Local Funding Initiative Request

Fiscal Year 2023-2024

LFIR # 2047

1. Project Title

2. Senate Sponsor

3. Date of Request

4. Project/Program Description

Purchase and installation of a new emergency generator to power the City's two main water supply well pumps in the event of a power outage. The City's existing generator at this location has failed and cannot be cost-effectively repaired. The generator would ensure the City can reliably provide potable water for its customers during power outages.

5. State Agency to receive requested funds

State Agency contacted?

6. Amount of the Nonrecurring Request for Fiscal Year 2023-2024

Type of Funding	Amount
Operations	0
Fixed Capital Outlay	140,000
Total State Funds Requested	140,000

7. Total Project Cost for Fiscal Year 2023-2024 (including matching funds available for this project)

Type of Funding	Amount	Percentage
Total State Funds Requested (from question #6)	140,000	100%
Matching Funds		
Federal	0	0%
State (excluding the amount of this request)	0	0%
Local	0	0%
Other	0	0%
Total Project Costs for Fiscal Year 2023-2024	140,000	100%

8. Has this project previously received state funding?

Fiscal Year (yyyy-yy)	Amount		Specific Appropriation #	Vetoed
	Recurring	Nonrecurring		

9. Is future funding likely to be requested?

a. If yes, indicate nonrecurring amount per year.

b. Describe the source of funding that can be used in lieu of state funding.

10. Has the entity requesting this project received any federal assistance related to the COVID-19 pandemic?

If yes, indicate the amount of funds received and what the funds were used for.

14. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

To purchase and install a new emergency generator to power the City's two main water supply well pumps in the event of a power outage. The City's existing generator at this location has failed and cannot be cost-effectively repaired. The generator would ensure the City can reliably provide potable water for its customers during power outages.

b. What activities and services will be provided to meet the intended purpose of these funds?

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2023-2024

LFIR # 2047

Successful construction and implementation of the emergency generator. Also successful operation of the generator during storm or other power outage events when the proposed emergency generators allow uninterrupted operation of the two well pumps.

c. What direct services will be provided to citizens by the appropriation project?

Reliable and uninterrupted water service to the citizens of the City of Bowling Green

d. Who is the target population served by this project? How many individuals are expected to be served?

The target population is the entire population of the City of Bowling Green. The population of the City of Bowling Green is currently 2,405 persons (2020) per the U.S. Census Bureau.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The expected benefit is reliable water service for City of Bowling Green water customers during power outages. Successful construction of proposed project is the methodology by which this outcome will be measured.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Construction disbursements would not be made if construction of the project is not completed.
