Local Funding Initiative Request

Fiscal Year 2024-2025

LFIR # 2148

The project will be bid through the City's CCNA system and contractor chosen will have to prove that they met all the criteria to be awarded the project.

c. What direct services will be provided to citizens by the appropriation project?

The project will allow for connectivity between the residential neighborhood of Golfview estates to the commercial corridor at S Del Mabry Hwy. Eliminating potential flooded streets from the roadway network.

d. Who is the target population served by this project? How many individuals are expected to be served?

Residents along the route comprise of vehicle users, pedestrians, joggers, and cyclists. The roadway network is utilized daily by 100's of residents and students route to their High School.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

This project will minimize the potential of a flood hazard to the roadway network. The final product will improve the roadway network. Thus providing improved mobility for motorists and cyclists. The City will review Mobility operations reports encountered over a year after the project is complete for vehicle and cyclists traffic.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Standard contract penalties.
