Heavenly Father, you truly are the Almighty God, our Creator, our Redeemer, our Sustainer, and our Friend. Father, it is my great honor and privilege to stand before you and these honorable men and women whom you have chosen to serve and to lead the citizens of this great State of Florida. Father, we are here today to ask that your hand of blessing and your hand of discernment be upon our Senate leaders in this session as they gather here.

I pray that you would grant them your wisdom, knowledge, and understanding as they seek you in the decisions they make. I pray that you would help them to faithfully represent well the citizens of this great State of Florida who have elected them to serve in this place of leadership.

I pray that you aid them as our representatives, but Lord, truly they are your chosen vessels. I pray that you would grant those here today the knowledge and ability to administer the business of this great State of Florida, both justly and fairly.

BEFORE THE STATE OF FLORIDA COMMISSION ON ETHICS

In re: Darren Michael Soto,
Respondent.

Complaint No. 12-208

JOINT STIPULATION OF FACT, LAW, AND RECOMMENDED ORDER

Respondent, Darren Michael Soto, and the Advocate for the Florida Commission on Ethics enter into this Joint Stipulation of Fact, Law, and Recommended Order with respect to the above-styled Complaint. Subject to acceptance by the Commission on Ethics, the parties agree that they enter into this stipulated settlement in lieu of further hearings in this cause. The parties stipulate as follows:

STIPULATED FINDINGS OF FACT

1. Respondent served as a member of the Florida House of Representatives and currently serves in the Florida Senate and as such was subject to the provisions of the Code of Ethics for Public Officers and Employees, Part III, Chapter 112, Florida Statutes.

2. On October 29, 2012, a sworn Complaint was filed with the Commission on Ethics alleging that Respondent had violated the Code of Ethics.

3. Pursuant to section 112.322, Florida Statutes, the Executive Director of the Commission on Ethics found that the Complaint was legally sufficient and ordered a preliminary investigation of the Complaint for a probable cause determination of whether Respondent had violated the Code of Ethics. The Report of Investigation was released on December 12, 2012.

4. On March 8, 2013 the Commission on Ethics found probable cause to believe Respondent had violated Article II, Section 8 of the Florida Constitution. The allegation is:

Respondent violated Article II, Section 8 of the Florida Constitution, by failing to disclose an asset (a checking account) on his CE Form 6, "Full and Public Disclosure of Financial Interests."

5. Respondent admits the facts as set forth in the Report of Investigation, which is specifically incorporated by reference in this Joint Stipulation.

6. Respondent filed a CE Form 6X, "Amendment to Full and Public Disclosure of Financial Interest," which included the missing asset, a checking account.

STIPULATED CONCLUSIONS OF LAW

7. Respondent is subject to the provisions of Part III, Chapter 112, Florida Statutes, the Code of Ethics for Public Officers and Employees.

8. The Commission on Ethics has jurisdiction over the Complaint as filed in this proceeding and over Respondent.

9. Respondent violated Article II, Section 8, of the Florida Constitution, by filing an inaccurate CE Form 6, "Full and Public Disclosure of Financial Interests," regarding assets.

10. Respondent admits the allegation as set forth in paragraph four (4) of the Stipulated Findings of Fact, above.

STIPULATED RECOMMENDED ORDER

11. The Advocate accepts Respondent's stipulation in this proceeding.

12. The Advocate and Respondent have entered into this Joint Stipulation and urge the Commission on Ethics to approve it in lieu of further hearings before the Commission in this cause.

13. Therefore, the Advocate recommends that:

(a) The Commission on Ethics approve this Joint Stipulation, embodying the stipulations, admissions, and recommendations of the parties; and

(b) The Commission on Ethics enter a Final Order and Public Report consistent with this Stipulation finding that Respondent violated Florida Constitution, and refer the matter to the President of the Senate for action consistent with section 112.324(4), Florida Statutes.

FURTHER STIPULATIONS

14. Respondent and the Advocate stipulate and covenant that they have freely and voluntarily entered into this Joint Stipulation of Fact, Law, and Recommended Order with full knowledge and understanding of its contents. Respondent and the Advocate further stipulate and covenant that this Joint Stipulation constitutes the full agreement of the parties and that there are no oral or written understandings between the parties other than those contained in this Stipulation of Fact, Law, and Recommended Order.

15. Respondent and the Advocate stipulate and covenant that, in consideration of the provisions of this Joint Stipulation of Fact, Law, and Recommended Order, Respondent and the Advocate accept and will comply with the above-referenced Final Order and Public Report of the Commission on Ethics.

16. Respondent and the Advocate stipulate that this Joint Stipulation of Fact, Law, and Recommended Order is submitted to the Commission on Ethics for its consideration and ratification. In the event that it is not approved by the Commission on Ethics as written, this document shall be of no purpose and effect and shall not be deemed an admission by Respondent.

17. Effective upon approval of this Joint Stipulation of Fact, Law, and Recommended Order by the Commission on Ethics, Respondent waives all time, notice, and hearing rights, requirements, and entitlements, as to all subsequent hearings in this proceeding.

Signed, dated and entered into this 18th day of April, 2013.

CONSENT DECREE

The Committee on Rules and the Honorable Darren Soto, Senator, District 14, enter this consent decree.

RECITALS

WHEREAS, Senator Darren Soto, as a former member of the Florida House of Representatives and presently a member of the Florida Senate, was subject to the provisions of the Code of Ethics for Public Officers and Employees, Part III, Chapter 112, Florida Statutes, on May 21, 2012, when he completed his 2011 CE Form 6, "Full and Public Disclosure of Financial Interests."

WHEREAS, on October 29, 2012, a sworn complaint was filed with the Florida Commission on Ethics alleging that Senator Darren Soto violated the Code of Ethics by failing to disclose a financial asset on his 2011 CE Form 6.

WHEREAS, Senator Darren Soto admitted to inadvertently failing to disclose a bank account on CE Form 6, and having been made aware of the error, filed a CE Form 6X, "Amendment to Full and Public Disclosure of Financial Interests," which corrected his omission.

WHEREAS, the Commission on Ethics issued a Final Order and Public Report in which the Commission found that Senator Darren Soto violated Article II, Section 8 of the Florida Constitution, by failing to disclose fully his financial interests for the year 2011 and referred consideration of this matter to the Florida Senate Committee on Rules in accordance with Senate Rule 1.43.

PROPOSED DISPOSITION

1) In light of the facts set forth above, all parties accept the Commission on Ethics finding of the violation as set forth in the Final Order and Public Report. The parties further agree that this violation was neither willful nor intentional and was corrected prior to the entry of the final order.

2) In view of the inadvertent nature of this violation, Senator Darren Soto's admission of error, and his subsequent submission of the required correction, the Committee on Rules recommends to the Senate that a letter of admonishment from the Chair of the Committee on Rules is an appropriate level of penalty.

3) The Committee on Rules further recommends that the Florida Senate accept this Consent Decree and that the same be published in the Senate Journal, whereupon this matter shall be resolved.

WHEREAS, Senator Maria Lorts Sachs has admitted that her disclosure reflecting her affiliation with Moving Florida Forward PC, and her intent to solicit and accept contributions on behalf of Moving Florida Forward PC was not timely filed with the Committee on Rules as required by Senate Rule 1.361(3).

Dear Senator Soto:

I have received the report of the Rules Committee in which the committee has recommended, and you have accepted, that I issue a letter of admonishment related to your failure to file a complete financial disclosure statement with the Commission on Ethics for the year 2011 while a candidate for the Florida Senate.

While I accept your assertion that the errors and omissions were unintentional, I nevertheless would admonish you that in upholding the trust which has been placed in you by the voters of District 14, you must meticulously adhere to the requirements of the financial disclosure law and other laws and rules related to legislative service.

In the future, should you find yourself in doubt as to the proper course of action in such matters, I would strongly urge you to seek the advice of the General Counsel of the Senate or of the Commission on Ethics, prior to risking a violation of the rules which govern our conduct.

I appreciate and applaud your willingness to accept responsibility and to seek to bring this matter to an appropriate conclusion.

SUGGESTED DISPOSITION

1) In light of the facts set forth above, all parties stipulate that Senator Maria Lorts Sachs failed to file her disclosure of affiliation and intent to solicit and accept contributions on behalf of Moving Florida Forward PC as required by Senate Rule 1.361(3).

2) The parties further agree that this violation was neither willful nor intentional and was corrected as soon as practical after Senator Sachs was made aware of the oversight.

3) Given the inadvertent nature of this violation, Senator Sachs's admission of error, and her prompt submission of the required correction, the Committee on Rules recommends to the Florida Senate that a letter of admonishment from the Rules Chair is an appropriate level of penalty.

4) Given the sufficiency of the letter of admonishment as an appropriate penalty, the Committee on Rules further recommends that the penalty described in Senate Rule 1.361(4) relating to removal from all assigned committees not be imposed.

5) The Committee on Rules further recommends that the Florida Senate accept this Consent Decree and that the same be published in the Senate Journal, whereupon this matter shall be resolved.

PRAYER

The following prayer was offered by Pastor Brooks Braswell, First Baptist Church of Umatilla:

Dear Heavenly Father,

We thank you for blessing us with another day here on earth to worship your name. We praise you for your provision to our families and our country. We thank you for allowing us to live, work, and worship in this great nation. Today we call upon you for wisdom and direction as we seek to lead the people of this state. Give us hearts with pure motives, compassion for those who are hurting, and concern for our neighbors. Help us make decisions that please you, knowing that pleasing you will bring about your blessing to this state. Forgive us for when we have failed you and gone our own way. We also ask for your continued protection on those who diligently fight the good fight for freedom. Help us always remain steadfast in being "one nation under God."

In Jesus' name I pray this. Amen.

PRAYER

The following prayer was offered by Reverend Robert Jakoby, Director of Pastoral Care Services at Baptist Health South Florida, Miami:

Almighty God, we acknowledge you as a loving God, and we thank you for your presence here today. As creator of heaven and earth, you know all things. You know us intimately inside and out. You know when our hearts are right with you and with others. You know our thoughts before we think them and our motives with each action we take. Where our hearts have been calloused toward you and others, or where our thoughts and motives have been displeasing to you, we ask for your forgiveness. We desire to honor you in every area of our life. We acknowledge that our total being is under your control and providence, even when we do not understand, agree, or at times are unaware. Make us conscious of your love and desire to bless us and guide us in the details of life. In doing so, we will become better persons and citizens in the community and state in which we live.

Dear Lord, we ask for your guidance as these Senators make enormous financial, moral, and ethical decisions which are crucial to the people and organizations of this state. In their difficult struggles, direct them. May their intelligence, knowledge, and reasoning pass through your crucible of refinement so that their decisions made will honor you and be for the greater good.

Most loving God, bless Governor Scott, his family, and each Senator and their families with good health and safety. We pray for each elected official that they may have courage and boldness even when making tough decisions. May all they do be honorable and pleasing to you that we may prosper in this Great State of Florida.

In the holy name of your Son, Amen.

PLEDGE

Senate Pages, William Colson of Tallahassee; Christina Barber of Bristol; Antonio Knox of Jacksonville; and Chloe Ross of Davie, led the Senate in the pledge of allegiance to the flag of the United States of America.

EXPLANATION OF VOTE

Debbie Brown
Secretary of the Senate

April 3, 2014

Dear Secretary Brown:

I agree with the premise of this bill that 10-20-Life law is draconian and has been shown to produce absurd results. The best chance for fair results to occur is when a judge is able to weigh all the facts and make a decision, rather than being forced to render one-size-fits-all rulings in complex cases due to a statutory mandate. So, while I fully support the effort to address the inadequacies of the 10-20-Life law, I am concerned that doing so in the manner used in SB 448 in today's climate is not just wrong, but dangerous for Florida.

I fully support the fundamental right to self-defense. Florida law has never required anyone to flee in the face of imminent danger, and never required anyone to retreat if it meant endangering themselves or another.

The foreseeable consequences of this bill are that innocent people will be hurt through the neglect of others who will see it as their right to introduce deadly force into any conflict and under any circumstances, even if that means shooting into a crowd, in the middle of a busy highway, or randomly into the air. Introducing the mere threat of deadly violence into a situation unleashes uncertain results but an exponentially greater possibility of death. Stand Your Ground has already caused deadly shoot-outs, and we can only expect more senseless violence if this expansion of Stand Your Ground is approved.

Both the recent verdicts and revelations from jurors that they felt required to set a guilty man free have understandably upset many of our constituents and compromised the public's confidence in the integrity of our justice system. We cannot restore that confidence by adding more confusion to a flawed law and encouraging more recklessness – which is exactly what SB 448 promises.

Lastly, without an open public record, we would have no way of knowing whether an individual was truly in fear of his life, or someone who exploited the law for a violent agenda. Record of these incidents are critically needed to determine whether the law is working as intended.

If the true aim of this Legislature is to retool mandatory sentencing under 10-20-Life, this bill is not the way to go about it. It is less a measure to allow judges more discretion and more about broadening the right to shoot first in this state.

Sincerely,
Christopher L. Smith
Senator, District 31

CS for SJR 1188—A joint resolution proposing amendments to Sections 10 and 11 of Article V of the State Constitution to authorize the Governor to prospectively fill vacancies in certain judicial offices.

Be It Resolved by the Legislature of the State of Florida:

That the following amendments to Sections 10 and 11 of Article V of the State Constitution are agreed to and shall be submitted to the electors of this state for approval or rejection at the next general election or at an earlier special election specifically authorized by law for that purpose:

ARTICLE V

JUDICIARY

SECTION 10. Retention; election and terms.—

(a) Any justice or judge may qualify for retention by a vote of the electors in the general election next preceding the expiration of the justice's or judge's term in the manner prescribed by law. ~~When~~ *When* ~~if~~ a justice or judge is ineligible for retention or fails to qualify for retention, a prospective vacancy is deemed to occur at the conclusion of the qualifying period for retention for the purpose of appointing a successor justice or judge, and a vacancy shall exist in that office upon the expiration of the term being served by the justice or judge. When a justice or judge so qualifies, the ballot shall read substantially as follows: "Shall Justice (or Judge) _____ (name of justice or judge) of the _____ (name of the court) be retained in office?" If a majority of the qualified electors voting within the territorial jurisdiction of the court vote to retain, the justice or judge shall be retained for a term of six years. The term of the justice or judge retained shall commence on the first Tuesday after the first Monday in January following the general election. If a majority of the qualified electors voting within the territorial jurisdiction of the court vote to not retain, a prospective vacancy is deemed to occur immediately following the general election for the purpose of appointing a successor justice or judge, and a vacancy shall exist in that office upon the expiration of the term being served by the justice or judge.

(b)(1) The election of circuit judges shall be preserved notwithstanding the provisions of subsection (a) unless a majority of those voting in the jurisdiction of that circuit approves a local option to select circuit judges by merit selection and retention rather than by election. The election of circuit judges shall be by a vote of the qualified electors within the territorial jurisdiction of the court.

(2) The election of county court judges shall be preserved notwithstanding the provisions of subsection (a) unless a majority of those voting in the jurisdiction of that county approves a local option to select county judges by merit selection and retention rather than by election. The election of county court judges shall be by a vote of the qualified electors within the territorial jurisdiction of the court.

(3)a. A vote to exercise a local option to select circuit court judges and county court judges by merit selection and retention rather than by election shall be held in each circuit and county at the general election in the year 2000. If a vote to exercise this local option fails in a vote of the electors, such option shall not again be put to a vote of the electors of that jurisdiction until the expiration of at least two years.

b. After the year 2000, a circuit may initiate the local option for merit selection and retention or the election of circuit judges, whichever is applicable, by filing with the custodian of state records a petition signed by the number of electors equal to at least ten percent of the votes cast in the circuit in the last preceding election in which presidential electors were chosen.

c. After the year 2000, a county may initiate the local option for merit selection and retention or the election of county court judges, whichever is applicable, by filing with the supervisor of elections a petition signed by the number of electors equal to at least ten percent of the votes cast in the county in the last preceding election in which presidential electors were chosen. The terms of circuit judges and judges of county courts shall be for six years.

SECTION 11. Vacancies.—

(a)(1) Whenever a vacancy occurs in a judicial office to which election for retention applies, the governor shall fill the vacancy by appointing for a term ending on the first Tuesday after the first Monday in January of the year following the next general election occurring at least one year after the date of appointment, one of not fewer than three persons nor

more than six persons nominated by the appropriate judicial nominating commission.

(2) *Whenever a prospective vacancy occurs in a judicial office for which election for retention applies, the governor shall fill the prospective vacancy by appointing a justice or judge from among at least three persons but not more than six persons nominated by the appropriate judicial nominating commission. The term of the appointment commences upon the expiration of the term of the office being vacated and ends on the first Tuesday after the first Monday in January of the year following the next general election.*

(b) The governor shall fill each vacancy on a circuit court or on a county court, wherein the judges are elected by a majority vote of the electors, by appointing for a term ending on the first Tuesday after the first Monday in January of the year following the next primary and general election occurring at least one year after the date of appointment, one of not fewer than three persons nor more than six persons nominated by the appropriate judicial nominating commission. An election shall be held to fill that judicial office for the term of the office beginning at the end of the appointed term.

(c) The nominations shall be made within thirty days from the occurrence of a vacancy or prospective vacancy unless the period is extended by the governor for a time not to exceed thirty days. The governor shall make the appointment within sixty days after the nominations have been certified to the governor.

(d) There shall be a separate judicial nominating commission as provided by general law for the supreme court, each district court of appeal, and each judicial circuit for all trial courts within the circuit. Uniform rules of procedure shall be established by the judicial nominating commissions at each level of the court system. Such rules, or any part thereof, may be repealed by general law enacted by a majority vote of the membership of each house of the legislature, or by the supreme court, five justices concurring. Except for deliberations of the judicial nominating commissions, the proceedings of the commissions and their records shall be open to the public.

BE IT FURTHER RESOLVED that the following statement be placed on the ballot:

CONSTITUTIONAL AMENDMENT

ARTICLE V, SECTIONS 10, 11

Currently, the Governor may not fill an expected vacancy until the current justice's or judge's term expires.

I have an ownership interest in Caregivers, Inc., a company based in Pensacola, Florida. The company provides services to the elderly and the disabled and a minority of its revenues are derived from reimbursements from the Escambia County Council on Aging and the Florida Medicaid program. Because Caregivers, Inc. is among a class of health care providers receiving funds from such state sources, it appears to me that the company may be affected by **HB 5001**, **HB 5003**, **HB 5201**, and **HB 5203** which come before the Senate for a vote on April 3, 2014.

Therefore, I believe that, because Caregivers, Inc. is a member of such class, I am required by Senate Rule 1.39 to disclose the above facts.

This additional hour of instruction must be provided only by teachers or reading specialists who are effective in teaching reading. Students enrolled in these schools who have level 5 assessment scores may participate in the additional hour of instruction on an optional basis. 4. The Florida State University School, as a lab school, is authorized to expend from its FEFP or Lottery Enhancement Trust Fund allocation the cost to the student of remediation in reading, writing, or mathematics for any graduate who requires remediation at a postsecondary educational institution.

5. ~~Beginning in the 1999-2000 school year,~~ Dropout prevention programs as defined in ss. 1003.52, 1003.53(1)(a), (b), and (c), and 1003.54 shall be included in group 1 programs under subparagraph (d)3.

Students enrolled in these schools who have level 5 assessment scores may participate in the additional hour of instruction on an optional basis. Ex-

For the 2012-2013 and 2013-2014 fiscal years, a school district may not hire more reading coaches than were hired during the 2011-2012 fiscal year unless all students in kindergarten through grade 5 who demonstrate a reading deficiency, as determined by district and state assessments, including students scoring Level 1 or Level 2 on FCAT Reading, are provided an additional hour per day of intensive reading instruction beyond the normal school day for each day of the entire school year.

(c) Funds allocated under this subsection must be used to provide a system of comprehensive reading instruction to students enrolled in the K-12 programs, which may include the following:

6. The provision of supplemental instructional materials that are grounded in scientifically based reading research.

7. The provision of intensive interventions for students in kindergarten through grade 12 who have been identified as having a reading deficiency or who are reading below grade level as determined by the FCAT.

(11) VIRTUAL EDUCATION CONTRIBUTION.—*Except for the 2014-2015 fiscal year,* the Legislature may annually provide in the Florida Education Finance Program a virtual education contribution. The amount of the virtual education contribution shall be the difference between the amount per FTE established in the General Appropriations Act for virtual education and the amount per FTE for each district and the Florida Virtual School, which may be calculated by taking the sum of the base FEFP allocation, the discretionary local effort, the state-funded discretionary contribution, the discretionary millage compression supplement, the research-based reading instruction allocation, and the instructional materials allocation, and then dividing by the total unweighted FTE. This difference shall be multiplied by the virtual education unweighted FTE for programs and options identified in s. 1002.455(3) and the Florida Virtual School and its franchises to equal the virtual education contribution and shall be included as a separate allocation in the funding formula.

1013.64 Funds for comprehensive educational plant needs; construction cost maximums for school district capital projects.—Allocations from the Public Education Capital Outlay and Debt Service Trust Fund to the various boards for capital outlay projects shall be determined as follows:

(1)(a)1. Funds for remodeling, renovation, maintenance, repairs, and site improvement for existing satisfactory facilities shall be given priority consideration by the Legislature for appropriations allocated to the boards from the total amount of the Public Education Capital Outlay and Debt Service Trust Fund appropriated. These funds shall be calculated pursuant to the following basic formula: the building value times the building age over the sum of the years' digits assuming a 50-year building life. For modular noncombustible facilities, a 35-year life shall be used, and for relocatable facilities, a 20-year life shall be used. "Building value" is calculated by multiplying each building's total assignable square feet times the appropriate net-to-gross conversion rate found in state board rules and that product times the current average new construction cost. "Building age" is calculated by multiplying the prior year's building age times 1 minus the prior year's sum received from this subsection divided by the prior year's building value. To the net result shall be added the number 1. Each board shall receive the percentage generated by the preceding formula of the total amount appropriated for the purposes of this section.

2. *Notwithstanding subparagraph 1., and for the 2014-2015 fiscal year only, funds appropriated for remodeling, renovation, maintenance, repairs, and site improvement for existing satisfactory facilities shall be allocated by prorating the total appropriation based on each school district's share of the 2013-2014 reported fixed capital outlay FTE. This subparagraph expires July 1, 2015.*

DISCLOSURE

I have an ownership interest in Caregivers, Inc., a company based in Pensacola, Florida. The company provides services to the elderly and the disabled and a minority of its revenues are derived from reimbursements from the Escambia County Council on Aging and the Florida Medicaid program. Because Caregivers, Inc. is among a class of health care providers receiving funds from such state sources, it appears to me that the company may be affected by **HB 5001**, **HB 5003**, **HB 5201**, and **HB 5203** which come before the Senate for a vote on April 3, 2014.

Therefore, I believe that, because Caregivers, Inc. is a member of such class, I am required by Senate Rule 1.39 to disclose the above facts.

Senator Don Gaetz, 1st District

DISCLOSURE

I have an ownership interest in Caregivers, Inc., a company based in Pensacola, Florida. The company provides services to the elderly and the disabled and a minority of its revenues are derived from reimbursements from the Escambia County Council on Aging and the Florida Medicaid program. Because Caregivers, Inc. is among a class of health care providers receiving funds from such state sources, it appears to me that the company may be affected by **HB 5001**, **HB 5003**, **HB 5201**, and **HB 5203** which come before the Senate for a vote on April 3, 2014.

Therefore, I believe that, because Caregivers, Inc. is a member of such class, I am required by Senate Rule 1.39 to disclose the above facts.

Senator Don Gaetz, 1st District

These funds ~~are shall be~~ in addition to the funds appropriated on the basis of FTE student membership in the Florida Education Finance Program and shall be included in the total potential funds of each district. These funds shall be used to provide supplemental academic instruction to students enrolled in the K-12 program. For the ~~2012-2013, 2013-2014, and 2014-2015~~ fiscal year years, each school district that has one or more of the ~~300~~ 100 lowest-performing elementary schools based on the state reading assessment shall use these funds, together with the funds provided in the district's research-based reading instruction allocation and other available funds, to provide an additional hour of instruction beyond the normal school day for each day of the entire school year for intensive reading instruction for the students in each of these schools. This additional hour of instruction must be provided only by teachers or reading specialists who are effective in teaching reading. Students enrolled in these schools who have level 5 assessment scores may participate in the additional hour of instruction on an optional basis. Exceptional student education centers ~~are shall not be~~ included in the ~~300~~ 100 schools. After this requirement has been met, supplemental instruction strategies may include, ~~but are not limited to:~~ modified curriculum, reading instruction, after-school instruction, tutoring, mentoring, class size reduction, extended school year, intensive skills development in summer school, and other methods for improving student achievement. Supplemental instruction may be provided to a student in any manner and at any time during or beyond the regular 180-day term identified by the school as being the most effective and efficient way to best help that student progress from grade to grade and to graduate.

3. ~~Effective with the 1999-2000 fiscal year,~~ Funding on the basis of FTE membership beyond the 180-day regular term shall be provided in the FEFP only for students enrolled in juvenile justice education programs or in education programs for juveniles placed in secure facilities or programs under s. 985.19. Funding for instruction beyond the regular 180-day school year for all other K-12 students shall be provided through the supplemental academic instruction categorical fund and other state, federal, and local fund sources with ample flexibility for schools to provide supplemental instruction to assist students in progressing from grade to grade and graduating.

4. The Florida State University School, as a lab school, is authorized to expend from its FEFP or Lottery Enhancement Trust Fund allocation the cost to the student of remediation in reading, writing, or mathematics for any graduate who requires remediation at a postsecondary educational institution.

5. ~~Beginning in the 1999-2000 school year,~~ Dropout prevention programs as defined in ss. 1003.52, 1003.53(1)(a), (b), and (c), and 1003.54 shall be included in group 1 programs under subparagraph (d)3.

Students enrolled in these schools who have level 5 assessment scores may participate in the additional hour of instruction on an optional basis. For the 2012-2013 and 2013-2014 fiscal years, a school district may not hire more reading coaches than were hired during the 2011-2012 fiscal year unless all students in kindergarten through grade 5 who demonstrate a reading deficiency, as determined by district and state assessments, including students scoring Level 1 or Level 2 on FCAT Reading, are provided an additional hour per day of intensive reading instruction beyond the normal school day for each day of the entire school year.

(c) Funds allocated under this subsection must be used to provide a system of comprehensive reading instruction to students enrolled in the K-12 programs, which may include the following:

DISCLOSURE

I have an ownership interest in Caregivers, Inc., a company based in Pensacola, Florida. The company provides services to the elderly and the disabled and a minority of its revenues are derived from reimbursements from the Escambia County Council on Aging and the Florida Medicaid program. Because Caregivers, Inc. is among a class of health care providers receiving funds from such state sources, it appears to me that the company may be affected by **HB 5001**, **HB 5003**, **HB 5201**, and **HB 5203** which come before the Senate for a vote on April 3, 2014.

Therefore, I believe that, because Caregivers, Inc. is a member of such class, I am required by Senate Rule 1.39 to disclose the above facts.

Dear President Gaetz:

The Committee on Ethics and Elections submits this final report on the matter of the suspension of Daniele Gordon.

By Executive Order Number 13-187 filed with the Secretary of State on July 10, 2013, and pursuant to Article IV, Section 7(a) of the Florida Constitution, the Honorable Rick Scott, Governor, suspended Daniele Gordon as a Notary Public alleging that a complaint was filed against her alleging that she committed notary misconduct by notarizing a document when the signer was not present, and that she did not indicate the specific form of identification relied upon in identifying the document signer. The Executive Order also alleges that the Executive Office of the Governor attempted to contact her via letters dated February 20, 2012; March 15, 2012; April 12, 2012; September 5, 2012; and October 15, 2012. The Executive Order also alleges that, via letter dated April 4, 2013, the Executive Office of the Governor required her to resign. The Executive Order alleges that she had failed to respond to the allegations or tender her resignation. Finally, the Executive Order alleges that she failed to report a change in address. On April 8, 2014, the Honorable Rick Scott, Governor, issued Executive Order 14-127 rescinding Executive Order 13-187 because she has agreed to take the remedial action specified in Executive Order 14-127.

Based on the foregoing, I advise and recommend that the Senate take no action on the above-named suspension during the 2014 Regular Session of the Florida Legislature, and consider the matter closed.

Sincerely,
Jack Latvala, Chair

PRAYER

The following prayer was offered by Rabbi Schneur Z. Oirechman, Chabad Lubavitch of the Panhandle, Tallahassee:

Almighty God, Master of the Universe: Today let us draw inspiration from the life of Rabbi Menachem Schneersohn, the Lubavitcher Rebbe, whose birthday we mark today, the 11th day of the Hebrew month of Nissan.

Let us be inspired by his lifetime of outstanding spiritual leadership and by the 4,000 Jewish community centers worldwide, including 150 in Florida alone. These centers stand today as beacons of light because of his outreach and vision, inspiring Jews and non-Jews alike to walk and adhere to your ways. His goal was to make this world a better place, preparing it for the coming of the redemption.

This coming Monday night marks the beginning of Passover, the festival of freedom. Let us remember that freedom does not mean freedom from responsibility, but freedom to fulfill our responsibilities.

Almighty God, bless us to always remember the true meaning of freedom. Plants need soil, and animals need room to roam in order to experience their freedom, but people experience freedom when they maximize their potential to the fullest. Therefore, bless us that we may always live up to the responsibilities you have entrusted to us, to represent your word and your will in this world, thus fulfilling the purpose of our existence.

Almighty God, bless the President of the Senate, Don Gaetz, and the distinguished Senators who work tirelessly to achieve responsible freedom for all citizens of our state. Bless them and give them the strength to pass over any challenge, personal and political, and may they succeed in their noble work. Empower them to experience freedom by reaching their fullest potential to overcome every limitation and to reach the loftiest heights.

Bless us all that we may live to see the redemption of all humanity; the day when all will recognize your sovereignty, the day we shall be free of worry, war, and evil, and may that day come speedily in our days. Amen.

PLEDGE

Senate Pages, Joseph Hennessy of DeLand; Ashton Whitney of Jacksonville; Amanda Schell of Lakeland; Colton Emerson of Oviedo; and Sara Henley of Tallahassee, led the Senate in the pledge of allegiance to the flag of the United States of America.

If the court determines that the juvenile offender has not demonstrated rehabilitation or is not fit to reenter society, the court shall issue a written order stating the reasons why the sentence is not being modified.*

Section 17. Section 499.832, Florida Statutes, is created to read:

499.832 Expiration and renewal of a permit.—

(1) A permit issued under this part automatically expires 2 years after the last day of the month in which the permit was originally issued.

(2) A permit issued under this part may be renewed by submitting an application for renewal on a form furnished by the department and paying the appropriate fee. The application for renewal must contain a statement by the applicant attesting that the information is true and correct. Upon approval of a renewal application by the department and payment of the required renewal fee, the department shall renew a permit issued under this part pursuant to the rules adopted under this part.

(b) *Change in ownership.*—If a majority of the ownership or controlling interest of a permitted establishment is transferred or assigned or if a lessee agrees to undertake or provide services such that legal liability for operation of the establishment will rest with the lessee, an application for a new permit is required. Such application must be submitted and approved by the department before the change of ownership takes place. However, if a permitted wholesale distributor or manufacturer is changing ownership and the new owner has held another permit that allows the wholesale distribution of medical gas under this chapter for the preceding 18 months without having been found in violation of the provisions of this chapter relating to medical gases, then the new owner may operate under the permit of the acquired entity if the new owner submits the application for a new permit by the first business day after ownership is transferred or assigned. A new owner operating under the original permit is responsible for compliance with all laws and regulations governing medical gas. If the application is denied, the new owner shall immediately cease operation at the establishment until a permit is issued to the new owner.

(c) *Change of name.*—A permitholder may make a change of business name without submitting a new permit application. However, the permitholder must notify the department before making the name change.

(e) *Change in information.*—Any change in the information required under this part, other than the changes in paragraphs (a)-(d), shall be submitted to the department within 30 days after such change occurs.

(4) A permitholder in good standing may change the type of permit issued by completing a new application for the requested permit, meeting the applicable permitting requirements for the new permit type, and paying any difference between the permit fees. A refund may not be issued if the fee for the new permit is less than the fee that was paid for the original permit. The new permit retains the expiration date of the original permit.

Section 19. Section 499.834, Florida Statutes, is created to read:

Amendment 2 (593196) (with title amendment)—Delete lines 85-174 and insert:

Section 3. Subsection (1) of section 337.403, Florida Statutes, is amended to read:

337.403 Interference caused by ~~relocation of~~ utility; expenses.—

(1) If a utility that is placed upon, under, over, or along any public road or publicly owned rail corridor is found by the authority to be unreasonably interfering in any way with the convenient, safe, or continuous use, or the maintenance, improvement, extension, or expansion, of such public road or publicly owned rail corridor, the utility owner shall, upon 30 days' written notice to the utility or its agent by the authority, initiate the work necessary to alleviate the interference at its own expense except as provided in paragraphs (a)-(i) ~~(a)-(g)~~. The work must be completed within such reasonable time as stated in the notice or such time as agreed to by the authority and the utility owner.

(a) If the relocation of utility facilities, as referred to in s. 111 of the Federal-Aid Highway Act of 1956, Pub. L. No. 84-627 ~~627 of the 84th Congress~~, is necessitated by the construction of a project on the federal-aid interstate system, including extensions thereof within urban areas, and the cost of the project is eligible and approved for reimbursement by the Federal Government to the extent of 90 percent or more under the Federal Aid Highway Act, or any amendment thereof, then in that event the utility owning or operating such facilities shall perform any necessary work upon notice from the department, and the state shall pay the entire expense properly attributable to such work after deducting therefrom any increase in the value of a new facility and any salvage value derived from an old facility.

(b) When a joint agreement between the department and the utility is executed for utility work to be accomplished as part of a contract for construction of a transportation facility, the department may participate in those utility work costs that exceed the department's official estimate of the cost of the work by more than 10 percent. The amount of such participation ~~is shall be~~ limited to the difference between the official estimate of all the work in the joint agreement plus 10 percent and the amount awarded for this work in the construction contract for such work. The department may not participate in any utility work costs that occur as a result of changes or additions during the course of the contract.

(c) When an agreement between the department and utility is executed for utility work to be accomplished in advance of a contract for construction of a transportation facility, the department may participate in the cost of clearing and grubbing necessary to perform such work.

(d) If the utility facility was initially installed to exclusively serve the authority or its tenants, or both, the authority shall bear the costs of the utility work. However, the authority is not responsible for the cost of utility work related to any subsequent additions to that facility for the purpose of serving others. *For a county or municipality, if such utility facility was installed in the right-of-way as a means to serve a county or municipal facility on a parcel of property adjacent to the right-of-way and if the intended use of the county or municipal facility is for a use other than transportation purposes, the obligation of the county or municipality to bear the costs of the utility work shall extend only to utility work on the parcel of property on which the facility of the county or municipality originally served by the utility facility is located.*

(e) If, under an agreement between a utility and the authority entered into after July 1, 2009, the utility conveys, subordinates, or relinquishes a compensable property right to the authority for the purpose of accommodating the acquisition or use of the right-of-way by the au-

thority, without the agreement expressly addressing future responsibility for the cost of necessary utility work, the authority shall bear the cost of removal or relocation. This paragraph does not impair or restrict, and may not be used to interpret, the terms of any such agreement entered into before July 1, 2009.

(f) If the utility is an electric facility being relocated underground in order to enhance vehicular, bicycle, and pedestrian safety and in which ownership of the electric facility to be placed underground has been transferred from a private to a public utility within the past 5 years, the department shall incur all costs of the necessary utility work.

(g) An authority may bear the costs of utility work required to eliminate an unreasonable interference when the utility is not able to establish that it has a compensable property right in the particular property where the utility is located if:

1. The utility was physically located on the particular property before the authority acquired rights in the property;

2. The utility demonstrates that it has a compensable property right in ~~an~~ adjacent properties along the alignment of the utility *or, after due diligence, certifies that the utility does not have evidence to prove or disprove that it has a compensable property right in the particular property where the utility is located;* and

3. The information available to the authority does not establish the relative priorities of the authority's and the utility's interests in the particular property.

(h) *If a municipally owned utility or county-owned utility is located in a rural area of critical economic concern, as defined in s. 288.0656(2), and the department determines that the utility is unable, and will not be able within the next 10 years, to pay for the cost of utility work necessitated by a department project on the State Highway System, the department may pay, in whole or in part, the cost of such utility work performed by the department or its contractor.*

(i) *If the relocation of utility facilities is necessitated by the construction of a commuter rail service project or an intercity passenger rail service project and the cost of the project is eligible and approved for reimbursement by the Federal Government, then in that event the utility owning or operating such facilities located by permit on a department-owned rail corridor shall perform any necessary utility relocation work upon notice from the department, and the department shall pay the expense properly attributable to such utility relocation work in the same proportion as federal funds are expended on the commuter rail service project or an intercity passenger rail service project after deducting therefrom any increase in the value of a new facility and any salvage value derived from an old facility. In no event shall the state be required to use state dollars for such utility relocation work. This paragraph does not apply to any phase of the Central Florida Commuter Rail project, known as SunRail.*

PRAYER

The following prayer was offered by Reverend Kyle Peddie, Pastor, Corinth Baptist Church, Hosford:

Heavenly Father, we come to you this beautiful spring morning to pause and give thanks to the giver of life, the King of Kings, the Lord of Lords, Creator, and Savior. We pause to give thanks for the day that you have made, and we will rejoice and be glad in it.

I ask, Father, that you would bless this day as our Florida Senate convenes and continues to do the work for the people of Florida. It has indeed been a great session, and as it ever draws near to the end, I would humbly ask you to continue to impart wisdom and discernment to the Senators in this great chamber. Many have served here in the past and have established a tradition of integrity and statesmanship that continues with the ones serving today. May the attitude of everyone in public service, from the Governor to the volunteer firefighter in the smallest community, be that of truly loving our neighbor as we love ourselves. I would ask you to bless each and every Senator's family, marriage, children, and extended family while they are away from home serving in this chamber today. May your hedge of protection be upon

them. As they work today and for the rest of the session, may your will be done.

We believe in the risen Lord, the finished work of the Cross, and *John 14:6* that says "You are the way, the truth, and the life." Bless all the Senators today, bless Senate President Gaetz as he leads, and bless my Senator, Senator Montford. Amen.

PLEDGE

Senate Pages, Royce Lowery of Havana; Sal Perez of Groveland; Rebecca Weitzel of Tallahassee; and Angela Groszos of Tallahassee, led the Senate in the pledge of allegiance to the flag of the United States of America.

DOCTOR OF THE DAY

Section 9. Effective October 1, 2014, section 627.7142, Florida Statutes, is created to read:

627.7142 Homeowner Claims Bill of Rights.—An insurer issuing a personal lines residential property insurance policy in this state must provide a Homeowner Claims Bill of Rights to a policyholder within 14 days after receiving an initial communication with respect to a claim, unless the claim follows an event that is the subject of a declaration of a state of emergency by the Governor. The purpose of the bill of rights is to summarize, in simple, nontechnical terms, existing Florida law regarding

the rights of a personal lines residential property insurance policyholder who files a claim of loss. The Homeowner Claims Bill of Rights is specific to the claims process and does not represent all of a policyholder's rights under Florida law regarding the insurance policy. The Homeowner Claims Bill of Rights does not create a civil cause of action by any individual policyholder or class of policyholders against an insurer or insurers. The failure of an insurer to properly deliver the Homeowner Claims Bill of Rights is subject to administrative enforcement by the office, but is not admissible as evidence in a civil action against an insurer. The Homeowner Claims Bill of Rights does not enlarge, modify, or contravene statutory requirements, including, but not limited to, ss. 626.854, 626.9541, 627.70131, 627.7015, and 627.7074, and does not prohibit an insurer from exercising its right to repair damaged property in compliance with the terms of an applicable policy or ss. 627.7011(5)(e) and 627.702(7). The Homeowner Claims Bill of Rights must state:

HOMEOWNER CLAIMS BILL OF RIGHTS

This Bill of Rights is specific to the claims process and does not represent all of your rights under Florida law regarding your policy. There are also exceptions to the stated timelines when conditions are beyond your insurance company's control. This document does not create a civil cause of action by an individual policyholder, or a class of policyholders, against an insurer or insurers and does not prohibit an insurer from exercising its right to repair damaged property in compliance with the terms of an applicable policy.

YOU HAVE THE RIGHT TO:

1. Receive from your insurance company an acknowledgment of your reported claim within 14 days after the time you communicated the claim.
2. Upon written request, receive from your insurance company within 30 days after you have submitted a complete proof-of-loss statement to your insurance company, confirmation that your claim is covered in full, partially covered, or denied, or receive a written statement that your claim is being investigated.
3. Within 90 days, subject to any dual interest noted in the policy, receive full settlement payment for your claim or payment of the undisputed portion of your claim, or your insurance company's denial of your claim.
4. Free mediation of your disputed claim by the Florida Department of Financial Services Division of Consumer Services, under most circumstances and subject to certain restrictions.
5. Neutral evaluation of your disputed claim, if your claim is for damage caused by a sinkhole and is covered by your policy.
6. Contact the Florida Department of Financial Services Division of Consumer Services' toll-free helpline for assistance with any insurance claim or questions pertaining to the handling of your claim. You can reach the Helpline by phone at toll free phone number , or you can seek assistance online at the Florida Department of Financial Services Division of Consumer Services' website at website address .

YOU ARE ADVISED TO:

1. Contact your insurance company before entering into any contract for repairs to confirm any managed repair policy provisions or optional preferred vendors.
2. Make and document emergency repairs that are necessary to prevent further damage. Keep the damaged property, if feasible, keep all receipts, and take photographs of damage before and after any repairs.
3. Carefully read any contract that requires you to pay out-of-pocket expenses or a fee that is based on a percentage of the insurance proceeds that you will receive for repairing or replacing your property.
4. Confirm that the contractor you choose is licensed to do business in Florida. You can verify a contractor's license and check to see if there are any complaints against him or her by calling the Florida

Department of Business and Professional Regulation. You should also ask the contractor for references from previous work.

5. Require all contractors to provide proof of insurance before beginning repairs.
6. Take precautions if the damage requires you to leave your home, including securing your property and turning off your gas, water, and electricity, and contacting your insurance company and provide a phone number where you can be reached.

Section 10. Except as otherwise expressly provided in this act, this act shall take effect July 1, 2014.
