Local Funding Initiative Request

Fiscal Year 2023-2024

LFIR # 2334

1. Project Title

2. Senate Sponsor

3. Date of Request

4. Project/Program Description

South Sewall's Point Road Phase 2 is a component of the Town's Master Stormwater Improvement Program and directly updates critical infrastructure to address severe resiliency issues within the Town. This project elevates the primary evacuation route to address flooding and sea-level rise. This will allow Sewall's Point to implement a reinforced stormwater system to strategically reduce nutrient loading into the Indian River Lagoon.

5. State Agency to receive requested funds

State Agency contacted?

6. Amount of the Nonrecurring Request for Fiscal Year 2023-2024

Type of Funding	Amount
Operations	0
Fixed Capital Outlay	1,000,000
Total State Funds Requested	1,000,000

7. Total Project Cost for Fiscal Year 2023-2024 (including matching funds available for this project)

Type of Funding	Amount	Percentage
Total State Funds Requested (from question #6)	1,000,000	19%
Matching Funds		
Federal	0	0%
State (excluding the amount of this request)	2,900,000	54%
Local	1,450,000	27%
Other	0	0%
Total Project Costs for Fiscal Year 2023-2024	5,350,000	100%

8. Has this project previously received state funding?

Fiscal Year (yyyy-yy)	Amount		Specific Appropriation #	Vetoed
	Recurring	Nonrecurring		

9. Is future funding likely to be requested?

a. If yes, indicate nonrecurring amount per year.

b. Describe the source of funding that can be used in lieu of state funding.

10. Has the entity requesting this project received any federal assistance related to the COVID-19 pandemic?

If yes, indicate the amount of funds received and what the funds were used for.

Local Funding Initiative Request

Fiscal Year 2023-2024

LFIR # 2334

\$60,000 for chamber upgrades from CARES Act. \$557,450 ARPA for Capital Improvement Priority Projects.

Complete questions 11 and 12 for Fixed Capital Outlay Projects

11. Status of Construction

a. What is the current phase of the project?

☐ Planning ☐ Design ☐ Construction

b. Is the project "shovel ready" (i.e permitted)?

Yes

c. What is the estimated start date of construction?

January 2024

d. What is the estimated completion date of construction?

March 2025

12. List the owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.

The Town of Sewall's Point will own the project.

13. Details on how the requested state funds will be expended

Spending Category	Description	Amount
Administrative Costs:		
Executive Director/Project Head Salary and Benefits		0
Other Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Operational Costs: Other		
Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Fixed Capital Construction/Major Renovation:		
Construction/Renovation/Land/Planning Engineering	South Sewall's Point Road is the Town's only collector Road and evacuation route. This critical transportation asset will be elevated allowing residents to access their homes during flooding events and leave during an emergency. The stormwater infrastructure will also be updated to alleviate flooding during a storm or King Tide event.	1,000,000
Total State Funds Requested (must equal total from question #6)		1,000,000

14. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

South Sewall's Point Road Phase 2 is a component of the Town's Master Stormwater Improvement Program and directly updates critical infrastructure to address severe resiliency issues within the Town. This project elevates the primary evacuation route to address flooding and sea-level rise. This will allow Sewall's Point to implement a reinforced stormwater system to strategically reduce nutrient loading into the Indian River Lagoon.

LFIR # 2334

b. What activities and services will be provided to meet the intended purpose of these funds?

The project updates critical assets to alleviate and mitigate flooding and sea level rise including King Tide events. The primary critical asset addressed by this project are transportation assets and evacuation routes, elevating the main transportation asset and only evacuation route for the peninsula's southern residents.

c. What direct services will be provided to citizens by the appropriation project?

This project will also include critical infrastructure, stormwater treatment with its included stormwater treatment aspects. The road also is the main connector road to the law enforcement facilities, local government facilities such as the Town Hall, and emergency and public safety facilities for the Town.

d. Who is the target population served by this project? How many individuals are expected to be served?

The Town residents who utilize the road to access their homes and also as an evacuation route. There are 2,026 residents.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

This project will protect the residents from the harm of flooding. The Town was identified in the 2020 Martin County Local Mitigation Strategy (LMS) Plan and Martin County's 2021 Sea Level Rise Report Impact & Analysis that provide an overview of the vulnerability assessments completed by the county to have the highest vulnerability to flooding with multiple identified hazards including risk to the stormwater infrastructure. The Town will also experience transportation benefits by elevating the primary evacuation road, a primary critical asset, to directly address flood control and sea-level rise to residents. This project also strategically reduces nutrient load by water quality treatment of a reinforced stormwater system to meet current standards. This nutrient load would otherwise go directly into the Indian River Lagoon.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Funds will be redistributed to the Florida Department of Environmental Protection.

15. Requester Contact Information

a. First Name Robert **Last Name** Daniels
b. Organization Town of Sewall's Point
c. E-mail Address rdaniels@sewallspoint.org
