Fiscal Year 2023-2024

LFIR # 2820

The radio replacement will ensure mission critical equipment continues to receive first party support, relying upon original equipment manufacturer parts rather than aftermarket parts which may impact the reliability of mission critical radio equipment.

c. What direct services will be provided to citizens by the appropriation project?

Funding would provide more reliable communication in critical times of response to serve the community at large and regionally. The equipment will also be used to support and enhance the planned real time crime center.

d. Who is the target population served by this project? How many individuals are expected to be served?

The impact would be regional - as the service provided would be for the city (population 135,000 plus) and the regional vicinity.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Reduction in crime and expedited service call.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Liquidate the damages and start the performance bond process.
