COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 266 includes a number of provisions intended to focus state university administrative and curricular activities on education that benefits students and the state. Specifically, the bill:

- Requires the Board of Governors of the State University System to:
 - Include in the alignment of university missions, and in its strategic plan, economic development needs of the state and nondegree credential attainment, respectively.
 - Include in its regulation a process for universities to initiate a post-tenure review, for cause.
- Modifies personnel policies at each university by:
 - Assigning hiring authority to the university board of trustees (BOT), which may delegate authority to the president.
 - Specifying that the university president may not delegate hiring authority outside the executive management team.
 - Requiring the university BOT to confirm the president's executive team, and receive evaluations for personnel earning over \$200,000.

 - Provides additional restrictions on public education institution spending, with exceptions for specified programs.
 - Expands the list of individuals protected from discrimination in prohibited expenditures.

- Adds to the preeminent state research universities program a metric regarding STEM-related research that benefits Florida residents.
- Sets standards and criteria for the identification of general education courses, and specifies that general education core courses may not distort historical events or contain specified content; and protects a student who has completed a general education course from having to take additional general education courses.
- Modifies the purpose, goals, or authorized activities of the Hamilton Center for Classical and Civic Education, Florida Institute of Politics, and the Adam Smith Center for the Study of Economic Freedom.
- Specifies that a required change in accreditation for public postsecondary institutions is a one-time-only change.
- Specifies that students may not lose the “buy one, get one free” tuition waiver if the program is removed from the approved list after enrollment.

The bill takes effect on July 1, 2023.

II. Present Situation:

The Present Situation is included in the Effect of Proposed Changes section of the analysis.

III. Effect of Proposed Changes:

Board of Governors

Present Situation

Powers and Duties

The State University System (SUS) is composed of 12 public universities. The Board of Governors (BOG) is responsible to operate, regulate, control, and be fully responsible for the management of the whole SUS.¹ Fourteen of the 17 members of the BOG are appointed by the Governor and confirmed by the Senate.²

For each constituent university, the BOG, is responsible for cost-effective policy decisions appropriate to the university’s mission, the implementation and maintenance of high-quality education programs within law, the measurement of performance, the reporting of information, and the provision of input regarding state policy, budgeting, and education standards.³ The BOG is, among other duties, responsible for defining the distinctive mission of each constituent university, accounting for expenditures, adopting a strategic plan for the university system and each university, and taking action on proposed or current degree programs.⁴

⁴ Section 1001.705(2), F.S.

Tenure Review

The Board of Governors may adopt a regulation requiring each tenured state university faculty member to undergo a comprehensive post-tenure review every 5 years. The board may include other considerations in the regulation, but the regulation must address:⁵

- Accomplishments and productivity;
- Assigned duties in research, teaching, and service;
- Performance metrics, evaluations, and ratings; and
- Recognition and compensation considerations, as well as improvement plans and consequences for underperformance.

The BOG has approved a draft regulation which is scheduled to go before the BOG for a final vote at its March 16, 2023 meeting.⁶

According to Integrated Postsecondary Education Data System, in Fall 2021, there were 12,435 individuals with faculty status at Florida public universities, of those, 5,652 are tenured, 2,058 are on a tenure track, and 4,725 are not on a tenure track or are at an institution without a tenure system.⁷ Florida Gulf Coast University and Florida Polytechnic University do not have a tenure system.

Effect of Proposed Changes

Powers and Duties

The bill modifies s. 1001.706, F.S., to require the BOG, in its alignment of the mission of state universities to specified goals, include the existing and emerging economic development needs of the state. Similarly, the bill requires the BOG to include in its strategic plan criteria and metrics for non-degree credentials.

Tenure Review

The bill modifies s. 1001.706, F.S., to establish additional options for a post-tenure faculty review, outside of the five-year schedule that may be adopted by the BOG. The bill requires the BOG regulation include a process and criteria for each university to initiate a post-tenure review of a faculty member at any time, with cause.

Personnel

Present Situation

University Board of Trustees

Each local constituent university is administered by a board of trustees (BOT) composed of 6 citizen members appointed by the Governor and 5 citizen members appointed by the Board of Governors (BOG), all confirmed by the Senate.⁸ The BOG establishes the powers and duties of the boards of trustees. The university president serves as the chief executive officer to the board of trustees and is responsible to the board of trustees for all operations of the university.⁹

Responsibilities of a university BOT include:¹⁰

- Administration of the university in a manner that is dedicated to, and consistent with the university's and system's mission.
- Preparing a workplan to outline strategic directions and specific actions, and performance expectations and outcomes for institutional and systemwide goals.
- Adopting university regulations regarding degree programs, access, academic performance standards, student activities, and student code of conduct.
- Establishing a personnel program for all employees of the university.
- The financial management of the university.
- Compliance with all applicable laws, rules, regulations, and requirements.

Effect of Proposed Changes

Hiring and Personnel Authority

The bill creates s. 1001.725, F.S., to clarify university BOT authority for personnel issues. The bill specifies that each university BOT is responsible for hiring full-time faculty. The president may provide hiring recommendations to the BOT. The president and the BOT are not bound by recommendations or opinions of faculty or other individuals or groups. The BOT may delegate its hiring authority to the president; however, the president may not delegate hiring authority to anyone outside of the executive management team.

The bill requires each university BOT to confirm its president's selection and reappointment of the university's executive management team members and their respective contracts and annual salaries, in accordance with the university's personnel program established by the BOG. Contracts and responsibilities of the president and executive team members, including, but not limited to, provost positions, must explicitly delineate that the duties of positions, other than the president, are limited to administrative oversight and operational supervision of curricular, instructional, and research affairs, as applicable to the position.

Finally, the bill requires each university president to annually present to his or her board of trustees for review the results of performance evaluations and associated salaries of all evaluated personnel earning an annual compensation of \$200,000 or more, regardless of fund source.

Diversity, Equity, and Inclusion

Present Situation

A position statement by the Southern Association of Colleges and Schools (SACS) describes the benefits of diversity, equity, and inclusion policies in postsecondary institutions.

By creating and sustaining an equitable and inclusive institutional culture, colleges and universities can foster a community in which all members can be respected and appreciated for their differences, and in which all learners can be engaged to reach their full potential. Promoting diversity, equity and inclusion is an opportunity for institutions to recruit students of all backgrounds, identities, and abilities; to support them, adapt teaching methods and use technology to meet their needs and break down barriers to learning; and to successfully guide, mentor, retain, and graduate them.¹¹

A statement by the presidents of the Florida College System (FCS) echoes the SACS statement in its description of DEI as a tool “to increase diversity of thought as well as the enrollment and the success of underrepresented populations.” However, this statement also warns that DEI “initiatives and instruction in higher education under the same title have come to mean and accomplish the very opposite and seek to push ideologies such as critical race theory and its related tenets.”¹² The statement continues:

To be clear in this environment, the FCS presidents, by and through the FCS Council of Presidents (COP), will ensure that all initiatives, instruction, and activities do not promote any ideology that suppresses intellectual and academic freedom, freedom of expression, viewpoint diversity, and the pursuit of truth in teaching and learning. As such, our institutions will not fund or support any institutional practice, policy, or academic requirement that compels belief in critical race theory or related concepts such as intersectionality, or the idea that systems of oppression should be the primary lens through which teaching and learning are analyzed and/or improved upon.

Specifically, by February 1, 2023, the FCS presidents commit to having fully evaluated and removed any institutional instruction, training, and policies opposed to the forms of discrimination described in this statement.¹³

On December 28, 2022, the Executive Office of the Governor directed the colleges and universities to provide a comprehensive list of all staff, programs and campus activities related to diversity, equity and inclusion and critical race theory.¹⁴ The list must include costs associated with the administration of each program or activity, including a description of the activities, paid positions and how much of the money is provided by the state.¹⁵ The results of the survey for the

Florida Educational Equity Act

The “Florida Educational Equity Act” prohibits discrimination in any program or employment condition on the basis of race, color, national origin, sex, disability, religion, or marital status against a student or an employee in the state system of public K-20 education.¹⁷

Included in the prohibition on discrimination on the basis of race, color, national origin, or sex is subjecting any student or employee to training or instruction that espouses, promotes, advances, inculcates, or compels such student or employee to believe any of the following concepts:

- Members of one race, color, national origin, or sex are morally superior to members of another race, color, national origin, or sex.
- A person, by virtue of his or her race, color, national origin, or sex, is inherently racist, sexist, or oppressive, whether consciously or unconsciously.
- A person’s moral character or status as either privileged or oppressed is necessarily determined by his or her race, color, national origin, or sex.
- Members of one race, color, national origin, or sex cannot and should not attempt to treat others without respect to race, color, national origin, or sex.
- A person, by virtue of his or her race, color, national origin, or sex, bears responsibility for, or should be discriminated against or receive adverse treatment because of, actions committed in the past by other members of the same race, color, national origin, or sex.
- A person, by virtue of his or her race, color, national origin, or sex, should be discriminated against or receive adverse treatment to achieve diversity, equity, or inclusion.
- A person, by virtue of his or her race, color, sex, or national origin, bears personal responsibility for and must feel guilt, anguish, or other forms of psychological distress because of actions, in which the person played no part, committed in the past by other members of the same race, color, national origin, or sex.
- Such virtues as merit, excellence, hard work, fairness, neutrality, objectivity, and racial colorblindness are racist or sexist, or were created by members of a particular race, color, national origin, or sex to oppress members of another race, color, national origin, or sex.

Effect of Proposed Changes

University Mission and Accountability

The bill modifies s. 1001.706, F.S., to require the Board of Governors to periodically review the mission of each constituent university and make updates or revisions as needed. Upon completion of a review of the mission, the board must review existing academic programs to ensure alignment with the mission. The board must include in its review direction to each constituent university to examine its programs for any violation of the discriminatory concepts described in s. 1000.05(4)(a), F.S.

¹⁷ Section 1000.05(4)(a), F.S.

Hiring Process

The bill creates s. s. 1001.725, F.S., to prohibit a university from using diversity, equity, and inclusion statements, critical race theory, or other forms of political identity filters that violate the discriminatory concepts in s. 1000.05(4)(a), F.S., as part of the university admissions, hiring, promotion, tenure, or evaluation.

Prohibited Expenditures

The bill adds to current spending restrictions in law for memberships or good and services from any organization that discriminates on the basis of race, color, national origin, sex, disability, or religion.¹⁸ The bill modifies s. 1004.06, F.S., to specify that a Florida College System institution, state university, Florida College System institution direct-support organization,¹⁹ or state university direct-support organization may not expend any funds, regardless of source, to promote, support, or maintain any programs or campus activities that violate the discriminatory concepts in s. 1000.05(4)(a), F.S..

However, the bill exempts from this provision programs required for compliance with federal regulations, or access programs for military veterans, Pell Grant recipients, first generation college students, nontraditional students, “2+2” transfer students from the Florida College System, students from low-income families, or students with unique abilities.

Preeminent State Research Universities Program

Present Situation

The Preeminent State Research University program is a collaborative partnership between the Board of Governors (BOG) and the Legislature to elevate the academic and research preeminence of Florida’s highest performing state research universities.²⁰ A state research university that meets at least 11 of the 12 academic and research excellence standards specified in law is designated as a preeminent state research university.²¹

The academic and research excellence standards are:

- An average weighted grade point average of 4.0 or higher on a 4.0 scale and an average SAT score of 1200 or higher on a 1600-point scale or an average ACT score of 25 or higher on a 36 score scale, for fall semester incoming freshmen.
- A top-50 ranking on at least two well-known and highly respected national public university rankings using the most recent rankings.
- A freshman retention rate of 90 percent or higher for full-time, first-time-in-college (FTIC) students.
- A 4-year graduation rate of 60 percent or higher for full-time, FTIC students.
- Six or more faculty members at the state university who are members of a national academy.

¹⁸ Section 1004.06, F.S.

¹⁹ Direct-support organizations (DSOs) are statutorily created private entities that are generally required to be non-profit corporations, and are authorized to carry out specific tasks in support of public entities or public causes.

²⁰ Section 1001.7065(1), F.S.

²¹ *Id.* at (3).

- Total annual research expenditures, including federal research expenditures, of \$200 million or more.
- Total annual research expenditures in diversified nonmedical sciences of \$150 million or more.
- A top-100 university national ranking for research expenditures in five or more science, technology, engineering, or mathematics fields of study.
- One hundred or more total patents awarded by the United States Patent and Trademark Office for the most recent 3-year period.
- Four hundred or more doctoral degrees awarded annually, including professional doctoral degrees awarded in medical and health care disciplines.
- Two hundred or more postdoctoral appointees annually.
- An endowment of \$500 million or more.

A state university that meets at least 6 of the 12 academic and research excellence standards is designated as an “emerging preeminent state research university.”²²

In the most recent State University System Accountability Plan, Florida State University, the University of Florida, and the University of South Florida are designated as preeminent state research universities. Florida International University and the University of Central Florida are designated as emerging preeminent state research universities.²³

Effect of Proposed Changes

The bill amends s. 1001.7065 to add another criteria to the academic and research excellence standards for designation as a preeminent or emerging preeminent state research university. The bills adds the total annual research expenditures of \$50 million or more benefiting STEM-related occupations, businesses, or industry partners located in this state and currently employing, or seeking to employ, residents of this state.

General Education

Present Situation

Associate in Arts (AA) degrees at an FCS or SUS institution to be no more than 60 semester hours of college credit and include 36 semester hours of general education course work. A baccalaureate degree must be no more than 120 semester hours of college credit, unless prior approval has been granted by the BOG or the SBE, as applicable, and include 36 semester hours of general education coursework.

General Education Core

Students initially entering an FCS or SUS institution in 2015-2016 and thereafter, are required to complete at least one identified general education core course in each of the subject areas of communication, mathematics, social sciences, humanities, and natural sciences. All public postsecondary educational institutions are required to accept these courses as meeting general

General education core course options consist of a maximum of five courses in each identified subject area, but may exceed that limit with SBE or BOG approval. The general education core courses are established in SBE rule²⁶ and BOG regulation²⁷ and include the following courses:

 - ARH X000 Art Appreciation;
 - HUM X020 Introduction to Humanities;
 - LIT X000 Introduction to Literature;

A student has completed that core subject area if the student completes a communication, mathematics, or natural science course for which the designated course is a prerequisite.²⁸

Transfer of General Education Courses

Each public postsecondary institution must accept in transfer general education core courses taken at another institution. After completing the general education core course requirements, the remaining courses and credits that fulfill the total 36-hour general education requirement for an associate in arts or baccalaureate degree are at the discretion of the FCS or SUS institution.²⁹

General education programs in Florida, while consistent at the general education core requirements and the total of 36 hours for completion, vary in the selection of institutionally-required courses. Students who transfer with an AA or associate in science (AS) degree, or who have completed their block of 36 general education hours do not have to meet the receiving institution's general education program requirements. If a student does not complete the total 36-hour general education curriculum prior to transfer, each course, outside of courses taken as general education courses, will be reviewed individually to determine if it meets the general education requirements of the new institution.³⁰

Articulation Coordinating Committee

The Commissioner of Education, in consultation with the Chancellor of the State University System, establishes the Articulation Coordinating Committee (ACC), whose primary role is to recommend statewide articulation policies.³¹ Specifically, the ACC must monitor articulation between education systems, propose guidelines for articulation agreements, publish lists of general education and common prerequisite courses, establish dual enrollment course equivalencies to high school credit, and annually review the Statewide Articulation Agreement.³² The Office of K-20 Articulation within the Florida Department of Education provides administrative support to the ACC.³³

Statewide Course Numbering System

The Florida statewide course numbering system (SCNS) is a taxonomy of courses offered by participating postsecondary institutions in order to improve program planning and communication among all delivery systems, and facilitate student acceleration and the transfer of

students and credits between public school districts, public postsecondary educational institutions, and participating nonpublic educational institutions.

Any student who transfers among participating postsecondary educational institutions must be awarded credit by the receiving institution for equivalent courses satisfactorily completed at the previous institution. Courses are considered equivalent if they are judged by the appropriate SCNS faculty committees to be academically equivalent, and are then assigned an equivalent course number. Credits awarded for equivalent courses must satisfy institutional requirements on the same basis as credits awarded to native students.³⁴

All 12 of Florida's state universities, 28 FCS institutions, 40 participating nonpublic postsecondary institutions, and 44 career education centers participate in the SCNS.³⁵

Effect of Proposed Changes

General Education Core Course Options

The bill modifies s. 1007.25, F.S., to require revisions to the general education core course options by faculty committees appointed by the State Board of Education (SBE) and Board of Governors (BOG). Faculty committees must, by December 1, 2023 and each three-years thereafter, review and recommend to the Articulation Coordinating Committee (ACC) and the Commissioner of Education changes to the core course options.

The bill establishes conditions and standards for the content and identification of courses as general education core, which include the following:

- General education core courses may not distort significant historical events or include a curriculum that teaches identity politics that violates the discriminatory concepts in s. 1000.05(4)(a), F.S., or defines American history as contrary to the creation of a new nation based on universal principles stated in the Declaration of Independence.
- General education core courses must meet the following standards:
 - Communication courses must afford students the ability to communicate effectively, including the ability to write clearly and engage in public speaking.
 - Humanities courses must afford students the ability to think critically through the mastering of subjects concerned with human culture, especially literature, history, art, music, and philosophy, and must include selections from the Western canon.
 - Social science courses must afford students an understanding of the basic social and behavioral science concepts and principles used in the analysis of behavior and past and present social, political, and economic issues.
 - Natural science courses must afford students the ability to critically examine and evaluate the principles of the scientific method, model construction, and use the scientific method to explain natural experiences and phenomena.
 - Mathematics courses must afford students a mastery of foundational mathematical and computation models and methods by applying such models and methods in problem solving.

The bill requires each public postsecondary institution to offer at least one general education core course in each of the identified subject areas, and accept all such courses, whether or not the receiving institution offers that course.

The bill also protects a student who has completed a general education core course from having to take an additional core course in that subject area if the course is later removed from the identified list.

General Education Courses

The bill creates s. 1007.55, F.S., to specify general education course principles, standards, and content. The bill asserts that every undergraduate student of a Florida public postsecondary educational institution should graduate as an informed citizen through participation in rigorous general education courses that promote and preserve the constitutional republic through traditional, historically accurate, and high-quality coursework. Courses with a curriculum based on unproven, speculative, or exploratory content are best suited as elective or specific program prerequisite credit, not general education credit.

The bill specifies that general education courses must meet the following criteria:

- Be in the general education core subject areas and meet the course standards as provided in law. Therefore, if an institution has a distribution requirement for its 36-hour general education program that is different than that of the general education core, that institution may need to change its requirements.
- Be offered by at least half of all public postsecondary educational institutions; and be identified as lower level in the statewide course numbering system. There are 1,813 unduplicated general education courses among the 40 public postsecondary institutions.³⁶ Of those, 839 are upper-level courses which would no longer be identified as general education. Of the lower-level general education courses, 62 courses are offered by 20 or more institutions. The 912 courses offered by fewer than 20 institution would no longer be designated as general education under the bill.³⁷
- Whenever applicable, provide instruction on the historical background and philosophical foundations of Western civilization and this nation's historical documents, such as the Declaration of Independence, the United States Constitution, the Bill of Rights and subsequent amendments, and the Federalist Papers.

The bill specifies that public postsecondary educational institution boards of trustees and presidents are responsible for annually reviewing and approving, at a public meeting, general education course requirements. Public postsecondary educational institutions that fail to comply with the requirements of this section are not eligible to receive performance-based funding.

The bill requires public postsecondary educational institutions to report courses meeting institutional general education subject requirements to the department by their statewide course number, which is a current practice of the statewide course numbering system. The ACC must,

³⁷ *Id.*

by July 1, 2024, and each July 1 thereafter, submit to the SBE and the BOG courses that have been approved as meeting the additional general education requirements.

Finally, similar to the general education core courses, the bill specifies that:

- An identified general education course at the previous institution must be accepted in transfer as general education by a receiving institution, regardless of whether it is offered by the institution.
- An institution may not require a student who has completed a general education course from having to take an additional core course in that subject area if the course is later removed from the institution's identified list.

Hamilton Center for Classical and Civic Education

Present Situation

The Hamilton Center for Classical and Civic Education at the University of Florida was created in 2022³⁸ to support teaching and research concerning the ideas, traditions, and texts that form the foundations of Western and American civilization.³⁹

The goals of the center are to:⁴⁰

- Educate university students in core texts and great debates of Western civilization.
- Educate university students in the principles, ideals, and institutions of the American political order.
- Educate university students in the foundations of responsible leadership and informed citizenship.
- Provide programming and training related to civic education and the values of open inquiry and civil discourse to support the K-20 system.
- Coordinate with the Florida Institute of Politics,⁴¹ the Adam Smith Center for the Study of Economic Freedom,⁴² and assist in the curation and implementation of Portraits in Patriotism.⁴³

Effect of Proposed Changes

The bill modifies s. 1004.6496, F.S., to change the Hamilton Center for Classical and Civic Education at the University of Florida (UF) to a college, and authorizes, until July 1, 2024, the UF BOT to use charitable donations to establish and fund the college. The bill specifies that funds appropriated to the college may not be used for any other purpose, but UF may provide additional funding to the college.

The bill includes in the goals of the college educating university students on the Great Books of Western civilization. Also, the bill provides additional authorization to the college to:

Finally, the bill specifies that faculty of the college may be awarded tenure subject to the tenure policies at UF.

⁴⁴ Ch. 2020-114, ss. 9, 110, Law of Fla.

⁴⁵ Section 1004.6499(1), F.S.

Effect of Proposed Changes

The bill modifies s. 1004.6499, F.S., to change the name of the Florida Institute of Politics (institute) at Florida State University (FSU) to the Florida Institute for Governance and Civics. The bill removes the requirement that the institute be housed in the FSU College of Social Sciences and Public Policy, and removes the stated purpose in favor of specified goals.

The bill substantially changes the goals of the institute to:

- Provide students with access to an interdisciplinary hub that will develop academically rigorous scholarship and coursework on the origins of the American system of government, its foundational documents, its subsequent political traditions and evolutions, and its impact on comparative political systems.
- Encourage civic literacy in this state through the development of educational tools and resources for K-12 and postsecondary students which foster an understanding of how individual rights, constitutionalism, separation of powers, and federalism function within the American system.
- Model civic discourse that recognizes the importance of viewpoint diversity, intellectual rigor, and an evidence-based approach to history.
- Plan and host forums to allow students and guests to hear from exceptional individuals who have excelled in a wide range of sectors of American life, to highlight the possibilities created by individual achievement and entrepreneurial vision.

- Create through scholarship, original research, publications, symposia, testimonials, and other means a body of resources that can be accessed by students, scholars, and government officials to understand the innovations in public policy in this state over a rolling 30-year time period.

The Adam Smith Center for the Study of Economic Freedom***Present Situation***

The Adam Smith Center for the Study of Economic Freedom was created in 2020⁴⁶ at Florida International University to:⁴⁷

- Study the effect of government and free market economies on individual freedom and human prosperity.
- Conduct and promote research on the effect of political and economic systems on human prosperity.
- Plan and host research workshops and conferences to allow students, scholars, and guests to exchange in civil discussion of democracy and capitalism.
- Provide fellowship and mentoring opportunities to students engaged in scholarly studies of the effect of political and economic systems on human prosperity.

⁴⁶ Ch. 2020-117, s. 8, Laws of Fla.

⁴⁷ Section 1004.64991, F.S.

Effect of Proposed Changes

The bill modifies s. 1004.64991, F.S., to authorize the Adam Smith Center for the Study of Economic Freedom to:

- Hire necessary faculty and staff, pursuant to university board of trustees hiring authority specified in the bill;
- Enroll students;
- Develop curriculum and offer new courses, including honors courses, certificates, and major and minor programs;
- Award degrees;
- Hold events, including fundraisers;
- Fulfill other actions approved by the president of the university; and
- Generate resources based on student credit hour enrollment, in the same manner as any other college within the institution.

Accreditation***Present Situation***

In order for students to receive federal student aid from the U.S. Department of Education (USDOE) for postsecondary study, the institution must be accredited by a nationally recognized accrediting agency, be authorized by the State in which the institution is located, and receive approval from the USDOE through a program participation agreement.⁴⁸

To gain or renew accreditation, an institution must be evaluated through a set of procedures established by an accrediting agency. Many of the procedures are guided by federal requirements.

The Commission on Colleges of the Southern Association of Colleges and Schools (SACSCOC) is the body for the accreditation of degree-granting higher education institutions in the Southern states. It serves as the common denominator of shared values and practices primarily among the diverse institutions in Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Texas, Virginia and Latin America and certain other international sites approved by the SACSCOC Board of Trustees that award associate, baccalaureate, master's, or doctoral degrees.⁴⁹

SACSCOC accredits 74 Florida public and private colleges and universities,⁵⁰ including 12 universities that make up the State University System of Florida, 28 institutions in the Florida College System, and 34 private colleges and universities.

The Board of Governors and the State Board of Education must identify accrediting agencies or associations best suited to serve as an institutional accreditor for state universities and Florida

College System institutions, respectively. Such accrediting agencies or associations must be recognized by the database created and maintained by the United States Department of Education. A public postsecondary institution may not be accredited by the same accrediting agency or association for consecutive accreditation cycles. In the year following reaffirmation or fifth-year review by its accrediting agency or association, each public postsecondary institution is required to seek and obtain institutional accreditation from an accrediting agency or association identified by the BOG or SBE, respectively, before its next reaffirmation or fifth-year review date.

Effect of Proposed Changes

The bill modifies s. 1008.47, F.S., to clarify that a public postsecondary institution is not required to change accrediting agencies each accreditation cycle, but that the change in accreditation required in law is restricted to a one-time change, prior to the expiration of this requirement on December 31, 2032.

Buy One, Get One Free Tuition Waiver

State universities must provide a "buy one, get one free" (BOGO) tuition and fee waiver on upper-level courses in one of ten science, technology, engineering, or math (STEM) programs of strategic emphasis (PSE), as adopted by the Board of Governors (BOG).⁵¹ Specifically, for every course in a qualifying PSE in which a student is enrolled, a state university must waive 100 percent of the tuition and fees for an equivalent course in such program. To be eligible, a student must:⁵²

- Be an resident for tuition purposes;⁵³
- Earn at least 60 semester credit hours towards a baccalaureate degree within two academic years after initial enrollment at a Florida public postsecondary institution; and
- Be enrolled in one of 10 STEM PSE.

On June 22, 2021, the BOG adopted eight programs for the BOGO fee waiver: Civil Engineering, Computer + Information Science, Computer Engineering, Electrical + Electronics Engineering, Information Technology, Management Information Systems, Mathematics, and Physics.⁵⁴

Beginning in the 2022-2023 academic year, students are eligible to receive the tuition and fee waiver in two additional PSE, finance and accounting,⁵⁵ as adopted by the BOG.⁵⁶

The tuition and fee waiver is applicable only for upper-level courses and for up to 110 percent of the number of required credit hours of the degree program for which the student is enrolled.⁵⁷ For example, for a 120-credit hour state university baccalaureate degree program, the waiver is applicable unless the student has earned an excess of 132 credit hours.

Effect of Proposed Changes

The bill protects students from losing the waiver based on a change to an approved program. The bill authorizes a student to continue receiving the waiver until he or she graduates, exceeds the number of allowable credits, or exits the program, regardless of whether the program is removed from the approved list subsequent to the student's enrollment.

The bill takes effect on July 1, 2023.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Education Postsecondary

BILL: SB 1272

INTRODUCER: Senator Simon and others

SUBJECT: Educational Grants

DATE: March 14, 2023

REVISED: _____

ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1. Jahnke	Bouck	HE	Favorable
2. _____	_____	AED	_____
3. _____	_____	AP	_____

I. Summary:

SB 1272 creates a postsecondary educational grant under the William L. Boyd, IV, Effective Access to Student Education (EASE) Grant Program. Specifically, the bill requires the Florida Department of Education (DOE) to issue a grant to any full-time degree-seeking undergraduate student registered at an independent nonprofit university who was formerly eligible for the Access to Better Learning and Education (ABLE) Grant Program, is accredited by the Higher Learning Commission, has been located in Florida for more than 20 years, and offers specified nursing programs at its Florida campus.

The bill requires the DOE to issue a grant to any full-time degree-seeking undergraduate student registered at an independent for-profit college or university located in and chartered by Florida, is accredited by an accrediting agency or association recognized by the database created and maintained by the United States Department of Education, was licensed by the DOE, and has Level 6 accreditation from the Commission on Colleges of the Southern Association of Colleges and Schools.

The bill requires institutions wanting to participate to provide a one-time notice to the DOE and prescribes criteria for participating institutions.

Additionally, the bill provides that an institution participating in the grant program is not subject to the jurisdiction or purview of the Commission on Independent Education.

The bill has no impact on state revenue or expenditures.

The bill takes effect upon becoming law.

II. Present Situation:

William L. Boyd, IV, Effective Access to Student Education (EASE) Tuition Assistance Grant Program

The William L. Boyd, IV, Effective Access to Student Education (EASE) program¹ provides tuition assistance to Florida undergraduate students attending an eligible private, non-profit Florida college or university.² The program is not related to a student's financial need or other criteria upon which financial aid programs are based.³ The program is administered by the Department of Education (DOE)⁴ with the following parameters:

- Student initial eligibility requirements:⁵
 - Must be a resident of Florida and meet the eligibility requirements for receipt of state aid.
 - Must be enrolled as a full-time undergraduate student at an eligible college or university in a program of study leading to a baccalaureate degree.⁶
 - Must not be enrolled in a program of study leading to a degree in theology or divinity.
 - Must be making satisfactory academic progress as defined by the State Board of Education.
 - Must not have completed more than 110 percent of the degree program in which the student is enrolled.
- Institutional eligibility requirements:⁷
 - Must be an independent nonprofit college or university.
 - Must be located in and chartered by the state of Florida.
 - Must be accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC).
 - Must grant baccalaureate degrees.
 - Must not be a state university or Florida College System (FCS) institution.
 - Must have a secular purpose, so long as the receipt of state aid by students at the institution would not have the primary effect of advancing or impeding religion or result in an excessive entanglement between the state and any religious group.

Funding for the EASE program is provided for in the General Appropriations Act (GAA).⁸ In fiscal year (FY) 2022-2023, the Legislature appropriated \$75,410,000 for the EASE program to support 37,705 eligible students with a maximum award amount per student of \$2,000 in tuition assistance.⁹

During the 2021 Regular Session, the Legislature required an institution which receives EASE funding to submit an accountability report to the DOE by September 1 of each year.¹⁰ The report must, at a minimum, report the following performance metrics:¹¹

- Access rate based upon percentage of Pell-eligible students.
- Affordability rate based upon average student load debt; federal, state, and institutional financial assistance; and average tuition and fees.
- Graduation rate.
- Retention rate.
- Postgraduate employment or continuing education rate.

The DOE is required to provide recommendations regarding minimum performance standards an institution must meet to remain eligible to receive EASE funding.¹² By October 1 of each year, the DOE must submit a report to the chair of the House Appropriations Committee, the chair of the Senate Appropriations Committee, and the Governor's Office of Policy and Budget on the performance of eligible institutions and the institutions which have not met the minimum performance standards recommended by the DOE.¹³

The Access to Better Learning and Education (ABLE) Tuition Assistance Grant Program

In 2003, the Legislature established the Access to Better Learning and Education (ABLE) Tuition Assistance Grant Program (ABLE or grant program) within the DOE.¹⁴ The grant program provided tuition assistance to Florida undergraduate students at eligible institutions until its repeal by the Legislature in 2021.¹⁵ Previously under ABLE, eligible Florida undergraduate students attending an eligible private, for-profit Florida college or university or an eligible non-profit college or university were eligible for tuition assistance.¹⁶ The program was not related to a student's financial need or other criteria upon which financial aid programs are based.¹⁷ The grant program was administered by the DOE with the following institutional eligibility requirements:¹⁸

- For-profit college or university:
 - Must be located in and chartered by the state of Florida.
 - Must be accredited by the SACSCOC.
- Nonprofit college or university:
 - Must be chartered out of the state.
 - Must have been located in the state for 10 years or more.
 - Must be accredited by one of the following: SACSCOC, Middle States Association of Colleges and Schools, North Central Association of Colleges and Schools, or the New England Association of Colleges and Schools.
 - Must grant baccalaureate degrees.

Southern Association of Colleges and Schools Commission on Colleges (SACSCOC)

The Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) is the regional body for the accreditation of degree-granting higher education institutions in the Southern states.²⁰ The mission of the SACSCOC is the enhancement of education quality throughout the region and the improvement of the effectiveness of institutions by ensuring that they meet standards established by the higher education community that address the needs of society and students.²¹

Accreditation by SACSCOC signifies that the institution has a mission appropriate to higher education, has resources, programs, and services sufficient to accomplish and sustain that mission, and maintains clearly specified educational objectives that are consistent with its mission and appropriate to the degrees it offers, and that indicate whether it is successful in achieving its stated objectives.²²

Classified according to the highest degree offered, SACSCOC member institutions are placed into one of the following six categories:²³

- Level I – Associate
- Level II – Baccalaureate
- Level III – Master
- Level IV – Educational Specialist
- Level V – Doctorate (3 or fewer programs)
- Level VI – Doctorate (4 or more programs)

III. Effect of Proposed Changes:

SB 1272 creates s. 1009.521, F.S., to establish a postsecondary education grant pursuant to the William L. Boyd, IV, Effective Access to Student Education (EASE) Grant Program.

The bill requires the Florida Department of Education (DOE) to issue a grant to any full-time degree-seeking undergraduate student registered at an independent nonprofit university who, as of January 1, 2021, was eligible for the former Access to Better Learning and Education (ABLE) Grant Program, is accredited by the Higher Learning Commission, has been located in Florida for more than 20 years, and offers nursing programs at its Florida campus which include:

- Licensed practical nurse (LPN).
- Registered Nurse (RN), including an associate of science in nursing (ASN) and bachelor of science in nursing (BSN).
- Accelerated BSN.
- Practical nurse bridge to ASN.
- Practical nurse bridge to BSN.

The bill requires the DOE to issue a grant to any full-time degree-seeking undergraduate student registered at an independent for-profit college or university located in and chartered by Florida, is accredited by an accrediting agency or association recognized by the database created and maintained by the United States Department of Education, was licensed by the DOE on or before October 1, 2021, and has Level 6 accreditation from the Commission on Colleges of the Southern Association of Colleges and Schools (SACSCOC).

Herzing University and Columbia College are independent nonprofit universities that are accredited by HLC, have been located in Florida for over 20 years, and offer the required nursing programs at a campus in Florida. South College is an independent for-profit college located in and chartered by Florida, licensed by the DOE, and has a Level 6 SACSCOC accreditation.

The bill specifies that the institution must have a secular purpose and that the receipt of state aid by a student at the institution should not have the primary effect of promoting or inhibiting any

religion, nor should it lead to an excessive involvement or entanglement between the state and any religious organization.

The bill requires institutions wanting to qualify for funding for the grant program to provide a one-time option written notice to participate to the DOE on or before September 1, 2023. Participating institutions are required to comply with the statutory funding requirements for the EASE grant program, except the requirement to reduce a grant if the combined amount of all of the student's grants and scholarships for tuition or fees exceeds the amount charged to the student for tuition and fees.

Additionally, the bill provides that an institution participating in the grant program is not subject to the jurisdiction or purview of the Commission on Independent Education (CIE). Therefore, the institution would not be required to be licensed by the CIE.

The bill takes effect upon becoming law.
