

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2023-2024

LFIR # 1090

1. Project Title

2. Senate Sponsor

3. Date of Request

4. Project/Program Description

The Martin Luther King (MLK) Jr. Avenue to SW 3rd Avenue corridor has been identified as a widespread flood-prone area by Geosyntec Consultants, Inc. in a 2021, Stormwater Capital Improvement Plan that was produced as a result of RFQ# 2018-19/02. The project corridor spans north to south within City limits, south of East Hillsboro Boulevard, east of I-95, north of SW 10th Street, and west of the South Dixie Highway. The proposed project will mitigate flooding in the northern and southern sections of the corridor to achieve a level of service standards to withstand a 10-year, 24-hour storm in the area. The scope of work consists of finalizing the design plans to up-size existing drainage infrastructure and construct new drainage infrastructure, including ditch bottom inlets, manholes, piping, and ex-filtration, as well as constructing improvements to the existing pond.

5. State Agency to receive requested funds

State Agency contacted? No

6. Amount of the Nonrecurring Request for Fiscal Year 2023-2024

Type of Funding	Amount
Operations	0
Fixed Capital Outlay	435,287
Total State Funds Requested	435,287

7. Total Project Cost for Fiscal Year 2023-2024 (including matching funds available for this project)

Type of Funding	Amount	Percentage
Total State Funds Requested (from question #6)	435,287	12%
Matching Funds		
Federal	0	0%
State (excluding the amount of this request)	0	0%
Local	3,337,183	88%
Other	0	0%
Total Project Costs for Fiscal Year 2023-2024	3,772,470	100%

8. Has this project previously received state funding? No

Fiscal Year (yyyy-yy)	Amount		Specific Appropriation #	Vetoed
	Recurring	Nonrecurring		

9. Is future funding likely to be requested? No

a. If yes, indicate nonrecurring amount per year.

b. Describe the source of funding that can be used in lieu of state funding.

10. Has the entity requesting this project received any federal assistance related to the COVID-19 pandemic?

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2023-2024

LFIR # 1090

If yes, indicate the amount of funds received and what the funds were used for.

Complete questions 11 and 12 for Fixed Capital Outlay Projects

11. Status of Construction

a. What is the current phase of the project?

- Planning
 Design
 Construction

b. Is the project "shovel ready" (i.e permitted)?

c. What is the estimated start date of construction?

d. What is the estimated completion date of construction?

12. List the owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.

13. Details on how the requested state funds will be expended

Spending Category	Description	Amount
Administrative Costs:		
Executive Director/Project Head Salary and Benefits		0
Other Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Operational Costs: Other		
Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Fixed Capital Construction/Major Renovation:		
Construction/Renovation/Land/Planning Engineering	Design of drainage improvements along MLK Jr. Avenue to SW 3rd Avenue corridor.	435,287
Total State Funds Requested (must equal total from question #6)		435,287

14. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

b. What activities and services will be provided to meet the intended purpose of these funds?

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2023-2024

LFIR # 1090

The scope of work consists of finalizing the design plans to up-size existing drainage infrastructure and construct new drainage infrastructure, including ditch bottom inlets, manholes, piping, and ex-filtration, as well as constructing improvements to the existing pond.

c. What direct services will be provided to citizens by the appropriation project?

The intended purpose of the funds is to perform drainage improvements. The City intends to procure a contractor to design and construct the improvements. Residents will be provided with safe streets and access to their residence during flood instances.

d. Who is the target population served by this project? How many individuals are expected to be served?

The shovel ready project would benefit the entire City especially an under-served portion of the City; by reducing flooding and the benefits of the water quality. This improvement reduces the severity and duration of flooding in this problem area. This improvement also provides water quality benefit by providing additional exfiltration, which increases stormwater infiltration.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

This improvement reduces the severity and duration of flooding in the problem area. This outcome will be measured based on the number of floods at the projected site during rain events.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

A suggested penalty would be repayment of State Funds.

15. Requester Contact Information

a. First Name Last Name

b. Organization

c. E-mail Address

d. Phone Number Ext.

16. Recipient Contact Information

a. Organization

b. Municipality and County

c. Organization Type

- For Profit Entity
- Non Profit 501(c)(3)
- Non Profit 501(c)(4)
- Local Entity
- University or College
- Other (please specify)
