Fiscal Year 2024-2025

LFIR # 2047

Web cam viewing of selected natural areas, parks and recreation facilities within the Town of Jupiter providing citizens with direct visuals from their mobile device or home computer.

c. What direct services will be provided to citizens by the appropriation project?

The ability to preview parks, recreation and natural areas within the Town of Jupiter prior to leaving one's home provides additional visual information otherwise not available.

d. Who is the target population served by this project? How many individuals are expected to be served?

The target population is the general public. The majority of the funds will benefit no specific group. The impacted individuals will be greater than 800.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The benefit will provide residents, visitors, or anyone with an internet connection to enjoy the beauty and activity in and around the Town of Jupiter's parks, river walk, athletic fields, and the Loxahatchee River. This will be measured by the number of times each website or camera location is accessed.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Should deliverables not be met, an appropriate penalty would be loss of grant funding. The Town of Jupiter has always met all similar grant requirements in the past. The Town will endeavor to complete all anticipated deliverables before the grant contract completion date.
