LFIR # 2125

1) Training for residents, fellows and post doctoral associates in the mental health and addiction specialties. 2) Clinical care of patients/residents of Indian River and surrounding counties.

c. What direct services will be provided to citizens by the appropriation project?

1) Clinical services to meet the demand for mental health treatment and addiction treatment services to residents of the service counties. 2) Outpatient services including medication management, psychotherapy, psychological testing and addiction treatment.

d. Who is the target population served by this project? How many individuals are expected to be served?

The target population is elderly persons, persons with poor mental health, persons with poor physical health, jobless persons, economically disadvantaged persons, at-risk youth, homeless, developmentally disabled, physically disabled, drug users (in health services), preschool students, grade school students, high school students, University/college students, currently or formerly incarcerated persons, drug offenders (in criminal justice), victims of crimes. The number of individuals expected to be served is greater than 800.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

1) Improve mental health of children, families and senior who have decreased mental and behavioral health issues. Measure using # of unique patients served in fiscal year who received a mental health screening vs. # of those who received a screening returned to receive intervention services. 2) Improve quality of education. There is a nationwide physician shortage and psychiatrists are the 2nd most in-demand specialty after the family physician. Our training program aims to increase the number of practicing clinicians in FL. Methodology 1) Increase number of doctors trained/entering practice 2) Increase number of doctors who practice in the State of Florida. 3) Reduce substance abuse amongst citizens in Indian River and surrounding counties. Methodology would be administering periodic drug screens to use as comparison to # or % of negative screens of current patients being treated.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Return of the portion of any funds for which performance standards are not met or deliverables are not achieved.
