- Demonstrate to the appropriate board that he or she has successfully completed training directly related to and include the procedure being performed, such as board certification or eligibility to become board-certified; or
- Demonstrate comparable background, training, or experience.

A physician, or a facility where the procedure is being performed, must have a transfer agreement with a licensed hospital within a reasonable proximity[28] if the physician performing the procedure does not have staff privileges to perform the same procedure at a licensed hospital within a reasonable proximity.

Anesthesiology must be performed by an anesthesiologist, a certified registered nurse anesthetist (CRNA), or a qualified physician assistant (PA). An appropriately-trained physician, PA, or registered nurse with experience in post-anesthesia care, must be available to monitor the patient in the recovery room until the patient is recovered from anesthesia.[29]

Level IIA

Level IIA office surgeries are those Level II surgeries with a maximum planned duration of five minutes or less and in which chances of complications requiring hospitalization are remote.[30] A physician, physician assistant, registered nurse, or licensed practical nurse must assist the surgeon during the procedure and monitor the patient in the recovery room until the patient is recovered from anesthesia.[31] The assisting health care practitioner must be appropriately certified in advanced cardiac life support, or in the case of pediatric patients, pediatric advanced life support.[32]

Level III

Level III office surgeries are the most complex and require deep sedation or general anesthesia.[33] A physician performing the surgery must have staff privileges to perform the same procedure in a hospital.[34] The physician must also have knowledge of the principles of general anesthesia.

[28] Transport time to the hospital must be 30 minutes of less.
[29] *Id.* The assisting practitioner must be trained in advanced cardiovascular life support, or for pediatric patients, pediatric advanced life support.
[30] Fla. Admin. Code Rs. 64B-9.009(5) and 64B15-14.007(5), (2023).
[31] *Id.*
[32] *Id.*
[33] Deep sedation is a drug-induced depression of consciousness during which a patient cannot be easily aroused but responds purposefully following repeated or painful stimulation. The ability to independently maintain ventilatory function may be impaired. A patient may require assistance in maintaining a patent airway, and spontaneous ventilation may be inadequate. Cardiovascular function is usually maintained. General anesthesia is a drug-induced loss of consciousness during which a patient is not arousable, even by painful stimulation. The ability to independently maintain ventilatory function is often impaired. Patients often require assistance in maintaining a patent airway, and positive pressure ventilation may be required because of depressed spontaneous ventilation or drug-induced depression of neuromuscular function. Cardiovascular function may be impaired. The use of spinal or epidural anesthesia is considered Level III.
[34] Fla. Admin. Code Rs. 64B8-9.009(6) and 64B15-14.007(6), (2023). The physician may also document satisfactory completion of training directly related to and include the procedure being performed.

Only patients classified under the American Society of Anesthesiologist's (ASA) risk classification criteria as Class I or II[35] are appropriate candidates for Level III office surgery. For all ASA Class II patients above the age of 50, the surgeon must obtain a complete work-up performed prior to the performance of Level III surgery in a physician office setting.[36] If the patient has a cardiac history or is deemed to be a complicated medical patient, the patient must have a preoperative electrocardiogram and be referred to an appropriate consultant for medical optimization. The referral to a consultant may be waived after evaluation by the patient's anesthesiologist.[37] All Level III surgeries on patients classified as ASA III[38] and higher must be performed in a hospital or an ambulatory surgery center.

During the procedure, the physician must have one assistant who has current certification in advanced cardiac life support. Additionally, the physician must have emergency policies and procedures related to serious anesthesia complications, which address:

- Airway blockage (foreign body obstruction);
- Allergic reactions;
- Bradycardia;
- Bronchospasm;
- Cardiac arrest;
- Chest pain;
- Hypoglycemia;
- Hypotension;
- Hypoventilation;
- Laryngospasm;
- Local anesthetic toxicity reaction; and
- Malignant hypothermia.

Gluteal Fat Grafting Procedure

Gluteal fat grafting (a.k.a. the Brazilian Butt Lift or BBL) is a surgical procedure that takes supernatant fat from one part of a person's body by liposuction, usually from the waist, back, or abdomen, purifies the supernatant fat, and then injects the supernatant fat in tiny droplets back into the patient's buttocks. The amount of supernatant fat that is temporarily removed from one part of the body and then transferred to the buttocks varies greatly between patients, and the

[35] An ASA Class I patient is a normal, healthy, non-smoking patient, with no or minimal alcohol use. An ASA Class II patient is a patient with mild systemic disease without substantive functional limitations. Examples include current smoker, social alcohol drinker, pregnancy, obesity, well-controlled hypertension with diabetes, or mild lung disease. *See* American Society of Anesthesiologists, *ASA Physical Status Classification System*, (Oct. 15, 2014, last amended Dec. 13, 2020), available at https://www.asahq.org/standards-and-guidelines/asa-physical-status-classification-system (last visited on Feb. 2, 2024).

[36] *Id.*

[37] *Id.*

[38] An ASA Class III patient is a patient with severe systemic disease who has substantive functional limitations and/or one or more moderate to severe diseases. This may include poorly controlled diabetes or hypertension, chronic obstructive pulmonary disease, morbid obesity, active hepatitis, alcohol dependence or abuse, implanted pacemaker, premature infant, recent history of myocardial infarction, cerebrovascular disease, transient ischemic attack, or coronary artery disease.

patient may be turned 180 degrees while under general anesthesia following harvesting of the supernatant fat.[39]

When a surgeon performs a gluteal fat grafting procedure in an office setting, supernatant fat is removed from various parts of the patient's body but may only be injected into the subcutaneous space of the buttocks and must never cross the gluteal muscle fascia. Intramuscular or submuscular fat injections are prohibited.[40]
The risks associated with a gluteal fat grafting procedure include:[41]

- Excessive bleeding;
- Fat embolism, or fat that gets stuck in a vein and then in the lungs;
- Seroma, or fluid build-up under the skin;
- Necrosis, or large volumes of supernatant fat cells that fail to survive transfer;
- Significant scarring;
- Undesirable results; and
- Death.

The rate of fatal complications from gluteal fat grafting is higher than any other cosmetic procedure.[42] South Florida carries the highest BBL mortality rate, by far, in the nation with 25 deaths occurring between 2010 and 2022.[43] According to a study of the deaths that occurred in South Florida, the surgical setting and the short surgical times for these cases were the most significant contributing factors to the deaths.[44] Of the 25 deaths, 23 of the surgeries were found to have been performed at what the researchers classified as high-volume, low-budget clinics. These clinics were found to have employed a practice model based on minimal patient interaction. All of the deaths resulted from pulmonary fat embolism, which occurs when a vein wall is injured during the injection process, allowing fat to enter the pulmonary vessels.[45]

360 Degree Liposuction Procedures

The 360 degree Liposuction may include liposuction of areas of body, including but not limited to the following, while under general anesthesia:

- Upper back;
- Lower back;
- Hip roll;
- Mid back;
- Flanks;
- Abdomen;

- Arms;
- Thighs; and
- Presacral triangle.

The 360 Degree Liposuction Combined with a BBL

The 360 degree liposuction with the BBL is a new popular cosmetic procedure and is actually two surgical procedures performed at the same time.[46] The 360 degree liposuction harvests excess supernatant fat from various areas of the body as noted above and involves turning the patient over 360 degrees while under general anesthesia; and then placing the patient on his or her abdomen, face down, and undergoing a BBL.[47]

The risks associated with the 360 degree liposuction with the BBL includes:
- Hemorrhage;
- Pain;
- Skin discoloration;
- Infections,
- Fluid accumulation;
- Blood building up at the incision or underneath the buttocks;
- Skin loss; and
- Pulmonary embolism.[48]

Adding the BBL to 360 degree liposuction makes the procedure longer and potentially more dangerous, especially regarding the complication of a fat embolism and excessive blood loss, which could lead to death.[49]

The Vasovagal Response

During general anesthesia for a 360 degree liposuction and BBL there is also the possible complication of excessive vasovagal stimulation caused by turning the patient over 180 degrees or 360 degrees, creating life-threatening vasovagal syncope and triggering bradycardia, hypotension, and progressing to cardiac arrest and even death.[50] Painful stimulus of the bronchial, pharyngeal, laryngeal, esophageal mucosa and peritoneum stretch, and reduced blood volume can increase the vagal activity, leading to severe bradycardia, hypotension, and cardiac

[50] *Id.*

arrest. Even venous cannulation, neuraxial, and regional anesthesia techniques have been attributed to vasovagal syncope.[51]

Under Florida law, liposuction may be performed in combination with another separate surgical procedure during a single Level II or Level III operations, only in the following circumstances:[52]

- When combined with abdominoplasty, liposuction may not exceed 1,000 cc of supernatant fat;
- When liposuction is associated and directly related to another procedure, the liposuction may not exceed 1,000 cc of supernatant fat; and
- Major liposuction in excess of 1,000 cc supernatant fat may not be performed in a remote location from any other procedure.

A maximum of 4,000 cc supernatant fat may be removed by liposuction in the office setting.[53]

Standards of Practice for a Gluteal Fat Grafting Procedures in Office Surgery Setting

A physician performing a gluteal fat grafting procedure in an office setting must conduct an in-person examination of the patient while physically present in the same room as the patient, no later than the day before the procedure.[54]

If a surgeon desires to delegate any of his or her duties during a gluteal fat grafting procedure, he or she must obtain the patient's written, informed consent for the delegation. Any delegated duty must be performed under the direct supervision of the physician performing the procedure. The surgeon may not delegate the supernatant extraction or the gluteal fat injections. The supernatant fat may only be injected into the subcutaneous space of the patient's buttocks and may not cross the fascia overlying the gluteal muscle. Intramuscular or submuscular supernatant fat injections are prohibited.[55]

When the physician performing a gluteal fat grafting procedure injects the supernatant fat into the subcutaneous space of the patient's buttocks, the physician must use ultrasound guidance, or another form of guidance or technology authorized under BOM or BOOM rule, as applicable, which is equal to, or exceeds, the quality of ultrasound, during the placement and navigation of the cannula, to ensure that the supernatant fat is injected into the subcutaneous space above the fascia overlying the gluteal muscle. Ultrasound guidance is not required for other portions of the procedure.[56]

Adverse Incident Reporting

A physician must report any adverse incident that occurs in an office setting to the DOH within 15 days after the occurrence.[57] An adverse incident in an office setting is defined as an event over which the physician or licensee could exercise control and which is associated with a medical intervention and results in one of the following patient injuries:[58]

- The death of a patient;
- Brain or spinal damage to a patient;
- The performance of a surgical procedure on the wrong patient;
- If the procedure results in death; brain or spinal damage; permanent disfigurement; the fracture or dislocation of bones or joints; a limitation of neurological, physical, or sensory functions; or any condition that required the transfer of a patient, the performance of:
  - A wrong-site surgical procedure;
  - A wrong surgical procedure; or
  - A surgical repair of damage to a patient resulting from a planned surgical procedure where the damage is not a recognized specific risk as disclosed to the patient and documented through the informed consent process;
- A procedure to remove unplanned foreign objects remaining from a surgical procedure; or
- Any condition that required the transfer of a patient to a hospital from an ambulatory surgical center or any facility or any office maintained by a physician for the practice of medicine which is not licensed under ch. 395, F.S.

The DOH must review each adverse incident report to determine if discipline against the practitioner's license is warranted.[59]

DOH Regulatory Authority of Office Surgeries

The DOH and the respective boards may deny or revoke an office surgery's registration if any of its physicians, owners, or operators do not comply with any office surgery laws or rules. The DOH may deny a person applying for a facility registration if he or she was named in the registration document of an office whose registration is revoked for five years after the revocation date. The DOH may impose penalties on the designated physician if the registered office is not in compliance with safety requirements, including:[60]

- Suspension or permanent revocation of a license;
- Restriction of license;
- Imposition of an administrative fine not to exceed $10,000 for each count or separate offense. If the violation is for fraud or making a false or fraudulent representation, the board must impose a fine of $10,000 per count or offense;
- Issuance of a reprimand or letter of concern:
- Placement of the licensee on probation for a period of time and subject to such conditions as specified by the board;
- Corrective action;

[57] Sections 458.351 and 459.026, F.S.
[58] Sections 458.351(4) and 459.026(4), F.S.
[59] Sections 458.351(5) and 459.026(5), F.S.
[60] Section 456.072(2), F.S.

- Imposition of an administrative fine in accordance with s. 381.0261, F.S., for violations regarding patient rights;
- Refund of fees billed and collected from the patient or a third party on behalf of the patient; or
- Requirement that the licensee undergo remedial education.

The DOH, via the Surgeon General, can also issue an emergency order suspending or restricting the registration of a facility if there is probable cause that:

- The office or its physicians are not in compliance with board rule on the standards of practice or The licensee or registrant is practicing or offering to practice beyond the scope allowed by law or beyond his or her competence to perform; and
- Such noncompliance constitutes an immediate danger to the public.

The boards must adopt rules establishing the standards of practice for physicians who perform office surgery. The boards must fine physicians who perform office surgeries in an unregistered facility $5,000 per day. Performing office surgery in a facility that is not registered with the DOH is grounds for disciplinary action against a physician's license.

Section 469 of the Florida Building Code: Office Surgery Suites

Section 469 of the Florida Building Code defines an "office surgery suite" as that portion of a physician's office where surgery is performed according to Florida Administrative Code Rule 64B-8-9009 (2023). Office surgery suites that provide services or treatment on an outpatient basis to four or more patients at the same time that either renders the patients incapable of taking action for self-preservation under emergency conditions without the assistance from others or that provide surgical treatment requiring general anesthesia to four or more patients at the same time, shall meet the requirements of Ambulatory Health Care.[61] Florida Building Code requirements for office surgery suites include requirements for:

- Administrative and public areas including waiting room or lobby;
- Preoperative areas;
- Patient areas;
- Operating rooms;
- Post-operative areas;
- Anesthesia equipment and supplies;
- Medical gas storage;
- General storage rooms;
- Staff clothing change areas;
- Patient change area;
- Stretcher/wheelchair storage area;
- Lounge and toilet facilities;
- Nourishment room or area;
- Housekeeping room;
- Crash/anesthesia carts area; and
- Sterilizing facilities.

[61] 469.3 Office Surgery Suite Occupancy Classification, Florida Building Code (2023).

Ambulatory Surgical Centers

An ASC is a facility that is not a part of a hospital, the primary purpose of which is to provide elective surgical care, in which the patient is admitted and discharged within 24 hours.[62] If a provider anticipates or knows that he or she will be discharging patients beyond 24 hours, he or she must self-designate as an ASC by applying for ASC licensure with the AHCA. An ASC is licensed and regulated by the AHCA under the same regulatory framework as hospitals.[63] Currently, there are 520 licensed ASCs in Florida.[64]

III. Effect of Proposed Changes:

CS/CS/SB 1188 provides office surgery practice standards for Level I, Level II, Level IIA, and Level III surgeries and additional enforcement authority to the DOH over physician offices in which physicians perform certain liposuction procedures or gluteal fat grafting procedures, also known as Brazilian Butt Lifts (BBLs)requires physicians to register their offices with the DOH if they perform liposuction procedures in their offices in which more than 1,000 cc of supernatant fat is temporarily or permanently removed. Current law does not specify temporarily or permanently.

The bill requires physicians to register their offices with the DOH if they perform gluteal fat grafting procedures or if they perform liposuction procedures during which the patient is rotated between the supine, lateral, and prone positions. Current law does not expressly require registration for the performance of such procedures by name.

The bill modifies the penalty for performing surgery in an unregistered office, if the surgery requires office registration, from a fine of $5,000 per day to $5,000 per incident, to allow the DOH to fine a physician for multiple offenses committed during the same day.

The bill requires that if the DOH determines that an applicant for registration, or at registration update, may perform, or intends to perform, liposuction procedures that include a patient being rotated between the supine, lateral, and prone positions, or gluteal fat grafting procedures, the applicant must provide proof that he or she has met the applicable requirements of s. 469 of the Florida Building Code for office surgery suites. If the applicant cannot provide proof of compliance with the applicable requirements of s. 469 of the Florida Building Code, then the DOH must refer the office to the Agency for Health Care Administration (AHCA) and request the AHCA inspect the office and consult with the office about the process of becoming an ambulatory surgery center.

The bill creates specific standards of practice for liposuction procedures where the patient is being rotated between the supine, lateral, and prone positions during the procedure and gluteal fat grafting procedures in amendments to ss. 458.328, and 459.0138, F.S., including:

[62] Section 395.002(3), F.S.
[63] Sections 395.001-.1065, F.S., and Part II, Chapter 408, F.S.
[64] Florida Agency for Health Care Administration, House Bill 1561, 2024 Agency Legislative Bill Analysis (Jan. 18, 2024) (on file with the Senate Committee on Health Policy).

- Equipment and a procedure for measuring and logging the amount of supernatant fat removed, and tissue disposal procedures;
- Procedures for measuring and documenting the amount of lidocaine injected for tumescent liposuction, if used;
- Working ultrasound guidance equipment or other guidance technology authorized under board rule which equals or exceeds the quality of ultrasound guidance;
- Procedure for obtaining blood products;
- Documentation on file at the office that any physician performing these procedures has privileges to perform such procedures in a hospital no more than 30 minutes away or a transport agreement;
- Procedures for emergency resuscitation and transport to a hospital; and
- Procedures for anesthesia and surgical recordkeeping.

The bill requires that physicians who have registered their offices prior to July 1, 2024, to update their registration at the time of their next annual inspection, if a physician performs gluteal fat grafting procedures or liposuction procedures in which the patient is rotated between the supine, lateral, and prone positions in that office surgery. The bill provides additional time for compliance with additional requirements and procedures for an extension of time for inspection upon request.

The bill requires that if, during the registration update process, the DOH determines that the procedures being performed in the office include liposuction procedures where the patient is being rotated between the supine, lateral, and prone positions during the procedure and gluteal fat grafting procedures then the heightened inspection procedure (described above for offices seeking initial registration) is applied at the registration update inspection.

The bill creates two new sections of Florida statute, ss. 458.3281 and 459.0139, F.S., which create additional restrictions on liposuction procedures when performed in combination with another separate surgical procedure during a single Level II or Level III operation, in the following circumstances:

- When combined with an abdominoplasty, liposuction may not exceed 1,000 cubic centimeters of supernatant fat;
- When liposuction is associated and directly related to another procedure, the liposuction may not exceed 1,000 cubic centimeters of supernatant fat; and
- Major liposuction in excess of 1,000 cubic centimeters of supernatant fat may not be performed on a patient's body in a location that is remote from the site of another procedure being performed on that patient.

The bill's two new sections of Florida law also create standards for office surgery for all levels of office surgeries which includes standards for equipment, personnel, medication, policies and anesthesia and codifies the Standards of the American Society of Anesthesiologists for Basic Anesthetic Monitoring.

The bill exempts a physician who is dually-licensed as a dentist while performing dental procedures under the practice of dentistry. Under those conditions, a licensed dentist may continue performing dental surgery under the dental practice ac, and is not required to comply with bill's standards for physician office surgeries.

The bill authorizes the boards to make rules for additional standards of practice for office procedures and surgeries as warranted for patient safety and the evolution of technology and practice; and to administer the registration and registration update process, inspections and safety of office procedures and surgeries.

The bill takes effect upon becoming law.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

The bill may make office surgeries safer for those that chose to have certain plastic surgery procedures performed in an office setting.

C. Government Sector Impact:

According to the DOH, 11 full-time equivalent (FTE) positions will be required to implement the provisions of this bill. Salary is computed at mid-level range of the positions plus 43 percent for benefits, as follows:

Based on the complex and comprehensive requirements for inspections of office surgery centers based on the provisions of this legislation, there will be a significant increase in

workload due to additional time required at registration, prior to registration, and annual registration requirements. It is estimated that this will result in time to process applications and inspect to double. This requires the existing OPS (other personnel services) Nursing Consultant staff that are completing these inspections to have a wider breadth of knowledge and skills in order to complete the inspections.

DOH/MQA is requesting to convert these 6 OPS positions currently at a hourly rate of pay of $45.00 to 6 Senior Management Analyst II (PG 426), with travel. This will result in an offset of $640,742 in OPS rate of pay and fringe benefits (6 x $45/hr x 1,854 hours x 1.28).

In addition, each inspection will require an additional 8 hours per inspection for each office surgery. There are currently 731 office surgeries. The increase in time is estimated to be 5,848 hours per fiscal year (8 hours x 731). One FTE position can manage 1,854 hours of work. Therefore, 4 positions are justified. 4 Senior Management Analyst II (PG 426), with travel are requested. Based on the LBR standards, the total FTE cost is $1,417,555 ($1,248,208/Salary + $165,750/Expense + $3,597/HR) and 876,230 units of rate.

In addition, the provisions of this legislation are expecting to result in an increase in emergency suspension orders. The increase in emergency suspension orders will increase workload in the prosecution office. Therefore, 1 Senior Attorney (PG 230), no travel is requested. The total FTE cost is $169,488 ($153,594/Salary + $15,534/Expense + $360/HR) and 107,821 units of rate.

Due to the amount of time required for travel for these positions, an additional 4 motor vehicles are requested in addition to the existing fleet for the Bureau of Enforcement. The average cost for a new vehicle on state contract 25100000-22 is $27,722. Therefore $110,888 is requested.

The total estimated annual cost is $1,697,931 in the following categories:

FY 2024-25 Estimated Cost
Salary - $1,401,802/Recurring
Salary Rate – 984,051 Units of Rate
Expense - $108,035/Recurring + $73,249/Non-Recurring
Other personal service $(640,742)/Recurring
Human Resources - $3,957/Recurring
Motor Vehicles - $110,888/Non-Recurring

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 456.074, 458.328, and 459.0138.

The bill creates the following sections of the Florida Statutes: 458.3281 and 459.0139.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Fiscal Policy on February 22, 2024:
The committee substitute:

- Provides detailed directions to DOH regarding requirements for physician office surgery inspections;
- Deletes bill's language for a re-registration process for offices where certain surgeries are performed, and instead creates a "Registration Update" process;
- Authorizes the updated registration inspection at next annual inspection and provides additional time for compliance with additional requirements and procedures upon request;
- Modifies language regarding a patient being "rotated 180 degrees" to "the patient being rotated between the supine, lateral, and prone positions" to better reflect the actual rotations possible of a liposuction patient in surgery;
- Requires office surgery applicants to document that the applicant has met the applicable requirements of s. 469 of the Florida Building Code for office surgery suites;
- Creates new sections of statute for all levels of office surgeries to codify existing rules of the Boards of Medicine and Osteopathic Medicine;
- Creates additional restrictions on liposuction procedures when performed in combination with another separate surgical procedure during a single Level II or Level III operation;
- Creates standards for office surgery anesthesia by adopting Standards of the American Society of Anesthesiologists for Basic Anesthetic Monitoring;
- Authorizes the boards to make rules for additional standards of practice for office procedures and surgeries as warranted for patient safety and the evolution of technology and practice, to administer registration and registration update processes, and inspections and safety of office procedures and surgeries;
- Clarifies that a physician has to have privileges at a hospital or a transfer agreement with a hospital, not both; and
- Provides an exemption for physicians who are dually licensed as dentists while such practitioner is performing dental procedures that are regulated under the practice of dentistry.

CS by Health Policy on February 6, 2024:
The committee substitute applies the bill's heightened inspection procedure (that the bill requires for offices seeking re-registration) to applicants for initial office surgery registration, if the DOH determines that a physician will perform, or is likely to perform, liposuction procedures during which the patient is rotated 180 degrees or more or gluteal fat grafting procedures in the office.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

148378

LEGISLATIVE ACTION

Senate	.	House
Comm: WD	.	
02/25/2024	.	
	.	
	.	
	.	

The Committee on Fiscal Policy (Garcia) recommended the following:

Senate Amendment (with title amendment)

Delete everything after the enacting clause and insert:

Section 1. Section 458.328, Florida Statutes, is amended to read:

458.328 Office surgeries.—

(1) REGISTRATION.—

(a)~~1.~~ An office in which a physician performs or intends to perform a liposuction procedure in which more than 1,000 cubic

148378

centimeters of supernatant fat is temporarily or permanently removed, a liposuction procedure during which the patient is rotated between the supine, lateral, and prone positions, a Level II office surgery, or a Level III office surgery must register with the department. ~~unless the office is licensed as~~ A facility licensed under chapter 390 or chapter 395 may not be registered under this section.

(b)~~2.~~ The department must complete an inspection of any office seeking registration under this section before the office may be registered.

1. The inspection of the office seeking registration under this section must include inspection for compliance with the standards of practice set out in this section and s. 458.3281 and any applicable board rules for the levels of office surgery and procedures listed on the application which any physician practicing at the office performs or intends to perform. The application must be updated within 10 calendar days before any additional surgical procedures or levels of office surgery are to be performed at the office. Failure to timely update the application for any such additional surgical procedures or levels of office surgery is a violation of this section and subject to discipline under ss. 456.072 and 458.331.

2. The department must immediately suspend the registration process of an office that refuses an inspection under subparagraph 1., and the applicant must be required to reapply for registration.

3. If the department determines that an office seeking registration under this section is one in which a physician may perform, or intends to perform, liposuction procedures that

148378

include a patient being rotated between the supine, lateral, and prone positions during the procedure, or in which a physician may perform, or intends to perform, gluteal fat grafting procedures, the office must provide proof to the department that it has met the applicable requirements of s. 469 of the Florida Building Code, relating to office surgery suites, and s. 458.3281 and the applicable rules adopted thereunder, and the department must inspect the office to ensure that all of the following are present or in place:

a. Equipment and a procedure for measuring and documenting in a log the amount of supernatant fat removed, both temporarily and permanently, from a particular patient, including tissue disposal procedures.

b. A procedure for measuring and documenting the amount of lidocaine injected for tumescent liposuction, if used.

c. Working ultrasound guidance equipment or other guidance technology authorized under board rule which equals or exceeds the quality of ultrasound guidance.

d. The office procedure for obtaining blood products.

e. Documentation on file at the office demonstrating that any physician performing these procedures has privileges to perform such procedures in a hospital no more than 20 minutes away.

f. Procedures for emergency resuscitation and transport to a hospital.

g. Procedures for anesthesia and surgical recordkeeping.

h. Any additional inspection requirements, as set by board rule.

4. If an applicant is unable to provide proof to the

148378

department that the office seeking registration is in compliance with the applicable requirements of s. 469 of the Florida Building Code, relating to office surgery suites, or s. 458.3281 or the applicable rules adopted thereunder, in accordance with subparagraph 3., the department must notify the Agency for Health Care Administration and request the agency to inspect the office and consult with the office about the process to apply for ambulatory surgical center licensure under chapter 395 and how the office may seek qualification for such licensure, notwithstanding the office's failure to meet all requirements associated with such licensure at the time of inspection and notwithstanding any pertinent exceptions provided under s. 395.002(3).

(c) ~~(b)~~ To be ~~By January 1, 2020, each office~~ registered under this section or s. 459.0138, an office must, at the time of application, list a designated ~~designate a~~ physician who is responsible for the office's compliance with the office health and safety requirements of this section and rules adopted hereunder. A designated physician must have a full, active, and unencumbered license under this chapter or chapter 459 and shall practice at the office for which he or she has assumed responsibility. Within 10 calendar days after the termination of a designated physician relationship, the office must notify the department of the designation of another physician to serve as the designated physician. The department may not register an office if the office fails to comply with this requirement at the time of application and must seek an emergency suspension of ~~suspend~~ the registration of an office pursuant to s. 456.074(6) if the office fails to timely notify the department of its new

148378

designated physician within 10 calendar days after the termination of the previous designated physician relationship ~~comply with the requirements of this paragraph~~.

(d) As a condition of registration, each office must, at the time of application, list all medical personnel who will be practicing at the office, including all of the following:

1. Physicians who intend to practice surgery or assist in surgery at the office seeking registration, including their respective license numbers and practice addresses.

2. Anesthesia providers, including their license numbers.

3. Nursing personnel licensed under chapter 464, including their license numbers unless already provided under subparagraph 2.

4. Physician assistants, including their respective license numbers and supervising physicians.

The office must notify the department of the addition or termination of any of the types of medical personnel specified under this paragraph within 10 calendar days before such addition or after such termination. Failure to timely notify the department of such addition or termination is a violation of this section and subject to discipline under ss. 456.072 and 458.331.

(e) ~~(c)~~ As a condition of registration, each office must establish financial responsibility by demonstrating that it has met and continues to maintain, at a minimum, the same requirements applicable to physicians in ss. 458.320 and 459.0085. Each physician practicing at an office registered under this section or s. 459.0138 must meet the financial

148378

responsibility requirements under s. 458.320 or s. 459.0085, as applicable.

(f) ~~(d)~~ Each physician practicing or intending to practice at an office registered under this section or s. 459.0138 must ~~shall~~ advise the board, in writing, within 10 calendar days before ~~after~~ beginning or after ending his or her practice at a registered office, as applicable.

(g) ~~(e)1.~~ The department shall inspect a registered office at least annually, including a review of patient records, anesthesia logs, surgery logs, and liposuction logs to ensure that the office is in compliance with this section and rules adopted hereunder unless the office is accredited in office-based surgery by the Joint Commission or other ~~a~~ nationally recognized accrediting agency approved by the board. The inspection may be unannounced, except for the inspection of an office that meets the description of a clinic specified in s. 458.3265(1)(a)3.h., and those wholly owned and operated physician offices described in s. 458.3265(1)(a)3.g. which perform procedures referenced in s. 458.3265(1)(a)3.h., which must be announced.

(h) ~~2.~~ The department must immediately suspend the registration of a registered office that refuses an inspection under paragraph (g) ~~subparagraph 1~~. The office must close during such suspension. The suspension must remain in effect for at least 14 consecutive days and may not terminate until the department issues a written declaration that the office may reopen following the department's completion of an inspection of the office.

(i) ~~(f)~~ The department may suspend or revoke the

148378

registration of an office in which a procedure or surgery identified in paragraph (a) is performed for failure of any of its physicians, owners, or operators to comply with this section and rules adopted hereunder or s. 459.0138 and rules adopted thereunder. If an office's registration is revoked for any reason, the department may deny any person named in the registration documents of the office, including the persons who own or operate the office, individually or as part of a group, from registering an office to perform procedures or office surgeries pursuant to this section or s. 459.0138 for 5 years after the revocation date.

(j) ~~(g)~~ The department may impose any penalty set forth in s. 456.072(2) against the designated physician for failure of the office to operate in compliance with the office health and safety requirements of this section and rules adopted hereunder or s. 459.0138 and rules adopted thereunder.

~~(h) A physician may only perform a procedure or surgery identified in paragraph (a) in an office that is registered with the department. The board shall impose a fine of $5,000 per day on a physician who performs a procedure or surgery in an office that is not registered with the department.~~

(k) ~~(i)~~ The actual costs of registration and inspection or accreditation must ~~shall~~ be paid by the person seeking to register and operate the office in which a procedure or surgery identified in paragraph (a) will be performed.

(2) REGISTRATION UPDATE.—

(a) An office that registered under this section before July 1, 2024, in which a physician performs liposuction procedures that include a patient being rotated between the

supine, lateral, and prone positions during the procedure or in which a physician performs gluteal fat grafting procedures must provide a registration update to the department consistent with the requirements of the initial registration under subsection (1) no later than 30 days before the office surgery's next annual inspection.

(b) Registration update inspections required under subsection (1) must be performed by the department on the date of the office surgery's next annual inspection.

(c) During the registration update process, the office surgery may continue to operate under the original registration.

(d) In order to provide an office surgery time to update to the requirements of subsection (1) and s. 458.3281, effective July 1, 2024, and the applicable provisions of s. 469 of the Florida Building Code, relating to office surgery suites, any office surgery registered under this section before July 1, 2024, whose annual inspection is due in July or August 2024, may request from the department, in writing, a 60-day postponement of the required annual inspection, which postponement must be granted.

(e) All other requests to the department for a postponement of the registration update inspection required under this registration update process must be in writing and be approved by the chair of the Board of Medicine for good cause shown, and such postponement may not exceed 30 days.

(3) STANDARDS OF PRACTICE.—

(a) A physician performing a procedure or surgery in an office registered under this section must comply with the applicable provisions of s. 469 of the Florida Building Code,

148378

relating to office surgery suites, and the standards of practice for office surgery set forth in this section and s. 458.3281, as applicable, and any applicable rules adopted thereunder.

(b) A physician may not perform any surgery or procedure identified in paragraph (1)(a) in a setting other than an office registered under this section or a facility licensed under chapter 390 or chapter 395, as applicable. The board shall impose a fine of $5,000 per incident on a physician who violates this paragraph ~~performing a gluteal fat grafting procedure in an office surgery setting shall adhere to standards of practice pursuant to this subsection and rules adopted by the board~~.

(c) ~~(b)~~ Office surgeries may not:

1. Be a type of surgery that generally results in blood loss of more than 10 percent of estimated blood volume in a patient with a normal hemoglobin level;

2. Require major or prolonged intracranial, intrathoracic, abdominal, or joint replacement procedures, except for laparoscopic procedures;

3. Involve major blood vessels and be performed with direct visualization by open exposure of the major blood vessel, except for percutaneous endovascular intervention; or

4. Be emergent or life threatening.

(d) ~~(c)~~ A physician performing a gluteal fat grafting procedure in an office surgery setting must comply with the applicable provisions of s. 469 of the Florida Building Code, relating to office surgery suites, and the standards of practice under this subsection and s. 458.3281, and applicable rules adopted thereunder, including, but not limited to, all of the following standards of practice:

148378

1. The ~~A~~ physician performing the ~~a~~ gluteal fat grafting procedure must conduct an in-person examination of the patient while physically present in the same room as the patient no later than the day before the procedure.

2. Before a physician may delegate any duties during a gluteal fat grafting procedure, the patient must provide written, informed consent for such delegation. Any duty delegated by a physician during a gluteal fat grafting procedure must be performed under the direct supervision of the physician performing such procedure. Fat extraction and gluteal fat injections must be performed by the physician and may not be delegated.

3. Fat may only be injected into the subcutaneous space of the patient and may not cross the fascia overlying the gluteal muscle. Intramuscular or submuscular fat injections are prohibited.

4. When the physician performing a gluteal fat grafting procedure injects fat into the subcutaneous space of the patient, the physician must use ultrasound guidance, or guidance with other technology authorized under board rule which equals or exceeds the quality of ultrasound, during the placement and navigation of the cannula to ensure that the fat is injected into the subcutaneous space of the patient above the fascia overlying the gluteal muscle. Such guidance with the use of ultrasound or other technology is not required for other portions of such procedure.

5. An office in which a physician performs gluteal fat grafting procedures shall at all times maintain a ratio of one physician to one patient during all phases of the procedure,

148378

beginning with the administration of anesthesia to the patient and concluding with the extubation of the patient. After a physician has commenced, and while he or she is engaged in, a gluteal fat grafting procedure, the physician may not commence or engage in another gluteal fat grafting procedure or any other procedure with another patient at the same time.

(e) ~~(d)~~ If a procedure in an office surgery setting results in hospitalization, the incident must be reported as an adverse incident pursuant to s. 458.351.

~~(e) An office in which a physician performs gluteal fat grafting procedures must at all times maintain a ratio of one physician to one patient during all phases of the procedure, beginning with the administration of anesthesia to the patient and concluding with the extubation of the patient. After a physician has commenced, and while he or she is engaged in, a gluteal fat grafting procedure, the physician may not commence or engage in another gluteal fat grafting procedure or any other procedure with another patient at the same time.~~

(4) ~~(3)~~ RULEMAKING.—

(a) The board may ~~shall~~ adopt by rule additional standards of practice for physicians who perform office procedures or ~~office~~ surgeries under ~~pursuant to~~ this section, as warranted for patient safety and by the evolution of technology and medical practice.

(b) The board may adopt rules to administer the registration, registration update, inspection, and safety of offices in which a physician performs office procedures or ~~office~~ surgeries under ~~pursuant to~~ this section.

Section 2. Section 458.3281, Florida Statutes, is created

148378

to read:

458.3281 Standard of practice for office surgery.—

(1) CONSTRUCTION.—This section does not relieve a physician performing a procedure or surgery from the responsibility of making the medical determination of whether an office is an appropriate setting in which to perform that particular procedure or surgery, taking into consideration the particular patient on which the procedure or surgery is to be performed.

(2) DEFINITIONS.—As used in this section, the term:

(a) "Certified in advanced cardiac life support" means a person holds a current certification in an advanced cardiac life support course with didactic and skills components, approved by the American Heart Association, the American Safety and Health Institute, the American Red Cross, Pacific Medical Training, or the Advanced Cardiovascular Life Support (ACLS) Certification Institute.

(b) "Certified in basic life support" means a person holds a current certification in a basic life support course with didactic and skills components, approved by the American Heart Association, the American Safety and Health Institute, the American Red Cross, Pacific Medical Training, or the ACLS Certification Institute.

(c) "Certified in pediatric advanced life support" means a person holds a current certification in a pediatric advanced life support course with didactic and skills components approved by the American Heart Association, the American Safety and Health Institute, or Pacific Medical Training.

(d) "Continual monitoring" means monitoring that is repeated regularly and frequently in steady, rapid succession.

148378

(e) "Continuous monitoring" means monitoring that is prolonged without any interruption at any time.

(f) "Equipment" means a medical device, instrument, or tool used to perform specific actions or take certain measurements during, or while a patient is recovering from, a procedure or surgery which must meet current performance standards according to its manufacturer's guidelines for the specific device, instrument, or tool, as applicable.

(g) "Major blood vessels" means a group of critical arteries and veins, including the aorta, coronary arteries, pulmonary arteries, superior and inferior vena cava, pulmonary veins, and any intra-cerebral artery or vein.

(h) "Office surgery" means a physician's office in which surgical procedures are performed by a physician for the practice of medicine as authorized by this section and board rule. The office must be an office at which a physician regularly performs consultations with surgical patients, preoperative examinations, and postoperative care, as necessitated by the standard of care related to the surgeries performed at the physician's office, and at which patient records are readily maintained and available. The types of procedures or surgeries performed in an office surgery are those which need not be performed in a facility licensed under chapter 390 or chapter 395, and are not of the type that:

1. Generally result in blood loss of more than 10 percent of estimated blood volume in a patient with a normal hemoglobin count;

2. Require major or prolonged intracranial, intrathoracic, abdominal, or major joint replacement procedures, except for

148378

laparoscopic procedures;

3. Involve major blood vessels and are performed with direct visualization by open exposure of the major vessel, except for percutaneous endovascular intervention; or

4. Are generally emergent or life threatening in nature.

(i) "Pediatric patient" means a patient who is 13 years of age or younger.

(j) "Percutaneous endovascular intervention" means a procedure performed without open direct visualization of the target vessel, and requires only needle puncture of an artery or vein followed by insertion of catheters, wires, or similar devices that are then advanced through the blood vessels using imaging guidance. Once the catheter reaches the intended location, various maneuvers to address the diseased area may be performed, including, but not limited to, injection of contrast medium for imaging; treatment of vessels with angioplasty; atherectomy; covered or uncovered stenting; embolization or intentionally occluding vessels or organs; and delivering medications or radiation or other energy, such as laser, radiofrequency, or cryo.

(k) "Reasonable proximity" means a distance that does not exceed 30 minutes of transport time to the hospital.

(l) "Surgery" means any manual or operative procedure performed upon the body of a living human being, including, but not limited to, those performed with the use of lasers, for the purposes of preserving health, diagnosing or curing disease, repairing injury, correcting a deformity or defect, prolonging life, relieving suffering, or any elective procedure for aesthetic, reconstructive, or cosmetic purposes. The term

148378

includes, but is not limited to, incision or curettage of tissue or an organ; suture or other repair of tissue or an organ, including a closed as well as an open reduction of a fracture; extraction of tissue, including premature extraction of the products of conception from the uterus; insertion of natural or artificial implants; or an endoscopic procedure with use of local or general anesthetic.

(3) GENERAL REQUIREMENTS FOR OFFICE SURGERY.—

(a) The physician performing the surgery must examine the patient immediately before the surgery to evaluate the risk of anesthesia and of the surgical procedure to be performed. The physician performing the surgery may delegate the preoperative heart and lung evaluation to a qualified anesthesia provider within the scope of the provider's practice and, if applicable, protocol.

(b) The physician performing the surgery shall maintain complete patient records of each surgical procedure performed, which must include all of the following:

1. The patient's name, patient number, preoperative diagnosis, postoperative diagnosis, surgical procedure, anesthetic, anesthesia records, recovery records, and complications, if any.

2. The name of each member of the surgical team, including the surgeon, first assistant, anesthesiologist, nurse anesthetist, anesthesiologist assistant, circulating nurse, and operating room technician, as applicable.

(c) Each office surgery's designated physician shall ensure that the office surgery has procedures in place to verify that all of the following have occurred before any surgery is

148378

performed:

1. The patient has signed the informed consent form for the procedure reflecting the patient's knowledge of identified risks of the procedure, consent to the procedure, the type of anesthesia and anesthesia provider to be used during the procedure, and the fact that the patient may choose the type of anesthesia provider for the procedure, such as an anesthesiologist, a certified registered nurse anesthetist, a physician assistant, an anesthesiologist assistant, or another appropriately trained physician as provided by board rule.

2. The patient's identity has been verified.

3. The operative site has been verified.

4. The operative procedure to be performed has been verified with the patient.

5. All of the information and actions required to be verified under this paragraph are documented in the patient's medical record.

(d) With respect to the requirements set forth in paragraph (c), written informed consent is not necessary for minor Level I procedures limited to the skin and mucosa.

(e) The physician performing the surgery shall maintain a log of all liposuction procedures performed at the office surgery where more than 1,000 cubic centimeters of supernatant fat is temporarily or permanently removed and where Level II and Level III surgical procedures are performed. The log must, at a minimum, include all of the following:

1. A confidential patient identifier.

2. Time of arrival in the operating suite.

3. The name of the physician performing the procedure.

148378

4. The patient's diagnosis, CPT codes used for the procedure, the patient's classification for risk with anesthesia according to the American Society of Anesthesiologists' physical status classification system, and the type of procedure and level of surgery performed.

5. Documentation of completion of the medical clearance performed by the anesthesiologist or the physician performing the surgery.

6. The name and provider type of the anesthesia provider and the type of anesthesia used.

7. The duration of the procedure.

8. Any adverse incidents as identified in s. 458.351.

9. The type of postoperative care, duration of recovery, disposition of the patient upon discharge, including the address of where the patient is being discharged, discharge instructions, and list of medications used during surgery and recovery.

All surgical and anesthesia logs must be kept at the office surgery and maintained for 6 years after the date of last patient contact and must be provided to department investigators upon request.

(f) For any liposuction procedure, the physician performing the surgery is responsible for determining the appropriate amount of supernatant fat to be removed from a particular patient. A maximum of 4,000 cubic centimeters of supernatant fat may be removed by liposuction in the office surgery setting. A maximum of 50mg/kg of lidocaine may be injected for tumescent liposuction in the office surgery setting.

148378

(g)1. Liposuction may be performed in combination with another separate surgical procedure during a single Level II or Level III operation, only in the following circumstances:

a. When combined with an abdominoplasty, liposuction may not exceed 1,000 cubic centimeters of supernatant fat.

b. When liposuction is associated and directly related to another procedure, the liposuction may not exceed 1,000 cubic centimeters of supernatant fat.

2. Major liposuction in excess of 1,000 cubic centimeters of supernatant fat may not be performed on a patient's body in a location that is remote from the site of another procedure being performed on that patient.

(h) For elective cosmetic and plastic surgery procedures performed in a physician's office, the maximum planned duration of all surgical procedures combined may not exceed 8 hours. Except for elective cosmetic and plastic surgery, the physician performing the surgery may not keep patients past midnight in a physician's office. For elective cosmetic and plastic surgical procedures, the patient must be discharged within 24 hours after presenting to the office for surgery. However, an overnight stay is allowed in the office if the total time the patient is at the office does not exceed 23 hours and 59 minutes, including the surgery time. An overnight stay in a physician's office for elective cosmetic and plastic surgery must be strictly limited to the physician's office. If the patient has not recovered sufficiently to be safely discharged within the timeframes set forth, the patient must be transferred to a hospital for continued postoperative care.

(i) The Standards of the American Society of

Anesthesiologists for Basic Anesthetic Monitoring are hereby adopted and incorporated by reference as the standards for anesthetic monitoring by any qualified anesthesia provider under this section.

1. These standards apply to general anesthetics, regional anesthetics, and monitored Level II and III anesthesia care. However, in emergency circumstances, appropriate life support measures take priority. These standards may be exceeded at any time based on the judgment of the responsible supervising physician or anesthesiologist. While these standards are intended to encourage quality patient care, observing them does not guarantee any specific patient outcome. This set of standards addresses only the issue of basic anesthesia monitoring, which is only one component of anesthesia care.

2. In certain rare or unusual circumstances, some of these methods of monitoring may be clinically impractical, and appropriate use of the described monitoring methods may fail to detect adverse clinical developments. In such cases, a brief interruption of continual monitoring may be unavoidable and does not by itself constitute a violation of the standards of practice of this section.

3. Under extenuating circumstances, the physician performing the surgery or the anesthesiologist may waive the following requirements:

a. The use of an oxygen analyzer with a low oxygen concentration limit alarm, or other technology authorized under board rule which equals or exceeds the quality of the oxygen analyzer, during the administration of general anesthesia with an anesthesia machine.

148378

b. The use of pulse oximetry with a variable pitch pulse tone and an audible low threshold alarm, or other technology authorized under board rule which equals or exceeds the quality of a pulse oximeter, and the use of adequate illumination and exposure of the patient to assess color.

c. The use of capnography, capnometry, or mass spectroscopy, or other technology authorized under board rule which equals or exceeds the quality of capnography, capnometry, or mass spectroscopy as a quantitative method of analyzing the end-tidal carbon dioxide for continual monitoring for the presence of expired carbon dioxide during ventilation, from the time of the endotracheal tube or supraglottic airway placement until extubation or removal or initiating transfer of the patient to a postoperative care location.

d. The use of continuous electrocardiogram display, or other technology authorized under board rule which equals or exceeds the quality of electrocardiogram display, from the beginning of anesthesia until preparing to leave the anesthetizing location.

e. The measuring of arterial blood pressure and heart rate evaluated at least every 5 minutes during anesthesia.

When any of the monitoring is waived for extenuating circumstances under this subparagraph, it must be documented in a note in the patient’s medical record, including the reasons for the need to waive the requirement. These standards are not intended for the application to the care of an obstetrical patient in labor or in the conduct of pain management.

(j)1. Because of the rapid changes in patient status during

148378

anesthesia, qualified anesthesia personnel must be continuously present in the room to provide anesthesia care for the entire duration of all general anesthetics, regional anesthetics, and monitored anesthesia care conducted on the patient. In the event that there is a direct known hazard, such as radiation, to the anesthesia personnel which might require intermittent remote observation of the patient, some provision for monitoring the patient must be made. In the event that an emergency requires the temporary absence of the person primarily responsible for the anesthesia, the best judgment of the supervising physician or anesthesiologist shall be exercised in comparing the emergency with the anesthetized patient's condition and in the selection of the person left responsible for the anesthesia during the temporary absence.

2. During all anesthesia, the patient's oxygenation, ventilation, circulation, and temperature must be continually evaluated to ensure adequate oxygen concentration in the inspired gas and the blood.

a. During all general anesthesia using an anesthesia machine, the concentration of oxygen in the patient's breathing system must be measured by an oxygen analyzer with a low oxygen concentration limit alarm used to measure blood oxygenation.

b. During all anesthesia, a quantitative method of assessing oxygenation, such as pulse oximetry, must be employed. When a pulse oximeter is used, the variable pitch pulse tone and the low threshold alarm must be audible to the qualified anesthesia provider. Adequate illumination and exposure of the patient are necessary to assess color.

c. During all anesthesia, every patient must have the

148378

adequacy of his or her ventilation continually evaluated, including, but not limited to, the evaluation of qualitative clinical signs, such as chest excursion, observation of the reservoir breathing bag, and auscultation of breath sounds. Continual monitoring for the presence of expired carbon dioxide must be performed unless invalidated by the nature of the patient's condition, the procedure, or the equipment. Quantitative monitoring of the volume of expired gas must also be performed.

d. When an endotracheal tube or supraglottic airway is inserted, its correct positioning must be verified by clinical assessment and by identification of carbon dioxide in the expired gas. Continual end-tidal carbon dioxide analysis, in use from the time of endotracheal tube or supraglottic airway placement until extubation or removal or initiating transfer of the patient to a postoperative care location, must be performed using a quantitative method, such as capnography, capnometry, or mass spectroscopy, or other technology authorized under board rule which equals or exceeds the quality of capnography, capnometry, or mass spectroscopy. When capnography or capnometry is used, the end-tidal carbon dioxide alarm must be audible to the qualified anesthesia provider.

e. When ventilation is controlled by a mechanical ventilator, there must be in continuous use a device capable of detecting disconnection of components of the breathing system. The device must give an audible signal when its alarm threshold is exceeded.

f. During regional anesthesia without sedation or local anesthesia with no sedation, the adequacy of ventilation must be

evaluated by continual observation of qualitative clinical signs. During moderate or deep sedation, the adequacy of ventilation must be evaluated by continual observation of qualitative clinical signs. Monitoring for the presence of exhaled carbon dioxide is recommended.

g. Every patient receiving anesthesia must have the electrocardiogram or other technology authorized under board rule which equals or exceeds the quality of electrocardiogram continuously displayed from the beginning of anesthesia until preparing to leave the anesthetizing location.

h. Every patient receiving anesthesia must have arterial blood pressure and heart rate determined and evaluated at least every 5 minutes.

i. Every patient receiving general anesthesia must have circulatory function continually evaluated by at least one of the following methods:

(I) Palpation of a pulse.

(II) Auscultation of heart sounds.

(III) Monitoring of a tracing of intra-arterial pressure.

(IV) Ultrasound peripheral pulse monitoring.

(V) Pulse plethysmography or oximetry.

(VI) Other technology authorized under board rule which equals or exceeds the quality of any of the methods listed in sub-sub-subparagraphs (I)-(V).

j. Every patient receiving anesthesia must have his or her temperature monitored when clinically significant changes in body temperature are intended, anticipated, or suspected.

(k)1. The physician performing the surgery shall ensure that the postoperative care arrangements made for the patient

148378

are adequate for the procedure being performed, as required by board rule.

2. Management of postoperative care is the responsibility of the physician performing the surgery and may be delegated as determined by board rule. If the physician performing the surgery is unavailable to provide postoperative care, the physician performing the surgery must notify the patient of his or her unavailability for postoperative care before the procedure.

3. If there is an overnight stay at the office in relation to any surgical procedure:

a. The office must provide at least two persons to act as monitors, one of whom must be certified in advanced cardiac life support, and maintain a monitor-to-patient ratio of at least one monitor to two patients.

b. Once the physician performing the surgery has signed a timed and dated discharge order, the office may provide only one monitor to monitor the patient. The monitor must be qualified by licensure and training to administer all of the medications required on the crash cart and must be certified in advanced cardiac life support.

c. A complete and current crash cart must be present in the office surgery and immediately accessible for the monitors.

4. The physician performing the surgery must be reachable by telephone and readily available to return to the office if needed.

5. A policy and procedures manual must be maintained in the office at which Level II and Level III procedures are performed. The manual must be updated and implemented annually. The policy

148378

and procedures manual must provide for all of the following:

a. Duties and responsibilities of all personnel.

b. A quality assessment and improvement system designed to objectively and systematically monitor and evaluate the quality and appropriateness of patient care and opportunities to improve performance.

c. Cleaning procedures and protocols.

d. Sterilization procedures.

e. Infection control procedures and personnel responsibilities.

f. Emergency procedures.

6. The designated physician shall establish a risk management program that includes all of the following components:

a. The identification, investigation, and analysis of the frequency and causes of adverse incidents.

b. The identification of trends or patterns of adverse incidents.

c. The development of appropriate measures to correct, reduce, minimize, or eliminate the risk of adverse incidents.

d. The documentation of such functions and periodic review of such information at least quarterly by the designated physician.

7. The designated physician shall report to the department any adverse incidents that occur within the scope of office surgeries. This report must be made within 15 days after the occurrence of an incident as required by s. 458.351.

8. The designated physician is responsible for prominently posting a sign in the office which states that the office is a

148378

doctor's office regulated under this section and ss. 458.328, 458.3281, and 459.0138 and the applicable rules of the Board of Medicine and the Board of Osteopathic Medicine as set forth in rules 64B8 and 64B15, Florida Administrative Code. This notice must also appear prominently within the required patient informed consent form.

9. All physicians performing surgery at the office surgery must be qualified by education, training, and experience to perform any procedure the physician performs in the office surgery.

10. When Level II, Level II-A, or Level III procedures are performed in an office surgery setting, the physician performing the surgery is responsible for providing the patient, in writing, before the procedure, with the name and location of the hospital where the physician performing the surgery has privileges to perform the same procedure as the one being performed in the office surgery setting, and the name and location of the hospital with which the physician performing the surgery has a transfer agreement in the event of an emergency.

(4) LEVEL I OFFICE SURGERY.—

(a) *Scope.*—Level I office surgery includes the following:

1. Minor procedures such as excision of skin lesions, moles, warts, cysts, or lipomas and repair of lacerations or surgery limited to the skin and subcutaneous tissue which are performed under topical or local anesthesia not involving drug-induced alteration of consciousness other than minimal pre-operative tranquilization of the patient.

2. Liposuction involving the removal of less than 4,000 cubic centimeters of supernatant fat.

148378

3. Incision and drainage of superficial abscesses; limited endoscopies, such as proctoscopies, skin biopsies, arthrocentesis, thoracentesis, paracentesis, dilation of the urethra, cystoscopic procedures, and closed reduction of simple fractures; or small joint dislocations, such as in the finger or toe joints.

4. Procedures in which anesthesia is limited to minimal sedation. The patient's level of sedation must be that of minimal sedation and anxiolysis, and the chances of complications requiring hospitalization must be remote. As used in this sub-subparagraph, the term "minimal sedation and anxiolysis" means a drug-induced state during which patients respond normally to verbal commands, and although cognitive function and physical coordination may be impaired, airway reflexes and ventilatory and cardiovascular functions remain unaffected. Controlled substances, as defined in ss. 893.02 and 893.03, must be limited to oral administration in doses appropriate for the unsupervised treatment of insomnia, anxiety, or pain.

5. Procedures for which chances of complications requiring hospitalization are remote as specified in board rule.

(b) *Standards of practice.*—Standards of practice for Level I office surgery include all of the following:

1. The medical education, training, and experience of the physician performing the surgery must include training on proper dosages and management of toxicity or hypersensitivity to regional anesthetic drugs, and the physician must be certified in advanced cardiac life support.

2. At least one operating assistant must be certified in

basic life support.

3. Intravenous access supplies, oxygen, oral airways, and a positive pressure ventilation device must be available in the office surgery, along with the following medications, stored per the manufacturer's recommendation:

a. Atropine, 3 mg.

b. Diphenhydramine, 50 mg.

c. Epinephrine, 1 mg in 10 ml.

d. Epinephrine, 1 mg in 1 ml vial, 3 vials total.

e. Hydrocortisone, 100 mg.

f. If a benzodiazepine is administered, flumazenil, 0.5 mg in 5 ml vial, 2 vials total.

g. If an opiate is administered, naloxone, 0.4 mg in 1 ml vial, 2 vials total.

4. When performing minor procedures, such as excision of skin lesions, moles, warts, cysts, or lipomas and repair of lacerations or surgery limited to the skin and subcutaneous tissue performed under topical or local anesthesia in an office surgery setting, physicians performing the procedure are exempt from subparagraphs 1.-3. Current certification in basic life support is recommended but not required.

5. A physician performing the surgery need not have an assistant during the procedure unless the specific procedure being performed requires an assistant.

(5) LEVEL II OFFICE SURGERY.—

(a) *Scope.*—Level II office surgery includes, but is not limited to, all of the following procedures:

1. Hemorrhoidectomy.

2. Hernia repair.

148378

3. Large joint dislocations.

4. Colonoscopy.

5. Liposuction involving the removal of up to 4,000 cubic centimeters of supernatant fat.

6. Any other procedure the board designates by rule as a Level II office surgery.

7. Surgeries in which the patient's level of sedation is that of moderate sedation and analgesia or conscious sedation. As used in this subparagraph, the term "moderate sedation and analgesia or conscious sedation" is a drug-induced depression of consciousness during which patients respond purposefully to verbal commands, either alone or accompanied by light tactile stimulation; interventions are not required to maintain a patent airway; spontaneous ventilation is adequate; and cardiovascular function is maintained. For purposes of this term, a patient reflexively withdrawing from a painful stimulus is not considered a purposeful response.

(b) *Standards of practice.*—Standards of practice for Level II office surgery include, but are not limited to, the following:

1. The physician performing the surgery, or the office where the procedure is being performed, must have a transfer agreement with a licensed hospital within reasonable proximity if the physician performing the procedure does not have staff privileges to perform the same procedure as that being performed in the office surgery setting at a licensed hospital within reasonable proximity. The transfer agreement required by this section must be current and have been entered into no more than 3 years before the date of the office's most recent annual

148378

inspection under s. 458.328. A transfer agreement must affirmatively disclose an effective date and a termination date.

2. The physician performing the surgery must have staff privileges at a licensed hospital to perform the same procedure in that hospital as that being performed in the office surgery setting or must be able to document satisfactory completion of training, such as board certification or board eligibility by a board approved by the American Board of Medical Specialties or any other board approved by the Board of Medicine, or must be able to establish comparable background, training, and experience. Such board certification or comparable background, training, and experience must also be directly related to and include the procedures being performed by the physician in the office surgery facility.

3. One assistant must be currently certified in basic life support.

4. The physician performing the surgery must be currently certified in advanced cardiac life support.

5. A complete and current crash cart must be available at all times at the location where the anesthesia is being administered. The designated physician of an office surgery is responsible for ensuring that the crash cart is replenished after each use, the expiration dates for the crash cart’s medications are checked weekly, and crash cart events are documented in the cart’s logs. Medicines must be stored per the manufacturer’s recommendations, and multi-dose vials must be dated once opened and checked daily for expiration. The crash cart must, at a minimum, include the following intravenous or inhaled medications:

a. Adenosine, 18 mg.

b. Albuterol, 2.5 mg with a small volume nebulizer.

c. Amiodarone, 300 mg.

d. Atropine, 3 mg.

e. Calcium chloride, 1 gram.

f. Dextrose, 50 percent; 50 ml.

g. Diphenhydramine, 50 mg.

h. Dopamine, 200 mg, minimum.

i. Epinephrine, 1 mg, in 10 ml.

j. Epinephrine, 1 mg in 1 ml vial, 3 vials total.

k. Flumazenil, 1 mg.

l. Furosemide, 40 mg.

m. Hydrocortisone, 100 mg.

n. Lidocaine appropriate for cardiac administration, 100 mg.

o. Magnesium sulfate, 2 grams.

p. Naloxone, 1.2 mg.

q. A beta blocker class drug.

r. Sodium bicarbonate, 50 mEq/50 ml.

s. Paralytic agent that is appropriate for use in rapid sequence intubation.

t. A calcium channel blocker class drug.

u. If nonneuraxial regional blocks are performed, Intralipid, 20 percent, 500 ml solution.

v. Any additional medication the board determines by rule is warranted for patient safety and by the evolution of technology and medical practice.

6. In the event of a drug shortage, the designated physician is authorized to substitute a therapeutically

148378

equivalent drug that meets the prevailing practice standards.

7. The designated physician is responsible for ensuring that the office maintains documentation of its unsuccessful efforts to obtain the required drug.

8. The designated physician is responsible for ensuring that the following are present in the office surgery:

a. A benzodiazepine.

b. A positive pressure ventilation device, such as Ambu, plus oxygen supply.

c. An end-tidal carbon dioxide detection device.

d. Monitors for blood pressure, electrocardiography, and oxygen saturation.

e. Emergency intubation equipment that must, at a minimum, include suction devices, endotracheal tubes, working laryngoscopes, oropharyngeal airways, nasopharyngeal airways, and bag valve mask apparatus that are sized appropriately for the specific patient.

f. A working defibrillator with defibrillator pads or defibrillator gel, or an automated external defibrillator unit.

g. Sufficient backup power to allow the physician performing the surgery to safely terminate the procedure and to allow the patient to emerge from the anesthetic, all without compromising the sterility of the procedure or the environment of care.

h. Working sterilization equipment cultured weekly.

i. Sufficient intravenous solutions and equipment for a minimum of a week’s worth of surgical cases.

j. Any other equipment required by board rule, as warranted by the evolution of technology and medical practice.

9. The physician performing the surgery must be assisted by a qualified anesthesia provider, which may include any of the following types of providers:

a. An anesthesiologist.

b. A certified registered nurse anesthetist.

c. A registered nurse, if the physician performing the surgery is certified in advanced cardiac life support and the registered nurse assists only with local anesthesia or conscious sedation.

An anesthesiologist assistant may assist the anesthesiologist as provided by board rule. An assisting anesthesia provider may not function in any other capacity during the procedure.

10. If additional anesthesia assistance is required by the specific procedure or patient circumstances, such assistance must be provided by a physician, osteopathic physician, registered nurse, licensed practical nurse, or operating room technician.

11. The designated physician is responsible for ensuring that each patient is monitored in the recovery room until the patient is fully recovered from anesthesia. Such monitoring must be provided by a licensed physician, physician assistant, registered nurse with postanesthesia care unit experience, or the equivalent who is currently certified in advanced cardiac life support, or, in the case of pediatric patients, currently certified in pediatric advanced life support.

(6) LEVEL II-A OFFICE SURGERY.—

(a) *Scope*.—Level II-A office surgeries are those Level II office surgeries that have a maximum planned duration of 5

148378

minutes or less and in which the chances of complications requiring hospitalization are remote.

(b) *Standards of practice.*—

1. All practice standards for Level II office surgery set forth in paragraph (5)(b) must be met for Level II-A office surgery except for the requirements set forth in subparagraph (5)(b)9. regarding assistance by a qualified anesthesia provider.

2. During the surgical procedure, the physician performing the surgery must be assisted by a licensed physician, physician assistant, registered nurse, or licensed practical nurse.

3. Additional assistance may be required by specific procedure or patient circumstances.

4. Following the procedure, a licensed physician, physician assistant, or registered nurse must be available to monitor the patient in the recovery room until the patient is recovered from anesthesia. The monitoring provider must be currently certified in advanced cardiac life support, or, in the case of pediatric patients, currently certified in pediatric advanced life support.

(7) LEVEL III OFFICE SURGERY.—

(a) *Scope.*—

1. Level III office surgery includes those types of surgery during which the patient's level of sedation is that of deep sedation and analgesia or general anesthesia. As used in this subparagraph, the term:

a. "Deep sedation and analgesia" means a drug-induced depression of consciousness during which:

(I) Patients cannot be easily aroused but respond

148378

purposefully following repeated or painful stimulation;

(II) The ability to independently maintain ventilatory function may be impaired;

(III) Patients may require assistance in maintaining a patent airway and spontaneous ventilation may be inadequate; and

(IV) Cardiovascular function is usually maintained.

For purposes of this sub-subparagraph, a reflexive withdrawal from a painful stimulus by a patient is not considered a purposeful response.

b. "General anesthesia" means a drug-induced loss of consciousness during which:

(I) Patients are not arousable, even by painful stimulation;

(II) The ability to independently maintain ventilatory function is often impaired;

(III) Patients often require assistance in maintaining a patent airway and positive pressure ventilation may be required because of depressed spontaneous ventilation or drug-induced depression of neuromuscular function; and

(IV) Cardiovascular function may be impaired.

2. The use of spinal or epidural anesthesia for a procedure requires that the procedure be considered a Level III office surgery.

3. Only patients classified under the American Society of Anesthesiologists' (ASA) risk classification criteria as Class I or Class II are appropriate candidates for a Level III office surgery.

a. All Level III office surgeries on patients classified as

148378

ASA III or higher must be performed only in a hospital or ambulatory surgical center.

b. For all ASA II patients above the age of 50, the physician performing the surgery must obtain a complete workup performed before the performance of a Level III office surgery in the office surgery setting.

c. If the patient has a cardiac history or is deemed to be a complicated medical patient, the patient must have a preoperative electrocardiogram and be referred to an appropriate consultant for medical optimization. The referral to a consultant may be waived after evaluation by the patient's anesthesiologist.

(b) *Standards of practice.*—Practice standards for Level III office surgery include all Level II office surgery standards and all of the following requirements:

1. The physician performing the surgery must have staff privileges at a licensed hospital to perform the same procedure in that hospital as that being performed in the office surgery setting or must be able to document satisfactory completion of training, such as board certification or board qualification by a board approved by the American Board of Medical Specialties or any other board approved by the Board of Medicine, or must be able to demonstrate to the accrediting organization or to the department comparable background, training, and experience. Such board certification or comparable background, training, and experience must also be directly related to and include the procedure being performed by the physician performing the surgery in the office surgery setting. In addition, the physician performing the surgery must have knowledge of the

principles of general anesthesia.

2. The physician performing the surgery must be currently certified in advanced cardiac life support.

3. At least one operating assistant must be currently certified in basic life support.

4. An emergency policy and procedures manual related to serious anesthesia complications must be available in the office surgery and reviewed biannually by the designated physician, practiced with staff, updated, and posted in a conspicuous location in the office. Topics to be covered in the manual must include all of the following:

a. Airway blockage and foreign body obstruction.

b. Allergic reactions.

c. Bradycardia.

d. Bronchospasm.

e. Cardiac arrest.

f. Chest pain.

g. Hypoglycemia.

h. Hypotension.

i. Hypoventilation.

j. Laryngospasm.

k. Local anesthetic toxicity reaction.

l. Malignant hyperthermia.

m. Any other topics the board determines by rule are warranted for patient safety and by the evolution of technology and medical practice.

5. An office surgery performing Level III office surgeries must maintain all of the equipment and medications required for Level II office surgeries and comply with all of the following

148378

additional requirements:

a. Maintain at least 720 mg of dantrolene on site if halogenated anesthetics or succinylcholine are used.

b. Equipment and medication for monitored postanesthesia recovery must be available in the office.

6. Anesthetic safety regulations must be developed, posted in a conspicuous location in the office, and enforced by the designated physician. Such regulations must include all of the following requirements:

a. All operating room electrical and anesthesia equipment must be inspected at least semiannually, and a written record of the results and corrective actions must be maintained.

b. Flammable anesthetic agents may not be employed in office surgery facilities.

c. Electrical equipment in anesthetizing areas must be on an audiovisual line isolation monitor, with the exception of radiologic equipment and fixed lighting more than 5 feet above the floor.

d. Each anesthesia gas machine must have a pin-index system or equivalent safety system and a minimum oxygen flow safety device.

e. All reusable anesthesia equipment in direct contact with a patient must be cleaned or sterilized as appropriate after each use.

f. The following monitors must be applied to all patients receiving conduction or general anesthesia:

(I) Blood pressure cuff.

(II) A continuous temperature device, readily available to measure the patient’s temperature.

(III) Pulse oximeter.

(IV) Electrocardiogram.

(V) An inspired oxygen concentration monitor and a capnograph, for patients receiving general anesthesia.

g. Emergency intubation equipment must be available in all office surgery suites.

h. Surgical tables must be capable of Trendelenburg and other positions necessary to facilitate surgical procedures.

i. An anesthesiologist, a certified registered nurse anesthetist, an anesthesiologist assistant, or a physician assistant qualified as set forth in board rule must administer the general or regional anesthesia.

j. A physician, a registered nurse, a licensed practical nurse, a physician assistant, or an operating room technician must assist with the surgery. The anesthesia provider may not function in any other capacity during the procedure.

k. The patient must be monitored in the recovery room until he or she has fully recovered from anesthesia. The monitoring must be provided by a physician, a physician assistant, a certified registered nurse anesthetist, an anesthesiologist assistant, or a registered nurse with postanesthesia care unit experience or the equivalent who is currently certified in advanced cardiac life support, or, in the case of pediatric patients, currently certified in pediatric advanced life support.

(8) RULEMAKING.—The board may adopt by rule additional standards of practice for physicians who perform office surgeries or procedures under this section as warranted for patient safety and by the evolution of technology and medical

148378

practice.

Section 3. Section 459.0138, Florida Statutes, is amended to read:

459.0138 Office surgeries.—

(1) REGISTRATION.—

(a)~~1.~~ An office in which a physician performs or intends to perform a liposuction procedure in which more than 1,000 cubic centimeters of supernatant fat is temporarily or permanently removed, a liposuction procedure during which the patient is rotated between the supine, lateral, and prone positions, a Level II office surgery, or a Level III office surgery must register with the department. ~~unless the office is licensed as~~ A facility licensed under chapter 390 or chapter 395 may not be registered under this section.

(b)~~2.~~ The department must complete an inspection of any office seeking registration under this section before the office may be registered.

1. The inspection of the office seeking registration under this section must include inspection for compliance with the standards of practice set out in this section and s. 458.3281 and any applicable board rules for the levels of office surgery and procedures listed on the application which any physician practicing at the office performs or intends to perform. The application must be updated within 10 calendar days before any additional surgical procedures or levels of office surgery are to be performed at the office. Failure to timely update the application for any such additional surgical procedures or levels of office surgery is a violation of this section and subject to discipline under ss. 456.072 and 459.015.

148378

2. The department must immediately suspend the registration process of an office that refuses an inspection under subparagraph 1., and the applicant must be required to reapply for registration.

3. If the department determines that an office seeking registration under this section is one in which a physician may perform, or intends to perform, liposuction procedures that include a patient being rotated between the supine, lateral, and prone positions during the procedure, or in which a physician may perform, or intends to perform, gluteal fat grafting procedures, the office must provide proof to the department that it has met the applicable requirements of s. 469 of the Florida Building Code, relating to office surgery suites, and s. 458.3281 and the applicable rules adopted thereunder, and the department must inspect the office to ensure that all of the following are present or in place:

a. Equipment and a procedure for measuring and documenting in a log the amount of supernatant fat removed, both temporarily and permanently, from a particular patient, including tissue disposal procedures.

b. A procedure for measuring and documenting the amount of lidocaine injected for tumescent liposuction, if used.

c. Working ultrasound guidance equipment or other guidance technology authorized under board rule which equals or exceeds the quality of ultrasound guidance.

d. The office procedure for obtaining blood products.

e. Documentation on file at the office demonstrating that any physician performing these procedures has privileges to perform such procedures in a hospital no more than 20 minutes

148378

away.

f. Procedures for emergency resuscitation and transport to a hospital.

g. Procedures for anesthesia and surgical recordkeeping.

h. Any additional inspection requirements, as set by board rule.

4. If an applicant is unable to provide proof to the department that the office seeking registration is in compliance with the applicable requirements of s. 469 of the Florida Building Code, relating to office surgery suites, or s. 459.0139 or the applicable rules adopted thereunder, in accordance with subparagraph 3., the department must notify the Agency for Health Care Administration and request the agency to inspect the office and consult with the office about the process to apply for ambulatory surgical center licensure under chapter 395 and how the office may seek qualification for such licensure, notwithstanding the office's failure to meet all requirements associated with such licensure at the time of inspection and notwithstanding any pertinent exceptions provided under s. 395.002(3).

(c)~~(b)~~ To be ~~By January 1, 2020, each office~~ registered under this section or s. 458.328, an office must, at the time of application, list a designated ~~designate a~~ physician who is responsible for the office's compliance with the office health and safety requirements of this section and rules adopted hereunder. A designated physician must have a full, active, and unencumbered license under this chapter or chapter 458 and shall practice at the office for which he or she has assumed responsibility. Within 10 calendar days after the termination of

148378

a designated physician relationship, the office must notify the department of the designation of another physician to serve as the designated physician. The department may not register an office if the office fails to comply with this requirement at the time of application and must seek an emergency suspension of the ~~suspend a~~ registration of ~~for~~ an office pursuant to s. 456.074(6) if the office fails to timely notify the department of its new designated physician within 10 calendar days after the termination of the previous designated physician relationship ~~comply with the requirements of this paragraph~~.

(d) As a condition of registration, each office must, at the time of application, list all medical personnel who will be practicing at the office, including all of the following:

1. Physicians who intend to practice surgery or assist in surgery at the office seeking registration, including their respective license numbers and practice addresses.

2. Anesthesia providers, including their license numbers.

3. Nursing personnel licensed under chapter 464, including their license numbers unless already provided under subparagraph 2.

4. Physician assistants, including their respective license numbers and supervising physicians.

The office must notify the department of the addition or termination of any of the types of medical personnel specified under this paragraph within 10 calendar days before such addition or after such termination. Failure to timely notify the department of such addition or termination is a violation of this section and subject to discipline under ss. 456.072 and

459.015.

(e) ~~(c)~~ As a condition of registration, each office must establish financial responsibility by demonstrating that it has met and continues to maintain, at a minimum, the same requirements applicable to physicians in ss. 458.320 and 459.0085. Each physician practicing at an office registered under this section or s. 458.328 must meet the financial responsibility requirements under s. 458.320 or s. 459.0085, as applicable.

(f) ~~(d)~~ Each physician practicing or intending to practice at an office registered under this section or s. 458.328 must ~~shall~~ advise the board, in writing, within 10 calendar days before ~~after~~ beginning or after ending his or her practice at a ~~the~~ registered office, as applicable.

(g) ~~(e)1.~~ The department shall inspect a registered office at least annually, including a review of patient records, to ensure that the office is in compliance with this section and rules adopted hereunder unless the office is accredited in office-based surgery by the Joint Commission or other ~~a~~ nationally recognized accrediting agency approved by the board. The inspection may be unannounced, except for the inspection of an office that meets the description of a clinic specified in s. 459.0137(1)(a)3.h., and those wholly owned and operated physician offices described in s. 459.0137(1)(a)3.g. which perform procedures referenced in s. 459.0137(1)(a)3.h., which must be announced.

(h) ~~2.~~ The department must immediately suspend the registration of a registered office that refuses an inspection under paragraph (g) ~~subparagraph 1~~. The office must close during

148378

such suspension. The suspension must remain in effect for at least 14 consecutive days and may not terminate until the department issues a written declaration that the office may reopen following the department's completion of an inspection of the office.

(i) ~~(f)~~ The department may suspend or revoke the registration of an office in which a procedure or surgery identified in paragraph (a) is performed for failure of any of its physicians, owners, or operators to comply with this section and rules adopted hereunder or s. 458.328 and rules adopted thereunder. If an office's registration is revoked for any reason, the department may deny any person named in the registration documents of the office, including the persons who own or operate the office, individually or as part of a group, from registering an office to perform procedures or office surgeries pursuant to this section or s. 458.328 for 5 years after the revocation date.

(j) ~~(g)~~ The department may impose any penalty set forth in s. 456.072(2) against the designated physician for failure of the office to operate in compliance with the office health and safety requirements of this section and rules adopted hereunder or s. 458.328 and rules adopted thereunder.

~~(h) A physician may only perform a procedure or surgery identified in paragraph (a) in an office that is registered with the department. The board shall impose a fine of $5,000 per day on a physician who performs a procedure or surgery in an office that is not registered with the department.~~

(k) ~~(i)~~ The actual costs of registration and inspection or accreditation must ~~shall~~ be paid by the person seeking to

148378

register and operate the office in which a procedure or surgery identified in paragraph (a) will be performed.

(2) REGISTRATION UPDATE.—

(a) An office that registered under this section before July 1, 2024, in which a physician performs liposuction procedures that include a patient being rotated between the supine, lateral, and prone positions during the procedure or in which a physician performs gluteal fat grafting procedures must provide a registration update to the department consistent with the requirements of the initial registration under subsection (1) no later than 30 days before the office surgery's next annual inspection.

(b) Registration update inspections required under subsection (1) must be performed by the department on the date of the office surgery's next annual inspection.

(c) During the registration update process, the office surgery may continue to operate under the original registration.

(d) In order to provide an office surgery time to update to the requirements of subsection (1) and s. 459.0139, effective July 1, 2024, and the applicable provisions of s. 469 of the Florida Building Code, relating to office surgery suites, any office surgery registered under this section before July 1, 2024, whose annual inspection is due in July or August 2024, may request from the department, in writing, a 60-day postponement of the required annual inspection, which must be granted.

(e) All other requests to the department for a postponement of the required registration update inspection under this registration update process must be in writing and be approved by the chair of the Board of Medicine for good cause shown, and

148378

such postponement may not exceed 30 days.

(3) STANDARDS OF PRACTICE.—

(a) A physician performing a procedure or surgery in an office registered under this section must comply with the applicable provisions of s. 469 of the Florida Building Code, relating to office surgery suites, and the standards of practice for office surgery set forth in this section and s. 459.0139.

(b) A physician may not perform any surgery or procedure identified in paragraph (1)(a) in a setting other than an office registered under this section or a facility licensed under chapter 390 or chapter 395, as applicable. The board shall impose a fine of $5,000 per incident on a physician who violates this paragraph ~~performing a gluteal fat grafting procedure in an office surgery setting shall adhere to standards of practice pursuant to this subsection and rules adopted by the board~~.

(c) ~~(b)~~ Office surgeries may not:

1. Be a type of surgery that generally results in blood loss of more than 10 percent of estimated blood volume in a patient with a normal hemoglobin level;

2. Require major or prolonged intracranial, intrathoracic, abdominal, or joint replacement procedures, except for laparoscopic procedures;

3. Involve major blood vessels and be performed with direct visualization by open exposure of the major blood vessel, except for percutaneous endovascular intervention; or

4. Be emergent or life threatening.

(d) ~~(c)~~ A physician performing a gluteal fat grafting procedure in an office surgery setting must comply with the applicable provisions of s. 469 of the Florida Building Code,

148378

relating to office surgery suites, and the standards of practice under this subsection and s. 459.0139 and applicable rules adopted thereunder, including, but not limited to, all of the following standards of practice:

1. The ~~A~~ physician performing the ~~a~~ gluteal fat grafting procedure must conduct an in-person examination of the patient while physically present in the same room as the patient no later than the day before the procedure.

2. Before a physician may delegate any duties during a gluteal fat grafting procedure, the patient must provide written, informed consent for such delegation. Any duty delegated by a physician during a gluteal fat grafting procedure must be performed under the direct supervision of the physician performing such procedure. Fat extraction and gluteal fat injections must be performed by the physician and may not be delegated.

3. Fat may only be injected into the subcutaneous space of the patient and may not cross the fascia overlying the gluteal muscle. Intramuscular or submuscular fat injections are prohibited.

4. When the physician performing a gluteal fat grafting procedure injects fat into the subcutaneous space of the patient, the physician must use ultrasound guidance, or guidance with other technology authorized under board rule which equals or exceeds the quality of ultrasound, during the placement and navigation of the cannula to ensure that the fat is injected into the subcutaneous space of the patient above the fascia overlying the gluteal muscle. Such guidance with the use of ultrasound or other technology is not required for other

148378

portions of such procedure.

5. An office in which a physician performs gluteal fat grafting procedures shall at all times maintain a ratio of one physician to one patient during all phases of the procedure, beginning with the administration of anesthesia to the patient and concluding with the extubation of the patient. After a physician has commenced, and while he or she is engaged in, a gluteal fat grafting procedure, the physician may not commence or engage in another gluteal fat grafting procedure or any other procedure with another patient at the same time.

(e) ~~(d)~~ If a procedure in an office surgery setting results in hospitalization, the incident must be reported as an adverse incident pursuant to s. 458.351.

~~(e) An office in which a physician performs gluteal fat grafting procedures must at all times maintain a ratio of one physician to one patient during all phases of the procedure, beginning with the administration of anesthesia to the patient and concluding with the extubation of the patient. After a physician has commenced, and while he or she is engaged in, a gluteal fat grafting procedure, the physician may not commence or engage in another gluteal fat grafting procedure or any other procedure with another patient at the same time.~~

(4) ~~(3)~~ RULEMAKING.—

(a) The board may ~~shall~~ adopt by rule additional standards of practice for physicians who perform office procedures or ~~office~~ surgeries under ~~pursuant to~~ this section, as warranted for patient safety and by the evolution of technology and medical practice.

(b) The board may adopt rules to administer the

148378

registration, registration update, inspection, and safety of offices in which a physician performs office procedures or ~~office~~ surgeries under ~~pursuant to~~ this section.

Section 4. Section 459.0139, Florida Statutes, is created to read:

459.0139 Standard of practice for office surgery.—

(1) CONSTRUCTION.—This section does not relieve a physician performing a procedure or surgery from the responsibility of making the medical determination of whether an office is an appropriate setting in which to perform that particular procedure or surgery, taking into consideration the particular patient on which the procedure or surgery is to be performed.

(2) DEFINITIONS.—As used in this section, the term:

(a) "Certified in advanced cardiac life support" means a person holds a current certification in an advanced cardiac life support course with didactic and skills components, approved by the American Heart Association, the American Safety and Health Institute, the American Red Cross, Pacific Medical Training, or the Advanced Cardiovascular Life Support (ACLS) Certification Institute.

(b) "Certified in basic life support" means a person holds a current certification in a basic life support course with didactic and skills components, approved by the American Heart Association, the American Safety and Health Institute, the American Red Cross, Pacific Medical Training, or the ACLS Certification Institute.

(c) "Certified in pediatric advanced life support" means a person holds a current certification in a pediatric advanced life support course with didactic and skills components approved

148378

by the American Heart Association, the American Safety and Health Institute, or Pacific Medical Training.

(d) "Continual monitoring" means monitoring that is repeated regularly and frequently in steady rapid succession.

(e) "Continuous monitoring" means monitoring that is prolonged without any interruption at any time.

(f) "Equipment" means a medical device, instrument, or tool used to perform specific actions, carry out desired effects, or take certain measurements during, or while recovering from, a procedure or surgery which must meet current performance standards according to its manufacturer's guidelines for the specific device, instrument, or tool, as applicable.

(g) "Major blood vessels" means a group of critical arteries and veins, including the aorta, coronary arteries, pulmonary arteries, superior and inferior vena cava, pulmonary veins, and any intra-cerebral artery or vein.

(h) "Office surgery" means a physician's office in which surgical procedures are performed by a physician for the practice of medicine as authorized by this section and board rule. The office must be an office at which a physician regularly performs consultations with surgical patients, preoperative examinations, and postoperative care, as necessitated by the standard of care, related to the procedures performed at the physician's office, and at which patient records are readily maintained and available. The types of procedures or surgeries performed in an office surgery are those which need not be performed in a facility licensed under chapter 390 or chapter 395, and are not of the type that:

1. Generally result in blood loss of more than 10 percent

148378

of estimated blood volume in a patient with a normal hemoglobin count;

2. Require major or prolonged intracranial, intrathoracic, abdominal, or major joint replacement procedures, except for laparoscopic procedures;

3. Involve major blood vessels and are performed with direct visualization by open exposure of the major vessel, except for percutaneous endovascular intervention; or

4. Are generally emergent or life threatening in nature.

(i) "Pediatric patient" means a patient who is 13 years of age or younger.

(j) "Percutaneous endovascular intervention" means a procedure performed without open direct visualization of the target vessel and requiring only needle puncture of an artery or vein followed by insertion of catheters, wires, or similar devices which are then advanced through the blood vessels using imaging guidance. Once the catheter reaches the intended location, various maneuvers to address the diseased area may be performed, which include, but are not limited to, injection of contrast medium for imaging; treatment of vessels with angioplasty; atherectomy; covered or uncovered stenting; embolization or intentionally occluding vessels or organs; and delivering medications, radiation, or other energy, such as laser, radiofrequency, or cryo.

(k) "Reasonable proximity" means a distance that does not exceed thirty 30 minutes of transport time to the hospital.

(l) "Surgery" means any manual or operative procedure performed upon the body of a living human being, including, but not limited to, those performed with the use of lasers, for the

148378

purposes of preserving health, diagnosing or curing disease, repairing injury, correcting a deformity or defect, prolonging life, relieving suffering, or any elective procedure for aesthetic, reconstructive, or cosmetic purposes. The term includes, but is not limited to, incision or curettage of tissue or an organ; suture or other repair of tissue or an organ, including a closed as well as an open reduction of a fracture; extraction of tissue, including premature extraction of the products of conception from the uterus; insertion of natural or artificial implants; or an endoscopic procedure with use of local or general anesthetic.

(3) GENERAL REQUIREMENTS FOR OFFICE SURGERY.—

(a) The physician performing the operation must examine the patient immediately before the surgery to evaluate the risk of anesthesia and of the surgical procedure to be performed. The physician performing the surgery may delegate the preoperative heart-lung evaluation to a qualified anesthesia provider within the scope of the provider's practice and, if applicable, protocol.

(b) The physician performing the surgery shall maintain complete patient records of each surgical procedure performed, which must include all of the following:

1. The patient's name, patient number, preoperative diagnosis, postoperative diagnosis, surgical procedure, anesthetic, anesthesia records, recovery records, and complications, if any.

2. The name of each member of the surgical team, including the surgeon, first assistant, anesthesiologist, nurse anesthetist, anesthesiologist assistant, circulating nurse, and

148378

operating room technician.

(c) Each office surgery's designated physician shall ensure that the office surgery has procedures in place to verify that all of the following have occurred before any surgery is performed:

1. The patient has signed the informed consent form for the procedure reflecting the patient's knowledge of identified risks of the procedure, consent to the procedure, the type of anesthesia and anesthesia provider to be used during the procedure, and the fact that the patient may choose the type of anesthesia provider for the procedure, such as an anesthesiologist, a certified registered nurse anesthetist, a physician assistant, an anesthesiologist assistant, or another appropriately trained physician as provided by board rule.

2. The patient's identity has been verified.

3. The operative site has been verified.

4. The operative procedure to be performed has been verified with the patient.

5. All of the information and actions required to be verified under this paragraph are documented in the patient's medical record.

(d) With respect to the requirement set forth in paragraph (c), written informed consent is not necessary for minor Level I procedures limited to the skin and mucosa.

(e) The physician performing the surgery shall maintain a log of all liposuction procedures performed at the office surgery where more than 1,000 cubic centimeters of supernatant fat is temporarily or permanently removed and where Level II and Level III surgical procedures are performed. The log must, at a

148378

minimum, include all of the following:

1. A confidential patient identifier.

2. Time of arrival in the operating suite.

3. The name of the physician performing the procedure.

4. The patient's diagnosis, CPT codes used for the procedure, the patient's classification for risk with anesthesia according to the American Society of Anesthesiologists' physical status classification system, and the type of procedure and level of surgery performed.

5. Documentation of completion of the medical clearance performed by the anesthesiologist or the physician performing the surgery.

6. The name and provider type of the anesthesia provider and the type of anesthesia used.

7. The duration of the procedure.

8. Any adverse incidents as identified in s. 458.351.

9. The type of postoperative care, duration of recovery, disposition of the patient upon discharge, including the address of where the patient is being discharged, discharge instructions, and list of medications used during surgery and recovery.

All surgical and anesthesia logs must be kept at the office surgery and maintained for 6 years after the date of last patient contact and must be provided to department investigators upon request.

(f) For any liposuction procedure, the physician performing the surgery is responsible for determining the appropriate amount of supernatant fat to be removed from a particular

148378

patient. A maximum of 4,000 cubic centimeters of supernatant fat may be removed by liposuction in the office surgery setting. A maximum of 50mg/kg of lidocaine can be injected for tumescent liposuction in the office surgery setting.

(g)1. Liposuction may be performed in combination with another separate surgical procedure during a single Level II or Level III operation only in the following circumstances:

a. When combined with an abdominoplasty, liposuction may not exceed 1,000 cubic centimeters of supernatant fat.

b. When liposuction is associated and directly related to another procedure, the liposuction may not exceed 1,000 cubic centimeters of supernatant fat.

2. Major liposuction in excess of 1,000 cubic centimeters of supernatant fat may not be performed on a patient's body in a location that is remote from the site of another procedure being performed on that patient.

(h) For elective cosmetic and plastic surgery procedures performed in a physician's office, the maximum planned duration of all surgical procedures combined may not exceed 8 hours. Except for elective cosmetic and plastic surgery, the physician performing the surgery may not keep patients past midnight in a physician's office. For elective cosmetic and plastic surgical procedures, the patient must be discharged within 24 hours after presenting to the office for surgery. However, an overnight stay is allowed in the office if the total time the patient is at the office does not exceed 23 hours and 59 minutes, including the surgery time. An overnight stay in a physician's office for elective cosmetic and plastic surgery must be strictly limited to the physician's office. If the patient has not recovered

148378

sufficiently to be safely discharged within the timeframes set forth, the patient must be transferred to a hospital for continued postoperative care.

(i) The Standards of the American Society of Anesthesiologists for Basic Anesthetic Monitoring are hereby adopted and incorporated by reference as the standards for anesthetic monitoring by any qualified anesthesia provider under this section.

1. These standards apply to general anesthetics, regional anesthetics, and monitored Level II and III anesthesia care. However, in emergency circumstances, appropriate life support measures take priority. These standards may be exceeded at any time based on the judgment of the responsible supervising physician or anesthesiologist. While these standards are intended to encourage quality patient care, observing them does not guarantee any specific patient outcome. This set of standards addresses only the issue of basic anesthesia monitoring, which is only one component of anesthesia care.

2. In certain rare or unusual circumstances, some of these methods of monitoring may be clinically impractical, and appropriate use of the described monitoring methods may fail to detect adverse clinical developments. In such cases, a brief interruption of continual monitoring may be unavoidable and does not by itself constitute a violation of the standards of practice of this section.

3. Under extenuating circumstances, the responsible supervising physician or anesthesiologist may waive the following requirements:

a. The use of an oxygen analyzer with a low oxygen

148378

concentration limit alarm, or other technology authorized under board rule which equals or exceeds the quality of the oxygen analyzer, during the administration of general anesthesia with an anesthesia machine.

b. The use of pulse oximetry with a variable pitch pulse tone and an audible low threshold alarm, or other technology authorized under board rule which equals or exceeds the quality of a pulse oximeter, and the use of adequate illumination and exposure of the patient to assess color.

c. The use of capnography, capnometry, or mass spectroscopy, or other technology authorized under board rule which equals or exceeds the quality of capnography, capnometry, or mass spectroscopy, as a quantitative method of analyzing the end-tidal carbon dioxide for continual monitoring for the presence of expired carbon dioxide during ventilation from the time of the endotracheal tube or supraglottic airway placement, until extubation or removal or initiating transfer of the patient to a postoperative care location.

d. The use of continuous electrocardiogram display, or other technology authorized under board rule which equals or exceeds the quality of electrocardiogram display, from the beginning of anesthesia until preparing to leave the anesthetizing location.

e. The measuring of arterial blood pressure and heart rate evaluated at least every 5 minutes during anesthesia.

When any of the monitoring is waived for extenuating circumstances under this subparagraph, it must be documented in a note in the patient’s medical record, including the reasons

148378

for the need to waive the requirement. These standards are not intended for the application to the care of an obstetrical patient in labor or in the conduct of pain management.

(j)1. Because of the rapid changes in patient status during anesthesia, qualified anesthesia personnel must be continuously present in the room to monitor the patient and provide anesthesia care for the entire duration of all general anesthetics, regional anesthetics, and monitored anesthesia care conducted on the patient. In the event that there is a direct known hazard, such as radiation, to the anesthesia personnel which might require intermittent remote observation of the patient, some provision for monitoring the patient must be made. In the event that an emergency requires the temporary absence of the person primarily responsible for the anesthetic, the best judgment of the supervising physician or anesthesiologist shall be exercised in comparing the emergency with the anesthetized patient's condition and in the selection of the person left responsible for the anesthetic during the temporary absence.

2. During all anesthetics, the patient's oxygenation, ventilation, circulation, and temperature must be continually evaluated to ensure adequate oxygen concentration in the inspired gas and the blood during all anesthetics.

a. During all general anesthesia using an anesthesia machine, the concentration of oxygen in the patient breathing system must be measured by an oxygen analyzer with a low oxygen concentration limit alarm used to measure blood oxygenation.

b. During all anesthetics, a quantitative method of assessing oxygenation, such as pulse oximetry, must be employed. When a pulse oximeter is used, the variable pitch pulse tone and

148378

the low threshold alarm must be audible to the qualified anesthesia provider. Adequate illumination and exposure of the patient are necessary to assess color.

c. During all anesthetics, every patient must have the adequacy of his or her ventilation continually evaluated, including, but not limited to, the evaluation of qualitative clinical signs, such as chest excursion, observation of the reservoir breathing bag, and auscultation of breath sounds. Continual monitoring for the presence of expired carbon dioxide must be performed unless invalidated by the nature of the patient's condition, the procedure, or the equipment. Quantitative monitoring of the volume of expired gas is strongly encouraged.

d. When an endotracheal tube or supraglottic airway is inserted, its correct positioning must be verified by clinical assessment and by identification of carbon dioxide in the expired gas. Continual end-tidal carbon dioxide analysis, in use from the time of endotracheal tube or supraglottic airway placement until extubation or removal or initiating transfer of the patient to a postoperative care location, must be performed using a quantitative method, such as capnography, capnometry, or mass spectroscopy or other technology authorized under board rule which equals or exceeds the quality of capnography, capnometry, or mass spectroscopy. When capnography or capnometry is used, the end-tidal carbon dioxide alarm must be audible to the qualified anesthesia provider.

e. When ventilation is controlled by a mechanical ventilator, there must be in continuous use a device that is capable of detecting disconnection of components of the

148378

breathing system. The device must give an audible signal when its alarm threshold is exceeded.

f. During regional anesthesia without sedation or local anesthesia with no sedation, the adequacy of ventilation must be evaluated by continual observation of qualitative clinical signs. During moderate or deep sedation, the adequacy of ventilation must be evaluated by continual observation of qualitative clinical signs. Monitoring for the presence of exhaled carbon dioxide is recommended.

g. Every patient receiving anesthesia must have the electrocardiogram or other technology authorized under board rule which equals or exceeds the quality of electrocardiogram continuously displayed from the beginning of anesthesia until preparing to leave the anesthetizing location.

h. Every patient receiving anesthesia must have arterial blood pressure and heart rate determined and evaluated at least every 5 minutes.

i. Every patient receiving general anesthesia must have circulatory function continually evaluated by at least one of the following methods:

(I) Palpation of a pulse.

(II) Auscultation of heart sounds.

(III) Monitoring of a tracing of intra-arterial pressure.

(IV) Ultrasound peripheral pulse monitoring.

(V) Pulse plethysmography or oximetry.

(VI) Other technology authorized under board rule which equals or exceeds the quality of any of the methods listed in sub-sub-subparagraphs (I)-(V).

j. Every patient receiving anesthesia must have his or her

148378

temperature monitored when clinically significant changes in body temperature are intended, anticipated, or suspected.

(k)1. The physician performing the surgery shall ensure that the postoperative care arrangements made for the patient are adequate for the procedure being performed, as required by board rule.

2. Management of postoperative care is the responsibility of the physician performing the surgery and may be delegated as determined by board rule. If the physician performing the surgery is unavailable to provide postoperative care, the physician performing the surgery must notify the patient of his or her unavailability for postoperative care before the procedure.

3. If there is an overnight stay at the office in relation to any surgical procedure:

a. The office must provide at least two persons to act as monitors, one of whom must be certified in advanced cardiac life support, and maintain a monitor-to-patient ratio of at least one monitor to two patients.

b. Once the physician performing the surgery has signed a timed and dated discharge order, the office may provide only one monitor to monitor the patient. The monitor must be qualified by licensure and training to administer all of the medications required on the crash cart and must be certified in advanced cardiac life support.

c. A complete and current crash cart must be present in the office surgery and immediately accessible for the monitors.

4. The physician performing the surgery must be reachable by telephone and readily available to return to the office if

148378

needed.

5. A policy and procedures manual must be maintained in the office at which Level II and Level III procedures are performed. The manual must be updated and implemented annually. The policy and procedures manual must provide for all of the following:

a. Duties and responsibilities of all personnel.

b. A quality assessment and improvement system designed to objectively and systematically monitor and evaluate the quality and appropriateness of patient care and opportunities to improve performance.

c. Cleaning procedures and protocols.

d. Sterilization procedures.

e. Infection control procedures and personnel responsibilities.

f. Emergency procedures.

6. The designated physician shall establish a risk management program that includes all of the following components:

a. The identification, investigation, and analysis of the frequency and causes of adverse incidents.

b. The identification of trends or patterns of adverse incidents.

c. The development of appropriate measures to correct, reduce, minimize, or eliminate the risk of adverse incidents.

d. The documentation of such functions and periodic review of such information at least quarterly by the designated physician.

7. The designated physician shall report to the department any adverse incidents that occur within the scope of office

148378

surgeries. This report must be made within 15 days after the occurrence of an incident as required by s. 458.351.

8. The designated physician is responsible for prominently posting a sign in the office which states that the office is a doctor's office regulated under this section and ss. 458.328, 458.3281, 459.0138 and the applicable rules of the Board of Medicine and Osteopathic Medicine as set forth in rules 64B8 and 64B15, Florida Administrative Code. This notice must also appear prominently within the required patient informed consent.

9. All physicians performing surgery at the office surgery must be qualified by education, training, and experience to perform any procedure the physician performs in the office surgery.

10. When Level II, Level II-A, or Level III procedures are performed in an office surgery, the physician performing the surgery is responsible for providing the patient, in writing, before the procedure, the name and location of the hospital where the physician performing the surgery has privileges to perform the same procedure as the one being performed in the outpatient setting, or the name and location of the hospital where the physician performing the surgery or the facility has a transfer agreement.

(4) LEVEL I OFFICE SURGERY.—

(a) *Scope.*—Level I office surgery includes all of the following:

1. Minor procedures such as excision of skin lesions, moles, warts, cysts, or lipomas, and repair of lacerations or surgery limited to the skin and subcutaneous tissue which are performed under topical or local anesthesia not involving drug-

148378

induced alteration of consciousness other than minimal pre-operative tranquilization of the patient.

2. Liposuction involving the removal of less than 4,000 cubic centimeters of supernatant fat.

3. Incision and drainage of superficial abscesses; limited endoscopies, such as proctoscopies, skin biopsies, arthrocentesis, thoracentesis, paracentesis, dilation of urethra, cystoscopic procedures, and closed reduction of simple fractures; or small joint dislocations, such as in the finger or toe joints.

4. Procedures in which anesthesia is limited to minimal sedation. The patient's level of sedation must be that of minimal sedation and anxiolysis and the chances of complications requiring hospitalization must be remote. As used in this sub-subparagraph, the term "minimal sedation and anxiolysis" means a drug-induced state during which patients respond normally to verbal commands, and although cognitive function and physical coordination may be impaired, airway reflexes and ventilatory and cardiovascular functions remain unaffected. Controlled substances, as defined in ss. 893.02 and 893.03, must be limited to oral administration in doses appropriate for the unsupervised treatment of insomnia, anxiety, or pain.

5. Procedures for which chances of complications requiring hospitalization are remote as specified in board rule.

(b) *Standards of practice.*—Standards of practice for Level I office surgery include all of the following:

1. The medical education, training, and experience of the physician performing the surgery must include training on proper dosages and management of toxicity or hypersensitivity to

148378

regional anesthetic drugs, and the physician must be certified in advanced cardiac life support.

2. At least one operating assistant must be certified in basic life support.

3. Intravenous access supplies, oxygen, oral airways, and a positive pressure ventilation device must be available in the office surgery, along with the following medications, stored per the manufacturer's recommendation:

a. Atropine, 3 mg.

b. Diphenhydramine, 50 mg.

c. Epinephrine, 1 mg in 10 ml.

d. Epinephrine, 1 mg in 1 ml vial, 3 vials total.

e. Hydrocortisone, 100 mg.

f. If a benzodiazepine is administered, flumazenil, 0.5 mg in 5 ml vial, 2 vials total.

g. If an opiate is administered, naloxone, 0.4 mg in 1 ml vial, 2 vials total.

4. When performing minor procedures, such as excision of skin lesions, moles, warts, cysts, or lipomas, and repair of lacerations or surgery limited to the skin and subcutaneous tissue performed under topical or local anesthesia, physicians are exempt from subparagraphs 1.-3. Current certification in basic life support is recommended but not required.

5. A physician performing the surgery need not have an assistant during the procedure unless the specific procedure being performed requires an assistant.

(5) LEVEL II OFFICE SURGERY.—

(a) *Scope.*—Level II office surgery includes, but is not limited to, all of the following procedures:

148378

1. Hemorrhoidectomy.

2. Hernia repair.

3. Large joint dislocations.

4. Colonoscopy.

5. Liposuction involving the removal of up to 4,000 cubic centimeters of supernatant fat.

6. Any other procedure the board designates by rule as a Level II office surgery.

7. Surgeries in which the patient's level of sedation is that of moderate sedation and analgesia or conscious sedation. As used in this subparagraph, the term "moderate sedation and analgesia or conscious sedation" is a drug-induced depression of consciousness during which patients respond purposefully to verbal commands, either alone or accompanied by light tactile stimulation; interventions are not required to maintain a patent airway; spontaneous ventilation is adequate; and cardiovascular function is maintained. For purposes of the term, a patient reflexively withdrawing from a painful stimulus is not considered a purposeful response.

(b) *Standards of practice.*—Standards of practice for Level II office surgery include, but are not limited to, the following:

1. The physician performing the surgery, or the office where the procedure is being performed, must have a transfer agreement with a licensed hospital within reasonable proximity if the physician performing the procedure does not have staff privileges to perform the same procedure as that being performed in the office surgery setting at a licensed hospital within reasonable proximity. The transfer agreement required by this

148378

section must be current and have been entered into no more than 3 years before the date of the office's most recent annual inspection under s. 459.0138. A transfer agreement must affirmatively disclose an effective date and a termination date.

2. The physician performing the surgery must have staff privileges at a licensed hospital to perform the same procedure in that hospital as that being performed in the office surgery setting or must be able to document satisfactory completion of training, such as board certification or board eligibility by a board approved by the American Board of Medical Specialties or any other board approved by the Board of Medicine, or must be able to establish comparable background, training, and experience. Such board certification or comparable background, training, and experience must also be directly related to and include the procedures being performed by the physician in the office surgery facility.

3. One assistant must be currently certified in basic life support.

4. The physician performing the surgery must be currently certified in advanced cardiac life support.

5. A complete and current crash cart must be available at all times at the location where the anesthesia is being administered. The designated physician of an office surgery is responsible for ensuring that the crash cart is replenished after each use, the expiration dates for the crash cart's medications are checked weekly, and crash cart events are documented in the cart's logs. Medicines must be stored per the manufacturer's recommendations, and multi-dose vials must be dated once opened and checked daily for expiration. The crash

148378

cart must, at a minimum, include the following intravenous or inhaled medications:

a. Adenosine, 18 mg.

b. Albuterol, 2.5 mg with a small volume nebulizer.

c. Amiodarone, 300 mg.

d. Atropine, 3 mg.

e. Calcium chloride, 1 gram.

f. Dextrose, 50 percent; 50 ml.

g. Diphenhydramine, 50 mg.

h. Dopamine, 200 mg, minimum.

i. Epinephrine, 1 mg, in 10 ml.

j. Epinephrine, 1 mg in 1 ml vial, 3 vials total.

k. Flumazenil, 1 mg.

l. Furosemide, 40 mg.

m. Hydrocortisone, 100 mg.

n. Lidocaine appropriate for cardiac administration, 100 mg.

o. Magnesium sulfate, 2 grams.

p. Naloxone, 1.2 mg.

q. A beta blocker class drug.

r. Sodium bicarbonate, 50 mEq/50 ml.

s. Paralytic agent that is appropriate for use in rapid sequence intubation.

t. A calcium channel blocker class drug.

u. If nonneuraxial regional blocks are performed, Intralipid, 20 percent, 500 ml solution.

v. Any additional medication the board determines by rule is warranted for patient safety and by the evolution of technology and medical practice.

148378

6. In the event of a drug shortage, the designated physician is authorized to substitute a therapeutically equivalent drug that meets the prevailing practice standards.

7. The designated physician is responsible for ensuring that the office maintains documentation of its unsuccessful efforts to obtain the required drug.

8. The designated physician is responsible for ensuring that the following are present in the office surgery:

a. A benzodiazepine.

b. A positive pressure ventilation device, such as Ambu, plus oxygen supply.

c. An end-tidal carbon dioxide detection device.

d. Monitors for blood pressure, electrocardiography, and oxygen saturation.

e. Emergency intubation equipment that must, at a minimum, include suction devices, endotracheal tubes, working laryngoscopes, oropharyngeal airways, nasopharyngeal airways, and bag valve mask apparatus that are sized appropriately for the specific patient.

f. A working defibrillator with defibrillator pads or defibrillator gel, or an automated external defibrillator unit.

g. Sufficient backup power to allow the physician performing the surgery to safely terminate the procedure and to allow the patient to emerge from the anesthetic, all without compromising the sterility of the procedure or the environment of care.

h. Working sterilization equipment cultured weekly.

i. Sufficient intravenous solutions and equipment for a minimum of a week’s worth of surgical cases.

148378

j. Any other equipment required by board rule, as warranted by the evolution of technology and medical practice.

9. The physician performing the surgery must be assisted by a qualified anesthesia provider, which may include any of the following types of providers:

a. An anesthesiologist.

b. A certified registered nurse anesthetist.

c. A registered nurse, if the physician performing the surgery is certified in advanced cardiac life support and the registered nurse assists only with local anesthesia or conscious sedation.

An anesthesiologist assistant may assist the anesthesiologist as provided by board rule. An assisting anesthesia provider may not function in any other capacity during the procedure.

10. If additional anesthesia assistance is required by the specific procedure or patient circumstances, such assistance must be provided by a physician, osteopathic physician, registered nurse, licensed practical nurse, or operating room technician.

11. The designated physician is responsible for ensuring that each patient is monitored in the recovery room until fully recovered from anesthesia. Such monitoring must be provided by a licensed physician, physician assistant, registered nurse with postanesthesia care unit experience, or the equivalent who is currently certified in advanced cardiac life support, or, in the case of pediatric patients, currently certified in pediatric advanced life support.

(6) LEVEL II-A OFFICE SURGERY.—

148378

(a) *Scope.*—Level II-A office surgeries are those Level II office surgeries that have a maximum planned duration of 5 minutes or less and in which the chances of complications requiring hospitalization are remote.

(b) *Standards of practice.*—

1. All practice standards for Level II office surgery set forth in paragraph (5)(b) must be met for Level II-A office surgery except for the requirements set forth in subparagraph (5)(b)9. regarding assistance by a qualified anesthesia provider.

2. During the surgical procedure, the physician performing the surgery must be assisted by a licensed physician, physician assistant, registered nurse, or licensed practical nurse.

3. Additional assistance may be required by specific procedure or patient circumstances.

4. Following the procedure, a licensed physician, physician assistant, or registered nurse must be available to monitor the patient in the recovery room until the patient is recovered from anesthesia. The monitoring provider must be currently certified in advanced cardiac life support, or, in the case of pediatric patients, currently certified in pediatric advanced life support.

(7) LEVEL III OFFICE SURGERY.—

(a) *Scope.*—

1. Level III office surgery includes those types of surgery during which the patient’s level of sedation is that of deep sedation and analgesia or general anesthesia. As used in this subparagraph, the term:

a. “Deep sedation and analgesia” means a drug-induced

148378

depression of consciousness during which:

(I) Patients cannot be easily aroused but respond purposefully following repeated or painful stimulation;

(II) The ability to independently maintain ventilatory function may be impaired;

(III) Patients may require assistance in maintaining a patent airway and spontaneous ventilation may be inadequate; and

(IV) Cardiovascular function is usually maintained.

For purposes of this sub-subparagraph, a reflexive withdrawal from a painful stimulus by a patient is not considered a purposeful response.

b. "General anesthesia" means a drug-induced loss of consciousness during which:

(I) Patients are not arousable, even by painful stimulation;

(II) The ability to independently maintain ventilatory function is often impaired;

(III) Patients often require assistance in maintaining a patent airway and positive pressure ventilation may be required because of depressed spontaneous ventilation or drug-induced depression of neuromuscular function; and

(IV) Cardiovascular function may be impaired.

2. The use of spinal or epidural anesthesia for a procedure requires that procedure to be considered a Level III office surgery.

3. Only patients classified under the American Society of Anesthesiologists' (ASA) risk classification criteria as Class I or Class II are appropriate candidates for a Level III office

148378

surgery.

a. All Level III office surgeries on patients classified as ASA III or higher are to be performed only in a hospital or ambulatory surgical center.

b. For all ASA II patients above the age of 50, the physician performing the surgery must obtain a complete workup performed before the performance of a Level III office surgery in the office surgery setting.

c. If the patient has a cardiac history or is deemed to be a complicated medical patient, the patient must have a preoperative electrocardiogram and be referred to an appropriate consultant for medical optimization. The referral to a consultant may be waived after evaluation by the patient's anesthesiologist.

(b) *Standards of practice.*—Practice standards for Level III office surgery include all Level II office surgery standards and all of the following requirements:

1. The physician performing the surgery must have staff privileges at a licensed hospital to perform the same procedure in that hospital as that being performed in the office surgery setting or must be able to document satisfactory completion of training, such as board certification or board qualification by a board approved by the American Board of Medical Specialties or any other board approved by the Board of Medicine, or must be able to demonstrate to the accrediting organization or to the department comparable background, training, and experience. Such board certification or comparable background, training, and experience must also be directly related to and include the procedure being performed by the physician performing the

148378

surgery in the office surgery setting. In addition, the physician performing the surgery must have knowledge of the principles of general anesthesia.

2. The physician performing the surgery must be currently certified in advanced cardiac life support.

3. At least one operating assistant must be currently certified in basic life support.

4. An emergency policy and procedures manual related to serious anesthesia complications must be available in the office surgery and reviewed biannually by the designated physician, practiced with staff, updated, and posted in a conspicuous location in the office. Topics to be covered in the manual must include all of the following:

a. Airway blockage and foreign body obstruction.

b. Allergic reactions.

c. Bradycardia.

d. Bronchospasm.

e. Cardiac arrest.

f. Chest pain.

g. Hypoglycemia.

h. Hypotension.

i. Hypoventilation.

j. Laryngospasm.

k. Local anesthetic toxicity reaction.

l. Malignant hyperthermia.

m. Any other topics the board determines by rule are warranted for patient safety and by the evolution of technology and medical practice.

5. An office surgery performing Level III office surgeries

148378

must maintain all of the equipment and medications required for Level II office surgeries and comply with all of the following additional requirements:

a. Maintain at least 720 mg of dantrolene on site if halogenated anesthetics or succinylcholine are used.

b. Equipment and medication for monitored postanesthesia recovery must be available in the office.

6. Anesthetic safety regulations must be developed, posted in a conspicuous location in the office, and enforced by the designated physician. Such regulations must include all of the following requirements:

a. All operating room electrical and anesthesia equipment must be inspected at least semiannually, and a written record of the results and corrective actions must be maintained.

b. Flammable anesthetic agents may not be employed in office surgery facilities.

c. Electrical equipment in anesthetizing areas must be on an audiovisual line isolation monitor, with the exception of radiologic equipment and fixed lighting more than 5 feet above the floor.

d. Each anesthesia gas machine must have a pin-index system or equivalent safety system and a minimum oxygen flow safety device.

e. All reusable anesthesia equipment in direct contact with a patient must be cleaned or sterilized as appropriate after each use.

f. The following monitors must be applied to all patients receiving conduction or general anesthesia:

(I) Blood pressure cuff.

148378

(II) A continuous temperature device, readily available to measure the patient's temperature.

(III) Pulse oximeter.

(IV) Electrocardiogram.

(V) An inspired oxygen concentration monitor and a capnograph, for patients receiving general anesthesia.

g. Emergency intubation equipment must be available in all office surgery suites.

h. Surgical tables must be capable of Trendelenburg and other positions necessary to facilitate surgical procedures.

i. An anesthesiologist, a certified registered nurse anesthetist, an anesthesiologist assistant, or a physician assistant qualified as set forth in board rule must administer the general or regional anesthesia.

j. A physician, a registered nurse, a licensed practical nurse, a physician assistant, or an operating room technician must assist with the surgery. The anesthesia provider may not function in any other capacity during the procedure.

k. The patient must be monitored in the recovery room until he or she has fully recovered from anesthesia. The monitoring must be provided by a physician, a physician assistant, a certified registered nurse anesthetist, an anesthesiologist assistant, or a registered nurse with postanesthesia care unit experience or the equivalent who is currently certified in advanced cardiac life support, or, in the case of pediatric patients, currently certified in pediatric advanced life support.

(8) RULEMAKING.—The board may adopt by rule additional standards of practice for physicians who perform office

148378

surgeries or procedures under this section as warranted for patient safety and by the evolution of technology and medical practice.

Section 5. This act shall take effect upon becoming a law.

========== T I T L E A M E N D M E N T ==========

And the title is amended as follows:

Delete everything before the enacting clause and insert:

A bill to be entitled

An act relating to office surgeries; amending ss. 458.328 and 459.0138, F.S.; revising the types of procedures for which a medical office must register with the Department of Health to perform office surgeries; specifying inspection procedures for such offices seeking registration with the department; requiring that certain offices seeking registration provide proof to the department that they have met specified requirements and rules; requiring the department to inspect such offices to ensure that certain equipment and procedures are present or in place; requiring the department to notify the Agency for Health Care Administration if an applicant is unable to provide certain proof to the department and to request that the agency inspect and consult with the office; deleting obsolete language; providing that the department may not register and must seek an emergency suspension of an office under specified circumstances; requiring that each office, as a

148378

condition of registration, list certain medical personnel and thereafter notify the department of the addition or termination of such personnel within a specified timeframe; providing for disciplinary action for failure to comply; revising the materials that the department must review when inspecting a registered office; requiring offices already registered with the department as of a specified date to provide a registration update within a specified timeframe; specifying requirements for such registration update process; revising requirements for the standards of practice for office surgeries; providing an administrative penalty; revising rulemaking requirements; creating ss. 458.3281 and 459.0139, F.S.; providing construction; defining terms; specifying general requirements for office surgeries; specifying standards of practice for office surgeries, delineated by the level of surgery being performed; authorizing the Board of Medicine and the Board of Osteopathic Medicine, as applicable, to adopt additional standards of practice by rule; providing an effective date.

Senate Amendment (with title amendment)

Delete everything after the enacting clause and insert:

Section 1. Section 458.328, Florida Statutes, is amended to read:

458.328 Office surgeries.—

(1) REGISTRATION.—

(a)~~1.~~ An office in which a physician performs or intends to

589844

perform a liposuction procedure in which more than 1,000 cubic centimeters of supernatant fat is temporarily or permanently removed, a liposuction procedure during which the patient is rotated between the supine, lateral, and prone positions, a Level II office surgery, or a Level III office surgery must register with the department. ~~unless the office is licensed as~~ A facility licensed under chapter 390 or chapter 395 may not be registered under this section.

(b) ~~2.~~ The department must complete an inspection of any office seeking registration under this section before the office may be registered.

1. The inspection of the office seeking registration under this section must include inspection for compliance with the standards of practice set out in this section and s. 458.3281 and any applicable board rules for the levels of office surgery and procedures listed on the application which any physician practicing at the office performs or intends to perform. The application must be updated within 10 calendar days before any additional surgical procedures or levels of office surgery are to be performed at the office. Failure to timely update the application for any such additional surgical procedures or levels of office surgery is a violation of this section and subject to discipline under ss. 456.072 and 458.331.

2. The department must immediately suspend the registration process of an office that refuses an inspection under subparagraph 1., and the applicant must be required to reapply for registration.

3. If the department determines that an office seeking registration under this section is one in which a physician may

589844

perform, or intends to perform, liposuction procedures that include a patient being rotated between the supine, lateral, and prone positions during the procedure, or in which a physician may perform, or intends to perform, gluteal fat grafting procedures, the office must provide proof to the department that it has met the applicable requirements of s. 469 of the Florida Building Code, relating to office surgery suites, and s. 458.3281 and the applicable rules adopted thereunder, and the department must inspect the office to ensure that all of the following are present or in place:

a. Equipment and a procedure for measuring and documenting in a log the amount of supernatant fat removed, both temporarily and permanently, from a particular patient, including tissue disposal procedures.

b. A procedure for measuring and documenting the amount of lidocaine injected for tumescent liposuction, if used.

c. Working ultrasound guidance equipment or other guidance technology authorized under board rule which equals or exceeds the quality of ultrasound guidance.

d. The office procedure for obtaining blood products.

e. Documentation on file at the office demonstrating that any physician performing these procedures has privileges to perform such procedures in a hospital no more than 20 minutes away.

f. Procedures for emergency resuscitation and transport to a hospital.

g. Procedures for anesthesia and surgical recordkeeping.

h. Any additional inspection requirements, as set by board rule.

589844

4. If an applicant is unable to provide proof to the department that the office seeking registration is in compliance with the applicable requirements of s. 469 of the Florida Building Code, relating to office surgery suites, or s. 458.3281 or the applicable rules adopted thereunder, in accordance with subparagraph 3., the department must notify the Agency for Health Care Administration and request the agency to inspect the office and consult with the office about the process to apply for ambulatory surgical center licensure under chapter 395 and how the office may seek qualification for such licensure, notwithstanding the office's failure to meet all requirements associated with such licensure at the time of inspection and notwithstanding any pertinent exceptions provided under s. 395.002(3).

(c) ~~(b)~~ To be ~~By January 1, 2020, each office~~ registered under this section or s. 459.0138, an office must, at the time of application, list a designated ~~designate a~~ physician who is responsible for the office's compliance with the office health and safety requirements of this section and rules adopted hereunder. A designated physician must have a full, active, and unencumbered license under this chapter or chapter 459 and shall practice at the office for which he or she has assumed responsibility. Within 10 calendar days after the termination of a designated physician relationship, the office must notify the department of the designation of another physician to serve as the designated physician. The department may not register an office if the office fails to comply with this requirement at the time of application and must seek an emergency suspension of ~~suspend~~ the registration of an office pursuant to s. 456.074(6)

if the office fails to timely notify the department of its new designated physician within 10 calendar days after the termination of the previous designated physician relationship ~~comply with the requirements of this paragraph~~.

(d) As a condition of registration, each office must, at the time of application, list all medical personnel who will be practicing at the office, including all of the following:

1. Physicians who intend to practice surgery or assist in surgery at the office seeking registration, including their respective license numbers and practice addresses.

2. Anesthesia providers, including their license numbers.

3. Nursing personnel licensed under chapter 464, including their license numbers unless already provided under subparagraph 2.

4. Physician assistants, including their respective license numbers and supervising physicians.

The office must notify the department of the addition or termination of any of the types of medical personnel specified under this paragraph within 10 calendar days before such addition or after such termination. Failure to timely notify the department of such addition or termination is a violation of this section and subject to discipline under ss. 456.072 and 458.331.

(e) ~~(c)~~ As a condition of registration, each office must establish financial responsibility by demonstrating that it has met and continues to maintain, at a minimum, the same requirements applicable to physicians in ss. 458.320 and 459.0085. Each physician practicing at an office registered

589844

under this section or s. 459.0138 must meet the financial responsibility requirements under s. 458.320 or s. 459.0085, as applicable.

(f) ~~(d)~~ Each physician practicing or intending to practice at an office registered under this section or s. 459.0138 must ~~shall~~ advise the board, in writing, within 10 calendar days before ~~after~~ beginning or after ending his or her practice at a registered office, as applicable.

(g) ~~(e)1.~~ The department shall inspect a registered office at least annually, including a review of patient records, anesthesia logs, surgery logs, and liposuction logs, to ensure that the office is in compliance with this section and rules adopted hereunder unless the office is accredited in office-based surgery by the Joint Commission or other ~~a~~ nationally recognized accrediting agency approved by the board. The inspection may be unannounced, except for the inspection of an office that meets the description of a clinic specified in s. 458.3265(1)(a)3.h., and those wholly owned and operated physician offices described in s. 458.3265(1)(a)3.g. which perform procedures referenced in s. 458.3265(1)(a)3.h., which must be announced.

(h) ~~2.~~ The department must immediately suspend the registration of a registered office that refuses an inspection under paragraph (g) ~~subparagraph 1~~. The office must close during such suspension. The suspension must remain in effect for at least 14 consecutive days and may not terminate until the department issues a written declaration that the office may reopen following the department's completion of an inspection of the office.

589844

(i) ~~(f)~~ The department may suspend or revoke the registration of an office in which a procedure or surgery identified in paragraph (a) is performed for failure of any of its physicians, owners, or operators to comply with this section and rules adopted hereunder or s. 459.0138 and rules adopted thereunder. If an office's registration is revoked for any reason, the department may deny any person named in the registration documents of the office, including the persons who own or operate the office, individually or as part of a group, from registering an office to perform procedures or office surgeries pursuant to this section or s. 459.0138 for 5 years after the revocation date.

(j) ~~(g)~~ The department may impose any penalty set forth in s. 456.072(2) against the designated physician for failure of the office to operate in compliance with the office health and safety requirements of this section and rules adopted hereunder or s. 459.0138 and rules adopted thereunder.

~~(h) A physician may only perform a procedure or surgery identified in paragraph (a) in an office that is registered with the department. The board shall impose a fine of $5,000 per day on a physician who performs a procedure or surgery in an office that is not registered with the department.~~

(k) ~~(i)~~ The actual costs of registration and inspection or accreditation must ~~shall~~ be paid by the person seeking to register and operate the office in which a procedure or surgery identified in paragraph (a) will be performed.

(2) REGISTRATION UPDATE.—

(a) An office that registered under this section before July 1, 2024, in which a physician performs liposuction

589844

procedures that include a patient being rotated between the supine, lateral, and prone positions during the procedure or in which a physician performs gluteal fat grafting procedures must provide a registration update to the department consistent with the requirements of the initial registration under subsection (1) no later than 30 days before the office surgery's next annual inspection.

(b) Registration update inspections required under subsection (1) must be performed by the department on the date of the office surgery's next annual inspection.

(c) During the registration update process, the office surgery may continue to operate under the original registration.

(d) In order to provide an office surgery time to update to the requirements of subsection (1) and s. 458.3281, effective July 1, 2024, and the applicable provisions of s. 469 of the Florida Building Code, relating to office surgery suites, any office surgery registered under this section before July 1, 2024, whose annual inspection is due in July or August 2024, may request from the department, in writing, a 60-day postponement of the required annual inspection, which postponement must be granted.

(e) All other requests to the department for a postponement of the registration update inspection required under this registration update process must be in writing and be approved by the chair of the Board of Medicine for good cause shown, and such postponement may not exceed 30 days.

(3) STANDARDS OF PRACTICE.—

(a) A physician performing a procedure or surgery in an office registered under this section must comply with the

589844

applicable provisions of s. 469 of the Florida Building Code, relating to office surgery suites, and the standards of practice for office surgery set forth in this section and s. 458.3281 and any applicable rules adopted thereunder.

(b) A physician may not perform any surgery or procedure identified in paragraph (1)(a) in a setting other than an office registered under this section or a facility licensed under chapter 390 or chapter 395, as applicable. The board shall impose a fine of $5,000 per incident on a physician who violates this paragraph ~~performing a gluteal fat grafting procedure in an office surgery setting shall adhere to standards of practice pursuant to this subsection and rules adopted by the board~~.

(c) ~~(b)~~ Office surgeries may not:

1. Be a type of surgery that generally results in blood loss of more than 10 percent of estimated blood volume in a patient with a normal hemoglobin level;

2. Require major or prolonged intracranial, intrathoracic, abdominal, or joint replacement procedures, except for laparoscopic procedures;

3. Involve major blood vessels and be performed with direct visualization by open exposure of the major blood vessel, except for percutaneous endovascular intervention; or

4. Be emergent or life threatening.

(d) ~~(c)~~ A physician performing a gluteal fat grafting procedure in an office surgery setting must comply with the applicable provisions of s. 469 of the Florida Building Code, relating to office surgery suites, and the standards of practice under this subsection and s. 458.3281, and applicable rules adopted thereunder, including, but not limited to, all of the

589844

following standards of practice:

1. The ~~A~~ physician performing the ~~a~~ gluteal fat grafting procedure must conduct an in-person examination of the patient while physically present in the same room as the patient no later than the day before the procedure.

2. Before a physician may delegate any duties during a gluteal fat grafting procedure, the patient must provide written, informed consent for such delegation. Any duty delegated by a physician during a gluteal fat grafting procedure must be performed under the direct supervision of the physician performing such procedure. Fat extraction and gluteal fat injections must be performed by the physician and may not be delegated.

3. Fat may only be injected into the subcutaneous space of the patient and may not cross the fascia overlying the gluteal muscle. Intramuscular or submuscular fat injections are prohibited.

4. When the physician performing a gluteal fat grafting procedure injects fat into the subcutaneous space of the patient, the physician must use ultrasound guidance, or guidance with other technology authorized under board rule which equals or exceeds the quality of ultrasound, during the placement and navigation of the cannula to ensure that the fat is injected into the subcutaneous space of the patient above the fascia overlying the gluteal muscle. Such guidance with the use of ultrasound or other technology is not required for other portions of such procedure.

5. An office in which a physician performs gluteal fat grafting procedures shall at all times maintain a ratio of one

589844

physician to one patient during all phases of the procedure, beginning with the administration of anesthesia to the patient and concluding with the extubation of the patient. After a physician has commenced, and while he or she is engaged in, a gluteal fat grafting procedure, the physician may not commence or engage in another gluteal fat grafting procedure or any other procedure with another patient at the same time.

(e) ~~(d)~~ If a procedure in an office surgery setting results in hospitalization, the incident must be reported as an adverse incident pursuant to s. 458.351.

~~(e) An office in which a physician performs gluteal fat grafting procedures must at all times maintain a ratio of one physician to one patient during all phases of the procedure, beginning with the administration of anesthesia to the patient and concluding with the extubation of the patient. After a physician has commenced, and while he or she is engaged in, a gluteal fat grafting procedure, the physician may not commence or engage in another gluteal fat grafting procedure or any other procedure with another patient at the same time.~~

(4) ~~(3)~~ RULEMAKING.—

(a) The board may ~~shall~~ adopt by rule additional standards of practice for physicians who perform office procedures or ~~office~~ surgeries under ~~pursuant to~~ this section, as warranted for patient safety and by the evolution of technology and medical practice.

(b) The board may adopt rules to administer the registration, registration update, inspection, and safety of offices in which a physician performs office procedures or ~~office~~ surgeries under ~~pursuant to~~ this section.

Section 2. Section 458.3281, Florida Statutes, is created to read:

458.3281 Standard of practice for office surgery.—

(1) CONSTRUCTION.—This section does not relieve a physician performing a procedure or surgery from the responsibility of making the medical determination of whether an office is an appropriate setting in which to perform that particular procedure or surgery, taking into consideration the particular patient on which the procedure or surgery is to be performed.

(2) DEFINITIONS.—As used in this section, the term:

(a) "Certified in advanced cardiac life support" means a person holds a current certification in an advanced cardiac life support course with didactic and skills components, approved by the American Heart Association, the American Safety and Health Institute, the American Red Cross, Pacific Medical Training, or the Advanced Cardiovascular Life Support (ACLS) Certification Institute.

(b) "Certified in basic life support" means a person holds a current certification in a basic life support course with didactic and skills components, approved by the American Heart Association, the American Safety and Health Institute, the American Red Cross, Pacific Medical Training, or the ACLS Certification Institute.

(c) "Certified in pediatric advanced life support" means a person holds a current certification in a pediatric advanced life support course with didactic and skills components approved by the American Heart Association, the American Safety and Health Institute, or Pacific Medical Training.

(d) "Continual monitoring" means monitoring that is

589844

repeated regularly and frequently in steady, rapid succession.

(e) "Continuous" means monitoring that is prolonged without any interruption at any time.

(f) "Equipment" means a medical device, instrument, or tool used to perform specific actions or take certain measurements during, or while a patient is recovering from, a procedure or surgery which must meet current performance standards according to its manufacturer's guidelines for the specific device, instrument, or tool, as applicable.

(g) "Major blood vessels" means a group of critical arteries and veins, including the aorta, coronary arteries, pulmonary arteries, superior and inferior vena cava, pulmonary veins, and any intra-cerebral artery or vein.

(h) "Office surgery" means a physician's office in which surgical procedures are performed by a physician for the practice of medicine as authorized by this section and board rule. The office must be an office at which a physician regularly performs consultations with surgical patients, preoperative examinations, and postoperative care, as necessitated by the standard of care related to the surgeries performed at the physician's office, and at which patient records are readily maintained and available. The types of procedures or surgeries performed in an office surgery are those which need not be performed in a facility licensed under chapter 390 or chapter 395, and are not of the type that:

1. Generally result in blood loss of more than 10 percent of estimated blood volume in a patient with a normal hemoglobin count;

2. Require major or prolonged intracranial, intrathoracic,

589844

abdominal, or major joint replacement procedures, except for laparoscopic procedures;

3. Involve major blood vessels and are performed with direct visualization by open exposure of the major vessel, except for percutaneous endovascular intervention; or

4. Are generally emergent or life threatening in nature.

(i) "Pediatric patient" means a patient who is 13 years of age or younger.

(j) "Percutaneous endovascular intervention" means a procedure performed without open direct visualization of the target vessel and which requires only needle puncture of an artery or vein followed by insertion of catheters, wires, or similar devices that are then advanced through the blood vessels using imaging guidance. Once the catheter reaches the intended location, various maneuvers to address the diseased area may be performed, including, but not limited to, injection of contrast medium for imaging; treatment of vessels with angioplasty; atherectomy; covered or uncovered stenting; embolization or intentionally occluding vessels or organs; and delivering medications or radiation or other energy, such as laser, radiofrequency, or cryo.

(k) "Reasonable proximity" means a distance that does not exceed 20 minutes of transport time to the hospital.

(l) "Surgery" means any manual or operative procedure performed upon the body of a living human being, including, but not limited to, those performed with the use of lasers, for the purposes of preserving health, diagnosing or curing disease, repairing injury, correcting a deformity or defect, prolonging life, or relieving suffering, or any elective procedure for

589844

aesthetic, reconstructive, or cosmetic purposes. The term includes, but is not limited to, incision or curettage of tissue or an organ; suture or other repair of tissue or an organ, including a closed as well as an open reduction of a fracture; extraction of tissue, including premature extraction of the products of conception from the uterus; insertion of natural or artificial implants; or an endoscopic procedure with use of local or general anesthetic.

(3) GENERAL REQUIREMENTS FOR OFFICE SURGERY.—

(a) The physician performing the surgery must examine the patient immediately before the surgery to evaluate the risk of anesthesia and of the surgical procedure to be performed. The physician performing the surgery may delegate the preoperative heart and lung evaluation to a qualified anesthesia provider within the scope of the provider's practice and, if applicable, protocol.

(b) The physician performing the surgery shall maintain complete patient records of each surgical procedure performed, which must include all of the following:

1. The patient's name, patient number, preoperative diagnosis, postoperative diagnosis, surgical procedure, anesthetic, anesthesia records, recovery records, and complications, if any.

2. The name of each member of the surgical team, including the surgeon, first assistant, anesthesiologist, nurse anesthetist, anesthesiologist assistant, circulating nurse, and operating room technician, as applicable.

(c) Each office surgery's designated physician shall ensure that the office surgery has procedures in place to verify that

589844

all of the following have occurred before any surgery is performed:

1. The patient has signed the informed consent form for the procedure reflecting the patient's knowledge of identified risks of the procedure, consent to the procedure, the type of anesthesia and anesthesia provider to be used during the procedure, and the fact that the patient may choose the type of anesthesia provider for the procedure, such as an anesthesiologist, a certified registered nurse anesthetist, a physician assistant, an anesthesiologist assistant, or another appropriately trained physician as provided by board rule.

2. The patient's identity has been verified.

3. The operative site has been verified.

4. The operative procedure to be performed has been verified with the patient.

5. All of the information and actions required to be verified under this paragraph are documented in the patient's medical record.

(d) With respect to the requirements set forth in paragraph (c), written informed consent is not necessary for minor Level I procedures limited to the skin and mucosa.

(e) The physician performing the surgery shall maintain a log of all liposuction procedures performed at the office surgery where more than 1,000 cubic centimeters of supernatant fat is temporarily or permanently removed and where Level II and Level III surgical procedures are performed. The log must, at a minimum, include all of the following:

1. A confidential patient identifier.

2. Time of arrival in the operating suite.

589844

3. The name of the physician performing the procedure.

4. The patient's diagnosis, CPT codes used for the procedure, the patient's classification for risk with anesthesia according to the American Society of Anesthesiologists' physical status classification system, and the type of procedure and level of surgery performed.

5. Documentation of completion of the medical clearance performed by the anesthesiologist or the physician performing the surgery.

6. The name and provider type of the anesthesia provider and the type of anesthesia used.

7. The duration of the procedure.

8. Any adverse incidents as identified in s. 458.351.

9. The type of postoperative care, duration of recovery, disposition of the patient upon discharge, including the address of where the patient is being discharged, discharge instructions, and list of medications used during surgery and recovery.

All surgical and anesthesia logs must be kept at the office surgery and maintained for 6 years after the date of last patient contact and must be provided to department investigators upon request.

(f) For any liposuction procedure, the physician performing the surgery is responsible for determining the appropriate amount of supernatant fat to be removed from a particular patient. A maximum of 4,000 cubic centimeters of supernatant fat may be removed by liposuction in the office surgery setting. A maximum of 50mg/kg of lidocaine may be injected for tumescent

liposuction in the office surgery setting.

(g)1. Liposuction may be performed in combination with another separate surgical procedure during a single Level II or Level III surgical procedure only in the following circumstances:

a. When combined with an abdominoplasty, liposuction may not exceed 1,000 cubic centimeters of supernatant fat.

b. When liposuction is associated and directly related to another procedure, the liposuction may not exceed 1,000 cubic centimeters of supernatant fat.

2. Major liposuction in excess of 1,000 cubic centimeters of supernatant fat may not be performed on a patient's body in a location that is remote from the site of another procedure being performed on that patient.

(h) For elective cosmetic and plastic surgery procedures performed in a physician's office, the maximum planned duration of all surgical procedures combined may not exceed 8 hours. Except for elective cosmetic and plastic surgery, the physician performing the surgery may not keep patients past midnight in a physician's office. For elective cosmetic and plastic surgical procedures, the patient must be discharged within 24 hours after presenting to the office for surgery. However, an overnight stay is allowed in the office if the total time the patient is at the office does not exceed 23 hours and 59 minutes, including the surgery time. An overnight stay in a physician's office for elective cosmetic and plastic surgery must be strictly limited to the physician's office. If the patient has not recovered sufficiently to be safely discharged within the timeframes set forth, the patient must be transferred to a hospital for

continued postoperative care.

(i) The American Society of Anesthesiologists Standards for Basic Anesthetic Monitoring are hereby adopted and incorporated by reference as the standards for anesthetic monitoring by any qualified anesthesia provider under this section.

1. These standards apply to general anesthetics, regional anesthetics, and monitored Level II and III anesthesia care. However, in emergency circumstances, appropriate life support measures take priority. These standards may be exceeded at any time based on the judgment of the responsible supervising physician or anesthesiologist. While these standards are intended to encourage quality patient care, observing them does not guarantee any specific patient outcome. This set of standards addresses only the issue of basic anesthesia monitoring, which is only one component of anesthesia care.

2. In certain rare or unusual circumstances, some of these methods of monitoring may be clinically impractical, and appropriate use of the described monitoring methods may fail to detect adverse clinical developments. In such cases, a brief interruption of continual monitoring may be unavoidable and does not by itself constitute a violation of the standards of practice of this section.

3. Under extenuating circumstances, the physician performing the surgery or the anesthesiologist may waive the following requirements:

a. The use of an oxygen analyzer with a low oxygen concentration limit alarm, or other technology authorized under board rule which equals or exceeds the quality of the oxygen analyzer, during the administration of general anesthesia with

589844

an anesthesia machine.

b. The use of pulse oximetry with a variable pitch pulse tone and an audible low threshold alarm, or other technology authorized under board rule which equals or exceeds the quality of a pulse oximeter, and the use of adequate illumination and exposure of the patient to assess color.

c. The use of capnography, capnometry, or mass spectroscopy, or other technology authorized under board rule which equals or exceeds the quality of capnography, capnometry, or mass spectroscopy, as a quantitative method of analyzing the end-tidal carbon dioxide for continual monitoring for the presence of expired carbon dioxide during ventilation, from the time of the endotracheal tube or supraglottic airway placement until extubation or removal or initiating transfer of the patient to a postoperative care location.

d. The use of continuous electrocardiogram display, or other technology authorized under board rule which equals or exceeds the quality of electrocardiogram display, from the beginning of anesthesia until preparing to leave the anesthetizing location.

e. The measuring of arterial blood pressure and heart rate evaluated at least every 5 minutes during anesthesia.

When any of the monitoring is waived for extenuating circumstances under this subparagraph, it must be documented in a note in the patient’s medical record, including the reasons for the need to waive the requirement. These standards are not intended for the application to the care of an obstetrical patient in labor or in the conduct of pain management.

589844

(j)1. Because of the rapid changes in patient status during anesthesia, qualified anesthesia personnel must be continuously present in the room to provide anesthesia care for the entire duration of all general anesthetics, regional anesthetics, and monitored anesthesia care conducted on the patient. In the event that there is a direct known hazard, such as radiation, to the anesthesia personnel which might require intermittent remote observation of the patient, some provision for monitoring the patient must be made. In the event that an emergency requires the temporary absence of the person primarily responsible for the anesthesia, the best judgment of the supervising physician or anesthesiologist shall be exercised in comparing the emergency with the anesthetized patient's condition and in the selection of the person left responsible for the anesthesia during the temporary absence.

2. During all anesthesia, the patient's oxygenation, ventilation, circulation, and temperature must be continually evaluated to ensure adequate oxygen concentration in the inspired gas and the blood.

a. During all general anesthesia using an anesthesia machine, the concentration of oxygen in the patient's breathing system must be measured by an oxygen analyzer with a low oxygen concentration limit alarm used to measure blood oxygenation.

b. During all anesthesia, a quantitative method of assessing oxygenation, such as pulse oximetry, must be employed. When a pulse oximeter is used, the variable pitch pulse tone and the low threshold alarm must be audible to the qualified anesthesia provider. Adequate illumination and exposure of the patient are necessary to assess color.

589844

c. During all anesthesia, every patient must have the adequacy of his or her ventilation continually evaluated, including, but not limited to, the evaluation of qualitative clinical signs, such as chest excursion, observation of the reservoir breathing bag, and auscultation of breath sounds. Continual monitoring for the presence of expired carbon dioxide must be performed unless invalidated by the nature of the patient's condition, the procedure, or the equipment. Quantitative monitoring of the volume of expired gas must also be performed.

d. When an endotracheal tube or supraglottic airway is inserted, its correct positioning must be verified by clinical assessment and by identification of carbon dioxide in the expired gas. Continual end-tidal carbon dioxide analysis, in use from the time of endotracheal tube or supraglottic airway placement until extubation or removal or initiating transfer of the patient to a postoperative care location, must be performed using a quantitative method, such as capnography, capnometry, or mass spectroscopy, or other technology authorized under board rule which equals or exceeds the quality of capnography, capnometry, or mass spectroscopy. When capnography or capnometry is used, the end-tidal carbon dioxide alarm must be audible to the qualified anesthesia provider.

e. When ventilation is controlled by a mechanical ventilator, there must be in continuous use a device capable of detecting disconnection of components of the breathing system. The device must give an audible signal when its alarm threshold is exceeded.

f. During regional anesthesia without sedation or local

589844

anesthesia with no sedation, the adequacy of ventilation must be evaluated by continual observation of qualitative clinical signs. During moderate or deep sedation, the adequacy of ventilation must be evaluated by continual observation of qualitative clinical signs. Monitoring for the presence of exhaled carbon dioxide is recommended.

g. Every patient receiving anesthesia must have the electrocardiogram or other technology authorized under board rule which equals or exceeds the quality of electrocardiogram continuously displayed from the beginning of anesthesia until preparing to leave the anesthetizing location.

h. Every patient receiving anesthesia must have arterial blood pressure and heart rate determined and evaluated at least every 5 minutes.

i. Every patient receiving general anesthesia must have circulatory function continually evaluated by at least one of the following methods:

(I) Palpation of a pulse.

(II) Auscultation of heart sounds.

(III) Monitoring of a tracing of intra-arterial pressure.

(IV) Ultrasound peripheral pulse monitoring.

(V) Pulse plethysmography or oximetry.

(VI) Other technology authorized under board rule which equals or exceeds the quality of any of the methods listed in sub-sub-subparagraphs (I)-(V).

j. Every patient receiving anesthesia must have his or her temperature monitored when clinically significant changes in body temperature are intended, anticipated, or suspected.

(k)1. The physician performing the surgery shall ensure

589844

that the postoperative care arrangements made for the patient are adequate for the procedure being performed, as required by board rule.

2. Management of postoperative care is the responsibility of the physician performing the surgery and may be delegated as determined by board rule. If the physician performing the surgery is unavailable to provide postoperative care, the physician performing the surgery must notify the patient of his or her unavailability for postoperative care before the procedure.

3. If there is an overnight stay at the office in relation to any surgical procedure:

a. The office must provide at least two persons to act as monitors, one of whom must be certified in advanced cardiac life support, and maintain a monitor-to-patient ratio of at least one monitor to two patients.

b. Once the physician performing the surgery has signed a timed and dated discharge order, the office may provide only one monitor to monitor the patient. The monitor must be qualified by licensure and training to administer all of the medications required on the crash cart and must be certified in advanced cardiac life support.

c. A complete and current crash cart must be present in the office surgery and immediately accessible for the monitors.

4. The physician performing the surgery must be reachable by telephone and readily available to return to the office if needed.

5. A policy and procedures manual must be maintained in the office at which Level II and Level III procedures are performed.

589844

The manual must be updated and implemented annually. The policy and procedures manual must provide for all of the following:

a. Duties and responsibilities of all personnel.

b. A quality assessment and improvement system designed to objectively and systematically monitor and evaluate the quality and appropriateness of patient care and opportunities to improve performance.

c. Cleaning procedures and protocols.

d. Sterilization procedures.

e. Infection control procedures and personnel responsibilities.

f. Emergency procedures.

6. The designated physician shall establish a risk management program that includes all of the following components:

a. The identification, investigation, and analysis of the frequency and causes of adverse incidents.

b. The identification of trends or patterns of adverse incidents.

c. The development of appropriate measures to correct, reduce, minimize, or eliminate the risk of adverse incidents.

d. The documentation of such functions and periodic review of such information at least quarterly by the designated physician.

7. The designated physician shall report to the department any adverse incidents that occur within the scope of office surgeries. This report must be made within 15 days after the occurrence of an incident as required by s. 458.351.

8. The designated physician is responsible for prominently

589844

posting a sign in the office which states that the office is a doctor's office regulated under this section and ss. 458.328, 458.3281, and 459.0138 and the applicable rules of the Board of Medicine and the Board of Osteopathic Medicine as set forth in rules 64B8 and 64B15, Florida Administrative Code. This notice must also appear prominently within the required patient informed consent form.

9. All physicians performing surgery at the office surgery must be qualified by education, training, and experience to perform any procedure the physician performs in the office surgery.

10. When Level II, Level II-A, or Level III procedures are performed in an office surgery setting, the physician performing the surgery is responsible for providing the patient, in writing, before the procedure, with the name and location of the hospital where the physician performing the surgery has privileges to perform the same procedure as the one being performed in the office surgery setting or the name and location of the hospital with which the physician performing the surgery has a transfer agreement in the event of an emergency.

(4) LEVEL I OFFICE SURGERY.—

(a) *Scope.*—Level I office surgery includes the following:

1. Minor procedures such as excision of skin lesions, moles, warts, cysts, or lipomas and repair of lacerations or surgery limited to the skin and subcutaneous tissue which are performed under topical or local anesthesia not involving drug-induced alteration of consciousness other than minimal pre-operative tranquilization of the patient.

2. Liposuction involving the removal of less than 4,000

589844

cubic centimeters of supernatant fat.

3. Incision and drainage of superficial abscesses; limited endoscopies, such as proctoscopies, skin biopsies, arthrocentesis, thoracentesis, paracentesis, dilation of the urethra, cystoscopic procedures, and closed reduction of simple fractures; or small joint dislocations, such as in the finger or toe joints.

4. Procedures in which anesthesia is limited to minimal sedation. The patient's level of sedation must be that of minimal sedation and anxiolysis, and the chances of complications requiring hospitalization must be remote. As used in this sub-subparagraph, the term "minimal sedation and anxiolysis" means a drug-induced state during which patients respond normally to verbal commands, and although cognitive function and physical coordination may be impaired, airway reflexes and ventilatory and cardiovascular functions remain unaffected. Controlled substances, as defined in ss. 893.02 and 893.03, must be limited to oral administration in doses appropriate for the unsupervised treatment of insomnia, anxiety, or pain.

5. Procedures for which chances of complications requiring hospitalization are remote as specified in board rule.

(b) *Standards of practice.*—Standards of practice for Level I office surgery include all of the following:

1. The medical education, training, and experience of the physician performing the surgery must include training on proper dosages and management of toxicity or hypersensitivity to regional anesthetic drugs, and the physician must be certified in advanced cardiac life support.

589844

2. At least one operating assistant must be certified in basic life support.

3. Intravenous access supplies, oxygen, oral airways, and a positive pressure ventilation device must be available in the office surgery, along with the following medications, stored per the manufacturer's recommendation:

a. Atropine, 3 mg.

b. Diphenhydramine, 50 mg.

c. Epinephrine, 1 mg in 10 ml.

d. Epinephrine, 1 mg in 1 ml vial, 3 vials total.

e. Hydrocortisone, 100 mg.

f. If a benzodiazepine is administered, flumazenil, 0.5 mg in 5 ml vial, 2 vials total.

g. If an opiate is administered, naloxone, 0.4 mg in 1 ml vial, 2 vials total.

4. When performing minor procedures, such as excision of skin lesions, moles, warts, cysts, or lipomas and repair of lacerations or surgery limited to the skin and subcutaneous tissue performed under topical or local anesthesia in an office surgery setting, physicians performing the procedure are exempt from subparagraphs 1.-3. Current certification in basic life support is recommended but not required.

5. A physician performing the surgery need not have an assistant during the procedure unless the specific procedure being performed requires an assistant.

(5) LEVEL II OFFICE SURGERY.—

(a) *Scope.*—Level II office surgery includes, but is not limited to, all of the following procedures:

1. Hemorrhoidectomy.

589844

2. Hernia repair.

3. Large joint dislocations.

4. Colonoscopy.

5. Liposuction involving the removal of up to 4,000 cubic centimeters of supernatant fat.

6. Any other procedure the board designates by rule as a Level II office surgery.

7. Surgeries in which the patient's level of sedation is that of moderate sedation and analgesia or conscious sedation. As used in this subparagraph, the term "moderate sedation and analgesia or conscious sedation" is a drug-induced depression of consciousness during which patients respond purposefully to verbal commands, either alone or accompanied by light tactile stimulation; interventions are not required to maintain a patent airway; spontaneous ventilation is adequate; and cardiovascular function is maintained. For purposes of this term, reflex withdrawal from a painful stimulus is not considered a purposeful response.

(b) *Standards of practice.*—Standards of practice for Level II office surgery include, but are not limited to, the following:

1. The physician performing the surgery, or the office where the procedure is being performed, must have a transfer agreement with a licensed hospital within reasonable proximity if the physician performing the procedure does not have staff privileges to perform the same procedure as that being performed in the office surgery setting at a licensed hospital within reasonable proximity. The transfer agreement required by this section must be current and have been entered into no more than

589844

3 years before the date of the office's most recent annual inspection under s. 458.328. A transfer agreement must affirmatively disclose an effective date and a termination date.

2. The physician performing the surgery must have staff privileges at a licensed hospital to perform the same procedure in that hospital as that being performed in the office surgery setting or must be able to document satisfactory completion of training, such as board certification or board eligibility by a board approved by the American Board of Medical Specialties or any other board approved by the Board of Medicine or Board of Osteopathic Medicine, as applicable, or must be able to establish comparable background, training, and experience. Such board certification or comparable background, training, and experience must also be directly related to and include the procedures being performed by the physician in the office surgery facility.

3. One assistant must be currently certified in basic life support.

4. The physician performing the surgery must be currently certified in advanced cardiac life support.

5. A complete and current crash cart must be available at all times at the location where the anesthesia is being administered. The designated physician of an office surgery is responsible for ensuring that the crash cart is replenished after each use, the expiration dates for the crash cart's medications are checked weekly, and crash cart events are documented in the cart's logs. Medicines must be stored per the manufacturer's recommendations, and multidose vials must be dated once opened and checked daily for expiration. The crash

589844

cart must, at a minimum, include the following intravenous or inhaled medications:

a. Adenosine, 18 mg.

b. Albuterol, 2.5 mg with a small volume nebulizer.

c. Amiodarone, 300 mg.

d. Atropine, 3 mg.

e. Calcium chloride, 1 gram.

f. Dextrose, 50 percent; 50 ml.

g. Diphenhydramine, 50 mg.

h. Dopamine, 200 mg, minimum.

i. Epinephrine, 1 mg, in 10 ml.

j. Epinephrine, 1 mg in 1 ml vial, 3 vials total.

k. Flumazenil, 1 mg.

l. Furosemide, 40 mg.

m. Hydrocortisone, 100 mg.

n. Lidocaine appropriate for cardiac administration, 100 mg.

o. Magnesium sulfate, 2 grams.

p. Naloxone, 1.2 mg.

q. A beta blocker class drug.

r. Sodium bicarbonate, 50 mEq/50 ml.

s. Paralytic agent that is appropriate for use in rapid sequence intubation.

t. A calcium channel blocker class drug.

u. If nonneuraxial regional blocks are performed, Intralipid, 20 percent, 500 ml solution.

v. Any additional medication the board determines by rule is warranted for patient safety and by the evolution of technology and medical practice.

589844

6. In the event of a drug shortage, the designated physician is authorized to substitute a therapeutically equivalent drug that meets the prevailing practice standards.

7. The designated physician is responsible for ensuring that the office maintains documentation of its unsuccessful efforts to obtain the required drug.

8. The designated physician is responsible for ensuring that the following are present in the office surgery:

a. A benzodiazepine.

b. A positive pressure ventilation device, such as Ambu, plus oxygen supply.

c. An end-tidal carbon dioxide detection device.

d. Monitors for blood pressure, electrocardiography, and oxygen saturation.

e. Emergency intubation equipment that must, at a minimum, include suction devices, endotracheal tubes, working laryngoscopes, oropharyngeal airways, nasopharyngeal airways, and bag valve mask apparatus that are sized appropriately for the specific patient.

f. A working defibrillator with defibrillator pads or defibrillator gel, or an automated external defibrillator unit.

g. Sufficient backup power to allow the physician performing the surgery to safely terminate the procedure and to allow the patient to emerge from the anesthetic, all without compromising the sterility of the procedure or the environment of care.

h. Working sterilization equipment cultured weekly.

i. Sufficient intravenous solutions and equipment for a minimum of a week’s worth of surgical cases.

589844

j. Any other equipment required by board rule, as warranted by the evolution of technology and medical practice.

9. The physician performing the surgery must be assisted by a qualified anesthesia provider, which may include any of the following types of providers:

a. An anesthesiologist.

b. A certified registered nurse anesthetist.

c. A registered nurse, if the physician performing the surgery is certified in advanced cardiac life support and the registered nurse assists only with local anesthesia or conscious sedation.

An anesthesiologist assistant may assist the anesthesiologist as provided by board rule. An assisting anesthesia provider may not function in any other capacity during the procedure.

10. If additional anesthesia assistance is required by the specific procedure or patient circumstances, such assistance must be provided by a physician, osteopathic physician, registered nurse, licensed practical nurse, or operating room technician.

11. The designated physician is responsible for ensuring that each patient is monitored in the recovery room until the patient is fully recovered from anesthesia. Such monitoring must be provided by a licensed physician, physician assistant, registered nurse with postanesthesia care unit experience, or the equivalent who is currently certified in advanced cardiac life support, or, in the case of pediatric patients, currently certified in pediatric advanced life support.

(6) LEVEL II-A OFFICE SURGERY.—

(a) *Scope.*—Level II-A office surgeries are those Level II office surgeries that have a maximum planned duration of 5 minutes or less and in which the chances of complications requiring hospitalization are remote.

(b) *Standards of practice.*—

1. All practice standards for Level II office surgery set forth in paragraph (5)(b) must be met for Level II-A office surgery except for the requirements set forth in subparagraph (5)(b)9. regarding assistance by a qualified anesthesia provider.

2. During the surgical procedure, the physician performing the surgery must be assisted by a licensed physician, physician assistant, registered nurse, or licensed practical nurse.

3. Additional assistance may be required by specific procedure or patient circumstances.

4. Following the procedure, a licensed physician, physician assistant, or registered nurse must be available to monitor the patient in the recovery room until the patient is recovered from anesthesia. The monitoring provider must be currently certified in advanced cardiac life support, or, in the case of pediatric patients, currently certified in pediatric advanced life support.

(7) LEVEL III OFFICE SURGERY.—

(a) *Scope.*—

1. Level III office surgery includes those types of surgery during which the patient’s level of sedation is that of deep sedation and analgesia or general anesthesia. As used in this subparagraph, the term:

a. “Deep sedation and analgesia” means a drug-induced

589844

depression of consciousness during which:

(I) Patients cannot be easily aroused but respond purposefully following repeated or painful stimulation;

(II) The ability to independently maintain ventilatory function may be impaired;

(III) Patients may require assistance in maintaining a patent airway and spontaneous ventilation may be inadequate; and

(IV) Cardiovascular function is usually maintained.

For purposes of this sub-subparagraph, reflex withdrawal from a painful stimulus is not considered a purposeful response.

b. "General anesthesia" means a drug-induced loss of consciousness during which:

(I) Patients are not arousable, even by painful stimulation;

(II) The ability to independently maintain ventilatory function is often impaired;

(III) Patients often require assistance in maintaining a patent airway and positive pressure ventilation may be required because of depressed spontaneous ventilation or drug-induced depression of neuromuscular function; and

(IV) Cardiovascular function may be impaired.

2. The use of spinal or epidural anesthesia for a procedure requires that the procedure be considered a Level III office surgery.

3. Only patients classified under the American Society of Anesthesiologists' (ASA) risk classification criteria as Class I or Class II are appropriate candidates for a Level III office surgery.

589844

a. All Level III office surgeries on patients classified as ASA III or higher must be performed only in a hospital or ambulatory surgical center.

b. For all ASA II patients above the age of 50, the physician performing the surgery must obtain a complete workup performed before the performance of a Level III office surgery in the office surgery setting.

c. If the patient has a cardiac history or is deemed to be a complicated medical patient, the patient must have a preoperative electrocardiogram and be referred to an appropriate consultant for medical optimization. The referral to a consultant may be waived after evaluation by the patient's anesthesiologist.

(b) *Standards of practice.*—Practice standards for Level III office surgery include all Level II office surgery standards and all of the following requirements:

1. The physician performing the surgery must have staff privileges at a licensed hospital to perform the same procedure in that hospital as that being performed in the office surgery setting or must be able to document satisfactory completion of training, such as board certification or board qualification by a board approved by the American Board of Medical Specialties or any other board approved by the Board of Medicine or Board of Osteopathic Medicine, as applicable, or must be able to demonstrate to the accrediting organization or to the department comparable background, training, and experience. Such board certification or comparable background, training, and experience must also be directly related to and include the procedure being performed by the physician performing the surgery in the office

589844

surgery setting. In addition, the physician performing the surgery must have knowledge of the principles of general anesthesia.

2. The physician performing the surgery must be currently certified in advanced cardiac life support.

3. At least one operating assistant must be currently certified in basic life support.

4. An emergency policy and procedures manual related to serious anesthesia complications must be available in the office surgery and reviewed biannually by the designated physician, practiced with staff, updated, and posted in a conspicuous location in the office. Topics to be covered in the manual must include all of the following:

a. Airway blockage and foreign body obstruction.

b. Allergic reactions.

c. Bradycardia.

d. Bronchospasm.

e. Cardiac arrest.

f. Chest pain.

g. Hypoglycemia.

h. Hypotension.

i. Hypoventilation.

j. Laryngospasm.

k. Local anesthetic toxicity reaction.

l. Malignant hyperthermia.

m. Any other topics the board determines by rule are warranted for patient safety and by the evolution of technology and medical practice.

5. An office surgery performing Level III office surgeries

589844

must maintain all of the equipment and medications required for Level II office surgeries and comply with all of the following additional requirements:

a. Maintain at least 720 mg of dantrolene on site if halogenated anesthetics or succinylcholine are used.

b. Equipment and medication for monitored postanesthesia recovery must be available in the office.

6. Anesthetic safety regulations must be developed, posted in a conspicuous location in the office, and enforced by the designated physician. Such regulations must include all of the following requirements:

a. All operating room electrical and anesthesia equipment must be inspected at least semiannually, and a written record of the results and corrective actions must be maintained.

b. Flammable anesthetic agents may not be employed in office surgery facilities.

c. Electrical equipment in anesthetizing areas must be on an audiovisual line isolation monitor, with the exception of radiologic equipment and fixed lighting more than 5 feet above the floor.

d. Each anesthesia gas machine must have a pin index safety system or equivalent safety system and a minimum oxygen flow safety device.

e. All reusable anesthesia equipment in direct contact with a patient must be cleaned or sterilized as appropriate after each use.

f. The following monitors must be applied to all patients receiving conduction or general anesthesia:

(I) Blood pressure cuff.

589844

(II) A continuous temperature device, readily available to measure the patient's temperature.

(III) Pulse oximeter.

(IV) Electrocardiogram.

(V) An inspired oxygen concentration monitor and a capnograph, for patients receiving general anesthesia.

g. Emergency intubation equipment must be available in all office surgery suites.

h. Surgical tables must be capable of Trendelenburg and other positions necessary to facilitate surgical procedures.

i. An anesthesiologist, a certified registered nurse anesthetist, an anesthesiologist assistant, or a physician assistant qualified as set forth in board rule must administer the general or regional anesthesia.

j. A physician, a registered nurse, a licensed practical nurse, a physician assistant, or an operating room technician must assist with the surgery. The anesthesia provider may not function in any other capacity during the procedure.

k. The patient must be monitored in the recovery room until he or she has fully recovered from anesthesia. The monitoring must be provided by a physician, a physician assistant, a certified registered nurse anesthetist, an anesthesiologist assistant, or a registered nurse with postanesthesia care unit experience or the equivalent who is currently certified in advanced cardiac life support, or, in the case of pediatric patients, currently certified in pediatric advanced life support.

(8) EXEMPTION.—This section does not apply to a physician who is dually licensed as a dentist under chapter 466 when he or

589844

she is performing dental procedures that fall within the scope of practice of dentistry and are regulated under chapter 466.

(9) RULEMAKING.—The board may adopt by rule additional standards of practice for physicians who perform office surgeries or procedures under this section as warranted for patient safety and by the evolution of technology and medical practice.

Section 3. Section 459.0138, Florida Statutes, is amended to read:

459.0138 Office surgeries.—

(1) REGISTRATION.—

(a)~~1.~~ An office in which a physician performs or intends to perform a liposuction procedure in which more than 1,000 cubic centimeters of supernatant fat is temporarily or permanently removed, a liposuction procedure during which the patient is rotated between the supine, lateral, and prone positions, a Level II office surgery, or a Level III office surgery must register with the department. ~~unless the office is licensed as~~ A facility licensed under chapter 390 or chapter 395 may not be registered under this section.

(b)~~2.~~ The department must complete an inspection of any office seeking registration under this section before the office may be registered.

1. The inspection of the office seeking registration under this section must include inspection for compliance with the standards of practice set out in this section and s. 458.3281 and any applicable board rules for the levels of office surgery and procedures listed on the application which any physician practicing at the office performs or intends to perform. The

589844

application must be updated within 10 calendar days before any additional surgical procedures or levels of office surgery are to be performed at the office. Failure to timely update the application for any such additional surgical procedures or levels of office surgery is a violation of this section and subject to discipline under ss. 456.072 and 459.015.

2. The department must immediately suspend the registration process of an office that refuses an inspection under subparagraph 1., and the applicant must be required to reapply for registration.

3. If the department determines that an office seeking registration under this section is one in which a physician may perform, or intends to perform, liposuction procedures that include a patient being rotated between the supine, lateral, and prone positions during the procedure, or in which a physician may perform, or intends to perform, gluteal fat grafting procedures, the office must provide proof to the department that it has met the applicable requirements of s. 469 of the Florida Building Code, relating to office surgery suites, and s. 458.3281 and the applicable rules adopted thereunder, and the department must inspect the office to ensure that all of the following are present or in place:

a. Equipment and a procedure for measuring and documenting in a log the amount of supernatant fat removed, both temporarily and permanently, from a particular patient, including tissue disposal procedures.

b. A procedure for measuring and documenting the amount of lidocaine injected for tumescent liposuction, if used.

c. Working ultrasound guidance equipment or other guidance

589844

technology authorized under board rule which equals or exceeds the quality of ultrasound guidance.

d. The office procedure for obtaining blood products.

e. Documentation on file at the office demonstrating that any physician performing these procedures has privileges to perform such procedures in a hospital no more than 20 minutes away.

f. Procedures for emergency resuscitation and transport to a hospital.

g. Procedures for anesthesia and surgical recordkeeping.

h. Any additional inspection requirements, as set by board rule.

4. If an applicant is unable to provide proof to the department that the office seeking registration is in compliance with the applicable requirements of s. 469 of the Florida Building Code, relating to office surgery suites, or s. 459.0139 or the applicable rules adopted thereunder, in accordance with subparagraph 3., the department must notify the Agency for Health Care Administration and request the agency to inspect the office and consult with the office about the process to apply for ambulatory surgical center licensure under chapter 395 and how the office may seek qualification for such licensure, notwithstanding the office's failure to meet all requirements associated with such licensure at the time of inspection and notwithstanding any pertinent exceptions provided under s. 395.002(3).

(c) ~~(b)~~ To be ~~By January 1, 2020, each office~~ registered under this section or s. 458.328, an office must, at the time of application, list a designated ~~designate a~~ physician who is

589844

responsible for the office's compliance with the office health and safety requirements of this section and rules adopted hereunder. A designated physician must have a full, active, and unencumbered license under this chapter or chapter 458 and shall practice at the office for which he or she has assumed responsibility. Within 10 calendar days after the termination of a designated physician relationship, the office must notify the department of the designation of another physician to serve as the designated physician. The department may not register an office if the office fails to comply with this requirement at the time of application and must seek an emergency suspension of the ~~suspend a~~ registration of ~~for~~ an office pursuant to s. 456.074(6) if the office fails to timely notify the department of its new designated physician within 10 calendar days after the termination of the previous designated physician relationship ~~comply with the requirements of this paragraph~~.

(d) As a condition of registration, each office must, at the time of application, list all medical personnel who will be practicing at the office, including all of the following:

1. Physicians who intend to practice surgery or assist in surgery at the office seeking registration, including their respective license numbers and practice addresses.

2. Anesthesia providers, including their license numbers.

3. Nursing personnel licensed under chapter 464, including their license numbers unless already provided under subparagraph 2.

4. Physician assistants, including their respective license numbers and supervising physicians.

589844

The office must notify the department of the addition or termination of any of the types of medical personnel specified under this paragraph within 10 calendar days before such addition or after such termination. Failure to timely notify the department of such addition or termination is a violation of this section and subject to discipline under ss. 456.072 and 459.015.

(e) ~~(c)~~ As a condition of registration, each office must establish financial responsibility by demonstrating that it has met and continues to maintain, at a minimum, the same requirements applicable to physicians in ss. 458.320 and 459.0085. Each physician practicing at an office registered under this section or s. 458.328 must meet the financial responsibility requirements under s. 458.320 or s. 459.0085, as applicable.

(f) ~~(d)~~ Each physician practicing or intending to practice at an office registered under this section or s. 458.328 must ~~shall~~ advise the board, in writing, within 10 calendar days before ~~after~~ beginning or after ending his or her practice at a ~~the~~ registered office, as applicable.

(g) ~~(e)1.~~ The department shall inspect a registered office at least annually, including a review of patient records, anesthesia logs, surgery logs, and liposuction logs, to ensure that the office is in compliance with this section and rules adopted hereunder unless the office is accredited in office-based surgery by the Joint Commission or other ~~a~~ nationally recognized accrediting agency approved by the board. The inspection may be unannounced, except for the inspection of an office that meets the description of a clinic specified in s.

589844

459.0137(1)(a)3.h., and those wholly owned and operated physician offices described in s. 459.0137(1)(a)3.g. which perform procedures referenced in s. 459.0137(1)(a)3.h., which must be announced.

(h) ~~2.~~ The department must immediately suspend the registration of a registered office that refuses an inspection under paragraph (g) ~~subparagraph 1~~. The office must close during such suspension. The suspension must remain in effect for at least 14 consecutive days and may not terminate until the department issues a written declaration that the office may reopen following the department's completion of an inspection of the office.

(i) ~~(f)~~ The department may suspend or revoke the registration of an office in which a procedure or surgery identified in paragraph (a) is performed for failure of any of its physicians, owners, or operators to comply with this section and rules adopted hereunder or s. 458.328 and rules adopted thereunder. If an office's registration is revoked for any reason, the department may deny any person named in the registration documents of the office, including the persons who own or operate the office, individually or as part of a group, from registering an office to perform procedures or office surgeries pursuant to this section or s. 458.328 for 5 years after the revocation date.

(j) ~~(g)~~ The department may impose any penalty set forth in s. 456.072(2) against the designated physician for failure of the office to operate in compliance with the office health and safety requirements of this section and rules adopted hereunder or s. 458.328 and rules adopted thereunder.

589844

~~(h) A physician may only perform a procedure or surgery identified in paragraph (a) in an office that is registered with the department. The board shall impose a fine of $5,000 per day on a physician who performs a procedure or surgery in an office that is not registered with the department.~~

(k) ~~(i)~~ The actual costs of registration and inspection or accreditation must ~~shall~~ be paid by the person seeking to register and operate the office in which a procedure or surgery identified in paragraph (a) will be performed.

(2) REGISTRATION UPDATE.—

(a) An office that registered under this section before July 1, 2024, in which a physician performs liposuction procedures that include a patient being rotated between the supine, lateral, and prone positions during the procedure or in which a physician performs gluteal fat grafting procedures must provide a registration update to the department consistent with the requirements of the initial registration under subsection (1) no later than 30 days before the office surgery's next annual inspection.

(b) Registration update inspections required under subsection (1) must be performed by the department on the date of the office surgery's next annual inspection.

(c) During the registration update process, the office surgery may continue to operate under the original registration.

(d) In order to provide an office surgery time to update to the requirements of subsection (1) and s. 459.0139, effective July 1, 2024, and the applicable provisions of s. 469 of the Florida Building Code, relating to office surgery suites, any office surgery registered under this section before July 1,

589844

2024, whose annual inspection is due in July or August 2024, may request from the department, in writing, a 60-day postponement of the required annual inspection, which postponement must be granted.

(e) All other requests to the department for a postponement of the registration update inspection required under this registration update process must be in writing and be approved by the chair of the Board of Medicine for good cause shown, and such postponement may not exceed 30 days.

(3) STANDARDS OF PRACTICE.—

(a) A physician performing a procedure or surgery in an office registered under this section must comply with the applicable provisions of s. 469 of the Florida Building Code, relating to office surgery suites, and the standards of practice for office surgery set forth in this section and s. 459.0139 and any applicable rules adopted thereunder.

(b) A physician may not perform any surgery or procedure identified in paragraph (1)(a) in a setting other than an office registered under this section or a facility licensed under chapter 390 or chapter 395, as applicable. The board shall impose a fine of $5,000 per incident on a physician who violates this paragraph ~~performing a gluteal fat grafting procedure in an office surgery setting shall adhere to standards of practice pursuant to this subsection and rules adopted by the board~~.

(c) ~~(b)~~ Office surgeries may not:

1. Be a type of surgery that generally results in blood loss of more than 10 percent of estimated blood volume in a patient with a normal hemoglobin level;

2. Require major or prolonged intracranial, intrathoracic,

589844

abdominal, or joint replacement procedures, except for laparoscopic procedures;

3. Involve major blood vessels and be performed with direct visualization by open exposure of the major blood vessel, except for percutaneous endovascular intervention; or

4. Be emergent or life threatening.

(d) ~~(c)~~ A physician performing a gluteal fat grafting procedure in an office surgery setting must comply with the applicable provisions of s. 469 of the Florida Building Code, relating to office surgery suites, and the standards of practice under this subsection and s. 459.0139 and applicable rules adopted thereunder, including, but not limited to, all of the following standards of practice:

1. The ~~A~~ physician performing the ~~a~~ gluteal fat grafting procedure must conduct an in-person examination of the patient while physically present in the same room as the patient no later than the day before the procedure.

2. Before a physician may delegate any duties during a gluteal fat grafting procedure, the patient must provide written, informed consent for such delegation. Any duty delegated by a physician during a gluteal fat grafting procedure must be performed under the direct supervision of the physician performing such procedure. Fat extraction and gluteal fat injections must be performed by the physician and may not be delegated.

3. Fat may only be injected into the subcutaneous space of the patient and may not cross the fascia overlying the gluteal muscle. Intramuscular or submuscular fat injections are prohibited.

589844

4. When the physician performing a gluteal fat grafting procedure injects fat into the subcutaneous space of the patient, the physician must use ultrasound guidance, or guidance with other technology authorized under board rule which equals or exceeds the quality of ultrasound, during the placement and navigation of the cannula to ensure that the fat is injected into the subcutaneous space of the patient above the fascia overlying the gluteal muscle. Such guidance with the use of ultrasound or other technology is not required for other portions of such procedure.

5. An office in which a physician performs gluteal fat grafting procedures shall at all times maintain a ratio of one physician to one patient during all phases of the procedure, beginning with the administration of anesthesia to the patient and concluding with the extubation of the patient. After a physician has commenced, and while he or she is engaged in, a gluteal fat grafting procedure, the physician may not commence or engage in another gluteal fat grafting procedure or any other procedure with another patient at the same time.

(e) ~~(d)~~ If a procedure in an office surgery setting results in hospitalization, the incident must be reported as an adverse incident pursuant to s. 458.351.

~~(e) An office in which a physician performs gluteal fat grafting procedures must at all times maintain a ratio of one physician to one patient during all phases of the procedure, beginning with the administration of anesthesia to the patient and concluding with the extubation of the patient. After a physician has commenced, and while he or she is engaged in, a gluteal fat grafting procedure, the physician may not commence~~

589844

~~or engage in another gluteal fat grafting procedure or any other procedure with another patient at the same time.~~

(4)~~(3)~~ RULEMAKING.—

(a) The board may ~~shall~~ adopt by rule additional standards of practice for physicians who perform office procedures or ~~office~~ surgeries under ~~pursuant to~~ this section, as warranted for patient safety and by the evolution of technology and medical practice.

(b) The board may adopt rules to administer the registration, registration update, inspection, and safety of offices in which a physician performs office procedures or ~~office~~ surgeries under ~~pursuant to~~ this section.

Section 4. Section 459.0139, Florida Statutes, is created to read:

459.0139 Standard of practice for office surgery.—

(1) CONSTRUCTION.—This section does not relieve a physician performing a procedure or surgery from the responsibility of making the medical determination of whether an office is an appropriate setting in which to perform that particular procedure or surgery, taking into consideration the particular patient on which the procedure or surgery is to be performed.

(2) DEFINITIONS.—As used in this section, the term:

(a) "Certified in advanced cardiac life support" means a person holds a current certification in an advanced cardiac life support course with didactic and skills components, approved by the American Heart Association, the American Safety and Health Institute, the American Red Cross, Pacific Medical Training, or the Advanced Cardiovascular Life Support (ACLS) Certification Institute.

589844

(b) "Certified in basic life support" means a person holds a current certification in a basic life support course with didactic and skills components, approved by the American Heart Association, the American Safety and Health Institute, the American Red Cross, Pacific Medical Training, or the ACLS Certification Institute.

(c) "Certified in pediatric advanced life support" means a person holds a current certification in a pediatric advanced life support course with didactic and skills components approved by the American Heart Association, the American Safety and Health Institute, or Pacific Medical Training.

(d) "Continual monitoring" means monitoring that is repeated regularly and frequently in steady, rapid succession.

(e) "Continuous" means monitoring that is prolonged without any interruption at any time.

(f) "Equipment" means a medical device, instrument, or tool used to perform specific actions or take certain measurements during, or while a patient is recovering from, a procedure or surgery which must meet current performance standards according to its manufacturer's guidelines for the specific device, instrument, or tool, as applicable.

(g) "Major blood vessels" means a group of critical arteries and veins, including the aorta, coronary arteries, pulmonary arteries, superior and inferior vena cava, pulmonary veins, and any intra-cerebral artery or vein.

(h) "Office surgery" means a physician's office in which surgical procedures are performed by a physician for the practice of medicine as authorized by this section and board rule. The office must be an office at which a physician

589844

regularly performs consultations with surgical patients, preoperative examinations, and postoperative care, as necessitated by the standard of care related to the surgeries performed at the physician's office, and at which patient records are readily maintained and available. The types of procedures or surgeries performed in an office surgery are those which need not be performed in a facility licensed under chapter 390 or chapter 395, and are not of the type that:

1. Generally result in blood loss of more than 10 percent of estimated blood volume in a patient with a normal hemoglobin count;

2. Require major or prolonged intracranial, intrathoracic, abdominal, or major joint replacement procedures, except for laparoscopic procedures;

3. Involve major blood vessels and are performed with direct visualization by open exposure of the major vessel, except for percutaneous endovascular intervention; or

4. Are generally emergent or life threatening in nature.

(i) "Pediatric patient" means a patient who is 13 years of age or younger.

(j) "Percutaneous endovascular intervention" means a procedure performed without open direct visualization of the target vessel and which requires only needle puncture of an artery or vein followed by insertion of catheters, wires, or similar devices that are then advanced through the blood vessels using imaging guidance. Once the catheter reaches the intended location, various maneuvers to address the diseased area may be performed, including, but not limited to, injection of contrast medium for imaging; treatment of vessels with angioplasty;

589844

atherectomy; covered or uncovered stenting; embolization or intentionally occluding vessels or organs; and delivering medications or radiation or other energy, such as laser, radiofrequency, or cryo.

(k) "Reasonable proximity" means a distance that does not exceed 20 minutes of transport time to the hospital.

(l) "Surgery" means any manual or operative procedure performed upon the body of a living human being, including, but not limited to, those performed with the use of lasers, for the purposes of preserving health, diagnosing or curing disease, repairing injury, correcting a deformity or defect, prolonging life, or relieving suffering, or any elective procedure for aesthetic, reconstructive, or cosmetic purposes. The term includes, but is not limited to, incision or curettage of tissue or an organ; suture or other repair of tissue or an organ, including a closed as well as an open reduction of a fracture; extraction of tissue, including premature extraction of the products of conception from the uterus; insertion of natural or artificial implants; or an endoscopic procedure with use of local or general anesthetic.

(3) GENERAL REQUIREMENTS FOR OFFICE SURGERY.—

(a) The physician performing the surgery must examine the patient immediately before the surgery to evaluate the risk of anesthesia and of the surgical procedure to be performed. The physician performing the surgery may delegate the preoperative heart and lung evaluation to a qualified anesthesia provider within the scope of the provider's practice and, if applicable, protocol.

(b) The physician performing the surgery shall maintain

589844

complete patient records of each surgical procedure performed, which must include all of the following:

1. The patient's name, patient number, preoperative diagnosis, postoperative diagnosis, surgical procedure, anesthetic, anesthesia records, recovery records, and complications, if any.

2. The name of each member of the surgical team, including the surgeon, first assistant, anesthesiologist, nurse anesthetist, anesthesiologist assistant, circulating nurse, and operating room technician, as applicable.

(c) Each office surgery's designated physician shall ensure that the office surgery has procedures in place to verify that all of the following have occurred before any surgery is performed:

1. The patient has signed the informed consent form for the procedure reflecting the patient's knowledge of identified risks of the procedure, consent to the procedure, the type of anesthesia and anesthesia provider to be used during the procedure, and the fact that the patient may choose the type of anesthesia provider for the procedure, such as an anesthesiologist, a certified registered nurse anesthetist, a physician assistant, an anesthesiologist assistant, or another appropriately trained physician as provided by board rule.

2. The patient's identity has been verified.

3. The operative site has been verified.

4. The operative procedure to be performed has been verified with the patient.

5. All of the information and actions required to be verified under this paragraph are documented in the patient's

589844

medical record.

(d) With respect to the requirements set forth in paragraph (c), written informed consent is not necessary for minor Level I procedures limited to the skin and mucosa.

(e) The physician performing the surgery shall maintain a log of all liposuction procedures performed at the office surgery where more than 1,000 cubic centimeters of supernatant fat is temporarily or permanently removed and where Level II and Level III surgical procedures are performed. The log must, at a minimum, include all of the following:

1. A confidential patient identifier.

2. Time of arrival in the operating suite.

3. The name of the physician performing the procedure.

4. The patient's diagnosis, CPT codes used for the procedure, the patient's classification for risk with anesthesia according to the American Society of Anesthesiologists' physical status classification system, and the type of procedure and level of surgery performed.

5. Documentation of completion of the medical clearance performed by the anesthesiologist or the physician performing the surgery.

6. The name and provider type of the anesthesia provider and the type of anesthesia used.

7. The duration of the procedure.

8. Any adverse incidents as identified in s. 458.351.

9. The type of postoperative care, duration of recovery, disposition of the patient upon discharge, including the address of where the patient is being discharged, discharge instructions, and list of medications used during surgery and

589844

recovery.

All surgical and anesthesia logs must be kept at the office surgery and maintained for 6 years after the date of last patient contact and must be provided to department investigators upon request.

(f) For any liposuction procedure, the physician performing the surgery is responsible for determining the appropriate amount of supernatant fat to be removed from a particular patient. A maximum of 4,000 cubic centimeters of supernatant fat may be removed by liposuction in the office surgery setting. A maximum of 50mg/kg of lidocaine may be injected for tumescent liposuction in the office surgery setting.

(g)1. Liposuction may be performed in combination with another separate surgical procedure during a single Level II or Level III surgical procedure only in the following circumstances:

a. When combined with an abdominoplasty, liposuction may not exceed 1,000 cubic centimeters of supernatant fat.

b. When liposuction is associated and directly related to another procedure, the liposuction may not exceed 1,000 cubic centimeters of supernatant fat.

2. Major liposuction in excess of 1,000 cubic centimeters of supernatant fat may not be performed on a patient’s body in a location that is remote from the site of another procedure being performed on that patient.

(h) For elective cosmetic and plastic surgery procedures performed in a physician’s office, the maximum planned duration of all surgical procedures combined may not exceed 8 hours.

589844

Except for elective cosmetic and plastic surgery, the physician performing the surgery may not keep patients past midnight in a physician's office. For elective cosmetic and plastic surgical procedures, the patient must be discharged within 24 hours after presenting to the office for surgery. However, an overnight stay is allowed in the office if the total time the patient is at the office does not exceed 23 hours and 59 minutes, including the surgery time. An overnight stay in a physician's office for elective cosmetic and plastic surgery must be strictly limited to the physician's office. If the patient has not recovered sufficiently to be safely discharged within the timeframes set forth, the patient must be transferred to a hospital for continued postoperative care.

(i) The American Society of Anesthesiologists Standards for Basic Anesthetic Monitoring are hereby adopted and incorporated by reference as the standards for anesthetic monitoring by any qualified anesthesia provider under this section.

1. These standards apply to general anesthetics, regional anesthetics, and monitored Level II and III anesthesia care. However, in emergency circumstances, appropriate life support measures take priority. These standards may be exceeded at any time based on the judgment of the responsible supervising physician or anesthesiologist. While these standards are intended to encourage quality patient care, observing them does not guarantee any specific patient outcome. This set of standards addresses only the issue of basic anesthesia monitoring, which is only one component of anesthesia care.

2. In certain rare or unusual circumstances, some of these methods of monitoring may be clinically impractical, and

appropriate use of the described monitoring methods may fail to detect adverse clinical developments. In such cases, a brief interruption of continual monitoring may be unavoidable and does not by itself constitute a violation of the standards of practice of this section.

3. Under extenuating circumstances, the physician performing the surgery or the anesthesiologist may waive the following requirements:

a. The use of an oxygen analyzer with a low oxygen concentration limit alarm, or other technology authorized under board rule which equals or exceeds the quality of the oxygen analyzer, during the administration of general anesthesia with an anesthesia machine.

b. The use of pulse oximetry with a variable pitch pulse tone and an audible low threshold alarm, or other technology authorized under board rule which equals or exceeds the quality of a pulse oximeter, and the use of adequate illumination and exposure of the patient to assess color.

c. The use of capnography, capnometry, or mass spectroscopy, or other technology authorized under board rule which equals or exceeds the quality of capnography, capnometry, or mass spectroscopy, as a quantitative method of analyzing the end-tidal carbon dioxide for continual monitoring for the presence of expired carbon dioxide during ventilation, from the time of the endotracheal tube or supraglottic airway placement until extubation or removal or initiating transfer of the patient to a postoperative care location.

d. The use of continuous electrocardiogram display, or other technology authorized under board rule which equals or

589844

exceeds the quality of electrocardiogram display, from the beginning of anesthesia until preparing to leave the anesthetizing location.

e. The measuring of arterial blood pressure and heart rate evaluated at least every 5 minutes during anesthesia.

When any of the monitoring is waived for extenuating circumstances under this subparagraph, it must be documented in a note in the patient's medical record, including the reasons for the need to waive the requirement. These standards are not intended for the application to the care of an obstetrical patient in labor or in the conduct of pain management.

(j)1. Because of the rapid changes in patient status during anesthesia, qualified anesthesia personnel must be continuously present in the room to provide anesthesia care for the entire duration of all general anesthetics, regional anesthetics, and monitored anesthesia care conducted on the patient. In the event that there is a direct known hazard, such as radiation, to the anesthesia personnel which might require intermittent remote observation of the patient, some provision for monitoring the patient must be made. In the event that an emergency requires the temporary absence of the person primarily responsible for the anesthesia, the best judgment of the supervising physician or anesthesiologist shall be exercised in comparing the emergency with the anesthetized patient's condition and in the selection of the person left responsible for the anesthesia during the temporary absence.

2. During all anesthesia, the patient's oxygenation, ventilation, circulation, and temperature must be continually

evaluated to ensure adequate oxygen concentration in the inspired gas and the blood.

a. During all general anesthesia using an anesthesia machine, the concentration of oxygen in the patient's breathing system must be measured by an oxygen analyzer with a low oxygen concentration limit alarm used to measure blood oxygenation.

b. During all anesthesia, a quantitative method of assessing oxygenation, such as pulse oximetry, must be employed. When a pulse oximeter is used, the variable pitch pulse tone and the low threshold alarm must be audible to the qualified anesthesia provider. Adequate illumination and exposure of the patient are necessary to assess color.

c. During all anesthesia, every patient must have the adequacy of his or her ventilation continually evaluated, including, but not limited to, the evaluation of qualitative clinical signs, such as chest excursion, observation of the reservoir breathing bag, and auscultation of breath sounds. Continual monitoring for the presence of expired carbon dioxide must be performed unless invalidated by the nature of the patient's condition, the procedure, or the equipment. Quantitative monitoring of the volume of expired gas must also be performed.

d. When an endotracheal tube or supraglottic airway is inserted, its correct positioning must be verified by clinical assessment and by identification of carbon dioxide in the expired gas. Continual end-tidal carbon dioxide analysis, in use from the time of endotracheal tube or supraglottic airway placement until extubation or removal or initiating transfer of the patient to a postoperative care location, must be performed

589844

using a quantitative method, such as capnography, capnometry, or mass spectroscopy, or other technology authorized under board rule which equals or exceeds the quality of capnography, capnometry, or mass spectroscopy. When capnography or capnometry is used, the end-tidal carbon dioxide alarm must be audible to the qualified anesthesia provider.

e. When ventilation is controlled by a mechanical ventilator, there must be in continuous use a device capable of detecting disconnection of components of the breathing system. The device must give an audible signal when its alarm threshold is exceeded.

f. During regional anesthesia without sedation or local anesthesia with no sedation, the adequacy of ventilation must be evaluated by continual observation of qualitative clinical signs. During moderate or deep sedation, the adequacy of ventilation must be evaluated by continual observation of qualitative clinical signs. Monitoring for the presence of exhaled carbon dioxide is recommended.

g. Every patient receiving anesthesia must have the electrocardiogram or other technology authorized under board rule which equals or exceeds the quality of electrocardiogram continuously displayed from the beginning of anesthesia until preparing to leave the anesthetizing location.

h. Every patient receiving anesthesia must have arterial blood pressure and heart rate determined and evaluated at least every 5 minutes.

i. Every patient receiving general anesthesia must have circulatory function continually evaluated by at least one of the following methods:

(I) Palpation of a pulse.

(II) Auscultation of heart sounds.

(III) Monitoring of a tracing of intra-arterial pressure.

(IV) Ultrasound peripheral pulse monitoring.

(V) Pulse plethysmography or oximetry.

(VI) Other technology authorized under board rule which equals or exceeds the quality of any of the methods listed in sub-sub-subparagraphs (I)-(V).

j. Every patient receiving anesthesia must have his or her temperature monitored when clinically significant changes in body temperature are intended, anticipated, or suspected.

(k)1. The physician performing the surgery shall ensure that the postoperative care arrangements made for the patient are adequate for the procedure being performed, as required by board rule.

2. Management of postoperative care is the responsibility of the physician performing the surgery and may be delegated as determined by board rule. If the physician performing the surgery is unavailable to provide postoperative care, the physician performing the surgery must notify the patient of his or her unavailability for postoperative care before the procedure.

3. If there is an overnight stay at the office in relation to any surgical procedure:

a. The office must provide at least two persons to act as monitors, one of whom must be certified in advanced cardiac life support, and maintain a monitor-to-patient ratio of at least one monitor to two patients.

b. Once the physician performing the surgery has signed a

timed and dated discharge order, the office may provide only one monitor to monitor the patient. The monitor must be qualified by licensure and training to administer all of the medications required on the crash cart and must be certified in advanced cardiac life support.

c. A complete and current crash cart must be present in the office surgery and immediately accessible for the monitors.

4. The physician performing the surgery must be reachable by telephone and readily available to return to the office if needed.

5. A policy and procedures manual must be maintained in the office at which Level II and Level III procedures are performed. The manual must be updated and implemented annually. The policy and procedures manual must provide for all of the following:

a. Duties and responsibilities of all personnel.

b. A quality assessment and improvement system designed to objectively and systematically monitor and evaluate the quality and appropriateness of patient care and opportunities to improve performance.

c. Cleaning procedures and protocols.

d. Sterilization procedures.

e. Infection control procedures and personnel responsibilities.

f. Emergency procedures.

6. The designated physician shall establish a risk management program that includes all of the following components:

a. The identification, investigation, and analysis of the frequency and causes of adverse incidents.

589844

b. The identification of trends or patterns of adverse incidents.

c. The development of appropriate measures to correct, reduce, minimize, or eliminate the risk of adverse incidents.

d. The documentation of such functions and periodic review of such information at least quarterly by the designated physician.

7. The designated physician shall report to the department any adverse incidents that occur within the scope of office surgeries. This report must be made within 15 days after the occurrence of an incident as required by s. 458.351.

8. The designated physician is responsible for prominently posting a sign in the office which states that the office is a doctor's office regulated under this section and ss. 458.328, 458.3281, and 459.0138 and the applicable rules of the Board of Medicine and the Board of Osteopathic Medicine as set forth in rules 64B8 and 64B15, Florida Administrative Code. This notice must also appear prominently within the required patient informed consent form.

9. All physicians performing surgery at the office surgery must be qualified by education, training, and experience to perform any procedure the physician performs in the office surgery.

10. When Level II, Level II-A, or Level III procedures are performed in an office surgery setting, the physician performing the surgery is responsible for providing the patient, in writing, before the procedure, with the name and location of the hospital where the physician performing the surgery has privileges to perform the same procedure as the one being

589844

performed in the office surgery setting or the name and location of the hospital with which the physician performing the surgery has a transfer agreement in the event of an emergency.

(4) LEVEL I OFFICE SURGERY.—

(a) *Scope.*—Level I office surgery includes the following:

1. Minor procedures such as excision of skin lesions, moles, warts, cysts, or lipomas and repair of lacerations or surgery limited to the skin and subcutaneous tissue which are performed under topical or local anesthesia not involving drug-induced alteration of consciousness other than minimal pre-operative tranquilization of the patient.

2. Liposuction involving the removal of less than 4,000 cubic centimeters of supernatant fat.

3. Incision and drainage of superficial abscesses; limited endoscopies, such as proctoscopies, skin biopsies, arthrocentesis, thoracentesis, paracentesis, dilation of the urethra, cystoscopic procedures, and closed reduction of simple fractures; or small joint dislocations, such as in the finger or toe joints.

4. Procedures in which anesthesia is limited to minimal sedation. The patient’s level of sedation must be that of minimal sedation and anxiolysis, and the chances of complications requiring hospitalization must be remote. As used in this sub-subparagraph, the term “minimal sedation and anxiolysis” means a drug-induced state during which patients respond normally to verbal commands, and although cognitive function and physical coordination may be impaired, airway reflexes and ventilatory and cardiovascular functions remain unaffected. Controlled substances, as defined in ss. 893.02 and

589844

893.03, must be limited to oral administration in doses appropriate for the unsupervised treatment of insomnia, anxiety, or pain.

5. Procedures for which chances of complications requiring hospitalization are remote as specified in board rule.

(b) *Standards of practice.*—Standards of practice for Level I office surgery include all of the following:

1. The medical education, training, and experience of the physician performing the surgery must include training on proper dosages and management of toxicity or hypersensitivity to regional anesthetic drugs, and the physician must be certified in advanced cardiac life support.

2. At least one operating assistant must be certified in basic life support.

3. Intravenous access supplies, oxygen, oral airways, and a positive pressure ventilation device must be available in the office surgery, along with the following medications, stored per the manufacturer's recommendation:

a. Atropine, 3 mg.

b. Diphenhydramine, 50 mg.

c. Epinephrine, 1 mg in 10 ml.

d. Epinephrine, 1 mg in 1 ml vial, 3 vials total.

e. Hydrocortisone, 100 mg.

f. If a benzodiazepine is administered, flumazenil, 0.5 mg in 5 ml vial, 2 vials total.

g. If an opiate is administered, naloxone, 0.4 mg in 1 ml vial, 2 vials total.

4. When performing minor procedures, such as excision of skin lesions, moles, warts, cysts, or lipomas and repair of

589844

lacerations or surgery limited to the skin and subcutaneous tissue performed under topical or local anesthesia in an office surgery setting, physicians performing the procedure are exempt from subparagraphs 1.-3. Current certification in basic life support is recommended but not required.

5. A physician performing the surgery need not have an assistant during the procedure unless the specific procedure being performed requires an assistant.

(5) LEVEL II OFFICE SURGERY.—

(a) *Scope.*—Level II office surgery includes, but is not limited to, all of the following procedures:

1. Hemorrhoidectomy.

2. Hernia repair.

3. Large joint dislocations.

4. Colonoscopy.

5. Liposuction involving the removal of up to 4,000 cubic centimeters of supernatant fat.

6. Any other procedure the board designates by rule as a Level II office surgery.

7. Surgeries in which the patient’s level of sedation is that of moderate sedation and analgesia or conscious sedation. As used in this subparagraph, the term “moderate sedation and analgesia or conscious sedation” is a drug-induced depression of consciousness during which patients respond purposefully to verbal commands, either alone or accompanied by light tactile stimulation; interventions are not required to maintain a patent airway; spontaneous ventilation is adequate; and cardiovascular function is maintained. For purposes of this term, reflex withdrawal from a painful stimulus is not considered a

purposeful response.

(b) *Standards of practice.*—Standards of practice for Level II office surgery include, but are not limited to, the following:

1. The physician performing the surgery, or the office where the procedure is being performed, must have a transfer agreement with a licensed hospital within reasonable proximity if the physician performing the procedure does not have staff privileges to perform the same procedure as that being performed in the office surgery setting at a licensed hospital within reasonable proximity. The transfer agreement required by this section must be current and have been entered into no more than 3 years before the date of the office's most recent annual inspection under s. 459.0138. A transfer agreement must affirmatively disclose an effective date and a termination date.

2. The physician performing the surgery must have staff privileges at a licensed hospital to perform the same procedure in that hospital as that being performed in the office surgery setting or must be able to document satisfactory completion of training, such as board certification or board eligibility by a board approved by the American Board of Medical Specialties or any other board approved by the Board of Medicine or Board of Osteopathic Medicine, as applicable, or must be able to establish comparable background, training, and experience. Such board certification or comparable background, training, and experience must also be directly related to and include the procedures being performed by the physician in the office surgery facility.

3. One assistant must be currently certified in basic life

support.

4. The physician performing the surgery must be currently certified in advanced cardiac life support.

5. A complete and current crash cart must be available at all times at the location where the anesthesia is being administered. The designated physician of an office surgery is responsible for ensuring that the crash cart is replenished after each use, the expiration dates for the crash cart's medications are checked weekly, and crash cart events are documented in the cart's logs. Medicines must be stored per the manufacturer's recommendations, and multidose vials must be dated once opened and checked daily for expiration. The crash cart must, at a minimum, include the following intravenous or inhaled medications:

a. Adenosine, 18 mg.

b. Albuterol, 2.5 mg with a small volume nebulizer.

c. Amiodarone, 300 mg.

d. Atropine, 3 mg.

e. Calcium chloride, 1 gram.

f. Dextrose, 50 percent; 50 ml.

g. Diphenhydramine, 50 mg.

h. Dopamine, 200 mg, minimum.

i. Epinephrine, 1 mg, in 10 ml.

j. Epinephrine, 1 mg in 1 ml vial, 3 vials total.

k. Flumazenil, 1 mg.

l. Furosemide, 40 mg.

m. Hydrocortisone, 100 mg.

n. Lidocaine appropriate for cardiac administration, 100 mg.

589844

o. Magnesium sulfate, 2 grams.

p. Naloxone, 1.2 mg.

q. A beta blocker class drug.

r. Sodium bicarbonate, 50 mEq/50 ml.

s. Paralytic agent that is appropriate for use in rapid sequence intubation.

t. A calcium channel blocker class drug.

u. If nonneuraxial regional blocks are performed, Intralipid, 20 percent, 500 ml solution.

v. Any additional medication the board determines by rule is warranted for patient safety and by the evolution of technology and medical practice.

6. In the event of a drug shortage, the designated physician is authorized to substitute a therapeutically equivalent drug that meets the prevailing practice standards.

7. The designated physician is responsible for ensuring that the office maintains documentation of its unsuccessful efforts to obtain the required drug.

8. The designated physician is responsible for ensuring that the following are present in the office surgery:

a. A benzodiazepine.

b. A positive pressure ventilation device, such as Ambu, plus oxygen supply.

c. An end-tidal carbon dioxide detection device.

d. Monitors for blood pressure, electrocardiography, and oxygen saturation.

e. Emergency intubation equipment that must, at a minimum, include suction devices, endotracheal tubes, working laryngoscopes, oropharyngeal airways, nasopharyngeal airways,

589844

and bag valve mask apparatus that are sized appropriately for the specific patient.

f. A working defibrillator with defibrillator pads or defibrillator gel, or an automated external defibrillator unit.

g. Sufficient backup power to allow the physician performing the surgery to safely terminate the procedure and to allow the patient to emerge from the anesthetic, all without compromising the sterility of the procedure or the environment of care.

h. Working sterilization equipment cultured weekly.

i. Sufficient intravenous solutions and equipment for a minimum of a week's worth of surgical cases.

j. Any other equipment required by board rule, as warranted by the evolution of technology and medical practice.

9. The physician performing the surgery must be assisted by a qualified anesthesia provider, which may include any of the following types of providers:

a. An anesthesiologist.

b. A certified registered nurse anesthetist.

c. A registered nurse, if the physician performing the surgery is certified in advanced cardiac life support and the registered nurse assists only with local anesthesia or conscious sedation.

An anesthesiologist assistant may assist the anesthesiologist as provided by board rule. An assisting anesthesia provider may not function in any other capacity during the procedure.

10. If additional anesthesia assistance is required by the specific procedure or patient circumstances, such assistance

589844

must be provided by a physician, osteopathic physician, registered nurse, licensed practical nurse, or operating room technician.

11. The designated physician is responsible for ensuring that each patient is monitored in the recovery room until the patient is fully recovered from anesthesia. Such monitoring must be provided by a licensed physician, physician assistant, registered nurse with postanesthesia care unit experience, or the equivalent who is currently certified in advanced cardiac life support, or, in the case of pediatric patients, currently certified in pediatric advanced life support.

(6) LEVEL II-A OFFICE SURGERY.—

(a) *Scope*.—Level II-A office surgeries are those Level II office surgeries that have a maximum planned duration of 5 minutes or less and in which the chances of complications requiring hospitalization are remote.

(b) *Standards of practice.*—

1. All practice standards for Level II office surgery set forth in paragraph (5)(b) must be met for Level II-A office surgery except for the requirements set forth in subparagraph (5)(b)9. regarding assistance by a qualified anesthesia provider.

2. During the surgical procedure, the physician performing the surgery must be assisted by a licensed physician, physician assistant, registered nurse, or licensed practical nurse.

3. Additional assistance may be required by specific procedure or patient circumstances.

4. Following the procedure, a licensed physician, physician assistant, or registered nurse must be available to monitor the

589844

patient in the recovery room until the patient is recovered from anesthesia. The monitoring provider must be currently certified in advanced cardiac life support, or, in the case of pediatric patients, currently certified in pediatric advanced life support.

(7) LEVEL III OFFICE SURGERY.—

(a) *Scope.*—

1. Level III office surgery includes those types of surgery during which the patient's level of sedation is that of deep sedation and analgesia or general anesthesia. As used in this subparagraph, the term:

a. "Deep sedation and analgesia" means a drug-induced depression of consciousness during which:

(I) Patients cannot be easily aroused but respond purposefully following repeated or painful stimulation;

(II) The ability to independently maintain ventilatory function may be impaired;

(III) Patients may require assistance in maintaining a patent airway and spontaneous ventilation may be inadequate; and

(IV) Cardiovascular function is usually maintained.

For purposes of this sub-subparagraph, reflex withdrawal from a painful stimulus is not considered a purposeful response.

b. "General anesthesia" means a drug-induced loss of consciousness during which:

(I) Patients are not arousable, even by painful stimulation;

(II) The ability to independently maintain ventilatory function is often impaired;

589844

(III) Patients often require assistance in maintaining a patent airway and positive pressure ventilation may be required because of depressed spontaneous ventilation or drug-induced depression of neuromuscular function; and

(IV) Cardiovascular function may be impaired.

2. The use of spinal or epidural anesthesia for a procedure requires that the procedure be considered a Level III office surgery.

3. Only patients classified under the American Society of Anesthesiologists' (ASA) risk classification criteria as Class I or Class II are appropriate candidates for a Level III office surgery.

a. All Level III office surgeries on patients classified as ASA III or higher must be performed only in a hospital or ambulatory surgical center.

b. For all ASA II patients above the age of 50, the physician performing the surgery must obtain a complete workup performed before the performance of a Level III office surgery in the office surgery setting.

c. If the patient has a cardiac history or is deemed to be a complicated medical patient, the patient must have a preoperative electrocardiogram and be referred to an appropriate consultant for medical optimization. The referral to a consultant may be waived after evaluation by the patient's anesthesiologist.

(b) *Standards of practice.*—Practice standards for Level III office surgery include all Level II office surgery standards and all of the following requirements:

1. The physician performing the surgery must have staff

privileges at a licensed hospital to perform the same procedure in that hospital as that being performed in the office surgery setting or must be able to document satisfactory completion of training, such as board certification or board qualification by a board approved by the American Board of Medical Specialties or any other board approved by the Board of Medicine or Board of Osteopathic Medicine, as applicable, or must be able to demonstrate to the accrediting organization or to the department comparable background, training, and experience. Such board certification or comparable background, training, and experience must also be directly related to and include the procedure being performed by the physician performing the surgery in the office surgery setting. In addition, the physician performing the surgery must have knowledge of the principles of general anesthesia.

2. The physician performing the surgery must be currently certified in advanced cardiac life support.

3. At least one operating assistant must be currently certified in basic life support.

4. An emergency policy and procedures manual related to serious anesthesia complications must be available in the office surgery and reviewed biannually by the designated physician, practiced with staff, updated, and posted in a conspicuous location in the office. Topics to be covered in the manual must include all of the following:

a. Airway blockage and foreign body obstruction.

b. Allergic reactions.

c. Bradycardia.

d. Bronchospasm.

589844

e. Cardiac arrest.
f. Chest pain.
g. Hypoglycemia.
h. Hypotension.
i. Hypoventilation.
j. Laryngospasm.
k. Local anesthetic toxicity reaction.
l. Malignant hyperthermia.
m. Any other topics the board determines by rule are warranted for patient safety and by the evolution of technology and medical practice.

5. An office surgery performing Level III office surgeries must maintain all of the equipment and medications required for Level II office surgeries and comply with all of the following additional requirements:

a. Maintain at least 720 mg of dantrolene on site if halogenated anesthetics or succinylcholine are used.

b. Equipment and medication for monitored postanesthesia recovery must be available in the office.

6. Anesthetic safety regulations must be developed, posted in a conspicuous location in the office, and enforced by the designated physician. Such regulations must include all of the following requirements:

a. All operating room electrical and anesthesia equipment must be inspected at least semiannually, and a written record of the results and corrective actions must be maintained.

b. Flammable anesthetic agents may not be employed in office surgery facilities.

c. Electrical equipment in anesthetizing areas must be on

589844

an audiovisual line isolation monitor, with the exception of radiologic equipment and fixed lighting more than 5 feet above the floor.

d. Each anesthesia gas machine must have a pin index safety system or equivalent safety system and a minimum oxygen flow safety device.

e. All reusable anesthesia equipment in direct contact with a patient must be cleaned or sterilized as appropriate after each use.

f. The following monitors must be applied to all patients receiving conduction or general anesthesia:

(I) Blood pressure cuff.

(II) A continuous temperature device, readily available to measure the patient's temperature.

(III) Pulse oximeter.

(IV) Electrocardiogram.

(V) An inspired oxygen concentration monitor and a capnograph, for patients receiving general anesthesia.

g. Emergency intubation equipment must be available in all office surgery suites.

h. Surgical tables must be capable of Trendelenburg and other positions necessary to facilitate surgical procedures.

i. An anesthesiologist, a certified registered nurse anesthetist, an anesthesiologist assistant, or a physician assistant qualified as set forth in board rule must administer the general or regional anesthesia.

j. A physician, a registered nurse, a licensed practical nurse, a physician assistant, or an operating room technician must assist with the surgery. The anesthesia provider may not

function in any other capacity during the procedure.

k. The patient must be monitored in the recovery room until he or she has fully recovered from anesthesia. The monitoring must be provided by a physician, a physician assistant, a certified registered nurse anesthetist, an anesthesiologist assistant, or a registered nurse with postanesthesia care unit experience or the equivalent who is currently certified in advanced cardiac life support, or, in the case of pediatric patients, currently certified in pediatric advanced life support.

(8) EXEMPTION.—This section does not apply to a physician who is dually licensed as a dentist under chapter 466 when he or she is performing dental procedures that fall within the scope of practice of dentistry and are regulated under chapter 466.

(9) RULEMAKING.—The board may adopt by rule additional standards of practice for physicians who perform office surgeries or procedures under this section as warranted for patient safety and by the evolution of technology and medical practice.

Section 5. Subsection (6) of section 456.074, Florida Statutes, is amended to read

456.074 Certain health care practitioners; immediate suspension of license.—

(6) The department must issue an emergency order suspending or restricting the registration of an office registered under s. 458.328 or s. 459.0138 ~~s. 459.0139~~ upon a finding of probable cause that the office or a physician practicing in the office is not in compliance with the standards of practice for office surgery adopted by the boards pursuant to s. 458.328 or s.

589844

459.0138, as applicable, or is in violation of s. 458.331(1)(v) or s. 459.015(1)(z), and that such noncompliance or violation constitutes an immediate danger to the public.

Section 6. This act shall take effect upon becoming a law.

And the title is amended as follows:

Delete everything before the enacting clause and insert:

A bill to be entitled

An act relating to office surgeries; amending ss. 458.328 and 459.0138, F.S.; revising the types of procedures for which a medical office must register with the Department of Health to perform office surgeries; specifying inspection procedures for such offices seeking registration with the department; requiring that certain offices seeking registration provide proof to the department that they have met specified requirements and rules; requiring the department to inspect such offices to ensure that certain equipment and procedures are present or in place; requiring the department to notify the Agency for Health Care Administration if an applicant is unable to provide certain proof to the department and to request that the agency inspect and consult with the office; deleting obsolete language; providing that the department may not register and must seek an emergency suspension of an office under specified circumstances; requiring that each office, as a

589844

condition of registration, list certain medical personnel and thereafter notify the department of the addition or termination of such personnel within a specified timeframe; providing for disciplinary action for failure to comply; revising the materials that the department must review when inspecting a registered office; requiring offices already registered with the department as of a specified date to provide a registration update within a specified timeframe; specifying requirements for such registration update process; revising requirements for the standards of practice for office surgeries; providing an administrative penalty; revising rulemaking requirements; creating ss. 458.3281 and 459.0139, F.S.; providing construction; defining terms; specifying general requirements for office surgeries; specifying standards of practice for office surgeries, delineated by the level of surgery being performed; providing an exemption; authorizing the Board of Medicine and the Board of Osteopathic Medicine, as applicable, to adopt additional standards of practice by rule; amending s. 456.074, F.S.; correcting a cross-reference; providing an effective date.

588-02981-24 20241188c1

A bill to be entitled

An act relating to office surgeries; amending ss. 458.328 and 459.0138, F.S.; revising the types of procedures for which a medical office must register with the Department of Health to perform office surgeries; specifying notification and inspection procedures for the department and the Agency for Health Care Administration if, during the registration process, the department determines that the performance of specified procedures in the office would create a risk to patient safety such that the office should instead be regulated as an ambulatory surgical center; deleting obsolete language; making technical and clarifying changes; revising standards of practice for office surgeries; requiring medical offices already registered with the department to perform certain office surgeries as of a specified date to reregister if such offices perform specified procedures; specifying notification and inspection procedures for the department and the agency in the event that, during the reregistration process, the department determines that the performance of specified procedures in an office creates a risk of patient safety such that the office should instead be regulated as an ambulatory surgical center; requiring an office to cease performing the specified procedures and relinquish its office surgery registration and instead seek licensure as an ambulatory surgical center under such circumstances; requiring the

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-02981-24 20241188c1

department to develop a schedule for reregistration of medical offices affected by this act, to be completed by a specified date; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraphs (a), (b), and (h) of subsection (1) and subsection (2) of section 458.328, Florida Statutes, are amended, and subsection (4) is added to that section, to read:

458.328 Office surgeries.—

(1) REGISTRATION.—

(a)1. An office in which a physician performs a liposuction procedure in which more than 1,000 cubic centimeters of supernatant fat is temporarily or permanently removed, a liposuction procedure in which the patient is rotated 180 degrees or more during the procedure, a gluteal fat grafting procedure, a Level II office surgery, or a Level III office surgery must register with the department. ~~unless the office is licensed as~~ A facility licensed under chapter 390 or chapter 395 may not be registered under this section.

2. The department must complete an inspection of any office seeking registration under this section before the office may be registered.

3. If the department determines that an office seeking registration under this section is one in which a physician is likely to perform, or intends to perform, liposuction procedures that include a patient being rotated 180 degrees or more during the procedure or in which a physician is likely to perform, or intends to perform, gluteal fat grafting procedures, and the

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

department determines that the performance of such procedures in the office would create a significant risk to patient safety and the interests of patient safety would be better served if such procedures were instead regulated under the requirements of ambulatory surgical center licensure under chapter 395:

a. The department must notify the Agency for Health Care Administration of its determination.

b. The agency must inspect the office and determine, in the interest of patient safety, whether the office is a candidate for ambulatory surgical center licensure, notwithstanding the office's failure to meet all requirements associated with such licensure at the time of inspection and notwithstanding any pertinent exceptions provided under s. 395.002(3).

c. If the agency determines that an office is a candidate for ambulatory surgical center licensure under sub-subparagraph b., the agency must notify the office and the department, and the office may not register under this section and must instead attain ambulatory surgical center licensure under chapter 395 before such surgeries may be conducted in the office.

d. If the agency determines that an office is not a candidate for ambulatory surgical center licensure under sub-subparagraph b., the agency must notify the office and the department, and the department shall resume the office's registration process.

(b) ~~By January 1, 2020,~~ Each office registered under this section or s. 459.0138 must designate a physician who is responsible for the office's compliance with the office health and safety requirements of this section and rules adopted hereunder. A designated physician must have a full, active, and

unencumbered license under this chapter or chapter 459 and shall practice at the office for which he or she has assumed responsibility. Within 10 calendar days after the termination of a designated physician relationship, the office must notify the department of the designation of another physician to serve as the designated physician. The department may suspend the registration of an office if the office fails to comply with the requirements of this paragraph.

~~(h) A physician may only perform a procedure or surgery identified in paragraph (a) in an office that is registered with the department. The board shall impose a fine of $5,000 per day on a physician who performs a procedure or surgery in an office that is not registered with the department.~~

(2) STANDARDS OF PRACTICE.—

(a) A physician may not perform any surgery or procedure identified in paragraph (1)(a) in a setting other than an office registered under this section or a facility licensed under chapter 390 or chapter 395, as applicable. The board shall impose a fine of $5,000 per incident on a physician who violates this paragraph ~~performing a gluteal fat grafting procedure in an office surgery setting shall adhere to standards of practice pursuant to this subsection and rules adopted by the board~~.

(b) Office surgeries may not:

1. Be a type of surgery that generally results in blood loss of more than 10 percent of estimated blood volume in a patient with a normal hemoglobin level;

2. Require major or prolonged intracranial, intrathoracic, abdominal, or joint replacement procedures, except for laparoscopic procedures;

3. Involve major blood vessels and be performed with direct visualization by open exposure of the major blood vessel, except for percutaneous endovascular intervention; or

4. Be emergent or life threatening.

(c) A physician performing a gluteal fat grafting procedure in an office surgery setting shall adhere to standards of practice under this subsection and rules adopted by the board, which include, but are not limited to, all of the following:

1. A physician performing a gluteal fat grafting procedure must conduct an in-person examination of the patient while physically present in the same room as the patient no later than the day before the procedure.

2. Before a physician may delegate any duties during a gluteal fat grafting procedure, the patient must provide written, informed consent for such delegation. Any duty delegated by a physician during a gluteal fat grafting procedure must be performed under the direct supervision of the physician performing such procedure. Fat extraction and gluteal fat injections must be performed by the physician and may not be delegated.

3. Fat may only be injected into the subcutaneous space of the patient and may not cross the fascia overlying the gluteal muscle. Intramuscular or submuscular fat injections are prohibited.

4. When the physician performing a gluteal fat grafting procedure injects fat into the subcutaneous space of the patient, the physician must use ultrasound guidance, or guidance with other technology authorized under board rule which equals or exceeds the quality of ultrasound, during the placement and

navigation of the cannula to ensure that the fat is injected into the subcutaneous space of the patient above the fascia overlying the gluteal muscle. Such guidance with the use of ultrasound or other technology is not required for other portions of such procedure.

5. An office in which a physician performs gluteal fat grafting procedures must at all times maintain a ratio of one physician to one patient during all phases of the procedure, beginning with the administration of anesthesia to the patient and concluding with the extubation of the patient. After a physician has commenced, and while he or she is engaged in, a gluteal fat grafting procedure, the physician may not commence or engage in another gluteal fat grafting procedure or any other procedure with another patient at the same time.

(d) If a procedure in an office surgery setting results in hospitalization, the incident must be reported as an adverse incident pursuant to s. 458.351.

~~(c) An office in which a physician performs gluteal fat grafting procedures must at all times maintain a ratio of one physician to one patient during all phases of the procedure, beginning with the administration of anesthesia to the patient and concluding with the extubation of the patient. After a physician has commenced, and while he or she is engaged in, a gluteal fat grafting procedure, the physician may not commence or engage in another gluteal fat grafting procedure or any other procedure with another patient at the same time.~~

(4) REREGISTRATION.—An office that registered under this section before July 1, 2024, in which a physician performs liposuction procedures that include a patient being rotated 180

degrees or more during the procedure or in which a physician performs gluteal fat grafting procedures must seek reregistration with the department consistent with the parameters of initial registration under subsection (1) according to a schedule developed by the department. During the reregistration process, if the department determines that the performance of such procedures in the office creates a significant risk to patient safety and that the interests of patient safety would be better served if such procedures were instead regulated under the requirements of ambulatory surgical center licensure under chapter 395:

(a) The department must notify the Agency for Health Care Administration of its determination; and

(b) The agency must inspect the office and determine, in the interest of patient safety, whether the office is a candidate for ambulatory surgical center licensure, notwithstanding the office's failure to meet all requirements associated with such licensure at the time of inspection and notwithstanding any pertinent exceptions provided under s. 395.002(3).

If the agency determines that an office is a candidate for ambulatory surgical center licensure under paragraph (b), the agency must notify the office and the department, and the office must cease performing procedures described in this subsection. The office may not recommence performing such procedures without first relinquishing its registration under this section and attaining ambulatory surgical center licensure under chapter 395.

Section 2. Paragraphs (a), (b), and (h) of subsection (1) and subsection (2) of section 459.0138, Florida Statutes, are amended, and subsection (4) is added to that section, to read:

459.0138 Office surgeries.—

(1) REGISTRATION.—

(a)1. An office in which a physician performs a liposuction procedure in which more than 1,000 cubic centimeters of supernatant fat is temporarily or permanently removed, a liposuction procedure in which the patient is rotated 180 degrees or more during the procedure, a gluteal fat grafting procedure, a Level II office surgery, or a Level III office surgery must register with the department. ~~unless the office is licensed as~~ A facility licensed under chapter 390 or chapter 395 may not be registered under this section.

2. The department must complete an inspection of any office seeking registration under this section before the office may be registered.

3. If the department determines that an office seeking registration under this section is one in which a physician is likely to perform, or intends to perform, liposuction procedures that include a patient being rotated 180 degrees or more during the procedure or in which a physician is likely to perform, or intends to perform, gluteal fat grafting procedures, and the department determines that the performance of such procedures in the office would create a significant risk to patient safety and the interests of patient safety would be better served if such procedures were instead regulated under the requirements of ambulatory surgical center licensure under chapter 395:

a. The department must notify the Agency for Health Care

Administration of its determination.

b. The agency must inspect the office and determine, in the interest of patient safety, whether the office is a candidate for ambulatory surgical center licensure, notwithstanding the office's failure to meet all requirements associated with such licensure at the time of inspection and notwithstanding any pertinent exceptions provided under s. 395.002(3).

c. If the agency determines that an office is a candidate for ambulatory surgical center licensure under sub-subparagraph b., the agency must notify the office and the department, and the office may not register under this section and must instead attain ambulatory surgical center licensure under chapter 395 before such surgeries may be conducted in the office.

d. If the agency determines that an office is not a candidate for ambulatory surgical center licensure under sub-subparagraph b., the agency must notify the office and the department, and the department shall resume the office's registration process.

(b) ~~By January 1, 2020,~~ Each office registered under this section or s. 458.328 must designate a physician who is responsible for the office's compliance with the office health and safety requirements of this section and rules adopted hereunder. A designated physician must have a full, active, and unencumbered license under this chapter or chapter 458 and shall practice at the office for which he or she has assumed responsibility. Within 10 calendar days after the termination of a designated physician relationship, the office must notify the department of the designation of another physician to serve as the designated physician. The department may suspend a

registration for an office if the office fails to comply with the requirements of this paragraph.

~~(h) A physician may only perform a procedure or surgery identified in paragraph (a) in an office that is registered with the department. The board shall impose a fine of $5,000 per day on a physician who performs a procedure or surgery in an office that is not registered with the department.~~

(2) STANDARDS OF PRACTICE.—

(a) A physician may not perform any surgery or procedure identified in paragraph (1)(a) in a setting other than an office registered under this section or a facility licensed under chapter 390 or chapter 395, as applicable. The board shall impose a fine of $5,000 per incident on a physician who violates this paragraph ~~performing a gluteal fat grafting procedure in an office surgery setting shall adhere to standards of practice pursuant to this subsection and rules adopted by the board~~.

(b) Office surgeries may not:

1. Be a type of surgery that generally results in blood loss of more than 10 percent of estimated blood volume in a patient with a normal hemoglobin level;

2. Require major or prolonged intracranial, intrathoracic, abdominal, or joint replacement procedures, except for laparoscopic procedures;

3. Involve major blood vessels and be performed with direct visualization by open exposure of the major blood vessel, except for percutaneous endovascular intervention; or

4. Be emergent or life threatening.

(c) A physician performing a gluteal fat grafting procedure in an office surgery setting shall adhere to standards of

practice under this subsection and rules adopted by the board, which include, but are not limited to, all of the following:

1. A physician performing a gluteal fat grafting procedure must conduct an in-person examination of the patient while physically present in the same room as the patient no later than the day before the procedure.

2. Before a physician may delegate any duties during a gluteal fat grafting procedure, the patient must provide written, informed consent for such delegation. Any duty delegated by a physician during a gluteal fat grafting procedure must be performed under the direct supervision of the physician performing such procedure. Fat extraction and gluteal fat injections must be performed by the physician and may not be delegated.

3. Fat may only be injected into the subcutaneous space of the patient and may not cross the fascia overlying the gluteal muscle. Intramuscular or submuscular fat injections are prohibited.

4. When the physician performing a gluteal fat grafting procedure injects fat into the subcutaneous space of the patient, the physician must use ultrasound guidance, or guidance with other technology authorized under board rule which equals or exceeds the quality of ultrasound, during the placement and navigation of the cannula to ensure that the fat is injected into the subcutaneous space of the patient above the fascia overlying the gluteal muscle. Such guidance with the use of ultrasound or other technology is not required for other portions of such procedure.

5. An office in which a physician performs gluteal fat

grafting procedures must at all times maintain a ratio of one physician to one patient during all phases of the procedure, beginning with the administration of anesthesia to the patient and concluding with the extubation of the patient. After a physician has commenced, and while he or she is engaged in, a gluteal fat grafting procedure, the physician may not commence or engage in another gluteal fat grafting procedure or any other procedure with another patient at the same time.

(d) If a procedure in an office surgery setting results in hospitalization, the incident must be reported as an adverse incident pursuant to s. 458.351.

~~(e) An office in which a physician performs gluteal fat grafting procedures must at all times maintain a ratio of one physician to one patient during all phases of the procedure, beginning with the administration of anesthesia to the patient and concluding with the extubation of the patient. After a physician has commenced, and while he or she is engaged in, a gluteal fat grafting procedure, the physician may not commence or engage in another gluteal fat grafting procedure or any other procedure with another patient at the same time.~~

(4) REREGISTRATION.—An office that registered under this section before July 1, 2024, in which a physician performs liposuction procedures that include a patient being rotated 180 degrees or more during the procedure or in which a physician performs gluteal fat grafting procedures must seek reregistration with the department consistent with the parameters of initial registration under subsection (1) according to a schedule developed by the department. During the reregistration process, if the department determines that the

performance of such procedures in the office creates a significant risk to patient safety and that the interests of patient safety would be better served if such procedures were instead regulated under the requirements of ambulatory surgical center licensure under chapter 395:

(a) The department must notify the Agency for Health Care Administration of its determination;

(b) The agency must inspect the office and determine, in the interest of patient safety, whether the office is a candidate for ambulatory surgical center licensure notwithstanding the office's failure to meet all requirements associated with such licensure at the time of inspection and notwithstanding any pertinent exceptions provided under s. 395.002(3).

If the agency determines that an office is a candidate for ambulatory surgical center licensure under paragraph (b), the agency must notify the office and the department, and the office must cease performing procedures described in this subsection. The office may not recommence performing such procedures without first relinquishing its registration under this section and attaining ambulatory surgery center licensure under chapter 395.

Section 3. The Department of Health shall develop a schedule for reregistration of offices affected by the amendments made to s. 458.328(1) or s. 459.0138(1), Florida Statutes, by this act. Registration of all such offices must be completed by December 1, 2024.

Section 4. This act shall take effect upon becoming a law.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Fiscal Policy

BILL:	CS/SB 1222
INTRODUCER:	Criminal Justice Committee; Senator Trumbull and others
SUBJECT:	Theft
DATE:	February 20, 2024
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Vaughan	Stokes	CJ	**Fav/CS**
2.	Atchley	Harkness	ACJ	**Favorable**
3.	Vaughan	Yeatman	FP	**Favorable**

Please see Section IX. for Additional Information:

PLEASE MAKE SELECTION

I. Summary:

CS/SB 1222 amends s. 812.04, F.S., to specify the threshold value for third degree felony theft from a dwelling or unenclosed curtilage of a dwelling from $100 or more, but less than $750, to $40 or more, but less than $750. This crime retains a level 2 in the offense severity ranking chart.

The bill creates new crimes relating to taking property from a person's home or porch. Specifically, if the property is taken from a dwelling or from the unenclosed curtilage of a dwelling, it is a:

- Third degree felony, if the property stolen is valued at $750 or more. This crime is ranked as a level 4 in the offense severity ranking chart.
- Second degree felony, if the property stolen is taken from more than 20 dwellings or from the unenclosed curtilage of more than 20 dwellings, or any combination thereof. This crime is ranked as a level 5 in the offense severity ranking chart.
- First degree misdemeanor, if the property stolen is valued at less than $40.
  - A person who commits the above misdemeanor offense and who has previously been convicted of any theft commits a third degree felony. This crime is ranked as a level 2 in the offense severity ranking chart.
  - A person who commits the above misdemeanor offense and has previously been convicted two or more times of any theft commits a third degree felony. This crime is ranked as a level 4 in the offense severity ranking chart.

The bill amends s. 812.015, F.S., to provide that it is a third degree felony for a person to commit retail theft if the person acts in concert with five or more other persons within one or more establishments for the purpose of overwhelming the response of a merchant, merchant's employee, or law enforcement officer in order to carry out the offense or avoid detection or apprehension for the offense. This crime is listed as a level 5 in the offense severity ranking chart.

Commission of the offense described above is a second degree felony if the person solicits the participation of another person in the offense through the use of a social media platform. This crime is listed as a level 6 in the offense severity ranking chart.

The bill provides it is a first degree felony, if a person commits retail theft under s. 812.015(8) or (9), F.S., and:

- Has two or more previous convictions of violations of either or both of those subsections; or
- Possesses a firearm during the commission of such offense. This crime is listed as a level 8 in the offense severity ranking chart.

Additionally, the bill amends the aggregation criteria for specified retail theft offenses. For retail theft offenses under ss. 812.015(8), 812.015(9), and 812.015(10), F.S., where a specified number of retail thefts, specified value of property stolen, or specified number of items stolen, is aggregated to determine the total number of retail thefts or value of property stolen, the bill increases the aggregation period from 30 days to 45 days.

The bill has a positive significant prison bed impact. See Section V., Fiscal Impact Statement.

The bill provides an effective date of October 1, 2024.

II. Present Situation:

Retail merchants have experienced an increase in property theft referred to as "smash-and grab" theft. In this form of organized retail crime, a large group of offenders enter a retail store and steal thousands of dollars of products in minutes, typically overpowering the merchant's employees and preventing the merchant from stopping the theft. Law enforcement has reported such offenders utilizing social media to coordinate illegal group activity.

At the Nordstrom store in California, for example, thieves raided the store of over $100,000 of merchandise in one minute and left the scene in 25 separate cars.[1] In December 2023, a smash and grab burglary at the Sawgrass Mills Mall in Sunrise, led to panic when suspects used an unknown device to break display glass generating a loud noise.[2]

[1] The San Francisco Chronical Business Insider, Jessica Chastain, *Smash-and-Grab Robberies Organized on Social Media, Police Say*, available at, https://www.businessinsider.com/smash-and-grab-robberies-organized-on-social-media-police-2021-12 (last visited on January 20, 2024).
[2] 7 News, Miami, Brandon Beyer, Ruben Rosario and Robbin Simmons, *Police: Shattered glass during "smash and grab" at Sawgrass Mills Mall leads to panic*, available at, https://wsvn.com/news/local/broward/police-shattered-glass-during-smash-and-grab-at-sawgrass-mills-mall-leads-to-panic/ (Last visited January 20, 2024).

Porch Pirating is a theft crime that has also increased in recent years. "Porch pirate"[3] is a term that refers to a thief who takes packages left outside doors by couriers. As online shopping continues to be on the rise, so do incidences of porch piracy. Nearly eight in ten Americans have reported falling victim to such package theft in 2022, totaling an estimated 260 million packages worth $19.5 billion.[4]

Theft

Section 812.014, F.S., provides that a person commits a theft if he or she knowingly obtains or uses, or endeavors to obtain or to use, the property of another with intent to either temporarily or permanently:

- Deprive the other person of a right to the property or a benefit from the property; or
- Appropriate the property to his or her own use or to the use of any person not entitled to use the property.[5]

Generally, a person commits a third degree felony[6] crime of grand theft if the property stolen is valued at $750 or more, but less than $20,000.[7] If the property stolen is $20,000 or more, but less than $100,000, the offender commits a second degree felony,[8] and if the property stolen is $100,000 or more, the offender commits a first degree felony.[9] Other items listed under this section such as the theft of a firearm, a motor vehicle, or a stop sign, may also constitute grand theft.[10]

Taking Property from a Dwelling or the Unenclosed Curtilage of a Dwelling

Section 812.014, F.S., defines theft offenses and categorizes the offense level based on the value of the property stolen and the offender's prior history of theft convictions, the circumstances under which the theft occurs, or the type of property stolen to determine the level of offense.

Specifically, s. 812.014(2)(d), F.S., prohibits a person from stealing property valued at $100 or more, but less than $750, when property is taken from a dwelling or the unenclosed curtilage of a dwelling. A violation of the prohibition is a third degree felony and ranked as a Level 2 offense on the offense severity ranking chart of the Criminal Punishment Code.

A dwelling is defined as a building or conveyance of any kind, including any attached porch, whether such building or conveyance is temporary or permanent, mobile or immobile, which has

[3] Dictionary.com definition of porch pirate.

[5] Section 812.014(1), F.S.
[6] A third degree felony is generally punishable by not more than 5 years in state prison and a fine not exceeding $5,000. Sections 775.082 and 775.083, F.S.
[7] Section 812.014(2)(c)1.-3., F.S.
[8] Section 812.014(2)(b), F.S.
[9] Section 812.014(2)(a)1., F.S.
[10] Section 812.014(2)(c), F.S.

a roof over it and is designed to be occupied by people lodging therein at night, together with the curtilage thereof.[11]

Unenclosed curtilage of a dwelling is defined as the unenclosed land or grounds, and any outbuildings that are directly and intimately adjacent to and connected with the dwelling and necessary, convenient, and habitually used in connection with that dwelling.[12]

Retail Theft

Retail theft is the taking possession of or carrying away of merchandise, property, money, or negotiable documents; altering or removing a label, universal product code, or price tag; transferring merchandise from one container to another; or removing a shopping cart, with intent to deprive the merchant of possession, use, benefit, or full retail value.[13]

Under s. 812.015(8)(a)-(f), F.S., retail theft is a third degree felony, if a person:

- Individually, or in concert with one or more other persons, coordinates the activities of one or more individuals in committing the offense, which may occur through multiple acts of retail theft, in which the amount of each individual theft is aggregated within a 30-day period to determine the value of the property stolen and such value is $750 or more.
- Conspires with another person to commit retail theft with the intent to sell the stolen property for monetary or other gain, and subsequently takes or causes such property to be placed in the control of another person in exchange for consideration, in which the stolen property taken or placed within a 30-day period is aggregated to determine the value of the stolen property and such value is $750 or more.
- Acts in concert with one or more other individuals within one or more establishments to distract the merchant, merchant's employee, or law enforcement officer in order to carry out the offense, or acts in other ways to coordinate efforts to carry out the offense and such value is $750 or more.
- Commits the offense through the purchase of merchandise in a package or box that contains merchandise other than, or in addition to, the merchandise purposed to be contained in the package or box and such value is $750 or more.
- Individually, or in concert with 1 or more other persons, commits 5 or more retail thefts within a 30-day period and in committing such thefts obtains or uses 10 or more items of merchandise, and the number of items stolen during each theft is aggregated within the 30-day period to determine the total number of items stolen, regardless of the value of the merchandise, and two or more of the thefts occur at different physical locations.

Under s. 812.015(9)(a)-(c), F.S., retail theft is a second degree felony if a person:

- Commits a second or subsequent felony retail theft offense.
- Individually, or in concert with one or more other persons, coordinates the activities of one or more persons in committing the offense of retail theft, in which the amount of each individual theft within a 30-day period is aggregated to determine the value of the stolen property and such value is in excess of $3,000.

[11] Section s. 810.011(2), F.S.
[12] Section 810.09, F.S.
[13] Section 812.015(1)(d), F.S.

- Conspires with another person to commit retail theft with the intent to sell the stolen property for monetary or other gain, and subsequently takes or causes such property to be placed in control of another person in exchange for consideration, in which the stolen property taken or placed within a 30-day period is aggregated to have a value in excess of $3,000.

Under s. 812.015(9)(d), F.S., retail theft is a second degree felony, regardless of the value of property stolen, if a person individually, or in concert with one or more other persons, commits five or more retail thefts within a 30-day period and in committing such thefts obtains or uses 20 or more items of merchandise, and the number of items stolen during each theft is aggregated within the 30-day period to determine the total number of items stolen, regardless of the value of such merchandise, and two or more of the thefts occur at a different physical retail merchant location.

Criminal Punishment Code

The maximum sentence that can be imposed for a criminal offense is generally based on the degree of the misdemeanor or felony:
- Sixty days in a county jail for a second degree misdemeanor;
- One year in a county jail for a first degree misdemeanor;
- Five years in state prison for a third degree felony;
- Fifteen years in state prison for a second degree felony; and
- Generally, 30 years in state prison for a first degree felony.[14]

The Criminal Punishment Code[15] (Code) is Florida's primary sentencing policy. Noncapital felonies sentenced under the Code receive an offense severity level ranking (Levels 1-10).[16] Points are assigned and accrue based upon the offense severity level ranking assigned to the primary offense, additional offenses, and prior offenses. Sentence points escalate as the severity level escalates. Points may also be added or multiplied for other factors such as victim injury or the commission of certain offenses. The lowest permissible sentence is any non-state prison sanction in which total sentence points equal or are less than 44 points, unless the court determines that a prison sentence is appropriate. If total sentence points exceed 44 points, the lowest permissible sentence in prison months is calculated by subtracting 28 points from the total sentence points and decreasing the remaining total by 25 percent.[17] Absent mitigation,[18] the permissible sentencing range under the Code is generally the lowest permissible sentence scored up to and including the maximum penalty provided under s. 775.082, F.S.[19]

[14] Section 775.082, F.S. Fines may also be imposed, and those fines escalate based on the degree of the offense. Section 775.083, F.S., provides the following maximum fines; $500 for a second degree misdemeanor; $1,000 for a first degree misdemeanor; $5,000 for a third degree felony; and $10,000 for a second degree felony and a first degree felony.
[15] Sections 921.002-921.0027, F.S. *See* chs. 97-194 and 98-204, L.O.F. The Code is effective for offenses committed on or after October 1, 1998.
[16] Offenses are either ranked in the offense severity level ranking chart in s. 921.0022, F.S., or are ranked by default based on a ranking assigned to the felony degree of the offense as provided in s. 921.0023, F.S.
[17] Section 921.0024, F.S. Unless otherwise noted, information on the Code is from this source.
[18] The court may "mitigate" or "depart downward" from the scored lowest permissible sentence, if the court finds a mitigating circumstance. Section 921.0026, F.S., provides a list of mitigating circumstances.
[19] If the scored lowest permissible sentence exceeds the maximum penalty in s. 775.082, F.S., the sentence required by the Code must be imposed. If total sentence points are greater than or equal to 363 points, the court may sentence the offender to life imprisonment. Section 921.0024(2), F.S.

Offense Severity Ranking Chart

Section 921.0022(1) and (2), F.S., provides the offense severity ranking chart that must be used with the Criminal Punishment Code worksheet to compute a sentence score for each felony offender whose offense was committed on or after October 1, 1998. The chart has 10 offense levels, ranked from least severe to most severe.

Section 921.0023, F.S., provides that until the Legislature specifically assigns an offense to a severity level in the offense severity ranking chart, the severity level is within the following parameters:

- A third degree felony is within offense level 1;
- A second degree felony is within offense level 4;
- A first degree felony is within offense level 7;
- A first degree punishable by life felony is within offense level 9; and
- A life felony is within offense level 10.

III. Effect of Proposed Changes:

The bill amends s. 812.014(2), F.S., to specify the threshold value for third degree felony theft from a dwelling or unenclosed curtilage of a dwelling from $100 or more, but less than $750, to $40 or more, but less than $750.

Additionally, the bill creates new offenses relating to theft from a dwelling or unenclosed curtilage of a dwelling, including:

- A third degree felony,[20] ranked as a Level 4 offense, if the property stolen is valued at $750 or more.
- A second degree felony,[21] ranked as a Level 5 offense, if the property stolen is taken from more than 20 dwellings or from the unenclosed curtilage of more than 20 dwellings, or any combination thereof.
- Petit theft of the first degree and a first degree misdemeanor,[22] if the property stolen is valued at less than $40.
    - A person who commits the above misdemeanor offense and who has previously been convicted of any theft commits a third degree felony. This crime is ranked as a level 2 in the offense severity ranking chart.
    - A person who commits the above misdemeanor offense and has previously been convicted two or more times of any theft commits a third degree felony. This crime is ranked as a level 4 in the offense severity ranking chart.

Social media platform means any information service, system, Internet search engine, or access software provider that:

[20]. A third degree felony is punishable by up to five years imprisonment and a $5,000 fine. Sections 775.082 and 775.083, F.S.
[21] A second degree felony is punishable by up to 15 years imprisonment and a $10,000 fine. Sections 775.082 and 775.083, F.S.
[22] A first degree misdemeanor is punishable by a definite term of imprisonment not exceeding 1 year. Sections 775.082 and 775.083, F.S

- Provides or enables computer access by multiple users to a computer server, including an Internet platform or a social media site;
- Operates as a sole proprietorship, partnership, limited liability company, corporation, association, or other legal entity;
- Does business in the state; and
- Satisfies at least one of the following thresholds:
  - Has annual gross revenues in excess of $100 million, as adjusted in January of each odd-numbered year to reflect any increase in the Consumer Price Index.
  - Has at least 100 million monthly individual platform participants globally.[23]

The bill amends s. 812.015, F.S., relating to retail theft, to:

- Prohibit a person from acting in concert with five or more other persons within one or more establishments for the purpose of overwhelming the response of a merchant, merchant's employee, or law enforcement officer in order to carry out the offense or avoid detection or apprehension for the offense, punishable as a third degree felony. This crime is listed as a level 5 in the offense severity ranking chart.
- Prohibit a person from acting in concert with five or more other persons within one or more establishments for the purpose of overwhelming the response of a merchant, merchant's employee, or law enforcement officer in order to carry out the offense or avoid detection or apprehension for the offense and, in the course of organizing or committing the offense, soliciting the participation of another person in the offense through the use of a social media platform, as defined in s. 501.2041(1), F.S., punishable as a second degree felony. This crime is listed as a level 6 in the offense severity ranking chart.

The bill provides it is a first degree felony, if a person commits retail theft under s. 812.015(8) or (9), F.S., and:

- Has two or more previous convictions of violations of either or both of those subsections; or
- Possesses a firearm during the commission of such offense. This crime is listed as a level 8 in the offense severity ranking chart.

Additionally, the bill amends the aggregation criteria for specified retail theft offenses. For retail theft offenses under ss. 812.015(8), 812.015(9), and 812.015(10), F.S., where a specified number of retail thefts, specified value of property stolen, or specified number of items stolen, is aggregated to determine the total number of retail thefts or value of property stolen, the bill increases the aggregation period from 30 days to 45 days.

The bill provides an effective date of October 1, 2024.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

[23] Section 501.2041(1)(g), F.S.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The Criminal Justice Impact Conference, which provides the final, official estimate of the prison bed impact, if any, of legislation, has determined the bill has a positive significant prison bed impact (increase of more than 25 prison beds).[24]

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 812.014, 812.015, 921.0022, and 784.07.

CS by Criminal Justice on January 23, 2024:
The committee substitute makes the following technical changes by:

- Adding necessary statute citations.
- Correcting the Offense Severity Ranking Chart regarding the punishment for retail theft, s. 812.015(9)(b) F.S., to reflect the increase to a 45 day period.
- Reordering the new offense added in the Offense Severity Ranking Chart.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Criminal Justice; and Senators Trumbull and Perry

591-02400-24 20241222c1

A bill to be entitled

An act relating to theft; amending s. 812.014, F.S.; reducing the minimum threshold amount for grand theft of the third degree; creating the offense of grand theft of the third degree; providing criminal penalties; creating the offense of grand theft of the second degree; providing criminal penalties; creating the offense of petit theft of the first degree; providing criminal penalties; providing enhanced criminal penalties for committing petit theft of the first degree and having certain previous convictions; amending s. 812.015, F.S.; defining the term "social media platform"; revising specified timeframes, from 30-day periods to 45-day periods, during which there is a lookback period for the commission of specified retail theft offenses; providing criminal penalties for persons committing certain retail theft acts in concert with a certain number of other persons within one or more establishments for specified purposes; providing criminal penalties for persons who commit retail theft and have certain prior retail theft convictions; providing criminal penalties for persons who commit retail theft who possess a firearm during the commission of such offense; making technical changes; amending s. 921.0022, F.S.; ranking offenses on the offense severity ranking chart of the Criminal Punishment Code; conforming provisions to changes made by the act; conforming a cross-reference; amending s. 784.07, F.S.; conforming a cross-reference; making a

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

591-02400-24 20241222c1

correction; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Present paragraphs (e) and (f) of subsection (2) of section 812.014, Florida Statutes, are redesignated as paragraphs (f) and (g), respectively, a new paragraph (e) is added to that subsection, and paragraphs (c) and (d) of that subsection are amended, to read:

812.014 Theft.—

(2)

(c) It is grand theft of the third degree and a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084, if the property stolen is:

1. Valued at $750 or more, but less than $5,000.

2. Valued at $5,000 or more, but less than $10,000.

3. Valued at $10,000 or more, but less than $20,000.

4. A will, codicil, or other testamentary instrument.

5. A firearm, except as provided in paragraph (g) ~~paragraph (f)~~.

6. A motor vehicle, except as provided in paragraph (a).

7. Any commercially farmed animal, including any animal of the equine, avian, bovine, or swine class or other grazing animal; a bee colony of a registered beekeeper; and aquaculture species raised at a certified aquaculture facility. If the property stolen is a commercially farmed animal, including an animal of the equine, avian, bovine, or swine class or other grazing animal; a bee colony of a registered beekeeper; or an aquaculture species raised at a certified aquaculture facility,

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

a $10,000 fine shall be imposed.

8. Any fire extinguisher that, at the time of the taking, was installed in any building for the purpose of fire prevention and control. This subparagraph does not apply to a fire extinguisher taken from the inventory at a point-of-sale business.

9. Any amount of citrus fruit consisting of 2,000 or more individual pieces of fruit.

10. Taken from a designated construction site identified by the posting of a sign as provided for in s. 810.09(2)(d).

11. Any stop sign.

12. Anhydrous ammonia.

13. Any amount of a controlled substance as defined in s. 893.02. Notwithstanding any other law, separate judgments and sentences for theft of a controlled substance under this subparagraph and for any applicable possession of controlled substance offense under s. 893.13 or trafficking in controlled substance offense under s. 893.135 may be imposed when all such offenses involve the same amount or amounts of a controlled substance.

However, if the property is stolen during a riot or an aggravated riot prohibited under s. 870.01 and the perpetration of the theft is facilitated by conditions arising from the riot; or within a county that is subject to a state of emergency declared by the Governor under chapter 252, the property is stolen after the declaration of emergency is made, and the perpetration of the theft is facilitated by conditions arising from the emergency, the offender commits a felony of the second

degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084, if the property is valued at $5,000 or more, but less than $10,000, as provided under subparagraph 2., or if the property is valued at $10,000 or more, but less than $20,000, as provided under subparagraph 3. As used in this paragraph, the terms "conditions arising from a riot" and "conditions arising from the emergency" have the same meanings as provided in paragraph (b). A person arrested for committing a theft during a riot or an aggravated riot or within a county that is subject to a state of emergency may not be released until the person appears before a committing magistrate at a first appearance hearing. For purposes of sentencing under chapter 921, a felony offense that is reclassified under this paragraph is ranked one level above the ranking under s. 921.0022 or s. 921.0023 of the offense committed.

(d)1. It is grand theft of the third degree and a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084, if the property stolen is valued at $40 ~~$100~~ or more, but less than $750, and is taken from a dwelling as defined in s. 810.011(2) or from the unenclosed curtilage of a dwelling pursuant to s. 810.09(1).

2. It is grand theft of the third degree and a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084, if the property stolen is valued at $750 or more, and is taken from a dwelling as defined in s. 810.011(2) or from the unenclosed curtilage of a dwelling pursuant to s. 810.09(1).

3. It is grand theft of the second degree and a felony of the second degree, punishable as provided in s. 775.082, s.

775.083, or s. 775.084, if the property stolen is taken from more than 20 dwellings as defined in s. 810.011(2) or from the unenclosed curtilage of more than 20 dwellings pursuant to s. 810.09(1), or any combination thereof.

(e)1. It is petit theft of the first degree and a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083, if the property stolen is valued at less than $40 and is taken from a dwelling as defined in s. 810.011(2) or from the unenclosed curtilage of a dwelling pursuant to s. 810.09(1).

2. A person who commits a violation of subparagraph 1. and has previously been convicted of any theft commits a felony of the third degree, punishable as provided in s. 775.082 or s. 775.083.

3. A person who commits a violation of subparagraph 1. and has previously been convicted two or more times of any theft commits a felony of the third degree, punishable as provided in s. 775.082 or s. 775.083.

Section 2. Present subsection (11) of section 812.015, Florida Statutes, is redesignated as subsection (12), a new subsection (11) is added to that section, and subsections (1), (8), (9), and (10) of that section are amended, to read:

812.015 Retail and farm theft; transit fare evasion; mandatory fine; alternative punishment; detention and arrest; exemption from liability for false arrest; resisting arrest; penalties.—

(1) As used in this section:

(g) ~~(a)~~ "Merchandise" means any personal property, capable of manual delivery, displayed, held, or offered for retail sale

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

by a merchant.

(h) ~~(b)~~ "Merchant" means an owner or operator, or the agent, consignee, employee, lessee, or officer of an owner or operator, of any premises or apparatus used for retail purchase or sale of any merchandise.

(n) ~~(c)~~ "Value of merchandise" means the retail sale price of the merchandise at the time it was stolen or otherwise removed, depriving the owner of her or his lawful right to ownership and sale of said item.

(i) ~~(d)~~ "Retail theft" means the taking possession of or carrying away of merchandise, property, money, or negotiable documents; altering or removing a label, universal product code, or price tag; transferring merchandise from one container to another; or removing a shopping cart, with intent to deprive the merchant of possession, use, benefit, or full retail value.

(c) ~~(e)~~ "Farm produce" means livestock or any item grown, produced, or manufactured by a person owning, renting, or leasing land for the purpose of growing, producing, or manufacturing items for sale or personal use, either part time or full time.

(e) ~~(f)~~ "Farmer" means a person who is engaging in the growing or producing of farm produce, milk products, honey, eggs, or meat, either part time or full time, for personal consumption or for sale and who is the owner or lessee of the land or a person designated in writing by the owner or lessee to act as her or his agent. No person defined as a farm labor contractor pursuant to s. 450.28 shall be designated to act as an agent for purposes of this section.

(d) ~~(g)~~ "Farm theft" means the unlawful taking possession of

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

any items that are grown or produced on land owned, rented, or leased by another person. The term includes the unlawful taking possession of equipment and associated materials used to grow or produce farm products as defined in s. 823.14(3)(e).

(a) ~~(h)~~ "Antishoplifting or inventory control device" means a mechanism or other device designed and operated for the purpose of detecting the removal from a mercantile establishment or similar enclosure, or from a protected area within such an enclosure, of specially marked or tagged merchandise. The term includes any electronic or digital imaging or any video recording or other film used for security purposes and the cash register tape or other record made of the register receipt.

(b) ~~(i)~~ "Antishoplifting or inventory control device countermeasure" means any item or device which is designed, manufactured, modified, or altered to defeat any antishoplifting or inventory control device.

(l) ~~(j)~~ "Transit fare evasion" means the unlawful refusal to pay the appropriate fare for transportation upon a mass transit vehicle, or to evade the payment of such fare, or to enter any mass transit vehicle or facility by any door, passageway, or gate, except as provided for the entry of fare-paying passengers, and shall constitute petit theft as proscribed by this chapter.

(f) ~~(k)~~ "Mass transit vehicle" means buses, rail cars, or fixed-guideway mover systems operated by, or under contract to, state agencies, political subdivisions of the state, or municipalities for the transportation of fare-paying passengers.

(k) ~~(l)~~ "Transit agency" means any state agency, political subdivision of the state, or municipality which operates mass

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

transit vehicles.

(m) "Trespass" means the violation as described in s. 810.08.

(j) "Social media platform" has the same meaning as in s. 501.2041(1).

(8) Except as provided in subsection (9) or subsection (11), a person who commits retail theft commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084, if the person:

(a) Individually, or in concert with one or more other persons, coordinates the activities of one or more individuals in committing the offense, which may occur through multiple acts of retail theft, in which the amount of each individual theft is aggregated within a 45-day ~~30-day~~ period to determine the value of the property stolen and such value is $750 or more;

(b) Conspires with another person to commit retail theft with the intent to sell the stolen property for monetary or other gain, and subsequently takes or causes such property to be placed in the control of another person in exchange for consideration, in which the stolen property taken or placed within a 45-day ~~30-day~~ period is aggregated to determine the value of the stolen property and such value is $750 or more;

(c) Individually, or in concert with one or more other persons, commits theft from more than one location within a 45-day ~~30-day~~ period, in which the amount of each individual theft is aggregated to determine the value of the property stolen and such value is $750 or more;

(d) Acts in concert with one or more other individuals within one or more establishments to distract the merchant,

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

merchant's employee, or law enforcement officer in order to carry out the offense, or acts in other ways to coordinate efforts to carry out the offense and such value is $750 or more;

(e) Commits the offense through the purchase of merchandise in a package or box that contains merchandise other than, or in addition to, the merchandise purported to be contained in the package or box and such value is $750 or more; ~~or~~

(f) Individually, or in concert with one ~~1~~ or more other persons, commits five ~~5~~ or more retail thefts within a 45-day ~~30-day~~ period and in committing such thefts obtains or uses 10 or more items of merchandise, and the number of items stolen during each theft is aggregated within the 45-day ~~30-day~~ period to determine the total number of items stolen, regardless of the value of such merchandise, and two ~~2~~ or more of the thefts occur at different physical merchant locations; or

(g) Acts in concert with five or more other persons within one or more establishments for the purpose of overwhelming the response of a merchant, a merchant's employee, or a law enforcement officer in order to carry out the offense or avoid detection or apprehension for the offense.

(9) Except as provided in subsection (11), a person commits a felony of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084, if the person:

(a) Violates subsection (8) and has previously been convicted of a violation of subsection (8) or of this subsection;

(b) Individually, or in concert with one or more other persons, coordinates the activities of one or more persons in committing the offense of retail theft, in which the amount of

each individual theft within a 45-day ~~30-day~~ period is aggregated to determine the value of the stolen property and such value is in excess of $3,000;

(c) Conspires with another person to commit retail theft with the intent to sell the stolen property for monetary or other gain, and subsequently takes or causes such property to be placed in control of another person in exchange for consideration, in which the stolen property taken or placed within a 45-day ~~30-day~~ period is aggregated to have a value in excess of $3,000; ~~or~~

(d) Individually, or in concert with one ~~1~~ or more other persons, commits five ~~5~~ or more retail thefts within a 45-day ~~30-day~~ period and in committing such thefts obtains or uses 20 or more items of merchandise, and the number of items stolen during each theft is aggregated within the 45-day ~~30-day~~ period to determine the total number of items stolen, regardless of the value of such merchandise, and two ~~2~~ or more of the thefts occur at a different physical retail merchant location; or

(e) Acts in concert with five or more other persons within one or more establishments for the purpose of overwhelming the response of a merchant, a merchant's employee, or a law enforcement officer in order to carry out the offense or avoid detection or apprehension for the offense and, in the course of organizing or committing the offense, solicits the participation of another person in the offense through the use of a social media platform.

(10) If a person commits retail theft in more than one judicial circuit within a 45-day ~~30-day~~ period, the value of the stolen property resulting from the thefts in each judicial

circuit may be aggregated, and the person must be prosecuted by the Office of the Statewide Prosecutor in accordance with s. 16.56.

(11) A person commits a felony of the first degree punishable as provided in s. 775.082, s. 775.083, or s. 775.084 if he or she violates subsection (8) or subsection (9) and:

(a) Has two or more previous convictions of violations of either or both of those subsections; or

(b) Possesses a firearm during the commission of such offense.

Section 3. Paragraphs (b), (d), (e), (f), (g), and (h) of subsection (3) of section 921.0022, Florida Statutes, are amended to read:

921.0022 Criminal Punishment Code; offense severity ranking chart.—

(3) OFFENSE SEVERITY RANKING CHART

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Fiscal Policy

BILL:	CS/CS/CS/SB 1224
INTRODUCER:	Fiscal Policy Committee; Appropriations Committee on Criminal and Civil Justice; Children, Families, and Elder Affairs Committee; and Senator Burton
SUBJECT:	Dependent Children
DATE:	February 23, 2024 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Rao	Tuszynski	CF	**Fav/CS**
2.	Kolich	Harkness	ACJ	**Fav/CS**
3.	Rao	Yeatman	FP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/CS/SB 1224 adjusts the role and operations of the Statewide Guardian ad Litem Office (Office). The bill specifies the duties and responsibilities of the Office and guardians ad litem (GAL). Specifically, the bill:

- Allows the GAL and AAL to inspect records.
- Requires the GAL to receive invitation to a multidisciplinary team staffing in the event of a placement change.
- Requires that the written description of programs and services required in the case plan for a child who is 13 years of age or older must include age-appropriate activities for the child's development of relationships, coping skills, and emotional well-being.
- Requires the Statewide GAL Office to provide oversight and technical assistance to AALs; develop a training program in collaboration with dependency court stakeholders, including, but not limited to, dependency judges, representatives from legal aid providing AAL representation, and an AAL appointed from a registry maintained by the chief judge. The Office is required to offer consultation and technical assistance to chief judges in maintaining attorney registries and assist in recruiting, training, and mentoring of AAL as needed.
- Requires the Office to assist youth in meeting supportive adults with the hope of creating an ongoing relationship andrequires collaboration with the Department of Children and Families (DCF) Office of Continuing Care to connect youth with supportive adults.
- Creates the Fostering Prosperity Program in the Department of Education for youth and young adults aging out of foster care providing financial literacy instruction, CLT, SAT and

ACT preparation, including one-on-one support and fee waivers for the examination, and assisting those persons pursuing trade careers or paid apprenticeships.

The bill has an indeterminate fiscal impact on state government. See Section V. Fiscal Impact Statement.

The bill is effective July 1, 2024.

II. Present Situation:

An estimated 3.9 million referrals of alleged child abuse and neglect were made nationwide in 2021.[1] Of that 3.9 million, approximately 2 million met the requirements for an investigation[2] leading to approximately 588,000 children with a finding of maltreatment.[3] More than 4.28 million children live in Florida, a vast majority of which, fortunately, never come to the attention of Florida's child welfare system.[4] In 2021, the Department of Children and Families (DCF) investigated 256,060 reports of potential child abuse and approximately 11 percent (27,394) of those investigations resulted in a finding of maltreatment.[5]

Congress appropriates federal funds through various grants to the DCF to supplement state general revenue funds for the implementation of child welfare programs.[6] The DCF uses these funds to contract with community-care based lead agencies (CBCs) to provide services.[7]

Florida's Child Welfare System - Generally

Chapter 39, F.S., creates Florida's dependency system that is charged with protecting the welfare of children; this system is often referred to as the "child welfare system." The DCF Office of Child and Family Well-Being works in partnership with local communities and the courts to ensure the safety, timely permanency, and well-being of children.

[5] *Id.*
[6] The main federal grant programs that supplement state-level child welfare programs are Titles IV-E and IV-B of the Social Security Act.
[7] Part V of ch. 409, F.S.

Child welfare services are directed toward the prevention of abandonment,[8] abuse,[9] and neglect[10] of children.[11] The DCF practice model is based on the safety of the child within his or her home, using in-home services such as parenting coaching and counseling to maintain and strengthen that child's natural supports in his or her home environment. Such services are coordinated by the DCF-contracted community-based care lead agencies (CBC).[12] The DCF remains responsible for a number of child welfare functions, including operating the central abuse hotline, performing child protective investigations, and providing children's legal services.[13] Ultimately, the DCF is responsible for program oversight and the overall performance of the child welfare system.[14]

Department of Children and Families

The DCF's statutory mission is to work in partnership with local communities to protect the vulnerable, promote strong and economically self-sufficient families, and advance personal and family recovery and resiliency.[15] The DCF must develop a strategic plan to fulfill this mission and establish measurable goals, objectives, performance standards, and quality assurance requirements to ensure the DCF is accountable to taxpayers.[16]

The DCF is required to provide services relating to:
- Adult protection.
- Child care regulation.
- Child welfare.
- Domestic violence.

[8] Section 39.01(1), F.S., defined to mean a situation in which the parent or legal custodian of a child or, in the absence of a parent or legal custodian, the caregiver, while being able, has made no significant contribution to the child's care and maintenance or has failed to establish or maintain a substantial and positive relationship with the child, or both. For purposes of this subsection, "establish or maintain a substantial and positive relationship" includes, but is not limited to, frequent and regular contact with the child through frequent and regular visitation or frequent and regular communication to or with the child, and the exercise of parental rights and responsibilities. Marginal efforts and incidental or token visits or communications are not sufficient to establish or maintain a substantial and positive relationship with a child

[9] Section 39.01(2), F.S., defined to mean any willful act or threatened act that results in any physical, mental, or sexual abuse, injury, or harm that causes or is likely to cause the child's physical, mental, or emotional health to be significantly impaired. Abuse of a child includes the birth of a new child into a family during the course of an open dependency case when the parent or caregiver has been determined to lack the protective capacity to safely care for the children in the home and has not substantially complied with the case plan towards successful reunification or met the conditions for return of the children into the home. Abuse of a child includes acts or omissions. Corporal discipline of a child by a parent or legal custodian for disciplinary purposes does not in itself constitute abuse when it does not result in harm to the child.

[10] *See* s. 39.01(50), F.S., defined, in part, to mean when a child is deprived of, or is allowed to be deprived of, necessary food, clothing, shelter, or medical treatment or a child is permitted to live in an environment when such deprivation or environment causes the child's physical, mental, or emotional health to be significantly impaired or to be in danger of being significantly impaired.

[15] Section 20.19(1)(a), F.S.

[16] Section 20.19(1)(b), F.S.

- Economic self-sufficiency.
- Homelessness.
- Mental health.
- Refugees.
- Substance abuse.[17]

The DCF must also deliver services by contract through private providers to the extent allowed by law and funding.[18] These private providers include CBCs delivering child welfare services and managing entities (MEs) delivering behavioral health services.[19]

Dependency Case Process

When child welfare necessitates that the DCF remove a child from the home to ensure his or her safety, a series of dependency court proceedings must occur to place that child in an out-of-home placement, adjudicate the child dependent, and, if necessary, terminate parental rights and free that child for adoption.

Steps in the dependency process usually include:
- A report to the Florida Abuse Hotline.
- A child protective investigation to determine the safety of the child.
- The court finding the child dependent.
- Case planning for the parents to address the problems resulting in their child's dependency.
- Placement in out-of-home care, if necessary.
- Reunification with the child's parent or another option to establish permanency, such as adoption after termination of parental rights.[20]

Dependency Proceeding	Description of Process	Controlling Statute(s)
Removal	The DCF may remove a child from his or her home after a protective investigation determines that conditions in that child's home are unsafe and a safety plan cannot make the conditions safe.	s. 39.401, F.S.
Shelter Hearing	The court must hold a shelter hearing within 24 hours after removal. At this hearing, the judge determines whether there was probable cause to remove the child and whether to keep the child out-of-home.	s. 39.401, F.S.
Petition for Dependency	The DCF must file a petition for dependency within 21 days of the shelter hearing. This petition seeks to find the child dependent.	s. 39.501, F.S.

[17] Section 20.19(4)(a), F.S.,
[18] Section 20.19(1)(c), F.S.
[19] Part V of ch. 409, F.S., and s. 394.9082, F.S.
[20] The state has a compelling interest in providing stable and permanent homes for adoptive children in a prompt manner, in preventing the disruption of adoptive placements, and in holding parents accountable for meeting the needs of children. Section 63.022, F.S.

Dependency Proceeding	Description of Process	Controlling Statute(s)
Arraignment Hearing and Shelter Review	The court must hold an arraignment and shelter review within 28 days of the shelter hearing. The hearing allows the parent to admit, deny, or consent to the allegations within the petition for dependency and allows the court to review any previous shelter placement.	s. 39.506, F.S.
Adjudicatory Trial	The court must hold an adjudicatory trial within 30 days of arraignment. The judge determines whether a child is dependent during this trial.	s. 39.507, F.S.
Disposition Hearing	The court must hold a disposition hearing within 15 days of arraignment (if the parents admits or consents to adjudication) or 30 days of adjudication if a court finds the child dependent. At this hearing, the judge reviews the case plan and placement of the child and orders the case plan and the appropriate placement of the child.	s. 39.506, F.S. s. 39.521, F.S.
Postdisposition Change of Custody Hearing	The court may change the temporary out-of-home placement of a child at a postdisposition hearing any time after disposition but before the child is residing in the permanent placement approved at a permanency hearing.	s. 39.522, F.S.
Judicial Review Hearings	The court must review the case plan and placement at least every 6 months, or upon motion of a party.	s. 39.701, F.S.
Petition for Termination of Parental Rights	If the DCF determines that reunification is no longer a viable goal and termination of parental rights is in the best interest of the child, and other requirements are met, a petition for termination of parental rights is filed.	s. 39.802, F.S. s. 39.8055, F.S. s. 39.806, F.S. s. 39.810, F.S.
Advisory Hearing	The court must hold an advisory hearing as soon as possible after all parties have been served with the petition for termination of parental rights. The hearing allows the parent to admit, deny, or consent to the allegations within the petition for termination of parental rights.	s. 39.808, F.S.
Adjudicatory Hearing	The court must hold an adjudicatory trial within 45 days after the advisory hearing. The judge determines whether to terminate parental rights to the child at this trial.	s. 39.809, F.S.

Community-Based Care Organizations and Services

The DCF contracts for case management, out-of-home care (foster care), adoption, and other child welfare related services with the CBCs. This model is designed to increase local community ownership of service delivery and design of child welfare services.[21] There are 17 CBCs statewide, which together serve the state's 20 judicial circuits.[22] The CBCs employ case

The DCF, through the CBCs, administers a system of care[24] directed toward:

- Prevention of separation of children from their families;
- Intervention to allow children to remain safely in their own homes;
- Reunification of families who have had children removed from their care;
- Safety for children who are separated from their families;

[23] Section 409.988(1), F.S.
[24] *Id.*

- Promoting the well-being of children through emphasis on educational stability and timely health care;
- Permanency; and
- Transition to independence and self-sufficiency.[25]

The CBCs must give priority to services that are evidence-based and trauma informed.[26] The CBCs contract with a number of subcontractors for case management and direct care services to children and their families.

In-Home Services

The DCF is required to make all efforts to keep children with their families and provide interventions that allow children to remain safely in their own homes.[27] Protective investigators and CBC case managers can refer families for in-home services to allow children who would otherwise be unsafe to remain in their own homes. As of September 30, 2022, there were 8,136 children receiving in-home services.[28]

Out-of-home Placement

When a child protective investigator determines that in-home services are not enough to ensure safety, the investigator removes and places the child with a safe and appropriate temporary out-of-home placement, often referred to as "foster care".[29] These out-of-home placements provide housing, support, and services to a child until the conditions in his or her home are safe enough to return or the child achieves permanency with another family through another permanency option, like adoption.[30]

The CBCs must maintain and license various out-of-home placement types[31] to place children in the most appropriate available setting after conducting an assessment using child-specific factors.[32] Legislative intent is to place a child in the least restrictive, most family-like environment in close proximity to parents when removed from his or her home.[33]

The DCF, through the CBCs, places children in a variety of settings. As of December 31, 2023, there were 18,549 children in out-of-home care with 4,274 with non-licensed relatives; 1,552 with non-licensed non-relative kin; 10,142 in licensed family foster homes (to include Level I

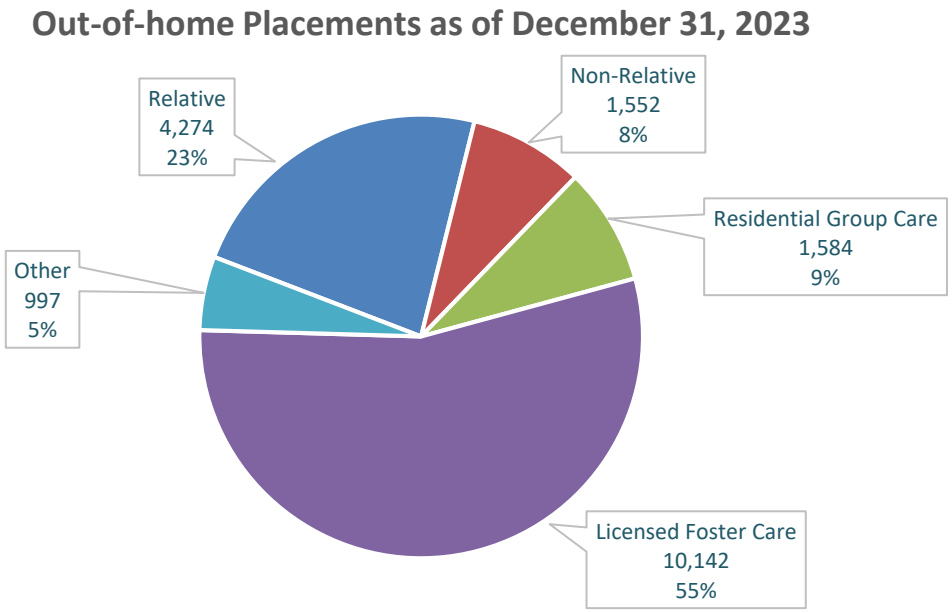
licensed family and kin); and 1,584 in residential group care.[34]



Source: Department of Children and Families, Placement in Out-of-Home Care Data Dashboard

Case planning

For all children and families requiring services in the child welfare system, the DCF must develop and draft a case plan.[35] The purpose of a case plan is to develop a documented plan that details the identified concerns and barriers within the family unit, the permanency goal or goals, and the services designed to ameliorate those concerns and barriers and achieve the permanency goal.[36]

The services detailed in a case plan must be designed in collaboration with the parent and stakeholders to improve the conditions in the home and aid in maintaining the child in the home, facilitate the child's safe return to the home, ensure proper care of the child, or facilitate the child's permanent placement.[37] The services offered must be the least intrusive possible into the life of the parent and child and must provide the most efficient path to quick reunification or other permanent placement.[38]

Multidisciplinary Teams

Because of the complex nature of child abuse and neglect investigations and family assessments and interventions, multidisciplinary team staffings (MDTs) are used to enhance and improve child protective investigations and responses necessary for children and families to recover and

[36] Section 39.6012(1), F.S.
[37] *Id.*
[38] *Id.*

succeed.[39] MDT's are becoming more widely used to involve a variety of individuals, both professional and non-professional, that interact and coordinate their efforts to plan for children and families receiving child welfare services.[40]

MDTs can help eliminate, or at least reduce, many barriers to effective action, including a lack of understanding by the members of one profession of the objectives, standards, conceptual bases, and ethics of the others; lack of effective communication; confusion over roles and responsibilities; interagency competition; mutual distrust; and institutional relationships that limit interprofessional contact.[41] As a result, a number of states are using a MDT team model, also known as a "Child and Family Team".[42] This model is premised on the notion that children and families have the capacity to resolve their problems if given sufficient support and resources to help them do so.[43]

Currently, Florida law and the DCF rules provide for the use of MDT's in a number of circumstances, such as:

- Child Protection Teams under s. 39.303, F.S.;
- Child advocacy center multidisciplinary case review teams under s. 39.3035, F.S.;
- Initial placement decisions for a child who is placed in out-of-home care, changes in physical custody after the child is placed in out-of-home care, changes in a child's educational placement, and any other important, complex decisions in the child's life for which an MDT would be necessary, under s. 39.4022, F.S.; and
- When a child is suspected of being a victim of human trafficking under ss. 39.524 and 409.1754, F.S.

The multidisciplinary team (MDT) approach to representing children is increasingly popular and widely considered a good practice, dramatically improving case outcomes and a child's experience in foster care. Research shows that MDTs lead to quicker case resolution and preserved family connections more often.[44] Children served by an MDT had fewer removals after intervention, fewer adjudications of jurisdiction, and fewer petitions to terminate parental rights.[45] When children were removed from the home, and a MDT was assigned to the cases, the children were more likely to be placed with relatives and less likely to be placed in foster care.[46]

Well-being of Children in Florida's Child Welfare System

While there are no standardized definitions or measures for well-being, there is general consensus in the literature and among stakeholders regarding common elements, including financial security, obtaining education, securing housing, finding and maintaining stable employment, independence from public assistance, permanent connections and social supports.[47] DCF has also identified areas that have the most significant systemic impact on improving permanency and well-being[48] and evaluated progress toward achieving permanency, safety, and well-being for children in the welfare system.[49]

In FY 2022-2023, the DCF gave 12 of 20 circuits a score of 3 or higher, indicating that the circuit's performance exceeds established standards.[50] A score of 2.00-2.99 indicated the circuit's performance does not meet established standards:[51]

[51] *Id.*

The Legislature recognizes the need to focus on creating and preserving family relationships so that young adults have a permanent, lifelong connection with at least one committed adult who provides a safe and stable parenting relationship.[52] Science shows that children who do well despite serious hardship have had at least one stable and committed relationship with a supportive adult.[53]

Transition to Adulthood

Young adults who age out of the foster care system more frequently have challenges achieving self-sufficiency compared to young adults who never came to the attention of the foster care system. Young adults who age out of the foster care system are less likely to earn a high school diploma or GED and more likely to have lower rates of college attendance.[54] They suffer more from mental health problems, have a higher rate of involvement with the criminal justice system, and are more likely to have difficulty achieving financial independence.[55] These young adults also have a higher need for public assistance and are more likely to experience housing instability and homelessness.[56]

Extended Foster Care

In 2013, the Legislature created a path for youth who have not achieved permanency and turned 18 years of age while in licensed care to remain in licensed care and receive case management services until the date of the young adult's 21st birthday.[57] This program is commonly referred to as "extended foster care" or "EFC." To be eligible for extended foster care (EFC), a young adult must be:

- Completing secondary education or a program leading to an equivalent credential;
- Enrolled in an institution that provides postsecondary or vocational education;
- Participating in a program or activity designed to promote or eliminate barriers to employment;
- Employed at least 80 hours per month; or
- Unable to participate in the above listed activities due to a physical, intellectual, emotional, or psychiatric condition that limits participation.[58]

Independent Living Services

Florida's Independent Living service array is designed to assist youth and young adults in obtaining skills and support in six federally identified outcome areas[59] as they transition to adulthood. Independent Living programs include:

- Extended Foster Care (EFC) – a program that allows young adults to remain in foster care until the age of 21 while they participate in school, work or work training, and live in a supervised living arrangement;
- Postsecondary Education Services and Support- a program that helps pay for housing, and other expenses related to attending an educational institution; and
- Aftercare Services - a temporary needs-based program intended to be a bridge between EFC and PESS programs that may include mentoring, tutoring, mental health and substance abuse services, counseling, and financial assistance.[60]

Office of Continuing Care

In 2020, the Legislature created the Office of Continuing Care within the DCF to help individuals who have aged out of the child welfare system.[61] The office provides ongoing support and care coordination needed for young adults to achieve self-sufficiency. Duties of the office include, but are not limited to:

- Informing young adults who age out of the foster care system of the purpose of the office, the types of support the office provides, and how to contact the office.
- Serving as a direct contact to the young adult in order to provide information on how to access services to support the young adult's self-sufficiency, including but not limited to, food assistance, behavioral health services, housing, Medicaid, and educational services.
- Assisting in accessing services and supports for the young adult to attain self-sufficiency, including, but not limited to, completing documentation required to apply for services.
- Collaborating with the CBC's to identify local resources that can provide support to young adults served by the office.[62]

Guardian ad Litem Program

In 2003, the Legislature created the statewide Guardian ad Litem Office (Office) within the Justice Administrative Commission.[63] The Office has oversight responsibilities for and provides technical assistance to all guardian ad litem programs located within the judicial circuits.[64]

[59] The six federally identified outcome areas are increasing financial self-sufficiency, improving educational attainment, increasing connections to caring adults, reducing homelessness, reducing high-risk behavior, and improving access to health insurance.
[60] *See generally* The DCF, Office of Child and Family Well-Being, Legislatively Mandated Reports, Independent Living Services Annual Report FY 2021-2022, February 2023, available at https://www.myflfamilies.com/services/child-family/independent-living/annual-reports-for-independent-living (last visited Jan. 27, 2024).
[61] Chapter 2021-169 s. 20, L.O.F.; codified as s. 414.56, F.S.
[62] Section 414.56, F.S.
[63] Chapter 2003-53 s. 1, L.O.F.; codified as s. 39.8296, F.S.
[64] Section 39.8296(2)(b), F.S.

The court must appoint a Guardian ad Litem (GAL) to represent a child as soon as possible in any child abuse, abandonment, or neglect proceeding.[65] Florida law outlines requirements to serve as a GAL.[66] A person appointed as guardian ad litem must be:

- Certified by the GAL Program pursuant to s. 39.821, F.S.;
- Certified by a not-for-profit legal aid organization as defined in s. 68.096, F.S.; or
- An attorney who is a member in good standing of The Florida Bar.

"Guardian ad litem" for the purposes of ch. 39, F.S., proceedings is defined as the Statewide Guardian Ad Litem Office, which includes circuit guardian ad litem programs, a duly certified volunteer, a staff member, a staff attorney, a contract attorney, pro bono attorney working on behalf of a GAL; court-appointed attorney; or responsible adult who is appointed by the court to represent the best interest of a child in a proceeding.[67]

In cases that involve an allegation of child abuse, abandonment, or neglect as defined in s. 39.01, F.S., the court must appoint a guardian ad litem at the earliest possible time to represent the child.[68] The guardian ad litem must be a party to any judicial proceeding from the date of the appointment until the date of discharge.[69]

The Office has more than 180 attorneys on staff and relies on more than 200 pro bono attorneys volunteering their services.[70] In 2021, the Office served more than 37,000 kids and had more than 13,000 volunteers.[71]

Federal and Florida law provide that a GAL must be appointed to represent the child in every case.[72] The Child Abuse Prevention and Treatment Act (CAPTA) makes the approval of CAPTA grants contingent on an eligible state plan, which must include provisions and procedures to appoint a GAL in every case.[73] The GAL must be appointed to:

- Obtain first-hand knowledge of the child's situation and needs; and
- Make recommendations to the court regarding the best interest of the child.[74]

The FY 23-24 Long Range Program Plan for the GAL Program details the following statistics regarding FY 2021-22:

- The program represented on average:
  - 24,993 children per month, and 36,948 total children during that fiscal year.[75]

- 85.2% of children in the dependency system each month.[76]
- 1,671 new volunteers were certified, with a total of 9,342 volunteers active each month on average.[77]

Transportation of Children by GAL Volunteers

In 2012, the Legislature, allowed GAL volunteers to transport a child on his or her caseload.[78] This is intended to promote normalcy for the child as well as establish and promote trust between a court-appointed volunteer and the child.[79]

GAL Qualifications Committee

Section 39.8296(2), F.S., creates a Guardian ad Litem Qualification Committee that is composed of five members[80] to provide for advertisement and the receiving of applications for the position of the executive director of the Office. Current law provides that an executive director serves a 3-year term and may be allowed to serve more than one term.[81]

GAL Program Direct Support Organization

Section 39.8298, F.S., allows the Office to create a Direct-Support Organization (DSO). The direct-support organization must conduct programs and activities; raise funds; request and receive grants, gifts, and bequests of moneys; acquire, receive, hold, invest, and administer, in its own name, securities, funds, objects of value, or other property, real or personal; and make expenditures to or for the direct or indirect benefit of the Office.[82] The executive director of the Office appoints the board of directors.[83]

Legal Representation of Children in the Child Welfare System

Child representation in dependency proceedings varies but in most instances is based on what is in the child's best interest, direct representation, or a hybrid approach.[84] The table below provides a summary of the different models and how they operate:[85]

Exhibit 3
States' Models of Representation for Children in Dependency Proceedings Fall Into Six Categories

Representation Model	Number of States That Use Model	Description
Age Dependent	4	Children in these states receive different types of representation depending on their age. In these states, older children receive a client-directed attorney, and younger children receive a GAL.
Best Interest (attorney or professional)	20	Children in these states always receive a GAL who is required to be either an attorney or a professional (e.g., professional GAL or mental health counselor). These states may also allow for the appointment of a client-directed attorney at the discretion of the judge or in certain circumstances.
Best Interest (lay volunteer)	12	Children in these states always receive a GAL, who is not required to be an attorney. These states may also allow for the appointment of a client-directed attorney at the discretion of the judge or in certain circumstances.
Client-Directed Attorney	7	Children in these states always receive a client-directed attorney. These states may also allow for the appointment of a separate GAL or CASA at the discretion of the judge or in certain circumstances.
Hybrid	6	Children in these states always receive both a client-directed attorney and a GAL.
Multidisciplinary Team	2	Children in these states are represented by a GAL team, made up of a volunteer, a staff advocate, and an attorney.

Appointment of an Attorney for a Special Needs Child

The Office currently has a role in in the appointment of an attorney for a special needs child. The court must ask the Office for a recommendation for an attorney willing to work without additional compensation, prior to the court appointing an attorney on a compensated basis.[86] That attorney must be available for services within 15 days after the court's request.[87] If, however, the Office does not make a recommendation within 15 days after the court's request, the court may appoint a compensated attorney.[88] An attorney appointed for a specific purpose is commonly referred to as attorney ad litem (AAL); however, that term is not defined in statute.

An AAL representing a child provides the complete range of legal services from removal from the home or initial appointment through all appellate proceedings.[89] With court permission, the attorney is authorized to arrange for supplemental or separate counsel to handle appellate matters.[90] The Justice Administrative Commission contracts with appointed attorneys, whose fees are limited to $1,000 per child per year subject to appropriations and to review by the Commission for reasonableness.[91] Notwithstanding the specific procedures to appoint an attorney for a special needs child, the court has the general authority to appoint an attorney for a dependent child in any proceeding under ch. 39, F.S.[92]

III. Effect of Proposed Changes:

The bill amends numerous sections of ch. 39, F.S., governing proceedings and services relating to children in the child welfare system to adjust the structure, role, and operations of the Statewide Guardian ad Litem office.

Statewide Guardian Ad Litem Office

The bill changes references from the "Guardian ad Litem Program" to the "Statewide Guardian ad Litem Office," and requests the Division of Law Revision to prepare a reviser's bill for the 2025 Regular Session to substitute the term "Statewide Guardian ad Litem Office" for the term "Guardian Ad Litem Program" or "Statewide Guardian Ad Litem Program" throughout the Florida Statutes.

Executive Director

The bill allows the Statewide GAL Office executive director to serve more than one term without convening the Guardian ad Litem Qualification Committee.

Multidisciplinary Teams

The bill requires the Statewide GAL Office to assign an attorney to each case. As available resources allow, the Statewide GAL Office is to assign a multidisciplinary team to represent the child. The bill includes mentors, pro bono attorneys, social workers, and volunteers as part of the MDT.

Training

The bill removes the requirement for the Statewide GAL Office to establish a curriculum committee to develop required training, granting unilateral authority to the office to develop, maintain, and regularly update the GAL training program. The bill also requires a GAL to complete specialized training in the dynamics of child sexual abuse when serving children who have been sexually abused and are subject to proceedings regarding establishing visitation with the child's abuser under s. 39.0139, F.S.

Role of the Guardian ad Litem

The bill makes the guardian ad litem appointment mandatory rather than optional for the court. This means courts will have no discretion regarding appointing a guardian ad litem for a child, and will increase the number of children in the child welfare system who have a GAL by approximately 7 percent.

The bill conforms references to a GAL's role in chapter 39 to specify that the GAL represents the *child*, rather than the child's *best interest*. This representation is to use a best interest standard.

The bill authorizes a child's GAL to represent a child in other judicial proceedings to secure the services and benefits that provide for the care, safety, and protection of the child. It authorizes

the school district to involve the GAL of a child who has, or is suspected to have, a disability in any transition planning for that child.

The bill requires multidisciplinary teams led by DCF or a CBC to include the GAL.

The bill requires the Statewide GAL Office to provide oversight and technical assistance to AALs. The Statewide GAL Office's responsibilities include, but are not limited to:

- Developing an attorney ad litem training program in collaboration with dependency judges, representatives from legal aid providing attorney ad litem representation, and an attorney ad litem appointed from a registry maintained by the chief judge.
- Offering consultation and technical assistance to chief judges in maintaining attorney registries for the selection of attorneys ad litem.
- Assisting as needed with recruitment and mentoring of AALs.

Transition-Age Youth

Case planning

The bill requires any case plan tailored for a transition to independent living to include a written description of age-appropriate activities for the child's development of relationships, coping skills, and emotional well-being.

Mentors for older foster youth

For youths aged 16 and up who are transitioning out of foster care into independent living, the bill requires the Office of Continuing Care within the DCF to coordinate with the Statewide GAL Office to help those children establish a mentorship with at least one supportive adult. The bill requires documented evidence of a formal agreement in the child's court file.

Fostering Prosperity Grant Program

The bill establishes the Fostering Prosperity program to administer grants to youth and young adults aging out of foster care for:

- Financial literacy instruction using a curriculum developed by the Department of Financial Services in consultation with the Department of Education.
- Classic Learning Test (CLT), SAT, or ACT preparation, including one-on-one support and fee waivers for the examinations.
- Pursuing trade careers or paid apprenticeships.

If a youth later reunifies with the youth's parents, the grants remain available for the youth for up to 1 year.

The bill requires the State Board of Education to adopt rules to administer this program.

Other Provisions

The bill makes numerous conforming language and cross reference changes throughout the bill to give effect to the substantive provisions.

The bill provides an effective date of July 1, 2024.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

At common law, children cannot legally enter into contractual agreements. The inability to contract is due to an unemancipated minors' lack of mental capacity to conduct business, known as the disability of non-age. The disability of non-age is expressly recognized in the Florida Constitution and in statute.[93] Due to the disability of non-age, "an adult person of reasonable judgment and integrity" must conduct any litigation for the minor in judicial proceedings."[94] It follows that the unemancipated minors cannot engage legal counsel on their own unless there is a constitutional right or legislative act allowing such engagement.[95] The U.S. Supreme Court has only found a constitutional right to counsel for minors in delinquency proceedings.[96]

The Supreme Court held in In re Gualt that juveniles need counsel in delinquency proceedings because such actions may result in a loss of liberty, which is comparable in seriousness to a felony prosecution for adults.[97]

The Florida Legislature has authorized appointment of legal counsel for minors:

- If the disability of non-age has been removed under chapter 743, F.S.,
- At the discretion of the judge in domestic relations cases, under s. 61.401, F.S.,
- At the discretion of the judge in a dependency proceeding, under s. 39.4085, F.S., or

[93] Fla. Const. Art. III, §11(a)(17); s. 743.01, 07, F.S.
[94] Garner v. I. E. Schilling Co., 174 So. 837, 839 (Fla. 1937).
[95] Buckner v. Family Services of Central Florida, Inc., 876 So.2d 1285 (Fla. 5th DCA 2004).
[96] In re Gault, 387 U.S. 1, 41 (1967).
[97] *Id*. at p. 36.

- If the child is within one of the five categories requiring mandatory appointment in dependency proceedings.[98]

In all other circumstances, "an adult person of reasonable judgment and integrity should conduct the litigation for the minor in judicial proceedings."[99]

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

This bill has an indeterminate impact on the Statewide Guardian ad Litem Office and educational institutions. However, Budget Amendment Request B0461, which will be implemented on February 15, 2024, will release spending authority for 64.5 FTE, 3,061,234 in salary rate, and $4,381,391 for Title IV-E reimbursements. These funds will allow the Office to submit claims for independent legal representation provided by an attorney for Title IV-E foster care or a Title IV-E eligible child in foster care.

The Fostering Prosperity program is subject to the appropriation of funds for that purpose by the legislature. The Fostering Prosperity language in the bill, if unfunded, could have a fiscal impact to the institutions providing the fee waivers for the examinations provided under the program.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

[98] Section 39.01305, F.S., requires an attorney to be appointed for a dependent child who:
- Resides in a skilled nursing facility or is being considered for placement in a skilled nursing home;
- Is prescribed a psychotropic medication but declines assent to the psychotropic medication;
- Has a diagnosis of a developmental disability as defined in s. 393.063, F.S.;
- Is being placed in a residential treatment center or being considered for placement in a residential treatment center; or
- Is a victim of human trafficking as defined in s. 787.06(2)(d), F.S.

[99] Garner v. I. E. Schilling Co., 174 So. 837, 839 (Fla. 1937).

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 39.001, 39.00145, 39.00146, 39.0016, 39.01, 39.013, 39.01305, 39.0132, 39.0136, 39.01375, 39.0139, 39.202, 39.402, 39.4022, 39.4023, 39.407, 39.4085, 39.502, 39.522, 39.6012, 39.621, 39.6241, 39.701, 39.801, 39.807, 39.808, 39.815, 39.821, 39.822, 39.827, 39.8296, 39.8297, 29.008, 39.6011, 40.24, 43.16, 61.402, 110.205, 320.08058, 943.053, 985.43, 985.441, 985.455, 985.461, 985.48, 39.302, 39.521, 61.13, 119.071, 322.09, 394.495, 414.56, 627.746, 934.255, and 960.065.

This bill creates the following sections of the Florida Statutes: 39.6036 and 1009.898.

This bill repeals section 39.280 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS/CS by Fiscal Policy on February 22, 2024:

- Requires the DCF Office of Continuing Care to coordinate with the Statewide Guardian ad Litem Office to identify supportive adults for children transitioning out of the foster care system to live independently.
- Maintains current law that allows the Justice Administrative Commission to inspect court dockets to audit compensation of court appointed attorneys, rather than just attorneys ad litem.

CS/CS by Appropriations Committee on Criminal and Civil Justice on February 8, 2024:

The committee substitute:

- Makes a technical change to remove "attorney ad litem" from the catchline of s. 39.013, F.S.
- Changes "Pathway to Prosperity" to "Fostering Prosperity" and provides that the program is subject to legislative appropriation.

CS by Children, Families, and Elder Affairs on January 30, 2024:

The committee substitute:

- Removes the proposed changes to s. 39.8298, F.S. relating to direct-support organizations and restores current law.
- Removes the proposed changes to s. 39.013, F.S. relating to the appointment of an attorney ad litem.
- Removes changes to s. 39.01305, F.S. related to representation for children with special needs and restores current law.
- Makes technical conforming changes to the name of the Statewide Guardian ad Litem Office within that section.
- Increases the amount of time that a Pathway to Prosperity grant is available to a youth aging out of care from 6 months to 1 year.

- Provides specific rulemaking authority to the State Board of Education to implement the program.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

making technical changes; amending s. 39.827, F.S.; authorizing a child's guardian ad litem and attorney ad litem to inspect certain records; amending s. 39.8296, F.S.; revising the duties and appointment of the executive director of the Statewide Guardian ad Litem Office; requiring the training program for guardians ad litem to be maintained and updated regularly; deleting provisions regarding the training curriculum and the establishment of a curriculum committee; requiring the office to provide oversight and technical assistance to attorneys ad litem; specifying certain requirements of the office; amending s. 39.8297, F.S.; conforming provisions to changes made by the act; creating s. 1009.898, F.S.; authorizing, subject to appropriation, the Fostering Prosperity program to provide certain grants to youth and young adults who are aging out of foster care; requiring that such grants remain available for a certain period of time after reunification of a young adult with his or her parent; requiring the State Board of Education to adopt certain rules; amending ss. 29.008, 39.6011, 40.24, 43.16, 61.402, 110.205, 320.08058, 943.053, 985.43, 985.441, 985.455, 985.461, and 985.48, F.S.; conforming provisions to changes made by the act; amending ss. 39.302, 39.521, 61.13, 119.071, 322.09, 394.495, 627.746, 934.255, and 960.065, F.S.; conforming cross-references; providing a directive to the Division of Law Revision; providing an effective date;

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (j) of subsection (1), paragraph (j) of subsection (3), and paragraph (a) of subsection (10) of section 39.001, Florida Statutes, are amended to read:

39.001 Purposes and intent; personnel standards and screening.—

(1) PURPOSES OF CHAPTER.—The purposes of this chapter are:

(j) To ensure that, when reunification or adoption is not possible, the child will be prepared for alternative permanency goals or placements, to include, but not be limited to, long-term foster care, independent living, custody to a relative on a permanent basis with or without legal guardianship, or custody to a foster parent or legal custodian on a permanent basis with or without legal guardianship. Permanency for a child who is transitioning from foster care to independent living includes naturally occurring, lifelong, kin-like connections between the child and a supportive adult.

(3) GENERAL PROTECTIONS FOR CHILDREN.—It is a purpose of the Legislature that the children of this state be provided with the following protections:

(j) The ability to contact their guardian ad litem or attorney ad litem, if one is appointed, by having that individual's name entered on all orders of the court.

(10) PLAN FOR COMPREHENSIVE APPROACH.—

(a) The office shall develop a state plan for the promotion of adoption, support of adoptive families, and prevention of abuse, abandonment, and neglect of children. The Department of

Children and Families, the Department of Corrections, the Department of Education, the Department of Health, the Department of Juvenile Justice, the Department of Law Enforcement, the Statewide Guardian ad Litem Office, and the Agency for Persons with Disabilities shall participate and fully cooperate in the development of the state plan at both the state and local levels. Furthermore, appropriate local agencies and organizations shall be provided an opportunity to participate in the development of the state plan at the local level. Appropriate local groups and organizations shall include, but not be limited to, community mental health centers; circuit guardian ad litem offices ~~programs for children under the circuit court~~; the school boards of the local school districts; the Florida local advocacy councils; community-based care lead agencies; private or public organizations or programs with recognized expertise in working with child abuse prevention programs for children and families; private or public organizations or programs with recognized expertise in working with children who are sexually abused, physically abused, emotionally abused, abandoned, or neglected and with expertise in working with the families of such children; private or public programs or organizations with expertise in maternal and infant health care; multidisciplinary Child Protection Teams; child day care centers; law enforcement agencies; and the circuit courts~~,~~ ~~when guardian ad litem programs are not available in the local area~~. The state plan to be provided to the Legislature and the Governor shall include, as a minimum, the information required of the various groups in paragraph (b).

Section 2. Subsection (2) of section 39.00145, Florida

Statutes, is amended to read:

39.00145 Records concerning children.—

(2) Notwithstanding any other provision of this chapter, all records in a child's case record must be made available for inspection, upon request, to the child who is the subject of the case record and to the child's caregiver, guardian ad litem, or attorney ad litem, if one is appointed.

(a) A complete and accurate copy of any record in a child's case record must be provided, upon request and at no cost, to the child who is the subject of the case record and to the child's caregiver, guardian ad litem, or attorney ad litem, if one is appointed.

(b) The department shall release the information in a manner and setting that are appropriate to the age and maturity of the child and the nature of the information being released, which may include the release of information in a therapeutic setting, if appropriate. This paragraph does not deny the child access to his or her records.

(c) If a child or the child's caregiver, guardian ad litem, or attorney ad litem, if one is appointed, requests access to the child's case record, any person or entity that fails to provide any record in the case record under assertion of a claim of exemption from the public records requirements of chapter 119, or fails to provide access within a reasonable time, is subject to sanctions and penalties under s. 119.10.

(d) For the purposes of this subsection, the term "caregiver" is limited to parents, legal custodians, permanent guardians, or foster parents; employees of a residential home, institution, facility, or agency at which the child resides; and

other individuals legally responsible for a child's welfare in a residential setting.

Section 3. Paragraph (a) of subsection (2) of section 39.00146, Florida Statutes, is amended to read:

39.00146 Case record face sheet.—

(2) The case record of every child under the supervision or in the custody of the department or the department's authorized agents, including community-based care lead agencies and their subcontracted providers, must include a face sheet containing relevant information about the child and his or her case, including at least all of the following:

(a) General case information, including, but not limited to, all of the following:

1. The child's name and date of birth.~~;~~

2. The current county of residence and the county of residence at the time of the referral.~~;~~

3. The reason for the referral and any family safety concerns.~~;~~

4. The personal identifying information of the parents or legal custodians who had custody of the child at the time of the referral, including name, date of birth, and county of residence.~~;~~

5. The date of removal from the home.~~; and~~

6. The name and contact information of the attorney or attorneys assigned to the case in all capacities, including the attorney or attorneys that represent the department and the parents, and the guardian ad litem~~, if one has been appointed~~.

Section 4. Paragraph (b) of subsection (2) and paragraph (b) of subsection (3) of section 39.0016, Florida Statutes, are

amended to read:

39.0016 Education of abused, neglected, and abandoned children; agency agreements; children having or suspected of having a disability.—

(2) AGENCY AGREEMENTS.—

(b) The department shall enter into agreements with district school boards or other local educational entities regarding education and related services for children known to the department who are of school age and children known to the department who are younger than school age but who would otherwise qualify for services from the district school board. Such agreements must ~~shall~~ include, but are not limited to:

1. A requirement that the department shall:

a. Ensure that children known to the department are enrolled in school or in the best educational setting that meets the needs of the child. The agreement must ~~shall~~ provide for continuing the enrollment of a child known to the department at the school of origin when possible if it is in the best interest of the child, with the goal of minimal disruption of education.

b. Notify the school and school district in which a child known to the department is enrolled of the name and phone number of the child known to the department caregiver and caseworker for child safety purposes.

c. Establish a protocol for the department to share information about a child known to the department with the school district, consistent with the Family Educational Rights and Privacy Act, since the sharing of information will assist each agency in obtaining education and related services for the benefit of the child. The protocol must require the district

school boards or other local educational entities to access the department's Florida Safe Families Network to obtain information about children known to the department, consistent with the Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. s. 1232g.

d. Notify the school district of the department's case planning for a child known to the department, both at the time of plan development and plan review. Within the plan development or review process, the school district may provide information regarding the child known to the department if the school district deems it desirable and appropriate.

e. Show no prejudice against a caregiver who desires to educate at home a child placed in his or her home through the child welfare system.

2. A requirement that the district school board shall:

a. Provide the department with a general listing of the services and information available from the district school board to facilitate educational access for a child known to the department.

b. Identify all educational and other services provided by the school and school district which the school district believes are reasonably necessary to meet the educational needs of a child known to the department.

c. Determine whether transportation is available for a child known to the department when such transportation will avoid a change in school assignment due to a change in residential placement. Recognizing that continued enrollment in the same school throughout the time the child known to the department is in out-of-home care is preferable unless

enrollment in the same school would be unsafe or otherwise impractical, the department, the district school board, and the Department of Education shall assess the availability of federal, charitable, or grant funding for such transportation.

d. Provide individualized student intervention or an individual educational plan when a determination has been made through legally appropriate criteria that intervention services are required. The intervention or individual educational plan must include strategies to enable the child known to the department to maximize the attainment of educational goals.

3. A requirement that the department and the district school board shall cooperate in accessing the services and supports needed for a child known to the department who has or is suspected of having a disability to receive an appropriate education consistent with the Individuals with Disabilities Education Act and state implementing laws, rules, and assurances. Coordination of services for a child known to the department who has or is suspected of having a disability may include:

a. Referral for screening.

b. Sharing of evaluations between the school district and the department where appropriate.

c. Provision of education and related services appropriate for the needs and abilities of the child known to the department.

d. Coordination of services and plans between the school and the residential setting to avoid duplication or conflicting service plans.

e. Appointment of a surrogate parent, consistent with the

Individuals with Disabilities Education Act and pursuant to subsection (3), for educational purposes for a child known to the department who qualifies.

f. For each child known to the department 14 years of age and older, transition planning by the department and all providers, including the department's independent living program staff and the guardian ad litem of the child, to meet the requirements of the local school district for educational purposes.

(3) CHILDREN HAVING OR SUSPECTED OF HAVING A DISABILITY.—

(b)1. Each district school superintendent or dependency court must appoint a surrogate parent for a child known to the department who has or is suspected of having a disability, as defined in s. 1003.01(9), when:

a. After reasonable efforts, no parent can be located; or

b. A court of competent jurisdiction over a child under this chapter has determined that no person has the authority under the Individuals with Disabilities Education Act, including the parent or parents subject to the dependency action, or that no person has the authority, willingness, or ability to serve as the educational decisionmaker for the child without judicial action.

2. A surrogate parent appointed by the district school superintendent or the court must be at least 18 years old and have no personal or professional interest that conflicts with the interests of the student to be represented. Neither the district school superintendent nor the court may appoint an employee of the Department of Education, the local school district, a community-based care provider, the Department of

Children and Families, or any other public or private agency involved in the education or care of the child as appointment of those persons is prohibited by federal law. This prohibition includes group home staff and therapeutic foster parents. However, a person who acts in a parental role to a child, such as a foster parent or relative caregiver, is not prohibited from serving as a surrogate parent if he or she is employed by such agency, willing to serve, and knowledgeable about the child and the exceptional student education process. The surrogate parent may be a court-appointed guardian ad litem or a relative or nonrelative adult who is involved in the child's life regardless of whether that person has physical custody of the child. Each person appointed as a surrogate parent must have the knowledge and skills acquired by successfully completing training using materials developed and approved by the Department of Education to ensure adequate representation of the child.

3. ~~If a guardian ad litem has been appointed for a child,~~ The district school superintendent must first consider the child's guardian ad litem when appointing a surrogate parent. The district school superintendent must accept the appointment of the court if he or she has not previously appointed a surrogate parent. Similarly, the court must accept a surrogate parent duly appointed by a district school superintendent.

4. A surrogate parent appointed by the district school superintendent or the court must be accepted by any subsequent school or school district without regard to where the child is receiving residential care so that a single surrogate parent can follow the education of the child during his or her entire time in state custody. Nothing in this paragraph or in rule shall

limit or prohibit the continuance of a surrogate parent appointment when the responsibility for the student's educational placement moves among and between public and private agencies.

5. For a child known to the department, the responsibility to appoint a surrogate parent resides with both the district school superintendent and the court with jurisdiction over the child. If the court elects to appoint a surrogate parent, notice shall be provided as soon as practicable to the child's school. At any time the court determines that it is in the best interests of a child to remove a surrogate parent, the court may appoint a new surrogate parent for educational decisionmaking purposes for that child.

6. The surrogate parent shall continue in the appointed role until one of the following occurs:

a. The child is determined to no longer be eligible or in need of special programs, except when termination of special programs is being contested.

b. The child achieves permanency through adoption or legal guardianship and is no longer in the custody of the department.

c. The parent who was previously unknown becomes known, whose whereabouts were unknown is located, or who was unavailable is determined by the court to be available.

d. The appointed surrogate no longer wishes to represent the child or is unable to represent the child.

e. The superintendent of the school district in which the child is attending school, the Department of Education contract designee, or the court that appointed the surrogate determines that the appointed surrogate parent no longer adequately

represents the child.

f. The child moves to a geographic location that is not reasonably accessible to the appointed surrogate.

7. The appointment and termination of appointment of a surrogate under this paragraph shall be entered as an order of the court with a copy of the order provided to the child's school as soon as practicable.

8. The person appointed as a surrogate parent under this paragraph must:

a. Be acquainted with the child and become knowledgeable about his or her disability and educational needs.

b. Represent the child in all matters relating to identification, evaluation, and educational placement and the provision of a free and appropriate education to the child.

c. Represent the interests and safeguard the rights of the child in educational decisions that affect the child.

9. The responsibilities of the person appointed as a surrogate parent shall not extend to the care, maintenance, custody, residential placement, or any other area not specifically related to the education of the child, unless the same person is appointed by the court for such other purposes.

10. A person appointed as a surrogate parent shall enjoy all of the procedural safeguards afforded a parent with respect to the identification, evaluation, and educational placement of a student with a disability or a student who is suspected of having a disability.

11. A person appointed as a surrogate parent shall not be held liable for actions taken in good faith on behalf of the student in protecting the special education rights of the child.

Section 5. Present subsections (8) through (30) and (31) through (87) of section 39.01, Florida Statutes, are redesignated as subsections (9) through (31) and (34) through (90), respectively, present subsections (9), (36), and (58) are amended, and new subsections (8), (32), and (33) are added to that section, to read:

39.01 Definitions.—When used in this chapter, unless the context otherwise requires:

(8) "Attorney ad litem" means an attorney appointed by the court to represent a child in a dependency case who has an attorney-client relationship with the child under the rules regulating The Florida Bar.

(10) ~~(9)~~ "Caregiver" means the parent, legal custodian, permanent guardian, adult household member, or other person responsible for a child's welfare as defined in subsection (57) ~~(54)~~.

(32) "Guardian ad litem" means a person or an entity that is a fiduciary appointed by the court to represent a child in any civil, criminal, or administrative proceeding to which the child is a party, including, but not limited to, under this chapter, which uses a best interest standard for decisionmaking and advocacy. For purposes of this chapter, the term includes, but is not limited to, the Statewide Guardian ad Litem Office, which includes all circuit guardian ad litem offices and the duly certified volunteers, staff, and attorneys assigned by the Statewide Guardian ad Litem Office to represent children; a court-appointed attorney; or a responsible adult who is appointed by the court. A guardian ad litem is a party to the judicial proceeding as a representative of the child and serves

until the jurisdiction of the court over the child terminates or until excused by the court.

(33) "Guardian advocate" means a person appointed by the court to act on behalf of a drug-dependent newborn under part XI of this chapter.

(39) ~~(36)~~ "Institutional child abuse or neglect" means situations of known or suspected child abuse or neglect in which the person allegedly perpetrating the child abuse or neglect is an employee of a public or private school, public or private day care center, residential home, institution, facility, or agency or any other person at such institution responsible for the child's welfare as defined in subsection (57) ~~(54)~~.

(61) ~~(58)~~ "Party" means the parent or parents of the child, the petitioner, the department, the guardian ad litem ~~or the representative of the guardian ad litem program when the program has been appointed~~, and the child. The presence of the child may be excused by order of the court when presence would not be in the child's best interest. Notice to the child may be excused by order of the court when the age, capacity, or other condition of the child is such that the notice would be meaningless or detrimental to the child.

Section 6. Subsection (11) of section 39.013, Florida Statutes, is amended to read:

39.013 Procedures and jurisdiction; right to counsel; guardian ad litem.—

(11) The court shall appoint a guardian ad litem at the earliest possible time to represent a child throughout the proceedings, including any appeals. The guardian ad litem may represent the child in proceedings outside of the dependency

case to secure the services and benefits that provide for the care, safety, and protection of the child ~~encourage the Statewide Guardian Ad Litem Office to provide greater representation to those children who are within 1 year of transferring out of foster care~~.

Section 7. Paragraph (b) of subsection (1) of section 39.01305, Florida Statutes, is amended to read:

39.01305 Appointment of an attorney for a dependent child with certain special needs.—

(1)

(b) The Legislature recognizes the existence of organizations that provide attorney representation to children in certain jurisdictions throughout the state. Further, the Statewide Guardian ad Litem Office ~~Program~~ provides best interest representation for dependent children in every jurisdiction in accordance with state and federal law. The Legislature, therefore, does not intend that funding provided for representation under this section supplant proven and existing organizations representing children. Instead, the Legislature intends that funding provided for representation under this section be an additional resource for the representation of more children in these jurisdictions, to the extent necessary to meet the requirements of this chapter, with the cooperation of existing local organizations or through the expansion of those organizations. The Legislature encourages the expansion of pro bono representation for children. This section is not intended to limit the ability of a pro bono attorney to appear on behalf of a child.

Section 8. Subsection (3) of section 39.0132, Florida

Statutes, is amended to read:

39.0132 Oaths, records, and confidential information.—

(3) The clerk shall keep all court records required by this chapter separate from other records of the circuit court. All court records required by this chapter may ~~shall~~ not be open to inspection by the public. All records may ~~shall~~ be inspected only upon order of the court by persons deemed by the court to have a proper interest therein, except that, subject to ~~the provisions of~~ s. 63.162, a child, ~~and~~ the parents of the child and their attorneys, the guardian ad litem, criminal conflict and civil regional counsels, law enforcement agencies, ~~and~~ the department and its designees, and the attorney ad litem, if one is appointed, ~~shall~~ always have the right to inspect and copy any official record pertaining to the child. The Justice Administrative Commission may inspect court dockets required by this chapter as necessary to audit compensation of court-appointed attorneys ad litem. If the docket is insufficient for purposes of the audit, the commission may petition the court for additional documentation as necessary and appropriate. The court may permit authorized representatives of recognized organizations compiling statistics for proper purposes to inspect and make abstracts from official records, under whatever conditions upon their use and disposition the court may deem proper, and may punish by contempt proceedings any violation of those conditions.

Section 9. Paragraph (a) of subsection (3) of section 39.0136, Florida Statutes, is amended to read:

39.0136 Time limitations; continuances.—

(3) The time limitations in this chapter do not include:

(a) Periods of delay resulting from a continuance granted at the request of the child's counsel, ~~or the child's~~ guardian ad litem, or attorney ad litem, if one is appointed~~, if the child is of sufficient capacity to express reasonable consent, at the request or with the consent of the child~~. The court must consider the best interests of the child when determining periods of delay under this section.

Section 10. Subsection (7) of section 39.01375, Florida Statutes, is amended to read:

39.01375 Best interest determination for placement.—The department, community-based care lead agency, or court shall consider all of the following factors when determining whether a proposed placement under this chapter is in the child's best interest:

(7) The recommendation of the child's guardian ad litem~~, if one has been appointed~~.

Section 11. Paragraphs (a) and (b) of subsection (4) of section 39.0139, Florida Statutes, are amended to read:

39.0139 Visitation or other contact; restrictions.—

(4) HEARINGS.—A person who meets any of the criteria set forth in paragraph (3)(a) who seeks to begin or resume contact with the child victim shall have the right to an evidentiary hearing to determine whether contact is appropriate.

(a) Before ~~Prior to~~ the hearing, the court shall appoint ~~an attorney ad litem or~~ a guardian ad litem for the child if one has not already been appointed. The guardian ad litem and ~~Any~~ attorney ad litem, if one is ~~or guardian ad litem~~ appointed, must ~~shall~~ have special training in the dynamics of child sexual abuse.

(b) At the hearing, the court may receive and rely upon any relevant and material evidence submitted to the extent of its probative value, including written and oral reports or recommendations from the Child Protection Team, the child's therapist, the child's guardian ad litem, or the child's attorney ad litem, if one is appointed, even if these reports, recommendations, and evidence may not be admissible under the rules of evidence.

Section 12. Paragraphs (d) and (t) of subsection (2) of section 39.202, Florida Statutes, are amended to read:

39.202 Confidentiality of reports and records in cases of child abuse or neglect; exception.—

(2) Except as provided in subsection (4), access to such records, excluding the name of, or other identifying information with respect to, the reporter which may only ~~shall~~ be released ~~only~~ as provided in subsection (5), may only ~~shall~~ be granted ~~only~~ to the following persons, officials, and agencies:

(d) The parent or legal custodian of any child who is alleged to have been abused, abandoned, or neglected; the child; the child's guardian ad litem; the child's attorney ad litem, if one is appointed; or~~, and the child, and their attorneys, including~~ any attorney representing a child in civil or criminal proceedings. This access must ~~shall~~ be made available no later than 60 days after the department receives the initial report of abuse, neglect, or abandonment. However, any information otherwise made confidential or exempt by law may ~~shall~~ not be released pursuant to this paragraph.

(t) Persons with whom the department is seeking to place the child or to whom placement has been granted, including

foster parents for whom an approved home study has been conducted, the designee of a licensed child-caring agency as defined in s. 39.01 ~~s. 39.01(41)~~, an approved relative or nonrelative with whom a child is placed pursuant to s. 39.402, preadoptive parents for whom a favorable preliminary adoptive home study has been conducted, adoptive parents, or an adoption entity acting on behalf of preadoptive or adoptive parents.

Section 13. Paragraph (c) of subsection (8), paragraphs (b) and (c) of subsection (11), and paragraph (a) of subsection (14) of section 39.402, Florida Statutes, are amended to read:

39.402 Placement in a shelter.—

(8)

(c) At the shelter hearing, the court shall:

1. Appoint a guardian ad litem to represent the best interest of the child~~, unless the court finds that such representation is unnecessary~~;

2. Inform the parents or legal custodians of their right to counsel to represent them at the shelter hearing and at each subsequent hearing or proceeding, and the right of the parents to appointed counsel, pursuant to the procedures set forth in s. 39.013;

3. Give the parents or legal custodians an opportunity to be heard and to present evidence; and

4. Inquire of those present at the shelter hearing as to the identity and location of the legal father. In determining who the legal father of the child may be, the court shall inquire under oath of those present at the shelter hearing whether they have any of the following information:

a. Whether the mother of the child was married at the

probable time of conception of the child or at the time of birth of the child.

b. Whether the mother was cohabiting with a male at the probable time of conception of the child.

c. Whether the mother has received payments or promises of support with respect to the child or because of her pregnancy from a man who claims to be the father.

d. Whether the mother has named any man as the father on the birth certificate of the child or in connection with applying for or receiving public assistance.

e. Whether any man has acknowledged or claimed paternity of the child in a jurisdiction in which the mother resided at the time of or since conception of the child or in which the child has resided or resides.

f. Whether a man is named on the birth certificate of the child pursuant to s. 382.013(2).

g. Whether a man has been determined by a court order to be the father of the child.

h. Whether a man has been determined to be the father of the child by the Department of Revenue as provided in s. 409.256.

(11)

(b) The court shall request that the parents consent to provide access to the child's medical records and provide information to the court, the department or its contract agencies, and the ~~any~~ guardian ad litem or attorney ad litem, if one is appointed, for the child. If a parent is unavailable or unable to consent or withholds consent and the court determines access to the records and information is necessary to provide

services to the child, the court shall issue an order granting access. The court may also order the parents to provide all known medical information to the department and to any others granted access under this subsection.

(c) The court shall request that the parents consent to provide access to the child's child care records, early education program records, or other educational records and provide information to the court, the department or its contract agencies, and the ~~any~~ guardian ad litem or attorney ad litem, if one is appointed, for the child. If a parent is unavailable or unable to consent or withholds consent and the court determines access to the records and information is necessary to provide services to the child, the court shall issue an order granting access.

(14) The time limitations in this section do not include:

(a) Periods of delay resulting from a continuance granted at the request or with the consent of the child's ~~counsel or the child's~~ guardian ad litem or attorney ad litem, if one is ~~has been~~ appointed by the court~~, or, if the child is of sufficient capacity to express reasonable consent, at the request or with the consent of the child's attorney or the child's guardian ad litem, if one has been appointed by the court, and the child~~.

Section 14. Paragraphs (a) and (b) of subsection (4) of section 39.4022, Florida Statutes, are amended to read:

39.4022 Multidisciplinary teams; staffings; assessments; report.—

(4) PARTICIPANTS.—

(a) Collaboration among diverse individuals who are part of the child's network is necessary to make the most informed

decisions possible for the child. A diverse team is preferable to ensure that the necessary combination of technical skills, cultural knowledge, community resources, and personal relationships is developed and maintained for the child and family. The participants necessary to achieve an appropriately diverse team for a child may vary by child and may include extended family, friends, neighbors, coaches, clergy, coworkers, or others the family identifies as potential sources of support.

1. Each multidisciplinary team staffing must invite the following members:

a. The child, unless he or she is not of an age or capacity to participate in the team, and the child's guardian ad litem;

b. The child's family members and other individuals identified by the family as being important to the child, provided that a parent who has a no contact order or injunction, is alleged to have sexually abused the child, or is subject to a termination of parental rights may not participate;

c. The current caregiver, provided the caregiver is not a parent who meets the criteria of one of the exceptions under sub-subparagraph b.;

d. A representative from the department other than the Children's Legal Services attorney, when the department is directly involved in the goal identified by the staffing;

e. A representative from the community-based care lead agency, when the lead agency is directly involved in the goal identified by the staffing;

f. The case manager for the child, or his or her case manager supervisor; and

g. A representative from the Department of Juvenile

Justice, if the child is dually involved with both the department and the Department of Juvenile Justice.

2. The multidisciplinary team must make reasonable efforts to have all mandatory invitees attend. However, the multidisciplinary team staffing may not be delayed if the invitees in subparagraph 1. fail to attend after being provided reasonable opportunities.

(b) Based on the particular goal the multidisciplinary team staffing identifies as the purpose of convening the staffing as provided under subsection (5), the department or lead agency may also invite to the meeting other professionals, including, but not limited to:

1. A representative from Children's Medical Services;

2. ~~A guardian ad litem, if one is appointed;~~

~~3.~~ A school personnel representative who has direct contact with the child;

3.~~4.~~ A therapist or other behavioral health professional, if applicable;

4.~~5.~~ A mental health professional with expertise in sibling bonding, if the department or lead agency deems such expert is necessary; or

5.~~6.~~ Other community providers of services to the child or stakeholders, when applicable.

Section 15. Paragraph (d) of subsection (3) and paragraph (c) of subsection (4) of section 39.4023, Florida Statutes, are amended to read:

39.4023 Placement and education transitions; transition plans.—

(3) PLACEMENT TRANSITIONS.—

(d) *Transition planning.*—

1. If the supportive services provided pursuant to paragraph (c) have not been successful to make the maintenance of the placement suitable or if there are other circumstances that require the child to be moved, the department or the community-based care lead agency must convene a multidisciplinary team staffing as required under s. 39.4022 before the child's placement is changed, or within 72 hours of moving the child in an emergency situation, for the purpose of developing an appropriate transition plan.

2. A placement change may occur immediately in an emergency situation without convening a multidisciplinary team staffing. However, a multidisciplinary team staffing must be held within 72 hours after the emergency situation arises.

3. The department or the community-based care lead agency must provide written notice of the planned move at least 14 days before the move or within 72 hours after an emergency situation, to the greatest extent possible and consistent with the child's needs and preferences. The notice must include the reason a placement change is necessary. A copy of the notice must be filed with the court and be provided to all of the following:

a. The child, unless he or she, due to age or capacity, is unable to comprehend the written notice, which will necessitate the department or lead agency to provide notice in an age-appropriate and capacity-appropriate alternative manner.~~;~~

b. The child's parents, unless prohibited by court order.~~;~~

c. The child's out-of-home caregiver.~~;~~

d. The guardian ad litem.~~, if one is appointed;~~

e. The attorney ad litem for the child, if one is

appointed.~~; and~~

f. The attorney for the department.

4. The transition plan must be developed through cooperation among the persons included in subparagraph 3., and such persons must share any relevant information necessary for its development. Subject to the child's needs and preferences, the transition plan must meet the requirements of s. 409.1415(2)(b)8. and exclude any placement changes that occur between 7 p.m. and 8 a.m.

5. The department or the community-based care lead agency shall file the transition plan with the court within 48 hours after the creation of such plan and provide a copy of the plan to the persons included in subparagraph 3.

(4) EDUCATION TRANSITIONS.—

(c) *Minimizing school changes.*—

1. Every effort must be made to keep a child in the school of origin if it is in the child's best interest. Any placement decision must include thoughtful consideration of which school a child will attend if a school change is necessary.

2. Members of a multidisciplinary team staffing convened for a purpose other than a school change must determine the child's best interest regarding remaining in the school or program of origin if the child's educational options are affected by any other decision being made by the multidisciplinary team.

3. The determination of whether it is in the child's best interest to remain in the school of origin, and if not, of which school the child will attend in the future, must be made in consultation with the following individuals, including, but not

limited to, the child; the parents; the caregiver; the child welfare professional; the guardian ad litem~~, if appointed~~; the educational surrogate, if appointed; child care and educational staff, including teachers and guidance counselors; and the school district representative or foster care liaison. A multidisciplinary team member may contact any of these individuals in advance of a multidisciplinary team staffing to obtain his or her recommendation. An individual may remotely attend the multidisciplinary team staffing if one of the identified goals is related to determining an educational placement. The multidisciplinary team may rely on a report from the child's current school or program district and, if applicable, any other school district being considered for the educational placement if the required school personnel are not available to attend the multidisciplinary team staffing in person or remotely.

4. The multidisciplinary team and the individuals listed in subparagraph 3. must consider, at a minimum, all of the following factors when determining whether remaining in the school or program of origin is in the child's best interest or, if not, when selecting a new school or program:

a. The child's desire to remain in the school or program of origin.

b. The preference of the child's parents or legal guardians.

c. Whether the child has siblings, close friends, or mentors at the school or program of origin.

d. The child's cultural and community connections in the school or program of origin.

e. Whether the child is suspected of having a disability under the Individuals with Disabilities Education Act (IDEA) or s. 504 of the Rehabilitation Act of 1973, or has begun receiving interventions under this state's multitiered system of supports.

f. Whether the child has an evaluation pending for special education and related services under IDEA or s. 504 of the Rehabilitation Act of 1973.

g. Whether the child is a student with a disability under IDEA who is receiving special education and related services or a student with a disability under s. 504 of the Rehabilitation Act of 1973 who is receiving accommodations and services and, if so, whether those required services are available in a school or program other than the school or program of origin.

h. Whether the child is an English Language Learner student and is receiving language services and, if so, whether those required services are available in a school or program other than the school or program of origin.

i. The impact a change to the school or program of origin would have on academic credits and progress toward promotion.

j. The availability of extracurricular activities important to the child.

k. The child's known individualized educational plan or other medical and behavioral health needs and whether such plan or needs are able to be met at a school or program other than the school or program of origin.

l. The child's permanency goal and timeframe for achieving permanency.

m. The child's history of school transfers and how such transfers have impacted the child academically, emotionally, and

behaviorally.

n. The length of the commute to the school or program from the child's home or placement and how such commute would impact the child.

o. The length of time the child has attended the school or program of origin.

5. The cost of transportation cannot be a factor in making a best interest determination.

Section 16. Paragraph (f) of subsection (3) of section 39.407, Florida Statutes, is amended to read:

39.407 Medical, psychiatric, and psychological examination and treatment of child; physical, mental, or substance abuse examination of person with or requesting child custody.—

(3)

(f)1. The department shall fully inform the court of the child's medical and behavioral status as part of the social services report prepared for each judicial review hearing held for a child for whom psychotropic medication has been prescribed or provided under this subsection. As a part of the information provided to the court, the department shall furnish copies of all pertinent medical records concerning the child which have been generated since the previous hearing. On its own motion or on good cause shown by any party, including the ~~any~~ guardian ad litem~~, attorney,~~ or attorney ad litem, if one is ~~who has been~~ appointed ~~to represent the child or the child's interests~~, the court may review the status more frequently than required in this subsection.

2. The court may, in the best interests of the child, order the department to obtain a medical opinion addressing whether

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

the continued use of the medication under the circumstances is safe and medically appropriate.

Section 17. Paragraphs (m), (t), and (u) of subsection (1) of section 39.4085, Florida Statutes, are amended to read:

39.4085 Goals for dependent children; responsibilities; education; Office of the Children's Ombudsman.—

(1) The Legislature finds that the design and delivery of child welfare services should be directed by the principle that the health and safety of children, including the freedom from abuse, abandonment, or neglect, is of paramount concern and, therefore, establishes the following goals for children in shelter or foster care:

(m) To receive meaningful case management and planning that will quickly return the child to his or her family or move the child on to other forms of permanency. For a child who is transitioning from foster care to independent living, permanency includes establishing naturally occurring, lifelong, kin-like connections between the child and a supportive adult.

(t) To have a guardian ad litem appointed ~~to represent, within reason, their best interests~~ and, if appropriate, an attorney ad litem ~~appointed to represent their legal interests~~; the guardian ad litem or ~~and~~ attorney ad litem, if one is appointed, ~~shall~~ have immediate and unlimited access to the children they represent.

(u) To have all their records available for review by their guardian ad litem or ~~and~~ attorney ad litem, if one is appointed, if they deem such review necessary.

This subsection establishes goals and not rights. This

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

subsection does not require the delivery of any particular service or level of service in excess of existing appropriations. A person does not have a cause of action against the state or any of its subdivisions, agencies, contractors, subcontractors, or agents, based upon the adoption of or failure to provide adequate funding for the achievement of these goals by the Legislature. This subsection does not require the expenditure of funds to meet the goals established in this subsection except those funds specifically appropriated for such purpose.

Section 18. Subsection (8) of section 39.502, Florida Statutes, is amended to read:

39.502 Notice, process, and service.—

(8) It is not necessary to the validity of a proceeding covered by this part that the parents be present if their identity or residence is unknown after a diligent search has been made; however, ~~but in this event~~ the petitioner must ~~shall~~ file an affidavit of diligent search prepared by the person who made the search and inquiry, and the court must ~~may~~ appoint a guardian ad litem for the child if a guardian ad litem has not previously been appointed.

Section 19. Paragraph (c) of subsection (3) of section 39.522, Florida Statutes, is amended to read:

39.522 Postdisposition change of custody.—

(3)

(c)1. The department or community-based care lead agency must notify a current caregiver who has been in the physical custody placement for at least 9 consecutive months and who meets all the established criteria in paragraph (b) of an intent

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

to change the physical custody of the child, and a multidisciplinary team staffing must be held in accordance with ss. 39.4022 and 39.4023 at least 21 days before the intended date for the child's change in physical custody, unless there is an emergency situation as defined in s. 39.4022(2)(b). If there is not a unanimous consensus decision reached by the multidisciplinary team, the department's official position must be provided to the parties within the designated time period as provided for in s. 39.4022.

2. A caregiver who objects to the department's official position on the change in physical custody must notify the court and the department or community-based care lead agency of his or her objection and the intent to request an evidentiary hearing in writing in accordance with this section within 5 days after receiving notice of the department's official position provided under subparagraph 1. The transition of the child to the new caregiver may not begin before the expiration of the 5-day period within which the current caregiver may object.

3. Upon the department or community-based care lead agency receiving written notice of the caregiver's objection, the change to the child's physical custody must be placed in abeyance and the child may not be transitioned to a new physical placement without a court order, unless there is an emergency situation as defined in s. 39.4022(2)(b).

4. Within 7 days after receiving written notice from the caregiver, the court must conduct an initial case status hearing, at which time the court must do all of the following:

a. Grant party status to the current caregiver who is seeking permanent custody and has maintained physical custody of

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

that child for at least 9 continuous months for the limited purpose of filing a motion for a hearing on the objection and presenting evidence pursuant to this subsection.~~;~~

~~b. Appoint an attorney for the child who is the subject of the permanent custody proceeding, in addition to the guardian ad litem, if one is appointed;~~

b.~~c.~~ Advise the caregiver of his or her right to retain counsel for purposes of the evidentiary hearing.~~; and~~

c.~~d.~~ Appoint a court-selected neutral and independent licensed professional with expertise in the science and research of child-parent bonding.

Section 20. Paragraph (c) of subsection (1) and paragraph (c) of subsection (3) of section 39.6012, Florida Statutes, are amended to read:

39.6012 Case plan tasks; services.—

(1) The services to be provided to the parent and the tasks that must be completed are subject to the following:

(c) If there is evidence of harm as defined in s. 39.01(37)(g) ~~s. 39.01(34)(g)~~, the case plan must include as a required task for the parent whose actions caused the harm that the parent submit to a substance abuse disorder assessment or evaluation and participate and comply with treatment and services identified in the assessment or evaluation as being necessary.

(3) In addition to any other requirement, if the child is in an out-of-home placement, the case plan must include:

(c) When appropriate, for a child who is 13 years of age or older, a written description of the programs and services that will help the child prepare for the transition from foster care

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

to independent living. The written description must include age-appropriate activities for the child's development of relationships, coping skills, and emotional well-being.

Section 21. Section 39.6036, Florida Statutes, is created to read:

39.6036 Supportive adults for children transitioning out of foster care.—

(1) The Legislature finds that a committed, caring adult provides a lifeline for a child transitioning out of foster care to live independently. Accordingly, it is the intent of the Legislature that the Statewide Guardian ad Litem Office help children connect with supportive adults with the hope of creating an ongoing relationship that lasts into adulthood.

(2) The Statewide Guardian ad Litem Office shall work with a child who is transitioning out of foster care to identify at least one supportive adult with whom the child can enter into a formal agreement for an ongoing relationship and document such agreement in the child's court file. If the child cannot identify a supportive adult, the Statewide Guardian ad Litem Office shall work in coordination with the Office of Continuing Care to identify at least one supportive adult with whom the child can enter into a formal agreement for an ongoing relationship and document such agreement in the child's court file.

Section 22. Paragraph (c) of subsection (10) of section 39.621, Florida Statutes, is amended to read:

39.621 Permanency determination by the court.—

(10) The permanency placement is intended to continue until the child reaches the age of majority and may not be disturbed

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

absent a finding by the court that the circumstances of the permanency placement are no longer in the best interest of the child.

(c) The court shall base its decision concerning any motion by a parent for reunification or increased contact with a child on the effect of the decision on the safety, well-being, and physical and emotional health of the child. Factors that must be considered and addressed in the findings of fact of the order on the motion must include:

1. The compliance or noncompliance of the parent with the case plan;

2. The circumstances which caused the child's dependency and whether those circumstances have been resolved;

3. The stability and longevity of the child's placement;

4. The preferences of the child, if the child is of sufficient age and understanding to express a preference;

5. The recommendation of the current custodian; and

6. Any ~~The~~ recommendation of the guardian ad litem~~, if one has been appointed~~.

Section 23. Subsection (2) of section 39.6241, Florida Statutes, is amended to read:

39.6241 Another planned permanent living arrangement.—

(2) The department and the guardian ad litem must provide the court with a recommended list and description of services needed by the child, such as independent living services and medical, dental, educational, or psychological referrals, and a recommended list and description of services needed by his or her caregiver. The guardian ad litem must also advise the court whether the child has been connected with a supportive adult

and, if the child has been connected with a supportive adult, whether the child has entered into a formal agreement with the adult. If the child has entered into a formal agreement pursuant to s. 39.6036, the guardian ad litem must ensure that the agreement is documented in the child's court file.

Section 24. Paragraphs (b) and (f) of subsection (1), paragraph (c) of subsection (2), subsection (3), and paragraph (e) of subsection (4) of section 39.701, Florida Statutes, are amended to read:

39.701 Judicial review.—

(1) GENERAL PROVISIONS.—

(b)1. The court shall retain jurisdiction over a child returned to his or her parents for a minimum period of 6 months after ~~following~~ the reunification, but, at that time, based on a report of the social service agency and the guardian ad litem~~, if one has been appointed,~~ and any other relevant factors, the court shall make a determination as to whether supervision by the department and the court's jurisdiction shall continue or be terminated.

2. Notwithstanding subparagraph 1., the court must retain jurisdiction over a child if the child is placed in the home with a parent or caregiver with an in-home safety plan and such safety plan remains necessary for the child to reside safely in the home.

(f) Notice of a judicial review hearing or a citizen review panel hearing, and a copy of the motion for judicial review, if any, must be served by the clerk of the court upon all of the following persons, if available to be served, regardless of whether the person was present at the previous hearing at which

the date, time, and location of the hearing was announced:

1. The social service agency charged with the supervision of care, custody, or guardianship of the child, if that agency is not the movant.

2. The foster parent or legal custodian in whose home the child resides.

3. The parents.

4. The guardian ad litem for the child~~, or the representative of the guardian ad litem program if the program has been appointed~~.

5. The attorney ad litem for the child, if one is appointed.

6. The child, if the child is 13 years of age or older.

7. Any preadoptive parent.

8. Such other persons as the court may direct.

(2) REVIEW HEARINGS FOR CHILDREN YOUNGER THAN 18 YEARS OF AGE.—

(c) *Review determinations.*—The court and any citizen review panel shall take into consideration the information contained in the social services study and investigation and all medical, psychological, and educational records that support the terms of the case plan; testimony by the social services agency, the parent, the foster parent or caregiver, the guardian ad litem, the ~~or~~ surrogate parent for educational decisionmaking if one has been appointed for the child, and any other person deemed appropriate; and any relevant and material evidence submitted to the court, including written and oral reports to the extent of their probative value. These reports and evidence may be received by the court in its effort to determine the action to

be taken with regard to the child and may be relied upon to the extent of their probative value, even though not competent in an adjudicatory hearing. In its deliberations, the court and any citizen review panel shall seek to determine:

1. If the parent was advised of the right to receive assistance from any person or social service agency in the preparation of the case plan.

2. If the parent has been advised of the right to have counsel present at the judicial review or citizen review hearings. If not so advised, the court or citizen review panel shall advise the parent of such right.

3. If a guardian ad litem needs to be appointed for the child in a case in which a guardian ad litem has not previously been appointed ~~or if there is a need to continue a guardian ad litem in a case in which a guardian ad litem has been appointed~~.

4. Who holds the rights to make educational decisions for the child. If appropriate, the court may refer the child to the district school superintendent for appointment of a surrogate parent or may itself appoint a surrogate parent under the Individuals with Disabilities Education Act and s. 39.0016.

5. The compliance or lack of compliance of all parties with applicable items of the case plan, including the parents' compliance with child support orders.

6. The compliance or lack of compliance with a visitation contract between the parent and the social service agency for contact with the child, including the frequency, duration, and results of the parent-child visitation and the reason for any noncompliance.

7. The frequency, kind, and duration of contacts among

siblings who have been separated during placement, as well as any efforts undertaken to reunite separated siblings if doing so is in the best interests of the child.

8. The compliance or lack of compliance of the parent in meeting specified financial obligations pertaining to the care of the child, including the reason for failure to comply, if applicable.

9. Whether the child is receiving safe and proper care according to s. 39.6012, including, but not limited to, the appropriateness of the child's current placement, including whether the child is in a setting that is as family-like and as close to the parent's home as possible, consistent with the child's best interests and special needs, and including maintaining stability in the child's educational placement, as documented by assurances from the community-based care lead agency that:

a. The placement of the child takes into account the appropriateness of the current educational setting and the proximity to the school in which the child is enrolled at the time of placement.

b. The community-based care lead agency has coordinated with appropriate local educational agencies to ensure that the child remains in the school in which the child is enrolled at the time of placement.

10. A projected date likely for the child's return home or other permanent placement.

11. When appropriate, the basis for the unwillingness or inability of the parent to become a party to a case plan. The court and the citizen review panel shall determine if the

efforts of the social service agency to secure party participation in a case plan were sufficient.

12. For a child who has reached 13 years of age but is not yet 18 years of age, the adequacy of the child's preparation for adulthood and independent living. For a child who is 15 years of age or older, the court shall determine if appropriate steps are being taken for the child to obtain a driver license or learner's driver license.

13. If amendments to the case plan are required. Amendments to the case plan must be made under s. 39.6013.

14. If the parents and caregivers have developed a productive relationship that includes meaningful communication and mutual support.

(3) REVIEW HEARINGS FOR CHILDREN 16 AND 17 YEARS OF AGE.—At each review hearing held under this subsection, the court shall give the child and the guardian ad litem the opportunity to address the court and provide any information relevant to the child's best interest, particularly in relation to independent living transition services. The foster parent or~~,~~ legal custodian~~, or guardian ad litem~~ may also provide any information relevant to the child's best interest to the court. In addition to the review and report required under paragraphs (1)(a) and (2)(a), respectively, and the review and report required under s. 39.822(2)(a)2., the court shall:

(a) Inquire about the life skills the child has acquired and whether those services are age appropriate, at the first judicial review hearing held subsequent to the child's 16th birthday. At the judicial review hearing, the department shall provide the court with a report that includes specific

information related to the life skills that the child has acquired since the child's 13th birthday or since the date the child came into foster care, whichever came later. For any child who may meet the requirements for appointment of a guardian advocate under s. 393.12 or a guardian under chapter 744, the updated case plan must be developed in a face-to-face conference with the child, if appropriate; the child's attorney ad litem, if one is appointed; the child's~~; any court-appointed~~ guardian ad litem; the temporary custodian of the child; and the parent of the child, if the parent's rights have not been terminated.

(b) The court shall hold a judicial review hearing within 90 days after a child's 17th birthday. The court shall issue an order, separate from the order on judicial review, that the disability of nonage of the child has been removed under ss. 743.044-743.047 for any disability that the court finds is in the child's best interest to remove. The department shall include in the social study report for the first judicial review that occurs after the child's 17th birthday written verification that the child has:

1. A current Medicaid card and all necessary information concerning the Medicaid program sufficient to prepare the child to apply for coverage upon reaching the age of 18, if such application is appropriate.

2. A certified copy of the child's birth certificate and, if the child does not have a valid driver license, a Florida identification card issued under s. 322.051.

3. A social security card and information relating to social security insurance benefits if the child is eligible for those benefits. If the child has received such benefits and they

are being held in trust for the child, a full accounting of these funds must be provided and the child must be informed as to how to access those funds.

4. All relevant information related to the Road-to-Independence Program under s. 409.1451, including, but not limited to, eligibility requirements, information on participation, and assistance in gaining admission to the program. If the child is eligible for the Road-to-Independence Program, he or she must be advised that he or she may continue to reside with the licensed family home or group care provider with whom the child was residing at the time the child attained his or her 18th birthday, in another licensed family home, or with a group care provider arranged by the department.

5. An open bank account or the identification necessary to open a bank account and to acquire essential banking and budgeting skills.

6. Information on public assistance and how to apply for public assistance.

7. A clear understanding of where he or she will be living on his or her 18th birthday, how living expenses will be paid, and the educational program or school in which he or she will be enrolled.

8. Information related to the ability of the child to remain in care until he or she reaches 21 years of age under s. 39.013.

9. A letter providing the dates that the child is under the jurisdiction of the court.

10. A letter stating that the child is in compliance with financial aid documentation requirements.

11. The child's educational records.

12. The child's entire health and mental health records.

13. The process for accessing the child's case file.

14. A statement encouraging the child to attend all judicial review hearings.

15. Information on how to obtain a driver license or learner's driver license.

(c) At the first judicial review hearing held subsequent to the child's 17th birthday, if the court determines pursuant to chapter 744 that there is a good faith basis to believe that the child qualifies for appointment of a guardian advocate, limited guardian, or plenary guardian for the child and that no less restrictive decisionmaking assistance will meet the child's needs:

1. The department shall complete a multidisciplinary report which must include, but is not limited to, a psychosocial evaluation and educational report if such a report has not been completed within the previous 2 years.

2. The department shall identify one or more individuals who are willing to serve as the guardian advocate under s. 393.12 or as the plenary or limited guardian under chapter 744. Any other interested parties or participants may make efforts to identify such a guardian advocate, limited guardian, or plenary guardian. The child's biological or adoptive family members, including the child's parents if the parents' rights have not been terminated, may not be considered for service as the plenary or limited guardian unless the court enters a written order finding that such an appointment is in the child's best interests.

3. Proceedings may be initiated within 180 days after the child's 17th birthday for the appointment of a guardian advocate, plenary guardian, or limited guardian for the child in a separate proceeding in the court division with jurisdiction over guardianship matters and pursuant to chapter 744. The Legislature encourages the use of pro bono representation to initiate proceedings under this section.

4. In the event another interested party or participant initiates proceedings for the appointment of a guardian advocate, plenary guardian, or limited guardian for the child, the department shall provide all necessary documentation and information to the petitioner to complete a petition under s. 393.12 or chapter 744 within 45 days after the first judicial review hearing after the child's 17th birthday.

5. Any proceedings seeking appointment of a guardian advocate or a determination of incapacity and the appointment of a guardian must be conducted in a separate proceeding in the court division with jurisdiction over guardianship matters and pursuant to chapter 744.

(d) If the court finds at the judicial review hearing after the child's 17th birthday that the department has not met its obligations to the child as stated in this part, in the written case plan, or in the provision of independent living services, the court may issue an order directing the department to show cause as to why it has not done so. If the department cannot justify its noncompliance, the court may give the department 30 days within which to comply. If the department fails to comply within 30 days, the court may hold the department in contempt.

(e) If necessary, the court may review the status of the

child more frequently during the year before the child's 18th birthday. At the last review hearing before the child reaches 18 years of age, and in addition to the requirements of subsection (2), the court shall:

1. Address whether the child plans to remain in foster care, and, if so, ensure that the child's transition plan includes a plan for meeting one or more of the criteria specified in s. 39.6251 and determine if the child has entered into a formal agreement for an ongoing relationship with a supportive adult.

2. Ensure that the transition plan includes a supervised living arrangement under s. 39.6251.

3. Ensure the child has been informed of:

a. The right to continued support and services from the department and the community-based care lead agency.

b. The right to request termination of dependency jurisdiction and be discharged from foster care.

c. The opportunity to reenter foster care under s. 39.6251.

4. Ensure that the child, if he or she requests termination of dependency jurisdiction and discharge from foster care, has been informed of:

a. Services or benefits for which the child may be eligible based on his or her former placement in foster care, including, but not limited to, the assistance of the Office of Continuing Care under s. 414.56.

b. Services or benefits that may be lost through termination of dependency jurisdiction.

c. Other federal, state, local, or community-based services or supports available to him or her.

(4) REVIEW HEARINGS FOR YOUNG ADULTS IN FOSTER CARE.—During each period of time that a young adult remains in foster care, the court shall review the status of the young adult at least every 6 months and must hold a permanency review hearing at least annually.

(e)1. Notwithstanding the provisions of this subsection, if a young adult has chosen to remain in extended foster care after he or she has reached 18 years of age, the department may not close a case and the court may not terminate jurisdiction until the court finds, following a hearing, that the following criteria have been met:

a.~~1.~~ Attendance of the young adult at the hearing; or

b.~~2.~~ Findings by the court that:

(I)~~a.~~ The young adult has been informed by the department of his or her right to attend the hearing and has provided written consent to waive this right; and

(II)~~b.~~ The young adult has been informed of the potential negative effects of early termination of care, the option to reenter care before reaching 21 years of age, the procedure for, and limitations on, reentering care, and the availability of alternative services, and has signed a document attesting that he or she has been so informed and understands these provisions; or

(III)~~c.~~ The young adult has voluntarily left the program, has not signed the document in sub-subparagraph b., and is unwilling to participate in any further court proceeding.

2.~~3.~~ In all permanency hearings or hearings regarding the transition of the young adult from care to independent living, the court shall consult with the young adult regarding the

proposed permanency plan, case plan, and individual education plan for the young adult and ensure that he or she has understood the conversation. The court shall also inquire of the young adult regarding his or her relationship with the supportive adult with whom the young adult has entered into a formal agreement for an ongoing relationship, if such agreement exists.

Section 25. Paragraph (a) of subsection (3) of section 39.801, Florida Statutes, is amended to read:

39.801 Procedures and jurisdiction; notice; service of process.—

(3) Before the court may terminate parental rights, in addition to the other requirements set forth in this part, the following requirements must be met:

(a) Notice of the date, time, and place of the advisory hearing for the petition to terminate parental rights; if applicable, instructions for appearance through audio-video communication technology; and a copy of the petition must be personally served upon the following persons, specifically notifying them that a petition has been filed:

1. The parents of the child.

2. The legal custodians of the child.

3. If the parents who would be entitled to notice are dead or unknown, a living relative of the child, unless upon diligent search and inquiry no such relative can be found.

4. Any person who has physical custody of the child.

5. Any grandparent entitled to priority for adoption under s. 63.0425.

6. Any prospective parent who has been identified under s.

39.503 or s. 39.803, unless a court order has been entered pursuant to s. 39.503(4) or (9) or s. 39.803(4) or (9) which indicates no further notice is required. Except as otherwise provided in this section, if there is not a legal father, notice of the petition for termination of parental rights must be provided to any known prospective father who is identified under oath before the court or who is identified by a diligent search of the Florida Putative Father Registry. Service of the notice of the petition for termination of parental rights is not required if the prospective father executes an affidavit of nonpaternity or a consent to termination of his parental rights which is accepted by the court after notice and opportunity to be heard by all parties to address the best interests of the child in accepting such affidavit.

7. The guardian ad litem for the child ~~or the representative of the guardian ad litem program, if the program has been appointed~~.

A party may consent to service or notice by e-mail by providing a primary e-mail address to the clerk of the court. The document containing the notice to respond or appear must contain, in type at least as large as the type in the balance of the document, the following or substantially similar language: "FAILURE TO APPEAR AT THIS ADVISORY HEARING CONSTITUTES CONSENT TO THE TERMINATION OF PARENTAL RIGHTS OF THIS CHILD (OR CHILDREN). IF YOU FAIL TO APPEAR ON THE DATE AND TIME SPECIFIED, YOU MAY LOSE ALL LEGAL RIGHTS AS A PARENT TO THE CHILD OR CHILDREN NAMED IN THE PETITION ATTACHED TO THIS NOTICE."

Section 26. Subsection (2) of section 39.807, Florida

Statutes, is amended to read:

39.807 Right to counsel; guardian ad litem.—

(2)(a) The court shall appoint a guardian ad litem to represent the ~~best interest of the~~ child in any termination of parental rights proceedings and shall ascertain at each stage of the proceedings whether a guardian ad litem has been appointed.

(b) The guardian ad litem has the ~~following~~ responsibilities and authority specified in s. 39.822.~~:~~

~~1. To investigate the allegations of the petition and any subsequent matters arising in the case and,~~

(c) Unless excused by the court, the guardian ad litem must ~~to~~ file a written report. This report must include a statement of the wishes of the child and the recommendations of the guardian ad litem and must be provided to all parties and the court at least 72 hours before the disposition hearing.

~~2. To be present at all court hearings unless excused by the court.~~

~~3. To represent the best interests of the child until the jurisdiction of the court over the child terminates or until excused by the court.~~

~~(c) A guardian ad litem is not required to post bond but shall file an acceptance of the office.~~

~~(d) A guardian ad litem is entitled to receive service of pleadings and papers as provided by the Florida Rules of Juvenile Procedure.~~

(d) ~~(c)~~ This subsection does not apply to any voluntary relinquishment of parental rights proceeding.

Section 27. Subsection (2) of section 39.808, Florida Statutes, is amended to read:

39.808 Advisory hearing; pretrial status conference.—

(2) At the hearing the court shall inform the parties of their rights under s. 39.807, ~~shall~~ appoint counsel for the parties in accordance with legal requirements, and ~~shall~~ appoint a guardian ad litem to represent the ~~interests of the~~ child if one has not already been appointed.

Section 28. Subsection (2) of section 39.815, Florida Statutes, is amended to read:

39.815 Appeal.—

(2) An attorney for the department shall represent the state upon appeal. When a notice of appeal is filed in the circuit court, the clerk shall notify the attorney for the department, ~~together with~~ the attorney for the parent, the guardian ad litem, and the ~~any~~ attorney ad litem for the child, if one is appointed.

Section 29. Section 39.820, Florida Statutes, is repealed.

Section 30. Subsections (1) and (3) of section 39.821, Florida Statutes, are amended to read:

39.821 Qualifications of guardians ad litem.—

(1) Because of the special trust or responsibility placed in a guardian ad litem, the Statewide Guardian ad Litem Office ~~Program~~ may use any private funds collected by the office ~~program~~, or any state funds so designated, to conduct a security background investigation before certifying a volunteer to serve. A security background investigation must include, but need not be limited to, employment history checks, checks of references, local criminal history records checks through local law enforcement agencies, and statewide criminal history records checks through the Department of Law Enforcement. Upon request,

an employer shall furnish a copy of the personnel record for the employee or former employee who is the subject of a security background investigation conducted under this section. The information contained in the personnel record may include, but need not be limited to, disciplinary matters and the reason why the employee was terminated from employment. An employer who releases a personnel record for purposes of a security background investigation is presumed to have acted in good faith and is not liable for information contained in the record without a showing that the employer maliciously falsified the record. A security background investigation conducted under this section must ensure that a person is not certified as a guardian ad litem if the person has an arrest awaiting final disposition for, been convicted of, regardless of adjudication, entered a plea of nolo contendere or guilty to, or been adjudicated delinquent and the record has not been sealed or expunged for, any offense prohibited under the provisions listed in s. 435.04. All applicants must undergo a level 2 background screening pursuant to chapter 435 before being certified to serve as a guardian ad litem. In analyzing and evaluating the information obtained in the security background investigation, the office ~~program~~ must give particular emphasis to past activities involving children, including, but not limited to, child-related criminal offenses or child abuse. The office ~~program~~ has sole discretion in determining whether to certify a person based on his or her security background investigation. The information collected pursuant to the security background investigation is confidential and exempt from s. 119.07(1).

(3) It is a misdemeanor of the first degree, punishable as

provided in s. 775.082 or s. 775.083, for any person to willfully, knowingly, or intentionally fail, by false statement, misrepresentation, impersonation, or other fraudulent means, to disclose in any application for a volunteer position or for paid employment with the Statewide Guardian ad Litem Office ~~Program~~, any material fact used in making a determination as to the applicant's qualifications for such position.

Section 31. Section 39.822, Florida Statutes, is amended to read:

39.822 Appointment of guardian ad litem for abused, abandoned, or neglected child.—

(1) A guardian ad litem shall be appointed by the court at the earliest possible time to represent the child in any child abuse, abandonment, or neglect judicial proceeding, whether civil or criminal. A guardian ad litem is a fiduciary and must provide independent representation of the child using a best interest standard of decisionmaking and advocacy.

(2)(a) A guardian ad litem must:

1. Be present at all court hearings unless excused by the court.

2. Investigate issues related to the best interest of the child who is the subject of the appointment, review all disposition recommendations and changes in placement, and, unless excused by the court, file written reports and recommendations in accordance with general law.

3. Represent the child until the court's jurisdiction over the child terminates or until excused by the court.

4. Advocate for the child's participation in the proceedings and to report the child's preferences to the court,

to the extent the child has the ability and desire to express his or her preferences.

5. Perform other duties that are consistent with the scope of the appointment.

(b) A guardian ad litem shall have immediate and unlimited access to the children he or she represents.

(c) A guardian ad litem is not required to post bond but must file an acceptance of the appointment.

(d) A guardian ad litem is entitled to receive service of pleadings and papers as provided by the Florida Rules of Juvenile Procedure.

(3) Any person participating in a civil or criminal judicial proceeding resulting from such appointment shall be presumed prima facie to be acting in good faith and in so doing shall be immune from any liability, civil or criminal, that otherwise might be incurred or imposed.

(4) ~~(2)~~ In those cases in which the parents are financially able, the parent or parents of the child shall reimburse the court, in part or in whole, for the cost of provision of guardian ad litem representation ~~services~~. Reimbursement to the individual providing guardian ad litem representation is not ~~services shall not be~~ contingent upon successful collection by the court from the parent or parents.

(5) ~~(3)~~ Upon presentation by a guardian ad litem of a court order appointing the guardian ad litem:

(a) An agency, as defined in chapter 119, shall allow the guardian ad litem to inspect and copy records related to the best interests of the child who is the subject of the appointment, including, but not limited to, records made

confidential or exempt from s. 119.07(1) or s. 24(a), Art. I of the State Constitution. The guardian ad litem shall maintain the confidential or exempt status of any records shared by an agency under this paragraph.

(b) A person or an organization, other than an agency under paragraph (a), shall allow the guardian ad litem to inspect and copy any records related to the best interests of the child who is the subject of the appointment, including, but not limited to, confidential records.

For the purposes of this subsection, the term "records related to the best interests of the child" includes, but is not limited to, medical, mental health, substance abuse, child care, education, law enforcement, court, social services, and financial records.

~~(4) The guardian ad litem or the program representative shall review all disposition recommendations and changes in placements, and must be present at all critical stages of the dependency proceeding or submit a written report of recommendations to the court. Written reports must be filed with the court and served on all parties whose whereabouts are known at least 72 hours prior to the hearing.~~

Section 32. Subsection (4) of section 39.827, Florida Statutes, is amended to read:

39.827 Hearing for appointment of a guardian advocate.—

(4) The hearing under this section must ~~shall~~ remain confidential and closed to the public. The clerk shall keep all court records required by this part separate from other records of the circuit court. All court records required by this part

are ~~shall be~~ confidential and exempt from ~~the provisions of~~ s. 119.07(1). ~~All~~ Records may only ~~shall~~ be inspected ~~only~~ upon order of the court by persons deemed by the court to have a proper interest therein, except that a child and the parents or custodians of the child and their attorneys, the guardian ad litem, ~~and~~ the department and its designees, and the attorney ad litem, if one is appointed, ~~shall~~ always have the right to inspect and copy any official record pertaining to the child. The court may permit authorized representatives of recognized organizations compiling statistics for proper purposes to inspect and make abstracts from official records, under whatever conditions upon their use and disposition the court may deem proper, and may punish by contempt proceedings any violation of those conditions. All information obtained pursuant to this part in the discharge of official duty by any judge, employee of the court, or authorized agent of the department is ~~shall be~~ confidential and exempt from ~~the provisions of~~ s. 119.07(1) and may ~~shall~~ not be disclosed to anyone other than the authorized personnel of the court or the department and its designees, except upon order of the court.

Section 33. Paragraphs (a), (b), and (d) of subsection (1) and subsection (2) of section 39.8296, Florida Statutes, are amended to read:

39.8296 Statewide Guardian ad Litem Office; legislative findings and intent; creation; appointment of executive director; duties of office.—

(1) LEGISLATIVE FINDINGS AND INTENT.—

(a) The Legislature finds that for the past 20 years, the Statewide Guardian ad Litem Office ~~Program~~ has been the only

mechanism for best interest representation for children in Florida who are involved in dependency proceedings.

(b) The Legislature also finds that while the Statewide Guardian ad Litem Office ~~Program~~ has been supervised by court administration within the circuit courts since the office's ~~program's~~ inception, there is a perceived conflict of interest created by the supervision of program staff by the judges before whom they appear.

(d) It is therefore the intent of the Legislature to place the Statewide Guardian ad Litem Office ~~Program~~ in an appropriate place and provide a statewide infrastructure to increase functioning and standardization among the local offices ~~programs~~ currently operating in the 20 judicial circuits.

(2) STATEWIDE GUARDIAN AD LITEM OFFICE.—There is created a Statewide Guardian ad Litem Office within the Justice Administrative Commission. The Justice Administrative Commission shall provide administrative support and service to the office to the extent requested by the executive director within the available resources of the commission. The Statewide Guardian ad Litem Office is not subject to control, supervision, or direction by the Justice Administrative Commission in the performance of its duties, but the employees of the office are governed by the classification plan and salary and benefits plan approved by the Justice Administrative Commission.

(a) The head of the Statewide Guardian ad Litem Office is the executive director, who shall be appointed by the Governor from a list of a minimum of three eligible applicants submitted by a Guardian ad Litem Qualifications Committee. The Guardian ad Litem Qualifications Committee shall be composed of five

persons, two persons appointed by the Governor, two persons appointed by the Chief Justice of the Supreme Court, and one person appointed by the Statewide Guardian ad Litem Office ~~Association~~. The committee shall provide for statewide advertisement and the receiving of applications for the position of executive director. The Governor shall appoint an executive director from among the recommendations, or the Governor may reject the nominations and request the submission of new nominees. The executive director must have knowledge in dependency law and knowledge of social service delivery systems available to meet the needs of children who are abused, neglected, or abandoned. The executive director shall serve on a full-time basis and shall personally, or through representatives of the office, carry out the purposes and functions of the Statewide Guardian ad Litem Office in accordance with state and federal law and the state's long-established policy of prioritizing children's best interests. The executive director shall report to the Governor. The executive director shall serve a 3-year term, subject to removal for cause by the Governor. Any person appointed to serve as the executive director may be permitted to serve more than one term without the necessity of convening the Guardian ad Litem Qualifications Committee.

(b) The Statewide Guardian ad Litem Office shall, within available resources, have oversight responsibilities for and provide technical assistance to all guardian ad litem and attorney ad litem offices ~~programs~~ located within the judicial circuits.

1. The office shall identify the resources required to implement methods of collecting, reporting, and tracking

reliable and consistent case data.

2. The office shall review the current guardian ad litem offices ~~programs~~ in Florida and other states.

3. The office, in consultation with local guardian ad litem offices, shall develop statewide performance measures and standards.

4. The office shall develop and maintain a guardian ad litem training program, which must be updated regularly~~, which shall include, but is not limited to, training on the recognition of and responses to head trauma and brain injury in a child under 6 years of age. The office shall establish a curriculum committee to develop the training program specified in this subparagraph. The curriculum committee shall include, but not be limited to, dependency judges, directors of circuit guardian ad litem programs, active certified guardians ad litem, a mental health professional who specializes in the treatment of children, a member of a child advocacy group, a representative of a domestic violence advocacy group, an individual with a degree in social work, and a social worker experienced in working with victims and perpetrators of child abuse~~.

5. The office shall review the various methods of funding guardian ad litem offices ~~programs~~, maximize the use of those funding sources to the extent possible, and review the kinds of services being provided by circuit guardian ad litem offices ~~programs~~.

6. The office shall determine the feasibility or desirability of new concepts of organization, administration, financing, or service delivery designed to preserve the civil and constitutional rights and fulfill other needs of dependent

children.

7. The office shall ensure that each child has an attorney assigned to his or her case and, within available resources, is represented using multidisciplinary teams that may include volunteers, pro bono attorneys, social workers, and mentors.

8. The office shall provide oversight and technical assistance to attorneys ad litem, including, but not limited to, all of the following:

a. Develop an attorney ad litem training program in collaboration with dependency court stakeholders, including, but not limited to, dependency judges, representatives from legal aid providing attorney ad litem representation, and an attorney ad litem appointed from a registry maintained by the chief judge. The training program must be updated regularly with or without convening the stakeholders group.

b. Offer consultation and technical assistance to chief judges in maintaining attorney registries for the selection of attorneys ad litem.

c. Assist with recruitment, training, and mentoring of attorneys ad litem as needed.

9.~~7.~~ In an effort to promote normalcy and establish trust between a ~~court-appointed volunteer~~ guardian ad litem and a child alleged to be abused, abandoned, or neglected under this chapter, a guardian ad litem may transport a child. However, a guardian ad litem ~~volunteer~~ may not be required by a guardian ad litem circuit office or ordered by ~~or directed by the program or~~ a court to transport a child.

10.~~8.~~ The office shall submit to the Governor, the President of the Senate, the Speaker of the House of

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Representatives, and the Chief Justice of the Supreme Court an interim report describing the progress of the office in meeting the goals as described in this section. The office shall submit to the Governor, the President of the Senate, the Speaker of the House of Representatives, and the Chief Justice of the Supreme Court a proposed plan including alternatives for meeting the state's guardian ad litem and attorney ad litem needs. This plan may include recommendations for less than the entire state, may include a phase-in system, and shall include estimates of the cost of each of the alternatives. Each year the office shall provide a status report and provide further recommendations to address the need for guardian ad litem representation ~~services~~ and related issues.

Section 34. Section 39.8297, Florida Statutes, is amended to read:

39.8297 County funding for guardian ad litem employees.—

(1) A county and the executive director of the Statewide Guardian ad Litem Office may enter into an agreement by which the county agrees to provide funds to the local guardian ad litem office in order to employ persons who will assist in the operation of the guardian ad litem office ~~program~~ in the county.

(2) The agreement, at a minimum, must provide that:

(a) Funding for the persons who are employed will be provided on at least a fiscal-year basis.

(b) The persons who are employed will be hired, supervised, managed, and terminated by the executive director of the Statewide Guardian ad Litem Office. The statewide office is responsible for compliance with all requirements of federal and state employment laws, and shall fully indemnify the county from

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

any liability under such laws, as authorized by s. 768.28(19), to the extent such liability is the result of the acts or omissions of the Statewide Guardian ad Litem Office or its agents or employees.

(c) The county is the employer for purposes of s. 440.10 and chapter 443.

(d) Employees funded by the county under this section and other county employees may be aggregated for purposes of a flexible benefits plan pursuant to s. 125 of the Internal Revenue Code of 1986.

(e) Persons employed under this section may be terminated after a substantial breach of the agreement or because funding to the guardian ad litem office ~~program~~ has expired.

(3) Persons employed under this section may not be counted in a formula or similar process used by the Statewide Guardian ad Litem Office to measure personnel needs of a judicial circuit's guardian ad litem office ~~program~~.

(4) Agreements created pursuant to this section do not obligate the state to allocate funds to a county to employ persons in the guardian ad litem office ~~program~~.

Section 35. Section 1009.898, Florida Statutes, is created to read:

1009.898 Fostering Prosperity grants.—

(1) Subject to the appropriation of funds for that purpose by the Legislature, the Fostering Prosperity program shall administer the following grants to youth and young adults aging out of foster care:

(a) Grants to provide financial literacy instruction using a curriculum developed by the Department of Financial Services

in consultation with the Department of Education.

(b) Grants to provide CLT, SAT, or ACT preparation, including one-on-one support and fee waivers for the examinations.

(c) Grants to youth and young adults planning to pursue trade careers or paid apprenticeships.

(2) If a young adult who is aging out of foster care is reunited with his or her parent, the grants must remain available for the young adult for up to 1 year after reunification.

(3) The State Board of Education shall adopt rules to administer this section.

Section 36. Subsection (1) of section 29.008, Florida Statutes, is amended to read:

29.008 County funding of court-related functions.—

(1) Counties are required by s. 14, Art. V of the State Constitution to fund the cost of communications services, existing radio systems, existing multiagency criminal justice information systems, and the cost of construction or lease, maintenance, utilities, and security of facilities for the circuit and county courts, public defenders' offices, state attorneys' offices, guardian ad litem offices, and the offices of the clerks of the circuit and county courts performing court-related functions. For purposes of this section, the term "circuit and county courts" includes the offices and staffing of the guardian ad litem offices ~~programs~~, and the term "public defenders' offices" includes the offices of criminal conflict and civil regional counsel. The county designated under s. 35.05(1) as the headquarters for each appellate district shall

fund these costs for the appellate division of the public defender's office in that county. For purposes of implementing these requirements, the term:

(a) "Facility" means reasonable and necessary buildings and office space and appurtenant equipment and furnishings, structures, real estate, easements, and related interests in real estate, including, but not limited to, those for the purpose of housing legal materials for use by the general public and personnel, equipment, or functions of the circuit or county courts, public defenders' offices, state attorneys' offices, and court-related functions of the office of the clerks of the circuit and county courts and all storage. The term "facility" includes all wiring necessary for court reporting services. The term also includes access to parking for such facilities in connection with such court-related functions that may be available free or from a private provider or a local government for a fee. The office space provided by a county may not be less than the standards for space allotment adopted by the Department of Management Services, except this requirement applies only to facilities that are leased, or on which construction commences, after June 30, 2003. County funding must include physical modifications and improvements to all facilities as are required for compliance with the Americans with Disabilities Act. Upon mutual agreement of a county and the affected entity in this paragraph, the office space provided by the county may vary from the standards for space allotment adopted by the Department of Management Services.

1. As of July 1, 2005, equipment and furnishings shall be limited to that appropriate and customary for courtrooms,

hearing rooms, jury facilities, and other public areas in courthouses and any other facility occupied by the courts, state attorneys, public defenders, guardians ad litem, and criminal conflict and civil regional counsel. Court reporting equipment in these areas or facilities is not a responsibility of the county.

2. Equipment and furnishings under this paragraph in existence and owned by counties on July 1, 2005, except for that in the possession of the clerks, for areas other than courtrooms, hearing rooms, jury facilities, and other public areas in courthouses and any other facility occupied by the courts, state attorneys, and public defenders, shall be transferred to the state at no charge. This provision does not apply to any communications services as defined in paragraph (f).

(b) "Construction or lease" includes, but is not limited to, all reasonable and necessary costs of the acquisition or lease of facilities for all judicial officers, staff, jurors, volunteers of a tenant agency, and the public for the circuit and county courts, the public defenders' offices, state attorneys' offices, and for performing the court-related functions of the offices of the clerks of the circuit and county courts. This includes expenses related to financing such facilities and the existing and future cost and bonded indebtedness associated with placing the facilities in use.

(c) "Maintenance" includes, but is not limited to, all reasonable and necessary costs of custodial and groundskeeping services and renovation and reconstruction as needed to accommodate functions for the circuit and county courts, the

public defenders' offices, and state attorneys' offices and for performing the court-related functions of the offices of the clerks of the circuit and county court and for maintaining the facilities in a condition appropriate and safe for the use intended.

(d) "Utilities" means all electricity services for light, heat, and power; natural or manufactured gas services for light, heat, and power; water and wastewater services and systems, stormwater or runoff services and systems, sewer services and systems, all costs or fees associated with these services and systems, and any costs or fees associated with the mitigation of environmental impacts directly related to the facility.

(e) "Security" includes but is not limited to, all reasonable and necessary costs of services of law enforcement officers or licensed security guards and all electronic, cellular, or digital monitoring and screening devices necessary to ensure the safety and security of all persons visiting or working in a facility; to provide for security of the facility, including protection of property owned by the county or the state; and for security of prisoners brought to any facility. This includes bailiffs while providing courtroom and other security for each judge and other quasi-judicial officers.

(f) "Communications services" are defined as any reasonable and necessary transmission, emission, and reception of signs, signals, writings, images, and sounds of intelligence of any nature by wire, radio, optical, audio equipment, or other electromagnetic systems and includes all facilities and equipment owned, leased, or used by judges, clerks, public defenders, state attorneys, guardians ad litem, criminal

conflict and civil regional counsel, and all staff of the state courts system, state attorneys' offices, public defenders' offices, and clerks of the circuit and county courts performing court-related functions. Such system or services shall include, but not be limited to:

1. Telephone system infrastructure, including computer lines, telephone switching equipment, and maintenance, and facsimile equipment, wireless communications, cellular telephones, pagers, and video teleconferencing equipment and line charges. Each county shall continue to provide access to a local carrier for local and long distance service and shall pay toll charges for local and long distance service.

2. All computer networks, systems and equipment, including computer hardware and software, modems, printers, wiring, network connections, maintenance, support staff or services including any county-funded support staff located in the offices of the circuit court, county courts, state attorneys, public defenders, guardians ad litem, and criminal conflict and civil regional counsel; training, supplies, and line charges necessary for an integrated computer system to support the operations and management of the state courts system, the offices of the public defenders, the offices of the state attorneys, the guardian ad litem offices, the offices of criminal conflict and civil regional counsel, and the offices of the clerks of the circuit and county courts; and the capability to connect those entities and reporting data to the state as required for the transmission of revenue, performance accountability, case management, data collection, budgeting, and auditing purposes. The integrated computer system shall be operational by July 1, 2006, and, at a

minimum, permit the exchange of financial, performance accountability, case management, case disposition, and other data across multiple state and county information systems involving multiple users at both the state level and within each judicial circuit and be able to electronically exchange judicial case background data, sentencing scoresheets, and video evidence information stored in integrated case management systems over secure networks. Once the integrated system becomes operational, counties may reject requests to purchase communications services included in this subparagraph not in compliance with standards, protocols, or processes adopted by the board established pursuant to former s. 29.0086.

3. Courier messenger and subpoena services.

4. Auxiliary aids and services for qualified individuals with a disability which are necessary to ensure access to the courts. Such auxiliary aids and services include, but are not limited to, sign language interpretation services required under the federal Americans with Disabilities Act other than services required to satisfy due-process requirements and identified as a state funding responsibility pursuant to ss. 29.004-29.007, real-time transcription services for individuals who are hearing impaired, and assistive listening devices and the equipment necessary to implement such accommodations.

(g) "Existing radio systems" includes, but is not limited to, law enforcement radio systems that are used by the circuit and county courts, the offices of the public defenders, the offices of the state attorneys, and for court-related functions of the offices of the clerks of the circuit and county courts. This includes radio systems that were operational or under

contract at the time Revision No. 7, 1998, to Art. V of the State Constitution was adopted and any enhancements made thereafter, the maintenance of those systems, and the personnel and supplies necessary for operation.

(h) "Existing multiagency criminal justice information systems" includes, but is not limited to, those components of the multiagency criminal justice information system as defined in s. 943.045, supporting the offices of the circuit or county courts, the public defenders' offices, the state attorneys' offices, or those portions of the offices of the clerks of the circuit and county courts performing court-related functions that are used to carry out the court-related activities of those entities. This includes upgrades and maintenance of the current equipment, maintenance and upgrades of supporting technology infrastructure and associated staff, and services and expenses to assure continued information sharing and reporting of information to the state. The counties shall also provide additional information technology services, hardware, and software as needed for new judges and staff of the state courts system, state attorneys' offices, public defenders' offices, guardian ad litem offices, and the offices of the clerks of the circuit and county courts performing court-related functions.

Section 37. Paragraph (a) of subsection (1) of section 39.6011, Florida Statutes, is amended to read:

39.6011 Case plan development.—

(1) The department shall prepare a draft of the case plan for each child receiving services under this chapter. A parent of a child may not be threatened or coerced with the loss of custody or parental rights for failing to admit in the case plan

of abusing, neglecting, or abandoning a child. Participating in the development of a case plan is not an admission to any allegation of abuse, abandonment, or neglect, and it is not a consent to a finding of dependency or termination of parental rights. The case plan shall be developed subject to the following requirements:

(a) The case plan must be developed in a face-to-face conference with the parent of the child, the ~~any~~ court-appointed guardian ad litem, and, if appropriate, the child and the temporary custodian of the child.

Section 38. Subsection (8) of section 40.24, Florida Statutes, is amended to read:

40.24 Compensation and reimbursement policy.—

(8) In circuits that elect to allow jurors to donate their jury service fee upon conclusion of juror service, each juror may irrevocably donate all of the juror's compensation to the 26 U.S.C. s. 501(c)(3) organization specified by the Statewide Guardian ad Litem Office ~~program~~ or to a domestic violence shelter as specified annually on a rotating basis by the clerk of court in the circuit for the juror's county of residence. The funds collected may not reduce or offset the amount of compensation that the Statewide Guardian ad Litem Office ~~program~~ or domestic violence shelter would otherwise receive from the state. The clerk of court shall ensure that all jurors are given written notice at the conclusion of their service that they have the option to so donate their compensation, and that the applicable program specified by the Statewide Guardian ad Litem Office ~~program~~ or a domestic violence shelter receives all funds donated by the jurors. Any circuit guardian ad litem office

~~program~~ receiving donations of juror compensation must expend such moneys on services for children for whom guardians ad litem have been appointed.

Section 39. Subsections (5), (6), and (7) of section 43.16, Florida Statutes, are amended to read:

43.16 Justice Administrative Commission; membership, powers and duties.—

(5) The duties of the commission shall include, but not be limited to, the following:

(a) The maintenance of a central state office for administrative services and assistance when possible to and on behalf of the state attorneys and public defenders of Florida, the capital collateral regional counsel of Florida, the criminal conflict and civil regional counsel, and the Statewide Guardian Ad Litem Office ~~Program~~.

(b) Each state attorney, public defender, and criminal conflict and civil regional counsel and the Statewide Guardian Ad Litem Office ~~Program~~ shall continue to prepare necessary budgets, vouchers that represent valid claims for reimbursement by the state for authorized expenses, and other things incidental to the proper administrative operation of the office, such as revenue transmittals to the Chief Financial Officer and automated systems plans, but will forward such items to the commission for recording and submission to the proper state officer. However, when requested by a state attorney, a public defender, a criminal conflict and civil regional counsel, or the Statewide Guardian Ad Litem Office ~~Program~~, the commission will either assist in the preparation of budget requests, voucher schedules, and other forms and reports or accomplish the entire

project involved.

(6) The commission, each state attorney, each public defender, the criminal conflict and civil regional counsel, the capital collateral regional counsel, and the Statewide Guardian Ad Litem Office ~~Program~~ shall establish and maintain internal controls designed to:

(a) Prevent and detect fraud, waste, and abuse as defined in s. 11.45(1).

(b) Promote and encourage compliance with applicable laws, rules, contracts, grant agreements, and best practices.

(c) Support economical and efficient operations.

(d) Ensure reliability of financial records and reports.

(e) Safeguard assets.

(7) ~~The provisions contained in~~ This section is ~~shall be~~ supplemental to ~~those of~~ chapter 27, relating to state attorneys, public defenders, criminal conflict and civil regional counsel, and capital collateral regional counsel; to ~~those of~~ chapter 39, relating to the Statewide Guardian Ad Litem Office ~~Program~~; or to other laws pertaining hereto.

Section 40. Paragraph (a) of subsection (1) and subsection (4) of section 61.402, Florida Statutes, are amended to read:

61.402 Qualifications of guardians ad litem.—

(1) A person appointed as a guardian ad litem pursuant to s. 61.401 must be:

(a) Certified by the Statewide Guardian Ad Litem Office ~~Program~~ pursuant to s. 39.821;

(b) Certified by a not-for-profit legal aid organization as defined in s. 68.096; or

(c) An attorney who is a member in good standing of The

Florida Bar.

(4) Nothing in this section requires the Statewide Guardian Ad Litem Office ~~Program~~ or a not-for-profit legal aid organization to train or certify guardians ad litem appointed under this chapter.

Section 41. Paragraph (x) of subsection (2) of section 110.205, Florida Statutes, is amended to read:

110.205 Career service; exemptions.—

(2) EXEMPT POSITIONS.—The exempt positions that are not covered by this part include the following:

(x) All officers and employees of the Justice Administrative Commission, Office of the State Attorney, Office of the Public Defender, regional offices of capital collateral counsel, offices of criminal conflict and civil regional counsel, and Statewide Guardian Ad Litem Office, including the circuit guardian ad litem offices ~~programs~~.

Section 42. Paragraph (b) of subsection (96) of section 320.08058, Florida Statutes, is amended to read:

320.08058 Specialty license plates.—

(96) GUARDIAN AD LITEM LICENSE PLATES.—

(b) The annual use fees from the sale of the plate shall be distributed to the Florida Guardian Ad Litem Foundation, Inc., a direct-support organization and a nonprofit corporation under s. 501(c)(3) of the Internal Revenue Code. Up to 10 percent of the proceeds may be used for administrative costs and the marketing of the plate. The remainder of the proceeds must be used in this state to support the mission and efforts of the Statewide Guardian Ad Litem Office ~~Program~~ to represent abused, abandoned, and neglected children and advocate for their best interests;

recruit and retain volunteer child advocates; and meet the unique needs of the dependent children the program serves.

Section 43. Paragraph (e) of subsection (3) of section 943.053, Florida Statutes, is amended to read:

943.053 Dissemination of criminal justice information; fees.—

(3)

(e) The fee per record for criminal history information provided pursuant to this subsection and s. 943.0542 is $24 per name submitted, except that the fee for the Statewide Guardian Ad Litem Office ~~program~~ and vendors of the Department of Children and Families, the Department of Juvenile Justice, the Agency for Persons with Disabilities, and the Department of Elderly Affairs is $8 for each name submitted; the fee for a state criminal history provided for application processing as required by law to be performed by the Department of Agriculture and Consumer Services is $15 for each name submitted; and the fee for requests under s. 943.0542, which implements the National Child Protection Act, is $18 for each volunteer name submitted. An office of the public defender or an office of criminal conflict and civil regional counsel may not be assessed a fee for Florida criminal history information or wanted person information.

Section 44. Subsection (2) of section 985.43, Florida Statutes, is amended to read:

985.43 Predisposition reports; other evaluations.—

(2) The court shall consider the child's entire assessment and predisposition report and shall review the records of earlier judicial proceedings before making a final disposition

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

of the case. If the child is under the jurisdiction of a dependency court, the court may receive and consider any information provided by the Statewide Guardian Ad Litem Office ~~Program~~ and the child's attorney ad litem, if one is appointed. The court may, by order, require additional evaluations and studies to be performed by the department; the county school system; or any social, psychological, or psychiatric agency of the state. The court shall order the educational needs assessment completed under s. 985.18(2) to be included in the assessment and predisposition report.

Section 45. Subsection (4) of section 985.441, Florida Statutes, is amended to read:

985.441 Commitment.—

(4) The department may transfer a child, when necessary to appropriately administer the child's commitment, from one facility or program to another facility or program operated, contracted, subcontracted, or designated by the department, including a postcommitment nonresidential conditional release program, except that the department may not transfer any child adjudicated solely for a misdemeanor to a residential program except as provided in subsection (2). The department shall notify the court that committed the child to the department and any attorney of record for the child, in writing, of its intent to transfer the child from a commitment facility or program to another facility or program of a higher or lower restrictiveness level. If the child is under the jurisdiction of a dependency court, the department shall also provide notice to the dependency court, ~~and~~ the Department of Children and Families, ~~and, if appointed,~~ the Statewide Guardian Ad Litem Office,

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

~~Program~~ and the child's attorney ad litem, if one is appointed. The court that committed the child may agree to the transfer or may set a hearing to review the transfer. If the court does not respond within 10 days after receipt of the notice, the transfer of the child shall be deemed granted.

Section 46. Subsection (3) of section 985.455, Florida Statutes, is amended to read:

985.455 Other dispositional issues.—

(3) Any commitment of a delinquent child to the department must be for an indeterminate period of time, which may include periods of temporary release; however, the period of time may not exceed the maximum term of imprisonment that an adult may serve for the same offense, except that the duration of a minimum-risk nonresidential commitment for an offense that is a misdemeanor of the second degree, or is equivalent to a misdemeanor of the second degree, may be for a period not to exceed 6 months. The duration of the child's placement in a commitment program of any restrictiveness level shall be based on objective performance-based treatment planning. The child's treatment plan progress and adjustment-related issues shall be reported to the court quarterly, unless the court requests monthly reports. If the child is under the jurisdiction of a dependency court, the court may receive and consider any information provided by the Statewide Guardian Ad Litem Office ~~Program~~ or the child's attorney ad litem, if one is appointed. The child's length of stay in a commitment program may be extended if the child fails to comply with or participate in treatment activities. The child's length of stay in the program shall not be extended for purposes of sanction or punishment.

Any temporary release from such program must be approved by the court. Any child so committed may be discharged from institutional confinement or a program upon the direction of the department with the concurrence of the court. The child's treatment plan progress and adjustment-related issues must be communicated to the court at the time the department requests the court to consider releasing the child from the commitment program. The department shall give the court that committed the child to the department reasonable notice, in writing, of its desire to discharge the child from a commitment facility. The court that committed the child may thereafter accept or reject the request. If the court does not respond within 10 days after receipt of the notice, the request of the department shall be deemed granted. This section does not limit the department's authority to revoke a child's temporary release status and return the child to a commitment facility for any violation of the terms and conditions of the temporary release.

Section 47. Paragraph (b) of subsection (4) of section 985.461, Florida Statutes, is amended to read:

985.461 Transition to adulthood.—

(4) As part of the child's treatment plan, the department may provide transition-to-adulthood services to children released from residential commitment. To support participation in transition-to-adulthood services and subject to appropriation, the department may:

(b) Use community reentry teams to assist in the development of a list of age-appropriate activities and responsibilities to be incorporated in the child's written case plan for any youth who is under the custody or supervision of

the department. Community reentry teams may include representatives from school districts, law enforcement, workforce development services, community-based service providers, the Statewide Guardian Ad Litem Office ~~Program~~, and the youth's family. Such community reentry teams must be created within existing resources provided to the department. Activities may include, but are not limited to, life skills training, including training to develop banking and budgeting skills, interviewing and career planning skills, parenting skills, personal health management, and time management or organizational skills; educational support; employment training; and counseling.

Section 48. Subsection (11) of section 985.48, Florida Statutes, is amended to read:

985.48 Juvenile sexual offender commitment programs; sexual abuse intervention networks.—

(11) Membership of a sexual abuse intervention network shall include, but is not limited to, representatives from:

(a) Local law enforcement agencies;

(b) Local school boards;

(c) Child protective investigators;

(d) The office of the state attorney;

(e) The office of the public defender;

(f) The juvenile division of the circuit court;

(g) Professionals licensed under chapter 458, chapter 459, s. 490.0145, or s. 491.0144 providing treatment for juvenile sexual offenders or their victims;

(h) The Statewide Guardian Ad Litem Office ~~program~~;

(i) The Department of Juvenile Justice; and

(j) The Department of Children and Families.

Section 49. Subsection (1) of section 39.302, Florida Statutes, is amended to read:

39.302 Protective investigations of institutional child abuse, abandonment, or neglect.—

(1) The department shall conduct a child protective investigation of each report of institutional child abuse, abandonment, or neglect. Upon receipt of a report that alleges that an employee or agent of the department, or any other entity or person covered by s. 39.01(39) or (57) ~~s. 39.01(36) or (54)~~, acting in an official capacity, has committed an act of child abuse, abandonment, or neglect, the department shall initiate a child protective investigation within the timeframe established under s. 39.101(2) and notify the appropriate state attorney, law enforcement agency, and licensing agency, which shall immediately conduct a joint investigation, unless independent investigations are more feasible. When conducting investigations or having face-to-face interviews with the child, investigation visits shall be unannounced unless it is determined by the department or its agent that unannounced visits threaten the safety of the child. If a facility is exempt from licensing, the department shall inform the owner or operator of the facility of the report. Each agency conducting a joint investigation is entitled to full access to the information gathered by the department in the course of the investigation. A protective investigation must include an interview with the child's parent or legal guardian. The department shall make a full written report to the state attorney within 3 business days after making the oral report. A criminal investigation shall be coordinated,

whenever possible, with the child protective investigation of the department. Any interested person who has information regarding the offenses described in this subsection may forward a statement to the state attorney as to whether prosecution is warranted and appropriate. Within 15 days after the completion of the investigation, the state attorney shall report the findings to the department and shall include in the report a determination of whether or not prosecution is justified and appropriate in view of the circumstances of the specific case.

Section 50. Paragraph (c) of subsection (1) of section 39.521, Florida Statutes, is amended to read:

39.521 Disposition hearings; powers of disposition.—

(1) A disposition hearing shall be conducted by the court, if the court finds that the facts alleged in the petition for dependency were proven in the adjudicatory hearing, or if the parents or legal custodians have consented to the finding of dependency or admitted the allegations in the petition, have failed to appear for the arraignment hearing after proper notice, or have not been located despite a diligent search having been conducted.

(c) When any child is adjudicated by a court to be dependent, the court having jurisdiction of the child has the power by order to:

1. Require the parent and, when appropriate, the legal guardian or the child to participate in treatment and services identified as necessary. The court may require the person who has custody or who is requesting custody of the child to submit to a mental health or substance abuse disorder assessment or evaluation. The order may be made only upon good cause shown and

pursuant to notice and procedural requirements provided under the Florida Rules of Juvenile Procedure. The mental health assessment or evaluation must be administered by a qualified professional as defined in s. 39.01, and the substance abuse assessment or evaluation must be administered by a qualified professional as defined in s. 397.311. The court may also require such person to participate in and comply with treatment and services identified as necessary, including, when appropriate and available, participation in and compliance with a mental health court program established under chapter 394 or a treatment-based drug court program established under s. 397.334. Adjudication of a child as dependent based upon evidence of harm as defined in s. 39.01(37)(g) ~~s. 39.01(34)(g)~~ demonstrates good cause, and the court shall require the parent whose actions caused the harm to submit to a substance abuse disorder assessment or evaluation and to participate and comply with treatment and services identified in the assessment or evaluation as being necessary. In addition to supervision by the department, the court, including the mental health court program or the treatment-based drug court program, may oversee the progress and compliance with treatment by a person who has custody or is requesting custody of the child. The court may impose appropriate available sanctions for noncompliance upon a person who has custody or is requesting custody of the child or make a finding of noncompliance for consideration in determining whether an alternative placement of the child is in the child's best interests. Any order entered under this subparagraph may be made only upon good cause shown. This subparagraph does not authorize placement of a child with a person seeking custody of

the child, other than the child's parent or legal custodian, who requires mental health or substance abuse disorder treatment.

2. Require, if the court deems necessary, the parties to participate in dependency mediation.

3. Require placement of the child either under the protective supervision of an authorized agent of the department in the home of one or both of the child's parents or in the home of a relative of the child or another adult approved by the court, or in the custody of the department. Protective supervision continues until the court terminates it or until the child reaches the age of 18, whichever date is first. Protective supervision shall be terminated by the court whenever the court determines that permanency has been achieved for the child, whether with a parent, another relative, or a legal custodian, and that protective supervision is no longer needed. The termination of supervision may be with or without retaining jurisdiction, at the court's discretion, and shall in either case be considered a permanency option for the child. The order terminating supervision by the department must set forth the powers of the custodian of the child and include the powers ordinarily granted to a guardian of the person of a minor unless otherwise specified. Upon the court's termination of supervision by the department, further judicial reviews are not required if permanency has been established for the child.

4. Determine whether the child has a strong attachment to the prospective permanent guardian and whether such guardian has a strong commitment to permanently caring for the child.

Section 51. Paragraph (c) of subsection (2) of section 61.13, Florida Statutes, is amended to read:

61.13 Support of children; parenting and time-sharing; powers of court.—

(2)

(c) The court shall determine all matters relating to parenting and time-sharing of each minor child of the parties in accordance with the best interests of the child and in accordance with the Uniform Child Custody Jurisdiction and Enforcement Act, except that modification of a parenting plan and time-sharing schedule requires a showing of a substantial and material change of circumstances.

1. It is the public policy of this state that each minor child has frequent and continuing contact with both parents after the parents separate or the marriage of the parties is dissolved and to encourage parents to share the rights and responsibilities, and joys, of childrearing. Unless otherwise provided in this section or agreed to by the parties, there is a rebuttable presumption that equal time-sharing of a minor child is in the best interests of the minor child. To rebut this presumption, a party must prove by a preponderance of the evidence that equal time-sharing is not in the best interests of the minor child. Except when a time-sharing schedule is agreed to by the parties and approved by the court, the court must evaluate all of the factors set forth in subsection (3) and make specific written findings of fact when creating or modifying a time-sharing schedule.

2. The court shall order that the parental responsibility for a minor child be shared by both parents unless the court finds that shared parental responsibility would be detrimental to the child. In determining detriment to the child, the court

shall consider:

a. Evidence of domestic violence, as defined in s. 741.28;

b. Whether either parent has or has had reasonable cause to believe that he or she or his or her minor child or children are or have been in imminent danger of becoming victims of an act of domestic violence as defined in s. 741.28 or sexual violence as defined in s. 784.046(1)(c) by the other parent against the parent or against the child or children whom the parents share in common regardless of whether a cause of action has been brought or is currently pending in the court;

c. Whether either parent has or has had reasonable cause to believe that his or her minor child or children are or have been in imminent danger of becoming victims of an act of abuse ~~as defined in s. 39.01(2)~~, abandonment ~~as defined in s. 39.01(1)~~, or neglect, as those terms are defined in s. 39.01, ~~s. 39.01(50)~~ by the other parent against the child or children whom the parents share in common regardless of whether a cause of action has been brought or is currently pending in the court; and

d. Any other relevant factors.

3. The following evidence creates a rebuttable presumption that shared parental responsibility is detrimental to the child:

a. A parent has been convicted of a misdemeanor of the first degree or higher involving domestic violence, as defined in s. 741.28 and chapter 775;

b. A parent meets the criteria of s. 39.806(1)(d); or

c. A parent has been convicted of or had adjudication withheld for an offense enumerated in s. 943.0435(1)(h)1.a., and at the time of the offense:

(I) The parent was 18 years of age or older.

(II) The victim was under 18 years of age or the parent believed the victim to be under 18 years of age.

If the presumption is not rebutted after the convicted parent is advised by the court that the presumption exists, shared parental responsibility, including time-sharing with the child, and decisions made regarding the child, may not be granted to the convicted parent. However, the convicted parent is not relieved of any obligation to provide financial support. If the court determines that shared parental responsibility would be detrimental to the child, it may order sole parental responsibility and make such arrangements for time-sharing as specified in the parenting plan as will best protect the child or abused spouse from further harm. Whether or not there is a conviction of any offense of domestic violence or child abuse or the existence of an injunction for protection against domestic violence, the court shall consider evidence of domestic violence or child abuse as evidence of detriment to the child.

4. In ordering shared parental responsibility, the court may consider the expressed desires of the parents and may grant to one party the ultimate responsibility over specific aspects of the child's welfare or may divide those responsibilities between the parties based on the best interests of the child. Areas of responsibility may include education, health care, and any other responsibilities that the court finds unique to a particular family.

5. The court shall order sole parental responsibility for a minor child to one parent, with or without time-sharing with the other parent if it is in the best interests of the minor child.

6. There is a rebuttable presumption against granting time-sharing with a minor child if a parent has been convicted of or had adjudication withheld for an offense enumerated in s. 943.0435(1)(h)1.a., and at the time of the offense:

a. The parent was 18 years of age or older.

b. The victim was under 18 years of age or the parent believed the victim to be under 18 years of age.

A parent may rebut the presumption upon a specific finding in writing by the court that the parent poses no significant risk of harm to the child and that time-sharing is in the best interests of the minor child. If the presumption is rebutted, the court must consider all time-sharing factors in subsection (3) when developing a time-sharing schedule.

7. Access to records and information pertaining to a minor child, including, but not limited to, medical, dental, and school records, may not be denied to either parent. Full rights under this subparagraph apply to either parent unless a court order specifically revokes these rights, including any restrictions on these rights as provided in a domestic violence injunction. A parent having rights under this subparagraph has the same rights upon request as to form, substance, and manner of access as are available to the other parent of a child, including, without limitation, the right to in-person communication with medical, dental, and education providers.

Section 52. Paragraph (d) of subsection (4) of section 119.071, Florida Statutes, is amended to read:

119.071 General exemptions from inspection or copying of public records.—

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

(4) AGENCY PERSONNEL INFORMATION.—

(d)1. For purposes of this paragraph, the term:

a. "Home addresses" means the dwelling location at which an individual resides and includes the physical address, mailing address, street address, parcel identification number, plot identification number, legal property description, neighborhood name and lot number, GPS coordinates, and any other descriptive property information that may reveal the home address.

b. "Judicial assistant" means a court employee assigned to the following class codes: 8140, 8150, 8310, and 8320.

c. "Telephone numbers" includes home telephone numbers, personal cellular telephone numbers, personal pager telephone numbers, and telephone numbers associated with personal communications devices.

2.a. The home addresses, telephone numbers, dates of birth, and photographs of active or former sworn law enforcement personnel or of active or former civilian personnel employed by a law enforcement agency, including correctional and correctional probation officers, personnel of the Department of Children and Families whose duties include the investigation of abuse, neglect, exploitation, fraud, theft, or other criminal activities, personnel of the Department of Health whose duties are to support the investigation of child abuse or neglect, and personnel of the Department of Revenue or local governments whose responsibilities include revenue collection and enforcement or child support enforcement; the names, home addresses, telephone numbers, photographs, dates of birth, and places of employment of the spouses and children of such personnel; and the names and locations of schools and day care

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

facilities attended by the children of such personnel are exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

b. The home addresses, telephone numbers, dates of birth, and photographs of current or former nonsworn investigative personnel of the Department of Financial Services whose duties include the investigation of fraud, theft, workers' compensation coverage requirements and compliance, other related criminal activities, or state regulatory requirement violations; the names, home addresses, telephone numbers, dates of birth, and places of employment of the spouses and children of such personnel; and the names and locations of schools and day care facilities attended by the children of such personnel are exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

c. The home addresses, telephone numbers, dates of birth, and photographs of current or former nonsworn investigative personnel of the Office of Financial Regulation's Bureau of Financial Investigations whose duties include the investigation of fraud, theft, other related criminal activities, or state regulatory requirement violations; the names, home addresses, telephone numbers, dates of birth, and places of employment of the spouses and children of such personnel; and the names and locations of schools and day care facilities attended by the children of such personnel are exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

d. The home addresses, telephone numbers, dates of birth, and photographs of current or former firefighters certified in compliance with s. 633.408; the names, home addresses, telephone

numbers, photographs, dates of birth, and places of employment of the spouses and children of such firefighters; and the names and locations of schools and day care facilities attended by the children of such firefighters are exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

e. The home addresses, dates of birth, and telephone numbers of current or former justices of the Supreme Court, district court of appeal judges, circuit court judges, and county court judges~~,~~ and ~~of~~ current judicial assistants; the names, home addresses, telephone numbers, dates of birth, and places of employment of the spouses and children of current or former justices and judges and ~~of~~ current judicial assistants; and the names and locations of schools and day care facilities attended by the children of current or former justices and judges and of current judicial assistants are exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution. This sub-subparagraph is subject to the Open Government Sunset Review Act in accordance with s. 119.15 and shall stand repealed on October 2, 2028, unless reviewed and saved from repeal through reenactment by the Legislature.

f. The home addresses, telephone numbers, dates of birth, and photographs of current or former state attorneys, assistant state attorneys, statewide prosecutors, or assistant statewide prosecutors; the names, home addresses, telephone numbers, photographs, dates of birth, and places of employment of the spouses and children of current or former state attorneys, assistant state attorneys, statewide prosecutors, or assistant statewide prosecutors; and the names and locations of schools and day care facilities attended by the children of current or

former state attorneys, assistant state attorneys, statewide prosecutors, or assistant statewide prosecutors are exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

g. The home addresses, dates of birth, and telephone numbers of general magistrates, special magistrates, judges of compensation claims, administrative law judges of the Division of Administrative Hearings, and child support enforcement hearing officers; the names, home addresses, telephone numbers, dates of birth, and places of employment of the spouses and children of general magistrates, special magistrates, judges of compensation claims, administrative law judges of the Division of Administrative Hearings, and child support enforcement hearing officers; and the names and locations of schools and day care facilities attended by the children of general magistrates, special magistrates, judges of compensation claims, administrative law judges of the Division of Administrative Hearings, and child support enforcement hearing officers are exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

h. The home addresses, telephone numbers, dates of birth, and photographs of current or former human resource, labor relations, or employee relations directors, assistant directors, managers, or assistant managers of any local government agency or water management district whose duties include hiring and firing employees, labor contract negotiation, administration, or other personnel-related duties; the names, home addresses, telephone numbers, dates of birth, and places of employment of the spouses and children of such personnel; and the names and locations of schools and day care facilities attended by the

children of such personnel are exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

i. The home addresses, telephone numbers, dates of birth, and photographs of current or former code enforcement officers; the names, home addresses, telephone numbers, dates of birth, and places of employment of the spouses and children of such personnel; and the names and locations of schools and day care facilities attended by the children of such personnel are exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

j. The home addresses, telephone numbers, places of employment, dates of birth, and photographs of current or former guardians ad litem, as defined in s. 39.01 ~~s. 39.820~~; the names, home addresses, telephone numbers, dates of birth, and places of employment of the spouses and children of such persons; and the names and locations of schools and day care facilities attended by the children of such persons are exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

k. The home addresses, telephone numbers, dates of birth, and photographs of current or former juvenile probation officers, juvenile probation supervisors, detention superintendents, assistant detention superintendents, juvenile justice detention officers I and II, juvenile justice detention officer supervisors, juvenile justice residential officers, juvenile justice residential officer supervisors I and II, juvenile justice counselors, juvenile justice counselor supervisors, human services counselor administrators, senior human services counselor administrators, rehabilitation therapists, and social services counselors of the Department of

Juvenile Justice; the names, home addresses, telephone numbers, dates of birth, and places of employment of spouses and children of such personnel; and the names and locations of schools and day care facilities attended by the children of such personnel are exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

l. The home addresses, telephone numbers, dates of birth, and photographs of current or former public defenders, assistant public defenders, criminal conflict and civil regional counsel, and assistant criminal conflict and civil regional counsel; the names, home addresses, telephone numbers, dates of birth, and places of employment of the spouses and children of current or former public defenders, assistant public defenders, criminal conflict and civil regional counsel, and assistant criminal conflict and civil regional counsel; and the names and locations of schools and day care facilities attended by the children of current or former public defenders, assistant public defenders, criminal conflict and civil regional counsel, and assistant criminal conflict and civil regional counsel are exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

m. The home addresses, telephone numbers, dates of birth, and photographs of current or former investigators or inspectors of the Department of Business and Professional Regulation; the names, home addresses, telephone numbers, dates of birth, and places of employment of the spouses and children of such current or former investigators and inspectors; and the names and locations of schools and day care facilities attended by the children of such current or former investigators and inspectors are exempt from s. 119.07(1) and s. 24(a), Art. I of the State

Constitution.

n. The home addresses, telephone numbers, and dates of birth of county tax collectors; the names, home addresses, telephone numbers, dates of birth, and places of employment of the spouses and children of such tax collectors; and the names and locations of schools and day care facilities attended by the children of such tax collectors are exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

o. The home addresses, telephone numbers, dates of birth, and photographs of current or former personnel of the Department of Health whose duties include, or result in, the determination or adjudication of eligibility for social security disability benefits, the investigation or prosecution of complaints filed against health care practitioners, or the inspection of health care practitioners or health care facilities licensed by the Department of Health; the names, home addresses, telephone numbers, dates of birth, and places of employment of the spouses and children of such personnel; and the names and locations of schools and day care facilities attended by the children of such personnel are exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

p. The home addresses, telephone numbers, dates of birth, and photographs of current or former impaired practitioner consultants who are retained by an agency or current or former employees of an impaired practitioner consultant whose duties result in a determination of a person’s skill and safety to practice a licensed profession; the names, home addresses, telephone numbers, dates of birth, and places of employment of the spouses and children of such consultants or their employees;

and the names and locations of schools and day care facilities attended by the children of such consultants or employees are exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

q. The home addresses, telephone numbers, dates of birth, and photographs of current or former emergency medical technicians or paramedics certified under chapter 401; the names, home addresses, telephone numbers, dates of birth, and places of employment of the spouses and children of such emergency medical technicians or paramedics; and the names and locations of schools and day care facilities attended by the children of such emergency medical technicians or paramedics are exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

r. The home addresses, telephone numbers, dates of birth, and photographs of current or former personnel employed in an agency's office of inspector general or internal audit department whose duties include auditing or investigating waste, fraud, abuse, theft, exploitation, or other activities that could lead to criminal prosecution or administrative discipline; the names, home addresses, telephone numbers, dates of birth, and places of employment of spouses and children of such personnel; and the names and locations of schools and day care facilities attended by the children of such personnel are exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

s. The home addresses, telephone numbers, dates of birth, and photographs of current or former directors, managers, supervisors, nurses, and clinical employees of an addiction

treatment facility; the home addresses, telephone numbers, photographs, dates of birth, and places of employment of the spouses and children of such personnel; and the names and locations of schools and day care facilities attended by the children of such personnel are exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution. For purposes of this sub-subparagraph, the term "addiction treatment facility" means a county government, or agency thereof, that is licensed pursuant to s. 397.401 and provides substance abuse prevention, intervention, or clinical treatment, including any licensed service component described in s. 397.311(26).

t. The home addresses, telephone numbers, dates of birth, and photographs of current or former directors, managers, supervisors, and clinical employees of a child advocacy center that meets the standards of s. 39.3035(2) and fulfills the screening requirement of s. 39.3035(3), and the members of a Child Protection Team as described in s. 39.303 whose duties include supporting the investigation of child abuse or sexual abuse, child abandonment, child neglect, and child exploitation or to provide services as part of a multidisciplinary case review team; the names, home addresses, telephone numbers, photographs, dates of birth, and places of employment of the spouses and children of such personnel and members; and the names and locations of schools and day care facilities attended by the children of such personnel and members are exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

u. The home addresses, telephone numbers, places of employment, dates of birth, and photographs of current or former staff and domestic violence advocates, as defined in s.

90.5036(1)(b), of domestic violence centers certified by the Department of Children and Families under chapter 39; the names, home addresses, telephone numbers, places of employment, dates of birth, and photographs of the spouses and children of such personnel; and the names and locations of schools and day care facilities attended by the children of such personnel are exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

v. The home addresses, telephone numbers, dates of birth, and photographs of current or former inspectors or investigators of the Department of Agriculture and Consumer Services; the names, home addresses, telephone numbers, dates of birth, and places of employment of the spouses and children of current or former inspectors or investigators; and the names and locations of schools and day care facilities attended by the children of current or former inspectors or investigators are exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution. This sub-subparagraph is subject to the Open Government Sunset Review Act in accordance with s. 119.15 and shall stand repealed on October 2, 2028, unless reviewed and saved from repeal through reenactment by the Legislature.

3. An agency that is the custodian of the information specified in subparagraph 2. and that is not the employer of the officer, employee, justice, judge, or other person specified in subparagraph 2. must maintain the exempt status of that information only if the officer, employee, justice, judge, other person, or employing agency of the designated employee submits a written and notarized request for maintenance of the exemption to the custodial agency. The request must state under oath the

statutory basis for the individual's exemption request and confirm the individual's status as a party eligible for exempt status.

4.a. A county property appraiser, as defined in s. 192.001(3), or a county tax collector, as defined in s. 192.001(4), who receives a written and notarized request for maintenance of the exemption pursuant to subparagraph 3. must comply by removing the name of the individual with exempt status and the instrument number or Official Records book and page number identifying the property with the exempt status from all publicly available records maintained by the property appraiser or tax collector. For written requests received on or before July 1, 2021, a county property appraiser or county tax collector must comply with this sub-subparagraph by October 1, 2021. A county property appraiser or county tax collector may not remove the street address, legal description, or other information identifying real property within the agency's records so long as a name or personal information otherwise exempt from inspection and copying pursuant to this section is not associated with the property or otherwise displayed in the public records of the agency.

b. Any information restricted from public display, inspection, or copying under sub-subparagraph a. must be provided to the individual whose information was removed.

5. An officer, an employee, a justice, a judge, or other person specified in subparagraph 2. may submit a written request for the release of his or her exempt information to the custodial agency. The written request must be notarized and must specify the information to be released and the party authorized

to receive the information. Upon receipt of the written request, the custodial agency must release the specified information to the party authorized to receive such information.

6. The exemptions in this paragraph apply to information held by an agency before, on, or after the effective date of the exemption.

7. Information made exempt under this paragraph may be disclosed pursuant to s. 28.2221 to a title insurer authorized pursuant to s. 624.401 and its affiliates as defined in s. 624.10; a title insurance agent or title insurance agency as defined in s. 626.841(1) or (2), respectively; or an attorney duly admitted to practice law in this state and in good standing with The Florida Bar.

8. The exempt status of a home address contained in the Official Records is maintained only during the period when a protected party resides at the dwelling location. Upon conveyance of real property after October 1, 2021, and when such real property no longer constitutes a protected party's home address as defined in sub-subparagraph 1.a., the protected party must submit a written request to release the removed information to the county recorder. The written request to release the removed information must be notarized, must confirm that a protected party's request for release is pursuant to a conveyance of his or her dwelling location, and must specify the Official Records book and page, instrument number, or clerk's file number for each document containing the information to be released.

9. Upon the death of a protected party as verified by a certified copy of a death certificate or court order, any party

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

can request the county recorder to release a protected decedent's removed information unless there is a related request on file with the county recorder for continued removal of the decedent's information or unless such removal is otherwise prohibited by statute or by court order. The written request to release the removed information upon the death of a protected party must attach the certified copy of a death certificate or court order and must be notarized, must confirm the request for release is due to the death of a protected party, and must specify the Official Records book and page number, instrument number, or clerk's file number for each document containing the information to be released. A fee may not be charged for the release of any document pursuant to such request.

10. Except as otherwise expressly provided in this paragraph, this paragraph is subject to the Open Government Sunset Review Act in accordance with s. 119.15 and shall stand repealed on October 2, 2024, unless reviewed and saved from repeal through reenactment by the Legislature.

Section 53. Subsection (4) of section 322.09, Florida Statutes, is amended to read:

322.09 Application of minors; responsibility for negligence or misconduct of minor.—

(4) Notwithstanding subsections (1) and (2), if a caregiver of a minor who is under the age of 18 years and is in out-of-home care as defined in s. 39.01 ~~s. 39.01(55)~~, an authorized representative of a residential group home at which such a minor resides, the caseworker at the agency at which the state has placed the minor, or a guardian ad litem specifically authorized by the minor's caregiver to sign for a learner's driver license

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

signs the minor's application for a learner's driver license, that caregiver, group home representative, caseworker, or guardian ad litem does not assume any obligation or become liable for any damages caused by the negligence or willful misconduct of the minor by reason of having signed the application. Before signing the application, the caseworker, authorized group home representative, or guardian ad litem shall notify the caregiver or other responsible party of his or her intent to sign and verify the application.

Section 54. Paragraph (p) of subsection (4) of section 394.495, Florida Statutes, is amended to read:

394.495 Child and adolescent mental health system of care; programs and services.—

(4) The array of services may include, but is not limited to:

(p) Trauma-informed services for children who have suffered sexual exploitation as defined in s. 39.01(80)(g) ~~s. 39.01(77)(g)~~.

Section 55. Section 627.746, Florida Statutes, is amended to read:

627.746 Coverage for minors who have a learner's driver license; additional premium prohibited.—An insurer that issues an insurance policy on a private passenger motor vehicle to a named insured who is a caregiver of a minor who is under the age of 18 years and is in out-of-home care as defined in s. 39.01 ~~s. 39.01(55)~~ may not charge an additional premium for coverage of the minor while the minor is operating the insured vehicle, for the period of time that the minor has a learner's driver license, until such time as the minor obtains a driver license.

Section 56. Paragraph (c) of subsection (1) of section 934.255, Florida Statutes, is amended to read:

934.255 Subpoenas in investigations of sexual offenses.—

(1) As used in this section, the term:

(c) "Sexual abuse of a child" means a criminal offense based on any conduct described in s. 39.01(80) ~~s. 39.01(77)~~.

Section 57. Subsection (5) of section 960.065, Florida Statutes, is amended to read:

960.065 Eligibility for awards.—

(5) A person is not ineligible for an award pursuant to paragraph (2)(a), paragraph (2)(b), or paragraph (2)(c) if that person is a victim of sexual exploitation of a child as defined in s. 39.01(80)(g) ~~s. 39.01(77)(g)~~.

Section 58. The Division of Law Revision is requested to prepare a reviser's bill for the 2025 Regular Session of the Legislature to substitute the term "Statewide Guardian ad Litem Office" for the term "Guardian ad Litem Program" or "Statewide Guardian ad Litem Program" throughout the Florida Statutes.

Section 59. This act shall take effect July 1, 2024.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Fiscal Policy

BILL:	CS/SB 1230
INTRODUCER:	Appropriations Committee on Criminal and Civil Justice and Senator Bradley
SUBJECT:	Sexual Predators and Sexual Offenders
DATE:	February 20, 2024 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Vaughan	Stokes	CJ	**Favorable**
2.	Kolich	Harkness	ACJ	**Fav/CS**
3.	Vaughan	Yeatman	FP	**Favorable**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1230 amends both ss. 775.21 (sexual predators), and 943.0435, F.S. (sexual offenders), to:

- Remove references to "a sanction" in the definition of the terms conviction and convicted.
- Specify that certain sexual predators and sexual offenders must provide the registration number for a vessel, live-aboard vessel, or houseboat.
- Authorize sexual predators and sexual offenders to report to the Department of Law Enforcement (FDLE) or through the FDLE's online system within a specified timeframe after changes to vehicle information.
- Require sexual predators and sexual offenders to register all changes in vehicles owned.
- Require that a sexual predator or sexual offender report in person to the sheriff's office in the county of current residence *at least 48 hours* before the date the person intends to leave this state to establish residence in another state or jurisdiction, or at least 21 days before the intended travel date for any travel outside the United States. Any travel not known at least 48 hours before the person intends to establish a residence in another state or jurisdiction or 21 days before departure for travel outside the United States must be reported to the sheriff's office as soon as possible before departure.
- Specify that the FDLE must notify the intended country of travel of such travel.
- Establish that transient check-in information shall be gathered by each sheriff's office in a manner set forth by the FDLE, rather than each sheriff's office determining how to conduct check-ins. The sheriff's office must electronically submit such information within 2 business days after the sexual predator or sexual offender provides it to the sheriff's office.

- Require sexual predators and offenders to respond to any address verification correspondence from FDLE or from county or local law enforcement agencies within three weeks after the date of the correspondence, rather than only from FDLE.
- Specify that each instance of failure to register or report changes to the required information specified constitutes a separate offense.

The bill amends s. 775.21, F.S., to amend the definitions of the terms "permanent residence," "temporary residence," and "transient residence" to specify the number of days a person is required to be in a place for each type of residence.

The bill further amends s. 775.21, F.S., to specify that certain sexual predators must meet criteria provided in s. 943.0435, F.S., to qualify for removal of certain registration requirements.

The bill amends s. 943.0435, F.S., to require the FDLE be notified of a petition for relief and may present evidence at a hearing. A person eligible for relief from registration must show that they do not meet any qualifying criteria.

The bill amends s. 943.0435, F.S., to require all of the following:
- Require the local jail to register sexual offenders in their custody within certain time frames;
- Require jail custodians to take digital photographs of sexual offenders in their custody, provide those photographs to the FDLE, and notify the FDLE if the sexual offender escapes or dies.

The bill will have an insignificant negative fiscal impact on FDLE. See Section V., Fiscal Impact Statement.

The bill takes effect October 1, 2024.

II. Present Situation:

Sexual Predators and Offenders

The Florida Department of Law Enforcement is the state agency responsible for Florida's sex offender registry. The information contained in the sex offender registry is reported directly to FDLE by the Florida Department of Corrections (DOC), the Florida Department of Highway Safety and Motor Vehicles (DHSMV), and law enforcement officials.[1] Florida's sexual offender and sexual predator registration laws were implemented in 1993 and 1997.[2] The sex offender registry database is a statewide system that collects and disseminates sex offender information to the public and law enforcement agencies through the Sexual Offender Predator System (SOPS). The designation of a person as a sexual offender is not a sentence or a punishment but is simply the status of the offender which is the result of a conviction for having committed certain crimes.[3]

[3] *State v. McKenzie*, 331 So.3d 666 (Fla. 2021).

Florida's Sexual Predator and Sexual Offender Registration Laws

Florida law requires registration of any person who has been convicted or adjudicated delinquent of a specified sex offense or offenses and who meets other statutory criteria that qualify the person for designation as a sexual predator or classification as a sexual offender.[4] The registration laws also require reregistration and provide for public and community notification of certain information about sexual predators and sexual offenders. The laws span several different chapters and numerous statutes[5] and are implemented through the combined efforts of the FDLE, all Florida sheriffs, the Department of Corrections (DOC), the Department of Juvenile Justice (DJJ), the DHSMV, and the Department of Children and Families.

A person is designated as a sexual predator by a court if the person:

- Has been convicted of a qualifying capital, life, or first degree felony sex offense committed on or after October 1, 1993;[6]
- Has been convicted of a qualifying sex offense committed on or after October 1, 1993, and has a prior conviction for a qualifying sex offense; or
- Was found to be a sexually violent predator in a civil commitment proceeding.[7]

A person is classified as a sexual offender if the person:

- Has been convicted of a qualifying sex offense and has been released on or after October 1, 1997, from the sanction imposed for that offense;
- Establishes or maintains a Florida residence and is subject to registration or community or public notification in another state or jurisdiction or is in the custody or control of, or under the supervision of, another state or jurisdiction as a result of a conviction for a qualifying sex offense; or
- On or after July 1, 2007, has been adjudicated delinquent of a qualifying sexual battery or lewd offense committed when the juvenile was 14 years of age or older.[8]

Requirements for registration and reregistration are similar for sexual predators and sexual offenders, but the frequency of reregistration may differ.[9] Registration requirements may also differ based on a special status, e.g., the sexual predator or sexual offender is in the DOC's control or custody, under the DOC's or the DJJ's supervision, or in a residential commitment program under the DJJ.

---

[4] Sections 775.21 and 943.0435, F.S.

[5] Sections 775.21-775.25, 943.043-943.0437, 944.606, 944.607, and 985.481-985.4815, F.S.

[6] Examples of qualifying sex offenses are sexual battery by an adult on a child under 12 years of age (s. 794.011(2)(a), F.S.) and lewd battery by an adult on a child 12 years of age or older but under 16 years of age (s. 800.04(4)(a), F.S.).

[7] Section 775.21(4) and (5), F.S. The Jimmy Ryce Involuntary Civil Commitment for Sexually Violent Predators' Treatment and Care Act, part V, ch. 394, F.S., provides for the civil confinement of a group of sexual offenders who, due to their criminal history and the presence of mental abnormality, are found likely to engage in future acts of sexual violence if they are not confined in a secure facility for long-term control, care, and treatment.

[8] Sections 943.0435(1)(h) and 985.4815(1)(h), F.S. Sections 944.606(1)(f) and 944.607(1)(f), F.S., which address sexual offenders in the custody of or under the DOC's supervision, also define the term "sexual offender."

[9] All sexual predators, sexual offenders convicted for offenses specified in s. 943.0435(14)(b), F.S., and juvenile sexual offenders required to register per s. 943.0435(1)(h)1.d., F.S., for certain offenses must reregister four times per year (on the birth month of the sexual predator or qualifying sexual offender and every third month thereafter). Sections 775.21(8)(a), 943.0435(14)(b), 944.607(13)(a), and 985.4815(13)(a), F.S. All other sexual offenders are required to reregister two times per year (on the birth month of the qualifying sexual offender and during the sixth month following the sexual offender's birth month). Section 943.0435(14)(a), F.S.

Sexual predators and sexual offenders are required to report at registration and reregistration certain information, including but not limited to, physical characteristics, relevant sex offense history, and information on residence, vehicles/vessels owned, and travel. The FDLE, through its agency website, provides a searchable database that includes some of this information.[10] Further, local law enforcement agencies may also provide access to this information, such as providing a link to the state public registry webpage.

FDLE's Online System

The FDLE is required to establish an online system through which sexual predators and sexual offenders may securely access, submit, and update all electronic mail addresses; Internet identifiers and each Internet identifier's corresponding website homepage or application software name; home telephone numbers and cellular telephone numbers; employment information; and institution of higher education information.[11]

A sexual predator or sexual offender must register all electronic mail addresses and Internet identifiers, and each Internet identifier's corresponding website homepage or application software name, with the FDLE through the FDLE's online system or in person at the sheriff's office within 48 hours after using such electronic mail addresses and Internet identifiers. If the sexual predator or sexual offender is in the custody or control, or under the supervision, of the DOC, he or she must report all electronic mail addresses and Internet identifiers, and each Internet identifier's corresponding website homepage or application software name, to the DOC before using such electronic mail addresses or Internet identifiers. If the sexual predator or sexual offender is in the custody or control, or under the supervision, of the DJJ, he or she must report all electronic mail addresses and Internet identifiers, and each Internet identifier's corresponding website homepage or application software name, to the DJJ before using such electronic mail addresses or Internet identifiers.[12]

A sexual predator or sexual offender must register all changes to home telephone numbers and cellular telephone numbers, including added and deleted numbers, all changes to employment information, and all changes in status related to enrollment, volunteering, or employment at institutions of higher education in the same manner previously described.[13]

Currently, the law does not specify that a sexual predator and sexual offender may report changes to vehicles owned through FDLE's online system. The FDLE notes that "[c]urrent law requires sexual offenders and predators to report in-person to the sheriff's office within 48 hours after any change in vehicle owned. While vehicle information is incredibly important to law enforcement, the mandate to have every change to this information reported in-person to the

[10] The FDLE is the central repository for registration information. The department also maintains the state public registry and ensures Florida's compliance with federal laws. The Florida sheriffs handle in-person registration and reregistration. The FDLE maintains a database that allows members of the public to search for sexual offenders and sexual predators through a variety of search options, including name, neighborhood, and enrollment, employment, or volunteer status at an institute of higher education. *See* http://offender.fdle.state.fl.us/offender/Search.jsp (last visited on Mar. 4, 2021).
[11] Sections 775.21(6)(g)5.c. and 943.0435(4)(e)3., F.S.
[12] Sections 775.21(6)(g)5.a. and 943.0435(4)(e)1., F.S.
[13] Sections 775.21(6)(g)5.b. and 943.0435(4)(e)2., F.S.

sheriff's office has created a significant burden."[14] Further, according to the FDLE, "[a]llowing registrants the option to report their vehicle information and address changes online will facilitate faster access to this critical information and reduce the impact on sheriff's offices."[15]

Reporting when Driver License or State Identification is Renewed and Reporting Change of Residence or Name

Within 48 hours after initial registration with the sheriff's office, a sexual predator or sexual offender who is not incarcerated and who resides in the community, including a sexual predator under the supervision of the DOC, must register in person at a driver license office of the DHSMV and present proof of registration unless a driver license or an identification card that complies with the requirements of s. 322.141(3), F.S., was previously secured or updated under s. 944.607, F.S.[16]

At the driver license office the sexual predator or sexual offender must do all of the following:

- If otherwise qualified, secure a Florida driver license, renew a Florida driver license, or secure an identification card.
- Identify himself or herself as a sexual predator or sexual offender who is required to register, provide his or her place of permanent, temporary, or transient residence, including a rural route address and a post office box, and submit to the taking of a photograph for use in issuing a driver license, a renewed license, or an identification card, and for use by the FDLE in maintaining current records of sexual predators. (There are registration requirements for other places of residence such as mobile homes and vessels.)
- Pay the costs assessed by the DHSMV for issuing or renewing a driver license or an identification card.
- Provide, upon request, any additional information necessary to confirm the identity of the sexual predator, including a set of fingerprints.[17]

Each time a sexual predator's or sexual offender's driver license or identification card is subject to renewal, and, without regard to the status of the predator's or offender's driver license or identification card, within 48 hours after any change of the predator's or offender's residence or change in the predator's or offender's name by reason of marriage or other legal process, the predator or offender must report in person to a driver license office and is subject to the requirements previously described. The DHSMV must forward to the FDLE and the DOC all photographs and information provided by sexual predators or sexual offenders.[18]

A sexual predator or sexual offender who is unable to secure or update a driver license or an identification card with the DHSMV as previously described must also report any change of the predator's or offender's residence or change in the predator's or offender's name by reason of marriage or other legal process within 48 hours after the change to the sheriff's office in the county where the predator resides or is located and provide confirmation that he or she reported

such information to the DHSMV. These reporting requirements do not negate the requirement for a sexual predator or sexual offender to obtain a Florida driver license or identification card.[19]

Reporting Residence in Another State or Jurisdiction and Travel

A sexual predator or sexual offender who intends to establish a permanent, temporary, or transient residence in another state or jurisdiction other than Florida must report in person to the sheriff of the county of current residence within 48 hours before the date he or she intends to leave this state to establish residence in another state or jurisdiction or at least 21 days before the date he or she intends to travel if the intended residence of 5 days or more is outside of the United States. Any travel that is not known by the sexual predator or sexual offender 21 days before the departure date must be reported to the sheriff's office as soon as possible before departure.[20]

The sexual predator or sexual offender must provide to the sheriff the address, municipality, county, state, and country of intended residence. For international travel, the sexual predator or sexual offender must also provide travel information, including, but not limited to, expected departure and return dates, flight number, airport of departure, cruise port of departure, or any other means of intended travel.[21]

The sheriff must promptly provide to the FDLE the information received from the sexual predator or sexual offender. The FDLE must notify the statewide law enforcement agency, or a comparable agency, in the intended state, jurisdiction, or country of residence of the sexual predator's or sexual offender's intended residence. The failure of a sexual predator or sexual offender to provide his or her intended place of residence is a third degree felony.[22]

A sexual predator or sexual offender who indicates his or her intent to establish a permanent, temporary, or transient residence in another state, a jurisdiction other than Florida, or another country and later decides to remain in this state must, within 48 hours after the date upon which the sexual predator or sexual offender indicated he or she would leave this state, report in person to the sheriff to which the sexual predator or sexual offender reported the intended change of residence, and report his or her intent to remain in this state. If the sheriff is notified by the sexual predator or sexual offender that he or she intends to remain in this state, the sheriff must promptly report this information to the FDLE. A sexual predator or sexual offender who reports his or her intent to establish a permanent, temporary, or transient residence in another state, a jurisdiction other than Florida, or another country, but who remains in this state without reporting to the sheriff as previously described commits a second degree felony.[23]

---

[19] *Id.*
[20] Sections 775.21(6)(i) and 943.0435(7), F.S.
[21] *Id.*
[22] *Id.* A third degree felony is punishable by up to 5 years in state prison and a $5,000 fine. Sections 775.082 and 775.083, F.S.
[23] Sections 775.21(6)(j) and (10) and 943.0435(8), F.S. A second degree felony is punishable by up to 15 years in state prison and a $10,000 fine. Sections 775.082 and 775.083, F.S.

Residence Definitions

Section 775.21, F.S., defines the terms "permanent residence," "temporary residence," and "transient residence" for the purpose of reporting residence information. Section 943.0435, F.S., also uses these definitions.[24]

"Permanent residence" means a place where the person abides, lodges, or resides for 3 or more consecutive days.[25]

"Temporary residence" means a place where the person abides, lodges, or resides, including, but not limited to, vacation, business, or personal travel destinations in or out of this state, for a period of 3 or more days in the aggregate during any calendar year and which is not the person's permanent address or, for a person whose permanent residence is not in this state, a place where the person is employed, practices a vocation, or is enrolled as a student for any period of time in this state.[26]

"Transient residence" means a county where a person lives, remains, or is located for a period of 3 or more days in the aggregate during a calendar year and which is not the person's permanent or temporary address. The term includes, but is not limited to, a place where the person sleeps or seeks shelter and a location that has no specific street address.[27]

Section 775.21, F.S., refers to "days" when addressing "permanent residence," "temporary residence," and "transient residence," however the current law does not specify how "a day" is calculated.

Removal Requirements and Sexual Offender Registration Based on Out-of-State Conviction for Offense Not Similar to Florida Offense Requiring Registration and Not Public in Other State

A sexual predator must maintain registration with the FDLE for the duration of his or her life, unless the sexual predator has received a full pardon or has had a conviction set aside in a postconviction proceeding.[28]

Except as provided in s. 943.04354, F.S., a sexual offender must maintain registration with the FDLE for the duration of his or her life unless the sexual offender has received a full pardon or has had a conviction set aside in a postconviction proceeding. However, a sexual offender must be considered for removal of the registration requirement if he or she has been lawfully released from confinement, supervision, or sanction, whichever is later, for at least 25 years and has not been arrested for any felony or misdemeanor offense since release, and the requirement to register was not based on an adult conviction for specified crimes.[29]

[28] Section 775.21(6)(l), F.S.
[29] Section 943.0435(11)(a)1., F.S.

A sexual offender may petition the court to remove the requirement and the court may grant or deny relief if the offender demonstrates to the court that he or she has not been arrested for any crime since release. The requested relief must comply with the U.S. Adam Walsh Child Protection and Safety Act of 2006 and any other federal standards applicable to the removal of registration requirements for a sexual offender or required to be met as a condition for the receipt of federal funds by the state; and the court is otherwise satisfied that the offender is not a current or potential threat to public safety.[30] This relief does not require the court or the offender to notify FDLE of the petitions.

As previously noted, for purposes of sexual offender registration, the definition of "sexual offender" includes, but is not limited to, a person who establishes or maintains a residence in Florida and who has not been designated as a sexual predator by a court of this state but who has been designated as a sexual predator, as a sexually violent predator, or by another sexual offender designation in another state or jurisdiction and was, as a result of such designation, subjected to registration or community or public notification, or both, or would be if the person were a resident of that state or jurisdiction, without regard to whether the person otherwise meets the criteria for registration as a sexual offender.[31]

According to the FDLE, the criteria previously described apply to a person "based solely upon a requirement to register in another state for an offense that is *not* similar to a conviction offense requiring registration in Florida and whose registration in that other state is held confidential, not for public release, and for criminal justice purposes only."[32]

The FDLE has indicated concerns about the application of these criteria to such person. "As Florida does not have a non-public registry, such an individual's registration information would be publicly available."[33]

III. Effect of Proposed Changes:

Section 775.21, F.S., The Florida Sexual Predators Act

The bill amends s. 775.21, F.S., by clarifying definitions of "permanent residence,"[34] "temporary residence,"[35] and "transient residence"[36] by specifying how days are calculated for each type of residence. For each of the above definitions for residence, the first day that a person lives, remains, or is located in a county for the purpose of abiding, lodging, or residing is excluded and each subsequent day is counted. A day includes any part of a calendar day.

The definition for qualifications of transient residence was clarified to include the county where the person is located for the purpose of abiding, lodging, or residing.

[30] Section 943.0435(11)(a)3., F.S.
[31] Section 943.0435(1)(h)1.b., F.S.
[32] *Registry Amendments – Talking Points*, Florida Department of Law Enforcement (on file with the Senate Committee on Criminal Justice).
[33] *Id.*
[34] Section 775.21(2)(k), F.S.
[35] Section 775.21(2)(n), F.S.
[36] Section 775.21(2)(o), F.S.

The bill removes reference to a "sanction" in the definition of "convicted."

The bill clarifies that the removal of registration requirements for persons who have not yet been designated a sexual predator by a court, but has the sexual predator, sexually violent predator, or another sexual offender designation in another state or jurisdiction, must meet the criteria for removal in s. 943.0435, F.S.

Registration and Verification

Section 775.21(6)(d), F.S., is amended to allow a sexual predator to report to the FDLE through their online system or in person to the sheriff's office within 48 hours after any change in vehicles owned. The bill requires a sexual predator to register all changes to vehicles owned.

Section 775.21(6), F.S, specifies the timeframe for sexual predators who intend to establish permanent, temporary, or transient residence in another state or jurisdiction to report to the sheriff *at least* 48 hours before the date intended to leave. If travel is not known to the offender 48 hours prior to departure, it must be reported to the sheriff's office as soon as possible.

All travel outside of the United States must also be reported to the sheriff's office 21 days before the departure date. If travel is not known to the offender 21 days prior to departure, it must be reported as soon as possible before departure.

The FDLE must provide notification of intent to travel.

The bill amends s. 775.21, F.S., to specify if the sexual predator's place of residence is a vessel, live aboard vessel, or house boat, he or she must provide the registration number for the vessel, live-aboard vessel, or houseboat.

Penalties

Section 775.21(10), F.S., adds or clarifies the following reporting requirements for sexual predators:

- Change of name information;
- Employment changes;
- Vehicle ownership, including new vehicles, changes to the make, model, or color, vehicle identification number, and license and tag numbers of previously reported vehicles; and
- Address verification from county or local law enforcement agencies.

The bill also adds language to clarify that each instance of failure to register or report constitutes a separate offense.

Section 943.0435, F.S., Sexual Offenders Required to Register

Section 943.0435, F.S., is amended to allow a sexual offender to report to the FDLE through their online system or in person to the sheriff's office within 48 hours after any change in vehicles owned. The bill requires a sexual offender to register all changes to vehicles owned.

The bill amends s. 943.0435, F.S., to specify if the sexual predator's place of residence is a vessel, live aboard vessel, or houseboat, he or she must provide the registration number for the vessel, live-aboard vessel, or houseboat.

The bill amends s. 943.0435, F.S., to:

- Require the local jail to register sexual offenders in their custody within certain time frames; and
- Require jail custodians to take digital photographs of sexual offenders in their custody, provide those photographs to the FDLE, and notify the FDLE if the sexual offender escapes or dies.

Section 943.0435, F.S, specifies the timeframe for sexual offenders who intend to establish permanent, temporary, or transient residence in another state or jurisdiction to report to the sheriff *at least* 48 hours before the date intended to leave. If travel is not known to the offender 48 hours prior to departure, it must be reported to the sheriff's office as soon as possible.

All travel outside of the United States must also be reported to the sheriff's office 21 days before the departure date. If travel is not known to the offender 21 days prior to departure, it must be reported as soon as possible before departure.

The bill amends s. 943.0435(9)(a), F.S., to specify requirements for reporting and provides that failure to report each instance constitutes a separate offense. It is a third degree felony,[37] for a sexual offender to fail:

- To register;
- After registration, to maintain, acquire, or renew a driver license or ID card;
- To provide required location information;
- To provide change-of-name information;
- To provide electronic mail addresses, internet identifiers, and each Internet identifier's corresponding website homepage or application software name;
- To provide all home telephone numbers and cellular telephone numbers;
- To report any changes to employment information;
- To report changes in status at an institution of higher education;
- To report any changes to vehicles owned, including the addition of new vehicles and changes to the make, model, color, vehicle identification number (VIN), and license tag numbers of previously reported vehicles;
- To make a required report in connection with vacating a permanent residence;
- To reregister as required;
- To respond to any address verification correspondence from the department or from county or local law enforcement agencies within three weeks after the date of the correspondence; and
- To knowingly provide false registration information by act or omission; or who otherwise fails, by act or omission, to comply with the requirements of this section.

[37] Section 893.13(1), F.S. A third degree felony is punishable by up to five years imprisonment and a $5,000 fine. Sections 775.082 and 775.083, F.S.

The FDLE must be notified of a petition for relief by a sexual offender under s. 943.0435(11), F.S.

The bill amends definitions by providing clarification for "educational" institution when referring to an institution of higher education, and by removing references to "a sanction" in the definition of the term convicted. The term sanction referred to a fine, probation, community control, parole, conditional release, control release, or incarceration in state, federal or private prison or local detention facility.

The bill amends both s. 775.21 and s. 943.0435, F.S., by restructuring and reorganizing the language, and making technical changes throughout the bill.

The bill takes effect October 1, 2024.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The FDLE reports this bill requires changes to existing IT systems with an estimated cost of $15,000[38], which can be absorbed within existing resources.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 775.21 and 943.0435.

The bill reenacts the following sections of the Florida Statutes: 944.606, 1012.467, 320.02, 775.25, 938.10, 944.607, 985.481, and 985.4815.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Appropriations Committee on Criminal and Civil Justice:
The committee substitute:
- Removes language created by the bill that relates to the removal of registration requirements for sex offenders.
- Provides a new effective date of October 1, 2024.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

[38] 2024 FDLE Legislative Bill Analysis, January 5, 2024 (on file with the Senate Committee on Criminal Justice).

By the Appropriations Committee on Criminal and Civil Justice; and Senator Bradley

604-03140-24 20241230c1

A bill to be entitled

An act relating to sexual predators and sexual offenders; amending s. 775.21, F.S.; revising the definitions of the terms "conviction," "permanent residence," "temporary residence," and "transient residence"; specifying that, in order to qualify for removal of certain registration requirements, certain sexual offenders must meet specified criteria; authorizing sexual predators to report to the Department of Law Enforcement through the department's online system within a specified timeframe required vehicle information changes after any change in vehicles owned; requiring sheriffs' offices to report to the department transient residence information in a manner prescribed by the department; requiring sheriffs' offices to electronically submit to and update with the department specified information within a specified timeframe after the sexual predator provides it to the sheriff's office; requiring sexual predators to register all changes to vehicles owned through the department's online system; requiring the department to establish an online system through which sexual predators may securely access, submit, and update all vehicles owned; revising the reporting requirements and applicable timeframes with which a sexual predator must comply if he or she intends to establish a certain permanent, temporary, or transient residence or to travel; requiring sheriffs' offices to electronically submit to and update with the

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

604-03140-24 20241230c1

department, in a manner specified by the department, specified information within a specified timeframe after the sexual predator provides it to the sheriff's office; revising the list of requirements for which a sexual predator's failure to comply constitutes a criminal offense; specifying that each instance of a failure to register or report changes to specified required information constitutes a separate offense; conforming provisions to changes made by the act; making technical changes; amending s. 943.0435, F.S.; revising the definition of the term "convicted"; authorizing sexual offenders to report to the department through the department's online system within a specified timeframe required vehicle information changes after any change in vehicles owned; requiring sheriffs' offices to report to the department transient residence information in a manner prescribed by the department; requiring sheriffs' offices to electronically submit to and update with the department specified information within a specified timeframe after the sexual offender provides it to the sheriff's office; requiring sexual offenders to register all changes to vehicles owned through the department's online system; requiring the department to establish an online system through which sexual offenders may securely access, submit, and update all vehicles owned; requiring that, if a sexual offender is in the custody of a local jail, the custodian of the local jail register a sexual offender within a

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

specified timeframe after intake of the sexual offender for any reason and upon release; requiring the custodian to take a digitized photograph of the sexual offender and forward the photograph and such registration information to the department; revising the reporting requirements and applicable timeframes with which a sexual offender must comply if he or she intends to establish a certain permanent, temporary, or transient residence or to travel; revising the list of requirements for which a sexual offender's failure to comply constitutes a criminal offense; specifying that each instance of a failure to register or report changes to specified required information constitutes a separate offense; specifying that, in order to qualify for removal of certain registration requirements, certain sexual offenders must meet specified criteria; requiring sheriffs' offices to electronically submit to and update with the department, in a manner specified by the department, specified information within a specified timeframe after the sexual offender provides it to the sheriff's office; conforming provisions to changes made by the act; making technical changes; reenacting s. 944.606(1)(d), F.S., relating to the definitions of the terms "permanent residence," "temporary residence," and "transient residence," to incorporate the amendment made to s. 775.21, F.S., in a reference thereto; reenacting s. 1012.467(1)(b), F.S., relating to the definition of the term "convicted," to

incorporate the amendment made to s. 943.0435, F.S., in a reference thereto; reenacting ss. 320.02(4), 775.25, 938.10(1), 944.607(4)(a) and (9), 985.481(1)(a) and (d), and 985.4815(1)(b) and (f) and (9), F.S., relating to registration required, application for registration, and forms; prosecutions for acts or omissions; additional court cost imposed in cases of certain crimes; notification to department of information on sexual offenders; sexual offenders adjudicated delinquent and notification upon release; and notification to department of information on juvenile sexual offenders, respectively, to incorporate the amendments to ss. 775.21 and 943.0435, F.S., in references thereto; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 775.21, Florida Statutes, is amended to read:

775.21 The Florida Sexual Predators Act.—

(1) SHORT TITLE.—This section may be cited as "The Florida Sexual Predators Act."

(2) DEFINITIONS.—As used in this section, the term:

(a) "Change in status at an institution of higher education" means the commencement or termination of enrollment, including, but not limited to, traditional classroom setting or online courses, or employment, whether for compensation or as a volunteer, at an institution of higher education or a change in

location of enrollment or employment, whether for compensation or as a volunteer, at an institution of higher education.

(b) "Chief of police" means the chief law enforcement officer of a municipality.

(c) "Child care facility" has the same meaning as provided in s. 402.302.

(d) "Community" means any county where the sexual predator lives or otherwise establishes or maintains a permanent, temporary, or transient residence.

(e) "Conviction" means a determination of guilt which is the result of a trial or the entry of a plea of guilty or nolo contendere, regardless of whether adjudication is withheld. A conviction for a similar offense includes, but is not limited to, a conviction by a federal or military tribunal, including courts-martial conducted by the Armed Forces of the United States, and includes a conviction or entry of a plea of guilty or nolo contendere ~~resulting in a sanction~~ in any state of the United States or other jurisdiction. ~~A sanction includes, but is not limited to, a fine, probation, community control, parole, conditional release, control release, or incarceration in a state prison, federal prison, private correctional facility, or local detention facility.~~

(f) "Department" means the Department of Law Enforcement.

(g) "Electronic mail address" has the same meaning as provided in s. 668.602.

(h) "Entering the county" includes being discharged from a correctional facility or jail or secure treatment facility within the county or being under supervision within the county for the commission of a violation enumerated in subsection (4).

(i) "Institution of higher education" means a career center, a community college, a college, a state university, or an independent postsecondary educational institution.

(j) "Internet identifier" means any designation, moniker, screen name, username, or other name used for self-identification to send or receive social Internet communication. Internet identifier does not include a date of birth, social security number, personal identification number (PIN), or password. A sexual offender's or sexual predator's use of an Internet identifier that discloses his or her date of birth, social security number, PIN ~~personal identification number (PIN)~~, password, or other information that would reveal the identity of the sexual offender or sexual predator waives the disclosure exemption in this paragraph for such personal information.

(k) "Permanent residence" means a place where the person abides, lodges, or resides for 3 or more consecutive days. For the purpose of calculating a permanent residence under this paragraph, the first day that a person abides, lodges, or resides at a place is excluded and each subsequent day is counted. A day includes any part of a calendar day.

(l) "Professional license" means the document of authorization or certification issued by an agency of this state for a regulatory purpose, or by any similar agency in another jurisdiction for a regulatory purpose, to a person to engage in an occupation or to carry out a trade or business.

(m) "Social Internet communication" means any communication through a commercial social networking website as defined in s. 943.0437, or application software. The term does not include any

of the following:

1. Communication for which the primary purpose is the facilitation of commercial transactions involving goods or services;

2. Communication on an Internet website for which the primary purpose of the website is the dissemination of news; or

3. Communication with a governmental entity.

As used in ~~For purposes of~~ this paragraph, the term "application software" means any computer program designed to run on a mobile device such as a smartphone or tablet computer, that allows users to create web pages or profiles that provide information about themselves and are available publicly or to other users, and that offers a mechanism for communication with other users through a forum, a chatroom, electronic mail, or an instant messenger.

(n) "Temporary residence" means a place where the person abides, lodges, or resides, including, but not limited to, vacation, business, or personal travel destinations in or out of this state, for a period of 3 or more days in the aggregate during any calendar year and which is not the person's permanent address or, for a person whose permanent residence is not in this state, a place where the person is employed, practices a vocation, or is enrolled as a student for any period of time in this state. For the purpose of calculating a temporary residence under this paragraph, the first day that a person abides, lodges, or resides at a place is excluded and each subsequent day is counted. A day includes any part of a calendar day.

(o) "Transient residence" means a county where the ~~a~~ person

lives, remains, or is located for the purpose of abiding, lodging, or residing for a period of 3 or more days in the aggregate during a calendar year and which is not the person's permanent or temporary address. The term includes, but is not limited to, a place where the person sleeps or seeks shelter and a location that has no specific street address. For the purpose of calculating a transient residence under this paragraph, the first day that a person lives, remains, or is located in a county for the purpose of abiding, lodging, or residing is excluded and each subsequent day is counted. A day includes any part of a calendar day.

(p) "Vehicles owned" means any motor vehicle as defined in s. 320.01, which is registered, coregistered, leased, titled, or rented by a sexual predator or sexual offender; a rented vehicle that a sexual predator or sexual offender is authorized to drive; or a vehicle for which a sexual predator or sexual offender is insured as a driver. The term also includes any motor vehicle as defined in s. 320.01, which is registered, coregistered, leased, titled, or rented by a person or persons residing at a sexual predator's or sexual offender's permanent residence for 5 or more consecutive days.

(3) LEGISLATIVE FINDINGS AND PURPOSE; LEGISLATIVE INTENT.—

(a) Repeat sexual offenders, sexual offenders who use physical violence, and sexual offenders who prey on children are sexual predators who present an extreme threat to the public safety. Sexual offenders are extremely likely to use physical violence and to repeat their offenses, and most sexual offenders commit many offenses, have many more victims than are ever reported, and are prosecuted for only a fraction of their

crimes. This makes the cost of sexual offender victimization to society at large, while incalculable, clearly exorbitant.

(b) The high level of threat that a sexual predator presents to the public safety, and the long-term effects suffered by victims of sex offenses, provide the state with sufficient justification to implement a strategy that includes:

1. Incarcerating sexual predators and maintaining adequate facilities to ensure that decisions to release sexual predators into the community are not made on the basis of inadequate space.

2. Providing for specialized supervision of sexual predators who are in the community by specially trained probation officers with low caseloads, as described in ss. 947.1405(7) and 948.30. The sexual predator is subject to specified terms and conditions implemented at sentencing or at the time of release from incarceration, with a requirement that those who are financially able must pay all or part of the costs of supervision.

3. Requiring the registration of sexual predators, with a requirement that complete and accurate information be maintained and accessible for use by law enforcement authorities, communities, and the public.

4. Providing for community and public notification concerning the presence of sexual predators.

5. Prohibiting sexual predators from working with children, either for compensation or as a volunteer.

(c) The state has a compelling interest in protecting the public from sexual predators and in protecting children from predatory sexual activity, and there is sufficient justification

for requiring sexual predators to register and for requiring community and public notification of the presence of sexual predators.

(d) It is the purpose of the Legislature that, upon the court's written finding that an offender is a sexual predator, in order to protect the public, it is necessary that the sexual predator be registered with the department and that members of the community and the public be notified of the sexual predator's presence. The designation of a person as a sexual predator is neither a sentence nor a punishment but simply a status resulting from the conviction of certain crimes.

(e) It is the intent of the Legislature to address the problem of sexual predators by:

1. Requiring sexual predators supervised in the community to have special conditions of supervision and to be supervised by probation officers with low caseloads;

2. Requiring sexual predators to register with the ~~Florida~~ department ~~of Law Enforcement~~, as provided in this section; and

3. Requiring community and public notification of the presence of a sexual predator, as provided in this section.

(4) SEXUAL PREDATOR CRITERIA.—

(a) For a current offense committed on or after October 1, 1993, upon conviction, an offender shall be designated as a "sexual predator" under subsection (5), and subject to registration under subsection (6) and community and public notification under subsection (7) if:

1. The felony is:

a. A capital, life, or first degree felony violation, or any attempt thereof, of s. 787.01 or s. 787.02, where the victim

is a minor, or s. 794.011, s. 800.04, or s. 847.0145, or a violation of a similar law of another jurisdiction; or

b. Any felony violation, or any attempt thereof, of s. 393.135(2); s. 394.4593(2); s. 787.01, s. 787.02, or s. 787.025(2)(c), where the victim is a minor; s. 787.06(3)(b), (d), (f), or (g); former s. 787.06(3)(h); s. 794.011, excluding s. 794.011(10); s. 794.05; former s. 796.03; former s. 796.035; s. 800.04; s. 810.145(8)(b); s. 825.1025; s. 827.071; s. 847.0135, excluding s. 847.0135(6); s. 847.0145; s. 895.03, if the court makes a written finding that the racketeering activity involved at least one sexual offense listed in this sub-subparagraph or at least one offense listed in this sub-subparagraph with sexual intent or motive; s. 916.1075(2); or s. 985.701(1); or a violation of a similar law of another jurisdiction, and the offender has previously been convicted of or found to have committed, or has pled nolo contendere or guilty to, regardless of adjudication, any violation of s. 393.135(2); s. 394.4593(2); s. 787.01, s. 787.02, or s. 787.025(2)(c), where the victim is a minor; s. 787.06(3)(b), (d), (f), or (g); former s. 787.06(3)(h); s. 794.011, excluding s. 794.011(10); s. 794.05; former s. 796.03; former s. 796.035; s. 800.04; s. 825.1025; s. 827.071; s. 847.0133; s. 847.0135, excluding s. 847.0135(6); s. 847.0145; s. 895.03, if the court makes a written finding that the racketeering activity involved at least one sexual offense listed in this sub-subparagraph or at least one offense listed in this sub-subparagraph with sexual intent or motive; s. 916.1075(2); or s. 985.701(1); or a violation of a similar law of another jurisdiction;

2. The offender has not received a pardon for any felony or

similar law of another jurisdiction that is necessary for the operation of this paragraph; and

3. A conviction of a felony or similar law of another jurisdiction necessary to the operation of this paragraph has not been set aside in any postconviction proceeding.

(b) In order to be counted as a prior felony for purposes of this subsection, the felony must have resulted in a conviction sentenced separately, or an adjudication of delinquency entered separately, prior to the current offense and sentenced or adjudicated separately from any other felony conviction that is to be counted as a prior felony regardless of the date of offense of the prior felony.

(c) If an offender has been registered as a sexual predator by the Department of Corrections, the department, or any other law enforcement agency and if:

1. The court did not, for whatever reason, make a written finding at the time of sentencing that the offender was a sexual predator; or

2. The offender was administratively registered as a sexual predator because the Department of Corrections, the department, or any other law enforcement agency obtained information that indicated that the offender met the criteria for designation as a sexual predator based on a violation of a similar law in another jurisdiction,

the department shall remove that offender from the department's list of sexual predators and, for an offender described under subparagraph 1., shall notify the state attorney who prosecuted the offense that met the criteria for administrative designation

as a sexual predator, and, for an offender described under this paragraph, shall notify the state attorney of the county where the offender establishes or maintains a permanent, temporary, or transient residence. The state attorney shall bring the matter to the court's attention in order to establish that the offender meets the criteria for designation as a sexual predator. If the court makes a written finding that the offender is a sexual predator, the offender must be designated as a sexual predator, must register or be registered as a sexual predator with the department as provided in subsection (6), and is subject to the community and public notification as provided in subsection (7). If the court does not make a written finding that the offender is a sexual predator, the offender may not be designated as a sexual predator with respect to that offense and is not required to register or be registered as a sexual predator with the department.

(d) An offender who has been determined to be a sexually violent predator pursuant to a civil commitment proceeding under chapter 394 shall be designated as a "sexual predator" under subsection (5) and subject to registration under subsection (6) and community and public notification under subsection (7).

(5) SEXUAL PREDATOR DESIGNATION.—An offender is designated as a sexual predator as follows:

(a)1. An offender who meets the sexual predator criteria described in paragraph (4)(d) is a sexual predator, and the court shall make a written finding at the time such offender is determined to be a sexually violent predator under chapter 394 that such person meets the criteria for designation as a sexual predator for purposes of this section. The clerk shall transmit

a copy of the order containing the written finding to the department within 48 hours after the entry of the order;

2. An offender who meets the sexual predator criteria described in paragraph (4)(a) who is before the court for sentencing for a current offense committed on or after October 1, 1993, is a sexual predator, and the sentencing court must make a written finding at the time of sentencing that the offender is a sexual predator, and the clerk of the court shall transmit a copy of the order containing the written finding to the department within 48 hours after the entry of the order; or

3. If the Department of Corrections, the department, or any other law enforcement agency obtains information which indicates that an offender who establishes or maintains a permanent, temporary, or transient residence in this state meets the sexual predator criteria described in paragraph (4)(a) or paragraph (4)(d) because the offender was civilly committed or committed a similar violation in another jurisdiction on or after October 1, 1993, the Department of Corrections, the department, or the law enforcement agency shall notify the state attorney of the county where the offender establishes or maintains a permanent, temporary, or transient residence of the offender's presence in the community. The state attorney shall file a petition with the criminal division of the circuit court for the purpose of holding a hearing to determine if the offender's criminal record or record of civil commitment from another jurisdiction meets the sexual predator criteria. If the court finds that the offender meets the sexual predator criteria because the offender has violated a similar law or similar laws in another jurisdiction, the court shall make a written finding that the

offender is a sexual predator.

When the court makes a written finding that an offender is a sexual predator, the court shall inform the sexual predator of the registration and community and public notification requirements described in this section. Within 48 hours after the court designates ~~designating~~ an offender as a sexual predator, the clerk of the circuit court shall transmit a copy of the court's written sexual predator finding to the department. If the offender is sentenced to a term of imprisonment or supervision, a copy of the court's written sexual predator finding must be submitted to the Department of Corrections.

(b) If a sexual predator is not sentenced to a term of imprisonment, the clerk of the court shall ensure that the sexual predator's fingerprints are taken and forwarded to the department within 48 hours after the court renders its written sexual predator finding. The fingerprints shall be clearly marked, "Sexual Predator Registration." The clerk of the court that convicts and sentences the sexual predator for the offense or offenses described in subsection (4) shall forward to the department and to the Department of Corrections a certified copy of any order entered by the court imposing any special condition or restriction on the sexual predator that restricts or prohibits access to the victim, if the victim is a minor, or to other minors.

(c) If the Department of Corrections, the department, or any other law enforcement agency obtains information which indicates that an offender meets the sexual predator criteria

but the court did not make a written finding that the offender is a sexual predator as required in paragraph (a), the Department of Corrections, the department, or the law enforcement agency shall notify the state attorney who prosecuted the offense for offenders described in subparagraph (a)1., or the state attorney of the county where the offender establishes or maintains a residence upon first entering the state for offenders described in subparagraph (a)3. The state attorney shall bring the matter to the court's attention in order to establish that the offender meets the sexual predator criteria. If the state attorney fails to establish that an offender meets the sexual predator criteria and the court does not make a written finding that an offender is a sexual predator, the offender is not required to register with the department as a sexual predator. The Department of Corrections, the department, or any other law enforcement agency shall not administratively designate an offender as a sexual predator without a written finding from the court that the offender is a sexual predator.

(d) A person who establishes or maintains a residence in this state and who has not been designated as a sexual predator by a court of this state but who has been designated as a sexual predator, as a sexually violent predator, or any other ~~by another~~ sexual offender designation in another state or jurisdiction and was, as a result of such designation, subjected to registration or community or public notification, or both, or would be if the person was a resident of that state or jurisdiction, without regard to whether the person otherwise meets the criteria for registration as a sexual offender, shall

register in the manner provided in s. 943.0435 or s. 944.607 and shall be subject to community and public notification as provided in s. 943.0435 or s. 944.607. A person who meets the criteria of this section is subject to the requirements and penalty provisions of s. 943.0435 or s. 944.607 until the person provides the department with an order issued by the court that designated the person as a sexual predator, as a sexually violent predator, or any other ~~by another~~ sexual offender designation in the state or jurisdiction in which the order was issued which states that such designation has been removed or demonstrates to the department that such designation, if not imposed by a court, has been removed by operation of law or court order in the state or jurisdiction in which the designation was made, ~~and~~ provided that such person no longer meets the criteria for registration as a sexual offender under the laws of this state. To qualify for removal of the registration requirements under this paragraph, a sexual offender described in this paragraph must meet the criteria for removal under s. 943.0435.

(6) REGISTRATION.—

(a) A sexual predator shall register with the department through the sheriff's office by providing the following information to the department:

1. Name; social security number; age; race; sex; date of birth; height; weight; tattoos or other identifying marks; hair and eye color; photograph; address of legal residence and address of any current temporary residence, within this ~~the~~ state or out of state, including a rural route address and a post office box; if he or she has no permanent or temporary

address, any transient residence within this ~~the~~ state; address, location or description, and dates of any current or known future temporary residence within this ~~the~~ state or out of state; electronic mail addresses; Internet identifiers and each Internet identifier's corresponding website homepage or application software name; home telephone numbers and cellular telephone numbers; employment information; the make, model, color, vehicle identification number (VIN), and license tag number of all vehicles owned; date and place of each conviction; fingerprints; palm prints; and a brief description of the crime or crimes committed by the offender. A post office box may not be provided in lieu of a physical residential address. The sexual predator shall produce his or her passport, if he or she has a passport, and, if he or she is an alien, shall produce or provide information about documents establishing his or her immigration status. The sexual predator shall also provide information about any professional licenses he or she has.

a. Any change that occurs after the sexual predator registers in person at the sheriff's office as provided in this subparagraph in any of the following information related to the sexual predator must be reported as provided in paragraphs (g), (i), and (j): permanent, temporary, or transient residence; name; electronic mail addresses; Internet identifiers and each Internet identifier's corresponding website homepage or application software name; home and cellular telephone numbers; employment information; and status at an institution of higher education.

b. If the sexual predator's place of residence is a motor vehicle, trailer, mobile home, or manufactured home, as those

terms are defined in chapter 320, the sexual predator shall also provide to the department written notice of the vehicle identification number (VIN); the license tag number; the registration number; and a description, including color scheme, of the motor vehicle, trailer, mobile home, or manufactured home. If a sexual predator's place of residence is a vessel, live-aboard vessel, or houseboat, as those terms are defined in chapter 327, the sexual predator shall also provide to the department written notice of the hull identification number; the manufacturer's serial number; the name of the vessel, live-aboard vessel, or houseboat; the registration number of the vessel, live-aboard vessel, or houseboat; and a description, including color scheme, of the vessel, live-aboard vessel, or houseboat.

c. If the sexual predator is enrolled or employed, whether for compensation or as a volunteer, at an institution of higher education in this state, the sexual predator shall also provide to the department the name, address, and county of each institution, including each campus attended, and the sexual predator's enrollment, volunteer, or employment status. The sheriff, the Department of Corrections, or the Department of Juvenile Justice shall promptly notify each institution of higher education of the sexual predator's presence and any change in the sexual predator's enrollment, volunteer, or employment status.

d. A sexual predator shall report to the department through the department's online system or in person to the sheriff's office within 48 hours after any change in vehicles owned to report those vehicle information changes.

2. Any other information determined necessary by the department, including criminal and corrections records; nonprivileged personnel and treatment records; and evidentiary genetic markers when available.

(b) If the sexual predator is in the custody or control of, or under the supervision of, the Department of Corrections, or is in the custody of a private correctional facility, the sexual predator shall register with the Department of Corrections. A sexual predator who is under the supervision of the Department of Corrections but who is not incarcerated shall register with the Department of Corrections within 3 business days after the court finds the offender to be a sexual predator. The Department of Corrections shall provide to the department registration information and the location of, and local telephone number for, any Department of Corrections office that is responsible for supervising the sexual predator. In addition, the Department of Corrections shall notify the department if the sexual predator escapes or absconds from custody or supervision or if the sexual predator dies.

(c) If the sexual predator is in the custody of a local jail, the custodian of the local jail shall register the sexual predator within 3 business days after intake of the sexual predator for any reason and upon release, and shall forward the registration information to the department. The custodian of the local jail shall also take a digitized photograph of the sexual predator while the sexual predator remains in custody and shall provide the digitized photograph to the department. The custodian shall notify the department if the sexual predator escapes from custody or dies.

(d) If the sexual predator is under federal supervision, the federal agency responsible for supervising the sexual predator may forward to the department any information regarding the sexual predator which is consistent with the information provided by the Department of Corrections under this section, and may indicate whether use of the information is restricted to law enforcement purposes only or may be used by the department for purposes of public notification.

(e)1. If the sexual predator is not in the custody or control of, or under the supervision of, the Department of Corrections or is not in the custody of a private correctional facility, the sexual predator shall register in person:

a. At the sheriff's office in the county where he or she establishes or maintains a residence within 48 hours after establishing or maintaining a residence in this state; and

b. At the sheriff's office in the county where he or she was designated a sexual predator by the court within 48 hours after such finding is made.

2. Any change that occurs after the sexual predator registers in person at the sheriff's office as provided in subparagraph 1. in any of the following information related to the sexual predator must be reported as provided in paragraphs (g), (i), and (j): permanent, temporary, or transient residence; name; vehicles owned; electronic mail addresses; Internet identifiers and each Internet identifier's corresponding website homepage or application software name; home and cellular telephone numbers; employment information; and change in status at an institution of higher education. When a sexual predator registers with the sheriff's office, the sheriff shall take a

photograph, a set of fingerprints, and palm prints of the sexual predator and forward the photographs, palm prints, and fingerprints to the department, along with the information that the sexual predator is required to provide pursuant to this section.

(f) Within 48 hours after the registration required under paragraph (a) or paragraph (e), a sexual predator who is not incarcerated and who resides in the community, including a sexual predator under the supervision of the Department of Corrections, shall register in person at a driver license office of the Department of Highway Safety and Motor Vehicles and shall present proof of registration unless a driver license or an identification card that complies with the requirements of s. 322.141(3) was previously secured or updated under s. 944.607. At the driver license office the sexual predator shall:

1. If otherwise qualified, secure a Florida driver license, renew a Florida driver license, or secure an identification card. The sexual predator shall identify himself or herself as a sexual predator who is required to comply with this section, provide his or her place of permanent, temporary, or transient residence, including a rural route address and a post office box, and submit to the taking of a photograph for use in issuing a driver license, a renewed license, or an identification card, and for use by the department in maintaining current records of sexual predators. A post office box may not be provided in lieu of a physical residential address. If the sexual predator's place of residence is a motor vehicle, trailer, mobile home, or manufactured home, as those terms are defined in chapter 320, the sexual predator shall also provide to the Department of

Highway Safety and Motor Vehicles the vehicle identification number (VIN); the license tag number; the registration number; and a description, including color scheme, of the motor vehicle, trailer, mobile home, or manufactured home. If a sexual predator's place of residence is a vessel, live-aboard vessel, or houseboat, as those terms are defined in chapter 327, the sexual predator shall also provide to the Department of Highway Safety and Motor Vehicles the hull identification number; the manufacturer's serial number; the name of the vessel, live-aboard vessel, or houseboat; the registration number of the vessel, live-aboard vessel, or houseboat; and a description, including color scheme, of the vessel, live-aboard vessel, or houseboat.

2. Pay the costs assessed by the Department of Highway Safety and Motor Vehicles for issuing or renewing a driver license or an identification card as required by this section. The driver license or identification card issued to the sexual predator must comply with s. 322.141(3).

3. Provide, upon request, any additional information necessary to confirm the identity of the sexual predator, including a set of fingerprints.

(g)1. Each time a sexual predator's driver license or identification card is subject to renewal, and, without regard to the status of the sexual predator's driver license or identification card, within 48 hours after any change of the sexual predator's residence or change in the sexual predator's name by reason of marriage or other legal process, the sexual predator shall report in person to a driver license office and is subject to the requirements specified in paragraph (f). The

Department of Highway Safety and Motor Vehicles shall forward to the department and to the Department of Corrections all photographs and information provided by sexual predators. Notwithstanding the restrictions set forth in s. 322.142, the Department of Highway Safety and Motor Vehicles may release a reproduction of a color-photograph or digital-image license to the Department of Law Enforcement for purposes of public notification of sexual predators as provided in this section. A sexual predator who is unable to secure or update a driver license or an identification card with the Department of Highway Safety and Motor Vehicles as provided in paragraph (f) and this paragraph shall also report any change in ~~of~~ the sexual predator's permanent, temporary, or transient residence or change in the sexual predator's name by reason of marriage or other legal process within 48 hours after the change to the sheriff's office in the county where the sexual predator resides or is located and provide confirmation that he or she reported such information to the Department of Highway Safety and Motor Vehicles. The reporting requirements under this subparagraph do not negate the requirement for a sexual predator to obtain a Florida driver license or identification card as required by this section.

2.a. A sexual predator who vacates a permanent, temporary, or transient residence and fails to establish or maintain another permanent, temporary, or transient residence shall, within 48 hours after vacating the permanent, temporary, or transient residence, report in person to the sheriff's office of the county in which he or she is located. The sexual predator shall specify the date upon which he or she intends to or did

vacate such residence. The sexual predator shall provide or update all of the registration information required under paragraph (a). The sexual predator shall provide an address for the residence or other place where ~~that~~ he or she is or will be located during the time in which he or she fails to establish or maintain a permanent or temporary residence.

b. A sexual predator shall report in person at the sheriff's office in the county in which he or she is located within 48 hours after establishing a transient residence and thereafter must report in person every 30 days to the sheriff's office in the county in which he or she is located while maintaining a transient residence. The sexual predator must provide the addresses and locations where he or she maintains a transient residence. Each sheriff's office shall report ~~establish procedures for reporting~~ transient residence information in a manner prescribed by the department and provide notice to transient registrants to report transient residence information as required in this sub-subparagraph. Reporting to the sheriff's office as required by this sub-subparagraph does not exempt registrants from any reregistration requirement. The sheriff may coordinate and enter into agreements with police departments and other governmental entities to facilitate additional reporting sites for transient residence registration required in this sub-subparagraph. The sheriff's office shall~~,~~ ~~within 2 business days,~~ electronically submit to and update with the department all such information within 2 business days after ~~provided by~~ the sexual predator provides it to the sheriff's office ~~department~~.

3. A sexual predator who remains at a permanent, temporary,

or transient residence after reporting his or her intent to vacate such residence shall, within 48 hours after the date upon which the sexual predator indicated he or she would or did vacate such residence, report in person to the sheriff's office to which he or she reported pursuant to subparagraph 2. for the purpose of reporting his or her address at such residence. When the sheriff receives the report, the sheriff shall promptly convey the information to the department. A sexual predator ~~An offender~~ who makes a report as required under subparagraph 2. but fails to make a report as required under this subparagraph commits a felony of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

4. The failure of a sexual predator who maintains a transient residence to report in person to the sheriff's office every 30 days as required by sub-subparagraph 2.b. is punishable as provided in subsection (10).

5.a. A sexual predator shall register all electronic mail addresses and Internet identifiers, and each Internet identifier's corresponding website homepage or application software name, with the department through the department's online system or in person at the sheriff's office within 48 hours after using such electronic mail addresses or ~~and~~ Internet identifiers. If the sexual predator is in the custody or control, or under the supervision, of the Department of Corrections, he or she must report all electronic mail addresses and Internet identifiers, and each Internet identifier's corresponding website homepage or application software name, to the Department of Corrections before using such electronic mail addresses or Internet identifiers. If the sexual predator is in

the custody or control, or under the supervision, of the Department of Juvenile Justice, he or she must report all electronic mail addresses and Internet identifiers, and each Internet identifier's corresponding website homepage or application software name, to the Department of Juvenile Justice before using such electronic mail addresses or Internet identifiers.

b. A sexual predator shall register all changes to vehicles owned, all changes to home telephone numbers and cellular telephone numbers, including added and deleted numbers, all changes to employment information, and all changes in status related to enrollment, volunteering, or employment at institutions of higher education, through the department's online system; in person at the sheriff's office; in person at the Department of Corrections if the sexual predator is in the custody or control, or under the supervision, of the Department of Corrections; or in person at the Department of Juvenile Justice if the sexual predator is in the custody or control, or under the supervision, of the Department of Juvenile Justice. All changes required to be reported in this sub-subparagraph shall be reported within 48 hours after the change.

c. The department shall establish an online system through which sexual predators may securely access, submit, and update all vehicles owned; electronic mail addresses; Internet identifiers and each Internet identifier's corresponding website homepage or application software name; home telephone numbers and cellular telephone numbers; employment information; and institution of higher education information.

(h) The department shall notify the sheriff and the state

attorney of the county and, if applicable, the police chief of the municipality, where the sexual predator maintains a residence.

(i) A sexual predator who intends to establish a permanent, temporary, or transient residence in another state or jurisdiction other than the State of Florida shall report in person to the sheriff of the county of current residence at least ~~within~~ 48 hours before the date he or she intends to leave this state to establish residence in another state or jurisdiction or at least 21 days before the date he or she intends to travel ~~if the intended residence of 5 days or more is~~ outside of the United States. Any travel that is not known by the sexual predator 48 hours before he or she intends to establish a residence in another state or jurisdiction, or 21 days before the departure date for travel outside of the United States, must be reported to the sheriff's office as soon as possible before departure. The sexual predator shall provide to the sheriff the address, municipality, county, state, and country of intended residence. For international travel, the sexual predator shall also provide travel information, including, but not limited to, expected departure and return dates, flight number, airport of departure, cruise port of departure, or any other means of intended travel. The sheriff shall promptly provide to the department the information received from the sexual predator. The department shall notify the statewide law enforcement agency, or a comparable agency, in the intended state, jurisdiction, or country of residence or the intended country of travel of the sexual predator's intended residence or intended travel. The failure of a sexual predator

to provide his or her intended place of residence or intended travel is punishable as provided in subsection (10).

(j) A sexual predator who indicates his or her intent to establish a permanent, temporary, or transient residence in another state, a jurisdiction other than the State of Florida, or intent to travel to another country, and later decides to remain in this state shall, within 48 hours after the date upon which the sexual predator indicated he or she would leave this state, report in person to the sheriff's office ~~sheriff~~ to which the sexual predator reported the intended change of residence or intended international travel, and report his or her intent to remain in this state. If the sheriff is notified by the sexual predator that he or she intends to remain in this state, the sheriff shall promptly report this information to the department. A sexual predator who reports his or her intent to establish a permanent, temporary, or transient residence in another state, a jurisdiction other than the State of Florida, or intent to travel to another country, but who remains in this state without reporting to the sheriff in the manner required by this paragraph, commits a felony of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(k)1. The department is responsible for the online maintenance of current information regarding each registered sexual predator. The department shall maintain hotline access for state, local, and federal law enforcement agencies to obtain instantaneous locator file and offender characteristics information on all released registered sexual predators for purposes of monitoring, tracking, and prosecution. The photograph, palm prints, and fingerprints do not have to be

stored in a computerized format.

2. The department's sexual predator registration list, containing the information described in subparagraph (a)1., is a public record, unless otherwise made exempt or confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution. The department may disseminate this public information by any means deemed appropriate, including operating a toll-free telephone number for this purpose. When the department provides information regarding a registered sexual predator to the public, department personnel shall advise the person making the inquiry that positive identification of a person believed to be a sexual predator cannot be established unless a fingerprint comparison is made, and that it is illegal to use public information regarding a registered sexual predator to facilitate the commission of a crime.

3. The department shall adopt guidelines as necessary regarding the registration of sexual predators and the dissemination of information regarding sexual predators as required by this section.

(l) A sexual predator shall maintain registration with the department for the duration of his or her life, unless the sexual predator has received a full pardon or has had a conviction set aside in a postconviction proceeding for any offense that met the criteria for the sexual predator designation.

(7) COMMUNITY AND PUBLIC NOTIFICATION.—

(a) Law enforcement agencies must inform members of the community and the public of a sexual predator's presence. Upon notification of the presence of a sexual predator, the sheriff

of the county or the chief of police of the municipality where the sexual predator establishes or maintains a permanent or temporary residence shall notify members of the community and the public of the presence of the sexual predator in a manner deemed appropriate by the sheriff or the chief of police. Within 48 hours after receiving notification of the presence of a sexual predator, the sheriff of the county or the chief of police of the municipality where the sexual predator temporarily or permanently resides shall notify each licensed child care facility, elementary school, middle school, and high school within a 1-mile radius of the temporary or permanent residence of the sexual predator of the presence of the sexual predator. Information provided to members of the community and the public regarding a sexual predator must include:

1. The name of the sexual predator;

2. A description of the sexual predator, including a photograph;

3. The sexual predator's current permanent, temporary, and transient addresses, and descriptions of registered locations that have no specific street address, including the name of the county or municipality if known;

4. The circumstances of the sexual predator's offense or offenses; and

5. Whether the victim of the sexual predator's offense or offenses was, at the time of the offense, a minor or an adult.

This paragraph does not authorize the release of the name of any victim of the sexual predator.

(b) The sheriff or the police chief may coordinate the

community and public notification efforts with the department. Statewide notification to the public is authorized, as deemed appropriate by local law enforcement personnel and the department.

(c) The department shall notify the public of all designated sexual predators through the Internet. The Internet notice shall include the information required by paragraph (a).

(d) The department shall adopt a protocol to assist law enforcement agencies in their efforts to notify the community and the public of the presence of sexual predators.

(8) VERIFICATION.—The department and the Department of Corrections shall implement a system for verifying the addresses of sexual predators. The system must be consistent with the federal Adam Walsh Child Protection and Safety Act of 2006 and any other federal standards applicable to such verification or required to be met as a condition for the receipt of federal funds by the state. The Department of Corrections shall verify the addresses of sexual predators who are not incarcerated but who reside in the community under the supervision of the Department of Corrections and shall report to the department any failure by a sexual predator to comply with registration requirements. County and local law enforcement agencies, in conjunction with the department, shall verify the addresses of sexual predators who are not under the care, custody, control, or supervision of the Department of Corrections, and may verify the addresses of sexual predators who are under the care, custody, control, or supervision of the Department of Corrections. Local law enforcement agencies shall report to the department any failure by a sexual predator to comply with

registration requirements.

(a) A sexual predator shall report in person each year during the month of the sexual predator's birthday and during every third month thereafter to the sheriff's office in the county in which he or she resides or is otherwise located to reregister. The sheriff's office may determine the appropriate times and days for reporting by the sexual predator, which must be consistent with the reporting requirements of this paragraph. Reregistration must include any changes to the following information:

1. Name; social security number; age; race; sex; date of birth; height; weight; tattoos or other identifying marks; hair and eye color; address of any permanent residence and address of any current temporary residence, within this ~~the~~ state or out of state, including a rural route address and a post office box; if he or she has no permanent or temporary address, any transient residence within this ~~the~~ state including the address, location or description of the transient residences, and dates of any current or known future temporary residence within this ~~the~~ state or out of state; all electronic mail addresses; all Internet identifiers and each Internet identifier's corresponding website homepage or application software name; all home telephone numbers and cellular telephone numbers; date and place of any employment; the make, model, color, vehicle identification number (VIN), and license tag number of all vehicles owned; fingerprints; palm prints; and photograph. A post office box may not be provided in lieu of a physical residential address. The sexual predator shall also produce his or her passport, if he or she has a passport, and, if he or she

is an alien, shall produce or provide information about documents establishing his or her immigration status. The sexual predator shall also provide information about any professional licenses he or she has.

2. If the sexual predator is enrolled or employed, whether for compensation or as a volunteer, at an institution of higher education in this state, the sexual predator shall also provide to the department the name, address, and county of each institution, including each campus attended, and the sexual predator's enrollment, volunteer, or employment status.

3. If the sexual predator's place of residence is a motor vehicle, trailer, mobile home, or manufactured home, as those terms are defined in chapter 320, the sexual predator shall also provide the vehicle identification number (VIN); the license tag number; the registration number; and a description, including color scheme, of the motor vehicle, trailer, mobile home, or manufactured home. If the sexual predator's place of residence is a vessel, live-aboard vessel, or houseboat, as those terms are defined in chapter 327, the sexual predator shall also provide the hull identification number; the manufacturer's serial number; the name of the vessel, live-aboard vessel, or houseboat; the registration number of the vessel, live-aboard vessel, or houseboat; and a description, including color scheme, of the vessel, live-aboard vessel, or houseboat.

(b) The sheriff's office shall~~, within 2 working days,~~ electronically submit to and update with the department, in a manner prescribed by the department, all such information within 2 business days after ~~provided by~~ the sexual predator provides it to the sheriff's office ~~department in a manner prescribed by~~

~~the department~~.

(9) IMMUNITY.—The department, the Department of Highway Safety and Motor Vehicles, the Department of Corrections, the Department of Juvenile Justice, any law enforcement agency in this state, and the personnel of those departments; an elected or appointed official, public employee, or school administrator; or an employee, agency, or any individual or entity acting at the request or upon the direction of any law enforcement agency is immune from civil liability for damages for good faith compliance with the requirements of this section or for the release of information under this section, and shall be presumed to have acted in good faith in compiling, recording, reporting, or releasing the information. The presumption of good faith is not overcome if a technical or clerical error is made by the department, the Department of Highway Safety and Motor Vehicles, the Department of Corrections, the Department of Juvenile Justice, the personnel of those departments, or any individual or entity acting at the request or upon the direction of any of those departments in compiling or providing information, or if information is incomplete or incorrect because a sexual predator fails to report or falsely reports his or her current place of permanent or temporary residence.

(10) PENALTIES.—

(a) Except as otherwise specifically provided, a sexual predator who fails to register; who fails, after registration, to maintain, acquire, or renew a driver license or an identification card; who fails to provide required location information or change-of-name information; who fails to provide electronic mail addresses, Internet identifiers, and each

Internet identifier's corresponding website homepage or application software name; who fails to provide all home telephone numbers and cellular telephone numbers; who fails to report any changes to~~,~~ employment information or changes~~, change~~ in status at an institution of higher education~~, or change of name information~~; who fails to report any changes to vehicles owned, including the addition of new vehicles and changes to the make, model, color, vehicle identification number (VIN), and license tag numbers of previously reported vehicles; who fails to make a required report in connection with vacating a permanent residence; who fails to reregister as required; who fails to respond to any address verification correspondence from the department or from county or local law enforcement agencies within 3 weeks after ~~of~~ the date of the correspondence; who knowingly provides false registration information by act or omission; or who otherwise fails, by act or omission, to comply with the requirements of this section commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084. Each instance of a failure to register or report changes to the required information specified in this paragraph constitutes a separate offense.

(b) A sexual predator who has been convicted of or found to have committed, or has pled nolo contendere or guilty to, regardless of adjudication, any violation, or attempted violation, of s. 787.01, s. 787.02, or s. 787.025(2)(c), where the victim is a minor; s. 794.011, excluding s. 794.011(10); s. 794.05; former s. 796.03; former s. 796.035; s. 800.04; s. 827.071; s. 847.0133; s. 847.0135(5); s. 847.0145; or s. 985.701(1); or a violation of a similar law of another

jurisdiction when the victim of the offense was a minor, and who works, whether for compensation or as a volunteer, at any business, school, child care facility, park, playground, or other place where children regularly congregate, commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(c) For a felony violation of this section, excluding paragraph (g), committed on or after July 1, 2018, if the court does not impose a prison sentence, the court shall impose a mandatory minimum term of community control, as defined in s. 948.001, as follows:

1. For a first offense, a mandatory minimum term of 6 months with electronic monitoring.

2. For a second offense, a mandatory minimum term of 1 year with electronic monitoring.

3. For a third or subsequent offense, a mandatory minimum term of 2 years with electronic monitoring.

(d) Any person who misuses public records information relating to a sexual predator, as defined in this section, or a sexual offender, as defined in s. 943.0435 or s. 944.607, to secure a payment from such a predator or offender; who knowingly distributes or publishes false information relating to such a predator or offender which the person misrepresents as being public records information; or who materially alters public records information with the intent to misrepresent the information, including documents, summaries of public records information provided by law enforcement agencies, or public records information displayed by law enforcement agencies on websites or provided through other means of communication,

commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

(e) A sexual predator who commits any act or omission in violation of this section may be prosecuted for the act or omission in the county in which the act or omission was committed, in the county of the last registered address of the sexual predator, in the county in which the conviction occurred for the offense or offenses that meet the criteria for designating a person as a sexual predator, in the county where the sexual predator was released from incarceration, or in the county of the intended address of the sexual predator as reported by the sexual predator prior to his or her release from incarceration. In addition, a sexual predator may be prosecuted for any such act or omission in the county in which he or she was designated a sexual predator.

(f) An arrest on charges of failure to register, the service of an information or a complaint for a violation of this section, or an arraignment on charges for a violation of this section constitutes actual notice of the duty to register when the predator has been provided and advised of his or her statutory obligation to register under subsection (6). A sexual predator's failure to immediately register as required by this section following such arrest, service, or arraignment constitutes grounds for a subsequent charge of failure to register. A sexual predator charged with the crime of failure to register who asserts, or intends to assert, a lack of notice of the duty to register as a defense to a charge of failure to register shall immediately register as required by this section. A sexual predator who is charged with a subsequent failure to

register may not assert the defense of a lack of notice of the duty to register. Registration following such arrest, service, or arraignment is not a defense and does not relieve the sexual predator of criminal liability for the failure to register.

(g) Any person who has reason to believe that a sexual predator is not complying, or has not complied, with the requirements of this section and who, with the intent to assist the sexual predator in eluding a law enforcement agency that is seeking to find the sexual predator to question the sexual predator about, or to arrest the sexual predator for, his or her noncompliance with the requirements of this section:

1. Withholds information from, or does not notify, the law enforcement agency about the sexual predator's noncompliance with the requirements of this section, and, if known, the whereabouts of the sexual predator;

2. Harbors, or attempts to harbor, or assists another person in harboring or attempting to harbor, the sexual predator;

3. Conceals or attempts to conceal, or assists another person in concealing or attempting to conceal, the sexual predator; or

4. Provides information to the law enforcement agency regarding the sexual predator which the person knows to be false information,

commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084. This paragraph does not apply if the sexual predator is incarcerated in or is in the custody of a state correctional facility, a private correctional

facility, a local jail, or a federal correctional facility.

Section 2. Section 943.0435, Florida Statutes, is amended to read:

943.0435 Sexual offenders required to register with the department; penalty.—

(1) As used in this section, the term:

(a) "Change in status at an institution of higher education" has the same meaning as provided in s. 775.21.

(b) "Convicted" means that there has been a determination of guilt as a result of a trial or the entry of a plea of guilty or nolo contendere, regardless of whether adjudication is withheld, and includes an adjudication of delinquency of a juvenile as specified in this section. Conviction of a similar offense includes, but is not limited to, a conviction by a federal or military tribunal, including courts-martial conducted by the Armed Forces of the United States, and includes a conviction or entry of a plea of guilty or nolo contendere ~~resulting in a sanction~~ in any state of the United States or other jurisdiction. ~~A sanction includes, but is not limited to, a fine, probation, community control, parole, conditional release, control release, or incarceration in a state prison, federal prison, private correctional facility, or local detention facility.~~

(c) "Electronic mail address" has the same meaning as provided in s. 668.602.

(d) "Institution of higher education" has the same meaning as provided in s. 775.21.

(e) "Internet identifier" has the same meaning as provided in s. 775.21.

(f) "Permanent residence," "temporary residence," and "transient residence" have the same meaning as provided in s. 775.21.

(g) "Professional license" has the same meaning as provided in s. 775.21.

(h)1. "Sexual offender" means a person who meets the criteria in sub-subparagraph a., sub-subparagraph b., sub-subparagraph c., or sub-subparagraph d., as follows:

a.(I) Has been convicted of committing, or attempting, soliciting, or conspiring to commit, any of the criminal offenses proscribed in the following statutes in this state or similar offenses in another jurisdiction: s. 393.135(2); s. 394.4593(2); s. 787.01, s. 787.02, or s. 787.025(2)(c), where the victim is a minor; s. 787.06(3)(b), (d), (f), or (g); former s. 787.06(3)(h); s. 794.011, excluding s. 794.011(10); s. 794.05; former s. 796.03; former s. 796.035; s. 800.04; s. 810.145(8); s. 825.1025; s. 827.071; s. 847.0133; s. 847.0135, excluding s. 847.0135(6); s. 847.0137; s. 847.0138; s. 847.0145; s. 895.03, if the court makes a written finding that the racketeering activity involved at least one sexual offense listed in this sub-sub-subparagraph or at least one offense listed in this sub-sub-subparagraph with sexual intent or motive; s. 916.1075(2); or s. 985.701(1); or any similar offense committed in this state which has been redesignated from a former statute number to one of those listed in this sub-sub-subparagraph; and

(II) Has been released on or after October 1, 1997, from a sanction imposed for any conviction of an offense described in sub-sub-subparagraph (I) and does not otherwise meet the

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

criteria for registration as a sexual offender under chapter 944 or chapter 985. For purposes of this sub-sub-subparagraph, a sanction imposed in this state or in any other jurisdiction means probation, community control, parole, conditional release, control release, or incarceration in a state prison, federal prison, private correctional facility, or local detention facility. If no sanction is imposed, the person is deemed to be released upon conviction;

b. Establishes or maintains a residence in this state and who has not been designated as a sexual predator by a court of this state but who has been designated as a sexual predator, as a sexually violent predator, or any other ~~by another~~ sexual offender designation in another state or jurisdiction and was, as a result of such designation, subjected to registration or community or public notification, or both, or would be if the person were a resident of that state or jurisdiction, without regard to whether the person otherwise meets the criteria for registration as a sexual offender;

c. Establishes or maintains a residence in this state who is in the custody or control of, or under the supervision of, any other state or jurisdiction as a result of a conviction for committing, or attempting, soliciting, or conspiring to commit, any of the criminal offenses proscribed in the following statutes or similar offense in another jurisdiction: s. 393.135(2); s. 394.4593(2); s. 787.01, s. 787.02, or s. 787.025(2)(c), where the victim is a minor; s. 787.06(3)(b), (d), (f), or (g); former s. 787.06(3)(h); s. 794.011, excluding s. 794.011(10); s. 794.05; former s. 796.03; former s. 796.035; s. 800.04; s. 810.145(8); s. 825.1025; s. 827.071; s. 847.0133;

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

s. 847.0135, excluding s. 847.0135(6); s. 847.0137; s. 847.0138; s. 847.0145; s. 895.03, if the court makes a written finding that the racketeering activity involved at least one sexual offense listed in this sub-subparagraph or at least one offense listed in this sub-subparagraph with sexual intent or motive; s. 916.1075(2); or s. 985.701(1); or any similar offense committed in this state which has been redesignated from a former statute number to one of those listed in this sub-subparagraph; or

d. On or after July 1, 2007, has been adjudicated delinquent for committing, or attempting, soliciting, or conspiring to commit, any of the criminal offenses proscribed in the following statutes in this state or similar offenses in another jurisdiction when the juvenile was 14 years of age or older at the time of the offense:

(I) Section 794.011, excluding s. 794.011(10);

(II) Section 800.04(4)(a)2. where the victim is under 12 years of age or where the court finds sexual activity by the use of force or coercion;

(III) Section 800.04(5)(c)1. where the court finds molestation involving unclothed genitals;

(IV) Section 800.04(5)(d) where the court finds the use of force or coercion and unclothed genitals; or

(V) Any similar offense committed in this state which has been redesignated from a former statute number to one of those listed in this sub-subparagraph.

2. For all qualifying offenses listed in sub-subparagraph 1.d., the court shall make a written finding of the age of the offender at the time of the offense.

For each violation of a qualifying offense listed in this subsection, except for a violation of s. 794.011, the court shall make a written finding of the age of the victim at the time of the offense. For a violation of s. 800.04(4), the court shall also make a written finding indicating whether the offense involved sexual activity and indicating whether the offense involved force or coercion. For a violation of s. 800.04(5), the court shall also make a written finding that the offense did or did not involve unclothed genitals or genital area and that the offense did or did not involve the use of force or coercion.

(i) "Vehicles owned" has the same meaning as provided in s. 775.21.

(2) Upon initial registration, a sexual offender shall:

(a) Report in person at the sheriff's office:

1. In the county in which the offender establishes or maintains a permanent, temporary, or transient residence within 48 hours after:

a. Establishing permanent, temporary, or transient residence in this state; or

b. Being released from the custody, control, or supervision of the Department of Corrections or from the custody of a private correctional facility; or

2. In the county where he or she was convicted within 48 hours after being convicted for a qualifying offense for registration under this section if the offender is not in the custody or control of, or under the supervision of, the Department of Corrections, or is not in the custody of a private correctional facility.

Any change in the information required to be provided pursuant to paragraph (b), including, but not limited to, any change in the sexual offender's permanent, temporary, or transient residence; name; electronic mail addresses; Internet identifiers and each Internet identifier's corresponding website homepage or application software name; home telephone numbers and cellular telephone numbers; employment information; and any change in status at an institution of higher education after the sexual offender reports in person at the sheriff's office must be reported in the manner provided in subsections (4), (7), and (8).

(b) Provide his or her name; date of birth; social security number; race; sex; height; weight; tattoos or other identifying marks; hair and eye color; ~~tattoos or other identifying marks;~~ fingerprints; palm prints; photograph; employment information; address of permanent or legal residence or address of any current temporary residence, within this ~~the~~ state or out of state, including a rural route address and a post office box; if he or she has no permanent or temporary address, any transient residence within this ~~the~~ state;~~,~~ address, location or description, and dates of any current or known future temporary residence within this ~~the~~ state or out of state; the make, model, color, vehicle identification number (VIN), and license tag number of all vehicles owned; home telephone numbers and cellular telephone numbers; electronic mail addresses; Internet identifiers and each Internet identifier's corresponding website homepage or application software name; date and place of each conviction; and a brief description of the crime or crimes committed by the offender. A post office box may not be provided

in lieu of a physical residential address. The sexual offender shall also produce his or her passport, if he or she has a passport, and, if he or she is an alien, shall produce or provide information about documents establishing his or her immigration status. The sexual offender shall also provide information about any professional licenses he or she has.

1. If the sexual offender's place of residence is a motor vehicle, trailer, mobile home, or manufactured home, as those terms are defined in chapter 320, the sexual offender shall also provide to the department through the sheriff's office written notice of the vehicle identification number (VIN); the license tag number; the registration number; and a description, including color scheme, of the motor vehicle, trailer, mobile home, or manufactured home. If the sexual offender's place of residence is a vessel, live-aboard vessel, or houseboat, as those terms are defined in chapter 327, the sexual offender shall also provide to the department written notice of the hull identification number; the manufacturer's serial number; the name of the vessel, live-aboard vessel, or houseboat; the registration number of the vessel, live-aboard vessel, or houseboat; and a description, including color scheme, of the vessel, live-aboard vessel, or houseboat.

2. If the sexual offender is enrolled or employed, whether for compensation or as a volunteer, at an institution of higher education in this state, the sexual offender shall also provide to the department the name, address, and county of each institution, including each campus attended, and the sexual offender's enrollment, volunteer, or employment status. The sheriff, the Department of Corrections, or the Department of

Juvenile Justice shall promptly notify each institution of higher education of the sexual offender's presence and any change in the sexual offender's enrollment, volunteer, or employment status.

3. A sexual offender shall report with the department through the department's online system or in person to the sheriff's office within 48 hours after any change in vehicles owned to report those vehicle information changes.

(c) Provide any other information determined necessary by the department, including criminal and corrections records; nonprivileged personnel and treatment records; and evidentiary genetic markers, when available.

When a sexual offender reports at the sheriff's office, the sheriff shall take a photograph, a set of fingerprints, and palm prints of the offender and forward the photographs, palm prints, and fingerprints to the department, along with the information ~~provided by~~ the sexual offender is required to provide pursuant to this section. The sheriff shall promptly provide to the department the information received from the sexual offender.

(3) Within 48 hours after the report required under subsection (2), a sexual offender shall report in person at a driver license office of the Department of Highway Safety and Motor Vehicles, unless a driver license or identification card that complies with the requirements of s. 322.141(3) was previously secured or updated under s. 944.607. At the driver license office the sexual offender shall:

(a) If otherwise qualified, secure a Florida driver license, renew a Florida driver license, or secure an

identification card. The sexual offender shall identify himself or herself as a sexual offender who is required to comply with this section and shall provide proof that the sexual offender reported as required in subsection (2). The sexual offender shall provide any of the information specified in subsection (2), if requested. The sexual offender shall submit to the taking of a photograph for use in issuing a driver license, renewed license, or identification card, and for use by the department in maintaining current records of sexual offenders.

(b) Pay the costs assessed by the Department of Highway Safety and Motor Vehicles for issuing or renewing a driver license or identification card as required by this section. The driver license or identification card issued must be in compliance with s. 322.141(3).

(c) Provide, upon request, any additional information necessary to confirm the identity of the sexual offender, including a set of fingerprints.

(4)(a) Each time a sexual offender's driver license or identification card is subject to renewal, and, without regard to the status of the offender's driver license or identification card, within 48 hours after any change in the offender's permanent, temporary, or transient residence or change in the offender's name by reason of marriage or other legal process, the offender shall report in person to a driver license office, and is subject to the requirements specified in subsection (3). The Department of Highway Safety and Motor Vehicles shall forward to the department all photographs and information provided by sexual offenders. Notwithstanding the restrictions set forth in s. 322.142, the Department of Highway Safety and

Motor Vehicles may release a reproduction of a color-photograph or digital-image license to the Department of Law Enforcement for purposes of public notification of sexual offenders as provided in this section and ss. 943.043 and 944.606. A sexual offender who is unable to secure or update a driver license or an identification card with the Department of Highway Safety and Motor Vehicles as provided in subsection (3) and this subsection shall also report any change in the sexual offender's permanent, temporary, or transient residence or change in the offender's name by reason of marriage or other legal process within 48 hours after the change to the sheriff's office in the county where the offender resides or is located and provide confirmation that he or she reported such information to the Department of Highway Safety and Motor Vehicles. The reporting requirements under this paragraph do not negate the requirement for a sexual offender to obtain a Florida driver license or an identification card as required in this section.

(b)1. A sexual offender who vacates a permanent, temporary, or transient residence and fails to establish or maintain another permanent, temporary, or transient residence shall, within 48 hours after vacating the permanent, temporary, or transient residence, report in person to the sheriff's office of the county in which he or she is located. The sexual offender shall specify the date upon which he or she intends to or did vacate such residence. The sexual offender must provide or update all of the registration information required under paragraph (2)(b). The sexual offender must provide an address for the residence or other place where ~~that~~ he or she is or will be located during the time in which he or she fails to establish

or maintain a permanent or temporary residence.

2. A sexual offender shall report in person at the sheriff's office in the county in which he or she is located within 48 hours after establishing a transient residence and thereafter must report in person every 30 days to the sheriff's office in the county in which he or she is located while maintaining a transient residence. The sexual offender must provide the addresses and locations where he or she maintains a transient residence. Each sheriff's office shall report ~~establish procedures for reporting~~ transient residence information in a manner prescribed by the department and provide notice to transient registrants to report transient residence information as required in this subparagraph. Reporting to the sheriff's office as required by this subparagraph does not exempt registrants from any reregistration requirement. The sheriff may coordinate and enter into agreements with police departments and other governmental entities to facilitate additional reporting sites for transient residence registration required in this subparagraph. The sheriff's office shall~~,~~ ~~within 2 business days,~~ electronically submit to and update with the department all such information within 2 business days after ~~provided by~~ the sexual offender provides it to the sheriff's office ~~department~~.

(c) A sexual offender who remains at a permanent, temporary, or transient residence after reporting his or her intent to vacate such residence shall, within 48 hours after the date upon which the offender indicated he or she would or did vacate such residence, report in person to the agency to which he or she reported pursuant to paragraph (b) for the purpose of

reporting his or her address at such residence. When the sheriff receives the report, the sheriff shall promptly convey the information to the department. A sexual ~~An~~ offender who makes a report as required under paragraph (b) but fails to make a report as required under this paragraph commits a felony of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(d) The failure of a sexual offender who maintains a transient residence to report in person to the sheriff's office every 30 days as required in subparagraph (b)2. is punishable as provided in subsection (9).

(e)1. A sexual offender shall register all electronic mail addresses and Internet identifiers, and each Internet identifier's corresponding website homepage or application software name, with the department through the department's online system or in person at the sheriff's office within 48 hours after using such electronic mail addresses or ~~and~~ Internet identifiers. If the sexual offender is in the custody or control, or under the supervision, of the Department of Corrections, he or she must report all electronic mail addresses and Internet identifiers, and each Internet identifier's corresponding website homepage or application software name, to the Department of Corrections before using such electronic mail addresses or Internet identifiers. If the sexual offender is in the custody or control, or under the supervision, of the Department of Juvenile Justice, he or she must report all electronic mail addresses and Internet identifiers, and each Internet identifier's corresponding website homepage or application software name, to the Department of Juvenile Justice

before using such electronic mail addresses or Internet identifiers.

2. A sexual offender shall register all changes to vehicles owned, all changes to home telephone numbers and cellular telephone numbers, including added and deleted numbers, all changes to employment information, and all changes in status related to enrollment, volunteering, or employment at institutions of higher education, through the department's online system; in person at the sheriff's office; in person at the Department of Corrections if the sexual offender is in the custody or control, or under the supervision, of the Department of Corrections; or in person at the Department of Juvenile Justice if the sexual offender is in the custody or control, or under the supervision, of the Department of Juvenile Justice. All changes required to be reported under this subparagraph must be reported within 48 hours after the change.

3. The department shall establish an online system through which sexual offenders may securely access, submit, and update all changes in status to vehicles owned; electronic mail addresses; Internet identifiers and each Internet identifier's corresponding website homepage or application software name; home telephone numbers and cellular telephone numbers; employment information; and institution of higher education information.

(f) If the sexual offender is in the custody of a local jail, the custodian of the local jail shall register the sexual offender within 3 business days after intake of the sexual offender for any reason and upon release, and shall forward the registration information to the department. The custodian of the

local jail shall also take a digitized photograph of the sexual offender while the sexual offender remains in custody and shall provide the digitized photograph to the department. The custodian shall notify the department if the sexual offender escapes from custody or dies.

(5) This section does not apply to a sexual offender who is also a sexual predator, as defined in s. 775.21. A sexual predator must register as required under s. 775.21.

(6) County and local law enforcement agencies, in conjunction with the department, shall verify the addresses of sexual offenders who are not under the care, custody, control, or supervision of the Department of Corrections, and may verify the addresses of sexual offenders who are under the care, custody, control, or supervision of the Department of Corrections, in a manner that is consistent with the provisions of the federal Adam Walsh Child Protection and Safety Act of 2006 and any other federal standards applicable to such verification or required to be met as a condition for the receipt of federal funds by the state. Local law enforcement agencies shall report to the department any failure by a sexual offender to comply with registration requirements.

(7) A sexual offender who intends to establish a permanent, temporary, or transient residence in another state or jurisdiction other than the State of Florida shall report in person to the sheriff of the county of current residence at least ~~within~~ 48 hours before the date he or she intends to leave this state to establish residence in another state or jurisdiction or at least 21 days before the date he or she intends to travel ~~if the intended residence of 5 days or more is~~

outside of the United States. Any travel that is not known by the sexual offender 48 hours before he or she intends to establish a residence in another state or jurisdiction, or 21 days before the departure date for travel outside of the United States, must be reported in person to the sheriff's office as soon as possible before departure. The sexual offender shall provide to the sheriff the address, municipality, county, state, and country of intended residence. For international travel, the sexual offender shall also provide travel information, including, but not limited to, expected departure and return dates, flight number, airport of departure, cruise port of departure, or any other means of intended travel. The sheriff shall promptly provide to the department the information received from the sexual offender. The department shall notify the statewide law enforcement agency, or a comparable agency, in the intended state, jurisdiction, or country of residence or the intended country of travel of the sexual offender's intended residence or intended travel. The failure of a sexual offender to provide his or her intended place of residence or intended travel is punishable as provided in subsection (9).

(8) A sexual offender who indicates his or her intent to establish a permanent, temporary, or transient residence in another state, a jurisdiction other than the State of Florida, or intent to travel to another country and later decides to remain in this state shall, within 48 hours after the date upon which the sexual offender indicated he or she would leave this state, report in person to the sheriff's office ~~sheriff~~ to which the sexual offender reported the intended change of ~~permanent, temporary, or transient~~ residence or intended international

travel, and report his or her intent to remain in this state. The sheriff shall promptly report this information to the department. A sexual offender who reports his or her intent to establish a permanent, temporary, or transient residence in another state, a jurisdiction other than the State of Florida, or intent to travel to another country, but who remains in this state without reporting to the sheriff in the manner required by this subsection commits a felony of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(9)(a) Except as otherwise specifically provided, a sexual offender who fails to register; who fails, after registration, to maintain, acquire, or renew a driver license or an identification card; who fails to provide required location information or change-of-name information; who fails to provide electronic mail addresses, Internet identifiers, and each Internet identifier's corresponding website homepage or application software name; who fails to provide all home telephone numbers and cellular telephone numbers; who fails to report any changes to employment information or changes in status at an institution of higher education; who fails to report any changes to vehicles owned, including the addition of new vehicles and changes to the make, model, color, vehicle identification number (VIN), and license tag numbers of previously reported vehicles; who fails to make a required report in connection with vacating a permanent residence; who fails to reregister as required; who fails to respond to any address verification correspondence from the department or from county or local law enforcement agencies within 3 weeks after the date of the correspondence; who knowingly provides false

registration information by act or omission; or who otherwise fails, by act or omission, to ~~A sexual offender who does not~~ comply with the requirements of this section commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084. Each instance of a failure to register or report changes to the required information specified in this paragraph constitutes a separate offense.

(b) For a felony violation of this section, excluding subsection (13), committed on or after July 1, 2018, if the court does not impose a prison sentence, the court shall impose a mandatory minimum term of community control, as defined in s. 948.001, as follows:

1. For a first offense, a mandatory minimum term of 6 months with electronic monitoring.

2. For a second offense, a mandatory minimum term of 1 year with electronic monitoring.

3. For a third or subsequent offense, a mandatory minimum term of 2 years with electronic monitoring.

(c) A sexual offender who commits any act or omission in violation of this section may be prosecuted for the act or omission in the county in which the act or omission was committed, in the county of the last registered address of the sexual offender, in the county in which the conviction occurred for the offense or offenses that meet the criteria for designating a person as a sexual offender, in the county where the sexual offender was released from incarceration, or in the county of the intended address of the sexual offender as reported by the offender prior to his or her release from incarceration.

(d) An arrest on charges of failure to register when the offender has been provided and advised of his or her statutory obligations to register under subsection (2), the service of an information or a complaint for a violation of this section, or an arraignment on charges for a violation of this section constitutes actual notice of the duty to register. A sexual offender's failure to immediately register as required by this section following such arrest, service, or arraignment constitutes grounds for a subsequent charge of failure to register. A sexual offender charged with the crime of failure to register who asserts, or intends to assert, a lack of notice of the duty to register as a defense to a charge of failure to register shall immediately register as required by this section. A sexual offender who is charged with a subsequent failure to register may not assert the defense of a lack of notice of the duty to register. Registration following such arrest, service, or arraignment is not a defense and does not relieve the sexual offender of criminal liability for the failure to register.

(10) The department, the Department of Highway Safety and Motor Vehicles, the Department of Corrections, the Department of Juvenile Justice, any law enforcement agency in this state, and the personnel of those departments; an elected or appointed official, public employee, or school administrator; or an employee, agency, or any individual or entity acting at the request or upon the direction of any law enforcement agency is immune from civil liability for damages for good faith compliance with the requirements of this section or for the release of information under this section, and shall be presumed to have acted in good faith in compiling, recording, reporting,

or releasing the information. The presumption of good faith is not overcome if a technical or clerical error is made by the department, the Department of Highway Safety and Motor Vehicles, the Department of Corrections, the Department of Juvenile Justice, the personnel of those departments, or any individual or entity acting at the request or upon the direction of any of those departments in compiling or providing information, or if information is incomplete or incorrect because a sexual offender fails to report or falsely reports his or her current place of permanent, temporary, or transient residence.

(11) Except as provided in s. 943.04354, a sexual offender shall maintain registration with the department for the duration of his or her life unless the sexual offender has received a full pardon or has had a conviction set aside in a postconviction proceeding for any offense that meets the criteria for classifying the person as a sexual offender for purposes of registration. However, a sexual offender shall be considered for removal of the requirement to register as a sexual offender only if the person:

(a)1. Has been lawfully released from confinement, supervision, or sanction, whichever is later, for at least 25 years and has not been arrested for any felony or misdemeanor offense since release, provided that the sexual offender's requirement to register was not based upon an adult conviction:

a. For a violation of s. 787.01 or s. 787.02;

b. For a violation of s. 794.011, excluding s. 794.011(10);

c. For a violation of s. 800.04(4)(a)2. where the court finds the offense involved a victim under 12 years of age or sexual activity by the use of force or coercion;

d. For a violation of s. 800.04(5)(b);

e. For a violation of s. 800.04(5)(c)2. where the court finds the offense involved the use of force or coercion and unclothed genitals or genital area;

f. For a violation of s. 825.1025(2)(a);

g. For any attempt or conspiracy to commit any such offense;

h. For a violation of similar law of another jurisdiction; or

i. For a violation of a similar offense committed in this state which has been redesignated from a former statute number to one of those listed in this subparagraph.

2. If the sexual offender meets the criteria in subparagraph 1., the sexual offender may, for the purpose of removing the requirement for registration as a sexual offender, petition the criminal division of the circuit court of the circuit:

a. Where the conviction or adjudication occurred, for a conviction in this state;

b. Where the sexual offender resides, for a conviction of a violation of similar law of another jurisdiction; or

c. Where the sexual offender last resided, for a sexual offender with a conviction of a violation of similar law of another jurisdiction who no longer resides in this state.

3. The court may grant or deny relief if the offender demonstrates to the court that he or she has not been arrested for any crime since release; the requested relief complies with the federal Adam Walsh Child Protection and Safety Act of 2006 and any other federal standards applicable to the removal of

registration requirements for a sexual offender or required to be met as a condition for the receipt of federal funds by the state; and the court is otherwise satisfied that the offender is not a current or potential threat to public safety. The department and the state attorney in the circuit in which the petition is filed must be given notice of the petition at least 3 weeks before the hearing on the matter. The department and the state attorney may present evidence in opposition to the requested relief or may otherwise demonstrate the reasons why the petition should be denied. If the court denies the petition, the court may set a future date at which the sexual offender may again petition the court for relief, subject to the standards for relief provided in this subsection.

4. The department shall remove an offender from classification as a sexual offender for purposes of registration if the offender provides to the department a certified copy of the court's written findings or order that indicates that the offender is no longer required to comply with the requirements for registration as a sexual offender.

(b) Maintains ~~As defined in sub-subparagraph (1)(h)1.b. must maintain~~ registration with the department as described in sub-subparagraph (1)(h)1.b. for the duration of his or her life until the person provides the department with an order issued by the court that designated the person as a sexual predator, as a sexually violent predator, or any other ~~by another~~ sexual offender designation in the state or jurisdiction in which the order was issued which states that such designation has been removed or demonstrates to the department that such designation, if not imposed by a court, has been removed by operation of law

or court order in the state or jurisdiction in which the designation was made, ~~and~~ provided that such person no longer meets the criteria for registration as a sexual offender under the laws of this state. To qualify for removal of the registration requirements under this paragraph, a sexual offender described in sub-subparagraph (1)(h)1.b. must establish that his or her designation has been removed and establish that he or she does not meet the criteria for registration under any other sub-subparagraph under subparagraph (1)(h)1.

(12) The Legislature finds that sexual offenders, especially those who have committed offenses against minors, often pose a high risk of engaging in sexual offenses even after being released from incarceration or commitment and that protection of the public from sexual offenders is a paramount government interest. Sexual offenders have a reduced expectation of privacy because of the public's interest in public safety and in the effective operation of government. Releasing information concerning sexual offenders to law enforcement agencies and to persons who request such information, and the release of such information to the public by a law enforcement agency or public agency, will further the governmental interests of public safety. The designation of a person as a sexual offender is not a sentence or a punishment but is simply the status of the offender which is the result of a conviction for having committed certain crimes.

(13) Any person who has reason to believe that a sexual offender is not complying, or has not complied, with the requirements of this section and who, with the intent to assist the sexual offender in eluding a law enforcement agency that is

seeking to find the sexual offender to question the sexual offender about, or to arrest the sexual offender for, his or her noncompliance with the requirements of this section:

(a) Withholds information from, or does not notify, the law enforcement agency about the sexual offender's noncompliance with the requirements of this section, and, if known, the whereabouts of the sexual offender;

(b) Harbors, or attempts to harbor, or assists another person in harboring or attempting to harbor, the sexual offender; ~~or~~

(c) Conceals or attempts to conceal, or assists another person in concealing or attempting to conceal, the sexual offender; or

(d) Provides information to the law enforcement agency regarding the sexual offender that the person knows to be false information,

commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(14)(a) A sexual offender must report in person each year during the month of the sexual offender's birthday and during the sixth month following the sexual offender's birth month to the sheriff's office in the county in which he or she resides or is otherwise located to reregister.

(b) However, a sexual offender who is required to register as a result of a conviction for:

1. Section 787.01 or s. 787.02 where the victim is a minor;

2. Section 794.011, excluding s. 794.011(10);

3. Section 800.04(4)(a)2. where the court finds the offense

involved a victim under 12 years of age or sexual activity by the use of force or coercion;

4. Section 800.04(5)(b);

5. Section 800.04(5)(c)1. where the court finds molestation involving unclothed genitals or genital area;

6. Section 800.04(5)(c)2. where the court finds molestation involving the use of force or coercion and unclothed genitals or genital area;

7. Section 800.04(5)(d) where the court finds the use of force or coercion and unclothed genitals or genital area;

8. Section 825.1025(2)(a);

9. Any attempt or conspiracy to commit such offense;

10. A violation of a similar law of another jurisdiction; or

11. A violation of a similar offense committed in this state which has been redesignated from a former statute number to one of those listed in this paragraph,

must reregister each year during the month of the sexual offender's birthday and every third month thereafter.

(c) The sheriff's office may determine the appropriate times and days for reporting by the sexual offender, which must be consistent with the reporting requirements of this subsection. Reregistration must include any changes to the following information:

1. Name; social security number; age; race; sex; date of birth; height; weight; tattoos or other identifying marks; hair and eye color; address of any permanent residence and address of any current temporary residence, within this ~~the~~ state or out of

state, including a rural route address and a post office box; if he or she has no permanent or temporary address, any transient residence within this ~~the~~ state; address, location or description, and dates of any current or known future temporary residence within this ~~the~~ state or out of state; all electronic mail addresses or Internet identifiers and each Internet identifier's corresponding website homepage or application software name; all home telephone numbers and cellular telephone numbers; employment information; the make, model, color, vehicle identification number (VIN), and license tag number of all vehicles owned; fingerprints; palm prints; and photograph. A post office box may not be provided in lieu of a physical residential address. The sexual offender shall also produce his or her passport, if he or she has a passport, and, if he or she is an alien, shall produce or provide information about documents establishing his or her immigration status. The sexual offender shall also provide information about any professional licenses he or she has.

2. If the sexual offender is enrolled or employed, whether for compensation or as a volunteer, at an institution of higher education in this state, the sexual offender shall also provide to the department the name, address, and county of each institution, including each campus attended, and the sexual offender's enrollment, volunteer, or employment status.

3. If the sexual offender's place of residence is a motor vehicle, trailer, mobile home, or manufactured home, as those terms are defined in chapter 320, the sexual offender shall also provide the vehicle identification number (VIN); the license tag number; the registration number; and a description, including

color scheme, of the motor vehicle, trailer, mobile home, or manufactured home. If the sexual offender's place of residence is a vessel, live-aboard vessel, or houseboat, as those terms are defined in chapter 327, the sexual offender shall also provide the hull identification number; the manufacturer's serial number; the name of the vessel, live-aboard vessel, or houseboat; the registration number of the vessel, live-aboard vessel, or houseboat; and a description, including color scheme, of the vessel, live-aboard vessel, or houseboat.

~~4. Any sexual offender who fails to report in person as required at the sheriff's office, who fails to respond to any address verification correspondence from the department within 3 weeks of the date of the correspondence, who fails to report all electronic mail addresses and all Internet identifiers, and each Internet identifier's corresponding website homepage or application software name, or who knowingly provides false registration information by act or omission commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.~~

(d) The sheriff's office shall~~, within 2 working days,~~ electronically submit to and update with the department, in a manner prescribed by the department, all such information within 2 business days after ~~provided by~~ the sexual offender provides it to the sheriff's office ~~department in a manner prescribed by the department~~.

Section 3. For the purpose of incorporating the amendment made by this act to section 775.21, Florida Statutes, in a reference thereto, paragraph (d) of subsection (1) of section 944.606, Florida Statutes, is reenacted to read:

944.606 Sexual offenders; notification upon release.—

(1) As used in this section, the term:

(d) "Permanent residence," "temporary residence," and "transient residence" have the same meaning as provided in s. 775.21.

Section 4. For the purpose of incorporating the amendment made by this act to section 943.0435, Florida Statutes, in a reference thereto, paragraph (b) of subsection (1) of section 1012.467, Florida Statutes, is reenacted to read:

1012.467 Noninstructional contractors who are permitted access to school grounds when students are present; background screening requirements.—

(1) As used in this section, the term:

(b) "Convicted" has the same meaning as in s. 943.0435.

Section 5. For the purpose of incorporating the amendments made by this act to sections 775.21 and 943.0435, Florida Statutes, in references thereto, subsection (4) of section 320.02, Florida Statutes, is reenacted to read:

320.02 Registration required; application for registration; forms.—

(4) Except as provided in ss. 775.21, 775.261, 943.0435, 944.607, and 985.4815, the owner of any motor vehicle registered in the state shall notify the department in writing of any change of address within 30 days of such change. The notification shall include the registration license plate number, the vehicle identification number (VIN) or title certificate number, year of vehicle make, and the owner's full name.

Section 6. For the purpose of incorporating the amendments

made by this act to sections 775.21 and 943.0435, Florida Statutes, in references thereto, section 775.25, Florida Statutes, is reenacted to read:

775.25 Prosecutions for acts or omissions.—A sexual predator or sexual offender who commits any act or omission in violation of s. 775.21, s. 943.0435, s. 944.605, s. 944.606, s. 944.607, or former s. 947.177 may be prosecuted for the act or omission in the county in which the act or omission was committed, in the county of the last registered address of the sexual predator or sexual offender, in the county in which the conviction occurred for the offense or offenses that meet the criteria for designating a person as a sexual predator or sexual offender, in the county where the sexual predator or sexual offender was released from incarceration, or in the county of the intended address of the sexual predator or sexual offender as reported by the predator or offender prior to his or her release from incarceration. In addition, a sexual predator may be prosecuted for any such act or omission in the county in which he or she was designated a sexual predator.

Section 7. For the purpose of incorporating the amendments made by this act to sections 775.21 and 943.0435, Florida Statutes, in references thereto, subsection (1) of section 938.10, Florida Statutes, is reenacted to read:

938.10 Additional court cost imposed in cases of certain crimes.—

(1) If a person pleads guilty or nolo contendere to, or is found guilty of, regardless of adjudication, any offense against a minor in violation of s. 784.085, chapter 787, chapter 794, former s. 796.03, former s. 796.035, s. 800.04, chapter 827, s.

847.012, s. 847.0133, s. 847.0135(5), s. 847.0138, s. 847.0145, s. 893.147(3), or s. 985.701, or any offense in violation of s. 775.21, s. 823.07, s. 847.0125, s. 847.0134, or s. 943.0435, the court shall impose a court cost of $151 against the offender in addition to any other cost or penalty required by law.

Section 8. For the purpose of incorporating the amendments made by this act to sections 775.21 and 943.0435, Florida Statutes, in references thereto, paragraph (a) of subsection (4) and subsection (9) of section 944.607, Florida Statutes, are reenacted to read:

944.607 Notification to Department of Law Enforcement of information on sexual offenders.—

(4) A sexual offender, as described in this section, who is under the supervision of the Department of Corrections but is not incarcerated shall register with the Department of Corrections within 3 business days after sentencing for a registrable offense and otherwise provide information as required by this subsection.

(a) The sexual offender shall provide his or her name; date of birth; social security number; race; sex; height; weight; hair and eye color; tattoos or other identifying marks; all electronic mail addresses and Internet identifiers required to be provided pursuant to s. 943.0435(4)(e); employment information required to be provided pursuant to s. 943.0435(4)(e); all home telephone numbers and cellular telephone numbers required to be provided pursuant to s. 943.0435(4)(e); the make, model, color, vehicle identification number (VIN), and license tag number of all vehicles owned; permanent or legal residence and address of temporary residence

within the state or out of state while the sexual offender is under supervision in this state, including any rural route address or post office box; if no permanent or temporary address, any transient residence within the state; and address, location or description, and dates of any current or known future temporary residence within the state or out of state. The sexual offender shall also produce his or her passport, if he or she has a passport, and, if he or she is an alien, shall produce or provide information about documents establishing his or her immigration status. The sexual offender shall also provide information about any professional licenses he or she has. The Department of Corrections shall verify the address of each sexual offender in the manner described in ss. 775.21 and 943.0435. The department shall report to the Department of Law Enforcement any failure by a sexual predator or sexual offender to comply with registration requirements.

(9) A sexual offender, as described in this section, who is under the supervision of the Department of Corrections but who is not incarcerated shall, in addition to the registration requirements provided in subsection (4), register and obtain a distinctive driver license or identification card in the manner provided in s. 943.0435(3), (4), and (5), unless the sexual offender is a sexual predator, in which case he or she shall register and obtain a distinctive driver license or identification card as required under s. 775.21. A sexual offender who fails to comply with the requirements of s. 943.0435 is subject to the penalties provided in s. 943.0435(9).

Section 9. For the purpose of incorporating the amendments made by this act to sections 775.21 and 943.0435, Florida

Statutes, in references thereto, paragraphs (a) and (d) of subsection (1) of section 985.481, Florida Statutes, are reenacted to read:

985.481 Sexual offenders adjudicated delinquent; notification upon release.—

(1) As used in this section:

(a) "Convicted" has the same meaning as provided in s. 943.0435.

(d) "Permanent residence," "temporary residence," and "transient residence" have the same meaning as provided in s. 775.21.

Section 10. For the purpose of incorporating the amendments made by this act to sections 775.21 and 943.0435, Florida Statutes, in references thereto, paragraphs (b) and (f) of subsection (1) and subsection (9) of section 985.4815, Florida Statutes, are reenacted to read:

985.4815 Notification to Department of Law Enforcement of information on juvenile sexual offenders.—

(1) As used in this section, the term:

(b) "Conviction" has the same meaning as provided in s. 943.0435.

(f) "Permanent residence," "temporary residence," and "transient residence" have the same meaning as provided in s. 775.21.

(9) A sexual offender, as described in this section, who is under the care, jurisdiction, or supervision of the department but who is not incarcerated shall, in addition to the registration requirements provided in subsection (4), register in the manner provided in s. 943.0435(3), (4), and (5), unless

the sexual offender is a sexual predator, in which case he or she shall register as required under s. 775.21. A sexual offender who fails to comply with the requirements of s. 943.0435 is subject to the penalties provided in s. 943.0435(9).

Section 11. This act shall take effect October 1, 2024.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Fiscal Policy

BILL:	CS/CS/SB 1274
INTRODUCER:	Fiscal Policy Committee; Criminal Justice Committee; and Senator Martin
SUBJECT:	Juvenile Justice
DATE:	February 23, 2024 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Parker	Stokes	CJ	**Fav/CS**
2.	Parker	Yeatman	FP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1274 makes multiple changes throughout ch. 985, F.S., to revise provisions relating to citation programs, secure detention, probation, conditional release, and contraband. Sections relating to firearm offenses committed by minors are amended throughout ch. 790, F.S., and ch. 985, F.S. Additionally, the bill amends s. 1002.221, F.S., to provide that education records may be used for proceedings initiated under ch. 984, F.S., and ch. 985, F.S.

Prearrest Delinquency Citation Programs

The bill amends s. 985.12, F.S., relating to civil citation programs, to rename civil citation programs as prearrest delinquency citation programs, prohibit such programs for firearm related offenses, and provide such programs must specify classes established for the program. Additionally, s. 985.125, F.S., is amended to prohibit school districts from operating a postarrest diversion program.

The bill amends s. 985.126, F.S., to revise reporting requirements for law enforcement agencies, and the Florida Department of Juvenile Justice (DJJ).

Firearm and Other Serious Offenses

The bill amends s. 790.22, F.S., to increase the penalty or the unlawful possession of a firearm by a minor, from a first degree misdemeanor to a third degree felony. Additionally, the bill provides specified punishments for such violations, including minimum mandatory days in secure detention, community service or paid work, and driver license restrictions. Section 985.455, F.S., is amended to provide that the court may, upon finding a compelling circumstance, direct the Florida Department of Highway Safety and Motor Vehicles (DHSMV) to make an exception to issue the minor a license for driving privileges restricted to business or employment purposes only.

Sections 790.115, and 790.22, F.S., are amended to remove provisions requiring secure detention for any minor who is charged with firearm related offenses.

The bill amends s. 985.433, F.S., requiring any youth committed for any offense or attempted offense involving a firearm be placed on conditional release for at least 1 year after release from the residential commitment program, with terms of conditional release including electronic monitoring for the initial six months under terms and conditions set by the DJJ.

For a firearm offense, other than minor possession under s. 790.22(3), F.S., or for an offense that is committed while the minor is in possession of a firearm, the court must order specified punishments, including 30 days of secure detention, 100 hours of community service, 1 year probation, and restrictions on the minors driver license, if the court decides not to commit the youth to a residential program.

A child who has previously had adjudication withheld for a specified offense shall not be eligible for a second or subsequent withhold of adjudication, and must be committed to a residential program.

The bill amends s. 985.601, F.S., providing that the DJJ must establish a class focused on the risk and consequences of youthful firearm offending which shall be provided by the DJJ to any youth adjudicated or who had adjudication withheld for any offense involving the use or possession of a firearm.

Secure Detention

The bill amends s. 985.25, F.S., requiring that youths arrested for violating the terms of his or her electronic monitoring supervision or his or her supervised release shall be placed in secure detention until a detention hearing.

A child on probation for an underlying felony firearm offense who is taken into custody under s. 985.101, F.S., for violating conditions of probation not involving a new law violation shall be held in secure detention to allow the state attorney to review the violation.

The bill amends s. 985.255, F.S., to provide that the court has the authority to depart from the detention risk assessment instrument and order a placement more or less restrictive than what the risk assessment recommends. Additionally, the bill provides when minors committing specified

offenses must be held in secure detention, and that the court must make certain findings before releasing such finding. Written notice of release must be given to the victim, the arresting agency, and the law enforcement agency with primary jurisdiction over the minor's residence.

The bill amends s. 985.26, F.S., to provide the court may order a child to be held in secure detention beyond 21 days based on the nature of the charge under specified circumstances, including if the child is held for specified offenses.

Probation

The bill amends multiple sections throughout ch. 985, F.S., to remove post commitment probation. Under the bill, a child must be placed on conditional release following commitment to a DJJ program, or may be directly released from such program.

The bill amends s. 985.435, F.S., providing that a probation program must include an alternative consequences component and such an alternative consequence component must be aligned with the DJJ's graduated response matrix as described in s. 985.438, F.S.

Section 985.438, F.S., is created and requires the DJJ to create and administer a statewide graduated response matrix to hold youths accountable to the term of their court ordered probation and the terms of their conditional release. The graduated response matrix shall outline sanctions for youth based on their risk to reoffend.

The bill amends s. 985.439, F.S., to provide that upon receiving notice of a violation of probation from the DJJ, the state attorney must file the violation within 5 days or provide in writing to the DJJ and the court a reason as to why he or she is not filing.

Additionally, the DJJ may place a youth on electronic monitoring for a violation of probation if it determines doing so will preserve and protect public safety.

Conditional Release

The bill amends s. 985.46, F.S., revising legislative intent concerning conditional release to require conditional release after commitment unless the youth is directly released. Specified conditions of conditional release must be placed on the minor.

The bill provides that a youth who violates the terms of his or her conditional release shall be assessed using the graduated response matrix as described in s. 985.438, F.S. A youth who fails to move into compliance shall be recommitted to a residential facility.

Contraband

The bill amends s. 985.711, F.S., to add specified items to the list of contraband, and provides it is a second degree felony to introduce contraband into a DJJ facility.

The bill permits the DJJ staff to utilize canine units on the grounds of a juvenile detention facility or commitment program to locate and seize contraband and ensure security within such a facility or program.

The bill is effective on July 1, 2024.

II. Present Situation:

Civil Citation/Pre-arrest Diversion

The Florida Department of Juvenile Justice (DJJ) civil citation or similar prearrest delinquency initiative addresses a youth's behavior at his or her first encounter with the juvenile justice system and provides an alternative to arrest for that child.[1]

A civil citation or similar prearrest delinquency program for misdemeanor offenses shall be established in each judicial circuit in the state. The state attorney and public defender of each circuit, the clerk of the court for each county in the circuit, and representatives of participating law enforcement agencies in the circuit shall create a civil citation or similar prearrest delinquency program and develop its policies and procedures. In developing the program's policies and procedures, input from other interested stakeholders may be solicited. The DJJ shall annually develop and provide guidelines on best practice models for civil citation or similar prearrest delinquency programs to the judicial circuits as a resource.[2]

Each judicial circuit's civil citation or similar prearrest delinquency program must specify:
- The misdemeanor offenses that qualify a juvenile for participation in the program;
- The eligibility criteria for the program;
- The program's implementation and operation;
- The program's requirements, including, but not limited to, the completion of community service hours, payment of restitution, if applicable, and intervention services indicated by a needs assessment of the juvenile, approved by the DJJ, such as family counseling, urinalysis monitoring, and substance abuse and mental health treatment services; and
- A program fee, if any, to be paid by a juvenile participating in the program. If the program imposes a fee, the clerk of the court of the applicable county must receive a reasonable portion of the fee.[3]

The state attorney of each circuit shall operate a civil citation or similar prearrest delinquency program in each circuit. A sheriff, police department, county, municipality, locally authorized entity, or public or private educational institution may continue to operate an independent civil citation or similar prearrest delinquency program that is in operation as of October 1, 2018, if the independent program is reviewed by the state attorney of the applicable circuit and he or she determines that the independent program is substantially similar to the civil citation or similar prearrest delinquency program developed by the circuit. If the state attorney determines that the

[1] Department of Juvenile Justice, Florida Civil Citation or Similar Prearrest delinquency Overview, available at https://www.djj.state.fl.us/partners-providers-staff/our-approach/florida-civil-citation-or-similar-prearrest-diversion) last visited on January 16, 2024).
[2] Section 985.12(2)(a), F.S.
[3] Section 985.12(2)(b), F.S.

independent program is not substantially similar to the civil citation or similar prearrest delinquency program developed by the circuit, the operator of the independent diversion program may revise the program and the state attorney may conduct an additional review of the independent program.[4]

Pursuant to s. 985.126, F.S., citation entities submit demographic data and indicate the law violation. Law enforcement agencies report data to the DJJ that identifies each minor who was eligible for a diversion program but was instead referred to the DJJ, given a notice to appear, or arrested. Within 7 days of the admission into a citation program, the citation entity enters data into the Juvenile Justice Information System Prevention Web. De-identified data collected through the state's civil citation programs is published and continually updated on the DJJ's website, and helps inform the department-produced, civil citation best practice report disseminated to judicial circuits.[5]

Detention of Children in Florida – Intake and Assessment

Every child under the age of 18 charged with a crime in Florida is referred to the DJJ.[6] The DJJ serves as the primary case manager responsible for managing, coordinating, and monitoring services provided to the child.[7] Intake and screening services for a child referred to the DJJ are performed at a Juvenile Assessment Center.[8] The purpose of the intake process is to assess the child's needs and risks and to determine the most appropriate treatment plan and setting for the child's programmatic need and risks.[9] Once a child is in the custody of the DJJ, the DJJ determines whether detention care is appropriate.[10]

The DJJ makes an initial decision regarding detention care placement using the "Detention Risk Assessment Instrument."[11] This instrument takes into consideration, but need not be limited to, the following:

- Pending felony and misdemeanor offenses;
- Offenses committed pending adjudication;
- Prior offenses;
- Unlawful possession of a firearm;
- Prior history of failure to appear;
- Supervision violations;
- Supervision status at the time the child is taken into custody;
- All statutory mandates for detention care; and

[8] Section 985.135(4), F.S.
[9] Section 985.14(2), F.S. The intake process consists of a preliminary screening and may be followed by a comprehensive assessment, consisting of a full mental health, cognitive impairment, substance abuse, or psychosexual evaluation.
[10] Section 985.25(1), F.S.
[11] Sections 985.25(1) and 985.245, F.S. Section 985.245, F.S., outlines with whom the Detention Risk Assessment Instrument must be developed, when and how it must be updated, and what factors the assessment instrument should identify when evaluating a child to determine whether detention placement is appropriate.

- Any information on the child's history of abuse and neglect.[12]

Secure Detention Care

The DJJ shall receive custody of a child who has been taken into custody from the law enforcement agency or court and shall review the facts in the law enforcement report or probable cause affidavit and make such further inquiry as may be necessary to determine whether detention care is appropriate.[13] A child may not be held in secure detention care under a special detention order for more than 21 days unless an adjudicatory hearing for the case has been commenced in good faith by the court.[14]

All determinations and court orders regarding the use of detention care shall be based primarily upon findings that the child:

- Presents a substantial risk of not appearing at a subsequent hearing;[15]
- Presents a substantial risk of inflicting bodily harm on others as evidenced by recent behavior, including the illegal possession or use of a firearm;[16]
- Presents a history of committing a property offense prior to adjudication, disposition, or placement;[17]
- Has committed contempt of court by:
  - Intentionally disrupting the administration of the court;
  - Intentionally disobeying a court order; or
  - Engaging in a punishable act or speech in the court's presence which shows disrespect for the authority and dignity of the court;[18] or
- Requests protection from imminent bodily harm.[19]

Alternative Consequence Component for Violations of Probation

A probation program may also include an alternative consequence component to address instances in which a child is noncompliant with technical conditions of his or her probation but has not committed any new violations of law. Each judicial circuit shall develop, in consultation with judges, the state attorney, the public defender, the regional counsel, relevant law enforcement agencies, and the DJJ, a written plan specifying the alternative consequence component which must be based upon the principle that sanctions must reflect the seriousness of the violation, the assessed criminogenic needs and risks of the child, the child's age and maturity level, and how effective the sanction or incentive will be in moving the child to compliant behavior. The alternative consequence component is designed to provide swift and appropriate consequences or incentives to a child who is alleged to be noncompliant with or in violation of probation. If the probation program includes this component, specific consequences that apply to

[16] Section 985.24(1)(b), F.S.
[17] Section 985.24(1)(c), F.S.
[18] Section 985.24(1)(d), F.S.
[19] Section 985.24(1)(e), F.S.

noncompliance with specific technical conditions of probation, as well as incentives used to move the child toward compliant behavior, must be detailed in the disposition order.[20]

If a youth is noncompliant with technical conditions of his or her probation, but has not committed any new violations of law the court may specify in the disposition order that the Juvenile Probation Officer may access a local alternative consequence program for youth with technical conditions of probation.[21]

Post Commitment Probation/Conditional Release

After release from a residential commitment program, a youth can be placed on post-commitment probation (PCP),[22,23] conditional release (CR),[24] or be directly released.

Conditional Release is designed to provide monitoring and services to those youth who are transitioning back to the community after being in a residential program. These youth have court-ordered sanctions and services that they must complete. Youth on Probation or Conditional Release may be ordered by the Court (or referred by the DJJ) to attend a Day Treatment program while they are being supervised. Day Treatment programs provide additional monitoring of youth and typically offer an alternative educational setting. They also provide additional services, such as anger management classes, social skills building, and substance abuse education.[25]

Minor in Possession of a Firearm

The use for any purpose whatsoever of BB guns, air or gas-operated guns, or electric weapons or devices, by any minor under the age of 16 years is prohibited unless such use is under the supervision and in the presence of an adult who is acting with the consent of the minor's parent.[26] A minor who violates subsection (3) commits a misdemeanor of the first degree;[27] for a first offense, may serve a period of detention of up to 5 days in a secure detention facility; and, in addition to any other penalty provided by law, shall be required to perform 100 hours of community service;[28] and:

- If the minor is eligible by reason of age for a driver license or driving privilege, the court may direct the DHSMV to revoke or to withhold issuance of the minor's driver license or driving privilege for up to 1 year.[29]
- If the minor's driver license or driving privilege is under suspension or revocation for any reason, the court may direct the DHSMV to extend the period of suspension or revocation by an additional period of up to 1 year.[30]
- If the minor is ineligible by reason of age for a driver license or driving privilege, the court may direct the DHSMV to withhold issuance of the minor's driver license or driving privilege for up to 1 year after the date on which the minor would otherwise have become eligible.[31]

Contraband

Except as authorized through program policy or operating procedure or as authorized by the facility superintendent, program director, or manager, a person may not introduce into or upon the grounds of a juvenile detention facility or commitment program, or take or send, or attempt to take or send, from a juvenile detention facility or commitment program, any of the following articles, which are declared to be contraband under this section:[32]

- Any unauthorized article of food or clothing.
- Any intoxicating beverage or any beverage that causes or may cause an intoxicating effect.
- Any controlled substance as defined in s. 893.02(4), F.S., marijuana as defined in s. 381.986, F.S., hemp as defined in s. 581.217, F.S., industrial hemp as defined in s. 1004.4473, F.S., or any prescription or nonprescription drug that has a hypnotic, stimulating, or depressing effect.
- Any firearm or weapon of any kind or any explosive substance.
- Any cellular telephone or other portable communication device as described in s. 944.47(1)(a)6., F.S., intentionally and unlawfully introduced inside the secure perimeter of any juvenile detention facility or commitment program. As used in this subparagraph, the term "portable communication device" does not include any device that has communication capabilities which has been approved or issued by the facility superintendent, program director, or manager.
- Any vapor-generating electronic device as defined in s. 386.203, F.S., intentionally and unlawfully introduced inside the secure perimeter of any juvenile detention facility or commitment program.

A person may not transmit contraband to, cause contraband to be transmitted to or received by, attempt to transmit contraband to, or attempt to cause contraband to be transmitted to or received by, a juvenile offender into or upon the grounds of a juvenile detention facility or commitment program, except as authorized through program policy or operating procedures or as authorized by the facility superintendent, program director, or manager.[33]

[33] Section 985.711(1)(b), F.S.

III. Effect of Proposed Changes:

The bill makes multiple changes throughout ch. 985, F.S., to revise provisions relating to citation programs, secure detention, probation, conditional release, and contraband. Sections relating to firearm offenses committed by minors are amended throughout ch. 790, F.S., and ch. 985, F.S.

Additionally, the bill amends s. 1002.221, F.S., to provide that education records may be used for proceedings initiated under ch. 984, F.S., and ch. 985, F.S.

Prearrest Delinquency Citation Programs

The bill amends s. 985.12, F.S., relating to civil citation programs, to:

- Redesignate civil citation programs as prearrest delinquency citation programs.
- Prohibit delinquency citations for firearm-related offenses.
- Provide that each judicial circuit much specify classes established by the DJJ or delinquency citation entity.
- Provide that a civil citation or similar prearrest delinquency program existing before July 1, 2024, must be deemed a delinquency citation program authorized by s. 985.12, F.S., if the civil citation or similar prearrest delinquency program has been approved by the state attorney of the circuit and it complies with the statutory requirements.

Additionally, s. 985.125, F.S., is amended to remove references to prearrest delinquency programs. The bill provides that school districts are prohibited from operating a postarrest diversion program.

The bill amends s. 985.126, F.S., to:

- Require each law enforcement agency shall submit to the DJJ data for every youth charged for the first time, who is charged with a misdemeanor.
- Require that the DJJ shall provide a quarterly report to be published on its website and distributed to the Governor, President of the Senate, and Speaker of the House of Representatives listing the entities that use delinquency citations for less than 70 percent of first-time misdemeanor offenses.

Firearm and Other Serious Offenses

The bill amends s. 790.22, F.S., to increase the penalty or the unlawful possession of a firearm by a minor, from a first degree misdemeanor to a third degree felony. Additionally, the bill:

- Provides that punishment for a first offense includes 5 days in secure detention, and 100 hours of community service or 100 hours of paid work, if such work is approved by the DJJ.
- Retains language that on a second violation a minor must serve 21 days in a secure detention facility, and must complete at least 100 hours of community service or paid work, but not more than 250 hours.
- Provides that for a third or subsequent violation, a minor shall be adjudicated delinquent and admitted to a residential program.
- Permits the court to direct the DHSMV to revoke or withhold issuance of the minor's driver license or driving privilege for up to 1 year for a first offense and up to 2 years for a second or subsequent offense.

- Permits the court to direct the DHSMV to extend the period of suspension or revocation if a minor's driver's license is under suspension for a first offense and up to 2 years for a second or subsequent offense.
- Permits the court to direct the DHSMV to withhold issuance of the minor's driver license or driving privilege for up to 1 year after the date on which the minor would otherwise have become eligible for a first offense and up to 2 years for a second or subsequent offense.

The bill amends s. 985.455, F.S., providing that if the court orders revocation or suspension of a child's driver license as part of a disposition, the court may, upon finding a compelling circumstance, direct the DHSMV to make an exception to issue the minor a license for driving privileges restricted to business or employment purposes only.

Sections 790.115, and 790.22, F.S., are amended to remove provisions requiring secure detention for any minor under 18 years of age who is charged with possessing or discharging a firearm on school property unless the state attorney authorizes the release of the minor.

The bill amends s. 985.433, F.S., requiring any youth committed for any offense or attempted offense involving a firearm be placed on conditional release for at least 1 year after release from the residential commitment program, with terms of conditional release including electronic monitoring for the initial six months under terms and conditions set by the DJJ.

The bill provides that for a firearm offense, other than minor possession under s. 790.22(3), F.S., or for an offense that is committed while the minor is in possession of a firearm, the court must order specified punishments, including 30 days of secure detention, 100 hours of community service, 1 year probation, and restrictions on the minors driver license, if the court decides not to commit the youth to a residential program.

The bill provides that a child who has previously had adjudication withheld for a specified offense shall not be eligible for a second or subsequent withhold of adjudication, and must be committed to a residential program. Specified offenses include:

- Armed robbery involving a firearm.
- Armed carjacking involving the use or possession of a firearm.
- Having a firearm while committing a felony.
- Armed burglary involving the use or possession of a firearm.
- Delinquent in possession of a firearm.
- Any attempt to commit the above listed offenses.

The bill amends s. 985.601, F.S., providing that the DJJ must establish a class focused on the risk and consequences of youthful firearm offending which shall be provided by the DJJ to any youth adjudicated or who had adjudication withheld for any offense involving the use or possession of a firearm.

Secure Detention

The bill amends s. 985.25, F.S., requiring that youths arrested for violating the terms of his or her electronic monitoring supervision or his or her supervised release shall be placed in secure detention until a detention hearing.

The bill also provides that a child on probation for an underlying felony firearm offense who is taken into custody under s. 985.101, F.S., for violating conditions of probation not involving a new law violation shall be held in secure detention to allow the state attorney to review the violation. If within 21 days, the state attorney notifies the court that commitment will be sought, then the child shall remain in secure detention pending proceedings under s. 985.439, F.S., until the initial 21-day period of secure detention has expired. Upon motion of the state attorney, the child may be held for an additional 21-day period if the court finds that the totality of the circumstances, including the preservation of public safety, warrants such extension.

The bill amends s. 985.255, F.S., to provide that the court has the authority to depart from the detention risk assessment instrument and order a placement more or less restrictive than what the risk assessment recommends. Additionally, the bill:

- Provides that when the court finds probable cause at the detention hearing that the child committed one or more specified offenses then there is a presumption that the child is at risk to public safety and a danger to the community and such child must be held in secure detention prior to an adjudicatory hearing. Specific offenses include:
  - Murder (1st degree and 2nd degree).
  - Armed robbery involving the use/possession of a firearm.
  - Armed carjacking involving the use/possession of a firearm.
  - Having a firearm while committing a felony.
  - Armed burglary involving the use/possession of a firearm.
  - Delinquent in possession of a firearm.
  - Attempt to commit any of the above-listed offenses.
- Provides the court must issue a written order for the release of a child from secure detention and such order must be based upon clear and convincing evidence of why the child does not present a risk to public safety or a danger to the community, and provide that the child shall be placed on supervised release detention care with electronic monitoring until the child's adjudicatory hearing.
- Provide that the court must provide a copy of the written notice to the victim, the arresting agency, and the law enforcement agency with primary jurisdiction over the youth's residence for any youth released on supervised release under these circumstances.

The bill amends s. 985.26, F.S., to provide that the court may order a minor to be held in secure detention beyond 21 days based on the nature of the charge under specified circumstances, including if the child is held for offenses listed in s. 985.255(1)(g), F.S.

Probation

The bill amends multiple sections throughout ch. 985, F.S., to remove post commitment probation. Under the bill, a child must be placed on conditional release following commitment to a DJJ program, or may be directly released from such program.

The bill amends s. 985.435, F.S., providing that a probation program must include an alternative consequences component and such an alternative consequence component must be aligned with the DJJ's graduated response matrix as described in s. 985.438, F.S.

The bill creates s. 985.438, F.S., requiring the DJJ to create and administer a statewide graduated response matrix to hold youths accountable to the term of their court ordered probation and the terms of their conditional release.

The graduated response matrix shall outline sanctions for youth based on their risk to reoffend and shall include, but not be limited to:

- Increased contacts.
- Increased drug tests.
- Curfew reductions.
- Increased community service.
- Additional evaluations.
- Addition of electronic monitoring.

The bill amends s. 985.439, F.S., to provide that upon receiving notice of a violation of probation from the DJJ, the state attorney must file the violation within 5 days or provide in writing to the DJJ and the court a reason as to why he or she is not filing.

Additionally, the DJJ may place a youth on electronic monitoring for a violation of probation if it determines doing so will preserve and protect public safety.

Conditional Release

The bill amends s. 985.46, F.S., revising legislative intent concerning conditional release to require conditional release after commitment unless the youth is directly released, and include at a minimum the following conditions:

- Participation in the educational program by students of compulsory school attendance age pursuant to s. 1003.21(1), F.S.
- A curfew.
- A prohibition on contact with victims, co-defendants, or known gang members.
- A prohibition on use of controlled substances.
- A prohibition on possession of firearms.

The bill provides that a youth who violates the terms of his or her conditional release shall be assessed using the graduated response matrix as described in s. 985.438, F.S. A youth who fails to move into compliance shall be recommitted to a residential facility.

Contraband

The bill amends s. 985.711, F.S., revising provisions concerning introduction of contraband into DJJ facilities providing that a person may not introduce into or upon the grounds of a juvenile detention facility or commitment program, or take or send, or attempt to take or send, from a juvenile detention facility or commitment program any of the following articles which are declared to be contraband as follows:

- Food or clothing given or transmitted, or intended to be given or transmitted, to any youth in a juvenile detention facility or commitment program.

- Any currency or coin given or transmitted, to any youth of any juvenile detention facility or commitment program.
- Any cigarettes, or tobacco products, given or intended to be given, to any youth in a juvenile detention facility or commitment program.

The bill provides that introducing contraband into a DJJ facility is a second degree felony.

The bill permits for the DJJ staff to utilize canine units on the grounds of a juvenile detention facility or commitment program to locate and seize contraband and ensure security within such a facility or program.

The bill is effective on July 1, 2024.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

This bill will have an indeterminate fiscal impact at this time. However, since the bill could result in additional youth in secure detention, operating costs for non-fiscally

constrained counties could increase in relation to their portion of the annual Detention Cost Share billings. The impact on expenditures is indeterminate at this time. However, several provisions within the bill could result in increased operating costs for the department. While the full fiscal impact would be based on the increased number of youth served by department program areas due to the statutory changes within the bill, the current secure detention cost per day for the department is $460.16/youth, and the average per diem for contracted residential programs is $276/youth for nonsecure programs and $307/youth for secure programs.[34]

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

The bill substantially amends the following sections of the Florida Statutes: 790.115, 790.22, 985.101, 985.12, 985.125, 985.126, 985.245, 985.25, 985.255, 985.26, 985.433, 985.435, 985.438, 985.439, 985.455, 985.46, 985.48, 985.4815, 985.601, 985.711, 1002.221, 943.051, 985.11, and 1006.07.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Fiscal Policy on February 22, 2024:
The committee substitute:

- Authorizes the DJJ staff to utilize canine units on the grounds of a juvenile detention facility or commitment program to locate and seize contraband and ensure security within such a facility or program.

CS by Criminal Justice on January 30, 2024:
The committee substitute:

- Deletes unnecessary duplicate language.
- Makes technical nonsubstantive changes to maintain consistent terminology throughout the bill.

B. Amendments:

None.

provisions concerning an alternative consequence program; allowing placement of electronic monitoring for probation violations in certain circumstances; amending s. 985.455, F.S.; authorizing a court to make an exception to an order of revocation or suspension of driving privileges in certain circumstances; amending s. 985.46, F.S.; revising legislative intent concerning conditional release; revising the conditions of conditional release; providing for assessment of conditional release violations and possible recommitment of violators; amending ss. 985.48 and 985.4815, F.S.; conforming provisions to changes made by the act; amending s. 985.601, F.S.; requiring the Department of Juvenile justice to establish a specified class for firearms offenders; amending s. 985.711, F.S.; revising provisions concerning introduction of contraband into department facilities; revising criminal penalties for violations; amending s. 1002.221, F.S.; revising provisions concerning educational records for certain purposes; amending ss. 943.051, 985.11, and 1006.07, F.S.; conforming provisions to changes made by the act; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (4) of section 790.115, Florida Statutes, is amended to read:

790.115 Possessing or discharging weapons or firearms at a

school-sponsored event or on school property prohibited; penalties; exceptions.—

~~(4) Notwithstanding s. 985.24, s. 985.245, or s. 985.25(1), any minor under 18 years of age who is charged under this section with possessing or discharging a firearm on school property shall be detained in secure detention, unless the state attorney authorizes the release of the minor, and shall be given a probable cause hearing within 24 hours after being taken into custody. At the hearing, the court may order that the minor continue to be held in secure detention for a period of 21 days, during which time the minor shall receive medical, psychiatric, psychological, or substance abuse examinations pursuant to s. 985.18, and a written report shall be completed.~~

Section 2. Subsections (1), (5), (8), (9), and (10) of section 790.22, Florida Statutes, are amended, and subsection (3) of that section is republished, to read:

790.22 Use of BB guns, air or gas-operated guns, or electric weapons or devices by minor under 16; limitation; possession of firearms by minor under 18 prohibited; penalties.—

(1) The use for any purpose whatsoever of BB guns, air or gas-operated guns, or electric weapons or devices, by any minor under the age of 16 years is prohibited unless such use is under the supervision and in the presence of an adult who is acting with the consent of the minor's parent or guardian.

(3) A minor under 18 years of age may not possess a firearm, other than an unloaded firearm at his or her home, unless:

(a) The minor is engaged in a lawful hunting activity and is:

1. At least 16 years of age; or

2. Under 16 years of age and supervised by an adult.

(b) The minor is engaged in a lawful marksmanship competition or practice or other lawful recreational shooting activity and is:

1. At least 16 years of age; or

2. Under 16 years of age and supervised by an adult who is acting with the consent of the minor's parent or guardian.

(c) The firearm is unloaded and is being transported by the minor directly to or from an event authorized in paragraph (a) or paragraph (b).

(5)~~(a)~~ A minor who violates subsection (3) commits a felony ~~misdemeanor~~ of the third ~~first~~ degree; for a first offense, shall ~~may~~ serve a period of ~~detention of up to~~ 5 days in a secure detention facility, with credit for time served in secure detention prior to disposition~~;~~ and~~, in addition to any other penalty provided by law,~~ shall be required to perform 100 hours of community service or paid work as determined by the department. For a second violation of subsection (3), a minor shall serve 21 days in a secure detention facility, with credit for time served in secure detention prior to disposition; and shall be required to perform not less than 100 nor more than 250 hours of community service or paid work as determined by the department. For a third or subsequent violation of subsection (3), a minor shall be adjudicated delinquent and committed to a residential program. In addition to the penalties for a first offense and a second or subsequent offense under subsection (3)~~;~~ ~~and~~:

(a)~~1.~~ If the minor is eligible by reason of age for a

driver license or driving privilege, the court may direct the Department of Highway Safety and Motor Vehicles to revoke or to withhold issuance of the minor's driver license or driving privilege for up to 1 year for a first offense and up to 2 years for a second or subsequent offense.

(b)~~2.~~ If the minor's driver license or driving privilege is under suspension or revocation for any reason, the court may direct the Department of Highway Safety and Motor Vehicles to extend the period of suspension or revocation by an additional period of up to 1 year for a first offense and up to 2 years for a second or subsequent offense.

(c)~~3.~~ If the minor is ineligible by reason of age for a driver license or driving privilege, the court may direct the Department of Highway Safety and Motor Vehicles to withhold issuance of the minor's driver license or driving privilege for up to 1 year after the date on which the minor would otherwise have become eligible for a first offense and up to 2 years for a second or subsequent offense.

~~(b) For a second or subsequent offense, a minor who violates subsection (3) commits a felony of the third degree and shall serve a period of detention of up to 21 days in a secure detention facility and shall be required to perform not less than 100 nor more than 250 hours of community service, and:~~

~~1. If the minor is eligible by reason of age for a driver license or driving privilege, the court may direct the Department of Highway Safety and Motor Vehicles to revoke or to withhold issuance of the minor's driver license or driving privilege for up to 2 years.~~

~~2. If the minor's driver license or driving privilege is~~

~~under suspension or revocation for any reason, the court may direct the Department of Highway Safety and Motor Vehicles to extend the period of suspension or revocation by an additional period of up to 2 years.~~

~~3. If the minor is ineligible by reason of age for a driver license or driving privilege, the court may direct the Department of Highway Safety and Motor Vehicles to withhold issuance of the minor's driver license or driving privilege for up to 2 years after the date on which the minor would otherwise have become eligible.~~

For the purposes of this subsection, community service shall be performed, if possible, in a manner involving a hospital emergency room or other medical environment that deals on a regular basis with trauma patients and gunshot wounds.

~~(8) Notwithstanding s. 985.24 or s. 985.25(1), if a minor is charged with an offense that involves the use or possession of a firearm, including a violation of subsection (3), or is charged for any offense during the commission of which the minor possessed a firearm, the minor shall be detained in secure detention, unless the state attorney authorizes the release of the minor, and shall be given a hearing within 24 hours after being taken into custody. At the hearing, the court may order that the minor continue to be held in secure detention in accordance with the applicable time periods specified in s. 985.26(1)-(5), if the court finds that the minor meets the criteria specified in s. 985.255, or if the court finds by clear and convincing evidence that the minor is a clear and present danger to himself or herself or the community. The Department of Juvenile Justice shall prepare a form for all minors charged under this subsection which states the period of detention and the relevant demographic information, including, but not limited to, the gender, age, and race of the minor; whether or not the minor was represented by private counsel or a public defender; the current offense; and the minor's complete prior record, including any pending cases. The form shall be provided to the judge for determining whether the minor should be continued in secure detention under this subsection. An order placing a minor in secure detention because the minor is a clear and present danger to himself or herself or the community must be in writing, must specify the need for detention and the benefits derived by the minor or the community by placing the minor in secure detention, and must include a copy of the form provided by the department.~~

~~(9) Notwithstanding s. 985.245, if the minor is found to have committed an offense that involves the use or possession of a firearm, as defined in s. 790.001, other than a violation of subsection (3), or an offense during the commission of which the minor possessed a firearm, and the minor is not committed to a residential commitment program of the Department of Juvenile Justice, in addition to any other punishment provided by law, the court shall order:~~

~~(a) For a first offense, that the minor shall serve a minimum period of detention of 15 days in a secure detention facility; and~~

~~1. Perform 100 hours of community service; and may~~

~~2. Be placed on community control or in a nonresidential commitment program.~~

~~(b) For a second or subsequent offense, that the minor shall serve a mandatory period of detention of at least 21 days in a secure detention facility; and~~

~~1. Perform not less than 100 nor more than 250 hours of community service; and may~~

~~2. Be placed on community control or in a nonresidential commitment program.~~

~~The minor shall not receive credit for time served before adjudication. For the purposes of this subsection, community service shall be performed, if possible, in a manner involving a hospital emergency room or other medical environment that deals on a regular basis with trauma patients and gunshot wounds.~~

~~(10) If a minor is found to have committed an offense under subsection (9), the court shall impose the following penalties in addition to any penalty imposed under paragraph (9)(a) or paragraph (9)(b):~~

~~(a) For a first offense:~~

~~1. If the minor is eligible by reason of age for a driver license or driving privilege, the court may direct the Department of Highway Safety and Motor Vehicles to revoke or to withhold issuance of the minor's driver license or driving privilege for up to 1 year.~~

~~2. If the minor's driver license or driving privilege is under suspension or revocation for any reason, the court may direct the Department of Highway Safety and Motor Vehicles to extend the period of suspension or revocation by an additional period for up to 1 year.~~

~~3. If the minor is ineligible by reason of age for a driver~~

~~license or driving privilege, the court may direct the Department of Highway Safety and Motor Vehicles to withhold issuance of the minor's driver license or driving privilege for up to 1 year after the date on which the minor would otherwise have become eligible.~~

~~(b) For a second or subsequent offense:~~

~~1. If the minor is eligible by reason of age for a driver license or driving privilege, the court may direct the Department of Highway Safety and Motor Vehicles to revoke or to withhold issuance of the minor's driver license or driving privilege for up to 2 years.~~

~~2. If the minor's driver license or driving privilege is under suspension or revocation for any reason, the court may direct the Department of Highway Safety and Motor Vehicles to extend the period of suspension or revocation by an additional period for up to 2 years.~~

~~3. If the minor is ineligible by reason of age for a driver license or driving privilege, the court may direct the Department of Highway Safety and Motor Vehicles to withhold issuance of the minor's driver license or driving privilege for up to 2 years after the date on which the minor would otherwise have become eligible.~~

Section 3. Paragraph (d) of subsection (1) of section 985.101, Florida Statutes, is amended to read:

985.101 Taking a child into custody.—

(1) A child may be taken into custody under the following circumstances:

(d) By a law enforcement officer who has probable cause to believe that the child is in violation of the conditions of the

child's probation, supervised release detention, ~~postcommitment probation,~~ or conditional release supervision; has absconded from nonresidential commitment; or has escaped from residential commitment.

Nothing in this subsection shall be construed to allow the detention of a child who does not meet the detention criteria in part V.

Section 4. Section 985.12, Florida Statutes, is amended to read:

985.12 Prearrest delinquency ~~Civil~~ citation ~~or similar prearrest diversion~~ programs.—

(1) LEGISLATIVE FINDINGS AND INTENT.—The Legislature finds that the creation and implementation of any prearrest delinquency ~~civil~~ citation ~~or similar prearrest diversion~~ programs at the judicial circuit level promotes public safety, aids interagency cooperation, and provides the greatest chance of success for prearrest delinquency ~~civil~~ citation a~~nd similar prearrest diversion~~ programs. The Legislature further finds that the widespread use of prearrest delinquency ~~civil~~ citation ~~and similar prearrest diversion~~ programs has a positive effect on the criminal justice system by immediately holding youth accountable for their actions and contributes to an overall reduction in the crime rate and recidivism in the state. The Legislature encourages but does not mandate that counties, municipalities, and public or private educational institutions participate in a prearrest delinquency ~~civil~~ citation ~~or similar prearrest diversion~~ program created by their judicial circuit under this section.

(2) JUDICIAL CIRCUIT DELINQUENCY ~~CIVIL~~ CITATION ~~OR SIMILAR PREARREST DIVERSION~~ PROGRAM DEVELOPMENT, IMPLEMENTATION, AND OPERATION.—

(a) A prearrest delinquency ~~civil~~ citation ~~or similar prearrest diversion~~ program for misdemeanor offenses shall be established in each judicial circuit in the state. The state attorney and public defender of each circuit, the clerk of the court for each county in the circuit, and representatives of participating law enforcement agencies in the circuit shall create a prearrest delinquency ~~civil~~ citation ~~or similar prearrest diversion~~ program and develop its policies and procedures. In developing the program's policies and procedures, input from other interested stakeholders may be solicited. The department shall annually develop and provide guidelines on best practice models for prearrest delinquency ~~civil~~ citation ~~or similar prearrest diversion~~ programs to the judicial circuits as a resource.

(b) Each judicial circuit's prearrest delinquency ~~civil~~ citation ~~or similar prearrest diversion~~ program must specify all of the following:

1. The misdemeanor offenses that qualify a juvenile for participation in the program. Offenses involving the use or possession of a firearm do not qualify for a prearrest delinquency citation program.~~;~~

2. The eligibility criteria for the program.~~;~~

3. The program's implementation and operation.~~;~~

4. The program's requirements, including, but not limited to, the completion of community service hours, payment of restitution, if applicable, classes established by the

department or the prearrest delinquency citation program, and intervention services indicated by a needs assessment of the juvenile, approved by the department, such as family counseling, urinalysis monitoring, and substance abuse and mental health treatment services.~~; and~~

5. A program fee, if any, to be paid by a juvenile participating in the program. If the program imposes a fee, the clerk of the court of the applicable county must receive a reasonable portion of the fee.

(c) The state attorney of each circuit shall operate a prearrest delinquency ~~civil~~ citation ~~or similar prearrest diversion~~ program in each circuit. A sheriff, police department, county, municipality, locally authorized entity, or public or private educational institution may ~~continue to~~ operate an independent prearrest delinquency ~~civil~~ citation ~~or similar prearrest diversion~~ program ~~that is in operation as of October 1, 2018,~~ if the independent program is reviewed by the state attorney of the applicable circuit and he or she determines that the independent program is substantially similar to the prearrest delinquency ~~civil~~ citation ~~or similar prearrest diversion~~ program developed by the circuit. If the state attorney determines that the independent program is not substantially similar to the prearrest delinquency ~~civil~~ citation ~~or similar prearrest diversion~~ program developed by the circuit, the operator of the independent ~~diversion~~ program may revise the program and the state attorney may conduct an additional review of the independent program. A civil citation or similar prearrest diversion program existing before July 1, 2024, shall be deemed a delinquency citation program authorized

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

by this section if the civil citation or similar prearrest diversion program has been approved by the state attorney of the circuit in which it operates and it complies with the requirements in paragraph (2)(b).

~~(d) A judicial circuit may model an existing sheriff's, police department's, county's, municipality's, locally authorized entity's, or public or private educational institution's independent civil citation or similar prearrest diversion program in developing the civil citation or similar prearrest diversion program for the circuit.~~

(d)~~(c)~~ If a juvenile does not successfully complete the prearrest delinquency ~~civil~~ citation ~~or similar prearrest diversion~~ program, the arresting law enforcement officer shall determine if there is good cause to arrest the juvenile for the original misdemeanor offense and refer the case to the state attorney to determine if prosecution is appropriate or allow the juvenile to continue in the program.

(e)~~(f)~~ Each prearrest delinquency ~~civil~~ citation ~~or similar prearrest diversion~~ program shall enter the appropriate youth data into the Juvenile Justice Information System Prevention Web within 7 days after the admission of the youth into the program.

(f)~~(g)~~ At the conclusion of a juvenile's prearrest delinquency ~~civil~~ citation ~~or similar prearrest diversion~~ program, the state attorney or operator of the independent program shall report the outcome to the department. The issuance of a prearrest delinquency ~~civil~~ citation ~~or similar prearrest diversion~~ program notice is not considered a referral to the department.

(g)~~(h)~~ Upon issuing a prearrest delinquency ~~civil~~ citation

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

~~or similar prearrest diversion~~ program notice, the law enforcement officer shall send a copy of the prearrest delinquency ~~civil~~ citation ~~or similar prearrest diversion~~ program notice to the parent or guardian of the child and to the victim.

Section 5. Section 985.125, Florida Statutes, is amended to read:

985.125 ~~Prearrest or~~ Postarrest diversion programs.—

(1) A law enforcement agency ~~or school district~~, in cooperation with the state attorney, may establish a ~~prearrest or~~ postarrest diversion program.

(2) As part of the ~~prearrest or~~ postarrest diversion program, a child who is alleged to have committed a delinquent act may be required to surrender his or her driver license, or refrain from applying for a driver license, for not more than 90 days. If the child fails to comply with the requirements of the program, the state attorney may notify the Department of Highway Safety and Motor Vehicles in writing to suspend the child's driver license for a period that may not exceed 90 days.

Section 6. Subsections (5) and (6) of section 985.126, Florida Statutes, are renumbered as subsections (6) and (7), respectively, subsections (3) and (4) of that section are amended, and a new subsection (5) is added to that section, to read:

985.126 Prearrest and postarrest diversion programs; data collection; denial of participation or expunged record.—

(3)(a) ~~Beginning October 1, 2018,~~ Each diversion program shall submit data to the department which identifies for each minor participating in the diversion program:

1. The race, ethnicity, gender, and age of that minor.

2. The offense committed, including the specific law establishing the offense.

3. The judicial circuit and county in which the offense was committed and the law enforcement agency that had contact with the minor for the offense.

4. Other demographic information necessary to properly register a case into the Juvenile Justice Information System Prevention Web, as specified by the department.

(b) ~~Beginning October 1, 2018,~~ Each law enforcement agency shall submit to the department data for every minor charged for the first-time, who is charged with a misdemeanor, and who was ~~that identifies for each minor who was eligible for a diversion program, but was instead~~ referred to the department, provided a notice to appear, or arrested:

1. The data required pursuant to paragraph (a).

2. Whether the minor was offered the opportunity to participate in a diversion program. If the minor was:

a. Not offered such opportunity, the reason such offer was not made.

b. Offered such opportunity, whether the minor or his or her parent or legal guardian declined to participate in the diversion program.

(c) The data required pursuant to paragraph (a) shall be entered into the Juvenile Justice Information System Prevention Web within 7 days after the youth's admission into the program.

(d) The data required pursuant to paragraph (b) shall be submitted on or with the arrest affidavit or notice to appear.

(4) ~~Beginning January 1, 2019,~~ The department shall compile

and semiannually publish the data required by subsection (3) on the department's website in a format that is, at a minimum, sortable by judicial circuit, county, law enforcement agency, race, ethnicity, gender, age, and offense committed.

(5) The department shall provide a quarterly report to be published on its website and distributed to the Governor, President of the Senate, and Speaker of the House of Representatives listing the entities that use prearrest delinquency citations for less than 70 percent of first-time misdemeanor offenses.

Section 7. Subsection (4) of section 985.245, Florida Statutes, is amended to read:

985.245 Risk assessment instrument.—

(4) For a child who is under the supervision of the department through probation, supervised release detention, conditional release, ~~postcommitment probation,~~ or commitment and who is charged with committing a new offense, the risk assessment instrument may be completed and scored based on the underlying charge for which the child was placed under the supervision of the department.

Section 8. Subsection (1) of section 985.25, Florida Statutes, is amended to read:

985.25 Detention intake.—

(1) The department shall receive custody of a child who has been taken into custody from the law enforcement agency or court and shall review the facts in the law enforcement report or probable cause affidavit and make such further inquiry as may be necessary to determine whether detention care is appropriate.

(a) During the period of time from the taking of the child

into custody to the date of the detention hearing, the initial decision as to the child's placement into detention care shall be made by the department under ss. 985.24 and 985.245(1).

(b) The department shall base the decision whether to place the child into detention care on an assessment of risk in accordance with the risk assessment instrument and procedures developed by the department under s. 985.245, except that a child shall be placed in secure detention care until the child's detention hearing if the child meets the criteria specified in s. 985.255(1)(f)~~, is charged with possessing or discharging a firearm on school property in violation of s. 790.115,~~ or is charged with any other offense involving the possession or use of a firearm.

(c) If the final score on the child's risk assessment instrument indicates detention care is appropriate, but the department otherwise determines the child should be released, the department shall contact the state attorney, who may authorize release.

(d) If the final score on the risk assessment instrument indicates detention is not appropriate, the child may be released by the department in accordance with ss. 985.115 and 985.13.

(e) Notwithstanding any other provision of law, a child who is arrested for violating the terms of his or her electronic monitoring supervision or his or her supervised release shall be placed in secure detention until his or her detention hearing.

(f) Notwithstanding any other provision of law, a child on probation for an underlying felony firearm offense in chapter 790 and who is taken into custody under s. 985.101 for violating

conditions of probation not involving a new law violation shall be held in secure detention to allow the state attorney to review the violation. If, within 21 days, the state attorney notifies the court that commitment will be sought, then the child shall remain in secure detention pending proceedings under s. 985.439 until the initial 21-day period of secure detention has expired. Upon motion of the state attorney, the child may be held for an additional 21-day period if the court finds that the totality of the circumstances, including the preservation of public safety, warrants such extension. Any release from secure detention shall result in the child being held on supervised release with electronic monitoring pending proceedings under s. 985.439.

Under no circumstances shall the department or the state attorney or law enforcement officer authorize the detention of any child in a jail or other facility intended or used for the detention of adults, without an order of the court.

Section 9. Paragraph (a) of subsection (1) and subsection (3) of section 985.255, Florida Statutes, are amended, and paragraphs (g) and (h) are added to subsection (1) of that section, to read:

985.255 Detention criteria; detention hearing.—

(1) Subject to s. 985.25(1), a child taken into custody and placed into detention care shall be given a hearing within 24 hours after being taken into custody. At the hearing, the court may order a continued detention status if:

(a) The result of the risk assessment instrument pursuant to s. 985.245 indicates secure or supervised release detention

or the court makes the findings required under paragraph (3)(b).

(g) The court finds probable cause at the detention hearing that the child committed one or more of the following offenses:

1. Murder in the first degree under s. 782.04(1)(a).

2. Murder in the second degree under s. 782.04(2).

3. Armed robbery under s. 812.13(2)(a) that involves the use or possession of a firearm as defined in s. 790.001.

4. Armed carjacking under s. 812.133(2)(a) that involves the use or possession of a firearm as defined in s. 790.001.

5. Having a firearm while committing a felony under s. 790.07(2).

6. Armed burglary under s. 810.02(2)(b) that involves the use or possession of a firearm as defined in s. 790.001.

7. Delinquent in possession of a firearm under s. 790.23(1)(b).

8. An attempt to commit any offense listed in this paragraph under s. 777.04.

(h) For a child who meets the criteria in paragraph (g):

1. There is a presumption that the child presents a risk to public safety and danger to the community and such child must be held in secure detention prior to an adjudicatory hearing, unless the court enters a written order that the child would not present a risk to public safety or a danger to the community if he or she were placed on supervised release detention care.

2. The written order releasing a child from secure detention must be based on clear and convincing evidence why the child does not present a risk to public safety or a danger to the community and must list the child's prior adjudications, dispositions, and prior violations of pretrial release orders. A

court releasing a child from secure detention under this subparagraph shall place the child on supervised release detention care with electronic monitoring until the child's adjudicatory hearing.

3. If an adjudicatory hearing has not taken place after 60 days of secure detention for a child held in secure detention under this paragraph, the court must prioritize the efficient disposition of cases and hold a review hearing within each successive 7-day review period until the adjudicatory hearing or until the child is placed on supervised release with electronic monitoring under subparagraph 2.

4. If the court, under this section, releases a child to supervised release detention care, the court must provide a copy of the written order to the victim, to the law enforcement agency that arrested the child, and to the law enforcement agency with primary jurisdiction over the child's primary residence.

(3)(a) The purpose of the detention hearing required under subsection (1) is to determine the existence of probable cause that the child has committed the delinquent act or violation of law that he or she is charged with and the need for continued detention. The court shall consider ~~use~~ the results of the risk assessment performed by the department and, based on the criteria in subsection (1), shall determine the need for continued detention. If the child is a prolific juvenile offender who is detained under s. 985.26(2)(c), the court shall consider ~~use~~ the results of the risk assessment performed by the department and the criteria in subsection (1) or subsection (2) only to determine whether the prolific juvenile offender should

be held in secure detention.

(b) ~~If~~ The court may order ~~orders~~ a placement more or less restrictive than indicated by the results of the risk assessment instrument, and, if the court does so, shall state, in writing, clear and convincing reasons for such placement.

(c) Except as provided in ~~s. 790.22(8) or~~ s. 985.27, when a child is placed into detention care, or into a respite home or other placement pursuant to a court order following a hearing, the court order must include specific instructions that direct the release of the child from such placement no later than 5 p.m. on the last day of the detention period specified in s. 985.26 or s. 985.27, whichever is applicable, unless the requirements of such applicable provision have been met or an order of continuance has been granted under s. 985.26(4). If the court order does not include a release date, the release date shall be requested from the court on the same date that the child is placed in detention care. If a subsequent hearing is needed to provide additional information to the court for safety planning, the initial order placing the child in detention care shall reflect the next detention review hearing, which shall be held within 3 calendar days after the child's initial detention placement.

Section 10. Paragraph (b) of subsection (2) of section 985.26, Florida Statutes, is amended to read:

985.26 Length of detention.—

(2)

(b) The court may order the child to be held in secure detention beyond 21 days under the following circumstances:

1. Upon good cause being shown that the nature of the

charge requires additional time for the prosecution or defense of the case or that the totality of the circumstances, including the preservation of public safety, warrants an extension, the court may extend the length of secure detention care for up to an additional 21 days if the child is charged with an offense which, if committed by an adult, would be a capital felony, a life felony, a felony of the first degree or the second degree, a felony of the third degree involving violence against any individual, or any other offense involving the possession or use of a firearm. Except as otherwise provided in subparagraph 2., the court may continue to extend the period of secure detention care in increments of up to 21 days each by conducting a hearing before the expiration of the current period to determine the need for continued secure detention of the child. At the hearing, the court must make the required findings in writing to extend the period of secure detention. If the court extends the time period for secure detention care, it shall ensure an adjudicatory hearing for the case commences as soon as is reasonably possible considering the totality of the circumstances. The court shall prioritize the efficient disposition of cases in which the child has served 60 or more days in secure detention care.

2. When the child is being held in secure detention under s. 985.255(1)(g), and subject to s. 985.255(1)(h).

Section 11. Paragraph (d) is added to subsection (7) of section 985.433, Florida Statutes, and subsections (8) and (9) of that section are amended, to read:

985.433 Disposition hearings in delinquency cases.—When a child has been found to have committed a delinquent act, the

following procedures shall be applicable to the disposition of the case:

(7) If the court determines that the child should be adjudicated as having committed a delinquent act and should be committed to the department, such determination shall be in writing or on the record of the hearing. The determination shall include a specific finding of the reasons for the decision to adjudicate and to commit the child to the department, including any determination that the child was a member of a criminal gang.

(d) Any child adjudicated by the court and committed to the department under a restrictiveness level described in s. 985.03(44)(a)-(d), for any offense or attempted offense involving a firearm must be placed on conditional release, as defined in s. 985.03, for a period of 1 year following his or her release from a commitment program. Such term of conditional release shall include electronic monitoring of the child by the department for the initial 6 months following his or her release and at times and under terms and conditions set by the department.

(8) If the court determines not to adjudicate and commit to the department, then the court shall determine what community-based sanctions it will impose in a probation program for the child. Community-based sanctions may include, but are not limited to, participation in substance abuse treatment, a day-treatment probation program, restitution in money or in kind, a curfew, revocation or suspension of the driver license of the child, community service, and appropriate educational programs as determined by the district school board.

(a)1. Where a child is found to have committed an offense that involves the use or possession of a firearm, as defined in s. 790.001, other than a violation of s. 790.22(3), or is found to have committed an offense during the commission of which the child possessed a firearm, and the court has decided not to commit the child to a residential program, the court shall order the child, in addition to any other punishment provided by law, to:

a. Serve a period of detention of 30 days in a secure detention facility, with credit for time served in secure detention prior to disposition.

b. Perform 100 hours of community service or paid work as determined by the department.

c. Be placed on probation for a period of at least 1 year. Such term of probation shall include electronic monitoring of the child by the department at times and under terms and conditions set by the department.

2. In addition to the penalties in subparagraph 1., the court may impose the following restrictions upon the child's driving privileges:

a. If the child is eligible by reason of age for a driver license or driving privilege, the court may direct the Department of Highway Safety and Motor Vehicles to revoke or to withhold issuance of the child's driver license or driving privilege for up to 1 year.

b. If the child's driver license or driving privilege is under suspension or revocation for any reason, the court may direct the Department of Highway Safety and Motor Vehicles to extend the period of suspension or revocation by an additional

period for up to 1 year.

c. If the child is ineligible by reason of age for a driver license or driving privilege, the court may direct the Department of Highway Safety and Motor Vehicles to withhold issuance of the minor's driver license or driving privilege for up to 1 year after the date on which the child would otherwise have become eligible.

For the purposes of this paragraph, community service shall be performed, if possible, in a manner involving a hospital emergency room or other medical environment that deals on a regular basis with trauma patients and gunshot wounds.

(b) A child who has previously had adjudication withheld for any of the following offenses shall not be eligible for a second or subsequent withhold of adjudication if he or she is subsequently found to have committed any of the following offenses, and must be adjudicated delinquent and committed to a residential program:

1. Armed robbery involving a firearm under s. 812.13(2)(a).

2. Armed carjacking under s. 812.133(2)(a) involving the use or possession of a firearm as defined in s. 790.001.

3. Having a firearm while committing a felony under s. 790.07(2).

4. Armed burglary under s. 810.02(2)(b) involving the use or possession of a firearm as defined in s. 790.001.

5. Delinquent in possession of a firearm under s. 790.23(1)(b).

6. An attempt to commit any offense listed in this paragraph under s. 777.04.

(9) After appropriate sanctions for the offense are determined, including any minimum sanctions required by this section, the court shall develop, approve, and order a plan of probation that will contain rules, requirements, conditions, and rehabilitative programs, including the option of a day-treatment probation program, that are designed to encourage responsible and acceptable behavior and to promote both the rehabilitation of the child and the protection of the community.

Section 12. Subsections (1), (3), and (4) of section 985.435, Florida Statutes, are amended to read:

985.435 Probation ~~and postcommitment probation~~; community service.—

(1) The court that has jurisdiction over an adjudicated delinquent child may, by an order stating the facts upon which a determination of a sanction and rehabilitative program was made at the disposition hearing, place the child in a probation program ~~or a postcommitment probation program~~. Such placement must be under the supervision of an authorized agent of the department or of any other person or agency specifically authorized and appointed by the court, whether in the child's own home, in the home of a relative of the child, or in some other suitable place under such reasonable conditions as the court may direct.

(3) A probation program must also include a rehabilitative program component such as a requirement of participation in substance abuse treatment or in a school or career and technical education program. The nonconsent of the child to treatment in a substance abuse treatment program in no way precludes the court from ordering such treatment. Upon the recommendation of the

department at the time of disposition, or subsequent to disposition pursuant to the filing of a petition alleging a violation of the child's conditions of ~~postcommitment~~ probation, the court may order the child to submit to random testing for the purpose of detecting and monitoring the use of alcohol or controlled substances.

(4) A probation program must ~~may also~~ include an alternative consequence component to address instances in which a child is noncompliant with technical conditions of his or her probation but has not committed any new violations of law. The alternative consequence component must be aligned with the department's graduated response matrix as described in s. 985.438 ~~Each judicial circuit shall develop, in consultation with judges, the state attorney, the public defender, the regional counsel, relevant law enforcement agencies, and the department, a written plan specifying the alternative consequence component which must be based upon the principle that sanctions must reflect the seriousness of the violation, the assessed criminogenic needs and risks of the child, the child's age and maturity level, and how effective the sanction or incentive will be in moving the child to compliant behavior. The alternative consequence component is designed to provide swift and appropriate consequences or incentives to a child who is alleged to be noncompliant with or in violation of probation. If the probation program includes this component, specific consequences that apply to noncompliance with specific technical conditions of probation, as well as incentives used to move the child toward compliant behavior, must be detailed in the disposition order~~.

Section 13. Section 985.438, Florida Statutes, is created to read:

985.438 Graduated response matrix.—

(1) The department shall create and administer a statewide plan to hold youths accountable to the terms of their court ordered probation and the terms of their conditional release. The plan must be based upon the principle that sanctions must reflect the seriousness of the violation, provide immediate accountability for violations, the assessed criminogenic needs and risks of the child, and the child's age and maturity level. The plan is designed to provide swift and appropriate consequences or incentives to a child who is alleged to be noncompliant with or in violation of his or her probation.

(2) The graduated response matrix shall outline sanctions for youth based on their risk to reoffend and shall include, but not be limited to:

(a) Increased contacts.

(b) Increased drug tests.

(c) Curfew reductions.

(d) Increased community service.

(e) Additional evaluations.

(f) Addition of electronic monitoring.

(3) The graduated response matrix shall be adopted in rule by the department.

Section 14. Section 985.439, Florida Statutes, is amended to read:

985.439 Violation of probation ~~or postcommitment probation~~.—

(1)(a) This section is applicable when the court has

jurisdiction over a child on probation ~~or postcommitment probation~~, regardless of adjudication.

(b) If the conditions of the probation program ~~or the postcommitment probation program~~ are violated, the department or the state attorney may bring the child before the court on a petition alleging a violation of the program. A child who violates the conditions of probation ~~or postcommitment probation~~ must be brought before the court if sanctions are sought.

(c) Upon receiving notice of a violation of probation from the department, the state attorney must file the violation within 5 days or provide in writing to the department and the court the reason as to why he or she is not filing.

(2) A child taken into custody under s. 985.101 for violating the conditions of probation shall be screened and detained or released based on his or her risk assessment instrument score.

(3) If the child denies violating the conditions of probation ~~or postcommitment probation~~, the court shall, upon the child's request, appoint counsel to represent the child.

(4) Upon the child's admission, or if the court finds after a hearing that the child has violated the conditions of probation ~~or postcommitment probation~~, the court shall enter an order revoking, modifying, or continuing probation ~~or postcommitment probation~~. In each such case, the court shall enter a new disposition order and, in addition to the sanctions set forth in this section, may impose any sanction the court could have imposed at the original disposition hearing. If the child is found to have violated the conditions of probation ~~or postcommitment probation~~, the court may:

(a) Place the child in supervised release detention with electronic monitoring.

(b) If the violation of probation is technical in nature and not a new violation of law, place the child in an alternative consequence program designed to provide swift and appropriate consequences to any further violations of probation.

~~1. Alternative consequence programs shall be established, within existing resources, at the local level in coordination with law enforcement agencies, the chief judge of the circuit, the state attorney, and the public defender.~~

~~2. Alternative consequence programs may be operated by an entity such as a law enforcement agency, the department, a juvenile assessment center, a county or municipality, or another entity selected by the department.~~

~~3. Upon placing a child in an alternative consequence program, the court must approve specific consequences for specific violations of the conditions of probation.~~

(c) Modify or continue the child's probation program ~~or postcommitment probation program~~.

(d) Revoke probation ~~or postcommitment probation~~ and commit the child to the department.

(e) Allow the department to place a child on electronic monitoring for a violation of probation if it determines doing so will preserve and protect public safety.

(5) Upon the recommendation of the department at the time of disposition, or subsequent to disposition pursuant to the filing of a petition alleging a violation of the child's conditions of ~~postcommitment~~ probation, the court may order the child to submit to random testing for the purpose of detecting

and monitoring the use of alcohol or controlled substances.

Section 15. Subsection (5) is added to section 985.455, Florida Statutes, to read:

985.455 Other dispositional issues.—

(5) If the court orders revocation or suspension of a child's driver license as part of a disposition, the court may, upon finding a compelling circumstance to warrant an exception, direct the Department of Highway Safety and Motor Vehicles to issue a license for driving privileges restricted to business or employment purposes only, as defined in s. 322.271.

Section 16. Subsections (2), (3), and (5) of section 985.46, Florida Statutes, are amended, and subsection (6) is added to that section, to read:

985.46 Conditional release.—

(2) It is the intent of the Legislature that:

(a) Commitment programs include rehabilitative efforts on preparing committed juveniles for a successful release to the community.

(b) Conditional release transition planning begins as early in the commitment process as possible.

(c) Each juvenile committed to a residential commitment program receive conditional release services ~~be assessed to determine the need for conditional release services~~ upon release from the commitment program unless the juvenile is directly released by the court.

(3) For juveniles referred or committed to the department, the function of the department may include, but shall not be limited to, supervising each juvenile on conditional release when ~~assessing each juvenile placed in a residential commitment~~

~~program to determine the need for conditional release services upon release from the program, supervising the juvenile when~~ released into the community from a residential commitment facility of the department, providing such counseling and other services as may be necessary for the families and assisting their preparations for the return of the child. Subject to specific appropriation, the department shall provide for outpatient sexual offender counseling for any juvenile sexual offender released from a residential commitment program as a component of conditional release.

(5) Conditional release supervision shall contain, at a minimum, the following conditions:

(a) ~~(5)~~ Participation in the educational program by students of compulsory school attendance age pursuant to s. 1003.21(1) and (2)(a) ~~is mandatory for juvenile justice youth on conditional release or postcommitment probation status~~. A student of noncompulsory school-attendance age who has not received a high school diploma or its equivalent must participate in an educational program or career and technical education course of study. A youth who has received a high school diploma or its equivalent and is not employed must participate in workforce development or other career or technical education or attend a community college or a university while in the program~~, subject to available funding~~.

(b) A curfew.

(c) A prohibition on contact with victims, co-defendants, or known gang members.

(d) A prohibition on use of controlled substances.

(e) A prohibition on possession of firearms.

(6) A youth who violates the terms of his or her conditional release shall be assessed using the graduated response matrix as described in s. 985.438. A youth who fails to move into compliance shall be recommitted to a residential facility.

Section 17. Paragraph (c) of subsection (1) of section 985.48, Florida Statutes, is amended to read:

985.48 Juvenile sexual offender commitment programs; sexual abuse intervention networks.—

(1) In order to provide intensive treatment and psychological services to a juvenile sexual offender committed to the department, it is the intent of the Legislature to establish programs and strategies to effectively respond to juvenile sexual offenders. In designing programs for juvenile sexual offenders, it is the further intent of the Legislature to implement strategies that include:

(c) Providing intensive ~~postcommitment~~ supervision of juvenile sexual offenders who are released into the community with terms and conditions which may include electronic monitoring of a juvenile sexual offender for the purpose of enhancing public safety.

Section 18. Paragraph (a) of subsection (6) of section 985.4815, Florida Statutes, is amended to read:

985.4815 Notification to Department of Law Enforcement of information on juvenile sexual offenders.—

(6)(a) The information provided to the Department of Law Enforcement must include the following:

1. The information obtained from the sexual offender under subsection (4).

2. The sexual offender's most current address and place of permanent, temporary, or transient residence within the state or out of state, and address, location or description, and dates of any current or known future temporary residence within the state or out of state, while the sexual offender is in the care or custody or under the jurisdiction or supervision of the department in this state, including the name of the county or municipality in which the offender permanently or temporarily resides, or has a transient residence, and address, location or description, and dates of any current or known future temporary residence within the state or out of state; and, if known, the intended place of permanent, temporary, or transient residence, and address, location or description, and dates of any current or known future temporary residence within the state or out of state upon satisfaction of all sanctions.

3. The legal status of the sexual offender and the scheduled termination date of that legal status.

4. The location of, and local telephone number for, any department office that is responsible for supervising the sexual offender.

5. An indication of whether the victim of the offense that resulted in the offender's status as a sexual offender was a minor.

6. The offense or offenses at adjudication and disposition that resulted in the determination of the offender's status as a sex offender.

7. A digitized photograph of the sexual offender, which must have been taken within 60 days before the offender was released from the custody of the department or a private

correctional facility by expiration of sentence under s. 944.275, or within 60 days after the onset of the department's supervision of any sexual offender who is on probation, ~~postcommitment probation,~~ residential commitment, nonresidential commitment, licensed child-caring commitment, community control, conditional release, parole, provisional release, or control release or who is supervised by the department under the Interstate Compact Agreement for Probationers and Parolees. If the sexual offender is in the custody of a private correctional facility, the facility shall take a digitized photograph of the sexual offender within the time period provided in this subparagraph and shall provide the photograph to the department.

Section 19. Subsection (11) of section 985.601, Florida Statutes, is renumbered as subsection (12), and a new subsection (11) is added to that section, to read:

985.601 Administering the juvenile justice continuum.—

(11) The department shall establish a class focused on the risk and consequences of youthful firearm offending which shall be provided by the department to any youth who has been adjudicated or had adjudication withheld for any offense involving the use or possession of a firearm.

Section 20. Section 985.711, Florida Statutes, is amended to read:

985.711 Introduction, removal, or possession of certain articles unlawful; penalty.—

(1)(a) Except as authorized through program policy or operating procedure or as authorized by the facility superintendent, program director, or manager, a person may not introduce into or upon the grounds of a juvenile detention

facility or commitment program, or take or send, or attempt to take or send, from a juvenile detention facility or commitment program, any of the following articles, which are declared to be contraband under this section:

1. Any unauthorized article of food or clothing given or transmitted, or intended to be given or transmitted, to any youth in a juvenile detention facility or commitment program.

2. Any intoxicating beverage or any beverage that causes or may cause an intoxicating effect.

3. Any controlled substance as defined in s. 893.02(4), marijuana as defined in s. 381.986, hemp as defined in s. 581.217, industrial hemp as defined in s. 1004.4473, or any prescription or nonprescription drug that has a hypnotic, stimulating, or depressing effect.

4. Any firearm or weapon of any kind or any explosive substance.

5. Any cellular telephone or other portable communication device as described in s. 944.47(1)(a)6., intentionally and unlawfully introduced inside the secure perimeter of any juvenile detention facility or commitment program. As used in this subparagraph, the term "portable communication device" does not include any device that has communication capabilities which has been approved or issued by the facility superintendent, program director, or manager.

6. Any vapor-generating electronic device as defined in s. 386.203, intentionally and unlawfully introduced inside the secure perimeter of any juvenile detention facility or commitment program.

7. Any currency or coin given or transmitted, or intended

to be given or transmitted, to any youth in any juvenile detention facility or commitment program.

8. Any cigarettes, as defined in s. 210.01(1) or tobacco products, as defined in s. 210.25, given, or intended to be given, to any youth in a juvenile detention facility or commitment program.

(b) A person may not transmit contraband to, cause contraband to be transmitted to or received by, attempt to transmit contraband to, or attempt to cause contraband to be transmitted to or received by, a juvenile offender into or upon the grounds of a juvenile detention facility or commitment program, except as authorized through program policy or operating procedures or as authorized by the facility superintendent, program director, or manager.

(c) A juvenile offender or any person, while upon the grounds of a juvenile detention facility or commitment program, may not be in actual or constructive possession of any article or thing declared to be contraband under this section, except as authorized through program policy or operating procedures or as authorized by the facility superintendent, program director, or manager.

(2) ~~(a) Any person who violates this section as it pertains to an article of contraband described in subparagraph (1)(a)1. commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.~~

~~(b) Any person who violates this section as it pertains to an article of contraband described in subparagraph (1)(a)5. or subparagraph (1)(a)6. commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.~~

~~(c) In all other cases,~~ A person who violates this section commits a felony of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

Section 21. Paragraph (c) of subsection (2) of section 1002.221, Florida Statutes, is amended to read:

1002.221 K-12 education records; public records exemption.—

(2)

(c) In accordance with the FERPA and the federal regulations issued pursuant to the FERPA, an agency or institution, as defined in s. 1002.22, may release a student's education records without written consent of the student or parent to parties to an interagency agreement among the Department of Juvenile Justice, the school, law enforcement authorities, and other signatory agencies. Information provided pursuant to an interagency agreement may be used for proceedings initiated under chapter 984 or chapter 985 ~~in furtherance of an interagency agreement is intended solely for use in determining the appropriate programs and services for each juvenile or the juvenile's family, or for coordinating the delivery of the programs and services, and as such is inadmissible in any court proceeding before a dispositional hearing unless written consent is provided by a parent or other responsible adult on behalf of the juvenile~~.

Section 22. Paragraph (b) of subsection (3) of section 943.051, Florida Statutes, is amended to read:

943.051 Criminal justice information; collection and storage; fingerprinting.—

(3)

(b) A minor who is charged with or found to have committed

the following offenses shall be fingerprinted and the fingerprints shall be submitted electronically to the department, unless the minor is issued a prearrest delinquency ~~civil~~ citation pursuant to s. 985.12:

1. Assault, as defined in s. 784.011.

2. Battery, as defined in s. 784.03.

3. Carrying a concealed weapon, as defined in s. 790.01(2).

4. Unlawful use of destructive devices or bombs, as defined in s. 790.1615(1).

5. Neglect of a child, as defined in s. 827.03(1)(e).

6. Assault or battery on a law enforcement officer, a firefighter, or other specified officers, as defined in s. 784.07(2)(a) and (b).

7. Open carrying of a weapon, as defined in s. 790.053.

8. Exposure of sexual organs, as defined in s. 800.03.

9. Unlawful possession of a firearm, as defined in s. 790.22(5).

10. Petit theft, as defined in s. 812.014(3).

11. Cruelty to animals, as defined in s. 828.12(1).

12. Arson, as defined in s. 806.031(1).

13. Unlawful possession or discharge of a weapon or firearm at a school-sponsored event or on school property, as provided in s. 790.115.

Section 23. Paragraph (b) of subsection (1) of section 985.11, Florida Statutes, is amended to read:

985.11 Fingerprinting and photographing.—

(1)

(b) Unless the child is issued a prearrest delinquency ~~civil~~ citation ~~or is participating in a similar diversion~~

~~program~~ pursuant to s. 985.12, a child who is charged with or found to have committed one of the following offenses shall be fingerprinted, and the fingerprints shall be submitted to the Department of Law Enforcement as provided in s. 943.051(3)(b):

1. Assault, as defined in s. 784.011.

2. Battery, as defined in s. 784.03.

3. Carrying a concealed weapon, as defined in s. 790.01(2).

4. Unlawful use of destructive devices or bombs, as defined in s. 790.1615(1).

5. Neglect of a child, as defined in s. 827.03(1)(e).

6. Assault on a law enforcement officer, a firefighter, or other specified officers, as defined in s. 784.07(2)(a).

7. Open carrying of a weapon, as defined in s. 790.053.

8. Exposure of sexual organs, as defined in s. 800.03.

9. Unlawful possession of a firearm, as defined in s. 790.22(5).

10. Petit theft, as defined in s. 812.014.

11. Cruelty to animals, as defined in s. 828.12(1).

12. Arson, resulting in bodily harm to a firefighter, as defined in s. 806.031(1).

13. Unlawful possession or discharge of a weapon or firearm at a school-sponsored event or on school property as defined in s. 790.115.

A law enforcement agency may fingerprint and photograph a child taken into custody upon probable cause that such child has committed any other violation of law, as the agency deems appropriate. Such fingerprint records and photographs shall be retained by the law enforcement agency in a separate file, and

these records and all copies thereof must be marked "Juvenile Confidential." These records are not available for public disclosure and inspection under s. 119.07(1) except as provided in ss. 943.053 and 985.04(2), but shall be available to other law enforcement agencies, criminal justice agencies, state attorneys, the courts, the child, the parents or legal custodians of the child, their attorneys, and any other person authorized by the court to have access to such records. In addition, such records may be submitted to the Department of Law Enforcement for inclusion in the state criminal history records and used by criminal justice agencies for criminal justice purposes. These records may, in the discretion of the court, be open to inspection by anyone upon a showing of cause. The fingerprint and photograph records shall be produced in the court whenever directed by the court. Any photograph taken pursuant to this section may be shown by a law enforcement officer to any victim or witness of a crime for the purpose of identifying the person who committed such crime.

Section 24. Paragraph (n) of subsection (2) of section 1006.07, Florida Statutes, is amended to read:

1006.07 District school board duties relating to student discipline and school safety.—The district school board shall provide for the proper accounting for all students, for the attendance and control of students at school, and for proper attention to health, safety, and other matters relating to the welfare of students, including:

(2) CODE OF STUDENT CONDUCT.—Adopt a code of student conduct for elementary schools and a code of student conduct for middle and high schools and distribute the appropriate code to

all teachers, school personnel, students, and parents, at the beginning of every school year. Each code shall be organized and written in language that is understandable to students and parents and shall be discussed at the beginning of every school year in student classes, school advisory council meetings, and parent and teacher association or organization meetings. Each code shall be based on the rules governing student conduct and discipline adopted by the district school board and shall be made available in the student handbook or similar publication. Each code shall include, but is not limited to:

(n) Criteria for recommending to law enforcement that a student who commits a criminal offense be allowed to participate in a prearrest delinquency citation ~~civil citation or similar prearrest diversion~~ program as an alternative to expulsion or arrest. All prearrest delinquency citation ~~civil citation or similar prearrest diversion~~ programs must comply with s. 985.12.

Section 25. This act shall take effect July 1, 2024.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Fiscal Policy

BILL:	CS/SB 1278
INTRODUCER:	Appropriations Committee on Criminal and Civil Justice; and Senator Martin
SUBJECT:	Department of Corrections
DATE:	February 20, 2024 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Wyant	Stokes	CJ	**Favorable**
2.	Atchley	Harkness	ACJ	**Fav/CS**
3.	Wyant	Yeatman	FP	**Favorable**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1278 amends s. 944.31, F.S., to authorize the Office of the Inspector General (OIG) law enforcement officers to conduct any criminal investigations involving matters over which the Department of Corrections (DOC) has jurisdiction at contractor-operated correctional facilities. Such law enforcement officers may arrest, with or without a warrant, any prisoner, visitor, or staff member, including a contract employee, subcontractor, or volunteer of any state correctional institution and contractor-operated correctional facilities, for any violation of criminal laws of the state involving matters over which the DOC has jurisdiction.

The bill amends s. 957.04, F.S., to broaden methods of solicitation of contracts for the operation of contractor-operated correctional facilities to include competitive solicitation as provided in ch. 287, F.S. The bill specifies that contracts entered into under ch. 957, F.S., are not exempt from the requirements of ch. 287, F.S. However, if there is a conflict, the provisions of ch. 957, F.S., control.

The bill clarifies contracts entered into under this chapter for the operation of contractor-operated correctional facilities are not considered to be an "outsource" as defined in s. 287.012, F.S.

The bill amends s. 957.07, F.S., to eliminate the Prison Per Diem Workgroup and allow for the DOC's procurement process to include competitive solicitation.

The bill amends s. 957.12, F.S., to clarify that a bidder or potential bidder may have written contact with the procurement office. Additionally, language is removed that permits contact in a noticed meeting.

The bill amends s. 957.15, F.S., to remove language prohibiting the DOC from having authority over funds appropriated for the operation, maintenance, and lease-purchase of contractor-operated correctional facilities.

The bill removes language in multiple sections of law relating to *request for proposals* and replaces it with *competitive solicitation.*

The bill does not have a fiscal impact on the DOC. See Section V, Fiscal Impact Statement.

The bill is effective July 1, 2024.

II. Present Situation:

As of October 1, 2023, all powers, duties, functions, records, personnel, associated administrative support, positions, property, administrative authority, and administrative rules relating to private correctional facilities as defined in s. 944.710(3), F.S.,[1] were transferred from the Department of Management Services to the Department of Corrections.[2]

Solicitations of Contracts

Section 957.04, F.S., outlines requirements of contracts entered for the operation of private correctional facilities. Contracts must be negotiated with the most qualified firm. A contract for private correctional services may not be entered into by the DOC unless the DOC determines the contractor has:[3]

- The qualifications, experience, and management personnel necessary to carry out the terms of the contract;
- The ability to expedite the siting, design, and construction of correctional facilities; and
- The ability to comply with applicable laws, court orders, and national correctional standards.

Additionally, a contract entered into for the operation of a private correctional facility must:

- Indemnify the state and the DOC against any and all liability;[4]
- Require the contractor seek, obtain, and maintain accreditation by the American Correctional Association for the facility under that contract;[5]
- Require the proposed facilities and the management plans for the inmates meet applicable American Correctional Association standards;[6]

[1] "Private correctional facility" means any facility, which is not operated by the DOC, for the incarceration of adults or juveniles who have been sentenced by a court and committed to the custody of the DOC. Section 944.710, F.S.
[2] Chapter 2023-268, L.O.F.
[3] Section 957.04(1)(a), F.S.
[4] Section 957.04(1(b), F.S.
[5] Section 957.04(1)(c), F.S.
[6] Section 957.04(1)(d), F.S.

- Establish operations standards for correctional facilities subject to the contract;[7]
- Require the contractor to be responsible for a range of dental, medical, and psychological services; diet; education; and work programs at least equal to those provided by the department in comparable facilities;[8]
- Require the selection and appointment of a full-time contract monitor appointed and supervised by the DOC;[9] and
- Be for a period of 3 years and may be renewed for successive 2-year periods thereafter.[10]

Procurements

Section 957.07, F.S., prohibits the DOC from entering into a contract or series of contracts unless the DOC determines that the contract or series of contracts in the total for the facility will result in cost savings to the state of at least seven percent over the public provision of a similar facility. Such cost savings, determined and certified by the Auditor General, must be based upon the actual costs associated with the construction and operation of similar facilities or services as determined by the DOC. The DOC calculates all of the cost components that determine the inmate per diem, including administrative costs, in correctional facilities that are substantially similar and operated by the DOC.[11] The DOC is required to provide a report detailing the state cost to design, finance, acquire, lease, construct, and operate a facility similar to the private correctional facility on a per diem basis. This report is provided to the Auditor General in sufficient time to be certified to be included in the request for proposals.[12]

The Prison Per-Diem Workgroup must develop consensus per diem rates for use by the Legislature. The Office of Program Policy Analysis and Government Accountability and staff of the appropriations committees of both the Senate and the House of Representatives are the principals of the workgroup.[13] When developing the consensus per diem rates, the workgroup must:[14]

- Use data provided by the DOC from the most recent fiscal year to determine per diem cost for the following:
  - Custody and control;
  - Health services;
  - Substance abuse programs; and
  - Educational programs
- Include the costs of departmental, regional, institutional, and program administration and any other fixed costs of the DOC;
- Calculate average per diem rates for the adult male, youthful offender male, and female offender populations; and
- Make per diem adjustments, as appropriate, to account for variations in size and location of correctional facilities.

[7] Section 957.04(1)(e), F.S.
[8] Section 957.04(1)(f), F.S.
[9] Section 957.04(1)(g), F.S.
[10] Section 957.04(1)(h), F.S.
[11] Section 957.07(1), F.S.
[12] Section 957.07(4), F.S.
[13] Section 957.07(5)(a), F.S.
[14] Section 957.07(5)(b), F.S.

The consensus per diem rates may be used to assist the Legislature in determining the level of funding provided to privately operated prisons to meet the seven percent savings required.[15]

Section 957.12, F.S., prohibits a bidder or potential bidder from having any contact with any member or employee of or consultant to the DOC regarding a request for proposal, a proposal, or the evaluation or selection process from the time a request for proposals for a private correctional facility is issued until the time a notification of intent to award is announced, unless such contract is in writing or in a meeting for which notice was provided in the Florida Administrative Register.

Section 957.15, F.S., requires the request for appropriation of funds to make payments of the contracts entered into by the DOC for the operation, maintenance, and lease-purchase of the private correctional facilities must be included in its budget request to the Legislature as a separately identified item. After an appropriation is made to the DOC for private correctional facilities, the DOC has no authority other than to pay the appropriate private vendor the amounts certified for payment.

Arrest Authority

Currently under s. 944.31, F.S., the OIG has the duty of inspecting the penal and correctional systems of the state and are responsible for criminal and administrative investigations of matters relating to the DOC. The secretary of the DOC may designate persons within the OIG as law enforcement officers. Such officers must be certified pursuant to s. 943.1395, F.S., and must have a minimum of 3 years' experience as an inspector in the OIG's office or as a law enforcement officer.

Office of the Inspector General law enforcement inspectors have the authority to:
- Conduct any criminal investigation that occurs on property owned or leased by the DOC;
- Arrest, with or without a warrant, inmates and visitors of state correctional institutions for felonies committed on the DOC's owned or leased property;
- Arrest offenders who have escaped or absconded from custody; and
- Arrest, with or without a warrant, the DOC staff including any contract employee for felony violations listed under chs. 944 and 893, F.S.

The arrested person is surrendered to the sheriff of the county with a formal complaint.

According to the DOC's analysis, the OIG law enforcement inspectors lack the authority to arrest individuals who have committed a misdemeanor in their presence without a warrant. Warrantless misdemeanor arrests are currently handled by the local law enforcement agency with jurisdiction.[16]

[15] Section 957.07(5)(c), F.S.
[16] *See* DOC, *2024 Legislative Bill Analysis SB 1278,* (on file with the Senate committee on Criminal Justice).

III. Effect of Proposed Changes:

The bill amends s. 944.31, F.S., to authorize the Office of the Inspector General (OIG) law enforcement officers to conduct any criminal investigations involving matters over which the DOC has jurisdiction at contractor-operated correctional facilities. Such law enforcement officers may arrest, with or without a warrant, any prisoner, visitor, or staff member, including a contract employee, subcontractor or volunteer of any state correctional institution and contractor-operated correctional facilities, for any violation of criminal laws of the state involving matters over which the DOC has jurisdiction.

The bill amends s. 957.04, F.S., to broaden methods of solicitation of contracts for the operation of contractor-operated correctional facilities beyond requests for proposal to include all methods provided for in ch. 287, F.S. Any competitive solicitation is available to all vendors, and includes the time and date for receipt of bids, proposals, or replies of the public opening, and must include all contractual terms and conditions. The following are competitive solicitation processes:[17]

- Invitation to bid, which is used when the agency is capable of specifically defining the scope of work for which a contractual service is required or when the agency is capable of establishing precise specification defining the commodities required.[18]
- Request for proposals, which is used when the purposes and uses for which the commodity or contractual service being sought can be specifically defined and the agency is capable of identifying necessary deliverables.[19]
- Invitation to negotiate, which is used by an agency which is intended to determine the best method for achieving a specific goal or solving a particular problem and identifies one or more responsive vendors which the agency may negotiate with to receive the best value.[20]

The bill specifies that contracts entered into under ch. 957, F.S., are not exempt from the requirements of ch. 287, F.S. However, if there is a conflict, the provisions of ch. 957, F.S., control.

The bill clarifies contracts entered into under this chapter for the operation of contractor-operated correctional facilities are not considered to be an "outsource" as defined in s. 287.012, F.S.[21]

The bill amends s. 957.07, F.S., to eliminate the Prison Per Diem Workgroup and allow for the DOC's procurement process to include competitive solicitation.

The bill amends s. 957.12, F.S., to clarify that a bidder or potential bidder may have written contact with the procurement office. Additionally, language is removed that permits contact in a noticed meeting.

[17] Section 287.057(1), F.S
[18] Section 287.057(1)(a), F.S.
[19] Section 287.057(1)(b), F.S.
[20] Section 287.057(1)(c), F.S.
[21] "Outsource" means the process of contracting with a vendor to provide a service, in whole or part, or an activity while the state agency retains the responsibility and accountability for the service or activity and there is a transfer of management responsibility for the delivery of resources and the performance of those resources. Section 287.012, F.S.

The bill amends s. 957.15, F.S., to remove language prohibiting the DOC from having authority over funds appropriated for the operation, maintenance, and lease-purchase of contractor-operated correctional facilities.

The bill removes language in multiple sections of law relating to *request for proposals* and replaces it with *competitive solicitation*.

The bill is effective July 1, 2024.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

While the bill broadens the authority of the OIG officers, it does not have a fiscal impact on the DOC. This bill may have a positive indeterminate impact on county detention beds due to OIG officers having the authority to make arrests for misdemeanor offenses.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill amends the following sections of the Florida Statutes: 944.31, 957.04, 957.07, 957.12, and 957.15.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Appropriations Committee on Criminal and Civil Justice on February 8, 2024:
The committee substitute replaces the term "private" correctional facility with "contracted-operated" correctional facility.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Appropriations Committee on Criminal and Civil Justice; and Senator Martin

604-03141-24 20241278c1

A bill to be entitled

An act relating to Department of Corrections; amending s. 944.31, F.S.; providing additional authority for law enforcement officers of the office of the inspector general concerning department and contractor-operated correctional facilities; amending s. 957.04, F.S.; providing that correctional privatization contracts are not exempt from specified state contracting provisions unless otherwise specified; providing construction; conforming provisions to changes made by the act; amending s. 944.710, F.S.; renaming the term "private correctional facility" as "contractor-operated correctional facility"; renaming the term "private correctional officer" as "contractor-employed correctional officer"; conforming provisions to changes made by the act; amending s. 957.07, F.S.; revising terminology; deleting provisions concerning development of consensus per diem rates by the Prison Per-Diem Workgroup; conforming a provision to changes made by the act; amending s. 957.12, F.S.; revising provisions concerning contact with the department by specified persons; conforming a provision to changes made by the act; amending s. 957.15, F.S.; deleting a provision concerning department control over certain funds appropriated for contractor-operated correctional facilities; conforming a provision to changes made by the act; amending ss. 330.41, 553.865, 633.218, 775.21, 775.261, 784.078, 800.09, 943.0435, 943.13,

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

604-03141-24 20241278c1

943.325, 944.105, 944.151, 944.17, 944.35, 944.40, 944.605, 944.606, 944.607, 944.608, 944.609, 944.7031, 944.714, 944.715, 944.716, 944.717, 944.718, 944.719, 944.72, 944.801, 944.803, 945.10, 945.215, 945.6041, 946.5025, 946.503, 951.062, 951.063, 957.05, 957.06, 957.08, 957.09, 957.13, 957.14, 960.001, 985.481, and 985.4815, F.S.; conforming provisions to changes made by the act; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 944.31, Florida Statutes, is amended to read:

944.31 Inspector general; inspectors; power and duties.—

(1) The inspector general shall be responsible for prison inspection and investigation, internal affairs investigations, and management reviews. The office of the inspector general shall be charged with the duty of inspecting the penal and correctional systems of the state.

(2) The office of the inspector general shall inspect each correctional institution or any place in which state prisoners are housed, worked, or kept within the state, with reference to its physical conditions, cleanliness, sanitation, safety, and comfort; the quality and supply of all bedding; the quality, quantity, and diversity of food served and the manner in which it is served; the number and condition of the prisoners confined therein; and the general conditions of each institution.

(3) The office of inspector general shall see that all the rules and regulations issued by the department are strictly

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

observed and followed by all persons connected with the correctional systems of the state. The office of the inspector general shall coordinate and supervise the work of inspectors throughout the state.

(4) The inspector general and inspectors may enter any place where prisoners in this state are kept and shall be immediately admitted to such place as they desire and may consult and confer with any prisoner privately and without molestation.

(5)(a) The inspector general and inspectors shall be responsible for criminal and administrative investigation of matters relating to the Department of Corrections.

(b) The secretary may designate persons within the office of the inspector general as law enforcement officers to conduct any criminal investigation that occurs on property owned or leased by the department or involves matters over which the department has jurisdiction. All criminal investigations, involving matters over which the department has jurisdiction at contractor-operated correctional facilities, as defined in s. 944.710, may be conducted by the law enforcement officers of the office of the inspector general.

(c) A person designated as a law enforcement officer must be certified pursuant to s. 943.1395 and must have a minimum of 3 years' experience as an inspector in the inspector general's office or as a law enforcement officer.

(d) The department shall maintain a memorandum of understanding with the Department of Law Enforcement for the notification and investigation of mutually agreed-upon predicate events that shall include, but are not limited to, suspicious

deaths and organized criminal activity.

(e) During investigations, the inspector general and inspectors may consult and confer with any prisoner or staff member privately and without molestation and persons designated as law enforcement officers under this section shall have the authority to arrest, with or without a warrant, any prisoner of or visitor to a state correctional institution for a violation of the criminal laws of the state. Law enforcement officers under this section shall have the authority to arrest, with or without a warrant, any prisoner of or visitor to any state correctional institution, as defined in s. 944.02, including all contractor-operated correctional facilities, for any violation of the criminal laws of the state involving matters over which the department has jurisdiction, ~~involving an offense classified as a felony that occurs on property owned or leased by the department~~ and may arrest offenders who have escaped or absconded from custody.

(f) Persons designated as law enforcement officers have the authority to arrest with or without a warrant a staff member of the department, including any contract employee, subcontractor, or volunteer, for a violation of the criminal laws of the state that occurs ~~involving an offense classified as a felony under this chapter or chapter 893~~ on property owned or leased by the department, or any contractor-operated correctional facility staff member, contract employee, subcontractor, or volunteer, for a violation of the criminal laws of the state involving matters over which the department has jurisdiction at any contractor-operated correctional facility. A person designated as a law enforcement officer under this section may make arrests

of persons against whom arrest warrants have been issued, including arrests of offenders who have escaped or absconded from custody. The arrested person shall be surrendered without delay to the sheriff of the county in which the arrest is made, with a formal complaint subsequently made against her or him in accordance with law.

Section 2. Section 944.710, Florida Statutes, is amended to read:

944.710 Definitions of terms relating to contractor-operated ~~private operation of~~ state correctional facilities and s. 944.105.—As used with respect to contractor-operated ~~private operation of~~ state correctional facilities and s. 944.105, the term:

(1) "Bidder" means any individual, partnership, corporation, or unincorporated association that submits a proposal with the department to construct, lease, or operate a contractor-operated ~~private~~ correctional facility.

(2) "Department" means the Department of Corrections.

(4) ~~(3)~~ "Contractor-operated ~~private~~ correctional facility" means any facility, which is not operated by the department, for the incarceration of adults or juveniles who have been sentenced by a court and committed to the custody of the department.

(3) ~~(4)~~ "Contractor-employed ~~Private~~ correctional officer" means any full-time or part-time employee of a private vendor whose primary responsibility is the supervision, protection, care, and control of prisoners within a contractor-operated ~~private~~ correctional facility.

(5) "Private vendor" means any individual, partnership, corporation, or unincorporated association bound by contract

with the department to construct, lease, or operate a contractor-operated ~~private~~ correctional facility.

Section 3. Subsections (1), (2), and (3) of section 957.04, Florida Statutes, are amended to read:

957.04 Contract requirements.—

(1) A contract entered into under this chapter for the operation of contractor-operated ~~private~~ correctional facilities shall maximize the cost savings of such facilities and ~~shall~~:

(a) Unless otherwise specified herein, is not exempt from chapter 287, including the competitive solicitation requirements thereof. However, to the extent of a direct conflict between this chapter and chapter 287, this chapter shall control. Contracts entered into under this chapter for the operation of contractor-operated correctional facilities are not considered to be outsourced as defined in s. 287.012. The specific outsourcing requirements in s. 287.0571 are not required under this section.

(b) ~~(a)~~ Be executed ~~negotiated~~ with the contractor ~~firm~~ found most qualified. However, a contract for contractor-operated ~~private~~ correctional services may not be entered into by the department unless the department determines that the contractor has demonstrated that it has:

1. The qualifications, experience, and management personnel necessary to carry out the terms of the contract.

2. The ability to expedite the siting, design, and construction of correctional facilities.

3. The ability to comply with applicable laws, court orders, and national correctional standards.

(c) ~~(b)~~ Indemnify the state and the department, including

their officials and agents, against any and all liability, including, but not limited to, civil rights liability. Proof of satisfactory insurance is required in an amount to be determined by the department.

(d) ~~(c)~~ Require that the contractor seek, obtain, and maintain accreditation by the American Correctional Association for the facility under that contract. Compliance with amendments to the accreditation standards of the association is required upon the approval of such amendments by the department.

(e) ~~(d)~~ Require that the proposed facilities and the management plans for the inmates meet applicable American Correctional Association standards and the requirements of all applicable court orders and state law.

(f) ~~(e)~~ Establish operations standards for correctional facilities subject to the contract. However, if the department and the contractor disagree with an operations standard, the contractor may propose to waive any rule, policy, or procedure of the department related to the operations standards of correctional facilities which is inconsistent with the mission of the contractor to establish cost-effective, contractor-operated ~~privately operated~~ correctional facilities. The department shall be responsible for considering all requests ~~proposals~~ from the contractor to waive any rule, policy, or procedure and shall render a final decision granting or denying such request.

(g) ~~(f)~~ Require the contractor to be responsible for a range of dental, medical, and psychological services; diet; education; and work programs at least equal to those provided by the department in comparable facilities. The work and education

programs must be designed to reduce recidivism, and include opportunities to participate in such work programs as authorized pursuant to s. 946.523.

(h) ~~(g)~~ Require the selection and appointment of a full-time contract monitor. The contract monitor shall be appointed and supervised by the department. The contractor is required to reimburse the department for the salary and expenses of the contract monitor. It is the obligation of the contractor to provide suitable office space for the contract monitor at the correctional facility. The contract monitor shall have unlimited access to the correctional facility.

(i) ~~(h)~~ Be for a period of 3 years and may be renewed for successive 2-year periods thereafter. However, the state is not obligated for any payments to the contractor beyond current annual appropriations.

(2) Each contract entered into for the design and construction of a contractor-operated ~~private~~ correctional facility or juvenile commitment facility must include:

(a) Notwithstanding any provision of chapter 255 to the contrary, a specific provision authorizing the use of tax-exempt financing through the issuance of tax-exempt bonds, certificates of participation, lease-purchase agreements, or other tax-exempt financing methods. Pursuant to s. 255.25, approval is hereby provided for the lease-purchase of up to two contractor-operated ~~private~~ correctional facilities and any other facility authorized by the General Appropriations Act.

(b) A specific provision requiring the design and construction of the proposed facilities to meet the applicable standards of the American Correctional Association and the

requirements of all applicable court orders and state law.

(c) A specific provision requiring the contractor, and not the department, to obtain the financing required to design and construct the contractor-operated ~~private~~ correctional facility or juvenile commitment facility built under this chapter.

(d) A specific provision stating that the state is not obligated for any payments that exceed the amount of the current annual appropriation.

(3)(a) Each contract for the designing, financing, acquiring, leasing, constructing, and operating of a contractor-operated ~~private~~ correctional facility shall be subject to ss. 255.2502 and 255.2503.

(b) Each contract for the designing, financing, acquiring, leasing, and constructing of a contractor-operated ~~private~~ juvenile commitment facility shall be subject to ss. 255.2502 and 255.2503.

Section 4. Subsections (4) and (5) of section 957.07, Florida Statutes, are amended to read:

957.07 Cost-saving requirements.—

(4) The department shall provide a report detailing the state cost to design, finance, acquire, lease, construct, and operate a facility similar to the contractor-operated ~~private~~ correctional facility on a per diem basis. This report shall be provided to the Auditor General in sufficient time that it may be certified to be included in the competitive solicitation ~~request for proposals~~.

~~(5)(a) At the request of the Speaker of the House of Representatives or the President of the Senate, the Prison Per-Diem Workgroup shall develop consensus per diem rates for use by~~

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

~~the Legislature. The Office of Program Policy Analysis and Government Accountability and the staffs of the appropriations committees of both the Senate and the House of Representatives are the principals of the workgroup. The workgroup may consult with other experts to assist in the development of the consensus per diem rates. All meetings of the workgroup shall be open to the public as provided in chapter 286.~~

~~(b) When developing the consensus per diem rates, the workgroup must:~~

~~1. Use data provided by the department from the most recent fiscal year to determine per diem costs for the following activities:~~

~~a. Custody and control;~~

~~b. Health services;~~

~~c. Substance abuse programs; and~~

~~d. Educational programs;~~

~~2. Include the cost of departmental, regional, institutional, and program administration and any other fixed costs of the department;~~

~~3. Calculate average per diem rates for the following offender populations: adult male, youthful offender male, and female; and~~

~~4. Make per diem adjustments, as appropriate, to account for variations in size and location of correctional facilities.~~

~~(c) The consensus per diem rates determined by the workgroup may be used to assist the Legislature in determining the level of funding provided to privately operated prisons to meet the 7 percent savings required of private prisons by this chapter.~~

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

~~(d) If a private vendor chooses not to renew the contract at the appropriated level, the department shall terminate the contract as provided in s. 957.14.~~

Section 5. Section 957.12, Florida Statutes, is amended to read:

957.12 Prohibition on contact.—Except in writing to the procurement office or as provided in the solicitation documents, a bidder or potential bidder is not permitted to have any contact with any member or employee of or consultant to the department regarding a competitive solicitation ~~request for proposal~~, a proposal, or the evaluation or selection process from the time a request for proposals for a contractor-operated ~~private~~ correctional facility is issued until the time a notification of intent to award is announced~~, except if such contact is in writing or in a meeting for which notice was provided in the Florida Administrative Register~~.

Section 6. Section 957.15, Florida Statutes, is amended to read:

957.15 Funding of contracts for operation, maintenance, and lease-purchase of contractor-operated ~~private~~ correctional facilities.—The request for appropriation of funds to make payments pursuant to contracts entered into by the department for the operation, maintenance, and lease-purchase of the contractor-operated ~~private~~ correctional facilities authorized by this chapter shall be included in its budget request to the Legislature as a separately identified item. ~~After an appropriation has been made by the Legislature to the department for the private correctional facilities, the department shall have no authority over such funds other than to pay from such~~

~~appropriation to the appropriate private vendor such amounts as are certified for payment by the department.~~

Section 7. Paragraph (a) of subsection (2) of section 330.41, Florida Statutes, is amended to read:

330.41 Unmanned Aircraft Systems Act.—

(2) DEFINITIONS.—As used in this act, the term:

(a) "Critical infrastructure facility" means any of the following, if completely enclosed by a fence or other physical barrier that is obviously designed to exclude intruders, or if clearly marked with a sign or signs which indicate that entry is forbidden and which are posted on the property in a manner reasonably likely to come to the attention of intruders:

1. A power generation or transmission facility, substation, switching station, or electrical control center.

2. A chemical or rubber manufacturing or storage facility.

3. A water intake structure, water treatment facility, wastewater treatment plant, or pump station.

4. A mining facility.

5. A natural gas or compressed gas compressor station, storage facility, or natural gas or compressed gas pipeline.

6. A liquid natural gas or propane gas terminal or storage facility.

7. Any portion of an aboveground oil or gas pipeline.

8. A refinery.

9. A gas processing plant, including a plant used in the processing, treatment, or fractionation of natural gas.

10. A wireless communications facility, including the tower, antennae, support structures, and all associated ground-based equipment.

11. A seaport as listed in s. 311.09(1), which need not be completely enclosed by a fence or other physical barrier and need not be marked with a sign or signs indicating that entry is forbidden.

12. An inland port or other facility or group of facilities serving as a point of intermodal transfer of freight in a specific area physically separated from a seaport.

13. An airport as defined in s. 330.27.

14. A spaceport territory as defined in s. 331.303(18).

15. A military installation as defined in 10 U.S.C. s. 2801(c)(4) and an armory as defined in s. 250.01.

16. A dam as defined in s. 373.403(1) or other structures, such as locks, floodgates, or dikes, which are designed to maintain or control the level of navigable waterways.

17. A state correctional institution as defined in s. 944.02 or a contractor-operated ~~private~~ correctional facility authorized under chapter 957.

18. A secure detention center or facility as defined in s. 985.03, or a nonsecure residential facility, a high-risk residential facility, or a maximum-risk residential facility as those terms are described in s. 985.03(44).

19. A county detention facility as defined in s. 951.23.

20. A critical infrastructure facility as defined in s. 692.201.

Section 8. Paragraph (b) of subsection (3) of section 553.865, Florida Statutes, is amended to read:

553.865 Private spaces.—

(3) As used in this section, the term:

(b) "Correctional institution" means any state correctional

institution as defined in s. 944.02 or contractor-operated ~~private~~ correctional facility as defined in s. 944.710.

Section 9. Paragraph (e) of subsection (1) of section 633.218, Florida Statutes, is amended to read:

633.218 Inspections of state buildings and premises; tests of firesafety equipment; building plans to be approved.—

(1)

(e) For purposes of this section:

1.a. The term "high-hazard occupancy" means any building or structure:

(I) That contains combustible or explosive matter or flammable conditions dangerous to the safety of life or property;

(II) At which persons receive educational instruction;

(III) At which persons reside, excluding private dwellings; or

(IV) Containing three or more floor levels.

b. As used in this subparagraph, the phrase "building or structure":

(I) Includes, but is not limited to, all hospitals and residential health care facilities, nursing homes and other adult care facilities, correctional or detention facilities, public schools, public lodging establishments, migrant labor camps, residential child care facilities, and self-service gasoline stations.

(II) Does not include any residential condominium where the declaration of condominium or the bylaws provide that the rental of units shall not be permitted for less than 90 days.

2. The term "state-owned building" includes contractor-

operated ~~private~~ correctional facilities as defined under s. 944.710 ~~s. 944.710(3)~~.

Section 10. Paragraph (e) of subsection (2), paragraphs (b) and (e) of subsection (6), and paragraph (g) of subsection (10) of section 775.21, Florida Statutes, are amended to read:

775.21 The Florida Sexual Predators Act.—

(2) DEFINITIONS.—As used in this section, the term:

(e) "Conviction" means a determination of guilt which is the result of a trial or the entry of a plea of guilty or nolo contendere, regardless of whether adjudication is withheld. A conviction for a similar offense includes, but is not limited to, a conviction by a federal or military tribunal, including courts-martial conducted by the Armed Forces of the United States, and includes a conviction or entry of a plea of guilty or nolo contendere resulting in a sanction in any state of the United States or other jurisdiction. A sanction includes, but is not limited to, a fine, probation, community control, parole, conditional release, control release, or incarceration in a state prison, federal prison, contractor-operated ~~private~~ correctional facility, or local detention facility.

(6) REGISTRATION.—

(b) If the sexual predator is in the custody or control of, or under the supervision of, the Department of Corrections, or is in the custody of a contractor-operated ~~private~~ correctional facility, the sexual predator shall register with the Department of Corrections. A sexual predator who is under the supervision of the Department of Corrections but who is not incarcerated shall register with the Department of Corrections within 3 business days after the court finds the offender to be a sexual

predator. The Department of Corrections shall provide to the department registration information and the location of, and local telephone number for, any Department of Corrections office that is responsible for supervising the sexual predator. In addition, the Department of Corrections shall notify the department if the sexual predator escapes or absconds from custody or supervision or if the sexual predator dies.

(e)1. If the sexual predator is not in the custody or control of, or under the supervision of, the Department of Corrections or is not in the custody of a contractor-operated ~~private~~ correctional facility, the sexual predator shall register in person:

a. At the sheriff's office in the county where he or she establishes or maintains a residence within 48 hours after establishing or maintaining a residence in this state; and

b. At the sheriff's office in the county where he or she was designated a sexual predator by the court within 48 hours after such finding is made.

2. Any change that occurs after the sexual predator registers in person at the sheriff's office as provided in subparagraph 1. in any of the following information related to the sexual predator must be reported as provided in paragraphs (g), (i), and (j): permanent, temporary, or transient residence; name; vehicles owned; electronic mail addresses; Internet identifiers and each Internet identifier's corresponding website homepage or application software name; home and cellular telephone numbers; employment information; and change in status at an institution of higher education. When a sexual predator registers with the sheriff's office, the sheriff shall take a

photograph, a set of fingerprints, and palm prints of the predator and forward the photographs, palm prints, and fingerprints to the department, along with the information that the predator is required to provide pursuant to this section.

(10) PENALTIES.—

(g) Any person who has reason to believe that a sexual predator is not complying, or has not complied, with the requirements of this section and who, with the intent to assist the sexual predator in eluding a law enforcement agency that is seeking to find the sexual predator to question the sexual predator about, or to arrest the sexual predator for, his or her noncompliance with the requirements of this section:

1. Withholds information from, or does not notify, the law enforcement agency about the sexual predator's noncompliance with the requirements of this section, and, if known, the whereabouts of the sexual predator;

2. Harbors, or attempts to harbor, or assists another person in harboring or attempting to harbor, the sexual predator;

3. Conceals or attempts to conceal, or assists another person in concealing or attempting to conceal, the sexual predator; or

4. Provides information to the law enforcement agency regarding the sexual predator which the person knows to be false information,

commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084. This paragraph does not apply if the sexual predator is incarcerated in or is in the

custody of a state correctional facility, a contractor-operated ~~private~~ correctional facility, a local jail, or a federal correctional facility.

Section 11. Paragraph (a) of subsection (3) and paragraph (a) of subsection (4) of section 775.261, Florida Statutes, are amended to read:

775.261 The Florida Career Offender Registration Act.—

(3) CRITERIA FOR REGISTRATION AS A CAREER OFFENDER.—

(a) A career offender released on or after July 1, 2002, from a sanction imposed in this state must register as required under subsection (4) and is subject to community and public notification as provided under subsection (5). For purposes of this section, a sanction imposed in this state includes, but is not limited to, a fine, probation, community control, parole, conditional release, control release, or incarceration in a state prison, contractor-operated ~~private~~ correctional facility, or local detention facility, and:

1. The career offender has not received a pardon for any felony or other qualified offense that is necessary for the operation of this paragraph; or

2. A conviction of a felony or other qualified offense necessary to the operation of this paragraph has not been set aside in any postconviction proceeding.

(4) REGISTRATION.—

(a) A career offender must register with the department by providing the following information to the department, or to the sheriff's office in the county in which the career offender establishes or maintains a permanent or temporary residence, within 2 working days after establishing permanent or temporary

residence in this state or within 2 working days after being released from the custody, control, or supervision of the Department of Corrections or from the custody of a contractor-operated ~~private~~ correctional facility:

1. Name, social security number, age, race, gender, date of birth, height, weight, hair and eye color, photograph, address of legal residence and address of any current temporary residence within the state or out of state, including a rural route address or a post office box, date and place of any employment, date and place of each conviction, fingerprints, and a brief description of the crime or crimes committed by the career offender. A career offender may not provide a post office box in lieu of a physical residential address. If the career offender's place of residence is a motor vehicle, trailer, mobile home, or manufactured home, as defined in chapter 320, the career offender shall also provide to the department written notice of the vehicle identification number; the license tag number; the registration number; and a description, including color scheme, of the motor vehicle, trailer, mobile home, or manufactured home. If a career offender's place of residence is a vessel, live-aboard vessel, or houseboat, as defined in chapter 327, the career offender shall also provide to the department written notice of the hull identification number; the manufacturer's serial number; the name of the vessel, live-aboard vessel, or houseboat; the registration number; and a description, including color scheme, of the vessel, live-aboard vessel, or houseboat.

2. Any other information determined necessary by the department, including criminal and corrections records;

nonprivileged personnel and treatment records; and evidentiary genetic markers when available.

Section 12. Subsection (1) of section 784.078, Florida Statutes, is amended to read:

784.078 Battery of facility employee by throwing, tossing, or expelling certain fluids or materials.—

(1) As used in this section, the term "facility" means a state correctional institution defined in s. 944.02(8); a contractor-operated ~~private~~ correctional facility defined in s. 944.710 or under chapter 957; a county, municipal, or regional jail or other detention facility of local government under chapter 950 or chapter 951; or a secure facility operated and maintained by the Department of Corrections or the Department of Juvenile Justice.

Section 13. Subsection (1) of section 800.09, Florida Statutes, is amended to read:

800.09 Lewd or lascivious exhibition in the presence of an employee.—

(1) As used in this section, the term:

(a) "Employee" means:

1. Any person employed by or performing contractual services for a public or private entity operating a state correctional institution or contractor-operated ~~private~~ correctional facility;

2. Any person employed by or performing contractual services for the corporation operating the prison industry enhancement programs or the correctional work programs under part II of chapter 946;

3. Any person who is a parole examiner with the Florida

Commission on Offender Review; or

4. Any person employed at or performing contractual services for a county detention facility.

(b) "Facility" means a state correctional institution as defined in s. 944.02, a contractor-operated ~~private~~ correctional facility as defined in s. 944.710, or a county detention facility as defined in s. 951.23.

Section 14. Paragraphs (b) and (h) of subsection (1) and paragraph (a) of subsection (2) of section 943.0435, Florida Statutes, are amended to read:

943.0435 Sexual offenders required to register with the department; penalty.—

(1) As used in this section, the term:

(b) "Convicted" means that there has been a determination of guilt as a result of a trial or the entry of a plea of guilty or nolo contendere, regardless of whether adjudication is withheld, and includes an adjudication of delinquency of a juvenile as specified in this section. Conviction of a similar offense includes, but is not limited to, a conviction by a federal or military tribunal, including courts-martial conducted by the Armed Forces of the United States, and includes a conviction or entry of a plea of guilty or nolo contendere resulting in a sanction in any state of the United States or other jurisdiction. A sanction includes, but is not limited to, a fine, probation, community control, parole, conditional release, control release, or incarceration in a state prison, federal prison, contractor-operated ~~private~~ correctional facility, or local detention facility.

(h)1. "Sexual offender" means a person who meets the

criteria in sub-subparagraph a., sub-subparagraph b., sub-subparagraph c., or sub-subparagraph d., as follows:

a.(I) Has been convicted of committing, or attempting, soliciting, or conspiring to commit, any of the criminal offenses proscribed in the following statutes in this state or similar offenses in another jurisdiction: s. 393.135(2); s. 394.4593(2); s. 787.01, s. 787.02, or s. 787.025(2)(c), where the victim is a minor; s. 787.06(3)(b), (d), (f), or (g); former s. 787.06(3)(h); s. 794.011, excluding s. 794.011(10); s. 794.05; former s. 796.03; former s. 796.035; s. 800.04; s. 810.145(8); s. 825.1025; s. 827.071; s. 847.0133; s. 847.0135, excluding s. 847.0135(6); s. 847.0137; s. 847.0138; s. 847.0145; s. 895.03, if the court makes a written finding that the racketeering activity involved at least one sexual offense listed in this sub-sub-subparagraph or at least one offense listed in this sub-sub-subparagraph with sexual intent or motive; s. 916.1075(2); or s. 985.701(1); or any similar offense committed in this state which has been redesignated from a former statute number to one of those listed in this sub-sub-subparagraph; and

(II) Has been released on or after October 1, 1997, from a sanction imposed for any conviction of an offense described in sub-sub-subparagraph (I) and does not otherwise meet the criteria for registration as a sexual offender under chapter 944 or chapter 985. For purposes of this sub-sub-subparagraph, a sanction imposed in this state or in any other jurisdiction means probation, community control, parole, conditional release, control release, or incarceration in a state prison, federal prison, contractor-operated ~~private~~ correctional facility, or

local detention facility. If no sanction is imposed, the person is deemed to be released upon conviction;

b. Establishes or maintains a residence in this state and who has not been designated as a sexual predator by a court of this state but who has been designated as a sexual predator, as a sexually violent predator, or by another sexual offender designation in another state or jurisdiction and was, as a result of such designation, subjected to registration or community or public notification, or both, or would be if the person were a resident of that state or jurisdiction, without regard to whether the person otherwise meets the criteria for registration as a sexual offender;

c. Establishes or maintains a residence in this state who is in the custody or control of, or under the supervision of, any other state or jurisdiction as a result of a conviction for committing, or attempting, soliciting, or conspiring to commit, any of the criminal offenses proscribed in the following statutes or similar offense in another jurisdiction: s. 393.135(2); s. 394.4593(2); s. 787.01, s. 787.02, or s. 787.025(2)(c), where the victim is a minor; s. 787.06(3)(b), (d), (f), or (g); former s. 787.06(3)(h); s. 794.011, excluding s. 794.011(10); s. 794.05; former s. 796.03; former s. 796.035; s. 800.04; s. 810.145(8); s. 825.1025; s. 827.071; s. 847.0133; s. 847.0135, excluding s. 847.0135(6); s. 847.0137; s. 847.0138; s. 847.0145; s. 895.03, if the court makes a written finding that the racketeering activity involved at least one sexual offense listed in this sub-subparagraph or at least one offense listed in this sub-subparagraph with sexual intent or motive; s. 916.1075(2); or s. 985.701(1); or any similar offense committed

in this state which has been redesignated from a former statute number to one of those listed in this sub-subparagraph; or

d. On or after July 1, 2007, has been adjudicated delinquent for committing, or attempting, soliciting, or conspiring to commit, any of the criminal offenses proscribed in the following statutes in this state or similar offenses in another jurisdiction when the juvenile was 14 years of age or older at the time of the offense:

(I) Section 794.011, excluding s. 794.011(10);

(II) Section 800.04(4)(a)2. where the victim is under 12 years of age or where the court finds sexual activity by the use of force or coercion;

(III) Section 800.04(5)(c)1. where the court finds molestation involving unclothed genitals;

(IV) Section 800.04(5)(d) where the court finds the use of force or coercion and unclothed genitals; or

(V) Any similar offense committed in this state which has been redesignated from a former statute number to one of those listed in this sub-subparagraph.

2. For all qualifying offenses listed in sub-subparagraph 1.d., the court shall make a written finding of the age of the offender at the time of the offense.

For each violation of a qualifying offense listed in this subsection, except for a violation of s. 794.011, the court shall make a written finding of the age of the victim at the time of the offense. For a violation of s. 800.04(4), the court shall also make a written finding indicating whether the offense involved sexual activity and indicating whether the offense

involved force or coercion. For a violation of s. 800.04(5), the court shall also make a written finding that the offense did or did not involve unclothed genitals or genital area and that the offense did or did not involve the use of force or coercion.

(2) Upon initial registration, a sexual offender shall:

(a) Report in person at the sheriff's office:

1. In the county in which the offender establishes or maintains a permanent, temporary, or transient residence within 48 hours after:

a. Establishing permanent, temporary, or transient residence in this state; or

b. Being released from the custody, control, or supervision of the Department of Corrections or from the custody of a contractor-operated ~~private~~ correctional facility; or

2. In the county where he or she was convicted within 48 hours after being convicted for a qualifying offense for registration under this section if the offender is not in the custody or control of, or under the supervision of, the Department of Corrections, or is not in the custody of a contractor-operated ~~private~~ correctional facility.

Any change in the information required to be provided pursuant to paragraph (b), including, but not limited to, any change in the sexual offender's permanent, temporary, or transient residence; name; electronic mail addresses; Internet identifiers and each Internet identifier's corresponding website homepage or application software name; home telephone numbers and cellular telephone numbers; employment information; and any change in status at an institution of higher education after the sexual

offender reports in person at the sheriff's office must be reported in the manner provided in subsections (4), (7), and (8).

When a sexual offender reports at the sheriff's office, the sheriff shall take a photograph, a set of fingerprints, and palm prints of the offender and forward the photographs, palm prints, and fingerprints to the department, along with the information provided by the sexual offender. The sheriff shall promptly provide to the department the information received from the sexual offender.

Section 15. Subsections (5) and (8) of section 943.13, Florida Statutes, are amended to read:

943.13 Officers' minimum qualifications for employment or appointment.—On or after October 1, 1984, any person employed or appointed as a full-time, part-time, or auxiliary law enforcement officer or correctional officer; on or after October 1, 1986, any person employed as a full-time, part-time, or auxiliary correctional probation officer; and on or after October 1, 1986, any person employed as a full-time, part-time, or auxiliary correctional officer by a private entity under contract to the Department of Corrections or to a county commission shall:

(5) Have documentation of his or her processed fingerprints on file with the employing agency or, if a contractor-employed ~~private~~ correctional officer, have documentation of his or her processed fingerprints on file with the Department of Corrections or the Criminal Justice Standards and Training Commission. The department shall retain and enter into the

statewide automated biometric identification system authorized by s. 943.05 all fingerprints submitted to the department as required by this section. Thereafter, the fingerprints shall be available for all purposes and uses authorized for arrest fingerprints entered in the statewide automated biometric identification system pursuant to s. 943.051. The department shall search all arrest fingerprints received pursuant to s. 943.051 against the fingerprints retained in the statewide automated biometric identification system pursuant to this section and report to the employing agency any arrest records that are identified with the retained employee's fingerprints. These fingerprints must be forwarded to the department for processing and retention.

(8) Execute and submit to the employing agency or, if a contractor-employed ~~private~~ correctional officer, submit to the appropriate governmental entity an affidavit-of-applicant form, adopted by the commission, attesting to his or her compliance with subsections (1)-(7). The affidavit shall require the applicant to disclose any pending investigation by a local, state, or federal agency or entity for criminal, civil, or administrative wrongdoing and whether the applicant separated or resigned from previous criminal justice employment while he or she was under investigation. The affidavit shall be executed under oath and constitutes an official statement within the purview of s. 837.06. The affidavit shall include conspicuous language that the intentional false execution of the affidavit constitutes a misdemeanor of the second degree. The affidavit shall be retained by the employing agency.

Section 16. Paragraph (g) of subsection (2) of section

943.325, Florida Statutes, is amended to read:

943.325 DNA database.—

(2) DEFINITIONS.—As used in this section, the term:

(g) "Qualifying offender" means any person, including juveniles and adults, who is:

1.a. Committed to a county jail;

b. Committed to or under the supervision of the Department of Corrections, including persons incarcerated in a contractor-operated ~~private~~ correctional institution operated under contract pursuant to s. 944.105;

c. Committed to or under the supervision of the Department of Juvenile Justice;

d. Transferred to this state under the Interstate Compact on Juveniles, part XIII of chapter 985; or

e. Accepted under Article IV of the Interstate Corrections Compact, part III of chapter 941; and who is:

2.a. Convicted of any felony offense or attempted felony offense in this state or of a similar offense in another jurisdiction;

b. Convicted of a misdemeanor violation of s. 784.048, s. 810.14, s. 847.011, s. 847.013, s. 847.0135, or s. 877.26, or an offense that was found, pursuant to s. 874.04, to have been committed for the purpose of benefiting, promoting, or furthering the interests of a criminal gang as defined in s. 874.03;

c. Arrested for any felony offense or attempted felony offense in this state; or

d. In the custody of a law enforcement agency and is subject to an immigration detainer issued by a federal

immigration agency.

Section 17. Subsections (4), (5), and (7) of section 944.105, Florida Statutes, are amended to read:

944.105 Contractual arrangements with contractor-operated ~~private~~ entities for operation and maintenance of correctional facilities and supervision of inmates.—

(4) A contractor-employed ~~private~~ correctional officer may use force only while on the grounds of a facility, while transporting inmates, and while pursuing escapees from a facility. A contractor-employed ~~private~~ correctional officer may use nondeadly force in the following situations:

(a) To prevent the commission of a felony or a misdemeanor, including escape.

(b) To defend oneself or others against physical assault.

(c) To prevent serious damage to property.

(d) To enforce institutional regulations and orders.

(e) To prevent or quell a riot.

Contractor-employed ~~Private~~ correctional officers may carry and use firearms and may use deadly force only as a last resort, and then only to prevent an act that could result in death or serious bodily injury to oneself or to another person.

(5) Contractor-employed ~~Private~~ correctional officers shall be trained in the use of force and the use of firearms and shall be trained at the contractor-operated ~~private~~ firm's expense, at the facilities that train correctional officers employed by the department.

(7) The department shall require the certification of contractor-employed ~~private~~ correctional officers at the private

vendor's expense under s. 943.1395, and all such officers must meet the minimum qualifications established in s. 943.13. All other employees of the private vendor that perform their duties at the contractor-operated ~~private~~ correctional facility shall receive, at a minimum, the same quality and quantity of training as that required by the state for employees of state-operated correctional facilities. All training expenses shall be the responsibility of the private vendor. The department shall be the contributor and recipient of all criminal background information necessary for certification by the Criminal Justice Standards and Training Commission.

Section 18. Subsections (1), (2), (3), and (4) of section 944.151, Florida Statutes, are amended to read:

944.151 Safe operation and security of correctional institutions and facilities.—It is the intent of the Legislature that the Department of Corrections shall be responsible for the safe operation and security of the correctional institutions and facilities. The safe operation and security of the state's correctional institutions and facilities are critical to ensure public safety and the safety of department employees and offenders, and to contain violent and chronic offenders until offenders are otherwise released from the department's custody pursuant to law. The Secretary of Corrections shall, at a minimum:

(1) Appoint appropriate department staff to a safety and security review committee that shall evaluate new safety and security technology, review and discuss current issues impacting state and contractor-operated ~~private~~ correctional institutions and facilities, and review and discuss other issues as requested

by department management.

(2) Direct appropriate department staff to establish a periodic schedule for the physical inspection of buildings and structures of each state and contractor-operated ~~private~~ correctional institution and facility to determine safety and security deficiencies. In scheduling the inspections, priority shall be given to older institutions and facilities; institutions and facilities that house a large proportion of violent offenders; institutions and facilities that have experienced a significant number of inappropriate incidents of use of force on inmates, assaults on employees, or inmate sexual abuse; and institutions and facilities that have experienced a significant number of escapes or escape attempts in the past.

(3) Direct appropriate department staff to conduct or cause to be conducted announced and unannounced comprehensive security audits of all state and contractor-operated ~~private~~ correctional institutions and facilities. Priority shall be given to those institutions and facilities that have experienced a significant number of inappropriate incidents of use of force on inmates, assaults on employees, or sexual abuse. At a minimum, the audit must include an evaluation of the physical plant, landscaping, fencing, security alarms and perimeter lighting, and confinement, arsenal, key and lock, and entrance and exit policies. The evaluation of the physical plant policies must include the identification of blind spots or areas where staff or inmates may be isolated and the deployment of video monitoring systems and other appropriate monitoring technologies in such spots or areas. Each correctional institution and facility shall be audited at least annually. The secretary shall

annually report the audit findings to the Governor and the Legislature.

(4) Direct appropriate department staff to investigate and evaluate the usefulness and dependability of existing safety and security technology at state and contractor-operated ~~private~~ correctional institutions and facilities, investigate and evaluate new available safety and security technology, and make periodic written recommendations to the secretary on the discontinuation or purchase of various safety and security devices.

Section 19. Paragraph (b) of subsection (3) of section 944.17, Florida Statutes, is amended to read:

944.17 Commitments and classification; transfers.—

(3)

(b) Notwithstanding paragraph (a), any prisoner incarcerated in the state correctional system or contractor-operated ~~private~~ correctional facility operated pursuant to chapter 957 who is convicted in circuit or county court of a crime committed during that incarceration shall serve the sentence imposed for that crime within the state correctional system regardless of the length of sentence or classification of the offense.

Section 20. Paragraph (b) of subsection (3) of section 944.35, Florida Statutes, is amended to read:

944.35 Authorized use of force; malicious battery and sexual misconduct prohibited; reporting required; penalties.—

(3)

(b)1. As used in this paragraph, the term:

a. “Female genitals” includes the labia minora, labia

majora, clitoris, vulva, hymen, and vagina.

b. "Contractor-operated ~~Private~~ correctional facility" has the same meaning as in s. 944.710.

c. "Sexual misconduct" means the oral, anal, or female genital penetration by, or union with, the sexual organ of another or the anal or female genital penetration of another by any other object, but does not include an act done for a bona fide medical purpose or an internal search conducted in the lawful performance of the employee's duty.

d. "Volunteer" means a person registered with the department or a contractor-operated ~~private~~ correctional facility who is engaged in specific voluntary service activities on an ongoing or continual basis.

2. Any employee of the department or a contractor-operated ~~private~~ correctional facility or any volunteer in, or any employee of a contractor or subcontractor of, the department or a contractor-operated ~~private~~ correctional facility who engages in sexual misconduct with an inmate or an offender supervised by the department in the community, without committing the crime of sexual battery, commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

3. The consent of the inmate or offender supervised by the department in the community to any act of sexual misconduct may not be raised as a defense to a prosecution under this paragraph.

4. This paragraph does not apply to any employee, volunteer, or employee of a contractor or subcontractor of the department or any employee, volunteer, or employee of a contractor or subcontractor of a contractor-operated ~~private~~

correctional facility who is legally married to an inmate or an offender supervised by the department in the community, nor does it apply to any employee, volunteer, or employee of a contractor or subcontractor who has no knowledge, and would have no reason to believe, that the person with whom the employee, volunteer, or employee of a contractor or subcontractor has engaged in sexual misconduct is an inmate or an offender under community supervision of the department.

Section 21. Section 944.40, Florida Statutes, is amended to read:

944.40 Escapes; penalty.—Any prisoner confined in, or released on furlough from, any prison, jail, contractor-operated ~~private~~ correctional facility, road camp, or other penal institution, whether operated by the state, a county, or a municipality, or operated under a contract with the state, a county, or a municipality, working upon the public roads, or being transported to or from a place of confinement who escapes or attempts to escape from such confinement commits a felony of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084. The punishment of imprisonment imposed under this section shall run consecutive to any former sentence imposed upon any prisoner.

Section 22. Subsections (1) and (2) of section 944.605, Florida Statutes, are amended to read:

944.605 Inmate release; notification; identification card.—

(1) Within 6 months before the release of an inmate from the custody of the Department of Corrections or a contractor-operated ~~private~~ correctional facility by expiration of sentence under s. 944.275, any release program provided by law, or parole

under chapter 947, or as soon as possible if the offender is released earlier than anticipated, notification of such anticipated release date shall be made known by the Department of Corrections to the chief judge of the circuit in which the offender was sentenced, the appropriate state attorney, the original arresting law enforcement agency, the Department of Law Enforcement, and the sheriff as chief law enforcement officer of the county in which the inmate plans to reside. In addition, unless otherwise requested by the victim, the victim's parent or guardian if the victim is a minor, the lawful representative of the victim or of the victim's parent or guardian if the victim is a minor, the victim's next of kin in the case of a homicide, the state attorney or the Department of Corrections, whichever is appropriate, shall notify such person within 6 months before the inmate's release, or as soon as possible if the offender is released earlier than anticipated, when the name and address of such victim, or the name and address of the parent, guardian, next of kin, or lawful representative of the victim has been furnished to the agency. The state attorney shall provide the latest address documented for the victim, or for the victim's parent, guardian, next of kin, or lawful representative, as applicable, to the sheriff with the other documents required by law for the delivery of inmates to those agencies for service of sentence. Upon request, within 30 days after an inmate is approved for community work release, the state attorney, the victim, the victim's parent or guardian if the victim is a minor, the victim's next of kin in the case of a homicide, or the lawful representative of the victim or of the victim's parent or guardian if the victim is a minor shall be notified

that the inmate has been approved for community work release. This section does not imply any repeal or modification of any provision of law relating to notification of victims.

(2) Within 60 days before the anticipated release of an inmate under subsection (1), a digitized photograph of the inmate to be released shall be made by the Department of Corrections or a contractor-operated ~~private~~ correctional facility, whichever has custody of the inmate. If a contractor-operated ~~private~~ correctional facility makes the digitized photograph, this photograph shall be provided to the Department of Corrections. Additionally, the digitized photograph, whether made by the Department of Corrections or a contractor-operated ~~private~~ correctional facility, shall be placed in the inmate's file. The Department of Corrections shall make the digitized photograph available electronically to the Department of Law Enforcement as soon as the digitized photograph is in the department's database and must be in a format that is compatible with the requirements of the Florida Crime Information Center. The department shall provide a copy of the digitized photograph to a local law enforcement agency upon request.

Section 23. Paragraph (a) of subsection (1) and paragraph (a) of subsection (3) of section 944.606, Florida Statutes, are amended to read:

944.606 Sexual offenders; notification upon release.—

(1) As used in this section, the term:

(a) "Convicted" means there has been a determination of guilt as a result of a trial or the entry of a plea of guilty or nolo contendere, regardless of whether adjudication is withheld. A conviction for a similar offense includes, but is not limited

to, a conviction by a federal or military tribunal, including courts-martial conducted by the Armed Forces of the United States, and includes a conviction or entry of a plea of guilty or nolo contendere resulting in a sanction in any state of the United States or other jurisdiction. A sanction includes, but is not limited to, a fine; probation; community control; parole; conditional release; control release; or incarceration in a state prison, federal prison, contractor-operated ~~private~~ correctional facility, or local detention facility.

(3)(a) The department shall provide information regarding any sexual offender who is being released after serving a period of incarceration for any offense, as follows:

1. The department shall provide: the sexual offender's name, any change in the offender's name by reason of marriage or other legal process, and any alias, if known; the correctional facility from which the sexual offender is released; the sexual offender's social security number, race, sex, date of birth, height, weight, and hair and eye color; tattoos or other identifying marks; address of any planned permanent residence or temporary residence, within the state or out of state, including a rural route address and a post office box; if no permanent or temporary address, any transient residence within the state; address, location or description, and dates of any known future temporary residence within the state or out of state; date and county of sentence and each crime for which the offender was sentenced; a copy of the offender's fingerprints, palm prints, and a digitized photograph taken within 60 days before release; the date of release of the sexual offender; all electronic mail addresses and all Internet identifiers required to be provided

pursuant to s. 943.0435(4)(e); employment information, if known, provided pursuant to s. 943.0435(4)(e); all home telephone numbers and cellular telephone numbers required to be provided pursuant to s. 943.0435(4)(e); information about any professional licenses the offender has, if known; and passport information, if he or she has a passport, and, if he or she is an alien, information about documents establishing his or her immigration status. The department shall notify the Department of Law Enforcement if the sexual offender escapes, absconds, or dies. If the sexual offender is in the custody of a contractor-operated ~~private~~ correctional facility, the facility shall take the digitized photograph of the sexual offender within 60 days before the sexual offender's release and provide this photograph to the Department of Corrections and also place it in the sexual offender's file. If the sexual offender is in the custody of a local jail, the custodian of the local jail shall register the offender within 3 business days after intake of the offender for any reason and upon release, and shall notify the Department of Law Enforcement of the sexual offender's release and provide to the Department of Law Enforcement the information specified in this paragraph and any information specified in subparagraph 2. that the Department of Law Enforcement requests.

2. The department may provide any other information deemed necessary, including criminal and corrections records, nonprivileged personnel and treatment records, when available.

Section 24. Paragraphs (b) and (f) of subsection (1), paragraph (g) of subsection (6), and subsection (12) of section 944.607, Florida Statutes, are amended to read:

944.607 Notification to Department of Law Enforcement of

information on sexual offenders.—

(1) As used in this section, the term:

(b) "Conviction" means a determination of guilt which is the result of a trial or the entry of a plea of guilty or nolo contendere, regardless of whether adjudication is withheld. Conviction of a similar offense includes, but is not limited to, a conviction by a federal or military tribunal, including courts-martial conducted by the Armed Forces of the United States, and includes a conviction or entry of a plea of guilty or nolo contendere resulting in a sanction in any state of the United States or other jurisdiction. A sanction includes, but is not limited to, a fine; probation; community control; parole; conditional release; control release; or incarceration in a state prison, federal prison, contractor-operated ~~private~~ correctional facility, or local detention facility.

(f) "Sexual offender" means a person who is in the custody or control of, or under the supervision of, the department or is in the custody of a contractor-operated ~~private~~ correctional facility:

1. On or after October 1, 1997, as a result of a conviction for committing, or attempting, soliciting, or conspiring to commit, any of the criminal offenses proscribed in the following statutes in this state or similar offenses in another jurisdiction: s. 393.135(2); s. 394.4593(2); s. 787.01, s. 787.02, or s. 787.025(2)(c), where the victim is a minor; s. 787.06(3)(b), (d), (f), or (g); former s. 787.06(3)(h); s. 794.011, excluding s. 794.011(10); s. 794.05; former s. 796.03; former s. 796.035; s. 800.04; s. 810.145(8); s. 825.1025; s. 827.071; s. 847.0133; s. 847.0135, excluding s. 847.0135(6); s.

847.0137; s. 847.0138; s. 847.0145; s. 895.03, if the court makes a written finding that the racketeering activity involved at least one sexual offense listed in this subparagraph or at least one offense listed in this subparagraph with sexual intent or motive; s. 916.1075(2); or s. 985.701(1); or any similar offense committed in this state which has been redesignated from a former statute number to one of those listed in this paragraph; or

2. Who establishes or maintains a residence in this state and who has not been designated as a sexual predator by a court of this state but who has been designated as a sexual predator, as a sexually violent predator, or by another sexual offender designation in another state or jurisdiction and was, as a result of such designation, subjected to registration or community or public notification, or both, or would be if the person were a resident of that state or jurisdiction, without regard as to whether the person otherwise meets the criteria for registration as a sexual offender.

(6) The information provided to the Department of Law Enforcement must include:

(g) A digitized photograph of the sexual offender which must have been taken within 60 days before the offender is released from the custody of the department or a contractor-operated ~~private~~ correctional facility by expiration of sentence under s. 944.275 or must have been taken by January 1, 1998, or within 60 days after the onset of the department's supervision of any sexual offender who is on probation, community control, conditional release, parole, provisional release, or control release or who is supervised by the department under the

Interstate Compact Agreement for Probationers and Parolees. If the sexual offender is in the custody of a contractor-operated ~~private~~ correctional facility, the facility shall take a digitized photograph of the sexual offender within the time period provided in this paragraph and shall provide the photograph to the department.

If any information provided by the department changes during the time the sexual offender is under the department's control, custody, or supervision, including any change in the offender's name by reason of marriage or other legal process, the department shall, in a timely manner, update the information and provide it to the Department of Law Enforcement in the manner prescribed in subsection (2).

(12) Any person who has reason to believe that a sexual offender is not complying, or has not complied, with the requirements of this section and who, with the intent to assist the sexual offender in eluding a law enforcement agency that is seeking to find the sexual offender to question the sexual offender about, or to arrest the sexual offender for, his or her noncompliance with the requirements of this section:

(a) Withholds information from, or does not notify, the law enforcement agency about the sexual offender's noncompliance with the requirements of this section, and, if known, the whereabouts of the sexual offender;

(b) Harbors, or attempts to harbor, or assists another person in harboring or attempting to harbor, the sexual offender; or

(c) Conceals or attempts to conceal, or assists another

person in concealing or attempting to conceal, the sexual offender; or

(d) Provides information to the law enforcement agency regarding the sexual offender which the person knows to be false information,

commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084. This subsection does not apply if the sexual offender is incarcerated in or is in the custody of a state correctional facility, a contractor-operated ~~private~~ correctional facility, a local jail, or a federal correctional facility.

Section 25. Subsection (1) and paragraph (e) of subsection (5) of section 944.608, Florida Statutes, are amended to read:

944.608 Notification to Department of Law Enforcement of information on career offenders.—

(1) As used in this section, the term "career offender" means a person who is in the custody or control of, or under the supervision of, the department or is in the custody or control of, or under the supervision of, a contractor-operated ~~private~~ correctional facility, and who is designated as a habitual violent felony offender, a violent career criminal, or a three-time violent felony offender under s. 775.084 or as a prison releasee reoffender under s. 775.082(9).

(5) The information provided to the Department of Law Enforcement must include:

(e) A digitized photograph of the career offender, which must have been taken within 60 days before the career offender is released from the custody of the department or a contractor-

operated ~~private~~ correctional facility or within 60 days after the onset of the department's supervision of any career offender who is on probation, community control, conditional release, parole, provisional release, or control release. If the career offender is in the custody or control of, or under the supervision of, a contractor-operated ~~private~~ correctional facility, the facility shall take a digitized photograph of the career offender within the time period provided in this paragraph and shall provide the photograph to the department.

Section 26. Subsection (1) and paragraph (a) of subsection (3) of section 944.609, Florida Statutes, are amended to read:

944.609 Career offenders; notification upon release.—

(1) As used in this section, the term "career offender" means a person who is in the custody or control of, or under the supervision of, the department or is in the custody or control of, or under the supervision of a contractor-operated ~~private~~ correctional facility, who is designated as a habitual violent felony offender, a violent career criminal, or a three-time violent felony offender under s. 775.084 or as a prison releasee reoffender under s. 775.082(9).

(3)(a) The department must provide information regarding any career offender who is being released after serving a period of incarceration for any offense, as follows:

1. The department must provide the career offender's name, any change in the career offender's name by reason of marriage or other legal process, and any alias, if known; the correctional facility from which the career offender is released; the career offender's social security number, race, gender, date of birth, height, weight, and hair and eye color;

date and county of sentence and each crime for which the career offender was sentenced; a copy of the career offender's fingerprints and a digitized photograph taken within 60 days before release; the date of release of the career offender; and the career offender's intended residence address, if known. The department shall notify the Department of Law Enforcement if the career offender escapes, absconds, or dies. If the career offender is in the custody of a contractor-operated ~~private~~ correctional facility, the facility shall take the digitized photograph of the career offender within 60 days before the career offender's release and provide this photograph to the Department of Corrections and also place it in the career offender's file. If the career offender is in the custody of a local jail, the custodian of the local jail shall notify the Department of Law Enforcement of the career offender's release and provide to the Department of Law Enforcement the information specified in this paragraph and any information specified in subparagraph 2. which the Department of Law Enforcement requests.

2. The department may provide any other information deemed necessary, including criminal and corrections records and nonprivileged personnel and treatment records, when available.

Section 27. Section 944.7031, Florida Statutes, is amended to read:

944.7031 Eligible inmates released from contractor-operated ~~private~~ correctional facilities.—

(1) It is the intent of the Legislature that state inmates nearing release from a contractor-operated ~~private~~ correctional facility managed under chapter 957 are eligible for assistance

under ss. 944.701-944.708, and all laws that provide for or mandate transition assistance services to inmates nearing release also apply to inmates who reside in contractor-operated ~~private~~ correctional facilities.

(2) To assist an inmate nearing release from a contractor-operated ~~private~~ correctional facility, the department and the transition assistance specialist shall coordinate with a designated staff person at each contractor-operated ~~private~~ correctional facility to ensure that a state inmate released from the contractor-operated ~~private~~ correctional facility is informed of and provided with the same level of transition assistance services that are provided by the department for an inmate in a state correctional facility. Any inmate released from a contractor-operated ~~private~~ correctional facility shall also have equal access to placement consideration in a contracted substance abuse transition housing program, including those programs that have a faith-based component.

Section 28. Section 944.714, Florida Statutes, is amended to read:

944.714 Quality assurance and standards of operation.—

(1) The level and quality of programs provided by a private vendor at a contractor-operated ~~private~~ correctional facility must be at least equal to programs provided at a correctional facility operated by the department that houses similar types of inmates and must be at a cost that provides the state with a substantial savings, as determined by a private accounting firm selected by the Department of Corrections.

(2) All contractor-employed ~~private~~ correctional officers employed by a private vendor must be certified, at the private

vendor's expense, as having met the minimum qualifications established for correctional officers under s. 943.13.

(3) Pursuant to the terms of the contract, a private vendor shall design, construct, and operate a contractor-operated ~~private~~ correctional facility in accordance with the standards established by the American Correctional Association and approved by the department at the time of the contract. In addition, a contractor-operated ~~private~~ correctional facility shall meet any higher standard mandated in the full or partial settlement of any litigation challenging the constitutional conditions of confinement to which the department is a named defendant. The standards required under a contract for operating a contractor-operated ~~private~~ correctional facility may be higher than the standards required for accreditation by the American Correctional Association. A private vendor shall comply with all federal and state constitutional requirements, federal, state, and local laws, department rules, and all court orders.

Section 29. Section 944.715, Florida Statutes, is amended to read:

944.715 Delegation of authority.—

(1) A private vendor shall incarcerate all inmates assigned to the contractor-operated ~~private~~ correctional facility by the department and as specified in the contract. The department may not exceed the maximum occupancy designated for the facility in the contract.

(2) Inmates incarcerated in a contractor-operated ~~private correctional~~ facility are in the legal custody of the department. A private vendor may not award gain-time or release credits, determine inmate eligibility for furlough or work

release, calculate inmate release dates, approve inmate transfers, place inmates in less restrictive custody than that ordered by the department or approve inmate work assignments. A private vendor may not benefit financially from the labor of inmates except to the extent authorized under chapter 946.

Section 30. Section 944.716, Florida Statutes, is amended to read:

944.716 Contract termination and control of a correctional facility by the department.—A detailed plan shall be provided by a private vendor under which the department shall assume control of a contractor-operated ~~private~~ correctional facility upon termination of the contract. The department may terminate the contract with cause after written notice of material deficiencies and after 60 workdays in order to correct the material deficiencies. If any event occurs that involves the noncompliance with or violation of contract terms and that presents a serious threat to the safety, health, or security of the inmates, employees, or the public, the department may temporarily assume control of the contractor-operated ~~private~~ correctional facility. A plan shall also be provided by a private vendor for the purchase and assumption of operations of a correctional facility by the department in the event of bankruptcy or the financial insolvency of the private vendor. The private vendor shall provide an emergency plan to address inmate disturbances, employee work stoppages, strikes, or other serious events in accordance with standards of the American Correctional Association.

Section 31. Subsection (1) of section 944.717, Florida Statutes, is amended to read:

944.717 Conflicts of interest.—

(1) An employee of the department or any governmental entity that exercises any functions or responsibilities in the review or approval of a contractor-operated ~~private~~ correctional facility contract or the operation of a contractor-operated ~~private~~ correctional facility, or a member of the immediate family of any such person, may not solicit or accept, directly or indirectly, any personal benefit or promise of a benefit from a bidder or private vendor.

Section 32. Subsection (1) of section 944.718, Florida Statutes, is amended to read:

944.718 Withdrawal of request for proposals.—

(1) When soliciting proposals for the construction, lease, or operation of a contractor-operated ~~private~~ correctional facility, the department may reserve the right to withdraw the request for proposals at any time and for any reason. Receipt of proposal materials by the department or submission of a proposal to the department does not confer any rights upon the proposer or obligations upon the department.

Section 33. Paragraphs (a) and (f) of subsection (1), subsection (3), and paragraph (b) of subsection (5) of section 944.719, Florida Statutes, are amended to read:

944.719 Adoption of rules, monitoring, and reporting.—

(1) The department shall adopt rules pursuant to chapter 120 specifying criteria for contractual arrangements and standards for the operation of correctional facilities by private vendors. Such rules shall define:

(a) Various categories of contractor-operated ~~private~~ correctional facilities.

(f) The characteristics of inmates to be incarcerated in contractor-operated ~~private~~ correctional facilities.

(3) The private vendor shall provide a work area at the contractor-operated ~~private~~ correctional facility for use by the contract monitor appointed by the department and shall provide the monitor with access to all data, reports, and other materials that the monitor, the Auditor General, and the Office of Program Policy Analysis and Government Accountability determine are necessary to carry out monitoring and auditing responsibilities.

(5) The Office of Program Policy Analysis and Government Accountability shall conduct a performance audit, including a review of the annual financial audit of the private entity and shall deliver a report to the Legislature by February 1 of the third year following any contract awarded by the department for the operation of a correctional facility by a private vendor.

(b) In preparing the report, the office shall consider, in addition to other factors it determines are significant:

1. The extent to which the private vendor and the department have complied with the terms of the contract and ss. 944.710-944.719.

2. The wages and benefits that are provided to the staff of the contractor-operated ~~private~~ correctional facility as compared to wages and benefits provided to employees of the department performing comparable tasks.

Section 34. Subsection (1) of section 944.72, Florida Statutes, is amended to read:

944.72 Contractor-operated ~~Privately Operated~~ Institutions Inmate Welfare Trust Fund.—

(1) There is hereby created in the Department of Corrections the Contractor-operated ~~Privately Operated~~ Institutions Inmate Welfare Trust Fund. The purpose of the trust fund shall be the benefit and welfare of inmates incarcerated in contractor-operated ~~private~~ correctional facilities under contract with the department pursuant to this chapter or chapter 957. Moneys shall be deposited in the trust fund and expenditures made from the trust fund as provided in s. 945.215.

Section 35. Subsection (9) of section 944.801, Florida Statutes, is amended to read:

944.801 Education for state prisoners.—

(9) Notwithstanding s. 120.81(3), all inmates under 22 years of age who qualify for special educational services and programs pursuant to the Individuals with Disabilities Education Act, 20 U.S.C. ss. 1400 et seq., and who request a due process hearing as provided by that act shall be entitled to such hearing before the Division of Administrative Hearings. Administrative law judges shall not be required to travel to state or contractor-operated ~~private~~ correctional institutions and facilities in order to conduct these hearings.

Section 36. Subsections (1) and (3) of section 944.803, Florida Statutes, are amended to read:

944.803 Faith- and character-based programs.—

(1) The Legislature finds and declares that faith- and character-based programs offered in state and contractor-operated ~~private~~ correctional institutions and facilities have the potential to facilitate inmate institutional adjustment, help inmates assume personal responsibility, and reduce recidivism.

(3) It is the intent of the Legislature that the department and the private vendors operating contractor-operated ~~private~~ correctional facilities continuously:

(a) Measure recidivism rates for inmates who have participated in faith- and character-based programs.

(b) Increase the number of volunteers who minister to inmates from various faith-based and secular institutions in the community.

(c) Develop community linkages with secular institutions as well as churches, synagogues, mosques, and other faith-based institutions to assist inmates in their release back into the community.

Section 37. Paragraphs (a) and (b) of subsection (2) of section 945.10, Florida Statutes, are amended to read:

945.10 Confidential information.—

(2) The records and information specified in paragraphs (1)(a)-(i) may be released as follows unless expressly prohibited by federal law:

(a) Information specified in paragraphs (1)(b), (d), and (f) to the Executive Office of the Governor, the Legislature, the Florida Commission on Offender Review, the Department of Children and Families, a contractor-operated ~~private~~ correctional facility or program that operates under a contract, the Department of Legal Affairs, a state attorney, the court, or a law enforcement agency. A request for records or information pursuant to this paragraph need not be in writing.

(b) Information specified in paragraphs (1)(c), (e), and (i) to the Executive Office of the Governor, the Legislature, the Florida Commission on Offender Review, the Department of

Children and Families, a contractor-operated ~~private~~ correctional facility or program that operates under contract, the Department of Legal Affairs, a state attorney, the court, or a law enforcement agency. A request for records or information pursuant to this paragraph must be in writing and a statement provided demonstrating a need for the records or information.

Records and information released under this subsection remain confidential and exempt from the provisions of s. 119.07(1) and s. 24(a), Art. I of the State Constitution when held by the receiving person or entity.

Section 38. Subsection (3) of section 945.215, Florida Statutes, is amended to read:

945.215 Inmate welfare and employee benefit trust funds.—

(3) CONTRACTOR-OPERATED ~~PRIVATELY OPERATED~~ INSTITUTIONS INMATE WELFARE TRUST FUND; CONTRACTOR-OPERATED ~~PRIVATE~~ CORRECTIONAL FACILITIES.—

(a) For purposes of this subsection, contractor-operated ~~privately operated~~ institutions or contractor-operated ~~private~~ correctional facilities are those correctional facilities under contract with the department pursuant to chapter 944 or chapter 957.

(b)1. The net proceeds derived from inmate canteens, vending machines used primarily by inmates, telephone commissions, and similar sources at contractor-operated ~~private~~ correctional facilities shall be deposited in the Contractor-Operated ~~Privately Operated~~ Institutions Inmate Welfare Trust Fund.

2. Funds in the Contractor-Operated ~~Privately Operated~~

Institutions Inmate Welfare Trust Fund shall be expended only pursuant to legislative appropriation.

(c) The department shall annually compile a report that documents Contractor-Operated ~~Privately Operated~~ Institutions Inmate Welfare Trust Fund receipts and expenditures at each contractor-operated ~~private~~ correctional facility. This report must specifically identify receipt sources and expenditures. The department shall compile this report for the prior fiscal year and shall submit the report by September 1 of each year to the chairs of the appropriate substantive and fiscal committees of the Senate and House of Representatives and to the Executive Office of the Governor.

Section 39. Subsections (2) and (3) of section 945.6041, Florida Statutes, are amended to read:

945.6041 Inmate medical services.—

(2) Compensation to a health care provider to provide inmate medical services may not exceed 110 percent of the Medicare allowable rate if the health care provider does not have a contract to provide services with the department or the contractor-operated ~~private~~ correctional facility, as defined in s. 944.710, which houses the inmate. However, compensation to a health care provider may not exceed 125 percent of the Medicare allowable rate if:

(a) The health care provider does not have a contract to provide services with the department or the contractor-operated ~~private~~ correctional facility, as defined in s. 944.710, which houses the inmate; and

(b) The health care provider reported a negative operating margin for the previous year to the Agency for Health Care

Administration through hospital-audited financial data.

(3) Compensation to an entity to provide emergency medical transportation services for inmates may not exceed 110 percent of the Medicare allowable rate if the entity does not have a contract with the department or a contractor-operated ~~private~~ correctional facility, as defined in s. 944.710, to provide the services.

Section 40. Section 946.5025, Florida Statutes, is amended to read:

946.5025 Authorization of corporation to enter into contracts.—The corporation established under this part may enter into contracts to operate correctional work programs with any county or municipal authority that operates a correctional facility or with a contractor authorized under chapter 944 or chapter 957 to operate a contractor-operated ~~private~~ correctional facility. The corporation has the same powers, privileges, and immunities in carrying out such contracts as it has under this chapter.

Section 41. Subsections (5) and (6) of section 946.503, Florida Statutes, are amended to read:

946.503 Definitions to be used with respect to correctional work programs.—As used in this part, the term:

(5) "Inmate" means any person incarcerated within any state, county, municipal, or contractor-operated ~~private~~ correctional facility.

(6) "Contractor-operated ~~Private~~ correctional facility" means a facility authorized by chapter 944 or chapter 957.

Section 42. Subsection (6) of section 951.062, Florida Statutes, is amended to read:

951.062 Contractual arrangements for operation and maintenance of county detention facilities.—

(6) Contractor-employed ~~Private~~ correctional officers responsible for supervising inmates within the facility shall meet the requirements necessary for certification by the Criminal Justice Standards and Training Commission pursuant to s. 943.1395. However, expenses for such training shall be the responsibility of the private entity.

Section 43. Section 951.063, Florida Statutes, is amended to read:

951.063 Contractor-operated ~~privately operated~~ county correctional facilities.—Each contractor-employed ~~private~~ correctional officer employed by a private entity under contract to a county commission must be certified as a correctional officer under s. 943.1395 and must meet the minimum qualifications established in s. 943.13. The county shall provide to the Criminal Justice Standards and Training Commission all necessary fingerprints for Florida Department of Law Enforcement and Federal Bureau of Investigation background checks. The Criminal Justice Standards and Training Commission shall advise the county as to those employees whose certification has been denied or revoked. Neither the county nor the private entity shall be the direct recipient of criminal records.

Section 44. Section 957.05, Florida Statutes, is amended to read:

957.05 Requirements for contractors operating contractor-operated ~~private~~ correctional facilities.—

(1) Each contractor entering into a contract under this

chapter is liable in tort with respect to the care and custody of inmates under its supervision and for any breach of contract. Sovereign immunity may not be raised by a contractor, or the insurer of that contractor on the contractor's behalf, as a defense in any action arising out of the performance of any contract entered into under this chapter or as a defense in tort, or any other application, with respect to the care and custody of inmates under the contractor's supervision and for any breach of contract.

(2)(a) The training requirements, including inservice training requirements, for employees of a contractor that assumes the responsibility for the operation and maintenance of a contractor-operated ~~private~~ correctional facility must meet or exceed the requirements for similar employees of the department or the training requirements mandated for accreditation by the American Correctional Association, whichever of those requirements are the more demanding. All employee training expenses are the responsibility of the contractor.

(b) Employees of a contractor who are responsible for the supervision of inmates shall have the same legal authority to rely on nondeadly and deadly force as do similar employees of the department.

(3) Any contractor or person employed by a contractor operating a correctional or detention facility pursuant to a contract executed under this chapter shall be exempt from the requirements of chapter 493, relating to licensure of private investigators and security officers.

Section 45. Subsection (2) of section 957.06, Florida Statutes, is amended to read:

957.06 Powers and duties not delegable to contractor.—A contract entered into under this chapter does not authorize, allow, or imply a delegation of authority to the contractor to:

(2) Choose the facility to which an inmate is initially assigned or subsequently transferred. The contractor may request, in writing, that an inmate be transferred to a facility operated by the department. The contractor and the department shall develop and implement a cooperative agreement for transferring inmates between a correctional facility operated by the department and a contractor-operated ~~private~~ correctional facility. The department and the contractor must comply with the cooperative agreement.

Section 46. Section 957.08, Florida Statutes, is amended to read:

957.08 Capacity requirements.—The department shall transfer and assign prisoners to each contractor-operated ~~private~~ correctional facility opened pursuant to this chapter in an amount not less than 90 percent or more than 100 percent of the capacity of the facility pursuant to the contract. The prisoners transferred by the department shall represent a cross-section of the general inmate population, based on the grade of custody or the offense of conviction, at the most comparable facility operated by the department.

Section 47. Subsection (1) of section 957.09, Florida Statutes, is amended to read:

957.09 Applicability of chapter to other provisions of law.—

(1)(a) Any offense that if committed at a state correctional facility would be a crime is a crime if committed

by or with regard to inmates at contractor-operated ~~private~~ correctional facilities operated pursuant to a contract entered into under this chapter.

(b) All laws relating to commutation of sentences, release and parole eligibility, and the award of sentence credits apply to inmates incarcerated in a contractor-operated ~~private~~ correctional facility operated pursuant to a contract entered into under this chapter.

Section 48. Section 957.13, Florida Statutes, is amended to read:

957.13 Background checks.—

(1) The Florida Department of Law Enforcement may accept fingerprints of individuals who apply for employment at a contractor-operated ~~private~~ correctional facility and who are required to have background checks under the provisions of this chapter.

(2) The Florida Department of Law Enforcement may, to the extent provided for by federal law, provide for the exchange of state, multistate, and federal criminal history records of individuals who apply for employment at a contractor-operated ~~private~~ correctional facility for the purpose of conducting background checks as required by law or contract.

Section 49. Section 957.14, Florida Statutes, is amended to read:

957.14 Contract termination and control of a correctional facility by the department.—A detailed plan shall be provided by a private vendor under which the department shall assume temporary control of a contractor-operated ~~private~~ correctional facility upon termination of the contract. The department may

terminate the contract with cause after written notice of material deficiencies and after 60 workdays in order to correct the material deficiencies. If any event occurs that involves the noncompliance with or violation of contract terms and that presents a serious threat to the safety, health, or security of the inmates, employees, or the public, the department may temporarily assume control of the contractor-operated ~~private~~ correctional facility. A plan shall also be provided by a private vendor for the purchase and temporary assumption of operations of a correctional facility by the department in the event of bankruptcy or the financial insolvency of the private vendor. The private vendor shall provide an emergency plan to address inmate disturbances, employee work stoppages, strikes, or other serious events in accordance with standards of the American Correctional Association.

Section 50. Paragraph (p) of subsection (1) of section 960.001, Florida Statutes, is amended to read:

960.001 Guidelines for fair treatment of victims and witnesses in the criminal justice and juvenile justice systems.—

(1) The Department of Legal Affairs, the state attorneys, the Department of Corrections, the Department of Juvenile Justice, the Florida Commission on Offender Review, the State Courts Administrator and circuit court administrators, the Department of Law Enforcement, and every sheriff's department, police department, or other law enforcement agency as defined in s. 943.10(4) shall develop and implement guidelines for the use of their respective agencies, which guidelines are consistent with the purposes of this act and s. 16(b), Art. I of the State Constitution and are designed to implement s. 16(b), Art. I of

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

the State Constitution and to achieve the following objectives:

(p) *Information concerning escape from a state correctional institution, county jail, juvenile detention facility, or residential commitment facility.*—In any case where an offender escapes from a state correctional institution, contractor-operated ~~private~~ correctional facility, county jail, juvenile detention facility, or residential commitment facility, the institution of confinement shall immediately notify the state attorney of the jurisdiction where the criminal charge or petition for delinquency arose and the judge who imposed the sentence of incarceration. The state attorney shall thereupon make every effort to notify the victim, material witness, parents or legal guardian of a minor who is a victim or witness, or immediate relatives of a homicide victim of the escapee. The state attorney shall also notify the sheriff of the county where the criminal charge or petition for delinquency arose. The sheriff shall offer assistance upon request. When an escaped offender is subsequently captured or is captured and returned to the institution of confinement, the institution of confinement shall again immediately notify the appropriate state attorney and sentencing judge pursuant to this section.

Section 51. Paragraph (a) of subsection (3) of section 985.481, Florida Statutes, is amended to read:

985.481 Sexual offenders adjudicated delinquent; notification upon release.—

(3)(a) The department shall provide information regarding any sexual offender who is being released after serving a period of residential commitment under the department for any offense, as follows:

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

1. The department shall provide the sexual offender's name, any change in the offender's name by reason of marriage or other legal process, and any alias, if known; the correctional facility from which the sexual offender is released; the sexual offender's social security number, race, sex, date of birth, height, weight, and hair and eye color; tattoos or other identifying marks; the make, model, color, vehicle identification number (VIN), and license tag number of all vehicles owned; address of any planned permanent residence or temporary residence, within the state or out of state, including a rural route address and a post office box; if no permanent or temporary address, any transient residence within the state; address, location or description, and dates of any known future temporary residence within the state or out of state; date and county of disposition and each crime for which there was a disposition; a copy of the offender's fingerprints, palm prints, and a digitized photograph taken within 60 days before release; the date of release of the sexual offender; all home telephone numbers and cellular telephone numbers required to be provided pursuant to s. 943.0435(4)(e); all electronic mail addresses and Internet identifiers required to be provided pursuant to s. 943.0435(4)(e); information about any professional licenses the offender has, if known; and passport information, if he or she has a passport, and, if he or she is an alien, information about documents establishing his or her immigration status. The department shall notify the Department of Law Enforcement if the sexual offender escapes, absconds, or dies. If the sexual offender is in the custody of a contractor-operated ~~private~~ correctional facility, the facility shall take the digitized

photograph of the sexual offender within 60 days before the sexual offender's release and also place it in the sexual offender's file. If the sexual offender is in the custody of a local jail, the custodian of the local jail shall register the offender within 3 business days after intake of the offender for any reason and upon release, and shall notify the Department of Law Enforcement of the sexual offender's release and provide to the Department of Law Enforcement the information specified in this subparagraph and any information specified in subparagraph 2. which the Department of Law Enforcement requests.

2. The department may provide any other information considered necessary, including criminal and delinquency records, when available.

Section 52. Paragraph (h) of subsection (1), paragraph (a) of subsection (6), and subsection (12) of section 985.4815, Florida Statutes, are amended to read:

985.4815 Notification to Department of Law Enforcement of information on juvenile sexual offenders.—

(1) As used in this section, the term:

(h) "Sexual offender" means a person who is in the care or custody or under the jurisdiction or supervision of the department or is in the custody of a contractor-operated ~~private~~ correctional facility and who:

1. Has been adjudicated delinquent as provided in s. 943.0435(1)(h)1.d.; or

2. Establishes or maintains a residence in this state and has not been designated as a sexual predator by a court of this state but has been designated as a sexual predator, as a sexually violent predator, or by another sexual offender

designation in another state or jurisdiction and was, as a result of such designation, subjected to registration or community or public notification, or both, or would be if the person were a resident of that state or jurisdiction, without regard to whether the person otherwise meets the criteria for registration as a sexual offender.

(6)(a) The information provided to the Department of Law Enforcement must include the following:

1. The information obtained from the sexual offender under subsection (4).

2. The sexual offender's most current address and place of permanent, temporary, or transient residence within the state or out of state, and address, location or description, and dates of any current or known future temporary residence within the state or out of state, while the sexual offender is in the care or custody or under the jurisdiction or supervision of the department in this state, including the name of the county or municipality in which the offender permanently or temporarily resides, or has a transient residence, and address, location or description, and dates of any current or known future temporary residence within the state or out of state; and, if known, the intended place of permanent, temporary, or transient residence, and address, location or description, and dates of any current or known future temporary residence within the state or out of state upon satisfaction of all sanctions.

3. The legal status of the sexual offender and the scheduled termination date of that legal status.

4. The location of, and local telephone number for, any department office that is responsible for supervising the sexual

offender.

5. An indication of whether the victim of the offense that resulted in the offender's status as a sexual offender was a minor.

6. The offense or offenses at adjudication and disposition that resulted in the determination of the offender's status as a sex offender.

7. A digitized photograph of the sexual offender, which must have been taken within 60 days before the offender was released from the custody of the department or a contractor-operated ~~private~~ correctional facility by expiration of sentence under s. 944.275, or within 60 days after the onset of the department's supervision of any sexual offender who is on probation, postcommitment probation, residential commitment, nonresidential commitment, licensed child-caring commitment, community control, conditional release, parole, provisional release, or control release or who is supervised by the department under the Interstate Compact Agreement for Probationers and Parolees. If the sexual offender is in the custody of a contractor-operated ~~private~~ correctional facility, the facility shall take a digitized photograph of the sexual offender within the time period provided in this subparagraph and shall provide the photograph to the department.

(12) Any person who has reason to believe that a sexual offender is not complying, or has not complied, with the requirements of this section and who, with the intent to assist the sexual offender in eluding a law enforcement agency that is seeking to find the sexual offender to question the sexual offender about, or to arrest the sexual offender for, his or her

noncompliance with the requirements of this section:

(a) Withholds information from, or does not notify, the law enforcement agency about the sexual offender's noncompliance with the requirements of this section and, if known, the whereabouts of the sexual offender;

(b) Harbors, attempts to harbor, or assists another person in harboring or attempting to harbor the sexual offender;

(c) Conceals, attempts to conceal, or assists another person in concealing or attempting to conceal the sexual offender; or

(d) Provides information to the law enforcement agency regarding the sexual offender that the person knows to be false

commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084. This subsection does not apply if the sexual offender is incarcerated in or is in the custody of a state correctional facility, a contractor-operated ~~private~~ correctional facility, a local jail, or a federal correctional facility.

Section 53. This act shall take effect July 1, 2024.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Fiscal Policy

BILL:	SB 1324
INTRODUCER:	Senator Ingoglia
SUBJECT:	Driving Without a Valid Driver License
DATE:	February 20, 2024 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Shutes	Vickers	TR	**Favorable**
2.	Atchley	Harkness	ACJ	**Favorable**
3.	Shutes	Yeatman	FP	**Favorable**

I. Summary:

SB 1324 establishes revised penalties related to the offense of driving without a valid driver license. Specifically, any person who drives any motor vehicle upon a highway in this state without a valid driver license commits:

- For a first offense, a misdemeanor of the second degree.
- For a second offense, a misdemeanor of the first degree.
- For a third or subsequent offense, a misdemeanor of the first degree and is subject to a minimum of 10 days in jail as ordered by the court.

This bill stipulates that the foregoing penalties do not apply to violations of s. 316.212, F.S., related to the operation of golf carts on roadways.

The bill takes effect July 1, 2024.

II. Present Situation:

Requirement to Be Licensed

Section 322.03, F.S., provides that a person may not operate a motor vehicle in the state without being licensed pursuant to ch. 322, F.S. However, the following individuals are exempt from obtaining a Florida driver license:

- Any employee of the United States Government, while operating a noncommercial motor vehicle owned by or leased to the United States Government and being operated on official business.
- Any person while driving or operating any road machine, farm tractor, or implement of husbandry temporarily operated or moved on a highway.
- A nonresident who is at least 16 years of age and who has in his or her immediate possession a valid noncommercial driver license issued to the nonresident in his or her home state or

country operating a motor vehicle of the type for which a Class E driver license is required in this state, if the nonresident's license is not invalid under s. 322.033, F.S., relating to proof of the licensee's lawful presence in the United States.

- A nonresident who is at least 18 years of age and who has in his or her immediate possession a valid noncommercial driver license issued to the nonresident in his or her home state or country operating a motor vehicle, other than a commercial motor vehicle, in this state, if the nonresident's license is not invalid under s. 322.033, F.S., relating to proof of the licensee's lawful presence in the United States.
- A person 18 years of age or older operating a golf cart, which is operated in accordance with s. 316.212, F.S.

Section 322.29, F.S., provides that any violation of ch. 322 F.S., unless otherwise specified is punishable as a misdemeanor of the second degree. However, a person charged under s. 322.03, F.S., may not be convicted if, prior to or at a court or hearing appearance, the person is able to produce a driver license valid at the time of arrest.[1]

Driving While License Suspended, Revoked, Cancelled or Disqualified

Except as provided in s. 322.34(2), F.S., any person whose driver license or driving privilege has been canceled, suspended, or revoked, except a "habitual traffic offender", who drives a vehicle upon the highways of this state while such license or privilege is canceled, suspended, or revoked is guilty of a moving violation, punishable as provided in ch. 318, F.S.[2]

Section 322.34(2), F.S., sets out penalties for driving while a driver license is suspended, revoked, canceled or disqualified, or who does not have a driver license but is under suspension or revocation status as defined in s. 322.01(42), F.S., who, *knowing* of such cancellation, suspension, revocation, or suspension or revocation equivalent status, drives a motor vehicle in the state.[3] These penalties include:

- A second degree misdemeanor, upon a first conviction;
- A first degree misdemeanor, upon a second or subsequent conviction, except as provided below, and, for a third or subsequent conviction, a minimum of 10 days in jail;
- A third degree felony, upon a third or subsequent conviction if the current violation or the most recent prior violation is related to driving while license canceled, suspended, revoke, or suspension or revocation equivalent status resulting from a violation of: driving under the influence, refusal to submit to a urine, breath-alcohol, or blood alcohol test, a traffic offense causing death or serious bodily injury, or fleeing or eluding.

The element of knowledge is satisfied if the person has been previously cited as provided in s. 322.34(1), F.S.; or the person admits to knowledge of the cancellation, suspension, or revocation, or suspension or revocation equivalent status; or the person received notice as provided in s. 322.34(4), F.S. There is a rebuttable presumption that the knowledge requirement is satisfied if a

[1] Section 320.03(6), F.S.
[2] Section 322.34(1), F.S.
[3] "Suspension or revocation equivalent status" is a designation for a person who does not have a driver license or driving privilege but would qualify for suspension or revocation of his or her driver license or driving privilege if licensed. The Department of Highway Safety and Motor Vehicles may designate a person as having suspension or revocation equivalent status in the same manner as it is authorized to suspend or revoke a driver license or driving privilege by law.

judgment or order as provided in s. 322.23(4), F.S., appears in the department's records for any case except for one involving a suspension by the department for failure to pay a traffic fine or for a financial responsibility violation.[4]

Any judgment or order rendered by a court or adjudicatory body or any uniform traffic citation that cancels, suspends, or revokes a person's driver license or places a person under suspension or revocation equivalent status must contain a provision notifying the person that his or her driver license has been canceled, suspended, or revoked, or of such suspension or revocation equivalent status.[5]

Driver License Requirements - Operation of Golf Carts

As previously noted, persons 18 years of age or older operating a golf cart in accordance with s. 316.212, F.S., are exempt from the requirement to obtain a driver license.[6] Section 316.212, F.S., sets out various operational and equipment requirements that are applicable to golf carts. In terms of driver licensing, this section provides that a golf cart may not be operated on public roads or streets by a person:

- Who is under 18 years of age unless he or she possesses a valid learner's driver license or valid driver license, or
- Who is 18 years of age or older unless he or she possesses a valid form of government-issued photographic identification.

III. Effect of Proposed Changes:

This bill amends s. 322.03, F.S., to provide, that if any person operates any motor vehicle upon a highway, without a valid driver license, a person commits: for the first offense, a misdemeanor of the second degree; for the second offense, a misdemeanor of the first degree; and for a third or subsequent offense, a misdemeanor of the first degree, and is subject to a minimum of 10 days in jail as ordered by the court.

The bill provides that the penalties established in the bill do not apply to violations of s. 316.212, F.S., related to the operation of golf carts on certain roads.

The bill includes various conforming and technical provisions.

The bill takes effect July 1, 2024.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

[4] Section 322.34(2), F.S.
[5] Section 322.34(4), F.S.
[6] Section 320.04(1)(e), F.S.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

Individuals operating motor vehicles in Florida without the required driver's license will be subject to enhanced penalties.

C. Government Sector Impact:

The bill creates new misdemeanor offenses which may have a positive indeterminate county jail bed impact.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 322.03, 322.15, and 322.291.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

None.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By Senator Ingoglia

11-01227B-24 20241324__

A bill to be entitled

An act relating to driving without a valid driver license; amending s. 322.03, F.S.; providing criminal penalties for the offense of driving without a valid driver license; requiring the court to sentence an offender to a specified minimum jail sentence upon a third or subsequent conviction for the offense; providing applicability; making technical changes; amending ss. 322.15 and 322.291, F.S.; conforming cross-references; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 322.03, Florida Statutes, is amended to read:

322.03 Drivers must be licensed; penalties.—

(1)(a) Except as otherwise authorized in this chapter, a person may not drive any motor vehicle upon a highway in this state unless such person has a valid driver license issued under this chapter.

(b) A person who violates paragraph (a) commits:

1. For the first offense, a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

2. For the second offense, a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

3. For a third or subsequent offense, a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083, and the court shall order the person to serve a minimum period of 10 days in jail.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

11-01227B-24 20241324__

The penalties provided in paragraph (b) do not apply to violations of s. 316.212.

(2)(a) A person who drives a commercial motor vehicle may not receive a driver license unless and until he or she surrenders to the department all driver licenses in his or her possession issued to him or her by any other jurisdiction or makes an affidavit that he or she does not possess a driver license. Any such person who fails to surrender such licenses commits a noncriminal infraction, punishable as a moving violation as set forth in chapter 318. Any such person who makes a false affidavit concerning such licenses commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

(b) All surrendered licenses may be returned by the department to the issuing jurisdiction together with information that the licensee is now licensed in a new jurisdiction or may be destroyed by the department, which shall notify the issuing jurisdiction of such destruction. A person may not have more than one valid driver license at any time.

(3)~~(2)~~ Prior to issuing a driver license, the department shall require any person who has been convicted two or more times of a violation of s. 316.193 or of a substantially similar alcohol-related or drug-related offense outside this state within the preceding 5 years, or who has been convicted of three or more such offenses within the preceding 10 years, to present proof of successful completion of or enrollment in a department-approved substance abuse education course. If the person fails to complete such education course within 90 days after issuance,

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

the department shall cancel the license. Further, prior to issuing the driver license the department shall require such person to present proof of financial responsibility as provided in s. 324.031. For the purposes of this paragraph, a previous conviction for violation of former s. 316.028, former s. 316.1931, or former s. 860.01 shall be considered a previous conviction for violation of s. 316.193.

(4)(a) ~~(3)(a)~~ The department may not issue a commercial driver license to any person who is not a resident of this state.

(b) A resident of this state who is required by the laws of this state to possess a commercial driver license may not operate a commercial motor vehicle in this state unless he or she possesses a valid commercial driver license issued by this state. Except as provided in paragraph (c), any person who violates this paragraph commits ~~is guilty of~~ a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

(c) Any person whose commercial driver license has been expired for a period of 30 days or less and who drives a commercial motor vehicle within this state commits ~~is guilty of~~ a nonmoving violation, punishable as provided in s. 318.18.

(5) ~~(4)~~ A person may not operate a motorcycle unless he or she holds a driver license that authorizes such operation, subject to the appropriate restrictions and endorsements. A person may operate an autocycle, as defined in s. 316.003, without a motorcycle endorsement.

(6) ~~(5)~~ It is a violation of this section for any person whose driver license has been expired for more than 6 months to

operate a motor vehicle on the highways of this state.

(7) ~~(6)~~ A person who is charged with a violation of this section, other than a violation of ~~paragraph (a)~~ of subsection (2) ~~(1)~~, may not be convicted if, prior to or at the time of his or her court or hearing appearance, the person produces in court or to the clerk of the court in which the charge is pending a driver license issued to him or her and valid at the time of his or her arrest. The clerk of the court is authorized to dismiss such case at any time prior to the defendant's appearance in court. The clerk of the court may assess a fee of $5 for dismissing the case under this subsection.

Section 2. Subsection (3) of section 322.15, Florida Statutes, is amended to read:

322.15 License to be carried and exhibited on demand; fingerprint to be imprinted upon a citation.—

(3) In relation to violations of subsection (1) or s. 322.03(6) ~~s. 322.03(5)~~, persons who cannot supply proof of a valid driver license for the reason that the license was suspended for failure to comply with that citation shall be issued a suspension clearance by the clerk of the court for that citation upon payment of the applicable penalty and fee for that citation. If proof of a valid driver license is not provided to the clerk of the court within 30 days, the person's driver license shall again be suspended for failure to comply.

Section 3. Section 322.291, Florida Statutes, is amended to read:

322.291 Driver improvement schools or DUI programs; required in certain suspension and revocation cases.—Except as provided in s. 322.03(3) ~~s. 322.03(2)~~, any person:

(1) Whose driving privilege has been revoked:

(a) Upon conviction for:

1. Driving, or being in actual physical control of, any vehicle while under the influence of alcoholic beverages, any chemical substance set forth in s. 877.111, or any substance controlled under chapter 893, in violation of s. 316.193;

2. Driving with an unlawful blood- or breath-alcohol level;

3. Manslaughter resulting from the operation of a motor vehicle;

4. Failure to stop and render aid as required under the laws of this state in the event of a motor vehicle crash resulting in the death or personal injury of another;

5. Reckless driving; or

(b) As a habitual offender;

(c) Upon direction of the court, if the court feels that the seriousness of the offense and the circumstances surrounding the conviction warrant the revocation of the licensee's driving privilege; or

(2) Whose license was suspended under the point system, was suspended for driving with an unlawful blood-alcohol level of 0.10 percent or higher before January 1, 1994, was suspended for driving with an unlawful blood-alcohol level of 0.08 percent or higher after December 31, 1993, was suspended for a violation of s. 316.193(1), or was suspended for refusing to submit to a lawful breath, blood, or urine test as provided in s. 322.2615

shall, before the driving privilege may be reinstated, present to the department proof of enrollment in a department-approved advanced driver improvement course operating pursuant to s.

318.1451 or a substance abuse education course conducted by a DUI program licensed pursuant to s. 322.292, which shall include a psychosocial evaluation and treatment, if referred. Additionally, for a third or subsequent violation of requirements for installation of an ignition interlock device, a person must complete treatment as determined by a licensed treatment agency following a referral by a DUI program and have the duration of the ignition interlock device requirement extended by at least 1 month up to the time period required to complete treatment. If the person fails to complete such course or evaluation within 90 days after reinstatement, or subsequently fails to complete treatment, if referred, the DUI program shall notify the department of the failure. Upon receipt of the notice, the department shall cancel the offender's driving privilege, notwithstanding the expiration of the suspension or revocation of the driving privilege. The department may temporarily reinstate the driving privilege upon verification from the DUI program that the offender has completed the education course and evaluation requirement and has reentered and is currently participating in treatment. If the DUI program notifies the department of the second failure to complete treatment, the department shall reinstate the driving privilege only after notice of completion of treatment from the DUI program.

Section 4. This act shall take effect July 1, 2024.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Fiscal Policy

BILL:	CS/CS/SB 1352
INTRODUCER:	Fiscal Policy Committee; Appropriations Committee on Criminal and Civil Justice; and Senator Bradley
SUBJECT:	Juvenile Justice
DATE:	February 26, 2024 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Parker	Stokes	CJ	**Favorable**
2.	Atchley	Harkness	ACJ	**Fav/CS**
3.	Parker	Yeatman	FP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1352 amends s. 985.03, F.S., to remove "minimum-risk nonresidential" as a restrictiveness level for committed youth. The bill changes the term "nonsecure residential" to "moderate-risk," and removes reference to juvenile correctional facilities and juvenile prisons from the definition of "maximum-risk residential." The bill makes corresponding changes by:

- Amending ss. 985.039 and 985.455, F.S., to remove a reference to minimum-risk nonresidential restrictiveness level.
- Amending ss. 330.41, 985.27, and 985.441, F.S., to reference a moderate risk residential facility rather than a nonsecure residential facility.
- Amending ss. 553.865, 943.0515, and 985.465, F.S., to replace the terms juvenile correctional facility or juvenile prison with the term maximum-risk residential facility.

The bill amends s. 381.887, F.S., adding personnel of the Department of Juvenile Justice (DJJ) and of any contracted provider with direct contact with youth to the list of personnel that are offered immunity from civil and criminal liability as a result of administering an emergency opioid antagonist (EOA).

The bill amends ss. 985.02, 985.03, 985.126, 985.17, and 985.601, F.S., to replace the terms gender and gender-specific, with sex and sex-specific, respectively.

The bill amends s. 985.115, F.S., to provide that a juvenile assessment center may not be considered a facility that can receive a child who: is suffering from a serious physical condition that requires a medical diagnosis or treatment; is mentally ill as defined in s. 394.463(1), F.S.; or is intoxicated and has threatened or attempted physical harm to him or herself or another.

The bill amends s. 985.26, F.S., to provide that transitions from secure detention care and supervised release detention care be initiated upon the court's own motion, or upon a motion of the child or of the state, and after considering any information provided by the department regarding the child's adjustment to detention supervision.

The bill amends s. 985.601, F.S., to authorize the department to use state or federal funds to purchase and distribute promotional and educational materials that are consistent with the dignity and integrity of the state for the following purposes:

- Educating children and families about the juvenile justice continuum, including local prevention programs or community services available for participation or enrollment.
- Staff recruitment at job fairs, career fairs, community events, the Institute for Commercialization of Florida Technology, community college campuses, or state university campuses.
- Educating children and families on children-specific public safety issues, including, but not limited to, safe storage of adult-owned firearms, consequences of child firearm offenses, human trafficking, or drug and alcohol abuse.

The bill amends s. 985.619, F.S., permitting the Florida Scholars Academy board of trustees to review and approve an annual academic calendar to provide educational services to youth.

The bill amends s. 985.664, F.S., to remove current language relating to juvenile justice circuit advisory boards' duties, responsibilities, reporting, and other requirements. The bill requires that each judicial circuit in this state have a juvenile justice circuit advisory board, that must work with the chief probation officer of the circuit to use data to inform policy and practice which improves the juvenile justice continuum.

The bill lowers the minimum number of members that sit on the board from 16 to 14, and provides that each member must be approved by the chief probation officer of the circuit, rather than the Secretary of the DJJ. The bill decreases the maximum number of board members who may be representatives from the community from 5 to 3.

Additionally, the bill provides that the chief probation officer in each circuit must serve as the chair of the board for that circuit.

The bill amends s. 790.22, F.S., to remove the provision permitting the juvenile justice circuit advisory board to establish certain community service programs and provides the DJJ must establish such programs.

The bill removes reference to the juvenile justice circuit advisory board in ss. 938.17, 948.51, and 985.668, F.S. The bill further amends s. 985.668, F.S., to provide that the chief probation officer must submit specified proposals to the secretary of the DJJ.

The bill amends s. 985.676, F.S., to revise the required contents of a grant proposal that applicants must submit to be considered for funding from an annual community juvenile justice partnership grant. The bill requires the department to consider the recommendations of community stakeholders, rather than the juvenile justice circuit advisor board, as to certain priorities. The bill removes the juvenile justice circuit advisory board from the entities to which each awarded grantee is required to submit an annual evaluation report.

The bill amends s. 1003.01, F.S., to include the Florida Scholars Academy in the definition of "juvenile justice education programs or schools."

The bill amends s. 1003.51, F.S., to revise requirements for the State Board of Education rules. Such rules must articulate expectations for effective education programs for students in the DJJ, and must establish policies and standards for certain education programs. The bill revises the requirements for such rules by:

- Removing the requirement that the rules provide assessment procedures for prevention, day treatment, and residential programs.
- Requiring the rules to provide recommended instructional programs, using course delivery models aligned to the state academic standards.
- Requiring the rules provide accountability measures and school improvement requirements as public alternative schools for juvenile justice education programs.
- Removing the requirement that the rules provide a series of graduated sanctions for district school boards whose educational programs in the DJJ programs are considered to be unsatisfactory.

The Department of Education (DOE) in partnership with the DJJ, the district school boards, and providers must develop and implement requirements for contracts and cooperative agreements. The bill adds the following to the list of minimum contract requirements:

- Accountability requirements and corrective action plans, if needed; and
- Administration of the federal strengthening career and technical education for the 21st century act.

Additionally, the bill requires the DOE, in partnership with the DJJ and the district school board to maintain specified records, including a Section 504 plan, or behavioral plan, if applicable.

The bill removes accountability measures, and requires the DOE to issue an alternative school improvement rating for prevention and day treatment prevention juvenile justice education programs.

The bill amends s. 1003.52, F.S., to remove reference to residential programs, and provide that the section applies only to detention, prevention, or day treatment. Additionally, the bill removes the requirement that the Coordinators for Juvenile Justice Education Programs report on the departments' participation in implementing a joint accountability, program performance, and program improvement process.

The bill removes provisions relating to career and professional education (CAPE)[1] and provisions related to requiring residential juvenile justice education programs to provide certain CAPE courses. The bill replaces references to CAPE with career and technical education. The bill requires each district school board to select appropriate academic and career assessments to be administered at the time of program entry and exit for the purpose of developing goals for education transition plans, progress monitoring plans, individual education plans, and federal reporting.

The bill requires each district school board to negotiate a cooperative agreement with the department on the delivery of education services to students in such programs. The bill adds that such agreement must include:

- Strategies for correcting any deficiencies found through the alternative school improvement rating and student performance measures; and
- Career and academic assessments selected by the district.

The bill removes provisions requiring the Department of Education, in consultation with the DJJ, to adopt rules and collect data and report on certain programs. The bill removes a provision requiring that specified entities jointly develop a multiagency plan for CAPE.

The bill amends s. 1001.42, F.S., to make conforming changes by removing the requirement that the DJJ report on the elements specified in s. 1003.52(17), F.S.

The bill does not have a fiscal impact on the DJJ. See Section V. Fiscal Impact Statement.

The bill is effective July 1, 2024.

II. Present Situation:

The Department of Juvenile Justice Continuum

Section 985.601, F.S., provides for administering the juvenile justice continuum. The DJJ is authorized to plan, develop, and coordinate comprehensive services and programs statewide for the prevention, early intervention, control, and rehabilitative treatment of delinquent behavior.[2]

The department is also authorized to develop and implement an appropriate continuum of care that provides individualized, multidisciplinary assessments, objective evaluations of relative risks, and the matching of needs with placements for all children under its care, and that uses a system of case management to facilitate each child being appropriately assessed, provided with services, and placed in a program that meets the child's needs.[3]

---

[1] Section 1003.52(5), F.S., states, prevention and day treatment juvenile justice education programs, at a minimum, shall provide career readiness and exploration opportunities as well as truancy and dropout prevention intervention services. Residential juvenile justice education programs with a contracted minimum length of stay of 9 months shall provide CAPE courses that lead to preapprentice certifications and industry certifications. Programs with contracted lengths of stay of less than 9 months may provide career education courses that lead to preapprentice certifications and CAPE industry certifications.

[2] Section 985.601(1), F.S.

[3] Section 985.601(2), F.S.

Circuit Advisory Boards

Section 985.664, F.S., authorizes the establishment of Juvenile Justice Circuit Advisory Boards.[4] The Circuit Advisory Boards serve as advisors to the DJJ according to their statutory responsibilities. Members of the boards work closely with Delinquency Prevention Specialists and DJJ staff to plan for services that meet the identified needs of juveniles and families within the local community. The Juvenile Justice Circuit Advisory Boards are vehicles for collaboration. Through the Circuit Advisory Boards, the department promotes community partnerships to increase public safety. Boards primarily focus on juvenile delinquency prevention programs and services such as mentoring, teen courts, civil citation, partnership programs, after school programs and public forums to increase communication between youth and law enforcement.[5]

Florida Scholars Academy

Section 985.619, F.S., creates the Florida Scholars Academy within the DJJ developing a single-uniform education system overseen by the DJJ to provide educational opportunities to students in the DJJ residential commitment programs.[6] The Florida Scholars Academy serves as a national model with a focus on improving outcomes for youth through individualized educational pathways. The Florida Scholars Academy helps youth in DJJ care attain a high school or high school equivalency diploma, industry-recognized credentials, and enroll in a postsecondary program of study at a Florida college, university, or technical college.[7]

Requirements for juvenile justice education are specified in s. 1003.52, F.S. Section 1003.52, F.S., designates the Florida Department of Education as the lead agency for juvenile justice education programs, curriculum, support services, and resources. Additionally, s. 1003.52, F.S., stipulates that the "district school board of the county in which the juvenile justice prevention, day treatment, residential, or detention program is located shall provide or contract for appropriate educational assessments and an appropriate program of instruction and special education services."[8]

Section 1003.52(5), F.S., states: Prevention and day treatment juvenile justice education programs, at a minimum, shall provide career readiness and exploration opportunities as well as truancy and dropout prevention intervention services. Residential juvenile justice education programs with a contracted minimum length of stay of 9 months shall provide Career and Professional Education (CAPE) courses that lead to preapprentice certifications and industry certifications.[9]

[8] Section 1003.52, F.S.
[9] Section 1003.52(5), F.S.

County Delinquency Prevention

The sheriff's office of the county must be a partner in a written agreement with the DJJ to participate in a juvenile assessment center or with the district school board to participate in a suspension program.[10] A sheriff's office that receives proceeds pursuant to s. 939.185, F.S., shall account for all funds annually by August 1 in a written report to the juvenile justice circuit advisory board if funds are used for assessment centers, and to the district school board if funds are used for suspension programs.[11]

Community Corrections Assistance to Counties or County Consortiums

A county, or a consortium of two or more counties, may contract with the Department of Corrections for community corrections funds as provided in this section. In order to enter into a community corrections partnership contract, a county or county consortium must have a public safety coordinating council established under s. 951.26, F.S.,[12] and must designate a county officer or agency to be responsible for administering community corrections funds received from the state. The public safety coordinating council shall prepare, develop, and implement a comprehensive public safety plan for the county, or the geographic area represented by the county consortium, and shall submit an annual report to the Department of Corrections concerning the status of the program. In preparing the comprehensive public safety plan, the public safety coordinating council shall cooperate with the juvenile justice circuit advisory board established under s. 985.664, F.S., in order to include programs and services for juveniles in the plan.[13]

Juvenile Assessment Centers

Every child under the age of 18 charged with a crime in Florida is referred to the DJJ.[14] The DJJ serves as the primary case manager responsible for managing, coordinating, and monitoring services provided to the child.[15] Intake and screening services for a child referred to the DJJ are performed at a Juvenile Assessment Center (JAC).[16] The purpose of the intake process is to assess the child's needs and risks and to determine the most appropriate treatment plan and setting for the child's programmatic need and risks.[17] Once a child is in the custody of the DJJ, the DJJ determines whether detention care is appropriate.[18]

[10] Section 938.17(1), F.S.
[11] Section 938.17(4), F.S.
[12] Section 951.26(1), F.S., provides that each board of county commissioners shall establish a county public safety coordinating council for the county or shall join with a consortium of one or more other counties to establish a public safety coordinating council for the geographic area represented by the member counties.
[13] Section 948.51(2), F.S.
[14] A referral is similar to an arrest in the adult criminal justice system. See Probation and Community Intervention, Overview, Department of Juvenile Justice, available at http://www.djj.state.fl.us/services/probation (last visited January 22, 2024).
[15] Section 985.145(1), F.S.
[16] Section 985.135(4), F.S.
[17] Section 985.14(2), F.S. The intake process consists of a preliminary screening and may be followed by a comprehensive assessment, consisting of a full mental health, cognitive impairment, substance abuse, or psychosexual evaluation.
[18] Section 985.25(1), F.S.

A Juvenile Assessment Center (JAC) is a facility where law enforcement may release a child taken into custody for them to be screened after arrest. Youth may not be released to a JAC:

- If the child is believed to be suffering from a serious physical condition which requires either prompt diagnosis or prompt treatment, to a law enforcement officer who shall deliver the child to a hospital for necessary evaluation and treatment.[19]
- If the child is believed to be mentally ill as defined in s. 394.463(1), F.S., to a law enforcement officer who shall take the child to a designated public receiving facility as defined in s. 394.455, F.S., for examination under s. 394.463, F.S.[20]
- If the child appears to be intoxicated and has threatened, attempted, or inflicted physical harm on himself or herself or another, or is incapacitated by substance abuse, to a law enforcement officer who shall deliver the child to a hospital, addictions receiving facility, or treatment resource.[21]

Secure Detention Transfer

The court is not prohibited from transitioning a child to and from secure detention care and supervised release detention care, including electronic monitoring, when the court finds such a placement necessary, or no longer necessary, to preserve public safety or to ensure the child's safety, appearance in court, or compliance with a court order.[22]

Restrictiveness Levels

The Legislature finds that there is a need for a secure placement for certain children alleged to have committed a delinquent act. The Legislature finds that detention should be used only when less restrictive interim placement alternatives prior to adjudication and disposition are not appropriate.[23]

According to the DJJ, "Minimum-risk nonresidential" is an option the court can utilize when they want to commit a youth but have them stay in the community and attend a program 5 days a week for services. This type of program is better accomplished through probation instead of commitment. Operationally, this definition causes issues because in all other areas of law a youth who is committed to the department is removed from the community and housed in a secure facility. This level of commitment blurs the lines between community probation and traditional commitment. There is other statutory language that allows for these programs and for a court to utilize them, but it instead keeps the youth on probation instead of commitment.[24]

Chapter 985, F.S., and other sections of statute that reference juvenile justice residential restrictiveness levels use various out-of-date and misleading definitions. This includes the term "nonsecure residential" to describe a facility in which youth are securely housed with both staff and hardware security provided. Additionally, the term "maximum-risk residential" is used

[19] Section 985.115(2)(c), F.S.
[20] Section 985.115(2)(d), F.S.
[21] Section 985.115(2)(e), F.S.
[22] Section 985.26(2)(a)3., F.S.
[23] Section 985.02(4)(a), F.S.
[24] Department of Juvenile Justice, 2024 Agency Legislative Bill Analysis on SB 1352, pg. 2 (on file with the Senate Committee on Criminal Justice).

interchangeably with "juvenile prison" and "juvenile correctional facility" without proper cross references. In practice, the department and stakeholders refer to these programs as "maximum-risk." Further, the department provides housing, treatment services, etc. for youth based on their sex, which is currently not a defined term.[25]

Emergency Opioid Antagonists

Opioid receptor antagonists block one or more of the opioid receptors in the central or peripheral nervous system. The two most commonly used, centrally-acting opioid receptor antagonists are naloxone and naltrexone. Naloxone comes in intravenous, intramuscular, and intranasal formulations and is FDA-approved for the use in an opioid overdose and the reversal of respiratory depression associated with opioid use. Naltrexone is available in both oral and long acting injectable formulations and is FDA-approved for the treatment of opioid and/or alcohol maintenance treatment. The most commonly used peripheral opioid receptor antagonist is methylnaltrexone, which is a potent competitive antagonist acting at the digestive tract and is also FDA-approved for the treatment of opioid-induced constipation.[26]

Section 381.887, F.S., provides that the purpose of the section is to provide for the prescribing, ordering, and dispensing of EOAs to patients and caregivers and to encourage the prescribing, ordering, and dispensing of EOAs by authorized health care practitioners. The section states that: An authorized health care practitioner may prescribe and dispense an EOA to, and a pharmacist may order an EOA with an autoinjection delivery system or intranasal application delivery system for, a patient or caregiver for use in accordance with this section.

- A pharmacist may dispense an EOA pursuant to a prescription by an authorized health care practitioner. A pharmacist may dispense an EOA with an autoinjection delivery system or intranasal application delivery system, which must be appropriately labeled with instructions for use, pursuant to a pharmacist's order or pursuant to a nonpatient-specific standing order.
- A patient or caregiver is authorized to store and possess approved EOAs and, in an emergency situation when a physician is not immediately available, administer the EOA to a person believed in good faith to be experiencing an opioid overdose, regardless of whether that person has a prescription for an EOA.

The section also authorizes emergency responders, crime laboratory personnel, and personnel of a law enforcement agency or another agency who, if they are likely to come in contact with a controlled substance or persons at risk of an overdose, to possess, store, and administer EOAs as clinically indicated and provides immunity for such persons as a result of administering an EOA.

Additionally, the section provides immunity to:

[25] *Id*.
[26] National Library of Medicine, *Opioid Antagonists*, available at https://www.ncbi.nlm.nih.gov/books/NBK537079/#:~:text=3%5D%5B4%5D-,The%20two%20most%20commonly%20used%20centrally%20acting%20opioid%20receptor%20antagonists,depression%20associated%20with%20opioid%20use (last visited on January 22, 2024).

- A person, including, but not limited to, an authorized health care practitioner, a dispensing health care practitioner, or a pharmacist, who possesses, administers, prescribes, dispenses, or stores an approved EOA in compliance with this section and s. 768.13, F.S.[27]
- An authorized health care practitioner, acting in good faith and exercising reasonable care, for prescribing an EOA in accordance with this section.
- A dispensing health care practitioner or pharmacist, acting in good faith and exercising reasonable care, for dispensing an EOA in accordance with this section.

The Good Samaritan Act

Section 768.13, F.S., establishes the Good Samaritan Act. The Act provides civil immunity to any person, including those licensed to practice medicine, who gratuitously and in good faith renders emergency care or treatment either in direct response to emergency situations related to and arising out of a declared public health emergency, a declared state of emergency, or at the scene of an emergency outside of a hospital, doctor's office, or other place having proper medical equipment, without objection of the injured victim or victims thereof, for any damages resulting from the treatment or as a result of any act or failure to act in providing or arranging treatment where the person acts as an ordinary reasonably prudent person would.[28]

The Good Samaritan Act also provides certain immunities to health care providers and health care practitioners providing emergency care in specified situations, to any person participating in emergency response activities under specified circumstances, and any person who renders emergency care or treatment to an injured animal in specified circumstances.[29]

III. Effect of Proposed Changes:

This bill amends s. 985.03, F.S., to remove "minimum-risk nonresidential" as a restrictiveness level for committed youth. The bill changes the term "nonsecure residential" to "moderate-risk," and removes reference to juvenile correctional facilities and juvenile prisons from the definition of "maximum-risk residential." The bill makes corresponding changes by:

- Amending ss. 985.039 and 985.455, F.S., to remove a reference to minimum-risk nonresidential restrictiveness level.
- Amending ss. 330.41, 985.27, and 985.441, F.S., to reference a moderate risk residential facility rather than a nonsecure residential facility.
- Amending ss. 553.865, 943.0515, and 985.465, F.S., to replace the terms juvenile correctional facility or juvenile prison with the term maximum-risk residential facility.

The bill amends s. 381.887, F.S., adding personnel of the Department of Juvenile Justice (DJJ) and of any contracted provider with direct contact with youth to the list of personnel that are offered immunity from civil and criminal liability as a result of administering an emergency opioid antagonist (EOA).

[27] Section 768.12, F.S., is the Good Samaritan Act. Section 381.887, F.S., specifies that this immunity is the immunity afforded under the Good Samaritan Act.
[28] Section 768.13(2)(a), F.S.
[29] Section 768.13(b)1., F.S.

The bill amends ss. 985.02, 985.03, 985.126, 985.17, and 985.601, F.S., to replace the terms gender and gender-specific, with sex and sex-specific, respectively.

The bill amends s. 985.115, F.S., to provide that a juvenile assessment center may not be considered a facility that can receive a child who: is suffering from a serious physical condition that requires a medical diagnosis or treatment; is mentally ill as defined in s. 394.463(1), F.S.; or is intoxicated and has threatened or attempted physical harm to him or herself or another.

The bill amends s. 985.26, F.S., to provide that transitions from secure detention care and supervised release detention care be initiated upon the court's own motion, or upon a motion of the child or of the state, and after considering any information provided by the department regarding the child's adjustment to detention supervision.

The bill amends s. 985.601, F.S., to authorize the department to use state or federal funds to purchase and distribute promotional and educational materials that are consistent with the dignity and integrity of the state for the following purposes:

- Educating children and families about the juvenile justice continuum, including local prevention programs or community services available for participation or enrollment.
- Staff recruitment at job fairs, career fairs, community events, the Institute for Commercialization of Florida Technology, community college campuses, or state university campuses.
- Educating children and families on children-specific public safety issues, including, but not limited to, safe storage of adult-owned firearms, consequences of child firearm offenses, human trafficking, or drug and alcohol abuse.

The bill amends s. 985.619, F.S., permitting the Florida Scholars Academy board of trustees to review and approve an annual academic calendar to provide educational services to youth.

The bill amends s. 985.664, F.S., to remove current language relating to juvenile justice circuit advisory boards' duties, responsibilities, reporting, and other requirements. The bill requires that each judicial circuit in this state have a juvenile justice circuit advisory board, that must work with the chief probation officer of the circuit to use data to inform policy and practice which improves the juvenile justice continuum.

The bill lowers the minimum number of members that sit on the board from 16 to 14, and provides that each member must be approved by the chief probation officer of the circuit, rather than the Secretary of the DJJ. The bill decreases the maximum number of board members who may be representatives from the community from 5 to 3.

Additionally, the bill provides that the chief probation officer in each circuit must serve as the chair of the board for that circuit.

The bill amends s. 790.22, F.S., to remove the provision permitting the juvenile justice circuit advisory board to establish certain community service programs and provides the DJJ must establish such programs.

The bill removes reference to the juvenile justice circuit advisory board in ss. 938.17, 948.51, and 985.668, F.S. The bill further amends s. 985.668, F.S., to provide that the chief probation officer must submit specified proposals to the secretary of the DJJ.

The bill amends s. 985.676, F.S., to revise the required contents of a grant proposal that applicants must submit to be considered for funding from an annual community juvenile justice partnership grant. The bill requires the department to consider the recommendations of community stakeholders, rather than the juvenile justice circuit advisor board, as to certain priorities. The bill removes the juvenile justice circuit advisory board from the entities to which each awarded grantee is required to submit an annual evaluation report.

The bill amends s. 1003.01, F.S., to include the Florida Scholars Academy in the definition of "juvenile justice education programs or schools."

The bill amends s. 1003.51, F.S., to revise requirements for the State Board of Education rules. Such rules must articulate expectations for effective education programs for students in the DJJ, and must establish policies and standards for certain education programs. The bill revises the requirements for such rules by:

- Removing the requirement that the rules provide assessment procedures for prevention, day treatment, and residential programs.
- Requiring the rules to provide recommended instructional programs, using course delivery models aligned to the state academic standards.
- Requiring the rules provide accountability measures and school improvement requirements as public alternative schools for juvenile justice education programs.
- Removing the requirement that the rules provide a series of graduated sanctions for district school boards whose educational programs in the DJJ programs are considered to be unsatisfactory.

The Department of Education (DOE) in partnership with the DJJ, the district school boards, and providers must develop and implement requirements for contracts and cooperative agreements. The bill adds the following to the list of minimum contract requirements:

- Accountability requirements and corrective action plans, if needed; and
- Administration of the federal strengthening career and technical education for the 21st century act.

Additionally, the bill requires the DOE, in partnership with the DJJ and the district school board to maintain specified records, including a Section 504 plan, or behavioral plan, if applicable.

The bill removes accountability measures, and requires the DOE to issue an alternative school improvement rating for prevention and day treatment prevention juvenile justice education programs.

The bill amends s. 1003.52, F.S., to remove reference to residential programs, and provide that the section applies only to detention, prevention, or day treatment. Additionally, the bill removes the requirement that the Coordinators for Juvenile Justice Education Programs report on the departments' participation in implementing a joint accountability, program performance, and program improvement process.

The bill removes provisions relating to career and professional education (CAPE)[30] and provisions related to requiring residential juvenile justice education programs to provide certain CAPE courses. The bill replaces references to CAPE with career and technical education. The bill requires each district school board to select appropriate academic and career assessments to be administered at the time of program entry and exit for the purpose of developing goals for education transition plans, progress monitoring plans, individual education plans, and federal reporting.

The bill requires each district school board to negotiate a cooperative agreement with the department on the delivery of education services to students in such programs. The bill adds that such agreement must include:

- Strategies for correcting any deficiencies found through the alternative school improvement rating and student performance measures; and
- Career and academic assessments selected by the district.

The bill removes provisions requiring the Department of Education, in consultation with the DJJ, to adopt rules and collect data and report on certain programs. The bill removes a provision requiring that specified entities jointly develop a multiagency plan for CAPE.

The bill amends s. 1001.42, F.S., to make conforming changes by removing the requirement that the DJJ report on the elements specified in s. 1003.52(17), F.S.

The bill reenacts s. 985.721, s. 985.25(1), s. 985.255(3), s. 985.475(2)(h), and s. 985.565(4)(b), F.S.

The bill is effective July 1, 2024.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

[30] Section 1003.52(5), F.S., states, prevention and day treatment juvenile justice education programs, at a minimum, shall provide career readiness and exploration opportunities as well as truancy and dropout prevention intervention services. Residential juvenile justice education programs with a contracted minimum length of stay of 9 months shall provide CAPE courses that lead to preapprentice certifications and industry certifications. Programs with contracted lengths of stay of less than 9 months may provide career education courses that lead to preapprentice certifications and CAPE industry certifications.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

This bill does not have a fiscal impact on state or local governments.[31]

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 381.887, 790.22, 938.17, 948.51, 985.02, 985.03, 985.115, 985.126, 985.17, 985.26, 985.27, 985.441, 985.465, 985.601, 985.619, 985.664, 985.676, 1003.01, 1003.51, 1003.52, 330.41, 553.865, 1001.42, 985.721, 985.25, 985.255, 985.475, and 985.565.

[31] Department of Juvenile Justice, *2024 Agency Legislative Bill Analysis, SB 1352*, January 12, 2024.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Fiscal Policy on February 22, 2024:
The committee substitute:

- Removes provisions relating to the policies and standards for educational programs except residential programs, restructures language, and makes technical changes.

CS by Appropriations Committee on Criminal and Civil Justice on February 8, 2024:
The committee substitute:

- Clarifies educational components needed to conform with the creation of the Florida Scholars Academy.
- Provides accountability measures for juvenile justice education programs to include detention, prevention, and day programs.
- Permits the use of course delivery models aligned to the state academic standards.
- Permits the Florida Scholars Academy board of trustees to review and approve an annual academic calendar to provide educational services.
- Makes conforming changes to education statutes to include current operational practices and terminology.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

329642

LEGISLATIVE ACTION

Senate	.	House
Comm: RCS	.	
02/25/2024	.	
	.	
	.	
	.	

The Committee on Fiscal Policy (Bradley) recommended the following:

Senate Amendment (with title amendment)

Delete everything after the enacting clause and insert:

Section 1. Paragraph (a) of subsection (2) of section 330.41, Florida Statutes, is amended to read:

330.41 Unmanned Aircraft Systems Act.—

(2) DEFINITIONS.—As used in this act, the term:

(a) "Critical infrastructure facility" means any of the following, if completely enclosed by a fence or other physical

329642

barrier that is obviously designed to exclude intruders, or if clearly marked with a sign or signs which indicate that entry is forbidden and which are posted on the property in a manner reasonably likely to come to the attention of intruders:

1. A power generation or transmission facility, substation, switching station, or electrical control center.

2. A chemical or rubber manufacturing or storage facility.

3. A water intake structure, water treatment facility, wastewater treatment plant, or pump station.

4. A mining facility.

5. A natural gas or compressed gas compressor station, storage facility, or natural gas or compressed gas pipeline.

6. A liquid natural gas or propane gas terminal or storage facility.

7. Any portion of an aboveground oil or gas pipeline.

8. A refinery.

9. A gas processing plant, including a plant used in the processing, treatment, or fractionation of natural gas.

10. A wireless communications facility, including the tower, antennae, support structures, and all associated ground-based equipment.

11. A seaport as listed in s. 311.09(1), which need not be completely enclosed by a fence or other physical barrier and need not be marked with a sign or signs indicating that entry is forbidden.

12. An inland port or other facility or group of facilities serving as a point of intermodal transfer of freight in a specific area physically separated from a seaport.

13. An airport as defined in s. 330.27.

329642

14. A spaceport territory as defined in s. 331.303(18).

15. A military installation as defined in 10 U.S.C. s. 2801(c)(4) and an armory as defined in s. 250.01.

16. A dam as defined in s. 373.403(1) or other structures, such as locks, floodgates, or dikes, which are designed to maintain or control the level of navigable waterways.

17. A state correctional institution as defined in s. 944.02 or a private correctional facility authorized under chapter 957.

18. A secure detention center or facility as defined in s. 985.03, or a moderate-risk ~~nonsecure~~ residential facility, a high-risk residential facility, or a maximum-risk residential facility as those terms are described in s. 985.03(44).

19. A county detention facility as defined in s. 951.23.

20. A critical infrastructure facility as defined in s. 692.201.

Section 2. Paragraph (d) is added to subsection (4) of section 381.887, Florida Statutes, to read:

381.887 Emergency treatment for suspected opioid overdose.—

(4) The following persons are authorized to possess, store, and administer emergency opioid antagonists as clinically indicated and are immune from any civil liability or criminal liability as a result of administering an emergency opioid antagonist:

(d) Personnel of the Department of Juvenile Justice and of any contracted provider with direct contact with youth authorized under chapters 984 and 985.

Section 3. Paragraphs (c) and (j) of subsection (3), paragraph (a) of subsection (10), and paragraph (f) of

329642

subsection (12) of section 553.865, Florida Statutes, are amended to read:

553.865 Private spaces.—

(3) As used in this section, the term:

(c) "Covered entity" means any:

1. Correctional institution;

2. Detention facility;

3. Educational institution;

4. Maximum risk residential facility ~~Juvenile correctional facility or juvenile prison~~ as described in s. 985.465, any detention center or facility designated by the Department of Juvenile Justice to provide secure detention as defined in s. 985.03(18)(a), and any facility used for a residential program as described in s. 985.03(44) ~~985.03(44)(b), (c), or (d)~~; or

5. Public building.

(j) "Public building" means a building comfort-conditioned for occupancy which is owned or leased by the state, a state agency, or a political subdivision. The term does not include a correctional institution, a detention facility, an educational institution, a maximum risk residential facility ~~juvenile correctional facility or juvenile prison~~ as described in s. 985.465, a detention center or facility designated by the Department of Juvenile Justice to provide secure detention as defined in s. 985.03(18)(a), or any facility used for a residential program as described in s. 985.03(44) ~~985.03(44)(b), (c), or (d)~~.

(10)(a) Each maximum risk residential facility ~~juvenile correctional facility or juvenile prison~~ as described in s. 985.465, each detention center or facility designated by the

Department of Juvenile Justice to provide secure detention as defined in s. 985.03(18)(a), and each facility used for a residential program as described in s. 985.03(44) ~~985.03(44)(b), (c), or (d)~~ shall establish disciplinary procedures for any juvenile as defined in s. 985.03(7) who willfully enters, for a purpose other than those listed in subsection (6), a restroom or changing facility designated for the opposite sex in such maximum risk residential facility ~~juvenile correctional facility, juvenile prison~~, secure detention center or facility, or residential program facility and refuses to depart when asked to do so by delinquency program staff, detention staff, or residential program staff.

(12) A covered entity that is:

(f) A maximum risk residential facility ~~juvenile correctional facility or juvenile prison~~ as described in s. 985.465, a detention center or facility designated by the Department of Juvenile Justice to provide secure detention as defined in s. 985.03(18)(a), or a facility used for a residential program as described in s. 985.03(44) ~~985.03(44)(b), (c), or (d)~~ shall submit documentation to the Department of Juvenile Justice regarding compliance with subsections (4) and (5), as applicable, within 1 year after being established or, if such institution or facility was established before July 1, 2023, no later than April 1, 2024.

Section 4. Paragraph (c) of subsection (4) of section 790.22, Florida Statutes, is amended to read:

790.22 Use of BB guns, air or gas-operated guns, or electric weapons or devices by minor under 16; limitation; possession of firearms by minor under 18 prohibited; penalties.—

(4)

(c) The ~~juvenile justice circuit advisory boards or the~~ Department of Juvenile Justice shall establish appropriate community service programs to be available to the alternative sanctions coordinators of the circuit courts in implementing this subsection. The ~~boards or~~ department shall propose the implementation of a community service program in each circuit, and may submit a circuit plan, to be implemented upon approval of the circuit alternative sanctions coordinator.

Section 5. Subsection (4) of section 938.17, Florida Statutes, is amended to read:

938.17 County delinquency prevention; juvenile assessment centers and school board suspension programs.—

(4) A sheriff's office that receives proceeds pursuant to s. 939.185 shall account for all funds annually by August 1 in a written report to the Department of Juvenile Justice ~~juvenile justice circuit advisory board~~ if funds are used for assessment centers, and to the district school board if funds are used for suspension programs.

Section 6. Subsection (1) of section 943.0515, Florida Statutes, is amended to read:

943.0515 Retention of criminal history records of minors.—

(1)(a) The Criminal Justice Information Program shall retain the criminal history record of a minor who is classified as a serious or habitual juvenile offender or committed to a maximum risk residential facility ~~juvenile correctional facility or juvenile prison~~ under chapter 985 for 5 years after the date the offender reaches 21 years of age, at which time the record shall be expunged unless it meets the criteria of paragraph

329642

(2)(a) or paragraph (2)(b).

(b)1. If the minor is not classified as a serious or habitual juvenile offender or committed to a maximum risk residential facility ~~juvenile correctional facility or juvenile prison~~ under chapter 985, the program shall retain the minor's criminal history record for 2 years after the date the minor reaches 19 years of age, at which time the record shall be expunged unless it meets the criteria of paragraph (2)(a) or paragraph (2)(b).

2. A minor described in subparagraph 1. may apply to the department to have his or her criminal history record expunged before the minor reaches 21 years of age. To be eligible for expunction under this subparagraph, the minor must be 18 years of age or older and less than 21 years of age and have not been charged by the state attorney with or found to have committed any criminal offense within the 5-year period before the application date. The only offenses eligible to be expunged under this subparagraph are those that the minor committed before the minor reached 18 years of age. A criminal history record expunged under this subparagraph requires the approval of the state attorney for each circuit in which an offense specified in the criminal history record occurred. A minor seeking to expunge a criminal history record under this subparagraph shall apply to the department for expunction in the manner prescribed by rule. An application for expunction under this subparagraph shall include:

a. A processing fee of $75 to the department for placement in the Department of Law Enforcement Operating Trust Fund, unless such fee is waived by the executive director.

329642

b. A full set of fingerprints of the applicant taken by a law enforcement agency for purposes of identity verification.

c. A sworn, written statement from the minor seeking relief that he or she is no longer under court supervision applicable to the disposition of the arrest or alleged criminal activity to which the application to expunge pertains and that he or she has not been charged with or found to have committed a criminal offense, in any jurisdiction of the state or within the United States, within the 5-year period before the application date. A person who knowingly provides false information on the sworn statement required by this sub-subparagraph commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

3. A minor who applies, but who is not approved for early expunction in accordance with subparagraph 2., shall have his or her criminal history record expunged at age 21 if eligible under subparagraph 1.

Section 7. Subsection (2) of section 948.51, Florida Statutes, is amended to read:

948.51 Community corrections assistance to counties or county consortiums.—

(2) ELIGIBILITY OF COUNTIES AND COUNTY CONSORTIUMS.—A county, or a consortium of two or more counties, may contract with the Department of Corrections for community corrections funds as provided in this section. In order to enter into a community corrections partnership contract, a county or county consortium must have a public safety coordinating council established under s. 951.26 and must designate a county officer or agency to be responsible for administering community

corrections funds received from the state. The public safety coordinating council shall prepare, develop, and implement a comprehensive public safety plan for the county, or the geographic area represented by the county consortium, and shall submit an annual report to the Department of Corrections concerning the status of the program. In preparing the comprehensive public safety plan, the public safety coordinating council shall cooperate with the Department of Juvenile Justice ~~juvenile justice circuit advisory board established under s. 985.664~~ in order to include programs and services for juveniles in the plan. To be eligible for community corrections funds under the contract, the initial public safety plan must be approved by the governing board of the county, or the governing board of each county within the consortium, and the Secretary of Corrections based on the requirements of this section. If one or more other counties develop a unified public safety plan, the public safety coordinating council shall submit a single application to the department for funding. Continued contract funding shall be pursuant to subsection (5). The plan for a county or county consortium must cover at least a 5-year period and must include:

(a) A description of programs offered for the job placement and treatment of offenders in the community.

(b) A specification of community-based intermediate sentencing options to be offered and the types and number of offenders to be included in each program.

(c) Specific goals and objectives for reducing the projected percentage of commitments to the state prison system of persons with low total sentencing scores pursuant to the

329642

Criminal Punishment Code.

(d) Specific evidence of the population status of all programs which are part of the plan, which evidence establishes that such programs do not include offenders who otherwise would have been on a less intensive form of community supervision.

(e) The assessment of population status by the public safety coordinating council of all correctional facilities owned or contracted for by the county or by each county within the consortium.

(f) The assessment of bed space that is available for substance abuse intervention and treatment programs and the assessment of offenders in need of treatment who are committed to each correctional facility owned or contracted for by the county or by each county within the consortium.

(g) A description of program costs and sources of funds for each community corrections program, including community corrections funds, loans, state assistance, and other financial assistance.

Section 8. Paragraph (h) of subsection (1) and subsection (7) of section 985.02, Florida Statutes, are amended to read:

985.02 Legislative intent for the juvenile justice system.—

(1) GENERAL PROTECTIONS FOR CHILDREN.—It is a purpose of the Legislature that the children of this state be provided with the following protections:

(h) Sex-specific ~~Gender-specific~~ programming and sex-specific ~~gender-specific~~ program models and services that comprehensively address the needs of either sex ~~a targeted gender group~~.

(7) SEX-SPECIFIC ~~GENDER-SPECIFIC~~ PROGRAMMING.—

329642

(a) The Legislature finds that the needs of children served by the juvenile justice system are sex-specific ~~gender-specific~~. A sex-specific ~~gender-specific~~ approach is one in which programs, services, and treatments comprehensively address the unique developmental needs of either sex ~~a targeted gender group~~ under the care of the department. Young women and men have different pathways to delinquency, display different patterns of offending, and respond differently to interventions, treatment, and services.

(b) Sex-specific ~~Gender-specific~~ interventions focus on the differences between young females' and young males' social roles and responsibilities, access to and use of resources, history of trauma, and reasons for interaction with the juvenile justice system. Sex-specific ~~Gender-specific~~ programs increase the effectiveness of programs by making interventions more appropriate to the specific needs of young women and men and ensuring that these programs do not unknowingly create, maintain, or reinforce sex ~~gender~~ roles or relations that may be damaging.

Section 9. Subsections (46) through (54) of section 985.03, Florida Statutes, are renumbered as subsections (47) through (55), respectively, subsections (14) and (44) and present subsection (50) are amended, and a new subsection (46) is added to that section, to read:

985.03 Definitions.—As used in this chapter, the term:

(14) "Day treatment" means a nonresidential, community-based program designed to provide therapeutic intervention to youth who are served by the department or~~,~~ placed on probation or conditional release~~, or committed to the minimum-risk~~

329642

~~nonresidential level~~. A day treatment program may provide educational and career and technical education services and shall provide case management services; individual, group, and family counseling; training designed to address delinquency risk factors; and monitoring of a youth's compliance with, and facilitation of a youth's completion of, sanctions if ordered by the court. Program types may include, but are not limited to, career programs, marine programs, juvenile justice alternative schools, training and rehabilitation programs, and sex-specific ~~gender-specific~~ programs.

(44) "Restrictiveness level" means the level of programming and security provided by programs that service the supervision, custody, care, and treatment needs of committed children. Sections 985.601(10) and 985.721 apply to children placed in programs at any residential commitment level. The restrictiveness levels of commitment are as follows:

~~(a) *Minimum-risk nonresidential.*—Programs or program models at this commitment level work with youth who remain in the community and participate at least 5 days per week in a day treatment program. Youth assessed and classified for programs at this commitment level represent a minimum risk to themselves and public safety and do not require placement and services in residential settings. Youth in this level have full access to, and reside in, the community. Youth who have been found to have committed delinquent acts that involve firearms, that are sexual offenses, or that would be life felonies or first degree felonies if committed by an adult may not be committed to a program at this level.~~

(a)~~(b)~~ Moderate-risk ~~*Nonsecure*~~ *residential.*—Programs or

329642

program models at this commitment level are residential but may allow youth to have supervised access to the community. Facilities at this commitment level are either environmentally secure, staff secure, or are hardware-secure with walls, fencing, or locking doors. Residential facilities at this commitment level shall have no more than 90 beds each, including campus-style programs, unless those campus-style programs include more than one treatment program using different treatment protocols, and have facilities that coexist separately in distinct locations on the same property. Facilities at this commitment level shall provide 24-hour awake supervision, custody, care, and treatment of residents. Youth assessed and classified for placement in programs at this commitment level represent a low or moderate risk to public safety and require close supervision. The staff at a facility at this commitment level may seclude a child who is a physical threat to himself or herself or others. Mechanical restraint may also be used when necessary.

(b) ~~(c)~~ *High-risk residential.*—Programs or program models at this commitment level are residential and do not allow youth to have access to the community, except that temporary release providing community access for up to 72 continuous hours may be approved by a court for a youth who has made successful progress in his or her program in order for the youth to attend a family emergency or, during the final 60 days of his or her placement, to visit his or her home, enroll in school or a career and technical education program, complete a job interview, or participate in a community service project. High-risk residential facilities are hardware-secure with perimeter

329642

fencing and locking doors. Residential facilities at this commitment level shall have no more than 90 beds each, including campus-style programs, unless those campus-style programs include more than one treatment program using different treatment protocols, and have facilities that coexist separately in distinct locations on the same property. Facilities at this commitment level shall provide 24-hour awake supervision, custody, care, and treatment of residents. Youth assessed and classified for this level of placement require close supervision in a structured residential setting. Placement in programs at this level is prompted by a concern for public safety that outweighs placement in programs at lower commitment levels. The staff at a facility at this commitment level may seclude a child who is a physical threat to himself or herself or others. Mechanical restraint may also be used when necessary. The facility may provide for single cell occupancy, except that youth may be housed together during prerelease transition.

(c) ~~(d)~~ *Maximum-risk residential.* ~~Programs or program models at this commitment level include juvenile correctional facilities and juvenile prisons.~~ The programs at this commitment level are long-term residential and do not allow youth to have access to the community. Facilities at this commitment level are maximum-custody, hardware-secure with perimeter security fencing and locking doors. Residential facilities at this commitment level shall have no more than 90 beds each, including campus-style programs, unless those campus-style programs include more than one treatment program using different treatment protocols, and have facilities that coexist separately in distinct locations on the same property. Facilities at this commitment

329642

level shall provide 24-hour awake supervision, custody, care, and treatment of residents. The staff at a facility at this commitment level may seclude a child who is a physical threat to himself or herself or others. Mechanical restraint may also be used when necessary. Facilities at this commitment level shall provide for single cell occupancy, except that youth may be housed together during prerelease transition. Youth assessed and classified for this level of placement require close supervision in a maximum security residential setting. Placement in a program at this level is prompted by a demonstrated need to protect the public.

(46) "Sex" has the same meaning as provided in s. 553.865(3).

(51) ~~(50)~~ "Temporary release" means the terms and conditions under which a child is temporarily released from a residential commitment facility or allowed home visits. If the temporary release is from a moderate-risk ~~nonsecure~~ residential facility, a high-risk residential facility, or a maximum-risk residential facility, the terms and conditions of the temporary release must be approved by the child, the court, and the facility.

Section 10. Paragraph (a) of subsection (1) of section 985.039, Florida Statutes, is amended to read:

985.039 Cost of supervision; cost of care.—

(1) Except as provided in subsection (3) or subsection (4):

(a) When any child is placed into supervised release detention, probation, or other supervision status with the department~~, or is committed to the minimum-risk nonresidential restrictiveness level~~, the court shall order the parent of such child to pay to the department a fee for the cost of the

329642

supervision of such child in the amount of $1 per day for each day that the child is in such status.

Section 11. Paragraph (f) of subsection (2) of section 985.115, Florida Statutes, is amended to read:

985.115 Release or delivery from custody.—

(2) Unless otherwise ordered by the court under s. 985.255 or s. 985.26, and unless there is a need to hold the child, a person taking a child into custody shall attempt to release the child as follows:

(f) If available, to a juvenile assessment center equipped and staffed to assume custody of the child for the purpose of assessing the needs of the child in custody. The center may then release or deliver the child under this section with a copy of the assessment. A juvenile assessment center may not be considered a facility that can receive a child under paragraph (c), paragraph (d), or paragraph (e).

Section 12. Paragraphs (a) and (b) of subsection (3) and subsection (4) of section 985.126, Florida Statutes, are amended to read:

985.126 Diversion programs; data collection; denial of participation or expunged record.—

(3)(a) ~~Beginning October 1, 2018,~~ Each diversion program shall submit data to the department which identifies for each minor participating in the diversion program:

1. The race, ethnicity, sex ~~gender~~, and age of that minor.

2. The offense committed, including the specific law establishing the offense.

3. The judicial circuit and county in which the offense was committed and the law enforcement agency that had contact with

the minor for the offense.

4. Other demographic information necessary to properly register a case into the Juvenile Justice Information System Prevention Web, as specified by the department.

(b) ~~Beginning October 1, 2018,~~ Each law enforcement agency shall submit to the department data that identifies for each minor who was eligible for a diversion program, but was instead referred to the department, provided a notice to appear, or arrested:

1. The data required pursuant to paragraph (a).

2. Whether the minor was offered the opportunity to participate in a diversion program. If the minor was:

a. Not offered such opportunity, the reason such offer was not made.

b. Offered such opportunity, whether the minor or his or her parent or legal guardian declined to participate in the diversion program.

(4) ~~Beginning January 1, 2019,~~ The department shall compile and semiannually publish the data required by subsection (3) on the department's website in a format that is, at a minimum, sortable by judicial circuit, county, law enforcement agency, race, ethnicity, sex ~~gender~~, age, and offense committed.

Section 13. Paragraph (a) of subsection (3) of section 985.17, Florida Statutes, is amended to read:

985.17 Prevention services.—

(3) The department's prevention services for youth at risk of becoming delinquent should:

(a) Focus on preventing initial or further involvement of such youth in the juvenile justice system by including services

such as literacy services, sex-specific ~~gender-specific~~ programming, recreational services, and after-school services, and should include targeted services to troubled, truant, ungovernable, abused, trafficked, or runaway youth. To decrease the likelihood that a youth will commit a delinquent act, the department should use mentoring and may provide specialized services addressing the strengthening of families, job training, and substance abuse.

Section 14. Paragraph (a) of subsection (2) of section 985.26, Florida Statutes, is amended to read:

985.26 Length of detention.—

(2)(a)1. A court may order a child to be placed on supervised release detention care for any time period until an adjudicatory hearing is completed. However, if a child has served 60 days on supervised release detention care, the court must conduct a hearing within 15 days after the 60th day, to determine the need for continued supervised release detention care. At the hearing, and upon good cause being shown that the nature of the charge requires additional time for the prosecution or defense of the case or that the totality of the circumstances, including the preservation of public safety, warrants an extension, the court may order the child to remain on supervised release detention care until the adjudicatory hearing is completed.

2. Except as provided in paragraph (b) or paragraph (c), a child may not be held in secure detention care under a special detention order for more than 21 days unless an adjudicatory hearing for the case has been commenced in good faith by the court.

329642

3. This section does not prohibit a court from transitioning a child to and from secure detention care and supervised release detention care, including electronic monitoring, when the court finds such a placement necessary, or no longer necessary, to preserve public safety or to ensure the child's safety, appearance in court, or compliance with a court order. Such transition may be initiated upon the court's own motion, or upon motion of the child or of the state, and after considering any information provided by the department regarding the child's adjustment to detention supervision. Each period of secure detention care or supervised release detention care counts toward the time limitations in this subsection whether served consecutively or nonconsecutively.

Section 15. Section 985.27, Florida Statutes, is amended to read:

985.27 Postdisposition detention while awaiting residential commitment placement.—The court must place all children who are adjudicated and awaiting placement in a moderate-risk ~~nonsecure~~, high-risk, or maximum-risk residential commitment program in secure detention care until the placement or commitment is accomplished.

Section 16. Subsection (2) of section 985.441, Florida Statutes, is amended to read:

985.441 Commitment.—

(2) Notwithstanding subsection (1), the court having jurisdiction over an adjudicated delinquent child whose offense is a misdemeanor, or a child who is currently on probation for a misdemeanor, may not commit the child for any misdemeanor offense or any probation violation that is technical in nature

329642

and not a new violation of law ~~at a restrictiveness level other than minimum-risk nonresidential~~. However, the court may commit such child to a moderate-risk ~~nonsecure~~ residential placement if:

(a) The child has previously been adjudicated or had adjudication withheld for a felony offense;

(b) The child has previously been adjudicated or had adjudication withheld for three or more misdemeanor offenses within the previous 18 months;

(c) The child is before the court for disposition for a violation of s. 800.03, s. 806.031, or s. 828.12; or

(d) The court finds by a preponderance of the evidence that the protection of the public requires such placement or that the particular needs of the child would be best served by such placement. Such finding must be in writing.

Section 17. Subsection (3) of section 985.455, Florida Statutes, is amended to read:

985.455 Other dispositional issues.—

(3) Any commitment of a delinquent child to the department must be for an indeterminate period of time, which may include periods of temporary release; however, the period of time may not exceed the maximum term of imprisonment that an adult may serve for the same offense~~, except that the duration of a minimum-risk nonresidential commitment for an offense that is a misdemeanor of the second degree, or is equivalent to a misdemeanor of the second degree, may be for a period not to exceed 6 months~~. The duration of the child's placement in a commitment program of any restrictiveness level shall be based on objective performance-based treatment planning. The child's

329642

treatment plan progress and adjustment-related issues shall be reported to the court quarterly, unless the court requests monthly reports. If the child is under the jurisdiction of a dependency court, the court may receive and consider any information provided by the Guardian Ad Litem Program or the child's attorney ad litem, if appointed. The child's length of stay in a commitment program may be extended if the child fails to comply with or participate in treatment activities. The child's length of stay in the program shall not be extended for purposes of sanction or punishment. Any temporary release from such program must be approved by the court. Any child so committed may be discharged from institutional confinement or a program upon the direction of the department with the concurrence of the court. The child's treatment plan progress and adjustment-related issues must be communicated to the court at the time the department requests the court to consider releasing the child from the commitment program. The department shall give the court that committed the child to the department reasonable notice, in writing, of its desire to discharge the child from a commitment facility. The court that committed the child may thereafter accept or reject the request. If the court does not respond within 10 days after receipt of the notice, the request of the department shall be deemed granted. This section does not limit the department's authority to revoke a child's temporary release status and return the child to a commitment facility for any violation of the terms and conditions of the temporary release.

Section 18. Section 985.465, Florida Statutes, is amended to read:

329642

985.465 Maximum-risk residential facilities ~~Juvenile correctional facilities or juvenile prison~~.—A maximum risk residential facility ~~juvenile correctional facility or juvenile prison~~ is a physically secure residential commitment program with a designated length of stay from 18 months to 36 months, primarily serving children 13 years of age to 19 years of age or until the jurisdiction of the court expires. Each child committed to this level must meet one of the following criteria:

(1) The child is at least 13 years of age at the time of the disposition for the current offense and has been adjudicated on the current offense for:

(a) Arson;

(b) Sexual battery;

(c) Robbery;

(d) Kidnapping;

(e) Aggravated child abuse;

(f) Aggravated assault;

(g) Aggravated stalking;

(h) Murder;

(i) Manslaughter;

(j) Unlawful throwing, placing, or discharging of a destructive device or bomb;

(k) Armed burglary;

(l) Aggravated battery;

(m) Carjacking;

(n) Home-invasion robbery;

(o) Burglary with an assault or battery;

(p) Any lewd or lascivious offense committed upon or in the presence of a person less than 16 years of age; or

329642

(q) Carrying, displaying, using, threatening to use, or attempting to use a weapon or firearm during the commission of a felony.

(2) The child is at least 13 years of age at the time of the disposition, the current offense is a felony, and the child has previously been committed three or more times to a delinquency commitment program.

(3) The child is at least 13 years of age and is currently committed for a felony offense and transferred from a moderate-risk or high-risk residential commitment placement.

(4) The child is at least 13 years of age at the time of the disposition for the current offense, the child is eligible for prosecution as an adult for the current offense, and the current offense is ranked at level 7 or higher on the Criminal Punishment Code offense severity ranking chart pursuant to s. 921.0022.

Section 19. Paragraph (a) of subsection (3) of section 985.601, Florida Statutes, is amended, and subsection (12) is added to that section, to read:

985.601 Administering the juvenile justice continuum.—

(3)(a) The department shall develop or contract for diversified and innovative programs to provide rehabilitative treatment, including early intervention and prevention, diversion, comprehensive intake, case management, diagnostic and classification assessments, trauma-informed care, individual and family counseling, family engagement resources and programs, sex-specific ~~gender-specific~~ programming, shelter care, diversified detention care emphasizing alternatives to secure detention, diversified probation, halfway houses, foster homes,

329642

community-based substance abuse treatment services, community-based mental health treatment services, community-based residential and nonresidential programs, mother-infant programs, and environmental programs. The department may pay expenses in support of innovative programs and activities that address identified needs and the well-being of children in the department's care or under its supervision, subject to the requirements of chapters 215, 216, and 287. Each program shall place particular emphasis on reintegration and conditional release for all children in the program.

(12) The department may use state or federal funds to purchase and distribute promotional and educational materials that are consistent with the dignity and integrity of the state for all of the following purposes:

(a) Educating children and families about the juvenile justice continuum, including local prevention programs or community services available for participation or enrollment.

(b) Staff recruitment at job fairs, career fairs, community events, the Institute for Commercialization of Florida Technology, community college campuses, or state university campuses.

(c) Educating children and families on children-specific public safety issues, including, but not limited to, safe storage of adult-owned firearms, consequences of child firearm offenses, human trafficking, or drug and alcohol abuse.

Section 20. Paragraph (b) of subsection (4) of section 985.619, Florida Statutes, is amended to read:

985.619 Florida Scholars Academy.—

(4) GOVERNING BODY; POWERS AND DUTIES.—

329642

(b) The board of trustees shall have the following powers and duties:

1. Meet at least 4 times each year, upon the call of the chair, or at the request of a majority of the membership.

2. Be responsible for the Florida Scholars Academy's development of an education delivery system that is cost-effective, high-quality, educationally sound, and capable of sustaining an effective delivery system.

3.a. Identify appropriate performance measures and standards based on student achievement which reflect the school's statutory mission and priorities, and implement an accountability system approved by the State Board of Education for the school by the 2024-2025 school year which includes an assessment of its effectiveness and efficiency in providing quality services that encourage high student achievement, seamless articulation, and maximum access to career opportunities.

b. For the 2024-2025 school year, the results of the accountability system must serve as an informative baseline for the academy as it works to improve performance in future years.

4. Administer and maintain the educational programs of the Florida Scholars Academy in accordance with law and department rules, in consultation with the State Board of Education.

5. With the approval of the secretary of the department or his or her designee, determine the compensation, including salaries and fringe benefits, and other conditions of employment for such personnel, in alignment with the Florida Scholars Academy's provider contracts.

6. The employment of all Florida Scholars Academy

329642

administrative and instructional personnel are subject to rejection for cause by the secretary of the department or his or her designee and are subject to policies established by the board of trustees.

7. Provide for the content and custody of student records in compliance with s. 1002.22.

8. Maintain the financial records and accounts of the Florida Scholars Academy in compliance with rules adopted by the State Board of Education for the uniform system of financial records and accounts for the schools of this state.

9. Is a body corporate with all the powers of a body corporate and may exercise such authority as is needed for the proper operation and improvement of the Florida Scholars Academy. The board of trustees is specifically authorized to adopt rules, policies, and procedures, consistent with law and State Board of Education rules related to governance, personnel, budget and finance, administration, programs, curriculum and instruction, travel and purchasing, technology, students, contracts and grants, and property as necessary for optimal, efficient operation of the Florida Scholars Academy.

10. Notwithstanding any rule to the contrary, review and approve an annual academic calendar to provide educational services to youth for a school year composed of 250 days or 1,250 hours of instruction for students enrolled in a traditional K-12 education pathway, distributed over 12 months. The board of trustees may decrease the minimum number of days for instruction by up to 20 days or 100 hours for teacher planning.

Section 21. Section 985.664, Florida Statutes, is amended

329642

to read:

985.664 Juvenile justice circuit advisory boards.—

(1) Each circuit shall have a juvenile justice circuit advisory board. The board shall work with the chief probation officer of the circuit to use data to inform policy and practice which improves the juvenile justice continuum.

~~(1) There is authorized a juvenile justice circuit advisory board to be established in each of the 20 judicial circuits. Except in single-county circuits, each juvenile justice circuit advisory board shall have a county organization representing each of the counties in the circuit. The county organization shall report directly to the juvenile justice circuit advisory board on the juvenile justice needs of the county. The purpose of each juvenile justice circuit advisory board is to provide advice and direction to the department in the development and implementation of juvenile justice programs and to work collaboratively with the department in seeking program improvements and policy changes to address the emerging and changing needs of Florida's youth who are at risk of delinquency~~.

~~(2) The duties and responsibilities of a juvenile justice circuit advisory board include, but are not limited to:~~

~~(a) Developing a comprehensive plan for the circuit. The initial circuit plan shall be submitted to the department no later than December 31, 2014, and no later than June 30 every 3 years thereafter. The department shall prescribe a format and content requirements for the submission of the comprehensive plan.~~

~~(b) Participating in the facilitation of interagency~~

329642

~~cooperation and information sharing.~~

~~(c) Providing recommendations for public or private grants to be administered by one of the community partners that support one or more components of the comprehensive circuit plan.~~

~~(d) Providing recommendations to the department in the evaluation of prevention and early intervention grant programs, including the Community Juvenile Justice Partnership Grant program established in s. 985.676 and proceeds from the Invest in Children license plate annual use fees.~~

~~(e) Providing an annual report to the department describing the board's activities. The department shall prescribe a format and content requirements for submission of annual reports. The annual report must be submitted to the department no later than August 1 of each year.~~

(2)~~(3)~~ Each juvenile justice circuit advisory board shall have a minimum of 14 ~~16~~ members. The membership of each board must reflect:

(a) The circuit's geography and population distribution.

(b) Diversity in the judicial circuit.

(3)~~(4)~~ Each member of the juvenile justice circuit advisory board must be approved by the chief probation officer of the circuit ~~Secretary of Juvenile Justice~~, except those members listed in paragraphs (a), (b), (c), (e), (f), (g), and (h). Each ~~The~~ juvenile justice circuit advisory board ~~boards established under subsection (1)~~ must include as members:

(a) The state attorney or his or her designee.

(b) The public defender or his or her designee.

(c) The chief judge or his or her designee.

(d) A representative of the corresponding circuit or

329642

regional entity of the Department of Children and Families.

(e) The sheriff or the sheriff's designee from each county in the circuit.

(f) A police chief or his or her designee from each county in the circuit.

(g) A county commissioner or his or her designee from each county in the circuit.

(h) The superintendent of each school district in the circuit or his or her designee.

(i) A representative from the workforce organization of each county in the circuit.

(j) A representative of the business community.

(k) A youth representative who has had an experience with the juvenile justice system and is not older than 21 years of age.

(l) A representative of the faith community.

(m) A health services representative who specializes in mental health care, victim-service programs, or victims of crimes.

(n) A parent or family member of a youth who has been involved with the juvenile justice system.

(o) Up to three ~~five~~ representatives from the community. ~~any of the following who are not otherwise represented in this subsection:~~

~~1. Community leaders.~~

~~2. Youth-serving coalitions.~~

(4) The chief probation officer in each circuit shall serve as the chair of the juvenile justice circuit advisory board for that circuit.

329642

~~(5) When a vacancy in the office of the chair occurs, the juvenile justice circuit advisory board shall appoint a new chair, who must meet the board membership requirements in subsection (4). The chair shall appoint members to vacant seats within 45 days after the vacancy and submit the appointments to the department for approval. The chair shall serve at the pleasure of the Secretary of Juvenile Justice~~.

~~(6) A member may not serve more than three consecutive 2-year terms, except those members listed in paragraphs (4)(a), (b), (c), (e), (f), (g), and (h). A former member who has not served on the juvenile justice circuit advisory board for 2 years is eligible to serve on the juvenile justice circuit advisory board again.~~

~~(7) At least half of the voting members of the juvenile justice circuit advisory board constitutes a quorum. A quorum must be present in order for the board to vote on a measure or position.~~

~~(8) In order for a juvenile justice circuit advisory board measure or position to pass, it must receive more than 50 percent of the vote.~~

~~(9) Each juvenile justice circuit advisory board must provide for the establishment of an executive committee of not more than 10 members. The duties and authority of the executive committee must be addressed in the bylaws.~~

~~(10) Each juvenile justice circuit advisory board shall have bylaws. The department shall prescribe a format and content requirements for the bylaws. All bylaws must be approved by the department. The bylaws shall address at least the following issues: election or appointment of officers; filling of vacant~~

~~positions; meeting attendance requirements; and the establishment and duties of an executive committee.~~

~~(11) Members of juvenile justice circuit advisory boards are subject to part III of chapter 112.~~

Section 22. Paragraph (a) of subsection (1) of section 985.668, Florida Statutes, is amended to read:

985.668 Innovation zones.—The department shall encourage each of the juvenile justice circuit boards to propose at least one innovation zone within the circuit for the purpose of implementing any experimental, pilot, or demonstration project that furthers the legislatively established goals of the department. An innovation zone is a defined geographic area such as a circuit, commitment region, county, municipality, service delivery area, school campus, or neighborhood providing a laboratory for the research, development, and testing of the applicability and efficacy of model programs, policy options, and new technologies for the department.

(1)(a) The chief probation officer in each circuit ~~juvenile justice circuit board~~ shall submit a proposal for an innovation zone to the secretary. If the purpose of the proposed innovation zone is to demonstrate that specific statutory goals can be achieved more effectively by using procedures that require modification of existing rules, policies, or procedures, the proposal may request the secretary to waive such existing rules, policies, or procedures or to otherwise authorize use of alternative procedures or practices. Waivers of such existing rules, policies, or procedures must comply with applicable state or federal law.

Section 23. Subsections (1) and (2) of section 985.676,

Florida Statutes, are amended to read:

985.676 Community juvenile justice partnership grants.—

(1) GRANTS; CRITERIA.—

(a) In order to encourage the development of a circuit juvenile justice plan ~~and the development and implementation of circuit interagency agreements under s. 985.664~~, the community juvenile justice partnership grant program is established and shall be administered by the department.

(b) In awarding these grants, the department shall consider applications that at a minimum provide for the following:

1. The participation of the agencies and programs needed to implement the project or program for which the applicant is applying;

2. The reduction of truancy and in-school and out-of-school suspensions and expulsions, the enhancement of school safety, and other delinquency early-intervention and diversion services;

3. The number of youths from 10 through 17 years of age within the geographic area to be served by the program, giving those geographic areas having the highest number of youths from 10 to 17 years of age priority for selection;

4. The extent to which the program targets high-juvenile-crime neighborhoods and those public schools serving juveniles from high-crime neighborhoods;

5. The validity and cost-effectiveness of the program; and

6. The degree to which the program is located in and managed by local leaders of the target neighborhoods and public schools serving the target neighborhoods.

(c) In addition, the department may consider the following criteria in awarding grants:

329642

1. The circuit juvenile justice plan and any county juvenile justice plans that are referred to or incorporated into the circuit plan, including a list of individuals, groups, and public and private entities that participated in the development of the plan.

2. The diversity of community entities participating in the development of the circuit juvenile justice plan.

3. The number of community partners who will be actively involved in the operation of the grant program.

4. The number of students or youths to be served by the grant and the criteria by which they will be selected.

5. The criteria by which the grant program will be evaluated and, if deemed successful, the feasibility of implementation in other communities.

(2) GRANT APPLICATION PROCEDURES.—

(a) Each entity wishing to apply for an annual community juvenile justice partnership grant, which may be renewed for a maximum of 2 additional years for the same provision of services, shall submit a grant proposal for funding or continued funding to the department. The department shall establish the grant application procedures. In order to be considered for funding, the grant proposal shall include the following assurances and information:

~~1. A letter from the chair of the juvenile justice circuit board confirming that the grant application has been reviewed and found to support one or more purposes or goals of the juvenile justice plan as developed by the board.~~

1.~~2.~~ A rationale and description of the program and the services to be provided, including goals and objectives.

329642

2.~~3.~~ A method for identification of the juveniles most likely to be involved in the juvenile justice system who will be the focus of the program.

3.~~4.~~ Provisions for the participation of parents and guardians in the program.

4.~~5.~~ Coordination with other community-based and social service prevention efforts, including, but not limited to, drug and alcohol abuse prevention and dropout prevention programs, that serve the target population or neighborhood.

5.~~6.~~ An evaluation component to measure the effectiveness of the program in accordance with s. 985.632.

6.~~7.~~ A program budget, including the amount and sources of local cash and in-kind resources committed to the budget. The proposal must establish to the satisfaction of the department that the entity will make a cash or in-kind contribution to the program of a value that is at least equal to 20 percent of the amount of the grant.

7.~~8.~~ The necessary program staff.

(b) The department shall consider the recommendations of community stakeholders ~~the juvenile justice circuit advisory board~~ as to the priority that should be given to proposals submitted by entities within a circuit in awarding such grants.

(c) The department shall make available, to anyone wishing to apply for such a grant, information on all of the criteria to be used in the selection of the proposals for funding pursuant to the provisions of this subsection.

(d) The department shall review all program proposals submitted. Entities submitting proposals shall be notified of approval not later than June 30 of each year.

329642

(e) Each entity that is awarded a grant as provided for in this section shall submit an annual evaluation report to the department and~~,~~ the circuit juvenile justice manager,~~ and the juvenile justice circuit advisory board,~~ by a date subsequent to the end of the contract period established by the department, documenting the extent to which the program objectives have been met, the effect of the program on the juvenile arrest rate, and any other information required by the department. The department shall coordinate and incorporate all such annual evaluation reports with s. 985.632. Each entity is also subject to a financial audit and a performance audit.

(f) The department may establish rules and policy provisions necessary to implement this section.

Section 24. Paragraph (c) of subsection (18) of section 1001.42, Florida Statutes, is amended to read:

1001.42 Powers and duties of district school board.—The district school board, acting as a board, shall exercise all powers and perform all duties listed below:

(18) IMPLEMENT SCHOOL IMPROVEMENT AND ACCOUNTABILITY.—Maintain a system of school improvement and education accountability as provided by statute and State Board of Education rule. This system of school improvement and education accountability shall be consistent with, and implemented through, the district's continuing system of planning and budgeting required by this section and ss. 1008.385, 1010.01, and 1011.01. This system of school improvement and education accountability shall comply with the provisions of ss. 1008.33, 1008.34, 1008.345, and 1008.385 and include the following:

(c) *Public disclosure.*—The district school board shall

329642

provide information regarding the performance of students and educational programs as required pursuant to ss. 1008.22 and 1008.385 and implement a system of school reports as required by statute and State Board of Education rule which shall include schools operating for the purpose of providing educational services to students in Department of Juvenile Justice programs~~, and for those schools, report on the elements specified in s. 1003.52(17)~~. Annual public disclosure reports shall be in an easy-to-read report card format and shall include the school's grade, high school graduation rate calculated without high school equivalency examinations, disaggregated by student ethnicity, and performance data as specified in state board rule.

Section 25. Paragraph (a) of subsection (14) of section 1003.01, Florida Statutes, is amended to read:

1003.01 Definitions.—As used in this chapter, the term:

(14)(a) "Juvenile justice education programs or schools" means programs or schools operating for the purpose of providing educational services to youth in Department of Juvenile Justice programs, for a school year composed of 250 days of instruction, or the equivalent expressed in hours as specified in State Board of Education rule, distributed over 12 months. If the period of operation is expressed in hours, the State Board of Education must review the calculation annually. ~~The use of the equivalent expressed in hours is only applicable to nonresidential programs. At the request of the provider,~~ A district school board, including an educational entity under s. 985.619, may decrease the minimum number of days of instruction by ~~up to 10 days for teacher planning for residential programs and~~ up to 20

329642

days or equivalent hours as specified in the State Board of Education rule for teacher planning ~~for nonresidential programs~~, subject to the approval of the Department of Juvenile Justice and the Department of Education.

Section 26. Subsections (2) through (5) of section 1003.51, Florida Statutes, are amended to read:

1003.51 Other public educational services.—

(2) The State Board of Education shall adopt rules articulating expectations for effective education programs for students in Department of Juvenile Justice programs, including, but not limited to, education programs in juvenile justice prevention, day treatment, residential, and detention programs. The rules ~~rule~~ shall establish policies and standards for education programs for students in Department of Juvenile Justice programs and shall include the following:

(a) The interagency collaborative process needed to ensure effective programs with measurable results.

(b) The responsibilities of the Department of Education, the Department of Juvenile Justice, CareerSource Florida, Inc., district school boards, and providers of education services to students in Department of Juvenile Justice programs.

(c) Academic expectations.

(d) Career expectations.

(e) Education transition planning and services.

(f) Service delivery options available to district school boards, including direct service and contracting.

(g) Assessment procedures that~~, which:~~

~~1. For prevention , day treatment, and residential programs, include appropriate academic and career assessments~~

~~administered at program entry and exit that are selected by the Department of Education in partnership with representatives from the Department of Juvenile Justice, district school boards, and education providers. Assessments must be completed within the first 10 school days after a student's entry into the program.~~

~~2.~~ provide for determination of the areas of academic need and strategies for appropriate intervention and instruction for each student in a detention facility within 5 school days after the student's entry into the program and administer a research-based assessment that will assist the student in determining his or her educational and career options and goals within 22 school days after the student's entry into the program.

The results of these assessments, together with a portfolio depicting the student's academic and career accomplishments, shall be included in the discharge packet assembled for each student.

(h) Recommended instructional programs, using course delivery models aligned to the state academic standards. Options may include direct instruction, blended learning under s. 1011.61(1), or district virtual instruction programs, virtual charter schools, Florida Virtual School, virtual course offerings, and district franchises of Florida Virtual School pursuant to ss. 1002.33, 1002.37, 1002.45, 1002.455, 1003.498, and 1011.62(1), and credit recovery course procedures, including, but not limited to:

1. Secondary education.

2. High school equivalency examination preparation.

3. Postsecondary education.

4. Career and technical ~~professional~~ education ~~(CAPE)~~.

5. Job preparation.

6. Virtual education that:

a. Provides competency-based instruction that addresses the unique academic needs of the student through delivery by an entity accredited by a Department of Education-approved accrediting body ~~AdvancED or the Southern Association of Colleges and Schools~~.

b. Confers certifications and diplomas.

c. Issues credit that articulates with and transcripts that are recognized by secondary schools.

d. Allows the student to continue to access and progress through the program once the student leaves the juvenile justice system.

(i) Funding requirements, which must provide that at least 95 percent of the FEFP funds generated by students in Department of Juvenile Justice programs or in an education program for juveniles under s. 985.19 must be spent on instructional costs for those students. Department of Juvenile Justice education programs are entitled to 100 percent of the formula-based categorical funds generated by students in Department of Juvenile Justice programs. Such funds must be spent on appropriate categoricals, such as instructional materials and public school technology for those students.

(j) Qualifications of instructional staff, procedures for the selection of instructional staff, and procedures for consistent instruction and qualified staff year-round. Qualifications shall include those for instructors of career and technical education ~~CAPE~~ courses, standardized across the state,

329642

and shall be based on state certification, local school district approval, and industry-recognized certifications as identified on the Master Credentials ~~CAPE Industry Certification Funding~~ List. Procedures for the use of noncertified instructional personnel who possess expert knowledge or experience in their fields of instruction shall be established.

(k) Transition services, including the roles and responsibilities of appropriate personnel in the juvenile justice education program, the school district in which ~~where~~ the student will reenter, provider organizations, and the Department of Juvenile Justice.

(l) Procedures and timeframe for transfer of education records when a student enters and leaves a Department of Juvenile Justice education program.

(m) The requirement that each district school board maintain an academic transcript for each student enrolled in a juvenile justice education program that delineates each course completed by the student as provided by the State Course Code Directory.

(n) The requirement that each district school board make available and transmit a copy of a student's transcript in the discharge packet when the student exits a juvenile justice education program.

(o) Contract requirements.

(p) Accountability and school improvement requirements as public alternative schools pursuant to ss. 1008.31, 1008.34, 1008.341, and 1008.345

~~(p) Performance expectations for providers and district school boards, including student performance measures by type of~~

~~program, education program performance ratings, school improvement, and corrective action plans for low-performing programs~~.

(q) The role and responsibility of the district school board in securing workforce development funds.

~~(r) A series of graduated sanctions for district school boards whose educational programs in Department of Juvenile Justice programs are considered to be unsatisfactory and for instances in which district school boards fail to meet standards prescribed by law, rule, or State Board of Education policy. These sanctions shall include the option of requiring a district school board to contract with a provider or another district school board if the educational program at the Department of Juvenile Justice program is performing below minimum standards and, after 6 months, is still performing below minimum standards.~~

(s) Curriculum, school ~~guidance~~ counseling, transition, and education services expectations, including curriculum flexibility for detention centers operated by the Department of Juvenile Justice.

(t) Other aspects of program operations.

(3) The Department of Education in partnership with the Department of Juvenile Justice, the district school boards, and providers shall:

(a) Develop and implement requirements for contracts and cooperative agreements regarding the delivery of appropriate education services to students in Department of Juvenile Justice education programs. The minimum contract requirements shall include, but are not limited to, payment structure and amounts;

329642

access to district services; contract management provisions; data reporting requirements, including reporting of full-time equivalent student membership; accountability requirements and corrective action plans, if needed; administration of federal programs such as Title I, exceptional student education, and the federal Strengthening Career and Technical Education for the 21st Century Act ~~Carl D. Perkins Career and Technical Education Act of 2006~~; and the policy and standards included in subsection (2).

(b) Develop and implement procedures for transitioning students into and out of Department of Juvenile Justice education programs. These procedures shall reflect the policy and standards adopted pursuant to subsection (2).

(c) Maintain standardized required content of education records to be included as part of a student's commitment record and procedures for securing the student's records. The education records shall include, but not be limited to, the following:

1. A copy of the student's individual educational plan, Section 504 plan, or behavioral plan, if applicable.

2. A copy of the student's individualized progress monitoring plan.

3. A copy of the student's individualized transition plan.

4. Data on student performance on assessments taken according to s. 1008.22.

5. A copy of the student's permanent cumulative record.

6. A copy of the student's academic transcript.

7. A portfolio reflecting the student's academic accomplishments and industry certification earned, when age appropriate, while in the Department of Juvenile Justice

program.

(d) Establish the roles and responsibilities of the juvenile probation officer and others involved in the withdrawal of the student from school and assignment to a juvenile justice education program.

(4) Each district school board shall:

(a) Notify students in juvenile justice education programs who attain the age of 16 years of the law regarding compulsory school attendance and make available the option of enrolling in an education program to attain a Florida high school diploma by taking the high school equivalency examination before release from the program. The Department of Education shall assist juvenile justice education programs with becoming high school equivalency examination centers.

(b) Respond to requests for student education records received from another district school board or a juvenile justice education program within 3 ~~5~~ working days after receiving the request.

(c) Provide access to courses offered pursuant to ss. 1002.37, 1002.45, 1002.455, and 1003.498. School districts and providers may enter into cooperative agreements for the provision of curriculum associated with courses offered pursuant to s. 1003.498 to enable providers to offer such courses.

(d) Complete the assessment process required by subsection (2).

(e) Monitor compliance with contracts for education programs for students in juvenile justice prevention, day treatment, ~~residential,~~ and detention programs.

(5) The Department of Education shall issue an alternative

329642

school improvement rating for prevention and day treatment prevention juvenile justice education programs, pursuant to s. 1008.341 ~~establish and operate, either directly or indirectly through a contract, a mechanism to provide accountability measures that annually assesses and evaluates all juvenile justice education programs using student performance data and program performance ratings by type of program and shall provide technical assistance and related research to district school boards and juvenile justice education providers. The Department of Education, with input from the Department of Juvenile Justice, school districts, and education providers, shall develop annual recommendations for system and school improvement~~.

Section 27. Section 1003.52, Florida Statutes, is amended to read:

1003.52 Educational services in Department of Juvenile Justice programs.—

(1) The Department of Education shall serve as the lead agency for juvenile justice education programs, curriculum, support services, and resources. To this end, the Department of Education and the Department of Juvenile Justice shall each designate a Coordinator for Juvenile Justice Education Programs to serve as the point of contact for resolving issues not addressed by district school boards and to provide each department's participation in the following activities:

(a) Training, collaborating, and coordinating with district school boards, local workforce development boards, ~~and local youth councils,~~ educational contract providers, and juvenile justice providers, whether state operated or contracted.

329642

(b) Collecting information on the academic, career and technical ~~professional~~ education ~~(CAPE)~~, and transition performance of students in juvenile justice programs and reporting on the results.

(c) Developing academic and career and technical education ~~CAPE~~ protocols that provide guidance to district school boards and juvenile justice education providers in all aspects of education programming, including records transfer and transition.

~~(d) Implementing a joint accountability, program performance, and program improvement process.~~

Annually, a cooperative agreement and plan for juvenile justice education service enhancement shall be developed between the Department of Juvenile Justice and the Department of Education and submitted to the Secretary of Juvenile Justice and the Commissioner of Education by June 30. The plan shall include, at a minimum, each agency's role regarding educational program accountability, technical assistance, training, and coordination of services.

(2) Students participating in Department of Juvenile Justice education programs pursuant to chapter 985 which are sponsored by a community-based agency or are operated or contracted for by the Department of Juvenile Justice shall receive education programs according to rules of the State Board of Education. These students shall be eligible for services afforded to students enrolled in programs pursuant to s. 1003.53 and all corresponding State Board of Education rules.

(3) The district school board of the county in which the

juvenile justice education prevention, day treatment, ~~residential,~~ or detention program is located shall provide or contract for appropriate educational assessments and an appropriate program of instruction and special education services.

(a) All contracts between a district school board desiring to contract directly with juvenile justice education programs to provide academic instruction for students in such programs must be in writing and reviewed by the Department of Juvenile Justice. Unless both parties agree to an extension of time, the district school board and the juvenile justice education program shall negotiate and execute a new or renewal contract within 40 days after the district school board provides the proposal to the juvenile justice education program. The Department of Education shall provide mediation services for any disputes relating to this paragraph.

(b) District school boards shall satisfy invoices issued by juvenile justice education programs within 15 working days after receipt. If a district school board does not timely issue a warrant for payment, it must pay to the juvenile justice education program interest at a rate of 1 percent per month, calculated on a daily basis, on the unpaid balance until such time as a warrant is issued for the invoice and accrued interest amount. The district school board may not delay payment to a juvenile justice education program of any portion of funds owed pending the district’s receipt of local funds.

(c) The district school board shall make provisions for each student to participate in basic career and technical education~~, CAPE,~~ and exceptional student programs, as

329642

appropriate. Students served in Department of Juvenile Justice education programs shall have access to the appropriate courses and instruction to prepare them for the high school equivalency examination. Students participating in high school equivalency examination preparation programs shall be funded at the basic program cost factor for Department of Juvenile Justice programs in the Florida Education Finance Program. Each program shall be conducted according to applicable law providing for the operation of public schools and rules of the State Board of Education. School districts shall provide the high school equivalency examination exit option for all juvenile justice education programs, except for residential programs operated under s. 985.619.

(d) The district school board shall select appropriate academic and career assessments to be administered at the time of program entry and exit for the purpose of developing goals for education transition plans, progress monitoring plans, individual education plans, as applicable, and federal reporting, as applicable

~~(d) The Department of Education, with the assistance of the school districts and juvenile justice education providers, shall select a common student assessment instrument and protocol for measuring student learning gains and student progression while a student is in a juvenile justice education program. The Department of Education and the Department of Juvenile Justice shall jointly review the effectiveness of this assessment and implement changes as necessary~~.

(4) Educational services shall be provided at times of the day most appropriate for the juvenile justice program. School

programming in juvenile justice detention, prevention, or day treatment~~, and residential~~ programs shall be made available by the local school district during the juvenile justice school year, as provided in s. 1003.01(14). In addition, students in juvenile justice education programs shall have access to courses offered pursuant to ss. 1002.37, 1002.45, and 1003.498. The Department of Education and the school districts shall adopt policies necessary to provide such access.

(5) The educational program shall provide instruction based on each student's individualized transition plan, assessed educational needs, and the education programs available in the school district in which the student will return. Depending on the student's needs, educational programming may consist of remedial courses, academic courses required for grade advancement, career and technical education ~~CAPE courses~~, high school equivalency examination preparation, or exceptional student education curricula and related services which support the transition goals and reentry and which may lead to completion of the requirements for receipt of a high school diploma or its equivalent. Prevention and day treatment juvenile justice education programs, at a minimum, shall provide career readiness and exploration opportunities as well as truancy and dropout prevention intervention services. ~~Residential juvenile justice education programs with a contracted minimum length of stay of 9 months shall provide CAPE courses that lead to preapprentice certifications and industry certifications. Programs with contracted lengths of stay of less than 9 months may provide career education courses that lead to preapprentice certifications and CAPE industry certifications. If the duration~~

329642

~~of a program is less than 40 days, the educational component may be limited to tutorial remediation activities, career employability skills instruction, education counseling, and transition services that prepare students for a return to school, the community, and their home settings based on the students' needs.~~

(6) Participation in the program by students of compulsory school-attendance age as provided for in s. 1003.21 shall be mandatory. All students of noncompulsory school-attendance age who have not received a high school diploma or its equivalent shall participate in the educational program, unless the student files a formal declaration of his or her intent to terminate school enrollment as described in s. 1003.21 and is afforded the opportunity to take the high school equivalency examination and attain a Florida high school diploma before release from a juvenile justice education program. A student who has received a high school diploma or its equivalent and is not employed shall participate in workforce development ~~or other CAPE education~~ or Florida College System institution or university courses while in the program, subject to available funding.

(7) An individualized progress monitoring plan shall be developed for all students ~~not classified as exceptional education students~~ upon entry in a juvenile justice education program and upon reentry in the school district. These plans shall address academic, literacy, and career and technical skills and shall include provisions for intensive remedial instruction in the areas of weakness.

(8) Each district school board shall maintain an academic record for each student enrolled in a juvenile justice education

program as prescribed by s. 1003.51. Such record shall delineate each course completed by the student according to procedures in the State Course Code Directory. The district school board shall include a copy of a student's academic record in the discharge packet when the student exits the program.

(9) Each district school board shall make provisions for high school level students to earn credits toward high school graduation while in ~~residential and nonresidential~~ juvenile justice detention, prevention, or day treatment ~~education~~ programs. Provisions must be made for the transfer of credits and partial credits earned.

(10) School districts and juvenile justice education providers shall develop individualized transition plans during the course of a student's stay in a juvenile justice education program to coordinate academic, career and technical, and secondary and postsecondary services that assist the student in successful community reintegration upon release. Development of the transition plan shall be a collaboration of the personnel in the juvenile justice education program, reentry personnel, personnel from the school district where the student will return, the student, the student's family, and the Department of Juvenile Justice ~~personnel for committed students~~.

(a) Transition planning must begin upon a student's placement in the program. The transition plan must include, at a minimum:

1. Services and interventions that address the student's assessed educational needs and postrelease education plans.

2. Services to be provided during the program stay and services to be implemented upon release, including, but not

limited to, continuing education in secondary school, career and technical education ~~CAPE programs~~, postsecondary education, or employment, based on the student's needs.

3. Specific monitoring responsibilities to determine whether the individualized transition plan is being implemented and the student is provided access to support services that will sustain the student's success by individuals who are responsible for the reintegration and coordination of these activities.

(b) For the purpose of transition planning and reentry services, representatives from the school district and the one-stop center where the student will return shall participate as members of the local Department of Juvenile Justice reentry teams. The school district, upon return of a student from a juvenile justice education program, must consider the individual needs and circumstances of the student and the transition plan recommendations when reenrolling a student in a public school. A local school district may not maintain a standardized policy for all students returning from a juvenile justice program but place students based on their needs and their performance in the juvenile justice education program, including any virtual education options.

(c) The Department of Education and the Department of Juvenile Justice shall provide oversight and guidance to school districts, education providers, and reentry personnel on how to implement effective educational transition planning and services.

(11) The district school board shall recruit and train teachers who are ~~interested,~~ qualified~~, or experienced~~ in educating students in juvenile justice programs. Students in

329642

juvenile justice programs shall be provided a wide range of education programs and opportunities, including instructional materials ~~textbooks~~, technology, instructional support, and resources commensurate with resources provided to students in public schools, including instructional materials ~~textbooks~~ and access to technology. If the district school board operates a juvenile justice education program at a juvenile justice facility, the district school board, in consultation with the director of the juvenile justice facility, shall select the instructional personnel assigned to that program. The Secretary of Juvenile Justice or the director of a juvenile justice program may request that the performance of a teacher assigned by the district to a juvenile justice education program be reviewed by the district and that the teacher be reassigned based upon an evaluation conducted pursuant to s. 1012.34 or for inappropriate behavior. Juvenile justice education programs shall have access to the substitute teacher pool used by the district school board.

(12) District school boards may contract with a private provider for the provision of education programs to students placed in juvenile justice detention, prevention, or day treatment programs with the Department of Juvenile Justice and shall generate local, state, and federal funding, including funding through the Florida Education Finance Program for such students. The district school board's planning and budgeting process shall include the needs of Department of Juvenile Justice education programs in the district school board's plan for expenditures for state categorical and federal funds.

(13)(a) Eligible students enrolled in juvenile justice

detention, prevention, or day treatment education programs shall be funded the same as students enrolled in traditional public schools funded in the Florida Education Finance Program and as specified in s. 1011.62 and the General Appropriations Act.

(b) Juvenile justice education programs to receive the appropriate FEFP funding for Department of Juvenile Justice education programs shall include those operated through a contract with the Department of Juvenile Justice.

(c) Consistent with the rules of the State Board of Education, district school boards shall request an alternative FTE survey for Department of Juvenile Justice education programs experiencing fluctuations in student enrollment.

(d) FTE count periods shall be prescribed in rules of the State Board of Education and shall be the same for programs of the Department of Juvenile Justice as for other public school programs. The summer school period for students in Department of Juvenile Justice education programs shall begin on the day immediately following the end of the regular school year and end on the day immediately preceding the subsequent regular school year. Students shall be funded for no more than 25 hours per week of direct instruction.

(e) Each juvenile justice education program must receive all federal funds for which the program is eligible.

(14) Each district school board shall negotiate a cooperative agreement with the Department of Juvenile Justice on the delivery of educational services to students in juvenile justice detention, prevention, or day treatment programs under the jurisdiction of the Department of Juvenile Justice. Such agreement must include, but is not limited to:

329642

(a) Roles and responsibilities of each agency, including the roles and responsibilities of contract providers.

(b) Administrative issues including procedures for sharing information.

(c) Allocation of resources including maximization of local, state, and federal funding.

(d) Procedures for educational evaluation for educational exceptionalities and special needs.

(e) Curriculum and delivery of instruction.

(f) Classroom management procedures and attendance policies.

(g) Procedures for provision of qualified instructional personnel, whether supplied by the district school board or provided under contract by the provider, and for performance of duties while in a juvenile justice setting.

(h) Provisions for improving skills in teaching and working with students referred to juvenile justice education programs.

(i) Transition plans for students moving into and out of juvenile justice education programs.

(j) Procedures and timelines for the timely documentation of credits earned and transfer of student records.

(k) Methods and procedures for dispute resolution.

(l) Provisions for ensuring the safety of education personnel and support for the agreed-upon education program.

(m) Strategies for correcting any deficiencies found through the alternative school improvement rating ~~accountability and evaluation system~~ and student performance measures.

(n) Career and academic assessments selected by the district pursuant to paragraph (3)(d).

329642

(15) Nothing in this section or in a cooperative agreement requires the district school board to provide more services than can be supported by the funds generated by students in the juvenile justice programs.

~~(16) The Department of Education, in consultation with the Department of Juvenile Justice, district school boards, and providers, shall adopt rules establishing:~~

~~(a) Objective and measurable student performance measures to evaluate a student's educational progress while participating in a prevention, day treatment, or residential program. The student performance measures must be based on appropriate outcomes for all students in juvenile justice education programs, taking into consideration the student's length of stay in the program. Performance measures shall include outcomes that relate to student achievement of career education goals, acquisition of employability skills, receipt of a high school diploma or its equivalent, grade advancement, and the number of CAPE industry certifications earned.~~

~~(b) A performance rating system to be used by the Department of Education to evaluate the delivery of educational services within each of the juvenile justice programs. The performance rating shall be primarily based on data regarding student performance as described in paragraph (a).~~

~~(c) The timeframes, procedures, and resources to be used to improve a low-rated educational program or to terminate or reassign the program.~~

~~(d) The Department of Education, in partnership with the Department of Juvenile Justice, shall develop a comprehensive accountability and program improvement process. The~~

~~accountability and program improvement process shall be based on student performance measures by type of program and shall rate education program performance. The accountability system shall identify and recognize high-performing education programs. The Department of Education, in partnership with the Department of Juvenile Justice, shall identify low-performing programs. Low-performing education programs shall receive an onsite program evaluation from the Department of Juvenile Justice. School improvement, technical assistance, or the reassignment of the program shall be based, in part, on the results of the program evaluation. Through a corrective action process, low-performing programs must demonstrate improvement or the programs shall be reassigned.~~

~~(17) The department, in collaboration with the Department of Juvenile Justice, shall collect data and report on commitment, day treatment, prevention, and detention programs. The report shall be submitted to the President of the Senate, the Speaker of the House of Representatives, and the Governor by February 1 of each year. The report must include, at a minimum:~~

~~(a) The number and percentage of students who:~~

~~1. Return to an alternative school, middle school, or high school upon release and the attendance rate of such students before and after participation in juvenile justice education programs.~~

~~2. Receive a standard high school diploma or a high school equivalency diploma.~~

~~3. Receive industry certification.~~

~~4. Enroll in a postsecondary educational institution.~~

~~5. Complete a juvenile justice education program without~~

~~reoffending.~~

~~6. Reoffend within 1 year after completion of a day treatment or residential commitment program.~~

~~7. Remain employed 1 year after completion of a day treatment or residential commitment program.~~

~~8. Demonstrate learning gains pursuant to paragraph (3)(d).~~

~~(b) The following cost data for each juvenile justice education program:~~

~~1. The amount of funding provided by district school boards to juvenile justice programs and the amount retained for administration, including documenting the purposes of such expenses.~~

~~2. The status of the development of cooperative agreements.~~

~~3. Recommendations for system improvement.~~

~~4. Information on the identification of, and services provided to, exceptional students, to determine whether these students are properly reported for funding and are appropriately served.~~

(16) ~~(18)~~ The district school board shall not be charged any rent, maintenance, utilities, or overhead on such facilities. Maintenance, repairs, and remodeling of existing detention facilities shall be provided by the Department of Juvenile Justice.

(17) ~~(19)~~ When additional facilities are required for juvenile justice detention, prevention, or day treatment programs, the district school board and the Department of Juvenile Justice shall agree on the appropriate site based on the instructional needs of the students. When the most appropriate site for instruction is on district school board

329642

property, a special capital outlay request shall be made by the commissioner in accordance with s. 1013.60. When the most appropriate site is on state property, state capital outlay funds shall be requested by the Department of Juvenile Justice provided by s. 216.043 and shall be submitted as specified by s. 216.023. Any instructional facility to be built on state property shall have educational specifications jointly developed by the district school board and the Department of Juvenile Justice and approved by the Department of Education. The size of space and occupant design capacity criteria as provided by State Board of Education rules shall be used for remodeling or new construction whether facilities are provided on state property or district school board property.

(18) ~~(20)~~ The parent of an exceptional student shall have the due process rights provided for in this chapter.

(19) ~~(21)~~ The State Board of Education shall adopt rules necessary to implement this section. Such rules must require the minimum amount of paperwork and reporting.

~~(22) The Department of Juvenile Justice and the Department of Education, in consultation with CareerSource Florida, Inc., the statewide Workforce Development Youth Council, district school boards, Florida College System institutions, providers, and others, shall jointly develop a multiagency plan for CAPE which describes the funding, curriculum, transfer of credits, goals, and outcome measures for career education programming in juvenile commitment facilities, pursuant to s. 985.622. The plan must be reviewed annually.~~

Section 28. For the purpose of incorporating the amendment made by this act to section 985.115, Florida Statutes, in a

329642

reference thereto, subsection (1) of section 985.25, Florida Statutes, is reenacted to read:

985.25 Detention intake.—

(1) The department shall receive custody of a child who has been taken into custody from the law enforcement agency or court and shall review the facts in the law enforcement report or probable cause affidavit and make such further inquiry as may be necessary to determine whether detention care is appropriate.

(a) During the period of time from the taking of the child into custody to the date of the detention hearing, the initial decision as to the child's placement into detention care shall be made by the department under ss. 985.24 and 985.245(1).

(b) The department shall base the decision whether to place the child into detention care on an assessment of risk in accordance with the risk assessment instrument and procedures developed by the department under s. 985.245, except that a child shall be placed in secure detention care until the child's detention hearing if the child meets the criteria specified in s. 985.255(1)(f), is charged with possessing or discharging a firearm on school property in violation of s. 790.115, or is charged with any other offense involving the possession or use of a firearm.

(c) If the final score on the child's risk assessment instrument indicates detention care is appropriate, but the department otherwise determines the child should be released, the department shall contact the state attorney, who may authorize release.

(d) If the final score on the risk assessment instrument indicates detention is not appropriate, the child may be

released by the department in accordance with ss. 985.115 and 985.13.

Under no circumstances shall the department or the state attorney or law enforcement officer authorize the detention of any child in a jail or other facility intended or used for the detention of adults, without an order of the court.

Section 29. For the purpose of incorporating the amendment made by this act to section 985.27, Florida Statutes, in a reference thereto, subsection (3) of section 985.255, Florida Statutes, is reenacted to read:

985.255 Detention criteria; detention hearing.—

(3)(a) The purpose of the detention hearing required under subsection (1) is to determine the existence of probable cause that the child has committed the delinquent act or violation of law that he or she is charged with and the need for continued detention. The court shall use the results of the risk assessment performed by the department and, based on the criteria in subsection (1), shall determine the need for continued detention. If the child is a prolific juvenile offender who is detained under s. 985.26(2)(c), the court shall use the results of the risk assessment performed by the department and the criteria in subsection (1) or subsection (2) only to determine whether the prolific juvenile offender should be held in secure detention.

(b) If the court orders a placement more restrictive than indicated by the results of the risk assessment instrument, the court shall state, in writing, clear and convincing reasons for such placement.

329642

(c) Except as provided in s. 790.22(8) or s. 985.27, when a child is placed into detention care, or into a respite home or other placement pursuant to a court order following a hearing, the court order must include specific instructions that direct the release of the child from such placement no later than 5 p.m. on the last day of the detention period specified in s. 985.26 or s. 985.27, whichever is applicable, unless the requirements of such applicable provision have been met or an order of continuance has been granted under s. 985.26(4). If the court order does not include a release date, the release date shall be requested from the court on the same date that the child is placed in detention care. If a subsequent hearing is needed to provide additional information to the court for safety planning, the initial order placing the child in detention care shall reflect the next detention review hearing, which shall be held within 3 calendar days after the child's initial detention placement.

Section 30. For the purpose of incorporating the amendment made by this act to section 985.441, Florida Statutes, in a reference thereto, paragraph (h) of subsection (2) of section 985.475, Florida Statutes, is reenacted to read:

985.475 Juvenile sexual offenders.—

(2) Following a delinquency adjudicatory hearing under s. 985.35, the court may on its own or upon request by the state or the department and subject to specific appropriation, determine whether a juvenile sexual offender placement is required for the protection of the public and what would be the best approach to address the treatment needs of the juvenile sexual offender. When the court determines that a juvenile has no history of a

329642

recent comprehensive assessment focused on sexually deviant behavior, the court may, subject to specific appropriation, order the department to conduct or arrange for an examination to determine whether the juvenile sexual offender is amenable to community-based treatment.

(h) If the juvenile sexual offender violates any condition of the disposition or the court finds that the juvenile sexual offender is failing to make satisfactory progress in treatment, the court may revoke the community-based treatment alternative and order commitment to the department under s. 985.441.

Section 31. For the purpose of incorporating the amendment made by this act to section 985.441, Florida Statutes, in a reference thereto, paragraph (b) of subsection (4) of section 985.565, Florida Statutes, is reenacted to read:

985.565 Sentencing powers; procedures; alternatives for juveniles prosecuted as adults.—

(4) SENTENCING ALTERNATIVES.—

(b) *Juvenile sanctions.*—For juveniles transferred to adult court but who do not qualify for such transfer under s. 985.556(3), the court may impose juvenile sanctions under this paragraph. If juvenile sentences are imposed, the court shall, under this paragraph, adjudge the child to have committed a delinquent act. Adjudication of delinquency may not be deemed a conviction, nor shall it operate to impose any of the civil disabilities ordinarily resulting from a conviction. The court shall impose an adult sanction or a juvenile sanction and may not sentence the child to a combination of adult and juvenile punishments. An adult sanction or a juvenile sanction may include enforcement of an order of restitution or probation

329642

previously ordered in any juvenile proceeding. However, if the court imposes a juvenile sanction and the department determines that the sanction is unsuitable for the child, the department shall return custody of the child to the sentencing court for further proceedings, including the imposition of adult sanctions. Upon adjudicating a child delinquent under subsection (1), the court may:

1. Place the child in a probation program under the supervision of the department for an indeterminate period of time until the child reaches the age of 19 years or sooner if discharged by order of the court.

2. Commit the child to the department for treatment in an appropriate program for children for an indeterminate period of time until the child is 21 or sooner if discharged by the department. The department shall notify the court of its intent to discharge no later than 14 days before discharge. Failure of the court to timely respond to the department’s notice shall be considered approval for discharge.

3. Order disposition under ss. 985.435, 985.437, 985.439, 985.441, 985.45, and 985.455 as an alternative to youthful offender or adult sentencing if the court determines not to impose youthful offender or adult sanctions.

It is the intent of the Legislature that the criteria and guidelines in this subsection are mandatory and that a determination of disposition under this subsection is subject to the right of the child to appellate review under s. 985.534.

Section 32. For the purpose of incorporating the amendment made by this act to section 985.03, Florida Statutes, in a

329642

reference thereto, section 985.721, Florida Statutes, is reenacted to read:

985.721 Escapes from secure detention or residential commitment facility.—An escape from:

(1) Any secure detention facility maintained for the temporary detention of children, pending adjudication, disposition, or placement;

(2) Any residential commitment facility described in s. 985.03(44), maintained for the custody, treatment, punishment, or rehabilitation of children found to have committed delinquent acts or violations of law; or

(3) Lawful transportation to or from any such secure detention facility or residential commitment facility,

constitutes escape within the intent and meaning of s. 944.40 and is a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

Section 33. This act shall take effect July 1, 2024.

And the title is amended as follows:

Delete everything before the enacting clause and insert:

A bill to be entitled

An act relating to juvenile justice; amending s. 330.41, F.S.; conforming provisions to changes made by the act; amending s. 381.887, F.S.; authorizing certain employees of Department of Juvenile Justice and contracted providers to possess and administer

329642

opioid antagonists; providing immunity from liability for administration; amending ss. 553.865, 790.22, 938.17, 943.0515, and 948.51, F.S.; conforming provisions to changes made by the act; amending s. 985.02, F.S.; replacing the term "gender-specific" with "sex-specific"; conforming provisions; amending s. 985.03, F.S.; eliminating the minimum-risk nonresidential restrictiveness level; redesignating the nonsecure residential restrictiveness level as the "moderate-risk residential level"; revising the components of the maximum-risk residential restrictiveness level; defining "sex"; amending s. 985.039, F.S.; conforming provisions to changes made by the act; amending s. 985.115, F.S.; providing that juvenile assessment centers are not facilities that are permitted to receive certain children; amending ss. 985.126 and 985.17, F.S.; conforming provisions to changes made by the act; amending s. 985.26, F.S.; revising provisions concerning transitioning a child to and from secure detention care and supervised release detention care; amending ss. 985.27, 985.441, and 985.455, F.S.; conforming provisions to changes made by the act; amending s. 985.465, F.S.; replacing the term "juvenile correctional facility or juvenile prison" with "maximum-risk residential facilities"; amending s. 985.601, F.S.; authorizing the purchase of certain materials; amending s. 985.619, F.S.; providing the board of trustees of the Florida Scholars Academy the power and duty to review and

329642

approve an annual academic calendar; authorizing the board of trustees to decrease the minimum number of days for instruction; amending s. 985.664, F.S.; substantially revising provisions relating to juvenile justice circuit advisory boards; amending ss. 985.668, 985.676, and 1001.42, F.S.; conforming provisions to changes made by the act; amending s. 1003.01, F.S.; revising the definition of the term "juvenile justice education programs or schools"; amending s. 1003.51, F.S.; revising requirements for certain State Board of Education rules to establish policies and standards for certain education programs; revising requirements for the Department of Education, in partnership with the Department of Juvenile Justice, district school boards, and education providers, to develop and implement certain contract requirements and to maintain standardized required content of education records; revising district school board requirements; revising departmental requirements relating to juvenile justice education programs; amending s. 1003.52, F.S.; revising the role of Coordinators for Juvenile Justice Education Programs in collecting certain information and developing certain protocols; deleting provisions relating to career and professional education (CAPE); requiring district school boards to select appropriate academic and career assessments to be administered at the time of program entry and exit; deleting provisions related to requiring residential juvenile justice education

329642

programs to provide certain CAPE courses; requiring each district school board to make provisions for high school level students to earn credits toward high school graduation while in juvenile justice detention, prevention, or day treatment programs; authorizing district school boards to contract with private providers for education programs for students in such programs; requiring each district school board to negotiate a cooperative agreement with the department on the delivery of educational services to students in such programs; revising requirements for such agreements; deleting provisions requiring the Department of Education, in consultation with the Department of Juvenile Justice, to adopt rules and collect data and report on certain programs; deleting a provision requiring that specified entities jointly develop a multiagency plan for CAPE; conforming provisions to changes made by the act; reenacting ss. 985.25(1), 985.255(3), 985.475(2)(h), 985.565(4)(b), and 985.721, F.S., relating to detention intakes, detention criteria and detention hearings, juvenile sexual offenders, juvenile sanctions, and escapes from secure detention or residential commitment facilities, respectively, to incorporate the amendments made by the act; providing an effective date.

By the Appropriations Committee on Criminal and Civil Justice; and Senator Bradley

604-03135-24 20241352c1

A bill to be entitled

An act relating to juvenile justice; amending s. 381.887, F.S.; authorizing personnel of the Department of Juvenile Justice and of certain contracted providers to possess, store, and administer emergency opioid antagonists and providing immunity from civil or criminal liability for such personnel; amending s. 790.22, F.S.; deleting a provision requiring the juvenile justice circuit advisory board to establish certain community service programs; amending s. 938.17, F.S.; requiring sheriffs' offices to submit an annual report regarding certain received proceeds to the department, rather than the juvenile justice circuit advisory board; amending s. 948.51, F.S.; requiring the public safety coordinating council to cooperate with the department, rather than the juvenile justice circuit advisory board, to prepare a comprehensive public safety plan; amending s. 985.02, F.S.; revising the legislative intent for the juvenile justice system relating to general protections for children and sex-specific, rather than gender-specific, programming; amending s. 985.03, F.S.; revising definitions and defining the term "sex"; amending s. 985.115, F.S.; prohibiting juvenile assessment centers from being considered facilities that can receive children under specified circumstances; amending s. 985.126, F.S.; revising the information a diversion program is required to report about each minor from his or her gender to his or her

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

604-03135-24 20241352c1

sex; requiring the department to compile and semiannually publish certain data in a format that is searchable by sex rather than by gender; amending s. 985.17, F.S.; revising the programming focus for the department's prevention services for youth at risk of becoming delinquent to include sex-specific services rather than gender-specific services; amending s. 985.26, F.S.; authorizing that transitions from secure detention care and supervised release detention care be initiated upon a court's own motion or upon a motion from the child or the state; amending s. 985.27, F.S.; revising the required court placement in secure detention for children who are adjudicated and awaiting placement in a moderate-risk, rather than nonsecure, residential commitment program; reenacting and amending s. 985.441, F.S.; authorizing a court to commit certain children to a moderate-risk, rather than nonsecure, residential placement under certain circumstances; amending s. 985.465, F.S.; revising the physically secure residential commitment program to send specified children to maximum-risk residential facilities rather than juvenile correctional facilities or prisons; amending s. 985.601, F.S.; revising certain required programs for rehabilitative treatment to include sex-specific programming rather than gender-specific programming; authorizing the department to use state or federal funds to purchase and distribute promotional and educational materials that are consistent with the dignity and integrity of

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

the state for specified purposes; amending s. 985.619, F.S.; providing the board of trustees of the Florida Scholars Academy the power and duty to review and approve an annual academic calendar; authorizing the board of trustees to decrease the minimum number of days for instruction; amending s. 985.664, F.S.; requiring, rather than authorizing, each judicial circuit to have a juvenile justice circuit advisory board; requiring the juvenile justice circuit advisory board to work with the chief probation officer of the circuit to use data to inform policy and practices that better improve the juvenile justice continuum; deleting provisions relating to the juvenile justice circuit advisory board's purpose, duties, and responsibilities; decreasing the minimum number of members that each juvenile justice circuit advisory board is required to have; requiring that each member of the juvenile justice circuit advisory board be approved by the chief probation officer of the circuit, rather than the Secretary of Juvenile Justice; requiring the chief probation officer in each circuit to serve as the chair of the juvenile justice circuit advisory board for that circuit; deleting provisions relating to board membership and vacancies; deleting provisions relating to quorums and the passing of measures; deleting provisions requiring the establishment of executive committees and having bylaws; amending s. 985.676, F.S.; revising the required contents of a grant proposal applicants must

submit to be considered for funding from an annual community juvenile justice partnership grant; requiring the department to consider the recommendations of community stakeholders, rather than the juvenile justice circuit advisory board, as to certain priorities; deleting the juvenile justice circuit advisory board from the entities to which each awarded grantee is required to submit an annual evaluation report; conforming a provision to changes made by the act; amending s. 1003.01, F.S.; revising the definition of the term "juvenile justice education programs or schools"; amending s. 1003.51, F.S.; revising requirements for certain State Board of Education rules to establish policies and standards for certain education programs; revising requirements for the Department of Education, in partnership with the Department of Juvenile Justice, the district school boards, and education providers, to develop and implements certain contract requirements and to maintain standardized required content of education records; revising district school board requirements; revising departmental requirements relating to juvenile justice education programs; amending s. 1003.52, F.S.; revising the role of Coordinators for Juvenile Justice Education Programs in collecting certain information and developing certain protocols; deleting provisions relating to career and professional education (CAPE); requiring district school boards to select appropriate academic and

career assessments to be administered at the time of program entry and exit; deleting provisions related to requiring residential juvenile justice education programs to provide certain CAPE courses; requiring each district school board to make provisions for high school level students to earn credits toward high school graduation while in juvenile justice detention, prevention, or day treatment programs; authorizing district school boards to contract with private providers for the provision of education programs to students placed in such programs; requiring each district school board to negotiate a cooperative agreement with the department on the delivery of educational services to students in such programs; revising requirements for such agreements; deleting provisions requiring the Department of Education, in consultation with the Department of Juvenile Justice, to adopt rules and collect data and report on certain programs; deleting a provision requiring that specified entities jointly develop a multiagency plan for CAPE; conforming provisions to changes made by the act; amending s. 330.41, F.S.; conforming a provision to changes made by the act; amending s. 553.865, F.S.; conforming cross-references and provisions to changes made by the act; amending s. 1001.42, F.S.; conforming a provision to changes made by the act; reenacting s. 985.721, F.S., relating to escapes from secure detention or residential commitment facilities, to incorporate the amendment made to s. 985.03, F.S., in

a reference thereto; reenacting s. 985.25(1), F.S., relating to detention intakes, to incorporate the amendment made to s. 985.115, F.S., in a reference thereto; reenacting s. 985.255(3), F.S., relating to detention criteria and detention hearings, to incorporate the amendment made to s. 985.27, F.S., in a reference thereto; reenacting ss. 985.475(2)(h) and 985.565(4)(b), F.S., relating to juvenile sexual offenders and juvenile sanctions, respectively, to incorporate the amendment made to s. 985.441, F.S., in references thereto; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (4) of section 381.887, Florida Statutes, is amended to read:

381.887 Emergency treatment for suspected opioid overdose.—

(4) The following persons are authorized to possess, store, and administer emergency opioid antagonists as clinically indicated and are immune from any civil liability or criminal liability as a result of administering an emergency opioid antagonist:

(a) Emergency responders, including, but not limited to, law enforcement officers, paramedics, and emergency medical technicians.

(b) Crime laboratory personnel for the statewide criminal analysis laboratory system as described in s. 943.32, including, but not limited to, analysts, evidence intake personnel, and their supervisors.

(c) Personnel of a law enforcement agency or an other agency, including, but not limited to, correctional probation officers and child protective investigators who, while acting within the scope or course of employment, come into contact with a controlled substance or persons at risk of experiencing an opioid overdose.

(d) Personnel of the Department of Juvenile Justice and of any contracted provider with direct contact with youth authorized under chapter 984 or chapter 985.

Section 2. Subsection (4) of section 790.22, Florida Statutes, is amended to read:

790.22 Use of BB guns, air or gas-operated guns, or electric weapons or devices by minor under 16; limitation; possession of firearms by minor under 18 prohibited; penalties.—

(4)(a) Any parent or guardian of a minor, or other adult responsible for the welfare of a minor, who knowingly and willfully permits the minor to possess a firearm in violation of subsection (3) commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(b) Any natural parent or adoptive parent, whether custodial or noncustodial, or any legal guardian or legal custodian of a minor, if that minor possesses a firearm in violation of subsection (3) may, if the court finds it appropriate, be required to participate in classes on parenting education which are approved by the Department of Juvenile Justice, upon the first conviction of the minor. Upon any subsequent conviction of the minor, the court may, if the court finds it appropriate, require the parent to attend further parent education classes or render community service hours

together with the child.

(c) The ~~juvenile justice circuit advisory boards or the~~ Department of Juvenile Justice shall establish appropriate community service programs to be available to the alternative sanctions coordinators of the circuit courts in implementing this subsection. The boards or department shall propose the implementation of a community service program in each circuit, and may submit a circuit plan, to be implemented upon approval of the circuit alternative sanctions coordinator.

(d) For the purposes of this section, community service may be provided on public property as well as on private property with the expressed permission of the property owner. Any community service provided on private property is limited to such things as removal of graffiti and restoration of vandalized property.

Section 3. Subsection (4) of section 938.17, Florida Statutes, is amended to read:

938.17 County delinquency prevention; juvenile assessment centers and school board suspension programs.—

(4) A sheriff's office that receives proceeds pursuant to s. 939.185 shall account for all funds annually by August 1 in a written report to the Department of Juvenile Justice ~~juvenile justice circuit advisory board~~ if funds are used for assessment centers, and to the district school board if funds are used for suspension programs.

Section 4. Subsection (2) of section 948.51, Florida Statutes, is amended to read:

948.51 Community corrections assistance to counties or county consortiums.—

(2) ELIGIBILITY OF COUNTIES AND COUNTY CONSORTIUMS.—A county, or a consortium of two or more counties, may contract with the Department of Corrections for community corrections funds as provided in this section. In order to enter into a community corrections partnership contract, a county or county consortium must have a public safety coordinating council established under s. 951.26 and must designate a county officer or agency to be responsible for administering community corrections funds received from the state. The public safety coordinating council shall prepare, develop, and implement a comprehensive public safety plan for the county, or the geographic area represented by the county consortium, and shall submit an annual report to the Department of Corrections concerning the status of the program. In preparing the comprehensive public safety plan, the public safety coordinating council shall cooperate with the Department of Juvenile Justice ~~juvenile justice circuit advisory board established under s. 985.664~~ in order to include programs and services for juveniles in the plan. To be eligible for community corrections funds under the contract, the initial public safety plan must be approved by the governing board of the county, or the governing board of each county within the consortium, and the Secretary of Corrections based on the requirements of this section. If one or more other counties develop a unified public safety plan, the public safety coordinating council shall submit a single application to the department for funding. Continued contract funding shall be pursuant to subsection (5). The plan for a county or county consortium must cover at least a 5-year period and must include:

(a) A description of programs offered for the job placement and treatment of offenders in the community.

(b) A specification of community-based intermediate sentencing options to be offered and the types and number of offenders to be included in each program.

(c) Specific goals and objectives for reducing the projected percentage of commitments to the state prison system of persons with low total sentencing scores pursuant to the Criminal Punishment Code.

(d) Specific evidence of the population status of all programs which are part of the plan, which evidence establishes that such programs do not include offenders who otherwise would have been on a less intensive form of community supervision.

(e) The assessment of population status by the public safety coordinating council of all correctional facilities owned or contracted for by the county or by each county within the consortium.

(f) The assessment of bed space that is available for substance abuse intervention and treatment programs and the assessment of offenders in need of treatment who are committed to each correctional facility owned or contracted for by the county or by each county within the consortium.

(g) A description of program costs and sources of funds for each community corrections program, including community corrections funds, loans, state assistance, and other financial assistance.

Section 5. Subsections (1) and (7) of section 985.02, Florida Statutes, are amended to read:

985.02 Legislative intent for the juvenile justice system.—

(1) GENERAL PROTECTIONS FOR CHILDREN.—It is a purpose of the Legislature that the children of this state be provided with the following protections:

(a) Protection from abuse, neglect, and exploitation.

(b) A permanent and stable home.

(c) A safe and nurturing environment which will preserve a sense of personal dignity and integrity.

(d) Adequate nutrition, shelter, and clothing.

(e) Effective treatment to address physical, social, and emotional needs, regardless of geographical location.

(f) Equal opportunity and access to quality and effective education, which will meet the individual needs of each child, and to recreation and other community resources to develop individual abilities.

(g) Access to prevention programs and services.

(h) Sex-specific ~~Gender-specific~~ programming and sex-specific ~~gender-specific~~ program models and services that comprehensively address the needs of either sex ~~a targeted gender group~~.

(7) SEX-SPECIFIC ~~GENDER-SPECIFIC~~ PROGRAMMING.—

(a) The Legislature finds that the needs of children served by the juvenile justice system are sex-specific ~~gender-specific~~. A sex-specific ~~gender-specific~~ approach is one in which programs, services, and treatments comprehensively address the unique developmental needs of either sex ~~a targeted gender group~~ under the care of the department. Young women and men have different pathways to delinquency, display different patterns of offending, and respond differently to interventions, treatment, and services.

(b) Sex-specific ~~Gender-specific~~ interventions focus on the differences between young females' and young males' social roles and responsibilities, access to and use of resources, history of trauma, and reasons for interaction with the juvenile justice system. Sex-specific ~~Gender-specific~~ programs increase the effectiveness of programs by making interventions more appropriate to the specific needs of young women and men and ensuring that these programs do not unknowingly create, maintain, or reinforce sex ~~gender~~ roles or relations that may be damaging.

Section 6. Present subsections (46) through (54) of section 985.03, Florida Statutes, are redesignated as subsections (47) through (55), respectively, a new subsection (46) is added to that section, and subsections (14) and (44) and present subsection (50) of that section are amended, to read:

985.03 Definitions.—As used in this chapter, the term:

(14) "Day treatment" means a nonresidential, community-based program designed to provide therapeutic intervention to youth who are served by the department or~~,~~ placed on probation or conditional release~~, or committed to the minimum-risk nonresidential level~~. A day treatment program may provide educational and career and technical education services and shall provide case management services; individual, group, and family counseling; training designed to address delinquency risk factors; and monitoring of a youth's compliance with, and facilitation of a youth's completion of, sanctions if ordered by the court. Program types may include, but are not limited to, career programs, marine programs, juvenile justice alternative schools, training and rehabilitation programs, and sex-specific

~~gender-specific~~ programs.

(44) "Restrictiveness level" means the level of programming and security provided by programs that service the supervision, custody, care, and treatment needs of committed children. Sections 985.601(10) and 985.721 apply to children placed in programs at any residential commitment level. The restrictiveness levels of commitment are as follows:

(a) ~~*Minimum-risk nonresidential.—Programs or program models at this commitment level work with youth who remain in the community and participate at least 5 days per week in a day treatment program. Youth assessed and classified for programs at this commitment level represent a minimum risk to themselves and public safety and do not require placement and services in residential settings. Youth in this level have full access to, and reside in, the community. Youth who have been found to have committed delinquent acts that involve firearms, that are sexual offenses, or that would be life felonies or first degree felonies if committed by an adult may not be committed to a program at this level.*~~

~~(b)~~ *Moderate-risk* ~~*Nonsecure*~~ *residential.*—Programs or program models at this commitment level are residential but may allow youth to have supervised access to the community. Facilities at this commitment level are either environmentally secure, staff secure, or are hardware-secure with walls, fencing, or locking doors. Residential facilities at this commitment level shall have no more than 90 beds each, including campus-style programs, unless those campus-style programs include more than one treatment program using different treatment protocols, and have facilities that coexist separately

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

in distinct locations on the same property. Facilities at this commitment level shall provide 24-hour awake supervision, custody, care, and treatment of residents. Youth assessed and classified for placement in programs at this commitment level represent a low or moderate risk to public safety and require close supervision. The staff at a facility at this commitment level may seclude a child who is a physical threat to himself or herself or others. Mechanical restraint may also be used when necessary.

(b) ~~(c)~~ *High-risk residential.*—Programs or program models at this commitment level are residential and do not allow youth to have access to the community, except that temporary release providing community access for up to 72 continuous hours may be approved by a court for a youth who has made successful progress in his or her program in order for the youth to attend a family emergency or, during the final 60 days of his or her placement, to visit his or her home, enroll in school or a career and technical education program, complete a job interview, or participate in a community service project. High-risk residential facilities are hardware-secure with perimeter fencing and locking doors. Residential facilities at this commitment level shall have no more than 90 beds each, including campus-style programs, unless those campus-style programs include more than one treatment program using different treatment protocols, and have facilities that coexist separately in distinct locations on the same property. Facilities at this commitment level shall provide 24-hour awake supervision, custody, care, and treatment of residents. Youth assessed and classified for this level of placement require close supervision

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

in a structured residential setting. Placement in programs at this level is prompted by a concern for public safety that outweighs placement in programs at lower commitment levels. The staff at a facility at this commitment level may seclude a child who is a physical threat to himself or herself or others. Mechanical restraint may also be used when necessary. The facility may provide for single cell occupancy, except that youth may be housed together during prerelease transition.

(c) ~~(d)~~ *Maximum-risk residential.*—~~Programs or program models at this commitment level include juvenile correctional facilities and juvenile prisons.~~ The programs at this commitment level are long-term residential and do not allow youth to have access to the community. Facilities at this commitment level are maximum-custody, hardware-secure with perimeter security fencing and locking doors. Residential facilities at this commitment level shall have no more than 90 beds each, including campus-style programs, unless those campus-style programs include more than one treatment program using different treatment protocols, and have facilities that coexist separately in distinct locations on the same property. Facilities at this commitment level shall provide 24-hour awake supervision, custody, care, and treatment of residents. The staff at a facility at this commitment level may seclude a child who is a physical threat to himself or herself or others. Mechanical restraint may also be used when necessary. Facilities at this commitment level shall provide for single cell occupancy, except that youth may be housed together during prerelease transition. Youth assessed and classified for this level of placement require close supervision in a maximum security residential setting. Placement in a

program at this level is prompted by a demonstrated need to protect the public.

(46) "Sex" has the same meaning as in s. 553.865.

(51) ~~(50)~~ "Temporary release" means the terms and conditions under which a child is temporarily released from a residential commitment facility or allowed home visits. If the temporary release is from a moderate-risk ~~nonsecure~~ residential facility, a high-risk residential facility, or a maximum-risk residential facility, the terms and conditions of the temporary release must be approved by the child, the court, and the facility.

Section 7. Subsection (2) of section 985.115, Florida Statutes, is amended to read:

985.115 Release or delivery from custody.—

(2) Unless otherwise ordered by the court under s. 985.255 or s. 985.26, and unless there is a need to hold the child, a person taking a child into custody shall attempt to release the child as follows:

(a) To the child's parent, guardian, or legal custodian or, if the child's parent, guardian, or legal custodian is unavailable, unwilling, or unable to provide supervision for the child, to any responsible adult. Prior to releasing the child to a responsible adult, other than the parent, guardian, or legal custodian, the person taking the child into custody may conduct a criminal history background check of the person to whom the child is to be released. If the person has a prior felony conviction, or a conviction for child abuse, drug trafficking, or prostitution, that person is not a responsible adult for the purposes of this section. The person to whom the child is released shall agree to inform the department or the person

releasing the child of the child's subsequent change of address and to produce the child in court at such time as the court may direct, and the child shall join in the agreement.

(b) Contingent upon specific appropriation, to a shelter approved by the department or to an authorized agent.

(c) If the child is believed to be suffering from a serious physical condition which requires either prompt diagnosis or prompt treatment, to a law enforcement officer who shall deliver the child to a hospital for necessary evaluation and treatment.

(d) If the child is believed to be mentally ill as defined in s. 394.463(1), to a law enforcement officer who shall take the child to a designated public receiving facility as defined in s. 394.455 for examination under s. 394.463.

(e) If the child appears to be intoxicated and has threatened, attempted, or inflicted physical harm on himself or herself or another, or is incapacitated by substance abuse, to a law enforcement officer who shall deliver the child to a hospital, addictions receiving facility, or treatment resource.

(f) If available, to a juvenile assessment center equipped and staffed to assume custody of the child for the purpose of assessing the needs of the child in custody. The center may then release or deliver the child under this section with a copy of the assessment. A juvenile assessment center may not be considered a facility that can receive a child under paragraph (c), paragraph (d), or paragraph (e).

Section 8. Subsections (3) and (4) of section 985.126, Florida Statutes, are amended to read:

985.126 Diversion programs; data collection; denial of participation or expunged record.—

(3)(a) Beginning October 1, 2018, each diversion program shall submit data to the department which identifies for each minor participating in the diversion program:

1. The race, ethnicity, sex ~~gender~~, and age of that minor.

2. The offense committed, including the specific law establishing the offense.

3. The judicial circuit and county in which the offense was committed and the law enforcement agency that had contact with the minor for the offense.

4. Other demographic information necessary to properly register a case into the Juvenile Justice Information System Prevention Web, as specified by the department.

(b) Beginning October 1, 2018, each law enforcement agency shall submit to the department data that identifies for each minor who was eligible for a diversion program, but was instead referred to the department, provided a notice to appear, or arrested:

1. The data required pursuant to paragraph (a).

2. Whether the minor was offered the opportunity to participate in a diversion program. If the minor was:

a. Not offered such opportunity, the reason such offer was not made.

b. Offered such opportunity, whether the minor or his or her parent or legal guardian declined to participate in the diversion program.

(c) The data required pursuant to paragraph (a) shall be entered into the Juvenile Justice Information System Prevention Web within 7 days after the youth's admission into the program.

(d) The data required pursuant to paragraph (b) shall be

submitted on or with the arrest affidavit or notice to appear.

(4) Beginning January 1, 2019, the department shall compile and semiannually publish the data required by subsection (3) on the department's website in a format that is, at a minimum, sortable by judicial circuit, county, law enforcement agency, race, ethnicity, sex ~~gender~~, age, and offense committed.

Section 9. Subsection (3) of section 985.17, Florida Statutes, is amended to read:

985.17 Prevention services.—

(3) The department's prevention services for youth at risk of becoming delinquent should:

(a) Focus on preventing initial or further involvement of such youth in the juvenile justice system by including services such as literacy services, sex-specific ~~gender-specific~~ programming, recreational services, and after-school services, and should include targeted services to troubled, truant, ungovernable, abused, trafficked, or runaway youth. To decrease the likelihood that a youth will commit a delinquent act, the department should use mentoring and may provide specialized services addressing the strengthening of families, job training, and substance abuse.

(b) Address the multiple needs of such youth in order to decrease the prevalence of disproportionate minority representation in the juvenile justice system.

Section 10. Paragraph (a) of subsection (2) of section 985.26, Florida Statutes, is amended to read:

985.26 Length of detention.—

(2)(a)1. A court may order a child to be placed on supervised release detention care for any time period until an

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

adjudicatory hearing is completed. However, if a child has served 60 days on supervised release detention care, the court must conduct a hearing within 15 days after the 60th day, to determine the need for continued supervised release detention care. At the hearing, and upon good cause being shown that the nature of the charge requires additional time for the prosecution or defense of the case or that the totality of the circumstances, including the preservation of public safety, warrants an extension, the court may order the child to remain on supervised release detention care until the adjudicatory hearing is completed.

2. Except as provided in paragraph (b) or paragraph (c), a child may not be held in secure detention care under a special detention order for more than 21 days unless an adjudicatory hearing for the case has been commenced in good faith by the court.

3. This section does not prohibit a court from transitioning a child to and from secure detention care and supervised release detention care, including electronic monitoring, when the court finds such a placement necessary, or no longer necessary, to preserve public safety or to ensure the child's safety, appearance in court, or compliance with a court order. Such transition may be initiated upon the court's own motion, or upon a motion of the child or of the state, and after considering any information provided by the department regarding the child's adjustment to detention supervision. Each period of secure detention care or supervised release detention care counts toward the time limitations in this subsection whether served consecutively or nonconsecutively.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Section 11. Section 985.27, Florida Statutes, is amended to read:

985.27 Postdisposition detention while awaiting residential commitment placement.—The court must place all children who are adjudicated and awaiting placement in a moderate-risk ~~nonsecure~~, high-risk, or maximum-risk residential commitment program in secure detention care until the placement or commitment is accomplished.

Section 12. Subsection (2) of section 985.441, Florida Statutes, is amended, and paragraph (b) of subsection (1) and subsection (4) of that section are reenacted, to read:

985.441 Commitment.—

(1) The court that has jurisdiction of an adjudicated delinquent child may, by an order stating the facts upon which a determination of a sanction and rehabilitative program was made at the disposition hearing:

(b) Commit the child to the department at a restrictiveness level defined in s. 985.03. Such commitment must be for the purpose of exercising active control over the child, including, but not limited to, custody, care, training, monitoring for substance abuse, electronic monitoring, and treatment of the child and release of the child from residential commitment into the community in a postcommitment nonresidential conditional release program. If the child is not successful in the conditional release program, the department may use the transfer procedure under subsection (4).

(2) Notwithstanding subsection (1), the court having jurisdiction over an adjudicated delinquent child whose offense is a misdemeanor, or a child who is currently on probation for a

misdemeanor, may not commit the child for any misdemeanor offense or any probation violation that is technical in nature and not a new violation of law at a restrictiveness level other than minimum-risk nonresidential. However, the court may commit such child to a moderate-risk ~~nonsecure~~ residential placement if:

(a) The child has previously been adjudicated or had adjudication withheld for a felony offense;

(b) The child has previously been adjudicated or had adjudication withheld for three or more misdemeanor offenses within the previous 18 months;

(c) The child is before the court for disposition for a violation of s. 800.03, s. 806.031, or s. 828.12; or

(d) The court finds by a preponderance of the evidence that the protection of the public requires such placement or that the particular needs of the child would be best served by such placement. Such finding must be in writing.

(4) The department may transfer a child, when necessary to appropriately administer the child's commitment, from one facility or program to another facility or program operated, contracted, subcontracted, or designated by the department, including a postcommitment nonresidential conditional release program, except that the department may not transfer any child adjudicated solely for a misdemeanor to a residential program except as provided in subsection (2). The department shall notify the court that committed the child to the department and any attorney of record for the child, in writing, of its intent to transfer the child from a commitment facility or program to another facility or program of a higher or lower restrictiveness

level. If the child is under the jurisdiction of a dependency court, the department shall also provide notice to the dependency court and the Department of Children and Families, and, if appointed, the Guardian Ad Litem Program and the child's attorney ad litem. The court that committed the child may agree to the transfer or may set a hearing to review the transfer. If the court does not respond within 10 days after receipt of the notice, the transfer of the child shall be deemed granted.

Section 13. Section 985.465, Florida Statutes, is amended to read:

985.465 Maximum-risk residential ~~Juvenile correctional~~ facilities ~~or juvenile prison~~.—A maximum-risk ~~juvenile correctional~~ facility ~~or juvenile prison~~ is a physically secure residential commitment program with a designated length of stay from 18 months to 36 months, primarily serving children 13 years of age to 19 years of age or until the jurisdiction of the court expires. Each child committed to this level must meet one of the following criteria:

(1) The child is at least 13 years of age at the time of the disposition for the current offense and has been adjudicated on the current offense for:

(a) Arson;

(b) Sexual battery;

(c) Robbery;

(d) Kidnapping;

(e) Aggravated child abuse;

(f) Aggravated assault;

(g) Aggravated stalking;

(h) Murder;

(i) Manslaughter;

(j) Unlawful throwing, placing, or discharging of a destructive device or bomb;

(k) Armed burglary;

(l) Aggravated battery;

(m) Carjacking;

(n) Home-invasion robbery;

(o) Burglary with an assault or battery;

(p) Any lewd or lascivious offense committed upon or in the presence of a person less than 16 years of age; or

(q) Carrying, displaying, using, threatening to use, or attempting to use a weapon or firearm during the commission of a felony.

(2) The child is at least 13 years of age at the time of the disposition, the current offense is a felony, and the child has previously been committed three or more times to a delinquency commitment program.

(3) The child is at least 13 years of age and is currently committed for a felony offense and transferred from a moderate-risk or high-risk residential commitment placement.

(4) The child is at least 13 years of age at the time of the disposition for the current offense, the child is eligible for prosecution as an adult for the current offense, and the current offense is ranked at level 7 or higher on the Criminal Punishment Code offense severity ranking chart pursuant to s. 921.0022.

Section 14. Paragraph (a) of subsection (3) of section 985.601, Florida Statutes, is amended, and subsection (12) is added to that section, to read:

985.601 Administering the juvenile justice continuum.—

(3)(a) The department shall develop or contract for diversified and innovative programs to provide rehabilitative treatment, including early intervention and prevention, diversion, comprehensive intake, case management, diagnostic and classification assessments, trauma-informed care, individual and family counseling, family engagement resources and programs, sex-specific ~~gender-specific~~ programming, shelter care, diversified detention care emphasizing alternatives to secure detention, diversified probation, halfway houses, foster homes, community-based substance abuse treatment services, community-based mental health treatment services, community-based residential and nonresidential programs, mother-infant programs, and environmental programs. The department may pay expenses in support of innovative programs and activities that address identified needs and the well-being of children in the department's care or under its supervision, subject to the requirements of chapters 215, 216, and 287. Each program shall place particular emphasis on reintegration and conditional release for all children in the program.

(12) The department may use state or federal funds to purchase and distribute promotional and educational materials that are consistent with the dignity and integrity of the state for all of the following purposes:

(a) Educating children and families about the juvenile justice continuum, including local prevention programs or community services available for participation or enrollment.

(b) Staff recruitment at job fairs, career fairs, community events, the Institute for Commercialization of Florida

Technology, community college campuses, or state university campuses.

(c) Educating children and families on children-specific public safety issues, including, but not limited to, safe storage of adult-owned firearms, consequences of child firearm offenses, human trafficking, or drug and alcohol abuse.

Section 15. Paragraph (b) of subsection (4) of section 985.619, Florida Statutes, is amended to read:

985.619 Florida Scholars Academy.—

(4) GOVERNING BODY; POWERS AND DUTIES.—

(b) The board of trustees shall have the following powers and duties:

1. Meet at least 4 times each year, upon the call of the chair, or at the request of a majority of the membership.

2. Be responsible for the Florida Scholars Academy's development of an education delivery system that is cost-effective, high-quality, educationally sound, and capable of sustaining an effective delivery system.

3.a. Identify appropriate performance measures and standards based on student achievement which reflect the school's statutory mission and priorities, and implement an accountability system approved by the State Board of Education for the school by the 2024-2025 school year which includes an assessment of its effectiveness and efficiency in providing quality services that encourage high student achievement, seamless articulation, and maximum access to career opportunities.

b. For the 2024-2025 school year, the results of the accountability system must serve as an informative baseline for

the academy as it works to improve performance in future years.

4. Administer and maintain the educational programs of the Florida Scholars Academy in accordance with law and department rules, in consultation with the State Board of Education.

5. With the approval of the secretary of the department or his or her designee, determine the compensation, including salaries and fringe benefits, and other conditions of employment for such personnel, in alignment with the Florida Scholars Academy's provider contracts.

6. The employment of all Florida Scholars Academy administrative and instructional personnel are subject to rejection for cause by the secretary of the department or his or her designee and are subject to policies established by the board of trustees.

7. Provide for the content and custody of student records in compliance with s. 1002.22.

8. Maintain the financial records and accounts of the Florida Scholars Academy in compliance with rules adopted by the State Board of Education for the uniform system of financial records and accounts for the schools of this state.

9. Is a body corporate with all the powers of a body corporate and may exercise such authority as is needed for the proper operation and improvement of the Florida Scholars Academy. The board of trustees is specifically authorized to adopt rules, policies, and procedures, consistent with law and State Board of Education rules related to governance, personnel, budget and finance, administration, programs, curriculum and instruction, travel and purchasing, technology, students, contracts and grants, and property as necessary for optimal,

efficient operation of the Florida Scholars Academy.

10. Notwithstanding any rule to the contrary, review and approve an annual academic calendar to provide educational services to youth for a school year composed of 250 days or 1,250 hours of instruction for students enrolled in a traditional K-12 education pathway, distributed over 12 months. The board of trustees may decrease the minimum number of days for instruction by up to 20 days or 100 hours for teacher planning.

Section 16. Section 985.664, Florida Statutes, is amended to read:

985.664 Juvenile justice circuit advisory boards.—

(1) Each judicial circuit in this state shall have ~~There is authorized~~ a juvenile justice circuit advisory board ~~to be established in each of the 20 judicial circuits~~. The ~~Except in single-county circuits, each~~ juvenile justice circuit advisory board shall work with the chief probation officer of the circuit to use data to inform policies and practices that better improve the juvenile justice continuum ~~have a county organization representing each of the counties in the circuit~~. ~~The county organization shall report directly to the juvenile justice circuit advisory board on the juvenile justice needs of the county. The purpose of each juvenile justice circuit advisory board is to provide advice and direction to the department in the development and implementation of juvenile justice programs and to work collaboratively with the department in seeking program improvements and policy changes to address the emerging and changing needs of Florida's youth who are at risk of delinquency.~~

(2) ~~The duties and responsibilities of a juvenile justice circuit advisory board include, but are not limited to:~~

~~(a) Developing a comprehensive plan for the circuit. The initial circuit plan shall be submitted to the department no later than December 31, 2014, and no later than June 30 every 3 years thereafter. The department shall prescribe a format and content requirements for the submission of the comprehensive plan.~~

~~(b) Participating in the facilitation of interagency cooperation and information sharing.~~

~~(c) Providing recommendations for public or private grants to be administered by one of the community partners that support one or more components of the comprehensive circuit plan.~~

~~(d) Providing recommendations to the department in the evaluation of prevention and early intervention grant programs, including the Community Juvenile Justice Partnership Grant program established in s. 985.676 and proceeds from the Invest in Children license plate annual use fees.~~

~~(e) Providing an annual report to the department describing the board's activities. The department shall prescribe a format and content requirements for submission of annual reports. The annual report must be submitted to the department no later than August 1 of each year.~~

~~(3)~~ Each juvenile justice circuit advisory board shall have a minimum of 14 ~~16~~ members. The membership of each board must reflect:

(a) The circuit's geography and population distribution.

(b) Diversity in the judicial circuit.

(3)~~(4)~~ Each member of the juvenile justice circuit advisory

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

board must be approved by the chief probation officer of the circuit ~~Secretary of Juvenile Justice~~, except those members listed in paragraphs (a), (b), (c), (e), (f), (g), and (h). The juvenile justice circuit advisory boards established under subsection (1) must include as members:

(a) The state attorney or his or her designee.

(b) The public defender or his or her designee.

(c) The chief judge or his or her designee.

(d) A representative of the corresponding circuit or regional entity of the Department of Children and Families.

(e) The sheriff or the sheriff's designee from each county in the circuit.

(f) A police chief or his or her designee from each county in the circuit.

(g) A county commissioner or his or her designee from each county in the circuit.

(h) The superintendent of each school district in the circuit or his or her designee.

(i) A representative from the workforce organization of each county in the circuit.

(j) A representative of the business community.

(k) A youth representative who has had an experience with the juvenile justice system and is not older than 21 years of age.

(l) A representative of the faith community.

(m) A health services representative who specializes in mental health care, victim-service programs, or victims of crimes.

(n) A parent or family member of a youth who has been

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

involved with the juvenile justice system.

(o) Up to three ~~five~~ representatives from ~~any of~~ the community ~~following who are not otherwise represented in this subsection:~~

~~1. Community leaders.~~

~~2. Youth-serving coalitions~~.

(4) ~~(5)~~ The chief probation officer in each circuit shall serve as the chair of the juvenile justice circuit advisory board for that circuit ~~When a vacancy in the office of the chair occurs, the juvenile justice circuit advisory board shall appoint a new chair, who must meet the board membership requirements in subsection (4). The chair shall appoint members to vacant seats within 45 days after the vacancy and submit the appointments to the department for approval. The chair shall serve at the pleasure of the Secretary of Juvenile Justice.~~

~~(6) A member may not serve more than three consecutive 2-year terms, except those members listed in paragraphs (4)(a), (b), (c), (e), (f), (g), and (h). A former member who has not served on the juvenile justice circuit advisory board for 2 years is eligible to serve on the juvenile justice circuit advisory board again.~~

~~(7) At least half of the voting members of the juvenile justice circuit advisory board constitutes a quorum. A quorum must be present in order for the board to vote on a measure or position.~~

~~(8) In order for a juvenile justice circuit advisory board measure or position to pass, it must receive more than 50 percent of the vote.~~

~~(9) Each juvenile justice circuit advisory board must~~

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

~~provide for the establishment of an executive committee of not more than 10 members. The duties and authority of the executive committee must be addressed in the bylaws.~~

~~(10) Each juvenile justice circuit advisory board shall have bylaws. The department shall prescribe a format and content requirements for the bylaws. All bylaws must be approved by the department. The bylaws shall address at least the following issues: election or appointment of officers; filling of vacant positions; meeting attendance requirements; and the establishment and duties of an executive committee.~~

~~(11) Members of juvenile justice circuit advisory boards are subject to part III of chapter 112.~~

Section 17. Subsections (1) and (2) of section 985.676, Florida Statutes, are amended to read:

985.676 Community juvenile justice partnership grants.—

(1) GRANTS; CRITERIA.—

(a) In order to encourage the development of a circuit juvenile justice plan ~~and the development and implementation of circuit interagency agreements under s. 985.664~~, the community juvenile justice partnership grant program is established and shall be administered by the department.

(b) In awarding these grants, the department shall consider applications that at a minimum provide for the following:

1. The participation of the agencies and programs needed to implement the project or program for which the applicant is applying;

2. The reduction of truancy and in-school and out-of-school suspensions and expulsions, the enhancement of school safety, and other delinquency early-intervention and diversion services;

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

3. The number of youths from 10 through 17 years of age within the geographic area to be served by the program, giving those geographic areas having the highest number of youths from 10 to 17 years of age priority for selection;

4. The extent to which the program targets high-juvenile-crime neighborhoods and those public schools serving juveniles from high-crime neighborhoods;

5. The validity and cost-effectiveness of the program; and

6. The degree to which the program is located in and managed by local leaders of the target neighborhoods and public schools serving the target neighborhoods.

(c) In addition, the department may consider the following criteria in awarding grants:

1. The circuit juvenile justice plan and any county juvenile justice plans that are referred to or incorporated into the circuit plan, including a list of individuals, groups, and public and private entities that participated in the development of the plan.

2. The diversity of community entities participating in the development of the circuit juvenile justice plan.

3. The number of community partners who will be actively involved in the operation of the grant program.

4. The number of students or youths to be served by the grant and the criteria by which they will be selected.

5. The criteria by which the grant program will be evaluated and, if deemed successful, the feasibility of implementation in other communities.

(2) GRANT APPLICATION PROCEDURES.—

(a) Each entity wishing to apply for an annual community

juvenile justice partnership grant, which may be renewed for a maximum of 2 additional years for the same provision of services, shall submit a grant proposal for funding or continued funding to the department. The department shall establish the grant application procedures. In order to be considered for funding, the grant proposal shall include the following assurances and information:

1. ~~A letter from the chair of the juvenile justice circuit board confirming that the grant application has been reviewed and found to support one or more purposes or goals of the juvenile justice plan as developed by the board.~~

~~2.~~ A rationale and description of the program and the services to be provided, including goals and objectives.

2.~~3.~~ A method for identification of the juveniles most likely to be involved in the juvenile justice system who will be the focus of the program.

3.~~4.~~ Provisions for the participation of parents and guardians in the program.

4.~~5.~~ Coordination with other community-based and social service prevention efforts, including, but not limited to, drug and alcohol abuse prevention and dropout prevention programs, that serve the target population or neighborhood.

5.~~6.~~ An evaluation component to measure the effectiveness of the program in accordance with s. 985.632.

6.~~7.~~ A program budget, including the amount and sources of local cash and in-kind resources committed to the budget. The proposal must establish to the satisfaction of the department that the entity will make a cash or in-kind contribution to the program of a value that is at least equal to 20 percent of the

amount of the grant.

7.~~8.~~ The necessary program staff.

(b) The department shall consider the recommendations of community stakeholders ~~the juvenile justice circuit advisory board~~ as to the priority that should be given to proposals submitted by entities within a circuit in awarding such grants.

(c) The department shall make available, to anyone wishing to apply for such a grant, information on all of the criteria to be used in the selection of the proposals for funding pursuant to the provisions of this subsection.

(d) The department shall review all program proposals submitted. Entities submitting proposals shall be notified of approval not later than June 30 of each year.

(e) Each entity that is awarded a grant as provided for in this section shall submit an annual evaluation report to the department and~~,~~ the circuit juvenile justice manager, ~~and the juvenile justice circuit advisory board,~~ by a date subsequent to the end of the contract period established by the department, documenting the extent to which the program objectives have been met, the effect of the program on the juvenile arrest rate, and any other information required by the department. The department shall coordinate and incorporate all such annual evaluation reports with s. 985.632. Each entity is also subject to a financial audit and a performance audit.

(f) The department may establish rules and policy provisions necessary to implement this section.

Section 18. Paragraph (a) of subsection (14) of section 1003.01, Florida Statutes, is amended to read:

1003.01 Definitions.—As used in this chapter, the term:

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

(14)(a) "Juvenile justice education programs or schools" means programs or schools operating for the purpose of providing educational services to youth in Department of Juvenile Justice programs, for a school year composed of 250 days of instruction, or the equivalent expressed in hours as specified in State Board of Education rule, distributed over 12 months. If the period of operation is expressed in hours, the State Board of Education must review the calculation annually. ~~The use of the equivalent expressed in hours is only applicable to nonresidential programs. At the request of the provider,~~ A district school board, including an educational entity under s. 985.619, may decrease the minimum number of days of instruction by ~~up to 10 days for teacher planning for residential programs and~~ up to 20 days or equivalent hours as specified in the State Board of Education rule for teacher planning ~~for nonresidential programs~~, subject to the approval of the Department of Juvenile Justice and the Department of Education.

Section 19. Subsections (2) through (5) of section 1003.51, Florida Statutes, are amended to read:

1003.51 Other public educational services.—

(2) The State Board of Education shall adopt rules articulating expectations for effective education programs for students in Department of Juvenile Justice programs, including, but not limited to, education programs in juvenile justice prevention, day treatment, ~~residential,~~ and detention programs. The rules ~~rule~~ shall establish policies and standards for education programs for students in Department of Juvenile Justice programs and shall include the following:

(a) The interagency collaborative process needed to ensure

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

effective programs with measurable results.

(b) The responsibilities of the Department of Education, the Department of Juvenile Justice, CareerSource Florida, Inc., district school boards, and providers of education services to students in Department of Juvenile Justice programs.

(c) Academic expectations.

(d) Career expectations.

(e) Education transition planning and services.

(f) Service delivery options available to district school boards, including direct service and contracting.

(g) Assessment procedures, which:

1. For prevention and~~,~~ day treatment, ~~and residential programs,~~ include appropriate academic and career assessments administered at program entry and exit that are selected by the district school board ~~Department of Education~~ in partnership with representatives from the Department of Education, the Department of Juvenile Justice, ~~district school boards,~~ and education providers. ~~Assessments must be completed within the first 10 school days after a student's entry into the program.~~

2. Provide for determination of the areas of academic need and strategies for appropriate intervention and instruction for each student in a detention facility within 5 school days after the student's entry into the program and administer a research-based assessment that will assist the student in determining his or her educational and career options and goals ~~within 22 school days after the student's entry into the program~~.

The results of these assessments, together with a portfolio depicting the student's academic and career accomplishments,

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

shall be included in the discharge packet assembled for each student.

(h) Recommended instructional programs, using course delivery models aligned to the state academic standards. Options may include direct instruction, blended learning pursuant to s. 1011.61(1), or district virtual instruction programs, virtual charter schools, Florida Virtual School (FLVS), virtual course offerings, and district franchises of FLVS pursuant to ss. 1002.33, 1002.37, 1002.45, 1002.455, 1003.498, and 1011.62(1), and credit recovery course procedures including, but not limited to:

1. Secondary education.

2. High school equivalency examination preparation.

3. Postsecondary education.

4. Career and technical ~~professional~~ education ~~(CAPE)~~.

5. Job preparation.

6. Virtual education that:

a. Provides competency-based instruction that addresses the unique academic needs of the student through delivery by an entity accredited by a Department of Education-approved accrediting body ~~AdvancED or the Southern Association of Colleges and Schools~~.

b. Confers certifications and diplomas.

c. Issues credit that articulates with and transcripts that are recognized by secondary schools.

d. Allows the student to continue to access and progress through the program once the student leaves the juvenile justice system.

(i) Funding requirements, which must provide that at least

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

95 percent of the FEFP funds generated by students in Department of Juvenile Justice programs or in an education program for juveniles under s. 985.19 must be spent on instructional costs for those students. Department of Juvenile Justice education programs are entitled to 100 percent of the formula-based categorical funds generated by students in Department of Juvenile Justice programs. Such funds must be spent on appropriate categoricals, such as instructional materials and public school technology for those students.

(j) Qualifications of instructional staff, procedures for the selection of instructional staff, and procedures for consistent instruction and qualified staff year-round. Qualifications shall include those for instructors of career and technical education ~~CAPE~~ courses, standardized across the state, and shall be based on state certification, local school district approval, and industry-recognized certifications as identified on the Master Credential ~~CAPE Industry Certification Funding~~ List. Procedures for the use of noncertified instructional personnel who possess expert knowledge or experience in their fields of instruction shall be established.

(k) Transition services, including the roles and responsibilities of appropriate personnel in the juvenile justice education program, the school district where the student will reenter, provider organizations, and the Department of Juvenile Justice.

(l) Procedures and timeframe for transfer of education records when a student enters and leaves a Department of Juvenile Justice education program.

(m) The requirement that each district school board

maintain an academic transcript for each student enrolled in a juvenile justice education program that delineates each course completed by the student as provided by the State Course Code Directory.

(n) The requirement that each district school board make available and transmit a copy of a student's transcript in the discharge packet when the student exits a juvenile justice education program.

(o) Contract requirements.

(p) Accountability and school improvement requirements as public alternative schools pursuant to ss. 1008.31, 1008.34, 1008.341, and 1008.345 ~~Performance expectations for providers and district school boards, including student performance measures by type of program, education program performance ratings, school improvement, and corrective action plans for low-performing programs~~.

(q) The role and responsibility of the district school board in securing workforce development funds.

(r) ~~A series of graduated sanctions for district school boards whose educational programs in Department of Juvenile Justice programs are considered to be unsatisfactory and for instances in which district school boards fail to meet standards prescribed by law, rule, or State Board of Education policy. These sanctions shall include the option of requiring a district school board to contract with a provider or another district school board if the educational program at the Department of Juvenile Justice program is performing below minimum standards and, after 6 months, is still performing below minimum standards.~~

~~(s)~~ Curriculum, school ~~guidance~~ counseling, transition, and education services expectations, including curriculum flexibility for detention centers operated by the Department of Juvenile Justice.

(s) ~~(t)~~ Other aspects of program operations.

(3) The Department of Education in partnership with the Department of Juvenile Justice, the district school boards, and providers shall:

(a) Develop and implement requirements for contracts and cooperative agreements regarding the delivery of appropriate education services to students in Department of Juvenile Justice education programs. The minimum contract requirements shall include, but are not limited to, payment structure and amounts; access to district services; contract management provisions; data reporting requirements, including reporting of full-time equivalent student membership; accountability requirements and corrective action plans, if needed; administration of federal programs such as Title I, exceptional student education, and the federal Strengthening Career and Technical Education for the 21st Century Act ~~Carl D. Perkins Career and Technical Education Act of 2006~~; and the policy and standards included in subsection (2).

(b) Develop and implement procedures for transitioning students into and out of Department of Juvenile Justice education programs. These procedures shall reflect the policy and standards adopted pursuant to subsection (2).

(c) Maintain standardized required content of education records to be included as part of a student's commitment record and procedures for securing the student's records. The education

records shall include, but not be limited to, the following:

1. A copy of the student's individual educational plan, Section 504 plan, or behavioral plan, if applicable.

2. A copy of the student's individualized progress monitoring plan.

3. A copy of the student's individualized transition plan.

4. Data on student performance on assessments taken according to s. 1008.22.

5. A copy of the student's permanent cumulative record.

6. A copy of the student's academic transcript.

7. A portfolio reflecting the student's academic accomplishments and industry certification earned, when age appropriate, while in the Department of Juvenile Justice program.

(d) Establish the roles and responsibilities of the juvenile probation officer and others involved in the withdrawal of the student from school and assignment to a juvenile justice education program.

(4) Each district school board shall:

(a) Notify students in juvenile justice education programs who attain the age of 16 years of the law regarding compulsory school attendance and make available the option of enrolling in an education program to attain a Florida high school diploma by taking the high school equivalency examination before release from the program. The Department of Education shall assist juvenile justice education programs with becoming high school equivalency examination centers.

(b) Respond to requests for student education records received from another district school board or a juvenile

justice education program within 3 ~~5~~ working days after receiving the request.

(c) Provide access to courses offered pursuant to ss. 1002.37, 1002.45, 1002.455, and 1003.498. School districts and providers may enter into cooperative agreements for the provision of curriculum associated with courses offered pursuant to s. 1003.498 to enable providers to offer such courses.

(d) Complete the assessment process required by subsection (2).

(e) Monitor compliance with contracts for education programs for students in juvenile justice prevention, day treatment, ~~residential,~~ and detention programs.

(5) The Department of Education shall issue an alternative school improvement rating for prevention and day treatment prevention juvenile justice education programs, pursuant to s. 1008.341 ~~establish and operate, either directly or indirectly through a contract, a mechanism to provide accountability measures that annually assesses and evaluates all juvenile justice education programs using student performance data and program performance ratings by type of program and shall provide technical assistance and related research to district school boards and juvenile justice education providers. The Department of Education, with input from the Department of Juvenile Justice, school districts, and education providers, shall develop annual recommendations for system and school improvement~~.

Section 20. Section 1003.52, Florida Statutes, is amended to read:

1003.52 Educational services in Department of Juvenile

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Justice programs.—

(1) The Department of Education shall serve as the lead agency for juvenile justice education programs, curriculum, support services, and resources. To this end, the Department of Education and the Department of Juvenile Justice shall each designate a Coordinator for Juvenile Justice Education Programs to serve as the point of contact for resolving issues not addressed by district school boards and to provide each department's participation in the following activities:

(a) Training, collaborating, and coordinating with district school boards, local workforce development boards, ~~and local youth councils,~~ educational contract providers, and juvenile justice providers, whether state operated or contracted.

(b) Collecting information on the academic, career and technical ~~professional~~ education ~~(CAPE)~~, and transition performance of students in juvenile justice programs and reporting on the results.

(c) Developing academic and career and technical education ~~CAPE~~ protocols that provide guidance to district school boards and juvenile justice education providers in all aspects of education programming, including records transfer and transition.

~~(d) Implementing a joint accountability, program performance, and program improvement process.~~

Annually, a cooperative agreement and plan for juvenile justice education service enhancement shall be developed between the Department of Juvenile Justice and the Department of Education and submitted to the Secretary of Juvenile Justice and the

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Commissioner of Education by June 30. The plan shall include, at a minimum, each agency's role regarding educational program accountability, technical assistance, training, and coordination of services.

(2) Students participating in Department of Juvenile Justice education programs pursuant to chapter 985 which are sponsored by a community-based agency or are operated or contracted for by the Department of Juvenile Justice shall receive education programs according to rules of the State Board of Education. These students shall be eligible for services afforded to students enrolled in programs pursuant to s. 1003.53 and all corresponding State Board of Education rules.

(3) The district school board of the county in which the juvenile justice education prevention, day treatment, ~~residential,~~ or detention program is located shall provide or contract for appropriate educational assessments and an appropriate program of instruction and special education services.

(a) All contracts between a district school board desiring to contract directly with juvenile justice education programs to provide academic instruction for students in such programs must be in writing and reviewed by the Department of Juvenile Justice. Unless both parties agree to an extension of time, the district school board and the juvenile justice education program shall negotiate and execute a new or renewal contract within 40 days after the district school board provides the proposal to the juvenile justice education program. The Department of Education shall provide mediation services for any disputes relating to this paragraph.

(b) District school boards shall satisfy invoices issued by juvenile justice education programs within 15 working days after receipt. If a district school board does not timely issue a warrant for payment, it must pay to the juvenile justice education program interest at a rate of 1 percent per month, calculated on a daily basis, on the unpaid balance until such time as a warrant is issued for the invoice and accrued interest amount. The district school board may not delay payment to a juvenile justice education program of any portion of funds owed pending the district's receipt of local funds.

(c) The district school board shall make provisions for each student to participate in basic career and technical education~~, CAPE,~~ and exceptional student programs, as appropriate. Students served in Department of Juvenile Justice education programs shall have access to the appropriate courses and instruction to prepare them for the high school equivalency examination. Students participating in high school equivalency examination preparation programs shall be funded at the basic program cost factor for Department of Juvenile Justice programs in the Florida Education Finance Program. Each program shall be conducted according to applicable law providing for the operation of public schools and rules of the State Board of Education. School districts shall provide the high school equivalency examination exit option for all juvenile justice education programs, except for residential programs operated under s. 985.619.

(d) The district school board shall select appropriate academic and career assessments to be administered at the time of program entry and exit for the purpose of developing goals

for education transition plans, progress monitoring plans, individual education plans, as applicable, and federal reporting, as applicable ~~The Department of Education, with the assistance of the school districts and juvenile justice education providers, shall select a common student assessment instrument and protocol for measuring student learning gains and student progression while a student is in a juvenile justice education program. The Department of Education and the Department of Juvenile Justice shall jointly review the effectiveness of this assessment and implement changes as necessary~~.

(4) Educational services shall be provided at times of the day most appropriate for the juvenile justice program. School programming in juvenile justice detention, prevention, or day treatment~~, and residential~~ programs shall be made available by the local school district during the juvenile justice school year, as provided in s. 1003.01(14). In addition, students in juvenile justice education programs shall have access to courses offered pursuant to ss. 1002.37, 1002.45, and 1003.498. The Department of Education and the school districts shall adopt policies necessary to provide such access.

(5) The educational program shall provide instruction based on each student's individualized transition plan, assessed educational needs, and the education programs available in the school district in which the student will return. Depending on the student's needs, educational programming may consist of remedial courses, academic courses required for grade advancement, career and technical education ~~CAPE courses~~, high school equivalency examination preparation, or exceptional

student education curricula and related services which support the transition goals and reentry and which may lead to completion of the requirements for receipt of a high school diploma or its equivalent. Prevention and day treatment juvenile justice education programs, at a minimum, shall provide career readiness and exploration opportunities as well as truancy and dropout prevention intervention services. ~~Residential juvenile justice education programs with a contracted minimum length of stay of 9 months shall provide CAPE courses that lead to preapprentice certifications and industry certifications. Programs with contracted lengths of stay of less than 9 months may provide career education courses that lead to preapprentice certifications and CAPE industry certifications. If the duration of a program is less than 40 days, the educational component may be limited to tutorial remediation activities, career employability skills instruction, education counseling, and transition services that prepare students for a return to school, the community, and their home settings based on the students' needs.~~

(6) Participation in the program by students of compulsory school-attendance age as provided for in s. 1003.21 shall be mandatory. All students of noncompulsory school-attendance age who have not received a high school diploma or its equivalent shall participate in the educational program, unless the student files a formal declaration of his or her intent to terminate school enrollment as described in s. 1003.21 and is afforded the opportunity to take the high school equivalency examination and attain a Florida high school diploma before release from a juvenile justice education program. A student who has received a

high school diploma or its equivalent and is not employed shall participate in workforce development ~~or other CAPE education~~ or Florida College System institution or university courses while in the program, subject to available funding.

(7) An individualized progress monitoring plan shall be developed for all students ~~not classified as exceptional education students~~ upon entry in a juvenile justice education program and upon reentry in the school district. These plans shall address academic, literacy, and career and technical skills and shall include provisions for intensive remedial instruction in the areas of weakness.

(8) Each district school board shall maintain an academic record for each student enrolled in a juvenile justice education program as prescribed by s. 1003.51. Such record shall delineate each course completed by the student according to procedures in the State Course Code Directory. The district school board shall include a copy of a student's academic record in the discharge packet when the student exits the program.

(9) Each district school board shall make provisions for high school level students to earn credits toward high school graduation while in ~~residential and nonresidential~~ juvenile justice detention, prevention, or day treatment education programs. Provisions must be made for the transfer of credits and partial credits earned.

(10) School districts and juvenile justice education providers shall develop individualized transition plans during the course of a student's stay in a juvenile justice education program to coordinate academic, career and technical, and secondary and postsecondary services that assist the student in

successful community reintegration upon release. Development of the transition plan shall be a collaboration of the personnel in the juvenile justice education program, reentry personnel, personnel from the school district where the student will return, the student, the student's family, and the Department of Juvenile Justice ~~personnel for committed students~~.

(a) Transition planning must begin upon a student's placement in the program. The transition plan must include, at a minimum:

1. Services and interventions that address the student's assessed educational needs and postrelease education plans.

2. Services to be provided during the program stay and services to be implemented upon release, including, but not limited to, continuing education in secondary school, career and technical education ~~CAPE programs~~, postsecondary education, or employment, based on the student's needs.

3. Specific monitoring responsibilities to determine whether the individualized transition plan is being implemented and the student is provided access to support services that will sustain the student's success by individuals who are responsible for the reintegration and coordination of these activities.

(b) For the purpose of transition planning and reentry services, representatives from the school district and the one-stop center where the student will return shall participate as members of the local Department of Juvenile Justice reentry teams. The school district, upon return of a student from a juvenile justice education program, must consider the individual needs and circumstances of the student and the transition plan recommendations when reenrolling a student in a public school. A

local school district may not maintain a standardized policy for all students returning from a juvenile justice program but place students based on their needs and their performance in the juvenile justice education program, including any virtual education options.

(c) The Department of Education and the Department of Juvenile Justice shall provide oversight and guidance to school districts, education providers, and reentry personnel on how to implement effective educational transition planning and services.

(11) The district school board shall recruit and train teachers who are ~~interested,~~ qualified~~, or experienced~~ in educating students in juvenile justice programs. Students in juvenile justice programs shall be provided a wide range of education programs and opportunities including instructional materials ~~textbooks~~, technology, instructional support, and resources commensurate with resources provided to students in public schools, including instructional materials ~~textbooks~~ and access to technology. If the district school board operates a juvenile justice education program at a juvenile justice facility, the district school board, in consultation with the director of the juvenile justice facility, shall select the instructional personnel assigned to that program. The Secretary of Juvenile Justice or the director of a juvenile justice program may request that the performance of a teacher assigned by the district to a juvenile justice education program be reviewed by the district and that the teacher be reassigned based upon an evaluation conducted pursuant to s. 1012.34 or for inappropriate behavior. Juvenile justice education programs

shall have access to the substitute teacher pool used by the district school board.

(12) District school boards may contract with a private provider for the provision of education programs to students placed in juvenile justice detention, prevention, or day treatment programs with the Department of Juvenile Justice and shall generate local, state, and federal funding, including funding through the Florida Education Finance Program for such students. The district school board's planning and budgeting process shall include the needs of Department of Juvenile Justice education programs in the district school board's plan for expenditures for state categorical and federal funds.

(13)(a) Eligible students enrolled in juvenile justice detention, prevention, or day treatment education programs shall be funded the same as students enrolled in traditional public schools funded in the Florida Education Finance Program and as specified in s. 1011.62 and the General Appropriations Act.

(b) Juvenile justice education programs to receive the appropriate FEFP funding for Department of Juvenile Justice education programs shall include those operated through a contract with the Department of Juvenile Justice.

(c) Consistent with the rules of the State Board of Education, district school boards shall request an alternative FTE survey for Department of Juvenile Justice education programs experiencing fluctuations in student enrollment.

(d) FTE count periods shall be prescribed in rules of the State Board of Education and shall be the same for programs of the Department of Juvenile Justice as for other public school programs. The summer school period for students in Department of

Juvenile Justice education programs shall begin on the day immediately following the end of the regular school year and end on the day immediately preceding the subsequent regular school year. Students shall be funded for no more than 25 hours per week of direct instruction.

(e) Each juvenile justice education program must receive all federal funds for which the program is eligible.

(14) Each district school board shall negotiate a cooperative agreement with the Department of Juvenile Justice on the delivery of educational services to students in juvenile justice detention, prevention, or day treatment programs under the jurisdiction of the Department of Juvenile Justice. Such agreement must include, but is not limited to:

(a) Roles and responsibilities of each agency, including the roles and responsibilities of contract providers.

(b) Administrative issues including procedures for sharing information.

(c) Allocation of resources including maximization of local, state, and federal funding.

(d) Procedures for educational evaluation for educational exceptionalities and special needs.

(e) Curriculum and delivery of instruction.

(f) Classroom management procedures and attendance policies.

(g) Procedures for provision of qualified instructional personnel, whether supplied by the district school board or provided under contract by the provider, and for performance of duties while in a juvenile justice setting.

(h) Provisions for improving skills in teaching and working

with students referred to juvenile justice education programs.

(i) Transition plans for students moving into and out of juvenile justice education programs.

(j) Procedures and timelines for the timely documentation of credits earned and transfer of student records.

(k) Methods and procedures for dispute resolution.

(l) Provisions for ensuring the safety of education personnel and support for the agreed-upon education program.

(m) Strategies for correcting any deficiencies found through the alternative school improvement rating ~~accountability and evaluation system~~ and student performance measures.

(n) Career and academic assessments selected by the district pursuant to paragraph (3)(d).

(15) Nothing in this section or in a cooperative agreement requires the district school board to provide more services than can be supported by the funds generated by students in the juvenile justice programs.

(16) ~~The Department of Education, in consultation with the Department of Juvenile Justice, district school boards, and providers, shall adopt rules establishing:~~

~~(a) Objective and measurable student performance measures to evaluate a student's educational progress while participating in a prevention, day treatment, or residential program. The student performance measures must be based on appropriate outcomes for all students in juvenile justice education programs, taking into consideration the student's length of stay in the program. Performance measures shall include outcomes that relate to student achievement of career education goals, acquisition of employability skills, receipt of a high school~~

~~diploma or its equivalent, grade advancement, and the number of CAPE industry certifications earned.~~

~~(b) A performance rating system to be used by the Department of Education to evaluate the delivery of educational services within each of the juvenile justice programs. The performance rating shall be primarily based on data regarding student performance as described in paragraph (a).~~

~~(c) The timeframes, procedures, and resources to be used to improve a low-rated educational program or to terminate or reassign the program.~~

~~(d) The Department of Education, in partnership with the Department of Juvenile Justice, shall develop a comprehensive accountability and program improvement process. The accountability and program improvement process shall be based on student performance measures by type of program and shall rate education program performance. The accountability system shall identify and recognize high-performing education programs. The Department of Education, in partnership with the Department of Juvenile Justice, shall identify low-performing programs. Low-performing education programs shall receive an onsite program evaluation from the Department of Juvenile Justice. School improvement, technical assistance, or the reassignment of the program shall be based, in part, on the results of the program evaluation. Through a corrective action process, low-performing programs must demonstrate improvement or the programs shall be reassigned.~~

~~(17) The department, in collaboration with the Department of Juvenile Justice, shall collect data and report on commitment, day treatment, prevention, and detention programs.~~

~~The report shall be submitted to the President of the Senate, the Speaker of the House of Representatives, and the Governor by February 1 of each year. The report must include, at a minimum:~~

~~(a) The number and percentage of students who:~~

~~1. Return to an alternative school, middle school, or high school upon release and the attendance rate of such students before and after participation in juvenile justice education programs.~~

~~2. Receive a standard high school diploma or a high school equivalency diploma.~~

~~3. Receive industry certification.~~

~~4. Enroll in a postsecondary educational institution.~~

~~5. Complete a juvenile justice education program without reoffending.~~

~~6. Reoffend within 1 year after completion of a day treatment or residential commitment program.~~

~~7. Remain employed 1 year after completion of a day treatment or residential commitment program.~~

~~8. Demonstrate learning gains pursuant to paragraph (3)(d).~~

~~(b) The following cost data for each juvenile justice education program:~~

~~1. The amount of funding provided by district school boards to juvenile justice programs and the amount retained for administration, including documenting the purposes of such expenses.~~

~~2. The status of the development of cooperative agreements.~~

~~3. Recommendations for system improvement.~~

~~4. Information on the identification of, and services provided to, exceptional students, to determine whether these~~

~~students are properly reported for funding and are appropriately served.~~

~~(18)~~ The district school board shall not be charged any rent, maintenance, utilities, or overhead on such facilities. Maintenance, repairs, and remodeling of existing detention facilities shall be provided by the Department of Juvenile Justice.

(17)~~(19)~~ When additional facilities are required for juvenile justice detention, prevention, or day treatment programs, the district school board and the Department of Juvenile Justice shall agree on the appropriate site based on the instructional needs of the students. When the most appropriate site for instruction is on district school board property, a special capital outlay request shall be made by the commissioner in accordance with s. 1013.60. When the most appropriate site is on state property, state capital outlay funds shall be requested by the Department of Juvenile Justice provided by s. 216.043 and shall be submitted as specified by s. 216.023. Any instructional facility to be built on state property shall have educational specifications jointly developed by the district school board and the Department of Juvenile Justice and approved by the Department of Education. The size of space and occupant design capacity criteria as provided by State Board of Education rules shall be used for remodeling or new construction whether facilities are provided on state property or district school board property.

(18)~~(20)~~ The parent of an exceptional student shall have the due process rights provided for in this chapter.

(19)~~(21)~~ The State Board of Education shall adopt rules

necessary to implement this section. Such rules must require the minimum amount of paperwork and reporting.

~~(22) The Department of Juvenile Justice and the Department of Education, in consultation with CareerSource Florida, Inc., the statewide Workforce Development Youth Council, district school boards, Florida College System institutions, providers, and others, shall jointly develop a multiagency plan for CAPE which describes the funding, curriculum, transfer of credits, goals, and outcome measures for career education programming in juvenile commitment facilities, pursuant to s. 985.622. The plan must be reviewed annually.~~

Section 21. Paragraph (a) of subsection (2) of section 330.41, Florida Statutes, is amended to read:

330.41 Unmanned Aircraft Systems Act.—

(2) DEFINITIONS.—As used in this act, the term:

(a) "Critical infrastructure facility" means any of the following, if completely enclosed by a fence or other physical barrier that is obviously designed to exclude intruders, or if clearly marked with a sign or signs which indicate that entry is forbidden and which are posted on the property in a manner reasonably likely to come to the attention of intruders:

1. A power generation or transmission facility, substation, switching station, or electrical control center.

2. A chemical or rubber manufacturing or storage facility.

3. A water intake structure, water treatment facility, wastewater treatment plant, or pump station.

4. A mining facility.

5. A natural gas or compressed gas compressor station, storage facility, or natural gas or compressed gas pipeline.

6. A liquid natural gas or propane gas terminal or storage facility.

7. Any portion of an aboveground oil or gas pipeline.

8. A refinery.

9. A gas processing plant, including a plant used in the processing, treatment, or fractionation of natural gas.

10. A wireless communications facility, including the tower, antennae, support structures, and all associated ground-based equipment.

11. A seaport as listed in s. 311.09(1), which need not be completely enclosed by a fence or other physical barrier and need not be marked with a sign or signs indicating that entry is forbidden.

12. An inland port or other facility or group of facilities serving as a point of intermodal transfer of freight in a specific area physically separated from a seaport.

13. An airport as defined in s. 330.27.

14. A spaceport territory as defined in s. 331.303(18).

15. A military installation as defined in 10 U.S.C. s. 2801(c)(4) and an armory as defined in s. 250.01.

16. A dam as defined in s. 373.403(1) or other structures, such as locks, floodgates, or dikes, which are designed to maintain or control the level of navigable waterways.

17. A state correctional institution as defined in s. 944.02 or a private correctional facility authorized under chapter 957.

18. A secure detention center or facility as defined in s. 985.03, or a moderate-risk ~~nonsecure~~ residential facility, a high-risk residential facility, or a maximum-risk residential

facility as those terms are described in s. 985.03(44).

19. A county detention facility as defined in s. 951.23.

20. A critical infrastructure facility as defined in s. 692.201.

Section 22. Paragraphs (c) and (j) of subsection (3), paragraph (a) of subsection (10), and paragraph (f) of subsection (12) of section 553.865, Florida Statutes, are amended to read:

553.865 Private spaces.—

(3) As used in this section, the term:

(c) "Covered entity" means any:

1. Correctional institution;

2. Detention facility;

3. Educational institution;

4. Maximum-risk residential facilities ~~Juvenile correctional facility or juvenile prison~~ as described in s. 985.465, any detention center or facility designated by the Department of Juvenile Justice to provide secure detention as defined in s. 985.03(18)(a), and any facility used for a residential program as described in s. 985.03(44) ~~s. 985.03(44)(b), (c), or (d)~~; or

5. Public building.

(j) "Public building" means a building comfort-conditioned for occupancy which is owned or leased by the state, a state agency, or a political subdivision. The term does not include a correctional institution, a detention facility, an educational institution, a maximum-risk residential ~~juvenile correctional~~ facility ~~or juvenile prison~~ as described in s. 985.465, a detention center or facility designated by the Department of

Juvenile Justice to provide secure detention as defined in s. 985.03(18)(a), or any facility used for a residential program as described in s. 985.03(44) ~~s. 985.03(44)(b), (c), or (d)~~.

(10)(a) Each maximum-risk residential ~~juvenile correctional~~ facility ~~or juvenile prison~~ as described in s. 985.465, each detention center or facility designated by the Department of Juvenile Justice to provide secure detention as defined in s. 985.03(18)(a), and each facility used for a residential program as described in s. 985.03(44) ~~s. 985.03(44)(b), (c), or (d)~~ shall establish disciplinary procedures for any juvenile as defined in s. 985.03(7) who willfully enters, for a purpose other than those listed in subsection (6), a restroom or changing facility designated for the opposite sex in such juvenile correctional facility, juvenile prison, secure detention center or facility, or residential program facility and refuses to depart when asked to do so by delinquency program staff, detention staff, or residential program staff.

(12) A covered entity that is:

(f) A maximum-risk residential ~~juvenile correctional~~ facility ~~or juvenile prison~~ as described in s. 985.465, a detention center or facility designated by the Department of Juvenile Justice to provide secure detention as defined in s. 985.03(18)(a), or a facility used for a residential program as described in s. 985.03(44) ~~s. 985.03(44)(b), (c), or (d)~~ shall submit documentation to the Department of Juvenile Justice regarding compliance with subsections (4) and (5), as applicable, within 1 year after being established or, if such institution or facility was established before July 1, 2023, no later than April 1, 2024.

Section 23. Paragraph (c) of subsection (18) of section 1001.42, Florida Statutes, is amended to read:

1001.42 Powers and duties of district school board.—The district school board, acting as a board, shall exercise all powers and perform all duties listed below:

(18) IMPLEMENT SCHOOL IMPROVEMENT AND ACCOUNTABILITY.—Maintain a system of school improvement and education accountability as provided by statute and State Board of Education rule. This system of school improvement and education accountability shall be consistent with, and implemented through, the district's continuing system of planning and budgeting required by this section and ss. 1008.385, 1010.01, and 1011.01. This system of school improvement and education accountability shall comply with the provisions of ss. 1008.33, 1008.34, 1008.345, and 1008.385 and include the following:

(c) *Public disclosure.*—The district school board shall provide information regarding the performance of students and educational programs as required pursuant to ss. 1008.22 and 1008.385 and implement a system of school reports as required by statute and State Board of Education rule which shall include schools operating for the purpose of providing educational services to students in Department of Juvenile Justice programs~~,~~ ~~and for those schools, report on the elements specified in s. 1003.52(17)~~. Annual public disclosure reports shall be in an easy-to-read report card format and shall include the school's grade, high school graduation rate calculated without high school equivalency examinations, disaggregated by student ethnicity, and performance data as specified in state board rule.

Section 24. For the purpose of incorporating the amendment made by this act to section 985.03, Florida Statutes, in a reference thereto, section 985.721, Florida Statutes, is reenacted to read:

985.721 Escapes from secure detention or residential commitment facility.—An escape from:

(1) Any secure detention facility maintained for the temporary detention of children, pending adjudication, disposition, or placement;

(2) Any residential commitment facility described in s. 985.03(44), maintained for the custody, treatment, punishment, or rehabilitation of children found to have committed delinquent acts or violations of law; or

(3) Lawful transportation to or from any such secure detention facility or residential commitment facility,

constitutes escape within the intent and meaning of s. 944.40 and is a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

Section 25. For the purpose of incorporating the amendment made by this act to section 985.115, Florida Statutes, in a reference thereto, subsection (1) of section 985.25, Florida Statutes, is reenacted to read:

985.25 Detention intake.—

(1) The department shall receive custody of a child who has been taken into custody from the law enforcement agency or court and shall review the facts in the law enforcement report or probable cause affidavit and make such further inquiry as may be necessary to determine whether detention care is appropriate.

(a) During the period of time from the taking of the child into custody to the date of the detention hearing, the initial decision as to the child's placement into detention care shall be made by the department under ss. 985.24 and 985.245(1).

(b) The department shall base the decision whether to place the child into detention care on an assessment of risk in accordance with the risk assessment instrument and procedures developed by the department under s. 985.245, except that a child shall be placed in secure detention care until the child's detention hearing if the child meets the criteria specified in s. 985.255(1)(f), is charged with possessing or discharging a firearm on school property in violation of s. 790.115, or is charged with any other offense involving the possession or use of a firearm.

(c) If the final score on the child's risk assessment instrument indicates detention care is appropriate, but the department otherwise determines the child should be released, the department shall contact the state attorney, who may authorize release.

(d) If the final score on the risk assessment instrument indicates detention is not appropriate, the child may be released by the department in accordance with ss. 985.115 and 985.13.

Under no circumstances shall the department or the state attorney or law enforcement officer authorize the detention of any child in a jail or other facility intended or used for the detention of adults, without an order of the court.

Section 26. For the purpose of incorporating the amendment

made by this act to section 985.27, Florida Statutes, in a reference thereto, subsection (3) of section 985.255, Florida Statutes, is reenacted to read:

985.255 Detention criteria; detention hearing.—

(3)(a) The purpose of the detention hearing required under subsection (1) is to determine the existence of probable cause that the child has committed the delinquent act or violation of law that he or she is charged with and the need for continued detention. The court shall use the results of the risk assessment performed by the department and, based on the criteria in subsection (1), shall determine the need for continued detention. If the child is a prolific juvenile offender who is detained under s. 985.26(2)(c), the court shall use the results of the risk assessment performed by the department and the criteria in subsection (1) or subsection (2) only to determine whether the prolific juvenile offender should be held in secure detention.

(b) If the court orders a placement more restrictive than indicated by the results of the risk assessment instrument, the court shall state, in writing, clear and convincing reasons for such placement.

(c) Except as provided in s. 790.22(8) or s. 985.27, when a child is placed into detention care, or into a respite home or other placement pursuant to a court order following a hearing, the court order must include specific instructions that direct the release of the child from such placement no later than 5 p.m. on the last day of the detention period specified in s. 985.26 or s. 985.27, whichever is applicable, unless the requirements of such applicable provision have been met or an

order of continuance has been granted under s. 985.26(4). If the court order does not include a release date, the release date shall be requested from the court on the same date that the child is placed in detention care. If a subsequent hearing is needed to provide additional information to the court for safety planning, the initial order placing the child in detention care shall reflect the next detention review hearing, which shall be held within 3 calendar days after the child's initial detention placement.

Section 27. For the purpose of incorporating the amendment made by this act to section 985.441, Florida Statutes, in a reference thereto, paragraph (h) of subsection (2) of section 985.475, Florida Statutes, is reenacted to read:

985.475 Juvenile sexual offenders.—

(2) Following a delinquency adjudicatory hearing under s. 985.35, the court may on its own or upon request by the state or the department and subject to specific appropriation, determine whether a juvenile sexual offender placement is required for the protection of the public and what would be the best approach to address the treatment needs of the juvenile sexual offender. When the court determines that a juvenile has no history of a recent comprehensive assessment focused on sexually deviant behavior, the court may, subject to specific appropriation, order the department to conduct or arrange for an examination to determine whether the juvenile sexual offender is amenable to community-based treatment.

(h) If the juvenile sexual offender violates any condition of the disposition or the court finds that the juvenile sexual offender is failing to make satisfactory progress in treatment,

the court may revoke the community-based treatment alternative and order commitment to the department under s. 985.441.

Section 28. For the purpose of incorporating the amendment made by this act to section 985.441, Florida Statutes, in a reference thereto, paragraph (b) of subsection (4) of section 985.565, Florida Statutes, is reenacted to read:

985.565 Sentencing powers; procedures; alternatives for juveniles prosecuted as adults.—

(4) SENTENCING ALTERNATIVES.—

(b) *Juvenile sanctions.*—For juveniles transferred to adult court but who do not qualify for such transfer under s. 985.556(3), the court may impose juvenile sanctions under this paragraph. If juvenile sentences are imposed, the court shall, under this paragraph, adjudge the child to have committed a delinquent act. Adjudication of delinquency may not be deemed a conviction, nor shall it operate to impose any of the civil disabilities ordinarily resulting from a conviction. The court shall impose an adult sanction or a juvenile sanction and may not sentence the child to a combination of adult and juvenile punishments. An adult sanction or a juvenile sanction may include enforcement of an order of restitution or probation previously ordered in any juvenile proceeding. However, if the court imposes a juvenile sanction and the department determines that the sanction is unsuitable for the child, the department shall return custody of the child to the sentencing court for further proceedings, including the imposition of adult sanctions. Upon adjudicating a child delinquent under subsection (1), the court may:

1. Place the child in a probation program under the

supervision of the department for an indeterminate period of time until the child reaches the age of 19 years or sooner if discharged by order of the court.

2. Commit the child to the department for treatment in an appropriate program for children for an indeterminate period of time until the child is 21 or sooner if discharged by the department. The department shall notify the court of its intent to discharge no later than 14 days before discharge. Failure of the court to timely respond to the department's notice shall be considered approval for discharge.

3. Order disposition under ss. 985.435, 985.437, 985.439, 985.441, 985.45, and 985.455 as an alternative to youthful offender or adult sentencing if the court determines not to impose youthful offender or adult sanctions.

It is the intent of the Legislature that the criteria and guidelines in this subsection are mandatory and that a determination of disposition under this subsection is subject to the right of the child to appellate review under s. 985.534.

Section 29. This act shall take effect July 1, 2024.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Fiscal Policy

BILL:	CS/CS/CS/SB 1362
INTRODUCER:	Fiscal Policy Committee; Appropriations Committee on Transportation, Tourism, and Economic Development; Transportation Committee; and Senator Harrell
SUBJECT:	Aviation
DATE:	February 23, 2024 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Johnson	Vickers	TR	**Fav/CS**
2.	Nortelus	Jerrett	ATD	**Fav/CS**
3.	Johnson	Yeatman	FP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/CS/SB 1362 addresses issues relating to aviation and advanced air mobility. The bill:

- Revises definitions for "aircraft" and "airport."
- Repeals the definition of "ultralight aircraft."
- Requires vertiports to comply with airport site approval and airport licensing or registration laws.
- Requires the Florida Department of Transportation (FDOT) to take specified steps regarding advanced air mobility, including:
  - Address certain needs in the FDOT's statewide aviation system plan and, as appropriate, in the FDOT's work program.
  - Designate a subject matter expert on advanced air mobility to serve as a resource to local jurisdictions.
  - Provide a guidebook and technical resources related to advanced air mobility to local jurisdictions.
  - Ensure that a political subdivision does not exercise its zoning or land use authority to grant an exclusive right to one or more vertiport owners or operators and authorize a political subdivision to use its authority to promote reasonable access to advanced air mobility operators at public use vertiports.
  - Conduct a review of airport hazard zone regulations and make recommendations to the Legislature.

- Requires airport land use compatibility zoning regulations to "address", rather than "consider", issues specified in statute.
- Generally prohibits residential construction and educational facilities within a specified buffer zone adjacent to an airport, if the airport has not conducted a noise study in order to better define adjacent areas that are incompatible with residential construction and educational facilities.
- Adds an exception to the buffer zone to allow residential property within the buffer zone of a public-use airport meeting specified requirements.
- Reenacts various provisions to incorporate changes made by the bill.

The bill has an indeterminate, negative fiscal impact to the FDOT. See Section V., Fiscal Impact Statement.

The bill takes effect July 1, 2024.

II. Present Situation:

Currently, Florida law does not address vertiports or advanced air mobility.

Advanced Air Mobility

The National Aeronautics and Space Administration (NASA) defines the term "Advanced Air Mobility" (AAM) to mean "an air transportation system that moves people and cargo between places previously not served or underserved by aviation – local, regional, intraregional, urban – using revolutionary new aircraft that are only just now becoming possible."[1]

AAM is a derivative of Urban Air Mobility (UAM), which focuses on transporting cargo and passengers at low altitudes within urban and suburban areas. AAM builds upon UAM by expanding its range and potential use cases.[2]

Numerous uses for AAM are being explored, including air taxi, air cargo, and public services. Air taxi uses feature passenger transportation within and around urban and regional areas, including routes connecting city centers to airports or to neighboring city centers. Air cargo uses feature cargo transportation supporting the middle-mile of logistics, generally seen as from the cargo port to the distribution center. Public service uses, such as search and rescue, disaster relief, and air ambulance operations are all likely early use cases for electric vertical take-off and landing (eVTOL) aircraft.[3]

Federal Guidance

In 2022, the Federal Aviation Administration (FAA) issued Engineering Brief 105, providing interim, but limited, guidance on vertiport design until the FAA publishes full Advisory Circular

[1] Florida Department of Transportation (FDOT), *Advanced Air Mobility*, https://www.fdot.gov/aviation/advanced-air-mobility (last visited January 8, 2024).
[2] FDOT Advanced Air Mobility Working Group, *Report and Recommendations*, August 2023, p.2. https://www.fdot.gov/aviation/advanced-air-mobility (last visited January 12, 2024).
[3] *Id.* at 2.

on the topic.[4] Use of this design guidance is required for federally obligated airports and recommended for all other vertiport development. The engineering brief provides guidance for landing dimensions, visual aids, approach surfaces, and electric charging infrastructure, among other details, but is limited to aircraft no longer or wider than 50 feet with a pilot-on-board operating in visual meteorological conditions. The FAA's vertiport guidance is expected to evolve into a performance-based design standard as it moves forward with a full Advisory Circular, which expected in the mid-2020s.[5]

Title 14 CFR Part 77, relating to the safe, efficient use, and preservation of navigable airspace, establishes standards and notification requirements for objects affecting navigable airspace. This notification serves as the basis for:

- Evaluating the effect of the construction or alteration on operating procedures;
- Determining the potential hazardous effect of the proposed construction on air navigation;
- Identifying mitigating measures to enhance safe air navigation; and
- Charting of new objects.

Notification allows the FAA to identify potential aeronautical hazards in advance thus preventing or minimizing the adverse impacts to the safe and efficient use of navigable airspace.[6]

Florida Department of Transportation's AAM Working Group

In 2022, the Florida Department of Transportation (FDOT) established an AAM Working Group consisting of representatives of from the FAA, original equipment manufacturers, airports, local governments, the FDOT, and other industry stakeholders.[7] The working group developed various recommendations regarding AAM, included in those recommendations are:

- Designate an AAM subject matter expert within the FDOT.
- Review airport hazard regulations and update those regulations as appropriate.
- Incorporate AAM into state transportation planning documents.
- Lead a statewide education campaign for local decision makers and a public awareness campaign for the general public.

Florida Airport Licensing Law

Sections 330.27 through 330.39, F.S., contain the Florida Airport Licensing Law.[8] For purposes of the Florida Airport Licensing Law, the term:

- "Aircraft" means a powered or unpowered machine or device capable of atmospheric flight, except a parachute or other such device used primarily as safety equipment.[9]

[7] *Supra* note 2 at 1.
[8] Section 330.39, F.S.
[9] Section 330.27(1), F.S.

- "Airport" means an area of land or water used for, or intended to be used for, landing and takeoff of aircraft, including appurtenant areas, buildings, facilities, or rights-of-way necessary to facilitate such use or intended use.[10]
- "Ultralight aircraft" means any aircraft meeting the criteria established by part 103 of the Federal Aviation Regulations.[11]

Airport Site Approval

Except as exempted by law,[12] the owner or lessee of a proposed airport must, before site acquisition or construction or establishment of the proposed airport, obtain FDOT's approval of the airport site. FDOT must grant the site approval if it is satisfied:

- That the site has adequate area allocated for the proposed airport.
- That the proposed airport will conform to licensing or registration requirements and will comply with the applicable local government land development regulations or zoning requirements.
- That all affected airports, local governments, and property owners have been notified and any submitted comments have been adequately considered.
- That safe air-traffic patterns can be established for the proposed airport with all existing airports and approved airport sites in its vicinity.[13]

For public airports,[14] FDOT may only grant site approval after inspection of the proposed airport site.[15] For private airports[16] or temporary airports,[17] FDOT may only grant site approval after it receives the documentation it deems necessary to satisfy the conditions above.[18]

Airport Licensing or Registration

Except as provided, the owner or lessee of an airport must have a public airport license, private airport registration, or temporary airport registration before operating aircraft to or from the airport.[19] A license for a public airport is granted after final inspection finds the airport in compliance with all licensure requirements.[20]

For private airports obtaining an airport registration, upon granting site approval, FDOT must provide controlled electronic access to the state aviation facility data system to permit the

[10] Section 330.27(2), F.S.
[11] Section 330.27(8), F.S.
[12] Exemptions from airport license and registration include airports owned by the United States, certain ultralight aircraft landing areas, certain helistops, and certain airports used for the aerial application or spraying of crops. *See* s. 330.30(3), F.S.
[13] Section 330.30(1)(a), F.S.
[14] Section 330.27(6), F.S., defines the term public airport" to mean an airport, publicly or privately owned, which is open for use by the public.
[15] Section 339.30(2)(c), F.S.
[16] Section 330.27(5), F.S., defines the term "private airport" to mean an airport, publicly or privately owned, which is not open or available for use by the public, but may be made available to others by invitation of the owner or manager.
[17] Section 330.27(7), F.S., defines the term "temporary airport" to mean an airport at which flight operations are conducted under visual flight rules established by the Federal Aviation Administration and which is used for less than 30 consecutive days with no more than 10 operations per day.
[18] Section 330.30(2)(c) and (d), F.S.
[19] Section 330.30(2)(a), F.S.
[20] Section 330.30(2)(a)1, F.S.

applicant to complete the registration process. Registration is completed upon self-certification by the registrant of operational and configuration data deemed necessary by FDOT.[21]

For public airports,[22] FDOT may only grant site approval after inspection of the proposed airport site.[23] For private airports,[24] FDOT may only grant site approval after it receives the documentation it deems necessary to satisfy the conditions above.[25]

Airport Licenses and Registration

Except as provided, the owner or lessee of an airport must have a public airport license, private airport registration, or temporary airport registration before operating aircraft to or from the airport.[26] A license for a public airport is granted after final inspection finds the airport in compliance with all licensure requirements.[27]

For private airports obtaining a registration, upon granting site approval, FDOT must provide controlled electronic access to the state aviation facility data system to permit the applicant to complete the registration process. Registration is completed upon self-certification by the registrant of operational and configuration data deemed necessary by FDOT.[28]

Airport Land Use Compatibility Zoning Regulations

Under Florida law, political subdivisions must adopt, administer, and enforce airport land use compatibility zoning regulations relating to airport hazard areas. The following are minimum requirements that political subdivisions must consider in their airport land use compatibility zoning regulations:

- The prohibition of new landfills and the restriction of existing landfills when such areas are:
  - Within 10,000 feet from the nearest point of any runway used or planned to be used by turbine aircraft.
  - Within 5,000 feet from the nearest point of any runway used by only nonturbine aircraft.
  - Outside the perimeters above, but still within the lateral limits of the civil airport imaginary surfaces. Case-by-case review of such landfills is advised.
- Where any landfill is located and constructed in a manner that attracts or sustains hazardous bird movements from feeding, water, or roosting areas into, or across, the runways or approach and departure patterns of aircraft. The landfill operator must incorporate bird management techniques or other practices to minimize bird hazards to airborne aircraft.
- Where an airport authority or other governing body operating a public-use airport has conducted a noise study,[29] or where a public-use airport owner has established noise contours pursuant to another public study accepted by the FAA, the prohibition of incompatible uses,

[21] Section 330.30(2)(a)2., F.S.
[22] Section 330.27(6), F.S., defines the term public airport" to mean an airport, publicly or privately owned, which is open for use by the public.
[23] Section 339.30(2)(c), F.S.
[24] Section 330.27(5), F.S., defines the term "private airport" to mean an airport, publicly or privately owned, which is not open or available for use by the public, but may be made available to others by invitation of the owner or manager.
[25] Section 330.30(2)(c) and (d), F.S.
[26] Section 330.30(2)(a), F.S.
[27] Section 330.30(2)(a)1, F.S.
[28] Section 330.30(2)(a)2., F.S.
[29] Noise studies are in accordance with 14 C.F.R. part 150.

as established in the noise study or as a part of an alternative FAA-accepted public study, within the noise contours established by any of these studies, except if such uses are specifically contemplated by such study with appropriate mitigation or similar techniques described in the study.

- Where an airport authority or other governing body operating a public-use airport has not conducted a noise study, the mitigation of potential incompatible uses associated with residential construction and any educational facility, with the exception of aviation school facilities, within an area contiguous to the airport measuring one-half the length of the longest runway on either side of and at the end of each runway centerline.
- The restriction of new incompatible uses, activities, or substantial modifications to existing incompatible uses within runway protection zones. [30]

III. Effect of Proposed Changes:

Definitions

The bill amends various definitions to provide better clarity and specificity. For example, the bill amends the definition of the term "aircraft" to include, but not be limited to, an airplane, autogyro, glider, gyrodyne, helicopter, lift and cruise, multicopter, paramotor, powered lift, seaplane, tiltrotor, ultralight, and vectored thrust.

The bill also amends the definition of term "airport" to include, but not be limited to, an airpark, airport, gliderport, heliport, helistop, seaplane base, ultralight flightpark, vertiport, and vertistop.

The bill repeals the statutory definition of the term "ultralight aircraft", which is unnecessary since the term is defined in federal law.

Vertiports

The bill provides that on or after July 1, 2024, the owner or lessee of a proposed vertiport must comply with statutory requirements for airport site approval and with airport licensing or registration requirements. In conjunction with granting site approval, the FDOT must conduct a final physical inspection of the vertiport to ensure compliance with all requirements for airport licensure or registration.

Advanced Air Mobility

The bill creates s. 332.15, F.S., relating to advanced air mobility. The bill requires the FDOT, within the resources provided pursuant to ch. 216, F.S., relating to planning and budgeting, to:

- Address the needs for vertiports, AAM, and other advances in aviation technology in the statewide aviation system plan and, as appropriate, in the FDOT's work program.
- Designate a subject matter expert on AAM within the FDOT to serve as a resource for local jurisdictions navigating advances in aviation technology, including electric powered-lift aircraft and electric aviation.

[30] Section 333.03(2), F.S.

- Lead a statewide education campaign for local officials to provide education on the benefits of AAM to support the efforts to make the state a leader in aviation technology.
- Provide local jurisdictions with a guidebook and technical resources to support uniform planning and zoning language across the state related to AAM and other advances in aviation technology.
- Ensure that a political subdivision of the state does not exercise its zoning or land use authority to grant or permit an exclusive right to one or more vertiport owners or operators and authorize a political subdivision to use its authority to promote reasonable access to advanced air mobility operators at public use vertiports within the jurisdiction of the subdivision.
- Conduct a review of airport hazard zone regulations and, as needed, make recommendations to the Legislature proposing any changes to regulations as a result of the review.

Airport Land Use Compatibility Zoning Regulations

The bill requires airport land use compatibility zoning regulations to "address", rather than "consider", issues specified in statute.

The bill generally prohibits residential construction and educational facilities within a specified buffer zone adjacent to an airport, if the airport has not conducted a noise study in order to better define adjacent areas that are incompatible with residential construction and educational facilities.

Additionally, the bill adds an exception to such buffer zone in order to allow residential property within the buffer zone of a public-use airport that has as its sole runway a turf runway measuring less than 2,800 in length.

Reenacted Statutes

The bill reenacts portions of s. 365.172, F.S., relating to emergency communications, s. 379.2295, F.S., relating to airport activities within a federally approved wildlife hazard management area, and s. 493.6101, F.S., relating to the definition of "repossession," and s. 493.6403, F.S., relating to classes of licenses for repossession services to incorporate amendments to definitions made by the bill.

Effective Date

The bill takes effect July 1, 2024.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

The AAM industry may see a positive fiscal impact associated with including AAM in the state's aviation planning.

C. Government Sector Impact:

There may be an indeterminate negative fiscal impact to the FDOT associated with various tasks required by the bill, which can likely be absorbed with existing resources.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 330.27, 330.30, and 333.03.

This bill creates section 332.15 of the Florida Statutes.

This bill reenacts portions of the following sections of the Florida Statutes: 365.172, 379.2293, 493.6101 and 493.6103.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS/CS by Fiscal Policy Committee on February 22, 2024:
The committee substitute:

- Requires airport land use compatibility zoning regulations to "address", rather than "consider", issues specified in statute.
- Generally prohibits residential construction and educational facilities within a specified buffer zone adjacent to an airport, if the airport has not conducted a noise study in order to better define adjacent areas that are incompatible with residential construction and educational facilities.
- Adds an exception to the buffer zone described above in order to allow residential property within the buffer zone of a public-use airport that has as its sole runway a turf runway measuring less than 2,800 in length.

CS/CS by Appropriations Committee on Transportation, Tourism, and Economic Development on February 8, 2024:
The committee substitute:

- Amends the definitions of "aircraft" and "airport."
- Deletes the definition of "ultralight aircraft."
- Requires owners of proposed vertiports to comply with specified statutes in obtaining sight approval and an airport license or registration.
- Requires FDOT to conduct a final inspection of vertiports.
- Requires FDOT to ensure that a political subdivision does not exercise its zoning and land use authority to grant or permit an exclusive right to one or more vertiport owners or operators and authorize a political subdivision to use its authority to promote reasonable access to advanced air mobility operators at public-use vertiports.
- Reenacts various statutes to conform to changes made by amendment.
- Made other technical changes.

CS by Transportation on January 23, 2023:
The committee substitute clarifies that vertiports, electric aviation charging, and other advances in aviation technology must be included in the statewide aviation system plan and, as applicable, in the FDOT's work program.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

444598

LEGISLATIVE ACTION

Senate	.	House
Comm: RCS	.	
02/23/2024	.	
	.	
	.	
	.	

The Committee on Fiscal Policy (Harrell) recommended the following:

Senate Amendment (with title amendment)

Between lines 156 and 157
insert:

Section 4. Subsection (2) of section 333.03, Florida Statutes, is amended to read:

333.03 Requirement to adopt airport zoning regulations.—

(2) In the manner provided in subsection (1), political subdivisions shall adopt, administer, and enforce airport land use compatibility zoning regulations. At a minimum, airport land

444598

use compatibility zoning regulations must address ~~shall, at a minimum, consider~~ the following:

(a) The prohibition of new landfills and the restriction of existing landfills within the following areas:

1. Within 10,000 feet from the nearest point of any runway used or planned to be used by turbine aircraft.

2. Within 5,000 feet from the nearest point of any runway used by only nonturbine aircraft.

3. Outside the perimeters defined in subparagraphs 1. and 2., but still within the lateral limits of the civil airport imaginary surfaces defined in 14 C.F.R. s. 77.19. Case-by-case review of such landfills is advised.

(b) When ~~Where~~ any landfill is located and constructed in a manner that attracts or sustains hazardous bird movements from feeding, water, or roosting areas into, or across, the runways or approach and departure patterns of aircraft. The landfill operator must incorporate bird management techniques or other practices to minimize bird hazards to airborne aircraft.

(c) When ~~Where~~ an airport authority or other governing body operating a public-use airport has conducted a noise study in accordance with 14 C.F.R. part 150, or when ~~where~~ a public-use airport owner has established noise contours pursuant to another public study accepted by the Federal Aviation Administration, the prohibition of incompatible uses, as established in the noise study in 14 C.F.R. part 150, Appendix A or as a part of an alternative Federal Aviation Administration-accepted public study, within the noise contours established by any of these studies, except if such uses are specifically contemplated by such study with appropriate mitigation or similar techniques

444598

described in the study.

(d) When ~~Where~~ an airport authority or other governing body operating a public-use airport has not conducted a noise study, the prohibition ~~mitigation~~ of ~~potential incompatible uses associated with~~ residential construction and ~~any~~ educational facilities ~~facility~~, with the exception of aviation school facilities or residential property near a public-use airport that has as its sole runway a turf runway measuring less than 2,800 feet in length, within an area contiguous to the airport measuring one-half the length of the longest runway on either side of and at the end of each runway centerline.

(e) The restriction of new incompatible uses, activities, or substantial modifications to existing incompatible uses within runway protection zones.

================ T I T L E A M E N D M E N T ================

And the title is amended as follows:

Delete line 14

and insert:

in aviation technology; amending s. 333.03, F.S.; revising requirements for the adoption of airport land use compatibility zoning regulations; reenacting ss. 365.172(13),

By the Appropriations Committee on Transportation, Tourism, and Economic Development; the Committee on Transportation; and Senator Harrell

606-03120-24 20241362c2

A bill to be entitled

An act relating to aviation; amending s. 330.27, F.S.; revising definitions; amending s. 330.30, F.S.; beginning on a specified date, requiring the owner or lessee of a proposed vertiport to comply with a specified provision in obtaining certain approval and license or registration; requiring the Department of Transportation to conduct a final physical inspection of the vertiport to ensure compliance with specified requirements; conforming a cross-reference; creating s. 332.15, F.S.; providing duties of the department, within specified resources, with respect to vertiports, advanced air mobility, and other advances in aviation technology; reenacting ss. 365.172(13), 379.2293(2), 493.6101(22), and 493.6403(1)(c), F.S., relating to emergency communications, airport activities within the scope of a federally approved wildlife hazard management plan or a federal or state permit or other authorization for depredation or harassment, definitions, and license requirements, respectively, to incorporate the amendment made to s. 330.27, F.S., in references thereto; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsections (1), (2), and (8) of section 330.27, Florida Statutes, are amended to read:

330.27 Definitions, when used in ss. 330.29-330.39.—

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

606-03120-24 20241362c2

(1) "Aircraft" means a powered or unpowered machine or device capable of atmospheric flight, including, but not limited to, an airplane, autogyro, glider, gyrodyne, helicopter, lift and cruise, multicopter, paramotor, powered lift, seaplane, tiltrotor, ultralight, and vectored thrust. The term does not include ~~except~~ a parachute or other such device used primarily as safety equipment.

(2) "Airport" means an area of land or water used for, or intended to be used for, ~~landing and takeoff of~~ aircraft operations, which may include any ~~including~~ appurtenant areas, buildings, facilities, or rights-of-way necessary to facilitate such use or intended use. The term includes, but is not limited to, an airpark, airport, gliderport, heliport, helistop, seaplane base, ultralight flightpark, vertiport, and vertistop.

~~(8) "Ultralight aircraft" means any aircraft meeting the criteria established by part 103 of the Federal Aviation Regulations.~~

Section 2. Present subsections (3) and (4) of section 330.30, Florida Statutes, are redesignated as subsections (4) and (5), respectively, a new subsection (3) is added to that section, and paragraph (a) of subsection (1), paragraph (a) of subsection (2), and present subsection (4) of that section are amended, to read:

330.30 Approval of airport sites; registration and licensure of airports.—

(1) SITE APPROVALS; REQUIREMENTS, EFFECTIVE PERIOD, REVOCATION.—

(a) Except as provided in subsection (4) ~~(3)~~, the owner or lessee of a proposed airport shall, before site acquisition or

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

construction or establishment of the proposed airport, obtain approval of the airport site from the department. Applications for approval of a site shall be made in a form and manner prescribed by the department. The department shall grant the site approval if it is satisfied:

1. That the site has adequate area allocated for the airport as proposed.

2. That the proposed airport will conform to licensing or registration requirements and will comply with the applicable local government land development regulations or zoning requirements.

3. That all affected airports, local governments, and property owners have been notified and any comments submitted by them have been given adequate consideration.

4. That safe air-traffic patterns can be established for the proposed airport with all existing airports and approved airport sites in its vicinity.

(2) LICENSES AND REGISTRATIONS; REQUIREMENTS, RENEWAL, REVOCATION.—

(a) Except as provided in subsection (4) ~~(3)~~, the owner or lessee of an airport in this state shall have a public airport license, private airport registration, or temporary airport registration before the operation of aircraft to or from the airport. Application for a license or registration shall be made in a form and manner prescribed by the department.

1. For a public airport, upon granting site approval, the department shall issue a license after a final airport inspection finds the airport to be in compliance with all requirements for the license. The license may be subject to any

reasonable conditions the department deems necessary to protect the public health, safety, or welfare.

2. For a private airport, upon granting site approval, the department shall provide controlled electronic access to the state aviation facility data system to permit the applicant to complete the registration process. Registration shall be completed upon self-certification by the registrant of operational and configuration data deemed necessary by the department.

3. For a temporary airport, the department must publish notice of receipt of a completed registration application in the next available publication of the Florida Administrative Register and may not approve a registration application less than 14 days after the date of publication of the notice. The department must approve or deny a registration application within 30 days after receipt of a completed application and must issue the temporary airport registration concurrent with the airport site approval. A completed registration application that is not approved or denied within 30 days after the department receives the completed application is considered approved and shall be issued, subject to such reasonable conditions as are authorized by law. An applicant seeking to claim registration by default under this subparagraph must notify the agency clerk of the department, in writing, of the intent to rely upon the default registration provision of this subparagraph and may not take any action based upon the default registration until after receipt of such notice by the agency clerk.

(3) VERTIPORTS.—On or after July 1, 2024, the owner or lessee of a proposed vertiport must comply with subsection (1)

in obtaining site approval and with subsection (2) in obtaining an airport license or registration. In conjunction with the granting of site approval, the department must conduct a final physical inspection of the vertiport to ensure compliance with all requirements for airport licensure or registration.

(5)~~(4)~~ EXCEPTIONS.—Private airports with 10 or more based aircraft may request to be inspected and licensed by the department. Private airports licensed according to this subsection shall be considered private airports as defined in s. 330.27 ~~s. 330.27(5)~~ in all other respects.

Section 3. Section 332.15, Florida Statutes, is created to read:

332.15 Advanced air mobility.—The Department of Transportation shall, within the resources provided pursuant to chapter 216:

(1) Address the need for vertiports, advanced air mobility, and other advances in aviation technology in the statewide aviation system plan as required under s. 332.006(1) and, as appropriate, in the department's work program.

(2) Designate a subject matter expert on advanced air mobility within the department to serve as a resource for local jurisdictions navigating advances in aviation technology.

(3) Lead a statewide education campaign for local officials to provide education on the benefits of advanced air mobility and advances in aviation technology and to support the efforts to make this state a leader in aviation technology.

(4) Provide local jurisdictions with a guidebook and technical resources to support uniform planning and zoning language across this state related to advanced air mobility and

other advances in aviation technology.

(5) Ensure that a political subdivision of the state does not exercise its zoning and land use authority to grant or permit an exclusive right to one or more vertiport owners or operators and authorize a political subdivision to use its authority to promote reasonable access to advanced air mobility operators at public use vertiports within the jurisdiction of the subdivision.

(6) Conduct a review of airport hazard zone regulations and, as needed, make recommendations to the Legislature proposing any changes to regulations as a result of the review.

Section 4. For the purpose of incorporating the amendment made by this act to section 330.27, Florida Statutes, in a reference thereto, subsection (13) of section 365.172, Florida Statutes, is reenacted to read:

365.172 Emergency communications.—

(13) FACILITATING EMERGENCY COMMUNICATIONS SERVICE IMPLEMENTATION.—To balance the public need for reliable emergency communications services through reliable wireless systems and the public interest served by governmental zoning and land development regulations and notwithstanding any other law or local ordinance to the contrary, the following standards shall apply to a local government's actions, as a regulatory body, in the regulation of the placement, construction, or modification of a wireless communications facility. This subsection may not, however, be construed to waive or alter the provisions of s. 286.011 or s. 286.0115. For the purposes of this subsection only, "local government" shall mean any municipality or county and any agency of a municipality or

county only. The term "local government" does not, however, include any airport, as defined by s. 330.27(2), even if it is owned or controlled by or through a municipality, county, or agency of a municipality or county. Further, notwithstanding anything in this section to the contrary, this subsection does not apply to or control a local government's actions as a property or structure owner in the use of any property or structure owned by such entity for the placement, construction, or modification of wireless communications facilities. In the use of property or structures owned by the local government, however, a local government may not use its regulatory authority so as to avoid compliance with, or in a manner that does not advance, the provisions of this subsection.

(a) Colocation among wireless providers is encouraged by the state.

1.a. Colocations on towers, including nonconforming towers, that meet the requirements in sub-sub-subparagraphs (I), (II), and (III), are subject to only building permit review, which may include a review for compliance with this subparagraph. Such colocations are not subject to any design or placement requirements of the local government's land development regulations in effect at the time of the colocation that are more restrictive than those in effect at the time of the initial antennae placement approval, to any other portion of the land development regulations, or to public hearing review. This sub-subparagraph may not preclude a public hearing for any appeal of the decision on the colocation application.

(I) The colocation does not increase the height of the tower to which the antennae are to be attached, measured to the

highest point of any part of the tower or any existing antenna attached to the tower;

(II) The colocation does not increase the ground space area, commonly known as the compound, approved in the site plan for equipment enclosures and ancillary facilities; and

(III) The colocation consists of antennae, equipment enclosures, and ancillary facilities that are of a design and configuration consistent with all applicable regulations, restrictions, or conditions, if any, applied to the initial antennae placed on the tower and to its accompanying equipment enclosures and ancillary facilities and, if applicable, applied to the tower supporting the antennae. Such regulations may include the design and aesthetic requirements, but not procedural requirements, other than those authorized by this section, of the local government's land development regulations in effect at the time the initial antennae placement was approved.

b. Except for a historic building, structure, site, object, or district, or a tower included in sub-subparagraph a., colocations on all other existing structures that meet the requirements in sub-sub-subparagraphs (I)-(IV) shall be subject to no more than building permit review, and an administrative review for compliance with this subparagraph. Such colocations are not subject to any portion of the local government's land development regulations not addressed herein, or to public hearing review. This sub-subparagraph may not preclude a public hearing for any appeal of the decision on the colocation application.

(I) The colocation does not increase the height of the

existing structure to which the antennae are to be attached, measured to the highest point of any part of the structure or any existing antenna attached to the structure;

(II) The colocation does not increase the ground space area, otherwise known as the compound, if any, approved in the site plan for equipment enclosures and ancillary facilities;

(III) The colocation consists of antennae, equipment enclosures, and ancillary facilities that are of a design and configuration consistent with any applicable structural or aesthetic design requirements and any requirements for location on the structure, but not prohibitions or restrictions on the placement of additional colocations on the existing structure or procedural requirements, other than those authorized by this section, of the local government's land development regulations in effect at the time of the colocation application; and

(IV) The colocation consists of antennae, equipment enclosures, and ancillary facilities that are of a design and configuration consistent with all applicable restrictions or conditions, if any, that do not conflict with sub-sub-subparagraph (III) and were applied to the initial antennae placed on the structure and to its accompanying equipment enclosures and ancillary facilities and, if applicable, applied to the structure supporting the antennae.

c. Regulations, restrictions, conditions, or permits of the local government, acting in its regulatory capacity, that limit the number of colocations or require review processes inconsistent with this subsection do not apply to colocations addressed in this subparagraph.

d. If only a portion of the colocation does not meet the

requirements of this subparagraph, such as an increase in the height of the proposed antennae over the existing structure height or a proposal to expand the ground space approved in the site plan for the equipment enclosure, where all other portions of the colocation meet the requirements of this subparagraph, that portion of the colocation only may be reviewed under the local government's regulations applicable to an initial placement of that portion of the facility, including, but not limited to, its land development regulations, and within the review timeframes of subparagraph (d)2., and the rest of the colocation shall be reviewed in accordance with this subparagraph. A colocation proposal under this subparagraph that increases the ground space area, otherwise known as the compound, approved in the original site plan for equipment enclosures and ancillary facilities by no more than a cumulative amount of 400 square feet or 50 percent of the original compound size, whichever is greater, shall, however, require no more than administrative review for compliance with the local government's regulations, including, but not limited to, land development regulations review, and building permit review, with no public hearing review. This sub-subparagraph does not preclude a public hearing for any appeal of the decision on the colocation application.

2. If a colocation does not meet the requirements of subparagraph 1., the local government may review the application under the local government's regulations, including, but not limited to, land development regulations, applicable to the placement of initial antennae and their accompanying equipment enclosure and ancillary facilities.

3. If a colocation meets the requirements of subparagraph 1., the colocation may not be considered a modification to an existing structure or an impermissible modification of a nonconforming structure.

4. The owner of the existing tower on which the proposed antennae are to be colocated shall remain responsible for compliance with any applicable condition or requirement of a permit or agreement, or any applicable condition or requirement of the land development regulations to which the existing tower had to comply at the time the tower was permitted, including any aesthetic requirements, provided the condition or requirement is not inconsistent with this paragraph.

5. An existing tower, including a nonconforming tower, may be structurally modified in order to permit colocation or may be replaced through no more than administrative review and building permit review, and is not subject to public hearing review, if the overall height of the tower is not increased and, if a replacement, the replacement tower is a monopole tower or, if the existing tower is a camouflaged tower, the replacement tower is a like-camouflaged tower. This subparagraph may not preclude a public hearing for any appeal of the decision on the application.

(b)1. A local government's land development and construction regulations for wireless communications facilities and the local government's review of an application for the placement, construction, or modification of a wireless communications facility shall only address land development or zoning issues. In such local government regulations or review, the local government may not require information on or evaluate

a wireless provider's business decisions about its service, customer demand for its service, or quality of its service to or from a particular area or site, unless the wireless provider voluntarily offers this information to the local government. In such local government regulations or review, a local government may not require information on or evaluate the wireless provider's designed service unless the information or materials are directly related to an identified land development or zoning issue or unless the wireless provider voluntarily offers the information. Information or materials directly related to an identified land development or zoning issue may include, but are not limited to, evidence that no existing structure can reasonably be used for the antennae placement instead of the construction of a new tower, that residential areas cannot be served from outside the residential area, as addressed in subparagraph 3., or that the proposed height of a new tower or initial antennae placement or a proposed height increase of a modified tower, replacement tower, or colocation is necessary to provide the provider's designed service. Nothing in this paragraph shall limit the local government from reviewing any applicable land development or zoning issue addressed in its adopted regulations that does not conflict with this section, including, but not limited to, aesthetics, landscaping, land use-based location priorities, structural design, and setbacks.

2. Any setback or distance separation required of a tower may not exceed the minimum distance necessary, as determined by the local government, to satisfy the structural safety or aesthetic concerns that are to be protected by the setback or distance separation.

3. A local government may exclude the placement of wireless communications facilities in a residential area or residential zoning district but only in a manner that does not constitute an actual or effective prohibition of the provider's service in that residential area or zoning district. If a wireless provider demonstrates to the satisfaction of the local government that the provider cannot reasonably provide its service to the residential area or zone from outside the residential area or zone, the municipality or county and provider shall cooperate to determine an appropriate location for a wireless communications facility of an appropriate design within the residential area or zone. The local government may require that the wireless provider reimburse the reasonable costs incurred by the local government for this cooperative determination. An application for such cooperative determination may not be considered an application under paragraph (d).

4. A local government may impose a reasonable fee on applications to place, construct, or modify a wireless communications facility only if a similar fee is imposed on applicants seeking other similar types of zoning, land use, or building permit review. A local government may impose fees for the review of applications for wireless communications facilities by consultants or experts who conduct code compliance review for the local government but any fee is limited to specifically identified reasonable expenses incurred in the review. A local government may impose reasonable surety requirements to ensure the removal of wireless communications facilities that are no longer being used.

5. A local government may impose design requirements, such

as requirements for designing towers to support colocation or aesthetic requirements, except as otherwise limited in this section, but may not impose or require information on compliance with building code type standards for the construction or modification of wireless communications facilities beyond those adopted by the local government under chapter 553 and that apply to all similar types of construction.

(c) Local governments may not require wireless providers to provide evidence of a wireless communications facility's compliance with federal regulations, except evidence of compliance with applicable Federal Aviation Administration requirements under 14 C.F.R. part 77, as amended, and evidence of proper Federal Communications Commission licensure, or other evidence of Federal Communications Commission authorized spectrum use, but may request the Federal Communications Commission to provide information as to a wireless provider's compliance with federal regulations, as authorized by federal law.

(d)1. A local government shall grant or deny each properly completed application for a colocation under subparagraph (a)1. based on the application's compliance with the local government's applicable regulations, as provided for in subparagraph (a)1. and consistent with this subsection, and within the normal timeframe for a similar building permit review but in no case later than 45 business days after the date the application is determined to be properly completed in accordance with this paragraph.

2. A local government shall grant or deny each properly completed application for any other wireless communications

facility based on the application's compliance with the local government's applicable regulations, including but not limited to land development regulations, consistent with this subsection and within the normal timeframe for a similar type review but in no case later than 90 business days after the date the application is determined to be properly completed in accordance with this paragraph.

3.a. An application is deemed submitted or resubmitted on the date the application is received by the local government. If the local government does not notify the applicant in writing that the application is not completed in compliance with the local government's regulations within 20 business days after the date the application is initially submitted or additional information resubmitted, the application is deemed, for administrative purposes only, to be properly completed and properly submitted. However, the determination may not be deemed as an approval of the application. If the application is not completed in compliance with the local government's regulations, the local government shall so notify the applicant in writing and the notification must indicate with specificity any deficiencies in the required documents or deficiencies in the content of the required documents which, if cured, make the application properly completed. Upon resubmission of information to cure the stated deficiencies, the local government shall notify the applicant, in writing, within the normal timeframes of review, but in no case longer than 20 business days after the additional information is submitted, of any remaining deficiencies that must be cured. Deficiencies in document type or content not specified by the local government do not make the

application incomplete. Notwithstanding this sub-subparagraph, if a specified deficiency is not properly cured when the applicant resubmits its application to comply with the notice of deficiencies, the local government may continue to request the information until such time as the specified deficiency is cured. The local government may establish reasonable timeframes within which the required information to cure the application deficiency is to be provided or the application will be considered withdrawn or closed.

b. If the local government fails to grant or deny a properly completed application for a wireless communications facility within the timeframes set forth in this paragraph, the application shall be deemed automatically approved and the applicant may proceed with placement of the facilities without interference or penalty. The timeframes specified in subparagraph 2. may be extended only to the extent that the application has not been granted or denied because the local government's procedures generally applicable to all other similar types of applications require action by the governing body and such action has not taken place within the timeframes specified in subparagraph 2. Under such circumstances, the local government must act to either grant or deny the application at its next regularly scheduled meeting or, otherwise, the application is deemed to be automatically approved.

c. To be effective, a waiver of the timeframes set forth in this paragraph must be voluntarily agreed to by the applicant and the local government. A local government may request, but not require, a waiver of the timeframes by the applicant, except that, with respect to a specific application, a one-time waiver

may be required in the case of a declared local, state, or federal emergency that directly affects the administration of all permitting activities of the local government.

(e) The replacement of or modification to a wireless communications facility, except a tower, that results in a wireless communications facility not readily discernibly different in size, type, and appearance when viewed from ground level from surrounding properties, and the replacement or modification of equipment that is not visible from surrounding properties, all as reasonably determined by the local government, are subject to no more than applicable building permit review.

(f) Any other law to the contrary notwithstanding, the Department of Management Services shall negotiate, in the name of the state, leases for wireless communications facilities that provide access to state government-owned property not acquired for transportation purposes, and the Department of Transportation shall negotiate, in the name of the state, leases for wireless communications facilities that provide access to property acquired for state rights-of-way. On property acquired for transportation purposes, leases shall be granted in accordance with s. 337.251. On other state government-owned property, leases shall be granted on a space available, first-come, first-served basis. Payments required by state government under a lease must be reasonable and must reflect the market rate for the use of the state government-owned property. The Department of Management Services and the Department of Transportation are authorized to adopt rules for the terms and conditions and granting of any such leases.

(g) If any person adversely affected by any action, or failure to act, or regulation, or requirement of a local government in the review or regulation of the wireless communication facilities files an appeal or brings an appropriate action in a court or venue of competent jurisdiction, following the exhaustion of all administrative remedies, the matter shall be considered on an expedited basis.

Section 5. For the purpose of incorporating the amendment made by this act to section 330.27, Florida Statutes, in a reference thereto, subsection (2) of section 379.2293, Florida Statutes, is reenacted to read:

379.2293 Airport activities within the scope of a federally approved wildlife hazard management plan or a federal or state permit or other authorization for depredation or harassment.—

(2) An airport authority or other entity owning or operating an airport, as defined in s. 330.27(2), is not subject to any administrative or civil penalty, restriction, or other sanction with respect to any authorized action taken in a non-negligent manner for the purpose of protecting human life or aircraft safety from wildlife hazards.

Section 6. For the purpose of incorporating the amendment made by this act to section 330.27, Florida Statutes, in a reference thereto, subsection (22) of section 493.6101, Florida Statutes, is reenacted to read:

493.6101 Definitions.—

(22) "Repossession" means the recovery of a motor vehicle as defined under s. 320.01(1), a mobile home as defined in s. 320.01(2), a motorboat as defined under s. 327.02, an aircraft as defined in s. 330.27(1), a personal watercraft as defined in

s. 327.02, an all-terrain vehicle as defined in s. 316.2074, farm equipment as defined under s. 686.402, or industrial equipment, by an individual who is authorized by the legal owner, lienholder, or lessor to recover, or to collect money payment in lieu of recovery of, that which has been sold or leased under a security agreement that contains a repossession clause. As used in this subsection, the term "industrial equipment" includes, but is not limited to, tractors, road rollers, cranes, forklifts, backhoes, and bulldozers. The term "industrial equipment" also includes other vehicles that are propelled by power other than muscular power and that are used in the manufacture of goods or used in the provision of services. A repossession is complete when a licensed recovery agent is in control, custody, and possession of such repossessed property. Property that is being repossessed shall be considered to be in the control, custody, and possession of a recovery agent if the property being repossessed is secured in preparation for transport from the site of the recovery by means of being attached to or placed on the towing or other transport vehicle or if the property being repossessed is being operated or about to be operated by an employee of the recovery agency.

Section 7. For the purpose of incorporating the amendment made by this act to section 330.27, Florida Statutes, in a reference thereto, paragraph (c) of subsection (1) of section 493.6403, Florida Statutes, is reenacted to read:

493.6403 License requirements.—

(1) In addition to the license requirements set forth in this chapter, each individual or agency shall comply with the following additional requirements:

(c) An applicant for a Class "E" license shall have at least 1 year of lawfully gained, verifiable, full-time experience in one, or a combination of more than one, of the following:

1. Repossession of motor vehicles as defined in s. 320.01(1), mobile homes as defined in s. 320.01(2), motorboats as defined in s. 327.02, aircraft as defined in s. 330.27(1), personal watercraft as defined in s. 327.02, all-terrain vehicles as defined in s. 316.2074, farm equipment as defined under s. 686.402, or industrial equipment as defined in s. 493.6101(22).

2. Work as a Class "EE" licensed intern.

Section 8. This act shall take effect July 1, 2024.

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1386 amends provisions relating to aquatic preserves, resilience, onsite sewage treatment and disposal systems (OSTDSs, otherwise known as septic systems), and wastewater treatment facilities.

The bill requires all applicants for permits to construct and operate a domestic wastewater treatment facility to prepare a reuse feasibility study. Domestic treatment facilities that dispose of effluent by certain means must implement reuse to the extent feasible and must consider the ecological or public water supply benefits afforded by any disposal.

The bill makes revisions to facilitate the transfer of the OSTDS program including:

- Creating new procedures for DEP regarding the processing and enforcement of septic tank requirements.
- Directing DEP to adopt rules for a general permit for projects which have, individually or cumulatively, a minimal adverse impact on public health or the environment.
- Directing DEP to establish an enhanced nutrient-reducing OSTDS approval program.

Regarding domestic wastewater treatment facilities and wastewater treatment plans, the bill:

- Requires certain public and private facilities to participate in developing the domestic wastewater treatment plan including providing certain information to the applicable local government.

- Requires certain wastewater treatment facilities that provide reclaimed water within a basin management action plan or reasonable assurance plan area to meet advanced waste treatment standards.

Regarding reclaimed water, the bill:
- Directs the water management districts and DEP to develop rules to promote reclaimed water and encourage potable water offsets that produce significant water savings.
- Authorizes extended permits for those applicants or permittees that propose a development or water resource development project using reclaimed water.

Regarding the Resilient Florida Grant Program, the bill:
- Authorizes DEP to provide grants to counties or municipalities to fund:
  - An update of their inventory of critical assets, including those that are currently or reasonably expected to be impacted by flooding and sea level rise;
  - Development of strategies to enhance community preparations for threats from flooding and sea level rise, including adaptation plans; and
  - Permitting for projects designed to achieve reductions in the risks or impacts of flooding and sea level rise using nature-based solutions.
- Requires vulnerability assessments to use data from the Florida Flood Hub that is certified by the Chief Resilience Officer.
- Requires certain data and planning horizons to be used in the assessment.

The bill requires the Comprehensive Statewide Flood Vulnerability and Sea Level Rise Data Set and Assessment to include the 20- and 50-year projected sea level rise at each active National Oceanic and Atmospheric Administration tidal gauge off the Florida coast as derived from statewide sea level rise projections.

Regarding the Statewide Flooding and Sea Level Rise Resilience Plan, the bill:
- Authorizes the plan to include projects not yet identified in the comprehensive statewide flood vulnerability and sea level rise assessment at DEP and the Chief Resilience Officer's discretion.
- Expands the types of projects that can be submitted by local or regional entities.

The bill requires DEP to include the projects funded under the water quality grant program on a user-friendly website or dashboard.

The bill requires the Office of Economic and Demographic Research to provide a publicly-accessible data visualization tool on its website related to its statewide wastewater and stormwater needs analysis.

Regarding aquatic preserves, the bill:
- Provides that it is a noncriminal infraction to operate a vessel outside a lawfully marked channel in a careless manner that causes seagrass scarring within the Nature Coast Aquatic Preserve.

Declares the Kristin Jacobs Coral Reef Ecosystem Conservation Area to be an aquatic preserve.

The bill may have a positive, yet indeterminate, fiscal impact on state government, because DEP is directed to deposit certain damages, costs, or penalties it collects relating to OSTDSs regulations into the Water Quality Assurance Trust Fund.

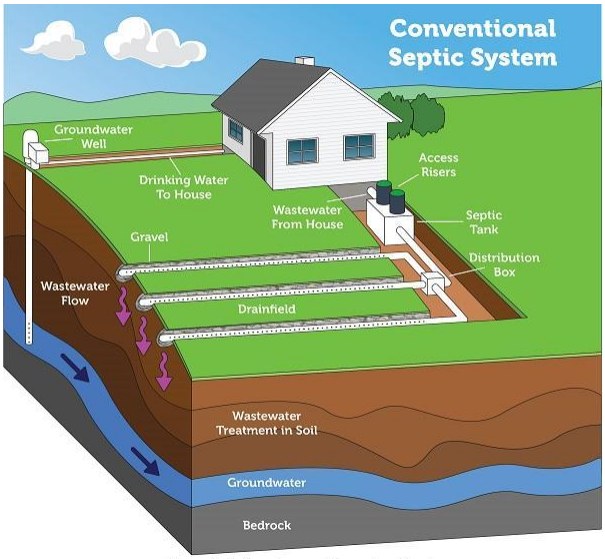
The bill has an effective date of July 1, 2024.

II. Present Situation:

Water Quality and Nutrients

Nutrient pollution and the excessive accumulation of nitrogen and phosphorus in water is one of the most widespread, costly, and challenging environmental problems.[1] In Florida, 35 percent of waterbodies are impaired for nutrients and 87 percent of counties have nutrient impaired waters within their boundaries.[2]

Phosphorus and nitrogen are derived from natural and human-made sources.[3] Human-made sources include sewage disposal systems (wastewater treatment facilities and septic systems), overflows of storm and sanitary sewers (untreated sewage), agricultural production and irrigation practices, and stormwater runoff.[4]



Please note: Septic systems vary. Diagram is not to scale.

Onsite Sewage Treatment and Disposal Systems

Onsite Sewage Treatment and Disposal Systems (OSTDSs), commonly referred to as "septic systems," generally consist of two basic parts: the septic tank and the drainfield.[5] Waste from toilets, sinks, washing machines, and showers flows through a pipe into the septic tank, where anaerobic bacteria break the solids into a liquid form. The liquid portion of the wastewater flows into the drainfield, which is generally a series of perforated pipes or panels surrounded by lightweight materials such as gravel or Styrofoam. The drainfield provides a secondary treatment where aerobic bacteria continue deactivating the germs. The drainfield also provides filtration of the wastewater, as gravity draws the water down through the soil layers.[6]

[6] *Id.*

There are an estimated 2.6 million OSTDSs in Florida, providing wastewater disposal for 30 percent of the state's population.[7] In Florida, development in some areas is dependent on OSTDSs due to the cost and time it takes to install central sewer systems.[8] For example, in rural areas and low-density developments, central sewer systems are not cost-effective.[9]

In a conventional OSTDS, a septic tank does not reduce nitrogen from the raw sewage. In Florida, approximately 30-40 percent of the nitrogen levels are reduced in the drainfield of a system that is installed 24 inches or more from groundwater.[10] This still leaves a significant amount of nitrogen to percolate into the groundwater, which makes nitrogen from OSTDSs a potential contaminant in groundwater.[11]

Different types of advanced OSTDSs exist that can remove greater amounts of nitrogen than a typical septic system (often referred to as "advanced" or "nutrient-reducing" septic systems).[12] The Department of Environmental Protection (DEP) publishes on its website approved products and resources on advanced systems.[13] Determining which advanced system is the best option can depend on site-specific conditions.

In 2023, the Florida Legislature passed a law requiring enhanced nutrient-reducing OSTDSs in places where waterbodies do not meet water quality standards and there is a plan in place, such as a basin management action plan (BMAP) or alternative restoration plan, to address water quality issues.[14] Enhanced nutrient-reducing OSTDSs are required for new systems on lots of one acre or less within all BMAP areas, reasonable assurance plan areas, and pollution reduction plan areas when sewer is not available.[15] Within the Banana River Lagoon BMAP, the Central Indian River Lagoon BMAP, the North Indian River Lagoon BMAP, and the Mosquito Lagoon reasonable assurance plan area, all new OSTDSs are prohibited unless central sewerage is not available, in which case only enhanced nutrient-reducing OSTDSs are authorized.[16]

[15] Section 403.067(7)(a)10., F.S.
[16] Section 373.469, F.S.

The owner of a properly functioning OSTDS must connect to a sewer system within one year of receiving notification that a sewer system is available for connection.[17] Owners of an OSTDS in need of repair or modification must connect within 90 days of notification from DEP.[18]

In 2020, the Clean Waterways Act provided for the transfer of the Onsite Sewage Program from the Department of Health (DOH) to DEP.[19] The Onsite Sewage Program will be transferred over a period of five years, and guidelines for the transfer are provided by an interagency agreement.[20] Per the agreement, DEP has the primary powers and duties of the Onsite Sewage Program, meaning that the county departments of health will implement the OSTDS program under the direction of DEP instead of DOH.[21] The county departments of health still handle permitting and inspection of OSTDS.[22] In the event of an alleged violation of OSTDS laws, county departments of health are responsible for conducting an inspection to gather information regarding the allegations.[23]

In 2008, less than one percent of OSTDSs in Florida were actively managed under operating permits and maintenance agreements.[24] The remainder of systems are generally serviced only when they fail, often leading to costly repairs that could have been avoided with routine maintenance.[25] Current law directs DEP to administer permits, site evaluations, and inspections associated with the construction, installation, maintenance, modification, abandonment, operation, use, or repair of an OSTDS.[26] Although this statutory authority is broad, inspections for traditional OSTDS generally occur during OSTDS construction, repair, or abandonment.[27] Buildings that use an aerobic treatment unit or generate commercial waste must by inspected by DEP at least annually to assure compliance with the operating permit.[28]

Under s. 381.0065(5), F.S., DEP personnel who have reason to believe noncompliance exists, may at any reasonable time, enter a premises with an OSTDS permit or the business premises of any septic tank contractor to ascertain compliance with applicable statutes and rule. The term "premises" does not include a residence or private building. To gain entry to a residence or private building, DEP must obtain permission from the owner or occupant or secure an inspection warrant from a court of competent jurisdiction. DEP may issue citations that may contain an order of correction or an order to pay a fine, or both when a violation of applicable laws or rules is enforceable by an administrative, civil remedy, or is a misdemeanor of the

second degree.[29] The fines imposed by citation may not exceed $500 per violation. Each day the violation exists constitutes a separate violation.[30] The department may reduce or waive the fine imposed by the citation. Fines are deposited into the county health department trust fund.[31]

DEP is also required by law to make rules to relating to the location of OSTDSs, including establishing setback distances, to prevent groundwater contamination and surface water contamination and to preserve the public health. The rules must consider:

- Conventional and enhanced nutrient-reducing onsite sewage treatment and disposal system designs,
- Impaired or degraded water bodies,
- Domestic wastewater and drinking water infrastructure,
- Potable water sources,
- Nonpotable wells,
- Stormwater infrastructure,
- The onsite sewage treatment and disposal system remediation plans developed for purposes of a BMAP,
- Nutrient pollution, and
- The recommendations of the onsite sewage treatment and disposal systems technical advisory committee established pursuant to former s. 381.00652, F.S.[32]

The rules are required to allow a variance from a rule requirement upon demonstration that the requirement would cause an undue hardship and granting the variance would not cause or contribute to the exceedance of a total maximum daily load.[33] DEP updated Chapter 62-6 of the Florida Administrative Code in 2022 to address these requirements.

A county or municipality that contains a first magnitude spring must, and any county or municipality that does not contain a first magnitude spring may, develop and adopt by local ordinance an OSTDS evaluation and assessment program meeting the requirements of state law.[34] If adopted, the OSTDS evaluation and assessment program requires that each OSTDS within all or part of the county's or municipality's jurisdiction be evaluated once every five years to assess the fundamental operational condition of the system and to identify system failures.

[29] Section 381.0065(5), F.S.
[30] *Id*.
[31] *Id*.
[32] Section 381.0065(4)(e), F.S.
[33] *Id*.
[34] Section 381.00651(2), F.S. There are exceptions. If a county or municipality that contains a first magnitude spring has already adopted an OSTDS evaluation and assessment program, and it meets the grandfathering provisions of the statute, it is exempt from the requirement. The governing body of a local government can also choose to opt out of the requirement by adopting a resolution by a 60 percent vote that indicates an intent to not adopt an OSTDS evaluation and assessment program.

The following table includes administrative and judicial remedies available pursuant to part I of ch. 403 for violations of OSTDSs regulations, part I of ch. 386, relating to sanitary nuisances involving OSTDSs, or part III of ch. 489.

Statute	Administrative Remedies	Judicial Remedies
Part I, ch. 403, F.S.	• Institute an administrative proceeding to establish liability and recover damages for any injury to air, waters, or property of the state caused by any violation; the department may order the violator to pay damages to the state. • Institute an administrative proceeding to order the prevention, abatement, or control of the conditions creating the violation or other appropriate corrective action. Except for violations involving hazardous wastes, asbestos, or underground injection, the department shall proceed administratively when penalties sought do not exceed $50,000 per assessment. • Institute an administrative proceeding by serving a written notice of violation upon the alleged violator by certified mail. • In any administrative proceeding brought by the department, the prevailing party shall recover all costs as provided by law. • For a drinking water contamination violation, a penalty of $3,000 for a maximum containment level violation; plus $1,500 if the violation is for a primary inorganic, organic, or radiological maximum contaminant level or it is a fecal coliform bacteria violation. • For failure to obtain a required wastewater permit, other than a permit required for surface water discharge, a penalty of $2,000. • For failure to install, maintain, or use a required pollution control system or device, $6,000. • For failure to obtain a required permit before construction or modification, $4,500. • For failure to conduct required monitoring or testing; failure to conduct required release detection; or failure to construct in compliance with a permit, $3,000.[35]	• Institute a civil action in a court of competent jurisdiction to establish liability and to recover damages for any injury to the air, waters, or property, including animal, plant and aquatic life, of the state caused by any violation. • Institute a civil action in a court of competent jurisdiction to impose and to recover a civil penalty for each violation in an amount of not more than $15,000 per offense.[36] • Institute a civil action in a court of competent jurisdiction to seek injunctive relief.[37]

[35] Section 403.121, F.S.
[36] *Id*.
[37] Section 403.131, F.S.

Statute	Administrative Remedies	Judicial Remedies
Part I, ch. 386, F.S.	• Undertake required correctional procedures regarding sanitary nuisances, the cost or expense of which must be paid by the person(s) committing, creating, keeping, or maintaining such nuisance; institute a civil action if the cost and expense is not paid within 10 days of removal. • Institute administrative proceedings authorized pursuant to s. 381.0061, F.S., (DEP may impose a fine, which may not exceed $500 for each violation of regulations relating to OSTDSs, septic tank contracting, and sanitary nuisances).[38]	• Institute criminal proceedings in the county court in the jurisdiction of which the condition exists against all persons failing to comply with notices to correct sanitary nuisance conditions. • Institute legal proceedings authorized pursuant to s. 381.0012, F.S., (DEP may apply for an injunction in the proper circuit court; DEP may receive a warrant from a trial court judge to carry out the purpose and intent of ch. 381, F.S., relating to public health).[39]
Part III, ch. 489, F.S.	• Revoke or suspend a certificate of registration for certain violations.[40] • Deny a registration if the department determines that an applicant does not meet all requirements of this part or has violated any provisions of this part.[41]	• None.

Impaired Waters

Under section 303(d) of the federal Clean Water Act, states must establish water quality standards for waters within their borders and develop a list of impaired waters that do not meet the established water quality standards.[42] States must also develop a list of threatened waters that may not meet water quality standards in the following reporting cycle.[43]

DEP sorted those waters into 29 major watersheds, or basins, and further organized them into five basin groups for assessment purposes.[44] If DEP determines that any waters are impaired, the

[38] Section 386.03, F.S.
[39] *Id.*
[40] Section 489.556, F.S.
[41] Section 489.558, F.S.
[42] EPA, *Overview of Identifying and Restoring Impaired Waters under Section 303(d) of the CWA*, https://www.epa.gov/tmdl/overview-identifying-and-restoring-impaired-waters-under-section-303d-cwa (last visited Jan. 18, 2024); 40 C.F.R. 130.7. Following the development of the list of impaired waters, states must develop a total maximum daily load for every pollutant/waterbody combination on the list. A total maximum daily load is a scientific determination of the maximum amount of a given pollutant that can be absorbed by a waterbody and still meet water quality standards. DEP, *Watershed Evaluation and Total Maximum Daily Loads (TMDL) Section*, https://floridadep.gov/dear/water-quality-evaluation-tmdl/content/total-maximum-daily-loads-tmdl-program (last visited Jan. 18, 2024).
[43] *Id.*
[44] DEP, *Assessment Lists*, https://floridadep.gov/dear/watershed-assessment-section/content/assessment-lists (last visited Jan. 18, 2024).

waterbody must be placed on the verified list of impaired waters and a total maximum daily load (TMDL) must be calculated.[45] A TMDL is a calculation of the maximum amount of a pollutant that a waterbody can receive and still meet water quality standards.[46] A waterbody may be removed from the verified list at any time during the TMDL process if it attains water quality standards.[47]

Basin Management Action Plans

BMAPs are one of the primary mechanisms DEP uses to achieve TMDLs. BMAPs are plans that address the entire pollution load, including point and nonpoint discharges,[48] for a watershed.

Producers of nonpoint source pollution included in a BMAP must comply with the established pollutant reductions by implementing appropriate best management practices (BMPs) or conducting water quality monitoring.[49] A nonpoint source discharger may be subject to enforcement action by DEP or a water management district for failure to implement these requirements.[50]

DEP may establish a BMAP as part of the development and implementation of a TMDL for a specific waterbody. First, the BMAP equitably allocates pollutant reductions to individual basins, to all basins as a whole, or to each identified point source or category of nonpoint sources.[51] Then, the BMAP establishes the schedule for implementing projects and activities to meet the pollution reduction allocations.[52]

BMAPs must include five-year milestones for implementation and water quality improvement and an associated water quality monitoring component to evaluate the progress of pollutant load reductions.[53] Every five years an assessment of progress toward these milestones must be conducted and revisions to the plan made as appropriate.[54]

Each BMAP must also include:

- The management strategies available through existing water quality protection programs to achieve TMDLs;
- A description of BMPs adopted by rule;

- For the applicable five-year implementation milestones, a list of projects that will achieve the pollutant load reductions needed to meet a TMDL or other established load allocations, including a planning-level cost estimate and an estimated date of completion;
- A list of regional nutrient reduction projects submitted by the Department of Agriculture and Consumer Services which will achieve pollutant load reductions established for agricultural nonpoint sources;[55]
- The source and amount of financial assistance to be made available; and
- A planning-level estimate of each project's expected load reduction, if applicable.[56]

Flooding and Sea Level Rise

Given Florida's flat topography[57] and extreme rainfall events, flooding has been an issue throughout the state's history.[58] The effects of climate change—including sea level rise, increased storm intensity, and increased frequency and severity of extreme rainfall events—have increased flooding in inland and coastal areas.[59]

Sea level rise is a direct effect of climate change, resulting from a combination of thermal expansion of warming ocean waters and the addition of water mass into the ocean, largely associated with the loss of ice from glaciers and ice sheets.[60] The global mean sea level has risen about 8–9 inches since 1880, and the rate of rise is accelerating: 0.06 inches per year throughout most of the twentieth century, 0.14 inches per year from 2006–2015, and 0.24 inches per year from 2018–2019.[61] In 2021, global sea levels set a new record high—3.8 inches above 1993 levels.[62]

The latest projections from the National Oceanic and Atmospheric Administration (NOAA) estimate that an average of two feet sea level rise can be expected over the next 50 years.[63] All coastal areas of Florida will be affected under this scenario.[64]

---

[55] This is required only where agricultural nonpoint sources contribute to at least 20 percent of nonpoint source nutrient discharges or DEP determines that additional measures are necessary to achieve a TMDL. Section 403.067(7)(e)1., F.S.
[56] Section 403.067(7)(a)4., F.S.
[57] The Florida coastline has an average elevation of approximately 15 to 20 feet above mean sea level (MSL) with barrier islands typically at elevation zero to five feet above MSL. The southern portion of the state (south of Lake Okeechobee) is typically lower than 15 feet MSL. Projection of 2 ft. Sea Level Rise[65]

Over five million structures are estimated to be affected by flooding under a two-foot sea level rise scenario. The estimated value of these at-risk properties exceeds $576 billion.[66]

Due to its porous geology, economic and property value, and the potential impact of various flooding hazards, southeast Florida is the area most at risk from sea level rise.[67] The effects of sea level rise are already apparent in this region and pose a threat to lives, livelihoods, economies, and the environment.[68] Physical impacts of sea level rise include coastal inundation and erosion, increased frequency of flooding in vulnerable coastal and inland areas due to impairment of the region's largely gravity-driven stormwater infrastructure system, reduced soil infiltration capacity, and saltwater intrusion of drinking-water supply. Moreover, the impacts of surge from tropical storms or hurricanes are exacerbated by sea level rise. Increased pollution and contamination from flooding degrades natural resources critical to the region's economy. Sea level rise can also result in displacement, decrease in property values and tax base, increases in insurance costs, loss of services, and impairment of infrastructure such as roads and septic systems.[69]

Sea Level Rise Projections

Entities from the international to the local level use scientific data and modeling to create projections of future sea level rise for planning and decision-making. The NOAA operates tide gauges along the nation's coasts and satellites that measure changes in sea level. In 2017 and 2022, the NOAA published sea level rise projections for the U.S.[70] The NOAA's projections include observation-based extrapolations and five scenarios ranging from "low" to "high."[71] Interactive maps have been developed to depict local conditions under each NOAA scenario.[72]

Resilience and Nature-Based Solutions

Resilience is the ability of a community to prepare for anticipated natural hazards, adapt to changing conditions, and withstand and recover rapidly from disruptions.[73] Resilience planning includes preparing for hazard events, risk mitigation, and post-event recovery and should be proactive, continuous, and integrated into other community goals and plans.[74]

Nature-based solutions are an important part of resilience planning. Nature-based solutions use natural features and processes to combat climate change, reduce flood risks, improve water quality, protect coastal property, restore and protect wetlands, and stabilize shorelines.[75] Examples of nature-based solutions include:

- Living shorelines, which stabilize a shore by combining living components, such as plants, with structural elements, such as rock or sand. Living shorelines can slow waves, reduce erosion, and protect coastal property.
- Oyster reefs. Oysters are often referred to as "ecosystem engineers" because of their tendency to attach to hard surfaces and create large reefs made of thousands of individuals. In addition to offering shelter and food to coastal species, oyster reefs buffer coasts from waves and filter surrounding waters.
- Dunes, which often have dune grasses or other vegetation and serve as a barrier between the water's edge and inland areas.[76]

The Resilient Florida Grant Program

The Florida Legislature has established several statewide resilience programs, including the Resilient Florida Grant Program, the Comprehensive Statewide Flood Vulnerability and Sea Level Rise Data Set, and the Statewide Flooding and Sea Level Rise Resilience Plan.

The Resilient Florida Grant Program provides grants to counties or municipalities for community resilience planning, including vulnerability assessments, plan development, and projects to adapt critical assets.[77] In the program's first two years, 263 implementation projects were awarded a total of nearly $954 million.[78] Vulnerability assessments funded through this program must encompass the entire county or municipality; use the most recent publicly available Digital Elevation Model and dynamic modeling techniques, if available; and analyze the vulnerability of and risks to critical assets,[79] including regionally significant assets.[80] In addition, vulnerability assessments must include, where applicable:

- Peril of flood comprehensive plan amendments that address the requirements of s. 163.3178(2)(f), F.S.,[81] if the county or municipality is subject to, but has not complied with, such requirements;
- The depth of tidal flooding, current and future storm surge flooding, rainfall-induced flooding (including for a 100-year and 500-year storm), and compound flooding or the combination of tidal, storm surge, and rainfall-induced flooding; and
- The following scenarios and standards:
  - All analyses in the North American Vertical Datum of 1988;[82]
  - At least two local sea level rise scenarios, which must include the 2017 NOAA intermediate-low and intermediate-high sea level rise projections;
  - At least two planning horizons that include planning horizons for the years 2040 and 2070; and

[77] Section 380.093(2)(a), F.S. "Critical asset" is defined to include broad lists of assets relating to transportation, critical infrastructure, emergency facilities, natural resources, and historical and cultural resources.
[78] This figure includes $270 million of state funding for the Statewide Flooding and Sea Level Resilience Plan. DEP, *Presentation to the Florida Senate Committee on Environment and Natural Resources* (Feb. 23, 2023), *available at* https://www.flsenate.gov/Committees/Show/SSHR/MeetingPacket/5700/10150_MeetingPacket_5700_2.23.23.pdf.
[79] Critical assets include transportation assets and evacuation routes (airports, bridges, bus terminals, major roadways, etc.), critical infrastructure (wastewater and stormwater treatment facilities, drinking water facilities, solid and hazardous waste facilities, etc.), critical community and emergency facilities (schools, correctional facilities, fire stations, hospitals, etc.), and natural, cultural, and historical resources (conservation lands, parks, shorelines, wetlands, etc.). Section 380.093(2)(a), F.S.
[80] Section 380.093(3)(c), F.S. Regionally significant assets are critical assets that support the needs of communities spanning multiple geopolitical jurisdictions. Section 380.093(2)(d), F.S.
[81] This section provides that, in communities abutting the Gulf of Mexico or Atlantic Ocean or other coastal areas defined by statute, a local government's comprehensive plan must include a coastal management element. Sections 163.3178(2) and 163.3177(6)(g), F.S. This element must contain a redevelopment component that outlines the principles that must be used to eliminate inappropriate and unsafe development in the coastal areas when opportunities arise. Section 163.3178(2)(f), F.S.
[82] A vertical datum is a surface of zero elevation to which heights of various points are referenced. Traditionally, vertical datums have used classical survey methods to measure height differences (i.e. geodetic leveling) to best fit the surface of the earth. The current vertical datum for the contiguous United States and Alaska is the North American Vertical Datum of 1988. NOAA, *National Geodetic Survey: Vertical Datums*, https://www.ngs.noaa.gov/datums/vertical/#:~:text=TABLE%201%3A%20Current%20Vertical%20Datums%20for%20United%20States,%20%202002-present%20%201%20more%20rows%20 (last visited Jan. 18, 2024).

- Local sea level data that has been interpolated between the two closest NOAA tide gauges.[83]

The Comprehensive Statewide Flood Vulnerability and Sea Level Rise Data Set and Assessment will provide information necessary to determine the risks to inland and coastal communities.[84] By July 1, 2023, DEP must develop a data set providing statewide sea level rise projections and information necessary to determine the risks of flooding and sea level rise to inland and coastal communities. By July 1, 2024, DEP must develop a statewide assessment (using the statewide data set) identifying vulnerable infrastructure, geographic areas, and communities. The statewide assessment must include an inventory of critical assets and be updated every five years.[85]

The Statewide Flooding and Sea Level Rise Resilience Plan consists of ranked projects that address risks of flooding and sea level rise to coastal and inland communities.[86] Examples of projects include construction of living shorelines, seawalls, and pump stations, elevation projects, and infrastructure hardening.[87] Counties, municipalities, water management districts, regional water supply authorities, and other entities may submit to DEP an annual list of proposed projects. Each project must have a minimum 50 percent cost share, unless the project assists or is within a financially disadvantaged community.[88] DEP ranks the projects using a four-tier scoring system.[89] DEP has adopted rules to implement s. 380.093, F.S., relating to the Statewide Flooding and Sea Level Rise Resilience Plan and project submittal requirements. These rules can be found in Chapter 62S-8 of the Florida Administrative Code.[90] In December 2022, DEP submitted the FY 23-24 Statewide Flooding and Sea Level Rise Resilience Plan totaling nearly $408 million over the next three years.[91]

DEP may also provide funding for regional resilience entities to assist local governments with planning for the resilience needs of communities and coordinating intergovernmental solutions to mitigate adverse impacts of flooding and sea level rise.[92] As of February 2023, $4 million had been appropriated to regional resilience entities.[93]

[93] DEP, *Presentation to the Florida Senate Committee on Environment and Natural Resources*, 18 (Feb. 23, 2023), *available at* https://www.flsenate.gov/Committees/Show/SSHR/MeetingPacket/5700/10150_MeetingPacket_5700_2.23.23.pdf.

In 2022, the Statewide Office of Resilience was created within the Executive Office of the Governor for the purpose of reviewing all flood resilience and mitigation activities in the state and coordinating flood resilience and mitigation efforts with federal, state, and local governmental entities and other stakeholders. The office's Chief Resilience Officer and DEP worked together to provide the Governor and the Legislature with a report on flood resilience and mitigation efforts across Florida.[94]

Florida Flood Hub for Applied Research and Innovation

The Florida Flood Hub for Applied Research and Innovation was established within the University of South Florida College of Marine Science to coordinate efforts between the academic and research institutions of the state.[95] The Florida Flood Hub is tasked with, among other things, organizing existing data needs for a comprehensive statewide flood vulnerability and sea level rise analysis and performing gap analyses to determine data needs; developing statewide open source hydrologic models for physically based flood frequency estimation and real-time forecasting of flood; establishing community-based programs to improve flood monitoring and prediction along major waterways; and providing tidal and storm surge flooding data to counties and municipalities for vulnerability assessments.[96]

Water Reuse

Water reuse is an important component of both wastewater management and water resource management in Florida. Reuse is defined as the deliberate application of reclaimed water for a beneficial purpose.[97] Whereas, reclaimed water is defined as water from a domestic wastewater[98] treatment facility that has received at least secondary treatment[99] and basic disinfection[100] for reuse.[101]

Florida has approximately 2,000 permitted domestic wastewater treatment facilities.[102] These facilities may require state and federal permits for discharges to surface waters.[103] Federal requirements for most facilities or activities are generally incorporated into a state-issued

[95] Section 380.0933(1), F.S.

[96] Section 380.0933(2) and (3), F.S.

[97] Fla. Admin. Code R. 62-610.200(52).

[98] Section 367.021(5), F.S., defines the term "domestic wastewater" to mean wastewater principally from dwellings, business buildings, institutions, and sanitary wastewater or sewage treatment plants.

[99] Fla. Admin. Code R. 62-610.200(54) defines the term "secondary treatment" to mean "wastewater treatment to a level that will achieve the effluent limitations specified in paragraph 62-600.420(1)(a), F.A.C."

[100] Fla. Admin. Code R. 62-600.440(5) provides the requirements for basic disinfection.

[101] Section 373.019(17), F.S.; Fla. Admin. Code R. 62-610.200(48).

[102] DEP, *General Facts and Statistics about Wastewater in Florida*, https://floridadep.gov/water/domestic-wastewater/content/general-facts-and-statistics-about-wastewater-florida (last visited Jan. 18, 2024).

[103] For required state permits, *see* Section 403.087, F.S.; *see also* DEP, *Wastewater Permitting*, available at https://floridadep.gov/water/domestic-wastewater/content/wastewater-permitting (last visited Jan. 18, 2024). For federal permits, *see* 33 U.S.C. s. 1342.

permit.[104] DEP also regulates the construction and operation of domestic wastewater treatment facilities and establishes disinfection requirements for the reuse of reclaimed water.[105]

Reusing water helps conserve drinking water supplies by replacing the use of drinking quality water for non-drinking water purposes, such as irrigation, industrial cooling, groundwater recharge, and prevention of saltwater intrusion in coastal groundwater aquifers.[106] Water reuse also provides environmental benefits, including reduced groundwater withdrawals, reduced needs for new drinking water supplies and infrastructure, and improved water quality of the natural environment by reducing the amount of nutrients that are discharged directly to surface water and groundwater by wastewater treatment facilities.[107] The use of reclaimed water also provides for the recovery of water that would otherwise be lost to tide and evaporation.

In its rules, DEP requires promotion of reuse of reclaimed water, recycling of stormwater for irrigation and other beneficial uses, recycling of industrial wastewater, and encourages local governments to create programs for reuse.[108] Water conservation and the promotion of water reuse have also been established as formal state objectives by the Legislature.[109] State law further provides that the use of reclaimed water provided by wastewater treatment plants permitted and operated under a reuse program by DEP are considered environmentally acceptable and are not a threat to public health and safety.[110]

Florida tracks its reuse inventory in an annual report compiled by DEP.[111] In 2021, a total of 455 domestic wastewater treatment facilities reported making reclaimed water available for reuse.[112] Approximately 908 million gallons per day (mgd) of reclaimed water were used for beneficial purposes in 2021,[113] which represents approximately 53 percent of the total domestic wastewater flow in the state.[114] The total reuse flow associated with reuse systems was 1,701 mgd,[115] which represents approximately 61 percent of the total domestic wastewater treatment flow in the state.[116]

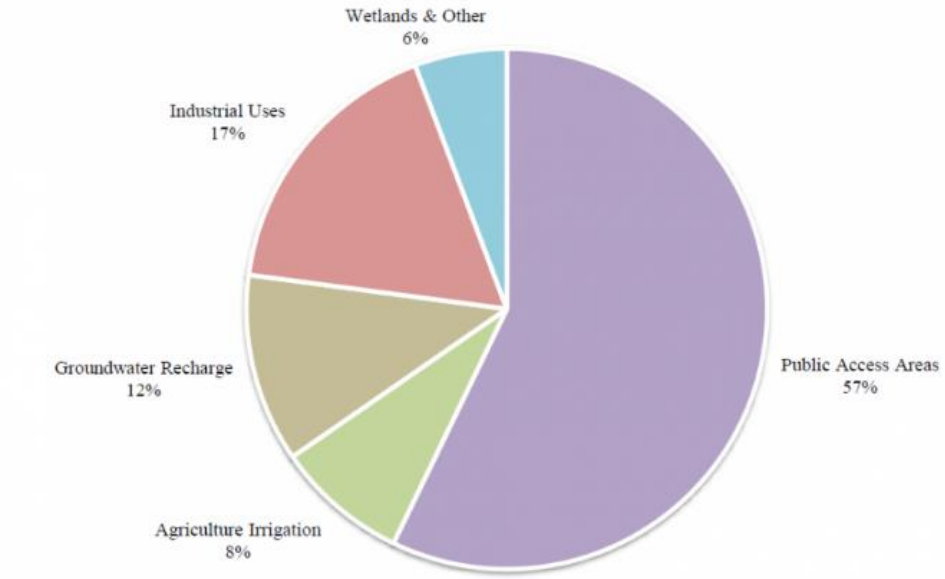
The chart below shows the percentage of reclaimed water utilization by flow.[117]



Note: Agriculture irrigation includes edible crops (e.g., citrus) as well as feed and fodder crops (e.g., spray fields).

In 2021, the Legislature passed SB 64, which required domestic wastewater utilities that dispose of effluent, reclaimed water, or reuse water by surface water discharge to submit a plan for eliminating non-beneficial surface water discharge by January 2032.[118] The plan must include the average gallons per day that discharges are reduced, the average gallons per day of discharges that will continue, the level of treatment discharged water receives, and any modified or new plans submitted by a utility since the last report.[119]

SB 64 authorized discharges that are being beneficially used or otherwise regulated, including discharges associated with an indirect potable reuse project; permitted wet weather discharge; discharges into a stormwater management system, which are subsequently withdrawn for irrigation purposes; utilities that operate domestic wastewater treatment facilities with reuse systems that reuse at least 90 percent of a facility's annual average flow; or discharges that provide direct ecological or public water supply benefits.[120] The bill further specified that potable reuse is an alternative water supply and made reuse projects eligible for alternative water supply funding and incentivized the development of potable reuse projects.[121]

Reclaimed Water as Alternative Water Supply

When traditional water supplies are constrained, alternative water supplies must be developed in addition to water conservation efforts. Alternative water supply can include reclaimed water,

brackish groundwater, surface water, and excess surface water captured and stored in reservoirs or aquifer storage and recovery wells.[122]

Reclaimed water is a type of alternative water supply and is eligible to receive alternative water supply funding.[123] Reclaimed water can be used for many purposes to meet water demand, including:

- Irrigation of golf courses, parks, residential properties, and landscaped areas;
- Urban uses, such as toilet flushing, car washing, and aesthetic purposes;
- Agricultural uses, such as irrigation of food crops, pasture lands, and at nurseries;
- Wetlands creation, restoration, and enhancement;
- Recharging groundwater through rapid infiltration basins, absorption fields, and direct injection;
- Augmentation of surface waters used for drinking water supplies; and
- Industrial uses such as processing and cooling water.[124]

Regulation of Reclaimed Water

Both DEP and the water management districts (districts) play a regulatory role in the use of reclaimed water. DEP regulations focus on water quality and ensure that reclaimed water is appropriately treated for its intended use to ensure protection of public health and the environment. The districts work with local utilities and water users to maximize the beneficial use of reclaimed water as an alternative water supply. The districts include alternative water supply projects in their regional water supply plans[125] and implement cost-share programs to assist communities in developing reclaimed water systems.[126]

In its rules, DEP provides detailed reclaimed water treatment requirements depending upon how the reclaimed water will be used, including for groundwater recharge, surface water discharge, or to protect water quality.[127] In order to be reused as reclaimed water, domestic wastewater must meet, at minimum, a treatment standard of secondary treatment, basic disinfection, and pH control.[128] The regulations also include requirements for groundwater monitoring at reuse and land application sites.[129]

[129] Fla. Admin. Code R. 62-610.412.

The districts are responsible for the administration of water resources at a regional level, including programs to protect water supply, water quality, and natural systems.[130] The districts issue consumptive use permits (CUPs) to manage the use of water. A CUP allows the holder to withdraw a specified amount of water from surface water and groundwater sources for reasonable and beneficial use.[131] CUPs require water conservation to prevent wasteful uses, require the reuse of reclaimed water instead of higher-quality groundwater where appropriate, and set limits on the amount of water that can be withdrawn.[132] The districts may not require CUPs for reclaimed water.[133]

The districts also implement minimum flows and minimum water levels (MFLs) to balance public water supply needs with protection of the state's natural systems.[134] For water bodies that are below or projected to fall below their MFL, the districts are required to implement a recovery or prevention strategy to ensure the MFL is maintained.[135]

Class I Injection Wells

Class I injections wells are used to inject hazardous and non-hazardous wastes into deep, confined rock formations (see the image to the right).[136] Class I wells are typically drilled thousands of feet below the lowermost underground source of drinking water.[137] There are more than 180 active Class I wells in Florida, the majority of which dispose of non-hazardous, secondary-treated effluent from domestic wastewater treatment plants.[138] New hazardous waste wells were banned in Florida in 1983.[139]

Class I injections wells are required to be constructed, maintained, and operated so that the injection fluid remains in the injection zone, and the unapproved interchange of water between aquifers is prohibited. The wells are monitored so that any migration of injection fluids would be detected before reaching the underground source of drinking water.[140]

Aquatic Preserves

The State of Florida passed the Aquatic Preserve Act in 1975 to ensure that the state-owned submerged lands in areas with exceptional biological, aesthetic, and scientific value were set aside forever as aquatic preserves or sanctuaries for the benefit of future generations.[141] There are currently 42 aquatic preserves encompassing about 2.2 million acres.[142] All but four are located along Florida's 8,400 miles of coastline.[143]

Aquatic preserves only include lands or water bottoms owned by the state. The Aquatic Preserve Act excludes any privately owned lands or water bottoms, or any publicly owned and maintained navigation channel or other public works project authorized by the U.S. Congress designed to improve or maintain commerce and

[143] DEP ORCP, *Aquatic Preserve Program*.

navigation.[144] Further, the Aquatic Preserve Act excludes all lands lost by avulsion or artificially induced erosion.[145]

The Board of Trustees of the Internal Improvement Trust Fund (Board) may establish additional aquatic preserves, subject to confirmation by the Legislature.[146] Following public notice and public hearing in the county or counties in which the proposed preserve is to be located, the Board may adopt a resolution formally setting aside such areas. The resolution must include:

- A legal description of the area to be included;
- The designation of the type of aquatic preserve being set aside;
- A general statement of what is sought to be preserved; and
- A clear statement of the management responsibilities for the area.[147]

Privately-owned lands and water bottoms may be included in an aquatic preserve upon specific authorization from the owner as a dedication in perpetuity or a lease.[148]

Current law restricts certain activities in aquatic preserves, including the construction of utility cables and pipes and spoil disposal.[149] Further, the Board may not:

- Sell, lease, or transfer sovereign submerged lands[150] unless it is in the public interest.
- Approve the waterward relocation or setting of bulkhead lines waterward of the line of mean high water within the preserve, except when public road and bridge construction projects have no reasonable alternative and it is not contrary to the public interest.
- Approve further dredging or filling of submerged lands, except for certain activities that must be authorized pursuant to a permit.[151]

Only minimal or maintenance dredging is permitted in an aquatic preserve and any alteration of the preserves' physical conditions is restricted unless the alteration enhances the quality or utility of the preserve or the public health generally.[152] Oil and gas well drilling is prohibited within the aquatic preserve. Docking facilities and structures for shore protection are restricted as to size and location.[153]

No wastes or effluents may be discharged into an aquatic preserve if they substantially inhibit the accomplishment of the purposes of the Aquatic Preserve Act. Riparian owners may selectively trim or alter mangroves on adjacent publicly owned submerged lands, provided that the selective

[144] Section 258.40, F.S.
[145] *Id.*

[147] *Id.*
[148] *Id.*
[149] Section 258.42, F.S.
[150] Sovereign submerged lands include, but are not limited to, tidal lands, islands, sandbars, shallow banks, and lands waterward of the ordinary or mean high water line, beneath navigable fresh water or beneath tidally influenced waters. The Board holds title to sovereign submerged lands. DEP, *Submerged Lands Management*, https://floridadep.gov/lands/bureau-public-land-administration/content/submerged-lands-management (last visited Jan 18, 2024).
[151] Section 258.42, F.S.
[152] Fla. Admin. Code R. 18-20.004. Note that every aquatic preserve in the state has specific restrictions and policies that are set out in the Florida Administrative Code and/or ch. 258, F.S.
[153] Section 258.42, F.S. Administrative rules applicable to aquatic preserves generally may be found in Chapters 18-20, F.A.C., Management Policies, Standards and Criteria.

trimming or alteration is in compliance with the requirements of state law including permit requirements for mangrove trimming.[154]

Leases of sovereign submerged lands are more costly within aquatic preserves. A rate of two times the existing rate is applied to aquatic preserve leases if 75 percent or more of the lease shoreline and the adjacent 1000 feet on either side of the leased area is in a natural, unbulkheaded, non-seawalled or non-riprapped condition.[155]

The Board has a duty to conserve and improve state-owned lands and the products thereof, which includes the preservation and regeneration of seagrass.[156] A person operating a vessel outside a lawfully marked channel in a careless manner that causes seagrass scarring within an aquatic preserve, with the exception of the Lake Jackson, Oklawaha River, Wekiva River, and Rainbow Springs aquatic preserves, commits a noncriminal infraction. The Nature Coast Aquatic Preserve is also not included. The penalties are as follows:

- $100 for a first offense;
- $250 for a second offense occurring within 12 months of a prior conviction;
- $500 for a third offense occurring within 36 months of a prior conviction; and
- $1,000 for a fourth or subsequent offense occurring within 72 months of a prior conviction.[157]

The Nature Coast Aquatic Preserve

The Florida Legislature designated the Nature Coast Aquatic Preserve in 2020[158] and it is the 42nd aquatic preserve.[159] The preserve is the second-largest in Florida. It encompasses 800 square miles of coastal waters, including 625 miles of shoreline along Citrus, Hernando, and Pasco Counties. The preserve is bordered to the north and south by three other aquatic preserves. The combination of all four aquatic preserves protects the largest contiguous seagrass meadow in the Gulf of Mexico and the largest spring-fed seagrass habitat in the world.[160]

The preserve by itself protects nearly 400,000 acres of seagrass that support working waterfront industries, including fisheries, seafood production, and ecotourism. The preserve also includes mangrove islands, saltmarsh, sponge beds, marine springs, oyster reefs, and limestone hardbottom habitats.[161]

Kristin Jacobs Coral Reef Ecosystem Conservation Area

The Kristin Jacobs Coral Reef Ecosystem Conservation Area, formerly known as the Southeast Florida Coral Reef Initiative, was officially established on July 1, 2018.[162] The conservation area

is the northernmost section of Florida's coral reef and runs 105 miles from the St. Lucie Inlet to the northern boundary of Biscayne National Park. The conservation area is part of the only barrier reef system in the continental U.S. and is home to more than 6,000 species of marine life including fish, stony corals, gorgonians, sponges, and other marine invertebrates.[163]

III. Effect of Proposed Changes:

Section 1 amends s. 253.04, F.S., to extend the area in which a person operating a vessel outside a lawfully marked channel in a careless manner that causes seagrass scarring within an aquatic preserve commits a noncriminal infraction. The area now includes the Nature Coast Aquatic Preserve.

Section 2 amends s. 258.39, F.S., to declare as an aquatic preserve the Kristin Jacobs Coral Reef Ecosystem Conservation Area, as designated by chapter 2021-107, Laws of Florida, the boundaries of which consist of the sovereignty submerged lands and waters of the state offshore of Broward, Martin, Miami-Dade, and Palm Beach Counties from the St. Lucie Inlet to the northern boundary of the Biscayne National Park.

Section 3 amends s. 373.250, F.S., to direct each water management district, in coordination with the Department of Environmental Protection (DEP), to develop rules by December 31, 2025, to promote the use of reclaimed water and encourage potable quantifiable water offsets that produce significant water savings beyond those required in a consumptive use permit.

The bill requires that the rules must provide that if an applicant proposes a water supply development or water resource development project using reclaimed water that meets the advanced wastewater treatment standards for total nitrogen and total phosphorous as part of an application for consumptive use, the applicant is eligible for a permit duration of up to 30 years if there is sufficient data to provide reasonable assurance that the conditions for permit issuance will be met for the duration of the permit. The bill provides that the rules developed pursuant to this paragraph must include, at a minimum:

- A requirement that the permittee demonstrate how quantifiable groundwater or surface water savings associated with the new water supply development or water resource development project helps meet water demands beyond a 20-year permit duration or is completed for the purpose of meeting the requirements of an adopted recovery or prevention strategy; and
- Guidelines for a district to follow in determining the permit duration based on the project's implementation.

The bill requires that the rules must also provide authorization for a consumptive use permittee to seek a permit extension of up to 10 years if the permittee proposes a water supply development or water resource development project using reclaimed water that meets the advanced wastewater treatment standards for total nitrogen and total phosphorous during the term of its permit which results in the reduction of groundwater or surface water withdrawals or is completed to benefit a waterbody with a minimum flow or minimum water level with a recovery or prevention strategy. The bill provides that rules associated with this paragraph must include, at a minimum:

[163] DEP, *Coral ECA: Kristin Jacobs Coral Reef Ecosystem Conservation Area*.

- A requirement that the permittee be in compliance with the permittee's consumptive use permit;
- A requirement that the permittee demonstrate how the quantifiable groundwater or surface water savings associated with the new water supply development or water resource development project helps meet water demands beyond the issued permit duration or benefits a waterbody with a minimum flow or minimum water level with a recover or prevention strategy;
- A requirement that the permittee demonstrate a water demand for the permit's allocation through the term of the extension; and
- Guidelines for a district to follow in determining the number of years extended, including a minimum year requirement, based on the project implementation.

The bill expressly states that these provisions do not limit the existing authority of a water management district to protect from harm the water resources or ecology of the area, or to otherwise ensure compliance with the conditions for permit issuance.

Section 4 amends s. 380.093, F.S., to define the "Florida Flood Hub" as the Florida Flood Hub for Applied Research and Innovation established pursuant to s. 380.0933, F.S.

The bill amends the definition of "preconstruction activities" to specify that the activities are those associated with a project that *addresses the risks of flooding and sea level rise* that occur before construction begins.

Resilient Florida Grant Program

The bill provides that DEP may provide grants to a county or municipality to fund updates to the county's or municipality's inventory of critical assets, including regionally significant assets that are currently or reasonably expected to be impacted by flooding and sea level rise. The bill adds that the updated inventory must be submitted to DEP and, at the time of submission, must reflect all such assets that are currently, or within 50 years may reasonably be expected to be, impacted by flooding and sea level rise.

The bill adds that DEP may provide grants to a county or municipality to fund the development of strategies, in addition to projects, plans, and policies, that enhance community preparations for threats from flooding and sea level rise, including adaptation plans that help local governments prioritize project development and implementation across one or more jurisdictions in a manner consistent with departmental guidance.

The bill specifies that, under the grant program, DEP may provide grants to a county or municipality for the cost of permitting for projects designed to achieve reductions in the risks or impacts of flooding and sea level rise using nature-based solutions.

The bill requires that, upon completion of a vulnerability assessment, the county or municipality must submit to DEP an inventory of critical assets, including regionally significant assets that are currently, or within 50 years are reasonably expected to be, impacted by flooding and sea level rise.

The bill requires that a vulnerability assessment make use of the best available information through the Florida Flood Hub as certified by the Chief Science Officer, in consultation with the Chief Resilience Officer. The bill adds that this includes analyzing impacts related to the depth of tidal flooding, current and future storm surge flooding, and rainfall-induced flooding, which are already listed in statute. With regard to current and future storm surge flooding, the bill removes language directing the use of publicly available National Oceanic and Atmospheric Administration (NOAA) or Federal Emergency Management Agency storm surge data, unless there is an absence of applicable data from the Florida Flood Hub. Further, the bill adds that higher frequency storm events may be analyzed to understand the exposure of a regionally significant asset. With regard to rainfall-induced flooding, the bill specifies that a spatiotemporal analysis used in the analysis must be GIS-based.

The bill requires that a vulnerability assessment initiated after July 1, 2024, must apply at a minimum the 2022 NOAA intermediate-low and intermediate sea level rise scenarios or the statewide sea level rise projections developed pursuant to the comprehensive statewide flood vulnerability and sea level rise assessment. This replaces language in current law requiring two local sea level rise scenarios that must include the 2017 NOAA intermediate-low and intermediate-high sea level rise scenarios.

The bill adds that a vulnerability assessment apply at least two planning horizons that are identified in the following table which correspond with the appropriate comprehensive statewide flood vulnerability and sea level rise assessment for which DEP, at the time of award, determines such local vulnerability assessment will be incorporated:

Year of assessment	20-year planning horizon	50-year planning horizon
2024	2040	2070
2029	2050	2080
2034	2055	2085
2039	2060	2090
2044	2065	2095
2049	2070	2100

The bill requires that the local sea level data required to be applied in a vulnerability assessment must be the data maintained by the Florida Flood Hub which reflect the best available scientific information as certified by the Chief Science Officer, in consultation with the Chief Resilience Officer. If such data is not available, then the bill allows the use of local sea level data that may be interpolated between the two closest NOAA tide gauges.

Comprehensive Statewide Flood Vulnerability and Sea Level Rise Data Set and Assessment

The bill updates an out-of-date requirement, to require DEP to develop and maintain a comprehensive statewide flood vulnerability and sea level rise data set. The bill directs DEP to develop and maintain the data set in coordination with the Chief Resilience Officer. The bill requires the compilation, analysis, and incorporation of information related to critical asset inventories. The bill requires the Chief Science Officer to coordinate specifically with the Chief Resilience Officer and the Florida Flood Hub to develop statewide sea level rise projections.

The bill updates an out-of-date provision and requires DEP to coordinate with the Chief Resilience Officer and the Florida Flood Hub, to complete a comprehensive statewide flood vulnerability and sea level rise assessment. The bill requires that the assessment must include the 20- and 50-year projected sea level rise at each active NOAA tidal gauge off the coast of this state as derived from the statewide sea level rise projections.

The bill requires DEP to coordinate with the Chief Resilience Officer and the Florida Flood Hub to update the comprehensive statewide flood vulnerability and sea level rise data set using the best available information each year at least every five years. The bill removes language requiring DEP to update the data set and assessment more frequently than every five years if it determines that updates are necessary to maintain their validity.

Statewide Flooding and Sea Level Rise Resilience Plan

The bill removes an out-of-date requirement regarding a preliminary plan to be submitted by December 1, 2021. The bill requires that each annual plan must *primarily* address risks of flooding and sea level rise, but adds that it may also include, at DEP's discretion in consultation with the Chief Resilience Officer, certain other projects that address risks of flooding and sea level rise to critical assets not yet identified in the comprehensive statewide flood vulnerability and sea level rise assessment.

The bill specifies that local governments, special districts, and regional resilience entities may submit proposed projects that address risks of flooding or sea level rise identified in the comprehensive statewide flood vulnerability and sea level rise assessment.

The bill extends the deadline for counties, municipalities, special districts, and regional resilience entities acting on behalf of one or more member counties or municipalities to submit projects identified in existing vulnerability assessments that do not comply with the requirements of the Resilient Florida Grant Program to December 1, 2024. Such entities may submit those projects only if the entity is actively developing a vulnerability assessment that is either under a signed grant agreement with DEP pursuant to the grant program or funded by another state or federal agency, or is self-funded and intended to meet the grant program's vulnerability assessment requirements or the existing vulnerability assessment was completed using previously compliant statutory requirements. The bill provides that projects identified from this category of vulnerability assessments are eligible for submittal until the prior vulnerability assessment has been updated to meet the most recent statutory requirements

The bill removes the term "financially disadvantaged community" for purposes of reduced cost share and replaces it with the term "community eligible for reduced cost share" and includes a municipality or county with a per capita annual income that is equal to or less than 75 percent of the state's per capita annual income as shown in the most recent release from the Bureau of the Census of the United States Department of Commerce.

The bill specifies that water management, drainage, erosion control, and flood control districts and regional water supply authorities may submit proposed projects that address risks of flooding or sea level rise identified in the comprehensive statewide flood vulnerability and sea level rise

assessment or vulnerability assessments that meet the requirements of the Resilient Florida Grant Program.

The bill removes language requiring that for a project to be eligible for inclusion in the plan, it must have been submitted by an authorized entity or must have been identified in the comprehensive statewide flood vulnerability and sea level rise assessment, as applicable.

The bill authorizes DEP to adopt rules to implement this section.

Regional Resilience Entities

The bill specifically includes regional planning councils and estuary partnerships as regional entities that may receive funding for certain purposes.

The bill specifies that one of the purposes for which DEP may provide funding to certain regional entities is to coordinate and conduct activities authorized by the Resilient Florida Grant Program with broad regional benefit or on behalf of multiple member counties and municipalities. This replaces language authorizing DEP to provide funding for the purpose of coordinating multijurisdictional vulnerability assessments.

Section 5 amends s. 381.0061, F.S., to removes an authorization allowing the Department of Health (DOH) to impose a fine for a violation of the laws relating to onsite sewage treatment and disposal systems (OSTDSs) regulations, OSTDS fees, and septic tank contracting.

The bill specifies that DOH may impose a fine for a violation of any rule adopted by DOH under ch. 381, F.S., relating to public health, or for a violation of ch. 386, F.S., relating to sanitary nuisances and the Florida Clean Air Act, that does not involve OSTDSs.

Section 6 provides that the Legislature intends that the transfer of the regulation of the Onsite Sewage Program from DOH to DEP, as required by the Clean Waterways Act, be completed in a phased approach.

The bill directs that before the phased transfer, DEP must coordinate with DOH to identify equipment and vehicles that were previously used to carry out the program in each county and that are no longer needed for such purpose. DOH must transfer the agreed-upon equipment and vehicles to DEP, to the extent that each county agrees to relinquish ownership of such equipment and vehicles to DOH.

The bill provides that when DEP begins implementing the program within a county, DOH may no longer implement or collect fees for the program unless specified by separate delegation or contract with DEP.

Section 7 amends s. 381.0065, F.S., to specify that DEP must conduct enforcement activities in accordance with part I of chapter 403, F.S., relating to pollution control, as well as for a violation of any rule adopted by DEP under laws regulating OSTDSs, sanitary nuisances relating to OSTDSs, or septic tank contracting.

The bill adds that all references in this section (s. 381.0065, F.S.) to part I of chapter 386, regarding sanitary nuisances, relate solely to nuisances that involve improperly built or maintained septic tanks or other OSTDSs and untreated or improperly treated or transported waste from OSTDSs. The bill provides that DEP shall have all the duties and authorities of DOH for sanitary nuisances involving OSTDSs. The bill provides that this authority is in addition to and may be pursued independently of or simultaneously with the enforcement remedies provided under this section relating to OSTDSs regulations and ch. 403, F.S., relating to pollution control.

The bill directs DEP to adopt rules establishing and implementing a program of general permits for projects, or categories of projects, which have, individually or cumulatively, a minimal adverse impact on public health or the environment. The rules must:

- Specify design or performance criteria which, if applied, would result in compliance with appropriate standards; and
- Authorize a person who complies with the general permit eligibility requirements to use the permit 30 days after giving notice to DEP without any agency action by DEP. Within the 30-day notice period, DEP shall determine whether the activity qualifies for a general permit. Further, if the activity does not qualify or the notice does not contain all the required information, DEP must notify the person.

The bill specifies that for DEP personnel to gain entry to a residence or private building, DEP must obtain permission from the owner or occupant or secure an inspection warrant from a court of competent jurisdiction pursuant to the procedures of s. 403.091, F.S., relating to inspections. The bill removes language authorizing DEP to issue citations that may contain an order of correction or an order to pay a fine, or both, and instead provides that DEP has all the judicial and administrative remedies available to it pursuant to part I of ch. 403, F.S., relating to pollution control.

The bill removes all requirements relating to DEP issuing citations.

The bill provides that DEP shall deposit any damages, costs, or penalties it collects pursuant to this section on OSTDSs regulations and part I of ch. 403, F.S., relating to pollution control, in the Water Quality Assurance Trust Fund. The bill removes language directing DEP to deposit money from fines into the county health department trust fund.

Section 8 amends s. 381.0066, F.S., relating to OSTDS fees, to provide that the fee schedule for application review, permit issuance, or system inspection applies when performed by DEP or a private provider inspector.

The bill removes language providing that fees collected with respect to OSTDS must be deposited in a trust fund administered by DEP, to be used for purposes stated in the OSTDS fees and regulations laws. The bill directs that funds collected for the implementation of OSTDS regulation, connection of existing OSTDSs to central sewerage systems, and corrective orders relating to OSTDSs and private and certain public water systems, subsequent to any phased transfer of implementation from DOH to DEP within any county, must be deposited in the Florida Permit Fee Trust Fund, to be administered by DEP.

Section 9 amends s. 403.061, F.S., to direct that, upon direction of DEP, all counties must make available necessary scientific, technical, research, administrative, and operational services and facilities. Current law only requires all state agencies to make these services and facilities available.

Section 10 amends s. 403.064, F.S., to provide a Legislative finding that the reuse of reclaimed water is a critical component of meeting the state's existing and future water supply needs while sustaining natural systems and encouraging its best and most beneficial use.

Therefore, the bill would require *all* applicants for permits to construct and operate a domestic wastewater treatment facility to prepare a reuse feasibility study. Currently, this requirement is limited to wastewater treatment facilities discharging to a water resource caution area.

The bill makes the following changes to the content requirements of reuse feasibility studies:
- A reuse feasibility study must include an evaluation of the estimated water savings resulting from different types of reuse, if implemented;
- A reuse feasibility study must include an evaluation of environmental and water resource benefits associated with different types of reuse;
- A reuse feasibility study must include an evaluation of economic, environmental, and technical constraints associate with the different types of reuse, including any constraints caused by potential water quality impacts.

The bill requires that a domestic wastewater treatment facility that disposes of effluent or a portion thereof by Class I deep well injection, surface water discharge, land application, or other method to dispose of effluent or a portion thereof must give consideration to direct ecological or public water supply benefits afforded by any disposal and implement reuse to the degree that it is feasible.

Section 11 amends s. 403.067, F.S., to specify that if a local government is required to develop a wastewater treatment plan as part of a basin management action plan (BMAP), that plan is a *domestic* wastewater treatment plan. The bill adds that public and private domestic wastewater treatment facilities that specifically provide services or are located within the jurisdiction of the local government must participate in developing the domestic wastewater treatment plan.

The bill adds that private domestic wastewater facilities and special districts providing domestic wastewater services must provide the required wastewater facility information to the applicable local governments.

Section 12 amends s. 403.0673, F.S., which creates the water quality improvement grant program to require DEP, in the annual report to the Governor, the President of the Senate, and the Speaker of the House of Representatives on projects funded in the water quality grant program, to include a status report on each project funded since 2021. The status report must, at a minimum, identify which projects have been completed and, if such information is available, provide nutrient load improvements or water quality testing data for the waterbody. The bill also directs DEP to include projects funded under the water quality grant program on a user-friendly website or dashboard.

Section 13 amends s. 403.086, F.S., to require that by July 1, 2034, within a BMAP or a reasonable assurance plan area, any wastewater treatment facility providing reclaimed water that will be used for commercial or residential irrigation or be otherwise land applied must meet the standards for advanced waste treatment for total nitrogen and phosphorous as set in statute,[164] if DEP has determined in an applicable BMAP or reasonable assurance plan that the use of reclaimed water is contributing to the nutrient impairment being addressed in such plan. The bill provides that for such DEP determinations made in a nutrient BMAP or reasonable assurance plan after July 1, 2024, an applicable wastewater treatment facility must meet the requisite advanced wastewater treatment standards within 10 years after such determination. DEP is not prevented from requiring an alternative treatment standard, including a more stringent treatment standard, if DEP determines that alternative standard is necessary to achieve the total maximum daily load or applicable water quality criteria.

The bill provides that this criteria does not apply to reclaimed water that is otherwise land applied as part of a water quality restoration project or water resource development project approved by DEP or a water management district to meet a total maximum daily load or minimum flow or level and where such reclaimed water will be at or below the advanced wastewater treatment standards before entering groundwater or surface water.

Section 14 amends s. 403.121, F.S., to provide that DEP shall have certain judicial and administrative remedies available to it for violations of statutes relating to:
- General requirements for OSTDSs (ss. 381.0065-381.0067, F.S.);
- Sanitary nuisances for purposes of OSTDSs only (part I of ch. 386, F.S.);
- Septic tank contracting (part III of ch. 489, F.S., or any rule promulgated thereunder).

With regard to the schedule for administrative penalties, DEP shall assess a penalty of $2,000 for the following violations:
- Failure to obtain an OSTDS permit or for another violation of s. 381.0065, F.S., relating to OSTDSs regulations;
- The creation of or maintenance of a nuisance related to an OSTDS under part I of ch. 386, F.S.; or
- For a violation of part III of ch. 489, relating to septic tank contracting, or any rule properly promulgated thereunder.

The bill adds that each day the cause of a sanitary nuisance is not addressed constitutes a separate offense.

Section 15 amends s. 403.0671, F.S., to clarify that BMAP wastewater reports must include projects to construct, upgrade, or expand domestic wastewater treatment facilities to meet the *domestic* wastewater treatment plan. This change conforms to amendments made in Section 11 of the bill.

Section 16 amends s. 403.9301, F.S., to require the Office of Economic and Demographic Research to provide, beginning July 1, 2024, and annually thereafter, a publicly-accessible data visualization tool on its website related to its statewide wastewater services projections.

[164] Section 403.086(4), F.S.

Section 17 amends s. 403.9302, F.S., to require the Office of Economic and Demographic Research to provide, beginning July 1, 2024, and annually thereafter, a publicly accessible data visualization tool on its website related to its statewide stormwater services projections.

Sections 18 reenacts s. 327.73(1)(x), F.S., relating to noncriminal infractions, to incorporate the amendment made by this bill in a reference to the amended section.

Section 19 reenacts s. 381.0072(4)(a) and (6)(a), F.S., relating to food service protection, to incorporate the amendment made by this bill in a reference to the amended section.

Section 20 reenacts s. 381.0086(4), F.S., relating to public health rules, variances, and penalties, to incorporate the amendment made by this bill in a reference to the amended section.

Section 21 reenacts s. 381.0098(7), F.S., relating to biomedical waste, to incorporate the amendment made by this bill in a reference to the amended section.

Section 22 reenacts s. 513.10(2), F.S., relating to operating a mobile home or recreational vehicle park without a permit, enforcement, and penalties, to incorporate the amendment made by this bill in a reference to the amended section.

Section 23 provides an effective date of July 1, 2024.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Article VII, s. 18 of the Florida Constitution prohibits a general law that requires a county or municipality to spend funds to take an action requiring the expenditure of funds, unless the law fulfills an important state interest and unless an exception applies. This bill may contain a local mandate because it requires all counties, at the direction of the Department of Environmental Protection, to make available necessary scientific, technical, research, administrative, and operational services and facilities. Because these are services and facilities that the local government would already have available, the exemption for insignificant fiscal impacts may apply.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

The Department of Environmental Protection (DEP) shall assess a penalty of $2,000 for the following violations:

- Failure to obtain an onsite sewage treatment and disposal system (OSTDS) permit or for another violation of s. 381.0065, F.S., relating to OSTDSs regulations;
- The creation of or maintenance of a nuisance related to an OSTDS under part I of ch. 386, F.S.; or
- For a violation of part III of ch. 489, relating to septic tank contracting, or any rule properly promulgated thereunder.

C. Government Sector Impact:

This bill may have a positive fiscal impact on certain local governments, because opportunities for reduced cost share now includes a municipality or county with a per capita annual income that is equal or less than 75 percent of the state's per capita annual income as shown in the most recent census for the Resilient Florida Grant Program. With more counties and municipalities available for reduced cost share and a finite amount of funds, some counties and municipalities may not receive grants that they may otherwise have.

This bill may have a negative fiscal impact on local governments due to the requirement that all counties must make available necessary scientific, technical, research, administrative, and operational services and facilities. Further, county health departments will lose revenue and staffing that is being taken over by DEP, but they will also no longer have to provide those services.

This bill may have a positive fiscal impact on state government, because DEP is directed to deposit certain damages, costs, or penalties it collects relating to onsite sewage treatment and disposal systems regulations into the Water Quality Assurance Trust Fund. Local governments may experience a negative fiscal impact, because the bill removes language directed DEP to deposit funds from fines into the county health department trust fund.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 253.04, 258.39, 373.250, 380.093, 381.0061, 381.0065, 381.0066, 403.061, 403.064, 403.067, 403.0673, 403.086, 403.091, 403.9301, 403.9302, 403.121, and 403.0671,.

This bill reenacts the following sections of the Florida Statutes: 327.73(1)(x), 381.0072(4)(a) and (6)(a), 381.0086(4), 381.0098(7), and 513.10(2).

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Fiscal Policy on February 22, 2024:
The committee substitute:

- Revises the wording in a requirement for rules relating to long-term consumptive use permits for a water supply or resource development project from *benefits a waterbody with a minimum flow or minimum water level* with a recovery or prevention strategy to *for the purpose of meeting the requirements of an adopted* recovery or prevention strategy.
- Adds water management district approved water quality restoration or water resource development projects to an exemption for land-applied reclaimed water from certain advanced wastewater treatment standards.
- Removes language in the underlying bill that allows the Department of Environmental Protection (DEP) to inspect certain properties where an onsite sewage treatment and disposal system is located or is being constructed or installed or where certain required records are kept.

CS by Appropriations Committee on Agriculture, Environment, and General Government on February 13, 2024:
The committee substitute:

- Clarifies that resiliency projects identified in a previously completed vulnerability assessment remain eligible for funding in the state resilience plan and project applications may be submitted to the department any time prior to September 1 of each year.
- Specifies that the requirement to treat reclaimed water used for irrigation to advanced waste treatment standards only applies to the nitrogen and phosphorous criteria and if within a nutrient basin management action plan where the department has determined that the use of reclaimed water is causing or contributing to the nutrient impairment.
- Directs the Office of Economic and Demographic Research to provide a publicly-accessible data visualization tool related to its statewide wastewater and stormwater needs analysis.

- Directs DEP to include the Water Quality Grant Program projects funded under the water quality grant program on a user-friendly website or dashboard.
- Specifies that a consumptive use permit extension authorized in the bill only applies if the reclaimed water meets the advanced treatment standards for total nitrogen and phosphorous.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

334716

LEGISLATIVE ACTION

Senate	.	House
Comm: RCS	.	
02/23/2024	.	
	.	
	.	
	.	

The Committee on Fiscal Policy (Calatayud) recommended the following:

Senate Amendment (with title amendment)

Delete lines 190 - 1843

and insert:

development project either meets water demands beyond a 20-year permit duration or is completed for the purpose of meeting the requirements of an adopted recovery or prevention strategy; and

2. Guidelines for a district to follow in determining the permit duration based on the project's implementation.

334716

This paragraph does not limit the existing authority of a water management district to issue a shorter duration permit to protect from harm the water resources or ecology of the area, or to otherwise ensure compliance with the conditions for permit issuance.

(b) Authorization for a consumptive use permittee to seek a permit extension of up to 10 years if the permittee proposes a water supply development or water resource development project using reclaimed water that meets the advanced waste treatment standards for total nitrogen and total phosphorous as defined in s. 403.086(4)(a) during the term of its permit which results in the reduction of groundwater or surface water withdrawals or is completed to benefit a waterbody with a minimum flow or minimum water level with a recovery or prevention strategy. Rules associated with this paragraph must include, at a minimum:

1. A requirement that the permittee be in compliance with the permittee's consumptive use permit;

2. A requirement that the permittee demonstrate how the quantifiable groundwater or surface water savings associated with the new water supply development or water resource development project either meets water demands beyond the issued permit duration or is completed for the purpose of meeting the requirements of an adopted recovery or prevention strategy;

3. A requirement that the permittee demonstrate a water demand for the permit's allocation through the term of the extension; and

4. Guidelines for a district to follow in determining the number of years extended, including a minimum year requirement, based on the project implementation.

334716

This paragraph does not limit the existing authority of a water management district to protect from harm the water resources or ecology of the area, or to otherwise ensure compliance with the conditions for permit issuance.

Section 4. Present paragraphs (c) and (d) of subsection (2) of section 380.093, Florida Statutes, are redesignated as paragraphs (d) and (e), respectively, a new paragraph (c) is added to that subsection, and present paragraph (c) of subsection (2), paragraphs (b), (c), and (d) of subsection (3), and subsections (4), (5), and (6) of that section are amended, to read:

380.093 Resilient Florida Grant Program; comprehensive statewide flood vulnerability and sea level rise data set and assessment; Statewide Flooding and Sea Level Rise Resilience Plan; regional resilience entities.—

(2) DEFINITIONS.—As used in this section, the term:

(c) "Florida Flood Hub" means the Florida Flood Hub for Applied Research and Innovation established pursuant to s. 380.0933.

(d) ~~(c)~~ "Preconstruction activities" means activities associated with a project that addresses the risks of flooding and sea level rise that occur before construction begins, including, but not limited to, design of the project, permitting for the project, surveys and data collection, site development, solicitation, public hearings, local code or comprehensive plan amendments, establishing local funding sources, and easement acquisition.

(3) RESILIENT FLORIDA GRANT PROGRAM.—

334716

(b) Subject to appropriation, the department may provide grants to each of the following entities:

1. A county or municipality to fund:

a. The costs of community resilience planning and necessary data collection for such planning, including comprehensive plan amendments and necessary corresponding analyses that address the requirements of s. 163.3178(2)(f).

b. Vulnerability assessments that identify or address risks of inland or coastal flooding and sea level rise.

c. Updates to the county's or municipality's inventory of critical assets, including regionally significant assets that are currently or reasonably expected to be impacted by flooding and sea level rise. The updated inventory must be submitted to the department and, at the time of submission, must reflect all such assets that are currently, or within 50 years may reasonably be expected to be, impacted by flooding and sea level rise.

d. The development of projects, plans, strategies, and policies that enhance community preparations ~~allow communities to prepare~~ for threats from flooding and sea level rise, including adaptation plans that help local governments prioritize project development and implementation across one or more jurisdictions in a manner consistent with departmental guidance.

e.~~d.~~ Preconstruction activities for projects to be submitted for inclusion in the Statewide Flooding and Sea Level Rise Resilience Plan. Only communities eligible for a reduced cost share as defined in paragraph (5)(e) are eligible for such preconstruction activities ~~that are located in a municipality~~

334716

~~that has a population of 10,000 or fewer or a county that has a population of 50,000 or fewer, according to the most recent April 1 population estimates posted on the Office of Economic and Demographic Research's website~~.

f.~~e.~~ Feasibility studies ~~and the cost of permitting~~ for nature-based solutions that reduce the impact of flooding and sea level rise.

g. The cost of permitting for projects designed to achieve reductions in the risks or impacts of flooding and sea level rise using nature-based solutions.

2. A water management district identified in s. 373.069 to support local government adaptation planning, which may be conducted by the water management district or by a third party on behalf of the water management district. Such grants must be used for the express purpose of supporting the Florida Flood Hub ~~for Applied Research and Innovation~~ and the department in implementing this section through data creation and collection, modeling, and the implementation of statewide standards. Priority must be given to filling critical data gaps identified by the Florida Flood Hub ~~for Applied Research and Innovation~~ under s. 380.0933(2)(a).

(c) A vulnerability assessment conducted pursuant to paragraph (b) must encompass the entire county or municipality; include all critical assets owned or maintained by the grant applicant; and use the most recent publicly available Digital Elevation Model and generally accepted analysis and modeling techniques. An assessment may encompass a smaller geographic area or include only a portion of the critical assets owned or maintained by the grant applicant with appropriate rationale and

334716

upon approval by the department. Locally collected elevation data may also be included as part of the assessment as long as it is submitted to the department pursuant to this paragraph.

1. The assessment must include an analysis of the vulnerability of and risks to critical assets, including regionally significant assets, owned or managed by the county or municipality.

2. Upon completion of a vulnerability assessment, the county or municipality shall submit to the department all of the following:

a. A report detailing the findings of the assessment.

b. All electronic mapping data used to illustrate flooding and sea level rise impacts identified in the assessment. When submitting such data, the county or municipality shall include:

(I) Geospatial data in an electronic file format suitable for input to the department's mapping tool.

(II) Geographic information system (GIS) data that has been projected into the appropriate Florida State Plane Coordinate System and that is suitable for the department's mapping tool. The county or municipality must also submit metadata using standards prescribed by the department.

c. An inventory ~~A list~~ of critical assets, including regionally significant assets, that are currently, or within 50 years are reasonably expected to be, impacted by flooding and sea level rise.

(d) A vulnerability assessment conducted pursuant to paragraph (b) must do ~~include~~ all of the following:

1. Include peril of flood comprehensive plan amendments that address the requirements of s. 163.3178(2)(f), if the

county or municipality is subject to such requirements and has not complied with such requirements as determined by the Department of Commerce ~~Economic Opportunity~~.

2. Make use of the best available information through the Florida Flood Hub as certified by the Chief Science Officer, in consultation with the Chief Resilience Officer, including, as ~~If~~ applicable, analyzing impacts related to the depth of:

a. Tidal flooding, including future high tide flooding, which must use thresholds published and provided by the department. To the extent practicable, the analysis should also geographically display the number of tidal flood days expected for each scenario and planning horizon.

b. Current and future storm surge flooding ~~using publicly available National Oceanic and Atmospheric Administration or Federal Emergency Management Agency storm surge data~~. The initial storm surge event used must equal or exceed the current 100-year flood event. Higher frequency storm events may be analyzed to understand the exposure of a critical asset or regionally significant asset. Publicly available National Oceanic and Atmospheric Administration (NOAA) or Federal Emergency Management Agency storm surge data may be used in the absence of applicable data from the Florida Flood Hub.

c. To the extent practicable, rainfall-induced flooding using a GIS-based spatiotemporal analysis or existing hydrologic and hydraulic modeling results. Future boundary conditions should be modified to consider sea level rise and high tide conditions. Vulnerability assessments for rainfall-induced flooding must include the depth of rainfall-induced flooding for a 100-year storm and a 500-year storm, as defined by the

applicable water management district or, if necessary, the appropriate federal agency. Future rainfall conditions should be used, if available. Noncoastal communities must perform a rainfall-induced flooding assessment.

d. To the extent practicable, compound flooding or the combination of tidal, storm surge, and rainfall-induced flooding.

3. Apply the following scenarios and standards:

a. All analyses in the North American Vertical Datum of 1988.

b. For a vulnerability assessment initiated after July 1, 2024, at a minimum ~~least two local sea level rise scenarios~~, ~~which must include~~ the 2022 NOAA ~~2017 National Oceanic and Atmospheric Administration~~ intermediate-low and intermediate ~~intermediate-high~~ sea level rise scenarios or the statewide sea level rise projections developed pursuant to paragraph (4)(a) ~~projections~~.

c. At least two planning horizons identified in the following table which correspond with the appropriate comprehensive statewide flood vulnerability and sea level rise assessment for which the department, at the time of award, determines such local vulnerability assessment will be incorporated:

Year of assessment	20-year planning horizon	50-year planning horizon
2024	2040	2070

334716

2029	2050	2080
2034	2055	2085
2039	2060	2090
2044	2065	2095
2049	2070	2100

~~that include planning horizons for the years 2040 and 2070.~~

d. Local sea level data maintained by the Florida Flood Hub which reflect the best available scientific information as certified by the Chief Science Officer, in consultation with the Chief Resilience Officer. If such data is not available, local sea level data may be ~~that has been~~ interpolated between the two closest NOAA ~~National Oceanic and Atmospheric Administration~~ tide gauges; however, such~~. Local sea level~~ data may be taken from only one of the two closest NOAA tide gauges ~~such gauge~~ if the gauge has a higher mean sea level or may be~~. Data~~ taken from an alternate tide gauge ~~may be used~~ with appropriate rationale and department approval, as long as it is publicly available or submitted to the department pursuant to paragraph (b).

(4) COMPREHENSIVE STATEWIDE FLOOD VULNERABILITY AND SEA LEVEL RISE DATA SET AND ASSESSMENT.—

(a) ~~By July 1, 2023,~~ The department shall develop and maintain ~~complete the development of~~ a comprehensive statewide flood vulnerability and sea level rise data set sufficient to

conduct a comprehensive statewide flood vulnerability and sea level rise assessment. In developing and maintaining the data set, the department shall, in coordination with the Chief Resilience Officer and the Florida Flood Hub ~~for Applied Research and Innovation~~, compile, analyze, and incorporate, as appropriate, information related to vulnerability assessments and critical asset inventories submitted to the department pursuant to subsection (3) or any previously completed assessments that meet the requirements of subsection (3).

1. The Chief Science Officer shall, in coordination with the Chief Resilience Officer and the Florida Flood Hub ~~necessary experts and resources~~, develop statewide sea level rise projections that incorporate temporal and spatial variability, to the extent practicable, for inclusion in the data set. This subparagraph does not supersede regionally adopted projections.

2. The data set must include information necessary to determine the risks to inland and coastal communities, including, but not limited to, elevation, tidal levels, and precipitation.

(b) ~~By July 1, 2024,~~ The department, in coordination with the Chief Resilience Officer and the Florida Flood Hub, shall complete a comprehensive statewide flood vulnerability and sea level rise assessment that identifies inland and coastal infrastructure, geographic areas, and communities in this ~~the~~ state which ~~that~~ are vulnerable to flooding and sea level rise and the associated risks.

1. The department shall use the comprehensive statewide flood vulnerability and sea level rise data set to conduct the assessment.

2. The assessment must incorporate local and regional analyses of vulnerabilities and risks, including, as appropriate, local mitigation strategies and postdisaster redevelopment plans.

3. The assessment must include an inventory of critical assets, including regionally significant assets, that are essential for critical government and business functions, national security, public health and safety, the economy, flood and storm protection, water quality management, and wildlife habitat management, and must identify and analyze the vulnerability of and risks to such critical assets. When identifying critical assets for inclusion in the assessment, the department shall also take into consideration the critical assets identified by local governments and submitted to the department pursuant to subsection (3).

4. The assessment must include the 20-year and 50-year projected sea level rise at each active NOAA tidal gauge off the coast of this state as derived from the statewide sea level rise projections developed pursuant to paragraph (a).

(c) The department, in coordination with the Chief Resilience Officer and the Florida Flood Hub, shall update the comprehensive statewide flood vulnerability and sea level rise data set with the best available information each year and shall update the assessment at least every 5 years. ~~The department may update the data set and assessment more frequently if it determines that updates are necessary to maintain the validity of the data set and assessment.~~

(5) STATEWIDE FLOODING AND SEA LEVEL RISE RESILIENCE PLAN.—

(a) By December 1 of~~, 2021, and~~ each year ~~December 1~~

334716

~~thereafter~~, the department shall develop a Statewide Flooding and Sea Level Rise Resilience Plan on a 3-year planning horizon and submit it to the Governor, the President of the Senate, and the Speaker of the House of Representatives. The plan must consist of ranked projects that address risks of flooding and sea level rise to coastal and inland communities in the state. All eligible projects submitted to the department pursuant to this section must be ranked and included in the plan. Each plan must include a detailed narrative overview describing how the plan was developed, including a description of the methodology used by the department to determine project eligibility, a description of the methodology used to rank projects, the specific scoring system used, the project proposal application form, a copy of each submitted project proposal application form separated by eligible projects and ineligible projects, the total number of project proposals received and deemed eligible, the total funding requested, and the total funding requested for eligible projects.

(b) ~~The plan submitted by December 1, 2021, before the comprehensive statewide flood vulnerability and sea level rise assessment is completed, will be a preliminary plan that includes projects that address risks of flooding and sea level rise identified in available local government vulnerability assessments and projects submitted by water management districts that mitigate the risks of flooding or sea level rise on water supplies or water resources of the state. The plan submitted by December 1, 2022, and the plan submitted by December 1, 2023, will be updates to the preliminary plan.~~ The plan submitted by December 1, 2024, and each plan submitted by December 1

334716

thereafter:~~,~~

1. Shall primarily address risks of flooding and sea level rise identified in the comprehensive statewide flood vulnerability and sea level rise assessment; and

2. May include, at the discretion of the department in consultation with the Chief Resilience Officer, other projects submitted pursuant to paragraph (d) which address risks of flooding and sea level rise to critical assets not yet identified in the comprehensive statewide flood vulnerability and sea level rise assessment.

(c) Each plan submitted by the department pursuant to this subsection must include all of the following information for each recommended project:

1. A description of the project.

2. The location of the project.

3. An estimate of how long the project will take to complete.

4. An estimate of the cost of the project.

5. The cost-share percentage available for the project.

6. A summary of the priority score assigned to the project.

7. The project sponsor.

(d)1. By September 1 of~~, 2021, and~~ each year ~~September 1 thereafter~~, all of the following entities may submit to the department a list of proposed projects that address risks of flooding or sea level rise identified in the comprehensive statewide flood vulnerability and sea level rise assessment or vulnerability assessments that meet the requirements of subsection (3):

a. Counties.

b. Municipalities.

c. Special districts as defined in s. 189.012 which ~~that~~ are responsible for the management and maintenance of inlets and intracoastal waterways or for the operation and maintenance of a potable water facility, a wastewater facility, an airport, or a seaport facility.

d. Regional resilience entities acting on behalf of one or more member counties or municipalities.

For the plans submitted by December 1, 2024, such entities may submit projects identified in existing vulnerability assessments that do not comply with subsection (3) only if the entity is actively developing a vulnerability assessment that is either under a signed grant agreement with the department pursuant to subsection (3) or funded by another state or federal agency, or is self-funded and intended to meet the requirements of paragraph (3)(d) or if the existing vulnerability assessment was completed using previously compliant statutory requirements. Projects identified from this category of vulnerability assessments will be eligible for submittal until the prior vulnerability assessment has been updated to meet most recent statutory requirements ~~2021; December 1, 2022; and December 1, 2023, such entities may submit projects identified in existing vulnerability assessments that do not comply with subsection (3). A regional resilience entity may also submit proposed projects to the department pursuant to this subparagraph on behalf of one or more member counties or municipalities~~.

2. By September 1 of~~, 2021, and~~ each year ~~September 1 thereafter~~, all of the following entities may submit to the

department a list of any proposed projects that address risks of flooding or sea level rise identified in the comprehensive statewide flood vulnerability and sea level rise assessment or vulnerability assessments that meet the requirements of subsection (3), or that mitigate the risks of flooding or sea level rise on water supplies or water resources of the state and a corresponding evaluation of each project:

a. Water management districts.

b. Drainage districts.

c. Erosion control districts.

d. Flood control districts.

e. Regional water supply authorities.

3. Each project submitted to the department pursuant to this paragraph for consideration by the department for inclusion in the plan must include all of the following information:

a. A description of the project.

b. The location of the project.

c. An estimate of how long the project will take to complete.

d. An estimate of the cost of the project.

e. The cost-share percentage available for the project.

f. The project sponsor.

(e) Each project included in the plan must have a minimum 50 percent cost share unless the project assists or is within a ~~financially disadvantaged small~~ community eligible for a reduced cost share. For purposes of this section, the term "~~financially disadvantaged small~~ community eligible for a reduced cost share" means:

1. A municipality that has a population of 10,000 or fewer,

334716

according to the most recent April 1 population estimates posted on the Office of Economic and Demographic Research's website, and a per capita annual income that is less than the state's per capita annual income as shown in the most recent release from the Bureau of the Census of the United States Department of Commerce that includes both measurements; ~~or~~

2. A county that has a population of 50,000 or fewer, according to the most recent April 1 population estimates posted on the Office of Economic and Demographic Research's website, and a per capita annual income that is less than the state's per capita annual income as shown in the most recent release from the Bureau of the Census of the United States Department of Commerce that includes both measurements; or

3. A municipality or county that has a per capita annual income that is equal to or less than 75 percent of the state's per capita annual income as shown in the most recent release from the Bureau of the Census of the United States Department of Commerce.

(f) ~~To be eligible for inclusion in the plan, a project must have been submitted pursuant to paragraph (d) or must have been identified in the comprehensive statewide flood vulnerability and sea level rise assessment, as applicable.~~

~~(g)~~ Expenses ineligible for inclusion in the plan include, but are not limited to, expenses associated with any of the following:

1. Aesthetic vegetation.

2. Recreational structures such as piers, docks, and boardwalks.

3. Water quality components of stormwater and wastewater

management systems, except for expenses to mitigate water quality impacts caused by the project or expenses related to water quality which are necessary to obtain a permit for the project.

4. Maintenance and repair of over-walks.

5. Park activities and facilities, except expenses to control flooding or erosion.

6. Navigation construction, operation, and maintenance activities.

7. Projects that provide only recreational benefits.

(g) ~~(h)~~ The department shall implement a scoring system for assessing each project eligible for inclusion in the plan pursuant to this subsection. The scoring system must include the following tiers and associated criteria:

1. Tier 1 must account for 40 percent of the total score and consist of all of the following criteria:

a. The degree to which the project addresses the risks posed by flooding and sea level rise identified in the local government vulnerability assessments or the comprehensive statewide flood vulnerability and sea level rise assessment, as applicable.

b. The degree to which the project addresses risks to regionally significant assets.

c. The degree to which the project reduces risks to areas with an overall higher percentage of vulnerable critical assets.

d. The degree to which the project contributes to existing flooding mitigation projects that reduce upland damage costs by incorporating new or enhanced structures or restoration and revegetation projects.

2. Tier 2 must account for 30 percent of the total score and consist of all of the following criteria:

a. The degree to which flooding and erosion currently affect the condition of the project area.

b. The overall readiness of the project to proceed in a timely manner, considering the project's readiness for the construction phase of development, the status of required permits, the status of any needed easement acquisition, and the availability of local funding sources.

c. The environmental habitat enhancement or inclusion of nature-based options for resilience, with priority given to state or federal critical habitat areas for threatened or endangered species.

d. The cost-effectiveness of the project.

3. Tier 3 must account for 20 percent of the total score and consist of all of the following criteria:

a. The availability of local, state, and federal matching funds, considering the status of the funding award, and federal authorization, if applicable.

b. Previous state commitment and involvement in the project, considering previously funded phases, the total amount of previous state funding, and previous partial appropriations for the proposed project.

c. The exceedance of the flood-resistant construction requirements of the Florida Building Code and applicable flood plain management regulations.

4. Tier 4 must account for 10 percent of the total score and consist of all of the following criteria:

a. The proposed innovative technologies designed to reduce

project costs and provide regional collaboration.

b. The extent to which the project assists financially disadvantaged communities.

(h) ~~(i)~~ The total amount of funding proposed for each year of the plan may not be less than $100 million. Upon review and subject to appropriation, the Legislature shall approve funding for the projects as specified in the plan. Multiyear projects that receive funding for the first year of the project must be included in subsequent plans and funded until the project is complete, provided that the project sponsor has complied with all contractual obligations and funds are available.

(i) ~~(j)~~ The department shall adopt rules ~~initiate rulemaking by August 1, 2021,~~ to implement this section.

(6) REGIONAL RESILIENCE ENTITIES.—Subject to specific legislative appropriation, the department may provide funding for all of the following purposes to regional entities, including regional planning councils and estuary partnerships, that are established by general purpose local governments and whose responsibilities include planning for the resilience needs of communities and coordinating intergovernmental solutions to mitigate adverse impacts of flooding and sea level rise:

(a) Providing technical assistance to counties and municipalities.

(b) Coordinating and conducting activities authorized by subsection (3) with broad regional benefit or on behalf of multiple member counties and municipalities ~~multijurisdictional vulnerability assessments~~.

(c) Developing project proposals to be submitted for inclusion in the Statewide Flooding and Sea Level Rise

334716

Resilience Plan.

Section 5. Subsection (1) of section 381.0061, Florida Statutes, is amended to read:

381.0061 Administrative fines.—

(1) In addition to any administrative action authorized by chapter 120 or by other law, the department may impose a fine, which may not exceed $500 for each violation, for a violation of s. 381.006(15) or~~, s. 381.0065, s. 381.0066,~~ s. 381.0072, ~~or part III of chapter 489,~~ for a violation of any rule adopted by the department under this chapter, or for a violation of chapter 386 not involving onsite sewage treatment and disposal systems. The department shall give an alleged violator a notice of intent to impose such fine ~~shall be given by the department to the alleged violator~~. Each day that a violation continues may constitute a separate violation.

Section 6. The Legislature intends that the transfer of the regulation of the Onsite Sewage Program from the Department of Health to the Department of Environmental Protection, as required by the Clean Waterways Act, chapter 2020-150, Laws of Florida, be completed in a phased approach.

(1) Before the phased transfer, the Department of Environmental Protection shall coordinate with the Department of Health to identify equipment and vehicles that were previously used to carry out the program in each county and that are no longer needed for such purpose. The Department of Health shall transfer the agreed-upon equipment and vehicles to the Department of Environmental Protection, to the extent that each county agrees to relinquish ownership of such equipment and vehicles to the Department of Health.

(2) When the Department of Environmental Protection begins implementing the program within a county, the Department of Health may no longer implement or collect fees for the program unless specified by separate delegation or contract with the Department of Environmental Protection.

Section 7. Paragraph (h) of subsection (3) and subsections (5) and (7) of section 381.0065, Florida Statutes, are amended, paragraph (o) is added to subsection (3) of that section, and subsection (9) is added to that section, to read:

381.0065 Onsite sewage treatment and disposal systems; regulation.—

(3) DUTIES AND POWERS OF THE DEPARTMENT OF ENVIRONMENTAL PROTECTION.—The department shall:

(h) Conduct enforcement activities in accordance with part I of chapter 403, ~~including imposing fines, issuing citations, suspensions, revocations, injunctions, and emergency orders~~ for violations of this section, part I of chapter 386, or part III of chapter 489 or for a violation of any rule adopted by the department under this section, part I of chapter 386, or part III of chapter 489. All references to part I of chapter 386 in this section relate solely to nuisances involving improperly built or maintained septic tanks or other onsite sewage treatment and disposal systems, and untreated or improperly treated or transported waste from onsite sewage treatment and disposal systems. The department shall have all the duties and authorities of the Department of Health in part I of chapter 386 for nuisances involving onsite sewage treatment and disposal systems. The department's authority under part I of chapter 386 is in addition to and may be pursued independently of or

334716

simultaneously with the enforcement remedies provided under this section and chapter 403.

(o) Adopt rules establishing and implementing a program of general permits for this section for projects, or categories of projects, which have, individually or cumulatively, a minimal adverse impact on public health or the environment. Such rules must:

1. Specify design or performance criteria which, if applied, would result in compliance with appropriate standards; and

2. Authorize a person who complies with the general permit eligibility requirements to use the permit 30 days after giving notice to the department without any agency action by the department. Within the 30-day notice period, the department shall determine whether the activity qualifies for a general permit. If the activity does not qualify or the notice does not contain all the required information, the department must notify the person.

(5) ENFORCEMENT; RIGHT OF ENTRY~~; CITATIONS~~.—

(a) Department personnel who have reason to believe noncompliance exists, may at any reasonable time, enter the premises permitted under ss. 381.0065-381.0066, or the business premises of any septic tank contractor or master septic tank contractor registered under part III of chapter 489, or any premises that the department has reason to believe is being operated or maintained not in compliance, to determine compliance with the provisions of this section, part I of chapter 386, or part III of chapter 489 or rules or standards adopted under ss. 381.0065-381.0067, part I of chapter 386, or

334716

part III of chapter 489. As used in this paragraph, the term "premises" does not include a residence or private building. To gain entry to a residence or private building, the department must obtain permission from the owner or occupant or secure an inspection warrant from a court of competent jurisdiction pursuant to the procedures of s. 403.091.

(b)~~1.~~ The department has all of the judicial and administrative remedies available to it pursuant to part I of chapter 403 ~~may issue citations that may contain an order of correction or an order to pay a fine, or both,~~ for violations of ss. 381.0065-381.0067, part I of chapter 386, or part III of chapter 489 or the rules adopted by the department~~, when a violation of these sections or rules is enforceable by an administrative or civil remedy, or when a violation of these sections or rules is a misdemeanor of the second degree. A citation issued under ss. 381.0065-381.0067, part I of chapter 386, or part III of chapter 489 constitutes a notice of proposed agency action~~.

~~2. A citation must be in writing and must describe the particular nature of the violation, including specific reference to the provisions of law or rule allegedly violated.~~

~~3. The fines imposed by a citation issued by the department may not exceed $500 for each violation. Each day the violation exists constitutes a separate violation for which a citation may be issued.~~

~~4. The department shall inform the recipient, by written notice pursuant to ss. 120.569 and 120.57, of the right to an administrative hearing to contest the citation within 21 days after the date the citation is received. The citation must~~

334716

~~contain a conspicuous statement that if the recipient fails to pay the fine within the time allowed, or fails to appear to contest the citation after having requested a hearing, the recipient has waived the recipient's right to contest the citation and must pay an amount up to the maximum fine.~~

~~5. The department may reduce or waive the fine imposed by the citation. In determining whether to reduce or waive the fine, the department must consider the gravity of the violation, the person's attempts at correcting the violation, and the person's history of previous violations including violations for which enforcement actions were taken under ss. 381.0065-381.0067, part I of chapter 386, part III of chapter 489, or other provisions of law or rule.~~

~~6. Any person who willfully refuses to sign and accept a citation issued by the department commits a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.~~

~~7.~~ The department, pursuant to ss. 381.0065-381.0067, part I of chapter 386, or part III of chapter 489, shall deposit any damages, costs, or penalties ~~fines~~ it collects pursuant to this section and part I of chapter 403 in the Water Quality Assurance Trust Fund ~~county health department trust fund for use in providing services specified in those sections~~.

~~8. This section provides an alternative means of enforcing ss. 381.0065-381.0067, part I of chapter 386, and part III of chapter 489. This section does not prohibit the department from enforcing ss. 381.0065-381.0067, part I of chapter 386, or part III of chapter 489, or its rules, by any other means. However, the department must elect to use only a single method of~~

334716

~~enforcement for each violation.~~

(7) USE OF ENHANCED NUTRIENT-REDUCING ONSITE SEWAGE TREATMENT AND DISPOSAL SYSTEMS.—To meet the requirements of a total maximum daily load, the department shall implement a fast-track approval process of no longer than 6 months for the determination of the use of American National Standards Institute 245 systems approved by NSF International before July 1, 2020. The department shall also establish an enhanced nutrient-reducing onsite sewage treatment and disposal system approval program that will expeditiously evaluate and approve such systems for use in this state to comply with ss. 403.067(7)(a)10. and 373.469(3)(d).

(9) CONTRACT OR DELEGATION AUTHORITY.—The department may contract with or delegate its powers and duties under this section to a county as provided in s. 403.061 or s. 403.182.

Section 8. Subsection (2) of section 381.0066, Florida Statutes, is amended to read:

381.0066 Onsite sewage treatment and disposal systems; fees.—

(2) The minimum fees in the following fee schedule apply until changed by rule by the department within the following limits:

(a) Application review, permit issuance, or system inspection, when performed by the department or a private provider inspector, including repair of a subsurface, mound, filled, or other alternative system or permitting of an abandoned system: a fee of not less than $25, or more than $125.

(b) Site evaluation, site reevaluation, evaluation of a system previously in use, or a per annum septage disposal site

334716

evaluation: a fee of not less than $40, or more than $115.

(c) Biennial operating permit for aerobic treatment units or performance-based treatment systems: a fee of not more than $100.

(d) Annual operating permit for systems located in areas zoned for industrial manufacturing or equivalent uses or where the system is expected to receive wastewater which is not domestic in nature: a fee of not less than $150, or more than $300.

(e) Innovative technology: a fee not to exceed $25,000.

(f) Septage disposal service, septage stabilization facility, portable or temporary toilet service, tank manufacturer inspection: a fee of not less than $25, or more than $200, per year.

(g) Application for variance: a fee of not less than $150, or more than $300.

(h) Annual operating permit for waterless, incinerating, or organic waste composting toilets: a fee of not less than $15, or more than $30.

(i) Aerobic treatment unit or performance-based treatment system maintenance entity permit: a fee of not less than $25, or more than $150, per year.

(j) Reinspection fee per visit for site inspection after system construction approval or for noncompliant system installation per site visit: a fee of not less than $25, or more than $100.

(k) Research: An additional $5 fee shall be added to each new system construction permit issued to be used to fund onsite sewage treatment and disposal system research, demonstration,

334716

and training projects. Five dollars from any repair permit fee collected under this section shall be used for funding the hands-on training centers described in s. 381.0065(3)(j).

(l) Annual operating permit, including annual inspection and any required sampling and laboratory analysis of effluent, for an engineer-designed performance-based system: a fee of not less than $150, or more than $300.

The funds collected pursuant to this subsection for the implementation of onsite sewage treatment and disposal system regulation and for the purposes of ss. 381.00655 and 381.0067, subsequent to any phased transfer of implementation from the Department of Health to the department within any county pursuant to s. 381.0065, must be deposited in the Florida Permit Fee Trust Fund under s. 403.0871, to be administered by the department ~~a trust fund administered by the department, to be used for the purposes stated in this section and ss. 381.0065 and 381.00655~~.

Section 9. Subsection (4) of section 403.061, Florida Statutes, is amended to read:

403.061 Department; powers and duties.—The department shall have the power and the duty to control and prohibit pollution of air and water in accordance with the law and rules adopted and promulgated by it and, for this purpose, to:

(4) Secure necessary scientific, technical, research, administrative, and operational services by interagency agreement, by contract, or otherwise. All state agencies and counties, upon direction of the department, shall make these services and facilities available.

757
758 The department shall implement such programs in conjunction with
759 its other powers and duties and shall place special emphasis on
760 reducing and eliminating contamination that presents a threat to
761 humans, animals or plants, or to the environment.
762 Section 10. Subsections (1), (2), (14), and (15) of section
763 403.064, Florida Statutes, are amended to read:
764 403.064 Reuse of reclaimed water.—
765 (1) The encouragement and promotion of water conservation,
766 and reuse of reclaimed water, as defined by the department, are
767 state objectives and are considered to be in the public
768 interest. The Legislature finds that the reuse of reclaimed
769 water is a critical component of meeting the state's existing
770 and future water supply needs while sustaining natural systems
771 and encouraging its best and most beneficial use. The
772 Legislature further finds that for those wastewater treatment
773 plants permitted and operated under an approved reuse program by
774 the department, the reclaimed water shall be considered
775 environmentally acceptable and not a threat to public health and
776 safety. The Legislature encourages the development of incentive-
777 based programs for reuse implementation.
778 (2) All applicants for permits to construct or operate a
779 domestic wastewater treatment facility ~~located within, serving a~~
780 ~~population located within, or discharging within a water~~
781 ~~resource caution area~~ shall prepare a reuse feasibility study as
782 part of their application for the permit. Reuse feasibility
783 studies must ~~shall~~ be prepared in accordance with department
784 guidelines adopted by rule and shall include, but are not
785 limited to:

(a) Evaluation of monetary costs and benefits for several levels and types of reuse.

(b) Evaluation of the estimated water savings resulting from different types of ~~if~~ reuse, if ~~is~~ implemented.

(c) Evaluation of rates and fees necessary to implement reuse.

(d) Evaluation of environmental and water resource benefits associated with the different types of reuse.

(e) Evaluation of economic, environmental, and technical constraints associated with the different types of reuse, including any constraints caused by potential water quality impacts.

(f) A schedule for implementation of reuse. The schedule must ~~shall~~ consider phased implementation.

(14) After conducting a feasibility study under subsection (2), a domestic wastewater treatment facility ~~facilities~~ that disposes ~~dispose~~ of effluent by Class I deep well injection~~,~~ as defined in 40 C.F.R. s. 144.6(a), surface water discharge, land application, or other method to dispose of effluent or a portion thereof must implement reuse to the degree that reuse is feasible, based upon the applicant's reuse feasibility study, with consideration given to direct ecological or public water supply benefits afforded by any disposal. Applicable permits issued by the department must ~~shall~~ be consistent with the requirements of this subsection.

(a) This subsection does not limit the use of a Class I deep well injection as defined in 40 C.F.R. s. 144.6(a), surface water discharge, land application, or another method to dispose of effluent or a portion thereof for backup use only ~~facility as~~

334716

~~backup for a reclaimed water reuse system~~.

(b) ~~This subsection applies only to domestic wastewater treatment facilities located within, serving a population located within, or discharging within a water resource caution area.~~

~~(15) After conducting a feasibility study under subsection (2), domestic wastewater treatment facilities that dispose of effluent by surface water discharges or by land application methods must implement reuse to the degree that reuse is feasible, based upon the applicant's reuse feasibility study.~~ This subsection does not apply to surface water discharges or land application systems which are currently categorized as reuse under department rules. ~~Applicable permits issued by the department shall be consistent with the requirements of this subsection.~~

~~(a) This subsection does not limit the use of a surface water discharge or land application facility as backup for a reclaimed water reuse system.~~

~~(b) This subsection applies only to domestic wastewater treatment facilities located within, serving a population located within, or discharging within a water resource caution area.~~

Section 11. Paragraph (a) of subsection (7) of section 403.067, Florida Statutes, is amended to read:

403.067 Establishment and implementation of total maximum daily loads.—

(7) DEVELOPMENT OF BASIN MANAGEMENT PLANS AND IMPLEMENTATION OF TOTAL MAXIMUM DAILY LOADS.—

(a) *Basin management action plans.*—

334716

1. In developing and implementing the total maximum daily load for a waterbody, the department, or the department in conjunction with a water management district, may develop a basin management action plan that addresses some or all of the watersheds and basins tributary to the waterbody. Such plan must integrate the appropriate management strategies available to the state through existing water quality protection programs to achieve the total maximum daily loads and may provide for phased implementation of these management strategies to promote timely, cost-effective actions as provided for in s. 403.151. The plan must establish a schedule implementing the management strategies, establish a basis for evaluating the plan's effectiveness, and identify feasible funding strategies for implementing the plan's management strategies. The management strategies may include regional treatment systems or other public works, when appropriate, and voluntary trading of water quality credits to achieve the needed pollutant load reductions.

2. A basin management action plan must equitably allocate, pursuant to paragraph (6)(b), pollutant reductions to individual basins, as a whole to all basins, or to each identified point source or category of nonpoint sources, as appropriate. For nonpoint sources for which best management practices have been adopted, the initial requirement specified by the plan must be those practices developed pursuant to paragraph (c). When appropriate, the plan may take into account the benefits of pollutant load reduction achieved by point or nonpoint sources that have implemented management strategies to reduce pollutant loads, including best management practices, before the development of the basin management action plan. The plan must

also identify the mechanisms that will address potential future increases in pollutant loading.

3. The basin management action planning process is intended to involve the broadest possible range of interested parties, with the objective of encouraging the greatest amount of cooperation and consensus possible. In developing a basin management action plan, the department shall assure that key stakeholders, including, but not limited to, applicable local governments, water management districts, the Department of Agriculture and Consumer Services, other appropriate state agencies, local soil and water conservation districts, environmental groups, regulated interests, and affected pollution sources, are invited to participate in the process. The department shall hold at least one public meeting in the vicinity of the watershed or basin to discuss and receive comments during the planning process and shall otherwise encourage public participation to the greatest practicable extent. Notice of the public meeting must be published in a newspaper of general circulation in each county in which the watershed or basin lies at least 5 days, but not more than 15 days, before the public meeting. A basin management action plan does not supplant or otherwise alter any assessment made under subsection (3) or subsection (4) or any calculation or initial allocation.

4. Each new or revised basin management action plan must include all of the following:

a. The appropriate management strategies available through existing water quality protection programs to achieve total maximum daily loads, which may provide for phased implementation

to promote timely, cost-effective actions as provided for in s. 403.151.

b. A description of best management practices adopted by rule.

c. For the applicable 5-year implementation milestone, a list of projects that will achieve the pollutant load reductions needed to meet the total maximum daily load or the load allocations established pursuant to subsection (6). Each project must include a planning-level cost estimate and an estimated date of completion.

d. A list of projects developed pursuant to paragraph (e), if applicable.

e. The source and amount of financial assistance to be made available by the department, a water management district, or other entity for each listed project, if applicable.

f. A planning-level estimate of each listed project's expected load reduction, if applicable.

5. The department shall adopt all or any part of a basin management action plan and any amendment to such plan by secretarial order pursuant to chapter 120 to implement this section.

6. The basin management action plan must include 5-year milestones for implementation and water quality improvement, and an associated water quality monitoring component sufficient to evaluate whether reasonable progress in pollutant load reductions is being achieved over time. An assessment of progress toward these milestones shall be conducted every 5 years, and revisions to the plan shall be made as appropriate. Any entity with a specific pollutant load reduction requirement

established in a basin management action plan shall identify the projects or strategies that such entity will undertake to meet current 5-year pollution reduction milestones, beginning with the first 5-year milestone for new basin management action plans, and submit such projects to the department for inclusion in the appropriate basin management action plan. Each project identified must include an estimated amount of nutrient reduction that is reasonably expected to be achieved based on the best scientific information available. Revisions to the basin management action plan shall be made by the department in cooperation with basin stakeholders. Revisions to the management strategies required for nonpoint sources must follow the procedures in subparagraph (c)4. Revised basin management action plans must be adopted pursuant to subparagraph 5.

7. In accordance with procedures adopted by rule under paragraph (9)(c), basin management action plans, and other pollution control programs under local, state, or federal authority as provided in subsection (4), may allow point or nonpoint sources that will achieve greater pollutant reductions than required by an adopted total maximum daily load or wasteload allocation to generate, register, and trade water quality credits for the excess reductions to enable other sources to achieve their allocation; however, the generation of water quality credits does not remove the obligation of a source or activity to meet applicable technology requirements or adopted best management practices. Such plans must allow trading between NPDES permittees, and trading that may or may not involve NPDES permittees, where the generation or use of the credits involve an entity or activity not subject to department

water discharge permits whose owner voluntarily elects to obtain department authorization for the generation and sale of credits.

8. The department's rule relating to the equitable abatement of pollutants into surface waters do not apply to water bodies or waterbody segments for which a basin management plan that takes into account future new or expanded activities or discharges has been adopted under this section.

9. In order to promote resilient wastewater utilities, if the department identifies domestic wastewater treatment facilities or onsite sewage treatment and disposal systems as contributors of at least 20 percent of point source or nonpoint source nutrient pollution or if the department determines remediation is necessary to achieve the total maximum daily load, a basin management action plan for a nutrient total maximum daily load must include the following:

a. A domestic wastewater treatment plan developed by each local government, in cooperation with the department, the water management district, and the public and private domestic wastewater treatment facilities providing services or located within the jurisdiction of the local government, which ~~that~~ addresses domestic wastewater. Private domestic wastewater facilities and special districts providing domestic wastewater services must provide the required wastewater facility information to the applicable local governments. The domestic wastewater treatment plan must:

(I) Provide for construction, expansion, or upgrades necessary to achieve the total maximum daily load requirements applicable to the domestic wastewater treatment facility.

(II) Include the permitted capacity in average annual

334716

gallons per day for the domestic wastewater treatment facility; the average nutrient concentration and the estimated average nutrient load of the domestic wastewater; a projected timeline of the dates by which the construction of any facility improvements will begin and be completed and the date by which operations of the improved facility will begin; the estimated cost of the improvements; and the identity of responsible parties.

The domestic wastewater treatment plan must be adopted as part of the basin management action plan no later than July 1, 2025. A local government that does not have a domestic wastewater treatment facility in its jurisdiction is not required to develop a domestic wastewater treatment plan unless there is a demonstrated need to establish a domestic wastewater treatment facility within its jurisdiction to improve water quality necessary to achieve a total maximum daily load. A local government is not responsible for a private domestic wastewater facility's compliance with a basin management action plan unless such facility is operated through a public-private partnership to which the local government is a party.

b. An onsite sewage treatment and disposal system remediation plan developed by each local government in cooperation with the department, the Department of Health, water management districts, and public and private domestic wastewater treatment facilities.

(I) The onsite sewage treatment and disposal system remediation plan must identify cost-effective and financially feasible projects necessary to achieve the nutrient load

reductions required for onsite sewage treatment and disposal systems. To identify cost-effective and financially feasible projects for remediation of onsite sewage treatment and disposal systems, the local government shall:

(A) Include an inventory of onsite sewage treatment and disposal systems based on the best information available;

(B) Identify onsite sewage treatment and disposal systems that would be eliminated through connection to existing or future central domestic wastewater infrastructure in the jurisdiction or domestic wastewater service area of the local government, that would be replaced with or upgraded to enhanced nutrient-reducing onsite sewage treatment and disposal systems, or that would remain on conventional onsite sewage treatment and disposal systems;

(C) Estimate the costs of potential onsite sewage treatment and disposal system connections, upgrades, or replacements; and

(D) Identify deadlines and interim milestones for the planning, design, and construction of projects.

(II) The department shall adopt the onsite sewage treatment and disposal system remediation plan as part of the basin management action plan no later than July 1, 2025, or as required for Outstanding Florida Springs under s. 373.807.

10. The installation of new onsite sewage treatment and disposal systems constructed within a basin management action plan area adopted under this section, a reasonable assurance plan, or a pollution reduction plan is prohibited where connection to a publicly owned or investor-owned sewerage system is available as defined in s. 381.0065(2)(a). On lots of 1 acre or less within a basin management action plan adopted under this

section, a reasonable assurance plan, or a pollution reduction plan where a publicly owned or investor-owned sewerage system is not available, the installation of enhanced nutrient-reducing onsite sewage treatment and disposal systems or other wastewater treatment systems that achieve at least 65 percent nitrogen reduction is required.

11. When identifying wastewater projects in a basin management action plan, the department may not require the higher cost option if it achieves the same nutrient load reduction as a lower cost option. A regulated entity may choose a different cost option if it complies with the pollutant reduction requirements of an adopted total maximum daily load and meets or exceeds the pollution reduction requirement of the original project.

12. Annually, local governments subject to a basin management action plan or located within the basin of a waterbody not attaining nutrient or nutrient-related standards must provide to the department an update on the status of construction of sanitary sewers to serve such areas, in a manner prescribed by the department.

Section 12. Paragraph (f) of subsection (2) and subsection (7) of section 403.0673, Florida Statutes, are amended, and subsection (8) is added to that section, to read:

403.0673 Water quality improvement grant program.—A grant program is established within the Department of Environmental Protection to address wastewater, stormwater, and agricultural sources of nutrient loading to surface water or groundwater.

(2) The department may provide grants for all of the following types of projects that reduce the amount of nutrients

334716

entering those waterbodies identified in subsection (1):

(f) Projects identified in a domestic wastewater treatment plan or an onsite sewage treatment and disposal system remediation plan developed pursuant to s. 403.067(7)(a)9.a. and b.

(7) Beginning January 15, 2024, and each January 15 thereafter, the department shall submit a report regarding the projects funded pursuant to this section to the Governor, the President of the Senate, and the Speaker of the House of Representatives.

(a) The report must include a list of those projects receiving funding and the following information for each project:

1. ~~(a)~~ A description of the project;

2. ~~(b)~~ The cost of the project;

3. ~~(c)~~ The estimated nutrient load reduction of the project;

4. ~~(d)~~ The location of the project;

5. ~~(e)~~ The waterbody or waterbodies where the project will reduce nutrients; and

6. ~~(f)~~ The total cost share being provided for the project.

(b) The report must also include a status report on each project funded since 2021. The status report must, at a minimum, identify which projects have been completed and, if such information is available, provide nutrient load improvements or water quality testing data for the waterbody.

(8) By July 1, 2025, the department must include the projects funded pursuant to this section on a user-friendly website or dashboard. The website or dashboard must allow the user to see the information provided in subsection (7) and must

334716

be updated at least annually.

Section 13. Paragraph (c) of subsection (1) of section 403.086, Florida Statutes, is amended to read:

403.086 Sewage disposal facilities; advanced and secondary waste treatment.—

(1)

(c)1. Notwithstanding this chapter or chapter 373, sewage disposal facilities may not dispose any wastes into the following waters without providing advanced waste treatment, as defined in subsection (4), as approved by the department or a more stringent treatment standard if the department determines the more stringent standard is necessary to achieve the total maximum daily load or applicable water quality criteria:

a. Old Tampa Bay; Tampa Bay; Hillsborough Bay; Boca Ciega Bay; St. Joseph Sound; Clearwater Bay; Sarasota Bay; Little Sarasota Bay; Roberts Bay; Lemon Bay; Charlotte Harbor Bay; Biscayne Bay; or any river, stream, channel, canal, bay, bayou, sound, or other water tributary thereto.

b. Beginning July 1, 2025, Indian River Lagoon, or any river, stream, channel, canal, bay, bayou, sound, or other water tributary thereto.

c. By January 1, 2033, waterbodies that are currently not attaining nutrient or nutrient-related standards or that are subject to a nutrient or nutrient-related basin management action plan adopted pursuant to s. 403.067 or adopted reasonable assurance plan.

2. For any waterbody determined not to be attaining nutrient or nutrient-related standards after July 1, 2023, or subject to a nutrient or nutrient-related basin management

action plan adopted pursuant to s. 403.067 or adopted reasonable assurance plan after July 1, 2023, sewage disposal facilities are prohibited from disposing any wastes into such waters without providing advanced waste treatment, as defined in subsection (4), as approved by the department within 10 years after such determination or adoption.

3. By July 1, 2034, any wastewater treatment facility providing reclaimed water that will be used for commercial or residential irrigation or be otherwise land applied within a nutrient basin management action plan or a reasonable assurance plan area must meet the advanced waste treatment standards for total nitrogen and total phosphorous as defined in paragraph (4)(a) if the department has determined in an applicable basin management action plan or reasonable assurance plan that the use of reclaimed water as described in this subparagraph is causing or contributing to the nutrient impairment being addressed in such plan. For such department determinations made in a nutrient basin management action plan or reasonable assurance plan after July 1, 2024, an applicable wastewater treatment facility must meet the requisite advanced waste treatment standards described in this subparagraph within 10 years after such determination. This subparagraph does not prevent the department from requiring an alternative treatment standard, including a more stringent treatment standard, if the department determines the alternative standard is necessary to achieve the total maximum daily load or applicable water quality criteria. This subparagraph does not apply to reclaimed water that is otherwise land applied as part of a water quality restoration project or water resource development project approved by the department or water

management district to meet a total maximum daily load or minimum flow or level and where such reclaimed water will be at or below the advanced waste treatment standards described above prior to entering groundwater or surface water.

Section 14. Section 403.121, Florida Statutes, is amended to read:

403.121 Enforcement; procedure; remedies.—The department shall have the following judicial and administrative remedies available to it for violations of this chapter, as specified in s. 403.161(1), ss. 381.0065-381.0067, part I of chapter 386 for purposes of onsite sewage treatment and disposal systems, part III of chapter 489, or any rule promulgated thereunder.

(1) Judicial Remedies:

(a) The department may institute a civil action in a court of competent jurisdiction to establish liability and to recover damages for any injury to the air, waters, or property, including animal, plant, and aquatic life, of the state caused by any violation.

(b) The department may institute a civil action in a court of competent jurisdiction to impose and to recover a civil penalty for each violation in an amount of not more than $15,000 per offense. However, the court may receive evidence in mitigation. Each day during any portion of which such violation occurs constitutes a separate offense.

(c) Except as provided in paragraph (2)(c), it is not a defense to, or ground for dismissal of, these judicial remedies for damages and civil penalties that the department has failed to exhaust its administrative remedies, has failed to serve a notice of violation, or has failed to hold an administrative

hearing before the institution of a civil action.

(2) Administrative Remedies:

(a) The department may institute an administrative proceeding to establish liability and to recover damages for any injury to the air, waters, or property, including animal, plant, or aquatic life, of the state caused by any violation. The department may order that the violator pay a specified sum as damages to the state. Judgment for the amount of damages determined by the department may be entered in any court having jurisdiction thereof and may be enforced as any other judgment.

(b) If the department has reason to believe a violation has occurred, it may institute an administrative proceeding to order the prevention, abatement, or control of the conditions creating the violation or other appropriate corrective action. Except for violations involving hazardous wastes, asbestos, or underground injection, the department shall proceed administratively in all cases in which the department seeks administrative penalties that do not exceed $50,000 per assessment as calculated in accordance with subsections (3), (4), (5), (6), and (7). Pursuant to 42 U.S.C. s. 300g-2, the administrative penalty assessed pursuant to subsection (3), subsection (4), or subsection (5) against a public water system serving a population of more than 10,000 may not be less than $1,000 per day per violation. The department may not impose administrative penalties in excess of $50,000 in a notice of violation. The department may not have more than one notice of violation seeking administrative penalties pending against the same party at the same time unless the violations occurred at a different site or the violations were discovered by the department

subsequent to the filing of a previous notice of violation.

(c) An administrative proceeding shall be instituted by the department's serving of a written notice of violation upon the alleged violator by certified mail. If the department is unable to effect service by certified mail, the notice of violation may be hand delivered or personally served in accordance with chapter 48. The notice shall specify the law, rule, regulation, permit, certification, or order of the department alleged to be violated and the facts alleged to constitute a violation thereof. An order for corrective action, penalty assessment, or damages may be included with the notice. When the department is seeking to impose an administrative penalty for any violation by issuing a notice of violation, any corrective action needed to correct the violation or damages caused by the violation must be pursued in the notice of violation or they are waived. However, an order is not effective until after service and an administrative hearing, if requested within 20 days after service. Failure to request an administrative hearing within this time period constitutes a waiver thereof, unless the respondent files a written notice with the department within this time period opting out of the administrative process initiated by the department to impose administrative penalties. Any respondent choosing to opt out of the administrative process initiated by the department in an action that seeks the imposition of administrative penalties must file a written notice with the department within 20 days after service of the notice of violation opting out of the administrative process. A respondent's decision to opt out of the administrative process does not preclude the department from initiating a state court

action seeking injunctive relief, damages, and the judicial imposition of civil penalties.

(d) If a person timely files a petition challenging a notice of violation, that person will thereafter be referred to as the respondent. The hearing requested by the respondent shall be held within 180 days after the department has referred the initial petition to the Division of Administrative Hearings unless the parties agree to a later date. The department has the burden of proving with the preponderance of the evidence that the respondent is responsible for the violation. Administrative penalties should not be imposed unless the department satisfies that burden. Following the close of the hearing, the administrative law judge shall issue a final order on all matters, including the imposition of an administrative penalty. When the department seeks to enforce that portion of a final order imposing administrative penalties pursuant to s. 120.69, the respondent may not assert as a defense the inappropriateness of the administrative remedy. The department retains its final-order authority in all administrative actions that do not request the imposition of administrative penalties.

(e) After filing a petition requesting a formal hearing in response to a notice of violation in which the department imposes an administrative penalty, a respondent may request that a private mediator be appointed to mediate the dispute by contacting the Florida Conflict Resolution Consortium within 10 days after receipt of the initial order from the administrative law judge. The Florida Conflict Resolution Consortium shall pay all of the costs of the mediator and for up to 8 hours of the mediator’s time per case at $150 per hour. Upon notice from the

respondent, the Florida Conflict Resolution Consortium shall provide to the respondent a panel of possible mediators from the area in which the hearing on the petition would be heard. The respondent shall select the mediator and notify the Florida Conflict Resolution Consortium of the selection within 15 days of receipt of the proposed panel of mediators. The Florida Conflict Resolution Consortium shall provide all of the administrative support for the mediation process. The mediation must be completed at least 15 days before the final hearing date set by the administrative law judge.

(f) In any administrative proceeding brought by the department, the prevailing party shall recover all costs as provided in ss. 57.041 and 57.071. The costs must be included in the final order. The respondent is the prevailing party when an order is entered awarding no penalties to the department and such order has not been reversed on appeal or the time for seeking judicial review has expired. The respondent is entitled to an award of attorney fees if the administrative law judge determines that the notice of violation issued by the department seeking the imposition of administrative penalties was not substantially justified as defined in s. 57.111(3)(e). An award of attorney fees as provided by this subsection may not exceed $15,000.

(g) This section does not prevent any other legal or administrative action in accordance with law and does not limit the department’s authority provided in ss. 403.131, 403.141, and this section to judicially pursue injunctive relief. When the department exercises its authority to judicially pursue injunctive relief, penalties in any amount up to the statutory

maximum sought by the department must be pursued as part of the state court action and not by initiating a separate administrative proceeding. The department retains the authority to judicially pursue penalties in excess of $50,000 for violations not specifically included in the administrative penalty schedule, or for multiple or multiday violations alleged to exceed a total of $50,000. The department also retains the authority provided in ss. 403.131, 403.141, and this section to judicially pursue injunctive relief and damages, if a notice of violation seeking the imposition of administrative penalties has not been issued. The department has the authority to enter into a settlement, before or after initiating a notice of violation, and the settlement may include a penalty amount different from the administrative penalty schedule. Any case filed in state court because it is alleged to exceed a total of $50,000 in penalties may be settled in the court action for less than $50,000.

(h) Chapter 120 applies to any administrative action taken by the department or any delegated program pursuing administrative penalties in accordance with this section.

(3) Except for violations involving hazardous wastes, asbestos, or underground injection, administrative penalties must be calculated according to the following schedule:

(a) For a drinking water contamination violation, the department shall assess a penalty of $3,000 for a Maximum Containment Level (MCL) violation; plus $1,500 if the violation is for a primary inorganic, organic, or radiological Maximum Contaminant Level or it is a fecal coliform bacteria violation; plus $1,500 if the violation occurs at a community water system;

334716

and plus $1,500 if any Maximum Contaminant Level is exceeded by more than 100 percent. For failure to obtain a clearance letter before placing a drinking water system into service when the system would not have been eligible for clearance, the department shall assess a penalty of $4,500.

(b) For failure to obtain a required wastewater permit, other than a permit required for surface water discharge, or obtain an onsite sewage treatment and disposal system permit, or for a violation of s. 381.0065, or the creation of or maintenance of a nuisance related to an onsite sewage treatment and disposal system under part I of chapter 386, or for a violation of part III of chapter 489, or any rule properly promulgated thereunder, the department shall assess a penalty of $2,000. For a domestic or industrial wastewater violation, not involving a surface water or groundwater quality violation, the department shall assess a penalty of $4,000 for an unpermitted or unauthorized discharge or effluent-limitation exceedance or for failure to comply with s. 403.061(14) or s. 403.086(7) or rules adopted thereunder. For an unpermitted or unauthorized discharge or effluent-limitation exceedance that resulted in a surface water or groundwater quality violation, the department shall assess a penalty of $10,000. Each day the cause of an unauthorized discharge of domestic wastewater or sanitary nuisance is not addressed constitutes a separate offense.

(c) For a dredge and fill or stormwater violation, the department shall assess a penalty of $1,500 for unpermitted or unauthorized dredging or filling or unauthorized construction of a stormwater management system against the person or persons responsible for the illegal dredging or filling, or unauthorized

construction of a stormwater management system plus $3,000 if the dredging or filling occurs in an aquatic preserve, an Outstanding Florida Water, a conservation easement, or a Class I or Class II surface water, plus $1,500 if the area dredged or filled is greater than one-quarter acre but less than or equal to one-half acre, and plus $1,500 if the area dredged or filled is greater than one-half acre but less than or equal to one acre. The administrative penalty schedule does not apply to a dredge and fill violation if the area dredged or filled exceeds one acre. The department retains the authority to seek the judicial imposition of civil penalties for all dredge and fill violations involving more than one acre. The department shall assess a penalty of $4,500 for the failure to complete required mitigation, failure to record a required conservation easement, or for a water quality violation resulting from dredging or filling activities, stormwater construction activities or failure of a stormwater treatment facility. For stormwater management systems serving less than 5 acres, the department shall assess a penalty of $3,000 for the failure to properly or timely construct a stormwater management system. In addition to the penalties authorized in this subsection, the department shall assess a penalty of $7,500 per violation against the contractor or agent of the owner or tenant that conducts unpermitted or unauthorized dredging or filling. For purposes of this paragraph, the preparation or signing of a permit application by a person currently licensed under chapter 471 to practice as a professional engineer does not make that person an agent of the owner or tenant.

(d) For mangrove trimming or alteration violations, the

334716

department shall assess a penalty of $7,500 per violation against the contractor or agent of the owner or tenant that conducts mangrove trimming or alteration without a permit as required by s. 403.9328. For purposes of this paragraph, the preparation or signing of a permit application by a person currently licensed under chapter 471 to practice as a professional engineer does not make that person an agent of the owner or tenant.

(e) For solid waste violations, the department shall assess a penalty of $3,000 for the unpermitted or unauthorized disposal or storage of solid waste; plus $1,000 if the solid waste is Class I or Class III (excluding yard trash) or if the solid waste is construction and demolition debris in excess of 20 cubic yards, plus $1,500 if the waste is disposed of or stored in any natural or artificial body of water or within 500 feet of a potable water well, plus $1,500 if the waste contains PCB at a concentration of 50 parts per million or greater; untreated biomedical waste; friable asbestos greater than 1 cubic meter which is not wetted, bagged, and covered; used oil greater than 25 gallons; or 10 or more lead acid batteries. The department shall assess a penalty of $4,500 for failure to properly maintain leachate control; unauthorized burning; failure to have a trained spotter on duty at the working face when accepting waste; or failure to provide access control for three consecutive inspections. The department shall assess a penalty of $3,000 for failure to construct or maintain a required stormwater management system.

(f) For an air emission violation, the department shall assess a penalty of $1,500 for an unpermitted or unauthorized

air emission or an air-emission-permit exceedance, plus $4,500 if the emission was from a major source and the source was major for the pollutant in violation; plus $1,500 if the emission was more than 150 percent of the allowable level.

(g) For storage tank system and petroleum contamination violations, the department shall assess a penalty of $7,500 for failure to empty a damaged storage system as necessary to ensure that a release does not occur until repairs to the storage system are completed; when a release has occurred from that storage tank system; for failure to timely recover free product; or for failure to conduct remediation or monitoring activities until a no-further-action or site-rehabilitation completion order has been issued. The department shall assess a penalty of $4,500 for failure to timely upgrade a storage tank system. The department shall assess a penalty of $3,000 for failure to conduct or maintain required release detection; failure to timely investigate a suspected release from a storage system; depositing motor fuel into an unregistered storage tank system; failure to timely assess or remediate petroleum contamination; or failure to properly install a storage tank system. The department shall assess a penalty of $1,500 for failure to properly operate, maintain, or close a storage tank system.

(4) In an administrative proceeding, in addition to the penalties that may be assessed under subsection (3), the department shall assess administrative penalties according to the following schedule:

(a) For failure to satisfy financial responsibility requirements or for violation of s. 377.371(1), $7,500.

(b) For failure to install, maintain, or use a required

pollution control system or device, $6,000.

(c) For failure to obtain a required permit before construction or modification, $4,500.

(d) For failure to conduct required monitoring or testing; failure to conduct required release detection; or failure to construct in compliance with a permit, $3,000.

(e) For failure to maintain required staff to respond to emergencies; failure to conduct required training; failure to prepare, maintain, or update required contingency plans; failure to adequately respond to emergencies to bring an emergency situation under control; or failure to submit required notification to the department, $1,500.

(f) Except as provided in subsection (2) with respect to public water systems serving a population of more than 10,000, for failure to prepare, submit, maintain, or use required reports or other required documentation, $750.

(5) Except as provided in subsection (2) with respect to public water systems serving a population of more than 10,000, for failure to comply with any other departmental regulatory statute or rule requirement not otherwise identified in this section, the department may assess a penalty of $1,000.

(6) For each additional day during which a violation occurs, the administrative penalties in subsections (3)-(5) may be assessed per day per violation.

(7) The history of noncompliance of the violator for any previous violation resulting in an executed consent order, but not including a consent order entered into without a finding of violation, or resulting in a final order or judgment after the effective date of this law involving the imposition of $3,000 or

more in penalties shall be taken into consideration in the following manner:

(a) One previous such violation within 5 years before the filing of the notice of violation will result in a 25-percent per day increase in the scheduled administrative penalty.

(b) Two previous such violations within 5 years before the filing of the notice of violation will result in a 50-percent per day increase in the scheduled administrative penalty.

(c) Three or more previous such violations within 5 years before the filing of the notice of violation will result in a 100-percent per day increase in the scheduled administrative penalty.

(8) The direct economic benefit gained by the violator from the violation, where consideration of economic benefit is provided by Florida law or required by federal law as part of a federally delegated or approved program, must be added to the scheduled administrative penalty. The total administrative penalty, including any economic benefit added to the scheduled administrative penalty, may not exceed $15,000.

(9) The administrative penalties assessed for any particular violation may not exceed $10,000 against any one violator, unless the violator has a history of noncompliance, the economic benefit of the violation as described in subsection (8) exceeds $10,000, or there are multiday violations. The total administrative penalties may not exceed $50,000 per assessment for all violations attributable to a specific person in the notice of violation.

(10) The administrative law judge may receive evidence in mitigation. The penalties identified in subsections (3)-(5) may

334716

be reduced up to 50 percent by the administrative law judge for mitigating circumstances, including good faith efforts to comply before or after discovery of the violations by the department. Upon an affirmative finding that the violation was caused by circumstances beyond the reasonable control of the respondent and could not have been prevented by respondent's due diligence, the administrative law judge may further reduce the penalty.

(11) Penalties collected pursuant to this section must ~~shall~~ be deposited into the Water Quality Assurance Trust Fund or other trust fund designated by statute and shall be used to fund the restoration of ecosystems, or polluted areas of the state, as defined by the department, to their condition before pollution occurred. The Florida Conflict Resolution Consortium may use a portion of the fund to administer the mediation process provided in paragraph (2)(e) and to contract with private mediators for administrative penalty cases.

(12) The purpose of the administrative penalty schedule and process is to provide a more predictable and efficient manner for individuals and businesses to resolve relatively minor environmental disputes. Subsections (3)-(7) may not be construed as limiting a state court in the assessment of damages. The administrative penalty schedule does not apply to the judicial imposition of civil penalties in state court as provided in this section.

Section 15. Subsection (1) of section 403.0671, Florida Statutes, is amended to read:

403.0671 Basin management action plan wastewater reports.—

(1) By July 1, 2021, the department, in coordination with the county health departments, wastewater treatment facilities,

334716

and other governmental entities, shall submit a report to the Governor, the President of the Senate, and the Speaker of the House of Representatives evaluating the costs of wastewater projects identified in the basin management action plans developed pursuant to ss. 373.807 and 403.067(7) and the onsite sewage treatment and disposal system remediation plans and other restoration plans developed to meet the total maximum daily loads required under s. 403.067. The report must include all of the following:

(a) Projects to:

1. Replace onsite sewage treatment and disposal systems with enhanced nutrient-reducing onsite sewage treatment and disposal systems.

2. Install or retrofit onsite sewage treatment and disposal systems with enhanced nutrient-reducing technologies.

3. Construct, upgrade, or expand domestic wastewater treatment facilities to meet the domestic wastewater treatment plan required under s. 403.067(7)(a)9.

4. Connect onsite sewage treatment and disposal systems to domestic wastewater treatment facilities.~~;~~

(b) The estimated costs, nutrient load reduction estimates, and other benefits of each project.~~;~~

(c) The estimated implementation timeline for each project.~~;~~

(d) A proposed 5-year funding plan for each project and the source and amount of financial assistance the department, a water management district, or other project partner will make available to fund the project.~~; and~~

(e) The projected costs of installing enhanced nutrient-

reducing onsite sewage treatment and disposal systems on buildable lots in priority focus areas to comply with s. 373.811.

Section 16. Subsection (5) of section 403.9301, Florida Statutes, is amended to read:

403.9301 Wastewater services projections.—

(5) The Office of Economic and Demographic Research shall evaluate the compiled documents from the counties for the purpose of developing a statewide analysis for inclusion in the assessment due the following January ~~1, 2023~~, pursuant to s. 403.928. Beginning July 1, 2024, and by the July 1 following subsequent publications of the analysis required by this section, the Office of Economic and Demographic Research shall provide a publicly accessible data visualization tool on its website which allows for comparative analyses of key information.

Section 17. Subsection (5) of section 403.9302, Florida Statutes, is amended to read:

403.9302 Stormwater management projections.—

(5) The Office of Economic and Demographic Research shall evaluate the compiled documents from the counties for the purpose of developing a statewide analysis for inclusion in the assessment due the following January 1~~, 2023~~, pursuant to s. 403.928. Beginning July 1, 2024, and by the July 1 following subsequent publications of the analysis required by this section, the Office of Economic and Demographic Research shall provide a publicly accessible data visualization tool on its website which allows for comparative analyses of key information.

1604 department enforcement provisions; revising
1605 administrative penalty calculations for failure to
1606 obtain certain required permits and for certain
1607 violations; amending s. 403.0671, F.S.; conforming
1608 provisions to changes made by the act; amending ss.
1609 403.9301 and 403.9302, F.S.; requiring the Office of
1610 Economic and Demographic Research to provide a
1611 specified publicly accessible data visualization tool
1612 on its website; reenacting s. 327.73(1)(x),

By the Appropriations Committee on Agriculture, Environment, and General Government; and Senator Calatayud

601-03260-24 20241386c1

A bill to be entitled

An act relating to the Department of Environmental Protection; amending s. 253.04, F.S.; revising the aquatic preserves within which a person may not operate a vessel outside a lawfully marked channel under certain circumstances; amending s. 258.39, F.S.; declaring the Kristin Jacobs Coral Reef Ecosystem Conservation Area an aquatic preserve area; amending s. 373.250, F.S.; requiring each water management district, in coordination with the department, to develop rules that promote the use of reclaimed water and encourage quantifiable potable water offsets; providing requirements for such rules; providing construction; amending s. 380.093, F.S.; defining the term "Florida Flood Hub"; revising the definition of the term "preconstruction activities"; revising the purposes for which counties and municipalities may use Resilient Florida Grant Program funds; revising vulnerability assessment requirements; revising requirements for the development and maintenance of the comprehensive statewide flood vulnerability and sea level rise data set and assessment; requiring the department to coordinate with the Chief Resilience Officer and the Florida Flood Hub to update the data set and assessment at specified intervals; revising requirements for the Statewide Flooding and Sea Level Rise Resilience Plan; revising the purposes of the funding for regional resilience entities; making technical changes; amending s. 381.0061, F.S.;

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Florida Senate - 2024 CS for SB 1386

601-03260-24 20241386c1

revising the violations for which the department may impose a specified fine; providing legislative intent regarding a phased transfer of the Department of Health's Onsite Sewage Program to the Department of Environmental Protection; requiring the Department of Environmental Protection to coordinate with the Department of Health regarding the identification and transfer of certain equipment and vehicles under certain circumstances; prohibiting the Department of Health from implementing or collecting fees for the program when the Department of Environmental Protection begins implementing the program; providing exceptions; amending s. 381.0065, F.S.; requiring the Department of Environmental Protection to conduct enforcement activities for violations of certain onsite sewage treatment and disposal system regulations in accordance with specified provisions; specifying the department's authority with respect to specific provisions; requiring the department to adopt rules for a program for general permits for certain projects; providing requirements for such rules; revising department enforcement provisions; deleting certain criminal penalties; requiring the damages, costs, or penalties collected to be deposited into the Water Quality Assurance Trust Fund rather than the relevant county health department trust fund; requiring the department to establish an enhanced nutrient-reducing onsite sewage treatment and disposal system approval program; authorizing the department to

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

contract with or delegate certain powers and duties to a county; amending s. 381.0066, F.S.; requiring certain fees to be deposited into the Florida Permit Fee Trust Fund after a specified timeframe; amending s. 403.061, F.S.; requiring counties to make certain services and facilities available upon the direction of the department; amending s. 403.064, F.S.; revising legislative findings; revising the domestic wastewater treatment facilities required to submit a reuse feasibility study as part of a permit application; revising the contents of a required reuse feasibility study; revising the domestic wastewater facilities required to implement reuse under certain circumstances; revising applicability; revising construction; amending s. 403.067, F.S.; requiring certain facilities and systems to include a domestic wastewater treatment plan as part of a basin management action plan for nutrient total maximum daily loads; amending s. 403.0673, F.S.; revising the information to be included in the water quality improvement grant program annual report; requiring the department to include specified information on a user-friendly website or dashboard by a specified date; providing requirements for the website or dashboard; amending s. 403.086, F.S.; requiring wastewater treatment facilities within a basin management action plan or reasonable assurance plan area which provide reclaimed water for specified purposes to meet advanced waste treatment or a more stringent treatment

standard under certain circumstances; providing applicability; amending s. 403.091, F.S.; authorizing certain department representatives to enter and inspect premises on which an onsite sewage treatment and disposal system is located or being constructed or installed or where certain records are kept; revising requirements for such access; revising the circumstances under which an inspection warrant may be issued; amending s. 403.121, F.S.; revising department enforcement provisions; revising administrative penalty calculations for failure to obtain certain required permits and for certain violations; amending ss. 403.9301 and 403.9302, F.S.; requiring the Office of Economic and Demographic Research to provide a publicly accessible data visualization tool on its website for comparative analyses of key information; amending s. 403.0671, F.S.; conforming provisions to changes made by the act; reenacting s. 327.73(1)(x), F.S., relating to noncriminal infractions, to incorporate the amendment made to s. 253.04, F.S., in a reference thereto; reenacting ss. 381.0072(4)(a) and (6)(a), 381.0086(4), 381.0098(7), and 513.10(2), F.S., relating to food service protection, penalties, biomedical waste, and operating without a permit, respectively, to incorporate the amendment made to s. 381.0061, F.S., in references thereto; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (a) of subsection (3) of section 253.04, Florida Statutes, is amended to read:

253.04 Duty of board to protect, etc., state lands; state may join in any action brought.—

(3)(a) The duty to conserve and improve state-owned lands and the products thereof includes ~~shall include~~ the preservation and regeneration of seagrass, which is deemed essential to the oceans, gulfs, estuaries, and shorelines of the state. A person operating a vessel outside a lawfully marked channel in a careless manner that causes seagrass scarring within an aquatic preserve established in ss. 258.39-258.3991 ~~ss. 258.39-258.399~~, with the exception of the Lake Jackson, Oklawaha River, Wekiva River, and Rainbow Springs aquatic preserves, commits a noncriminal infraction, punishable as provided in s. 327.73. Each violation is a separate offense. As used in this subsection, the term:

1. "Seagrass" means Cuban shoal grass (*Halodule wrightii*), turtle grass (*Thalassia testudinum*), manatee grass (*Syringodium filiforme*), star grass (*Halophila engelmannii*), paddle grass (*Halophila decipiens*), Johnson's seagrass (*Halophila johnsonii*), or widgeon grass (*Ruppia maritima*).

2. "Seagrass scarring" means destruction of seagrass roots, shoots, or stems that results in tracks on the substrate commonly referred to as prop scars or propeller scars caused by the operation of a motorized vessel in waters supporting seagrasses.

Section 2. Subsection (33) is added to section 258.39, Florida Statutes, to read:

258.39 Boundaries of preserves.—The submerged lands included within the boundaries of Nassau, Duval, St. Johns, Flagler, Volusia, Brevard, Indian River, St. Lucie, Charlotte, Pinellas, Martin, Palm Beach, Miami-Dade, Monroe, Collier, Lee, Citrus, Franklin, Gulf, Bay, Okaloosa, Marion, Santa Rosa, Hernando, and Escambia Counties, as hereinafter described, with the exception of privately held submerged lands lying landward of established bulkheads and of privately held submerged lands within Monroe County where the establishment of bulkhead lines is not required, are hereby declared to be aquatic preserves. Such aquatic preserve areas include:

(33) Kristin Jacobs Coral Reef Ecosystem Conservation Area, as designated by chapter 2021-107, Laws of Florida, the boundaries of which consist of the sovereignty submerged lands and waters of the state offshore of Broward, Martin, Miami-Dade, and Palm Beach Counties from the St. Lucie Inlet to the northern boundary of the Biscayne National Park.

Any and all submerged lands theretofore conveyed by the Trustees of the Internal Improvement Trust Fund and any and all uplands now in private ownership are specifically exempted from this dedication.

Section 3. Subsection (9) is added to section 373.250, Florida Statutes, to read:

373.250 Reuse of reclaimed water.—

(9) To promote the use of reclaimed water and encourage quantifiable potable water offsets that produce significant water savings beyond those required in a consumptive use permit, each water management district, in coordination with the

department, shall develop rules by December 31, 2025, which provide all of the following:

(a) If an applicant proposes a water supply development or water resource development project using reclaimed water that meets the advanced waste treatment standards for total nitrogen and total phosphorous as defined in s. 403.086(4)(a), as part of an application for consumptive use, the applicant is eligible for a permit duration of up to 30 years if there is sufficient data to provide reasonable assurance that the conditions for permit issuance will be met for the duration of the permit. Rules developed pursuant to this paragraph must include, at a minimum:

1. A requirement that the permittee demonstrate how quantifiable groundwater or surface water savings associated with the new water supply development or water resource development project either meets water demands beyond a 20-year permit duration or is completed to benefit a waterbody with a minimum flow or minimum water level with a recovery or prevention strategy; and

2. Guidelines for a district to follow in determining the permit duration based on the project's implementation.

This paragraph does not limit the existing authority of a water management district to issue a shorter duration permit to protect from harm the water resources or ecology of the area, or to otherwise ensure compliance with the conditions for permit issuance.

(b) Authorization for a consumptive use permittee to seek a permit extension of up to 10 years if the permittee proposes a

water supply development or water resource development project using reclaimed water that meets the advanced waste treatment standards for total nitrogen and total phosphorous as defined in s. 403.086(4)(a) during the term of its permit which results in the reduction of groundwater or surface water withdrawals or is completed to benefit a waterbody with a minimum flow or minimum water level with a recovery or prevention strategy. Rules associated with this paragraph must include, at a minimum:

1. A requirement that the permittee be in compliance with the permittee's consumptive use permit;

2. A requirement that the permittee demonstrate how the quantifiable groundwater or surface water savings associated with the new water supply development or water resource development project either meets water demands beyond the issued permit duration or benefits a waterbody with a minimum flow or minimum water level with a recovery or prevention strategy;

3. A requirement that the permittee demonstrate a water demand for the permit's allocation through the term of the extension; and

4. Guidelines for a district to follow in determining the number of years extended, including a minimum year requirement, based on the project implementation.

This paragraph does not limit the existing authority of a water management district to protect from harm the water resources or ecology of the area, or to otherwise ensure compliance with the conditions for permit issuance.

Section 4. Present paragraphs (c) and (d) of subsection (2) of section 380.093, Florida Statutes, are redesignated as

paragraphs (d) and (e), respectively, a new paragraph (c) is added to that subsection, and present paragraph (c) of subsection (2), paragraphs (b), (c), and (d) of subsection (3), and subsections (4), (5), and (6) of that section are amended, to read:

380.093 Resilient Florida Grant Program; comprehensive statewide flood vulnerability and sea level rise data set and assessment; Statewide Flooding and Sea Level Rise Resilience Plan; regional resilience entities.—

(2) DEFINITIONS.—As used in this section, the term:

(c) "Florida Flood Hub" means the Florida Flood Hub for Applied Research and Innovation established pursuant to s. 380.0933.

(d) ~~(c)~~ "Preconstruction activities" means activities associated with a project that addresses the risks of flooding and sea level rise that occur before construction begins, including, but not limited to, design of the project, permitting for the project, surveys and data collection, site development, solicitation, public hearings, local code or comprehensive plan amendments, establishing local funding sources, and easement acquisition.

(3) RESILIENT FLORIDA GRANT PROGRAM.—

(b) Subject to appropriation, the department may provide grants to each of the following entities:

1. A county or municipality to fund:

a. The costs of community resilience planning and necessary data collection for such planning, including comprehensive plan amendments and necessary corresponding analyses that address the requirements of s. 163.3178(2)(f).

b. Vulnerability assessments that identify or address risks of inland or coastal flooding and sea level rise.

c. Updates to the county's or municipality's inventory of critical assets, including regionally significant assets that are currently or reasonably expected to be impacted by flooding and sea level rise. The updated inventory must be submitted to the department and, at the time of submission, must reflect all such assets that are currently, or within 50 years may reasonably be expected to be, impacted by flooding and sea level rise.

d. The development of projects, plans, strategies, and policies that enhance community preparations ~~allow communities to prepare~~ for threats from flooding and sea level rise, including adaptation plans that help local governments prioritize project development and implementation across one or more jurisdictions in a manner consistent with departmental guidance.

e.~~d.~~ Preconstruction activities for projects to be submitted for inclusion in the Statewide Flooding and Sea Level Rise Resilience Plan. Only a county or municipality eligible for a reduced cost share as defined in paragraph (5)(e) is eligible for such preconstruction activities ~~that are located in a municipality that has a population of 10,000 or fewer or a county that has a population of 50,000 or fewer, according to the most recent April 1 population estimates posted on the Office of Economic and Demographic Research's website~~.

f.~~e.~~ Feasibility studies ~~and the cost of permitting~~ for nature-based solutions that reduce the impact of flooding and sea level rise.

g. The cost of permitting for projects designed to achieve reductions in the risks or impacts of flooding and sea level rise using nature-based solutions.

2. A water management district identified in s. 373.069 to support local government adaptation planning, which may be conducted by the water management district or by a third party on behalf of the water management district. Such grants must be used for the express purpose of supporting the Florida Flood Hub ~~for Applied Research and Innovation~~ and the department in implementing this section through data creation and collection, modeling, and the implementation of statewide standards. Priority must be given to filling critical data gaps identified by the Florida Flood Hub ~~for Applied Research and Innovation~~ under s. 380.0933(2)(a).

(c) A vulnerability assessment conducted pursuant to paragraph (b) must encompass the entire county or municipality; include all critical assets owned or maintained by the grant applicant; and use the most recent publicly available Digital Elevation Model and generally accepted analysis and modeling techniques. An assessment may encompass a smaller geographic area or include only a portion of the critical assets owned or maintained by the grant applicant with appropriate rationale and upon approval by the department. Locally collected elevation data may also be included as part of the assessment as long as it is submitted to the department pursuant to this paragraph.

1. The assessment must include an analysis of the vulnerability of and risks to critical assets, including regionally significant assets, owned or managed by the county or municipality.

2. Upon completion of a vulnerability assessment, the county or municipality shall submit to the department all of the following:

a. A report detailing the findings of the assessment.

b. All electronic mapping data used to illustrate flooding and sea level rise impacts identified in the assessment. When submitting such data, the county or municipality shall include:

(I) Geospatial data in an electronic file format suitable for input to the department's mapping tool.

(II) Geographic information system (GIS) data that has been projected into the appropriate Florida State Plane Coordinate System and that is suitable for the department's mapping tool. The county or municipality must also submit metadata using standards prescribed by the department.

c. An inventory ~~A list~~ of critical assets, including regionally significant assets, that are currently, or within 50 years are reasonably expected to be, impacted by flooding and sea level rise.

(d) A vulnerability assessment conducted pursuant to paragraph (b) must do ~~include~~ all of the following:

1. Include peril of flood comprehensive plan amendments that address the requirements of s. 163.3178(2)(f), if the county or municipality is subject to such requirements and has not complied with such requirements as determined by the Department of Commerce ~~Economic Opportunity~~.

2. Make use of the best available information through the Florida Flood Hub as certified by the Chief Science Officer, in consultation with the Chief Resilience Officer, including, as ~~If~~ applicable, analyzing impacts related to the depth of:

a. Tidal flooding, including future high tide flooding, which must use thresholds published and provided by the department. To the extent practicable, the analysis should also geographically display the number of tidal flood days expected for each scenario and planning horizon.

b. Current and future storm surge flooding ~~using publicly available National Oceanic and Atmospheric Administration or Federal Emergency Management Agency storm surge data~~. The initial storm surge event used must equal or exceed the current 100-year flood event. Higher frequency storm events may be analyzed to understand the exposure of a critical asset or regionally significant asset. Publicly available National Oceanic and Atmospheric Administration (NOAA) or Federal Emergency Management Agency storm surge data may be used in the absence of applicable data from the Florida Flood Hub.

c. To the extent practicable, rainfall-induced flooding using a GIS-based spatiotemporal analysis or existing hydrologic and hydraulic modeling results. Future boundary conditions should be modified to consider sea level rise and high tide conditions. Vulnerability assessments for rainfall-induced flooding must include the depth of rainfall-induced flooding for a 100-year storm and a 500-year storm, as defined by the applicable water management district or, if necessary, the appropriate federal agency. Future rainfall conditions should be used, if available. Noncoastal communities must perform a rainfall-induced flooding assessment.

d. To the extent practicable, compound flooding or the combination of tidal, storm surge, and rainfall-induced flooding.

3. Apply the following scenarios and standards:

a. All analyses in the North American Vertical Datum of 1988.

b. For a vulnerability assessment initiated after July 1, 2024, at a minimum ~~least two local sea level rise scenarios~~, ~~which must include~~ the 2022 NOAA ~~2017 National Oceanic and Atmospheric Administration~~ intermediate-low and intermediate ~~intermediate-high~~ sea level rise scenarios or the statewide sea level rise projections developed pursuant to paragraph (4)(a) ~~projections~~.

c. At least two planning horizons identified in the following table which correspond with the appropriate comprehensive statewide flood vulnerability and sea level rise assessment for which the department, at the time of award, determines such local vulnerability assessment will be incorporated:

Year of assessment	20-year planning horizon	50-year planning horizon
2024	2040	2070
2029	2050	2080
2034	2055	2085
2039	2060	2090

2044 2065 2095

2049 2070 2100

~~that include planning horizons for the years 2040 and 2070.~~

d. Local sea level data maintained by the Florida Flood Hub which reflect the best available scientific information as certified by the Chief Science Officer, in consultation with the Chief Resilience Officer. If such data is not available, local sea level data may be ~~that has been~~ interpolated between the two closest NOAA ~~National Oceanic and Atmospheric Administration~~ tide gauges; however, such~~. Local sea level~~ data may be taken from only one of the two closest NOAA tide gauges ~~such gauge~~ if the gauge has a higher mean sea level or may be~~. Data~~ taken from an alternate tide gauge ~~may be used~~ with appropriate rationale and department approval, as long as it is publicly available or submitted to the department pursuant to paragraph (b).

(4) COMPREHENSIVE STATEWIDE FLOOD VULNERABILITY AND SEA LEVEL RISE DATA SET AND ASSESSMENT.—

(a) ~~By July 1, 2023,~~ The department shall develop and maintain ~~complete the development of~~ a comprehensive statewide flood vulnerability and sea level rise data set sufficient to conduct a comprehensive statewide flood vulnerability and sea level rise assessment. In developing and maintaining the data set, the department shall, in coordination with the Chief Resilience Officer and the Florida Flood Hub ~~for Applied Research and Innovation~~, compile, analyze, and incorporate, as appropriate, information related to vulnerability assessments

and critical asset inventories submitted to the department pursuant to subsection (3) or any previously completed assessments that meet the requirements of subsection (3).

1. The Chief Science Officer shall, in coordination with the Chief Resilience Officer and the Florida Flood Hub ~~necessary experts and resources~~, develop statewide sea level rise projections that incorporate temporal and spatial variability, to the extent practicable, for inclusion in the data set. This subparagraph does not supersede regionally adopted projections.

2. The data set must include information necessary to determine the risks to inland and coastal communities, including, but not limited to, elevation, tidal levels, and precipitation.

(b) ~~By July 1, 2024,~~ The department, in coordination with the Chief Resilience Officer and the Florida Flood Hub, shall complete a comprehensive statewide flood vulnerability and sea level rise assessment that identifies inland and coastal infrastructure, geographic areas, and communities in this ~~the~~ state which ~~that~~ are vulnerable to flooding and sea level rise and the associated risks.

1. The department shall use the comprehensive statewide flood vulnerability and sea level rise data set to conduct the assessment.

2. The assessment must incorporate local and regional analyses of vulnerabilities and risks, including, as appropriate, local mitigation strategies and postdisaster redevelopment plans.

3. The assessment must include an inventory of critical assets, including regionally significant assets, that are

essential for critical government and business functions, national security, public health and safety, the economy, flood and storm protection, water quality management, and wildlife habitat management, and must identify and analyze the vulnerability of and risks to such critical assets. When identifying critical assets for inclusion in the assessment, the department shall also take into consideration the critical assets identified by local governments and submitted to the department pursuant to subsection (3).

4. The assessment must include the 20-year and 50-year projected sea level rise at each active NOAA tidal gauge off the coast of this state as derived from the statewide sea level rise projections developed pursuant to paragraph (a).

(c) The department, in coordination with the Chief Resilience Officer and the Florida Flood Hub, shall update the comprehensive statewide flood vulnerability and sea level rise data set with the best available information each year and shall update the assessment at least every 5 years. ~~The department may update the data set and assessment more frequently if it determines that updates are necessary to maintain the validity of the data set and assessment.~~

(5) STATEWIDE FLOODING AND SEA LEVEL RISE RESILIENCE PLAN.—

(a) By December 1 of~~, 2021, and~~ each year ~~December 1 thereafter~~, the department shall develop a Statewide Flooding and Sea Level Rise Resilience Plan on a 3-year planning horizon and submit it to the Governor, the President of the Senate, and the Speaker of the House of Representatives. The plan must consist of ranked projects that address risks of flooding and sea level rise to coastal and inland communities in the state.

All eligible projects submitted to the department pursuant to this section must be ranked and included in the plan. Each plan must include a detailed narrative overview describing how the plan was developed, including a description of the methodology used by the department to determine project eligibility, a description of the methodology used to rank projects, the specific scoring system used, the project proposal application form, a copy of each submitted project proposal application form separated by eligible projects and ineligible projects, the total number of project proposals received and deemed eligible, the total funding requested, and the total funding requested for eligible projects.

(b) ~~The plan submitted by December 1, 2021, before the comprehensive statewide flood vulnerability and sea level rise assessment is completed, will be a preliminary plan that includes projects that address risks of flooding and sea level rise identified in available local government vulnerability assessments and projects submitted by water management districts that mitigate the risks of flooding or sea level rise on water supplies or water resources of the state. The plan submitted by December 1, 2022, and the plan submitted by December 1, 2023, will be updates to the preliminary plan.~~ The plan submitted by December 1, 2024, and each plan submitted by December 1 thereafter:~~,~~

1. Shall primarily address risks of flooding and sea level rise identified in the comprehensive statewide flood vulnerability and sea level rise assessment; and

2. May include, at the discretion of the department in consultation with the Chief Resilience Officer, other projects

submitted pursuant to paragraph (d) which address risks of flooding and sea level rise to critical assets not yet identified in the comprehensive statewide flood vulnerability and sea level rise assessment.

(c) Each plan submitted by the department pursuant to this subsection must include all of the following information for each recommended project:

1. A description of the project.

2. The location of the project.

3. An estimate of how long the project will take to complete.

4. An estimate of the cost of the project.

5. The cost-share percentage available for the project.

6. A summary of the priority score assigned to the project.

7. The project sponsor.

(d)1. By September 1 of~~, 2021, and~~ each year ~~September 1 thereafter~~, all of the following entities may submit to the department a list of proposed projects that address risks of flooding or sea level rise identified in the comprehensive statewide flood vulnerability and sea level rise assessment or vulnerability assessments that meet the requirements of subsection (3):

a. Counties.

b. Municipalities.

c. Special districts as defined in s. 189.012 which ~~that~~ are responsible for the management and maintenance of inlets and intracoastal waterways or for the operation and maintenance of a potable water facility, a wastewater facility, an airport, or a seaport facility.

d. Regional resilience entities acting on behalf of one or more member counties or municipalities.

For the plans submitted by December 1, 2024, such entities may submit projects identified in existing vulnerability assessments that do not comply with subsection (3) only if the entity is actively developing a vulnerability assessment that is either under a signed grant agreement with the department pursuant to subsection (3) or funded by another state or federal agency, or is self-funded and intended to meet the requirements of paragraph (3)(d) or the existing vulnerability assessment was completed using previously compliant statutory requirements. Projects identified from this category of vulnerability assessments are eligible for submittal until the prior vulnerability assessment has been updated to meet most recent statutory requirements ~~2021; December 1, 2022; and December 1, 2023, such entities may submit projects identified in existing vulnerability assessments that do not comply with subsection (3). A regional resilience entity may also submit proposed projects to the department pursuant to this subparagraph on behalf of one or more member counties or municipalities~~.

2. By September 1 of~~, 2021, and~~ each year ~~September 1 thereafter~~, all of the following entities may submit to the department a list of any proposed projects that address risks of flooding or sea level rise identified in the comprehensive statewide flood vulnerability and sea level rise assessment or vulnerability assessments that meet the requirements of subsection (3), or that mitigate the risks of flooding or sea level rise on water supplies or water resources of the state and

a corresponding evaluation of each project:

a. Water management districts.

b. Drainage districts.

c. Erosion control districts.

d. Flood control districts.

e. Regional water supply authorities.

3. Each project submitted to the department pursuant to this paragraph for consideration by the department for inclusion in the plan must include all of the following information:

a. A description of the project.

b. The location of the project.

c. An estimate of how long the project will take to complete.

d. An estimate of the cost of the project.

e. The cost-share percentage available for the project.

f. The project sponsor.

(e) Each project included in the plan must have a minimum 50 percent cost share unless the project assists or is within a ~~financially disadvantaged small~~ community eligible for a reduced cost share. For purposes of this section, the term "community eligible for a reduced cost share" ~~"financially disadvantaged small community"~~ means:

1. A municipality that has a population of 10,000 or fewer, according to the most recent April 1 population estimates posted on the Office of Economic and Demographic Research's website, and a per capita annual income that is less than the state's per capita annual income as shown in the most recent release from the Bureau of the Census of the United States Department of Commerce that includes both measurements; ~~or~~

2. A county that has a population of 50,000 or fewer, according to the most recent April 1 population estimates posted on the Office of Economic and Demographic Research's website, and a per capita annual income that is less than the state's per capita annual income as shown in the most recent release from the Bureau of the Census of the United States Department of Commerce that includes both measurements; or

3. A municipality or a county with a per capita annual income that is equal to or less than 75 percent of the state's per capita annual income as shown in the most recent release from the Bureau of the Census of the United States Department of Commerce.

(f) ~~To be eligible for inclusion in the plan, a project must have been submitted pursuant to paragraph (d) or must have been identified in the comprehensive statewide flood vulnerability and sea level rise assessment, as applicable.~~

~~(g)~~ Expenses ineligible for inclusion in the plan include, but are not limited to, expenses associated with any of the following:

1. Aesthetic vegetation.

2. Recreational structures such as piers, docks, and boardwalks.

3. Water quality components of stormwater and wastewater management systems, except for expenses to mitigate water quality impacts caused by the project or expenses related to water quality which are necessary to obtain a permit for the project.

4. Maintenance and repair of over-walks.

5. Park activities and facilities, except expenses to

control flooding or erosion.

6. Navigation construction, operation, and maintenance activities.

7. Projects that provide only recreational benefits.

(g) ~~(h)~~ The department shall implement a scoring system for assessing each project eligible for inclusion in the plan pursuant to this subsection. The scoring system must include the following tiers and associated criteria:

1. Tier 1 must account for 40 percent of the total score and consist of all of the following criteria:

a. The degree to which the project addresses the risks posed by flooding and sea level rise identified in the local government vulnerability assessments or the comprehensive statewide flood vulnerability and sea level rise assessment, as applicable.

b. The degree to which the project addresses risks to regionally significant assets.

c. The degree to which the project reduces risks to areas with an overall higher percentage of vulnerable critical assets.

d. The degree to which the project contributes to existing flooding mitigation projects that reduce upland damage costs by incorporating new or enhanced structures or restoration and revegetation projects.

2. Tier 2 must account for 30 percent of the total score and consist of all of the following criteria:

a. The degree to which flooding and erosion currently affect the condition of the project area.

b. The overall readiness of the project to proceed in a timely manner, considering the project's readiness for the

construction phase of development, the status of required permits, the status of any needed easement acquisition, and the availability of local funding sources.

c. The environmental habitat enhancement or inclusion of nature-based options for resilience, with priority given to state or federal critical habitat areas for threatened or endangered species.

d. The cost-effectiveness of the project.

3. Tier 3 must account for 20 percent of the total score and consist of all of the following criteria:

a. The availability of local, state, and federal matching funds, considering the status of the funding award, and federal authorization, if applicable.

b. Previous state commitment and involvement in the project, considering previously funded phases, the total amount of previous state funding, and previous partial appropriations for the proposed project.

c. The exceedance of the flood-resistant construction requirements of the Florida Building Code and applicable flood plain management regulations.

4. Tier 4 must account for 10 percent of the total score and consist of all of the following criteria:

a. The proposed innovative technologies designed to reduce project costs and provide regional collaboration.

b. The extent to which the project assists financially disadvantaged communities.

(h) ~~(i)~~ The total amount of funding proposed for each year of the plan may not be less than $100 million. Upon review and subject to appropriation, the Legislature shall approve funding

for the projects as specified in the plan. Multiyear projects that receive funding for the first year of the project must be included in subsequent plans and funded until the project is complete, provided that the project sponsor has complied with all contractual obligations and funds are available.

(i) ~~(j)~~ The department shall adopt rules ~~initiate rulemaking by August 1, 2021,~~ to implement this section.

(6) REGIONAL RESILIENCE ENTITIES.—Subject to specific legislative appropriation, the department may provide funding for all of the following purposes to regional entities, including regional planning councils and estuary partnerships, that are established by general purpose local governments and whose responsibilities include planning for the resilience needs of communities and coordinating intergovernmental solutions to mitigate adverse impacts of flooding and sea level rise:

(a) Providing technical assistance to counties and municipalities.

(b) Coordinating and conducting activities authorized by subsection (3) with broad regional benefit or on behalf of multiple member counties and municipalities ~~multijurisdictional vulnerability assessments~~.

(c) Developing project proposals to be submitted for inclusion in the Statewide Flooding and Sea Level Rise Resilience Plan.

Section 5. Subsection (1) of section 381.0061, Florida Statutes, is amended to read:

381.0061 Administrative fines.—

(1) In addition to any administrative action authorized by chapter 120 or by other law, the department may impose a fine,

which may not exceed $500 for each violation, for a violation of s. 381.006(15) or ~~, s. 381.0065, s. 381.0066,~~ s. 381.0072, ~~or part III of chapter 489,~~ for a violation of any rule adopted by the department under this chapter, or for a violation of chapter 386 not involving onsite sewage treatment and disposal systems. The department shall give an alleged violator a notice of intent to impose such fine ~~shall be given by the department to the alleged violator~~. Each day that a violation continues may constitute a separate violation.

Section 6. The Legislature intends that the transfer of the regulation of the Onsite Sewage Program from the Department of Health to the Department of Environmental Protection, as required by the Clean Waterways Act, chapter 2020-150, Laws of Florida, be completed in a phased approach.

(1) Before the phased transfer, the Department of Environmental Protection shall coordinate with the Department of Health to identify equipment and vehicles that were previously used to carry out the program in each county and that are no longer needed for such purpose. The Department of Health shall transfer the agreed-upon equipment and vehicles to the Department of Environmental Protection, to the extent that each county agrees to relinquish ownership of such equipment and vehicles to the Department of Health.

(2) When the Department of Environmental Protection begins implementing the program within a county, the Department of Health may no longer implement or collect fees for the program unless specified by separate delegation or contract with the Department of Environmental Protection.

Section 7. Paragraph (h) of subsection (3) and subsections

(5) and (7) of section 381.0065, Florida Statutes, are amended, paragraph (o) is added to subsection (3) of that section, and subsection (9) is added to that section, to read:

381.0065 Onsite sewage treatment and disposal systems; regulation.—

(3) DUTIES AND POWERS OF THE DEPARTMENT OF ENVIRONMENTAL PROTECTION.—The department shall:

(h) Conduct enforcement activities in accordance with part I of chapter 403, ~~including imposing fines, issuing citations, suspensions, revocations, injunctions, and emergency orders~~ for violations of this section, part I of chapter 386, or part III of chapter 489 or for a violation of any rule adopted by the department under this section, part I of chapter 386, or part III of chapter 489. All references to part I of chapter 386 in this section relate solely to nuisances involving improperly built or maintained septic tanks or other onsite sewage treatment and disposal systems, and untreated or improperly treated or transported waste from onsite sewage treatment and disposal systems. The department shall have all the duties and authorities of the Department of Health in part I of chapter 386 for nuisances involving onsite sewage treatment and disposal systems. The department's authority under part I of chapter 386 is in addition to and may be pursued independently of or simultaneously with the enforcement remedies provided under this section and chapter 403.

(o) Adopt rules establishing and implementing a program of general permits for this section for projects, or categories of projects, which have, individually or cumulatively, a minimal adverse impact on public health or the environment. Such rules

must:

1. Specify design or performance criteria which, if applied, would result in compliance with appropriate standards; and

2. Authorize a person who complies with the general permit eligibility requirements to use the permit 30 days after giving notice to the department without any agency action by the department. Within the 30-day notice period, the department shall determine whether the activity qualifies for a general permit. If the activity does not qualify or the notice does not contain all the required information, the department must notify the person.

(5) ENFORCEMENT; RIGHT OF ENTRY~~; CITATIONS~~.—

(a) Department personnel who have reason to believe noncompliance exists, may at any reasonable time, enter the premises permitted under ss. 381.0065-381.0066, or the business premises of any septic tank contractor or master septic tank contractor registered under part III of chapter 489, or any premises that the department has reason to believe is being operated or maintained not in compliance, to determine compliance with the provisions of this section, part I of chapter 386, or part III of chapter 489 or rules or standards adopted under ss. 381.0065-381.0067, part I of chapter 386, or part III of chapter 489. As used in this paragraph, the term "premises" does not include a residence or private building. To gain entry to a residence or private building, the department must obtain permission from the owner or occupant or secure an inspection warrant from a court of competent jurisdiction pursuant to the procedures of s. 403.091.

(b)~~1.~~ The department has all of the judicial and administrative remedies available to it pursuant to part I of chapter 403 ~~may issue citations that may contain an order of correction or an order to pay a fine, or both,~~ for violations of ss. 381.0065-381.0067, part I of chapter 386, or part III of chapter 489 or the rules adopted by the department~~, when a violation of these sections or rules is enforceable by an administrative or civil remedy, or when a violation of these sections or rules is a misdemeanor of the second degree. A citation issued under ss. 381.0065-381.0067, part I of chapter 386, or part III of chapter 489 constitutes a notice of proposed agency action~~.

~~2. A citation must be in writing and must describe the particular nature of the violation, including specific reference to the provisions of law or rule allegedly violated.~~

~~3. The fines imposed by a citation issued by the department may not exceed $500 for each violation. Each day the violation exists constitutes a separate violation for which a citation may be issued.~~

~~4. The department shall inform the recipient, by written notice pursuant to ss. 120.569 and 120.57, of the right to an administrative hearing to contest the citation within 21 days after the date the citation is received. The citation must contain a conspicuous statement that if the recipient fails to pay the fine within the time allowed, or fails to appear to contest the citation after having requested a hearing, the recipient has waived the recipient's right to contest the citation and must pay an amount up to the maximum fine.~~

~~5. The department may reduce or waive the fine imposed by~~

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

~~the citation. In determining whether to reduce or waive the fine, the department must consider the gravity of the violation, the person's attempts at correcting the violation, and the person's history of previous violations including violations for which enforcement actions were taken under ss. 381.0065-381.0067, part I of chapter 386, part III of chapter 489, or other provisions of law or rule.~~

~~6. Any person who willfully refuses to sign and accept a citation issued by the department commits a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.~~

~~7.~~ The department, pursuant to ss. 381.0065-381.0067, part I of chapter 386, or part III of chapter 489, shall deposit any damages, costs, or penalties ~~fines~~ it collects pursuant to this section and part I of chapter 403 in the Water Quality Assurance Trust Fund ~~county health department trust fund for use in providing services specified in those sections~~.

~~8. This section provides an alternative means of enforcing ss. 381.0065-381.0067, part I of chapter 386, and part III of chapter 489. This section does not prohibit the department from enforcing ss. 381.0065-381.0067, part I of chapter 386, or part III of chapter 489, or its rules, by any other means. However, the department must elect to use only a single method of enforcement for each violation.~~

(7) USE OF ENHANCED NUTRIENT-REDUCING ONSITE SEWAGE TREATMENT AND DISPOSAL SYSTEMS.—To meet the requirements of a total maximum daily load, the department shall implement a fast-track approval process of no longer than 6 months for the determination of the use of American National Standards

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Institute 245 systems approved by NSF International before July 1, 2020. The department shall also establish an enhanced nutrient-reducing onsite sewage treatment and disposal system approval program that will expeditiously evaluate and approve such systems for use in this state to comply with ss. 403.067(7)(a)10. and 373.469(3)(d).

(9) CONTRACT OR DELEGATION AUTHORITY.—The department may contract with or delegate its powers and duties under this section to a county as provided in s. 403.061 or s. 403.182.

Section 8. Subsection (2) of section 381.0066, Florida Statutes, is amended to read:

381.0066 Onsite sewage treatment and disposal systems; fees.—

(2) The minimum fees in the following fee schedule apply until changed by rule by the department within the following limits:

(a) Application review, permit issuance, or system inspection, when performed by the department or a private provider inspector, including repair of a subsurface, mound, filled, or other alternative system or permitting of an abandoned system: a fee of not less than $25, or more than $125.

(b) Site evaluation, site reevaluation, evaluation of a system previously in use, or a per annum septage disposal site evaluation: a fee of not less than $40, or more than $115.

(c) Biennial operating permit for aerobic treatment units or performance-based treatment systems: a fee of not more than $100.

(d) Annual operating permit for systems located in areas zoned for industrial manufacturing or equivalent uses or where

the system is expected to receive wastewater which is not domestic in nature: a fee of not less than $150, or more than $300.

(e) Innovative technology: a fee not to exceed $25,000.

(f) Septage disposal service, septage stabilization facility, portable or temporary toilet service, tank manufacturer inspection: a fee of not less than $25, or more than $200, per year.

(g) Application for variance: a fee of not less than $150, or more than $300.

(h) Annual operating permit for waterless, incinerating, or organic waste composting toilets: a fee of not less than $15, or more than $30.

(i) Aerobic treatment unit or performance-based treatment system maintenance entity permit: a fee of not less than $25, or more than $150, per year.

(j) Reinspection fee per visit for site inspection after system construction approval or for noncompliant system installation per site visit: a fee of not less than $25, or more than $100.

(k) Research: An additional $5 fee shall be added to each new system construction permit issued to be used to fund onsite sewage treatment and disposal system research, demonstration, and training projects. Five dollars from any repair permit fee collected under this section shall be used for funding the hands-on training centers described in s. 381.0065(3)(j).

(l) Annual operating permit, including annual inspection and any required sampling and laboratory analysis of effluent, for an engineer-designed performance-based system: a fee of not

less than $150, or more than $300.

The funds collected pursuant to this subsection for the implementation of onsite sewage treatment and disposal system regulation and for the purposes of ss. 381.00655 and 381.0067, subsequent to any phased transfer of implementation from the Department of Health to the department within any county pursuant to s. 381.0065, must be deposited in the Florida Permit Fee Trust Fund under s. 403.0871, to be administered by the department ~~a trust fund administered by the department, to be used for the purposes stated in this section and ss. 381.0065 and 381.00655~~.

Section 9. Subsection (4) of section 403.061, Florida Statutes, is amended to read:

403.061 Department; powers and duties.—The department shall have the power and the duty to control and prohibit pollution of air and water in accordance with the law and rules adopted and promulgated by it and, for this purpose, to:

(4) Secure necessary scientific, technical, research, administrative, and operational services by interagency agreement, by contract, or otherwise. All state agencies and counties, upon direction of the department, shall make these services and facilities available.

The department shall implement such programs in conjunction with its other powers and duties and shall place special emphasis on reducing and eliminating contamination that presents a threat to humans, animals or plants, or to the environment.

Section 10. Subsections (1), (2), (14), and (15) of section

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

403.064, Florida Statutes, are amended to read:

403.064 Reuse of reclaimed water.—

(1) The encouragement and promotion of water conservation, and reuse of reclaimed water, as defined by the department, are state objectives and are considered to be in the public interest. The Legislature finds that the reuse of reclaimed water is a critical component of meeting the state's existing and future water supply needs while sustaining natural systems and encouraging its best and most beneficial use. The Legislature further finds that for those wastewater treatment plants permitted and operated under an approved reuse program by the department, the reclaimed water shall be considered environmentally acceptable and not a threat to public health and safety. The Legislature encourages the development of incentive-based programs for reuse implementation.

(2) All applicants for permits to construct or operate a domestic wastewater treatment facility ~~located within, serving a population located within, or discharging within a water resource caution area~~ shall prepare a reuse feasibility study as part of their application for the permit. Reuse feasibility studies must ~~shall~~ be prepared in accordance with department guidelines adopted by rule and shall include, but are not limited to:

(a) Evaluation of monetary costs and benefits for several levels and types of reuse.

(b) Evaluation of the estimated water savings resulting from different types of ~~if~~ reuse, if ~~is~~ implemented.

(c) Evaluation of rates and fees necessary to implement reuse.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

(d) Evaluation of environmental and water resource benefits associated with the different types of reuse.

(e) Evaluation of economic, environmental, and technical constraints associated with the different types of reuse, including any constraints caused by potential water quality impacts.

(f) A schedule for implementation of reuse. The schedule must ~~shall~~ consider phased implementation.

(14) After conducting a feasibility study under subsection (2), a domestic wastewater treatment facility ~~facilities~~ that disposes ~~dispose~~ of effluent by Class I deep well injection~~,~~ as defined in 40 C.F.R. s. 144.6(a), surface water discharge, land application, or other method to dispose of effluent or a portion thereof must implement reuse to the degree that reuse is feasible, based upon the applicant's reuse feasibility study, with consideration given to direct ecological or public water supply benefits afforded by any disposal. Applicable permits issued by the department must ~~shall~~ be consistent with the requirements of this subsection.

(a) This subsection does not limit the use of a Class I deep well injection as defined in 40 C.F.R. s. 144.6(a), surface water discharge, land application, or another method to dispose of effluent or a portion thereof for backup use only ~~facility as backup for a reclaimed water reuse system~~.

(b) ~~This subsection applies only to domestic wastewater treatment facilities located within, serving a population located within, or discharging within a water resource caution area.~~

~~(15) After conducting a feasibility study under subsection~~

~~(2), domestic wastewater treatment facilities that dispose of effluent by surface water discharges or by land application methods must implement reuse to the degree that reuse is feasible, based upon the applicant's reuse feasibility study.~~ This subsection does not apply to surface water discharges or land application systems which are currently categorized as reuse under department rules. ~~Applicable permits issued by the department shall be consistent with the requirements of this subsection.~~

~~(a) This subsection does not limit the use of a surface water discharge or land application facility as backup for a reclaimed water reuse system.~~

~~(b) This subsection applies only to domestic wastewater treatment facilities located within, serving a population located within, or discharging within a water resource caution area.~~

Section 11. Paragraph (a) of subsection (7) of section 403.067, Florida Statutes, is amended to read:

403.067 Establishment and implementation of total maximum daily loads.—

(7) DEVELOPMENT OF BASIN MANAGEMENT PLANS AND IMPLEMENTATION OF TOTAL MAXIMUM DAILY LOADS.—

(a) *Basin management action plans.*—

1. In developing and implementing the total maximum daily load for a waterbody, the department, or the department in conjunction with a water management district, may develop a basin management action plan that addresses some or all of the watersheds and basins tributary to the waterbody. Such plan must integrate the appropriate management strategies available to the

state through existing water quality protection programs to achieve the total maximum daily loads and may provide for phased implementation of these management strategies to promote timely, cost-effective actions as provided for in s. 403.151. The plan must establish a schedule implementing the management strategies, establish a basis for evaluating the plan's effectiveness, and identify feasible funding strategies for implementing the plan's management strategies. The management strategies may include regional treatment systems or other public works, when appropriate, and voluntary trading of water quality credits to achieve the needed pollutant load reductions.

2. A basin management action plan must equitably allocate, pursuant to paragraph (6)(b), pollutant reductions to individual basins, as a whole to all basins, or to each identified point source or category of nonpoint sources, as appropriate. For nonpoint sources for which best management practices have been adopted, the initial requirement specified by the plan must be those practices developed pursuant to paragraph (c). When appropriate, the plan may take into account the benefits of pollutant load reduction achieved by point or nonpoint sources that have implemented management strategies to reduce pollutant loads, including best management practices, before the development of the basin management action plan. The plan must also identify the mechanisms that will address potential future increases in pollutant loading.

3. The basin management action planning process is intended to involve the broadest possible range of interested parties, with the objective of encouraging the greatest amount of cooperation and consensus possible. In developing a basin

management action plan, the department shall assure that key stakeholders, including, but not limited to, applicable local governments, water management districts, the Department of Agriculture and Consumer Services, other appropriate state agencies, local soil and water conservation districts, environmental groups, regulated interests, and affected pollution sources, are invited to participate in the process. The department shall hold at least one public meeting in the vicinity of the watershed or basin to discuss and receive comments during the planning process and shall otherwise encourage public participation to the greatest practicable extent. Notice of the public meeting must be published in a newspaper of general circulation in each county in which the watershed or basin lies at least 5 days, but not more than 15 days, before the public meeting. A basin management action plan does not supplant or otherwise alter any assessment made under subsection (3) or subsection (4) or any calculation or initial allocation.

4. Each new or revised basin management action plan must include all of the following:

a. The appropriate management strategies available through existing water quality protection programs to achieve total maximum daily loads, which may provide for phased implementation to promote timely, cost-effective actions as provided for in s. 403.151.

b. A description of best management practices adopted by rule.

c. For the applicable 5-year implementation milestone, a list of projects that will achieve the pollutant load reductions

needed to meet the total maximum daily load or the load allocations established pursuant to subsection (6). Each project must include a planning-level cost estimate and an estimated date of completion.

d. A list of projects developed pursuant to paragraph (e), if applicable.

e. The source and amount of financial assistance to be made available by the department, a water management district, or other entity for each listed project, if applicable.

f. A planning-level estimate of each listed project's expected load reduction, if applicable.

5. The department shall adopt all or any part of a basin management action plan and any amendment to such plan by secretarial order pursuant to chapter 120 to implement this section.

6. The basin management action plan must include 5-year milestones for implementation and water quality improvement, and an associated water quality monitoring component sufficient to evaluate whether reasonable progress in pollutant load reductions is being achieved over time. An assessment of progress toward these milestones shall be conducted every 5 years, and revisions to the plan shall be made as appropriate. Any entity with a specific pollutant load reduction requirement established in a basin management action plan shall identify the projects or strategies that such entity will undertake to meet current 5-year pollution reduction milestones, beginning with the first 5-year milestone for new basin management action plans, and submit such projects to the department for inclusion in the appropriate basin management action plan. Each project

identified must include an estimated amount of nutrient reduction that is reasonably expected to be achieved based on the best scientific information available. Revisions to the basin management action plan shall be made by the department in cooperation with basin stakeholders. Revisions to the management strategies required for nonpoint sources must follow the procedures in subparagraph (c)4. Revised basin management action plans must be adopted pursuant to subparagraph 5.

7. In accordance with procedures adopted by rule under paragraph (9)(c), basin management action plans, and other pollution control programs under local, state, or federal authority as provided in subsection (4), may allow point or nonpoint sources that will achieve greater pollutant reductions than required by an adopted total maximum daily load or wasteload allocation to generate, register, and trade water quality credits for the excess reductions to enable other sources to achieve their allocation; however, the generation of water quality credits does not remove the obligation of a source or activity to meet applicable technology requirements or adopted best management practices. Such plans must allow trading between NPDES permittees, and trading that may or may not involve NPDES permittees, where the generation or use of the credits involve an entity or activity not subject to department water discharge permits whose owner voluntarily elects to obtain department authorization for the generation and sale of credits.

8. The department's rule relating to the equitable abatement of pollutants into surface waters do not apply to water bodies or waterbody segments for which a basin management plan that takes into account future new or expanded activities

or discharges has been adopted under this section.

9. In order to promote resilient wastewater utilities, if the department identifies domestic wastewater treatment facilities or onsite sewage treatment and disposal systems as contributors of at least 20 percent of point source or nonpoint source nutrient pollution or if the department determines remediation is necessary to achieve the total maximum daily load, a basin management action plan for a nutrient total maximum daily load must include the following:

a. A domestic wastewater treatment plan developed by each local government, in cooperation with the department, the water management district, and the public and private domestic wastewater treatment facilities providing services or located within the jurisdiction of the local government, which ~~that~~ addresses domestic wastewater. Private domestic wastewater facilities and special districts providing domestic wastewater services must provide the required wastewater facility information to the applicable local governments. The domestic wastewater treatment plan must:

(I) Provide for construction, expansion, or upgrades necessary to achieve the total maximum daily load requirements applicable to the domestic wastewater treatment facility.

(II) Include the permitted capacity in average annual gallons per day for the domestic wastewater treatment facility; the average nutrient concentration and the estimated average nutrient load of the domestic wastewater; a projected timeline of the dates by which the construction of any facility improvements will begin and be completed and the date by which operations of the improved facility will begin; the estimated

cost of the improvements; and the identity of responsible parties.

The domestic wastewater treatment plan must be adopted as part of the basin management action plan no later than July 1, 2025. A local government that does not have a domestic wastewater treatment facility in its jurisdiction is not required to develop a domestic wastewater treatment plan unless there is a demonstrated need to establish a domestic wastewater treatment facility within its jurisdiction to improve water quality necessary to achieve a total maximum daily load. A local government is not responsible for a private domestic wastewater facility's compliance with a basin management action plan unless such facility is operated through a public-private partnership to which the local government is a party.

b. An onsite sewage treatment and disposal system remediation plan developed by each local government in cooperation with the department, the Department of Health, water management districts, and public and private domestic wastewater treatment facilities.

(I) The onsite sewage treatment and disposal system remediation plan must identify cost-effective and financially feasible projects necessary to achieve the nutrient load reductions required for onsite sewage treatment and disposal systems. To identify cost-effective and financially feasible projects for remediation of onsite sewage treatment and disposal systems, the local government shall:

(A) Include an inventory of onsite sewage treatment and disposal systems based on the best information available;

(B) Identify onsite sewage treatment and disposal systems that would be eliminated through connection to existing or future central domestic wastewater infrastructure in the jurisdiction or domestic wastewater service area of the local government, that would be replaced with or upgraded to enhanced nutrient-reducing onsite sewage treatment and disposal systems, or that would remain on conventional onsite sewage treatment and disposal systems;

(C) Estimate the costs of potential onsite sewage treatment and disposal system connections, upgrades, or replacements; and

(D) Identify deadlines and interim milestones for the planning, design, and construction of projects.

(II) The department shall adopt the onsite sewage treatment and disposal system remediation plan as part of the basin management action plan no later than July 1, 2025, or as required for Outstanding Florida Springs under s. 373.807.

10. The installation of new onsite sewage treatment and disposal systems constructed within a basin management action plan area adopted under this section, a reasonable assurance plan, or a pollution reduction plan is prohibited where connection to a publicly owned or investor-owned sewerage system is available as defined in s. 381.0065(2)(a). On lots of 1 acre or less within a basin management action plan adopted under this section, a reasonable assurance plan, or a pollution reduction plan where a publicly owned or investor-owned sewerage system is not available, the installation of enhanced nutrient-reducing onsite sewage treatment and disposal systems or other wastewater treatment systems that achieve at least 65 percent nitrogen reduction is required.

11. When identifying wastewater projects in a basin management action plan, the department may not require the higher cost option if it achieves the same nutrient load reduction as a lower cost option. A regulated entity may choose a different cost option if it complies with the pollutant reduction requirements of an adopted total maximum daily load and meets or exceeds the pollution reduction requirement of the original project.

12. Annually, local governments subject to a basin management action plan or located within the basin of a waterbody not attaining nutrient or nutrient-related standards must provide to the department an update on the status of construction of sanitary sewers to serve such areas, in a manner prescribed by the department.

Section 12. Paragraph (f) of subsection (2) and subsection (7) of section 403.0673, Florida Statutes, are amended, and subsection (8) is added to that section, to read:

403.0673 Water quality improvement grant program.—A grant program is established within the Department of Environmental Protection to address wastewater, stormwater, and agricultural sources of nutrient loading to surface water or groundwater.

(2) The department may provide grants for all of the following types of projects that reduce the amount of nutrients entering those waterbodies identified in subsection (1):

(f) Projects identified in a domestic wastewater treatment plan or an onsite sewage treatment and disposal system remediation plan developed pursuant to s. 403.067(7)(a)9.a. and b.

(7) Beginning January 15, 2024, and each January 15

thereafter, the department shall submit a report regarding the projects funded pursuant to this section to the Governor, the President of the Senate, and the Speaker of the House of Representatives.

(a) The report must include a list of those projects receiving funding and the following information for each project:

1. ~~(a)~~ A description of the project;

2. ~~(b)~~ The cost of the project;

3. ~~(c)~~ The estimated nutrient load reduction of the project;

4. ~~(d)~~ The location of the project;

5. ~~(e)~~ The waterbody or waterbodies where the project will reduce nutrients; and

6. ~~(f)~~ The total cost share being provided for the project.

(b) The report must also include a status report on each project funded since 2021. The status report must, at a minimum, identify which projects have been completed and, if such information is available, provide nutrient load improvements or water quality testing data for the waterbody.

(8) By July 1, 2025, the department must include the projects funded pursuant to this section on a user-friendly website or dashboard. The website or dashboard must allow the user to see the information provided in subsection (7) and must be updated at least annually.

Section 13. Paragraph (c) of subsection (1) of section 403.086, Florida Statutes, is amended to read:

403.086 Sewage disposal facilities; advanced and secondary waste treatment.—

(1)

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

(c)1. Notwithstanding this chapter or chapter 373, sewage disposal facilities may not dispose any wastes into the following waters without providing advanced waste treatment, as defined in subsection (4), as approved by the department or a more stringent treatment standard if the department determines the more stringent standard is necessary to achieve the total maximum daily load or applicable water quality criteria:

a. Old Tampa Bay; Tampa Bay; Hillsborough Bay; Boca Ciega Bay; St. Joseph Sound; Clearwater Bay; Sarasota Bay; Little Sarasota Bay; Roberts Bay; Lemon Bay; Charlotte Harbor Bay; Biscayne Bay; or any river, stream, channel, canal, bay, bayou, sound, or other water tributary thereto.

b. Beginning July 1, 2025, Indian River Lagoon, or any river, stream, channel, canal, bay, bayou, sound, or other water tributary thereto.

c. By January 1, 2033, waterbodies that are currently not attaining nutrient or nutrient-related standards or that are subject to a nutrient or nutrient-related basin management action plan adopted pursuant to s. 403.067 or adopted reasonable assurance plan.

2. For any waterbody determined not to be attaining nutrient or nutrient-related standards after July 1, 2023, or subject to a nutrient or nutrient-related basin management action plan adopted pursuant to s. 403.067 or adopted reasonable assurance plan after July 1, 2023, sewage disposal facilities are prohibited from disposing any wastes into such waters without providing advanced waste treatment, as defined in subsection (4), as approved by the department within 10 years after such determination or adoption.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

3. By July 1, 2034, a wastewater treatment facility providing reclaimed water that will be used for commercial or residential irrigation or be otherwise land applied within a nutrient basin management action plan or reasonable assurance plan area must meet the advanced waste treatment standards for total nitrogen and total phosphorous as defined in paragraph (4)(a) if the department has determined in an applicable basin management action plan or reasonable assurance plan that the use of reclaimed water as described in this subparagraph is causing or contributing to the nutrient impairment being addressed in such plan. For such department determinations made in a nutrient basin management action plan or reasonable assurance plan after July 1, 2024, an applicable wastewater treatment facility must meet the requisite advanced waste treatment standards described in this subparagraph within 10 years after such determination. This subparagraph does not prevent the department from requiring an alternative treatment standard, including a more stringent treatment standard, if the department determines that the alternative standard is necessary to achieve the total maximum daily load or applicable water quality criteria. This subparagraph does not apply to reclaimed water that is otherwise land applied as part of a water quality restoration project or water resource development project approved by the department to meet a total maximum daily load or minimum flow or level and where such reclaimed water will be at or below the advanced waste treatment standards described above before entering groundwater or surface water.

Section 14. Paragraphs (a) and (b) of subsection (1) and paragraph (b) of subsection (3) of section 403.091, Florida

Statutes, are amended to read:

403.091 Inspections.—

(1)(a) Any duly authorized representative of the department may at any reasonable time enter and inspect, for the purpose of ascertaining the state of compliance with the law or rules and regulations of the department, any property, premises, or place, except a building which is used exclusively for a private residence, on or at which:

1. A hazardous waste generator, transporter, or facility or other air or water contaminant source;

2. A discharger, including any nondomestic discharger which introduces any pollutant into a publicly owned treatment works;

3. An onsite sewage treatment and disposal system as defined in s. 381.0065(2)(m);

4. Any facility, as defined in s. 376.301; or

5.~~4.~~ A resource recovery and management facility

is located or is being constructed or installed or where records which are required under this chapter, ss. 376.30-376.317, or department rule are kept.

(b) Any duly authorized representative may at reasonable times have access to and copy any records required under this chapter or ss. 376.30-376.317; inspect any monitoring equipment or method; sample for any pollutants as defined in s. 376.301, effluents, or wastes which the owner or operator of such source may be discharging or which may otherwise be located on or underlying the owner’s or operator’s property; and obtain any other information necessary to determine compliance with permit conditions or other requirements of this chapter, ss. 376.30-

376.317, ss. 381.0065-381.0067, part I of chapter 386 for purposes of onsite sewage treatment and disposal systems, part III of chapter 489, or rules or standards adopted under ss. 381.0065-381.0067, part I of chapter 386 for purposes of onsite sewage treatment and disposal systems, or part III of chapter 489, or department rules.

(3)

(b) Upon proper affidavit being made, an inspection warrant may be issued under ~~the provisions of~~ this chapter or ss. 376.30-376.317:

1. When it appears that the properties to be inspected may be connected with or contain evidence of the violation of ~~any of the provisions of~~ this chapter or ss. 376.30-376.317, ss. 381.0065-381.0067, part I of chapter 386 for purposes of onsite sewage treatment and disposal systems, part III of chapter 489, or rules or standards adopted under ss. 381.0065-381.0067, part I of chapter 386 for purposes of onsite sewage treatment and disposal systems, or part III of chapter 489 or any rule properly promulgated thereunder; or

2. When the inspection sought is an integral part of a larger scheme of systematic routine inspections which are necessary to, and consistent with, the continuing efforts of the department to ensure compliance with the provisions of this chapter or ss. 376.30-376.317, ss. 381.0065-381.0067, part I of chapter 386 for purposes of onsite sewage treatment and disposal systems, part III of chapter 489, or rules or standards adopted under ss. 381.0065-381.0067, part I of chapter 386 for purposes of onsite sewage treatment and disposal systems, or part III of chapter 489 and any rules adopted thereunder.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Section 15. Section 403.121, Florida Statutes, is amended to read:

403.121 Enforcement; procedure; remedies.—The department shall have the following judicial and administrative remedies available to it for violations of this chapter, as specified in s. 403.161(1), ss. 381.0065-381.0067, part I of chapter 386 for purposes of onsite sewage treatment and disposal systems, part III of chapter 489, or any rule promulgated thereunder.

(1) Judicial Remedies:

(a) The department may institute a civil action in a court of competent jurisdiction to establish liability and to recover damages for any injury to the air, waters, or property, including animal, plant, and aquatic life, of the state caused by any violation.

(b) The department may institute a civil action in a court of competent jurisdiction to impose and to recover a civil penalty for each violation in an amount of not more than $15,000 per offense. However, the court may receive evidence in mitigation. Each day during any portion of which such violation occurs constitutes a separate offense.

(c) Except as provided in paragraph (2)(c), it is not a defense to, or ground for dismissal of, these judicial remedies for damages and civil penalties that the department has failed to exhaust its administrative remedies, has failed to serve a notice of violation, or has failed to hold an administrative hearing before the institution of a civil action.

(2) Administrative Remedies:

(a) The department may institute an administrative proceeding to establish liability and to recover damages for any

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

injury to the air, waters, or property, including animal, plant, or aquatic life, of the state caused by any violation. The department may order that the violator pay a specified sum as damages to the state. Judgment for the amount of damages determined by the department may be entered in any court having jurisdiction thereof and may be enforced as any other judgment.

(b) If the department has reason to believe a violation has occurred, it may institute an administrative proceeding to order the prevention, abatement, or control of the conditions creating the violation or other appropriate corrective action. Except for violations involving hazardous wastes, asbestos, or underground injection, the department shall proceed administratively in all cases in which the department seeks administrative penalties that do not exceed $50,000 per assessment as calculated in accordance with subsections (3), (4), (5), (6), and (7). Pursuant to 42 U.S.C. s. 300g-2, the administrative penalty assessed pursuant to subsection (3), subsection (4), or subsection (5) against a public water system serving a population of more than 10,000 may not be less than $1,000 per day per violation. The department may not impose administrative penalties in excess of $50,000 in a notice of violation. The department may not have more than one notice of violation seeking administrative penalties pending against the same party at the same time unless the violations occurred at a different site or the violations were discovered by the department subsequent to the filing of a previous notice of violation.

(c) An administrative proceeding shall be instituted by the department's serving of a written notice of violation upon the alleged violator by certified mail. If the department is unable

to effect service by certified mail, the notice of violation may be hand delivered or personally served in accordance with chapter 48. The notice shall specify the law, rule, regulation, permit, certification, or order of the department alleged to be violated and the facts alleged to constitute a violation thereof. An order for corrective action, penalty assessment, or damages may be included with the notice. When the department is seeking to impose an administrative penalty for any violation by issuing a notice of violation, any corrective action needed to correct the violation or damages caused by the violation must be pursued in the notice of violation or they are waived. However, an order is not effective until after service and an administrative hearing, if requested within 20 days after service. Failure to request an administrative hearing within this time period constitutes a waiver thereof, unless the respondent files a written notice with the department within this time period opting out of the administrative process initiated by the department to impose administrative penalties. Any respondent choosing to opt out of the administrative process initiated by the department in an action that seeks the imposition of administrative penalties must file a written notice with the department within 20 days after service of the notice of violation opting out of the administrative process. A respondent's decision to opt out of the administrative process does not preclude the department from initiating a state court action seeking injunctive relief, damages, and the judicial imposition of civil penalties.

(d) If a person timely files a petition challenging a notice of violation, that person will thereafter be referred to

as the respondent. The hearing requested by the respondent shall be held within 180 days after the department has referred the initial petition to the Division of Administrative Hearings unless the parties agree to a later date. The department has the burden of proving with the preponderance of the evidence that the respondent is responsible for the violation. Administrative penalties should not be imposed unless the department satisfies that burden. Following the close of the hearing, the administrative law judge shall issue a final order on all matters, including the imposition of an administrative penalty. When the department seeks to enforce that portion of a final order imposing administrative penalties pursuant to s. 120.69, the respondent may not assert as a defense the inappropriateness of the administrative remedy. The department retains its final-order authority in all administrative actions that do not request the imposition of administrative penalties.

(e) After filing a petition requesting a formal hearing in response to a notice of violation in which the department imposes an administrative penalty, a respondent may request that a private mediator be appointed to mediate the dispute by contacting the Florida Conflict Resolution Consortium within 10 days after receipt of the initial order from the administrative law judge. The Florida Conflict Resolution Consortium shall pay all of the costs of the mediator and for up to 8 hours of the mediator's time per case at $150 per hour. Upon notice from the respondent, the Florida Conflict Resolution Consortium shall provide to the respondent a panel of possible mediators from the area in which the hearing on the petition would be heard. The respondent shall select the mediator and notify the Florida

Conflict Resolution Consortium of the selection within 15 days of receipt of the proposed panel of mediators. The Florida Conflict Resolution Consortium shall provide all of the administrative support for the mediation process. The mediation must be completed at least 15 days before the final hearing date set by the administrative law judge.

(f) In any administrative proceeding brought by the department, the prevailing party shall recover all costs as provided in ss. 57.041 and 57.071. The costs must be included in the final order. The respondent is the prevailing party when an order is entered awarding no penalties to the department and such order has not been reversed on appeal or the time for seeking judicial review has expired. The respondent is entitled to an award of attorney fees if the administrative law judge determines that the notice of violation issued by the department seeking the imposition of administrative penalties was not substantially justified as defined in s. 57.111(3)(e). An award of attorney fees as provided by this subsection may not exceed $15,000.

(g) This section does not prevent any other legal or administrative action in accordance with law and does not limit the department's authority provided in ss. 403.131, 403.141, and this section to judicially pursue injunctive relief. When the department exercises its authority to judicially pursue injunctive relief, penalties in any amount up to the statutory maximum sought by the department must be pursued as part of the state court action and not by initiating a separate administrative proceeding. The department retains the authority to judicially pursue penalties in excess of $50,000 for

violations not specifically included in the administrative penalty schedule, or for multiple or multiday violations alleged to exceed a total of $50,000. The department also retains the authority provided in ss. 403.131, 403.141, and this section to judicially pursue injunctive relief and damages, if a notice of violation seeking the imposition of administrative penalties has not been issued. The department has the authority to enter into a settlement, before or after initiating a notice of violation, and the settlement may include a penalty amount different from the administrative penalty schedule. Any case filed in state court because it is alleged to exceed a total of $50,000 in penalties may be settled in the court action for less than $50,000.

(h) Chapter 120 applies to any administrative action taken by the department or any delegated program pursuing administrative penalties in accordance with this section.

(3) Except for violations involving hazardous wastes, asbestos, or underground injection, administrative penalties must be calculated according to the following schedule:

(a) For a drinking water contamination violation, the department shall assess a penalty of $3,000 for a Maximum Containment Level (MCL) violation; plus $1,500 if the violation is for a primary inorganic, organic, or radiological Maximum Contaminant Level or it is a fecal coliform bacteria violation; plus $1,500 if the violation occurs at a community water system; and plus $1,500 if any Maximum Contaminant Level is exceeded by more than 100 percent. For failure to obtain a clearance letter before placing a drinking water system into service when the system would not have been eligible for clearance, the

department shall assess a penalty of $4,500.

(b) For failure to obtain a required wastewater permit, other than a permit required for surface water discharge, or obtain an onsite sewage treatment and disposal system permit, or for a violation of s. 381.0065, or the creation of or maintenance of a nuisance related to an onsite sewage treatment and disposal system under part I of chapter 386, or for a violation of part III of chapter 489, or any rule properly promulgated thereunder, the department shall assess a penalty of $2,000. For a domestic or industrial wastewater violation, not involving a surface water or groundwater quality violation, the department shall assess a penalty of $4,000 for an unpermitted or unauthorized discharge or effluent-limitation exceedance or for failure to comply with s. 403.061(14) or s. 403.086(7) or rules adopted thereunder. For an unpermitted or unauthorized discharge or effluent-limitation exceedance that resulted in a surface water or groundwater quality violation, the department shall assess a penalty of $10,000. Each day the cause of an unauthorized discharge of domestic wastewater or sanitary nuisance is not addressed constitutes a separate offense.

(c) For a dredge and fill or stormwater violation, the department shall assess a penalty of $1,500 for unpermitted or unauthorized dredging or filling or unauthorized construction of a stormwater management system against the person or persons responsible for the illegal dredging or filling, or unauthorized construction of a stormwater management system plus $3,000 if the dredging or filling occurs in an aquatic preserve, an Outstanding Florida Water, a conservation easement, or a Class I or Class II surface water, plus $1,500 if the area dredged or

filled is greater than one-quarter acre but less than or equal to one-half acre, and plus $1,500 if the area dredged or filled is greater than one-half acre but less than or equal to one acre. The administrative penalty schedule does not apply to a dredge and fill violation if the area dredged or filled exceeds one acre. The department retains the authority to seek the judicial imposition of civil penalties for all dredge and fill violations involving more than one acre. The department shall assess a penalty of $4,500 for the failure to complete required mitigation, failure to record a required conservation easement, or for a water quality violation resulting from dredging or filling activities, stormwater construction activities or failure of a stormwater treatment facility. For stormwater management systems serving less than 5 acres, the department shall assess a penalty of $3,000 for the failure to properly or timely construct a stormwater management system. In addition to the penalties authorized in this subsection, the department shall assess a penalty of $7,500 per violation against the contractor or agent of the owner or tenant that conducts unpermitted or unauthorized dredging or filling. For purposes of this paragraph, the preparation or signing of a permit application by a person currently licensed under chapter 471 to practice as a professional engineer does not make that person an agent of the owner or tenant.

(d) For mangrove trimming or alteration violations, the department shall assess a penalty of $7,500 per violation against the contractor or agent of the owner or tenant that conducts mangrove trimming or alteration without a permit as required by s. 403.9328. For purposes of this paragraph, the

preparation or signing of a permit application by a person currently licensed under chapter 471 to practice as a professional engineer does not make that person an agent of the owner or tenant.

(e) For solid waste violations, the department shall assess a penalty of $3,000 for the unpermitted or unauthorized disposal or storage of solid waste; plus $1,000 if the solid waste is Class I or Class III (excluding yard trash) or if the solid waste is construction and demolition debris in excess of 20 cubic yards, plus $1,500 if the waste is disposed of or stored in any natural or artificial body of water or within 500 feet of a potable water well, plus $1,500 if the waste contains PCB at a concentration of 50 parts per million or greater; untreated biomedical waste; friable asbestos greater than 1 cubic meter which is not wetted, bagged, and covered; used oil greater than 25 gallons; or 10 or more lead acid batteries. The department shall assess a penalty of $4,500 for failure to properly maintain leachate control; unauthorized burning; failure to have a trained spotter on duty at the working face when accepting waste; or failure to provide access control for three consecutive inspections. The department shall assess a penalty of $3,000 for failure to construct or maintain a required stormwater management system.

(f) For an air emission violation, the department shall assess a penalty of $1,500 for an unpermitted or unauthorized air emission or an air-emission-permit exceedance, plus $4,500 if the emission was from a major source and the source was major for the pollutant in violation; plus $1,500 if the emission was more than 150 percent of the allowable level.

(g) For storage tank system and petroleum contamination violations, the department shall assess a penalty of $7,500 for failure to empty a damaged storage system as necessary to ensure that a release does not occur until repairs to the storage system are completed; when a release has occurred from that storage tank system; for failure to timely recover free product; or for failure to conduct remediation or monitoring activities until a no-further-action or site-rehabilitation completion order has been issued. The department shall assess a penalty of $4,500 for failure to timely upgrade a storage tank system. The department shall assess a penalty of $3,000 for failure to conduct or maintain required release detection; failure to timely investigate a suspected release from a storage system; depositing motor fuel into an unregistered storage tank system; failure to timely assess or remediate petroleum contamination; or failure to properly install a storage tank system. The department shall assess a penalty of $1,500 for failure to properly operate, maintain, or close a storage tank system.

(4) In an administrative proceeding, in addition to the penalties that may be assessed under subsection (3), the department shall assess administrative penalties according to the following schedule:

(a) For failure to satisfy financial responsibility requirements or for violation of s. 377.371(1), $7,500.

(b) For failure to install, maintain, or use a required pollution control system or device, $6,000.

(c) For failure to obtain a required permit before construction or modification, $4,500.

(d) For failure to conduct required monitoring or testing;

failure to conduct required release detection; or failure to construct in compliance with a permit, $3,000.

(e) For failure to maintain required staff to respond to emergencies; failure to conduct required training; failure to prepare, maintain, or update required contingency plans; failure to adequately respond to emergencies to bring an emergency situation under control; or failure to submit required notification to the department, $1,500.

(f) Except as provided in subsection (2) with respect to public water systems serving a population of more than 10,000, for failure to prepare, submit, maintain, or use required reports or other required documentation, $750.

(5) Except as provided in subsection (2) with respect to public water systems serving a population of more than 10,000, for failure to comply with any other departmental regulatory statute or rule requirement not otherwise identified in this section, the department may assess a penalty of $1,000.

(6) For each additional day during which a violation occurs, the administrative penalties in subsections (3)-(5) may be assessed per day per violation.

(7) The history of noncompliance of the violator for any previous violation resulting in an executed consent order, but not including a consent order entered into without a finding of violation, or resulting in a final order or judgment after the effective date of this law involving the imposition of $3,000 or more in penalties shall be taken into consideration in the following manner:

(a) One previous such violation within 5 years before the filing of the notice of violation will result in a 25-percent

per day increase in the scheduled administrative penalty.

(b) Two previous such violations within 5 years before the filing of the notice of violation will result in a 50-percent per day increase in the scheduled administrative penalty.

(c) Three or more previous such violations within 5 years before the filing of the notice of violation will result in a 100-percent per day increase in the scheduled administrative penalty.

(8) The direct economic benefit gained by the violator from the violation, where consideration of economic benefit is provided by Florida law or required by federal law as part of a federally delegated or approved program, must be added to the scheduled administrative penalty. The total administrative penalty, including any economic benefit added to the scheduled administrative penalty, may not exceed $15,000.

(9) The administrative penalties assessed for any particular violation may not exceed $10,000 against any one violator, unless the violator has a history of noncompliance, the economic benefit of the violation as described in subsection (8) exceeds $10,000, or there are multiday violations. The total administrative penalties may not exceed $50,000 per assessment for all violations attributable to a specific person in the notice of violation.

(10) The administrative law judge may receive evidence in mitigation. The penalties identified in subsections (3)-(5) may be reduced up to 50 percent by the administrative law judge for mitigating circumstances, including good faith efforts to comply before or after discovery of the violations by the department. Upon an affirmative finding that the violation was caused by

circumstances beyond the reasonable control of the respondent and could not have been prevented by respondent's due diligence, the administrative law judge may further reduce the penalty.

(11) Penalties collected pursuant to this section must ~~shall~~ be deposited into the Water Quality Assurance Trust Fund or other trust fund designated by statute and shall be used to fund the restoration of ecosystems, or polluted areas of the state, as defined by the department, to their condition before pollution occurred. The Florida Conflict Resolution Consortium may use a portion of the fund to administer the mediation process provided in paragraph (2)(e) and to contract with private mediators for administrative penalty cases.

(12) The purpose of the administrative penalty schedule and process is to provide a more predictable and efficient manner for individuals and businesses to resolve relatively minor environmental disputes. Subsections (3)-(7) may not be construed as limiting a state court in the assessment of damages. The administrative penalty schedule does not apply to the judicial imposition of civil penalties in state court as provided in this section.

Section 16. Subsection (5) of section 403.9301, Florida Statutes, is amended to read:

403.9301 Wastewater services projections.—

(5) The Office of Economic and Demographic Research shall evaluate the compiled documents from the counties for the purpose of developing a statewide analysis for inclusion in the assessment due the following January 1~~, 2023~~, pursuant to s. 403.928. Beginning July 1, 2024, and by the July 1 following subsequent publications of the analysis required by this

section, the Office of Economic and Demographic Research shall provide a publicly accessible data visualization tool on its website which allows for comparative analyses of key information.

Section 17. Subsection (5) of section 403.9302, Florida Statutes, is amended to read:

403.9302 Stormwater management projections.—

(5) The Office of Economic and Demographic Research shall evaluate the compiled documents from the counties for the purpose of developing a statewide analysis for inclusion in the assessment due the following January 1~~, 2023~~, pursuant to s. 403.928. Beginning July 1, 2024, and by the July 1 following subsequent publications of the analysis required by this section, the Office of Economic and Demographic Research shall provide a publicly accessible data visualization tool on its website which allows for comparative analyses of key information.

Section 18. Subsection (1) of section 403.0671, Florida Statutes, is amended to read:

403.0671 Basin management action plan wastewater reports.—

(1) By July 1, 2021, the department, in coordination with the county health departments, wastewater treatment facilities, and other governmental entities, shall submit a report to the Governor, the President of the Senate, and the Speaker of the House of Representatives evaluating the costs of wastewater projects identified in the basin management action plans developed pursuant to ss. 373.807 and 403.067(7) and the onsite sewage treatment and disposal system remediation plans and other restoration plans developed to meet the total maximum daily

loads required under s. 403.067. The report must include all of the following:

(a) Projects to:

1. Replace onsite sewage treatment and disposal systems with enhanced nutrient-reducing onsite sewage treatment and disposal systems.

2. Install or retrofit onsite sewage treatment and disposal systems with enhanced nutrient-reducing technologies.

3. Construct, upgrade, or expand domestic wastewater treatment facilities to meet the domestic wastewater treatment plan required under s. 403.067(7)(a)9.

4. Connect onsite sewage treatment and disposal systems to domestic wastewater treatment facilities.~~;~~

(b) The estimated costs, nutrient load reduction estimates, and other benefits of each project.~~;~~

(c) The estimated implementation timeline for each project.~~;~~

(d) A proposed 5-year funding plan for each project and the source and amount of financial assistance the department, a water management district, or other project partner will make available to fund the project.~~; and~~

(e) The projected costs of installing enhanced nutrient-reducing onsite sewage treatment and disposal systems on buildable lots in priority focus areas to comply with s. 373.811.

Section 19. For the purpose of incorporating the amendment made by this act to section 253.04, Florida Statutes, in a reference thereto, paragraph (x) of subsection (1) of section 327.73, Florida Statutes, is reenacted to read:

327.73 Noncriminal infractions.—

(1) Violations of the following provisions of the vessel laws of this state are noncriminal infractions:

(x) Section 253.04(3)(a), relating to carelessly causing seagrass scarring, for which the civil penalty upon conviction is:

1. For a first offense, $100.

2. For a second offense occurring within 12 months after a prior conviction, $250.

3. For a third offense occurring within 36 months after a prior conviction, $500.

4. For a fourth or subsequent offense occurring within 72 months after a prior conviction, $1,000.

Any person cited for a violation of this subsection shall be deemed to be charged with a noncriminal infraction, shall be cited for such an infraction, and shall be cited to appear before the county court. The civil penalty for any such infraction is $100, except as otherwise provided in this section. Any person who fails to appear or otherwise properly respond to a uniform boating citation, in addition to the charge relating to the violation of the boating laws of this state, must be charged with the offense of failing to respond to such citation and, upon conviction, be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083. A written warning to this effect shall be provided at the time such uniform boating citation is issued.

Section 20. For the purpose of incorporating the amendment made by this act to section 381.0061, Florida Statutes, in

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

references thereto, paragraph (a) of subsection (4) and paragraph (a) of subsection (6) of section 381.0072, Florida Statutes, are reenacted to read:

381.0072 Food service protection.—

(4) LICENSES REQUIRED.—

(a) *Licenses; annual renewals.*—Each food service establishment regulated under this section shall obtain a license from the department annually. Food service establishment licenses shall expire annually and are not transferable from one place or individual to another. However, those facilities licensed by the department's Office of Licensure and Certification, the Child Care Services Program Office, or the Agency for Persons with Disabilities are exempt from this subsection. It shall be a misdemeanor of the second degree, punishable as provided in s. 381.0061, s. 775.082, or s. 775.083, for such an establishment to operate without this license. The department may refuse a license, or a renewal thereof, to any establishment that is not constructed or maintained in accordance with law and with the rules of the department. Annual application for renewal is not required.

(6) FINES; SUSPENSION OR REVOCATION OF LICENSES; PROCEDURE.—

(a) The department may impose fines against the establishment or operator regulated under this section for violations of sanitary standards, in accordance with s. 381.0061. All amounts collected shall be deposited to the credit of the County Health Department Trust Fund administered by the department.

Section 21. For the purpose of incorporating the amendment

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

made by this act to section 381.0061, Florida Statutes, in a reference thereto, subsection (4) of section 381.0086, Florida Statutes, is reenacted to read:

381.0086 Rules; variances; penalties.—

(4) A person who violates any provision of ss. 381.008-381.00895 or rules adopted under such sections is subject either to the penalties provided in ss. 381.0012 and 381.0061 or to the penalties provided in s. 381.0087.

Section 22. For the purpose of incorporating the amendment made by this act to section 381.0061, Florida Statutes, in a reference thereto, subsection (7) of section 381.0098, Florida Statutes, is reenacted to read:

381.0098 Biomedical waste.—

(7) ENFORCEMENT AND PENALTIES.—Any person or public body in violation of this section or rules adopted under this section is subject to penalties provided in ss. 381.0012 and 381.0061. However, an administrative fine not to exceed $2,500 may be imposed for each day such person or public body is in violation of this section. The department may deny, suspend, or revoke any biomedical waste permit or registration if the permittee violates this section, any rule adopted under this section, or any lawful order of the department.

Section 23. For the purpose of incorporating the amendment made by this act to section 381.0061, Florida Statutes, in a reference thereto, subsection (2) of section 513.10, Florida Statutes, is reenacted to read:

513.10 Operating without permit; enforcement of chapter; penalties.—

(2) This chapter or rules adopted under this chapter may be

enforced in the manner provided in s. 381.0012 and as provided in this chapter. Violations of this chapter and the rules adopted under this chapter are subject to the penalties provided in this chapter and in s. 381.0061.

Section 24. This act shall take effect July 1, 2024.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Fiscal Policy

BILL:	SB 1396
INTRODUCER:	Senators Gruters and Yarborough
SUBJECT:	Security for Jewish Day Schools and Preschools
DATE:	February 20, 2024
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Bouck	Bouck	ED	**Favorable**
2.	Gray	Elwell	AED	**Favorable**
3.	Bouck	Yeatman	FP	**Favorable**

I. Summary:

SB 1396 establishes a program under the Department of Education to provide recurring funds for school hardening of facilities at Jewish day schools and preschools. The bill specifies that, based on a risk assessment, funds may be used for:

- Security cameras, lighting, fencing, and shatter-resistant glass.
- Licensed security personnel.
- Transportation expenses that minimize security exposure.
- Nonhardening security measures such as detection, prevention, and security services.

The funding is as determined in the General Appropriations Act. See Section V, Fiscal Impact Statement.

The bill takes effect on July 1, 2024.

II. Present Situation:

Funding for School Safety

Safe School Allocation

A safe schools allocation was created in 2017[1] to provide funding to assist school districts in their compliance with laws relating to student discipline and school safety,[2] with priority given to establishing a school resource officer program.

Under the safe schools allocation each school district receives a minimum amount provided in the General Appropriations Act (GAA), with the balance allocated to school districts based on

[1] Chapter 2017-116, s. 4, Laws of Fla.
[2] Sections 1006.07-1006.148, F.S. (2017)

the most recent official Florida Crime Index and two-thirds based on each school district's proportionate share of the state's total unweighted full-time equivalent (FTE) student enrollment.[3] In every year of the allocation each school districts has received a minimum of $250,000.

Fiscal Year	Safe Schools Allocation
2023-2024	$250 million[4]
2022-2023	$210 million[5]
2021-2022	$180 million[6]
2020-2021	$180 million[7]
2019-2020	$180 million[8]
2018-2019	$161,956,019[9]

School Hardening Grant Program

The School Hardening Grant Program (grant) provides awards to schools for fixed capital outlay costs to improve the physical security for school buildings based on the security risk assessment under the Florida Safe Schools Assessment Tool (FSSAT).[10] School districts and charter schools receiving the grant must report to the Department of Education the total estimated costs of their unmet school campus hardening needs as identified by the FSSAT. Funds are awarded based on district application, and are allocated initially based on each district's capital outlay FTE student membership and charter school FTE. Each school district allocation is no less than $42,000.

Fiscal Year	School Hardening Grant
2022-2023	$20 million[11]
2021-2022	$42 million[12]
2020-2021	$42 million[13]
2019-2020	$50 million[14]
2018-2019	$98,962,286[15]

Nonprofit Security Grant Program

During the 2023 regular session, the Legislature directed the Division of Emergency Management (DEM) to establish a state Nonprofit Security Grant Program (NSGP) similar to the federal NSGP.[16] The state NSGP made funds available to houses of worship, schools, museums, and community centers that are at high risk for violent attacks or hate crimes. The grants ranged from $10,000 to $150,000 and could be used to increase security and safety, including, but not limited to:

- The purchase and installation of security infrastructure, perimeter lighting, materials for door hardening, security camera systems, perimeter fencing, barriers and bollards, and blast-resistant film and shatter-resistant glass for windows.
- Hiring security personnel.
- Training for security personnel and staff on threat awareness, emergency procedures, and first aid.

DEM rules to administer the grant program must include prioritizing applicants that are houses of worship or whose facilities are frequented by children or students on a daily basis.

The state NSGP did not receive an appropriation during the 2023 regular legislative session. However, in the 2023C special session the state NSGP was appropriated $20 million for the 2023-2024 fiscal year.[17]

Security Funding for Jewish Day Schools

Generally, security funding for Jewish day schools has been appropriated each year as projects in the GAA, as follows:

Fiscal Year	Amount
2023-2024	$5 million[18]
2022-2023	$4 million[19]
2021-2022	$4 million[20]
2020-2021	$2.5 million[21]
2019-2020	$2.5 million[22]
2018-2019	$2 million[23]
2017-2018	$654,491[24]

[16] Chapter 2023-180, Laws of Fla.; codified as s. 252.3712, F.S.
[17] Chapter 2023-352, s. 3, Laws of Fla.
[18] Specific Appropriations 100 and 105, ch. 2023-239, Laws of Fla.
[19] Specific Appropriations 104 and 109, ch. 2022-156, Laws of Fla.
[20] Specific Appropriations 110 and 114, ch. 2021-36, Laws of Fla.
[21] Specific Appropriation 118, ch. 2020-111, Laws of Fla.
[22] Specific Appropriation 117, ch. 2019-115, Laws of Fla.
[23] Specific Appropriation 116, ch. 2018-9, Laws of Fla.
[24] Specific Appropriation 114, ch. 2017-70, Laws of Fla.

Additionally, in the 2023 special session for the 2023-2024 fiscal year, the Legislature appropriated the following nonrecurring funds:

- Fixed capital outlay of $15,000,000 to provide grants to full-time Jewish day schools and Jewish preschools for hardening security measures, including the purchase and installation of security infrastructure, perimeter lighting, materials for door hardening, security camera systems, perimeter fencing, barriers and bollards, and blast-resistant film and shatter-resistant glass for windows.[25]
- Grants totaling $10,000,000 to full-time Jewish day schools and Jewish preschools for nonhardening security measures, including hiring security personnel and training for security personnel and staff on threat awareness, emergency procedures, and first aid.[26]

III. Effect of Proposed Changes:

This bill creates s. 1001.2921, F.S., to establish a program under the Department of Education (DOE) to provide recurring funds to enhance the security of full-time Jewish day schools and preschools with professional security hardening for school facilities.

The bill specifies that based on a risk assessment by a law enforcement agency or a private security company, recurring funds must be used for any of the following:

- The purchase and installation of security cameras, perimeter lighting, perimeter fencing, and shatter-resistant glass for windows.
- Hiring or contracting with security personnel who are licensed and regulated by the state and insured.
- Expenses relating to transportation to minimize security exposure of staff, parents, and students.
- Other nonhardening security measures, including, but not limited to, providing professional detection, prevention, and security services to such schools and preschools.

The bill authorizes the State Board of Education to adopt rules to implement the program.

The bill takes effect on July 1, 2024.

22-01116A-24 20241396__

A bill to be entitled

An act relating to security for Jewish day schools and preschools; creating s. 1001.2921, F.S.; subject to and consistent with funds appropriated from the General Appropriations Act, requiring the Department of Education to establish a program to provide funds to full-time Jewish day schools and preschools for specified security purposes; providing authorized uses for specified funds; authorizing the State Board of Education to adopt rules; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 1001.2921, Florida Statutes, is created to read:

1001.2921 Security funding for Jewish day schools and preschools.—

(1) As authorized by and consistent with funds appropriated in the General Appropriations Act, the Department of Education shall establish a program to provide funds to make full-time Jewish day schools and preschools in this state secure with professional security hardening, as needed, to better secure facilities of such schools and preschools and to protect their students. Based on a risk assessment by a law enforcement agency or a private security company, recurring funds must be used for any of the following:

(a) The purchase and installation of security cameras, perimeter lighting, perimeter fencing, and shatter-resistant glass for windows.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

22-01116A-24 20241396__

(b) Hiring or contracting with security personnel who are licensed and regulated by the state and insured.

(c) Expenses relating to transportation to minimize security exposure of staff, parents, and students.

(d) Other nonhardening security measures, including, but not limited to, providing professional detection, prevention, and security services to such schools and preschools.

(2) The State Board of Education may adopt rules to administer this section.

Section 2. This act shall take effect July 1, 2024.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1422 directs the Department of Agriculture and Consumer Services (department), subject to legislative appropriation, to implement a program to provide incentives to food producers to sell high-quality fresh food products to food recovery entities at a discounted price. The bill authorizes food recovery entities to negotiate the price for fresh food products and requires the department to reimburse them for each negotiated purchase of fresh food products produced, purchased, and distributed in this state.

The bill directs the department to submit a report on the program to the Governor, President of the Senate, and Speaker of the House of Representatives by January 1, 2025, and to submit an updated report by January 1, 2026. The bill grants the department rulemaking authority for the program.

The bill has an indeterminate fiscal impact on the department. See Section V., Fiscal Impact Statement.

This bill takes effect July 1, 2024.

II. Present Situation:

Section 595.420, F.S., provides legislative intent and powers of the Department of Agriculture and Consumer Services (department) regarding food recovery. The Legislature finds that millions of pounds of surplus and slightly blemished fruits and vegetables are destroyed each year, while many Floridians go without food.[1] The Legislature further finds that the state, through the Commissioner of Agriculture, should assist food recovery programs, when needed, to aid in their establishment and to support their continued and efficient operation.[2] In helping to coordinate the establishment of food recovery programs, the department may: identify suppliers, volunteers, and nonprofit organizations in the community to ascertain the level of interest in establishing a food recovery program; provide facilities and other resources for initial organizational meetings; and provide direct and indirect support for the fledgling program, upon demonstration of serious interest at the local level.[3]

Approximately one-fifth of Floridians are food insecure, including over one million children. The department's Food Recovery Program works to recover food by working with farmers (volunteers visit the farms and collect surplus produce in a process called gleaning) and by working with schools (the department provides Florida Schools with guidance on food waste audits, share tables, food donations, and composting).[4]

Food distribution programs are funded by the legislature through the Food Recovery Program within the department. Partnerships for the 2022-2023 fiscal year include:

- Feeding Florida's Farmers Feeding Florida Program, which purchases cosmetically blemished produce from local agricultural producers and provides it to households in need through Feeding Florida's member food banks.
- The Farm Share Program, which provides food free of charge to local community partner agencies as well as directly to families, children, senior citizens, and individuals in need to address food insecurity throughout the state.[5]

III. Effect of Proposed Changes:

CS/SB 1422 creates s. 595.420(8), F.S., and directs the department to implement a program to provide incentives to agricultural companies to sell fresh products to food recovery entities. It creates definitions for "current wholesale market price," "discounted price," "food producer," "food recovery entity," "fresh food products," and "high-quality fresh food products." The bill specifies that a "food recovery entity" must have been in operation for 10 years in this state and received a minimum of 10 million pounds of perishable produce annually within the last three years to qualify for the program.

Subject to appropriation, the bill directs the department to implement a program to incentivize food producers to sell high-quality fresh food products to food recovery entities at a discounted

[1] Section 595.420(1)(a), F.S.

[5] *Id.*

price with the goal of reducing human hunger in this state. The bill authorizes food recovery entities to negotiate the price for fresh food products and requires the department to reimburse them for each negotiated purchase of fresh food products produced, purchased, and distributed in this state. To receive a reimbursement, a food entity must:

- Certify in writing to the department that all of the fresh food products on an invoice meet the food recovery entity's food quality standards and that the fresh food products received will not be sold at wholesale, retail, or secondary markets for monetary gain; and
- Submit the invoice and any other documents provided by the food producer to the department. The invoice must include the shipment date; shipment location, by shipper and city; each fresh food product purchased at the discounted price; total number of packages shipped and the price of each product; total price paid for each product; total invoice price paid; and total pounds shipped.

The bill requires the department submit a report on the program to the Governor, the President of the Senate, and the Speaker of the House of Representatives by January 1, 2025, and to submit an updated report by January 1, 2026. The reports must include an itemized list of all of the following:

- Each fresh food product by package size, the total number of packages, and the average price paid per package.
- The total weight in pounds of each fresh food product type, the price paid per pound for each fresh food product type, and the total spent per fresh food product type.
- The total amount spent and the total amount spent per major fresh food product.

The bill grants the department rulemaking authority to implement the bill.

This act shall take effect July 1, 2024.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

Food producers may benefit from having an additional market for their produce and Floridians may benefit from the increased availability of fresh produce from food recovery entities.

C. Government Sector Impact:

Funding for the food recovery program is contingent upon specific appropriation by the Legislature. The department may incur an indeterminate increase in costs related to workload, depending on the amount of the annual appropriation and number of food recovery entities associated with the program. These costs will need to be funded through the overall appropriation for the program. The bill does not provide funding for the program.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 595.420 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Appropriations Committee on Agriculture, Environment, and General Government on February 14, 2024:
The committee substitute:

- Provides a definition for "current wholesale market price" and discounted price;"
- Specifies a food recovery entity must have been in operation for 10 years instead of 20 years as required in the original bill;
- Requires an invoice to include each fresh food product purchased at the discounted price; and
- Removes the $5 million appropriation.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Appropriations Committee on Agriculture, Environment, and General Government; and Senators Burgess and Rouson

601-03261-24 20241422c1

A bill to be entitled

An act relating to food recovery; amending s. 595.420, F.S.; defining terms; directing the Department of Agriculture and Consumer Services, subject to legislative appropriation, to implement a program to provide incentives to food producers to sell high-quality fresh food products to food recovery entities at a discounted price; providing a goal for the program; requiring food recovery entities to negotiate with food producers; providing shipping requirements; requiring the department to reimburse food recovery entities for certain costs; providing reimbursement invoice requirements; requiring the department to submit a report to the Governor and Legislature by specified dates; providing requirements for the report; requiring the department to adopt rules; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (8) is added to section 595.420, Florida Statutes, to read:

595.420 Food recovery; legislative intent; department functions.—

(8)(a) As used in this subsection, the term:

1. "Current wholesale market price" means the wholesale market price for each fresh food product on an invoice dated at the closest shipping point, as reported by the United States Department of Agriculture's USDA Market News.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

601-03261-24 20241422c1

2. "Discounted price" means a price for fresh food products sold by each food producer at a price that is at least 50 percent below the current wholesale market price.

3. "Food producer" means an agricultural company that produces fresh food products in this state or the company's associated shipper.

4. "Food recovery entity" means a nonprofit association engaged in food recovery and distribution which has been in operation in this state for at least 10 years and has received a minimum of 10 million pounds of perishable produce annually within the last 3 years.

5. "Fresh food products" includes fresh fruits, vegetables, proteins, poultry, eggs, and dairy that are produced in this state by a food producer.

6. "High-quality fresh food products" means fresh food products that meet United States Department of Agriculture commodity standards and grades upon delivery to their final destination.

(b) Subject to legislative appropriation, the department shall implement a program to provide incentives to food producers to sell high-quality fresh food products to food recovery entities in this state at a discounted price. The goal of the program is to reduce human hunger in this state.

(c) A food recovery entity shall negotiate with a food producer to pay discounted prices for the producer's fresh food products. Any invoice, bill of lading, or other document provided by the food producer to the food recovery entity must include the harvest or processing date, the current wholesale market price of each product purchased, and the shipping

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

destination.

(d) A food recovery entity may reject any product that fails to meet the entity's food quality standards.

(e) The department shall reimburse a food recovery entity for each negotiated purchase of fresh food products produced, purchased, and distributed in this state. To receive a reimbursement, a food recovery entity must:

1. Certify in writing to the department that all of the fresh food products on an invoice meet the food recovery entity's food quality standards and that the fresh food products received will not be sold at wholesale, retail, or secondary markets for monetary gain; and

2. Submit the invoice and any other documents provided by the food producer to the department. The invoice must include all of the following information:

a. Shipment date.

b. Shipment location, by shipper and city.

c. Each fresh food product purchased at the discounted price.

d. Total number of packages shipped and the price of each product.

e. Total price paid for each product.

f. Total invoice price paid.

g. Total pounds shipped, as determined by measured weight.

(f) The department shall also reimburse a food recovery entity for delivery and distribution costs in an amount equal to 2 cents per pound of fresh food products shipped, as indicated by invoice.

(g) The department shall submit a report on the program to

the Governor, the President of the Senate, and the Speaker of the House of Representatives by January 1, 2025, and shall submit an updated report by January 1, 2026. The reports must include an itemized list of all of the following:

1. Each fresh food product by package size, the total number of packages, and the average price paid per package.

2. The total weight in pounds of each fresh food product type, the price paid per pound for each fresh food product type, and the total spent per fresh food product type.

3. The total amount spent and the total amount spent per major fresh food product.

(h) The department shall adopt rules to implement this subsection.

Section 2. This act shall take effect July 1, 2024.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Fiscal Policy

BILL:	CS/CS/SB 1530
INTRODUCER:	Fiscal Policy Committee; Judiciary Committee; and Senator Martin
SUBJECT:	Unauthorized Public Camping and Public Sleeping
DATE:	February 26, 2024 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Hackett	Ryon	CA	**Favorable**
2.	Davis	Cibula	JU	**Fav/CS**
3.	Hackett	Yeatman	RC	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1530 preempts counties and municipalities from authorizing individuals to regularly sleep or camp on public property, at public buildings, or on public rights-of-way within their jurisdictions. The bill authorizes counties and municipalities to allow public sleeping or camping on designated public property by issuing temporary permits to be used only at the designated area. The prohibitions against camping or sleeping on public property do not apply when the Governor has declared a state of emergency or when local officers have declared a local state of emergency under ch. 870, F.S.

A designated property may not be used continuously for longer than 1 year and must meet certain minimum standards and procedures. The Department of Children and Families must be notified when a property is designated, and then is responsible for inspecting the property and certifying the designation based on certain factors.

The bill additionally permits a resident, local business owner, or the Attorney General to bring a civil action against a county or municipality to enjoin practices of allowing unlawful sleeping or camping on public property. When filing an application for an injunction, the plaintiff must also file an affidavit demonstrating that the governmental entity has been notified of the problem and that the problem has not been cured. A prevailing plaintiff may recover reasonable expenses incurred in bringing the action.

Individuals who sleep or camp on public property without authorization are not subject to penalties under the bill.

The bill takes effect October 1, 2024.

II. Present Situation:

Estimates of Homeless Populations

According to the U.S. Department of Housing and Urban Development, on a single night in January 2023, approximately 653,104 people were homeless in the United States. This represents about 20 of every 10,000 people. Approximately 60 percent of those who were homeless were staying in shelters while 40 percent were unsheltered or staying in a location that was not intended for humans to live.[1] The report estimated Florida's homeless population on a single night to be 30,756.[2]

Legislation Related to Homeless Encampments

Several states and local governments recently have heard or passed legislation related to homeless encampments on public property. Some of these efforts have been directed at banning or removing homeless encampments,[3] while others have moved toward creating rights for homeless populations to camp on public property.[4]

Litigation Related to Homelessness

State and Federal Courts have opined on the constitutionality of these varied provisions on a case-by-case basis.[5] Significantly, the Ninth Circuit Court of Appeals found that an Oregon city's ordinance which precluded the use of bedding supplies when sleeping in public violated the Federal constitution's "cruel and unusual punishments" clause[6] as applied to individuals who were involuntarily experiencing homelessness and who lacked shelter in which to lawfully sleep.[7] On January 12, 2024, the U.S. Supreme Court agreed to take up the Oregon case to

determine whether the enforcement of generally applicable laws regulating camping on public property is constitutional.[8]

In contrast to the Ninth Circuit, the Eleventh Circuit previously upheld similar restrictions in 2000. A homeless man challenged a municipal ordinance of the City of Orlando that prohibited any "camping" on public property. Among other findings, the court noted that "Homeless persons are not a suspect class, nor is sleeping out-of-doors a fundamental right."[9]

Local Legislation in Florida

Numerous local governments in Florida have passed local legislation banning camping. Miami Beach, for example, provides that it is unlawful for any person to engage in camping on any public place within the city unless specifically authorized for that purpose by the city manager or his designee.[10] The ordinance defines camping as:

- Sleeping in a temporary shelter out-of-doors or otherwise being in a temporary shelter out-of-doors; or
- Cooking over an open flame or fire out-of-doors or using non-city designated cooking facilities outdoors.

The Miami Beach ordinance is enforceable by requiring an offender to vacate the area. The willful refusal to vacate the area is punishable with a fine not exceeding $500 or by imprisonment for up to 60 days. If the official encounters a person camping who volunteers that he or she has no home or other permanent shelter, he or she must be given an opportunity to enter a homeless shelter or similar facility, if available. If no such facility is available, an arrest may not be made.

III. Effect of Proposed Changes:

The bill creates s. 125.0231, F.S., to preempt counties and municipalities from permitting individuals to regularly sleep or camp on public property, at public buildings, or on public rights-of-way.

"Public camping or sleeping" is defined to mean lodging or residing overnight in a temporary outdoor habitation used as a dwelling or living space and evidenced by the erection of a tent or other temporary shelter, the presence of bedding or pillows, or the storage of personal belongings. The term does not include lodging or residing overnight in a motor vehicle that is registered, insured, and located in a place where it may lawfully be, or recreational camping on property designated for such purposes.

Designation of a County or Municipal Property

A county may, by majority vote of its governing body, designate public property for use for public camping or sleeping for no longer than one continuous year. If the property is within a

[8] *Id.*
[9] *Joel v. City of Orlando*, 232 F.3d 1353, 1357 (11th Cir. 2000).
[10] *See* section 70-45, Miami Beach Code of Ordinances, available at https://library.municode.com/fl/miami_beach/codes/code_of_ordinances?nodeId=SPAGEOR_CH70MIOF_ARTIIPUPL_DIV1GE_S70-45CAPR.

municipality, the municipality's governing body must concur with the designation by majority vote.

Such designation may not become effective until the designation is submitted to and certified by the Department of Children and Families (DCF). Certification must be completed by DCF within 45 days of receipt of a complete submission, and requires the following findings:

- There are not sufficient open beds in homeless shelters in the county for the homeless population;
- The designated property is not contiguous to residential use property as shown by the local government comprehensive plans;
- The designated property would not adversely and materially affect the value, safety, or security of existing residential and commercial property in the county; and
- The county has developed a plan to satisfy the minimum standards for such designated property.

If a county designates county or municipal property for public camping or sleeping, it must establish and maintain minimum standards and procedures to:

- Ensure the safety and security of the property and persons lodging or residing there.
- Maintain sanitation, which includes providing access to clean and operable restrooms and running water.
- Coordinate with the local continuum of care to provide access to behavioral health services, including substance abuse and mental health treatment resources.
- Prohibit illegal drug and alcohol use on the property and enforce the prohibitions.

These standards must be published on the county's and any applicable municipality's website for the duration of the designation. Except for prohibiting drugs and alcohol, the minimum maintenance standards do not apply in a fiscally constrained county if the governing board makes a finding that compliance would result in financial hardship.

DCF may inspect any designated property at any time, and the secretary of DCF may provide notice to the county recommending closure of the designated property if any requirement is no longer satisfied. Such notice must be publicly available on the county's and municipality's website within 5 days of receipt.

Legal Recourse to Enjoin Violations

The bill permits a resident of the county, a business owner, or the Attorney General to bring a civil action in any court of competent jurisdiction against a county or municipality to enjoin practices of allowing unlawful sleeping or camping on public property. A successful plaintiff may recover reasonable expenses including court costs, reasonable attorney fees, investigative costs, witness fees, and deposition costs.

When a plaintiff applies for an injunction, he or she must also provide an accompanying affidavit attesting that:

- He or she has provided written notice of the alleged violation to the governing board of the county or municipality.

- The county or municipality was provided 5 business days to cure the alleged violation.
- The county or municipality has not cured the alleged violation within 5 business days of receiving written notice of the alleged violation.

States of Emergency

The provisions of the bill do not apply when the Governor has declared a state of emergency in the county or another county immediately adjacent to the county and has suspended the law, or when a local state of emergency has been declared under ch. 870, F.S., in the county. Chapter 870, F.S., authorizes local officers to declare a state of emergency within a county or municipality when overt acts of violence or the imminent threat of violence occurs and the Governor has not declared a state of emergency to exist.[11]

The bill contains a finding of important state interest.

The bill takes effect October 1, 2024.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

The mandates restrictions likely do not apply, as the bill does not directly require local governments to spend funds or to take an action requiring the expenditure of funds. A county or municipality may, but is not required to, designate certain public properties for public sleeping or public camping as provided by the bill, which would likely require expenditures.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

[11] Section 870.041, F.S.

B. Private Sector Impact:

None.

C. Government Sector Impact:

A prevailing plaintiff in a lawsuit against a county or municipality is entitled to recover reasonable expenses against the local government. This cost is indeterminate and could have a fiscal impact on local governments.

The Department of Children and Families may see costs related to certification and inspection of public property designated for public sleeping and camping. Total costs will depend on utilization of the designation throughout the state.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill creates section 125.0231of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Fiscal Policy on February 22, 2024:
The committee substitute:

- Amends the definitions of public camping and sleeping, providing that the term does not include recreational camping;
- Unifies the two separate sections for county and municipal provisions;
- Permits a county to designate property for public sleeping, and a municipality to concur in the designation;
- Requires certification by DCF that certain criteria, including an insufficient number of open beds in the county's homeless shelters and the designated property not being contiguous to residential property, have been met before property may be designated for public sleeping;
- Permits DCF to inspect designated property and recommend closure;
- Permits the Attorney General to bring suit related to property designated for public sleeping; and
- Revises applicability during declared states of emergency to require suspension of the statute, rather than automatic suspension during emergency.

CS by Judiciary on February 5, 2024:
The committee substitute is an expansion of the underlying bill and differs significantly from the original bill by:

- Providing definitions of "public camping" and "public sleeping."
- Restricting how long a public property may be used for public camping or sleeping.
- Requiring the governmental entity to post on its website the minimum standards and procedures governing the public property.
- Expanding the Department of Children and Families' oversight role to inspect the property and issue a report.
- Exempting a fiscally constrained county or a municipality in a fiscally constrained county from certain minimum standards and procedures concerning the public property if it would result in a financial hardship.
- Requiring a plaintiff or affected resident business owner to submit an affidavit concerning certain facts when applying for an injunction.
- Authorizing local officers to declare a state of emergency as an additional basis for when the provisions of the bill do not apply.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

	.	

The Committee on Fiscal Policy (Martin) recommended the following:

Senate Amendment (with title amendment)

Delete everything after the enacting clause and insert:

Section 1. Section 125.0231, Florida Statutes, is created to read:

125.0231 Public camping and public sleeping.—

(1) As used in this section, the term:

(a) "Department" means the Department of Children and Families.

952260

(b) "Public camping or sleeping" means lodging or residing overnight in a temporary outdoor habitation used as a dwelling or living space and evidenced by the erection of a tent or other temporary shelter, the presence of bedding or pillows, or the storage of personal belongings, or means lodging or residing overnight in an outdoor space without a tent or other temporary shelter. The term does not include:

1. Lodging or residing overnight in a motor vehicle that is registered, insured, and located in a place where it may lawfully be.

2. Camping for recreational purposes on property designated for such purposes.

(2) Except as provided in subsection (3), a county or municipality may not authorize or otherwise allow any person to regularly engage in public camping or sleeping on any public property, including, but not limited to, any public building or its grounds and any public right-of-way under the jurisdiction of the county or municipality, as applicable.

(3) A county may, by majority vote of the county's governing body, designate property owned by the county or a municipality within the boundaries of the county to be used for a continuous period of no longer than 1 year for the purposes of public camping or sleeping. If the designated property is within the boundaries of a municipality, the designation is contingent upon the concurrence of the municipality, by majority vote of the municipality's governing body.

(a) A county designation is not effective until the department certifies the designation. To obtain department certification, the county shall submit a request to the

952260

secretary of the department which shall include certification of, and documentation proving, the following:

1. There are not sufficient open beds in homeless shelters in the county for the homeless population of the county;

2. The designated property is not contiguous to property designated for residential use by the county or municipality in the local government comprehensive plan and future land use map;

3. The designated property would not adversely and materially affect the property value or safety and security of other existing residential or commercial property in the county or municipality and would not negatively affect the safety of children; and

4. The county has developed a plan to satisfy the requirements of paragraph (b).

Upon receipt of a county request to certify a designation, the department shall notify the county of the date of receiving the request, and of any omission or error, within 10 days of receipt by the department. The department shall certify the designation within 45 days of receipt of a complete submission from the county, and the designation shall be deemed certified on the 45th day if the department takes no action.

(b) Except as provided in paragraph (e), if a county designates county or municipal property to be used for public camping or public sleeping, it must establish and maintain minimum standards and procedures related to the designated property for the purposes of:

1. Ensuring the safety and security of the designated property and the persons lodging or residing on such property.

952260

2. Maintaining sanitation, which must include, at a minimum, providing access to clean and operable restrooms and running water.

3. Coordinating with the regional managing entity to provide access to behavioral health services, which must include substance abuse and mental health treatment resources.

4. Prohibiting illegal substance use and alcohol use on the designated property and enforcing such prohibition.

(c) Within 30 days after certification of a designation by the department, the county must publish the minimum standards and procedures required under paragraph (b) on the county and, if applicable, the municipality publicly accessible website. The county and municipality must continue to make such policies and procedures publicly available for as long as any county or municipal property remains designated under paragraph (a).

(d) The department may inspect any designated property at any time, and the secretary may provide notice to the county recommending closure of the designated property if the requirements of this section are no longer satisfied. A county, and municipality, if applicable, must publish any such notice issued by the department on the county and municipality publicly accessible websites within 5 business days of receipt of the notice.

(e) A fiscally constrained county is exempt from the requirement to establish and maintain minimum standards and procedures under subparagraphs (b)1.-3. if the governing board of the county makes a finding that compliance with such requirements would result in a financial hardship.

(4)(a) A resident of the county, an owner of a business

952260

located in the county, or the Attorney General may bring a civil action in any court of competent jurisdiction against the county or applicable municipality to enjoin a violation of subsection (2). If the resident or business owner prevails in a civil action, the court may award reasonable expenses incurred in bringing the civil action, including court costs, reasonable attorney fees, investigative costs, witness fees, and deposition costs.

(b) An application for injunction filed pursuant to this subsection must be accompanied by an affidavit attesting that:

1. The applicant has provided written notice of the alleged violation of subsection (2) to the governing board of the county or applicable municipality.

2. The applicant has provided the county or applicable municipality with 5 business days to cure the alleged violation.

3. The county or applicable municipality has failed to take all reasonable actions within the limits of its governmental authority to cure the alleged violation within 5 business days after receiving written notice of the alleged violation.

(5) This section does not apply to a county during any time period in which:

(a) The Governor has declared a state of emergency in the county or another county immediately adjacent to the county and has suspended the provisions of this section pursuant to s. 252.36.

(b) A state of emergency has been declared in the county under chapter 870.

Section 2. The Legislature hereby determines and declares that this act fulfills an important state interest of ensuring

952260

the health, safety, welfare, quality of life, and aesthetics of Florida communities while simultaneously making adequate provision for the homeless population of this state.

Section 3. This act shall take effect October 1, 2024

========== T I T L E A M E N D M E N T ==========

And the title is amended as follows:

Delete everything before the enacting clause and insert:

A bill to be entitled

An act relating to unauthorized public camping and public sleeping; creating s. 125.0231, F.S.; defining terms; prohibiting counties and municipalities from authorizing or otherwise allowing public camping or sleeping on public property without certification of designated public property by the Department of Children and Families; authorizing counties to designate certain public property for such uses for a specified time period; requiring the Department of Children and Families to certify such designation; requiring a county to submit a request to the secretary of the department which includes certification of and documentation proving certain information; requiring counties to establish specified standards and procedures relating to such property; authorizing the department to conduct inspections of such property and the secretary to issue notice; providing applicability; providing an exception to applicability during specified emergencies; providing

952260

a declaration of important state interest; providing an effective date.

By the Committee on Judiciary; and Senator Martin

590-02929-24 20241530c1

A bill to be entitled

An act relating to unauthorized public camping and public sleeping; creating ss. 125.0231 and 166.0453, F.S.; defining the terms "public camping" and "public sleeping"; prohibiting counties and municipalities, respectively, from authorizing or otherwise permitting public sleeping or public camping on public property without a specified permit; authorizing counties and municipalities to designate certain public property for such purpose for a specified time period; requiring counties and municipalities to establish specified standards and procedures relating to such property; requiring a county to take certain action within 30 days after designating property as authorized; requiring the Department of Children and Families to conduct inspections of such property at specified intervals and to produce a report; providing an exemption from certain requirements for a fiscally constrained county or municipality; providing a cause of action for a resident or business owner in a county or municipality; requiring an application for injunction be accompanied by an affidavit attesting specified information; providing an exception to applicability during specified emergencies; providing a declaration of important state interest; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

590-02929-24 20241530c1

Section 1. Section 125.0231, Florida Statutes, is created to read:

125.0231 Unauthorized public camping and public sleeping.—

(1) As used in this section, the term:

(a) "Public camping" means lodging or residing overnight in a temporary outdoor habitation used as a dwelling or living space and evidenced by the erection of a tent or other temporary shelter, the presence of bedding or pillows, or the storage of personal belongings. The term does not include lodging or residing overnight in a motor vehicle that is registered, insured, and located in a place where it may lawfully be.

(b) "Public sleeping" means lodging or residing overnight in an outdoor space without a tent or other temporary shelter.

(2) Except as provided in subsection (3), a county may not authorize or otherwise permit any person to regularly engage in public camping or public sleeping on any public property, public building, or public right-of-way under the county's jurisdiction, unless such person has been lawfully issued a temporary permit authorizing such activity by the county.

(3)(a) A county may, in its discretion, designate property owned by the county to be used for a continuous period of no longer than 1 year for the purpose of public camping or public sleeping. A property designated for such purpose may not be located in an area where such designation would adversely and materially affect the property value or safety and security of other existing residential or commercial property.

(b) Except as provided in paragraph (e), if a county designates county property to be used for public camping or public sleeping, it must establish and maintain minimum

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

standards and procedures related to the designated property for the purposes of:

1. Ensuring the safety and security of the designated property and the persons lodging or residing on such property.

2. Maintaining sanitation, which must include providing access to clean and operable restrooms and running water.

3. Coordinating with the local continuum of care to provide access to behavioral health services, which must include substance abuse and mental health treatment resources.

4. Prohibiting illegal drug use and alcohol use on the designated property and enforcing such prohibition.

(c) Within 30 days after designating county property as authorized in paragraph (a), the county must:

1. Provide notice to the Department of Children and Families that property has been designated for such purpose and provide the location of such property.

2. Post the minimum standards and procedures required under paragraph (b) to the county's publicly accessible website. Such policies and procedures must continue to be publicly available as long as any county property remains designated for the purpose authorized in paragraph (a).

(d) Within 90 days following the designation of county property as authorized in paragraph (a), and at least once more after 180 days if the property remains so designated, the Department of Children and Families shall inspect the property and issue a report to the county which may include recommendations to assist the county in maintaining the minimum standards and procedures required under paragraph (b). A county must post any inspection report issued pursuant to this

paragraph to the county's publicly accessible website within 5 business days after receiving the report.

(e) A fiscally constrained county is exempt from the requirement to establish and maintain minimum standards and procedures under subparagraphs (b)1., 2., and 3. if the governing board of the county makes a finding that compliance with such requirements would result in a financial hardship.

(4)(a) A resident of the county or an owner of a business located in the county may bring a civil action in any court of competent jurisdiction against the county to enjoin a violation of subsection (2). If the resident or business owner prevails in a civil action, the court may award reasonable expenses incurred in bringing the civil action, including court costs, reasonable attorney fees, investigative costs, witness fees, and deposition costs.

(b) An application for injunction filed pursuant to this subsection must be accompanied by an affidavit attesting that:

1. The applicant has provided written notice of the alleged violation of subsection (2) to the governing board of the county.

2. The applicant has provided the county with 5 business days to cure the alleged violation.

3. The county has failed to cure the alleged violation within 5 business days after receiving written notice of the alleged violation.

(5) This section does not apply to a county during any time period in which:

(a) The Governor has declared a state of emergency in the county or another county immediately adjacent to the county.

(b) A state of emergency has been declared in the county under chapter 870.

Section 2. Section 166.0453, Florida Statutes, is created to read:

166.0453 Unauthorized public camping and public sleeping.—

(1) As used in this section, the term:

(a) "Public camping" means lodging or residing overnight in a temporary outdoor habitation used as a dwelling or living space and evidenced by the erection of a tent or other temporary shelter, the presence of bedding or pillows, or the storage of personal belongings. The term does not include lodging or residing overnight in a motor vehicle that is registered, insured, and located in a place where it may lawfully be.

(b) "Public sleeping" means lodging or residing overnight in an outdoor space without a tent or other temporary shelter.

(2) Except as provided in subsection (3), a municipality may not authorize or otherwise permit any person to regularly engage in public camping or public sleeping on any public property, public building, or public right-of-way under the municipality's jurisdiction, unless such person has been lawfully issued a temporary permit authorizing such activity by the municipality.

(3)(a) A municipality may, in its discretion, designate property owned by the municipality to be used for a continuous period of no longer than 1 year for the purpose of public camping or public sleeping. A property designated for such purpose may not be located in an area where such designation would adversely and materially affect the property value or safety and security of other existing residential or commercial

property.

(b) Except as provided in paragraph (e), if a municipality designates municipal property to be used for public camping or public sleeping, it must establish and maintain minimum standards and procedures related to the designated property for the purposes of:

1. Ensuring the safety and security of the designated property and the persons lodging or residing on such property.

2. Maintaining sanitation, which must include providing access to clean and operable restrooms and running water.

3. Coordinating with the local continuum of care to provide access to behavioral health services, which must include substance abuse and mental health treatment resources.

4. Prohibiting illegal drug use and alcohol use on the designated property and enforcing such prohibition.

(c) Within 30 days after designating municipal property as authorized in paragraph (a), the municipality must:

1. Provide notice to the Department of Children and Families that property has been designated for such purpose and provide the location of such property.

2. Post the minimum standards and procedures required under paragraph (b) to the municipality's publicly accessible website. Such policies and procedures must continue to be publicly available as long as any municipal property remains designated for the purpose authorized in paragraph (a).

(d) Within 90 days following the designation of municipal property as authorized in paragraph (a), and at least once more after 180 days if the property remains so designated, the Department of Children and Families shall inspect the property

and issue a report to the municipality which may include recommendations to assist the municipality in maintaining the minimum standards and procedures required under paragraph (b). A municipality must post any inspection report issued pursuant to this paragraph to the municipality's publicly accessible website within 5 business days after receiving the report.

(e) A municipality located within a fiscally constrained county is exempt from the requirement to establish and maintain minimum standards and procedures under subparagraphs (b)1., 2., and 3. if the governing board of the municipality makes a finding that compliance with such requirements would result in a financial hardship.

(4)(a) A resident of the municipality or an owner of a business located in the municipality may bring a civil action in any court of competent jurisdiction against the municipality to enjoin a violation of subsection (2). If the resident or business owner prevails in the civil action, the court may award reasonable expenses incurred in bringing the civil action, including court costs, reasonable attorney fees, investigative costs, witness fees, and deposition costs.

(b) An application for injunction filed pursuant to this subsection must be accompanied by an affidavit attesting that:

1. The applicant has provided written notice of the alleged violation of subsection (2) to the governing board of the municipality.

2. The applicant has provided the municipality with 5 business days to cure the alleged violation.

3. The municipality has failed to cure the alleged violation within 5 business days after receiving written notice

of the alleged violation.

(5) This section does not apply to a municipality during any time period in which:

(a) The Governor has declared a state of emergency in the county in which the municipality is located or another county immediately adjacent to the county in which the municipality is located.

(b) A state of emergency has been declared in the county in which the municipality is located under chapter 870.

Section 3. The Legislature hereby determines and declares that this act fulfills an important state interest.

Section 4. This act shall take effect October 1, 2024.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Fiscal Policy

BILL:	CS/CS/SB 1544
INTRODUCER:	Fiscal Policy Committee; Regulated Industries Committee; and Senator Hooper
SUBJECT:	Department of Business and Professional Regulation
DATE:	February 26, 2024 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Oxamendi	Imhof	RI	**Fav/CS**
2.	Davis	Betta	AEG	**Favorable**
3.	Oxamendi	Yeatman	FP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1544 revises the licensing process and other requirements for several licensees and permittees regulated by the Department of Business and Professional Regulation (DBPR). The bill requires persons and entities to create and maintain an online system account for the purpose of processing license, permit, or registration applications, as applicable, and to function as the primary means of contact between the regulating agency and the licensee, permittee, or registrant. Under the bill, the regulating agency may not process an application for the following licenses, permits, or registrations unless it is submitted through the online system:

- Licenses and permits for persons and entities licensed or permitted by the DBPR's Division of Alcoholic Beverages and Tobacco (DABT) under ch. 210, F.S., relating to the taxation of tobacco products;
- Alcoholic beverage licenses issued by the DABT; and
- Retail tobacco products dealer and a retail nicotine products dealer permits issued by the DABT.

The following persons must create and maintain an online account with the agency as a primary means of contact:

- Certified elevator inspectors, certified elevator technicians, or elevator companies registered with the Division of Hotels and Restaurants; and
- Certified public accountants licensed by the Board of Accountancy;

Regarding the Florida Homeowners' Construction Recovery Fund (recovery fund), the bill doubles the maximum amounts payable to claimants for claims that may be made against contractors from the recovery fund.

Under the bill, beginning January 1, 2025, for Division I and Division II contracts entered into on, or after, July 1, 2024, payment from the recovery fund is subject to a $100,000 maximum payment for each Division I claim ($50,000 maximum currently), and a $30,000 maximum payment for each Division II claim ($15,000 maximum currently)

The bill also increases the lifetime aggregate limits for claims made against a single licensee. Beginning January 1, 2025, for Division I and Division II contracts entered into on or after July 1, 2024, payment from the recovery fund is subject only to a total lifetime aggregate cap of $2 million for each Division I claim ($500,000 maximum currently), and a $600,000 maximum payment for each Division II claim ($150,000 maximum currently).

The bill:

- Regarding pilots of navigable waters, repeals the requirement for:
  - Pilots and pilots in port to establish a competency-based mentor program for minority persons as defined in s. 288.703, F.S.;
  - The DBPR to submit an annual report to the Governor, the President of the Senate, and the Speaker of the House of Representatives containing information on the mentor programs; and
  - The DBPR to give consideration to minority and female state applicants when qualifying deputy pilots for certification.
- Authorizes the DBPR to exercise all the powers and duties of the Board of Employee Leasing if at any time the board lacks a quorum of appointed members under s. 455.207, F.S., which provides that 51 percent or more of the appointed members of the board or any committee, when applicable, shall constitute a quorum.
- Revises the criteria for determining financial responsibility when licensing asbestos abatement consultants and contractors.
- Revises the engineer license exemption in this provision to apply the exemption to regular full-time employees of a business organization (instead of a corporation) not engaged in the practice of engineering as such, whose practice of engineering for such business organization (instead of corporation) is limited to the design or fabrication of manufactured products or servicing of such products.
- Regarding barber and cosmetologists, repeals duplicative provisions allowing licensure by endorsement of persons licensed in another state for at least one year.
- Regarding construction contracting, authorizes local jurisdiction enforcement bodies to recommend to the Construction Industry Licensing Board (CILB) a recommended penalty of restitution, in addition to the recommended penalties that a local jurisdiction enforcement body is authorized to recommend to the CILB in current law.
- Includes the maintenance of nonelectrical advertising signs (in addition to electrical advertising signs) within the scope of practice of a specialty electrical or alarm system contractor.
- Provides additional types of work experience to qualify for certification as a designated representative of an entity licensed under the Drug and Cosmetic Act in part I of ch. 499, F.S.

- Reduces from 15 years to 10 years the disqualification for an alcoholic beverage license based on a conviction for a felony in Florida, any other state, or the United States.

The bill has a negative, indeterminate fiscal impact on state expenditures. See Section V., Fiscal Impact Statement.

The bill takes effect July 1, 2024.

II. Present Situation:

Department of Business and Professional Regulation

Licensure, Generally

The Department of Business and Professional Regulation (DBPR) has 11 divisions that are tasked with the licensure and general regulation of several professions and businesses in Florida.[1] Fifteen boards and programs exist within the Division of Professions,[2] two boards exist within the Division of Real Estate,[3] and one board exists in the Division of Certified Public Accounting.[4]

Sections 455.203 and 455.213, F.S., establish the DBPR's general licensing authority, including its authority to charge license fees and license renewal fees. Each board within the DBPR must determine by rule the amount of license fees for each profession, based on estimates of the required revenue to implement the regulatory laws affecting the profession.[5] When a person is authorized to engage in a profession or occupation in Florida, the DBPR issues a "permit, registration, certificate, or license" to the licensee.[6]

In Fiscal Year 2022-2023, there were 950,380 active licensees regulated by the DBPR or a board within the department, including 39,336 active licensees in the Division of Certified Public Accounting, 486,178 active licensees in the Division of Professions, and 67,827 active licensees under the Board of Professional Engineers.[7]

Other Relevant Topics

For ease of reference to each of the topics addressed in the bill, the Present Situation for each topic will be described in Section III of this analysis, followed immediately by an associated section detailing the Effect of Proposed Changes.

III. Effect of Proposed Changes:

Taxation of Tobacco products

Present Situation

Part II of ch. 210, F.S., imposes a tax and a surcharge tax on tobacco products other than cigarettes or cigars. Cigarettes are taxed under part I of ch. 210, F.S. Cigars are not subject to a tax.

Section 210.15, F.S., requires every person, firm, or corporation desiring to engage in business as a manufacturer, importer, exporter, distributing agent or wholesale dealer of cigarettes within this state to file with the Division of Alcoholic Beverages and Tobacco (DABT) an application for a cigarette permit for each place of business located within this state or, in the absence of such place of business in this state, for wherever its principal place of business is located. Every application for a cigarette permit must be made on forms furnished by the DABT and set forth the name under which the applicant transacts or intends to transact business, the location of the applicant's place of business within the state, if any, and such other information as the DABT may require.

Distributors of tobacco products other than cigarettes must be licensed by the DABT.[8] Section 210.40, F.S., provides a $25 application fee for a license as a distributor of tobacco products other than cigarettes. The license application must be accompanied by a corporate surety bond issued by a surety company authorized to do business in this state, conditioned for the payment when due of all taxes, penalties, and accrued interest that may be due to the state. The required bond must be in the sum of $1,000 and in a form prescribed by the DABT.[9] If the DABT determines that the bond given by a licensee is inadequate in amount to fully protect the state, the DABT must require an additional bond in an amount deemed sufficient. A separate application for a license must be made for each place of business at which a distributor proposes to engage in business as a distributor of tobacco products other than cigarettes, but an applicant may provide one bond in an amount determined by the DABT for all applications made by the distributor.

Effect of Proposed Changes

Section 1 revises s. 210.15(1), F.S., relating to the taxation of cigarettes under part I of ch. 210, F.S., and **Section 2** creates s. 210.32, F.S., relating to the taxation of tobacco products

Division Annual Report FY 22-23.pdf (myfloridalicense.com) (last visited Jan. 15, 2024).

[8] Section 210.35, F.S.

[9] Wholesale dealers, agents, or distributing agents of cigarettes must file with the division a surety bond, certificate of deposit, or irrevocable letter of credit acceptable to the division in an amount equal to 110 percent of the estimated tax liability for 30 days, but not less than $2,000. Section 210.08, F.S.

other than cigarettes, to require every person or entity licensed or permitted under ch. 210, F.S., to require all persons or entities licensed or permitted by the DABT, or applying for a cigarette, tobacco product, nicotine, or cigar license or permit within Florida, to create and maintain an account with the DABT's online system.

An email address must be supplied by the licensee, permittee, or applicant, and will function as the primary means of contact between the DABT and the licensee, permittee, or applicant. The licensee, permittee, and applicant is responsible for maintaining accurate contact information on file with the DABT.

The bill requires all persons or entities seeking a license or permit from the DABT to use forms furnished by the DABT which are filed through the DABT's online system before commencing operations. Under the bill, the DABT may not process an application or a permit unless it is submitted through the online system.

Section 3 revises s. 210.40, F.S., to increase the required tobacco product distributor corporate surety bond to $25,000 from $1,000. The bill revises the term "surety bond" to "corporate surety bond." The bill requires the DABT to review the amount of a corporate surety bond on a semiannual basis to ensure that the bond is adequate to protect the state.

Under the bill, the DABT may increase the corporate surety bond amount before renewing a distributor's license or after completing its semiannual review of the bond amount. The DABT may increase the corporate surety bond amount before renewing a distributor's license or after completing its semiannual review of the bond amount. The corporate surety bond amount may be increased to the sum of the distributor's highest month of final audited tax liabilities, penalties, and accrued interest which are due to the state. A corporate surety bond, with the sum determined by the DABT in accordance with the paragraph, is required for the renewal of a distributor's license.

The bill authorizes the DABT to prescribe by rule increases in the corporate surety bond amounts required as a condition of licensure.

The DABT may decrease a corporate security bond upon a distributor's showing of good cause. In determining the amount of the surety bond:

- "Good cause" means a consistent pattern of responsible financial behavior by the distributor over a period of at least the preceding four years, and having the sum of the distributor's final audited tax liabilities, penalties, and interest be less than the amount of the distributor's corporate surety bond for every month for a period of at least the preceding four years.
- "Responsible financial behavior" includes the timely and complete reporting and payment of all tax liabilities, penalties, and accrued interest due to the state for a period of at least the preceding four years.

The bill prohibits the DABT from reducing a corporate surety bond amount when a licensee:

- Is in default of any tax liabilities, penalties, or interest due to the state;
- Is the subject of a pending criminal prosecution in any jurisdiction until such prosecution has been fully resolved;

- Has pending administrative charges brought by an authorized regulatory body or agency which have not been fully resolved in accordance with applicable rules and procedures; or
- Is under investigation by any administrative body or agency for potential criminal violations until any such investigation is completed and the findings of the investigation have been fully resolved in accordance with applicable law.

The bill provides that such a matter is "fully resolved" if the criminal or administrative charges or investigations have been definitively closed or dismissed, have resulted in an acquittal, or have otherwise ended in such a manner that no further legal or administrative actions relating to charges or investigations are pending against a licensee under applicable laws, rules, or regulations.

The bill requires the DABT to notify a distributor in writing of any change in the distributor's corporate surety bond requirements by the date the distributor's audited tax assessments become final.

The bill states that these provisions governing corporate surety bonds are not subject to s. 120.60, F.S., of the Administrative Procedure Act, which sets forth the administrative process for agency review of license application, including deadlines for the approval and denial of license applications.

The bill allows DABT to adopt rules related to surety bonds.

Section 22 amends s. 210.16(2), to conform a cross-reference to s. 210.15(1)(d)1.-6., F.S.

Pilots of Navigable Waters

Present Situation

Chapter 310, F.S., relates to the regulation of the pilots of vessels utilizing the navigable waters of Florida. The term "pilot" means "a licensed state pilot or a certificated deputy pilot." The term "piloting" means the acts of pilots in conducting vessels through the navigable waters of Florida.

The qualifications for a pilot's license include being at least 21 years of age, being of good physical and mental health, having at least two years of service as a certified deputy pilot, and satisfactorily completing the examination required under s. 310.081, F.S.[10] The qualifications for a deputy pilot certificate include being at least 21 years of age, having specified maritime experience, and satisfactorily completing the examination required under s. 310.081, F.S.[11]

Section 310.0015(3)(d)2., F.S., requires the pilot or pilots in a port to establish a competency-based mentor program by which minority persons as defined in s. 288.703, F.S., may acquire the skills for the professional preparation and education competency requirements of a licensed state pilot or certificated deputy pilot. The Department of Business and Professional Regulation (DBPR) must provide the Governor, the President of the Senate, and the Speaker of the House of Representatives with a report each year on the number of minority persons who have participated

[10] Section 310.073, F.S.
[11] Section 310.071, F.S.

in each mentor program, who are licensed state pilots or certificated deputy pilots, and who have applied for state pilot licensure or deputy pilot certification.

Effect of Proposed Changes

Section 4 revises s. 310.0015, F.S., to delete the requirement that pilot or pilots in port must establish a competency-based mentor program for minority persons as defined in s. 288.703, F.S., and that the DBPR submit an annual report to the Governor, the President of the Senate, and the Speaker of the House of Representatives containing information on the mentor programs.

Section 5 revises s. 310.081(2), F.S., to remove the requirement that the DBPR give consideration to minority and female state applicants when qualifying as deputy pilots, in the interest of ensuring diversification within the state piloting profession.

Certified Elevator Inspectors

Present Situation

Chapter 399, F.S., provides for the regulation of elevators in Florida, including the requirements of certified elevator inspectors,[12] certified elevator technicians,[13] or elevator companies[14] to register with the DBPR's Division of Hotels and Restaurants (DHR).

Effect of Proposed Changes

Section 6 creates s. 399.18, F.S., to require any certified elevator inspector, certified elevator technician, or registered elevator company, and any person applying for such certification or registration, to:

- Create and maintain an online account with the DHR;
- Provide an e-mail address to function as the primary means of contact for all communication from the DHR; and
- Maintain accurate contact information on file with the DHR.

The bill authorizes the DHR to adopt rules to implement the provisions of the bill.

Employee Leasing Companies

Present Situation

Part XI of ch. 468, F.S., provide for the regulation of employee leasing companies. Section 468.521, F.S., creates the Board of Employee Leasing Companies within the DBPR, to regulate the profession of employee leasing, including licensure and discipline, and to adopt rules to implement the provisions of part XI of ch. 468, F.S. The Board of Employee Leasing Companies consists of seven members who are appointed by the Governor and confirmed by the Senate.[15]

[12] Section 399.17, F.S., relating to the registration requirement for certified elevator inspectors.
[13] Section 399.01(14), F.S.
[14] Section 399.03, F.S.
[15] Section 468.521, F.S.

The controlling person of an employee leasing company must be licensed by the DBPR. Generally, the term "employee leasing" means an arrangement whereby a leasing company assigns its employees to a client and allocates the direction of and control over the leased employees between the leasing company and the client.[16] An employee leasing company may be a sole proprietorship, partnership, corporation, or other form of business entity engaged in employee leasing.[17]

Effect of Proposed Changes

Section 7 amends s. 468.521, to authorize the DBPR to exercise all of the powers and duties of the Board of Employee Leasing Companies if at any time the board lacks a quorum of appointed members under s. 455.207, F.S., which provides that 51 percent or more of the appointed members of the board or any committee, when applicable, shall constitute a quorum.

Asbestos Consultants and Contractors

Present Situation

Chapter 469, F.S., governs the licensing and regulation of asbestos abatement consultants and contractors. The Asbestos Licensing Unit is a program located in the Division of Professions, which processes license applications and responds to consumer complaints and inquiries by monitoring activities and compliance within the asbestos abatement industry.

A person must be a licensed asbestos contractor in order to conduct asbestos abatement work,[18] unless exempted.[19] A person must be a licensed asbestos consultant to conduct an asbestos survey, develop an operation and maintenance plan, monitor and evaluate asbestos abatement, or prepare asbestos abatement specifications.[20] Prerequisite qualifications for licensure as an asbestos consultant require that the applicant be actively licensed as an architect, professional engineer, or professional geologist; is a diplomat of the American Board of Industrial Hygiene; or has been designated as a Certified Safety Professional by the Board of Certified Safety Professionals.[21]

In addition, for applicants who wish to engage in consulting or contracting as a partnership, corporation, business trust, or other legal entity, or in any name other than the applicant's legal name, the applicant's legal entity must apply for licensure through a qualifying agent or the individual applicant must apply for licensure under the fictitious name as a business organization.

[16] Section 468.520(4), F.S.
[17] Section 468.520(5), F.S.
[18] Section 469.003(3), F.S.
[19] Section 469.002, F.S., provides that in limited circumstances, certain governmental employees with required training may engage in asbestos abatement work solely for maintenance purposes.
[20] Section 469.003, F.S.
[21] Section 469.004(1), F.S.

Applicants for licensure as an asbestos abatement professional or as an asbestos abatement business organization must provide evidence of financial stability.[22] Section 469.006(2)(c)2., F.S., requires the DBPR to adopt rules to determine the financial stability of applicants for a license as an asbestos abatement business organization, which must include, but is not limited to, credit history and the limits of bondability and credit.

Effect of Proposed Changes

Section 8 revises s. 469.006(2)(c)2., F.S., to delete the requirement that criteria for bondability and credit be included in the DBPR's rule for determining an asbestos consultant or contractor applicant's financial responsibility.

Engineers

Present Situation

The practice of engineering is regulated by the Florida Board of Professional Engineers (FBPE). Unlike most professions regulated by the DBPR, the administrative, investigative, and prosecutorial services for the FBPE are not provided by the DBPR. The DBPR contracts with the Florida Engineers Management Corporation (FEMC), a non-profit corporation, to provide such services.[23]

In order to be licensed as a professional engineer, a person must successfully pass two examinations: the fundamentals examination and the principles and practices examination. Prior to being permitted to sit for the fundamentals examination, an applicant must graduate from an approved engineering science or engineering technology curriculum of four years or more in an FBPE-approved school, college, or university, and have a record of four years of active engineering experience.[24]

Section 471.003(2), F.S., provides exemptions from the license requirement for engineers, including, in relevant part, a licensure exemption for regular full-time employees of a corporation not engaged in the practice of engineering, whose practice of engineering for such corporation is limited to the design or fabrication of manufactured products or servicing of such products

Effect of Proposed Changes

Section 9 amends s. 471.003(2)(c), F.S., to revise the engineer license exemption in this provision to apply the exemption to regular full-time employees of a business organization (instead of a corporation) not engaged in the practice of engineering as such, whose practice of engineering for such business organization (instead of such corporation) is limited to the design or fabrication of manufactured products or servicing of such products.

[22] Section 469.006(2)(c)2., F.S.
[23] Section 471.038(3), F.S.
[24] Section 471.013, F.S.

Certified Public Accountants

Present Situation

The Board of Accountancy within the DBPR is charged with regulating the practice of public accountancy in Florida.[25] A person wishing to practice accounting[26] must be licensed as a Florida certified public accountant (CPA) and apply to the DBPR to take a licensure examination.[27] To sit for the license examination, a person must be of good moral character, pass the licensure exam, and have at least 120 semester hours or 180 quarter hours of education, with a focus on accounting and business.[28] To be licensed as a CPA, a person must have specified qualifications, including at least 150 hours of education. CPA firms must also be licensed.[29]

Effect of Proposed Changes

Sections 10 and 11 revise ss. 473.306(2) and 473.308, F.S., to require persons applying to take the CPA licensure examination, applying for a CPA license, and applying for a CPA firm license to:

- Create and maintain an online account with the DBPR;
- Provide an e-mail address to function as the primary means of contact for all communication to the applicant from the DBPR;
- Maintain accurate contact information on file with the DBPR; and
- Submit any change in the applicant's e-mail address or home address within 30 days after any contact information changes. All changes must be submitted through the DBPR's online system.

Barbering

Present Situation

The Barbers' Board is responsible for licensing and regulating barbers.[30]

The term "barbering" in ch. 476, F.S., the Barbers' Act, includes any of the following practices when done for payment by the public: shaving, cutting, trimming, coloring, shampooing, arranging, dressing, curling, or waving the hair or beard or applying oils, creams, lotions, or other preparations to the face, scalp, or neck, either by hand or by mechanical appliances.[31]

An applicant for licensure as a barber must pass an examination. To be eligible to take the examination, the applicant must be at least 16 years old, pay the application fee, and either:

- Have held an active valid license in another state for at least one year;
- Complete a minimum of 900 hours of training; or

[25] Section 473.303, F.S., creating the Board of Accountancy.
[26] *See* s. 473.302(8), F.S., defining the terms "practice of," "practicing public accountancy," or "public accounting."
[27] Section 473.306, F.S.
[28] Sections 473.308(2)-(5), F.S.
[29] *Id.*
[30] Section 476.054, F.S., creating the Barber's Board.
[31] *See* s. 476.034(2), F.S. The term does not include those services when done for the treatment of disease or physical or mental ailments.

- Passes the licensure examination after completing a minimum of 600 hours actual hours of school education.[32]

Additionally, ch. 2020-160, Laws of Fla., amended s. 476.144(5), F.S., relating to the licensing of barbers, to provide licensure by endorsement of persons who hold a current active license to practice barbering in another state for at least one year.

A person may also apply for and receive a "restricted license" to practice barbering, which authorizes the licensee to practice only in areas in which he or she has demonstrated competency pursuant to rules of the Barbers' Board.[33]

The Barber's Board may also license by endorsement barbering practitioners who desire to be licensed in this state who hold a current active license in another country and who have met qualifications that are substantially similar to, equivalent to, or greater than the qualifications required of applicants from this state.[34]

Effect of Proposed Changes

Section 12 revises s. 476.114(2), F.S., to delete a conflicting provision for licensure by endorsement, and allows barbers licensed in another jurisdiction to qualify for a license by endorsement regardless of how long the applicant has held the license in another jurisdiction as authorized s. 476.411, F.S.

Section 23 of the bill amends s. 476.144(6), F.S., to correct a cross-reference to s. 476.114(2)(c), F.S.

Cosmetology

Present Situation

Chapter 477, F.S., governs the licensure and regulation of cosmetologists, nail specialists, facial specialists, full specialists, body wrappers and related salons in the state by the Board of Cosmetology, within the DBPR.

Persons may not engage in the practice of cosmetology without a license issued by the Board of Cosmetology.[35] Individuals are also prohibited from providing manicures, pedicures, nail painting services, or facials in Florida without a registration with the Board of Cosmetology.[36]

To qualify for a cosmetologist license, the applicant must be at least 16 years of age or have received a high school diploma, pay nonrefundable application and examination fees, and successfully complete a license examination.

[32] *See* s. 476.114(2), F.S.
[33] *See* s. 476.144(6), F.S.
[34] Section 476.144(5), F.S.
[35] Section 477.014, F.S.
[36] *See* ss. 477.013(6) and 477.0201, F.S.

In addition, s. 477.019(2), F.S., provides that an applicant for a cosmetologist license must either:

- Be authorized to practice cosmetology in another state or country for at least one year, and not qualify for licensure by endorsement as provided for in s. 477.019(5), F.S.; or
- Have received a minimum of 1,200 hours of training as established by the Board of Cosmetology.

However, s. 477.019(5), F.S., does not provide for licensure by endorsement.
Section 477.019(6), F.S., allows the Board of Cosmetology to certify as qualified for licensure by endorsement as a cosmetologist in this state an applicant who holds a current active license to practice cosmetology in another state.

Effect of Proposed Changes

Section 13 revises s. 477.019(2), F.S., to delete a conflicting provision for licensure by endorsement, and allows cosmetologists licensed in another jurisdiction to qualify for a license by endorsement regardless of how long the applicant has held the license in another jurisdiction as authorized s. 477.019(6), F.S.

Construction Contracting

Present Situation

Contractor Discipline (Penalties, Fines, and Other Penalties)

Section 489.131(7), F.S., relating to compliance with regulatory policies by licensed contractors, authorizes a local jurisdiction enforcement body to enforce its local ordinances and the provisions of part I of ch. 489, F.S., relating to construction contracting, against locally licensed or registered contractors. Fines and other penalties are authorized to ensure compliance with state laws and local jurisdiction ordinances.

The local jurisdiction enforcement body may conduct disciplinary proceedings and may require restitution, impose a suspension or revocation of a local license, or a fine not to exceed $5,000, or a combination thereof, against the locally licensed or registered contractor, and may assess reasonable investigative and legal costs for the prosecution of the violation.

In addition to any action the local jurisdiction enforcement body may take against the individual's local license, and any fine the local jurisdiction may impose, the local jurisdiction enforcement body must issue a recommended penalty for board action. This recommended penalty may include a recommendation for no further action, or a recommendation for suspension, revocation, or restriction of the registration, or a fine to be levied by the board, or a combination thereof.

The local jurisdiction enforcement body must inform the disciplined contractor and the complainant of the local license penalty imposed, the board penalty recommended, the rights to appeal, and the consequences should an appeal not be taken. The local jurisdiction enforcement body must, upon having reached adjudication or having accepted a plea of nolo contendere, immediately inform the board of its action and the recommended board penalty.

The DBPR, the disciplined contractor, or the complainant may challenge the local jurisdiction enforcement body's recommended penalty for board action to the Construction Industry Licensing Board (CILB). A challenge must be filed within 60 days after the issuance of the recommended penalty to the CILB, and if challenged, there is a presumptive finding of probable cause which allows the case to proceed without the need for a probable cause hearing.

Failure of the DBPR, the disciplined contractor, or the complainant to challenge the local jurisdiction's recommended penalty within the required time period constitutes a waiver of the right to a hearing before the CILB. A waiver of the right to a hearing before the CILB is deemed an admission of the violation, and the penalty recommended to the CILB becomes a final order without further board action, in accordance with procedures developed by CILB rule. The disciplined contractor may appeal this action to the district court.

The DBPR may investigate any complaint made to it, but may not initiate or pursue any complaint against a registered contractor who is not also a certified contractor where a local jurisdiction enforcement body has jurisdiction over the complaint, unless summary procedures are initiated by the secretary pursuant to s. 455.225(8), F.S., or unless the local jurisdiction enforcement body has failed to investigate and prosecute a complaint, or make a finding of no violation, within six months of receiving the complaint. The DBPR must refer the complaint to the local jurisdiction enforcement body for investigation, and if appropriate, prosecution. However, the DBPR may investigate such complaints to the extent necessary to determine whether summary procedures should be initiated.

Upon a recommendation by the DBPR, the CILB may make conditional, suspend, or rescind its determination of the adequacy of the local government enforcement body's disciplinary procedures granted under s. 489.117(2), F.S. However, local jurisdictions may not exercise disciplinary authority over certified contractors.

Florida Homeowners' Construction Recovery Fund

The Florida Homeowners' Construction Recovery Fund (recovery fund) was created by the Legislature in 1993 after Hurricane Andrew.[37] The recovery fund is the last resort to compensate homeowners who have suffered a covered financial loss at the hands of state-licensed general, building, and residential contractors. Covered losses include financial mismanagement or misconduct, project abandonment, or fraudulent statement of a contractor or related party.[38] A homeowner must have engaged a contractor for construction or improvement of the homeowner's Florida residence, and the damage must have been caused by a Division I licensee or a Division II licensee.[39]

[37] *See* ch. 93-166, s. 21, Laws of Fla. and *see* Department of Business and Professional Regulation, *2024 Agency Legislative Bill Analysis for SB 414* at 2 (Nov. 20, 2023) (on file with the Senate Committee on Regulated Industries).
[38] *See* ss. 489.140-489.144, F.S.
[39] Section 489.1402, F.S., defines the term "residence" to mean "a single-family residence, an individual residential condominium or cooperative unit, or a residential building containing not more than two residential units in which the owner contracting for the improvement is residing or will reside 6 months or more each calendar year upon completion of the improvement."

A claim must involve an act by a contractor under specific statutory provisions relating to mismanagement, abandonment of a project, and actions that give rise to disciplinary actions by the CILB against contractors, as follows:

- Section 489.129(1)(g), F.S., allows disciplinary proceedings for committing mismanagement or misconduct in the practice of contracting that causes financial harm to a customer. Financial mismanagement or misconduct occurs when the contractor fails to remove a valid lien after payment; the contractor has abandoned the job and has been paid for more than is completed; and the customer is made to pay more than the contract price.
- Section 489.129(1)(j), F.S., allows disciplinary proceedings for abandoning a construction project, under certain conditions.
- Section 489.129(1)(k), F.S, allows disciplinary proceedings for signing a false statement with respect to a project or contract indicating that the work is bonded, subcontractors have been paid, or workers' compensation and public liability insurance are provided.
- Section 713.35, F.S., provides for criminal penalties for any person who knowingly and intentionally makes an affidavit, a waiver or release of lien, or other document, whether or not under oath, with false information about the payment status of subcontractors, sub-subcontractors, or suppliers.

If a final judgment, CILB-issued restitution order, or arbitration award is not expressly based on s. 489.129(1)(g), (j), or (k), F.S., the claimant must present to the CILB sufficient evidence to show that the contractor engaged in activity described in those subsections.[40]

The recovery fund is financed by a 1.5 percent surcharge on all building permit fees associated with the enforcement of the Florida Building Code.[41] The local government that collects the permit fees retains 10 percent of the surcharge, and the net surcharge proceeds are then allocated equally to the recovery fund and the operations of the Building Code Administrators and Inspectors Board.[42]

Duty of Contractor to Give Notice of Rights under Recovery Fund

Section 489.1425, F.S., creates a duty for a contractor to provide notice to a customer of rights under the recovery fund. Any agreement or contract for repair, restoration, improvement, or construction to residential real property must contain a written statement explaining the consumer's rights under the recovery fund, except where the value of all labor and materials does not exceed $2,500, and must be substantially in the form required by statute.

Requirements to Make a Claim

The claimant must have obtained a final judgment, arbitration award, or CILB-issued restitution order against the contractor for damages that are a direct result of a compensable violation. The statute of limitations to make a claim is one year after the conclusion of an action or award in

[40] Fla. Admin. Code R. 61G4-21.003.
[41] Section 468.631(1), F.S.
[42] The DBPR has the authority to transfer excess cash to the recovery fund if it determines it is not needed to support the operation of the Building Code Administrators and Inspectors Board; the amount transferred cannot exceed the amount appropriated in the General Appropriations Act or approved by the Legislative Budget Commission for payment of claims from the fund. *Id.*

arbitration that is based on the misconduct.[43]Certain persons are not eligible to make a claim against the recovery fund.[44]

Limits

Section 489.143, F.S., relating to payment from the recovery fund, provides that an eligible claimant from the recovery fund will be an amount equal to the judgment, award, or restitution order or $25,000, whichever is less, or an amount equal to the unsatisfied portion of such person's judgment, award, or restitution order, but only to the extent and amount of actual damages suffered by the claimant, and subject to the maximum per-claim amount and a total lifetime per-licensee maximum.[45]

The maximum amounts payable for recovery fund claims and the total lifetime aggregate limits are set forth in s. 489.143, F.S.,[46] as follows:

- Beginning January 1, 2005, for each Division I contract entered into after July 1, 2004, recovery fund claims are limited to a $50,000 maximum payment for each Division I claim, with a total lifetime aggregate limit of $500,000 for each Division I licensee.
- Beginning January 1, 2017, for each Division II contract entered into on or after July 1, 2016, (the date that claims against Division II licensees were first authorized to be filed), recovery fund claims are limited to a $15,000 maximum payment for each Division II claim, with a total lifetime aggregate limit of $150,000 for each Division II licensee.

Claims are paid in the order that they are filed, up to the lifetime aggregate limits for each transaction and licensee, and to the limits of amounts appropriated to pay claims against the recovery fund.[47] Payments may not exceed the total claim limits or lifetime aggregate limits.[48]

As of July 31, 2023, the overall recovery fund balance was $23,235,064.00. For fiscal years 2020-2021, 2021-2022, and 2022-2023, the average amount of revenue going into the fund from the surcharge per fiscal year was $6,188,495.00, and the average amount of claims awarded was $2,882,184 per fiscal year. However, between FY 2020-21 and FY 2022-23, the number of claims presented and awarded each year more than doubled. In FY 2022-2023, 232 claims were awarded for a total amount of $4,449,552.00. Of the 232 claims, 125 were against Division I contractors, and 107 were against Division II contractors.[49]

Appropriations; Excess Funds; License Suspension

---

[43] Section 489.141(1)(f), F.S.

[44] Section 489.141(2), F.S., provides certain persons are precluded from making a claim for recovery under the fund, if: (a) The claimant is the spouse of the judgment debtor or licensee or a personal representative of such spouse; (b) The claimant is a licensee who acted as the contractor in the transaction that is the subject of the claim; (c) The claim is based upon a construction contract in which the licensee was acting with respect to the property owned or controlled by the licensee; (d) The claim is based upon a construction contract in which the contractor did not hold a valid and current license at the time of the construction contract; or (e) The claimant was associated in a business relationship with the licensee other than the contract at issue.

[45] Section 489.143(2), F.S.

[46] For fund claims for contracts entered into before July 1, 2004, see s. 489.143(6), F.S.

[47] Section 489.143(7), F.S.

[48] *Id*.

[49] *See* Department of Business and Professional Regulation, *2024 Agency Legislative Bill Analysis for HB 1335* at 3 (January 8, 2024) (on file with the Senate Appropriations Committee on Agriculture, Environment, and General Government).

Section 489.143(8), F.S., provides that if the annual appropriation is exhausted with claims pending, the pending claims must be carried over to the next fiscal year. Monies in excess of pending claims must be paid in accordance with s. 468.631, F.S., relating to the Building Code Administrators and Inspectors Fund.

Section 489.143(9), F.S., provides that, upon payment of any amount from the recovery fund in settlement of a claim in satisfaction of a judgment, award, or restitution order against a licensee, the license of such licensee is automatically suspended, without further administrative action, upon the date of payment from the recovery fund. The license may not be reinstated until the licensee has repaid in full the amount paid from the recovery fund, plus interest.

Effect of Proposed Changes

Section 14 revises s. 489.131, F.S., relating to compliance with regulatory policies by licensed contractors, to authorize a local jurisdiction enforcement body to recommend that the CILB require restitution from the local contractor, in addition to the recommended penalties that a local jurisdiction enforcement body is authorized to recommend to the CILB in current law. The bill also requires that a recommended penalty specify the violations of ch. 489, F.S., relating to contracting, upon which the recommendation is based.

Section 15 revises s. 489.143, F.S., to double the maximum amounts payable to claimants for claims that may be made against contractors from the Florida Homeowners' Construction Recovery Fund (recovery fund).

Under the bill, beginning January 1, 2025, for Division I and Division II contracts entered into on or after July 1, 2024, payment from the recovery fund is subject to a $100,000 maximum payment for each Division I claim ($50,000 maximum currently), and a $30,000 maximum payment for each Division II claim ($15,000 maximum currently).

The bill also increases the lifetime aggregate limits for claims made against a single licensee. Beginning January 1, 2025, for Division I and Division II contracts entered into on or after July 1, 2024, payment from the recovery fund is subject only to a total lifetime aggregate cap of $2 million for each Division I claim ($500,000 maximum currently), and a $600,000 maximum payment for each Division II claim ($150,000 maximum currently).

Electrical and Alarm System Contractors

Present Situation

Electrical and alarm system contractors are regulated by part II of ch. 489, F.S., and licensed by the Electrical Contractors' Licensing Board (ECLB). A person may not practice electrical or alarm system contracting without a valid certification or registration issued by the ECLB.[50]

In order to become an electrical contractor or alarm system contractor, a person must submit an application to the DBPR and must:

- Be at least 18 years of age;

[50] Section 489.531(1)(b), F.S.

- Be of good moral character;
- Successfully pass the certification examination; and
- Meet eligibility requirements according to a combination of education and experience as approved by the ECLB.[51]

A "specialty contractor" is a contractor whose scope of practice is limited to a specific segment of electrical or alarm system contracting established in a category adopted by ECLB rule, including, but not limited to, residential electrical contracting, maintenance of electrical fixtures, and fabrication, erection, installation, and maintenance of electrical advertising signs together with the interrelated parts and supports thereof.[52]

The ECLB must, by rule, designate those types of specialty electrical or alarm system contractors who may be certified under part II of ch. 489, F.S. A certified specialty contractor category exists as an optional statewide licensing category. The qualification for certification in a specialty category created by rule are the same as set forth in s. 489.511(1)(b), which establishes the requirements to qualify to take certification examination.

Effect of Proposed Changes

Section 16 amends s. 489.505(19), F.S., to include the maintenance of nonelectrical advertising signs (in addition to electrical advertising signs) within the scope of practice of a specialty electrical or alarm system contractor.

Florida Drug and Cosmetic Act

Present Situation

The Division of Drugs, Devices and Cosmetics safeguards the health, safety, and welfare of the citizens of the state of Florida from injury due to the use of adulterated, contaminated, misbranded drugs, drug ingredients and cosmetics by administering the provisions of the Florida Drug and Cosmetic Act in part I of ch. 499, F.S. A permit is required before a person or establishment may engage in specified activities, including operating as a prescription drug manufacturer, device manufacturer, or cosmetic manufacturer.[53]

In pertinent part, each establishment that is issued an initial or renewal permit as a prescription drug wholesale distributor or an out-of-state prescription drug wholesale distributor must designate in writing to the DBPR at least one natural person to serve as the designated representative of the wholesale distributor. Such person must have an active certification as a designated representative from the DBPR.
To be certified as a designated representative, a natural person must:

- Submit an application on a form furnished by the DBPR and pay the appropriate fees.
- Be at least 18 years of age.
- Have at least two years of verifiable full-time:

[51] Sections 489.511(1)(a) and (b), F.S.
[52] Section 489.505(19), F.S.
[53] See s. 499.01, F.S.

- Work experience in a pharmacy licensed in this state or another state, where the person's responsibilities included, but were not limited to, recordkeeping for prescription drugs;
- Managerial experience with a prescription drug wholesale distributor licensed in this state or in another state; or
- Managerial experience with the United States Armed Forces, where the person's responsibilities included, but were not limited to, recordkeeping, warehousing, distributing, or other logistics services pertaining to prescription drugs.

In addition, the person must receive a passing score of at least 75 percent on an examination given by the DBPR regarding federal laws governing distribution of prescription drugs and part I of ch. 499, F.S., and the rules adopted by the DBPR governing the wholesale distribution of prescription drugs.

Effect of Proposed Changes

Section 17 revises s. 499.012(15), F.S., relating to the requirements to be a certified designated representative, to provide the following additional types of work experience to qualify for certification:

- Managerial experience with a state or federal organization responsible for regulating or permitting establishments involved in the distribution of prescription drugs, whether in an administrative or a sworn law enforcement capacity; or
- Work experience as a drug inspector or investigator with a state or federal organization, whether in an administrative or a sworn law enforcement capacity, where the person's responsibilities related primarily to compliance with state or federal requirements pertaining to the distribution of prescription drugs.

Alcoholic Beverage Licenses

Present Situation

The DABT within the DBPR administers and enforces the Beverage Law,[54] which regulates the manufacture, distribution, and sale of wine, beer, and liquor.

Section 561.14, F.S., requires a license issued by the DABT to be a manufacturer,[55] distributor,[56] or vendor[57] of alcoholic beverages. A license is also required to be a broker or sales agent,[58] importer,[59] bottle club,[60] or exporter.[61]

Section 562.12(1), F.S., prohibits the sale of alcoholic beverages without a license issued by the division. An alcoholic beverage licensee may only sell alcoholic beverages in the manner permitted by her or his license. In addition, a licensee or other person who keeps or possesses

[54] Section 561.01(6), F.S., provides that the "Beverage Law" means chs. 561, 562, 563, 564, 565, 567, and 568, F.S.
[55] Section 561.14(1), F.S., relating to the license classification for "manufacturers."
[56] Section 561.14(2), F.S., relating to the license classification for "distributors."
[57] Section 561.14(3), F.S., relating to the license classification for "vendors."
[58] Section 561.14(4), F.S., relating to the license classification for "brokers or sales agents."
[59] Section 561.14(5), F.S., relating to the license classification for "importers."
[60] Section 561.01(15), F.S., defining the term "bottle club," and s. 561.14(6), F.S., relating to the license classification for "bottle clubs."
[61] Section 561.14(7), F.S., relating to the license classification for "exporters."

alcoholic beverages not permitted to be sold by her or his license, or not permitted to be sold without a license, with intent to sell or dispose of same unlawfully, or who keeps and maintains a place where alcoholic beverages are sold unlawfully, is guilty of a misdemeanor of the second degree.[62]

Section 562.12(2), F.S., provides that it is unlawful for any person to operate as an exporter[63] of alcoholic beverages within the state without registering as an exporter pursuant to s. 561.17, F.S. A person who violates this prohibition is guilty of a misdemeanor of the second degree.[64]

Section 561.15, F.S., provides qualifications for an alcoholic beverage license. To qualify for an alcoholic beverage license, s. 561.15(1), F.S., requires alcoholic beverage licensees to be person be of good moral character and be 21 years of age or older. If the license is issued to a corporation, the corporation's officers must also be of good moral character and not less than 21 years of age. In addition, s. 561.15(2), F.S., provides that an alcoholic beverage license may not be issued to any person who:

- Has been convicted within the last past 5 years of any offense against the beverage laws of this state, the United States, or any other state;
- Has been convicted within the last past 5 years in this state or any other state or the United States of soliciting for prostitution, pandering, letting premises for prostitution, or keeping a disorderly place or of any criminal violation of ch. 893, F.S., or the controlled substance act of any other state or the Federal Government; or
- Has been convicted in the last past 15 years of any felony in this state or any other state or the United States; or to a corporation, any of the officers of which shall have been so convicted.

The term "conviction" includes an adjudication of guilt on a plea of guilty or nolo contendere or the forfeiture of a bond when charged with a crime.[65]

Section 561.01(4)(a), F.S., defines the term "alcoholic beverages" to mean distilled spirits and all beverages containing one-half of one percent or more alcohol by volume.

Section 561.17, F.S., provides the process for applying with the DABT for a license or registration under the Beverage Law.

Effect of Proposed Changes

Section 18 amends s. 561.15(2), F.S., to reduce from 15 years to 10 years the disqualification for an alcoholic beverage license based on a conviction for a felony in Florida, any other state, or the United States.

[62] Section 775.082, F.S., provides that a misdemeanor of the second degree is punishable by a term of imprisonment not to exceed 60 days. Section 775.083, F.S., provides that a misdemeanor of the second degree is punishable by a fine not to exceed $500.
[63] Section 561.01(16), F.S., defines an "exporter" as "any person that sells alcoholic beverages to persons for use outside the state and includes a ship's chandler and a duty-free shop."
[64] Section 561.17(4), F.S., requires persons to register with the division before engaging in the business of exporting alcoholic beverages.
[65] Section 561.15(2), F.S.

Section 19 revises s. 561.17(5), F.S., to require persons or entities licensed or permitted by the DABT, or applying for a license or permit to:

- Create and maintain an online account with the DABT;
- Provide an e-mail address to function as the primary means of contact for all communication to the applicant from the DABT; and
- Apply using forms prepared by DABT and filed through DABT's online system before engaging in any business for which a license or permit is required.

Under the bill, the DABT may not process an application for alcoholic beverage license unless the application is submitted through the DABT's online system.

Regulation of Tobacco Products and Nicotine Dispensing Devices

Present Situation

The DABT within the DBPR is the state agency responsible for the regulation and enforcement of tobacco products under part I of ch. 569, F.S., and nicotine products under part II of ch. 569, F.S.

A person must obtain a retail tobacco products dealer permit from the division for each place of business where tobacco products are sold, including sales made through a vending machine.[66] The fee for an annual permit is established by the division in rule at an amount to cover the regulatory costs of the program, not to exceed $50. The fees are deposited into the Alcoholic Beverage and Tobacco Trust Fund within the DBPR.[67]

A retail nicotine products dealer permit from the division is required for each place of business where nicotine products are sold, including sales made through a vending machine.[68] There is no fee for the permit. A person must be 21 years of age to qualify for a retail nicotine products dealer permit.[69]

Effect of Proposed Changes

Sections 20 and 21 create ss. 569.00256 and 569.3156, F.S., relating to application for a retail tobacco products dealer permit and a retail nicotine products dealer permit, respectively, to require applicants for these permits to:

- Create and maintain an online account with the DABT;
- Provide an e-mail address to function as the primary means of contact for all communication to the applicant from the DABT; and
- Apply using forms prepared by DABT and filed through DABT's online system before engaging in any business for which a license or permit is required.

[66] Section 569.003, F.S.
[67] Section 569.003(1)(c), F.S.
[68] Section 569.32, F.S.
[69] Section 569.32(2)(a), F.S.

Each applicant is responsible for maintaining accurate contact information. Under the bill, the DABT may not process an application for alcoholic beverage license unless the application is submitted through the DABT's online system.

Effective Date

The bill takes effect July 1, 2024.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

The bill authorizes the Division of Alcoholic Beverages and Tobacco (DABT) to increase the corporate surety bond amount before renewing a license for a distributor or tobacco products other than cigarettes or after completing its semiannual review of the bond amount.

Regarding asbestos removal contractors, the removal of the bond/credit requirement will reduce the cost to license applicants, which the Department of Business and Professional Regulation (DBPR) estimates to be $100 per applicant.[70]

[70] See Department of Business and Professional Regulation, *2024 Agency Legislative Bill Analysis for SB 1544* (Jan. 12, 2024) (on file with the Senate Regulated Industries Committee).

Regarding the Florida Homeowners' Construction Recovery Fund (recovery fund), the bill doubles the maximum amounts payable to claimants for claims that may be made against contractors from the recovery fund.

C. Government Sector Impact:

Regarding the recovery fund, the DBPR states that there is an indeterminate fiscal impact due to the increase of the aggregate cap lifetime per licensee and per-claim cap for each contract. It anticipates an increase in the number of claimants who receive compensation from the recovery fund.[71]

Since recovery fund claims under the recovery fund are required to be based on contracts for eligible work, and must be based on either a final order, judgment, or decree, any fiscal impact from the increase in the caps will likely not occur for at least a year, July 2025, at the earliest.[72]

Modifications to DBPR's licensing system, Versa: Regulation (VR), and online system, Versa: Online (VO), related to creating and maintaining online accounts and changes to licensure processes, are required. The DBPR states these changes can be made using existing resources.[73]

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 210.15, 210.16, 210.40, 310.0015, 310.081, 468.521, 469.006, 471.003, 473.306, 473.308, 476.114, 477.019, 489.131, 489.143, 489.505, 499.012, 561.15, and 561.17.

This bill creates the following sections of the Florida Statutes: 210.32, 399.18, 569.00256, and 569.3156.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Fiscal Policy on February 22, 2024:
The committee substitute (CS):

- Removes from the bill the provision deleting the requirement that, if an applicant for a real estate broker or sale associate license fails to pass the required examination within two years of completing the required education course, the applicant's successful course completion is invalid for licensure.
- Reduces from 15 years to 10 years the disqualification for an alcoholic beverage license based on a conviction for a felony in Florida, any other state, or the United States.
- Removes from the bill the provisions eliminating the Board of Employee Leasing Companies and providing for its functions and duties to be performed by an employee leasing companies licensing program to be administered by the Department of Business and Professional Regulation. Instead, the CS authorizes the Department of Business and Professional Regulation to exercise all the powers and duties of the Board of Employee Leasing Companies if at any time the board lacks a quorum of appointed members under s. 455.207, F.S., which provides that 51 percent or more of the appointed members of the board or any committee, when applicable, shall constitute a quorum.
- Includes the maintenance of nonelectrical advertising signs (in addition to electrical advertising signs) within the scope of practice of a specialty electrical or alarm system contractor.
- Revises the engineer license exemption to apply the exemption to regular full-time employees of a business organization (instead of a corporation) not engaged in the practice of engineering as such, whose practice of engineering for such business organization (instead of such corporation) is limited to the design or fabrication of manufactured products or servicing of such products.

CS by Regulated Industries Committee on February 5, 2024:
The committee substitute removes from the bill:

- The repeal of s. 723.0611, F.S., which established the Florida Mobile Home Relocation Corporation (corporation);
- The revisions to ss. 723.061, 723.06115, 723.06116, and 723.0612, F.S., providing for the Division of Condominiums, Timeshares, and Mobile Homes to administer the duties and functions of the corporation.
- The reenacting of ss. 48.184(1), 723.031, 723.004(5), 723.004(5), 723.032(1), 723.085(2), 723.085(2), 723.08015(1), F.S., to incorporate into those provisions the revisions in the bill related to the repeal of s. 723.0611, F.S.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

The Committee on Fiscal Policy (Hooper) recommended the following:

Senate Amendment (with title amendment)

Delete lines 453 - 642
and insert:

Section 12. Subsections (2) and (3) of section 476.114, Florida Statutes, are amended to read:

476.114 Examination; prerequisites.—

(2) An applicant is ~~shall be~~ eligible for licensure by examination to practice barbering if the applicant:

(a) Is at least 16 years of age;

659996

(b) Pays the required application fee; and

(c) ~~1. Holds an active valid license to practice barbering in another state, has held the license for at least 1 year, and does not qualify for licensure by endorsement as provided for in s. 476.144(5); or~~

~~2.~~ Has received a minimum of 900 hours of training in sanitation, safety, and laws and rules, as established by the board, which must ~~shall~~ include, but is ~~shall~~ not ~~be~~ limited to, the equivalent of completion of services directly related to the practice of barbering at one of the following:

1.~~a.~~ A school of barbering licensed pursuant to chapter 1005;

2.~~b.~~ A barbering program within the public school system; or

3.~~c.~~ A government-operated barbering program in this state.

The board shall establish by rule procedures whereby the school or program may certify that a person is qualified to take the required examination after the completion of a minimum of 600 actual school hours. If the person passes the examination, she or he has ~~shall have~~ satisfied this requirement; but if the person fails the examination, she or he may ~~shall~~ not be qualified to take the examination again until the completion of the full requirements provided by this section.

(3) An applicant who meets the requirements set forth in paragraph (2)(c) ~~subparagraphs (2)(c)1. and 2.~~ who fails to pass the examination may take subsequent examinations as many times as necessary to pass, except that the board may specify by rule reasonable timeframes for rescheduling the examination and

659996

additional training requirements for applicants who, after the third attempt, fail to pass the examination. Prior to reexamination, the applicant must file the appropriate form and pay the reexamination fee as required by rule.

Section 13. Subsection (2) of section 477.019, Florida Statutes, is amended to read:

477.019 Cosmetologists; qualifications; licensure; supervised practice; license renewal; endorsement; continuing education.—

(2) An applicant is ~~shall be~~ eligible for licensure by examination to practice cosmetology if the applicant:

(a) Is at least 16 years of age or has received a high school diploma;

(b) Pays the required application fee, which is not refundable, and the required examination fee, which is refundable if the applicant is determined to not be eligible for licensure for any reason other than failure to successfully complete the licensure examination; and

(c)~~1. Is authorized to practice cosmetology in another state or country, has been so authorized for at least 1 year, and does not qualify for licensure by endorsement as provided for in subsection (5); or~~

~~2.~~ Has received a minimum of 1,200 hours of training as established by the board, which must ~~shall~~ include, but is ~~shall~~ not ~~be~~ limited to, the equivalent of completion of services directly related to the practice of cosmetology at one of the following:

1.~~a.~~ A school of cosmetology licensed pursuant to chapter 1005.

659996

2.~~b.~~ A cosmetology program within the public school system.

3.~~c.~~ The Cosmetology Division of the Florida School for the Deaf and the Blind, provided the division meets the standards of this chapter.

4.~~d.~~ A government-operated cosmetology program in this state.

The board shall establish by rule procedures whereby the school or program may certify that a person is qualified to take the required examination after the completion of a minimum of 1,000 actual school hours. If the person then passes the examination, he or she has ~~shall have~~ satisfied this requirement; but if the person fails the examination, he or she may ~~shall~~ not be qualified to take the examination again until the completion of the full requirements provided by this section.

Section 14. Paragraph (c) of subsection (7) of section 489.131, Florida Statutes, is amended to read:

489.131 Applicability.—

(7)

(c) In addition to any action the local jurisdiction enforcement body may take against the individual’s local license, and any fine the local jurisdiction may impose, the local jurisdiction enforcement body shall issue a recommended penalty for board action. This recommended penalty may include a recommendation for no further action, or a recommendation for suspension, restitution, revocation, or restriction of the registration, or a fine to be levied by the board, or a combination thereof. The recommended penalty must specify the violations of this chapter upon which the recommendation is

659996

based. The local jurisdiction enforcement body shall inform the disciplined contractor and the complainant of the local license penalty imposed, the board penalty recommended, his or her rights to appeal, and the consequences should he or she decide not to appeal. The local jurisdiction enforcement body shall, upon having reached adjudication or having accepted a plea of nolo contendere, immediately inform the board of its action and the recommended board penalty.

Section 15. Subsections (3) and (6) of section 489.143, Florida Statutes, are amended to read:

489.143 Payment from the fund.—

(3) Beginning January 1, 2005, for each Division I contract entered into after July 1, 2004, payment from the recovery fund is subject to a $50,000 maximum payment for each Division I claim. Beginning January 1, 2017, for each Division II contract entered into on or after July 1, 2016, payment from the recovery fund is subject to a $15,000 maximum payment for each Division II claim. Beginning January 1, 2025, for Division I and Division II contracts entered into on or after July 1, 2024, payment from the recovery fund is subject to a $100,000 maximum payment for each Division I claim and a $30,000 maximum payment for each Division II claim.

(6) For contracts entered into before July 1, 2004, payments for claims against any one licensee may not exceed, in the aggregate, $100,000 annually, up to a total aggregate of $250,000. For any claim approved by the board which is in excess of the annual cap, the amount in excess of $100,000 up to the total aggregate cap of $250,000 is eligible for payment in the next and succeeding fiscal years, but only after all claims for

659996

the then-current calendar year have been paid. Payments may not exceed the aggregate annual or per claimant limits under law. Beginning January 1, 2005, for each Division I contract entered into after July 1, 2004, payment from the recovery fund is subject only to a total aggregate cap of $500,000 for each Division I licensee. Beginning January 1, 2017, for each Division II contract entered into on or after July 1, 2016, payment from the recovery fund is subject only to a total aggregate cap of $150,000 for each Division II licensee. Beginning January 1, 2025, for Division I and Division II contracts entered into on or after July 1, 2024, payment from the recovery fund is subject only to a total aggregate cap of $2 million for each Division I licensee and $600,000 for each Division II licensee.

Section 16. Paragraph (b) of subsection (15) of section 499.012, Florida Statutes, is amended to read:

499.012 Permit application requirements.—

(15)

(b) To be certified as a designated representative, a natural person must:

1. Submit an application on a form furnished by the department and pay the appropriate fees.

2. Be at least 18 years of age.

3. Have at least 2 years of verifiable full-time:

a. Work experience in a pharmacy licensed in this state or another state, where the person’s responsibilities included, but were not limited to, recordkeeping for prescription drugs;

b. Managerial experience with a prescription drug wholesale distributor licensed in this state or in another state; ~~or~~

659996

c. Managerial experience with the United States Armed Forces, where the person's responsibilities included, but were not limited to, recordkeeping, warehousing, distributing, or other logistics services pertaining to prescription drugs;

d. Managerial experience with a state or federal organization responsible for regulating or permitting establishments involved in the distribution of prescription drugs, whether in an administrative or a sworn law enforcement capacity; or

e. Work experience as a drug inspector or investigator with a state or federal organization, whether in an administrative or a sworn law enforcement capacity, where the person's responsibilities related primarily to compliance with state or federal requirements pertaining to the distribution of prescription drugs.

4. Receive a passing score of at least 75 percent on an examination given by the department regarding federal laws governing distribution of prescription drugs and this part and the rules adopted by the department governing the wholesale distribution of prescription drugs. This requirement shall be effective 1 year after the results of the initial examination are mailed to the persons that took the examination. The department shall offer such examinations at least four times each calendar year.

5. Provide the department with a personal information statement and fingerprints pursuant to subsection (9).

Section 17. Subsection (2) of section 561.15, Florida Statutes, is amended to read:

561.15 Licenses; qualifications required.—

659996

(2) A ~~No~~ license under the Beverage Law may not ~~shall~~ be issued to any person who has been convicted within the last past 5 years of any offense against the beverage laws of this state, the United States, or any other state; who has been convicted within the last past 5 years in this state or any other state or the United States of soliciting for prostitution, pandering, letting premises for prostitution, or keeping a disorderly place or of any criminal violation of chapter 893 or the controlled substance act of any other state or the Federal Government; or who has been convicted in the last past 10 ~~15~~ years of any felony in this state or any other state or the United States; or to a corporation, any of the officers of which ~~shall~~ have been so convicted. The term "conviction" includes ~~shall include~~ an adjudication of guilt on a plea of guilty or nolo contendere or the forfeiture of a bond when charged with a crime.

580-02901-24 20241544c1

A bill to be entitled

An act relating to the Department of Business and Professional Regulation; amending s. 210.15 and creating s. 210.32, F.S.; requiring persons or entities licensed or permitted by the department's Division of Alcoholic Beverages and Tobacco, or applying for such license or permit, to create and maintain an account with the division's online system and provide an e-mail address to the division; specifying application requirements; prohibiting the division from processing applications not submitted through the online system; amending s. 210.40, F.S.; revising the amount of an initial corporate surety bond required as a condition of licensure as a tobacco product distributor; requiring the division to review corporate surety bond amounts on a specified basis; authorizing the division to increase a bond amount, subject to specified conditions; authorizing the division to adjust bond amounts by rule; authorizing the division to reduce a bond amount upon a showing of good cause; defining terms; requiring the division to notify distributors in writing if their corporate surety bond requirements change; providing applicability; prohibiting the division from reducing a bond amount under specified circumstances; authorizing the division to adopt rules; amending s. 310.0015, F.S.; deleting a provision requiring a competency-based mentor program at ports; deleting a requirement that the department submit an annual

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

580-02901-24 20241544c1

report on the mentor program; amending s. 310.081, F.S.; deleting a requirement that the department consider certain characteristics for applicants for certification as a deputy pilot; making technical changes; creating s. 399.18, F.S.; requiring certain persons or entities certified or registered under the Elevator Safety Act, or applying for such certifications or registrations, to create and maintain an online account with the department's Division of Hotels and Restaurants and provide an e-mail address to the division; requiring such persons and entities to maintain the accuracy of their contact information; requiring the division to adopt rules; creating s. 468.519, F.S.; creating the employee leasing companies licensing program under the department; providing legislative intent; repealing s. 468.521, F.S., relating to the department's Board of Employee Leasing Companies; amending s. 469.006, F.S.; revising requirements for department rules governing evidence of financial responsibility of applicants seeking licensure as a business organization under ch. 469, F.S.; amending s. 473.306, F.S.; requiring applicants for the accountancy licensure examination to create and maintain an online account with the department and provide an e-mail address; requiring applicants to maintain the accuracy of their contact information; requiring that address changes be submitted through the department's online system within a specified timeframe; conforming cross-

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

references; amending s. 473.308, F.S.; requiring a person seeking licensure as a Florida certified public accountant, or a firm seeking to engage in public accountancy, to create and maintain an online account with the department and provide an e-mail address; requiring certified public accountants and accounting firms to maintain the accuracy of their contact information; requiring that address changes be submitted through the department's online system within a specified timeframe; amending s. 475.181, F.S.; revising conditions regarding issuance of a licensure under part I of ch. 475, F.S.; amending s. 476.114, F.S.; revising eligibility requirements for licensure as a barber; making technical changes; amending s. 477.019, F.S.; revising eligibility requirements for licensure by examination to practice cosmetology; amending s. 489.131, F.S.; revising the types of penalties that may be recommended by a local jurisdiction enforcement body against a contractor; specifying requirements for any such recommended penalties; amending s. 489.143, F.S.; revising payment limitations for payments made from the department's Florida Homeowners' Construction Recovery Fund; amending s. 499.012, F.S.; revising requirements for certification as a designated representative of a prescription drug wholesale distributor; amending s. 561.17, F.S.; requiring persons or entities licensed or permitted by the Division of Alcoholic Beverages and Tobacco, or applying for such license or permit,

to create and maintain an account with the division's online system; specifying application requirements; prohibiting the division from processing applications not submitted through the online system; creating ss. 569.00256 and 569.3156, F.S.; requiring certain persons or entities licensed or permitted by the division, or applying for such a license or permit, to create and maintain an account with the division's online system; requiring licensees, permittees, and applicants to provide the division with an e-mail address and maintain accurate contact information; specifying application requirements; prohibiting the division from processing applications not submitted through the online system; amending ss. 20.165, 210.16, 212.08, 440.02, 448.26, 468.520, 468.522, 468.524, 468.5245, 468.525, 468.526, 468.527, 468.5275, 468.529, 468.530, 468.531, 468.532, 476.144, and 627.192, F.S.; conforming cross-references and provisions to changes made by the act; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Present paragraphs (a) through (h) of subsection (1) of section 210.15, Florida Statutes, are redesignated as paragraphs (b) through (i), respectively, and a new paragraph (a) is added to that subsection, to read:

210.15 Permits.—

(1)

(a) A person or an entity licensed or permitted by the division, or applying for a license or a permit, must create and maintain an account with the division's online system and provide an e-mail address to the division to function as the primary means of contact for all communication by the division to the licensee, permittee, or applicant. Licensees, permittees, and applicants are responsible for maintaining accurate contact information on file with the division. A person or an entity seeking a license or permit under this part must apply using forms furnished by the division which are filed through the division's online system before commencing operations. The division may not process an application for a license or permit issued by the division under this part unless the application is submitted through the division's online system.

Section 2. Section 210.32, Florida Statutes, is created to read:

210.32 Account; online system.—A person or an entity licensed or permitted by the division, or applying for a license or a permit, must create and maintain an account with the division's online system and provide an e-mail address to the division to function as the primary means of contact for all communication by the division to the licensee, permittee, or applicant. Licensees, permittees, and applicants are responsible for maintaining accurate contact information on file with the division. A person or an entity seeking a license or a permit under this part must apply using forms furnished by the division which are filed through the division's online system before commencing operations. The division may not process an application for a license or permit issued by the division under

this part unless the application is submitted through the division's online system.

Section 3. Section 210.40, Florida Statutes, is amended to read:

210.40 License fees; surety bond; application for each place of business.—

(1) Each application for a distributor's license must ~~shall~~ be accompanied by a fee of $25. The application must ~~shall~~ also be accompanied by a corporate surety bond issued by a surety company authorized to do business in this state, conditioned for the payment when due of all taxes, penalties, and accrued interest which may be due the state. The initial corporate surety bond shall be in the sum of $25,000 ~~$1,000~~ and in a form prescribed by the division.

(a) The division shall review the amount of a corporate surety bond on a semiannual basis to ensure that the bond amount is adequate to protect the state.

(b) The division may increase the corporate surety bond amount before renewing a distributor's license or after completing its semiannual review of the bond amount.

(c) The corporate surety bond amount may be increased to the sum of the distributor's highest month of final audited tax liabilities, penalties, and accrued interest which are due to the state.

(2) A corporate surety bond, with the sum determined by the division in accordance with paragraph (1)(c), is required for renewal of a distributor's license.

(3) The division may prescribe by rule increases in the corporate surety bond amounts required as a condition of

licensure.

(4)(a) The division may reduce the amount of a corporate surety bond upon a distributor's showing of good cause. For purposes of this subsection, the term:

1. "Fully resolved" means that criminal or administrative charges or investigations have been definitively closed or dismissed, have resulted in an acquittal, or have otherwise ended in such a manner that no further legal or administrative actions relating to charges or investigations are pending against a licensee under applicable laws, rules, or regulations.

2. "Good cause" means a consistent pattern of responsible financial behavior by the distributor over a period of at least the preceding 4 years, and having the sum of the distributor's final audited tax liabilities, penalties, and interest be less than the amount of the distributor's corporate surety bond for every month for a period of at least the preceding 4 years.

3. "Responsible financial behavior" includes the timely and complete reporting and payment of all tax liabilities, penalties, and accrued interest due to the state for a period of at least the preceding 4 years.

(b) The division may not reduce a corporate surety bond amount when a licensee:

1. Is in default of any tax liabilities, penalties, or interest due to the state;

2. Is the subject of a pending criminal prosecution in any jurisdiction until such prosecution has been fully resolved;

3. Has pending administrative charges brought by an authorized regulatory body or agency which have not been fully resolved in accordance with applicable rules and procedures; or

4. Is under investigation by any administrative body or agency for potential criminal violations until any such investigation is completed and the findings of the investigation have been fully resolved in accordance with applicable law.

(5) The division shall notify a distributor in writing of any change in the distributor's corporate surety bond requirements by the date on which the distributor's audited tax assessments become final.

(6) The provisions of this section governing corporate surety bonds are not subject to s. 120.60 ~~Whenever it is the opinion of the division that the bond given by a licensee is inadequate in amount to fully protect the state, the division shall require an additional bond in such amount as is deemed sufficient~~.

(7) A separate application for a license must ~~shall~~ be made for each place of business at which a distributor proposes to engage in business as a distributor under this part, but an applicant may provide one corporate surety bond in an amount determined by the division for all applications made by the distributor consistent with the requirements of this section.

(8) The division may adopt rules to administer this section.

Section 4. Paragraph (d) of subsection (3) of section 310.0015, Florida Statutes, is amended to read:

310.0015 Piloting regulation; general provisions.—

(3) The rate-setting process, the issuance of licenses only in numbers deemed necessary or prudent by the board, and other aspects of the economic regulation of piloting established in this chapter are intended to protect the public from the adverse

effects of unrestricted competition which would result from an unlimited number of licensed pilots being allowed to market their services on the basis of lower prices rather than safety concerns. This system of regulation benefits and protects the public interest by maximizing safety, avoiding uneconomic duplication of capital expenses and facilities, and enhancing state regulatory oversight. The system seeks to provide pilots with reasonable revenues, taking into consideration the normal uncertainties of vessel traffic and port usage, sufficient to maintain reliable, stable piloting operations. Pilots have certain restrictions and obligations under this system, including, but not limited to, the following:

(d)~~1.~~ The pilot or pilots in a port shall train and compensate all member deputy pilots in that port. Failure to train or compensate such deputy pilots constitutes ~~shall constitute~~ a ground for disciplinary action under s. 310.101. Nothing in this subsection may ~~shall~~ be deemed to create an agency or employment relationship between a pilot or deputy pilot and the pilot or pilots in a port.

~~2. The pilot or pilots in a port shall establish a competency-based mentor program by which minority persons as defined in s. 288.703 may acquire the skills for the professional preparation and education competency requirements of a licensed state pilot or certificated deputy pilot. The department shall provide the Governor, the President of the Senate, and the Speaker of the House of Representatives with a report each year on the number of minority persons as defined in s. 288.703 who have participated in each mentor program, who are licensed state pilots or certificated deputy pilots, and who~~

~~have applied for state pilot licensure or deputy pilot certification.~~

Section 5. Subsection (2) of section 310.081, Florida Statutes, is amended to read:

310.081 Department to examine and license state pilots and certificate deputy pilots; vacancies.—

(2) The department shall similarly examine persons who file applications for certificate as deputy pilot, and, if upon examination to determine proficiency the department finds them qualified, the department must ~~shall~~ certify as qualified all applicants who pass the examination, provided that not more than five persons who passed the examination are certified for each declared opening. If more than five applicants per opening pass the examination, the persons having the highest scores must ~~shall~~ be certified as qualified up to the number of openings times five. ~~The department shall give consideration to the minority and female status of applicants when qualifying deputy pilots, in the interest of ensuring diversification within the state piloting profession.~~ The department shall appoint and certificate such number of deputy pilots from those applicants deemed qualified as in the discretion of the board are required in the respective ports of the state. A deputy pilot shall be authorized by the department to pilot vessels within the limits and specifications established by the licensed state pilots at the port where the deputy is appointed to serve.

Section 6. Section 399.18, Florida Statutes, is created to read:

399.18 Online services account.—

(1) A certified elevator inspector, certified elevator

technician, or registered elevator company; a person or entity seeking to become certified or registered as such; a person who has been issued an elevator certificate of competency; a person who is seeking such certificate; a person or entity who has been issued an elevator certificate of operation; and a person or entity who is seeking such a certificate must create and maintain an online account with the division and provide an e-mail address to the division to function as the primary means of contact for all communication from the division. Each person or entity is responsible for maintaining accurate contact information on file with the division.

(2) The division shall adopt rules to implement this section.

Section 7. Section 468.519, Florida Statutes, is created, and incorporated into part XI of chapter 468, Florida Statutes, to read:

468.519 Employee leasing companies licensing program; purpose.—

(1) There is created within the department the employee leasing companies licensing program.

(2) The Legislature finds it necessary in the interest of the public safety and welfare to ensure that consumers of employee leasing companies can rely on the competence and integrity of such companies through the licensing requirements of this part.

Section 8. Section 468.521, Florida Statutes, is repealed.

Section 9. Paragraph (c) of subsection (2) of section 469.006, Florida Statutes, is amended to read:

469.006 Licensure of business organizations; qualifying

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

agents.—

(2)

(c) As a prerequisite to the issuance of a license under this section, the applicant shall submit the following:

1. An affidavit on a form provided by the department attesting that the applicant has obtained workers' compensation insurance as required by chapter 440, public liability insurance, and property damage insurance, in amounts determined by department rule. The department shall establish by rule a procedure to verify the accuracy of such affidavits based upon a random sample method.

2. Evidence of financial responsibility. The department shall adopt rules to determine financial responsibility which must ~~shall~~ specify grounds on which the department may deny licensure. Such criteria must ~~shall~~ include, but is not ~~be~~ limited to, credit history ~~and limits of bondability and credit~~.

Section 10. Section 473.306, Florida Statutes, is amended to read:

473.306 Examinations.—

(1) A person desiring to be licensed as a Florida certified public accountant shall apply to the department to take the licensure examination.

(2) A person applying to the department to take the licensure examination must create and maintain an online account with the department and provide an e-mail address to function as the primary means of contact for all communication to the applicant from the department. Each applicant is responsible for maintaining accurate contact information on file with the department and must submit any change in the applicant's e-mail

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

address or home address within 30 days after the change. All changes must be submitted through the department's online system.

(3) An applicant is entitled to take the licensure examination to practice in this state as a certified public accountant if:

(a) The applicant has completed 120 semester hours or 180 quarter hours from an accredited college or university with a concentration in accounting and business courses as specified by the board by rule; and

(b) The applicant shows that she or he has good moral character. For purposes of this paragraph, the term "good moral character" has the same meaning as provided in s. 473.308(7)(a) ~~s. 473.308(6)(a)~~. The board may refuse to allow an applicant to take the licensure examination for failure to satisfy this requirement if:

1. The board finds a reasonable relationship between the lack of good moral character of the applicant and the professional responsibilities of a certified public accountant; and

2. The finding by the board of lack of good moral character is supported by competent substantial evidence.

If an applicant is found pursuant to this paragraph to be unqualified to take the licensure examination because of a lack of good moral character, the board shall furnish to the applicant a statement containing the findings of the board, a complete record of the evidence upon which the determination was based, and a notice of the rights of the applicant to a

rehearing and appeal.

(4)~~(3)~~ The board shall have the authority to establish the standards for determining and shall determine:

(a) What constitutes a passing grade for each subject or part of the licensure examination;

(b) Which educational institutions, in addition to the universities in the State University System of Florida, shall be deemed to be accredited colleges or universities;

(c) What courses and number of hours constitute a major in accounting; and

(d) What courses and number of hours constitute additional accounting courses acceptable under s. 473.308(4) ~~s. 473.308(3)~~.

(5)~~(4)~~ The board may adopt an alternative licensure examination for persons who have been licensed to practice public accountancy or its equivalent in a foreign country so long as the International Qualifications Appraisal Board of the National Association of State Boards of Accountancy has ratified an agreement with that country for reciprocal licensure.

(6)~~(5)~~ For the purposes of maintaining the proper educational qualifications for licensure under this chapter, the board may appoint an Educational Advisory Committee, which shall be composed of one member of the board, two persons in public practice who are licensed under this chapter, and four academicians on faculties of universities in this state.

Section 11. Present subsections (3) through (9) of section 473.308, Florida Statutes, are redesignated as subsections (4) through (10), respectively, a new subsection (3) is added to that section, and subsection (2), paragraph (b) of present subsection (4), and present subsection (8) of that section are

amended, to read:

473.308 Licensure.—

(2) The board shall certify for licensure any applicant who successfully passes the licensure examination and satisfies the requirements of subsections (4), (5), and (6) ~~(3), (4), and (5)~~, and shall certify for licensure any firm that satisfies the requirements of ss. 473.309 and 473.3101. The board may refuse to certify any applicant or firm that has violated any of the provisions of s. 473.322.

(3) A person desiring to be licensed as a Florida certified public accountant or a firm desiring to engage in the practice of public accounting must create and maintain an online account with the department and provide an e-mail address to function as the primary means of contact for all communication from the department. Certified public accountants and firms are responsible for maintaining accurate contact information on file with the department and must submit any change in an e-mail address or street address within 30 days after the change. All changes must be submitted through the department's online system.

(5) ~~(4)~~

(b) However, an applicant who completed the requirements of subsection (4) ~~(3)~~ on or before December 31, 2008, and who passes the licensure examination on or before June 30, 2010, is exempt from the requirements of this subsection.

(9) ~~(8)~~ If the applicant has at least 5 years of experience in the practice of public accountancy in the United States or in the practice of public accountancy or its equivalent in a foreign country that the International Qualifications Appraisal

Board of the National Association of State Boards of Accountancy has determined has licensure standards that are substantially equivalent to those in the United States, or has at least 5 years of work experience that meets the requirements of subsection (5) ~~(4)~~, the board must ~~shall~~ waive the requirements of subsection (4) ~~(3)~~ which are in excess of a baccalaureate degree. All experience that is used as a basis for waiving the requirements of subsection (4) ~~(3)~~ must be while licensed as a certified public accountant by another state or territory of the United States or while licensed in the practice of public accountancy or its equivalent in a foreign country that the International Qualifications Appraisal Board of the National Association of State Boards of Accountancy has determined has licensure standards that are substantially equivalent to those in the United States. The board shall have the authority to establish the standards for experience that meet this requirement.

Section 12. Subsection (2) of section 475.181, Florida Statutes, is amended to read:

475.181 Licensure.—

(2) The commission shall certify for licensure any applicant who satisfies the requirements of ss. 475.17, 475.175, and 475.180. The commission may refuse to certify any applicant who has violated any of the provisions of s. 475.42 or who is subject to discipline under s. 475.25. The application shall expire 2 years after the date received if the applicant does not pass the appropriate examination. ~~Additionally, if an applicant does not pass the licensing examination within 2 years after the successful course completion date, the applicant's successful~~

~~course completion is invalid for licensure.~~

Section 13. Subsections (2) and (3) of section 476.114, Florida Statutes, are amended to read:

476.114 Examination; prerequisites.—

(2) An applicant is ~~shall be~~ eligible for licensure by examination to practice barbering if the applicant:

(a) Is at least 16 years of age;

(b) Pays the required application fee; and

(c)~~1. Holds an active valid license to practice barbering in another state, has held the license for at least 1 year, and does not qualify for licensure by endorsement as provided for in s. 476.144(5); or~~

~~2.~~ Has received a minimum of 900 hours of training in sanitation, safety, and laws and rules, as established by the board, which must ~~shall~~ include, but is ~~shall~~ not ~~be~~ limited to, the equivalent of completion of services directly related to the practice of barbering at one of the following:

1.~~a.~~ A school of barbering licensed pursuant to chapter 1005;

2.~~b.~~ A barbering program within the public school system; or

3.~~c.~~ A government-operated barbering program in this state.

The board shall establish by rule procedures whereby the school or program may certify that a person is qualified to take the required examination after the completion of a minimum of 600 actual school hours. If the person passes the examination, she or he has ~~shall have~~ satisfied this requirement; but if the person fails the examination, she or he may ~~shall~~ not be

qualified to take the examination again until the completion of the full requirements provided by this section.

(3) An applicant who meets the requirements set forth in paragraph (2)(c) ~~subparagraphs (2)(c)1. and 2.~~ who fails to pass the examination may take subsequent examinations as many times as necessary to pass, except that the board may specify by rule reasonable timeframes for rescheduling the examination and additional training requirements for applicants who, after the third attempt, fail to pass the examination. Prior to reexamination, the applicant must file the appropriate form and pay the reexamination fee as required by rule.

Section 14. Subsection (2) of section 477.019, Florida Statutes, is amended to read:

477.019 Cosmetologists; qualifications; licensure; supervised practice; license renewal; endorsement; continuing education.—

(2) An applicant is ~~shall be~~ eligible for licensure by examination to practice cosmetology if the applicant:

(a) Is at least 16 years of age or has received a high school diploma;

(b) Pays the required application fee, which is not refundable, and the required examination fee, which is refundable if the applicant is determined to not be eligible for licensure for any reason other than failure to successfully complete the licensure examination; and

(c)~~1. Is authorized to practice cosmetology in another state or country, has been so authorized for at least 1 year, and does not qualify for licensure by endorsement as provided for in subsection (5); or~~

~~2.~~ Has received a minimum of 1,200 hours of training as established by the board, which must ~~shall~~ include, but is ~~shall~~ not ~~be~~ limited to, the equivalent of completion of services directly related to the practice of cosmetology at one of the following:

1.~~a.~~ A school of cosmetology licensed pursuant to chapter 1005.

2.~~b.~~ A cosmetology program within the public school system.

3.~~c.~~ The Cosmetology Division of the Florida School for the Deaf and the Blind, provided the division meets the standards of this chapter.

4.~~d.~~ A government-operated cosmetology program in this state.

The board shall establish by rule procedures whereby the school or program may certify that a person is qualified to take the required examination after the completion of a minimum of 1,000 actual school hours. If the person then passes the examination, he or she has ~~shall have~~ satisfied this requirement; but if the person fails the examination, he or she may ~~shall~~ not be qualified to take the examination again until the completion of the full requirements provided by this section.

Section 15. Paragraph (c) of subsection (7) of section 489.131, Florida Statutes, is amended to read:

489.131 Applicability.—

(7)

(c) In addition to any action the local jurisdiction enforcement body may take against the individual's local license, and any fine the local jurisdiction may impose, the

local jurisdiction enforcement body shall issue a recommended penalty for board action. This recommended penalty may include a recommendation for no further action, or a recommendation for suspension, restitution, revocation, or restriction of the registration, or a fine to be levied by the board, or a combination thereof. The recommended penalty must specify the violations of this chapter upon which the recommendation is based. The local jurisdiction enforcement body shall inform the disciplined contractor and the complainant of the local license penalty imposed, the board penalty recommended, his or her rights to appeal, and the consequences should he or she decide not to appeal. The local jurisdiction enforcement body shall, upon having reached adjudication or having accepted a plea of nolo contendere, immediately inform the board of its action and the recommended board penalty.

Section 16. Subsections (3) and (6) of section 489.143, Florida Statutes, are amended to read:

489.143 Payment from the fund.—

(3) Beginning January 1, 2005, for each Division I contract entered into after July 1, 2004, payment from the recovery fund is subject to a $50,000 maximum payment for each Division I claim. Beginning January 1, 2017, for each Division II contract entered into on or after July 1, 2016, payment from the recovery fund is subject to a $15,000 maximum payment for each Division II claim. Beginning January 1, 2025, for Division I and Division II contracts entered into on or after July 1, 2024, payment from the recovery fund is subject to a $100,000 maximum payment for each Division I claim and a $30,000 maximum payment for each Division II claim.

(6) For contracts entered into before July 1, 2004, payments for claims against any one licensee may not exceed, in the aggregate, $100,000 annually, up to a total aggregate of $250,000. For any claim approved by the board which is in excess of the annual cap, the amount in excess of $100,000 up to the total aggregate cap of $250,000 is eligible for payment in the next and succeeding fiscal years, but only after all claims for the then-current calendar year have been paid. Payments may not exceed the aggregate annual or per claimant limits under law. Beginning January 1, 2005, for each Division I contract entered into after July 1, 2004, payment from the recovery fund is subject only to a total aggregate cap of $500,000 for each Division I licensee. Beginning January 1, 2017, for each Division II contract entered into on or after July 1, 2016, payment from the recovery fund is subject only to a total aggregate cap of $150,000 for each Division II licensee. Beginning January 1, 2025, for Division I and Division II contracts entered into on or after July 1, 2024, payment from the recovery fund is subject only to a total aggregate cap of $2 million for each Division I licensee and $600,000 for each Division II licensee.

Section 17. Paragraph (b) of subsection (15) of section 499.012, Florida Statutes, is amended to read:

499.012 Permit application requirements.—

(15)

(b) To be certified as a designated representative, a natural person must:

1. Submit an application on a form furnished by the department and pay the appropriate fees.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

2. Be at least 18 years of age.

3. Have at least 2 years of verifiable full-time:

a. Work experience in a pharmacy licensed in this state or another state, where the person's responsibilities included, but were not limited to, recordkeeping for prescription drugs;

b. Managerial experience with a prescription drug wholesale distributor licensed in this state or in another state; ~~or~~

c. Managerial experience with the United States Armed Forces, where the person's responsibilities included, but were not limited to, recordkeeping, warehousing, distributing, or other logistics services pertaining to prescription drugs;

d. Managerial experience with a state or federal organization responsible for regulating or permitting establishments involved in the distribution of prescription drugs, whether in an administrative or a sworn law enforcement capacity; or

e. Work experience as a drug inspector or investigator with a state or federal organization, whether in an administrative or a sworn law enforcement capacity, where the person's responsibilities related primarily to compliance with state or federal requirements pertaining to the distribution of prescription drugs.

4. Receive a passing score of at least 75 percent on an examination given by the department regarding federal laws governing distribution of prescription drugs and this part and the rules adopted by the department governing the wholesale distribution of prescription drugs. This requirement shall be effective 1 year after the results of the initial examination are mailed to the persons that took the examination. The

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

department shall offer such examinations at least four times each calendar year.

5. Provide the department with a personal information statement and fingerprints pursuant to subsection (9).

Section 18. Subsection (5) of section 561.17, Florida Statutes, is amended to read:

561.17 License and registration applications; approved person.—

(5) Any person or entity licensed or permitted by the division, or applying for a license or permit, must create and maintain an account with the division's online system and provide an e-mail ~~electronic mail~~ address to the division to function as the primary means of contact for all communication by the division to the licensee, ~~or~~ permittee, or applicant. Licensees, ~~and~~ permittees, and applicants are responsible for maintaining accurate contact information on file with the division. A person or an entity seeking a license or permit from the division must apply using forms prepared by the division and filed through the division's online system before engaging in any business for which a license or permit is required. The division may not process an application for an alcoholic beverage license unless the application is submitted through the division's online system.

Section 19. Section 569.00256, Florida Statutes, is created to read:

569.00256 Account; online system.—A person or an entity licensed or permitted by the division under this part, or applying for a license or a permit, must create and maintain an account with the division's online system and provide an e-mail

address to the division to function as the primary means of contact for all communication by the division to the licensee, permittee, or applicant. Licensees, permittees, and applicants are responsible for maintaining accurate contact information with the division. A person or an entity seeking a license or permit from the division must apply using forms prepared by the division and filed through the division's online system before engaging in any business for which a license or permit is required. The division may not process an application to deal, at retail, in tobacco products unless the application is submitted through the division's online system.

Section 20. Section 569.3156, Florida Statutes, is created to read:

569.3156 Account; online system.—A person or an entity licensed or permitted by the division under this part, or applying for a license or a permit, must create and maintain an account with the division's online system and provide an e-mail address to the division to function as the primary means of contact for all communication by the division to the licensee, permittee, or applicant. Licensees, permittees, and applicants are responsible for maintaining accurate contact information with the division. A person or an entity seeking a license or permit from the division must apply using forms prepared by the division and filed through the division's online system before engaging in any business for which a license or permit is required. The division may not process an application to deal, at retail, in nicotine products unless the application is submitted through the division's online system.

Section 21. Paragraph (a) of subsection (4) of section

20.165, Florida Statutes, is amended to read:

20.165 Department of Business and Professional Regulation.—There is created a Department of Business and Professional Regulation.

(4)(a) The following boards and programs are established within the Division of Professions:

1. Board of Architecture and Interior Design, created under part I of chapter 481.

2. Florida Board of Auctioneers, created under part VI of chapter 468.

3. Barbers' Board, created under chapter 476.

4. Florida Building Code Administrators and Inspectors Board, created under part XII of chapter 468.

5. Construction Industry Licensing Board, created under part I of chapter 489.

6. Board of Cosmetology, created under chapter 477.

7. Electrical Contractors' Licensing Board, created under part II of chapter 489.

8. Employee leasing companies licensing program ~~Board of Employee Leasing Companies~~, created under part XI of chapter 468.

9. Board of Landscape Architecture, created under part II of chapter 481.

10. Board of Pilot Commissioners, created under chapter 310.

11. Board of Professional Engineers, created under chapter 471.

12. Board of Professional Geologists, created under chapter 492.

13. Board of Veterinary Medicine, created under chapter 474.

14. Home inspection services licensing program, created under part XV of chapter 468.

15. Mold-related services licensing program, created under part XVI of chapter 468.

Section 22. Subsection (2) of section 210.16, Florida Statutes, is amended to read:

210.16 Revocation or suspension of permit.—

(2) The division shall revoke the permit or permits of any person who would be ineligible to obtain a new license or renew a license by reason of any of the conditions for permitting provided in s. 210.15(1)(d)1.-6. ~~s. 210.15(1)(c)1.-6.~~

Section 23. Paragraph (uuu) of subsection (7) of section 212.08, Florida Statutes, is amended to read:

212.08 Sales, rental, use, consumption, distribution, and storage tax; specified exemptions.—The sale at retail, the rental, the use, the consumption, the distribution, and the storage to be used or consumed in this state of the following are hereby specifically exempt from the tax imposed by this chapter.

(7) MISCELLANEOUS EXEMPTIONS.—Exemptions provided to any entity by this chapter do not inure to any transaction that is otherwise taxable under this chapter when payment is made by a representative or employee of the entity by any means, including, but not limited to, cash, check, or credit card, even when that representative or employee is subsequently reimbursed by the entity. In addition, exemptions provided to any entity by this subsection do not inure to any transaction that is

otherwise taxable under this chapter unless the entity has obtained a sales tax exemption certificate from the department or the entity obtains or provides other documentation as required by the department. Eligible purchases or leases made with such a certificate must be in strict compliance with this subsection and departmental rules, and any person who makes an exempt purchase with a certificate that is not in strict compliance with this subsection and the rules is liable for and shall pay the tax. The department may adopt rules to administer this subsection.

(uuu) *Small private investigative agencies.*—

1. As used in this paragraph, the term:

a. "Private investigation services" has the same meaning as "private investigation," as defined in s. 493.6101(17).

b. "Small private investigative agency" means a private investigator licensed under s. 493.6201 which:

(I) Employs three or fewer full-time or part-time employees, including those performing services pursuant to an employee leasing arrangement as defined in s. 468.520(3) ~~s. 468.520(4)~~, in total; and

(II) During the previous calendar year, performed private investigation services otherwise taxable under this chapter in which the charges for the services performed were less than $150,000 for all its businesses related through common ownership.

2. The sale of private investigation services by a small private investigative agency to a client is exempt from the tax imposed by this chapter.

3. The exemption provided by this paragraph may not apply

in the first calendar year a small private investigative agency conducts sales of private investigation services taxable under this chapter.

Section 24. Paragraph (a) of subsection (19) of section 440.02, Florida Statutes, is amended to read:

440.02 Definitions.—When used in this chapter, unless the context clearly requires otherwise, the following terms shall have the following meanings:

(19)(a) "Employer" means the state and all political subdivisions thereof, all public and quasi-public corporations therein, every person carrying on any employment, and the legal representative of a deceased person or the receiver or trustees of any person. The term also includes employee leasing companies, as defined in s. 468.520(4) ~~s. 468.520(5)~~, and employment agencies that provide their own employees to other persons. If the employer is a corporation, parties in actual control of the corporation, including, but not limited to, the president, officers who exercise broad corporate powers, directors, and all shareholders who directly or indirectly own a controlling interest in the corporation, are considered the employer for the purposes of ss. 440.105, 440.106, and 440.107.

Section 25. Section 448.26, Florida Statutes, is amended to read:

448.26 Application.—Nothing in this part shall exempt any client of any labor pool or temporary help arrangement entity as defined in s. 468.520(3)(a) ~~s. 468.520(4)(a)~~ or any assigned employee from any other license requirements of state, local, or federal law. Any employee assigned to a client who is licensed, registered, or certified pursuant to law shall be deemed an

employee of the client for such licensure purposes but shall remain an employee of the labor pool or temporary help arrangement entity for purposes of chapters 440 and 443.

Section 26. Subsection (2) of section 468.520, Florida Statutes, is amended to read:

468.520 Definitions.—As used in this part:

~~(2) "Board" means the Board of Employee Leasing Companies.~~

Section 27. Section 468.522, Florida Statutes, is amended to read:

468.522 Rules ~~of the board~~.—The department may ~~board has authority to~~ adopt rules pursuant to ss. 120.536(1) and 120.54 to implement ~~the provisions of~~ this part. Every licensee shall be governed and controlled by this part and the rules adopted by the department ~~board~~.

Section 28. Subsections (2) and (4) of section 468.524, Florida Statutes, are amended to read:

468.524 Application for license.—

(2) The department ~~board~~ may require information and certifications necessary to determine that the applicant is of good moral character and meets other licensure requirements of this part.

(4) An applicant or licensee is ineligible to reapply for a license for a period of 1 year following final agency action on the denial or revocation of a license applied for or issued under this part. This time restriction does not apply to administrative denials or revocations entered because:

(a) The applicant or licensee has made an inadvertent error or omission on the application;

(b) The experience documented to the department ~~board~~ was

insufficient at the time of the previous application;

(c) The department is unable to complete the criminal background investigation because of insufficient information from the Florida Department of Law Enforcement, the Federal Bureau of Investigation, or any other applicable law enforcement agency;

(d) The applicant or licensee has failed to submit required fees; or

(e) An applicant or licensed employee leasing company has been deemed ineligible for a license because of the lack of good moral character of an individual or individuals when such individual or individuals are no longer employed in a capacity that would require their licensing under this part.

Section 29. Section 468.5245, Florida Statutes, is amended to read:

468.5245 Change of ownership.—

(1) A license or registration issued to any entity under this part may not be transferred or assigned. The department ~~board~~ shall adopt rules to provide for a licensee's or registrant's change of name or location.

(2) A person or entity that seeks to purchase or acquire control of an employee leasing company or group licensed or registered under this part must first apply to the department ~~board~~ for a certificate of approval for the proposed change of ownership. However, prior approval is not required if, at the time the purchase or acquisition occurs, a controlling person of the employee leasing company or group maintains a controlling person license under this part. Notification must be provided to the department ~~board~~ within 30 days after the purchase or

acquisition of such company in the manner prescribed by the department ~~board~~.

(3) Any application that is submitted to the department ~~board~~ under this section is ~~shall be~~ deemed approved if the department ~~board~~ has not approved the application or rejected the application, and provided the applicant with the basis for a rejection, within 90 days after the receipt of the completed application.

(4) The department ~~board~~ shall establish filing fees for a change-of-ownership application in accordance with s. 468.524(1).

Section 30. Subsections (2) and (3) of section 468.525, Florida Statutes, are amended to read:

468.525 License requirements.—

(2)(a) As used in this part, "good moral character" means a personal history of honesty, trustworthiness, fairness, a good reputation for fair dealings, and respect for the rights of others and for the laws of this state and nation. A thorough background investigation of the individual's good moral character shall be instituted by the department. Such investigation shall require:

1. The submission of fingerprints, for processing through appropriate law enforcement agencies, by the applicant and the examination of police records by the department ~~board~~.

2. Such other investigation of the individual as the department ~~board~~ may deem necessary.

(b) The department ~~board~~ may deny an application for licensure or renewal citing lack of good moral character. Conviction of a crime within the last 7 years does ~~shall~~ not

automatically bar any applicant or licensee from obtaining a license or continuing as a licensee. The department ~~board~~ shall consider the type of crime committed, the crime's relevancy to the employee leasing industry, the length of time since the conviction and any other factors deemed relevant by the department ~~board~~.

(3) Each employee leasing company licensed by the department shall have a registered agent for service of process in this state and at least one licensed controlling person. In addition, each licensed employee leasing company shall comply with the following requirements:

(a) The employment relationship with workers provided by the employee leasing company to a client company shall be established by written agreement between the leasing company and the client, and written notice of that relationship shall be given by the employee leasing company to each worker who is assigned to perform services at the client company's worksite.

(b) An applicant for an initial employee leasing company license shall have a tangible accounting net worth of not less than $50,000.

(c) An applicant for initial or renewal license of an employee leasing company license or employee leasing company group shall have an accounting net worth or shall have guaranties, letters of credit, or other security acceptable to the department ~~board~~ in sufficient amounts to offset any deficiency. A guaranty will not be acceptable to satisfy this requirement unless the applicant submits sufficient evidence to satisfy the department ~~board~~ that the guarantor has adequate resources to satisfy the obligation of the guaranty.

(d) Each employee leasing company shall maintain an accounting net worth and positive working capital, as determined in accordance with generally accepted accounting principles, or shall have guaranties, letters of credit, or other security acceptable to the department ~~board~~ in sufficient amounts to offset any deficiency. A guaranty will not be acceptable to satisfy this requirement unless the licensee submits sufficient evidence, as defined by rule, that the guarantor has adequate resources to satisfy the obligation of the guaranty. In determining the amount of working capital, a licensee shall include adequate reserves for all taxes and insurance, including plans of self-insurance or partial self-insurance for claims incurred but not paid and for claims incurred but not reported. Compliance with the requirements of this paragraph is subject to verification by department ~~or board~~ audit.

(e) Each employee leasing company or employee leasing company group shall submit annual financial statements audited by an independent certified public accountant, with the application and within 120 days after the end of each fiscal year, in a manner and time prescribed by the department ~~board~~, provided however, that any employee leasing company or employee leasing company group with gross Florida payroll of less than $2.5 million during any fiscal year may submit financial statements reviewed by an independent certified public accountant for that year.

(f) The licensee shall notify the department ~~or board~~ in writing within 30 days after any change in the application or status of the license.

(g) Each employee leasing company or employee leasing

company group shall maintain accounting and employment records relating to all employee leasing activities for a minimum of 3 calendar years.

Section 31. Subsections (3) and (5) of section 468.526, Florida Statutes, are amended to read:

468.526 License required; fees.—

(3) Each employee leasing company and employee leasing company group licensee shall pay to the department upon the initial issuance of a license and upon each renewal thereafter a license fee not to exceed $2,500 to be established by the department ~~board~~. In addition to the license fee, the department ~~board~~ shall establish an annual assessment for each employee leasing company and each employee leasing company group sufficient to cover all costs for regulation of the profession pursuant to this chapter, chapter 455, and any other applicable provisions of law. The annual assessment shall:

(a) Be due and payable upon initial licensure and subsequent renewals thereof and 1 year before the expiration of any licensure period; and

(b) Be based on a fixed percentage, variable classes, or a combination of both, as determined by the department ~~board~~, of gross Florida payroll for employees leased to clients by the applicant or licensee during the period beginning five quarters before and ending one quarter before each assessment. It is the intent of the Legislature that the greater weight of total fees for licensure and assessments should be on larger companies and groups.

(5) Each controlling person licensee shall pay to the department upon the initial issuance of a license and upon each

renewal thereafter a license fee to be established by the department ~~board~~ in an amount not to exceed $2,000.

Section 32. Subsection (1) of section 468.527, Florida Statutes, is amended to read:

468.527 Licensure and license renewal.—

(1) The department shall license any applicant who the department ~~board~~ certifies is qualified to practice employee leasing as an employee leasing company, employee leasing company group, or controlling person.

Section 33. Subsection (2) of section 468.5275, Florida Statutes, is amended to read:

468.5275 Registration and exemption of de minimis operations.—

(2) A registration is valid for 1 year. Each registrant shall pay to the department upon initial registration, and upon each renewal thereafter, a registration fee to be established by the department ~~board~~ in an amount not to exceed:

(a) Two hundred and fifty dollars for an employee leasing company.

(b) Five hundred dollars for an employee leasing company group.

Section 34. Subsections (2), (4), and (5) of section 468.529, Florida Statutes, are amended to read:

468.529 Licensee's insurance; employment tax; benefit plans.—

(2) An initial or renewal license may not be issued to any employee leasing company unless the employee leasing company first files with the department ~~board~~ evidence of workers' compensation coverage for all leased employees in this state.

Each employee leasing company shall maintain and make available to its workers' compensation carrier the following information:

(a) The correct name and federal identification number of each client company.

(b) A listing of all covered employees provided to each client company, by classification code.

(c) The total eligible wages by classification code and the premiums due to the carrier for the employees provided to each client company.

(4) An initial or renewal license may not be issued to any employee leasing company unless the employee leasing company first provides evidence to the department ~~board~~, as required by department ~~board~~ rule, that the employee leasing company has paid all of the employee leasing company's obligations for payroll, payroll-related taxes, workers' compensation insurance, and employee benefits. All disputed amounts must be disclosed in the application.

(5) The provisions of this section are subject to verification by department ~~or board~~ audit.

Section 35. Subsections (3) and (4) of section 468.530, Florida Statutes, are amended to read:

468.530 License, contents; posting.—

(3) No license shall be valid for any person or entity who engages in the business under any name other than that specified in the license. A license issued under this part is ~~shall~~ not ~~be~~ assignable, and no licensee may conduct a business under a fictitious name without prior written authorization of the department ~~board~~ to do so. The department ~~board~~ may not authorize the use of a name which is so similar to that of a

public officer or agency, or of that used by another licensee, that the public may be confused or misled thereby. No licensee shall be permitted to conduct business under more than one name unless it has obtained a separate license. A licensee desiring to change its licensed name at any time except upon license renewal shall notify the department ~~board~~ and pay a fee not to exceed $50 for each authorized change of name.

(4) Each employee leasing company or employee leasing company group licensed under this part shall be properly identified in all advertisements, which must include the license number, licensed business name, and other appropriate information in accordance with department rules ~~established by the board~~.

Section 36. Subsection (1) of section 468.531, Florida Statutes, is amended to read:

468.531 Prohibitions; penalties.—

(1) No person or entity shall:

(a) Practice or offer to practice as an employee leasing company, an employee leasing company group, or a controlling person unless such person or entity is licensed pursuant to this part;

(b) Practice or offer to practice as an employee leasing company or employee leasing company group unless all controlling persons thereof are licensed pursuant to this part;

(c) Use the name or title "licensed employee leasing company," "employee leasing company," "employee leasing company group," "professional employer," "professional employer organization," "controlling person," or words that would tend to lead one to believe that such person or entity is registered

pursuant to this part, when such person or entity has not registered pursuant to this part;

(d) Present as his or her own or his or her entity's own the license of another;

(e) Knowingly give false or forged evidence to the department ~~board or a member thereof~~; or

(f) Use or attempt to use a license that has been suspended or revoked.

Section 37. Subsections (1), (2), and (4) of section 468.532, Florida Statutes, are amended to read:

468.532 Discipline.—

(1) The following constitute grounds for which disciplinary action against a licensee may be taken by the department ~~board~~:

(a) Being convicted or found guilty of, or entering a plea of nolo contendere to, regardless of adjudication, bribery, fraud, or willful misrepresentation in obtaining, attempting to obtain, or renewing a license.

(b) Being convicted or found guilty of, or entering a plea of nolo contendere to, regardless of adjudication, a crime in any jurisdiction which relates to the operation of an employee leasing business or the ability to engage in business as an employee leasing company.

(c) Being convicted or found guilty of, or entering a plea of nolo contendere to, regardless of adjudication, fraud, deceit, or misconduct in the classification of employees pursuant to chapter 440.

(d) Being convicted or found guilty of, or entering a plea of nolo contendere to, regardless of adjudication, fraud, deceit, or misconduct in the establishment or maintenance of

self-insurance, be it health insurance or workers' compensation insurance.

(e) Being convicted or found guilty of, or entering a plea of nolo contendere to, regardless of adjudication, fraud, deceit, or misconduct in the operation of an employee leasing company.

(f) Conducting business without an active license.

(g) Failing to maintain workers' compensation insurance as required in s. 468.529.

(h) Transferring or attempting to transfer a license issued pursuant to this part.

(i) Violating any provision of this part or any lawful order or rule issued under the provisions of this part or chapter 455.

(j) Failing to notify the department ~~board~~, in writing, of any change of the primary business address or the addresses of any of the licensee's offices in the state.

(k) Having been confined in any county jail, postadjudication, or being confined in any state or federal prison or mental institution, or when through mental disease or deterioration, the licensee can no longer safely be entrusted to deal with the public or in a confidential capacity.

(l) Having been found guilty for a second time of any misconduct that warrants suspension or being found guilty of a course of conduct or practices which shows that the licensee is so incompetent, negligent, dishonest, or untruthful that the money, property, transactions, and rights of investors, or those with whom the licensee may sustain a confidential relationship, may not safely be entrusted to the licensee.

(m) Failing to inform the department ~~board~~ in writing within 30 days after being convicted or found guilty of, or entering a plea of nolo contendere to, any felony, regardless of adjudication.

(n) Failing to conform to any lawful order of the department ~~board~~.

(o) Being determined liable for civil fraud by a court in any jurisdiction.

(p) Having adverse material final action taken by any state or federal regulatory agency for violations within the scope of control of the licensee.

(q) Failing to inform the department ~~board~~ in writing within 30 days after any adverse material final action by a state or federal regulatory agency.

(r) Failing to meet or maintain the requirements for licensure as an employee leasing company or controlling person.

(s) Engaging as a controlling person any person who is not licensed as a controlling person by the department ~~board~~.

(t) Attempting to obtain, obtaining, or renewing a license to practice employee leasing by bribery, misrepresentation, or fraud.

(2) When the department ~~board~~ finds any violation of subsection (1), it may do one or more of the following:

(a) Deny an application for licensure.

(b) Permanently revoke, suspend, restrict, or not renew a license.

(c) Impose an administrative fine not to exceed $5,000 for every count or separate offense.

(d) Issue a reprimand.

(e) Place the licensee on probation for a period of time and subject to such conditions as the department ~~board~~ may specify.

(f) Assess costs associated with investigation and prosecution.

(4) The department ~~board~~ shall specify the penalties for any violation of this part.

Section 38. Paragraph (a) of subsection (6) of section 476.144, Florida Statutes, is amended to read:

476.144 Licensure.—

(6) A person may apply for a restricted license to practice barbering. The board shall adopt rules specifying procedures for an applicant to obtain a restricted license if the applicant:

(a)1. Has successfully completed a restricted barber course, as established by rule of the board, at a school of barbering licensed pursuant to chapter 1005, a barbering program within the public school system, or a government-operated barbering program in this state; or

2.a. Holds or has within the previous 5 years held an active valid license to practice barbering in another state or country or has held a Florida barbering license which has been declared null and void for failure to renew the license, and the applicant fulfilled the requirements of s. 476.114(2)(c) ~~s. 476.114(2)(c)2.~~ for initial licensure; and

b. Has not been disciplined relating to the practice of barbering in the previous 5 years; and

The restricted license shall limit the licensee's practice to those specific areas in which the applicant has demonstrated

competence pursuant to rules adopted by the board.

Section 39. Paragraph (a) of subsection (2) of section 627.192, Florida Statutes, is amended to read:

627.192 Workers' compensation insurance; employee leasing arrangements.—

(2) For purposes of the Florida Insurance Code:

(a) "Employee leasing" shall have the same meaning as set forth in s. 468.520(3) ~~s. 468.520(4)~~.

Section 40. This act shall take effect July 1, 2024.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Fiscal Policy

BILL:	CS/CS/SB 1628
INTRODUCER:	Fiscal Policy Committee, Community Affairs Committee and Senator Collins
SUBJECT:	Local Government Actions
DATE:	February 23, 2024 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Hackett	Ryon	CA	**Fav/CS**
2.	Hackett	Yeatman	FP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1628 provides that local governments must complete a business impact statement prior to adopting and implementing a comprehensive plan amendment or land development regulation, other than those amendments initiated by a private party.

The bill takes effect October 1, 2024.

II. Present Situation:

Local Ordinances

The governing body of a county or municipality has broad legislative powers to enact ordinances, local laws, to perform governmental functions and exercise power to promote the health, welfare, safety, and quality of life of a local government's residents. Ordinances address a wide variety of local issues, from government structure and zoning laws to speed limits and noise ordinances. Procedures for passing local ordinances are prescribed by the Legislature and differ only slightly between counties and municipalities.

Procedures for Enacting Ordinances

A board of county commissioners must notice its intent to consider an ordinance or amendment to an ordinance 10 days before the meeting at which the ordinance will be considered. The notice, placed in a newspaper of general circulation, should include the date, time, and place of the meeting, the proposed ordinance title, and instructions for how to view the language. The

board may then vote to pass the ordinance at the meeting, and upon passage, must send a certified copy of the ordinance to the Florida Department of State (DOS).[1] County ordinances take effect upon filing with the DOS, unless otherwise prescribed in the ordinance.[2]

Similarly, municipalities must notice intent to consider an ordinance 10 days before adoption. However, municipalities must also read the ordinance by title or in full on at least 2 separate days before adoption by vote.[3] An ordinance passed by a municipality becomes effective 10 days after passage, unless otherwise prescribed in the ordinance.[4]

Emergency Ordinances

A board of county commissioners may adopt an emergency ordinance that bypasses the notice requirements if the governing body declares that an emergency exists requiring the immediate enactment of the ordinance and the ordinance is approved by a four-fifths vote of the membership.[5] A municipality may bypass reading and notice requirements to pass an emergency ordinance by a two-thirds vote of the governing body.[6] An emergency ordinance may not be used to adopt zoning and land use changes.[7]

Business Impact Estimate

A local government must also produce a business impact estimate prior to passing an ordinance.[8] The business impact estimate must include the following:[9]

- A summary of the proposed ordinance, including a estimate of the public purpose to be served by the proposed ordinance;
- An estimate of the direct economic impact of the proposed ordinance on private for-profit businesses in the county or city, including:
  - An estimate of direct compliance costs for businesses;
  - Identification of new charges and fees; and
  - An estimate of the county's or city's regulatory costs.
- A good faith estimate of the number of businesses likely impacted; and
- Any additional information deemed useful.

A business impact estimate is not required for the following types of ordinances: [10]

- Emergency ordinances;
- Growth policy, county and municipal planning, and land development regulations under part II of ch. 163, F.S.;
- Building code ordinances under s. 553.73, F.S.;
- Fire prevention code ordinances under s. 633.202, F.S;

[10] Sections 125.66(3)(c) and 166.041(4)(c), F.S.

- Ordinances establishing or terminating Community Development Districts under ss. 190.005 and 190.046, F.S.;
- Ordinances required to comply with federal or state law or regulation;
- Ordinances relating to financial obligations or issuance and refinancing of debt;
- Ordinances related to the adoption of county or municipal budgets or budget amendments; or
- Ordinances required to implement a contract or agreement, to include federal, state, local, or private grants and other financial assistance.

Comprehensive Plans

Local comprehensive plans must include principles, guidelines, standards, and strategies for the orderly and balanced future land development of the area and reflect community commitments to implement the plan. The Community Planning Act intends that local governments manage growth through comprehensive land use plans that facilitate adequate and efficient provision of transportation, water, sewage, schools, parks, recreational facilities, housing, and other requirements and services.[11]

The comprehensive plan is implemented via land development regulations. Each county and municipality must adopt and enforce land development regulations, such as zoning or other land use-related ordinances, which are consistent with and implement its adopted comprehensive plan.[12]

Issuing Development Orders and Permits

Under the Community Planning Act, a development permit is any official action of a local government that has the effect of permitting the development of land including, but not limited to, building permits, zoning permits, subdivision approval, rezoning, certifications, special exceptions, and variances.[13] A development order is issued by a local government and grants, denies, or grants with conditions an application for a development permit.[14]

After receiving an application for approval of a development permit or development order, a municipality or county must review the application for completeness and issue a letter indicating that all required information is submitted or specify any areas that are deficient. If the application is deficient, the applicant may address the deficiencies by submitting the required additional information.[15] After the municipality or county has deemed the application complete it must ultimately approve, approve with conditions, or deny the application for a development permit or development order.[16]

[16] *Id.*

Development Agreements

Local governments may enter into development agreements with developers.[17] A "development agreement" is a "contract between a local government and a property owner/developer, which provides the developer with vested rights by freezing the existing zoning regulations applicable to a property in exchange for public benefits."[18]

Any local government may, by ordinance, establish procedures and requirements to consider and enter into a development agreement with any person having a legal or equitable interest in real property located within its jurisdiction.[19] A development agreement must include certain statutorily required elements describing the terms of the contract.[20]

III. Effect of Proposed Changes:

Sections 1 and 2 amend ss. 125.66 and 166.041, F.S., to amend the exemptions to the requirement that counties and cities, respectively, produce or have produced a "business impact estimate" prior to passing an ordinance. Whereas current law exempts the entirety of growth policy, county and municipal planning, and land development regulations under part II of ch. 163, F.S., the bill limits this exemption to development orders, permits, and agreements. Local governments must therefore complete a business impact statement prior to adopting and implementing a comprehensive plan amendment or land development regulation. The requirement does not apply to those amendments initiated by an application of a private party other than the county or municipality.

Section 3 provides that the act shall take effect October 1, 2024.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

The county and municipality mandate provisions of Article VII, section 18 of the Florida Constitution may apply because the bill expands the types of ordinances for which local governments must produce a business impact estimate, which will require additional staff work for local governments. Article VII, section 18 (a) of the Florida Constitution provides in part that a county or municipality may not be bound by a general law requiring a county or municipality to spend funds or take an action that requires the expenditure of funds unless certain specified exemptions or exceptions are met. None of the constitutional exceptions appear to apply.

Article VII, section 18 (d) provides eight exemptions, which, if any single one is met, exempts the law from the limitations on mandates. Laws having an "insignificant fiscal impact" are exempt from the mandate requirements, which for Fiscal Year 2024-2025 is

[17] Section 163.3220(4), F.S.; *see also* ss. 163.3220-163.3243, F.S., known as the "Florida Local Government Development Agreement Act."
[18] *Morgran Co., Inc. v. Orange County*, 818 So. 2d 640 (Fla. 5th DCA 2002); 7 Fla. Jur 2d Building, Zoning, and Land Controls § 168 (2019).
[19] Section 163.3223, F.S; 7 Fla. Jur 2d Building, Zoning, and Land Controls § 168 (2019).
[20] Section 163.3227(1), F.S.

forecast at approximately $2.3 million.[21,22] However, any local government costs associated with the bill are speculative and not readily estimable for purposes of determining whether the exemption for bills having an insignificant fiscal impact applies.

If the bill does qualify as a mandate, in order to be binding upon cities and counties, the bill must contain a finding of important state interest and be approved by a two-thirds vote of the membership of each house.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

Producing business impact estimates for land use-related ordinances currently exempt under current law will have a negative impact county and municipality staffing time and resources.

VI. Technical Deficiencies:

None.

---

[21] FLA. CONST. art. VII, s. 18(d).

[22] An insignificant fiscal impact is the amount not greater than the average statewide population for the applicable fiscal year times $0.10. *See* Florida Senate Committee on Community Affairs, *Interim Report 2012-115: Insignificant Impact*, (Sept. 2011), *available at* http://www.flsenate.gov/PublishedContent/Session/2012/InterimReports/2012-115ca.pdf (last visited Jan. 24, 2024).

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends sections 125.66 and 166.041 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Fiscal Policy on February 22, 2024:
The committee substitute removes provisions related to withholding action pending litigation, reducing the scope of the bill to the provision that local governments must complete a business impact statement prior to adopting and implementing a comprehensive plan amendment or land development regulation. The requirement does not apply to those amendments initiated by a private party other than the county or municipality.

CS by Community Affairs on February 6, 2024:
The committee substitute removes provisions of the bill relating to economic security analysis of local government actions by executive branch agencies.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

The Committee on Fiscal Policy (Collins) recommended the following:

Senate Amendment (with title amendment)

Delete everything after the enacting clause and insert:

Section 1. Paragraph (c) of subsection (3) of section 125.66, Florida Statutes, is amended to read:

125.66 Ordinances; enactment procedure; emergency ordinances; rezoning or change of land use ordinances or resolutions.—

(3)

(c) This subsection does not apply to:

1. Ordinances required for compliance with federal or state law or regulation;

2. Ordinances relating to the issuance or refinancing of debt;

3. Ordinances relating to the adoption of budgets or budget amendments, including revenue sources necessary to fund the budget;

4. Ordinances required to implement a contract or an agreement, including, but not limited to, any federal, state, local, or private grant, or other financial assistance accepted by a county government;

5. Emergency ordinances;

6. Ordinances relating to procurement; or

7. Ordinances enacted to implement the following:

a. ~~Part II of chapter 163, relating to growth policy, county and municipal planning, and land development regulation, including zoning,~~ Development orders and development permits, as those terms are defined in s. 163.3164, and~~,~~ development agreements, as authorized by the Florida Local Government Development Agreement Act under ss. 163.3220-163.3243 ~~and development permits~~;

b. Comprehensive plan amendments and land development regulation amendments initiated by an application by a private party other than the county.

c. ~~b.~~ Sections 190.005 and 190.046;

d. ~~c.~~ Section 553.73, relating to the Florida Building Code; or

e. ~~d.~~ Section 633.202, relating to the Florida Fire

Prevention Code.

Section 2. Paragraph (c) of subsection (4) of section 166.041, Florida Statutes, is amended to read:

166.041 Procedures for adoption of ordinances and resolutions.—

(4)

(c) This subsection does not apply to:

1. Ordinances required for compliance with federal or state law or regulation;

2. Ordinances relating to the issuance or refinancing of debt;

3. Ordinances relating to the adoption of budgets or budget amendments, including revenue sources necessary to fund the budget;

4. Ordinances required to implement a contract or an agreement, including, but not limited to, any federal, state, local, or private grant, or other financial assistance accepted by a municipal government;

5. Emergency ordinances;

6. Ordinances relating to procurement; or

7. Ordinances enacted to implement the following:

a. ~~Part II of chapter 163, relating to growth policy, county and municipal planning, and land development regulation, including zoning,~~ Development orders and development permits, as those terms are defined in s. 163.3164, and~~,~~ development agreements, as authorized by the Florida Local Government Development Agreement Act under ss. 163.3220-163.3243 ~~and development permits~~;

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Fiscal Policy

BILL:	CS/SB 1798
INTRODUCER:	Health Policy Committee and Senator Trumbull
SUBJECT:	Home Health Care Services
DATE:	February 20, 2024 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Morgan	Brown	HP	**Fav/CS**
2.	Barr	McKnight	AHS	**Favorable**
3.	Morgan	Yeatman	FP	**Favorable**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1798 amends s. 409.905, F.S., to authorize an advanced practice registered nurse (APRN) or a physician assistant to order or write prescriptions for Medicaid home health services.

This bill has no fiscal impact on state revenues or state expenditures.

The bill provides an effective date of July 1, 2024.

II. Present Situation:

The Florida Medicaid Program

The Medicaid program is a voluntary, joint federal-state program that finances health coverage for individuals, including eligible low-income adults, children, pregnant women, elderly adults and persons with disabilities.[1] The Centers for Medicare & Medicaid Services within the U.S. Department of Health and Human Services is responsible for administering the Medicaid program at the federal level. Florida Medicaid is the health care safety net for low-income Floridians. Florida's program is administered by the Agency for Health Care Administration (AHCA) and financed through state and federal funds.[2]

[1] Medicaid.gov, Medicaid, available at https://www.medicaid.gov/medicaid/index.html (last visited Feb. 3, 2024).
[2] Section 20.42, F.S.

Medicaid Home Health Care Services

States that elect to participate in the Medicaid program agree to cover a host of mandatory Medicaid services in accordance with Title XIX of the Social Security Act. As the single-state agency responsible for the administration of Florida's Medicaid program, the AHCA is required to provide reimbursement for these services, including home health care, when furnished by Medicaid providers to recipients who are determined to be eligible on the dates on which the services were rendered. Medicaid services are only provided as medically necessary.[3]

Under Medicaid's home health care services benefit, the AHCA reimburses for nursing and home health aide[4] services, supplies, appliances, and durable medical equipment necessary to assist a recipient who is living at home. The AHCA requires prior authorization to determine the medical necessity for these services. A home health agency (HHA) must submit the recipient's plan of care and documentation that support the diagnosis to the AHCA when requesting prior authorization.[5]

The AHCA cannot pay for home health services unless the services are medically necessary and:[6]

- The services are ordered by a physician.
- The written prescription for the services is signed and dated by the recipient's physician before the development of a plan of care and any request requiring prior authorization.
- Outside of any exclusions, the physician ordering the services is not employed, under contract with, or otherwise affiliated with the HHA rendering the services.
- The physician ordering the services has examined the recipient within the 30 days preceding the initial request for the services and biannually thereafter.
- The written prescription for the services includes the recipient's acute or chronic medical condition or diagnosis, the home health service required, and, for skilled nursing services, the frequency and duration of the services.
- The national provider identifier, Medicaid identification number, or medical practitioner license number of the physician ordering the services is listed on the written prescription for the services, the claim for home health reimbursement, and the prior authorization request.

The Coronavirus Aid, Relief, and Economic Security Act

The federal Coronavirus Aid, Relief, and Economic Security (CARES) Act provided fast and direct economic assistance for American workers, families, small businesses, and industries through the implementation of a variety of programs[7] to address issues related to the onset of the

[3] Section 409.905, F.S.
[4] Under s. 400.462(14), F.S., a home health aide is a person who is trained or qualified, as provided by rule, and who provides hands-on personal care, performs simple procedures as an extension of therapy or nursing services, assists in ambulation or exercises, assists in administering medications as permitted in rule and for which the person has received training established by the Agency for Health Care Administration, or performs tasks delegated to him or her under ch. 464, F.S.
[5] Section 409.905(4), F.S.
[6] *Id*.
[7] Centers for Medicare & Medicaid Services, *Home Health Agencies: CMS Flexibilities to Fight COVID-19, available at* https://www.cms.gov/files/document/home-health-agencies-cms-flexibilities-fight-covid-19.pdf (last visited Feb. 3, 2024).

COVID-19 pandemic. The CARES Act was passed by Congress on March 25, 2020, and signed into law on March 27, 2020.[8]

Improving Care Planning for Medicare and Medicaid Home Health Services

Prior to the CARES Act, federal law allowed only a physician to order home health services for Medicare and Medicaid recipients.[9] Section 3708 of the CARES Act[10] expanded the allowable ordering provider type to include a nurse practitioner, a clinical nurse specialist, or a physician assistant.[11]

III. Effect of Proposed Changes:

The bill amends s. 409.905, F.S., to authorize an advanced practice registered nurse (APRN) or a physician assistant to order or write prescriptions for Medicaid home health services. The APRN or physician assistant ordering the services may not be employed, under contract with, or otherwise affiliated with the home health agency (HHA) rendering the services.[12]

In order for the Agency for Health Care Administration to reimburse when an APRN or a physician assistant orders or writes prescriptions for HHA services, the bill also requires that:

- The examination of the recipient by the APRN or the physician assistant must happen within the 30 days preceding the initial request for the services and biannually thereafter, which are the same current-law requirements for physicians.
- The national provider identifier, Medicaid identification number, or medical practitioner license number of the APRN or the physician assistant must be listed on the written prescription, the claim for reimbursement, and the prior authorization request, which is also required of physicians under current law.

The bill provides an effective date of July 1, 2024.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

[12] Section 409.905(4)(c)3., F.S. However, this subparagraph does not apply to an HHA affiliated with a retirement community, of which the parent corporation or a related legal entity owns a rural health clinic certified under 42 CFR part 491, subpart A, ss. 1-11, a nursing home licensed under part II of ch. 400, F.S., or an apartment or single-family home for independent living. For purposes of this subparagraph, the AHCA may, on a case-by-case basis, provide an exception for medically fragile children who are younger than 21 years of age.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

By allowing an advance practice registered nurse or a physician assistant to order Medicaid home health services that only physicians may order under current law, the bill might streamline the provision of such services in the Medicaid program.

C. Government Sector Impact:

The bill has no fiscal impact on state revenues or state expenditures.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 409.905 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Health Policy on February 6, 2024:
The committee substitute removes Section 1 and Section 2 of the underlying bill and further amends s. 409.905, F.S., to authorize both advance practice registered nurses and physician assistants to order and prescribe Medicaid home health services in the same capacity as a physician.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Health Policy; and Senator Trumbull

588-02976-24 20241798c1

A bill to be entitled

An act relating to home health care services; amending s. 409.905, F.S.; authorizing advanced practice registered nurses and physician assistants to order or write prescriptions for certain Medicaid services; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (c) of subsection (4) of section 409.905, Florida Statutes, is amended to read:

409.905 Mandatory Medicaid services.—The agency may make payments for the following services, which are required of the state by Title XIX of the Social Security Act, furnished by Medicaid providers to recipients who are determined to be eligible on the dates on which the services were provided. Any service under this section shall be provided only when medically necessary and in accordance with state and federal law. Mandatory services rendered by providers in mobile units to Medicaid recipients may be restricted by the agency. Nothing in this section shall be construed to prevent or limit the agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, number of services, or any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act or chapter 216.

(4) HOME HEALTH CARE SERVICES.—The agency shall pay for nursing and home health aide services, supplies, appliances, and durable medical equipment, necessary to assist a recipient

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-02976-24 20241798c1

living at home. An entity that provides such services must be licensed under part III of chapter 400. These services, equipment, and supplies, or reimbursement therefor, may be limited as provided in the General Appropriations Act and do not include services, equipment, or supplies provided to a person residing in a hospital or nursing facility.

(c) The agency may not pay for home health services unless the services are medically necessary and:

1. The services are ordered by a physician, an advanced practice registered nurse, or a physician assistant.

2. The written prescription for the services is signed and dated by the recipient's physician, advanced practice registered nurse, or physician assistant before the development of a plan of care and before any request requiring prior authorization.

3. The physician, advanced practice registered nurse, or physician assistant ordering the services is not employed, under contract with, or otherwise affiliated with the home health agency rendering the services. However, this subparagraph does not apply to a home health agency affiliated with a retirement community, of which the parent corporation or a related legal entity owns a rural health clinic certified under 42 C.F.R. part 491, subpart A, ss. 1-11, a nursing home licensed under part II of chapter 400, or an apartment or single-family home for independent living. For purposes of this subparagraph, the agency may, on a case-by-case basis, provide an exception for medically fragile children who are younger than 21 years of age.

4. The physician, advanced practice registered nurse, or physician assistant ordering the services has examined the recipient within the 30 days preceding the initial request for

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

the services and biannually thereafter.

5. The written prescription for the services includes the recipient's acute or chronic medical condition or diagnosis, the home health service required, and, for skilled nursing services, the frequency and duration of the services.

6. The national provider identifier, Medicaid identification number, or medical practitioner license number of the physician, advanced practice registered nurse, or physician assistant ordering the services is listed on the written prescription for the services, the claim for home health reimbursement, and the prior authorization request.

Section 2. This act shall take effect July 1, 2024.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

2.	Hall	Yeatman	FP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

Public assistance programs help low-income families meet their basic needs, such as housing, food, and utilities. The most commonly utilized public assistance programs in Florida include Medicaid, the Supplemental Nutrition Assistance Program (SNAP) or food assistance, the Temporary Assistance for Needy Families (TANF) Temporary Cash Assistance (TCA) program, and the School Readiness Program (SR). In Florida, the majority of the participants in these programs are children.

While the goal of public assistance is, generally, to ensure that a family's basic needs are met and facilitate economic advancement, families often exit programs before they are truly capable of maintaining self-sufficiency. A "benefit cliff" occurs when a modest increase in wages results in a net loss of income due to the reduction in or loss of public assistance funds that follows. Benefit cliffs create a financial disincentive for low-income individuals to earn more income due to the destabilization and uncertainty that often results from a loss in benefits, especially when the benefit lost was essential to a parent's ability to reliably work.

CS/SB 7052 revises various components of the Temporary Assistance for Needy Families program (TANF), also known as Temporary Cash Assistance (TCA) and the Supplemental Nutrition Assistance Program (SNAP). The bill creates case management as a transitional benefit for families transitioning from TCA. The bill requires CareerSource Florida to use a tool to demonstrate future financial impacts of changes to benefits and income and local workforce boards to administer, analyze, and use data from intake and exit surveys of TCA recipients.

The bill requires the Department of Children and Families (DCF) to expand mandatory SNAP Employment and Training participation to include adults ages 18-59, who do not have children under age 18 in the home, or otherwise qualify for an exemption.

The bill also creates the School Readiness Plus Program that provides a child care subsidy for families deemed ineligible on redetermination for the SR program, but have income between 85 and 100 percent of the state median income.

The bill has an indeterminate negative fiscal impact on state government and provides an appropriation for the implementation of the School Readiness Plus Program. See Section V., Fiscal Impact Statement.

The bill provides an effective date of July 1, 2024.

II. Present Situation:

Public Assistance Programs

Public assistance programs help low-income families meet their basic needs, such as housing, food, and utilities.[1] The social safety net for American families depends on the coordination of a complex patchwork of federal, state, and local funding and program administration.[2] Through various programs, public assistance is capable of helping families to keep children in their family home through economic difficulties[3] and reducing the material hardship that has been linked to negative outcomes in children[4], as well as driving the economy in times of market downturns[5] and supporting the career advancement of low-income adults striving to break the cycle of intergenerational poverty.[6]

The process of facilitating the broad, conceptual goals of public assistance programs involves several federal programs with different levels of flexibility for states to tailor the programs to their own populations. The specific eligibility criteria and participation requirements vary by program through complementary state and federal policy.

The most commonly utilized public assistance programs in Florida include Medicaid, the Supplemental Nutrition Assistance Programs (SNAP) or food assistance, and the Temporary Assistance for Needy Families (TANF), or Temporary Cash Assistance (TCA) program. In Florida, the majority of participants in one or more of these programs are children; in May 2021, children accounted for roughly 60 percent of the total participants in any of these three programs. At that time, 54 percent of children in Florida were participating in at least one of these public assistance programs.[7]

Barriers to Economic Self-Sufficiency

Benefit Cliffs

While the goal of public assistance programs is, generally, to ensure that a family's basic needs are met and facilitate economic advancement, families often exit programs before they are truly capable of maintaining self-sufficiency. A benefit cliff occurs when a modest increase in wages results in a net loss of income due to the reduction in or loss of public benefits that follows.[8]

Benefit cliffs create a financial disincentive for low-income individuals to earn more income due to the destabilization and uncertainty that often results from a loss in benefits, especially when the benefit lost was essential to a parent's ability to reliably work, such as child care.[9] The fear of an impending benefit cliff can be sufficient to discourage career advancement. The complex nature of public assistance programs contributes to workers struggling to understand the timing and magnitude of benefits loss. This uncertainty, paired with economic insecurity, can prevent individuals from seeking or accepting opportunities for career advancement.[10]

The most significant benefit cliffs occur when a family loses housing or child care assistance. While a family is receiving housing and/or child care benefits, the costs for these necessities are a defined, affordable share of the family's income, but those expenses can skyrocket when the family enters the private market where there are no controls on prices.[11]

Recidivism

Recidivism occurs when a family leaves an assistance program due to increased income and then returns to the program within two calendar years.[12] Some degree of recidivism is expected; assistance programs exist to support families through financial hardship and, regardless of personal planning, unanticipated events can cause families to find themselves financially unstable once again. A high rate of recidivism, however, indicates that families are not exiting a program at a point where they are able to maintain self-sufficiency. Due to the structure of some public benefits programs, families may be exiting the program into financially tenuous situations and without a clear path for upward mobility.[13]

Program recidivism is exacerbated by factors like the benefits cliff, where families are exiting a program with fewer net resources, and persistent barriers to employment that were not sufficiently addressed before the family exited the program.

Child Care

The lack of child care services presents a significant barrier to employment for the parents of small children. Rather than a personal, individual barrier to employment, the inaccessibility of child care is a structural problem that influences the behavior and economic outcomes for a broad swath of Americans. It is estimated that only 44 percent of U.S. families with children under the age of 13 can afford the full price of childcare without having to sacrifice other basic needs such as housing, food, healthcare, and transportation.[14]

The unavailability of appropriate, high quality child care affects both how parents participate in the workforce and children's development. Parents who want to work may have to work fewer hours or turn down higher-paying jobs in order to remain ineligible for child care assistance programs.[15] There is a significant economic impact associated with parents opting out of the workforce, or choosing to remain in lower-paying jobs, due to the inaccessibility of quality, affordable child care.[16]

[16] For more information on this economic impact, see, Altig, D., Ilin, E., Ruder, A., & Terry, E., *Benefits Cliffs and the Financial Incentives for Career Advancement: A Case Study of a Health Care Career Pathway* (2020). Federal Reserve Bank of Atlanta, available at https://www.atlantafed.org/community-development/publications/discussion-papers/2020/01/31/01-benefits-cliffs-and-the-financial-incentives-for-career-advancement (last visited January 24, 2024); and Council of Economic Advisers, *The Role of Affordable Child Care in Promoting Work Outside the Home* (2019) , available at https://trumpwhitehouse.archives.gov/wp-content/uploads/2019/12/The-Role-of-Affordable-Child-Care-in-Promoting-Work-Outside-the-Home-1.pdf (last visited January 24, 2024).

For parents who choose to remain in the workforce, the inability to afford quality child care can have negative effects on children's development. Parents may have to reduce their standard of living in order to afford child care and continue to work; if this results in the sacrifice of adequate housing and health care, this can adversely affect parents as well as children ad lead to financial and psychological stress.[17] Alternatively, parents may choose lower quality child care that is more affordable. The quality of child care, however, matters for the healthy development of children at early ages.[18] Low quality child care can adversely affect children's task attentiveness and emotional regulation;[19] whereas high quality child care has been associated with positive outcomes such as fewer reports of problem behaviors, higher cognitive performance, and higher language skills.[20]

Education

A person's level of educational attainment has a significant impact on the employment opportunities available to that person and on his or her capacity for upward economic mobility over time. A person who attained at least a high school diploma, or the equivalent,[21] has access to further education and professional development that are not available to individuals who did not complete high school. Higher levels of educational attainment are associated with higher employment rates and higher median earnings.[22] For example, in 2022, the employment rate for adults ages 25 to 24 ranged from 61 percent among individuals who had not completed high school[23] to 87 percent for those with a bachelor's degree or higher.[24]

The lack of a high school diploma, or the equivalent, complicates the transition to adulthood. Among youth who do not pursue post-secondary education, having a high school diploma leads to significantly more time employed during the early years of adulthood.[25] The top risk factor for homelessness among young adults is the lack of a high school diploma or an equivalent

credential.[26] There are a variety of other long-term negative outcomes associated with dropping out of high school, such as lower median income[27], higher rates of criminal activity, higher rates of unemployment and incarceration, and poorer health.[28]

Personal, social, and economic reasons may lead an individual to not complete high school; however, generally, people who did not complete high school are more likely to have grown up in low-income, single-parent households and lived in distressed communities than their counterparts who complete high school.[29] For low-income youths living in areas with high rates of income inequality, this has been tied to a perceived lower rate of return on investment for continuing high school.[30] This phenomena is consistent with the patterns of intergenerational poverty in the U.S.

Intergenerational Poverty

Intergenerational poverty occurs when individuals who grew up in families with incomes below the poverty line are themselves poor as adults. Children living in families with low incomes face an array of challenges that place them at a much higher risk of experiencing poverty in adulthood compared with other children.[31] As a result, roughly one-third of children who grow up poor in the U.S. will also experience poverty as adults.[32]

There are numerous social and cultural factors that contribute to intergenerational poverty, but key drivers influencing intergenerational mobility include:[33]

- Education, spanning early education to career training;
- Children's health and access to health care;
- Family employment, income, and wealth; and
- Crime and involvement with the criminal justice system.

Temporary Assistance for Needy Families (TANF)

The Temporary Assistance for Needy Families (TANF) system was established at the federal level in 1996 through the Personal Responsibility and Work Opportunity Reconciliation Act

(PRWORA) of 1996.[34] PRWORA ended the Aid to Families with Dependent Children (AFDC) program, a federal program which provided dedicated funding for cash assistance to needy families with children, and alternatively, created the broad-purpose TANF block grant.[35] TANF became effective July 1, 1997, and was reauthorized by the Deficit Reduction Act of 2005. The TANF block grant annually distributes federal funds to states, territories, and tribes to accomplish four federally defined purposes:[36]

- Provide assistance to needy families so that children may be cared for in their own homes or in the homes of relatives;
- End the dependence of needy parents on government benefits by promoting job preparation, work, and marriage;
- Prevent and reduce the incidence of out-of-wedlock pregnancies; and
- Encourage the formation and maintenance of two-parent families.

TANF itself is not a single cohesive program; rather, it is a system of funding streams used at the state and local level to provide a wide range of benefits, services, and activities with the general aim of minimizing the effects, or addressing the root causes, of childhood economic disadvantage.[37] States use TANF funds to operate state-designed and state-administered programs with significant discretion in how the funds are used to achieve the statutory goals of TANF.[38] Most federal regulation of TANF-funded state programs relate to funding spent on direct cash assistance and the recipients of such assistance.[39]

TANF is funded through both federal and state dollars. The basic federal grant amount and minimum state amounts are set by law, based on expenditures in the pre-TANF programs in the early- to mid-1990s, and have not been adjusted for inflation or other changes in circumstances. States are required to contribute nonfederal "maintenance of effort" (MOE) funds based on state spending in the pre-TANF welfare programs. A state's required MOE contribution is lowered for states who have met the federal work participation standard for TANF recipients.[40]

Florida's Temporary Cash Assistance (TCA) Program

Direct cash assistance to needy families is the foundation of public welfare in the U.S.[41] prior to the establishment of TANF in 1996, direct cash assistance to needy families was the primary method of providing support to low-income families with children. Since the transition to the TANF block grant system, the number of families receiving direct cash assistance has waned significantly, even among eligible populations, and the majority of TANF funds are allocated for indirect methods of assisting families.[42]

The Temporary Cash Assistance (TCA) Program is Florida's direct cash assistance program for needy families. The TCA program is one of several Florida programs funded with the TANF block grant. Through the TCA program, families who meet specific technical, income, and asset requirements[43] may receive cash assistance in the form of monthly payments deposited into an electronic benefits transfer (EBT) account.[44]

The TCA program is administered by several state agencies through a series of contracts and memoranda of understanding. The Department of Children and Families (DCF) receives the federal TANF block grant funds, processes applications, determines initial eligibility, monitors ongoing eligibility, and disburses benefits to recipients. The Department of Commerce[45] (Florida Commerce) is responsible for financial and performance reporting to ensure compliance with federal and state measures and for providing training and technical assistance to Local Workforce Development Boards (LWDBs). LWDBs provide information about available jobs, on-the-job training, and education and training services within their respective areas and contract with one-stop career centers.[46] CareerSource Florida has planning and oversight responsibilities for all workforce-related programs and contracts with the LWDBs on a performance-basis.[47]

---

[41] Public cash assistance to needy families has its origins in the early 1900s; state and local entities financed "mother's pension" programs that provided support to single, often widowed, mothers so that children could be raised in their family homes rather than be institutionalized. *See* Congressional Research Service, *The Temporary Assistance for Needy Families (TANF) Block Grant: A Legislative History* (2023) , available at https://crsreports.congress.gov/product/pdf/R/R44668 (last visited January 25, 2024).

[42] *Supra*, note 35.

[43] Children must be under the age of 18, or under age 19, if they are full-time secondary school students. Parents, children, and minor siblings who live together must apply together. Additionally, pregnant women may also receive TCA, either in the third trimester of pregnancy if unable to work, or in the 9th month of pregnancy. *See* Florida Department of Children and Families, *Temporary Cash Assistance (TCA)*, available at https://www.myflfamilies.com/services/public-assistance/temporary-cash-assistance (last visited January 25, 2024).

[47] *Id.*

The number of families receiving TCA dramatically increased during the COVID-19 pandemic, peaking at more than 50,000 families receiving TCA payments in July 2020.[48] While TCA caseloads have not yet returned to pre-pandemic levels, they have decreased steadily since July 2020. In November 2023, 34,015 families, including 44,309 children, received TCA.[49] Since 2016, Florida's recidivism rate for the TCA program has averaged 30 percent' approximately one third of families exiting TCA due to earned income were not successful in maintaining self-sufficiency.[50]

TCA Eligibility

States have broad discretion in determining who is eligible for cash assistance. Florida's TCA program requires applicants to meet all of the following criteria in order to be eligible:[51]

- Be a U.S. citizen or qualified noncitizen in accordance with federal and state law;
- Be a legal resident of Florida;
- Have a minor child residing with a custodial parent or relative caregiver, or be a pregnant woman in the ninth month of pregnancy;
- Have a gross income of 185 percent or less of the federal poverty level;[52]
- Have liquid or nonliquid resources, of all members of the family, valued at less than $2,000;[53]
- Register for work with the Local Workforce Development Board (LWDB), unless an applicant qualifies for an exemption.

In Florida, TCA eligible families fall into one of two case categories: work-eligible or child-only.[54] Work-eligible cases generally include adult or teenaged heads of household who are subject to work requirements and qualify for benefits based on the needs of the full family so long as work requirements are met. Child-only cases make up roughly half of TCA cases and include households wherein there is no work-eligible adult, such as participants in the Relative Caregiver Program;[55] such cases receive TCA benefits based only on the needs of the child

[53] Licensed vehicles with a combined value of not more than $8,500 are excluded if a family includes individuals subject to the work requirement, or if the vehicle is necessary to transport a disabled family member and the vehicle has been specially equipped to transport the disabled person. See s. 414.075, F.S.
[54] Section 414.045, F.S.
[55] The Relative Caregiver Program provides financial assistance to relatives who are caring full-time for an eligible child as an alternative to the child being placed in foster care. *See* Florida Department of Children and Families, *Temporary Cash*

rather than the full family. As of November 2023, there were 16,425 child-only TCA cases and 17,590 cases including an adult.[56]

Florida imposes a lifetime limit of 48 cumulative months for an adult to be eligible for and receive cash assistance. Current law outlines specific, limited circumstances under which a person may be exempt from the time limitation. LWDBs are required to interview and assess the employment prospects and barriers of each participant who is within six months of reaching the 48-month time limit;[57] however, few families exit TCA due to the time limit. Most households receive TCA for fewer than six months.[58]

TCA Monthly Payment Maximums[59]			
	Shelter Obligation[60]		
Family Size	$50.01 and up Payment Standard	$0.01-50.00 Payment Standard	$0 Payment Standard
1	$180	$153	$95
2	$241	$205	$158
3	$303	$258	$198
4	$364	$309	$254
5	$426	$362	$289
6	$487	$414	$346
7	$549	$467	$392
8	$610	$519	$438
Additional Person	+$62	+$52	+$48

TCA Work Requirement

To be eligible for full-family TCA, work-eligible adult family members must participate in work activities in accordance with s. 445.024, F.S., unless they qualify for an exemption.[61] Individuals who fail to comply with the work requirements may be sanctioned.[62] TCA applicants who are determined by DCF to not be exempt from the work requirement are referred by DCF to Florida Commerce for work registration and intake processing. DCF does not disburse benefits until Florida Commerce, or the LWDB, if applicable, has confirmed that the participant has registered for and attended orientation.

Assistance (TCA), available at https://www.myflfamilies.com/services/public-assistance/temporary-cash-assistance (last visited January 25, 2024).

[60] "Shelter obligation" reflects housing expenses, such as rent payments.

[61] Section 414.095(1), F.S. a person may be exempted from the work requirement if they receive benefits under the Supplemental Security Income Program or the Security Disability Program, is a single parent of a child under three months of age (parenting preparation activities may be alternatively required), is exempt from the TCA limitation due to the hardship or not considered work-eligible under federal policy. See also DCF, Temporary Assistance for Needy Families – State Plan Renewal, October 1, 2020 – September 30, 2023, available at https://www.myflfamilies.com/sites/default/files/2022-10/TANF-Plan.pdf (last visited January 25, 2024).

[62] Section 414.065, F.S.

Upon referral, the participant must complete an intake application and undergo assessment by LWDB staff which includes:[63]

- Identifying barriers to employment.
- Identifying the participant's skills that will translate into employment and training opportunities.
- Reviewing the participant's work history.
- Identifying whether the participant needs alternative requirements due to domestic violence, substance abuse, medical problems, mental health issues, hidden disabilities, learning disabilities or other problems which prevent the participant from engaging in full-time employment or activities.

Once the assessment is complete, the staff member and participant create an individual responsibility plan (IRP). The IRP includes:[64]

- The participant's employment goal;
- The participants assigned activities;
- Services provided through program partners, community agencies, and the workforce system;
- The weekly number of hours the participant is expected to complete; and
- Completion dates and deadlines for particular activities.

If an individual cannot participate in assigned work activities due to a medical incapacity, the individual may be exempted from the activity for a specified period of time.[65] To be excused from the work activity requirements, the participant's medical incapacity must be verified by a physician, in accordance with the procedures established by DCF.[66]

Qualifying Work Activities

Pursuant to state and federal law, there are 12 distinct types of work activities which can be used to satisfy a TCA recipient's work requirement.[67] The 12 activities are categorized as either "core" or "supplemental" activities; such categorization impacts how the activity is counted toward a TCA recipient's work requirement.

Work Activities	
"Core" Activities	**"Supplemental" Activities**
• Unsubsidized employment • Subsidized private-sector employment • Subsidized public-sector employment • Work experience • On-the-job training • Job search and job readiness assistance • Community service programs • Vocational educational training	• Job skills training directly related to employment • Education directly related to employment • Completion of a secondary school program

[67] 45 CFR 261-30; s. 445.024(1), F.S.; *see also* DCF, *Temporary Assistance for Needy Families (TANF) – An Overview of Program Requirements* (2016), available at https://www.myflfamilies.com/sites/default/files/2022-10/TANF%20101%20final_1.pdf (last visited January 25, 2024).

• Providing child care services to an individual participating in a community service program	

While each of these activities may contribute toward a TCA recipient's work requirement, federal policy limits the extent to which certain activities may satisfy the work requirement. Federal and state law further limits how the different work activities may count toward a person's work requirement based on the characteristics of the individual and the length of time in which the individual engages in the activity.[68]

The number of required work participation hours and the ratio of "core" to "supplemental" work activities is determined by the structure of the recipient family. "Core" activities can contribute to the entirety of a TCA recipient's required work activity hours, while "supplemental" activities may only contribute after a recipient has completed the required hours of "core" activities. The number of work-eligible adults and the age of children in the family impact the required work participation hours.[69] For example, education directly related to employment includes activities such as GED examination prep courses, but these activities only count toward the full work participation hours of parents under the age of 20; once a parent is over 20 years of age, they can no longer county GED prep courses toward their total required work activity hours.

Work Participation Requirements	
Family Composition	**Required Work Participation Hours**
Single parent with a child under age 6	20 hours weekly of "core" work activities
Single parent with a child over 6, or two-parent families where one parent is disabled	30 hours weekly with at least 20 hours of "core" work activities
Married teen or teen head of household under age 20	Maintains satisfactory attendance at secondary school or the equivalent, or participates in education related directly to employment for at least 20 hours weekly
Two-parent families who do not receive subsidized child care	35 hours weekly with at least 30 hours of "core" work activities, combined between both parents
Two-parent families who receive subsidized child care	55 hours weekly with at least 50 hours in "core" activities, combined between both parents

Sanctions for Noncompliance

TCA recipients who fail to comply with work requirements may be sanctioned by the LWDBs. Sanctions result in cash assistance being withheld for a specified period of time, the length of which increases with repeated lack of compliance.[70] The process for imposing sanctions involves coordination between agencies; the LWDB first becomes aware of the noncompliance, Florida Commerce tracks compliance and notifies recipients of possible adverse action, and DCF applies the sanctions. [71]

[70] Section 414.065, F.S.
[71] Office of Program Policy Analysis & Government Accountability, Mandatory Work Requirements for Recipients of Food Assistance and Cash Assistance Programs, p. 4. On file with Senate Children, Families, and Elder Affairs Committee.

When a participant fails to comply with a mandatory work activity, the LWDB records the noncompliance in Florida Commerce's tracking system and sends the recipient a notice of adverse action; the recipient then has 10 days to contact Florida Commerce to show good cause[72] for missing the requirement.[73] During the 10-day waiting period, the LWDB must make both oral and written attempts to contact the participant to:[74]

- Determine if the participant had good cause for failing to meet the work requirement;
- Refer to or provide services to the participant, if appropriate, to assist with the removal of barriers to participation;
- Counsel the participant on the consequences for failure to comply with work or alternative requirement plan activity requirements without good cause;
- Provide information on transitional benefits if the participant subsequently obtained employment; and
- Make sure the participant understands that compliance with work activity requirements[75] during the 10-day period will avoid the imposition of a sanction.

If the recipient complies within 10 days, the LWDB does not request a sanction. However, if the recipient does not show good cause to the LWDB and does not comply, the LWDB sends DCF a sanction request.[76] Once DCF receives the sanction request from the LWDB, it then sends the recipient a notice of intent to sanction.[77] If the recipient does not show good cause within 10 days, the recipient is sanctioned by DCF, and DCF notifies Florida Commerce.[78]

Section 414.065(4), F.S., allows for noncompliance related to the following to constitute exceptions to the penalties for noncompliance with work participation requirements:

- Unavailability of child care in certain circumstances[79]
- Treatment or remediation of past effects of domestic violence;
- Medical incapacity;
- Outpatient mental health or substance abuse treatment; and
- Decision pending or Supplemental Security Income or Social Security Disability Income.

Section 414.065(4)(g), F.S., grants rulemaking authority to DCF to determine other situations that would constitute good cause for noncompliance with work participation requirements. It

[79] Specifically, if the individual is a single parent caring for a child who has not attained six years of age, and the adult provides to the LWDB an inability to obtain needed child care for one or more of the following reasons, as defined in the Child Care and Development Fund State Plan required by 45 CFR part 98: (1) the unavailability of appropriate child care within a reasonable distance from the individual's home or work site; (2) the unavailability or unsuitability of informal child care by a relative or under other arrangements; or (3) the unavailability of appropriate and affordable formal child care arrangements. S. 414.065(4)(a), F.S.

specifies that these situations must include caring for a disabled family member when the need for the care has been verified and alternative care is not available.[80]

Florida Commerce classifies reasons for sanctions for noncompliance in the following categories:[81]

- Failure to respond to a mandatory letter.[82] Typically, this is the letter recipients receive from Florida Commerce upon referral from DCF requiring them to register with Florida Commerce.
- Failure to attend a work activity.
- Failure to turn in a timesheet.
- Failure to attend training.
- Failure to turn in necessary documentation.

Consequences of sanctions are as follows:[83]

- First noncompliance – cash assistance is terminated for the full-family for a minimum of ten days or until the individual complies.
- Second noncompliance – cash assistance is terminated for the full-family for one month or until the individual complies, whichever is later.
- Third noncompliance – cash assistance is terminated for the full-family for three months or until the individual complies, whichever is later.

For the second and subsequent instances of noncompliance, the TCA for the child or children in a family who are under age 16 may be continued (i.e., the case becomes a child only case). Any such payments must be made through a protective payee, and under no circumstances may temporary cash assistance or food assistance be paid to an individual who has not complied with program requirements.[84] If a previously sanctioned participant fully complies with work activity requirements for at least six months, then the participant can be reinstated as being in full compliance with program requirements and TCA payments can resume.[85]

Federal Work Participation Standard

The federal government sets a minimum work participation standard which states must meet as a part of the conditions of receiving TANF funding. The work participation standard is intended to measure how a state is performing in engaging TANF recipients in work or work activities and reinforce the programmatic goal of transitioning families from welfare to work.[86] Federal law stipulates that 50 percent of all families and 90 percent of two-parent families must be engaged in work in order to meet the standard[87]; however, in practice, the minimum standard varies by

state due to caseload reduction credits a state can earn. For the 2022 fiscal year, Florida's adjusted standard was 12.3% for "all families" and 52.3% for two parent families.[88] States may be subject to penalties if the federal minimum work participation rates are not met, though the federal government may reduce or waive these penalties in negotiation with states.[89]

TANF Transitional Benefits

One of the express goals of the TANF Block Grant program is to end family dependence on public benefits by promoting job preparation and work; this is foundational to the welfare-to-work concept on which the TANF Block Grant is based.[90] Most parents who receive temporary cash assistance benefits work both before and after leaving the program; however, they are predominately employed in low-wage jobs with few options for advancement.[91] TANF transitional benefits help families navigate this period when they become eligible for TCA but are not yet self-sufficient.

TCA recipients who become ineligible due to reasons other than noncompliance with work requirements, such as time limits or earned income, are eligible for transitional benefits intended to reduce the unintended negative effects of the lost benefits. Transitional benefits are designed to support work retention and advancement and assist individuals in achieving economic self-sufficiency.

Families generally become ineligible for TCA when their income reaches 185 percent of the federal poverty level (FPL), at which point they become eligible for transitional benefits.[92] Current law outlines four types of transitional benefits which are available to qualifying former TCA recipients.

Transitional Benefits		
Benefit Type	**Description**	**Eligibility Requirements**
Transitional Child Care[93]	Provides subsidized child care vouchers to families	Available for up to 24 months, with an income cap of 200% FPL
Transitional Medical[94]	Allows families to remain eligible for Medicaid	Available for up to 12 months, with an income cap of 185% FPL after 6 months

[92] See DCF, Temporary Cash Assistance (TCA), available at https://www.myflfamilies.com/services/public-assistance/temporary-cash-assistance (last visited January 27, 2024). To be eligible, a family's gross income must be less than 185% FPL, and countable income cannot exceed the payment standard for the family size. There is a $90 deduction from each individual's gross earned income.
[93] Section 445.032, F.S.
[94] Section 445.029, F.S.

Transitional Education and Training[95]	Job-related education and training	Available for up to 24 months, with an income cap of 200% FPL
Transitional Transportation[96]	Support typically provided to families in the form of payment for public transportation or gas	Available for up to 24 months, with an income cap of 200% FPL

CareerSource Florida, Inc., administers transitional benefits through the LWDBs. The provision of transitional benefits depends on the LWDBs available resources and funding, as well as the availability of appropriate services locally.[97]

Supplemental Nutrition Assistance Program (SNAP)

Program Overview

The Food and Nutrition Service (FNS), under the U.S. Department of Agriculture (USDA), administers the Supplemental Nutrition Assistance Program (SNAP).[98] SNAP is the nation's largest domestic food and nutrition program for low-income Americans, offering nutritional assistance to millions of individuals and families each year through the provision of funds that can be used to purchase eligible foods.[99] In fiscal year 2020, SNAP provided assistance to approximately 39.9 million people living in 20.5 million households across the U.S.[100] SNAP benefits support individual households by reducing the effects of poverty and increasing food security while supporting economic activity across communities, as SNAP benefits directly benefit farmers, retailers, food processors and distributors, and their employees.[101]

SNAP is a federal program administered at the state level in Florida by DCF.[102] DCF determines and monitors eligibility and disburses benefits to SNAP participants. The state and federal governments share the administrative costs of the program, while the federal government funds

[96] Section 445.031, F.S.
[97] CareerSource Florida, Inc., Legislative Inquiry Response (2024), on file with the Senate Children, Families, and Elder Affairs Committee.
[98] The Food Stamp Program (FSP) originated in 1939 as a pilot program for certain individuals to buy stamps equal to their normal food expenditures: for every $1 of orange stamps purchased, people received 50 cents worth of blue stamps, which could be used to buy surplus food. The FSP expanded nationwide in 1974. Under the federal welfare reform legislation of 1996, Congress enacted major changes to the FSP, including limiting eligibility for certain adults who did not meet work requirements. The Food and Nutrition Act of 2008 renamed the FSP the Supplemental Nutrition Assistance Program (SNAP) and implemented priorities to strengthen program integrity, simplify program administration, maintain states' flexibility in how they administer their programs, and improve access to SNAP. See US Department of Agriculture, Food and Nutrition Service, *Short History of SNAP*, available at https://www.fns.usda.gov/snap/short-history-snap (last visited January 27, 2024).

[102] Section 414.31, F.S.

100% of the benefit amount received by participants.[103] Federal laws, regulations, and waivers provide states with various policy options to better target benefits to those most in need, streamline program administration and field operations, and coordinate SNAP activities with those of other programs.[104]

The Thrifty Food Plan, a minimal cost food plan reflects current nutrition standards and guidance, the nutrient content and cost of food, and consumption patterns of low-income households, was developed by the USDA to serve as the basis for the determination of SNAP benefits.[105] SNAP benefits are intended to supplement food purchases made with a household's own income; as such, the formula used to determine SNAP benefits assumes that a household will spend 30 percent of their net income on food purchases.[106] The benefit allotted to SNAP households is equal to the difference between the maximum allotment for their household size and 30 percent of their net income.[107] The structure of this formula ensures that the lowest income households receive the most benefits.

As of January 2023, 3,220,757 individuals, including 1,262,174 children and 1,017,860 elderly or disabled individuals, were receiving SNAP benefits in Florida.[108]

SNAP Eligibility and Work Requirements

To be eligible for SNAP, households must meet the following criteria: (1) gross monthly income must be at or below 130 percent of the poverty level; (2) net income must be equal to or less than the poverty level; and (3) assets must be below the limits set based on household composition.[109]

Individuals may be deemed ineligible for SNAP due to any of the following:[110]

- Conviction for drug trafficking;
- Fleeing a felony warrant;
- Breaking SNAP or TANF program rules;
- Failure to cooperate with the child support enforcement agency; or
- Being a noncitizen without qualified status.

Able-bodied, non-elderly adults are generally required to participate in work activities in order to be eligible for SNAP. Federal policy outlines two tiers of work requirements for SNAP recipients: the general work requirement and the Able-Bodied Adult Without Dependents (ABAWD) work requirement. The general work requirement applies to all recipients between 16 and 59 years of age, unless they qualify for an exemption.[111] The general work requirements include requiring a recipient register for work, participating in SNAP Employment and Training (E&T) or workfare if assigned, taking a suitable job if offered, and not voluntarily quitting a job or reducing work hours below 30 a week without a good reason.[112]

Adults between age 18 and 52, able-bodied, and without dependents are subject to the ABAWD work requirement and time limit, unless otherwise exempt.[113] ABAWDs are required to work or participate in a qualifying work program for a combined total of at least 80 hours per month. ABAWDs who fail to comply with the ABAWD work requirement for three months in a 36-month period will lose their SNAP benefits.[114]

SNAP Mandatory Employment and Training

SNAP Employment and Training (SNAP E&T) is intended to help SNAP recipients gain skills, training, work, or experience that will help them obtain regular employment. States are required to operate a SNAP E&T program which includes case management and at least one of the following components:

- Supervised job search;
- Job search training;
- Workfare;
- Work experience;
- Education; or
- Self-employment.

Beyond simply requiring a state to operate a SNAP E&T program and setting the minimum components, states have significant flexibility in how they design their SNAP E&T programs in order to meet the needs of SNAP participants and address local workforce needs.[115]

---

[111] A person may be excused from the general work requirement if they are already working at least 30 hours per week, meeting the work requirements for another program, taking care of a child under 6 or an incapacitated person, unable to work due to a physical or mental limitation, participating regularly in an alcohol or drug treatment program, or studying in school or a training program at least half-time. *See* US Department of Agriculture, Food and Nutrition Service, *SNAP Work Requirements*, available at https://www.fns.usda.gov/snap/work-requirements (last visited January 27, 2024).

[115] *Id*.

Florida operates a mandatory SNAP E&T program for adults between the ages of 18 and 59[116] without dependents who are not exempt from the general or ABAWD work requirements. SNAP E&T components that are available to mandatory E&T participants include supervised job search, job search training, work experience, education, vocational training, and job retention services. If DCF determines there is not an appropriate and available SNAP E&T component for an individual, the participant will be exempt from mandatory SNAP E&T participation.[117]

Currently, when ABAWDs are determined eligible for benefits, DCF refers these clients to Florida Commerce and the CareerSource Florida network to engage in a comprehensive assessment to identify barriers to employment, training needs, and professional opportunities. Florida Commerce and CareerSource Florida utilize relationships with educational institutions, private sector employers and programs like apprenticeships to assist Floridians in achieving meaningful employment.[118]

DCF is required to reimburse SNAP E&T participants for all reasonable, allowable, and necessary expenses related to program participation. This may include, but is not limited to, childcare, tuition, books, and work uniforms. If DCF is unable to reimburse the participant, the individual must be exempted from mandatory participation in the SNAP E&T program.[119]

Career Ladder Identifier and Financial Forecaster (CLIFF)

The Career Ladder Identifier and Financial Forecaster (CLIFF) navigator is a suite of tools developed by the Federal Reserve Bank of Atlanta to model the interaction of public benefits, taxes, and tax credits with career advancement. The tool is used to help working families navigate the complex system of public assistance, stabilize their financial situation in the short term, and plan long term career paths.[120]

CareerSource Florida, Inc. partnered with the Federal Reserve Bank of Atlanta to incorporate the CLIFF tool into state workforce programs. A Florida-specific suite of CLIFF tools has been developed and is being introduced into the local workforce development boards' processes, and staff at both CareerSource Florida, Inc. and DCF have received training on the suite of CLIFF tools. The goal of this program is to assist Floridians in identifying career strategies and achieving economic stability while minimizing the negative impacts of losing public assistance.[121]

---

[116] In 2024, Florida expanded the definition of mandatory E&T participants to include ABAWDs and work registrants between the ages of 18 and 59 who do not have children in the household. *See* DCF, *Supplemental Nutrition Assistance Program (SNAP) Employment and Training (E&T) State Plan – Federal Fiscal Year 2024*, available at https://www.floridajobs.org/docs/default-source/lwdb-resources/programs-and-resources/snap/florida-fy2024-snap-et-state-plan-final_10-31-2023.pdf?sfvrsn=96c95db0_2 (last visited January 29, 2024).

School Readiness Program

Program Overview

The School Readiness (SR) program is a state-federal partnership between Florida's Division of Early Learning (DEL) within the Florida Department of Education (DOE) and the Office of Child Care of the United States Department of Health and Human Services.[122] The SR program is administered by DEL at the state level and early learning coaliations (ELC) at the county and regional levels.[123] The DEL partners with 30 local ELCs and the Redlands Christian Migrant Association to deliver comprehensive early childhood care and education services statewide.[124] The SR Program is one of three main early learning programs overseen by DEL.[125]

Established in 1999[126], the SR program provides subsidies for child care services and early childhood education for children of low-income families; children in protective services who are at risk of abuse, neglect, abandonment, or homelessness; foster children; and children with disabilities.[127] The SR program offers financial assistance for child care to families while supporting children in the development of skills for success in school. Additionally, the program provides developmental screenings and referrals to health and education specialists where needed. These services are provided in conjunction with other programs for young children such as Child Care Resource and Referral and the Voluntary Prekindergarten Program.[128]

The DCF Office of Child Care Regulation, as the regulatory agency over child care providers, inspects all child care providers that provide the SR services for compliance with specified health and safety standards.[129] In lieu of DCF regulation, counties may designate a local licensing agency to license providers if its licensing standards meet or exceed DCF's standards.[130] Five counties have done this – Broward, Hillsborough, Palm Beach, Pinellas, and Sarasota. In these five counties the local licensing agency, not DCF, inspects child care providers that provide the SR services for compliance with health and safety standards.[131]

School Readiness Program Funding

The SR Program is primarily funded through the federal Child Care and Development Fund (CCDF) Block Grant. The regulations governing the use of CCDF funds authorizes states to use grant funds for child care services if[132]:

- The child is under 13 years of age, or at the state's option, under age 19 if the child is physically or mentally incapable of caring for himself for herself under court supervision;
- The child's family income does not exceed 85 percent of the state's median income (SMI) for a family of the same size; and
- The child:
  - Resides with a parent or parents who work or attend job training or educational programs; or
  - Receives, or needs to receive, protective services.

In addition to the CCDF Block Grant, the SR program receives additional funding through the Federal TANF Block Grant, Federal Social Services Block Grant, and the General Revenue Fund.[133] The Legislature appropriates the SR program funds to the ELCs and the Redlands Christian Migrant Association, with participating providers receiving their funding primarily from reimbursements from the ELCs and tuition payments by enrolled families.[134] The ELCs reimburse participating providers with appropriated funds for each eligible child, either through child care certificates provided by parents or through contracted slots.[135] Provider reimbursement rates are based on provider type and the level of care a child receives with consideration of the market rate schedule set by the DOE.[136] The reimbursement rate schedules are set locally by the ELC and must be approved by the DEL.[137]

School Readiness Program Participation and Eligibility

There were 209,986 children enrolled with 6,790 providers in the SR program during the 2022-2023 fiscal year.[138]

Early learning coalitions are required by statute to prioritize the following groups for participation in the SR program[139]:

- Children younger than 13 with a parent receiving temporary cash assistance under ch.414, F.S., and subject to the federal TANF work requierments or a parent who has an Intensive Service Account or an Individual Training Account under s. 445.009, F.S.; and
- At-risk children[140] younger than 9.

[137] Rule 6M-4.500(1), F.A.C.
[138] Florida Department of Education, *Division of Early Learning Annual Report 2022-2023*, available at https://www.fldoe.org/core/fileparse.php/20628/urlt/2223-DEL-AnnualReport.pdf (last visited February 22, 2024).
[139] Section 1002.87, F.S.
[140] "At-risk child" is defined under s. 1002.81, F.S., as a child meeting one of the following criteria: from a family under investigation or supervision by the Department of Children and Families (DCF) or a designated sheriff's office for child abuse, neglect, abandonment, or exploitation; in a diversion program provided by DCF or its contracted provider and who is

Subsequent enrollment in the program is determined according to an assessment of local priorities within the ELC's region based on the needs of families and provider capacity using available community data.[141] Based on these local priorities, enrollment in the SR program can be made available to children meeting at least one of the following criteria[142]:

- Economically disadvantaged children until eligible to enter kindergarten. Their older siblings up to the age they are eligible to enter 6th grade may also be served;
- Children from birth to kindergarten whose parents are transitioning from the TCA work program to employment;
- At-risk children who are at least 9 but younger than 13;
- Economically disadvantaged children younger than 13;
- Children younger than 13 whose parents are transitioning from the TCA work program to employment;
- Children who have special needs and current individual educational plans from age 3 until they are eligible to enter kindergarten; and
- Children concurrently enrolled in the federal Head Start Program and VPK.

School Readiness Copayments and Fees

Parents of children enrolled in the SR program are responsible for paying a copayment directly to the child care provider. Rather than paying the full tuition amount of a child care provider, the SR program copayments are intended to be set at a rate that eliminates cost as a barrier to services for families.[143] Copayments are based on a sliding fee scale set by the ELC and approved by the DEL.[144] An ELC's sliding fee scale must be set such that economically disadvantaged families have equal access to the care available to families whose income makes them ineligible for school readiness services.[145] Parent copayments may not exceed 10 percent of a family's income unless the ELC provides justification of how the sliding fee scale meets the federal requirement that a copayment be affordable. In addition to the copayment, families may be subject to additional fees, such as a registration fee. The ELC may pay for a participant's registration fees up to $75 in certain circumstances.[146]

The current copayment schedule is not established with a smooth transition to the market rate of child care at the end of the eligibility threshold. Instead, copayments tend to remain relatively low as family income increases, but when a family's income reaches an eligibility threshold of 85 percent state median income (SMI), families lose the SR program benefit and are suddenly subject to the full cost of child care. This transition creates a significant benefit cliff for families participating in the SR program if their income level upon exiting the program is insufficient to

from a family that is actively participating and complying in department-prescribed activities, including education, health services, or work; placed in a court-ordered, long-term custody or under the guardianship of a relative or nonrelative after termination of supervision by DCF or its contracted provider; in the custody of a parent who is considered a victim of domestic violence and is receiving services through a certified domestic violence center; in the custody of a parent who is considered homeless as verified by a DCF certified homeless shelter.

[141] Section 1002.85(2)(i), F.S.
[142] Section 1002.87(1), F.S.

[144] Rule 6M-4.400, F.A.C.
[145] *Id.*
[146] Rule 6M-4.500, F.A.C.

afford the full cost of child care. In some cases, families may attempt to "park" their income below the eligibility threshold in order to not lose access to the child care benefit.[147]

III. Effect of Proposed Changes:

Temporary Assistance for Needy Families (TANF)

Qualifying work activities

Section 7 of the bill amends s. 445.024, F.S., to allow adults who have not attained a high school diploma, or its equivalent, to satisfy their work activity requirement by participating in adult general education or a high school equivalency examination program by participating for at least 20 hours per week.

The bill also includes a mechanism by which the work activity requirements may be suspended if the work participation rate (WPR) does not exceed the federal minimum by more than 10 percent. Florida Commerce may suspend the provision until the state has again exceeded the federal minimum by 10 percent for three consecutive months. If the provision is expended, the section requires Florida Commerce to issue a notice to the affected TCA recipients within five days of the policy's suspension.

Section 1 of the bill amends s. 414.065, F.S., to protect individuals who participate in the adult basic education or high school equivalency examination preparation as a work activity during a suspension of the work activity requirements as referenced in section 7. Section 1 allows this "noncompliance" due to the suspension to be considered good cause for noncompliance for up to 6 weeks after the change in the participant's requirements.

Transitional Case Management

Section 9 of the bill creates s. 445.0281, F.S., to create transitional case management as a service available to families who have transitioned off of cash assistance. Individuals who have been determined ineligible for a reason other than noncompliance with work activity requirements are eligible for voluntary case management services administered by the local workforce development board.

The bill requires case management to include career planning, job search assistance, resume building, basic financial planning, connection to support services, and benefits management using a tool to demonstrate the financial impacts of changes in income and benefits over time. Case managers are directed to connect recipients to other transitional benefits as needed.

Section 5 of the bill amends s. 445.011, F.S., to direct Florida Commerce to develop training for the local development boards relating to case management methods and the provision of welfare transition services generally.

---

[147] Federal Reserve Bank of Atlanta, *Restructuring the Eligibility Policies of the Child Care and Development Fund to Address Benefit Cliffs and Affordability: Florida as a Case Study*, available at https://www.atlantafed.org/-/media/documents/community-development/publications/discussion-papers/2021/01-restructuring-the-eligibility-policies-of-the-child-care-and-development-fund-to-address-benefit-cliffs-and-affordability-2021-06-18.pdf (last visited February 22, 2024).

Data Collection

Section 10 of the bill amends s. 445.035, F.S., to direct CareerSource Florida, Inc., in collaboration with Florida Commerce and DCF, to develop standardized surveys for TCA recipients to be administered by the LWDBs. The section requires CareerSource Florida, Inc., to develop an intake survey to collect baseline information as a person is entering the program, and an exit survey to collect information which can be used to discern programmatic impacts on individuals over time. The stated purpose of the surveys is to monitor program effectiveness, inform program improvements, and effectively allocate resources.

The bill requires intake surveys to collect, at a minimum:
- Information relating to perceived barriers to employment;
- Reasons for past separation from employment;
- Stated goals for employment or professional development;
- The highest level of education or training the individual has attained; and
- Awareness of non-cash assistance transitional services.

The bill direct the LWDBs to administer the intake survey in conjunction with the diversion screening process required under s. 445.017, F.S., or in case of administrative oversight, requires the survey to be completed by each new TCA recipient who has not otherwise completed the survey.

The bill requires that the exit surveys collect, at a minimum:
- Information on the recipient's enrollment in other benefits programs;
- The recipient's long-term career plan;
- The recipient's credentials, education attained, or training received during enrollment;
- Barriers to the recipient's employment which were addressed during enrollment;
- Any remaining barriers to the recipient's enrollment.

The bill also directs the local workforce development boards to submit the completed surveys to CareerSource Florida, Inc., and disseminate anonymized data to Florida Commerce and DCF on a quarterly basis. The bill requires Florida Commerce, in consultation with CareerSource Florida, Inc., and DCF to prepare and submit a report to the Legislature annually. The report is to include survey results, an analysis of the barriers to employment faced by survey respondents, and recommendations for legislative and administrative changes to mitigate such barriers and improve the effective use of transitional benefits.

Section 2 of the bill amends s. 414.105, F.S., to require the LWDBs to administer exit surveys to each participant who is within six months of reaching the 48-month limit. **Section 8** amends s. 445.028, F.S. to require the workforce system case manager at LWDBs to administer an exit survey to recipients deemed ineligible for a reason other than work activity sanctions or for noncompliance with work activity requirements.

Supplemental Nutritional Assistance Program (SNAP)

Section 3 of the bill amends s. 414.455, F.S., to direct DCF, unless prohibited by the federal government, to require participation in SNAP employment and training program among recipients who:

- Are eligible for the program;
- Are between the aged of 18 and 59;
- Do not have children under the age of 18 in the home; and
- Do not otherwise meet an exemption.

This provision is consistent with Florida's current SNAP E&T plan which has been approved by the federal government.

Career Ladder Identifier and Financial Forecaster (CLIFF)

The bill requires the use of a tool "to demonstrate future financial impacts" (hereinafter, "tool") relating to a person's change in income and benefits in several settings. The CLIFF suite of tools developed with the Federal Reserve Bank of Atlanta is currently used for this purpose.

Section 2 of the bill amends s. 414.105, F.S., to require the tool be implemented during the interview process that occurs when a TCA recipient is within six months of approaching the 48-month time limit. The tool is also included in the required elements of the newly created transitional case management in **section 9** of the bill.

Section 4 of the bill amends s. 445.009, F.S., to require the tool be included in the state's one-stop delivery system for offering every Floridian access to workforce development and support, through services sites or telephone or computer networks.

Section 5 of the bill amends s. 445.011, F.S., to require Florida Commerce to integrate the CLIFF tool into the workforce service delivery system and develop training for the local workforce development boards, and other workforce system partners, on the use of the tool.

School Readiness Plus Program

Section 11 of the bill creates s. 1002.935, F.S., to create the School Readiness Plus Program which will supplement the existing SR program and serve to mitigate the benefit cliff experienced by families as they become ineligible for the SR program funding due to earned income.

The program will be available to families whose income is between 85 and 100 percent, inclusive, of the state median income.[148] The early learning coalitions are required to administer the program and provide access to benefit management and career planning tools.

The bill sets out a funding model as follows:

[148] 85 percent of SMI is $63,471 and 100 percent of SMI is $74,672.

- Requiring the ELCs to spend the minimum amount of funds necessary for the efficient and effective administration of the program;
- Prohibiting the use of more than 5 percent of the funds in a fiscal year;
- Provides the amount of the subsidy is a percentage of the ELC's approved program provider reimbursement rates;
- Requiring the ELC to consider family income and copayments that increase in relation to the family income when establishing the percentage of the amount of the subsidy for the program;
- Requiring the amount of the subsidy and copayment to be sufficient to allow the family to access providers and enable the parent to achieve self-sufficiency.

To receive the subsidy, the bill requires parents to:
- Provide any documentation necessary to verify eligibility.
- Be responsible for the payment of all child care expenses in excess of the amount of the subsidy.

Section 12 of the bill provides an appropriation of $23,076,259 in nonrecurring funds from the General Revenue Fund to the Department of Education to implement the School Readiness Plus Program.

Other changes

The bill makes non-substantive style and language changes or conforming changes throughout to give effect to the substantive provisions of the bill.

Section 13 of the bill provides an effective date of July 1, 2024.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

Services for current and former TCA recipients
Both Florida Commerce and CareerSource Florida will experience a workload increase to implement the new requirements for data collection. Depending on the degree to which former TCA recipients use the new transitional case management services, CareerSource Florida may also see a workload increase from providing that service. The total fiscal impact is indeterminate.

School Readiness Plus Program
The bill appropriates $23,076,259 nonrecurring from the General Revenue Fund to implement the School Readiness Plus Program.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends ss. 414.065, 414.105, 414.455, 445.009, 445.011, 445.017, 445.024, 445.028, and 445.035 of the Florida Statutes.

This bill creates ss. 445.0281 and 1002.935 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Fiscal Policy on February 22, 2024:
The committee substitute creates the School Readiness Plus Program and provides an the appropriation for the implementation of the School Readiness Plus Program.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

137630

LEGISLATIVE ACTION

Senate	.	House
Comm: RCS	.	
02/23/2024	.	
	.	
	.	
	.	

The Committee on Fiscal Policy (Garcia) recommended the following:

Senate Amendment (with title amendment)

Between lines 376 and 377
insert:

Section 11. Section 1002.935, Florida Statutes, is created to read:

1002.935 School Readiness Plus Program.—The School Readiness Plus Program is created within the Department of Education to support the continued school readiness and child care needs of working families with children. The program is

137630

contingent upon a legislative appropriation and is provided on a first-come, first-served basis.

(1)(a) A child who is determined to be ineligible for school readiness program funds due to family income during the annual eligibility redetermination process pursuant to s. 1002.87(6) is eligible for a subsidy under this section if the family income is between 85 percent and 100 percent, inclusive, of the state median income.

(b)1. The early learning coalitions established in s. 1002.83 shall administer the School Readiness Plus Program and provide participants with access to the benefit management and career planning tool described in s. 445.009(1)(k).

2. The early learning coalitions must spend the minimum amount of funds necessary for the efficient and effective administration of the School Readiness Plus Program. The early learning coalitions may not use more than 5 percent of the funds allowed for the program for administrative costs in a fiscal year.

(2)(a) The amount of the subsidy is a percentage of the early learning coalition's approved school readiness program provider reimbursement rates as calculated pursuant to s. 1002.84(17). An early learning coalition shall consider family income and a required parent copayment that increases in relation to the family income when establishing the percentage for the amount of the subsidy for the program.

(b) The amount of the subsidy and parent copayment must be sufficient to allow the family to access eligible school readiness providers pursuant to s. 1002.88 and enable the parent to achieve self-sufficiency.

137630

(3) For a parent to receive a subsidy under the program, he or she must:

(a) Provide any documentation necessary to verify the parent's eligibility to receive the subsidy.

(b) Be responsible for the payment of all child care expenses in excess of the amount of the subsidy.

Section 12. For the 2024-2025 fiscal year, the sum of $23,076,259 in nonrecurring funds is appropriated from the General Revenue Fund to the Department of Education to implement the School Readiness Plus Program established in s. 1002.935, Florida Statutes. These funds shall be placed in reserve. The department is authorized to submit budget amendments requesting the release of the funds pursuant to chapter 216, Florida Statutes. Release of the funds is contingent upon the submission of an allocation plan developed by the department in collaboration with the early learning coalitions established pursuant to s. 1002.83, Florida Statutes.

providing voluntary case management services to certain persons for specified purposes; providing requirements for such case management services and case managers; amending s. 445.035, F.S.; requiring CareerSource Florida, Inc., in collaboration with other entities, to develop standardized intake and exit surveys for specified purposes; specifying when such surveys must be administered; providing requirements for such surveys; requiring completed surveys to be submitted to CareerSource Florida, Inc., and disseminated quarterly to certain departments; requiring the Department of Commerce, in consultation with other entities, to prepare and submit an annual report to the Legislature; providing requirements for such report; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (1) of section 414.065, Florida Statutes, is amended to read:

414.065 Noncompliance with work requirements.—

(1) PENALTIES FOR NONPARTICIPATION IN WORK REQUIREMENTS AND FAILURE TO COMPLY WITH ALTERNATIVE REQUIREMENT PLANS.—The department shall establish procedures for administering penalties for nonparticipation in work requirements and failure to comply with the alternative requirement plan. If an individual in a family receiving temporary cash assistance fails to engage in work activities required in accordance with s. 445.024, the following penalties shall apply. Before ~~Prior to~~

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

the imposition of a sanction, the participant must ~~shall~~ be notified orally or in writing that the participant is subject to sanction and that action will be taken to impose the sanction unless the participant complies with the work activity requirements. The participant must ~~shall~~ be counseled as to the consequences of noncompliance and, if appropriate, ~~shall be~~ referred for services that could assist the participant to fully comply with program requirements. If the participant has good cause for noncompliance or demonstrates satisfactory compliance, the sanction may ~~shall~~ not be imposed. If the requirements of s. 445.024(2)(a)1. are suspended pursuant to s. 445.024(2)(a)2., a participant in noncompliance because of such suspension is considered to have good cause for noncompliance for up to 6 weeks after the change in the participant's work requirements. If the participant has subsequently obtained employment, the participant must ~~shall~~ be counseled regarding the transitional benefits that may be available and provided information about how to access such benefits. The department shall administer sanctions related to food assistance consistent with federal regulations.

(a)1. First noncompliance: temporary cash assistance is ~~shall be~~ terminated for the family for a minimum of 10 days or until the individual who failed to comply does so.

2. Second noncompliance: temporary cash assistance is ~~shall be~~ terminated for the family for 1 month or until the individual who failed to comply does so, whichever is later. Upon meeting this requirement, temporary cash assistance must ~~shall~~ be reinstated to the date of compliance or the first day of the month following the penalty period, whichever is later.

3. Third noncompliance: temporary cash assistance is ~~shall be~~ terminated for the family for 3 months or until the individual who failed to comply does so, whichever is later. The individual must ~~shall be required to~~ comply with the required work activity upon completion of the 3-month penalty period, before reinstatement of temporary cash assistance. Upon meeting this requirement, temporary cash assistance must ~~shall~~ be reinstated to the date of compliance or the first day of the month following the penalty period, whichever is later.

(b) If a participant receiving temporary cash assistance who is otherwise exempted from noncompliance penalties fails to comply with the alternative requirement plan required in accordance with this section, the penalties provided in paragraph (a) ~~shall~~ apply.

If a participant fully complies with work activity requirements for at least 6 months, the participant must ~~shall~~ be reinstated as being in full compliance with program requirements for purpose of sanctions imposed under this section.

Section 2. Subsection (10) of section 414.105, Florida Statutes, is amended to read:

414.105 Time limitations of temporary cash assistance.—Except as otherwise provided in this section, an applicant or current participant shall receive temporary cash assistance for no more than a lifetime cumulative total of 48 months, unless otherwise provided by law.

(10) A member of the staff of the local workforce development board shall interview and assess the employment prospects and barriers of each participant who is within 6

months of reaching the 48-month time limit. The staff member shall do all of the following:

(a) Administer the exit survey required under s. 445.035(2).

(b) Use a tool to demonstrate future financial impacts of the participant's change in income and benefits over time.

(c) Assist the participant in identifying actions necessary to become employed before reaching the benefit time limit for temporary cash assistance.

(d) ~~and,~~ If appropriate, ~~shall~~ refer the participant for services that could facilitate employment, including, but not limited to, transitional benefits and services.

Section 3. Section 414.455, Florida Statutes, is amended to read:

414.455 Supplemental Nutrition Assistance Program; legislative authorization.—

(1) Notwithstanding s. 414.45, and unless expressly required by federal law, the department must ~~shall~~ obtain specific authorization from the Legislature before seeking, applying for, accepting, or renewing any waiver of work requirements established by the Supplemental Nutrition Assistance Program under 7 U.S.C. s. 2015(o).

(2) Unless prohibited by the Federal Government, the department must require a person who is receiving food assistance; who is 18 to 59 years of age, inclusive; who does not have children under the age of 18 in his or her home; who does not qualify for an exemption; and who is determined by the department to be eligible, to participate in an employment and training program.

Section 4. Present paragraph (k) of subsection (1) of section 445.009, Florida Statutes, is redesignated as paragraph (l), and a new paragraph (k) is added to that subsection, to read:

445.009 One-stop delivery system.—

(1) The one-stop delivery system is the state's primary customer-service strategy for offering every Floridian access, through service sites or telephone or computer networks, to the following services:

(k) Benefit management and career planning using a tool to demonstrate future financial impacts of the participant's change in income and benefits over time.

Section 5. Subsections (1) and (5) of section 445.011, Florida Statutes, are amended to read:

445.011 Consumer-first workforce system.—

(1) The department, in consultation with the state board, the Department of Education, and the Department of Children and Families, shall implement, subject to legislative appropriation, an automated consumer-first workforce system that improves coordination among required one-stop partners and is necessary for the efficient and effective operation and management of the workforce development system. This system must ~~shall~~ include, but is ~~need~~ not ~~be~~ limited to, the following:

(a) An integrated management system for the one-stop service delivery system, which includes, at a minimum, common registration and intake for required one-stop partners, screening for needs and benefits, benefit management and career planning using a tool to demonstrate future financial impacts of the participant's change in income and benefits over time, case

management, training benefits management, service and training provider management, performance reporting, executive information and reporting, and customer-satisfaction tracking and reporting.

1. The system should report current budgeting, expenditure, and performance information for assessing performance related to outcomes, service delivery, and financial administration for workforce programs pursuant to s. 445.004(5) and (9).

2. The system should include auditable systems and controls to ensure financial integrity and valid and reliable performance information.

3. The system should support service integration and case management across programs and agencies by providing for case tracking for participants in workforce programs, participants who receive benefits pursuant to public assistance programs under chapter 414, and participants in welfare transition programs under this chapter.

(b) An automated job-matching information system that is accessible to employers, job seekers, and other users via the Internet, and that includes, at a minimum, all of the following:

1. Skill match information, including skill gap analysis; resume creation; job order creation; skill tests; job search by area, employer type, and employer name; and training provider linkage.~~,~~

2. Job market information based on surveys, including local, state, regional, national, and international occupational and job availability information.~~; and~~

3. Service provider information, including education and training providers, child care facilities and related

information, health and social service agencies, and other providers of services that would be useful to job seekers.

(5) The department shall develop training for required one-stop partners on the use of the consumer-first workforce system, best practices for the use of a tool demonstrating future financial impacts of the participant's change in income and benefits over time, the different case management methods, the availability of welfare transition services, and how to prequalify individuals for workforce programs.

Section 6. Subsection (4) of section 445.017, Florida Statutes, is amended to read:

445.017 Diversion.—

(4)(a) The local workforce development board shall screen each family on a case-by-case basis for barriers to obtaining or retaining employment. The screening must ~~shall~~ identify barriers that, if corrected, may prevent the family from receiving temporary cash assistance on a regular basis. At the time of screening, the local workforce development board shall administer the intake survey required under s. 445.035(2).

(b) Assistance to overcome a barrier to employment is not limited to cash, but may include vouchers or other in-kind benefits.

Section 7. Subsection (2) of section 445.024, Florida Statutes, is amended to read:

445.024 Work requirements.—

(2) WORK ACTIVITY REQUIREMENTS.—Each individual who is not otherwise exempt from work activity requirements must participate in a work activity for the maximum number of hours allowable under federal law; however, a participant may not be

required to work more than 40 hours per week. The maximum number of hours each month that a family may be required to participate in community service or work experience programs is the number of hours that would result from dividing the family's monthly amount for temporary cash assistance and food assistance by the applicable minimum wage. However, the maximum hours required per week for community service or work experience may not exceed 40 hours.

(a)1. A participant who has not earned a high school diploma or its equivalent may participate in adult general education, as defined in s. 1004.02(3), or a high school equivalency examination preparation, as defined in s. 1004.02(16). A participant must participate in such program or course for at least 20 hours per week in order to satisfy the participant's work activity requirement.

2. If the state's TANF work participation rate, as provided by federal law, does not exceed the federal minimum work participation rate by 10 percentage points in any month, the requirements of this subsection may be suspended by the department until the work participation rate exceeds the federal minimum work participation rate by 10 percentage points for at least 3 consecutive months.

3. If the requirements of this subsection are suspended, the department must issue notice to the affected participants of the changed work requirements within 5 days after the change in such work requirements.

(b) ~~(a)~~ A participant in a work activity may also be required to enroll in and attend a course of instruction designed to increase literacy skills to a level necessary for

obtaining or retaining employment if the instruction plus the work activity does not require more than 40 hours per week.

(c) ~~(b)~~ Program funds may be used, as available, to support the efforts of a participant who meets the work activity requirements and who wishes to enroll in or continue enrollment in an adult general education program or other training programs.

Section 8. Subsections (1) and (2) of section 445.028, Florida Statutes, are amended to read:

445.028 Transitional benefits and services.—In cooperation with the department, the Department of Children and Families shall develop procedures to ensure that families leaving the temporary cash assistance program receive transitional benefits and services that will assist the family in moving toward self-sufficiency. At a minimum, such procedures must include, but are not limited to, the following:

(1) Each recipient of cash assistance who is determined ineligible for cash assistance for a reason other than a work activity sanction must ~~shall~~ be contacted by the workforce system case manager and provided information about the availability of transitional benefits and services. Such contact must include the administration of the exit survey required under s. 445.035(2) and ~~shall~~ be attempted before ~~prior to~~ closure of the case management file.

(2) Each recipient of temporary cash assistance who is determined ineligible for cash assistance due to noncompliance with the work activity requirements must ~~shall~~ be contacted and provided information in accordance with s. 414.065(1). Such contact must include the administration of the exit survey

required under s. 445.035(2).

Section 9. Section 445.0281, Florida Statutes, is created to read:

445.0281 Transitional case management.—Each recipient of cash assistance who is determined ineligible for cash assistance for a reason other than noncompliance with work activity requirements is eligible for voluntary case management services administered by the local workforce development board. Case management services must be available to support families who transition to economic self-sufficiency and to mitigate dependency on cash assistance. Case management services must include, but are not limited to, career planning, job search assistance, resume building, basic financial planning, connection to support services, and benefits management using a tool to demonstrate future financial impacts of the participant's change in income and benefits over time, as applicable. Case managers must connect recipients to other transitional benefits as needed.

Section 10. Section 445.035, Florida Statutes, is amended to read:

445.035 Data collection and reporting.—

(1) The Department of Children and Families and the state board shall collect data necessary to administer this chapter and make the reports required under federal law to the United States Department of Health and Human Services and the United States Department of Agriculture.

(2) CareerSource Florida, Inc., in collaboration with the department, the Department of Children and Families, and the local workforce development boards, shall develop standardized

intake and exit surveys for the purpose of collecting and aggregating data to monitor program effectiveness, inform program improvements, and allocate resources.

(a) The intake survey must be administered by the local workforce development boards during the required diversion screening process under s. 445.017. The intake survey must be administered to each new recipient of temporary cash assistance under chapter 414 who has not otherwise completed the survey.

(b) The intake survey must, at a minimum, collect qualitative or quantitative data, as applicable, relating to all of the following:

1. The recipient's perceived individual barriers to employment.

2. The reasons cited by the recipient for his or her separation from employment in the previous 12 months.

3. The recipient's stated goals for employment or professional development.

4. The recipient's highest level of education or credentials attained or training received at the time of enrollment.

5. The recipient's awareness of welfare transition services.

(c) The exit survey must be administered by the local workforce development boards to recipients of temporary cash assistance under chapter 414 as recipients prepare to transition off of temporary cash assistance. Based on a recipient's circumstances, the exit survey must be administered to the recipient at one of the following points of contact:

1. The recipient is approaching the statutory time

limitation for temporary cash assistance and is interviewed pursuant to s. 414.105(10); or

2. At such time when the recipient becomes ineligible for cash assistance and is contacted pursuant to s. 445.028.

(d) The exit survey must, at a minimum, collect data relating to all of the following:

1. The recipient's enrollment in other public benefits programs at the time of exit.

2. Whether the recipient has a long-term career plan.

3. The recipient's credentials or education attained or training received during enrollment.

4. Barriers to the recipient's employment which were addressed during enrollment.

5. Any remaining barriers to the recipient's employment.

(e) The completed surveys must be submitted to CareerSource Florida, Inc., and anonymized data must be disseminated quarterly to the department and the Department of Children and Families.

(f) The department, in consultation with CareerSource Florida, Inc., and the Department of Children and Families, shall prepare and submit to the President of the Senate and the Speaker of the House of Representatives a report by January 1 of each year. The report must include, at a minimum, the results of the intake and exit surveys, an analysis of the barriers to employment experienced by the survey respondents, and any recommendations for legislative and administrative changes to mitigate such barriers and improve the effective use of transitional benefits.

Section 11. This act shall take effect July 1, 2024.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Fiscal Policy

BILL:	SB 7058
INTRODUCER:	Governmental Oversight and Accountability Committee
SUBJECT:	Criminal History Checks for the Florida State Guard
DATE:	February 20, 2024
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	McVaney	McVaney		**GO Submitted as Comm. Bill/Fav**
2.	McVaney	Yeatman	FP	**Favorable**

I. Summary:

SB 7058 sets forth the process for applicants to the Florida State Guard to undergo criminal history checks prior to joining the Florida State Guard. The bill requires each applicant to submit fingerprints to the Division of the State Guard (division). These fingerprints are forwarded to the Department of Law Enforcement (FDLE) to complete a state criminal history check. The fingerprints are forwarded by FDLE to the Federal Bureau of Investigation to conduct a national criminal history check. The Department of Military Affairs must, and the division may, review the results from the checks to determine whether the applicant meets the standards to be a member of the Florida State Guard.

The division is required to pay all applicable fees for these criminal history checks. The total costs incurred by the division is expected to be no more than $100,000.

The bill takes effect upon becoming a law.

II. Present Situation:

Defense Forces

Federal law authorizes each state, the Commonwealth of Puerto Rico, the District of Columbia, Guam, and the Virgin Islands to create and maintain organized units other than their respective National Guard units. These separate units, called "defense forces," are for use exclusively within the jurisdiction as considered necessary by the Governor or chief executive of such jurisdiction but may not be called, ordered, or drafted into federal service.[1] Membership in such an organized service does not exempt any individual from service in the armed forces of the

[1] 32 U.S.C. s. 109(c).

United States,[2] but a member of the reserve component of the armed forces[3] may not be a member of a local defense force.[4] Currently, 23 states and the Commonwealth of Puerto Rico have organized defense forces separate from their National Guard units.[5]

Florida State Guard

The Florida State Guard (FSG) was created in 2022[6] as a component of the organized guard of the state, separate and apart from the Florida National Guard (FNG). The FSG is a state-funded volunteer force that partners with the FNG and other disaster response agencies to ensure communities are provided with humanitarian assistance and rapid response during manmade and natural disasters.[7]

The FSG is under the command and control of the governor and is authorized for exclusive use within the state when activated by the Governor[8] or for use in other states for specific purposes.[9] The FSG may not be called, ordered, or drafted into the armed forces of the United States and is authorized to have a maximum number of 1,500 volunteer personnel.[10]

The Division of the State Guard (division) within the Department of Military Affairs is responsible for the organization, recruitment, training, equipping, management, and functions of the FSG. The division is led by a director who is appointed by and serves at the pleasure of the governor.[11] Subject approval by the Governor, the director determines the number of volunteer personnel within the FSG.[12] Members of the FSG must:

- Be citizens of the United States and residents of Florida;
- Have no felony conviction and submit fingerprints as required by state and federal law for purposes of conducting a criminal background check;
- Not be an active duty servicemember, a member of the armed forces reserves, or a member of the FNG; and
- Have been separated under terms no less than a general discharge under honorable conditions if the applicant is a former member of the armed forces or of any military or naval organization of a state.[13]

[2] 32 U.S.C. s. 109(d).
[3] The reserve component of the armed forces includes the Army National Guard and the Air National Guard in addition to the Army, Navy, Marine Corps, Air Force, and Coast Guard Reserves. *See* 10 U.S.C. s. 10101.
[4] 32 U.S.C. s. 109(e).
[5] Alaska, California, Connecticut, Florida, Georgia, Indiana, Louisiana, Maryland, Massachusetts, Michigan, Mississippi, New Mexico, New York, Ohio, Oregon, Puerto Rico, Rhode Island, South Carolina, Tennessee, Texas, Vermont, Virginia, and Washington.
[6] The FSG was created via the Implementing Act of the General Appropriations Act for the 2022-23 fiscal year, Ch. 2022-157, s. 80, Laws of Fla., and is codified in statutes as s. 251.001, F.S., the Florida State Guard Act.
[7] Florida State Guard, *History*, https://www.floridastateguard.org/history (last visited Jan. 19, 2024).
[8] Section 251.001(2), F.S.
[9] The FSG is authorized to support other states under the Emergency Management Assistance Compact (EMAC) as provided for in part III of ch. 252, F.S. S. 251.001(8)(a)4., F.S.
[10] Section 251.001(2), F.S.
[11] Section 251.001(3), F.S.
[12] Section 251.001(5)(a), F.S.
[13] Section 251.001(5)(c), F.S.

The director determines the minimum standards for the age, physical and health condition, and physical fitness of applicants[14] and a program for training for members of the FSG.[15] The standards and training program determined by the director may be no less than the standards and training requirements required by the FNG. Members of the FSG are reimbursed for per diem and travel expenses incurred to attend required training or in the course of active service.[16] While activated or in training, FSG members are not liable for any lawful act done in the performance of his or her FSG duties while acting in good faith within the scope of such duties. In addition, while activated or in training, FSG members are considered volunteers for the state, and are entitled to workers' compensation protections pursuant to chapter 440, F.S., and are guaranteed the same protections as members of the FNG.[17]

The FSG may be activated by order of the governor:

- During any period when any part of the FNG is in active federal service and the governor has declared a state of emergency;
- To preserve the public peace, execute the laws of the state, enhance domestic security, respond to terrorist threats or attacks, protect and defend the people of the state from threats to public safety, respond to an emergency[18] or imminent danger thereof, or respond to any need for emergency aid to civil authorities;
- To augment any existing state or local agency; or
- To provide support to other states under Emergency Management Assistance Compact. [19]

The FSG is deactivated at the expiration of the order or by a separate order by the governor deactivating the FSG.[20]

The director is also responsible for organizing a specialized unit within the FSG in which members are vested with authority to bear arms, detect, and apprehend while activated.[21] Members of the specialized unit must meet the minimum qualifications for employment or appointment as a law enforcement officer defined in law[22] and are certified as law enforcement officers.[23] The specialized unit is authorized to have the same law enforcement authority as the law enforcement agency the specialized group is working with when activated.[24]

Criminal History Checks

A criminal history record is any nonjudicial record maintained by a criminal justice agency containing criminal history information.[25] Criminal history information includes information

[15] Section 251.001(7), F.S.
[16] Section 251.001(9), F.S.
[17] Section 251.001(10), F.S.
[18] Section 252.34(4), F.S., defines the term "emergency" to mean any occurrence, or threat thereof, whether natural, technological, or manmade, in war or in peace, which results or may result in substantial injury or harm to the population or substantial damage to or loss of property.
[19] Section 251.001(8)(a), F.S.
[20] Section 251.001(8)(b), F.S.
[21] Section 251.001(6), F.S.
[22] Such qualifications are provided in s. 943.13, F.S.
[23] Members must be certified as law enforcement officers as defined by s. 943.10(1), F.S.
[24] Section 251.001(6), F.S.
[25] Section 943.045(6), F.S.

collected by criminal justice agencies on persons, which information consists of identifiable descriptions and notations of arrests, detentions, indictments, informations, or other formal criminal charges and the disposition thereof.[26]

The Criminal Justice Information Program (CJIP), the state's central criminal justice information repository, is established within the FDLE.[27] The CJIP is directed, among other requirements, to:

- Establish and maintain a communication system capable of transmitting criminal justice information to and between criminal justice agencies.[28]
- Establish, implement, and maintain a statewide automated biometric identification system capable of, but not limited to, reading, classifying, matching, and storing fingerprints, rolled fingerprints, latent fingerprints, palm prints, and facial images.[29]
- Retain fingerprints submitted by criminal and noncriminal justice agencies to the FDLE for a criminal history background screening as provided by rule and enter the fingerprints in the statewide automated biometric identification system previously described;[30] and
- For each agency or qualified entity that officially requests retention of fingerprints or for which retention is otherwise required by law, search all arrest fingerprint submissions received under s. 943.051, F.S., against the fingerprints retained in the previously described statewide automated biometric identification system.[31]

The total fiscal impact to the private sector for each state and national criminal history record check is $37.25.[32] Of this total amount, the cost for the national portion of a criminal history record check is $13.25 and the cost for the state portion is $24.[33] The first year of state retention is included in the cost of the criminal history record check. The cost to retain fingerprints at the state level is $6 annually, per set of applicant fingerprints. There are no fees required by the FBI for federal fingerprint retention.

III. Effect of Proposed Changes:

The bill requires each applicant for the Florida State Guard to submit a complete set of fingerprints to the division or to the vendor, entity, or agency authorized by the Department of Law Enforcement (FDLE) to accept electronic fingerprint submissions. The bill provides the entity receiving the fingerprints must forward the fingerprints to FDLE for state criminal history processing. The FDLE must submit the fingerprints to the Federal Bureau of Investigation (FBI) for a national criminal history record check.

The Department of Military Affairs shall, and the FSG may, review the results to determine whether an applicant meets the specific qualifications to join the FSG.

The bill requires fees for fingerprint processing are to be borne by the FSG.

---

[26] Section 943.045(5), F.S.
[27] Section 943.05, F.S.
[28] Section 943.05(2)(a), F.S.
[29] Section 943.05(2)(b), F.S.
[30] Section 943.05(2)(g), F.S.
[31] Section 943.05(2)(h), F.S.
[32] https://www.fdle.state.fl.us/Criminal-History-Records/Documents/Criminal-History-Fee-Chart_January2019.aspx
[33] Section 943.053(3)(e), F.S.

Fingerprints submitted to the FDLE must be retained and enrolled in the FBI's national retained fingerprint arrest notification program. The bill requires any arrest record identified to the reported to the FSG.

The Department of Military Affairs and the division are granted rulemaking authority relating to the submission of fingerprints by applicants to the FSG.

The bill takes effect upon becoming a law.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Not applicable. The bill does not require counties or municipalities to take an action requiring the expenditure of funds, reduce the authority that counties or municipalities have to raise revenue in the aggregate, nor reduce the percentage of state tax shared with counties or municipalities.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The fiscal impact on the Division of the State Guard is indeterminate. However, if the division submits 150,000 (maximum number of FSG members) to the FDLE at the cost of $37.25 per criminal history check, the division will incur roughly $60,000 in costs.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill creates section 251.002 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

None.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Governmental Oversight and Accountability

585-03027-24 20247058__

A bill to be entitled

An act relating to criminal history checks for the Florida State Guard; creating s. 251.002, F.S.; requiring applicants for the Florida State Guard to submit a complete set of fingerprints to the Division of the State Guard or other specified entity, vendor, or agency; requiring that the division or such entity, vendor, or agency forward the fingerprints to the Department of Law Enforcement for processing and that the department forward the fingerprints to the Federal Bureau of Investigation for a national criminal history check; requiring the Department of Military Affairs, and authorizing the division, to review certain results and make a specified determination; requiring the division to bear the fees for state and federal processing of the fingerprints; specifying the state cost for fingerprint processing; requiring that the fingerprints be retained by the Department of Law Enforcement in accordance with a specified provision and enrollment of the fingerprints in the Federal Bureau of Investigation's national retained print arrest notification program; requiring that identified arrest records to be sent to the division; granting rulemaking authority to the Department of Military Affairs and the division; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 251.002, Florida Statutes, is created to

read:

251.002 Criminal history checks for applicants for the Florida State Guard.—

(1) Each applicant for the Florida State Guard must submit a complete set of fingerprints to the Division of the State Guard or to the entity, vendor, or agency authorized by s. 943.053(13) to accept electronic fingerprints. The division, entity, vendor, or agency, as applicable, shall forward the fingerprints to the Department of Law Enforcement for state processing, and the Department of Law Enforcement shall forward the fingerprints to the Federal Bureau of Investigation for a national criminal history record check.

(2) The Department of Military Affairs shall, and the Division of the State Guard may, review the results of the state and national criminal history record checks and determine whether the applicant meets the specified qualifications to serve in the Florida State Guard.

(3) Fees for state and federal fingerprint processing and retention must be borne by the Division of the State Guard. The state cost for fingerprint processing must be as provided in s. 943.053(3)(e).

(4) Fingerprints submitted to the Department of Law Enforcement pursuant to this section must be retained by the Department of Law Enforcement as provided in s. 943.05(2)(g) and (h) along with enrollment of the fingerprints in the Federal Bureau of Investigation's national retained print arrest notification program. Any arrest record identified must be reported to the Division of the State Guard.

(5) The Department of Military Affairs may, and the

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Division of the State Guard shall, adopt rules to implement subsection (1).

Section 2. This act shall take effect upon becoming a law.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Fiscal Policy

BILL:	SB 7060
INTRODUCER:	Governmental Oversight and Accountability Committee
SUBJECT:	Foreign Investments by the State Board of Administration
DATE:	February 20, 2024
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	McVaney	McVaney		**GO Submitted as Comm. Bill/Fav**
2.	McVaney	Yeatman	FP	**Favorable**

I. Summary:

SB 7060 limits the investments the State Board of Administration (SBA), on behalf of the Florida Retirement System, may have hold relating to companies owned by the Chinese government. The bill prohibits the SBA from making new investments in Chinese companies (those companies in which the government of the People's Republic of China, the Chinese Communist Party, or the Chinese military have majority-ownership). The SBA must identify any current holdings in Chinese companies and divest from such interests no later than September 1, 2025. Actions taken pursuant to these new limitations must be incorporated into the investment policy statement for the Florida Retirement System Trust Fund.

The bill will have indeterminate impact on state expenditures. The bill is not expected to impact state revenues or local government revenues and expenditures.

The bill takes effect upon becoming a law.

II. Present Situation:

State Board of Administration - Generally

The State Board of Administration (SBA or board) is established by the State Constitution.[1] The board derives its powers to oversee state funds from Art. XII, s. 9 of the State Constitution and ch. 215, F.S. The board serves as the state's investment management organization, with authority over 30 funds collectively valued at about $237.7 billion as of June 30, 2023, including $200.2 billion in the state's pension and investment plans for public employees, which accounts for 84.2 percent of assets under management.[2] Other funds under management, with total combined

[1] Art. IV, s. 4(e) Fla. Const. (1968).
[2] State Board of Administration, *Annual Investment Report: July 1, 2022-June 30, 2023*, p. 5, https://www.sbafla.com/fsb/Portals/FSB/Content/Performance/Annual/2022-2023%20AIR.pdf?ver=2023-12-22-100527-123 (last visited Feb. 5, 2024).

assets of $26.7 billion, include the Florida Hurricane Catastrophe Fund, Department of the Lottery Fund, Florida Prepaid College and Florida College Investment Plan, FSU Research Foundation, Florida PRIME (surplus funds of local governments) and the Police and Firefighters' Premium Tax Trust Fund.[3] The Governor, Chief Financial Officer, and Attorney General serve as the SBA's Board of Trustees (Trustees), and delegate operational authority to an executive director and chief investment officer, who oversee about 200 employees.[4]

State Board of Administration Investing Duties Relating to the FRS Pension Plan

The State Board of Administration (SBA or board) is charged with investing the assets of the Florida Retirement System (both the Pension Plan and the Investment Plan). The SBA does not manage investments for the Investment Plan. The Investment Plan offers a diversified mix of primary investment funds in which the member can choose to invest his or her funds. These investment funds are managed by private providers (such as Fidelity, Prudential, Stephens, T Rowe Price, and others).[5]

Pecuniary Interest

As fiduciaries, the Board and its Trustees must act in the best interests of the plan's participants and beneficiaries. Generally, when deciding whether to invest, the Board and the Trustees must make decisions based solely on pecuniary factors and may not subordinate the interests of participants and beneficiaries to other objectives, including sacrificing investment return or undertaking additional investment risk to promote any nonpecuniary interest.[6]

In this instance, "pecuniary factor" means "a factor the that the Board prudently determines is expected to have a material effect on the risk or returns of an investment based on appropriate investment horizons consistent with applicable investment objectives and funding policy. The term does not include the consideration of the furtherance of any social, political, or ideological interests."[7]

Authorized Investments

Pursuant to s. 215.444, F.S., a nine-member Investment Advisory Council provides recommendations on investment policy, strategy, and procedures. The SBA's authority to invest the funds, including FRS assets, is governed by s. 215.47, F.S., which provides for a "legal list" of the types of investments and for how much of any fund may be invested in each investment

[3] A full list of SBA-managed investment funds is available at https://www.sbafla.com/fsb/FundsWeManage.aspx (last visited Feb. 5, 2024). *See also*, *SBA 2023 Annual Investment Report*, *supra* note 2.
[4] Section 215.44, F.S.; SBA, *Summary Overview of the State Board of Administration of Florida*, p. 3 (Oct. 8, 2021) *https://www.sbafla.com/fsb/Portals/FSB/Content/Topics/SBAOverview_20211025.pdf?ver=2021-10-28-120954-217*.

[6] Section 214.47(10)(b), F.S.
[7] Section 215.47(10)(a), F.S.

type.[8] Additionally, the SBA may invest up to 5 percent of any fund as it deems appropriate. However, the Investment Advisory Council must approve any such plan.[9]

As part of its best interests, maximization, and diversification actions, the SBA invests in multiple asset classes: global equities, fixed income, real estate, strategic investments, and private equity.

As of June 30, 2023, the total market value of the FRS Pension Plan's foreign equity investments was $31,684,093,180.[10]

SBA Divestment and Prohibited Investments

In addition to the limitations provided by the "legal list," the Legislature has enacted three statutory exceptions to the normal fiduciary standards relating to investments of the FRS. The exceptions apply to investments in (a) certain companies doing business in Cuba, Syria, and Venezuela,[11] (b) certain companies doing business in, or with sufficient ties to, Sudan or Iran,[12] and (c) certain companies that boycott Israel or engage in a boycott of Israel.[13] These statutory exceptions allow the Board and the Trustees to make decisions regarding investments in these "scrutinized companies" without regard to the pecuniary factors and nonpecuniary interests involved.

Federal Sanctions on China

The United States has implemented multiple sanctions on the People's Republic Of China (PRC) based on its human rights abuse, illicit narcotics trafficking, cyber-attacks, and corruption; weapons proliferation; failure to comply with multilateral sanctions on North Korean and Iran; and policy regarding Hong Kong. The United States has also implemented sanctions against China to respond to the PRC's "exploitation of United States capital to resource and enable the development and modernizations of its military, intelligence, and other security apparatuses, which continues to allow the PRC to directly threaten the United States…."[14] This prohibits the

[8] Section 215.47, F.S., sets some key guidelines such as:
- No more than 80 percent of assets may be invested in equity securities.
- No more than 75 percent of assets may be invested in internally managed equity securities.
- No more than 3 percent of equity assets may be invested in the equity securities of any one corporation, except when the securities of that corporation are included in any broad equity index or with approval of the Board; and in such case, no more than 10 percent of equity assets may be invested in the equity securities of any one corporation.
- No more than 30 percent in alternative investments.
- No more than 80 percent of assets may be placed in corporate fixed income securities.
- No more than 25 percent of assets may be invested in notes secured by FHA-insured or VA-guaranteed first mortgages on Florida real property, or foreign government general obligations with a 25-year default-free history.
- No more than 25 percent of assets may be invested in foreign corporate or commercial securities or obligations.

[11] Section 215.471, F.S.
[12] Section 215.473, F.S.
[13] Section 215.4725, F.S.
[14] *See*, Executive Order 14032, *Addressing the Threat from Securities Investments That Finance Certain Companies of the People's Republic of China*, (Jun. 3, 2021), https://www.whitehouse.gov/briefing-room/presidential-actions/2021/06/03/executive-order-on-addressing-the-threat-from-securities-investments-that-finance-certain-companies-of-

purchase or sale of any publicly traded securities, or any derivative thereof, from any person determined by the Office of Foreign Assets Control to:

- Operate or have operated in the defense and related material sector or the surveillance technology sector of the economy of the PRC; or
- Own or control, directly or indirectly, person an individual or entity who operates or has operated in any prohibited sector.

III. Effect of Proposed Changes:

Section 1 amends s. 215.47, F.S., to allow the SBA to consider factors other than pecuniary factors when making decisions regarding investments in Chinese companies as defined in s. 215.4735.

Section 2 creates s. 215.4735, F.S., to prohibit the SBA from making new investments in Chinese companies (those companies in which the government of the People's Republic of China, the Chinese Communist Party, or the Chinese military have majority-ownership). The SBA must identify any current holdings in Chinese companies and divest from such interests no later than September 1, 2025, or at such later time if necessary for the board to implement the plan consistent with fiduciary standards set forth in s. 215.47(10), F.S.

Actions taken pursuant to these new limitations must be incorporated into the investment policy statement for the Florida Retirement System Trust Fund.

Section 3 provides that the bill takes effect upon becoming a law.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Not applicable. The bill does not require counties or municipalities to take an action requiring the expenditure of funds, reduce the authority that counties or municipalities have to raise revenue in the aggregate, nor reduce the percentage of state tax shared with counties or municipalities.

B. Public Records/Open Meetings Issues:

None.

Reg. 76987-76988 (Nov. 3, 2023), https://www.federalregister.gov/documents/2023/11/07/2023-24776/continuation-of-the-national-emergency-with-respect-to-the-threat-from-securities-investments-that (last visited Feb. 5, 2024).

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The State of Board of Administration may incur costs to identify those securities it currently holds that meet the criteria described in this legislation. The impact on the FRS System Trust Fund as a result of divestment from those identified securities is indeterminate.

VI. Technical Deficiencies:

None.

VII. Related Issues:

Based on preliminary data from November 2023, the State Board of Administration preliminarily identified roughly $277.1 million worth of direct holdings in 211 Chinese companies as defined in the bill. The table below shows these holdings.

Chinese Company	Value of Holding
Bank of China Limited Class H	$13.0 m
Baoshan Iron & Steel, Ltd. Class A	$22.5 m
China Construction Bank Corp Class H	$53.6 m
China Railway Group Limited Class H	$7.3 m
China Yangtze Power Co., Ltd Class A	$9.9 m
Chinese Universe Publishing & Media Group Co., Ltd. Class A	$6.2 m
Huaneng Lancang River Hydropower Co Ltd Class A	$10.6 m
Kweichow Moutai Co., Ltd Class A	$36.3 m
Kweichow Moutai Co., Ltd Class A	$10.1 m

Chinese Company	Value of Holding
PICC Property & Casualty Co., Ltd. Class H	$5.3 m
Sinotruk Hong Kong Ltd	$6.9 m
Wuliangye Yibin Co., Class A	$21.1 m
199 Other Holdings (each less than	$74.3 m
TOTAL	$277.1 m

VIII. Statutes Affected:

This bill substantially amends section 215.47 of the Florida Statutes. This bill creates section 215.4735 of the Florida Statutes.

By the Committee on Governmental Oversight and Accountability

585-03024-24 20247060__

A bill to be entitled

An act relating to foreign investments by the State Board of Administration; amending s. 215.47, F.S.; conforming a provision to changes made by the act; creating s. 215.4735, F.S.; defining terms; prohibiting the State Board of Administration from acquiring, on behalf of the Florida Retirement System Trust Fund, direct holdings in Chinese companies; requiring the board to initiate a review of its direct holdings to make a specified determination by a specified date; requiring the board to develop a certain divestment plan for such holdings by a specified date; requiring the board to divest from such holdings according to the required plan by a specified date; providing for an extension under specified conditions; requiring that certain actions be adopted and incorporated into a specified investment policy statement; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (10) of section 215.47, Florida Statutes, is amended to read:

215.47 Investments; authorized securities; loan of securities.—Subject to the limitations and conditions of the State Constitution or of the trust agreement relating to a trust fund, moneys available for investments under ss. 215.44-215.53 may be invested as follows:

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

585-03024-24 20247060__

(10)(a) As used in this subsection, the term "pecuniary factor" means a factor that the State Board of Administration prudently determines is expected to have a material effect on the risk or returns of an investment based on appropriate investment horizons consistent with applicable investment objectives and funding policy. The term does not include the consideration of the furtherance of any social, political, or ideological interests.

(b) Notwithstanding any other law except for ss. 215.471, 215.4725, ~~and~~ 215.473, and 215.4735, when deciding whether to invest and when investing the assets of any fund, the State Board of Administration must make decisions based solely on pecuniary factors and may not subordinate the interests of the participants and beneficiaries of the fund to other objectives, including sacrificing investment return or undertaking additional investment risk to promote any nonpecuniary factor. The weight given to any pecuniary factor must appropriately reflect a prudent assessment of its impact on risk or returns.

(c) Investments made by the State Board of Administration shall be designed to maximize the financial return to the fund consistent with the risks incumbent in each investment and shall be designed to preserve an appropriate diversification of the portfolio. The board shall discharge its duties with respect to a plan solely in the interest of its participants and beneficiaries. The board in performing the above investment duties shall comply with the fiduciary standards set forth in the Employee Retirement Income Security Act of 1974 at 29 U.S.C. s. 1104(a)(1)(A) through (C). Except as provided in paragraph (b), in case of conflict with other provisions of law

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

authorizing investments, the investment and fiduciary standards set forth in this paragraph prevail.

Section 2. Section 215.4735, Florida Statutes, is created to read:

215.4735 Prohibited foreign investments.—

(1) As used in this section, the term:

(a) "Board" means the State Board of Administration.

(b) "China" means the government of the People's Republic of China, the Chinese Communist Party, the Chinese military, or any instrumentality thereof, or any combination thereof.

(c) "Chinese company" means a company that is publicly known to be majority-owned by China.

(d) "Company" means a sole proprietorship, organization, association, corporation, partnership, joint venture, limited partnership, limited liability partnership, limited liability company, or other entity or business association, including all wholly owned subsidiaries, majority-owned subsidiaries, and parent companies, or an affiliate of such entity or business association which exists for the purpose of making a profit.

(e) "Direct holdings" in a company means all securities of that company which are held directly by the Florida Retirement System Trust Fund or in an account or fund in which the Florida Retirement System Trust Fund owns all shares or interests. The term does not include indirect holdings in actively managed investment funds, including a private equity fund, or holdings in exchange-traded funds.

(f) "Florida Retirement System Trust Fund" means all assets of the Florida Retirement System held by the board in its capacity as a fiduciary pursuant to part I of chapter 121.

(g) "Indirect holdings" in a company means all securities of that company which are held in a commingled fund or other collective investment, such as a mutual fund, in which the Florida Retirement System Trust Fund owns shares or interests, together with other investors not subject to this section.

(h) "Majority-owned" means to have ownership of 50.1 percent or more of the outstanding equity interests of a company.

(2)(a) The board may not acquire, on behalf of the Florida Retirement System Trust Fund, direct holdings in a Chinese company.

(b) The board must:

1. Initiate, no later than June 1, 2024, a review of all current direct holdings to determine which direct holdings, if any, include securities of a Chinese company.

2. Develop, no later than September 1, 2024, a divestment plan for all direct holdings in Chinese companies. The divestment plan must be developed and implemented consistent with the fiduciary standards set forth in s. 215.47(10).

3. Complete divestment from direct holdings in Chinese companies included in the divestment plan developed pursuant to subparagraph 2. no later than September 1, 2025, or at such later time if necessary for the board to implement the divestment plan consistent with the fiduciary standards set forth in s. 215.47(10).

(3) The board's actions taken in compliance with this section, including all good faith determinations regarding companies as required by this section, must be adopted and incorporated into the investment policy statement as provided in

s. 215.475.

Section 3. This act shall take effect upon becoming a law.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Fiscal Policy

BILL:	SB 7062
INTRODUCER:	Appropriations Committee on Criminal and Civil Justice
SUBJECT:	Public Records/Lethality Assessment
DATE:	February 20, 2024 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
	Kolich	Harkness		**ACJ Submitted as Comm. Bill/Fav**
1.	Kolich	Yeatman	FP	**Favorable**

I. Summary:

SB 7062 amends s. 741.29, F.S., to create a public records exemption for a lethality assessment form that contains a victim's information and responses to a lethality assessment.

This bill is linked to SB 638, which requires law enforcement officers who investigate an alleged incident of domestic violence to administer a lethality assessment if the allegation is against an intimate partner, regardless of whether an arrest is made. Lethality assessments are used to determine a victim's risk of serious bodily injury or death at the hands of their aggressor and will be administered for any call relating to intimate partner violence.

The exemption is subject to the Open Government Sunset Review Act and will be repealed on October 2, 2029, unless reviewed and saved from repeal through reenactment.

The bill provides a public necessity statement as required by the State Constitution.

Because the bill creates a new public record exemption, it requires a two-thirds vote of the members present and voting in each house of the Legislature for final passage.

The bill takes effect on the same date that SB 638 or similar legislation takes effect, if such legislation is adopted in the same legislative session or an extension thereof and becomes a law.

II. Present Situation:

Access to Public Records - Generally

The Florida Constitution provides that the public has the right to inspect or copy records made or received in connection with official governmental business.[1] The right to inspect or copy applies

[1] FLA. CONST. art. I, s. 24(a).

to the official business of any public body, officer, or employee of the state, including all three branches of state government, local governmental entities, and any person acting on behalf of the government.[2]

Additional requirements and exemptions related to public records are found in various statutes and rules, depending on the branch of government involved. For instance, s. 11.0431, F.S., provides public access requirements for legislative records. Relevant exemptions are codified in s. 11.0431(2)-(3), F.S., and adopted in the rules of each house of the Legislature.[3] Florida Rule of Judicial Administration 2.420 governs public access to judicial branch records.[4] Finally, ch. 119, F.S., known as the Public Records Act, provides requirements for public records held by executive agencies.

Executive Agency Records – The Public Records Act

The Public Records Act provides that all state, county and municipal records are open for personal inspection and copying by any person, and that providing access to public records is a duty of each agency.[5]

Section 119.011(12), F.S., defines "public records" to include:

> All documents, papers, letters, maps, books, tapes, photographs, films, sound recordings, data processing software, or other material, regardless of the physical form, characteristics, or means of transmission, made or received pursuant to law or ordinance or in connections with the transaction of official business by any agency.

The Florida Supreme Court has interpreted this definition to encompass all materials made or received by an agency in connection with official business that are used to "perpetuate, communicate, or formalize knowledge of some type."[6]

The Florida Statutes specify conditions under which public access to public records must be provided. The Public Records Act guarantees every person's right to inspect and copy any public record at any reasonable time, under reasonable conditions, and under supervision by the custodian of the public record.[7] A violation of the Public Records Act may result in civil or criminal liability.[8]

[5] Section 119.01(1), F.S. Section 119.011(2), F.S., defines "agency" as "any state, county, district, authority, or municipal officer, department, division, board, bureau, commission, or other separate unit of government created or established by law including, for the purposes of this chapter, the Commission on Ethics, the Public Service Commission, and the Office of Public Counsel, and any other public or private agency, person, partnership, corporation, or business entity acting on behalf of any public agency."
[6] *Shevin v. Byron, Harless, Schaffer, Reid and Assoc., Inc*., 379 So. 2d 633, 640 (Fla. 1980).
[7] Section 119.07(1)(a), F.S.
[8] Section 119.10, F.S. Public records laws are found throughout the Florida Statutes, as are the penalties for violating those laws.

The Legislature may exempt public records from public access requirements by passing a general law by a two-thirds vote of both the House and the Senate.[9] The exemption must state with specificity the public necessity justifying the exemption and must be no broader than necessary to accomplish the stated purpose of the exemption.[10]

General exemptions from the public records requirements are contained in the Public Records Act.[11] Specific exemptions often are placed in the substantive statutes relating to a particular agency or program.[12]

When creating a public records exemption, the Legislature may provide that a record is "exempt" or "confidential and exempt." There is a difference between records the Legislature has determined to be exempt from the Public Records Act and those which the Legislature has determined to be exempt from the Public Records Act *and confidential*.[13] Records designated as "confidential and exempt" are not subject to inspection by the public and may only be released under the circumstances defined by statute.[14] Records designated as "exempt" may be released at the discretion of the records custodian under certain circumstances.[15]

Open Government Sunset Review Act

Legislative Review Process and Future Repeal

The provisions of s. 119.15, F.S., known as the Open Government Sunset Review Act[16] (the Act), prescribe a legislative review process for newly created or substantially amended[17] public records or open meetings exemptions, with specified exceptions.[18] The Act requires the repeal of the exemption on October 2nd of the fifth year after creation or substantial amendment, unless the Legislature reenacts the exemption.[19]

[16] Section 119.15, F.S.
[17] An exemption is considered to be substantially amended if it is expanded to include more records or information or to include meetings as well as records. Section 119.15(4)(b), F.S.
[18] Section 119.15(2)(a) and (b), F.S., provides that exemptions required by federal law or applicable solely to the Legislature or the State Court System are not subject to the Open Government Sunset Review Act.
[19] Section 119.15(3), F.S.

Exemption Must Serve an Identifiable Public Purpose and Be Drafted No Broader than Necessary

The Act provides that a public records or open meetings exemption may be created or maintained only if it serves an identifiable public purpose and is no broader than is necessary.[20] An exemption serves an identifiable purpose if it meets one of the following purposes *and* the Legislature finds that the purpose of the exemption outweighs open government policy and cannot be accomplished without the exemption:

- It allows the state or its political subdivisions to effectively and efficiently administer a governmental program, and administration would be significantly impaired without the exemption;[21]
- It protects sensitive, personal information, the release of which would be defamatory, cause unwarranted damage to the good name or reputation of the individual, or would jeopardize the individual's safety. If this public purpose is cited as the basis of an exemption, however, only personal identifying information is exempt;[22] or
- It protects information of a confidential nature concerning entities, such as trade or business secrets.[23]

The Act also requires specified questions to be considered during the review process.[24] In examining an exemption, the Act directs the Legislature to question the purpose and necessity of reenacting the exemption.

Public Necessity Statement and Two-thirds Vote Requirement

If the exemption is continued and expanded, then a public necessity statement and a two-thirds vote for passage are required.[25] If the exemption is continued without substantive changes or if the exemption is continued and narrowed, then a public necessity statement and a two-thirds vote for passage are *not* required. If the Legislature allows an exemption to expire, the previously exempt records will remain exempt unless otherwise provided by law.[26]

Domestic Violence

Domestic violence is any assault, aggravated assault, battery, aggravated battery, sexual assault, sexual battery, stalking, aggravated stalking, kidnapping, false imprisonment, or any criminal

[20] Section 119.15(6)(b), F.S.
[21] Section 119.15(6)(b)1., F.S.
[22] Section 119.15(6)(b)2., F.S.
[23] Section 119.15(6)(b)3., F.S.
[24] Section 119.15(6)(a), F.S. The specified questions are:
- What specific records or meetings are affected by the exemption?
- Whom does the exemption uniquely affect, as opposed to the general public?
- What is the identifiable public purpose or goal of the exemption?
- Can the information contained in the records or discussed in the meeting be readily obtained by alternative means? If so, how?
- Is the record or meeting protected by another exemption?
- Are there multiple exemptions for the same type of record or meeting that it would be appropriate to merge?

[25] *See generally* s. 119.15, F.S.
[26] Section 119.15(7), F.S.

offense resulting in physical injury or death of one family or household member by another family or household member.[27]

Domestic Violence in Florida

In 2020, 106,615 crimes of domestic violence were reported to Florida law enforcement agencies, resulting in 63,217 arrests.[28] Of those 106,615 reported domestic violence offenses, the relationship of the victims to the offenders varied, including:

- 20,735 were spousal;[29]
- 29,663 were co-habitants;[30] and
- 20,142 were other.[31]

Domestic Violence Training

Section 943.171, F.S., requires basic skills training in handling domestic violence cases. Every basic skills course required in order for law enforcement officers to obtain initial certification shall include a minimum of six hours of training in handling domestic violence cases and training must include the recognition and determination of the primary aggressor in domestic violence cases and the issues involved in child-to-parent cases.

Domestic Violence Investigations

Section 741.29, F.S., provides domestic violence investigations require an officer who investigates an alleged incident of domestic violence to:

- Assist the victim to obtain medical treatment if such is required;[32]
- Advise the victim that there is a domestic violence center from which the victim may receive services;[33]
- Give the victim immediate notice of the legal rights and remedies available;[34]

---

[27] Section 741.28, F.S.; "Family or household member," means spouses, former spouses, persons related by blood or marriage, persons who are presently residing together as if a family or who have resided together in the past as if a family, and persons who are parents of a child in common regardless of whether they have been married. With the exception of persons who have a child in common, the family or household members must be currently residing or have in the past resided together in the same single dwelling unit.

[28] Florida Department of Law Enforcement, *Crime in Florida: Florida Uniform Crime Report*, available at: https://www.fdle.state.fl.us/CJAB/UCR/Annual-Reports/UCR-Domestic-Violence (Last accessed December 12, 2023).

[29] Florida Department of Law Enforcement, *Domestic Violence, Victim to Offender Relationships*, available at: https://www.fdle.state.fl.us/CJAB/UCR/Annual-Reports/UCR-Domestic-Violence/Domestic-Violence-Relationships-Chart.aspx (Last accessed December 14, 2023). Spouse means the victim and offender are married by law or have been previously married. This category included ex-spouses.

[30] *Id.* Co-Habitant means the victim lived with the offender as a married couple without legal marriage. This category includes former co-habitants.

[31] *Id.* Other means the victim and offender had a child together but were never married and never lived together.

[32] Section 741.29 (1), F.S.

[33] Section 741.29 (1), F.S.

[34] Section 741.29 (1), F.S. The Legal Rights and Remedies Notice to Victims must include a general summary of s. 741.30, F.S., the resource listing and phone number for the area domestic violence center, and a copy of the following statement: "If you are a victim of domestic violence, you may ask the state attorney to file a criminal complaint. You also have the right to go to court and file a petition requesting an injunction for protection from domestic violence which may include, but need not be limited to, provisions which restrain the abuser from further acts of abuse; direct the abuser to leave your household; prevent the abuser from entering your residence, school, business, or place of employment; award you custody of minor children; and direct the abuser to pay support to you and the minor children if the abuser has a legal obligation to do so.

- Make a written report, whether or not an arrest is made, that is complete and clearly indicates the alleged offense was an incident of domestic violence. The report shall be given to the officer's supervisor and filed with the law enforcement agency in a manner that will permit data on domestic violence cases to be compiled.[35] Such report must include:
  - A description of physical injuries observed, if any.
  - If a law enforcement officer decides not to make an arrest or decides to arrest two or more parties, the officer must include the grounds for not arresting anyone or for arresting two or more parties.
  - A statement which indicates that a copy of the legal rights and remedies notice was given to the victim.
- Obtain a written statement from the victim and witnesses concerning the alleged domestic violence when possible; and
- Make an arrest whenever the officer determines probable cause that an act of domestic violence has been committed.[36, 37]

When complaints are received from two or more parties, the officers must evaluate each complaint separately to determine whether there is probable cause for arrest. If the officer has probable cause to believe that two or more persons have committed a crime, or two or more persons make complaints, the officer must attempt to determine who was the primary aggressor.[38] Section 943.171, F.S., requires the training in handling domestic violence cases to include the recognition and determination of the primary aggressor. Arrest is the preferred response only for the primary aggressor and not the preferred response for a person who acts in a reasonable manner to protect or defend oneself or another family or household member.[39]

A law enforcement officer may not be held liable, in any civil action, for an arrest based on probable cause, enforcement in good faith of a court order, or service of process in good faith under this chapter arising from an alleged incident of domestic violence brought by any party to the incident.[40]

The Use of Lethality assessments in Incidents of Domestic Violence

Effective July 1, 2023, Utah implemented a bill requiring police to perform a lethality assessment for domestic violence calls. Since the law went into effect in Utah, the Director of Public Policy at the Utah Domestic Violence Coalition reported that victim resource providers have seen 80 percent more people statewide reaching out for help.[41]

[35] Section 741.29 (2), F.S.
[36] Section 741.29(3), F.S.
[37] Section 901.15(7), F.S., provides that a law enforcement officer may arrest a person without a warrant when there is probable cause to believe that the person has committed an act of domestic violence. The decision to arrest does not require consent of the victim or consideration of the relationship of the parties. It is the public policy of this state to strongly discourage arrest and charges of both parties for domestic violence or dating violence on each other and to encourage training of law enforcement and prosecutors in these areas.
[38] Section 741.29(4)(a), F.S.
[39] Section 741.29.(4)(b), F.S.
[40] Section 741.29(5), F.S.
[41] *See* KSL News Radio, *Utah domestic violence victim advocates call for funding amid a surge of demand*, Adam Small, November 7, 2023, available at: https://kslnewsradio.com/2056767/utah-domestic-violence-victim-advocates-call-for-funding/ (Last accessed December 8, 2023).

Maryland is another state that has implemented lethality assessments as a statewide approach. Maryland Network Against Domestic Violence (MNADV) created and implemented the Lethality Assessment Program Maryland Model in 2005.[42] The program was created based on the research conducted and supported by a grant from the National Institute of Justice. The program was developed as a way for first responders to identify victims of intimate partner violence who are at the greatest risk of being killed. The program has been adopted in 31 additional states since the initial implementation in Maryland. Researchers found that although the program did not appear to have a significant effect on reducing the frequency of intimate partner violence, at follow-up, it appeared to significantly reduce the severity and frequency of the violence that survivors experience and increased help seeking and safety planning.[43] Overall, the evaluation concluded that although additional research is needed on the Lethality Assessment Program, it shows promise as an evidence-informed intervention that increases survivors' safety and empowers them to make self-care decisions.[44]

There is no current law in Florida pertaining to the administration of a lethality assessment.

III. Effect of Proposed Changes:

The bill amends s. 741.29, F.S., to create a public records exemption for a lethality assessment form that contains a victim's information and responses to a lethality assessment. Lethality assessments are used to determine a victim's risk of serious bodily injury or death at the hands of their aggressor and will be administered for any call relating to intimate partner violence.

The exemption is subject to the Open Government Sunset Review Act and will be repealed on October 2, 2029, unless reviewed and saved from repeal through reenactment.

The bill provides the following public necessity statement:

> The Legislature finds that it is a public necessity that a lethality assessment form that contains a victim's information and responses to the lethality assessment be made confidential and exempt from s. 119.07(1), Florida Statutes, and s. 24(a), Article I of the State Constitution. The Legislature finds that the release of information included on a lethality assessment form could subject victims of domestic violence to an increased risk of abuse. Such information contained on a lethality assessment form is sensitive in nature. The Legislature further finds that such victims are more likely to participate in a lethality assessment if such form is protected from public disclosure. The Legislature finds that the

[43] See National Institute of Justice, *How Effective are Lethality Assessment Programs for Addressing Intimate Partner Violence?*, available at: https://nij.ojp.gov/topics/articles/how-effective-are-lethality-assessment-programs-addressing-intimate-partner (Last accessed December 14, 2023).
[44] Inter-University Consortium for Political and Social Research, *Police Departments' Use of Lethality Assessments: An Experimental Evaluation*, Messing, Jill, Campbell, Jacquelyn, Wilson, Janet, Brown, Sheryll, and Patchell, Beverly, January 13, 2016, available at, https://doi.org/10.3886/ICPSR34975.v1 (Last accessed December 14, 2023).

harm that may result from the release of such information outweighs the public benefit that may be derived from the disclosure of this information.

The bill takes effect on the same date that SB 638 or similar legislation takes effect, if such legislation is adopted in the same legislative session or an extension thereof and becomes a law.

IV. Constitutional Issues:

Municipality/County Mandates Restrictions:

None.

A. Public Records/Open Meetings Issues:

Vote Requirement

Article I, s. 24(c) of the State Constitution requires a two-thirds vote of the members present and voting for final passage of a bill creating or expanding an exemption to the public records requirements. This bill enacts a new exemption for records pertaining to a victim's information and responses on a lethality assessment form; therefore, the bill requires a two-thirds vote to be enacted.

Public Necessity Statement

Article I, s. 24(c) of the State Constitution requires a bill creating or expanding an exemption to the public records requirements to state with specificity the public necessity justifying the exemption. Section 2 of the bill contains a statement of public necessity for the exemption.

Breadth of Exemption

Article I, s. 24(c) of the State Constitution requires an exemption to the public records requirements to be no broader than necessary to accomplish the stated purpose of the law. The purpose of the law is to protect victims of domestic violence. This bill exempts only records pertaining a victim's information and responses on a lethality assessment form from the public records requirements. The exemption does not appear to be broader than necessary to accomplish the purpose of the law.

B. Trust Funds Restrictions:

None.

C. State Tax or Fee Increases:

None.

D. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

None.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 741.29 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

None.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Appropriations Committee on Criminal and Civil Justice

604-03134-24 20247062__

A bill to be entitled

An act relating to public records; amending s. 741.29, F.S.; providing a public records exemption for certain information pertaining to a lethality assessment administered by a trained law enforcement officer; providing for future legislative review and repeal of the exemption; providing a statement of public necessity; providing a contingent effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (g) is added to subsection (2) of section 741.29, Florida Statutes, as created by SB 638, 2024 Regular Session, to read:

741.29 Domestic violence; investigation of incidents; notice to victims of legal rights and remedies; reporting.—

(2) The department shall consult with the Department of Children and Families and at least one domestic violence advocacy organization to develop the policies, procedures, and training necessary for implementation of a statewide evidence-based lethality assessment. Training on how to administer a lethality assessment must be accessible to a law enforcement officer in an online format.

(g) A lethality assessment form that contains a victim's information and responses to the lethality assessment is confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution. This paragraph is subject to the Open Government Sunset Review Act in accordance with s. 119.15 and shall stand repealed on October 2, 2029, unless reviewed and

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

604-03134-24 20247062__

saved from repeal through reenactment by the Legislature.

Section 2. The Legislature finds that it is a public necessity that a lethality assessment form that contains a victim's information and responses to the lethality assessment be made confidential and exempt from s. 119.07(1), Florida Statutes, and s. 24(a), Article I of the State Constitution. The Legislature finds that the release of information included on a lethality assessment form could subject victims of domestic violence to an increased risk of abuse. Such information contained on a lethality assessment form is sensitive in nature. The Legislature further finds that such victims are more likely to participate in a lethality assessment if such form is protected from public disclosure. The Legislature finds that the harm that may result from the release of such information outweighs the public benefit that may be derived from the disclosure of the information.

Section 3. This act shall take effect on the same date that SB 638 or similar legislation takes effect, if such legislation is adopted in the same legislative session or an extension thereof and becomes a law.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 7072 bill revises s. 381.915, F.S., relating to the Casey DeSantis Cancer Research Program (Casey DeSantis Program).

The bill provides that the Casey DeSantis Program is established, in addition to current law's existing provisions for the program's establishment, to promote the provision of high-quality, innovative health care for persons undergoing cancer treatment in Florida.

The bill requires the Florida Department of Health (DOH) to make cancer innovation grant funding available to health care providers and facilities that demonstrate excellence in patient-centered cancer treatment or research.

The bill codifies the Cancer Connect Collaborative in statute by providing that the Collaborative is created within the DOH to advise the department and the Legislature on developing a holistic approach to the state's efforts to fund cancer research, cancer facilities, and treatments for cancer patients. The Collaborative is authorized under the bill to make recommendations on proposed legislation, proposed rules, best practices, data collection and reporting, issuance of grant funds, and other proposals for state policy relating to cancer research or treatment.

The bill requires the Collaborative to develop a long-range comprehensive plan for the Casey DeSantis Program. The Collaborative must solicit input from cancer centers, research institutions, biomedical education institutions, hospitals, and medical providers.

The Collaborative must advise the department on the awarding of grants issued through the Cancer Innovation Fund. During any fiscal year for which funds are appropriated the Collaborative must recommend to the DOH the awarding of grants to support innovative cancer research and treatment models, including emerging research and treatment trends and promising treatments that may serve as catalysts for further research and treatments. The Collaborative is directed to give priority to applications seeking to expand the reach of innovative cancer treatment models into underserved areas of the state. The Collaborative must review all grant applications and make grant funding recommendations to the DOH, and the DOH is directed under the bill to make final grant allocation awards.

Beginning July 1, 2024, the bill requires each allocation agreement issued by the DOH relating to cancer center payments made under current law to cancer centers recognized by the National Cancer Institute (NCI) at the National Institutes of Health as NCI-designated cancer centers or NCI-designated comprehensive cancer centers, and cancer centers working toward achieving NCI designation, must include specified requirements.

The bill may have an indeterminate fiscal impact to the DOH. *See* Section V., Fiscal Impact Statement.

The bill provides an effective date of July 1, 2024.

II. Present Situation:

Florida Cancer Research Programs

The Legislature funds cancer research in Florida through four main programs: William G. "Bill" Bankhead, Jr., and David Coley Cancer Research Program (Bankhead-Coley program), the Casey DeSantis Cancer Research Program, Live Like Bella Initiative - Pediatric Cancer Research Program, and the Cancer Innovation Fund. Currently, $160.5 million is appropriated annually for these research programs as follows:[1]

- Bankhead-Coley Program - $10 million Biomedical Trust Fund
- Casey DeSantis Cancer Research Program - $127.5 million ($111.1 General Revenue; $16.4 Trust Fund)
- Live Like Bella Initiative - Pediatric Cancer Research - $3 million Biomedical Trust Fund
- Florida Cancer Innovation Fund - $20 million General Revenue

[1] Chapter 2023-239, Laws of Fla., see specific appropriations 462, 464, 467, and 465 respectively.

William G. "Bill" Bankhead, Jr., and David Coley Cancer Research Program

In 2006, the Legislature created the William G. "Bill" Bankhead, Jr., and David Coley Cancer Research Program (Bankhead-Coley Program) to advance progress toward cures for cancer through grants awarded through a peer-reviewed, competitive process.[2]

The program provides grants for cancer research to further the search for cures for cancer, by pursuing the following goals:[3]

- Significantly expand cancer research capacity in Florida.
- Improve both research and treatment through greater pediatric and adult participation in clinical trials networks.
- Reduce the impact of cancer on disproportionately impacted individuals.

Currently, the Bankhead-Coley Program is funded at $10 million annually.[4]

The Casey DeSantis Cancer Research Program

In 2014, the Legislature created the Florida Consortium of National Cancer Institute Centers Program, which was renamed as the Casey DeSantis Cancer Research Program (Casey DeSantis Program) in 2022. The Casey DeSantis Program was established to:[5]

- Enhance the quality and competitiveness of cancer care in Florida;
- Further a statewide biomedical research strategy directly responsive to the health needs of Florida's citizens; and
- Capitalize on potential educational opportunities available to students.

The Florida Department of Health (DOH) is required to make payments to cancer centers recognized by the NCI as NCI-designated comprehensive cancer centers, cancer centers, and cancer centers working toward achieving NCI designation.[6]

The NCI designates institutions as:[7]

- Comprehensive Cancer Centers – focused on substantial transdisciplinary research that bridges all cancer-related research areas;
- Cancer Centers – focused on one research area such as clinical, prevention, cancer control or population science research; or
- Basic Laboratory Cancer Centers – focused on laboratory research and work collaboratively with other institutions.

A participating center's annual allocation of funds is determined by a statutory tier-weighted formula that factors in a cancer center's reportable cancer cases; peer-review costs; and

[2] Section 381.922(1), F.S.
[3] Section 381.922(2), F.S.
[4] Chapter 2023-239, Laws of Fla., see specific appropriation 462.
[5] Section 381.915(2), F.S.
[6] *Id.*
[7] National Cancer Institute, NCI-Designated Cancer Centers, available at: https://www.cancer.gov/research/infrastructure/cancer-centers (last visited Feb. 16, 2024).

biomedical education and training.[8] The tier designations are weighted based on the participating cancer center's NCI-designation status. The program's three-tier designations are:[9]

- Tier 1: NCI-designated comprehensive cancer centers;
- Tier 2: NCI-designated cancer centers; and
- Tier 3: Cancer centers seeking NCI designation and meeting additional criteria related to their research and biomedical education.

Currently, there are two NCI-designed comprehensive cancer centers and two NCI-designated cancer centers in Florida:[10]

- H. Lee Moffitt Cancer Center – Comprehensive Cancer Center
- Mayo Clinic Cancer Center – Comprehensive Cancer Center
- The University of Florida (UF) Health Shands Cancer Hospital – Cancer Center
- University of Miami (UM) Sylvester Cancer Center – Cancer Center

See chart below for the funding history of the Casey DeSantis Program:[11]

	FY 19-20	FY 20-21	FY 21-22	FY 22-23	FY 23-24
H. Lee Moffitt	$ 25,300,898	$ 24,911,553	$ 23,313,325	$ 39,368,392	$ 38,060,795
Mayo Clinic	N/A	N/A	N/A	N/A	$ 23,314,286
UF Health Shands Cancer Hospital	$ 19,551,236	$ 20,722,858	$ 22,321,087	$ 30,721,560	$ 37,135,352
UM Sylvester Cancer Center	$ 17,376,609	$ 16,594,331	$ 16,595,331	$ 29,910,047	$ 28,989,567
Total	**$ 62,228,743**	**$ 62,228,742**	**$ 62,229,743**	**$ 99,999,999**	**$ 127,500,000**

Every three years, the DOH, in conjunction with participating cancer centers, must provide a report to the Cancer Control and Research Advisory Council (CCRAB) by July 1. The report must include the following:[12]

- An analysis of trending age-adjusted cancer mortality rates in the state by age group, geographic region, and type of cancer.
- Identification of trends in overall federal funding, broken down by institutional source, for cancer-related research in the state.
- A list and narrative description of collaborative grants and interinstitutional collaboration among participating cancer centers, a comparison of collaborative grants in proportion to the grant totals for each cancer center, a catalog of retreats and progress seed grants using state funds, and targets for collaboration in the future and reports on progress regarding such targets where appropriate.

[12] Section 381.915(8), FS.

Live Like Bella Initiative – Pediatric Cancer Research

The Live Like Bella Pediatric Cancer Research Initiative was established to advance progress toward curing pediatric cancer through grants awarded through a peer-reviewed, competitive process.[13] The Initiative will provide grants for research to further the search for cures for pediatric cancer, by pursuing the following goals to:[14]

- Significantly expand pediatric cancer research capacity in Florida.
- Improve both research and treatment through greater pediatric enrollment in clinical trial networks.
- Reduce the impact of pediatric cancer on disproportionately impacted individuals.

Currently, the Live Like Bella Initiative is funded with $3 million annually.[15]

Florida Cancer Innovation Fund

The Florida Cancer Innovation Fund was established in Fiscal Year 2023-24 to fund projects focused on innovative research in cancer care and treatment. The funding aims to provide opportunities to break down longstanding silos between researchers, cancer facilities, and medical providers to improve cancer research and treatment through innovative approaches to data infrastructure and best practices.[16] Funding is limited to Florida-based institutions.

The projects funded through grant awards are required to focus on at least one of three goal areas below:[17]

- Data – to identify the reasons data is slow to move or hard to access and ways to dismantle those barriers.
- Best Practices – to streamline, encourage, and incentivize the sharing of treatment best practices among public and private entities.
- Innovation – to make advancements in cutting-edge technology and clinical treatments.

Currently, the Florida Cancer Innovation Fund is funded with $20 million annually.[18]

Florida Cancer Control and Research Advisory Council (CCRAB)

The Florida Cancer Control Research Advisory Council was established by the Legislature as an advisory body appointed to function on a continuing basis for the study of cancer and to make recommendations on solutions and policy alternatives to the Board of Governors and the State Surgeon General.[19] The CCRAB closely monitors Florida's cancer burden and recommends

[19] Section 1004.435, F.S.

changes in policies, systems, and environments that lead to improved prevention, early detection, high-quality treatment, and increased cancer serval rates.[20]

The Council consists of 15 members:[21]

- The State Surgeon General or his or her designee within the DOH;
- A representative of the H. Lee Moffitt Cancer Center and Research Institute, Inc.;
- A representative of the Sylvester Comprehensive Cancer Center of the University of Miami;
- A representative of the University of Florida Shands Cancer Center;
- A representative of the American Cancer Society;
- A representative of the Association of Community Cancer Centers;
- A member of the Florida Hospital Association who specializes in the field of oncology;
- A member of the Florida Medical Association who specializes in the field of oncology;
- A representative of the Florida Nurses Association who specializes in the field of oncology;
- A representative of the Florida Osteopathic Medical Association who specializes in the field of oncology;
- A specialist in pediatric oncology research or clinical care appointed by the Governor;
- A specialist in oncology clinical care or research appointed by the President of the Senate;
- A current or former cancer patient or a current or former caregiver to a cancer patient appointed by the Speaker of the House of Representatives;
- A member of the House of Representatives appointed by the Speaker of the House of Representatives; and
- A member of the Senate appointed by the President of the Senate.

CCRAB members serve four year terms.[22]

Florida Cancer Connect Collaborative

Established in 2023, the Florida Cancer Connect Collaborative[23] (Collaborative) is an initiative created by First Lady Casey DeSantis in partnership with the DOH and the Agency for Health Care Administration. The Collaborative is a team made up of medical professionals and government officials who analyze Florida's approach to combatting cancer. The goal of the Collaborative is to break down long-standing silos between researchers, cancer facilities, and medical providers to improve cancer research and treatment. According to the Governor and First Lady, the Collaborative has five main objectives:[24]

- Data – The Collaborative will seek to identify the reasons data is slow to move or hard to access and dismantle those barriers.

[21] Section 1004.435(4), F.S.
[22] Section 1004.435(4), F.S.
[23] The Cancer Connect Collaborative is an expansion of Cancer Connect, an initiative launched by First Lady Casey DeSantis in August 2022 to provide cancer information and survivor stories.
[24] Florida Governor Ron DeSantis, First Lady Casey DeSantis Announces the Cancer Connect Collaborative to Explore Innovative Strategies for Cancer Treatment and Care, available at: https://www.flgov.com/2023/02/23/first-lady-casey-DeSantis-announces-the-cancer-connect-collaborative-to-explore-innovative-strategies-for-cancer-treatment-and-care/ (last visited Feb. 16, 2024).

- Best practices – The Collaborative will seek to streamline, encourage and incentivize the sharing of treatment best practices among public and private entities so that everyone is treated with the most effective treatment possible.
- Innovation – The Collaborative will identify the reasons that technology gets held up — whether it be special interests, over-litigiousness or bureaucratic red tape — and recommend ways to eliminate these barriers.
- Funding – The Collaborative will provide recommendations for the implementation of the Governor's proposed $170 million in funding to improve the pace of cancer research and novel technologies.
- Honesty – The Collaborative will be tasked with identifying the ways to ensure cancer causes, treatment, prevention, and diagnosis information is available and easy to access.

III. Effect of Proposed Changes:

Section 1 revises s. 381.915, F.S., relating to the Casey DeSantis Cancer Research Program (Casey DeSantis Program).

The bill provides that the Casey DeSantis Program is established, in addition to current law's existing provisions for the program's establishment, to promote the provision of high-quality, innovative health care for persons undergoing cancer treatment in Florida.

The bill requires the Florida Department of Health (DOH) to make cancer innovation grant funding available through the Cancer Innovation Fund to health care providers and facilities that demonstrate excellence in patient-centered cancer treatment or research.

The bill codifies the Collaborative in statute by providing that the Collaborative is a council[25] as defined in s. 20.03, F.S., created within the DOH to advise the department and the Legislature on developing a holistic approach to the state's efforts to fund cancer research, cancer facilities, and treatments for cancer patients. The Collaborative is authorized under the bill to make recommendations on proposed legislation, proposed rules, best practices, data collection and reporting, issuance of grant funds, and other proposals for state policy relating to cancer research or treatment.

The bill provides for membership of the Collaborative, to be chaired by the State Surgeon General who will serve as an ex officio, non-voting member. The remaining membership of the Collaborative will be composed as follows, all of whom are to be voting members, with appointments to be made by September 1, 2024:

- Two members appointed by the Governor, one member appointed by the President of the Senate, and one member appointed by the Speaker of the House of Representatives, prioritizing their appointments on members who have the following experience or expertise:
  - The practice of a health care profession specializing in oncology clinical care or research;
  - The development of preventive and therapeutic treatments to control cancer;

[25] Section 20.03, F.S., defines a "council" or an "advisory council" as an advisory body created by specific statutory enactment and appointed to function on a continuing basis for the study of the problems arising in a specified functional or program area of state government and to provide recommendations and policy alternatives.

    - The development of innovative research into the causes of cancer, the development of effective treatments for persons with cancer, or cures for cancer; or Management-level experience with a cancer center licensed under ch. 395, F.S.
- A Florida resident who can represent the interests of cancer patients in this state, appointed by the Governor.

The bill provides for members to have staggered terms and for vacancies to be filled. The bill provides that members will serve without compensation but are entitled to reimbursement for per diem and travel expenses pursuant to s. 112.061, F.S.

Under the bill, the Collaborative shall meet as necessary, but at least quarterly, at the call of the chair. A majority of the members of the Collaborative constitute a quorum, and a meeting may not be held with less than a quorum present. To establish a quorum, the Collaborative may conduct its meetings through teleconference or other electronic means.

The bill requires the Collaborative to develop a long-range comprehensive plan for the Casey DeSantis Program. The Collaborative must solicit input from cancer centers, research institutions, biomedical education institutions, hospitals, and medical providers. The plan must be submitted to the President of the Senate, the Speaker of the House of Representatives, and the Executive Office of the Governor no later than December 1, 2024. The plan must include, but need not be limited to, the following components:

- Expansion of grant funding opportunities to include a broader pool of Florida-based cancer centers, research institutions, biomedical education institutions, hospitals, and medical providers to receive funding through the Cancer Innovation Fund.
- An evaluation to determine metrics that focus on patient outcomes, quality of care, and efficacy of treatment.
- A compilation of best practices relating to cancer research or treatment.

The Collaborative must advise the DOH on the awarding of grants issued through the Cancer Innovation Fund. During any fiscal year for which funds are appropriated, the Collaborative must recommend to the DOH the awarding of grants to support innovative cancer research and treatment models, including emerging research and treatment trends and promising treatments that may serve as catalysts for further research and treatments. The Collaborative is directed to give priority to applications seeking to expand the reach of innovative cancer treatment models into underserved areas of the state. The Collaborative must review all grant applications and make grant funding recommendations to the DOH, and the DOH is directed under the bill to make final grant allocation awards.

The bill revises the requirements under current law for the DOH to issue a report every three years to the Florida Cancer Control & Research Advisory Council (CCRAB). Under the bill, beginning July 1, 2025, the report must be issued every year to the CCRAB and the Collaborative and requires the DOH to submit the report to the Governor and Legislative leadership no later than September 15 each year.

Beginning July 1, 2024, the bill requires each allocation agreement issued by the DOH relating to cancer center payments made under current law to cancer centers recognized by the NCI at the National Institutes of Health as NCI-designated cancer centers or NCI-designated comprehensive

cancer centers, and cancer centers working toward achieving NCI designation, must include the following:

- A line-item budget narrative documenting the annual allocation of funds to a cancer center;
- A cap on the annual award of 15 percent for administrative expenses;
- A requirement for the cancer center to submit quarterly reports of all expenditures made by the cancer center with funds received through the Casey DeSantis Program;
- A provision to allow the DOH and other state of Florida auditing bodies to audit all financial records, supporting documents, statistical records, and any other documents pertinent to the allocation agreement; and
- A provision requiring the annual reporting of outcome data and protocols utilized in achieving those outcomes.

Section 2 provides an effective date of July 1, 2024.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The Florida Department of Health (DOH) may experience operational and fiscal impacts from carrying out its duties under the bill. Such impacts are indeterminate.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 381.915 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Fiscal Policy on February 22, 2024:
The committee substitute removes the Cancer Connect Collaborative from the administration of the Cancer Innovation Fund and leaves the administration of the fund to the Department of Health.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

A bill to be entitled

An act relating to cancer funding; amending s. 381.915, F.S.; revising the purpose of the Casey DeSantis Cancer Research Program; revising duties of the Department of Health under the program; creating the Cancer Connect Collaborative, a council, within the department for a specified purpose; authorizing the collaborative to make certain recommendations on state policy relating to cancer research or treatment; providing for membership and meetings of the collaborative; requiring the collaborative to develop a long-range comprehensive plan for the program; requiring the collaborative to solicit input from certain stakeholders in the development of the plan; requiring the collaborative to submit the plan to the Governor and the Legislature by a specified date; specifying required components of the plan; requiring the department to provide administrative support and staff to the collaborative; requiring the collaborative to administer the Cancer Innovation Fund; requiring the collaborative to review grant applications and make recommendations to the department for awarding grants upon the appropriation of funds to the fund; requiring the department to make the final grant allocation award; requiring the collaborative to prioritize certain applications for grant funding; revising the frequency with which the department, in conjunction with participating cancer centers, must submit a specified report to the Cancer

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

603-03533-24 20247072__

Control and Research Advisory Council and the collaborative; requiring the department to submit the report, and any equivalent independent reports, to the Governor and the Legislature by a specified date each year; revising requirements of such reports; beginning on a specified date, requiring that each allocation agreement issued by the department relating to certain cancer center payments include specified elements; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Present subsections (8), (9), and (10) of section 381.915, Florida Statutes, are redesignated as subsections (10), (12), and (13), new subsections (8) and (9) and subsection (11) are added to that section, and subsection (2) of that section is amended, to read:

381.915 Casey DeSantis Cancer Research Program.—

(2) The Casey DeSantis Cancer Research Program is established to enhance the quality and competitiveness of cancer care in this state, further a statewide biomedical research strategy directly responsive to the health needs of Florida's citizens, ~~and~~ capitalize on the potential educational opportunities available to its students, and promote the provision of high-quality, innovative health care for persons undergoing cancer treatment in this state. The department shall:

(a) Make payments to cancer centers recognized by the National Cancer Institute (NCI) at the National Institutes of Health as NCI-designated cancer centers or NCI-designated

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

comprehensive cancer centers, and cancer centers working toward achieving NCI designation. The department shall distribute funds to participating cancer centers on a quarterly basis during each fiscal year for which an appropriation is made.

(b) Make cancer innovation grant funding available through the Cancer Innovation Fund administered by the Cancer Connect Collaborative under subsection (9) to health care providers and facilities that demonstrate excellence in patient-centered cancer treatment or research.

(8) The Cancer Connect Collaborative, a council as defined in s. 20.03, is created within the department to advise the department and the Legislature on developing a holistic approach to the state's efforts to fund cancer research, cancer facilities, and treatments for cancer patients. The collaborative may make recommendations on proposed legislation, proposed rules, best practices, data collection and reporting, issuance of grant funds, and other proposals for state policy relating to cancer research or treatment.

(a) The Surgeon General shall serve as an ex officio, nonvoting member and shall serve as the chair.

(b) The collaborative shall be composed of the following voting members, to be appointed by September 1, 2024:

1. Two members appointed by the Governor, one member appointed by the President of the Senate, and one member appointed by the Speaker of the House of Representatives, based on the criteria of this subparagraph. The appointing officers shall make their appointments prioritizing members who have the following experience or expertise:

a. The practice of a health care profession specializing in

oncology clinical care or research;

b. The development of preventive and therapeutic treatments to control cancer;

c. The development of innovative research into the causes of cancer, the development of effective treatments for persons with cancer, or cures for cancer; or

d. Management-level experience with a cancer center licensed under chapter 395.

2. One member who is a resident of this state who can represent the interests of cancer patients in this state, appointed by the Governor.

(c) The terms of appointees under paragraph (b) shall be for 2 years unless otherwise specified. However, to achieve staggered terms, the initial appointees under that paragraph shall serve 3 years for their first term. These appointees may be reappointed for no more than four consecutive terms.

(d) Any vacancy occurring on the collaborative must be filled in the same manner as the original appointment. Any member who is appointed to fill a vacancy occurring because of death, resignation, or ineligibility for membership shall serve only for the unexpired term of the member's predecessor.

(e) Members whose terms have expired may continue to serve until replaced or reappointed, but for no more than 6 months after the expiration of their terms.

(f) Members shall serve without compensation but are entitled to reimbursement for per diem and travel expenses pursuant to s. 112.061.

(g) The collaborative shall meet as necessary, but at least quarterly, at the call of the chair. A majority of the members

of the collaborative constitutes a quorum, and a meeting may not be held with less than a quorum present. In order to establish a quorum, the collaborative may conduct its meetings through teleconference or other electronic means. The affirmative vote of a majority of the members of the collaborative present is necessary for any official action by the collaborative.

(h) The collaborative shall develop a long-range comprehensive plan for the Casey DeSantis Cancer Research Program. In the development of the plan, the collaborative must solicit input from cancer centers, research institutions, biomedical education institutions, hospitals, and medical providers. The collaborative shall submit the plan to the Governor, the President of the Senate, and the Speaker of the House of Representatives no later than December 1, 2024. The plan must include, but need not be limited to, all of the following components:

1. Expansion of grant fund opportunities to include a broader pool of Florida-based cancer centers, research institutions, biomedical education institutions, hospitals, and medical providers to receive funding through the Cancer Innovation Fund.

2. An evaluation to determine metrics that focus on patient outcomes, quality of care, and efficacy of treatment.

3. A compilation of best practices relating to cancer research or treatment.

(i) The department shall provide reasonable and necessary support staff and materials to assist the collaborative in the performance of its duties.

(9) The collaborative shall administer the Cancer

Innovation Fund. During any fiscal year for which funds are appropriated to the fund, the collaborative shall review all submitted grant applications and make recommendations to the department for awarding grants to support innovative cancer research and treatment models, including emerging research and treatment trends and promising treatments that may serve as catalysts for further research and treatments. The department shall make the final grant allocation awards. The collaborative shall give priority to applications seeking to expand the reach of innovative cancer treatment models into underserved areas of this state.

(10) Beginning July 1, 2025 ~~2017~~, and each year ~~every 3 years~~ thereafter, the department, in conjunction with participating cancer centers, shall submit a report to the Cancer Control and Research Advisory Council and the collaborative on specific metrics relating to cancer mortality and external funding for cancer-related research in this ~~the~~ state. If a cancer center does not endorse this report or produce an equivalent independent report, the cancer center is ineligible to receive ~~shall be suspended from the~~ program funding for 1 year. The department must submit this annual report, and any equivalent independent reports, to the Governor, the President of the Senate, and the Speaker of the House of Representatives no later than September 15 of each year the report or reports are submitted by the department. The report must include:

(a) An analysis of trending age-adjusted cancer mortality rates in the state, which must include, at a minimum, overall age-adjusted mortality rates for cancer statewide and age-

adjusted mortality rates by age group, geographic region, and type of cancer, which must include, at a minimum:

1. Lung cancer.
2. Pancreatic cancer.
3. Sarcoma.
4. Melanoma.
5. Leukemia and myelodysplastic syndromes.
6. Brain cancer.
7. Breast cancer.

(b) Identification of trends in overall federal funding, broken down by institutional source, for cancer-related research in the state.

(c) A list and narrative description of ~~collaborative grants and~~ interinstitutional collaboration among participating cancer centers, which may include grants received by participating cancer centers in collaboration, a comparison of such ~~collaborative~~ grants in proportion to the grant totals for each cancer center, a catalog of retreats and progress seed grants using state funds, and targets for collaboration in the future and reports on progress regarding such targets where appropriate.

(11) Beginning July 1, 2024, each allocation agreement issued by the department relating to cancer center payments under subsection (2) must include all of the following:

(a) A line-item budget narrative documenting the annual allocation of funds to a cancer center.

(b) A cap on the annual award of 15 percent for administrative expenses.

(c) A requirement for the cancer center to submit quarterly

reports of all expenditures made by the cancer center with funds received through the Casey DeSantis Cancer Research Program.

(d) A provision to allow the department and other state auditing bodies to audit all financial records, supporting documents, statistical records, and any other documents pertinent to the allocation agreement.

(e) A provision requiring the annual reporting of outcome data and protocols used in achieving those outcomes.

(12) ~~(9)~~ This section is subject to annual appropriation by the Legislature.

(13) ~~(10)~~ The department may adopt rules to administer this section.

Section 2. This act shall take effect July 1, 2024.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Fiscal Policy

BILL:	SPB 7078
INTRODUCER:	Fiscal Policy Committee
SUBJECT:	Public Records and Meetings
DATE:	February 21, 2024
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Siples	Yeatman		**FP Submitted as Comm. Bill/Fav.**

I. Summary:

SPB 7078, which is linked to SB 7072, creates a public records exemption for proprietary business information related to the Cancer Connect Collaborative (collaborative) receipt and review of research grant applications. Proprietary business information is designated confidential and exempt, but may be disclosed under certain circumstances. The bill also exempts from the public meetings requirements, those portions of the collaborative's meetings at which the proprietary business information contained in grant applications are discussed. The bill requires that closed meetings be recorded and disclosed under specific circumstances.

The exemptions are subject to the Open Government Sunset Review Act and will stand repealed on October 2, 2029, and unless reviewed and saved from repeal by the Legislature.

The bill contains a statement of public necessity, as required by the Florida Constitution.

Because the bill creates a new public records and public meetings exemption, a two-thirds vote of the members present and voting in each house of the Legislature for final passage.

The bill provides the effective date is the same date that SB 7072, or similar legislation, if adopted, takes effect. SB 7072 provides an effective date of July 1, 2024.

II. Present Situation:

Access to Public Records - Generally

The Florida Constitution provides that the public has the right to inspect or copy records made or received in connection with official governmental business.[1] The right to inspect or copy applies to the official business of any public body, officer, or employee of the state, including all three

[1] FLA. CONST. art. I, s. 24(a).

branches of state government, local governmental entities, and any person acting on behalf of the government.[2]

Additional requirements and exemptions related to public records are found in various statutes and rules, depending on the branch of government involved. For instance, section 11.0431, F.S., provides public access requirements for legislative records. Relevant exemptions are codified in s. 11.0431(2)-(3), F.S., and adopted in the rules of each house of the legislature.[3] Florida Rule of Judicial Administration 2.420 governs public access to judicial branch records.[4] Lastly, chapter 119, F.S., known as the Public Records Act, provides requirements for public records held by executive agencies.

Executive Agency Records – The Public Records Act

The Public Records Act provides that all state, county and municipal records are open for personal inspection and copying by any person, and that providing access to public records is a duty of each agency.[5]

Section 119.011(12), F.S., defines "public records" to include:

> [a]ll documents, papers, letters, maps, books, tapes, photographs, films, sound recordings, data processing software, or other material, regardless of the physical form, characteristics, or means of transmission, made or received pursuant to law or ordinance or in connections with the transaction of official business by any agency.

The Florida Supreme Court has interpreted this definition to encompass all materials made or received by an agency in connection with official business that are used to "perpetuate, communicate, or formalize knowledge of some type."[6]

The Florida Statutes specify conditions under which public access to public records must be provided. The Public Records Act guarantees every person's right to inspect and copy any public record at any reasonable time, under reasonable conditions, and under supervision by the custodian of the public record.[7] A violation of the Public Records Act may result in civil or criminal liability.[8]

---

[2] *Id*.
[3] *See* Rule 1.48, *Rules and Manual of the Florida Senate*, (2018-2020) and Rule 14.1, *Rules of the Florida House of Representatives*, Edition 2, (2018-2020).
[4] *State v. Wooten*, 260 So. 3d 1060 (Fla. 4th DCA 2018).
[5] Section 119.01(1), F.S. Section 119.011(2), F.S., defines "agency" as "any state, county, district, authority, or municipal officer, department, division, board, bureau, commission, or other separate unit of government created or established by law including, for the purposes of this chapter, the Commission on Ethics, the Public Service Commission, and the Office of Public Counsel, and any other public or private agency, person, partnership, corporation, or business entity acting on behalf of any public agency."
[6] *Shevin v. Byron, Harless, Schaffer, Reid and Assoc., Inc*., 379 So. 2d 633, 640 (Fla. 1980).
[7] Section 119.07(1)(a), F.S.
[8] Section 119.10, F.S. Public records laws are found throughout the Florida Statutes, as are the penalties for violating those laws.

The Legislature may exempt public records from public access requirements by passing a general law by a two-thirds vote of both the House and the Senate.[9] The exemption must state with specificity the public necessity justifying the exemption and must be no broader than necessary to accomplish the stated purpose of the exemption.[10]

General exemptions from the public records requirements are contained in the Public Records Act.[11] Specific exemptions often are placed in the substantive statutes relating to a particular agency or program.[12]

When creating a public records exemption, the Legislature may provide that a record is "exempt" or "confidential and exempt." There is a difference between records the Legislature has determined to be exempt from the Public Records Act and those which the Legislature has determined to be exempt from the Public Records Act *and confidential*.[13] Records designated as "confidential and exempt" are not subject to inspection by the public and may only be released under the circumstances defined by statute.[14] Records designated as "exempt" may be released at the discretion of the records custodian under certain circumstances.[15]

Open Meetings Laws

The State Constitution provides that the public has a right to access governmental meetings.[16] Each collegial body must provide notice of its meetings to the public and permit the public to attend any meeting at which official acts are taken or at which public business is transacted or discussed.[17] This applies to the meetings of any collegial body of the executive branch of state government, counties, municipalities, school districts or special districts.[18]

Public policy regarding access to government meetings is also addressed in the Florida Statutes. Section 286.011, F.S., known as the "Government in the Sunshine Law,"[19] or the "Sunshine

[18] FLA. CONST., art. I, s. 24(b). Meetings of the Legislature are governed by Article III, section 4(e) of the Florida Constitution, which states: "The rules of procedure of each house shall further provide that all prearranged gatherings, between more than two members of the legislature, or between the governor, the president of the senate, or the speaker of the house of representatives, the purpose of which is to agree upon formal legislative action that will be taken at a subsequent time, or at which formal legislative action is taken, regarding pending legislation or amendments, shall be reasonably open to the public."
[19] *Times Pub. Co. v. Williams*, 222 So. 2d 470, 472 (Fla. 2d DCA 1969).

Law,"[20] requires all meetings of any board or commission of any state or local agency or authority at which official acts are to be taken be open to the public.[21] The board or commission must provide the public reasonable notice of such meetings.[22] Public meetings may not be held at any location that discriminates on the basis of sex, age, race, creed, color, origin or economic status or which operates in a manner that unreasonably restricts the public's access to the facility.[23] Minutes of a public meeting must be promptly recorded and open to public inspection.[24] Failure to abide by open meetings requirements will invalidate any resolution, rule or formal action adopted at a meeting.[25] A public officer or member of a governmental entity who violates the Sunshine Law is subject to civil and criminal penalties.[26]

The Legislature may create an exemption to open meetings requirements by passing a general law by at least a two-thirds vote of each house of the Legislature.[27] The exemption must explicitly lay out the public necessity justifying the exemption, and must be no broader than necessary to accomplish the stated purpose of the exemption.[28] A statutory exemption which does not meet these two criteria may be unconstitutional and may not be judicially saved.[29]

Open Government Sunset Review Act

The provisions of s. 119.15, F.S., known as the Open Government Sunset Review Act[30] (the Act), prescribe a legislative review process for newly created or substantially amended[31] public records or open meetings exemptions, with specified exceptions.[32] The Act requires the repeal of such exemption on October 2nd of the fifth year after creation or substantial amendment, unless the Legislature reenacts the exemption.[33]

The Act provides that a public records or open meetings exemption may be created or maintained only if it serves an identifiable public purpose and is no broader than is necessary.[34] An exemption serves an identifiable purpose if the Legislature finds that the purpose of the

In *Halifax Hospital*, the Florida Supreme Court found that a public meetings exemption was unconstitutional because the statement of public necessity did not define important terms and did not justify the breadth of the exemption. *Id*. at 570. The Florida Supreme Court also declined to narrow the exemption in order to save it. *Id.* In *Baker County Press, Inc. v. Baker County Medical Services, Inc.*, 870 So. 2d 189 (Fla. 1st DCA 2004), the court found that the intent of a public records statute was to create a public records exemption. The *Baker County Press* court found that since the law did not contain a public necessity statement, it was unconstitutional. *Id*. at 196.
[30] Section 119.15, F.S.
[31] An exemption is considered to be substantially amended if it is expanded to include more records or information or to include meetings as well as records. Section 119.15(4)(b), F.S.
[32] Section 119.15(2)(a) and (b), F.S., provides that exemptions required by federal law or applicable solely to the Legislature or the State Court System are not subject to the Open Government Sunset Review Act.
[33] Section 119.15(3), F.S.
[34] Section 119.15(6)(b), F.S.

exemption outweighs open government policy and cannot be accomplished without the exemption *and* it meets one of the following purposes:

- It allows the state or its political subdivisions to effectively and efficiently administer a governmental program, and administration would be significantly impaired without the exemption;[35]
- It protects sensitive, personal information, the release of which would be defamatory, cause unwarranted damage to the good name or reputation of the individual, or would jeopardize the individual's safety. If this public purpose is cited as the basis of an exemption, however, only personal identifying information is exempt;[36] or
- It protects information of a confidential nature concerning entities, such as trade or business secrets.[37]

The Act also requires specified questions to be considered during the review process.[38] In examining an exemption, the Act directs the Legislature to question the purpose and necessity of reenacting the exemption.

If the exemption is continued and expanded, then a public necessity statement and a two-thirds vote for passage are required.[39] If the exemption is continued without substantive changes or if the exemption is continued and narrowed, then a public necessity statement and a two-thirds vote for passage are *not* required. If the Legislature allows an exemption to expire, the previously exempt records will remain exempt unless otherwise provided by law.[40]

Public Necessity Statement and Two-thirds Vote Requirement

If the exemption is continued and expanded, then a public necessity statement and a two-thirds vote for passage are required.[41] If the exemption is continued without substantive changes or if the exemption is continued and narrowed, then a public necessity statement and a two-thirds vote for passage are *not* required. If the Legislature allows an exemption to expire, the previously exempt records will remain exempt unless otherwise provided by law.[42]

Cancer Connect Collaborative

SB 7072 establishes the Cancer Connect Collaborative in statute within the Department of Health (DOH) to advise the DOH and the Legislature on developing a holistic approach to the state's efforts to fund cancer research, cancer facilities, and treatments for cancer patients. The bill authorizes the collaborative to make recommendations on proposed legislation, proposed rules, best practices, data collection and reporting, issuance of grant funds, and other proposals for state policy relating to cancer research or treatment.

The collaborative is charged with spearheading the Cancer Innovation Fund and to, during any fiscal year for which funds are appropriated, recommend to the DOH the awarding of grants to support innovative cancer research and treatment models, including emerging research and treatment trends and promising treatments that may serve as catalysts for further research and treatments. The collaborative must review all grant applications and make grant funding recommendations to the DOH, and the DOH is directed to make final grant allocation awards.

III. Effect of Proposed Changes:

The bill creates a public records exemption for proprietary business information contained in grant applications submitted to the Cancer Connect Collaborative and in the records, except the final recommendations, generated by the collaborative during its review. The information is confidential and exempt under the bill. Records generated by the collaborative during its review may include meeting meetings, score sheets, personal notes written by collaborative members, and summary documents prepared by the collaborative or its staff. However, the bill provides that the records may be released with the express written consent of the person to whom the information pertains or the person's legally authorized representative, or by a court upon a showing of good cause.

The bill further provides that those portions of the collaborative's meetings at which proprietary business information contained in grant applications is discussed are exempt from the public meetings law. The bill requires that the closed portions of the meetings be recorded and the recordings may be released under the same circumstances as apply to the exempt records—with the express written consent of the person to whom the information pertains or the person's legally authorized representative, or by court order upon a showing of good cause.

The bill defines "proprietary business information" as information that is:

- Is owned or controlled by the applicant;
- Is intended to be private and is treated by the applicant as private because disclosure would harm the applicant or the applicant's business operations.
- Has not been disclosed except as required by law or a private agreement that provides that the information will not be released to the public;
- Is not readily available or ascertainable through proper means from another source in the same configuration as received by the collective; and
- Competitive interests, the disclosure of which would impair the competitive advantage of the applicant; or
- A trade secret as defined in s. 688.002.

The bill provides for repeal of the exemptions pursuant to the Open Government Sunset Review Act on October 2, 2029, unless reviewed and saved from repeal by the Legislature.

The bill provides a public necessity statement, which is required by the Florida Constitution. The bill states that the public records exemption is necessary to protect the intellectual property of the applicants, to promote scientific innovation, and to ensure a peer review process. It states that the public meetings exemption is necessary to ensure candid exchanges among reviewers, thereby ensuring that decisions are based on merit and not subject to bias or undue influence.

The bill takes effect on the same date as SB 7072 or similar legislation takes effect, if adopted and becomes a law. SB 7072 provides an effective date of July 1, 2024.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

Vote Requirement

Article I, section 24(c) of the State Constitution requires a two-thirds vote of the members present and voting for final passage of a bill creating or expanding an exemption to the public records or open meetings requirements. This bill creates public records exemptions and a public meeting exemption; therefore, it requires a two-thirds vote.

Public Necessity Statement

Article I, section 24(a) of the State Constitution and Article I, section 24(b) of the State Constitution requires a bill creating or expanding an exemption to the public records or open meetings requirements to state with specificity the public necessity justifying the exemption. Section 2 includes a public necessity statement for the exemptions. The bill states that the public records exemption is necessary to protect the intellectual property of the applicants, to promote scientific innovation, and to ensure a peer review process. It states that the public meetings exemption is necessary to ensure candid exchanges among reviewers, thereby ensuring that decisions are based on merit and not subject to bias or undue influence.

Breadth of Exemption

Article I, section 24(c), of the State Constitution requires exemptions to the public records and open meetings requirements to be no broader than necessary to accomplish the stated purpose of the law. The purpose of the bill is to protect the proprietary business information of applicants. These protections are necessary to protect the intellectual property of the applicants, to promote scientific innovation, and to ensure a peer review

process. It is also necessary to ensure candid exchanges among reviewers, thereby ensuring that decisions are based on merit and not subject to bias or undue influence. They do not appear to be broader than necessary to accomplish its purpose.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

None.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 381.915 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

None.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Fiscal Policy

594-03661-24 20247078__

A bill to be entitled

An act relating to public records and meetings; amending s. 381.915, F.S.; defining the term "proprietary business information"; providing an exemption from public records requirements for proprietary business information included in cancer research grant applications submitted to the Cancer Connect Collaborative and records generated by the collaborative relating to the review of such information; providing an exemption from public meeting requirements for portions of collaborative meetings during which such proprietary business information is discussed; requiring that the closed portions of meetings be recorded; requiring the collaborative to maintain such recordings; authorizing the disclosure of such confidential and exempt information under certain circumstances; providing for legislative review and repeal of the exemptions; providing statements of public necessity; providing a contingent effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (j) is added to subsection (8) of section 381.915, Florida Statutes, as amended by SB 7072, 2024 Regular Session, to read:

381.915 Casey DeSantis Cancer Research Program.—

(8) The Cancer Connect Collaborative, a council as defined in s. 20.03, is created within the department to advise the

594-03661-24 20247078__

department and the Legislature on developing a holistic approach to the state's efforts to fund cancer research, cancer facilities, and treatments for cancer patients. The collaborative may make recommendations on proposed legislation, proposed rules, best practices, data collection and reporting, issuance of grant funds, and other proposals for state policy relating to cancer research or treatment.

(j)1. As used in this paragraph, the term "proprietary business information" means information that:

a. Is a trade secret as defined in s. 688.002; or

b.(I) Is owned or controlled by the applicant;

(II) Is intended to be private and is treated by the applicant as private because disclosure would harm the applicant or the applicant's business operations;

(III) Has not been disclosed except as required by law or a private agreement that provides that the information will not be released to the public;

(IV) Is not readily available or ascertainable through proper means from another source in the same configuration as received by the collective; and

(V) Affects competitive interests, and the disclosure of such information would impair the competitive advantage of the applicant.

2. Any information in an application submitted to the collaborative for cancer research grant funding under this section which the applicant identifies as proprietary business information and, with the exception of final recommendations, any information in records generated by the collaborative relating to the review of such information is confidential and

exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution. Records generated by the collaborative relating to the review of such information includes, but is not limited to, meeting minutes, score sheets, personal notes written by collaborative members, and summary documents prepared by the collaborative or its staff.

3. Portions of a meeting of the collaborative during which the collaborative discusses a grant application under this section which contains proprietary business information as identified by the applicant are exempt from s. 286.011 and s. 24(b), Art. I of the State Constitution. The closed portion of a meeting must be recorded, and the recording must be maintained by the collaborative and is subject to disclosure in accordance with subparagraph 4.

4. Information that is confidential and exempt under this paragraph may be disclosed with the express written consent of the applicant to whom the information pertains or the applicant's legally authorized representative or by court order upon a showing of good cause.

5. This paragraph is subject to the Open Government Sunset Review Act in accordance with s. 119.15 and shall stand repealed on October 2, 2029, unless reviewed and saved from repeal through reenactment by the Legislature.

Section 2. (1) The Legislature finds that it is a public necessity that proprietary business information included in applications for cancer research grants submitted to the Cancer Connect Collaborative and in records generated by the collaborative relating to the review of such applications be made confidential and exempt from s. 119.07(1), Florida

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Statutes, and s. 24(a), Article I of the State Constitution. The Legislature recognizes that the public disclosure of proprietary business information, including ideas and processes, could injure an applicant's business interests and research efforts and stifle scientific innovation. Maintaining confidentiality is a hallmark of scientific peer review when awarding research grants. The Legislature further finds that any public benefit derived from the disclosure of such information is significantly outweighed by the public and private harm which could result from the disclosure of such proprietary business information and records.

(2) The Legislature finds that it is a public necessity that the portions of meetings of the Cancer Connect Collaborative during which proprietary business information included in grant applications is discussed be made exempt from s. 286.011, Florida Statutes, and s. 24(b), Article I of the State Constitution. If such portions of meetings are not closed, the public records exemptions are negated. Furthermore, closing meetings during such discussions allows for candid exchanges among reviewers critiquing applications. The Legislature further finds that closing access to the portions of meetings of the collaborative during which proprietary business information contained in cancer research grant applications is discussed serves a public good by ensuring that decisions are based upon merit without bias or undue influence. The Legislature finds that this exemption is narrowly tailored so that only those portions of meetings at which proprietary business information included in grant applications is discussed are exempt from public meetings requirements.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Section 3. This act shall take effect on the same date that SB 7072 or similar legislation takes effect, if such legislation is adopted in the same legislative session or an extension thereof and becomes a law.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.
