity, or other person may not authorize the corporation to be or become a debtor under chapter 9 of the federal Bankruptcy Code or such corresponding chapter or sections as may be in effect, from time to time, during any such period.

6. If ordered by a court of competent jurisdiction, the corporation may assume policies or otherwise provide coverage for policyholders of an insurer placed in liquidation under chapter 631, under such forms, rates, terms, and conditions as the corporation deems appropriate, subject to approval by the office.

A corporation policyholder electing not to secure flood insurance and executing a form as provided herein making a claim for water damage against the corporation shall have the burden of proving the damage was not caused by flooding. Notwithstanding other provisions of this subsection, The corporation may deny coverage of a personal lines residential risk to an applicant or insured who refuses to secure and maintain flood insurance execute the form described herein. 627.70131 Insurer's duty to acknowledge communications regarding claims; investigation.—

(1)(a) Upon an insurer's receiving a communication with respect to a claim, the insurer shall, within 7 ~~14~~ calendar days, review and acknowledge receipt of such communication unless payment is made within that period of time or unless the failure to acknowledge is caused by factors beyond the control of the insurer ~~which reasonably prevent such acknowledgment~~. If the acknowledgment is not in writing, a notification indicating acknowledgment shall be made in the insurer's claim file and dated. A communication made to or by a representative of an insurer with respect to a claim shall constitute communication to or by the insurer.

(3)(a) Unless otherwise provided by the policy of insurance or by law, within 7 ~~14~~ days after an insurer receives proof-of-loss statements, the insurer shall begin such investigation as is reasonably necessary unless the failure to begin such investigation is caused by factors beyond the control of the insurer ~~which reasonably prevent the commencement of such investigation~~.

(b) If such investigation involves a physical inspection of the property, the licensed adjuster assigned by the insurer must provide the policyholder with a printed or electronic document containing his or her name and state adjuster license number. ~~For claims other than those subject to a hurricane deductible,~~ An insurer must conduct any such physical inspection within 30 ~~45~~ days after its receipt of the proof-of-loss statements.

(c) Any subsequent communication with the policyholder regarding the claim must also include the name and license number of the adjuster communicating about the claim. Communication of the adjuster's name and license number may be included with other information provided to the policyholder.

The insurer also may allow the policyholder to use such methods to assist in the investigation of the loss. An insurer may void the insurance policy if the policyholder or any other person at the direction of the policyholder, with intent to injure, defraud, or deceive any insurer, commits insurance fraud by providing false, incomplete, or misleading information concerning any fact or thing material to a claim using electronic methods. The use of electronic methods to investigate the loss does not prohibit an insurer from assigning a licensed adjuster to physically inspect the property.*

(e) ~~Within 7 days after the insurer's assignment of an adjuster to the claim, The insurer must send notify the policyholder that he or she may request a copy of any detailed estimate of the amount of the loss within 7 days after the estimate is generated by an insurer's adjuster. After receiving such a request from the policyholder, the insurer must send any such detailed estimate to the policyholder within the later of 7 days after the insurer received the request or 7 days after the detailed estimate of the amount of the loss is completed.~~ This paragraph does not require that an insurer create a detailed estimate of the amount of the loss if such estimate is not reasonably necessary as part of the claim investigation.

(4) An insurer shall maintain:

(a) A record or log of each adjuster who communicates with the policyholder as provided in paragraphs (3)(b) and (c) and provide a list of such adjusters to the insured, office, or department upon request.

1. Any claim-related communication made between the insurer and the policyholder or the policyholder's representative;

2. The insurer's receipt of the policyholder's proof of loss statement;

3. Any claim-related request for information made by the insurer to the policyholder or the policyholder's representative;

4. Any claim-related inspections of the property made by the insurer, including physical inspections and inspections made by electronic means;

5. Any detailed estimate of the amount of the loss generated by the insurer's adjuster;

6. The beginning and end of any tolling period provided for in subsection (8); and

7. The insurer's payment or denial of the claim.

(5) For purposes of this section, the term:

(a) "Factors beyond the control of the insurer" means:

1. Any of the following events that is the basis for the office issuing an order finding that such event renders all or specified residential property insurers reasonably unable to meet the requirements of this section in specified locations and ordering that such insurer or insurers may have additional time as specified by the office to comply with the requirements of this section: a state of emergency declared by the Governor under s. 252.36, a breach of security that must be reported under s. 501.171(3), or an information technology issue. The office may not extend the period for payment or denial of a claim for more than 30 additional days.

2. Actions by the policyholder or the policyholder's representative which constitute fraud, lack of cooperation, or intentional mis-

representation regarding the claim for which benefits are owed when such actions reasonably prevent the insurer from complying with any requirement of this section.

(b) “Insurer” means any residential property insurer.

(7)(a) Within ~~60~~ 90 days after an insurer receives notice of an initial, reopened, or supplemental property insurance claim from a policyholder, the insurer shall pay or deny such claim or a portion of the claim unless the failure to pay is caused by factors beyond the control of the insurer ~~which reasonably prevent such payment~~. The insurer shall provide a reasonable explanation in writing to the policyholder of the basis in the insurance policy, in relation to the facts or applicable law, for the payment, denial, or partial denial of a claim. If the insurer’s claim payment is less than specified in any insurer’s detailed estimate of the amount of the loss, the insurer must provide a reasonable explanation in writing of the difference to the policyholder. Any payment of an initial or supplemental claim or portion of such claim made ~~60~~ 90 days after the insurer receives notice of the claim, or made ~~more than 15 days after the expiration of any additional timeframe provided to pay or deny a claim or a portion of a claim made pursuant to an order of the office finding there are no longer~~ factors beyond the control of the insurer ~~which reasonably prevented such payment~~, whichever is later, bears interest at the rate set forth in s. 55.03. Interest begins to accrue from the date the insurer receives notice of the claim. The provisions of this subsection may not be waived, voided, or nullified by the terms of the insurance policy. If there is a right to prejudgment interest, the insured must select whether to receive prejudgment interest or interest under this subsection. Interest is payable when the claim or portion of the claim is paid. Failure to comply with this subsection constitutes a violation of this code. However, failure to comply with this subsection does not form the sole basis for a private cause of action, *except that repeated violations constitute an unfair method of competition and an unfair or deceptive act or practice as defined in s. 626.9541.*

Amendment 11 (619600) (with title amendment)—Between lines 2607 and 2608 insert:

Section 17. Section 627.7015, Florida Statutes, is amended to read:

627.7015 *Mandatory mediation Alternative procedure* for resolution of disputed property insurance claims.—

(1) This section sets forth a nonadversarial ~~alternative~~ dispute resolution procedure for a mediated claim resolution conference prompted by the need for effective, fair, and timely handling of property insurance claims. There is a particular need for an informal, nonthreatening forum for helping parties ~~who elect this procedure~~ to resolve their claims disputes because most homeowner and commercial residential insurance policies obligate policyholders to participate in a potentially expensive and time-consuming adversarial appraisal process before litigation. The procedure set forth in this section is designed to bring the parties together for a mediated claims settlement conference without any of the trappings or drawbacks of an adversarial process. Before resorting to these procedures, policyholders and insurers are encouraged to resolve claims as quickly and fairly as possible. This section ~~applies is available with respect~~ to claims under personal lines and commercial residential policies before commencing the appraisal process, or before commencing litigation. ~~Mediation may be requested only by the policyholder, as a first party claimant, a third party, as an assignee of the policy benefits, or the insurer. However, an insurer is not required to participate in any mediation requested by a third party assignee of the policy benefits. If requested by the policyholder,~~ Participation by legal counsel is permitted. Mediation under this section is also ~~required of available~~ to litigants referred to the department by a county court or circuit court. This section does not apply to commercial coverages, to private passenger motor vehicle insurance coverages, or to disputes relating to liability coverages in policies of property insurance.

(2) At the time of issuance and renewal of a policy or at the time a first-party claim within the scope of this section is filed by the policyholder, the insurer shall notify the policyholder of ~~its right to participate in the mandatory mediation program~~ under this section. The department shall prepare a consumer information pamphlet for distribution to persons participating in mediation.

(3) *If the parties mutually agree, mediation may be conducted by teleconference or by telephone in lieu of appearing in person.* The costs of mediation must be reasonable, and the insurer must bear all of the cost of conducting mediation conferences, except as otherwise provided in this section. If a policyholder fails to appear at the conference, the conference must be rescheduled upon the policyholder’s payment of the costs of a rescheduled conference. If the insurer fails to appear at the conference, the insurer must pay the policyholder’s actual cash expenses incurred in attending the conference if the insurer’s failure to attend was not due to a good cause acceptable to the department. An insurer will be deemed to have failed to appear if the insurer’s representative lacks authority to settle the full value of the claim. The insurer shall incur an additional fee for a rescheduled conference necessitated by the insurer’s failure to appear at a scheduled conference. The fees assessed by the administrator must include a charge necessary to defray the expenses of the department related to its duties under this section and must be deposited in the Insurance Regulatory Trust Fund.

(4) The department shall adopt by rule a property insurance mediation program to be administered by the department or its designee. The department shall ~~may~~ also adopt special rules which are applicable in cases of an emergency within the state, *including emergency rules as necessary to establish physical addresses for the mediation program in areas affected by natural disasters*. The rules shall be modeled after practices and procedures set forth in mediation rules of procedure adopted by the Supreme Court. The rules shall provide for:

(a) Reasonable requirement for processing and scheduling of requests for mediation.

(b) Qualifications, denial of application, suspension, revocation of approval, and other penalties for mediators as provided in s. 627.745 and the Florida Rules for Certified and Court-Appointed Mediators.

(c) Provisions governing who may attend mediation conferences.

(d) Selection of mediators.

(e) Criteria for the conduct of mediation conferences.

(f) Right to legal counsel.

(5) All statements made and documents produced at a mediation conference shall be deemed to be settlement negotiations in anticipation of litigation within the scope of s. 90.408. All parties to the mediation must negotiate in good faith and must have the authority to immediately settle the claim. Mediators are deemed to be agents of the department and shall have the immunity from suit provided in s. 44.107.

(6)(a) Mediation is nonbinding; however, if a written settlement is reached, the policyholder has 3 business days within which the policyholder may rescind the settlement unless the policyholder has cashed or deposited any check or draft disbursed to the policyholder for the disputed matters as a result of the conference. If a settlement agreement is reached and is not rescinded, it is binding and acts as a release of all specific claims that were presented in that mediation conference.

(b) At the conclusion of the mediation, the mediator shall provide a written report of the results of mediation, including any settlement amount, to the insurer, the policyholder, and the policyholder's representative if the policyholder is represented at the mediation.

(7) If the insurer fails to comply with subsection (2) by failing to notify a policyholder of ~~its right to participate in~~ the mediation program under this section or if ~~the insurer requests the mediation, and~~ the mediation results are rejected by either party, the policyholder is not required to submit to or participate in any contractual loss appraisal process of the property loss damage as a precondition to legal action for breach of contract against the insurer for its failure to pay the policyholder's claims covered by the policy.

(8) The department may designate an entity or person to serve as administrator to carry out any of the provisions of this section and may take this action by means of a written contract or agreement.

(9) For purposes of this section, the term "claim" refers to any dispute between an insurer and a policyholder relating to a material issue of fact other than a dispute:

(a) With respect to which the insurer has a reasonable basis to suspect fraud;

(b) When, based on agreed-upon facts as to the cause of loss, there is no coverage under the policy;

(c) With respect to which the insurer has a reasonable basis to believe that the policyholder has intentionally made a material misrepresentation of fact which is relevant to the claim, and the entire request for payment of a loss has been denied on the basis of the material misrepresentation;

(d) With respect to which the amount in controversy is less than \$500, unless the parties agree to mediate a dispute involving a lesser amount; or

(e) With respect to a loss that does not comply with s. 627.70132.

Section 18. *For the 2022-2023 fiscal year, the sum of \$1 million in recurring funds is appropriated from the Insurance Regulatory Trust Fund to the Department of Financial Services for the purpose of administering the amendment made by this act to s. 627.7015, Florida Statutes.*

And the title is amended as follows:

Delete line 119 and insert: barred; amending s. 627.7015, F.S.; requiring, rather than authorizing, parties to a property insurance claims dispute to participate in mediation; providing that the parties may mutually agree to conduct the mediation by teleconference or by telephone; requiring, rather than authorizing, the Department of Financial Services to adopt certain rules; authorizing the department to adopt certain emergency rules; providing an appropriation; amending s. 627.70152, F.S.; revising:

An insurer must respond in writing within 10 business days after receiving the notice specified in subsection (3). The insurer must provide the response *to the department, and to the claimant* by e-mail if the insured has designated an e-mail address in the notice.

(a) If an insurer is responding to a notice served on the insurer following a denial of coverage by the insurer, the insurer must respond by:

1. Accepting coverage;
2. Continuing to deny coverage; or

3. Asserting the right to reinspect the damaged property. If the insurer responds by asserting the right to reinspect the damaged property, it has 14 business days after the response asserting that right to reinspect the property and accept or continue to deny coverage. The time limits provided in s. 95.11 are tolled during the reinspection period if such time limits expire before the end of the reinspection period. If the insurer continues to deny coverage, the claimant may file suit without providing additional notice to the insurer.

(b) If an insurer is responding to a notice provided to the insurer alleging an act or omission by the insurer other than a denial of coverage, the insurer must respond by making a settlement offer or requiring the claimant to participate in appraisal or another method of alternative dispute resolution. The time limits provided in s. 95.11 are tolled as long as appraisal or other alternative dispute resolution is ongoing if such time limits expire during the appraisal process or dispute resolution process. Effective March 1, 2023, present subsection (8) of section 627.70131, Florida Statutes, is redesignated as subsection (9), a new subsection (8) is added to that section, and paragraph (a) of subsection (1), subsections (3), (4), and (5), and paragraph (a) of subsection (7) of that section are amended, to read:

627.70131 Insurer’s duty to acknowledge communications regarding claims; investigation.—

(1)(a) Upon an insurer’s receiving a communication with respect to a claim, the insurer shall, within 7 ~~14~~ calendar days, review and acknowledge receipt of such communication unless payment is made within that period of time or unless the failure to acknowledge is caused by factors beyond the control of the insurer ~~which reasonably prevent such acknowledgment~~. If the acknowledgment is not in writing, a notification indicating acknowledgment shall be made in the insurer’s claim file and dated. A communication made to or by a representative of an insurer with respect to a claim shall constitute communication to or by the insurer.

(3)(a) Unless otherwise provided by the policy of insurance or by law, within 7 ~~14~~ days after an insurer receives proof-of-loss statements, the insurer shall begin such investigation as is reasonably necessary unless the failure to begin such investigation is caused by factors beyond the control of the insurer ~~which reasonably prevent the commencement of such investigation~~.

(b) If such investigation involves a physical inspection of the property, the licensed adjuster assigned by the insurer must provide the policyholder with a printed or electronic document containing his or her name and state adjuster license number. ~~For claims other than those subject to a hurricane deductible,~~ An insurer must conduct any such physical inspection within ~~30~~ 45 days after its receipt of the proof-of-loss statements.

(c) Any subsequent communication with the policyholder regarding the claim must also include the name and license number of the adjuster communicating about the claim. Communication of the adjuster's name and license number may be included with other information provided to the policyholder.

(d) *An insurer may use electronic methods to investigate the loss. Such electronic methods may include any method that provides the insurer with clear, color pictures or video documenting the loss, including, but not limited to, electronic photographs or video recordings of the loss, video conferencing between the adjuster and the policyholder which includes video recording of the loss, and video recordings or photographs of the loss using a drone, driverless vehicle, or other machine that can move independently or through remote control. The insurer also may allow the policyholder to use such methods to assist in the investigation of the loss. An insurer may void the insurance policy if the policyholder or any other person at the direction of the policyholder, with intent to injure, defraud, or deceive any insurer, commits insurance fraud by providing false, incomplete, or misleading information concerning any fact or thing material to a claim using electronic methods. The use of electronic methods to investigate the loss does not prohibit an insurer from assigning a licensed adjuster to physically inspect the property.*

(e) ~~Within 7 days after the insurer's assignment of an adjuster to the claim, The insurer must send notify the policyholder that he or she may request a copy of any detailed estimate of the amount of the loss within 7 days after the estimate is generated by an insurer's adjuster. After receiving such a request from the policyholder, the insurer must send any such detailed estimate to the policyholder within the later of 7 days after the insurer received the request or 7 days after the detailed estimate of the amount of the loss is completed. This paragraph does not require that an insurer create a detailed estimate of the amount of the loss if such estimate is not reasonably necessary as part of the claim investigation.~~

(4) An insurer shall maintain:

(a) A record or log of each adjuster who communicates with the policyholder as provided in paragraphs (3)(b) and (c) and provide a list of such adjusters to the insured, office, or department upon request.

(b) Claim records, including dates, of:

1. Any claim-related communication made between the insurer and the policyholder or the policyholder's representative;

2. The insurer's receipt of the policyholder's proof of loss statement;

3. Any claim-related request for information made by the insurer to the policyholder or the policyholder's representative;

4. Any claim-related inspections of the property made by the insurer, including physical inspections and inspections made by electronic means;

5. Any detailed estimate of the amount of the loss generated by the insurer's adjuster;

6. The beginning and end of any tolling period provided for in subsection (8); and

7. The insurer's payment or denial of the claim.

(5) For purposes of this section, the term:

(a) "Factors beyond the control of the insurer" means:

1. Any of the following events that is the basis for the office issuing an order finding that such event renders all or specified residential property insurers reasonably unable to meet the requirements of this section in specified locations and ordering that such insurer or insurers may have

additional time as specified by the office to comply with the requirements of this section: a state of emergency declared by the Governor under s. 252.36, a breach of security that must be reported under s. 501.171(3), or an information technology issue. The office may not extend the period for payment or denial of a claim for more than 30 additional days.

2. *Actions by the policyholder or the policyholder's representative which constitute fraud, lack of cooperation, or intentional misrepresentation regarding the claim for which benefits are owed when such actions reasonably prevent the insurer from complying with any requirement of this section.*

(b) "Insurer" means any residential property insurer.

(7)(a) ~~Within 60~~ 90 days after an insurer receives notice of an initial, reopened, or supplemental property insurance claim from a policyholder, the insurer shall pay or deny such claim or a portion of the claim unless the failure to pay is caused by factors beyond the control of the insurer ~~which reasonably prevent such payment~~. The insurer shall provide a reasonable explanation in writing to the policyholder of the basis in the insurance policy, in relation to the facts or applicable law, for the payment, denial, or partial denial of a claim. If the insurer's claim payment is less than specified in any insurer's detailed estimate of the amount of the loss, the insurer must provide a reasonable explanation in writing of the difference to the policyholder. Any payment of an initial or supplemental claim or portion of such claim made ~~60~~ 90 days after the insurer receives notice of the claim, or made ~~more than 15~~ days after the expiration of any additional timeframe provided to pay or deny a claim or a portion of a claim made pursuant to an order of the office finding ~~there are no longer~~ factors beyond the control of the insurer ~~which reasonably prevented such payment~~, whichever is later, bears interest at the rate set forth in s. 55.03. Interest begins to accrue from the date the insurer receives notice of the claim. The provisions of this subsection may not be waived, voided, or nullified by the terms of the insurance policy. If there is a right to prejudgment interest, the insured must select whether to receive prejudgment interest or interest under this subsection. Interest is payable when the claim or portion of the claim is paid. Failure to comply with this subsection constitutes a violation of this code. However, failure to comply with this subsection does not form the sole basis for a private cause of action.

(8) *The requirements of this section are tolled:*

(a) *During the pendency of any mediation proceeding under s. 627.7015 or any alternative dispute resolution proceeding provided for in the insurance contract. The tolling period ends upon the end of the mediation or alternative dispute resolution proceeding.*

(b) *Upon the failure of a policyholder or a representative of the policyholder to provide material claims information requested by the insurer within 10 days after the request was received. The tolling period ends upon the insurer's receipt of the requested information. Tolling under this paragraph applies only to requests sent by the insurer to the policyholder or a representative of the policyholder at least 15 days before the insurer is required to pay or deny the claim or a portion of the claim under subsection (7).*

Section 16. Subsection (2) of section 627.70132, Florida Statutes, is amended to read:

627.70132 Notice of property insurance claim.—

(2) A claim or reopened claim, but not a supplemental claim, under an insurance policy that provides property insurance, as defined in s. 624.604, including a property insurance policy issued by an eligible surplus lines insurer, for loss or damage caused by any peril is barred unless notice of the claim was given to the insurer in accordance with the terms of the policy within ~~1 year~~ 2 years after the date of loss. A supplemental claim is barred unless notice of the supplemental claim was given to the insurer in accordance with the terms of the policy within ~~18 months~~ 2 years after the date of loss.

Section 17. Subsection (1) of section 627.70152, Florida Statutes, is amended to read:

627.70152 Suits arising under a property insurance policy.—

MESSAGES FROM THE GOVERNOR AND OTHER EXECUTIVE COMMUNICATIONS

VETOED BILLS 2022 REGULAR SESSION

Secretary Laurel Lee
Secretary of State
R.A. Gray Building
500 South Bronough Street
Tallahassee, Florida 32399

March 29, 2022

Dear Secretary Lee:

By the authority vested in me as Governor of the State of Florida, under the provisions of Article III, Section 8 of the Constitution of Florida, I do hereby veto and transmit my objection to CS/SB 102, enacted during the 124th Session of the Legislature of Florida, during Regular Session 2022 and entitled:

An act relating to Establishing the Congressional Districts of the State

As presented in both the primary and secondary maps enacted by the Legislature, Congressional District 5 violates the Equal Protection Clause of the Fourteenth Amendment to the U.S. Constitution for the reasons set forth in the attached memorandum. Although I understand the Legislature's desire to comply with the Florida Constitution, the Legislature is not absolved of its duty to comply with the U.S. Constitution. Where the U.S. and Florida Constitutions conflict, the U.S. Constitution must prevail.

Accordingly, I withhold my approval of CS/SB 102 and do hereby veto the same.

Sincerely,

Ron DeSantis
Governor

The bill, together with the Governor's objections thereto, was referred to the Committee on Rules.

MEMORANDUM

To: Ron DeSantis, Governor of Florida
 From: Ryan Newman, General Counsel, Executive Office of the Governor
 Date: March 29, 2022
 Re: Constitutionality of CS/SB 102, An Act Relating to Establishing the Congressional Districts of the State

Congressional District 5 in both the primary and secondary maps enacted by the Legislature violates the Equal Protection Clause of the Fourteenth Amendment to the U.S. Constitution because it assigns voters primarily on the basis of race but is not narrowly tailored to achieve a compelling state interest.

"Just as the State may not, absent extraordinary justification, segregate citizens on the basis of race in its public parks, buses, golf courses, beaches, and schools," the U.S. Supreme Court has made clear that the State also "may not separate its citizens into different voting districts on the basis of race." *Miller v. Johnson*, 515 U.S. 900, 911 (1995) (internal citations omitted). "When the State assigns voters on the basis of race," the Court explained, "it engages in the offensive and demeaning assumption that voters of a particular race, because of their race, 'think alike, share the same political interests, and will prefer the same candidates at the polls.'" *Id.* at 911-12 (quoting *Shaw v. Reno*, 509 U.S. 630, 647 (1993)).

For these reasons, the Court has interpreted the Equal Protection Clause of the Fourteenth Amendment to the U.S. Constitution to prohibit state legislatures from using race as the "predominant factor motivating [their] decision to place a significant number of voters within or without a particular district," *id.* at 916, unless they can prove that their "race-based sorting of voters serves a 'compelling interest' and is 'narrowly tailored' to that end," *Cooper v. Harris*, 137 S. Ct. 1455, 1464 (2017) (citation omitted). That race was the predominant factor motivating a legislature's line-drawing decision can be shown "either through circumstantial evidence of a district's shape and demographics or more direct evidence going to legislative purpose." *Miller*, 515 U.S. at 916.

Although non-adherence to traditional districting principles, which results in a non-compact, unusually shaped district, is relevant evidence that race was the predominant motivation of a legislature, such evidence is not required to establish a constitutional violation. "Race may predominate even when a reapportionment plan respects traditional principles, if '[r]ace was the criterion that, in the State's view, could not be compromised,' and race-neutral considerations 'came into play only after the race-based decision had been made.'" *Bethune-Hill v. Va. State Bd. of Elections*, 137 S. Ct. 788, 798 (2017) (quoting *Shaw v. Hunt*, 517 U.S. 899, 907 (1996) (alteration in original)). "The racial predominance inquiry concerns the actual considerations that provided the essential basis for the lines drawn, not *post hoc* justifications the legislature in theory could have used but in reality did not." *Id.* at 799. A legislature "could construct a plethora of potential maps that look consistent with traditional, race-neutral principles," but "if race for its own sake is the overriding reason for choosing one map over others, race still may predominate." *Id.* It is the "racial purpose of state action, not its stark manifestation," that offends the Equal Protection Clause. *Miller*, 515 U.S. at 913.

In light of these well-established constitutional principles, the congressional redistricting bill enacted by the Legislature violates the U.S. Constitution. The bill contains a primary map and secondary map that include a racially gerrymandered district—Congressional District 5—that is not narrowly tailored to achieve a compelling state interest. *See generally* Fla. H.R. Comm. on Redist., recording of proceedings, at 0:00-2:55:19 (Feb. 25, 2022), <https://thefloridachannel.org/videos/2-25-22-house-redistricting-committee/> (committee presentation and discussion of the maps later passed by the Legislature).

In the secondary map, which was the original map reported out of the House Congressional Redistricting Subcommittee, District 5 is a sprawling district that stretches approximately 200 miles from East to West and cuts across eight counties to connect a minority population in

Jacksonville with a separate and distinct minority population in Leon and Gadsden Counties. The district is not compact, does not conform to usual political or geographic boundaries, and is bizarrely shaped to include minority populations in western Leon County and Gadsden County while excluding non-minority populations in eastern Leon County. Because this version of District 5 plainly subordinates traditional districting criteria to avoid diminishment of minority voting age population, there is no question that race was "the predominant factor motivating the legislature's decision" to draw this district. *Miller*, 515 U.S. at 916.

District 5 in the Secondary Map

In response to federal constitutional concerns about the unusual shape of District 5 as it was originally drawn, and which is now reflected in the secondary map, the House Redistricting Committee drew a new version of District 5, which is reflected in the primary map. This configuration of the district is more compact but has caused the adjacent district—District 4—to take on a bizarre doughnut shape that almost completely surrounds District 5. The reason for this unusual configuration is the Legislature's desire to maximize the black voting age population in District 5. The Chair of the House Redistricting Committee confirmed this motivation when he explained that the new District 5 was drawn to "protect[] a black minority seat in north Florida." Fla. H.R. Comm. on Redist., recording of proceedings, at 19:15-19:26 (Feb. 25, 2022).

District 5 in the Primary Map

Despite the Legislature's attempt to address the federal constitutional concerns by drawing a more compact district, the constitutional defect nevertheless persists. Where "race was the criterion that, in the State's view, could not be compromised, and race-neutral considerations came into play only after the race-based decision had been made," it follows that race was the predominant factor, even though the district otherwise respects traditional districting principles. *Bethune-Hill*, 137 S. Ct. at 798 (cleaned up).

Such was the case here. Even for the more compact district, the Legislature believed (albeit incorrectly) that the Florida Constitution required it to ensure "a black minority seat in north Florida." Fla. H.R. Comm. on Redist., recording of proceedings, at 19:15-19:26 (Feb. 25, 2022). Specifically, according to the House Redistricting Chair, the primary map's version of District 5 is the House's "attempt at continuing to protect the minority group's ability to elect a candidate of their choice." *Id.* at 19:45-19:54. The Legislature thus used "an express racial target" for District 5 of a black voting age population sufficiently large to elect a candidate of its choice. *Bethune-Hill*, 137 S. Ct. at 800.

Because racial considerations predominated even in drawing the new District 5, the Legislature must satisfy strict scrutiny, the U.S. Supreme Court's "most rigorous and exacting standard of constitutional review." *Miller*, 515 U.S. at 920. And to satisfy strict scrutiny, the Legislature "must demonstrate that its districting legislation is narrowly tailored to achieve a compelling interest." *Id.* That, the Legislature cannot do.

There is no good reason to believe that District 5 needed to be drawn as a minority-performing district to comply with Section 2 of the Voting Rights Act (VRA), because the relevant minority group is not sufficiently large to constitute a majority in a geographically compact area. In the primary map, the black voting age population of District 5 is 35.32%, and even in the secondary map, with the racially gerrymandered, non-compact version of District 5, the black voting age population increases only to 43.48%. *Compare* Fla. Redist. 2022, H000C8019, <https://bit.ly/3uczOXb> (available at floridaredistricting.gov/pages/submitted-plans) (last visited Mar. 28, 2022), *with* Fla. Redist. 2022, H000C8015, <https://bit.ly/36hFRBB> (available at floridaredistricting.gov/pages/submitted-plans) (last visited Mar. 28, 2022). "When a minority group is not sufficiently large to make up a majority in a reasonably shaped district, § 2 simply does not apply." *Cooper*, 137 S. Ct. at 1472 (citing *Bartlett v. Strickland*, 556 U.S. 1, 18-20 (2009) (plurality opinion)); *see also* *Thornburg v. Gingles*, 478 U.S. 30, 50 (1986) (explaining that one of the threshold conditions for proving vote dilution under Section 2 is that the minority group is "sufficiently large and geographically compact to constitute a majority").

Nor is there good reason to believe that District 5 is required to be drawn to comply with Section 5 of the VRA. Section 5 is no longer operative now that the U.S. Supreme Court invalidated the VRA's formula for determining which jurisdictions are subject to Section 5. *See* *Shelby Cnty. v. Holder*, 570 U.S. 529, 553-57 (2013); *see also* *Ala. Legis. Black Caucus v. Alabama*, 575 U.S. 254, 279 (2015) (suggesting that continued compliance with Section 5 may not remain a compelling interest in light of *Shelby County*). In any event, even before the coverage formula was invalidated, the State of Florida was not a covered jurisdiction subject to Section 5. *See In re Senate Joint Resolution of Legislative Apportionment 1176 (Apportionment I)*, 83 So. 3d 597, 624 (Fla. 2012). Only five counties in Florida were covered—Collier, Hardee, Hendry, Hillsborough, and Monroe—and none of them are in northern Florida where District 5 is located. *See id.*

The only justification left for drawing a race-based district is compliance with Article III, Section 20(a) of the Florida Constitution. But District 5 does not comply with this provision. Article III, Section 20(a) provides that "districts shall not be drawn with the intent or result of denying or abridging the equal opportunity of racial or language minorities to participate in the political process or to diminish their ability to elect representatives of their choice." The Florida Supreme Court has noted that these "dual constitutional imperatives follow almost verbatim the requirements embodied in the Federal Voting Rights Act." *Id.* at 619 (cleaned up). The first imperative, which prohibits districts that deny or abridge the equal opportunity of minority groups to participate in the political process, is modeled after Section 2 of the VRA, and the second imperative, which prohibits districts that diminish the ability of minority groups to elect representatives of their choice, is modeled after Section 5. *Id.* at 619-20.

Like the VRA, these provisions of the Florida Constitution "aim[] at safeguarding the voting strength of minority groups against both impermissible dilution and retrogression." *Id.* at 620. Although judicial interpretation of the VRA is relevant to understanding the Florida Constitution's non-dilution and non-diminishment provisions, the Florida Supreme Court nonetheless recognizes its "independent constitutional obligation" to interpret these provisions. *Id.* at 621.

Relevant here is the Florida Constitution's non-diminishment requirement. Unlike Section 5 of the VRA, this requirement "applies to the entire state." *Id.* at 620. Under this standard, the Legislature "cannot eliminate majority-minority districts or weaken other historically performing minority districts where doing so would actually diminish a minority group's ability to elect its preferred candidates." *Id.* at 625. The existing districts "serve[] as the 'benchmark' against which the 'effect' of voting changes is measured." *Id.* at 624 (cleaned up). Where a voting change leaves a minority group "less able to elect a preferred candidate of choice" than the benchmark, that change violates the non-diminishment standard. *Id.* at 625 (internal quotation marks

omitted); *see also id.* at 702 (Canady, C.J., concurring in part and dissenting in part) (noting that the dictionary definition of "diminish" means "to make less or cause to appear less" (citation omitted)).

The Florida Supreme Court has acknowledged that "a slight change in percentage of the minority group's population in a given district does not necessarily have a cognizable effect on a minority group's ability to elect its preferred candidate of choice." *Id.* at 625. The minority population percentage in each district need not be "fixed" in perpetuity. *Id.* at 627. But where the reduction in minority population in a given district is more than "slight," such that the ability of the minority population to elect a candidate of choice has been reduced (even if not eliminated), the Legislature has violated the Florida Constitution's non-diminishment requirement as interpreted by the Florida Supreme Court.

Given these principles, there is no good reason to believe that District 5, as presented in the primary map, complies with the Florida Constitution's non-diminishment requirement. The benchmark district contains a black voting age population of 46.20%, whereas the black voting age population of District 5 in the primary map is only 35.32%.¹ *Compare* Fla. Redist. 2022, FLCD2016, <https://bit.ly/3Iv6FeW> (available at floridaredistricting.gov/pages/submitted-plans) (last visited Mar. 28, 2022), *with* Fla. Redist. 2022, H000C8019, <https://bit.ly/3uczOXb> (available at floridaredistricting.gov/pages/submitted-plans) (last visited Mar. 28, 2022). This nearly eleven percentage point drop is more than slight, and while the House Redistricting Chair represented that the black population of the district could still elect a candidate of choice, *see* Fla. H.R. Comm. on Redist., recording of proceedings, at 59:44-1:00:17 (Feb. 25, 2022), there appears to be little dispute that the ability of the black population to elect such a candidate had nevertheless been reduced, *see id.* at 1:00:18-1:00:58 (noting that the benchmark district performed for the minority candidate of choice in 14 of 14 previous elections and that the new district would not perform for the minority candidate of choice in one-third of the same elections).

Moreover, the House Redistricting Chair claimed that the only criterion that mattered was whether the new district still performed at all. *See id.* at 1:06:09-1:06:30 ("It is not a diminishment unless the district does not perform."); *see also id.* at 1:05:05-1:05:13 ("Is it less likely to perform? Honestly, I don't know."). But that view is plainly inconsistent with the Florida Supreme Court precedent described above, which prohibits any voting change that leaves a minority group "less able to elect a preferred candidate of choice." *Apportionment I*, 83 So. 3d at 625 (internal quotation marks omitted). In sum, because the reduction of black voting age population is more than slight and because such reduction appears to have diminished the ability of black voters to elect a candidate of their choice, District 5 does not comply with the non-diminishment requirement of Article III, Section 20(a) of the Florida Constitution. Therefore, compliance with the Florida Constitution cannot supply the compelling reason to justify the Legislature's use of race in drawing District 5 in the primary map.

In the secondary map, by contrast, District 5 complies with the Florida Constitution's non-diminishment requirement, but in doing so, it violates the Equal Protection Clause of the Fourteenth Amendment to the U.S. Constitution. The U.S. Supreme Court has warned that a "reapportionment plan that includes in one district individuals who belong to the same race, but who are otherwise widely separated by geographical and political boundaries, and who may have little in common with one another but the color of their skin, bears an uncomfortable resemblance to political apartheid." *Shaw*, 509 U.S. at 647. As described earlier, District 5 in the secondary map does precisely this.

That the district is believed to be necessary to comply with the Florida Constitution's non-diminishment requirement does not alone suffice to justify the use of race in drawing bizarre, non-compact district boundaries for the sole purpose of cobbling together disparate minority populations from across northern Florida to form a minority-performing district. Mere compliance with a state constitutional requirement to engage in race-based districting is not, without more, a compelling interest sufficient to satisfy strict scrutiny. The Fourteenth and Fifteenth Amendments to the U.S. Constitution and the VRA, which enforces the Fifteenth Amendment, exist to *prevent* states from engaging in racially discriminatory electoral practices. Indeed, one such weapon that states long used, and that the VRA was designed to combat, "was the racial gerrymander—the deliberate and arbitrary distortion of district boundaries for racial purposes." *Id.* at 640 (cleaned up).

Here, the Florida Constitution's non-diminishment standard would be satisfied only by a sprawling, non-compact district that spans 200 miles and repeatedly violates traditional political boundaries to join minority communities from disparate geographic areas. Such a district is not narrowly tailored to achieve the compelling interest of protecting the voting rights of a minority community in a reasonably cohesive geographic area. As applied to District 5 in the secondary map, therefore, the Florida Constitution's non-diminishment standard cannot survive strict scrutiny and clearly violates the U.S. Constitution.

For the foregoing reasons, Congressional District 5 in both maps is unlawful.

¹ The benchmark district itself is a sprawling, non-compact racial gerrymander that connects minority communities from two distinct regions of the State; however, for purposes of this point, I assume that the district can be used as a valid benchmark against which to judge the new maps.

Dear Secretary Byrd:

By the authority vested in me as Governor of the State of Florida, under the provisions of Article III, Section 8, of the Constitution of Florida, I do hereby veto and transmit my objection to Senate Bill 406 (SB 406), enacted during the 124th Session of the Legislature of Florida, during the Regular Session of 2022 and entitled:

An act relating to Secured Transactions

If SB 406 were to become law and be given retroactive effect as the Legislature intends, it would unconstitutionally impair certain vested rights and contracts. See art. I, §§ 9, 10, Fla. Const. While the prospective policy reforms are sound this does not cure the legal infirmities of the legislation.

For this reason, I withhold my approval of Senate Bill 406 and do hereby veto the same.

Sincerely,

Ron DeSantis
Governor

Dear Secretary Byrd:

By the authority vested in me as Governor of the State of Florida, under the provisions of Article III, Section 8, of the Constitution of Florida, I do hereby veto and transmit my objections to Committee Substitute for Senate Bill 620 (CS/SB 620), enacted during the 124th Session of the Legislature of Florida, during the Regular Session of 2022 and entitled:

An act relating to the Local Business Protection Act

CS/SB 620 authorizes private, for-profit businesses to claim damages from a county or municipality if the county or municipality enacts or amends certain non-exempt ordinances or charter provisions that have the effect of reducing profits beyond the designated threshold.

Local governments do overstep their authority and unreasonably burden businesses through policies that range from the merely misguided to the politically motivated. Indeed, this was illustrated by the bizarre and draconian measures adopted by some local governments during COVID-19, necessitating the state to overrule these edicts to protect freedom and opportunity for Floridians. Incredibly, this bill exempts compensating businesses due to "emergency" orders of local government. However, the broad and ambiguous language of the bill will lead to both unintended and unforeseen consequences and costly litigation.

Because of this, the better approach is to enact targeted preemption legislation when local governments act in a way that frustrates state policy and/ or undermines the rights of Floridians.

For the reasons stated above, I withhold my approval of CS/SB 620 and do hereby veto the same.

Sincerely,

Ron DeSantis

As Governor, I have approved local legislation for independent hospital districts. CS/SB 1260 intends to solve a priority of one independent hospital district through broad statewide policy changes, rather than through the local bill process. Florida's public hospitals serve our medically indigent population and support the state share of the low-income pool. Under these circumstances, each policy change to the governance structure of our independent hospital districts should be reviewed on a district-by-district basis.

Dear Secretary Byrd:

By the authority vested in me as Governor of the State of Florida, under the provisions of Article III, Section 8, of the Constitution of Florida, I do hereby veto and withhold my approval from the following specific appropriation contained within Senate Bill 2526 (lines 78-93):

(2) Beginning in the 2022-2023 fiscal year, and annually through the 2052-2053 fiscal year, the sum of \$20 million is appropriated and shall be transferred to the Board of Directors of the

H. Lee Moffitt Cancer Center and Research Institute for construction and development of Moffitt's Pasco County life sciences park. Monies transferred to the Board of Directors of the H. Lee Moffitt Cancer Center and Research Institute pursuant to this subsection may be used to secure financing to pay costs related to the construction and development of Moffitt's Pasco County life sciences park. Such financing may include the issuance of tax-exempt bonds or other forms of indebtedness by a local authority, municipality, or county pursuant to parts II and III of chapter 159. Such bonds shall not constitute state bonds for purposes of s. 11, Art. VII of the State Constitution, but shall constitute bonds of a local agency as defined in s. 92159.27(4).

I do hereby sign and transmit the remainder of Senate Bill 2526 enacted during the 124th Session of the Legislature of Florida, during the Regular Session of 2022 and entitled:

An act relating to Health

The Freedom First Budget provides \$100,000,000 to support the Florida Consortium of National Cancer Institute Centers Program, of which the H. Lee Moffitt Cancer Center and Research Institute is one of three eligible institutions. This funding represents an increase of \$37,771,257 over the previous year. I requested this additional funding because I am committed to enhancing Florida's competitiveness in cancer research and care at national and international levels to ensure that all Floridians have access to the highest quality of care.

However, I do not support the provision of funding that will tie the state to a long term, thirty-year commitment that inhibits budget flexibility. These state funds could be used to support more than \$300 million of bonding capacity that would impact the state's debt capacity without any state oversight.

For the reasons stated above, the \$20,000,000 appropriation contained in Senate Bill 2526 is hereby vetoed, and I hereby approve the remainder of the Act.

PRAYER

The following prayer was offered by Senator Rouson:

Most holy and wise Creator, God, we come to you humbly as we know how in a method of thanksgiving—thanking you for bringing us into a new year, thanking you for the call on our lives to do your service for your people. We thank you for seeing us through another week of committee meetings and another special session. We ask that you continue to cover us with your protection as we travel to and from Tallahassee and our home districts this year doing the great, faithful work of the state. We invoke your spirit of collaboration where there is controversy, your spirit of decorum during debate, your spirit of mercy where there is a majority. Allow for difficult conversations to be had without personal attack and for difficult conversations to be genuinely engaged without dismissal. Place in us, those elected by the people, for the people, a light that shines before them so that your good works in us be shone brightest. Order our steps and order our stops. Help us all remain mindful that we are imperfect people working together to mend an imperfect world. It is in our efforts together that we can become healed and stronger as a whole. We pray this prayer knowing your will be done in all things. It is in all the names we know to call you, we say, amen.

PLEDGE

Senator Osgood led the Senate in the Pledge of Allegiance to the flag of the United States of America.

ADOPTION OF RESOLUTIONS

On motion by Senator Rouson—

By Senators Rouson, Thompson, Davis, Jones, Powell, Osgood, and Simon—

SR 10-B—A resolution recognizing February 2023 as “Black History Month” in Florida.

WHEREAS, every year, Floridians celebrate the birth month of two great Americans, Abraham Lincoln and Frederick Douglass, both of them leaders in the movement to abolish slavery, and join all Americans in recognizing February as the month to commemorate the contributions of African Americans to our society, and

WHEREAS, long ago, an estimated 12 million African men, women, and children were forcibly removed from their homelands, enslaved, and placed on ships that sailed to the Western Hemisphere, and

WHEREAS, approximately 2 million African men, women, and children died on the Middle Passage, but 10 million survived and arrived in the Americas, where they and their children lived in slavery, and

WHEREAS, the Civil War erupted because the ideals upon which this country was founded are in direct conflict with slavery, a tenet recognized by the ratification of the Thirteenth Amendment, which abolished slavery in the United States of America, and

WHEREAS, the Emancipation Proclamation was signed by President Abraham Lincoln on January 1, 1863, and, in 2023, Floridians celebrated the 160th anniversary of that declaration, which made slaves in all confederate states “free forever,” and

WHEREAS, our nation has celebrated black history during the month of February since 1926, when Carter G. Woodson established Negro History Week, and

WHEREAS, the Civil Rights Movement of the 20th century began in an effort to correct the failures of Reconstruction and erase the remnants of slavery still evident in Jim Crow laws, in continued segregation in nearly every aspect of daily life, and in the persistence of second-class citizenship for African Americans, and

WHEREAS, 60 years ago, in August 1963, the historic March on Washington for Jobs and Freedom, led by the late Reverend Dr. Martin Luther King, Jr., who delivered his now famous “I Have a Dream” speech on the steps of the Lincoln Memorial, was a catalyst for the passage of the Civil Rights Act of 1964, and

WHEREAS, as a testament to the strength of all African Americans throughout these struggles, we note the contributions to the political and social growth of American society of Sojourner Truth, Frederick Douglass, Harriet Tubman, Booker T. Washington, George Washington Carver, Carter G. Woodson, W.E.B. DuBois, Malcolm X, Dr. King, Fannie Lou Hamer, Thurgood Marshall, Barbara Jordan, Shirley Chisholm, Dorothy Height, and President Barack Obama, and

WHEREAS, we honor, particularly, the African Americans who are currently serving in this body and those who served before them: those who served from 1868-1887, during the Reconstruction era; and 95 years later, in 1982, when Senator Carrie P. Meek and Senator Arnett E. Girardeau became the first two post-Reconstruction African Americans elected, serving with distinction for 10 years when, in 1992, James T. Hargrett, Jr., Betty S. Holzendorf, Daryl L. Jones, Matthew Meadows, and William H. Turner were also elected, and

WHEREAS, the culture of the United States of America has been vitally enriched through the contributions of African-American musicians, artists, and writers, including Charlie Parker, Billie Holiday, Louis Armstrong, Duke Ellington, Count Basie, Dizzy Gillespie, Marian Anderson, Ella Fitzgerald, James DePreist, Leontyne Price, Andre Watts, Phyllis Wheatley, Langston Hughes, Richard Wright, James Baldwin, Alex Haley, Gwendolyn Brooks, Maya Angelou, Toni Morrison, Alice Walker, Oprah Winfrey, Denzel Washington, Angela Bassett, Hill Harper, Anika Noni Rose, Jennifer Hudson, Beyoncé Knowles, Amanda Gorman, and Viola Davis, and

WHEREAS, African-American sports figures have demonstrated their ability to be role models on and off the field and in and out of the ring as they stood up for their rights and beliefs, and these legendary athletes include Jesse Owens, Arthur Ashe, Lee Roy Selmon, Freddie Solomon, Muhammad Ali, Venus and Serena Williams, Trayvon Bromell, Shaquem and Shaquill Griffin, and Florida native Robert “Bullet Bob” Hayes, the first athlete to earn both an Olympic Gold Medal and an NFL Super Bowl Ring, and

WHEREAS, the fields of medicine, science, and technology have all been advanced by the contributions of African-American men and women, including Dr. Daniel Hale Williams, George Washington Carver, Dr. Charles R. Drew, Garrett Morgan, and Dr. Mae C. Jemison, and

WHEREAS, native Floridians, including Mary McLeod Bethune, Joseph E. Lee, James Weldon Johnson, Harry Tyson Moore, Harriette Vyde Simms Moore, Zora Neale Hurston, Asa Philip Randolph, Charles Kenzie Steele, Jesse K. McCrary, Jr., and Patricia Stephens Due have proudly represented our state as they contributed to the history and culture of the United States of America, and

WHEREAS, each year, it is important to celebrate the many achievements of African Americans in an effort to offer each American a

broader perspective of the history of this nation and an appreciation for the diversity that makes this great nation strong, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That February 2023 is recognized as “Black History Month” in Florida.

—was taken up instanter. On motion by Senator Rouson, **SR 10-B** was read the first and second time by title and adopted.

Section 9. *Authority of district with respect to roads, bridges, street lighting, etc.*—

(1) The district shall have the powers, and shall be entitled to the benefits and privileges under law, of special road and special road and bridge districts. The district shall have the right and power to own, acquire, open, extend, close, vacate, abandon, construct, reconstruct, replace, expand, contract, limit, pave, operate, improve, regulate, and maintain highways, streets, roads, bridges, alleys, sidewalks, promenades, boardwalks, tunnels, interchanges, underpasses, overpasses, causeways, storm drains, and public thoroughfares of all kinds and descriptions that are located within and are owned and controlled by the district (hereinafter collectively and severally referred to as “public roads”) and connections to and extensions of any and all existing public roads within the district deemed necessary or convenient by the board of supervisors to provide access to and from and efficient development, redevelopment, preservation, protection, or enforcement of the real property within the district; to regulate and control the use, encroachments in, upon, over, and under, and the obstruction thereof; to erect, maintain, and from time to time change the location of traffic control devices and signs and street signs; and to construct and maintain sidewalks and street lights along public roads and access ways and elsewhere in the district as may from time to time be deemed appropriate by the board of supervisors adequately to service the district and its residential, park, recreational, commercial, and industrial areas. The district has no authority to take by eminent domain or otherwise acquire, or to prohibit or regulate, any federal or state roadway or other transportation facility without the consent of, respectively, the Federal Highway Administration or the State Department of Transportation.

(2) The district shall have the right and authority to contract with and franchise public or private persons to own, acquire, open, extend,

close, vacate, construct, pave, operate, maintain, and improve public roads on such terms with respect to construction, maintenance, operation, and restrictions on the use of the public roads as the district may determine to be appropriate. No private toll road franchised by the district and no private road connected to or an extension of any state or any other public road within the district shall, by reason of such connection with a public road, and when not otherwise dedicated to the use of the public, constitute or be deemed a public road. Without limiting the district’s authority to use ad valorem taxes and other unencumbered collected fees and revenues within the district, the district may use ad valorem taxes and other unencumbered collected fees and revenues to provide funding for public road projects, rail projects, and other regional transportation projects outside of the district’s boundaries provided that such projects are within Orange County or Osceola County; improve a street, road, highway, interstate, or rail system that abuts or crosses into or through the district; serve or benefit the property owners in the district as determined by the board; and are performed, operated, governed, managed, or appropriated by the state or its agencies, Orange County, or Osceola County. Ad valorem taxes and other fees and revenues directed to projects under this subsection may not exceed 5 mills per annum on the assessed value of the taxable property within the district. For purposes of this subsection, the reference to 5 mills is a limitation on annual spending authority under this subsection and is not to be construed as authority to impose ad valorem taxes in excess of the total limit on ad valorem taxes under section 24.

(3) The board of supervisors shall have the right and authority to sell or lease any public road to the State Department of Transportation, enter lease-purchase agreements with respect thereto with the State Department of Transportation, and contract with the same for the construction, maintenance, regulation, or operation of any public road, on such terms and conditions as the board and the State Department of Transportation may agree. The State Department of Transportation is authorized and empowered to purchase or lease any public road from the district, enter lease-purchase agreements with respect to the same, and construct or maintain any road within the district pursuant to such agreement with the board of supervisors. The cost of any road acquired, leased, or constructed by the State Department of Transportation may be defrayed in whole or in part out of the gasoline tax funds accruing to the State Department of Transportation for use in Orange and Osceola Counties, as the case may be, under the provisions of s. 16, Art. IX of the State Constitution (1885), as incorporated by s. 9(c), Art. XII of the State Constitution (1968), ss. 206.41 and 206.60, Florida Statutes, and any other laws of the state with respect to the application of taxes levied upon gasoline, special fuels, or other like products.

Section 10. *State regulations.*—The district shall be subject to state agency permitting, regulation, and oversight in accordance with general law except to the extent specifically stated otherwise in this act, including, without limitation, the Florida Commission on Ethics, Department of Economic Opportunity, Department of Revenue, Department of Financial Services, Florida Fish and Wildlife Conservation Commission, and Department of Environmental Protection. Any permit or governmental approval in good standing as of the effective date of this act shall continue in full force and effect until completed, expired, revised, or revoked as provided by general law or this act.

Section 11. *Ethics and open government.*—The district and its public officers and employees are subject to part III of chapter 112, Florida Statutes, the Code of Ethics for Public Officers and Employees; however, the board of supervisors may enact and enforce an ethics code that is more stringent than general law. The district is subject to and shall comply with chapter 119, Florida Statutes, the Public Records Act. The district is subject to and shall comply with s. 189.015, Florida Statutes, and chapter 286, Florida Statutes.

Section 12. *Preemption.*—The district shall not have authority to adopt and enforce any resolution, code, or regulation on a subject that is expressly preempted to the state by general law unless otherwise expressly stated in this act.

Section 13. *Exercise by district of powers within counties, municipalities, and political subdivisions.*—The district shall have the power to exercise any of its rights, powers, privileges, and authorities in any and all portions of the district lying within the boundaries of Orange County, Osceola County, the City of Bay Lake, the City of Lake Buena Vista, and any other municipal corporation or other political subdivision, heretofore or hereafter created or organized, the boundaries of which lie

wholly or partly within the geographic limits of the district, to the same extent and in the same manner as in areas of the district not incorporated as part of a county, municipality, or other political subdivision. With respect to any county, municipal corporation, or other political subdivision the boundaries of which lie partly within and partly outside the geographic limits of the district, the district shall have the power to exercise its rights, powers, privileges, and authorities only within the portion of such county, municipal corporation, or other political subdivision lying within the boundaries of the district, except as otherwise provided in section 14. In the event of a conflict between the provisions of this act and the powers of the district herein provided for and the provisions of any charter or law, now or hereafter enacted or adopted, establishing or pertaining to any county, municipal corporation, or other political subdivision the boundaries of which lie wholly or partly within the district, the provisions of this act shall control in the portion of such county, municipal corporation, or other political subdivision which lie within the geographic limits of the district, unless such other enactment of state law specifically limits, repeals, supersedes, or amends this act. To the extent any code, ordinance, rule, policy, or regulation of such county, municipal corporation, or other political subdivision conflicts with or is inconsistent with this act, this act controls.

Section 14. Furnishing facilities and services within district territory.—

(1) The district shall have the power to construct, maintain, and operate its projects within the geographic limits of the district, including any portions of the district located inside the boundaries of any county, incorporated municipality, or other political subdivision, and to offer, supply, and furnish the facilities and services provided for in this act to, and to collect fees, rentals, and other charges from, persons, firms, corporations, counties, municipalities, political subdivisions, and other public or private agencies or bodies within the geographic limits of the district, and for the use of the district itself.

(2)(a) For any project that the district is currently constructing as of, or has constructed prior to, the effective date of this act, outside the geographic limits of the district, the district may continue to complete, operate, and maintain such projects and charge and collect fees, rents, charges, or other revenues on such projects subject to any terms and conditions of applicable agreements that may exist.

(b) On or after the effective date of this act:

1. The district shall not construct any project outside of the geographic limits of the district, except upon the consent, approval, or certification of any regulatory agency, the state, or the governing body of any county, municipality, or other political subdivision thereof in which the project is located.

2. The district may offer, furnish, or supply facilities and services outside of the geographic limits of the district; however, if consent, approval, or certification of any regulatory agency, the state, or the governing body of any county, municipality, or other political subdivision thereof is required by law such consent, approval, or certification must be obtained.

Subject to such approval, the district may charge and collect fees, rents, charges, or other revenues on such projects.

Section 15. Mandatory use of certain district facilities and services.—The district may require all lands, buildings, and premises, and all persons, firms, and corporations, within the district or within any zone or area within the district created for such purpose, to use the drainage and reclamation facilities, flood control facilities, water and sewer systems, and waste collection and disposal systems of the district. Subject to such exceptions as may be provided by the resolutions, rules, or bylaws of the board of supervisors, and subject to the terms and provisions of any resolution authorizing any bonds and agreements with bondholders, no drainage and reclamation facilities, flood control facilities, water and sewer systems, or waste collection and disposal systems shall be constructed or operated within the district unless the board gives its consent thereto and approves the plans and specifications therefor.

Section 16. Maintenance of projects across rights-of-way.—The district shall have the power to construct and operate its projects in, on, along, across, through, or under any streets, alleys, highways, or other

public places or ways, and across any drain, ditch, canal, floodway, holding basin, excavation, railroad right-of-way, track, grade, fill, or cut. However, just compensation shall be paid by the district for any private property taken or damaged by the exercise of such power to the extent required by law. For properties owned by the state or the Federal Government, the consent of the state or the Federal Government, as applicable, shall be required for the district to construct and operate the district project or projects within the state-owned or federally owned properties and facilities.

Section 17. Fees, rentals, fares, and charges; procedure for adoption and modification; minimum revenue requirements.—

(1) The district shall have the power to prescribe, fix, establish, and collect rates, fees, rentals, fares, or other charges (hereinafter sometimes referred to as “revenues”), and to revise the same from time to time, for the facilities and services furnished or to be furnished by the district, including, but not limited to, drainage facilities, water and sewer systems, waste collection and disposal systems, and other public utilities, and to recover the costs of making connection with any district facility or system.

(2) No such rates, fees, rentals, fares, or other charges for any of the facilities or services of the district, other than parking facilities and parking meters, shall be fixed until after a public hearing at which all the users of the proposed facility or services or owners, tenants, or occupants served or to be served thereby and all other interested persons have an opportunity to be heard concerning the proposed rates, fees, rentals, fares, or other charges. Notice of such public hearing setting forth the proposed schedule or schedules of rates, fees, rentals, fares, and other charges shall be published as provided in chapter 50, Florida Statutes, at least 10 days prior to such public hearing, which may be adjourned from time to time. After such hearing, such schedule or schedules, either as initially proposed or as modified or amended, may be finally adopted. A copy of the schedule or schedules of such rates, fees, rentals, fares, or other charges as finally adopted shall be kept on file in an office designated by the board of supervisors and shall be open at all reasonable times to public inspection. The rates, fees, rentals, fares, or other charges so fixed for any class of users or property served shall be extended to cover any additional users or properties thereafter served which fall in the same class, without the necessity of any notice or hearing. Any change or revision of rates, fees, rentals, fares, or other charges may be made in the same manner as the same were originally established, as hereinabove provided, except that if such changes or revisions are made substantially pro rata as to all classes of the type of service involved, no notice or hearing shall be required.

(3) Such rates, fees, rentals, fares, and other charges shall be just, equitable, and uniform for users of the same class and, where appropriate, may be based or computed either upon the amount of service furnished or upon the number or average number of persons residing or working or otherwise occupying the premises served, or upon any other factor affecting the use of the facilities furnished, or upon any combination of the foregoing factors, as may be determined by the board of supervisors on an equitable basis.

(4) The rates, fees, rentals, fares, or other charges prescribed shall be such as will produce revenues, together with any other assessments, taxes, revenues, or funds available or pledged for such purpose, at least sufficient to provide for the following items, but not necessarily in the order stated:

(a) To provide for all expenses of operation and maintenance of such facility or service, including reserves for such purpose;

(b) To pay, when due, all bonds and interest thereon for the payment of which such revenues are or have been pledged or encumbered, including reserves for such purpose; and

(c) To provide for any other funds that may be required under the resolution or resolutions authorizing the issuance of bonds pursuant to this act.

(5) The board of supervisors shall have the power to enter into contracts for the use of the projects of the district and with respect to the services and facilities furnished or to be furnished by the district, including, but not limited to, service agreements with landowners and others within the district providing for the furnishing of any of the ser-

vices and facilities of the district, for such consideration and on such other terms and conditions as the board may approve. Furthermore, the board of supervisors shall have the power to enter into contracts or service agreements with landowners and others within or outside of the district providing for the drainage of land by the district. Such contracts and agreements shall not be subject to the provisions and limitations of subsections (2), (3), and (4) but:

- (a) Shall be subject to the limitations of section 14.
- (b) Shall not be entered into for a period longer than 40 years from the effective date thereof.
- (c) Shall be fair and reasonable in relation to the rates, fees, rentals, fares, or other charges to be paid by other users of the facilities and services concerned.

Such contracts or agreements, and revenues or service charges received or to be received by the district thereunder, may be pledged as security for any of the bonds of the district.

Section 18. Recovery of delinquent charges.—In the event that any of the rates, fees, rentals, charges, or delinquent penalties are not paid as and when due and are in default for 30 days or more, the unpaid balance thereof and all interest accrued thereon, together with attorney fees and costs, may be recovered by the district in a civil action.

Section 19. Discontinuance of service.—In the event that the fees, rentals, or other charges for the services and facilities of any project are not paid when due, the board of supervisors shall have the power to discontinue and shut off the same until such fees, rentals, or other charges, including interest, penalties, and charges for the shutting off and discontinuance and the restoration of such services and facilities, are fully paid, and for such purposes may enter on any lands, waters, and premises of any person, firm, corporation, or other body, public or private, within the district limits. Such delinquent fees, rentals, or other charges, together with interest, penalties, and charges for the shutting off and discontinuance and the restoration of such services and facilities, and reasonable attorney fees and other expenses, may be recovered by the district by suit in any court of competent jurisdiction. The district may also enforce payment of such delinquent fees, rentals, or other charges by any other lawful method of enforcement.

Section 20. Agreements with private parties concerning the furnishing of facilities and services.—The district shall have the power to enter into agreements with any person, firm, or corporation for the furnishing by such person, firm, or corporation of any facilities and services of the type provided for in this act to the district, and for or on behalf of the district, to persons, firms, corporations, and other public or private bodies and agencies to whom the district is empowered under this act to furnish facilities and services, and the district may by agreement join with any public or privately owned utility plant or system in furnishing any of the facilities or services of the district. However, any telecommunications company, as defined in s. 364.02, Florida Statutes, and amendments thereto, and any privately owned or operated electric power company, so contracting with the district shall be subject to the provisions and requirements of general law pertaining to certification and regulation of telecommunications and electric power companies, and the district shall not enter into any franchise or other agreement with any person, firm, or corporation to provide either independently, jointly with, or as agent of the district or otherwise, telecommunications service in any area of the district as to which area such person, firm, or corporation does not hold a certificate of convenience and necessity from the Florida Public Service Commission.

Section 21. Interlocal agreements.—The district shall have the authority to enter into mutual aid agreements and interlocal agreements with counties, municipalities, law enforcement agencies, and other public agencies, including, without limitation, as authorized by s. 163.01, Florida Statutes.

Section 22. Within act is full authority for the establishment of district projects.—The board of supervisors shall have exclusive jurisdiction and control over all of the projects of the district, including, but not limited to, all drainage and reclamation facilities, water and flood control facilities, water and sewer systems, public utilities, and transportation facilities, and over the budget and finances of the district, including, without limitation, expenditures and appropriations, except

to the extent otherwise provided in this act and except to the extent that the board may by agreement with any other public or private body authorize the same to exercise jurisdiction or control over any of the projects of the district. Subject to the limitations of and as may be otherwise required in this section and in section 14, it shall not be necessary for the district to obtain any certificate of convenience or necessity, franchise, license, permit, or other authorization from any bureau, board, commission, or like instrumentality of the state or any political subdivision thereof in order to construct, reconstruct, acquire, extend, repair, improve, maintain, or operate any project, and the rates, fees, rentals, fares, or other charges to be fixed and collected with respect to the facilities and services of the district shall not be subject to the supervision, regulation, or rate-setting power of any bureau, board, commission, or other agency of the state or any political subdivision thereof. Nothing in this section or any other section of this act shall be deemed to exempt any privately owned or operated telecommunications company, as defined in s. 364.02, Florida Statutes, and amendments thereto, or any privately owned or operated electric power company, or any person, firm, or corporation other than the district acting either independently, jointly with, or as agent of the district or otherwise, from the provisions or requirements of any other law pertaining to the certification or regulation of telecommunications or electric power companies, persons, firms, or corporations, or from the jurisdiction of the Florida Public Service Commission or other regulatory agencies.

Section 23. Planning; building codes; safety regulations; platting and subdivisions; zoning.—

(1) **EXEMPTION FROM COUNTY ZONING AND REGULATION; LIMITATION OF MUNICIPAL ORDINANCES AND REGULATIONS.**—Chapters 59-1646, 59-1673, 63-1716, 65-975, 65-1999, 65-2015, 83-480, and 83-481, Laws of Florida, and any other laws of the state now or hereafter enacted to the contrary notwithstanding, the jurisdiction and powers of the board of supervisors with respect to the matters provided for in this section shall be exclusive of any and all codes, ordinances, requirements, plans, or other regulations of the respective Boards of County Commissioners of Orange County and Osceola County or of any other agency or authority of Orange County or Osceola County with respect to comprehensive plans; zoning; building and construction; planning with respect to the subdividing, uses, development, and redevelopment of land; regulation of building safety; regulation of escalators, elevators, and other lifting or transportation devices; regulation of amusement and recreation parks and facilities; regulation of plumbing and electrical installations and other safety or sanitary codes; regulation of water supply wells and drainage well drilling; the approval and vacating of plats and subdivisions; and the regulation of subdivisions. The district, and all land, properties, uses, development, redevelopment, and activities within the district, are exempt from any and all such codes, ordinances, requirements, plans, and regulations, and any and all requirements for building and construction permits and licenses pertaining to the same, now or hereafter adopted by the respective Boards of County Commissioners of Orange County and Osceola County. However, nothing herein shall exempt any general contractor, electrical contractor, builder, owner-builder, or specialty contractor from the provisions and requirements of any other laws of the state with respect to examination and licensing, or from any of the fees and bonds required of such contractors or builders by law. The board of supervisors may provide that the district or such areas or parts thereof as the board may designate shall remain or become subject to such county comprehensive plan, zoning, building, and safety codes and regulations, and regulations and controls with respect to subdivisions and plats and the vacating thereof, and the uses, development, and redevelopment thereof. The board of supervisors may, except as otherwise required by this section, exercise the powers granted to it in this section within the municipal limits of any municipality now or hereafter organized or existing within the district. If the governing body of a municipality that exists within the district has under the terms of its charter or under law like powers as provided for herein, the authority of such municipal governing body is limited to adopting and enforcing ordinances and regulations that are the same as or more restrictive than and not in conflict with those adopted by the district on such matters.

(2) **CONFLICTS BETWEEN REGULATIONS OF DISTRICT AND MUNICIPALITIES.**—The district must exercise its authority set forth in this act to adopt, amend, and enforce a comprehensive plan in accordance with the Community Planning Act, ss. 163.3161-163.3253, Florida Statutes, and adopt and enforce zoning regulations, land development regulations, environmental protection regulations, building

and safety codes and regulations, platting and subdivision regulations, and fire prevention regulations governing the entire district, including within the city limits of any municipality within the district. The district's comprehensive plan, zoning regulations, and development regulations, environmental protection regulations, building and safety codes and regulations, platting and subdivision regulations, and fire prevention regulations shall control within the city limits of any municipality within the district to the extent of any conflict between the district's resolutions and regulations on such matters.

(3) **REVIEW AND EVALUATION OF EXISTING RESOLUTIONS, CODES, AND REGULATIONS.**—On or before July 1, 2026, the district must undertake a comprehensive review and evaluation of its comprehensive plan, zoning regulations, land development regulations, environmental protection regulations, building and safety codes and regulations, platting and subdivision regulations, and fire prevention regulations and adopt revisions to such as the district determines are necessary for health, safety, and welfare and for consistency with this act.

(4) **COMPREHENSIVE PLANNING; BUILDING AND SAFETY CODES.**—The board of supervisors shall have the power to:

(a) Adopt, review, amend, supplement, or repeal a comprehensive plan for the physical development of the area within the district in accordance with the Community Planning Act, ss. 163.3161-163.3253, Florida Statutes, and the objectives and purposes of this act.

(b) Adopt, review, amend, supplement, or repeal codes regulating building safety, elevators, escalators, and similar devices, the prevention of fire hazards, plumbing and electrical installations, the operation of amusement and recreation parks and facilities, water supply wells and drainage wells, and such other safety or sanitary codes as the board of supervisors may determine to be necessary. The jurisdiction and power of the board provided for herein shall be exclusive of the Florida Building Code and the Florida Fire Prevention Code, provided that any such codes adopted by the district are at least equivalent to the minimum standards in the Florida Building Code and the Florida Fire Prevention Code as required by subsection (10). With respect to buildings and structures existing, under construction, or permitted prior to the effective date of this act, the board of supervisors may determine whether retrofit improvements will be necessary to conform with, in whole or in part, current code standards, and the board of supervisors may grant waivers to current code standards concerning such buildings and structures.

(c) Prohibit the construction, alteration, repair, removal, or demolition, or the commencement of the construction, alteration, repair (excepting emergency repairs), removal, or demolition, of any building or structure, including, but not limited to, public utility poles, lines, pipes, and facilities, without first obtaining a permit from the board of supervisors or such other officer or agency as the board may designate, and to prescribe the procedure with respect to the obtaining of such permit.

(d) Provide for the manner in which such comprehensive general plans, codes, regulations, and restrictions shall be determined, established, and enforced, and amended, supplemented, changed, or repealed, as the board of supervisors may determine, with notice and public hearing as required by law.

(e) Review, process, and comment on and approve, approve with conditions, or reject applications for development orders and building permits pertaining to properties within the district. Appeals or challenges to development orders and building permits shall be in the same manner as provided by law.

(5) **RECORDING OF PLATS.**—

(a) Whenever land in the district is platted into lots, blocks, parcels, tracts, or other portions, however designated, a plat thereof shall be recorded in the public records of Orange County or Osceola County, as the case may be. No such plat shall be recorded either as an independent instrument or by attachment to another instrument entitled to record unless and until it is first approved by the board of supervisors. Plats approved by the board of supervisors and recorded in the public records of Orange County or Osceola County must meet the minimum requirements of and be consistent with part I of chapter 177, Florida Statutes. Any plat recorded in violation of this section shall be invalid and subject to expungement.

(b) The board of supervisors shall be authorized and empowered to prescribe, as prerequisites to the approval for record of any plat or plats of lands within the district, the width and location of roads, streets, alleys, thoroughfares, and ditches and setback therefrom; to adopt and prescribe rules and regulations to effectuate the provisions and purposes of this act; to prescribe specifications and requirements for regulations relating to the construction of roads, streets, alleys, and drainage facilities, minimum lot sizes, maximum block sizes, building lines, names of streets and roads, bridge construction, water supply, sewage disposal, and other related matters involving lands to be platted; to prescribe information to be shown on plats, including, without limitation, parks, recreation areas, and open spaces; and to require the furnishing to the board of supervisors of a good and sufficient bond conditioned upon the completion of the drainage, sewage, streets, roads and alleys, and other improvements shown on the plat within such time or times as may be required by the board, and such bond shall be approved by the board.

(c) The board of supervisors is further granted the authority and discretion to waive the platting and recording of land into lots, roads, blocks, parcels, tracts, or other portions, however designated, in any instance in which the board determines that the dividing or subdividing of the land without a recorded plat is not injurious to the public health, safety, comfort, convenience, and welfare of the inhabitants of the district.

(6) **VACATING OF PLATS.**—

(a) Plats or integrated portions or parcels of land heretofore or hereafter platted within the district may be vacated upon the resolution of the board of supervisors upon such terms and conditions as the board may prescribe by regulation. Such regulation may require, inter alia, the payment of all taxes and assessments and the redemption from all outstanding tax sales, and the dedication to the public of all roads, streets, alleys, and other thoroughfares, however designated.

(b) Upon approval by the board of supervisors of the recording of a plat or the vacating of a plat or portions thereof, the approval or consent to such recording or vacating shall not be required of any other body, authority, or agency of Orange County or Osceola County or any political subdivision thereof.

(7) **SUBDIVISION OF LANDS.**—

(a) In addition to and not in limitation of any of the other powers of the board of supervisors under this act, whenever land in the district is to be subdivided, the proposed plan for subdivision and use of the land shall be presented to the board for its approval in accordance with the standards and provisions of this act and in accordance with any rules and regulations that may be adopted by the board. The board of supervisors shall have the power to adopt subdivision regulations providing:

1. Requirements for general information concerning existing conditions and proposed developments as a prerequisite to the approval of subdivision plans or plats. This information may include, without limitation, data on existing covenants, land characteristics, community facilities, and utilities and information describing the subdivision proposal, including maps and reports presenting the number of residential lots, typical lot width and depth, price range, business areas, playgrounds, park areas and other open areas, proposed protective covenants, and proposed utilities, drainage, and street improvements.

2. For proper density of population and intensity of use and the lengths, widths, and shapes of blocks and lots.

3. That streets in proposed subdivisions, including streets bordering on proposed subdivisions, shall be of specified widths and grades and so located as to accommodate prospective traffic to serve proposed subdivisions adequately, afford adequate light and air, facilitate fire protection, and provide access for firefighting equipment to buildings.

4. That such streets be properly arranged, coordinated, and integrated with existing or planned streets, roads, or highways.

5. That adequate easements or rights-of-way shall be provided for drainage and all utilities.

6. That the layout and design of proposed subdivisions shall conform to a comprehensive plan adopted by the board of supervisors for the area and to measures adopted to implement the comprehensive plan.

7. *The dedication or reservation of land for streets.*
8. *The extent to which grounds which are to be used for public purposes other than streets shall be dedicated or reserved as a condition precedent to approval of any subdivision or plat.*
9. *That such parks, playgrounds, sites for public building, or other areas designated for public use shall be of suitable size and location for their designated uses.*
10. *The conditions prerequisite to subdivision and development of lands subject to seasonal or periodic flooding.*
11. *The manner in which and the extent to which streets, sidewalks, water, sewer, and other utility connections or mains, piping, and any other necessary physical improvements shall be installed, and the specifications therefor, as conditions precedent to final approval of the subdivision plan.*
12. *The requirements of covenants as a prerequisite to subdivision plan approval.*
13. *That sufficient and suitable monuments shall be placed to enable the survey of the subdivision or any part thereof to be retraced.*
14. *The numbering and naming of streets and the providing of street signs.*

(b) *Subdivision regulations may further provide that the board shall not approve any subdivision plan or plat unless it finds after full consideration of all pertinent data that the subdivision can be served adequately and economically with such normal public facilities and services as are suitable in the circumstances of the particular case.*

(c) *Subdivision regulations may further require as a prerequisite to the approval of a subdivision plan that:*

1. *All required improvements shall be installed in accord with the provisions of the subdivision regulations or amendments thereto; or*

2. *A surety bond be executed by a company authorized to do business in the state which is satisfactory to the board of supervisors, payable to the district in sufficient amount to ensure the completion of all required improvements, and provides for and secures to the public the actual construction and installation of such improvements within a period required by the board and expressed in the bond. The board is hereby granted the power to enforce such bonds by resort to legal and equitable remedies. As an alternative to the provision of a surety bond, such regulations may also provide for the deposit of cash in an escrow account whereby the board or its agent is put in an assured position to provide the required improvements.*

(8) **VARIANCES AND WAIVERS.—**

(a) *Where the board of supervisors finds that extraordinary hardships may result from strict compliance with its regulations concerning subdivision and platting, it may vary the regulations so that substantial justice may be done and the public interest secured, provided that such variation will not have the effect of nullifying the intent and purpose of the comprehensive general plan or the regulations of the board.*

(b) *The regulations of the board of supervisors may further provide that the standards and requirements set out in the regulations may be modified by the board in the case of a plan and program for a new town which comes under the provisions of this act, a complete community, or a neighborhood unit, which, in the judgment of the board, provides adequate public spaces and improvements for the circulation, recreation, light, air, and service needs of the tract when fully developed and populated, and which also provides such covenants or other legal provisions as will ensure conformity with and achievement of the comprehensive plan of the board. In granting any such modifications, the board of supervisors may require such reasonable conditions and safeguards as will secure substantially the objectives of the standards or requirements so modified.*

(c) *The board of supervisors may waive any or all of the requirements of this section and the rules and regulations adopted thereunder if it is determined upon the plans and data submitted by the subdivider that compliance with this section is not required because said plan or plat*

does not conflict with or nullify the intent and purpose of this act. If a waiver is granted, compliance with this section shall not be required as long as the plan, plat, and use of the land upon which the waiver is granted is not altered, changed, or modified by the subdivider or subsequent owner. In granting variances and modifications, the board of supervisors may require such conditions as will in its judgment secure substantially the objectives of the standards or requirements so varied or modified.

(9) **ZONING; PLANNING AND ZONING COMMISSION; ZONING BOARD OF ADJUSTMENT.—***In addition to and not in limitation of the foregoing, the board of supervisors shall have the power to:*

(a) *Regulate, restrict, and determine the location, height, number of stories, size, cubic contents, area, and design, and the erection, construction, reconstruction, alteration, and repair, of buildings and other structures for trade, industry, residence, and other purposes, and the materials used in the construction thereof; the number, location, height, size, appearance, and use of billboards and all other advertising signs, banners, handbills, and devices; the percentage and portion of lots and land that may be occupied or built on; setback lines; the size of yards, courts, and other open spaces; the density of population; the use of buildings, structures, land, and water for trade, industries, residences, apartment houses, and any and all other purposes; the location, size, and plan of parks and recreational areas, schools, school sites, churches, cemeteries, burial places, commercial and industrial facilities, public and private utilities, traffic, parking facilities, and drainage and water control facilities; and to appoint inspectors.*

(b) *Adopt regulations to prohibit or control the pollution of air and water, and require electrical power, telecommunications, and other utility lines, cables, pipes, and ducts to be placed underground.*

(c) *Divide the district into zones or districts of such number, shape, and area as the board of supervisors deems best suited to carry out the purposes of this section, and within and for each such district make regulations and restrictions as provided for in paragraphs (a) and (b). All such regulations shall be uniform throughout each district, but the regulations in one district may differ from those in another district.*

(d) *Provide for the manner in which zoning regulations and restrictions and the boundaries of zones and districts shall be determined, established, and enforced and from time to time amended, supplemented, or repealed.*

(e) *In appropriate cases, and subject to such principles, standards, rules, conditions, and safeguards as may be provided by regulation, make special exceptions to the terms of the zoning regulations and restrictions in harmony with their general purpose and intent, and authorize variances from the strict application of the regulations and restrictions in such situations and subject to such limitations as may be provided by regulation.*

(f) *Establish a Planning and Zoning Commission; prescribe the powers, duties, and functions of such Planning and Zoning Commission, the requirements for membership on the commission, the term or terms of office of members of the commission, and the rules and procedure to be followed in proceedings before or involving the commission and as to all other matters affecting the organization and functioning of the commission; and appoint the members thereof. The board of supervisors may by regulation authorize the Planning and Zoning Commission to discharge such of the administrative duties, powers, and functions of the board with respect to zoning as may be provided in such regulation.*

(g) *Hear and decide appeals from any order, requirement, decision, or determination of the Planning and Zoning Commission or by any administrative official in connection with any zoning matter, hear and decide requests for special exceptions from the terms and provisions of any planning or zoning regulation or restriction, and grant variances from the terms of any planning or zoning regulation or restriction in appropriate cases. The board of supervisors may by regulation provide for a Zoning Board of Adjustment to discharge any or all of the foregoing administrative functions and duties, prescribe the requirements for membership on the Zoning Board of Adjustment, the term or terms of office, the rules and regulations for all proceedings before or involving such Zoning Board of Adjustment and as to all other matters affecting the organization and functioning of the Zoning Board of Adjustment, and appoint the members thereof.*

(10) *EQUIVALENT STANDARDS.*—Any regulations adopted pursuant to the provisions of this section relating to safety, health, sanitation, or building safety shall prescribe standards at least equivalent to the minimum standards in applicable statewide regulations protecting the general safety and welfare of the public.

Section 24. Ad valorem taxes.—The board of supervisors shall have the power to levy and assess an ad valorem tax on all the taxable real and tangible personal property in the district to pay the principal of and interest on any general obligation bonds of the district, to provide for any sinking or other funds established in connection with any such bonds, and to finance and defray the cost of any of the projects or activities of the district authorized by the provisions of this act or under law, provided that the district's ad valorem taxing authority shall be limited to serving or benefitting the property owners of the district. The total amount of such ad valorem taxes levied in any year shall not be in excess of 30 mills on the dollar per annum on the assessed value of the taxable property within the district. The ad valorem tax provided for herein shall be in addition to county and municipal ad valorem taxes provided for by law.

Section 25. Maintenance taxes.—In addition to the ad valorem taxes authorized by section 24, the board of supervisors is authorized to levy and assess a maintenance tax as provided for in s. 298.54, Florida Statutes, and amendments thereto, in an amount not to exceed the maximum rate therein provided, and in addition thereto, a special ad valorem maintenance tax on all of the taxable real and tangible personal property in the district, at a rate not exceeding 10 mills on the dollar per annum, for the purpose of defraying any of the costs and expenses of the district, including, but not limited to, maintenance, repair, and operation of the projects of the district, costs incurred in connection with the financing of district projects, and costs of administration.

Section 26. Determining property values for ad valorem tax purposes.—Ad valorem taxes of the district shall be based on the county assessed valuation of the real and personal property subject to such district ad valorem taxes.

Section 27. Utility tax.—

(1) The district shall have the right, power, and authority by resolution of the board of supervisors to impose, levy, and collect on each and every purchase of electricity, metered or bottled gas (natural, liquefied, petroleum gas or manufactured), water service, or telecommunications service in its geographic limits a tax (straight percentage, sliding scale, graduated, or other basis) in an amount not to exceed 10 percent of the payments received by the seller of such utility service from the purchaser for the purchase of such utility service. However, the sale of natural gas to a public or private utility, including municipal corporations and rural electric cooperative associations, either for resale or for use as fuel in the generation of electricity or other forms of power, shall not be deemed to be a utility service, and purchases thereof under such circumstances shall not be taxable hereunder. In every case, the tax shall be collected from the purchaser of such utility service and paid by such purchaser for the use of the district to the seller of such utility service at the time of the purchaser paying the charges therefor to the seller.

(2) It shall be the duty of every seller of such utility service, in acting as a tax collection medium or agency for the district, to collect from the purchaser, for the use of the district, any tax imposed and levied by resolution of the board of supervisors pursuant to this section, and to report and pay over to the board, or such other body or officer as the board may designate, all such taxes imposed, levied, and collected in accordance with the accounting and other provisions of the resolution of the board. Any such resolution may provide that federal, state, county, and municipal governments and their commissions and agencies, other tax-supported bodies, public corporations, authorities, boards and commissions, and churches and other charitable organizations shall be exempt from the payment of the taxes imposed and levied thereby. In the event any such resolution imposes such a tax on the purchase of one of the utility services described herein and a competitive utility service or services are purchased in the district, then such resolution shall impose a tax in like amount on the purchase of the competitive utility service or services whether privately or publicly owned or distributed. However, telecommunications service or other forms of communication shall not be required to be considered competitive services.

(3) Any tax levied pursuant to this section shall be separate and in addition to all other taxes, whether levied in the form of excise, license, or privilege taxes.

(4) Any person, firm, or corporation furnishing such utility service and required to collect any such tax which refuses to collect the tax or any portion thereof shall be liable for and pay the tax.

(5) Each person, firm, or corporation furnishing such utility service to users in the district may be required by resolution of the board of supervisors to keep accurate records of the number of such users, the amount of tax collected, and such other information as the board may require, and to submit periodic reports of the same to the district or its agent for collection, together with remittance of the tax. The board of supervisors may prescribe the form of report and fix a date upon which the report and tax shall be due.

(6) For the purpose of compensating the person, firm, or corporation furnishing utility services hereunder for the keeping of records prescribed and proper accounting and remission, the board of supervisors is authorized to allow a credit in an amount set by the board to be deducted from the amount of the tax submitted.

Section 28. Determining annual installments of drainage taxes.—The board of supervisors shall determine, order, and levy the amount of the annual installments of the total taxes levied under s. 298.36, Florida Statutes, and amendments thereto, which shall become due and be collected during each year.

Section 29. Collection of ad valorem taxes; tax discounts.—

(1) The levy by the board of supervisors of the taxes authorized by or referred to in sections 24 and 25 shall be by resolution of the board entered upon the minutes of the board. Certified copies of such resolution executed in the name of the board by its chair, or such other officer as the board may designate, under its corporate seal, shall be made and delivered to the respective Boards of County Commissioners of Orange and Osceola Counties not later than June 15 of each year in which said taxes are levied. It shall be the duty of the respective County Commissioners of Orange and Osceola Counties to order and require the respective county property appraisers of said counties to assess, and the respective county tax collectors of said counties to collect, the amount of taxes so assessed or levied by the board of supervisors upon the taxable property within the district not exempt by law, at the rate of taxation adopted by the board of supervisors for such year, and to include in the warrant of the property appraisers and attach to or show the same on the assessment roll of taxes for such year. The tax collectors shall collect such taxes so levied by the board of supervisors in the same manner as other taxes are collected and shall pay the same to the board of supervisors within the time and in the manner prescribed by law for the payment by the tax collector of county taxes to the county depository. The respective county tax collectors shall include and state separately on the official county tax bill and receipt each year the amount of district taxes. For their services rendered hereunder, the respective county property appraisers and tax collectors shall be compensated by the district as prescribed by s. 298.401, Florida Statutes, and amendments thereto.

(2) The ad valorem taxes referred to and provided for in section 24 and the maintenance and special ad valorem maintenance taxes referred to and provided for in section 25 shall be subject to the same discounts as county taxes. None of the other taxes referred to or provided for in this act or chapter 298, Florida Statutes, shall be subject to discounts for early payment unless the board of supervisors so provides by resolution adopted at the time of the levying or assessment thereof. Except as otherwise provided in this act, all taxes remaining unpaid after April 1 of the year following that for which said taxes are levied shall be and become delinquent and bear a penalty of 2 percent a month on the amount of said taxes from the date of delinquency until paid. In computing said penalty, each fractional part of a month shall be counted as a full month.

Section 30. Tax liens; service charge liens.—

(1) All taxes of the district provided for in this act or chapter 298, Florida Statutes, together with all penalties for default in the payment of the same and all costs in collecting the same, including reasonable attorney fees fixed by the court and taxed as costs in the action brought to enforce payment, shall, from January 1 for each year the property is

liable to assessment and until paid, constitute a lien of equal dignity with the liens for state and county taxes and other taxes of equal dignity with state and county taxes upon all the real and personal property against which such taxes shall be levied. A sale of any of the real property within the district for state and county or other taxes shall not operate to relieve or release the property so sold from the lien for subsequent district taxes, or installments of district taxes, which lien may be enforced against such property as though no such sale thereof had been made.

(2) Charges and fees due or to become due under any service agreements entered into by the district pursuant to subsection (5) of section 17 shall constitute a lien of equal dignity with district taxes, as provided for in subsection (1), upon all the real and personal property to which such service agreements relate or by which the same are secured, and the provisions of subsection (1) shall be applicable to such charges and fees.

Section 31. Foreclosure of liens.—

(1) Any lien in favor of the district arising under chapter 298, Florida Statutes, or under this act may be foreclosed by the district by bringing foreclosure proceedings in the name of the district in the Circuit Court for the Ninth Circuit in like manner as is provided in chapter 173, Florida Statutes, and amendments thereto, and the provisions of said chapter shall be applicable to such proceedings with the same force and effect as if said provisions were expressly set forth in this act. Any act required or authorized to be done by or on behalf of a municipality in foreclosure proceedings under chapter 173, Florida Statutes, may be performed by such officer or agent of the district as the board of supervisors may designate. Such foreclosure proceedings may be brought at any time after the expiration of 1 year from the date any tax, or installment thereof, becomes delinquent.

(2) In any foreclosure action filed by the district pursuant to this section, the district may join as a party defendant Orange County or Osceola County, as the case may be, for the purpose of determining the amount of their respective tax liens. When a county is so joined in such a foreclosure action, the judicial sale held in such action shall operate to satisfy all county tax liens to the date of such sale, and the net proceeds of such sale shall be applied first against delinquent state and county taxes and thereafter against delinquent district taxes on the property affected. The decree of the court in any such foreclosure action shall operate to quiet title to the property that is the subject of the action.

Section 32. Payment of taxes and redemption of tax liens by district; sharing in proceeds of tax sale under s. 197.542, Florida Statutes.—

(1) The district has the right to:

(a) Pay any delinquent state, county, district, municipal, or other tax or assessment upon lands located wholly or partially within the boundaries of the district; and

(b) Redeem or purchase any tax sales certificate issued or sold on account of any state, county, district, municipal, or other taxes or assessments upon lands located wholly or partially within the boundaries of the district.

(2) Delinquent taxes paid, or tax sales certificates redeemed or purchased, by the district, together with all penalties for the default in payment of the same and all costs in collecting the same and reasonable attorney fees, shall constitute a lien in favor of the district of equal dignity with the liens of state and county taxes and other taxes of equal dignity with state and county taxes, upon all the real property against which said taxes were levied. The lien of the district may be foreclosed in the manner provided in this act.

(3) In any sale of land pursuant to s. 197.542, Florida Statutes, and amendments thereto, the district may certify to the clerk of the circuit court of the county holding such sale the amount of taxes due to the district upon the lands sought to be sold, and the district shall share in the disbursement of the sales proceeds in accordance with the provisions of this act and under law.

Section 33. General obligation bonds.—

(1) The district shall have the power from time to time to issue general obligation bonds in an aggregate principal amount of bonds outstanding at any one time not in excess of 50 percent of the assessed value of the taxable property within the district as shown on the pertinent tax

records at the time of the authorization of the general obligation bonds for which the full faith and credit of the district is pledged. Except for refunding bonds, no general obligation bonds shall be issued unless the issuance thereof is approved by the qualified electors of the district in accordance with the requirements for such election as prescribed by the State Constitution, such election to be called and held in the manner provided in the State Constitution and Florida Statutes for such elections. Such elections shall be called to be held in the district by the respective Boards of County Commissioners of Orange and Osceola Counties upon the request of the board of supervisors. The expenses of calling and holding such referendum elections shall be borne by the district, and the district shall reimburse the Boards of County Commissioners of Orange and Osceola Counties, as the case may be, for any expenses incurred by said boards in calling or holding such elections. In the alternative, at its option, the board of supervisors may make such other provision for the registration of such qualified electors and the calling and holding of such elections as the board from time to time deems appropriate.

(2) The district may pledge its full faith and credit for the payment of the principal and interest on such general obligation bonds, and for any reserve or other funds provided therefor, and may unconditionally and irrevocably pledge itself to levy ad valorem taxes on all taxable property in the district, to the extent necessary for the payment thereof, subject, however, to the limitations on the total amount of ad valorem taxes that may be levied in any one year as specified in section 24.

(3) If the board of supervisors determines to issue general obligation bonds for more than one different purpose, the approval of the issuance of the bonds for each and all such purposes may be submitted to the qualified electors on one and the same ballot. The failure of the qualified electors to approve the issuance of bonds for any one or more purposes shall not defeat the approval of bonds for any purpose which shall be approved by the qualified electors.

Section 34. Revenue bonds.—

(1) The district shall have the power to issue revenue bonds from time to time without limitation as to amount. Such revenue bonds may be secured by or payable from the gross or net pledge of the revenues to be derived from any project or combination of projects, from the rates, fees, fares, or other charges to be collected from the users of any project or projects, from any revenue-producing undertaking or activity of the district, or from any other source or pledged security. Such bonds shall not constitute an indebtedness of the district, and the approval of the qualified electors shall not be required unless such bonds are additionally secured by the full faith and credit and taxing power of the district.

(2) Any two or more projects may be combined and consolidated into a single project and may thereafter be operated and maintained as a single project. The revenue bonds authorized herein may be issued to finance any one or more such projects separately, or to finance two or more such projects, regardless of whether such projects have been combined and consolidated into a single project. If the board of supervisors deems it advisable, the proceedings authorizing such revenue bonds may provide that the district may thereafter combine the projects then being financed or theretofore financed with other projects to be subsequently financed by the district, and that revenue bonds to be thereafter issued by the district shall be on parity with the revenue bonds then being issued, all on such terms, conditions, and limitations as shall be provided, and may further provide that the revenues to be derived from the subsequent projects shall at the time of the issuance of such parity revenue bonds be also pledged to the holders of any revenue bonds theretofore issued to finance the revenue undertakings which are later combined with such subsequent projects. The district may pledge for the security of the revenue bonds a fixed amount, without regard to any fixed proportion of the gross revenues of any project.

Section 35. Utility service tax bonds.—The district shall have the power to issue from time to time, without limitation as to amount, bonds payable from the proceeds of any utility service taxes or funds of the district, or any combination thereof. Such bonds shall not constitute an indebtedness of the district and the approval of the qualified electors shall not be required unless such bonds are additionally secured by the full faith and credit and taxing power of the district.

Section 36. Issuance of additional bonds.—If the proceeds of any bonds are less than the cost of completing the project in connection with which such bonds are issued, the board of supervisors may authorize the issuance of additional bonds, upon such terms and conditions as the board may provide in the resolution authorizing the issuance thereof, but only in compliance with the resolution or other proceedings authorizing the issuance of the original bonds.

Section 37. Refunding bonds.—The district shall have the power to issue bonds to provide for the retirement or refunding of any bonds or obligations of the district that at the time of such issuance are or subsequently thereto become due and payable, or that at the time of issuance have been called or are or will be subject to call for redemption within 10 years thereafter, or the surrender of which can be procured from the holders thereof at prices satisfactory to the board of supervisors. Refunding bonds may be issued at any time when, in the judgment of the board of supervisors, such issuance will be advantageous to the district. No approval of the qualified electors residing in the district shall be required for the issuance of refunding bonds except in cases where such approval is required by the State Constitution. The board of supervisors may by resolution confer upon the holders of such refunding bonds all rights, powers, and remedies to which the holders would be entitled if they continued to be the owners and had possession of the bonds for the refinancing of which said refunding bonds are issued, including, but not limited to, the preservation of the lien of such bonds on the revenues of any project or on pledged funds, without extinguishment, impairment, or diminution thereof. The provisions of this act pertaining to bonds of the district shall, unless the context otherwise requires, govern the issuance of refunding bonds, the form and other details thereof, the rights of the holders thereof, and the duties of the board of supervisors with respect thereto.

Section 38. Pledging ad valorem taxes, assessments, and other revenues and properties as additional security on bonds.—The district may pledge as additional security for the payment of any of the bonds of the district its full faith and credit and ad valorem taxing power, and provide that such bonds shall be payable as to both principal and interest, and as to any reserve or other funds provided therefor, from ad valorem taxes levied on the taxable real and tangible personal property in the district, to the full extent that any revenues as defined in section 17, taxes, assessments, or other funds, or any combination thereof, pledged therefor are insufficient for the full payment of the same, but subject to the limitations on the total amount of ad valorem taxes that may be levied in any one year specified in section 24, and provided further that no bonds shall be issued to the payment of which the full faith and credit and taxing power of the district is pledged unless approved at an election in the manner provided by law. The district, by resolution of the board of supervisors, may also pledge as additional security for any bonds the revenues from any project of the district, utility service taxes, assessments, and any other sources of revenues or funds, or any combination of the foregoing, and may pledge or mortgage any of the properties, rights, interests, or other assets of the district, and such pledge shall not require the submission to or approval by the qualified electors of the district unless required by the State Constitution. The board of supervisors may also provide with respect to any bonds of the district that such bonds shall be payable, in whole or in part, as to principal amount or interest, or both, out of rates, fees, fares, service charges, or other charges collected with respect to any of the projects of the district.

Section 39. Lien of pledges.—All pledges of revenues, taxes, and assessments made pursuant to the provisions of this act shall be valid and binding from the time when such pledges are made. All such revenues, taxes, and assessments so pledged and thereafter collected shall immediately be subject to the lien of such pledges without any physical delivery thereof or further action, and the lien of such pledges shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the district, irrespective of whether such parties have notice thereof.

Section 40. Assessable improvements; levy and payment of special assessments; assessment bonds and certificates.—The district may provide for the construction or reconstruction of assessable improvements, and for the levying of special assessments upon benefited property for the payment thereof, under the provisions of this section.

(1) The initial proceeding under this section shall be the passage by the board of supervisors of a resolution ordering the construction or reconstruction of such assessable improvements, indicating the location by

terminal points, routes, or otherwise, and either giving a description of the improvements by their material, nature, character, and size or giving two or more descriptions with the directions that the material, nature, character, and size shall be subsequently determined in conformity with one of such descriptions. Assessable improvements need not be continuous and may be in more than one locality or street. The resolution ordering any such improvement may give any short and convenient designation to each improvement ordered thereby, and the property against which assessments are to be made for the cost of such improvement may be designated as an assessment district, followed by a letter or number or name to distinguish it from other assessment districts, after which it shall be sufficient to refer to such improvement and property by such designation in all proceedings and assessments, except in the notices required by this section.

(2) As soon as possible after the passage of such resolution, the engineer for the district shall prepare, in duplicate, plans and specifications for each improvement ordered thereby and an estimate of the cost thereof. Such cost shall include, in addition to the items of cost as defined in this act, the cost of relaying streets, sidewalks, and other public facilities or conveniences necessarily torn up or damaged and the following items of incidental expenses:

(a) Printing and publishing notices and proceedings;

(b) Costs of abstracts of title; and

(c) Any other expense necessary or proper in conducting the proceedings and work provided for in this section, including the estimated amount of discount, if any, upon the sale of assessment bonds or any other obligations issued hereunder for which such special assessments are to be pledged.

If the resolution provides alternative descriptions of material, nature, character, and size, such estimate shall include an estimate of the cost of the improvement of each such description. The engineer shall also prepare, in duplicate, a tentative apportionment of the estimated total cost of the improvement as between the district and each lot or parcel of land subject to special assessment under the resolution, such apportionment to be made in accordance with the provisions of the resolution and in relation to apportionment of cost provided herein for the preliminary assessment roll. Such tentative apportionment of total estimated cost shall not be held to limit or restrict the duties of the engineer in the preparation of such preliminary assessment roll. One of the duplicates of such plans, specifications, and estimates and such tentative apportionment shall be filed with the board of supervisors, and the other duplicate shall be retained by the engineer in his or her files, all thereof to remain open to public inspection.

(3) The board of supervisors, upon the filing with it of such plans, specifications, estimates, and tentative apportionment of cost, shall publish a notice stating that, at a meeting of the board of supervisors on a certain day and hour not earlier than 15 days after such publication, the board of supervisors will hear objections of all interested persons to the confirmation of such resolution, which notice shall state in brief and general terms a description of the proposed assessable improvements with the location thereof, and shall also state that plans, specifications, estimates, and tentative apportionment of cost thereof are on file with the board of supervisors. Such notice shall be published as provided in chapter 50, Florida Statutes. The board of supervisors shall keep a record in which shall be inscribed, at the request of any person, firm, or corporation having or claiming to have any interest in any lot or parcel of land or property, the name and post office address of such person, firm, or corporation, together with a brief description or designation of such lot or parcel, and it shall be the duty of the board of supervisors to mail a copy of such notice to such person, firm, or corporation at such address at least 10 days before the time for the hearing as stated in such notice. However, the failure of the board of supervisors to keep such record or to inscribe any name or address or to mail any such notice shall not constitute a valid objection to holding the hearing as provided in this section or to any other action taken under the authority of this section.

(4) At the time named in such notice, or to which an adjournment may be taken by the board of supervisors, the board shall receive any objections of interested persons and may then or thereafter repeal or confirm such resolution with such amendments, if any, as may be desired by the board and which do not cause any additional property to be specially assessed.

(5) All objections to any such resolution on the ground that it contains items which cannot be properly assessed against property, or that it is, for any default or defect in the passage or character of the resolution or the plans or specifications or estimates, void or voidable in whole or in part, or that it exceeds the power of the board of supervisors, shall be made in writing in person or by attorney and filed with the board at or before the time or adjourned time of such hearing. Any objections against the making of any assessable improvements not so made shall be considered as waived, and if any objection is made and overruled or not sustained, the confirmation of the resolution shall be the final adjudication of the issues presented unless an action is filed in the Circuit Court for the Ninth Circuit to secure relief within 30 days after the board's adoption of the resolution or its later confirmation.

(6) Whenever any resolution providing for the construction or reconstruction of assessable improvements and for the levying of special assessments upon benefited property for the payment thereof is confirmed, as hereinabove provided, or at any time thereafter, the board of supervisors may issue assessment bonds payable out of such assessments when collected. Said bonds shall mature not later than 2 years after the last installment in which said special assessments may be paid, as provided in subsection (10), and shall bear interest not exceeding 6 percent per annum. Such assessment bonds shall be executed, shall have such provisions for redemption prior to maturity, and shall be sold in the manner and be subject to all of the applicable provisions contained in this act for revenue bonds, except as the same are inconsistent with the provisions of this section. The amount of such assessment bonds for any assessable improvement, after the confirmation of the initial resolution, shall not exceed 70 percent of the estimated amount of the cost of such assessable improvements which are to be specially assessed against the land or property to be specially benefited thereby, as shown in the estimates of the engineer for the district referred to in subsection (2). The amount of such assessment bonds for any assessable improvement to be issued, after the confirmation of the preliminary assessment roll provided for in subsection (9), including any assessment bonds theretofore issued, shall not exceed the amount of special assessments actually confirmed and levied by the board of supervisors as provided in subsection (9). Such assessment bonds shall be payable from the proceeds of the special assessments levied for the assessable improvement for which such assessment bonds are issued. However, the district may pledge the full faith and credit of the district for the payment of the principal of and interest on such assessment bonds if the issuance of such assessment bonds is approved in the manner provided by law.

(7) After the passage of the resolution authorizing the construction or reconstruction of assessable improvements has been confirmed as provided in subsection (4), the district may proceed with the construction or reconstruction work. Promptly after the completion of the work, the engineer for the district, who is hereby designated as the official of the district to make preliminary assessment of benefits from assessable improvements, shall prepare a preliminary assessment roll and file the same with the board of supervisors, which roll shall contain the following:

(a) A description of the lots and parcels of land or property within the district which will benefit from such assessable improvements and the amount of such benefits to each such lot or parcel of land or property, and the preliminary assessment. Such lots and parcels shall include the property of the county or counties, municipality or municipalities, and any school district or other political subdivision within the district. There shall also be given the name of the owner of record of each lot or parcel, where practicable, and a statement of the method of assessment used by such engineer.

(b) The total cost of the improvement and the amount of incidental expense. In making such preliminary assessments, the engineer may use any method of determining the amount of special benefits accruing to each lot or parcel of land or property from such assessable improvements as are approved by the board of supervisors. Such special benefits may be based on an acreage assessment where benefits from such assessable improvements are equal or nearly equal for lands or property in a particular area, front footage, or any other factors which the board of supervisors deems fair and equitable as between the different lots or parcels of land or property benefited, whether improved or unimproved. It shall be the duty of the engineer, in making such preliminary assessment roll, to view all lots or parcels of land or property to be assessed and to determine, for the preliminary assessment roll, the amount of benefit which each lot or parcel of land or property will receive from such as-

sessable improvements, under the method or methods prescribed by the board of supervisors, or any combination thereof.

(8) The preliminary roll shall be advisory only and shall be subject to the action of the board of supervisors as hereinafter provided. Upon the filing with the board of supervisors of the preliminary assessment roll, the board shall publish a notice stating that, at a meeting of the board of supervisors to be held on a certain day and hour not less than 15 days after the date of such publication, which meeting may be a regular, adjourned, or special meeting, all interested persons may appear and file written objections to the confirmation of such roll. Such notice shall be published as provided in chapter 50, Florida Statutes, and shall state the class of the assessable improvements and the location thereof by terminal points, route, or otherwise. The board of supervisors shall also mail a copy of such notice to the persons, firms, or corporations referred to in subsection (3) at least 10 days before the time of the meeting as stated in such notice. However, the failure of the board to mail any such notice shall not constitute a valid objection to holding such meeting or to any other action taken under the authority of this section.

(9) At the time and place stated in such notice, the board of supervisors shall meet and receive the objections in writing of all interested persons as stated in such notice. The board of supervisors may adjourn the hearing from time to time. After the completion thereof, the board of supervisors shall either annul, sustain, or modify, in whole or in part, the preliminary assessment as indicated on such roll, either by confirming the preliminary assessment against any or all lots or parcels described therein or by cancelling, increasing, or reducing the same, according to the special benefits which the board decides each such lot or parcel has received or will receive on account of such improvement. If any property chargeable under this section is omitted from the preliminary roll, or if the preliminary assessment is not made against it, the board of supervisors may place on such roll an apportionment to such property. The board of supervisors shall not confirm any assessment in excess of the special benefits to the property assessed, and the assessments so confirmed shall be in proportion to the special benefits. The assessment so made shall be final and conclusive as to each lot or parcel assessed unless, within 30 days, an action is filed in the Circuit Court for the Ninth Circuit to secure relief. If the assessment against any property is sustained, reduced, or abated by the court, the board of supervisors shall note that fact on the assessment roll opposite the description of the property affected thereby. The amount of the special assessment against any lot or parcel which may be reduced or abated by the court, unless the assessment upon the entire district is reduced or abated, or the amount by which such assessment is so reduced or abated, may by resolution of the board of supervisors be made chargeable against the district at large; or, at the discretion of the board, a new assessment roll may be prepared and confirmed in the manner hereinabove provided for the preparation and confirmation of the original assessment roll.

(10) Any assessment may be paid at the office of the board of supervisors within 60 days after the confirmation thereof, without interest. Thereafter, all assessments shall be payable at such times, over such period of years not exceeding 20 years, and in such annual or other installments, with interest at such rate not exceeding 8 percent per annum on the principal amount of such assessments from the expiration of said 60 days, as the board of supervisors determines by resolution. The board of supervisors may provide that any assessment may be paid at any time before due, together with interest accrued thereon to the date of prepayment, if such prior payment is permitted by the proceedings authorizing any assessment bonds or other obligations for the payment of which such special assessments have been pledged.

(11) All such special assessments shall be collected by the respective tax collectors for Orange and Osceola Counties, as the case may be, in which event the last sentence of subsection (1) of section 29 shall be applicable, or by such other officer or agent as the board of supervisors may designate, at such time or times as the board shall specify in the proceedings authorizing or confirming the special assessments, and if no other time is specified, then at the same time as general county taxes are collected in Orange and Osceola Counties.

(12) All assessments shall constitute a lien upon the property so assessed from the date of confirmation of the resolution ordering the improvement, of the same nature and to the same extent as the lien for general county taxes falling due in the same year or years in which such assessments or installments thereof fall due, and any assessment or installment not paid when due shall be collectible with such interest and

with reasonable attorney fees and costs, but without penalties, by the district by proceedings in the Circuit Court for the Ninth Circuit to foreclose the lien of assessments as a lien for mortgages is or may be foreclosed under the laws of the state; provided that any such proceedings to foreclose shall embrace all installments of principal remaining unpaid with accrued interest thereon, which installments shall, by virtue of the institution of such proceedings, immediately become due and payable. Nevertheless, if, prior to any sale of the property under decree of foreclosure in such proceedings, payment is made of the installment or installments which are shown to be due under the provisions of the resolution passed pursuant to subsection (9) and by subsection (10), and all costs including interest and attorney fees, such payment shall have the effect of restoring the remaining installments to their original maturities, and the proceedings shall be dismissed. It shall be the duty of the district to enforce the prompt collection of assessments by the means herein provided, and such duty may be enforced at the suit of any holder of bonds issued under this act in the Circuit Court for the Ninth Circuit by mandamus or other appropriate proceedings or action. Not later than 30 days after any installments are due and payable, it shall be the duty of the board of supervisors to direct the attorney or attorneys whom the board shall then designate to institute action within 2 months after such direction to enforce the collection of all special assessments for assessable improvements made under this section and remaining due and unpaid at the time of such direction. Such action shall be prosecuted in a manner and under the conditions in and under which mortgages are foreclosed under the laws of the state. It shall be lawful to join in one action the collection of assessments against any or all property assessed by virtue of the same assessment roll unless the court deems such joinder prejudicial to the interests of any defendant. The court shall allow reasonable attorney fees for the attorney or attorneys of the district, and the same shall be collectible as a part of or in addition to the costs of the action. At the sale pursuant to decree in any such action, the district may be a purchaser to the same extent as an individual person or corporation, except that the part of the purchase price represented by the assessments sued upon and the interest thereon need not be paid in cash. Property so acquired by the district may be sold or otherwise disposed of, the proceeds of such disposition to be placed in the fund provided by subsection (13). However, no sale or other disposition thereof shall be made unless the notice calling for bids therefor to be received at a stated time and place is published at least once as provided in chapter 50, Florida Statutes.

(13) All assessments and charges made under the provisions of this section for the payment of all or any part of the cost of any assessable improvements for which assessment bonds are issued under the provisions of this law, or which have been pledged as additional security for any other bonds or obligations issued under this act, shall be maintained in a special fund or funds and be used only for the payment of principal of or interest on such assessment bonds or other bonds or obligations.

(14) Orange and Osceola Counties, the municipalities, each school district, and any other political subdivision wholly or partly within the district shall possess the same power and be subject to the same duties and liabilities in respect of the special assessments under this section affecting the real estate of such county, municipality, school district, or other political subdivision which private owners of real estate possess or are subject to hereunder, and such real estate of any such county, municipality, school district, or political subdivision shall be subject to liens for said assessments in all cases where the same property would be subject to such liens had it, at the time the lien attached, been owned by a private owner.

(15) Subject to the terms of any bonds or other obligations payable from or secured by the assessments provided for herein, the board of supervisors may at any time and from time to time modify, in whole or in part, or revoke any plan or specification for any assessable improvement. In connection with the revision of any such plan or specification, benefits may be reassessed or additional assessments made in accordance with the provisions and procedures of this section. The board of supervisors may at any time approve and make effective technical changes and modifications of any plan for any improvement not affecting the determination of assessed benefits or the security of bond owners.

Section 41. Issuance of certificates of indebtedness based on assessments for assessable improvements; assessment bonds.—

(1) The board of supervisors may, after any assessments for assessable improvements are made, determined, and confirmed as provided in

section 40, issue certificates of indebtedness for the amount so assessed against the abutting property or property otherwise benefited, as the case may be, and separate certificates shall be issued against each part or parcel of land or property assessed, which certificates shall state the general nature of the improvement for which the said assessment is made. Said certificates shall be payable in annual installments or otherwise in accordance with the installments of the special assessments for which they are issued. The board of supervisors may determine the interest to be borne by such certificates at a rate no greater than 6 percent per annum and may sell such certificates at either private or public sale and determine the form, manner of execution, and other details of such certificates. Such certificates shall recite that they are payable only from the special assessments levied and collected from the part or parcel of land or property against which they are issued. The proceeds of such certificates may be pledged for the payment of principal of and interest on any revenue bonds or general obligation bonds issued to finance in whole or in part such assessable improvement, or, if not so pledged, may be used to pay the cost or part of the cost of such assessable improvements.

(2) The district may also issue assessment bonds or other obligations payable from a special fund into which such certificates of indebtedness referred to in subsection (1) may be deposited; or, if such certificates of indebtedness have not been issued, the district may assign to such special fund for the benefit of the holders of such assessment bonds or other obligations, or to a trustee for such bondholders, the assessment liens provided for in section 40, unless such certificates of indebtedness or assessment liens have been theretofore pledged for any bonds or other obligations authorized hereunder. In the event of the creation of such special fund and the issuance of such assessment bonds or other obligations, the proceeds of such certificates of indebtedness or assessment liens deposited therein shall be used only for the payment of the assessment bonds or other obligations issued as provided in this section. The district is authorized to covenant with the holders of such assessment bonds or other obligations that it will diligently and faithfully enforce and collect all the special assessments and interest and penalties thereon for which such certificates of indebtedness or assessment liens have been deposited in or assigned to such fund, and to foreclose such assessment liens so assigned to such special fund or represented by the certificates of indebtedness deposited in said special fund, after such assessment liens have become delinquent, and deposit the proceeds derived from such foreclosure, including interest and penalties, in such special fund, and to make any other covenants deemed necessary or advisable in order to properly secure the holders of such assessment bonds or other obligations.

(3) The assessment bonds or other obligations issued pursuant to this section shall have such dates of issue and maturity as are deemed advisable by the board of supervisors. However, the maturities of such assessment bonds or other obligations shall not be more than 2 years after the due date of the last installment which will be payable on any of the special assessments for which such assessment liens, or the certificates of indebtedness representing such assessment liens, are assigned to or deposited in such special fund.

(4) Such assessment bonds or other obligations issued under this section shall bear interest at a rate not exceeding 6 percent per annum and shall be executed, shall have such provisions for redemption prior to maturity, shall be sold in the manner, and shall be subject to all of the applicable provisions contained in this act for revenue bonds, except as the same may be inconsistent with the provisions of this section.

(5) All assessment bonds or other obligations issued under the provisions of this act, except certificates of indebtedness issued against separate lots or parcels of land or property as provided in this section, shall be and constitute and have all the qualities and incidents of negotiable instruments under the law merchant and the laws of the state.

Section 42. Issuance of bond anticipation notes.—In addition to the other powers provided for in this act and not in limitation thereof, the district shall have the power, at any time and from time to time after the issuance of any bonds of the district is authorized, to borrow money for the purposes for which such bonds are to be issued in anticipation of the receipt of the proceeds of the sale of such bonds and to issue bond anticipation notes in a principal amount not in excess of the authorized maximum amount of such bond issue. Such notes shall be in such denomination or denominations, bear interest at such rate or rates not in excess of 6 percent per annum, mature at such time or times not later

than 5 years after the date of issuance, be renewable for an additional term or terms in the aggregate not in excess of 5 years after the date of first renewal, and be in such form and executed in such manner as the board of supervisors shall prescribe. Such notes may be sold at either public or private sale or, if such notes are renewal notes, may be exchanged for notes then outstanding on such terms as the board of supervisors shall determine. Such notes shall be paid from the proceeds of such bonds when issued. The board of supervisors may in its discretion, in lieu of retiring the notes by means of bonds, retire them by means of current revenues or from any taxes or assessments levied for the payment of such bonds, but in such event a like amount of the bonds authorized shall not be issued.

Section 43. Short-term borrowings.—The district at any time may obtain loans, in such amount and on such terms and conditions as the board of supervisors may approve, for the purpose of paying any of the expenses of the district or any costs incurred or that may be incurred in connection with any of the projects of the district, which loans shall have a term not exceeding 2 years from the date of issuance thereof, and may be renewable for a like term or terms, shall bear interest in any amount not in excess of 6 percent per annum, and may be payable from and secured by a pledge of such funds, revenues, taxes, and assessments as the board of supervisors may determine. For the purpose of defraying such costs and expenses, the district may issue negotiable notes, warrants, or other evidences of debt signed on behalf of the district by any member of the board of supervisors duly authorized by the board, such notes or other evidences of indebtedness to be payable at such times, to bear interest at a rate not exceeding 6 percent per annum, and to be sold or discounted at such price or prices and on such terms as the board may deem advisable. The board of supervisors shall have the right to provide for the payment thereof by pledging the whole or any part of the funds, revenues, taxes, and assessments of the district. The approval of the qualified electors residing in the district shall not be necessary except where required by the State Constitution.

Section 44. Trust agreements.—In the discretion of the board of supervisors, any issue of bonds may be secured by a trust agreement by and between the district and a corporate trustee or trustees, which may be any trust company or bank having the powers of a trust company within or outside the state. The resolution authorizing the issuance of the bonds or such trust agreement may pledge the revenues to be received from any projects of the district and may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as the board of supervisors may approve, including, without limitation, covenants setting forth the duties of the district in relation to the acquisition, construction, reconstruction, improvement, maintenance, repair, operation, and insurance of any projects, the fixing and revising of the rates, fees, fares, and charges, and the custody, safeguarding, and application of all moneys, and for the employment of counselling engineers in connection with such acquisition, construction, reconstruction, improvement, maintenance, repair, or operation. It shall be lawful for any bank or trust company incorporated under the laws of the state which may act as a depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the district. Such resolution or trust agreement may set forth the rights and remedies of the bondholders and of the trustee, if any, and may restrict the individual right of action by bondholders. The board of supervisors may provide for the payment of the proceeds of the sale of the bonds and the revenues of any project to such officer, board, or depository as it may designate for the custody thereof, and for the method of disbursement thereof with such safeguards and restrictions as it may determine. All expenses incurred in carrying out the provisions of such resolution or trust agreement may be treated as part of the cost of operation of the project to which such trust agreement pertains.

Section 45. Sale of bonds.—Bonds may be sold in blocks or installments at different times, or an entire issue or series may be sold at one time. Bonds may be sold at public or private sale after such advertisement, if any, as the board of supervisors deems advisable but not in any event at less than 95 percent of the par value thereof, together with accrued interest thereon. Bonds may be sold or exchanged for refunding bonds. Special assessment and revenue bonds may be delivered as payment by the district of the purchase price or lease of any project or part thereof, or a combination of projects or parts thereof, or as the purchase price or exchanged for any property, real, personal, or mixed, including franchises, or services rendered by any contractor, engineer, or other person, all at one time or in blocks from time to time, in such manner and upon such terms as the board of supervisors in its discretion shall de-

termine. The price or prices for any bonds sold, exchanged, or delivered may be:

- (1) The money paid for the bonds;
- (2) The principal amount, plus accrued interest to the date of redemption or exchange, of outstanding obligations exchanged for refunding bonds;
- (3) In the case of special assessment or revenue bonds, the amount of any indebtedness to contractors or other persons paid with such bonds; or
- (4) The fair value of any properties exchanged for the bonds, as determined by the board of supervisors.

Section 46. Authorization and form of bonds.—Bonds may be authorized by resolution or resolutions of the board of supervisors which shall be adopted by a majority of all of the members thereof then in office. Such resolution or resolutions may be adopted at the same meeting at which they are introduced and need not be published or posted. The board of supervisors may by resolution authorize the issuance of bonds and fix the aggregate amount of bonds to be issued, the purpose or purposes for which the moneys derived therefrom shall be expended, the rate or rates of interest, which shall not exceed 6 percent per annum, the denomination of the bonds, regardless of whether the bonds are to be issued in one or more series, the date or dates thereof, the date or dates of maturity, which shall not exceed 40 years from their respective dates of issuance, the medium of payment, the place or places within or outside the state where payment shall be made, registration privileges, redemption terms and privileges (whether with or without premium), the manner of execution, the form of the bonds, including any interest coupons to be attached thereto, the manner of execution of bonds and coupons, and any and all other terms, covenants, and conditions thereof, and the establishment of reserve or other funds. Such authorizing resolution may further provide that such bonds may be executed manually or by engraved, lithographed, or facsimile signature, provided that where signatures are engraved, lithographed, or facsimile, no bond shall be valid unless countersigned by a registrar or other officer designated by appropriate resolution of the board of supervisors. The seal of the district may be affixed, lithographed, engraved, or otherwise reproduced in facsimile on such bonds. In case any officer whose signature or a facsimile of whose signature appears on any bonds or coupons ceases to be such officer before the delivery of such bonds, such signature or facsimile shall nevertheless be valid and sufficient for all purposes the same as if he or she had remained in office until such delivery.

Section 47. Increase in maximum allowable interest on district bonds.—Anything in this act or the laws of the state to the contrary notwithstanding, if at any time and from time to time the general laws of the state permit the counties, municipalities, or political subdivisions of the state, or any of them, to issue general obligation, revenue, assessment, or other bonds bearing interest in an amount or at a rate in excess of 6 percent per annum, then the maximum allowable interest on any bonds of the district that may be issued during the effective period of such general law shall be the maximum amount or rate permitted under such general law.

Section 48. Interim certificates; replacement certificates.—Pending the preparation of definitive bonds, the board of supervisors may issue interim certificates or receipts or temporary bonds, in such form and with such provisions as the board may determine, exchangeable for definitive bonds when such bonds have been executed and are available for delivery. The board of supervisors may also provide for the replacement of any bonds that become mutilated or are lost or destroyed.

Section 49. Negotiability of bonds.—Any bond issued under this act and any interim certificate, receipt, or temporary bond shall, in the absence of an express recital on the face thereof that it is nonnegotiable, be fully negotiable and shall be and constitute negotiable instruments within the meaning and for all purposes of the law merchant and the laws of the state.

Section 50. Defeasance.—The board of supervisors may make such provision with respect to the defeasance of the right, title, and interest of the holders of any of the bonds and obligations of the district in any revenues, funds, or other properties by which such bonds are secured as the board deems appropriate and, without limitation on the foregoing,

may provide that when such bonds or obligations become due and payable or shall have been called for redemption, and the whole amount of the principal and the interest and premium, if any, due and payable upon the bonds or obligations then outstanding shall be paid, or sufficient moneys or direct obligations of the United States Government the principal of and the interest on which when due will provide sufficient moneys, shall be held or deposited in trust for such purpose, and provision shall also be made for paying all other sums payable in connection with such bonds or other obligations, then and in such event the right, title, and interest of the holders of the bonds in any revenues, funds, or other properties by which such bonds are secured shall thereupon cease, determine, and become void, and the board of supervisors may apply any surplus in any sinking fund established in connection with such bonds or obligations and all balances remaining in all other funds or accounts other than money held for the redemption or payment of the bonds or other obligations to any lawful purpose of the district as the board shall determine.

Section 51. Bonds as legal investment or security.—Notwithstanding any provisions of any other law to the contrary, all bonds issued under the provisions of this act shall constitute legal investments for savings banks, banks, trust companies, insurance companies, executors, administrators, trustees, guardians, and other fiduciaries, and for any board, body, agency, instrumentality, county, municipality, or other political subdivision of the state, and shall be and constitute securities which may be deposited by banks or trust companies as security for deposits of state, county, municipal, or other public funds, or by insurance companies as required or voluntary statutory deposits.

Section 52. Agreements with Division of Bond Finance and others.—The board of supervisors shall have the power to retain and enter into agreements with fiscal agents, financial advisers, the Division of Bond Finance of the State Board of Administration, engineers, and other consultants or advisers with respect to the issuance and sale of any bonds, and the cost and expense thereof may be treated as part of the cost and expense of such project. The board of supervisors shall engage the Division of Bond Finance in connection with the structure, management, and execution of debt issuances including, but not limited to, direct placements, bank loans, private placements, and limited or public offerings of debt.

Section 53. Covenants.—Any resolution authorizing the issuance of bonds may contain such covenants as the board of supervisors may deem advisable, and all such covenants shall constitute valid and legally binding and enforceable contracts between the district and the bondholders, regardless of the time of issuance thereof. Such covenants may include, without limitation, covenants concerning the disposition of the bond proceeds, the use and disposition of project revenues, the pledging of revenues, taxes, and assessments, the obligations of the district with respect to the operation of the project and the maintenance of adequate project revenues, the issuance of additional bonds, the appointment, powers, and duties of trustees and receivers, the acquisition of outstanding bonds and obligations, restrictions on the establishing of competing projects or facilities, restrictions on the sale or disposal of the assets and property of the district, the priority of assessment liens, the priority of claims by bondholders on the taxing power of the district, the maintenance of deposits to ensure the payment of revenues by users of district facilities and services, the discontinuance of district services by reason of delinquent payments, acceleration upon default, the execution of necessary instruments, the procedure for amending or abrogating covenants with the bondholders, and such other covenants as may be deemed necessary for the security of the bondholders.

Section 54. Validity of bonds; validation proceedings.—

(1) Any bonds issued by the district shall be incontestable in the hands of bona fide purchasers or holders for value and shall not be invalid because of any irregularity or defects in the proceedings for the issue and sale thereof. Prior to the issuance of any bonds, the district may, but is not required to, publish a notice as provided in chapter 50, Florida Statutes, stating the date of adoption of the resolution authorizing such obligations, the amount, maximum rate of interest, and maturity of such obligations, and the purpose in general terms for which such obligations are to be issued, and further stating that any action or proceeding questioning the validity of such obligations or of the proceedings authorizing the issuance thereof, or of any covenants made therein, must be instituted within 30 days after the first publication of such notice, or the validity of such obligations, proceedings, and cove-

nants shall not be thereafter questioned in any court whatsoever. If no such action or proceeding is so instituted within such 30-day period, then the validity of such obligations, proceedings, and covenants shall be conclusive, and all persons or parties whatsoever shall be forever barred from questioning the validity of such obligations, proceedings, or covenants in any court whatsoever.

(2) The power of the district to issue bonds under the provisions of this act may be determined, and any of the bonds of the district may be validated and confirmed, by circuit court decree, under the provisions of chapter 75, Florida Statutes, and laws amendatory thereof or supplementary thereto.

Section 55. Act furnishes full authority for issuance of bonds.—This act constitutes full and complete authority for the issuance of bonds and the exercise of the powers of the district provided herein. The powers conferred by this act on the district with respect to the issuance and sale of bonds shall be in addition and supplemental to the powers conferred by any other law.

Section 56. Tax exemption.—As the exercise of the powers conferred by this act to effect the purposes of this act constitute the performance of essential public functions, and as the projects of the district will constitute public property used for public purposes, all assets and properties of the district, and all bonds issued hereunder and interest paid thereon, and all fees, charges, and other revenues derived by the district from the projects provided for by this act shall be exempt from all taxes by the state or by any political subdivision, agency, or instrumentality thereof, provided, however, that nothing in this act shall be deemed to exempt from taxation any property, project, facility, business activity, or enterprise that cannot validly be undertaken as a public function by special taxing districts or other public bodies under the laws and Constitution of the State of Florida, and provided further that nothing in this act shall be deemed to exempt any property, project, facility, business activity, or enterprise of the district, or revenues derived therefrom, which would be subject to taxation under the general laws of the State of Florida if such property, project, or facility were owned or undertaken by a municipal corporation.

Section 57. Pledge by State of Florida to bondholders of district and to Federal Government.—

(1) For all bonds and other obligations issued before the effective date of this act, the State of Florida pledges to the holders of any bonds issued under this act that it will not limit or alter the rights of the district to own, acquire, construct, reconstruct, improve, maintain, operate, or furnish the projects or to levy and collect the taxes, assessments, rentals, rates, fees, fares, and other charges provided for herein and to fulfill the terms of any agreement made with the holders of such bonds or other obligations, that it will not in any way impair the rights or remedies of the holders, and that it will not modify in any way the exemption from taxation provided in this act, until all such bonds, together with interest thereon, and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully met and discharged. The State of Florida pledges to and agrees with the Federal Government that in the event the Federal Government or any agency or authority thereof shall construct or contribute any funds, materials, or property for the construction, acquisition, extension, improvement, enlargement, maintenance, operation, or furnishing of any of the projects of the district, or any part thereof, the state will not alter or limit the rights and powers of the district in any manner which would be inconsistent with the continued maintenance and operation of such project, or any part thereof, or the improvement thereof, or which would be inconsistent with the due performance of any agreements between the district and the Federal Government, and the district shall continue to have and may exercise all powers herein granted so long as the board of supervisors deems the same necessary or desirable for the carrying out of the purposes of this act and the purposes of the Federal Government in the construction, acquisition, extension, improvement, enlargement, maintenance, operation, or furnishing of any of the projects of the district, or any part thereof.

(2) For all bonds and other obligations issued on or after the effective date of this act, the State of Florida pledges to the holders of any bonds issued under this act that it will not limit or alter the rights of the district to own, acquire, construct, reconstruct, improve, maintain, operate, or furnish the projects or to levy and collect the taxes, assessments, rentals, rates, fees, fares, and other charges provided for herein and to fulfill the

terms of any agreement made with the holders of such bonds or other obligations, that it will not in any way impair the rights or remedies of the holders, and that it will not modify in any way the exemption from taxation provided in this act, until all such bonds, together with interest thereon, and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully met and discharged.

Section 58. Cooperative agreements with certain municipalities.—

(1) The board of supervisors may undertake and finance any of the projects of the district, in whole or in part, with any municipality now existing or hereafter created within the district or in any other manner combine the projects of the district with the projects of such municipality or municipalities on such terms and conditions as the board of supervisors shall approve, and the provisions of this act, including, without limitation, the provisions for the financing of district projects through bond issues, shall be applicable to such projects.

(2) Any agreement of the type authorized by this section may be made and entered into pursuant to this act for such time or times, not exceeding 40 years, as shall be agreed by the parties thereto or for such longer time as any bonds of any of the contracting parties, including refunding bonds, remain outstanding and unpaid, and may contain such details, terms, provisions, and conditions as shall be agreed upon by the parties thereto. Any such agreement may be made and entered into for the benefit of the holders of any bonds of the district as well as the parties thereto and in such event shall be enforceable in any court of competent jurisdiction by the holders of any such bonds or of the coupons appertaining thereto.

*Section 59. Contracts, grants, and contributions.—*The district shall have the power to make and enter all contracts and agreements necessary or incidental to the performance of the functions of the district and the execution of its powers, and to contract with, and to accept and receive grants or loans of money, material, or property from, any person, private or public corporation, the state or any agency or instrumentality thereof, any county, municipality, or other political subdivision, or any agency, instrumentality, or corporation of or created by the United States of America, or the United States of America, as the board of supervisors shall determine to be necessary, or as otherwise authorized by general law or this act, to carry out the purposes of this act, and in connection with any such contract, grant, or loan to stipulate and agree to such covenants, terms, and conditions as the board deems appropriate.

Section 60. Effect of annexation of lands to and exclusion of lands from district.—

(1) Land, including property situated thereon, added to the district shall from the time of its inclusion within the district be subject to all of the taxes and assessments thereafter levied and assessed on other land or property of the district similarly situated. Land or property excluded from the district shall from the date of such exclusion be exempt from taxes or assessments thereafter imposed by the district but shall not be exempt from any taxes or assessments theretofore levied and due with respect to such land or property, or from subsequent installments of taxes or assessments theretofore levied or assessed with respect thereto, and such taxes or assessments may be enforced and collected by or on behalf of the district in the same manner as if such land or property continued to be within the territorial limits of the district.

(2) Nothing in this section shall permit the annexation or exclusion of lands contrary to the terms, covenants, or conditions of any of the bonds or obligations of the district, or in any manner that would impair the security of the holders of any bonds or other obligations of the district.

*Section 61. Construction of district projects.—*The Legislature finds and declares that in order to accomplish the purposes of this act, it is essential that the board of supervisors have discretion and authority with respect to the manner in which the construction of the projects of the district, including, but not limited to, projects financed by district bonds, taxes, or assessments, shall be undertaken. The board of supervisors shall have power and authority to acquire, construct, reconstruct, extend, repair, improve, maintain, and operate any of the projects of the district, and to that end to employ contractors, to purchase machinery, to employ machinery operators, and directly to have charge of and construct the projects of the district in such manner as the board may determine. The district may undertake any construction work with its own resources, without public advertisement for bids. However, if the district does not

use its own resources to undertake any construction work, the board of supervisors must let contracts for the projects of the district, either as a whole or in sections, with public advertising and the receiving of bids, all on such terms and conditions as the board may deem appropriate. The board of supervisors shall let the contract to the lowest responsible and responsive bidder. However, the board may in its discretion reject any and all bids.

Section 62. Enforcement and penalties.—

(1) The board of supervisors or any aggrieved person may have recourse to such civil remedies as may be necessary to ensure compliance with the provisions of this act, including injunctive relief to enjoin or restrain any person violating the provisions of this act, and any bylaws, resolutions, regulations, rules, codes, and orders adopted under this act, and the court shall, upon proof of such violation, have the duty to issue forthwith such temporary and permanent injunctions as are necessary to prevent such further violation thereof. In case any building or structure is erected, constructed, reconstructed, altered, repaired, converted, or maintained, or any building, structure, land, or water is used, in violation of this act, or of any code, order, resolution, or other regulation made under authority conferred by this act or under law, the board of supervisors and any person residing in the district may institute any appropriate action or proceeding to prevent such unlawful erection, construction, reconstruction, alteration, repair, conversion, maintenance, or use, to restrain, correct or avoid such violation, to prevent the occupancy of such building, structure, land, or water, and to prevent any illegal act, conduct, business, or use in or about such premises, land, or water.

(2) The district shall have the standing and authority to challenge, by an action in a court of proper jurisdiction, any action, contract, resolution, ordinance, code, or regulation of the City of Bay Lake or the City of Lake Buena Vista that violates this act.

*Section 63. Investment of funds.—*The board of supervisors may in its discretion invest funds of the district as provided in s. 218.415, Florida Statutes.

*Section 64. Severability of provisions.—*If any section, clause, sentence, or provision of this act, or the application of such section, clause, sentence, or provision to any persons or bodies or under any circumstances, is held to be inoperative, invalid, or unconstitutional, the invalidity of such section, clause, sentence, or provision shall not be deemed, held, or taken to affect the validity or constitutionality of any of the remaining parts of this act, or the application of any of the provisions of this act to persons or bodies or in circumstances other than those as to which it or any part thereof is held inoperative, invalid, or unconstitutional, and it is intended that this act shall be construed and applied as if any section, clause, sentence, or provision held inoperative, invalid, or unconstitutional had not been included in this act.

Section 3. The offices and terms of all members of the Board of Supervisors of the Reedy Creek Improvement District existing as of the effective date of this act shall end as of the effective date of this act, but such members may continue to serve until a successor in office is appointed and qualified. Until successors are appointed and qualified to replace all of the members of the board of supervisors existing as of the effective date of this act, board members, officers, and employees of the district may not sell, dispose of, encumber, transfer, or expend the assets of the district as such assets existed on the effective date of this act, other than in the ordinary course of business.

Section 4. The provisions of this act shall be liberally construed to effect its purposes and shall be deemed cumulative, supplemental, and alternative authority for the exercise of the powers provided herein.

Section 5. Chapter 67-764, Laws of Florida, and the decree in chancery No. 66-1061 entered by the Circuit Court in and for the Ninth Judicial Circuit of the State of Florida on May 13, 1966, creating and incorporating the Reedy Creek Drainage District as a public corporation of the State of Florida, are repealed.

Section 6. Notwithstanding the repeal of the decree and chancery No. 66-1061, the stipulation dated September 29, 1966, by and between the Reedy Creek Drainage District and Orange County, filed and entered in the proceeding then pending in the Circuit Court of the Ninth Judicial Circuit in and for Orange County, Florida, being Case No. Chancery 66-1061, shall continue to be effective and binding on the Reedy Creek Improvement District and Orange County and applicable to any plan of reclamation now or hereafter adopted by the Reedy Creek Improvement

District unless and until revised or terminated by agreement of the parties thereto.

Section 7. This act shall take effect upon becoming a law.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to the Reedy Creek Improvement District, Orange and Osceola Counties; reenacting, amending, and repealing chapter 67-764, Laws of Florida, and the decree in chancery No. 66-1061 entered by the Circuit Court in and for the Ninth Judicial Circuit of the State of Florida on May 13, 1966, relating to the district; providing legislative intent; providing for continuation of authority for revenue collection and powers to meet outstanding obligations; renaming the district; providing the boundaries for the district; revising the manner of selection of the board of supervisors; providing term limits; revising board member compensation; providing a process for selecting certain staff; revising the powers of the board; revising the powers of the district; providing severability; providing for transition; providing construction; providing for continued effect of stipulation between the district and Orange County; providing an exception to general law; providing an effective date.

PRAYER

The following prayer was offered by Senator Osgood:

Lord, our Lord, how majestic is your name in all the earth. We pray this morning that you will be with us through this legislative session. We pray that you will open us up to courage; open us up to unity; open us up to compassion, love, and kindness. We pray that as we move forward that you would give us wisdom and guidance in the decisions that we make. We pray that you will protect and keep our families while

we are away from home. We pray that you will do something supernatural and unusual during this legislative session—that you will bind us together, and that we will use our diversity to create unity and collective excellence for the great State of Florida. We say a special prayer for our Governor and his cabinet. We pray that you will bless his leadership, that you will allow him to lead our state in a way that is going to move us forward and bring glory to your name. We bless you today for the Senate, for our leadership here in the Senate, and for our Senate President. We just pray that you guide us in a way that we will be the light where there is darkness in this world. We will be the hope where there is hopelessness. We will be the courage where there is weakness and fear. We will be a solution to the problems that we are faced with. We pray this prayer today. We give thanks. We are just so grateful for your grace and mercy that endures forever. Amen, amen, amen.

ADDRESS BY PRESIDENT KATHLEEN PASSIDOMO

Good morning. Welcome to the start of the 2023 Regular Session.

Senators, we are fortunate that many of our state's leaders are with us in the chamber this morning to celebrate the start of the session.

Governor DeSantis is not with us as he is preparing his State of the State Address, which we are looking forward to hearing shortly. Our Governor is truly America's Governor. He has defended our conservative values, challenged the individuals and institutions who pose threats to others, and introduced innovative solutions to better our state.

It is often said that states are laboratories for democracy. Under the leadership of Governor DeSantis, Florida is more than a laboratory; we are the model.

Welcome Lieutenant Governor Nuñez—a friend from our days in the House. Thank you for being here.

Cabinet members—General Moody, CFO Patronis, and our own Senate family member, Commissioner/President Simpson. Thank you all for your partnership in the Executive Branch.

I am honored that all of our Supreme Court Justices are with us this morning. I don't recall another opening day when every Justice was able to join us.

We know government is at its best when all three branches work in concert, respecting the unique constitutional role of the other branches. It is a testament to our system that we all gather together today to celebrate the opening of the 2023 Legislative Session.

Thank you especially to my counterpart in the legislature, Speaker Paul Renner, who will gavel in the House of Representatives later this morning. We have a common vision and share many of the same priorities for our great state. We are working in lockstep to deliver meaningful legislation for the benefit of all Floridians.

And then there is my partner in life—John Passidomo, Florida's first First Gentleman. Thank you for keeping me focused and grounded, and for all your support for the last 43 years.

Many of you have asked about my dad. As you know he turned 100 on New Year's Day. He is doing well and is watching these proceedings on the Florida Channel in Naples. My daughters, Catarina and Francesca, are watching from their offices, while Gabriella is across the city in a Public Service Commission meeting.

To all of our former Presidents and Senators, all the families and special guests here today, and to those who send their greetings and well wishes from afar—your encouragement means a great deal to me, personally. I know I speak for the entire Senate when I say that we are uplifted by your prayers, advice, and support.

The Reason We are Here

Senators, this opening day feels a little different. It seems like we have already been "open" for quite a while, but this opening day is an opportunity for us to remind ourselves why we are here. We are here to serve the people of Florida. Each of us represents more than 560,000 Floridians in our district. They are the reasons we are here, and it is our responsibility to carry their voices to Tallahassee.

On every Senator's desk this morning is a book we compiled together. I challenged each of you to submit a landmark from your district—something symbolic and meaningful to you and your constituents. This book is a collection of those Florida icons, and it really is a great representation of our state. It features a wide range of geographic points—from the first forts that defended our land to the southernmost point of the Continental United States. It highlights our state's cultural history and diversity—places like the Little Haiti Cultural Center and the Wells'Built Museum.

In it, you'll find examples of early commerce like the Stranahan House in Fort Lauderdale and the Ted Smallwood Store in Chokoloskee—and modern attractions like the Daytona Beach International Speedway and Monty's Raw Bar, which together attract visitors to our state from around the globe.

You will see symbols that represent the promise of America—from the Freedom Tower in Miami that gave hope to tens of thousands of Cubans fleeing communism and oppression to Southern Command and MacDill Air Force Base, which serve as a strategic center of operations to protect our freedom around the globe.

There are two schools and a college where students learned to read and developed skills for a future career, and a historic hospital that introduced modern health care to Florida in the early 1900s.

There's an old lighthouse that used to guide sailors home safely on dark nights, and two memorials to fallen Floridians who gave their lives in service to our state and nation.

There are also many other examples of our beautiful natural resources—parks, springs, coastlines, and the Everglades, which we have all worked so hard to revitalize, protect, and preserve for future generations of Floridians and visitors to our state.

These 40 pages are a microcosm of the Florida story—a sliver of the many iconic places that make Florida unique. I hope these pages serve as a guide for us this legislative session and beyond. These are the reasons we are here.

We must advance policies that protect our people and our places—what makes Florida so special. We must hold others accountable when they threaten our people and our values. Although we may disagree with one another at times, know that we are each fighting for the needs and interests of our districts—and for the future of Florida, and we will do this together.

Hitting the Ground Running

Hurricane Recovery

We've already hit the ground running with a handful of special sessions to address time-sensitive needs. Senators, I am grateful for your support in our state's hurricane recovery. We've already passed legislation to provide tax relief to owners of homes destroyed by Hurricanes Ian and Nicole. We provided housing assistance to displaced Floridians. We created a bridge loan program for local governments, and we invested significant funding for reconstruction of infrastructure. Our Select Committee, led by Leader Albritton, has put forward additional legislation by Senator Martin to strengthen our state's resilience and to help our state prepare for and defend against future storms.

Live Local

Tomorrow, we will take up comprehensive legislation to create more attainable housing options for all Floridians. Senator Calatayud's Live Local Act is geared to help Floridians at every income level and stage of life find an affordable, convenient place to live, work, and raise their families. We have heard input from many Senators and from many stakeholders, and we've incorporated that feedback in crafting this bill. With this legislation, all of the families, workers, law enforcement officers, teachers, and so many others who are flocking to Florida from high-tax, lockdown states can live conveniently close to the communities they serve. I am confident this legislation will pass tomorrow with overwhelming support. And Governor—expect to see it on your desk very soon.

Wildlife Corridor

This week, we will also take up legislation by Senator Brodeur to expand access to Florida's Wildlife Corridor. It is critical that we protect Florida's natural landscape and the resources and wildlife that live within it. Expanding access to the Corridor will enable Floridians to walk, run, and bike through it, furthering appreciation for the natural beauty of Florida. As I've said before, I believe this will be Florida's Central Park, and it will be a legacy we can be proud to leave for future generations of Floridians and visitors to enjoy.

More Work To Do

Senators, at the end of this week, we will have accomplished a great deal, but there is much more work to do. As I predicted during the Organization Session, we will have late nights and long weeks this session.

We will make school choice a reality for every child in every family across our great state. We must invest in the education of every Florida student, no matter where they choose to go to school. We will cut red tape on traditional public schools. These institutions—which have served our communities for generations—will have a meaningful opportunity to compete right alongside other school choice options.

We will enhance public safety by codifying the constitutional right of citizens to keep and bear arms. At the same time, we will expand tools available to law enforcement and educators working to keep our communities and schools safe.

We will promote career and technical education with a focus on work-based learning opportunities linked to local employment.

We will work to secure our borders because the federal government has failed to do so.

We are going to cut taxes on more essential items so Florida families can keep more of their hard-earned dollars where they belong—in their pockets. This includes making certain tax cuts permanent, like the diaper tax, as Leader Book has advocated.

And we're going to pass meaningful tort reform to curb the practices of those attorneys who file frivolous lawsuits which increase the cost of living in our state.

Our work will not be done in a silo. Like the Live Local Act, we are inviting input from all Senators and stakeholders so that the laws we pass from this chamber are as good as they can be.

We're working with sheriffs on school and community safety; with superintendents, schools, and parents on education; with our partners on the local level; and with the many organizations throughout the state who also serve our communities.

This is the thoughtful, deliberative process that has guided our chamber throughout Florida's history, and we can all be proud to be a part of this rich legislative tradition. At the root of it all is the people we serve. They are the reasons we are here.

Look to your book. Look to the iconic symbols that make our state great. Look to the reasons why we prosper. Look to the values that we hold dear. When you're lost in the dark, look to the lighthouse to lead you back home safely. If we do this—remember the reasons why we are here—then we will each have a successful session to report back to our constituents at home.

I shared a Winston Churchill quote with Speaker Renner earlier this morning, which I think reflects well on the work ahead this session:

“These are not dark days: these are great days—the greatest days our country has ever lived; and we must all thank God that we have been allowed, each of us according to our stations, to play a part in making these days memorable in the history of our race.”

Senators, the eyes of the nation are on Florida this year. Let's show America how it's done.

ADDRESS BY GOVERNOR RON DESANTIS

Mr. Speaker, Madam President, members of the Legislature, and fellow citizens:

It is my duty under the Constitution to inform the Legislature concerning the condition of the state and to recommend measures in the public interest. Well, as we used to do in the military, here's the BLUF (Bottom Line Up Front): Florida is number one and, working together, we will ensure that Florida remains the number one state in these United States.

Florida is the fastest growing state in the nation. We rank number one for net in-migration. We rank number one in the nation for new business formations. We are number one in economic growth among large states. Florida has more people employed today than before the pandemic. Our unemployment rate is one of the lowest on record, and it is significantly lower than the national average.

And, of course, as many of you know in this room, the last two years we've seen the largest budget surpluses in the history of the State of Florida. And, we do that with having the lowest per capita state tax and lowest per capita state debt burdens amongst all large states. We rank number one in the nation in tourism, and we just experienced yet another record-breaking year for visitors to the Sunshine State.

We are number one in law enforcement recruitment and support. Florida's crime rate stands at a 50-year low. We rank number one in the nation for education freedom. We rank number one in the nation for parental involvement in education. We rank number one in fourth grade reading and math amongst all large states. And, we have the number one public higher education system in the country. We are number one among large states for the quality of our roads. And, Florida has the top three cruise ports in the entire world. We rank number one for space-related development, manufacturing, and flight.

And, maybe most famously, we rank number one for protections of our citizens against the biomedical security state, from prohibiting "job or job" mandates to banning vaccine passports to ensuring hospital visitation rights.

We defied the experts, we bucked the elites, we ignored the chatter, and we did it our way—the Florida way. And, the result is that we are the number one destination for our fellow Americans who are looking for a better life.

Working together, we have met big challenges and we've led the nation on many big issues. We don't make excuses, we don't complain, we just produce results. Florida stepped up in times of crisis. In September, Hurricane Ian smashed into southwest Florida and barreled across our state. It left catastrophic damage in its wake, including the destruction of the Pine Island Bridge and the Sanibel Causeway. Local island residents were told it would take six months or more to restore the bridges, and so they appealed to the state for help. We took up the challenge and three days later, we opened a rebuilt Pine Island Bridge. And, two weeks after that, we were able to reopen the Sanibel Causeway after it had been severed in three locations.

We're joined today by Stephen Soloway. Please stand and be recognized. He's a business owner on Pine Island. In the immediate aftermath of the storm, he was helping residents by boat bring supplies for people that were in need. He has said that the reopening of the bridge was a Godsend for the folks on Pine Island. They are coming back, and God bless you, sir.

Julie Wappes is the fourth grade teacher at the Sanibel School. She lost everything in her home and in her classroom. They had to have the school take place on the mainland, but because of the rebuilt causeway, a faster recovery has been facilitated, and the school is now back open on Sanibel Island. Thank you for your service.

Also with us today is Barbara Morgan, a resident of Lee County. She was displaced from her home, had very bad damage, and she was trying to get a temporary trailer from FEMA. Well, they weren't moving fast enough. So, the State of Florida, in a first of its kind program in the nation, stepped up to the plate, created our own program for travel trailers, and we were delighted to be able to get Barbara in a trailer on

her own property as she works to rehab her home. Thank you for being here and God bless you.

We've also delivered, for all Floridians, much needed economic relief. Due to the excessive spending and printing of money by the federal government, Americans are living through the worst period of sustained inflation in decades. We've worked together to reduce the pain of inflation by enacting over \$1 billion in tax relief in this current year's budget and by slashing tolls by 50 percent for Florida commuters for this calendar year. That will save some families more than \$1,000. Thank you, Legislature, for stepping up for our consumers.

Florida's proud to stand for law and order. We are tough on crime, and we support the men and women of law enforcement. And, we have made it very clear to prosecutors who believe they can disregard the law, you will be held accountable.

Thanks to the action of the Legislature, we enacted a recruitment bonus program to recruit law enforcement officers from other states, and that program has surpassed expectations. Joining us today is Officer Mercedes Phillips from the Cape Coral Police Department. She was able to take advantage of this program, received a \$5,000 signing bonus this summer, leaving Montgomery County, Maryland, now working in Cape Coral. And, guess what? She got here just in time for the hurricane, but she wouldn't trade what she's done and she's made a great move. So, thank you for your service, and we're happy to have you in Florida.

We believe that borders matter, and we have fought against illegal immigration in the State of Florida, from banning sanctuary cities to suing the Biden Administration over its catch and release policies to transporting illegal aliens to sanctuary jurisdictions. We have put Floridians first and we will continue to do that.

We've also provided robust support for K through 12 education. We have enacted record increases in teacher salaries. We've expanded school choice, and we have protected the rights of parents. Joining us here today is Tiquia Barrow, a fifth grade teacher from Renaissance Charter School in Wellington and a U.S. Army Veteran. She had to leave the teaching profession for a time being. Part of the reason she came back is because we were increasing salaries, and she's brought her U.S. Army experience back into the classroom. So, thank you for what you do every day for our students. God bless.

Joining Ms. Barrow is Melissa Anne Matz. She's a seventh grade math teacher from Clay County, and she is the 2023 Florida Teacher of the Year. Thank you for what you're doing, and keep up the great work. Thank you so much.

We're also joined by Alicia Farrant. She's a mother of five who attend Orange County Public Schools. She was a concerned parent, who a year or two ago saw that there was inappropriate material in her children's library and school items that were even pornographic. So, she raised the issue. She got a positive result, but she decided to get more involved and, this past November, she was elected to the Orange County School Board as a parents' rights candidate. Congratulations to you and best of luck.

We believe in workforce education, and we've expanded opportunities for Floridians to obtain certifications and credentials. A four-year degree from a traditional brick and ivy university is one way you can be successful. It is not the only way.

Joining us here today is Kirk Corwin. He's a driver with WalPole, Inc. He was able to get his commercial driver's license through one of our programs here in the State of Florida. He was also spared his job when the Legislature came in and we protected against the vax mandates. So, thank you for stepping up, and thank you for fulfilling an important role in our economy.

Four years ago, the state was producing about 600 truck drivers a year. Now through all of our initiatives over the last four years, we're capable of producing 3,500 truck drivers each and every year. You want to talk about supply chain, you want to talk about making sure our economy runs, these guys are really important for that.

We're also here with Raeanne Champion who fulfills another very important role in the State of Florida. She recently graduated from the

nursing program at Seminole State College. I think, as many of you know, there's a nationwide nursing shortage. And so, what we've been able to do with the help of the Legislature is put record resources into our systems so we can train more Floridians to become nurses. Thank you for what you're doing. I know everybody appreciates having a great nurse. God bless.

Florida has provided the strongest protections for medical freedom during the coronavirus pandemic of any state in the country. We have prohibited COVID shot mandates in schools, we have banned vaccine passports, and we have protected Floridians from losing their jobs due to their personal decision about whether to take or not take the COVID jab.

We're joined here by Dr. Tim Boyett. He's a radiologist, and his job at a hospital in the Panhandle was saved due to the actions of the Legislature to provide protections for all Floridians. No Floridian should have to choose between a job they need and a shot they don't want. Thank you, doctor, for standing strong.

With your support, we've ushered in a new era of stewardship for Florida's natural resources, securing historic funding for water quality and Everglades projects, improving our water policy and utilizing technology to combat things like algal blooms and red tide. We promised to leave Florida to God better than we found it, and we are making good on that promise.

November's election results represent a vindication of our joint efforts over these past four years. The results also vest in us the responsibility to lead and provide us the opportunity to shoot for the stars. Boldness be our friend in this endeavor. We have a lot we need to accomplish.

Our \$2 billion tax cut package is the largest tax cut package in Florida history. It will help many who need relief from inflation, especially our Florida families. By permanently eliminating sales tax on all baby supplies, diapers, wipes, clothes, cribs, and strollers, we will be able to say that in Florida, having a child will be tax-free. We are proud to be pro-family, and we are proud to be pro-life in the State of Florida.

Floridians are also harmed by inflation when it comes to the prices of prescription drugs, especially due to pharmacy middlemen. We must bring transparency to the system so that Floridians can save money on their drugs. We need reform of the PBMs!

While our economy has consistently outperformed the nation as a whole, Florida's lawsuit-happy legal climate is still holding us back. The legal system should be centered on achieving justice, not lining the pockets of lawyers. Speaker Paul Renner is stepping up to deliver much needed legal reform, and I thank him for helping Florida reach its full economic potential.

Our state is growing. Americans are voting with their feet, and we need to ensure that we're getting ahead of the population expansion by accelerating infrastructure projects. Our Moving Florida Forward infrastructure initiative will expedite 20 major interstate and roadway projects over the next four years. This will allow these projects to be completed a decade ahead of schedule, and just think of how much time that will save Floridians from having to sit in the awful traffic that they sometimes have to do.

We also need to ensure that our supply of housing is adequate to meet the needs of those in our workforce. Workers who make our economy tick should be able to find a place to live that's affordable in the general area of their jobs. And, I want to thank President Kathleen Passidomo for tackling this issue head on, and I look forward to working with her to deliver big results.

We must continue our stewardship of Florida's natural resources by supporting additional water quality and Everglades restoration efforts, enhancing protection for our coastlines, and establishing the Indian River Lagoon Protection Program. We are truly making history with our conservation efforts. Let's not stop now.

We have rejected the biomedical security state in Florida and have provided protections for Floridians against unwanted medical interventions, but those protections are set to expire in July. It's important that we make all of these protections permanent. Protection from

medical authoritarianism should not have an expiration date in the free State of Florida.

We also need to protect the free speech rights and conscience rights of physicians. The medical establishment whiffed an awful lot during COVID, and physicians who follow the evidence should not be penalized simply because they buck a stale consensus.

We must continue our momentum with K through 12 education by increasing teacher salaries, enacting a teacher's bill of rights, providing paycheck protection for teachers, expanding school choice, and fortifying parents' rights. Our schools must deliver a good education, not a political indoctrination.

And, it's sad that we have to say this, but our children are not guinea pigs for science experimentation, and we cannot allow people to make money off mutilating them. Chloe Cole is now a young adult, but she was receiving puberty blockers at age 13, and she underwent a double mastectomy at age 16. She's now an advocate against allowing these procedures for our children. Chloe, thank you for your bravery and the people of Florida and the Legislature should heed your advice and provide protections against these procedures.

The massive amount of fentanyl being trafficked across the southern border has devastated families across our nation. Kim Kelly from Jacksonville is joining us. She recently lost her son, Palmer, to fentanyl poisoning, but she is sharing Palmer's story because she wants to see additional accountability. Thank you for your bravery, and we're so sorry for your loss.

We need to increase penalties for fentanyl dealers, especially those who target our children. And to do that, we must treat them like the murderers that they are. We must further strengthen our laws against illegal immigration by enhancing employment verification, increasing penalties for human smuggling, and further disincentivizing illegal immigration to the State of Florida. Florida is not a sanctuary state, and we will uphold the rule of law.

Joining us here today is Stacy Kaszuba. She's from Sarasota. Nearly two years ago, an illegal alien broke into her home and sexually assaulted her. He should have never been in this country in the first place and, if the federal government had done its job like it's supposed to, Stacy would never have been victimized. Enough is enough. Thank you for being willing to speak out and to share your story.

We also need to ensure that our bail system is conducive to public safety. Dangerous criminals should not simply be put back on the street like we see what happens in states that have gone so far as to abolish cash bail entirely. Police officers should not have to repeatedly risk their lives to apprehend the same criminal over and over again.

We also understand that part of fighting crime is to protect Floridians' right to defend themselves. A constitutional right should not require a permission slip from the government. It is time we join 25 other states to enact constitutional carry in the State of Florida!

The Chinese Communist Party represents the greatest economic, strategic, and security threat that our country faces. We in Florida long recognized this and have taken action such as banning the CCP's Confucius Institutes at our state colleges and universities. Now we see the CCP trying to make strategic land purchases across the U.S., and our message in Florida is very simple. We will not allow land grabs by CCP-backed businesses in our state.

I am happy to be joined here by our First Lady, my wife, Casey. Over the past four years, she spearheaded efforts to help our youth avoid drugs, promote emotional resiliency in schools, and provide a pathway to prosperity for the less fortunate. She also gave birth to our daughter, Mamie, and most recently fought a battle against breast cancer. I was here last year saying we would be able to announce that she was cancer free, and I can tell you she is cancer free, and she is doing better than ever.

Now she has taken her experience as a cancer survivor and helped to launch the Cancer Connect Collaborative, which will rethink Florida's battle against cancer by breaking down longstanding silos between researchers, cancer facilities, and medical providers to provide and improve research and treatment. And, I want to thank her for taking her

experience, as difficult as it was, and applying it in ways that are going to help people battle cancer. Thank you so much.

So, we find ourselves in Florida on the front lines in the battle for freedom. Together we have made Florida the nation's most desired destination, and we have produced historic results.

But now's not the time to rest on our laurels. We have the opportunity and indeed the responsibility to swing for the fences so that we can ensure Florida remains number one.

Don't worry about the chattering class. Ignore all the background noise. Keep the compass set to true north. We will stand strong. We will hold the line. We won't back down.

And, I can promise you this, you ain't seen nothing yet. Thank you all. God bless you.
