## Local Funding Initiative Request

### Fiscal Year 2023-2024

LFIR # 2799

1. Project Title

2. Senate Sponsor

3. Date of Request

4. Project/Program Description

Funding would provide water main distribution lines, service lines, fire hydrants, fittings, and valves, road restoration. Engineering services, project management and survey work. These improvements would provide water to residents through a centralized and permitted water system to residents who are currently served by private wells. Safe and reliable water will ensure that the risk for waterborne diseases is less likely to occur from a permitted water treatment plant than unregulated private wells. As such, the residents' public health will be enhanced. In addition, roadway restoration, driveways, and fire suppression systems will be provided with this project. This project is currently in construction.
