4. Project/Program Description

The Lafayette County Sheriff's Office Emergency Management currently doesn't have any Storm Ready/Storm Recovery Storage facilities to assist in the event of a major disaster or other local emergency. This storage facility would be climate controlled. It will be used to house sheltering supplies and first responder supplies such as comfort kits, drinking water, along with emergency rations. ### Fiscal Year 2024-2025

**LFIR # 3585**

Lafayette County doesn't have any available warehouse storage facilities capable of housing life safety supplies for natural or man made disasters. The EOC has had to store COVID, PPE, water, emergency rations, and other sheltering supplies wherever we can find a place. This causes storage issues for other county offices, as it takes up there much needed space. It also causes accountability issues with inventory control.
