Complete questions 11 and 12 for Fixed Capital Outlay Projects

11. Status of Construction

a. What is the current phase of the project?

☐ Planning ☐ Design ☐ Construction

b. Is the project "shovel ready" (i.e permitted)?

c. What is the estimated start date of construction?

d. What is the estimated completion date of construction?

12. List the owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.

13. Details on how the requested state funds will be expended

Spending Category	Description	Amount
Administrative Costs:		
Executive Director/Project Head Salary and Benefits		0
Other Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Operational Costs: Other		
Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other	Regional Mobile Command/Hazmat Asset	600,000
Consultants/Contracted Services/Study		0
Fixed Capital Construction/Major Renovation:		
Construction/Renovation/Land/Planning Engineering		0
Total State Funds Requested (must equal total from question #6)		600,000

14. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2023-2024

LFIR # 1402

Replacement of a 20+ year-old HazMat/Command WMD/CBRNE response vehicle which increases response capability for natural and manmade Incidents through Incident Command and HazMat response to a 13-county region (SERC Region 3). This regionally deployable asset will facilitate HazMat identification and containment and area command allowing early mitigation, a common operating picture, and minimizing the effects of such an attack reducing casualties, property damage, and recovery cost.

b. What activities and services will be provided to meet the intended purpose of these funds?

Gainesville Fire Rescue will prepare for and respond to emergency incident scenes with the capability of providing technical support for hazardous materials releases, technical rescue, and/or an incident command presence. As an All-Hazards Fire Department, Gainesville Fire Rescue is tasked with protecting a wide range of local, state, and federal-owned critical infrastructure within our primary service area.

c. What direct services will be provided to citizens by the appropriation project?

Response, mitigation, and management of various emergency types which also provides public safety sweeps and operational stand-by for special events and mass gatherings, suspicious and unattended package response. Gainesville Fire Rescue sits directly in the center of North Central Florida and serves as the hub of resources and services to surrounding communities as an All-Hazards Fire Department.

d. Who is the target population served by this project? How many individuals are expected to be served?

The project will benefit the general population in 12 counties, exceeding 800 individuals.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

*Enhance/preserve/improve environmental or fish and wildlife quality. By preventing additional releases, it will protect the life and safety of residents across the multi-county region; methodology includes annual data analysis of Hazardous Materials releases mitigation in Region 3, identifying positive/negative impact on environment or fish and wildlife through local and state EPA reviews. Metrics will include the number of incidents that are responded to using this equipment. *Protect the general public from harm; methodology include measuring the number of deployments and successful operations.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Gainesville Fire Rescue is confident it will meet the stated outcomes and deliverables. No penalties are suggested.
