Fiscal Year 2023-2024

LFIR # 1978

c. What direct services will be provided to citizens by the appropriation project?

Ensures the confidentiality, integrity, and availability of sensitive information stored within databases. This includes protecting sensitive data from unauthorized access, unauthorized modification and ensuring the data remains accessible to authorized users. And if any related unauthorized data security events or attempts do occur, appropriate personnel will be alerted, accelerating incident response.

d. Who is the target population served by this project? How many individuals are expected to be served?

Students (current, past and applicants) and employees at Daytona State College.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

A reduction in breaches of data and an accurate alert system that stops malicious actors before they access systems.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Reversion of funds.
