

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2024-2025

LFIR # 1178

1. Project Title

2. Senate Sponsor

3. Date of Request

4. Project/Program Description

Several areas of Biscayne Park are prone to flooding during and after regular rain events. Biscayne Park does not have a stormwater management system and is on septic rather than municipal sewer. This project is part of a six phase \$5.5 million dollar plan to install French Drains in key areas to mitigate flooding and the impact it has on residents' septic systems. Phase 1A has already been completed with CITT funds; we are now working on phases 1B, 2, and 3.

5. State Agency to receive requested funds

State Agency contacted?

6. Amount of the Nonrecurring Request for Fiscal Year 2024-2025

Type of Funding	Amount
Operations	0
Fixed Capital Outlay	800,000
Total State Funds Requested	800,000

7. Total Project Cost for Fiscal Year 2024-2025 (including matching funds available for this project)

Type of Funding	Amount	Percentage
Total State Funds Requested (from question #6)	800,000	35%
Matching Funds		
Federal	1,500,000	65%
State (excluding the amount of this request)	0	0%
Local	0	0%
Other	0	0%
Total Project Costs for Fiscal Year 2024-2025	2,300,000	100%

8. Has this project previously received state funding?

Fiscal Year (yyyy-yy)	Amount		Specific Appropriation #	Vetoed
	Recurring	Nonrecurring		

9. Is future funding likely to be requested?

a. If yes, indicate nonrecurring amount per year.

b. Describe the source of funding that can be used in lieu of state funding.

10. Has the entity requesting this project received any federal assistance related to the COVID-19 pandemic?

If yes, indicate the amount of funds received and what the funds were used for.

Complete questions 11 and 12 for Fixed Capital Outlay Projects

11. Status of Construction

a. What is the current phase of the project?

- Planning
 Design
 Construction
 N/A

b. Is the project "shovel ready" (i.e permitted)?

Yes

c. What is the estimated start date of construction?

5/1/24

d. What is the estimated completion date of construction?

7/1/24

12. List the owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.

Village of Biscayne Park

13. Details on how the requested state funds will be expended

Spending Category	Description	Amount
Administrative Costs:		
Executive Director/Project Head Salary and Benefits		0
Other Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Operational Costs: Other		
Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Fixed Capital Construction/Major Renovation:		
Construction/Renovation/Land/Planning Engineering	Installation of 17 French Drains. Preliminary engineering has already been completed identifying the locations needed and approximate costs for each.	800,000
Total State Funds Requested (must equal total from question #6)		800,000

14. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

Several areas of Biscayne Park are prone to flooding during and after regular rain events. Biscayne Park does not have a stormwater management system and is on septic rather than municipal sewer. This project is part of a six phase \$5.5 million dollar plan to install French Drains in key areas to mitigate flooding and the impact it has on residents' septic systems. Phase 1A has already been completed with CITT funds; we are now working on phases 1B, 2, and 3.

b. What activities and services will be provided to meet the intended purpose of these funds?

Local Funding Initiative Request

Fiscal Year 2024-2025

LFIR # 1178

By eliminating the issue of dangerous flooding, we are ensuring that all residents including the elderly and disable can safely access their homes as well as safely leave their homes if needed during moderate and heavy rain events. These events would normally make certain roads dangerous if not impassible

c. What direct services will be provided to citizens by the appropriation project?

No direct services; this project will allow other direct services such as Freebee to function and serve affected populations such as the elderly and disabled.

d. Who is the target population served by this project? How many individuals are expected to be served?

The target population to be served by this project are the physically disabled and the general population as the majority of funds will benefit no specific group. The target population that are expected to be served are more than 800 people.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

It will improve stormwater management by direct reduction in the surface area of pooling water after rain events. Direct reduction in the number of septic issues reported by residents after major rain events. The methodology that will be used is that Photos will be taken after minor, average, and major rain events to document expected function.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Return funds.

15. Requester Contact Information

a. First Name Last Name

b. Organization

c. E-mail Address

d. Phone Number Ext.

16. Recipient Contact Information

a. Organization

b. Municipality and County

c. Organization Type

- For Profit Entity
- Non Profit 501(c)(3)
- Non Profit 501(c)(4)
- Local Entity
- University or College
