Local Funding Initiative Request

Fiscal Year 2023-2024

LFIR # 1870

Improved drainage and reduce flooding during extreme weather like Hurricanes and Heavy Rain fall events.

d. Who is the target population served by this project? How many individuals are expected to be served?

Local residents and businesses located in eastern Volusia County and New Smyrna Beach.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Improved drainage and watershed during extreme weather events. The methodology by which this will be measured is a comparison of the vegetation and sediment removed before and after the construction activities.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Liquidated damages will be assigned to the project for failure to perform based on contract time and deliverables.
