14. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The goal of this purchase is to increase efficiency of wastewater management. The truck will be used throughout the city to provide sewer and septic system maintenance services to residents.

b. What activities and services will be provided to meet the intended purpose of these funds?

The sewer truck will be used throughout the city to meet its intended purpose.

c. What direct services will be provided to citizens by the appropriation project?

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2024-2025

LFIR # 3018

Citizens will receive increased maintenance in sewer and septic systems.

d. Who is the target population served by this project? How many individuals are expected to be served?

The general population in the City of Freeport is to be served by this project, over 800 individuals

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Improved wastewater management; this will be measured by the increased efficiency of sewer removal

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

If appropriated, the City of Freeport will ensure that all deliverables and performance measures set forth in the funding agreement are met. These measures will include engaging a compliance/project management team to work with the City staff to oversee administration and compliance of the appropriated funds.
