d. Who is the target population served by this project? How many individuals are expected to be served?

The target population is in Columbia, Gadsden, Jackson, Levy, Suwannee, and Wakulla Counties. The population to be served is greater than 271,000.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The method of measuring level of benefit would be qualitative and reflected in better accuracy of assessments and property identification. Because aerial photography is oftentimes shared with other local governmental entities, the level of benefit would be reflected in 911 programs, emergency management, planning and zoning, and building permits.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

n/a.
