 414 C.F.R. parts 83-90, as amended, through December 31, 2020
 415 ~~October 1, 2012~~.

416 Section 4. Section 327.04, Florida Statutes, is amended to
 417 read:

418 327.04 Rules.—The commission ~~may~~ has authority to adopt
 419 rules pursuant to ss. 120.536(1) and 120.54 to implement ~~the~~
 420 ~~provisions of~~ this chapter, the provisions of chapter 705
 421 relating to vessels, and ss. 376.15 and 823.11 conferring powers
 422 or duties upon it.

423 Section 5. Section 327.462, Florida Statutes, is created to
 424 read:

425 327.462 Temporary protection zones for spaceflight launches
 426 and recovery of spaceflight assets.—

427 (1) As used in this section, the term:

428 (a) "Launch services" means the conduct of a launch and
 429 activities involved in the preparation of a launch vehicle,
 430 payload, government astronaut, commercial astronaut, or
 431 spaceflight participant for such launch.

432 (b) "Reentry services" means the conduct of a reentry and
 433 activities involved in the preparation of a reentry vehicle,
 434 payload, government astronaut, commercial astronaut, or
 435 spaceflight participant for such reentry.

Page 15 of 65

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

592-02886-21

20211086c1

436 (c) "Spaceflight assets" means any item, or any part of an
 437 item, owned by a spaceflight entity which is used in launch
 438 services or reentry services, including crewed and uncrewed
 439 spacecraft, launch vehicles, parachutes and other landing aids,
 440 and any spacecraft or ancillary equipment that was attached to
 441 the launch vehicle during launch, orbit, or reentry.

442 (d) "Spaceflight entity" has the same meaning as provided
 443 in s. 331.501.

444 (2) The head of a law enforcement agency or entity
 445 identified in s. 327.70(1), or his or her designee, may, upon
 446 waters of this state within the law enforcement agency's or
 447 entity's jurisdiction, when necessary for preparations in
 448 advance of a launch service or reentry service or for the
 449 recovery of spaceflight assets before or after a launch service
 450 or reentry service, temporarily establish a protection zone
 451 requiring vessels to leave, or prohibiting vessels from
 452 entering, water bodies within:

453 (a) Five hundred yards of where launch services, reentry
 454 services, or spaceflight asset recovery operations are being
 455 conducted; or

456 (b) A distance greater than provided in paragraph (a) if
 457 the head of such law enforcement agency or entity, or his or her
 458 designee, determines such greater distance is in the best
 459 interest of public safety.

460 (3) A protection zone established under subsection (2) may
 461 remain in effect only as long as necessary to ensure security
 462 around the launch and recovery areas and to recover spaceflight
 463 assets and any personnel being transported within a spacecraft
 464 following the launch or reentry activity. Such protection zone

Page 16 of 65

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

592-02886-21 20211086c1

465 may not be in place more than 72 hours before or 72 hours after
 466 the launch. The head of a law enforcement agency or entity
 467 identified in s. 327.70(1), or his or her designee, may also
 468 restrict vessels from operating within up to 500 yards of any
 469 vessel transporting recovered spaceflight assets following a
 470 spaceflight launch or reentry while such vessel is continuously
 471 underway transporting such assets to a location for removal from
 472 the waters of this state.

473 (4) The head of a law enforcement agency or entity
 474 establishing a protection zone under this section, or his or her
 475 designee, must report the establishment of such protection zone
 476 via e-mail to the commission's Division of Law Enforcement,
 477 Boating and Waterways Section, and to the appropriate United
 478 States Coast Guard Sector Command having responsibility over the
 479 water body, at least 72 hours before establishment of the
 480 protection zone. Such report must include the reasons for the
 481 protection zone, the portion of the water body or water bodies
 482 which will be included in the protection zone, and the duration
 483 of the protection zone. No later than 72 hours after the end of
 484 the protection zone period, the head of the law enforcement
 485 agency or entity, or his or her designee, must report via e-mail
 486 to the commission's Division of Law Enforcement, Boating and
 487 Waterways Section, the details of all citations issued for
 488 violating the protection zone.

489 (5) This section applies only to launch services, reentry
 490 services, or the recovery of spaceflight assets occurring or
 491 originating within spaceport territory, as defined in s.
 492 331.304, and to federally licensed or federally authorized
 493 launches and reentries occurring or transiting to an end

592-02886-21 20211086c1

494 destination upon waters of this state.

495 (6) A person who violates this section or any directive
 496 given by a law enforcement officer relating to the establishment
 497 of a protection zone under this section after being advised of
 498 the establishment of the protection zone commits a misdemeanor
 499 of the second degree, punishable as provided in s. 775.082 or s.
 500 775.083.

501 Section 6. Paragraphs (a) and (c) of subsection (1) of
 502 section 327.352, Florida Statutes, are amended to read:

503 327.352 Tests for alcohol, chemical substances, or
 504 controlled substances; implied consent; refusal.-

505 (1)(a)1. The Legislature declares that the operation of a
 506 vessel is a privilege that must be exercised in a reasonable
 507 manner. In order to protect the public health and safety, it is
 508 essential that a lawful and effective means of reducing the
 509 incidence of boating while impaired or intoxicated be
 510 established. Therefore, ~~a~~ any person who accepts the privilege
 511 extended by the laws of this state of operating a vessel within
 512 this state is, by ~~so~~ operating such vessel, deemed to have given
 513 his or her consent to submit to an approved chemical test or
 514 physical test including, but not limited to, an infrared light
 515 test of his or her breath for the purpose of determining the
 516 alcoholic content of his or her blood or breath if the person is
 517 lawfully arrested for any offense allegedly committed while the
 518 person was operating a vessel while under the influence of
 519 alcoholic beverages. The chemical or physical breath test must
 520 be incidental to a lawful arrest and administered at the request
 521 of a law enforcement officer who has reasonable cause to believe
 522 such person was operating the vessel within this state while

592-02886-21 20211086c1

523 under the influence of alcoholic beverages. The administration
 524 of a breath test does not preclude the administration of another
 525 type of test. The person shall be told that his or her failure
 526 to submit to any lawful test of his or her breath under this
 527 chapter will result in a civil penalty of \$500, and shall also
 528 be told that if he or she refuses to submit to a lawful test of
 529 his or her breath and he or she has been previously fined under
 530 s. 327.35215 or has previously had his or her driver license
 531 suspended under s. 322.2615 for refusal to submit to any lawful
 532 test of his or her breath, urine, or blood, he or she commits a
 533 misdemeanor of the first degree, punishable as provided in s.
 534 775.082 or s. 775.083, in addition to any other penalties
 535 provided by law. The refusal to submit to a chemical or physical
 536 breath test upon the request of a law enforcement officer as
 537 provided in this section is admissible into evidence in any
 538 criminal proceeding.

539 2. ~~A~~ Any person who accepts the privilege extended by the
 540 laws of this state of operating a vessel within this state is,
 541 by ~~se~~ operating such vessel, deemed to have given his or her
 542 consent to submit to a urine test for the purpose of detecting
 543 the presence of chemical substances as set forth in s. 877.111
 544 or controlled substances if the person is lawfully arrested for
 545 any offense allegedly committed while the person was operating a
 546 vessel while under the influence of chemical substances or
 547 controlled substances. The urine test must be incidental to a
 548 lawful arrest and administered at a detention facility or any
 549 other facility, mobile or otherwise, which is equipped to
 550 administer such tests at the request of a law enforcement
 551 officer who has reasonable cause to believe such person was

Page 19 of 65

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

592-02886-21 20211086c1

552 operating a vessel within this state while under the influence
 553 of chemical substances or controlled substances. The urine test
 554 shall be administered at a detention facility or any other
 555 facility, mobile or otherwise, which is equipped to administer
 556 such test in a reasonable manner that will ensure the accuracy
 557 of the specimen and maintain the privacy of the individual
 558 involved. The administration of a urine test does not preclude
 559 the administration of another type of test. The person shall be
 560 told that his or her failure to submit to any lawful test of his
 561 or her urine under this chapter will result in a civil penalty
 562 of \$500, and shall also be told that if he or she refuses to
 563 submit to a lawful test of his or her urine and he or she has
 564 been previously fined under s. 327.35215 or has previously had
 565 his or her driver license suspended under s. 322.2615 for
 566 refusal to submit to any lawful test of his or her breath,
 567 urine, or blood, he or she commits a misdemeanor of the first
 568 degree, punishable as provided in s. 775.082 or s. 775.083, in
 569 addition to any other penalties provided by law. The refusal to
 570 submit to a urine test upon the request of a law enforcement
 571 officer as provided in this section is admissible into evidence
 572 in any criminal proceeding.

573 (c) ~~A~~ Any person who accepts the privilege extended by the
 574 laws of this state of operating a vessel within this state is,
 575 by operating such vessel, deemed to have given his or her
 576 consent to submit to an approved blood test for the purpose of
 577 determining the alcoholic content of the blood or a blood test
 578 for the purpose of determining the presence of chemical
 579 substances or controlled substances as provided in this section
 580 if there is reasonable cause to believe the person was operating

Page 20 of 65

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

592-02886-21

20211086c1

581 a vessel while under the influence of alcoholic beverages or
 582 chemical or controlled substances and the person appears for
 583 treatment at a hospital, clinic, or other medical facility and
 584 the administration of a breath or urine test is impractical or
 585 impossible. As used in this paragraph, the term "other medical
 586 facility" includes an ambulance or other medical emergency
 587 vehicle. The blood test shall be performed in a reasonable
 588 manner. ~~A Any~~ person who is incapable of refusal by reason of
 589 unconsciousness or other mental or physical condition is deemed
 590 not to have withdrawn his or her consent to such test. ~~A Any~~
 591 person who is capable of refusal shall be told that his or her
 592 failure to submit to such a blood test will result in a civil
 593 penalty of \$500 ~~and that a refusal to submit to a lawful test of~~
 594 ~~his or her blood, if he or she has previously been fined for~~
 595 ~~refusal to submit to any lawful test of his or her breath,~~
 596 ~~urine, or blood, is a misdemeanor.~~ The refusal to submit to a
 597 blood test upon the request of a law enforcement officer shall
 598 be admissible in evidence in any criminal proceeding.

599 Section 7. Section 327.359, Florida Statutes, is amended to
 600 read:

601 327.359 Refusal to submit to testing; penalties.—~~A Any~~
 602 person who has refused to submit to a chemical or physical test
 603 of his or her breath, ~~blood,~~ or urine, as described in s.
 604 327.352, and who has been previously fined under s. 327.35215 or
 605 has previously had his or her driver license suspended under s.
 606 322.2615 for refusal to submit to a lawful test of his or her
 607 breath, urine, or blood, and:

608 (1) Who the arresting law enforcement officer had probable
 609 cause to believe was operating or in actual physical control of

592-02886-21

20211086c1

610 a vessel in this state while under the influence of alcoholic
 611 beverages, chemical substances, or controlled substances;

612 (2) Who was placed under lawful arrest for a violation of
 613 s. 327.35 unless such test was requested pursuant to s.
 614 327.352(1)(c);

615 (3) Who was informed that if he or she refused to submit to
 616 such test, he or she is subject to a fine of \$500;

617 (4) Who was informed that a refusal to submit to a lawful
 618 test of his or her breath or, ~~urine, or blood,~~ if he or she has
 619 been previously fined under s. 327.35215 or has previously had
 620 his or her driver license suspended under s. 322.2615 for
 621 refusal to submit to a lawful test of his or her breath, urine,
 622 or blood, is a misdemeanor of the first degree, punishable as
 623 provided in s. 775.082 or s. 775.083; and

624 (5) Who, after having been so informed, refused to submit
 625 to any such test when requested to do so by a law enforcement
 626 officer or correctional officer

627
 628 commits a misdemeanor of the first degree, punishable ~~and is~~
 629 ~~subject to punishment~~ as provided in s. 775.082 or s. 775.083.

630 Section 8. Section 327.371, Florida Statutes, is created to
 631 read:

632 327.371 Human-powered vessels regulated.—

633 (1) A person may operate a human-powered vessel within the
 634 boundaries of the marked channel of the Florida Intracoastal
 635 Waterway as defined in s. 327.02:

636 (a) When the marked channel is the only navigable portion
 637 of the waterway available due to vessel congestion or
 638 obstructions on the water. The operator of the human-powered

592-02886-21 20211086c1

639 vessel shall proceed with diligence to a location where he or
 640 she may safely operate the vessel outside the marked channel of
 641 the Florida Intracoastal Waterway.

642 (b) When crossing the marked channel, provided that the
 643 crossing is done in the most direct, continuous, and expeditious
 644 manner possible and does not interfere with other vessel traffic
 645 in the channel.

646 (c) During an emergency endangering life or limb.

647 (2) A person may not operate a human-powered vessel in the
 648 marked channel of the Florida Intracoastal Waterway except as
 649 provided in subsection (1).

650 (3) A person who violates this section commits a
 651 noncriminal infraction, punishable as provided in s. 327.73.

652 Section 9. Subsection (1) and paragraphs (a) and (b) of
 653 subsection (5) of section 327.391, Florida Statutes, are amended
 654 to read:

655 327.391 Airboats regulated.—

656 (1) The exhaust of every internal combustion engine used on
 657 any airboat operated on the waters of this state shall be
 658 provided with an automotive-style factory muffler, underwater
 659 exhaust, or other manufactured device capable of adequately
 660 muffling the sound of the exhaust of the engine as described in
 661 s. 327.02(31) ~~s. 327.02(30)~~. The use of cutouts or flex pipe as
 662 the sole source of muffling is prohibited, except as provided in
 663 subsection (4). A ~~Any~~ person who violates this subsection
 664 commits a noncriminal infraction, punishable as provided in s.
 665 327.73(1).

666 (5) (a) ~~Beginning July 1, 2019,~~ A person may not operate an
 667 airboat to carry one or more passengers for hire on waters of

592-02886-21 20211086c1

668 this ~~the~~ state unless he or she has all of the following onboard
 669 the airboat:

670 1. A photographic identification card.

671 2. Proof of completion of a boater education course that
 672 complies with s. 327.395(2) (a) ~~s. 327.395(1) (a)~~. Except as
 673 provided in paragraph (b), no operator is exempt from this
 674 requirement, regardless of age or the exemptions provided under
 675 s. 327.395.

676 3. Proof of successful completion of a commission-approved
 677 airboat operator course that meets the minimum standards
 678 established by commission rule.

679 4. Proof of successful course completion in cardiopulmonary
 680 resuscitation and first aid.

681 (b) A person issued a captain's license by the United
 682 States Coast Guard is not required to complete a boating safety
 683 education course that complies with s. 327.395(2) (a) ~~s.~~
 684 ~~327.395(1) (a)~~. Proof of the captain's license must be onboard
 685 the airboat when carrying one or more passengers for hire on
 686 waters of this ~~the~~ state.

687 Section 10. Section 327.395, Florida Statutes, is amended
 688 to read:

689 327.395 Boating safety education.—

690 (1) A person born on or after January 1, 1988, may not
 691 operate a vessel powered by a motor of 10 horsepower or greater
 692 unless such person has in his or her possession aboard the
 693 vessel the documents required by subsection (2).

694 (2) While operating a vessel, a person identified under
 695 subsection (1) must have in his or her possession aboard the
 696 vessel photographic identification and a boating safety

592-02886-21 20211086c1

697 identification card issued by the commission, a state-issued
 698 identification card or driver license indicating possession of
 699 the boating safety identification card, or photographic
 700 identification and a temporary certificate issued or approved by
 701 the commission, which shows that he or she has:

702 (a) Completed a commission-approved boating safety
 703 education course that meets the minimum requirements established
 704 by the National Association of State Boating Law Administrators;
 705 or

706 (b) Passed a temporary certificate examination developed or
 707 approved by the commission.

708 (3) (a) (2) (a) A person may obtain a boating safety
 709 identification card by successfully completing a boating safety
 710 education course that meets the requirements of this section and
 711 rules adopted by the commission pursuant to this section.

712 (b) A person may obtain a temporary certificate by passing
 713 a temporary certificate examination that meets the requirements
 714 of this section and rules adopted by the commission pursuant to
 715 this section.

716 (4) (3) ~~A~~ Any commission-approved boating safety education
 717 course or temporary certificate examination developed or
 718 approved by the commission must include a component regarding
 719 diving vessels, awareness of divers in the water, divers-down
 720 warning devices, and the requirements of s. 327.331.

721 ~~(4) The commission may appoint liveries, marinas, or other~~
 722 ~~persons as its agents to administer the course or temporary~~
 723 ~~certificate examination and issue identification cards or~~
 724 ~~temporary certificates in digital, electronic, or paper format~~
 725 ~~under guidelines established by the commission. An agent must~~

Page 25 of 65

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

592-02886-21 20211086c1

726 ~~charge the \$2 examination fee, which must be forwarded to the~~
 727 ~~commission with proof of passage of the examination and may~~
 728 ~~charge and keep a \$1 service fee.~~

729 (5) A boating safety identification card issued to a person
 730 who has completed a boating safety education course is valid for
 731 life. A temporary certificate issued to a person who has passed
 732 a temporary certification examination is valid for 90 days after
 733 the date of issuance. The commission may issue either the
 734 boating safety identification card or the temporary certificate
 735 in a digital, electronic, or paper format.

736 (6) A person is exempt from subsection (1) if he or she:

737 (a) 1. Is licensed by the United States Coast Guard to serve
 738 as master of a vessel;

739 2. Has been previously licensed by the United States Coast
 740 Guard to serve as master of a vessel, provides proof of such
 741 licensure to the commission, and requests that a boating safety
 742 identification card be issued in his or her name; or

743 3. Possesses an International Certificate of Competence in
 744 sailing.

745 (b) Operates a vessel only on a private lake or pond.

746 (c) Is accompanied in the vessel by a person who is exempt
 747 from this section or who holds a boating safety identification
 748 card in compliance with this section, who is 18 years of age or
 749 older, and who is attendant to the operation of the vessel and
 750 responsible for the safe operation of the vessel and for any
 751 violation that occurs during the operation of the vessel.

752 (d) Is a nonresident who has in his or her possession
 753 photographic identification and proof that he or she has
 754 completed a boating safety education course or equivalency

Page 26 of 65

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

592-02886-21

20211086c1

755 examination in another state or a United States territory which
756 meets or exceeds the minimum requirements established by the
757 National Association of State Boating Law Administrators.

758 (e) Is operating a vessel within 90 days after the purchase
759 of that vessel and has available for inspection aboard that
760 vessel a bill of sale meeting the requirements of s. 328.46(1).

761 (f) Is operating a vessel within 90 days after completing a
762 boating safety education course in accordance with paragraph

763 (2) (a) the requirements of paragraph (1) (a) and has a
764 photographic identification card and a boating safety education
765 certificate available for inspection as proof of having
766 completed a boating safety education course. The boating safety
767 education certificate must provide, at a minimum, the student's
768 first and last name, the student's date of birth, and the date
769 that he or she passed the course examination.

770 (g) Is exempted by rule of the commission.

771 (7) A person who operates a vessel in violation of this
772 section subsection (1) commits a noncriminal infraction,
773 punishable as provided in s. 327.73.

774 (8) The commission shall institute and coordinate a
775 statewide program of boating safety instruction and
776 certification to ensure that boating safety courses and
777 examinations are available in each county of this the state. The
778 commission may appoint agents to administer the boating safety
779 education course or temporary certificate examination and may
780 authorize the agents to issue temporary certificates in digital,
781 electronic, or paper format. An agent ~~The agents~~ shall charge
782 and collect the \$2 fee required in subsection (9) for each
783 temporary certificate requested of the commission by that agent,

592-02886-21

20211086c1

784 which must be forwarded to the commission. The agent may charge
785 and keep a \$1 service fee.

786 (9) The commission ~~may is authorized to~~ establish and ~~to~~
787 collect a \$2 fee for each card and temporary certificate issued
788 pursuant to this section.

789 (10) The commission shall design forms and adopt rules
790 pursuant to chapter 120 to implement ~~the provisions of~~ this
791 section.

792 (11) This section may be cited as the "Osmany 'Ozzie'
793 Castellanos Boating Safety Education Act."

794 Section 11. Present subsection (5) of section 327.4107,
795 Florida Statutes, is redesignated as subsection (6), a new
796 subsection (5) and subsection (7) are added to that section, and
797 paragraphs (d) and (e) of subsection (2) of that section are
798 amended, to read:

799 327.4107 Vessels at risk of becoming derelict on waters of
800 this state.—

801 (2) An officer of the commission or of a law enforcement
802 agency specified in s. 327.70 may determine that a vessel is at
803 risk of becoming derelict if any of the following conditions
804 exist:

805 (d) The vessel is ~~left or stored aground unattended in such~~
806 ~~a state that would prevent the vessel from getting underway, is~~
807 listing due to water intrusion, ~~or is sunk or partially sunk.~~

808 (e) The vessel does not have an effective means of
809 propulsion for safe navigation within 72 hours after the vessel
810 owner or operator receives telephonic notice, in-person notice
811 recorded on an agency-approved body camera, or written notice,
812 which may be provided by facsimile, electronic mail, or other

592-02886-21 20211086c1

813 electronic means, stating such from an officer, and the vessel
 814 owner or operator is unable to provide a receipt, proof of
 815 purchase, or other documentation of having ordered necessary
 816 parts for vessel repair. The commission may adopt rules to
 817 implement this paragraph.

818 (5) The commission, an officer of the commission, or a law
 819 enforcement agency or officer specified in s. 327.70 may
 820 relocate or cause to be relocated an at-risk vessel found to be
 821 in violation of this section to a distance greater than 20 feet
 822 from a mangrove or upland vegetation. The commission, an officer
 823 of the commission, or a law enforcement agency or officer acting
 824 pursuant to this subsection upon waters of this state shall be
 825 held harmless for all damages to the at-risk vessel resulting
 826 from such relocation unless the damage results from gross
 827 negligence or willful misconduct as these terms are defined in
 828 s. 823.11.

829 (7) The commission may establish a derelict vessel
 830 prevention program to address vessels at risk of becoming
 831 derelict. Such program may, but is not required to, include:

832 (a) Removal, relocation, and destruction of vessels
 833 declared a public nuisance, derelict or at risk of becoming
 834 derelict, or lost or abandoned in accordance with s. 327.53(7),
 835 s. 327.73(1)(aa), s. 705.103(2) and (4), or s. 823.11(3).

836 (b) Creation of a vessel turn-in program allowing the owner
 837 of a vessel determined by law enforcement to be at risk of
 838 becoming derelict in accordance with this section to turn his or
 839 her vessel and vessel title over to the commission to be
 840 destroyed without penalty.

841 (c) Providing for removal and destruction of an abandoned

592-02886-21 20211086c1

842 vessel for which an owner cannot be identified or the owner of
 843 which is deceased and no heir is interested in acquiring the
 844 vessel.

845 (d) Purchase of anchor line, anchors, and other equipment
 846 necessary for securing vessels at risk of becoming derelict.

847 (e) Creating or acquiring moorings designated for securing
 848 vessels at risk of becoming derelict.

849 The commission may adopt rules to implement this subsection.
 850 Implementation of the derelict vessel prevention program shall
 851 be subject to appropriation by the Legislature and shall be
 852 funded by the Marine Resources Conservation Trust Fund or the
 853 Florida Coastal Protection Trust Fund.

854 Section 12. Section 327.4108, Florida Statutes, is amended
 855 to read:

856 327.4108 Anchoring of vessels in anchoring limitation
 857 areas.—

858 (1) The following densely populated urban areas, which have
 859 narrow state waterways, residential docking facilities, and
 860 significant recreational boating traffic, are designated as
 861 anchoring limitation areas, within which a person may not anchor
 862 a vessel at any time during the period between one-half hour
 863 after sunset and one-half hour before sunrise, except as
 864 provided in subsections (3) and (4):

865 (a) The section of Middle River lying between Northeast
 866 21st Court and the Intracoastal Waterway in Broward County.

867 (b) Sunset Lake in Miami-Dade County.

868 (c) The sections of Biscayne Bay in Miami-Dade County lying
 869 between:

592-02886-21

20211086c1

871 1. Rivo Alto Island and Di Lido Island.
 872 2. San Marino Island and San Marco Island.
 873 3. San Marco Island and Biscayne Island.
 874 (2) (a) Monroe County is designated as an anchoring
 875 limitation area within which a vessel may only be anchored in
 876 the same location for a maximum of 90 days. The commission shall
 877 adopt rules to implement this subsection.
 878 (b) This subsection does not apply to an approved and
 879 permitted mooring field.
 880 ~~(2) To promote the public's use and enjoyment of the~~
 881 ~~designated waterway, except as provided in subsections (3) and~~
 882 ~~(4), a person may not anchor a vessel at any time during the~~
 883 ~~period between one half hour after sunset and one half hour~~
 884 ~~before sunrise in an anchoring limitation area.~~
 885 (3) Notwithstanding subsections (1) and ~~subsection~~ (2), a
 886 person may anchor a vessel in an anchoring limitation area
 887 during a time that would otherwise be unlawful:
 888 (a) If the vessel suffers a mechanical failure that poses
 889 an unreasonable risk of harm to the vessel or the persons
 890 onboard unless the vessel anchors. The vessel may anchor for 3
 891 business days or until the vessel is repaired, whichever occurs
 892 first.
 893 (b) If imminent or existing weather conditions in the
 894 vicinity of the vessel pose an unreasonable risk of harm to the
 895 vessel or the persons onboard unless the vessel anchors. The
 896 vessel may anchor until weather conditions no longer pose such
 897 risk. During a hurricane or tropical storm, weather conditions
 898 are deemed to no longer pose an unreasonable risk of harm when
 899 the hurricane or tropical storm warning affecting the area has

Page 31 of 65

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

592-02886-21

20211086c1

900 expired.
 901 (c) During events described in s. 327.48 or other special
 902 events, including, but not limited to, public music
 903 performances, local government waterfront activities, or
 904 fireworks displays. A vessel may anchor for the lesser of the
 905 duration of the special event or 3 days.
 906 (4) This section does not apply to:
 907 (a) Vessels owned or operated by a governmental entity for
 908 law enforcement, firefighting, military, or rescue purposes.
 909 (b) Construction or dredging vessels on an active job site.
 910 (c) Vessels actively engaged in commercial fishing.
 911 (d) Vessels engaged in recreational fishing if the persons
 912 onboard are actively tending hook and line fishing gear or nets.
 913 (5) (a) As used in this subsection, the term "law
 914 enforcement officer or agency" means an officer or agency
 915 authorized to enforce this section pursuant to s. 327.70.
 916 (b) A law enforcement officer or agency may remove a vessel
 917 from an anchoring limitation area and impound the vessel for up
 918 to 48 hours, or cause such removal and impoundment, if the
 919 vessel operator, after being issued a citation for a violation
 920 of this section:
 921 1. Anchors the vessel in violation of this section within
 922 12 hours after being issued the citation; or
 923 2. Refuses to leave the anchoring limitation area after
 924 being directed to do so by a law enforcement officer or agency.
 925 (c) A law enforcement officer or agency acting under this
 926 subsection to remove or impound a vessel, or to cause such
 927 removal or impoundment, shall be held harmless for any damage to
 928 the vessel resulting from such removal or impoundment unless the

Page 32 of 65

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

592-02886-21 20211086c1

929 damage results from gross negligence or willful misconduct.

930 (d) A contractor performing removal or impoundment services

931 at the direction of a law enforcement officer or agency pursuant

932 to this subsection must:

933 1. Be licensed in accordance with United States Coast Guard

934 regulations, as applicable.

935 2. Obtain and carry a current policy issued by a licensed

936 insurance carrier in this state to insure against any accident,

937 loss, injury, property damage, or other casualty caused by or

938 resulting from the contractor's actions.

939 3. Be properly equipped to perform such services.

940 (e) In addition to the civil penalty imposed under s.

941 327.73(1)(z), the operator of a vessel that is removed and

942 impounded pursuant to paragraph (b) must pay all removal and

943 storage fees before the vessel is released. A vessel removed

944 pursuant to paragraph (b) may not be impounded for longer than

945 48 hours.

946 (6) A violation of this section is punishable as provided

947 in s. 327.73(1)(z).

948 ~~(7) This section shall remain in effect notwithstanding the~~

949 ~~Legislature's adoption of the commission's recommendations for~~

950 ~~the regulation of mooring vessels outside of public mooring~~

951 ~~fields pursuant to s. 327.4105.~~

952 Section 13. Paragraph (a) of subsection (1) and subsection

953 (2) of section 327.4109, Florida Statutes, are amended to read:

954 327.4109 Anchoring or mooring prohibited; exceptions;

955 penalties.-

956 (1)(a) The owner or operator of a vessel or floating

957 structure may not anchor or moor such that the nearest approach

592-02886-21 20211086c1

958 of the anchored or moored vessel or floating structure is:

959 1. Within 150 feet of any public or private marina, boat

960 ramp, boatyard, or other public vessel launching or loading

961 facility;

962 2. Within 300 feet of a superyacht repair facility. For

963 purposes of this subparagraph, the term "superyacht repair

964 facility" means a facility that services or repairs a yacht with

965 a water line of 120 feet or more in length; or

966 3. Within 100 feet outward from the marked boundary of a

967 public mooring field or a lesser distance if approved by the

968 commission upon request of a local government within which the

969 mooring field is located. The commission may adopt rules to

970 implement this subparagraph.

971 (2) Notwithstanding subsection (1), an owner or operator of

972 a vessel may anchor or moor within 150 feet of any public or

973 private marina, boat ramp, boatyard, or other public vessel

974 launching or loading facility; within 300 feet of a superyacht

975 repair facility; or within 100 feet outward from the marked

976 boundary of a public mooring field if:

977 (a) The vessel suffers a mechanical failure that poses an

978 unreasonable risk of harm to the vessel or the persons onboard

979 such vessel. The owner or operator of the vessel may anchor or

980 moor for 5 business days or until the vessel is repaired,

981 whichever occurs first.

982 (b) Imminent or existing weather conditions in the vicinity

983 of the vessel pose an unreasonable risk of harm to the vessel or

984 the persons onboard such vessel. The owner or operator of the

985 vessel may anchor or moor until weather conditions no longer

986 pose such risk. During a hurricane or tropical storm, weather

592-02886-21 20211086c1

987 conditions are deemed to no longer pose an unreasonable risk of
988 harm when the hurricane or tropical storm warning affecting the
989 area has expired.

990 Section 14. Subsection (2) of section 327.45, Florida
991 Statutes, is amended to read:

992 327.45 Protection zones for springs.-

993 (2) The commission may establish by rule protection zones
994 that restrict the speed and operation of vessels, or which
995 prohibit the anchoring, mooring, beaching, or grounding of
996 vessels, to protect and prevent harm to first, second, and third
997 magnitude springs and springs groups, including their associated
998 spring runs, as determined by the commission using the most
999 recent Florida Geological Survey springs bulletin. This harm
1000 includes negative impacts to water quality, water quantity,
1001 hydrology, wetlands, and aquatic and wetland-dependent species.

1002 Section 15. Paragraph (b) of subsection (1) of section
1003 327.46, Florida Statutes, is amended to read:

1004 327.46 Boating-restricted areas.-

1005 (1) Boating-restricted areas, including, but not limited
1006 to, restrictions of vessel speeds and vessel traffic, may be
1007 established on the waters of this state for any purpose
1008 necessary to protect the safety of the public if such
1009 restrictions are necessary based on boating accidents,
1010 visibility, hazardous currents or water levels, vessel traffic
1011 congestion, or other navigational hazards or to protect
1012 seagrasses on privately owned submerged lands.

1013 (b) Municipalities and counties ~~may have the authority to~~
1014 establish the following boating-restricted areas by ordinance:

1015 1. An ordinance establishing an idle speed, no wake

592-02886-21 20211086c1

1016 boating-restricted area, if the area is:

1017 a. Within 500 feet of any boat ramp, hoist, marine railway,
1018 or other launching or landing facility available for use by the
1019 general boating public on waterways more than 300 feet in width
1020 or within 300 feet of any boat ramp, hoist, marine railway, or
1021 other launching or landing facility available for use by the
1022 general boating public on waterways not exceeding 300 feet in
1023 width.

1024 b. Within 500 feet of fuel pumps or dispensers at any
1025 marine fueling facility that sells motor fuel to the general
1026 boating public on waterways more than 300 feet in width or
1027 within 300 feet of the fuel pumps or dispensers at any licensed
1028 terminal facility that sells motor fuel to the general boating
1029 public on waterways not exceeding 300 feet in width.

1030 c. Inside or within 300 feet of any lock structure.

1031 2. An ordinance establishing a slow speed, minimum wake
1032 boating-restricted area if the area is:

1033 a. Within 300 feet of any bridge fender system.

1034 b. Within 300 feet of any bridge span presenting a vertical
1035 clearance of less than 25 feet or a horizontal clearance of less
1036 than 100 feet.

1037 c. On a creek, stream, canal, or similar linear waterway if
1038 the waterway is less than 75 feet in width from shoreline to
1039 shoreline.

1040 d. On a lake or pond of less than 10 acres in total surface
1041 area.

1042 e. Within the boundaries of a permitted public mooring
1043 field and a buffer around the mooring field of up to 100 feet.

1044 3. An ordinance establishing a vessel-exclusion zone if the

592-02886-21 20211086c1

1045 area is:

- 1046 a. Designated as a public bathing beach or swim area.
 1047 b. Within 300 feet of a dam, spillway, or flood control
 1048 structure.

1049 4. Notwithstanding the prohibition in s. 327.60(2)(c),
 1050 within the portion of the Florida Intracoastal Waterway within
 1051 their jurisdiction, except that the municipality or county may
 1052 not establish a vessel-exclusion zone for public bathing beaches
 1053 or swim areas within the waterway.

1054 Section 16. Section 327.463, Florida Statutes, is created
 1055 to read:

1056 327.463 Special hazards.-

1057 (1) For purposes of this section, a vessel:

1058 (a) Is operating at slow speed, minimum wake only if it is:

1059 1. Fully off plane and completely settled into the water;

1060 and

1061 2. Proceeding without wake or with minimum wake.

1062

1063 A vessel that is required to operate at slow speed, minimum wake
 1064 may not proceed at a speed greater than a speed that is
 1065 reasonable and prudent to avoid the creation of an excessive
 1066 wake or other hazardous condition under the existing
 1067 circumstances.

1068 (b) Is not proceeding at slow speed, minimum wake if it is:

1069 1. Operating on plane;

1070 2. In the process of coming off plane and settling into the
 1071 water or getting on plane; or

1072 3. Operating at a speed that creates a wake that
 1073 unreasonably or unnecessarily endangers other vessels.

592-02886-21 20211086c1

1074 (2) A person may not operate a vessel faster than slow
 1075 speed, minimum wake within 300 feet of any emergency vessel,
 1076 including, but not limited to, a law enforcement vessel, United
 1077 States Coast Guard vessel, or firefighting vessel, when such
 1078 emergency vessel's emergency lights are activated.

1079 (3)(a) A person may not operate a vessel faster than slow
 1080 speed, minimum wake within 300 feet of any construction vessel
 1081 or barge when the vessel or barge is displaying an orange flag
 1082 from a pole extending:

1083 1. At least 10 feet above the tallest portion of the vessel
 1084 or barge, indicating that the vessel or barge is actively
 1085 engaged in construction operations; or

1086 2. At least 5 feet above any superstructure permanently
 1087 installed upon the vessel or barge, indicating that the vessel
 1088 or barge is actively engaged in construction operations.

1089 (b) A flag displayed on a construction vessel or barge
 1090 pursuant to this subsection must:

1091 1. Be at least 2 feet by 3 feet in size.

1092 2. Have a wire or other stiffener or be otherwise
 1093 constructed to ensure that the flag remains fully unfurled and
 1094 extended in the absence of a wind or breeze.

1095 3. Be displayed so that the visibility of the flag is not
 1096 obscured in any direction.

1097 (c) In periods of low visibility, including any time
 1098 between 30 minutes after sunset and 30 minutes before sunrise, a
 1099 person may not be cited for a violation of this subsection
 1100 unless the orange flag is illuminated and visible from a
 1101 distance of at least 2 nautical miles. Such illumination does
 1102 not relieve the construction vessel or barge from complying with

592-02886-21

20211086c1

1103 all navigation rules.

1104 (4) (a) A person operating a vessel in violation of this
 1105 section commits a noncriminal infraction, punishable as provided
 1106 in s. 327.73.

1107 (b) The owner of, or party who is responsible for, a
 1108 construction vessel or barge who displays an orange flag on the
 1109 vessel or barge when it is not actively engaged in construction
 1110 operations commits a noncriminal infraction, punishable as
 1111 provided in s. 327.73.

1112 (5) The speed and penalty provisions of this section do not
 1113 apply to a law enforcement, firefighting, or rescue vessel that
 1114 is owned or operated by a governmental entity.

1115 Section 17. Paragraph (a) of subsection (1) of section
 1116 327.50, Florida Statutes, is amended to read:

1117 327.50 Vessel safety regulations; equipment and lighting
 1118 requirements.—

1119 (1) (a) The owner and operator of every vessel on the waters
 1120 of this state shall carry, store, maintain, and use safety
 1121 equipment in accordance with current United States Coast Guard
 1122 safety equipment requirements as specified in the Code of
 1123 Federal Regulations, unless expressly exempted by the commission
 1124 department.

1125 Section 18. Paragraph (a) of subsection (6) and subsection
 1126 (7) of section 327.53, Florida Statutes, are amended, and
 1127 subsection (8) is added to that section, to read:

1128 327.53 Marine sanitation.—

1129 (6) (a) A violation of this section is a noncriminal
 1130 infraction, punishable as provided in s. 327.73. Each violation
 1131 shall be a separate offense. The owner and operator of any

592-02886-21

20211086c1

1132 vessel shall be jointly and severally liable for the civil
 1133 penalty imposed pursuant to this section.

1134 (7) ~~A~~ Any vessel or floating structure operated or occupied
 1135 on the waters of ~~this~~ the state in violation of this section is
 1136 declared a nuisance and a hazard to public safety and health.
 1137 The owner or operator of ~~a~~ any vessel or floating structure
 1138 cited for violating this section shall, within 30 days following
 1139 the issuance of the citation, correct the violation for which
 1140 the citation was issued or remove the vessel or floating
 1141 structure from the waters of ~~this~~ the state. If the violation is
 1142 not corrected within the 30 days and the vessel or floating
 1143 structure remains on the waters of ~~this~~ the state in violation
 1144 of this section, law enforcement officers charged with the
 1145 enforcement of this chapter under s. 327.70 shall apply to the
 1146 appropriate court in the county in which the vessel or floating
 1147 structure is located, to order or otherwise cause the removal of
 1148 such vessel or floating structure from the waters of ~~this~~ the
 1149 state at the owner's expense. If the owner cannot be found or
 1150 otherwise fails to pay the removal costs, the provisions of s.
 1151 328.17 shall apply. If the proceeds under s. 328.17 are not
 1152 sufficient to pay all removal costs, funds appropriated from the
 1153 Marine Resources Conservation Trust Fund pursuant to paragraph
 1154 (6) (b) or s. 328.72(15) (c) ~~s. 328.72(16)~~ may be used.

1155 (8) The owner or operator of a live-aboard vessel as
 1156 defined in s. 327.02(23) (a) or (c), or a houseboat as defined in
 1157 s. 327.02(17), that is equipped with a marine sanitation device
 1158 must maintain a record of the date of each pumpout of the marine
 1159 sanitation device and the location of the pumpout station or
 1160 waste reception facility. Each record must be maintained for 1

592-02886-21

20211086c1

1161 year after the date of the pumpout.

1162 Section 19. Subsection (2) of section 327.54, Florida

1163 Statutes, is amended to read:

1164 327.54 Liveries; safety regulations; penalty.—

1165 (2) A livery may not knowingly lease, hire, or rent a ~~any~~
 1166 vessel ~~powered by a motor of 10 horsepower or greater to a any~~
 1167 person who is required to comply with s. 327.395, unless such
 1168 person presents to the livery photographic identification and a
 1169 valid boater safety identification card issued by the
 1170 commission, a state-issued identification card or driver license
 1171 indicating possession of the boating safety identification card,
 1172 or photographic identification and a valid temporary certificate
 1173 issued or approved by the commission as required under s.
 1174 327.395(2) s. 327.395(1), or meets the exemption provided under
 1175 s. 327.395(6) (f).

1176 Section 20. Subsection (5) of section 327.60, Florida
 1177 Statutes, is amended to read:

1178 327.60 Local regulations; limitations.—

1179 (5) A local government may enact and enforce regulations to
 1180 implement the procedures for abandoned or lost property that
 1181 allow the local law enforcement agency to remove a vessel
 1182 affixed to a public dock or mooring within its jurisdiction that
 1183 is abandoned or lost property pursuant to s. 705.103(1). Such
 1184 regulation must require the local law enforcement agency to post
 1185 a written notice at least 24 hours before removing the vessel.

1186 Section 21. Paragraphs (q), (s), and (aa) of subsection (1)
 1187 of section 327.73, Florida Statutes, are amended, and paragraphs
 1188 (cc) and (dd) are added to that subsection, to read:

1189 327.73 Noncriminal infractions.—

Page 41 of 65

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

592-02886-21

20211086c1

1190 (1) Violations of the following provisions of the vessel
 1191 laws of this state are noncriminal infractions:

1192 (q) Section 327.53(1), (2), ~~and~~ (3), and (8), relating to
 1193 marine sanitation.

1194 (s) Section 327.395, relating to boater safety education.
 1195 However, a person cited for violating the requirements of s.
 1196 327.395 relating to failure to have required proof of boating
 1197 safety education in his or her possession may not be convicted
 1198 if, before or at the time of a county court hearing, the person
 1199 produces proof of the boating safety education identification
 1200 card or temporary certificate for verification by the hearing
 1201 officer or the court clerk and the identification card or
 1202 temporary certificate was valid at the time the person was
 1203 cited.

1204 (aa) Section 327.4107, relating to vessels at risk of
 1205 becoming derelict on waters of this state, for which the civil
 1206 penalty is:

1207 1. For a first offense, \$100 ~~\$50~~.

1208 2. For a second offense occurring 30 days or more after a
 1209 first offense, \$250 ~~\$100~~.

1210 3. For a third or subsequent offense occurring 30 days or
 1211 more after a previous offense, \$500 ~~\$250~~.

1212
 1213 A vessel that is the subject of three or more violations issued
 1214 pursuant to the same paragraph of s. 327.4107(2) within an 18-
 1215 month period which result in dispositions other than acquittal
 1216 or dismissal shall be declared to be a public nuisance and
 1217 subject to ss. 705.103(2) and (4) and 823.11(3). The commission,
 1218 an officer of the commission, or a law enforcement agency or

Page 42 of 65

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

592-02886-21 20211086c1

1219 officer specified in s. 327.70 may relocate, remove, or cause to
 1220 be relocated or removed such public nuisance vessels from waters
 1221 of this state. The commission, an officer of the commission, or
 1222 a law enforcement agency or officer acting pursuant to this
 1223 paragraph upon waters of this state shall be held harmless for
 1224 all damages to the vessel resulting from such relocation or
 1225 removal unless the damage results from gross negligence or
 1226 willful misconduct as these terms are defined in s. 823.11.

1227 (cc) Section 327.463(4) (a) and (b), relating to vessels
 1228 creating special hazards, for which the penalty is:

1229 1. For a first offense, \$50.

1230 2. For a second offense occurring within 12 months after a
 1231 prior offense, \$100.

1232 3. For a third offense occurring within 36 months after a
 1233 prior offense, \$250.

1234 (dd) Section 327.371, relating to the regulation of human-
 1235 powered vessels.

1236
 1237 Any person cited for a violation of any provision of this
 1238 subsection shall be deemed to be charged with a noncriminal
 1239 infraction, shall be cited for such an infraction, and shall be
 1240 cited to appear before the county court. The civil penalty for
 1241 any such infraction is \$50, except as otherwise provided in this
 1242 section. Any person who fails to appear or otherwise properly
 1243 respond to a uniform boating citation shall, in addition to the
 1244 charge relating to the violation of the boating laws of this
 1245 state, be charged with the offense of failing to respond to such
 1246 citation and, upon conviction, be guilty of a misdemeanor of the
 1247 second degree, punishable as provided in s. 775.082 or s.

Page 43 of 65

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

592-02886-21 20211086c1

1248 775.083. A written warning to this effect shall be provided at
 1249 the time such uniform boating citation is issued.

1250 Section 22. Subsection (4) of section 328.09, Florida
 1251 Statutes, is amended to read:

1252 328.09 Refusal to issue and authority to cancel a
 1253 certificate of title or registration.-

1254 (4) The department may not issue a certificate of title to
 1255 an ~~any~~ applicant for a ~~any~~ vessel that has been deemed derelict
 1256 by a law enforcement officer under s. 376.15 or s. 823.11. A law
 1257 enforcement officer must inform the department in writing, which
 1258 may be provided by facsimile, electronic mail, or other
 1259 electronic means, of the vessel's derelict status and supply the
 1260 department with the vessel title number or vessel identification
 1261 number. The department may issue a certificate of title once a
 1262 law enforcement officer has verified in writing, which may be
 1263 provided by facsimile, electronic mail, or other electronic
 1264 means, that the vessel is no longer a derelict vessel.

1265 Section 23. Effective July 1, 2023, paragraph (e) of
 1266 subsection (3) of section 328.09, Florida Statutes, as amended
 1267 by section 12 of chapter 2019-76, Laws of Florida, is amended to
 1268 read:

1269 328.09 Refusal to issue and authority to cancel a
 1270 certificate of title or registration.-

1271 (3) Except as otherwise provided in subsection (4), the
 1272 department may reject an application for a certificate of title
 1273 only if:

1274 (e) The application is for a vessel that has been deemed
 1275 derelict by a law enforcement officer under s. 376.15 or s.
 1276 823.11. In such case, a law enforcement officer must inform the

Page 44 of 65

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

592-02886-21 20211086c1

1277 department in writing, which may be provided by facsimile, e-
 1278 mail, or other electronic means, of the vessel's derelict status
 1279 and supply the department with the vessel title number or vessel
 1280 identification number. The department may issue a certificate of
 1281 title once a law enforcement officer has verified in writing,
 1282 which may be provided by facsimile, e-mail, or other electronic
 1283 means, that the vessel is no longer a derelict vessel.

1284 Section 24. Section 376.15, Florida Statutes, is amended to
 1285 read:

1286 376.15 Derelict vessels; relocation or removal from ~~public~~
 1287 waters of this state.-

1288 (1) As used in this section, the term:

1289 (a) "Commission" means the Fish and Wildlife Conservation
 1290 Commission.

1291 (b) "Gross negligence" means conduct so reckless or wanting
 1292 in care that it constitutes a conscious disregard or
 1293 indifference to the safety of the property exposed to such
 1294 conduct.

1295 (c) "Willful misconduct" means conduct evidencing
 1296 carelessness or negligence of such a degree or recurrence as to
 1297 manifest culpability, wrongful intent, or evil design or to show
 1298 an intentional and substantial disregard of the interests of the
 1299 vessel owner.

1300 (2) (a) It is unlawful for any person, firm, or corporation
 1301 to ~~store, leave, or abandon~~ any derelict vessel as defined in s.
 1302 823.11 upon the waters of ~~in~~ this state. For purposes of this
 1303 paragraph, the term "leave" means to allow a vessel to remain
 1304 occupied or unoccupied on the waters of this state for more than
 1305 24 hours.

Page 45 of 65

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

592-02886-21 20211086c1

1306 (b) Notwithstanding paragraph (a), a person who owns or
 1307 operates a vessel that becomes derelict upon the waters of this
 1308 state solely as a result of a boating accident that is reported
 1309 to law enforcement in accordance with s. 327.301 or otherwise
 1310 reported to law enforcement; a hurricane; or another sudden
 1311 event outside of his or her control may not be charged with a
 1312 violation if:

1313 1. The individual documents for law enforcement the
 1314 specific event that led to the vessel being derelict upon the
 1315 waters of this state; and

1316 2. The vessel has been removed from the waters of this
 1317 state or has been repaired or addressed such that it is no
 1318 longer derelict upon the waters of this state:

1319 a. For a vessel that has become derelict as a result of a
 1320 boating accident or other sudden event outside of his or her
 1321 control, within 7 days after such accident or event; or

1322 b. Within 45 days after the hurricane has passed over this
 1323 state.

1324 (c) This subsection does not apply to a vessel that was
 1325 derelict upon the waters of this state before the stated
 1326 accident or event.

1327 (3) (a) The commission, an officer ~~officers~~ of the
 1328 commission, or a ~~and any~~ law enforcement agency or officer
 1329 specified in s. 327.70 ~~may be authorized and empowered to~~
 1330 relocate, remove, store, destroy, or dispose of or cause to be
 1331 relocated, ~~or~~ removed, stored, destroyed, or disposed of a ~~any~~
 1332 derelict vessel as defined in s. 823.11 from ~~public~~ waters of
 1333 this state as defined in s. 327.02. All costs, including costs
 1334 owed to a third party, incurred by the commission or other law

Page 46 of 65

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

592-02886-21 20211086c1

1335 enforcement agency in the relocation, ~~or~~ removal, storage,
 1336 destruction, or disposal of any abandoned or derelict vessel are
 1337 recoverable against the owner of the vessel or the party
 1338 determined to be legally responsible for the vessel being upon
 1339 the waters of this state in a derelict condition. The Department
 1340 of Legal Affairs shall represent the commission in actions to
 1341 recover such costs.

1342 (b) The commission, an officer ~~officers~~ of the commission,
 1343 or a and any other law enforcement agency or officer specified
 1344 in s. 327.70 acting pursuant to ~~under~~ this section to relocate,
 1345 remove, store, destroy, or dispose of or cause to be relocated,
 1346 ~~or~~ removed, stored, destroyed, or disposed of a derelict vessel
 1347 from public waters of this state as defined in s. 327.02 shall
 1348 be held harmless for all damages to the derelict vessel
 1349 resulting from such action ~~relocation or removal~~ unless the
 1350 damage results from gross negligence or willful misconduct as
 1351 these terms are defined in s. 823.11.

1352 (c) A contractor performing relocation or removal
 1353 activities at the direction of the commission, an officer
 1354 ~~officers~~ of the commission, ~~or~~ a law enforcement agency or
 1355 officer, or a governmental subdivision, when the governmental
 1356 subdivision has received authorization for the relocation or
 1357 removal from a law enforcement officer or agency pursuant to
 1358 this section, must be licensed in accordance with applicable
 1359 United States Coast Guard regulations where required; obtain and
 1360 carry in full force and effect a policy from a licensed
 1361 insurance carrier in this state to insure against any accident,
 1362 loss, injury, property damage, or other casualty caused by or
 1363 resulting from the contractor's actions; and be properly

592-02886-21 20211086c1

1364 equipped to perform the services to be provided.

1365 (d) The commission may establish a program to provide
 1366 grants to local governments for the removal, storage,
 1367 destruction, and disposal of derelict vessels from the ~~public~~
 1368 waters of ~~this the~~ state as defined in s. 327.02. The program
 1369 shall be funded from the Marine Resources Conservation Trust
 1370 Fund or the Florida Coastal Protection Trust Fund.
 1371 Notwithstanding ~~the provisions in~~ s. 216.181(11), funds
 1372 available for grants may only be authorized by appropriations
 1373 acts of the Legislature. In a given fiscal year, if all funds
 1374 appropriated pursuant to this paragraph are not requested by and
 1375 granted to local governments for the removal, storage,
 1376 destruction, and disposal of derelict vessels by the end of the
 1377 third quarter, the Fish and Wildlife Conservation Commission may
 1378 use the remainder of the funds to remove, store, destroy, and
 1379 dispose of, or to pay private contractors to remove, store,
 1380 destroy, and dispose of, derelict vessels.

1381 (e) The commission shall adopt by rule procedures for
 1382 submitting a grant application and criteria for allocating
 1383 available funds. Such criteria shall include, but not be limited
 1384 to, the following:

1385 1. The number of derelict vessels within the jurisdiction
 1386 of the applicant.

1387 2. The threat posed by such vessels to public health or
 1388 safety, the environment, navigation, or the aesthetic condition
 1389 of the general vicinity.

1390 3. The degree of commitment of the local government to
 1391 maintain waters free of abandoned and derelict vessels and to
 1392 seek legal action against those who abandon vessels in the

592-02886-21 20211086c1

1393 waters of ~~this the~~ state as defined in s. 327.02.
 1394 (f) This section constitutes the authority for such removal
 1395 but is not intended to be in contravention of any applicable
 1396 federal act.
 1397 Section 25. Subsections (2) and (4) of section 705.103,
 1398 Florida Statutes, are amended to read:
 1399 705.103 Procedure for abandoned or lost property.—
 1400 (2)(a)1. Whenever a law enforcement officer ascertains
 1401 that:
 1402 a. An article of lost or abandoned property other than a
 1403 derelict vessel or a vessel declared a public nuisance pursuant
 1404 to s. 327.73(1)(aa) is present on public property and is of such
 1405 nature that it cannot be easily removed, the officer shall cause
 1406 a notice to be placed upon such article in substantially the
 1407 following form:
 1408
 1409 NOTICE TO THE OWNER AND ALL PERSONS INTERESTED IN THE ATTACHED
 1410 PROPERTY. This property, to wit: ...(setting forth brief
 1411 description)... is unlawfully upon public property known as
 1412 ...(setting forth brief description of location)... and must be
 1413 removed within 5 days; otherwise, it will be removed and
 1414 disposed of pursuant to chapter 705, Florida Statutes. The owner
 1415 will be liable for the costs of removal, storage, and
 1416 publication of notice. Dated this: ...(setting forth the date of
 1417 posting of notice)..., signed: ...(setting forth name, title,
 1418 address, and telephone number of law enforcement officer)...
 1419
 1420 b. A derelict vessel or a vessel declared a public nuisance
 1421 pursuant to s. 327.73(1)(aa) is present on the waters of this

Page 49 of 65

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

592-02886-21 20211086c1

1422 state, the officer shall cause a notice to be placed upon such
 1423 vessel in substantially the following form:
 1424
 1425 NOTICE TO THE OWNER AND ALL PERSONS INTERESTED IN THE ATTACHED
 1426 VESSEL. This vessel, to wit: ...(setting forth brief
 1427 description)... has been determined to be (derelict or a public
 1428 nuisance) and is unlawfully upon waters of this state
 1429 ...(setting forth brief description of location)... and must be
 1430 removed within 21 days; otherwise, it will be removed and
 1431 disposed of pursuant to chapter 705, Florida Statutes. The owner
 1432 and other interested parties have the right to a hearing to
 1433 challenge the determination that this vessel is derelict or
 1434 otherwise in violation of the law. Please contact ...(contact
 1435 information for person who can arrange for a hearing in
 1436 accordance with this section).... The owner or the party
 1437 determined to be legally responsible for the vessel being upon
 1438 the waters of this state in a derelict condition will be liable
 1439 for the costs of removal, destruction, and disposal if this
 1440 vessel is not removed by the owner. Dated this: ...(setting
 1441 forth the date of posting of notice)..., signed: ...(setting
 1442 forth name, title, address, and telephone number of law
 1443 enforcement officer)....
 1444 2. The notices required under subparagraph 1. may ~~Such~~
 1445 ~~notice shall be~~ not be less than 8 inches by 10 inches and shall
 1446 be sufficiently weatherproof to withstand normal exposure to the
 1447 elements. In addition to posting, the law enforcement officer
 1448 shall make a reasonable effort to ascertain the name and address
 1449 of the owner. If such is reasonably available to the officer,
 1450 she or he shall mail a copy of such notice to the owner on or

Page 50 of 65

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

592-02886-21

20211086c1

1451 before the date of posting. If the property is a motor vehicle
 1452 as defined in s. 320.01(1) or a vessel as defined in s. 327.02,
 1453 the law enforcement agency shall contact the Department of
 1454 Highway Safety and Motor Vehicles in order to determine the name
 1455 and address of the owner and any person who has filed a lien on
 1456 the vehicle or vessel as provided in s. 319.27(2) or (3) or s.
 1457 328.15(1). On receipt of this information, the law enforcement
 1458 agency shall mail a copy of the notice by certified mail, return
 1459 receipt requested, to the owner and to the lienholder, if any,
 1460 except that a law enforcement officer who has issued a citation
 1461 for a violation of s. 376.15 or s. 823.11 to the owner of a
 1462 derelict vessel is not required to mail a copy of the notice by
 1463 certified mail, return receipt requested, to the owner. For a
 1464 derelict vessel or a vessel declared a public nuisance pursuant
 1465 to s. 327.73(1)(aa), the mailed notice must inform the owner or
 1466 responsible party that he or she has a right to a hearing to
 1467 dispute the determination that the vessel is derelict or
 1468 otherwise in violation of the law. If a request for a hearing is
 1469 made, a state agency shall follow the processes set forth in s.
 1470 120.569. Local governmental entities shall follow the processes
 1471 set forth in s. 120.569, except that a local judge, magistrate,
 1472 or code enforcement officer may be designated to conduct such a
 1473 hearing. If, at the end of 5 days after posting the notice in
 1474 sub-subparagraph 1.a., or at the end of 21 days after posting
 1475 the notice in sub-subparagraph 1.b., and mailing such notice, if
 1476 required, the owner or any person interested in the lost or
 1477 abandoned article or articles described has not removed the
 1478 article or articles from public property or shown reasonable
 1479 cause for failure to do so, and, in the case of a derelict

Page 51 of 65

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

592-02886-21

20211086c1

1480 vessel or a vessel declared a public nuisance pursuant to s.
 1481 327.73(1)(aa), has not requested a hearing in accordance with
 1482 this section, the following shall apply:
 1483 a. ~~(a)~~ For abandoned property other than a derelict vessel
 1484 or a vessel declared a public nuisance pursuant to s.
 1485 327.73(1)(aa), the law enforcement agency may retain any or all
 1486 of the property for its own use or for use by the state or unit
 1487 of local government, trade such property to another unit of
 1488 local government or state agency, donate the property to a
 1489 charitable organization, sell the property, or notify the
 1490 appropriate refuse removal service.
 1491 b. For a derelict vessel or a vessel declared a public
 1492 nuisance pursuant to s. 327.73(1)(aa), the law enforcement
 1493 agency or its designee may:
 1494 (I) Remove the vessel from the waters of this state and
 1495 destroy and dispose of the vessel or authorize another
 1496 governmental entity or its designee to do so; or
 1497 (II) Authorize the vessel's use as an artificial reef in
 1498 accordance with s. 379.249 if all necessary federal, state, and
 1499 local authorizations are received.
 1500 A law enforcement agency or its designee may also take action as
 1501 described in this sub-subparagraph if, following a hearing
 1502 pursuant to this section, the judge, magistrate, administrative
 1503 law judge, or hearing officer has determined the vessel to be
 1504 derelict as provided in s. 823.11 or otherwise in violation of
 1505 the law in accordance with s. 327.73(1)(aa) and a final order
 1506 has been entered or the case is otherwise closed.
 1507 (b) For lost property, the officer shall take custody and
 1508

Page 52 of 65

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

592-02886-21 20211086c1

1509 the agency shall retain custody of the property for 90 days. The
 1510 agency shall publish notice of the intended disposition of the
 1511 property, as provided in this section, during the first 45 days
 1512 of this time period.

1513 1. If the agency elects to retain the property for use by
 1514 the unit of government, donate the property to a charitable
 1515 organization, surrender such property to the finder, sell the
 1516 property, or trade the property to another unit of local
 1517 government or state agency, notice of such election shall be
 1518 given by an advertisement published once a week for 2
 1519 consecutive weeks in a newspaper of general circulation in the
 1520 county where the property was found if the value of the property
 1521 is more than \$100. If the value of the property is \$100 or less,
 1522 notice shall be given by posting a description of the property
 1523 at the law enforcement agency where the property was turned in.
 1524 The notice must be posted for not less than 2 consecutive weeks
 1525 in a public place designated by the law enforcement agency. The
 1526 notice must describe the property in a manner reasonably
 1527 adequate to permit the rightful owner of the property to claim
 1528 it.

1529 2. If the agency elects to sell the property, it must do so
 1530 at public sale by competitive bidding. Notice of the time and
 1531 place of the sale shall be given by an advertisement of the sale
 1532 published once a week for 2 consecutive weeks in a newspaper of
 1533 general circulation in the county where the sale is to be held.
 1534 The notice shall include a statement that the sale shall be
 1535 subject to any and all liens. The sale must be held at the
 1536 nearest suitable place to that where the lost or abandoned
 1537 property is held or stored. The advertisement must include a

592-02886-21 20211086c1

1538 description of the goods and the time and place of the sale. The
 1539 sale may take place no earlier than 10 days after the final
 1540 publication. If there is no newspaper of general circulation in
 1541 the county where the sale is to be held, the advertisement shall
 1542 be posted at the door of the courthouse and at three other
 1543 public places in the county at least 10 days prior to sale.
 1544 Notice of the agency's intended disposition shall describe the
 1545 property in a manner reasonably adequate to permit the rightful
 1546 owner of the property to identify it.

1547 (4) The owner of any abandoned or lost property, or in the
 1548 case of a derelict vessel, the owner or other party determined
 1549 to be legally responsible for the vessel being upon the waters
 1550 of this state in a derelict condition, who, after notice as
 1551 provided in this section, does not remove such property within
 1552 the specified period shall be liable to the law enforcement
 1553 agency, other governmental entity, or the agency's or entity's
 1554 designee for all costs of removal, storage, and destruction of
 1555 such property, less any salvage value obtained by disposal of
 1556 the property. Upon final disposition of the property, the law
 1557 enforcement officer or representative of the law enforcement
 1558 agency or other governmental entity shall notify the owner, if
 1559 known, of the amount owed. In the case of an abandoned vessel or
 1560 motor vehicle, any person who neglects or refuses to pay such
 1561 amount is not entitled to be issued a certificate of
 1562 registration for such vessel or motor vehicle, or any other
 1563 vessel or motor vehicle, until such costs have been paid. A
 1564 person who has neglected or refused to pay all costs of removal,
 1565 storage, disposal, and destruction of a vessel or motor vehicle
 1566 as provided in this section, after having been provided written

592-02886-21 20211086c1

1567 notice via certified mail that such costs are owed, and who
 1568 applies for and is issued a registration for a vessel or motor
 1569 vehicle before such costs have been paid in full commits a
 1570 misdemeanor of the first degree, punishable as provided in s.
 1571 775.082 or s. 775.083. The law enforcement officer or
 1572 representative of the law enforcement agency or other
 1573 governmental entity shall supply the Department of Highway
 1574 Safety and Motor Vehicles with a list of persons whose vessel
 1575 registration privileges and ~~or whose~~ motor vehicle privileges
 1576 have been revoked under this subsection. ~~Neither~~ The department
 1577 or a ~~nor any other~~ person acting as an agent of the department
 1578 may not thereof shall issue a certificate of registration to a
 1579 person whose vessel and ~~or~~ motor vehicle registration privileges
 1580 have been revoked, as provided by this subsection, until such
 1581 costs have been paid.

1582 Section 26. Effective July 1, 2023, subsection (2) of
 1583 section 705.103, Florida Statutes, as amended by section 29 of
 1584 chapter 2019-76, Laws of Florida, is amended to read:

1585 705.103 Procedure for abandoned or lost property.—

1586 (2) (a)1. Whenever a law enforcement officer ascertains
 1587 that:

1588 a. An article of lost or abandoned property other than a
 1589 derelict vessel or a vessel declared a public nuisance pursuant
 1590 to s. 327.73(1)(aa) is present on public property and is of such
 1591 nature that it cannot be easily removed, the officer shall cause
 1592 a notice to be placed upon such article in substantially the
 1593 following form:

1594 NOTICE TO THE OWNER AND ALL PERSONS INTERESTED IN THE ATTACHED
 1595

Page 55 of 65

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

592-02886-21 20211086c1

1596 PROPERTY. This property, to wit: ...(setting forth brief
 1597 description)... is unlawfully upon public property known as
 1598 ...(setting forth brief description of location)... and must be
 1599 removed within 5 days; otherwise, it will be removed and
 1600 disposed of pursuant to chapter 705, Florida Statutes. The owner
 1601 will be liable for the costs of removal, storage, and
 1602 publication of notice. Dated this: ...(setting forth the date of
 1603 posting of notice)..., signed: ...(setting forth name, title,
 1604 address, and telephone number of law enforcement officer)...

1605
 1606 b. A derelict vessel or a vessel declared a public nuisance
 1607 pursuant to s. 327.73(1)(aa) is present on the waters of this
 1608 state, the officer shall cause a notice to be placed upon such
 1609 vessel in substantially the following form:

1610
 1611 NOTICE TO THE OWNER AND ALL PERSONS INTERESTED IN THE ATTACHED
 1612 VESSEL. This vessel, to wit: ...(setting forth brief description
 1613 of location)... has been determined to be (derelict or a public
 1614 nuisance) and is unlawfully upon the waters of this state
 1615 ...(setting forth brief description of location)... and must be
 1616 removed within 21 days; otherwise, it will be removed and
 1617 disposed of pursuant to chapter 705, Florida Statutes. The owner
 1618 and other interested parties have the right to a hearing to
 1619 challenge the determination that this vessel is derelict or
 1620 otherwise in violation of the law. Please contact ...(contact
 1621 information for person who can arrange for a hearing in
 1622 accordance with this section)... The owner or the party
 1623 determined to be legally responsible for the vessel being upon
 1624 the waters of this state in a derelict condition will be liable

Page 56 of 65

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

592-02886-21 20211086c1

1625 for the costs of removal, destruction, and disposal if this
 1626 vessel is not removed by the owner. Dated this: ... (setting
 1627 forth the date of posting of notice)..., signed: ... (setting
 1628 forth name, title, address, and telephone number of law
 1629 enforcement officer)....

1631 2. The notices required under subparagraph 1. may ~~Such~~
 1632 ~~notice shall be~~ not ~~be~~ less than 8 inches by 10 inches and shall
 1633 be sufficiently weatherproof to withstand normal exposure to the
 1634 elements. In addition to posting, the law enforcement officer
 1635 shall make a reasonable effort to ascertain the name and address
 1636 of the owner. If such is reasonably available to the officer,
 1637 she or he shall mail a copy of such notice to the owner on or
 1638 before the date of posting. If the property is a motor vehicle
 1639 as defined in s. 320.01(1) or a vessel as defined in s. 327.02,
 1640 the law enforcement agency shall contact the Department of
 1641 Highway Safety and Motor Vehicles in order to determine the name
 1642 and address of the owner and any person who has filed a lien on
 1643 the vehicle or vessel as provided in s. 319.27(2) or (3) or s.
 1644 328.15. On receipt of this information, the law enforcement
 1645 agency shall mail a copy of the notice by certified mail, return
 1646 receipt requested, to the owner and to the lienholder, if any,
 1647 except that a law enforcement officer who has issued a citation
 1648 for a violation of s. 376.15 or s. 823.11 to the owner of a
 1649 derelict vessel is not required to mail a copy of the notice by
 1650 certified mail, return receipt requested, to the owner. For a
 1651 derelict vessel or a vessel declared a public nuisance pursuant
 1652 to s. 327.73(1)(aa), the mailed notice must inform the owner or
 1653 responsible party that he or she has a right to a hearing to

Page 57 of 65

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

592-02886-21 20211086c1

1654 dispute the determination that the vessel is derelict or
 1655 otherwise in violation of the law. If a request for a hearing is
 1656 made, a state agency shall follow the processes as set forth in
 1657 s. 120.569. Local governmental entities shall follow the
 1658 processes set forth in s. 120.569, except that a local judge,
 1659 magistrate, or code enforcement officer may be designated to
 1660 conduct such hearings. If, at the end of 5 days after posting
 1661 the notice in sub-subparagraph 1.a., or at the end of 21 days
 1662 after posting the notice in sub-subparagraph 1.b., and mailing
 1663 such notice, if required, the owner or any person interested in
 1664 the lost or abandoned article or articles described has not
 1665 removed the article or articles from public property or shown
 1666 reasonable cause for failure to do so, and, in the case of a
 1667 derelict vessel or a vessel declared a public nuisance pursuant
 1668 to s. 327.73(1)(aa), has not requested a hearing in accordance
 1669 with this section, the following shall apply:

1670 a. ~~(a)~~ For abandoned property other than a derelict vessel
 1671 or a vessel declared a public nuisance pursuant to s.
 1672 327.73(1)(aa), the law enforcement agency may retain any or all
 1673 of the property for its own use or for use by the state or unit
 1674 of local government, trade such property to another unit of
 1675 local government or state agency, donate the property to a
 1676 charitable organization, sell the property, or notify the
 1677 appropriate refuse removal service.

1678 b. For a derelict vessel or a vessel declared a public
 1679 nuisance pursuant to s. 327.73(1)(aa), the law enforcement
 1680 agency or its designee may:

1681 (I) Remove the vessel from the waters of this state and
 1682 destroy and dispose of the vessel or authorize another

Page 58 of 65

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

592-02886-21

20211086c1

1683 governmental entity or its designee to do so; or
 1684 (II) Authorize the vessel's use as an artificial reef in
 1685 accordance with s. 379.249 if all necessary federal, state, and
 1686 local authorizations are received.

1687 A law enforcement agency or its designee may also take action as
 1688 described in this sub-subparagraph if, following a hearing
 1689 pursuant to this section, the judge, magistrate, administrative
 1690 law judge, or hearing officer has determined the vessel to be
 1691 derelect as provided in s. 823.11 or otherwise in violation of
 1692 the law in accordance with s. 327.73(1) (aa) and a final order
 1693 has been entered or the case is otherwise closed.

1695 (b) For lost property, the officer shall take custody and
 1696 the agency shall retain custody of the property for 90 days. The
 1697 agency shall publish notice of the intended disposition of the
 1698 property, as provided in this section, during the first 45 days
 1699 of this time period.

1700 1. If the agency elects to retain the property for use by
 1701 the unit of government, donate the property to a charitable
 1702 organization, surrender such property to the finder, sell the
 1703 property, or trade the property to another unit of local
 1704 government or state agency, notice of such election shall be
 1705 given by an advertisement published once a week for 2
 1706 consecutive weeks in a newspaper of general circulation in the
 1707 county where the property was found if the value of the property
 1708 is more than \$100. If the value of the property is \$100 or less,
 1709 notice shall be given by posting a description of the property
 1710 at the law enforcement agency where the property was turned in.
 1711 The notice must be posted for not less than 2 consecutive weeks

592-02886-21

20211086c1

1712 in a public place designated by the law enforcement agency. The
 1713 notice must describe the property in a manner reasonably
 1714 adequate to permit the rightful owner of the property to claim
 1715 it.

1716 2. If the agency elects to sell the property, it must do so
 1717 at public sale by competitive bidding. Notice of the time and
 1718 place of the sale shall be given by an advertisement of the sale
 1719 published once a week for 2 consecutive weeks in a newspaper of
 1720 general circulation in the county where the sale is to be held.
 1721 The notice shall include a statement that the sale shall be
 1722 subject to any and all liens. The sale must be held at the
 1723 nearest suitable place to that where the lost or abandoned
 1724 property is held or stored. The advertisement must include a
 1725 description of the goods and the time and place of the sale. The
 1726 sale may take place no earlier than 10 days after the final
 1727 publication. If there is no newspaper of general circulation in
 1728 the county where the sale is to be held, the advertisement shall
 1729 be posted at the door of the courthouse and at three other
 1730 public places in the county at least 10 days prior to sale.
 1731 Notice of the agency's intended disposition shall describe the
 1732 property in a manner reasonably adequate to permit the rightful
 1733 owner of the property to identify it.

1734 Section 27. Subsections (1), (2), and (3) of section
 1735 823.11, Florida Statutes, are amended to read:

1736 823.11 Derelect vessels; relocation or removal; penalty.—

1737 (1) As used in this section and s. 376.15, the term:

1738 (a) "Commission" means the Fish and Wildlife Conservation
 1739 Commission.

1740 (b) "Derelect vessel" means a vessel, as defined in s.

592-02886-21

20211086c1

1741 327.02, that is ~~left, stored, or abandoned~~:

1742 1. In a wrecked, junked, or substantially dismantled
1743 condition upon any ~~public~~ waters of this state.

1744 a. A vessel is wrecked if it is sunken or sinking; aground
1745 without the ability to extricate itself absent mechanical
1746 assistance; or remaining after a marine casualty, including, but
1747 not limited to, a boating accident, extreme weather, or a fire.

1748 b. A vessel is junked if it has been substantially stripped
1749 of vessel components, if vessel components have substantially
1750 degraded or been destroyed, or if the vessel has been discarded
1751 by the owner or operator. Attaching an outboard motor to a
1752 vessel that is otherwise junked will not cause the vessel to no
1753 longer be junked if such motor is not an effective means of
1754 propulsion as required by s. 327.4107(2)(e) and associated
1755 rules.

1756 c. A vessel is substantially dismantled if at least two of
1757 the three following vessel systems or components are missing,
1758 compromised, incomplete, inoperable, or broken:

- 1759 (I) The steering system;
1760 (II) The propulsion system; or
1761 (III) The exterior hull integrity.

1762 Attaching an outboard motor to a vessel that is otherwise
1763 substantially dismantled will not cause the vessel to no longer
1764 be substantially dismantled if such motor is not an effective
1765 means of propulsion as required by s. 327.4107(2)(e) and
1766 associated rules.

1767 2. At a port in this state without the consent of the
1768 agency having jurisdiction thereof.
1769

592-02886-21

20211086c1

1770 3. Docked, grounded, or beached upon the property of
1771 another without the consent of the owner of the property.

1772 (c) "Gross negligence" means conduct so reckless or wanting
1773 in care that it constitutes a conscious disregard or
1774 indifference to the safety of the property exposed to such
1775 conduct.

1776 (d) "Willful misconduct" means conduct evidencing
1777 carelessness or negligence of such a degree or recurrence as to
1778 manifest culpability, wrongful intent, or evil design or to show
1779 an intentional and substantial disregard of the interests of the
1780 vessel owner.

1781 (2) ~~(a) It is unlawful for~~ A person, firm, or corporation
1782 ~~may not to store, leave, or abandon~~ any derelict vessel upon
1783 waters of ~~in~~ this state. For purposes of this paragraph, the
1784 term "leave" means to allow a vessel to remain occupied or
1785 unoccupied on the waters of this state for more than 24 hours.

1786 (b) Notwithstanding paragraph (a), a person who owns or
1787 operates a vessel that becomes derelict upon the waters of this
1788 state solely as a result of a boating accident that is reported
1789 to law enforcement in accordance with s. 327.301 or otherwise
1790 reported to law enforcement; a hurricane; or another sudden
1791 event outside of his or her control may not be charged with a
1792 violation if:

1793 1. The individual documents for law enforcement the
1794 specific event that led to the vessel being derelict upon the
1795 waters of this state; and

1796 2. The vessel has been removed from the waters of this
1797 state or has been repaired or addressed such that it is no
1798 longer derelict upon the waters of this state:

592-02886-21

20211086c1

1799 a. For a vessel that has become derelict as a result of a
 1800 boating accident or other sudden event outside of his or her
 1801 control, within 7 days after such accident or event; or
 1802 b. Within 45 days after the hurricane has passed over the
 1803 state.
 1804 (c) This subsection does not apply to a vessel that was
 1805 derelict upon the waters of this state before the stated
 1806 accident or event.
 1807 (3) The commission, an officer ~~officers~~ of the commission,
 1808 or a and any law enforcement agency or officer specified in s.
 1809 327.70 may are ~~authorized and empowered to~~ relocate, remove,
 1810 store, destroy, or dispose of or cause to be relocated, ~~or~~
 1811 removed, stored, destroyed, or disposed of a derelict vessel
 1812 from public waters of this state as defined in s. 327.02 if the
 1813 derelict vessel obstructs or threatens to obstruct navigation or
 1814 in any way constitutes a danger to the environment, property, or
 1815 persons. The commission, an officer ~~officers~~ of the commission,
 1816 or any other law enforcement agency or officer acting pursuant
 1817 to under this subsection to relocate, remove, store, destroy,
 1818 dispose of or cause to be relocated, ~~or~~ removed, stored,
 1819 destroyed, or disposed of a derelict vessel from public waters
 1820 of this state shall be held harmless for all damages to the
 1821 derelict vessel resulting from such action ~~relocation or removal~~
 1822 unless the damage results from gross negligence or willful
 1823 misconduct.
 1824 (a) Removal of derelict vessels under this subsection may
 1825 be funded by grants provided in ss. 206.606 and 376.15. The
 1826 commission shall implement a plan for the procurement of any
 1827 available federal disaster funds and use such funds for the

Page 63 of 65

592-02886-21

20211086c1

1828 removal of derelict vessels.
 1829 (b) All costs, including costs owed to a third party,
 1830 incurred by the commission, another ~~or other~~ law enforcement
 1831 agency, or a governmental subdivision, when the governmental
 1832 subdivision has received authorization from a law enforcement
 1833 officer or agency, in the relocation, ~~or~~ removal, storage,
 1834 destruction, or disposal of a derelict vessel are recoverable
 1835 against the vessel owner or the party determined to be legally
 1836 responsible for the vessel being upon the waters of this state
 1837 in a derelict condition. The Department of Legal Affairs shall
 1838 represent the commission in actions to recover such costs. As
 1839 provided in s. 705.103(4), a person who neglects or refuses to
 1840 pay such costs may not be issued a certificate of registration
 1841 for such vessel or for any other vessel or motor vehicle until
 1842 such costs have been paid. A person who has neglected or refused
 1843 to pay all costs of removal, storage, destruction, or disposal
 1844 of a derelict vessel as provided in this section, after having
 1845 been provided written notice via certified mail that such costs
 1846 are owed, and who applies for and is issued a registration for a
 1847 vessel or motor vehicle before such costs have been paid in full
 1848 commits a misdemeanor of the first degree, punishable as
 1849 provided in s. 775.082 or s. 775.083.
 1850 (c) A contractor performing such ~~relocation or removal~~
 1851 activities at the direction of the commission, an officer
 1852 ~~officers~~ of the commission, ~~or~~ a law enforcement agency or
 1853 officer, or a governmental subdivision, when the governmental
 1854 subdivision has received authorization for the relocation or
 1855 removal from a law enforcement officer or agency, pursuant to
 1856 this section must be licensed in accordance with applicable

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/SB 1126 represents the Florida Department of Transportation's (FDOT) legislative proposals for the 2021 Legislative Session. The bill contains a number of FDOT-related revisions to current law including:

- Increases from \$275 to \$300 million the authorized dollar amount representing an alternative debt service cap on Right-of-Way Acquisition and Bridge Construction Bonds issued to finance or refinance the cost of acquiring real property for state roads or the cost of bridge construction.
- Removes the expiration date for the Legislative Budget Commission (LBC) chair and vice chair's authority to approve amendments to the FDOT's work program that transfer fixed capital outlay appropriations between categories or increase an appropriation category.
- Clarifies that the Department of Revenue is the entity responsible for transferring a portion of documentary stamp tax revenues distributed to the State Treasury and credited to the State Transportation Trust Fund (STTF) from the State Treasury to the General Revenue Fund.
- Revises from October 1 to August 1 the date for metropolitan planning organization (MPO) annual submissions of project priorities to the FDOT districts for purposes of developing the FDOT's tentative work program and MPO transportation improvement programs.
- Removes provisions requiring the FDOT to provide space and video conference capability at each FDOT district office for persons requesting a hearing before the Commercial Motor Vehicle Review Board, instead requiring the FDOT to allow such persons to appear remotely

before the board via communications media technology already authorized by Administration Commission rule.

- Grants the FDOT rulemaking authority for the purpose of implementing statutory provisions relating to airport zoning.
- Revises provisions relating to a notice and hearing the FDOT is required to provide when a transportation project on the State Highway System modifies an existing access to an abutting property owner to provide clarity and improve readability.
- Removes obsolete references to a previously expired general service revenue service charge from specified collected revenue deposited into the STTF.

The extent of any potential fiscal impact to the FDOT resulting from the increased alternative debt service cap on Right-of-Way Acquisition and Bridge Construction Trust Fund bonds is unknown. The remaining revisions are primarily administrative and housekeeping in nature and are expected to present no immediate fiscal impact to state or local revenues.

The bill takes effect July 1, 2021.

II. Present Situation:

For ease of organization and readability, the present situation is discussed below in conjunction with the effect of proposed changes.

III. Effect of Proposed Changes:

Debt Service Cap on Right-of-Way Acquisition and Bridge Construction Bonds (Section 2)

Present Situation

Section 215.605, F.S., authorizes the issuance of state bonds to finance or refinance the cost of acquiring real property for state roads or to finance or refinance the cost of state bridge construction. Except for bonds issued to refinance previously issued bonds, the Legislature must authorize bonds, which must be issued pursuant to the State Bond Act.¹ The proceeds from the sale of issued bonds must be deposited into the Right-of-Way Acquisition and Bridge Construction Trust Fund.²

Section 206.46, F.S., authorizes the FDOT to transfer up to 7 percent of the revenues deposited into the STTF in each fiscal year into the Right-of-Way Acquisition and Bridge Construction Trust Fund to meet outstanding or proposed bond obligations; or, at a minimum, an amount sufficient to pay for the debt service coverage of outstanding bonds.³ The annual transfer amount, however, may not exceed that which is necessary to provide the required debt service coverage levels for a maximum debt service of \$275 million. Thus, debt service may not exceed 7 percent of the revenues deposited into the STTF or \$275 million, whichever is less.

¹ Sections 215.57-215.83, F.S.

² Section 215.605(4), F.S.

³ The transfer is required to be payable primarily from the motor and diesel fuel taxes transferred to the STTF.

The FDOT noted in 2020 that no adjustment has been made to the \$275 million cap since 2007. The FDOT provided information that based on the FDOT's most recent bond sale and Revenue Estimating Conference projections [at that time], the limit on debt service based on the 7-percent-of-revenue threshold would have been \$287 million in Fiscal Year 2019-2020 (based on revenues of \$4.1 billion), growing to \$350 million in Fiscal Year 2028-2029 (based on revenues of \$5 billion). Additionally, the FDOT advised that under the current statutory limit, the \$275 million cap leaves the FDOT with only about \$100 million of available bonding capacity.⁴

Effect of Proposed Changes

Section 2 of the bill amends s. 206.46, F.S., to increase the authorized dollar amount representing an alternative debt service cap on Right-of-Way Acquisition and Bridge Construction Bonds. Thus, under the bill, debt service could not exceed 7 percent of the revenues deposited into the STTF or \$350 million, whichever is less.

Work Program Amendments (Section 10)

Present Situation

Current law authorizes the FDOT to amend its adopted work program and provides procedures for such amendments.⁵ However, any work program amendment that transfers fixed capital outlay appropriations between categories or increases an appropriation category is subject to approval by the LBC.

Prior to 2016, if a meeting of the LBC could not be held within 30 days after the FDOT submitted an amendment, the chair and vice chair of the LBC could approve the amendment.⁶ In 2016, the Legislature repealed the authorization for LBC chair and vice chair approval if the LBC could not meet.⁷ In 2019, this authorization was reinstated with an expiration date of July 1, 2020.⁸ In 2020, the authorization was reinstated with an expiration date of July 1, 2021.⁹

Effect of Proposed Changes

Section 10 of the bill amends s. 339.135(7)(g), F.S., to remove the expiration of authorization for LBC chair and vice chair approval of the identified amendments to the FDOT's adopted work program, thereby making the provision permanent.

Documentary Stamp Tax/General Revenue Fund Transfer (Section 1)

Present Situation

Chapter 201, F.S., levies an excise tax (documentary stamp tax) on documents such as deeds, stocks and bonds, notes and written obligations to pay money, mortgages, liens, and other evidences of indebtedness. The Florida Department of Revenue (DOR) administers the

⁴ See the FDOT's 2020 Legislative Proposal, *Change the Right-of-Way Acquisition and Bridge Construction Bonds Debt Service Cap* (on file in the Senate Transportation Committee).

⁵ Section 339.135(7), F.S.

⁶ Section 339.135(7)(g), F.S. (2015).

⁷ Chapter 2016-181, s. 16, Laws of Fla.

⁸ Chapter 2019-116, s. 11, Laws of Fla.

⁹ Chapter 2020-144, s. 93, Laws of Fla.

provisions of that chapter,¹⁰ including provisions governing the collection of documentary stamp taxes, which are distributed each fiscal year to the General Revenue Fund and various other trust funds.

After certain required distributions to the Land Acquisition Trust Fund,¹¹ approximately 24 percent of the remainder of the taxes collected or \$541.75 million, whichever is less, is paid into the State Treasury to the credit of the STTF, \$75 million of which must be transferred to the General Revenue Fund. The remaining amount credited to the STTF must be used to fund certain transportation-related programs.¹² Although current law specifies the DOR as the administering agency of that chapter, the DOR is not expressly identified as the entity responsible for making the \$75 million transfer each fiscal year.

Effect of Proposed Changes

Section 1 of the bill amends s. 201.15(4)(a), F.S., to expressly require the DOR to make the \$75 million transfer each fiscal year from funds credited to the STTF in the State Treasury to the General Revenue Fund.

Metropolitan Planning Organizations Project Priority Submissions to the FDOT (Sections 10 and 11)

Present Situation

The FDOT's adopted work program is the 5-year work program adopted by the FDOT pursuant to s. 339.135, F.S. In developing the adopted work program, each of the FDOT districts submits an annual district work program, which is the 5-year listing of transportation projects planned for each fiscal year, to the FDOT's central office for review and development of the tentative work program. The tentative work program is the 5-year listing of all transportation projects planned for each fiscal year which is developed by the FDOT's central office based on the district work programs.¹³ Each year, a new fifth year is added for purposes of developing the tentative and adopted work programs.

With respect to development of the tentative work program, as outlined in s. 339.135(4), F.S., the district work program is developed cooperatively with the various metropolitan planning organizations (MPOs) around the state and must include, to the maximum extent feasible, the project priorities submitted by the MPOs to the FDOT's districts by October 1 of each year. The FDOT and an MPO may agree in writing to vary the submission date.¹⁴

The FDOT advises that during a "normal" work program development cycle, submission of MPO project priorities by October 1 allows sufficient time for development of the tentative work program cycle. However, because the Legislature meets beginning in January in even-numbered

¹⁰ Section 201.11, F.S.

¹¹ Section 201.15(1) and (2), F.S.

¹² Section 201.15(4)(a), F.S. The programs include the New Starts Transit Program, the Small County Outreach Program, the Strategic Intermodal System, and the Transportation Regional Incentive Program.

¹³ Section 339.135(1), F.S.

¹⁴ Section 339.135(4)(c)2., F.S.

years,¹⁵ the tentative work program cycle is “compressed” by two months, creating a need for earlier submission of project information. The FDOT notes that no failure to submit a priority list has occurred, but earlier submission has been provided as a courtesy, rather than a mandate.¹⁶

The MPOs are also required, in cooperation with the state and affected public transportation operators, to develop a transportation improvement program for the area within the jurisdiction of the MPO. Similar to work program development, each MPO is required to submit to the appropriate FDOT district a list of project priorities by October 1 of each year. Again, the FDOT and an MPO may agree in writing to vary the submission date. The MPO-approved lists must be used by the FDOT districts in developing the district work programs.¹⁷

Effect of Proposed Changes

Sections 10 and 11 of the bill, respectively, amend ss. 339.135(4)(c) and 339.175(8)(b), F.S., to revise from October 1 to August 1 the deadline for MPOs to submit their project priority lists for purposes of developing the FDOT’s tentative work program and for purposes of development of MPO transportation improvement programs.

Commercial Motor Vehicle Review Board/Remote Appearance (Section 6)

Present Situation

The Commercial Motor Vehicle Review Board (the Board), established within the FDOT, is composed of three permanent members (the FDOT secretary as chair, the executive director of the Department of Highway Safety and Motor Vehicles, and the Commissioner of Agriculture, or their designees); three members appointed by the Governor (one each from the road construction industry and the trucking industry, and one with a general business or legal background); and one member appointed by the Commissioner of Agriculture from the agriculture industry.¹⁸

The Board is authorized to review any penalty imposed upon any vehicle or person under the provisions of ch. 316, F.S., relating to weights imposed on the highways by the axles and wheels of motor vehicles, to special fuel and motor fuel tax compliance, or to violations of safety regulations, and the Board may modify, cancel, revoke, or sustain any such penalty.¹⁹ The Board is authorized to hold sessions and conduct proceedings at any place. According to the FDOT’s website, the Board meets physically in Tallahassee.²⁰

Any person against whom a penalty is imposed may apply to the Board for a modification, cancellation, or revocation of the penalty. A written explanation provided within a letter protesting a penalty is acceptable in lieu of physical attendance by a person requesting a hearing before the Board, but attendance “will provide the petitioner the opportunity to respond to

¹⁵ FLA. CONST. art. III, s. 3(b).

¹⁶ See the FDOT’s 2020 Legislative Proposal, *Advance MPO Deadline to Submit Project Priorities* (on file in the Senate Transportation Committee).

¹⁷ Section 339.175(8), F.S.

¹⁸ Section 316.545(7)(a) and (b), F.S. See the FDOT, Traffic Engineering and Operations Office, *Commercial Motor Vehicle Review Board*, for more details on the Board, as well as its 2021 meeting schedule, available at <https://www.fdot.gov/traffic/reviewboard.shtm> (retrieved March 12, 2021).

¹⁹ Section 316.545(4)(c), F.S.

²⁰ Section 316.545(7), F.S.

Review Board inquiries into subjects that the petitioner may have overlooked when drafting his letter of protest.”²¹ Appearance by telephone is not available, but pursuant to the provisions of s. 316.545(7)(f), F.S., the FDOT is required to provide space and video conference capability at each of its seven district offices to enable a person requesting a hearing to appear remotely before the board, provided the requester notifies the Board at least 14 calendar days before the hearing date.²²

By rule of the Administration Commission, agencies are currently authorized to conduct proceedings using communications media technology; *i.e.*, the electronic transmission of printed matter, audio, full-motion video, freeze frame video, compressed video, and digital video by any method available.²³

The current requirement for providing space and video conference capability at each of the seven FDOT district offices does not take advantage of the various forms of communications media technology authorized for use in conducting agency proceedings.

Effect of Proposed Changes

Section 6 of the bill amends s. 316.545(7), F.S., to remove the requirement that remote appearance before the Board by a person requesting a hearing must take place at one of the FDOT district offices by means of video conference capability and replace it with authorization for use of communications media technology by any means.

When using communications media technology the FDOT would be required to provide a notice to the requester specifying the address or addresses of all access points, specifically designating those which are in locations normally open to the public; the address of each access point where an interested person may go to attend the proceedings; an address, email address, and telephone number where an interested person may write or call for additional information; and an address, email address, and designated person to whom a person may submit written or other physical evidence which he or she intends to offer into evidence during the proceedings.²⁴

This revision would allow the FDOT to more efficiently conduct proceedings before the Board and reduce the burden on a person requesting a hearing to travel to one of the FDOT district offices to be heard. The FDOT advises any person requesting to appear before the Board at one of the FDOT district offices will continue to be accommodated.²⁵

²⁵ Telephone conversation between Senate Transportation Committee staff and FDOT staff, February 1, 2021.

Airport Zoning/FDOT Rulemaking (Section 8)

Present Situation

The Legislature in 2016 enacted a substantial re-write of ch. 333, F.S., which contains airport zoning provisions relating to the management of airspace and land use at or near airports.²⁶ Generally, the 2016 re-write:

- Updated statutory definitions and terms in accordance with federal regulations.
- Streamlined the local airport protection zoning process to a simpler permitting model.
- Provided local governments the flexibility to structure and incorporate the airport protection zoning review process into existing local zoning review processes and repealed duplicative requirements for obtaining a variance.

The FDOT has a long-standing rule that pre-dates the 2016 substantial re-write: Florida Administrative Code Rule Chapter 14-60, “*Airport Licensing, Registration, and Airspace Protection*,” the purpose of which is “to promote safe civil aviation by eliminating hazards; to provide airfield standards for airports; to provide standards for airport marking and lighting; to license and register airports, pursuant to the licensing and registration requirements of Chapter 330, F.S., and to promote flight safety by providing for airspace protection, pursuant to the requirements of Chapter 333, F.S.”²⁷ The provisions of the rule appear to be critical to promotion of safe civil aviation. However, in the midst of the 2016 re-write, authority for the long-standing rule was apparently inadvertently overlooked.

Effect of Proposed Changes

Section 8 of the bill creates s. 333.14, F.S., to provide the FDOT with express authority to adopt rules to implement the provisions of ch. 333, F.S., thereby providing specific authorization for Florida Administrative Code Rule Chapter 14-60.

Transportation Projects/Modifying Access/Abutting Property Owners (Section 9)

Present Situation

Under current law, when the FDOT proposes a project on the State Highway System that will divide a state highway, erect median barriers modifying currently available vehicle turning movements, or have the effect of closing or modifying an existing access to an abutting property owner, the FDOT is required to notify all affected property owners, municipalities, and counties at least 180 days before the design of the project is finalized. The notice must include a written explanation regarding the need for the project and an indication that all affected parties will be given an opportunity to provide comments to the FDOT regarding potential impacts of the change. The FDOT must hold at least one public hearing in the jurisdiction where the project is located to receive public input to determine how the project will affect access to businesses and the potential economic impact of the project on the local business community. The FDOT must review all comments from the public hearing and take the comments and any alternatives

²⁶ Chapter 2016-239, Laws of Fla.

²⁷ Fla. Admin. Code R. 14-60.003(1) (2004).

presented by a local government during the hearing into consideration in the final design of the highway project.²⁸

Effect of Proposed Changes

Section 9 of the bill amends s. 335.199, F.S., to make editorial revisions and improve readability. The bill clarifies that the FDOT must provide the required notice at least 180 days before the design phase of the project is completed, rather than finalized. The bill also revises all occurrences of the word “hearing” to “meeting,” to remove any sort of legal connotation, as the required events are not in the nature of any sort of judicial proceeding but are more closely akin to informational “meetings.”

The bill clarifies that the FDOT must hold at least one public meeting *prior to completing* the design phase of the project, so that the FDOT reviews all comments from the public meeting and takes the comments and any alternatives presented by a local government during the meeting into consideration in the *final* design of the project.

Obsolete References to the General Revenue Service Charge (Sections 3, 4, 5, and 7)

Present Situation

Section 215.20(1), F.S., appropriates from revenue deposited into most state trust funds²⁹ an 8 percent service charge, which represents the estimated pro rata share of the cost of general government. All such appropriations are deposited into the General Revenue Fund.

Section 215.211(1), F.S., however, eliminated the service charge beginning July 1, 2000, for taxes distributed under:

- Section 206.606(1), F.S., relating to the distribution of motor and diesel fuel taxes;
- Section 212.0501(6), F.S., relating to taxes on diesel fuel used in self-propelled off-road equipment for business purposes; and
- Section 319.32(5), F.S., relating to the disposition of fees from certificate of title transactions.

Additionally, s. 215.211(2), F.S., eliminated the service charge beginning July 1, 2001, on taxes distributed under s. 206.608, F.S., relating to the State Comprehensive Enhanced Transportation System Tax.

Although the service charge on the specified taxes has been eliminated, references to the service charge remain in statute for the described taxes or fees.

Effect of Proposed Changes

Sections 3, 4, 5, and 7, respectively, remove the obsolete references to the general revenue service charge that remain in ss. 206.606(1), 206.608, 212.0501(6), and 319.32(5), F.S.

²⁸ Section 335.199, F.S.

²⁹ Section 215.22, F.S., sets out a list of items and trust funds that are exempt from the service charge, including trust funds administered by the Department of Transportation.

Effective Date (Section 12)

The bill is effective July 1, 2021.

IV. Constitutional Issues:**A. Municipality/County Mandates Restrictions:**

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:**A. Tax/Fee Issues:**

None.

B. Private Sector Impact:

Individuals requesting a hearing before the Commercial Motor Vehicle Review Board who are authorized to appear remotely via communications media technology may experience reduced expenses associated with travel to an FDOT district office to appear.

C. Government Sector Impact:

Currently, the amount transferred by the FDOT into the Right-of-Way Acquisition and Bridge Construction Trust Fund may not exceed 7 percent of the revenues deposited into the STTF, or \$275 million, whichever is less. The bill provides that the amount transferred may not exceed 7 percent of the revenues deposited into the STTF or \$350 million, whichever is less. This revision may provide the FDOT with additional bonding capacity. However, the resulting impact of any additional bonding capacity is unknown.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 201.15, 206.46, 206.606, 206.608, 212.0501, 316.545, 319.32, 335.199, 339.135, and 339.175.

This bill creates section 333.15 of the Florida Statutes.

IX. Additional Information:

- A. **Committee Substitute – Statement of Substantial Changes:**
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Appropriations Subcommittee on Transportation, Tourism, and Economic Development on March 24, 2021:

The committee substitute clarifies that when FDOT submits a work program amendment to the Legislative Budget Commission, but the commission does not consider the amendment within 30 days after submittal, the chair and vice chair of the commission may approve the amendment.

- B. **Amendments:**

None.

	.	

The Committee on Appropriations (Harrell) recommended the following:

Senate Amendment (with title amendment)

Between lines 224 and 225
insert:

Section 6. Paragraph (b) of subsection (1) of section 316.126, Florida Statutes, is amended, and subsection (6) of that section is reenacted, to read:

316.126 Operation of vehicles and actions of pedestrians on approach of an authorized emergency, sanitation, or utility service vehicle.—

199650

11 (1)

12 (b) If an authorized emergency vehicle displaying any
13 visual signals is parked on the roadside, a sanitation vehicle
14 is performing a task related to the provision of sanitation
15 services on the roadside, a utility service vehicle is
16 performing a task related to the provision of utility services
17 on the roadside, ~~or~~ a wrecker displaying amber rotating or
18 flashing lights is performing a recovery or loading on the
19 roadside, or a road and bridge maintenance or construction
20 vehicle displaying warning lights is on the roadside without
21 advance signs and channelizing devices, the driver of every
22 other vehicle, as soon as it is safe:

23 1. Shall vacate the lane closest to the emergency vehicle,
24 sanitation vehicle, utility service vehicle, ~~or~~ wrecker, or road
25 and bridge maintenance or construction vehicle when driving on
26 an interstate highway or other highway with two or more lanes
27 traveling in the direction of the emergency vehicle, sanitation
28 vehicle, utility service vehicle, ~~or~~ wrecker, or road and bridge
29 maintenance or construction vehicle except when otherwise
30 directed by a law enforcement officer. If such movement cannot
31 be safely accomplished, the driver shall reduce speed as
32 provided in subparagraph 2.

33 2. Shall slow to a speed that is 20 miles per hour less
34 than the posted speed limit when the posted speed limit is 25
35 miles per hour or greater; or travel at 5 miles per hour when
36 the posted speed limit is 20 miles per hour or less, when
37 driving on a two-lane road, except when otherwise directed by a
38 law enforcement officer.

39 (6) A violation of this section is a noncriminal traffic

40 infraction, punishable pursuant to chapter 318 as either a
41 moving violation for infractions of subsection (1) or subsection
42 (3), or as a pedestrian violation for infractions of subsection
43 (2).

44 Section 7. For the purpose of incorporating the amendment
45 made by this act to section 316.126, Florida Statutes, in a
46 reference thereto, paragraph (d) of subsection (2) of section
47 318.18, Florida Statutes, is reenacted to read:

48 318.18 Amount of penalties.—The penalties required for a
49 noncriminal disposition pursuant to s. 318.14 or a criminal
50 offense listed in s. 318.17 are as follows:

51 (2) Thirty dollars for all nonmoving traffic violations
52 and:

53 (d) For all violations of s. 316.126(1)(b), unless
54 otherwise specified.

The Committee on Appropriations (Brandes) recommended the following:

Senate Amendment (with title amendment)

Between lines 401 and 402
insert:

Section 12. Present subsections (38) through (105) of section 316.003, Florida Statutes, are redesignated as subsections (39) through (106), respectively, a new subsection (38) is added to that section, and present subsection (62) of that section is amended, to read:

316.003 Definitions.—The following words and phrases, when

403590

11 used in this chapter, shall have the meanings respectively
12 ascribed to them in this section, except where the context
13 otherwise requires:

14 (38) LOW-SPEED AUTONOMOUS DELIVERY VEHICLE.—A fully
15 autonomous vehicle that meets the definition of a low-speed
16 vehicle in 49 C.F.R. s. 571.3.

17 (63)~~(62)~~ PRIVATE ROAD OR DRIVEWAY.—Except as otherwise
18 provided in paragraph (85) (b) ~~(84) (b)~~, any privately owned way
19 or place used for vehicular travel by the owner and those having
20 express or implied permission from the owner, but not by other
21 persons.

22 Section 13. Section 316.2122, Florida Statutes, is amended
23 to read:

24 316.2122 Operation of a low-speed vehicle, ~~or~~ or low-speed autonomous delivery vehicle on certain roadways.—
25

26 (1) The operation of a low-speed vehicle as defined in s.
27 320.01 or a mini truck as defined in s. 320.01 on any road is
28 authorized with the following restrictions:

29 (a)~~(1)~~ A low-speed vehicle or mini truck may be operated
30 only on streets where the posted speed limit is 35 miles per
31 hour or less. This does not prohibit a low-speed vehicle or mini
32 truck from crossing a road or street at an intersection where
33 the road or street has a posted speed limit of more than 35
34 miles per hour.

35 (b)~~(2)~~ A low-speed vehicle must be equipped with headlamps,
36 stop lamps, turn signal lamps, taillamps, reflex reflectors,
37 parking brakes, rearview mirrors, windshields, seat belts, and
38 vehicle identification numbers.

39 (c)~~(3)~~ A low-speed vehicle or mini truck must be registered

40 and insured in accordance with s. 320.02 and titled pursuant to
41 chapter 319.

42 (d) ~~(4)~~ Any person operating a low-speed vehicle or mini
43 truck must have in his or her possession a valid driver license.

44 (2) The operation of a low-speed autonomous delivery
45 vehicle on any road is authorized with the following
46 restrictions:

47 (a) A low-speed autonomous delivery vehicle may operate
48 only on streets or roads where the posted speed limit is 35
49 miles per hour or less. This paragraph does not prohibit a low-
50 speed autonomous delivery vehicle from crossing a road or street
51 at an intersection where the road or street has a posted speed
52 limit of more than 35 miles per hour.

53 (b) A low-speed autonomous delivery vehicle may operate on
54 a street or road with a posted speed limit of more than 35 miles
55 per hour, but no more than 45 miles per hour, if:

56 1. The low-speed autonomous delivery vehicle travels no
57 more than 1 continuous mile on such a street or road, except
58 that the vehicle may travel in excess of 1 continuous mile if
59 authorized by the entity with jurisdiction over the street or
60 road;

61 2. The low-speed autonomous delivery vehicle operates
62 exclusively in the right lane, other than for the purpose of
63 completing a turn; and

64 3. On a two-lane street or road where overtaking and
65 passing another vehicle is unsafe because of traffic moving in
66 the opposite direction or because of other unsafe conditions,
67 and five or more vehicles are formed in a line behind the
68 autonomous delivery vehicle, the low-speed autonomous delivery

69 vehicle exits the roadway wherever a sufficient area for a safe
70 turn-out exists, to permit the vehicles following to proceed.

71 (c) A low-speed autonomous delivery vehicle must be
72 equipped with headlamps, stop lamps, turn signal lamps,
73 taillamps, reflex reflectors, and vehicle identification
74 numbers.

75 (d) Federal regulations adopted by the National Highway
76 Traffic Safety Administration shall supersede this subsection
77 when found to be in conflict with this subsection.

78 (e) A low-speed autonomous delivery vehicle must be covered
79 by a policy of automobile insurance which provides the coverage
80 required by s. 627.749(2)(a)1., 2., and 3. The coverage
81 requirements of this paragraph may be satisfied by automobile
82 insurance maintained by the owner of a low-speed autonomous
83 delivery vehicle, the owner of the teleoperation system, the
84 remote human operator, or a combination thereof.

85 ~~(3)-(5)~~ A county or municipality may prohibit the operation
86 of low-speed vehicles or mini trucks on any road under its
87 jurisdiction if the governing body of the county or municipality
88 determines that such prohibition is necessary in the interest of
89 safety.

90 ~~(4)-(6)~~ The Department of Transportation may prohibit the
91 operation of low-speed vehicles or mini trucks on any road under
92 its jurisdiction if it determines that such prohibition is
93 necessary in the interest of safety.

94 Section 14. Present subsection (6) of section 316.215,
95 Florida Statutes, is redesignated as subsection (7), a new
96 subsection (6) is added to that section, and present subsection
97 (6) is republished, to read:

403590

98 316.215 Scope and effect of regulations.-

99 (6) The provisions of any motor vehicle equipment laws or
100 regulations of this state which relate to or support motor
101 vehicle operation by a human driver but are not relevant for an
102 automated driving system shall not apply to fully autonomous
103 vehicles that are designed to be operated exclusively by the
104 automated driving system for all trips.

105 (7)~~(6)~~ A violation of this section is a noncriminal traffic
106 infraction, punishable as a nonmoving violation as provided in
107 chapter 318.

108 Section 15. Paragraph (a) of subsection (3) of section
109 316.306, Florida Statutes, is amended to read:

110 316.306 School and work zones; prohibition on the use of a
111 wireless communications device in a handheld manner.-

112 (3) (a) 1. A person may not operate a motor vehicle while
113 using a wireless communications device in a handheld manner in a
114 designated school crossing, school zone, or work zone area as
115 defined in s. 316.003 ~~s. 316.003(105)~~. This subparagraph shall
116 only be applicable to work zone areas if construction personnel
117 are present or are operating equipment on the road or
118 immediately adjacent to the work zone area. For the purposes of
119 this paragraph, a motor vehicle that is stationary is not being
120 operated and is not subject to the prohibition in this
121 paragraph.

122 2.a. During the period from October 1, 2019, through
123 December 31, 2019, a law enforcement officer may stop motor
124 vehicles to issue verbal or written warnings to persons who are
125 in violation of subparagraph 1. for the purposes of informing
126 and educating such persons of this section. This sub-

127 subparagraph shall stand repealed on October 1, 2020.

128 b. Effective January 1, 2020, a law enforcement officer may
129 stop motor vehicles and issue citations to persons who are
130 driving while using a wireless communications device in a
131 handheld manner in violation of subparagraph 1.

132 Section 16. Subsection (1) of section 655.960, Florida
133 Statutes, is amended to read:

134 655.960 Definitions; ss. 655.960-655.965.—As used in this
135 section and ss. 655.961-655.965, unless the context otherwise
136 requires:

137 (1) "Access area" means any paved walkway or sidewalk which
138 is within 50 feet of any automated teller machine. The term does
139 not include any street or highway open to the use of the public,
140 as defined in s. 316.003(85) (a) or (b) ~~s. 316.003(84) (a) or (b)~~,
141 including any adjacent sidewalk, as defined in s. 316.003.

142
143 ===== T I T L E A M E N D M E N T =====

144 And the title is amended as follows:

145 Delete line 54

146 and insert:

147 programs; amending s. 316.003, F.S.; defining the term
148 "low-speed autonomous delivery vehicle"; amending s.
149 316.2122, F.S.; authorizing the operation of a low-
150 speed autonomous delivery vehicle on certain streets
151 and roads; providing construction; authorizing the
152 operation of a low-speed autonomous delivery vehicle
153 on streets or roads with a posted speed limit of up to
154 45 miles per hour under specified conditions;
155 providing requirements for low-speed autonomous

403590

156 delivery vehicles; amending s. 316.215, F.S.;

157 providing that certain fully autonomous vehicles are

158 not subject to certain provisions of law or

159 regulations; amending ss. 316.306 and 655.960, F.S.;

160 conforming cross-references; providing an effective

	.	

The Committee on Appropriations (Brandes) recommended the following:

Senate Amendment (with title amendment)

Delete line 402

and insert:

Section 12. Present subsections (24) through (105) of section 316.003, Florida Statutes, are redesignated as subsections (25) through (106), respectively, a new subsection (24) is added to that section, and subsection (2) and present subsections (56) and (62) of that section are amended, to read:

316.003 Definitions.—The following words and phrases, when

971056

11 used in this chapter, shall have the meanings respectively
12 ascribed to them in this section, except where the context
13 otherwise requires:

14 (2) AUTOCYCLE.—A three-wheeled motorcycle that has two
15 wheels in the front and one wheel in the back; is equipped with
16 a roll cage or roll hoops, a seat belt for each occupant,
17 antilock brakes that meet the requirements of Federal Motor
18 Vehicle Safety Standard No. 122, a steering mechanism ~~wheel~~, and
19 seating that does not require the operator to straddle or sit
20 astride it; and is manufactured in accordance with the
21 applicable federal motorcycle safety standards in 49 C.F.R. part
22 571 by a manufacturer registered with the National Highway
23 Traffic Safety Administration.

24 (24) ELECTRIC VERTICAL TAKEOFF AND LANDING AIRCRAFT.—A type
25 of aircraft that uses electric power to hover, take off, and
26 land vertically.

27 (57) ~~(56)~~ PERSONAL DELIVERY DEVICE.—An electrically powered
28 device that:

29 (a) Is operated on sidewalks and crosswalks and intended
30 primarily for transporting property;

31 (b) Has a weight that does not exceed the maximum weight
32 established by Department of Transportation rule ~~weighs less~~
33 ~~than 80 pounds, excluding cargo;~~

34 (c) Has a maximum speed of 10 miles per hour or, if the
35 Department of Transportation establishes by rule a maximum
36 speed, has a speed that does not exceed that maximum; and

37 (d) Is equipped with technology to allow for operation of
38 the device with or without the active control or monitoring of a
39 natural person.

971056

40
41 A personal delivery device is not considered a vehicle unless
42 expressly defined by law as a vehicle. A mobile carrier is not
43 considered a personal delivery device. The Department of
44 Transportation may adopt rules to implement this subsection.

45 (63) ~~(62)~~ PRIVATE ROAD OR DRIVEWAY.—Except as otherwise
46 provided in paragraph (85) (b) ~~(84) (b)~~, any privately owned way
47 or place used for vehicular travel by the owner and those having
48 express or implied permission from the owner, but not by other
49 persons.

50 Section 13. Paragraph (c) of subsection (4) of section
51 334.046, Florida Statutes, is amended to read:

52 334.046 Department mission, goals, and objectives.—

53 (4) At a minimum, the department's goals shall address the
54 following prevailing principles.

55 (c) *Mobility*.—Ensuring a cost-effective, statewide,
56 interconnected transportation system. Improvement of travel
57 choices to ensure mobility includes planning and establishment
58 of infrastructure for innovative technologies, including
59 electric vehicle charging infrastructure.

60 Section 14. Effective upon SB 140 or other similar
61 legislation being enacted in the 2021 Regular Session or an
62 extension thereof and becoming a law, section 339.0802, Florida
63 Statutes, is created to read:

64 339.0802 Allocation of increased license tax revenues from
65 licensure of electric and hybrid vehicles.—Funds that result
66 from increased revenues to the State Transportation Trust Fund
67 derived under s. 320.08001(2) and (3) must be used as set forth
68 in this section, notwithstanding any other provision of law.

971056

69 Beginning in the 2023-2024 fiscal year, all increased revenues
70 must be used to fund the Electric Vehicle Infrastructure Grant
71 Program created by s. 339.286. This section expires on December
72 31, 2030.

73 Section 15. Section 339.286, Florida Statutes, is created
74 to read:

75 339.286 Electric Vehicle Infrastructure Grant Program.—

76 (1) The department shall establish the Electric Vehicle
77 Infrastructure Grant Program. The purpose of the program is to
78 provide financial assistance to encourage the installation of
79 electric vehicle charging infrastructure.

80 (2) State agencies, public universities, public transit
81 agencies, ports, airports, and local governments, including
82 local housing authorities and libraries, may apply to the
83 department for grants for the purpose of installing publicly
84 available electric vehicle charging infrastructure on public or
85 private property.

86 (3) A grant may be awarded for:

87 (a) Technical assistance for the development and adoption
88 of:

89 1. A local or regional plan that establishes an electric
90 vehicle charging infrastructure;

91 2. Any action plans necessary to address any infrastructure
92 gaps; and

93 3. Steps necessary to complete the infrastructure plan.

94
95 A plan must address actions to deploy the necessary
96 infrastructure in high-density housing areas and low-income to
97 moderate-income areas.

971056

98 (b) Assistance with the purchase of related equipment and
99 the costs of installation of that equipment to provide electric
100 vehicle charging. Such equipment must be capable of collecting
101 and reporting data, use standard connectors, and be available to
102 the public.

103 (4) (a) An applicant may apply for a grant for both
104 technical assistance and equipment purchase and installation. A
105 grant for technical assistance requires a minimum match of funds
106 from the applicant of 30 percent of the grant award, but such
107 match is not required for an applicant that is located in a
108 fiscally constrained county as described in s. 218.67(1). A
109 grant for equipment purchase and installation requires a minimum
110 match of funds from the applicant in the amount of 60 percent of
111 the total project cost for alternating-current, Level 2 charging
112 infrastructure; 20 percent of the total project cost for direct-
113 current, fast-charging infrastructure; or 20 percent of the
114 total project cost for high-powered charging infrastructure for
115 electric aircraft, including, but not limited to, electric
116 vertical takeoff and landing aircraft, and semi-trucks. The
117 matching funds must be from nonstate resources, but may include
118 private funds provided through a partnership with a private
119 entity or in-kind contributions such as the donation of
120 equipment, services, or land or use of land for establishment of
121 the electric vehicle charging infrastructure. Grant funds may
122 not subsidize the cost for the use of electricity. Twenty
123 percent of the funds available under the grant program must be
124 reserved for applicants or projects in fiscally constrained
125 counties as described in s. 218.67(1). An applicant may partner
126 with a private sector entity to install charging infrastructure

971056

127 on private property in the same county or local jurisdiction as
128 the applicant.

129 (b) The department shall develop and publish criteria for
130 prioritizing the grant applications and shall maintain a
131 prioritized list of approved grant applications. The prioritized
132 list must include recommended funding levels for each
133 application and, if staged implementation is appropriate, must
134 provide funding requirements for each stage. Grants must be
135 prioritized based on the extent to which the activities of the
136 grant will encourage growth in the use of electric vehicles and
137 increase the availability of charging locations along evacuation
138 routes. A grant for equipment purchase and installation that
139 will immediately and most effectively serve those who currently
140 own or operate electric vehicles may receive priority.

141 (5) The department shall continually review emerging
142 research, policies, and standards related to electric vehicle
143 infrastructure and innovations in the use of electric vehicles.
144 Using such information, the department shall publish best
145 practices for the establishment of electric vehicle charging
146 infrastructure, model infrastructure plan development and
147 components, and other significant information for the
148 implementation and use of electric vehicle charging
149 infrastructure. The department may develop a model plan that
150 state agencies, public universities, public transit agencies,
151 ports, airports, and local governments may use as a guide to
152 establish an electric vehicle charging infrastructure plan.

153 (6) The department shall adopt rules to administer this
154 section.

155 Section 16. Subsection (2) of section 339.287, Florida

971056

156 Statutes, is amended to read:

157 339.287 Electric vehicle charging stations; infrastructure
158 plan development.—

159 (2) (a) The department shall coordinate, develop, and
160 recommend a master plan and a supplemental master plan for
161 current and future plans for the development of electric vehicle
162 charging station infrastructure along the State Highway System,
163 as defined in s. 334.03(24). The plans must include
164 recommendations for legislation and may include other
165 recommendations as determined by the department.

166 1. The department shall ~~develop the recommended master plan~~
167 ~~and~~ submit the recommended master plan ~~it~~ to the Governor, the
168 President of the Senate, and the Speaker of the House of
169 Representatives by July 1, 2021. ~~The plan must include~~
170 ~~recommendations for legislation and may include other~~
171 ~~recommendations as determined by the department.~~

172 2. The department shall submit the recommended supplemental
173 master plan to the Governor, the President of the Senate, and
174 the Speaker of the House of Representatives by July 1, 2023. The
175 supplemental master plan must address innovations in electric
176 vehicle charging station infrastructure occurring since the
177 submission of the recommended master plan and the development of
178 high-powered charging infrastructure for electric aircraft. The
179 supplemental master plan also must make recommendations related
180 to charging station infrastructure along the State Highway
181 System and at airports, seaports, and other ports in light of
182 these innovations.

183 (b) The department, in consultation with the Public Service
184 Commission and the Office of Energy within the Department of

971056

185 Agriculture and Consumer Services, and any other public or
186 private entities as necessary or appropriate, shall be primarily
187 responsible for the following goals and objectives in developing
188 the plans ~~plan~~:

189 1. Identifying the types or characteristics of possible
190 locations for electric vehicle charging station infrastructure
191 along the State Highway System to support a supply of electric
192 vehicle charging stations that will:

193 a. Accomplish the goals and objectives of this section;

194 b. Support both short-range and long-range electric vehicle
195 travel;

196 c. Encourage the expansion of electric vehicle use in this
197 state; and

198 d. Adequately serve evacuation routes in this state.

199 2. Identifying any barriers to the use of electric vehicles
200 and electric vehicle charging station infrastructure both for
201 short-range and long-range electric vehicle travel along the
202 State Highway System.

203 3. Identifying an implementation strategy for expanding
204 electric vehicle and charging station infrastructure use in this
205 state.

206 4. Quantifying the loss of revenue to the State
207 Transportation Trust Fund due to the current and projected
208 future use of electric vehicles in this state and summarizing
209 efforts of other states to address such revenue loss.

210 (c) The Public Service Commission, in consultation with the
211 department and the Office of Energy within the Department of
212 Agriculture and Consumer Services, and any other public or
213 private entities as necessary or appropriate, shall be primarily

971056

214 responsible for the following goals and objectives in developing
215 the plans ~~plan~~:

216 1. Projecting the increase in the use of electric vehicles
217 in this state over the next 20 years and determining how to
218 ensure an adequate supply of reliable electric vehicle charging
219 stations to support and encourage this growth in a manner
220 supporting a competitive market with ample consumer choice.

221 2. Evaluating and comparing the types of electric vehicle
222 charging stations available at present and which may become
223 available in the future, including the technology and
224 infrastructure incorporated in such stations, along with the
225 circumstances within which each type of station and
226 infrastructure is typically used, including fleet charging, for
227 the purpose of identifying any advantages to developing
228 particular types or uses of these stations.

229 3. Considering strategies to develop this supply of
230 charging stations, including, but not limited to, methods of
231 building partnerships with local governments, other state and
232 federal entities, electric utilities, the business community,
233 and the public in support of electric vehicle charging stations.

234 4. Identifying the type of regulatory structure necessary
235 for the delivery of electricity to electric vehicles and
236 charging station infrastructure, including competitive neutral
237 policies and the participation of public utilities in the
238 marketplace.

239 (d) The Public Service Commission, in consultation with the
240 Office of Energy within the Department of Agriculture and
241 Consumer Services, shall review emerging technologies in the
242 electric and alternative vehicle market, including alternative

971056

243 fuel sources.

244 (e) The department, the Public Service Commission, and the
245 Office of Energy within the Department of Agriculture and
246 Consumer Services may agree to explore other issues deemed
247 necessary or appropriate for purposes of the plans ~~report~~
248 required by ~~in~~ paragraph (a).

249 (f) By December 1, 2021 ~~December 1, 2020~~, the department
250 shall file a second status report with the Governor, the
251 President of the Senate, and the Speaker of the House of
252 Representatives containing any preliminary recommendations,
253 including recommendations for legislation.

254 Section 17. Section 366.94, Florida Statutes, is amended to
255 read:

256 366.94 Electric vehicle charging stations.—

257 (1) The provision of electric vehicle charging to the
258 public by a nonutility is not the retail sale of electricity for
259 the purposes of this chapter. The rates, terms, and conditions
260 of electric vehicle charging services by a nonutility are not
261 subject to regulation under this chapter. This section does not
262 affect the ability of individuals, businesses, or governmental
263 entities to acquire, install, or use an electric vehicle charger
264 for their own vehicles.

265 (2) The Department of Agriculture and Consumer Services
266 shall adopt rules to provide definitions, methods of sale,
267 labeling requirements, and price-posting requirements for
268 electric vehicle charging stations to allow for consistency for
269 consumers and the industry. Rules implemented under this
270 subsection may not require specific methods of sale for electric
271 vehicle charging equipment used in, and electrical vehicle

971056

272 charging services provided in, this state.

273 (3) (a) It is unlawful for a person to stop, stand, or park
274 a vehicle that is not capable of using an electrical recharging
275 station within any parking space specifically designated for
276 charging an electric vehicle.

277 (b) If a law enforcement officer or parking enforcement
278 specialist finds a motor vehicle in violation of this
279 subsection, the officer or specialist shall charge the operator
280 or other person in charge of the vehicle in violation with a
281 noncriminal traffic infraction, punishable as provided in s.
282 316.008(4) or s. 318.18.

283 Section 18. Paragraph (a) of subsection (3) of section
284 316.306, Florida Statutes, is amended to read:

285 316.306 School and work zones; prohibition on the use of a
286 wireless communications device in a handheld manner.—

287 (3) (a) 1. A person may not operate a motor vehicle while
288 using a wireless communications device in a handheld manner in a
289 designated school crossing, school zone, or work zone area as
290 defined in s. 316.003 ~~s. 316.003(105)~~. This subparagraph shall
291 only be applicable to work zone areas if construction personnel
292 are present or are operating equipment on the road or
293 immediately adjacent to the work zone area. For the purposes of
294 this paragraph, a motor vehicle that is stationary is not being
295 operated and is not subject to the prohibition in this
296 paragraph.

297 2.a. During the period from October 1, 2019, through
298 December 31, 2019, a law enforcement officer may stop motor
299 vehicles to issue verbal or written warnings to persons who are
300 in violation of subparagraph 1. for the purposes of informing

971056

301 and educating such persons of this section. This sub-
302 subparagraph shall stand repealed on October 1, 2020.

303 b. Effective January 1, 2020, a law enforcement officer may
304 stop motor vehicles and issue citations to persons who are
305 driving while using a wireless communications device in a
306 handheld manner in violation of subparagraph 1.

307 Section 19. Subsection (1) of section 655.960, Florida
308 Statutes, is amended to read:

309 655.960 Definitions; ss. 655.960-655.965.—As used in this
310 section and ss. 655.961-655.965, unless the context otherwise
311 requires:

312 (1) "Access area" means any paved walkway or sidewalk which
313 is within 50 feet of any automated teller machine. The term does
314 not include any street or highway open to the use of the public,
315 as defined in s. 316.003(85)(a) or (b) ~~s. 316.003(84)(a) or (b)~~,
316 including any adjacent sidewalk, as defined in s. 316.003.

317 Section 20. Except as otherwise expressly provided in this
318 act, this act shall take effect July 1, 2021.

319
320 ===== T I T L E A M E N D M E N T =====

321 And the title is amended as follows:

322 Delete line 54

323 and insert:

324 programs; amending s. 316.003, F.S.; defining the term
325 "electric vertical takeoff and landing aircraft";
326 revising definitions; authorizing the Department of
327 Transportation to adopt rules; amending s. 334.046,
328 F.S.; revising the principles relating to mobility
329 which the department's goals are required to address;

971056

330 creating s. 339.0802, F.S.; requiring that certain
331 funds be used for specified purposes relating to the
332 Electric Vehicle Infrastructure Grant Program
333 beginning in a specified year; providing for future
334 expiration; creating s. 339.286, F.S.; requiring the
335 department to establish the Electric Vehicle
336 Infrastructure Grant Program; providing the purpose of
337 the program; providing for the distribution of grants
338 to certain entities to install electric vehicle
339 charging infrastructure; providing grant requirements;
340 providing requirements for equipment installed using
341 grant funds; requiring the department to develop and
342 publish criteria for the prioritization of grant
343 applications and to maintain a prioritized list of
344 approved applications; requiring the department to
345 continually review emerging research, policies, and
346 standards; requiring the department to publish certain
347 information; authorizing the department to develop a
348 model plan for specified entities; requiring the
349 department to adopt rules; amending s. 339.287, F.S.;
350 requiring the department to coordinate, develop, and
351 recommend a supplemental master plan to address
352 innovations in electric vehicle charging station
353 infrastructure and the development of high-powered
354 charging infrastructure for electric aircraft;
355 requiring the department to submit the plan to the
356 Governor and the Legislature by a specified date;
357 conforming provisions to changes made by the act;
358 requiring the department to file a second status

971056

359 report with the Governor and the Legislature by a
360 specified date; amending s. 366.94, F.S.; prohibiting
361 certain rules adopted by the Department of Agriculture
362 and Consumer Services from requiring specific methods
363 of sale for electric vehicle charging equipment used
364 and services provided in this state; amending ss.
365 316.306 and 655.960, F.S.; conforming cross-
366 references; providing effective dates.

330308

LEGISLATIVE ACTION

Senate	.	House
Comm: RCS	.	
04/16/2021	.	
	.	
	.	
	.	

The Committee on Appropriations (Harrell) recommended the following:

Senate Amendment (with title amendment)

Delete line 402

and insert:

Section 12. Subsection (4) of section 163.3168, Florida Statutes, is repealed.

Section 13. Paragraph (b) of subsection (1) of section 316.126, Florida Statutes, is amended, and subsection (6) of that section is reenacted, to read:

316.126 Operation of vehicles and actions of pedestrians on

330308

11 approach of an authorized emergency, sanitation, or utility
12 service vehicle.-

13 (1)

14 (b) If an authorized emergency vehicle displaying any
15 visual signals is parked on the roadside, a sanitation vehicle
16 is performing a task related to the provision of sanitation
17 services on the roadside, a utility service vehicle is
18 performing a task related to the provision of utility services
19 on the roadside, ~~or~~ a wrecker displaying amber rotating or
20 flashing lights is performing a recovery or loading on the
21 roadside, or a road and bridge maintenance or construction
22 vehicle displaying warning lights is on the roadside without
23 advance signs and channelizing devices, the driver of every
24 other vehicle, as soon as it is safe:

25 1. Shall vacate the lane closest to the emergency vehicle,
26 sanitation vehicle, utility service vehicle, ~~or~~ wrecker, or road
27 and bridge maintenance or construction vehicle when driving on
28 an interstate highway or other highway with two or more lanes
29 traveling in the direction of the emergency vehicle, sanitation
30 vehicle, utility service vehicle, ~~or~~ wrecker, or road and bridge
31 maintenance or construction vehicle except when otherwise
32 directed by a law enforcement officer. If such movement cannot
33 be safely accomplished, the driver shall reduce speed as
34 provided in subparagraph 2.

35 2. Shall slow to a speed that is 20 miles per hour less
36 than the posted speed limit when the posted speed limit is 25
37 miles per hour or greater; or travel at 5 miles per hour when
38 the posted speed limit is 20 miles per hour or less, when
39 driving on a two-lane road, except when otherwise directed by a

330308

40 law enforcement officer.

41 (6) A violation of this section is a noncriminal traffic
42 infraction, punishable pursuant to chapter 318 as either a
43 moving violation for infractions of subsection (1) or subsection
44 (3), or as a pedestrian violation for infractions of subsection
45 (2).

46 Section 14. Subsection (35) of section 334.044, Florida
47 Statutes, is amended to read:

48 334.044 Powers and duties of the department.—The department
49 shall have the following general powers and duties:

50 (35) To provide a road and bridge construction workforce
51 development program, in consultation with affected stakeholders,
52 for construction of projects designated in the department's work
53 program.

54 ~~(a) The workforce development program is intended to~~
55 ~~provide direct economic benefits to communities in which the~~
56 ~~department is constructing infrastructure projects and to~~
57 ~~promote employment opportunities, including within areas of low~~
58 ~~income and high unemployment.~~

59 ~~(b) The department shall merge any of its own existing~~
60 ~~workforce services into the program to create a robust workforce~~
61 ~~development program. The workforce development program must~~
62 ~~serve as a tool to address the construction labor shortage by~~
63 ~~recruiting and developing a group of skilled workers for~~
64 ~~infrastructure projects to increase the likelihood of department~~
65 ~~projects remaining on time and within budget.~~

66 ~~(c) To accomplish these activities, the department may~~
67 ~~administer workforce development contracts with consultants and~~
68 ~~nonprofit entities, such as local community partners, Florida~~

330308

69 ~~College System institutions, and technical institutions or~~
70 ~~centers. These entities, as specified in a contract with the~~
71 ~~department, shall have the primary purposes of providing all of~~
72 ~~the following:~~

73 ~~1. Workforce recruitment.~~

74 ~~2. A training curriculum for the department's road and~~
75 ~~bridge construction projects which includes both traditional and~~
76 ~~emerging construction methods and skills needed to construct~~
77 ~~multiuse infrastructure and facilities accommodating emerging~~
78 ~~technologies.~~

79 ~~3. Support services to remove barriers to work.~~

80 ~~(d) The department shall develop performance and outcome~~
81 ~~metrics to ensure accountability and to measure the benefits and~~
82 ~~cost-effectiveness of the program. By June 30, 2020, and~~
83 ~~annually thereafter, the department shall prepare and provide a~~
84 ~~report to the Governor, President of Senate, and Speaker of the~~
85 ~~House of Representatives detailing the results of its findings~~
86 ~~and containing any recommendations relating to future program~~
87 ~~refinements.~~

88 Section 15. Section 338.2278, Florida Statutes, is
89 repealed.

90 Section 16. Subsection (1) of section 338.236, Florida
91 Statutes, is amended to read:

92 338.236 Staging areas for emergencies.—The Department of
93 Transportation may plan, design, and construct staging areas to
94 be activated during a declared state of emergency at key
95 geographic locations on the turnpike system. Such staging areas
96 must be used for the staging of emergency supplies, such as
97 water, fuel, generators, vehicles, equipment, and other related

330308

98 materials, to facilitate the prompt provision of emergency
99 assistance to the public, and to otherwise facilitate emergency
100 response and assistance, including evacuations, deployment of
101 emergency-related supplies and personnel, and restoration of
102 essential services.

103 (1) In selecting a proposed site for a designated staging
104 area under this section, the department, in consultation with
105 the Division of Emergency Management, must consider the extent
106 to which such site:

107 (a) Is located in a geographic area that best facilitates
108 the wide dissemination of emergency-related supplies and
109 equipment;

110 (b) Provides ease of access to major highways and other
111 transportation facilities;

112 (c) Is sufficiently large to accommodate the staging of a
113 significant amount of emergency-related supplies and equipment;

114 (d) Provides space in support of emergency preparedness and
115 evacuation activities, such as fuel reserve capacity;

116 (e) Could be used during nonemergency periods for
117 commercial motor vehicle parking and for other uses; and

118 (f) Is consistent with other state and local emergency
119 management considerations.

120

121 ~~The department must give priority consideration to placement of~~
122 ~~such staging areas in counties with a population of 200,000 or~~
123 ~~fewer, as determined by the most recent official estimate~~
124 ~~pursuant to s. 186.901, in which a multiuse corridor of regional~~
125 ~~economic significance, as provided in s. 338.2278, is located.~~

126 Section 17. Subsection (2) of section 339.0801, Florida

330308

127 Statutes, is amended to read:

128 339.0801 Allocation of increased revenues derived from
129 amendments to s. 319.32(5) (a) by ch. 2012-128.—Funds that result
130 from increased revenues to the State Transportation Trust Fund
131 derived from the amendments to s. 319.32(5) (a) made by this act
132 must be used annually, first as set forth in subsection (1) and
133 then as set forth in subsections (2)-(5), notwithstanding any
134 other provision of law:

135 (2)~~(a)~~ Beginning in the 2013-2014 fiscal year and annually
136 for up to 30 years thereafter ~~For each of the 2019-2020, 2020-~~
137 ~~2021, and 2021-2022 fiscal years,~~ \$35 million shall be
138 transferred to Florida's Turnpike Enterprise, to be used in
139 accordance with Florida Turnpike Enterprise Law, to the maximum
140 extent feasible for feeder roads, structures, interchanges,
141 appurtenances, and other rights to create or facilitate access
142 to the existing turnpike system.

143 ~~(b) Beginning with the 2022-2023 fiscal year and annually~~
144 ~~thereafter, \$35 million shall be transferred to Florida's~~
145 ~~Turnpike Enterprise, to be used in accordance with s. 338.2278,~~
146 ~~with preference to feeder roads, interchanges, and appurtenances~~
147 ~~that create or facilitate multiuse corridor access and~~
148 ~~connectivity. Of those funds, and to the maximum extent~~
149 ~~feasible, up to \$5 million annually may be used for projects~~
150 ~~that assist in the development of broadband infrastructure~~
151 ~~within or adjacent to a multiuse corridor. The department shall~~
152 ~~give priority consideration to broadband infrastructure projects~~
153 ~~located in any area designated as a rural area of opportunity~~
154 ~~under s. 288.0656 and adjacent to a multiuse corridor.~~

155 Section 18. Effective July 1, 2023, section 339.0801,

330308

156 Florida Statutes, as amended by this act, is amended to read:

157 339.0801 Allocation of increased revenues derived from
158 amendments to s. 319.32(5) (a) by ch. 2012-128.—Funds that result
159 from increased revenues to the State Transportation Trust Fund
160 derived from the amendments to s. 319.32(5) (a) made by this act
161 must be used annually, first as set forth in subsection (1) and
162 then as set forth in subsections (2)-(4) ~~(2)-(5)~~,
163 notwithstanding any other provision of law:

164 (1) (a) Beginning in the 2013-2014 fiscal year and annually
165 for 30 years thereafter, \$10 million shall be for the purpose of
166 funding any seaport project identified in the adopted work
167 program of the Department of Transportation, to be known as the
168 Seaport Investment Program.

169 (b) The revenues may be assigned, pledged, or set aside as
170 a trust for the payment of principal or interest on revenue
171 bonds, or other forms of indebtedness issued by an individual
172 port or appropriate local government having jurisdiction
173 thereof, or collectively by interlocal agreement among any of
174 the ports, or used to purchase credit support to permit such
175 borrowings. Alternatively, revenue bonds shall be issued by the
176 Division of Bond Finance at the request of the Department of
177 Transportation under the State Bond Act and shall be secured by
178 such revenues as are provided in this subsection.

179 (c) Revenue bonds or other indebtedness issued hereunder
180 are not a general obligation of the state and are secured solely
181 by a first lien on the revenues distributed under this
182 subsection.

183 (d) The state covenants with holders of the revenue bonds
184 or other instruments of indebtedness issued pursuant to this

330308

185 subsection that it will not repeal this subsection; nor take any
186 other action, including but not limited to amending this
187 subsection, that will materially and adversely affect the rights
188 of such holders so long as revenue bonds or other indebtedness
189 authorized by this subsection are outstanding.

190 (e) The proceeds of any revenue bonds or other
191 indebtedness, after payment of costs of issuance and
192 establishment of any required reserves, shall be invested in
193 projects approved by the Department of Transportation and
194 included in the department's adopted work program, by amendment
195 if necessary. As required under s. 11(f), Art. VII of the State
196 Constitution, the Legislature approves projects included in the
197 department's adopted work program, including any projects added
198 to the work program by amendment under s. 339.135(7).

199 (f) Any revenues that are not used for the payment of bonds
200 as authorized by this subsection may be used for purposes
201 authorized under the Florida Seaport Transportation and Economic
202 Development Program. This revenue source is in addition to any
203 amounts provided for and appropriated in accordance with ss.
204 311.07 and 320.20(3) and (4).

205 ~~(2) Beginning in the 2013-2014 fiscal year and annually for~~
206 ~~up to 30 years thereafter, \$35 million shall be transferred to~~
207 ~~Florida's Turnpike Enterprise, to be used in accordance with~~
208 ~~Florida Turnpike Enterprise Law, to the maximum extent feasible~~
209 ~~for feeder roads, structures, interchanges, appurtenances, and~~
210 ~~other rights to create or facilitate access to the existing~~
211 ~~turnpike system.~~

212 (2)~~(3)~~ Beginning in the 2013-2014 fiscal year and annually
213 thereafter, \$10 million shall be transferred to the

330308

214 Transportation Disadvantaged Trust Fund, to be used as specified
215 in s. 427.0159.

216 (3)~~(4)~~ Beginning in the 2013-2014 fiscal year and annually
217 thereafter, \$10 million shall be allocated to the Small County
218 Outreach Program to be used as specified in s. 339.2818. These
219 funds are in addition to the funds provided for the program
220 pursuant to s. 201.15(4)(a)2.

221 (4)~~(5)~~ After the distributions required pursuant to
222 subsections (1)-(3) ~~(1)-(4)~~, the remaining funds shall be used
223 annually for transportation projects within this state for
224 existing or planned strategic transportation projects which
225 connect major markets within this state or between this state
226 and other states, which focus on job creation, and which
227 increase this state's viability in the national and global
228 markets.

229 (5)~~(6)~~ Pursuant to s. 339.135(7), the department shall
230 amend the work program to add the projects provided for in this
231 section.

232 Section 19. Section 339.0803, Florida Statutes, is created
233 to read:

234 339.0803 Allocation of increased revenues derived from
235 amendments to s. 320.08 by chapter 2019-43, Laws of Florida.-
236 Beginning in the 2021-2022 fiscal year and each fiscal year
237 thereafter, funds that result from increased revenues to the
238 State Transportation Trust Fund derived from the amendments to
239 s. 320.08 made by chapter 2019-43, Laws of Florida, and
240 deposited into the fund pursuant to s. 320.20(5)(a) must be used
241 to fund arterial highway projects identified by the department
242 in accordance with s. 339.65 and may be used for projects as

330308

243 specified in ss. 339.66 and 339.67. For purposes of the funding
244 provided in this section, the department shall prioritize use of
245 existing facilities or portions thereof when upgrading arterial
246 highways to limited or controlled access facilities. However,
247 this section does not preclude use of the funding for projects
248 that enhance the capacity of an arterial highway. The funds
249 allocated as provided in this section shall be in addition to
250 any other statutory funding allocations provided by law.

251 Section 20. Section 339.1373, Florida Statutes, is
252 repealed.

253 Section 21. Section 339.66, Florida Statutes, is created to
254 read:

255 339.66 Upgrade of arterial highways with controlled access
256 facilities.-

257 (1) The Legislature finds that the provision and
258 maintenance of safe, reliable, and predictably free-flowing
259 facilities to support the movement of people and freight and to
260 enhance hurricane evacuation efficiency is important. It is in
261 the best interest of the state to plan now for population growth
262 and technology changes while prudently making timely
263 improvements to address demand.

264 (2) The department, in coordination with the Florida
265 Turnpike Enterprise, shall evaluate existing roadways or
266 portions thereof for development of specific controlled access
267 facilities and include such projects as identified in the work
268 program.

269 (3) The department may upgrade roadways with targeted
270 improvements, such as adding new tolled or nontolled limited
271 access alignments to manage congestion points and retrofitting

330308

272 existing roadway with a series of electronically tolled or
273 nontolled grade separations that provide an alternative to a
274 signalized intersection for through traffic. Such improvements
275 must be made with the goal of enhancing the economic prosperity
276 and preserving the character of the communities impacted by such
277 improvements.

278 (a) The department may not reduce any nontolled general use
279 lanes of an existing facility.

280 (b) The department shall maintain existing access points to
281 the roadway provided by designated streets, graded roads, or
282 driveways.

283 (c) Upon application or as otherwise agreed to by the
284 department, after construction is completed, property owners
285 with parcels of land having no existing access shall have the
286 right to one access point, and property owners having more than
287 1 mile of roadway frontage shall be allowed one access point for
288 each mile owned.

289 (d) Any tolling points must be located such that a
290 nontolled alternative exists for local traffic.

291 (4) Any tolled facilities are approved turnpike projects
292 that are part of the turnpike system. A controlled-access
293 portion of a roadway constructed pursuant to this section is
294 considered a Strategic Intermodal System facility.

295 (5) Any existing applicable requirements relating to
296 department projects shall apply to projects undertaken by the
297 department pursuant to this section. The department shall take
298 into consideration the guidance and recommendations of any
299 previous studies or reports relevant to the projects authorized
300 by this section and ss. 339.67 and 339.68, including, but not

330308

301 limited to, the task force reports prepared pursuant to chapter
302 2019-43, Laws of Florida.

303 (6) Any existing applicable requirements relating to
304 turnpike projects apply to projects undertaken by the Turnpike
305 Enterprise pursuant to this section. The Turnpike Enterprise
306 shall take into consideration the guidance and recommendations
307 of any previous studies or reports relevant to the projects
308 authorized by this section and ss. 339.67 and 339.68, including,
309 but not limited to, the task force reports prepared pursuant to
310 chapter 2019-43, Laws of Florida, and with respect to any
311 extension of the Florida Turnpike from its northerly terminus in
312 Wildwood.

313 (7) The department shall consider innovative concepts to
314 combine right-of-way acquisition with the acquisition of lands
315 or easements to facilitate environmental mitigation or
316 ecosystem, wildlife habitat, or water quality protection or
317 restoration.

318 (8) (a) Decisions on matters such as configuration, project
319 alignment, and interchange locations must be determined in
320 accordance with applicable department rules, policies, and
321 procedures.

322 (b) To the greatest extent practicable, roadway alignments,
323 project alignment, and interchange locations shall be designed
324 so that project rights-of-way are not located within
325 conservation lands acquired under the Florida Preservation 2000
326 Act established in s. 259.101 and the Florida Forever Act
327 established in s. 259.105.

328 (9) Subject to applicability of existing requirements as
329 provided in subsections (5) and (6), projects may be funded

330308

330 through turnpike revenue bonds or right-of-way acquisition and
331 bridge construction bonds or financing by the Florida Department
332 of Transportation Financing Corporation; by advances from the
333 State Transportation Trust Fund; with funds obtained through the
334 creation of public-private partnerships; or any combination
335 thereof. The department also may accept donations of land for
336 use as transportation rights-of-way or to secure or use
337 transportation rights-of-way for such projects in accordance
338 with s. 337.2505. To the extent legally available, any toll
339 revenues from the turnpike system not required for payment of
340 principal, interest, reserves, or other required deposits for
341 bonds; costs of operations and maintenance; other contractual
342 obligations; or system improvement project costs must be used to
343 repay advances received from the State Transportation Trust
344 Fund.

345 (10) Project construction is not eligible for funding until
346 completion of 30 percent of the design phase, except for
347 projects that are under construction or for which project
348 alignment has been determined.

349 (11) In accordance with ss. 337.276, 338.227, and 339.0809,
350 the Division of Bond Finance may issue, on behalf of the
351 department, right-of-way acquisition and bridge construction
352 bonds, turnpike revenue bonds, and Florida Department of
353 Transportation Financing Corporation bonds to finance projects
354 as provided in the State Bond Act.

355 Section 22. Section 339.67, Florida Statutes, is created to
356 read:

357 339.67 U.S. 19 controlled access facilities.—The department
358 shall develop and include in the work program the construction

330308

359 of controlled access facilities as necessary to achieve free
360 flow of traffic on U.S. 19, beginning at the terminus of the
361 Suncoast Parkway 2 Phase 3, north predominantly along U.S. 19 to
362 a logical terminus on Interstate 10 in Madison County. This
363 Strategic Intermodal System facility shall be developed using
364 existing roadway, or portions thereof, to ensure the free flow
365 of traffic along the roadway by improvements such as limited
366 access alignments to manage congestion points and retrofitting
367 existing roadway with a series of grade separations that provide
368 an alternative to a signalized intersection for through traffic.
369 To the maximum extent feasible, the facilities shall be
370 developed no later than December 31, 2035.

371 Section 23. Section 339.68, Florida Statutes, is created to
372 read:

373 339.68 Arterial rural highway projects.—The department
374 shall identify and include in the work program projects to
375 increase capacity by widening existing two-lane arterial rural
376 roads to four lanes. To be included in a work program project,
377 the road must be classified as an arterial rural road, and truck
378 traffic using the road must amount to at least 15 percent of all
379 such traffic, as determined by the department. The department
380 shall fund at least \$20 million annually for such projects.

381 Section 24. For the purpose of incorporating the amendment
382 made by this act to section 316.126, Florida Statutes, in a
383 reference thereto, paragraph (d) of subsection (2) of section
384 318.18, Florida Statutes, is reenacted to read:

385 318.18 Amount of penalties.—The penalties required for a
386 noncriminal disposition pursuant to s. 318.14 or a criminal
387 offense listed in s. 318.17 are as follows:

388 (2) Thirty dollars for all nonmoving traffic violations
389 and:

390 (d) For all violations of s. 316.126(1)(b), unless
391 otherwise specified.

392 Section 25. The Legislature finds that the extension of the
393 Florida Turnpike from its northerly terminus in Wildwood to a
394 logical and appropriate terminus as determined by the Department
395 of Transportation is in the strategic interest of the state. The
396 department shall commence the project development and
397 environmental phase of the extension and shall consider project
398 configuration, alignment, cost, and schedule. The department
399 shall prepare a report summarizing the status of the project
400 development and environmental phase and, by December 31, 2022,
401 submit the report to the Governor, the President of the Senate,
402 and the Speaker of the House of Representatives.

403 Section 26. Except as otherwise expressly provided in this
404 act, this act shall take effect July 1, 2021.

405
406 ===== T I T L E A M E N D M E N T =====

407 And the title is amended as follows:

408 Delete line 54

409 and insert:

410 programs; repealing s. 163.3168(4), F.S., relating to
411 applications for funding for technical assistance
412 relating to areas in and around a proposed multiuse
413 corridor interchange; amending s. 316.126, F.S.;

414 requiring drivers to change lanes when approaching a
415 road and bridge maintenance or construction vehicle
416 displaying warning lights on the roadside without

330308

417 advance signs and channelizing devices; amending s.
418 334.044, F.S.; revising the powers and duties of the
419 Department of Transportation relating to the workforce
420 development program; repealing s. 338.2278, F.S.,
421 relating to the Multi-use Corridors of Regional
422 Economic Significance Program; amending s. 338.236,
423 F.S.; deleting a requirement for the department to
424 give priority consideration to placement of staging
425 areas in certain counties; amending s. 339.0801, F.S.;
426 requiring that \$35 million transferred to Florida's
427 Turnpike Enterprise be used for a specified purpose
428 beginning in a specified fiscal year and annually for
429 up to 30 years thereafter; conforming provisions to
430 changes made by the act; amending s. 339.0801, F.S.;
431 deleting a requirement for a specified amount of funds
432 to be transferred to Florida's Turnpike Enterprise for
433 a specified purpose; creating s. 339.0803, F.S.;
434 requiring that certain increased revenues be used to
435 fund specified projects beginning in a specified
436 fiscal year and annually thereafter; authorizing such
437 revenues to be used for certain projects; requiring
438 the department to prioritize the use of certain
439 facilities when upgrading arterial highways; providing
440 construction; providing that such funding is in
441 addition to other statutory funding allocations;
442 repealing s. 339.1373, F.S., relating to funding of
443 the Multi-use Corridors of Regional Economic
444 Significance Program; creating s. 339.66, F.S.;
445 providing legislative findings; requiring the

330308

446 department, in coordination with the Florida Turnpike
447 Enterprise, to evaluate certain roadways for
448 development of specific controlled access facilities
449 and to include such projects in the work program;
450 authorizing the department to upgrade roadways with
451 targeted improvements; prohibiting the department from
452 reducing nontolled general use lanes of an existing
453 facility; requiring the department to maintain
454 existing access points; providing for access points
455 for certain property owners; specifying the location
456 of tolling points and requiring a nontolled
457 alternative for local traffic; requiring any new
458 alignments to be established with a specified goal;
459 providing that any tolled facilities are approved
460 turnpike projects and part of the turnpike system;
461 designating a controlled-access portion of a specified
462 roadway a Strategic Intermodal System facility;
463 providing for applicability of certain requirements;
464 requiring the department and Turnpike Enterprise to
465 take into consideration guidance and recommendations
466 of certain studies and reports; requiring certain
467 decisions to be determined in accordance with
468 applicable department rules, policies, and procedures;
469 requiring, to the greatest extent practicable, that
470 roadway alignments, project alignment, and interchange
471 locations be designed as specified; providing for
472 funding sources; providing that project construction
473 is not eligible for funding until completion of 30
474 percent of the project design phase, with exceptions;

330308

475 authorizing the Division of Bond Finance to issue
476 specified bonds on behalf of the department to finance
477 certain projects; creating s. 339.67, F.S.; requiring
478 the department to develop and include construction of
479 controlled access facilities in the work program of a
480 certain facility; requiring the facility to be
481 developed using existing roadway or portions thereof;
482 requiring the facilities to be developed no later than
483 a specified date to the maximum extent feasible;
484 creating s. 339.68, F.S.; requiring the department to
485 identify and include in the work program projects to
486 increase capacity by widening existing two-lane
487 arterial rural roads to four lanes; providing
488 requirements for roads to be included in work program
489 projects; requiring the department to annually fund at
490 least a specified amount for such projects; reenacting
491 s. 318.18(2)(d), F.S., relating to the amount of
492 certain penalties, to incorporate the amendment made
493 to s. 316.126, F.S., in a reference thereto; providing
494 legislative findings; requiring the department to
495 commence the project development and environmental
496 phase of an extension of the Florida Turnpike;
497 requiring the department to prepare a specified report
498 and to submit the report to the Governor and
499 Legislature by a specified date; providing effective
500 dates.

576-03352-21

Proposed Committee Substitute by the Committee on Appropriations
(Appropriations Subcommittee on Transportation, Tourism, and
Economic Development)

A bill to be entitled

An act relating to the Department of Transportation;
amending s. 201.15, F.S.; clarifying that the
Department of Revenue is responsible for a certain
transfer from the State Treasury to the General
Revenue Fund of a portion of documentary stamp tax
distributions credited to the State Transportation
Trust Fund; amending s. 206.46, F.S.; revising a
limitation on an annual transfer from the State
Transportation Trust Fund to the Right-of-Way
Acquisition and Bridge Construction Trust Fund;
amending ss. 206.606, 206.608, and 212.0501, F.S.;
removing a requirement for the deduction of certain
service charges before the distribution of certain
moneys; amending s. 316.545, F.S.; deleting a
requirement that the department provide space and
video conference capability at each of the
department's district offices as an alternative to
physical appearance by a person requesting a hearing
before the Commercial Motor Vehicle Review Board
within the department; requiring the department to
allow a person requesting a hearing to appear remotely
via communications media technology authorized by a
specified rule; amending s. 319.32, F.S.; removing a
requirement for the deduction of certain service
charges before depositing fees for a certificate of

300690

576-03352-21

title into the State Transportation Trust Fund;
creating s. 333.15, F.S.; requiring the department to
adopt rules to implement ch. 333, relating to airport
zoning; amending s. 335.199, F.S.; requiring the
department, when proposing any project on the State
Highway System which will close or modify an existing
access to an abutting property owner, to provide
notice to affected property owners, municipalities,
and counties at least 180 days before the design phase
of the project is completed; requiring the department
to hold at least one public meeting before completing
the design phase of the project; making a technical
change; amending s. 339.135, F.S.; revising the date
by which a metropolitan planning organization must
annually submit project priorities to the appropriate
department district for purposes of developing
department district work programs; removing the
expiration of provisions relating to approval of
department work program amendments when a meeting of
the Legislative Budget Commission cannot be held
within a specified timeframe; amending s. 339.175,
F.S.; revising the date by which a metropolitan
planning organization must annually submit a list of
project priorities to the appropriate department
district for purposes of developing department
district work programs and developing metropolitan
planning organization transportation improvement
programs; providing an effective date.

300690

576-03352-21

56 Be It Enacted by the Legislature of the State of Florida:

57
58 Section 1. Paragraph (a) of subsection (4) of section
59 201.15, Florida Statutes, is amended to read:

60 201.15 Distribution of taxes collected.—All taxes collected
61 under this chapter are hereby pledged and shall be first made
62 available to make payments when due on bonds issued pursuant to
63 s. 215.618 or s. 215.619, or any other bonds authorized to be
64 issued on a parity basis with such bonds. Such pledge and
65 availability for the payment of these bonds shall have priority
66 over any requirement for the payment of service charges or costs
67 of collection and enforcement under this section. All taxes
68 collected under this chapter, except taxes distributed to the
69 Land Acquisition Trust Fund pursuant to subsections (1) and (2),
70 are subject to the service charge imposed in s. 215.20(1).
71 Before distribution pursuant to this section, the Department of
72 Revenue shall deduct amounts necessary to pay the costs of the
73 collection and enforcement of the tax levied by this chapter.
74 The costs and service charge may not be levied against any
75 portion of taxes pledged to debt service on bonds to the extent
76 that the costs and service charge are required to pay any
77 amounts relating to the bonds. All of the costs of the
78 collection and enforcement of the tax levied by this chapter and
79 the service charge shall be available and transferred to the
80 extent necessary to pay debt service and any other amounts
81 payable with respect to bonds authorized before January 1, 2017,
82 secured by revenues distributed pursuant to this section. All
83 taxes remaining after deduction of costs shall be distributed as
84 follows:

300690

576-03352-21

85 (4) After the required distributions to the Land
86 Acquisition Trust Fund pursuant to subsections (1) and (2) and
87 deduction of the service charge imposed pursuant to s.
88 215.20(1), the remainder shall be distributed as follows:
89 (a) The lesser of 24.18442 percent of the remainder or
90 \$541.75 million in each fiscal year shall be paid into the State
91 Treasury to the credit of the State Transportation Trust Fund.
92 Of such funds, \$75 million for each fiscal year shall be
93 transferred by the Department of Revenue to the General Revenue
94 Fund. Notwithstanding any other law, the remaining amount
95 credited to the State Transportation Trust Fund shall be used
96 for:
97 1. Capital funding for the New Starts Transit Program,
98 authorized by Title 49, U.S.C. s. 5309 and specified in s.
99 341.051, in the amount of 10 percent of the funds;
100 2. The Small County Outreach Program specified in s.
101 339.2818, in the amount of 10 percent of the funds;
102 3. The Strategic Intermodal System specified in ss. 339.61,
103 339.62, 339.63, and 339.64, in the amount of 75 percent of the
104 funds after deduction of the payments required pursuant to
105 subparagraphs 1. and 2.; and
106 4. The Transportation Regional Incentive Program specified
107 in s. 339.2819, in the amount of 25 percent of the funds after
108 deduction of the payments required pursuant to subparagraphs 1.
109 and 2. The first \$60 million of the funds allocated pursuant to
110 this subparagraph shall be allocated annually to the Florida
111 Rail Enterprise for the purposes established in s. 341.303(5).
112 Section 2. Subsection (2) of section 206.46, Florida
113 Statutes, is amended to read:

300690

576-03352-21

114 206.46 State Transportation Trust Fund.—
115 (2) Notwithstanding any other ~~provisions of law~~, from the
116 revenues deposited into the State Transportation Trust Fund a
117 maximum of 7 percent in each fiscal year shall be transferred
118 into the Right-of-Way Acquisition and Bridge Construction Trust
119 Fund created in s. 215.605, as needed to meet the requirements
120 of the documents authorizing the bonds issued or proposed to be
121 issued under ss. 215.605 and 337.276 or at a minimum amount
122 sufficient to pay for the debt service coverage requirements of
123 outstanding bonds. Notwithstanding the 7 percent annual transfer
124 authorized in this subsection, the annual amount transferred
125 under this subsection ~~may shall~~ not exceed an amount necessary
126 to provide the required debt service coverage levels for a
127 maximum debt service not to exceed \$350 ~~\$275~~ million. Such
128 transfer shall be payable primarily from the motor and diesel
129 fuel taxes transferred to the State Transportation Trust Fund
130 from the Fuel Tax Collection Trust Fund.

131 Section 3. Subsection (1) of section 206.606, Florida
132 Statutes, is amended to read:

133 206.606 Distribution of certain proceeds.—

134 (1) Moneys collected pursuant to ss. 206.41(1)(g) and
135 206.87(1)(e) shall be deposited in the Fuel Tax Collection Trust
136 Fund. Such moneys, after deducting ~~the service charges imposed~~
137 ~~by s. 215.20~~, the refunds granted pursuant to s. 206.41, and the
138 administrative costs incurred by the department in collecting,
139 administering, enforcing, and distributing the tax, which
140 administrative costs may not exceed 2 percent of collections,
141 shall be distributed monthly to the State Transportation Trust
142 Fund, except that:

300690

576-03352-21

143 (a) \$6.30 million shall be transferred to the Fish and
144 Wildlife Conservation Commission in each fiscal year and
145 deposited in the Invasive Plant Control Trust Fund to be used
146 for aquatic plant management, including nonchemical control of
147 aquatic weeds, research into nonchemical controls, and
148 enforcement activities. The commission shall allocate at least
149 \$1 million of such funds to the eradication of melaleuca.

150 (b) Annually, \$2.5 million shall be transferred to the
151 State Game Trust Fund in the Fish and Wildlife Conservation
152 Commission and used for recreational boating activities and
153 freshwater fisheries management and research. The transfers must
154 be made in equal monthly amounts beginning on July 1 of each
155 fiscal year. The commission shall annually determine where unmet
156 needs exist for boating-related activities, and may fund such
157 activities in counties where, due to the number of vessel
158 registrations, sufficient financial resources are unavailable.

159 1. A minimum of \$1.25 million shall be used to fund local
160 projects to provide recreational channel marking and other
161 uniform waterway markers, public boat ramps, lifts, and hoists,
162 marine railways, and other public launching facilities, derelict
163 vessel removal, and other local boating-related activities. In
164 funding the projects, the commission shall give priority
165 consideration to:

166 a. Unmet needs in counties having populations of 100,000 or
167 less ~~fewer~~.

168 b. Unmet needs in coastal counties having a high level of
169 boating-related activities from individuals residing in other
170 counties.

171 2. The remaining \$1.25 million may be used for recreational

300690

576-03352-21

172 boating activities and freshwater fisheries management and
173 research.

174 3. The commission may adopt rules to administer a Florida
175 Boating Improvement Program.

176
177 The commission shall prepare and make available on its Internet
178 website an annual report outlining the status of its Florida
179 Boating Improvement Program, including the projects funded, and
180 a list of counties whose needs are unmet due to insufficient
181 financial resources from vessel registration fees.

182 (c) 0.65 percent of moneys collected pursuant to s.
183 206.41(1)(g) shall be transferred to the Agricultural Emergency
184 Eradication Trust Fund.

185 (d) \$13.4 million in fiscal year 2007-2008 and each fiscal
186 year thereafter of the moneys attributable to the sale of motor
187 and diesel fuel at marinas shall be transferred from the Fuel
188 Tax Collection Trust Fund to the Marine Resources Conservation
189 Trust Fund in the Fish and Wildlife Conservation Commission.

190 Section 4. Section 206.608, Florida Statutes, is amended to
191 read:

192 206.608 State Comprehensive Enhanced Transportation System
193 Tax; deposit of proceeds; distribution.—Moneys received pursuant
194 to ss. 206.41(1)(f) and 206.87(1)(d) shall be deposited in the
195 Fuel Tax Collection Trust Fund, and, after deducting ~~the service~~
196 ~~charge imposed in chapter 215 and~~ administrative costs incurred
197 by the department in collecting, administering, enforcing, and
198 distributing the tax, which administrative costs may not exceed
199 2 percent of collections, shall be distributed as follows:

200 (1) 0.65 percent of the proceeds of the tax levied pursuant

300690

576-03352-21

201 to s. 206.41(1)(f) shall be transferred to the Agricultural
202 Emergency Eradication Trust Fund.

203 (2) The remaining proceeds of the tax levied pursuant to s.
204 206.41(1)(f) and all of the proceeds from the tax imposed by s.
205 206.87(1)(d) shall be transferred into the State Transportation
206 Trust Fund, and may be used only for projects in the adopted
207 work program in the district in which the tax proceeds are
208 collected and, to the maximum extent feasible, such moneys shall
209 be programmed for use in the county where collected. However, no
210 revenue from the taxes imposed pursuant to ss. 206.41(1)(f) and
211 206.87(1)(d) in a county shall be expended unless the projects
212 funded with such revenues have been included in the work program
213 adopted pursuant to s. 339.135.

214 Section 5. Subsection (6) of section 212.0501, Florida
215 Statutes, is amended to read:

216 212.0501 Tax on diesel fuel for business purposes;
217 purchase, storage, and use.—

218 (6) All taxes required to be paid on fuel used in self-
219 propelled off-road equipment shall be deposited in the Fuel Tax
220 Collection Trust Fund, to be distributed, ~~after deduction of the~~
221 ~~general revenue service charge pursuant to s. 215.20,~~ to the
222 State Transportation Trust Fund. The department shall, each
223 month, make a transfer, from general revenue collections, equal
224 to such use tax reported on dealers' sales and use tax returns.

225 Section 6. Paragraph (f) of subsection (7) of section
226 316.545, Florida Statutes, is amended to read:

227 316.545 Weight and load unlawful; special fuel and motor
228 fuel tax enforcement; inspection; penalty; review.—

229 (7) There is created within the Department of

300690

576-03352-21

230 Transportation the Commercial Motor Vehicle Review Board,
231 consisting of three permanent members who shall be the Secretary
232 of Transportation, the executive director of the Department of
233 Highway Safety and Motor Vehicles, and the Commissioner of
234 Agriculture, or their authorized representatives, and four
235 additional members appointed pursuant to paragraph (b), which
236 may review any penalty imposed upon any vehicle or person under
237 the provisions of this chapter relating to weights imposed on
238 the highways by the axles and wheels of motor vehicles, to
239 special fuel and motor fuel tax compliance, or to violations of
240 safety regulations.

241 (f) The review board may hold sessions and conduct
242 proceedings at any place within the state. As an alternative to
243 physical appearance, ~~and in addition to any other method of~~
244 ~~appearance authorized by rule,~~ the Department of Transportation
245 shall allow provide space and video conference capability at
246 ~~each district office to enable~~ a person requesting a hearing to
247 appear remotely before the board via communications media
248 technology as authorized by chapter 28-109, Florida
249 Administrative Code, regardless of the physical location of the
250 board proceeding.

251 Section 7. Subsection (5) of section 319.32, Florida
252 Statutes, is amended to read:

253 319.32 Fees; service charges; disposition.-

254 (5) (a) Forty-seven dollars of each fee collected, except
255 for fees charged on a certificate of title for a motor vehicle
256 for hire registered under s. 320.08(6), for each applicable
257 original certificate of title and each applicable duplicate copy
258 of a certificate of title, ~~after deducting the service charges~~

300690

576-03352-21

259 ~~imposed by s. 215.20,~~ shall be deposited into the State
260 Transportation Trust Fund. Deposits to the State Transportation
261 Trust Fund pursuant to this paragraph may not exceed \$200
262 million in any fiscal year, and any collections in excess of
263 that amount during the fiscal year shall be paid into the
264 General Revenue Fund.

265 (b) All fees collected pursuant to subsection (3) shall be
266 paid into the Nongame Wildlife Trust Fund. Twenty-one dollars of
267 each fee, except for fees charged on a certificate of title for
268 a motor vehicle for hire registered under s. 320.08(6), for each
269 applicable original certificate of title and each applicable
270 duplicate copy of a certificate of title, ~~after deducting the~~
271 ~~service charges imposed by s. 215.20,~~ shall be deposited into
272 the State Transportation Trust Fund. All other fees collected by
273 the department under this chapter shall be paid into the General
274 Revenue Fund.

275 Section 8. Section 333.15, Florida Statutes, is created to
276 read:

277 333.15 Rulemaking authority.-The department shall adopt
278 rules pursuant to ss. 120.536(1) and 120.54 to implement this
279 chapter.

280 Section 9. Subsections (1), (3), and (4) of section
281 335.199, Florida Statutes, are amended to read:

282 335.199 Transportation projects modifying access to
283 adjacent property.-

284 (1) Whenever the Department of Transportation proposes any
285 project on the State Highway System which will divide a state
286 highway, erect median barriers modifying currently available
287 vehicle turning movements, or have the effect of closing or

300690

576-03352-21

288 modifying an existing access to an abutting property owner, the
289 department shall notify all affected property owners,
290 municipalities, and counties at least 180 days before the design
291 phase of the project is completed ~~finalized~~. The department's
292 notice shall provide a written explanation regarding the need
293 for the project and indicate that all affected parties will be
294 given an opportunity to provide comments to the department
295 regarding potential impacts of the change.

296 (3) The department shall hold at least one public meeting
297 before completing the design phase of the project ~~hearing~~ in the
298 jurisdiction where the project is located and receive public
299 input to determine how the project will affect access to
300 businesses and the potential economic impact of the project on
301 the local business community.

302 (4) The department must review all comments from the public
303 meeting ~~hearing~~ and take the comments and any alternatives
304 presented by a local government under subsection (2) into
305 consideration in the final design of the highway project.

306 Section 10. Paragraph (c) of subsection (4) and paragraph
307 (g) of subsection (7) of section 339.135, Florida Statutes, are
308 amended to read:

309 339.135 Work program; legislative budget request;
310 definitions; preparation, adoption, execution, and amendment.—

311 (4) FUNDING AND DEVELOPING A TENTATIVE WORK PROGRAM.—

312 (c)1. For purposes of this section, the board of county
313 commissioners shall serve as the metropolitan planning
314 organization in those counties which are not located in a
315 metropolitan planning organization and shall be involved in the
316 development of the district work program to the same extent as a

300690

576-03352-21

317 metropolitan planning organization.

318 2. The district work program shall be developed
319 cooperatively from the outset with the various metropolitan
320 planning organizations of the state and include, to the maximum
321 extent feasible, the project priorities of metropolitan planning
322 organizations which have been submitted to the district by
323 August 1 ~~October 1~~ of each year pursuant to s. 339.175(8)(b);
324 however, the department and a metropolitan planning organization
325 may, in writing, cooperatively agree to vary this submittal
326 date. To assist the metropolitan planning organizations in
327 developing their lists of project priorities, the district shall
328 disclose to each metropolitan planning organization any
329 anticipated changes in the allocation or programming of state
330 and federal funds which may affect the inclusion of metropolitan
331 planning organization project priorities in the district work
332 program.

333 3. ~~Before~~ Prior to submittal of the district work program
334 to the central office, the district shall provide the affected
335 metropolitan planning organization with written justification
336 for any project proposed to be rescheduled or deleted from the
337 district work program which project is part of the metropolitan
338 planning organization's transportation improvement program and
339 is contained in the last 4 years of the previous adopted work
340 program. By no later than 14 days after submittal of the
341 district work program to the central office, the affected
342 metropolitan planning organization may file an objection to such
343 rescheduling or deletion. When an objection is filed with the
344 secretary, the rescheduling or deletion may not be included in
345 the district work program unless the inclusion of such

300690

576-03352-21

346 rescheduling or deletion is specifically approved by the
347 secretary. The Florida Transportation Commission shall include
348 such objections in its evaluation of the tentative work program
349 only when the secretary has approved the rescheduling or
350 deletion.

351 (7) AMENDMENT OF THE ADOPTED WORK PROGRAM.—

352 (g)1. Any work program amendment which also requires the
353 transfer of fixed capital outlay appropriations between
354 categories within the department or the increase of an
355 appropriation category is subject to the approval of the
356 Legislative Budget Commission.

357 2. If the department submits an amendment to a meeting of
358 the Legislative Budget Commission and the commission does not
359 meet or consider the amendment ~~cannot be held~~ within 30 days
360 after its submittal the department submits an amendment to the
361 ~~Legislative Budget Commission~~, the chair and vice chair of the
362 Legislative Budget Commission may authorize such amendment to be
363 approved pursuant to s. 216.177. ~~This subparagraph expires July~~
364 ~~1, 2021.~~

365 Section 11. Paragraph (b) of subsection (8) of section
366 339.175, Florida Statutes, is amended to read:

367 339.175 Metropolitan planning organization.—

368 (8) TRANSPORTATION IMPROVEMENT PROGRAM.—Each M.P.O. shall,
369 in cooperation with the state and affected public transportation
370 operators, develop a transportation improvement program for the
371 area within the jurisdiction of the M.P.O. In the development of
372 the transportation improvement program, each M.P.O. must provide
373 the public, affected public agencies, representatives of
374 transportation agency employees, freight shippers, providers of

300690

576-03352-21

375 freight transportation services, private providers of
376 transportation, representatives of users of public transit, and
377 other interested parties with a reasonable opportunity to
378 comment on the proposed transportation improvement program.

379 (b) Each M.P.O. annually shall prepare a list of project
380 priorities and shall submit the list to the appropriate district
381 of the department by August 1 ~~October 1~~ of each year; however,
382 the department and a metropolitan planning organization may, in
383 writing, agree to vary this submittal date. Where more than one
384 M.P.O. exists in an urbanized area, the M.P.O.'s shall
385 coordinate in the development of regionally significant project
386 priorities. The list of project priorities must be formally
387 reviewed by the technical and citizens' advisory committees, and
388 approved by the M.P.O., before it is transmitted to the
389 district. The approved list of project priorities must be used
390 by the district in developing the district work program and must
391 be used by the M.P.O. in developing its transportation
392 improvement program. The annual list of project priorities must
393 be based upon project selection criteria that, at a minimum,
394 consider the following:

- 395 1. The approved M.P.O. long-range transportation plan;
- 396 2. The Strategic Intermodal System Plan developed under s.
397 339.64.
- 398 3. The priorities developed pursuant to s. 339.2819(4).
- 399 4. The results of the transportation management systems;
- 400 and
- 401 5. The M.P.O.'s public-involvement procedures.
- 402 Section 12. This act shall take effect July 1, 2021.

The Florida Senate
BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL: CS/SB 1126

INTRODUCER: Appropriations Committee (Recommended by Appropriations Subcommittee on Transportation, Tourism, and Economic Development); and Senator Harrell

SUBJECT: Department of Transportation

DATE: April 18, 2021

REVISED: _____

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1126 represents the Florida Department of Transportation's (FDOT) legislative proposals for the 2021 Legislative Session. The bill contains a number of FDOT-related revisions to current law including:

- Adds road and bridge maintenance or construction vehicles to the list of vehicles subject to the Move Over Law.
- Increases from \$275 to \$300 million the authorized dollar amount representing an alternative debt service cap on Right-of-Way Acquisition and Bridge Construction Bonds issued to finance or refinance the cost of acquiring real property for state roads or the cost of bridge construction.
- Removes the expiration date for the Legislative Budget Commission (LBC) chair and vice chair's authority to approve amendments to the FDOT's work program that transfer fixed capital outlay appropriations between categories or increase an appropriation category.
- Clarifies that the Department of Revenue is the entity responsible for transferring a portion of documentary stamp tax revenues distributed to the State Treasury and credited to the State Transportation Trust Fund (STTF) from the State Treasury to the General Revenue Fund.
- Revises from October 1 to August 1 the date for metropolitan planning organization (MPO) annual submissions of project priorities to the FDOT districts for purposes of developing the FDOT's tentative work program and MPO transportation improvement programs.
- Removes provisions requiring the FDOT to provide space and video conference capability at each FDOT district office for persons requesting a hearing before the Commercial Motor

Vehicle Review Board, instead requiring the FDOT to allow such persons to appear remotely before the board via communications media technology already authorized by Administration Commission rule.

- Grants the FDOT rulemaking authority for the purpose of implementing statutory provisions relating to airport zoning.
- Revises provisions relating to a notice and hearing the FDOT is required to provide when a transportation project on the State Highway System modifies an existing access to an abutting property owner to provide clarity and improve readability.
- Removes obsolete references to a previously expired general service revenue service charge from specified collected revenue deposited into the STTF.

The bill repeals the Multi-use Corridors of Regional Economic Significance (M-CORES) program and related provisions and instead creates programs related to arterial highway projects. More specifically, the bill:

- Authorizes the FDOT to upgrade existing arterial roadways with targeted improvements, such as adding new tolled or non-tolled limited access alignments to manage congestion points and retrofitting roadways with tolled or non-tolled grade separations that provide alternatives to a signalized intersection for through traffic.
- Directs the FDOT to develop by December 31, 2035, and include in the work program construction of controlled access facilities to achieve free flow of traffic on U.S. 19 and requires the facility to be developed using existing or portions of existing roadway by specified improvements.
- Directs the FDOT to identify and include in the work program projects to widen certain two-lane arterial rural roads serving high volumes of truck traffic to four lanes.
- Directs the FDOT to begin the project development and environmental phase for a project to extend the Florida Turnpike from its current terminus in Wildwood to a terminus as determined by the FDOT, and to submit a summary report by December 31, 2022.

The revenue redirected to the STTF as a result of the 2019 M-CORES legislation is retained in the STTF and is dedicated for purposes of funding the authorized controlled access facility projects and widening projects on arterial rural highways. Additionally, beginning July 1, 2023, the distribution of \$35 million to the FTE for feeder roads and related projects is discontinued; such funds will remain in the STTF to support statewide transportation priorities.

The bill is expected to have a minimal fiscal impact to the STTF, as it does not change the amount of revenue distributed to the STTF, but it does revise the authorized uses of such funding. The extent of any potential fiscal impact to the FDOT resulting from the increased alternative debt service cap on Right-of-Way Acquisition and Bridge Construction Trust Fund bonds is unknown. The remaining revisions are primarily administrative and housekeeping in nature and are expected to present no immediate fiscal impact to state or local revenues.

The bill takes effect July 1, 2021, except as otherwise expressly provided.

II. Present Situation:

For ease of organization and readability, the present situation is discussed below in conjunction with the effect of proposed changes.

III. Effect of Proposed Changes:

M-CORES Program (Section 13)

Present Situation

Section 338.2278, F.S., establishes the M-CORES Program within the FDOT. If projects in the corridors are determined to be economically and environmentally feasible and are consistent to the maximum extent feasible with the appropriate approved local government comprehensive plans, the projects will be included in the FDOT's tentative work program. Funding for M-CORES projects through turnpike revenue bonds, right-of-way and bridge construction bonds, the FDOT Financing Corporation, the use of public-private partnerships, or by any combination thereof is authorized. The FDOT is also authorized to accept donations of land for use as transportation rights-of-way or to secure or use transportation rights-of-way for such projects.

The 2019 legislation redirected motor vehicle license tax revenues from the General Revenue Fund taxes to the STTF, with transfers from STTF to the General Revenue Fund in Fiscal Years 2019-2020 and 2020-21.¹ Beginning Fiscal Year 2021-2022 and thereafter, the General Revenue Fund receives no further transfers, and the estimated \$132 million is retained in the STTF.

The redirected motor vehicle license tax proceeds are directed to the M-CORES program; as additional funding for the SCRAP, the SCOP, and the Transportation Disadvantaged Trust Fund (TDTF);² and to the FDOT's workforce development program, as revised by the law. These funds are in addition to any other statutory funding allocations provided by law.

For the 2019-2020 fiscal year and annually thereafter, from the amounts retained in the STTF, the SCRAP, the SCOP, and the TDTF receive \$10 million annually each and the workforce development program receives \$2.5 million annually ending in the 2021-2022 fiscal year.

The funds allocated to the TDTF must be used to award competitive grants to community transportation coordinators and transportation network companies to provide cost-effective, door-to-door, on-demand, and scheduled transportation services (services that increase access to job training, employment, health care, and other life-sustaining services; that enhance regional connectivity and cross-county mobility; or that reduce difficulty in connecting to transportation hubs and from hubs to final destinations).

Effect of Proposed Changes

Section 13 of the bill repeals s. 338.2278, F.S., related to the M-CORES program and the motor vehicle license tax proceeds directed to other programs. Beginning in Fiscal Year 2021-2022, the annual allocation to the M-CORES program, the additional annual allocations over current

¹ The transfer in Fiscal Year 2019-2020 was \$65.7 million and the transfer for Fiscal Year 2020-2021 is estimated to be \$38.6 million.

² The Transportation Disadvantaged Program established in Part I of ch. 427, F.S., coordinates a network of local and state programs providing transportation services for elderly, disabled, and low-income citizens. The Commission for the Transportation Disadvantaged (CTD) is authorized to use moneys in the TDTF to subsidize a portion of a transportation disadvantaged person's non-sponsored (for example, not paid for by Medicaid) transportation costs.

statutory funding for the SCRAP, the SCOP, and the TDTF, as well as the last year of funding for workforce development are repealed.

As discussed below, however, the increased revenues derived from redirecting to the STTF portions of motor vehicle license taxes remain in the STTF under the bill.

Conforming Revisions (Sections 1, 11, 14, 15, and 19)

Effect of Proposed Changes

Section 11 amends s. 334.044(35), F.S., to remove the M-CORES-related revisions enacted in 2019 with respect to workforce development, including authorization for the FDOT to enter into contracts with consultants and non-profit entities for the provisions of workforce recruitment, training curriculum, and support services, and a requirement for a report the FDOT has already completed. Current funding for the program would expire on July 1, 2021, instead of continuing through the end of the 2021-2022 fiscal year. The FDOT's authorization for the workforce development program is not repealed. The FDOT may continue administration of the program to the extent that future funding resources are available.

Section 1 repeals s. 163.3168(4), F.S., to remove an M-CORES-related provision relating to local applications for technical assistance from the Department of Economic Opportunity (DEO). This provision currently requires the DEO to give preference to a county with a population of 200,000 or less, and to a municipality located within such a county, for assistance in determining whether the area in and around a proposed M-CORES interchange contains appropriate land uses and natural resource protections and for aid in developing or amending a local government's comprehensive plan to provide for such uses, protections, and intended benefits under the M-CORES program.

Section 14 repeals an M-CORES-related provision contained in s. 338.236, F.S., relating to staging areas to be activated during a declared state of emergency on the turnpike system. That section currently requires the FDOT to give priority consideration to placement of such staging areas in counties with a population of 200,000 or less and in which an M-CORES corridor is located.

Section 15 amends s. 339.0801(2), F.S., to remove an M-CORES-related allocation and restore that subsection as it existed prior to enactment of the M-CORES program. This subsection currently provides \$35 million in annual funding to the FTE to be used in accordance with turnpike requirements and to the maximum extent feasible for feeder roads, structures, interchanges, and appurtenances to create or facilitate access to the existing turnpike system, and beginning in Fiscal Year 2022-2023 the funds must be used for similar access to M-CORES corridors.³

This statute is also amended under Section 16 of the bill at a future date.

Section 19 repeals s. 339.1373, F.S., relating to M-CORES specific financing and planning requirements of the FDOT.

³ The \$35 million is from increased revenues to the STTF due to changes enacted in 2012.

Arterial Highway Projects (Sections 16, 17, 21, 22, 23, and 25)

Present Situation

The FDOT routinely manages and improves arterial roads to increase capacity and facilitate traffic throughput, while at the same time achieving the paramount goal of improving safety. The FDOT and the FTE are experienced in retrofitting transportation facilities with grade separations and adding new alignments for the same purposes.

An example of upgrades to existing arterial highways to maximize operational efficiency and safety is implementation of controlled access facilities. The FDOT's Access Control Classification System and Access Management Standards for roads on the State Highway System employs seven classes of controlled access facilities, beginning with Class 1 (limited access facilities providing for high speed and high volume traffic movements serving interstate, interregional, and intercity highways but which do not provide direct property connections).

According to the FDOT rule,

Access Classes 2 through 7 consist of controlled access facilities and are arranged from the most restrictive (Access Class 2) to the least restrictive (Access Class 7) class based on development. Generally the roadways serving areas without existing extensive development are classified in the upper portion of the range (Access Class 2, 3 and 4). Those roadways serving areas with existing moderate to extensive development are generally classified in the lower portion of the range (Access Class 5, 6 and 7). The access management standards for each access class are further determined by the posted speed limit.⁴

The rule appears to provide the FDOT the flexibility, based on engineering decisions, to employ the most appropriate type of upgrade to an existing arterial highway given its characteristics and the particular goal of a given project, such as congestion management.

Effect of Proposed Changes

Section 21 creates s. 339.66, F.S., relating to upgrading arterial highways with controlled access facilities. The bill sets forth Legislative findings that provision and maintenance of safe, reliable, and predictably free-flowing facilities to support the movement of people and freight and to enhance hurricane evacuation efficiency is important; and that planning now for population growth and technology changes while prudently making timely improvements to address demand is in the best interest of the state.

The bill directs the FDOT, in coordination with the FTE, to evaluate existing or portions of existing roadways for development of specific controlled access facilities and include such projects as identified in the work program. The FDOT is authorized to upgrade roadways with

⁴ Rule 14-97.003, F.A.C. The rule implements the FDOT's statutory duties with respect to regulation of access to the State Highway System, access permitting, and access management standards in ss. 335.182, 335.184, and 335.188, F.S.

targeted improvements, such as adding new tolled or non-tolled limited access alignments to manage congestion points and retrofitting existing roadway with tolled or non-tolled grade separations that provide alternatives to a signalized intersection for through traffic. Such improvements must enhance the economic prosperity and preserve the character of impacted communities.

The FDOT may *not* reduce any non-tolled general use lanes of an existing facility and *must*:

- Maintain existing access points to the roadway provided by designated streets, graded roads, or driveways, avoiding community impact.
- After construction is completed, provide property owners of land with no existing access the right to one access point and provide owners with more than one mile of roadway frontage along the facility with one access point for each mile owned.
- Locate any tolling points so that a non-tolled alternative exists for local traffic.

Under the bill, any portions of a controlled access facility to be tolled are approved turnpike projects that are part of the turnpike system, and a controlled-access portion of a roadway constructed under the new section of law is considered a SIS facility. All existing applicable requirements relating to FDOT or turnpike projects, including environmental review, also apply to any projects undertaken to upgrade the arterial roadways with controlled access facilities. Further, the FDOT and FTE must take into consideration the guidance and recommendations of any previous studies or reports relevant to the projects, including previous task force reports.⁵

The bill also requires the FDOT to consider innovative concepts to combine right-of-way acquisition with the acquisition of lands or easements to facilitate environmental mitigation or ecosystem, wildlife habitat, or water quality protection or restoration. Further, to the greatest extent practical, the FDOT must design roadway alignments, project alignment, and any interchange locations so that project rights-of-way are not located within conservation lands acquired under the Florida Preservation 2000 Act⁶ and the Florida Forever Act.⁷

Lastly, the bill authorizes project funding through turnpike revenue bonds, right-of-way and bridge construction bonds, the FDOT Financing Corporation, the use of public-private partnerships, or by any combination thereof, as applicable. However, project construction is not eligible for funding until completion of 30 percent of the design phase, except for projects that are under construction or for which project alignment has been determined. The FDOT is also authorized to accept donations of land for use as transportation rights-of-way or to secure or use transportation rights-of-way for such projects.

To the extent legally available, any toll revenues from the turnpike system not required for payment of principal, interest, reserves, and other required deposits for bonds; costs of operations and maintenance; other contractual obligations; or system improvement project costs must be used to repay to the STTF advances made from that fund. In accordance with existing authority, the Division of Bond finance is authorized to issue right-of-way and bridge construction bonds,

⁵ The bill also applies this requirement to ss. 339.67 and 339.68, F.S., created by the bill related to relating to U.S. 19 controlled access facilities and relating to U.S. 19 controlled access facilities, respectively.

⁶ Section 259.101, F.S.

⁷ Section 259.105, F.S.

turnpike revenue bonds, and FDOT financing corporation bonds to finance controlled access facilities as provided in the State Bond Act.

Section 22 creates s. 339.67, F.S., relating to U.S. 19 controlled access facilities. The bill directs the FDOT to develop and include in the work program construction of controlled access facilities necessary to achieve free flow of traffic on U.S. 19, beginning at the terminus of the Suncoast Parkway 2 Phase 3 north predominantly along U.S. 19 to a logical terminus on I-10 in Madison County. The bill deems the project as a SIS facility, which must be developed using existing or portions of existing roadway to ensure the free flow of traffic by improvements. The FDOT must develop the project no later than December 31, 2035.

Section 23 creates s. 339.68, F.S., relating to arterial rural highway projects. The bill directs the FDOT to identify and include in the work program projects to increase capacity by widening existing two-lane arterial rural roads to four lanes. To be included in a program project, the road must be classified as an arterial rural road and truck traffic using the road must amount to at least 15 percent of all such traffic, as determined by the FDOT. The bill directs the FDOT to fund at least \$20 million annually for such projects.

Section 25 directs the FDOT to begin the PD&E phase of the extension of the Florida Turnpike from its northerly terminus in Wildwood to a logical and appropriate terminus determined by the FDOT. FDOT is required to submit a status report to the Governor, the President of the Senate, and the Speaker of the House of Representatives summarizing the result of the PD&E phase, including consideration of project configuration, alignment, cost, and schedule, by December 31, 2022. The bill does not authorize construction of the extension.

Section 16, effective July 1, 2023, amends s. 339.0801, F.S., to repeal the annual transfer from the STTF to the Turnpike Enterprise of the \$35 million for feeder roads, etc. In effect, the annual \$35 million will remain in the STTF to be used annually for existing or planned strategic transportation projects, as required under current law.

Section 17 creates s. 339.0803, F.S., to allocate the increased motor vehicle license tax revenues to the STTF from the 2019 M-CORES law. The funds must be used to fund arterial highway projects identified by the FDOT under s. 339.65, F.S., relating to the SIS, and may be used for controlled access facility projects specified in ss. 339.66 and 339.67, F.S., created by the bill. The FDOT must prioritize use of existing facilities when upgrading arterial highways to limited or controlled access facilities, but the FDOT is not precluded from use of such funding for projects that enhance the capacity of an arterial highway. These funds are in addition to any other statutorily required funding allocations.

Move Over Law (Section 7)

Present Situation

Under Florida's Move Over Law, if an emergency vehicle, a sanitation vehicle, a utility service vehicle, or a wrecker is working along the side of the road, every other driver must vacate the lane closest to the vehicle when driving on a highway with two or more lanes traveling in the direction of the vehicle. If such movement cannot be safely accomplished, the driver must reduce his or her speed to a speed that is 20 miles per hour (MPH) less than the posted speed limit when

the posted speed limit is 25 MPH or greater; or travel at 5 MPH when the posted speed limit is 20 MPH miles per hour or less when driving on a two-lane road.⁸ The purpose of the Move Over Law is to protect workers stopped along the road performing their jobs.

A violation of the Move Over Law is a noncriminal traffic infraction, punishable as a moving violation.⁹ The statutory base fine for a moving violation is \$60, but with additional fees assessed by the state and local governments, the total fine increases to \$158.¹⁰

Effect of Proposed Changes

Section 7 of the bill amends s. 316.126, F.S., to add road and bridge maintenance or construction vehicles displaying warning lights and operating on the roadside without advance signs and channelizing devices (such as traffic cones or barricades) to the list of vehicles subject to the Move Over Law. This will require drivers to move over to a different lane or decrease their speed when road and bridge maintenance or construction vehicles are displaying warning lights on the roadside.

Section 24 of the bill reenacts s. 318.18, F.S., to incorporate these changes.

Debt Service Cap on Right-of-Way Acquisition and Bridge Construction Bonds (Section 3)

Present Situation

Section 215.605, F.S., authorizes the issuance of state bonds to finance or refinance the cost of acquiring real property for state roads or to finance or refinance the cost of state bridge construction. Except for bonds issued to refinance previously issued bonds, the Legislature must authorize bonds, which must be issued pursuant to the State Bond Act.¹¹ The proceeds from the sale of issued bonds must be deposited into the Right-of-Way Acquisition and Bridge Construction Trust Fund.¹²

Section 206.46, F.S., authorizes the FDOT to transfer up to 7 percent of the revenues deposited into the STTF in each fiscal year into the Right-of-Way Acquisition and Bridge Construction Trust Fund to meet outstanding or proposed bond obligations; or, at a minimum, an amount sufficient to pay for the debt service coverage of outstanding bonds.¹³ The annual transfer amount, however, may not exceed that which is necessary to provide the required debt service coverage levels for a maximum debt service of \$275 million. Thus, debt service may not exceed 7 percent of the revenues deposited into the STTF or \$275 million, whichever is less.

The FDOT noted in 2020 that no adjustment has been made to the \$275 million cap since 2007. The FDOT provided information that based on the FDOT's most recent bond sale and Revenue

⁸ Section 316.126(1)(b), F.S.

⁹ Section 316.126(6), F.S.

¹⁰ Florida Court Clerks and Comptrollers Association, *2020 Distribution of Court Related Filing Fees, Service Charges, and Fines – Final, Corrected*, p. 39 available at https://cdn.ymaws.com/www.flclerks.com/resource/resmgr/advisories/advisories_2021/21bull005_Attach_2_2020_Dist.pdf (last visited April 14, 2021).

¹¹ Sections 215.57-215.83, F.S.

¹² Section 215.605(4), F.S.

¹³ The transfer is required to be payable primarily from the motor and diesel fuel taxes transferred to the STTF.

Estimating Conference projections [at that time], the limit on debt service based on the 7-percent-of-revenue threshold would have been \$287 million in Fiscal Year 2019-2020 (based on revenues of \$4.1 billion), growing to \$350 million in Fiscal Year 2028-2029 (based on revenues of \$5 billion). Additionally, the FDOT advised that under the current statutory limit, the \$275 million cap leaves the FDOT with only about \$100 million of available bonding capacity.¹⁴

Effect of Proposed Changes

Section 3 of the bill amends s. 206.46, F.S., to increase the authorized dollar amount representing an alternative debt service cap on Right-of-Way Acquisition and Bridge Construction Bonds. Thus, under the bill, debt service could not exceed 7 percent of the revenues deposited into the STTF or \$350 million, whichever is less.

Work Program Amendments (Section 18)

Present Situation

Current law authorizes the FDOT to amend its adopted work program and provides procedures for such amendments.¹⁵ However, any work program amendment that transfers fixed capital outlay appropriations between categories or increases an appropriation category is subject to approval by the LBC.

Prior to 2016, if a meeting of the LBC could not be held within 30 days after the FDOT submitted an amendment, the chair and vice chair of the LBC could approve the amendment.¹⁶ In 2016, the Legislature repealed the authorization for LBC chair and vice chair approval if the LBC could not meet.¹⁷ In 2019, this authorization was reinstated with an expiration date of July 1, 2020.¹⁸ In 2020, the authorization was reinstated with an expiration date of July 1, 2021.¹⁹

Effect of Proposed Changes

Section 18 of the bill amends s. 339.135(7)(g), F.S., to remove the expiration of authorization for LBC chair and vice chair approval of the identified amendments to the FDOT's adopted work program, thereby making the provision permanent.

Documentary Stamp Tax/General Revenue Fund Transfer (Section 2)

Present Situation

Chapter 201, F.S., levies an excise tax (documentary stamp tax) on documents such as deeds, stocks and bonds, notes and written obligations to pay money, mortgages, liens, and other evidences of indebtedness. The Florida Department of Revenue (DOR) administers the provisions of that chapter,²⁰ including provisions governing the collection of documentary stamp

¹⁴ See the FDOT's 2020 Legislative Proposal, *Change the Right-of-Way Acquisition and Bridge Construction Bonds Debt Service Cap* (on file in the Senate Transportation Committee).

¹⁵ Section 339.135(7), F.S.

¹⁶ Section 339.135(7)(g), F.S. (2015).

¹⁷ Chapter 2016-181, s. 16, Laws of Fla.

¹⁸ Chapter 2019-116, s. 11, Laws of Fla.

¹⁹ Chapter 2020-144, s. 93, Laws of Fla.

²⁰ Section 201.11, F.S.

taxes, which are distributed each fiscal year to the General Revenue Fund and various other trust funds.

After certain required distributions to the Land Acquisition Trust Fund,²¹ approximately 24 percent of the remainder of the taxes collected or \$541.75 million, whichever is less, is paid into the State Treasury to the credit of the STTF, \$75 million of which must be transferred to the General Revenue Fund. The remaining amount credited to the STTF must be used to fund certain transportation-related programs.²² Although current law specifies the DOR as the administering agency of that chapter, the DOR is not expressly identified as the entity responsible for making the \$75 million transfer each fiscal year.

Effect of Proposed Changes

Section 2 of the bill amends s. 201.15(4)(a), F.S., to expressly require the DOR to make the \$75 million transfer each fiscal year from funds credited to the STTF in the State Treasury to the General Revenue Fund.

Metropolitan Planning Organizations Project Priority Submissions to the FDOT (Sections 18 and 20)

Present Situation

The FDOT's adopted work program is the 5-year work program adopted by the FDOT pursuant to s. 339.135, F.S. In developing the adopted work program, each of the FDOT districts submits an annual district work program, which is the 5-year listing of transportation projects planned for each fiscal year, to the FDOT's central office for review and development of the tentative work program. The tentative work program is the 5-year listing of all transportation projects planned for each fiscal year which is developed by the FDOT's central office based on the district work programs.²³ Each year, a new fifth year is added for purposes of developing the tentative and adopted work programs.

With respect to development of the tentative work program, as outlined in s. 339.135(4), F.S., the district work program is developed cooperatively with the various metropolitan planning organizations (MPOs) around the state and must include, to the maximum extent feasible, the project priorities submitted by the MPOs to the FDOT's districts by October 1 of each year. The FDOT and an MPO may agree in writing to vary the submission date.²⁴

The FDOT advises that during a "normal" work program development cycle, submission of MPO project priorities by October 1 allows sufficient time for development of the tentative work program cycle. However, because the Legislature meets beginning in January in even-numbered years,²⁵ the tentative work program cycle is "compressed" by two months, creating a need for

²¹ Section 201.15(1) and (2), F.S.

²² Section 201.15(4)(a), F.S. The programs include the New Starts Transit Program, the Small County Outreach Program, the Strategic Intermodal System, and the Transportation Regional Incentive Program.

²³ Section 339.135(1), F.S.

²⁴ Section 339.135(4)(c)2., F.S.

²⁵ FLA. CONST. art. III, s. 3(b).

earlier submission of project information. The FDOT notes that no failure to submit a priority list has occurred, but earlier submission has been provided as a courtesy, rather than a mandate.²⁶

The MPOs are also required, in cooperation with the state and affected public transportation operators, to develop a transportation improvement program for the area within the jurisdiction of the MPO. Similar to work program development, each MPO is required to submit to the appropriate FDOT district a list of project priorities by October 1 of each year. Again, the FDOT and an MPO may agree in writing to vary the submission date. The MPO-approved lists must be used by the FDOT districts in developing the district work programs.²⁷

Effect of Proposed Changes

Sections 18 and 20 of the bill, respectively, amend ss. 339.135(4)(c) and 339.175(8)(b), F.S., to revise from October 1 to August 1 the deadline for MPOs to submit their project priority lists for purposes of developing the FDOT's tentative work program and for purposes of development of MPO transportation improvement programs.

Commercial Motor Vehicle Review Board/Remote Appearance (Section 8)

Present Situation

The Commercial Motor Vehicle Review Board (the Board), established within the FDOT, is composed of three permanent members (the FDOT secretary as chair, the executive director of the Department of Highway Safety and Motor Vehicles, and the Commissioner of Agriculture, or their designees); three members appointed by the Governor (one each from the road construction industry and the trucking industry, and one with a general business or legal background); and one member appointed by the Commissioner of Agriculture from the agriculture industry.²⁸

The Board is authorized to review any penalty imposed upon any vehicle or person under the provisions of ch. 316, F.S., relating to weights imposed on the highways by the axles and wheels of motor vehicles, to special fuel and motor fuel tax compliance, or to violations of safety regulations, and the Board may modify, cancel, revoke, or sustain any such penalty.²⁹ The Board is authorized to hold sessions and conduct proceedings at any place. According to the FDOT's website, the Board meets physically in Tallahassee.³⁰

Any person against whom a penalty is imposed may apply to the Board for a modification, cancellation, or revocation of the penalty. A written explanation provided within a letter protesting a penalty is acceptable in lieu of physical attendance by a person requesting a hearing before the Board, but attendance "will provide the petitioner the opportunity to respond to Review Board inquiries into subjects that the petitioner may have overlooked when drafting his

²⁶ See the FDOT's 2020 Legislative Proposal, *Advance MPO Deadline to Submit Project Priorities* (on file in the Senate Transportation Committee).

²⁷ Section 339.175(8), F.S.

²⁸ Section 316.545(7)(a) and (b), F.S. See the FDOT, Traffic Engineering and Operations Office, *Commercial Motor Vehicle Review Board*, for more details on the Board, as well as its 2021 meeting schedule, available at <https://www.fdot.gov/traffic/reviewboard.shtm> (retrieved March 12, 2021).

²⁹ Section 316.545(4)(c), F.S.

³⁰ Section 316.545(7), F.S.

letter of protest.”³¹ Appearance by telephone is not available, but pursuant to the provisions of s. 316.545(7)(f), F.S., the FDOT is required to provide space and video conference capability at each of its seven district offices to enable a person requesting a hearing to appear remotely before the board, provided the requester notifies the Board at least 14 calendar days before the hearing date.³²

By rule of the Administration Commission, agencies are currently authorized to conduct proceedings using communications media technology; *i.e.*, the electronic transmission of printed matter, audio, full-motion video, freeze frame video, compressed video, and digital video by any method available.³³

The current requirement for providing space and video conference capability at each of the seven FDOT district offices does not take advantage of the various forms of communications media technology authorized for use in conducting agency proceedings.

Effect of Proposed Changes

Section 8 of the bill amends s. 316.545(7), F.S., to remove the requirement that remote appearance before the Board by a person requesting a hearing must take place at one of the FDOT district offices by means of video conference capability and replace it with authorization for use of communications media technology by any means.

When using communications media technology the FDOT would be required to provide a notice to the requester specifying the address or addresses of all access points, specifically designating those which are in locations normally open to the public; the address of each access point where an interested person may go to attend the proceedings; an address, email address, and telephone number where an interested person may write or call for additional information; and an address, email address, and designated person to whom a person may submit written or other physical evidence which he or she intends to offer into evidence during the proceedings.³⁴

This revision would allow the FDOT to more efficiently conduct proceedings before the Board and reduce the burden on a person requesting a hearing to travel to one of the FDOT district offices to be heard. The FDOT advises any person requesting to appear before the Board at one of the FDOT district offices will continue to be accommodated.³⁵

Airport Zoning/FDOT Rulemaking (Section 10)

Present Situation

The Legislature in 2016 enacted a substantial re-write of ch. 333, F.S., which contains airport zoning provisions relating to the management of airspace and land use at or near airports.³⁶ Generally, the 2016 re-write:

³¹ FDOT, Traffic Engineering and Operations Office, *Commercial Motor Vehicle Review Board*.

³² *Id.*

³³ Fla. Admin. Code R. 28-109.

³⁴ *Id.*

³⁵ Telephone conversation between Senate Transportation Committee staff and FDOT staff, February 1, 2021.

³⁶ Chapter 2016-239, Laws of Fla.

- Updated statutory definitions and terms in accordance with federal regulations.
- Streamlined the local airport protection zoning process to a simpler permitting model.
- Provided local governments the flexibility to structure and incorporate the airport protection zoning review process into existing local zoning review processes and repealed duplicative requirements for obtaining a variance.

The FDOT has a long-standing rule that pre-dates the 2016 substantial re-write: Florida Administrative Code Rule Chapter 14-60, “*Airport Licensing, Registration, and Airspace Protection*,” the purpose of which is “to promote safe civil aviation by eliminating hazards; to provide airfield standards for airports; to provide standards for airport marking and lighting; to license and register airports, pursuant to the licensing and registration requirements of Chapter 330, F.S., and to promote flight safety by providing for airspace protection, pursuant to the requirements of Chapter 333, F.S.”³⁷ The provisions of the rule appear to be critical to promotion of safe civil aviation. However, in the midst of the 2016 re-write, authority for the long-standing rule was apparently inadvertently overlooked.

Effect of Proposed Changes

Section 10 of the bill creates s. 333.15, F.S., to provide the FDOT with express authority to adopt rules to implement the provisions of ch. 333, F.S., thereby providing specific authorization for Florida Administrative Code Rule Chapter 14-60.

Transportation Projects/Modifying Access/Abutting Property Owners (Section 12)

Present Situation

Under current law, when the FDOT proposes a project on the State Highway System that will divide a state highway, erect median barriers modifying currently available vehicle turning movements, or have the effect of closing or modifying an existing access to an abutting property owner, the FDOT is required to notify all affected property owners, municipalities, and counties at least 180 days before the design of the project is finalized. The notice must include a written explanation regarding the need for the project and an indication that all affected parties will be given an opportunity to provide comments to the FDOT regarding potential impacts of the change. The FDOT must hold at least one public hearing in the jurisdiction where the project is located to receive public input to determine how the project will affect access to businesses and the potential economic impact of the project on the local business community. The FDOT must review all comments from the public hearing and take the comments and any alternatives presented by a local government during the hearing into consideration in the final design of the highway project.³⁸

Effect of Proposed Changes

Section 12 of the bill amends s. 335.199, F.S., to make editorial revisions and improve readability. The bill clarifies that the FDOT must provide the required notice at least 180 days before the design phase of the project is completed, rather than finalized. The bill also revises all occurrences of the word “hearing” to “meeting,” to remove any sort of legal connotation, as the

³⁷ Fla. Admin. Code R. 14-60.003(1) (2004).

³⁸ Section 335.199, F.S.

required events are not in the nature of any sort of judicial proceeding but are more closely akin to informational “meetings.”

The bill clarifies that the FDOT must hold at least one public meeting *prior to completing* the design phase of the project, so that the FDOT reviews all comments from the public meeting and takes the comments and any alternatives presented by a local government during the meeting into consideration in the *final* design of the project.

Obsolete References to the General Revenue Service Charge (Sections 4, 5, 6, and 9)

Present Situation

Section 215.20(1), F.S., appropriates from revenue deposited into most state trust funds³⁹ an 8 percent service charge, which represents the estimated pro rata share of the cost of general government. All such appropriations are deposited into the General Revenue Fund.

Section 215.211(1), F.S., however, eliminated the service charge beginning July 1, 2000, for taxes distributed under:

- Section 206.606(1), F.S., relating to the distribution of motor and diesel fuel taxes;
- Section 212.0501(6), F.S., relating to taxes on diesel fuel used in self-propelled off-road equipment for business purposes; and
- Section 319.32(5), F.S., relating to the disposition of fees from certificate of title transactions.

Additionally, s. 215.211(2), F.S., eliminated the service charge beginning July 1, 2001, on taxes distributed under s. 206.608, F.S., relating to the State Comprehensive Enhanced Transportation System Tax.

Although the service charge on the specified taxes has been eliminated, references to the service charge remain in statute for the described taxes or fees.

Effect of Proposed Changes

Sections 4, 5, 6, and 9, respectively, remove the obsolete references to the general revenue service charge that remain in ss. 206.606(1), 206.608, 212.0501(6), and 319.32(5), F.S.

Effective Date (Section 26)

Except as otherwise provided, the bill takes effect July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

³⁹ Section 215.22, F.S., sets out a list of items and trust funds that are exempt from the service charge, including trust funds administered by the Department of Transportation.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:**A. Tax/Fee Issues:**

None.

B. Private Sector Impact:

Individuals requesting a hearing before the Commercial Motor Vehicle Review Board who are authorized to appear remotely via communications media technology may experience reduced expenses associated with travel to an FDOT district office to appear.

C. Government Sector Impact:

Currently, the amount transferred by the FDOT into the Right-of-Way Acquisition and Bridge Construction Trust Fund may not exceed 7 percent of the revenues deposited into the STTF, or \$275 million, whichever is less. The bill provides that the amount transferred may not exceed 7 percent of the revenues deposited into the STTF or \$350 million, whichever is less. This revision may provide the FDOT with additional bonding capacity. However, the resulting impact of any additional bonding capacity is unknown.

The M-CORES portions of the bill do not change the amount of revenue distributed to the STTF. The bill repeals the funding for the M-CORES program, the workforce development program, and the additional funds dedicated to the SCRAP, the SCOP, and the TDTF. Instead, these revenues will be used for arterial roads in the SIS.

The bill repeals the future change in use of \$35 million of funds transferred to the FTE to conform to the repeal of the M-CORES law, and on July 1, 2023, the bill repeals the transfer of those funds to the FTE. Instead, the funds will be retained in the STTF. Any impact to FTE programming is reduced by the delayed effective date of the elimination of the transfer.

The impact to the 5-year Work Program is expected to be minimal. The funds remain in the STTF for use by the FDOT on arterial roads in the SIS. The bill does require the FDOT to incorporate into the work program projects related to upgrade of existing facilities with controlled access roads and expansion of certain two-lane arterial rural roadways.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 163.3168, 201.15, 206.46, 206.606, 206.608, 212.0501, 316.545, 319.32, 334.044, 335.199, 339.135, 338,236, 339.0801, and 339.175.

This bill creates the following sections of the Florida Statutes: 333.15, 339.0803, 339.66, 339.67, and 339.68.

The bill creates an undesignated section of Florida law.

This bill repeals the following sections of the Florida Statutes: 338.2278 and 339.1373.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Appropriations on April 15, 2021:

The committee substitute:

- Clarifies that when FDOT submits a work program amendment to the Legislative Budget Commission, but the commission does not consider the amendment within 30 days after submittal, the chair and vice chair of the commission may approve the amendment.
- Adds road and bridge maintenance or construction vehicles to the list of vehicles subject to the Move Over Law.
- Repeals statutes and provisions related to the Multi-use Corridors of Regional Economic Significance program and redirects the funding to the Strategic Intermodal System. Additionally, beginning July 1, 2023, the committee substitute discontinues a distribution from the STTF to the FTE for feeder roads.
- Authorizes the FDOT to upgrade existing arterial roadways with targeted improvements.

- Directs the FDOT to develop by December 31, 2035, and include in the work program construction of controlled access facilities to achieve free flow of traffic on U.S. 19.
- Directs the FDOT to identify and include in the work program projects to widen certain two lane arterial rural roads serving high volumes of truck traffic to four lanes.
- Directs the FDOT to begin the project development and environmental phase for a project to extend the Florida Turnpike from its current terminus in Wildwood to a terminus as determined by the FDOT.

B. Amendments:

None.

By Senator Harrell

25-01671A-21

20211126__

1 A bill to be entitled
 2 An act relating to the Department of Transportation;

 10 Transportation Trust Fund to the Right-of-Way
 11 Acquisition and Bridge Construction Trust Fund;
 12 amending ss. 206.606, 206.608, and 212.0501, F.S.;
 13 removing a requirement for the deduction of certain
 14 service charges before the distribution of certain
 15 moneys; amending s. 316.545, F.S.; deleting a
 16 requirement that the department provide space and
 17 video conference capability at each of the
 18 department's district offices as an alternative to
 19 physical appearance by a person requesting a hearing
 20 before the Commercial Motor Vehicle Review Board
 21 within the department; requiring the department to
 22 allow a person requesting a hearing to appear remotely
 23 via communications media technology authorized by a
 24 specified rule; amending s. 319.32, F.S.; removing a
 25 requirement for the deduction of certain service
 26 charges before depositing fees for a certificate of
 27 title into the State Transportation Trust Fund;
 28 creating s. 333.15, F.S.; requiring the department to
 29 adopt rules to implement ch. 333, relating to airport

Page 1 of 14

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

25-01671A-21

20211126__

30 zoning; amending s. 335.199, F.S.; requiring the
 31 department, when proposing any project on the State
 32 Highway System which will close or modify an existing
 33 access to an abutting property owner, to provide
 34 notice to affected property owners, municipalities,
 35 and counties at least 180 days before the design phase
 36 of the project is completed; requiring the department
 37 to hold at least one public meeting before completing
 38 the design phase of the project; making a technical
 39 change; amending s. 339.135, F.S.; revising the date
 40 by which a metropolitan planning organization must
 41 annually submit project priorities to the appropriate
 42 department district for purposes of developing
 43 department district work programs; removing the
 44 expiration of provisions relating to approval of
 45 department work program amendments when a meeting of
 46 the Legislative Budget Commission cannot be held
 47 within a specified timeframe; amending s. 339.175,
 48 F.S.; revising the date by which a metropolitan
 49 planning organization must annually submit a list of
 50 project priorities to the appropriate department
 51 district for purposes of developing department
 52 district work programs and developing metropolitan
 53 planning organization transportation improvement
 54 programs; providing an effective date.

56 Be It Enacted by the Legislature of the State of Florida:

58 Section 1. Paragraph (a) of subsection (4) of section

Page 2 of 14

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

25-01671A-21

20211126__

59 201.15, Florida Statutes, is amended to read:

60 201.15 Distribution of taxes collected.—All taxes collected
61 under this chapter are hereby pledged and shall be first made
62 available to make payments when due on bonds issued pursuant to
63 s. 215.618 or s. 215.619, or any other bonds authorized to be
64 issued on a parity basis with such bonds. Such pledge and
65 availability for the payment of these bonds shall have priority
66 over any requirement for the payment of service charges or costs
67 of collection and enforcement under this section. All taxes
68 collected under this chapter, except taxes distributed to the
69 Land Acquisition Trust Fund pursuant to subsections (1) and (2),
70 are subject to the service charge imposed in s. 215.20(1).
71 Before distribution pursuant to this section, the Department of
72 Revenue shall deduct amounts necessary to pay the costs of the
73 collection and enforcement of the tax levied by this chapter.
74 The costs and service charge may not be levied against any
75 portion of taxes pledged to debt service on bonds to the extent
76 that the costs and service charge are required to pay any
77 amounts relating to the bonds. All of the costs of the
78 collection and enforcement of the tax levied by this chapter and
79 the service charge shall be available and transferred to the
80 extent necessary to pay debt service and any other amounts
81 payable with respect to bonds authorized before January 1, 2017,
82 secured by revenues distributed pursuant to this section. All
83 taxes remaining after deduction of costs shall be distributed as
84 follows:

85 (4) After the required distributions to the Land
86 Acquisition Trust Fund pursuant to subsections (1) and (2) and
87 deduction of the service charge imposed pursuant to s.

Page 3 of 14

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

25-01671A-21

20211126__

88 215.20(1), the remainder shall be distributed as follows:

89 (a) The lesser of 24.18442 percent of the remainder or
90 \$541.75 million in each fiscal year shall be paid into the State
91 Treasury to the credit of the State Transportation Trust Fund.
92 Of such funds, \$75 million for each fiscal year shall be
93 transferred by the Department of Revenue to the General Revenue
94 Fund. Notwithstanding any other law, the remaining amount
95 credited to the State Transportation Trust Fund shall be used
96 for:

- 97 1. Capital funding for the New Starts Transit Program,
98 authorized by Title 49, U.S.C. s. 5309 and specified in s.
99 341.051, in the amount of 10 percent of the funds;
 - 100 2. The Small County Outreach Program specified in s.
101 339.2818, in the amount of 10 percent of the funds;
 - 102 3. The Strategic Intermodal System specified in ss. 339.61,
103 339.62, 339.63, and 339.64, in the amount of 75 percent of the
104 funds after deduction of the payments required pursuant to
105 subparagraphs 1. and 2.; and
 - 106 4. The Transportation Regional Incentive Program specified
107 in s. 339.2819, in the amount of 25 percent of the funds after
108 deduction of the payments required pursuant to subparagraphs 1.
109 and 2. The first \$60 million of the funds allocated pursuant to
110 this subparagraph shall be allocated annually to the Florida
111 Rail Enterprise for the purposes established in s. 341.303(5).
- 112 Section 2. Subsection (2) of section 206.46, Florida
113 Statutes, is amended to read:
114 206.46 State Transportation Trust Fund.—
115 (2) Notwithstanding any other ~~provisions of~~ law, from the
116 revenues deposited into the State Transportation Trust Fund a

25-01671A-21

20211126__

117 maximum of 7 percent in each fiscal year shall be transferred
 118 into the Right-of-Way Acquisition and Bridge Construction Trust
 119 Fund created in s. 215.605, as needed to meet the requirements
 120 of the documents authorizing the bonds issued or proposed to be
 121 issued under ss. 215.605 and 337.276 or at a minimum amount
 122 sufficient to pay for the debt service coverage requirements of
 123 outstanding bonds. Notwithstanding the 7 percent annual transfer
 124 authorized in this subsection, the annual amount transferred
 125 under this subsection ~~may shall~~ not exceed an amount necessary
 126 to provide the required debt service coverage levels for a
 127 maximum debt service not to exceed \$350 ~~\$275~~ million. Such
 128 transfer shall be payable primarily from the motor and diesel
 129 fuel taxes transferred to the State Transportation Trust Fund
 130 from the Fuel Tax Collection Trust Fund.

131 Section 3. Subsection (1) of section 206.606, Florida
 132 Statutes, is amended to read:

133 206.606 Distribution of certain proceeds.—

134 (1) Moneys collected pursuant to ss. 206.41(1)(g) and
 135 206.87(1)(e) shall be deposited in the Fuel Tax Collection Trust
 136 Fund. Such moneys, after deducting ~~the service charges imposed~~
 137 ~~by s. 215.20~~, the refunds granted pursuant to s. 206.41, and the
 138 administrative costs incurred by the department in collecting,
 139 administering, enforcing, and distributing the tax, which
 140 administrative costs may not exceed 2 percent of collections,
 141 shall be distributed monthly to the State Transportation Trust
 142 Fund, except that:

143 (a) \$6.30 million shall be transferred to the Fish and
 144 Wildlife Conservation Commission in each fiscal year and
 145 deposited in the Invasive Plant Control Trust Fund to be used

Page 5 of 14

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

25-01671A-21

20211126__

146 for aquatic plant management, including nonchemical control of
 147 aquatic weeds, research into nonchemical controls, and
 148 enforcement activities. The commission shall allocate at least
 149 \$1 million of such funds to the eradication of melaleuca.

150 (b) Annually, \$2.5 million shall be transferred to the
 151 State Game Trust Fund in the Fish and Wildlife Conservation
 152 Commission and used for recreational boating activities and
 153 freshwater fisheries management and research. The transfers must
 154 be made in equal monthly amounts beginning on July 1 of each
 155 fiscal year. The commission shall annually determine where unmet
 156 needs exist for boating-related activities, and may fund such
 157 activities in counties where, due to the number of vessel
 158 registrations, sufficient financial resources are unavailable.

159 1. A minimum of \$1.25 million shall be used to fund local
 160 projects to provide recreational channel marking and other
 161 uniform waterway markers, public boat ramps, lifts, and hoists,
 162 marine railways, and other public launching facilities, derelict
 163 vessel removal, and other local boating-related activities. In
 164 funding the projects, the commission shall give priority
 165 consideration to:

166 a. Unmet needs in counties having populations of 100,000 or
 167 less ~~fewer~~.

168 b. Unmet needs in coastal counties having a high level of
 169 boating-related activities from individuals residing in other
 170 counties.

171 2. The remaining \$1.25 million may be used for recreational
 172 boating activities and freshwater fisheries management and
 173 research.

174 3. The commission may adopt rules to administer a Florida

Page 6 of 14

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

25-01671A-21 20211126__

175 Boating Improvement Program.

176

177 The commission shall prepare and make available on its Internet
178 website an annual report outlining the status of its Florida
179 Boating Improvement Program, including the projects funded, and
180 a list of counties whose needs are unmet due to insufficient
181 financial resources from vessel registration fees.

182 (c) 0.65 percent of moneys collected pursuant to s.
183 206.41(1)(g) shall be transferred to the Agricultural Emergency
184 Eradication Trust Fund.

185 (d) \$13.4 million in fiscal year 2007-2008 and each fiscal
186 year thereafter of the moneys attributable to the sale of motor
187 and diesel fuel at marinas shall be transferred from the Fuel
188 Tax Collection Trust Fund to the Marine Resources Conservation
189 Trust Fund in the Fish and Wildlife Conservation Commission.

190 Section 4. Section 206.608, Florida Statutes, is amended to
191 read:

192 206.608 State Comprehensive Enhanced Transportation System
193 Tax; deposit of proceeds; distribution.—Moneys received pursuant
194 to ss. 206.41(1)(f) and 206.87(1)(d) shall be deposited in the
195 Fuel Tax Collection Trust Fund, and, after deducting ~~the service~~
196 ~~charge imposed in chapter 215 and~~ administrative costs incurred
197 by the department in collecting, administering, enforcing, and
198 distributing the tax, which administrative costs may not exceed
199 2 percent of collections, shall be distributed as follows:

200 (1) 0.65 percent of the proceeds of the tax levied pursuant
201 to s. 206.41(1)(f) shall be transferred to the Agricultural
202 Emergency Eradication Trust Fund.

203 (2) The remaining proceeds of the tax levied pursuant to s.

25-01671A-21 20211126__

204 206.41(1)(f) and all of the proceeds from the tax imposed by s.
205 206.87(1)(d) shall be transferred into the State Transportation
206 Trust Fund, and may be used only for projects in the adopted
207 work program in the district in which the tax proceeds are
208 collected and, to the maximum extent feasible, such moneys shall
209 be programmed for use in the county where collected. However, no
210 revenue from the taxes imposed pursuant to ss. 206.41(1)(f) and
211 206.87(1)(d) in a county shall be expended unless the projects
212 funded with such revenues have been included in the work program
213 adopted pursuant to s. 339.135.

214 Section 5. Subsection (6) of section 212.0501, Florida
215 Statutes, is amended to read:

216 212.0501 Tax on diesel fuel for business purposes;
217 purchase, storage, and use.—

218 (6) All taxes required to be paid on fuel used in self-
219 propelled off-road equipment shall be deposited in the Fuel Tax
220 Collection Trust Fund, to be distributed, ~~after deduction of the~~
221 ~~general revenue service charge pursuant to s. 215.20,~~ to the
222 State Transportation Trust Fund. The department shall, each
223 month, make a transfer, from general revenue collections, equal
224 to such use tax reported on dealers' sales and use tax returns.

225 Section 6. Paragraph (f) of subsection (7) of section
226 316.545, Florida Statutes, is amended to read:

227 316.545 Weight and load unlawful; special fuel and motor
228 fuel tax enforcement; inspection; penalty; review.—

229 (7) There is created within the Department of
230 Transportation the Commercial Motor Vehicle Review Board,
231 consisting of three permanent members who shall be the Secretary
232 of Transportation, the executive director of the Department of

25-01671A-21 20211126__

233 Highway Safety and Motor Vehicles, and the Commissioner of
 234 Agriculture, or their authorized representatives, and four
 235 additional members appointed pursuant to paragraph (b), which
 236 may review any penalty imposed upon any vehicle or person under
 237 the provisions of this chapter relating to weights imposed on
 238 the highways by the axles and wheels of motor vehicles, to
 239 special fuel and motor fuel tax compliance, or to violations of
 240 safety regulations.

241 (f) The review board may hold sessions and conduct
 242 proceedings at any place within the state. As an alternative to
 243 physical appearance, ~~and in addition to any other method of~~
 244 ~~appearance authorized by rule,~~ the Department of Transportation
 245 shall ~~allow provide space and video conference capability at~~
 246 ~~each district office to enable~~ a person requesting a hearing to
 247 appear remotely before the board via communications media
 248 technology as authorized by chapter 28-109, Florida
 249 Administrative Code, regardless of the physical location of the
 250 board proceeding.

251 Section 7. Subsection (5) of section 319.32, Florida
 252 Statutes, is amended to read:

253 319.32 Fees; service charges; disposition.—

254 (5) (a) Forty-seven dollars of each fee collected, except
 255 for fees charged on a certificate of title for a motor vehicle
 256 for hire registered under s. 320.08(6), for each applicable
 257 original certificate of title and each applicable duplicate copy
 258 of a certificate of title, ~~after deducting the service charges~~
 259 ~~imposed by s. 215.20,~~ shall be deposited into the State
 260 Transportation Trust Fund. Deposits to the State Transportation
 261 Trust Fund pursuant to this paragraph may not exceed \$200

25-01671A-21 20211126__

262 million in any fiscal year, and any collections in excess of
 263 that amount during the fiscal year shall be paid into the
 264 General Revenue Fund.

265 (b) All fees collected pursuant to subsection (3) shall be
 266 paid into the Nongame Wildlife Trust Fund. Twenty-one dollars of
 267 each fee, except for fees charged on a certificate of title for
 268 a motor vehicle for hire registered under s. 320.08(6), for each
 269 applicable original certificate of title and each applicable
 270 duplicate copy of a certificate of title, ~~after deducting the~~
 271 ~~service charges imposed by s. 215.20,~~ shall be deposited into
 272 the State Transportation Trust Fund. All other fees collected by
 273 the department under this chapter shall be paid into the General
 274 Revenue Fund.

275 Section 8. Section 333.15, Florida Statutes, is created to
 276 read:

277 333.15 Rulemaking authority.—The department shall adopt
 278 rules pursuant to ss. 120.536(1) and 120.54 to implement this
 279 chapter.

280 Section 9. Subsections (1), (3), and (4) of section
 281 335.199, Florida Statutes, are amended to read:

282 335.199 Transportation projects modifying access to
 283 adjacent property.—

284 (1) Whenever the Department of Transportation proposes any
 285 project on the State Highway System which will divide a state
 286 highway, erect median barriers modifying currently available
 287 vehicle turning movements, or have the effect of closing or
 288 modifying an existing access to an abutting property owner, the
 289 department shall notify all affected property owners,
 290 municipalities, and counties at least 180 days before the design

25-01671A-21 20211126__

291 phase of the project is completed ~~finalized~~. The department's
 292 notice shall provide a written explanation regarding the need
 293 for the project and indicate that all affected parties will be
 294 given an opportunity to provide comments to the department
 295 regarding potential impacts of the change.

296 (3) The department shall hold at least one public meeting
 297 before completing the design phase of the project ~~hearing~~ in the
 298 jurisdiction where the project is located and receive public
 299 input to determine how the project will affect access to
 300 businesses and the potential economic impact of the project on
 301 the local business community.

302 (4) The department must review all comments from the public
 303 meeting hearing and take the comments and any alternatives
 304 presented by a local government under subsection (2) into
 305 consideration in the final design of the highway project.

306 Section 10. Paragraph (c) of subsection (4) and paragraph
 307 (g) of subsection (7) of section 339.135, Florida Statutes, are
 308 amended to read:

309 339.135 Work program; legislative budget request;
 310 definitions; preparation, adoption, execution, and amendment.—

311 (4) FUNDING AND DEVELOPING A TENTATIVE WORK PROGRAM.—

312 (c)1. For purposes of this section, the board of county
 313 commissioners shall serve as the metropolitan planning
 314 organization in those counties which are not located in a
 315 metropolitan planning organization and shall be involved in the
 316 development of the district work program to the same extent as a
 317 metropolitan planning organization.

318 2. The district work program shall be developed
 319 cooperatively from the outset with the various metropolitan

25-01671A-21 20211126__

320 planning organizations of the state and include, to the maximum
 321 extent feasible, the project priorities of metropolitan planning
 322 organizations which have been submitted to the district by
 323 August 1 ~~October 1~~ of each year pursuant to s. 339.175(8)(b);
 324 however, the department and a metropolitan planning organization
 325 may, in writing, cooperatively agree to vary this submittal
 326 date. To assist the metropolitan planning organizations in
 327 developing their lists of project priorities, the district shall
 328 disclose to each metropolitan planning organization any
 329 anticipated changes in the allocation or programming of state
 330 and federal funds which may affect the inclusion of metropolitan
 331 planning organization project priorities in the district work
 332 program.

333 3. Before ~~Prior to~~ submittal of the district work program
 334 to the central office, the district shall provide the affected
 335 metropolitan planning organization with written justification
 336 for any project proposed to be rescheduled or deleted from the
 337 district work program which project is part of the metropolitan
 338 planning organization's transportation improvement program and
 339 is contained in the last 4 years of the previous adopted work
 340 program. By no later than 14 days after submittal of the
 341 district work program to the central office, the affected
 342 metropolitan planning organization may file an objection to such
 343 rescheduling or deletion. When an objection is filed with the
 344 secretary, the rescheduling or deletion may not be included in
 345 the district work program unless the inclusion of such
 346 rescheduling or deletion is specifically approved by the
 347 secretary. The Florida Transportation Commission shall include
 348 such objections in its evaluation of the tentative work program

25-01671A-21 20211126__

349 only when the secretary has approved the rescheduling or
350 deletion.

351 (7) AMENDMENT OF THE ADOPTED WORK PROGRAM.—

352 (g)1. Any work program amendment which also requires the
353 transfer of fixed capital outlay appropriations between
354 categories within the department or the increase of an
355 appropriation category is subject to the approval of the
356 Legislative Budget Commission.

357 2. If a meeting of the Legislative Budget Commission cannot
358 be held within 30 days after the department submits an amendment
359 to the Legislative Budget Commission, the chair and vice chair
360 of the Legislative Budget Commission may authorize such
361 amendment to be approved pursuant to s. 216.177. ~~This~~
362 ~~subparagraph expires July 1, 2021.~~

363 Section 11. Paragraph (b) of subsection (8) of section
364 339.175, Florida Statutes, is amended to read:

365 339.175 Metropolitan planning organization.—

366 (8) TRANSPORTATION IMPROVEMENT PROGRAM.—Each M.P.O. shall,
367 in cooperation with the state and affected public transportation
368 operators, develop a transportation improvement program for the
369 area within the jurisdiction of the M.P.O. In the development of
370 the transportation improvement program, each M.P.O. must provide
371 the public, affected public agencies, representatives of
372 transportation agency employees, freight shippers, providers of
373 freight transportation services, private providers of
374 transportation, representatives of users of public transit, and
375 other interested parties with a reasonable opportunity to
376 comment on the proposed transportation improvement program.

377 (b) Each M.P.O. annually shall prepare a list of project

25-01671A-21 20211126__

378 priorities and shall submit the list to the appropriate district
379 of the department by August 1 ~~October 1~~ of each year; however,
380 the department and a metropolitan planning organization may, in
381 writing, agree to vary this submittal date. Where more than one
382 M.P.O. exists in an urbanized area, the M.P.O.'s shall
383 coordinate in the development of regionally significant project
384 priorities. The list of project priorities must be formally
385 reviewed by the technical and citizens' advisory committees, and
386 approved by the M.P.O., before it is transmitted to the
387 district. The approved list of project priorities must be used
388 by the district in developing the district work program and must
389 be used by the M.P.O. in developing its transportation
390 improvement program. The annual list of project priorities must
391 be based upon project selection criteria that, at a minimum,
392 consider the following:

- 393 1. The approved M.P.O. long-range transportation plan;
- 394 2. The Strategic Intermodal System Plan developed under s.
395 339.64.
- 396 3. The priorities developed pursuant to s. 339.2819(4).
- 397 4. The results of the transportation management systems;
- 398 and
- 399 5. The M.P.O.'s public-involvement procedures.
- 400 Section 12. This act shall take effect July 1, 2021.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL: CS/CS/SB 1146

INTRODUCER: Appropriations Committee; Community Affairs Committee; and Senator Brodeur and others

SUBJECT: Florida Building Code

DATE: April 18, 2021

REVISED: _____

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	<u>Hackett</u>	<u>Ryon</u>	<u>CA</u>	<u>Fav/CS</u>
2.	<u>Davis</u>	<u>Sadberry</u>	<u>AP</u>	<u>Fav/CS</u>
3.	_____	_____	<u>RC</u>	_____

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1146 amends the Florida Building Codes Act adding several new provisions. Specifically, the bill:

- Allows a substantially affected person to petition the Florida Building Commission (commission) for a non-binding advisory opinion on whether a local government regulation is an improper amendment to the Florida Building Code (building code), and establishes a process for such.
- Allows the commission to issue an “errata to the code” to correct demonstrated errors in provisions contained within the building code.
- Requires the commission to adopt rules for approving product evaluation entities in addition to the ones already listed and approved in current law.
- Prohibits a local government from requiring a contract between a builder and an owner as a condition to apply for or obtain a building permit.
- Expressly authorizes local governments and school districts to use a private provider to provide building code inspection services for public works projects and improvements to any building or structure.
- Provides that a municipality, county, or special district may not use preliminary maps issued by the Federal Emergency Management Agency for any law, ordinance, rule, or other measure that has the effect of imposing land use changes.

The bill makes several changes to current law pertaining to private building inspectors, known as “private providers” by:

- Expressly authorizing private providers to conduct virtual building inspections.
- Allowing private provides to submit various inspection forms, records, and reports electronically to local building departments and utilize electronic signatures.
- Allowing private providers to conduct “single-trade inspections,” as defined in the bill.
- Creating a “qualified private provider” registration process and providing that a qualified private provider, as defined in the bill, does not need to include information other than the services to be performed in their written notice to the local building official that a private provider has been contracted to perform inspections.
- Authorizing a private provider to conduct emergency inspection services without first notifying the local building official.

The bill also allows the owner of an onsite sewage treatment and disposal system, or the owner’s contractor, to select a private provider to provide certain inspection services of such systems in lieu of the Department of Health.

Finally, the bill prohibits the Department of Health from requiring assisted living facilities to comply with rules relating to swimming pool lifeguards.

The bill may have an indeterminate negative fiscal impact. *See* Part V, Fiscal Impact Statement.

The bill takes effect July 1, 2021.

II. Present Situation:

The Florida Building Code and Florida Building Commission

In 1974, Florida adopted legislation requiring all local governments to adopt and enforce a minimum building code that would ensure that Florida’s minimum standards were met. Local governments could choose from four separate model codes. The state’s role was limited to adopting all or relevant parts of new editions of the four model codes. Local governments could amend and enforce their local codes, as they desired.¹

In 1992, Hurricane Andrew demonstrated that Florida’s system of local codes did not work. Hurricane Andrew easily destroyed those structures that were allegedly built according to the strongest code. The Governor eventually appointed a study commission to review the system of local codes and make recommendations for modernizing the system. The 1998 Legislature adopted the study commission’s recommendations for a single state building code and enhanced the oversight role of the state over local code enforcement. The 2000 Legislature authorized implementation of the Florida Building Code (building code), and that first edition replaced all

¹ Florida Building Commission Report to the 2006 Legislature, *Florida Department of Community Affairs*, p. 4, http://www.floridabuilding.org/fbc/publications/2006_Legislature_Rpt_rev2.pdf (last visited Feb. 15, 2021).

local codes on March 1, 2002.² The current edition of the building code is the seventh edition, which is referred to as the 2020 Building Code.³

Part IV of ch. 553, F.S., is known as the “Florida Building Codes Act” (act). The purpose and intent of the act is to provide a mechanism for the uniform adoption, updating, interpretation, and enforcement of a single, unified state building code. The building code must be applied, administered, and enforced uniformly and consistently from jurisdiction to jurisdiction.⁴

The main purpose of the building code is to regulate new construction or proposed modifications to existing structures in order to give the occupants the highest level of safety and the least amount of defects.⁵

The Florida Building Commission

The Florida Building Commission (commission) was statutorily created to implement the building code. The commission, which is housed within the Department of Business and Professional Regulation (DBPR), is a 19-member technical body made up of design professionals, contractors, and government experts in various disciplines covered by the building code.⁶

The commission reviews several International Codes published by the International Code Council, the National Electric Code (NEC), and other nationally adopted model codes to determine if the building code needs to be updated and adopts an updated building code every three years.⁷

The commission has 11 Technical Advisory Committees (TAC) ranging from the building structural TAC to the swimming pool TAC.⁸ TACs are made up of commission members and other parties who advise the commission on declaratory statements, proposed amendments, and any other areas of interest of the commission.⁹

Local Enforcement of the Florida Building Code

The Legislature has provided local governments with the power to inspect all buildings, structures, and facilities within their jurisdiction to protect the public’s health, safety, and welfare.¹⁰

⁷ *Id.*

⁸ DBPR, *Florida Building Code Online*, https://www.floridabuilding.org/c/c_commission.aspx (last visited Feb. 26, 2021).

⁹ Section 553.73(3), F.S.; Fla. Admin. Code R. 61G20-2.001.

¹⁰ Section 553.72, F.S.

Every local government must enforce the building code and issue building permits.¹¹ It is unlawful for a person, firm, or corporation to construct, erect, alter, repair, secure, or demolish any building without first obtaining a permit from the local government enforcing agency or from such persons that may, by resolution or regulation, be directed to issue such permit, upon the payment of reasonable fees as set forth in a schedule of fees adopted by the enforcing agency.¹²

A building permit is an official document or certificate issued by the local building official that authorizes performance of a specific activity.¹³ A building official is a local government employee or a person contracted by a local government who supervises building code activities, including plan review, enforcement, and inspection to ensure work complies with the building code.¹⁴

Amendments to the Building Code

The commission and local governments may adopt technical and administrative amendments to the building code. A technical amendment to the building code is an alteration to the prescriptive requirements or reference standards for construction. An administrative amendment is an addition or alteration of the code enforcement requirements of the building code.¹⁵ All amendments adopted by the commission require a 75 percent supermajority vote of approval.¹⁶

The commission may approve technical amendments to the building code once each year for statewide or regional application upon a finding that the amendment:¹⁷

- Is needed in order to accommodate the specific needs of the state;
- Has a reasonable and substantial connection with the health, safety, and welfare of the general public;
- Strengthens or improves the building code, or in the case of innovation or new technology, will provide equivalent or better products or methods or systems of construction;
- Does not discriminate against materials, products, methods, or systems of construction of demonstrated capabilities; and
- Does not degrade the effectiveness of the building code.

In order to adopt a technical amendment to the building code, the commission must meet the following requirements:¹⁸

- The proposed amendment has been published on the commission's website for a minimum of 45 days and all the associated documentation has been made available to any interested party before any consideration by a TAC;
- The proposed amendment includes a fiscal impact statement that documents the costs and benefits of the proposed amendment;

¹¹ Sections 125.01(1)(bb), 125.56(1), and 553.80(1), F.S.

¹² See Sections 125.56(4)(a) and 553.79(1), F.S.

¹³ Section 202 of the Building Code, Sixth Edition.

¹⁴ Section 468.603(2), F.S.

¹⁵ Section 553.73, F.S.; Fla. Admin. Code R. 61G20-2.002.

¹⁶ Fla. Admin. Code R. 61G20-2.002(13).

¹⁷ Section 553.73(9), F.S.

¹⁸ Section 553.73(3) and (9), F.S.

- In order for a TAC to make a favorable recommendation to the commission, the proposal must receive a three-fourths vote of the members present at the TAC meeting and at least half of the regular members must be present in order to conduct a meeting;
- After TAC consideration and a recommendation for approval of any proposed amendment, the proposal must be published on the commission's website for at least 45 days before any consideration by the commission; and
- A proposal may be modified by the commission based on public testimony and evidence from a public hearing held in accordance with ch. 120, F.S.

Adopted amendments to the foundation codes must be clearly marked in printed versions of the building code so the fact that the provisions are Florida-specific amendments to the foundation codes is readily apparent.¹⁹

However, for certain amendments the commission may adopt amendments at any time and only has to follow the rule adopting procedures in ch. 120, F.S. The commission may adopt amendments using the rule adoption procedure to address the following:²⁰

- Conflicts within the updated building code;
- Conflicts between the updated building code and the Florida Fire Prevention Code;
- Unintended results from the integration of previously adopted Florida-specific amendments with the model code;
- Equivalency of standards;
- Changes to or inconsistencies with federal or state law;
- Adoption of an updated edition of the NEC if the commission finds that delay of implementing the updated edition causes undue hardship to stakeholders or otherwise threatens the public health, safety, and welfare; or
- Enhancement of the construction requirements relating to wind resistance or the prevention of water intrusion.

Local Amendments to the Building Code

Local governments may adopt amendments to the building code that are more stringent than the building code that are limited to the local government's jurisdiction. Amendments by local governments expire upon the adoption of the newest edition of the building code, and, thus, the local government would need to go through the amendment process every three years in order to maintain a local amendment to the building code.²¹

Current law allows local governments to adopt technical amendments to the building code every six months if:²²

- The local government's governing body holds a public hearing to discuss the amendment, which has been advertised in a newspaper of general circulation at least 10 days before the meeting;

¹⁹ Section 553.73(7), F.S.

²⁰ Section 553.73(8), F.S.; Fla. Admin. Code R. 61G20-2.002(2).

²¹ Section 553.73(4), F.S.

²² *Id.*

- Following the hearing, the governing body determines that an amendment is needed to address a local need that is not addressed by the building code;
- The amendment is no more stringent than necessary to address the local need;
- The local amendment is not discriminatory against materials, products, or construction techniques of demonstrated capabilities;
- The local amendment does not introduce a new subject that is not addressed by the building code;
- The local amendment includes a fiscal impact statement, which documents the costs and benefits of the amendment including the impact to local government, property and building owners, industry, and the cost of compliance; and
- The local government sends the amendment to the commission.

A technical amendment adopted by a local government takes effect 30 days after the commission receives the amendment and publishes the amendment on its website.²³

The commission may review local amendments and issue nonbinding recommendations to local governments about whether the local government complied with the requirements to adopt an amendment. If the commission decides to review a local amendment, it must send the amendment to the applicable TAC for review.²⁴

The TAC must then make a recommendation to the commission about whether the local amendment complies with the requirements of current law. The commission must provide the nonbinding recommendation to the local government within 30 days of adopting the recommendation.²⁵

Each county and municipality that adopts technical amendments to the building code must establish a countywide compliance review board by interlocal agreement. The compliance review board reviews any amendment adopted by a local government in its county that is challenged by a substantially affected party in order to determine if the amendment has been adopted in accordance with the requirements of current law.²⁶

A local government or the substantially affected party may appeal the compliance review board's decision to the commission within 14 days of the board's decision. The commission must refer the appeal to the Division of Administrative Hearings for a hearing by an administrative law judge. The administrative law judge must hold a hearing within 30 days of being assigned the appeal, and must enter a recommended order within 30 days of the conclusion of the hearing.²⁷

The commission must enter a final order within 30 days after the administrative law judge issues a recommended order. In proceedings before a compliance review board or the commission, the

²⁵ *Id.*

²⁶ Section 553.73(4), F.S.

²⁷ *Id.*

local government has the burden to prove an amendment has been adopted in accordance with the requirements of current law.²⁸

Interpretations of the Building Code

The commission may issue declaratory statements regarding interpretations of the Florida Building Code, review local building officials' interpretation of the building code, and give binding interpretations of the building code.²⁹

A substantially affected person, state agency, or a local government may petition the commission in writing for a declaratory statement relating to interpretations of the building code, or the enforcement or administration of the building code by local governments. The commission must issue a declaratory statement or deny a petition within 90 days of receiving the petition. Declaratory statements are binding upon all jurisdictions and are subject to judicial review by a district court of appeal.³⁰

A substantially affected person may also petition the commission to review a local building official's interpretation of the building code. A substantially affected person includes an owner or builder subject to a decision of the local building official or an association of owners or builders having members who are subject to a decision of the local building official.³¹

A substantially affected person may petition the commission to review a local building official's interpretation of the building code if:³²

- The substantially affected person has appealed the building official's interpretation to the local board of appeals, if such board exists;
- The substantially affected person files a written petition to the commission on a form adopted by the commission which contains:
 - The name and address of the local government and the local building official;
 - The name, address, and phone number of the substantially affected person, and an explanation of how they are substantially affected by the building official's interpretation;
 - A statement of the provisions of the building code that are being interpreted, the building official's interpretation of those sections, and the substantially affected person's interpretation of those sections; and
 - The local building official's response.
- The substantially affected person has given the petition to the local building official and at least five days for the building official to respond.

Upon receiving a written petition to review a local building official's interpretation of the building code, the commission must provide copies to a panel, and publish the petition and the local building official's response on the commission's website and allow for comments to be posted by interested parties. The panel must have seven members made up of five building

²⁸ *Id.*

³¹ Section 553.775(3), F.S.

³² *Id.*

officials, an architect, and an engineer. The commission must coordinate with the Building Officials Association of Florida³³ to designate the panel.³⁴

The panel must conduct proceedings necessary to issue a determination, and consider the written petition, the local building official's response, and any comments posted on the commission's website. The panel must issue a determination within 21 days of the petition being filed with the commission. The determination is binding upon all parties and all jurisdictions in Florida.³⁵ The determination must be published on the commission's website and the Florida Administrative Register.³⁶

A party may appeal the panel's determination by filing an appeal with the commission within 30 days of the panel's determination. The commission must conduct a hearing in accordance with the Administrative Procedure Act. The burden of proof in the hearing is on the party appealing the panel's determination. The commission's ruling is subject to judicial review by a district court of appeal.³⁷

Virtual Building Inspections

As a result of COVID-19, many building departments in Florida began performing virtual inspections in order to prevent a shut down and to protect building department staff, contractors, and property owners. Virtual inspections allow a building official or inspector to perform an inspection without having to be physically present at the jobsite. They also allow building departments to continue operating during the COVID-19 pandemic, which allows contractors to keep working.³⁸

Virtual inspections can range from roofing inspections, windows and doors inspections, to A/C change outs depending on the jurisdiction. Virtual inspections can be more efficient than in-person inspections by reducing jobsite travel time, allowing contractors to immediately request an inspection once they finish work, and allowing the contractor to remain on the jobsite.³⁹

³³ The Building Officials Association of Florida is the largest community of building officials, building inspectors, plans examiners, and building code compliance professionals in the state. Its goal is to ensure the health, safety, and welfare of the public through safe building practices by equipping building professions through education, advocacy, leadership, and code development. Building Officials Association of Florida, *About BOAF*, <https://boaf.net/page/About> (last visited Jan. 8, 2020).

³⁹ Miami Beach, Modified Procedures for Building Code Inspections During COVID-19 Emergency Period, <https://www.miamibeachfl.gov/wp-content/uploads/2020/05/Virtual-inspections-procedures-2.pdf> (last visited Apr. 5, 2021); Boca Raton, Virtual Inspections, <https://myboca.us/1846/Virtual-Inspections> (last visited Apr. 5, 2021).

Current law does not specifically prohibit building departments from performing virtual inspections, but it also does not specifically allow building departments to perform virtual inspections.

Product Evaluation and Approval

Current law requires the commission to develop and implement an approval of products for statewide use. The commission has created a product approval system for products and systems that makeup the building envelope and structural frame of a building.⁴⁰ The commission approves the products in several categories for statewide use.⁴¹

To obtain state approval, a manufacturer must demonstrate that a product complies with the applicable standards and provisions of the building code by submitting one of the following reports:

- A certification mark or listing of an approved certification agency;
- A test report from an approved testing laboratory;
- A product evaluation report developed, signed, and sealed by a Florida licensed engineer or architect; or
- A product evaluation report from one of the following evaluation entities:
 - The National Evaluation Service;
 - The International Association of Plumbing and Mechanical Officials Evaluation Service;
 - The International Code Council Evaluation Services;
 - Underwriters Laboratories, LLC;
 - The International Conference of Building Officials;
 - SBCCI Public Safety Testing and Evaluation Services, Inc.;
 - Intertek Testing Services NA, Inc.; or
 - The Miami-Dade County Building Code Compliance Office Product Control Division.⁴²

Currently, the commission has authority to approve an entity as an approved testing laboratory or a certification agency if it meets the commission's rules.⁴³ However, the commission does not have authority to approve an entity as an evaluation entity. In order to be approved as an evaluation entity, the entity must be added to the list of approved evaluation entities in current law by the Legislature.

Required Information in Building Permit Application

To obtain a permit, an applicant must complete an application for the proposed work on a form furnished by the government entity. The form must include the following information:⁴⁴

- The name and address of the owner of the property;
- The name and address of the contractor;

⁴⁰ Section 553.842(1), F.S.; Fla. Admin. Code R. 61G20-3.001.

⁴¹ Fla. Admin. Code R. 61G20-3.001. The categories considered by this rule are panel walls, exterior doors, roofing products, skylights, windows, shutters, structural components, and impact protective systems.

⁴² Section 553.842, F.S.; DBPR, Product Evaluation Entity List, https://www.floridabuilding.org/pr/pr_org_lst.aspx (last visited Mar. 29, 2021).

⁴³ Fla. Admin. Code R. 61G20-3.008.

⁴⁴ Section 713.135(5) and (6), F.S.

- A description sufficient to identify the property to be improved, including the property's address and legal description;
- The name and address of the bonding company, if any;
- The name and address of the architect/engineer, if any;
- The name and address of the mortgage company, if any; and
- The number or identifying symbol assigned to the building permit by the issuing authority.

In addition to the information that must be in the application, a government entity may require any additional information be included in the application.⁴⁵

Private Providers

Any construction work that requires a building permit also requires plans and inspections by a local building official to ensure the work complies with the building code. The building code requires certain building, electrical, plumbing, mechanical, and gas inspections. In addition to required inspections, a local building official may require other inspections of any work to ensure it complies with the building code.⁴⁶

In 2002, the Legislature created s. 553.791, F.S., allowing contractors and property owners to hire licensed building code administrators, engineers, and architects, referred to as private providers, to review building plans, perform building inspections, and prepare certificates of completion.

Private providers are able to approve building plans and perform building code inspections as long as the plans approval and inspections are within the scope of the provider's license. Licensed building inspectors and plans examiners may perform inspections for additions and alterations that are limited to 1,000 square feet or less in residential buildings.

A building official is entitled to audit a private provider to ensure the private provider has reviewed the building plans and is performing the required inspections. A building official may not audit a private provider more than four times in a month unless the building official determines the condition of a building constitutes an immediate threat to public safety and welfare. A building official may also issue a stop work order at any time if he or she determines any condition of the construction poses an immediate threat to public safety and welfare.⁴⁷

Onsite Sewage Treatment and Disposal Systems

Onsite sewage treatment and disposal systems (OSTDSs), commonly referred to as "septic systems," generally consist of two basic parts: the septic tank and the drainfield.⁴⁸ Waste from toilets, sinks, washing machines, and showers flows through a pipe into the septic tank, where

⁴⁵ *Id.*

⁴⁶ Sections 107, 110.1, and 110.3 of the Building Code, Sixth Edition.

⁴⁷ Sections 553.791(1), (13), and (18), F.S.

⁴⁸ Department of Health (DOH), *Septic System Information and Care*, <http://columbia.floridahealth.gov/programs-and-services/environmental-health/onsite-sewage-disposal/septic-information-and-care.html> (last visited Mar. 31, 2021); Environmental Protection Agency (EPA), *Types of Septic Systems*, <https://www.epa.gov/septic/types-septic-systems> (last visited Mar. 31, 2021).

anaerobic bacteria breakdown the solids into a liquid form. The liquid portion of the wastewater flows into the drainfield, which is generally a series of perforated pipes or panels surrounded by lightweight materials such as gravel or Styrofoam. The drainfield provides a secondary treatment where aerobic bacteria continue deactivating the germs. The drainfield also provides filtration of the wastewater, as gravity draws the water down through the soil layers.⁴⁹

There are an estimated 2.6 million OSTDSs in Florida, providing wastewater disposal for 30 percent of the state's population.⁵⁰ In Florida, development in some areas is dependent on OSTDSs due to the cost and time it takes to install central sewer systems.⁵¹ For example, in rural areas and low-density developments, central sewer systems are not cost-effective.

Permitting and official inspection of OSTDSs is administered by the Environmental Health Section of the Department of Health (DOH) in each county.⁵² The section permits, regulates, and inspects the construction of new systems, repairs and modifications to existing systems, existing system approvals, and abandonments of systems.⁵³ Much like other construction projects, installation, repair, alteration, modification, abandonment, and replacement of OSTDSs requires a permit.⁵⁴ Before an OSTDS is covered with earth, put into service, or repaired, the county DOH must inspect the system for compliance with statutory requirements and the DOH rules.⁵⁵ Chapter 2020-150, L.O.F., provides effective July 1, 2021, the regulation of OSTDSs relating to the Onsite Sewage Program in the DOH is transferred by a type two transfer to the Department of Environmental Protection (DEP).

Assisted Living Facilities

An assisted living facility is a residential establishment, or part of a residential establishment, that provides housing, meals, and one or more personal services for a period exceeding 24 hours to one or more adults who are not relatives of the owner or administrator.⁵⁶ A personal service is direct physical assistance with, or supervision of, the activities of daily living and the self-administration of medication.⁵⁷ Activities of daily living include ambulation, bathing, dressing, eating, grooming, toileting, and other similar tasks.⁵⁸

Assisted living facilities are licensed and regulated by the Agency for Health Care Administration (AHCA) under part I of ch. 429, F.S., and part II of ch. 408, F.S., Florida Administrative Code Rule 59A-36. In addition to a standard license, an assisted living facility

⁵⁵ Fla. Admin. Code R. 64E-6.003.

⁵⁶ Section 429.02(5), F.S. An assisted living facility does not include an adult family-care home or a non-transient public lodging establishment.

⁵⁷ Section 429.02(16), F.S.

⁵⁸ Section 429.02(1), F.S.

may have one or more specialty licenses that allow the assisted living facility to provide additional care. These specialty licenses include limited nursing services,⁵⁹ limited mental health services, and extended congregate care services.⁶⁰

Current law requires rules governing assisted living facilities to promote a safe and sanitary environment that is residential and non-institutional in design or nature.⁶¹ Current law also requires that rules set requirements for and maintenance of facilities relating to plumbing, heating, cooling, lighting, ventilation, living space, and other housing conditions that are not in conflict with ch. 553, F.S., governing building construction standards. Current law also requires the AHCA to develop key quality-of-care standards for assisted living facilities with input from the State Long-Term Care Ombudsman Council and representatives of provider groups for incorporation into its rules.⁶² Rules must also address moratoriums, classification of deficiencies, the levying of penalties and the use of income from fees and fines.⁶³

Public Pools

The DOH is responsible for the oversight and regulation of water quality and safety of public swimming pools in Florida under ch. 514, F.S. In order to operate or continue to operate a public swimming pool, a valid operating permit from the DOH must be obtained. If the DOH determines that the public swimming pool is, or is reasonably expected to be, operated in compliance with state laws and rules, the DOH will issue a permit. However, if it is determined that the pool is not in compliance with state laws and rules, the application for a permit will be denied. The DOH is authorized to establish a schedule of fees for plan approval and permitting.⁶⁴ Operating permits must be renewed annually and may be transferred from one name or owner to another.⁶⁵

A public swimming pool includes “a conventional pool, spa-type pool, wading pool, special purpose pool, or water recreation attraction, to which admission may be gained with or without payment of a fee, and includes, but is not limited to, pools operated by or serving camps, churches, cities, counties, day care centers, group home facilities for eight or more clients, health spas, institutions, parks, state agencies, schools, subdivisions, or the cooperative living-type projects of five or more living units, such as apartments, boardinghouses, hotels, mobile home parks, motels, recreational vehicle parks, and townhouses.”⁶⁶

All public pools must be equipped with the following safety features:⁶⁷

⁵⁹ Section 429.07(3)(c), F.S. Limited nursing services include acts that may be performed by a person licensed as a nurse but are not complex enough to require 24-hour nursing supervision and may include such services as the application and care of routine dressings, and care of casts, braces, and splints (s. 429.02(13), F.S.).

⁶⁰ Section 429.07(3)(b), F.S. Extended congregate care facilities provide services to an individual that would otherwise be ineligible for continued care in an assisted living facility. The primary purpose is to allow a resident the option of remaining in a familiar setting from which they would otherwise be disqualified for continued residency as they become more impaired.

⁶¹ Section 429.41(1), F.S.

⁶² Section 429.41(5), F.S. The Agency for Health Care Administration (AHCA) reviews the key quality-of-care standards for compliance during an abbreviated biennial licensure inspection (s. 429.41(5), F.S.).

⁶³ Section 429.41(1)(f), F.S.

⁶⁴ Section 514.033, F.S.

⁶⁵ Section 514.031(2) and (3), F.S.

⁶⁶ *Id.*

⁶⁷ Fla. Admin. Code R. 64E-9.008(3) and (7).

- Safety drain outlet cover(s)/grate(s) and allowable secondary anti-entrapment devices;⁶⁸
- A shepherd’s hook securely attached to a one piece pole not less than 16 feet in length. Pools over 50 feet in length shall have a shepherd’s hook on each of the longer sides of the pool⁶⁹;
- At least one 18-inch diameter lifesaving ring with sufficient rope attached to reach all parts of the pool from the pool deck. Pools over 50 feet in length shall have a lifesaving ring on each of the longer sides of the pool;
- Safety equipment shall be mounted in a conspicuous place and be readily available for use; and
- Lighting if the pool is used during nighttime.

Lifeguards

A “lifeguard” is a person responsible for the safety of the users of a public swimming pool. Lifeguards are not required at a public pool unless the pool has a water slide plunge pool or the pool is a water activity pool with climbable structures.⁷⁰

However, anyone working as a lifeguard at a public swimming pool must be certified in lifeguarding, first aid, and cardiopulmonary resuscitation by the American Red Cross, the Y.M.C.A., or other nationally recognized aquatic training programs.⁷¹

Pools in Assisted Living Facilities

Current law gives the DOH the authority to adopt rules necessary to protect the health and safety of residents, staff, and patrons of group care facilities.⁷² The DOH’s rules require a group care facility, with a pool, to provide direct supervision by an adult employee when in use or when the area is occupied by minors and other residents that cannot swim. The adult employee providing supervision must have completed a community water safety course by the American Red Cross, Y.M.C.A., or other approved aquatic training program.⁷³

Group care facilities include public or private schools, assisted living facilities, adult family-care homes, adult day care centers, short-term residential treatment centers, residential treatment facilities, home for special services, transitional living facilities, crisis stabilization units, hospices, prescribed pediatric extended care centers, intermediate care facilities for persons with developmental disabilities, or boarding schools.⁷⁴

On July 6, 2018, the DOH opened up its rules relating to group care facilities, including the rule relating to pools in group care facilities, in order to update the rules by incorporating technical changes for consistency with changes in industry standards, reduce surplus language, and increase clarity. On March 11, 2020, the DOH held a workshop to receive comments on the

⁶⁸ Federal law requires public pools and spas to have a drain cover and a secondary anti-entrapment device in order to avoid suction entrapment. 15 U.S.C. s. 106.

⁶⁹ Spa pools under 200 square feet of surface area, and interactive water features or wading pools with two feet or less of water depth are exempt from the requirement to have shepherd’s hook and lifesaving ring requirement. *Id.*

⁷⁰ Section 514.071, F.S.; Fla. Admin. Code R. 64E-9.008(2).

⁷¹ *Id.*

⁷² *Id.*

⁷³ Fla. Admin. Code R. 64E-12.011(3).

⁷⁴ Section 381.006(16), F.S.

possible rule updates.⁷⁵ The proposed rule requires assisted living facilities with pools, spas, or open water hazards to implement and maintain a written policy pertaining to the use of water safety barriers, water safety devices and equipment, and cardiopulmonary resuscitation. The policy must be available for review by the DOH.⁷⁶

The proposed rule provides that if an assisted living facility has a pool, spa, or open water hazard that is not considered a public swimming pool, the facility must have direct supervision by an adult employee when in use or when the area is occupied by minors and other residents or visitors that cannot swim. The individual responsible for supervision during water activities or near water hazards must be knowledgeable of:⁷⁷

- The written policy;
- The correct use of water safety devices and equipment;
- The correct use of any water safety barriers; and
- Cardiopulmonary resuscitation procedures.

The proposed rule also provides that an assisted living facility with a pool or spa that is not considered a public swimming pool, must have a residential swimming pool barrier that meets the standards of the building code, and be equipped with water safety devices including a shepherd's hook not less than 16 feet in length and an 18-inch diameter lifesaving ring.⁷⁸

Federal Emergency Management Agency Flood Maps

The Federal Emergency Management Agency (FEMA) is an agency within the United States Department of Homeland Security. The FEMA coordinates responses to disasters within the United States. The FEMA provides resources and assistance to local and state authorities when a disaster overwhelms local response capacities.

The FEMA is responsible for various services related to flood insurance, floodplain management, and flood mapping. The FEMA provides flood hazard and risk data products to help set insurance rates for the National Flood Insurance Program (NFIP) and help guide local and state governments' flood mitigation actions.

The National Flood Insurance Program

The NFIP is a program created by the Congress of the United States in 1968 through the National Flood Insurance Act of 1968. The NFIP aims to share the risk of flood losses through flood insurance and reduce flood damage by restricting development within floodplains. The program enables property owners in participating communities to purchase insurance protection, administered by the government, against flooding losses. Participation in the NFIP is limited to

⁷⁵ DOH, *Group Care Facilities*, <http://www.floridahealth.gov/environmental-health/group-care-facilities/index.html> (last visited Feb. 25, 2021). Department of State, History of Rule 64E-12.011 since Jan. 6, 2006, Florida Administrative Code and Florida Administrative Register <https://www.flrules.org/gateway/RuleNo.asp?title=COMMUNITY%20BASED%20RESIDENTIAL%20FACILITIES&ID=64E-12.011> (last visited Feb. 25, 2021).

⁷⁷ *Id.*

⁷⁸ *Id.*

communities that adopt adequate land use and control measures with effective enforcement provisions to reduce flood damages by restricting development in areas exposed to flooding.⁷⁹

Flood Insurance Rate Maps

The NFIP insurance rates are correlated with the unique flooding risks of a geographic area. To facilitate the allocation of insurance rates, the FEMA prepares flood insurance rate maps (FIRM). A FIRM is an official map of a community within the United States that displays the floodplains, more explicitly particular hazard areas and risk premium zones, as delineated by the FEMA.⁸⁰

FIRMs display areas that fall within the 100-year flood boundary, special flood hazard areas, and insurance risk zones. FIRMs are used to set insurance rates against the risk of flood and whether buildings are insurable at all against flood. Furthermore, towns and municipalities use FIRMs for local land use policy and zoning.⁸¹

Local Government Flood Map Adoption Process

For local governments and individual homeowners to acquire property insurance and participation in the NFIP, local governments must officially adopt FIRMs by providing for such via ordinance. Local governments must also adopt updates and revisions to FIRMs made by the FEMA. Generally, the adoption process involves the FEMA issuing preliminary flood maps, a period for community review and appeal, the FEMA issuing a letter of determination, and local governments updating ordinances to reflect flood map changes. The process for adopting FIRMs is described in more detail below.⁸²

Preliminary Flood Insurance Rate Maps

The FEMA prepares preliminary flood hazard data to provide the public an early look at their home or community's projected risk to flood hazards. Preliminary data may include new or revised FIRMs. Under the FEMA's Risk Mapping, Assessment, and Planning program, the FEMA with communities and other local stakeholders engage in a discovery process to obtain a comprehensive picture of the community's flooding issues, flood risk, and potential flood mitigation activities. This analysis may also include a review of more restrictive floodplain management criteria. Information obtained during the discovery process helps the FEMA prepare preliminary FIRMs.⁸³

⁸⁰ FEMA, *Flood Insurance Rate Map (FIRM)*, available at: <https://www.fema.gov/glossary/flood-insurance-rate-map-firm> (last visited April 16, 2021).

⁸¹ *Id.*

⁸² See generally *Adoption of Flood Insurance Rate Maps by Participating Communities*, FEMA 495 January 2019, available at: https://www.fema.gov/sites/default/files/2020-07/fema_adoption-flood-insurance-rate-maps-participating-communities_bulletin.pdf (last visited April 16, 2021).

⁸³ FEMA, *Flood Map Products*, available at: <https://www.fema.gov/flood-maps/products-tools/products#gis> (last visited April 16, 2021).

Local Government Flood Map Adoption Process

Next, the FEMA provides copies of a preliminary FIRM report for community review and holds meetings with various state and local officials involved in the study. The FEMA may also hold public meetings to introduce and discuss the preliminary FIRM and FIS report with community members.⁸⁴

90-day Communities Appeals Period

After the Consultation Coordination Officer (CCO) meeting, the FEMA initiates a 90-day period for communities to submit appeals about the new or modified flood hazard information shown on the FIRM. Before the appeal period is initiated, the FEMA will publish a notice of proposed flood hazard determinations in the Federal Register, notify the community's Chief Executive Officer, and publish information at least twice in a local newspaper. The appeal period provides community officials and people who own or lease property in the community an opportunity to submit scientific or technical information if they believe the flood hazard determinations are scientifically or technically incorrect.⁸⁵

Letter of Final Determination

Following the 90-day appeal period, the FEMA resolves all appeals and finalizes the changes to the FIRM and FIS report. The FEMA then sends each affected community a Letter of Final Determination (LFD), which establishes the final flood hazard data and the effective date of the new FIRM and FIS report for the community.⁸⁶

Six-month Community Adoption Period

The LFD also initiates the six-month period during which each community must adopt or amend its floodplain management regulations to reference the date and title of the new FIRM report. The FIRM and FIS report become effective at the end of the six months. At that time, flood insurance rates will be based on the new flood data, and the community will apply any floodplain management ordinances related to the new mapping. Federally insured or regulated lenders will also use the newly effective FIRM to determine if flood insurance is required as a condition of a loan.⁸⁷

Community Land Use Regulation Changes

Each time the FEMA provides a community with new or revised flood hazard data, the local government must either adopt new floodplain management regulations to incorporate the data into in a code of ordinances or amend the existing ones to reference the new FIRM report. Many communities have legally valid automatic adoption clauses to incorporate updated FIRM map reference sections.⁸⁸

⁸⁴ See generally Adoption of Flood Insurance Rate Maps by Participating Communities, FEMA 495 January 2019, available at: https://www.fema.gov/sites/default/files/2020-07/fema_adoption-flood-insurance-rate-maps-participating-communities_bulletin.pdf (last visited April 16, 2021).

⁸⁵ *Id.* at 3.

⁸⁶ *Id.* at 4.

⁸⁷ *Id.*

⁸⁸ *Id.* at 5.

If a new type of flood hazard data is added to a community's FIRM, local officials may need to enact an ordinance to meet additional requirements. This ordinance enactment could be needed when the FEMA upgrades a flood zone without Base Flood Elevations (BFEs), indicates a new Special Flood Hazard Area (SFHA), or designates a coastal high hazard area.⁸⁹

Consequences for Failing to Adopt Appropriate Floodplain Management Regulations

If a community does not adopt or amend floodplain management regulations after six months, the community will be suspended from the NFIP. Suspension from the NFIP will have the following consequences:

- Property owners are prevented from purchasing NFIP flood insurance policies, and existing policies will not be renewed.
- Federal grants or loans for development will not be available in identified flood hazard areas.
- Federal disaster assistance will not be provided to permanently repair insurable buildings in identified flood hazard areas for damage caused by a flood.
- Federal mortgage insurance or loan guarantees, such as those written by the Federal Housing Administration and the Department of Veteran Affairs, will not be provided in identified flood hazard areas.

Federally insured or regulated lending institutions, such as banks and credit unions, can make conventional loans for insurable buildings in flood hazard areas of non-participating communities.⁹⁰

III. Effect of Proposed Changes:

Section 1 amends s. 381.0065, F.S., to allow the owner of an onsite sewage treatment and disposal system (OSTDS), or the owner's contractor, to select a private provider to provide official inspection services of such systems in lieu of the Department of Health (DOH).⁹¹ This authorization is substantially similar to the provisions governing private building inspectors in ch. 553, F.S.

An owner or contractor using a private provider must notify the DOH two days prior to the first inspection of their intention to use a private provider. This notification must include the private provider's business information, professional license or certification number, and qualification statements or resumes. It must also include an acknowledgement form with prescribed language stating the owner's rights and liabilities to the DOH. An owner or contractor who changes the listed private providers must also update the notice given to the DOH.

The DOH must reduce permit fees based on savings to the DOH due to a private provider providing the inspection services.

⁸⁹ See generally Adoption of Flood Insurance Rate Maps by Participating Communities, FEMA 495 January 2019, available at: https://www.fema.gov/sites/default/files/2020-07/fema_adoption-flood-insurance-rate-maps-participating-communities_bulletin.pdf (last visited April 16, 2021).

⁹⁰ *Id.* at 5 – 6.

⁹¹ Chapter 2020-150, Laws of Fla., provides effective July 1, 2021, the regulation of OSTDSs relating to the Onsite Sewage Program in the DOH is transferred by a type two transfer to the Department of Environmental Protection (DEP).

The OSTDS inspection services may be performed only by a private provider, a duly authorized representative of a private provider, or a person who is:

- Certified as an environmental health professional⁹² by the DOH under s. 381.0101, F.S.;
- A master septic contractor⁹³ licensed by the Department of Business and Professional Regulations pursuant to ch. 489, F.S.;
- A professional engineer who has passed all three parts of the Onsite Sewage Treatment and Disposal System (OSTDS) Accelerated Certification Training⁹⁴; or
- A person working as staff under such an engineer, who has also passed all three parts of the OSTDS Accelerated Certification Training.

The DOH may audit the performance of OSTDS inspection services by private providers. Such an audit cannot occur more than four times per month unless the DOH determines that an inspected and passed OSTDS should not have passed. Audits may not delay work following a passed inspection.

Section 2 amends s. 514.0115, F.S., to prohibit the DOH from requiring assisted living facilities with pools to comply with the DOH rules relating to swimming pool lifeguards.

Section 3 amends s. 553.73, F.S., to provide that a substantially affected person⁹⁵ may petition the Florida Building Commission (commission) for a non-binding advisory opinion for any local government⁹⁶ regulation, law, ordinance, policy, amendment, or land use or zoning provision (regulation) that the person believes is a technical amendment to the Florida Building Code (building code) and was not adopted in accordance with the process for adopting local amendments to the building code.

The commission must issue a non-binding advisory opinion stating whether a local government regulation is a technical amendment to the building code if the substantially affected person submits a petition to the commission. The petition must also be submitted to the local government's general counsel or administrator by certified mail, return receipt requested. The

⁹² "Environmental health professional" means a person who is employed or assigned the responsibility for assessing the environmental health or sanitary conditions, as defined by the department, within a building, on an individual's property, or within the community at large, and who has the knowledge, skills, and abilities to carry out these tasks. Environmental health professionals may be either field, supervisory, or administrative staff members. Section 381.0101(1)(d), F.S.

⁹³ "Master septic tank contractor" means a septic tank contractor whose services are unlimited in the septic tank trade who has had at least three years' experience as a Florida-registered septic tank contractor or a certified plumbing contractor who has provided septic tank contracting services for at least three years and who has the experience, knowledge, and skills to install, maintain, repair, close repairs of, and alter all types of onsite sewage treatment and disposal systems, to design onsite sewage treatment and disposal systems, where not prohibited by law, to perform and submit soil evaluations, when determined to meet site-evaluation expertise established by rule, and to use materials and items used in the installation and maintenance of all types of onsite sewage treatment and disposal systems. Section 489.551(2), F.S.

⁹⁴ The Onsite Sewage Treatment and Disposal System (OSTDS) Accelerated Certification Training program, administered by the DOH, provides five days of training on OSTDSs and results in a special certification. The program is available to private individuals, septic tank contractors, licensed plumbers, professional engineers, and staff working under professional engineers. DOH, *Accelerated Environmental Health Professional Certification and Master Septic Tank Contractor Training Participation and Examination Guide*, available at <http://www.floridahealth.gov/environmental-health/onsite-sewage/training/documents/act-part-n-exam-guide1-12-2021.pdf> (last visited Apr. 1, 2021).

⁹⁵ A "substantially affected person" includes an owner or builder subject to the local government's regulation or an association of owners or builders who have members who are subject to the regulation.

⁹⁶ A "local government" means a county, municipality, special district, or political subdivision of the state.

local government may respond within 14 days, and send a copy of its response to the commission. The petition must be made using a form adopted by the commission that contains at a minimum:

- The name of the local government that enacted the regulation;
- The name and address of the local government's general counsel;
- The name, address, and phone number of the substantially affected person;
- An explanation of how the person is substantially affected by the local government's regulation; and
- A statement of why the regulation is a technical amendment to the building code, and which provisions of the building code are amended by the regulation, if any.

Upon receiving a petition to review a local government's regulation, the commission must publish the petition and the local government's response on the building code information system and allow for comments to be posted by interested parties.

The commission must consider the petition, the local government's response, any comments posted on the commission's website, and any recommendation provided by a Technical Advisory Committee. The commission must issue a non-binding advisory opinion stating whether the local government's regulation is a technical amendment to the building code within 30 days of receiving the petition. The commission must also publish the non-binding advisory opinion on its website and the Florida Administrative Register.

This section further provides that the commission may also issue an "errata to the code" to correct demonstrated errors in provisions contained with the building code. An "errata to the code" means a list of errors on current and previous editions of the building code. The determination of such errors and the issuance of an "errata to the code" must be approved by a 75 percent supermajority vote of the commission.

Finally, under the bill, a municipality, county, or special district may not use preliminary maps issued by the Federal Emergency Management Agency (FEMA) for any law, ordinance, rule, or other measure that has the effect of imposing land use changes. Under this provision, the named local government entities may have to provide that land use changes based on a preliminary FEMA map are not effective until the FEMA map becomes effective, and is no longer considered preliminary.

Section 5 amends s. 553.79, F.S., to prohibit a local government from requiring a contract between a builder and an owner as a condition to apply for or obtain a building permit.

Section 6 amends s. 553.791, F.S., to allow private providers to conduct inspection services either virtually or in person.

This section revises the statutory provision regarding reduction of fees for utilizing private providers to expressly require local jurisdictions to reduce the permit fee by the amount of cost savings realized by the local enforcement agency based on a flat fee, percentage, or other reasonable means.

This section further allows electronic signatures to be used on several forms submitted by private providers to building code officials. “Electronic signature” is defined to mean any letters, characters, or symbols manifested by electronic or similar means which are executed or adopted by a party with an intent to authenticate a writing or record. Inspection records and affidavits attesting that plans have been reviewed for compliance may be signed physically or electronically. Such an affidavit may also be electronically submitted.

When a noncomplying item related to the building code or permitted documents is found at a work site, a deficiency notice must be posted at the job site by the private provider, the provider’s representative, or the building department. The bill allows such deficiency notice to be electronically posted, in the alternative to physically posting at the jobsite

This section provides that if equipment replacements and repairs must be performed in an emergency situation, subject to the emergency permitting provisions of the building code, a private provider may perform emergency inspection services without first notifying the local building official. The building code provides that where equipment replacements and repairs must be performed in an emergency situation, the permit application shall be submitted within the next working business day to the building official.⁹⁷ A private provider must conduct the inspection within three business days after being contacted to conduct an emergency inspection and must submit the inspection report to the local building official within one day after the inspection is completed.

This section defines “single-trade inspections” as any inspection focused on a single construction trade, such as plumbing, mechanical, or electrical, and provides specific examples of single-trade work. The section expressly provides that private providers are allowed to perform single-trade inspections within the disciplines covered by that person’s licensure or certification.

If an owner or contractor makes changes to the listed private providers or services to be conducted by private providers, they must update the notice of work to be performed within one business day. The bill amends the timing to allow, in the alternative, such notice to be updated two business days before the next scheduled inspection.

Further, the bill defines “qualified private providers” as those private providers who have previously performed plans review and inspection services in the local jurisdiction and has registered with the local enforcing agency by providing the local building official with the provider’s:

- Name, firm, address, telephone number, and email address;
- Professional license or certification number, qualification statements, or resumes; and
- A certificate of insurance, if required by the local building official.

This information must be submitted on an annual basis to maintain qualifying status, and must be updated within 10 business days after any change. The local jurisdiction is required to keep a registry of active qualified private providers separate from the jurisdiction’s private provider and duly authorized representative licensure registration system authorized by 553.791(16)(b), F.S.

⁹⁷ Section 105.2.1, Florida Building Code (7th ed.) 2020.

Qualified private providers are not required to re-provide the information listed above to the local building code administrator with each notice of work to be performed as otherwise required by s. 553.971(4), F.S.

Finally, this section expressly authorizes local governments and school districts to use a private provider to provide building code inspection services for public works projects and improvements to any building or structure.

Section 7 amends s. 553.842, F.S., to require the commission to adopt rules for approving evaluation entities in addition to the ones already approved and listed in current law.

Sections 4, 8, and 9 correct statutory references to conform to changes made by the bill.

Section 10 provides the bill takes effect July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Article VII, s. 18(a) of the Florida Constitution provides:

No county or municipality shall be bound by any general law requiring such county or municipality to spend funds...unless the legislature has determined that such law fulfills an important state interest and unless: the law requiring such expenditure is approved by two-thirds vote of the membership of each house of the legislature;

The bill may implicate this constitutional restriction, to the extent that local governments are required to expend funds to procure or enhance technology infrastructure to accommodate electronic submission and posting of certain inspection materials and records by private providers.

However, Article VII, s. 18(d) of the State Constitution provides that the mandate requirements do not apply to laws having an insignificant impact,⁹⁸ which for Fiscal Year 2020-2021 is forecast at \$2.2 million.⁹⁹ The fiscal impact of this bill is indeterminate. If the total cost of this legislation is less than \$2.2 million, then the mandate requirements do not apply. If costs imposed by the bill are determined to exceed \$2.2 million in the aggregate, the bill may be binding on cities and counties if the bill contains a finding of

⁹⁸ An insignificant fiscal impact is the amount not greater than the average statewide population for the applicable fiscal year times \$0.10. See Florida Senate Committee on Community Affairs, Interim Report 2012-115: Insignificant Impact, (Sept. 2011), available at <http://www.flsenate.gov/PublishedContent/Session/2012/InterimReports/2012-115ca.pdf> (last visited March 10, 2021).

⁹⁹ Based on the Florida Demographic Estimating Conference's Nov. 13, 2020 population forecast for 2021 of 21,893,919. The conference packet is available at: <http://edr.state.fl.us/content/conferences/population/demographicsummary.pdf> (last visited March 10, 2021).

important state interest and meets one of the exceptions specified in State Constitution (e.g., enactment by vote of two-thirds of the membership of each house).

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

This bill may implicate the constitutional single subject rule. Article III, s. 6 of the Florida Constitution imposes a single subject restriction on laws enacted by the Legislature: “Every law shall embrace but one subject and matter properly connected therewith...” The Florida Supreme Court has described the purpose of the single subject rule as twofold. First, it attempts to avoid surprise and fraud by ensuring that both the public and the legislators involved receive fair and reasonable notice of the contents of a proposed act. Secondly, the limitation prevents hodgepodge, logrolling legislation. With regard to the test to be applied by the court in determining whether a particular provision violates the single subject rule, the fact that the scope of a legislative enactment is broad and comprehensive is not fatal so long as the matters included in the enactment have a natural or logical connection.

The title of the bill is “An act relating to the Florida Building Code.” However, section one of the bill relates to the inspection of onsite sewage treatment and disposal systems, and section two relates to the Department of Health’s lifeguard standards for pools serving assisted living facilities, which may not properly connect to the Florida Building Code.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

Allowing the use of private providers to inspect onsite sewage treatment and disposal systems (OSTDSs) may increase efficiencies and lower costs for OSTDS owners. Additionally, persons qualified to be a private provider under the bill will be able to offer official inspection services, increasing business opportunities.

Private providers generally will also have increased opportunities for emergency inspections, virtual inspections, and electronic submission and signature efficiencies, which will have a positive effect. To the extent that the clarification regarding fee reduction alters a local government's fee calculations, consumers utilizing private providers may experience an indeterminate impact.

Prohibiting local governments from requiring contracts between owners and builders as a condition to apply or obtain a building permit may have a positive impact by preventing certain proprietary information from becoming public.

C. Government Sector Impact:

Allowing the use of private providers to inspect OSTDSs may save government funds by lightening the burden on inspections performed by the government; however, each inspection performed by a private provider reduces the revenue received by the governmental entity that would have done the inspection. The Department of Health is currently responsible for performing these inspections; however, effective July 1, 2021, the Onsite Sewage Program will transfer to the Department of Environmental Protection.

According to Department of Business and Professional Regulation (DBPR), applicants for certification as product evaluation entities will be required to pay an initial application fee and renewals fees. The DBPR estimates no more than 75 new entities will apply for certification and estimates receiving no more than \$45,000 in new application fees and \$15,000 annually in renewal fees for such applicants.¹⁰⁰

The Florida Building Commission may see an increased workload related to establishing a process for accepting petitions from affected persons, issuing non-binding advisory opinions. According to the DBPR, the technology contractor for the Florida Building Commission (commission) estimates updating the Building Code information system to implement the nonbinding advisory opinion process will cost approximately \$60,000.¹⁰¹

The provision allowing the commission to adopt an "errata to the code" is not anticipated to have a significant impact on the commission's processes.¹⁰²

Local governments may need to expend funds to procure or enhance electronic infrastructure to accommodate electronic submission and posting of certain inspection materials and records by private providers.

Local building code administrators may incur costs, most likely insignificant, related to the provision requiring maintenance of a registry of "qualified private providers."

¹⁰⁰ See Department of Business and Professional Regulation, *HB 401 Bill Analysis*, p. 5, (Feb. 24, 2021) (on file with the Senate Appropriations Subcommittee on Agriculture, Environment, and General Government).

¹⁰¹ *Id.*

¹⁰² Email from the Legislative Affairs Coordinator, Department of Business and Professional Regulation, HB 401 Provision, (Mar. 30, 2021).

VI. Technical Deficiencies:

None.

VII. Related Issues:

Section 1 provides that certain onsite sewage treatment and disposal system inspections may be performed by a “private provider” or a representative thereof. “Private provider” is not defined in ch. 381, F.S., and the operation of the term in the bill is unclear. An amendment may be necessary to more clearly define the professional licensing standards and requirements of a private provider.

The provision in section 3 of the bill pertaining to land use changes and preliminary FEMA flood maps (lines 428-431) would be more appropriately placed within part II of ch. 163, F.S., pertaining to land development regulations. Additionally, this provision should specifically reference “*Flood Insurance Rate Map* issued by the Federal Emergency Management Agency,” as opposed to a general reference to FEMA maps.

Current law does not expressly authorize building inspections performed by local building departments to be conducted virtually. Section 6 provides express authorization for private building inspectors, “private providers,” to conduct building inspections virtually. The sponsor may consider addressing this inconsistency.

Section 6 provides that private providers may electronically post certain documents “through the use of a website or other form of electronic communication used to transmit or display information.” The bill is silent as to whether this capability must be authorized by the local building code administrator, or whether such website must be provided by the local building code administrator, as opposed to each private provider creating their own method of posting.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 381.0065, 514.0115, 553.73, 553.77, 553.79, 553.791, 553.842, 125.01, and 125.56.

IX. Additional Information:

- A. **Committee Substitute – Statement of Substantial Changes:**
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on April 15, 2021:

The committee substitute makes several changes to current law pertaining to private providers to allow private providers to conduct virtual inspections, perform single-trade inspections, submit certain inspection documentation and reports electronically, conduct emergency inspection services, and register as a “qualified private provider” with a local government.

The CS also provides that a municipality, county, or special district may not use preliminary maps issued by Federal Emergency Management Agency (FEMA) for any measure that imposes land use changes.

CS by Community Affairs on March 30, 2021:

The CS incorporates the provisions allowing an owner of an onsite sewage treatment and disposal system, or the owner's contractor, to select a private provider to provide certain inspection services of such systems in lieu of the Department of Health. It also expressly authorizes local governments and school districts to use a private provider to provide building code inspection services for public works projects and improvements to any building or structure.

B. Amendments:

None.

By the Committees on Appropriations; and Community Affairs; and
Senators Brodeur and Perry

576-04235-21

20211146c2

1 A bill to be entitled
2 An act relating to the Florida Building Code; amending
3 s. 381.0065, F.S.; authorizing fee owners or fee
4 owners' contractors to select private providers to
5 provide inspection services for onsite sewage
6 treatment and disposal systems if certain requirements
7 are met; providing legislative intent; requiring the
8 Department of Health to reduce certain permit fees;
9 prohibiting the department from charging inspection
10 fees if the fee owner or contractor hires a private
11 provider to perform an inspection; providing
12 requirements for private providers or duly authorized
13 representatives of private providers performing such
14 inspections; requiring fee owners or contractors to
15 provide specified notice to the department when using
16 a private provider for such inspections; providing
17 requirements for the contents of such notice;
18 prohibiting the department from charging a fee for
19 changing the duly authorized representative named in a
20 permit application; authorizing the department to
21 audit the performance of private providers; providing
22 requirements relating to work on a building, a
23 structure, or an onsite sewage treatment and disposal
24 system relating to such audits; amending s. 514.0115,
25 F.S.; prohibiting the Department of Health from
26 requiring that pools serving assisted living
27 facilities be compliant with rules relating to
28 swimming pool lifeguards; amending s. 553.73, F.S.;
29 authorizing a substantially affected person to file a

20211146c2

30 petition with the Florida Building Commission to
31 review certain local government regulations, laws,
32 ordinances, policies, amendments, or land use or
33 zoning provisions; defining the term "local
34 government"; providing requirements for the petition
35 and commission; requiring the commission to issue a
36 nonbinding advisory opinion within a specified
37 timeframe; prohibiting a municipality, county, or
38 special district from using preliminary maps issued by
39 the Federal Emergency Management Agency for certain
40 purposes relating to land use changes; authorizing the
41 commission to issue errata to the code; defining the
42 term "errata to the code"; making technical changes;
43 amending s. 553.77, F.S.; conforming a cross-
44 reference; amending s. 553.79, F.S.; prohibiting a
45 local government from requiring certain contracts for
46 the application for or issuance
47 of a building permit; amending s. 553.791, F.S.;
48 revising and defining terms; providing requirements
49 for qualified private providers; requiring local
50 jurisdictions to reduce permit fees under certain
51 circumstances; deleting legislative intent; specifying
52 that contractors using private providers to provide
53 building code inspections services must notify local
54 building officials in writing; revising notice
55 requirements; deleting a provision requiring fee
56 owners or fee owners' contractors to post certain
57 information at a project site before commencing
58 construction; authorizing certain affidavits to be

Page 2 of 34

576-04235-21

20211146c2

59 signed with electronic signatures and be submitted to
 60 local building officials electronically; authorizing
 61 certain inspections to be performed in-person or
 62 virtually; authorizing certain reports to be signed
 63 with electronic signatures; authorizing certain
 64 notices to be electronically posted; authorizing
 65 private providers to perform certain replacements and
 66 repairs without first notifying local building
 67 officials under certain circumstances; authorizing
 68 certain forms to be signed with electronic signatures;
 69 authorizing certain inspection records to be
 70 electronically posted and electronically submitted to
 71 local building officials; authorizing certificates of
 72 compliance to be electronically transmitted to local
 73 building officials; specifying that a certain registry
 74 must be distinct from the registry of qualified
 75 private providers; conforming provisions to changes
 76 made by the act; authorizing a county, a municipality,
 77 a school district, or an independent special district
 78 to use a private provider to provide building code
 79 inspection services for certain purposes; amending s.
 80 553.842, F.S.; requiring evaluation entities that meet
 81 certain criteria to comply with certain standards;
 82 amending ss. 125.01 and 125.56, F.S.; conforming
 83 cross-references; making technical changes; providing
 84 an effective date.

85
 86 Be It Enacted by the Legislature of the State of Florida:
 87

Page 3 of 34

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

576-04235-21

20211146c2

88 Section 1. Subsection (8) is added to section 381.0065,
 89 Florida Statutes, to read:
 90 381.0065 Onsite sewage treatment and disposal systems;
 91 regulation.—
 92 (8) PRIVATE PROVIDER INSPECTION SERVICES.—
 93 (a) Notwithstanding any other law, ordinance, or policy,
 94 the fee owner of an onsite sewage treatment and disposal system,
 95 or the fee owner's contractor upon written authorization from
 96 the fee owner, may select a private provider to provide
 97 inspection services for onsite sewage treatment and disposal
 98 systems and may pay the private provider directly for such
 99 services if such services are the subject of a written contract
 100 between the private provider, or the private provider's firm,
 101 and the fee owner or the fee owner's contractor, upon written
 102 authorization of the fee owner.
 103 (b) It is the intent of the Legislature that owners and
 104 contractors pay reduced fees related to onsite sewage treatment
 105 disposal system inspections when selecting a private provider to
 106 provide such inspections. The department must calculate the cost
 107 savings to the department based on a fee owner or contractor
 108 hiring a private provider to perform inspections in lieu of the
 109 department and reduce permit fees accordingly. The department
 110 may not charge fees for an inspection if the fee owner or
 111 contractor hires a private provider to perform the inspection.
 112 (c) Onsite sewage treatment and disposal system inspection
 113 services may be performed only by a private provider or a duly
 114 authorized representative of a private provider within the
 115 disciplines covered under such person's licensure or if the
 116 person is certified under s. 381.0101, is a master septic

Page 4 of 34

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

576-04235-21 20211146c2

117 contractor licensed pursuant to chapter 489, is a professional
 118 engineer who has passed all three parts of the OSTDS Accelerated
 119 Certification Training, or is a person working as staff under
 120 the supervision of a licensed professional engineer and has
 121 passed all three parts of the OSTDS Accelerated Certification
 122 Training.

123 (d)1. A fee owner or the fee owner's contractor using a
 124 private provider for onsite sewage treatment and disposal system
 125 inspection services must provide notice to the department at the
 126 time of permit application, or by 2 p.m. local time, 2 business
 127 days before the first scheduled inspection by the department.
 128 The notice must include the following information:

129 a. The name, firm, address, telephone number, and e-mail
 130 address of each private provider who is performing or will
 131 perform such services, the private provider's professional
 132 license or certification number, and qualification statements or
 133 resumes for each private provider; and

134 b. An acknowledgment from the fee owner in substantially
 135 the following form:

136
 137 I have elected to use one or more private providers to
 138 provide onsite sewage treatment and disposal system
 139 inspection services that are the subject of the
 140 enclosed permit application. I understand that the
 141 department may not perform the required onsite sewage
 142 treatment and disposal system inspections to determine
 143 compliance with the applicable codes, except to the
 144 extent authorized by law. Instead, inspections will be
 145 performed by the licensed or certified personnel

Page 5 of 34

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

576-04235-21 20211146c2

146 identified in the application. By executing this form,
 147 I acknowledge that I have made inquiry regarding the
 148 competence of the licensed or certified personnel and
 149 am satisfied that my interests are adequately
 150 protected. I agree to indemnify, defend, and hold
 151 harmless the department from any and all claims
 152 arising from my use of these licensed or certified
 153 personnel to perform onsite sewage treatment and
 154 disposable system inspections with respect to the
 155 onsite sewage treatment and disposable system that are
 156 the subject of the enclosed permit application.

157
 158 2. If the fee owner or the fee owner's contractor makes any
 159 changes to the listed private providers or the services to be
 160 provided by the private providers, the fee owner or the fee
 161 owner's contractor must update the notice to reflect the change
 162 within 1 business day after the change. A change of a duly
 163 authorized representative named in the permit application does
 164 not require a revision of the permit and the department may not
 165 charge a fee for making such change.

166 (e) The department may audit the performance of onsite
 167 sewage treatment and disposal system inspection services by
 168 private providers. However, the same private provider may not be
 169 audited more than four times in a month unless the department
 170 determines that an onsite sewage treatment and disposal system
 171 inspected by the private provider should not have passed
 172 inspection. Work on a building, a structure, or an onsite sewage
 173 treatment and disposal system may proceed after inspection and
 174 approval by a private provider if the fee owner or fee owner's

Page 6 of 34

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

576-04235-21 20211146c2

175 contractor has given notice of the inspection pursuant to
 176 subsection (4) and, subsequent to such inspection and approval,
 177 may not be delayed for completion of an inspection audit by the
 178 department.

179 Section 2. Present subsections (3) through (8) of section
 180 514.0115, Florida Statutes, are redesignated as subsections (4)
 181 through (9), respectively, and a new subsection (3) is added to
 182 that section, to read:

183 514.0115 Exemptions from supervision or regulation;
 184 variances.—

185 (3) The department may not require compliance with rules
 186 relating to swimming pool lifeguard standards for pools serving
 187 assisted living facilities.

188 Section 3. Subsections (4), (5), and (8) of section 553.73,
 189 Florida Statutes, are amended to read:

190 553.73 Florida Building Code.—

191 (4) (a) All entities authorized to enforce the Florida
 192 Building Code under pursuant to s. 553.80 shall comply with
 193 applicable standards for issuance of mandatory certificates of
 194 occupancy, minimum types of inspections, and procedures for
 195 plans review and inspections as established by the commission by
 196 rule. Local governments may adopt amendments to the
 197 administrative provisions of the Florida Building Code, subject
 198 to the limitations in of this subsection paragraph. Local
 199 amendments must shall be more stringent than the minimum
 200 standards described in this section herein and must shall be
 201 transmitted to the commission within 30 days after enactment.
 202 The local government shall make such amendments available to the
 203 general public in a usable format. The State Fire Marshal is

576-04235-21 20211146c2

204 responsible for establishing the standards and procedures
 205 required in this subsection paragraph for governmental entities
 206 with respect to applying the Florida Fire Prevention Code and
 207 the Life Safety Code.

208 (b) Local governments may, subject to the limitations in of
 209 this section and not more than once every 6 months, adopt
 210 amendments to the technical provisions of the Florida Building
 211 Code that which apply solely within the jurisdiction of such
 212 government and that which provide for more stringent
 213 requirements than those specified in the Florida Building Code,
 214 ~~not more than once every 6 months~~. A local government may adopt
 215 technical amendments that address local needs if:

216 1. The local governing body determines, following a public
 217 hearing which has been advertised in a newspaper of general
 218 circulation at least 10 days before the hearing, that there is a
 219 need to strengthen the requirements of the Florida Building
 220 Code. The determination must be based upon a review of local
 221 conditions by the local governing body, which review
 222 demonstrates by evidence or data that the geographical
 223 jurisdiction governed by the local governing body exhibits a
 224 local need to strengthen the Florida Building Code beyond the
 225 needs or regional variation addressed by the Florida Building
 226 Code, that the local need is addressed by the proposed local
 227 amendment, and that the amendment is no more stringent than
 228 necessary to address the local need.

229 2. Such additional requirements are not discriminatory
 230 against materials, products, or construction techniques of
 231 demonstrated capabilities.

232 3. Such additional requirements may not introduce a new

576-04235-21

20211146c2

233 subject not addressed in the Florida Building Code.

234 ~~(c)4-~~ The enforcing agency shall make readily available, in
235 a usable format, all amendments adopted under pursuant to this
236 section.

237 ~~(d)5-~~ Any amendment to the Florida Building Code shall be
238 transmitted within 30 days after adoption by the ~~adopting~~ local
239 government to the commission. The commission shall maintain
240 copies of all such amendments in a format that is usable and
241 obtainable by the public. Local technical amendments are shall
242 not ~~become~~ effective until 30 days after the amendment has been
243 received and published by the commission.

244 ~~(e)6-~~ An Any amendment to the Florida Building Code adopted
245 by a local government under pursuant to this subsection is
246 ~~paragraph shall be~~ effective only until the adoption by the
247 ~~commission~~ of the new edition of the Florida Building Code by
248 the commission every third year. At such time, the commission
249 shall review such amendment for consistency with the criteria in
250 paragraph (9) (a) and adopt such amendment as part of the Florida
251 Building Code or rescind the amendment. The commission shall
252 immediately notify the respective local government of the
253 rescission of any amendment. After receiving such notice, the
254 respective local government may readopt the rescinded amendment
255 under pursuant to the provisions of this subsection paragraph.

256 ~~(f)7-~~ Each county and municipality desiring to make local
257 technical amendments to the Florida Building Code shall by
258 ~~interlocal agreement~~ establish by interlocal agreement a
259 countywide compliance review board to review any amendment to
260 the Florida Building Code that is, adopted by a local government
261 within the county under pursuant to this subsection and

576-04235-21

20211146c2

262 ~~paragraph,~~ that is challenged by a any substantially affected
263 party for purposes of determining the amendment's compliance
264 with this subsection paragraph. If challenged, the local
265 technical amendments are shall not ~~become~~ effective until the
266 time for filing an appeal under paragraph (g) pursuant to
267 ~~subparagraph 8-~~ has expired or, if there is an appeal, until the
268 commission issues its final order determining if the adopted
269 amendment is in compliance with this subsection.

270 ~~(g)8-~~ If the compliance review board determines such
271 amendment is not in compliance with this subsection paragraph,
272 the compliance review board shall notify such local government
273 of the noncompliance and that the amendment is invalid and
274 unenforceable until the local government corrects the amendment
275 to bring it into compliance. The local government may appeal the
276 decision of the compliance review board to the commission. If
277 the compliance review board determines that such amendment is to
278 ~~be~~ in compliance with this subsection paragraph, any
279 substantially affected party may appeal such determination to
280 the commission. Any such appeal must shall be filed with the
281 commission within 14 days after of the board's written
282 determination. The commission shall promptly refer the appeal to
283 the Division of Administrative Hearings by electronic means
284 through the division's website for the assignment of an
285 administrative law judge. The administrative law judge shall
286 conduct the required hearing within 30 days after being assigned
287 to the appeal, and shall enter a recommended order within 30
288 days after of the conclusion of such hearing. The commission
289 shall enter a final order within 30 days after an order is
290 rendered thereafter. ~~The provisions of Chapter 120 and the~~

576-04235-21

20211146c2

291 uniform rules of procedure shall apply to such proceedings. The
 292 local government adopting the amendment that is subject to
 293 challenge has the burden of proving that the amendment complies
 294 with this ~~subsection paragraph~~ in proceedings before the
 295 compliance review board and the commission, as applicable.
 296 Actions of the commission are subject to judicial review under
 297 ~~pursuant to~~ s. 120.68. The compliance review board shall
 298 determine whether its decisions apply to a respective local
 299 jurisdiction or apply countywide.

300 ~~(h)9-~~ An amendment adopted under this ~~subsection paragraph~~
 301 ~~must shall~~ include a fiscal impact statement ~~that which~~
 302 documents the costs and benefits of the proposed amendment.
 303 Criteria for the fiscal impact statement shall include the
 304 impact to local government relative to enforcement ~~and,~~ the
 305 impact to property and building owners ~~and, as well as to~~
 306 industry, relative to the cost of compliance. The fiscal impact
 307 statement may not be used as a basis for challenging the
 308 amendment for compliance.

309 ~~(i)10-~~ In addition to paragraphs (f) and (g) ~~subparagraphs~~
 310 ~~7. and 9-~~, the commission may review any amendments adopted
 311 under pursuant to this subsection and make nonbinding
 312 recommendations related to compliance of such amendments with
 313 this subsection.

314 ~~(j)(e)~~ Any amendment adopted by a local enforcing agency
 315 under pursuant to this subsection ~~may shall~~ not apply to state
 316 or school district owned buildings, manufactured buildings or
 317 factory-built school buildings approved by the commission, or
 318 prototype buildings approved under pursuant to s. 553.77(3). The
 319 respective responsible entities shall consider the physical

576-04235-21

20211146c2

320 performance parameters substantiating such amendments when
 321 designing, specifying, and constructing such exempt buildings.

322 ~~(k)(d)~~ A technical amendment to the Florida Building Code
 323 related to water conservation practices or design criteria
 324 adopted by a local government under pursuant to this subsection
 325 is not ~~rendered~~ void when the code is updated if the technical
 326 amendment is necessary to protect or provide for more efficient
 327 use of water resources as provided in s. 373.621. However, any
 328 such technical amendment carried forward into the next edition
 329 of the code under pursuant to this paragraph is subject to
 330 review or modification as provided in this part.

331 (l) If a local government adopts a regulation, law,
 332 ordinance, policy, amendment, or land use or zoning provision
 333 without using the process established in this subsection, and a
 334 substantially affected person considers such regulation, law,
 335 ordinance, policy, amendment, or land use or zoning provision to
 336 be a technical amendment to the Florida Building Code, then the
 337 substantially affected person may submit a petition to the
 338 commission for a nonbinding advisory opinion. If a substantially
 339 affected person submits a request in accordance with this
 340 paragraph, the commission shall issue a nonbinding advisory
 341 opinion stating whether or not the commission interprets the
 342 regulation, law, ordinance, policy, amendment, or land use or
 343 zoning provision as a technical amendment to the Florida
 344 Building Code. As used in this paragraph, the term "local
 345 government" means a county, municipality, special district, or
 346 political subdivision of the state.

347 1. Requests to review a local government regulation, law,
 348 ordinance, policy, amendment, or land use or zoning provision

576-04235-21

20211146c2

349 may be initiated by any substantially affected person. A
 350 substantially affected person includes an owner or builder
 351 subject to the regulation, law, ordinance, policy, amendment, or
 352 land use or zoning provision, or an association of owners or
 353 builders having members who are subject to the regulation, law,
 354 ordinance, policy, amendment, or land use or zoning provision.

355 2. In order to initiate a review, a substantially affected
 356 person must file a petition with the commission. The commission
 357 shall adopt a form for the petition and directions for filing,
 358 which shall be published on the Building Code Information
 359 System. The form shall, at a minimum, require the following:

360 a. The name of the local government that enacted the
 361 regulation, law, ordinance, policy, amendment, or land use or
 362 zoning provision.

363 b. The name and address of the local government's general
 364 counsel or administrator.

365 c. The name, address, and telephone number of the
 366 petitioner; the name, address, and telephone number of the
 367 petitioner's representative, if any; and an explanation of how
 368 the petitioner's substantial interests are being affected by the
 369 regulation, law, ordinance, policy, amendment, or land use or
 370 zoning provision.

371 d. A statement explaining why the regulation, law,
 372 ordinance, policy, amendment, or land use or zoning provision is
 373 a technical amendment to the Florida Building Code, and which
 374 provisions of the Florida Building Code, if any, are being
 375 amended by the regulation, law, ordinance, policy, amendment, or
 376 land use or zoning provision.

377 3. The petitioner shall serve the petition on the local

576-04235-21

20211146c2

378 government's general counsel or administrator by certified mail,
 379 return receipt requested, and send a copy of the petition to the
 380 commission, in accordance with the commission's published
 381 directions. The local government shall respond to the petition
 382 in accordance with the form by certified mail, return receipt
 383 requested, and send a copy of its response to the commission,
 384 within 14 days after receipt of the petition, including
 385 Saturdays, Sundays, and legal holidays.

386 4. Upon receipt of a petition that meets the requirements
 387 of this paragraph, the commission shall publish the petition,
 388 including any response submitted by the local government, on the
 389 Building Code Information System in a manner that allows
 390 interested persons to address the issues by posting comments.

391 5. Before issuing an advisory opinion, the commission shall
 392 consider the petition, the response, and any comments posted on
 393 the Building Code Information System. The commission may also
 394 provide the petition, the response, and any comments posted on
 395 the Building Code Information System to a technical advisory
 396 committee, and may consider any recommendation provided by the
 397 technical advisory committee. The commission shall issue an
 398 advisory opinion stating whether the regulation, law, ordinance,
 399 policy, amendment, or land use or zoning provision is a
 400 technical amendment to the Florida Building Code within 30 days
 401 after the filing of the petition, including Saturdays, Sundays,
 402 and legal holidays. The commission shall publish its advisory
 403 opinion on the Building Code Information System and in the
 404 Florida Administrative Register. The commission's advisory
 405 opinion is nonbinding and is not a declaratory statement under
 406 s. 120.565.

576-04235-21

20211146c2

407 (5) Notwithstanding subsection (4), counties and
 408 municipalities may adopt by ordinance an administrative or
 409 technical amendment to the Florida Building Code relating to
 410 flood resistance in order to implement the National Flood
 411 Insurance Program or incentives. Specifically, an administrative
 412 amendment may assign the duty to enforce all or portions of
 413 flood-related code provisions to the appropriate agencies of the
 414 local government and adopt procedures for variances and
 415 exceptions from flood-related code provisions other than
 416 provisions for structures seaward of the coastal construction
 417 control line consistent with the requirements in 44 C.F.R. s.
 418 60.6. A technical amendment is authorized to the extent it is
 419 more stringent than the code. A technical amendment is not
 420 subject to the requirements of subsection (4) and may not be
 421 rendered void when the code is updated if the amendment is
 422 adopted for the purpose of participating in the Community Rating
 423 System promulgated pursuant to 42 U.S.C. s. 4022, the amendment
 424 had already been adopted by local ordinance prior to July 1,
 425 2010, or the amendment requires a design flood elevation above
 426 the base flood elevation. Any amendment adopted pursuant to this
 427 subsection shall be transmitted to the commission within 30 days
 428 after being adopted. A municipality, county, or special district
 429 may not use preliminary maps issued by the Federal Emergency
 430 Management Agency for any law, ordinance, rule, or other measure
 431 that has the effect of imposing land use changes.

432 (8) Notwithstanding subsection (3) or subsection (7), the
 433 commission may address issues identified in this subsection by
 434 amending the code ~~under pursuant to~~ the rule adoption procedures
 435 in chapter 120. Updates to the Florida Building Code, including

Page 15 of 34

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

576-04235-21

20211146c2

436 provisions contained in referenced standards and criteria which
 437 relate to wind resistance or the prevention of water intrusion,
 438 may not be amended ~~under pursuant to~~ this subsection to diminish
 439 those standards; however, the commission may amend the Florida
 440 Building Code to enhance such standards. Following the approval
 441 of any amendments to the Florida Building Code by the commission
 442 and publication of the amendments on the commission's website,
 443 authorities having jurisdiction to enforce the Florida Building
 444 Code may enforce the amendments.

445 (a) The commission may approve amendments that are needed
 446 to address:

- 447 1. ~~(a)~~ Conflicts within the updated code;
- 448 2. ~~(b)~~ Conflicts between the updated code and the Florida
 449 Fire Prevention Code adopted under pursuant to chapter 633;
- 450 3. ~~(c)~~ Unintended results from the integration of previously
 451 adopted amendments with the model code;
- 452 4. ~~(d)~~ Equivalency of standards;
- 453 5. ~~(e)~~ Changes to or inconsistencies with federal or state
 454 law; or
- 455 6. ~~(f)~~ Adoption of an updated edition of the National
 456 Electrical Code if the commission finds that delay of
 457 implementing the updated edition causes undue hardship to
 458 stakeholders or otherwise threatens the public health, safety,
 459 and welfare.

460 (b) The commission may issue errata to the code to correct
 461 demonstrated errors in provisions contained within the Florida
 462 Building Code. The determination of such errors and the issuance
 463 of errata to the code must be approved by a 75 percent
 464 supermajority vote of the commission. For purposes of this

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

576-04235-21 20211146c2

465 paragraph, "errata to the code" means a list of errors in
 466 current and previous editions of the Florida Building Code.

467 Section 4. Subsection (7) of section 553.77, Florida
 468 Statutes, is amended to read:

469 553.77 Specific powers of the commission.—

470 (7) Building officials shall recognize and enforce variance
 471 orders issued by the Department of Health under s. 514.0115(9)
 472 ~~pursuant to s. 514.0115(8)~~, including any conditions attached to
 473 the granting of the variance.

474 Section 5. Paragraph (d) is added to subsection (1) of
 475 section 553.79, Florida Statutes, to read:

476 553.79 Permits; applications; issuance; inspections.—

477 (1)

478 (d) A local government may not require a contract between a
 479 builder and an owner for the issuance of a building permit or as
 480 a requirement for the submission of a building permit
 481 application.

482 Section 6. Present subsections (10) through (19) of section
 483 553.791, Florida Statutes, are redesignated as subsections (11)
 484 through (20), respectively, a new subsection (10) and subsection
 485 (21) are added to that section, and subsection (1), paragraph
 486 (b) of subsection (2), subsections (3), (4), and (6), paragraphs
 487 (b) and (d) of subsection (7), subsections (8) and (9), and
 488 present subsections (10), (11), (12), (14), and (15) are
 489 amended, to read:

490 553.791 Alternative plans review and inspection.—

491 (1) As used in this section, the term:

492 (a) "Applicable codes" means the Florida Building Code and
 493 any local technical amendments to the Florida Building Code but

576-04235-21 20211146c2

494 does not include the applicable minimum fire prevention and
 495 firesafety codes adopted pursuant to chapter 633.

496 (b) "Audit" means the process to confirm that the building
 497 code inspection services have been performed by the private
 498 provider, including ensuring that the required affidavit for the
 499 plan review has been properly completed and submitted with
 500 ~~affixed to~~ the permit documents and that the minimum mandatory
 501 inspections required under the building code have been performed
 502 and properly recorded. The local building official may not
 503 replicate the plan review or inspection being performed by the
 504 private provider, unless expressly authorized by this section.

505 (c) "Building" means any construction, erection,
 506 alteration, demolition, or improvement of, or addition to, any
 507 structure or site work for which permitting by a local
 508 enforcement agency is required.

509 (d) "Building code inspection services" means those
 510 services described in s. 468.603(5) and (8) involving the review
 511 of building plans as well as those services involving the review
 512 of site plans and site work engineering plans or their
 513 functional equivalent, to determine compliance with applicable
 514 codes and those inspections required by law, conducted either in
 515 person or virtually, of each phase of construction for which
 516 permitting by a local enforcement agency is required to
 517 determine compliance with applicable codes.

518 (e) "Deliver" or "delivery" means any method of delivery
 519 used in conventional business or commercial practice, including
 520 delivery by electronic transmissions.

521 (f) "Duly authorized representative" means an agent of the
 522 private provider identified in the permit application who

576-04235-21

20211146c2

523 reviews plans or performs inspections as provided by this
 524 section and who is licensed as an engineer under chapter 471 or
 525 as an architect under chapter 481 or who holds a standard
 526 certificate under part XII of chapter 468.

527 (g) "Electronically posted" means providing notices of
 528 decisions, results, or records, including inspection records,
 529 through the use of a website or other form of electronic
 530 communication used to transmit or display information.

531 (h) "Electronic signature" means any letters, characters,
 532 or symbols manifested by electronic or similar means which are
 533 executed or adopted by a party with an intent to authenticate a
 534 writing or record.

535 (i) "Electronic transmission" or "submitted electronically"
 536 means any form or process of communication not directly
 537 involving the physical transfer of paper or another tangible
 538 medium which is suitable for the retention, retrieval, and
 539 reproduction of information by the recipient and is retrievable
 540 in paper form by the receipt through an automated process. All
 541 notices provided for in this section may be transmitted
 542 electronically and shall have the same legal effect as if
 543 physically posted or mailed.

544 (j)-(f) "Immediate threat to public safety and welfare"
 545 means a building code violation that, if allowed to persist,
 546 constitutes an immediate hazard that could result in death,
 547 serious bodily injury, or significant property damage. This
 548 paragraph does not limit the authority of the local building
 549 official to issue a Notice of Corrective Action at any time
 550 during the construction of a building project or any portion of
 551 such project if the official determines that a condition of the

576-04235-21

20211146c2

552 building or portion thereof may constitute a hazard when the
 553 building is put into use following completion as long as the
 554 condition cited is shown to be in violation of the building code
 555 or approved plans.

556 (k)-(g) "Local building official" means the individual
 557 within the governing jurisdiction responsible for direct
 558 regulatory administration or supervision of plans review,
 559 enforcement, and inspection of any construction, erection,
 560 alteration, demolition, or substantial improvement of, or
 561 addition to, any structure for which permitting is required to
 562 indicate compliance with applicable codes and includes any duly
 563 authorized designee of such person.

564 (l)-(h) "Permit application" means a properly completed and
 565 submitted application for the requested building or construction
 566 permit, including:

- 567 1. The plans reviewed by the private provider.
- 568 2. The affidavit from the private provider required under
- 569 subsection (6).
- 570 3. Any applicable fees.
- 571 4. Any documents required by the local building official to
- 572 determine that the fee owner has secured all other government
- 573 approvals required by law.

574 (m)-(i) "Plans" means building plans, site engineering
 575 plans, or site plans, or their functional equivalent, submitted
 576 by a fee owner or fee owner's contractor to a private provider
 577 or duly authorized representative for review.

578 (n)-(j) "Private provider" means a person licensed as a
 579 building code administrator under part XII of chapter 468, as an
 580 engineer under chapter 471, or as an architect under chapter

576-04235-21

20211146c2

581 481. For purposes of performing inspections under this section
 582 for additions and alterations that are limited to 1,000 square
 583 feet or less to residential buildings, the term "private
 584 provider" also includes a person who holds a standard
 585 certificate under part XII of chapter 468.

586 (o) "Qualified private provider" means a private provider
 587 who has previously performed plans review and inspection
 588 services in the local jurisdiction and has registered with the
 589 local enforcing agency by providing the local building official
 590 with the private provider's name, firm, address, telephone
 591 number, and e-mail address; his or her professional license or
 592 certification number, qualification statements, or resumes; and,
 593 if required by the local building official, a certificate of
 594 insurance demonstrating that professional liability insurance
 595 coverage is in place for the private provider's firm, the
 596 private provider, and any duly authorized representative in the
 597 amounts required by this section. This information must be
 598 submitted on an annual basis to the local jurisdiction in order
 599 to maintain qualifying status. If at any time any of the
 600 information submitted to the local jurisdiction changes, the
 601 private provider must contact the local jurisdiction and update
 602 the information within 10 business days after the change. The
 603 local jurisdiction is required to keep a registry of active
 604 qualified private providers.

605 (p)-(k) "Request for certificate of occupancy or certificate
 606 of completion" means a properly completed and executed
 607 application for:

- 608 1. A certificate of occupancy or certificate of completion.
- 609 2. A certificate of compliance from the private provider

576-04235-21

20211146c2

610 required under subsection (12) ~~(11)~~.

611 3. Any applicable fees.

612 4. Any documents required by the local building official to
 613 determine that the fee owner has secured all other government
 614 approvals required by law.

615 (q) "Single-trade inspection" means any inspection focused
 616 on a single construction trade, such as plumbing, mechanical, or
 617 electrical. The term includes, but is not limited to,
 618 inspections of door or window replacements; fences and block
 619 walls more than 6 feet high from the top of the wall to the
 620 bottom of the footing; stucco or plastering; reroofing with no
 621 structural alteration; HVAC replacements; ductwork or fan
 622 replacements; alteration or installation of wiring, lighting,
 623 and service panels; water heater changeouts; sink replacements;
 624 and repiping.

625 (r)-(l) "Site work" means the portion of a construction
 626 project that is not part of the building structure, including,
 627 but not limited to, grading, excavation, landscape irrigation,
 628 and installation of driveways.

629 (s)-(m) "Stop-work order" means the issuance of any written
 630 statement, written directive, or written order which states the
 631 reason for the order and the conditions under which the cited
 632 work will be permitted to resume.

633 (2)

634 (b) If an owner or contractor retains a private provider
 635 for purposes of plans review or building inspection services,
 636 the local jurisdiction must reduce the permit fee by the amount
 637 of cost savings realized by the local enforcement agency for not
 638 having to perform such services. Such reduction may be

576-04235-21 20211146c2

639 calculated on a flat fee or percentage basis, or any other
 640 reasonable means by which a local enforcement agency assesses
 641 the cost for its plans review or inspection services ~~It is the~~
 642 ~~intent of the Legislature that owners and contractors pay~~
 643 ~~reduced fees related to building permitting requirements when~~
 644 ~~hiring a private provider for plans review and building~~
 645 ~~inspections. A local jurisdiction must calculate the cost~~
 646 ~~savings to the local enforcement agency, based on a fee owner or~~
 647 ~~contractor hiring a private provider to perform plans reviews~~
 648 ~~and building inspections in lieu of the local building official,~~
 649 ~~and reduce the permit fees accordingly.~~ The local jurisdiction
 650 may not charge fees for building inspections if the fee owner or
 651 contractor hires a private provider to perform such services;
 652 however, the local jurisdiction may charge a reasonable
 653 administrative fee.

654 (3) A private provider and any duly authorized
 655 representative may only perform building code inspection
 656 services that are within the disciplines covered by that
 657 person's licensure or certification under chapter 468, chapter
 658 471, or chapter 481, including single-trade inspections. A
 659 private provider may not provide building code inspection
 660 services pursuant to this section upon any building designed or
 661 constructed by the private provider or the private provider's
 662 firm.

663 (4) A fee owner or the fee owner's contractor using a
 664 private provider to provide building code inspection services
 665 shall notify the local building official in writing at the time
 666 of permit application, or by 2 p.m. local time, 2 business days
 667 before the first scheduled inspection by the local building

576-04235-21 20211146c2

668 official or building code enforcement agency that ~~for~~ a private
 669 provider has been contracted to perform the ~~performing~~ required
 670 inspections of construction under this section, including
 671 single-trade inspections, on a form to be adopted by the
 672 commission. This notice shall include the following information:
 673 (a) The services to be performed by the private provider.
 674 (b) The name, firm, address, telephone number, and e-mail
 675 address ~~facsimile number~~ of each private provider who is
 676 performing or will perform such services, his or her
 677 professional license or certification number, qualification
 678 statements or resumes, and, if required by the local building
 679 official, a certificate of insurance demonstrating that
 680 professional liability insurance coverage is in place for the
 681 private provider's firm, the private provider, and any duly
 682 authorized representative in the amounts required by this
 683 section.

684
 685 However, the notice is not required to include such information
 686 for private providers who are qualified private providers within
 687 the local jurisdiction and have renewed such designation
 688 pursuant to this section.

689 (c) An acknowledgment from the fee owner in substantially
 690 the following form:

691
 692 I have elected to use one or more private providers to
 693 provide building code plans review and/or inspection
 694 services on the building or structure that is the
 695 subject of the enclosed permit application, as
 696 authorized by s. 553.791, Florida Statutes. I

576-04235-21

20211146c2

697 understand that the local building official may not
 698 review the plans submitted or perform the required
 699 building inspections to determine compliance with the
 700 applicable codes, except to the extent specified in
 701 said law. Instead, plans review and/or required
 702 building inspections will be performed by licensed or
 703 certified personnel identified in the application. The
 704 law requires minimum insurance requirements for such
 705 personnel, but I understand that I may require more
 706 insurance to protect my interests. By executing this
 707 form, I acknowledge that I have made inquiry regarding
 708 the competence of the licensed or certified personnel
 709 and the level of their insurance and am satisfied that
 710 my interests are adequately protected. I agree to
 711 indemnify, defend, and hold harmless the local
 712 government, the local building official, and their
 713 building code enforcement personnel from any and all
 714 claims arising from my use of these licensed or
 715 certified personnel to perform building code
 716 inspection services with respect to the building or
 717 structure that is the subject of the enclosed permit
 718 application.

720 If the fee owner or the fee owner's contractor makes any changes
 721 to the listed private providers or the services to be provided
 722 by those private providers, the fee owner or the fee owner's
 723 contractor shall, within 1 business day after any change or
 724 within 2 business days before the next scheduled inspection,
 725 update the notice to reflect such changes. A change of a duly

Page 25 of 34

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

576-04235-21

20211146c2

726 authorized representative named in the permit application does
 727 not require a revision of the permit, and the building code
 728 enforcement agency shall not charge a fee for making the change.
 729 ~~In addition, the fee owner or the fee owner's contractor shall~~
 730 ~~post at the project site, before the commencement of~~
 731 ~~construction and updated within 1 business day after any change,~~
 732 ~~on a form to be adopted by the commission, the name, firm,~~
 733 ~~address, telephone number, and facsimile number of each private~~
 734 ~~provider who is performing or will perform building code~~
 735 ~~inspection services, the type of service being performed, and~~
 736 ~~similar information for the primary contact of the private~~
 737 ~~provider on the project.~~

738 (6) A private provider performing plans review under this
 739 section shall review the plans to determine compliance with the
 740 applicable codes. Upon determining that the plans reviewed
 741 comply with the applicable codes, the private provider shall
 742 prepare an affidavit or affidavits ~~on a form reasonably~~
 743 ~~acceptable to the commission~~ certifying, under oath, that the
 744 following is true and correct to the best of the private
 745 provider's knowledge and belief:

746 (a) The plans were reviewed by the affiant, who is duly
 747 authorized to perform plans review pursuant to this section and
 748 holds the appropriate license or certificate.

749 (b) The plans comply with the applicable codes.

750
 751 Such affidavit may bear a written or electronic signature and
 752 may be submitted electronically to the local building official.

753 (7)

754 (b) If the local building official provides a written

Page 26 of 34

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

576-04235-21 20211146c2

755 notice of plan deficiencies to the permit applicant within the
 756 prescribed 20-day period, the 20-day period shall be tolled
 757 pending resolution of the matter. To resolve the plan
 758 deficiencies, the permit applicant may elect to dispute the
 759 deficiencies pursuant to subsection (14) ~~(13)~~ or to submit
 760 revisions to correct the deficiencies.

761 (d) If the local building official provides a second
 762 written notice of plan deficiencies to the permit applicant
 763 within the prescribed time period, the permit applicant may
 764 elect to dispute the deficiencies pursuant to subsection (14)
 765 ~~(13)~~ or to submit additional revisions to correct the
 766 deficiencies. For all revisions submitted after the first
 767 revision, the local building official has an additional 5
 768 business days from the date of resubmittal to issue the
 769 requested permit or to provide a written notice to the permit
 770 applicant stating which of the previously identified plan
 771 features remain in noncompliance with the applicable codes, with
 772 specific reference to the relevant code chapters and sections.

773 (8) A private provider performing required inspections
 774 under this section shall inspect each phase of construction as
 775 required by the applicable codes. Such inspection may be
 776 performed in-person or virtually. The private provider may have
 777 ~~shall be permitted to send~~ a duly authorized representative ~~to~~
 778 ~~the building site to~~ perform the required inspections, provided
 779 all required reports are prepared by and bear the written or
 780 electronic signature of the private provider or the private
 781 provider's duly authorized representative. The duly authorized
 782 representative must be an employee of the private provider
 783 entitled to receive reemployment assistance benefits under

Page 27 of 34

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

576-04235-21 20211146c2

784 chapter 443. The contractor's contractual or legal obligations
 785 are not relieved by any action of the private provider.

786 (9) A private provider performing required inspections
 787 under this section shall provide notice to the local building
 788 official of the date and approximate time of any such inspection
 789 no later than the prior business day by 2 p.m. local time or by
 790 any later time permitted by the local building official in that
 791 jurisdiction. The local building official may not prohibit the
 792 private provider from performing any inspection outside the
 793 local building official's normal operating hours, including
 794 after hours, weekends, or holidays. The local building official
 795 may visit the building site as often as necessary to verify that
 796 the private provider is performing all required inspections. A
 797 deficiency notice must be posted ~~at the job site~~ by the private
 798 provider, the duly authorized representative of the private
 799 provider, or the building department whenever a noncomplying
 800 item related to the building code or the permitted documents is
 801 found. Such notice may be physically posted at the job site or
 802 electronically posted. After corrections are made, the item must
 803 be reinspected by the private provider or representative before
 804 being concealed. Reinspection or reaudit fees shall not be
 805 charged by the local jurisdiction as a result of the local
 806 jurisdiction's audit inspection occurring before the performance
 807 of the private provider's inspection or for any other
 808 administrative matter not involving the detection of a violation
 809 of the building code or a permit requirement.

810 (10) If equipment replacements and repairs must be
 811 performed in an emergency situation, subject to the emergency
 812 permitting provisions of the Florida Building Code, a private

Page 28 of 34

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

576-04235-21 20211146c2

813 provider may perform emergency inspection services without first
 814 notifying the local building official pursuant to subsection
 815 (9). A private provider must conduct the inspection within 3
 816 business days after being contacted to conduct an emergency
 817 inspection and must submit the inspection report to the local
 818 building official within 1 day after the inspection is
 819 completed.

820 ~~(11)(10)~~ Upon completing the required inspections at each
 821 applicable phase of construction, the private provider shall
 822 record such inspections on a form acceptable to the local
 823 building official. The form must bear the written or electronic
 824 signature of ~~be signed by~~ the provider or the provider's duly
 825 authorized representative. These inspection records shall
 826 reflect those inspections required by the applicable codes of
 827 each phase of construction for which permitting by a local
 828 enforcement agency is required. The private provider, upon
 829 completion of the required inspection before leaving the project
 830 ~~site~~, shall post each completed inspection record, indicating
 831 pass or fail, ~~at the site~~ and provide the record to the local
 832 building official within 2 business days. Such inspection record
 833 may be electronically posted by the private provider or the
 834 private provider may post such inspection record physically at
 835 the project site. The private provider may electronically
 836 transmit the record to the local building official. The local
 837 building official may waive the requirement to provide a record
 838 of each inspection within 2 business days if the record is
 839 electronically posted or posted at the project site and all such
 840 inspection records are submitted with the certificate of
 841 compliance. Unless the records have been electronically posted,

Page 29 of 34

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

576-04235-21 20211146c2

842 records of all required and completed inspections shall be
 843 maintained at the building site at all times and made available
 844 for review by the local building official. The private provider
 845 shall report to the local enforcement agency any condition that
 846 poses an immediate threat to public safety and welfare.

847 ~~(12)(11)~~ Upon completion of all required inspections, the
 848 private provider shall prepare a certificate of compliance, on a
 849 form acceptable to the local building official, summarizing the
 850 inspections performed and including a written representation,
 851 under oath, that the stated inspections have been performed and
 852 that, to the best of the private provider's knowledge and
 853 belief, the building construction inspected complies with the
 854 approved plans and applicable codes. The statement required of
 855 the private provider shall be substantially in the following
 856 form and shall be signed and sealed by a private provider as
 857 established in subsection (1) or may be electronically
 858 transmitted to the local building official:

859
 860 To the best of my knowledge and belief, the building
 861 components and site improvements outlined herein and
 862 inspected under my authority have been completed in
 863 conformance with the approved plans and the applicable
 864 codes.

865
 866 ~~(13)(12)~~ No more than 2 business days after receipt of a
 867 request for a certificate of occupancy or certificate of
 868 completion and the applicant's presentation of a certificate of
 869 compliance and approval of all other government approvals
 870 required by law, the local building official shall issue the

Page 30 of 34

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

576-04235-21 20211146c2

871 certificate of occupancy or certificate of completion or provide
 872 a notice to the applicant identifying the specific deficiencies,
 873 as well as the specific code chapters and sections. If the local
 874 building official does not provide notice of the deficiencies
 875 within the prescribed 2-day period, the request for a
 876 certificate of occupancy or certificate of completion shall be
 877 deemed granted and the certificate of occupancy or certificate
 878 of completion shall be issued by the local building official on
 879 the next business day. To resolve any identified deficiencies,
 880 the applicant may elect to dispute the deficiencies pursuant to
 881 subsection (14) ~~(13)~~ or to submit a corrected request for a
 882 certificate of occupancy or certificate of completion.

883 (15) ~~(14)~~ For the purposes of this section, any notice to be
 884 provided by the local building official shall be deemed to be
 885 provided to the person or entity when successfully transmitted
 886 to the e-mail address ~~facsimile number~~ listed for that person or
 887 entity in the permit application or revised permit application,
 888 or, if no e-mail address ~~facsimile number~~ is stated, when
 889 actually received by that person or entity.

890 (16) (a) ~~(15) (a)~~ A local enforcement agency, local building
 891 official, or local government may not adopt or enforce any laws,
 892 rules, procedures, policies, qualifications, or standards more
 893 stringent than those prescribed by this section.

894 (b) A local enforcement agency, local building official, or
 895 local government may establish, for private providers and duly
 896 authorized representatives working within that jurisdiction, a
 897 system of registration to verify compliance with the licensure
 898 requirements of paragraph (1) (n) ~~(1) (j)~~ and the insurance
 899 requirements of subsection (17). Such registration must be

576-04235-21 20211146c2

900 distinct from the registry of qualified private providers ~~(16)~~.

901 (c) This section does not limit the authority of the local
 902 building official to issue a stop-work order for a building
 903 project or any portion of the project, as provided by law, if
 904 the official determines that a condition on the building site
 905 constitutes an immediate threat to public safety and welfare.

906 (21) Notwithstanding any other law, a county, a
 907 municipality, a school district, or an independent special
 908 district may use a private provider to provide building code
 909 inspection services for a public works project, an improvement,
 910 a building, or any other structure pursuant to this section.

911 Section 7. Paragraph (a) of subsection (8) of section
 912 553.842, Florida Statutes, is amended to read:

913 553.842 Product evaluation and approval.—

914 (8) The commission may adopt rules to approve the following
 915 types of entities that produce information on which product
 916 approvals are based. All of the following entities, including
 917 engineers and architects, must comply with a nationally
 918 recognized standard demonstrating independence or no conflict of
 919 interest:

920 (a) Evaluation entities approved under ~~pursuant to~~ this
 921 paragraph or that meet the criteria for approval adopted by the
 922 commission by rule. The commission shall specifically approve
 923 the National Evaluation Service, the International Association
 924 of Plumbing and Mechanical Officials Evaluation Service, the

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/CS/SB 1166 amends section 20.316, Florida Statutes, to retain the creation of a new program entitled “Accountability and Program Support” and the revision of the name of an existing program, “Prevention and Victim Services” to “Prevention Services” within the Department of Juvenile Justice (DJJ).

This bill amends section 985.101, Florida Statutes, to revise the circumstances under which a child may be taken into custody for a failure to appear by requiring the court to consider whether the child’s nonappearance was willful based on certain factors.

This bill amends section 985.435, Florida Statutes, to require each judicial circuit to jointly develop a plan specifying the alternative consequence component for when a child violates probation.

This bill amends section 985.6865, Florida Statutes, to ensure that only a county that is not fiscally constrained and that does not provide for its own detention care contributes 50 percent of the detention cost.

This bill amends section 1003.52, Florida Statutes, to add a new subsection that authorizes the department in consultation with the Department of Education to evaluate the viability of an

alternative model for providing and funding education services for youth in detention and residential commitment for Fiscal Year 2021-2022.

The DJJ indicates that there will be an indeterminate positive fiscal impact. See Section V. Fiscal Impact Statement.

This bill is effective July 1, 2021.

II. Present Situation:

The DJJ has traditionally managed juveniles under a rehabilitative model of justice.¹ The mission of the DJJ is to increase public safety by reducing juvenile delinquency through effective prevention, intervention, and treatment services that strengthen families and turn around the lives of troubled youth.² The secretary of the DJJ is appointed by the Governor and tasked with carrying out programs to help achieve this mission.

Programs within the Department of Juvenile Justice

Section 20.316, F.S., establishes six programs within the DJJ. The secretary of the DJJ appoints an assistant secretary to oversee these programs. The following DJJ programs have been established by law:

- Accountability and Program Support (OAPS). The OAPS emphasizes the DJJ's commitment to ensuring programs operated or contracted by the DJJ effectively provide for the safety, well-being, and treatment of youth under the state's care.³
- Administration. The Office of Administrative Services is responsible for providing services to department staff, including but not limited to, financial, computer information systems, personnel, and general services.^{4, 5}
- Intake and Detention. Detention is the custody status for youth that are held pursuant to a court order or after being taken into custody for a violation of the law. The DJJ operates 21 secure detention centers in 21 counties.⁶
- Prevention. The Prevention program offers voluntary youth crime prevention programs throughout the state.⁷
- Probation and Community Corrections. When a youth is charged with a crime they may be referred to diversion, court ordered sanctions, or probation. Each youth is assigned a

probation officer who monitors compliance and helps the youth connect with service providers.⁸

- Residential and Correctional Facilities. The Office of Residential Services oversees the Department's development, maintenance, and management of facilities and programs that meet the needs of Florida's adjudicated delinquent youths and promote public safety.⁹

In order to carry out his or her duties, the secretary assigns an assistant secretary to administer each program. The OAPS emphasizes the DJJ's commitment to ensuring programs operated or contracted by the DJJ effectively provide for the safety, well-being, and treatment of youth under the state's care.¹⁰

The implementing bill for the General Appropriations Act for FY 2020-21 created the program of the OAPS in s. 20.316, F.S. This allowed the secretary to appoint an assistant secretary to oversee the OAPS. Section 65 of the implementing bill, which provided the changes to s. 20.316, F.S., will expire on July 1, 2021, and revert back to what it was on June 30, 2020.^{11,12} Without such a change, the DJJ will no longer have the OAPS and the Prevention program will revert back to Prevention and Victim Services.

The secretary of the DJJ is responsible for planning, coordinating, and managing the delivery of all programs and services within the DJJ.¹³ The secretary has many duties, including but not limited to:

- Ensuring that programs and services are implemented according to legislative intent; state and federal laws, rules, and regulations; statewide program standards; and performance objectives by reviewing and monitoring regional and circuit program operations and providing technical assistance to those programs.
- Identifying the need for and recommending the funding and implementation of an appropriate mix of programs and services, including prevention, diversion, nonresidential and residential commitment programs, training schools, and conditional release programs and services, with an overlay of educational, vocational, alcohol, drug abuse, and mental health services, where appropriate.
- Establishing program policies and rules and ensuring that those policies and rules encourage cooperation, collaboration, and information sharing with community partners in the juvenile justice system to the extent authorized by law.¹⁴

¹¹ Chapter 2020-114 s. 64, Laws of Fla.

¹² Section 20.316, F.S. (2019), established 5 programs within the DJJ. The following DJJ programs have been established by this section: Prevention and Victim Services; Intake and Detention; Residential and Correctional Facilities; Probation and Community Corrections; and Administration.

¹³ Section 20.316(1)(a) and (b), F.S.

¹⁴ Section 20.316(1), F.S.

Detention of Children in Florida

A child may only be taken into custody of the DJJ under certain circumstances. A child may be taken into custody:

- Pursuant to an order of the circuit court issued under ch. 985, F.S., based on sworn testimony, either before or after a petition is filed;
- For a delinquent act or violation of law;
- By a law enforcement officer for failing to appear at a court hearing after being properly noticed; or
- By a law enforcement officer who has probable cause to believe that the child is in violation of the child's probation, supervised release detention, postcommitment probation, or conditional release supervision; has absconded from nonresidential commitment; or has escaped from residential commitment.¹⁵

A child is entitled to a hearing within 24 hours of being taken into custody or placed in detention care. At the hearing, the court may order continued detention care if:

- The result of the risk assessment instrument pursuant to s. 985.245, F.S., indicates secure or supervised release detention.
- The child is alleged to be an escapee from a residential commitment program; or an absconder from a nonresidential commitment program, a probation program, or conditional release supervision; or is alleged to have escaped while being lawfully transported to or from a residential commitment program.
- The child is detained on a judicial order for failure to appear, after proper notice:
 - For an adjudicatory hearing on the same case regardless of the results of the risk assessment instrument; or
 - At two or more court hearings of any nature on the same case regardless of the results of the risk assessment instrument.¹⁶

A child may be held in secure detention for up to 72 hours in advance of the next scheduled court hearing for any of the above reasons. A child's failure to keep the clerk of court and defense counsel informed of a current mailing address is not an adequate excuse for the child's failure to appear.¹⁷

"Detention care" means "the temporary care of a child in secure, or supervised release detention, pending a court adjudication or disposition or execution of a court order."¹⁸ There are two types of detention care, including:

- "Secure detention" which is the temporary custody of a child while he or she is under the physical restriction of a secure detention center or facility pending adjudication, disposition, or placement.
- "Supervised release detention" which is the temporary, nonsecure custody of a child while the child is released to the custody of a parent, guardian, or custodian in a physically nonrestrictive environment under the supervision of department staff pending adjudication or

¹⁵ Section 985.101(1)(a)-(d), F.S.

¹⁶ Section 985.255(1), F.S.

¹⁷ *Id.*

¹⁸ Section 985.03(18), F.S.

disposition, through programs that include, but are not limited to, electronic monitoring, day reporting centers, and nonsecure shelters, in addition to other court-imposed requirements.¹⁹

Generally, a child may not be held in detention care for more than 21 days, unless an adjudicatory hearing for the case has been commenced in good faith by the court. The court may extend the length of detention for an additional nine days if the child is charged with certain offenses, and there is good cause shown that the nature of the charge requires additional time for the prosecution or defense of the case. Additionally, a prolific juvenile²⁰ offender must be placed on supervised release detention care with electronic monitoring or in secure detention care under a special detention order.²¹

Juvenile Detention Cost Sharing

Detention cost sharing was previously governed by s. 985.686, F.S., and provided that non-fiscally constrained counties were responsible to pay all the costs of providing preadjudicatory detention care, exclusive of the costs of any nonmedical educational or therapeutic services. Section 985.686, F.S., required the state to pay all detention care costs of fiscally constrained counties.²² This cost sharing methodology led to litigation between counties and the DJJ.

In 2016, as a response to the litigation on cost sharing, the Legislature passed s. 985.6865, F.S., creating a new cost sharing methodology. The passage of s. 985.6865, F.S., has rendered s. 985.686, F.S., obsolete.

Section 985.6865, F.S., provides that, notwithstanding s. 985.686, F.S., each fiscal year, every county that is not fiscally constrained²³ and that has dismissed any action or claim described in s. 985.6865(2), F.S.,²⁴ must pay 50 percent of the total shared detention cost.²⁵

The DJJ calculates a county's annual percentage share by dividing the total number of detention days for juveniles residing in the non-fiscally constrained county for the most recently completed 12-month period by the total number of detention days for juveniles in all non-fiscally constrained counties. The county must pay 50 percent of the annual percentage share in 12 equal payments, due on the first day of each month.²⁶

¹⁹ *Id.*

²⁰ Section 985.255, F.S., provides that a "prolific juvenile offender" means a child that is charged with a delinquent act that would be a felony if committed by an adult, has a prior adjudication or adjudication withheld for a delinquent act that would be a felony if committed by an adult, and has 5 or more arrests, adjudications, or adjudications withheld, 3 of which must have been felony offenses.

²¹ Section 985.26, F.S.

²² Section 985.686(3) and (4), F.S.

²³ Section 985.6865(3)(b), F.S., defines "fiscally constrained county" as a county within a rural area of opportunity as designated by the Governor pursuant to s. 288.0656, F.S., or each county for which the value of a mill will raise no more than \$5 million in revenue, based on the certified school taxable value certified pursuant to s. 1011.62(4)(a)1.a., F.S., from the previous July 1.

²⁴ Various counties and the DJJ have engaged in a multitude of legal proceedings, including administrative or judicial claims, regarding detention cost sharing for juveniles. Such litigation has largely focused on how the DJJ calculates the detention costs that the counties are responsible for paying, leading to the overbilling of counties for a period of years. Section 985.6865(1) and (2), F.S.

²⁵ Section 985.6865(4), F.S.

²⁶ *Id.*

Counties that are required to pay their share of detention costs must incorporate sufficient funds to pay its share of detention costs into its annual budget.²⁷ Funds paid by the counties to the DJJ under this section must be deposited into the Shared County/State Juvenile Detention Trust Fund.²⁸ The DJJ will determine quarterly whether counties are complying with this section.²⁹

The State must pay all costs of detention care for juveniles:

- Residing in a fiscally constrained county;
- Residing out of State; or
- Housed in state detention centers from counties that provide their own detention care for juveniles.³⁰

Section 985.6865, F.S., also contains language that refers back to past litigation arising from s. 985.686, F.S. This language is outdated and has become obsolete.

Violation of Probation

After a child is found to have committed a delinquent act, the court must hold a disposition hearing.³¹ At the disposition hearing, the court must determine whether the child will be committed to the DJJ or receive community based sanctions. If the court determines not to commit the child to the DJJ, the court must determine what community-based sanctions it will impose in a probation program for the child. Community-based sanctions may include, but are not limited to:

- Participation in substance abuse treatment.
- A day-treatment probation program.
- Restitution in money or in kind.
- A curfew.
- Revocation or suspension of the driver license of the child.
- Community service.
- Appropriate educational programs as determined by the district school board.³²

A probation program for a child adjudicated delinquent must include a penalty component,³³ and a rehabilitative program component.³⁴ A probation program may also include an alternative consequence component to address instances in which a child is noncompliant with technical conditions of his or her probation but has not committed any new law violations. The alternative consequence component is designed to provide swift and appropriate consequences to any noncompliance with technical conditions of probation. If the probation program includes this

²⁷ Section 985.6865(6), F.S.

²⁸ Section 985.6865(7), F.S.

²⁹ Section 985.6865(8), F.S.

³⁰ Section 985.6865(5), F.S.

³¹ Section 985.433, F.S.

³² Section 985.433(8), F.S.

³³ Section 985.435(2), F.S., provides a penalty component that may include restitution, community service, a curfew, revocation or suspension of the driver license, or other nonresidential punishment appropriate to the offense.

³⁴ Section 985.435(3), F.S., provides a rehabilitative component that may include a substance abuse treatment program, or a school or career and technical education program.

component, specific consequences that apply to noncompliance with specific technical conditions of probation must be detailed in the disposition order.³⁵

The state attorney or the DJJ may bring a child before the court on a petition alleging a violation of probation if sanctions are sought.³⁶ A child taken into custody on an alleged violation of probation must be screened and either detained or released based on his or her risk assessment instrument score.³⁷ If the child admits to the violation, or the court finds that the child has violated his or her probation, the court must enter a new disposition order. The court may impose any sanction that the court could have imposed at the original disposition hearing.³⁸ The court may:

- Place the child in supervised release detention with electronic monitoring.
- If the violation of probation is technical in nature and not a new law violation, place the child in an alternative consequence program designed to provide swift and appropriate consequences to any further violations of probation.
 - Alternative consequence programs must be established, within existing resources, at the local level in coordination with law enforcement agencies, the chief judge of the circuit, the state attorney, and the public defender.
 - Alternative consequence programs may be operated by an entity such as a law enforcement agency, the DJJ, a juvenile assessment center, a county or municipality, or another entity selected by the DJJ.
 - Upon placing a child in an alternative consequence program, the court must approve specific consequences for specific violations of the conditions of probation.
- Modify or continue the child’s probation program.
- Revoke probation and commit the child to the DJJ.³⁹

Additionally, the court may order the child submit to random testing to detect the use of alcohol or controlled substances at the time of disposition.⁴⁰

III. Effect of Proposed Changes:

This bill amends s. 20.316, F.S., to retain the program entitled “Accountability and Program Support” within the Department of Juvenile Justice (DJJ). This program was created in statute by the implementing bill for the General Appropriations Act for FY 2020-21.⁴¹ This change will also allow the secretary to keep the assistant secretary that was appointed for the program. The bill also retains the change made to s. 20.316, F.S., by the implementing bill for the General Appropriations Act for FY 2020-21, that revised the name of the existing program, “Prevention and Victim Services,” to “Prevention Services.”⁴² This change is because the DJJ has not provided victim services for numerous years.

³⁵ Section 985.435(4), F.S.

³⁶ Section 985.439(1)(b), F.S.

³⁷ Section 985.439(2), F.S.

³⁸ Section 985.439(4), F.S.

³⁹ Section 985.439(4)(a)-(d), F.S.

⁴⁰ Section 985.439(5), F.S.

⁴¹ Chapter 2020-114 s. 64, Laws of Fla.

⁴² *Id.*

This bill amends s. 985.101, F.S., providing a court may order that a child be taken into custody for a failure to appear. Before the court issues such an order, it must consider all of the following information relating to whether the child's nonappearance was willful:

- Whether notice was sent to the address in the official court record.
- Whether notice was given to the child in any format by anyone.
- Whether counsel, if any, for the child had contact or attempted to have contact with the child.
- Whether a DJJ representative had contact or attempted to have contact with the child.
- Whether the DJJ has any specific information to assist the court in this decision.

This bill amends s. 985.435, F.S., providing that each judicial circuit must develop a written plan specifying the alternative consequence component. These plans must be based upon the principle that sanctions must reflect:

- The seriousness of the violation.
- The assessed criminogenic needs and risks of the child.
- The child's age and maturity level.
- How effective the sanction or incentive will be in moving the child to compliant behavior.

The plan must be made in consultation with the judges, the state attorney, the public defender, the relevant law enforcement agency in the judicial circuit, and the DJJ.

This bill also amends s. 985.6865, F.S., to ensure that only a county that is not fiscally constrained and that does not provide for its own detention care contributes 50 percent of the detention cost. This bill also removes language related to detention cost sharing that is no longer relevant.

This bill repeals s. 985.686, F.S. Section 985.686, F.S., formerly provided for a detention cost sharing plan between the DJJ and counties. This cost sharing plan is now governed by s. 985.6865, F.S.

This bill amends s. 1003.52, F.S., to add a new subsection that authorizes the department in consultation with the Department of Education to evaluate the viability of an alternative model for providing and funding educational services for youth in detention and residential commitment for Fiscal Year 2021-2022. The model is required to provide for assessments and direct educational services, including special education and career and technical educational services, transitional planning; educational program accountability standards; research-based best practices for educating justice-involved youth; and the recruiting, hiring, and training of teachers. This subsection expires on June 1, 2022.

Additionally, for purposes of incorporating the amendments made by this act, this bill reenacts ss. 960.001, 985.439, and 985.565, F.S.

This bill is effective July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The DJJ indicates this PCS/CS/SB 1166 will have an indeterminate cost savings. The bill will likely decrease the number of youth held in secure detention for a failure to appear or violation of probation, therefore providing a cost savings for the state and the counties (who share in the cost of detention).⁴³

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

⁴³ Department of Juvenile Justice, *2021 Agency Analysis of SB 1166* (February 22, 2021). On file with the Senate Committee on Criminal Justice.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 20.316, 985.101, 985.435, 985.6865, and 1003.52.

This bill repeals section 985.686 of the Florida Statutes.

This bill reenacts the following sections of the Florida Statutes: 960.001, 985.439, and 985.565.

IX. Additional Information:

- A. **Committee Substitute – Statement of Substantial Changes:**
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

Recommended CS/CS by Appropriations Subcommittee on Criminal and Civil Justice on March 17, 2021:

The committee substitute amends s. 1003.52, F.S., to add a new subsection that authorizes the department in consultation with the Department of Education to evaluate the viability of an alternative model for providing and funding education services for youth in detention and residential commitment for Fiscal Year 2021-2022.

CS by Criminal Justice on March 9, 2021:

The committee substitute:

- Amends s. 985.101, F.S., providing that a court may take a child into custody for failing to appear. Prior to issuing such order, the court must consider specified criteria to determine the child's nonappearance was willful.
- Amends s. 985.435, F.S., to provide that each circuit must develop, in consultation with judges, the state attorney, the public defender, relevant law enforcement agencies, and the DJJ, a written plan specifying the alternative sanctions and incentives for noncompliance with probation.
- Reenacts various statutes.

- B. **Amendments:**

None.

(Appropriations Subcommittee on Criminal and Civil Justice)

A bill to be entitled

An act relating to juvenile justice; amending s. 20.316, F.S.; creating the Accountability and Program Support Program within the Department of Juvenile Justice and revising the name of an existing program; amending s. 985.101, F.S.; authorizing a court to order that a child be taken into custody for failure to appear; requiring a court to consider specified information before it issues such an order; amending s. 985.435, F.S.; requiring each judicial circuit to develop, in consultation with specified persons and entities, a written plan specifying the alternative consequence component which must be based upon certain principles; providing that the alternative consequence component is designed to provide swift and appropriate consequences or incentives to a child who is alleged to be noncompliant with or in violation of probation; repealing s. 985.686, F.S., relating to the shared county and state financial support responsibility for juvenile detention; amending s. 985.6865, F.S.; deleting provisions relating to legislative findings and intent; requiring the Department of Juvenile Justice to calculate annually by a certain date and provide to each county that is not a fiscally constrained county and that does not provide its own detention care for juveniles its annual percentage share of detention costs; requiring each county that

891930

576-03014-21

is not a fiscally constrained county and that does not provide its own detention care for juveniles to incorporate into its annual county budget sufficient funds to pay its annual percentage share of detention costs; amending s. 1003.52, F.S.; authorizing the Department of Juvenile Justice, in consultation with the Department of Education, to evaluate the viability of an alternative model for providing and funding education services for youth in detention and residential facilities; providing requirements; providing for expiration; reenacting ss. 960.001(1)(b) and 985.439(2), F.S., relating to guidelines for fair treatment of victims and witnesses in the criminal justice and juvenile justice systems and violation of probation or postcommitment probation, respectively, to incorporate the amendment made to s. 985.101, F.S., in references thereto; reenacting s. 985.565(4)(b), F.S., relating to sentencing alternatives, to incorporate the amendment made to s. 985.435, F.S., in a reference thereto; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Upon the expiration and reversion of the amendment made to section 20.316, Florida Statutes, pursuant to section 65 of chapter 2020-114, Laws of Florida, subsections (2) and (3) of section 20.316, Florida Statutes, are amended to read:

20.316 Department of Juvenile Justice.—There is created a

891930

576-03014-21

57 Department of Juvenile Justice.

58 (2) DEPARTMENT PROGRAMS.—The following programs are
59 established within the Department of Juvenile Justice:

60 (a) Accountability and Program Support.

61 ~~(d)(a) Prevention and Victim Services.~~

62 ~~(c)(b) Intake and Detention.~~

63 ~~(f)(e) Residential and Correctional Facilities.~~

64 ~~(e)(d) Probation and Community Corrections.~~

65 ~~(b)(e) Administration.~~

66
67 The secretary may establish assistant secretary positions and a
68 chief of staff position as necessary to administer the
69 requirements of this section.

70 (3) JUVENILE JUSTICE OPERATING CIRCUITS.—The department
71 shall plan and administer its programs through a substate
72 structure that conforms to the boundaries of the judicial
73 circuits prescribed in s. 26.021. A county may seek placement in
74 a juvenile justice operating circuit other than as prescribed in
75 s. 26.021 for participation in the ~~Prevention and Victim~~
76 ~~Services Program~~ and the Probation and Community Corrections
77 Program by making a request of the chief circuit judge in each
78 judicial circuit affected by such request. Upon a showing that
79 geographic proximity, community identity, or other legitimate
80 concern for efficiency of operations merits alternative
81 placement, each affected chief circuit judge may authorize the
82 execution of an interagency agreement specifying the alternative
83 juvenile justice operating circuit in which the county is to be
84 placed and the basis for the alternative placement. Upon the
85 execution of said interagency agreement by each affected chief

891930

576-03014-21

86 circuit judge, the secretary may administratively place a county
87 in an alternative juvenile justice operating circuit pursuant to
88 the agreement.

89 Section 2. Subsection (5) is added to section 985.101,
90 Florida Statutes, to read:

91 985.101 Taking a child into custody.—

92 (5) A court may order that a child be taken into custody
93 for failure to appear. Before the court issues such an order, it
94 must consider all of the following information relating to
95 whether the child's nonappearance was willful:

96 (a) Whether notice was sent to the address in the official
97 court record.

98 (b) Whether notice was given to the child in any format by
99 anyone.

100 (c) Whether counsel, if any, for the child had contact or
101 attempted to have contact with the child.

102 (d) Whether a department representative had contact or
103 attempted to have contact with the child.

104 (e) Whether the department has any specific information to
105 assist the court in this decision.

106 Section 3. Subsection (4) of section 985.435, Florida
107 Statutes, is amended to read:

108 985.435 Probation and postcommitment probation; community
109 service.—

110 (4) A probation program may also include an alternative
111 consequence component to address instances in which a child is
112 noncompliant with technical conditions of his or her probation
113 but has not committed any new violations of law. Each circuit
114 shall develop, in consultation with judges, the state attorney,

891930

576-03014-21

115 the public defender, relevant law enforcement agencies, and the
116 department, a written plan specifying the alternative
117 consequence component which must be based upon the principle
118 that sanctions must reflect the seriousness of the violation,
119 the assessed criminogenic needs and risks of the child, the
120 child's age and maturity level, and how effective the sanction
121 or incentive will be in moving the child to compliant behavior.
122 The alternative consequence component is designed to provide
123 swift and appropriate consequences or incentives to a child who
124 is alleged to be noncompliant with or in violation of to any
125 noncompliance with technical conditions of probation. If the
126 probation program includes this component, specific consequences
127 that apply to noncompliance with specific technical conditions
128 of probation, as well as incentives used to move the child
129 toward compliant behavior, must be detailed in the disposition
130 order.

131 Section 4. Section 985.686, Florida Statutes, is repealed.

132 Section 5. Subsections (1) through (6) of section 985.6865,
133 Florida Statutes, are amended to read:

134 985.6865 Juvenile detention.-

135 ~~(1) The Legislature finds that various counties and the~~
136 ~~Department of Juvenile Justice have engaged in a multitude of~~
137 ~~legal proceedings regarding detention cost sharing for~~
138 ~~juveniles. Such litigation has largely focused on how the~~
139 ~~Department of Juvenile Justice calculates the detention costs~~
140 ~~that the counties are responsible for paying, leading to the~~
141 ~~overbilling of counties for a period of years. Additionally,~~
142 ~~litigation pending in 2016 is a financial burden on the~~
143 ~~taxpayers of this state.~~

891930

576-03014-21

144 ~~(2) It is the intent of the Legislature that all counties~~
145 ~~that are not fiscally constrained counties and that have pending~~
146 ~~administrative or judicial claims or challenges file a notice of~~
147 ~~voluntary dismissal with prejudice to dismiss all actions~~
148 ~~pending on or before February 1, 2016, against the state or any~~
149 ~~state agency related to juvenile detention cost sharing.~~
150 Furthermore, all counties that are not fiscally constrained
151 shall execute a release and waiver of any existing or future
152 claims and actions arising from detention cost share prior to
153 the 2016-2017 fiscal year. The department may not seek
154 reimbursement from counties complying with this subsection for
155 any underpayment for any cost-sharing requirements before the
156 2016-2017 fiscal year.

157 ~~(1)(3)~~ As used in this section, the term:

158 (a) "Detention care" means secure detention and respite
159 beds for juveniles charged with a domestic violence crime.

160 (b) "Fiscally constrained county" means a county within a
161 rural area of opportunity as designated by the Governor pursuant
162 to s. 288.0656 or each county for which the value of a mill will
163 raise no more than \$5 million in revenue, based on the certified
164 school taxable value certified pursuant to s. 1011.62(4)(a)1.a.,
165 from the previous July 1.

166 (c) "Total shared detention costs" means the amount of
167 funds expended by the department for the costs of detention care
168 for the prior fiscal year. This amount includes the most recent
169 actual certify forward amounts minus any funds it expends on
170 detention care for juveniles residing in fiscally constrained
171 counties or out of state.

172 ~~(2)(4) Notwithstanding s. 985.686, for the 2017-2018 fiscal~~

891930

576-03014-21

173 ~~year, and each fiscal year thereafter, each county that is not a~~
174 ~~fiscally constrained county and that has taken the action~~
175 ~~fulfilling the intent of this section as described in subsection~~
176 ~~(2) shall pay its annual percentage share of 50 percent of the~~
177 ~~total shared detention costs. By Annually by July 15, 2017, and~~
178 ~~each year thereafter, the department shall calculate and provide~~
179 ~~to each county that is not a fiscally constrained county and~~
180 ~~that does not provide its own detention care for juveniles its~~
181 ~~annual percentage share by dividing the total number of~~
182 ~~detention days for juveniles residing in the county for the most~~
183 ~~recently completed 12-month period by the total number of~~
184 ~~detention days for juveniles in all counties that are not~~
185 ~~fiscally constrained counties during the same period. The annual~~
186 ~~percentage share of each county that is not a fiscally~~
187 ~~constrained county and that does not provide its own detention~~
188 ~~care for juveniles must be multiplied by 50 percent of the total~~
189 ~~shared detention costs to determine that county's share of~~
190 ~~detention costs. Beginning August 1, each such county shall pay~~
191 ~~to the department its share of detention costs, which shall be~~
192 ~~paid in 12 equal payments due on the first day of each month.~~
193 ~~The state shall pay the remaining actual costs of detention~~
194 ~~care.~~

195 ~~(3)(5)~~ The state shall pay all costs of detention care for
196 juveniles residing in a fiscally constrained county and for
197 juveniles residing out of state. The state shall pay all costs
198 of detention care for juveniles housed in state detention
199 centers from counties that provide their own detention care for
200 juveniles.

201 ~~(4)(6)~~ Each county that is not a fiscally constrained

891930

576-03014-21

202 county and that does not provide its own detention care for
203 juveniles ~~has taken the action fulfilling the intent of this~~
204 ~~section as described in subsection (2)~~ shall incorporate into
205 its annual county budget sufficient funds to pay its annual
206 percentage share of the total shared detention costs required by
207 subsection (2) ~~(4)~~.

208 Section 6. Subsection (23) is added to section 1003.52,
209 Florida Statutes, to read:

210 1003.52 Educational services in Department of Juvenile
211 Justice programs.—

212 (23) Notwithstanding this section, during fiscal year 2021-
213 2022, the Department of Juvenile Justice, in consultation with
214 the Department of Education, is authorized to evaluate the
215 viability of an alternative model for providing and funding
216 education services for youth in detention and residential
217 facilities. This evaluation must include material gathered
218 through a request for information process. Such model must
219 provide for assessments and direct educational services,
220 including, but not limited to, special education and career and
221 technical educational services; transition planning; educational
222 program accountability standards; research-based best practices
223 for educating justice-involved youth; and the recruiting,
224 hiring, and training of teachers. This subsection expires June
225 1, 2022.

226 Section 7. For the purpose of incorporating the amendment
227 made by this act to section 985.101, Florida Statutes, in
228 references thereto, paragraph (b) of subsection (1) of section
229 960.001, Florida Statutes, is reenacted to read:

230 960.001 Guidelines for fair treatment of victims and

891930

576-03014-21

231 witnesses in the criminal justice and juvenile justice systems.-

232 (1) The Department of Legal Affairs, the state attorneys,
233 the Department of Corrections, the Department of Juvenile
234 Justice, the Florida Commission on Offender Review, the State
235 Courts Administrator and circuit court administrators, the
236 Department of Law Enforcement, and every sheriff's department,
237 police department, or other law enforcement agency as defined in
238 s. 943.10(4) shall develop and implement guidelines for the use
239 of their respective agencies, which guidelines are consistent
240 with the purposes of this act and s. 16(b), Art. I of the State
241 Constitution and are designed to implement s. 16(b), Art. I of
242 the State Constitution and to achieve the following objectives:

243 (b) *Information for purposes of notifying victim or*
244 *appropriate next of kin of victim or other designated contact of*
245 *victim.*-In the case of a homicide, pursuant to chapter 782; or a
246 sexual offense, pursuant to chapter 794; or an attempted murder
247 or sexual offense, pursuant to chapter 777; or stalking,
248 pursuant to s. 784.048; or domestic violence, pursuant to s.
249 25.385:

250 1. The arresting law enforcement officer or personnel of an
251 organization that provides assistance to a victim or to the
252 appropriate next of kin of the victim or other designated
253 contact must request that the victim or appropriate next of kin
254 of the victim or other designated contact complete a victim
255 notification card. However, the victim or appropriate next of
256 kin of the victim or other designated contact may choose not to
257 complete the victim notification card.

258 2. Unless the victim or the appropriate next of kin of the
259 victim or other designated contact waives the option to complete

891930

576-03014-21

260 the victim notification card, a copy of the victim notification
261 card must be filed with the incident report or warrant in the
262 sheriff's office of the jurisdiction in which the incident
263 report or warrant originated. The notification card shall, at a
264 minimum, consist of:

- 265 a. The name, address, and phone number of the victim; or
266 b. The name, address, and phone number of the appropriate
267 next of kin of the victim; or
268 c. The name, address, and telephone number of a designated
269 contact other than the victim or appropriate next of kin of the
270 victim; and
271 d. Any relevant identification or case numbers assigned to
272 the case.

273 3. The chief administrator, or a person designated by the
274 chief administrator, of a county jail, municipal jail, juvenile
275 detention facility, or residential commitment facility shall
276 make a reasonable attempt to notify the alleged victim or
277 appropriate next of kin of the alleged victim or other
278 designated contact within 4 hours following the release of the
279 defendant on bail or, in the case of a juvenile offender, upon
280 the release from residential detention or commitment. If the
281 chief administrator, or designee, is unable to contact the
282 alleged victim or appropriate next of kin of the alleged victim
283 or other designated contact by telephone, the chief
284 administrator, or designee, must send to the alleged victim or
285 appropriate next of kin of the alleged victim or other
286 designated contact a written notification of the defendant's
287 release.

288 4. Unless otherwise requested by the victim or the

891930

576-03014-21

289 appropriate next of kin of the victim or other designated
290 contact, the information contained on the victim notification
291 card must be sent by the chief administrator, or designee, of
292 the appropriate facility to the subsequent correctional or
293 residential commitment facility following the sentencing and
294 incarceration of the defendant, and unless otherwise requested
295 by the victim or the appropriate next of kin of the victim or
296 other designated contact, he or she must be notified of the
297 release of the defendant from incarceration as provided by law.
298 5. If the defendant was arrested pursuant to a warrant
299 issued or taken into custody pursuant to s. 985.101 in a
300 jurisdiction other than the jurisdiction in which the defendant
301 is being released, and the alleged victim or appropriate next of
302 kin of the alleged victim or other designated contact does not
303 waive the option for notification of release, the chief
304 correctional officer or chief administrator of the facility
305 releasing the defendant shall make a reasonable attempt to
306 immediately notify the chief correctional officer of the
307 jurisdiction in which the warrant was issued or the juvenile was
308 taken into custody pursuant to s. 985.101, and the chief
309 correctional officer of that jurisdiction shall make a
310 reasonable attempt to notify the alleged victim or appropriate
311 next of kin of the alleged victim or other designated contact,
312 as provided in this paragraph, that the defendant has been or
313 will be released.
314 Section 8. For the purpose of incorporating the amendment
315 made by this act to section 985.101, Florida Statutes, in a
316 reference thereto, subsection (2) of section 985.439, Florida
317 Statutes, is reenacted to read:

891930

576-03014-21

318 985.439 Violation of probation or postcommitment
319 probation.-
320 (2) A child taken into custody under s. 985.101 for
321 violating the conditions of probation shall be screened and
322 detained or released based on his or her risk assessment
323 instrument score.
324 Section 9. For the purpose of incorporating the amendment
325 made by this act to section 985.435, Florida Statutes, in a
326 reference thereto, paragraph (b) of subsection (4) of section
327 985.565, Florida Statutes, is reenacted to read:
328 985.565 Sentencing powers; procedures; alternatives for
329 juveniles prosecuted as adults.-
330 (4) SENTENCING ALTERNATIVES.-
331 (b) *Juvenile sanctions.*-For juveniles transferred to adult
332 court but who do not qualify for such transfer under s.
333 985.556(3), the court may impose juvenile sanctions under this
334 paragraph. If juvenile sentences are imposed, the court shall,
335 under this paragraph, adjudge the child to have committed a
336 delinquent act. Adjudication of delinquency may not be deemed a
337 conviction, nor shall it operate to impose any of the civil
338 disabilities ordinarily resulting from a conviction. The court
339 shall impose an adult sanction or a juvenile sanction and may
340 not sentence the child to a combination of adult and juvenile
341 punishments. An adult sanction or a juvenile sanction may
342 include enforcement of an order of restitution or probation
343 previously ordered in any juvenile proceeding. However, if the
344 court imposes a juvenile sanction and the department determines
345 that the sanction is unsuitable for the child, the department
346 shall return custody of the child to the sentencing court for

891930

576-03014-21

347 further proceedings, including the imposition of adult
348 sanctions. Upon adjudicating a child delinquent under subsection
349 (1), the court may:

350 1. Place the child in a probation program under the
351 supervision of the department for an indeterminate period of
352 time until the child reaches the age of 19 years or sooner if
353 discharged by order of the court.

354 2. Commit the child to the department for treatment in an
355 appropriate program for children for an indeterminate period of
356 time until the child is 21 or sooner if discharged by the
357 department. The department shall notify the court of its intent
358 to discharge no later than 14 days before discharge. Failure of
359 the court to timely respond to the department's notice shall be
360 considered approval for discharge.

361 3. Order disposition under ss. 985.435, 985.437, 985.439,
362 985.441, 985.45, and 985.455 as an alternative to youthful
363 offender or adult sentencing if the court determines not to
364 impose youthful offender or adult sanctions.

365

366 It is the intent of the Legislature that the criteria and
367 guidelines in this subsection are mandatory and that a
368 determination of disposition under this subsection is subject to
369 the right of the child to appellate review under s. 985.534.

370 Section 10. This act shall take effect July 1, 2021.

The Florida Senate
BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL: CS/CS/SB 1166

INTRODUCER: Appropriations Committee (Recommended by Appropriations Subcommittee on Criminal and Civil Justice); Criminal Justice Committee; and Senator Brandes

SUBJECT: Juvenile Justice

DATE: April 16, 2021

REVISED: _____

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1166 amends section 20.316, Florida Statutes, to retain the creation of a new program entitled “Accountability and Program Support” and the revision of the name of an existing program, “Prevention and Victim Services” to “Prevention Services” within the Department of Juvenile Justice (DJJ).

This bill amends section 985.101, Florida Statutes, to revise the circumstances under which a child may be taken into custody for a failure to appear by requiring the court to consider whether the child’s nonappearance was willful based on certain factors.

This bill amends section 985.435, Florida Statutes, to require each judicial circuit to jointly develop a plan specifying the alternative consequence component for when a child violates probation.

This bill amends section 985.6865, Florida Statutes, to ensure that only a county that is not fiscally constrained and that does not provide for its own detention care contributes 50 percent of the detention cost.

This bill amends section 1003.52, Florida Statutes, to add a new subsection that authorizes the department in consultation with the Department of Education to evaluate the viability of an

alternative model for providing and funding education services for youth in detention and residential commitment for Fiscal Year 2021-2022.

The DJJ indicates that there will be an indeterminate positive fiscal impact. See Section V. Fiscal Impact Statement.

This bill is effective July 1, 2021.

II. Present Situation:

The DJJ has traditionally managed juveniles under a rehabilitative model of justice.¹ The mission of the DJJ is to increase public safety by reducing juvenile delinquency through effective prevention, intervention, and treatment services that strengthen families and turn around the lives of troubled youth.² The secretary of the DJJ is appointed by the Governor and tasked with carrying out programs to help achieve this mission.

Programs within the Department of Juvenile Justice

Section 20.316, F.S., establishes six programs within the DJJ. The secretary of the DJJ appoints an assistant secretary to oversee these programs. The following DJJ programs have been established by law:

- Accountability and Program Support (OAPS). The OAPS emphasizes the DJJ's commitment to ensuring programs operated or contracted by the DJJ effectively provide for the safety, well-being, and treatment of youth under the state's care.³
- Administration. The Office of Administrative Services is responsible for providing services to department staff, including but not limited to, financial, computer information systems, personnel, and general services.^{4, 5}
- Intake and Detention. Detention is the custody status for youth that are held pursuant to a court order or after being taken into custody for a violation of the law. The DJJ operates 21 secure detention centers in 21 counties.⁶
- Prevention. The Prevention program offers voluntary youth crime prevention programs throughout the state.⁷
- Probation and Community Corrections. When a youth is charged with a crime they may be referred to diversion, court ordered sanctions, or probation. Each youth is assigned a

⁴ DJJ, Office of Administrative Services, *The Department of Juvenile Justice*, available at <http://www.djj.state.fl.us/services/support/administration> (last visited March 5, 2021).

⁵ Section 20.316(2), F.S.

⁶ DJJ, Detention Services, *The Department of Juvenile Justice*, available at <http://www.djj.state.fl.us/services/detention> (last visited March 5, 2021).

⁷ DJJ, Prevention Services, *The Department of Juvenile Justice*, available at <http://www.djj.state.fl.us/services/prevention> (last visited March 5, 2021).

probation officer who monitors compliance and helps the youth connect with service providers.⁸

- Residential and Correctional Facilities. The Office of Residential Services oversees the Department's development, maintenance, and management of facilities and programs that meet the needs of Florida's adjudicated delinquent youths and promote public safety.⁹

In order to carry out his or her duties, the secretary assigns an assistant secretary to administer each program. The OAPS emphasizes the DJJ's commitment to ensuring programs operated or contracted by the DJJ effectively provide for the safety, well-being, and treatment of youth under the state's care.¹⁰

The implementing bill for the General Appropriations Act for FY 2020-21 created the program of the OAPS in s. 20.316, F.S. This allowed the secretary to appoint an assistant secretary to oversee the OAPS. Section 65 of the implementing bill, which provided the changes to s. 20.316, F.S., will expire on July 1, 2021, and revert back to what it was on June 30, 2020.^{11,12} Without such a change, the DJJ will no longer have the OAPS and the Prevention program will revert back to Prevention and Victim Services.

The secretary of the DJJ is responsible for planning, coordinating, and managing the delivery of all programs and services within the DJJ.¹³ The secretary has many duties, including but not limited to:

- Ensuring that programs and services are implemented according to legislative intent; state and federal laws, rules, and regulations; statewide program standards; and performance objectives by reviewing and monitoring regional and circuit program operations and providing technical assistance to those programs.
- Identifying the need for and recommending the funding and implementation of an appropriate mix of programs and services, including prevention, diversion, nonresidential and residential commitment programs, training schools, and conditional release programs and services, with an overlay of educational, vocational, alcohol, drug abuse, and mental health services, where appropriate.
- Establishing program policies and rules and ensuring that those policies and rules encourage cooperation, collaboration, and information sharing with community partners in the juvenile justice system to the extent authorized by law.¹⁴

¹¹ Chapter 2020-114 s. 64, Laws of Fla.

¹² Section 20.316, F.S. (2019), established 5 programs within the DJJ. The following DJJ programs have been established by this section: Prevention and Victim Services; Intake and Detention; Residential and Correctional Facilities; Probation and Community Corrections; and Administration.

¹³ Section 20.316(1)(a) and (b), F.S.

¹⁴ Section 20.316(1), F.S.

Detention of Children in Florida

A child may only be taken into custody of the DJJ under certain circumstances. A child may be taken into custody:

- Pursuant to an order of the circuit court issued under ch. 985, F.S., based on sworn testimony, either before or after a petition is filed;
- For a delinquent act or violation of law;
- By a law enforcement officer for failing to appear at a court hearing after being properly noticed; or
- By a law enforcement officer who has probable cause to believe that the child is in violation of the child's probation, supervised release detention, postcommitment probation, or conditional release supervision; has absconded from nonresidential commitment; or has escaped from residential commitment.¹⁵

A child is entitled to a hearing within 24 hours of being taken into custody or placed in detention care. At the hearing, the court may order continued detention care if:

- The result of the risk assessment instrument pursuant to s. 985.245, F.S., indicates secure or supervised release detention.
- The child is alleged to be an escapee from a residential commitment program; or an absconder from a nonresidential commitment program, a probation program, or conditional release supervision; or is alleged to have escaped while being lawfully transported to or from a residential commitment program.
- The child is detained on a judicial order for failure to appear, after proper notice:
 - For an adjudicatory hearing on the same case regardless of the results of the risk assessment instrument; or
 - At two or more court hearings of any nature on the same case regardless of the results of the risk assessment instrument.¹⁶

A child may be held in secure detention for up to 72 hours in advance of the next scheduled court hearing for any of the above reasons. A child's failure to keep the clerk of court and defense counsel informed of a current mailing address is not an adequate excuse for the child's failure to appear.¹⁷

"Detention care" means "the temporary care of a child in secure, or supervised release detention, pending a court adjudication or disposition or execution of a court order."¹⁸ There are two types of detention care, including:

- "Secure detention" which is the temporary custody of a child while he or she is under the physical restriction of a secure detention center or facility pending adjudication, disposition, or placement.
- "Supervised release detention" which is the temporary, nonsecure custody of a child while the child is released to the custody of a parent, guardian, or custodian in a physically nonrestrictive environment under the supervision of department staff pending adjudication or

¹⁵ Section 985.101(1)(a)-(d), F.S.

¹⁶ Section 985.255(1), F.S.

¹⁷ *Id.*

¹⁸ Section 985.03(18), F.S.

disposition, through programs that include, but are not limited to, electronic monitoring, day reporting centers, and nonsecure shelters, in addition to other court-imposed requirements.¹⁹

Generally, a child may not be held in detention care for more than 21 days, unless an adjudicatory hearing for the case has been commenced in good faith by the court. The court may extend the length of detention for an additional nine days if the child is charged with certain offenses, and there is good cause shown that the nature of the charge requires additional time for the prosecution or defense of the case. Additionally, a prolific juvenile²⁰ offender must be placed on supervised release detention care with electronic monitoring or in secure detention care under a special detention order.²¹

Juvenile Detention Cost Sharing

Detention cost sharing was previously governed by s. 985.686, F.S., and provided that non-fiscally constrained counties were responsible to pay all the costs of providing preadjudicatory detention care, exclusive of the costs of any nonmedical educational or therapeutic services. Section 985.686, F.S., required the state to pay all detention care costs of fiscally constrained counties.²² This cost sharing methodology led to litigation between counties and the DJJ.

In 2016, as a response to the litigation on cost sharing, the Legislature passed s. 985.6865, F.S., creating a new cost sharing methodology. The passage of s. 985.6865, F.S., has rendered s. 985.686, F.S., obsolete.

Section 985.6865, F.S., provides that, notwithstanding s. 985.686, F.S., each fiscal year, every county that is not fiscally constrained²³ and that has dismissed any action or claim described in s. 985.6865(2), F.S.,²⁴ must pay 50 percent of the total shared detention cost.²⁵

The DJJ calculates a county's annual percentage share by dividing the total number of detention days for juveniles residing in the non-fiscally constrained county for the most recently completed 12-month period by the total number of detention days for juveniles in all non-fiscally constrained counties. The county must pay 50 percent of the annual percentage share in 12 equal payments, due on the first day of each month.²⁶

¹⁹ *Id.*

²⁰ Section 985.255, F.S., provides that a "prolific juvenile offender" means a child that is charged with a delinquent act that would be a felony if committed by an adult, has a prior adjudication or adjudication withheld for a delinquent act that would be a felony if committed by an adult, and has 5 or more arrests, adjudications, or adjudications withheld, 3 of which must have been felony offenses.

²¹ Section 985.26, F.S.

²² Section 985.686(3) and (4), F.S.

²³ Section 985.6865(3)(b), F.S., defines "fiscally constrained county" as a county within a rural area of opportunity as designated by the Governor pursuant to s. 288.0656, F.S., or each county for which the value of a mill will raise no more than \$5 million in revenue, based on the certified school taxable value certified pursuant to s. 1011.62(4)(a)1.a., F.S., from the previous July 1.

²⁴ Various counties and the DJJ have engaged in a multitude of legal proceedings, including administrative or judicial claims, regarding detention cost sharing for juveniles. Such litigation has largely focused on how the DJJ calculates the detention costs that the counties are responsible for paying, leading to the overbilling of counties for a period of years. Section 985.6865(1) and (2), F.S.

²⁵ Section 985.6865(4), F.S.

²⁶ *Id.*

Counties that are required to pay their share of detention costs must incorporate sufficient funds to pay its share of detention costs into its annual budget.²⁷ Funds paid by the counties to the DJJ under this section must be deposited into the Shared County/State Juvenile Detention Trust Fund.²⁸ The DJJ will determine quarterly whether counties are complying with this section.²⁹

The State must pay all costs of detention care for juveniles:

- Residing in a fiscally constrained county;
- Residing out of State; or
- Housed in state detention centers from counties that provide their own detention care for juveniles.³⁰

Section 985.6865, F.S., also contains language that refers back to past litigation arising from s. 985.686, F.S. This language is outdated and has become obsolete.

Violation of Probation

After a child is found to have committed a delinquent act, the court must hold a disposition hearing.³¹ At the disposition hearing, the court must determine whether the child will be committed to the DJJ or receive community based sanctions. If the court determines not to commit the child to the DJJ, the court must determine what community-based sanctions it will impose in a probation program for the child. Community-based sanctions may include, but are not limited to:

- Participation in substance abuse treatment.
- A day-treatment probation program.
- Restitution in money or in kind.
- A curfew.
- Revocation or suspension of the driver license of the child.
- Community service.
- Appropriate educational programs as determined by the district school board.³²

A probation program for a child adjudicated delinquent must include a penalty component,³³ and a rehabilitative program component.³⁴ A probation program may also include an alternative consequence component to address instances in which a child is noncompliant with technical conditions of his or her probation but has not committed any new law violations. The alternative consequence component is designed to provide swift and appropriate consequences to any noncompliance with technical conditions of probation. If the probation program includes this

²⁸ Section 985.6865(7), F.S.

²⁹ Section 985.6865(8), F.S.

³⁰ Section 985.6865(5), F.S.

³¹ Section 985.433, F.S.

³² Section 985.433(8), F.S.

³³ Section 985.435(2), F.S., provides a penalty component that may include restitution, community service, a curfew, revocation or suspension of the driver license, or other nonresidential punishment appropriate to the offense.

³⁴ Section 985.435(3), F.S., provides a rehabilitative component that may include a substance abuse treatment program, or a school or career and technical education program.

component, specific consequences that apply to noncompliance with specific technical conditions of probation must be detailed in the disposition order.³⁵

The state attorney or the DJJ may bring a child before the court on a petition alleging a violation of probation if sanctions are sought.³⁶ A child taken into custody on an alleged violation of probation must be screened and either detained or released based on his or her risk assessment instrument score.³⁷ If the child admits to the violation, or the court finds that the child has violated his or her probation, the court must enter a new disposition order. The court may impose any sanction that the court could have imposed at the original disposition hearing.³⁸ The court may:

- Place the child in supervised release detention with electronic monitoring.
- If the violation of probation is technical in nature and not a new law violation, place the child in an alternative consequence program designed to provide swift and appropriate consequences to any further violations of probation.
 - Alternative consequence programs must be established, within existing resources, at the local level in coordination with law enforcement agencies, the chief judge of the circuit, the state attorney, and the public defender.
 - Alternative consequence programs may be operated by an entity such as a law enforcement agency, the DJJ, a juvenile assessment center, a county or municipality, or another entity selected by the DJJ.
 - Upon placing a child in an alternative consequence program, the court must approve specific consequences for specific violations of the conditions of probation.
- Modify or continue the child’s probation program.
- Revoke probation and commit the child to the DJJ.³⁹

Additionally, the court may order the child submit to random testing to detect the use of alcohol or controlled substances at the time of disposition.⁴⁰

III. Effect of Proposed Changes:

This bill amends s. 20.316, F.S., to retain the program entitled “Accountability and Program Support” within the Department of Juvenile Justice (DJJ). This program was created in statute by the implementing bill for the General Appropriations Act for FY 2020-21.⁴¹ This change will also allow the secretary to keep the assistant secretary that was appointed for the program. The bill also retains the change made to s. 20.316, F.S., by the implementing bill for the General Appropriations Act for FY 2020-21, that revised the name of the existing program, “Prevention and Victim Services,” to “Prevention Services.”⁴² This change is because the DJJ has not provided victim services for numerous years.

³⁵ Section 985.435(4), F.S.

³⁶ Section 985.439(1)(b), F.S.

³⁷ Section 985.439(2), F.S.

³⁸ Section 985.439(4), F.S.

³⁹ Section 985.439(4)(a)-(d), F.S.

⁴⁰ Section 985.439(5), F.S.

⁴¹ Chapter 2020-114 s. 64, Laws of Fla.

⁴² *Id.*

This bill amends s. 985.101, F.S., providing a court may order that a child be taken into custody for a failure to appear. Before the court issues such an order, it must consider all of the following information relating to whether the child's nonappearance was willful:

- Whether notice was sent to the address in the official court record.
- Whether notice was given to the child in any format by anyone.
- Whether counsel, if any, for the child had contact or attempted to have contact with the child.
- Whether a DJJ representative had contact or attempted to have contact with the child.
- Whether the DJJ has any specific information to assist the court in this decision.

This bill amends s. 985.435, F.S., providing that each judicial circuit must develop a written plan specifying the alternative consequence component. These plans must be based upon the principle that sanctions must reflect:

- The seriousness of the violation.
- The assessed criminogenic needs and risks of the child.
- The child's age and maturity level.
- How effective the sanction or incentive will be in moving the child to compliant behavior.

The plan must be made in consultation with the judges, the state attorney, the public defender, the relevant law enforcement agency in the judicial circuit, and the DJJ.

This bill also amends s. 985.6865, F.S., to ensure that only a county that is not fiscally constrained and that does not provide for its own detention care contributes 50 percent of the detention cost. This bill also removes language related to detention cost sharing that is no longer relevant.

This bill repeals s. 985.686, F.S. Section 985.686, F.S., formerly provided for a detention cost sharing plan between the DJJ and counties. This cost sharing plan is now governed by s. 985.6865, F.S.

This bill amends s. 1003.52, F.S., to add a new subsection that authorizes the department in consultation with the Department of Education to evaluate the viability of an alternative model for providing and funding educational services for youth in detention and residential commitment for Fiscal Year 2021-2022. The model is required to provide for assessments and direct educational services, including special education and career and technical educational services, transitional planning; educational program accountability standards; research-based best practices for educating justice-involved youth; and the recruiting, hiring, and training of teachers. This subsection expires on June 1, 2022.

Additionally, for purposes of incorporating the amendments made by this act, this bill reenacts ss. 960.001, 985.439, and 985.565, F.S.

This bill is effective July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The DJJ indicates this PCS/CS/SB 1166 will have an indeterminate cost savings. The bill will likely decrease the number of youth held in secure detention for a failure to appear or violation of probation, therefore providing a cost savings for the state and the counties (who share in the cost of detention).⁴³

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

⁴³ Department of Juvenile Justice, *2021 Agency Analysis of SB 1166* (February 22, 2021). On file with the Senate Committee on Criminal Justice.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 20.316, 985.101, 985.435, 985.6865, and 1003.52.

This bill repeals section 985.686 of the Florida Statutes.

This bill reenacts the following sections of the Florida Statutes: 960.001, 985.439, and 985.565.

IX. Additional Information:

- A. **Committee Substitute – Statement of Substantial Changes:**
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on April 15, 2021:

The committee substitute amends s. 1003.52, F.S., to add a new subsection that authorizes the department in consultation with the Department of Education to evaluate the viability of an alternative model for providing and funding education services for youth in detention and residential commitment for Fiscal Year 2021-2022.

CS by Criminal Justice on March 9, 2021:

The committee substitute:

- Amends s. 985.101, F.S., providing that a court may take a child into custody for failing to appear. Prior to issuing such order, the court must consider specified criteria to determine the child's nonappearance was willful.
- Amends s. 985.435, F.S., to provide that each circuit must develop, in consultation with judges, the state attorney, the public defender, relevant law enforcement agencies, and the DJJ, a written plan specifying the alternative sanctions and incentives for noncompliance with probation.
- Reenacts various statutes.

- B. **Amendments:**

None.

By the Committee on Criminal Justice; and Senator Brandes

591-02610-21

20211166c1

30 incorporate into its annual county budget sufficient
 31 funds to pay its annual percentage share of detention
 32 costs; reenacting ss. 960.001(1)(b) and 985.439(2),
 33 F.S., relating to guidelines for fair treatment of
 34 victims and witnesses in the criminal justice and
 35 juvenile justice systems and violation of probation or
 36 postcommitment probation, respectively, to incorporate
 37 the amendment made to s. 985.101, F.S., in references
 38 thereto; reenacting s. 985.565(4)(b), F.S., relating
 39 to sentencing alternatives, to incorporate the
 40 amendment made to s. 985.435, F.S., in a reference
 41 thereto; providing an effective date.

42
 43 Be It Enacted by the Legislature of the State of Florida:

44
 45 Section 1. Upon the expiration and reversion of the
 46 amendment made to section 20.316, Florida Statutes, pursuant to
 47 section 65 of chapter 2020-114, Laws of Florida, subsections (2)
 48 and (3) of section 20.316, Florida Statutes, are amended to
 49 read:

50 20.316 Department of Juvenile Justice.—There is created a
 51 Department of Juvenile Justice.

52 (2) DEPARTMENT PROGRAMS.—The following programs are
 53 established within the Department of Juvenile Justice:

54 (a) Accountability and Program Support.

55 (d) ~~(a)~~ Prevention and Victim Services.

56 (c) ~~(b)~~ Intake and Detention.

57 (f) ~~(e)~~ Residential and Correctional Facilities.

58 (e) ~~(d)~~ Probation and Community Corrections.

Page 2 of 12

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

591-02610-21

20211166c1

59 (b)(e) Administration.

60
61 The secretary may establish assistant secretary positions and a
62 chief of staff position as necessary to administer the
63 requirements of this section.

64 (3) JUVENILE JUSTICE OPERATING CIRCUITS.—The department
65 shall plan and administer its programs through a substate
66 structure that conforms to the boundaries of the judicial
67 circuits prescribed in s. 26.021. A county may seek placement in
68 a juvenile justice operating circuit other than as prescribed in
69 s. 26.021 for participation in the Prevention ~~and Victim~~
70 Services Program and the Probation and Community Corrections
71 Program by making a request of the chief circuit judge in each
72 judicial circuit affected by such request. Upon a showing that
73 geographic proximity, community identity, or other legitimate
74 concern for efficiency of operations merits alternative
75 placement, each affected chief circuit judge may authorize the
76 execution of an interagency agreement specifying the alternative
77 juvenile justice operating circuit in which the county is to be
78 placed and the basis for the alternative placement. Upon the
79 execution of said interagency agreement by each affected chief
80 circuit judge, the secretary may administratively place a county
81 in an alternative juvenile justice operating circuit pursuant to
82 the agreement.

83 Section 2. Subsection (5) is added to section 985.101,
84 Florida Statutes, to read:

85 985.101 Taking a child into custody.—

86 (5) A court may order that a child be taken into custody
87 for failure to appear. Before the court issues such an order, it

591-02610-21

20211166c1

88 must consider all of the following information relating to
89 whether the child's nonappearance was willful:

90 (a) Whether notice was sent to the address in the official
91 court record.

92 (b) Whether notice was given to the child in any format by
93 anyone.

94 (c) Whether counsel, if any, for the child had contact or
95 attempted to have contact with the child.

96 (d) Whether a department representative had contact or
97 attempted to have contact with the child.

98 (e) Whether the department has any specific information to
99 assist the court in this decision.

100 Section 3. Subsection (4) of section 985.435, Florida
101 Statutes, is amended to read:

102 985.435 Probation and postcommitment probation; community
103 service.—

104 (4) A probation program may also include an alternative
105 consequence component to address instances in which a child is
106 noncompliant with technical conditions of his or her probation
107 but has not committed any new violations of law. Each circuit
108 shall develop, in consultation with judges, the state attorney,
109 the public defender, relevant law enforcement agencies, and the
110 department, a written plan specifying the alternative
111 consequence component which must be based upon the principle
112 that sanctions must reflect the seriousness of the violation,
113 the assessed criminogenic needs and risks of the child, the
114 child's age and maturity level, and how effective the sanction
115 or incentive will be in moving the child to compliant behavior.

116 The alternative consequence component is designed to provide

591-02610-21 20211166c1

117 swift and appropriate consequences or incentives to a child who
 118 is alleged to be noncompliant with or in violation of ~~to any~~
 119 ~~noncompliance with technical conditions of~~ probation. If the
 120 probation program includes this component, specific consequences
 121 that apply to noncompliance with specific technical conditions
 122 of probation, as well as incentives used to move the child
 123 toward compliant behavior, must be detailed in the disposition
 124 order.

125 Section 4. Section 985.686, Florida Statutes, is repealed.

126 Section 5. Subsections (1) through (6) of section 985.6865,
 127 Florida Statutes, are amended to read:

128 985.6865 Juvenile detention.—

129 ~~(1) The Legislature finds that various counties and the~~
 130 ~~Department of Juvenile Justice have engaged in a multitude of~~
 131 ~~legal proceedings regarding detention cost sharing for~~
 132 ~~juveniles. Such litigation has largely focused on how the~~
 133 ~~Department of Juvenile Justice calculates the detention costs~~
 134 ~~that the counties are responsible for paying, leading to the~~
 135 ~~overbilling of counties for a period of years. Additionally,~~
 136 ~~litigation pending in 2016 is a financial burden on the~~
 137 ~~taxpayers of this state.~~

138 ~~(2) It is the intent of the Legislature that all counties~~
 139 ~~that are not fiscally constrained counties and that have pending~~
 140 ~~administrative or judicial claims or challenges file a notice of~~
 141 ~~voluntary dismissal with prejudice to dismiss all actions~~
 142 ~~pending on or before February 1, 2016, against the state or any~~
 143 ~~state agency related to juvenile detention cost sharing.~~
 144 ~~Furthermore, all counties that are not fiscally constrained~~
 145 ~~shall execute a release and waiver of any existing or future~~

591-02610-21 20211166c1

146 ~~claims and actions arising from detention cost share prior to~~
 147 ~~the 2016-2017 fiscal year. The department may not seek~~
 148 ~~reimbursement from counties complying with this subsection for~~
 149 ~~any underpayment for any cost-sharing requirements before the~~
 150 ~~2016-2017 fiscal year.~~

151 ~~(1)(3)~~ As used in this section, the term:

152 (a) "Detention care" means secure detention and respite
 153 beds for juveniles charged with a domestic violence crime.

154 (b) "Fiscally constrained county" means a county within a
 155 rural area of opportunity as designated by the Governor pursuant
 156 to s. 288.0656 or each county for which the value of a mill will
 157 raise no more than \$5 million in revenue, based on the certified
 158 school taxable value certified pursuant to s. 1011.62(4)(a)1.a.,
 159 from the previous July 1.

160 (c) "Total shared detention costs" means the amount of
 161 funds expended by the department for the costs of detention care
 162 for the prior fiscal year. This amount includes the most recent
 163 actual certify forward amounts minus any funds it expends on
 164 detention care for juveniles residing in fiscally constrained
 165 counties or out of state.

166 ~~(2)(4) Notwithstanding s. 985.686, for the 2017-2018 fiscal~~
 167 ~~year, and each fiscal year thereafter, each county that is not a~~
 168 ~~fiscally constrained county and that has taken the action~~
 169 ~~fulfilling the intent of this section as described in subsection~~
 170 ~~(2) shall pay its annual percentage share of 50 percent of the~~
 171 ~~total shared detention costs. By Annually by July 15, 2017, and~~
 172 ~~each year thereafter, the department shall calculate and provide~~
 173 ~~to each county that is not a fiscally constrained county and~~
 174 ~~that does not provide its own detention care for juveniles its~~

591-02610-21 20211166c1

175 annual percentage share by dividing the total number of
 176 detention days for juveniles residing in the county for the most
 177 recently completed 12-month period by the total number of
 178 detention days for juveniles in all counties that are not
 179 fiscally constrained counties during the same period. The annual
 180 percentage share of each county that is not a fiscally
 181 constrained county and that does not provide its own detention
 182 care for juveniles must be multiplied by 50 percent of the total
 183 shared detention costs to determine that county's share of
 184 detention costs. Beginning August 1, each such county shall pay
 185 to the department its share of detention costs, which shall be
 186 paid in 12 equal payments due on the first day of each month.
 187 The state shall pay the remaining actual costs of detention
 188 care.

189 (3)(5) The state shall pay all costs of detention care for
 190 juveniles residing in a fiscally constrained county and for
 191 juveniles residing out of state. The state shall pay all costs
 192 of detention care for juveniles housed in state detention
 193 centers from counties that provide their own detention care for
 194 juveniles.

195 (4)(6) Each county that is not a fiscally constrained
 196 county and that does not provide its own detention care for
 197 juveniles ~~has taken the action fulfilling the intent of this~~
 198 ~~section as described in subsection (2)~~ shall incorporate into
 199 its annual county budget sufficient funds to pay its annual
 200 percentage share of the total shared detention costs required by
 201 subsection (2) ~~(4)~~.

202 Section 6. For the purpose of incorporating the amendment
 203 made by this act to section 985.101, Florida Statutes, in

591-02610-21 20211166c1

204 references thereto, paragraph (b) of subsection (1) of section
 205 960.001, Florida Statutes, is reenacted to read:

206 960.001 Guidelines for fair treatment of victims and
 207 witnesses in the criminal justice and juvenile justice systems.—

208 (1) The Department of Legal Affairs, the state attorneys,
 209 the Department of Corrections, the Department of Juvenile
 210 Justice, the Florida Commission on Offender Review, the State
 211 Courts Administrator and circuit court administrators, the
 212 Department of Law Enforcement, and every sheriff's department,
 213 police department, or other law enforcement agency as defined in
 214 s. 943.10(4) shall develop and implement guidelines for the use
 215 of their respective agencies, which guidelines are consistent
 216 with the purposes of this act and s. 16(b), Art. I of the State
 217 Constitution and are designed to implement s. 16(b), Art. I of
 218 the State Constitution and to achieve the following objectives:

219 (b) *Information for purposes of notifying victim or*
 220 *appropriate next of kin of victim or other designated contact of*
 221 *victim.—In the case of a homicide, pursuant to chapter 782; or a*
 222 *sexual offense, pursuant to chapter 794; or an attempted murder*
 223 *or sexual offense, pursuant to chapter 777; or stalking,*
 224 *pursuant to s. 784.048; or domestic violence, pursuant to s.*
 225 *25.385:*

226 1. The arresting law enforcement officer or personnel of an
 227 organization that provides assistance to a victim or to the
 228 appropriate next of kin of the victim or other designated
 229 contact must request that the victim or appropriate next of kin
 230 of the victim or other designated contact complete a victim
 231 notification card. However, the victim or appropriate next of
 232 kin of the victim or other designated contact may choose not to

591-02610-21 20211166c1

233 complete the victim notification card.

234 2. Unless the victim or the appropriate next of kin of the
235 victim or other designated contact waives the option to complete
236 the victim notification card, a copy of the victim notification
237 card must be filed with the incident report or warrant in the
238 sheriff's office of the jurisdiction in which the incident
239 report or warrant originated. The notification card shall, at a
240 minimum, consist of:

- 241 a. The name, address, and phone number of the victim; or
- 242 b. The name, address, and phone number of the appropriate
243 next of kin of the victim; or
- 244 c. The name, address, and telephone number of a designated
245 contact other than the victim or appropriate next of kin of the
246 victim; and
- 247 d. Any relevant identification or case numbers assigned to
248 the case.

249 3. The chief administrator, or a person designated by the
250 chief administrator, of a county jail, municipal jail, juvenile
251 detention facility, or residential commitment facility shall
252 make a reasonable attempt to notify the alleged victim or
253 appropriate next of kin of the alleged victim or other
254 designated contact within 4 hours following the release of the
255 defendant on bail or, in the case of a juvenile offender, upon
256 the release from residential detention or commitment. If the
257 chief administrator, or designee, is unable to contact the
258 alleged victim or appropriate next of kin of the alleged victim
259 or other designated contact by telephone, the chief
260 administrator, or designee, must send to the alleged victim or
261 appropriate next of kin of the alleged victim or other

591-02610-21 20211166c1

262 designated contact a written notification of the defendant's
263 release.

264 4. Unless otherwise requested by the victim or the
265 appropriate next of kin of the victim or other designated
266 contact, the information contained on the victim notification
267 card must be sent by the chief administrator, or designee, of
268 the appropriate facility to the subsequent correctional or
269 residential commitment facility following the sentencing and
270 incarceration of the defendant, and unless otherwise requested
271 by the victim or the appropriate next of kin of the victim or
272 other designated contact, he or she must be notified of the
273 release of the defendant from incarceration as provided by law.

274 5. If the defendant was arrested pursuant to a warrant
275 issued or taken into custody pursuant to s. 985.101 in a
276 jurisdiction other than the jurisdiction in which the defendant
277 is being released, and the alleged victim or appropriate next of
278 kin of the alleged victim or other designated contact does not
279 waive the option for notification of release, the chief
280 correctional officer or chief administrator of the facility
281 releasing the defendant shall make a reasonable attempt to
282 immediately notify the chief correctional officer of the
283 jurisdiction in which the warrant was issued or the juvenile was
284 taken into custody pursuant to s. 985.101, and the chief
285 correctional officer of that jurisdiction shall make a
286 reasonable attempt to notify the alleged victim or appropriate
287 next of kin of the alleged victim or other designated contact,
288 as provided in this paragraph, that the defendant has been or
289 will be released.

290 Section 7. For the purpose of incorporating the amendment

591-02610-21 20211166c1

291 made by this act to section 985.101, Florida Statutes, in a
 292 reference thereto, subsection (2) of section 985.439, Florida
 293 Statutes, is reenacted to read:

294 985.439 Violation of probation or postcommitment
 295 probation.-

296 (2) A child taken into custody under s. 985.101 for
 297 violating the conditions of probation shall be screened and
 298 detained or released based on his or her risk assessment
 299 instrument score.

300 Section 8. For the purpose of incorporating the amendment
 301 made by this act to section 985.435, Florida Statutes, in a
 302 reference thereto, paragraph (b) of subsection (4) of section
 303 985.565, Florida Statutes, is reenacted to read:

304 985.565 Sentencing powers; procedures; alternatives for
 305 juveniles prosecuted as adults.-

306 (4) SENTENCING ALTERNATIVES.-

307 (b) *Juvenile sanctions*.-For juveniles transferred to adult
 308 court but who do not qualify for such transfer under s.
 309 985.556(3), the court may impose juvenile sanctions under this
 310 paragraph. If juvenile sentences are imposed, the court shall,
 311 under this paragraph, adjudge the child to have committed a
 312 delinquent act. Adjudication of delinquency may not be deemed a
 313 conviction, nor shall it operate to impose any of the civil
 314 disabilities ordinarily resulting from a conviction. The court
 315 shall impose an adult sanction or a juvenile sanction and may
 316 not sentence the child to a combination of adult and juvenile
 317 punishments. An adult sanction or a juvenile sanction may
 318 include enforcement of an order of restitution or probation
 319 previously ordered in any juvenile proceeding. However, if the

591-02610-21 20211166c1

320 court imposes a juvenile sanction and the department determines
 321 that the sanction is unsuitable for the child, the department
 322 shall return custody of the child to the sentencing court for
 323 further proceedings, including the imposition of adult
 324 sanctions. Upon adjudicating a child delinquent under subsection
 325 (1), the court may:

326 1. Place the child in a probation program under the
 327 supervision of the department for an indeterminate period of
 328 time until the child reaches the age of 19 years or sooner if
 329 discharged by order of the court.

330 2. Commit the child to the department for treatment in an
 331 appropriate program for children for an indeterminate period of
 332 time until the child is 21 or sooner if discharged by the
 333 department. The department shall notify the court of its intent
 334 to discharge no later than 14 days before discharge. Failure of
 335 the court to timely respond to the department's notice shall be
 336 considered approval for discharge.

337 3. Order disposition under ss. 985.435, 985.437, 985.439,
 338 985.441, 985.45, and 985.455 as an alternative to youthful
 339 offender or adult sentencing if the court determines not to
 340 impose youthful offender or adult sanctions.

341
 342 It is the intent of the Legislature that the criteria and
 343 guidelines in this subsection are mandatory and that a
 344 determination of disposition under this subsection is subject to
 345 the right of the child to appellate review under s. 985.534.

346 Section 9. This act shall take effect July 1, 2021.

3.			RC	

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1194 contains various transportation-related provisions, including:

- Authorizing a municipal or county governing body to abandon roads and rights of way dedicated in a recorded residential subdivision plat and to simultaneously convey the city's or the county's interest to a community development district under specified conditions.
- Precluding a governmental entity from prohibiting a bid relating to the entity's procurement of certain contractual services from a vendor possessing a valid certificate of qualification from the Florida Department of Transportation (FDOT) relating to certain road and bridge construction contracts or a license relating to construction, electrical and alarm, or septic tank contracting corresponding to the services being procured.
- Authorizing construction equipment in a work zone on roadways with a posted speed limit of 55 miles per hour or higher to display a combination of flashing green, amber, and red lights during periods when workers are present.
- Authorizing flashing lights on vehicles during periods of extremely low visibility on roadways posted with a speed limit of 55 miles per hour or more.
- Substitutes an affidavit with an attestation on a form provided by the Florida Department of Highway Safety and Motor Vehicles (DHSMV) as a requirement for an insurance company to receive a salvage certificate of title or certificate of destruction for motor vehicles and mobile homes from the DHSMV.
- Clarifies that the types of vehicles authorized to elect a permanent registration period are rental vehicles, making clear that the authorization does not apply to leased vehicles.

- Requires motor vehicle dealer licensees to deliver to the DHSMV copies of renewed, continued, changed, or new insurance policies, surety bonds, or irrevocable letters of credit within 10 days after any renewal, continuation, change, or new issuance of the same, ensuring continuous insurance coverage.
- Dissolves the inactive Northwest Florida Transportation Corridor Authority and repeals part III of ch. 343, F.S., under which the authority was established.
- Prohibits the Central Florida Expressway Authority from constructing any extensions, additions, or improvements to the Central Florida Expressway System in Lake County without prior consultation with, rather than consent of, the Secretary of Transportation.
- Increases from 40 years to 99 years an existing limitation on the term of a lease into which the Jacksonville Transportation Authority may enter.
- Revising provisions relating to an annual cap on the FDOT's authorization to enter into contracts for innovative transportation projects.
- Amending financial statement requirements relating to applications for certificates of qualification to bid on contracts for the performance of work for the FDOT under certain construction contracts.
- Excluding certain airports from the prohibition against the same entity performing design and performing construction engineering and inspection services on a project funded by the FDOT and administered by a local governmental entity
- Substantially revising provisions relating to the State Arbitration Board, which hears claims for additional compensation arising out of construction and maintenance contracts between the FDOT and its contractors.
- Defining the term "borrow pit" and requiring a borrow pit operator to provide a notice of intent to extract to the DEP.
- Prohibiting the FDOT, and its contractors and subcontractors, from purchasing or using specified substances extracted from a borrow pit unless certification is provided by the operator showing the borrow pit is in compliance with certain existing requirements and proof is provided of currently valid permits required by the Florida Department of Environmental Protection (DEP) and the appropriate water management district.
- Requiring the FDOT, if it determines substances are being obtained and used from a noncompliant borrow pit, to cease accepting any substances within 48 hours. The FDOT may resume acceptance of substances from the borrow pit once the pit is in compliance.
- Requires the FDOT to create and implement a publicly accessible electronic database for sign permit information; specifies requirements for the database; prohibits the department from furnishing permanent metal permit tags or replacement tags and from enforcing related provisions once the department creates and implements the database.

The bill does not appear to impact state and local revenues but may present other fiscal impacts. See the "Fiscal Impact Statement" for further information.

The bill takes effect July 1, 2021.

II. Present Situation:

For ease of organization and readability, the present situation is discussed below in conjunction with the effect of the proposed changes.

III. Effect of Proposed Changes:

Closing and Abandonment of Roads/Optional Conveyance to a Community Development District (Section 1)

Present Situation

Community Development Districts

Community development districts (CDD) are a type of special-purpose local government intended to develop and provide basic urban community services cost-effectively. These independent special districts are created pursuant to and governed by the Uniform Community Development District Act of 1980.¹ The act lays out the exclusive and uniform procedures for establishing and operating a CDD.² CDDs provide a means to manage and finance the delivery of basic services and capital infrastructure to developing communities without overburdening other governments and their taxpayers.³ As of April 15, 2021, there are 755 active CDDs in Florida.⁴

Powers of CDD Board of Supervisors

A CDD board is authorized to exercise general and special powers within the constraints of applicable comprehensive plans, ordinances, and regulations of the general-purpose local government.⁵ General powers include the authority to assess and impose ad valorem taxes within the district and to issue bonds.⁶ In part, the special powers over public improvements and community facilities include, unless prohibited elsewhere,⁷ the power to finance, fund, plan, establish, acquire, construct, equip, operate, and maintain facilities and basic infrastructures for:⁸

- Water management and control for the lands within the district;
- Water supply, sewer, and wastewater management, reclamation, and reuse; and
- District roads and road improvements.⁹

CDDs are specifically granted “the power to plan, establish, acquire, construct or reconstruct, enlarge or extend, equip, operate, and maintain additional systems and facilities for...security, including, but not limited to, *guardhouses, fences and gates*, electronic intrusion-detection systems, and patrol cars, when authorized by proper governmental agencies.”¹⁰

¹ Chapter 190, F.S.

² See ss. 190.004 and 190.005, F.S.

³ Section 190.002(1)(a), F.S.

⁴ Department of Economic Opportunity, *Official List of Special Districts Online – Directory*, available at: <http://specialdistrictreports.floridajobs.org/webreports/criteria.aspx> (last visited April 14, 2021).

⁵ See s. 190.004(3), F.S.

⁶ Section 190.011, F.S.

⁷ Sections 190.005(1)(f) and (2)(d), F.S.

⁸ A CDD board may authorize general obligation, benefit, or revenue bonds by one or more resolutions approved by a majority of the members in office. Section 190.016(2), F.S. Although the statute allows boards to authorize benefit bonds, these bonds are not defined nor discussed any further in the chapter.

⁹ Section 190.012, F.S.

¹⁰ Section 190.012(2)(d), F.S. (emphasis added).

Closing and Abandonment of Roads/Optional Conveyance to Homeowner's Association

The Florida Constitution establishes and describes the duties, powers, structure, function, and limitations of government in Florida. Article VIII, s. 1 of the Florida Constitution endows counties and municipalities the power of self-government or home rule power. Under the home rule power, local governments have broad authority to exercise the state's sovereign police powers and legislate on any matter that is not inconsistent with the federal and state constitution and laws.

County governing bodies are statutorily authorized to abandon the roads and rights-of-way dedicated in a recorded residential plat and simultaneously convey the county's interest in such roads, rights-of-way, and appurtenant drainage facilities to a homeowners' association for the subdivision, if the following conditions have been met:

- The homeowners' association has requested the abandonment and conveyance in writing for the purpose of converting the subdivision to a gated neighborhood with restricted public access.
- No fewer than four-fifths of the owners of record of property located in the subdivision have consented in writing to the abandonment and simultaneous conveyance to the homeowners' association.
- The homeowners' association is both a corporation nonprofit organized and in good standing under ch. 617, F.S., and a "homeowners' association" as defined in s. 720.301(9), F.S., with the power to levy and collect assessments for routine and periodic major maintenance and operation of street lighting, drainage, sidewalks, and pavement in the subdivision.
- The homeowners' association has entered into and executed such agreements, covenants, warranties, and other instruments; has provided, or has provided assurance of, such funds, reserve funds, and funding sources; and has satisfied other requirements and conditions as may be established or imposed by the county with respect to the ongoing operation, maintenance, and repair and the periodic reconstruction or replacement of the roads, drainage, street lighting, and sidewalks in the subdivision after the abandonment by the county.¹¹

The homeowners' association is required to install, operate, maintain, repair, and replace all signs, signals, markings, striping, guardrails, and other traffic control devices necessary or useful for the private roads unless an agreement has been entered into between the county and the homeowners' association, as authorized under s. 316.006(3)(b), F.S., expressly providing that the county has traffic control jurisdiction.

Upon abandonment of the roads and rights-of-way and the conveyance thereof to the homeowners' association, the homeowners' association has all the rights, title, and interest in the roads and rights-of-way, including all appurtenant drainage facilities, as were previously vested in the county. The homeowners' association holds the roads and rights-of-way in trust for the benefit of the owners of the property in the subdivision and operates, maintains, repairs, and, from time to time, replaces and reconstructs the roads, street lighting, sidewalks, and drainage

¹¹ Section 336.125, F.S.

facilities as necessary to ensure their use and enjoyment by the residents. These provisions are supplemental and additional to the provisions of s. 336.12, F.S.¹²

Municipalities likely have the same power under the broad home rule authority granted by the Florida constitution, as well as authorization in ch. 163, F.S., to enter into interlocal agreements.

Traffic Control Jurisdiction

Generally, municipalities and counties may exercise traffic control jurisdiction over any roads located within their respective jurisdictions. This includes exercising jurisdiction over any private road or roads, or any limited access road or roads owned or controlled by a special district, if the municipality or county enters into a written agreement approved by the respective governing body.¹³

As to municipalities, the agreement with the party owning or controlling the road at issue:

- May include provision for reimbursement for actual costs of traffic control and enforcement and for liability insurance and indemnification by the party, and such other terms as are mutually agreeable.
- May provide for the installation of multiparty stop signs by the parties controlling the roads covered by the agreement if a determination is made by such parties that the signage will enhance traffic safety.

The exercise of jurisdiction is in addition to jurisdictional authority exercised by municipalities under law, and nothing limits or removes any such jurisdictional authority. Such jurisdiction includes regulation of access to such road or roads by security devices or personnel. In addition, the board of directors of a homeowners' association as defined in ch. 720, F.S., may, by majority vote, elect to have state traffic laws enforced by local law enforcement agencies on private roads that are controlled by the association. A municipality may also, by interlocal agreement with a county, agree to transfer traffic regulatory authority over areas within the municipality to the county.¹⁴

As to counties, the agreement with the party owning or controlling the road at issue may include the same two provisions identified above. The exercise of jurisdiction is likewise additional authority for counties, and a homeowner's association board may also elect to have state traffic laws enforced by local law enforcement agencies on private roads that are controlled by the association. However, prior to entering into any agreement, the governing body of the county must consult with the county sheriff.¹⁵

If the county governing body abandons the roads and rights-of-way dedicated in a recorded residential subdivision, and simultaneously conveys the county's interest to a homeowners'

¹² That section provides the act of any commissioners in closing or abandoning any such road, or in renouncing or disclaiming any rights in any land delineated on any recorded map as a road, abrogates the easement held by or on behalf of the public and the title of fee owners is released. If the fee title to the road space has been vested in the county, the same is surrendered and vests in the abutting fee owners to the extent and in the same manner as in case of termination of an easement for road purposes.

¹³ Section 316.006(2)(b) and (3)(b), F.S.

¹⁴ Section 316.006(2)(b), F.S.

¹⁵ Section 316.006(3)(b), F.S.

association for the subdivision in the manner prescribed in s. 336.125, F.S., that county's traffic control jurisdiction over the abandoned and conveyed roads ceases unless an agreement exists for the exercise of traffic control jurisdiction in accordance with the above-described requirements.¹⁶

Effect of Proposed Changes

Section 1 creates s. 177.107, F.S., primarily, but not identically, modeled after s. 336.125, F.S. The bill authorizes a municipal or county governing body to abandon the roads and rights-of-way dedicated in a recorded residential subdivision plat and simultaneously convey the municipality's or county's interest in such roads, rights-of-way, and appurtenant drainage facilities to a community development district established under ch. 190, F.S., in which the subdivision is located, if all of the following conditions are met:

- The CDD has requested the abandonment and conveyance by written resolution for the purpose of converting the subdivision to a gated neighborhood with monitored (as opposed to "restricted," in the case of a homeowner's association) public access.
- The CDD has received approval for the conveyance by a vote of two-thirds (four-fifths in the case of a homeowner's association) of the landowners who are subject to the non-ad valorem assessments of the community development district and who are present by person or proxy at a properly noticed landowners meeting.
- The CDD has executed an interlocal agreement with the municipality or county, as applicable, requiring the CDD to do all of the following:
 - Maintain the roads and any associated drainage, street lighting, or sidewalks identified in the interlocal agreement to municipal or county standards, as applicable.
 - Every 5 years, conduct a reserve study of the roads and any associated drainage, street lighting, or sidewalks identified in the interlocal agreement.
 - Levy annual special assessments in amounts sufficient to maintain the roads and any drainage, street lighting, or sidewalks identified in the interlocal agreement to municipal or county standards, as applicable.
 - Annually fund the amounts set forth in the reserve study.

The CDD must install, operate, maintain, repair, and replace all signs, signals, markings, striping, guardrails, and other traffic control devices necessary or useful for the roads unless an agreement has been entered into between the municipality or county and the CDD, as authorized under s. 316.006(2)(b) and (3)(b), respectively, expressly providing that the municipality or county has traffic control jurisdiction.

Upon abandonment of the roads and rights-of-way and the conveyance to the CDD, the CDD has all the rights, title, and interest in the roads and rights-of-way, including all appurtenant drainage facilities, as were previously vested in the municipality or county. Thereafter, the CDD holds the roads and rights-of-way in trust for the benefit of the public and owners of the property in the subdivision and shall operate, maintain, repair, and from time to time replace and reconstruct the roads and any associated street lighting, sidewalks, or drainage facilities identified in the interlocal agreement as necessary to ensure their use and enjoyment by the public and property owners, tenants, and residents of the subdivision and their guests and invitees.

¹⁶ Section 316.006(3)(c), F.S.

The bill provides that the new provisions are supplemental and additional to the powers of municipalities and counties.

Procurement of Public Construction Services (Section 2)

Present Situation

Procurement Methods

Chapter 287, F.S., sets out provisions governing agency¹⁷ procurement of personal property and services. Agencies may use different methods, depending on the cost and characteristics of the goods or services being procured, which include:

- Invitations to bid, used when an agency is capable of specifically defining the scope of work for which a contractual service is required or of establishing precise specifications defining the actual commodity or group of commodities required.¹⁸
- Requests for proposals, used when the purposes and uses for which the commodity, group of commodities, or contractual service being sought can be specifically defined and the agency is capable of identifying necessary deliverables. Responsive vendors may propose various combinations or versions of commodities or contractual services to meet the agency's specifications.¹⁹
- Invitations to negotiate, used to determine the best method for achieving a specific goal or solving a particular problem. This procurement method identifies one or more responsive vendors with which the agency may negotiate to receive the best value.²⁰
- Single source contracts, used when an agency determines that only one vendor is available to provide a commodity or service at the time of purchase and which may be excepted from competitive-solicitation requirements.²¹

FDOT Certificate of Qualification

Current law requires any contractor desiring to bid on any FDOT construction contract in excess of \$250,000 to first be certified by the FDOT as qualified pursuant to s. 337.14, F.S., and the FDOT's rules.²² Those rules include requirements with respect to the equipment, past record, experience, financial resources, and organizational personnel of the applying contractor, which are necessary to perform the specific class of work for which the contractor seeks certification. The rules also apply to applicants seeking to bid on road, bridge, or public transportation construction contracts in excess of \$250,000.²³

¹⁷ "Agency" is defined as "any of the various state officers, departments, boards, commissions, divisions, bureaus, and councils and any other unit of organization, however designated, of the executive branch of state government," but does not include university and college boards of trustees or the state universities and colleges. Section 287.012(1), F.S.

¹⁸ Section 287.057(1)(a), F.S.

¹⁹ Section 287.057(1)(b), F.S.

²⁰ Section 287.057(1)(c), F.S.

²¹ Section 287.057(3)(c), F.S.

²² Chapter 14-22, F.A.C.

²³ Section 337.14(1), F.S., and Rule 14-22.0011(1), F.A.C.

Licensure: Construction, Electrical and Alarm System, and Septic Tank Contracting

Chapter 489, F.S., is administered by the Department of Business and Professional Regulation and, in general, requires licensure of various types of contractors before contracting to perform work of the type for which they are licensed. Part I of ch. 489, F.S., relating to construction contracting, expressly does not apply to contractors in work on bridges, roads, streets, highways, or railroads, and services incidental thereto.²⁴ “Services incidental thereto” specifically includes storm drainage and excavation work necessary for the construction of bridges, roads, streets, highways, and railroads, and those subcontractor categories, defined in s 489.105(3)(d)-(q), F.S., and includes directly contracting with a governmental entity for such work.²⁵ Section 489.105(3)(d)-(q), F.S., includes a wide variety of contractors including roofing, air-conditioning, plumbing, underground utility and excavation, and solar.

Effect of Proposed Changes

Section 2 of the bill creates s. 287.05705, F.S., to provide that if a competitive solicitation is limited to the classes of work for which the FDOT issues certificates of qualification and does not involve the construction, remodeling, repair, or improvement of any building, or if a vendor holds an FDOT certificate of qualification or license under ch. 489, F.S., corresponding to the contractual service being procured, the procuring governmental entity may not prohibit a vendor from responding (*e.g.*, submitting a bid or proposal) to that entity’s competitive solicitation. The bill applies these provisions to all competitive solicitations issued by a governmental entity on or after October 1, 2021.

Lights on Vehicles (Section 3)

Present Situation

Current law generally prohibits a person from driving or otherwise moving on a road any vehicle or equipment that has a lamp or device that displays red, red and white, or blue lights visible from directly in front of such vehicle or equipment, with certain exceptions.²⁶ The display of blue lights on any vehicle or equipment is prohibited, except police vehicles and vehicles owned, operated, or leased by the Department of Corrections (DOC) or any county correctional agency when responding to emergencies.²⁷

The display of flashing lights on vehicles is also prohibited, except:²⁸

- As a means of indicating a right or left turn, to change lanes, or to indicate that the vehicles is lawfully stopped or disabled upon the highway.
- When a motorist intermittently flashes his or her vehicles’ headlamps at an oncoming vehicle notwithstanding the motorist’s intent for doing so.
- Flashing blue lights on police, DOC, or county correctional agency vehicles.
- Flashing amber lights on road or street maintenance equipment, road or street maintenance vehicles, road service vehicles, refuse collection vehicles, petroleum tankers, and mail carrier

²⁴ Section 489.103(1)

²⁵ Rule 61G4-12.011(9), F.A.C.

²⁶ Section 316.2397(1), F.S.

²⁷ Section 316.2397(2), F.S.

²⁸ Section 316.2397(7), F.S.

vehicles when in operation or when a hazard exists; and on commercial motor vehicles or trailers designed to transport unprocessed logs or pulpwood.

- Flashing red or red and white lights on vehicles such as those of a fire department or medical staff or facilities and ambulances.
- Flashing red lights on emergency response vehicles used by the Fish and Wildlife Conservation Commission, the DEP, and the Department of Health when responding to an emergency in the line of duty.
- Flashing white lights or flashing white strobe lights on road maintenance and construction equipment and vehicles when in operation and where a hazard exists; and on school buses and vehicles used to transport farm workers.
- Flashing white and red lights on bicycles and bicycle riders.
- Additional flashing lights authorized under s. 316.235, F.S., relating to additionally authorized lighting equipment on vehicles such as running board or fender lights.

Effect of Proposed Changes

Section 3 amends s. 316.2397, F.S., to authorize on roadways with a posted speed limit of 55 miles per hour or more:

- Flashing green, amber, and red lights on construction equipment within a work zone²⁹ during periods when workers are present.
- Flashing lights on vehicles during periods of extremely low visibility.³⁰

Salvage Certificate of Title or Certificate of Destruction (Section 4)

Present Situation

In order to receive a salvage certificate of title or certificate of destruction for a motor vehicle or mobile home that does not carry an electronic lien on the title under current law, among other requirements, an insurance company must provide proof of payment of the total loss claim and must provide an affidavit to the DHSMV stating that attempts have been made to obtain the title from the owner or lienholder to no avail.³¹

Effect of Proposed Changes

Section 4 amends s. 319.30(3)(b), F.S., to remove the requirement for an affidavit, instead requiring that the insurance company has *attested* on a form provided by the DHSMV stating that attempts have been made to obtain the title from the owner or lienholder to no avail, and has *attested* on a form provided by the DHSMV stating that attempts to obtain the title have failed.

²⁹ Section 316.003(105) defines “work zone *area*” to mean “the area and its approaches on any state-maintained highway, county-maintained highway, or municipal street where construction, repair, maintenance, or other street-related or highway-related work is being performed or where one or more lanes are closed to traffic.”

³⁰ With the exception of vehicles in funeral processions as provided in 316.1974(4)(c), F.S., Florida law does not expressly authorize the use of hazard lights on moving vehicles. The Florida Driver Handbook indicates that a driver should not use emergency flashers in instances of low visibility or rain and may only use emergency flashers when a vehicle is disabled or stopped on the side of the road. Department of Highway Safety and Motor Vehicles, *Florida Driver Handbook*, at p. 48, available at <https://www3.flhsmv.gov/handbooks/englishdriverhandbook.pdf> (last visited April 7, 2021).

³¹ Section 319.30(3)(b), F.S.

Permanent Motor Vehicle Registration (Section 5)

Present Situation

Currently, upon application for registration of a motor vehicle and payment of the appropriate license tax, the DHSMV generally issues one registration license plate.³² Generally, upon registration renewal (and replacement of the license plate after a ten-year period), a validation sticker is issued based on the applicant's renewal period. The period is 12 months, the extended period is 24 months, and all expirations occur based on the applicant's appropriate registration period.³³ Owners of motor vehicles for hire taxed under s. 320.08(6), F.S., are authorized to elect a permanent registration period if payment of the appropriate license taxes and fees occurs annually.³⁴ According to the DHSMV, for-hire vehicles include both short-term and long-term *leased* vehicles,³⁵ and the department proposes clarifying that permanent registration is available only to rental vehicles.³⁶

Effect of Proposed Changes

Section 5 amends s. 320.06(1)(b)1., F.S., providing that owners of *rental* vehicles taxed under s. 320.06(8), F.S., may elect a permanent registration period upon annual payment of the appropriate license taxes and fees.

Garage Liability Insurance (Section 6)

Present Situation

Motor vehicle dealers are required to have garage liability insurance or general liability insurance coupled with a business automobile policy in order to ensure a licensed dealer³⁷ has coverage for the day-to-day operations of businesses in the automotive industry that are not covered under most commercial or business liability insurance, including providing coverage for all dealer-owned vehicles driven by prospective purchasers.³⁸

While the Florida law requires a dealer to provide at the time of licensure application proof of the required coverage for the duration of the licensure period and again at the beginning of each licensure renewal period, the statute does not cover the issue of a gap in coverage during the licensure period. Gaps in coverage can, and do, occur as a result of various actions - a dealer may cancel a policy in the middle of the term or the insurer itself may cancel the policy in the middle of the term for nonpayment of the premium or for other reasons.

This technicality may allow a motor vehicle dealer to meet the requirement of proof of coverage at the beginning of the licensure period but allow the coverage to lapse during the licensure

³² Section 320.06(1)(a), F.S.

³³ Section 320.06(1)(b)1., F.S.

³⁴ *Id.*

³⁵ Section 320.01(15)(a), F.S., defines "for-hire vehicle," in part, as any motor vehicle, when used for transporting persons or goods for compensation; let or rented to another for consideration, or offered for rent or hire as a means of transportation for compensation.

³⁶ See DHSMV email dated April 5, 2021 (on file in the Senate Transportation Committee).

³⁷ Section 320.27, F.S.

³⁸ Section 320.27(3), F.S.

period and then reinstate coverage at the beginning of the next licensure period. The cancellation and later reinstatement of a policy creates a gap wherein the dealer has no insurance coverage. A gap in insurance coverage at any time during the licensure period has the potential to result in direct consumer harm, as any dealer-owned vehicles taken for test drives or driven as program models by the dealer, or any consumer-owned vehicles damaged while on the dealer's lot, or any other property or personal injury situations that would otherwise be covered under a garage liability policy are not otherwise covered. Currently, over 14,500 dealers are required to carry appropriate insurance coverage.³⁹

The DHSMV currently advises vehicle dealers and recreational vehicle dealers about upcoming policy expirations by generating a list of dealers whose policies are set to expire. The DHSMV then sends out three separate notices that ask each dealer to submit an updated or current policy to the DHSMV. Additionally, after the policy has expired, the DHSMV sends a follow-up letter that indicates the DHSMV will take administrative action against the licensee for non-compliance with the insurance requirement if an updated policy is not received within fourteen days. In addition to this written communication, the DHSMV field offices follow up with telephone calls and emails to the dealers, attempting to bring them into compliance with the insurance requirement. Ultimately, if the dealer is unresponsive and does not provide the DHSMV with proof of the required coverage, the Bureau of Dealer Services forwards the relevant information to the Office of the General Counsel with a request to initiate an administrative action against the dealer under ch. 120, F.S.⁴⁰

Currently, the DHSMV has no enforcement authority permitting it to take administrative action against a dealer's license for not timely providing proof of coverage. The only enforcement authority available lies in the ability to seek administrative action if the dealer has a gap in coverage or does not obtain and maintain coverage.⁴¹

Effect of Proposed Changes

Section 6 amends s. 320.27(3) and (10), F.S., requiring motor vehicle dealer licensees to deliver to the FDHSMV copies of renewed, continued, changed, or new insurance policies, surety bonds, or irrevocable letters of credit within 10 days after any renewal, continuation, change, or new issuance of the same, ensuring continuous insurance coverage.

Innovative Transportation Projects (Section 7)

Present Situation

The FDOT is currently authorized to establish a program for transportation projects that demonstrate innovative techniques of highway and bridge design, construction, maintenance, and finance. The innovations must intend to measure resiliency and structural integrity and control time and cost increases on construction projects. These techniques may include state-of-the-art technology for pavement, safety, and other aspects of highway and bridge design, construction, and maintenance; innovative bidding and financing techniques; accelerated construction

³⁹ Department of Highway Safety and Motor Vehicles, *2021 Legislative Bill Analysis for SB 1500*, (March 5, 2021), p. 4 (on file in the Senate Committee on Transportation).

⁴⁰ *Ibid.*

⁴¹ *Ibid.*

procedures; and techniques that have the potential to reduce project life cycle costs. To the maximum extent practical, the FDOT must use existing processes to award and administer construction and maintenance contracts.⁴²

The FDOT is limited to \$120 million in contracts annually for the purposes of innovative transportation projects. This annual cap on contracts for innovative transportation projects does not apply to:

- Turnpike Enterprise projects.
- Transportation projects funded by the American Recovery and Reinvestment Act of 2009.

Currently, minor design-build contracts are included in the annual cap for innovative transportation projects. These projects are bridges under \$10 million and other transportation projects (resurfacing) that are not considered to be major design-build.⁴³

Effect of Proposed Changes

Section 7 amends s. 337.025, F.S., to repeal redundant language relative to exclusion of Turnpike Enterprise projects and obsolete language relative to exclusion of transportation projects funded by the American Recovery and Reinvestment Act of 2009 from the annual \$120 million cap.

The bill also excludes low-bid design-build milling and resurfacing contracts from the annual cap. Such contracts would not be counted toward the annual cap for innovative transportation projects, possibly resulting in increased opportunities for the FDOT to engage in innovative transportation projects.

Whether all low-bid milling and resurfacing contracts are “innovative,” even with the design-build element, is unclear. The FDOT’s work program instructions state that resurfacing deals with improvements to the structural condition of existing pavement, intended to preserve the pavement’s structural integrity. The program provides for pavement milling and pavement resurfacing, among other activities.⁴⁴

FDOT Certificates of Qualification (Section 9)

Present Situation

FDOT Certificate of Qualification

Current law requires any contractor desiring to bid on any FDOT construction contract in excess of \$250,000 to first be certified by the FDOT as qualified to perform the specific class of work for which the contractor seeks certification. A contractor who is not already qualified and in good standing with the FDOT as of January 1, 2019, and who desires to bid on FDOT contracts

⁴² Section 337.025(1), F.S.

⁴³ FDOT Construction, *Design-Build Minor*, available at <https://www.fdot.gov/construction/AltContract/General/DBMinor.shtm> (last visited April 7, 2021).

⁴⁴ FDOT, *Work Program Instructions Tentative Work Program – FY 21/22-25/26*, Part III – Chapter 27: Resurfacing, (rev. April 1, 2021) available at <https://fdotewp1.dot.state.fl.us/fmsupportapps/Documents/development/WorkProgramInstructions.pdf> (last visited April 7, 2021).

in excess of \$50 million must have satisfactorily completed two projects, each in excess of \$15 million, for the FDOT or for any other state's department of transportation.⁴⁵

When applying to the FDOT, each application for certification must be accompanied by the contractor's latest annual financial statement, which must have been completed within the last 12 months. If the application or the annual financial statement shows the contractor's financial condition more than four months prior to the date on which the FDOT receives the application, the contractor must also submit an interim financial statement and an updated application.⁴⁶ Each required annual or interim financial statement must be audited and accompanied by the opinion of a certified public accountant.

Contractor Maximum Capacity Rating

The FDOT's rules include requirements with respect to the equipment, past record, experience, financial resources, and organizational personnel of the applying contractor, which are necessary to perform the specific class of work for which the contractor seeks certification. In so doing, the FDOT verifies and evaluates whether an applicant is competent and responsible and possesses the necessary financial resources to perform the requested work.⁴⁷

Part of the latter inquiry involves whether an applicant has the financial resources sufficient to establish a maximum capacity rating (MCR), which is defined as the total aggregate dollar amount of *uncompleted* work an applicant may have under contract at any one time as a prime contractor and/or subcontractor, regardless of the work location and with whom the applicant contracted.⁴⁸

According to the FDOT's rules, the MCR is established by a formula, one element of which is the "ability factor." For example, for new applicants and applicants not qualified under the rule for more than two years, the "ability score" determines the ability factor, which is determined from the total ability score resulting from evaluations of the applicant's organization, management, work experience, and letters of recommendation.⁴⁹

Currently, if an applicant for a certificate of qualification is found to possess the prescribed qualifications, the FDOT must issue the applicant a certificate, which, unless revoked by the FDOT for good cause, is valid for a period of 18 months after the date of the applicant's financial statement, or such shorter period as the FDOT prescribes. Submission of an application does not affect expiration of the certificate.⁵⁰

⁴⁵ Section 337.14(1), F.S.

⁴⁶ The interim statement must cover the period from the end date of the annual statement and must show the financial condition of the applying contractor no more than four months prior to the date the FDOT receives the interim statement but, upon request of the applicant, an application and accompanying annual or interim financial statement received by the FDOT within 15 days after either four-month period is considered timely.

⁴⁷ Rule 14.22-003(1), F.A.C.

⁴⁸ Rule 14.22-003(1)(d) and (2), F.A.C.

⁴⁹ *Id.*

⁵⁰ Section 337.14(4), F.S.

Effect of Proposed Changes

Section 9 amends s. 337.14(1) and (4), F.S., to clarify that any contractor desiring to bid on contracts in excess of \$50 million must first be certified by the FDOT as qualified, in addition to the existing requirement relating to satisfactory completion of two projects, each in excess of \$15 million.

The bill requires each application for certification to be accompanied by *audited, certified* financial statements prepared in accordance with generally accepted accounting principles and auditing standards by a certified public accountant licensed in this state or another state. The applying contractor's audited, certified financial statements must specifically address the applying contractor and must have been prepared within the immediately preceding 12 months. The FDOT may not consider any financial information relating to the parent entity of the applying contractor, if any, and may not certify as qualified any applying contractor that fails to submit the required audited, certified financial statements.

If the application or the annual financial statement shows the applying contractor's financial condition more than four months before the date on which the FDOT receives the application, the applying contractor must also submit interim *audited, certified* financial statements prepared in accordance with generally accepted accounting and auditing principles and standards by a certified public accountant licensed in this state or another state.

The bill provides that submission of an application *and subsequent approval* do not affect expiration of a contractor's certificate of qualification and, additionally, do not affect a contractor's ability factor or maximum capacity rating.

Construction, Engineering, and Inspection Services (Section 9)

Construction, engineering, and inspection (CEI) services include the activities required to review and inspect highway and bridge construction performed by a construction contractor for compliance with contract requirements. These services are critical to ensuring the safety of the traveling public.

Currently, a contractor⁵¹ or affiliate⁵² holding an FDOT certification of qualification may not also qualify to provide testing services or CEI services to the FDOT in connection with a construction contract under which the contractor is performing any work.⁵³ Simply stated, the contractor is prohibited from performing both the construction work *and* the CEI services on the same project, to avoid any conflict of interest that may arise in inspecting one's own work.⁵⁴

Legislation enacted in 2019 restated the prohibition with respect to projects funded by the FDOT and administered by a local governmental entity; *i.e.*, that the entity performing design services

⁵¹ Section 337.165(1)(d), F.S.

⁵² Section 337.165(1)(a), F.S.

⁵³ Section 337.14(7), F.S.

⁵⁴ This limitation does not apply to any design-build prequalification pursuant to s. 337.11(7), F.S., and does not apply when the FDOT otherwise determines by written order entered at least 30 days before advertisement that the limitation is not in the public's best interests with respect to a particular contract for testing services or CEI services.

and CEI services may not be the same entity.⁵⁵ Specified seaports were made exempt from the prohibition in that legislation, but airports were not.⁵⁶

According to the Florida Airports Council, the current prohibition increases airport project construction costs, lengthens project schedules due to additional coordination with consultants, and reduces project efficiency. Further:

- Florida airports leverage many different delivery methods for conducting CEI activities, depending on the project.
- Airports deliver more than road projects, such as building, hangars, ramps, and runways, and the CEI methods and processes the FDOT uses do not accommodate airport construction projects.
- “Airports need to remain agile with the many types of projects that they deliver, particularly as it pertains to the unique and specialized nature of airport projects, to ensure that each project is completed safely, timely and cost effectively.”⁵⁷

Effect of Proposed Changes

Section 9 amends s. 337.14(7), F.S., to provide that with respect to projects funded by the FDOT and administered by a local governmental entity, airports as defined in s. 332.004, F.S.,⁵⁸ are likewise exempt from the prohibition against the same entity performing design services and CEI services.

State Arbitration Board (Section 10)

Present Situation

Current law creates the State Arbitration Board (SAB) within the FDOT to facilitate the prompt settlement of claims⁵⁹ for additional compensation arising out of construction and maintenance contracts between the FDOT and its various contractors.⁶⁰ Every contractual claim in an amount up to \$250,000 per contract or, at the claimant's option, up to \$1 million per contract or, upon agreement of the parties, up to \$2 million per contract, which cannot be resolved by negotiation between the FDOT and the contractor must be arbitrated by the SAB after the FDOT's acceptance of the project. However, either party may request that the claim be submitted to binding private arbitration. A court of law may not consider the settlement of a claim until the SAB process has been exhausted.⁶¹

⁵⁵ Chapter 2019-153, L.O.F.

⁵⁶ Those listed in s. 311.09, which include the ports of Jacksonville, Port Canaveral, Port Citrus, Fort Pierce, Palm Beach, Port Everglades, Miami, Port Manatee, St. Petersburg, Tampa, Port St. Joe, Panama City, Pensacola, Key West, and Fernandina.

⁵⁷ See email to House committee staff relating to HB 1441 (2020) (on file in the Senate Transportation Committee).

⁵⁸ That section defines the term “airport” to mean “any area of land or water, or any manmade object or facility located therein, which is used, or intended for public use, for the landing and takeoff of aircraft, and any appurtenant areas which are used, or intended for public use, for airport buildings or other airport facilities or rights-of-way.”

⁵⁹ For the purpose of s. 337.185, F.S., the term “claim” means the aggregate of all outstanding claims by a party arising out of a construction or maintenance contract.

⁶⁰ Section 337.185(1), F.S.

⁶¹ Section 337.185(1), F.S.

The SAB is composed of three members: one member is appointed by the FDOT Secretary; one member is elected by those construction or maintenance companies who are under contract with the FDOT; and the third member is chosen by agreement of the other two members. Whenever the third member has a conflict of interest regarding an affiliation with one of the parties, the other two members select an alternate member for that hearing. The FDOT secretary may select an alternative or substitute to serve as the FDOT's member for any hearing or term. Each member serves a two-year term. The SAB elects a chair, each term, who is the administrator of the SAB and custodian of its records.⁶²

An arbitration hearing may be requested by the FDOT or by a contractor who has a dispute with the FDOT.⁶³ For all contracts entered into after June 30, 1993, the request must be made to the SAB within 820 days after the final acceptance of the work. The SAB must conduct the hearing within 45 days of the request. The party requesting the SAB's consideration must give notice of the hearing to each SAB member. If the SAB finds that a third party is necessary to resolve the dispute, the SAB may vote to dismiss the claim, which may thereafter be pursued in accordance with Florida law.⁶⁴ All members must be present to conduct a meeting. Upon being called into session, the SAB must promptly proceed to a determination of the issue or issues in dispute.⁶⁵

When a valid contract is in effect defining the rights, duties, and liabilities of the parties with respect to any matter in dispute, the SAB may only determine the proper interpretation and application of the appropriate contract provisions. Any investigation made by less than the whole membership of the SAB must be by authority of a written directive by the chair, and the investigation must be summarized in writing and considered by the SAB as part of the record of its proceedings.⁶⁶ The SAB must hand down its order within 60 days after it is called into session. If all three SAB members do not agree, the order of the majority constitutes the order of the SAB.⁶⁷

The SAB members may receive compensation for the performance of their duties from administrative fees received by the SAB, except that an FDOT employee may not receive compensation. The compensation amount is determined by the SAB, but may not exceed \$125 per hour, up to \$1,000 per day for each member authorized to receive compensation. This does not prevent the member elected by construction or maintenance companies from being an employee of an association affiliated with the industry, even if the sole responsibility of that member is service on the SAB. Travel expenses for the industry member may be paid by an industry association, if necessary. The SAB may allocate funds annually for clerical and other administrative services.⁶⁸

⁶² Section 337.185(2), F.S.

⁶³ Current State Arbitration Board procedures are available at: https://cdn.ymaws.com/ftba.site-ym.com/resource/resmgr/website_files/arbitration_board/11-19-20_State_Arbitration_B.pdf (last visited April 8, 2020).

⁶⁴ Section 337.185(3), F.S.

⁶⁵ Section 337.185(4), F.S.

⁶⁶ Section 337.185(5), F.S.

⁶⁷ Section 337.185(6), F.S.

⁶⁸ Section 337.185(7), F.S.

The party requesting arbitration must pay a fee to the SAB in accordance with a schedule established by it, to cover the cost of administration and compensation of the SAB, not to exceed:

- \$500 per claim which is \$25,000 or less;
- \$1,000 per claim which is in excess of \$25,000 but not exceeding \$50,000;
- \$1,500 per claim which is in excess of \$50,000 but not exceeding \$100,000;
- \$2,000 per claim which is in excess of \$100,000 but not exceeding \$200,000;
- \$3,000 per claim which is in excess of \$200,000 but not exceeding \$300,000;
- \$4,000 per claim which is in excess of \$300,000 but not exceeding \$400,000; or
- \$5,000 per claim which is in excess of \$400,000.⁶⁹

The SAB in its order may apportion the above fees, and the cost of recording and preparing a transcript of the hearing, among the parties in accordance with the SAB's finding of liability.⁷⁰

Effect of Proposed Changes

Section 10 substantially revises s. 337.185, F.S., relating to the SAB. The bill creates the following definitions:

- “Claim” means the aggregate of all outstanding written requests for additional monetary compensation, time, or other adjustments to the contract, the entitlement or impact of which is disputed by the FDOT and could not be resolved by negotiations between the FDOT and the contractor.
- “Contractor” means a person or firm having a contract for rendering services to the FDOT relating to the construction or maintenance of a transportation facility.
- “Final acceptance” means that the contractor has completely performed the work provided for under the contract, the FDOT or its agent has determined that the contractor has satisfactorily completed the work provided for under the contract, and the FDOT or its agent has submitted written notice of final acceptance to the contractor.

The bill requires every claim of up to \$250,000 per contract that cannot be resolved by negotiations between the FDOT and the contractor to be arbitrated by the SAB. Authorization for either party to request that a claim be submitted to binding private arbitration is removed. An award issued by the SAB is final and enforceable by a court of law.

A contractor may submit a claim greater than \$250,000 up to \$1 million per contract or, upon agreement of the parties, up to \$2 million per contract to be arbitrated by the SAB. An award issued by the SAB is final if a request for a trial de novo⁷¹ is not filed within the time provided by Rule 1.830, Florida Rules of Civil Procedure.⁷² At the trial de novo, the court may not admit evidence that there has been an arbitration proceeding, the nature or amount of the award, or any other matter concerning the conduct of the arbitration proceeding, except that testimony given at an arbitration hearing may be used for any purpose otherwise permitted by the Florida Evidence

⁶⁹ Section 337.185(8), F.S.

⁷⁰ Section 337.185(9), F.S.

⁷¹ A trial de novo refers to a new trial on the entire case and is conducted as if there had been no trial in the first instance.

⁷² Rule 1.830, Florida Rules of Civil Procedure, relates to voluntary binding arbitration. The rule provides that a voluntary binding arbitration decision may be appealed within 30 days after service of the decision on the parties. Appeal is limited to the grounds specified in s. 44.104(10), F.S.

Code.⁷³ If a request for trial de novo is not filed within the time provided, the award issued by the board is final and enforceable by a court of law.

An arbitration request may not be made to the SAB before final acceptance, but must be made within 820 days after final acceptance. The SAB must still schedule a hearing within 45 days after an arbitration request but, if possible, must now conduct the hearing within 90 days after the request instead of the previous 45-day deadline.

The bill authorizes the SAB to administer oaths and conduct the proceedings as provided by court rules. The bill requires the hearing to be conducted informally, with the presentation of testimony and evidence being kept to a minimum. The bill requires matters to be presented to the arbitrators primarily through the statements and arguments of counsel. The SAB must address the scope of discovery, presentation of testimony, and evidence at a preliminary hearing by considering the size, subject matter, and complexity of the dispute. Any party to the arbitration may petition the SAB, for good cause shown, to issue subpoenas for the attendance of witnesses and the production of books, records, documents, and other evidence at the arbitration and may petition the SAB for orders compelling such attendance and production at the arbitration. Subpoenas must be served and are enforceable in the manner provided by law.

The SAB must issue its award within 45 days after the conclusion of the arbitration hearing (rather than within 60 days after being called into session under current law). If all three members of the board do not agree, the award agreed to by the majority of the board constitutes the award of the board.

The board is still composed of three members who are selected in the same manner as in current law. If the first or second member has a conflict of interest regarding affiliation with one of the parties, the appointing entity must appoint an alternate member for that hearing. If the third member has such a conflict, the first and second members must select an alternate. Each member serves a 4-year term, instead of the current 2-year term. As under current law, the SAB still elects a chair for each term, and the chair is the SAB administrator and custodian of its records. The presence of all SAB members is required to conduct a meeting, whether in person or via videoconferencing.

The bill requires that SAB members receive compensation from deposits made by the parties based on an estimate of compensation by the SAB, except that, again, an FDOT employee may not receive SAB compensation. All deposits must be held in escrow by the chair in advance of the hearing. Each member eligible for compensation must be compensated at \$200 per hour, up to a maximum of \$1,500 per day (currently not to exceed \$125 per hour up to a maximum of \$1,000 per day), and a member must be reimbursed for the actual cost of his or her travel expenses. The SAB is authorized to allocate funds annually for clerical and other administration services.

The bill effectively maintains the same schedule of filing fees as in current law, based on the dollar amount of a claim, and authorizes the SAB to apportion the filing fees and the cost of recording and preparing a transcript of the hearing among the parties in its award.

⁷³ Chapter 90, F.S.

Surplus Revenue/High-Occupancy Toll Lanes or Express Lanes (Section 11)

Present Situation

Current law authorizes the FDOT to request the Division of Bond Finance to issue bonds secured by toll revenues collected on high-occupancy toll lanes (HOT lanes) or express lanes established on FDOT-owned facilities.⁷⁴ All collected tolls must first be used to pay the annual cost of operation, maintenance, and improvement of the HOT or express lanes project or associated transportation system. The FDOT may continue to collect tolls on HOT or express lanes after the discharge of any bond indebtedness related to such project.⁷⁵ The FDOT must use any remaining toll revenue from the HOT or express lanes for the construction, maintenance, or improvement of any road on the State Highway System (SHS) within the county or counties in which the toll revenues were collected or to support express bus service on the facility where the toll revenues were collected.⁷⁶

Effect of Proposed Changes

Section 11 amends s. 338.166(3), F.S., providing that remaining toll revenue from HOT or express lanes, after payment of the annual cost of operation, maintenance, and improvement of the HOT or express lanes project and associated transportation system, the FDOT must use any remaining toll revenue to support public transportation projects that benefit the operation of HOT or express lanes on the State Highway System within the county or counties in which the toll revenues were collected. Use of the remaining revenue for such purpose is in addition to expenditures as currently specified for any road on the SHS within the county or counties in which the toll revenues were collected or to support express bus service on the facility where the toll revenues were collected.

Metropolitan Planning Organizations Member Fees (Section 12)

Present Situation

The FDOT is currently required to allocate to each metropolitan planning organization (MPO) for the purpose of accomplishing its transportation planning and programming duties, an appropriate amount of federal transportation planning funds,⁷⁷ which generally make up the largest portion of MPO funding. However, governmental entity members of an MPO may, from time to time, voluntarily contribute various sums to an MPO to supplement the federal funding received through the FDOT, and an MPO may assess fees for municipalities, counties, or other governmental entities that are members of the MPO. Under current law, the MPO in a county as defined in s. 125.011(1), F.S. (*i.e.*, Miami-Dade County) is prohibited from assessing any fees for municipalities, counties, or other governmental entities that are members of that MPO.⁷⁸

⁷⁴ Section 338.166(1), F.S.

⁷⁵ Section 338.166(2), F.S.

⁷⁶ Section 338.166(3), F.S.

⁷⁷ Section 339.175(6)(f)1., F.S.

⁷⁸ *Id.*

Effect of Proposed Changes

Section 12 amends s. 339.175(6)(f), F.S., to remove the current prohibition against the MPO in Miami-Dade County assessing any fees for municipalities, counties, or other governmental entities that are members of the MPO.

Northwest Florida Transportation Corridor Authority (Sections 13 and 20)

Present Situation

The Northwest Florida Transportation Corridor Authority (NFTCA), is an agency of the State of Florida, created in 2005 pursuant to ch. 343, Part IV, F.S. One of several transportation authorities in Florida, the governing body consists of eight voting members, one each from Escambia, Santa Rosa, Walton, Okaloosa, Bay, Gulf, Franklin, and Wakulla counties, appointed by the Governor to a 4-year term. The appointees are residents of their respective counties and may not hold an elected office. The district secretary of the FDOT serving Northwest Florida also serves as an ex officio, nonvoting member of the NFTCA governing body.⁷⁹

The primary purpose of the NFTCA is to improve mobility on the U.S. 98 corridor in Northwest Florida, enhance traveler safety, identify and develop hurricane evacuation routes, promote economic development, and implement transportation projects to alleviate current or anticipated traffic congestion.⁸⁰

The NFTCA met on September 20, 2018, and during the meeting, the NFTCA Board voted unanimously, approving Resolution 18-02, to become inactive as an authority. The NFTCA Board also voted unanimously to approve their 2019 Budget, which utilized all of their remaining funds of \$1,016, with \$1,015 placed under Board Expenses and \$1 placed in Total Reserves for the 2019 Budget before going inactive.⁸¹

Effect of Proposed Changes

Section 13 repeals Part III of ch. 343, F.S., consisting of ss. 343.80, 343.805, 343.81, 343.82, 343.83, 753 343.835, 343.836, 343.84, 343.85, 343.87, 343.875, 343.88, 754 343.881, 343.884, and 343.89, F.S., in which the NFTCA was established.

Section 20, notwithstanding any other law, dissolves the inactive NFTCA. The NFTCA must discharge or make provisions for the their debts, obligations, and other liabilities; settle and close the NFTCA's activities and affairs; and provide for distribution of the their assets (estimated to be \$1,016),⁸² or the proceeds of such assets, such that each local general-purpose government represented on the NFTCA's board receives a distribution generally in proportion to each entity's contribution to the acquisition of the assets.

⁷⁹ Section 343.81(2), F.S.

⁸⁰ Section 343.81(1), F.S.

⁸¹ Northwest Florida Transportation Corridor Authority, Board Meeting Minutes, September 20, 2018 (on file in the Senate Transportation Committee).

Central Florida Expressway Authority – Lake County (Section 14)

The Central Florida Expressway Authority (CFX) is established in Part III of ch. 348, F.S., and is granted the right to acquire, hold, construct, improve, maintain, operate, own, and lease in the capacity of lessor the CFX Expressway System. Except as otherwise provided, the area served by the CFX is that within the geographical boundaries of Orange, Seminole, Lake, Brevard, and Osceola counties.⁸³

The Wekiva Parkway (State Road 429) will ultimately connect to State Road 417 and complete the beltway around Central Florida. The project is a cooperative effort between the FDOT (which is responsible for constructing portions of the parkway)⁸⁴ the CFX, and the Turnpike Enterprise. Portions of the parkway are already open, and the entire parkway is scheduled to be open to traffic in 2023.⁸⁵

Section 348.754(1)(c), F.S., notwithstanding any other provision of that section, provides that to ensure the continued financial feasibility of the portion of the Wekiva Parkway to be constructed by the FDOT, the CFX may not, without the prior consent of the secretary of the FDOT, construct any extensions, additions, or improvements to the expressway system in Lake County.

Effect of Proposed Changes

Section 14 amends s. 348.754(1)(c), F.S., to provide that to ensure the continued financial feasibility of the portion of the Wekiva Parkway to be constructed by the FDOT, the CFX may not, without the prior consultation (rather than consent) of the secretary of the FDOT, construct any extensions, additions, or improvements to the expressway system in Lake County.

Jacksonville Transportation Authority (Section 15)

Present Situation

Chapter 349, F.S., creates the Jacksonville Transportation Authority (the JTA) as a body politic and corporate and an agency of the state.⁸⁶ The JTA is authorized to acquire, hold, construct, improve, maintain, operate, and own the Jacksonville Expressway System,⁸⁷ but the authority also has multi-modal responsibilities. The JTA designs and constructs bridges and highways⁸⁸ and provides varied mass transit services including, but not limited to, express and regular bus service;⁸⁹ a downtown Skyway Monorail;⁹⁰ the St. Johns River Ferry;⁹¹ the Gameday Xpress for

various sporting events;⁹² inter-county service between points in Baker, Clay, Nassau, Putnam, and St. Johns Counties;⁹³ and paratransit service.⁹⁴

Current law authorizes the JTA to enter into lease agreements, including the authority to lease:

- As a lessor, the Jacksonville Expressway System,⁹⁵ a mass transit system employing motor cars or buses, street railway systems beneath the surface, on the surface, or above the surface, or any other means determined useful to the rapid transfer of large numbers of people among the locations of residence, commerce, industry, and education in Duval County.⁹⁶
- Public transportation projects, such as express bus services; bus rapid transit services; light rail, commuter rail, heavy rail, or other transit services; ferry services; transit stations; park-and-ride lots; transit-oriented development nodes; or feeder roads, reliever roads, connector roads, bypasses, or appurtenant facilities, that are intended to address critical transportation needs or concerns in the Jacksonville, Duval County, metropolitan area.⁹⁷
- As lessee or lessor, and use any franchise or any property, real, personal, or mixed, tangible or intangible, or any interest therein, necessary or desirable for carrying out the purposes of the authority and to sell, lease as lessor, transfer, and dispose of any property or interest therein at any time acquired by it, including, without limitation, land, buildings, and other facilities located within or comprising transit-oriented developments which enhance the use or utility of transportation facilities owned or constructed by the authority and administrative and other buildings for the use of the authority in carrying out its powers and obligations.⁹⁸

Various transportation, bridge, and expressway authorities are granted the power under current law to enter into agreements for similar or other types of leases, such as the South Florida Regional Transportation Authority,⁹⁹ the Central Florida Regional Transportation Authority,¹⁰⁰ the Tampa Bay Area Regional Transit Authority,¹⁰¹ the Tampa-Hillsborough Expressway Authority,¹⁰² and the Santa Rosa Bay Bridge Authority.¹⁰³ The authorization in each of these instances, however, is open-ended and not limited in duration. The duration for which the Central Florida Expressway Authority is authorized to enter into lease agreements is for a term not exceeding 99 years.¹⁰⁴

Standing alone among these various transportation, bridge, and expressway authorities, the JTA is the only such entity with leasing authority limited to a duration of 40 years.

⁹² See the JTA website, *Gameday Xpress*, available at [Jacksonville Transportation Authority - Gameday Xpress \(jtafla.com\)](https://www.jtafla.com/gameday-xpress) (last visited April 14, 2021).

⁹⁹ Section 343.54(1)(b) and (3)(d), (e), and (i), F.S.

¹⁰⁰ Section 343.64(1)(b) and (3)(d), (e), and (i), F.S.

¹⁰¹ Section 343.922(5)(d), (e), and (i), F.S.

¹⁰² Section 348.54(3), F.S.

¹⁰³ Section 348.968(2)(c), and (d), F.S.

¹⁰⁴ Section 348.754(1)(a) and (2)(c), F.S.

Effect of Proposed Changes

Section 15 amends s. 349.04(2)(d), F.S., to increase from 40 years to 99 years the limitation on the term of a lease into which the Jacksonville Transportation Authority (JTA) is authorized to enter.

Borrow Pits (Sections 8, 16, 17, and 18)

Present Situation

Currently, the term “borrow pit” is not defined in Florida law.

Part III of ch. 378, F.S., contains the Resource Extraction Reclamation Act, which prohibits an operator¹⁰⁵ from beginning the process of extracting clay, peat, gravel, sand, or any other solid substance of commercial value found in natural deposits or in the earth, except fuller's earth clay, heavy minerals, limestone, or phosphate, which are regulated elsewhere in ch. 378, F.S., at a new mine¹⁰⁶ without notifying the secretary of the DEP of the intention to mine.¹⁰⁷ The operator's notice of intent to mine must consist of the operator's estimated life of the mine and the operator's signed acknowledgment of the performance standards provided in s. 378.803, F.S.¹⁰⁸

The act also provides that after January 1, 1989, all operators of existing mines for the extraction of resources as described above must meet the performance standards provided by s. 378.803, F.S., for any new surface area disturbed at such mines.¹⁰⁹

Section 378.803, F.S., provides the following performance standards for the reclamation of other resources:¹¹⁰

- Reclamation must achieve the stormwater, drainage, wetlands, and other surface and groundwater requirements of the DEP and the appropriate water management district.
- The final slopes must be at such an angle as to minimize the possibility of slides and may not exceed the natural angle of repose of the material being mined.
- Provisions for safety to persons, wildlife, and adjoining property must be provided.
- Any overburden and spoil must be left in a configuration which is in accordance with accepted soil conservation practices and which is suitable for the proposed future use of the land.
- Reclamation must be designed to avoid the collection of water in pools that are, or are likely to become, noxious, odious, or foul.
- All reclamation activities must, to the extent possible, be coordinated with resource extraction and in any event must be initiated at the earliest practicable time.

¹⁰⁵ Section 378.403(13), F.S., defines the term “operator” as any person engaged in an operation.

¹⁰⁶ Section 348.403(10), F.S., defines the term “mine” as an area of land upon which mining operations have been conducted, are being conducted, or are planned to be conducted, as the term is commonly used in the trade.

¹⁰⁷ Section 378.801(1), F.S.

¹⁰⁸ Section 378.801(2), F.S.

¹⁰⁹ Section 378.802, F.S.

¹¹⁰ Section 378.403(17), F.S., defines the term “resource” as soil, clay, peat, stone, gravel, sand, limerock, metallic ore, or any other solid substance of commercial value found in natural deposits on or in the earth, except phosphate.

- Reclamation activities must be consistent with all applicable local government ordinances at least as stringent as the criteria and standards discussed above.

Effect of Proposed Changes

Section 16 amends s. 378.403, F.S., to define the term “borrow pit” as an area of land:

- Upon which excavation of surface resources has been conducted, is being conducted, or is planned to be conducted, as the term is commonly used in the mining trade; and
- Not considered a mine.

Such resources are limited to soil, organic soil, sand, or clay that can be removed with construction excavating equipment and loaded on a haul truck with no additional processing.

Section 8 creates s. 337.0262, F.S., to prohibit the FDOT, and any contractor or subcontractor of the FDOT, from purchasing or using any clay, peat, gravel, sand, or other solid substance extracted from a borrow pit unless:

- The operator certifies to the FDOT, the contractor, or the subcontractor that the borrow pit is in compliance with the notice requirement and the substantive requirements of s. 378.801, F.S., and
- The operator is in compliance with the performance standards described above, including providing proof of currently valid permits required by the DEP and the appropriate water management district.

The bill mandates that all contracts and purchase orders executed by the FDOT, and all subcontracts and purchase orders executed by contractors or subcontractors after July 1, 2021, must include specific requirements for compliance with the bill’s provisions.

If the FDOT determines that substances are being obtained and used from a borrow pit not in compliance with the bill’s provisions, the FDOT is required to cease accepting any substances from that pit within 48 hours. The FDOT is authorized to resume acceptance once the pit has reestablished compliance with the bill’s provisions.

Section 17 amends s. 378.801, F.S., revising the title to address a notice of intent to extract, rather than to mine. The bill prohibits an operator from beginning the operation of a borrow pit (in addition to the current prohibition against beginning the process of extracting clay, peat, gravel, etc.) at a new *location* (instead of at a new mine) without notifying the DEP secretary of the intent to *extract* (instead of the intent to mine). The operator’s notice of intent to *extract* must consist of the operator’s estimated life of the *extraction location* (instead of the estimated life of the mine).

Section 18 amends s. 378.802, F.S., revising the title to address existing extraction locations (rather than existing mines). The bill requires that after January 1, 1989, all operators of existing *locations* for the extraction of the resources described in s. 378.801, F.S., must meet the performance standards in s. 378.803, F.S., for any new surface area disturbed at such *locations*.

Outdoor Advertising (Section 19)

Present Situation

Since the passage of the Highway Beautification Act (HBA) in 1965, the Federal Highway Administration (FHWA) has established controls for outdoor advertising along Federal-aid Primary, Interstate, and National Highway System roads. The HBA allows the location of billboards in commercial or industrial areas, mandates a state compliance program, requires the development of state standards, promotes the expeditious removal of illegal signs, and requires just compensation for takings.

The primary features of the HBA include:

- Billboards are allowed, by statute, in commercial and industrial areas consistent with size, lighting, and spacing provisions as agreed to by the state and federal governments. Billboard controls apply to all interstates, federal-aid primaries, and other highways that are part of the national Highway System.
- States have the discretion to remove legal nonconforming signs¹¹¹ along highways. However, the payment of just compensation is required for the removal of any lawfully erected billboard along the specified roads.
- States and localities may enact stricter laws than stipulated in the HBA.

The HBA mandates state compliance and the development of standards for certain signs as well as the removal of nonconforming signs. While the states are not directly forced to control signs, failure to impose the required controls can result in a substantial penalty. The penalty for noncompliance with the HBA is a 10 percent reduction of the state's annual federal-aid highway apportionment.¹¹²

Under the provisions of a 1972 agreement between the State of Florida and the U.S. Department of Transportation (USDOT)¹¹³ incorporating the HBA's required controls, the FDOT requires commercial signs to meet certain requirements when they are within 660 feet of Interstate and Federal-Aid Primary highways in urban areas, or visible at any distance from the same roadways when outside of urban areas. The agreement embodies the federally-required "effective control of the erection and maintenance of outdoor advertising signs, displays, and devices." Absent this effective control, the non-compliance penalty of 10 percent of federal highway funds may be imposed.

Florida's outdoor advertising laws are found in ch. 479, F.S., and are based on federal law and regulations and the 1972 agreement.¹¹⁴ That chapter expressly provides that its provisions do not

¹¹¹ A legal "nonconforming sign" is a sign that was legally erected according to the applicable laws and regulations of the time, but which does not meet current laws or regulations. Section 479.01(16), F.S.

¹¹² 23 U.S.C. § 131(b).

¹¹³ For a copy of the agreement, see ScenicAmerica, available at [Florida Agreement \(scenic.org\)](https://www.scenic.org/Florida-Agreement) (last visited March 25, 2021).

¹¹⁴ Some local governments have their own ordinances regulating outdoor advertising in their communities. See FDOT, *Outdoor Advertising*, available at [Outdoor Advertising \(fdot.gov\)](https://www.fdot.gov/outdoor-advertising) (last visited March 26, 2021). The current database may be accessed using the same link.

supersede the rights and powers of counties and municipalities to enact outdoor advertising or sign ordinances.¹¹⁵

Permitting and Metal Tags

A person is prohibited from engaging in the business of outdoor advertising in this state without first obtaining a license from the FDOT.¹¹⁶ Except as otherwise provided,¹¹⁷ a person may not erect, operate, use, or maintain, or cause to be erected, operated, used, or maintained, any sign on the State Highway System outside an urban area,¹¹⁸ or on any portion of the interstate or federal-aid primary highway system without first obtaining a permit for the sign from FDOT (and paying the required annual fee).¹¹⁹

Once obtaining a license to engage in the business of outdoor advertising and having been issued a permit by the FDOT for an outdoor advertising sign, the FDOT is required to furnish to a permittee a serially numbered, permanent metal permit tag which the permittee is responsible for maintaining on each permitted sign facing at all times. The tag must be securely attached to the upper 50 percent of the sign structure in such a manner as to be plainly visible from the main traveled way.¹²⁰ The tag must be properly and permanently displayed at the permitted site within 30 days after the date of permit issuance and, if the permittee fails to erect a completed sign on the permitted site within 270 days after the date of permit issuance, the permit becomes void. The FDOT is prohibited from issuing a new permit to that permittee for the same locations for 270 days after the date on which the permit becomes void.¹²¹ Current law also provides for the FDOT issuance of a replacement tag in the event a permit tag is lost, stolen, or destroyed.¹²² The fee for a replacement tag, set by FDOT rule, is \$12 per tag.¹²³

At least 105 days before a license or a sign permit expires, the FDOT must send to each permittee a notice of fees due for all licenses and permits issued to a licensee/permittee before the date of the notice, and the permittee must advise the FDOT of any additions, deletions, or errors contained in the notice no later than 45 days before the expiration date.¹²⁴ Permits tags that are not renewed must be returned to the FDOT for cancellation by the expiration date. Permits that are not renewed or are canceled must be certified in writing at canceled or not renewed by

¹¹⁵ Section 479.155, F.S.

¹¹⁶ Section 479.04, F.S. However, a person is not required to obtain the license to erect outdoor advertising signs or structures as an incidental part of a building construction contract.

¹¹⁷ See, e.g., s. 479.16, F.S., for a list of signs for which permits are not required.

¹¹⁸ “Urban area” means a geographic region comprising as a minimum the area inside the United States Bureau of the Census boundary of an urban place with a population of 5,000 or more persons, expanded to include adjacent developed areas as provided for by Federal Highway Administration regulations. Section 334.03(31), F.S.

¹¹⁹ The annual permit fee for each sign facing is \$71. See Rule 14-10.0043, F.A.C. A “sign facing” includes all sign faces and automatic changeable faces displayed at the same location and facing the same direction. Section 479.01(22), F.S. An “automatic changeable facing” means a facing that is capable of delivering two or more advertising messages through an automated or remotely controlled process. Section 479.01(2), F.S.

¹²⁰ “Main traveled way” means the traveled way of a highway on which through traffic is carried. In the case of a divided highway, the traveled way of each of the separate roadways for traffic in opposite directions is a main-traveled way. The term does not include such facilities as frontage roads, turning roadways which specifically include on-ramps or off-ramps to the interstate highway system, or parking areas. Section 479.01(12), F.S.

¹²¹ Section 479.07(5), F.S.

¹²² Section 479.07(5), F.S.

¹²³ Rule 14-10.004(14), F.A.C.

¹²⁴ Section 479.07(8), F.S.

the permittee, and permit tags for such permits must be returned to the FDOT or accounted for in writing by the permittee.¹²⁵

Effect of Proposed Changes

Section 19 amends s. 479.07, F.S., relating to outdoor advertising sign permits, requiring the FDOT to create and implement as soon as practicable a publicly accessible electronic database which includes permit details for each permit issued by the FDOT. The details in the database must include at a minimum the:

- Name and contact information of the permit operator;
- Structure identification number or numbers;
- Panel or face identification number or numbers;
- Latitude and longitude of the permitted sign;
- Compass bearing; and
- Most recent date the FDOT visually inspected the permitted sign.

Additionally, the database must also include images of the permitted sign once constructed.

Upon implementation of the database, the FDOT may not:

- Furnish permanent metal permit tags or replacement tags to permittees; or
- Enforce specified provisions of current law relating to permanent metal permit tags or replacement tags.

In addition, permittees are not then required to return permit tags to the FDOT, as is the case under current law.

Section 21 provides that the bill is effective July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Not applicable. The bill does not appear to require counties or municipalities to spend funds or take action requiring the expenditure of funds; reduce the authority that counties or municipalities have to raise revenues in the aggregate; or reduce the percentage of state tax shared with counties or municipalities.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

¹²⁵ *Id.*

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

Insurance companies may incur insignificant expenses associated with providing the required attestation forms relating to insurance company receipt of a salvage certificate of title or certificate of destruction for a motor vehicle or mobile home.

Motor vehicle dealer licensees may incur insignificant expenses associated with delivering to the DHSMV copies of renewed, continued, changed, or new insurance policies, surety bonds, or irrevocable letters of credit.

The bill increases hourly compensation for SAB members from \$150 to \$200, and increases the daily maximum compensation from \$1,000 to \$1,500 per member. Both current law and the bill require parties bringing arbitrations to the SAB to pay fees, based on the amount of the dispute, to defray the costs of operating the board. Contractors requesting arbitration through the SAB may experience indeterminate increased costs associated with submitting a claim to the SAB.

To the extent the bill results in contractors determining that the new procedural and evidentiary provisions governing SAB proceedings warrant hiring legal counsel, the bill may result in increased costs to contractors in the form of legal representation.

Contractors seeking certificates of qualification may experience indeterminate increased costs associated with the bill's requirements for audited, certified financial statements.

C. Government Sector Impact:

Municipalities, counties, and CDDs that undertake conveyance of a road and rights-of-way dedicated in a recorded subdivision plat and enter into an interlocal agreement may incur expenses in accomplishing the conveyance, which expenses are likely not significant. CDDs that choose not to enter into agreements for traffic control jurisdiction over a conveyed road will incur indeterminate expenses associated with installing, operating, maintaining, repairing and replacing all signs, signals, markings, striping, guardrails and other traffic control devices. If there is such an agreement, such costs remain with the municipality or county.

The DHSMV will incur expenses associated with creating the required attestation forms relating to insurance company receipt of a salvage certificate of title or certificate of destruction for a motor vehicle or mobile home, which expenses are likely insignificant.

The FDOT will incur likely significant expenses associated with creating and implementing the publicly accessible electronic database for sign permit information but, as the bill allows the FDOT to do so “as soon as practicable,” these significant expenses may be incurred over time.

As to the increased SAB compensation, the fees are static. The extent of time for which the fees will adequately cover SAB costs is unknown.

Local governments operating airports may experience a reduction in expenditures due to the exemption from the CEI requirements. Any reduction is dependent on project specifics and is therefore indeterminate.

The bill does not otherwise appear to impact state or local government revenues.

VI. Technical Deficiencies:

None.

VII. Related Issues:

The FDOT currently requires, by contract specification, contractors to take any dispute before what is called a Dispute Review Board (DRB) before invoking the SAB process. The DRB process establishes a per hearing cost of \$9,000 to provide compensation to all DRB members for participation in an actual hearing, with the DRB chair receiving \$3,500 and the other two members receiving \$2,750 each. The FDOT and the contractor equally provide compensation to the DRB for participation in an actual hearing. The FDOT compensates the contractor in the amount of \$4,500 as its contribution to the hearing cost. DRB rulings are not binding and can be rejected by either party.¹²⁶

Under the revised SAB provisions, proceedings must be conducted “as provided by court rules.” The bill also requires a preliminary hearing not currently required. The FDOT will presumably continue to require the DRB process, by contract, before a contractor may submit a claim to the SAB. The bill requires SAB hearings to be conducted informally, with the presentation of testimony and evidence kept to a minimum, yet matters are to be presented to the SAB primarily through the statements and arguments of counsel.

¹²⁶ See FDOT Dispute Review Board, *Three Party Agreement Form # 700-011-02, Section VI Payment*, at p. 5 (July 2019), available at <https://www.fdot.gov/construction/constadm/drb/drbmain.shtm> (last visited April 13, 2021).

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 316.2397, 319.30, 320.06, 320.27, 337.025, 337.14, 337.185, 338.166, 339.175, 348.754, 349.04, 378.403, 378.801, 378.802, and 479.07.

This bill creates the following sections of the Florida Statutes: 177.107, 287.05705, and 337.0262.

This bill creates an undesignated section of Florida law.

This bill repeals the following sections of the Florida Statutes: 343.80, 343.805, 343.81, 343.82, 343.83, 343.835, 343.836, 343.84, 343.85, 343.87, 343.875, 343.88, 343.881, 343.884, and 343.89.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on April 15, 2021:

The committee substitute:

- Authorizes a municipal or county governing body to abandon roads and rights of way dedicated in a recorded residential subdivision plat and to simultaneously convey the city's or the county's interest to a CDD under specified conditions.
- Substitutes an affidavit with an attestation on a form provided by the DHSMV as a requirement for an insurance company to receive a salvage certificate of title or certificate of destruction for motor vehicles and mobile homes from the DHSMV.
- Clarifies that the types of vehicles authorized to elect a permanent registration period are rental vehicles, making clear that the authorization does not apply to leased vehicles.
- Requires motor vehicle dealer licensees to deliver to the DHSMV copies of renewed, continued, changed, or new insurance policies, surety bonds, or irrevocable letters of credit within 10 days after any renewal, continuation, change, or new issuance of the same, ensuring continuous insurance coverage.
- Requires the FDOT to also use surplus toll revenues from HOT or express lanes for any public transportation project that benefits the operation of an HOV or express lane on the state highway system within the county or counties in which the revenue was collected, in addition to current use of these revenues for construction, maintenance, or improvement of any road on the state highway system, or to support express bus service on the facility, within the county or counties in which the toll revenues were collected.
- Repeals a prohibition against an MPO in Miami-Dade County assessing any fees for municipalities, counties, or other governmental entities that are members of the MPO.
- Repeals part III of ch. 343, F.S., relating to the inactive Northwest Florida Transportation Corridor Authority.

- Prohibits the Central Florida Expressway Authority from constructing any extensions, additions, or improvements to the Central Florida Expressway System in Lake County without prior consultation with, rather than consent of, the Secretary of Transportation.
- Requires the FDOT to create and implement a publicly accessible electronic database for sign permit information; specifies requirements for the database; prohibits the department from furnishing permanent metal permit tags or replacement tags and from enforcing related provisions once the department creates and implements the database.
- Increases from 40 years to 99 years an existing limitation on the term of a lease into which the Jacksonville Transportation Authority may enter.

CS by Transportation on March 24, 2021:

The committee substitute:

- Authorizes construction equipment in a work zone on roadways with a posted speed limit of 55 miles per hour or higher to display a combination of flashing green, amber, and red lights during periods when workers are present.
- Prohibits the FDOT, and its contractors and subcontractors, from purchasing or using specified substances extracted from a borrow pit unless certification is provided by the operator showing the borrow pit is in compliance with certain existing requirements, and provides proof of currently valid permits required by the FDEP and the appropriate water management district.
- Mandates that all contracts and purchase orders executed by the FDOT, and all subcontracts and purchase orders executed by contractors or subcontractors after July 1, 2021, must include specific requirements for compliance with the bill's provisions.
- Requires the FDOT, if it determines substances are being obtained and used from a non-compliant borrow pit, to cease accepting any substances within 48 hours. The FDOT may resume acceptance of substances from the borrow pit once the pit is in compliance.

B. Amendments:

None.

By the Committees on Appropriations; and Transportation; and
Senator Hooper

576-04243-21

20211194c2

1 A bill to be entitled
2 An act relating to transportation; creating s.
3 177.107, F.S.; authorizing governing bodies of
4 municipalities and counties to abandon and convey
5 their interests in certain roads and rights-of-way
6 dedicated in a recorded residential subdivision plat
7 to community development districts under specified
8 conditions; specifying duties for community
9 development districts relating to such roads and
10 rights-of-way; providing for traffic control
11 jurisdiction of such roads; specifying that the
12 community development district has all rights, title,
13 and interest in such roads and rights-of-way upon
14 abandonment and conveyance; requiring community
15 development districts to thereafter hold such roads
16 and rights-of-way in trust; providing construction;
17 creating s. 287.05705, F.S.; providing that certain
18 governmental entities may not prohibit certain vendors
19 from responding to competitive solicitations of
20 certain contractual services; providing applicability;
21 amending s. 316.2397, F.S.; revising provisions
22 authorizing vehicles and equipment to show or display
23 flashing lights; amending s. 319.30, F.S.; revising
24 conditions under which insurance companies are
25 authorized to receive salvage certificates of title or
26 certificates of destruction for motor vehicles and
27 mobile homes from the Department of Highway Safety and
28 Motor Vehicles; amending s. 320.06, F.S.; clarifying
29 that certain rental vehicles are authorized to elect a

20211194c2

30 permanent registration period; amending s. 320.27,
31 F.S.; requiring motor vehicle dealer licensees to
32 deliver copies of renewed, continued, changed, or new
33 insurance policies to the department within specified
34 timeframes under certain conditions; requiring such
35 licensees to deliver copies of renewed, continued,
36 changed, or new surety bonds or irrevocable letters of
37 credit to the department within specified timeframes
38 under certain conditions; amending s. 337.025, F.S.;
39 revising the type of transportation project contracts
40 that are subject to an annual cap; creating s.
41 337.0262, F.S.; prohibiting the Department of
42 Transportation and contractors and subcontractors of
43 the department from purchasing specified substances
44 from a borrow pit unless specified conditions are
45 satisfied; requiring certain contracts, subcontracts,
46 and purchase orders to require compliance with the
47 prohibition; requiring the department to cease
48 acceptance of substances from a borrow pit under
49 certain conditions; authorizing the department to
50 resume acceptance of such substances under certain
51 conditions; amending s. 337.14, F.S.; requiring
52 contractors wishing to bid on certain contracts to
53 first be certified by the department as qualified;
54 revising requirements for applying for and issuing a
55 certificate of qualification; providing construction
56 with respect to submission and approval of an
57 application for such certificate; exempting airports
58 from certain restrictions regarding entities

Page 2 of 30

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

576-04243-21

20211194c2

59 performing engineering and inspection services;
 60 amending s. 337.185, F.S.; revising and providing
 61 definitions; revising requirements for arbitration of
 62 certain contracts by the State Arbitration Board;
 63 revising requirements regarding arbitration requests,
 64 hearings, procedures, and awards; revising membership
 65 and meeting requirements; revising compensation of
 66 board members; amending s. 338.166, F.S.; requiring
 67 that specified toll revenue be used to support certain
 68 public transportation projects; amending s. 339.175,
 69 F.S.; deleting a provision prohibiting certain
 70 metropolitan planning organizations from assessing any
 71 fees for municipalities, counties, or other
 72 governmental entities that are members of the
 73 organization; repealing part III of ch. 343, F.S.,
 74 relating to the creation and operation of the
 75 Northwest Florida Transportation Corridor Authority;
 76 amending s. 348.754, F.S.; prohibiting the Central
 77 Florida Expressway Authority from constructing any
 78 extensions, additions, or improvements to the Central
 79 Florida Expressway System in Lake County without prior
 80 consultation with, rather than consent of, the
 81 Secretary of Transportation; amending s. 349.04, F.S.;
 82 revising a limitation on the terms of leases that the
 83 Jacksonville Transportation Authority may enter into
 84 and make; amending s. 378.403, F.S.; defining the term
 85 "borrow pit"; amending s. 378.801, F.S.; prohibiting
 86 operation of a borrow pit at a new location without
 87 notifying the Secretary of Environmental Protection of

Page 3 of 30

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

576-04243-21

20211194c2

88 the intent to extract; conforming provisions to
 89 changes made by the act; amending s. 378.802, F.S.;
 90 revising application of provisions to exclude existing
 91 locations; amending s. 479.07, F.S.; requiring the
 92 department to create and implement a publicly
 93 accessible electronic database for sign permit
 94 information; specifying requirements for the database;
 95 prohibiting the department from furnishing permanent
 96 metal permit tags or replacement tags and from
 97 enforcing specified provisions once the department
 98 creates and implements the database; specifying that
 99 permittees are not required to return permit tags to
 100 the department once the department creates and
 101 implements the database; dissolving the Northwest
 102 Florida Transportation Corridor Authority and
 103 requiring the authority to discharge its liabilities,
 104 settle and close its activities and affairs, and
 105 provide for the distribution of the authority's
 106 assets; providing an effective date.

108 Be It Enacted by the Legislature of the State of Florida:

109
 110 Section 1. Section 177.107, Florida Statutes, is created to
 111 read:

112 177.107 Closing and abandonment of roads; optional
 113 conveyance to a community development district; traffic control
 114 jurisdiction.-

115 (1) The governing body of a municipality or county may
 116 abandon the roads and rights-of-way dedicated in a recorded

Page 4 of 30

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

576-04243-21 20211194c2

117 residential subdivision plat and simultaneously convey the
 118 municipality's or county's interest in such roads, rights-of-
 119 way, and appurtenant drainage facilities to a community
 120 development district established under chapter 190 in which the
 121 subdivision is located, if all of the following conditions are
 122 met:

123 (a) The community development district has requested the
 124 abandonment and conveyance by written resolution for the purpose
 125 of converting the subdivision to a gated neighborhood with
 126 monitored public access.

127 (b) The community development district has received
 128 approval for the conveyance by a vote of two-thirds of the
 129 landowners who are subject to the non-ad valorem assessments of
 130 the community development district and who are present by person
 131 or proxy at a properly noticed landowners meeting.

132 (c) The community development district has executed an
 133 interlocal agreement with the municipality or county, as
 134 applicable, requiring the community development district to do
 135 all of the following:

136 1. Maintain the roads and any associated drainage, street
 137 lighting, or sidewalks identified in the interlocal agreement to
 138 municipal or county standards, as applicable.

139 2. Every 5 years, conduct a reserve study of the roads and
 140 any associated drainage, street lighting, or sidewalks
 141 identified in the interlocal agreement.

142 3. Levy annual special assessments in amounts sufficient to
 143 maintain the roads and any drainage, street lighting, or
 144 sidewalks identified in the interlocal agreement to municipal or
 145 county standards, as applicable.

576-04243-21 20211194c2

146 4. Annually fund the amounts set forth in the reserve
 147 study.

148 (2) The community development district shall install,
 149 operate, maintain, repair, and replace all signs, signals,
 150 markings, striping, guardrails, and other traffic control
 151 devices necessary or useful for the roads unless an agreement
 152 has been entered into between the municipality or county and the
 153 community development district, as authorized under s.
 154 316.006(2) (b) and (3) (b), respectively, expressly providing that
 155 the municipality or county has traffic control jurisdiction.

156 (3) Upon abandonment of the roads and rights-of-way and the
 157 conveyance thereof to the community development district, the
 158 community development district shall have all the rights, title,
 159 and interest in the roads and rights-of-way, including all
 160 appurtenant drainage facilities, as were previously vested in
 161 the municipality or county. Thereafter, the community
 162 development district shall hold the roads and rights-of-way in
 163 trust for the benefit of the public and owners of the property
 164 in the subdivision and shall operate, maintain, repair, and from
 165 time to time replace and reconstruct the roads and any
 166 associated street lighting, sidewalks, or drainage facilities
 167 identified in the interlocal agreement as necessary to ensure
 168 their use and enjoyment by the public and property owners,
 169 tenants, and residents of the subdivision and their guests and
 170 invitees.

171 (4) The provisions of this section are supplemental and
 172 additional to the powers of municipalities and counties.

173 Section 2. Section 287.05705, Florida Statutes, is created
 174 to read:

576-04243-21 20211194c2

175 287.05705 Procurements of road, bridge, and other specified
 176 public construction services.-

177 (1) With respect to competitive solicitations for the
 178 procurement of contractual services that are limited to the
 179 classes of work for which the Department of Transportation
 180 issues certificates of qualification pursuant to s. 337.14, and
 181 which services do not involve the construction, remodeling,
 182 repair, or improvement of any building, a governmental entity
 183 procuring such services may not prohibit a response from a
 184 vendor possessing a valid certificate of qualification under s.
 185 337.14 or license under chapter 489 corresponding to the
 186 contractual services being procured.

187 (2) This section applies to all competitive solicitations
 188 issued by a governmental entity on or after October 1, 2021.

189 Section 3. Subsections (5) and (7) of section 316.2397,
 190 Florida Statutes, are amended to read:

191 316.2397 Certain lights prohibited; exceptions.-

192 (5) Road maintenance and construction equipment and
 193 vehicles may display flashing white lights or flashing white
 194 strobe lights when in operation and where a hazard exists.
 195 Construction equipment in a work zone on roadways with a posted
 196 speed limit of 55 miles per hour or higher may show or display a
 197 combination of flashing green, amber, and red lights in
 198 conjunction with periods when workers are present. Additionally,
 199 school buses and vehicles that are used to transport farm
 200 workers may display flashing white strobe lights.

201 (7) Flashing lights are prohibited on vehicles except:

202 (a) As a means of indicating a right or left turn, to
 203 change lanes, or to indicate that the vehicle is lawfully

576-04243-21 20211194c2

204 stopped or disabled upon the highway;

205 (b) When a motorist intermittently flashes his or her
 206 vehicle's headlamps at an oncoming vehicle notwithstanding the
 207 motorist's intent for doing so;

208 (c) During periods of extremely low visibility on roadways
 209 with a posted speed limit of 55 miles per hour or higher; and

210 (d)-(e) For the lamps authorized under subsections (1), (2),
 211 (3), (4), and (9), s. 316.2065, or s. 316.235(6) which may
 212 flash.

213 Section 4. Paragraph (b) of subsection (3) of section
 214 319.30, Florida Statutes, is amended to read:

215 319.30 Definitions; dismantling, destruction, change of
 216 identity of motor vehicle or mobile home; salvage.-

217 (3)

218 (b) The owner, including persons who are self-insured, of a
 219 motor vehicle or mobile home that is considered to be salvage
 220 shall, within 72 hours after the motor vehicle or mobile home
 221 becomes salvage, forward the title to the motor vehicle or
 222 mobile home to the department for processing. However, an
 223 insurance company that pays money as compensation for the total
 224 loss of a motor vehicle or mobile home shall obtain the
 225 certificate of title for the motor vehicle or mobile home, make
 226 the required notification to the National Motor Vehicle Title
 227 Information System, and, within 72 hours after receiving such
 228 certificate of title, forward such title by the United States
 229 Postal Service, by another commercial delivery service, or by
 230 electronic means, when such means are made available by the
 231 department, to the department for processing. The owner or
 232 insurance company, as applicable, may not dispose of a vehicle

576-04243-21 20211194c2

233 or mobile home that is a total loss before it obtains a salvage
 234 certificate of title or certificate of destruction from the
 235 department. Effective January 1, 2020:

236 1. Thirty days after payment of a claim for compensation
 237 pursuant to this paragraph, the insurance company may receive a
 238 salvage certificate of title or certificate of destruction from
 239 the department if the insurance company is unable to obtain a
 240 properly assigned certificate of title from the owner or
 241 lienholder of the motor vehicle or mobile home, if the motor
 242 vehicle or mobile home does not carry an electronic lien on the
 243 title and the insurance company:

244 a. Has obtained the release of all liens on the motor
 245 vehicle or mobile home;

246 b. Has attested on a form provided by the department that
 247 ~~provided proof of~~ payment of the total loss claim has been
 248 distributed; and

249 c. Has attested on a form provided by the department and
 250 ~~provided an affidavit on letterhead~~ signed by the insurance
 251 company or its authorized agent stating the attempts that have
 252 been made to obtain the title from the owner or lienholder and
 253 further stating that all attempts are to no avail. The form
 254 ~~affidavit~~ must include a request that the salvage certificate of
 255 title or certificate of destruction be issued in the insurance
 256 company's name due to payment of a total loss claim to the owner
 257 or lienholder. The attempts to contact the owner may be by
 258 written request delivered in person or by first-class mail with
 259 a certificate of mailing to the owner's or lienholder's last
 260 known address.

261 2. If the owner or lienholder is notified of the request

576-04243-21 20211194c2

262 for title in person, the insurance company must provide an
 263 affidavit attesting to the in-person request for a certificate
 264 of title.

265 3. The request to the owner or lienholder for the
 266 certificate of title must include a complete description of the
 267 motor vehicle or mobile home and the statement that a total loss
 268 claim has been paid on the motor vehicle or mobile home.

269 Section 5. Paragraph (b) of subsection (1) of section
 270 320.06, Florida Statutes, as amended by section 1 of chapter
 271 2020-181, Laws of Florida, is amended to read:

272 320.06 Registration certificates, license plates, and
 273 validation stickers generally.—

274 (1)

275 (b)1. Registration license plates bearing a graphic symbol
 276 and the alphanumeric system of identification shall be issued
 277 for a 10-year period. At the end of the 10-year period, upon
 278 renewal, the plate shall be replaced. The department shall
 279 extend the scheduled license plate replacement date from a 6-
 280 year period to a 10-year period. The fee for such replacement is
 281 \$28, \$2.80 of which shall be paid each year before the plate is
 282 replaced, to be credited toward the next \$28 replacement fee.
 283 The fees shall be deposited into the Highway Safety Operating
 284 Trust Fund. A credit or refund may not be given for any prior
 285 years' payments of the prorated replacement fee if the plate is
 286 replaced or surrendered before the end of the 10-year period,
 287 except that a credit may be given if a registrant is required by
 288 the department to replace a license plate under s.

289 320.08056(8)(a). With each license plate, a validation sticker
 290 shall be issued showing the owner's birth month, license plate

576-04243-21 20211194c2

291 number, and the year of expiration or the appropriate renewal
 292 period if the owner is not a natural person. The validation
 293 sticker shall be placed on the upper right corner of the license
 294 plate. The license plate and validation sticker shall be issued
 295 based on the applicant's appropriate renewal period. The
 296 registration period is 12 months, the extended registration
 297 period is 24 months, and all expirations occur based on the
 298 applicant's appropriate registration period. Rental vehicles
 299 taxed pursuant to s. 320.08(6)(a) may elect a permanent
 300 registration period, provided payment of the appropriate license
 301 taxes and fees occurs annually. A vehicle that has an
 302 apportioned registration shall be issued an annual license plate
 303 and a cab card that denote the declared gross vehicle weight for
 304 each apportioned jurisdiction in which the vehicle is authorized
 305 to operate.

306 2. In order to retain the efficient administration of the
 307 taxes and fees imposed by this chapter, the 80-cent fee increase
 308 in the replacement fee imposed by chapter 2009-71, Laws of
 309 Florida, is negated as provided in s. 320.0804.

310 Section 6. Subsection (3) and paragraph (a) of subsection
 311 (10) of section 320.27, Florida Statutes, are amended to read:
 312 320.27 Motor vehicle dealers.—

313 (3) APPLICATION AND FEE.—The application for the license
 314 shall be in such form as may be prescribed by the department and
 315 shall be subject to such rules with respect thereto as may be so
 316 prescribed by it. Such application shall be verified by oath or
 317 affirmation and shall contain a full statement of the name and
 318 birth date of the person or persons applying therefor; the name
 319 of the firm or copartnership, with the names and places of

576-04243-21 20211194c2

320 residence of all members thereof, if such applicant is a firm or
 321 copartnership; the names and places of residence of the
 322 principal officers, if the applicant is a body corporate or
 323 other artificial body; the name of the state under whose laws
 324 the corporation is organized; the present and former place or
 325 places of residence of the applicant; and prior business in
 326 which the applicant has been engaged and the location thereof.
 327 Such application shall describe the exact location of the place
 328 of business and shall state whether the place of business is
 329 owned by the applicant and when acquired, or, if leased, a true
 330 copy of the lease shall be attached to the application. The
 331 applicant shall certify that the location provides an adequately
 332 equipped office and is not a residence; that the location
 333 affords sufficient unoccupied space upon and within which
 334 adequately to store all motor vehicles offered and displayed for
 335 sale; and that the location is a suitable place where the
 336 applicant can in good faith carry on such business and keep and
 337 maintain books, records, and files necessary to conduct such
 338 business, which shall be available at all reasonable hours to
 339 inspection by the department or any of its inspectors or other
 340 employees. The applicant shall certify that the business of a
 341 motor vehicle dealer is the principal business which shall be
 342 conducted at that location. The application shall contain a
 343 statement that the applicant is either franchised by a
 344 manufacturer of motor vehicles, in which case the name of each
 345 motor vehicle that the applicant is franchised to sell shall be
 346 included, or an independent (nonfranchised) motor vehicle
 347 dealer. The application shall contain other relevant information
 348 as may be required by the department, including evidence that

576-04243-21 20211194c2

349 the applicant is insured under a garage liability insurance
 350 policy or a general liability insurance policy coupled with a
 351 business automobile policy, which shall include, at a minimum,
 352 \$25,000 combined single-limit liability coverage including
 353 bodily injury and property damage protection and \$10,000
 354 personal injury protection. However, a salvage motor vehicle
 355 dealer as defined in subparagraph (1)(c)5. is exempt from the
 356 requirements for garage liability insurance and personal injury
 357 protection insurance on those vehicles that cannot be legally
 358 operated on roads, highways, or streets in this state. Franchise
 359 dealers must submit a garage liability insurance policy, and all
 360 other dealers must submit a garage liability insurance policy or
 361 a general liability insurance policy coupled with a business
 362 automobile policy. Such policy shall be for the license period,
 363 and evidence of a new or continued policy shall be delivered to
 364 the department at the beginning of each license period. A
 365 licensee shall deliver to the department, in the manner
 366 prescribed by the department, within 10 calendar days after any
 367 renewal or continuation of or change in such policy or within 10
 368 calendar days after any issuance of a new policy, a copy of the
 369 renewed, continued, changed, or new policy. Upon making initial
 370 application, the applicant shall pay to the department a fee of
 371 \$300 in addition to any other fees required by law. Applicants
 372 may choose to extend the licensure period for 1 additional year
 373 for a total of 2 years. An initial applicant shall pay to the
 374 department a fee of \$300 for the first year and \$75 for the
 375 second year, in addition to any other fees required by law. An
 376 applicant for renewal shall pay to the department \$75 for a 1-
 377 year renewal or \$150 for a 2-year renewal, in addition to any

576-04243-21 20211194c2

378 other fees required by law. Upon making an application for a
 379 change of location, the person shall pay a fee of \$50 in
 380 addition to any other fees now required by law. The department
 381 shall, in the case of every application for initial licensure,
 382 verify whether certain facts set forth in the application are
 383 true. Each applicant, general partner in the case of a
 384 partnership, or corporate officer and director in the case of a
 385 corporate applicant, must file a set of fingerprints with the
 386 department for the purpose of determining any prior criminal
 387 record or any outstanding warrants. The department shall submit
 388 the fingerprints to the Department of Law Enforcement for state
 389 processing and forwarding to the Federal Bureau of Investigation
 390 for federal processing. The actual cost of state and federal
 391 processing shall be borne by the applicant and is in addition to
 392 the fee for licensure. The department may issue a license to an
 393 applicant pending the results of the fingerprint investigation,
 394 which license is fully revocable if the department subsequently
 395 determines that any facts set forth in the application are not
 396 true or correctly represented.

397 (10) SURETY BOND OR IRREVOCABLE LETTER OF CREDIT REQUIRED.-
 398 (a) Annually, before any license shall be issued to a motor
 399 vehicle dealer, the applicant-dealer of new or used motor
 400 vehicles shall deliver to the department a good and sufficient
 401 surety bond or irrevocable letter of credit, executed by the
 402 applicant-dealer as principal, in the sum of \$25,000. A licensee
 403 shall deliver to the department, in the manner prescribed by the
 404 department, within 10 calendar days after any renewal or
 405 continuation of or change in such surety bond or irrevocable
 406 letter of credit or within 10 calendar days after any issuance

576-04243-21 20211194c2

407 of a new surety bond or irrevocable letter of credit, a copy of
 408 such renewed, continued, changed, or new surety bond or
 409 irrevocable letter of credit.

410 Section 7. Section 337.025, Florida Statutes, is amended to
 411 read:

412 337.025 Innovative transportation projects; department to
 413 establish program.—

414 (1) The department may establish a program for
 415 transportation projects demonstrating innovative techniques of
 416 highway and bridge design, construction, maintenance, and
 417 finance which have the intended effect of measuring resiliency
 418 and structural integrity and controlling time and cost increases
 419 on construction projects. Such techniques may include, but are
 420 not limited to, state-of-the-art technology for pavement,
 421 safety, and other aspects of highway and bridge design,
 422 construction, and maintenance; innovative bidding and financing
 423 techniques; accelerated construction procedures; and those
 424 techniques that have the potential to reduce project life cycle
 425 costs. To the maximum extent practical, the department must use
 426 the existing process to award and administer construction and
 427 maintenance contracts. When specific innovative techniques are
 428 to be used, the department is not required to adhere to those
 429 provisions of law that would prevent, preclude, or in any way
 430 prohibit the department from using the innovative technique.
 431 However, before using an innovative technique that is
 432 inconsistent with another provision of law, the department must
 433 document in writing the need for the exception and identify what
 434 benefits the traveling public and the affected community are
 435 anticipated to receive. The department may enter into no more

576-04243-21 20211194c2

436 than \$120 million in contracts awarded annually for the purposes
 437 authorized by this section.

438 (2) The annual cap on contracts provided in subsection (1)
 439 ~~does shall~~ not apply to:

440 (a) Turnpike enterprise projects, ~~and turnpike enterprise~~
 441 ~~projects shall not be counted toward the department's annual~~
 442 ~~cap.~~

443 (b) Low-bid design-build milling and resurfacing contracts
 444 ~~Transportation projects funded by the American Recovery and~~
 445 ~~Reinvestment Act of 2009.~~

446 Section 8. Section 337.0262, Florida Statutes, is created
 447 to read:

448 337.0262 Purchase and use of clay, peat, gravel, sand, or
 449 any other solid substance extracted from borrow pits.—

450 (1) The department, and any contractor or subcontractor of
 451 the department, may not purchase or use any clay, peat, gravel,
 452 sand, or other solid substance extracted from a borrow pit as
 453 defined in s. 378.403 unless:

454 (a) Certification is provided to the department,
 455 contractor, or subcontractor by the operator of the borrow pit
 456 that it is in compliance with the notice requirements and
 457 substantive requirements of s. 378.801; and

458 (b) The operator of the borrow pit is in compliance with
 459 the performance standards in s. 378.803, including, but not
 460 limited to, providing proof of currently valid permits required
 461 by the Department of Environmental Protection and the
 462 appropriate water management district.

463 (2) All contracts and purchase orders executed by the
 464 department, and all subcontracts and purchase orders executed by

576-04243-21 20211194c2

465 contractors or subcontractors after July 1, 2021, must include
 466 specific requirements for compliance with this section.

467 (3) In the event that the department determines that
 468 substances are being obtained and used from a borrow pit that is
 469 not in compliance with this section, the department must cease
 470 to accept any substances from that borrow pit within 48 hours
 471 after such determination. The department may resume acceptance
 472 of substances from the borrow pit once the borrow pit is in
 473 compliance with this section.

474 Section 9. Subsections (1), (4), and (7) of section 337.14,
 475 Florida Statutes, are amended to read:

476 337.14 Application for qualification; certificate of
 477 qualification; restrictions; request for hearing.—

478 (1) Any contractor desiring to bid for the performance of
 479 any construction contract in excess of \$250,000 which the
 480 department proposes to let must first be certified by the
 481 department as qualified pursuant to this section and rules of
 482 the department. The rules of the department must address the
 483 qualification of contractors to bid on construction contracts in
 484 excess of \$250,000 and must include requirements with respect to
 485 the equipment, past record, experience, financial resources, and
 486 organizational personnel of the applying contractor which are
 487 necessary to perform the specific class of work for which the
 488 contractor seeks certification. Any contractor who desires to
 489 bid on contracts in excess of \$50 million and who is not
 490 qualified and in good standing with the department as of January
 491 1, 2019, must first be certified by the department as qualified
 492 and ~~desires to bid on contracts in excess of \$50 million~~ must
 493 have satisfactorily completed two projects, each in excess of

Page 17 of 30

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

576-04243-21 20211194c2

494 \$15 million, for the department or for any other state
 495 department of transportation. The department may limit the
 496 dollar amount of any contract upon which a contractor is
 497 qualified to bid or the aggregate total dollar volume of
 498 contracts such contractor is allowed to have under contract at
 499 any one time. Each applying contractor seeking qualification to
 500 bid on construction contracts in excess of \$250,000 shall
 501 furnish the department a statement under oath, on such forms as
 502 the department may prescribe, setting forth detailed information
 503 as required on the application. Each application for
 504 certification must be accompanied by audited, certified
 505 financial statements prepared in accordance with generally
 506 accepted accounting principles and auditing standards by a
 507 certified public accountant licensed in this state or another
 508 state. The audited, certified financial statements must be for
 509 the applying contractor and must have been prepared ~~the latest~~
 510 annual financial statement of the applying contractor completed
 511 within the ~~immediately preceding last~~ 12 months. The department
 512 may not consider any financial information of the parent entity
 513 of the applying contractor, if any. The department may not
 514 certify as qualified any applying contractor who fails to submit
 515 the audited, certified financial statements required by this
 516 subsection. If the application or the annual financial statement
 517 shows the financial condition of the applying contractor more
 518 than 4 months ~~before prior to~~ the date on which the application
 519 is received by the department, ~~the applicant must also submit a~~
 520 interim audited, certified financial statements prepared in
 521 accordance with generally accepted accounting principles and
 522 auditing standards by a certified public accountant licensed in

Page 18 of 30

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

576-04243-21

20211194c2

523 ~~this state or another state statement and an updated application~~
 524 ~~must be submitted.~~ The interim financial statements ~~statement~~
 525 must cover the period from the end date of the annual statement
 526 and must show the financial condition of the applying contractor
 527 no more than 4 months ~~before~~ ~~prior to~~ the date that the interim
 528 financial statements are ~~statement is~~ received by the
 529 department. However, upon the request of the applying
 530 contractor, an application and accompanying annual or interim
 531 financial statement received by the department within 15 days
 532 after either 4-month period under this subsection shall be
 533 considered timely. ~~Each required annual or interim financial~~
 534 ~~statement must be audited and accompanied by the opinion of a~~
 535 ~~certified public accountant.~~ An applying contractor desiring to
 536 bid exclusively for the performance of construction contracts
 537 with proposed budget estimates of less than \$1 million may
 538 submit reviewed annual or reviewed interim financial statements
 539 prepared by a certified public accountant. The information
 540 required by this subsection is confidential and exempt from s.
 541 119.07(1). The department shall act upon the application for
 542 qualification within 30 days after the department determines
 543 that the application is complete. The department may waive the
 544 requirements of this subsection for projects having a contract
 545 price of \$500,000 or less if the department determines that the
 546 project is of a noncritical nature and the waiver will not
 547 endanger public health, safety, or property.

548 (4) If the applicant is found to possess the prescribed
 549 qualifications, the department shall issue to him or her a
 550 certificate of qualification that, unless thereafter revoked by
 551 the department for good cause, will be valid for a period of 18

Page 19 of 30

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

576-04243-21

20211194c2

552 months after the date of the applicant's financial statement or
 553 such shorter period as the department prescribes. Submission of
 554 an application and subsequent approval do shall not affect
 555 expiration of the certificate of qualification, the ability
 556 factor of the applicant, or the maximum capacity rating of the
 557 applicant. If the department finds that an application is
 558 incomplete or contains inadequate information or information
 559 that cannot be verified, the department may request in writing
 560 that the applicant provide the necessary information to complete
 561 the application or provide the source from which any information
 562 in the application may be verified. If the applicant fails to
 563 comply with the initial written request within a reasonable
 564 period of time as specified therein, the department shall
 565 request the information a second time. If the applicant fails to
 566 comply with the second request within a reasonable period of
 567 time as specified therein, the application shall be denied.

568 (7) A "contractor" as defined in s. 337.165(1)(d) or his or
 569 her "affiliate" as defined in s. 337.165(1)(a) qualified with
 570 the department under this section may not also qualify under s.
 571 287.055 or s. 337.105 to provide testing services, construction,
 572 engineering, and inspection services to the department. This
 573 limitation does not apply to any design-build prequalification
 574 under s. 337.11(7) and does not apply when the department
 575 otherwise determines by written order entered at least 30 days
 576 before advertisement that the limitation is not in the best
 577 interests of the public with respect to a particular contract
 578 for testing services, construction, engineering, and inspection
 579 services. This subsection does not authorize a contractor to
 580 provide testing services, or provide construction, engineering,

Page 20 of 30

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

576-04243-21 20211194c2

581 and inspection services, to the department in connection with a
 582 construction contract under which the contractor is performing
 583 any work. Notwithstanding any other provision of law to the
 584 contrary, for a project that is wholly or partially funded by
 585 the department and administered by a local governmental entity,
 586 except for a seaport listed in s. 311.09 or an airport as
 587 defined in s. 332.004, the entity performing design and
 588 construction engineering and inspection services may not be the
 589 same entity.

590 Section 10. Section 337.185, Florida Statutes, is amended
 591 to read:

592 (Substantial rewording of section. See
 593 s. 337.185, F.S., for present text.)
 594 337.185 State Arbitration Board.-

595 (1) To facilitate the prompt resolution of claims arising
 596 out of or in connection with a construction or maintenance
 597 contract with the department, the Legislature establishes the
 598 State Arbitration Board, referred to in this section as the
 599 "board."

600 (2) As used in this section, the term:

601 (a) "Claim" means the aggregate of all outstanding written
 602 requests for additional monetary compensation, time, or other
 603 adjustments to the contract, the entitlement or impact of which
 604 is disputed by the department and could not be resolved by
 605 negotiation between the department and the contractor.

606 (b) "Contractor" means a person or firm having a contract
 607 for rendering services to the department relating to the
 608 construction or maintenance of a transportation facility.

609 (c) "Final acceptance" means that the contractor has

576-04243-21 20211194c2

610 completely performed the work provided for under the contract,
 611 the department or its agent has determined that the contractor
 612 has satisfactorily completed the work provided for under the
 613 contract, and the department or its agent has submitted written
 614 notice of final acceptance to the contractor.

615 (3) Every claim in an amount of up to \$250,000 per contract
 616 that could not be resolved by negotiation between the department
 617 and the contractor must be arbitrated by the board. An award
 618 issued by the board pursuant to this section is final and
 619 enforceable by a court of law.

620 (4) The contractor may submit a claim greater than \$250,000
 621 up to \$1 million per contract or, upon agreement of the parties,
 622 up to \$2 million per contract to be arbitrated by the board. An
 623 award issued by the board pursuant to this subsection is final
 624 if a request for a trial de novo is not filed within the time
 625 provided by Rule 1.830, Florida Rules of Civil Procedure. At the
 626 trial de novo, the court may not admit evidence that there has
 627 been an arbitration proceeding, the nature or amount of the
 628 award, or any other matter concerning the conduct of the
 629 arbitration proceeding, except that testimony given at an
 630 arbitration hearing may be used for any purpose otherwise
 631 permitted by the Florida Evidence Code. If a request for trial
 632 de novo is not filed within the time provided, the award issued
 633 by the board is final and enforceable by a court of law.

634 (5) An arbitration request may not be made to the board
 635 before final acceptance but must be made to the board within 820
 636 days after final acceptance.

637 (6) The board shall schedule a hearing within 45 days after
 638 an arbitration request and, if possible, shall conduct the

576-04243-21 20211194c2

639 hearing within 90 days after the request. The board may
 640 administer oaths and conduct the proceedings as provided by the
 641 rules of the court. The hearing shall be conducted informally.
 642 Presentation of testimony and evidence shall be kept to a
 643 minimum, and matters shall be presented to the arbitrators
 644 primarily through the statements and arguments of counsel. The
 645 board shall address the scope of discovery, presentation of
 646 testimony, and evidence at a preliminary hearing by considering
 647 the size, subject matter, and complexity of the dispute. Any
 648 party to the arbitration may petition the board, for good cause
 649 shown, to issue subpoenas for the attendance of witnesses and
 650 the production of books, records, documents, and other evidence
 651 at the arbitration and may petition the board for orders
 652 compelling such attendance and production at the arbitration.
 653 Subpoenas shall be served and are enforceable in the manner
 654 provided by law.

655 (7) The board must issue an award within 45 days after the
 656 conclusion of the arbitration hearing. If all three members of
 657 the board do not agree, the award agreed to by the majority
 658 shall constitute the award of the board.

659 (8) The board shall be composed of three members. The first
 660 member shall be appointed by the Secretary of Transportation,
 661 and the second member shall be elected by those construction or
 662 maintenance companies that are under contract with the
 663 department. The third member shall be chosen by agreement of the
 664 first and second members. If the first or second member has a
 665 conflict of interest regarding affiliation with one of the
 666 parties to an arbitration hearing, the appointing entity shall
 667 appoint an alternate member for that hearing. If the third

576-04243-21 20211194c2

668 member has such a conflict of interest, the first and second
 669 members shall select an alternate member. Each member shall
 670 serve a 4-year term. The board shall elect a chair for each
 671 term, who shall be the administrator of the board and custodian
 672 of its records.

673 (9) The presence of all board members is required to
 674 conduct a meeting in person or via videoconferencing.

675 (10) The members of the board shall receive compensation
 676 for the performance of their duties from deposits made by the
 677 parties based on an estimate of compensation by the board,
 678 except that an employee of the department may not receive
 679 compensation from the board. All deposits will be held in escrow
 680 by the chair in advance of the hearing. Each member eligible for
 681 compensation shall be compensated at \$200 per hour, up to a
 682 maximum of \$1,500 per day. A member shall be reimbursed for the
 683 actual cost of his or her travel expenses. The board may
 684 allocate funds annually for clerical and other administrative
 685 services.

686 (11) To cover the cost of administration and initial
 687 compensation of the board, the party requesting arbitration
 688 shall pay a filing fee to the board, according to a schedule
 689 established by the board, of:

690 (a) Up to \$500 for a claim that is \$25,000 or less.

691 (b) Up to \$1,000 for a claim that is more than \$25,000 but
 692 is \$50,000 or less.

693 (c) Up to \$1,500 for a claim that is more than \$50,000 but
 694 is \$100,000 or less.

695 (d) Up to \$2,000 for a claim that is more than \$100,000 but
 696 is \$200,000 or less.

576-04243-21 20211194c2

697 (e) Up to \$3,000 for a claim that is more than \$200,000 but
 698 is \$300,000 or less.

699 (f) Up to \$4,000 for a claim that is more than \$300,000 but
 700 is \$400,000 or less.

701 (g) Up to \$5,000 for a claim that is more than \$400,000.

702
 703 The board may apportion the filing fees and the cost of
 704 recording and preparing a transcript of the hearing among the
 705 parties in its award.

706 Section 11. Subsection (3) of section 338.166, Florida
 707 Statutes, is amended to read:

708 338.166 High-occupancy toll lanes or express lanes.-

709 (3) Any remaining toll revenue from the high-occupancy toll
 710 lanes or express lanes shall be used by the department for the
 711 construction, maintenance, or improvement of any road or to
 712 support public transportation projects that benefit the
 713 operation of high-occupancy toll lanes or express lanes on the
 714 State Highway System within the county or counties in which the
 715 toll revenues were collected or to support express bus service
 716 on the facility where the toll revenues were collected.

717 Section 12. Paragraph (f) of subsection (6) of section
 718 339.175, Florida Statutes, is amended to read:

719 339.175 Metropolitan planning organization.-

720 (6) POWERS, DUTIES, AND RESPONSIBILITIES.-The powers,
 721 privileges, and authority of an M.P.O. are those specified in
 722 this section or incorporated in an interlocal agreement
 723 authorized under s. 163.01. Each M.P.O. shall perform all acts
 724 required by federal or state laws or rules, now and subsequently
 725 applicable, which are necessary to qualify for federal aid. It

576-04243-21 20211194c2

726 is the intent of this section that each M.P.O. shall be involved
 727 in the planning and programming of transportation facilities,
 728 including, but not limited to, airports, intercity and high-
 729 speed rail lines, seaports, and intermodal facilities, to the
 730 extent permitted by state or federal law.

731 (f)~~1-~~ The department shall allocate to each M.P.O., for the
 732 purpose of accomplishing its transportation planning and
 733 programming duties, an appropriate amount of federal
 734 transportation planning funds.

735 ~~2. In a county as defined in s. 125.011(1), the M.P.O. may~~
 736 ~~not assess any fees for municipalities, counties, or other~~
 737 ~~governmental entities that are members of the M.P.O.~~

738 Section 13. Part III of chapter 343, Florida Statutes,
 739 consisting of sections 343.80, 343.805, 343.81, 343.82, 343.83,
 740 343.835, 343.836, 343.84, 343.85, 343.87, 343.875, 343.88,
 741 343.881, 343.884, and 343.89, Florida Statutes, is repealed.

742 Section 14. Paragraph (c) of subsection (1) of section
 743 348.754, Florida Statutes, is amended to read:

744 348.754 Purposes and powers.-

745 (1)

746 (c) Notwithstanding any other provision of this section to
 747 the contrary, to ensure the continued financial feasibility of
 748 the portion of the Wekiva Parkway to be constructed by the
 749 department, the authority may not, without ~~the~~ prior
 750 consultation with consent of the secretary of the department,
 751 construct any extensions, additions, or improvements to the
 752 expressway system in Lake County.

753 Section 15. Paragraph (d) of subsection (2) of section
 754 349.04, Florida Statutes, is amended to read:

576-04243-21

20211194c2

755 349.04 Purposes and powers.—

756 (2) The authority is hereby granted, and shall have and may
757 exercise all powers necessary, appurtenant, convenient, or
758 incidental to the carrying out of the aforesaid purposes,
759 including, but without being limited to, the right and power:

760 (d) To enter into and make leases for terms not exceeding
761 99 ~~40~~ years, as either lessee or lessor, in order to carry out
762 the right to lease as set forth in this chapter.

763 Section 16. Present subsections (3) through (19) of section
764 378.403, Florida Statutes, are redesignated as subsections (4)
765 through (20), respectively, and a new subsection (3) is added to
766 that section, to read:

767 378.403 Definitions.—As used in this part, the term:

768 (3) "Borrow pit" means an area of land upon which
769 excavation of surface resources has been conducted, is being
770 conducted, or is planned to be conducted, as the term is
771 commonly used in the mining trade, and is not considered a mine.
772 Such resources are limited to soil, organic soil, sand, or clay
773 that can be removed with construction excavating equipment and
774 loaded on a haul truck with no additional processing.

775 Section 17. Section 378.801, Florida Statutes, is amended
776 to read:

777 378.801 Other resources; notice of intent to extract mine
778 required.—

779 (1) An ~~Ne~~ operator may not begin the operation of a borrow
780 pit, or the process of extracting clay, peat, gravel, sand, or
781 any other solid substance of commercial value found in natural
782 deposits or in the earth, except fuller's earth clay, heavy
783 minerals, limestone, or phosphate, which are regulated elsewhere

576-04243-21

20211194c2

784 in this chapter, at a new location mine without notifying the
785 secretary of the intention to extract mine.

786 (2) The operator's notice of intent to extract mine shall
787 consist of the operator's estimated life of the extraction
788 location mine and the operator's signed acknowledgment of the
789 performance standards provided by s. 378.803.

790 Section 18. Section 378.802, Florida Statutes, is amended
791 to read:

792 378.802 Existing extraction locations mines.—After January
793 1, 1989, all operators of existing locations mines for the
794 extraction of resources as described in s. 378.801 shall meet
795 the performance standards provided by s. 378.803 for any new
796 surface area disturbed at such locations mines.

797 Section 19. Subsection (5) of section 479.07, Florida
798 Statutes, is amended to read:

799 479.07 Sign permits.—

800 (5) (a) For each permit issued, the department shall furnish
801 to the applicant a serially numbered permanent metal permit tag.
802 The permittee is responsible for maintaining a valid permit tag
803 on each permitted sign facing at all times. The tag shall be
804 securely attached to the upper 50 percent of the sign structure,
805 and attached in such a manner as to be plainly visible from the
806 main-traveled way. The permit tag must be properly and
807 permanently displayed at the permitted site within 30 days after
808 the date of permit issuance. If the permittee fails to erect a
809 completed sign on the permitted site within 270 days after the
810 date on which the permit was issued, the permit will be void,
811 and the department may not issue a new permit to that permittee
812 for the same location for 270 days after the date on which the

576-04243-21 20211194c2

813 permit becomes void.

814 (b) If a permit tag is lost, stolen, or destroyed, the
 815 permittee to whom the tag was issued must apply to the
 816 department for a replacement tag. The department shall establish
 817 a service fee for replacement tags in an amount that will
 818 recover the actual cost of providing the replacement tag. Upon
 819 receipt of the application accompanied by the service fee, the
 820 department shall issue a replacement permit tag.

821 (c)1. As soon as practicable, the department shall create
 822 and implement a publicly accessible electronic database to
 823 include all permits issued by the department. At a minimum, the
 824 database must include the name and contact information of the
 825 permit operator, the structure identification number or numbers,
 826 the panel or face identification number or numbers, the latitude
 827 and longitude of the permitted sign, the compass bearing, images
 828 of the permitted sign once constructed, and the most recent date
 829 the department visually inspected the permitted sign.

830 2. Once the department creates and implements the publicly
 831 accessible electronic database:

832 a. The department may not furnish permanent metal permit
 833 tags or replacement tags to permittees;

834 b. The department may not enforce the provisions relating
 835 to permanent metal permit tags or replacement tags specified in
 836 paragraphs (a) and (b); and

837 c. Permittees are not required to return permit tags to the
 838 department as provided in subsection (8).

839 Section 20. Notwithstanding any other law, the Northwest
 840 Florida Transportation Corridor Authority is dissolved. The
 841 authority shall discharge or make provision for the authority's

576-04243-21 20211194c2

842 debts, obligations, and other liabilities; settle and close the
 843 authority's activities and affairs; and provide for distribution
 844 of the authority's assets, or the proceeds of such assets, such
 845 that each local general-purpose government represented on the
 846 authority's board receives a distribution generally in
 847 proportion to each entity's contribution to the acquisition of
 848 the assets.

849 Section 21. This act shall take effect July 1, 2021.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL: SB 1324

INTRODUCER: Senator Harrell

SUBJECT: Digital Driver Licenses and Identification Cards

DATE: April 14, 2021

REVISED: _____

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	<u>Proctor</u>	<u>Vickers</u>	<u>TR</u>	Favorable
2.	<u>Wells</u>	<u>Sadberry</u>	<u>AP</u>	Favorable
3.	_____	_____	<u>RC</u>	_____

I. Summary:

SB 1324 requires the Department of Highway Safety and Motor Vehicles (DHSMV) to establish a secure and uniform system for issuing optional digital proofs of driver licenses and identification cards. The DHSMV may contract with one or more private entities to develop an electronic credentialing system. The electronic credentialing system may not retain internet protocol addresses, geolocation data, or other information that describes the location, computer, computer system, or computer network from which a customer accesses the system.

The bill prohibits a private entity who contracts for data verification through an electronic credentialing system with the DHSMV from storing, selling, or sharing personal information collected by scanning a digital proof of driver license or identification card unless consent has been provided by the individual. The bill creates a civil penalty of up to \$5,000 per occurrence for violations of these provisions.

Notwithstanding any law prescribing the design for, or information required to be displayed on, a driver license or identification card, a digital proof of driver license or identification may comprise a limited profile that includes only information necessary to conduct a specific transaction on the electronic credentialing system.

A person may not be issued a digital proof of driver license or identification card until the person satisfies all requirements for issuance of the respective driver license or identification card and has been issued a printed driver license or identification card. Related to false digital identification cards, the bill creates a third degree felony for a person who manufactures a false card and a second degree misdemeanor for a person who possesses a false card, similar to current penalties related to false digital driver licenses.

The bill may have an insignificant fiscal impact on state government. The bill has an effective date of July 1, 2021.

II. Present Situation:

Digital Driver License

Eleven states are testing mobile driver's licenses or planning pilot projects, including Florida, Arkansas, Colorado, Oklahoma, Louisiana, Iowa, Delaware, Idaho, Maryland, Wyoming and the District of Columbia. New Jersey and Texas have passed legislation to start the process. "A digital driver's license would come in the form of a phone app protected by biometrics or a PIN. Instead of handing over a physical license to a police officer or store clerk, an individual could display the relevant information or send it electronically."¹

Florida Digital Proof of Driver License

Current Florida law provides for the establishment of a digital proof of driver license. Specifically, current law requires the DHSMV to begin to review and prepare for the development of a secure and uniform system for issuing an optional digital proof of driver license. The statute authorizes the DHSMV to contract with one or more private entities to develop a digital proof of driver license system.²

The digital proof of driver license developed by the DHSMV or by an entity contracted by DHSMV must be in a format that allows law enforcement to verify the authenticity of the digital proof of driver license.³ The DHSMV may adopt rules to ensure valid authentication of digital driver licenses by law enforcement.⁴ A person may not be issued a digital proof of driver license until he or she has satisfied all of the statutory requirements relating to the issuance of a physical driver license.⁵

False Digital Proof of Driver License

Current law also establishes certain penalties for a person who manufactures or possesses a false digital proof of driver license.⁶ Specifically, a person who:

- Manufactures a false digital proof of driver license commits a third degree felony, punishable by up to five years in prison⁷ and a fine not to exceed \$5,000,⁸ or punishable under the habitual felony offender statute.⁹
- Possesses a false digital proof of driver license commits a second degree misdemeanor, punishable by up to 60 days in prison¹⁰ and a fine not to exceed \$500.¹¹

¹¹ Section 775.083(1)(e), F.S.

AAMVA and Mobile Driver Licenses

The American Association of Motor Vehicle Administrators (AAMVA) has worked since 2012 to develop identity credential standards, cross-jurisdictional use, authentication, data privacy protection, and other uses of mobile driver licenses. AAMVA has collaborated with Underwriter Laboratories to establish international guidelines and interoperability for industry leaders to test their mobile driver license solutions with one another.¹²

Motorist Modernization

The DHSMV's Motorist Modernization Project is a multi-phased program to modernize legacy applications and processes. The Motorist Modernization Project has committed resources and approved funding to procure a mobile driver license solution as part of Phase II of the Motorist Modernization effort. The Fiscal Year 2020-2021 appropriation for Motorist Modernization Phase II was \$9,877,400. Of this amount, \$400,000 was allocated for mobile driver license. The mobile driver license includes a digital identification, which is a digital representation of a person's identity; however, the actual mobile driver license is a digital representation of a physical credential and driving privileges. The DHSMV has branded this effort as the "Florida Smart ID." Below is an overview of the Florida Smart ID timeline:

- Received legislative authority to implement in 2014;
- AAMVA standards completed in 2019;
- Vendor awarded contract in June 2020;
- Started work in July 2020; and
- Pilot program slated to start March 25, 2021, and planned to run for 90 days.¹³

Florida Smart ID

The Florida Smart ID has multiple interactions occurring between the systems components comprising the Florida Smart ID solution, including a credential service provider (CSP),¹⁴ the Florida Smart ID device, and an associated verifier device.¹⁵

The CSP is the gateway or broker between the Florida Smart ID and verifier device interactions with the DHSMV. The CSP uses open data standards and public key infrastructure¹⁶ to

¹² Department of Highway Safety and Motor Vehicles, *2021 Agency Legislative Bill Analysis SB 1324*, (March 5, 2021), p. 2 (on file with the Senate Committee on Transportation).

¹³ *Id.* at p. 3.

¹⁴ A credential service provider (CSP) is a trusted entity that issues or registers subscriber tokens and issues electronic credentials to subscribers. The CSP may encompass registration authorities and verifiers that it operates. A CSP may be an independent third party, or may issue credentials for its own use. National Information Technology Laboratory, Computer Security Resource Center, *Glossary*, https://csrc.nist.gov/glossary/term/credential_service_provider (last visited March 12, 2021).

¹⁵ Kevin Jacobs, Legislative Affairs Director, Department of Highway Safety and Motor Vehicles, Email to Senate Committee on Transportation, *Mobile DL info*, February 23, 2021.

¹⁶ "Public Key Infrastructure (PKI) is the combination of software, encryption technologies, and services that enables entities to protect the security of their communications and business transactions on networks. Using a combination of private (e.g., secret) key and public key cryptography, PKI enables a number of other security services, including data confidentiality, data integrity and non-repudiation. PKI integrates digital certificates, public key cryptography, and certification authorities into one complete network security architecture." U.S. General Services Administration, Fed ID Card, *What is PKI (Public Key*

accomplish the required communications and security. Interactions from the Florida Smart ID, the verifier device, and the CSP are performed over secure web communications.¹⁷

The Florida Smart ID is used by customers to present proof of identity or age. The application is downloaded from the Apple App or Google Play store and installed on a smart device, such as a smartphone or tablet. Once downloaded, a secure enrollment process occurs using the DHSMV's Virtual Office website. The DHSMV validates the identity and eligibility to activate the Florida Smart ID for use on the device.¹⁸

Once activated, the Florida Smart ID can be used to interact with retailer or law enforcement verifier devices. This interaction occurs at the consent of the customer and uses Bluetooth, near field communication,¹⁹ or Wi-Fi Direct to communicate with the verifier device. The communication method is determined by a "handshake" between the devices where one device displays a QR code²⁰ to the other device's camera, which signals how the devices can communicate to each other. The customer selects the type of verification needed (proof of age or law enforcement) and presents a QR to be scanned by the verifier device.²¹

The Florida Smart ID Verifier application may also be integrated into a point of sale system for a seamless interaction with customers to verify a customer's identity or proof of age. When the customer's QR code is scanned, the required information displays on the verifier device. The interaction with the customer device does not store any data, which is protected using encryption within the process.²²

Verification can be performed in an offline or online mode depending on the verification type. For example, age verification by a retailer is completely offline and does not need to "call back" or interact with the CSP, and would utilize methods, such as Bluetooth, to communicate with the customer's Florida Smart ID. Law enforcement online verification could interact with the CSP to receive the customer's most current driving record.²³

Infrastructure) and why do I need it?, <https://www.fedidcard.gov/faq/what-pki-public-key-infrastructure-and-why-do-i-need-it#> (last visited March 12, 2021).

III. Effect of Proposed Changes:

Digital Proof of Driver License or Identification Card

The bill revises the current law related to DHSMV review and development of an optional digital proof of driver license to require the DHSMV to establish a secure and uniform system that also includes identification cards.²⁴

Section 1 amends s. 322.032, F.S., to authorize the DHSMV to contract with one or more private entities to develop an electronic credentialing system, which is defined as a computer system accessed using a computer, a cellphone, or any other personal device which queries the DHSMV's driver license and identification card records, displays or transmits digital proofs of driver licenses and identification cards, and verifies the authenticity of those electronic credentials. The electronic credentialing system may not retain internet protocol addresses, geolocation data, or other information that describes the location, computer, computer system, or computer network from which a customer accesses the system.

A digital proof of driver license or identification card established by the DHSMV or by a contracted entity must be in a format that allows verification of the authenticity of the digital proof of driver license or identification card. The bill removes the limitation on the use of the digital proof of driver license or identification card to only law enforcement verification.

Unlike the requirements for a physical driver license or identification card, the bill allows a digital proof of driver license or identification card to comprise a limited profile that includes only information necessary to conduct a specific transaction on the electronic credentialing system.²⁵

A person may not be issued a digital proof of driver license or identification card until the person satisfies all requirements for issuance of the respective driver license or identification card and has been issued a printed driver license or identification card. The electronic credentialing system must, upon each presentation of a digital driver license or identification card, display or transmit current records for the driver license or identification card. If a licensee's driving privilege is suspended, revoked, or disqualified, or if the person's driver license is otherwise canceled or expired, a digital proof of driver license may not be issued; however, a digital proof of identification card may be issued if the licensee is otherwise eligible for an identification card.

Personal Information

The DHSMV may use a telephone number submitted by a licensee or cardholder in connection with a digital driver license or identification card only for purposes of communication regarding the digital proof of driver license or identification card or the motor vehicle records of the licensee or cardholder.

²⁴ The bill defines the terms "digital proof of driver license" and "digital proof of identification card" to mean an electronic credential viewable on an electronic credentialing system.

²⁵ The bill defines the term "limited profile" to mean an electronic credential containing some, but not all, of the information displayed on a printed driver license or identification card.

The bill authorizes the DHSMV to enter into a contract with a private entity that authorizes online data calls or offline data verification through the electronic credentialing system that queries the DHSMV's driver license and identification card records, displays or transmits digital proofs of driver licenses or identification cards, or verifies the authenticity of such electronic credentials.

An individual may consent to allow a private entity to collect and store personal information obtained by scanning²⁶ the individual's digital proof of driver license or identification card. However, the individual must be informed of what information is collected and the purpose or purposes for which the information will be used. If the individual does not want the private entity to scan the digital proof of the individual's driver license or identification card, the private entity may manually collect personal information from the individual.

Except as provided above, a private entity that contracts with the DHSMV and that scans a digital proof of driver license or identification card may not store, sell, or share personal information collected from such scanning of the digital proof of driver license or identification card.

A private entity that violates these provisions is subject to a civil penalty not to exceed \$5,000 per occurrence. However, this does not apply to a financial institution as defined in s. 655.005(1)(i), F.S.²⁷

SB 1326, which is linked to this bill, creates public records exemptions for:

- Secure login credentials held by the DHSMV; and
- Internet protocol addresses, geolocation data, and other information held by the DHSMV which describes the location, computer, computer system, or computer network from which a user accesses a public-facing portal, and the dates and times that a user accesses a public-facing portal.

False Digital Proof of Identification Card

The bill establishes penalties for a person who manufactures or possesses a false digital identification card. Specifically, a person who:

- Manufactures a false digital proof of identification card commits a third degree felony, punishable by up to five years in prison²⁸ and a fine not to exceed \$5,000,²⁹ or punishable under the habitual felony offender statute.³⁰

²⁶ The bill defines the term "scanning" to mean obtaining data from a digital proof of driver license or identification card in an electronic format.

²⁷ Section 655.005(1)(i), F.S., defines "financial institution" to mean a state or federal savings or thrift association, bank, savings bank, trust company, international bank agency, international banking corporation, international branch, international representative office, international administrative office, international trust entity, international trust company representative office, qualified limited service affiliate, credit union, or an agreement corporation operating pursuant to s. 25 of the Federal Reserve Act, 12 U.S.C. ss. 601 et seq. or Edge Act corporation organized pursuant to s. 25(a) of the Federal Reserve Act, 12 U.S.C. ss. 611 et seq.

²⁸ Section 775.082, F.S.

²⁹ Section 775.083(1)(c), F.S.

³⁰ Section 775.084, F.S.

- Possesses a false digital proof of identification card commits a second degree misdemeanor, punishable by up to 60 days in prison³¹ and a fine not to exceed \$500.³²

Rulemaking Authority

The bill authorizes the DHSMV to adopt rules to ensure valid authentication of digital driver licenses and identification cards.

Other Related Changes

Section 2 amends s. 322.14, F.S., to clarify that upon successful completion of all required examinations and payment of the required fee the DHSMV will issue to every qualified applicant a *printed* driver license.

Section 3 amends s. 322.15, F.S., to provide that if a law enforcement officer or authorized representative of the DHSMV is unable to immediately verify the digital proof of driver license, upon the demand of the law enforcement officer or authorized representative of the DHSMV, the licensee must present or submit the licensee's printed driver license.

Section 4 reenacts s. 322.15(2), F.S., to incorporate changes made by the bill.

Effective Date

Section 5 provides an effective date of July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

This bill does not change any current public records exemptions. SB 1326, which is linked to this bill, creates a public records exemption for certain information related to the credentialing system.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

³¹ Section 775.082, F.S.

³² Section 775.083(1)(e), F.S.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

The bill may have an indeterminate fiscal impact on the private sector. Businesses who wish to provide electronic verification of Florida Smart ID will need the retail reader application installed on a mobile device that supports either the android or IOS operating systems. Additionally, if the business prefers to integrate the verification process into its point of sale systems rather than use a mobile device it would require development to be done by the business to integrate a retail reader application into the point of sale systems.³³

The bill creates a civil penalty of up to \$5,000 for each violation of provisions related to personal information and data collection.

C. Government Sector Impact:

State and local law enforcement agencies will need to train their members and update associated enforcement policies for the Florida Smart ID. This may have an indeterminate, likely insignificant fiscal impact on state and local government.³⁴

The DHSMV has already undertaken development of the Florida Smart ID through existing law and therefore already has the resources to continue with the expanded requirements of the bill. Due to this, the fiscal impact on the DHSMV is minimal and can be handled within existing resources.³⁵

The Criminal Justice Estimating Conference met on March 24, 2021, and estimated that the bill would have an impact of an increase of 10 or fewer prison beds (positive insignificant impact). The bill creates a third degree felony for manufacturing a false digital proof of driver license.

VI. Technical Deficiencies:

None.

³³ *Supra* note 12 at p. 7.

³⁴ *Id.* at p. 6.

³⁵ *Id.*

VII. Related Issues:

The bill authorizes the DHSMV to adopt rules to ensure valid authentication of digital driver licenses and identification cards.

VIII. Statutes Affected:

The bill substantially amends the following sections of the Florida Statutes: 322.032, 322.14, and 322.15.

The bill reenacts section 322.121 of the Florida Statutes.

IX. Additional Information:**A. Committee Substitute – Statement of Changes:**

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

None.

B. Amendments:

None.

By Senator Harrell

20211324__

1 A bill to be entitled
 2 An act relating to digital driver licenses and
 3 identification cards; amending s. 322.032, F.S.;
 4 defining terms; requiring the Department of Highway
 5 Safety and Motor Vehicles to establish a secure and
 6 uniform system for issuing optional digital proofs of
 7 driver licenses and identification cards; authorizing
 8 the department to contract with one or more private
 9 entities to develop an electronic credentialing
 10 system; prohibiting such electronic credentialing
 11 system from retaining certain information; revising
 12 requirements for digital proofs of driver licenses and
 13 providing requirements for digital proofs of
 14 identification cards; revising the department's
 15 rulemaking authority; revising requirements for the
 16 issuance of digital proofs of driver licenses and
 17 identification cards; authorizing the department to
 18 use telephone numbers submitted by licensees and
 19 cardholders for specified purposes only; authorizing
 20 the department to enter into contracts with private
 21 entities for a specified purpose; prohibiting such
 22 private entities from storing, selling, or sharing
 23 personal information collected from scanning the
 24 digital proofs of driver licenses and identification
 25 cards; providing an exception by authorizing
 26 individuals to consent to allow private entities to
 27 collect and store such personal information; requiring
 28 that an individual is informed what information is
 29 collected in such scans and the purposes for which the

25-01611A-21

20211324__

30 information will be used; authorizing private entities
 31 to manually collect personal information from
 32 individuals under certain circumstances; providing a
 33 civil penalty; providing applicability; conforming
 34 provisions to changes made by the act; amending s.
 35 322.14, F.S.; conforming a provision to changes made
 36 by the act; amending s. 322.15, F.S.; conforming a
 37 provision to changes made by the act; requiring a
 38 licensee to present or submit his or her printed
 39 driver license to a law enforcement officer or an
 40 authorized representative of the department under
 41 specified circumstances; reenacting s. 322.121(2),
 42 F.S., relating to periodic reexamination of all
 43 drivers, to incorporate the amendment made to s.
 44 322.15, F.S., in a reference thereto; providing an
 45 effective date.

46
 47 Be It Enacted by the Legislature of the State of Florida:

48
 49 Section 1. Section 322.032, Florida Statutes, is amended to
 50 read:

51 322.032 Digital proof of driver license or identification
 52 card.-

53 (1) As used in this section, the term:

54 (a) "Digital proof of driver license" means an electronic
 55 credential viewable on an electronic credentialing system.

56 (b) "Digital proof of identification card" means an
 57 electronic credential viewable on an electronic credentialing
 58 system.

Page 2 of 8

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

25-01611A-21

20211324__

59 (c) "Electronic credentialing system" means a computer
 60 system accessed using a computer, a cellular telephone, or any
 61 other personal device which queries the department's driver
 62 license and identification card records, displays or transmits
 63 digital proofs of driver licenses and identification cards, and
 64 verifies the authenticity of those electronic credentials.

65 (d) "Limited profile" means an electronic credential
 66 containing some, but not all, of the information displayed on a
 67 printed driver license or identification card.

68 (e) "Scanning" means obtaining data from a digital proof of
 69 driver license or identification card in an electronic format.

70 (2) (a) The department shall establish ~~begin to review and~~
 71 ~~prepare for the development of~~ a secure and uniform system for
 72 issuing an optional digital proof of driver license or
 73 identification card. The department may contract with one or
 74 more private entities to develop an electronic credentialing a
 75 digital proof of driver license system.

76 (b) The electronic credentialing system may not retain
 77 Internet protocol addresses, geolocation data, or other
 78 information that describes the location, computer, computer
 79 system, or computer network from which a customer accesses the
 80 system.

81 (3) (a) ~~(2)~~ The digital proof of driver license or
 82 identification card established ~~developed~~ by the department or
 83 by an entity contracted by the department must be in such a
 84 format as to allow verification of law enforcement to verify the
 85 authenticity of the digital proof of driver license or
 86 identification card. The department may adopt rules to ensure
 87 valid authentication of digital driver licenses and

25-01611A-21

20211324__

88 identification cards by law enforcement.

89 (b)1. Notwithstanding ss. 322.14, 322.141, 322.142, and any
 90 other law prescribing the design for, or information required to
 91 be displayed on, a driver license, a digital proof of driver
 92 license may comprise a limited profile that includes only
 93 information necessary to conduct a specific transaction on the
 94 electronic credentialing system.

95 2. Notwithstanding ss. 322.051, 322.141, and any other law
 96 prescribing the design for, or information required to be
 97 displayed on, an identification card, a digital proof of
 98 identification card may comprise a limited profile that includes
 99 only information necessary to conduct a specific transaction on
 100 the electronic credentialing system.

101 (4) ~~(3)~~ A person may not be issued a digital proof of driver
 102 license or identification card until he or she satisfies all ~~has~~
 103 ~~satisfied all of the~~ requirements of this chapter for issuance
 104 of the respective a physical driver license or identification
 105 card and has been issued a printed driver license or
 106 identification card. The electronic credentialing system must,
 107 upon each presentation of a digital driver license or
 108 identification card, display or transmit current records for the
 109 driver license or identification card. If a licensee's driving
 110 privilege is suspended, revoked, or disqualified, or if his or
 111 her driver license is otherwise canceled or expired, a digital
 112 proof of driver license may not be issued; however, a digital
 113 proof of identification card may be issued if the licensee is
 114 otherwise eligible for an identification card under s. 322.051
 115 as ~~provided in this chapter.~~

116 (5) The department may use a telephone number submitted by

25-01611A-21 20211324__

117 a licensee or cardholder in connection with a digital driver
 118 license or identification card only for purposes of
 119 communication regarding the digital proof of driver license or
 120 identification card or the motor vehicle records, as defined in
 121 s. 119.0712(2) (a), of the licensee or cardholder.

122 (6) The department may enter into a contract with a private
 123 entity which authorizes online data calls or offline data
 124 verification through the electronic credentialing system that
 125 queries the department's driver license and identification card
 126 records, displays or transmits digital proofs of driver licenses
 127 or identification cards, or verifies the authenticity of such
 128 electronic credentials.

129 (7) (a) Except as provided in paragraph (b), a private
 130 entity that contracts with the department and that scans a
 131 digital proof of driver license or identification card may not
 132 store, sell, or share personal information collected from such
 133 scanning of the digital proof of driver license or
 134 identification card.

135 (b) An individual may consent to allow a private entity to
 136 collect and store personal information obtained by scanning his
 137 or her digital proof of driver license or identification card.
 138 However, the individual must be informed what information is
 139 collected and the purpose or purposes for which the information
 140 will be used. If the individual does not want the private entity
 141 to scan his or her digital proof of the individual's driver
 142 license or identification card, the private entity may manually
 143 collect personal information from the individual.

144 (c) A private entity that violates this subsection is
 145 subject to a civil penalty not to exceed \$5,000 per occurrence.

25-01611A-21 20211324__

146 (d) This subsection does not apply to a financial
 147 institution as defined in s. 655.005(1) (i).

148 ~~(8)-(4)~~ A person who:

149 (a) Manufactures a false digital proof of driver license or
 150 identification card commits a felony of the third degree,
 151 punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

152 (b) Possesses a false digital proof of driver license or
 153 identification card commits a misdemeanor of the second degree,
 154 punishable as provided in s. 775.082.

155 Section 2. Paragraph (a) of subsection (1) of section
 156 322.14, Florida Statutes, is amended to read:
 157 322.14 Licenses issued to drivers.—

158 (1) (a) The department shall, upon successful completion of
 159 all required examinations and payment of the required fee, issue
 160 to every qualified applicant a printed driver license that must
 161 bear a color photograph or digital image of the licensee; the
 162 name of the state; a distinguishing number assigned to the
 163 licensee; and the licensee's full name, date of birth, and
 164 residence address; a brief description of the licensee,
 165 including, but not limited to, the licensee's gender and height;
 166 and the dates of issuance and expiration of the license. A space
 167 shall be provided upon which the licensee shall affix his or her
 168 usual signature. A license is invalid until it has been signed
 169 by the licensee except that the signature of the licensee is not
 170 required if it appears thereon in facsimile or if the licensee
 171 is not present within the state at the time of issuance.

172 Section 3. Subsection (1) of section 322.15, Florida
 173 Statutes, is amended to read:
 174 322.15 License to be carried and exhibited on demand;

25-01611A-21

20211324__

175 fingerprint to be imprinted upon a citation.-

176 (1) Every licensee shall have his or her driver license,
 177 which must be fully legible with no portion of such license
 178 faded, altered, mutilated, or defaced, in his or her immediate
 179 possession at all times when operating a motor vehicle and shall
 180 present or submit the same upon the demand of a law enforcement
 181 officer or an authorized representative of the department. A
 182 licensee may present or submit a digital proof of driver license
 183 as provided in s. 322.032 in lieu of his or her printed a
 184 physical driver license; however, if the law enforcement officer
 185 or authorized representative of the department is unable to
 186 immediately verify the digital proof of driver license, upon the
 187 demand of the law enforcement officer or authorized
 188 representative of the department, the licensee must present or
 189 submit his or her printed driver license.

190 Section 4. For the purpose of incorporating the amendment
 191 made by this act to section 322.15, Florida Statutes, in a
 192 reference thereto, subsection (2) of section 322.121, Florida
 193 Statutes, is reenacted to read:

194 322.121 Periodic reexamination of all drivers.-

195 (2) For each licensee whose driving record does not show
 196 any revocations, disqualifications, or suspensions for the
 197 preceding 7 years or any convictions for the preceding 3 years
 198 except for convictions of the following nonmoving violations:

199 (a) Failure to exhibit a vehicle registration certificate,
 200 rental agreement, or cab card pursuant to s. 320.0605;

201 (b) Failure to renew a motor vehicle or mobile home
 202 registration that has been expired for 6 months or less pursuant
 203 to s. 320.07(3)(a);

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1326 creates public record exemptions related to creation of a digital proof of driver license and identification card and an electronic credentialing system to use such digital cards. The bill makes the following information exempt from public records:

- Secure login credentials held by the Department of Highway Safety and Motor Vehicles (DHSMV); and
- Internet protocol addresses, geolocation data, and other information held by the DHSMV which describes the location, computer, computer system, or computer network from which a user accesses a public-facing portal, and the dates and times that a user accesses the public-facing portal.

The bill is subject to the Open Government Sunset Review Act and the new exemptions will be repealed on October 2, 2026, unless reviewed and reenacted by the Legislature. The bill contains a public necessity statement as required by the Florida Constitution. Because this bill creates a new public records exemption, a two-thirds vote of the members present and voting in each chamber of the Legislature is required for passage.

The bill takes effect on the same date that SB 1324 or similar legislation takes effect (July 1, 2021), if such legislation is adopted in the same legislative session or an extension thereof and becomes a law.

II. Present Situation:

Access to Public Records - Generally

The Florida Constitution provides that the public has the right to inspect or copy records made or received in connection with official governmental business.¹ The right to inspect or copy applies to the official business of any public body, officer, or employee of the state, including all three branches of state government, local governmental entities, and any person acting on behalf of the government.²

Additional requirements and exemptions related to public records are found in various statutes and rules, depending on the branch of government involved. For instance, s. 11.0431, F.S., provides public access requirements for legislative records. Relevant exemptions are codified in s. 11.0431(2)-(3), F.S., and the statutory provisions are adopted in the rules of each chamber of the legislature.³ Florida Rule of Judicial Administration 2.420 governs public access to judicial branch records.⁴ Lastly, ch. 119, F.S., provides requirements for public records held by executive agencies.

Executive Agency Records – The Public Records Act

Chapter 119, F.S., known as the Public Records Act, provides that all state, county, and municipal records are open for personal inspection and copying by any person, and that providing access to public records is a duty of each agency.⁵

A public record includes virtually any document or recording, regardless of its physical form or how it may be transmitted.⁶ The Florida Supreme Court has interpreted the statutory definition of “public record” to include “material prepared in connection with official agency business which is intended to perpetuate, communicate, or formalize knowledge of some type.”⁷

The Florida Statutes specify conditions under which public access to public records must be provided. The Public Records Act guarantees every person’s right to inspect and copy any public record at any reasonable time, under reasonable conditions, and under supervision by the

¹ FLA. CONST. art. I, s. 24(a).

² *Id.*

³ See Rule 1.48, *Rules and Manual of the Florida Senate* (2020-2022) and Rule 14.1, *Rules of the Florida House of Representatives* (2020-2022)

⁴ *State v. Wooten*, 260 So. 3d 1060 (Fla. 4th DCA 2018).

⁵ Section 119.01(1), F.S. Section 119.011(2), F.S., defines “agency” as “any state, county, district, authority, or municipal officer, department, division, board, bureau, commission, or other separate unit of government created or established by law including, for the purposes of this chapter, the Commission on Ethics, the Public Service Commission, and the Office of Public Counsel, and any other public or private agency, person, partnership, corporation, or business entity acting on behalf of any public agency.”

⁶ Section 119.011(12), F.S., defines “public record” to mean “all documents, papers, letters, maps, books, tapes, photographs, films, sound recordings, data processing software, or other material, regardless of the physical form, characteristics, or means of transmission, made or received pursuant to law or ordinance or in connection with the transaction of official business by any agency.”

⁷ *Shevin v. Byron, Harless, Schaffer, Reid, and Assoc., Inc.*, 379 So. 2d 633, 640 (Fla. 1980).

custodian of the public record.⁸ A violation of the Public Records Act may result in civil or criminal liability.⁹

The Legislature may exempt public records from public access requirements by passing a general law by a two-thirds vote of both the House and the Senate.¹⁰ The exemption must state with specificity the public necessity justifying the exemption and must be no broader than necessary to accomplish the stated purpose of the exemption.¹¹

General exemptions from the public records requirements are contained in the Public Records Act.¹² Specific exemptions often are placed in the substantive statutes relating to a particular agency or program.¹³

When creating a public records exemption, the Legislature may provide that a record is “exempt” or “confidential and exempt.” Custodians of records designated as “exempt” are not prohibited from disclosing the record; rather, the exemption means that the custodian cannot be compelled to disclose the record.¹⁴ Custodians of records designated as “confidential and exempt” may not disclose the record except under circumstances specifically defined by the Legislature.¹⁵

Open Government Sunset Review Act

The Open Government Sunset Review Act¹⁶ (the Act) prescribes a legislative review process for newly created or substantially amended¹⁷ public records or open meetings exemptions, with specified exceptions.¹⁸ It requires the automatic repeal of such exemption on October 2nd of the fifth year after creation or substantial amendment, unless the Legislature reenacts the exemption.¹⁹

The Act provides that a public records or open meetings exemption may be created or maintained only if it serves an identifiable public purpose and is no broader than is necessary.²⁰

⁸ Section 119.07(1)(a), F.S.

⁹ Section 119.10, F.S. Public records laws are found throughout the Florida Statutes, as are the penalties for violating those laws.

¹⁰ FLA. CONST. art. I, s. 24(c).

¹¹ *Id. See, e.g., Halifax Hosp. Medical Center v. News-Journal Corp.*, 724 So. 2d 567 (Fla. 1999) (holding that a public meetings exemption was unconstitutional because the statement of public necessity did not define important terms and did not justify the breadth of the exemption); *Baker County Press, Inc. v. Baker County Medical Services, Inc.*, 870 So. 2d 189 (Fla. 1st DCA 2004) (holding that a statutory provision written to bring another party within an existing public records exemption is unconstitutional without a public necessity statement).

¹² *See, e.g., s. 119.071(1)(a), F.S.* (exempting from public disclosure examination questions and answer sheets of examinations administered by a governmental agency for the purpose of licensure).

¹³ *See, e.g., s. 213.053(2)(a), F.S.* (exempting from public disclosure information contained in tax returns received by the Department of Revenue).

¹⁴ *See Williams v. City of Minneola*, 575 So. 2d 683, 687 (Fla. 5th DCA 1991).

¹⁵ *WFTV, Inc. v. The School Board of Seminole*, 874 So. 2d 48 (Fla. 5th DCA 2004).

¹⁶ Section 119.15, F.S.

¹⁷ An exemption is considered to be substantially amended if it is expanded to include more records or information or to include meetings as well as records. Section 119.15(4)(b), F.S.

¹⁸ Section 119.15(2)(a) and (b), F.S., provide that exemptions that are required by federal law or are applicable solely to the Legislature or the State Court System are not subject to the Open Government Sunset Review Act.

¹⁹ Section 119.15(3), F.S.

²⁰ Section 119.15(6)(b), F.S.

An exemption serves an identifiable purpose if it meets one of the following purposes *and* the Legislature finds that the purpose of the exemption outweighs open government policy and cannot be accomplished without the exemption:

- It allows the state or its political subdivisions to effectively and efficiently administer a governmental program, and administration would be significantly impaired without the exemption;²¹
- It protects sensitive, personal information, the release of which would be defamatory, cause unwarranted damage to the good name or reputation of the individual, or would jeopardize the individual's safety. If this public purpose is cited as the basis of an exemption, however, only personal identifying information is exempt;²² or
- It protects information of a confidential nature concerning entities, such as trade or business secrets.²³

The Act also requires specified questions to be considered during the review process.²⁴ In examining an exemption, the Act directs the Legislature to carefully question the purpose and necessity of the exemption.

If the exemption is continued and expanded, then a public necessity statement and a two-thirds vote for passage are required.²⁵ If the exemption is continued without substantive changes or if the exemption is continued and narrowed, then a public necessity statement and a two-thirds vote for passage are *not* required. If the Legislature allows an exemption to sunset, the previously exempt records will remain exempt unless provided for by law.²⁶

Driver Privacy Protection Act of 1994

Motorist personal information, when held by the DHSMV in motor vehicle records, is confidential pursuant to the Driver's Privacy Protection Act of 1994.²⁷ Personal information covered by the act includes: access to an individual's social security number, driver license or identification card number, name, address (except the zip code), telephone number, and medical or disability information contained in motor vehicle and driver license records. Additionally, emergency contact information and email addresses are restricted pursuant to s. 119.0712(2), F.S.²⁸

²¹ Section 119.15(6)(b)1., F.S.

²² Section 119.15(6)(b)2., F.S.

²³ Section 119.15(6)(b)3., F.S.

²⁴ Section 119.15(6)(a), F.S. The specified questions are:

- What specific records or meetings are affected by the exemption?
- Whom does the exemption uniquely affect, as opposed to the general public?
- What is the identifiable public purpose or goal of the exemption?
- Can the information contained in the records or discussed in the meeting be readily obtained by alternative means? If so, how?
- Is the record or meeting protected by another exemption?
- Are there multiple exemptions for the same type of record or meeting that it would be appropriate to merge?

²⁵ See generally s. 119.15, F.S.

²⁶ Section 119.15(7), F.S.

²⁷ 18 USC 2721 et seq., and s. 119.0712(2), F.S.

²⁸ DHSMV, *Privacy Statement: Driver Privacy Protection Act*, available at <https://www.flhsmv.gov/privacy-statement/driver-privacy-protection-act/> (last visited on April 8, 2021).

Information that is not covered by the Driver's Privacy Protection Act, and therefore considered public information, includes non-personal information contained in motor vehicle and driver license records such as vehicular crash records, driving violations, and driver status information.²⁹

The Driver's Privacy Protection Act allows the release of personal information in motor vehicle and driver license records for specific permissible uses. These include uses for:³⁰

- Matters related to motor vehicle or driver safety and theft, motor vehicle recalls;
- By any government agency, including any court or law enforcement agency, in carrying out its functions;
- Verifying personal information submitted in the normal course of business by a legitimate business or its agents, employees, or contractors;
- Claims investigation activities, antifraud activities, rating, or underwriting by insurers;
- Other activities when there is consent of the individual to whom the information pertains; and
- Other specifically authorized activities under state law if such use is related to the operation of a motor vehicle or public safety.

SB 1324 – Digital Driver Licenses and Identification Cards

SB 1324 requires the Department of Highway Safety and Motor Vehicles (DHSMV) to establish a secure and uniform system for issuing optional digital proofs of driver licenses and identification cards. The bill amends s. 322.032, F.S., to authorize the DHSMV to contract with one or more private entities to develop an electronic credentialing system, which is defined as a computer system accessed using a computer, a cellphone, or any other personal device which queries the DHSMV's driver license and identification card records, displays or transmits digital proofs of driver licenses and identification cards, and verifies the authenticity of those electronic credentials. The electronic credentialing system may not retain internet protocol addresses, geolocation data, or other information that describes the location, computer, computer system, or computer network from which a customer accesses the system. The bill prohibits a private entity who contracts for data verification through an electronic credentialing system with the DHSMV from storing, selling, or sharing personal information collected by scanning a digital proof of driver license or identification card unless consent has been provided by the individual.

III. Effect of Proposed Changes:

The bill amends s. 119.0712, F.S., creating public record exemptions for the following information held by the DHSMV before, on, or after the effective date of the exemption (July 1, 2021):

- Secure login credentials; and
- Internet protocol addresses, geolocation data, and other information held by the DHSMV that describes the location, computer, computer system, or computer network from which a user

²⁹ *Id.*

³⁰ 18 USC 2721(b) (2000). See also Driver's Privacy Protection Act exemptions listed in DHSMV forms *Driver License Records Request*, HSMV 90511 (Revised 11/19), available at <https://www.flhsmv.gov/pdf/forms/90511.pdf> and *Motor Vehicle, Vessel, and Mobile Home Records Request*, HSMV 90510 (Revised 03/19), available at <https://www.flhsmv.gov/pdf/forms/90510.pdf> (both last visited April 8, 2021).

accesses a public-facing portal and the dates and times that a user accesses a public-facing portal.

The bill defines “secure login credentials” as:

- Information collected or issued by the DHSMV to authenticate a user logging into an account on a computer, computer system, computer network, or an electronic device; or
- An online user account accessible over the Internet by a mobile device, website, or other electronic means.
- The term includes user identifications and passwords; personal identification numbers; security questions and answers; and e-mail addresses, telephone numbers, and human biometric information used for authentication or password recovery.

The bill defines “public-facing portal” as a web portal or computer application accessible by the public over the Internet, whether through a mobile device, website, or other electronic means, which is established for administering motor vehicle titles and registrations, driver licenses, identification cards, vessel titles and registrations, or any other provision of law conferring duties upon the DHSMV.

The bill is subject to the Open Government Sunset Review Act and the exemptions will be repealed on October 2, 2026, unless reviewed and reenacted by the Legislature. Because this bill creates a new public records exemption, a two-thirds vote of the members present and voting in each chamber of the Legislature is required for passage.

The bill contains a public necessity statement as required by the Florida Constitution. It provides that the Legislature finds that:

- Safeguarding the integrity and accuracy of data systems maintained by the DHSMV is of paramount public importance. Because the data systems contain critical information related to driver licenses, state identification cards, motor vehicles and vessels, and Florida Highway Patrol law enforcement records, some of which is also protected from disclosure by the federal Driver’s Privacy Protection Act, unauthorized access to the systems poses a serious threat to the integrity and accuracy of the data contained therein. Additionally, unauthorized disclosure of personal information contained in those systems may subject users to identity theft, financial harm, or other adverse impacts.
- Development in information technology allows the DHSMV to make secure transactions more readily available to the public through expanded use of online user accounts accessible over the Internet. However, public release of users secure login credentials, Internet protocol addresses, and geolocation data could make the data systems vulnerable to unauthorized access.
- To safeguard user accounts from unauthorized access and avert the unauthorized disclosure of personal information it is a public necessity that secure login credentials, Internet protocol addresses, and geolocation data be exempt from public records requirements. Without the public records exemption, the effective and efficient administration of user accounts would be hindered.

The bill is effective on the same date that SB 1324 or similar legislation takes effect (July 1, 2021), if such legislation is adopted in the same legislative session or an extension thereof and becomes a law.

IV. Constitutional Issues:**A. Municipality/County Mandates Restrictions:**

None.

B. Public Records/Open Meetings Issues:**Vote Requirement**

Article I, s. 24(c) of the State Constitution requires a two-thirds vote of the members present and voting for final passage of a bill creating or expanding an exemption to the public records requirements. This bill enacts a new exemption for secure login credentials held by the DHSMV and Internet protocol addresses, geolocation data, and other information held by the DHSMV that describes the location, computer, computer system, or computer network from which a user accesses a public-facing portal and the dates and times that a user accesses a public-facing portal. Thus, the bill requires a two-thirds vote to be enacted.

Public Necessity Statement

Article I, s. 24(c) of the State Constitution requires a bill creating or expanding an exemption to the public records requirements to state with specificity the public necessity justifying the exemption. Section 2 of the bill contains a statement of public necessity for the exemption.

Breadth of Exemption

Article I, s. 24(c) of the State Constitution requires an exemption to the public records requirements to be no broader than necessary to accomplish the stated purpose of the law.

The purpose of the law is to protect secure login credentials and certain Internet protocol addresses, geolocation data, and other information held by the DHSMV. This bill exempts only that specific information. The exemption does not appear to be broader than necessary to accomplish the purpose of the law.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

None.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 119.0712 of the Florida Statutes.

IX. Additional Information:

 33 is not limited to, user identifications and passwords; personal
 34 identification numbers; security questions and answers; and e-
 35 mail addresses, telephone numbers, and human biometric
 36 information used for authentication or password recovery.
 37 2. Internet protocol addresses, geolocation data, and other
 38 information held by the Department of Highway Safety and Motor
 39 Vehicles which describes the location, computer, computer
 40 system, or computer network from which a user accesses a public-
 41 facing portal, and the dates and times that a user accesses a
 42 public-facing portal, are exempt from s. 119.07(1) and s. 24(a),
 43 Art. I of the State Constitution. This exemption applies to such
 44 information held by the department before, on, or after the
 45 effective date of the exemption. For purposes of this
 46 subparagraph, the term "public-facing portal" means a web portal
 47 or computer application accessible by the public over the
 48 Internet, whether through a mobile device, website, or other
 49 electronic means, which is established for administering chapter
 50 319, chapter 320, chapter 322, chapter 328, or any other
 51 provision of law conferring duties upon the department.
 52 3. This paragraph is subject to the Open Government Sunset
 53 Review Act in accordance with s. 119.15 and shall stand repealed
 54 on October 2, 2026, unless reviewed and saved from repeal
 55 through reenactment by the Legislature.
 56 Section 2. The Legislature finds that it is a public
 57 necessity that secure login credentials, Internet protocol
 58 addresses, and geolocation data held by the Department of

Page 2 of 4

596-02656-21 20211326c1

59 Highway Safety and Motor Vehicles for purposes of authenticating
60 a user logging into a user account be exempt from s. 119.07(1),
61 Florida Statutes, and s. 24(a), Article I of the State
62 Constitution. The Legislature finds that safeguarding the
63 integrity and accuracy of data systems maintained by the
64 Department of Highway Safety and Motor Vehicles is of paramount
65 public importance. Those systems comprise critical information
66 related to driver licenses, state identification cards, motor
67 vehicles and vessels, and Florida Highway Patrol law enforcement
68 records. Those systems also comprise personal information
69 restricted from public disclosure by the federal Driver's
70 Privacy Protection Act of 1994. Accordingly, unauthorized access
71 to those systems poses a serious threat to the integrity and
72 accuracy of the data contained therein. Moreover, the
73 unauthorized disclosure of personal information contained in
74 those systems may subject users to identity theft, financial
75 harm, or other adverse impacts. The Legislature further finds
76 that development in information technology allows the Department
77 of Highway Safety and Motor Vehicles to make secure transactions
78 more readily available to the public through expanded use of
79 online user accounts accessible over the Internet, including
80 applications such as digital driver licenses. The public release
81 of secure login credentials, Internet protocol addresses, and
82 geolocation data would render these data systems vulnerable to
83 unauthorized access. The Legislature finds that, to safeguard
84 user accounts from unauthorized access and avert the
85 unauthorized disclosure of personal information, it is a public
86 necessity that secure login credentials, Internet protocol
87 addresses, and geolocation data be exempt from public records

Page 3 of 4

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

596-02656-21 20211326c1

88 requirements and, without the public records exemption, the
89 effective and efficient administration of user accounts would be
90 hindered.
91 Section 3. This act shall take effect on the same date that
92 SB 1324 or similar legislation takes effect, if such legislation

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL: CS/SB 1372

INTRODUCER: Appropriations Committee; and Senator Burgess

SUBJECT: Literacy Improvement

DATE: April 21, 2021

REVISED: _____

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	<u>Brick</u>	<u>Bouck</u>	<u>ED</u>	Favorable
2.	<u>Underhill</u>	<u>Elwell</u>	<u>AED</u>	Recommend: Favorable
3.	<u>Underhill</u>	<u>Sadberry</u>	<u>AP</u>	Fav/CS

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1372 establishes the New Worlds Reading Initiative to improve literacy skills and instill a love of reading by providing high-quality free books to students in kindergarten through grade 5 who are reading below grade level. Specifically, the bill requires:

- The Department of Education (DOE) to designate a state-level administrator of the program.
- School districts to partner with local nonprofit organizations to provide free monthly book deliveries to students in kindergarten through grade 5 who exhibit a substantial deficiency in reading and choose to participate in the program.
- The DOE to publish information on its website about the program, including the process for a tax payer to contribute to the program through taking a tax credit.

The bill provides for tax credit contributions to the program.

The cost of the book distribution initiative created by this bill are to be funded through tax credit contributions. See Section V.

The bill provides an effective date of July 1, 2021.

II. Present Situation:

Forty-three percent of the students entering kindergarten in 2020 demonstrated literacy skills that fell below grade-level expectations.¹ Forty-two percent of third grade students were assessed as reading below grade level in 2019.² Students who read below grade level at the end of third grade are less likely to graduate high school by age 19.³

The availability of learning materials in the home supports children's language and literacy skills.⁴ Children who participate in free book distribution programs between birth to age five experience a positive effect on literacy development.⁵

Student Reading Progression

Each district school board is required to establish a comprehensive plan for student progression, which must provide for a student's progression from one grade to another based on the student's mastery of English Language Arts, mathematics, science, and social studies standards.⁶ The plan must include criteria that emphasize student reading proficiency in kindergarten through grade 3. Students in kindergarten through grade 3, who exhibit a substantial deficiency in reading based upon screening, diagnostic, progress monitoring, or assessment data; statewide assessments; or teacher observations, must be provided intensive, explicit, systematic, and multisensory reading interventions immediately following the identification of the reading deficiency.⁷

Research-Based Reading Instruction Allocation

The state allocates funding to school districts for research-based reading instruction to students in kindergarten through grade 12.⁸ Funds must be used to provide a system of comprehensive reading instruction to students enrolled in kindergarten through grade 12, including, for example:⁹

¹ Florida Department of Education (DOE), FLKRS Statewide Results, *Fall 2020 Florida Kindergarten Readiness Screener (FLKRS)*, available at <http://www.fldoe.org/accountability/assessments/k-12-student-assessment/flkrs/flkrs-sw-results.stml> (download excel file "Fall 2020 FLKRS Results by District") (last visited Mar. 5, 2021).

² DOE, *Florida Standards Assessments* (2019), available at <http://www.fldoe.org/core/fileparse.php/5668/urlt/80FSAResults19.pdf>, at 4.

⁴ Eileen T. Rodriguez & Catherine S. Tamis-LeMonda, *Trajectories of the Home Learning Environment Across the First 5 Years: Associations with Children's Vocabulary and Literacy Prekindergarten*, 82 CHILD DEVELOPMENT 1058, 1059 (2011).

⁵ Merel de Bondt et al., *Do Book Giveaway Programs Promote Home Literacy Environment and Children's Literacy-Related Behavior and Skills?*, 90 Review of Education Research 349 (2020), available at <https://journals.sagepub.com/doi/pdf/10.3102/0034654320922140>.

⁶ Section 1008.25(2), F.S.

⁷ Section 1008.25(5)(a), F.S. Students in kindergarten through grade 2 do not participate in statewide, standardized assessments.

⁸ Section 1011.62(9), F.S. The state appropriated \$130 million to school districts for the research-based reading instruction allocation for the 2020-2021 fiscal year. Specific Appropriations 8 and 92, ch. 2020-111, s. 2, Laws of Fla.

⁹ Section 1011.62(9)(c), F.S. The state also appropriated \$236.6 million to school districts for instructional materials for the 2020-2021 fiscal year. Specific Appropriations 8 and 92, ch. 2020-111, s. 2, Laws of Fla. School districts are authorized to use half of the funds allocated for instructional materials for library books. Section 1006.40(3)(b), F.S. School district expenditures for library books in the 2019-2020 fiscal year totaled \$63.4 million. DOE, *School District Annual Financial*

- Summer reading camps for students in kindergarten through grade 5 who exhibit certain reading deficiencies, depending on grade level.¹⁰
- Supplemental instructional materials that are grounded in scientifically based reading research as identified by the Just Read, Florida! Office.¹¹
- Intensive interventions for students in kindergarten through grade 12 who have been identified as having a reading deficiency or who are reading below grade level as determined by the statewide, standardized English Language Arts assessment.

District school boards must develop K-12 comprehensive reading plans that detail the specific uses of the research-based reading instruction allocation. The plans must provide for intensive reading interventions through integrated curricula that incorporate strategies identified by the Just Read, Florida! Office and are delivered by a teacher who is certified or endorsed in reading.¹² In the 2020-2021 fiscal year, school districts allocated \$36.9 million of the total \$130 million appropriated under the research-based reading instruction allocation¹³ for elementary reading intervention teachers, supplemental reading materials and interventions, and summer reading camps.¹⁴

Parental Notification and Choice

The parent of any student who exhibits a substantial deficiency in reading must be notified in writing of the deficiency and of all available services and proposed interventions, and be provided with a “read at home plan,” which outlines strategies that parents can use to help their children improve in reading.¹⁵

Students enrolled in public school in grades 3 through 5 and score below grade level on the statewide, standardized English Language Arts (ELA) assessment in the prior school year may also be eligible for a reading scholarship account of \$500.¹⁶ A total of 6,763 students received reading scholarship accounts in the 2019-2020 school year.¹⁷ The state appropriated \$7.6 million for reading scholarship accounts for the 2020-2021 school year.¹⁸

In the 2020-2021 school year, 112,295 students enrolled in public schools in kindergarten through grade 5 were identified as having substantial deficiencies in reading and receiving Tier III supports.¹⁹

Book Distribution Programs

An Act to amend the national reading program in 1975²⁰ authorized the federal government to contract with a third-party entity to subcontract with local agencies to establish, operate, and provide an equal share of the cost of reading motivational programs that include the distribution of books to schoolchildren.²¹ The inexpensive book distribution program was last financed with \$25 million in 2010.²² The Every Student Succeeds Act of 2015²³ repealed the inexpensive book distribution program.²⁴

In 2020, the Tennessee Governor's Early Literacy Foundation (GELF) and the Tennessee Department of Education, in collaboration with Scholastic, the global children's publishing, education and media company, announced the launch of a new K-3 Book Delivery program to deliver 580,000 books to 58,000 kindergarten through third grade students and teachers across the state.²⁵ The GELF has operated a book distribution program in collaboration with Dolly Parton's Imagination Library to distribute books to children from birth to the age of five since 2004.²⁶ The Tennessee Legislature appropriated \$4,525,000 for the Governor's Books from Birth Fund for the 2019 fiscal year,²⁷ and the Books from Birth program mailed 3.4 million books.²⁸

III. Effect of Proposed Changes:

The bill creates s. 1003.485, F.S., to establish the New Worlds Reading Initiative to improve literacy skills and instill a love of reading by providing high-quality free books to students in kindergarten through grade 5 who are reading below grade level expectations.

Under the initiative, a high-quality, hardcopy book is delivered on a monthly basis to eligible students. Parents of students who participate in the program are provided resources to help improve their student's reading skills and instill a love of reading.

State Tax Credits

The bill provides tax credits for contributions to the New Worlds Reading Initiative. The credits are authorized against taxes under:

- Section 624.509, related to insurance premium tax.
- Section 175.101, related to state excise tax on property insurance premiums
- Section 185.08, related to state excise tax on casualty insurance premiums

- Chapter 220, related to corporate income tax.
- Section 211.02, related to oil production tax
- Section 211.025, related to gas production tax
- Section 212.183, related to direct pay permit-holders (aka toilet paper tax, unlikely to apply to book publishers).
- Section 563.05, related to excise taxes on malt beverages
- Section 564.06, related to excise taxes on wines and beverages
- Section 565.12, related to excise tax on liquors and beverages

A tax credit cap in the amount of \$10 million is established for the 2021-2022 state fiscal year, \$30 million for the 2022-2023 state fiscal year, and \$50 million in each state fiscal year

The Department of Revenue may adopt rules necessary to administer the tax credit provisions of the bill, which include establishing application forms, procedures governing the approval of tax credits and carryforward tax credits, and procedures for taxpayers when claiming approved tax credits on their returns.

State-Level Administrator

Implementation of the initiative is split between school districts, in partnership with local nonprofit organizations, and a state administrator. The state administrator is a state university designated by the DOE who must have an academic innovation institution with extensive experience in:

- Conducting academic research in early literacy instruction.
- Implementing online delivery of early learning and literacy training for educators nationally.
- Developing online support materials that assist parents and caregivers in developing early literacy skills.
- Conducting fundraising and public awareness campaigns to support the development and growth of evidence-based educational initiatives that support learning at home and in schools.

The bill requires the state-level administrator to:

- Develop, in consultation with the Just Read, Florida! Office, a selection of high-quality books, encompassing diverse subjects and genres, appropriate for each grade level to be mailed to students in the initiative.
- Facilitate book distribution directly or through an agreement with a book distribution company.
- Develop and provide marketing materials to help school districts and their local partners raise funding and awareness of the initiative, including through the use of partnerships between public libraries and participating entities to implement family engagement events, such as family library nights, library card drives, summer access, and other activities.
- Maintain a clearinghouse for information on national, state, and local nonprofit organizations that support efforts to provide books to children.
- Develop online support materials that assist parents and caregivers in developing early literacy skills.

- Periodically distribute to participating families helpful tips and hyperlinks to video modules via text message and e-mail.
- Annually submit to the DOE an annual financial report that, at a minimum, includes:
 - Amount of eligible contributions received;
 - Amount spent on each activity required of the administrator in law; and
 - Number of students and households served.
- Maintain separate accounts for operating funds and funds for purchase and delivery of books.
- Expend eligible contributions received only for the purchase and delivery of books, and an administrative fee not to exceed two percent of total eligible contributions.
- Provide taxpayers with a certificate of contribution upon receipt of a contribution.

Reporting Requirements

Beginning September 30, 2022, and annually thereafter, the DOE must report on its website the number of students in the initiative in each school district, the academic achievement and learning gains of participating students based on available data provided by school districts. The DOE is required to establish a date by which the administrator and school districts must annually provide the necessary data to complete the report.

In addition, the DOE is required to publish information about the initiative and tax credits on its website, including the process for a taxpayer to select the administrator as the recipient of funding through the tax credit.

Student Participation

A student in kindergarten through grade 5 must be provided books through the initiative if the student has a substantial reading deficiency or scored below a level 3 on the prior year's statewide, standardized English Language Arts (ELA) assessment. The bill requires each school district to notify the parents of eligible students that the student is eligible to receive books at no cost through the New Worlds Reading Initiative and provide the parent with the application form developed by the administrator, which must allow for the selection of specific book topics or genres for the student.

After a student is identified, the bill requires the school district to coordinate with the administrator to initiate monthly book delivery during the school year, which must begin no later than December 31. Students remain in the initiative until they are promoted to sixth grade or their parent opts out, whichever is earlier.

School districts and partnering nonprofit organizations are required by the bill to raise awareness of the initiative, including information on eligibility and video training modules, through:

- The student handbook.
- The read-at-home plan provided to the parents of students identified with a substantial reading deficiency. The bill also amends s. 1008.25, F.S., to require that the parents of students with a substantial reading deficiency be provided information about the student's eligibility for the New Worlds Reading Initiative, and information on parent training modules and other reading engagement resources available through the initiative.

- Curriculum or parent nights or separate initiative awareness events at each elementary school.
- Events held jointly with the local public library. The bill specifies that library events should coincide with similar family engagement initiatives, such as library card drives.

The bill requires books to be delivered at no cost to students.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

The revenue estimating conference has not yet reviewed the fiscal impact of this bill.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The cost of the book distribution initiative created by this bill will be funded through tax credit contributions. The Department of Education estimates that the total cost to provide books free of charge is \$48,512,740. This estimate is based on 551,294 eligible students identified who would receive a free book mailed to them monthly for nine months of the school year, at an average cost of \$8 a book.²⁹

²⁹ DOE, *Senate Bill 1372 Legislative Bill Analysis* (Feb. 23, 2021) (on file with the Senate Appropriations Subcommittee on Education).

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

The bill substantially amends the following sections of the Florida Statutes: 220.02, 220.13, 220.186, and 1008.25.

The bill creates the following sections of the Florida Statutes: 211.0252, 212.1833, 220.1876, 561.1212, 624.51056, and 1003.485.

IX. Additional Information:**A. Committee Substitute – Statement of Substantial Changes:**

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Appropriations on April 19, 2021:

The committee substitute:

- Adds legislative findings, including that programs that deliver books directly to students' homes and support engagement in reading enable parents to develop their child's reading skills and enjoyment of reading and foster improved outcomes for students.
- Makes mandatory the provision of the bill authorizing school districts to participate in the program.
- Removes the specification that funding be shared equally by the state administrator and the local funding source on a pro rata basis for each enrolled student.
- Provides tax credits for contributions to the New Worlds Reading Initiative, which provides monthly books to students at no cost to families, and authorizes the state administrator to use 2% for administrative expenses.
- Establishes a tax credit cap amount of \$10 million for the 2021-2022 state fiscal year, \$30 million for the 2022-2023 state fiscal year, and \$50 million in each state fiscal year thereafter.
- Requires the DOE to designate an experienced academic innovation institution as the state administrator.
- Requires the DOE to publish information about the initiative and tax credits on its website.
- Removes requirement for the DOE to submit an annual report to the Governor and the Legislature and instead requires the administrator to submit an annual report to the DOE.
- Requires the Department of Education to set the annual date for school districts to provide data to enable the Department to report on the program.
- Establishes the process by which the Department of Revenue must administer the tax credit provisions.

- Postpones to December 31, 2021, the first required book delivery but still requires nine books to be delivered before the 2022-2023 school year.
- Authorizes the DOR to adopt rules and emergency rules.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

409158

LEGISLATIVE ACTION

Senate	.	House
Comm: RS	.	
04/20/2021	.	
	.	
	.	
	.	

The Committee on Appropriations (Burgess) recommended the following:

Senate Amendment (with title amendment)

Delete everything after the enacting clause
and insert:

Section 1. The Legislature finds that the ability to read is fundamental to a productive, fulfilling, culturally rewarding, and civically engaged life. Furthermore, a literacy-rich home environment helps develop reading and writing skills in young learners to prepare them for future academic and career success. Research shows that students who read more perform

409158

11 better academically than those who do not. Unfortunately,
12 statistics show students who have fewer books and literacy-based
13 interactions at home than their peers have lower educational
14 attainment and lifetime income-earning potential. Programs that
15 deliver books directly to students' homes and support engagement
16 in reading enable parents to develop their child's reading
17 skills and enjoyment of reading and foster improved outcomes for
18 students.

19 Section 2. Section 1003.485, Florida Statutes, is created
20 to read:

21 1003.485 The New Worlds Reading Initiative.-

22 (1) The New Worlds Reading Initiative is established under
23 the Department of Education to improve literacy skills and
24 instill a love of reading by providing high-quality, free books
25 to students in kindergarten through grade 5 who are reading
26 below grade level.

27 (2) DEFINITIONS.-As used in this section, the term:

28 (a) "Administrator" means the Department of Education or a
29 third-party entity contracted to administer the initiative.

30 (b) "Initiative" means the New Worlds Reading Initiative.

31 (3) The administrator shall:

32 (a) Develop, in consultation with the Just Read, Florida!
33 Office under s. 1001.215, a selection of high-quality books
34 encompassing diverse subjects and genres for each grade level to
35 be mailed to students in the initiative.

36 (b) Facilitate the distribution of books as provided in
37 paragraph (5)(c) either directly or through an agreement with a
38 book distribution company.

39 (c) Assist local implementation of the initiative by:

40 1. Providing assistance to local communities to raise
41 awareness of the initiative, including through the use of
42 partnerships between public libraries and school districts to
43 implement events such as family library nights, library card
44 drives, summer access and activities, and other activities
45 designed to increase family engagement and instill a love of
46 reading in students.

47 2. Developing and providing marketing materials to school
48 districts and any partnering nonprofit organizations to assist
49 with public awareness campaigns.

50 (d) Maintain a clearinghouse for information on national,
51 state, and local nonprofit organizations that support efforts to
52 provide books to children.

53 (e) Develop training materials for parents of students in
54 the initiative, including brief video training modules, which
55 engage families in reading and assist with improving student
56 literacy skills. The administrator shall periodically send, via
57 text message and e-mail, tips for facilitating reading at home
58 and hyperlinks to the video training modules.

59
60 Beginning September 30, 2022, and annually thereafter, the
61 Department of Education shall report to the President of the
62 Senate, the Speaker of the House of Representatives, and the
63 Commissioner of Education the number of students participating
64 in the initiative in each school district and the academic
65 achievement and learning gains, as applicable, of participating
66 students based on data provided by school districts as permitted
67 under s. 1002.22. The department shall establish a date by which
68 each school district must annually provide the data necessary to

409158

69 complete the report.

70 (4) Each school district shall participate in the
71 initiative by partnering with local nonprofit organizations,
72 raising awareness of the initiative using marketing materials
73 developed by the administrator, coordinating book delivery, and
74 identifying students and notifying parents pursuant to
75 subsection (5).

76 (5) (a) A student in kindergarten through grade 5 must be
77 provided books through the initiative if the student has a
78 substantial reading deficiency identified under s. 1008.25(5) (a)
79 or scored below a Level 3 on the preceding year's statewide,
80 standardized English Language Arts assessment under s. 1008.22.

81 (b) Each school district shall notify the parent of a
82 student who meets the criteria under paragraph (a) that the
83 student is eligible to receive books at no cost through the New
84 Worlds Reading Initiative and provide the parent with the
85 application form developed by the administrator, which must
86 allow for the selection of specific book topics or genres for
87 the student.

88 (c) Once an eligible student is identified, the school
89 district shall coordinate with the administrator to initiate
90 book delivery on a monthly basis during the school year, which
91 must begin no later than October and continue through at least
92 June.

93 (d) At the beginning of each school year, students must be
94 provided options for specific book topics or genres in order to
95 maximize student interest in reading.

96 (e) A student's eligibility for the initiative continues
97 until promotion to grade 6 or until the student's parent opts

409158

98 out of the initiative.

99 (6) School districts and partnering nonprofit organizations
100 shall raise awareness of the initiative, including information
101 on eligibility and video training modules under paragraph
102 (3) (e), through, at least, the following:

103 (a) The student handbook and the read-at-home plan under s.
104 1008.25 (5) (c).

105 (b) A parent or curriculum night or separate initiative
106 awareness event at each elementary school.

107 (c) Partnering with the county library to host awareness
108 events, which should coincide with other initiatives such as
109 library card drives and other family engagement programming.

110 (7) Books must be provided under this section at no cost to
111 families.

112 (8) If the department contracts with a third-party entity
113 to act as administrator, the entity must be capable of
114 coordinating statewide marketing, dissemination of books, and
115 development of video training modules, as well as completing all
116 other duties of the administrator.

117 Section 3. Paragraph (c) of subsection (5) of section
118 1008.25, Florida Statutes, is amended to read:

119 1008.25 Public school student progression; student support;
120 reporting requirements.—

121 (5) READING DEFICIENCY AND PARENTAL NOTIFICATION.—

122 (c) The parent of any student who exhibits a substantial
123 deficiency in reading, as described in paragraph (a), must be
124 notified in writing of the following:

125 1. That his or her child has been identified as having a
126 substantial deficiency in reading, including a description and

409158

127 explanation, in terms understandable to the parent, of the exact
128 nature of the student's difficulty in learning and lack of
129 achievement in reading.

130 2. A description of the current services that are provided
131 to the child.

132 3. A description of the proposed intensive interventions
133 and supports that will be provided to the child that are
134 designed to remediate the identified area of reading deficiency.

135 4. That if the child's reading deficiency is not remediated
136 by the end of grade 3, the child must be retained unless he or
137 she is exempt from mandatory retention for good cause.

138 5. Strategies, including multisensory strategies, through a
139 read-at-home plan the parent can use in helping his or her child
140 succeed in reading.

141 6. That the statewide, standardized English Language Arts
142 assessment is not the sole determiner of promotion and that
143 additional evaluations, portfolio reviews, and assessments are
144 available to the child to assist parents and the school district
145 in knowing when a child is reading at or above grade level and
146 ready for grade promotion.

147 7. The district's specific criteria and policies for a
148 portfolio as provided in subparagraph (6)(b)4. and the evidence
149 required for a student to demonstrate mastery of Florida's
150 academic standards for English Language Arts. A parent of a
151 student in grade 3 who is identified anytime during the year as
152 being at risk of retention may request that the school
153 immediately begin collecting evidence for a portfolio.

154 8. The district's specific criteria and policies for
155 midyear promotion. Midyear promotion means promotion of a

156 retained student at any time during the year of retention once
157 the student has demonstrated ability to read at grade level.

158 9. Information about the student's eligibility for the New
159 Worlds Reading Initiative under s. 1003.485 and information on
160 parent training modules and other reading engagement resources
161 available through the initiative.

162 Section 4. This act shall take effect upon becoming a law.

163

164 ===== T I T L E A M E N D M E N T =====

165 And the title is amended as follows:

166 Delete everything before the enacting clause

167 and insert:

168 A bill to be entitled

169 An act relating to literacy improvement; providing
170 legislative findings; creating s. 1003.485, F.S.;
171 establishing the New Worlds Reading Initiative under
172 the Department of Education; defining terms; providing
173 duties of the administrator; requiring the
174 administrator, in consultation with a specified
175 entity, to develop a selection of books; requiring the
176 administrator to facilitate distribution of books;
177 requiring the administrator to assist with local
178 implementation of the initiative; requiring the
179 administrator to maintain a clearinghouse for
180 specified information; requiring the administrator to
181 develop and disseminate certain training materials by
182 specified means; establishing reporting requirements;
183 establishing student eligibility requirements;
184 requiring school districts to partner with certain

409158

185 entities; requiring school districts to identify
186 eligible students and notify the students' parents;
187 requiring school districts to coordinate with the
188 administrator to initiate book delivery; providing
189 requirements for book delivery; requiring that
190 students be offered certain options relating to books;
191 specifying when student eligibility ends; requiring
192 school districts to raise awareness of the initiative;
193 requiring that books be delivered at no cost to
194 families; authorizing the Department of Education to
195 contract with a third-party entity; providing
196 requirements for such third-party entity; amending s.
197 1008.25, F.S.; requiring that a certain notification
198 include information about the initiative; providing an
199 effective date.

741914

LEGISLATIVE ACTION

Senate	.	House
Comm: RCS	.	
04/20/2021	.	
	.	
	.	
	.	

The Committee on Appropriations (Burgess) recommended the following:

1 **Senate Substitute for Amendment (409158) (with title**
2 **amendment)**

3
4 Delete everything after the enacting clause
5 and insert:

6 Section 1. The Legislature finds that the ability to read
7 is fundamental to a productive, fulfilling, culturally
8 rewarding, and civically engaged life. Furthermore, a literacy-
9 rich home environment helps develop reading and writing skills
10 in young learners to prepare them for future academic and career

741914

11 success. Research shows that students who read frequently
12 perform better academically than those who do not.
13 Unfortunately, statistics show students who have fewer books and
14 literacy-based interactions at home than their peers have lower
15 educational attainment and lifetime income-earning potential.
16 Programs that deliver books directly to students' homes and
17 support engagement in reading enable parents to develop their
18 child's reading skills and enjoyment of reading and foster
19 improved outcomes for students.

20 Section 2. Section 211.0252, Florida Statutes, is created
21 to read:

22 211.0252 Credit for contributions to the New Worlds Reading
23 Initiative.—Beginning January 1, 2022, there is allowed a credit
24 of 100 percent of an eligible contribution made to the New
25 Worlds Reading Initiative under s. 1003.485 against any tax due
26 under s. 211.02 or s. 211.025. However, the combined credit
27 allowed under this section and s. 211.0251 may not exceed 50
28 percent of the tax due on the return on which the credit is
29 taken. If the combined credit allowed under this section and s.
30 211.0251 exceeds 50 percent of the tax due on the return, the
31 credit must first be taken under s. 211.0251. Any remaining
32 liability must be taken under this section but may not exceed 50
33 percent of the tax due. For purposes of the distributions of tax
34 revenue under s. 211.06, the department shall disregard any tax
35 credits allowed under this section to ensure that any reduction
36 in tax revenue received which is attributable to the tax credits
37 results only in a reduction in distributions to the General
38 Revenue Fund. Section 1003.485 applies to the credit authorized
39 by this section.

40 Section 3. Section 212.1833, Florida Statutes, is created
41 to read:

42 212.1833 Credit for contributions to the New Worlds Reading
43 Initiative.—Beginning January 1, 2022, there is allowed a credit
44 of 100 percent of an eligible contribution made to the New
45 Worlds Reading Initiative under s. 1003.485 against any tax
46 imposed by the state and due under this chapter from a direct
47 pay permitholder as a result of the direct pay permit held
48 pursuant to s. 212.183. For purposes of the dealer's credit
49 granted for keeping prescribed records, filing timely tax
50 returns, and properly accounting and remitting taxes under s.
51 212.12, the amount of tax due used to calculate the credit shall
52 include any eligible contribution made to the New Worlds Reading
53 Initiative from a direct pay permitholder. For purposes of the
54 distributions of tax revenue under s. 212.20, the department
55 shall disregard any tax credits allowed under this section to
56 ensure that any reduction in tax revenue received which is
57 attributable to the tax credits results only in a reduction in
58 distributions to the General Revenue Fund. Section 1003.485
59 applies to the credit authorized by this section. A dealer who
60 claims a tax credit under this section must file his or her tax
61 returns and pay his or her taxes by electronic means under s.
62 213.755.

63 Section 4. Subsection (8) of section 220.02, Florida
64 Statutes, is amended to read:

65 220.02 Legislative intent.—

66 (8) It is the intent of the Legislature that credits
67 against either the corporate income tax or the franchise tax be
68 applied in the following order: those enumerated in s. 631.828,

741914

69 those enumerated in s. 220.191, those enumerated in s. 220.181,
70 those enumerated in s. 220.183, those enumerated in s. 220.182,
71 those enumerated in s. 220.1895, those enumerated in s. 220.195,
72 those enumerated in s. 220.184, those enumerated in s. 220.186,
73 those enumerated in s. 220.1845, those enumerated in s. 220.19,
74 those enumerated in s. 220.185, those enumerated in s. 220.1875,
75 those enumerated in s. 220.1876, those enumerated in s. 220.193,
76 those enumerated in s. 288.9916, those enumerated in s.
77 220.1899, those enumerated in s. 220.194, and those enumerated
78 in s. 220.196.

79 Section 5. Paragraph (a) of subsection (1) of section
80 220.13, Florida Statutes, is amended to read:

81 220.13 "Adjusted federal income" defined.—

82 (1) The term "adjusted federal income" means an amount
83 equal to the taxpayer's taxable income as defined in subsection
84 (2), or such taxable income of more than one taxpayer as
85 provided in s. 220.131, for the taxable year, adjusted as
86 follows:

87 (a) *Additions*.—There shall be added to such taxable income:

88 1.a. The amount of any tax upon or measured by income,
89 excluding taxes based on gross receipts or revenues, paid or
90 accrued as a liability to the District of Columbia or any state
91 of the United States which is deductible from gross income in
92 the computation of taxable income for the taxable year.

93 b. Notwithstanding sub-subparagraph a., if a credit taken
94 under s. 220.1875 or s. 220.1876 is added to taxable income in a
95 previous taxable year under subparagraph 11. and is taken as a
96 deduction for federal tax purposes in the current taxable year,
97 the amount of the deduction allowed shall not be added to

98 taxable income in the current year. The exception in this sub-
99 subparagraph is intended to ensure that the credit under s.
100 220.1875 or s. 220.1876 is added in the applicable taxable year
101 and does not result in a duplicate addition in a subsequent
102 year.

103 2. The amount of interest which is excluded from taxable
104 income under s. 103(a) of the Internal Revenue Code or any other
105 federal law, less the associated expenses disallowed in the
106 computation of taxable income under s. 265 of the Internal
107 Revenue Code or any other law, excluding 60 percent of any
108 amounts included in alternative minimum taxable income, as
109 defined in s. 55(b)(2) of the Internal Revenue Code, if the
110 taxpayer pays tax under s. 220.11(3).

111 3. In the case of a regulated investment company or real
112 estate investment trust, an amount equal to the excess of the
113 net long-term capital gain for the taxable year over the amount
114 of the capital gain dividends attributable to the taxable year.

115 4. That portion of the wages or salaries paid or incurred
116 for the taxable year which is equal to the amount of the credit
117 allowable for the taxable year under s. 220.181. This
118 subparagraph shall expire on the date specified in s. 290.016
119 for the expiration of the Florida Enterprise Zone Act.

120 5. That portion of the ad valorem school taxes paid or
121 incurred for the taxable year which is equal to the amount of
122 the credit allowable for the taxable year under s. 220.182. This
123 subparagraph shall expire on the date specified in s. 290.016
124 for the expiration of the Florida Enterprise Zone Act.

125 6. The amount taken as a credit under s. 220.195 which is
126 deductible from gross income in the computation of taxable

741914

127 income for the taxable year.

128 7. That portion of assessments to fund a guaranty
129 association incurred for the taxable year which is equal to the
130 amount of the credit allowable for the taxable year.

131 8. In the case of a nonprofit corporation which holds a
132 pari-mutuel permit and which is exempt from federal income tax
133 as a farmers' cooperative, an amount equal to the excess of the
134 gross income attributable to the pari-mutuel operations over the
135 attributable expenses for the taxable year.

136 9. The amount taken as a credit for the taxable year under
137 s. 220.1895.

138 10. Up to nine percent of the eligible basis of any
139 designated project which is equal to the credit allowable for
140 the taxable year under s. 220.185.

141 11. Any ~~The~~ amount taken as a credit for the taxable year
142 under s. 220.1875 or s. 220.1876. The addition in this
143 subparagraph is intended to ensure that the same amount is not
144 allowed for the tax purposes of this state as both a deduction
145 from income and a credit against the tax. This addition is not
146 intended to result in adding the same expense back to income
147 more than once.

148 12. The amount taken as a credit for the taxable year under
149 s. 220.193.

150 13. Any portion of a qualified investment, as defined in s.
151 288.9913, which is claimed as a deduction by the taxpayer and
152 taken as a credit against income tax pursuant to s. 288.9916.

153 14. The costs to acquire a tax credit pursuant to s.
154 288.1254(5) that are deducted from or otherwise reduce federal
155 taxable income for the taxable year.

156 15. The amount taken as a credit for the taxable year
157 pursuant to s. 220.194.

158 16. The amount taken as a credit for the taxable year under
159 s. 220.196. The addition in this subparagraph is intended to
160 ensure that the same amount is not allowed for the tax purposes
161 of this state as both a deduction from income and a credit
162 against the tax. The addition is not intended to result in
163 adding the same expense back to income more than once.

164 Section 6. Subsection (2) of section 220.186, Florida
165 Statutes, is amended to read:

166 220.186 Credit for Florida alternative minimum tax.—

167 (2) The credit pursuant to this section shall be the amount
168 of the excess, if any, of the tax paid based upon taxable income
169 determined pursuant to s. 220.13(2)(k) over the amount of tax
170 which would have been due based upon taxable income without
171 application of s. 220.13(2)(k), before application of this
172 credit without application of any credit under s. 220.1875 or s.
173 220.1876.

174 Section 7. Section 220.1876, Florida Statutes, is created
175 to read:

176 220.1876 Credit for contributions to the New Worlds Reading
177 Initiative.—

178 (1) For taxable years beginning on or after January 1,
179 2022, there is allowed a credit of 100 percent of an eligible
180 contribution made to the New Worlds Reading Initiative under s.
181 1003.485 against any tax due for a taxable year under this
182 chapter after the application of any other allowable credits by
183 the taxpayer. An eligible contribution must be made to the New
184 Worlds Reading Initiative on or before the date the taxpayer is

741914

185 required to file a return pursuant to s. 220.222. The credit
186 granted by this section shall be reduced by the difference
187 between the amount of federal corporate income tax, taking into
188 account the credit granted by this section, and the amount of
189 federal corporate income tax without application of the credit
190 granted by this section.

191 (2) A taxpayer who files a Florida consolidated return as a
192 member of an affiliated group pursuant to s. 220.131(1) may be
193 allowed the credit on a consolidated return basis; however, the
194 total credit taken by the affiliated group is subject to the
195 limitation established under subsection (1).

196 (3) Section 1003.485 applies to the credit authorized by
197 this section.

198 (4) If a taxpayer applies and is approved for a credit
199 under s. 1003.485 after timely requesting an extension to file
200 under s. 220.222(2):

201 (a) The credit does not reduce the amount of tax due for
202 purposes of the department's determination as to whether the
203 taxpayer was in compliance with the requirement to pay tentative
204 taxes under ss. 220.222 and 220.32.

205 (b) The taxpayer's noncompliance with the requirement to
206 pay tentative taxes shall result in the revocation and
207 rescindment of any such credit.

208 (c) The taxpayer shall be assessed for any taxes,
209 penalties, or interest due from the taxpayer's noncompliance
210 with the requirement to pay tentative taxes.

211 Section 8. Section 561.1212, Florida Statutes, is created
212 to read:

213 561.1212 Credit for contributions to the New Worlds Reading

214 Initiative.—Beginning January 1, 2022, there is allowed a credit
215 of 100 percent of an eligible contribution made to the New
216 Worlds Reading Initiative under s. 1003.485 against any tax due
217 under s. 563.05, s. 564.06, or s. 565.12, except excise taxes
218 imposed on wine produced by manufacturers in this state from
219 products grown in this state. However, a credit allowed under
220 this section may not exceed 90 percent of the tax due on the
221 return on which the credit is taken. For purposes of the
222 distributions of tax revenue under ss. 561.121 and 564.06(10),
223 the division shall disregard any tax credits allowed under this
224 section to ensure that any reduction in tax revenue received
225 which is attributable to the tax credits results only in a
226 reduction in distributions to the General Revenue Fund. The
227 provisions of s. 1003.485 apply to the credit authorized by this
228 section.

229 Section 9. Section 624.51056, Florida Statutes, is created
230 to read:

231 624.51056 Credit for contributions to the New Worlds
232 Reading Initiative.—

233 (1) For taxable years beginning on or after January 1,
234 2022, there is allowed a credit of 100 percent of an eligible
235 contribution made to the New Worlds Reading Initiative under s.
236 1003.485 against any tax due for a taxable year under s.
237 624.509(1) after deducting from such tax deductions for
238 assessments made pursuant to s. 440.51, credits for taxes paid
239 under ss. 175.101 and 185.08, credits for income taxes paid
240 under chapter 220, and the credit allowed under s. 624.509(5),
241 as such credit is limited by s. 624.509(6). An eligible
242 contribution must be made to the New Worlds Reading Initiative

243 on or before the date the taxpayer is required to file a return
244 pursuant to ss. 624.509 and 624.5092. An insurer claiming a
245 credit against premium tax liability under this section is not
246 required to pay any additional retaliatory tax levied under s.
247 624.5091 as a result of claiming such credit. Section 624.5091
248 does not limit such credit in any manner.

249 (2) Section 1003.485 applies to the credit authorized by
250 this section.

251 Section 10. Section 1003.485, Florida Statutes, is created
252 to read:

253 1003.485 The New Worlds Reading Initiative.-

254 (1) DEFINITIONS.-As used in this section, the term:

255 (a) "Administrator" means a state university registered
256 with the department under s. 1002.395(15) (i) and designated to
257 administer the initiative under paragraph (2) (a).

258 (b) "Annual tax credit amount" means, for any state fiscal
259 year, the sum of the amount of tax credits approved under
260 paragraph (3) (b), including tax credits to be taken under s.
261 211.0252, s. 212.1833, s. 220.1876, s. 561.1212, or s.
262 624.51056, which are approved for taxpayers whose taxable years
263 begin on or after January 1 of the calendar year preceding the
264 start of the applicable state fiscal year.

265 (c) "Department" means the Department of Education.

266 (d) "Division" means the Division of Alcoholic Beverages
267 and Tobacco of the Department of Business and Professional
268 Regulation.

269 (e) "Eligible contribution" means a monetary contribution
270 from a taxpayer, subject to the restrictions provided in this
271 section, to the administrator.

741914

272 (f) "Initiative" means the New Worlds Reading Initiative.
273 (2) NEW WORLDS READING INITIATIVE; ADMINISTRATION.—The New
274 Worlds Reading Initiative is established under the department to
275 improve literacy skills and instill a love of reading by
276 providing high-quality, free books to students in kindergarten
277 through grade 5 who are reading below grade level.
278 (a) The department shall:
279 1. Designate an administrator to implement the initiative
280 and to receive funding as provided in this section. The
281 administrator must have an academic innovation institution with
282 extensive experience in:
283 a. Conducting academic research in early literacy
284 instruction.
285 b. Implementing online delivery of early learning and
286 literacy training for educators nationally.
287 c. Developing online support materials that assist parents
288 and caregivers in developing early literacy skills.
289 d. Conducting fundraising and public awareness campaigns to
290 support the development and growth of evidence-based educational
291 initiatives that support learning at home and in schools.
292 2. Publish information about the initiative and tax credits
293 under subsection (3) on its website, including the process for a
294 taxpayer to select the administrator as the recipient of funding
295 through a tax credit.
296 3. Beginning September 30, 2022, and annually thereafter,
297 report on its website the number of students participating in
298 the initiative in each school district, information from the
299 annual financial report under subparagraph (b)6., and the
300 academic achievement and learning gains, as applicable, of

741914

301 participating students based on data provided by school
302 districts as permitted under s. 1002.22. The department shall
303 establish a date by which the administrator and each school
304 district must annually provide the data necessary to complete
305 the report.

306 (b) The administrator shall:

307 1. Develop, in consultation with the Just Read, Florida!
308 Office under s. 1001.215, a selection of high-quality books
309 encompassing diverse subjects and genres for each grade level to
310 be mailed to students in the initiative.

311 2. Distribute books at no cost to students as provided in
312 paragraph (4) (c) either directly or through an agreement with a
313 book distribution company.

314 3. Assist local implementation of the initiative by
315 providing marketing materials to school districts and any
316 partnering nonprofit organizations to assist with public
317 awareness campaigns and other activities designed to increase
318 family engagement and instill a love of reading in students.

319 4. Maintain a clearinghouse for information on national,
320 state, and local nonprofit organizations that support efforts to
321 improve literacy and provide books to children.

322 5. Develop training materials for parents of students in
323 the initiative, including brief video training modules, which
324 engage families in reading and assist with improving student
325 literacy skills. The administrator shall periodically send, via
326 text message and e-mail, tips for facilitating reading at home
327 and hyperlinks to the video training modules.

328 6. Annually submit to the department an annual financial
329 report that includes, at a minimum, the amount of eligible

330 contributions received by the administrator; the amount spent on
331 each activity required by this paragraph, including
332 administrative expenses; and the number of students and
333 households served under the initiative.

334 7. Maintain separate accounts for operating funds and funds
335 for the purchase and delivery of books.

336 8. Expend eligible contributions received only for the
337 purchase and delivery of books and to implement the requirements
338 of this section, as well as for administrative expenses not to
339 exceed 2 percent of total eligible contributions.

340 Notwithstanding s. 1002.395(6)(j)2., the administrator may carry
341 forward up to 25 percent of eligible contributions to the
342 following state fiscal year for purposes authorized by this
343 subsection. Any eligible contributions in excess of the 25
344 percent carry forward not used to provide additional books
345 throughout the year to eligible students shall revert to the
346 state treasury.

347 9. Upon receipt of a contribution, provide the taxpayer
348 that made the contribution with a certificate of contribution. A
349 certificate of contribution must include the taxpayer's name
350 and, if available, its federal employer identification number,
351 the amount contributed, the date of contribution, and the name
352 of the administrator.

353 (3) NEW WORLDS READING INITIATIVE TAX CREDITS;
354 APPLICATIONS, TRANSFERS, AND LIMITATIONS.-

355 (a) The tax credit cap amount is \$10 million for the 2021-
356 2022 state fiscal year, \$30 million for the 2022-2023 state
357 fiscal year, and \$50 million in each state fiscal year
358 thereafter.

741914

359 (b) Beginning October 1, 2021, a taxpayer may submit an
360 application to the Department of Revenue for a tax credit or
361 credits to be taken under one or more of s. 211.0252, s.
362 212.1833, s. 220.1876, s. 561.1212, or s. 624.51056.

363 1. The taxpayer shall specify in the application each tax
364 for which the taxpayer requests a credit and the applicable
365 taxable year for a credit under s. 220.1876 or s. 624.51056 or
366 the applicable state fiscal year for a credit under s. 211.0252,
367 s. 212.1833, or s. 561.1212. For purposes of s. 220.1876, a
368 taxpayer may apply for a credit to be used for a prior taxable
369 year before the date the taxpayer is required to file a return
370 for that year pursuant to s. 220.222. For purposes of s.
371 624.51056, a taxpayer may apply for a credit to be used for a
372 prior taxable year before the date the taxpayer is required to
373 file a return for that prior taxable year pursuant to ss.
374 624.509 and 624.5092. The Department of Revenue shall approve
375 tax credits on a first-come, first-served basis and must obtain
376 the division's approval before approving a tax credit under s.
377 561.1212.

378 2. Within 10 days after approving or denying an
379 application, the Department of Revenue shall provide a copy of
380 its approval or denial letter to the administrator.

381 (c) If a tax credit approved under paragraph (b) is not
382 fully used within the specified state fiscal year for credits
383 under s. 211.0252, s. 212.1833, or s. 561.1212 or against taxes
384 due for the specified taxable year for credits under s. 220.1876
385 or s. 624.51056 because of insufficient tax liability on the
386 part of the taxpayer, the unused amount must be carried forward
387 for a period not to exceed 10 years. For purposes of s.

388 220.1876, a credit carried forward may be used in a subsequent
389 year after applying the other credits and unused carryovers in
390 the order provided in s. 220.02(8).

391 (d) A taxpayer may not convey, transfer, or assign an
392 approved tax credit or a carryforward tax credit to another
393 entity unless all of the assets of the taxpayer are conveyed,
394 assigned, or transferred in the same transaction. However, a tax
395 credit under s. 211.0252, s. 212.1833, s. 220.1876, s. 561.1212,
396 or s. 624.51056 may be conveyed, transferred, or assigned
397 between members of an affiliated group of corporations if the
398 type of tax credit under s. 211.0252, s. 212.1833, s. 220.1876,
399 s. 561.1212, or s. 624.51056 remains the same. A taxpayer shall
400 notify the Department of Revenue of its intent to convey,
401 transfer, or assign a tax credit to another member within an
402 affiliated group of corporations. The amount conveyed,
403 transferred, or assigned is available to another member of the
404 affiliated group of corporations upon approval by the Department
405 of Revenue. The Department of Revenue shall obtain the
406 division's approval before approving a conveyance, transfer, or
407 assignment of a tax credit under s. 561.1212.

408 (e) Within any state fiscal year, a taxpayer may rescind
409 all or part of a tax credit approved under paragraph (b). The
410 amount rescinded shall become available for that state fiscal
411 year to another eligible taxpayer approved by the Department of
412 Revenue if the taxpayer receives notice from the Department of
413 Revenue that the rescindment has been accepted by the Department
414 of Revenue. The Department of Revenue must obtain the division's
415 approval before accepting the rescindment of a tax credit under
416 s. 561.1212. Any amount rescinded under this paragraph must

417 become available to an eligible taxpayer on a first-come, first-
418 served basis based on tax credit applications received after the
419 date the rescindment is accepted by the Department of Revenue.

420 (f) Within 10 days after approving or denying the
421 conveyance, transfer, or assignment of a tax credit under
422 paragraph (d), or the rescindment of a tax credit under
423 paragraph (e), the Department of Revenue shall provide a copy of
424 its approval or denial letter to the administrator. The
425 Department of Revenue shall also include the administrator on
426 all letters or correspondence of acknowledgment for tax credits
427 under s. 212.1833.

428 (g) For purposes of calculating the underpayment of
429 estimated corporate income taxes under s. 220.34 and tax
430 installment payments for taxes on insurance premiums or
431 assessments under s. 624.5092, the final amount due is the
432 amount after credits earned under s. 220.1876 or s. 624.51056
433 for contributions to the administrator are deducted.

434 1. For purposes of determining if a penalty or interest
435 under s. 220.34(2)(d)1. will be imposed for underpayment of
436 estimated corporate income tax, a taxpayer may, after earning a
437 credit under s. 220.1876, reduce any estimated payment in that
438 taxable year by the amount of the credit.

439 2. For purposes of determining if a penalty under s.
440 624.5092 will be imposed, an insurer, after earning a credit
441 under s. 624.51056 for a taxable year, may reduce any
442 installment payment for such taxable year of 27 percent of the
443 amount of the net tax due as reported on the return for the
444 preceding year under s. 624.5092(2)(b) by the amount of the
445 credit.

741914

446 (4) ELIGIBILITY; NOTIFICATION; SCHOOL DISTRICT
447 OBLIGATIONS.—

448 (a) A student in kindergarten through grade 5 must be
449 provided books through the initiative if the student has a
450 substantial reading deficiency identified under s. 1008.25(5) (a)
451 or scored below a Level 3 on the preceding year's statewide,
452 standardized English Language Arts assessment under s. 1008.22.

453 (b) Each school district shall notify the parent of a
454 student who meets the criteria under paragraph (a) that the
455 student is eligible to receive books at no cost through the New
456 Worlds Reading Initiative and provide the parent with the
457 application form developed by the administrator, which must
458 allow for the selection of specific book topics or genres for
459 the student.

460 (c) Once an eligible student is identified, the school
461 district shall coordinate with the administrator to initiate
462 book delivery on a monthly basis during the school year, which
463 must begin no later than October and continue through at least
464 June. However, for the 2021-2022 school year only, delivery may
465 begin no later than December 31, 2021, provided that no fewer
466 than 9 books are delivered to each student before book
467 deliveries begin for the 2022-2023 school year.

468 (d) At the beginning of each school year, students must be
469 provided options for specific book topics or genres in order to
470 maximize student interest in reading.

471 (e) A student's eligibility for the initiative continues
472 until promotion to grade 6 or until the student's parent opts
473 out of the initiative.

474 (f) Each school district shall participate in the

741914

475 initiative by partnering with local nonprofit organizations,
476 raising awareness of the initiative using marketing materials
477 developed by the administrator, coordinating book delivery, and
478 identifying students and notifying parents pursuant to this
479 subsection.

480 (g) Each school district shall coordinate with each charter
481 school it sponsors for purposes of identifying eligible
482 students, notifying parents, coordinating book delivery,
483 providing the opportunity to annually select book topics and
484 genres, and raising awareness of the initiative as provided by
485 this section.

486 (h) School districts and partnering nonprofit organizations
487 shall raise awareness of the initiative, including information
488 on eligibility and video training modules under subparagraph
489 (2)(b)5., through, at least, the following:

490 1. The student handbook and the read-at-home plan under s.
491 1008.25(5)(c).

492 2. A parent or curriculum night or separate initiative
493 awareness event at each elementary school.

494 3. Partnering with the county library to host awareness
495 events, which should coincide with other initiatives such as
496 library card drives, family library nights, summer access
497 events, and other family engagement programming.

498 (5) ADMINISTRATION; RULES.-

499 (a) The Department of Revenue, the division, and the
500 Department of Education may develop a cooperative agreement to
501 assist in the administration of this section, as needed.

502 (b) The Department of Revenue may adopt rules necessary to
503 administer this section and ss. 211.0252, 212.1833, 220.1876,

504 561.1212, and 624.51056, including rules establishing
505 application forms, procedures governing the approval of tax
506 credits and carryforward tax credits under subsection (3), and
507 procedures to be followed by taxpayers when claiming approved
508 tax credits on their returns.

509 (c) The division may adopt rules necessary to administer
510 its responsibilities under this section and s. 561.1212.

511 (d) The Department of Education may adopt rules necessary
512 to administer this section.

513 (e) Notwithstanding any provision of s. 213.053 to the
514 contrary, sharing information with the division related to this
515 tax credit is considered the conduct of the Department of
516 Revenue's official duties as contemplated in s. 213.053(8)(c),
517 and the Department of Revenue and the division are specifically
518 authorized to share information as needed to administer this
519 section.

520 Section 11. Paragraph (c) of subsection (5) of section
521 1008.25, Florida Statutes, is amended to read:

522 1008.25 Public school student progression; student support;
523 reporting requirements.—

524 (5) READING DEFICIENCY AND PARENTAL NOTIFICATION.—

525 (c) The parent of any student who exhibits a substantial
526 deficiency in reading, as described in paragraph (a), must be
527 notified in writing of the following:

528 1. That his or her child has been identified as having a
529 substantial deficiency in reading, including a description and
530 explanation, in terms understandable to the parent, of the exact
531 nature of the student's difficulty in learning and lack of
532 achievement in reading.

533 2. A description of the current services that are provided
534 to the child.

535 3. A description of the proposed intensive interventions
536 and supports that will be provided to the child that are
537 designed to remediate the identified area of reading deficiency.

538 4. That if the child's reading deficiency is not remediated
539 by the end of grade 3, the child must be retained unless he or
540 she is exempt from mandatory retention for good cause.

541 5. Strategies, including multisensory strategies, through a
542 read-at-home plan the parent can use in helping his or her child
543 succeed in reading.

544 6. That the statewide, standardized English Language Arts
545 assessment is not the sole determiner of promotion and that
546 additional evaluations, portfolio reviews, and assessments are
547 available to the child to assist parents and the school district
548 in knowing when a child is reading at or above grade level and
549 ready for grade promotion.

550 7. The district's specific criteria and policies for a
551 portfolio as provided in subparagraph (6)(b)4. and the evidence
552 required for a student to demonstrate mastery of Florida's
553 academic standards for English Language Arts. A parent of a
554 student in grade 3 who is identified anytime during the year as
555 being at risk of retention may request that the school
556 immediately begin collecting evidence for a portfolio.

557 8. The district's specific criteria and policies for
558 midyear promotion. Midyear promotion means promotion of a
559 retained student at any time during the year of retention once
560 the student has demonstrated ability to read at grade level.

561 9. Information about the student's eligibility for the New

562 Worlds Reading Initiative under s. 1003.485 and information on
563 parent training modules and other reading engagement resources
564 available through the initiative.

565 Section 12. The Department of Revenue is authorized, and
566 all conditions are deemed met, to adopt emergency rules under s.
567 120.54(4), Florida Statutes, for the purpose of implementing
568 provisions related to the New Worlds Reading Initiative Tax
569 Credit created by this act. Notwithstanding any other law,
570 emergency rules adopted under this section are effective for 6
571 months after adoption and may be renewed during the pendency of
572 procedures to adopt permanent rules addressing the subject of
573 the emergency rules.

574 Section 13. This act shall take effect upon becoming a law.

575
576 ===== T I T L E A M E N D M E N T =====

577 And the title is amended as follows:

578 Delete everything before the enacting clause
579 and insert:

580 A bill to be entitled
581 An act relating to home book delivery for elementary
582 students; providing legislative findings; creating ss.
583 211.0252 and 212.1833, F.S.; providing credits against
584 oil and gas production taxes and sales taxes payable
585 by direct pay permitholders, respectively, under the
586 New Worlds Reading Initiative Tax Credit; specifying
587 requirements and procedures for, and limitations on,
588 the credits; amending s. 220.02, F.S.; revising the
589 order in which tax credits against the corporate
590 income tax credit or the franchise tax are applied;

591 amending s. 220.13, F.S.; revising the definition of
592 the term "adjusted federal income"; amending s.
593 220.186, F.S.; revising the calculation of the
594 corporate income tax credit for the Florida
595 alternative minimum tax; creating s. 220.1876, F.S.;
596 providing a credit against the corporate income tax
597 under the New Worlds Reading Initiative Tax Credit;
598 specifying requirements and procedures for, and
599 limitations on, the credit; creating ss. 561.1212 and
600 624.51056, F.S.; providing credits against excise
601 taxes on certain alcoholic beverages and the insurance
602 premium tax, respectively, under the New Worlds
603 Initiative Tax Credit; specifying requirements and
604 procedures for, and limitations on, the credits;
605 creating s. 1003.485 F.S.; providing definitions;
606 establishing the New Worlds Reading Initiative under
607 the Department of Education; requiring the department
608 to contract with a state university to administer the
609 initiative; providing duties of the department and
610 administrator; requiring the administrator, in
611 consultation with a specified entity, to develop a
612 selection of books; requiring the administrator to
613 facilitate distribution of books; requiring the
614 administrator to assist with local implementation of
615 the initiative; requiring the administrator to
616 maintain a clearinghouse of specified information;
617 requiring the administrator to develop and disseminate
618 certain training materials by specified means;
619 requiring the administrator to annually submit an

620 audit report; requiring the administrator to maintain
621 specified accounts for program funds; providing
622 spending requirements; requiring the administrator to
623 provide a certificate of contribution in certain
624 circumstances; establishing reporting requirements;
625 establishing a tax credit cap amount; authorizing a
626 taxpayer to apply for a tax credit; providing
627 requirements for the application; specifying a
628 limitation on, and application procedures for, the tax
629 credit; specifying requirements and procedures for,
630 and restrictions on, the carryforward, conveyance,
631 transfer, assignment, and rescindment of credits;
632 specifying requirements and procedures for the
633 Department of Revenue; establishing student
634 eligibility requirements; requiring school districts
635 to identify eligible students and notify parents;
636 requiring school districts to coordinate with the
637 administrator to initiate book delivery; providing
638 requirements for book delivery; requiring that
639 students be offered certain options relating to books;
640 specifying when student eligibility ends; requiring
641 school districts raise awareness of the initiative;
642 authorizing the Department of Revenue, the Division of
643 Alcoholic Beverages and Tobacco of the Department of
644 Business and Professional Regulation, and the
645 Department of Education to develop a cooperative
646 agreement and adopt rules; amending s. 1008.25, F.S.;
647 requiring that a certain notification include
648 information about the initiative; authorizing the

741914

649
650

Department of Revenue to adopt emergency rules;
providing an effective date.

By Senator Burgess

 33 families; providing requirements for funding;
 34 authorizing the department to contract with a third-
 35 party entity; providing requirements for such third-
 36 party entity; amending s. 1008.25, F.S.; requiring
 37 that a certain notification include information about
 38 the initiative; providing an effective date.
 39
 40 Be It Enacted by the Legislature of the State of Florida:
 41
 42 Section 1. Section 1003.485, Florida Statutes, is created
 43 to read:
 44 1003.485 The New Worlds Reading Initiative.-
 45 (1) The New Worlds Reading Initiative is established under
 46 the Department of Education to improve literacy skills and
 47 instill a love of reading by providing high-quality free books
 48 to students in kindergarten through grade 5 who are reading
 49 below grade level.
 50 (2) DEFINITIONS.- As used in this section the term:
 51 (a) "Administrator" means the Department of Education or a
 52 third-party entity contracted to administer the initiative.
 53 (b) "Initiative" means the New Worlds Reading Initiative.
 54 (c) "Participating entity" means a school district
 55 participating in the initiative or a charter school located in a
 56 nonparticipating school district which is participating in the
 57 initiative, as specified in subsection (4).
 58 (3) The administrator shall:

Page 2 of 8

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

20-01401B-21

20211372__

59 (a) Develop an application process for participating
60 entities that identifies:

61 1. At least one partnership with a nonprofit organization
62 to raise public awareness of the initiative, perform
63 fundraising, and conduct or facilitate family literacy
64 engagement activities.

65 2. Local funding sources to meet the requirements of
66 subsection (7).

67 (b) Develop, in consultation with the Just Read, Florida!
68 Office under s. 1001.215, a selection of high-quality books
69 encompassing diverse subjects and genres for each grade level to
70 be mailed to students enrolled in the initiative.

71 (c) Facilitate the distribution of books as provided in
72 paragraph (5) (c) either directly or through an agreement with a
73 book distribution company.

74 (d) Assist local implementation of the initiative by:

75 1. Providing assistance to local communities to raise
76 awareness of the initiative, including through the use of
77 partnerships between public libraries and participating entities
78 to implement events such as family library nights, library card
79 drives, summer access and activities, and other activities
80 designed to increase family engagement and instill a love of
81 reading in students.

82 2. Developing and providing marketing materials to
83 participating entities and partnering nonprofit organizations to
84 assist with public awareness campaigns.

85 (e) Maintain a clearinghouse for information on national,
86 state, and local nonprofit organizations that support efforts to
87 provide books to children.

20-01401B-21

20211372__

88 (f) Develop training materials for parents of students
89 enrolled in the initiative, including brief video training
90 modules, which engage families in reading and assist with
91 improving student literacy skills. The administrator shall
92 periodically send, via text message and e-mail, tips for
93 facilitating reading at home and hyperlinks to the video
94 training modules.

95 (g) Beginning September 30, 2022, and annually thereafter,
96 report to the President of the Senate, the Speaker of the House
97 of Representatives, and the Commissioner of Education the number
98 of students enrolled in the initiative in each participating
99 entity, the academic performance of enrolled students based on
100 data provided by participating entities as permitted under s.
101 1002.22, and the amount of funds raised by any local nonprofit
102 organization identified by the participating entity in the
103 application.

104 (4) A school district or a charter school located in a
105 nonparticipating school district may participate in the
106 initiative by completing the application process under paragraph
107 (3) (a). A participating school district must allow a student at
108 any public school, including a charter school, in the district
109 to enroll in the program.

110 (5) (a) A student in kindergarten through grade 5 who is
111 enrolled in a participating entity is eligible to receive books
112 through the initiative if the student has a substantial reading
113 deficiency identified under s. 1008.25(5) (a) or scored below a
114 level 3 on the preceding year's statewide, standardized English
115 Language Arts assessment under s. 1008.22.

116 (b) The participating entity shall notify the parent of a

20-01401B-21 20211372__

117 student who meets the criteria under paragraph (a) that the
 118 student is eligible to receive books at no cost through the New
 119 Worlds Reading Initiative and provide the parent the opportunity
 120 to enroll his or her child using an application form developed
 121 by the administrator.

122 (c) Once an eligible student is enrolled in the initiative,
 123 the participating entity shall coordinate with the administrator
 124 to initiate book delivery on a monthly basis during the school
 125 year, which must begin no later than October 31 and continue
 126 through at least June 30. The participating entity may use local
 127 funds to continue the initiative through the summer months.

128 (d) At the beginning of each school year, students must be
 129 provided options for specific book topics or genres in order to
 130 maximize student interest in reading.

131 (e) A student's enrollment in the initiative continues
 132 until promotion to grade 6 or until the student's parent opts
 133 out of the initiative.

134 (6) Participating entities and partnering nonprofit
 135 organizations shall raise awareness of the initiative, including
 136 information on eligibility and video training modules under
 137 paragraph (3)(f), through, at least, the following:

138 (a) The student handbook and the read-at-home plan under s.
 139 1008.25(5)(c).

140 (b) A parent or curriculum night or separate initiative
 141 awareness event at each elementary school.

142 (c) Partnering with the county library to host awareness
 143 events, which should coincide with other initiatives such as
 144 library card drives and other family engagement programming.

145 (7) Books must be provided under this section at no cost to

20-01401B-21 20211372__

146 families. The administrator shall pay 50 percent of the costs,
 147 with the remaining funds coming from the local funding source
 148 identified by the participating entity in the application.
 149 Funding will be on a pro rata basis for each enrolled student,
 150 taking into consideration total student enrollment in the
 151 initiative and available funding. The administrator may solicit
 152 donations and apply for grants to supplement funds for the
 153 purpose of implementing this section.

154 (8) If the department contracts with a third-party entity
 155 to act as administrator, the entity must be capable of
 156 coordinating statewide marketing, dissemination of books, and
 157 development of video training modules, as well as completing all
 158 other duties of the administrator.

159 Section 2. Paragraph (c) of subsection (5) of section
 160 1008.25, Florida Statutes, is amended to read:

161 1008.25 Public school student progression; student support;
 162 reporting requirements.—

163 (5) READING DEFICIENCY AND PARENTAL NOTIFICATION.—

164 (c) The parent of any student who exhibits a substantial
 165 deficiency in reading, as described in paragraph (a), must be
 166 notified in writing of the following:

167 1. That his or her child has been identified as having a
 168 substantial deficiency in reading, including a description and
 169 explanation, in terms understandable to the parent, of the exact
 170 nature of the student's difficulty in learning and lack of
 171 achievement in reading.

172 2. A description of the current services that are provided
 173 to the child.

174 3. A description of the proposed intensive interventions

20-01401B-21

20211372__

175 and supports that will be provided to the child that are
 176 designed to remediate the identified area of reading deficiency.

177 4. That if the child's reading deficiency is not remediated
 178 by the end of grade 3, the child must be retained unless he or
 179 she is exempt from mandatory retention for good cause.

180 5. Strategies, including multisensory strategies, through a
 181 read-at-home plan the parent can use in helping his or her child
 182 succeed in reading.

183 6. That the statewide, standardized English Language Arts
 184 assessment is not the sole determiner of promotion and that
 185 additional evaluations, portfolio reviews, and assessments are
 186 available to the child to assist parents and the school district
 187 in knowing when a child is reading at or above grade level and
 188 ready for grade promotion.

189 7. The district's specific criteria and policies for a
 190 portfolio as provided in subparagraph (6)(b)4. and the evidence
 191 required for a student to demonstrate mastery of Florida's
 192 academic standards for English Language Arts. A parent of a
 193 student in grade 3 who is identified anytime during the year as
 194 being at risk of retention may request that the school
 195 immediately begin collecting evidence for a portfolio.

196 8. The district's specific criteria and policies for
 197 midyear promotion. Midyear promotion means promotion of a
 198 retained student at any time during the year of retention once
 199 the student has demonstrated ability to read at grade level.

200 9. If applicable, information about the student's
 201 eligibility for the New Worlds Reading Initiative under s.
 202 1003.485 and information on parent training modules and other
 203 reading engagement resources available through the initiative.

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/CS/SB 1382 requires local building code enforcement agencies to allow requests for inspections to be submitted electronically. Such requests for inspections may also be submitted in person in a non-electronic format at the building official's discretion.

The bill defines the term "virtual inspection" and provides that any government entity with the authority to enforce the Florida Building Code may perform virtual inspections, except for certain structural inspections, at their own discretion.

The bill requires a local enforcement agency to refund 10 percent of the permit and inspection fees to a permit holder who fails an inspection if the inspector or building official fails to provide a reason based on compliance with code or ordinance for why the work failed inspection within five business days after the inspection. If any permit and inspection fees are refunded, the Department of Business and Professional Regulation surcharges must be recalculated to reflect the refund.

The bill provides that the act fulfills an important state interest.

The bill will have an indeterminate fiscal impact. See Section V. Fiscal Impact Statement.

The bill takes effect July 1, 2021.

II. Present Situation:

Florida Building Code

Part IV of ch. 553, F.S., is known as the “Florida Building Codes Act” (building code). The purpose and intent of the building code is to provide a mechanism for the uniform adoption, updating, interpretation, and enforcement of a single, unified state building code. The building code must be applied, administered, and enforced uniformly and consistently from jurisdiction to jurisdiction.¹

The Florida Building Commission (commission), housed within the Department of Business and Professional Regulation (DBPR), implements the building code. The commission reviews several International Codes published by the International Code Council, the National Electric Code, and other nationally adopted model codes to determine if the building code needs to be updated. The commission adopts an updated building code every three years.

Building Code Administrators, Inspectors, and Plans Examiners

Building officials, inspectors, and plans examiners are regulated by the Building Code Administrators and Inspectors Board (BCAIB) within the DBPR. A building code administrator, otherwise known as a building official, is a local government employee, or a person contracted by a local government, who supervises building code activities, including plans review, enforcement, and inspection.² A building code inspector (inspector) is a local government employee, or a person contracted by a local government, who inspects construction that requires permits to determine compliance with building codes and state accessibility laws.³

Building Code Enforcement

Local governments have the power to inspect all buildings, structures, and facilities within their jurisdiction in protection of the public’s health, safety, and welfare.⁴ Every local government must enforce the building code and issue building permits.⁵ A building permit is an official document or certificate issued by the local building official that authorizes performance of a specific activity.⁶ State agencies may also enforce the building code if current law specifically authorizes them to do so, unless they have delegated responsibility to another public entity.⁷

It is unlawful for a person, firm, or corporation to construct, erect, alter, repair, secure, or demolish any building without first obtaining a permit from the local government or from such persons as may, by resolution or regulation, be directed to issue such permit, upon the payment of reasonable fees as set forth in a schedule of fees adopted by the enforcing agency.⁸

¹ Section 553.72(1), F.S.

² Section 468.603(2), F.S.

³ Section 468.603(4), F.S.

⁴ Section 553.72(2), F.S.

⁵ Sections 125.01(1)(bb), 125.56(4)(a), and 553.80(1), F.S.

⁶ Section 202, Florida Building Code, Seventh Edition.

⁷ Section 553.80(1), F.S.

⁸ Sections 125.56(4)(a) and 553.79(1), F.S.

To obtain a permit, an applicant must complete an application for the proposed work on the form furnished by the government entity.⁹ A local enforcement agency¹⁰ must allow applicants to submit permit applications electronically to the local enforcement agency, which must provide accepted methods of electronic submission. Accepted methods of electronic submission include, but are not limited to, email, fill-in forms available online, or third-party submission software.¹¹

If a building official or plans reviewer denies a permit application or revokes a building permit, the building official or plans reviewer must give the permit applicant a reason for denying or revoking the permit. The reason must be based on compliance with the building code or a local ordinance. Failing to provide a reason for denying or revoking a building permit, which is based on compliance with the building code or a local ordinance, is grounds for discipline against the building official or plans reviewer's license.¹²

Building Inspections

Any construction work that requires a building permit also requires plans and inspections to ensure the work complies with the building code. The building code requires certain building, electrical, plumbing, mechanical, and gas inspections. Construction work may not be done beyond a certain point until it passes an inspection.

In addition to the inspections required by the building code, a building official may require other inspections of any construction work to ascertain compliance with the provisions of the building code and other laws that are enforced by the government entity.¹³

Inspection Fees

Each government entity may provide a schedule of reasonable fees in order to defer the costs of inspection and enforcement of the building code. The basis for a local government's fee structure must relate to the level of service provided by the local government. Fees charged must be consistently applied. Each local government must post its permit and inspection fee schedule on its website.¹⁴

A local government's permit and inspection fees must be used solely for carrying out that local government entity's responsibilities in enforcing the building code. This includes:¹⁵

- The direct costs and reasonable indirect costs associated with review of building plans, building inspections, reinspections, and building permit processing;
- Building code enforcement;
- Fire inspections associated with new construction; and

⁹ Section 713.135, F.S.

¹⁰ A local enforcement agency is an agency of local government, a local school board, a community college board of trustees, or a university board of trustees in the State University System with jurisdiction to make inspections of buildings and to enforce the building code. Section 553.71(5), F.S.

¹¹ Sections 125.56(4)(b) and 553.79(1)(b), F.S.

¹² Section 553.79(1)(a), F.S.

¹³ Section 110.3.9, Florida Building Code, Seventh Edition.

¹⁴ Sections 125.56(2), 166.222, 553.79(1)(a), and 553.80(7)(a), F.S.

¹⁵ Section 553.80(7), F.S.

- Training costs associated with the enforcement of the building code and enforcement action pertaining to unlicensed contractor activity to the extent not funded by other user fees.

DBPR Surcharges

All local governments are required to assess and collect a one percent surcharge on any building permit issued by their enforcement agency for the purpose of enforcing the building code. The local jurisdictions collect the assessment and remit the surcharge fees to the DBPR to fund the activities of the Florida Building Commission, the DBPR's Building Code Compliance and Mitigation Program, and the Florida Fire Prevention Code informal interpretations.¹⁶

Additionally, all local governments are required to assess and collect a separate 1.5 percent surcharge on any building permit issued by their enforcement agency for the purpose of enforcing the building code. Local governments collect the assessment and remit the surcharge fees to the DBPR, where it is divided equally to fund the activities of the BCAIB and the Florida Homeowners' Construction Recovery Fund.¹⁷

Local government building departments are authorized to retain 10 percent of the amount of the surcharges they collect to fund participation of their agencies in the national and state building code adoption processes and to provide education related to enforcement of the Florida Building Code.¹⁸

Electronic Requests for Inspections

All local enforcement agencies are required to allow contractors to apply for permits electronically. However, there is no provision requiring local enforcement agencies to allow contractors to request inspections electronically. Multiple building departments in Florida already allow permit holders to electronically request inspections, while others do not.¹⁹ Instead, they require permit holders to call the building department during its business hours, which limits the time when a permit holder can request an inspection, or use an interactive voice response.²⁰

¹⁶ Section 553.721, F.S.

¹⁷ Section 468.631, F.S.; The Florida Homeowners' Construction Recovery Fund is used to compensate homeowners who have suffered a covered financial loss at the hands of state-licensed general, building and residential contractors. Claims are filed with the DBPR, who reviews for completeness and statutory eligibility. The DBPR then presents the claim to the Construction Industry Licensing Board for review. Section 489.1401(2), F.S.

Virtual Building Inspections

As a result of COVID-19, many building departments in Florida began performing virtual inspections in order to prevent a shut down and to protect building department staff, contractors, and property owners. Virtual inspections allow a building official or inspector to perform an inspection without having to be physically present at the jobsite. They also allow building departments to continue operating during the COVID-19 pandemic, which allows contractors to keep working.²¹

Virtual inspections can range from roofing inspections, windows and doors inspections, to A/C change outs depending on the jurisdiction. Virtual inspections can be more efficient than in-person inspections by reducing jobsite travel time, allowing contractors to immediately request an inspection once they finish work, and allowing the contractor to remain on the jobsite.²²

Current law does not specifically prohibit building departments from performing virtual inspections, but it also does not specifically allow building departments to perform virtual inspections.

Reasons for Failing an Inspection

A building official or plans reviewer, who denies or revokes a building permit, must provide the permit applicant or permit holder a reason for denying or revoking the permit. The reason must be based on compliance with the building code or a local ordinance. If a building official or plans reviewer fails to provide a reason for denying or revoking a building permit based on compliance with the building code or a local ordinance, the building official or plans reviewer's license may be disciplined.²³

The building code requires an inspector to notify the permit holder or his or her agent if there are any violations that need to be corrected in order to comply with the building code.²⁴ However, current law does not require a building official or inspector to provide the permit holder a specific reason for failing the inspection.

III. Effect of Proposed Changes:

Sections 1 and 2 amend ss. 125.56 and 553.79, F.S., respectively, to require local enforcement agencies to allow requests for inspections to be submitted electronically. Accepted methods of electronic submission include, but are not limited to, email, fill-in forms available online, through a third-party submission management software, or application that can be downloaded on a mobile device. Requests for inspections may be submitted in person in nonelectronic form at the discretion of the local building official.

²² Miami Beach, Modified Procedures for Building Code Inspections During COVID-19 Emergency Period, <https://www.miamibeachfl.gov/wp-content/uploads/2020/05/Virtual-inspections-procedures-2.pdf> (last visited Apr. 5, 2021); Boca Raton, Virtual Inspections, <https://myboca.us/1846/Virtual-Inspections> (last visited Apr. 5, 2021).

²³ Section 553.79(1)(a), F.S.

²⁴ Section 110.3, Florida Building Code, Seventh Edition.

In addition, this section authorizes a state or local enforcement agency to perform virtual inspections to enforce the Florida Building Code at the enforcement agency's discretion. A virtual inspection may not be performed for structural inspections on a threshold building.²⁵ "Virtual inspection" is defined as a form of visual inspection using visual or electronic aids to allow a building code administrator or inspector, or team of inspectors, to perform an inspection without having to be physically present at the job site during the inspection.

Section 2 requires a local enforcement agency to refund 10 percent of the permit and inspection fees to a permit holder if:

- The inspector or building official determines that the work, which requires the permit, fails an inspection; and
- The inspector or building official fails to provide a reason based on compliance with the building code, the Florida Fire Prevention Code, or local ordinance for why the work failed inspection within five business days after the inspection.

If any permit and inspection fees are refunded because of the above, the DBPR surcharges for funding the Building Commission, the BCAIB, and the Florida Homeowners' Recovery Fund must be recalculated based on the amount of the permit and inspection fees after the refund.

Sections 3 and 4 amend s. 440.103 and 553.80, F.S., respectively, to correct cross references.

Section 5 provides that the act fulfills an important state interest.

Section 6 provides that the bill will take effect July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Article VII, s. 18(a), of the State Constitution provides:

No county or municipality shall be bound by any general law requiring such county or municipality to spend funds...unless the legislature has determined that such law fulfills an important state interest and unless: the law requiring such expenditure is approved by two-thirds vote of the membership of each house of the legislature;...

The bill may implicate this constitutional restriction to the extent that local governments are required to expend funds (i) to update processing systems to allow permit holders to electronically request building inspections; and (ii) to refund permit and inspection fees in certain instances. However, a portion of these expenses may be offset by any

²⁵ A threshold building is a building that is greater than three stories or 50 feet in height, exceeds 5,000 square feet, has an occupancy of greater than 500 persons, and is for the gathering of persons for purposes such as civic, social or religious functions, recreation, food or drink consumption, or awaiting transportation. A special inspector, who is licensed as an architect or engineer, must perform structural inspections on threshold buildings. Section 553.71(12), F.S.

efficiencies gained by allowing electronic requests. As currently drafted, Section 5 includes a legislative finding that the bill fulfills an important state interest.

Article VII, s. 18(d) of the State Constitution provides that the mandate requirements do not apply to laws having an insignificant impact,²⁶ which for Fiscal Year 2020-2021 is forecast at \$2.2 million.²⁷ If the total cost of this legislation is less than \$2.2 million, then the mandate requirements do not apply. If costs imposed by the bill are determined to exceed \$2.2 million in the aggregate, the bill may be binding on cities and counties if the bill contains a finding of important state interest and meets one of the exceptions specified in State Constitution (e.g., enactment by vote of two-thirds of the membership of each house).

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

The ability for permit holders to electronically request building inspections and for government entities to perform virtual inspections, in limited circumstances, may create efficiencies and reduce the time needed to complete construction projects. The provisions in the bill that incentivize local governments to timely provide the reasons for which a permit holder failed an inspection may also lead to greater efficiencies and cost savings for permit holders.

²⁶ An insignificant fiscal impact is the amount not greater than the average statewide population for the applicable fiscal year times \$0.10. See Florida Senate Committee on Community Affairs, Interim Report 2012-115: Insignificant Impact, (Sept. 2011), available at <http://www.flsenate.gov/PublishedContent/Session/2012/InterimReports/2012-115ca.pdf> (last visited Apr. 6, 2021).

²⁷ Based on the Florida Demographic Estimating Conference's Nov. 13, 2020 population forecast for 2021 of 21,893,919, available at <http://edr.state.fl.us/content/conferences/population/demographicsummary.pdf> (last visited Mar. 10, 2021).

C. Government Sector Impact:

Local governments that do not already allow permit holders to electronically request building inspections may need to expend funds to update their processing systems to accommodate such requests. However, this expense may be offset by any efficiencies gained by allowing electronic requests.

The bill requires permit fee amounts to be refunded by local governments for failing to timely provide the reasons for which a permit holder failed an inspection. To the extent an enforcement agency fails to timely provide reasons for failure of inspection or is required to increase staff to protect against this failure, such entity will experience a negative fiscal impact. Additionally, if the refund provision is triggered and enforcement agencies are required to recalculate the surcharge, there will be a negative indeterminate fiscal impact on the surcharges received by the DBPR.

Government entities may experience cost savings associated with performing certain building inspections virtually, at their discretion.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 125.56, 553.79, 440.103, and 553.80.

IX. Additional Information:**A. Committee Substitute – Statement of Substantial Changes:**

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS/CS by Appropriations on April 15, 2021:

The committee substitute provides that if any permit and inspection fees are refunded due to an inspector or building code administrator's failure to provide a reason for why work has failed an inspection within five days, surcharges provided in s. 468.631, F.S., for the Building Code Administrators and Inspectors Fund, are recalculated and lowered in addition to surcharges provided in s. 553.721, F.S.

CS/CS by Governmental Oversight and Accountability on March 31, 2021:

The committee substitute adds a statement that the act fulfills an important state interest.

CS by Community Affairs on March 10, 2021:

The committee substitute clarifies that 10 percent of permit and inspection fees must

refunded after both a failed inspection *and* the inspector fails to provide a reason for such failure within three business days. The committee substitute also specifies three *business* days.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

53 person in a nonelectronic format, at the discretion of the
54 building official.

55 (2) Except as provided in subsection (8) ~~subsection (6)~~, an
56 enforcing agency may not issue any permit for construction,
57 erection, alteration, modification, repair, or demolition of any
58 building or structure until the local building code

Page 2 of 8

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

585-03625-21

20211382c2

59 administrator or inspector has reviewed the plans and
 60 specifications required by the Florida Building Code, or local
 61 amendment thereto, for such proposal and found the plans to be
 62 in compliance with the Florida Building Code. If the local
 63 building code administrator or inspector finds that the plans
 64 are not in compliance with the Florida Building Code, the local
 65 building code administrator or inspector shall identify the
 66 specific plan features that do not comply with the applicable
 67 codes, identify the specific code chapters and sections upon
 68 which the finding is based, and provide this information to the
 69 local enforcing agency. The local enforcing agency shall provide
 70 this information to the permit applicant. In addition, an
 71 enforcing agency may not issue any permit for construction,
 72 erection, alteration, modification, repair, or demolition of any
 73 building until the appropriate firesafety inspector certified
 74 pursuant to s. 633.216 has reviewed the plans and specifications
 75 required by the Florida Building Code, or local amendment
 76 thereto, for such proposal and found that the plans comply with
 77 the Florida Fire Prevention Code and the Life Safety Code. Any
 78 building or structure which is not subject to a firesafety code
 79 shall not be required to have its plans reviewed by the
 80 firesafety inspector. Any building or structure that is exempt
 81 from the local building permit process may not be required to
 82 have its plans reviewed by the local building code
 83 administrator. Industrial construction on sites where design,
 84 construction, and firesafety are supervised by appropriate
 85 design and inspection professionals and which contain adequate
 86 in-house fire departments and rescue squads is exempt, subject
 87 to local government option, from review of plans and

Page 3 of 8

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

585-03625-21

20211382c2

88 inspections, providing owners certify that applicable codes and
 89 standards have been met and supply appropriate approved drawings
 90 to local building and firesafety inspectors. The enforcing
 91 agency shall issue a permit to construct, erect, alter, modify,
 92 repair, or demolish any building or structure when the plans and
 93 specifications for such proposal comply with the Florida
 94 Building Code and the Florida Fire Prevention Code and the Life
 95 Safety Code as determined by the local authority in accordance
 96 with this chapter and chapter 633.

97 (6) A state or local enforcement agency may perform virtual
 98 inspections at the discretion of the enforcement agency.
 99 However, a state or local enforcement agency may not perform
 100 virtual inspections for structural inspections on a threshold
 101 building. For purposes of this subsection, the term "virtual
 102 inspection" means a form of visual inspection which uses visual
 103 or electronic aids to allow a building code administrator or an
 104 inspector, or team of inspectors, to perform an inspection
 105 without having to be physically present at the job site during
 106 the inspection.

107 (7) (a) A local enforcement agency must refund 10 percent of
 108 the permit and inspection fees to a permit holder if:

109 1. The inspector or building code administrator determines
 110 that the work, which requires the permit, fails an inspection;
 111 and

112 2. The inspector or building code administrator fails to
 113 provide, within 3 business days after the inspection, the
 114 permit holder or his or her agent with a reason, based on
 115 compliance with the Florida Building Code, Florida Fire
 116 Prevention Code, or local ordinance, for why the work failed the

Page 4 of 8

585-03625-21

20211382c2

117 inspection.

118 (b) If any permit and inspection fees are refunded under
 119 paragraph (a), the surcharges provided in s. 553.721 must be
 120 recalculated based on the amount of the permit and inspection
 121 fees after the refund.

122 Section 3. Section 440.103, Florida Statutes, is amended to
 123 read:

124 440.103 Building permits; identification of minimum premium
 125 policy.—Every employer shall, as a condition to applying for and
 126 receiving a building permit, show proof and certify to the
 127 permit issuer that it has secured compensation for its employees
 128 under this chapter as provided in ss. 440.10 and 440.38. Such
 129 proof of compensation must be evidenced by a certificate of
 130 coverage issued by the carrier, a valid exemption certificate
 131 approved by the department, or a copy of the employer's
 132 authority to self-insure and shall be presented, electronically
 133 or physically, each time the employer applies for a building
 134 permit. As provided in s. 553.79(23) ~~s. 553.79(21)~~, for the
 135 purpose of inspection and record retention, site plans or
 136 building permits may be maintained at the worksite in the
 137 original form or in the form of an electronic copy. These plans
 138 and permits must be open to inspection by the building official
 139 or a duly authorized representative, as required by the Florida
 140 Building Code. As provided in s. 627.413(5), each certificate of
 141 coverage must show, on its face, whether or not coverage is
 142 secured under the minimum premium provisions of rules adopted by
 143 rating organizations licensed pursuant to s. 627.221. The words
 144 "minimum premium policy" or equivalent language shall be typed,
 145 printed, stamped, or legibly handwritten.

585-03625-21

20211382c2

146 Section 4. Subsection (1) of section 553.80, Florida
 147 Statutes, is amended to read:

148 553.80 Enforcement.—

149 (1) Except as provided in paragraphs (a)-(g), each local
 150 government and each legally constituted enforcement district
 151 with statutory authority shall regulate building construction
 152 and, where authorized in the state agency's enabling
 153 legislation, each state agency shall enforce the Florida
 154 Building Code required by this part on all public or private
 155 buildings, structures, and facilities, unless such
 156 responsibility has been delegated to another unit of government
 157 under s. 553.79(11), pursuant to s. 553.79(9).

158 (a) Construction regulations relating to correctional
 159 facilities under the jurisdiction of the Department of
 160 Corrections and the Department of Juvenile Justice are to be
 161 enforced exclusively by those departments.

162 (b) Construction regulations relating to elevator equipment
 163 under the jurisdiction of the Bureau of Elevators of the
 164 Department of Business and Professional Regulation shall be
 165 enforced exclusively by that department.

166 (c) In addition to the requirements of s. 553.79 and this
 167 section, facilities subject to the provisions of chapter 395 and
 168 parts II and VIII of chapter 400 shall have facility plans
 169 reviewed and construction surveyed by the state agency
 170 authorized to do so under the requirements of chapter 395 and
 171 parts II and VIII of chapter 400 and the certification
 172 requirements of the Federal Government. Facilities subject to
 173 the provisions of part IV of chapter 400 may have facility plans
 174 reviewed and shall have construction surveyed by the state

Page 6 of 8

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

585-03625-21 20211382c2

175 agency authorized to do so under the requirements of part IV of
 176 chapter 400 and the certification requirements of the Federal
 177 Government.

178 (d) Building plans approved under s. 553.77(3) and state-
 179 approved manufactured buildings, including buildings
 180 manufactured and assembled offsite and not intended for
 181 habitation, such as lawn storage buildings and storage sheds,
 182 are exempt from local code enforcing agency plan reviews except
 183 for provisions of the code relating to erection, assembly, or
 184 construction at the site. Erection, assembly, and construction
 185 at the site are subject to local permitting and inspections.
 186 Lawn storage buildings and storage sheds bearing the insignia of
 187 approval of the department are not subject to s. 553.842. Such
 188 buildings that do not exceed 400 square feet may be delivered
 189 and installed without need of a contractor's or specialty
 190 license.

191 (e) Construction regulations governing public schools,
 192 state universities, and Florida College System institutions
 193 shall be enforced as provided in subsection (6).

194 (f) The Florida Building Code as it pertains to toll
 195 collection facilities under the jurisdiction of the turnpike
 196 enterprise of the Department of Transportation shall be enforced
 197 exclusively by the turnpike enterprise.

198 (g) Construction regulations relating to secure mental
 199 health treatment facilities under the jurisdiction of the
 200 Department of Children and Families shall be enforced
 201 exclusively by the department in conjunction with the Agency for
 202 Health Care Administration's review authority under paragraph
 203 (c).

Page 7 of 8

585-03625-21 20211382c2

204
 205 The governing bodies of local governments may provide a schedule
 206 of fees, as authorized by s. 125.56(2) or s. 166.222 and this
 207 section, for the enforcement of the provisions of this part.
 208 Such fees shall be used solely for carrying out the local
 209 government's responsibilities in enforcing the Florida Building
 210 Code. The authority of state enforcing agencies to set fees for
 211 enforcement shall be derived from authority existing on July 1,
 212 1998. However, nothing contained in this subsection shall
 213 operate to limit such agencies from adjusting their fee schedule
 214 in conformance with existing authority.

215 Section 5. The Legislature determines and declares that
 216 this act fulfills an important state interest.

217 Section 6. This act shall take effect July 1, 2021.

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/SB 1404 designates the Museum of Florida History as the official state history museum and makes several changes to the Division of Cultural Affairs and Division of Historical Resources.

The bill renames the “Division of Cultural Affairs” to the “Division of Arts and Culture” and designates the Secretary of State as “Florida’s Chief Arts and Culture Officer.”

To better align the duties of the Division of Arts and Culture and the Division of Historical Resources, the bill transfers the:

- Florida Folklife Program from the Division of Historical Resources to the newly named Division of Arts and Culture; and
- The operation of the Museum of Florida History from the Division of Cultural Affairs to the Division of Historical Resources.

The bill requires the Division of Historical Resources to establish professional standards for the preservation of the collections under state ownership and take appropriate action to foster appreciation of Florida history and culture.

The bill transfers and revises provisions relating to property on loan to museums and property abandoned at museums. The bill revises inventory responsibilities of the Division of Historical

Resources for objects of historical or archaeological value by raising the threshold value or cost of objects in custody to \$1,000 instead of \$500.

The Department of State may experience an indeterminate positive fiscal impact as the reassignment of the Florida Folklife Program brings the program in line with new federal funding program requirements from the National Endowment for the Arts.

The bill takes effect on July 1, 2021.

II. Present Situation:

Official State Emblems

Chapter 15, F.S., statutorily designates official state emblems. To date, there are designations for an official state seal, motto, tree, fruit, beverage, citrus archive, anthem, song, shell, stone, gem, wildflower, play, animal, freshwater fish, saltwater fish, marine mammal and saltwater mammal, butterfly, reptile and saltwater reptile, tortoise, air fair, rodeo, festival, moving image center and archive, litter control symbol, pageant, opera program, renaissance festival, railroad museums, transportation museum, flagship, soil, fiddle contest, band, sports hall of fame, pie, honey, horse, and heritage cattle breed.¹

Department of State

The Department of State (department), created in s. 20.10, F.S., is composed of six divisions: Elections, Historical Resources, Corporations, Library and Information Services, Cultural Affairs, and Administration. The head of the department is the Secretary of State (Secretary).² The Secretary is appointed by the Governor, subject to confirmation by the Senate, and serves at the pleasure of the Governor. The Secretary performs functions conferred by the State Constitution upon the custodian of records.

The department is authorized to create Community Support Organizations for its Divisions of Cultural Affairs,³ Historical Resources,⁴ and Library and Information Services.⁵ Citizen support organizations (CSOs) are statutorily created entities that are generally required to be nonprofit corporations and are authorized to carry out specific tasks in support of public entities or public causes.

The Division of Cultural Affairs

The Division of Cultural Affairs is Florida's designated state arts agency. The division promotes arts and culture as essential to the quality of life for all Floridians. "To promote excellence and encourage access to cultural opportunities, the division provides funding, programs and resources, including grants for: arts in education, local arts agencies, state service organizations,

⁵ Section 257.43(1), F.S.

museums, theater, dance, folk arts, literature, media arts, multidisciplinary, music, sponsor/presenter, and visual arts programs and projects.”⁶

The Division of Cultural Affairs also administers the Museum of Florida History and has its offices in the historic Brokaw-McDougall House. “Opened in 1977, the Museum of Florida History collects, preserves, exhibits, and interprets evidence of past and present cultures in Florida, and promotes knowledge and appreciation of this heritage. As the State’s History Museum, it focuses on artifacts and eras unique to Florida’s development and on roles that Floridians have played in national and global events. Through exhibits, educational programs, research, and collections, the Museum reflects the ways that people have shaped and reacted to their cultural and natural environments.”⁷ The Division of Cultural Affairs also oversees the Museum and Capitol gift shops as well as the citizen support organization charged with supporting the Museum.

The Friends of the Museums of Florida, Inc., is the CSO created to support programs, exhibits, collections, and activities of the Museum of Florida History and the Knott House Museum.⁸ A citizen support organization is defined as an organization that is:

- A nonprofit corporation approved by the Department of State;
- Organized and operated to conduct programs and activities, raise funds, request and receive grants, and make expenditures to benefit the division;
- Determined by the division to be consistent with the goals of the division and in the best interest of the state; and
- Approved in writing by the division to operate for the benefit of the division.⁹

The identity of donors to the CSO who desire to remain anonymous are confidential and exempt from public records requirements.¹⁰

Florida Arts and Cultural Act

The Florida Arts and Cultural Act is set forth in ss. 265.281-265.709, F.S. The Legislative intent of the Act is to provide state support for, and to gain national and international recognition of, the efforts, works, and performances of Florida artists, art agencies, museums and nonprofit organizations.¹¹ The Act defines the term “division” to mean the Division of Cultural Affairs of the Department of State.¹² The division is charged with directly administering and overseeing all programs authorized by the Act. The division’s duties include:

- Accepting and administering state and federal funds appropriated by the Legislature or funds received from other public or private sources;

- Consulting and advising on acquisition of fine art works, appropriate use and display of state-owned art treasures for maximum public benefit, and suitability of ornamental or decorative structure or fixtures in public buildings;
- Accepting donations of money, property, art objects, and antiquities on behalf of the state;¹³
- Sponsoring performances and exhibits; promoting and encouraging the study and appreciation of arts and culture; and collecting, publishing, and printing pamphlets, papers, newsletters, and other materials related to arts and cultural programs available throughout the state; and
- Conducting and supporting cultural programs and cultural exchanges by coordinating with the appropriate state agencies and other organizations.¹⁴

Florida Historical Resources Act

The Florida Historical Resources Act¹⁵ was established to preserve archaeological sites and objects of antiquity for the public benefit.¹⁶ The Florida Historical Resources Act recognizes Florida's rich and unique heritage of historic properties as an important legacy to be valued and conserved for present and future generations. Accordingly, Florida has adopted a state policy to lead, assist, administer, and encourage public entities and private citizens to preserve the state's historic environment and resources.¹⁷

Division of Historical Resources

The Division of Historical Resources is responsible for preserving and promoting Florida's historical, archaeological, and folk culture resources. The division oversees historic preservation programs to identify, evaluate, preserve, and interpret Florida's historic and cultural resources. These activities include administering the historic preservation grants programs, overseeing the National Register of Historic Places, and maintain an inventory of the state's historical resources. The division also is responsible for the state's archaeology program, which includes surveys and excavations, primarily on state-owned lands or underwater locations; and coordinates outreach programs to promote Florida's historic and traditional culture, including the State Historical Markers program and Florida Folklife program. The division director serves as the State Historic Preservation Officer, acting as the liaison with the national historic preservation program conducted by the National Park Service.¹⁸

Under the Florida Folklife Program, the division must identify, research, interpret, and present Florida folk arts, artists, performers, folklore, traditions, customs, and cultural heritage and make folk cultural resources and folklife projects available throughout the state. The division is assisted by the Florida Folklife Council, a seven member council appointed by the Secretary of

¹³ Such donations of money and any cash income may be received from the disposal of any donations of property, art objects, or antiquities. The donations and cash income are deposited into the Grants and Donations Trust Fund and by statutes are appropriated for use by the division for the purposes authorized in the Act. State, in carrying out its duties under the program.¹⁹ The program is funded in part by the National Endowment for the Arts.²⁰

Secretary of State – Florida’s Chief Cultural Officer

The Divisions of Cultural Affairs, Historical Resources, and Library and Information Services of the department promote programs having substantial cultural, artistic, and indirect economic significance that emphasize American creativity.²¹ The Secretary is designated as “Florida’s Chief Cultural Officer” and is encouraged to initiate and develop relationships between the state and foreign governmental officials in order to promote Florida as the center of American creativity. As Florida’s Chief Cultural Officer, the Secretary must coordinate international activities with Enterprise Florida, Inc., and any other organization the Secretary deems to be appropriate.²²

Property Abandoned at Museums

The Legislature has declared that the people of Florida benefit from having property of artistic, historic, cultural, or scientific value loaned to Florida museums.²³ However, problems arise in relation to indefinite or long term loans when museums and lenders fail to maintain contact. In response to these problems, the Legislature has established uniform procedures governing the disposition of unclaimed property²⁴ on loan to museums. The rules are designed to:

- Encourage museums and their lenders to exercise due diligence in monitoring loans;
- Allocate fairly responsibilities between lenders and borrowing museums;
- Establish procedures for lenders to preserve their interests in property loaned to museums for indefinite or long terms; and
- Resolve expeditiously the title to the unclaimed loaned property left in the custody of museums.²⁵

Whenever property is loaned to a museum, the museum is required to:

- Make and retain a written record containing the lender’s contact information, a description of the property, a description of the property’s general condition, and the beginning and ending dates of the loan;
- Provide the lender with a signed receipt or loan agreement;
- Inform the lender of the law; and

¹⁹ Sections 267.16 and 267.161, F.S.

²¹ Section 15.18, F.S.

²² *Id.*

²³ “Museum” is defined to mean a public or private nonprofit agency or institution located in Florida and organized on a permanent basis for primarily educational, scientific, or aesthetic purposes, which owns or utilizes tangible objects, cares for them, and exhibits them to the public on a regular basis. Section 265.565(2)(c), F.S.

²⁴ “Unclaimed property” is defined to mean property which is on loan to the museum and in regard to which the lender, or anyone acting legitimately on the lender’s behalf, has not contacted the museum for at least 25 years from the date of the beginning of the loan, if the loan was for an indefinite or undetermined period, or for at least 5 years after the date upon which the loan for a definite period expired. Section 265.565(2)(f), F.S.

²⁵ Section 265.565(1), F.S.

- Provide the lender with a copy of the law upon request.²⁶

If there is a change in the lender's contact information, change in the ownership of the loaned property, or a change in the duration of the loan is negotiated, the museum must update its records to reflect the change. Whenever a museum renews or updates the records of an existing loan, the museum must inform the lender of the existence of the law and provide the lender with a copy upon the lender's request.²⁷ The museum is also required to give the lender prompt notice of any injury to or loss of property on the loan.²⁸

The lender is responsible for notifying the museum of any change in the lender's address or change in ownership of the property. Failure to provide the required notification could result in the owner's loss of rights to the property.²⁹ Additionally, it is the responsibility of a successor of a lender to document the passage of rights of control of the property that is in the custody of a museum.³⁰

In order to terminate a loan for unclaimed property, the museum must make a good faith and reasonable search for the identity and last known address of the lender from the museum records and other records that are reasonably available to museum staff.³¹ If the museum is able to identify the lender and his or her last known address, the museum must provide notice of termination via certified mail. The notice of termination must include:

- The name of the lender;
- A description of the property sufficient in detail for ready identification;
- The beginning date of the loan, if known;
- The termination date of the loan, if applicable;
- The name and address of the appropriate museum official to contact regarding the loan; and
- A statement that within 90 days the lender is required to remove the property from the museum or contact the designated official in the museum to preserve the lender's interests in the property.³²

If the museum is unable to acquire enough information to send a letter by certified mail, or if a signed return receipt is not received within 30 days, the museum must publish a notice of termination containing all the above required information at least twice in a publication of general circulation in the county in which the museum is located and the county of the lender's last known address. The publications must be at least 60 or more days apart.³³

If the lender fails to respond to the notice of termination sent via certified mail or included in a publication of general circulation within 90 days, the title to the unclaimed property will pass to the museum.³⁴

National Endowment for the Arts

The National Endowment for the Arts (NEA) is an independent, federal agency with substantial discretion to award financial grants to support the arts. The NEA awards grants to groups and individuals whose artistic endeavors have substantial artistic and cultural significance or are otherwise worthy of public support and to state agencies established to serve the same purpose.³⁵ All states have a State Arts Agency recognized by the NEA. The NEA distributes program funding to those State Arts Agencies, with each state devoting its own appropriated funds to support arts programs throughout the state.³⁶ The Division of Cultural Affairs is recognized by the NEA as Florida's official State Arts Agency and receives an annual partnership grant from the NEA.³⁷

III. Effect of Proposed Changes:

Official State History Museum

Section 1 creates s. 15.0455, F.S., to designate the Museum of Florida History, located in Tallahassee, as the official state history museum.

Division of Arts and Culture

Section 2 amends s. 15.18, F.S., to designate the Secretary of State as "Florida's Chief Arts and Cultural Officer" instead of the chief cultural officer.

Section 3 amends s. 20.10, F.S., to rename the Division of Cultural Affairs as the Division of Arts and Culture.

The bill makes several further changes to correct references to the division and to reorganize current duties of the division and the Division of Historical Resources to better align the programs with the proper division.

- **Section 4** amends s. 265.281, F.S., to correct statutory references due to changes made by the bill.
- **Sections 6, 7, and 8** amend ss. 265.286, 265.2865, and 265.701, F.S., respectively, to correct statutory references and update references to the division.
- **Sections 9, 11, 12, 13, and 14** repeal ss. 265.7025, 265.704, 265.705, 265.706, and 265.709, F.S., respectively, relating to the division's powers and duties relating to historic programs.
- **Sections 22 and 23** amend ss. 258.081 and 464.401, F.S., respectively, to make conforming changes.

³⁵ 20 U.S.C. § 954 (2018).

³⁶ Americans for the Arts, *National Endowment for the Arts – Funding for Art Agencies*, available at <https://www.americansforthearts.org/by-program/reports-and-data/legislation-policy/legislative-issue-center/national-endowment-for-the-arts%E2%80%94funding-for-arts-agencies> (last visited March 11, 2021).

³⁷ Department of State, Division of Cultural Affairs, *National Endowment for the Arts*, available at <https://dos.myflorida.com/cultural/about-us/partners/national-endowment-for-the-arts/> (last visited March 11, 2021); National Assembly of State Arts Agencies, *State Arts Agency Directory*, available at <https://nasaa-arts.org/state-arts-agencies/saa-directory/> (last visited March 11, 2021).

The bill transfers the Florida Folklife Program, and its associated council, from the Division of Historical Resources to the Division of Arts and Culture.

- **Section 20** renumbers s. 267.16, F.S., as s. 265.802, F.S., to transfer the duties and responsibilities of the Division of Historical Resources regarding the Florida Folklife Program to the Division of Arts and Culture.
- **Section 21** renumbers s. 267.161, F.S., as s. 265.803, F.S., to transfer the Florida Folklife Council from the Division of Historical Resources to the Division of Arts and Culture.³⁸
- **Section 5** amends s. 265.283, F.S., to update references to the division and adds the definition of “folklife” to reflect the transfer of this program from the Division of Historical Resources to the Division of Arts and Culture.

Division of Historic Resources

The bill transfers the Museum of Florida History from the Division of Arts and Culture to the Division of Historical Resources. **Section 17** transfers and renumbers s. 265.707, F.S., as s. 267.0721, F.S., effectively transferring administration of the Museum of Florida History and its related citizen support organization (CSO) to the Division of Historical Resources. The CSO, Friends of the Museums of Florida, Inc., will support the Museum of Florida History and other museums operated by the division.

Currently, any revenues from sales in museum stores is deposited into the Grants and Donations Trust Fund, and any funds in excess of the amount required to pay state employees may be deposited into a bank account of the museum’s CSO. In **section 17**, the bill allows the proceeds to be used to support both programs of the museums and also museum operations. Additionally, allows the division to deposit grant funding for the Museum of Florida History into the Grants and Donations Trust Fund.

Section 10 amends s. 265.703, F.S., to delete a public record exemption for the Museum of Florida History citizen support organization no longer necessary due to changes made by the bill.

Section 15 amends s. 267.021, F.S., to define the term “historical museum” and remove the definition of “folklife.” The term “historical museum” is defined to mean:

[A] department or a department or an agency of state or local government or a public or private nonprofit organization located in Florida and operating on a permanent basis for the primary purpose of sponsoring, producing, and exhibiting educational programs that are related to the historical resources of Florida.

Section 16 amends 267.071, F.S., to require the Division of Historical Resources to encourage, promote, maintain, and operate the Museum of Florida History and other historical museums.

³⁸ The department indicates that such reassignment of the Florida Folklife Program will bring the program in line with new federal funding program requirements from the National Endowment for the Arts. *See* Department of State, *2021 Agency Legislative Bill Analysis SB 1404* (February 24, 2021) (on file with the Senate Governmental Oversight and Accountability Committee).

The division must also establish professional standards for the preservation, exclusive of acquisition, of each of the collections under state ownership or control and to take appropriate action to foster appreciation of Florida history and culture.

Section 18 transfers and renumbers s. 265.565, F.S., relating to property loaned to museums, as s. 267.0723, F.S. Current law requires a museum to inform a lender of the existence of the statute relating to property loaned to a museum and to provide the lender with a copy of such statutory provisions upon the lender's request. Section 18 removes the requirement for a museum to inform but maintains the requirement that upon a lender's request, a museum must provide a copy of the relevant statutory provisions.

This section amends the notice of termination provision to allow for the required information to be provided on the museum's website and specifies that publication may be by physical or online means. It also removes the requirement to publish the information twice, at least 60 days apart.

This section also provides for the disposition of abandoned property by authorizing a museum to keep, transfer, sell, or dispose of abandoned property. This section defines the term "abandoned property" to mean "property left at or delivered to a museum with no loan, deed of gift, or donation paperwork."

Section 19 amends s. 267.115, F.S., to revise the cost or value threshold that triggers a complete inventory of objects of historical or archaeological value from \$500 to \$1,000. For objects valued or costing less than \$1,000, only a sample inventory is required.

Section 24 amends s. 553.902, F.S., and **Section 25** amends ch. 2020-88, Laws of Florida, to make conforming changes.

Effective Date

Section 26 provides that the bill takes effect July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Not applicable. The bill does not require counties and municipalities to spend funds, reduce counties' or municipalities' ability to raise revenue, or reduce the percentage of state tax shares with counties and municipalities.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:**A. Tax/Fee Issues:**

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The department may experience an indeterminate positive fiscal impact as the reassignment of the Florida Folklife Program brings the program in line with new federal funding program requirements of the National Endowment for the Arts.³⁹

VI. Technical Deficiencies:

None.

VII. Related Issues:

Section 265.565, F.S., was created in 1997 by ch. 97-267, Laws of Florida. The act created an undesignated section of Florida law, which was subsequently numbered as s. 265.565, F.S. The bill transfers and renumbers this section as s. 267.0723, F.S. While the current s. 265.565, F.S., references providing a lender of property to a museum with information about a copy “of this act,” it is unlikely that “this act” means the entire chapter in which the statute is located,⁴⁰ but instead the act in which the statute itself was created. This ambiguity could be amended in the bill.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 15.18, 20.10, 265.281, 265.283, 265.286, 265.2865, 265.701, 265.703, 267.021, 267.071, 265.707, 265.565, 267.115, 267.16, 267.161, 258.081, 468.401, and 553.902.

³⁹ *Id.*

⁴⁰ In its current location, the statute is located in the Florida Arts and Culture Act, ss. 265.281 through 265.709, F.S. Under the bill, the statute is transferred to ch. 267, F.S., which is the Florida Historical Resources Act.

This bill creates the following sections of the Florida Statutes: 15.0455, 267.0721, 267.0723, 265.802, and 265.803.

This bill repeals the following sections of the Florida Statutes: 265.7025, 265.704, 265.705, 265.706, and 265.709

IX. Additional Information:

- A. **Committee Substitute – Statement of Substantial Changes**
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Appropriations Subcommittee on Transportation, Tourism, and Economic Development on March 23, 2021:

The committee substitute returns to current law, which requires proceeds from sales at museum stores as well as grant funding, gifts, and donations for the Museum of Florida History to be deposited into the Grants and Donations Trust Fund.

- B. **Amendments:**

None.

817458

576-03216-21

Proposed Committee Substitute by the Committee on Appropriations
(Appropriations Subcommittee on Transportation, Tourism, and
Economic Development)

A bill to be entitled

An act relating to cultural and historical programs;
creating s. 15.0455, F.S.; designating the Museum of
Florida History as the official state history museum;
amending s. 15.18, F.S.; providing that the Secretary
of State shall be known as "Florida's Chief Arts and
Culture Officer"; conforming a provision to changes
made by the act; amending s. 20.10, F.S.; renaming the
Division of Cultural Affairs as the Division of Arts
and Culture; amending s. 265.281, F.S.; conforming
provisions to changes made by the act; reordering and
amending s. 265.283, F.S.; conforming provisions to
changes made by the act; defining the term "folklife";
amending s. 265.286, F.S.; conforming a cross-
reference; amending ss. 265.2865 and 265.701, F.S.;
conforming provisions to changes made by the act;
repealing s. 265.7025, F.S., relating to definitions
relating to historic programs; amending s. 265.703,
F.S.; conforming provisions to changes made by the
act; repealing ss. 265.704, 265.705, 265.706, and
265.709, F.S., relating to historical museums and
powers and duties of the Division of Cultural Affairs,
state policy relative to historical properties,
objects of historical or archaeological value, and
publications, respectively; reordering and amending s.
267.021, F.S.; deleting the definition of the term

817458

576-03216-21

"folklife"; defining the term "historical museum";
amending s. 267.071, F.S.; revising the duties of the
Division of Historical Resources; transferring,
renumbering, and amending s. 265.707, F.S.;
transferring certain responsibilities from the
Division of Cultural Affairs to the Division of
Historical Resources; revising provisions relating to
the Museum of Florida History museum store, the
establishment and operation of a certain nonprofit
organization or association, and the use of certain
funds; transferring, renumbering, and amending s.
265.565, F.S.; defining the term "abandoned property";
removing the requirement that a museum inform a lender
of certain provisions in certain circumstances;
revising publication requirements for a termination of
loan notice; providing for the disposition of
abandoned property; amending s. 267.115, F.S.;
revising the duties of the Division of Historical
Resources relating to objects of historical or
archaeological value; transferring and renumbering ss.
267.16 and 267.161, F.S., relating to Florida Folklife
Programs and the Florida Folklife Council,
respectively; amending ss. 258.081, 468.401, and
553.902, F.S.; conforming provisions and cross-
references to changes made by the act; amending
chapter 2020-88, Laws of Florida; conforming a
provision to changes made by the act; providing an
effective date.

817458

576-03216-21

56 Be It Enacted by the Legislature of the State of Florida:

57

58 Section 1. Section 15.0455, Florida Statutes, is created to
59 read:

60 15.0455 Official state history museum.—The Museum of
61 Florida History, located in Tallahassee, is hereby designated as
62 the official state history museum.

63 Section 2. Section 15.18, Florida Statutes, is amended to
64 read:

65 15.18 International and cultural relations.—The Divisions
66 of Arts and Culture ~~Cultural Affairs~~, Historical Resources, and
67 Library and Information Services of the Department of State
68 promote programs having substantial cultural, artistic, and
69 indirect economic significance that emphasize American
70 creativity. The Secretary of State, as the head administrator of
71 these divisions, shall hereafter be known as "Florida's Chief
72 Arts and Culture ~~Cultural~~ Officer." As this officer, the
73 Secretary of State is encouraged to initiate and develop
74 relationships between the state and foreign cultural officers,
75 their representatives, and other foreign governmental officials
76 in order to promote Florida as the center of American
77 creativity. The Secretary of State shall coordinate
78 international activities pursuant to this section with
79 Enterprise Florida, Inc., and any other organization the
80 secretary deems appropriate. For the accomplishment of this
81 purpose, the Secretary of State shall have the power and
82 authority to:

83 (1) Disseminate any information pertaining to the State of
84 Florida which promotes the state's cultural assets.

817458

576-03216-21

85 (2) Plan and carry out activities designed to cause
86 improved cultural and governmental programs and exchanges with
87 foreign countries.

88 (3) Plan and implement cultural and social activities for
89 visiting foreign heads of state, diplomats, dignitaries, and
90 exchange groups.

91 (4) Encourage and cooperate with other public and private
92 organizations or groups in their efforts to promote the cultural
93 advantages of Florida.

94 (5) Serve as the liaison with all foreign consular and
95 ambassadorial corps, as well as international organizations,
96 that are consistent with the purposes of this section.

97 (6) Provide, arrange, and make expenditures for the
98 achievement of any or all of the purposes specified in this
99 section.

100 Section 3. Paragraph (e) of subsection (2) of section
101 20.10, Florida Statutes, is amended to read:

102 20.10 Department of State.—There is created a Department of
103 State.

104 (2) The following divisions of the Department of State are
105 established:

106 (e) Division of Arts and Culture ~~Cultural Affairs~~.

107 Section 4. Section 265.281, Florida Statutes, is amended to
108 read:

109 265.281 Florida Arts and Culture Act; short title.—Sections
110 265.281-265.703 ~~Sections 265.281-265.709~~ may be cited as the
111 "Florida Arts and Culture Act."

112 Section 5. Section 265.283, Florida Statutes, is reordered
113 and amended to read:

817458

576-03216-21

114 265.283 Definitions.—The following definitions shall apply
115 to ss. 265.281-265.703 ~~ss. 265.281-265.709~~:

116 ~~(3)(1)~~ "Council" means the Florida Council on Arts and
117 Culture.

118 ~~(6)(2)~~ "Department" means the Department of State.

119 ~~(7)(3)~~ "Director" means the Director of the Division of
120 Arts and Culture ~~Cultural Affairs~~ of the Department of State.

121 ~~(8)(4)~~ "Division" means the Division of Arts and Culture
122 ~~Cultural Affairs~~ of the Department of State.

123 ~~(12)(5)~~ "Panel" means a grant review panel.

124 ~~(14)(6)~~ "Secretary" means the Secretary of State.

125 ~~(1)(7)~~ "Arts and cultural disciplines" include, but are not
126 limited to, music, dance, theatre, creative writing, literature,
127 architecture, painting, sculpture, folk arts, photography,
128 crafts, media arts, visual arts, programs of museums, and other
129 such allied, major art forms.

130 ~~(11)(8)~~ "Local arts agency" means a public or private
131 nonprofit organization located in Florida and operating on a
132 permanent basis for the primary purpose of strengthening,
133 supporting, and stabilizing the activities of one or more county
134 art and cultural constituencies.

135 ~~(10)(9)~~ "Historical museum" means a department or agency of
136 state or local government or a public or private nonprofit
137 organization located in Florida and operating on a permanent
138 basis for the primary purpose of sponsoring, producing, and
139 exhibiting educational programs that are related to the
140 historical resources of Florida.

141 ~~(13)(10)~~ "Science museum" means a public or private
142 nonprofit organization located in Florida and operating on a

817458

576-03216-21

143 permanent basis for the primary purpose of sponsoring,
144 producing, and exhibiting programs for the observation and study
145 of various types of natural science and science technology.

146 ~~(18)(11)~~ "Youth and children's museum" means a public or
147 private nonprofit organization located in Florida and operating
148 on a permanent basis for the primary purpose of sponsoring,
149 producing, and exhibiting multidisciplinary and participatory
150 programs for visitors who are 6 months to 15 years old, and
151 their families, teachers, and caregivers.

152 ~~(15)(12)~~ "State service organization" means a public or
153 private nonprofit organization located in Florida operating on a
154 permanent basis for the primary purpose of implementing programs
155 that have cultural significance and that emphasize American
156 creativity and the maintenance and encouragement of professional
157 excellence.

158 ~~(2)(13)~~ "Arts in education grants" means grants used to
159 cultivate the learning and artistic development of all students
160 and teachers by promoting, encouraging, and supporting arts and
161 culture as an integral part of education and lifelong learning
162 for residents and visitors.

163 ~~(4)(14)~~ "Cultural support grants" means grants that provide
164 support for general programs and specific cultural projects.

165 ~~(16)(15)~~ "State touring program grants" means grants used
166 to provide performances, activities, and exhibitions by Florida
167 artists to communities.

168 ~~(17)(16)~~ "Underserved arts community assistance program
169 grants" means grants used by qualified organizations under the
170 Rural Economic Development Initiative, pursuant to ss. 288.0656
171 and 288.06561, for the purpose of economic and organizational

817458

576-03216-21

172 development for underserved cultural organizations.

173 ~~(5)(17)~~ "Culture Builds Florida grants" means grants used
174 for the purpose of connecting the arts to key areas of the
175 division's long-term strategic plan.

176 (9) "Folklife" means the traditional expressive culture
177 shared within the various groups in Florida: familial, ethnic,
178 occupational, religious, and regional. Expressive culture
179 includes a wide range of creative and symbolic forms, such as
180 custom, belief, technical skill, language, literature, art,
181 architecture, music, play, dance, drama, ritual, pageantry, and
182 handicraft, which forms are generally learned orally, by
183 imitation, or in performance and are maintained or perpetuated
184 without formal instruction or institutional direction.

185 Section 6. Paragraph (a) of subsection (5) of section
186 265.286, Florida Statutes, is amended to read:

187 265.286 Art and cultural grants.-

188 (5) The division shall fund:

189 (a) Grants for general program support for science museums,
190 youth and children's museums, historical museums, local arts
191 agencies, state service organizations, and organizations that
192 have cultural program activities in any of the art and cultural
193 disciplines defined in s. 265.283 ~~s. 265.283(7)~~.

194 Section 7. Subsection (6) of section 265.2865, Florida
195 Statutes, is amended to read:

196 265.2865 Florida Artists Hall of Fame.-

197 (6) The Division of Arts and Culture Cultural Affairs of
198 the Department of State shall adopt rules necessary to carry out
199 the purposes of this section, including, but not limited to,
200 procedures for accepting nominations to, making recommendations

817458

576-03216-21

201 for, selecting members of the Florida Artists Hall of Fame, and
202 providing travel expenses for such recipients. Notwithstanding
203 ~~the provisions of s. 112.061~~, the Secretary of State may approve
204 first-class travel accommodations for recipients of the Florida
205 Artists Hall of Fame award and their representatives for health
206 or security purposes.

207 Section 8. Subsections (1) and (5) of section 265.701,
208 Florida Statutes, are amended to read:

209 265.701 Cultural facilities; grants for acquisition,
210 renovation, or construction; funding; approval; allocation.-

211 (1) The Division of Arts and Culture Cultural Affairs may
212 accept and administer moneys appropriated to it for providing
213 grants to counties, municipalities, and qualifying nonprofit
214 corporations for the acquisition, renovation, or construction of
215 cultural facilities.

216 (5) The Division of Arts and Culture Cultural Affairs shall
217 adopt rules prescribing the criteria to be applied by the
218 Florida Council on Arts and Culture in recommending applications
219 for the award of grants and rules providing for the
220 administration of ~~the other provisions of~~ this section.

221 Section 9. Section 265.7025, Florida Statutes, is repealed.

222 Section 10. Subsection (3) of section 265.703, Florida
223 Statutes, is amended to read:

224 265.703 Citizen support organizations; use of state
225 administrative services and property; audit.-

226 (3) ANNUAL AUDIT.-The citizen support organization shall
227 provide for an annual financial audit in accordance with s.
228 215.981. ~~Information of the Museum of Florida History citizen~~
229 ~~support organization which is confidential and exempt pursuant~~

817458

576-03216-21

230 ~~to s. 267.17 shall retain its confidential and exempt status.~~
231 Section 11. Section 265.704, Florida Statutes, is repealed.
232 Section 12. Section 265.705, Florida Statutes, is repealed.
233 Section 13. Section 265.706, Florida Statutes, is repealed.
234 Section 14. Section 265.709, Florida Statutes, is repealed.
235 Section 15. Section 267.021, Florida Statutes, is reordered
236 and amended to read:
237 267.021 Definitions.—For the purpose of this act, the term:
238 (2)(1) "Division" means the Division of Historical
239 Resources of the Department of State.
240 (1)(2) "Agency" means any state, county, or municipal
241 officer, department, division, board, bureau, commission, or
242 other separate unit of government created or established by law.
243 (5)(3) "Historic property" or "historic resource" means any
244 prehistoric or historic district, site, building, object, or
245 other real or personal property of historical, architectural, or
246 archaeological value, and folklife resources. These properties
247 or resources may include, but are not limited to, monuments,
248 memorials, Indian habitations, ceremonial sites, abandoned
249 settlements, sunken or abandoned ships, engineering works,
250 treasure trove, artifacts, or other objects with intrinsic
251 historical or archaeological value, or any part thereof,
252 relating to the history, government, and culture of the state.
253 (8)(4) "Preservation" or "historic preservation" means the
254 identification, evaluation, recordation, documentation,
255 analysis, recovery, interpretation, curation, acquisition,
256 protection, management, rehabilitation, restoration,
257 stabilization, maintenance, or reconstruction of historic
258 properties.

817458

576-03216-21

259 (6)(5) "National Register of Historic Places" means the
260 list of historic properties significant in American history,
261 architecture, archaeology, engineering, and culture, maintained
262 by the Secretary of the Interior, as established by the National
263 Historic Preservation Act of 1966, as amended.
264 ~~(6) "Folklife" means the traditional expressive culture~~
265 ~~shared within the various groups in Florida: familial, ethnic,~~
266 ~~occupational, religious, and regional. Expressive culture~~
267 ~~includes a wide range of creative and symbolic forms such as~~
268 ~~custom, belief, technical skill, language, literature, art,~~
269 ~~architecture, music, play, dance, drama, ritual, pageantry, and~~
270 ~~handicraft, which forms are generally learned orally, by~~
271 ~~imitation, or in performance and are maintained or perpetuated~~
272 ~~without formal instruction or institutional direction.~~
273 (3)(7) "Florida history museum" means a public or private
274 nonprofit institution which is established permanently in this
275 state for the purpose of promoting and encouraging knowledge and
276 appreciation of Florida history through the collection,
277 preservation, exhibition, and interpretation of artifacts and
278 other historical properties related to Florida history and the
279 primary role of which is to collect and care for artifacts and
280 other objects of intrinsic historical or archaeological value
281 and exhibit them regularly through a facility or facilities
282 owned or operated by the institution.
283 (7)(8) "Official Florida Historical Marker" means any
284 marker, plaque, or similar device awarded, approved, or
285 administered by the Division of Historical Resources for the
286 purpose of recognizing and informing the general public about
287 historic properties, persons, events, and other topics relating

817458

576-03216-21

288 to the history and culture of the state.

289 (4) "Historical museum" means a department or an agency of
290 state or local government or a public or private nonprofit
291 organization located in Florida and operating on a permanent
292 basis for the primary purpose of sponsoring, producing, and
293 exhibiting educational programs that are related to the
294 historical resources of Florida.

295 Section 16. Subsection (2) of section 267.071, Florida
296 Statutes, is amended, and subsection (4) is added to that
297 section, to read:

298 267.071 Historical museums.—It is the duty of the division
299 to:

300 (2) Encourage, promote, maintain, and operate historical
301 museums, including the Museum of Florida History, but not
302 limited to, mobile museums, and other Florida history junior
303 museums.

304 (4) (a) Establish professional standards for the
305 preservation, exclusive of acquisition, of each of the
306 collections under state ownership or control.

307 (b) Take such other actions as are necessary or appropriate
308 to locate, acquire, preserve, operate, interpret, and promote
309 the location, acquisition, protection, preservation, operation,
310 and interpretation of historical artifacts and resources to
311 foster an appreciation of Florida history and culture.

312 Section 17. Section 265.707, Florida Statutes, is
313 transferred, renumbered as section 267.0721, Florida Statutes,
314 and amended to read:

315 267.0721 265.707 Museum of Florida History and programs;
316 other historical museums.—

817458

576-03216-21

317 (1) The division is authorized to operate the Museum of
318 Florida History and other historical museums.

319 (2) The division shall establish and administer a museum
320 store ~~for in~~ the Museum of Florida History to provide
321 information and materials relating to Florida history, museum
322 exhibits, collections, and programs to the public and may
323 operate additional stores associated with the museum. The stores
324 ~~store~~ may produce, acquire, and sell craft products, clearly
325 marked replicas and reproductions of artifacts, documents, and
326 other merchandise relating to historical and cultural resources
327 and may make a reasonable charge for such merchandise. All
328 proceeds received from sales must be deposited into the Grants
329 and Donations Trust Fund, or funds in excess of the amount
330 required to pay employees involved in the direct management of
331 the museum store may be deposited into a bank account of a the
332 citizen support organization created pursuant to s. 267.17 or
333 created before July 1, 2021, pursuant to s. 265.703 and may be
334 used only to support operations of the museum stores and the
335 programs of the Museum of Florida History or other museums
336 operated by the division. The museum ~~stores store~~ may enter into
337 agreements and accept credit card ~~credit-card~~ payments as
338 compensation for goods and products sold. The division may
339 establish accounts in credit card ~~credit-card~~ banks for the
340 deposit of credit card ~~credit-card~~ sales invoices and to pay
341 discounts and service charges in connection with the use of
342 credit cards.

343 (3) The division shall support the establishment and
344 operation of a nonprofit organization or association established
345 pursuant to s. 267.17 or established before July 1, 2021,

817458

576-03216-21

346 pursuant to s. 265.703 to promote and encourage knowledge and
347 appreciation of Florida history and the programs of the Museum
348 of Florida History and other museums operated by the division
349 and to cooperate with historical societies and other
350 organizations to provide funding and promotional support for the
351 programs of the museum. Such organization or association may,
352 with the consent of the division, operate the museum store or
353 conduct special events and programs in the museum. All proceeds
354 must be used to support the programs of the Museum of Florida
355 History and other museums operated by the division.

356 (4) The division ~~may~~ shall deposit grant funding, gifts,
357 and donations for the purpose of assisting the Museum of Florida
358 History and its programs in the Grants and Donations Trust Fund
359 to be used exclusively for the benefit of programs of the museum
360 and in a manner consistent with any terms or conditions agreed
361 to by the division in accepting such grants, gifts, and
362 donations.

363 Section 18. Section 265.565, Florida Statutes, is
364 transferred and renumbered as section 267.0723, Florida
365 Statutes, present paragraphs (a) through (f) of subsection (2)
366 of that section are redesignated as paragraphs (b) through (g),
367 respectively, a new paragraph (a) is added to that subsection
368 and subsection (13) is added to that section, and paragraphs (a)
369 and (b) of subsection (3), paragraph (c) of subsection (5), and
370 subsections (6) and (12) of that section are amended, to read:

371 267.0723 265.565 Property loaned to or abandoned at
372 museums; obligations to lenders; notice; loan termination;
373 acquisition of title; liens; conservation or disposal.-

374 (2) DEFINITIONS.-

817458

576-03216-21

375 (a) "Abandoned property" means property left at or
376 delivered to a museum with no loan, deed of gift, or donation
377 paperwork.

378 (3) OBLIGATIONS OF MUSEUMS TO LENDERS.-

379 (a) For property loaned to a museum after the effective
380 date of this act, the museum shall:

381 1. Make and retain a written record containing, at a
382 minimum, the lender's name, address, and telephone number, a
383 description of the property loaned in sufficient detail for
384 clear identification, including a description of the general
385 condition of the property at the time of the loan, the beginning
386 date of the loan, and the expiration date of the loan.

387 2. Provide the lender with a signed receipt or loan
388 agreement containing, at a minimum, the record set forth in
389 subparagraph 1.

390 3. ~~Inform the lender of the existence of the provisions of~~
391 ~~this act and~~ Provide the lender with a copy of ~~the provisions of~~
392 ~~this act~~ upon the lender's request.

393 (b) Regardless of the date of a loan of property, the
394 museum shall:

395 1. Update its records if a lender informs the museum of a
396 change of address or change in ownership of property loaned, or
397 if the lender and museum negotiate a change in the duration of
398 the loan.

399 2. ~~Inform the lender of the existence of the provisions of~~
400 ~~this act~~ When renewing or updating the records of an existing
401 loan, ~~and~~ provide the lender with a copy of ~~the provisions of~~
402 ~~this act~~ upon the lender's request.

403 (5) TERMINATION OF LOANS.-

817458

576-03216-21

404 (c) If the museum is unable to identify sufficient
405 information to send notice pursuant to paragraph (b), or if a
406 signed return receipt of a notice sent by certified mail
407 pursuant to paragraph (b) is not received by the museum within
408 30 days after the notice is mailed, the museum shall publish the
409 notice of termination of loan containing all the information
410 available to the museum provided in paragraph (b) on its website
411 and at least twice, 60 or more days apart, in a publication of
412 general physical or online circulation in the county in which
413 the museum is located and the county of the lender's last known
414 address, if known.

415 (6) MUSEUM GAINING TITLE TO LOANED PROPERTY; CONDITIONS.—As
416 of the effective date of this act, a museum acquires title to
417 unclaimed property under any of the following circumstances:

418 (a) For property for which a museum provides notice to a
419 lender in accordance with paragraph (5) (b) and a signed receipt
420 is received, if the lender of the property does not contact the
421 museum within 90 days after the date notice was received.

422 (b) For property for which notice by publication is made
423 pursuant to paragraph (5) (c), if the lender or anyone claiming a
424 legal interest in the property does not contact the museum
425 within 90 days after the date of the ~~second~~ publication.

426 (12) LIABILITY.—If a museum applies conservation measures
427 to or disposes of a property pursuant to subsection (11), the
428 museum shall have a lien on the property and on the proceeds
429 from any disposition thereof for the costs incurred by the
430 museum, and the museum shall not be liable for injury to or loss
431 of the property if:

432 (a) The museum had a reasonable belief at the time the

817458

576-03216-21

433 action was taken that the action was necessary to protect the
434 property on loan or other property in the custody of the museum,
435 or that the property on loan constituted a hazard to the health
436 and safety of the public or the museum's staff.

437 (b) The museum exercised reasonable care in the choice and
438 application of conservation measures.

439 (13) DISPOSITION OF ABANDONED PROPERTY.—A museum may keep,
440 transfer, sell, or dispose of abandoned property.

441 Section 19. Subsection (1) of section 267.115, Florida
442 Statutes, is amended to read:

443 267.115 Objects of historical or archaeological value.—The
444 division shall acquire, maintain, preserve, interpret, exhibit,
445 and make available for study objects which have intrinsic
446 historical or archaeological value relating to the history,
447 government, or culture of the state. Such objects may include
448 tangible personal property of historical or archaeological
449 value. Objects acquired under this section belong to the state,
450 and title to such objects is vested in the division.

451 (1) Notwithstanding s. 273.02, the division shall maintain
452 an adequate record of all objects in its custody which have a
453 historical or archaeological value. Once each year, on July 1 or
454 as soon thereafter as practicable, the division shall take a
455 complete inventory of all such objects in its custody the value
456 or cost of which is \$1,000 ~~\$500~~ or more and a sample inventory
457 of such objects the value or cost of which is less than \$1,000
458 ~~\$500~~. Each inventory shall be compared with the property record,
459 and all discrepancies shall be traced and reconciled. Objects of
460 historical or archaeological value are not required to be
461 identified by marking or other physical alteration of the

817458

576-03216-21

462 objects.

463 Section 20. Section 267.16, Florida Statutes, is
464 transferred and renumbered as section 265.802, Florida Statutes.

465 Section 21. Section 267.161, Florida Statutes, is
466 transferred and renumbered as section 265.803, Florida Statutes.

467 Section 22. Section 258.081, Florida Statutes, is amended
468 to read:

469 258.081 Stephen Foster State Folk Culture Center.—The
470 division shall maintain and operate the Stephen Foster State
471 Folk Culture Center facility in such manner that the performing
472 arts component of the Florida Folklife Programs provided in s.
473 265.802 ~~s. 267.16~~ shall have priority use of the facility.

474 Section 23. Subsection (4) of section 468.401, Florida
475 Statutes, is amended to read:

476 468.401 Regulation of talent agencies; definitions.—As used
477 in this part or any rule adopted pursuant hereto:

478 (4) "Engagement" means any employment or placement of an
479 artist, where the artist performs in his or her artistic
480 capacity. However, the term "engagement" shall not apply to
481 procuring opera, music, theater, or dance engagements for any
482 organization defined in s. 501(c)(3) of the Internal Revenue
483 Code or any nonprofit Florida arts organization that has
484 received a grant from the Division of ~~Arts and Culture Cultural~~
485 ~~Affairs~~ of the Department of State or has participated in the
486 state touring program of the Division of Arts and Culture
487 ~~Cultural Affairs~~.

488 Section 24. Paragraph (d) of subsection (2) of section
489 553.902, Florida Statutes, is amended to read:

490 553.902 Definitions.—As used in this part, the term:

817458

576-03216-21

491 (2) "Exempted building" means:

492 (d) A historical building as defined ~~described~~ in s.
493 267.021 ~~s. 267.021(3)~~.

494
495 The Florida Building Commission may recommend to the Legislature
496 additional types of buildings which should be exempted from
497 compliance with the Florida Building Code-Energy Conservation.

498 Section 25. Subsection (1) of section 2 of chapter 2020-88,
499 Laws of Florida, is amended to read:

500 Section 2. The Secretary of State is directed to:

501 (1) In coordination with the Division of Historical
502 Resources Cultural Affairs of the Department of State, determine
503 how the Museum of Florida History and other state museums will
504 promote the history of the 1920 Ocoee Election Day Riots through
505 exhibits and educational programs.

506 Section 26. This act shall take effect July 1, 2021.

The Florida Senate
BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL: CS/SB 1404

INTRODUCER: Appropriations Committee (Recommended by Appropriations Subcommittee on Transportation, Tourism, and Economic Development); and Senator Hooper

SUBJECT: Cultural and Historical Programs

DATE: April 16, 2021

REVISED: _____

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	<u>Ponder</u>	<u>McVaney</u>	<u>GO</u>	<u>Favorable</u>
2.	<u>Wells</u>	<u>Hrdlicka</u>	<u>ATD</u>	<u>Recommend: Fav/CS</u>
3.	<u>Wells</u>	<u>Sadberry</u>	<u>AP</u>	<u>Fav/CS</u>

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1404 designates the Museum of Florida History as the official state history museum and makes several changes to the Division of Cultural Affairs and Division of Historical Resources.

The bill renames the “Division of Cultural Affairs” to the “Division of Arts and Culture” and designates the Secretary of State as “Florida’s Chief Arts and Culture Officer.”

To better align the duties of the Division of Arts and Culture and the Division of Historical Resources, the bill transfers the:

- Florida Folklife Program from the Division of Historical Resources to the newly named Division of Arts and Culture; and
- The operation of the Museum of Florida History from the Division of Cultural Affairs to the Division of Historical Resources.

The bill requires the Division of Historical Resources to establish professional standards for the preservation of the collections under state ownership and take appropriate action to foster appreciation of Florida history and culture.

The bill transfers and revises provisions relating to property on loan to museums and property abandoned at museums. The bill revises inventory responsibilities of the Division of Historical

Resources for objects of historical or archaeological value by raising the threshold value or cost of objects in custody to \$1,000 instead of \$500.

The Department of State may experience an indeterminate positive fiscal impact as the reassignment of the Florida Folklife Program brings the program in line with new federal funding program requirements from the National Endowment for the Arts.

The bill takes effect on July 1, 2021.

II. Present Situation:

Official State Emblems

Chapter 15, F.S., statutorily designates official state emblems. To date, there are designations for an official state seal, motto, tree, fruit, beverage, citrus archive, anthem, song, shell, stone, gem, wildflower, play, animal, freshwater fish, saltwater fish, marine mammal and saltwater mammal, butterfly, reptile and saltwater reptile, tortoise, air fair, rodeo, festival, moving image center and archive, litter control symbol, pageant, opera program, renaissance festival, railroad museums, transportation museum, flagship, soil, fiddle contest, band, sports hall of fame, pie, honey, horse, and heritage cattle breed.¹

Department of State

The Department of State (department), created in s. 20.10, F.S., is composed of six divisions: Elections, Historical Resources, Corporations, Library and Information Services, Cultural Affairs, and Administration. The head of the department is the Secretary of State (Secretary).² The Secretary is appointed by the Governor, subject to confirmation by the Senate, and serves at the pleasure of the Governor. The Secretary performs functions conferred by the State Constitution upon the custodian of records.

The department is authorized to create Community Support Organizations for its Divisions of Cultural Affairs,³ Historical Resources,⁴ and Library and Information Services.⁵ Citizen support organizations (CSOs) are statutorily created entities that are generally required to be nonprofit corporations and are authorized to carry out specific tasks in support of public entities or public causes.

The Division of Cultural Affairs

The Division of Cultural Affairs is Florida's designated state arts agency. The division promotes arts and culture as essential to the quality of life for all Floridians. "To promote excellence and encourage access to cultural opportunities, the division provides funding, programs and resources, including grants for: arts in education, local arts agencies, state service organizations,

museums, theater, dance, folk arts, literature, media arts, multidisciplinary, music, sponsor/presenter, and visual arts programs and projects.”⁶

The Division of Cultural Affairs also administers the Museum of Florida History and has its offices in the historic Brokaw-McDougall House. “Opened in 1977, the Museum of Florida History collects, preserves, exhibits, and interprets evidence of past and present cultures in Florida, and promotes knowledge and appreciation of this heritage. As the State’s History Museum, it focuses on artifacts and eras unique to Florida’s development and on roles that Floridians have played in national and global events. Through exhibits, educational programs, research, and collections, the Museum reflects the ways that people have shaped and reacted to their cultural and natural environments.”⁷ The Division of Cultural Affairs also oversees the Museum and Capitol gift shops as well as the citizen support organization charged with supporting the Museum.

The Friends of the Museums of Florida, Inc., is the CSO created to support programs, exhibits, collections, and activities of the Museum of Florida History and the Knott House Museum.⁸ A citizen support organization is defined as an organization that is:

- A nonprofit corporation approved by the Department of State;
- Organized and operated to conduct programs and activities, raise funds, request and receive grants, and make expenditures to benefit the division;
- Determined by the division to be consistent with the goals of the division and in the best interest of the state; and
- Approved in writing by the division to operate for the benefit of the division.⁹

The identity of donors to the CSO who desire to remain anonymous are confidential and exempt from public records requirements.¹⁰

Florida Arts and Cultural Act

The Florida Arts and Cultural Act is set forth in ss. 265.281-265.709, F.S. The Legislative intent of the Act is to provide state support for, and to gain national and international recognition of, the efforts, works, and performances of Florida artists, art agencies, museums and nonprofit organizations.¹¹ The Act defines the term “division” to mean the Division of Cultural Affairs of the Department of State.¹² The division is charged with directly administering and overseeing all programs authorized by the Act. The division’s duties include:

- Accepting and administering state and federal funds appropriated by the Legislature or funds received from other public or private sources;

- Consulting and advising on acquisition of fine art works, appropriate use and display of state-owned art treasures for maximum public benefit, and suitability of ornamental or decorative structure or fixtures in public buildings;
- Accepting donations of money, property, art objects, and antiquities on behalf of the state;¹³
- Sponsoring performances and exhibits; promoting and encouraging the study and appreciation of arts and culture; and collecting, publishing, and printing pamphlets, papers, newsletters, and other materials related to arts and cultural programs available throughout the state; and
- Conducting and supporting cultural programs and cultural exchanges by coordinating with the appropriate state agencies and other organizations.¹⁴

Florida Historical Resources Act

The Florida Historical Resources Act¹⁵ was established to preserve archaeological sites and objects of antiquity for the public benefit.¹⁶ The Florida Historical Resources Act recognizes Florida's rich and unique heritage of historic properties as an important legacy to be valued and conserved for present and future generations. Accordingly, Florida has adopted a state policy to lead, assist, administer, and encourage public entities and private citizens to preserve the state's historic environment and resources.¹⁷

Division of Historical Resources

The Division of Historical Resources is responsible for preserving and promoting Florida's historical, archaeological, and folk culture resources. The division oversees historic preservation programs to identify, evaluate, preserve, and interpret Florida's historic and cultural resources. These activities include administering the historic preservation grants programs, overseeing the National Register of Historic Places, and maintain an inventory of the state's historical resources. The division also is responsible for the state's archaeology program, which includes surveys and excavations, primarily on state-owned lands or underwater locations; and coordinates outreach programs to promote Florida's historic and traditional culture, including the State Historical Markers program and Florida Folklife program. The division director serves as the State Historic Preservation Officer, acting as the liaison with the national historic preservation program conducted by the National Park Service.¹⁸

Under the Florida Folklife Program, the division must identify, research, interpret, and present Florida folk arts, artists, performers, folklore, traditions, customs, and cultural heritage and make folk cultural resources and folklife projects available throughout the state. The division is assisted by the Florida Folklife Council, a seven member council appointed by the Secretary of

¹³ Such donations of money and any cash income may be received from the disposal of any donations of property, art objects, or antiquities. The donations and cash income are deposited into the Grants and Donations Trust Fund and by statutes are appropriated for use by the division for the purposes authorized in the Act. Section 265.284(3)(e), F.S.

State, in carrying out its duties under the program.¹⁹ The program is funded in part by the National Endowment for the Arts.²⁰

Secretary of State – Florida’s Chief Cultural Officer

The Divisions of Cultural Affairs, Historical Resources, and Library and Information Services of the department promote programs having substantial cultural, artistic, and indirect economic significance that emphasize American creativity.²¹ The Secretary is designated as “Florida’s Chief Cultural Officer” and is encouraged to initiate and develop relationships between the state and foreign governmental officials in order to promote Florida as the center of American creativity. As Florida’s Chief Cultural Officer, the Secretary must coordinate international activities with Enterprise Florida, Inc., and any other organization the Secretary deems to be appropriate.²²

Property Abandoned at Museums

The Legislature has declared that the people of Florida benefit from having property of artistic, historic, cultural, or scientific value loaned to Florida museums.²³ However, problems arise in relation to indefinite or long term loans when museums and lenders fail to maintain contact. In response to these problems, the Legislature has established uniform procedures governing the disposition of unclaimed property²⁴ on loan to museums. The rules are designed to:

- Encourage museums and their lenders to exercise due diligence in monitoring loans;
- Allocate fairly responsibilities between lenders and borrowing museums;
- Establish procedures for lenders to preserve their interests in property loaned to museums for indefinite or long terms; and
- Resolve expeditiously the title to the unclaimed loaned property left in the custody of museums.²⁵

Whenever property is loaned to a museum, the museum is required to:

- Make and retain a written record containing the lender’s contact information, a description of the property, a description of the property’s general condition, and the beginning and ending dates of the loan;
- Provide the lender with a signed receipt or loan agreement;
- Inform the lender of the law; and

¹⁹ Sections 267.16 and 267.161, F.S.

²¹ Section 15.18, F.S.

²² *Id.*

²³ “Museum” is defined to mean a public or private nonprofit agency or institution located in Florida and organized on a permanent basis for primarily educational, scientific, or aesthetic purposes, which owns or utilizes tangible objects, cares for them, and exhibits them to the public on a regular basis. Section 265.565(2)(c), F.S.

²⁴ “Unclaimed property” is defined to mean property which is on loan to the museum and in regard to which the lender, or anyone acting legitimately on the lender’s behalf, has not contacted the museum for at least 25 years from the date of the beginning of the loan, if the loan was for an indefinite or undetermined period, or for at least 5 years after the date upon which the loan for a definite period expired. Section 265.565(2)(f), F.S.

²⁵ Section 265.565(1), F.S.

- Provide the lender with a copy of the law upon request.²⁶

If there is a change in the lender's contact information, change in the ownership of the loaned property, or a change in the duration of the loan is negotiated, the museum must update its records to reflect the change. Whenever a museum renews or updates the records of an existing loan, the museum must inform the lender of the existence of the law and provide the lender with a copy upon the lender's request.²⁷ The museum is also required to give the lender prompt notice of any injury to or loss of property on the loan.²⁸

The lender is responsible for notifying the museum of any change in the lender's address or change in ownership of the property. Failure to provide the required notification could result in the owner's loss of rights to the property.²⁹ Additionally, it is the responsibility of a successor of a lender to document the passage of rights of control of the property that is in the custody of a museum.³⁰

In order to terminate a loan for unclaimed property, the museum must make a good faith and reasonable search for the identity and last known address of the lender from the museum records and other records that are reasonably available to museum staff.³¹ If the museum is able to identify the lender and his or her last known address, the museum must provide notice of termination via certified mail. The notice of termination must include:

- The name of the lender;
- A description of the property sufficient in detail for ready identification;
- The beginning date of the loan, if known;
- The termination date of the loan, if applicable;
- The name and address of the appropriate museum official to contact regarding the loan; and
- A statement that within 90 days the lender is required to remove the property from the museum or contact the designated official in the museum to preserve the lender's interests in the property.³²

If the museum is unable to acquire enough information to send a letter by certified mail, or if a signed return receipt is not received within 30 days, the museum must publish a notice of termination containing all the above required information at least twice in a publication of general circulation in the county in which the museum is located and the county of the lender's last known address. The publications must be at least 60 or more days apart.³³

If the lender fails to respond to the notice of termination sent via certified mail or included in a publication of general circulation within 90 days, the title to the unclaimed property will pass to the museum.³⁴

National Endowment for the Arts

The National Endowment for the Arts (NEA) is an independent, federal agency with substantial discretion to award financial grants to support the arts. The NEA awards grants to groups and individuals whose artistic endeavors have substantial artistic and cultural significance or are otherwise worthy of public support and to state agencies established to serve the same purpose.³⁵ All states have a State Arts Agency recognized by the NEA. The NEA distributes program funding to those State Arts Agencies, with each state devoting its own appropriated funds to support arts programs throughout the state.³⁶ The Division of Cultural Affairs is recognized by the NEA as Florida's official State Arts Agency and receives an annual partnership grant from the NEA.³⁷

III. Effect of Proposed Changes:

Official State History Museum

Section 1 creates s. 15.0455, F.S., to designate the Museum of Florida History, located in Tallahassee, as the official state history museum.

Division of Arts and Culture

Section 2 amends s. 15.18, F.S., to designate the Secretary of State as “Florida’s Chief Arts and Cultural Officer” instead of the chief cultural officer.

Section 3 amends s. 20.10, F.S., to rename the Division of Cultural Affairs as the Division of Arts and Culture.

The bill makes several further changes to correct references to the division and to reorganize current duties of the division and the Division of Historical Resources to better align the programs with the proper division.

- **Section 4** amends s. 265.281, F.S., to correct statutory references due to changes made by the bill.
- **Sections 6, 7, and 8** amend ss. 265.286, 265.2865, and 265.701, F.S., respectively, to correct statutory references and update references to the division.
- **Sections 9, 11, 12, 13, and 14** repeal ss. 265.7025, 265.704, 265.705, 265.706, and 265.709, F.S., respectively, relating to the division’s powers and duties relating to historic programs.
- **Sections 22 and 23** amend ss. 258.081 and 464.401, F.S., respectively, to make conforming changes.

³⁵ 20 U.S.C. § 954 (2018).

³⁶ Americans for the Arts, *National Endowment for the Arts – Funding for Art Agencies*, available at <https://www.americansforthearts.org/by-program/reports-and-data/legislation-policy/legislative-issue-center/national-endowment-for-the-arts%E2%80%94funding-for-arts-agencies> (last visited March 11, 2021).

³⁷ Department of State, Division of Cultural Affairs, *National Endowment for the Arts*, available at <https://dos.myflorida.com/cultural/about-us/partners/national-endowment-for-the-arts/> (last visited March 11, 2021); National Assembly of State Arts Agencies, *State Arts Agency Directory*, available at <https://nasaa-arts.org/state-arts-agencies/saa-directory/> (last visited March 11, 2021).

The bill transfers the Florida Folklife Program, and its associated council, from the Division of Historical Resources to the Division of Arts and Culture.

- **Section 20** renumbers s. 267.16, F.S., as s. 265.802, F.S., to transfer the duties and responsibilities of the Division of Historical Resources regarding the Florida Folklife Program to the Division of Arts and Culture.
- **Section 21** renumbers s. 267.161, F.S., as s. 265.803, F.S., to transfer the Florida Folklife Council from the Division of Historical Resources to the Division of Arts and Culture.³⁸
- **Section 5** amends s. 265.283, F.S., to update references to the division and adds the definition of “folklife” to reflect the transfer of this program from the Division of Historical Resources to the Division of Arts and Culture.

Division of Historic Resources

The bill transfers the Museum of Florida History from the Division of Arts and Culture to the Division of Historical Resources. **Section 17** transfers and renumbers s. 265.707, F.S., as s. 267.0721, F.S., effectively transferring administration of the Museum of Florida History and its related citizen support organization (CSO) to the Division of Historical Resources. The CSO, Friends of the Museums of Florida, Inc., will support the Museum of Florida History and other museums operated by the division.

Currently, any revenues from sales in museum stores is deposited into the Grants and Donations Trust Fund, and any funds in excess of the amount required to pay state employees may be deposited into a bank account of the museum’s CSO. In **section 17**, the bill allows the proceeds to be used to support both programs of the museums and also museum operations. Additionally, allows the division to deposit grant funding for the Museum of Florida History into the Grants and Donations Trust Fund.

Section 10 amends s. 265.703, F.S., to delete a public record exemption for the Museum of Florida History citizen support organization no longer necessary due to changes made by the bill.

Section 15 amends s. 267.021, F.S., to define the term “historical museum” and remove the definition of “folklife.” The term “historical museum” is defined to mean:

[A] department or a department or an agency of state or local government or a public or private nonprofit organization located in Florida and operating on a permanent basis for the primary purpose of sponsoring, producing, and exhibiting educational programs that are related to the historical resources of Florida.

Section 16 amends 267.071, F.S., to require the Division of Historical Resources to encourage, promote, maintain, and operate the Museum of Florida History and other historical museums.

³⁸ The department indicates that such reassignment of the Florida Folklife Program will bring the program in line with new federal funding program requirements from the National Endowment for the Arts. *See* Department of State, *2021 Agency Legislative Bill Analysis SB 1404* (February 24, 2021) (on file with the Senate Governmental Oversight and Accountability Committee).

The division must also establish professional standards for the preservation, exclusive of acquisition, of each of the collections under state ownership or control and to take appropriate action to foster appreciation of Florida history and culture.

Section 18 transfers and renumbers s. 265.565, F.S., relating to property loaned to museums, as s. 267.0723, F.S. Current law requires a museum to inform a lender of the existence of the statute relating to property loaned to a museum and to provide the lender with a copy of such statutory provisions upon the lender's request. Section 18 removes the requirement for a museum to inform but maintains the requirement that upon a lender's request, a museum must provide a copy of the relevant statutory provisions.

This section amends the notice of termination provision to allow for the required information to be provided on the museum's website and specifies that publication may be by physical or online means. It also removes the requirement to publish the information twice, at least 60 days apart.

This section also provides for the disposition of abandoned property by authorizing a museum to keep, transfer, sell, or dispose of abandoned property. This section defines the term "abandoned property" to mean "property left at or delivered to a museum with no loan, deed of gift, or donation paperwork."

Section 19 amends s. 267.115, F.S., to revise the cost or value threshold that triggers a complete inventory of objects of historical or archaeological value from \$500 to \$1,000. For objects valued or costing less than \$1,000, only a sample inventory is required.

Section 24 amends s. 553.902, F.S., and **Section 25** amends ch. 2020-88, Laws of Florida, to make conforming changes.

Effective Date

Section 26 provides that the bill takes effect July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Not applicable. The bill does not require counties and municipalities to spend funds, reduce counties' or municipalities' ability to raise revenue, or reduce the percentage of state tax shares with counties and municipalities.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:**A. Tax/Fee Issues:**

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The department may experience an indeterminate positive fiscal impact as the reassignment of the Florida Folklife Program brings the program in line with new federal funding program requirements of the National Endowment for the Arts.³⁹

VI. Technical Deficiencies:

None.

VII. Related Issues:

Section 265.565, F.S., was created in 1997 by ch. 97-267, Laws of Florida. The act created an undesignated section of Florida law, which was subsequently numbered as s. 265.565, F.S. The bill transfers and renumbers this section as s. 267.0723, F.S. While the current s. 265.565, F.S., references providing a lender of property to a museum with information about a copy “of this act,” it is unlikely that “this act” means the entire chapter in which the statute is located,⁴⁰ but instead the act in which the statute itself was created. This ambiguity could be amended in the bill.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 15.18, 20.10, 265.281, 265.283, 265.286, 265.2865, 265.701, 265.703, 267.021, 267.071, 265.707, 265.565, 267.115, 267.16, 267.161, 258.081, 468.401, and 553.902.

³⁹ *Id.*

⁴⁰ In its current location, the statute is located in the Florida Arts and Culture Act, ss. 265.281 through 265.709, F.S. Under the bill, the statute is transferred to ch. 267, F.S., which is the Florida Historical Resources Act.

This bill creates the following sections of the Florida Statutes: 15.0455, 267.0721, 267.0723, 265.802, and 265.803.

This bill repeals the following sections of the Florida Statutes: 265.7025, 265.704, 265.705, 265.706, and 265.709

IX. Additional Information:

- A. **Committee Substitute – Statement of Substantial Changes**
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Appropriations on April 15, 2021:

The committee substitute returns to current law, which requires proceeds from sales at museum stores as well as grant funding, gifts, and donations for the Museum of Florida History to be deposited into the Grants and Donations Trust Fund.

- B. **Amendments:**

None.

By Senator Hooper

16-01306A-21

20211404__

1 A bill to be entitled
 2 An act relating to cultural and historical programs;
 3 creating s. 15.0455, F.S.; designating the Museum of
 4 Florida History as the official state history museum;
 5 amending s. 15.18, F.S.; providing that the Secretary
 6 of State shall be known as "Florida's Chief Arts and
 7 Culture Officer"; conforming a provision to changes
 8 made by the act; amending s. 20.10, F.S.; renaming the
 9 Division of Cultural Affairs as the Division of Arts
 10 and Culture; amending s. 265.281, F.S.; conforming
 11 provisions to changes made by the act; reordering and
 12 amending s. 265.283, F.S.; conforming provisions to
 13 changes made by the act; defining the term "folklife";
 14 amending s. 265.286, F.S.; conforming a cross-
 15 reference; amending ss. 265.2865 and 265.701, F.S.;
 16 conforming provisions to changes made by the act;
 17 repealing s. 265.7025, F.S., relating to definitions
 18 relating to historic programs; amending s. 265.703,
 19 F.S.; conforming provisions to changes made by the
 20 act; repealing ss. 265.704, 265.705, 265.706, and
 21 265.709, F.S., relating to historical museums and
 22 powers and duties of the Division of Cultural Affairs,
 23 state policy relative to historical properties,
 24 objects of historical or archaeological value, and
 25 publications, respectively; reordering and amending s.
 26 267.021, F.S.; deleting the definition of the term
 27 "folklife"; defining the term "historical museum";
 28 amending s. 267.071, F.S.; revising the duties of the
 29 Division of Historical Resources; transferring,

30 renumbering, and amending s. 265.707, F.S.;
 31 transferring certain responsibilities from the
 32 Division of Cultural Affairs to the Division of
 33 Historical Resources; revising provisions relating to
 34 the Museum of Florida History museum store, the
 35 establishment and operation of a certain nonprofit
 36 organization or association, and the deposit of
 37 certain funds; transferring, renumbering, and amending
 38 s. 265.565, F.S.; defining the term "abandoned
 39 property"; removing the requirement that a museum
 40 inform a lender of certain provisions in certain
 41 circumstances; revising publication requirements for a
 42 termination of loan notice; providing for the
 43 disposition of abandoned property; amending s.
 44 267.115, F.S.; revising the duties of the Division of
 45 Historical Resources relating to objects of historical
 46 or archaeological value; transferring and renumbering
 47 ss. 267.16 and 267.161, F.S., relating to Florida
 48 Folklife Programs and the Florida Folklife Council,
 49 respectively; amending ss. 258.081, 468.401, and
 50 553.902, F.S.; conforming provisions and cross-
 51 references to changes made by the act; amending
 52 chapter 2020-88, Laws of Florida; conforming a
 53 provision to changes made by the act; providing an
 54 effective date.

56 Be It Enacted by the Legislature of the State of Florida:

58 Section 1. Section 15.0455, Florida Statutes, is created to

Page 2 of 18

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

16-01306A-21 20211404__

59 read:

60 15.0455 Official state history museum.-The Museum of
 61 Florida History, located in Tallahassee, is hereby designated as
 62 the official state history museum.

63 Section 2. Section 15.18, Florida Statutes, is amended to
 64 read:

65 15.18 International and cultural relations.-The Divisions
 66 of Arts and Culture ~~Cultural Affairs~~, Historical Resources, and
 67 Library and Information Services of the Department of State
 68 promote programs having substantial cultural, artistic, and
 69 indirect economic significance that emphasize American
 70 creativity. The Secretary of State, as the head administrator of
 71 these divisions, shall hereafter be known as "Florida's Chief
 72 Arts and Culture ~~Cultural~~ Officer." As this officer, the
 73 Secretary of State is encouraged to initiate and develop
 74 relationships between the state and foreign cultural officers,
 75 their representatives, and other foreign governmental officials
 76 in order to promote Florida as the center of American
 77 creativity. The Secretary of State shall coordinate
 78 international activities pursuant to this section with
 79 Enterprise Florida, Inc., and any other organization the
 80 secretary deems appropriate. For the accomplishment of this
 81 purpose, the Secretary of State shall have the power and
 82 authority to:

83 (1) Disseminate any information pertaining to the State of
 84 Florida which promotes the state's cultural assets.

85 (2) Plan and carry out activities designed to cause
 86 improved cultural and governmental programs and exchanges with
 87 foreign countries.

Page 3 of 18

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

16-01306A-21 20211404__

88 (3) Plan and implement cultural and social activities for
 89 visiting foreign heads of state, diplomats, dignitaries, and
 90 exchange groups.

91 (4) Encourage and cooperate with other public and private
 92 organizations or groups in their efforts to promote the cultural
 93 advantages of Florida.

94 (5) Serve as the liaison with all foreign consular and
 95 ambassadorial corps, as well as international organizations,
 96 that are consistent with the purposes of this section.

97 (6) Provide, arrange, and make expenditures for the
 98 achievement of any or all of the purposes specified in this
 99 section.

100 Section 3. Paragraph (e) of subsection (2) of section
 101 20.10, Florida Statutes, is amended to read:

102 20.10 Department of State.-There is created a Department of
 103 State.

104 (2) The following divisions of the Department of State are
 105 established:

106 (e) Division of Arts and Culture ~~Cultural Affairs~~.

107 Section 4. Section 265.281, Florida Statutes, is amended to
 108 read:

109 265.281 Florida Arts and Culture Act; short title.-Sections
 110 265.281-265.703 ~~Sections 265.281-265.709~~ may be cited as the
 111 "Florida Arts and Culture Act."

112 Section 5. Section 265.283, Florida Statutes, is reordered
 113 and amended to read:

114 265.283 Definitions.-The following definitions shall apply
 115 to ss. 265.281-265.703 ~~ss. 265.281-265.709~~:

116 (3)(1) "Council" means the Florida Council on Arts and

Page 4 of 18

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

16-01306A-21

20211404__

117 Culture.

118 ~~(6)(2)~~ "Department" means the Department of State.

119 ~~(7)(3)~~ "Director" means the Director of the Division of

120 Arts and Culture ~~Cultural Affairs~~ of the Department of State.

121 ~~(8)(4)~~ "Division" means the Division of Arts and Culture

122 ~~Cultural Affairs~~ of the Department of State.

123 ~~(12)(5)~~ "Panel" means a grant review panel.

124 ~~(14)(6)~~ "Secretary" means the Secretary of State.

125 ~~(1)(7)~~ "Arts and cultural disciplines" include, but are not

126 limited to, music, dance, theatre, creative writing, literature,

127 architecture, painting, sculpture, folk arts, photography,

128 crafts, media arts, visual arts, programs of museums, and other

129 such allied, major art forms.

130 ~~(11)(8)~~ "Local arts agency" means a public or private

131 nonprofit organization located in Florida and operating on a

132 permanent basis for the primary purpose of strengthening,

133 supporting, and stabilizing the activities of one or more county

134 art and cultural constituencies.

135 ~~(10)(9)~~ "Historical museum" means a department or agency of

136 state or local government or a public or private nonprofit

137 organization located in Florida and operating on a permanent

138 basis for the primary purpose of sponsoring, producing, and

139 exhibiting educational programs that are related to the

140 historical resources of Florida.

141 ~~(13)(10)~~ "Science museum" means a public or private

142 nonprofit organization located in Florida and operating on a

143 permanent basis for the primary purpose of sponsoring,

144 producing, and exhibiting programs for the observation and study

145 of various types of natural science and science technology.

16-01306A-21

20211404__

146 ~~(18)(11)~~ "Youth and children's museum" means a public or

147 private nonprofit organization located in Florida and operating

148 on a permanent basis for the primary purpose of sponsoring,

149 producing, and exhibiting multidisciplinary and participatory

150 programs for visitors who are 6 months to 15 years old, and

151 their families, teachers, and caregivers.

152 ~~(15)(12)~~ "State service organization" means a public or

153 private nonprofit organization located in Florida operating on a

154 permanent basis for the primary purpose of implementing programs

155 that have cultural significance and that emphasize American

156 creativity and the maintenance and encouragement of professional

157 excellence.

158 ~~(2)(13)~~ "Arts in education grants" means grants used to

159 cultivate the learning and artistic development of all students

160 and teachers by promoting, encouraging, and supporting arts and

161 culture as an integral part of education and lifelong learning

162 for residents and visitors.

163 ~~(4)(14)~~ "Cultural support grants" means grants that provide

164 support for general programs and specific cultural projects.

165 ~~(16)(15)~~ "State touring program grants" means grants used

166 to provide performances, activities, and exhibitions by Florida

167 artists to communities.

168 ~~(17)(16)~~ "Underserved arts community assistance program

169 grants" means grants used by qualified organizations under the

170 Rural Economic Development Initiative, pursuant to ss. 288.0656

171 and 288.06561, for the purpose of economic and organizational

172 development for underserved cultural organizations.

173 ~~(5)(17)~~ "Culture Builds Florida grants" means grants used

174 for the purpose of connecting the arts to key areas of the

16-01306A-21 20211404__

175 division's long-term strategic plan.

176 (9) "Folklife" means the traditional expressive culture
 177 shared within the various groups in Florida: familial, ethnic,
 178 occupational, religious, and regional. Expressive culture
 179 includes a wide range of creative and symbolic forms, such as
 180 custom, belief, technical skill, language, literature, art,
 181 architecture, music, play, dance, drama, ritual, pageantry, and
 182 handicraft, which forms are generally learned orally, by
 183 imitation, or in performance and are maintained or perpetuated
 184 without formal instruction or institutional direction.

185 Section 6. Paragraph (a) of subsection (5) of section
 186 265.286, Florida Statutes, is amended to read:

187 265.286 Art and cultural grants.—

188 (5) The division shall fund:

189 (a) Grants for general program support for science museums,
 190 youth and children's museums, historical museums, local arts
 191 agencies, state service organizations, and organizations that
 192 have cultural program activities in any of the art and cultural
 193 disciplines defined in s. 265.283 s. 265.283(7).

194 Section 7. Subsection (6) of section 265.2865, Florida
 195 Statutes, is amended to read:

196 265.2865 Florida Artists Hall of Fame.—

197 (6) The Division of Arts and Culture Cultural Affairs of
 198 the Department of State shall adopt rules necessary to carry out
 199 the purposes of this section, including, but not limited to,
 200 procedures for accepting nominations to, making recommendations
 201 for, selecting members of the Florida Artists Hall of Fame, and
 202 providing travel expenses for such recipients. Notwithstanding
 203 ~~the provisions of s. 112.061, the Secretary of State may approve~~

16-01306A-21 20211404__

204 first-class travel accommodations for recipients of the Florida
 205 Artists Hall of Fame award and their representatives for health
 206 or security purposes.

207 Section 8. Subsections (1) and (5) of section 265.701,
 208 Florida Statutes, are amended to read:

209 265.701 Cultural facilities; grants for acquisition,
 210 renovation, or construction; funding; approval; allocation.—

211 (1) The Division of Arts and Culture Cultural Affairs may
 212 accept and administer moneys appropriated to it for providing
 213 grants to counties, municipalities, and qualifying nonprofit
 214 corporations for the acquisition, renovation, or construction of
 215 cultural facilities.

216 (5) The Division of Arts and Culture Cultural Affairs shall
 217 adopt rules prescribing the criteria to be applied by the
 218 Florida Council on Arts and Culture in recommending applications
 219 for the award of grants and rules providing for the
 220 administration of ~~the other provisions of~~ this section.

221 Section 9. Section 265.7025, Florida Statutes, is repealed.

222 Section 10. Subsection (3) of section 265.703, Florida
 223 Statutes, is amended to read:

224 265.703 Citizen support organizations; use of state
 225 administrative services and property; audit.—

226 (3) ANNUAL AUDIT.—The citizen support organization shall
 227 provide for an annual financial audit in accordance with s.
 228 215.981. ~~Information of the Museum of Florida History citizen~~
 229 ~~support organization which is confidential and exempt pursuant~~
 230 ~~to s. 267.17 shall retain its confidential and exempt status.~~

231 Section 11. Section 265.704, Florida Statutes, is repealed.

232 Section 12. Section 265.705, Florida Statutes, is repealed.

16-01306A-21 20211404__

233 Section 13. Section 265.706, Florida Statutes, is repealed.
 234 Section 14. Section 265.709, Florida Statutes, is repealed.
 235 Section 15. Section 267.021, Florida Statutes, is reordered
 236 and amended to read:

237 267.021 Definitions.—For the purpose of this act, the term:
 238 (2)(1) “Division” means the Division of Historical
 239 Resources of the Department of State.

240 (1)(2) “Agency” means any state, county, or municipal
 241 officer, department, division, board, bureau, commission, or
 242 other separate unit of government created or established by law.

243 (5)(3) “Historic property” or “historic resource” means any
 244 prehistoric or historic district, site, building, object, or
 245 other real or personal property of historical, architectural, or
 246 archaeological value, and folklife resources. These properties
 247 or resources may include, but are not limited to, monuments,
 248 memorials, Indian habitations, ceremonial sites, abandoned
 249 settlements, sunken or abandoned ships, engineering works,
 250 treasure trove, artifacts, or other objects with intrinsic
 251 historical or archaeological value, or any part thereof,
 252 relating to the history, government, and culture of the state.

253 (8)(4) “Preservation” or “historic preservation” means the
 254 identification, evaluation, recordation, documentation,
 255 analysis, recovery, interpretation, curation, acquisition,
 256 protection, management, rehabilitation, restoration,
 257 stabilization, maintenance, or reconstruction of historic
 258 properties.

259 (6)(5) “National Register of Historic Places” means the
 260 list of historic properties significant in American history,
 261 architecture, archaeology, engineering, and culture, maintained

16-01306A-21 20211404__

262 by the Secretary of the Interior, as established by the National
 263 Historic Preservation Act of 1966, as amended.

264 ~~(6) “Folklife” means the traditional expressive culture~~
 265 ~~shared within the various groups in Florida: familial, ethnic,~~
 266 ~~occupational, religious, and regional. Expressive culture~~
 267 ~~includes a wide range of creative and symbolic forms such as~~
 268 ~~custom, belief, technical skill, language, literature, art,~~
 269 ~~architecture, music, play, dance, drama, ritual, pageantry, and~~
 270 ~~handicraft, which forms are generally learned orally, by~~
 271 ~~imitation, or in performance and are maintained or perpetuated~~
 272 ~~without formal instruction or institutional direction.~~

273 (3)(7) “Florida history museum” means a public or private
 274 nonprofit institution which is established permanently in this
 275 state for the purpose of promoting and encouraging knowledge and
 276 appreciation of Florida history through the collection,
 277 preservation, exhibition, and interpretation of artifacts and
 278 other historical properties related to Florida history and the
 279 primary role of which is to collect and care for artifacts and
 280 other objects of intrinsic historical or archaeological value
 281 and exhibit them regularly through a facility or facilities
 282 owned or operated by the institution.

283 (7)(8) “Official Florida Historical Marker” means any
 284 marker, plaque, or similar device awarded, approved, or
 285 administered by the Division of Historical Resources for the
 286 purpose of recognizing and informing the general public about
 287 historic properties, persons, events, and other topics relating
 288 to the history and culture of the state.

289 (4) “Historical museum” means a department or an agency of
 290 state or local government or a public or private nonprofit

16-01306A-21 20211404__

291 organization located in Florida and operating on a permanent
 292 basis for the primary purpose of sponsoring, producing, and
 293 exhibiting educational programs that are related to the
 294 historical resources of Florida.

295 Section 16. Subsection (2) of section 267.071, Florida
 296 Statutes, is amended, and subsection (4) is added to that
 297 section, to read:

298 267.071 Historical museums.—It is the duty of the division
 299 to:

300 (2) Encourage, promote, maintain, and operate historical
 301 museums, including the Museum of Florida History, but not
 302 limited to, mobile museums, and other Florida history junior
 303 museums.

304 (4) (a) Establish professional standards for the
 305 preservation, exclusive of acquisition, of each of the
 306 collections under state ownership or control.

307 (b) Take such other actions as are necessary or appropriate
 308 to locate, acquire, preserve, operate, interpret, and promote
 309 the location, acquisition, protection, preservation, operation,
 310 and interpretation of historical artifacts and resources to
 311 foster an appreciation of Florida history and culture.

312 Section 17. Section 265.707, Florida Statutes, is
 313 transferred, renumbered as section 267.0721, Florida Statutes,
 314 and amended to read:

315 267.0721 ~~265.707~~ Museum of Florida History and programs;
 316 other historical museums.—

317 (1) The division is authorized to operate the Museum of
 318 Florida History and other historical museums.

319 (2) The division shall establish and administer a museum

16-01306A-21 20211404__

320 store ~~for in~~ the Museum of Florida History to provide
 321 information and materials relating to Florida history, museum
 322 exhibits, collections, and programs to the public and may
 323 operate additional stores associated with the museum. The stores
 324 ~~store~~ may produce, acquire, and sell craft products, clearly
 325 marked replicas and reproductions of artifacts, documents, and
 326 other merchandise relating to historical and cultural resources
 327 and may make a reasonable charge for such merchandise. All
 328 proceeds received from sales must be deposited into ~~the Grants~~
 329 ~~and Donations Trust Fund, or funds in excess of the amount~~
 330 ~~required to pay employees involved in the direct management of~~
 331 ~~the museum store may be deposited into a bank account of a the~~
 332 citizen support organization created pursuant to s. 267.17 or
 333 created before July 1, 2021, pursuant to s. 265.703 and may be
 334 used only to support operations of the museum stores and the
 335 programs of the Museum of Florida History or other museums
 336 operated by the division. The museum stores ~~store~~ may enter into
 337 agreements and accept credit card ~~credit-card~~ payments as
 338 compensation for goods and products sold. The division may
 339 establish accounts in credit card ~~credit-card~~ banks for the
 340 deposit of credit card ~~credit-card~~ sales invoices and to pay
 341 discounts and service charges in connection with the use of
 342 credit cards.

343 (3) The division shall support the establishment and
 344 operation of a nonprofit organization or association established
 345 pursuant to s. 267.17 or established before July 1, 2021,
 346 pursuant to s. 265.703 to promote and encourage knowledge and
 347 appreciation of Florida history and the programs of the Museum
 348 of Florida History and other museums operated by the division

16-01306A-21 20211404__

349 and to cooperate with historical societies and other
350 organizations to provide funding and promotional support for the
351 programs of the museum. Such organization or association may,
352 with the consent of the division, operate the museum store or
353 conduct special events and programs in the museum. All proceeds
354 must be used to support the programs of the Museum of Florida
355 History and other museums operated by the division.

356 (4) The division ~~may shall~~ deposit grant funding, gifts,
357 and donations for the purpose of assisting the Museum of Florida
358 History and its programs and other museums operated by the
359 division in an appropriate in the Grants and Donations trust
360 fund to be used exclusively for the benefit of programs of the
361 museum and in a manner consistent with any terms or conditions
362 agreed to by the division in accepting such grants, gifts, and
363 donations.

364 Section 18. Section 265.565, Florida Statutes, is
365 transferred and renumbered as section 267.0723, Florida
366 Statutes, and present paragraphs (a) through (f) of subsection
367 (2) of that section are redesignated as paragraphs (b) through
368 (g), respectively, a new paragraph (a) is added to that
369 subsection and subsection (13) is added to that section, and
370 paragraphs (a) and (b) of subsection (3), paragraph (c) of
371 subsection (5), and subsections (6) and (12) of that section are
372 amended, to read:

373 267.0723 265.565 Property loaned to or abandoned at
374 museums; obligations to lenders; notice; loan termination;
375 acquisition of title; liens; conservation or disposal.—

376 (2) DEFINITIONS.—

377 (a) "Abandoned property" means property left at or

16-01306A-21 20211404__

378 delivered to a museum with no loan, deed of gift, or donation
379 paperwork.

380 (3) OBLIGATIONS OF MUSEUMS TO LENDERS.—

381 (a) For property loaned to a museum after the effective
382 date of this act, the museum shall:

383 1. Make and retain a written record containing, at a
384 minimum, the lender's name, address, and telephone number, a
385 description of the property loaned in sufficient detail for
386 clear identification, including a description of the general
387 condition of the property at the time of the loan, the beginning
388 date of the loan, and the expiration date of the loan.

389 2. Provide the lender with a signed receipt or loan
390 agreement containing, at a minimum, the record set forth in
391 subparagraph 1.

392 3. ~~Inform the lender of the existence of the provisions of~~
393 ~~this act and~~ Provide the lender with a copy of ~~the provisions of~~
394 this act upon the lender's request.

395 (b) Regardless of the date of a loan of property, the
396 museum shall:

397 1. Update its records if a lender informs the museum of a
398 change of address or change in ownership of property loaned, or
399 if the lender and museum negotiate a change in the duration of
400 the loan.

401 2. ~~Inform the lender of the existence of the provisions of~~
402 ~~this act~~ When renewing or updating the records of an existing
403 loan, ~~and~~ provide the lender with a copy of ~~the provisions of~~
404 this act upon the lender's request.

405 (5) TERMINATION OF LOANS.—

406 (c) If the museum is unable to identify sufficient

16-01306A-21 20211404__

407 information to send notice pursuant to paragraph (b), or if a
 408 signed return receipt of a notice sent by certified mail
 409 pursuant to paragraph (b) is not received by the museum within
 410 30 days after the notice is mailed, the museum shall publish the
 411 notice of termination of loan containing all the information
 412 available to the museum provided in paragraph (b) on its website
 413 and at least twice, 60 or more days apart, in a publication of
 414 general physical or online circulation in the county in which
 415 the museum is located and the county of the lender's last known
 416 address, if known.

417 (6) MUSEUM GAINING TITLE TO LOANED PROPERTY; CONDITIONS.—As
 418 of the effective date of this act, a museum acquires title to
 419 unclaimed property under any of the following circumstances:

420 (a) For property for which a museum provides notice to a
 421 lender in accordance with paragraph (5) (b) and a signed receipt
 422 is received, if the lender of the property does not contact the
 423 museum within 90 days after the date notice was received.

424 (b) For property for which notice by publication is made
 425 pursuant to paragraph (5) (c), if the lender or anyone claiming a
 426 legal interest in the property does not contact the museum
 427 within 90 days after the date of the ~~second~~ publication.

428 (12) LIABILITY.—If a museum applies conservation measures
 429 to or disposes of a property pursuant to subsection (11), the
 430 museum shall have a lien on the property and on the proceeds
 431 from any disposition thereof for the costs incurred by the
 432 museum, and the museum shall not be liable for injury to or loss
 433 of the property if:

434 (a) The museum had a reasonable belief at the time the
 435 action was taken that the action was necessary to protect the

16-01306A-21 20211404__

436 property on loan or other property in the custody of the museum,
 437 or that the property on loan constituted a hazard to the health
 438 and safety of the public or the museum's staff.

439 (b) The museum exercised reasonable care in the choice and
 440 application of conservation measures.

441 (13) DISPOSITION OF ABANDONED PROPERTY.—A museum may keep,
 442 transfer, sell, or dispose of abandoned property.

443 Section 19. Subsection (1) of section 267.115, Florida
 444 Statutes, is amended to read:

445 267.115 Objects of historical or archaeological value.—The
 446 division shall acquire, maintain, preserve, interpret, exhibit,
 447 and make available for study objects which have intrinsic
 448 historical or archaeological value relating to the history,
 449 government, or culture of the state. Such objects may include
 450 tangible personal property of historical or archaeological
 451 value. Objects acquired under this section belong to the state,
 452 and title to such objects is vested in the division.

453 (1) Notwithstanding s. 273.02, the division shall maintain
 454 an adequate record of all objects in its custody which have a
 455 historical or archaeological value. Once each year, on July 1 or
 456 as soon thereafter as practicable, the division shall take a
 457 complete inventory of all such objects in its custody the value
 458 or cost of which is \$1,000 ~~\$500~~ or more and a sample inventory
 459 of such objects the value or cost of which is less than \$1,000
 460 ~~\$500~~. Each inventory shall be compared with the property record,
 461 and all discrepancies shall be traced and reconciled. Objects of
 462 historical or archaeological value are not required to be
 463 identified by marking or other physical alteration of the
 464 objects.

16-01306A-21 20211404__

465 Section 20. Section 267.16, Florida Statutes, is
 466 transferred and renumbered as section 265.802, Florida Statutes.

467 Section 21. Section 267.161, Florida Statutes, is
 468 transferred and renumbered as section 265.803, Florida Statutes.

469 Section 22. Section 258.081, Florida Statutes, is amended
 470 to read:

471 258.081 Stephen Foster State Folk Culture Center.—The
 472 division shall maintain and operate the Stephen Foster State
 473 Folk Culture Center facility in such manner that the performing
 474 arts component of the Florida Folklife Programs provided in s.
 475 265.802 ~~s. 267.16~~ shall have priority use of the facility.

476 Section 23. Subsection (4) of section 468.401, Florida
 477 Statutes, is amended to read:

478 468.401 Regulation of talent agencies; definitions.—As used
 479 in this part or any rule adopted pursuant hereto:

480 (4) "Engagement" means any employment or placement of an
 481 artist, where the artist performs in his or her artistic
 482 capacity. However, the term "engagement" shall not apply to
 483 procuring opera, music, theater, or dance engagements for any
 484 organization defined in s. 501(c)(3) of the Internal Revenue
 485 Code or any nonprofit Florida arts organization that has
 486 received a grant from the Division of Arts and Culture ~~Cultural~~
 487 ~~Affairs~~ of the Department of State or has participated in the
 488 state touring program of the Division of Arts and Culture
 489 ~~Cultural Affairs~~.

490 Section 24. Paragraph (d) of subsection (2) of section
 491 553.902, Florida Statutes, is amended to read:

492 553.902 Definitions.—As used in this part, the term:

493 (2) "Exempted building" means:

Page 17 of 18

494 (d) A historical building as defined ~~described~~ in s.
 495 267.021 ~~s. 267.021(3)~~.

496
 497 The Florida Building Commission may recommend to the Legislature
 498 additional types of buildings which should be exempted from
 499 compliance with the Florida Building Code-Energy Conservation.

500 Section 25. Subsection (1) of section 2 of chapter 2020-88,
 501 Laws of Florida, is amended to read:

502 Section 2. The Secretary of State is directed to:

503 (1) In coordination with the Division of Historical
 504 Resources ~~Cultural Affairs~~ of the Department of State, determine
 505 how the Museum of Florida History and other state museums will
 506 promote the history of the 1920 Ocoee Election Day Riots through
 507 exhibits and educational programs.

508 Section 26. This act shall take effect July 1, 2021.

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1408 amends sections of Florida Statutes governing the following Department of Financial Services (DFS) Divisions: Investigative and Forensic Services; Public Assistance Fraud; Funeral, Cemetery, and Consumer Services; and State Fire Marshal. The bill:

- Designates the Division of Public Assistance Fraud a criminal justice agency;
- Adds firefighter cancer into the self-insurance coverages provided by Risk Management and requires the Department of Management Services to verify and approve such payments prior to distribution from the State Risk Management Trust Fund;
- Prohibits employees who fall under the State Risk Management Trust Fund from engaging in retaliatory conduct against a sexual harassment victim;
- Provides that willful and knowing dissemination of the identifying information of a sexual harassment victim is a misdemeanor of the first degree;
- Amends the composition requirements of the Board of Funeral, Cemetery, and Consumer Services; clarifies member requirements; amends the definition of “quorum” to enable ease of business; removes term staggering requirements; and clarifies rulemaking responsibilities;
- Clarifies and provides grounds for disqualification of Funeral, Cemetery, and Consumer Services licensure applicants based on criminal history;
- Amends provisions for criminal background checks for Funeral, Cemetery, and Consumer Services licensure applicants;
- Prohibits specific unlicensed funeral activity and increases the penalty to a third-degree felony;

- Increases criminal penalties associated with unlicensed Funeral, Cemetery, and Consumer Services activity;
- Updates the definition of “two-component explosive” to reflect changes in the marketplace;
- Allows contractors to begin repairs on a previously permitted fire alarm prior to receiving a permit to do so, yet maintains that such repair will not be compliant until permitted and approved;
- Amends continuing education requirements for individuals licensed to solicit, sell, or adjust insurance in the state;
- Amends provisions regarding appointments to transact insurance or adjust claims on behalf of an insurer or employer to apply certain deadlines to renewal appointments and to revise procedures and requirements when an individual was not properly appointed by inadvertent error;
- Increases the maximum license suspension time for title insurance agents and agencies;
- Removes a requirement for personal residential property agents to notify an insured regarding coverage from Citizens Property Insurance Corporation before exporting a policy to the surplus lines marketplace;
- Prohibits an insurance agent or agency from giving, or a lender from requiring, a copy of an insurer’s proprietary underwriting information as a condition precedent to extending credit secured by real estate and prohibiting an insurance agent or agency from providing such information without authorization;
- Allows flood insurance coverage to be exported to a surplus lines insurer without the agent first seeking to place the coverage with an admitted insurer;
- Amends the Fire and Emergency Incident Information Reporting Program by replacing “fire protection agencies” with “fire service providers” and defines the term “fire service provider”;
- Revises the composition of the Fire and Emergency Incident Information System Technical Advisory Panel;
- Extends assessment and compliance deadlines by three years with regards to minimum radio signal strength for fire department communications and two-way radio systems;
- Prohibits influencing a firesafety inspector to violate applicable law through threats, coercion, trickery, or compensation, and prohibits a firesafety inspector knowingly and intentionally requesting, soliciting, accepting, or agreeing to accept a bribe;
- Revises the composition of the Firefighters Employment, Standards, and Training Council;
- Allows fire service providers to hire volunteer firefighters, and allows them to continue to function in a volunteer firefighter capacity for the first year of employment while they obtain career firefighter certifications;
- Creates a criminal penalty for aiding and abetting a person engaged in unlicensed bail bond agent activity; and
- Expands the applicability of criminal penalties for impersonation of investigators and personnel of the DFS.

The DFS has indicated minor modifications will need to be made to the Division of Insurance Agent and Agency Services systems in order to create a tool for enabling or disabling the ability of a party to appoint licensees. The DFS indicates these changes can be addressed during ongoing system updates and within existing resources.

The bill has an indeterminate negative fiscal impact to the State Risk Management Trust Fund. The DFS estimates expenses relating to self-insuring firefighter cancer benefits to be less than \$100,000 annually.

The Criminal Justice Impact Conference has not yet adopted a prison bed impact for this legislation and the fiscal impact relating to those penalties is positive/negative indeterminate.

The bill, except as otherwise expressly provided, has an effective date of July 1, 2021.

II. Present Situation:

The Department of Financial Services (DFS) is statutorily responsible for:

- Carrying out the state's accounting and auditing functions, including preparing the state's Comprehensive Annual Financial Report; monitoring state contracts; and making payment for state expenditures.
- Implementing state fire prevention and control measures, including the investigation of arson and other suspicious fires; training and certification of firefighter candidates; and regulation of explosive storage and use.
- Operating the state's risk management program and securing insurance and reinsurance for covered state liabilities.
- Managing the state Treasury and directing safekeeping and the investment of all state funds.
- Managing the deferred compensation program for state employees.
- Investigating fraud, including insurance fraud, public assistance fraud, and false claims against the state.
- Regulating cemeteries and funeral homes.
- Licensing and oversight of insurance agents and agencies.
- Ensuring that Florida employers provide workers' compensation coverage for their employees in a cost effective manner.
- Assisting consumers in the resolution of issues pertaining to insurance and funeral services.
- Collecting and returning unclaimed property belonging to Florida residents.¹

The DFS is composed of the following divisions:

- Accounting and Auditing;
- Administration;
- Consumer Services;
- Funeral, Cemetery, and Consumer Services;
- Insurance Agent and Agency Services;
- Investigative and Forensic Services;
- Public Assistance Fraud;
- Rehabilitation and Liquidation;
- Risk Management;
- State Fire Marshal;
- Treasury;

¹ Florida Department of Financial Services, *Statement of Agency Organization and Operation*, <https://www.myfloridacfo.com/sitepages/required/agencyorg.aspx> (last visited March 4, 2021).

- Unclaimed Property; and
- Workers' Compensation.²

Division of Public Assistance Fraud

The Division of Public Assistance Fraud (DPAF) is responsible for enforcing state laws regarding program eligibility and proper use of public assistance benefits. The DPAF is responsible for investigating allegations of fraud related to the Cash Assistance/Temporary Assistance for Needy Families (TANF) program, the Supplemental Nutritional Assistance Program (SNAP), Medicaid recipients, disaster assistance/emergency benefits, the School Readiness and Voluntary Pre-Kindergarten programs, and Social Security Disability benefits.³

According to the DFS, the DPAF has operated as a criminal justice agency since its inception in 1972.⁴ However, when the Division of Investigative and Forensic Services (DIFS) was created in 2016, under ch. 20, F.S., the DPAF was not designated as a criminal justice agency, thereby limiting the DPAF's access to information within criminal records systems. Under Florida law, a criminal justice agency is defined, in part, as any governmental agency or subunit thereof that performs the administration of criminal justice pursuant to a statute or rule of court and that allocates a substantial part of its annual budget to the administration of criminal justice.⁵ The DPAF currently operates, in part, as a criminal justice agency. However, current law does not definitively reflect this designation.

State Risk Management

The State Risk Management Trust Fund (trust fund) is administered by the DFS and is a self-insurance fund.⁶ The trust fund provides various types of insurance to all departments of the State of Florida, including their employees, agents, and volunteers.⁷ The trust fund provides the following insurance coverage:

- Property claims for all buildings, whether financed in whole or in part by revenue bonds or certificates, and the contents thereof of any other buildings leased or rented by the state, to include manufactured homes and contents. This coverage includes:⁸

² Florida Department of Financial Services, *Divisions and Offices* <https://www.myfloridacfo.com/> (last visited March 4, 2021)

³ Division of Public Assistance, <https://myfloridacfo.com/Division/PAF/> (last visited March 6, 2021).

⁴ Department of Financial Services, *Legislative Bill Analysis of SB 1408* (March 4, 2021) (on file with Senate Banking and Insurance Committee).

⁵ Section 943.045(11)(e), F.S. *See also*: s. 943.045(2), F.S.; the term "administration of criminal justice" means "performing functions of detection, apprehension, detention, pretrial release, post trial release, prosecution, adjudication, correctional supervision, or rehabilitation of accused persons or criminal offenders by governmental agencies. The administration of criminal justice includes criminal identification activities and the collection, processing, storage, and dissemination of criminal justice information by governmental agencies." Section 943.045(11)(a)-(e), F.S., defines a criminal justice agency as a court, the Department of Law Enforcement, the Department of Juvenile Justice, the protective investigations component of the Department of Children and Families, which investigates the crime of crimes of abuse and neglect, and any other governmental agency or subunit thereof that performs the administration of criminal justice pursuant to a statute or rule court and that allocates a substantial part of its annual budget to the administration of criminal justice.

⁶ Section 284.30, F.S.

⁷ Section 284.31, F.S.

⁸ Section 284.01, F.S.

- Loss from fire, lightning, sinkholes, and hazards customarily insured by extended coverage;
- Loss from removal of personal property from such properties when endangered by covered perils;
- Flood insurance to the extent necessary to meet self-insurance requirements under the National Flood Insurance Program;
- Rental value insurance is provided to indemnify the state or its agencies for loss of income when such rental income insurance is required to be carried by bonding or revenue certificates or resolutions; and
- Rental value insurance is also provided to indemnify the state or its agencies for loss of income from those buildings operated and maintained by the Department of Management Services from the Supervision Trust Fund.
- Casualty claims, to include:⁹
 - Workers' compensation;
 - General liability:
 - Premises and operations;
 - Personal injury; and
 - Professional malpractice liability;¹⁰
 - Fleet automotive liability;
 - Federal civil rights actions under 42 U.S.C. s. 1983 or similar federal statutes; and
 - Court-awarded fees in other proceedings against the state, except for such awards in eminent domain or for inverse condemnation or awards by the Public Employees Relations Commission.

Separate accounts must be kept for workers' compensation, general liability, fleet automotive liability, federal civil rights actions under 42 U.S.C. s. 1983 or similar federal statutes, and court-awarded attorney's fees barring certain exceptions.¹¹

Each entity covered by the trust fund must develop and implement a loss prevention program, provide for regular and periodic facility and equipment inspections, investigate job-related employee accidents, and establish a program to promote increased safety awareness among employees.¹² The Division of Risk Management, within the DFS, provides loss prevention services and technical assistance to state agencies and universities for managing risk.¹³

Premiums, as calculated on all coverages, are billed and charged to each state agency according to coverages obtained from the trust fund.^{14, 15} All premiums paid into the trust fund and all moneys received from the trust fund from investment or any other source, are held by the DFS

¹⁵ Section 284.36, F.S.

for the purpose of paying losses, expenses incurred in adjustment of losses, premiums for reinsurance, risk and claims management, and operating expenses.^{16, 17}

Firefighters

A “firefighter” is defined as a person who is employed full-time by the state or local governments and whose primary responsibilities are the prevention and extinguishing of fires; the protection of life and property; and the enforcement of municipal, county, and state fire prevention codes and laws pertaining to the prevention and control of fires.¹⁸

Benefits in Lieu of Workers Compensation Benefits

Upon a diagnosis of cancer as defined in s. 112.1816, F.S., a firefighter is entitled to certain benefits, as an alternative to pursuing workers’ compensation benefits under ch. 440, F.S., if the firefighter has been employed by his or her employer for at least five continuous years, has not used tobacco products for at least the preceding five years, and has not been employed in any other position in the preceding five years which is proven to create a higher risk for cancer. The benefits are:

- Cancer treatment covered within an employer-sponsored health plan or through a group health insurance trust fund. The employer must timely reimburse the firefighter for out-of-pocket deductible, copayment, or coinsurance costs incurred by the firefighter.
- A one-time cash payout of \$25,000, upon the firefighter’s initial diagnosis of cancer.¹⁹

If the firefighter elects to continue coverage in the employer-sponsored health plan or group health insurance trust fund after he or she terminates employment, the benefits must be made available by a former employer of a firefighter for 10 years following the date that the firefighter terminates employment, so long as the firefighter has otherwise met the employment criteria when he or she terminated employment and was not subsequently employed as a firefighter following that date. A firefighter’s cancer diagnosis must be considered an injury or illness incurred in the line of duty by the employer for purposes of determining leave time and employee retention policies.²⁰

Confidentiality of the Personal Identifying Information of Sexual Harassment Victims

Under s. 119.071(2)(n), F.S., the personal identifying information of an alleged victim in an allegation of sexual harassment is confidential and exempt from the public records requirements specified in s. 119.07(1), F.S., and s. 24(a), Art. I of the State Constitution. However, the information may be disclosed to a governmental entity when such disclosure is in the furtherance of such entity’s official duties and responsibilities.

¹⁶ Section 284.02(2), F.S.

¹⁷ Section 284.37, F.S.

¹⁸ See ss. 112.81, 112.191, 112.1816, and 633.102(9), F.S.

¹⁹ Section 112.1816(2)

²⁰ *Id.*

Funeral, Cemetery, and Consumer Services

Composition and Business of the Board of Funeral, Cemetery, and Consumer Services

Section 20.121(4), F.S., creates the Board of Funeral, Cemetery, and Consumer Services (board) within the Division of Funeral, Cemetery, and Consumer Services of the DFS. The board acts as the licensing and rulemaking authority for the purposes of certain matters related to examinations and other substantive requirements for licensure within the death care industry under ch. 497, F.S., including facility requirements.²¹

Currently, the board must have 10 members; one member must be the State Health Officer, or their designee, and the remaining nine members must be nominated by the Chief Financial Officer (CFO), appointed by the Governor, and confirmed by the Senate.²² The composition of the board must be as follows:

- The State Health Officer;
- Two funeral directors who are:
 - Licensed under part III of ch. 497, F.S., as funeral directors, and
 - Associated with a funeral establishment;
- One funeral director who is:
 - Licensed under part III of ch. 497, F.S.,
 - Associated with a funeral establishment licensed under part III of ch. 497, F.S., that has a valid preneed license issued pursuant to ch. 497, F.S., and
 - Operates an incinerator facility that is approved under ch. 403, F.S., and licensed under part IV of ch. 497, F.S.;
- Two persons whose primary occupation is associated with a licensed cemetery;
- Three consumers who:
 - Are residents of Florida;
 - Have never been licensed funeral directors or embalmers;
 - Are not connected with a cemetery or licensed cemetery company;
 - Are not connected to the death care industry or the practice of embalming, funeral directing, or direct disposition;
 - At least one of which is at least 60 years of age; and
 - At least one of which is a licensed certified public accountant; and
- One principal of a monument establishment licensed under ch. 497, F.S., as a monument builder.

Two or more members must not be principals or employees of the same company or partnership, or group of companies or partnerships under common control.²³ The DFS reports that the CFO often does not receive a sufficient amount of applications to fill member positions.²⁴ For

²¹ See s. 497.103(1)(a)-(cc), F.S. Licenses available to natural persons include: embalmer apprentice and intern; funeral directors and intern; funeral director and embalmer, direct disposer, monument establishment sales agent, and preneed sales agent. Section 497.141(12)(a), F.S. Licenses available to natural persons, corporations, limited liability companies, and partnerships include: funeral establishment, centralized embalming facility, refrigeration facility, direct disposal establishment, monument establishment, cinerator facility, removal service, preneed sales business under s. 497.453, F.S., and cemetery. Section 497.141(12)(b)-(c), F.S.

²² Section 497.101(1), F.S.

²³ Section 497.101(2), F.S.

²⁴ See *supra* note 4.

example, the position that must be filled by a certified public accountant has remained vacant since September 2017.²⁵

Board members are appointed for four-year terms, except for the State Health Officer, who serves as long as they hold office.²⁶ The CFO was directed to stagger the terms of members after the terms of the initial members expired²⁷ and this has already occurred at the initiation of the board.²⁸

A quorum is necessary to conduct the business of the board. A quorum consists of six members of the board.²⁹ The DFS indicates that it can be difficult to obtain this number due to board vacancies, absenteeism, and necessary recusal.³⁰

The DFS is required to adopt rules regarding application forms and procedures for appointment to the board.³¹

Disqualification of Licensure Applicants Licensing Background Checks

Currently, Florida law does not specifically disqualify applicants for licensure relating to funeral, cemetery, and consumer services under ch. 497, F.S., if said applicants have been found guilty of certain crimes. However, such applicants must provide certified true copies of any crime committed in any jurisdiction, within the 10 years preceding their application, in order to deem the application complete.³² Currently, regardless of whether adjudication is entered or withheld by a court, disclosure of the following crimes is required:

- Any felony or misdemeanor, no matter when committed, that was directly or indirectly related to the practice or business of funeral directing, embalming, direct disposition, cremation, funeral or cemetery preneed sales, funeral establishment operations, cemetery operations, or cemetery monument or marker sales or installation;³³
- Any other felony that was committed within the 20 years immediately preceding the application under this chapter;³⁴ and
- Any other misdemeanor that was committed within the five years preceding the application under this chapter.³⁵

Unlicensed Practice

Chapter 497, F.S., requires individuals to maintain a license for specified death care industry practices. The DFS is authorized to issue administrative complaints against entities believed to be in violation of licensure requirements.³⁶ Section 497.159, F.S., additionally provides for

criminal penalties for unlicensed activities, with such activities being a second degree misdemeanor, punishable as provided in s. 775.082, F.S., or s. 775.083, F.S.³⁷

Continuing Education Requirements

Pursuant to s. 626.2815, F.S., individuals licensed to engage in the sale of insurance or adjustment of insurance claims in Florida are required to fulfill certain continuing education requirements. Currently, licensees, except title insurance agents, are required to complete a five-hour update course every two years, specific to the license they hold.³⁸ Unless otherwise provided, licensees must also complete 19 hours of elective continuing education courses every two years.³⁹ If a licensee has been licensed for six years or more, this requirement drops to 15 hours.⁴⁰ For licensees licensed 25 years or more, and is a chartered life underwriter, is a chartered property and casualty underwriter, or has a Bachelor of Science degree in risk management or insurance with evidence of 18 or more semester hours in insurance-related courses, the elective continuing education course requirement is five hours every two years. For those individuals holding a license as a customer representative, and not a licensed life or health agent, the elective continuing education course requirement is also five hours every two years. An individual subject to ch. 648, F.S., relating to bail bond agents, is required to complete a five-hour update course and a minimum of nine hours of elective continuing education courses every two years.⁴¹

If continuing education requirements are not met, the DFS has the authority to immediately terminate or refuse to renew the appointment of an agent or adjuster, following notification from the DFS, unless an extension or waiver has been granted.⁴²

State Fire Marshal

Explosives

Chapter 552, F.S., sets forth the requirements to lawfully engage in the business of a manufacturer-distributor, or to acquire, sell, possess, store, or engage in the use of explosives in this state. The chapter's current definition of a two-component explosive requires the use of a "No. 6 blasting cap" for detonation.⁴³ According to the DFS, No. 6 blasting caps are now out of production and current blasting caps no longer use the same rating system.⁴⁴

Uniform Fire Alarm Permit Application for Previously Permitted Fire Alarm Systems

Contractors are required to file a Uniform Fire Alarm Permit Application with a local law enforcement agency, and must receive the permit before installing, replacing, or repairing an

⁴⁴ See *supra* note 4.

existing fire alarm that was previously permitted by the local enforcement agency, if the local enforcement agency requires a permit for the repair.⁴⁵

Fire and Emergency Incident Information Reporting Program

The Florida Fire Incident Reporting System (FFIRS) is located within the Division of State Fire Marshal. The FFIRS was created by rule and is a means for fire protection agencies to report and maintain computerized records of fires and other fire department incidents in a uniform manner.⁴⁶ Annual reports are furnished to the Governor, Legislature and fire protection agencies, and upon request, the public.⁴⁷

Established in 2005 by s. 633.115, F.S., the Fire and Emergency Incident Reporting Program included the creation of the Fire and Emergency Incident Information Technical Advisory Panel (panel) and codified FFIRS language. The FFIRS is the Florida coordinating officer for the National Fire Incident Reporting Section (NFIRS).⁴⁸ The NFIRS provides system resources and an overview of the standard national reporting system used by the United States fire departments to report fires and other incidents to which they respond and to maintain records of such incidents in a uniform manner.⁴⁹ The NFIRS provides software and training at no cost to fire departments.⁵⁰

The panel was created to advise, review and make recommendations to the State Fire Marshal. Currently, membership in the panel comprises 15 members:⁵¹

- Thirteen members of the Firefighters Employment, Standards, and Training Council;⁵²
- One member from the Florida Forest Service, Department of Agriculture and Consumer Services; and
- One member from the Department of Health, appointed by the State Surgeon General.

Florida Fire Prevention Code

The State Fire Marshal, by rule, adopts the Florida Fire Prevention Code (fire code), which contains all firesafety laws and rules that pertain to the design, construction, erection, alteration, modification, repair, and demolition of public and private buildings, structures, and facilities, and the enforcement of such firesafety laws and rules.⁵³ The State Fire Marshal adopts a new edition of the fire code every three years.⁵⁴ The 7th edition of the fire code took effect on December 31, 2020.⁵⁵ State law requires all municipalities, counties, and special districts with firesafety

responsibilities to enforce the fire code as the minimum fire prevention code to operate uniformly among local governments and in conjunction with the Florida Building Code.⁵⁶

Firesafety Inspectors

Section 633.216, F.S., requires each county, municipality, and special district that has firesafety enforcement responsibilities to employ or contract with a firesafety inspector. Subject to certain exceptions, the firesafety inspector is responsible for conducting all firesafety inspections required by law.⁵⁷ These firesafety inspections include the inspection of buildings and facilities on a recurring or regular basis on behalf of the state or any county, municipality, or special district with firesafety responsibilities.⁵⁸

The CFO is designated as the “State Fire Marshal.”⁵⁹ In any county, municipality, or special district that does not employ or appoint a firesafety inspector, the State Fire Marshal assumes the duties of the local county, municipality, or independent special fire control district with respect to firesafety inspections of educational property.⁶⁰

A person who violates any provision of ch. 633, F.S., Fire Prevention and Control, any order or rules of the State Fire Marshal, or any order to cease and desist or to correct conditions, commits a misdemeanor of the second degree.⁶¹

It is unlawful to impersonate the State Fire Marshal or a firesafety inspector. A person who impersonates either official commits a felony of the third degree, and if the impersonation occurs during the commission of a separate felony, a person commits a felony of the first degree.⁶² Section 468.629, F.S., makes it illegal for a person to influence a building code enforcement official by coercion or compensation.⁶³ Any person who commits such acts commits a misdemeanor of the first degree, and, if the person was previously convicted of such act, a felony of the third degree.⁶⁴

Firefighters Employment, Standards, and Training Council (Council)

The council comprises 14 members and the members are appointed as follows:

- Two fire chiefs appointed by the Florida Fire Chiefs Association;
- Two firefighters, who are not officers, appointed by the Florida Professional Firefighters Association;
- Two firefighter officers, who are not fire chiefs, appointed by the State Fire Marshal;
- One individual appointed by the Florida League of Cities;
- One individual appointed by the Florida Association of Counties;
- One individual appointed by the Florida Association of Special Districts;

⁶⁴ Section 468.629(2), F.S.

- One individual appointed by the Florida Fire Marshals' and Inspectors' Association;
- One employee of the Florida Forest Service of the Department of Agriculture and Consumer Services appointed by the director of the Florida Forest Service;
- One individual appointed by the State Fire Marshal;
- One director or instructor of a state-certified firefighting training facility appointed by the State Fire Marshal; and
- The remaining member, who shall be appointed by the State Fire Marshal, may not be a member or representative of the firefighting profession or of any local government.⁶⁵

There are certain eligibility requirements set forth for membership. Members shall serve only as long as they continue to meet the criteria under which they were appointed or unless a member has failed to appear at three consecutive and properly noticed meetings unless excused by the chair.⁶⁶ Members are appointed for four year terms, are not eligible to serve more than two consecutive terms,⁶⁷ and serve without compensation, but are entitled to reimbursement for per diem and travel expenses as provided in s. 112.061, F.S.⁶⁸

The council has special powers in connection with the employment and training of firefighters to recommend for adoption by the Division of State Fire Marshal:⁶⁹

- Uniform minimum standards for the employment and training of firefighters and training of volunteer firefighters;
- Minimum curriculum requirements for schools operated by or for any fire service provider for the specific purpose of training firefighter trainees, firefighters, and volunteer firefighters; and
- Matters relating to the funding, general operation, and administration of the Bureau of Fire Standards and Training (Florida State Fire College), including, but not limited to, all standards, training, curriculum, and the issuance of any certificate of competency required by this chapter.

In addition, the council may make or support studies on any aspect of firefighting employment, education, and training or recruitment or may make recommendations concerning any matter within its purview.⁷⁰

Volunteer Firefighter Employment

The National Fire Prevention Association estimates that there were 1,115,000 career and volunteer firefighters in the United States in 2018; of this total, 370,000 (33 percent) were career firefighters and 745,000 (67 percent) were volunteer firefighters.⁷¹ At least 315 Florida fire departments utilize volunteers to sustain operations and, according to the Division of State Fire

Marshal, approximately 12 million Florida residents depend on volunteer firefighters to protect their communities.⁷² The Firefighter Assistance Grant Program (FAGP), created in 2016 to improve the emergency response capability of fire departments reliant on volunteer firefighters, provides grant money to such fire departments to provide volunteer firefighter training and procure firefighter personal protective equipment.⁷³ The FAGP funds of one million dollars is only available for instructor reimbursement for skills sign-offs, personal protection equipment (PPE), supplied air respirators (SCBA), and cost share subsidy for Federal Emergency Management Agency's Assistance to Firefighters Grants Program (AFG) apparatus awards.⁷⁴ Since its inception, the FAGP has awarded 84 grants.^{75, 76, 77}

Florida fire service providers are currently prohibited from employing an individual to extinguish fires, or to supervise those who do, unless the individual holds a current and valid Firefighter Certificate of Compliance.⁷⁸ Thus, fire service providers are currently prohibited from employing volunteer firefighters, who hold a Volunteer Firefighter Certificate of Completion. Volunteer firefighters can enter immediately dangerous to life and health (IDLH) environments. However, if employed by the same department prior to achieving a Firefighter Certificate of Compliance they would not be allowed to enter the IDLH environments they were authorized to enter the day before beginning career employment.⁷⁹

False Personation

Pursuant to s. 843.08, F.S., any person who falsely assumes or pretends to be an officer of a specified type commits a felony of the third degree, a felony of the second degree when committed with another felony, and a felony in the first degree if the felony is the cause of death or personal injury of another individual.⁸⁰ A person who impersonates an officer of the DFS is subject to these criminal penalties.⁸¹ However, there is no criminal penalty for impersonating an investigator or personnel of the DFS. According to the DFS, it employs personnel who are not officers but have access to active criminal cases and conduct criminal investigations.⁸²

⁸² *See supra* note 4.

Insurance Field Representatives and Operations

Appointment Requirements

Section 626.112(1)(a), F.S., states that a person may not be, act as, or advertise or hold himself or herself out to be an insurance agent, insurance adjuster, or customer representative unless he or she is currently licensed by the DFS and appointed by an appropriate appointing entity or person to represent an insurer. Section 626.371(1), F.S., requires all initial appointments be submitted to the DFS no later than 45 days after the date of appointment. Where it appears to the DFS that a formerly or currently licensed person has been, or is, actively engaged as an appointee without being appointed as required, the DFS still may issue an appointment submitted upon finding that such failure was an inadvertent error on the part of the insurer. The DFS may condition such approval on the payment of all fees and taxes that would have been due, had the person been properly appointed.

Duration of Suspension or Revocation for Title Insurance Agents

Section 626.844, F.S., authorizes the DFS to suspend or revoke the license or appointment of any title insurance agent or agency, and it may suspend or revoke the eligibility to hold a license or appointment of any such title insurance agent or agency, upon certain specified grounds. However, an order may not suspend such license or appointment for more than one year.⁸³

Eligibility for Export of Insurance Coverage and Export of Flood Insurance Policies

In general, insurance policies written in Florida must be done so by Florida authorized insurers. However, standard insurance companies authorized to do business in Florida may not be able to, or unwilling to, take on certain unusual or high risks. These types of risks could include older homes near the coast, yachts, home day-care liability, medical malpractice, and professional athletes insuring certain body parts.⁸⁴ These policies are instead written in the surplus lines market and are sold through surplus lines agents.⁸⁵ To “export” an insurance policy means to place a policy with a surplus lines insurer who is not part of the standard/admitted insurance market.⁸⁶ Section 626.916(1), F.S., requires that insurance coverage is not eligible for export unless all of certain conditions are met. These conditions include:

- The full amount of insurance required must not be procurable, after a diligent effort has been made by the producing agent to do so, from among the insurers authorized to transact and actually writing that kind and class of insurance in Florida, and the amount of insurance exported shall be only the excess over the amount so procurable from authorized insurers.
- The premium rate at which the coverage is exported may not be lower than that rate applicable, if any, in actual and current use by a majority of the authorized insurers for the same coverage on a similar risk.
- The policy or contract form under which the insurance is exported may not be more favorable to the insured as to the coverage or rate than under similar contracts on file and in

⁸³ Section 626.844(1), F.S.

⁸⁴ Department of Financial Services, Florida Surplus Lines Office, *Understanding Florida’s Excess and Surplus Market*, <https://www.myfloridacfo.com/division/consumers/understandingcoverage/guides/documents/SurplusLinesConsumerBrochure.pdf> (last visited March 17, 2021).

⁸⁵ *Id.*

⁸⁶ *Id.*; s. 626.914(3), F.S.

actual current use in this state by the majority of authorized insurers actually writing similar coverages on similar risks, subject to certain exceptions.

- Except as to extended coverage in connection with fire insurance policies and except as to windstorm insurance, the policy or contract under which the insurance is exported may provide not for deductible amounts, in determining the existence or extent of the insurer's liability, other than those available under similar policies or contracts actually and currently used by a Florida authorized insurer.
- For personal residential property risks, the retail or producing agent must provide specified notice to the insured that coverage may be available, and may be less expensive, from Citizens Property Insurance Corporation.

There is no clear language in the Florida Insurance Code that allows a surplus lines agent to export a contract or an endorsement providing flood coverage to an eligible surplus lines insurer without making a diligent effort to seek such coverage. A provision in s. 627.715, F.S., which allowed surplus lines agents to do so, expired on July 1, 2019.

Currently, the private residential flood insurance market is a small but growing percentage of total policies written in the state. The vast majority of residential flood insurance policies are written by the National Flood Insurance Program—a federal insurance program. While Florida has the largest private residential market in the United States, only three percent of residential flood insurance policies are written by private insurers.⁸⁷

Provision of Replacement Cost Estimator and Other Underwriting Information Relating to Real Estate Loans

According to the DFS, many lenders require consumers or their insurance agent or broker to provide, as a condition precedent or condition subsequent to the lending of money or extension of credit to be secured by real property, the replacement cost estimator or other underwriting information that is the proprietary business information of the insurer underwriting the insurance policy covering such property.⁸⁸ In some situations, lenders have used this proprietary business information of the insurers for reasons that are outside the scope of the insurance policy.

Unlicensed Bail Bond Agent Activity

Section 648.30, F.S., addresses the unlicensed activity relating to bail bond agents and temporary bail bond agents. Specifically, the section states that one may not act as a bail bond agent or temporary bail bond agent unless qualified, licensed, and appointed as provided in ch. 648, F.S. The section also prohibits one from representing himself or herself to be a bail enforcement agent, bounty hunter, or other similar title and also provides restrictions on whom may apprehend, detain, or arrest a principal on a bond. The section, however, does not provide a specific penalty for persons aiding and abetting another person violating the section.⁸⁹

Public Records Law

Access to Public Records – Generally

The Florida Constitution provides that the public has the right to inspect or copy records made or received in connection with official governmental business.⁹⁰ The right to inspect or copy applies to the official business of any public body, officer, or employee of the state, including all three branches of state government, local governmental entities, and any person acting on behalf of the government.⁹¹

Additional requirements and exemptions related to public records are found in various statutes and rules, depending on the branch of government involved. For instance, s. 11.0431, F.S., provides public access requirements for legislative records. Relevant exemptions are codified in ss. 11.0431(2) and (3), F.S., and the statutory provisions are adopted in the rules of each house of the Legislature.⁹² Florida Rule of Judicial Administration 2.420 governs public access to judicial branch records.⁹³ Lastly, ch. 119, F.S., provides requirements for public records held by executive agencies.

Executive Agency Records – The Public Records Act

Chapter 119, F.S., known as the Public Records Act, provides that all state, county, and municipal records are open for personal inspection and copying by any person, and that providing access to public records is a duty of each agency.⁹⁴

A public record includes virtually any document or recording, regardless of its physical form or how it may be transmitted.⁹⁵ The Florida Supreme Court has interpreted the statutory definition of “public record” to include, “material prepared in connection with official agency business which is intended to perpetuate, communicate, or formalize knowledge of some type.”⁹⁶

The Florida Statutes specify conditions under which public access to public records must be provided. The Public Records Act guarantees every person’s right to inspect and copy any public record at any reasonable time, under reasonable conditions, and under supervision by the

⁹⁰ FLA. CONST. art. I, s. 24(a).

⁹¹ *Id.*

⁹² See Rule 1.48, *Rules and Manual of the Florida Senate*, (2020-2022) and Rule 14.1, *Rules of the Florida House of Representatives*, Edition 1, (2020-2022).

⁹³ *State v. Wooten*, 260 So. 3d 1060 (Fla. 4th DCA 2018).

⁹⁴ Section 119.01(1), F.S. Section 119.011(2), F.S., defines “agency” as “any state, county, district, authority, or municipal officer, department, division, board, bureau, commission, or other separate unit of government created or established by law including, for the purposes of this chapter, the Commission on Ethics, the Public Service Commission, and the Office of Public Counsel, and any other public or private agency, person, partnership, corporation, or business entity acting on behalf of any public agency.”

⁹⁵ Section 119.011(12), F.S., defines “public record” to mean “all documents, papers, letters, maps, books, tapes, photographs, films, sound recordings, data processing software, or other material, regardless of the physical form, characteristics, or means of transmission, made or received pursuant to law or ordinance or in connection with the transaction of official business by any agency.”

⁹⁶ *Shevin v. Byron, Harless, Schaffer, Reid and Assoc., Inc.*, 379 So. 2d 633, 640 (Fla. 1980).

custodian of the public record.⁹⁷ A violation of the Public Records Act may result in civil or criminal liability.⁹⁸

The Legislature may exempt public records from public access requirements by passing a general law by a two-thirds vote of both the House and the Senate.⁹⁹ The exemption must state with specificity the public necessity justifying the exemption and must be no broader than necessary to accomplish the stated purpose of the exemption.¹⁰⁰

General exemptions from the public records requirements are contained in the Public Records Act.¹⁰¹ Specific exemptions often are placed in the substantive statutes relating to a particular agency or program.¹⁰²

When creating a public records exemption, the Legislature may provide that a record is “exempt” or “confidential and exempt.” Custodians of records designated as “exempt” are not prohibited from disclosing the record; rather, the exemption means that the custodian cannot be compelled to disclose the record.¹⁰³ Custodians of records designated as “confidential and exempt” may not disclose the record, except under circumstances specifically defined by the Legislature.¹⁰⁴

Open Government Sunset Review Act

The Open Government Sunset Review Act¹⁰⁵ (the Sunset Review Act) prescribes a legislative review process for newly created or substantially amended¹⁰⁶ public records or open meetings exemptions, with specified exceptions.¹⁰⁷ It requires the automatic repeal of each such exemption on October 2nd of the fifth year after it is created or substantially amended, unless the Legislature reenacts the exemption.¹⁰⁸ However, an exemption may be reviewed under the Sunset Review Act prior to the fifth year since enactment.

The Sunset Review Act provides that a public records or open meetings exemption may be created or maintained only if it serves an identifiable public purpose and is no broader than is

⁹⁷ Section 119.07(1)(a), F.S.

⁹⁸ Section 119.10, F.S. Public records laws are found throughout the Florida Statutes, as are the penalties for violating those laws.

⁹⁹ FLA. CONST. art. I, s. 24(c).

¹⁰⁰ *Id. See, e.g., Halifax Hosp. Medical Center v. News-Journal Corp.*, 724 So. 2d 567 (Fla. 1999) (holding that a public meetings exemption was unconstitutional because the statement of public necessity did not define important terms and did not justify the breadth of the exemption); *Baker County Press, Inc. v. Baker County Medical Services, Inc.*, 870 So. 2d 189 (Fla. 1st DCA 2004) (holding that a statutory provision written to bring another party within an existing public records exemption is unconstitutional without a public necessity statement).

¹⁰¹ *See, e.g., s. 119.071(1)(a), F.S.* (exempting from public disclosure examination questions and answer sheets of examinations administered by a governmental agency for the purpose of licensure).

¹⁰² *See, e.g., s. 213.053(2)(a), F.S.* (exempting from public disclosure information contained in tax returns received by the Department of Revenue).

¹⁰³ *See Williams v. City of Minneola*, 575 So. 2d 683, 687 (Fla. 5th DCA 1991).

¹⁰⁴ *WFTV, Inc. v. The School Board of Seminole*, 874 So. 2d 48 (Fla. 5th DCA 2004).

¹⁰⁵ Section 119.15, F.S.

¹⁰⁶ An exemption is considered to be substantially amended if it is expanded to include more records or information or to include meetings as well as records. Section 119.15(4)(b), F.S.

¹⁰⁷ Section 119.15(2)(a) and (b), F.S., provide that exemptions that are required by federal law or are applicable solely to the Legislature or the State Court System are not subject to the Open Government Sunset Review Act.

¹⁰⁸ Section 119.15(3), F.S.

necessary.¹⁰⁹ An exemption serves an identifiable purpose if it meets one of the following purposes *and* the Legislature finds that the purpose of the exemption outweighs open government policy and cannot be accomplished without the exemption:

- It allows the state or its political subdivisions to effectively and efficiently administer a governmental program, and administration would be significantly impaired without the exemption;¹¹⁰
- It protects sensitive, personal information, the release of which would be defamatory, cause unwarranted damage to the good name or reputation of the individual, or would jeopardize the individual's safety. If this public purpose is cited as the basis of an exemption, however, only personal identifying information is exempt;¹¹¹ or
- It protects information of a confidential nature concerning entities, such as trade or business secrets.¹¹²

The Sunset Review Act also requires specified questions to be considered during the review process.¹¹³ In examining an exemption, the Sunset Review of Act directs the Legislature to carefully question the purpose and necessity of reenacting the exemption.

If the exemption is continued and expanded, then a public necessity statement and a two-thirds vote for passage are required.¹¹⁴ If the exemption is continued without substantive changes or if the exemption is continued and narrowed, then a public necessity statement and a two-thirds vote for passage are *not* required. If the Legislature allows an exemption to sunset, the previously exempt records will remain exempt unless provided for by law.¹¹⁵

General Public Records Exemptions for State Agency Personnel

There are three general public records exemptions that apply to all state agency personnel: disclosure of an employee's social security number, medical information, and personal identifying information of dependent children who are insured by an agency group insurance plan.¹¹⁶

¹⁰⁹ Section 119.15(6)(b), F.S.

¹¹⁰ Section 119.15(6)(b)1., F.S.

¹¹¹ Section 119.15(6)(b)2., F.S.

¹¹² Section 119.15(6)(b)3., F.S.

¹¹³ Section 119.15(6)(a), F.S. The specified questions are:

- What specific records or meetings are affected by the exemption?
- Whom does the exemption uniquely affect, as opposed to the general public?
- What is the identifiable public purpose or goal of the exemption?
- Can the information contained in the records or discussed in the meeting be readily obtained by alternative means? If so, how?
- Is the record or meeting protected by another exemption?
- Are there multiple exemptions for the same type of record or meeting that it would be appropriate to merge?

¹¹⁴ See generally s. 119.15, F.S.

¹¹⁵ Section 119.15(7), F.S.

¹¹⁶ Section 119.071(4)(a) and (b), F.S.

Social Security Numbers

Social security numbers of all current and former agency personnel, which are held by an employing agency, are confidential and exempt.¹¹⁷ An employing agency may only release social security numbers for the following reasons:

- It is required by state or federal law, or court order.
- A receiving government agency needs the social security number to perform its duties.
- The employee consents to disclose his or her social security number.¹¹⁸

In addition, there is a general exemption for social security numbers that applies to the public that makes social security numbers confidential and exempt.¹¹⁹ This exemption applies to any agency that holds anyone's social security number, including those belonging to the personnel of that agency. This exemption, however, permits the agency to disclose social security numbers of agency personnel in order to administer health or retirement benefits.¹²⁰

Medical Information

An agency employee's medical information is also exempt from public disclosure if the medical information could identify the employee. This exemption applies to prospective, current, and former employees.¹²¹

Personal Identifying Information

The personal identifying information of a dependent child of an agency employee who is insured by an agency group insurance plan is exempt from public disclosure. This exemption applies to the children of current and former employees and is also retroactively applied.¹²²

Public Records Exemptions for Enumerated Personnel

Provisions in s. 119.071(4)(d), F.S., exempt from public disclosure the personal identification and location information of enumerated agency personnel, their spouses, and their children. The employing agency as well as the employee may assert the right to the exemption by submitting a written request to each agency that holds the employee's information.¹²³ Additionally, all of these exemptions have retroactive application.¹²⁴ In order to have such exemption applied to a court record or an official record held by a clerk of court, the party must make a request specifying the document name, type, identification number, and page number.¹²⁵ Any enumerated personnel who has his or her public records held exempt may file a written and notarized request to any record custodian to have the records released to an identified party.¹²⁶

¹¹⁷ Section 119.071(4)(a)1., F.S.

¹¹⁸ Section 119.071(4)(a), F.S.

¹¹⁹ Section 119.071(5)(a)5., F.S.

¹²⁰ Section 119.071(5)(a)6.f. and g., F.S.

¹²¹ Section 119.071(4)(b)1., F.S.

¹²² Section 119.071(4)(b)2., F.S.

¹²³ Section 119.071(4)(d)3., F.S.

¹²⁴ Section 119.071(4)(d)5., F.S.

¹²⁵ Section 119.0714(2)(f) and (3)(f), F.S.

¹²⁶ Section 119.071(4)(d)4., F.S.

Confidential and Exempt – Alleged Sexual Harassment Victim

Section 119.071(2)(n), F.S., provides that personal identifying information of the alleged victim in an allegation of sexual harassment is confidential and exempt.¹²⁷ Such information may be disclosed to another governmental entity in the furtherance of its official duties.¹²⁸

Section 119.10(2)(a), F.S., provides that any person who willfully and knowingly violates any provisions of ch. 119, F.S., commits a first degree misdemeanor punishable by imprisonment up to one year or a fine up to \$1,000.

III. Effect of Proposed Changes:

Division of Public Assistance Fraud (Sections 1 and 27)

Section 1 amends s. 20.121(2)(f), F.S., to designate the Department of Financial Services (DFS), Division of Public Assistance Fraud (DPAF) as a criminal justice agency for the purposes of ss. 943.045-943.08, F.S. The DFS asserts that the designation allows the DPAF to continue having access to criminal justice information contained in Florida Crime Information Center (FCIC) and National Crime Information Center (NCIC) systems of criminal records when conducting criminal investigations and other law enforcement support functions.¹²⁹

Section 26 amends s. 943.045, F.S., to include the DPAF in the definition of “criminal justice agency.”

State Risk Management

Benefits in Lieu of Workers Compensation Benefits – Florida Firefighters

Section 2 amends s. 284.30, F.S., to add benefits payable to firefighters diagnosed with cancer pursuant to s. 112.1816(2), F.S., to the self-insurance coverage provided through the State Risk Management Trust Fund (trust fund).

Section 3 amends s. 284.31, F.S., to require separate accounting in the trust fund for benefits payable to firefighters who are employees of a state agency and diagnosed with cancer.

Section 4 amends s. 284.385, F.S., to require the Department of Management Services to validate and approve firefighter cancer benefits before such benefits may be disbursed from the trust fund.

Workplace Sexual Harassment

Section 5 creates s. 284.45, F.S., to define a sexual harassment victim as an individual employed with, or being considered for, employment with an entity participating in the trust fund, who becomes a victim of workplace sexual harassment within the entity. The bill prohibits individuals

¹²⁷ Section 119(2)(n), F.S., and s. 24(a), Art. 1 of the State Constitution

¹²⁸ Subject to the Open Government Sunset Review Act and stands repeal on October 2, 2022 unless reviewed and saved from repeal through reenactment by the Legislature.

¹²⁹ See *supra* note 4.

working for an entity covered by the trust fund from engaging in retaliatory conduct, of any kind, toward a sexual harassment victim.

The section also prohibits the willful and knowing distribution of personal identifying information of a sexual harassment victim. Personal identifying information of a victim may not be distributed to any party other than a government entity, in furtherance of its official duties, or pursuant to a court order. Any violation results in a first degree misdemeanor, punishable as provided in s. 775.082, F.S.

Funeral, Cemetery, and Consumer Services

Composition and Business of Board of Funeral, Cemetery, and Consumer Services (Board)

Section 6 amends s. 497.101, F.S., to reduce the minimum number of nominations the Chief Financial Officer (CFO) must make for nine board member positions from three nominations to one, though the CFO may still nominate up to three persons to fill one or more vacancies. The bill also reduces from three to two the number of positions on the board that must be filled by consumers who are residents of Florida; have never been licensed funeral directors or embalmers; are not connected with a cemetery or licensed cemetery company; and are not connected to the death care industry or the practice of embalming, funeral directing, or direct disposition. The board must also now have a consumer member who is: a resident; a licensed certified public accountant (CPS) who has never been licensed as a funeral director or embalmer; is not a principal or employee of any ch. 497, F.S., licensee; and is not otherwise in control (as defined in s. 497.005, F.S.) over any ch. 497, F.S., licensee. This change essentially requires the appointment of a licensed CPA who has some knowledge of and association with, but not a controlling interest in, licensees in the death care industry.

Necessary conforming changes have also been made to properly implement the above changes. This includes revising the definition of a “quorum” for the purposes of conducting board business to constitute a simple majority of eligible members instead of six members. The bill also allows members to appear electronically and still be counted in regards to a determination of quorum.

The section also eliminates outdated statutory provisions regarding the implementation of staggered terms of board members upon the expiration of the initial terms of the board members. This staggering of terms has already been established and is no longer needed. The bill eliminates the DFS’ rulemaking responsibilities concerning the application process, which the DFS asserts is unnecessary, as the Governor makes the appointments.¹³⁰

Disqualification of Funeral, Cemetery, and Consumer Services Licensure Applicants

Section 7 of the bill creates s. 497.1411, F.S., to provide and clarify grounds for disqualification of Funeral, Cemetery, and Consumer Services licensure applicants under ch. 497, F.S., based on such applicant’s criminal history.

¹³⁰ *Id.*

Subsection (1) defines “applicant,” “felony of the first degree,” “capital felony,” and “financial services business.”

Subsection (2) enumerates crimes that, if an applicant is found guilty of or pleads nolo contendere to, regardless of adjudication, permanently bar the applicant from licensure under ch. 497, F.S. These crimes are a first degree felony, a capital felony, a felony money laundering offense, or a felony embezzlement.

Subsection (3) provides the following disqualifying periods for other specified crimes:

- A 10-year disqualifying period for all felonies involving moral turpitude not subject to a permanent bar on licensure as specified in subsection (2); and
- A five-year disqualifying period for all other felonies, and for all misdemeanors directly related to the financial services business. The section defines “financial services business” as any financial activity regulated by the DFS, the Office of Insurance Regulation, or the Office of Financial Regulation.

These specifications are intended to provide clarity beyond the current statutory scheme, which provides no guidelines to determine whether a specific crime is considered “directly or indirectly related to or involving any aspect of the practice or business” of death care industry functions. The DFS suggests that the lack of clarity and guidance in current law has led to inconsistencies in recommendations and board rulings on applications.¹³¹

Subsection (4) requires the DFS to adopt rules to administer the section. The rules must provide for additional disqualifying periods due to the commitment of multiple crimes and may include other factors reasonably related to the applicant’s criminal history. The rules must also provide mitigating and aggravating factors, except that mitigation may not result in a disqualification period of less than five years.

Subsection (5) specifies that a disqualifying period begins upon an applicant’s final release from supervision or upon completion of the applicant’s criminal sentence. The subsection further prohibits the DFS from issuing a license unless all related fines, court costs and fees, and court-ordered restitutions have been paid.

Subsection (6) places the burden of proof for rehabilitation on the applicant.

Subsection (7) allows the DFS to award a license, despite a conviction, upon a grant of a pardon or restoration of civil rights.

Subsection (8) authorizes the board to grant an exemption from a criminal record related disqualification, and provides standards for mitigating factors. The subsection also clarifies that ch. 120, F.S., provides administrative remedies available to applicants for whom the board has granted or denied an exemption.

Subsection (9) clarifies that the disqualification periods provided in this section do not apply to the renewal of a license or to a new licensure application if the applicant has an active license as

¹³¹ *Id.*

of July 1, 2021, and the applicable criminal history was considered by the board on the prior active license approval.

Licensing Background Checks

Section 8 amends s. 497.142, F.S., to require certified true copies of any crime committed in any jurisdiction in order to deem an application under ch. 497, F.S., complete, regardless of how many years have passed. The bill requires disclosure of all felonies, regardless of when committed and regardless of adjudication. It also requires disclosure of any misdemeanor directly or indirectly related to the financial services business,¹³² no matter when committed.

Unlicensed Practice

Section 9 of the bill amends s. 497.157, F.S., to increase penalties for unlicensed activity under ch. 497, F.S., from a misdemeanor of the second degree (as provided in s. 497.159(6), F.S.) to a felony of the third degree. Section 9 also expands unlicensed activity to include acting, advertising, or otherwise holding oneself out to be a funeral director, embalmer, direct disposer, or preneed sales agent, unless currently licensed and appointed (as necessary) as such.

Section 10 of the bill amends s. 497.159, F.S., by making a conforming change to remove the second-degree misdemeanor penalty for unlicensed activity under ch. 497, F.S.

Explosives

Section 11 updates the definition of “two-component explosives” in s. 552.081, F.S., by removing the requirement of a “No. 6 blasting cap,” and replacing it with a “detonator.” According to the DFS, the No. 6 blasting cap is no longer manufactured and the statutory revision brings the section in line with current practices.¹³³

Fire Alarm Permits

Section 12 amends s. 553.7921, F.S., to authorize contractors to begin repairs on existing, permitted fire alarms upon filing a Uniform Fire Alarm Permit Application but prior to receiving the permit for the repair. However, fire alarms repaired under such circumstances are not compliant until the permit is issued and the local law enforcement agency approves the repair.

Continuing Education Requirements

Section 13 amends s. 626.2815, F.S., by lowering the update course requirement to four hours for individuals licensed to solicit, sell, or adjust insurance in the state, barring title insurance agents. The update course is raised to six hours for an individual who holds a license as a customer representative, and who is not a licensed life or health agent. Licensees must complete 20 hours of elective continuing education every two years, and if a licensee has been licensed for six years or more, he or she must complete 16 hours of continuing education every two years. Lastly, individuals subject to chapter 648, F.S., relating to bail bond agents, are required to

¹³² The bill defines financial services business as “any financial activity regulated by the Department of Financial Services, the Office of Insurance Regulation, or the Office of Financial Regulation.”

¹³³ *Supra* note 4.

complete a four-hour update course and a minimum of 10 hours of continuing education every two years.

The effective date of this section is January 1, 2022.

Appointments to Transact Insurance or Adjust Claims on Behalf of an Insurer or Employer

Section 14 amends s. 626.371, F.S., to indicate that all appointments, including renewal appointments, must be submitted no later than 45 days from the effective date of the appointment. The section also specifies that if the DFS determines an individual was not properly appointed and that said appointment was an inadvertent error, the appointing entity will be informed of its obligation by the DFS and must pay all associated fees and taxes within 21 days. Upon payment of said fees, the DFS may issue or authorize issuance of appointment and consider the inadvertent failure to no longer be a violation. If said fees and taxes are not paid on time, the DFS must suspend the appointing entity's authority to appoint licensees until all outstanding fees have been paid.

Title Insurance License and Appointment Suspension Period for Violations of the Florida Insurance Code

Section 15 amends s. 626.8443, F.S., to increase the maximum license suspension time for title insurance agents and agencies from one year to two years. This change is consistent with similar language related to other agent and agency types, including insurance representatives,¹³⁴ viatical settlement providers,¹³⁵ and Patient Protection and Affordable Care Act health exchange navigators.¹³⁶

Insurance Coverage Eligibility for Export

Section 16 amends s. 626.916, F.S., to remove the requirement for personal residential property agents to notify an insured in writing, prior to exporting coverage to the surplus lines marketplace, that less expensive coverage may be available from Citizens Property Insurance Corporation.

Coercion to Provide Proprietary Underwriting Information

Section 17 amends s. 626.9551, F.S., to prohibit an insurance agent or agency from giving, or a lender from requiring, a copy of an insurer's proprietary underwriting information—including the replacement cost estimator—as a condition precedent to lending money or extending credit which is to be secured by real property. The section also prohibits an insurance agent or agency from providing such information without authorization from the insurer.

¹³⁴ Section 626.641(1), F.S.

¹³⁵ Section 626.9914(2), F.S.

¹³⁶ Section 626.9957(9), F.S.

Exporting of Flood Insurance Coverage

Section 18 amends s. 627.715, F.S., to allow flood insurance coverage to be exported to an eligible surplus lines insurer without the agent complying with the requirement of s. 626.916(1)(a), F.S., to make a diligent effort to seek coverage with at least three authorized insurers.

Florida Fire Marshal – Florida Fire Prevention and Control

Fire and Emergency Incident Information Reporting Program

Section 19 amends s. 633.136, F.S., by replacing “fire protection agencies” with “fire service providers,” specifies that “fire service provider” is defined as in s. 633.102, F.S., and removes a requirement that Division of State Fire Marshal define by rule the term “fire protection agency.” Section 633.102(13), F.S., defines “fire services provider” as a municipality or county, the state, the Division of State Fire Marshall, or any political subdivision of the state, including authorities and special districts, that employs firefighters or uses volunteer firefighters to provide fire extinguishment or fire prevention services for the protection of life and property. The term includes any organization under contract or other agreement with such entity to provide such services.

This section also revises the composition of the Fire and Emergency Incident Information System Technical Advisory Panel (panel) to retain 15 members on the panel as currently provided in statute, but to remove requirements that the panel have one member from the Florida Forest Service and the Department of Health.

Florida Fire Prevention Code

Section 20 amends s. 633.202(18), F.S., to extend by one year to January 1, 2023, the deadline for existing high-rise buildings to comply with requirements for minimum radio strength for fire department communications. The section eliminates a requirement that existing high-rise buildings not in compliance with the requirements for minimum radio strength for fire department communications apply for appropriate permitting by December 31, 2019. The section does, however, require that such buildings complete a minimum radio strength assessment by January 1, 2022, with compliance by January 1, 2023.

The bill eliminates the requirement that existing apartment buildings apply for a permit for the required communications installation by December 31, 2022, and instead requires completion of a minimum radio strength assessment by that date.

Influencing a Firesafety Inspector

Section 21 creates s. 633.217, F.S., to prohibit influencing or attempting to influence a firesafety inspector by threatening, coercing, tricking, or offering compensation for the purpose of inducing the firesafety inspector to violate any provision of the Florida Fire Prevention Code, any rule adopted by the State Fire Marshal, or any provision of ch. 633, F.S. Subsection (2) prohibits a firesafety inspector from knowingly and intentionally requesting, soliciting, accepting, or agreeing to accept a bribe. Section 633.124(1), F.S., provides that any person who violates any

provision of ch. 633, F.S., commits a misdemeanor of the second degree. Thus, a violation of s. 633.217, F.S., would carry such a penalty.

Firefighters Employment, Standards and Training Council

Section 22 amends s. 633.402, F.S., to revise the composition of the Firefighters Employment, Standards, and Training Council to include one individual from the Department of Health, appointed by the Surgeon General. This increases the size of the board from 14 to 15 members.

Volunteer Firefighter Employment

Section 23 amends s. 633.416, F.S., to authorize fire service providers to employ volunteer firefighters and allow them to act in volunteer firefighter capacity for up to one year under the direct supervision of an individual holding a valid firefighter certificate of compliance while they obtain career firefighter certifications. This will increase the availability of firefighters capable of entering immediately dangerous to life and health environments and protecting their communities. The DFS anticipates that this change will improve rural and small agency recruitment and retention efforts by facilitating the hiring of local candidates who are more inclined to remain in the area instead of hiring candidates from other parts of the state who are inclined to return to their home communities once gaining some experience.¹³⁷

Aiding and Abetting Unlicensed Bail Bond Agent

Section 24 amends s. 648.30, F.S., to make it a felony of the third degree for a licensee to knowingly aid or abet a person in violating the section. Section 648.30, F.S., prohibits: acting as a bond agent or temporary bail bond agent without being qualified, licensed, and appointed as provided in ch. 648; representing oneself as a bail enforcement agent, bounty hunter, or other similar title; and apprehending, detaining, or arresting a principal on a bond unless said person is a law enforcement officer or is qualified, licensed, and appointed as provided in ch. 648 or licensed as a bail bond agent or bail bond enforcement agent (or holds an equivalent license from where the bond in question was written).

Presently, s. 777.011, F.S., includes as a “principal in the first degree” a person who aids, abets, counsels, hires, or otherwise procures a criminal offense to be committed. Thus, such person may be charged, convicted, and punished, with the underlying criminal offense even if they were actually or constructively present at the commission of such offense. Accordingly, given current statutory provisions regarding aiding and abetting, appears to merely clarify or restate existing law.

False Personation

Section 25 of the bill amends s. 843.08, F.S., to expand the applicability of criminal penalties associated with false personation of an officer to apply to the impersonation of any personnel or representative of the Division of Investigative and Forensic Services.

¹³⁷ See *supra* note 4.

Reenactment

Section 27 reenacts s. 497.141, F.S., to incorporate changes made to s. 497.142, F.S., in Section 8 of the bill.

Effective Date

Section 28 provides, except as otherwise expressly provided and except for Section 28, which shall take effect upon the act becoming law, the bill has an effective date of July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The bill has an indeterminate negative impact to state revenues and expenditures.

The Department of Financial Services (DFS) has indicated minor modifications will need to be made to the Division of Insurance Agent and Agency Services systems in order to create a tool for enabling of disabling the ability of a party to appoint licensees. The DFS

indicates these changes can be addressed during ongoing system updates and within existing resources.¹³⁸

The bill has an indeterminate negative fiscal impact to the State Risk Management Trust Fund. The DFS estimates expenses relating to self-insuring firefighter cancer benefits to be less than \$100,000 annually.¹³⁹

The Criminal Justice Impact Conference, which provides the final, official estimate of the prison bed impact, if any, of legislation, has not yet reviewed the bill.

Section 9 of the bill amends and increases the penalty related to unlicensed activity pursuant to ch. 497, F.S., from a second degree misdemeanor to a third degree felony, and extends this penalty to impersonating a funeral director, embalmer, direct disposer, or a preneed sales agent. Section 21 of the bill creates a new criminal violation, a second degree misdemeanor, for improperly influencing a firesafety inspector or a firesafety inspector accepting an attempt at such influence. Section 25 expands false personation, which carries first, second and third degree felony penalties, to include all personnel or representatives of the Division of Investigative and Forensic Services. These changes could increase an indeterminate number of people who are subject to misdemeanor or felony penalties. The bill has a positive/negative indeterminate prison bed impact.

VI. Technical Deficiencies:

Section 5 of the bill, creating s. 284.45, F.S., prohibits individuals working for an entity covered by the State Risk Management Trust Fund from engaging in retaliatory conduct of any kind against a sexual harassment victim in subsection (1). While the provision specifies the prohibited behavior, it does not provide any punishment or other consequences for violation. Also, in proposed s. 284.45(2), F.S., a prohibition of the willful and knowing dissemination of personal identifying information of a sexual harassment victim is provided. Based on the placement of this provision in ch. 284, F.S., and the context provided by subsection (1), this provision appears to only apply to individuals working for entities covered by the State Risk Management Trust Fund, however, the subsection does not state this explicitly. Given that this provision provides for a criminal penalty, and that such provisions are strictly construed,¹⁴⁰ the Legislature should consider specifically defining to whom the provisions of subsection (2) apply.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 20.121, 284.30, 284.31, 284.385, 497.101, 497.142, 497.157, 497.159, 552.081, 553.7921, 626.2815, 626.371,

¹³⁸ See *supra* note 4.

¹³⁹ *Id.*

¹⁴⁰ Section 775.021(1), F.S., provides that “offenses defined by other statutes shall be strictly construed; when the language is susceptible of differing constructions, it shall be construed most favorably to the accused.”

626.8443, 626.916, 626.9551, 627.715, 633.136, 633.202, 633.402, 633.416, 648.30, 843.08, and 943.045.

This bill creates the following sections of the Florida Statutes: 284.45, 497.1411, and 633.217.

This bill reenacts section 497.141 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes: (Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Banking and Insurance on March 10, 2021:

The committee substitute:

- Clarifies that payments for firefighter cancer benefits are to be made to employees of state agencies;
- In regards to the disclosure of the personal identifying information of sexual harassment victims, a definition of “personal identifying information” is deleted. This deletion addresses a potential issue where this definition could have been construed as expanding an existing public record exception, thereby necessitating a separate bill;
- Clarifies that when the Department of Financial Services (DFS) determines an individual was not properly appointed and that said appointment was an inadvertent error by the insurer or employer, both back taxes and fees must be paid to have the DFS make the appointment and for the appointing entity to avoid suspension of their authority to appoint licensees;
- Clarifies and simplifies language prohibiting an insurance agent from giving, or a lender from requiring, a copy of an insurer’s proprietary underwriting information as a condition precedent to extending credit secured by real estate;
- Clarifies language allowing flood insurance coverage to be exported to a surplus lines insurer without the agent first seeking to place the coverage with an admitted insurer;
- Deletes a provision revising the scope of fire protection system work for persons certified as a contractors by the Division of State Fire Marshal; and
- Clarifies a provision prohibiting a firesafety inspector from knowingly and intentionally requesting, soliciting, accepting, or agreeing to accept a bribe.

B. Amendments:

None.

By the Committee on Banking and Insurance; and Senator Burgess

 41 exemptions from disqualification if certain conditions
 42 are met; requiring an applicant for an exemption to
 43 provide certain evidence that he or she will not
 44 present a danger if licensed; granting the board the
 45 discretion to approve or deny an exemption; providing
 46 applicability; providing construction; amending s.
 47 497.142, F.S.; revising criminal history disclosure
 48 requirements for applicants seeking licensure under
 49 ch. 497, F.S.; amending s. 497.157, F.S.; prohibiting
 50 persons from acting as or advertising themselves as
 51 being funeral directors, embalmers, direct disposers,
 52 or preneed sales agents unless they are so licensed;
 53 prohibiting persons from engaging in certain
 54 activities requiring licensure without holding
 55 required licenses; revising the criminal penalty for
 56 unlicensed activity; making technical changes;
 57 amending s. 497.159, F.S.; conforming a provision to
 58 changes made by the act; amending s. 552.081, F.S.;

59 revising the definition of the term "two-component
60 explosives" for the purpose of regulation by the
61 Division of State Fire Marshal; amending s. 553.7921,
62 F.S.; authorizing a contractor repairing certain
63 existing fire alarm systems to begin work after filing
64 an application for a required permit but before
65 receiving the permit; providing construction; amending
66 s. 626.2815, F.S.; revising continuing education
67 requirements for certain persons licensed to solicit,
68 sell, or adjust insurance; amending s. 626.371, F.S.;
69 requiring submission of renewal appointments of
70 certain insurance representatives within a certain
71 timeframe; requiring the department to notify certain
72 insurers or employers regarding inadvertent failures
73 to appoint; requiring insurers and employers to pay
74 certain fees and taxes within a certain timeframe;
75 authorizing the department to issue appointments under
76 certain circumstances; prohibiting the department from
77 considering inadvertent failures to appoint to be
78 violations under certain circumstances; requiring the
79 department to suspend an insurer's or employer's
80 authority to appoint licensees under certain
81 circumstances; amending s. 626.8443, F.S.; increasing
82 the maximum period of suspension of a title insurance
83 agent's or agency's license; making technical changes;
84 amending s. 626.916, F.S.; deleting a requirement for
85 agents to advise insureds that certain coverage may be
86 available for personal residential property risks to
87 be eligible for export under the Surplus Lines Law;

88 amending s. 626.9551, F.S.; prohibiting a person from
89 requiring an insurance agent or agency to provide
90 replacement cost estimators or certain other
91 proprietary business information under certain
92 circumstances; prohibiting an insurance agent or
93 agency from providing replacement cost estimators or
94 certain other proprietary business information without
95 written authorization; amending s. 627.715, F.S.;
96 providing an exemption from a diligent effort
97 requirement for agents exporting contracts or
98 endorsements providing flood coverage; amending s.
99 633.136, F.S.; replacing fire protection agencies in
100 the Fire and Emergency Incident Information Reporting
101 Program with fire service providers; revising the
102 composition of the Fire and Emergency Incident
103 Information System Technical Advisory Panel; defining
104 the term "fire service provider"; amending s. 633.202,
105 F.S.; extending a deadline for certain buildings to
106 comply with a minimum radio signal strength
107 requirement under the Florida Fire Prevention Code;
108 requiring such buildings to meet certain conditions by
109 a specified date; revising a condition that existing
110 apartment buildings must meet by a specified date;
111 making technical changes; creating s. 633.217, F.S.;
112 prohibiting certain acts to influence a firesafety
113 inspector to violate certain laws; prohibiting a
114 firesafety inspector from knowingly and intentionally
115 requesting, soliciting, accepting, or agreeing to
116 accept certain compensation; amending s. 633.402,

Page 4 of 35

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

597-02693-21

20211408c1

117 F.S.; revising the composition of the Firefighters
 118 Employment, Standards, and Training Council; amending
 119 s. 633.416, F.S.; providing that certain persons
 120 serving as volunteer firefighters may serve as a
 121 regular or permanent firefighter for a limited period,
 122 subject to certain restrictions; amending s. 648.30,
 123 F.S.; prohibiting the aiding or abetting of unlicensed
 124 activity of a bail bond agent or temporary bail bond
 125 agent; providing criminal penalties; amending s.
 126 843.08, F.S.; prohibiting false personation of
 127 personnel or representatives of the Division of
 128 Investigative and Forensic Services; amending s.
 129 943.045, F.S.; revising the definition of the term
 130 "criminal justice agency" to include the
 131 investigations component of the department which
 132 investigates certain crimes; reenacting s.
 133 497.141(5)(a), F.S., relating to licensing and general
 134 application procedures, to incorporate the amendment
 135 made to s. 497.142, F.S., in a reference thereto;
 136 providing effective dates.

137
 138 Be It Enacted by the Legislature of the State of Florida:

139
 140 Section 1. Paragraph (f) of subsection (2) of section
 141 20.121, Florida Statutes, is amended to read:
 142 20.121 Department of Financial Services.—There is created a
 143 Department of Financial Services.
 144 (2) DIVISIONS.—The Department of Financial Services shall
 145 consist of the following divisions and office:

Page 5 of 35

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

597-02693-21

20211408c1

146 (f) The Division of Public Assistance Fraud, which shall
 147 function as a criminal justice agency for purposes of ss.
 148 943.045-943.08. The division shall conduct investigations
 149 pursuant to s. 414.411 within or outside of this state as it
 150 deems necessary. If, during an investigation, the division has
 151 reason to believe that any criminal law of this state has or may
 152 have been violated, it shall refer any records supporting such
 153 violation to state or federal law enforcement or prosecutorial
 154 agencies and shall provide investigative assistance to those
 155 agencies as required.

156 Section 2. Section 284.30, Florida Statutes, is amended to
 157 read:

158 284.30 State Risk Management Trust Fund; coverages to be
 159 provided.—A state self-insurance fund, designated as the "State
 160 Risk Management Trust Fund," is created to be set up by the
 161 Department of Financial Services and administered with a program
 162 of risk management, which fund is to provide insurance, as
 163 authorized by s. 284.33, for workers' compensation, general
 164 liability, fleet automotive liability, federal civil rights
 165 actions under 42 U.S.C. s. 1983 or similar federal statutes,
 166 benefits payable under s. 112.1816(2), and court-awarded
 167 attorney ~~attorney's~~ fees in other proceedings against the state
 168 except for such awards in eminent domain or for inverse
 169 condemnation or for awards by the Public Employees Relations
 170 Commission. A party to a suit in any court, to be entitled to
 171 have his or her attorney ~~attorney's~~ fees paid by the state or
 172 any of its agencies, must serve a copy of the pleading claiming
 173 the fees on the Department of Financial Services; and thereafter
 174 the department shall be entitled to participate with the agency

Page 6 of 35

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

597-02693-21 20211408c1

175 in the defense of the suit and any appeal thereof with respect
176 to such fees.

177 Section 3. Section 284.31, Florida Statutes, is amended to
178 read:

179 284.31 Scope and types of coverages; separate accounts.—The
180 Insurance Risk Management Trust Fund must ~~shall~~, unless
181 specifically excluded by the Department of Financial Services,
182 cover all departments of the State of Florida and their
183 employees, agents, and volunteers and must ~~shall~~ provide
184 separate accounts for workers' compensation, general liability,
185 fleet automotive liability, federal civil rights actions under
186 42 U.S.C. s. 1983 or similar federal statutes, benefits payable
187 to an employee of a state agency under s. 112.1816(2), and
188 court-awarded attorney ~~attorney's~~ fees in other proceedings
189 against the state except for such awards in eminent domain or
190 for inverse condemnation or for awards by the Public Employees
191 Relations Commission. Unless specifically excluded by the
192 Department of Financial Services, the Insurance Risk Management
193 Trust Fund must ~~shall~~ provide fleet automotive liability
194 coverage to motor vehicles titled to the state, or to any
195 department of the state, when such motor vehicles are used by
196 community transportation coordinators performing, under contract
197 to the appropriate department of the state, services for the
198 transportation disadvantaged under part I of chapter 427. Such
199 fleet automotive liability coverage is ~~shall be~~ primary and is
200 ~~shall be~~ subject to ~~the provisions of~~ s. 768.28 and parts II and
201 III of chapter 284, and applicable rules adopted thereunder, and
202 the terms and conditions of the certificate of coverage issued
203 by the Department of Financial Services.

597-02693-21 20211408c1

204 Section 4. Section 284.385, Florida Statutes, is amended to
205 read:

206 284.385 Reporting and handling of claims.—

207 (1) All departments covered by the State Risk Management
208 Trust Fund under this part shall immediately report all known or
209 potential claims to the Department of Financial Services for
210 handling, except employment complaints that ~~which~~ have not been
211 filed with the Florida Human Relations Commission, Equal
212 Employment Opportunity Commission, or any similar agency. When
213 deemed necessary, the Department of Financial Services shall
214 assign or reassign the claim to counsel. The assigned counsel
215 shall report regularly to the Department of Financial Services
216 or to the covered department on the status of any such claims or
217 litigation as required by the Department of Financial Services.
218 ~~No~~ Such claims may not ~~claim shall~~ be compromised or settled for
219 monetary compensation without the prior approval of the
220 Department of Financial Services and prior notification to the
221 covered department. All departments shall cooperate with the
222 Department of Financial Services in its handling of claims. The
223 Department of Financial Services and the Department of
224 Management Services, with the cooperation of the state attorneys
225 and the clerks of the courts, shall develop a system to
226 coordinate the exchange of information concerning claims for and
227 against the state, its agencies, and its subdivisions, to assist
228 in collection of amounts due to them. The covered department is
229 responsible ~~shall have the responsibility~~ for the settlement of
230 any claim for injunctive or affirmative relief under 42 U.S.C.
231 s. 1983 or similar federal or state statutes. The payment of a
232 settlement or judgment for any claim covered and reported under

597-02693-21 20211408c1

233 this part ~~may shall~~ be made only from the State Risk Management
234 Trust Fund.

235 (2) Benefits provided under s. 112.1816(2) may not be paid
236 from the fund until each request for any out-of-pocket
237 deductible, copayment, or coinsurance costs and one-time cash
238 payout has been validated and approved by the Department of
239 Management Services.

240 Section 5. Section 284.45, Florida Statutes, is created to
241 read:

242 284.45 Sexual harassment victims.-

243 (1) An individual working for an entity covered by the
244 State Risk Management Trust Fund may not engage in retaliatory
245 conduct of any kind against a sexual harassment victim. As used
246 in this section, the term "sexual harassment victim" means an
247 individual employed, or being considered for employment, with an
248 entity participating in the State Risk Management Trust Fund who
249 becomes a victim of workplace sexual harassment through the
250 course of employment, or while being considered for employment,
251 with the entity.

252 (2) The willful and knowing dissemination of personal
253 identifying information of a sexual harassment victim, which is
254 confidential and exempt pursuant to s. 119.071(2)(n), to any
255 party other than a governmental entity in furtherance of its
256 official duties or pursuant to a court order is a misdemeanor of
257 the first degree, punishable as provided in s. 775.082.

258 Section 6. Subsections (1), (2), (3), (6), and (8) of
259 section 497.101, Florida Statutes, are amended to read:

260 497.101 Board of Funeral, Cemetery, and Consumer Services;
261 membership; appointment; terms.-

597-02693-21 20211408c1

262 (1) The Board of Funeral, Cemetery, and Consumer Services
263 is created within the Department of Financial Services and shall
264 consist of 10 members, 9 of whom shall be appointed by the
265 Governor from nominations made by the Chief Financial Officer
266 and confirmed by the Senate. The Chief Financial Officer shall
267 nominate one to three persons for each of the nine vacancies on
268 the board, and the Governor shall fill each vacancy on the board
269 by appointing one of the ~~three~~ persons nominated by the Chief
270 Financial Officer to fill that vacancy. If the Governor objects
271 to each of the ~~three~~ nominations for a vacancy, she or he shall
272 inform the Chief Financial Officer in writing. Upon notification
273 of an objection by the Governor, the Chief Financial Officer
274 shall submit one to three additional nominations for that
275 vacancy until the vacancy is filled. One member must be the
276 State Health Officer or her or his designee.

277 (2) Two members of the board must shall be funeral
278 directors licensed under part III of this chapter who are
279 associated with a funeral establishment. One member of the board
280 must shall be a funeral director licensed under part III of this
281 chapter who is associated with a funeral establishment licensed
282 under part III of this chapter which that has a valid preneed
283 license issued pursuant to this chapter and who owns or operates
284 a cinerator facility approved under chapter 403 and licensed
285 under part VI of this chapter. Two members of the board must
286 ~~shall~~ be persons whose primary occupation is associated with a
287 cemetery company licensed pursuant to this chapter. Two Three
288 members of the board must shall be consumers who are residents
289 of this the state, have never been licensed as funeral directors
290 or embalmers, are not connected with a cemetery or cemetery

597-02693-21 20211408c1
 291 company licensed pursuant to this chapter, and are not connected
 292 with the death care industry or the practice of embalming,
 293 funeral directing, or direct disposition. One of the two
 294 consumer members ~~must shall~~ be at least 60 years of age, ~~and one~~
 295 ~~shall be licensed as a certified public accountant under chapter~~
 296 ~~473. One member of the board must be a consumer who is a~~
 297 resident of this state; is licensed as a certified public
 298 accountant under chapter 473; has never been licensed as a
 299 funeral director or an embalmer; is not a principal or an
 300 employee of any licensee licensed under this chapter; and does
 301 not otherwise have control, as defined in s. 497.005, over any
 302 licensee licensed under this chapter. One member of the board
 303 ~~must shall~~ be a principal of a monument establishment licensed
 304 under this chapter as a monument builder. One member ~~must shall~~
 305 be the State Health Officer or her or his designee. There ~~may~~
 306 ~~shall~~ not be two or more board members who are principals or
 307 employees of the same company or partnership or group of
 308 companies or partnerships under common control.

309 (3) Board members shall be appointed for terms of 4 years,
 310 and the State Health Officer shall serve as long as that person
 311 holds that office. The designee of the State Health Officer
 312 shall serve at the pleasure of the Governor. ~~When the terms of~~
 313 ~~the initial board members expire, the Chief Financial Officer~~
 314 ~~shall stagger the terms of the successor members as follows: one~~
 315 ~~funeral director, one cemetery representative, the monument~~
 316 ~~builder, and one consumer member shall be appointed for terms of~~
 317 ~~2 years, and the remaining members shall be appointed for terms~~
 318 ~~of 4 years. All subsequent terms shall be for 4 years.~~

319 (6) The board shall maintain its headquarters and records

597-02693-21 20211408c1
 320 ~~of the board shall be~~ in the Division of Funeral, Cemetery, and
 321 Consumer Services of the Department of Financial Services in the
 322 City of Tallahassee. The board may be contacted through the
 323 Division of Funeral, Cemetery, and Consumer Services of the
 324 Department of Financial Services in the City of Tallahassee. The
 325 Chief Financial Officer shall annually appoint from among the
 326 board members a chair and vice chair of the board. The board
 327 shall meet at least every 6 months, and more often as necessary.
 328 Special meetings of the board shall be convened upon the
 329 direction of the Chief Financial Officer. A quorum is necessary
 330 for the conduct of business by the board. The participation by a
 331 board member in a meeting conducted through communications media
 332 technology constitutes that individual's presence at such
 333 meeting. Board members appearing at a board meeting in person as
 334 well as board members appearing through the use of
 335 communications media technology shall be counted for the
 336 determination of a quorum. As used in this subsection,
 337 "communications media technology" means the electronic
 338 transmission of printed matter, audio, full-motion video,
 339 freeze-frame video, compressed video, and digital video by any
 340 method available. Unless otherwise provided by law, a majority
 341 of the board members eligible to vote constitutes a quorum for
 342 the purpose of conducting its business ~~six board members shall~~
 343 ~~constitute a quorum for the conduct of the board's business.~~

344 ~~(8) The department shall adopt rules establishing forms by~~
 345 ~~which persons may apply for membership on the board and~~
 346 ~~procedures for applying for such membership. Such forms shall~~
 347 ~~require disclosure of the existence and nature of all current~~
 348 ~~and past employments by or contracts with, and direct or~~

597-02693-21 20211408c1

349 ~~indirect affiliations or interests in, any entity or business~~
 350 ~~that at any time was licensed by the board or by the former~~
 351 ~~Board of Funeral and Cemetery Services or the former Board of~~
 352 ~~Funeral Directors and Embalmers or that is or was otherwise~~
 353 ~~involved in the death care industry, as specified by department~~
 354 ~~rule.~~

355 Section 7. Section 497.1411, Florida Statutes, is created
 356 to read:

357 497.1411 Disqualification of applicants and licensees;
 358 penalties against licensees; rulemaking.

359 (1) For purposes of this section, the term:

360 (a) "Applicant" means an individual applying for licensure
 361 or relicensure under this chapter, or an officer, a director, a
 362 majority owner, a partner, a manager, or another person who
 363 manages or controls an entity applying for licensure or
 364 relicensure under this chapter.

365 (b) "Felony of the first degree" or "capital felony"
 366 includes all felonies designated as such in this state at the
 367 time of the commission of the offense, as well as any offense in
 368 another jurisdiction which is substantially similar to an
 369 offense so designated in this state.

370 (c) "Financial services business" means any financial
 371 activity regulated by the department, the Office of Insurance
 372 Regulation, or the Office of Financial Regulation.

373 (2) An applicant who has been found guilty of, or has
 374 pleaded guilty or nolo contendere to any of the following
 375 crimes, regardless of adjudication, is permanently barred from
 376 licensure under this chapter:

377 (a) A felony of the first degree.

597-02693-21 20211408c1

378 (b) A capital felony.

379 (c) A felony money laundering offense.

380 (d) A felony embezzlement.

381 (3) An applicant who has been found guilty of, or has
 382 pleaded guilty or nolo contendere to a crime not included in
 383 subsection (2), regardless of adjudication, is subject to:

384 (a) A 10-year disqualifying period for all felonies
 385 involving moral turpitude which are not specifically included in
 386 the permanent bar from licensure contained in subsection (2).

387 (b) A 5-year disqualifying period for all felonies to which
 388 neither the permanent bar from licensure in subsection (2) nor
 389 the 10-year disqualifying period in paragraph (a) applies.

390 (c) A 5-year disqualifying period for all misdemeanors
 391 directly related to the financial services business.

392 (4) The board shall adopt rules to administer this section.
 393 The rules must provide for additional disqualifying periods due
 394 to the commitment of multiple crimes and may include other
 395 factors reasonably related to the applicant's criminal history.
 396 The rules must provide for mitigating and aggravating factors.
 397 However, mitigation may not result in a period of
 398 disqualification of less than 5 years and may not mitigate the
 399 disqualifying periods in paragraphs (3)(b) and (c).

400 (5) For purposes of this section, a disqualifying period
 401 begins upon the applicant's final release from supervision or
 402 upon completion of the applicant's criminal sentence. The
 403 department may not issue a license to an applicant unless all
 404 related fines, court costs and fees, and court-ordered
 405 restitution have been paid.

406 (6) After the disqualifying period has expired, the burden

597-02693-21 20211408c1

407 is on the applicant to demonstrate that he or she has been
 408 rehabilitated, does not pose a risk to the public, is fit and
 409 trustworthy to engage in business regulated by this chapter, and
 410 is otherwise qualified for licensure.

411 (7) Notwithstanding subsections (2) and (3), an applicant
 412 who has been found guilty of, or has pleaded guilty or nolo
 413 contendere to, a crime in subsection (2) or subsection (3) and
 414 who has subsequently been granted a pardon or the restoration of
 415 civil rights pursuant to chapter 940 and s. 8, Art. IV of the
 416 State Constitution, or a pardon or the restoration of civil
 417 rights under the laws of another jurisdiction with respect to a
 418 conviction in that jurisdiction, is not barred or disqualified
 419 from licensure under this chapter. However, such a pardon or
 420 restoration of civil rights does not require the department to
 421 award such license.

422 (8) (a) The board may grant an exemption from
 423 disqualification to any person disqualified from licensure under
 424 subsection (3) if:

425 1. The applicant has paid in full any fee, fine, fund,
 426 lien, civil judgment, restitution, or cost of prosecution
 427 imposed by the court as part of the judgment and sentence for
 428 any disqualifying offense; and

429 2. At least 5 years have elapsed since the applicant
 430 completed or has been lawfully released from confinement,
 431 supervision, or a nonmonetary condition imposed by the court for
 432 a disqualifying offense.

433 (b) For the board to grant an exemption under this
 434 subsection, the applicant must clearly and convincingly
 435 demonstrate that he or she would not pose a risk to persons or

597-02693-21 20211408c1

436 property if licensed under this chapter, evidence of which must
 437 include, but need not be limited to, facts and circumstances
 438 surrounding the disqualifying offense, the time that has elapsed
 439 since the offense, the nature of the offense and harm caused to
 440 the victim, the applicant's history before and after the
 441 offense, and any other evidence or circumstances indicating that
 442 the applicant will not present a danger if licensed or
 443 certified.

444 (c) The board has discretion whether to grant or deny an
 445 exemption under this subsection. The board's decision is subject
 446 to chapter 120.

447 (9) The disqualification periods provided in this section
 448 do not apply to the renewal of a license or to a new application
 449 for licensure if the applicant has an active license as of July
 450 1, 2021, and the applicable criminal history was considered by
 451 the board on the prior approval of any active license held by
 452 the applicant. This subsection does not affect any criminal
 453 history disclosure requirements of this chapter.

454 Section 8. Subsection (9) and paragraph (c) of subsection
 455 (10) of section 497.142, Florida Statutes, are amended to read:
 456 497.142 Licensing; fingerprinting and criminal background
 457 checks.—

458 (9) If any applicant under this chapter has been, ~~within~~
 459 ~~the 10 years preceding the application under this chapter,~~
 460 convicted or found guilty of, or entered a plea of nolo
 461 contendere to, regardless of adjudication, any crime in any
 462 jurisdiction, the application shall not be deemed complete until
 463 such time as the applicant provides such certified true copies
 464 of the court records evidencing the conviction, finding, or plea

597-02693-21

20211408c1

465 as required by this section or, as the licensing authority may
466 by rule require.

467 (10) (c) Crimes to be disclosed are:

468 1. Any felony ~~or misdemeanor~~, no matter when committed,
469 ~~that was directly or indirectly related to or involving any~~
470 ~~aspect of the practice or business of funeral directing,~~
471 ~~embalming, direct disposition, cremation, funeral or cemetery~~
472 ~~preneed sales, funeral establishment operations, cemetery~~
473 ~~operations, or cemetery monument or marker sales or~~
474 ~~installation.~~

475 2. Any misdemeanor, no matter when committed, which was
476 directly or indirectly related to the financial services
477 business as defined in s. 497.1411 Any other felony not already
478 disclosed under subparagraph 1. that was committed within the 20
479 years immediately preceding the application under this chapter.

480 3. Any other misdemeanor not already disclosed under
481 subparagraph 2. which subparagraph 1. that was committed within
482 the 5 years immediately preceding the application under this
483 chapter.

484 Section 9. Present subsections (2) through (5) of section
485 497.157, Florida Statutes, are redesignated as subsections (4)
486 through (7), respectively, new subsections (2) and (3) and
487 subsection (8) are added to that section, and present subsection
488 (3) of that section is amended, to read:

489 497.157 Unlicensed practice; remedies concerning violations
490 by unlicensed persons.—

491 (2) A person may not be, act as, or advertise or hold
492 himself or herself out to be a funeral director, an embalmer, or
493 a direct disposer unless he or she is currently licensed by the

597-02693-21

20211408c1

494 department.

495 (3) A person may not be, act as, or advertise or hold
496 himself or herself out to be a preneed sales agent unless he or
497 she is currently licensed by the department and appointed by a
498 preneed main licensee for which he or she is executing preneed
499 contracts.

500 ~~(5)(3)~~ Where the department determines that an emergency
501 exists regarding any violation of this chapter by any unlicensed
502 person or entity, the department may issue and serve an
503 immediate final order upon such unlicensed person or entity, in
504 accordance with s. 120.569(2)(n). Such an immediate final order
505 may impose such prohibitions and requirements as are reasonably
506 necessary to protect the public health, safety, and welfare, and
507 is shall be effective when served.

508 (a) For the purpose of enforcing such an immediate final
509 order, the department may file an emergency or other proceeding
510 in the circuit courts of the state seeking enforcement of the
511 immediate final order by injunctive or other order of the court.
512 The court shall issue its injunction or other order enforcing
513 the immediate final order pending administrative resolution of
514 the matter under subsection (4) (2), unless the court determines
515 that such action would work a manifest injustice under the
516 circumstances. Venue for judicial actions under this paragraph
517 must shall be, at the election of the department, in the courts
518 of Leon County, or in a county where the respondent resides or
519 has a place of business.

520 (b) After serving an immediate final order to cease and
521 desist upon any person or entity, the department shall within 10
522 days issue and serve upon the same person or entity an

597-02693-21 20211408c1

523 administrative complaint as set forth in subsection (4) ~~(2)~~,
 524 except that, absent order of a court to the contrary, the
 525 immediate final order will ~~shall~~ be effective throughout the
 526 pendency of proceedings under subsection (4) ~~(2)~~.

527 (8) Any person who is not licensed under this chapter and
 528 who engages in activity requiring licensure under this chapter
 529 commits a felony of the third degree, punishable as provided in
 530 s. 775.082, s. 775.083, or s. 775.084.

531 Section 10. Subsection (6) of section 497.159, Florida
 532 Statutes, is amended to read:

533 497.159 Crimes.—

534 ~~(6) Any person who is not licensed under this chapter who~~
 535 ~~engages in activity requiring licensure under this chapter,~~
 536 ~~commits a misdemeanor of the second degree, punishable as~~
 537 ~~provided in s. 775.082 or s. 775.083.~~

538 Section 11. Subsection (13) of section 552.081, Florida
 539 Statutes, is amended to read:

540 552.081 Definitions.—As used in this chapter:

541 (13) "Two-component explosives" means any two inert
 542 components ~~that which~~, when mixed, become capable of detonation
 543 by a ~~detonator~~ ~~a No. 6 blasting cap~~, and shall be classified as
 544 a Class "A" explosive when so mixed.

545 Section 12. Present subsection (2) of section 553.7921,
 546 Florida Statutes, is redesignated as subsection (3), a new
 547 subsection (2) is added to that section, and subsection (1) of
 548 that section is amended, to read:

549 553.7921 Fire alarm permit application to local enforcement
 550 agency.—

551 (1) A contractor must file a Uniform Fire Alarm Permit

597-02693-21 20211408c1

552 Application as provided in subsection (3) ~~(2)~~ with the local
 553 enforcement agency and must receive the fire alarm permit
 554 before~~+~~

555 ~~(a) installing or replacing a fire alarm, if the local~~
 556 ~~enforcement agency requires a plan review for the installation~~
 557 ~~or replacement; or~~

558 ~~(b) Repairing an existing alarm system that was previously~~
 559 ~~permitted by the local enforcement agency if the local~~
 560 ~~enforcement agency requires a fire alarm permit for the repair.~~

561 (2) If the local enforcement agency requires a fire alarm
 562 permit to repair an existing alarm system that was previously
 563 permitted by the local enforcement agency, a contractor may
 564 begin work after filing a Uniform Fire Alarm Permit Application
 565 as provided in subsection (3). A fire alarm repaired pursuant to
 566 this subsection may not be considered compliant until the
 567 required permit is issued and the local enforcement agency
 568 approves the repair.

569 Section 13. Effective January 1, 2022, subsection (3) of
 570 section 626.2815, Florida Statutes, is amended to read:

571 626.2815 Continuing education requirements.—

572 (3) Each licensee except a title insurance agent must
 573 complete a 4-hour ~~5-hour~~ update course every 2 years which is
 574 specific to the license held by the licensee. The course must be
 575 developed and offered by providers and approved by the
 576 department. The content of the course must address all lines of
 577 insurance for which examination and licensure are required and
 578 include the following subject areas: insurance law updates,
 579 ethics for insurance professionals, disciplinary trends and case
 580 studies, industry trends, premium discounts, determining

597-02693-21 20211408c1

581 suitability of products and services, and other similar
 582 insurance-related topics the department determines are relevant
 583 to legally and ethically carrying out the responsibilities of
 584 the license granted. A licensee who holds multiple insurance
 585 licenses must complete an update course that is specific to at
 586 least one of the licenses held. Except as otherwise specified,
 587 any remaining required hours of continuing education are
 588 elective and may consist of any continuing education course
 589 approved by the department under this section.

590 (a) Except as provided in paragraphs (b), (c), (d), (e),
 591 (i), and (j), each licensee must also complete 20 ~~19~~ hours of
 592 elective continuing education courses every 2 years.

593 (b) A licensee who has been licensed for 6 or more years
 594 must also complete a minimum of 16 ~~15~~ hours of elective
 595 continuing education every 2 years.

596 (c) A licensee who has been licensed for 25 years or more
 597 and is a CLU or a CPCU or has a Bachelor of Science degree in
 598 risk management or insurance with evidence of 18 or more
 599 semester hours in insurance-related courses must also complete a
 600 minimum of 6 ~~5~~ hours of elective continuing education courses
 601 every 2 years.

602 (d) An individual who holds a license as a customer
 603 representative and who is not a licensed life or health agent
 604 must also complete a minimum of 6 ~~5~~ hours of continuing
 605 education courses every 2 years.

606 (e) An individual subject to chapter 648 must complete the
 607 4-hour ~~5-hour~~ update course and a minimum of 10 ~~9~~ hours of
 608 elective continuing education courses every 2 years.

609 (f) Elective continuing education courses for public

597-02693-21 20211408c1

610 adjusters must be specifically designed for public adjusters and
 611 approved by the department. Notwithstanding this subsection,
 612 public adjusters for workers' compensation insurance or health
 613 insurance are not required to take continuing education courses
 614 pursuant to this section.

615 (g) Excess hours accumulated during any 2-year compliance
 616 period may be carried forward to the next compliance period.

617 (h) An individual teaching an approved course of
 618 instruction or lecturing at any approved seminar and attending
 619 the entire course or seminar qualifies for the same number of
 620 classroom hours as would be granted to a person taking and
 621 successfully completing such course or seminar. Credit is
 622 limited to the number of hours actually taught unless a person
 623 attends the entire course or seminar. An individual who is an
 624 official of or employed by a governmental entity in this state
 625 and serves as a professor, instructor, or in another position or
 626 office, the duties and responsibilities of which are determined
 627 by the department to require monitoring and review of insurance
 628 laws or insurance regulations and practices, is exempt from this
 629 section.

630 (i) For compliance periods beginning on or after October 1,
 631 2014, any person who holds a license as a title insurance agent
 632 must complete a minimum of 10 hours of continuing education
 633 credit every 2 years in title insurance and escrow management
 634 specific to this state and approved by the department, which
 635 must ~~shall~~ include at least 3 hours of continuing education on
 636 the subject matter of ethics, rules, or compliance with state
 637 and federal regulations relating specifically to title insurance
 638 and closing services.

597-02693-21

20211408c1

639 (j) For a licensee who is an active participant in an
640 association, 2 hours of elective continuing education credit per
641 calendar year may be approved by the department, if properly
642 reported by the association.

643 Section 14. Subsections (1) and (2) of section 626.371,
644 Florida Statutes, are amended to read:

645 626.371 Payment of fees, taxes for appointment period
646 without appointment.—

647 (1) All initial and renewal appointments shall be submitted
648 to the department on a monthly basis no later than 45 days after
649 the date of appointment and become effective on the date
650 requested on the appointment form.

651 (2)(a) If, upon application and qualification for an
652 initial or renewal appointment and such investigation as the
653 department may make, ~~it appears to the department determines~~
654 that an individual has not been properly appointed to represent
655 an insurer or employer, that such individual who was formerly
656 licensed or is currently licensed, but not properly appointed to
657 represent an insurer or employer and that such individual who
658 has been actively engaged or is currently actively engaged as
659 such an appointee, but without being appointed as required, the
660 department shall may, if it finds that such failure to be
661 appointed was an inadvertent error on the part of the insurer or
662 employer so represented, notify the insurer or employer of its
663 finding and of the requirement to pay all fees and taxes due
664 pursuant to paragraph (b) within 21 days.

665 (b) The department may nevertheless issue or authorize the
666 issuance of the appointment upon the insurer's or employer's
667 timely payment to the department of as applied for but subject

Page 23 of 35

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

597-02693-21

20211408c1

668 ~~to the condition that, before the appointment is issued, all~~
669 ~~fees and taxes that which~~ would have been due had the applicant
670 been properly ~~se~~ appointed during such current and prior
671 periods, including with applicable fees and taxes that would
672 have been due pursuant to s. 624.501 for such current and prior
673 periods of appointment, ~~shall be paid to the department.~~

674 (c) Upon proper appointment of the individual and payment
675 of all fees and taxes due pursuant to paragraph (b), paragraph
676 (3) (a), and s. 624.501 by the insurer or employer, the
677 department may no longer consider the inadvertent failure to
678 appoint to be a violation of this code.

679 (d) If the insurer or employer does not pay the fees and
680 taxes due pursuant to paragraph (b) within 21 days after notice
681 by the department, the department shall suspend the insurer's or
682 employer's authority to appoint licensees until all outstanding
683 fees and taxes have been paid.

684 Section 15. Subsection (1) of section 626.8443, Florida
685 Statutes, is amended to read:

686 626.8443 Duration of suspension or revocation.—

687 (1) The department shall, in its order suspending a title
688 insurance agent's or agency's license or appointment or in its
689 order suspending the eligibility of a person to hold or apply
690 for such license or appointment, specify the period during which
691 the suspension is to be in effect, but such period may shall not
692 exceed 2 years ~~1 year~~. The license, ~~or~~ appointment, or
693 eligibility will shall remain suspended during the period so
694 specified, subject, however, to any rescission or modification
695 of the order by the department, or modification or reversal
696 thereof by the court, prior to expiration of the suspension

Page 24 of 35

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

597-02693-21 20211408c1

697 period. A license, appointment, or eligibility ~~that which~~ has
 698 been suspended may not be reinstated except upon request for
 699 such reinstatement, but the department ~~may shall~~ not grant such
 700 reinstatement if it finds that the circumstance or circumstances
 701 for which the license, appointment, and eligibility was
 702 suspended still exist or are likely to recur.

703 Section 16. Paragraph (e) of subsection (1) of section
 704 626.916, Florida Statutes, is amended to read:

705 626.916 Eligibility for export.—

706 (1) No insurance coverage shall be eligible for export
 707 unless it meets all of the following conditions:

708 ~~(e) For personal residential property risks, the retail or~~
 709 ~~producing agent must advise the insured in writing that coverage~~
 710 ~~may be available and may be less expensive from Citizens~~
 711 ~~Property Insurance Corporation. The notice must include other~~
 712 ~~information that states that assessments by Citizens Property~~
 713 ~~Insurance Corporation are higher and the coverage provided by~~
 714 ~~Citizens Property Insurance Corporation may be less than the~~
 715 ~~property's existing coverage. If the notice is signed by the~~
 716 ~~insured, it is presumed that the insured has been informed and~~
 717 ~~knows that policies from Citizens Property Insurance Corporation~~
 718 ~~may be less expensive, may provide less coverage, and will be~~
 719 ~~accompanied by higher assessments.~~

720 Section 17. Paragraph (e) is added to subsection (1) of
 721 section 626.9551, Florida Statutes, to read:

722 626.9551 Favored agent or insurer; coercion of debtors.—

723 (1) No person may:

724 (e) Require an insurance agent or agency to directly or
 725 indirectly provide the replacement cost estimator or other

597-02693-21 20211408c1

726 underwriting information of an insurer underwriting an insurance
 727 policy covering real property as a condition precedent or
 728 condition subsequent to the lending of money or extension of
 729 credit to be secured by real property when such information is
 730 the proprietary business information of an insurer as defined in
 731 s. 624.4212(1). An insurance agent or agency may not provide
 732 such information to any person without authorization from the
 733 insurer.

734 Section 18. Present subsections (4) through (10) of section
 735 627.715, Florida Statutes, are redesignated as subsections (5)
 736 through (11), respectively, and a new subsection (4) is added to
 737 that section, to read:

738 627.715 Flood insurance.—An authorized insurer may issue an
 739 insurance policy, contract, or endorsement providing personal
 740 lines residential coverage for the peril of flood or excess
 741 coverage for the peril of flood on any structure or the contents
 742 of personal property contained therein, subject to this section.
 743 This section does not apply to commercial lines residential or
 744 commercial lines nonresidential coverage for the peril of flood.
 745 An insurer may issue flood insurance policies, contracts,
 746 endorsements, or excess coverage on a standard, preferred,
 747 customized, flexible, or supplemental basis.

748 (4) An agent may export a contract or an endorsement
 749 providing flood coverage to an eligible surplus lines insurer
 750 without making a diligent effort to seek such coverage from
 751 three or more authorized insurers under s. 626.916(1)(a).

752 Section 19. Section 633.136, Florida Statutes, is amended
 753 to read:

754 633.136 Fire and Emergency Incident Information Reporting

597-02693-21

20211408c1

755 Program; duties; fire reports.-

756 (1) (a) The Fire and Emergency Incident Information
757 Reporting Program is created within the division. The program
758 shall:

759 1. Establish and maintain an electronic communication
760 system capable of transmitting fire and emergency incident
761 information to and between fire service providers ~~protection~~
762 ~~agencies~~.

763 2. Initiate a Fire and Emergency Incident Information
764 Reporting System that is ~~shall be~~ responsible for:

765 a. Receiving fire and emergency incident information from
766 fire service providers ~~protection agencies~~.

767 b. Preparing and disseminating annual reports to the
768 Governor, the President of the Senate, the Speaker of the House
769 of Representatives, fire service providers ~~protection agencies~~,
770 and, upon request, the public. Each report must ~~shall~~ include,
771 but not be limited to, the information listed in the National
772 Fire Incident Reporting System.

773 c. Upon request, providing other states and federal
774 agencies with fire and emergency incident data of this state.

775 3. Adopt rules to effectively and efficiently implement,
776 administer, manage, maintain, and use the Fire and Emergency
777 Incident Information Reporting Program. The rules shall be
778 considered minimum requirements and may ~~shall~~ not preclude a
779 fire service provider ~~protection agency~~ from implementing its
780 own requirements that ~~which~~ may not conflict with the rules of
781 the division.

782 4. By rule, establish procedures and a format for each fire
783 service provider ~~protection agency~~ to voluntarily monitor its

Page 27 of 35

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

597-02693-21

20211408c1

784 records and submit reports to the program.

785 5. Maintain ~~Establish~~ an electronic information database
786 that is accessible and searchable by fire service providers
787 ~~protection agencies~~.

788 (b) The division shall consult with the Florida Forest
789 Service of the Department of Agriculture and Consumer Services
790 and the State Surgeon General of the Department of Health to
791 coordinate data, ensure accuracy of the data, and limit
792 duplication of efforts in data collection, analysis, and
793 reporting.

794 (2) The Fire and Emergency Incident Information System
795 Technical Advisory Panel is created within the division. The
796 panel shall advise, review, and recommend to the State Fire
797 Marshal with respect to the requirements of this section. The
798 membership of the panel consists ~~shall consist~~ of the following
799 15 members:

800 ~~(a) The current 13 members of the Firefighters Employment,~~
801 ~~Standards, and Training Council as established in s. 633.402.~~

802 ~~(b) One member from the Florida Forest Service of the~~
803 ~~Department of Agriculture and Consumer Services, appointed by~~
804 ~~the director of the Florida Forest Service.~~

805 ~~(c) One member from the Department of Health, appointed by~~
806 ~~the State Surgeon General.~~

807 (3) As used in ~~For the purpose of~~ this section, the term
808 "fire service provider" has the same meaning as in s. 633.102
809 "fire protection agency" ~~shall be defined by rule by the~~
810 ~~division.~~

811 Section 20. Subsection (18) of section 633.202, Florida
812 Statutes, is amended to read:

Page 28 of 35

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

597-02693-21

20211408c1

813 633.202 Florida Fire Prevention Code.—

814 (18) The authority having jurisdiction shall determine the

815 minimum radio signal strength for fire department communications

816 in all new high-rise and existing high-rise buildings. Existing

817 buildings are not required to comply with minimum radio strength

818 for fire department communications and two-way radio system

819 enhancement communications as required by the Florida Fire

820 Prevention Code until January 1, 2023 ~~2022~~. However, by January

821 1, 2022 ~~December 31, 2019~~, an existing building that is not in

822 compliance with the requirements for minimum radio strength for

823 fire department communications must have completed a minimum

824 radio strength assessment ~~apply for an appropriate permit~~ for

825 the required installation with the local government agency

826 having jurisdiction and must demonstrate that the building will

827 become compliant by January 1, 2023 ~~2022~~. Existing apartment

828 buildings are not required to comply until January 1, 2025.

829 However, existing apartment buildings must have completed a

830 minimum radio strength assessment ~~are required to apply for the~~

831 ~~appropriate permit~~ for the required communications installation

832 by December 31, 2022.

833 Section 21. Section 633.217, Florida Statutes, is created

834 to read:

835 633.217 Influencing a firesafety inspector; prohibited

836 acts.—

837 (1) A person may not influence a firesafety inspector by:

838 (a) Threatening, coercing, tricking, or attempting to

839 threaten, coerce, or trick the firesafety inspector into

840 violating any provision of the Florida Fire Prevention Code, any

841 rule adopted by the State Fire Marshal, or any provision of this

Page 29 of 35

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

597-02693-21

20211408c1

842 chapter.

843 (b) Offering any compensation to the firesafety inspector

844 to induce a violation of the Florida Fire Prevention Code, any

845 rule adopted by the State Fire Marshal, or any provision of this

846 chapter.

847 (2) A firesafety inspector may not knowingly and

848 intentionally request, solicit, accept, or agree to accept

849 compensation offered as described in paragraph (1) (b).

850 Section 22. Subsection (1) of section 633.402, Florida

851 Statutes, is amended to read:

852 633.402 Firefighters Employment, Standards, and Training

853 Council; organization; meetings; quorum; compensation; seal;

854 special powers; firefighter training.—

855 (1) There is created within the department a Firefighters

856 Employment, Standards, and Training Council of 15 ~~14~~ members.

857 (a) The members shall be appointed as follows:

858 1. Two fire chiefs appointed by the Florida Fire Chiefs

859 Association.

860 2. Two firefighters, who are not officers, appointed by the

861 Florida Professional Firefighters Association.

862 3. Two firefighter officers, who are not fire chiefs,

863 appointed by the State Fire Marshal.

864 4. One individual appointed by the Florida League of

865 Cities.

866 5. One individual appointed by the Florida Association of

867 Counties.

868 6. One individual appointed by the Florida Association of

869 Special Districts.

870 7. One individual appointed by the Florida Fire Marshals'

Page 30 of 35

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

597-02693-21 20211408c1

871 and Inspectors' Association.

872 8. One employee of the Florida Forest Service of the
873 Department of Agriculture and Consumer Services appointed by the
874 director of the Florida Forest Service.

875 9. One individual appointed by the State Fire Marshal.

876 10. One director or instructor of a state-certified
877 firefighting training facility appointed by the State Fire
878 Marshal.

879 11. One individual ~~The remaining member, who shall be~~
880 appointed by the State Fire Marshal, who may not be a member or
881 representative of the firefighting profession or of any local
882 government.

883 12. One individual from the Department of Health, appointed
884 by the Surgeon General.

885 (b) To be eligible for appointment as a member under
886 subparagraph (a)1., subparagraph (a)2., subparagraph (a)3.,
887 subparagraph (a)8., or subparagraph (a)10., a person must have
888 had at least 4 years' experience in the firefighting profession.
889 Members shall serve only as long as they continue to meet the
890 criteria under which they were appointed, or unless a member has
891 failed to appear at three consecutive and properly noticed
892 meetings unless excused by the chair.

893 Section 23. Subsection (1) of section 633.416, Florida
894 Statutes, is amended to read:

895 633.416 Firefighter employment and volunteer firefighter
896 service; saving clause.—

897 (1) A fire service provider may not employ an individual
898 to:

899 (a) Extinguish fires for the protection of life or property

597-02693-21 20211408c1

900 or to supervise individuals who perform such services unless the
901 individual holds a current and valid Firefighter Certificate of
902 Compliance. However, a person who is currently serving as a
903 volunteer firefighter and holds a volunteer firefighter
904 certificate of completion with a fire service provider, who is
905 then employed as a regular or permanent firefighter by such fire
906 service provider, may function, for a period of 1 year under the
907 direct supervision of an individual holding a valid Firefighter
908 Certificate of Compliance, in the same capacity in which he or
909 she acted as a volunteer firefighter, provided that he or she
910 has completed all training required by the volunteer
911 organization. Under no circumstance can this period extend
912 beyond 1 year either collectively or consecutively from the
913 start of employment to obtain a Firefighter Certificate of
914 Compliance; or

915 (b) Serve as the administrative and command head of a fire
916 service provider for a period in excess of 1 year unless the
917 individual holds a current and valid Firefighter Certificate of
918 Compliance or Special Certificate of Compliance.

919 Section 24. Section 648.30, Florida Statutes, is amended to
920 read:

921 648.30 Licensure and appointment required; prohibited acts;
922 penalties.—

923 (1) A person may not act in the capacity of a bail bond
924 agent or temporary bail bond agent or perform any of the
925 functions, duties, or powers prescribed for bail bond agents or
926 temporary bail bond agents under this chapter unless that person
927 is qualified, licensed, and appointed as provided in this
928 chapter.

597-02693-21 20211408c1

929 (2) A person may not represent himself or herself to be a
930 bail enforcement agent, bounty hunter, or other similar title in
931 this state.

932 (3) A person, other than a certified law enforcement
933 officer, may not apprehend, detain, or arrest a principal on a
934 bond, wherever issued, unless that person is qualified,
935 licensed, and appointed as provided in this chapter or licensed
936 as a bail bond agent or bail bond enforcement agent, or holds an
937 equivalent license by the state where the bond was written.

938 (4) Any person who violates this section commits a felony
939 of the third degree, punishable as provided in s. 775.082, s.
940 775.083, or s. 775.084.

941 (5) Any licensee under this chapter who knowingly aids or
942 abets an unlicensed person in violating this section commits a
943 felony of the third degree, punishable as provided in s.
944 775.082, s. 775.083, or s. 775.084.

945 Section 25. Section 843.08, Florida Statutes, is amended to
946 read:

947 843.08 False personation.—A person who falsely assumes or
948 pretends to be a firefighter, a sheriff, an officer of the
949 Florida Highway Patrol, an officer of the Fish and Wildlife
950 Conservation Commission, an officer of the Department of
951 Environmental Protection, ~~a fire or arson investigator of the~~
952 ~~Department of Financial Services~~, an officer of the Department
953 of Financial Services, any personnel or representative of the
954 Division of Investigative and Forensic Services, an officer of
955 the Department of Corrections, a correctional probation officer,
956 a deputy sheriff, a state attorney or an assistant state
957 attorney, a statewide prosecutor or an assistant statewide

Page 33 of 35

597-02693-21 20211408c1

958 prosecutor, a state attorney investigator, a coroner, a police
959 officer, a lottery special agent or lottery investigator, a
960 beverage enforcement agent, a school guardian as described in s.
961 30.15(1)(k), a security officer licensed under chapter 493, any
962 member of the Florida Commission on Offender Review or any
963 administrative aide or supervisor employed by the commission,
964 any personnel or representative of the Department of Law
965 Enforcement, or a federal law enforcement officer as defined in
966 s. 901.1505, and takes upon himself or herself to act as such,
967 or to require any other person to aid or assist him or her in a
968 matter pertaining to the duty of any such officer, commits a
969 felony of the third degree, punishable as provided in s.
970 775.082, s. 775.083, or s. 775.084. However, a person who
971 falsely personates any such officer during the course of the
972 commission of a felony commits a felony of the second degree,
973 punishable as provided in s. 775.082, s. 775.083, or s. 775.084.
974 If the commission of the felony results in the death or personal
975 injury of another human being, the person commits a felony of
976 the first degree, punishable as provided in s. 775.082, s.
977 775.083, or s. 775.084.

978 Section 26. Paragraph (f) is added to subsection (11) of
979 section 943.045, Florida Statutes, to read:

980 943.045 Definitions; ss. 943.045-943.08.—The following
981 words and phrases as used in ss. 943.045-943.08 shall have the
982 following meanings:

983 (11) "Criminal justice agency" means:

984 (f) The investigations component of the Department of
985 Financial Services which investigates the crimes of fraud and
986 official misconduct in all public assistance given to residents

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

597-02693-21

20211408c1

987 of this state or provided to others by the state.

988 Section 27. For the purpose of incorporating the amendment
989 made by this act to section 497.142, Florida Statutes, in a
990 reference thereto, paragraph (a) of subsection (5) of section
991 497.141, Florida Statutes, is reenacted to read:

992 497.141 Licensing; general application procedures.—

993 (5) (a) The licensing authority may not issue, and effective
994 July 1, 2011, may not renew, a license under this chapter to an
995 applicant that has a criminal record required to be disclosed
996 under s. 497.142(10) unless the applicant demonstrates that
997 issuance of the license, according to rules adopted by the
998 licensing authority, does not create a danger to the public. A
999 licensee who previously disclosed her or his criminal record
1000 upon initial application or renewal of her or his license must
1001 disclose only a criminal offense for which the licensee was
1002 convicted or entered a plea of guilty or nolo contendere since
1003 the most recent renewal of her or his license or, if the license
1004 has not been renewed, since the licensee's initial application.

1005 Section 28. Except as otherwise expressly provided in this
1006 act and except for this section, which shall take effect upon
1007 this act becoming a law, this act shall take effect July 1,
1008 2021.

The Florida Senate

Committee Agenda Request

To: Senator Kelli Stargel, Chair
Committee on Appropriations

Subject: Committee Agenda Request

Date: March 15, 2021

I respectfully request that **Senate Bill #1408**, relating to Department of Financial Services, be placed on the:

- committee agenda at your earliest possible convenience.
- next committee agenda.

The Florida Senate
BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL: CS/CS/SB 1448

INTRODUCER: Appropriation Committee; Governmental Oversight and Accountability Committee; and Senator Jones

SUBJECT: Information Technology Procurement

DATE: April 18, 2021

REVISED: _____

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	<u>Candelaria</u>	<u>McVaney</u>	<u>GO</u>	<u>Fav/CS</u>
2.	<u>Davis</u>	<u>Sadberry</u>	<u>AP</u>	<u>Fav/CS</u>

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1448 expands the powers, duties, and functions of the Florida Digital Service (FDS).

The bill requires the FDS to establish technical standards to ensure that state agencies information technology (IT) projects comply with the enterprise architecture.

The bill decreases the cost threshold that triggers the FDS oversight of cabinet agency IT projects from \$25 million to \$20 million. It also removes the requirement that a cabinet agency IT project impact one or more other agencies before triggering the FDS project oversight.

The bill requires the FDS to include in its IT-related policies a requirement that IT commodities and services purchased by the state meet the National Institute of Standards and Technology Cybersecurity Framework.

For an IT project where project oversight is required, the FDS must include in its IT related policies a requirement that independent verification and validation (IV&V) be employed throughout the project lifecycle with the primary objective of IV&V being to provide an objective assessment of products and processes. Entities providing IV&V may not have technical, managerial, or financial interest and may not have responsibility for, or participate in, any other aspect of the project.

For IT state term contracts, the bill requires the Secretary of Management Services and the state chief information officer to certify in writing when a contract for IT commodities, consultant services, or staff augmentation contractual services should exceed 48 months because it is in the best interest of the state.

For state agency IT projects totaling \$10 million or more, a state agency must provide written notice to the FDS of any planned procurements. For these IT projects, the FDS must participate in the development of specifications and recommend modification of any planned procurements to ensure it complies with the enterprise architecture, and must participate in post-award contract monitoring.

The bill requires an agency to issue a request for quote to all vendors approved to provide IT commodities, consultant services, or staff augmentation contractual services for a state term contract with 25 approved vendors or fewer. For any state term contract with more than 25 vendors, an agency must issue a request for quote to at least 25 of the vendors approved to provide such commodity or contractual service.

Beginning October 1, 2021, and annually thereafter, the Department of Management Services (DMS) must prequalify firms and individuals to provide IT staff augmentation contractual services on a state term contract.

The bill will have an indeterminate fiscal impact on state government expenditures. The FDS may incur additional workload increases and associated costs as it undertakes new contract monitoring responsibilities for state agency IT projects in excess of \$10 million. The DMS may experience additional workload and associated costs in prequalifying firms and individuals to provide staff augmentation contractual services on a state term contract.

The bill takes effect July 1, 2021.

II. Present Situation:

The Florida Digital Service

Section 282.0051, F.S., creates the Florida Digital Service (FDS) within the Department of Management Services (DMS) to propose innovative solutions that securely modernize state government, including technology and information services, to achieve value through digital transformation and interoperability, and to fully support the cloud-first policy¹. The FDS partners with all state agencies to deliver government services through design and technology.

The FDS is responsible for developing an enterprise architecture, project management and oversight standards, and technology policy for the management of the state's information technology (IT)² resources. The enterprise architecture must acknowledge the unique needs of

¹ Section 282.0051(1), F.S.

² Section 282.0041(1), F.S., defines "information technology" to mean equipment, hardware, software, firmware, programs, systems, networks, infrastructure, media, and related material used to automatically, electronically, and wirelessly collect, receive, access, transmit, display, store, record, retrieve, analyze, evaluate, process, classify, manipulate, manage, assimilate, control, communicate, exchange, convert, converge, interface, switch, or disseminate information of any kind or form.

entities within the enterprise through development, support the cloud-first policy, and address how IT infrastructure may be modernized.³ The project management and oversight standards established by the FDS must be observed by state agencies implementing IT projects.⁴

The DMS, through the FDS, has the authority to perform project oversight on all state agency IT projects that have a total project cost of \$10 million or more and funded in the General Appropriations Act or any other law.⁵ The FDS is also responsible for providing project oversight on any IT project of the Department of Financial Services (DFS), the Department of Legal Affairs (DLA), and the Department of Agriculture and Consumer Services (DACCS), which has a total project cost of \$25 million or more and which impacts other state agencies. The DMS must report to, on a quarterly basis, the Executive Office of the Governor, the President of the Senate, and the Speaker of the House of Representatives if it identifies any IT projects as high-risk.⁶

The Secretary of Management Services must designate a state chief information officer, who is responsible for administering the FDS. The chief information officer, prior to being appointed, must have at least five years of experience in the development of IT strategic planning and development or information technology policy, and, preferably, have leadership-level experience in the design, development, and deployment of interoperable software and data solutions.⁷ The state chief information officer, in consultation with the Secretary of Management Services, is responsible for designating a state chief data officer. The state chief data officer must be a proven and effective administrator who must have significant and substantive experience in data management, data governance, interoperability, and security.⁸

Cloud-First Policy in State Agencies

The Legislature finds that each state agency should adopt a cloud-first policy that first considers cloud-computing solutions in its technology sourcing strategy for technology initiatives or upgrades. In the procurement process, state agencies should show a preference for cloud-computing solutions that minimize or do not use state data center infrastructure. Further, each state agency should adopt formal procedures for the evaluation of cloud-computing options for existing applications, and develop a strategic plan to address its inventory of applications located at the state data center.⁹

State Term Contracts and Agreements

The Division of State Purchasing within the DMS procures state contracts and agreements for commodities and services that are frequently bought together.¹⁰ A state term contract is a term

³ Section 282.0051(1)(b)1-3., F.S.

⁴ Section 282.0051(1)(c), F.S.

⁵ Section 282.0051(1)(d), F.S.

⁶ *Id.*

⁷ Sections 282.0051(2)(a), F.S.

⁸ Sections 282.0051(2)(b), F.S.

¹⁰ The Department of Management Services, *State Contracts and Agreements*, available at https://www.dms.myflorida.com/business_operations/state_purchasing/state_contracts_and_agreements, (last visited Apr. 7, 2021)

contract that is competitively procured and is used by agencies and eligible users.¹¹ Each agency agreement is required to specify the scope of work that establishes all tasks that the contractor is required to perform, and to divide the contract into quantifiable, measureable, and verifiable units of deliverables. Agencies and eligible users¹² may issue a request for quote (RFQ) to obtain written pricing or services information from a state term contract vendor for commodities or contractual services.¹³ The purpose of a RFQ is to determine whether a price, term, or condition more favorable to the agency or eligible user than that provided in the state term contract is available.¹⁴

If the DMS issues a competitive solicitation for a state term contract for IT commodities, consultant services, or staff augmentation contractual services, the FDS must participate in such competitive solicitations. The state term contract may not exceed 48 months, unless the Secretary of Management Services, and the state chief information officer certify to the Executive Office of the Governor that a longer contract term is in the best interest of the state.¹⁵

Disqualified Vendors List

The DMS maintains a vendor list based on the vendor registration process in s. 287.042, F.S., and Rule 60A-1.006, F.A.C. The DMS is authorized to remove from its vendor list any source of supply which fails to fulfill any of its duties specified in a contract.¹⁶ The DMS maintains the following lists of vendors who have been removed for cause:

- Suspended Vendor List;¹⁷
- Convicted Vendor List;¹⁸
- Discriminatory Vendor List;¹⁹
- Scrutinized List of Prohibited Companies;²⁰ and
- Vendor Complaint List.²¹

National Institute of Standards and Technology

The National Institute of Standards and Technology (NIST) was founded in 1901 and is part of the U.S. Department of Commerce.²² The NIST's cybersecurity programs seek to enable greater development and application of practical, innovative security technologies and methodologies in

¹¹ Section 287.012(28), F.S., defines a "state term contract" to mean a term contract that is competitively procured by the department pursuant to s. 287.057, F.S., and that is used by agencies and eligible users pursuant to s. 287.056, F.S.

¹² Section 287.012(11), F.S. defines an "eligible user" as any person or entity authorized by the department pursuant to rule to purchase from state term contracts or to use the online procurement system.

an attempt to enhance the country's ability to address current and future computer and information security challenges.²³

III. Effect of Proposed Changes:

Section 1 amends s. 282.0051, F.S., to expand the powers, duties, and functions of the Florida Digital Service. In some instances, these expanded powers shift the FDS from providing enterprise-wide IT governance to providing additional daily operational input and oversight over agency IT projects. This section requires the FDS to establish technical standards to ensure that state agencies IT projects comply with the enterprise architecture.

This section decreases the total project costs threshold for which the FDS must perform project oversight from \$25 million or more to \$20 million or more for cabinet agency IT projects. The bill removes the requirement that the IT project must impact one or more agencies in order for FDS project oversight to be triggered on cabinet agency IT projects. Consequently, the FDS will have increased oversight over cabinet agency IT projects which meet this new threshold.

The bill provides that the IT related policies established by the FDS for all IT contracts must include two additional requirements. First, the FDS must include in its IT related policies a requirement that IT commodities and services purchased by the state meet the National Institute of Standards and Technology Cybersecurity Framework. Second, for an IT project where project oversight is required, the FDS must include in its IT related policies a requirement that IV&V be employed throughout the project lifecycle with the primary objective of IV&V being to provide an objective assessment of products and processes throughout the project lifecycle. An entity providing IV&V may not have technical, managerial, or financial interest in the project and may not have responsibility for, or participate in, any other aspect of the project.

This section requires a state agency to provide the FDS with written notice of any planned procurement relating to an IT project having a total project cost of \$10 million or more. The FDS must participate in the development of specifications and recommend modifications to any planned procurement by state agencies so that the procurement complies with the enterprise architecture. Further, the FDS is required to participate in the post-award contract monitoring for IT projects.

Section 2 amends s. 287.0591, F.S. to delete obsolete language relating to information technology.

This section clarifies that for state term contracts, the Secretary of Management Services and the state chief information officer must certify in writing to the Executive Office of the Governor that a contract longer than 48 months for IT commodities, consultant services, or staff augmentation contractual services is in the best interest of this state.

This section requires an agency issuing a RFQ to purchase IT commodities, consultant services, or staff augmentation contractual services, to issue a RFQ to all vendors approved to provide such commodities or services for any state term contract with 25 approved vendors or fewer. For

²³ *Id.*

any contract with more than 25 approved vendors, the agency must issue a RFQ to at least 25 of the approved vendors. Use of a RFQ does not constitute a decision or intended decision that is subject to protest under s. 120.57(3), F.S.

This section provides that beginning October 1, 2021, and annually thereafter, the DMS must prequalify firms and individuals to provide staff augmentation contractual services on a state term contract. To prequalify a firm or an individual, the DMS must consider the capability, experience, and past performance record of the firm or individual for staff augmentation contractual services. Once a firm or individual has been prequalified, it may respond to RFQs from an agency to provide contractual services. Individuals or firms placed on the convicted vendors list, discriminatory vendor list, or removed from the source of supply are not eligible for a state term contract.

Section 3 provides that the bill takes effect July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

The mandate restrictions do not apply because the bill does not require counties and municipalities to spend funds, reduce counties' or municipalities' ability to raise revenue, or reduce the percentage of state tax shared with counties and municipalities.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The bill will have an indeterminate negative fiscal impact on state government expenditures related to additional workload for:

- A potential increase in the number of vendors responding to RFQs for IT commodities, consultant services, or staff augmentation contractual services;
- An increase in project oversight over cabinet agencies' IT projects meeting the decreased cost threshold; and
- Requiring post-award contract monitoring of IT projects that have a total project cost of \$10 million or more.

The DMS may experience an insignificant fiscal impact in prequalifying firms and individuals to provide staff augmentation contractual services on a state term contract.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 282.0051 and 287.0591.

IX. Additional Information:

- A. **Committee Substitute – Statement of Substantial Changes:**
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriation on April 15, 2021:

The committee substitute revises the requirements related to RFQs for IT commodities and contractual services available on a state term contract. The CS reduces the number of RFQs an agency must issue from 100 approved vendors to all approved vendors for any contract with 25 or fewer approved vendors. If there are more than 25 approved vendors, the CS requires agencies to issue a RFQ to at least 25 approved vendors on the state term contract.

CS by Governmental Oversight and Accountability on March 24, 2021:

The CS makes the following revisions to the underlying bill:

- The total number of vendors that an agency must issue a request for quotes on a contract for IT commodities or contractual services changes from all approved vendors to at least 100 approved vendors.
- The total project cost for the Florida Digital Service to be involved in the procurement, development, and post-award contract monitoring of IT projects is increased from \$5 million to \$10 million.

The CS adds the following issues that were not addressed in the underlying bill:

- Requires the FDS to establish an IT policy that requires any contract for IT commodities or services to meet the National Institute of Standards and Technology Cybersecurity Framework.
- Requires the FDS to establish an IT policy that requires certain IT projects employ an independent verification and validation throughout an IT project's lifecycle.

The CS removed the following provisions that were included in the underlying bill:

- The Florida Digital Service must participate in the formation and negotiation of a contract for an IT project having a total cost of more than \$5 million.
- The total project cost threshold that triggers Florida Digital Service oversight for all state agency IT project is reduced from \$10 million to \$5 million.

B. Amendments:

None.

The Committee on Appropriations (Jones) recommended the following:

Senate Amendment

Delete lines 173 - 177

and insert:

contract, for any contract with 25 approved vendors or fewer, the agency must issue a request for quote to all vendors approved to provide such commodity or service. For any contract with more than 25 approved vendors, the agency must issue a request for quote to at least 25 of the vendors approved to provide such commodity

By the Committee on Governmental Oversight and Accountability;
and Senator Jones

585-03335-21

20211448c1

1 A bill to be entitled
2 An act relating to information technology procurement;
3 amending s. 282.0051, F.S.; requiring the Department
4 of Management Services, through the Florida Digital
5 Service, to establish certain project management and
6 oversight standards for state agency compliance;
7 requiring the department to perform project oversight
8 on information technology projects that have total
9 project costs of a certain amount or more; requiring
10 the information technology policy for certain state
11 contracts established by the Florida Digital Service
12 to include certain requirements for certain contracts
13 and information technology projects; providing
14 requirements for information technology projects that
15 have a total project cost over a certain amount;
16 amending s. 287.0591, F.S.; removing obsolete
17 language; authorizing the department to execute
18 certain contracts if the Secretary of Management
19 Services and the state chief information officer
20 certify certain information in writing; requiring an
21 agency to issue a request for quote to certain vendors
22 approved to provide certain commodities or services in
23 certain circumstances; requiring the department to
24 prequalify firms and individuals to provide certain
25 services on a state term contract by a certain date;
26 requiring the department to consider certain
27 information in order to prequalify a firm or an
28 individual; providing for the disqualification of a
29 firm or an individual from state term contract

Page 1 of 7

585-03335-21

20211448c1

30 eligibility; authorizing a prequalified firm or
31 individual to respond to certain requests for quotes;
32 providing an effective date.
33
34 Be It Enacted by the Legislature of the State of Florida:
35
36 Section 1. Paragraphs (c), (n), and (q) of subsection (1)
37 and subsection (4) of section 282.0051, Florida Statutes, are
38 amended to read:
39 282.0051 Department of Management Services; Florida Digital
40 Service; powers, duties, and functions.—
41 (1) The Florida Digital Service has been created within the
42 department to propose innovative solutions that securely
43 modernize state government, including technology and information
44 services, to achieve value through digital transformation and
45 interoperability, and to fully support the cloud-first policy as
46 specified in s. 282.206. The department, through the Florida
47 Digital Service, shall have the following powers, duties, and
48 functions:
49 (c) Establish project management and oversight standards
50 with which state agencies must comply when implementing
51 information technology projects. The department, acting through
52 the Florida Digital Service, shall provide training
53 opportunities to state agencies to assist in the adoption of the
54 project management and oversight standards. To support data-
55 driven decisionmaking, the standards must include, but are not
56 limited to:
57 1. Performance measurements and metrics that objectively
58 reflect the status of an information technology project based on

Page 2 of 7

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

585-03335-21 20211448c1

59 a defined and documented project scope, cost, and schedule.
 60 2. Methodologies for calculating acceptable variances in
 61 the projected versus actual scope, schedule, or cost of an
 62 information technology project.
 63 3. Reporting requirements, including requirements designed
 64 to alert all defined stakeholders that an information technology
 65 project has exceeded acceptable variances defined and documented
 66 in a project plan.
 67 4. Content, format, and frequency of project updates.
 68 5. Technical standards to ensure an information technology
 69 project complies with the enterprise architecture.
 70 (n)1. Notwithstanding any other law, provide project
 71 oversight on any information technology project of the
 72 Department of Financial Services, the Department of Legal
 73 Affairs, and the Department of Agriculture and Consumer Services
 74 which has a total project cost of \$20 ~~\$25~~ million or more ~~and~~
 75 ~~which impacts one or more other agencies.~~ Such information
 76 technology projects must also comply with the applicable
 77 information technology architecture, project management and
 78 oversight, and reporting standards established by the
 79 department, acting through the Florida Digital Service.
 80 2. When performing the project oversight function specified
 81 in subparagraph 1., report at least quarterly to the Executive
 82 Office of the Governor, the President of the Senate, and the
 83 Speaker of the House of Representatives on any information
 84 technology project that the department, acting through the
 85 Florida Digital Service, identifies as high-risk due to the
 86 project exceeding acceptable variance ranges defined and
 87 documented in the project plan. The report shall include a risk

Page 3 of 7

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

585-03335-21 20211448c1

88 assessment, including fiscal risks, associated with proceeding
 89 to the next stage of the project and a recommendation for
 90 corrective actions required, including suspension or termination
 91 of the project.
 92 (q)1. Establish an information technology policy for all
 93 information technology-related state contracts, including state
 94 term contracts for information technology commodities,
 95 consultant services, and staff augmentation services. The
 96 information technology policy must include:
 97 a. Identification of the information technology product and
 98 service categories to be included in state term contracts.
 99 b. Requirements to be included in solicitations for state
 100 term contracts.
 101 c. Evaluation criteria for the award of information
 102 technology-related state term contracts.
 103 d. The term of each information technology-related state
 104 term contract.
 105 e. The maximum number of vendors authorized on each state
 106 term contract.
 107 f. At a minimum, a requirement that any contract for
 108 information technology commodities or services meet the National
 109 Institute of Standards and Technology Cybersecurity Framework.
 110 g. For an information technology project with oversight
 111 required pursuant to paragraph (d) or paragraph (n), a
 112 requirement that independent verification and validation be
 113 employed throughout the project lifecycle with the primary
 114 objective of independent verification and validation to provide
 115 an objective assessment of products and processes. An entity
 116 providing independent verification and validation may not have a

Page 4 of 7

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

585-03335-21

20211448c1

117 technical, managerial, or financial interest in the project and
 118 may not have responsibility for, or participate in, any other
 119 aspect of the project.

120 2. Evaluate vendor responses for information technology-
 121 related state term contract solicitations and invitations to
 122 negotiate.

123 3. Answer vendor questions on information technology-
 124 related state term contract solicitations.

125 4. Ensure that the information technology policy
 126 established pursuant to subparagraph 1. is included in all
 127 solicitations and contracts that are administratively executed
 128 by the department.

129 (4) For information technology projects that have a total
 130 project cost of over \$10 million ~~Upon the adoption of the~~
 131 ~~enterprise architecture standards in rule, the department,~~
 132 ~~acting through the Florida Digital Service, may develop a~~
 133 ~~process to:~~

134 (a) State agencies must provide the Florida Digital Service
 135 with Receive written notice from the entities within the
 136 ~~enterprise~~ of any planned procurement of an information
 137 technology project ~~that is subject to enterprise architecture~~
 138 ~~standards.~~

139 (b) The Florida Digital Service must participate in the
 140 development of specifications and recommend modifications to any
 141 planned procurement of an information technology project by
 142 state agencies so that the procurement complies with the
 143 enterprise architecture.

144 (c) The Florida Digital Service must participate in post-
 145 award contract monitoring.

585-03335-21

20211448c1

146 Section 2. Section 287.0591, Florida Statutes, is amended
 147 to read:

148 287.0591 Information technology.—

149 (1) ~~Beginning July 1, 2014,~~ Any competitive solicitation
 150 issued by the department for a state term contract for
 151 information technology commodities must include a term that does
 152 not exceed 48 months.

153 (2) ~~Beginning September 1, 2015,~~ Any competitive
 154 solicitation issued by the department for a state term contract
 155 for information technology consultant services or information
 156 technology staff augmentation contractual services must include
 157 a term that does not exceed 48 months.

158 (3) The department may execute a state term contract for
 159 information technology commodities, consultant services, or
 160 staff augmentation contractual services that exceeds the 48-
 161 month requirement if the Secretary of Management Services and
 162 the state chief information officer certify in writing to the
 163 Executive Office of the Governor that a longer contract term is
 164 in the best interest of the state.

165 (4) If the department issues a competitive solicitation for
 166 information technology commodities, consultant services, or
 167 staff augmentation contractual services, the Florida Digital
 168 Service within the department shall participate in such
 169 solicitations.

170 (5) If an agency issues a request for quote to purchase
 171 information technology commodities, consultant services, or
 172 staff augmentation contractual services from the state term
 173 contract, for any contract with less than 100 vendors, the
 174 agency must issue a request for quote to all vendors approved to

585-03335-21

20211448c1

175 provide such commodities or services. For any contract with more
176 than 100 vendors, the agency must issue a request for quote to
177 at least 100 of the vendors approved to provide such commodity
178 or contractual service. Use of a request for quote does not
179 constitute a decision or intended decision that is subject to
180 protest under s. 120.57(3).

181 (6) Beginning October 1, 2021, and each October 1
182 thereafter, the department shall prequalify firms and
183 individuals to provide information technology staff augmentation
184 contractual services on a state term contract. In order to
185 prequalify a firm or an individual for participation on the
186 state term contract, the department must consider, at a minimum,
187 the capability, experience, and past performance record of the
188 firm or individual. A firm or an individual removed from the
189 source of supply pursuant to s. 287.042(1)(b) or placed on a
190 disqualified vendor list pursuant to s. 287.133 or s. 287.134 is
191 immediately disqualified from state term contract eligibility.
192 Once a firm or an individual has been prequalified to provide
193 information technology staff augmentation contractual services
194 on a state term contract, the firm or individual may respond to
195 requests for quotes from an agency to provide such services.

196 Section 3. This act shall take effect July 1, 2021.

The Florida Senate

Committee Agenda Request

Senator Shevrin D. "Shev" Jones
214 Senate Building
404 South Monroe Street
Tallahassee, FL 32399-1100

To: Chair Kelli Stargel
Committee on Appropriations

Subject: Committee Agenda Request

Date: March 31, 2021

I respectfully request that **Senate Bill 1448**, relating to information technology procurement, be placed on the:

- Committee agenda at your earliest possible convenience.
- Next committee agenda.

Florida Senate, District 35

The Florida Senate
BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL: SB 1450

INTRODUCER: Senator Rodriguez

SUBJECT: Civic Education Curriculum

DATE: April 14, 2021

REVISED: _____

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	<u>Brick</u>	<u>Bouck</u>	<u>ED</u>	Favorable
2.	<u>Underhill</u>	<u>Elwell</u>	<u>AED</u>	Recommend: Favorable
3.	<u>Underhill</u>	<u>Sadberry</u>	<u>AP</u>	Favorable

I. Summary:

SB 1450 requires the Florida Department of Education (DOE) to develop or approve an integrated civic education curriculum for public school students in kindergarten through grade 12. The bill provides requirements for the civic education curriculum to aid in students' development of civic responsibility and knowledge.

The bill also establishes the "Portraits in Patriotism Act," which integrates into the civics education curriculum personal stories of diverse individuals who demonstrate civic-minded qualities, including first-person accounts of victims of other nations' governing philosophies who can compare those philosophies with the philosophies of the United States.

The bill provides that the United States Government course that is required to earn a standard high school diploma include a comparative discussion of political ideologies that conflict with the principles of freedom and democracy in the nation's founding principles.

The DOE may incur minimal costs associated with developing the civic education curriculum and the curation of oral history resources.

The bill has an effective date of July 1, 2021.

II. Present Situation:

The priorities of Florida's K-20 education system include civic literacy and to prepare students to become civically engaged and knowledgeable adults who positively contribute to their communities.¹

¹ Section 1000.03(5)(c), F.S.

Instruction in Patriotism

Florida law requires each district school board to provide instruction on the history, significance, and principles of the Declaration of Independence and the Constitution of the United States, flag education, and civil government.² District school boards must also provide instruction on the contributions of African Americans, Hispanics, and women to the United States.³

District school boards are required to provide a character-development program for students in kindergarten through grade 12. Each district school board must develop or adopt a curriculum for its K-12 character-development program and submit it to the Florida Department of Education (DOE) for approval. The character development curriculum must “stress the qualities of patriotism; responsibility; citizenship; kindness; respect for authority, life, liberty, and personal property; honesty; charity; self-control; racial, ethnic, and religious tolerance; and cooperation.”⁴

To encourage patriotism, district school boards are required to provide instruction on the sacrifices made by veterans and Medal of Honor recipients while serving the country and protecting democratic values worldwide.⁵ A district school board may also adopt rules requiring patriotic programs in schools that encourage respect for the government of the United States and its national anthem and flag.⁶ Teachers or administrators in the schools may read or post historic material such as the Constitution of the United States, the Bill of Rights, and other foundational materials.⁷ Public schools are encouraged to coordinate instruction relating to the nation’s founding fathers with “American Founders’ Month” in September.⁸

Instruction in Civics

Currently, Florida’s Next Generation Sunshine State Standards for social studies include civics and government content in kindergarten through grade 12.⁹ A student must successfully complete three middle school or higher courses in social studies in order to be promoted to high school. One of the three courses must be a civics education course that includes the roles and responsibilities of federal, state, and local governments; the structures and functions of the legislative, executive, and judicial branches; and the meaning and significance of documents such as the Articles of Confederation, Declaration of Independence, and the Constitution of the United States.¹⁰

At the high school level, 24 credits are required for a standard high school diploma.¹¹ Three credits must be in social studies, including one credit each in United States History and World

¹⁰ Section 1003.4156(1)(c), F.S.

¹¹ Section 1003.4282(1)(a), F.S.

History; one-half credit in economics; and one-half credit in United States Government.¹² Course standards for United States Government include evaluating and defending positions on the founding ideals and principles of American government, explaining how nations are governed differently, and comparing indicators of democratization in other countries.¹³

Students in the middle grades civics course and the high school United States History course must take an end-of-course assessment¹⁴ that constitutes 30 percent of the student's final course grade.¹⁵

Review of Civic Education

To further address civic education in Florida, Governor DeSantis issued Executive Order 19-32 in January 2019, directing the Commissioner of Education (commissioner) to review Florida's K-12 academic standards and identify opportunities to prepare high school graduates to be knowledgeable citizens, particularly in the principles of the United States Constitution.¹⁶

Additionally, in 2019, the Legislature established a requirement for the commissioner, in consultation with specified organizations and stakeholders, to review the state-approved middle grades civics education course instructional materials and the test specifications for the statewide, standardized civics end-of-course assessment.¹⁷ Recommendations for improvements to the materials and test specifications were provided to the Governor and Legislature on December 31, 2019.¹⁸

The DOE began a review of the statewide civic education course standards on January 1, 2020. The State Board of Education is expected to adopt revisions to standards by the summer of 2021, and the approval of new course descriptions, with revised standards, is expected by the fall.¹⁹

III. Effect of Proposed Changes:

The bill modifies s. 1003.4282, F.S., to revise the Next Generation Sunshine State Standards social studies credit requirement for high school graduation. The bill requires instruction in United States Government to include a comparative discussion of political ideologies, such as communism and totalitarianism, that conflict with the principles of freedom and democracy essential to the founding principles of the United States.

¹² Section 1003.4282(3)(d), F.S.

¹⁵ Sections 1003.4156(1)(c), F.S. and 1003.4282(3)(d), F.S.

¹⁶ Office of the Governor, Executive Order Number 19-32, Jan. 31, 2019 (Commitment to Eliminating Common Core, Ensuring High-Quality Academic Standards and Raising the Bar for Civic Literacy).

¹⁷ Chapter 19-150, L.O.F.; Section 1003.4156(1)(c), F.S. See also Florida Department of Education, *Civics Review*, <http://www.fldoe.org/civicsreview/> (last visited Mar. 4, 2021).

¹⁸ Memorandum re Committee Substitute for (CS/HB) 807- Civics Education Report (Dec. 31, 2019), available at <https://www.fldoe.org/core/fileparse.php/7749/urlt/HB807Report.pdf> (last visited Mar. 4, 2021).

¹⁹ *Id.* See also Florida Department of Education, *Civics Review*, <http://www.fldoe.org/civicsreview/> (last visited Mar. 4, 2021).

To assist in preparing students to be civically responsible and knowledgeable adults, the bill adds to s. 1003.44, F.S., to require the Department of Education (DOE) to develop or approve an integrated civic education curriculum for students in kindergarten through grade 12. District school boards and charter schools must incorporate the curriculum as part of students' regular school work. The DOE must approve integrated civic education curricula submitted by district school boards and charter schools that assist students in developing:

- An understanding of their rights and responsibilities as residents of Florida and of the founding principles of the United States as described in ss. 1003.42(2)(a)-(c), F.S.²⁰
- A sense of civic pride and desire to participate regularly in government.
- An understanding of the process for effectively advocating before government bodies and officials.
- An understanding of the civic-minded expectations, developed by the State Board of Education, of an upright and desirable citizenry that recognizes and accepts responsibility for preserving and defending the blessings of liberty inherited from prior generations and secured by the United States Constitution.

The bill also requires the DOE to curate oral history resources for use with the civic education curriculum. Designated as the "Portraits in Patriotism Act," the bill provides that these resources will be based on the personal stories of diverse individuals who demonstrate civic-minded qualities. The stories may include first-person accounts of victims of other nations' governing philosophies who can compare those philosophies with the philosophies of the United States.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

²⁰ Sections 1003.42(a)-(c), F.S. require district school boards to provide instruction on the history and content of the Declaration of Independence, the meaning and significance of the United States Constitution and its amendments, and the arguments supporting a republican form of government as advocated in the Federalist Papers.

V. Fiscal Impact Statement:**A. Tax/Fee Issues:**

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The DOE may incur minimal costs associated with developing the civic education curriculum and the curation of oral history resources.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 1003.4282 and 1003.44.

IX. Additional Information:**A. Committee Substitute – Statement of Changes:**

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

None.

B. Amendments:

None.

Florida Senate, District 39

The Florida Senate
BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL: SB 1470

INTRODUCER: Senator Boyd

SUBJECT: Florida Life and Health Insurance Guaranty Association

DATE: April 13, 2021

REVISED: _____

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	<u>Arnold</u>	<u>Knudson</u>	<u>BI</u>	Favorable
2.	<u>Sanders</u>	<u>Betta</u>	<u>AEG</u>	Recommend: Favorable
3.	<u>Sanders</u>	<u>Sadberry</u>	<u>AP</u>	Favorable

I. Summary:

SB 1470 makes changes to conform to the Life and Health Insurance Guaranty Association Model Act. An insurance guaranty association ensures that policyholders' paid insurance premiums are protected and outstanding claims are settled, up to limits provided by law, if their insurer is liquidated. The Florida Life and Health Insurance Guaranty Association (FLAHIGA) is the guaranty association for most insurance companies that write life and health insurance or annuities in Florida.

The bill:

- Adds a definition for the term "Moody's Corporate Bond Yield Average."
- Amends the definition of "person" to include "limited liability company" and "governmental body or entity."
- Clarifies that in dealing with an impaired domestic insurer, the FLAHIGA may assume or reissue covered policies, in addition to guaranteeing and reinsuring the policies.
- Expressly provides that the FLAHIGA has the right to appear or intervene before a court or agency in another state.
- Provides that for purposes of the FLAHIGA's standing to appear before any court in this state, the FLAHIGA's powers and duties include reissuing or modifying covered policies.
- Provides that the FLAHIGA may recover payment of improper claims.
- Authorizes the FLAHIGA to join an organization of other state guaranty associations to further the purposes and to carry out the powers and duties of FLAHIGA.
- As to Class A assessments, which pay the FLAHIGA's general administrative expenses, removes the cap of \$250, permits the assessments to be made on a pro rata basis, and allows the FLAHIGA's board to credit the assessments against future assessments related to insurer insolvencies.

- Provides that, if an insurer's assessment is deferred because the assessment would endanger the insurer's financial solvency, the insurer must pay the assessment once it regains financial strength.
- Removes the reduced assessment cap for nonprofit annuity insurers that issue policies to educational groups, thus making such insurers subject to the assessment cap for all other annuity insurers.
- Requires the FLAHIGA to establish a procedure for removing a member insurer board member if that member insurer becomes impaired or insolvent and establish policies and procedures to address conflicts of interest.

The bill does not impact state revenues or state expenditures.

The bill provides an effective date of July 1, 2021.

II. Present Situation:

Insurer Insolvency

States primarily regulate insurance companies, and the state of domicile serves as the primary regulator for insurers. In Florida, the Office of Insurance Regulation (OIR) licenses and regulates the activities of insurers and other risk-bearing entities.¹ The OIR monitors the solvency of insurers, examines insurers, and takes administrative action, if necessary.

Federal law provides that insurance companies may not file for bankruptcy.² Instead, the state through the Division of Rehabilitation and Liquidation of the Department of Financial Services (DFS) is responsible for rehabilitating or liquidating an insurer.³ If an insurer is found to be insolvent and is ordered to be liquidated by a court, a receiver takes over the insurer under court supervision and processes the assets and liabilities through liquidation. Generally, once an insurance company is liquidated, an insurance guaranty association becomes liable for the policy or contract obligations of the liquidated insurance company. Insurance guaranty funds are designed to protect policyholders of liquidated insurers from financial losses and delays in claim payments, up to limits provided by law. The Florida Legislature has created five guaranty funds.⁴

Florida Life and Health Insurance Guaranty Association

Part III of ch. 631, F.S., governs the powers and duties of the Florida Life and Health Insurance Guaranty Association (association).⁵ The association services covered policies and contracts,

¹ Section 20.121(3), F.S.

² The Bankruptcy Code expressly provides that "a domestic insurance company" may not be the subject of a federal bankruptcy proceeding. 11 U.S.C. s. 109(b)(2). The exclusion of insurers from the federal bankruptcy court process is consistent with federal policy generally allowing states to regulate the business of insurance. *See* 15 U.S.C. ss. 1011- 1012.

³ Sections 631.051 and 631.061, F.S. Chapter 631, F.S., governs the receivership process for insurance companies in Florida.

⁴ See parts II-V of ch. 631, F.S. and s. 440.385, F.S. (The Florida Insurance Guaranty Association, Florida Life and Health Insurance Guaranty Association, Florida Health Maintenance Organization Consumer Assistance Plan, Florida Workers' Compensation Insurance Guaranty Association, and the Florida Self-Insurers Guaranty Association, respectively.)

⁵ In 1979, the Florida Legislature enacted provisions of the National Association of Insurance Commissioners' *Life and Health Insurance Guaranty Association Model Act*,⁵ which created FLAHIGA. Ch. 79-189, L.O.F. The National Association of Insurance Commissioners (NAIC) is a voluntary association of insurance regulators from all 50 states. The NAIC

collects premiums, and pays valid claims.⁶ All insurers authorized to write life insurance policies, health insurance policies, supplemental contracts, and annuity contracts (with exceptions) in Florida are required, as a condition of doing business in this state, to be member insurers of the association.⁷ Currently, the association does not provide coverage for or assess health maintenance organizations.⁸

A policy must meet coverage requirements, and association payments are limited for any one person as follows:

- Life Insurance Death Benefit: \$300,000 per insured life.
- Life Insurance Cash Surrender: \$100,000 per insured life.
- Health Insurance Claims: \$500,000 per insured life; before that date \$300,000 per insured life (took effect January 1, 2020).
- Annuity Cash Surrender: \$250,000 for deferred annuity contracts per contract owner.
- Annuity in Benefit: \$300,000 per contract owner.⁹

Additionally, the association will only cover a policy or contract to the extent that:

- The interest rate on which the policy or contract is based, averaged over the four-year period immediately preceding the date on which the member insurer becomes impaired or insolvent, is less than the Moody's Corporate Bond Yield (averaged for that same four-year period) minus two percentage points; and
- The interest rate on which the policy or contract is based, on and after the date on which the member insurer becomes impaired or insolvent, is less than the Moody's Corporate Bond Yield Average minus three percentage points.¹⁰

The Florida Life and Health Insurance Act does not currently define Moody's Corporate Bond Yield Average and long-term care insurers are not subject to the interest rate cap.¹¹

Section 631.713(3), F.S., excludes all of the following from coverage by the association:

- Any portion or part of a variable life insurance contract or a variable annuity contract that is not guaranteed by a licensed insurer.
- Any portion or part of any policy or contract under which the risk is borne by the policyholder.
- Any policy or contract or part thereof assumed by the failed insurer under a contract of reinsurance, unless assumption certificates were issued.
- Fraternal benefit society products.
- Health maintenance insurance.
- Dental service plan insurance.
- Pharmaceutical service plan insurance.

coordinates regulation and examination of multistate insurers, provides a forum for addressing major insurance issues, and promotes uniform model laws among the states.

⁶ See the association's website available at <https://www.flahiga.org/About> (last viewed Mar. 17, 2021).

⁷ Sections 631.713 and 631.715, F.S.

⁸ Section 631.713(3)(e), F.S.

⁹ Section 631.717(12), F.S., and FLAHIGA, *Frequently Asked Questions*, available at <https://www.flahiga.org/FAQ> (last viewed Mar. 17, 2021).

¹⁰ Section 631.713(2)(n), F.S.

¹¹ *Id.*

- Optometric service plan insurance.
- Ambulance service association insurance.
- Preneed funeral merchandise or service contract insurance.
- Prepaid health clinic insurance.
- Certain federal employees group policies.
- Any annuity contract or group annuity contract that is not issued to and owned by an individual, except to the extent of any annuity benefits guaranteed directly and not through an intermediary to an individual by an insurer under such contract or certificate.

Board of Directors

The board of directors of the association must be composed of not fewer than nine but not more than eleven member insurers.¹² At least one member of the board must be a domestic insurer.¹³ The member insurers elect the members of the board, and the members of the board are subject to the approval of the DFS. In approving or appointing members to the board the DFS must consider whether all member insurers are represented fairly.¹⁴ The members of board have the authority to fill a board vacancy; however, there is no process in law for removing a member of the board when the insurer becomes impaired or insolvent.

Assessments

The association has three operating accounts for purposes of administration and assessments: health insurance, life insurance, and annuity.

The association may impose two classes of assessments: Class A for administrative costs and general expenses and Class B to carry out the powers and duties of the association with regard to an impaired or insolvent domestic insurer.¹⁵ Class A assessments are determined by the board, are made on a non-pro rata basis, and may not exceed \$250 per year per member insurer.¹⁶ Class B assessments are calculated based on the premiums collected by each assessed member insurer on policies or contracts covered for each account in proportion to premiums collected by all assessed member insurers for the three most recent years.

Florida law limits assessments on a member insurer to a maximum of one percent of the insurer's premiums written in the state regarding business covered by the account received during the three calendar years preceding the year in which the assessment is made, divided by three.¹⁷ For long-term care insurer impairments and insolvencies, the total assessment is limited to 0.5 percent of the insurer's premiums written during any one calendar year, and also imposed upon members of the Florida Health Maintenance Organization Consumer Assistance Plan.¹⁸

Currently, there is a cap on assessment of any member insurer that is a nonprofit insurance company that issues annuity contracts or group annuity contracts pursuant to s. 121.35, F.S., or

¹² Section 631.716(1), F.S.

¹⁴ Section 631.716(2), F.S.

¹⁵ Section 631.718(2), F.S.

¹⁶ Section 631.718(2)(a), F.S.

¹⁷ Section 631.718(5)(a), F.S.

¹⁸ *Id.*

for the benefit of employees of Florida educational institutions. Such nonprofit insurance companies may not be assessed in any one calendar year more than the greater of:

- The amount which the company paid to this state in the previous year as premium tax and corporate tax on the business to which the FLAHIGA statutes apply; or
- 0.1 percent of written premium on such business in this state.¹⁹

Member insurers of the association may offset the amount of an assessment against the insurance premium tax or corporate income tax.²⁰ The credit may be taken in an amount of five percent of the assessments for each of the 20 years following the year in which the assessment was paid.²¹

The FLAHIGA may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the member insurer to fulfill its contractual obligations. In the event an assessment against a member insurer is abated, or deferred in whole or in part, the amount by which such assessment is abated or deferred may be assessed against the other member insurers.²²

Legal Standing and Right of Intervention

The FLAHIGA has standing to appear before any court in this state that has jurisdiction over an impaired or insolvent insurer to which the FLAHIGA is or may become obligated.²³ Such standing extends to all matters germane to the powers and duties of the FLAHIGA, including but not limited to, proposals for reinsuring or guaranteeing the covered policies of the impaired or insolvent insurer and the determination of the covered policies and contractual obligations. While the statute expressly provides the FLAHIGA standing to appear in courts of this state, the statute does not expressly provide the FLAHIGA the right to appear or intervene before a court or agency in another state.

The National Organization of Life and Health Insurance Guaranty Associations

The National Organization of Life and Health Insurance Guaranty Associations (NOLHGA) is a voluntary association comprised of the life and health insurance guaranty associations of all 50 states and the District of Columbia. The NOLHGA assembles a task force of guaranty association officials to address situations where insurers licensed in multiple states are facing insolvency or are declared insolvent. This task force analyzes the companies' policies, ensures that covered claims are paid, and arranges for the transfer of covered policies to another insurer (when possible). This allows the receiver and potential assuming carriers to deal with a single point of contact and contracting instead of having to engage in multiple discussions, negotiations, and contracts with a variety of different associations.²⁴ The NOLGHA allocates these expenses²⁵ to affected guaranty associations for payment.²⁶

²⁶ Section 631.721, F.S.

The National Association of Insurance Commissioners

The National Association of Insurance Commissioners (NAIC) is an association of insurance regulators that coordinates regulation and examination of multistate insurers, provides a forum for addressing major insurance issues, and promotes uniform model laws among the states. In 2017, the NAIC released and updated the Life and Health Insurance Guaranty Association Act.²⁷ The model act is designed to protect policy owners, insureds, beneficiaries, annuitants, payees and assignees against losses (both in terms of payment of claims and continuation of coverage), which might otherwise occur due to an impairment or insolvency of an insurer.

III. Effect of Proposed Changes:

Section 1 amends s. 631.714, F.S., relating to definitions, by defining “Moody’s Corporate Bond Yield Average” to mean the monthly average corporates as published by Moody’s Investors Service, Inc., or similar successor organization. Currently the term is used in s. 631.713(3)(n), F.S., which specifies the types of insurance and portions of insurance contracts to which the chapter does not apply.

The bill expands the current definition of “person” to include any limited liability company or governmental body entity, in addition to any individual, corporation, partnership, association, or voluntary organization.

Section 2 amends s. 631.717, F.S. relating to the powers and duties of the association, to provide FLAHIGA with the right to appear or intervene before a court or agency in another state which has jurisdiction over an impaired or insolvent insurer for which FLAHIGA is or may become obligated, or with jurisdiction over any person or property against whom FLAHIGA may have rights through subrogation or otherwise. This essentially authorizes FLAHIGA to attempt to intervene in and appear before courts and agencies in other states, but Florida law does not govern the courts of agencies of other states and thus this statutory change will not ensure FLAHIGA is able to appear or intervene before such entities.

For purposes of the FLAHIGA’s standing to appear before any court in Florida, the bill expands standing to FLAHIGA’s powers and duties to include reissuing or modifying covered policies.

The bill provides FLAHIGA with the authority to assume or reissue, or cause to be reissued, any or all of the covered policies of an impaired domestic insurer.

The bill further provides FLAHIGA with authority to join an organization of state guaranty associations to further the purposes and to carry out the powers and duties of FLAHIGA.

Section 3 amends s. 631.718, F.S., relating to assessments, to provide that Class A assessments may be made on a pro rata basis. Class A assessments made on a pro rata basis may be credited against future Class B assessments, as determined by the board of directors. The bill removes the \$250 cap on Class A assessments.

²⁷ NAIC, *Life and Health Insurance Guaranty Association Model Act 520-1* (1st Quarter 2018) available at: <https://content.naic.org/sites/default/files/inline-files/MDL-520.pdf> (last viewed Mar. 17, 2021).

The bill removes the cap on assessment of any member insurer that is a nonprofit insurance company that issues annuity contracts or group annuity contracts pursuant to s. 121.35, F.S., or for the benefit of employees of Florida educational institutions. Currently, assessments may not exceed the greater of insurer's premium tax and corporate tax payments on insurance subject to ch. 631, F.S., or 0.1 percent of the insurer's written premium on such business in this state. Such companies would still be subject to assessment caps applicable to all member insurers, and the FLAHIGA maintains its ability to abate or defer the assessment of a member insurer if payment of the assessment would put the member insurer at risk of becoming impaired or insolvent.

The bill provides that a member insurer must pay all deferred assessments once the conditions that caused a deferral have been removed or rectified.

Section 4 amends s. 631.721, F.S., relating to FLAHIGA's plan of operation, to provide FLAHIGA with the authority to establish a procedure for removing a member of the board in the event the member insurer becomes impaired or insolvent.

The bill requires FLAHIGA's board of directors to establish policies and procedures for addressing conflicts of interest.

Section 5 provides an effective date of July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

The bill removes the \$250 per year limit on Class A assessments against a member insurer, which are used to meet FLAHIGA's administrative costs, general expenses, and expenses related to certain examinations of member insurer that are not impaired or insolvent.

The bill also removes the limit on assessment of any member insurer that is a nonprofit insurance company that issues annuity contracts or group annuity contracts pursuant to s. 121.35, F.S., or for the benefit of employees of Florida educational institutions. Such companies would still be subject to assessment caps applicable to all member insurers.

C. Government Sector Impact:

None.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 631.714, 631.717, 631.718, and 631.721.

IX. Additional Information:**A. Committee Substitute – Statement of Changes:**

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

None.

B. Amendments:

None.

20211470__

30 (8) is added to that section, and present subsection (9) of that
 31 section is amended, to read:
 32 631.714 Definitions.—As used in this part, the term:
 33 (8) "Moody's Corporate Bond Yield Average" means the
 34 monthly average corporates as published by Moody's Investors
 35 Service, Inc., or a similar successor organization.
 36 (10)(9) "Person" means any individual, corporation, limited
 37 liability company, partnership, association, governmental body
 38 or entity, or voluntary organization.
 39 Section 2. Subsections (1) and (7) and paragraph (f) of
 40 subsection (13) of section 631.717, Florida Statutes, are
 41 amended, and paragraph (h) is added to subsection (13) of that
 42 section, to read:
 43 631.717 Powers and duties of the association.—
 44 (1) If a domestic insurer is an impaired insurer, the
 45 association may, subject to the approval of the impaired insurer
 46 and the department:
 47 (a) Guarantee, assume, reissue, or reinsure, or cause to be
 48 guaranteed, assumed, reissued, or reinsured, any or all of the
 49 covered policies of the impaired insurer;
 50 (b) Provide such moneys, pledges, notes, guarantees, or
 51 other means as are proper to effectuate paragraph (a) and assure
 52 payment of the contractual obligations of the impaired insurer
 53 pending action under paragraph (a); and
 54 (c) Loan money to the impaired insurer.
 55 (7) The association has ~~shall have~~ standing to appear
 56 before any court in this state which has jurisdiction over an
 57 impaired or insolvent insurer to which the association is or may
 58 become obligated under this part. Such standing extends ~~shall~~

Page 2 of 5

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

21-01280A-21

20211470__

59 ~~extend~~ to all matters germane to the powers and duties of the
 60 association, including, but not limited to, proposals for
 61 reinsuring, reissuing, modifying, or guaranteeing the covered
 62 policies of the impaired or insolvent insurer and the
 63 determination of the covered policies and contractual
 64 obligations. The association has the right to appear or
 65 intervene before a court or an agency in another state with
 66 jurisdiction over an impaired or insolvent insurer for which the
 67 association is or may become obligated or with jurisdiction over
 68 any person or property against whom the association may have
 69 rights through subrogation or otherwise.

70 (13) The association may:

71 (f) Take such legal action as may be necessary to avoid or
 72 recover payment of improper claims.

73 (h) Join an organization of other state guaranty
 74 associations to further the purposes and administer the powers
 75 and duties of the association.

76 Section 3. Paragraph (a) of subsection (3) and subsections
 77 (4) and (9) of section 631.718, Florida Statutes, are amended to
 78 read:

79 631.718 Assessments.—

80 (3) (a) The amount of any Class A assessment shall be
 81 determined by the board and may be made on a pro rata or non-pro
 82 rata basis. If the assessment is made on a pro rata basis, the
 83 board may provide that it be credited against future Class B
 84 assessments ~~The assessment may not be credited against future~~
 85 ~~insolvency assessments and may not exceed \$250 per member~~
 86 ~~insurer in any one calendar year.~~

87 (4) The association may abate or defer, in whole or in

21-01280A-21

20211470__

88 part, the assessment of a member insurer if, in the opinion of
 89 the board, payment of the assessment would endanger the ability
 90 of the member insurer to fulfill its contractual obligations. In
 91 the event an assessment against a member insurer is abated, or
 92 deferred in whole or in part, the amount by which such
 93 assessment is abated or deferred may be assessed against the
 94 other member insurers in a manner consistent with the basis for
 95 assessments set forth in this section. Once the conditions that
 96 caused a deferral have been removed or rectified, the member
 97 insurer shall pay all assessments that were deferred pursuant to
 98 a repayment plan approved by the association.

99 ~~(9) Notwithstanding any provision to the contrary, no~~
 100 ~~member insurer that is a nonprofit insurance company which~~
 101 ~~issues annuity contracts or group annuity contracts pursuant to~~
 102 ~~s. 121.35, or for the benefit of employees of educational~~
 103 ~~institutions situated in this state may be assessed in any one~~
 104 ~~calendar year an amount greater than the amount which it paid to~~
 105 ~~this state in the previous year as premium tax and corporate tax~~
 106 ~~on the business to which this part applies or 0.1 percent of~~
 107 ~~written premium on such business in this state, whichever is~~
 108 ~~greater.~~

109 Section 4. Paragraphs (h) and (i) are added to subsection
 110 (3) of section 631.721, Florida Statutes, to read:

111 631.721 Plan of operation.—

112 (3) The plan of operation shall, in addition to
 113 requirements enumerated elsewhere in this part:

114 (h) Establish a procedure for removing a member insurer
 115 director when that member insurer becomes an impaired or
 116 insolvent insurer.

21-01280A-21

20211470__

117 (i) Require the board of directors to establish policies
118 and procedures for addressing conflicts of interest.
119 Section 5. This act shall take effect July 1, 2021.

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1526 makes a number of changes to the law relating to Medicaid coverage for young adults who have aged out of foster care. The bill requires the Department of Children and Families (DCF) to develop a program to facilitate enrollment of young adults formerly in out-of-home care in Medicaid.

The bill authorizes the DCF to coordinate with a community-based care lead agency in implementing the program and requires specified outreach services that must be included in the program.

The bill revises eligibility for Medicaid coverage for specified young adults formerly eligible for foster care to provide that a young adult who as a child was eligible under Title IV-E of the Social Security Act for foster care or state-provided foster care and was living in out-of-home care in Florida on his or her 18th birthday remains eligible until the young adult reaches 26 years of age. There is no income, resource, or categorical limit for eligibility that is otherwise required to be in compliance with federal law.

The bill may have an indeterminate negative fiscal impact on state government. See Section V. Fiscal Impact Statement.

The bill takes effect July 1, 2021.

II. Present Situation:

Medicaid

Medicaid, authorized in Title XIX of the Social Security Act (SSA), is a state administered federal program that jointly finances medical and related services to a diverse low-income population.¹ To be eligible for Medicaid, individuals must meet both categorical² and financial³ criteria in addition to requirements regarding residency, immigration status, and U.S. citizenship.⁴ For some eligibility groups or pathways, state coverage is mandatory, while for others it is optional. States and territories must submit a state plan to the federal government to describe how they will carry out their Medicaid programs within the federal statute's framework.⁵

As the Medicaid agency for the state, as provided under federal law, Medicaid services in Florida are administered by the Agency for Health Care Administration (AHCA). Medicaid eligibility in Florida is determined by either the Department of Children and Families (DCF) or the Social Security Administration for Supplemental Security Income (SSI)⁶ recipients. The DCF determines Medicaid eligibility for:

- Parents and caretaker relatives of children;
- Children;
- Pregnant women;
- Former Foster Care Individuals;
- Non-citizens with medical emergencies; and
- Aged or disabled individuals not currently receiving SSI.⁷

Children in Out-of-Home Care

The Foster Care, Prevention, and Permanency program, authorized in Title IV-E of the SSA, is a federal-state program that, among other things, jointly finances foster care for children who a state determines cannot safely remain in their homes and who meet federal eligibility rules related to being removed from a low-income household and other factors. The program also provides some support for services to assist older children in foster care and those who age out of foster care in making a successful transition to adulthood. The Administration for Children and Families (ACF) at the U.S. Department of Health and Human Services (HHS) administers the Title IV-E program.⁸

¹ Medicaid.gov, *Medicaid*, available at <https://www.medicaid.gov/medicaid/index.html> (last visited March 6, 2021).

² Categories include the elderly, children, or pregnant women.

³ These include income and assets.

⁴ Medicaid.gov, *Eligibility*, available at <https://www.medicaid.gov/medicaid/eligibility/index.html> (last visited March 6, 2021).

⁵ Congressional Research Service, *Medicaid Coverage for Former Foster Youth Up to Age 26*, October 26, 2018, available at <https://fas.org/sfp/crs/misc/IF11010.pdf> (last visited March 5, 2021) (hereinafter cited as “CRS Medicaid for Foster Youth”).

⁶ Supplemental Security Income (SSI) is a federal income supplement program funded by general tax revenues (not Social Security taxes). The program is designed to help aged, blind, and disabled people, who have little or no income and it provides cash to meet basic needs for food, clothing, and shelter.

⁷ The DCF, ACCESS Program, Medicaid, available at <https://www.myflfamilies.com/service-programs/access/medicaid.shtml> (last visited March 5, 2021).

⁸ CRS Medicaid for Foster Youth.

While in foster care, nearly all children are eligible for Medicaid under mandatory eligibility pathways. This means that states must provide coverage because these children receive assistance under the Title IV-E foster care program, are disabled, or meet other eligibility criteria. Under the Title IV-E program, states are required to inform foster youth within 90 days prior to emancipation about their future options for health care. Title IV-E also directs states to provide these youth with health information and official documentation that they were previously in care. Such documentation may be necessary to determine eligibility for some former foster youth who later apply for Medicaid.⁹

Current law requires the AHCA to make payments for medical assistance and related services on behalf of individuals who the department, or the Social Security Administration by contract with the DCF, determines to be eligible, subject to the income, assets, and categorical eligibility tests set forth in federal and state law. Payment on behalf of these Medicaid eligible persons is subject to the availability of moneys and any limitations established by the General Appropriations Act or ch. 216, F.S.¹⁰ These individuals include a child who is eligible under Title IV-E of the Social Security Act for subsidized board payments, foster care, or adoption subsidies, and a child for whom the state has assumed temporary or permanent responsibility and who does not qualify for Title IV-E assistance but is in foster care, shelter or emergency shelter care, or subsidized adoption. This category includes:

- A young adult who is eligible to receive services under s. 409.1451, F.S., until the young adult reaches 21 years of age, without regard to any income, resource, or categorical eligibility test that is otherwise required.
- A person who as a child was eligible under Title IV-E of the Social Security Act for foster care or the state-provided foster care and who is a participant in the Road-to-Independence Program.
- A child who is eligible for the Guardianship Assistance Program as provided in s. 39.6225, F.S.¹¹

Young Adults Formerly in Out-of-Home Care

The Medicaid pathway for former foster youth is intended to provide necessary health supports in the years immediately after leaving foster care.¹² The Patient Protection and Affordable Care Act (ACA)¹³ authorizes Medicaid for an individual up to age 26 if they were in foster care and receiving Medicaid when they aged out of foster care at the age of 18 or older. It parallels another ACA requirement that health insurance companies provide coverage of children up to age 26 under their parents' private health care plans. There is no income limit for eligibility and the young adult must not be eligible for another Medicaid coverage type. However, the individual must apply for this coverage through the DCF's ACCESS Florida.¹⁴

⁹ *Id.*

¹⁰ Section 409.903, F.S.

¹¹ Section 409.903(4), F.S.

¹² CRS Medicaid for Foster Youth.

¹³ *See* Pub. L. 111-148.

¹⁴ The DCF, CFOP 170-15, Chapter 2 Medicaid, 2-9.a., available at

<https://www.myflfamilies.com/admin/publications/cfops/CFOP%20170-xx%20Child%20Welfare/CFOP%20170->

Prior to reaching age 21, if the young adult has an open supervision case or upon request of a young adult, child welfare staff must:¹⁵

- Assist the young adult in applying for Medicaid under this coverage group.
- Ensure that the young adult retains continuity of medical care and has a Medicaid card.

A review of continued Medicaid eligibility must be completed at least once every 12 months, or sooner if the child's circumstances change. The criteria for recertification remain the same as for the initial Medicaid eligibility determination. In all cases, Medicaid for non-Title IV-E eligible children must be authorized for 12 months. All factors relating to eligibility are reevaluated at each recertification.¹⁶

III. Effect of Proposed Changes:

Currently, the DCF or the community-based lead agency is required to document that young adults who were formerly in out-of-home care are enrolled in Medicaid under s. 409.903(4), F.S.¹⁷ The bill directs the DCF to develop a program to facilitate enrollment of these young adults into the Medicaid program. The DCF is required to provide outreach and technical assistance that includes:

- Notifying eligible or prospectively eligible young adults, caregivers, group homes, and residential programs about the eligibility and options for enrollment.
- Providing technical assistance to eligible young adults in enrolling.
- Publicizing options for Medicaid enrollment for young adults who have lived in foster care.

The bill also amends s. 409.903(4), F.S., to conform the statute to federal law and existing Florida Medicaid rules, which require state Medicaid programs to extend eligibility for former foster care youth to the age of 26, without regard to any income, resource, or categorical eligibility test that is otherwise required in order to be in compliance with federal law.

The bill takes effect July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

[15%20%20Federal%20and%20State%20Funding%20Eligibility/CFOP%20170-15.%20%20Chapter%2002.%20Medicaid.pdf](#) (last visited March 6, 2021).

¹⁷ Section 409.1451(10), F.S.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

CS/SB 1526 has an indeterminate negative fiscal impact on state government.

The DCF projects one-time costs to make the necessary technological updates to the Florida Safe Families Network (FSFN) and ACCESS Florida systems.¹⁸ However, because the costs are projected to be minimal, the DCF would likely be able to absorb the costs within existing department resources.

The ACHA states that the bill poses no operational costs for the department.¹⁹ The AHCA also provides that since former foster care youth are currently eligible for Medicaid coverage until age 26 as mandated by federal law, the bill codifies in statute to align with what is currently covered under Florida Medicaid. However, the AHCA states that the program to assist enrollment of former foster youth in Medicaid may result in an indeterminate increase in the number of Medicaid enrollees.²⁰

VI. Technical Deficiencies:

None.

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1540 authorizes “Closing the Gap” grants to be awarded to projects that aim to decrease racial and ethnic disparities in severe maternal morbidity rates and other maternal health outcomes. The bill requires the Department of Health (department) to coordinate with existing community-based maternal health programs.

The bill creates telehealth minority maternity care pilot programs in Duval and Orange counties to use telehealth to expand capacity for positive maternal health outcomes in racial and ethnic minority populations. The bill provides detailed requirements for the pilot programs, including specifying services for eligible pregnant women that the programs must provide or coordinate with prenatal home visiting services to provide. The bill authorizes the department to adopt rules to implement the pilot programs.

The bill requires that funds appropriated by the Legislature for the Closing the Gap grant program be used to fund the pilot programs. The bill requires the department’s Division of Community Health Promotion and its Office of Minority Health and Health Equity to work together to apply for available federal funds to assist in the implementation of the bill.

The bill requires the department to use funds appropriated by the Legislature for the Closing the Gap grant program. The Fiscal Year 2020-2021 General Appropriations Act provided \$4,850,354 in recurring general revenue for Minority Health Initiatives, which includes the Closing the Gap grant program. The department must also work in partnership to apply for

federal funds that are available to assist the department in accomplishing the program's purpose and successfully implementing the pilot program.

The bill takes effect on July 1, 2021.

II. Present Situation:

History of the Office of Minority Health and Health Equity

In 1993, Florida's Minority Health Improvement Act authorized the Minority Health Commission. In 1995, the Commission sunset.¹ In 1998, the Department of Health (department) established the Office of Equal Opportunity and Minority Health.² In 2004, the Legislature established the Office of Minority Health within the department, pursuant to s. 20.43(9), F.S.³ In 2016, the Legislature renamed it as the Office of Minority Health and Health Equity (office).⁴

Currently, under s. 20.43, F.S., the office must be headed by a senior health equity officer who administers the Closing the Gap grant program in a manner that maximizes the impact of the grants in achieving health equity. The senior health equity officer must evaluate the grants awarded by the program and assess the effectiveness and efficiency of the use of funds to determine best practices. The senior health equity officer is also responsible for disseminating information on best practices to stakeholders and for ensuring that the assessments inform future grant award decisions.

The office currently has five Full-Time-Equivalent (FTE) staff positions: one senior health equity officer, one grants administrator, two Florida-certified contract managers, and one administrative assistant. The office also has four Other Personal Services (OPS) staff positions: one program evaluator, two program analysts, and one senior clerk.

Closing the Gap Grant Program

In 2000, the Florida Legislature created the Reducing the Racial and Ethnic Health Disparities: "Closing the Gap" (CTG) grant program.⁵ The program is administered through the office and its implementation is subject to a specific appropriation in the General Appropriations Act.⁶ The purposes of the grant program is to improve health outcomes of racial and ethnic populations and promote disease prevention activities in the following priority areas:

- Maternal and infant mortality;
- Cancer;
- HIV/AIDS;
- Cardiovascular disease;
- Diabetes;
- Adult and child immunization;

¹ Florida Department of Health, History of the Office of Minority Health and Health Equity, *available at* <http://www.floridahealth.gov/programs-and-services/minority-health/about-us.html> (last visited Feb. 2, 2021).

⁵ Chapter 2000-256, ss. 31-32, Laws of Fla.

⁶ Section 381.7356(7), F.S.

- Oral health care;
- Sickle cell disease;
- Lupus; and
- Alzheimer's disease and dementia.⁷

Closing the Gap grants are intended to stimulate the development of community and neighborhood-based projects that impact health outcomes of racial and ethnic populations and stimulate partnerships between state and local governments, faith-based organizations, private sector organizations, and other non-traditional partners.⁸ Priority is given to grant proposals that:

- Represent areas with the greatest documented ethnic and racial health status disparities;
- Exceed the statutory local match requirement;⁹
- Demonstrate broad-based local community support from entities representing racial and ethnic populations;
- Demonstrate high levels of participation by the health care community in clinical preventive services and health promotion activities;
- Have been submitted by counties with high levels of residents living in poverty and with poor health status indicators;
- Demonstrate a coordinated community approach to addressing racial and ethnic health disparities within existing publicly financed health care programs;
- Incorporate intervention mechanisms that have a high probability of improving the targeted populations health status;
- Demonstrate a commitment to quality management in all aspects of project administration and implementation; and
- Incorporate policy approaches that will lead to long-term sustainability and improvement.¹⁰

Projects receiving grants are required to provide matching funds of one dollar for every three dollars awarded.¹¹ In counties with populations greater than 50,000, up to 50 percent of the local matching funds may be in-kind in the form of free services or human resources.¹² In counties with populations of 50,000 or less, local matching funds may be provided entirely through in-kind contributions.¹³

The office is responsible for:

- Publicizing the availability of funds and establishing an application process for submitting a grant proposal;
- Providing technical assistance and training, including a statewide meeting promoting best practice programs, as requested, to grant recipients;
- Developing uniform data reporting requirements for the purpose of evaluating the performance of the grant recipients and demonstrating improved health outcomes;
- Developing a monitoring process to evaluate progress toward meeting grant objectives; and

- Coordinating with existing community-based programs, such as chronic disease community intervention programs, cancer prevention and control programs, diabetes control programs, the Healthy Start program, the Florida Kidcare Program, the HIV/AIDS program, immunization programs, and other related programs at the state and local levels, to avoid duplication of effort and promote consistency.¹⁴

In relation to the Closing the Gap grant program, the department must coordinate with existing community-based programs to avoid duplication of effort and promote consistency, such as:

- Chronic disease community intervention programs;
- Cancer prevention and control programs;
- Diabetes control programs;
- The Healthy Start program;
- The Florida Kidcare Program;
- The HIV/AIDS program;
- Immunization programs; and
- Other related programs at the state and local levels.¹⁵

Current Department of Health Initiatives and Programs relating to Maternal Health

Pregnancy-Associated Mortality Review¹⁶

In 1996, the department established the Pregnancy-Associated Mortality Review (PAMR) process to improve surveillance and analysis of pregnancy-related deaths in Florida. This case review program seeks to close gaps in care, identify systemic service delivery issues, and make recommendations to facilitate improvements in the overall systems of care. The PAMR Committee consists of two co-chairs and a committee membership representative of diverse geographic, medical, psychosocial, community and epidemiological expertise.¹⁷ The PAMR Committee reviews all deaths identified as pregnancy-related and reviews the medical records to see what, if anything, could have been done to prevent this death.

The PAMR defines “pregnancy-associated death” as a death to a woman from any cause while she is pregnant or within one year of termination of the pregnancy, regardless of duration and site of the pregnancy. Before they are reviewed and found to be “pregnancy-associated,” such deaths are identified through:

- Death certificates identified by the assigned cause of death being in the category of Pregnancy, Childbirth and the Puerperium (pregnancy related);
- Florida's Prenatal Risk Screen (formerly known as the Healthy Start screen);
- Birth Certificate/Fetal death certificate;

¹⁴ Department of Health, *Committee Substitute for Senate Bill 404 Analysis* (March 9, 2021) (on file with the Senate Committee on Health Policy).

¹⁷ Department of Health, *House Bill 1383 Fiscal Analysis* (Mar. 12, 2021) (on file with the Senate Committee on Health Policy).

- Death certificates with a checked box identifying the woman as either pregnant at time of death, pregnant within 42 days of death, or pregnant between 43 days to one year before death.

Figure 3. Pregnancy-Related Mortality Ratios (PRMRs) by Race/Ethnicity, Florida, 2008–2018

The 2018 PAMR Report found that the pregnancy-related mortality ratio (PRMR) in Florida was 16.3 per 100,000 live births.¹⁹ Although the 2018 PRMR was lower than the 2009 ratio (26.2 per 100,000 live births), the trend for the period 2008-2018 was not statistically significant.²⁰ The 2018 PAMR Report noted a significant decrease in the Black-White racial disparity gap from 8.7 in 2008 to 2.5 in 2018.²¹ Throughout the study period, non-Hispanic Black women exhibited higher PRMRs than non-Hispanic White or Hispanic women.²² During 2012, the PRMR for non-Hispanic Black women was 60.5, an all-time high. In 2018, the PRMR per 100,000 live births was 32.0 for non-Hispanic Black women, 12.9 for non-Hispanic White women, and 10.6 for Hispanic women.²³

The report issued recommendations relating to improved training for providers and education for patients, earlier access to prenatal care, assessment standards, and screening procedures.²⁴

¹⁸ Florida Department of Health, Florida’s Pregnancy-Associated Mortality Review 2018 Update (May 2020) available at <http://www.floridahealth.gov/statistics-and-data/PAMR/documents/pamr-2018-update.pdf> at 7. (last visited Mar. 27, 2021).

Florida Perinatal Quality Collaborative (FPQC)²⁵

The FPQC was established in 2010 to improve Florida's maternal and infant health outcomes through the delivery of high quality, evidence-based perinatal care. The department works with the Florida Perinatal Quality Collaborative (FPQC) which is housed in the Chiles Center at the University Of South Florida College Of Public Health. Led by a Steering Committee (that the department remains engaged in)²⁶ and a leadership team, the FPQC engages all its stakeholders to identify the priority perinatal quality improvement issues and to determine which initiatives are appropriate, feasible, engaging, measurable and supportable. PAMR findings have often been used to help inform initiatives addressed by the FPQC.

Florida Healthy Start Program²⁷

The department's Division of Community Health Promotion, Bureau of Family Health Services, Maternal and Child Health Section oversees the Florida Healthy Start program.²⁸ Healthy Start is a voluntary program that provides home visiting services that include prenatal education and support, screening and services, parenting education, and care coordination to assure access to needed services. These services may include psychosocial, nutritional, smoking cessation counseling, childbirth, breastfeeding, substance abuse education, and interconception education and counseling. Healthy Start services pregnant women and children up to three years of age in all 67 counties. Duval County is provided services through the Northeast Healthy Start Coalition and Orange County is provided services through the Healthy Start Coalition of Orange County.²⁹

HRSA Grant to Address Perinatal Mental Health and Substance Abuse³⁰

The department has a grant from the federal Health Resources and Services Administration (HRSA) to administer a pilot program to address perinatal mental health and substance use. The department has partnered with Florida State University, the University of Florida, and the Florida Association of Healthy Start Coalitions to implement this pilot program with plans to expand statewide. The pilot program expands screening for depression, anxiety, and substance use and access to needed services for pregnant and postpartum women. The pilot program aims to promote maternal and child health by building the capacity of health care providers to address these critical issues through professional development, expert consultation and support, and dissemination of best practices.

Florida Pregnancy Support Services Program³¹

The department has a contract with the Florida Pregnancy Care Network to implement the Florida Pregnancy Support Services Program (FPSSP). The FPSSP's network of pregnancy support centers located throughout the state provide pregnancy support services to women and

their families. Pregnancy help centers are local, non-profit organizations that provide support and assistance to women and men. In addition to free pregnancy tests, peer counseling, and referrals, most centers offer free classes on pregnancy, childbirth, parenting, and life skills. Participation is encouraged by offering free items such as maternity and baby clothing, diapers, formula, cribs, and car seats to women participating in the FPSSP throughout their pregnancy and the first year of their baby's life. The FPSSP also has a wellness program that offers referrals to health care providers that will provide free well-woman exams performed by a physician, nurse practitioner, or physician assistant.

“My Birth Matters” Florida Campaign³²

The Department of Health, the Agency for Health Care Administration, the FPQC, and the Florida Hospital Association have launched the “My Birth Matters” Florida campaign, modeled after the California “My Birth Matters” campaign (MyBirthMatters.org). The purpose of the campaign is to promote vaginal deliveries and reduce unnecessary caesarean section deliveries for expectant mothers with low-risk pregnancies. The campaign offers free educational materials and resources for parents and providers, including posters, brochures, videos, and social media messages.

Nurse Family Partnership program

The department has implemented the Nurse Family Partnership program which serves 20 counties throughout the state.³³ In this program, specially trained nurses visit young, first-time moms-to-be, beginning in early pregnancy and continuing through the child's second birthday.³⁴ The goal of the program is to improve pregnancy outcomes by helping women use preventive health practices, including:

- Thorough prenatal care from their health care providers;
- Improving diets;
- Reducing consumption of nicotine, alcohol, and illegal substances;
- Improving child health and development by helping parents provide responsible and competent care; and
- Improving the economic self-sufficiency of the family by helping parents to develop a vision for their own future, plan future pregnancies, continue their education, and find work.³⁵

Telehealth

In 2019, the Legislature passed and the Governor approved CS/CS/HB 23 which created s. 456.47, F.S. The bill became effective on July 1, 2019.³⁶ It authorizes Florida-licensed health care providers³⁷ to use telehealth to deliver health care services within their respective scopes of

³⁶ Chapter 2019-137, s. 6, Laws of Fla.

³⁷ Section 467.47(1)(b), F.S.

practice and also authorizes out-of-state health care providers to use telehealth to deliver health care services to Florida patients if they register with the department or the applicable board³⁸ and meet certain eligibility requirements.³⁹ A registered out-of-state telehealth provider may use telehealth, within the relevant scope of practice established by Florida law and rule, to provide health care services to Florida patients but is prohibited from opening an office in Florida and from providing in-person health care services to patients located in Florida while registered as an out-of-state telehealth provider.

Section 456.47, F.S., defines the term “telehealth” as the use of synchronous (real-time) or asynchronous (in separate time frames) telecommunications technology by a telehealth provider to provide health care services, including, but not limited to, assessment, diagnosis, consultation, treatment, and monitoring of a patient; transfer of medical data; patient and professional health-related education; public health services; and health administration. The term does not include audio-only telephone calls, e-mail messages, or facsimile transmissions.

III. Effect of Proposed Changes:

Section 1 of the bill amends s. 381.7353, F.S., to require the Department of Health (department) to coordinate with community-based maternal health programs at the state and local levels to avoid duplication of effort and promote consistency.

A Closing the Gap grant proposal must address one or more priority areas, as listed in s. 381.7355, F.S. **Section 2** of the bill s. 381.7355, F.S., to add “decreasing racial and ethnic disparities in severe maternal morbidity rates and other maternal health outcomes” as a priority area.

Section 3 of the bill creates s. 383.2163, F.S., to require the department to establish a telehealth minority maternity care pilot program in Duval County and Orange County by July 1, 2022. The pilot programs would use telehealth to expand the capacity for positive maternal health outcomes in racial and ethnic minority populations. Under the bill, the department must direct and assist the county health departments in Duval County and Orange County to implement the pilot programs.

³⁸ Under s. 456.001(1), F.S., the term “board” is defined as any board, commission, or other statutorily created entity, to the extent such entity is authorized to exercise regulatory or rulemaking functions within the department or, in some cases, within the department’s Division of Medical Quality Assurance.

³⁹ On March 16, 2020, Surgeon General Scott Rivkees executed department Emergency Order 20-002 authorizing certain out-of-state physicians, osteopathic physicians, physician assistants, and advanced practice registered nurses to provide telehealth in Florida without the need to register as a telehealth provider under s. 456.47(4), F.S. This emergency order was extended and will remain in effect until the expiration of the Governor’s Executive Order No. 20-52 and extensions thereof. Department of Health, State of Florida, *Emergency Order DOH No. 20-003* (Mar. 21, 2020) available at <https://s33330.pcdn.co/wp-content/uploads/2020/03/DOH-EO-20-003-3.21.2020.pdf> (last visited Mar. 27, 2021).

³⁹ Department of Health, State of Florida, *Emergency Order DOH No. 20-005* (Apr. 21, 2020) available at <https://s33330.pcdn.co/wp-content/uploads/2020/04/DOH-Emergency-Order-20-005-extending-20-003.pdf> (last visited Mar. 27, 2021).

³⁹ Section 20.42, F.S.

The pilot programs must use telehealth to provide, or coordinate with prenatal home visiting programs to provide all of the following services and education to eligible pregnant women⁴⁰ up to the last day of their postpartum⁴¹ periods, as applicable:

- Referrals to Healthy Start’s coordinated intake and referral program to offer families prenatal home visiting services.
- Services and education addressing social determinants of health, including, but not limited to, all of the following:
 - Housing placement options.
 - Transportation services or information on how to access such services.
 - Nutrition counseling.
 - Access to healthy foods.
 - Lactation support.
 - Lead abatement and other efforts to improve air and water quality.
 - Child care options.
 - Car seat installation and training.
 - Wellness and stress management programs.
 - Coordination across safety net and social support services and programs.
- Evidence-based health literacy and pregnancy, childbirth, and parenting education for women in the prenatal and postpartum periods.
- For women during their pregnancies through the postpartum periods, connection to support from doulas and other perinatal health workers.
- Tools to conduct key components of maternal wellness checks, including, but not limited to, all of the following:
 - A scale to measure body weight.
 - A device to measure blood pressure.
 - A device to measure blood sugar levels.
 - Any other device that the health care practitioner performing wellness checks through telehealth deems necessary.

The pilot programs created in the bill must also provide training to health care practitioners and perinatal professionals⁴² participating in the plan on:

- Implicit and explicit biases, racism, and discrimination in the provision of maternity care and how to eliminate them.
- Remote patient monitoring tools for pregnancy-related complications.
- Screening for social determinants of health risks in the prenatal and postpartum periods.
- Best practices in screening for evaluating and treating maternal mental health conditions and substance use disorders.
- Information collection, recording, and evaluation activities to:
 - Study the impact of the pilot program;

⁴⁰ Under the bill, “eligible pregnant woman” means a pregnant woman who is receiving, or is eligible to receive, maternal or infant care services from the department under ch. 381 or ch. 383, F.S.

⁴¹ Under the bill, “postpartum” means the 1-year period beginning on the last day of a woman’s pregnancy.

⁴² Under the bill, “perinatal professionals” means doulas, personnel from Healthy Start and home visiting programs, childbirth educators, community health workers, peer supporters, certified lactation consultants, nutritionists and dietitians, social workers, and other licensed and non-licensed professionals who assist women through their prenatal or postpartum periods.

- Ensure access to and the quality of care;
- Evaluate patient outcomes;
- Measure patient experience; and
- Identify best practices for the expansion of the pilot program.

The bill provides that the pilot programs are to be funded using funds appropriated by the Legislature for the Closing the Gap grant program. The bill requires the department's Division of Community Health Promotion and its Office of Minority Health and Health Equity to work in partnership and apply for federal funds that are available to assist the department in accomplishing the purpose of the pilot programs and in successfully implementing the programs.

The bill authorizes the department to adopt rules to implement the pilot programs.

Section 4 of the bill takes effect on July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

Adding “decreasing racial and ethnic disparities in severe maternal morbidity rates and other maternal health outcomes” as a priority area may reduce the funds available for Closing the Gap grant awards for other priority areas.

C. Government Sector Impact:

CS/SB 1540 does not have a direct fiscal impact on the state because the bill provides that the pilot programs will be funded from appropriations made by the Legislature for the Closing the Gap grant program. Therefore, implementation of the pilot programs is subject to such appropriation. The 2020-2021 General Appropriations Act provided \$4,850,354 in recurring general revenue for Minority Health Initiatives, which includes the Closing the Gap grant program. (Specific Appropriation 429).

The Department of Health (department) estimates, based on the number of pregnancies in Duval and Orange counties and the number of those pregnancies that may be covered by Medicaid, that it would cost \$5,465,197 to provide a scale (\$40.73 each), blood pressure cuff (\$79.96 each), and glucose monitor (\$206 each) to each woman who may be eligible for the pilot programs in those counties.⁴³ That estimate is for medical equipment only. The department indicates that the department will use existing resources to fulfill other requirements of the bill.⁴⁴

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 381.7353 and 381.7355.

This bill creates section 383.2163 of the Florida Statutes.

IX. Additional Information:**A. Committee Substitute – Statement of Substantial Changes:**

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Health Policy on March 31, 2021:

The CS:

- Adds personnel from Healthy Start and home visiting programs to the definition of “perinatal professionals.”
- Deletes the underlying bill’s definition of “telehealth” that included audio-only telephone calls, e-mail messages, and facsimile transmissions.
- Authorizes a pilot program to coordinate with prenatal visiting programs to provide services specified in the bill, in lieu of providing the services through telehealth.

⁴³ *Supra* note 28.

⁴⁴ *Id.*

- Requires a pilot program to provide referrals to Healthy Start's coordinated program intake and referral program to offer families prenatal home visiting services.
- Authorizes a pilot program to provide a device to a woman that a health care practitioner performing wellness checks through telehealth deems necessary, regardless of whether that device is necessary to ensure that an accurate assessment of a pregnant women participating in the program is conducted.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Health Policy; and Senator Gibson

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-03617-21

20211540c1

59 ~~7.6-~~ Increasing adult and child immunization rates in
 60 certain racial and ethnic populations.

61 ~~8.7-~~ Decreasing racial and ethnic disparities in oral
 62 health care.

63 ~~9.8-~~ Decreasing racial and ethnic disparities in morbidity
 64 and mortality rates relating to sickle cell disease.

65 ~~10.9-~~ Decreasing racial and ethnic disparities in morbidity
 66 and mortality rates relating to Lupus.

67 ~~11.10-~~ Decreasing racial and ethnic disparities in
 68 morbidity and mortality rates relating to Alzheimer's disease
 69 and dementia.

70 ~~12.11-~~ Improving neighborhood social determinants of
 71 health, such as transportation, safety, and food access, as
 72 outlined by the Centers for Disease Control and Prevention's
 73 "Tools for Putting Social Determinants of Health into Action."

74 Section 3. Effective January 1, 2022, section 383.2163,
 75 Florida Statutes, is created to read:

76 383.2163 Telehealth minority maternity care pilot
 77 programs.—By July 1, 2022, the department shall establish a
 78 telehealth minority maternity care pilot program in Duval County
 79 and Orange County which uses telehealth to expand the capacity
 80 for positive maternal health outcomes in racial and ethnic
 81 minority populations. The department shall direct and assist the
 82 county health departments in Duval County and Orange County to
 83 implement the programs.

84 (1) DEFINITIONS.—As used in this section, the term:

85 (a) "Department" means the Department of Health.

86 (b) "Eligible pregnant woman" means a pregnant woman who is
 87 receiving, or is eligible to receive, maternal or infant care

Page 3 of 8

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-03617-21

20211540c1

88 services from the department under chapter 381 or chapter 383.

89 (c) "Health care practitioner" has the same meaning as in
 90 s. 456.001.

91 (d) "Health professional shortage area" means a geographic
 92 area designated as such by the Health Resources and Services
 93 Administration of the United States Department of Health and
 94 Human Services.

95 (e) "Indigenous population" means any Indian tribe, band,
 96 or nation or other organized group or community of Indians
 97 recognized as eligible for services provided to Indians by the
 98 United States Secretary of the Interior because of their status
 99 as Indians, including any Alaskan native village as defined in
 100 43 U.S.C. s. 1602(c), the Alaska Native Claims Settlement Act,
 101 as that definition existed on the effective date of this act.

102 (f) "Maternal mortality" means a death occurring during
 103 pregnancy or the postpartum period which is caused by pregnancy
 104 or childbirth complications.

105 (g) "Medically underserved population" means the population
 106 of an urban or rural area designated by the United States
 107 Secretary of Health and Human Services as an area with a
 108 shortage of personal health care services or a population group
 109 designated by the United States Secretary of Health and Human
 110 Services as having a shortage of such services.

111 (h) "Perinatal professionals" means doulas, personnel from
 112 Healthy Start and home visiting programs, childbirth educators,
 113 community health workers, peer supporters, certified lactation
 114 consultants, nutritionists and dietitians, social workers, and
 115 other licensed and nonlicensed professionals who assist women
 116 through their prenatal or postpartum periods.

Page 4 of 8

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-03617-21

20211540c1

- 117 (i) "Postpartum" means the 1-year period beginning on the
 118 last day of a woman's pregnancy.
- 119 (j) "Severe maternal morbidity" means an unexpected outcome
 120 caused by a woman's labor and delivery which results in
 121 significant short-term or long-term consequences to the woman's
 122 health.
- 123 (k) "Technology-enabled collaborative learning and capacity
 124 building model" means a distance health care education model
 125 that connects health care professionals, particularly
 126 specialists, with other health care professionals through
 127 simultaneous interactive videoconferencing for the purpose of
 128 facilitating case-based learning, disseminating best practices,
 129 and evaluating outcomes in the context of maternal health care.
- 130 (2) PURPOSE.—The purpose of the pilot programs is to:
- 131 (a) Expand the use of technology-enabled collaborative
 132 learning and capacity building models to improve maternal health
 133 outcomes for the following populations and demographics:
- 134 1. Ethnic and minority populations.
 135 2. Health professional shortage areas.
 136 3. Areas with significant racial and ethnic disparities in
 137 maternal health outcomes and high rates of adverse maternal
 138 health outcomes, including, but not limited to, maternal
 139 mortality and severe maternal morbidity.
- 140 4. Medically underserved populations.
 141 5. Indigenous populations.
- 142 (b) Provide for the adoption and use of telehealth services
 143 that allow for screening and treatment of common pregnancy-
 144 related complications, including, but not limited to, anxiety,
 145 depression, substance use disorder, hemorrhage, infection,

588-03617-21

20211540c1

- 146 amniotic fluid embolism, thrombotic pulmonary or other embolism,
 147 hypertensive disorders relating to pregnancy, diabetes,
 148 cerebrovascular accidents, cardiomyopathy, and other
 149 cardiovascular conditions.
- 150 (3) TELEHEALTH SERVICES AND EDUCATION.—The pilot programs
 151 shall adopt the use of telehealth or coordinate with prenatal
 152 home visiting programs to provide all of the following services
 153 and education to eligible pregnant women up to the last day of
 154 their postpartum periods, as applicable:
- 155 (a) Referrals to Healthy Start's coordinated intake and
 156 referral program to offer families prenatal home visiting
 157 services.
- 158 (b) Services and education addressing social determinants
 159 of health, including, but not limited to, all of the following:
- 160 1. Housing placement options.
 161 2. Transportation services or information on how to access
 162 such services.
 163 3. Nutrition counseling.
 164 4. Access to healthy foods.
 165 5. Lactation support.
 166 6. Lead abatement and other efforts to improve air and
 167 water quality.
 168 7. Child care options.
 169 8. Car seat installation and training.
 170 9. Wellness and stress management programs.
 171 10. Coordination across safety net and social support
 172 services and programs.
- 173 (c) Evidence-based health literacy and pregnancy,
 174 childbirth, and parenting education for women in the prenatal

20211540c1

175 and postpartum periods.

176 (d) For women during their pregnancies through the
 177 postpartum periods, connection to support from doulas and other
 178 perinatal health workers.

179 (e) Tools for prenatal women to conduct key components of
 180 maternal wellness checks, including, but not limited to, all of
 181 the following:

182 1. A device to measure body weight, such as a scale.
 183 2. A device to measure blood pressure which has a verbal
 184 reader to assist the pregnant woman in reading the device and to
 185 ensure that the health care practitioner performing the wellness
 186 check through telehealth is able to hear the reading.

187 3. A device to measure blood sugar levels with a verbal
 188 reader to assist the pregnant woman in reading the device and to
 189 ensure that the health care practitioner performing the wellness
 190 check through telehealth is able to hear the reading.

191 4. Any other device that the health care practitioner
 192 performing wellness checks through telehealth deems necessary.

193 (4) TRAINING.—The pilot programs shall provide training to
 194 participating health care practitioners and other perinatal
 195 professionals on all of the following:

196 (a) Implicit and explicit biases, racism, and
 197 discrimination in the provision of maternity care and how to
 198 eliminate these barriers to accessing adequate and competent
 199 maternity care.

200 (b) The use of remote patient monitoring tools for
 201 pregnancy-related complications.

202 (c) How to screen for social determinants of health risks
 203 in the prenatal and postpartum periods, such as inadequate

588-03617-21

20211540c1

204 housing, lack of access to nutritional foods, environmental
 205 risks, transportation barriers, and lack of continuity of care.

206 (d) Best practices in screening for and, as needed,
 207 evaluating and treating maternal mental health conditions and
 208 substance use disorders.

209 (e) Information collection, recording, and evaluation
 210 activities to:

211 1. Study the impact of the pilot program;

212 2. Ensure access to and the quality of care;

213 3. Evaluate patient outcomes as a result of the pilot
 214 program;

215 4. Measure patient experience; and

216 5. Identify best practices for the future expansion of the
 217 pilot program.

218 (5) FUNDING.—The pilot programs shall be funded using funds
 219 appropriated by the Legislature for the Closing the Gap grant
 220 program. The department's Division of Community Health Promotion
 221 and Office of Minority Health and Health Equity shall also work
 222 in partnership to apply for federal funds that are available to
 223 assist the department in accomplishing the program's purpose and
 224 successfully implementing the pilot programs.

225 (6) RULES.—The department may adopt rules to implement this
 226 section.

227 Section 4. This act shall take effect July 1, 2021.

THE FLORIDA SENATE

Tallahassee, Florida 32399-1100

April 6, 2021

Senator Kelli Stargel, Chair
Committee on Appropriations
201 The Capitol
404 S. Monroe Street
Tallahassee, FL 32399-1100

Chair Stargel: *Kelli*

I respectfully request that SB 1540, be placed on the next committee agenda.

SB 1540 through Closing the Gap grant proposals within the Department of Health establishes telehealth minority maternity care pilot programs in Duval and Orange counties. The pilot programs will use telehealth to expand the capacity for positive maternal outcomes in racial and ethnic minority populations and track reduction in maternal mortality, which will hopefully lead to expansion. The bill will also identify barriers to decreasing maternal and infant mortality rates and other maternal health outcomes in medically underserved populations. This bill passed unanimously in the first committee.

Thank you for your kind and consideration.

Sincerely,

Audrey Gibson
Audrey Gibson

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL: CS/CS/SB 1568

INTRODUCER: Appropriations Committee; Health Policy Committee; and Senator Rodriguez

SUBJECT: Department of Health

DATE: April 18, 2021

REVISED: _____

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Looke/Rossitto Van-Winkle	Brown	HP	Fav/CS
2.	Howard	Sadberry	AP	Fav/CS

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1568 addresses numerous health care-related issues regulated by the Department of Health (DOH).

The bill:

- Updates the Targeted Outreach for Pregnant Women Act of 1998.
- Creates section 395.3042, Florida Statutes, to establish requirements for the triage and transportation of heart attack victims to adult cardiovascular services (ACS) providers; requires the DOH to perform certain tasks and develop a heart attack assessment tool and licensed EMS medical directors to develop and implement assessment, treatment, and transport-destination protocols for heart attack patients.
- Amends section 401.465, Florida Statutes, to define “telecommunicator cardiopulmonary resuscitation training” to require each 911 public safety telecommunicator to receive training every two years; and the DOH monitor with ability to adjust state grant or shared revenue funding to a public safety agency based on the agency’s adherence to the training requirements.
- Amends section 408.033, Florida Statutes, authorizing local health councils to collect utilization data from licensed hospitals within their respective local health council districts for a specified purpose.
- Authorizes a telehealth provider, practicing in a manner consistent with his or her scope of practice, to prescribe Schedule III, IV, and V controlled substances through telehealth.
- Authorizes a telehealth provider, practicing in a manner consistent with his or her scope of practice, to prescribe Schedule II controlled substances under certain circumstances.

- Amends section 464.008, Florida Statutes, deleting a requirement that certain nursing program graduates complete a specified preparatory course.
- Amends section 465.1893, Florida Statutes, to provide long-acting medications pharmacists may administer under certain circumstances and revising requirements for a continuing education course such pharmacists must complete.
- Updates chapter 467, Florida Statutes, relating to midwifery, by removing duplicative or obsolete language and duplicative rulemaking authority and clarifying language regarding preceptorships, approval of midwifery programs, and minimum standards.
- Amends sections 490.003, 490.005, and 490.051, Florida Statutes, to clarify the educational requirements for psychologists applying for licensure by examination or endorsement;
- Amends section 491.005, Florida Statutes, regarding mental health counselors to update educational requirements and authorize a licensed mental health professional to be available by phone or other electronic methods when clinical services are being provided by a registered intern by telehealth methods; and
- Amends sections 460.406, 468.803, 483.824, and 490.005, Florida Statutes, to delete references to the term “regional” and replace it with the term “institutional” to conform to the U.S. Department of Education accreditation nomenclature for approving educational institutions.

The bill amends and creates sections of the Florida Statutes relating to the DOH’s regulation of Onsite Sewage Treatment and Disposal Systems (OSTDS). The bill:

- Amends section 381.0061, Florida Statutes, as amended by section 41 of chapter 2020-150, Laws of Florida, to strike the DOH’s authority to assess fines related to OSTDS and septic tank contracting. The regulation of these programs will transfer to the Department of Environmental Protection (DEP) on July 1, 2021.¹
- Creates section 381.00635, Florida Statutes, to authorize the DOH to issue an order requiring a correction to improper conditions of any private or public water system not covered or included in the Florida Safe Drinking Water Act,² which constitutes a nuisance or menace to public health. Amends section 381.0067, Florida Statutes, to eliminate DEP’s authority over public and private water systems not included in the Florida Safe Drinking Water Act, the regulation of which is retained by the DOH.
- Amends section 381.0101, Florida Statutes, to retain the requirement that onsite evaluations of OSTDS be done by certified environmental health professionals.

The DOH Division of Medical Quality Assurance (MQA) will incur recurring and nonrecurring workload costs associated with the bill and costs related to updating department systems, enforcing the new training requirements for public safety telecommunicators, and rulemaking; however, it is anticipated that current resources are adequate to absorb.

The bill takes effect on July 1, 2021.

¹ Chapter 2020-150, Laws of Fla.

² Part VI of ch. 403, F.S.

II. Present Situation:

Onsite Sewage Treatment and Disposal Systems

Onsite sewage treatment and disposal systems (OSTDSs), commonly referred to as “septic systems,” generally consist of two basic parts: the septic tank and the drainfield.³ Waste from toilets, sinks, washing machines, and showers flows through a pipe into the septic tank, where anaerobic bacteria break the solids into a liquid form. The liquid portion of the wastewater flows into the drainfield, which is generally a series of perforated pipes or panels surrounded by lightweight materials such as gravel or Styrofoam. The drainfield provides a secondary treatment where aerobic bacteria continue deactivating the germs. The drainfield also provides filtration of the wastewater, as gravity draws the water down through the soil layers.⁴

Until July 1, 2021, the Department of Health (DOH) will administer OSTDS programs, develop statewide rules, and provide training and standardization for county health department employees responsible for issuing permits for the installation and repair of OSTDSs within the state.⁵ The DOH regulations focus on construction standards and setback distances. The DOH also conducts research to evaluate performance, environmental health, and public health effects of OSTDSs. Innovative OSTDS products and technologies must be approved by the DOH.⁶

⁴ *Id.*

⁵ Section 381.0065(3), F.S.

⁶ Section 381.0065(3), F.S.

The DOH and the Department of Environmental Protection (DEP) have an interagency agreement that standardizes procedures and clarifies responsibilities between them regarding the regulation of OSTDSs.⁷ The DEP has jurisdiction over OSTDSs when: domestic sewage flow exceeds 10,000 gallons per day; commercial sewage flow exceeds 5,000 gallons per day; there is a likelihood of hazardous or industrial wastes; a sewer system is available; or if any system or flow from the establishment is currently regulated by the DEP (unless the DOH grants a variance).⁸ In all other circumstances, the DOH regulates OSTDSs.

There are an estimated 2.6 million OSTDSs in Florida, providing wastewater disposal for 30 percent of the state's population.⁹ In Florida, development in some areas is dependent on OSTDSs due to the cost and time it takes to install central sewer systems.¹⁰ For example, in rural areas and low-density developments, central sewer systems are not cost-effective. Less than one percent of OSTDSs in Florida are actively managed under operating permits and maintenance agreements.¹¹ The remainder of systems are generally serviced only when they fail, often leading to costly repairs that may have been avoided with routine maintenance.¹²

In a conventional OSTDS, a septic tank does not reduce nitrogen from the raw sewage. In Florida, approximately 30-40 percent of the nitrogen levels are reduced in the drainfield of a system that is installed 24 inches or more from groundwater.¹³ This still leaves a significant amount of nitrogen to percolate into the groundwater, which makes nitrogen from OSTDSs a potential contaminant in groundwater.¹⁴

Different types of advanced OSTDSs exist that can remove greater amounts of nitrogen than a typical septic system (often referred to as "advanced" or "nutrient-reducing" septic systems).¹⁵ The DOH publishes on its website approved products and resources on advanced systems.¹⁶ Determining which advanced system is the best option can depend on site-specific conditions.

The owner of a properly functioning OSTDS must connect to a sewer system within one year of receiving notification that a sewer system is available for connection.¹⁷ Owners of an OSTDS in need of repair or modification must connect within 90 days of notification from the DOH.¹⁸

The Blue-Green Algae Task Force made the following recommendations relating to OSTDSs:

- The DEP should develop a more comprehensive regulatory program to ensure that OSTDSs are sized, designed, constructed, installed, operated, and maintained to prevent nutrient pollution, reduce environmental impact, and preserve human health.
- More post-permitting septic tank inspections should take place.
- Protections for vulnerable areas in the state should be expanded.
- Additional funding to accelerate septic to sewer conversions.¹⁹

Chapter 2020-150, Laws of Florida

In 2020, the Legislature passed ch. 2020-150, Laws of Florida to respond to recommendations from the Blue-Green Algae Task Force. Regarding OSTDSs, the law:

- Transfers the regulation of OSTDSs from the DOH to the DEP.
- Directs the DEP to adopt rules to locate OSTDSs by July 1, 2022:
 - These rules will take into consideration conventional and advanced OSTDS designs, impaired water bodies, wastewater and drinking water infrastructure, potable water sources, non-potable wells, stormwater infrastructure, OSTDS remediation plans, nutrient pollution, and the recommendations of an OSTDS technical advisory committee;
 - Once those rules are adopted, they will supersede the existing statutory requirements for setbacks.
- To meet the requirements of a Total Maximum Daily Load (TMDL), the law requires the DEP to implement a fast-track approval process for the use in this state of American National Standards Institute 245 systems approved by National Sanitation Foundation (NSF) International before July 1, 2020.
- Deletes the DOH OSTDS technical advisory committee and creates a DEP OSTDS technical advisory committee that will expire on August 15, 2022, after making recommendations to the Governor and the Legislature regarding the regulation of OSTDSs.
- Requires local governments to develop OSTDS remediation plans within Basin Management Action Plans (BMAPs) if the DEP determines that OSTDSs contribute at least 20 percent of the nutrient pollution or if the DEP determines remediation is necessary to achieve the total maximum daily load. Such plans must be adopted as part of the BMAPs no later than July 1, 2025.²⁰

Targeted Outreach for Pregnant Women

The Targeted Outreach for Pregnant Women Act (TOPWA) was enacted by the Florida Legislature in 1998. The TOPWA program is designed to establish targeted outreach to high-risk

¹⁷ Section 381.00655, F.S.

¹⁸ *Id.*

¹⁹ DEP, *Blue-Green Algae Task Force Consensus Document #1*, 6-7 (Oct. 11, 2019), available at https://floridadep.gov/sites/default/files/Final%20Consensus%20%231_0.pdf (last visited March 25, 2021).

²⁰ Analysis of CS/CS/SB 712 (Feb. 24, 2020), available at <https://www.flsenate.gov/Session/Bill/2020/712/Analyses/2020s00712.ap.PDF> (last visited, March 25, 2021).

pregnant women who may not be receiving proper prenatal care, who suffer from substance abuse problems, or who may be infected with the human immunodeficiency virus (HIV). The goal of the program is to provide these high-risk pregnant women with referrals for information and services.

In 2019, there were 453 HIV-exposed births in Florida. Without proper care for both mother and newborn, each of these births risks vertical transmission. The TOPWA supports outreach programs aimed at preventing vertical HIV transmission and other health issues by linking high-risk pregnant women with services that can help them have healthier pregnancies and deliveries and can aid them in ensuring their newborn gets a healthy start.²¹

Many of the women targeted by TOPWA programs may not otherwise receive prenatal care or know their HIV status. In 2019, there were seven TOPWA programs in Florida. The TOPWA programs, which are funded through General Revenue (GR) dollars and grant funds from the federal Centers for Disease Control and Prevention (CDC), provided services to 7,703 women from January 2016 to July 2020. Women living with HIV made up just under 10 percent of TOPWA program enrollments.²²

If a pregnant woman tests positive for HIV, medical interventions and prevention, such as the following, can greatly reduce her risk of transmitting the virus to her baby during childbirth:

- Antiretroviral medication to the mother;
- Delivery by caesarian section;
- Avoiding breastfeeding; and
- Antiretroviral medication to the newborn.²³

Telehealth to Provide Services

Current law prohibits telehealth providers from prescribing any controlled substance unless the controlled substance is prescribed for:

- The treatment of a psychiatric disorder;
- Inpatient treatment at a licensed hospital;
- The treatment of a patient receiving hospice services; or
- The treatment of a resident of a nursing home facility.²⁴

Prescribers and dispensers are required to report to and review the Prescription Drug Monitoring Program database to review a patient's controlled substance dispensing history prior to prescribing or dispensing a Schedule II-IV controlled substance for patients 16 years or older.²⁵ These prescribing limitations and requirements apply to practitioners providing services in-person and through telehealth.

Federal Guidance during the COVID-19 Public Health Emergency

In response to COVID-19, on January 31, 2020, the Secretary of the Department of Health and Human Services (HHS) issued a public health emergency.²⁶ On March 16, 2020, the federal Drug Enforcement Agency (DEA) published a COVID-19 Information page on the Diversion Control Division website, authorizing qualified prescribers to issue prescriptions for all Schedule II-V controlled substances to patients without first conducting an in-person medical evaluation, provided all of the following conditions are met:

- The prescription is issued for a legitimate medical purpose by a practitioner acting in the usual course of his/her professional practice.
- The evaluation is conducted using an audio-visual, real-time, two-way interactive communication system.
- The practitioner is acting in accordance with applicable federal and state law.²⁷

Florida DOH Emergency Order No. 20-002

The same day that the HHS Secretary authorized qualified prescribers to prescribe Schedule II-V controlled substances, Surgeon General Rivkees issued DOH Emergency Order No. 20-002,²⁸ which suspended s. 456.47(2)(c), F.S., and authorized specified Florida-licensed prescribers²⁹ to issue a renewal prescription for a Schedule II-IV controlled substance only for an existing patient for the purpose of treating chronic nonmalignant pain without conducting another physical examination of the patient. This emergency order was extended³⁰ and will remain in effect until the expiration of Executive Order No. 20-52 and extensions thereof.³¹

Chiropractic Licensure

The “practice of chiropractic medicine” is a non-combative principle and practice consisting of the science, philosophy, and art of the adjustment, manipulation, and treatment of the human body to restore the normal flow of nerve impulse which produces normal function and health by chiropractic physicians using specific chiropractic adjustment or manipulation techniques taught in chiropractic colleges accredited by the Council on Chiropractic Education.

Section 460.406, F.S., requires:

- An applicant matriculating in a chiropractic college after July 1, 1990, to hold a bachelor’s degree awarded by a college or university accredited by a regional accrediting agency recognized and approved by the U.S. Department of Education; and
- An applicant after July 1, 2000, to complete, prior to matriculating in a chiropractic college, a bachelor’s degree from a college or university accredited by a regional accrediting agency recognized and approved by the U.S. Department of Education.

The U.S. Department of Education issued a letter of guidance on February 26, 2020, specifying that final regulations published in that year omit references to “regional” and “national” accreditation. The letter specifies that “[b]ecause the Department holds all accrediting agencies to the same standards, distinctions between regional and national accrediting agencies are unfounded.” Provisions implemented in 34 C.F.R. § 602.32(d), relating to the recognition of accrediting agencies, will become effective January 1, 2021.

Nursing

Part I of ch. 464, F.S., the Nurse Practice Act, governs the licensure and regulation of nurses in Florida. Nurses are licensed by the DOH³² and are regulated by the Fla. Board of Nursing (BON).³³ Currently, a nurse desiring to practice nursing in the state of Florida must obtain a Florida license by examination or endorsement.

Applicants for licensure by examination as a registered nurse (RN) or licensed practical nurse (LPN) must, among other requirements:

- Graduate from an approved program or its equivalent as determined by the Fla. Bd. of Nursing.³⁴
- Submit an application to the DOH;
- Pay a fee;
- Submit information for a criminal background check;³⁵ and
- Pass the National Council Licensure Examination (NCLEX).³⁶

³² Section 464.008, F.S.

³³ The BON is composed of 13 members appointed by the Governor and confirmed by the Senate who serve four-year terms. All members must be residents of the state. Seven members must be registered nurses who are representative of the diverse areas of practice within the nursing profession. Three members must be licensed practical nurses and three members must be laypersons. At least one member of the board must be 60 years of age or older. *See* Section 464.004, F.S.

³⁴ Section 464.008(1)(c), F.S.

³⁵ Section 464.008(1)(b), F.S.

³⁶ Section 464.008(2), F.S.

Licensure by endorsement requirements include submitting an application and fee, passing a criminal background screening, and:

- Holding a valid license to practice professional or practical nursing in another state or territory of the United States which, when issued, met or exceeded those in Florida at that time;
- Meeting the requirements for licensure in Florida and having successfully completed an examination in another state which is substantially equivalent to the examination in Florida; or
- Having actively practiced nursing in another state, jurisdiction, or territory of the United States for two of the preceding three years without having his or her license acted against by the licensing authority of any jurisdiction.³⁷

In 2016, the Legislature created s. 464.0095, F.S., Florida's entrance into the Nurse Licensure Compact (NLC), which took effect January 19, 2018, and adopts the revised NLC in its entirety into state law. This allows for licensed practical and professional nurses to practice in all member states by maintaining a single license in the nurse's primary state of residence. To date, 34 states, including Florida, have adopted the revised NLC.³⁸

The National Council of State Boards of Nursing, Inc. (NCSBN)

The NCSBN is an independent, non-profit organization that was created in 1978 out of recognition that in order to guard the safety of the public, the organization involved in the regulation of nurses needs to be a separate entity from the American Nurses Association (ANA) Council on State Boards of Nursing, which represents professional nurses. The NCSBN's membership is now composed of state boards of nursing and other nursing regulatory bodies that are charged with the responsibility of providing regulatory excellence for public health, safety, and welfare. To meet that goal, the NCSBN developed a psychometrically sound and legally-defensible nurse licensure examination consistent with current nursing practice. NCSBN became the first organization to implement computerized adaptive testing for nationwide licensure examinations in 1994, the NCLEX-RN and NCLEX-LPN.³⁹

Nursing Education Program Approval and Accreditation

Section 464.019, F.S., requires an institution desiring to offer a pre-licensure nursing education program to submit an application to the DOH and pay a program review fee for each campus or instructional site. In addition to identifying information about the program, the application must indicate the name of the accrediting agency.

The application must document compliance with the following program standards: faculty qualifications; clinical training and clinical simulation requirements, including a requirement that

³⁷ Section 464.009, F.S.

³⁸ The National Council of State Boards of Nursing administers the NLC. They refer to it as the enhanced NLC. *available at* https://www.nursecompact.com/Updated_onepaged_NLC.pdf (last visited on March 23, 2021).

³⁹ National Council of State Boards of Nursing, Inc., *History*. *available at* <https://www.ncsbn.org/history.htm> (last visited Mar. 28, 2021).

no more than 50 percent of the program's clinical training consist of clinical simulation; faculty-to-student supervision ratios; and curriculum and instruction requirements.⁴⁰

Chapter 464, F.S., recognizes and distinguishes between nursing education programs that are approved by the BON and programs that are approved and accredited.⁴¹

An "accredited program" is accredited by a specialized nursing accrediting agency that is nationally recognized by the U.S. Secretary of Education to accredit nursing education programs.⁴² The specialized nursing accrediting agencies currently recognized by the U.S. Department of Education include the Commission on Collegiate Nursing Education and the Accreditation Commission for Education in Nursing.⁴³

A Florida BON approved nursing education program⁴⁴ is required to submit an annual report to the Florida BON which includes an affidavit certifying compliance with the program standards and documentation for the previous academic year that sets forth data related to the number of students who applied, were accepted, enrolled, and graduated; retention rates; and accreditation status.⁴⁵

Approved programs must have a graduate passage rate not lower than ten percent below the national average for two consecutive years. Programs are placed on probation for low performance with NCLEX scores for two consecutive years and are subject to termination. The program must remain on probationary status until it achieves a graduate passage rate that equals or exceeds the required passage rate for any one calendar year. If the program does not achieve the required passage rate in any one calendar year after a program has been placed on probationary status, the Fla. Bd. of Nursing is authorized to terminate the program or may extend the probation for one additional year.⁴⁶ An approved program which has been placed on probation must disclose its probationary status in writing to the program's students and applicants.⁴⁷

An approved program graduate who does not take the licensure examination within six months after graduation must enroll in, and successfully complete, a licensure examination preparatory course pursuant to s. 464.008, F.S.

⁴⁰ Section 464.019(2)(c), F.S. If the Fla. Bd. of Nursing does not act on a program application within the 90-day review period, the program application is deemed approved. *Id.*

⁴¹ The program application and approval process, the annual report requirement, the data submission requirements and the pass rate requirements are not applicable to accredited programs.

⁴² Section 464.003(1), F.S.

⁴³ United States Department of Education, *Accreditation in the United States: Specialized Accrediting Agencies*, available at https://www2.ed.gov/admins/finaid/accred/accreditation_pg7.html (last visited Mar. 25, 2021).

⁴⁴ Section 464.003(4), F.S., defines an "approved program" as "a program for the pre-licensure education of professional or practical nurses that is conducted in the state at an educational institution and that is approved under s. 464.019, F.S. The term includes such a program placed on probationary status."

⁴⁵ Section 464.019(3), F.S.

⁴⁷ *Id.*

The Practice of Pharmacy

The Board of Pharmacy (BOP), in conjunction with the DOH, regulates the practice of pharmacists and registered pharmacist interns pursuant to ch. 465, F.S.⁴⁸

Licensure

To be licensed as a pharmacist in Florida, a person must:⁴⁹

- Complete an application and remit an examination fee;
- Be at least 18 years of age;
- Hold a degree from an accredited and approved school or college of pharmacy;⁵⁰
- Have completed a BOP approved internship; and
- Successfully complete the BOP approved examination.

A pharmacist must complete at least 30 hours of BOP approved continuing education during each biennial licensure renewal period.⁵¹ Pharmacists who are certified to administer vaccines or epinephrine auto-injections must complete a three-hour continuing education course on the safe and effective administration of vaccines and epinephrine injections, as a part of their licensure renewal.⁵²

Scope of Pharmacy Practice

In Florida, the practice of the profession of pharmacy includes:⁵³

- Compounding, dispensing, and consulting concerning the contents, therapeutic values, and uses of a medicinal drug;
- Consultation concerning therapeutic values and interactions of patented or proprietary preparations;
- Monitoring a patient's drug therapy and assisting the patient in the management of his or her drug therapy;
- Reviewing, and making recommendations regarding the patient's drug therapy and health care status in communication with the patient's prescribing health care provider as authorized by the patient;
- Initiating, modifying, or discontinuing drug therapy for a chronic health condition under a collaborative pharmacy practice agreement;⁵⁴
- Transmitting information from prescribers to their patients;

⁴⁸ Sections 465.004 and 465.005, F.S.

⁴⁹ Section 465.007, F.S. The DOH may also issue a license by endorsement to a pharmacist who is licensed in another state upon meeting the applicable requirements set forth in law and rule. *See s. 465.0075, F.S.*

⁵⁰ If the applicant has graduated from a four-year undergraduate pharmacy program of a school or college of pharmacy located outside the United States, the applicant must demonstrate proficiency in English, pass the BOP-approved Foreign Pharmacy Graduate Equivalency Examination, and complete a minimum of 500 hours in a supervised work activity program within Florida under the supervision of a DOH-licensed pharmacist.

⁵¹ Section 465.009, F.S.

⁵² Section 465.009(6), F.S.

⁵³ Section 465.003(13), F.S.

⁵⁴ Section 465.1865, F.S.

- Preparing prepackaged drug products in facilities holding Class III institutional facility permits;⁵⁵
- Ordering and dispensing over-the-counter drugs approved by the FDA;⁵⁶
- Ordering and dispensing within his or her professional judgment, subject to specified conditions:⁵⁷
 - Certain oral analgesics for mild to moderate pain;
 - Anti-nausea preparations;
 - Certain antihistamines and decongestants;
 - Certain topical antifungal/antibacterial;
 - Topical anti-inflammatory preparations containing an amount of hydrocortisone not exceeding 2.5 percent;
 - Otic antifungal/antibacterial;
 - Salicylic acid;
 - Vitamins;
 - Ophthalmics;
 - Certain histamine H2 antagonists;
 - Acne products; and
 - Topical antivirals for herpes simplex infections of the lips.

Pharmacist Authorization to Administer Antipsychotropic Medications by Injection

A pharmacist, at the direction of a physician, may also administer a long-acting antipsychotic medication by injection if the medication is approved by the U.S. Food and Drug Administration if the pharmacist:

- Is authorized by and acting within the framework of an established protocol with the prescribing physician;
- Practices at a facility that accommodates privacy for nondeltoid injections and conforms with state rules and regulations regarding the appropriate and safe disposal of medication and medical waste; and
- Has completed the required 8-hour continuing education course offered by:
 - A statewide professional association of physicians accredited to provide educational activities designated for:
 - The American Medical Association Physician's Recognition Award (AMA PRA) Category 1 Credit; or
 - The American Osteopathic Association (AOA) Category 1-A continuing medical education (CME) credit; or
 - A statewide association of pharmacists.

The course required course to administer Antipsychotropic Medications by Injection:

- May be offered in a distance learning format;
- Must include 30 hours of continuing professional pharmaceutical education.⁵⁸

⁵⁵ A Class III institutional pharmacy are those pharmacies affiliated with a hospital. *See* s. 465.019(2)(d), F.S.

⁵⁶ Section 465.186, F.S.

⁵⁷ Fla. Admin. Code R. 64B16-27.220 (2020).

⁵⁸ Section 465.009(1), F.S.

- Must have a curriculum of instruction that concerns the safe and effective administration of behavioral health and antipsychotic medications by injection, including, but not limited to, potential allergic reactions to such medications.

A separate prescription from a physician is required for each injection administered by a pharmacist.⁵⁹

Dentistry

Any person wishing to practice dentistry in this state must apply to the DOH and meet specified requirements. Section 466.006, F.S., requires dentistry licensure applicants to sit for and pass the following licensure examinations:

- The National Board of Dental Examiners dental examination (NBDE);
- A written examination on Florida laws and rules regulating the practice of dentistry; and
- A practical examination, which is the American Dental Licensing Examination developed by the American Board of Dental Examiners, Inc., and graded by a Florida-licensed dentist employed by the DOH for such purpose.⁶⁰

To qualify to take the Florida dental licensure examination, an applicant must be 18 years of age or older, be a graduate of a dental school accredited by the American Dental Association Commission on Dental Accreditation (CODA) or be a student in the final year of a program at an accredited institution, and have successfully completed the NBDE dental examination.⁶¹ If the applicant is not a graduate of a CODA-accredited program, the applicant must demonstrate that he or she holds a degree from an accredited American dental school or has completed two years at a full-time supplemental general dentistry program accredited by CODA.⁶²

Under Florida law, non-dentists are prohibited from influencing or otherwise interfering with a dentist's exercise of his or her independent professional judgment. The profession of dentistry prohibits persons other than a dentist or professional corporation or limited liability company composed of dentists, from:

- Employing a dentist or dental hygienist in a dental office;
- Controlling the use of any dental equipment or material; or
- Directing, controlling, or interfering with a dentist's clinical judgment.⁶³

Conversely, dentists who are employed by any corporation, organization, group, or person other than a dentist or a professional corporation or limited liability company composed of dentists to practice dentistry will subject a dentist to a denial of license or disciplinary action.⁶⁴

⁵⁹ Section 465.1893, F.S.

⁶⁰ A passing score is valid for 365 days after the date the official examination results are published. A passing score on an examination obtained in another jurisdiction must be completed on or after October 1, 2011.

⁶¹ Section 466.006(2), F.S.

⁶² Section 466.006(3), F.S.

⁶³ Section 466.00285, F.S.

⁶⁴ Section 466.028, F.S.

Midwifery

“Midwifery” is the practice of supervising the conduct of a normal labor and childbirth, with the informed consent of the parent; the practice of advising the parents as to the progress of the childbirth; and the practice of rendering prenatal and postpartal care.⁶⁵

Chapter 467, F.S., is the Midwifery Practice Act. Any person who seeks to practice midwifery in Florida must be at least 21 years of age and:

- Licensed under s. 464.012, F.S., as an Advanced Practice Registered Nurse (APRN) nurse midwife; or
- Licensed as a midwife under ch. 467, F.S.

Section 467.009, F.S., governs midwifery programs and education and training requirements which are a minimum of three years in an approved program. An applicant must have:

- A high school diploma or the equivalent.
- Taken at least three college-level credits such as math and English.

It is unclear under current law whether both a high school diploma and three college level credits are required for admission, or whether one or the other will satisfy the admission requirement.

Section 467.009, F.S., also requires a student midwife, during training, to undertake the care of 50 women in each of the prenatal, intrapartal, and postpartal periods, and observe an additional 25 women in the intrapartal period under the supervision of a preceptor, but the same women need not be seen through all periods. Prenatal, intrapartal, and postpartal periods are not defined and the statute is unclear as to whether this requires 150 patients prenatal, intrapartal, and postpartal periods, or just 50 in any one of the three phases of pregnancy and delivery. The statute is also unclear as to whether the two references to intrapartal care and observation may be the same patient or require different patient contacts.

Section 467.009, F.S., uses the terms, “applicant” and “student midwife” interchangeably, which is inaccurate. These sections frame standards for admission, education, and clinical training in the context of student requirements. Preceptors direct, teach, supervise, and evaluate the learning experiences of the student midwife and may be physicians, licensed midwives, or a certified nurse midwife, who have a minimum of three years professional experience.⁶⁶ Persons with previous midwifery education, Registered Nurses (RNs), and Licensed Practical Nurses (LPNs) may have a reduced training period, but in no case less than two years.

Chapter 467.009, F.S., does not include any provisions explicitly allowing a new midwifery program to be provisionally approved nor does it provide guidance to schools regarding the circumstances under which the DOH may rescind the approval of program.

Section 467.011, F.S., licensure by examination, requires the DOH to:

- Administer the licensure examination to test the proficiency of applicants in the core competencies required to practice midwifery as specified in s. 467.009, F.S.;

⁶⁵ Section 467.003(8), F.S.

⁶⁶ Section 467.003(12), F.S.

- Develop, publish, and make available to interested parties at a reasonable cost a bibliography and guide for the examination; and
- Issue a license to practice midwifery to an applicant who has graduated from an approved midwifery program, successfully completed the examination, and paid a licensure fee.

The DOH no longer administers midwifery examinations, and, pursuant to s. 456.017(c), F.S., the DOH has approved the use of a national examination for midwives seeking to become licensed.⁶⁷

In lieu of examination, an applicant may apply for a license by endorsement based on verification that the applicant holds a current valid license to practice in another jurisdiction that has equivalent or more stringent licensure requirements than those in Florida.⁶⁸

A midwife may only accept and provide care for those women who are expected to have a normal pregnancy, labor, and delivery and must ensure that:

- The patient has signed an informed consent form; and
- If the patient is delivering at home, the home is safe and hygienic.

The statute does not define “normal delivery,” “low risk pregnancy,” or “high risk pregnancy.”

A midwife licensed under ch. 467, F.S., may administer the following:

- Prophylactic ophthalmic medication;
- Oxygen;
- Postpartum oxytocin;
- Vitamin K;
- Rho immune globulin (human); and
- Local anesthetic and other medications prescribed by practitioner.⁶⁹

A midwife’s care of mothers and infants throughout the prenatal, intrapartal, and postpartal periods must be in conformity with the DOH rules and the public health laws of this state. The midwife must:

- Prepare a written plan of action with the family to ensure continuity of medical care throughout labor and delivery and to provide for immediate medical care if an emergency arises;
- Instruct the patient and family regarding the preparation of the environment and ensure availability of equipment and supplies needed for delivery and infant care;
- Instruct the patient in the hygiene of pregnancy and nutrition as it relates to prenatal care;
- Maintain equipment and supplies;
- Determine the progress of labor and, when birth is imminent, be immediately available until delivery is accomplished and must:
 - Maintain a safe and hygienic environment;
 - Monitor the progress of labor and the status of the fetus;

⁶⁷ Department of Health, *Senate Bill 1568 Fiscal Analysis -Midwifery* (July 16, 2020) (on file with the Senate Committee on Health Policy.)

⁶⁸ Section 467.0125, F.S.

⁶⁹ Section 467.015, F.S.

- Recognize early signs of distress or complications; and
- Enact the written emergency plan when indicated;
- Remain with the postpartal mother until the conditions of the mother and the neonate are stabilized; and
- Instill into each eye of the newborn infant a prophylactic in accordance with s. 383.04, F.S.

Section 467.0125, F.S., also includes provisions for licensure by endorsement and temporary certification of a midwife who is qualifying for endorsement to practice in an area of critical need. This statute defines the term “area of critical need” differently from every other profession which has temporary certification that allows practice in an area of critical need. In addition, the current provisions for temporary certification of midwives require revocation if the area in which they practice loses its designation as an area of critical need.

Section 467.205, F.S., provides that any accredited or state-licensed institution of higher learning, public or private, may provide midwifery education and training. The statute sets out the DOH approval requirements for programs desiring to conduct an approved midwifery education program. Under the application and recertification process:

- The applicant must submit evidence of the program’s compliance with the requirements in s. 467.009, F.S.
- The DOH must survey the organization applying for approval. If the department is satisfied that the program meets the requirements of s. 467.009, F.S., it must approve the program.
- The DOH must certify whether each approved midwifery program complies with the standards developed under s. 467.009, F.S., at least every three years.
 - If the DOH finds that an approved program no longer meets the required standards, it may place the program on probation until such time as the standards are restored.
 - If a program fails to correct these conditions within a specified period of time, the department may rescind the approval.
 - Any program having its approval rescinded has the right to reapply.
- Provisional approval of a new program may be granted pending the licensure results of the first graduating class.

Practice of Orthotics, Prosthetics, and Pedorthics

The practice of Orthotics, Prosthetics, and Pedorthics is governed by part XIV of ch. 468, F.S., and all three professions evaluate, treatment formulation, measure, design, fabricate, assemble, fit, adjust, service, or provide the initial training necessary to accomplish the fitting of an orthosis or pedorthic device.⁷⁰

Section 468.803, F.S., provides minimum qualifications for licensure to practice orthotics, prosthetics, and pedorthics. Each profession includes the requirement of completion of a program from a “regionally accredited” institution. The U.S. Department of Education issued a letter of guidance on February 26, 2020, specifying that final regulations published that year omit references to “regional” and “national” accreditation. The letter specifies, “Because the Department holds all accrediting agencies to the same standards, distinctions between regional and national accrediting agencies are unfounded.” Provisions implemented in 34 C.F.R. §

⁷⁰ Section 468.80, F.S.

602.32(d), relating to the recognition of accrediting agencies, will become effective January 1, 2021.

Section 468.803 (2)(a), F.S., requires an applicant for licensure to submit to the DOH, along with the application, the fingerprint forms and to pay the cost of the state and national criminal history checks. The DOH no longer collects forms or fees from applicants to process the initial criminal history check for licensure. Applicants are required to complete fingerprinting electronically through independent vendors and provide an originating agency identifier number specific to the profession for the results to be submitted to the DOH. If a criminal history is indicated, the Board of Orthotists and Prosthetists will review the application for consideration of licensure.⁷¹

Clinical Lab Personnel

Part I of ch. 483, F.S., regulates clinical laboratory personnel. “Clinical laboratory personnel” includes a clinical laboratory director, supervisor, technologist, blood gas analyst, or technician who performs or is responsible for laboratory test procedures, but the term does not include trainees, persons who perform screening for blood banks or plasmapheresis centers, phlebotomists, or persons employed by a clinical laboratory to perform manual pretesting duties or clerical, personnel, or other administrative responsibilities.⁷²

Section 483.824(2), F.S., requires the doctoral degree held by a clinical laboratory director be from a regionally-accredited institution in a chemical, physical, or biological science.

The U.S. Department of Education issued a letter of guidance on February 26, 2020, specifying that final regulations published that year omit references to “regional” and “national” accreditation. The letter specifies, “[b]ecause the Department holds all accrediting agencies to the same standards, distinctions between regional and national accrediting agencies are unfounded.” Provisions implemented in 34 C.F.R. s. 602.32(d), relating to the recognition of accrediting agencies, will become effective January 1, 2021.⁷³

Psychologists

Chapter 490, F.S., regulates the practice of psychology by psychologists. “Psychologist” is a person licensed by examination under s. 490.005(1), F.S., or endorsement under s. 490.006, F.S.

Section 390.003, F.S., defines a “doctoral-level psychological education” and “doctoral degree in psychology” as of July 1, 1999, to include a Psy.D., an Ed.D. in psychology, or a Ph.D. in psychology from a psychology program at an educational institution that, at the time the applicant was enrolled and graduated:

- Had institutional accreditation from an agency recognized and approved by the U.S. Department of Education or was recognized as a member in good standing with the Association of Universities and Colleges of Canada; and

⁷¹ Department of Health, *Senate Bill 1568 Fiscal Analysis - Practice of Orthotics, Prosthetics, and Pedorthics* (July 15, 2020) (on file with the Senate Committee on Health Policy.)

⁷² Section 483.803(4), F.S.

⁷³ Department of Health, *Senate Bill 1568 Fiscal Analysis - Clinical Lab Personnel* (July 16, 2020) (on file with the Senate Committee on Health Policy.)

- Had programmatic accreditation from the American Psychological Association.

Section 490.005, F.S., provides that any person desiring to be licensed by examination as a psychologist must apply to the DOH to take the licensure examination. The DOH will license each applicant who the Board of Psychology (BOP) certifies has:

- Completed an application and submitted a fee;
- Submitted proof satisfactory to the BOP that the applicant has received:
 - Doctoral-level psychological education; or
 - The equivalent of a doctoral-level psychological education, from a program at a school or university located outside the U.S.;
 - Had at least two years or 4,000 hours of experience in the field of psychology; and
 - Passed the licensing examination.

Section 490.0051, F.S., also requires the DOH to issue a provisional psychology license to each applicant who the BOP certifies has:

- Completed the application form and paid the fee;
- Earned a doctoral degree in psychology as defined in s. 490.003(3); and
- Met any additional requirements established by BOP rule.

Provisional licensees must practice under the supervision of a licensed psychologist until the provisional licensee receives a license or a letter from the DOH stating that he or she is licensed as a psychologist. A provisional license expires 24 months after the date it is issued and may not be renewed or reissued.

Mental Health Professionals

Section 491.005, F.S., sets out the educational and examination requirements for a clinical social worker, marriage and family therapist, and mental health counselor to obtain a license by examination in Florida. An individual applying for licensure by examination who has satisfied the clinical experience requirements of s. 491.005, F.S., or an individual applying for licensure by endorsement pursuant to s. 491.006, F.S., intending to provide clinical social work, marriage and family therapy, or mental health counseling services in Florida, while satisfying coursework or examination requirements for licensure, must obtain a provisional license in the profession for which he or she is seeking licensure prior to beginning practice.⁷⁴

An individual who has not satisfied the postgraduate or post-master's level of experience requirements under s. 491.005, F.S., must register as an intern in the profession for which he or she is seeking licensure before commencing the post-master's experience requirement. An individual who intends to satisfy part of the required graduate-level practicum, internship, or field experience outside the academic arena, must register as an intern in the profession for which he or she is seeking licensure before commencing the practicum, internship, or field experience.⁷⁵

⁷⁴ Section 491.0046, F.S.

⁷⁵ Section 491.0045, F.S.

Section 491.005(1), F.S., relates to licensure by examination for social workers. Section 491.005(3), F.S., relates to licensure by examination for marriage and family therapists. Section 491.005(4), F.S., relates to licensure by examination for mental health counselors.

Marriage and Family Therapy – Minimum Educational Requirements

During the 2020 Legislative Session, s. 491.0045, F.S., was amended to revise the minimum requirements for licensure as a marriage and family therapist to include graduation from a program accredited by the Commission on Accreditation for Marriage and Family Therapy Education (COAMFTE) or from a Florida university program accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP). The minimum requirement for licensure revision was effective July 1, 2020.

Currently, there are six universities in Florida with a marriage and family program that is not accredited by either COAMFTE or CACREP, they are: Carlos Albizu, Jacksonville University, Palm Beach Atlantic University, St. Thomas University, University of Miami, and University of Phoenix. As a result, students who are presently enrolled in a marriage and family program at one of the specified universities will not meet minimum requirements for Florida licensure upon graduation, although the programs did meet the requirements at the time of enrollment.⁷⁶

Mental Health Counseling – Minimum Education Requirements

A mental health counselor is an individual who uses scientific and applied behavioral science theories, methods, and techniques to describe, prevent, and treat undesired behavior and enhance mental health and human development and is based on research and theory in personality, family, group, and organizational dynamics and development, career planning, cultural diversity, human growth and development, human sexuality, normal and abnormal behavior, psychopathology, psychotherapy, and rehabilitation.⁷⁷ To qualify for licensure as a mental health counselor, an individual must:⁷⁸

- Have a master’s degree from a mental health counseling program accredited by the Council of the Accreditation of Counseling and Related Educational Programs, or a program related to the practice of mental health counseling that includes coursework and a 1,000-hour practicum, internship, or fieldwork of at least 60 semester hours that meet certain requirements;
- Have at least two years of post-master’s supervised clinical experience in mental health counseling;
- Have passed a theory and practice examination provided by the DOH; and
- Have passed an eight-hour course on Florida laws and rules approved by the Board of Clinical Social Work, Marriage and Family Therapy, and Mental Health Counseling.⁷⁹

Beginning July 1, 2025, an applicant must have a master’s degree from a program that is accredited by the Council for Accreditation of Counseling and Related Educational Programs which consists of at least 60 semester hours or 80 quarter hours to apply for licensure.

⁷⁶ Department of Health, *Senate Bill 1568 Fiscal Analysis - Mental Health Professionals* (July 15, 2020) (on file with the Senate Committee on Health Policy.)

⁷⁷ Sections 491.003(6) and (9), F.S.

⁷⁸ Section 491.005(4), F.S.

⁷⁹ Section 491.005(4), F.S., and Fla. Admin. Code R. 64B4-3.0035, (2021).

Registered Interns – Licensed Professional on Premises

As documented in the DOH Annual Report and Long-Range Plan, Fiscal Year 2018-2019, there are 13,474 registered mental health interns in Florida. To qualify as a registered intern, the applicant must have completed a master's or doctoral degree in a clinical counseling field and a practicum including face-to-face psychotherapy (clinical-level therapy sessions) under direct supervision of a licensed practitioner. Some registered interns may also complete internships prior to graduation. Registered interns routinely provide counseling and psychotherapy including the use of methods to evaluate, assess, diagnose, and treat emotional and mental dysfunctions or disorders, behavioral disorders, interpersonal relationships, and addictions.

Psychotherapy and counseling may be provided in a variety of settings. Registered interns provide services at facilities including, but not limited to:

- Crisis Centers – e.g. suicide prevention programs, shelters for abuse victims, child endangerment response;
- Inpatient and outpatient behavioral health centers;
- Private practice settings;
- Hospitals;
- Hospice; and
- Rehabilitation centers.

Registered interns are required to complete 1,500 face-to-face psychotherapy hours prior to applying for full licensure. The face-to-face psychotherapy hours must be completed within five years. Registered interns are a force multiplier to increase the number of educated and prepared mental health practitioners to manage growing mental health concerns and currently provide these services in a variety of face-to-face settings.

In accordance with s. 491.005, F.S., registered interns are required to have a licensed professional on the premises during counseling sessions. The licensed professional is not required to be in the counseling room observing the session, but must be on the premises to provide oversight, guidance, and evaluation. This provision ensures that registered interns have a licensed professional readily available, if necessary, during a therapeutic session and to restrict registered interns from operating an independent practice without direct oversight available.

In response to the COVID-19 pandemic, the board revised Rule 64B4-2.002 of the Florida Administrative Code, defining supervision, to authorize registered interns to provide face-to-face psychotherapy by electronic methods (telehealth) if the intern establishes a written telehealth protocol and safety plan with their qualified supervisor. The protocol must include a provision that the supervisor remain readily available during electronic therapy sessions and that the registered intern and their qualified supervisor have determined that providing face-to-face psychotherapy by electronic methods is not detrimental to the patient, is necessary to protect the health, safety, or welfare of the patient, and does not violate any existing statutes.⁸⁰

⁸⁰ *Id.*

Regional Accreditation

The minimum qualifications for licensure specified in s. 491.005(3), F.S., includes the requirement of completion of a graduate program from a “regionally accredited body recognized by the Commission on Recognition of Postsecondary Accreditation.” The U.S. Department of Education issued a letter of guidance on February 26, 2020, specifying that final regulations published that year omit references to “regional” and “national” accreditation. The letter specifies, “Because the Department holds all accrediting agencies to the same standards, distinctions between regional and national accrediting agencies are unfounded.” Provisions implemented in 34 C.F.R. s. 602.32(d), relating to the recognition of accrediting agencies, will become effective January 1, 2021.⁸¹

Department Examination

The DOH has discontinued the practice of conducting examinations or purchasing examinations for licensure. Applicants are presently responsible for coordinating the completion of an examination with an approved vendor and submitting passing scores to the board to meet minimum qualifications. Current statutory references to the department collecting fees for examinations or conducting examinations is not consistent with current practice.⁸²

911 Public Safety Telecommunicator Certification

Chapter 401, F.S., relates to medical telecommunications and transportation. Part I of ch. 401, F.S., is specific to the state’s emergency telecommunication systems, administered by the Department of Management Services. Part II of ch. 401, F.S., is specific to the emergency medical services (EMS) grants program administered by the DOH.

Part III of ch. 401, F.S., consisting of ss. 401.2101-401.465, F.S., is specific to medical transportation services and provides for the regulation of EMS by the DOH, including the licensure of EMS service entities, the certification of staff employed by those services, and the permitting of vehicles used by such staff—whether for basic life support (BLS), advanced life support (ALS), or air ambulance services (AAS). At present, the DOH is responsible for the licensure and oversight of more than 60,000 emergency medical technicians and paramedics, more than 270 advanced and basic life support agencies, and over 4,500 EMS vehicles.⁸³

Section 401.465, F.S., is specific to 911 public safety telecommunicator (PST) certification, as administered as part of the DOH EMS program. For purposes of that section, the following terms are defined:⁸⁴

- “911 public safety telecommunicator” means a public safety dispatcher or 911 operator whose duties and responsibilities include the answering, receiving, transferring, and dispatching functions related to 911 calls; dispatching law enforcement officers, fire rescue services, emergency medical services, and other public safety services to the scene of an emergency; providing real-time information from federal, state, and local crime databases; or supervising or serving as the command officer to a person or persons having such duties and responsibilities. However, the term does not include administrative support personnel, such as, but not limited to,

⁸¹ *Id.*

⁸² *Id.*

⁸³ See <http://www.floridahealth.gov/licensing-and-regulation/ems-system/index.html> (last visited March 24, 2021).

⁸⁴ Section 401.465(1), F.S.

those whose primary duties and responsibilities are in accounting, purchasing, legal, and personnel.

- “Public safety telecommunication training program” means a 911 emergency public safety telecommunication training program that the DOH determines to be equivalent to the public safety telecommunication training program curriculum framework developed by the Department of Education (DOE) and consists of not less than 232 hours.

Any person employed as a PST at a public safety answering point, as defined in s. 365.172(3), F.S.,⁸⁵ must be certified by the DOH. A public safety agency, as defined in s. 365.171(3)(d), F.S.,⁸⁶ may employ a PST for a period not to exceed 12 months if the trainee works under the direct supervision of a certified 911 public safety telecommunicator, as determined by rule of the DOH, and is enrolled in a PST training program. An applicant for certification or recertification as a PST must apply to the DOH under oath on DOH provided forms. The DOH establishes by rule educational and training criteria for the certification and recertification of PSTs, determines whether the applicant meets the statutory and rule requirements, and issues a certificate to any person who meets such requirements including those specific to training program completion, an oath of no addiction, an oath that there is no physical or mental impairment, application fee, application submission, and passage of a certification examination.⁸⁷

A PST certification expires automatically if not renewed at the end of the two-year period and may be renewed if the certificate holder meets the DOH-established qualifications. The DOH establishes by rule a procedure that requires 20 hours of training for the biennial renewal certification of PSTs. The DOH may suspend or revoke a certificate at any time if it determines that the certificate holder does not meet the applicable qualifications. There is a process by which a certificate holder may request that his or her certificate be placed on inactive status.⁸⁸

A person who was employed as a PST or a state-certified firefighter before April 1, 2012, must pass the examination approved by the DOH which measures the competency and proficiency in the subject material of the PST program, and upon passage of the examination, the completion of the PST training program is waived. In addition, the requirement for certification as a PST is waived for a person employed as a sworn, state-certified law enforcement officer, provided specified criteria are met.⁸⁹

The following PST related fees are specified in statute:

- Initial application for original certification: \$50;
- Examination fee, set by the DOH, not to exceed \$75;
- Biennial renewal certificate, set by the DOH, not to exceed \$50;
- Training program fee, set by the DOH, not to exceed \$50; and
- Duplicate, substitute or replacement certificate fee, set by the DOH, not to exceed \$25.

⁸⁵ Section 365.172 (3)(y), F.S., defines a “public safety answering point” as the public safety agency that receives incoming 911 requests for assistance and dispatches appropriate public safety agencies to respond to the requests in accordance with the state E911 plan.

⁸⁶Section 365.171(3)(d), F.S., defines a “public safety agency” as a functional division of a public agency which provides firefighting, law enforcement, medical, or other emergency services.

⁸⁷ Section 401.465(2), F.S.

⁸⁸ Id.

⁸⁹ Id.

Fees collected are deposited into the DOH EMS Trust Fund and used solely for administering this program.⁹⁰ The fees currently applied by the DOH are the maximum fees indicated above.⁹¹

The DOH has adopted three rules specific to its PST program responsibilities. These rules, which address PST certification, certification renewal, and PST course equivalency, were adopted in 2012.⁹² These rules not only link to the DOH forms and reference documents but also link to the relevant DOE documents, such as PST curriculum framework.

The DOH website has extensive details specific to the PST program and includes links to all applicable forms for individuals who are seeking to become certified or re-certified as a PST, including PST examination details, training program requirements, and fees. Training programs must follow the DOE Public Safety Telecommunication Curriculum Framework and consist of not less than 232 hours in order to be approved as a PST training program. The DOH uses a vendor, Prometric,⁹³ to administer the testing for PST candidates.⁹⁴

The DOH develops the learning objectives for the PST program, and these are reflected in the 142-page program study guide.⁹⁵ Until State Fiscal Year 2014-2015, the DOH learning objectives and the DOE curriculum framework included a requirement that PST training must include CPR training. In conjunction with the DOE and other stakeholders, the CPR element of required training was discontinued.⁹⁶

According to the DOH, there are currently 115 active approved PST training programs in the state.⁹⁷

Curriculum Framework for Public Safety Telecommunication

One of the divisions within the DOE is the Division of Adult and Community Education. Under this division is the DOE's Career & Technical Education (CTE) Programs section, which is responsible for developing and maintaining educational programs that prepare individuals for occupations important to Florida's economic development. These programs are organized into 17 different career clusters and are geared toward middle school, high school, district technical school, and Florida College System students throughout the state. Listed among the DOE's

Career Clusters and Programs is Law, Public Safety, and Security. Among the certificate programs is the public safety telecommunicator program.⁹⁸

The DOE Curriculum Framework for the PST program title indicates that the program offers a sequence of courses that:

- Provide coherent and rigorous content aligned with challenging academic standards and relevant technical knowledge and skills needed to prepare for further education and careers in DOE's Law, Public Safety and Security career cluster;
- Provide technical skill proficiency, and;
- Include competency-based applied learning that contributes to the academic knowledge, higher-order reasoning and problem-solving skills, work attitudes, general employability skills, technical skills, occupation-specific skills, and knowledge of all aspects of the Law, Public Safety and Security career cluster.⁹⁹

Cardiopulmonary Resuscitation (CPR): First Aid

Cardiopulmonary resuscitation (CPR) is a lifesaving technique useful in many emergencies, including a heart attack or near drowning, in which someone's breathing or heartbeat has stopped. At its most basic, CPR is a technique which utilizes chest compressions when a patient has suffered from cardiac arrest. The American Heart Association recommends that everyone — untrained bystanders and medical personnel alike — begin CPR with chest compressions. CPR can keep oxygenated blood flowing to the brain and other vital organs until more definitive medical treatment can restore a normal heart rhythm. When the heart stops, the lack of oxygenated blood can cause brain damage in only a few minutes. A person may die within eight to 10 minutes.¹⁰⁰

Adult Cardiovascular Services

There are two levels of hospital program licensure for ACS. A Level I program is authorized to perform adult percutaneous cardiac intervention (PCI)¹⁰¹ without onsite cardiac surgery and a Level II program is authorized to perform PCI with onsite cardiac surgery.¹⁰²

For a hospital seeking a Level I ACS program license, it must demonstrate that, for the most recent 12-month period as reported to Agency for Health Care Administration (AHCA), it has:

- Provided a minimum of 300 adult inpatient and outpatient diagnostic cardiac catheterizations; or

¹⁰¹ Percutaneous cardiac intervention (PCI), commonly known as coronary angioplasty or angioplasty, is a nonsurgical technique for treating obstructive coronary artery disease.

¹⁰² Section 395.1055(18)(a), F.S.

- Discharged or transferred at least 300 inpatients with the principal diagnosis of ischemic heart disease;¹⁰³ and that it has formalized, written transfer agreement with a hospital that has a Level II program.¹⁰⁴

A hospital seeking a Level II program license, it must demonstrate that, for the most recent 12-month period as reported to AHCA, it has:

- Performed a minimum of 1,100 adult inpatient and outpatient cardiac catheterizations, of which at least 400 must be therapeutic catheterizations; or
- Discharged at least 800 patients with the principal diagnosis of ischemic heart disease.

The AHCA currently maintains a list on its website of hospitals with Level I and Level II ACS programs.¹⁰⁵

Local Health Councils

Section 408.033, F.S., establishes local health councils as a network of non-profit agencies that conduct regional health planning and implementation activities.

Each council's district is designated in s. 408.032, F.S. The Board of Directors of these councils are composed of health care providers, purchasers, and nongovernmental consumers. Members serve for two years and are eligible for reappointment. Local health councils develop district health plans containing data, analysis, and recommendations that relate to health care status and needs in the community. The recommendations are designed to improve access to health care, reduce disparities in health status, assist state and local governments in the development of sound and rational health care policies, and advocate on behalf of the underserved.¹⁰⁶

Local health councils:

- Develop a district area health plan that permits each local health council to develop strategies and set priorities for implementation based on its unique local health needs.
- Advise the AHCA on health care issues and resource allocations.
- Promote public awareness of community health needs, emphasizing health promotion and cost-effective health service selection.
- Collect data and conduct analyses and studies related to health care needs of the district, including the needs of medically indigent persons, and assist the agency and other state agencies in carrying out data collection activities that relate to the functions in this subsection.

¹⁰³ Heart condition caused by narrowed heart arteries. This is also called “coronary artery disease” and “coronary heart disease.”

¹⁰⁴ Section 408.0361(3)(b), F.S.

¹⁰⁵ Agency for Health Care Administration, *Hospital & Outpatient Services Unit, Reports, Cardiovascular – Level I and II ACS*, available at https://ahca.myflorida.com/MCHQ/Health_Facility_Regulation/Hospital_Outpatient/Reports.shtml (last visited March 24, 2021).

¹⁰⁶ Florida’s Local Health Councils, available at <http://www.floridahealth.gov/provider-and-partner-resources/health-councils/index.html> (last visited April 14, 2021)

- Monitor the onsite construction progress, if any, of certificate-of-need approved projects and report council findings to the agency on forms provided by the Agency for Health Care Administration.
- Advise and assist any regional planning councils within each district that have elected to address health issues in their strategic regional policy plans with the development of the health element of the plans to address the health goals and policies in the State Comprehensive Plan.
- Advise and assist local governments within each district on the development of an optional health plan element of the comprehensive plan, to assure compatibility with the health goals and policies in the State Comprehensive Plan and district health plan. To facilitate the implementation of this section, the local health council annually provide the local governments in its service area, upon request, with:
 - A copy and appropriate updates of the district health plan;
 - A report of hospital and nursing home utilization statistics for facilities within the local government jurisdiction; and
 - Applicable AHCA rules and calculated need methodologies for health facilities and services regulated under s. 408.033, F.S., for the district served by the local health council.
- Monitor and evaluate the adequacy, appropriateness, and effectiveness, within the district, of local, state, federal, and private funds distributed to meet the needs of the medically indigent and other underserved population groups.
- In conjunction with the DOH, plan for services at the local level for persons infected with the human immunodeficiency virus.
- Provide technical assistance to encourage and support activities by providers, purchasers, consumers, and local, regional, and state agencies in meeting the health care goals, objectives, and policies adopted by the local health council.
- Provide the AHCA with data required by rule for the review of certificate-of-need applications and the projection of need for health services and facilities in the district.¹⁰⁷

III. Effect of Proposed Changes:

Onsite Sewage Treatment and Disposal Systems

This bill amends and creates multiple sections of the Florida statutes related to the Department of Health (DOH) regulation of OSTDS. The bill:

- Amends s. 381.0061, F.S., as amended by s. 41 of ch. 2020-150, Laws of Florida to strike DOH's authority to assess fines related to OSTDS and septic tank contracting. The regulation of these programs will transfer to the Department of Environmental Protection (DEP) on July 1, 2021.¹⁰⁸
- Creates s. 381.00635, F.S., to authorize the DOH to issue an order requiring a correction to improper conditions of any private or public water system not covered or included in the Florida Safe Drinking Water Act¹⁰⁹ which constitutes a nuisance or menace to public health.

¹⁰⁷ See <https://www.flhealthplanning.org/services/> (last visited April 14, 2021).

¹⁰⁸ Chapter 2020-150, Laws of Fla.

¹⁰⁹ Part VI of ch. 403, F.S.

- Amends s. 381.0067, F.S., to eliminate DEP authority over public and private water systems not included in the Florida Safe Drinking Water Act, the regulation of which is retained by the DOH. Amends s. 381.0101, F.S., to retain the requirement that onsite evaluations of OSTDS be done by certified environmental health professionals.

Targeted Outreach for Pregnant Women

The bill amends s. 381.0045, F.S., to:

- Add pregnant women who are suffering from mental health problems to the list of outreach targets;
- Encourage high risk pregnant women to get tested for other sexually transmissible diseases, as well as HIV, per the DOH rule;
- Provide pregnant women with information on:
 - The need for antiretroviral medications, deleting reference to a single type of antiretroviral (AZT), for themselves and their newborn; and
 - How to access antiretroviral medications after discharge from the hospital;
- Link women to mental health services; and
- Require additional follow up for HIV-exposed newborns to determine final HIV status and ensure continued linkages to care, if needed.

Telehealth to Provide Services

The bill amends s. 456.47(2)(6), F.S., to remove the prohibition on prescribing controlled substances through telehealth. This section authorizes a telehealth provider, acting within the scope of his or her practice, to prescribe controlled substances listed in Schedule III, Schedule IV, and Schedule V of s. 893.03, F.S. The bill also authorizes a telehealth provider to prescribe Schedule II controlled substances if prescribed for any of the following:

- The treatment of a psychiatric disorder.
- Inpatient treatment at a hospital licensed under ch. 395, F.S.
- The treatment of a patient receiving hospice services.
- The treatment of a resident of a nursing home facility.
- The treatment of a post-operative patient's acute pain resulting from surgery within 14 days after the surgery has been performed, in accordance with certain prescription supply requirements.

The telehealth provider must also comply with ch. 893, F.S., by consulting and reporting to the Prescription Drug Monitoring Program database.

Chiropractic Licensure

The bill amends s. 460.406, F.S., to delete references to the term "regional" and replaces it with the term "institutional" to conform to the U.S. Department of Education accreditation nomenclature for approving educational institutions.

Dentistry

The bill amends ss. 466.028 and 466.0285, F.S., to provide that a dentist may be employed by a hospital and adds children's hospitals licensed as of January 1, 2021, to the list of entities that may employ a dentist or dental hygienist in the operation of a dental office or that may control specified aspects of a dental practice.

Local Health Councils

The bill amends s. 408.033, F.S., to authorize local health councils to collect utilization data from licensed hospitals within their respective local health council districts for a specified purpose.

Pharmacy

The bill amends s. 465.1893, F.S., to provide additional long-acting medications pharmacists may administer under certain circumstances and revising requirements for a continuing education course such pharmacists must complete. This adds naltrexone that is an Intramuscular extended release medication approved by the Food and Drug Administration (FDA) to treat both opioid use disorder (OUD) and alcohol use disorder (AUD) as a medication-assisted treatment (MAT) option.

Nursing

The bill amends s. 464.008, F.S., deleting a requirement that certain nursing program graduates complete a specified preparatory course; and makes technical changes to s. 464.018, F.S., disciplinary actions.

911 Public Safety Telecommunicator Certification

The bill creates s. 395.3042, F.S., to require:

- The DOH to send a list of providers of Level I and Level II ACS to the medical director of each licensed EMS provider in the state by June 1 of each year.
- The DOH to develop a sample heart attack-triage assessment tool, post the tool on its webpage, and provide a copy of the tool to each licensed EMS provider.
- Each licensed EMS provider to use a heart attack-triage assessment tool that is substantially similar to the sample triage assessment tool provided by the DOH.
- The medical director of each licensed EMS provider to develop and implement assessment, treatment, and transport-destination protocols for heart attack patients, with the intent to assess and treat patients and transport them to the most appropriate hospital. Such protocols must include the development and implementation of a plan for the triage and transport of patients with acute heart attack symptoms.

The bill also amends s. 401.465, F.S., to define “telecommunicator cardiopulmonary resuscitation training” to mean specific training and continuing education that is evidence-based and uses nationally accepted guidelines for high-quality telecommunicator cardiopulmonary resuscitation, including for the recognition of out-of-hospital cardiac arrest over the telephone and the delivery of telephonic instructions for treating such cardiac arrest and performing compression-only

cardiopulmonary resuscitation. The bill adds telecommunicator cardiopulmonary resuscitation training to the list of training that each PST who takes telephone calls and provides dispatch functions for emergency medical conditions must take every two years.

Midwifery

The bill:

- Amends the definition of “preceptor” to clearly define that role in the midwifery education process. Specifically, it explicitly states that a preceptor may not supervise an individual as a midwifery student unless the student has been enrolled in an approved midwifery program;
- Defines “pre-licensure course” to mean a course of study, offered by an approved midwifery program and approved by the DOH, which an applicant for licensure must complete before a license may be issued and which provides instruction in the laws and rules of this state and demonstrates the student’s competency to practice midwifery;
- Clarifies language to promote consistency in terminology and that midwifery programs must incorporate all required standards, guidelines, and education objectives;
- Clarifies that both of the following may be required for admission to a midwifery program:
 - A high school diploma or the equivalent; and
 - Three college-level credits in math and English or demonstration of competency in communication and computation.
- Requires that clinical training include all of the following:
 - Care for 50 women in each of the prenatal, intrapartal, and postpartal periods under the supervision of a preceptor, and
 - Observation of an additional 25 women in the intrapartal period before qualifying for a license.
 - Training in a hospital and alternate birth settings or both; and
 - Assessment and differentiation between a high risk and low risk pregnancy.
- Amends s. 467.011, F.S., to require the following for the issuance of a midwifery license:
 - Application and fee, pursuant to 467.0135, F.S.;
 - Graduation from:
 - An approved midwifery program;
 - A medical or midwifery program offered in another jurisdiction whose graduation requirements were equivalent to or exceeded those required in Florida;
 - Completion of a pre-licensure course offered by an approved midwifery program; and
 - A passing score on the examination specified by the DOH.
- Amends s. 467.0125, F.S., to repeal the abbreviated oral examination to determine the applicant’s competency without a written examination for temporary certificates and clarifies criteria for obtaining a license by endorsement and temporary certificate to practice in areas of critical need. The bill does not define “areas of critical need” directly for temporary certificates, but requires the applicant to:
 - Specify that he or she will only practice in one or more of the following areas:
 - A county health department;
 - A correctional facility;
 - A Department of Veterans’ Affairs clinic;
 - A community health center funded by s. 329, s. 330, or s. 340 of the United States Public Health Service Act; or

- Any other agency or institution that is approved by the State Surgeon General that provides health care to meet the needs of an underserved populations in this state; and
 - Practice only under the supervision of a physician, an APRN certified nurse midwife, or a midwife licensed under ch. 467, F.S., who has a minimum of three years professional experience; and
 - Voluntarily relinquish the temporary certificate, or report a new practice area of critical need to the DOH, if his or her current practice area ceases to be an area of critical need.
- Amends s. 467.205, F.S., to update the DOH’s approval process of midwifery programs to allow midwifery programs to be provisionally approved for five years. This conforms to the five-year period provisional licensure period the Department of Education’s Commission for Independent Education uses when seeking accreditation status. For private institutions, demonstrates its accreditation by a member of the Council for Higher Education Accreditation, or an accrediting agency approved by the United States Department of Education. The DOH will be able to give provisional approval to a new program who has met all requirements except for showing their students have an 80-percent passage rate on the national exam. Programs provisionally approved will have five years to demonstrate the required exam approval rate after they are preliminary approved. This time period should allow completion of the three-year education program for at least one cohort of students, and for those students to take the exam before the DOH tries to determine the passing rate.¹¹⁰

Practice of Orthotics, Prosthetics, and Pedorthics

The bill amends part XIV of ch. 468, F.S., to update the statute and reflect current procedures for applicants to obtain a criminal history check and the method of transmission to the DOH for review.

The bill deletes references to the term “regionally accredited” and replaces it with the term “institutionally accredited” or simply references the programmatic accrediting body to conform to the United States Department of Education accreditation nomenclature for approving educational institutions.¹¹¹

Clinical Lab personnel

The bill amends s. 483.801, F.S., to exempt persons performing alternate-site testing within a hospital or offsite emergency department of a hospital and amends s. 483.824, F.S., to delete the reference to the term “regionally” in regard to the accredited institution that a clinical laboratory director is required to hold a doctoral degree in a chemical, physical, or biological science from.

Psychologists

The bill amends ss. 490.003, 490.005, 490.0051, and 491.005, F.S., to clarify the educational requirements for psychologists applying for licensure by examination or endorsement. Under the bill, psychologists may obtain a doctoral degree from:

¹¹⁰ Department of Health, *Senate Bill 1568 Fiscal Analysis - Midwifery* (July 16, 2020) (on file with the Senate Committee on Health Policy.)

¹¹¹ Department of Health, *Senate Bill 1568 Fiscal Analysis - Practice of Orthotics, Prosthetics, and Pedorthics* (July 15, 2020) (on file with the Senate Committee on Health Policy.)

- An American Psychological Association (APA) accredited program; or
- An institution accredited from an agency recognized by the United States Department of Education or Association of Universities and colleges of Canada.

Mental Health Counselors

The bill amends 491.005, to:

- Authorize programs not yet accredited by COAMFTE, CACREP, the Masters in Psychology and Counseling Accreditation Council or equivalent accrediting body a period of five years to become accredited;
- Authorize a licensed mental health professional to be available by phone or other electronic methods when clinical services are being provided by a registered intern by telehealth methods;
- Delete references to the term “regional” in s. 491.005(3), F.S., and replaces it with the term “institutional” to conform with the U.S. Department of Education accreditation nomenclature for approving educational institutions; and
- Delete current statutory references to the DOH collecting fees for examinations or conducting examinations.

The bill takes effect on July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The Department of Health (DOH) Division of Medical Quality Assurance (MQA) may experience an increase in workload associated with additional complaints if a midwife holding a temporary certificate fails to comply with the provisions of this bill. It is anticipated that the impact will be minimal and can be absorbed with current resources.

The DOH MQA will experience a non-recurring workload associated with updating the online application and websites. The License and Enforcement Database System (LEIDS) must be updated and the Versa Online (on-line application) system will need to be modified. Current resources are adequate to absorb.

The DOH may have an indeterminate negative fiscal impact related to enforcing new training requirements for public safety telecommunicators; however, it is anticipated that current resources are adequate to absorb.¹¹²

The department MQA will incur non-recurring cost for rulemaking, which current budget authority is adequate to absorb.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 381.0045, 381.0061, 381.0067, 381.0101, 401.465, 408.033, 456.47, 460.406, 464.008, 464.018, 465.1893, 466.028, 466.0285, 467.003, 467.009, 467.011, 467.0125, 467.205, 468.803, 483.801, 483.824, 490.003, 490.005, 490.0051, and 491.005.

This bill creates the following sections of the Florida Statutes: 381.00635 and 395.3042.

¹¹² Department of Health, Senate Bill 1568 Fiscal Analysis (Mar, 12, 2021) (on file with the Senate Committee on Health Policy.)

IX. Additional Information:

- A. **Committee Substitute – Statement of Substantial Changes:**
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on April 15, 2021:

The committee substitute:

- Authorizes local health councils to collect utilization data from licensed hospitals within their respective local health council districts for a specified purpose.
- Deletes a requirement that certain nursing program graduates complete a specified preparatory course.
- Provides long-acting medications pharmacists may administer under certain circumstances and revising requirements for a continuing education course such pharmacists must complete.
- Establishes requirements for the triage and transportation of heart attack victims to adult cardiovascular services (ACS) providers.
- Authorizes a telehealth provider, practicing in a manner consistent with his or her scope of practice, to prescribe Schedule III, IV, and V controlled substances through telehealth.
- Authorizes a telehealth provider, practicing in a manner consistent with his or her scope of practice, to prescribe Schedule II controlled substances under certain circumstances.
- Requires each 911 public safety telecommunicator to receive telecommunicator cardiopulmonary resuscitation training that is defined in the bill, every two years and establishes a procedure to monitor adherence to such training and allows the DOH to adjust state grant or shared revenue funding to a public safety agency based on the public safety agency's adherence to the training requirements.

CS by Health Policy on March 31, 2021:

The CS:

- Removes the underlying bill's revisions to medical marijuana statutes;
- Makes technical corrections to the underlying bill's provisions relating to onsite sewage treatment and disposal systems;
- Provides that a dentist may be employed by a hospital and adds children's hospitals licensed as of January 1, 2021, to the list of entities that may employ a dentist or dental hygienist in the operation of a dental office or that may control specified aspects of a dental practice;
- Amends s. 467.205, F.S., to add an accrediting agency approved by the United States Department of Education to those agencies that may accredit private midwifery programs;
- Amends s. 483.801, F.S., to exempt persons performing alternate-site testing within a hospital or off-site emergency department from statutory provisions and the Department of Health regulations pertaining to clinical laboratories and clinical laboratory personnel; and
- Provides an additional accreditation, plus other equivalent accreditations, that a master's degree program may have in order to qualify an applicant for a mental health counseling license, beginning July 1, 2025.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

LEGISLATIVE ACTION

Senate	.	House
Comm: WD	.	
04/17/2021	.	
	.	
	.	
	.	

The Committee on Appropriations (Rodriguez) recommended the following:

Senate Amendment (with title amendment)

Between lines 131 and 132

insert:

Section 4. Paragraph (1) of subsection (4) of section 381.0065, Florida Statutes, as amended by section 7 of chapter 2020-150, Laws of Florida, is amended to read

381.0065 Onsite sewage treatment and disposal systems; regulation.—

(4) PERMITS; INSTALLATION; AND CONDITIONS.—A person may not

11 construct, repair, modify, abandon, or operate an onsite sewage
12 treatment and disposal system without first obtaining a permit
13 approved by the department. The department may issue permits to
14 carry out this section, except that the issuance of a permit for
15 work seaward of the coastal construction control line
16 established under s. 161.053 shall be contingent upon receipt of
17 any required coastal construction control line permit from the
18 department. A construction permit is valid for 18 months after
19 the date of issuance and may be extended by the department for
20 one 90-day period under rules adopted by the department. A
21 repair permit is valid for 90 days after the date of issuance.
22 An operating permit must be obtained before the use of any
23 aerobic treatment unit or if the establishment generates
24 commercial waste. Buildings or establishments that use an
25 aerobic treatment unit or generate commercial waste shall be
26 inspected by the department at least annually to assure
27 compliance with the terms of the operating permit. The operating
28 permit for a commercial wastewater system is valid for 1 year
29 after the date of issuance and must be renewed annually. The
30 operating permit for an aerobic treatment unit is valid for 2
31 years after the date of issuance and must be renewed every 2
32 years. If all information pertaining to the siting, location,
33 and installation conditions or repair of an onsite sewage
34 treatment and disposal system remains the same, a construction
35 or repair permit for the onsite sewage treatment and disposal
36 system may be transferred to another person, if the transferee
37 files, within 60 days after the transfer of ownership, an
38 amended application providing all corrected information and
39 proof of ownership of the property. A fee is not associated with

165628

40 the processing of this supplemental information. A person may
41 not contract to construct, modify, alter, repair, service,
42 abandon, or maintain any portion of an onsite sewage treatment
43 and disposal system without being registered under part III of
44 chapter 489. A property owner who personally performs
45 construction, maintenance, or repairs to a system serving his or
46 her own owner-occupied single-family residence is exempt from
47 registration requirements for performing such construction,
48 maintenance, or repairs on that residence, but is subject to all
49 permitting requirements. A municipality or political subdivision
50 of the state may not issue a building or plumbing permit for any
51 building that requires the use of an onsite sewage treatment and
52 disposal system unless the owner or builder has received a
53 construction permit for such system from the department. A
54 building or structure may not be occupied and a municipality,
55 political subdivision, or any state or federal agency may not
56 authorize occupancy until the department approves the final
57 installation of the onsite sewage treatment and disposal system.
58 A municipality or political subdivision of the state may not
59 approve any change in occupancy or tenancy of a building that
60 uses an onsite sewage treatment and disposal system until the
61 department has reviewed the use of the system with the proposed
62 change, approved the change, and amended the operating permit.

63 (1) For the Florida Keys, the department shall adopt a
64 special rule for the construction, installation, modification,
65 operation, repair, maintenance, and performance of onsite sewage
66 treatment and disposal systems which considers the unique soil
67 conditions and water table elevations, densities, and setback
68 requirements. On lots where a setback distance of 75 feet from

165628

69 surface waters, saltmarsh, and buttonwood association habitat
70 areas cannot be met, an injection well, approved and permitted
71 by the department, may be used for disposal of effluent from
72 onsite sewage treatment and disposal systems. The following
73 additional requirements apply to onsite sewage treatment and
74 disposal systems in Monroe County:

75 1. The county, each municipality, and those special
76 districts established for the purpose of the collection,
77 transmission, treatment, or disposal of sewage shall ensure, in
78 accordance with the specific schedules adopted by the
79 Administration Commission under s. 380.0552, the completion of
80 onsite sewage treatment and disposal system upgrades to meet the
81 requirements of this paragraph.

82 2. Onsite sewage treatment and disposal systems must cease
83 discharge by December 31, 2015, or must comply with department
84 rules and provide the level of treatment which, on a permitted
85 annual average basis, produces an effluent that contains no more
86 than the following concentrations:

87 a. Biochemical Oxygen Demand (CBOD5) of 10 mg/l.

88 b. Suspended Solids of 10 mg/l.

89 c. Total Nitrogen, expressed as N, of 10 mg/l or a
90 reduction in nitrogen of at least 70 percent. A system that has
91 been tested and certified to reduce nitrogen concentrations by
92 at least 70 percent shall be deemed to be in compliance with
93 this standard.

94 d. Total Phosphorus, expressed as P, of 1 mg/l.

95

96 In addition, onsite sewage treatment and disposal systems
97 discharging to an injection well must provide basic disinfection

165628

98 as defined by department rule.

99 3. In areas not scheduled to be served by a central
100 sewerage system, onsite sewage treatment and disposal systems
101 must, by December 31, 2015, comply with department rules and
102 provide the level of treatment described in subparagraph 2.

103 4. In areas scheduled to be served by a central sewerage
104 system by December 31, 2015, if the property owner has paid a
105 connection fee or assessment for connection to the central
106 sewerage system, the property owner may install a holding tank
107 with a high water alarm or an onsite sewage treatment and
108 disposal system that meets the following minimum standards:

109 a. The existing tanks must be pumped and inspected and
110 certified as being watertight and free of defects in accordance
111 with department rule; and

112 b. A sand-lined drainfield or injection well in accordance
113 with department rule must be installed.

114 5. Onsite sewage treatment and disposal systems must be
115 monitored for total nitrogen and total phosphorus concentrations
116 as required by department rule.

117 6. The department shall enforce proper installation,
118 operation, and maintenance of onsite sewage treatment and
119 disposal systems pursuant to this chapter, including ensuring
120 that the appropriate level of treatment described in
121 subparagraph 2. is met.

122 7. The authority of a local government, including a special
123 district, to mandate connection of an onsite sewage treatment
124 and disposal system is governed by s. 4, chapter 99-395, Laws of
125 Florida.

126 8. Notwithstanding any other law, an onsite sewage

165628

127 treatment and disposal system installed after July 1, 2010, in
128 unincorporated Monroe County, excluding special wastewater
129 districts, that complies with the standards in subparagraph 2.
130 is not required to connect to a central sewerage system until
131 December 31, 2020.

132 9. The department may grant a waiver from the timeframe
133 specified in subparagraph 3. to the owner of an individual
134 septic system to install a new onsite sewage treatment and
135 disposal system and allow the owner to continue using his or her
136 current septic tank, provided that the individual septic systems
137 were identified in the original master plan and approved by the
138 permitting entities for the central sewerage system as being
139 excluded for service; the septic tanks are operated and
140 maintained on an annual basis; and when the owner's septic tank
141 is found to be failing, the new onsite sewage treatment and
142 disposal system as required by subparagraph 1. must be commenced
143 within 1 year.

144

	.	

The Committee on Appropriations (Rodriguez) recommended the following:

Senate Amendment (with title amendment)

Between lines 232 and 233

insert:

Section 6. Section 395.3042, Florida Statutes, is created to read:

395.3042 Emergency medical services providers; triage and transportation of heart attack victims to an adult cardiovascular services provider.—

(1) By June 1 of each year, the department shall send a

715880

11 list of providers of Level I and Level II adult cardiovascular
12 services to the medical director of each licensed emergency
13 medical services provider in this state.

14 (2) The department shall develop a sample heart attack-
15 triage assessment tool. The department shall post this sample
16 assessment tool on its website and provide a copy of the
17 assessment tool to each licensed emergency medical services
18 provider. Each licensed emergency medical services provider
19 shall use a heart attack-triage assessment tool that is
20 substantially similar to the sample heart attack-triage
21 assessment tool provided by the department.

22 (3) The medical director of each licensed emergency medical
23 services provider shall develop and implement assessment,
24 treatment, and transport-destination protocols for heart attack
25 patients with the intent to assess, treat, and transport heart
26 attack patients to the most appropriate hospital. Such protocols
27 must include the development and implementation of plans for the
28 triage and transport of patients with acute heart attack
29 symptoms.

30 (4) Each emergency medical services provider licensed under
31 chapter 401 must comply with this section.

32 Section 7. Present subsections (3) and (4) of section
33 401.465, Florida Statutes, are redesignated as subsections (4)
34 and (5), respectively, paragraph (d) is added to subsection (1)
35 and a new subsection (3) is added to that section, and
36 paragraphs (d) and (j) of subsection (2) of that section are
37 amended, to read:

38 401.465 911 public safety telecommunicator certification.-

39 (1) DEFINITIONS.-As used in this section, the term:

715880

40 (d) "Telecommunicator cardiopulmonary resuscitation
41 training" means specific training, including continuous
42 education, that is evidence based and contains nationally
43 accepted guidelines for high-quality telecommunicator
44 cardiopulmonary resuscitation with the recognition of out-of-
45 hospital cardiac arrest over the telephone and the delivery of
46 telephonic instructions for treating cardiac arrest and
47 performing compression-only cardiopulmonary resuscitation.

48 (2) PERSONNEL; STANDARDS AND CERTIFICATION.—

49 (d) The department shall determine whether the applicant
50 meets the requirements specified in this section and in rules of
51 the department and shall issue a certificate to any person who
52 meets such requirements. Such requirements must include the
53 following:

54 1. Completion of an appropriate 911 public safety
55 telecommunication training program;

56 2. Certification under oath that the applicant is not
57 addicted to alcohol or any controlled substance;

58 3. Certification under oath that the applicant is free from
59 any physical or mental defect or disease that might impair the
60 applicant's ability to perform his or her duties;

61 4. Submission of the application fee prescribed in
62 subsection (4) ~~(3)~~;

63 5. Submission of a completed application to the department
64 which indicates compliance with subparagraphs 1., 2., and 3.;
65 and

66 6. Effective October 1, 2012, passage of an examination
67 approved by the department which measures the applicant's
68 competency and proficiency in the subject material of the public

715880

69 safety telecommunication training program.

70 (j)1. The requirement for certification as a 911 public
71 safety telecommunicator is waived for a person employed as a
72 sworn state-certified law enforcement officer, provided the
73 officer:

74 a. Is selected by his or her chief executive to perform as
75 a 911 public safety telecommunicator;

76 b. Performs as a 911 public safety telecommunicator on an
77 occasional or limited basis; and

78 c. Passes the department-approved examination that measures
79 the competency and proficiency of an applicant in the subject
80 material comprising the public safety telecommunication program.

81 2. A sworn state-certified law enforcement officer who
82 fails an examination taken under subparagraph 1. must take a
83 department-approved public safety telecommunication training
84 program prior to retaking the examination.

85 3. The testing required under this paragraph is exempt from
86 the examination fee required under subsection (4) ~~(3)~~.

87 (3) TELECOMMUNICATOR CARDIOPULMONARY RESUSCITATION
88 TRAINING.—In addition to the certification and recertification
89 requirements imposed by this section, 911 public safety
90 telecommunicators who take telephone calls and provide dispatch
91 functions for emergency medical conditions also shall receive
92 telecommunicator cardiopulmonary resuscitation training every 2
93 years.

70 Be It Enacted by the Legislature of the State of Florida:

71

72 Section 1. Subsections (2) and (3) of section 381.0045,

73 Florida Statutes, are amended to read:

74 381.0045 Targeted outreach for pregnant women.—

75 (2) It is the purpose of this section to establish a

76 targeted outreach program for high-risk pregnant women who may

77 not seek proper prenatal care, who suffer from substance abuse

78 or mental health problems, or who have ~~are infected with~~ human

79 immunodeficiency virus (HIV), and to provide these women with

80 links to much needed services and information.

81 (3) The department shall:

82 (a) Conduct outreach programs through contracts with,

83 grants to, or other working relationships with persons or

84 entities where the target population is likely to be found.

85 (b) Provide outreach that is peer-based, culturally

86 sensitive, and performed in a nonjudgmental manner.

87 (c) Encourage high-risk pregnant women of unknown status to

Page 3 of 44

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-03618-21

20211568c1

88 be tested for HIV and other sexually transmissible diseases as

89 specified by department rule.

90 (d) Educate women not receiving prenatal care as to the

91 benefits of such care.

92 (e) Provide ~~HIV infected~~ pregnant women who have HIV with

93 information on the need for antiretroviral medication for their

94 newborn, their medication options, and how they can access the

95 medication after their discharge from the hospital ~~so they can~~

96 ~~make an informed decision about the use of Zidovudine (AZT)~~.

97 (f) Link women with substance abuse treatment and mental

98 health services, when available, and act as a liaison with

99 Healthy Start coalitions, children's medical services, Ryan

100 White-funded providers, and other services of the Department of

101 Health.

102 (g) Educate pregnant women who have HIV on the importance

103 of engaging in and continuing HIV care.

104 (h) Provide continued oversight of ~~to~~ HIV-exposed newborns

105 exposed to HIV to determine the newborn's final HIV status and

106 ensure continued linkage to care if the newborn is diagnosed

107 with HIV.

108 Section 2. Subsection (1) of section 381.0061, Florida

109 Statutes, as amended by section 41 of chapter 2020-150, Laws of

110 Florida, is amended to read:

111 381.0061 Administrative fines.—

112 (1) In addition to any administrative action authorized by

113 chapter 120 or by other law, the department may impose a fine,

114 which may not exceed \$500 for each violation, for a violation of

115 s. 381.006(15), ~~s. 381.0065, s. 381.0066,~~ s. 381.0072, ~~or part~~

116 ~~III of chapter 489, for a violation of any rule adopted under~~

Page 4 of 44

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-03618-21

20211568c1

117 this chapter, or ~~for a violation of~~ chapter 386. Notice of
 118 intent to impose such fine shall be given by the department to
 119 the alleged violator. Each day that a violation continues may
 120 constitute a separate violation.

121 Section 3. Section 381.00635, Florida Statutes, is created
 122 to read:

123 381.00635 Corrective orders; private and certain public
 124 water systems.~~When the department or its agents, through~~
 125 investigation, find that any private water system or public
 126 water system not covered or included in the Florida Safe
 127 Drinking Water Act, part VI of chapter 403, constitutes a
 128 nuisance or menace to the public health or significantly
 129 degrades the groundwater or surface water, the department or its
 130 agents may issue an order requiring the owner to correct the
 131 improper condition.

132 Section 4. Section 381.0067, Florida Statutes, is amended
 133 to read:

134 381.0067 Corrective orders; ~~private and certain public~~
 135 ~~water systems and onsite sewage treatment and disposal systems.~~
 136 When the department or its agents, through investigation, find
 137 that any ~~private water system, public water system not covered~~
 138 ~~or included in the Florida Safe Drinking Water Act (part VI of~~
 139 ~~chapter 403), or~~ onsite sewage treatment and disposal system
 140 constitutes a nuisance or menace to the public health or
 141 significantly degrades the groundwater or surface water, the
 142 department or its agents may issue an order requiring the owner
 143 to correct the improper condition. If the improper condition
 144 relates to the drainfield of an onsite sewage treatment and
 145 disposal system, the department or its agents may issue an order

588-03618-21

20211568c1

146 requiring the owner to repair or replace the drainfield. If an
 147 onsite sewage treatment and disposal system has failed, the
 148 department or its agents shall issue an order requiring the
 149 owner to replace the system. For purposes of this section, an
 150 onsite sewage treatment and disposal system has failed if the
 151 operation of the system constitutes a nuisance or menace to the
 152 public health or significantly degrades the groundwater or
 153 surface water and the system cannot be repaired.

154 Section 5. Subsections (2) and (4) of section 381.0101,
 155 Florida Statutes, are amended to read:

156 381.0101 Environmental health professionals.—

157 (2) CERTIFICATION REQUIRED.—A person may not perform
 158 environmental health or sanitary evaluations in any primary
 159 program area of environmental health or an onsite sewage
 160 treatment and disposal program under ss. 381.0065 and 381.00651
 161 without being certified by the department as competent to
 162 perform such evaluations. This section does not apply to:

163 (a) Persons performing inspections of public food service
 164 establishments licensed under chapter 509; or

165 (b) Persons performing site evaluations in order to
 166 determine proper placement and installation of onsite sewage
 167 wastewater treatment and disposal systems who have successfully
 168 completed a department-approved soils morphology course and who
 169 are working under the direct responsible charge of an engineer
 170 licensed under chapter 471.

171 (4) STANDARDS FOR CERTIFICATION.—The department shall adopt
 172 rules that establish definitions of terms and minimum standards
 173 of education, training, or experience for those persons subject
 174 to this section. The rules must also address the process for

588-03618-21 20211568c1

175 application, examination, issuance, expiration, and renewal of
 176 certification and ethical standards of practice for the
 177 profession.

178 (a) Persons employed as environmental health professionals
 179 shall exhibit a knowledge of rules and principles of
 180 environmental and public health law in Florida through
 181 examination. A person may not conduct environmental health
 182 evaluations in a primary program area or an onsite sewage
 183 treatment and disposal program under ss. 381.0065 and 381.00651
 184 unless he or she is currently certified in that program area or
 185 works under the direct supervision of a certified environmental
 186 health professional.

187 1. All persons who begin employment in a primary
 188 environmental health program or an onsite sewage treatment and
 189 disposal system program on or after September 21, 1994, must be
 190 certified in that program within 6 months after employment.

191 2. Persons employed in the primary environmental health
 192 program of a food protection program or an onsite sewage
 193 treatment and disposal system program before ~~prior to~~ September
 194 21, 1994, are shall be considered certified while employed in
 195 that position and are shall be required to adhere to any
 196 professional standards established by the department pursuant to
 197 paragraph (b), complete any continuing education requirements
 198 imposed under paragraph (d), and pay the certificate renewal fee
 199 imposed under subsection (6).

200 3. Persons employed in the primary environmental health
 201 program of a food protection program or an onsite sewage
 202 treatment and disposal system program before ~~prior to~~ September
 203 21, 1994, who change positions or program areas and transfer

Page 7 of 44

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-03618-21 20211568c1

204 into another primary environmental health program area on or
 205 after September 21, 1994, must be certified in that program
 206 within 6 months after such transfer, except that they are will
 207 ~~not be~~ required to possess the college degree required under
 208 paragraph (e).

209 4. Registered sanitarians are shall be considered certified
 210 and are shall be required to adhere to any professional
 211 standards established by the department pursuant to paragraph
 212 (b).

213 (b) At a minimum, the department shall establish standards
 214 for professionals in the areas of food hygiene and onsite sewage
 215 treatment and disposal.

216 (c) Those persons conducting primary environmental health
 217 evaluations or evaluations of onsite sewage treatment and
 218 disposal systems must shall be certified by examination to be
 219 knowledgeable in any primary area of environmental health in
 220 which they are routinely assigned duties.

221 (d) Persons who are certified shall renew their
 222 certification biennially by completing a minimum of not less
 223 ~~than~~ 24 contact hours of continuing education for each program
 224 area in which they maintain certification, subject to a maximum
 225 of 48 hours for multiprogram certification.

226 (e) Applicants for certification must shall have graduated
 227 from an accredited 4-year college or university with a degree or
 228 major coursework in public health, environmental health,
 229 environmental science, or a physical or biological science.

230 (f) A certificateholder must shall notify the department
 231 within 60 days after any change of name or address from that
 232 which appears on the current certificate.

233 Section 6. Subsection (1) of section 460.406, Florida
234 Statutes, is amended to read:

235 460.406 Licensure by examination.—

236 (1) Any person desiring to be licensed as a chiropractic
237 physician must apply to the department to take the licensure
238 examination. There shall be an application fee set by the board
239 not to exceed \$100 which shall be nonrefundable. There shall
240 also be an examination fee not to exceed \$500 plus the actual
241 per applicant cost to the department for purchase of portions of
242 the examination from the National Board of Chiropractic
243 Examiners or a similar national organization, which may be
244 refundable if the applicant is found ineligible to take the
245 examination. The department shall examine each applicant who the
246 board certifies has met all of the following criteria:

247 (a) Completed the application form and remitted the
248 appropriate fee.

249 (b) Submitted proof satisfactory to the department that he
250 or she is not less than 18 years of age.

251 (c) Submitted proof satisfactory to the department that he
252 or she is a graduate of a chiropractic college which is
253 accredited by or has status with the Council on Chiropractic
254 Education or its predecessor agency. However, any applicant who
255 is a graduate of a chiropractic college that was initially
256 accredited by the Council on Chiropractic Education in 1995, who
257 graduated from such college within the 4 years immediately
258 preceding such accreditation, and who is otherwise qualified is
259 ~~shall be~~ eligible to take the examination. An ~~No~~ application for
260 a license to practice chiropractic medicine may not ~~shall~~ be
261 denied solely because the applicant is a graduate of a

588-03618-21

20211568c1

262 chiropractic college that subscribes to one philosophy of
263 chiropractic medicine as distinguished from another.

264 (d)1. For an applicant who has matriculated in a
265 chiropractic college ~~before prior to~~ July 2, 1990, completed at
266 least 2 years of residence college work, consisting of a minimum
267 of one-half the work acceptable for a bachelor's degree granted
268 on the basis of a 4-year period of study, in a college or
269 university accredited by an institutional accrediting agency
270 recognized and approved by the United States Department of
271 Education. However, ~~before prior to~~ being certified by the board
272 to sit for the examination, each applicant who has matriculated
273 in a chiropractic college after July 1, 1990, must ~~shall~~ have
274 been granted a bachelor's degree, based upon 4 academic years of
275 study, by a college or university accredited by an institutional
276 ~~a regional~~ accrediting agency which is a member of the
277 Commission on Recognition of Postsecondary Accreditation.

278 2. Effective July 1, 2000, completed, ~~before prior to~~
279 matriculation in a chiropractic college, at least 3 years of
280 residence college work, consisting of a minimum of 90 semester
281 hours leading to a bachelor's degree in a liberal arts college
282 or university accredited by an institutional accrediting agency
283 recognized and approved by the United States Department of
284 Education. However, ~~before prior to~~ being certified by the board
285 to sit for the examination, each applicant who has matriculated
286 in a chiropractic college after July 1, 2000, must ~~shall~~ have
287 been granted a bachelor's degree from an institution holding
288 accreditation for that degree from an institutional ~~a regional~~
289 accrediting agency which is recognized by the United States
290 Department of Education. The applicant's chiropractic degree

588-03618-21 20211568c1

291 must consist of credits earned in the chiropractic program and
292 may not include academic credit for courses from the bachelor's
293 degree.

294 (e) Successfully completed the National Board of
295 Chiropractic Examiners certification examination in parts I, II,
296 III, and IV, and the physiotherapy examination of the National
297 Board of Chiropractic Examiners, with a score approved by the
298 board.

299 (f) Submitted to the department a set of fingerprints on a
300 form and under procedures specified by the department, along
301 with payment in an amount equal to the costs incurred by the
302 Department of Health for the criminal background check of the
303 applicant.

304

305 The board may require an applicant who graduated from an
306 institution accredited by the Council on Chiropractic Education
307 more than 10 years before the date of application to the board
308 to take the National Board of Chiropractic Examiners Special
309 Purposes Examination for Chiropractic, or its equivalent, as
310 determined by the board. The board shall establish by rule a
311 passing score.

312 Section 7. Paragraph (e) of subsection (1) of section
313 464.018, Florida Statutes, is amended to read:

314 464.018 Disciplinary actions.—

315 (1) The following acts constitute grounds for denial of a
316 license or disciplinary action, as specified in ss. 456.072(2)
317 and 464.0095:

318 (e) Having been found guilty of, ~~regardless of~~
319 ~~adjudication~~, or entered a plea of nolo contendere or guilty to,

588-03618-21 20211568c1

320 regardless of adjudication, any offense prohibited under s.
321 435.04 or similar statute of another jurisdiction; or having
322 committed an act which constitutes domestic violence as defined
323 in s. 741.28.

324 Section 8. Paragraph (h) of subsection (1) of section
325 466.028, Florida Statutes, is amended to read:

326 466.028 Grounds for disciplinary action; action by the
327 board.—

328 (1) The following acts constitute grounds for denial of a
329 license or disciplinary action, as specified in s. 456.072(2):

330 (h) Being employed by any corporation, organization, group,
331 or person other than a dentist, a hospital, or a professional
332 corporation or limited liability company composed of dentists to
333 practice dentistry.

334 Section 9. Section 466.0285, Florida Statutes, is amended
335 to read:

336 466.0285 Proprietorship by nondentists.—

337 (1) A person or an entity ~~No person~~ other than a dentist
338 licensed under pursuant to this chapter, a specialty-licensed
339 children's hospital licensed under chapter 395 as of January 1,
340 2021, or nor any entity other than a professional corporation or
341 limited liability company composed of dentists, may not:

342 (a) Employ a dentist or dental hygienist in the operation
343 of a dental office.

344 (b) Control the use of any dental equipment or material
345 while such equipment or material is being used for the provision
346 of dental services, whether those services are provided by a
347 dentist, a dental hygienist, or a dental assistant.

348 (c) Direct, control, or interfere with a dentist's clinical

588-03618-21 20211568c1

349 judgment. To direct, control, or interfere with a dentist's
 350 clinical judgment does not mean ~~may not be interpreted to mean~~
 351 dental services contractually excluded, the application of
 352 alternative benefits that may be appropriate given the dentist's
 353 prescribed course of treatment, or the application of
 354 contractual provisions and scope of coverage determinations in
 355 comparison with a dentist's prescribed treatment on behalf of a
 356 covered person by an insurer, health maintenance organization,
 357 or a prepaid limited health service organization.

358

359 Any lease agreement, rental agreement, or other arrangement
 360 between a nondentist and a dentist whereby the nondentist
 361 provides the dentist with dental equipment or dental materials
 362 must shall contain a provision whereby the dentist expressly
 363 maintains complete care, custody, and control of the equipment
 364 or practice.

365 (2) The purpose of this section is to prevent a nondentist
 366 from influencing or otherwise interfering with the exercise of a
 367 dentist's independent professional judgment. In addition to the
 368 acts specified in subsection (1), a no person or an entity that
 369 ~~who~~ is not a dentist licensed under pursuant to this chapter, a
 370 specialty-licensed children's hospital licensed under chapter
 371 395 as of January 1, 2021, or nor any entity that is not a
 372 professional corporation or limited liability company composed
 373 of dentists may not shall enter into a relationship with a
 374 licensee pursuant to which such unlicensed person or such entity
 375 exercises control over any of the following:

376 (a) The selection of a course of treatment for a patient,
 377 the procedures or materials to be used as part of such course of

588-03618-21 20211568c1

378 treatment, and the manner in which such course of treatment is
 379 carried out by the licensee.

380 (b) The patient records of a dentist.

381 (c) Policies and decisions relating to pricing, credit,
 382 refunds, warranties, and advertising, ~~and~~

383 (d) Decisions relating to office personnel and hours of
 384 practice.

385 (3) Any person who violates this section commits a felony
 386 of the third degree, punishable as provided in s. 775.082, s.
 387 775.083, or s. 775.084.

388 (4) Any contract or arrangement entered into or undertaken
 389 in violation of this section is shall be void as contrary to
 390 public policy. This section applies to contracts entered into or
 391 renewed on or after October 1, 1997.

392 Section 10. Present subsections (13) and (14) of section
 393 467.003, Florida Statutes, are redesignated as subsections (14)
 394 and (15), respectively, a new subsection (13) is added to that
 395 section, and subsections (1) and (12) of that section are
 396 amended, to read:

397 467.003 Definitions.—As used in this chapter, unless the
 398 context otherwise requires:

399 (1) "Approved midwifery program" means ~~a midwifery school~~
 400 ~~or~~ a midwifery training program that which is approved by the
 401 department pursuant to s. 467.205.

402 (12) "Preceptor" means a physician licensed under chapter
 403 458 or chapter 459, a licensed midwife licensed under this
 404 chapter, or a certified nurse midwife licensed under chapter
 405 464, who has a minimum of 3 years' professional experience, ~~and~~
 406 who directs, teaches, supervises, and evaluates the learning

588-03618-21 20211568c1

407 experiences of ~~a the~~ student midwife as part of an approved
 408 midwifery program.

409 (13) "Prelicensure course" means a course of study, offered
 410 by an approved midwifery program and approved by the department,
 411 which an applicant for licensure must complete before a license
 412 may be issued and which provides instruction in the laws and
 413 rules of this state and demonstrates the student's competency to
 414 practice midwifery under this chapter.

415 Section 11. Section 467.009, Florida Statutes, is amended
 416 to read:

417 467.009 Approved midwifery programs; education and training
 418 requirements.-

419 (1) The department shall adopt standards for approved
 420 midwifery programs which must include, but need not be limited
 421 to, standards for all of the following:

422 (a) ~~The standards shall encompass~~ Clinical and classroom
 423 instruction in all aspects of prenatal, intrapart, and
 424 postpartal care, including all of the following:

- 425 1. Obstetrics.
- 426 2. Neonatal pediatrics.
- 427 3. Basic sciences.
- 428 4. Female reproductive anatomy and physiology.
- 429 5. Behavioral sciences.
- 430 6. Childbirth education.
- 431 7. Community care.
- 432 8. Epidemiology.
- 433 9. Genetics.
- 434 10. Embryology.
- 435 11. Neonatology.

588-03618-21 20211568c1

436 12. Applied pharmacology.

437 13. The medical and legal aspects of midwifery.

438 14. Gynecology and women's health.

439 15. Family planning.

440 16. Nutrition during pregnancy and lactation.

441 17. Breastfeeding. ~~and~~

442 18. Basic nursing skills; ~~and any other instruction~~

443 ~~determined by the department and council to be necessary.~~

444 (b) ~~The standards shall incorporate the Core competencies,~~
 445 incorporating those established by the American College of Nurse
 446 Midwives and the Midwives Alliance of North America, including
 447 knowledge, skills, and professional behavior in all of the
 448 following areas:

449 1. Primary management, collaborative management, referral,
 450 and medical consultation.

451 2. Antepartal, intrapartal, postpartal, and neonatal care.

452 3. Family planning and gynecological care.

453 4. Common complications. ~~and~~

454 5. Professional responsibilities.

455 (c) Noncurricular ~~The standards shall include noncurriculum~~
 456 ~~matters under this section, including, but not limited to,~~
 457 ~~staffing and teacher qualifications.~~

458 (2) An approved midwifery program must offer ~~shall include~~
 459 ~~a course of study and clinical training~~ for a minimum of 3 years
 460 which incorporates all of the standards, curriculum guidelines,
 461 and educational objectives provided in this section and the
 462 rules adopted hereunder.

463 (3) An approved midwifery program may reduce ~~If the~~
 464 ~~applicant is a registered nurse or a licensed practical nurse or~~

588-03618-21 20211568c1

465 ~~has previous nursing or midwifery education,~~ the required period
 466 of training ~~may be reduced~~ to the extent of the student's
 467 applicant's qualifications as a registered nurse or licensed
 468 practical nurse or based on prior completion of equivalent
 469 nursing or midwifery education, as determined ~~under rules~~
 470 ~~adopted by the department rule. In no case shall the training be~~
 471 ~~reduced to a period of less than 2 years.~~

472 ~~(4)(3) An approved midwifery program may accept students~~
 473 ~~who To be accepted into an approved midwifery program, an~~
 474 ~~applicant shall have both:~~

475 (a) A high school diploma or its equivalent.

476 (b) Taken three college-level credits each of math and
 477 English or demonstrated competencies in communication and
 478 computation.

479 (5)(4) As part of its course of study, an approved
 480 midwifery program must require clinical training that includes
 481 all of the following:

482 (a) A student midwife, during training, shall undertake,
 483 under the supervision of a preceptor, The care of 50 women in
 484 each of the prenatal, intrapartal, and postpartal periods under
 485 the supervision of a preceptor. ~~but~~ The same women need not be
 486 seen through all three periods.

487 (b)(5) Observation of ~~The student midwife shall observe an~~
 488 ~~additional 25 women in the intrapartal period before qualifying~~
 489 ~~for a license.~~

490 (6) Clinical ~~The training required under this section must~~
 491 include all of the following:

492 (a) shall include Training in ~~either~~ hospitals, ~~or~~
 493 alternative birth settings, or both.

588-03618-21 20211568c1

494 (b) A requirement that students demonstrate competency in
 495 the assessment of and differentiation, ~~with particular emphasis~~
 496 ~~on learning the ability to differentiate~~ between low-risk
 497 pregnancies and high-risk pregnancies.

498 (7) A hospital or birthing center receiving public funds
 499 shall be required to provide student midwives access to observe
 500 labor, delivery, and postpartal procedures, provided the woman
 501 in labor has given informed consent. The Department of Health
 502 shall assist in facilitating access to hospital training for
 503 approved midwifery programs.

504 (8)(7) The Department of Education shall adopt curricular
 505 frameworks for midwifery programs conducted within public
 506 educational institutions under pursuant to this section.

507 ~~(8) Nonpublic educational institutions that conduct~~
 508 ~~approved midwifery programs shall be accredited by a member of~~
 509 ~~the Commission on Recognition of Postsecondary Accreditation and~~
 510 ~~shall be licensed by the Commission for Independent Education.~~

511 Section 12. Section 467.011, Florida Statutes, is amended
 512 to read:

513 467.011 Licensed midwives; qualifications; examination
 514 Licensure by examination.

515 ~~(1) The department shall administer an examination to test~~
 516 ~~the proficiency of applicants in the core competencies required~~
 517 ~~to practice midwifery as specified in s. 467.009.~~

518 ~~(2) The department shall develop, publish, and make~~
 519 ~~available to interested parties at a reasonable cost a~~
 520 ~~bibliography and guide for the examination.~~

521 ~~(3) The department shall issue a license to practice~~
 522 midwifery to an applicant who meets all of the following

588-03618-21

20211568c1

523 criteria:524 (1) Demonstrates that he or she has graduated from one of
525 the following:526 (a) An approved midwifery program.527 (b) A medical or midwifery program offered in another
528 state, jurisdiction, territory, or country whose graduation
529 requirements were equivalent to or exceeded those required by s.
530 467.009 and the rules adopted thereunder at the time of
531 graduation.532 (2) Demonstrates that he or she has and successfully
533 completed a prelicensure course offered by an approved midwifery
534 program. Students graduating from an approved midwifery program
535 may meet this requirement by showing that the content
536 requirements for the prelicensure course were covered as part of
537 their course of study.538 (3) Submits an application for licensure on a form approved
539 by the department and pays the appropriate fee.540 (4) Demonstrates that he or she has received a passing
541 score on an the examination specified by the department, upon
542 payment of the required licensure fee.543 Section 13. Section 467.0125, Florida Statutes, is amended
544 to read:545 467.0125 Licensed midwives; qualifications; Licensure by
546 endorsement; temporary certificates.-547 (1) The department shall issue a license by endorsement to
548 practice midwifery to an applicant who, upon applying to the
549 department, demonstrates to the department that she or he meets
550 all of the following criteria:551 (a)1. Holds a valid certificate or diploma from a foreign

588-03618-21

20211568c1

552 ~~institution of medicine or midwifery or from a midwifery program~~
553 ~~offered in another state, bearing the seal of the institution or~~
554 ~~otherwise authenticated, which renders the individual eligible~~
555 ~~to practice midwifery in the country or state in which it was~~
556 ~~issued, provided the requirements therefor are deemed by the~~
557 ~~department to be substantially equivalent to, or to exceed,~~
558 ~~those established under this chapter and rules adopted under~~
559 ~~this chapter, and submits therewith a certified translation of~~
560 ~~the foreign certificate or diploma; or~~561 2. Holds an active, unencumbered a valid certificate or
562 license to practice midwifery in another state, jurisdiction, or
563 territory issued by that state, provided the licensing
564 requirements of that state, jurisdiction, or territory at the
565 time the license was issued were therefor are deemed by the
566 department to be substantially equivalent to, or exceeded to
567 exceed, those established under this chapter and the rules
568 adopted thereunder under this chapter.569 (b) Has successfully completed a 4-month prelicensure
570 course conducted by an approved midwifery program and has
571 submitted documentation to the department of successful
572 completion.573 (c) Submits an application for licensure on a form approved
574 by the department and pays the appropriate fee ~~Has successfully~~
575 ~~passed the licensed midwifery examination.~~576 (2) The department may issue a temporary certificate to
577 practice in areas of critical need to an applicant ~~any midwife~~
578 who is qualifying for a midwifery license licensure by
579 endorsement under subsection (1) who meets all of the following
580 criteria, with the following restrictions:

588-03618-21

20211568c1

581 (a) Submits an application for a temporary certificate on a
 582 form approved by the department and pays the appropriate fee,
 583 which may not exceed \$50 and is in addition to the fee required
 584 for licensure by endorsement under subsection (1);

585 (b) Specifies on the application that he or she will ~~The~~
 586 ~~Department of Health shall determine the areas of critical need,~~
 587 ~~and the midwife so certified shall practice only in one or more~~
 588 of the following locations:

589 1. A county health department;

590 2. A correctional facility;

591 3. A Department of Veterans' Affairs clinic;

592 4. A community health center funded by s. 329, s. 330, or
 593 s. 340 of the United States Public Health Service Act; or

594 5. Any other agency or institution that is approved by the
 595 State Surgeon General and provides health care to meet the needs
 596 of an underserved population in this state; and ~~those specific~~
 597 ~~areas,~~

598 (c) Will practice only under the supervision ~~auspices~~ of a
 599 physician licensed under ~~pursuant to~~ chapter 458 or chapter 459,
 600 a certified nurse midwife licensed under ~~pursuant to~~ part I of
 601 chapter 464, or a midwife licensed under this chapter, who has a
 602 minimum of 3 years' professional experience.

603 (3) The department may issue a temporary certificate under
 604 this section with the following restrictions:

605 (a) A requirement that a temporary certificateholder
 606 practice only in areas of critical need. The State Surgeon
 607 General shall determine the areas of critical need, which ~~Such~~
 608 ~~areas shall include, but are not be limited to, health~~
 609 ~~professional shortage areas designated by the United States~~

588-03618-21

20211568c1

610 Department of Health and Human Services.

611 (b) A requirement that if a temporary certificateholder's
 612 practice area ceases to be an area of critical need, within 30
 613 days after such change the certificateholder must either:

614 1. Report a new practice area of critical need to the
 615 department; or

616 2. Voluntarily relinquish the temporary certificate.

617 (c) The department shall review a temporary
 618 certificateholder's practice at least annually to determine
 619 whether the certificateholder is meeting the requirements of
 620 subsections (2) and (3) and the rules adopted thereunder. If the
 621 department determines that a certificateholder is not meeting
 622 these requirements, the department must revoke the temporary
 623 certificate.

624 (d) A temporary certificate issued under this section is
 625 shall be valid only as long as an area for which it is issued
 626 remains an area of critical need, but no longer than 2 years,
 627 and is shall not be renewable.

628 (e) ~~The department may administer an abbreviated oral~~
 629 ~~examination to determine the midwife's competency, but no~~
 630 ~~written regular examination shall be necessary.~~

631 (d) ~~The department shall not issue a temporary certificate~~
 632 ~~to any midwife who is under investigation in another state for~~
 633 ~~an act which would constitute a violation of this chapter until~~
 634 ~~such time as the investigation is complete, at which time the~~
 635 ~~provisions of this section shall apply.~~

636 (e) ~~The department shall review the practice under a~~
 637 ~~temporary certificate at least annually to ascertain that the~~
 638 ~~minimum requirements of the midwifery rules promulgated under~~

588-03618-21 20211568c1

639 this chapter are being met. If it is determined that the minimum
640 requirements are not being met, the department shall immediately
641 revoke the temporary certificate.

642 ~~(f) The fee for a temporary certificate shall not exceed~~
643 ~~\$50 and shall be in addition to the fee required for licensure.~~

644 Section 14. Section 467.205, Florida Statutes, is amended
645 to read:

646 467.205 Approval of midwifery programs.—

647 (1) The department shall approve an accredited or state-
648 licensed public or private institution seeking to provide
649 midwifery education and training as an approved midwifery
650 program in this state if the institution meets all of the
651 following criteria:

652 (a) Submits an application for approval on a form approved
653 by the department.

654 (b) Demonstrates to the department's satisfaction that the
655 proposed midwifery program complies with s. 467.009 and the
656 rules adopted thereunder.

657 (c) For a private institution, demonstrates its
658 accreditation by a member of the Council for Higher Education
659 Accreditation or an accrediting agency approved by the United
660 States Department of Education and its licensing or provisional
661 licensing by the Commission for Independent Education ~~An~~
662 organization desiring to conduct an approved program for the
663 education of midwives shall apply to the department and submit
664 such evidence as may be required to show that it complies with
665 s. 467.009 and with the rules of the department. Any accredited
666 or state-licensed institution of higher learning, public or
667 private, may provide midwifery education and training.

588-03618-21 20211568c1

668 ~~(2) The department shall adopt rules regarding educational~~
669 ~~objectives, faculty qualifications, curriculum guidelines,~~
670 ~~administrative procedures, and other training requirements as~~
671 ~~are necessary to ensure that approved programs graduate midwives~~
672 ~~competent to practice under this chapter.~~

673 ~~(3) The department shall survey each organization applying~~
674 ~~for approval. If the department is satisfied that the program~~
675 ~~meets the requirements of s. 467.009 and rules adopted pursuant~~
676 ~~to that section, it shall approve the program.~~

677 ~~(2)(4)~~ The department shall, at least once every 3 years,
678 certify whether each approved midwifery program is currently
679 compliant, and has maintained compliance, ~~complies~~ with the
680 requirements of standards developed under s. 467.009 and the
681 rules adopted thereunder.

682 ~~(3)(5)~~ If the department finds that an approved midwifery
683 program is not in compliance with the requirements of s. 467.009
684 or the rules adopted thereunder, or has lost its accreditation
685 status, the department must provide its finding to the program
686 in writing and ~~no longer meets the required standards, it~~ may
687 place the program on probationary status for a specified period
688 of time, which may not exceed 3 years until such time as the
689 standards are restored.

690 ~~(4)~~ If a program on probationary status does not come into
691 compliance with the requirements of s. 467.009 or the rules
692 adopted thereunder, or regain its accreditation status, as
693 applicable, within the period specified by the department ~~fails~~
694 to correct these conditions within a specified period of time,
695 the department may rescind the program's approval.

696 ~~(5)~~ A Any program that has ~~having~~ its approval rescinded

588-03618-21 20211568c1

697 ~~has shall have~~ the right to reapply for approval.

698 (6) The department may grant provisional approval of a new
699 program seeking accreditation status, for a period not to exceed
700 5 years, provided that all other requirements of this section
701 are met.

702 (7) The department may rescind provisional approval of a
703 program that fails to the meet the requirements of s. 467.009,
704 this section, or the rules adopted thereunder, in accordance
705 with procedures provided in subsections (3) and (4) may be
706 granted pending the licensure results of the first graduating
707 class.

708 Section 15. Subsections (2), (3), and (4) and paragraphs
709 (a) and (b) of subsection (5) of section 468.803, Florida
710 Statutes, are amended to read:

711 468.803 License, registration, and examination
712 requirements.—

713 (2) An applicant for registration, examination, or
714 licensure must apply to the department on a form prescribed by
715 the board for consideration of board approval. Each initial
716 applicant shall submit ~~a set of~~ fingerprints to the department
717 ~~on a form and~~ under procedures specified by the department,
718 ~~along with payment in an amount equal to the costs incurred by~~
719 ~~the department~~ for state and national criminal history checks of
720 the applicant. ~~The department shall submit the fingerprints~~
721 ~~provided by an applicant to the Department of Law Enforcement~~
722 ~~for a statewide criminal history check, and the Department of~~
723 ~~Law Enforcement shall forward the fingerprints to the Federal~~
724 ~~Bureau of Investigation for a national criminal history check of~~
725 ~~the applicant.~~ The board shall screen the results to determine

588-03618-21 20211568c1

726 if an applicant meets licensure requirements. The board shall
727 consider for examination, registration, or licensure each
728 applicant who the board verifies:

729 (a) Has submitted the completed application and completed
730 the fingerprinting requirements ~~fingerprint forms~~ and has paid
731 the applicable application fee, not to exceed \$500, ~~and the cost~~
732 ~~of the state and national criminal history checks.~~ The
733 application fee is ~~and cost of the criminal history checks shall~~
734 ~~be~~ nonrefundable;

735 (b) Is of good moral character;

736 (c) Is 18 years of age or older; and

737 (d) Has completed the appropriate educational preparation.

738 (3) A person seeking to attain the orthotics or prosthetics
739 experience required for licensure in this state must be approved
740 by the board and registered as a resident by the department.
741 Although a registration may be held in both disciplines, for
742 independent registrations the board may not approve a second
743 registration until at least 1 year after the issuance of the
744 first registration. Notwithstanding subsection (2), a person who
745 has been approved by the board and registered by the department
746 in one discipline may apply for registration in the second
747 discipline without an additional state or national criminal
748 history check during the period in which the first registration
749 is valid. Each independent registration or dual registration is
750 valid for 2 years after the date of issuance unless otherwise
751 revoked by the department upon recommendation of the board. The
752 board shall set a registration fee not to exceed \$500 to be paid
753 by the applicant. A registration may be renewed once by the
754 department upon recommendation of the board for a period no

588-03618-21

20211568c1

755 longer than 1 year, as such renewal is defined by the board by
 756 rule. The renewal fee may not exceed one-half the current
 757 registration fee. To be considered by the board for approval of
 758 registration as a resident, the applicant must have one of the
 759 following:

760 (a) A Bachelor of Science or higher-level postgraduate
 761 degree in orthotics and prosthetics from an a-regionally
 762 accredited college or university recognized by the Commission on
 763 Accreditation of Allied Health Education Programs.

764 (b) A minimum of a bachelor's degree from an
 765 institutionally a-regionally accredited college or university
 766 and a certificate in orthotics or prosthetics from a program
 767 recognized by the Commission on Accreditation of Allied Health
 768 Education Programs, or its equivalent, as determined by the
 769 board.

770 (c) A minimum of a bachelor's degree from an
 771 institutionally a-regionally accredited college or university
 772 and a dual certificate in both orthotics and prosthetics from
 773 programs recognized by the Commission on Accreditation of Allied
 774 Health Education Programs, or its equivalent, as determined by
 775 the board.

776 (4) The department may develop and administer a state
 777 examination for an orthotist or a prosthetist license, or the
 778 board may approve the existing examination of a national
 779 standards organization. The examination must be predicated on a
 780 minimum of a baccalaureate-level education and formalized
 781 specialized training in the appropriate field. Each examination
 782 must demonstrate a minimum level of competence in basic
 783 scientific knowledge, written problem solving, and practical

588-03618-21

20211568c1

784 clinical patient management. The board shall require an
 785 examination fee not to exceed the actual cost to the board in
 786 developing, administering, and approving the examination, which
 787 fee must be paid by the applicant. To be considered by the board
 788 for examination, the applicant must have:

789 (a) For an examination in orthotics:

790 1. A Bachelor of Science or higher-level postgraduate
 791 degree in orthotics and prosthetics from an institutionally a
 792 regionally accredited college or university recognized by the
 793 Commission on Accreditation of Allied Health Education Programs
 794 or, at a minimum, a bachelor's degree from an institutionally a
 795 regionally accredited college or university and a certificate in
 796 orthotics from a program recognized by the Commission on
 797 Accreditation of Allied Health Education Programs, or its
 798 equivalent, as determined by the board; and

799 2. An approved orthotics internship of 1 year of qualified
 800 experience, as determined by the board, or an orthotic residency
 801 or dual residency program recognized by the board.

802 (b) For an examination in prosthetics:

803 1. A Bachelor of Science or higher-level postgraduate
 804 degree in orthotics and prosthetics from an institutionally a
 805 regionally accredited college or university recognized by the
 806 Commission on Accreditation of Allied Health Education Programs
 807 or, at a minimum, a bachelor's degree from an institutionally a
 808 regionally accredited college or university and a certificate in
 809 prosthetics from a program recognized by the Commission on
 810 Accreditation of Allied Health Education Programs, or its
 811 equivalent, as determined by the board; and

812 2. An approved prosthetics internship of 1 year of

588-03618-21 20211568c1

813 qualified experience, as determined by the board, or a
 814 prosthetic residency or dual residency program recognized by the
 815 board.

816 (5) In addition to the requirements in subsection (2), to
 817 be licensed as:

818 (a) An orthotist, the applicant must pay a license fee not
 819 to exceed \$500 and must have:

820 1. A Bachelor of Science or higher-level postgraduate
 821 degree in Orthotics and Prosthetics from an institutionally a
 822 regionally accredited college or university recognized by the
 823 Commission on Accreditation of Allied Health Education Programs,
 824 or a bachelor's degree from an institutionally accredited
 825 college or university and with a certificate in orthotics from a
 826 program recognized by the Commission on Accreditation of Allied
 827 Health Education Programs, or its equivalent, as determined by
 828 the board;

829 2. An approved appropriate internship of 1 year of
 830 qualified experience, as determined by the board, or a residency
 831 program recognized by the board;

832 3. Completed the mandatory courses; and

833 4. Passed the state orthotics examination or the board-
 834 approved orthotics examination.

835 (b) A prosthetist, the applicant must pay a license fee not
 836 to exceed \$500 and must have:

837 1. A Bachelor of Science or higher-level postgraduate
 838 degree in Orthotics and Prosthetics from an institutionally a
 839 regionally accredited college or university recognized by the
 840 Commission on Accreditation of Allied Health Education Programs,
 841 or a bachelor's degree from an institutionally accredited

588-03618-21 20211568c1

842 college or university and with a certificate in prosthetics from
 843 a program recognized by the Commission on Accreditation of
 844 Allied Health Education Programs, or its equivalent, as
 845 determined by the board;

846 2. An internship of 1 year of qualified experience, as
 847 determined by the board, or a residency program recognized by
 848 the board;

849 3. Completed the mandatory courses; and

850 4. Passed the state prosthetics examination or the board-
 851 approved prosthetics examination.

852 Section 16. Subsection (7) is added to section 483.801,
 853 Florida Statutes, to read:

854 483.801 Exemptions.—This part applies to all clinical
 855 laboratories and clinical laboratory personnel within this
 856 state, except:

857 (7) Persons performing alternate-site testing within a
 858 hospital or offsite emergency department licensed under chapter
 859 395.

860 Section 17. Section 483.824, Florida Statutes, is amended
 861 to read:

862 483.824 Qualifications of clinical laboratory director.—A
 863 clinical laboratory director must have 4 years of clinical
 864 laboratory experience with 2 years of experience in the
 865 specialty to be directed or be nationally board certified in the
 866 specialty to be directed, and must meet one of the following
 867 requirements:

868 (1) Be a physician licensed under chapter 458 or chapter

869 459;

870 (2) Hold an earned doctoral degree in a chemical, physical,

588-03618-21

20211568c1

871 or biological science from ~~an a regionally~~ accredited
872 institution and maintain national certification requirements
873 equal to those required by the federal Health Care Financing
874 Administration; or

875 (3) For the subspecialty of oral pathology, be a physician
876 licensed under chapter 458 or chapter 459 or a dentist licensed
877 under chapter 466.

878 Section 18. Subsection (3) of section 490.003, Florida
879 Statutes, is amended to read:

880 490.003 Definitions.—As used in this chapter:

881 (3) (a) “Doctoral degree from an American Psychological
882 Association accredited program” means Effective July 1, 1999,
883 “doctoral level psychological education” and “doctoral degree in
884 psychology” mean a Psy.D., an Ed.D. in psychology, or a Ph.D. in
885 psychology from a psychology program at an educational
886 institution that, at the time the applicant was enrolled and
887 graduated:

888 1. (a) Had institutional accreditation from an agency
889 recognized and approved by the United States Department of
890 Education or was recognized as a member in good standing with
891 the Association of Universities and Colleges of Canada; and

892 2. (b) Had programmatic accreditation from the American
893 Psychological Association.

894 (b) “Doctoral degree in psychology” means a Psy.D., an
895 Ed.D. in psychology, or a Ph.D. in psychology from a psychology
896 program at an educational institution that, at the time the
897 applicant was enrolled and graduated, had institutional
898 accreditation from an agency recognized and approved by the
899 United States Department of Education or was recognized as a

588-03618-21

20211568c1

900 member in good standing with the Association of Universities and
901 Colleges of Canada.

902 Section 19. Subsection (1) of section 490.005, Florida
903 Statutes, is amended to read:

904 490.005 Licensure by examination.—

905 (1) Any person desiring to be licensed as a psychologist
906 shall apply to the department to take the licensure examination.
907 The department shall license each applicant who the board
908 certifies has met all of the following requirements:

909 (a) Completed the application form and remitted a
910 nonrefundable application fee not to exceed \$500 and an
911 examination fee set by the board sufficient to cover the actual
912 per applicant cost to the department for development, purchase,
913 and administration of the examination, but not to exceed \$500.

914 (b) Submitted proof satisfactory to the board that the
915 applicant has received:

916 1. A doctoral degree from an American Psychological
917 Association accredited program ~~Doctoral-level psychological~~
918 ~~education; or~~

919 2. The equivalent of a doctoral degree from an American
920 Psychological Association accredited program ~~doctoral-level~~
921 ~~psychological education, as defined in s. 490.003(3),~~ from a
922 program at a school or university located outside the United
923 States of America which was officially recognized by the
924 government of the country in which it is located as an
925 institution or program to train students to practice
926 professional psychology. The applicant has the burden of
927 establishing that this requirement has been met.

928 (c) Had at least 2 years or 4,000 hours of experience in

588-03618-21 20211568c1

929 the field of psychology in association with or under the
 930 supervision of a licensed psychologist meeting the academic and
 931 experience requirements of this chapter or the equivalent as
 932 determined by the board. The experience requirement may be met
 933 by work performed on or off the premises of the supervising
 934 psychologist if the off-premises work is not the independent,
 935 private practice rendering of psychological services that does
 936 not have a psychologist as a member of the group actually
 937 rendering psychological services on the premises.

938 (d) Passed the examination. However, an applicant who has
 939 obtained a passing score, as established by the board by rule,
 940 on the psychology licensure examination designated by the board
 941 as the national licensure examination need only pass the Florida
 942 law and rules portion of the examination.

943 Section 20. Subsection (1) of section 490.0051, Florida
 944 Statutes, is amended to read:

945 490.0051 Provisional licensure; requirements.—

946 (1) The department shall issue a provisional psychology
 947 license to each applicant who the board certifies has:

948 (a) Completed the application form and remitted a
 949 nonrefundable application fee not to exceed \$250, as set by
 950 board rule.

951 (b) Earned a doctoral degree from an American Psychological
 952 Association accredited program in psychology as defined in s.
 953 490.003(3).

954 (c) Met any additional requirements established by board
 955 rule.

956 Section 21. Subsections (1), (3), and (4) of section
 957 491.005, Florida Statutes, are amended to read:

588-03618-21 20211568c1

958 491.005 Licensure by examination.—

959 (1) CLINICAL SOCIAL WORK.—Upon verification of
 960 documentation and payment of a fee not to exceed \$200, as set by
 961 board rule, ~~plus the actual per applicant cost to the department~~
 962 ~~for purchase of the examination from the American Association of~~
 963 ~~State Social Worker's Boards or a similar national organization,~~
 964 the department shall issue a license as a clinical social worker
 965 to an applicant who the board certifies has met all of the
 966 following criteria:

967 (a) ~~Has~~ Submitted an application and paid the appropriate
 968 fee.

969 (b)1. ~~Has~~ Received a doctoral degree in social work from a
 970 graduate school of social work which at the time the applicant
 971 graduated was accredited by an accrediting agency recognized by
 972 the United States Department of Education or ~~has~~ received a
 973 master's degree in social work from a graduate school of social
 974 work which at the time the applicant graduated:

975 a. Was accredited by the Council on Social Work Education;
 976 b. Was accredited by the Canadian Association of Schools of
 977 Social Work; or

978 c. Has been determined to have been a program equivalent to
 979 programs approved by the Council on Social Work Education by the
 980 Foreign Equivalency Determination Service of the Council on
 981 Social Work Education. An applicant who graduated from a program
 982 at a university or college outside of the United States or
 983 Canada must present documentation of the equivalency
 984 determination from the council in order to qualify.

985 2. The applicant's graduate program must have emphasized
 986 direct clinical patient or client health care services,

588-03618-21 20211568c1

987 including, but not limited to, coursework in clinical social
 988 work, psychiatric social work, medical social work, social
 989 casework, psychotherapy, or group therapy. The applicant's
 990 graduate program must have included all of the following
 991 coursework:

992 a. A supervised field placement which was part of the
 993 applicant's advanced concentration in direct practice, during
 994 which the applicant provided clinical services directly to
 995 clients.

996 b. Completion of 24 semester hours or 32 quarter hours in
 997 theory of human behavior and practice methods as courses in
 998 clinically oriented services, including a minimum of one course
 999 in psychopathology, and no more than one course in research,
 1000 taken in a school of social work accredited or approved pursuant
 1001 to subparagraph 1.

1002 3. If the course title which appears on the applicant's
 1003 transcript does not clearly identify the content of the
 1004 coursework, the applicant shall be required to provide
 1005 additional documentation, including, but not limited to, a
 1006 syllabus or catalog description published for the course.

1007 (c) ~~Has~~ Had at least 2 years of clinical social work
 1008 experience, which took place subsequent to completion of a
 1009 graduate degree in social work at an institution meeting the
 1010 accreditation requirements of this section, under the
 1011 supervision of a licensed clinical social worker or the
 1012 equivalent who is a qualified supervisor as determined by the
 1013 board. An individual who intends to practice in Florida to
 1014 satisfy clinical experience requirements must register pursuant
 1015 to s. 491.0045 before commencing practice. If the applicant's

588-03618-21 20211568c1

1016 graduate program was not a program which emphasized direct
 1017 clinical patient or client health care services as described in
 1018 subparagraph (b)2., the supervised experience requirement must
 1019 take place after the applicant has completed a minimum of 15
 1020 semester hours or 22 quarter hours of the coursework required. A
 1021 doctoral internship may be applied toward the clinical social
 1022 work experience requirement. A licensed mental health
 1023 professional must be on the premises when clinical services are
 1024 provided by a registered intern in a private practice setting.
 1025 When a registered intern is providing clinical services through
 1026 telehealth, a licensed mental health professional must be
 1027 accessible by telephone or electronic means.

1028 (d) ~~Has~~ Passed a theory and practice examination designated
 1029 by board rule provided by the department for this purpose.

1030 (e) ~~Has~~ Demonstrated, in a manner designated by rule of the
 1031 board, knowledge of the laws and rules governing the practice of
 1032 clinical social work, marriage and family therapy, and mental
 1033 health counseling.

1034 (3) MARRIAGE AND FAMILY THERAPY.—Upon verification of
 1035 documentation and payment of a fee not to exceed \$200, as set by
 1036 board rule, plus the actual cost of the purchase of the
 1037 examination from the Association of Marital and Family Therapy
 1038 Regulatory Board, or similar national organization, the
 1039 department shall issue a license as a marriage and family
 1040 therapist to an applicant who the board certifies has met all of
 1041 the following criteria:

1042 (a) ~~Has~~ Submitted an application and paid the appropriate
 1043 fee.

1044 (b) 1. Obtained one of the following:

588-03618-21

20211568c1

1045 a. ~~Has~~ A minimum of a master's degree with major emphasis
 1046 in marriage and family therapy or a closely related field from a
 1047 program accredited by the Commission on Accreditation for
 1048 Marriage and Family Therapy Education or from a Florida
 1049 university program accredited by the Council for Accreditation
 1050 of Counseling and Related Educational Programs.

1051 b. A minimum of a master's degree with an emphasis in
 1052 marriage and family therapy with a degree conferred date before
 1053 July 1, 2026, from an institutionally accredited Florida college
 1054 or university that is not yet accredited by the Commission on
 1055 Accreditation for Marriage and Family Therapy Education or the
 1056 Council for Accreditation of Counseling and Related Educational
 1057 Programs.

1058 2. Completed and graduate courses approved by the Board of
 1059 Clinical Social Work, Marriage and Family Therapy, and Mental
 1060 Health Counseling.

1061
 1062 If the course title that appears on the applicant's transcript
 1063 does not clearly identify the content of the coursework, the
 1064 applicant shall provide additional documentation, including, but
 1065 not limited to, a syllabus or catalog description published for
 1066 the course. The required master's degree must have been received
 1067 in an institution of higher education that, at the time the
 1068 applicant graduated, was fully accredited by an institutional a
 1069 ~~regional~~ accrediting body recognized by the Commission on
 1070 Recognition of Postsecondary Accreditation or publicly
 1071 recognized as a member in good standing with the Association of
 1072 Universities and Colleges of Canada, or an institution of higher
 1073 education located outside the United States and Canada which, at

588-03618-21

20211568c1

1074 the time the applicant was enrolled and at the time the
 1075 applicant graduated, maintained a standard of training
 1076 substantially equivalent to the standards of training of those
 1077 institutions in the United States which are accredited by an
 1078 institutional a regional accrediting body recognized by the
 1079 Commission on Recognition of Postsecondary Accreditation. Such
 1080 foreign education and training must have been received in an
 1081 institution or program of higher education officially recognized
 1082 by the government of the country in which it is located as an
 1083 institution or program to train students to practice as
 1084 professional marriage and family therapists or psychotherapists.
 1085 The applicant has the burden of establishing that the
 1086 requirements of this provision have been met, and the board
 1087 shall require documentation, such as an evaluation by a foreign
 1088 equivalency determination service, as evidence that the
 1089 applicant's graduate degree program and education were
 1090 equivalent to an accredited program in this country. An
 1091 applicant with a master's degree from a program that did not
 1092 emphasize marriage and family therapy may complete the
 1093 coursework requirement in a training institution fully
 1094 accredited by the Commission on Accreditation for Marriage and
 1095 Family Therapy Education recognized by the United States
 1096 Department of Education.

1097 (c) ~~Has~~ Had at least 2 years of clinical experience during
 1098 which 50 percent of the applicant's clients were receiving
 1099 marriage and family therapy services, which must have been ~~be~~ at
 1100 the post-master's level under the supervision of a licensed
 1101 marriage and family therapist with at least 5 years of
 1102 experience, or the equivalent, who is a qualified supervisor as

588-03618-21

20211568c1

1103 determined by the board. An individual who intends to practice
 1104 in Florida to satisfy the clinical experience requirements must
 1105 register pursuant to s. 491.0045 before commencing practice. If
 1106 a graduate has a master's degree with a major emphasis in
 1107 marriage and family therapy or a closely related field which did
 1108 not include all of the coursework required by paragraph (b),
 1109 credit for the post-master's level clinical experience may not
 1110 commence until the applicant has completed a minimum of 10 of
 1111 the courses required by paragraph (b), as determined by the
 1112 board, and at least 6 semester hours or 9 quarter hours of the
 1113 course credits must have been completed in the area of marriage
 1114 and family systems, theories, or techniques. Within the 2 years
 1115 of required experience, the applicant must ~~shall~~ provide direct
 1116 individual, group, or family therapy and counseling to cases
 1117 including those involving unmarried dyads, married couples,
 1118 separating and divorcing couples, and family groups that include
 1119 children. A doctoral internship may be applied toward the
 1120 clinical experience requirement. A licensed mental health
 1121 professional must be on the premises when clinical services are
 1122 provided by a registered intern in a private practice setting.
 1123 When a registered intern is providing clinical services through
 1124 telehealth, a licensed mental health professional must be
 1125 accessible by telephone or other electronic means.
 1126 (d) ~~Has~~ Passed a theory and practice examination designated
 1127 by board rule ~~provided by the department.~~
 1128 (e) ~~Has~~ Demonstrated, in a manner designated by board rule,
 1129 knowledge of the laws and rules governing the practice of
 1130 clinical social work, marriage and family therapy, and mental
 1131 health counseling.

1132
 1133 For the purposes of dual licensure, the department shall license
 1134 as a marriage and family therapist any person who meets the
 1135 requirements of s. 491.0057. Fees for dual licensure may not
 1136 exceed those stated in this subsection.
 1137 (4) MENTAL HEALTH COUNSELING.—Upon verification of
 1138 documentation and payment of a fee not to exceed \$200, as set by
 1139 board rule, ~~plus the actual per applicant cost of purchase of~~
 1140 ~~the examination from the National Board for Certified Counselors~~
 1141 ~~or its successor organization,~~ the department shall issue a
 1142 license as a mental health counselor to an applicant who the
 1143 board certifies has met all of the following criteria:
 1144 (a) ~~Has~~ Submitted an application and paid the appropriate
 1145 fee.
 1146 (b)1. Obtained ~~Has~~ a minimum of an earned master's degree
 1147 from a mental health counseling program accredited by the
 1148 Council for the Accreditation of Counseling and Related
 1149 Educational Programs which consists of at least 60 semester
 1150 hours or 80 quarter hours of clinical and didactic instruction,
 1151 including a course in human sexuality and a course in substance
 1152 abuse. If the master's degree is earned from a program related
 1153 to the practice of mental health counseling which is not
 1154 accredited by the Council for the Accreditation of Counseling
 1155 and Related Educational Programs, then the coursework and
 1156 practicum, internship, or fieldwork must consist of at least 60
 1157 semester hours or 80 quarter hours and meet all of the following
 1158 requirements:
 1159 a. Thirty-three semester hours or 44 quarter hours of
 1160 graduate coursework, which must include a minimum of 3 semester

Page 40 of 44

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-03618-21 20211568c1

1161 hours or 4 quarter hours of graduate-level coursework in each of
 1162 the following 11 content areas: counseling theories and
 1163 practice; human growth and development; diagnosis and treatment
 1164 of psychopathology; human sexuality; group theories and
 1165 practice; individual evaluation and assessment; career and
 1166 lifestyle assessment; research and program evaluation; social
 1167 and cultural foundations; substance abuse; and legal, ethical,
 1168 and professional standards issues in the practice of mental
 1169 health counseling. Courses in research, thesis or dissertation
 1170 work, practicums, internships, or fieldwork may not be applied
 1171 toward this requirement.

1172 b. A minimum of 3 semester hours or 4 quarter hours of
 1173 graduate-level coursework addressing diagnostic processes,
 1174 including differential diagnosis and the use of the current
 1175 diagnostic tools, such as the current edition of the American
 1176 Psychiatric Association's Diagnostic and Statistical Manual of
 1177 Mental Disorders. The graduate program must have emphasized the
 1178 common core curricular experience.

1179 c. The equivalent, as determined by the board, of at least
 1180 700 hours of university-sponsored supervised clinical practicum,
 1181 internship, or field experience that includes at least 280 hours
 1182 of direct client services, as required in the accrediting
 1183 standards of the Council for Accreditation of Counseling and
 1184 Related Educational Programs for mental health counseling
 1185 programs. This experience may not be used to satisfy the post-
 1186 master's clinical experience requirement.

1187 2. ~~Has~~ Provided additional documentation if a course title
 1188 that appears on the applicant's transcript does not clearly
 1189 identify the content of the coursework. The documentation must

588-03618-21 20211568c1

1190 include, but is not limited to, a syllabus or catalog
 1191 description published for the course.

1192
 1193 Education and training in mental health counseling must have
 1194 been received in an institution of higher education that, at the
 1195 time the applicant graduated, was fully accredited by an
 1196 institutional ~~a regional~~ accrediting body recognized by the
 1197 Council for Higher Education Accreditation or its successor
 1198 organization or publicly recognized as a member in good standing
 1199 with the Association of Universities and Colleges of Canada, or
 1200 an institution of higher education located outside the United
 1201 States and Canada which, at the time the applicant was enrolled
 1202 and at the time the applicant graduated, maintained a standard
 1203 of training substantially equivalent to the standards of
 1204 training of those institutions in the United States which are
 1205 accredited by an institutional ~~a regional~~ accrediting body
 1206 recognized by the Council for Higher Education Accreditation or
 1207 its successor organization. Such foreign education and training
 1208 must have been received in an institution or program of higher
 1209 education officially recognized by the government of the country
 1210 in which it is located as an institution or program to train
 1211 students to practice as mental health counselors. The applicant
 1212 has the burden of establishing that the requirements of this
 1213 provision have been met, and the board shall require
 1214 documentation, such as an evaluation by a foreign equivalency
 1215 determination service, as evidence that the applicant's graduate
 1216 degree program and education were equivalent to an accredited
 1217 program in this country. Beginning July 1, 2025, an applicant
 1218 must have a master's degree from a program that is accredited by

588-03618-21 20211568c1

1219 the Council for Accreditation of Counseling and Related
 1220 Educational Programs, the Masters in Psychology and Counseling
 1221 Accreditation Council, or an equivalent accrediting body which
 1222 consists of at least 60 semester hours or 80 quarter hours to
 1223 apply for licensure under this paragraph.

1224 (c) ~~Has~~ Had at least 2 years of clinical experience in
 1225 mental health counseling, which must be at the post-master's
 1226 level under the supervision of a licensed mental health
 1227 counselor or the equivalent who is a qualified supervisor as
 1228 determined by the board. An individual who intends to practice
 1229 in Florida to satisfy the clinical experience requirements must
 1230 register pursuant to s. 491.0045 before commencing practice. If
 1231 a graduate has a master's degree with a major related to the
 1232 practice of mental health counseling which did not include all
 1233 the coursework required under sub-subparagraphs (b)1.a. and b.,
 1234 credit for the post-master's level clinical experience may not
 1235 commence until the applicant has completed a minimum of seven of
 1236 the courses required under sub-subparagraphs (b)1.a. and b., as
 1237 determined by the board, one of which must be a course in
 1238 psychopathology or abnormal psychology. A doctoral internship
 1239 may be applied toward the clinical experience requirement. A
 1240 licensed mental health professional must be on the premises when
 1241 clinical services are provided by a registered intern in a
 1242 private practice setting. When a registered intern is providing
 1243 clinical services through telehealth, a licensed mental health
 1244 professional must be accessible by telephone or other electronic
 1245 means.

1246 (d) ~~Has~~ Passed a theory and practice examination designated
 1247 by department rule provided by the department for this purpose.

Page 43 of 44

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-03618-21 20211568c1

1248 (e) ~~Has~~ Demonstrated, in a manner designated by board rule,
 1249 knowledge of the laws and rules governing the practice of
 1250 clinical social work, marriage and family therapy, and mental
 1251 health counseling.

1252 Section 22. This act shall take effect July 1, 2021.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL: CS/CS/SB 1570

INTRODUCER: Appropriations Committee; Governmental Oversight and Accountability Committee; and Senator Rodriguez

SUBJECT: Quasi-public Entities

DATE: April 18, 2021

REVISED: _____

ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1. <u>Candelaria</u>	<u>McVaney</u>	<u>GO</u>	<u>Fav/CS</u>
2. <u>Sanders</u>	<u>Sadberry</u>	<u>AP</u>	<u>Fav/CS</u>

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1570 creates section 20.059, Florida Statutes, relating to quasi-public entities. The bill provides definitions, requirements, and responsibilities for quasi-public entities.

The bill defines “quasi-public entity” to mean an entity with statewide application, other than a governmental entity, established by law, regardless of form, for a public purpose or to effectuate a government program, and is not under the direct control of a governmental entity. The term does not include a citizen support organization; a direct-support organization; a joint underwriting association, a risk apportionment plan, or entity created under sections 627.311 or 627.351, Florida Statutes; a research institute of the state university system; or an entity licensed as a health care facility under chapter 395, Florida Statutes.

The bill requires the Governor to designate a department with which each quasi-public entity will be affiliated and the requirements of the affiliated department.

The bill requires each quasi-public entity to submit an annual report, on September 15, to the Governor, the President of the Senate, and the Speaker of the House of Representatives, and its affiliated department.

The bill requires a quasi-public entity to include additional specified information if the entity is organized as a corporation or has created an affiliated entity.

The bill requires each quasi-public entity to maintain a publicly available website with certain content.

A quasi-public entity is prohibited from using public funds to retain a lobbyist to represent the entity before the legislative or executive branch. However, a full-time employee of the entity may register as a lobbyist to provide such representation.

The bill prohibits a quasi-public entity from creating an entity separate from itself, including a citizen support organization or a direct-support organization.

The bill requires any meeting of a quasi-public entity to be video recorded. Additionally, the bill prohibits the executive director or an officer with similar responsibilities from recommending or being involved with the selection, appointment or retention of any member of the quasi-public entity's governing body.

The bill requires each quasi-public entity to post certain information on the Department of Financial Services contracting tracking system within 30 days after executing a contract.

The bill directs the Auditor General to compile a list of quasi-public entities subject to the bill and submit the list to the Governor, the President of the Senate, the Speaker of the House of Representatives, and the Legislative Auditing Committee by October 1, 2021. Furthermore, the Auditor General is required to make the list available on its website for public review.

The bill directs the Legislative Auditing Committee to establish procedures for annual selection of random samples of five of the identified quasi-public entities to undergo an operational audit by the Auditor General. Quasi-public entities who had operational audits completed within the preceding four years or who are subject to a statutorily-required operational audit are not included in the random sample.

The bill requires each quasi-public entity to post certain information on the Department of Financial Services contracting system within 30 days after executing a contract.

The bill requires the Department of Management Services (DMS) to include quasi-public entities on its Florida Has a Right to Know website. Further, the information included on the DMS website is required to be searchable by the term "quasi-public entity" and downloadable in a format that allows offline analysis.

The bill has an indeterminate fiscal impact to state revenues and funds. (*See V. Fiscal Impact Statement.*)

The bill takes effect July 1, 2021.

II. Present Situation:

Quasi-Public Entity

The term “quasi-public entity” is not defined in Florida Statutes. Quasi-public entities are generally considered a hybrid of private and public organizations, organized and established in law to provide and promote a public purpose by administering a governmental function of state government.¹ A quasi-public entity is typically appropriated funds from the state in order to accomplish the public purpose of its contract.

The table below is not intended to be a comprehensive list of entities but are examples of quasi-public entities:

Entity	Statute	Date of Creation
Correctional Work Programs Corporation	s. 946.504, F.S.	1983 (Ch. 83-209, L.O.F.)
Florida Independent Living Council	s. 413.395, F.S.	1988 (Ch. 88-214, L.O.F.)
Florida Birth-Related Neurological Injury Compensation Association	s. 766.315(1)(a), F.S.	1988 (Ch. 88-1, L.O.F.)
Inland Protection Financing Corporation	s. 376.3071, F.S.	1989 (Ch. 16-159, L.O.F.)
One Church, One Child of Florida Corporation	s. 409.1755, F.S.	1990 (Ch. 90-306, L.O.F.)
Florida Healthy Kids Corporation	s. 624.91(5), F.S.	1990 (Ch. 90-199, L.O.F.)
Enterprise Florida	s. 288.901(1), F.S.	1992 (Ch. 92-277, L.O.F.)
Sunshine State One-Call of Florida, Inc. (Sunshine 811)	s. 556.103, F.S.	1993 (Ch. 93-240, L.O.F.)
Florida Export Finance Corporation	s. 288.773, F.S.	1993 (Ch. 93-187, L.O.F.)
Florida Development Finance Corporation	s. 288.9604, F.S.	1993 (Ch. 93-187, L.O.F.)
CareerSource Florida, Inc.	s. 445.004, F.S.	1994 (Ch. 94-232, L.O.F.)
Assistive Technology Advisory Council	s. 413.407, F.S.	1994 (Ch. 94-324, L.O.F.)
Florida Engineers Management Corporation	s. 471.038, F.S.	1997 (Ch. 97-312, L.O.F.)
Florida Workers' Compensation Insurance Guaranty Association Guaranty Association, Inc.	s. 631.911, F.S.	1997 (Ch. 97-262, L.O.F.)
Ounce of Prevention Fund of Florida	s. 409.153, F.S.	1998 (Ch. 98-175, L.O.F.)
Tobacco Settlement Financing Corporation	s. 215.56005, F.S.	2000 (Ch. 2000-128, L.O.F.)
Florida Association of Drug Court Professionals	s. 397.334(7)(a), F.S.	2001 (Ch. 2001-48, L.O.F.)
Florida Mobile Home Relocation Corporation	s. 723.0611, F.S.	2001 (Ch. 2001-227, L.O.F.)
Florida Health Choices, Inc.	s. 408.910, F.S.	2002 (Ch. 2008-32, L.O.F.)
Florida Education Fund, Inc.	s. 1009.70, F.S.	2002 (Ch. 2002-387, L.O.F.)
Scripps Florida Funding Corporation	s. 288.955, F.S.	2003 (Ch. 2003-420, L.O.F.)
Florida Clerks of Court Operations Corporation	s. 28.35(1)(a), F.S.	2003 (Ch. 2003-402, L.O.F.)
Florida Public Health Institute, Inc.	s. 381.98, F.S.	2004 (Ch. 2004-2, L.O.F.)
Public Cord Blood Tissue Bank	s. 381.06015, F.S.	2005 (Ch. 2005-305, L.O.F.)
Florida Opportunity Fund	s. 288.9624, F.S.	2007 (Ch. 2007-189, L.O.F.)
Institute for Commercialization of Florida Technology	s. 288.9625, F.S.	2013 (Ch. 2013-120, L.O.F.)
Florida is for Veterans, Inc.	s. 295.21, F.S.	2014 (Ch. 2014-1, L.O.F.)

Citizen Support and Direct Support Organizations

A citizen support organization (CSO) is an organization that is a Florida corporation not-for-profit incorporated under the provisions of ch. 617, F.S., and is authorized by Florida law to exist

¹ *McClung-Gagne v. Harbour City Volunteer Ambulance Squad, Inc.*, 721 So.2d 799 (Fla. App. 1 Dist., 1998)

as a citizen-support organization to benefit or provide assistance to a governmental entity.² A CSO is organized and operated to: conduct programs and activities; raise funds; request and receive grants, gifts, and bequests of money; acquire, receive, hold, invest, and administer, in its own name, securities, funds, or real or personal property; and make expenditures for the benefit of the intergovernmental programs of their affiliated department or agency.

A direct support organization (DSO) is an organization that is a Florida corporation not-for-profit incorporated under the provisions of ch. 617, F.S., and is authorized by Florida law to exist as a direct-support organization to benefit or provide assistance to a governmental entity.³

Section 20.058, F.S., establishes that by August 1st of each year, each CSO and DSO must submit the following information to their affiliated department or agency:

- The name, mailing address, telephone number, and website address of the CSO;
- The statutory authority or executive order pursuant to which the organization was created;
- A brief description of the mission, and results obtained by, the organization;
- A brief description of the plans of the organization for the next three years;
- A copy of the organization's code of ethics; and
- A copy of the organization's most recent federal Internal Revenue Service Return of Organization Exempt from Income Tax form (Form 990).

By August 15th of each year, the appropriate agency must report to the Governor, the President of the Senate, the Speaker of the House of Representatives, and the Office of Program Policy Analysis and Government Accountability the information provided by each organization.⁴

Transparency in Government Spending & the Contract Tracking System

Section 215.985, F.S., is referred to as the Transparency Government Act (the Act). The Act requires the Chief Financial Officer (CFO) to establish and maintain a secure contract tracking system available for viewing and downloading by the public through a secure website. The Department of Financial Services (DFS) maintains and updates the contract tracking system. The tracking system contains contracts, grant awards, and amendments to contracts.

Within 30 days after executing a contract, each state entity is required to post the following information relating to the contract on the contract tracking system:

- The names of the contracting entities;
- The procurement method;
- The contract beginning and ending dates;
- The nature or type of commodities or services purchased;
- Applicable contract unit prices and deliverables;
- Total compensation to be paid or received under the contract;
- All payments made to the contractor to date;
- Applicable contract performance measures;

² Section 20.2551, F.S.

³ Section 16.618, F.S.

⁴ Section 20.058, F.S.

- If a competitive solicitation was not used to procure the goods and services, the justification of the action, including citation to a statutory exemption from competitive solicitation if any;⁵ and
- Electronic copies of the contract and procurement documents that have been redacted to exclude confidential information or exempt information.

Within 30 calendar days after an amendment to an existing contract, the state entity that is a party to the contract must update the information on the contract tracking system.

State entities are required to redact confidential or exempt information from the contract and procurement documents before posting an electronic copy on the contract tracking system. If a state entity becomes aware that an electronic copy of a contract or procurement document has been posted but has not been properly redacted, the state entity must notify the CFO and remove the documents from the contract tracking system.⁶ Consequently, the state entity has seven business days to post a properly redacted copy of the contract or procurement document on the contract tracking system. Request to redact confidential and exempt information must be made in writing, and delivered by mail, facsimile, electronic transmission, or in person to the state entity. The CFO is not responsible for redacting confidential and exempt information posted by a state entity on the system and is not liable for the failure of the state entity to post the information.

This section establishes the posting of information on the contract tracking system does not supersede the duty of the state entity to respond to a public records request or subpoena for the information. A request for a copy of a contract or procurement document must be made to the state entity. A subpoena for a copy of a contract or procurement document must be served on the quasi-public entity.

This section authorizes the CFO to regulate and prohibit the posting of records that could facilitate identity theft or fraud; however, such action by the CFO does not supersede the duty of a state entity to provide a copy of a public record upon request.

Florida Accountability Contract Tracking System (FACTS)

The Department of Financial Services' Division of Accounting and Auditing maintains FACTS. FACTS is a searchable consumer-friendly online system developed to make the government contracting process in Florida more transparent through the creation of a statewide contract reporting system. FACTS contains images, financial information and audit findings of all grant and contract documents, including purchase orders.⁷

Joint Legislative Auditing Committee

The Joint Legislative Auditing Committee (committee), established by the Joint Rules of the Florida Legislature, was created in law in 1967.⁸ The committee's membership is comprised of five to seven members appointed from each legislative house and its responsibilities are designed to provide continuous oversight of government operations, in part, through the auditing and review activities of the Auditor General and the Office of Program Policy Analysis and Government Accountability (OPPAGA).⁹

The committee may direct either the Auditor General or the OPPAGA to conduct an audit, review, or examination of any entity or record as specified in s. 11.45(3), F.S. This includes state agencies, counties, municipalities, special districts, district school boards, charter schools, numerous other government organizations, as well as nongovernmental agencies, corporations, and persons that have received any appropriation made by the Legislature.¹⁰

The committee is authorized to investigate any matter within the scope of an audit, review, or examination, and is granted subpoena power in connection with such investigations, and may conduct hearings as necessary. Under s. 11.42(2), F.S., the committee is responsible for appointing the Auditor General when there is a vacancy. Such appointment is subject to confirmation by both houses of the Legislature.¹¹

Florida Auditor General

The Auditor General is the independent auditor for the State of Florida and is appointed by and serves at the pleasure of the Legislature. The Auditor General provides unbiased, timely and relevant information that the Legislature, citizens of Florida, public entities and other stakeholders can use to promote government accountability and stewardship and improve government operations. Article III, Section 2 of the Florida Constitution reads, in part, “[T]he legislature shall appoint an auditor to serve at its pleasure who shall audit public records and perform related duties as prescribed by law or concurrent resolution.” Section 11.42, F.S., designates the constitutional auditor as the Auditor General, and s. 11.42 through s. 11.47, F.S., sets forth the general authority and duties of the Auditor General. Independently and in accordance with applicable professional standards, the Auditor General:

- Conducts financial audits of the accounts and records of State government, State universities, State colleges, and school districts.
- Conducts operational and performance audits of public programs, activities, and functions and information technology systems.
- Adopts rules, in consultation with the Florida Board of Accountancy, for audits performed by independent certified public accountants of local governmental entities, charter schools and technical career centers, school districts, and certain nonprofit and for-profit organizations.

⁸ During 2011, the Legislature passed a reform package that included revisions to laws and joint rules related to Joint Legislative Auditing Committee. Chapter 2011-34, Laws of Florida, repealed the statutory creation of JLAC.

⁹ Online Sunshine, *Historical Committees, Joint Legislative Auditing Committee*, http://www.leg.state.fl.us/cgi-bin/View_Page.pl?File=about.cfm&Directory=committees/joint/Jcla/&Tab=committees (last visited Apr. 14, 2021).

¹⁰ *Id.*

¹¹ *Id.*

- Conducts reviews of audit reports of local governmental entities, charter schools and technical career centers, school districts, and certain nonprofit and for-profit organizations.
- Conducts examinations of school districts' and other entities' records to evaluate compliance with State requirements governing the Florida Education Finance Program student enrollment and student transportation funding allocations.
- Conducts quality assessment reviews of the internal audits performed by state agency offices of inspectors general.¹²

Pursuant to s. 11.45(8), F.S., the Auditor General, in consultation with the Board of Accountancy, adopts rules for the form and conduct of all financial audits performed by independent certified public accountants pursuant to ss. 215.981, 218.39, 1001.453, 1002.395, 1004.28, and 1004.70, F.S. The rules for audits of local governmental entities, charter schools, charter technical career centers, and district school boards must include, but are not limited to, requirements for the reporting of information necessary to carry out the purposes of the Local Governmental Entity, Charter School, Charter Technical Career Center, and District School Board Financial Emergencies Act as stated in s. 218.501, F.S.¹³

Operational Audit Requirements under Section 11.45, F.S.

Section 11.45(1)(i), F.S., defines operational audit to mean an audit whose purpose is to evaluate management's performance in establishing and maintaining internal controls, including controls designed to prevent and detect fraud, waste, and abuse, and in administering assigned responsibilities in accordance with applicable laws, administrative rules, contracts, grant agreements, and other guidelines. Operational audits must be conducted in accordance with government auditing standards. Such audits examine internal controls that are designed and placed in operation to promote and encourage the achievement of management's control objectives in the categories of compliance, economic and efficient operations, reliability of financial records and reports, and safeguarding of assets, and identify weaknesses in those internal controls.¹⁴

Each year, the Florida Auditor General issues over 200 reports related to operational, financial, and federal award audits and attestation examination engagements of state and local governmental entities.¹⁵ Audit findings and recommendations are used to help correct errors, strengthen controls and reduce risk.¹⁶

Entity Audit Filing Requirements¹⁷

Under ss. 215.97(2)(a) and 215.97(8)(a), F.S., referred to as the Florida Single Audit Act, each nonprofit and for-profit non-state entity that expends a total amount of state financial assistance

equal to or in excess of \$500,000 in any fiscal year prior to July 1, 2016, and \$750,000 in any fiscal year on or subsequent to July 1, 2016, is required to have an audit for that fiscal year.

Pursuant to Section 10.657(2), Rules of the Auditor General, each entity required to submit an audit report under s. 215.97, F.S., must provide both a paper and an electronic copy (elements of which are described in Section 10.656, Rules of the Auditor General) along with the required submittal checklist.

Under Florida law, certain other nonprofit organizations are required to have an audit each year.¹⁸ Section 10.740, Rules of the Auditor General, requires each of these entities to provide both a paper and an electronic copy (elements that are described in Section 10.730, Rules of the Auditor General) of the audit along with the required submittal checklist.

Annual financial audits of state agency direct-support organizations (DSO) and citizen support organizations (CSO) are required for each entity with annual expenditures of \$100,000.¹⁹ The audit must be conducted by an independent certified public accountant in accordance with rules adopted by the Auditor General and shall be submitted within nine months after the end of the fiscal year to the Auditor General and the state agency responsible for creation, administration, or approval of the DSO or the CSO.²⁰

III. Effect of Proposed Changes:

Section 1 creates s. 20.059, F.S., to outline the definitions, requirements, and responsibilities of quasi-public entities.

This section provides the following definitions: the term “governmental entity” is defined to mean:

A state, regional, county, municipal or special district entity, or any other political subdivision, whether executive, judicial, or legislative, including, but not limited to, a department, a division, a bureau, a commission, an authority, a district, or an agency thereof or a public school, a Florida College System institution a state university, or an associated board.

The term “operational audit” has the same meaning as in s. 11.45(1), F.S., which means:

An audit whose purpose is to evaluate management’s performance in establishing and maintaining internal controls, including controls designed to prevent and detect fraud, waste, and abuse, and in administering assigned responsibilities in accordance with applicable laws, administrative rules,

¹⁸ See ss. 215.981(1), 288.906(1)(h), 288.955(14)(g), 288.1226(7), 1001.453(4), 1002.395(6)(m), 1004.28(5) and 1004.70(6), Florida Statutes.

¹⁹ Section 215.981(1), F.S.

²⁰ Section 215.981(1), F.S., applies to state agency direct-support and citizen-support organizations created, approved or administered by a state agency, other than a university, community college or district school board. See Florida Auditor General, *Rules of the Auditor General, Chapter 10.700, Audits of Certain Nonprofit Organizations (Effective June 30, 2020)* https://flauditor.gov/pages/pdf_files/10_700.pdf (last visited Apr. 7, 2021).

contracts, grant agreements, and other guidelines. Operational audits must be conducted in accordance with government auditing standards. Such audits examine internal controls that are designed and placed in operation to promote and encourage the achievement of management's control objectives in the categories of compliance, economic and efficient operations, reliability of financial records and reports, and safeguarding of assets, and identify weaknesses in those internal controls.

The term "quasi-public entity" is defined to mean:

An entity with statewide application, other than a governmental entity, established by law, regardless of form, for a public purpose or to effectuate a government program, and is not under the direct control of a governmental entity. The term does not include a citizen support organization; a direct-support organization; a joint underwriting association, a risk apportionment plan, or entity created under ss. 627.311 or 627.351, F.S.; a research institute of the state university system; or an entity licensed as a health care facility under ch. 395, F.S.

The term "direct control" is defined to mean:

For purposes of this paragraph, the term "direct control" means the ability to plan, direct, coordinate, and execute the powers, duties, functions, and responsibilities of a quasi-public entity, including the ability to control, supervise, and manage the quasi-public entity's daily operations. The term does not include the appointment of public officials or private persons to the governing body, regardless of appointment method, and does not include the approval of a plan of operation by a governmental entity.

This section provides that for a quasi-public entity created in law before July 1, 2021, the Governor must specify a department with which the quasi-public entity will be affiliated, unless a department is already specified in law, no later than December 31, 2021. For quasi-public entities created in law on or after July 1, 2021, the law creating the quasi-public entity must specify a department with which the quasi-public entity will be affiliated. The affiliated departments, whether specified by the Governor or in law, shall serve in an advisory capacity to the governing body of the affiliated quasi-public entity. The head of the affiliated department must review the activities of the affiliated quasi-public entity at least annually and recommend appropriate statutory changes to the Legislature, as necessary, to ensure the most efficient and cost-effective operation.

This section provides that by September 15 of each year, each quasi-public entity is required to submit a report to the Governor, the President of the Senate, the Speaker of the House of Representatives, and its affiliated department. The report is required to have the following:

- The name, mailing address, physical address, telephone number, and website address of the quasi-public entity;
- The statutory authority creating the quasi-public entity;
- A description of the quasi-public entity's mission;

- A description of the quasi-public entity's plans for the next three fiscal years;
- A copy of the quasi-public entity's code of ethics; and
- If the quasi-public entity is a corporation not for profit, a copy of the entity's most recent federal Internal Revenue Service Return of Organization Exempt from Income Tax Form (Form 990).

If the quasi-public entity is organized as a corporation, the bill requires the following be provided:

- The corporate governance framework and structure;
- The policies and practices of the corporation's significant committees;
- The policies and practices for directing senior management; and
- Processes by which the board, its committees, and senior management ensure an appropriate amount of oversight over its activities.

If the quasi-public entity has created an entity of any type with which it is affiliated, the following information must be included for each such affiliated entity: the name, mailing address, physical address, telephone number, and website address; the statutory authority creating or authorizing the creation of the affiliated entity; and a description of the affiliated entity's mission. If the affiliated entity is a corporation, it must provide all the required information for a corporation as set forth above. If the affiliated entity is a corporation not for profit, it must provide a copy of the entity's most recent federal Internal Revenue Service Return of Organization Exempt from Income Tax Form (Form 990).

This section requires each quasi-public entity to maintain a publicly accessible website. The website must include:

- The annual report;
- The most recently approved operating budget, maintained on the website for two years;
- The position title and annual salary or rate of pay for each regularly established position;
- A link to any state audit or report of the entity's operations;
- A link to any program or activity descriptions for which funds are expended;
- All meeting notices for meetings of the governing body, which must be on the website for two years; and
- The official minutes of each meeting of the governing body, which must be posted no later than seven days after the meeting.

This section provides that a quasi-public entity may not use public funds to retain a lobbyist to represent the quasi-public entity before the legislative or executive branch. A full-time employee of the quasi-public entity may register as a lobbyist and represent the entity before the legislative or executive branch. Except as a full-time employee, a person may not accept public funds from a quasi-public entity for lobbying.

This section provides a quasi-public entity may not create an entity separate from itself, including a citizen support or a direct-support organization.

Any meeting of the quasi-public entity's governing body must be video recorded. The executive director of a quasi-public entity, or an officer with similar responsibilities, may not recommend

or be involved in the selection, appointment, or retention of any member of the entity's governing body.

This section requires the Auditor General to compile a list of quasi-public entities and provide the list to the Governor, the President of the Senate, the Speaker of the House of Representatives, and the Legislative Auditing Committee. The Auditor General must make the list available on its website for public review.

The Legislative Auditing Committee is required to establish procedures for an annual selection of random sampling of five of the quasi-public entities, identified on the Auditor General's published list, to undergo an operational audit by the Auditor General. A quasi-public entity that had an operational audit completed within the preceding four years or that is otherwise subject to a statutorily required operational audit is excluded from the random sample.

Section 2 re-designates and revises s. 215.985, F.S., to require the Department of Management Services to include quasi-public entities on its Florida Has a Right to Know website. The information must include, at a minimum, the following for each employee or officer:

- Name and salary or hourly rate of pay;
- Position number, class code, and class title; and
- Employing agency or quasi-public entity and budget entity.

Further, the information contained on the Florida Has a Right to Know website is required to be searchable by the term "quasi-public entity" and downloadable in a format that allows offline analysis.

This section amends s. 215.985, F.S., to make each quasi-public entity subject to the DFS reporting requirements for the contract tracking system.

This section redefines the definition of the term "procurement document" in s. 215.985(14), F.S., to include a quasi-public entity.

This section defines the term "quasi-public entity" to mean:

An entity with statewide application, other than a governmental entity, established by law, regardless of form, for a public purpose or to effectuate a government program, and is not under the direct control of a governmental entity. The term does not include a citizen support organization; a direct-support organization; a joint underwriting association, a risk apportionment plan, or entity created under s. 627.311 or s. 627.351, F.S.; a research institute of the state university system; or an entity licensed as a health care facility under ch. 395, F.S.

Section 3 provides the bill takes effect July 1, 2021.

IV. Constitutional Issues:**A. Municipality/County Mandates Restrictions:**

The mandate restrictions do not apply because the bill does not require counties and municipalities to spend funds, reduce counties' or municipalities' ability to raise revenue, or reduce the percentage of state tax shared with counties and municipalities.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:**A. Tax/Fee Issues:**

None.

B. Private Sector Impact:

The Auditor General is required to select an annual random sample of five quasi-public entities to undergo an operational audit. If selected, a quasi-public entity may incur additional workload. If not already maintained, quasi-public entities may incur additional costs related to maintaining a publicly accessible website as required by the bill.

Quasi-public entities will also experience additional workload in completing the required annual report and meeting the posting requirements on the contract tracking system.

C. Government Sector Impact:

The bill has an indeterminate fiscal impact to state revenues and funds. The Executive Office of the Governor may incur additional workload by designating affiliate departments to the quasi-public entities (QPE). The affiliated departments may incur additional workload serving in an advisory role to the QPEs. The QPEs are required to enter certain information into the Department of Financial Services' (DFS) contract tracking system. The impact to the DFS's Division of Accounting and Auditing, Florida Accountability Contract Tracking System (FACTS) is estimated at \$69,721 for

development and programming costs to add the quasi-entities to FACTS,²¹ which can be absorbed within existing resources.²²

The Department of Management Services (DMS) manages the Florida Has a Right to Know website. The DMS is required to add QPEs under the website's search parameters. The DMS may experience minimal impact for development and programming costs to include QPEs in the Florida Has a Right to Know website, which can be absorbed within existing resources.

VI. Technical Deficiencies:

In Section 2 of the bill, which amends s. 215.985, F.S., quasi-public entities are defined, for the purposes of that section, as having the same meaning as provided in the newly created s. 20.059, F.S. However, later provisions of the section define the term differently for the purposes of subsection (14). If the intent is to define quasi-public entities consistently, the definitions should be revised.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 215.985 of the Florida Statutes.

This bill creates section 20.059 of the Florida Statutes.

IX. Additional Information:

- A. **Committee Substitute – Statement of Substantial Changes:**
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on April 15, 2021:

The committee substitute:

- Clarifies that a quasi-public entity (QPE) is defined as an entity with statewide application, other than a governmental entity, established by law, regardless of form, for a public purpose or to effectuate a government program, and is not under the direct control of a governmental entity. The term does not include a citizen support organization; a direct-support organization; a joint underwriting association, a risk apportionment plan, or entity created under ss. 627.311 or 627.351, F.S.; a research institute of the state university system; or an entity licensed as a health care facility under ch. 395, F.S. Defines “direct control” for purposes of the definition.

²¹ Email from Meredith Stansfield, Director of Legislative and Cabinet Affairs, Department of Financial Services to Michelle Sanders, Legislative Analyst, Senate Appropriations Subcommittee on Agriculture, Environment, and General Government (Apr. 8, 2021) (on file with Senate Appropriations Subcommittee on Agriculture, Environment, and General Government)

²² Conversation with Chase Mitchell, Office of Legislative and Cabinet Affairs, Department of Financial Services (Apr. 8, 2021)

- Removes language requiring QPEs to have operational audits conducted by the Auditor General every three years.
- Directs the Auditor General to compile a list of QPEs subject to the bill and submit the list to the Governor, the President of the Senate, the Speaker of the House of Representatives, and the Legislative Auditing Committee by October 1, 2021, and requires the Auditor General to make the list available on its website for public review.
- Directs the Legislative Auditing Committee to establish procedures for an annual selection of random samples of five of the identified QPEs for purposes of an operational audit by the Auditor General. Clarifies QPEs who had operational audits completed within the preceding four years or are subject to statutorily-required operational audit are not included in the random sample.
- Requires the Department of Management Services (DMS) to include QPEs on its Florida Has a Right to Know website. Further, the information included on the DMS website is required to be searchable by the term “quasi-public entity” and downloadable in a format that allows offline analysis.

CS by Governmental Oversight and Accountability on March 24, 2021:

The CS:

- Requires the Governor to specify a department with which a quasi-public entity created in law before July 1, 2021, will be affiliated, unless a department is specified in law. For a quasi-public entity created in law on or after July 1, 2021, the law creating the quasi-public entity shall specify a department with which the quasi-public entity will be affiliated.
- Requires each quasi-public entity to have an operational audit completed by the Auditor General at least once every three years.
- Removes a provision providing a repeal date for quasi-public entities unless they are reviewed and saved by the Legislature.
- Removes a provision requiring each quasi-public entity having to contract with an independent entity to conduct a cost-benefit analysis.
- Removes a provision providing salary and compensation limits for employees of quasi-public entities.

B. Amendments:

None.

The Committee on Appropriations (Rodriguez) recommended the following:

Senate Amendment (with title amendment)

Delete lines 50 - 165
and insert:

(a) "Governmental entity" means a state, regional, county, municipal, or special district entity, or any other political subdivision, whether executive, judicial, or legislative, including, but not limited to, a department, a division, a bureau, a commission, an authority, a district, or an agency thereof or a public school, a Florida College System

229772

11 institution, a state university, or an associated board.

12 (b) "Operational audit" has the same meaning as in s.
13 11.45(1).

14 (c) "Quasi-public entity" means an entity, other than a
15 governmental entity, established by general law, regardless of
16 form, for a public purpose or to effectuate a government
17 program, and that is not under the direct control of a
18 governmental entity. The term does not include a citizen support
19 organization or a direct-support organization. For purposes of
20 this paragraph, the term "direct control" means the ability to
21 plan, direct, coordinate, and execute the powers, duties,
22 functions, and responsibilities of a quasi-public entity,
23 including the ability to control, supervise, and manage the
24 quasi-public entity's daily operations. The term does not
25 include the appointment of public officials or private persons
26 to the governing body, regardless of appointment method, and
27 does not include the approval of a plan of operations by a
28 governmental entity.

29 (2) (a) For a quasi-public entity created in law before July
30 1, 2021, the Governor must specify a department with which the
31 quasi-public entity will be affiliated, unless a department is
32 already specified in law, no later than December 31, 2021. The
33 affiliated department, whether specified by the Governor or in
34 law, shall serve in an advisory capacity to the governing body
35 of the affiliated quasi-public entity. The head of the
36 affiliated department shall review the activities of the
37 affiliated quasi-public entity at least annually and shall
38 recommend appropriate statutory changes to the Legislature, as
39 necessary, to ensure the most efficient and cost-effective

229772

40 operation.

41 (b) For a quasi-public entity created in law on or after
42 July 1, 2021, the law creating the quasi-public entity shall
43 specify a department with which the quasi-public entity will be
44 affiliated. The affiliated department shall serve in an advisory
45 capacity to the governing body of the affiliated quasi-public
46 entity. The head of the affiliated department shall review the
47 activities of the affiliated quasi-public entity at least
48 annually and shall recommend appropriate statutory changes to
49 the Legislature, as necessary, to ensure the most efficient and
50 cost-effective operation.

51 (3) By September 15 of each year, each quasi-public entity
52 shall submit a report to the Governor, the President of the
53 Senate, the Speaker of the House of Representatives, and its
54 affiliated department which includes all of the following
55 information:

56 (a) The name, mailing address, physical address, telephone
57 number, and website address of the quasi-public entity.

58 (b) The statutory authority creating the quasi-public
59 entity.

60 (c) A description of the quasi-public entity's mission.

61 (d) A description of the quasi-public entity's plans for
62 the next 3 fiscal years.

63 (e) A copy of the quasi-public entity's code of ethics.

64 (f) If the quasi-public entity is a corporation not for
65 profit, a copy of the entity's most recent federal Internal
66 Revenue Service Return of Organization Exempt from Income Tax
67 Form (Form 990).

68 (g) If the quasi-public entity is organized as a

69 corporation, a copy of all of the following:

70 1. Corporate governance framework and structure.

71 2. Policies and practices of the corporation's significant
72 committees, including any compensation committee.

73 3. Policies and practices for directing senior management.

74 4. Processes by which the board, its committees, and senior
75 management ensure an appropriate amount of oversight over the
76 corporation's activities.

77 (h) If the quasi-public entity has created an entity of any
78 type with which it is affiliated, the following information must
79 be included for each such affiliated entity:

80 1. The name, mailing address, physical address, telephone
81 number, and website address of the affiliated entity.

82 2. The statutory authority creating or authorizing the
83 creation of the affiliated entity, if any.

84 3. A description of the affiliated entity's mission.

85 4. If the affiliated entity is a corporation, a copy of all
86 of the information described in paragraph (g).

87 5. If the affiliated entity is a corporation not for
88 profit, a copy of the entity's most recent federal Internal
89 Revenue Service Return of Organization Exempt from Income Tax
90 Form (Form 990).

91 (4) Each quasi-public entity shall maintain a publicly
92 accessible website. The website must include the following:

93 (a) The report required pursuant to subsection (4).

94 (b) The most recently approved operating budget, which must
95 be maintained on the website for 2 years.

96 (c) The position title and annual salary or rate of pay for
97 each regularly established position.

229772

98 (d) A link to any state audit or report of the entity's
99 operations.

100 (e) A link to any program or activity descriptions for
101 which funds may be expended.

102 (f) All meeting notices for meetings of the entity's
103 governing body, which must be maintained on the website for 2
104 years.

105 (g) The official minutes of each meeting of the entity's
106 governing body, which must be posted no later than 7 days after
107 the date of the meeting in which the minutes are approved.

108 (5) A quasi-public entity may not use public funds to
109 retain a lobbyist to represent the entity before the legislative
110 or executive branch. However, a full-time employee of the quasi-
111 public entity may register as a lobbyist and represent the
112 entity before the legislative or executive branch. Except as a
113 full-time employee, a person may not accept public funds from a
114 quasi-public entity for lobbying.

115 (6) Unless specifically authorized by law, a quasi-public
116 entity may not create an entity separate from itself, including
117 a citizen support organization or a direct-support organization.

118 (7) Any meeting of a quasi-public entity's governing body
119 must be video recorded.

120 (8) The executive director of a quasi-public entity, or an
121 officer with responsibilities similar to that of an executive
122 director, may not recommend or otherwise be involved in the
123 selection, appointment, or retention of any member of the
124 entity's governing body.

125 (9) (a) By October 1, 2021, the Auditor General shall
126 compile a list of the quasi-public entities subject to this

229772

127 section and provide such list to the Governor, the President of
128 the Senate, the Speaker of the House of Representatives, and the
129 Legislative Auditing Committee. The list must be available on
130 the Auditor General's website for review by the public.

131 (b) The Legislative Auditing Committee shall establish
132 procedures for the annual selection of a random sample of 5
133 percent of the quasi-public entities identified in paragraph (a)
134 to undergo an operational audit by the Auditor General. A quasi-
135 public entity that has had an operational audit completed within
136 the preceding 4 years or that is otherwise subject to a
137 statutorily-required operational audit shall not be included in
138 the random sample.

139 Section 2. Paragraph (d) of subsection (2) of section
140 215.985, Florida Statutes, is redesignated as paragraph (e), a
141 new paragraph (d) is added to that subsection, and subsections
142 (6) and (14) of that section are amended to read:

143 215.985 Transparency in government spending.—

144 (2) As used in this section, the term:

145 (d) "Quasi-public entity" has the same meaning as provided
146 in s. 20.059.

147 (6) The Department of Management Services shall establish
148 and maintain a website that provides current information
149 relating to each employee or officer of a state agency, a state
150 university, a Florida College System institution, a quasi-public
151 entity, or the State Board of Administration, regardless of the
152 appropriation category from which the person is paid.

153 (a) For each employee or officer, the information must
154 include, at a minimum, his or her:

155 1. Name and salary or hourly rate of pay.

229772

- 156 2. Position number, class code, and class title.
- 157 3. Employing agency or quasi-public entity and budget
- 158 entity.

159 (b) The information must be searchable by state agency,
160 state university, Florida College System institution, quasi-
161 public entity, and the State Board of Administration, and by
162 employee name, salary range, or class code and must be
163 downloadable in a format that allows offline analysis.

166 ===== T I T L E A M E N D M E N T =====

167 And the title is amended as follows:

168 Delete lines 8 - 24

169 and insert:

170 requiring a quasi-public entity to submit an annual
171 report that includes certain information to the
172 Governor, the Legislature, and its affiliated
173 department by a certain date; requiring a quasi-public
174 entity to maintain a website that includes certain
175 information; prohibiting a quasi-public entity from
176 using public funds to retain a lobbyist; authorizing
177 certain employees of a quasi-public entity to register
178 as a lobbyist and represent the quasi-public entity;
179 prohibiting a quasi-public entity from creating an
180 entity separate from itself; requiring that meetings
181 of the quasi-public entity's governing body be video
182 recorded; prohibiting an executive director or similar
183 officer of a quasi-public entity from certain
184 involvement with the entity's governing body;

229772

185 requiring the Auditor General to identify quasi-public
186 entities; requiring the Legislative Auditing Committee
187 to establish a process for random selection of quasi-
188 public entities to undergo operational audits;
189 providing exceptions to the audit process for certain
190 entities; amending s. 215.985, F.S.; defining the term
191 "quasi-public entity"; requiring the Department of
192 Management Services to provide certain information
193 relating to quasi-public entity employees or officers
194 on a website; requiring such information to be
195 searchable in a certain manner;

LEGISLATIVE ACTION

Senate	.	House
Comm: RCS	.	
04/17/2021	.	
	.	
	.	
	.	

The Committee on Appropriations (Rodriguez) recommended the following:

1 **Senate Substitute for Amendment (229772) (with title**
2 **amendment)**

3
4 Delete lines 50 - 165
5 and insert:

6 (a) "Governmental entity" means a state, regional, county,
7 municipal, or special district entity, or any other political
8 subdivision, whether executive, judicial, or legislative,
9 including, but not limited to, a department, a division, a
10 bureau, a commission, an authority, a district, or an agency

874262

11 thereof or a public school, a Florida College System
12 institution, a state university, or an associated board.

13 (b) "Operational audit" has the same meaning as in s.
14 11.45(1).

15 (c) "Quasi-public entity" means an entity with statewide
16 application, other than a governmental entity, established by
17 general law, regardless of form, for a public purpose or to
18 effectuate a government program, and that is not under the
19 direct control of a governmental entity. The term does not
20 include a citizen support organization, a direct-support
21 organization, a joint underwriting association authorized
22 pursuant to s. 627.351, a research institute of the state
23 university system, or an entity licensed as a health care
24 facility under chapter 395. For purposes of this paragraph, the
25 term "direct control" means the ability to plan, direct,
26 coordinate, and execute the powers, duties, functions, and
27 responsibilities of a quasi-public entity, including the ability
28 to control, supervise, and manage the quasi-public entity's
29 daily operations. The term does not include the appointment of
30 public officials or private persons to the governing body,
31 regardless of appointment method, and does not include the
32 approval of a plan of operations by a governmental entity.

33 (2) (a) For a quasi-public entity created in law before July
34 1, 2021, the Governor must specify a department with which the
35 quasi-public entity will be affiliated, unless a department is
36 already specified in law, no later than December 31, 2021. The
37 affiliated department, whether specified by the Governor or in
38 law, shall serve in an advisory capacity to the governing body
39 of the affiliated quasi-public entity. The head of the

874262

40 affiliated department shall review the activities of the
41 affiliated quasi-public entity at least annually and shall
42 recommend appropriate statutory changes to the Legislature, as
43 necessary, to ensure the most efficient and cost-effective
44 operation.

45 (b) For a quasi-public entity created in law on or after
46 July 1, 2021, the law creating the quasi-public entity shall
47 specify a department with which the quasi-public entity will be
48 affiliated. The affiliated department shall serve in an advisory
49 capacity to the governing body of the affiliated quasi-public
50 entity. The head of the affiliated department shall review the
51 activities of the affiliated quasi-public entity at least
52 annually and shall recommend appropriate statutory changes to
53 the Legislature, as necessary, to ensure the most efficient and
54 cost-effective operation.

55 (3) By September 15 of each year, each quasi-public entity
56 shall submit a report to the Governor, the President of the
57 Senate, the Speaker of the House of Representatives, and its
58 affiliated department which includes all of the following
59 information:

60 (a) The name, mailing address, physical address, telephone
61 number, and website address of the quasi-public entity.

62 (b) The statutory authority creating the quasi-public
63 entity.

64 (c) A description of the quasi-public entity's mission.

65 (d) A description of the quasi-public entity's plans for
66 the next 3 fiscal years.

67 (e) A copy of the quasi-public entity's code of ethics.

68 (f) If the quasi-public entity is a corporation not for

69 profit, a copy of the entity's most recent federal Internal
70 Revenue Service Return of Organization Exempt from Income Tax
71 Form (Form 990).

72 (g) If the quasi-public entity is organized as a
73 corporation, a copy of all of the following:

74 1. Corporate governance framework and structure.

75 2. Policies and practices of the corporation's significant
76 committees, including any compensation committee.

77 3. Policies and practices for directing senior management.

78 4. Processes by which the board, its committees, and senior
79 management ensure an appropriate amount of oversight over the
80 corporation's activities.

81 (h) If the quasi-public entity has created an entity of any
82 type with which it is affiliated, the following information must
83 be included for each such affiliated entity:

84 1. The name, mailing address, physical address, telephone
85 number, and website address of the affiliated entity.

86 2. The statutory authority creating or authorizing the
87 creation of the affiliated entity, if any.

88 3. A description of the affiliated entity's mission.

89 4. If the affiliated entity is a corporation, a copy of all
90 of the information described in paragraph (g).

91 5. If the affiliated entity is a corporation not for
92 profit, a copy of the entity's most recent federal Internal
93 Revenue Service Return of Organization Exempt from Income Tax
94 Form (Form 990).

95 (4) Each quasi-public entity shall maintain a publicly
96 accessible website. The website must include the following:

97 (a) The report required pursuant to subsection (4).

874262

98 (b) The most recently approved operating budget, which must
99 be maintained on the website for 2 years.

100 (c) The position title and annual salary or rate of pay for
101 each regularly established position.

102 (d) A link to any state audit or report of the entity's
103 operations.

104 (e) A link to any program or activity descriptions for
105 which funds may be expended.

106 (f) All meeting notices for meetings of the entity's
107 governing body, which must be maintained on the website for 2
108 years.

109 (g) The official minutes of each meeting of the entity's
110 governing body, which must be posted no later than 7 days after
111 the date of the meeting in which the minutes are approved.

112 (5) A quasi-public entity may not use public funds to
113 retain a lobbyist to represent the entity before the legislative
114 or executive branch. However, a full-time employee of the quasi-
115 public entity may register as a lobbyist and represent the
116 entity before the legislative or executive branch. Except as a
117 full-time employee, a person may not accept public funds from a
118 quasi-public entity for lobbying.

119 (6) Unless specifically authorized by law, a quasi-public
120 entity may not create an entity separate from itself, including
121 a citizen support organization or a direct-support organization.

122 (7) Any meeting of a quasi-public entity's governing body
123 must be video recorded.

124 (8) The executive director of a quasi-public entity, or an
125 officer with responsibilities similar to that of an executive
126 director, may not recommend or otherwise be involved in the

874262

127 selection, appointment, or retention of any member of the
128 entity's governing body.

129 (9) (a) By October 1, 2021, the Auditor General shall
130 compile a list of the quasi-public entities subject to this
131 section and provide such list to the Governor, the President of
132 the Senate, the Speaker of the House of Representatives, and the
133 Legislative Auditing Committee. The list must be available on
134 the Auditor General's website for review by the public.

135 (b) The Legislative Auditing Committee shall establish
136 procedures for the annual selection of a random sample of 5 of
137 the quasi-public entities identified in paragraph (a) to undergo
138 an operational audit by the Auditor General. A quasi-public
139 entity that has had an operational audit completed by the
140 Auditor General within the preceding 4 years or that is
141 otherwise subject to a statutorily-required operational audit by
142 the Auditor General shall not be included in the random sample.

143 Section 2. Paragraph (d) of subsection (2) of section
144 215.985, Florida Statutes, is redesignated as paragraph (e), a
145 new paragraph (d) is added to that subsection, and subsections
146 (6) and (14) of that section are amended to read:

147 215.985 Transparency in government spending.—

148 (2) As used in this section, the term:

149 (d) "Quasi-public entity" has the same meaning as provided
150 in s. 20.059.

151 (6) The Department of Management Services shall establish
152 and maintain a website that provides current information
153 relating to each employee or officer of a state agency, a state
154 university, a Florida College System institution, a quasi-public
155 entity, or the State Board of Administration, regardless of the

874262

156 appropriation category from which the person is paid.

157 (a) For each employee or officer, the information must
158 include, at a minimum, his or her:

159 1. Name and salary or hourly rate of pay.

160 2. Position number, class code, and class title.

161 3. Employing agency or quasi-public entity and budget
162 entity.

163 (b) The information must be searchable by state agency,
164 state university, Florida College System institution, quasi-
165 public entity, and the State Board of Administration, and by
166 employee name, salary range, or class code and must be
167 downloadable in a format that allows offline analysis.

30 Financial Officer, the Department of Financial
31 Services, and officers, employees, and contractors
32 thereof are not responsible for redacting, and are not
33 liable for the failure to redact, certain information
34 posted on the secure contract tracking system by a
35 quasi-public entity; providing that the posting of
36 certain information does not supersede the duty of a
37 quasi-public entity to respond to certain requests or
38 subpoenas; providing that certain actions by the Chief
39 Financial Officer do not supersede the duty of a
40 quasi-public entity to provide certain records upon
41 request; revising and providing definitions; providing
42 an effective date.

43
44 Be It Enacted by the Legislature of the State of Florida:45
46 Section 1. Section 20.059, Florida Statutes, is created to
47 read:48 20.059 Quasi-public entities.—49 (1) As used in this section, the term:50 (a) "Governmental entity" means a state, regional, county,
51 municipal, special district, or any other political subdivision,
52 whether executive, judicial, or legislative, including, but not
53 limited to, a department, a division, a bureau, a commission, an
54 authority, a district, or an agency thereof or a public school,
55 a Florida College System institution, a state university, or an
56 associated board.57 (b) "Operational audit" has the same meaning as in s.58 11.45(1).

Page 2 of 11

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

585-03334-21

20211570c1

59 (c) "Quasi-public entity" means an entity established by
 60 general law, regardless of form, for a public purpose or to
 61 effectuate a government program and which is not directly
 62 controlled by a governmental entity. The term does not include a
 63 citizen support organization or a direct-support organization.

64 (2)(a) For a quasi-public entity created in law before July
 65 1, 2021, the Governor must specify a department with which the
 66 quasi-public entity will be affiliated, unless a department is
 67 already specified in law, no later than December 31, 2021. The
 68 affiliated department, whether specified by the Governor or in
 69 law, shall serve in an advisory capacity to the governing body
 70 of the affiliated quasi-public entity. The head of the
 71 affiliated department shall review the activities of the
 72 affiliated quasi-public entity at least annually and shall
 73 recommend appropriate statutory changes to the Legislature, as
 74 necessary, to ensure the most efficient and cost-effective
 75 operation.

76 (b) For a quasi-public entity created in law on or after
 77 July 1, 2021, the law creating the quasi-public entity shall
 78 specify a department with which the quasi-public entity will be
 79 affiliated. The affiliated department shall serve in an advisory
 80 capacity to the governing body of the affiliated quasi-public
 81 entity. The head of the affiliated department shall review the
 82 activities of the affiliated quasi-public entity at least
 83 annually and shall recommend appropriate statutory changes to
 84 the Legislature, as necessary, to ensure the most efficient and
 85 cost-effective operation.

86 (3) Each quasi-public entity shall have an operational
 87 audit completed by the Auditor General at least once every 3

585-03334-21

20211570c1

88 years.

89 (4) By September 15 of each year, each quasi-public entity
 90 shall submit a report to the Governor, the President of the
 91 Senate, the Speaker of the House of Representatives, and its
 92 affiliated department which includes all of the following
 93 information:

94 (a) The name, mailing address, physical address, telephone
 95 number, and website address of the quasi-public entity.

96 (b) The statutory authority creating the quasi-public
 97 entity.

98 (c) A description of the quasi-public entity's mission.

99 (d) A description of the quasi-public entity's plans for
 100 the next 3 fiscal years.

101 (e) A copy of the quasi-public entity's code of ethics.

102 (f) If the quasi-public entity is a corporation not for
 103 profit, a copy of the entity's most recent federal Internal
 104 Revenue Service Return of Organization Exempt from Income Tax
 105 Form (Form 990).

106 (g) If the quasi-public entity is organized as a
 107 corporation, a copy of all of the following:

108 1. Corporate governance framework and structure.

109 2. Policies and practices of the corporation's significant
 110 committees, including any compensation committee.

111 3. Policies and practices for directing senior management.

112 4. Processes by which the board, its committees, and senior
 113 management ensure an appropriate amount of oversight over the
 114 corporation's activities.

115 (h) If the quasi-public entity has created an entity of any
 116 type with which it is affiliated, the following information must

585-03334-21

20211570c1

117 be included for each such affiliated entity:
 118 1. The name, mailing address, physical address, telephone
 119 number, and website address of the affiliated entity.
 120 2. The statutory authority creating or authorizing the
 121 creation of the affiliated entity, if any.
 122 3. A description of the affiliated entity's mission.
 123 4. If the affiliated entity is a corporation, a copy of all
 124 of the information described in paragraph (g).
 125 5. If the affiliated entity is a corporation not for
 126 profit, a copy of the entity's most recent federal Internal
 127 Revenue Service Return of Organization Exempt from Income Tax
 128 Form (Form 990).
 129 (5) Each quasi-public entity shall maintain a publicly
 130 accessible website. The website must include the following:
 131 (a) The report required pursuant to subsection (4).
 132 (b) The most recently approved operating budget, which must
 133 be maintained on the website for 2 years.
 134 (c) The position title and annual salary or rate of pay for
 135 each regularly established position.
 136 (d) A link to any state audit or report of the entity's
 137 operations.
 138 (e) A link to any program or activity descriptions for
 139 which funds may be expended.
 140 (f) All meeting notices for meetings of the entity's
 141 governing body, which must be maintained on the website for 2
 142 years.
 143 (g) The official minutes of each meeting of the entity's
 144 governing body, which must be posted no later than 7 days after
 145 the date of the meeting in which the minutes are approved.

Page 5 of 11

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

585-03334-21

20211570c1

146 (6) A quasi-public entity may not use public funds to
 147 retain a lobbyist to represent the entity before the legislative
 148 or executive branch. However, a full-time employee of the quasi-
 149 public entity may register as a lobbyist and represent the
 150 entity before the legislative or executive branch. Except as a
 151 full-time employee, a person may not accept public funds from a
 152 quasi-public entity for lobbying.
 153 (7) Unless specifically authorized by law, a quasi-public
 154 entity may not create an entity separate from itself, including
 155 a citizen support organization or a direct-support organization.
 156 (8) Any meeting of a quasi-public entity's governing body
 157 must be video recorded.
 158 (9) The executive director of a quasi-public entity, or an
 159 officer with responsibilities similar to that of an executive
 160 director, may not recommend or otherwise be involved in the
 161 selection, appointment, or retention of any member of the
 162 entity's governing body.
 163 Section 2. Subsection (14) of section 215.985, Florida
 164 Statutes, is amended to read:
 165 215.985 Transparency in government spending.—
 166 (14) The Chief Financial Officer shall establish and
 167 maintain a secure contract tracking system available for viewing
 168 and downloading by the public through a secure website. The
 169 Chief Financial Officer shall use appropriate Internet security
 170 measures to ensure that no person has the ability to alter or
 171 modify records available on the website.
 172 (a) Within 30 calendar days after executing a contract,
 173 each state and quasi-public entity shall post the following
 174 information relating to the contract on the contract tracking

Page 6 of 11

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

585-03334-21

20211570c1

175 system:

176 1. The names of the contracting entities.

177 2. The procurement method.

178 3. The contract beginning and ending dates.

179 4. The nature or type of the commodities or services

180 purchased.

181 5. Applicable contract unit prices and deliverables.

182 6. Total compensation to be paid or received under the

183 contract.

184 7. All payments made to the contractor to date.

185 8. Applicable contract performance measures.

186 9. If a competitive solicitation was not used to procure

187 the goods or services, the justification of such action,

188 including citation to a statutory exemption or exception from

189 competitive solicitation, if any.

190 10. Electronic copies of the contract and procurement

191 documents that have been redacted to exclude confidential or

192 exempt information.

193 (b) Within 30 calendar days after an amendment to an

194 existing contract, the state entity or quasi-public entity that

195 is a party to the contract must update the information described

196 in paragraph (a) in the contract tracking system. An amendment

197 to a contract includes, but is not limited to, a renewal,

198 termination, or extension of the contract or a modification of

199 the terms of the contract.

200 (c) By January 1, 2014, each state and quasi-public entity

201 shall post to the contract tracking system the information

202 required in paragraph (a) for each existing contract that was

203 executed before July 1, 2013, with payment from state funds made

Page 7 of 11

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

585-03334-21

20211570c1

204 after June 30, 2013.

205 (d)1. Records made available on the contract tracking

206 system may not reveal information made confidential or exempt by

207 law.

208 2. Each state and quasi-public entity that is a party to a

209 contract must redact confidential or exempt information from the

210 contract and procurement documents before posting an electronic

211 copy on the contract tracking system. If a state entity or

212 quasi-public entity that is a party to the contract becomes

213 aware that an electronic copy of a contract or a procurement

214 document has been posted but has not been properly redacted, the

215 state entity or quasi-public entity must immediately notify the

216 Chief Financial Officer and must immediately remove the contract

217 or procurement document from the contract tracking system.

218 Within 7 business days, the state entity or quasi-public entity

219 must post a properly redacted copy of the contract or

220 procurement document on the contract tracking system.

221 3.a. If a party to a contract, or an authorized

222 representative of a party to a contract, discovers that an

223 electronic copy of a contract or procurement document has been

224 posted to the contract tracking system but has not been properly

225 redacted, the party or representative may request the state

226 entity or quasi-public entity that is a party to the contract to

227 redact the confidential or exempt information. Upon receipt of

228 the request, the state entity or quasi-public entity shall

229 redact the confidential or exempt information.

230 b. A request to redact confidential or exempt information

231 must be made in writing and delivered by mail, facsimile,

232 electronic transmission, or in person to the state entity or

Page 8 of 11

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

585-03334-21 20211570c1

233 quasi-public entity that is a party to the contract. The request
 234 must identify the specific document, the page numbers that
 235 include the confidential or exempt information, the information
 236 that is confidential or exempt, and the applicable statutory
 237 exemption. A fee may not be charged for a redaction made
 238 pursuant to the request.

239 c. A party to a contract may petition the circuit court for
 240 an order directing compliance with this paragraph.

241 4. The contract tracking system shall display a notice of
 242 the right of an affected party to request redaction of
 243 confidential or exempt information contained on the system.

244 5.a. The Chief Financial Officer, the Department of
 245 Financial Services, or an officer, employee, or contractor
 246 thereof, is not responsible for redacting confidential or exempt
 247 information from an electronic copy of a contract or procurement
 248 document posted by another state entity or quasi-public entity
 249 on the system.

250 b. The Chief Financial Officer, the Department of Financial
 251 Services, or an officer, employee, or contractor thereof, is not
 252 liable for the failure of a state entity or quasi-public entity
 253 to redact the confidential or exempt information.

254 (e)1. The posting of information on the contract tracking
 255 system or the provision of contract information on a website for
 256 public viewing and downloading does not supersede the duty of a
 257 state entity or quasi-public entity to respond to a public
 258 records request or subpoena for the information.

259 2. A request for a copy of a contract or procurement
 260 document or certified copy of a contract or procurement document
 261 shall be made to the state entity or quasi-public entity that is

585-03334-21 20211570c1

262 party to the contract. The request may not be made to the Chief
 263 Financial Officer, the Department of Financial Services, or an
 264 officer, employee, or contractor thereof, unless the Chief
 265 Financial Officer or the department is a party to the contract.

266 3. A subpoena for a copy of a contract or procurement
 267 document or certified copy of a contract or procurement document
 268 must be served on the state entity or quasi-public entity that
 269 is a party to the contract and that maintains the original
 270 documents. The Chief Financial Officer, the Department of
 271 Financial Services, or an officer, employee, or contractor
 272 thereof, may not be served a subpoena for those records unless
 273 the Chief Financial Officer or the department is a party to the
 274 contract.

275 (f) The Chief Financial Officer may regulate and prohibit
 276 the posting of records that could facilitate identity theft or
 277 fraud, such as signatures; compromise or reveal an agency
 278 investigation; reveal the identity of undercover personnel;
 279 reveal proprietary business information or trade secrets; reveal
 280 an individual's medical information; or reveal another record or
 281 information that the Chief Financial Officer believes may
 282 jeopardize the health, safety, or welfare of the public.
 283 However, such action by the Chief Financial Officer does not
 284 supersede the duty of a state entity or quasi-public entity to
 285 provide a copy of a public record upon request.

286 (g) The Chief Financial Officer may adopt rules to
 287 administer this subsection.

288 (h) For purposes of this subsection, the term:

289 1. "Procurement document" means any document or material
 290 provided to the public or any vendor as part of a formal

585-03334-21

20211570c1

291 competitive solicitation of goods or services undertaken by a
292 state entity or quasi-public entity, and a document or material
293 submitted in response to a formal competitive solicitation by
294 any vendor who is awarded the resulting contract.

295 2. "Quasi-public entity" means an entity established by
296 law, regardless of form, for a public purpose or to effectuate a
297 government program and which is not directly controlled by a
298 governmental entity. This term does not include a citizen
299 support organization or a direct-support organization.

300 ~~3.2.~~ "State entity" means an official, officer, commission,
301 board, authority, council, committee, or department of the
302 executive branch of state government; a state attorney, public
303 defender, criminal conflict and civil regional counsel, capital
304 collateral regional counsel, and the Justice Administrative
305 Commission; the Public Service Commission; and any part of the
306 judicial branch of state government.

307 (i) In lieu of posting in the contract tracking system
308 administered by the Chief Financial Officer, the Department of
309 Legal Affairs and the Department of Agriculture and Consumer
310 Services may post the information described in paragraphs (a)
311 through (c) to its own agency-managed website. The data posted
312 on the agency-managed website must be downloadable in a format
313 that allows offline analysis.

314 (j) The requirement under paragraphs (a) through (c) that
315 each agency post information and documentation relating to
316 contracts on the tracking system does not apply to any record
317 that could reveal attorney work product or strategy.

318 Section 3. This act shall take effect July 1, 2021.

The Florida Senate

Committee Agenda Request

To: Senator Kelli Stargel, Chair
Committee on Appropriations

Subject: Committee Agenda Request

Date: March 24, 2021

I respectfully request that **Senate Bill #1570**, relating to Quasi-public Entities, be placed on the:

- committee agenda at your earliest possible convenience.
- next committee agenda.

A handwritten signature in black ink, appearing to read "Ana Maria Rodriguez".

Senator Ana Maria Rodriguez
Florida Senate, District 39

The Florida Senate
BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL: PCS/CS/SB 1598

INTRODUCER: Appropriations Committee (Recommended by Appropriations Subcommittee on Agriculture, Environment, and General Government); Banking and Insurance Committee; and Senator Gruters

SUBJECT: Consumer Protection

DATE: April 14, 2021

REVISED: _____

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/CS/SB 1598 modifies provisions in several areas related to insurance that are regulated by the Department of Financial Services (DFS). The bill:

- Requires insurers to include information regarding the DFS's free financial literacy programs in its notice that a consumer's credit report or score is being requested.
- Requires an entity that is licensed or issued a certificate of authority by the DFS to respond to document requests from the DFS Division of Consumer Services.
- Eliminates the \$60 fee for a new or renewal adjusting firm license.
- Specifies that entities must comply with section 626.8696, Florida Statutes, with respect to possessing an adjusting firm license, but provides that an adjusting firm's branch place of business does not require licensure if it meets specified requirements.
- Revises the Licensing Procedures Law's prohibition against unlicensed activity to include knowingly aiding or abetting an unlicensed person in transacting insurance or otherwise engaging in insurance activities in this state without a license. A person who does so commits a third-degree felony.
- Authorizes the DFS to suspend, revoke, or refuse to issue the license of an insurance agent, adjuster, customer representative, service representative, or managing general agent that makes a consumer's personal financial or medical information available to the public, or initiates in-person or telephone solicitation with a prospective customer after 9 p.m. or before 8 a.m., unless the customer requests otherwise.

- Prohibits the sale of industrial life insurance policies, effective July 1, 2021.
- Increases to 10 days, the cooling-off period during which a consumer may cancel his or her contract with a public adjuster.
- Requires that the public adjuster's written estimate of loss must include an itemized, per-unit estimate of the repairs. The public adjuster must provide the estimate to the claimant or insured within 60 days after the execution of the public adjuster contract.
- Prohibits a licensed contractor or subcontractor from advertising, soliciting, offering to handle, handling, or performing public adjuster services unless licensed and compliant as a public adjuster.
- Prohibits persons other than a licensed public adjuster or attorney from offering to initiate or negotiate on behalf of an insured or advertising services which require a public adjuster license.
- Requires disclosure that surplus lines insurance is not covered by the Florida Insurance Guaranty Association (FIGA) prior to placing coverage with a surplus lines insurer.
- Expands the definition of sliding, a practice that violates the Unfair Insurance Trade Practices, to include:
 - Initiating, effectuating, binding, or otherwise issuing an insurance policy without the prior informed consent of the person who owns the property that will be insured.
 - Submitting an invoice for premium payment to a mortgagee or escrow agent in order to institute an insurance policy without the prior informed consent of the owner of the property; does not apply to renewals or collateral protection insurance.
- Applies the property insurance claim investigation and communication requirements of section 627.70131, Florida Statutes, to surplus lines insurers.
- Requires a residential property insurer begin its claim investigation within 14 days of receiving a proof of loss statement; current law provides 10 business days.
- Requires insurers to provide to policyholders the adjuster's name and state adjuster license number when a claim investigation involves a physical inspection of the property and maintain a record of each adjuster who communicates with the policyholder.
- Requires the insurer to provide notices that explain when the insurer is providing a preliminary or partial estimate or making a claim payment that is not the full and final payment for the claim.
- Prohibits the inclusion of a foreign venue clause within any personal residential property insurance policy sold in Florida that insures only property located in this state. This prohibition also applies to surplus lines insurers and authorized surplus lines insurance.
- Requires insurers to provide the Homeowner Claims Bill of Rights pursuant to any personal lines residential property insurance claim and adds notice regarding the right to receive interest and the utility of taking video of damages and repairs.
- Encourages insureds, under the Homeowner Claims Bill of Rights, to file all claims directly with their insurance company and to be aware of contractors or repair vendors offering incentives free inspections or no out-of-pocket expenses.
- Removes the insured's obligation to pay a \$100 deductible to the FIGA in order to receive payment on their claim through the FIGA.
- Revises the definition of a "covered claim" for purposes of the Florida Workers' Compensation Insurance Guaranty Association, to exclude the return of premium resulting from a policy that was not in force on the date of the final order of liquidation.

Further, the bill prohibits a credit reporting agency from charging any fee to reissue a personal identifier or provide a new unique personal identifier to a consumer.

The bill has an insignificant indeterminate impact on state funds and expenditures. *See* V. Fiscal Impact Statement.

Except as otherwise provided, the bill is effective upon becoming a law.

II. Present Situation:

Department of Financial Services

The Department of Financial Services (DFS) has broad duties, including licensure and regulation of insurance agents, agencies, and adjusters; insurance consumer assistance and protection; and holding and attempting to return unclaimed property to its rightful owner.¹ The DFS has a number of regulatory responsibilities over the Florida insurance market. The DFS regulates insurance adjusters, which includes public adjusters, independent adjusters, and company employee adjusters under Part VI, ch. 626, F.S. The DFS conducts insurance-related consumer outreach through its Division of Consumer Services. The Division of Workers' Compensation within the DFS administers ch. 440, F.S., through enforcement of coverage requirements,² administration of workers' compensation health care delivery system,³ data collection,⁴ and assisting injured workers, employers, insurers, and providers in fulfilling their responsibilities under ch. 440, F.S.⁵ The DFS also administers insurer rehabilitation and liquidation in Florida under part I of ch. 631, F.S.

DFS Division of Consumer Services

The Division of Consumer Services (division) provides education, information, and assistance to consumers for all products or services regulated by the DFS or the Financial Services Commission.⁶ The divisions' duties specifically include:

- Receiving consumer questions and complaints;
- Educating the public about insurance-related topics;
- Providing mediation to resolve disputes between a consumer and insurance company; and
- Serving as a conduit for referrals for further legal action by the DFS.⁷

Section 624.307(10)(b), F.S., permits the division to impose an administrative penalty on a person who holds a license or certificate of authority from the DFS if that person fails to respond

¹ *See, e.g.*, Department of Financial Services (DFS), *What DFS Can Do For You*, <https://www.myfloridacfo.com/division/CFO/DFS.htm> (last visited March 18, 2021).

² Section 440.107(3), F.S.

³ Section 440.13, F.S.

⁴ Sections 440.185 and 440.593, F.S.

⁵ Section 440.191, F.S.

⁶ DFS, *Department of Financial Services Long Range Program Plan: Fiscal Years 2020-21 through 2024-25*, 15 (Sept. 30, 2019), available at <http://floridafiscalportal.state.fl.us/Document.aspx?ID=19566&DocType=PDF> (last visited March 18, 2021). *See also*, DFS, *Consumer Guides*, <https://www.myfloridacfo.com/Division/Consumers/understandingCoverage/Guides/Default.htm> (last visited March 18, 2021).

⁷ Section 624.307(10)(a), F.S.

to the division's request for information within 20 days. This has been limited by the Fifth Amendment privilege against self-incrimination. A licensed individual must produce those records⁸ that are required to be kept by law, but is not required to produce those not within the purview of statutes.⁹ Conversely, a corporation has no privilege against self-incrimination, nor does a custodian of corporate records, even if the contents tend to incriminate him or her.¹⁰

Discretion of the DFS to Act against Licensees

Section 626.621, F.S., grants the DFS discretion, under certain circumstances, to deny applications for, revoke, or refuse to renew, the licenses or appointments of agents, adjusters, customer representatives, service representatives, and managing general agents. Examples of circumstances that can lead to such agency action include violation of the Florida Insurance Code, violation of lawful orders or rules of the DFS, engaging in unfair and deceptive trade practices.¹¹

DFS Licensure of Adjusting Firms

Current law authorizes, but does not require, licensure of adjusting firms.¹² The DFS does not currently license any adjusting firms.¹³ An adjusting firm license must be renewed every three years and requires a \$60 application fee.¹⁴ An adjusting firm license application must include:¹⁵

- The name and address of each of the firm's majority owners, partners, officers, and directors;
- The firm's name and principal business address; and
- Any branch office locations and the names under which they will operate.

Each adjusting firm location must have a designated primary adjuster who acts as a supervising manager and is accountable for misconduct that occurs at the firm location.¹⁶

Chapter 626, F.S., provides grounds for mandatory and discretionary denial, suspension, or revocation of an adjusting firm license.¹⁷

DFS Authority Regarding Misleading Insurance Agency Names

The DFS may withhold permission to operate under an agency name if the name is too similar to another already in use by a different agency; the name may mislead the public; or the name states

⁸ Pursuant to s. 624.23, F.S., any personal financial and health information held by the DFS or the Office of Insurance Regulation relating to a consumer complaint or inquiry is confidential and exempt from public records.

¹⁷ Section 626.8697, F.S.

or implies that the agency is an entity other than an insurance agency, such as an insurer, state or federal agency, or charitable organization.¹⁸

The Social Security Act prohibits any person from using the terms “Medicare” or “Medicaid” in an advertisement or other communication in a manner which the person knows, or should know, would convey the false impression that the communication is approved by the Centers for Medicare & Medicaid Services.¹⁹

Industrial Life Insurance

Industrial life insurance is a form of life insurance in which the premiums are payable on a monthly or weekly basis. These policies usually have a face amount of less than \$5,000.²⁰ Only 38 of the 398 active life insurers maintain existing industrial life insurance policies, and no new industrial life insurance policies have been written in the last year.²¹

Public Adjuster Contracts and Estimates of Damages

Current law and administrative rules provide numerous restrictions and parameters on activities of public adjusters, especially relating to solicitation of contracts and inducement to contract.²² As an additional consumer protection, Florida law grants a policyholder a short timeframe during which he or she may cancel a contract with an adjuster without cause, penalty, or obligation. This cooling-off period permits the policyholder to cancel the contract within three business days of execution of the contract with an adjuster, or when the insured or claimant notifies the insurer of the claim, whichever is later. However, the cooling-off period is extended to five business days from the date the contract was executed, if it was entered into during a state of emergency or during the one-year period after the date of loss.

The adjuster must disclose, in all of his or her contracts, the consumer’s right to cancel the contract, and the methods by which the consumer may send a cancellation.

Each public adjuster must provide to the claimant or insured a written estimate of the loss to assist in the submission of the insurance claim. The public adjuster must retain the estimate for at least five years and make it available to the claimant, insured, an insurer, or the DFS upon request.

²² Section 626.854, F.S. Laws enacted in 2008 (ch. 2008-220, Laws of Fla.), in 2009 (ch. 2009-87, Laws of Fla.), 2011 (ch. 2011-39, Laws of Fla.), and 2017 (ch. 2017-147, Laws of Fla.), provided significant changes relating to public adjusters. Rule 69B-220.201(4) and (5), F.A.C.

Surplus Lines Export Eligibility

Surplus lines insurance refers to a category of insurance for which the admitted market is unable or unwilling to provide coverage.²³ There are three basic categories of surplus lines risks:

- Specialty risks that have unusual underwriting characteristics or underwriting characteristics that admitted insurers view as undesirable;
- Niche risks for which admitted carriers do not have a filed policy form or rate; and
- Capacity risks (which are risks where an insured needs higher coverage limits than those that are available in the admitted market).

Surplus lines insurers are not “authorized” insurers as defined in the Florida Insurance Code,²⁴ which means they do not obtain a certificate of authority from the Office of Insurance Regulation (OIR) to transact insurance in Florida.²⁵ Rather, surplus lines insurers are “unauthorized” insurers,²⁶ but may transact surplus lines insurance if they are made eligible by the OIR.

An insurance agent²⁷ may “export,” or place a policy with an unauthorized insurer under the Surplus Lines Law²⁸, with the consent of the insurance applicant. Before an insurance agent can place insurance in the surplus lines market, the insurance agent must make a diligent effort to procure the desired coverage from admitted insurers.²⁹ A “diligent effort” requires a search for coverage that is ultimately denied by at least three authorized insurers in the admitted market. Additionally, the insurance agent must document the following before exporting the policy to the surplus lines market:³⁰

- The premium rate for policies written by a surplus lines insurer cannot be less than the premium rate used by a majority of authorized insurers for the same coverage on similar risks;
- The policy exported cannot provide coverage or rates that are more favorable than those are used by the majority of authorized insurers actually writing similar coverages on similar risks;
- The deductibles must be the same as those used by one or more authorized insurers, unless the coverage is for fire or windstorm; and
- For personal residential property risks,³¹ the policyholder must be advised in writing coverage may be available and less expensive from Citizens Property Insurance Corporation.

²³ The admitted market is comprised of insurance companies authorized to transact insurance in Florida. The administration of surplus lines insurance business is managed by the Florida Surplus Lines Service Office. Section 626.921, F.S. *See also*, Florida Surplus Lines Service Office, *What is Surplus Lines Insurance?*, <https://www.fslso.com/AboutGroup/about/surplus-lines-insurance> (last visited March 17, 2021).

²⁴ Section 626.914(2), F.S.

²⁵ Section 624.09(1), F.S.

²⁶ Section 624.09(2), F.S.

²⁷ Typically, the applicant’s usual insurance agent works with the surplus lines agent to arrange the placement, rather than the applicant working directly with the surplus lines agent. A surplus lines agent requires separate licensure than a traditional insurance agent, and is permitted to secure insurance coverages with unauthorized insurers whereas traditional insurance agents are not. *See s. 626.914(1), F.S.*

²⁸ Sections 626.913-626.937, F.S., constitute the “Surplus Lines Law,” pursuant to s. 626.913(1), F.S.

²⁹ Section 626.916(1)(a), F.S.

³⁰ Section 626.916(1), F.S.

³¹ Personal residential policies include homeowners, mobile homeowners, dwelling fire, tenants, condominium unit owners, and similar policies.

Certain types of insurance, deemed “commercial risks,” including medical malpractice, travel, general liability, errors and omissions, and excess or umbrella insurance coverage, are exempt from the above diligent effort requirement. An insured for these commercial risks must sign a disclosure that provides, in substantially the following form:

You are agreeing to place coverage in the surplus lines market. Superior coverage may be available in the admitted market and at a lesser cost. Persons insured by surplus lines carriers are not protected under the Florida Insurance Guaranty Act with respect to any right of recovery for the obligation of an insolvent unlicensed insurer.³²

Unfair Insurance Trade Practices

The Unfair Insurance Trade Practices Act³³ prohibits unfair methods of competition and unfair or deceptive acts in the business of insurance,³⁴ including:

- Misrepresenting the benefits, advantages, or terms of any insurance policy;
- Inducing the lapse or exchange of any insurance policy, generally so the agent can earn a commission on a replacement policy; and
- Providing more insurance coverage than a consumer requests or consents to, while also failing to inform the consumer that the additional coverage was optional (“sliding”).³⁵

A person who commits an act prohibited by the Unfair Insurance Trade Practices Act is generally subject to a fine of up to \$20,000 for nonwillful violations, and up to \$200,000 total for willful violations.³⁶ However, specific violations are subject to greater administrative penalties and are also punishable as criminal misdemeanors.³⁷

Additionally, a person who willfully submits fraudulent signatures on an application or policy-related document commits a third-degree felony, which is also punishable by the assessment of administrative fines of no more than \$75,000 per violation.³⁸

Property Insurance Claim Communications and Investigations

Section 627.71031, F.S., provides base requirements for communications between an insurer and consumer that has notified the insurer of a possible claim. Generally, the residential property insurer must respond to the consumer within 14 days to acknowledge the claim and provide necessary claim forms, instructions, and telephone contact information. The insurer is then required to commence an investigation within 10 days after it received proof of loss statements

³² Section 626.916(3)(b), F.S.

³³ Chapter 626, F.S., part IX, ss. 626.951-626.99, F.S.

³⁴ Section 626.9541, F.S.

³⁵ Section 626.9541(1)(z), F.S. *See also, Beckett v. Department of Financial Services*, 982 So. 2d 94 (Fla. 1st DCA).

³⁶ Each count of a nonwillful violation is limited to a fine of no more than \$5,000, and each count of a willful violation is limited to a fine of no more than \$20,000. Section 626.9521(2), F.S.

³⁷ *See, e.g.,* Section 626.9521(3)(a), F.S., which makes the offenses of twisting and churning, which must involve fraudulent conduct, punishable as a first degree misdemeanor.

³⁸ Section 626.9521(3)(b), F.S.

from the consumer. Lastly, the insurer is required to pay or deny a claim within 90 days after notice of the claim was made; if the insurer fails to make such a payment until after 90 days have passed, the payment bears interest due to the consumer. These duties generally constitute the consumer rights outlined in the Homeowner Claims Bill of Rights.³⁹

The Homeowner Claims Bill of Rights

The Homeowner Claims Bill of Rights outlines consumers' rights and responsibilities as a homeowner's insurance policyholder during the insurance claims process.⁴⁰ An insurance company must provide a consumer with a copy of the Homeowner Claims Bill of Rights within 14 days of receiving any communication about a claim.⁴¹ Florida law provides form language that the insurer must include in the Homeowner Claims Bill of Rights, which gives notice of the consumer's right to:⁴²

- Receive written confirmation of a claim's coverage, denial, or continued investigation within 30 days of specific communication;
- Obtain full settlement payment, or partial payment on the undisputed portion of a claim, within 90 days;
- Enter mediation of a disputed claim or neutral evaluation of a claim relating to sinkhole damage; and
- Contact the DFS for assistance.

The Homeowner Claims Bill of Rights also includes consumer advice for best practices after a loss has been incurred.

Forum Venue Clauses

A forum selection clause is a contractual provision in which the parties agree upon the venue for possible future litigation between them.⁴³ Generally, ch. 47, F.S., provides civil actions must be brought in the Florida county where the defendant resides, where the cause accrued, or where the property in question is located.⁴⁴ If the defendant is an out-of-state (foreign) corporation, venue resides where the corporation has a representative, the action accrued, or where the property is located.⁴⁵ However, "a mandatory forum selection clause must be enforced unless it is shown to be unreasonable or unjust."⁴⁶ In 2014, the Legislature codified case law on the matter, holding that a court could refuse to enforce a forum selection clause if it contravenes public policy, or is unjust and unreasonable.⁴⁷

³⁹ See further discussion of the Homeowner Claims Bill of Rights, *infra*.

⁴⁰ DFS, *Know Your Rights- Homeowner Claims Bill of Rights* (Dec. 2020), available at <https://www.myfloridacfo.com/Division/Consumers/understandingCoverage/Guides/documents/HOABillRights.pdf> (last visited March 17, 2021).

⁴¹ Section 627.70131, F.S.

⁴² Section 627.7142, F.S. These consumer rights are partially based on the insurer's duties as outlined in s. 627.70131, F.S.

⁴³ Black's Law Dictionary (11th ed. 2019).

⁴⁴ Section 47.011, F.S.

⁴⁵ Section 47.051, F.S.

⁴⁶ *Illinois Union Ins. Co. v. Co-Free, Inc.*, 128 So.3d 820, 821 (Fla. 1st DCA 2014) (citing *Land O'Sun Mgmt. Corp. v. Commerce and Indus. Ins. Co.*, 961 So. 2d 1078, 1080 (Fla 1st DCA 2007)). Internal citations omitted.

⁴⁷ Section 61.0401, F.S. See also, *Manrique v. Fabbri*, 493 So. 2d 437 (Fla. 1986) and *Atl. Marine Const. Co. v. U.S. Dist. Court for W. Dist. Of Texas*, 571 U.S. 49, 134 S. Ct. 568 (2013).

Several states, including Florida, have attempted to limit forum selection clauses in specific instances. Florida voids, as contrary to public policy, any contract that requires litigation against Florida contractors and related professions to be filed in non-Florida jurisdictions.⁴⁸

Federal and State Requirements Regarding Disclosure of Personal Medical Information

The federal Health Insurance Portability and Accountability Act of 1996 (HIPAA)⁴⁹ requires health care providers, health plans, and health care clearinghouses⁵⁰ (covered entities) to protect the privacy of personal health information. The HIPAA Privacy rules cover protected health information that is created or received by a covered entity and requires covered entities to implement safeguards to protect health information from unauthorized access, use, or disclosure.⁵¹ The term, “protected health information,” (PHI) is broadly defined as individually identifiable information in any form or format—oral, paper-based, electronic—that “[r]elates to the past, present, or future physical or mental health or condition of an individual; the provision of health care to an individual; or the past, present, or future payment for the provision of health care to an individual.”⁵²

The HIPAA Privacy rules prohibit a covered entity from using or disclosing PHI except as expressly permitted or required by the rule.⁵³ For all uses or disclosures of PHI that are not otherwise permitted or required by the rule, covered entities must obtain a patient’s written authorization.⁵⁴ Generally, third parties (business associates⁵⁵) of covered entities provide services and will need access to at least some patient information in order to perform those functions. Covered entities are required to obtain written agreements with their business associates that they will use PHI only for the purposes permitted or required by the contract; and implement appropriate safeguards to prevent misuse of PHI.⁵⁶

The Insurance Code requires health insurers to maintain strict confidentiality against unauthorized disclosure of confidential information regarding claims and records relating to the payment of psychiatric and psychotherapeutic services.⁵⁷ Additionally, s. 456.057, F.S., provides patient records, when held by a healthcare professional, must not be disclosed without the consent of the patient or his or her legal representative.

⁴⁸ Section 47.025, F.S.

⁴⁹ P.L. 104-191, 110 Stat. 1936, August 21, 1996.

⁵⁰ 42 U.S.C. s. 1320d-1(a). A health plan is an individual or group plan that provides, or pays the cost of, medical care and includes private and government plans. A health care clearinghouse is an entity (e.g., billing service) that (1) receives nonstandard health information and processes, or facilitates the processing of, the information into a standard format required for electronic transaction; or (2) receives a standard transaction and processes, or facilitates the processing of, the information into nonstandard format for the recipient. A health care provider is a person (e.g., physician, nurse) or entity (e.g., hospital, clinic) who “furnishes, bills, or is paid for health care in the normal course of business and conducts one or more HIPAA-specified standard electronic transactions. 45 C.F.R. s. 160.103.

⁵⁴ 45 C.F.R. §164.508(a).

⁵⁵ 45 CFR 160.103.

⁵⁶ 45 C.F.R. 164.502(e), 164.504(e).

⁵⁷ Sections 627.4195, F.S., and 627.688, F.S.

Credit Reports

A credit report is a record of a consumer's credit history and other information about the consumer, including his or her name, address, social security number, employment information, date of birth, and court judgments.⁵⁸ Three major credit bureaus—Equifax, Experian, and TransUnion—compile and sell consumer credit reports. Lenders, insurers, utility and cell phone companies, employers, and others may obtain a consumer's credit report for their use in determining (i.e., whether to extend credit), set insurance rates, or employ the consumer.⁵⁹ A consumer may also review his or her credit report at no charge once every 12 months, from each of the credit bureaus.

Generally, the federal Fair Credit Reporting Act (FCRA)⁶⁰ regulates the activities of Credit Reporting Agencies (CRAs), the users of consumer reports, and those who furnish information to CRAs. In 2003, the FCRA was amended by the Fair and Accurate Credit Transactions Act (FACTA) to address identity theft, improve the accuracy of consumer records, and to increase consumer access to credit information.⁶¹ The FCRA includes several provisions preempting state laws. For example, the FCRA provides no requirement or prohibition may be imposed under the laws of any state with respect to any subject matter regulated under subsections (i) and (j) of Section 605A, which relates to a national security freeze and national protection for files and credit records of protected consumers, respectively.⁶²

In May 2018, Congress passed the Economic Growth, Regulatory Relief, and Consumer Protection Act.⁶³ The law creates a national, free credit freeze and a national credit freeze for protected persons (for persons under 16 years of age and incapacitated adults). The law also establishes further requirements to protect minors. The “adult” freeze and the protected consumer freeze went into effect September 2018.⁶⁴

Security Freezes and the Keeping I.D. Safe (KIDS) Act

In Florida, The Keeping I.D. Safe (KIDS) Act⁶⁵ allows a third party, such as a parent or guardian, to place a security freeze on a minor child's credit report, or credit score to prevent the information from being released without express authorization to a third party, such as an insurer. After its receipt of a security freeze request, a credit reporting agency must provide a unique personal identification number (PIN) to the minor child's representative; this PIN is required to remove the security freeze. While credit reporting agencies are prohibited from

⁵⁸ 15 U.S. Code s. 1681 defines a “credit report” as any written, oral, or other communication of any information by a consumer reporting agency bearing on a consumer's credit worthiness, ... general reputation, [or] personal characteristics... which is used...for the purpose of...establishing the consumer's eligibility for credit or employment purposes.... The Florida KIDS Act adopts this definition of a “credit report” in s. 501.0051(1)(a), F.S.

⁶⁰ Fair Credit Reporting Act, Pub. L. No. 91-508, codified as amended at 15 U.S.C. s. 1681-1681x.

⁶¹ Fair and Accurate Credit Transactions Act, Pub. L. No. 108-159 (2003).

⁶² 15 U.S.C. s. 1681t(b)(1)(J).

⁶³ Pub. L. No. 115-174, Title III.

⁶⁴ These changes created subsections (i) and (j) of Section 605A of the FCRA. 15 U.S.C. ss. 1681c-1(i) and 1681c-1(j).

⁶⁵ Section 501.0051, F.S.

charging any fee to place or remove a security freeze, they may charge up to \$10 to reissue a PIN.⁶⁶

Florida Telemarketer Act

The Florida Telemarketer Act, ss. 501.601-501.626, F.S., prohibits commercial telephone solicitations before 8 a.m. or after 9 p.m. However, insurers and their subsidiaries and affiliates are exempt from this law.⁶⁷ Similarly, the Federal Trade Commission's Telemarketing Sales Rule prohibits telemarketing calls before 8 a.m., or after 9 p.m.⁶⁸

Currently, Florida law prohibits public adjusters from soliciting an insured before 8 a.m. and after 8 p.m. on Monday through Saturday, and completely prohibits any solicitations on Sunday.⁶⁹

Florida Insurance Guaranty Association

The Florida Insurance Guaranty Association (FIGA) is a not-for-profit corporation created by statute that steps into the shoes of insolvent insurers to timely pay certain property and casualty claims⁷⁰ that would otherwise be left unpaid.⁷¹ FIGA does not offer a replacement policy, and coverage offered by FIGA is generally limited to a \$300,000 payment. A consumer may receive additional FIGA coverage of up to \$200,000 for damages to their home's structure or the contents thereof.⁷² Condominium and homeowner's association claims have a coverage cap of \$100,000 multiplied by the number of units in the association.⁷³ All claims filed with FIGA are subject to a \$100 deductible in addition to any deductible identified in the consumer's policy.⁷⁴

III. Effect of Proposed Changes:

Consumer Protections Related to Credit Reports

Section 1 amends s. 501.0051, F.S., to prohibit a credit reporting agency from charging any fee to reissue a personal identification number (PIN) or provide a new unique PIN to a consumer.

Section 13 amends s. 626.9741(3), F.S., to require an insurer to include the following language in its notice that a consumer's credit report or score is being requested:

The Department of Financial Services offers free financial literacy

programs to assist you with insurance-related questions, including how credit works and how credit scores are calculated. To learn more, visit www.MyFloridaCFO.com.

Insurer Responses to Requests from the Division of Consumer Services

Section 2 amends s. 624.307(10)(b), F.S., to create a duty for an entity that is licensed or issued a certificate of authority by the Department of Financial Services (DFS) to respond to the DFS' requests for documents. The response must include any requested documents not subject to attorney-client or work product privilege.

Claims Adjusting

Section 3 amends s. 624.501, F.S., to eliminate the \$60 fee for a new, or the renewal of an existing, adjusting firm license.

This section necessitates **Section 14**, which conforms a cross reference in s. 626.9953, F.S.

Section 4 amends s. 626.112, F.S., to specify entities that must comply with s. 626.8696, F.S., with respect to possessing an adjusting firm license for each place of business at which it performs activity for which it is necessary to be licensed as a claims adjuster.

The section provides that an adjusting firm's branch place of business is classified as a branch firm, and does not require licensure, if the branch:

- Transacts business under the same name and federal tax identification number as the licensed adjusting firm;
- Designates with the DFS a primary adjuster operating the location as required by s. 626.8965, F.S.; and
- Submits the address and telephone number of the branch location to the DFS within 30 days after insurance transactions begin at the branch location.

The section requires the DFS to impose an administrative fine of up to \$10,000 if an adjusting firm is required to be licensed pursuant to this section but fails to apply for such licensure.

The bill revises the Licensing Procedures Law's prohibition against unlicensed activity to include knowingly aiding or abetting an unlicensed person in transacting insurance or otherwise engaging in insurance activities in this state without a license. A person who does so commits a third-degree felony.

Presently, s. 777.011, F.S., includes as a "principal in the first degree" a person who aids, abets, counsels, hires, or otherwise procures a criminal offense to be committed. Thus, such person may be charged, convicted, and punished, with the underlying criminal offense even if they were actually or constructively present at the commission of such offense. Accordingly, given current statutory provisions regarding aiding and abetting, the bill merely clarifies or restates existing law.

This section necessitates **Section 15**, which conforms a cross reference in s. 626.9957, F.S.

Prohibiting Misleading Insurance Agency Names

Section 5 amends s. 626.602, F.S., to authorize the DFS to disapprove an insurance agency's proposed use of a name which includes the words "Medicare" or "Medicaid." Insurance agencies that operate under such a name as of July 1, 2021, may continue to use the names, but if the license expires or is suspended or revoked, the agency may not be relicensed under that name.⁷⁵

Taking Administrative Action against Applicants for Licensure and Licensees for Engaging in Prohibited Actions

Section 6 amends s. 626.621, F.S., to add two bases under which the DFS may suspend or revoke the license of an insurance agent, adjuster, customer representative, service representative, or managing general agent, or refuse to issue a license to an applicant:

- Taking an action that allows a consumer's or customer's personal financial or medical information to be made available or accessible to the public; and
- Initiating in-person or telephone solicitation with a prospective customer after 9 p.m. or before 8 a.m., unless the customer requests otherwise.

Prohibiting the Sale of Industrial Life Insurance

Sections 7, 8, and 17 respectively amend ss. 626.782, 626.783, and 627.502, F.S., and **Section 9** repeals s. 626.796, F.S., to prohibit the sale of industrial life insurance policies, after July 1, 2021. Insurers may continue to service and collect premiums on industrial life policies written before that date. According to the DFS, industrial life insurance is not currently being sold in this state, and less than 10 percent of active life insurers maintain existing policies.

Expanding the Cancellation Period for Public Adjuster Contracts; Prohibiting Contractors from Soliciting an Insured to File a Claim

Section 10 amends s. 626.854, F.S., to increase the duration of the cooling-off period during which a consumer may cancel his or her contract with a public adjuster to 10 calendar days. Currently, the contract may generally be canceled within three business days after the contract is executed or the insurer is informed of the claim, whichever is later. Current law provides a cancellation period of five business days during, and for one year thereafter, a state of emergency declared by the Governor.

The bill also specifies the public adjuster's written estimate of loss must include an itemized, per-unit estimate of the repairs, including itemized information on equipment, materials, labor, and supplies created in accordance with accepted industry standards. The public adjuster must provide the detailed written estimate to the claimant or insured within 60 days after the date of the contract.

The bill prohibits a licensed contractor or subcontractor from soliciting, advertising, offering to handle, handling, or performing public-adjuster services unless licensed and compliant as a

⁷⁵ Insurance agency licenses are indefinite. Section 626.382, F.S.

public adjuster. The prohibition does not preclude a contractor from suggesting or recommending the insured contact their insurer to determine if proposed repairs are covered under the insured's insurance policy.

The bill prohibits persons other than a licensed public adjuster or attorney from offering to initiate or negotiate a claim or advertise services which require a public adjuster license on behalf of a public adjuster, an insured, or a third-party claimant. The bill retains current law which prevents persons other than a public adjuster or attorney from soliciting, investigating, or adjusting a claim on behalf of a public adjuster, insured, or third-party claimant.

The bill authorizes the DFS to take administrative actions and impose fines against persons performing without the necessary licensure claims adjusting or any of the public adjusting services detailed in s. 626.854, F.S.

Notice to Insureds that Surplus Lines Insurers Are Not Protected by the Florida Insurance Guaranty Association

Section 11 amends s. 626.916, F.S., to provide that insurance coverage is not eligible for export to a surplus lines insurer, unless the insured signs or provides documented acknowledgement of the following disclosure:

“You are agreeing to place coverage in the surplus lines market. Coverage may be available in the admitted market. Persons insured by surplus lines carriers are not protected under the Florida Insurance Guaranty Act with respect to any right of recovery for the obligation of an insolvent unlicensed insurer.”

The bill deletes a disclosure that was required to export certain types of commercial lines insurance⁷⁶ to a surplus lines carrier without meeting the generally applicable requirements⁷⁷ to export a commercial policy. The deleted disclosure is similar to the one created by the bill, except the deleted disclosure states, “superior coverage may be available in the admitted market and at a lesser cost.”

This section is effective January 1, 2022.

Unfair Insurance Trade Practices

Section 12 amends s. 626.9541, F.S., to expand the definition of sliding, a practice that violates the Unfair Insurance Trade Practices, to include:

- Initiating, effectuating, binding, or otherwise issuing an insurance policy without the prior informed consent of the person who owns the property that will be insured; and
- Mailing, transmitting, or otherwise submitting an invoice for premium payment to a mortgagee or escrow agent in order to effectuate an insurance policy without the prior informed consent of the owner of the property that will be insured. However, it does not

⁷⁶ Those identified in s. 627.062(3)(d)1.

⁷⁷ Section 626.916(1)(a)-(d), F.S.

include cases where the mortgagee or escrow agent is renewing insurance or issuing collateral protection insurance pursuant to the mortgage or other pertinent loan documents or communications regarding the property.

These new violations will be punishable as administrative violations under the general provisions of the Unfair Insurance Trade Practices Act. However, the underlying acts that give rise to those administrative violations may also give rise to charges under s. 626.9541(1)(ee), F.S., which prohibits the willful submission of fraudulent signatures on an application or policy-related document, and is punishable as a third-degree felony pursuant to s. 626.9521, F.S.

Residential Property Insurance Claim Investigations; Application to Surplus Lines

Section 18 amends s. 627.70131, F.S., to impose new requirements on residential property insurers during their claim investigations, and to apply the section's requirements to surplus lines insurers and policies providing personal residential property insurance coverage.

The bill clarifies the communication standards of the statute by referring to "representatives" of an insurer, rather than "an agent" of the insured. The term "representative" is defined in the same way the term "agent" is currently defined by this statute: "any person to whom an insurer has granted authority or responsibility to receive or make such communications with respect to claims on behalf of the insurer." The current use of "agent" could confuse readers of the statute regarding whether the requirements of the section only apply to licensed agents.

The bill requires a residential property insurer begin its claim investigation within 14 days of receiving a proof of loss statement; current law provides 10 business days. As under current law, the statutory time frame for beginning an investigation does not apply if any law or the insurance policy provides otherwise, if a claim investigation is not reasonably necessary, or if circumstances beyond the insurer's control reasonably prevent the investigation from commencing.

If the claim investigation involves a physical inspection of the property, the bill requires that the insurer's licensed adjuster must provide the policyholder a printed or electronic document containing the adjuster's name and state adjuster license number. All subsequent communications by an adjuster must include the adjuster's name and license number. The insurer must maintain a record of each adjuster who engages in the foregoing communications, and provide that list to the insured, the OIR, or the DFS upon request.

The bill requires the insurer to provide notices that explain when the insurer is providing a preliminary or partial estimate, or making a claim payment that is not the full and final payment for the claim. The insurer must include with any preliminary or partial estimate of damages, the following notice in 12-point bold, uppercase type:

**THIS ESTIMATE REPRESENTS OUR CURRENT EVALUATION OF
THE COVERED DAMAGES TO YOUR INSURED PROEPRTY AND
MAY BE REVISED AS WE CONTINUE TO EVALUATE YOUR
CLAIM. IF YOU HAVE QUESTIONS, CONCERNS, OR**

ADDITIONAL INFORMATION REGARDING YOUR CLAIM, WE
ENCOURAGE TO CONTACT US.

The insurer must include with any claim payment which is not the full and final payment for the claim, the following notice in 12-point bold, uppercase type:

WE ARE CONTINUING TO EVALUATE YOUR CLAIM INVOLVING
YOUR INSURED PROPERTY AND MAY ISSUE ADDITIONAL
PAYMENTS. IF YOU HAVE QUESTIONS, CONCERNS, OR
ADDITIONAL INFORMATION REGARDING YOUR CLAIM, WE
ENCOURAGE YOU TO CONTACT US.

The bill creates a new subsection (8) that applies the section to surplus lines insurers and authorized surplus lines insurance providing personal residential property insurance coverage.

This section is effective January 1, 2022.

Section 16 amends s. 627.062, F.S., to correct a cross reference to s. 627.70131(7), F.S., relating to insurer's rate standards. The insurer may not include any interest paid pursuant to s. 627.7013(7), F.S., in their rate base and may not be used to justify a rate or rate change.

Prohibition on Foreign Venue Clauses

Section 19 creates s. 627.7031, F.S., which prohibits the inclusion within any personal residential property insurance policy any clause that would require an insured to pursue litigation, arbitration, or mediation outside of Florida, if such policy was sold after July 1, 2021, in Florida, and insures only property located in this state.

This prohibition also applies to surplus lines insurers and authorized surplus lines insurance.

Homeowner Claims Bill of Rights

Section 20 amends s. 627.7142, F.S., which contains the Homeowner Claims Bill of Rights which the insurer must provide the homeowner after receiving the initial communication regarding a personal lines residential property insurance claim. Currently, the Homeowner Claims Bill of Rights must be provided within 14 days after an insurer receives an initial communication on any personal lines residential property insurance claim. Additionally, the Homeowner Claims Bill of Rights currently include notice the consumer has the right to receive interest payments; these payments begin accruing when a consumer files a claim if the insurer does not deny the claim or pay the full settlement of the claim, or the undisputed portion of the claim, within 90 calendar days after a claim is filed.⁷⁸ Any payable interest must be paid when the claim, or undisputed portion of the claim, is paid.

The Homeowner Claims Bill of Rights is also amended to encourage insureds to take video of damage before and after any repairs, and specify the purpose of such videos or photographs is so

⁷⁸ See s. 627.70131(5)(a), F.S.

they can be provided to the insurer. In addition, insureds are encouraged to file claims directly with their insurance company and to be aware of contractors or repair vendors who offer incentives for free inspections or promise to coordinate with insured's insurance company to repair the insured's home with no out-of-pocket expense paid by the insured.

This section is effective January 1, 2022.

Elimination of the \$100 Florida Insurance Guaranty Fund Deductible

Section 21 amends s. 631.57, F.S., to remove the insured's obligation to pay a \$100 deductible to FIGA in order to receive payment on their claim through FIGA. The insured remains obligated to pay their original insurer's deductible.

Florida Workers' Compensation Insurance Guaranty Association (FWCIGA) Covered Claims

Section 22 amends s. 631.904(2), F.S., to revise the definition of a "covered claim" for purposes of the FWCIGA, to exclude from the definition the return of premium resulting from a policy that was not in force on the date of the final order of liquidation.

Effective Date

Section 23 provides the bill, except as otherwise provided, is effective upon becoming a law.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:**A. Tax/Fee Issues:**

None.

B. Private Sector Impact:

Credit Bureaus will no longer be permitted to charge a fee to re-issue a personal identification number to consumers. *See Section VII, Related Issues.*

Consumers who seek to have their claims covered by Florida Insurance Guaranty Association (FIGA) will no longer be required to pay the \$100 deductible to FIGA.

Certain property adjusting businesses will be required to become licensed by the Department of Financial Services (DFS) and pay related application fees; those who fail to submit an application for licensure will be subject to administrative penalties.

Consumers may benefit from the extended cooling-off period, which allows them to void a contract for public adjusting services without penalty.

Certain licensees may be subject to administrative or criminal penalties as a result of the additional penalties created by this bill.

Insurers will be prohibited from selling industrial life insurance policies, although this should have a de minimis impact, as few currently offer this type of policy.

Insurers and certain agents may be required to update forms or mailers to reflect the new surplus lines export disclosure, the hurricane disclosure, the updated homeowner claims bill of rights, and the prohibition of forum selection clauses.

C. Government Sector Impact:

The bill has an insignificant indeterminate impact to state funds and expenditures.

The elimination of the \$60 fee for a new or renewal adjusting firm license may have an insignificant impact on future state revenues. In addition, eliminating the \$100 FIGA deductible may have an insignificant financial impact on FIGA.

Sections 4, 10 and 12 increase the DFS's authority to take administrative action and impose administrative fines, which may result in an insignificant indeterminate increase in administrative fines collected.

The Criminal Justice Impact Conference, which provides the final, official estimate of the prison bed impact, if any, of legislation, has not yet reviewed the bill. Section 5 of the bill revises the Licensing Procedures Law's prohibition against unlicensed activity to include knowingly and abetting an unlicensed person in transacting insurance or otherwise engaging in insurance activities in Florida without a license. A person who does so

commits a third degree felony. **Section 12** of the bill amends the Unfair Insurance Trade Practices Act (Act). The new violations under **Section 12** are punishable as administrative violations under the general provisions of the Act. However, the underlying acts which give rise to the administrative violations may give rise to charges under s. 626.9541(1)(ee), F.S., which is punishable as a third degree felony.

VI. Technical Deficiencies:

Section 6 of the bill amends s. 626.621, F.S., to authorize the Department of Financial Services (DFS) to suspend or revoke the license of an insurance agent, adjuster, customer representative, service representative, or managing general agent, or refuse to issue a license to an applicant for taking an action that allows a consumer's or customer's personal financial or medical information to be made available or accessible to the public; however, it is unclear what information would be considered financial or medical information. These terms are undefined. For purposes of HIPAA, protected health information is defined. Further, s. 624.23, F.S., defines the term, "personal financial and health information," as it relates to consumer complaints and inquiries received by the DFS.

Section 10 of the bill amending s. 626.854(19), F.S., appears intended to prohibit a person that is not an attorney or licensed public adjuster from, on behalf of a public adjuster, advertising, providing advice regarding a claim, or assisting in the adjustment of a claim. This bill section also creates a new subsection (20) to s. 626.854, F.S., to authorize the DFS to take administrative actions and impose fines for unlicensed public adjusting or claims adjusting activity; however, DFS will have difficulty enforcing such a fine or taking administrative action when the violator is not a licensee of the DFS.

VII. Related Issues:

Section 1 of the bill may be federally preempted pursuant to 15 U.S.C. s. 1681t. This federal law prohibits states from imposing laws with respect to any subject matter regulated under subsections (i) and (j) of section 605A relating to security freezes.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 501.0051, 624.307, 624.501, 626.015, 626.112, 626.602, 626.621, 626.7315, 626.782, 626.783, 626.7845, 626.8305, 626.854, 626.916, 626.9541, 626.9741, 626.9953, 626.9957, 627.062, 627.502, 627.70131, 627.7142, 631.57, and 631.904.

This bill creates section 627.7031 of the Florida Statutes.

This bill repeals section 626.796 of the Florida Statutes.

IX. Additional Information:

- A. **Committee Substitute – Statement of Substantial Changes:**
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

Recommended CS by Appropriations Subcommittee on Agriculture, Environment, and General Government on March 24, 2021:

The committee substitute:

- Clarifies contractors may recommend that policyholders contact their insurance company, but may not initiate, manage, or handle the claim for the policyholder; but does not prohibit or preclude a contractor from recommending the policyholder contact the insurer to determine if proposed repair is covered under the insured's insurance policy;
- Clarifies the surplus lines 90-day provision would apply only to personal residential properties;
- Clarifies no person other than an attorney at law or a licensed public adjuster, may offer to initiate or negotiate a claim or advertise services which require a public adjuster license on behalf of a public adjuster, an insured, or a third-party claimant
- Includes a provision in the Homeowner Claims Bill of Rights encouraging a consumer to file claims directly with their insurer and to be aware of incentives offered by contractors or repair vendors for free inspections or promises to coordinate repairs; and
- Removes the definition of claims adjusting and the respective cross-references.

CS by Banking and Insurance on March 16, 2021:

The committee substitute:

- Prohibits persons other than a public adjuster or attorney from advertising, providing advice, or assisting the adjustment of a claim on behalf of a public adjuster, insured, or third-party claimant.
- Authorizes the Department of Financial Services to take administrative actions and impose fines against persons performing without the necessary licensure claims adjusting or any of the public adjusting services detailed in s. 626.854, F.S.

- B. **Amendments:**

None.

LEGISLATIVE ACTION

Senate	.	House
Comm: RCS	.	
04/17/2021	.	
	.	
	.	
	.	

The Committee on Appropriations (Gruters) recommended the following:

Senate Amendment (with directory and title amendments)

Delete lines 303 - 691

and insert:

impose fines against any persons performing claims adjusting, soliciting, or any other services described in this section without the licensure required under this section or s. 626.112.

(21) A public adjuster, public adjuster apprentice, or public adjusting firm that solicits a claim and does not enter into a contract with an insured or a third-party claimant

205350

11 pursuant to paragraph (10) (a) may not charge an insured or a
12 third-party claimant or receive payment by any other source for
13 any type of service related to the insured or third-party
14 claimant's claim.

15 Section 11. Effective January 1, 2022, subsection (3) of
16 section 626.916, Florida Statutes, is amended, and paragraph (f)
17 is added to subsection (1) of that section, to read:

18 626.916 Eligibility for export.—

19 (1) No insurance coverage shall be eligible for export
20 unless it meets all of the following conditions:

21 (f) The insured has signed or otherwise provided documented
22 acknowledgment of a disclosure in substantially the following
23 form: "You are agreeing to place coverage in the surplus lines
24 market. Coverage may be available in the admitted market.
25 Persons insured by surplus lines carriers are not protected
26 under the Florida Insurance Guaranty Act with respect to any
27 right of recovery for the obligation of an insolvent unlicensed
28 insurer."

29 (3) (a) Subsection (1) does not apply to wet marine and
30 transportation or aviation risks that ~~which~~ are subject to s.
31 626.917.

32 (b) Paragraphs (1) (a)-(d) do not apply to classes of
33 insurance which are subject to s. 627.062(3) (d)1. These classes
34 may be exportable under the following conditions:

35 1. The insurance must be placed only by or through a
36 surplus lines agent licensed in this state;

37 2. The insurer must be made eligible under s. 626.918; and

38 3. The insured has complied with paragraph (1) (f) ~~must sign~~
39 ~~a disclosure that substantially provides the following: "You are~~

205350

40 ~~agreeing to place coverage in the surplus lines market. Superior~~
41 ~~coverage may be available in the admitted market and at a lesser~~
42 ~~cost. Persons insured by surplus lines carriers are not~~
43 ~~protected under the Florida Insurance Guaranty Act with respect~~
44 ~~to any right of recovery for the obligation of an insolvent~~
45 ~~unlicensed insurer.” If the disclosure notice is signed by the~~
46 insured, the insured is presumed to have been informed and to
47 know that other coverage may be available, and, with respect to
48 the diligent-effort requirement under subsection (1), there is
49 no liability on the part of, and no cause of action arises
50 against, the retail agent presenting the form.

51 Section 12. Paragraph (z) of subsection (1) of section
52 626.9541, Florida Statutes, is amended to read:

53 626.9541 Unfair methods of competition and unfair or
54 deceptive acts or practices defined.—

55 (1) UNFAIR METHODS OF COMPETITION AND UNFAIR OR DECEPTIVE
56 ACTS.—The following are defined as unfair methods of competition
57 and unfair or deceptive acts or practices:

58 (z) *Sliding*.—Sliding is the act or practice of any of the
59 following:

60 1. Representing to the applicant that a specific ancillary
61 coverage or product is required by law in conjunction with the
62 purchase of insurance when such coverage or product is not
63 required.†

64 2. Representing to the applicant that a specific ancillary
65 coverage or product is included in the policy applied for
66 without an additional charge when such charge is required.† ~~or~~

67 3. Charging an applicant for a specific ancillary coverage
68 or product, in addition to the cost of the insurance coverage

205350

69 applied for, without the informed consent of the applicant.

70 4. Initiating, effectuating, binding, or otherwise issuing
71 a policy of insurance without the prior informed consent of the
72 owner of the property to be insured.

73 5. Mailing, transmitting, or otherwise submitting by any
74 means an invoice for premium payment to a mortgagee or escrow
75 agent, for the purpose of effectuating an insurance policy,
76 without the prior informed consent of the owner of the property
77 to be insured. However, this subparagraph does not apply in
78 cases in which the mortgagee or escrow agent is renewing
79 insurance or issuing collateral protection insurance, as defined
80 in s. 624.6085, pursuant to the mortgage or other pertinent loan
81 documents or communications regarding the property.

82 Section 13. Effective January 1, 2022, subsection (3) of
83 section 626.9741, Florida Statutes, is amended to read:

84 626.9741 Use of credit reports and credit scores by
85 insurers.-

86 (3) An insurer must inform an applicant or insured, in the
87 same medium as the application is taken, that a credit report or
88 score is being requested for underwriting or rating purposes.
89 The notification to the consumer must include the following
90 language: "The Department of Financial Services offers free
91 financial literacy programs to assist you with insurance-related
92 questions, including how credit works and how credit scores are
93 calculated. To learn more, visit www.MyFloridaCFO.com." An
94 insurer that makes an adverse decision based, in whole or in
95 part, upon a credit report must provide at no charge, a copy of
96 the credit report to the applicant or insured or provide the
97 applicant or insured with the name, address, and telephone

205350

98 number of the consumer reporting agency from which the insured
99 or applicant may obtain the credit report. The insurer must
100 provide notification to the consumer explaining the reasons for
101 the adverse decision. The reasons must be provided in
102 sufficiently clear and specific language so that a person can
103 identify the basis for the insurer's adverse decision. Such
104 notification shall include a description of the four primary
105 reasons, or such fewer number as existed, which were the primary
106 influences of the adverse decision. The use of generalized terms
107 such as "poor credit history," "poor credit rating," or "poor
108 insurance score" does not meet the explanation requirements of
109 this subsection. A credit score may not be used in underwriting
110 or rating insurance unless the scoring process produces
111 information in sufficient detail to permit compliance with the
112 requirements of this subsection. It shall not be deemed an
113 adverse decision if, due to the insured's credit report or
114 credit score, the insured continues to receive a less favorable
115 rate or placement in a less favorable tier or company at the
116 time of renewal except for renewals or reunderwriting required
117 by this section.

118 Section 14. Subsection (5) of section 626.9953, Florida
119 Statutes, is amended to read:

120 626.9953 Qualifications for registration; application
121 required.—

122 (5) An applicant must submit a set of his or her
123 fingerprints to the department and pay the processing fee
124 established under s. 624.501(23) ~~s. 624.501(24)~~. The department
125 shall submit the applicant's fingerprints to the Department of
126 Law Enforcement for processing state criminal history records

205350

127 checks and local criminal records checks through local law
128 enforcement agencies and for forwarding to the Federal Bureau of
129 Investigation for national criminal history records checks. The
130 fingerprints shall be taken by a law enforcement agency, a
131 designated examination center, or another department-approved
132 entity. The department may not approve an application for
133 registration as a navigator if fingerprints have not been
134 submitted.

135 Section 15. Subsection (1) of section 626.9957, Florida
136 Statutes, is amended to read:

137 626.9957 Conduct prohibited; denial, revocation, or
138 suspension of registration.—

139 (1) As provided in s. 626.112, only a person licensed as an
140 insurance agent or customer representative may engage in the
141 solicitation of insurance. A person who engages in the
142 solicitation of insurance as described in s. 626.112(1) without
143 such license is subject to the penalties provided under s.
144 626.112(10) ~~s. 626.112(9)~~.

145 Section 16. Subsection (10) of section 627.062, Florida
146 Statutes, is amended to read:

147 627.062 Rate standards.—

148 (10) Any interest paid pursuant to s. 627.70131(7) ~~s.~~
149 ~~627.70131(5)~~ may not be included in the insurer's rate base and
150 may not be used to justify a rate or rate change.

151 Section 17. Section 627.502, Florida Statutes, is amended
152 to read:

153 627.502 "Industrial life insurance" defined; reporting;
154 prohibition on new policies after a certain date.—

155 (1) For the purposes of this code, "industrial life

205350

156 insurance" is that form of life insurance written under policies
157 under which premiums are payable monthly or more often, bearing
158 the words "industrial policy" or "weekly premium policy" or
159 words of similar import imprinted upon the policies as part of
160 the descriptive matter, and issued by an insurer that ~~which~~, as
161 to such industrial life insurance, is operating under a system
162 of collecting a debit by its agent.

163 (2) Every life insurer servicing existing ~~transacting~~
164 industrial life insurance shall report to the office all annual
165 statement data regarding the exhibit of life insurance,
166 including relevant information for industrial life insurance.

167 (3) Beginning July 1, 2021, a life insurer may not write a
168 new policy of industrial life insurance.

169 Section 18. Effective January 1, 2022, section 627.70131,
170 Florida Statutes, is amended to read:

171 627.70131 Insurer's duty to acknowledge communications
172 regarding claims; investigation.-

173 (1) (a) Upon an insurer's receiving a communication with
174 respect to a claim, the insurer shall, within 14 calendar days,
175 review and acknowledge receipt of such communication unless
176 payment is made within that period of time or unless the failure
177 to acknowledge is caused by factors beyond the control of the
178 insurer which reasonably prevent such acknowledgment. If the
179 acknowledgment is not in writing, a notification indicating
180 acknowledgment shall be made in the insurer's claim file and
181 dated. A communication made to or by a representative ~~an agent~~
182 of an insurer with respect to a claim shall constitute
183 communication to or by the insurer.

184 (b) As used in this subsection, the term "representative"

205350

185 ~~"agent"~~ means any person to whom an insurer has granted
186 authority or responsibility to receive or make such
187 communications with respect to claims on behalf of the insurer.

188 (c) This subsection does ~~shall~~ not apply to claimants
189 represented by counsel beyond those communications necessary to
190 provide forms and instructions.

191 (2) Such acknowledgment must ~~shall~~ be responsive to the
192 communication. If the communication constitutes a notification
193 of a claim, unless the acknowledgment reasonably advises the
194 claimant that the claim appears not to be covered by the
195 insurer, the acknowledgment must ~~shall~~ provide necessary claim
196 forms, and instructions, including an appropriate telephone
197 number.

198 (3) (a) Unless otherwise provided by the policy of insurance
199 or by law, within 14 ~~10 working~~ days after an insurer receives
200 proof of loss statements, the insurer shall begin such
201 investigation as is reasonably necessary unless the failure to
202 begin such investigation is caused by factors beyond the control
203 of the insurer which reasonably prevent the commencement of such
204 investigation.

205 (b) If such investigation involves a physical inspection of
206 the property, the licensed adjuster assigned by the insurer must
207 provide the policyholder with a printed or electronic document
208 containing his or her name and state adjuster license number.

209 (c) Any subsequent communication with the policyholder
210 regarding the claim must also include the name and license
211 number of the adjuster communicating about the claim.

212 Communication of the adjuster's name and license number may be
213 included with other information provided to the policyholder.

205350

214 (4) An insurer shall maintain a record or log of each
215 adjuster who communicates with the policyholder as provided in
216 paragraphs (3) (b) and (c) and provide a list of such adjusters
217 to the insured, office, or department upon request.

218 (5) For purposes of this section, the term "insurer" means
219 any residential property insurer.

220 (6) (a) When providing a preliminary or partial estimate of
221 damage regarding a claim, an insurer shall include with the
222 estimate the following statement printed in at least 12-point
223 bold, uppercase type: THIS ESTIMATE REPRESENTS OUR CURRENT
224 EVALUATION OF THE COVERED DAMAGES TO YOUR INSURED PROPERTY AND
225 MAY BE REVISED AS WE CONTINUE TO EVALUATE YOUR CLAIM. IF YOU
226 HAVE QUESTIONS, CONCERNS, OR ADDITIONAL INFORMATION REGARDING
227 YOUR CLAIM, WE ENCOURAGE YOU TO CONTACT US.

228 (b) When providing a payment on a claim which is not the
229 full and final payment for the claim, an insurer shall include
230 with the payment the following statement printed in at least 12-
231 point bold, uppercase type: WE ARE CONTINUING TO EVALUATE YOUR
232 CLAIM INVOLVING YOUR INSURED PROPERTY AND MAY ISSUE ADDITIONAL
233 PAYMENTS. IF YOU HAVE QUESTIONS, CONCERNS, OR ADDITIONAL
234 INFORMATION REGARDING YOUR CLAIM, WE ENCOURAGE YOU TO CONTACT
235 US.

236 (7) (a) ~~(5) (a)~~ Within 90 days after an insurer receives
237 notice of an initial, reopened, or supplemental property
238 insurance claim from a policyholder, the insurer shall pay or
239 deny such claim or a portion of the claim unless the failure to
240 pay is caused by factors beyond the control of the insurer which
241 reasonably prevent such payment. Any payment of an initial or
242 supplemental claim or portion of such claim made 90 days after

205350

243 the insurer receives notice of the claim, or made more than 15
244 days after there are no longer factors beyond the control of the
245 insurer which reasonably prevented such payment, whichever is
246 later, bears interest at the rate set forth in s. 55.03.
247 Interest begins to accrue from the date the insurer receives
248 notice of the claim. The provisions of this subsection may not
249 be waived, voided, or nullified by the terms of the insurance
250 policy. If there is a right to prejudgment interest, the insured
251 shall select whether to receive prejudgment interest or interest
252 under this subsection. Interest is payable when the claim or
253 portion of the claim is paid. Failure to comply with this
254 subsection constitutes a violation of this code. However,
255 failure to comply with this subsection does not form the sole
256 basis for a private cause of action.

257 (b) Notwithstanding subsection (5) ~~(4)~~, for purposes of
258 this subsection, the term "claim" means any of the following:

259 1. A claim under an insurance policy providing residential
260 coverage as defined in s. 627.4025(1);

261 2. A claim for structural or contents coverage under a
262 commercial property insurance policy if the insured structure is
263 10,000 square feet or less; or

264 3. A claim for contents coverage under a commercial tenant
265 policy if the insured premises is 10,000 square feet or less.

266 (c) This subsection does ~~shall~~ not apply to claims under an
267 insurance policy covering nonresidential commercial structures
268 or contents in more than one state.

269 (8) This section also applies to surplus lines insurers and
270 surplus lines insurance authorized under ss. 626.913-626.937
271 providing residential coverage.

205350

272 Section 19. Effective January 1, 2022, section 627.7142,
273 Florida Statutes, is amended to read:

274 627.7142 Homeowner Claims Bill of Rights.—An insurer
275 issuing a personal lines residential property insurance policy
276 in this state must provide a Homeowner Claims Bill of Rights to
277 a policyholder within 14 days after receiving an initial
278 communication with respect to a claim, ~~unless the claim follows~~
279 ~~an event that is the subject of a declaration of a state of~~
280 ~~emergency by the Governor.~~ The purpose of the bill of rights is
281 to summarize, in simple, nontechnical terms, existing Florida
282 law regarding the rights of a personal lines residential
283 property insurance policyholder who files a claim of loss. The
284 Homeowner Claims Bill of Rights is specific to the claims
285 process and does not represent all of a policyholder's rights
286 under Florida law regarding the insurance policy. The Homeowner
287 Claims Bill of Rights does not create a civil cause of action by
288 any individual policyholder or class of policyholders against an
289 insurer or insurers. The failure of an insurer to properly
290 deliver the Homeowner Claims Bill of Rights is subject to
291 administrative enforcement by the office but is not admissible
292 as evidence in a civil action against an insurer. The Homeowner
293 Claims Bill of Rights does not enlarge, modify, or contravene
294 statutory requirements, including, but not limited to, ss.
295 626.854, 626.9541, 627.70131, 627.7015, and 627.7074, and does
296 not prohibit an insurer from exercising its right to repair
297 damaged property in compliance with the terms of an applicable
298 policy or ss. 627.7011(5)(e) and 627.702(7). The Homeowner
299 Claims Bill of Rights must state:

300

205350

HOMEOWNER CLAIMS

BILL OF RIGHTS

This Bill of Rights is specific to the claims process and does not represent all of your rights under Florida law regarding your policy. There are also exceptions to the stated timelines when conditions are beyond your insurance company's control. This document does not create a civil cause of action by an individual policyholder, or a class of policyholders, against an insurer or insurers and does not prohibit an insurer from exercising its right to repair damaged property in compliance with the terms of an applicable policy.

YOU HAVE THE RIGHT TO:

1. Receive from your insurance company an acknowledgment of your reported claim within 14 days after the time you communicated the claim.

2. Upon written request, receive from your insurance company within 30 days after you have submitted a complete proof-of-loss statement to your insurance company, confirmation that your claim is covered in full, partially covered, or denied, or receive a written statement that your claim is being investigated.

3. Within 90 days, subject to any dual interest noted in the policy, receive full settlement payment for your claim or payment of the undisputed portion of your claim, or your insurance company's denial of your

claim.

4. Receive payment of interest, as provided in s. 627.70131, Florida Statutes, from your insurance company, which begins accruing from the date your claim is filed if your insurance company does not pay full settlement of your initial, reopened, or supplemental claim or the undisputed portion of your claim or does not deny your claim within 90 days after your claim is filed. The interest, if applicable, must be paid when your claim or the undisputed portion of your claim is paid.

5. Free mediation of your disputed claim by the Florida Department of Financial Services, Division of Consumer Services, under most circumstances and subject to certain restrictions.

~~6.5.~~ Neutral evaluation of your disputed claim, if your claim is for damage caused by a sinkhole and is covered by your policy.

~~7.6.~~ Contact the Florida Department of Financial Services, Division of Consumer Services' toll-free helpline for assistance with any insurance claim or questions pertaining to the handling of your claim. You can reach the Helpline by phone at...(toll-free phone number)..., or you can seek assistance online at the Florida Department of Financial Services, Division of Consumer Services' website at...(website address)....

YOU ARE ADVISED TO:

205350

- 359 1. File all claims directly with your insurance
360 company.
- 361 2. Contact your insurance company before entering
362 into any contract for repairs to confirm any managed
363 repair policy provisions or optional preferred
364 vendors.
- 365 ~~3.2.~~ Make and document emergency repairs that are
366 necessary to prevent further damage. Keep the damaged
367 property, if feasible, keep all receipts, and take
368 photographs or video of damage before and after any
369 repairs to provide to your insurer.
- 370 ~~4.3.~~ Carefully read any contract that requires
371 you to pay out-of-pocket expenses or a fee that is
372 based on a percentage of the insurance proceeds that
373 you will receive for repairing or replacing your
374 property.
- 375 ~~5.4.~~ Confirm that the contractor you choose is
376 licensed to do business in Florida. You can verify a
377 contractor's license and check to see if there are any
378 complaints against him or her by calling the Florida
379 Department of Business and Professional Regulation.
380 You should also ask the contractor for references from
381 previous work.
- 382 ~~6.5.~~ Require all contractors to provide proof of
383 insurance before beginning repairs.
- 384 ~~7.6.~~ Take precautions if the damage requires you
385 to leave your home, including securing your property
386 and turning off your gas, water, and electricity, and
387 contacting your insurance company and provide a phone

205350

388 number where you can be reached.

may take certain actions against a license,
appointment, or application of certain insurance
representatives; amending ss. 626.782 and 626.783,
F.S.; revising the definitions of the terms
"industrial class insurer" and "ordinary-combination
class insurer," respectively, to conform to changes
made by the act; repealing s. 626.796, F.S., relating
to the representation of multiple insurers in the same
industrial debit territory; amending s. 626.854, F.S.;
revising the timeframes in which an insured or a
claimant may cancel a public adjuster's contract to
adjust a claim without penalty or obligation;
requiring that a public adjuster's contract include a
specified disclosure; specifying requirements for
written estimates of loss provided by public adjusters
to claimants or insureds; revising a prohibition
against certain contractors or subcontractors
providing insureds with specified services; providing
an exception; revising services a person is prohibited
from performing unless the person meets specified
requirements; authorizing the department to take
administrative actions and impose fines against
persons performing specified activities without
licensure; amending s. 626.916, F.S.; revising
disclosure requirements for certain classes of
insurance before being eligible for export under the
Surplus Lines Law; amending s. 626.9541, F.S.; adding
certain acts or practices to the definition of
sliding; amending s. 626.9741, F.S.; requiring an

576-03360-21

56 insurer to include certain additional information when
57 providing an applicant or insured with certain credit
58 report or score information; amending s. 626.9953,
59 F.S.; correcting a cross-reference; amending ss.
60 626.9957 and 627.062, F.S.; conforming cross-
61 references; amending s. 627.502, F.S.; prohibiting
62 life insurers from writing new policies of industrial
63 life insurance beginning on a certain date; making
64 technical changes; amending s. 627.70131, F.S.;
65 providing that a communication made to or by an
66 insurer's representative, rather than to or by an
67 insurer's agent, constitutes communication to or by
68 the insurer; revising the timeframe for insurers to
69 begin certain investigations; requiring an insurer-
70 assigned licensed adjuster to provide the policyholder
71 with certain information in certain investigations;
72 requiring insurers to maintain certain records and
73 provide certain lists upon request; requiring insurers
74 to include specified notices when providing
75 preliminary or partial damage estimates or claim
76 payments; providing applicability; conforming
77 provisions to changes made by the act; creating s.
78 627.7031, F.S.; prohibiting foreign venue clauses in
79 property insurance policies; providing applicability;
80 amending s. 627.7142, F.S.; revising information
81 contained in the Homeowner Claims Bill of Rights;
82 conforming provisions to changes made by the act;
83 amending s. 631.57, F.S.; deleting a deductible on the
84 obligation of the Florida Insurance Guaranty

146092

576-03360-21

85 Association, Incorporated, as to certain covered
86 claims; amending s. 631.904, F.S.; revising the
87 definition of the term "covered claim"; deleting a
88 requirement that a policy be in force on the date of
89 the final order of liquidation; providing effective
90 dates.

91
92 Be It Enacted by the Legislature of the State of Florida:

93
94 Section 1. Subsection (9) of section 501.0051, Florida
95 Statutes, is amended to read:

96 501.0051 Protected consumer report security freeze.-
97 (9)(a) A consumer reporting agency may not charge any fee
98 to place or remove a security freeze.

99 ~~(b) A consumer reporting agency may charge a reasonable~~
100 ~~fee, not to exceed \$10, if the representative fails to retain~~
101 ~~the original unique personal identifier provided by the consumer~~
102 ~~reporting agency and the agency must reissue the unique personal~~
103 ~~identifier or provide a new unique personal identifier to the~~
104 ~~representative.~~

105 Section 2. Paragraph (b) of subsection (10) of section
106 624.307, Florida Statutes, is amended to read:

107 624.307 General powers; duties.-

108 (10)

109 (b) Any person licensed or issued a certificate of
110 authority by the department or the office shall respond, in
111 writing, to the division within 20 days after receipt of a
112 written request for documents and information from the division
113 concerning a consumer complaint. The response must address the

576-03360-21

114 issues and allegations raised in the complaint and include any
115 requested documents concerning the consumer complaint not
116 subject to attorney-client or work-product privilege. The
117 division may impose an administrative penalty for failure to
118 comply with this paragraph of up to \$2,500 per violation upon
119 any entity licensed by the department or the office and \$250 for
120 the first violation, \$500 for the second violation, and up to
121 \$1,000 for the third or subsequent violation upon any individual
122 licensed by the department or the office.

123 Section 3. Subsection (20) of section 624.501, Florida
124 Statutes, is amended to read:

125 624.501 Filing, license, appointment, and miscellaneous
126 fees.-The department, commission, or office, as appropriate,
127 shall collect in advance, and persons so served shall pay to it
128 in advance, fees, licenses, and miscellaneous charges as
129 follows:

130 ~~(20) Adjusting firm, original or renewal 3-year~~
131 ~~license.....\$60.00~~

132 Section 4. Present subsection (9) of section 626.112,
133 Florida Statutes, is redesignated as subsection (10) and
134 amended, a new subsection (9) is added to that section, and
135 paragraph (d) of subsection (7) of that section is amended, to
136 read:

137 626.112 License and appointment required; agents, customer
138 representatives, adjusters, insurance agencies, service
139 representatives, managing general agents, insurance adjusting
140 firms.-

141 (7)

142 ~~(d) Effective October 1, 2015, the department must~~

576-03360-21

143 ~~automatically convert the registration of an approved registered~~
144 ~~insurance agency to an insurance agency license.~~

145 (9) (a) An individual, a firm, a partnership, a corporation,
146 an association, or any other entity may not act in its own name
147 or under a trade name, directly or indirectly, as an adjusting
148 firm unless it complies with s. 626.8696 with respect to
149 possessing an adjusting firm license for each place of business
150 at which it engages in an activity that may be performed only by
151 a licensed insurance adjuster. However, an adjusting firm that
152 is owned and operated by a single licensed adjuster conducting
153 business in his or her individual name and not employing or
154 otherwise using the services of or appointing other licensees is
155 exempt from the adjusting firm licensing requirements of this
156 subsection.

157 (b) A branch place of business that is established by a
158 licensed adjusting firm is considered a branch firm and is not
159 required to be licensed if:

160 1. It transacts business under the same name and federal
161 tax identification number as the licensed adjusting firm;

162 2. It has designated with the department a primary adjuster
163 operating the location as required by s. 626.8695; and

164 3. The address and telephone number of the branch location
165 have been submitted to the department for inclusion in the
166 licensing record of the licensed adjusting firm within 30 days
167 after insurance transactions begin at the branch location.

168 (c) If an adjusting firm is required to be licensed but
169 fails to apply for licensure in accordance with this subsection,
170 the department must impose an administrative penalty of up to
171 \$10,000 on the firm.

146092

576-03360-21

172 ~~(10)(9)~~ Any person who knowingly transacts insurance or
173 otherwise engages in insurance activities in this state without
174 a license in violation of this section or who knowingly aids or
175 abets an unlicensed person in transacting insurance or otherwise
176 engaging in insurance activities in this state without a license
177 commits a felony of the third degree, punishable as provided in
178 s. 775.082, s. 775.083, or s. 775.084.

179 Section 5. Subsection (4) is added to section 626.602,
180 Florida Statutes, to read:

181 626.602 Insurance agency names; disapproval.—The department
182 may disapprove the use of any true or fictitious name, other
183 than the bona fide natural name of an individual, by any
184 insurance agency on any of the following grounds:

185 (4) The name contains the word "Medicare" or "Medicaid." An
186 insurance agency whose name contains the word "Medicare" or
187 "Medicaid" but which is licensed as of July 1, 2021, may
188 continue to use that name until June 30, 2023, provided that the
189 agency's license remains valid. If the agency's license expires
190 or is suspended or revoked, the agency may not be relicensed
191 using that name. Licenses for agencies with names containing
192 either of these words automatically expire on July 1, 2023,
193 unless these words are removed from the name.

194 Section 6. Subsections (16) and (17) are added to section
195 626.621, Florida Statutes, to read:

196 626.621 Grounds for discretionary refusal, suspension, or
197 revocation of agent's, adjuster's, customer representative's,
198 service representative's, or managing general agent's license or
199 appointment.—The department may, in its discretion, deny an
200 application for, suspend, revoke, or refuse to renew or continue

146092

576-03360-21

201 the license or appointment of any applicant, agent, adjuster,
202 customer representative, service representative, or managing
203 general agent, and it may suspend or revoke the eligibility to
204 hold a license or appointment of any such person, if it finds
205 that as to the applicant, licensee, or appointee any one or more
206 of the following applicable grounds exist under circumstances
207 for which such denial, suspension, revocation, or refusal is not
208 mandatory under s. 626.611:

209 (16) Taking an action that allows the personal financial or
210 medical information of a consumer or customer to be made
211 available or accessible to the general public, regardless of the
212 format in which the record is stored.

213 (17) Initiating in-person or telephone solicitation after 9
214 p.m. or before 8 a.m. local time of the prospective customer
215 unless requested by the prospective customer.

216 Section 7. Section 626.782, Florida Statutes, is amended to
217 read:

218 626.782 "Industrial class insurer" defined.—An "industrial
219 class insurer" is an insurer collecting premiums on policies of
220 writing industrial life insurance, as defined in s. 627.502,
221 written before July 1, 2021, and as to such insurance, operates
222 under a system of collecting a debit by its agent.

223 Section 8. Section 626.783, Florida Statutes, is amended to
224 read:

225 626.783 "Ordinary-combination class insurer" defined.—An
226 "ordinary-combination class insurer" is an insurer writing ~~both~~
227 ordinary class insurance and collecting premiums on existing
228 industrial life class insurance ~~as defined by s. 627.502.~~

229 Section 9. Section 626.796, Florida Statutes, is repealed.

146092

576-03360-21

230 Section 10. Subsections (6), (11), (15), and (19) of
231 section 626.854, Florida Statutes, are amended, and subsection
232 (20) is added to that section, to read:

233 626.854 "Public adjuster" defined; prohibitions.—The
234 Legislature finds that it is necessary for the protection of the
235 public to regulate public insurance adjusters and to prevent the
236 unauthorized practice of law.

237 (6) An insured or claimant may cancel a public adjuster's
238 contract to adjust a claim without penalty or obligation within
239 10 3 business days after the date on which the contract is
240 ~~executed or within 3 business days after the date on which the~~
241 ~~insured or claimant has notified the insurer of the claim,~~
242 ~~whichever is later.~~ The public adjuster's contract must contain
243 the following language in minimum 18-point bold type: "You, the
244 insured, may cancel this contract for any reason without penalty
245 or obligation to you within 10 days after the date of this
246 contract by providing notice to ...(name of public adjuster)...,
247 submitted in writing and sent by certified mail, return receipt
248 requested, or other form of mailing that provides proof thereof,
249 at the address specified in the contract disclose to the insured
250 ~~or claimant his or her right to cancel the contract and advise~~
251 ~~the insured or claimant that notice of cancellation must be~~
252 ~~submitted in writing and sent by certified mail, return receipt~~
253 ~~requested, or other form of mailing that provides proof thereof,~~
254 ~~to the public adjuster at the address specified in the contract,~~
255 ~~provided, during any state of emergency as declared by the~~
256 ~~Governor and for 1 year after the date of loss, the insured or~~
257 ~~elaimant has 5 business days after the date on which the~~
258 ~~contract is executed to cancel a public adjuster's contract.~~

146092

576-03360-21

259 (11) Each public adjuster must provide to the claimant or
260 insured a written estimate of the loss to assist in the
261 submission of a proof of loss or any other claim for payment of
262 insurance proceeds within 60 days after the date of the
263 contract. The written estimate must include an itemized, per-
264 unit estimate of the repairs, including itemized information on
265 equipment, materials, labor, and supplies, in accordance with
266 accepted industry standards. The public adjuster shall retain
267 such written estimate for at least 5 years and shall make the
268 estimate available to the claimant or insured, the insurer, and
269 the department upon request.

270 (15) A licensed contractor under part I of chapter 489, or
271 a subcontractor of such licensee, may not advertise, solicit,
272 offer to handle, handle, or perform public adjuster services as
273 provided in s. 626.854(1) adjust a claim on behalf of an insured
274 unless licensed and compliant as a public adjuster under this
275 chapter. The prohibition against solicitation does not preclude
276 a contractor from suggesting or otherwise recommending to a
277 consumer that the consumer consider contacting his or her
278 insurer to determine if the proposed repair is covered under the
279 consumer's insurance policy. In addition However, the contractor
280 may discuss or explain a bid for construction or repair of
281 covered property with the residential property owner who has
282 suffered loss or damage covered by a property insurance policy,
283 or the insurer of such property, if the contractor is doing so
284 for the usual and customary fees applicable to the work to be
285 performed as stated in the contract between the contractor and
286 the insured.

287 (19) Except as otherwise provided in this chapter, no

146092

576-03360-21

288 person, except an attorney at law or a licensed public adjuster,
289 may for money, commission, or any other thing of value, directly
290 or indirectly:

291 (a) Prepare, complete, or file an insurance claim for an
292 insured or a third-party claimant;

293 (b) Act on behalf of or aid an insured or a third-party
294 claimant in negotiating for or effecting the settlement of a
295 claim for loss or damage covered by an insurance contract;

296 (c) Offer to initiate or negotiate a claim on behalf of an
297 insured;

298 (d) Advertise services that require a license for
299 employment as a public adjuster; or

300 (e) ~~(d)~~ Solicit, investigate, or adjust a claim on behalf of
301 a public adjuster, an insured, or a third-party claimant.

302 (20) The department may take administrative actions and
303 impose fines against any persons performing claims adjusting as
304 defined in s. 626.015(6) or any other services as described in
305 this section without the licensure required under this section
306 and s. 626.112.

307 Section 11. Effective January 1, 2022, subsection (3) of
308 section 626.916, Florida Statutes, is amended, and paragraph (f)
309 is added to subsection (1) of that section, to read:

310 626.916 Eligibility for export.—

311 (1) No insurance coverage shall be eligible for export
312 unless it meets all of the following conditions:

313 (f) The insured has signed or otherwise provided documented
314 acknowledgment of a disclosure in substantially the following
315 form: "You are agreeing to place coverage in the surplus lines
316 market. Coverage may be available in the admitted market.

146092

576-03360-21

317 Persons insured by surplus lines carriers are not protected
318 under the Florida Insurance Guaranty Act with respect to any
319 right of recovery for the obligation of an insolvent unlicensed
320 insurer."

321 (3) (a) Subsection (1) does not apply to wet marine and
322 transportation or aviation risks that which are subject to s.
323 626.917.

324 (b) Paragraphs (1) (a)-(d) do not apply to classes of
325 insurance which are subject to s. 627.062(3) (d)1. These classes
326 may be exportable under the following conditions:

327 1. The insurance must be placed only by or through a
328 surplus lines agent licensed in this state;

329 2. The insurer must be made eligible under s. 626.918; and

330 3. The insured has complied with paragraph (1) (f) must sign
331 a disclosure that substantially provides the following: "You are
332 agreeing to place coverage in the surplus lines market. Superior
333 coverage may be available in the admitted market and at a lesser
334 cost. Persons insured by surplus lines carriers are not
335 protected under the Florida Insurance Guaranty Act with respect
336 to any right of recovery for the obligation of an insolvent
337 unlicensed insurer." If the disclosure notice is signed by the
338 insured, the insured is presumed to have been informed and to
339 know that other coverage may be available, and, with respect to
340 the diligent-effort requirement under subsection (1), there is
341 no liability on the part of, and no cause of action arises
342 against, the retail agent presenting the form.

343 Section 12. Paragraph (z) of subsection (1) of section
344 626.9541, Florida Statutes, is amended to read:

345 626.9541 Unfair methods of competition and unfair or

146092

576-03360-21

346 deceptive acts or practices defined.-

347 (1) UNFAIR METHODS OF COMPETITION AND UNFAIR OR DECEPTIVE
348 ACTS.-The following are defined as unfair methods of competition
349 and unfair or deceptive acts or practices:

350 (z) Sliding.-Sliding is the act or practice of any of the
351 following:

352 1. Representing to the applicant that a specific ancillary
353 coverage or product is required by law in conjunction with the
354 purchase of insurance when such coverage or product is not
355 required.†

356 2. Representing to the applicant that a specific ancillary
357 coverage or product is included in the policy applied for
358 without an additional charge when such charge is required.†~~or~~

359 3. Charging an applicant for a specific ancillary coverage
360 or product, in addition to the cost of the insurance coverage
361 applied for, without the informed consent of the applicant.

362 4. Initiating, effectuating, binding, or otherwise issuing
363 a policy of insurance without the prior informed consent of the
364 owner of the property to be insured.

365 5. Mailing, transmitting, or otherwise submitting by any
366 means an invoice for premium payment to a mortgagee or escrow
367 agent, for the purpose of effectuating an insurance policy,
368 without the prior informed consent of the owner of the property
369 to be insured. However, this subparagraph does not apply in
370 cases in which the mortgagee or escrow agent is renewing
371 insurance or issuing collateral protection insurance, as defined
372 in s. 624.6085, pursuant to the mortgage or other pertinent loan
373 documents or communications regarding the property.

374 Section 13. Effective January 1, 2022, subsection (3) of

146092

576-03360-21

375 section 626.9741, Florida Statutes, is amended to read:

376 626.9741 Use of credit reports and credit scores by
377 insurers.-

378 (3) An insurer must inform an applicant or insured, in the
379 same medium as the application is taken, that a credit report or
380 score is being requested for underwriting or rating purposes.
381 The notification to the consumer must include the following
382 language: "The Department of Financial Services offers free
383 financial literacy programs to assist you with insurance-related
384 questions, including how credit works and how credit scores are
385 calculated. To learn more, visit www.MyFloridaCFO.com." An
386 insurer that makes an adverse decision based, in whole or in
387 part, upon a credit report must provide at no charge† a copy of
388 the credit report to the applicant or insured or provide the
389 applicant or insured with the name, address, and telephone
390 number of the consumer reporting agency from which the insured
391 or applicant may obtain the credit report. The insurer must
392 provide notification to the consumer explaining the reasons for
393 the adverse decision. The reasons must be provided in
394 sufficiently clear and specific language so that a person can
395 identify the basis for the insurer's adverse decision. Such
396 notification shall include a description of the four primary
397 reasons, or such fewer number as existed, which were the primary
398 influences of the adverse decision. The use of generalized terms
399 such as "poor credit history," "poor credit rating," or "poor
400 insurance score" does not meet the explanation requirements of
401 this subsection. A credit score may not be used in underwriting
402 or rating insurance unless the scoring process produces
403 information in sufficient detail to permit compliance with the

146092

576-03360-21

404 requirements of this subsection. It shall not be deemed an
405 adverse decision if, due to the insured's credit report or
406 credit score, the insured continues to receive a less favorable
407 rate or placement in a less favorable tier or company at the
408 time of renewal except for renewals or reunderwriting required
409 by this section.

410 Section 14. Subsection (5) of section 626.9953, Florida
411 Statutes, is amended to read:

412 626.9953 Qualifications for registration; application
413 required.-

414 (5) An applicant must submit a set of his or her
415 fingerprints to the department and pay the processing fee
416 established under s. 624.501(23) ~~s. 624.501(24)~~. The department
417 shall submit the applicant's fingerprints to the Department of
418 Law Enforcement for processing state criminal history records
419 checks and local criminal records checks through local law
420 enforcement agencies and for forwarding to the Federal Bureau of
421 Investigation for national criminal history records checks. The
422 fingerprints shall be taken by a law enforcement agency, a
423 designated examination center, or another department-approved
424 entity. The department may not approve an application for
425 registration as a navigator if fingerprints have not been
426 submitted.

427 Section 15. Subsection (1) of section 626.9957, Florida
428 Statutes, is amended to read:

429 626.9957 Conduct prohibited; denial, revocation, or
430 suspension of registration.-

431 (1) As provided in s. 626.112, only a person licensed as an
432 insurance agent or customer representative may engage in the

146092

576-03360-21

433 solicitation of insurance. A person who engages in the
434 solicitation of insurance as described in s. 626.112(1) without
435 such license is subject to the penalties provided under s.
436 626.112(10) ~~s. 626.112(9)~~.

437 Section 16. Subsection (10) of section 627.062, Florida
438 Statutes, is amended to read:

439 627.062 Rate standards.-

440 (10) Any interest paid pursuant to s. 627.70131(7) ~~s.~~
441 ~~627.70131(5)~~ may not be included in the insurer's rate base and
442 may not be used to justify a rate or rate change.

443 Section 17. Section 627.502, Florida Statutes, is amended
444 to read:

445 627.502 "Industrial life insurance" defined; reporting;
446 prohibition on new policies after a certain date.-

447 (1) For the purposes of this code, "industrial life
448 insurance" is that form of life insurance written under policies
449 under which premiums are payable monthly or more often, bearing
450 the words "industrial policy" or "weekly premium policy" or
451 words of similar import imprinted upon the policies as part of
452 the descriptive matter, and issued by an insurer ~~that which~~, as
453 to such industrial life insurance, is operating under a system
454 of collecting a debit by its agent.

455 (2) Every life insurer servicing existing ~~transacting~~
456 industrial life insurance shall report to the office all annual
457 statement data regarding the exhibit of life insurance,
458 including relevant information for industrial life insurance.

459 (3) Beginning July 1, 2021, a life insurer may not write a
460 new policy of industrial life insurance.

461 Section 18. Effective January 1, 2022, section 627.70131,

146092

576-03360-21

462 Florida Statutes, is amended to read:

463 627.70131 Insurer's duty to acknowledge communications
464 regarding claims; investigation.-

465 (1) (a) Upon an insurer's receiving a communication with
466 respect to a claim, the insurer shall, within 14 calendar days,
467 review and acknowledge receipt of such communication unless
468 payment is made within that period of time or unless the failure
469 to acknowledge is caused by factors beyond the control of the
470 insurer which reasonably prevent such acknowledgment. If the
471 acknowledgment is not in writing, a notification indicating
472 acknowledgment shall be made in the insurer's claim file and
473 dated. A communication made to or by a representative ~~an agent~~
474 of an insurer with respect to a claim shall constitute
475 communication to or by the insurer.

476 (b) As used in this subsection, the term "representative"
477 ~~"agent"~~ means any person to whom an insurer has granted
478 authority or responsibility to receive or make such
479 communications with respect to claims on behalf of the insurer.

480 (c) This subsection ~~does shall~~ not apply to claimants
481 represented by counsel beyond those communications necessary to
482 provide forms and instructions.

483 (2) Such acknowledgment ~~must shall~~ be responsive to the
484 communication. If the communication constitutes a notification
485 of a claim, unless the acknowledgment reasonably advises the
486 claimant that the claim appears not to be covered by the
487 insurer, the acknowledgment ~~must shall~~ provide necessary claim
488 forms, and instructions, including an appropriate telephone
489 number.

490 (3) (a) Unless otherwise provided by the policy of insurance

146092

576-03360-21

491 or by law, within ~~14 10 working~~ days after an insurer receives
492 proof of loss statements, the insurer shall begin such
493 investigation as is reasonably necessary unless the failure to
494 begin such investigation is caused by factors beyond the control
495 of the insurer which reasonably prevent the commencement of such
496 investigation.

497 (b) If such investigation involves a physical inspection of
498 the property, the licensed adjuster assigned by the insurer must
499 provide the policyholder with a printed or electronic document
500 containing his or her name and state adjuster license number.

501 (c) Any subsequent communication with the policyholder
502 regarding the claim must also include the name and license
503 number of the adjuster communicating about the claim.
504 Communication of the adjuster's name and license number may be
505 included with other information provided to the policyholder.

506 (4) An insurer shall maintain a record or log of each
507 adjuster who communicates with the policyholder as provided in
508 paragraphs (3) (b) and (c) and provide a list of such adjusters
509 to the insured, office, or department upon request.

510 (5) For purposes of this section, the term "insurer" means
511 any residential property insurer.

512 (6) (a) When providing a preliminary or partial estimate of
513 damage regarding a claim, an insurer shall include with the
514 estimate the following statement printed in at least 12-point
515 bold, uppercase type: THIS ESTIMATE REPRESENTS OUR CURRENT
516 EVALUATION OF THE COVERED DAMAGES TO YOUR INSURED PROPERTY AND
517 MAY BE REVISED AS WE CONTINUE TO EVALUATE YOUR CLAIM. IF YOU
518 HAVE QUESTIONS, CONCERNS, OR ADDITIONAL INFORMATION REGARDING
519 YOUR CLAIM, WE ENCOURAGE YOU TO CONTACT US.

146092

576-03360-21

520 (b) When providing a payment on a claim which is not the
521 full and final payment for the claim, an insurer shall include
522 with the payment the following statement printed in at least 12-
523 point bold, uppercase type: WE ARE CONTINUING TO EVALUATE YOUR
524 CLAIM INVOLVING YOUR INSURED PROPERTY AND MAY ISSUE ADDITIONAL
525 PAYMENTS. IF YOU HAVE QUESTIONS, CONCERNS, OR ADDITIONAL
526 INFORMATION REGARDING YOUR CLAIM, WE ENCOURAGE YOU TO CONTACT
527 US.

528 (7) (a) ~~(5) (a)~~ Within 90 days after an insurer receives
529 notice of an initial, reopened, or supplemental property
530 insurance claim from a policyholder, the insurer shall pay or
531 deny such claim or a portion of the claim unless the failure to
532 pay is caused by factors beyond the control of the insurer which
533 reasonably prevent such payment. Any payment of an initial or
534 supplemental claim or portion of such claim made 90 days after
535 the insurer receives notice of the claim, or made more than 15
536 days after there are no longer factors beyond the control of the
537 insurer which reasonably prevented such payment, whichever is
538 later, bears interest at the rate set forth in s. 55.03.
539 Interest begins to accrue from the date the insurer receives
540 notice of the claim. The provisions of this subsection may not
541 be waived, voided, or nullified by the terms of the insurance
542 policy. If there is a right to prejudgment interest, the insured
543 shall select whether to receive prejudgment interest or interest
544 under this subsection. Interest is payable when the claim or
545 portion of the claim is paid. Failure to comply with this
546 subsection constitutes a violation of this code. However,
547 failure to comply with this subsection does not form the sole
548 basis for a private cause of action.

146092

576-03360-21

549 (b) Notwithstanding subsection (5) ~~(4)~~, for purposes of
550 this subsection, the term "claim" means any of the following:
551 1. A claim under an insurance policy providing residential
552 coverage as defined in s. 627.4025(1);
553 2. A claim for structural or contents coverage under a
554 commercial property insurance policy if the insured structure is
555 10,000 square feet or less; or
556 3. A claim for contents coverage under a commercial tenant
557 policy if the insured premises is 10,000 square feet or less.
558 (c) This subsection does shall not apply to claims under an
559 insurance policy covering nonresidential commercial structures
560 or contents in more than one state.
561 (8) This section also applies to surplus lines insurers and
562 surplus lines insurance authorized under ss. 626.913-626.937
563 providing personal residential coverage.
564 Section 19. Section 627.7031, Florida Statutes, is created
565 to read:
566 627.7031 Foreign venue clauses prohibited.—After July 1,
567 2021, a personal residential property insurance policy sold in
568 this state, insuring only real property located in this state,
569 may not require an insured to pursue dispute resolution through
570 litigation, arbitration, or mediation outside this state. This
571 section also applies to surplus lines insurers and surplus lines
572 insurance authorized under ss. 626.913-626.937.
573 Section 20. Effective January 1, 2022, section 627.7142,
574 Florida Statutes, is amended to read:
575 627.7142 Homeowner Claims Bill of Rights.—An insurer
576 issuing a personal lines residential property insurance policy
577 in this state must provide a Homeowner Claims Bill of Rights to

576-03360-21

578 a policyholder within 14 days after receiving an initial
579 communication with respect to a claim, ~~unless the claim follows~~
580 ~~an event that is the subject of a declaration of a state of~~
581 ~~emergency by the Governor.~~ The purpose of the bill of rights is
582 to summarize, in simple, nontechnical terms, existing Florida
583 law regarding the rights of a personal lines residential
584 property insurance policyholder who files a claim of loss. The
585 Homeowner Claims Bill of Rights is specific to the claims
586 process and does not represent all of a policyholder's rights
587 under Florida law regarding the insurance policy. The Homeowner
588 Claims Bill of Rights does not create a civil cause of action by
589 any individual policyholder or class of policyholders against an
590 insurer or insurers. The failure of an insurer to properly
591 deliver the Homeowner Claims Bill of Rights is subject to
592 administrative enforcement by the office but is not admissible
593 as evidence in a civil action against an insurer. The Homeowner
594 Claims Bill of Rights does not enlarge, modify, or contravene
595 statutory requirements, including, but not limited to, ss.
596 626.854, 626.9541, 627.70131, 627.7015, and 627.7074, and does
597 not prohibit an insurer from exercising its right to repair
598 damaged property in compliance with the terms of an applicable
599 policy or ss. 627.7011(5)(e) and 627.702(7). The Homeowner
600 Claims Bill of Rights must state:

601
602 HOMEOWNER CLAIMS

603 BILL OF RIGHTS

604 This Bill of Rights is specific to the claims process
605 and does not represent all of your rights under
606 Florida law regarding your policy. There are also

576-03360-21

607 exceptions to the stated timelines when conditions are
608 beyond your insurance company's control. This document
609 does not create a civil cause of action by an
610 individual policyholder, or a class of policyholders,
611 against an insurer or insurers and does not prohibit
612 an insurer from exercising its right to repair damaged
613 property in compliance with the terms of an applicable
614 policy.

615 YOU HAVE THE RIGHT TO:

- 616
617 1. Receive from your insurance company an
618 acknowledgment of your reported claim within 14 days
619 after the time you communicated the claim.
620 2. Upon written request, receive from your
621 insurance company within 30 days after you have
622 submitted a complete proof-of-loss statement to your
623 insurance company, confirmation that your claim is
624 covered in full, partially covered, or denied, or
625 receive a written statement that your claim is being
626 investigated.
627 3. Within 90 days, subject to any dual interest
628 noted in the policy, receive full settlement payment
629 for your claim or payment of the undisputed portion of
630 your claim, or your insurance company's denial of your
631 claim.
632 4. Receive payment of interest, as provided in s.
633 627.70131, Florida Statutes, from your insurance
634 company, which begins accruing from the date your
635 claim is filed if your insurance company does not pay

576-03360-21

636 full settlement of your initial, reopened, or
637 supplemental claim or the undisputed portion of your
638 claim or does not deny your claim within 90 days after
639 your claim is filed. The interest, if applicable, must
640 be paid when your claim or the undisputed portion of
641 your claim is paid.

642 5. Free mediation of your disputed claim by the
643 Florida Department of Financial Services, Division of
644 Consumer Services, under most circumstances and
645 subject to certain restrictions.

646 ~~6.5.~~ Neutral evaluation of your disputed claim,
647 if your claim is for damage caused by a sinkhole and
648 is covered by your policy.

649 ~~7.6.~~ Contact the Florida Department of Financial
650 Services, Division of Consumer Services' toll-free
651 helpline for assistance with any insurance claim or
652 questions pertaining to the handling of your claim.
653 You can reach the Helpline by phone at...(toll-free
654 phone number)..., or you can seek assistance online at
655 the Florida Department of Financial Services, Division
656 of Consumer Services' website at...(website
657 address)....

658
659 YOU ARE ADVISED TO:

660 1. Contact your insurance company before entering
661 into any contract for repairs to confirm any managed
662 repair policy provisions or optional preferred
663 vendors.

664 2. Make and document emergency repairs that are

576-03360-21

665 necessary to prevent further damage. Keep the damaged
666 property, if feasible, keep all receipts, and take
667 photographs or video of damage before and after any
668 repairs to provide to your insurer.

669 3. Carefully read any contract that requires you
670 to pay out-of-pocket expenses or a fee that is based
671 on a percentage of the insurance proceeds that you
672 will receive for repairing or replacing your property.

673 4. Confirm that the contractor you choose is
674 licensed to do business in Florida. You can verify a
675 contractor's license and check to see if there are any
676 complaints against him or her by calling the Florida
677 Department of Business and Professional Regulation.
678 You should also ask the contractor for references from
679 previous work.

680 5. Require all contractors to provide proof of
681 insurance before beginning repairs.

682 6. Take precautions if the damage requires you to
683 leave your home, including securing your property and
684 turning off your gas, water, and electricity, and
685 contacting your insurance company and provide a phone
686 number where you can be reached.

687 7. File all claims directly with your insurance
688 company and be aware of contractors or repair vendors
689 that offer incentives for free inspections or promise
690 to coordinate with your insurance company to repair
691 your home with no out-of-pocket expenses to you.

692 Section 21. Paragraph (a) of subsection (1) and subsection
693 (6) of section 631.57, Florida Statutes, are amended to read:

146092

576-03360-21

694 631.57 Powers and duties of the association.-

695 (1) The association shall:

696 (a)1. Be obligated to the extent of the covered claims
697 existing:

698 a. Prior to adjudication of insolvency and arising within
699 30 days after the determination of insolvency;

700 b. Before the policy expiration date if less than 30 days
701 after the determination; or

702 c. Before the insured replaces the policy or causes its
703 cancellation, if she or he does so within 30 days of the
704 determination.

705 2. The obligation under subparagraph 1. includes ~~only~~ the
706 amount of each covered claim which is ~~in excess of \$100 and is~~
707 less than \$300,000, except that policies providing coverage for
708 homeowner's insurance must shall provide for an additional
709 \$200,000 for the portion of a covered claim which relates only
710 to the damage to the structure and contents.

711 3.a. Notwithstanding subparagraph 2., the obligation under
712 subparagraph 1. for policies covering condominium associations
713 or homeowners' associations, which associations have a
714 responsibility to provide insurance coverage on residential
715 units within the association, includes shall include that amount
716 of each covered property insurance claim which is less than
717 \$200,000 multiplied by the number of condominium units or other
718 residential units; however, as to homeowners' associations, this
719 sub-subparagraph applies only to claims for damage or loss to
720 residential units and structures attached to residential units.

721 b. Notwithstanding sub-subparagraph a., the association has
722 no obligation to pay covered claims that are to be paid from the

146092

576-03360-21

723 proceeds of bonds issued under s. 631.695. However, the
724 association shall assign and pledge the first available moneys
725 from all or part of the assessments to be made under paragraph
726 (3) (a) to or on behalf of the issuer of such bonds for the
727 benefit of the holders of such bonds. The association shall
728 administer any such covered claims and present valid covered
729 claims for payment in accordance with the provisions of the
730 assistance program in connection with which such bonds have been
731 issued.

732 4. ~~In no event shall~~ The association may not be obligated
733 to a policyholder or claimant in an amount in excess of the
734 obligation of the insolvent insurer under the policy from which
735 the claim arises.

736 (6) The association may extend the time limits specified in
737 paragraph (1) (a) by up to an additional 60 days ~~or waive the~~
738 ~~applicability of the \$100 deductible specified in paragraph~~
739 ~~(1) (a) if the board determines it is that either or both such~~
740 ~~actions are~~ necessary to facilitate the bulk assumption of
741 obligations.

742 Section 22. Subsection (2) of section 631.904, Florida
743 Statutes, is amended to read:

744 631.904 Definitions.-As used in this part, the term:

745 (2) "Covered claim" means an unpaid claim, including a
746 claim for return of unearned premiums, which arises out of, is
747 within the coverage of, and is not in excess of the applicable
748 limits of, an insurance policy to which this part applies, which
749 policy was issued by an insurer and which claim is made on
750 behalf of a claimant or insured who was a resident of this state
751 at the time of the injury. The term "covered claim" includes

146092

576-03360-21

752 unpaid claims under any employer liability coverage of a
753 workers' compensation policy limited to the lesser of \$300,000
754 or the limits of the policy. The term "covered claim" does not
755 include any amount sought as a return of premium under any
756 retrospective rating plan; any amount due any reinsurer,
757 insurer, insurance pool, or underwriting association, as
758 subrogation recoveries or otherwise; or any claim that would
759 otherwise be a covered claim that has been rejected or denied by
760 any other state guaranty fund based upon that state's statutory
761 exclusions, including, but not limited to, those based on
762 coverage, policy type, or an insured's net worth, except this
763 exclusion from the definition of covered claim does not apply to
764 employers who, prior to April 30, 2004, entered into an
765 agreement with the corporation preserving the employer's right
766 to seek coverage of claims rejected by another state's guaranty
767 fund; ~~or any return of premium resulting from a policy that was~~
768 ~~not in force on the date of the final order of liquidation.~~
769 Member insurers have no right of subrogation against the insured
770 of any insolvent insurer. This provision applies retroactively
771 to cover claims of an insolvent self-insurance fund resulting
772 from accidents or losses incurred prior to January 1, 1994,
773 regardless of the date the petition in circuit court was filed
774 alleging insolvency and the date the court entered an order
775 appointing a receiver.

776 Section 23. Except as otherwise expressly provided in this
777 act, this act shall take effect upon becoming a law.

The Florida Senate
BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL: CS/CS/SB 1598

INTRODUCER: Appropriations Committee (Recommended by Appropriations Subcommittee on Agriculture, Environment, and General Government); Banking and Insurance Committee; and Senator Gruters

SUBJECT: Consumer Protection

DATE: April 18, 2021

REVISED: _____

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1598 modifies provisions in several areas related to insurance that are regulated by the Department of Financial Services (DFS). The bill:

- Requires insurers to include information regarding the DFS's free financial literacy programs in its notice that a consumer's credit report or score is being requested.
- Requires an entity that is licensed or issued a certificate of authority by the DFS to respond to document requests from the DFS Division of Consumer Services.
- Eliminates the \$60 fee for a new or renewal adjusting firm license.
- Specifies that entities must comply with section 626.8696, Florida Statutes, with respect to possessing an adjusting firm license, but provides that an adjusting firm's branch place of business does not require licensure if it meets specified requirements.
- Revises the Licensing Procedures Law's prohibition against unlicensed activity to include knowingly aiding or abetting an unlicensed person in transacting insurance or otherwise engaging in insurance activities in this state without a license. A person who does so commits a third-degree felony.
- Authorizes the DFS to suspend, revoke, or refuse to issue the license of an insurance agent, adjuster, customer representative, service representative, or managing general agent that makes a consumer's personal financial or medical information available to the public, or initiates in-person or telephone solicitation with a prospective customer after 9 p.m. or before 8 a.m., unless the customer requests otherwise.

- Prohibits the sale of industrial life insurance policies, effective July 1, 2021.
- Increases to 10 days, the cooling-off period during which a consumer may cancel his or her contract with a public adjuster.
- Requires that the public adjuster's written estimate of loss must include an itemized, per-unit estimate of the repairs. The public adjuster must provide the estimate to the claimant or insured within 60 days after the execution of the public adjuster contract.
- Prohibits a licensed contractor or subcontractor from advertising, soliciting, offering to handle, handling, or performing public adjuster services unless licensed and compliant as a public adjuster.
- Prohibits persons other than a licensed public adjuster or attorney from offering to initiate or negotiate on behalf of an insured or advertising services which require a public adjuster license.
- Prohibits a public adjuster, public adjuster apprentice, or public adjusting firm, who solicits a claim and does not enter into a contract with an insured or third party claimant, from charging or receiving payment from an insured or a third-party claimant.
- Requires disclosure that surplus lines insurance is not covered by the Florida Insurance Guaranty Association (FIGA) prior to placing coverage with a surplus lines insurer.
- Expands the definition of sliding, a practice that violates the Unfair Insurance Trade Practices, to include:
 - Initiating, effectuating, binding, or otherwise issuing an insurance policy without the prior informed consent of the person who owns the property that will be insured.
 - Submitting an invoice for premium payment to a mortgagee or escrow agent in order to institute an insurance policy without the prior informed consent of the owner of the property; does not apply to renewals or collateral protection insurance.
- Applies the property insurance claim investigation and communication requirements of section 627.70131, Florida Statutes, to surplus lines insurers.
- Requires a residential property insurer begin its claim investigation within 14 days of receiving a proof of loss statement; current law provides 10 business days.
- Requires insurers to provide to policyholders the adjuster's name and state adjuster license number when a claim investigation involves a physical inspection of the property and maintain a record of each adjuster who communicates with the policyholder.
- Requires the insurer to provide notices that explain when the insurer is providing a preliminary or partial estimate or making a claim payment that is not the full and final payment for the claim.
- Requires insurers to provide the Homeowner Claims Bill of Rights pursuant to any personal lines residential property insurance claim and adds notice regarding the right to receive interest and the utility of taking video of damages and repairs.
- Encourages insureds, under the Homeowner Claims Bill of Rights, to file all claims directly with their insurance company.
- Removes the insured's obligation to pay a \$100 deductible to the FIGA in order to receive payment on their claim through the FIGA.
- Revises the definition of a "covered claim" for purposes of the Florida Workers' Compensation Insurance Guaranty Association, to exclude the return of premium resulting from a policy that was not in force on the date of the final order of liquidation.

Further, the bill prohibits a credit reporting agency from charging any fee to reissue a personal identifier or provide a new unique personal identifier to a consumer.

The bill has an insignificant indeterminate impact on state funds and expenditures. *See* V. Fiscal Impact Statement.

Except as otherwise provided, the bill is effective upon becoming a law.

II. Present Situation:

Department of Financial Services

The Department of Financial Services (DFS) has broad duties, including licensure and regulation of insurance agents, agencies, and adjusters; insurance consumer assistance and protection; and holding and attempting to return unclaimed property to its rightful owner.¹ The DFS has a number of regulatory responsibilities over the Florida insurance market. The DFS regulates insurance adjusters, which includes public adjusters, independent adjusters, and company employee adjusters under Part VI, ch. 626, F.S. The DFS conducts insurance-related consumer outreach through its Division of Consumer Services. The Division of Workers' Compensation within the DFS administers ch. 440, F.S., through enforcement of coverage requirements,² administration of workers' compensation health care delivery system,³ data collection,⁴ and assisting injured workers, employers, insurers, and providers in fulfilling their responsibilities under ch. 440, F.S.⁵ The DFS also administers insurer rehabilitation and liquidation in Florida under part I of ch. 631, F.S.

DFS Division of Consumer Services

The Division of Consumer Services (division) provides education, information, and assistance to consumers for all products or services regulated by the DFS or the Financial Services Commission.⁶ The divisions' duties specifically include:

- Receiving consumer questions and complaints;
- Educating the public about insurance-related topics;
- Providing mediation to resolve disputes between a consumer and insurance company; and
- Serving as a conduit for referrals for further legal action by the DFS.⁷

Section 624.307(10)(b), F.S., permits the division to impose an administrative penalty on a person who holds a license or certificate of authority from the DFS if that person fails to respond

¹ *See, e.g.*, Department of Financial Services (DFS), *What DFS Can Do For You*, <https://www.myfloridacfo.com/division/CFO/DFS.htm> (last visited March 18, 2021).

² Section 440.107(3), F.S.

³ Section 440.13, F.S.

⁴ Sections 440.185 and 440.593, F.S.

⁵ Section 440.191, F.S.

⁶ DFS, *Department of Financial Services Long Range Program Plan: Fiscal Years 2020-21 through 2024-25*, 15 (Sept. 30, 2019), available at <http://floridafiscalportal.state.fl.us/Document.aspx?ID=19566&DocType=PDF> (last visited March 18, 2021). *See also*, DFS, *Consumer Guides*, <https://www.myfloridacfo.com/Division/Consumers/understandingCoverage/Guides/Default.htm> (last visited March 18, 2021).

⁷ Section 624.307(10)(a), F.S.

to the division's request for information within 20 days. This has been limited by the Fifth Amendment privilege against self-incrimination. A licensed individual must produce those records⁸ that are required to be kept by law, but is not required to produce those not within the purview of statutes.⁹ Conversely, a corporation has no privilege against self-incrimination, nor does a custodian of corporate records, even if the contents tend to incriminate him or her.¹⁰

Discretion of the DFS to Act against Licensees

Section 626.621, F.S., grants the DFS discretion, under certain circumstances, to deny applications for, revoke, or refuse to renew, the licenses or appointments of agents, adjusters, customer representatives, service representatives, and managing general agents. Examples of circumstances that can lead to such agency action include violation of the Florida Insurance Code, violation of lawful orders or rules of the DFS, engaging in unfair and deceptive trade practices.¹¹

DFS Licensure of Adjusting Firms

Current law authorizes, but does not require, licensure of adjusting firms.¹² The DFS does not currently license any adjusting firms.¹³ An adjusting firm license must be renewed every three years and requires a \$60 application fee.¹⁴ An adjusting firm license application must include:¹⁵

- The name and address of each of the firm's majority owners, partners, officers, and directors;
- The firm's name and principal business address; and
- Any branch office locations and the names under which they will operate.

Each adjusting firm location must have a designated primary adjuster who acts as a supervising manager and is accountable for misconduct that occurs at the firm location.¹⁶

Chapter 626, F.S., provides grounds for mandatory and discretionary denial, suspension, or revocation of an adjusting firm license.¹⁷

DFS Authority Regarding Misleading Insurance Agency Names

The DFS may withhold permission to operate under an agency name if the name is too similar to another already in use by a different agency; the name may mislead the public; or the name states

⁸ Pursuant to s. 624.23, F.S., any personal financial and health information held by the DFS or the Office of Insurance Regulation relating to a consumer complaint or inquiry is confidential and exempt from public records.

¹⁷ Section 626.8697, F.S.

or implies that the agency is an entity other than an insurance agency, such as an insurer, state or federal agency, or charitable organization.¹⁸

The Social Security Act prohibits any person from using the terms “Medicare” or “Medicaid” in an advertisement or other communication in a manner which the person knows, or should know, would convey the false impression that the communication is approved by the Centers for Medicare & Medicaid Services.¹⁹

Industrial Life Insurance

Industrial life insurance is a form of life insurance in which the premiums are payable on a monthly or weekly basis. These policies usually have a face amount of less than \$5,000.²⁰ Only 38 of the 398 active life insurers maintain existing industrial life insurance policies, and no new industrial life insurance policies have been written in the last year.²¹

Public Adjuster Contracts and Estimates of Damages

Current law and administrative rules provide numerous restrictions and parameters on activities of public adjusters, especially relating to solicitation of contracts and inducement to contract.²² As an additional consumer protection, Florida law grants a policyholder a short timeframe during which he or she may cancel a contract with an adjuster without cause, penalty, or obligation. This cooling-off period permits the policyholder to cancel the contract within three business days of execution of the contract with an adjuster, or when the insured or claimant notifies the insurer of the claim, whichever is later. However, the cooling-off period is extended to five business days from the date the contract was executed, if it was entered into during a state of emergency or during the one-year period after the date of loss.

The adjuster must disclose, in all of his or her contracts, the consumer’s right to cancel the contract, and the methods by which the consumer may send a cancellation.

Each public adjuster must provide to the claimant or insured a written estimate of the loss to assist in the submission of the insurance claim. The public adjuster must retain the estimate for at least five years and make it available to the claimant, insured, an insurer, or the DFS upon request.

²² Section 626.854, F.S. Laws enacted in 2008 (ch. 2008-220, Laws of Fla.), in 2009 (ch. 2009-87, Laws of Fla.), 2011 (ch. 2011-39, Laws of Fla.), and 2017 (ch. 2017-147, Laws of Fla.), provided significant changes relating to public adjusters. Rule 69B-220.201(4) and (5), F.A.C.

Surplus Lines Export Eligibility

Surplus lines insurance refers to a category of insurance for which the admitted market is unable or unwilling to provide coverage.²³ There are three basic categories of surplus lines risks:

- Specialty risks that have unusual underwriting characteristics or underwriting characteristics that admitted insurers view as undesirable;
- Niche risks for which admitted carriers do not have a filed policy form or rate; and
- Capacity risks (which are risks where an insured needs higher coverage limits than those that are available in the admitted market).

Surplus lines insurers are not “authorized” insurers as defined in the Florida Insurance Code,²⁴ which means they do not obtain a certificate of authority from the Office of Insurance Regulation (OIR) to transact insurance in Florida.²⁵ Rather, surplus lines insurers are “unauthorized” insurers,²⁶ but may transact surplus lines insurance if they are made eligible by the OIR.

An insurance agent²⁷ may “export,” or place a policy with an unauthorized insurer under the Surplus Lines Law²⁸, with the consent of the insurance applicant. Before an insurance agent can place insurance in the surplus lines market, the insurance agent must make a diligent effort to procure the desired coverage from admitted insurers.²⁹ A “diligent effort” requires a search for coverage that is ultimately denied by at least three authorized insurers in the admitted market. Additionally, the insurance agent must document the following before exporting the policy to the surplus lines market:³⁰

- The premium rate for policies written by a surplus lines insurer cannot be less than the premium rate used by a majority of authorized insurers for the same coverage on similar risks;
- The policy exported cannot provide coverage or rates that are more favorable than those are used by the majority of authorized insurers actually writing similar coverages on similar risks;
- The deductibles must be the same as those used by one or more authorized insurers, unless the coverage is for fire or windstorm; and
- For personal residential property risks,³¹ the policyholder must be advised in writing coverage may be available and less expensive from Citizens Property Insurance Corporation.

²³ The admitted market is comprised of insurance companies authorized to transact insurance in Florida. The administration of surplus lines insurance business is managed by the Florida Surplus Lines Service Office. Section 626.921, F.S. *See also*, Florida Surplus Lines Service Office, *What is Surplus Lines Insurance?*, <https://www.fslso.com/AboutGroup/about/surplus-lines-insurance> (last visited March 17, 2021).

²⁵ Section 624.09(1), F.S.

²⁶ Section 624.09(2), F.S.

²⁷ Typically, the applicant’s usual insurance agent works with the surplus lines agent to arrange the placement, rather than the applicant working directly with the surplus lines agent. A surplus lines agent requires separate licensure than a traditional insurance agent, and is permitted to secure insurance coverages with unauthorized insurers whereas traditional insurance agents are not. *See s. 626.914(1), F.S.*

²⁸ Sections 626.913-626.937, F.S., constitute the “Surplus Lines Law,” pursuant to s. 626.913(1), F.S.

²⁹ Section 626.916(1)(a), F.S.

³⁰ Section 626.916(1), F.S.

³¹ Personal residential policies include homeowners, mobile homeowners, dwelling fire, tenants, condominium unit owners, and similar policies.

Certain types of insurance, deemed “commercial risks,” including medical malpractice, travel, general liability, errors and omissions, and excess or umbrella insurance coverage, are exempt from the above diligent effort requirement. An insured for these commercial risks must sign a disclosure that provides, in substantially the following form:

You are agreeing to place coverage in the surplus lines market. Superior coverage may be available in the admitted market and at a lesser cost. Persons insured by surplus lines carriers are not protected under the Florida Insurance Guaranty Act with respect to any right of recovery for the obligation of an insolvent unlicensed insurer.³²

Unfair Insurance Trade Practices

The Unfair Insurance Trade Practices Act³³ prohibits unfair methods of competition and unfair or deceptive acts in the business of insurance,³⁴ including:

- Misrepresenting the benefits, advantages, or terms of any insurance policy;
- Inducing the lapse or exchange of any insurance policy, generally so the agent can earn a commission on a replacement policy; and
- Providing more insurance coverage than a consumer requests or consents to, while also failing to inform the consumer that the additional coverage was optional (“sliding”).³⁵

A person who commits an act prohibited by the Unfair Insurance Trade Practices Act is generally subject to a fine of up to \$20,000 for nonwillful violations, and up to \$200,000 total for willful violations.³⁶ However, specific violations are subject to greater administrative penalties and are also punishable as criminal misdemeanors.³⁷

Additionally, a person who willfully submits fraudulent signatures on an application or policy-related document commits a third-degree felony, which is also punishable by the assessment of administrative fines of no more than \$75,000 per violation.³⁸

Property Insurance Claim Communications and Investigations

Section 627.71031, F.S., provides base requirements for communications between an insurer and consumer that has notified the insurer of a possible claim. Generally, the residential property insurer must respond to the consumer within 14 days to acknowledge the claim and provide necessary claim forms, instructions, and telephone contact information. The insurer is then required to commence an investigation within 10 days after it received proof of loss statements

³² Section 626.916(3)(b), F.S.

³³ Chapter 626, F.S., part IX, ss. 626.951-626.99, F.S.

³⁴ Section 626.9541, F.S.

³⁵ Section 626.9541(1)(z), F.S. *See also, Beckett v. Department of Financial Services*, 982 So. 2d 94 (Fla. 1st DCA).

³⁶ Each count of a nonwillful violation is limited to a fine of no more than \$5,000, and each count of a willful violation is limited to a fine of no more than \$20,000. Section 626.9521(2), F.S.

³⁷ *See, e.g.,* Section 626.9521(3)(a), F.S., which makes the offenses of twisting and churning, which must involve fraudulent conduct, punishable as a first degree misdemeanor.

³⁸ Section 626.9521(3)(b), F.S.

from the consumer. Lastly, the insurer is required to pay or deny a claim within 90 days after notice of the claim was made; if the insurer fails to make such a payment until after 90 days have passed, the payment bears interest due to the consumer. These duties generally constitute the consumer rights outlined in the Homeowner Claims Bill of Rights.³⁹

The Homeowner Claims Bill of Rights

The Homeowner Claims Bill of Rights outlines consumers' rights and responsibilities as a homeowner's insurance policyholder during the insurance claims process.⁴⁰ An insurance company must provide a consumer with a copy of the Homeowner Claims Bill of Rights within 14 days of receiving any communication about a claim.⁴¹ Florida law provides form language that the insurer must include in the Homeowner Claims Bill of Rights, which gives notice of the consumer's right to:⁴²

- Receive written confirmation of a claim's coverage, denial, or continued investigation within 30 days of specific communication;
- Obtain full settlement payment, or partial payment on the undisputed portion of a claim, within 90 days;
- Enter mediation of a disputed claim or neutral evaluation of a claim relating to sinkhole damage; and
- Contact the DFS for assistance.

The Homeowner Claims Bill of Rights also includes consumer advice for best practices after a loss has been incurred.

Federal and State Requirements Regarding Disclosure of Personal Medical Information

The federal Health Insurance Portability and Accountability Act of 1996 (HIPAA)⁴³ requires health care providers, health plans, and health care clearinghouses⁴⁴ (covered entities) to protect the privacy of personal health information. The HIPAA Privacy rules cover protected health information that is created or received by a covered entity and requires covered entities to implement safeguards to protect health information from unauthorized access, use, or disclosure.⁴⁵ The term, "protected health information," (PHI) is broadly defined as individually identifiable information in any form or format—oral, paper-based, electronic—that "[r]elates to

³⁹ See further discussion of the Homeowner Claims Bill of Rights, *infra*.

⁴⁰ DFS, *Know Your Rights- Homeowner Claims Bill of Rights* (Dec. 2020), available at

<https://www.myfloridacfo.com/Division/Consumers/understandingCoverage/Guides/documents/HOABillRights.pdf> (last visited March 17, 2021).

⁴¹ Section 627.70131, F.S.

⁴² Section 627.7142, F.S. These consumer rights are partially based on the insurer's duties as outlined in s. 627.70131, F.S.

⁴³ P.L. 104-191, 110 Stat. 1936, August 21, 1996.

⁴⁴ 42 U.S.C. s. 1320d-1(a). A health plan is an individual or group plan that provides, or pays the cost of, medical care and includes private and government plans. A health care clearinghouse is an entity (e.g., billing service) that (1) receives nonstandard health information and processes, or facilitates the processing of, the information into a standard format required for electronic transaction; or (2) receives a standard transaction and processes, or facilitates the processing of, the information into nonstandard format for the recipient. A health care provider is a person (e.g., physician, nurse) or entity (e.g., hospital, clinic) who "furnishes, bills, or is paid for health care in the normal course of business and conducts one or more HIPAA-specified standard electronic transactions. 45 C.F.R. s. 160.103.

⁴⁵ 45 CFR Part 164 Subparts A and E.

the past, present, or future physical or mental health or condition of an individual; the provision of health care to an individual; or the past, present, or future payment for the provision of health care to an individual.⁴⁶

The HIPAA Privacy rules prohibit a covered entity from using or disclosing PHI except as expressly permitted or required by the rule.⁴⁷ For all uses or disclosures of PHI that are not otherwise permitted or required by the rule, covered entities must obtain a patient's written authorization.⁴⁸ Generally, third parties (business associates⁴⁹) of covered entities provide services and will need access to at least some patient information in order to perform those functions. Covered entities are required to obtain written agreements with their business associates that they will use PHI only for the purposes permitted or required by the contract; and implement appropriate safeguards to prevent misuse of PHI.⁵⁰

The Insurance Code requires health insurers to maintain strict confidentiality against unauthorized disclosure of confidential information regarding claims and records relating to the payment of psychiatric and psychotherapeutic services.⁵¹ Additionally, s. 456.057, F.S., provides patient records, when held by a healthcare professional, must not be disclosed without the consent of the patient or his or her legal representative.

Credit Reports

A credit report is a record of a consumer's credit history and other information about the consumer, including his or her name, address, social security number, employment information, date of birth, and court judgments.⁵² Three major credit bureaus—Equifax, Experian, and TransUnion—compile and sell consumer credit reports. Lenders, insurers, utility and cell phone companies, employers, and others may obtain a consumer's credit report for their use in determining (i.e., whether to extend credit), set insurance rates, or employ the consumer.⁵³ A consumer may also review his or her credit report at no charge once every 12 months, from each of the credit bureaus.

Generally, the federal Fair Credit Reporting Act (FCRA)⁵⁴ regulates the activities of Credit Reporting Agencies (CRAs), the users of consumer reports, and those who furnish information to CRAs. In 2003, the FCRA was amended by the Fair and Accurate Credit Transactions Act (FACTA) to address identity theft, improve the accuracy of consumer records, and to increase

⁴⁶ 45 CFR 160.103. The Privacy Rule implementing HIPAA creates standards for the protection of person health information.

⁴⁷ 45 CFR 164.502(a).

⁴⁸ 45 C.F.R. §164.508(a).

⁴⁹ 45 CFR 160.103.

⁵⁰ 45 C.F.R. 164.502(e), 164.504(e).

⁵¹ Sections 627.4195, F.S., and 627.688, F.S.

⁵² 15 U.S. Code s. 1681 defines a "credit report" as any written, oral, or other communication of any information by a consumer reporting agency bearing on a consumer's credit worthiness, ... general reputation, [or] personal characteristics... which is used...for the purpose of...establishing the consumer's eligibility for credit or employment purposes.... The Florida KIDS Act adopts this definition of a "credit report" in s. 501.0051(1)(a), F.S.

⁵³ Board of Governors of the Federal Reserve System, *Credit Reports and Credit Scores: Consumer's Guide*, available at https://www.federalreserve.gov/creditreports/pdf/credit_reports_scores_2.pdf (last visited March 17, 2021).

⁵⁴ Fair Credit Reporting Act, Pub. L. No. 91-508, codified as amended at 15 U.S.C. s. 1681-1681x.

consumer access to credit information.⁵⁵ The FCRA includes several provisions preempting state laws. For example, the FCRA provides no requirement or prohibition may be imposed under the laws of any state with respect to any subject matter regulated under subsections (i) and (j) of Section 605A, which relates to a national security freeze and national protection for files and credit records of protected consumers, respectively.⁵⁶

In May 2018, Congress passed the Economic Growth, Regulatory Relief, and Consumer Protection Act.⁵⁷ The law creates a national, free credit freeze and a national credit freeze for protected persons (for persons under 16 years of age and incapacitated adults). The law also establishes further requirements to protect minors. The “adult” freeze and the protected consumer freeze went into effect September 2018.⁵⁸

Security Freezes and the Keeping I.D. Safe (KIDS) Act

In Florida, The Keeping I.D. Safe (KIDS) Act⁵⁹ allows a third party, such as a parent or guardian, to place a security freeze on a minor child’s credit report, or credit score to prevent the information from being released without express authorization to a third party, such as an insurer. After its receipt of a security freeze request, a credit reporting agency must provide a unique personal identification number (PIN) to the minor child’s representative; this PIN is required to remove the security freeze. While credit reporting agencies are prohibited from charging any fee to place or remove a security freeze, they may charge up to \$10 to reissue a PIN.⁶⁰

Florida Telemarketer Act

The Florida Telemarketer Act, ss. 501.601-501.626, F.S., prohibits commercial telephone solicitations before 8 a.m. or after 9 p.m. However, insurers and their subsidiaries and affiliates are exempt from this law.⁶¹ Similarly, the Federal Trade Commission’s Telemarketing Sales Rule prohibits telemarketing calls before 8 a.m., or after 9 p.m.⁶²

Currently, Florida law prohibits public adjusters from soliciting an insured before 8 a.m. and after 8 p.m. on Monday through Saturday, and completely prohibits any solicitations on Sunday.⁶³

Florida Insurance Guaranty Association

The Florida Insurance Guaranty Association (FIGA) is a not-for-profit corporation created by statute that steps into the shoes of insolvent insurers to timely pay certain property and casualty

⁵⁵ Fair and Accurate Credit Transactions Act, Pub. L. No. 108-159 (2003).

⁵⁶ 15 U.S.C. s. 1681t(b)(1)(J).

⁵⁷ Pub. L. No. 115-174, Title III.

⁵⁸ These changes created subsections (i) and (j) of Section 605A of the FCRA. 15 U.S.C. ss. 1681c-1(i) and 1681c-1(j).

⁵⁹ Section 501.0051, F.S.

⁶¹ Section 501.604(7), F.S.

⁶² Federal Trade Commission, *The Telemarketing Sales Rule*, <https://www.consumer.ftc.gov/articles/0198-telemarketing-sales-rule> (last visited March 17, 2021).

⁶³ Section 626.854(5), F.S.

claims⁶⁴ that would otherwise be left unpaid.⁶⁵ FIGA does not offer a replacement policy, and coverage offered by FIGA is generally limited to a \$300,000 payment. A consumer may receive additional FIGA coverage of up to \$200,000 for damages to their home's structure or the contents thereof.⁶⁶ Condominium and homeowner's association claims have a coverage cap of \$100,000 multiplied by the number of units in the association.⁶⁷ All claims filed with FIGA are subject to a \$100 deductible in addition to any deductible identified in the consumer's policy.⁶⁸

III. Effect of Proposed Changes:

Consumer Protections Related to Credit Reports

Section 1 amends s. 501.0051, F.S., to prohibit a credit reporting agency from charging any fee to reissue a personal identification number (PIN) or provide a new unique PIN to a consumer.

Section 13 amends s. 626.9741(3), F.S., to require an insurer to include the following language in its notice that a consumer's credit report or score is being requested:

The Department of Financial Services offers free financial literacy programs to assist you with insurance-related questions, including how credit works and how credit scores are calculated. To learn more, visit www.MyFloridaCFO.com.

Insurer Responses to Requests from the Division of Consumer Services

Section 2 amends s. 624.307(10)(b), F.S., to create a duty for an entity that is licensed or issued a certificate of authority by the Department of Financial Services (DFS) to respond to the DFS' requests for documents. The response must include any requested documents not subject to attorney-client or work product privilege.

Claims Adjusting

Section 3 amends s. 624.501, F.S., to eliminate the \$60 fee for a new, or the renewal of an existing, adjusting firm license.

This section necessitates **Section 14**, which conforms a cross reference in s. 626.9953, F.S.

Section 4 amends s. 626.112, F.S., to specify entities that must comply with s. 626.8696, F.S., with respect to possessing an adjusting firm license for each place of business at which it performs activity for which it is necessary to be licensed as a claims adjuster.

⁶⁴ A "covered claim" is an unpaid claim, including one of unearned premiums, which arises out of, and is within the coverage, and not in excess of, the applicable limits of an insurance policy." Section 631.54, F.S.

⁶⁵ See generally, Part II, ch. 631, F.S., "Florida Insurance Guaranty Association Act." See also, Florida Insurance Guaranty Association, *Home*, <https://figafacts.com/> (last visited March 17, 2021).

⁶⁶ Section 631.57(2), F.S.

⁶⁷ Section 631.57(3), F.S.

⁶⁸ Section 631.57(2), F.S., see also, Florida Insurance Guaranty Association, *Frequently Asked Questions: Are There Limits on the Amount that FIGA Will Pay?*, <https://figafacts.com/frequently-asked-questions/> (last visited March 17, 2021).

The section provides that an adjusting firm's branch place of business is classified as a branch firm, and does not require licensure, if the branch:

- Transacts business under the same name and federal tax identification number as the licensed adjusting firm;
- Designates with the DFS a primary adjuster operating the location as required by s. 626.8965, F.S.; and
- Submits the address and telephone number of the branch location to the DFS within 30 days after insurance transactions begin at the branch location.

The section requires the DFS to impose an administrative fine of up to \$10,000 if an adjusting firm is required to be licensed pursuant to this section but fails to apply for such licensure.

The bill revises the Licensing Procedures Law's prohibition against unlicensed activity to include knowingly aiding or abetting an unlicensed person in transacting insurance or otherwise engaging in insurance activities in this state without a license. A person who does so commits a third-degree felony.

Presently, s. 777.011, F.S., includes as a "principal in the first degree" a person who aids, abets, counsels, hires, or otherwise procures a criminal offense to be committed. Thus, such person may be charged, convicted, and punished, with the underlying criminal offense even if they were actually or constructively present at the commission of such offense. Accordingly, given current statutory provisions regarding aiding and abetting, the bill merely clarifies or restates existing law.

This section necessitates **Section 15**, which conforms a cross reference in s. 626.9957, F.S.

Prohibiting Misleading Insurance Agency Names

Section 5 amends s. 626.602, F.S., to authorize the DFS to disapprove an insurance agency's proposed use of a name which includes the words "Medicare" or "Medicaid." Insurance agencies that operate under such a name as of July 1, 2021, may continue to use the names, but if the license expires or is suspended or revoked, the agency may not be relicensed under that name.⁶⁹

Taking Administrative Action against Applicants for Licensure and Licensees for Engaging in Prohibited Actions

Section 6 amends s. 626.621, F.S., to add two bases under which the DFS may suspend or revoke the license of an insurance agent, adjuster, customer representative, service representative, or managing general agent, or refuse to issue a license to an applicant:

- Taking an action that allows a consumer's or customer's personal financial or medical information to be made available or accessible to the public; and
- Initiating in-person or telephone solicitation with a prospective customer after 9 p.m. or before 8 a.m., unless the customer requests otherwise.

⁶⁹ Insurance agency licenses are indefinite. Section 626.382, F.S.

Prohibiting the Sale of Industrial Life Insurance

Sections 7, 8, and 17 respectively amend ss. 626.782, 626.783, and 627.502, F.S., and **Section 9** repeals s. 626.796, F.S., to prohibit the sale of industrial life insurance policies, after July 1, 2021. Insurers may continue to service and collect premiums on industrial life policies written before that date. According to the DFS, industrial life insurance is not currently being sold in this state, and less than 10 percent of active life insurers maintain existing policies.

Expanding the Cancellation Period for Public Adjuster Contracts; Prohibiting Contractors from Soliciting an Insured to File a Claim

Section 10 amends s. 626.854, F.S., to increase the duration of the cooling-off period during which a consumer may cancel his or her contract with a public adjuster to 10 calendar days. Currently, the contract may generally be canceled within three business days after the contract is executed or the insurer is informed of the claim, whichever is later. Current law provides a cancellation period of five business days during, and for one year thereafter, a state of emergency declared by the Governor.

The bill also specifies the public adjuster's written estimate of loss must include an itemized, per-unit estimate of the repairs, including itemized information on equipment, materials, labor, and supplies created in accordance with accepted industry standards. The public adjuster must provide the detailed written estimate to the claimant or insured within 60 days after the date of the contract.

The bill prohibits a licensed contractor or subcontractor from soliciting, advertising, offering to handle, handling, or performing public-adjuster services unless licensed and compliant as a public adjuster. The prohibition does not preclude a contractor from suggesting or recommending the insured contact their insurer to determine if proposed repairs are covered under the insured's insurance policy.

The bill prohibits persons other than a licensed public adjuster or attorney from offering to initiate or negotiate a claim or advertise services which require a public adjuster license on behalf of a public adjuster, an insured, or a third-party claimant. The bill retains current law which prevents persons other than a public adjuster or attorney from soliciting, investigating, or adjusting a claim on behalf of a public adjuster, insured, or third-party claimant.

The bill authorizes the DFS to take administrative actions and impose fines against persons performing without the necessary licensure claims adjusting or any of the public adjusting services detailed in s. 626.854, F.S.

The bill prohibits a public adjustor, public adjustor apprentice, or public adjusting firm, who solicits a claim and does not enter into a contract with an insured or third party claimant, from charging or receiving payment from an insured or a third-party claimant.

Notice to Insureds that Surplus Lines Insurers Are Not Protected by the Florida Insurance Guaranty Association

Section 11 amends s. 626.916, F.S., to provide that insurance coverage is not eligible for export to a surplus lines insurer, unless the insured signs or provides documented acknowledgement of the following disclosure:

“You are agreeing to place coverage in the surplus lines market. Coverage may be available in the admitted market. Persons insured by surplus lines carriers are not protected under the Florida Insurance Guaranty Act with respect to any right of recovery for the obligation of an insolvent unlicensed insurer.”

The bill deletes a disclosure that was required to export certain types of commercial lines insurance⁷⁰ to a surplus lines carrier without meeting the generally applicable requirements⁷¹ to export a commercial policy. The deleted disclosure is similar to the one created by the bill, except the deleted disclosure states, “superior coverage may be available in the admitted market and at a lesser cost.”

This section is effective January 1, 2022.

Unfair Insurance Trade Practices

Section 12 amends s. 626.9541, F.S., to expand the definition of sliding, a practice that violates the Unfair Insurance Trade Practices, to include:

- Initiating, effectuating, binding, or otherwise issuing an insurance policy without the prior informed consent of the person who owns the property that will be insured; and
- Mailing, transmitting, or otherwise submitting an invoice for premium payment to a mortgagee or escrow agent in order to effectuate an insurance policy without the prior informed consent of the owner of the property that will be insured. However, it does not include cases where the mortgagee or escrow agent is renewing insurance or issuing collateral protection insurance pursuant to the mortgage or other pertinent loan documents or communications regarding the property.

These new violations will be punishable as administrative violations under the general provisions of the Unfair Insurance Trade Practices Act. However, the underlying acts that give rise to those administrative violations may also give rise to charges under s. 626.9541(1)(ee), F.S., which prohibits the willful submission of fraudulent signatures on an application or policy-related document, and is punishable as a third-degree felony pursuant to s. 626.9521, F.S.

⁷⁰ Those identified in s. 627.062(3)(d)1.

⁷¹ Section 626.916(1)(a)-(d), F.S.

Residential Property Insurance Claim Investigations; Application to Surplus Lines

Section 18 amends s. 627.70131, F.S., to impose new requirements on residential property insurers during their claim investigations, and to apply the section's requirements to surplus lines insurers and policies providing personal residential property insurance coverage.

The bill clarifies the communication standards of the statute by referring to "representatives" of an insurer, rather than "an agent" of the insured. The term "representative" is defined in the same way the term "agent" is currently defined by this statute: "any person to whom an insurer has granted authority or responsibility to receive or make such communications with respect to claims on behalf of the insurer." The current use of "agent" could confuse readers of the statute regarding whether the requirements of the section only apply to licensed agents.

The bill requires a residential property insurer begin its claim investigation within 14 days of receiving a proof of loss statement; current law provides 10 business days. As under current law, the statutory time frame for beginning an investigation does not apply if any law or the insurance policy provides otherwise, if a claim investigation is not reasonably necessary, or if circumstances beyond the insurer's control reasonably prevent the investigation from commencing.

If the claim investigation involves a physical inspection of the property, the bill requires that the insurer's licensed adjuster must provide the policyholder a printed or electronic document containing the adjuster's name and state adjuster license number. All subsequent communications by an adjuster must include the adjuster's name and license number. The insurer must maintain a record of each adjuster who engages in the foregoing communications, and provide that list to the insured, the OIR, or the DFS upon request.

The bill requires the insurer to provide notices that explain when the insurer is providing a preliminary or partial estimate, or making a claim payment that is not the full and final payment for the claim. The insurer must include with any preliminary or partial estimate of damages, the following notice in 12-point bold, uppercase type:

THIS ESTIMATE REPRESENTS OUR CURRENT EVALUATION OF THE COVERED DAMAGES TO YOUR INSURED PROEPRTY AND MAY BE REVISED AS WE CONTINUE TO EVALUATE YOUR CLAIM. IF YOU HAVE QUESTIONS, CONCERNS, OR ADDITIONAL INFORMATION REGARDING YOUR CLAIM, WE ENCOURAGE TO CONTACT US.

The insurer must include with any claim payment which is not the full and final payment for the claim, the following notice in 12-point bold, uppercase type:

WE ARE CONTINUING TO EVALUATE YOUR CLAIM INVOLVING YOUR INSURED PROPERTY AND MAY ISSUE ADDITIONAL PAYMENTS. IF YOU HAVE QUESTIONS, CONCERNS, OR ADDITIONAL INFORMATION REGARDING YOUR CLAIM, WE ENCOURAGE YOU TO CONTACT US.

The bill creates a new subsection (8) that applies the section to surplus lines insurers and authorized surplus lines insurance providing personal residential property insurance coverage.

This section is effective January 1, 2022.

Section 16 amends s. 627.062, F.S., to correct a cross reference to s. 627.70131(7), F.S., relating to insurer's rate standards. The insurer may not include any interest paid pursuant to s. 627.7013(7), F.S., in their rate base and may not be used to justify a rate or rate change.

Homeowner Claims Bill of Rights

Section 19 amends s. 627.7142, F.S., which contains the Homeowner Claims Bill of Rights which the insurer must provide the homeowner after receiving the initial communication regarding a personal lines residential property insurance claim. Currently, the Homeowner Claims Bill of Rights must be provided within 14 days after an insurer receives an initial communication on any personal lines residential property insurance claim. Additionally, the Homeowner Claims Bill of Rights currently include notice the consumer has the right to receive interest payments; these payments begin accruing when a consumer files a claim if the insurer does not deny the claim or pay the full settlement of the claim, or the undisputed portion of the claim, within 90 calendar days after a claim is filed.⁷² Any payable interest must be paid when the claim, or undisputed portion of the claim, is paid.

The Homeowner Claims Bill of Rights is also amended to encourage insureds to take video of damage before and after any repairs, and specify the purpose of such videos or photographs is so they can be provided to the insurer. In addition, insureds are encouraged to file claims directly with their insurance company.

This section is effective January 1, 2022.

Elimination of the \$100 Florida Insurance Guaranty Fund Deductible

Section 20 amends s. 631.57, F.S., to remove the insured's obligation to pay a \$100 deductible to FIGA in order to receive payment on their claim through FIGA. The insured remains obligated to pay their original insurer's deductible.

Florida Workers' Compensation Insurance Guaranty Association (FWCIGA) Covered Claims

Section 21 amends s. 631.904(2), F.S., to revise the definition of a "covered claim" for purposes of the FWCIGA, to exclude from the definition the return of premium resulting from a policy that was not in force on the date of the final order of liquidation.

Effective Date

Section 22 provides the bill, except as otherwise provided, is effective upon becoming a law.

⁷² See s. 627.70131(5)(a), F.S.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

Credit Bureaus will no longer be permitted to charge a fee to re-issue a personal identification number to consumers. *See Section VII, Related Issues.*

Consumers who seek to have their claims covered by Florida Insurance Guaranty Association (FIGA) will no longer be required to pay the \$100 deductible to FIGA.

Certain property adjusting businesses will be required to become licensed by the Department of Financial Services (DFS) and pay related application fees; those who fail to submit an application for licensure will be subject to administrative penalties.

Consumers may benefit from the extended cooling-off period, which allows them to void a contract for public adjusting services without penalty.

Certain licensees may be subject to administrative or criminal penalties as a result of the additional penalties created by this bill.

Insurers will be prohibited from selling industrial life insurance policies, although this should have a de minimis impact, as few currently offer this type of policy.

Insurers and certain agents may be required to update forms or mailers to reflect the new surplus lines export disclosure, the hurricane disclosure, the updated homeowner claims bill of rights, and the prohibition of forum selection clauses.

C. Government Sector Impact:

The bill has an insignificant indeterminate impact to state funds and expenditures.

The elimination of the \$60 fee for a new or renewal adjusting firm license may have an insignificant impact on future state revenues. In addition, eliminating the \$100 FIGA deductible may have an insignificant financial impact on FIGA.

Sections 4, 10 and 12 increase the DFS's authority to take administrative action and impose administrative fines, which may result in an insignificant indeterminate increase in administrative fines collected.

The Criminal Justice Impact Conference, which provides the final, official estimate of the prison bed impact, if any, of legislation, has not yet reviewed the bill. Section 5 of the bill revises the Licensing Procedures Law's prohibition against unlicensed activity to include knowingly and abetting an unlicensed person in transacting insurance or otherwise engaging in insurance activities in Florida without a license. A person who does so commits a third degree felony. **Section 12** of the bill amends the Unfair Insurance Trade Practices Act (Act). The new violations under **Section 12** are punishable as administrative violations under the general provisions of the Act. However, the underlying acts which give rise to the administrative violations may give rise to charges under s. 626.9541(1)(ee), F.S., which is punishable as a third degree felony.

VI. Technical Deficiencies:

Section 6 of the bill amends s. 626.621, F.S., to authorize the Department of Financial Services (DFS) to suspend or revoke the license of an insurance agent, adjuster, customer representative, service representative, or managing general agent, or refuse to issue a license to an applicant for taking an action that allows a consumer's or customer's personal financial or medical information to be made available or accessible to the public; however, it is unclear what information would be considered financial or medical information. These terms are undefined. For purposes of HIPAA, protected health information is defined. Further, s. 624.23, F.S., defines the term, "personal financial and health information," as it relates to consumer complaints and inquiries received by the DFS.

Section 10 of the bill amending s. 626.854(19), F.S., appears intended to prohibit a person that is not an attorney or licensed public adjuster from, on behalf of a public adjuster, advertising, providing advice regarding a claim, or assisting in the adjustment of a claim. This bill section also creates a new subsection (20) to s. 626.854, F.S., to authorize the DFS to take administrative actions and impose fines for unlicensed public adjusting or claims adjusting activity; however, DFS will have difficulty enforcing such a fine or taking administrative action when the violator is not a licensee of the DFS.

VII. Related Issues:

Section 1 of the bill may be federally preempted pursuant to 15 U.S.C. s. 1681t. This federal law prohibits states from imposing laws with respect to any subject matter regulated under subsections (i) and (j) of section 605A relating to security freezes.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 501.0051, 624.307, 624.501, 626.015, 626.112, 626.602, 626.621, 626.7315, 626.782, 626.783, 626.7845, 626.8305, 626.854, 626.916, 626.9541, 626.9741, 626.9953, 626.9957, 627.062, 627.502, 627.70131, 627.7142, 631.57, and 631.904.

This bill repeals section 626.796 of the Florida Statutes.

IX. Additional Information:

- A. **Committee Substitute – Statement of Substantial Changes:**
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on April 15, 2021:

The committee substitute:

- Clarifies contractors may recommend that policyholders contact their insurance company, but may not initiate, manage, or handle the claim for the policyholder; but does not prohibit or preclude a contractor from recommending the policyholder contact the insurer to determine if proposed repair is covered under the insured's insurance policy;
- Clarifies the surplus lines 90-day provision would apply only to personal residential properties;
- Clarifies no person other than an attorney at law or a licensed public adjuster, may offer to initiate or negotiate a claim or advertise services which require a public adjuster license on behalf of a public adjuster, an insured, or a third-party claimant
- Removes the definition of claims adjusting and the respective cross-references.
- Authorizes the Department of Financial Services to take administrative action and impose fines against persons performing claims adjusting, soliciting, or any other services described in the section, without licensure required under the bill and s. 626.112, F.S.
- Prohibits a public adjustor, public adjustor apprentice, or public adjusting firm, who solicits a claim and does not enter into a contract with an insured or third party claimant, from charging or receiving payment from an insured or a third-party claimant.
- Removes the prohibition against foreign venue clauses.
- Revises the Homeowner Claims Bill of Rights.

CS by Banking and Insurance on March 16, 2021:

The committee substitute:

- Prohibits persons other than a public adjuster or attorney from advertising, providing advice, or assisting the adjustment of a claim on behalf of a public adjuster, insured, or third-party claimant.
- Authorizes the Department of Financial Services to take administrative actions and impose fines against persons performing without the necessary licensure claims adjusting or any of the public adjusting services detailed in s. 626.854, F.S.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Banking and Insurance; and Senator Gruters

88 obligation of the Florida Insurance Guaranty
 89 Association, Incorporated, as to certain covered
 90 claims; amending s. 631.904, F.S.; revising the
 91 definition of the term "covered claim"; deleting a
 92 requirement that a policy be in force on the date of
 93 the final order of liquidation; providing effective
 94 dates.

96 Be It Enacted by the Legislature of the State of Florida:

97
 98 Section 1. Paragraph (b) of subsection (9) of section
 99 501.0051, Florida Statutes, is amended to read:

100 501.0051 Protected consumer report security freeze.-
 101 (9)

102 (b) A consumer reporting agency may not charge a fee to a
 103 ~~reasonable fee, not to exceed \$10, if the representative fails~~
 104 ~~to retain the original unique personal identifier provided by~~
 105 ~~the consumer reporting agency and the agency must reissue the~~
 106 unique personal identifier or to provide a new unique personal
 107 identifier to the consumer representative.

108 Section 2. Paragraph (b) of subsection (10) of section
 109 624.307, Florida Statutes, is amended to read:

110 624.307 General powers; duties.-
 111 (10)

112 (b) Any person licensed or issued a certificate of
 113 authority by the department or the office shall respond, in
 114 writing, to the division within 20 days after receipt of a
 115 written request for documents and information from the division
 116 concerning a consumer complaint. The response must address the

Page 4 of 31

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

597-02952-21 20211598c1

117 issues and allegations raised in the complaint and include any
118 requested documents concerning the consumer complaint not
119 subject to attorney-client or work-product privilege. The
120 division may impose an administrative penalty for failure to
121 comply with this paragraph of up to \$2,500 per violation upon
122 any entity licensed by the department or the office and \$250 for
123 the first violation, \$500 for the second violation, and up to
124 \$1,000 for the third or subsequent violation upon any individual
125 licensed by the department or the office.

126 Section 3. Subsection (20) of section 624.501, Florida
127 Statutes, is amended to read:

128 624.501 Filing, license, appointment, and miscellaneous
129 fees.-The department, commission, or office, as appropriate,
130 shall collect in advance, and persons so served shall pay to it
131 in advance, fees, licenses, and miscellaneous charges as
132 follows:

133 ~~(20) Adjusting firm, original or renewal 3-year~~
134 ~~license.....\$60.00~~

135 Section 4. Present subsections (6) through (21) of section
136 626.015, Florida Statutes, are redesignated as subsections (7)
137 through (22), respectively, and a new subsection (6) is added to
138 that section, to read:

139 626.015 Definitions.-As used in this part:

140 (6) "Claims adjusting" means directly or indirectly
141 attempting or undertaking to ascertain and determine the amount
142 of a claim, loss, or damage payable under an insurance contract
143 or undertaking to negotiate or effect settlement of a claim,
144 loss, or damage under an insurance contract, if such action
145 results in payment to or receipt of money, commission, or any

597-02952-21 20211598c1

146 other thing of value by the party or parties rendering such
147 service or persons affiliated with such party or parties. Claims
148 adjusting also includes soliciting claims adjusting services as
149 described in this chapter or soliciting an insured or
150 policyholder to file an insurance claim. Claims adjusting does
151 not include:

152 (a) Paid services as a spokesperson used as part of a
153 written or an electronic advertisement;

154 (b) Paid services as a photographer or videographer used to
155 capture images of damage;

156 (c) Paid services to inventory personal property or
157 business personal property; or

158 (d) Discussion or explanation of a bid for construction or
159 repair services with a property owner or the insurer of such
160 property by a contractor licensed pursuant to part I of chapter
161 489 or a subcontractor for a licensed contractor.

162 Section 5. Present subsection (9) of section 626.112,
163 Florida Statutes, is redesignated as subsection (10) and
164 amended, a new subsection (9) is added to that section, and
165 paragraph (d) of subsection (7) of that section is amended, to
166 read:

167 626.112 License and appointment required; agents, customer
168 representatives, adjusters, insurance agencies, service
169 representatives, managing general agents, insurance adjusting
170 firms.-

171 (7)

172 ~~(d) Effective October 1, 2015, the department must~~
173 ~~automatically convert the registration of an approved registered~~
174 ~~insurance agency to an insurance agency license.~~

597-02952-21

20211598c1

175 (9) (a) An individual, firm, partnership, corporation,
 176 association, or other entity may not act in its own name or
 177 under a trade name, directly or indirectly, as an adjusting firm
 178 unless it complies with s. 626.8696 with respect to possessing
 179 an adjusting firm license for each place of business at which it
 180 engages in an activity that may be performed only by a licensed
 181 insurance adjuster. However, an adjusting firm that is owned and
 182 operated by a single licensed adjuster conducting business in
 183 his or her individual name and not employing or otherwise using
 184 the services of or appointing other licensees is exempt from the
 185 adjusting firm licensing requirements of this subsection.

186 (b) A branch place of business that is established by a
 187 licensed adjusting firm is considered a branch firm and is not
 188 required to be licensed if:

189 1. It transacts business under the same name and federal
 190 tax identification number as the licensed adjusting firm;

191 2. It has designated with the department a primary adjuster
 192 operating the location as required by s. 626.8695; and

193 3. The address and telephone number of the branch location
 194 have been submitted to the department for inclusion in the
 195 licensing record of the licensed adjusting firm within 30 days
 196 after insurance transactions begin at the branch location.

197 (c) If an adjusting firm is required to be licensed but
 198 fails to apply for licensure in accordance with this section,
 199 the department must impose an administrative penalty of up to
 200 \$10,000 on the firm.

201 (10) (9) Any person who knowingly transacts insurance or
 202 otherwise engages in insurance activities in this state without
 203 a license in violation of this section or who knowingly aids or

597-02952-21

20211598c1

204 abets an unlicensed person in transacting insurance or otherwise
 205 engaging in insurance activities in this state without a license
 206 commits a felony of the third degree, punishable as provided in
 207 s. 775.082, s. 775.083, or s. 775.084.

208 Section 6. Subsection (4) is added to section 626.602,
 209 Florida Statutes, to read:

210 626.602 Insurance agency names; disapproval.—The department
 211 may disapprove the use of any true or fictitious name, other
 212 than the bona fide natural name of an individual, by any
 213 insurance agency on any of the following grounds:

214 (4) The name contains the word "Medicare" or "Medicaid." An
 215 insurance agency whose name contains the word "Medicare" or
 216 "Medicaid" but which is licensed as of July 1, 2021, may
 217 continue to use that name until June 30, 2023, provided that the
 218 agency's license remains valid. If the agency's license expires
 219 or is suspended or revoked, the agency may not be relicensed
 220 using that name. Licenses for agencies with names containing
 221 either of these words automatically expire on July 1, 2023,
 222 unless these words are removed from the name.

223 Section 7. Subsections (16) and (17) are added to section
 224 626.621, Florida Statutes, to read:

225 626.621 Grounds for discretionary refusal, suspension, or
 226 revocation of agent's, adjuster's, customer representative's,
 227 service representative's, or managing general agent's license or
 228 appointment.—The department may, in its discretion, deny an
 229 application for, suspend, revoke, or refuse to renew or continue
 230 the license or appointment of any applicant, agent, adjuster,
 231 customer representative, service representative, or managing
 232 general agent, and it may suspend or revoke the eligibility to

597-02952-21 20211598c1

233 hold a license or appointment of any such person, if it finds
234 that as to the applicant, licensee, or appointee any one or more
235 of the following applicable grounds exist under circumstances
236 for which such denial, suspension, revocation, or refusal is not
237 mandatory under s. 626.611:

238 (16) Taking an action that allows the personal financial or
239 medical information of a consumer or customer to be made
240 available or accessible to the general public, regardless of the
241 format in which the record is stored.

242 (17) Initiating in-person or telephone solicitation after 9
243 p.m. or before 8 a.m. local time of the prospective customer
244 unless requested by the prospective customer.

245 Section 8. Section 626.7315, Florida Statutes, is amended
246 to read:

247 626.7315 Prohibition against the unlicensed transaction of
248 general lines insurance.—With respect to any line of authority
249 as defined in s. 626.015(8) ~~s. 626.015(7)~~, no individual shall,
250 unless licensed as a general lines agent:

251 (1) Solicit insurance or procure applications therefor;

252 (2) In this state, receive or issue a receipt for any money
253 on account of or for any insurer, or receive or issue a receipt
254 for money from other persons to be transmitted to any insurer
255 for a policy, contract, or certificate of insurance or any
256 renewal thereof, even though the policy, certificate, or
257 contract is not signed by him or her as agent or representative
258 of the insurer, except as provided in s. 626.0428(1);

259 (3) Directly or indirectly represent himself or herself to
260 be an agent of any insurer or as an agent, to collect or forward
261 any insurance premium, or to solicit, negotiate, effect,

597-02952-21 20211598c1

262 procure, receive, deliver, or forward, directly or indirectly,
263 any insurance contract or renewal thereof or any endorsement
264 relating to an insurance contract, or attempt to effect the
265 same, of property or insurable business activities or interests,
266 located in this state;

267 (4) In this state, engage or hold himself or herself out as
268 engaging in the business of analyzing or abstracting insurance
269 policies or of counseling or advising or giving opinions, other
270 than as a licensed attorney at law, relative to insurance or
271 insurance contracts, for fee, commission, or other compensation,
272 other than as a salaried bona fide full-time employee so
273 counseling and advising his or her employer relative to the
274 insurance interests of the employer and of the subsidiaries or
275 business affiliates of the employer;

276 (5) In any way, directly or indirectly, make or cause to be
277 made, or attempt to make or cause to be made, any contract of
278 insurance for or on account of any insurer;

279 (6) Solicit, negotiate, or in any way, directly or
280 indirectly, effect insurance contracts, if a member of a
281 partnership or association, or a stockholder, officer, or agent
282 of a corporation which holds an agency appointment from any
283 insurer; or

284 (7) Receive or transmit applications for suretyship, or
285 receive for delivery bonds founded on applications forwarded
286 from this state, or otherwise procure suretyship to be effected
287 by a surety insurer upon the bonds of persons in this state or
288 upon bonds given to persons in this state.

289 Section 9. Section 626.782, Florida Statutes, is amended to
290 read:

597-02952-21 20211598c1

291 626.782 "Industrial class insurer" defined.—An "industrial
 292 class insurer" is an insurer collecting premiums on policies of
 293 ~~writing~~ industrial life insurance, as defined in s. 627.502,
 294 written before July 1, 2021, and as to such insurance, operates
 295 under a system of collecting a debit by its agent.

296 Section 10. Section 626.783, Florida Statutes, is amended
 297 to read:

298 626.783 "Ordinary-combination class insurer" defined.—An
 299 "ordinary-combination class insurer" is an insurer writing ~~both~~
 300 ordinary class insurance and collecting premiums on existing
 301 industrial life class insurance as defined by s. 627.502.

302 Section 11. Subsection (2) of section 626.7845, Florida
 303 Statutes, is amended to read:

304 626.7845 Prohibition against unlicensed transaction of life
 305 insurance.—

306 (2) Except as provided in s. 626.112(6), with respect to
 307 any line of authority specified in s. 626.015(13) ~~or~~
 308 ~~626.015(12)~~, an individual may not, unless licensed as a life
 309 agent:

310 (a) Solicit insurance or annuities or procure applications;
 311 (b) In this state, engage or hold himself or herself out as
 312 engaging in the business of analyzing or abstracting insurance
 313 policies or of counseling or advising or giving opinions to
 314 persons relative to insurance or insurance contracts, unless the
 315 individual is:

316 1. A consulting actuary advising insurers;
 317 2. An employee of a labor union, association, employer, or
 318 other business entity, or the subsidiaries and affiliates of
 319 each, who counsels and advises such entity or entities relative

Page 11 of 31

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

597-02952-21 20211598c1

320 to their interests and those of their members or employees under
 321 insurance benefit plans; or

322 3. A trustee advising a settlor, a beneficiary, or a person
 323 regarding his or her interests in a trust, relative to insurance
 324 benefit plans; or

325 (c) In this state, from this state, or with a resident of
 326 this state, offer or attempt to negotiate on behalf of another
 327 person a viatical settlement contract as defined in s. 626.9911.

328 Section 12. Section 626.796, Florida Statutes, is repealed.

329 Section 13. Section 626.8305, Florida Statutes, is amended
 330 to read:

331 626.8305 Prohibition against the unlicensed transaction of
 332 health insurance.—Except as provided in s. 626.112(6), with
 333 respect to any line of authority specified in s. 626.015(9) ~~or~~
 334 ~~626.015(8)~~, an individual may not, unless licensed as a health
 335 agent:

336 (1) Solicit insurance or procure applications; or

337 (2) In this state, engage or hold himself or herself out as
 338 engaging in the business of analyzing or abstracting insurance
 339 policies or of counseling or advising or giving opinions to
 340 persons relative to insurance contracts, unless the individual
 341 is:

342 (a) A consulting actuary advising insurers;

343 (b) An employee of a labor union, association, employer, or
 344 other business entity, or the subsidiaries and affiliates of
 345 each, who counsels and advises such entity or entities relative
 346 to their interests and those of their members or employees under
 347 insurance benefit plans; or

348 (c) A trustee advising a settlor, a beneficiary, or a

Page 12 of 31

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

597-02952-21

20211598c1

349 person regarding his or her interests in a trust, relative to
350 insurance benefit plans.

351 Section 14. Subsections (6), (11), (15), and (19) of
352 section 626.854, Florida Statutes, are amended, and subsection
353 (20) is added to that section, to read:

354 626.854 "Public adjuster" defined; prohibitions.—The
355 Legislature finds that it is necessary for the protection of the
356 public to regulate public insurance adjusters and to prevent the
357 unauthorized practice of law.

358 (6) An insured or claimant may cancel a public adjuster's
359 contract to adjust a claim without penalty or obligation within
360 10 calendar ~~3 business~~ days after the date on which the contract
361 is executed ~~or within 3 business days after the date on which~~
362 ~~the insured or claimant has notified the insurer of the claim,~~
363 ~~whichever is later.~~ The public adjuster's contract must contain
364 the following language in minimum 18-point bold type: "You, the
365 insured, may cancel this contract for any reason without penalty
366 or obligation to you within 10 days after the date of this
367 contract by providing notice to ...(name of public adjuster)...,
368 submitted in writing and sent by certified mail, return receipt
369 requested, or other form of mailing that provides proof thereof,
370 at the address specified in the contract ~~disclose to the insured~~
371 ~~or claimant his or her right to cancel the contract and advise~~
372 ~~the insured or claimant that notice of cancellation must be~~
373 ~~submitted in writing and sent by certified mail, return receipt~~
374 ~~requested, or other form of mailing that provides proof thereof,~~
375 ~~to the public adjuster at the address specified in the contract,~~
376 ~~provided, during any state of emergency as declared by the~~
377 ~~Governor and for 1 year after the date of loss, the insured or~~

Page 13 of 31

597-02952-21

20211598c1

378 ~~claimant has 5 business days after the date on which the~~
379 ~~contract is executed to cancel a public adjuster's contract.~~

380 (11) Each public adjuster must provide to the claimant or
381 insured a written estimate of the loss to assist in the
382 submission of a proof of loss or any other claim for payment of
383 insurance proceeds within 60 days after the date of the
384 contract. The written estimate must include an itemized, per-
385 unit estimate of the repairs, including itemized information on
386 equipment, materials, labor, and supplies, in accordance with
387 accepted industry standards. The public adjuster shall retain
388 such written estimate for at least 5 years and shall make the
389 estimate available to the claimant or insured, the insurer, and
390 the department upon request.

391 (15) A licensed contractor under part I of chapter 489, or
392 a subcontractor, may not adjust a claim on behalf of an insured,
393 or solicit an insured to file a claim, unless licensed and
394 compliant as a public adjuster under this chapter. However, the
395 contractor may discuss or explain a bid for construction or
396 repair of covered property with the residential property owner
397 who has suffered loss or damage covered by a property insurance
398 policy, or the insurer of such property, if the contractor is
399 doing so for the usual and customary fees applicable to the work
400 to be performed as stated in the contract between the contractor
401 and the insured.

402 (19) Except as otherwise provided in this chapter, no
403 person, except an attorney at law or a public adjuster, may for
404 money, commission, or any other thing of value, directly or
405 indirectly:

406 (a) Prepare, complete, or file an insurance claim for an

Page 14 of 31

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

597-02952-21

20211598c1

407 insured or a third-party claimant;

408 (b) Act on behalf of or aid an insured or a third-party
409 claimant in negotiating for or effecting the settlement of a
410 claim for loss or damage covered by an insurance contract;

411 (c) Advertise for employment as a public adjuster; or

412 (d) Solicit, advertise, advise, assist, investigate, or
413 adjust a claim on behalf of a public adjuster, an insured, or a
414 third-party claimant.

415 (20) The department may take administrative actions and
416 impose fines against any persons performing claims adjusting as
417 defined in s. 626.015(6) or any other services as described in
418 this section without the licensure required under this section
419 and s. 626.112.

420 Section 15. Effective January 1, 2022, subsection (3) of
421 section 626.916, Florida Statutes, is amended, and paragraph (f)
422 is added to subsection (1) of that section, to read:

423 626.916 Eligibility for export.—

424 (1) No insurance coverage shall be eligible for export
425 unless it meets all of the following conditions:

426 (f) The insured has signed or otherwise provided documented
427 acknowledgment of a disclosure in substantially the following
428 form: "You are agreeing to place coverage in the surplus lines
429 market. Coverage may be available in the admitted market.
430 Persons insured by surplus lines carriers are not protected
431 under the Florida Insurance Guaranty Act with respect to any
432 right of recovery for the obligation of an insolvent unlicensed
433 insurer."

434 (3) (a) Subsection (1) does not apply to wet marine and
435 transportation or aviation risks ~~that which~~ are subject to s.

597-02952-21

20211598c1

436 626.917.

437 (b) Paragraphs (1) (a)-(d) do not apply to classes of
438 insurance which are subject to s. 627.062(3) (d)1. These classes
439 may be exportable under the following conditions:

440 1. The insurance must be placed only by or through a
441 surplus lines agent licensed in this state;

442 2. The insurer must be made eligible under s. 626.918; and

443 3. The insured has complied with paragraph (1) (f) ~~must sign~~
444 ~~a disclosure that substantially provides the following: "You are~~
445 ~~agreeing to place coverage in the surplus lines market. Superior~~
446 ~~coverage may be available in the admitted market and at a lesser~~
447 ~~cost. Persons insured by surplus lines carriers are not~~
448 ~~protected under the Florida Insurance Guaranty Act with respect~~
449 ~~to any right of recovery for the obligation of an insolvent~~
450 ~~unlicensed insurer."~~ If the disclosure notice is signed by the
451 insured, the insured is presumed to have been informed and to
452 know that other coverage may be available, and, with respect to
453 the diligent-effort requirement under subsection (1), there is
454 no liability on the part of, and no cause of action arises
455 against, the retail agent presenting the form.

456 Section 16. Paragraph (z) of subsection (1) of section
457 626.9541, Florida Statutes, is amended to read:

458 626.9541 Unfair methods of competition and unfair or
459 deceptive acts or practices defined.—

460 (1) UNFAIR METHODS OF COMPETITION AND UNFAIR OR DECEPTIVE
461 ACTS.—The following are defined as unfair methods of competition
462 and unfair or deceptive acts or practices:

463 (z) Sliding.—Sliding is the act or practice of any of the
464 following:

597-02952-21

20211598c1

465 1. Representing to the applicant that a specific ancillary
466 coverage or product is required by law in conjunction with the
467 purchase of insurance when such coverage or product is not
468 required.~~+~~

469 2. Representing to the applicant that a specific ancillary
470 coverage or product is included in the policy applied for
471 without an additional charge when such charge is required.~~+~~

472 3. Charging an applicant for a specific ancillary coverage
473 or product, in addition to the cost of the insurance coverage
474 applied for, without the informed consent of the applicant.

475 4. Initiating, effectuating, binding, or otherwise issuing
476 a policy of insurance without the prior informed consent of the
477 owner of the property to be insured.

478 5. Mailing, transmitting, or otherwise submitting by any
479 means an invoice for premium payment to a mortgagee or escrow
480 agent, for the purpose of effectuating an insurance policy,
481 without the prior informed consent of the owner of the property
482 to be insured. However, this subparagraph does not apply in
483 cases in which the mortgagee or escrow agent is renewing
484 insurance or issuing collateral protection insurance, as defined
485 in s. 624.6085, pursuant to the mortgage or other pertinent loan
486 documents or communications regarding the property.

487 Section 17. Effective January 1, 2022, subsection (3) of
488 section 626.9741, Florida Statutes, is amended to read:

489 626.9741 Use of credit reports and credit scores by
490 insurers.—

491 (3) An insurer must inform an applicant or insured, in the
492 same medium as the application is taken, that a credit report or
493 score is being requested for underwriting or rating purposes.

Page 17 of 31

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

597-02952-21

20211598c1

494 The notification to the consumer must include the following
495 language: "The Department of Financial Services offers free
496 financial literacy programs to assist you with insurance-related
497 questions, including how credit works and how credit scores are
498 calculated. To learn more, visit www.MyFloridaCFO.com." An
499 insurer that makes an adverse decision based, in whole or in
500 part, upon a credit report must provide at no charge, a copy of
501 the credit report to the applicant or insured or provide the
502 applicant or insured with the name, address, and telephone
503 number of the consumer reporting agency from which the insured
504 or applicant may obtain the credit report. The insurer must
505 provide notification to the consumer explaining the reasons for
506 the adverse decision. The reasons must be provided in
507 sufficiently clear and specific language so that a person can
508 identify the basis for the insurer's adverse decision. Such
509 notification shall include a description of the four primary
510 reasons, or such fewer number as existed, which were the primary
511 influences of the adverse decision. The use of generalized terms
512 such as "poor credit history," "poor credit rating," or "poor
513 insurance score" does not meet the explanation requirements of
514 this subsection. A credit score may not be used in underwriting
515 or rating insurance unless the scoring process produces
516 information in sufficient detail to permit compliance with the
517 requirements of this subsection. It shall not be deemed an
518 adverse decision if, due to the insured's credit report or
519 credit score, the insured continues to receive a less favorable
520 rate or placement in a less favorable tier or company at the
521 time of renewal except for renewals or reunderwriting required
522 by this section.

Page 18 of 31

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

597-02952-21 20211598c1

523 Section 18. Subsection (5) of section 626.9953, Florida
524 Statutes, is amended to read:

525 626.9953 Qualifications for registration; application
526 required.—

527 (5) An applicant must submit a set of his or her
528 fingerprints to the department and pay the processing fee
529 established under s. 624.501(23) ~~s. 624.501(24)~~. The department
530 shall submit the applicant's fingerprints to the Department of
531 Law Enforcement for processing state criminal history records
532 checks and local criminal records checks through local law
533 enforcement agencies and for forwarding to the Federal Bureau of
534 Investigation for national criminal history records checks. The
535 fingerprints shall be taken by a law enforcement agency, a
536 designated examination center, or another department-approved
537 entity. The department may not approve an application for
538 registration as a navigator if fingerprints have not been
539 submitted.

540 Section 19. Subsection (1) of section 626.9957, Florida
541 Statutes, is amended to read:

542 626.9957 Conduct prohibited; denial, revocation, or
543 suspension of registration.—

544 (1) As provided in s. 626.112, only a person licensed as an
545 insurance agent or customer representative may engage in the
546 solicitation of insurance. A person who engages in the
547 solicitation of insurance as described in s. 626.112(1) without
548 such license is subject to the penalties provided under s.
549 626.112(10) ~~s. 626.112(9)~~.

550 Section 20. Subsection (10) of section 627.062, Florida
551 Statutes, is amended to read:

597-02952-21 20211598c1

552 627.062 Rate standards.—

553 (10) Any interest paid pursuant to s. 627.70131(7) ~~s.~~
554 ~~627.70131(5)~~ may not be included in the insurer's rate base and
555 may not be used to justify a rate or rate change.

556 Section 21. Section 627.502, Florida Statutes, is amended
557 to read:

558 627.502 "Industrial life insurance" defined; reporting;
559 prohibition on new policies after a certain date.—

560 (1) For the purposes of this code, "industrial life
561 insurance" is that form of life insurance written under policies
562 under which premiums are payable monthly or more often, bearing
563 the words "industrial policy" or "weekly premium policy" or
564 words of similar import imprinted upon the policies as part of
565 the descriptive matter, and issued by an insurer that ~~which~~, as
566 to such industrial life insurance, is operating under a system
567 of collecting a debit by its agent.

568 (2) Every life insurer servicing existing ~~transacting~~
569 industrial life insurance shall report to the office all annual
570 statement data regarding the exhibit of life insurance,
571 including relevant information for industrial life insurance.

572 (3) Beginning July 1, 2021, a life insurer may not write a
573 new policy of industrial life insurance.

574 Section 22. Effective January 1, 2022, section 627.70131,
575 Florida Statutes, is amended to read:

576 627.70131 Insurer's duty to acknowledge communications
577 regarding claims; investigation.—

578 (1) (a) Upon an insurer's receiving a communication with
579 respect to a claim, the insurer shall, within 14 calendar days,
580 review and acknowledge receipt of such communication unless

597-02952-21 20211598c1

581 payment is made within that period of time or unless the failure
 582 to acknowledge is caused by factors beyond the control of the
 583 insurer which reasonably prevent such acknowledgment. If the
 584 acknowledgment is not in writing, a notification indicating
 585 acknowledgment shall be made in the insurer's claim file and
 586 dated. A communication made to or by a representative ~~an agent~~
 587 of an insurer with respect to a claim shall constitute
 588 communication to or by the insurer.

589 (b) As used in this subsection, the term "representative"
 590 ~~"agent"~~ means any person to whom an insurer has granted
 591 authority or responsibility to receive or make such
 592 communications with respect to claims on behalf of the insurer.

593 (c) This subsection ~~does shall~~ not apply to claimants
 594 represented by counsel beyond those communications necessary to
 595 provide forms and instructions.

596 (2) Such acknowledgment ~~must shall~~ be responsive to the
 597 communication. If the communication constitutes a notification
 598 of a claim, unless the acknowledgment reasonably advises the
 599 claimant that the claim appears not to be covered by the
 600 insurer, the acknowledgment ~~must shall~~ provide necessary claim
 601 forms, and instructions, including an appropriate telephone
 602 number.

603 (3) (a) Unless otherwise provided by the policy of insurance
 604 or by law, within 14 ~~10 working~~ days after an insurer receives
 605 proof of loss statements, the insurer shall begin such
 606 investigation as is reasonably necessary unless the failure to
 607 begin such investigation is caused by factors beyond the control
 608 of the insurer which reasonably prevent the commencement of such
 609 investigation.

597-02952-21 20211598c1

610 (b) If such investigation involves a physical inspection of
 611 the property, the licensed adjuster assigned by the insurer must
 612 provide the policyholder with a printed or electronic document
 613 containing his or her name and state adjuster license number.

614 (c) Any subsequent communication with the policyholder
 615 regarding the claim must also include the name and license
 616 number of the adjuster communicating about the claim.
 617 Communication of the adjuster's name and license number may be
 618 included with other information provided to the policyholder.

619 (4) An insurer shall maintain a record or log of each
 620 adjuster who communicates with the policyholder as provided in
 621 paragraphs (3) (b) and (c) and provide a list of such adjusters
 622 to the insured, office, or department upon request.

623 (5) For purposes of this section, the term "insurer" means
 624 any residential property insurer.

625 (6) (a) When providing a preliminary or partial estimate of
 626 damage regarding a claim, an insurer shall include with the
 627 estimate the following statement printed in at least 12-point
 628 bold, uppercase type: THIS ESTIMATE REPRESENTS OUR CURRENT
 629 EVALUATION OF THE COVERED DAMAGES TO YOUR INSURED PROPERTY AND
 630 MAY BE REVISED AS WE CONTINUE TO EVALUATE YOUR CLAIM. IF YOU
 631 HAVE QUESTIONS, CONCERNS, OR ADDITIONAL INFORMATION REGARDING
 632 YOUR CLAIM, WE ENCOURAGE YOU TO CONTACT US.

633 (b) When providing a payment on a claim which is not the
 634 full and final payment for the claim, an insurer shall include
 635 with the payment the following statement printed in at least 12-
 636 point bold, uppercase type: WE ARE CONTINUING TO EVALUATE YOUR
 637 CLAIM INVOLVING YOUR INSURED PROPERTY AND MAY ISSUE ADDITIONAL
 638 PAYMENTS. IF YOU HAVE QUESTIONS, CONCERNS, OR ADDITIONAL

597-02952-21

20211598c1

639 INFORMATION REGARDING YOUR CLAIM, WE ENCOURAGE YOU TO CONTACT
640 US.

641 ~~(7) (a) (5) (a)~~ Within 90 days after an insurer receives
642 notice of an initial, reopened, or supplemental property
643 insurance claim from a policyholder, the insurer shall pay or
644 deny such claim or a portion of the claim unless the failure to
645 pay is caused by factors beyond the control of the insurer which
646 reasonably prevent such payment. Any payment of an initial or
647 supplemental claim or portion of such claim made 90 days after
648 the insurer receives notice of the claim, or made more than 15
649 days after there are no longer factors beyond the control of the
650 insurer which reasonably prevented such payment, whichever is
651 later, bears interest at the rate set forth in s. 55.03.
652 Interest begins to accrue from the date the insurer receives
653 notice of the claim. The provisions of this subsection may not
654 be waived, voided, or nullified by the terms of the insurance
655 policy. If there is a right to prejudgment interest, the insured
656 shall select whether to receive prejudgment interest or interest
657 under this subsection. Interest is payable when the claim or
658 portion of the claim is paid. Failure to comply with this
659 subsection constitutes a violation of this code. However,
660 failure to comply with this subsection does not form the sole
661 basis for a private cause of action.

662 (b) Notwithstanding subsection (5) (4), for purposes of
663 this subsection, the term "claim" means any of the following:

- 664 1. A claim under an insurance policy providing residential
665 coverage as defined in s. 627.4025(1);
666 2. A claim for structural or contents coverage under a
667 commercial property insurance policy if the insured structure is

597-02952-21

20211598c1

668 10,000 square feet or less; or

669 3. A claim for contents coverage under a commercial tenant
670 policy if the insured premises is 10,000 square feet or less.

671 (c) This subsection ~~does shall~~ not apply to claims under an
672 insurance policy covering nonresidential commercial structures
673 or contents in more than one state.

674 (8) This section also applies to surplus lines insurers and
675 surplus lines insurance authorized under ss. 626.913-626.937
676 providing residential coverage.

677 Section 23. Section 627.7031, Florida Statutes, is created
678 to read:

679 627.7031 Foreign venue clauses prohibited.—After July 1,
680 2021, a personal residential property insurance policy sold in
681 this state, insuring only real property located in this state,
682 may not require an insured to pursue dispute resolution through
683 litigation, arbitration, or mediation outside this state. This
684 section also applies to surplus lines insurers and surplus lines
685 insurance authorized under ss. 626.913-626.937.

686 Section 24. Effective January 1, 2022, section 627.7142,
687 Florida Statutes, is amended to read:

688 627.7142 Homeowner Claims Bill of Rights.—An insurer
689 issuing a personal lines residential property insurance policy
690 in this state must provide a Homeowner Claims Bill of Rights to
691 a policyholder within 14 days after receiving an initial
692 communication with respect to a claim, ~~unless the claim follows~~
693 ~~an event that is the subject of a declaration of a state of~~
694 ~~emergency by the Governor.~~ The purpose of the bill of rights is
695 to summarize, in simple, nontechnical terms, existing Florida
696 law regarding the rights of a personal lines residential

597-02952-21 20211598c1
 697 property insurance policyholder who files a claim of loss. The
 698 Homeowner Claims Bill of Rights is specific to the claims
 699 process and does not represent all of a policyholder's rights
 700 under Florida law regarding the insurance policy. The Homeowner
 701 Claims Bill of Rights does not create a civil cause of action by
 702 any individual policyholder or class of policyholders against an
 703 insurer or insurers. The failure of an insurer to properly
 704 deliver the Homeowner Claims Bill of Rights is subject to
 705 administrative enforcement by the office but is not admissible
 706 as evidence in a civil action against an insurer. The Homeowner
 707 Claims Bill of Rights does not enlarge, modify, or contravene
 708 statutory requirements, including, but not limited to, ss.
 709 626.854, 626.9541, 627.70131, 627.7015, and 627.7074, and does
 710 not prohibit an insurer from exercising its right to repair
 711 damaged property in compliance with the terms of an applicable
 712 policy or ss. 627.7011(5)(e) and 627.702(7). The Homeowner
 713 Claims Bill of Rights must state:

714
 715 HOMEOWNER CLAIMS
 716 BILL OF RIGHTS

717 This Bill of Rights is specific to the claims process
 718 and does not represent all of your rights under
 719 Florida law regarding your policy. There are also
 720 exceptions to the stated timelines when conditions are
 721 beyond your insurance company's control. This document
 722 does not create a civil cause of action by an
 723 individual policyholder, or a class of policyholders,
 724 against an insurer or insurers and does not prohibit
 725 an insurer from exercising its right to repair damaged

Page 25 of 31

597-02952-21 20211598c1
 726 property in compliance with the terms of an applicable
 727 policy.
 728
 729 YOU HAVE THE RIGHT TO:
 730 1. Receive from your insurance company an
 731 acknowledgment of your reported claim within 14 days
 732 after the time you communicated the claim.
 733 2. Upon written request, receive from your
 734 insurance company within 30 days after you have
 735 submitted a complete proof-of-loss statement to your
 736 insurance company, confirmation that your claim is
 737 covered in full, partially covered, or denied, or
 738 receive a written statement that your claim is being
 739 investigated.
 740 3. Within 90 days, subject to any dual interest
 741 noted in the policy, receive full settlement payment
 742 for your claim or payment of the undisputed portion of
 743 your claim, or your insurance company's denial of your
 744 claim.
 745 4. Receive payment of interest, as provided in s.
 746 627.70131, Florida Statutes, from your insurance
 747 company, which begins accruing from the date your
 748 claim is filed if your insurance company does not pay
 749 full settlement of your initial, reopened, or
 750 supplemental claim or the undisputed portion of your
 751 claim or does not deny your claim within 90 days after
 752 your claim is filed. The interest, if applicable, must
 753 be paid when your claim or undisputed portion of your
 754 claim is paid.

755 5. Free mediation of your disputed claim by the
756 Florida Department of Financial Services, Division of
757 Consumer Services, under most circumstances and
758 subject to certain restrictions.

759 ~~6.5-~~ Neutral evaluation of your disputed claim,
760 if your claim is for damage caused by a sinkhole and
761 is covered by your policy.

762 ~~7.6-~~ Contact the Florida Department of Financial
763 Services, Division of Consumer Services' toll-free
764 helpline for assistance with any insurance claim or
765 questions pertaining to the handling of your claim.
766 You can reach the Helpline by phone at...(toll-free
767 phone number)..., or you can seek assistance online at
768 the Florida Department of Financial Services, Division
769 of Consumer Services' website at...(website
770 address)....

771
772 YOU ARE ADVISED TO:

773 1. Contact your insurance company before entering
774 into any contract for repairs to confirm any managed
775 repair policy provisions or optional preferred
776 vendors.

777 2. Make and document emergency repairs that are
778 necessary to prevent further damage. Keep the damaged
779 property, if feasible, keep all receipts, and take
780 photographs or video of damage before and after any
781 repairs to provide to your insurer.

782 3. Carefully read any contract that requires you
783 to pay out-of-pocket expenses or a fee that is based

Page 27 of 31

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

597-02952-21

20211598c1

784 on a percentage of the insurance proceeds that you
785 will receive for repairing or replacing your property.

786 4. Confirm that the contractor you choose is
787 licensed to do business in Florida. You can verify a
788 contractor's license and check to see if there are any
789 complaints against him or her by calling the Florida
790 Department of Business and Professional Regulation.
791 You should also ask the contractor for references from
792 previous work.

793 5. Require all contractors to provide proof of
794 insurance before beginning repairs.

795 6. Take precautions if the damage requires you to
796 leave your home, including securing your property and
797 turning off your gas, water, and electricity, and
798 contacting your insurance company and provide a phone
799 number where you can be reached.

800 Section 25. Paragraph (a) of subsection (1) and subsection
801 (6) of section 631.57, Florida Statutes, are amended to read:
802 631.57 Powers and duties of the association.-

803 (1) The association shall:

804 (a)1. Be obligated to the extent of the covered claims
805 existing:

806 a. Prior to adjudication of insolvency and arising within
807 30 days after the determination of insolvency;

808 b. Before the policy expiration date if less than 30 days
809 after the determination; or

810 c. Before the insured replaces the policy or causes its
811 cancellation, if she or he does so within 30 days of the
812 determination.

Page 28 of 31

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

597-02952-21

20211598c1

813 2. The obligation under subparagraph 1. includes ~~only~~ the
 814 amount of each covered claim which is ~~in excess of \$100 and is~~
 815 less than \$300,000, except that policies providing coverage for
 816 homeowner's insurance ~~must~~ shall provide for an additional
 817 \$200,000 for the portion of a covered claim which relates only
 818 to the damage to the structure and contents.

819 3.a. Notwithstanding subparagraph 2., the obligation under
 820 subparagraph 1. for policies covering condominium associations
 821 or homeowners' associations, which associations have a
 822 responsibility to provide insurance coverage on residential
 823 units within the association, ~~includes~~ shall include that amount
 824 of each covered property insurance claim which is less than
 825 \$200,000 multiplied by the number of condominium units or other
 826 residential units; however, as to homeowners' associations, this
 827 sub-subparagraph applies only to claims for damage or loss to
 828 residential units and structures attached to residential units.

829 b. Notwithstanding sub-subparagraph a., the association has
 830 no obligation to pay covered claims that are to be paid from the
 831 proceeds of bonds issued under s. 631.695. However, the
 832 association shall assign and pledge the first available moneys
 833 from all or part of the assessments to be made under paragraph
 834 (3) (a) to or on behalf of the issuer of such bonds for the
 835 benefit of the holders of such bonds. The association shall
 836 administer any such covered claims and present valid covered
 837 claims for payment in accordance with the provisions of the
 838 assistance program in connection with which such bonds have been
 839 issued.

840 4. ~~In no event shall~~ The association may not be obligated
 841 to a policyholder or claimant in an amount in excess of the

597-02952-21

20211598c1

842 obligation of the insolvent insurer under the policy from which
 843 the claim arises.

844 (6) The association may extend the time limits specified in
 845 paragraph (1) (a) by up to an additional 60 days ~~or waive the~~
 846 ~~applicability of the \$100 deductible specified in paragraph~~
 847 ~~(1) (a) if the board determines it is that either or both such~~
 848 ~~actions are necessary to facilitate the bulk assumption of~~
 849 obligations.

850 Section 26. Subsection (2) of section 631.904, Florida
 851 Statutes, is amended to read:

852 631.904 Definitions.—As used in this part, the term:

853 (2) "Covered claim" means an unpaid claim, including a
 854 claim for return of unearned premiums, which arises out of, is
 855 within the coverage of, and is not in excess of the applicable
 856 limits of, an insurance policy to which this part applies, which
 857 policy was issued by an insurer and which claim is made on
 858 behalf of a claimant or insured who was a resident of this state
 859 at the time of the injury. The term "covered claim" includes
 860 unpaid claims under any employer liability coverage of a
 861 workers' compensation policy limited to the lesser of \$300,000
 862 or the limits of the policy. The term "covered claim" does not
 863 include any amount sought as a return of premium under any
 864 retrospective rating plan; any amount due any reinsurer,
 865 insurer, insurance pool, or underwriting association, as
 866 subrogation recoveries or otherwise; or any claim that would
 867 otherwise be a covered claim that has been rejected or denied by
 868 any other state guaranty fund based upon that state's statutory
 869 exclusions, including, but not limited to, those based on
 870 coverage, policy type, or an insured's net worth, except this

597-02952-21

20211598c1

871 exclusion from the definition of covered claim does not apply to
872 employers who, prior to April 30, 2004, entered into an
873 agreement with the corporation preserving the employer's right
874 to seek coverage of claims rejected by another state's guaranty
875 fund, ~~or any return of premium resulting from a policy that was~~
876 ~~not in force on the date of the final order of liquidation.~~
877 Member insurers have no right of subrogation against the insured
878 of any insolvent insurer. This provision applies retroactively
879 to cover claims of an insolvent self-insurance fund resulting
880 from accidents or losses incurred prior to January 1, 1994,
881 regardless of the date the petition in circuit court was filed
882 alleging insolvency and the date the court entered an order
883 appointing a receiver.

884 Section 27. Except as otherwise expressly provided in this
885 act, this act shall take effect upon becoming a law.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL: CS/SB 1728

INTRODUCER: Education Committee and Senator Baxley and others

SUBJECT: Out-of-state Fee Waiver for Nonresident Students

DATE: April 14, 2021

REVISED: _____

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	<u>Westmark</u>	<u>Bouck</u>	<u>ED</u>	Fav/CS
2.	<u>Underhill</u>	<u>Sadberry</u>	<u>AP</u>	Favorable

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1728 establishes an interstate compact and provides an out-of-state fee waiver, applicable for up to 110 percent of the number of required credit hours of the enrolled degree program, for a nonresident student who:

- Is a United States citizen;
- Has a grandparent who is a legal resident;
- Earns the equivalent of a standard Florida high school diploma;
- Achieves an SAT combined score no lower than the 89th national percentile or appropriate concordant score on the ACT or the Classic Learning Test; and
- Enrolls as a full-time undergraduate student at a state university in the fall academic term immediately following high school graduation.

The interstate compact is intended to increase access to postsecondary education to students with families split across states, and to increase postsecondary educational choice, by providing a reciprocity agreement between states. The interstate compact fee waiver may be applied when the compact is enacted into law by two states. The bill also provides for state oversight of, withdrawal from, and amendment to the compact.

The bill does not require a state appropriation. However, state universities will have reduced revenues from out-of-state fees for each eligible student that enrolls at a Florida state university. See Section V.

The bill has an indeterminate fiscal impact.

The bill takes effect July 1, 2021.

II. Present Situation:

Tuition and Out-of-State Fees

Tuition is the basic fee a student is charged for instruction provided by a public postsecondary educational institution in Florida. An out-of-state fee is charged as an additional fee for a student who does not qualify for the in-state tuition rate.¹

Residency for Tuition Purposes

A legal resident of Florida for tuition purposes means one who has maintained his or her residence in this state for the preceding year, has purchased and occupies a home as primary residence, or has established a domicile in this state.² For tuition purposes, a person who does not qualify for the in-state tuition rate is considered a nonresident.³ Grandparents are unable to serve as family members who are able to provide residency documentation for residency for tuition purposes unless the grandparents are currently the student's legal guardian or have had daily supervision of the dependent student for the past three years.⁴

Unless costs are exempted or waived, residents for tuition purposes are charged the in-state rate for tuition while nonresident students pay the out-of-state fees in addition to tuition.⁵ The in-state tuition rate for Florida residents for the State University System (SUS) is currently set at \$105.07 per credit hour.⁶ The average cost of resident and nonresident tuition and fees per credit is shown in the table below.⁷

¹ Section 1009.01(1) and (2), F.S. The in-state tuition rate is defined in s. 1009.21(1)(g), F.S.

² Section. 1009.21(1)(d), F.S. To qualify as a resident for tuition purposes, a person or, if that person is a dependent child, his or her parent or parents, must have established legal residence in this state and must have maintained legal residence in this state for at least 12 consecutive months immediately prior to his or her initial enrollment in an institution of higher education. Section 1009.21(2)(a)1., F.S.

³ Section 1009.21(1)(e), F.S. In general, nonresidents are ineligible for state merit- and need-based financial aid and tuition assistance. Section 1009.40(1)(a)2., F.S. However, specified nonresident students may be eligible for a Benacquisto Scholarship. Section 1009.893(4)(b), F.S.

⁴ Board of Governors, *Senate Bill 1728 Agency Bill Analysis* (March 4, 2021).

⁵ Section 1009.24(2), F.S.

⁶ Section 1009.24(4)(a), F.S.

⁷ State University System of Florida, *Tuition and Required Fees, 2020-2021*, available at <https://www.flbog.edu/wp-content/uploads/2020-2021-SUS-Tuition-and-Fees-Report-1.pdf>, at 4.

State University Tuition & Fees				
Undergraduate Baccalaureate	Standard Tuition (Per Credit Hour)	Average Tuition & Fees (Per Credit Hour)	Standard Tuition (Per 30 Credit Hours)	Average Tuition & Fees (Per 30 Credit Hours)
Resident	\$105.07	\$199.72	\$3,152.10	\$5,991.79
Nonresident ⁸	\$105.07	\$690.63	\$3,152.10	\$20,719.07
Difference	-	\$490.91	-	\$14,727.28

The Board of Governors (BOG) of the SUS currently limits the systemwide enrollment of out-of-state students to ten percent.⁹

Fee Waivers

Florida law provides for waivers from specified fees to certain students who meet identified criteria.¹⁰ Some waivers are mandatory,¹¹ while others are permissive.¹² Each university board of trustees is authorized to waive tuition and out-of-state fees for purposes that support and enhance the mission of the university. All fees waived must be based on policies that are adopted by the university board of trustees pursuant to BOG regulations.¹³ Each state university is required to report the purpose, number, authority, and value of all fee waivers and exemptions granted annually in a format prescribed by the BOG.¹⁴

Interstate Compacts

An interstate compact is an agreement between or among two or more states of the United States. To become effective, it must be approved by those states' respective legislatures and, depending on the subject matter of the compact, consented to by Congress.¹⁵

Florida currently partners in a number of interstate compacts, including the Interstate Compact on Mental Health,¹⁶ the Southeastern Interstate Forest Fire Protection Compact,¹⁷ the Interstate

⁸ The BOG may establish out-of-state fees. Section 1009.24(4)(b), F.S.

¹⁷ See s. 590.31, F.S.

Insurance Product Regulation Compact,¹⁸ the Interstate Corrections Compact,¹⁹ The Regional Compact for Southern States,²⁰ and the Interstate Compact on Educational Opportunity for Military Children.²¹

In addition, Florida also participates in a reciprocity agreement with other states for the delivery of postsecondary distance education. Each member state or institution participating in a reciprocity agreement must accept each other's authorization of accredited institutions to operate in their state to offer distance educational services beyond state boundaries.²²

High School Graduation and College Entrance Requirements

High School Diploma Requirements

Receipt of a standard high school diploma requires successful completion of 24 credits, an International Baccalaureate curriculum, or an Advanced International Certificate of Education curriculum. In order to graduate from a Florida high school with a standard high school diploma under a 24-credit option, a student must complete:

- Four credits in English Language Arts;
- Four credits in mathematics, including one credit in Algebra I and one credit in Geometry;
- Three credits in science, of which two credits must have a laboratory component;
- Three credits in social studies, comprised of one credit in United States History, one credit in World History, one-half credit in economics, and one-half credit in United States Government;
- One credit in fine or performing arts, speech and debate, or practical arts;
- One credit in physical education; and
- Eight credits in electives.²³

Home Education Program

A home education program in Florida means the sequentially progressive instruction of a student directed by his or her parent in order to satisfy attendance requirements specified in law.²⁴ Students completing a home education program satisfy the state university admissions requirement that a student earn a high school diploma or equivalent, but each university may require additional documentation to verify eligibility.²⁵

¹⁸ See s. 626.9932, F.S.

¹⁹ See s. 941.56, F.S.

²⁰ Sections 1000.31 and 1000.32, F.S. The Regional Compact created the Southern Regional Education Board.

²¹ Section 100.39, F.S. The Interstate Compact on Educational Opportunity for Military Children is scheduled for repeal on July 1, 2022, unless reviewed and saved from repeal through reenactment by the Legislature. Section 1000.40, F.S.

²² Section 1000.35, F.S.

²³ Section 1003.4282(1)(a) and (3), F.S. A student who completes the Career and Technical Education Pathway is not required to complete one credit in fine or performing arts, speech and debate, or practical arts; one credit in physical education, and eight credits in electives. Section 1002.4282(11), F.S. A student who completes the 18-credit Academically Challenging Curriculum to Enhance Learning (ACCEL) option under s. 1002.3105, F.S., is not required to complete the physical education or elective requirements. A student with a disability may satisfy standard high school diploma options as specified in the student's individual education plan. Section 1003.4282(10), F.S.

²⁴ Section 1002.01(1), F.S.

²⁵ Board of Governors Regulation 6.002(1)(d).

College Entrance Exams

College entrance exams accepted by institutions of higher education in Florida include the SAT, the ACT, and the Classic Learning Test (CLT).²⁶

The SAT is comprised of sections that assess skills in reading, writing and language, math, and analysis in science.²⁷ Income-eligible SAT takers receive college application fee waivers and all students can select to receive free information about admission and financial aid from colleges, universities, and scholarship programs.²⁸ Nationally, close to 2.2 million students in the class of 2020 took the SAT.²⁹

The ACT contains multiple-choice tests in four areas: English, mathematics, reading, and science.³⁰ Nearly 1.8 million graduates in the United States took the ACT during high school.³¹

The CLT is an online college entrance exam that assesses English, mathematical, and critical reasoning skills.³² The CLT is taken online and offers scoring within 24 hours.³³ As of 2019, about 21,000 students took the CLT.³⁴

III. Effect of Proposed Changes:

The bill modifies s. 1009.26, F.S., to specify that a state university must waive the out-of-state fee for a nonresident student who meets all of the following criteria:

- Is a United States citizen.
- Has a grandparent who is a legal resident.
- Earns a high school diploma comparable to a standard Florida high school diploma, or its equivalency, or completes a home education program.
- Achieves an SAT combined score no lower than the 89th national percentile on the SAT; achieves an ACT score concordant to the required SAT score as specified, using the latest published national concordance table developed jointly by the College Board and ACT, Inc.; or if a state university accepts the Classic Learning Test (CLT) for admission purposes, achieves a CLT score concordant to the required SAT score as specified, using the latest published scoring comparison developed by Classic Learning Initiatives.³⁵

²⁶ Board of Governors Regulation 6.002 requires first-time, degree-seeking students to provide an ACT, Inc. or SAT score for admission purposes.

³⁵ The 89th percentile for the SAT is 1330. CollegeBoard, *SAT: Understanding Scores* (2020), available at <https://collegereadiness.collegeboard.org/pdf/understanding-sat-scores.pdf>, at 5. This could be compared with the grade of 85 on the CLT. CLT, *CLT vs. SAT vs. ACT*, <https://www.cltextam.com/comparison> (last visited March 19, 2021). The ACT

- Enrolls as a full-time undergraduate student at a state university in the fall academic term immediately following high school graduation.³⁶

For the fee waiver, the bill specifies that:

- This waiver is applicable for up to 110 percent of the number of required credit hours of the degree program for which the student is enrolled.³⁷ Most SUS baccalaureate degree programs are set at 120 credit hours, which would authorize the tuition discount for up to 132 credit hours.
- Prior to waiving the out-of-state fee, the state university must require the student, or the student's parent if the student is a dependent child, to provide a written declaration pursuant to law³⁸ verifying the student's familial relationship to a grandparent who is a legal resident.³⁹
- Each state university must report to the Board of Governors (BOG) the number and value of all fee waivers granted annually.
- A nonresident student granted an out-of-state fee waiver under this subsection must be excluded from the limitation on systemwide total enrollment of nonresident students established by regulation of the BOG, currently set at 10 percent.⁴⁰
- The BOG adopt regulations to administer the fee waiver.

The bill creates s. 1009.261, F.S., to establish an interstate compact specifying the purposes of the grandchild out-of-state fees waiver compact are to:

- Increase access to postsecondary education to students whose families are split between two or more states by reducing costs associated with out-of-state fees.
- Encourage students to exercise their rights to travel and to choose the postsecondary education that best suits their needs.
- Increase postsecondary educational choices.
- Decrease the economic burden posed by postsecondary out-of-state fees.

The interstate compact applies the criteria from the fee waiver, with a modification to the assessment provision, to authorize postsecondary educational institutions located within each member state to waive out-of-state fees for a nonresident student who:

- Is a United States citizen;
- Has a grandparent who is a legal resident under the applicable laws of the member state;

concordant score to an SAT score of 1330 is 29. CollegeBoard, ACT, *Guide to the 2018 ACT/SAT Concordance*, available at <https://collegereadiness.collegeboard.org/pdf/guide-2018-act-sat-concordance.pdf>.

³⁶ The BOG has noted that the bill does not specify whether students currently enrolled might qualify for the waiver if they meet the specified qualifications. BOG, *Senate Bill 1728 Agency Bill Analysis* (March 4, 2021).

³⁷ The BOG has noted that the bill should clarify that the waiver applies only to the initial undergraduate degree in which the student enrolls, and is not applicable to subsequent baccalaureate or graduate or professional degrees. BOG, *Senate Bill 1728 Agency Bill Analysis* (March 4, 2021).

³⁸ A written declaration is a statement declaring, under penalty of perjury, that one has read and verifies the specified document, followed by the signature of the person making the declaration, except when a verification on information or belief is permitted by law. Section 92.525(2), F.S.

³⁹ The bill does not stipulate the documentation required to verify residency beyond the student's written declaration, or, if the student is a dependent, that of the parent. BOG, *Senate Bill 1728 Agency Bill Analysis* (March 4, 2021).

⁴⁰ Board of Governors Regulation 7.006.

- Achieves an SAT combined score no lower than the 89th national percentile on the SAT, or a concordant ACT score or concordant CLT score, as designated in the latest published national concordance table developed jointly by the College Board and ACT, Inc. or designated in the latest published scoring comparison developed by Classic Learning Initiatives, but only if the member state postsecondary institution accepts the CLT for admission purposes; and
- Enrolls as a full-time undergraduate student at a member state postsecondary institution in the fall academic term immediately following high school graduation.

In addition, in an identical manner to the fee waiver, the interstate compact waiver is applicable for up to 110 percent of the number of required credit hours of the degree program in which the student is enrolled, and prior to waiving any out-of-state fees, a member state postsecondary educational institution must require the student, or the student's parent if the student is a dependent child, to provide a written declaration verifying the student's familial relationship to a grandparent who is a legal resident of the member state.

For the interstate compact, the bill further specifies that:

- The executive, legislative, and judicial branches of state government in each member state are to enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact have standing as statutory law.
- The compact takes effect on the date on which it is enacted into law by two states. Thereafter, it is effective as to any state upon its enactment by that state.
- A member state may withdraw from this compact by repealing the statute in which it is enacted. A member state's withdrawal may not take effect until 6 months after enactment of the repeal.
- This compact may not be construed to invalidate or prohibit any law of a member state that does not conflict with the provisions of this compact.
- This compact may be amended by the member states. An amendment to this compact is effective and binding after it is enacted into the laws of all member states.
- The provisions of this compact are severable, and if any phrase, clause, sentence, or provision thereof is declared to be contrary to the constitution of any state or to the Constitution of the United States, or the application thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance is not affected thereby.

For the interstate compact, the bill includes the following definitions:

- "Grandparent" means a person who has a legal relationship to a student's parent as the natural or adopted parent or legal guardian of the student's parent.
- "Member state" means a state that has enacted this compact.
- "Out-of-state fees" means any additional fee for instruction, which is charged to a student who does not qualify for the in-state tuition rate pursuant to the laws of a member state, imposed by a public postsecondary educational institution located within the member state. A charge for any other purpose may not be included within this fee.
- "Postsecondary educational institution" means a public university or college located within a member state.

- “State” includes the District of Columbia and any state, territory, or possession of the United States that oversees one or more public postsecondary educational institutions.

The bill takes effect July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

Providing in-state tuition for out-of-state high-school graduates who meet specified criteria, including having a grandparent who is a Florida resident, may increase the number of students residing and enrolled in postsecondary institutions in Florida. Ensuring interstate compacts exists between states regarding which students qualify for fee waivers may enable Florida students to enroll in out-of-state postsecondary institutions in member states at reduced cost.

C. Government Sector Impact:

The bill does not require a state appropriation. However, state universities will have reduced revenues from out-of-state fees for each eligible student. The number of students who will qualify for and make use of the out-of-state fee waiver is unknown. For each student who participates in the waiver, a state university would collect only the resident undergraduate tuition and fees, which systemwide averages \$199.72 per credit hour,

instead of nonresident undergraduate tuition and fees, which systemwide averages \$690.63 per credit hour.⁴¹ The Board of Governors (BOG) estimates that there could be a \$1.7 million fiscal impact to the State University System.⁴²

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 1009.26 of the Florida Statutes.

This bill creates section 1009.261 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Education on March 23, 2021:

The committee substitute creates a new section of law, in addition to the waiver program created by the original bill, to establish a new interstate compact. Specifically, the committee substitute declares the purposes of the grandchild out-of-state fees waiver compact to:

- Increase access to postsecondary education to students whose families are split between two or more states by reducing costs associated with out-of-state fees.
- Encourage students to exercise their rights to travel and to choose the postsecondary education that best suits their needs.
- Increase postsecondary educational choices.
- Decrease the economic burden posed by postsecondary out-of-state fees.

Additionally, the committee substitute specifies that:

- The executive, legislative, and judicial branches of state government in each member state are to enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent.
- The compact takes effect on the date on which it is enacted into law by two states. Thereafter it is effective as to any state upon its enactment by that state.
- A member state may withdraw from this compact by repealing the statute in which it is enacted. A member state's withdrawal may not take effect until 6 months after enactment of the repeal.

⁴¹ State University System of Florida, *Tuition and Required Fees, 2020-2021*, available at <https://www.flbog.edu/wp-content/uploads/2020-2021-SUS-Tuition-and-Fees-Report-1.pdf>, at 1.

⁴² BOG, *Senate Bill 1728 Agency Bill Analysis* (March 4, 2021).

- This compact may not be construed to invalidate or prohibit any law of a member state that does not conflict with the provisions of this compact.
- This compact may be amended by the member states. An amendment to this compact is effective and binding after it is enacted into the laws of all member states.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Education; and Senators Baxley and Garcia

30 compact; providing construction; providing an
 31 effective date.
 32
 33 Be It Enacted by the Legislature of the State of Florida:
 34
 35 Section 1. Subsection (18) is added to section 1009.26,
 36 Florida Statutes, to read:
 37 1009.26 Fee waivers.—
 38 (18) (a) A state university shall waive the out-of-state fee
 39 for a nonresident student who:
 40 1. Is a United States citizen.
 41 2. Has a grandparent who is a legal resident as defined in
 42 s. 1009.21(1).
 43 3. Earns a high school diploma comparable to a standard
 44 Florida high school diploma, or its equivalency, or completes a
 45 home education program.
 46 4.a. Achieves an SAT combined score no lower than the 89th
 47 national percentile on the SAT;
 48 b. Achieves an ACT score concordant to the required SAT
 49 score in sub-subparagraph a., using the latest published
 50 national concordance table developed jointly by the College
 51 Board and ACT, Inc.; or
 52 c. If a state university accepts the Classic Learning Test
 53 (CLT) for admission purposes, achieves a CLT score concordant to
 54 the required SAT score in sub-subparagraph a., using the latest
 55 published scoring comparison developed by Classic Learning
 56 Initiatives.
 57 5. Enrolls as a full-time undergraduate student at a state
 58 university in the fall academic term immediately following high

581-03260-21

20211728c1

59 school graduation.

60 (b) The waiver under this subsection is applicable for up
 61 to 110 percent of the number of required credit hours of the
 62 degree program for which the student is enrolled.

63 (c) Prior to waiving the out-of-state fee, the state
 64 university shall require the student, or the student's parent if
 65 the student is a dependent child, to provide a written
 66 declaration pursuant to s. 92.525(2) verifying the student's
 67 familial relationship to a grandparent who is a legal resident.

68 (d) Each state university shall report to the Board of
 69 Governors the number and value of all fee waivers granted
 70 annually under this subsection.

71 (e) A nonresident student granted an out-of-state fee
 72 waiver under this subsection shall be excluded from the
 73 limitation on systemwide total enrollment of nonresident
 74 students established by regulation of the Board of Governors.

75 (f) The Board of Governors shall adopt regulations to
 76 administer this subsection.

77 Section 2. Section 1009.261, Florida Statutes, is created
 78 to read:

79 1009.261 Grandchild Out-of-State Fees Waiver Compact.—The
 80 Grandchild Out-of-State Fees Waiver Compact is enacted into law
 81 and entered into by this state with all other jurisdictions
 82 legally joining therein in the form substantially as follows:

83
 84 GRANDCHILD OUT-OF-STATE
 85 FEES WAIVER COMPACT

86
 87 ARTICLE I

Page 3 of 7

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

581-03260-21

20211728c1

88 DECLARATION OF PURPOSE

89
 90 The general purposes of this compact are to:

91 (1) Increase access to postsecondary education to students
 92 whose families are split between two or more states by reducing
 93 costs associated with out-of-state fees.

94 (2) Encourage students to exercise their rights to travel
 95 and to choose the postsecondary education that best suits their
 96 needs.

97 (3) Increase postsecondary educational choices.

98 (4) Decrease the economic burden posed by postsecondary
 99 out-of-state fees.

100
 101 ARTICLE II

102 DEFINITIONS

103
 104 As used in this compact, the term:

105 (1) "Grandparent" means a person who has a legal
 106 relationship to a student's parent as the natural or adopted
 107 parent or legal guardian of the student's parent.

108 (2) "Member state" means a state that has enacted this
 109 compact.

110 (3) "Out-of-state fees" means any additional fee for
 111 instruction, which is charged to a student who does not qualify
 112 for the in-state tuition rate pursuant to the laws of a member
 113 state, imposed by a public postsecondary educational institution
 114 located within the member state. A charge for any other purpose
 115 may not be included within this fee.

116 (4) "Postsecondary educational institution" means a public

Page 4 of 7

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

581-03260-21 20211728c1

117 university or college located within a member state.

118 (5) "State" includes the District of Columbia and any
 119 state, territory, or possession of the United States which
 120 oversees one or more public postsecondary educational
 121 institutions.

122 (6) "Student's parent" means a person who has a legal
 123 relationship to a student as the natural or adopted parent or
 124 legal guardian of the student.

125
 126 ARTICLE III

127 OUT-OF-STATE FEES WAIVER

128
 129 (1) Postsecondary educational institutions located within
 130 each member state shall waive out-of-state fees for a
 131 nonresident student who:

132 (a) Is a United States citizen.

133 (b) Has a grandparent who is a legal resident under the
 134 applicable laws of the member state.

135 (c)1. Achieves an SAT combined score no lower than the 89th
 136 national percentile on the SAT;

137 2. Achieves an ACT score concordant to the SAT score
 138 required in subparagraph 1., as designated in the latest
 139 published national concordance table developed jointly by the
 140 College Board and ACT, Inc.; or

141 3. Achieves a Classic Learning Test (CLT) score concordant
 142 to the required SAT score in subparagraph 1., as designated in
 143 the latest published scoring comparison developed by Classic
 144 Learning Initiatives, but only if the member state postsecondary
 145 institution accepts the CLT for admission purposes.

Page 5 of 7

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

581-03260-21 20211728c1

146 (d) Enrolls as a full-time undergraduate student at a
 147 member state postsecondary institution in the fall academic term
 148 immediately following high school graduation.

149 (2) The waiver under this compact is applicable for up to
 150 110 percent of the number of required credit hours of the degree
 151 program in which the student is enrolled.

152 (3) Prior to waiving any out-of-state fees, a member state
 153 postsecondary educational institution shall require the student,
 154 or the student's parent if the student is a dependent child, to
 155 provide a written declaration verifying the student's familial
 156 relationship to a grandparent who is a legal resident of the
 157 member state.

158
 159 ARTICLE IV

160 OVERSIGHT

161
 162 The executive, legislative, and judicial branches of state
 163 government in each member state shall enforce this compact and
 164 take all actions necessary and appropriate to effectuate the
 165 compact's purposes and intent. The provisions of this compact
 166 have standing as statutory law.

167
 168 ARTICLE V

169 DATE OF IMPLEMENTATION, WITHDRAWAL, AND AMENDMENT

170
 171 (1) The compact shall take effect on the date on which it
 172 is enacted into law by two states. Thereafter it is effective as
 173 to any state upon its enactment by that state.

174 (2) A member state may withdraw from this compact by

Page 6 of 7

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

581-03260-21

20211728c1

175 repealing the statute in which it is enacted. A member state's
176 withdrawal may not take effect until 6 months after enactment of
177 the repeal.

178 (3) This compact may not be construed to invalidate or
179 prohibit any law of a member state that does not conflict with
180 the provisions of this compact.

181 (4) This compact may be amended by the member states. An
182 amendment to this compact is effective and binding after it is
183 enacted into the laws of all member states.

184
185 ARTICLE VI

186 CONSTRUCTION AND SEVERABILITY

187
188 This compact shall be liberally construed so as to
189 effectuate its purposes. The provisions of this compact are
190 severable, and if any phrase, clause, sentence, or provision
191 thereof is declared to be contrary to the constitution of any
192 state or to the Constitution of the United States, or the
193 application thereof to any government, agency, person, or
194 circumstance is held invalid, the validity of the remainder of
195 this compact and the applicability thereof to any government,
196 agency, person, or circumstance is not affected thereby. If this
197 compact is held to be contrary to the constitution of any state
198 participating therein, it remains in full force and effect as to
199 the state affected as to all severable provisions.

200 Section 3. This act shall take effect July 1, 2021.

The Florida Senate
BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL: CS/SB 1864

INTRODUCER: Appropriations Committee; and Senators Perry and Diaz

SUBJECT: Education

DATE: April 18, 2021

REVISED: _____

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	<u>Brick</u>	<u>Bouck</u>	<u>ED</u>	Favorable
2.	<u>Underhill</u>	<u>Elwell</u>	<u>AED</u>	Recommend: Favorable
3.	<u>Underhill</u>	<u>Sadberry</u>	<u>AP</u>	Fav/CS

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1864 requires the Department of Education (DOE) to maintain a list of persons permanently disqualified from employment in a public school or a private school that participates in a state educational scholarship program (private scholarship school). The bill requires this disqualification list to include the identities of persons who were terminated or resigned from employment as a result of sexual misconduct with a student and prohibits public schools and private scholarship schools, from employing a person in a position with direct contact with students if the person is included on the disqualification list. The bill also:

- Requires that educational support employees be included to the same extent required for instructional personnel and school administrators in policies establishing standards of ethical conduct and procedures for investigating, reporting, and terminating personnel.
- Requires the complete investigation of complaints of misconduct by public school personnel and provides authority for the DOE to place a person on the disqualification list.
- Provides that a person on the disqualification list commits a felony of the third degree for serving or applying for employment in a public or private scholarship school.
- Provides authority for the DOE to remove a person from the disqualification list.

The bill has a state fiscal impact and may increase cost for school districts and for private schools that participate in state school choice scholarship programs. DOE projects needing a total of three additional staff to perform administrative activities outlined in this bill, at a projected recurring cost of \$262,522. In addition, the DOE estimates needing between \$200,000

and \$500,000 to modify the administrative and instructional staff database to meet the requirements of the bill. See Section V.

The bill takes effect July 1, 2021.

II. Present Situation:

The Department of Education (DOE) is required to provide technical assistance to school districts, charter schools, the Florida School for the Deaf and the Blind, and private schools that accept scholarship students who participate in a state scholarship program (private scholarship schools) in the development of policies, procedures, and training related to employment practices and standards of ethical conduct for instructional personnel and school administrators. In addition, the DOE is required to provide authorized staff of school districts, charter schools, the Florida School for the Deaf and the Blind, and private scholarship schools with access to:

- The Professional Practices' Database of Disciplinary Actions Against Educators;
- The DOE's Teacher Certification Database; and
- Data necessary for performing employment history checks of the instructional personnel and school administrators included in the databases.¹

Disqualification from Employment

Before employing a person in any position that requires direct contact with students in a district school, charter school, or private scholarship school, the employer must conduct employment history checks of each of the person's previous employers, screen instructional personnel and school administrators using the Professional Practices' Database of Disciplinary Actions Against Educators and the DOE's Teacher Certification Database, and document the findings.²

A person is ineligible for an educator certification or employment in any position that requires direct contact with students in a district school system, charter school, or private scholarship school if the person has been convicted of certain offenses specified in law.³ District school boards and charter school governing boards must disqualify instructional personnel and school administrators from employment in any position that requires direct contact with students if the person is ineligible for employment due to a conviction of any of the specified offenses.

A school district or private scholarship school may not enter into a confidentiality agreement regarding terminated or dismissed instructional personnel or school administrators, or personnel or administrators who resign in lieu of termination. School districts and private scholarship schools must disclose misconduct that affects the health, safety, or welfare of a student when discussing performance with prospective employers in another educational setting. Any part of an agreement or contract that has the purpose or effect of concealing misconduct by instructional personnel or school administrators that affects the health, safety, or welfare of a student is void, is contrary to public policy, and may not be enforced.⁴

¹ Section 1001.10(4) and (5), F.S.

² Sections 1002.33(12), 1002.421(1), and 1012.27(6), F.S.

³ Section 1012.315, F.S.

⁴ *Id.*

Criminal History Background Screening

Public Schools

Instructional and noninstructional personnel who are hired or contracted to fill positions that require direct contact with students in any public school, including a charter school, must file with the district school board a complete set of fingerprints, which are submitted to the Florida Department of Law Enforcement (FDLE), for statewide criminal and juvenile records checks, and to the Federal Bureau of Investigation (FBI), for national criminal records checks.⁵ The screening cost is borne by the district school board, the charter school, the employee, the contractor, or other person subject to the screening requirements.⁶ FBI criminal history record information may be used solely for the purpose requested and cannot be disseminated outside the receiving departments, related agencies, or other authorized entities.⁷ The FDLE must retain the fingerprints and report any arrest record of a person that is identified with the retained fingerprints to the employing or contracting school district or the school district with which the person is affiliated.⁸ Employees and contracted personnel subject to these fingerprinting requirements must be rescreened every five years.⁹

Private Schools Accepting State Scholarship Students

A private scholarship school must require each employee, contracted personnel, and owner or operator with direct student contact to undergo a state and national background screening by electronically filing a complete set of fingerprints with the FDLE. The FDLE must retain the fingerprints and report any arrest record of a person that is identified with the retained fingerprints to the employing or contracting private scholarship school. Employees and contracted personnel subject to these fingerprinting requirements must be rescreened every five years.¹⁰

Standards of Ethical Conduct for Education Personnel

District school boards, charter school governing boards, and private scholarship schools are required to adopt policies establishing standards of ethical conduct for instructional personnel and school administrators. The policies must require all instructional personnel and school administrators to complete training on the standards of ethical conduct, establish the duty of, and procedures for, instructional personnel and school administrators to report alleged misconduct by other instructional personnel and school administrators that affects the health, safety, or welfare of a student.¹¹ These policies must also include an explanation of liability protections for reporting child abuse and disclosing information concerning former employees.¹²

⁵ Section 1012.32(2), F.S. This requirement is subject to limited exceptions for noninstructional contractors who meet the requirements specified in s. 1012.468, F.S.

⁶ Section 1012.32(2), F.S.

⁷ 28 C.F.R. s. 50.12(b).

⁸ Section 1012.32(3), F.S.

⁹ Sections 1012.465 and 1012.56(10), F.S.

¹⁰ Section 1002.421(1)(m) and (p), F.S.

¹¹ Sections 1001.42(6), 1002.33(12)(g), 1002.421(1)(n), and 1012.796(1)(d), F.S.

¹² Section 1006.061, F.S.

District school board policies must require the superintendent to report to law enforcement misconduct by instructional personnel or school administrators that would result in disqualification from educator certification or employment.¹³

District school board officials and superintendents, charter schools, and private scholarship schools are subject to penalties for failing to adopt policies establishing standards of ethical conduct. Specifically:

- If a school board member knowingly fails to adopt policies that require instructional personnel and school administrators to report misconduct, the member forfeits his or her salary for one year.¹⁴
- A district school superintendent who knowingly fails to investigate or report such misconduct, or knowingly files a false report of misconduct, also forfeits his or her salary for one year.¹⁵
- The sponsor¹⁶ of the charter school must terminate the charter.¹⁷
- The DOE must suspend the payment of funds to a private scholarship school and shall prohibit the school from enrolling new scholarship students for one fiscal year and until the school complies. In the event the private scholarship school consistently fails to comply, the commissioner may determine that the private scholarship school is ineligible to participate in a scholarship program.

The commissioner may deny, suspend, or revoke a private school's participation in a scholarship program if the commissioner determines that:

- An owner or operator of the private scholarship school is operating or has operated an educational institution in this state or in another state or jurisdiction in a manner contrary to health, safety or welfare of the public; or
- The owner or operator has exhibited a previous pattern of failure to comply with the relevant law or specific requirements identified within respective scholarship program laws.¹⁸

Complaints against Teachers and Administrators

A person seeking employment at a public school as a school supervisor, principal, teacher, library media specialist, counselor, athletic coach, or in another instructional capacity must hold a certificate issued by the DOE.¹⁹ If allegations arise against an employee who possesses an educator certificate and is employed in an educator-certificated position in any public school, charter school, or private scholarship school, the school must file a legally sufficient complaint

¹³ Section 1001.42(6), F.S.

¹⁴ Section 1001.42(7)(b), F.S.

¹⁵ Section 1001.51(12), F.S.

¹⁶ The local district school board or a state university may sponsor a charter school. Section 1002.33(5), F.S.

¹⁷ Section 1002.33(12)(g)5., F.S.

¹⁸ Section 1002.421(3), F.S.

¹⁹ Sections 1002.33(12)(f) (charter school teachers) and 1012.55(1), F.S. District school boards and charter school governing boards are authorized to hire non-certified individuals who possess expertise in a given field to serve in an instructional capacity. Rule 6A-1.0502, F.A.C.; ss. 1002.33(12)(f) and 1012.55(1)(c), F.S. Occupational therapists, physical therapists, audiologists, and speech therapists are not required to be certified educators. Rule 6A-1.0502(10) and (11), F.A.C.

with the DOE within 30 days from the date the school had notice of the incident, regardless of whether the subject of the allegations is still employed by the school.²⁰

The DOE is tasked with investigating any legally sufficient complaint filed before it or otherwise called to its attention which contains grounds for sanctions against an educator certificate and must immediately investigate any legally sufficient complaint that involves misconduct by any certificated personnel which affects the health, safety, or welfare of a student, giving the complaint priority over other pending complaints—even if the complainant withdraws the complaint. The DOE may investigate a complaint filed against a person whose educator certificate has expired if the act or acts that are the basis for the complaint were allegedly committed while that person possessed an educator certificate.²¹

A school district superintendent must report to the DOE an arrest or conviction of any administrative or instructional personnel for certain offenses specified by the DOE within twenty-four hours of a matter coming to the attention of a school district. The same reporting requirements apply to substantiated allegations of misconduct by any administrative or instructional personnel that would constitute any of offenses specified by the DOE, regardless of whether there has been an arrest or conviction.²²

The Education Practices Commission

The Education Practices Commission (EPC) is a quasi-judicial body of peers, law enforcement, and lay persons, which interprets and applies the standards of professional practice established by the SBE.²³ The EPC is assigned to the DOE for administrative purposes but is not subject to control, supervision, or direction by the DOE.²⁴

The EPC may impose one or more of the following penalties against a person with an educator certificate:

- Suspend the educator certificate of any instructional personnel or school administrator, for up to five years, thereby denying that person the right to teach or otherwise be employed by a district school board or public school in any capacity requiring direct contact with students for that period of time, after which the person may return to teaching.
- Revoke the educator certificate of any person, thereby denying that person the right to teach or otherwise be employed by a district school board or public school in any capacity requiring direct contact with students for up to 10 years, with reinstatement subject to law.
- Permanently revoke the educator certificate of any person thereby denying that person the right to teach or otherwise be employed by a district school board or public school in any capacity requiring direct contact with students.
- Suspend an educator's certificate, upon an order of the court or notice by the Department of Revenue relating to the payment of child support; or impose any other penalty provided by law.²⁵

²⁰ Section 1012.796(1)(e), F.S.

²¹ Section 1012.796(1), F.S.

²² Rule 6A-10.082, F.A.C.

²³ Section 1012.79, F.S.

²⁴ Section 1012.79(6)(a), F.S.

²⁵ Section 1012.795(1), F.S.

III. Effect of Proposed Changes:

The Florida Department of Education

The bill requires the DOE to maintain a list of persons permanently disqualified from employment in a public school or a private scholarship school. The bill requires this disqualification list to include the identity of any person who has been:²⁶

- Permanently denied an educator certificate or whose educator certificate has been permanently revoked and has been placed on the list by the Education Practices Commission (EPC);
- Permanently disqualified by the commissioner from owning or operating a private scholarship school;
- Terminated, or has resigned in lieu of termination, from employment as a result of sexual misconduct with a student; or
- Disqualified from employment due to a conviction of any of the offenses specified in law.

The DOE is authorized to remove a person from the disqualification list if the person demonstrates that:

- A completed law enforcement investigation resulted in an exoneration or no conviction or finding of guilt, and a completed investigation and proceeding, as applicable, by the responsible education agency resulted in a finding that the person did not commit the disqualifying conduct;
- The person was not the subject of the report of disqualifying conduct and was included on the disqualification list in error or as a result of mistaken identity; or
- The employer that submitted the person for inclusion on the disqualification list requests that the person be removed and submits documentation to support the request.

The bill authorizes the EPC to direct the DOE to place employees or contractual personnel of any public school, charter school, charter school governing board, or private scholarship school on the disqualification list for conduct that would render the person ineligible for employment.

The bill requires the State Board of Education (SBE) to adopt rules to implement the disqualification list.

Disqualification from Employment

The bill requires that staff of school districts, charter schools, the Florida School for the Deaf and the Blind, and private scholarship schools conduct employment history checks on educational support employees to the same extent currently required for instructional personnel and school administrators. The bill also adds the disqualification list to the employment screening tools provided by the DOE to staff of school districts, charter schools, the Florida School for the Deaf and the Blind, and private scholarship schools.

²⁶ A person has a liberty interest to pursue employment and must be afforded notice and an opportunity to be heard when that interest is adversely affected by state action. Florida Department of Education, *2021 Agency Legislative Bill Analysis for CS/CS/HB 131*, at 9. The Florida Administrative Procedure Act sets forth the procedures for persons adversely affected by agency action to be given notice and an opportunity to be heard. *See s. 120.569, F.S.*

The bill prohibits a person included on the disqualification list from educator certification or employment in a position that requires direct contact with students²⁷ in a district school system, charter school, or private scholarship school.

The bill provides that a person commits a felony of the third degree if the person is included on the disqualification list and serves or applies to serve as an employee or contractual personnel at any public school or private scholarship school.

The bill requires a law enforcement agency to make certain notifications to the appropriate employer regarding the arrest of public school contractors and private school employees and contractors. This notification is in addition to the existing requirement that a law enforcement agency must, within 48 hours, notify the appropriate district school superintendent of the name and address of any employee of the school district who is charged with a felony or with a misdemeanor involving the abuse of a minor child or the sale or possession of a controlled substance. The bill additionally requires, within 24 hours after such notification, the school principal or designee to notify parents of enrolled students who had direct contact with the employee and include, at a minimum, the name and specific charges against the employee.

Standards of Ethical Conduct for Education Personnel

Educational Support Employees

The bill requires district school boards, charter schools, and private scholarship schools to include educational support employees to the same extent required for instructional personnel and school administrators in policies establishing standards of ethical conduct and procedures for investigating, reporting, and terminating personnel.

Public Schools

The bill adds to existing requirements that subject a school board official to penalties for failing to adopt policies to investigate misconduct and report misconduct to the DOE. Specifically, the bill subjects a school board official to existing penalties if the school board official knowingly fails to adopt policies that require:

- The investigation of all reports of misconduct of specified personnel, regardless of whether the personnel resigned or was terminated before the conclusion of the investigation.
- The superintendent to notify the DOE of the result of the investigation and whether the misconduct warranted termination, regardless of whether the person resigned or was terminated prior to the conclusion of the investigation.

The bill requires, in cases of separation due to termination or resignation in lieu of termination, a person to execute and maintain an affidavit of separation, on a form adopted by the Department of Education, setting forth in detail the facts and reasons for such separation. The affidavit must expressly disclose when separation is due to a report of sexual misconduct with a student. The affidavit of separation must be executed under oath and constitutes an official statement within the purview of s. 837.06. The affidavit of separation must include conspicuous language that intentional false execution of the affidavit constitutes a misdemeanor of the second degree.

²⁷ Section 1012.315, F.S

Public school superintendents are required by the bill to review each affidavit of separation from previous employers before employing a person in a position that requires direct contact with students.

The bill provides that a district school superintendent forfeits his salary for 1 year if the superintendent knowingly:

- Signs and transmits to any state official a report that the superintendent knows to be false or incorrect;
- Fails to investigate any allegation of misconduct that affects the health, safety, or welfare of a student;
- Fails to report alleged misconduct to the DOE; or
- Fails to report misconduct to the law enforcement agencies with jurisdiction over the conduct.

Private Schools

The bill authorizes the Commissioner of Education (commissioner) to permanently revoke or deny the authority of an owner or operator to establish or operate a private scholarship school if the commissioner decides that the owner or operator is operating or has operated an educational institution in this state or another state or jurisdiction in a manner contrary to the health, safety, or welfare of the public. That owner or operator must be included on the disqualification list.

Complaints against Educational Personnel

The bill requires district school boards and charter school governing boards to report an investigation that results in termination, or the accused person's resignation in lieu of termination, to the DOE for inclusion on the disqualification list.

The bill requires the commissioner to make a determination of probable cause within 90 days after receipt of any complaint involving sexual misconduct with a student. Upon the written request of a state attorney, this deadline may be held in abeyance during criminal proceedings related to the sexual misconduct with a student.

The bill clarifies that the duty of:

- School districts to maintain confidentiality of employee personnel files does not absolve the school district of any legally required notifications or duties to report allegations of misconduct to the DOE.
- District school boards to investigate complaints of misconduct and report findings and conclusions to the DOE is not limited by the district school board's notification to the DOE of the resignation or termination of the subject of a legally sufficient complaint prior to the conclusion of the school district's investigation.
- The DOE to maintain reports of misconduct as a public record in personnel's certification files does not limit or restrict the power and duty of the DOE to investigate complaints regarding certificated personnel, nor does it create a duty for the DOE to investigate complaints regarding noncertified personnel.

The bill requires a complete investigation before the DOE may issue a new certificate to a person whose educator certificate has expired if the person is the subject of a complaint for which the act or acts that were the basis for the complaint were allegedly committed while that person possessed an educator certificate.

The bill requires school district investigations and proceedings to be completed by a school district within one year after submission of the legally sufficient complaint and requires the suspension to continue throughout the proceedings.

The bill requires private scholarship schools and public schools to post in a prominent place in a clearly visible location and public area of the school which is readily accessible to and widely used by students a sign in English and Spanish that contains directions for accessing the Department of Education's website for more information on offenses against students by authority figures.

The bill takes effect July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

Private schools that participate in an educational scholarship program may incur additional costs associated with the addition of educational support personnel relating to

establishing ethical standards, employment, and inclusion of individuals on the disqualification list.

C. Government Sector Impact:

School districts may incur costs associated with the provisions of the bill addressing the investigation of complaints of misconduct; these costs are indeterminable but may be significant.

The Office of Professional Practices Services within the DOE projects two additional staff members will be needed to maintain the Disqualification List and perform related administrative activities outlined in this bill. In addition, the department's Office of General Counsel also requires an attorney to review the additional legal challenges. The projected recurring cost for the three positions is \$262,522.

In addition, DOE may incur costs to develop or update databases related to maintaining the disqualification list. The DOE estimates costs between \$200,000 and \$500,000 to modify the administrative and instructional staff database to meet the requirements of the bill.²⁸

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 1001.10, 1001.42, 1001.51, 1002.33, 1002.421, 1006.061, 1012.27, 1012.31, 1012.315, 1012.795, 1012.796, and 1012.797.

IX. Additional Information:

- A. Committee Substitute – Statement of Substantial Changes:**
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Appropriations on April 15, 2021:

The committee substitute:

- Narrows to sexual misconduct with a student the misconduct that results in the placement of terminated or resigned school district personnel on the disqualification list.

²⁸ Department of Education, House Bill 131 Agency Bill Analysis (January 5, 2021) (on file with the Senate Appropriations Committee).

- Authorizes the state board of education to remove someone from the disqualification list if the applicable employer requests that the person be removed and submits documentation to support the request.
- Requires charter school policies to establish the duty to report, and procedures for reporting, alleged misconduct by any charter school employee with direct student contact.
- Extends to all private schools the commissioner's authority to terminate an owner or operator's eligibility to operate a private school.
- Expands requirements for school districts to provide information about reporting child abuse or lewd acts.
- Requires a supervisor, instead of indicating the facts regarding termination or resignation in a personnel file, to complete an affidavit of separation setting forth specified details in the personnel file.
- Adds registration as a sex offender as described in 42 USC s. 9858f(c)(1)(c) to the list of offenses that renders a person ineligible for employment in a position with direct student contact.
- Narrows to certificated personnel the individuals which the Education Practices Commission may place on the disqualification list.
- Requires the commissioner to determine probable cause within 90 days of receiving complaint, unless state attorney requests abeyance.
- Removes requirement to suspend with pay and investigate alleged misconduct by educational support personnel.
- Additionally requires DOE to place persons on the disqualification list if they resign or are terminated before the conclusion of a complaint involving the health, safety, or welfare of a student.
- Removes felony penalty for an employer who knowingly hires a person in violation of the prohibitions required by the disqualification list.
- Adds the Florida School for the Deaf and Blind and university lab schools to the list of institutions a law enforcement agency must notify concerning an arrest of one of the institution's employees but removes the requirement to report the person's name and address. The amendment additionally requires school principals or designees to notify parents whose children had direct contact with the person.
- Removes provisions addressing approved virtual instruction providers.

B. Amendments:

None.

919762

LEGISLATIVE ACTION

Senate	.	House
Comm: RCS	.	
04/17/2021	.	
	.	
	.	
	.	

The Committee on Appropriations (Perry) recommended the following:

Senate Amendment (with title amendment)

Delete everything after the enacting clause
and insert:

Section 1. Subsections (4) and (5) of section 1001.10,
Florida Statutes, are amended to read:

1001.10 Commissioner of Education; general powers and
duties.—

(4) The Department of Education shall:

(a) Provide technical assistance to school districts,

919762

11 charter schools, the Florida School for the Deaf and the Blind,
12 and private schools that accept scholarship students who
13 participate in a state scholarship program under chapter 1002 in
14 the development of policies, procedures, and training related to
15 employment practices and standards of ethical conduct for
16 instructional personnel and school administrators, as defined in
17 s. 1012.01.

18 (b) Maintain a disqualification list that includes all of
19 the following:

20 1. The identity of each person who has been permanently
21 denied an educator certificate or whose educator certificate has
22 been permanently revoked and has been placed on the list as
23 directed by the Education Practices Commission pursuant to s.
24 1012.795(1) or s. 1012.796(7).

25 2. The identity of each person who has been permanently
26 disqualified by the commissioner from owning or operating a
27 private school that participates in state scholarship programs
28 under s. 1002.421.

29 3. The identity of each person who has been terminated, or
30 has resigned in lieu of termination, from employment as a result
31 of sexual misconduct with a student.

32 4. The identity of each person who is ineligible for
33 educator certification or employment pursuant to s. 1012.315.

34 (c) The department may remove a person from the
35 disqualification list if the person demonstrates that:

36 1. A completed law enforcement investigation resulted in an
37 exoneration or no conviction or finding of guilt and a completed
38 investigation and proceeding, as applicable, by the responsible
39 education agency resulted in a finding that the person did not

919762

40 commit disqualifying conduct;

41 2. The person was not the subject of the report of
42 disqualifying conduct and was included on the disqualification
43 list in error or as a result of mistaken identity; or

44 3. The employer that submitted the person for inclusion on
45 the disqualification list requests that the person be removed
46 and submits documentation to support the request.

47 (d) The State Board of Education shall adopt rules to
48 implement this subsection.

49 (5) The Department of Education shall provide authorized
50 staff of school districts, charter schools, the Florida School
51 for the Deaf and the Blind, and private schools that accept
52 scholarship students who participate in a state scholarship
53 program under chapter 1002 with access to electronic
54 verification of information from the following employment
55 screening tools:

56 (a) The Professional Practices' Database of Disciplinary
57 Actions Against Educators. ~~;~~ and

58 (b) The ~~department's~~ Department of Education's Teacher
59 Certification Database.

60 (c) The department's disqualification list under paragraph

61 (4) (b).

62

63 This subsection does not require the department to provide these
64 staff with unlimited access to the databases. However, the
65 department shall provide the staff with access to the data
66 necessary for performing employment history checks of the
67 persons instructional personnel and school administrators
68 included in the databases.

919762

69 Section 2. Subsections (6) and (7) of section 1001.42,
70 Florida Statutes, are amended to read:

71 1001.42 Powers and duties of district school board.—The
72 district school board, acting as a board, shall exercise all
73 powers and perform all duties listed below:

74 (6) STANDARDS OF ETHICAL CONDUCT ~~FOR INSTRUCTIONAL~~
75 ~~PERSONNEL, ADMINISTRATIVE PERSONNEL, AND SCHOOL OFFICERS.~~—Adopt
76 policies establishing standards of ethical conduct for
77 educational support employees, instructional personnel,
78 administrative personnel, and school officers. The policies must
79 require all educational support employees, instructional
80 personnel, administrative personnel, and school officers, as
81 defined in s. 1012.01, to complete training on the standards;
82 establish the duty of educational support employees,
83 instructional personnel, administrative personnel, and school
84 officers to report, and procedures for reporting, alleged
85 misconduct by other educational support employees, instructional
86 or administrative personnel, and school officers which affects
87 the health, safety, or welfare of a student, including
88 misconduct that involves engaging in or soliciting sexual,
89 romantic, or lewd conduct with a student; require the district
90 school superintendent to report to law enforcement misconduct by
91 educational support employees, instructional personnel, or
92 school administrators that would result in disqualification from
93 educator certification or employment as provided in s. 1012.315;
94 and include an explanation of the liability protections provided
95 under ss. 39.203 and 768.095. A district school board, or any of
96 its employees or personnel, may not enter into a confidentiality
97 agreement regarding terminated or dismissed educational support

919762

98 employees, instructional or administrative personnel, or school
99 officers who resign in lieu of termination, based in whole or in
100 part on misconduct that affects the health, safety, or welfare
101 of a student, and may not provide educational support employees,
102 instructional personnel, administrative personnel, or school
103 officers with employment references or discuss the employees',
104 personnel's, or officers' performance with prospective employers
105 in another educational setting, without disclosing the
106 employees', personnel's, or officers' misconduct. Any part of an
107 agreement or contract that has the purpose or effect of
108 concealing misconduct by educational support employees,
109 instructional personnel, administrative personnel, or school
110 officers which affects the health, safety, or welfare of a
111 student is void, is contrary to public policy, and may not be
112 enforced.

113 (7) PROHIBITION ~~DISQUALIFICATION~~ FROM EMPLOYMENT.—Prohibit
114 educational support employees, Disqualify instructional
115 personnel, and administrative personnel, as defined in s.
116 1012.01, from employment in any position that requires direct
117 contact with students if the employees or personnel are
118 ineligible for such employment under s. 1012.315 or have been
119 terminated or resigned in lieu of termination for sexual
120 misconduct with a student. If the prohibited conduct occurs
121 while employed, the district school board must report the
122 employees or personnel and the disqualifying circumstances to
123 the department for inclusion on the disqualification list
124 maintained by the department pursuant s. 1001.10(4)(b). An
125 elected or appointed school board official forfeits his or her
126 salary for 1 year if:

919762

127 (a) The school board official knowingly signs and transmits
128 to any state official a report of alleged misconduct by
129 educational support employees, instructional personnel, or
130 administrative personnel which ~~affects the health, safety, or~~
131 ~~welfare of a student and~~ the school board official knows ~~the~~
132 ~~report~~ to be false or incorrect; or

133 (b) The school board official knowingly fails to adopt
134 policies that require:

135 1. Educational support employees, instructional personnel,
136 and administrative personnel to report alleged misconduct by
137 other educational support employees, instructional personnel,
138 and administrative personnel;

139 2. The district school superintendent to report misconduct
140 by educational support employees, instructional personnel, or
141 school administrators that would result in disqualification from
142 educator certification or employment as provided in s. 1012.315
143 to the law enforcement agencies with jurisdiction over the
144 conduct; or

145 3. The investigation of all reports of alleged misconduct
146 by educational support employees, instructional personnel, and
147 administrative personnel, if the misconduct affects the health,
148 safety, or welfare of a student, regardless of whether the
149 person resigned or was terminated before the conclusion of the
150 investigation. The policies must require the district school
151 superintendent to notify the department of the result of the
152 investigation and whether the misconduct warranted termination,
153 regardless of whether the person resigned or was terminated
154 before the conclusion of the investigation.

155 Section 3. Subsection (12) of section 1001.51, Florida

919762

156 Statutes, is amended to read:

157 1001.51 Duties and responsibilities of district school
158 superintendent.—The district school superintendent shall
159 exercise all powers and perform all duties listed below and
160 elsewhere in the law, provided that, in so doing, he or she
161 shall advise and counsel with the district school board. The
162 district school superintendent shall perform all tasks necessary
163 to make sound recommendations, nominations, proposals, and
164 reports required by law to be acted upon by the district school
165 board. All such recommendations, nominations, proposals, and
166 reports by the district school superintendent shall be either
167 recorded in the minutes or shall be made in writing, noted in
168 the minutes, and filed in the public records of the district
169 school board. It shall be presumed that, in the absence of the
170 record required in this section, the recommendations,
171 nominations, and proposals required of the district school
172 superintendent were not contrary to the action taken by the
173 district school board in such matters.

174 (12) RECORDS AND REPORTS.—Recommend such records as should
175 be kept in addition to those prescribed by rules of the State
176 Board of Education; prepare forms for keeping such records as
177 are approved by the district school board; ensure that such
178 records are properly kept; and make all reports that are needed
179 or required, as follows:

180 (a) *Forms, blanks, and reports.*—Require that all employees
181 accurately keep all records and promptly make in proper form all
182 reports required by the education code or by rules of the State
183 Board of Education; recommend the keeping of such additional
184 records and the making of such additional reports as may be

919762

185 deemed necessary to provide data essential for the operation of
186 the school system; and prepare such forms and blanks as may be
187 required and ensure that these records and reports are properly
188 prepared.

189 (b) *Reports to the department.*—Prepare, for the approval of
190 the district school board, all reports required by law or rules
191 of the State Board of Education to be made to the department and
192 transmit promptly all such reports, when approved, to the
193 department, as required by law. If any reports are not
194 transmitted at the time and in the manner prescribed by law or
195 by State Board of Education rules, the salary of the district
196 school superintendent must be withheld until the report has been
197 properly submitted. Unless otherwise provided by rules of the
198 State Board of Education, the annual report on attendance and
199 personnel is due on or before July 1, and the annual school
200 budget and the report on finance are due on the date prescribed
201 by the commissioner.

202
203 Any district school superintendent who knowingly signs and
204 transmits to any state official a report that the superintendent
205 knows to be false or incorrect; who knowingly fails to complete
206 the investigation of ~~investigate~~ any allegation of misconduct
207 that by instructional personnel or school administrators, as
208 defined in s. 1012.01, which affects the health, safety, or
209 welfare of a student, that would be a violation of s. 800.101,
210 or that would be a disqualifying offense under s. 1012.315, or
211 any allegation of sexual misconduct with a student; who
212 knowingly fails to report the alleged misconduct to the
213 department as required in s. 1012.796; or who knowingly fails to

919762

214 report misconduct to the law enforcement agencies with
215 jurisdiction over the conduct pursuant to district school board
216 policy under s. 1001.42(6), forfeits his or her salary for 1
217 year following the date of such act or failure to act.

218 Section 4. Paragraph (g) of subsection (12) of section
219 1002.33, Florida Statutes, is amended to read:

220 1002.33 Charter schools.—

221 (12) EMPLOYEES OF CHARTER SCHOOLS.—

222 (g)1. A charter school shall employ or contract with
223 employees who have undergone background screening as provided in
224 s. 1012.32. Members of the governing board of the charter school
225 shall also undergo background screening in a manner similar to
226 that provided in s. 1012.32. An individual may not be employed
227 as an employee or contract personnel of a charter school or
228 serve as a member of a charter school governing board if the
229 individual is on the disqualification list maintained by the
230 department pursuant to s. 1001.10(4)(b).

231 2. A charter school shall prohibit educational support
232 employees, disqualify instructional personnel, and school
233 administrators, as defined in s. 1012.01, from employment in any
234 position that requires direct contact with students if the
235 employees, personnel, or administrators are ineligible for such
236 employment under s. 1012.315 or have been terminated or resigned
237 in lieu of termination for sexual misconduct with a student. If
238 the prohibited conduct occurs while employed, a charter school
239 must report the individual and the disqualifying circumstances
240 to the department for inclusion on the disqualification list
241 maintained pursuant to s. 1001.10(4)(b).

242 3. The governing board of a charter school shall adopt

919762

243 policies establishing standards of ethical conduct for
244 educational support employees, instructional personnel, and
245 school administrators. The policies must require all educational
246 support employees, instructional personnel, and school
247 administrators, as defined in s. 1012.01, to complete training
248 on the standards; establish the duty of educational support
249 employees, instructional personnel, and school administrators to
250 report, and procedures for reporting, alleged misconduct that by
251 ~~other instructional personnel and school administrators which~~
252 affects the health, safety, or welfare of a student; and include
253 an explanation of the liability protections provided under ss.
254 39.203 and 768.095. A charter school, or any of its employees,
255 may not enter into a confidentiality agreement regarding
256 terminated or dismissed educational support employees,
257 instructional personnel, or school administrators, or employees,
258 personnel, or administrators who resign in lieu of termination,
259 based in whole or in part on misconduct that affects the health,
260 safety, or welfare of a student, and may not provide employees,
261 ~~instructional personnel, or school~~ administrators with
262 employment references or discuss the employees', personnel's, or
263 administrators' performance with prospective employers in
264 another educational setting, without disclosing the employees',
265 personnel's, or administrators' misconduct. Any part of an
266 agreement or contract that has the purpose or effect of
267 concealing misconduct by educational support employees,
268 instructional personnel, or school administrators which affects
269 the health, safety, or welfare of a student is void, is contrary
270 to public policy, and may not be enforced.

271 4. Before employing an individual instructional personnel

919762

272 ~~or school administrators~~ in any position that requires direct
273 contact with students, a charter school shall conduct employment
274 history checks of each individual ~~of the personnel's or~~
275 ~~administrators' previous employers,~~ screen the instructional
276 ~~personnel or school administrators~~ through use of the educator
277 screening tools described in s. 1001.10(5), and document the
278 findings. If unable to contact a previous employer, the charter
279 school must document efforts to contact the employer.

280 5. The sponsor of a charter school that knowingly fails to
281 comply with this paragraph shall terminate the charter under
282 subsection (8).

283 Section 5. Paragraphs (n) and (o) of subsection (1) and
284 subsection (3) of section 1002.421, Florida Statutes, are
285 amended, and paragraph (r) is added to subsection (1) of that
286 section, to read:

287 1002.421 State school choice scholarship program
288 accountability and oversight.—

289 (1) PRIVATE SCHOOL ELIGIBILITY AND OBLIGATIONS.—A private
290 school participating in an educational scholarship program
291 established pursuant to this chapter must be a private school as
292 defined in s. 1002.01(2) in this state, be registered, and be in
293 compliance with all requirements of this section in addition to
294 private school requirements outlined in s. 1002.42, specific
295 requirements identified within respective scholarship program
296 laws, and other provisions of Florida law that apply to private
297 schools, and must:

298 (n) Adopt policies establishing standards of ethical
299 conduct for educational support employees, instructional
300 personnel, and school administrators. The policies must require

919762

301 all educational support employees, instructional personnel, and
302 school administrators, as defined in s. 1012.01, to complete
303 training on the standards; establish the duty of educational
304 support employees, instructional personnel, and school
305 administrators to report, and procedures for reporting, alleged
306 misconduct by other educational support employees, instructional
307 personnel, and school administrators which affects the health,
308 safety, or welfare of a student; and include an explanation of
309 the liability protections provided under ss. 39.203 and 768.095.
310 A private school, or any of its employees, may not enter into a
311 confidentiality agreement regarding terminated or dismissed
312 educational support employees, instructional personnel, or
313 school administrators, or employees, personnel, or
314 administrators who resign in lieu of termination, based in whole
315 or in part on misconduct that affects the health, safety, or
316 welfare of a student, and may not provide the employees,
317 ~~instructional personnel~~, or ~~school~~ administrators with
318 employment references or discuss the employees', personnel's, or
319 administrators' performance with prospective employers in
320 another educational setting, without disclosing the employees',
321 personnel's, or administrators' misconduct. Any part of an
322 agreement or contract that has the purpose or effect of
323 concealing misconduct by educational support employees,
324 instructional personnel, or school administrators which affects
325 the health, safety, or welfare of a student is void, is contrary
326 to public policy, and may not be enforced.

327 (o) Before employing a person ~~instructional personnel or~~
328 ~~school administrators~~ in any position that requires direct
329 contact with students, conduct employment history checks of each

919762

330 ~~of the personnel's or administrators'~~ previous employers, screen
331 the person ~~personnel or administrators~~ through use of the
332 ~~educator~~ screening tools described in s. 1001.10(5), and
333 document the findings. If unable to contact a previous employer,
334 the private school must document efforts to contact the
335 employer. The private school may not employ a person whose
336 educator certificate is revoked, who is barred from reapplying
337 for an educator certificate, or who is on the disqualification
338 list maintained by the department pursuant to s. 1001.10(4)(b).

339 (r) Prohibit education support employees, instructional
340 personnel, and school administrators from employment in any
341 position that requires direct contact with students if the
342 personnel or administrators are ineligible for such employment
343 pursuant to this section or s. 1012.315, or have been terminated
344 or resigned in lieu of termination for sexual misconduct with a
345 student. If the prohibited conduct occurs subsequent to
346 employment, the private school must report the person and the
347 disqualifying circumstances to the department for inclusion on
348 the disqualification list maintained pursuant to s.
349 1001.10(4)(b).

350
351 The department shall suspend the payment of funds to a private
352 school that knowingly fails to comply with this subsection, and
353 shall prohibit the school from enrolling new scholarship
354 students, for 1 fiscal year and until the school complies. If a
355 private school fails to meet the requirements of this subsection
356 or has consecutive years of material exceptions listed in the
357 report required under paragraph (q), the commissioner may
358 determine that the private school is ineligible to participate

919762

359 in a scholarship program.

360 (3) COMMISSIONER OF EDUCATION AUTHORITY AND OBLIGATIONS.—
361 The Commissioner of Education:

362 (a) Shall deny, suspend, or revoke a private school's
363 participation in a scholarship program if it is determined that
364 the private school has failed to comply with this section or
365 exhibits a previous pattern of failure to comply. However, if
366 the noncompliance is correctable within a reasonable amount of
367 time, not to exceed 45 days, and if the health, safety, or
368 welfare of the students is not threatened, the commissioner may
369 issue a notice of noncompliance which provides the private
370 school with a timeframe within which to provide evidence of
371 compliance before taking action to suspend or revoke the private
372 school's participation in the scholarship program.

373 (b) May deny, suspend, or revoke a private school's
374 participation in a scholarship program if the commissioner
375 determines that an owner or operator of the private school is
376 operating or has operated an educational institution in this
377 state or in another state or jurisdiction in a manner contrary
378 to the health, safety, or welfare of the public or if the owner
379 or operator has exhibited a previous pattern of failure to
380 comply with this section or specific requirements identified
381 within respective scholarship program laws. For purposes of this
382 subsection, the term "owner or operator" has the same meaning as
383 provided in paragraph (1) (p).

384 (c) May permanently deny or revoke the authority of an
385 owner or operator to establish or operate a private school in
386 the state if the commissioner decides that the owner or operator
387 is operating or has operated an educational institution in the

919762

388 state or another state or jurisdiction in a manner contrary to
389 the health, safety, or welfare of the public, and shall include
390 such individuals on the disqualification list maintained by the
391 department pursuant to s. 1001.10(4)(b).

392 (d)1.(e)1- In making such a determination, may consider
393 factors that include, but are not limited to, acts or omissions
394 by an owner or operator which led to a previous denial,
395 suspension, or revocation of participation in a state or federal
396 education scholarship program; an owner's or operator's failure
397 to reimburse the department or scholarship-funding organization
398 for scholarship funds improperly received or retained by a
399 school; the imposition of a prior criminal sanction related to
400 an owner's or operator's management or operation of an
401 educational institution; the imposition of a civil fine or
402 administrative fine, license revocation or suspension, or
403 program eligibility suspension, termination, or revocation
404 related to an owner's or operator's management or operation of
405 an educational institution; or other types of criminal
406 proceedings in which an owner or operator was found guilty of,
407 regardless of adjudication, or entered a plea of nolo contendere
408 or guilty to, any offense involving fraud, deceit, dishonesty,
409 or moral turpitude.

410 2. The commissioner's determination is subject to the
411 following:

412 a. If the commissioner intends to deny, suspend, or revoke
413 a private school's participation in the scholarship program, the
414 department shall notify the private school of such proposed
415 action in writing by certified mail and regular mail to the
416 private school's address of record with the department. The

919762

417 notification shall include the reasons for the proposed action
418 and notice of the timelines and procedures set forth in this
419 paragraph.

420 b. The private school that is adversely affected by the
421 proposed action shall have 15 days after receipt of the notice
422 of proposed action to file with the department's agency clerk a
423 request for a proceeding pursuant to ss. 120.569 and 120.57. If
424 the private school is entitled to a hearing under s. 120.57(1),
425 the department shall forward the request to the Division of
426 Administrative Hearings.

427 c. Upon receipt of a request referred pursuant to this
428 subparagraph, the director of the Division of Administrative
429 Hearings shall expedite the hearing and assign an administrative
430 law judge who shall commence a hearing within 30 days after the
431 receipt of the formal written request by the division and enter
432 a recommended order within 30 days after the hearing or within
433 30 days after receipt of the hearing transcript, whichever is
434 later. Each party shall be allowed 10 days in which to submit
435 written exceptions to the recommended order. A final order shall
436 be entered by the agency within 30 days after the entry of a
437 recommended order. The provisions of this sub-subparagraph may
438 be waived upon stipulation by all parties.

439 (e) ~~(d)~~ May immediately suspend payment of scholarship funds
440 if it is determined that there is probable cause to believe that
441 there is:

442 1. An imminent threat to the health, safety, or welfare of
443 the students;

444 2. A previous pattern of failure to comply with this
445 section; or

919762

446 3. Fraudulent activity on the part of the private school.
447 Notwithstanding s. 1002.22, in incidents of alleged fraudulent
448 activity pursuant to this section, the department's Office of
449 Inspector General is authorized to release personally
450 identifiable records or reports of students to the following
451 persons or organizations:

452 a. A court of competent jurisdiction in compliance with an
453 order of that court or the attorney of record in accordance with
454 a lawfully issued subpoena, consistent with the Family
455 Educational Rights and Privacy Act, 20 U.S.C. s. 1232g.

456 b. A person or entity authorized by a court of competent
457 jurisdiction in compliance with an order of that court or the
458 attorney of record pursuant to a lawfully issued subpoena,
459 consistent with the Family Educational Rights and Privacy Act,
460 20 U.S.C. s. 1232g.

461 c. Any person, entity, or authority issuing a subpoena for
462 law enforcement purposes when the court or other issuing agency
463 has ordered that the existence or the contents of the subpoena
464 or the information furnished in response to the subpoena not be
465 disclosed, consistent with the Family Educational Rights and
466 Privacy Act, 20 U.S.C. s. 1232g, and 34 C.F.R. s. 99.31.

467
468 The commissioner's order suspending payment pursuant to this
469 paragraph may be appealed pursuant to the same procedures and
470 timelines as the notice of proposed action set forth in
471 subparagraph (d)2 ~~(e)2~~.

472 Section 6. Subsection (2) and paragraph (a) of subsection
473 (4) of section 1006.061, Florida Statutes, are amended to read:

474 1006.061 Child abuse, abandonment, and neglect policy.—Each

919762

475 district school board, charter school, and private school that
476 accepts scholarship students who participate in a state
477 scholarship program under chapter 1002 shall:

478 (2) Post in a prominent place at each school site and on
479 each school's ~~Internet~~ website, if available, the policies and
480 procedures for reporting alleged misconduct by educational
481 support employees, instructional personnel, or school
482 administrators which affects the health, safety, or welfare of a
483 student; the contact person to whom the report is made; and the
484 penalties imposed on educational support employees,
485 instructional personnel, or school administrators who fail to
486 report suspected or actual child abuse or alleged misconduct by
487 other educational support employees, instructional personnel, or
488 school administrators.

489 (4) (a) Post in a prominent place in a clearly visible
490 location and public area of the school which is readily
491 accessible to and widely used by students a sign in English and
492 Spanish that contains:

493 1. The statewide toll-free telephone number of the central
494 abuse hotline as provided in chapter 39. ~~;~~

495 2. Instructions to call 911 for emergencies. ~~;~~ ~~and~~

496 3. Directions for accessing the Department of Children and
497 Families Internet website for more information on reporting
498 abuse, neglect, and exploitation.

499 4. Directions for accessing the Department of Education's
500 website for more information on reporting acts that violate s.
501 800.101.

502
503 The Department of Education shall develop, and publish on the

919762

504 department's Internet website, sample notices suitable for
505 posting in accordance with subsections (1), (2), and (4).

506 Section 7. Subsection (6) of section 1012.27, Florida
507 Statutes, is amended to read:

508 1012.27 Public school personnel; powers and duties of
509 district school superintendent.—The district school
510 superintendent is responsible for directing the work of the
511 personnel, subject to the requirements of this chapter, and in
512 addition the district school superintendent shall perform the
513 following:

514 (6) EMPLOYMENT HISTORY CHECKS.—Before employing a person in
515 any position that requires direct contact with students, conduct
516 employment history checks of each of the person's previous
517 employers, review each affidavit of separation from previous
518 employers pursuant to s. 1012.31, screen instructional personnel
519 and school administrators, as defined in s. 1012.01, through use
520 of the educator screening tools described in s. 1001.10(5), and
521 document the findings. If unable to contact a previous employer,
522 the district school superintendent shall document efforts to
523 contact the employer.

524 Section 8. Paragraph (a) of subsection (2) of section
525 1012.31, Florida Statutes, is amended to read:

526 1012.31 Personnel files.—Public school system employee
527 personnel files shall be maintained according to the following
528 provisions:

529 (2) (a) Materials relating to work performance, discipline,
530 suspension, or dismissal must be reduced to writing and signed
531 by a person competent to know the facts or make the judgment. In
532 cases of separation due to termination or resignation in lieu of

919762

533 termination, the person shall execute and maintain an affidavit
534 of separation, on the form adopted by the Department of
535 Education, setting forth in detail the facts and reasons for
536 such separation. The affidavit must expressly disclose when
537 separation is due to a report of sexual misconduct with a
538 student. The affidavit of separation must be executed under oath
539 and constitutes an official statement within the purview of s.
540 837.06. The affidavit of separation must include conspicuous
541 language that intentional false execution of the affidavit
542 constitutes a misdemeanor of the second degree ~~The resignation~~
543 ~~or termination of an employee before an investigation of alleged~~
544 ~~misconduct by the employee affecting the health, safety, or~~
545 ~~welfare of a student is concluded must be clearly indicated in~~
546 ~~the employee's personnel file.~~

547 Section 9. Section 1012.315, Florida Statutes, is amended
548 to read:

549 1012.315 Screening standards ~~Disqualification from~~
550 ~~employment.~~-A person is ineligible for educator certification or
551 employment in any position that requires direct contact with
552 students in a district school system, charter school, or a
553 private school that participates ~~accepts scholarship students~~
554 ~~who participate~~ in a state scholarship program under chapter
555 1002 if the person is on the disqualification list maintained by
556 the department pursuant to s. 1001.10(4)(b), is registered as a
557 sex offender as described in 42 U.S.C. s. 9858f(c)(1)(C), or has
558 been convicted or found guilty of, has had adjudication withheld
559 for, or has pled guilty or nolo contendere to ~~of:~~

560 (1) Any felony offense prohibited under any of the
561 following statutes:

919762

562 (a) Section 393.135, relating to sexual misconduct with
563 certain developmentally disabled clients and reporting of such
564 sexual misconduct.

565 (b) Section 394.4593, relating to sexual misconduct with
566 certain mental health patients and reporting of such sexual
567 misconduct.

568 (c) Section 415.111, relating to adult abuse, neglect, or
569 exploitation of aged persons or disabled adults.

570 (d) Section 782.04, relating to murder.

571 (e) Section 782.07, relating to manslaughter, aggravated
572 manslaughter of an elderly person or disabled adult, aggravated
573 manslaughter of a child, or aggravated manslaughter of an
574 officer, a firefighter, an emergency medical technician, or a
575 paramedic.

576 (f) Section 784.021, relating to aggravated assault.

577 (g) Section 784.045, relating to aggravated battery.

578 (h) Section 784.075, relating to battery on a detention or
579 commitment facility staff member or a juvenile probation
580 officer.

581 (i) Section 787.01, relating to kidnapping.

582 (j) Section 787.02, relating to false imprisonment.

583 (k) Section 787.025, relating to luring or enticing a
584 child.

585 (l) Section 787.04(2), relating to leading, taking,
586 enticing, or removing a minor beyond the state limits, or
587 concealing the location of a minor, with criminal intent pending
588 custody proceedings.

589 (m) Section 787.04(3), relating to leading, taking,
590 enticing, or removing a minor beyond the state limits, or

919762

591 concealing the location of a minor, with criminal intent pending
592 dependency proceedings or proceedings concerning alleged abuse
593 or neglect of a minor.

594 (n) Section 790.115(1), relating to exhibiting firearms or
595 weapons at a school-sponsored event, on school property, or
596 within 1,000 feet of a school.

597 (o) Section 790.115(2)(b), relating to possessing an
598 electric weapon or device, destructive device, or other weapon
599 at a school-sponsored event or on school property.

600 (p) Section 794.011, relating to sexual battery.

601 (q) Former s. 794.041, relating to sexual activity with or
602 solicitation of a child by a person in familial or custodial
603 authority.

604 (r) Section 794.05, relating to unlawful sexual activity
605 with certain minors.

606 (s) Section 794.08, relating to female genital mutilation.

607 (t) Chapter 796, relating to prostitution.

608 (u) Chapter 800, relating to lewdness and indecent
609 exposure.

610 (v) Section 800.101, relating to offenses against students
611 by authority figures.

612 (w) Section 806.01, relating to arson.

613 (x) Section 810.14, relating to voyeurism.

614 (y) Section 810.145, relating to video voyeurism.

615 (z) Section 812.014(6), relating to coordinating the
616 commission of theft in excess of \$3,000.

617 (aa) Section 812.0145, relating to theft from persons 65
618 years of age or older.

619 (bb) Section 812.019, relating to dealing in stolen

919762

620 property.
621 (cc) Section 812.13, relating to robbery.
622 (dd) Section 812.131, relating to robbery by sudden
623 snatching.
624 (ee) Section 812.133, relating to carjacking.
625 (ff) Section 812.135, relating to home-invasion robbery.
626 (gg) Section 817.563, relating to fraudulent sale of
627 controlled substances.
628 (hh) Section 825.102, relating to abuse, aggravated abuse,
629 or neglect of an elderly person or disabled adult.
630 (ii) Section 825.103, relating to exploitation of an
631 elderly person or disabled adult.
632 (jj) Section 825.1025, relating to lewd or lascivious
633 offenses committed upon or in the presence of an elderly person
634 or disabled person.
635 (kk) Section 826.04, relating to incest.
636 (ll) Section 827.03, relating to child abuse, aggravated
637 child abuse, or neglect of a child.
638 (mm) Section 827.04, relating to contributing to the
639 delinquency or dependency of a child.
640 (nn) Section 827.071, relating to sexual performance by a
641 child.
642 (oo) Section 843.01, relating to resisting arrest with
643 violence.
644 (pp) Chapter 847, relating to obscenity.
645 (qq) Section 874.05, relating to causing, encouraging,
646 soliciting, or recruiting another to join a criminal street
647 gang.
648 (rr) Chapter 893, relating to drug abuse prevention and

919762

649 control, if the offense was a felony of the second degree or
650 greater severity.

651 (ss) Section 916.1075, relating to sexual misconduct with
652 certain forensic clients and reporting of such sexual
653 misconduct.

654 (tt) Section 944.47, relating to introduction, removal, or
655 possession of contraband at a correctional facility.

656 (uu) Section 985.701, relating to sexual misconduct in
657 juvenile justice programs.

658 (vv) Section 985.711, relating to introduction, removal, or
659 possession of contraband at a juvenile detention facility or
660 commitment program.

661 (2) Any misdemeanor offense prohibited under any of the
662 following statutes:

663 (a) Section 784.03, relating to battery, if the victim of
664 the offense was a minor.

665 (b) Section 787.025, relating to luring or enticing a
666 child.

667 (3) Any criminal act committed in another state or under
668 federal law which, if committed in this state, constitutes an
669 offense prohibited under any statute listed in subsection (1) or
670 subsection (2).

671 (4) Any delinquent act committed in this state or any
672 delinquent or criminal act committed in another state or under
673 federal law which, if committed in this state, qualifies an
674 individual for inclusion on the Registered Juvenile Sex Offender
675 List under s. 943.0435(1)(h)1.d.

676 Section 10. Subsection (1) of section 1012.795, Florida
677 Statutes, is amended to read:

919762

678 1012.795 Education Practices Commission; authority to
679 discipline.—

680 (1) The Education Practices Commission may suspend the
681 educator certificate of any instructional personnel or school
682 administrator, as defined in s. 1012.01(2) or (3), for up to 5
683 years, thereby denying that person the right to teach or
684 otherwise be employed by a district school board or public
685 school in any capacity requiring direct contact with students
686 for that period of time, after which the person may return to
687 teaching as provided in subsection (4); may revoke the educator
688 certificate of any person, thereby denying that person the right
689 to teach or otherwise be employed by a district school board or
690 public school in any capacity requiring direct contact with
691 students for up to 10 years, with reinstatement subject to
692 subsection (4); may permanently revoke the educator certificate
693 of any person thereby denying that person the right to teach or
694 otherwise be employed by a district school board or public
695 school in any capacity requiring direct contact with students;
696 may suspend a person's educator certificate, upon an order of
697 the court or notice by the Department of Revenue relating to the
698 payment of child support; may direct the department to place a
699 certificateholder employed by a public school, charter school,
700 charter school governing board, or private school that
701 participates in a state scholarship program under chapter 1002
702 on the disqualification list maintained by the department
703 pursuant to s. 1001.10(4)(b) for misconduct that would render
704 the person ineligible pursuant to s. 1012.315 or sexual
705 misconduct with a student; or may impose any other penalty
706 provided by law, if the person:

707 (a) Obtained or attempted to obtain an educator certificate
708 by fraudulent means.

709 (b) Knowingly failed to report actual or suspected child
710 abuse as required in s. 1006.061 or report alleged misconduct by
711 instructional personnel or school administrators which affects
712 the health, safety, or welfare of a student as required in s.
713 1012.796.

714 (c) Has proved to be incompetent to teach or to perform
715 duties as an employee of the public school system or to teach in
716 or to operate a private school.

717 (d) Has been guilty of gross immorality or an act involving
718 moral turpitude as defined by rule of the State Board of
719 Education, including engaging in or soliciting sexual, romantic,
720 or lewd conduct with a student or minor.

721 (e) Has had an educator certificate or other professional
722 license sanctioned by this or any other state or has had the
723 authority to practice the regulated profession revoked,
724 suspended, or otherwise acted against, including a denial of
725 certification or licensure, by the licensing or certifying
726 authority of any jurisdiction, including its agencies and
727 subdivisions. The licensing or certifying authority's acceptance
728 of a relinquishment, stipulation, consent order, or other
729 settlement offered in response to or in anticipation of the
730 filing of charges against the licensee or certificateholder
731 shall be construed as action against the license or certificate.
732 For purposes of this section, a sanction or action against a
733 professional license, a certificate, or an authority to practice
734 a regulated profession must relate to being an educator or the
735 fitness of or ability to be an educator.

919762

736 (f) Has been convicted or found guilty of, has had
737 adjudication withheld for, or has pled guilty or nolo contendere
738 to a misdemeanor, felony, or any other criminal charge, other
739 than a minor traffic violation.

740 (g) Upon investigation, has been found guilty of personal
741 conduct that seriously reduces that person's effectiveness as an
742 employee of the district school board.

743 (h) Has breached a contract, as provided in s. 1012.33(2)
744 or s. 1012.335.

745 (i) Has been the subject of a court order or notice by the
746 Department of Revenue pursuant to s. 409.2598 directing the
747 Education Practices Commission to suspend the certificate as a
748 result of noncompliance with a child support order, a subpoena,
749 an order to show cause, or a written agreement with the
750 Department of Revenue.

751 (j) Has violated the Principles of Professional Conduct for
752 the Education Profession prescribed by State Board of Education
753 rules.

754 (k) Has otherwise violated the provisions of law, the
755 penalty for which is the revocation of the educator certificate.

756 (l) Has violated any order of the Education Practices
757 Commission.

758 (m) Has been the subject of a court order or plea agreement
759 in any jurisdiction which requires the certificateholder to
760 surrender or otherwise relinquish his or her educator's
761 certificate. A surrender or relinquishment shall be for
762 permanent revocation of the certificate. A person may not
763 surrender or otherwise relinquish his or her certificate prior
764 to a finding of probable cause by the commissioner as provided

919762

765 in s. 1012.796.

766 (n) Has been disqualified from educator certification under
767 s. 1012.315.

768 (o) Has committed a third recruiting offense as determined
769 by the Florida High School Athletic Association (FHSAA) pursuant
770 to s. 1006.20(2)(b).

771 (p) Has violated test security as provided in s. 1008.24.

772 Section 11. Paragraphs (a), (b), (d), and (e) of subsection
773 (1) and subsection (5) of section 1012.796, Florida Statutes,
774 are amended, paragraph (i) is added to subsection (7), and
775 subsection (10) is added to that section, to read:

776 1012.796 Complaints against teachers and administrators;
777 procedure; penalties.-

778 (1)(a) The Department of Education shall cause to be
779 investigated expeditiously any complaint filed before it or
780 otherwise called to its attention which, if legally sufficient,
781 contains grounds for the revocation or suspension of a
782 certificate or any other appropriate penalty as set forth in
783 subsection (7). The complaint is legally sufficient if it
784 contains the ultimate facts which show a violation has occurred
785 as provided in s. 1012.795 and defined by rule of the State
786 Board of Education. The department shall investigate or continue
787 to investigate and take appropriate action on a complaint even
788 though the original complainant withdraws the complaint or
789 otherwise indicates a desire not to cause it to be investigated
790 or prosecuted to completion. The department may investigate or
791 continue to investigate and take action on a complaint filed
792 against a person whose educator certificate has expired if the
793 act or acts that are the basis for the complaint were allegedly

919762

794 committed while that person possessed an educator certificate
795 and may not issue a certificate to such a person unless an
796 investigation has been completed.

797 (b) The department shall immediately investigate any
798 legally sufficient complaint that involves misconduct by any
799 certificated personnel which affects the health, safety, or
800 welfare of a student, giving the complaint priority over other
801 pending complaints. The department must investigate or continue
802 to investigate and take action on such a complaint filed against
803 a person whose educator certificate has expired if the act or
804 acts that are the basis for the complaint were allegedly
805 committed while that person possessed an educator certificate.
806 The Commissioner of Education shall make a determination of
807 probable cause within 90 days after receipt of any complaint
808 involving sexual misconduct with a student. Upon the written
809 request of a state attorney, this deadline may be held in
810 abeyance during criminal proceedings related to the sexual
811 misconduct with a student.

812 (d)1. Each school district shall file in writing with the
813 department all legally sufficient complaints within 30 days
814 after the date on which subject matter of the complaint comes to
815 the attention of the school district, regardless of whether the
816 subject of the complaint is still an employee of the school
817 district. A complaint is legally sufficient if it contains
818 ultimate facts that show a violation has occurred as provided in
819 s. 1012.795 and defined by rule of the State Board of Education.
820 The school district shall include all information relating to
821 the complaint which is known to the school district at the time
822 of filing.

919762

823 2. A school district shall immediately notify the
824 department if the subject of a legally sufficient complaint of
825 misconduct affecting the health, safety, or welfare of a student
826 resigns or is terminated before the conclusion of the school
827 district's investigation. Upon receipt of the notification, the
828 department shall place an alert on the person's certification
829 file indicating that he or she resigned or was terminated before
830 an investigation involving allegations of misconduct affecting
831 the health, safety, or welfare of a student was concluded. In
832 such circumstances, the database may not include specific
833 information relating to the alleged misconduct until permitted
834 by subsection (4). This subparagraph does not limit or restrict
835 the duty of the district school board to investigate the
836 complaint and report the findings and conclusion to the
837 department.

838 3. Each district school board shall develop and adopt
839 policies and procedures to comply with this reporting
840 requirement. School board policies and procedures must include
841 standards for screening, hiring, and terminating instructional
842 personnel and school administrators, as defined in s. 1012.01;
843 standards of ethical conduct for instructional personnel and
844 school administrators; the duties of instructional personnel and
845 school administrators for upholding the standards; detailed
846 procedures for reporting alleged misconduct by instructional
847 personnel and school administrators which affects the health,
848 safety, or welfare of a student; requirements for the
849 reassignment of instructional personnel and ~~or~~ school
850 administrators pending the outcome of a misconduct
851 investigation; and penalties for failing to comply with s.

919762

852 1001.51 or s. 1012.795. The district school board policies and
853 procedures must ~~shall~~ include appropriate penalties for all
854 personnel of the district school board for nonreporting and
855 procedures for promptly informing the district school
856 superintendent of each legally sufficient complaint. The
857 district school superintendent is charged with knowledge of
858 these policies and procedures and is accountable for the
859 training of all instructional personnel and school
860 administrators of the school district on the standards of
861 ethical conduct, policies, and procedures.

862 4. If the district school superintendent has knowledge of a
863 legally sufficient complaint and does not report the complaint,
864 or fails to enforce the policies and procedures of the district
865 school board, and fails to comply with the requirements of this
866 subsection, in addition to other actions against
867 certificateholders authorized by law, the district school
868 superintendent is subject to penalties as specified in s.
869 1001.51(12).

870 5. If the superintendent determines that misconduct by
871 instructional personnel or school administrators who hold an
872 educator certificate affects the health, safety, or welfare of a
873 student and the misconduct warrants termination, the
874 instructional personnel or school administrators may resign or
875 be terminated, and the superintendent must report the misconduct
876 to the department in the format prescribed by the department.
877 The department shall maintain each report of misconduct as a
878 public record in the instructional personnel's or school
879 administrators' certification files. This paragraph does not
880 limit or restrict the power and duty of the department to

919762

881 investigate complaints regarding certificateholders, regardless
882 of the school district's untimely filing, or failure to file,
883 complaints and followup reports. This subparagraph does not
884 create a duty for the department to investigate complaints
885 regarding noncertificateholders.

886 (e) If allegations arise against an employee who is
887 certified under s. 1012.56 and employed in an educator-
888 certificated position in any public school, charter school or
889 governing board thereof, or private school that accepts
890 scholarship students who participate in a state scholarship
891 program under chapter 1002, the school shall file in writing
892 with the department a legally sufficient complaint within 30
893 days after the date on which the subject matter of the complaint
894 came to the attention of the school, regardless of whether the
895 subject of the allegations is still an employee of the school. A
896 complaint is legally sufficient if it contains ultimate facts
897 that show a violation has occurred as provided in s. 1012.795
898 and defined by rule of the State Board of Education. The school
899 shall include all known information relating to the complaint
900 with the filing of the complaint. This paragraph does not limit
901 or restrict the power and duty of the department to investigate
902 complaints, regardless of the school's untimely filing, or
903 failure to file, complaints and followup reports. A school
904 described in this paragraph shall immediately notify the
905 department if the subject of a legally sufficient complaint of
906 misconduct affecting the health, safety, or welfare of a student
907 resigns or is terminated before the conclusion of the school's
908 investigation. Upon receipt of the notification, the department
909 shall place an alert on the person's certification file

919762

910 indicating that he or she resigned or was terminated before an
911 investigation involving allegations of misconduct affecting the
912 health, safety, or welfare of a student was concluded and place
913 the person on the disqualification list maintained by the
914 department pursuant to s. 1001.10(4)(b). In such circumstances,
915 the database may not include specific information relating to
916 the alleged misconduct until permitted by subsection (4).

917 (5) When an allegation of misconduct by instructional
918 personnel or school administrators, as defined in s. 1012.01, is
919 received, if the alleged misconduct affects the health, safety,
920 or welfare of a student, the district school superintendent in
921 consultation with the school principal, or upon the request of
922 the Commissioner of Education, must, at a minimum, immediately
923 suspend the instructional personnel or school administrators
924 from regularly assigned duties, with pay, and remove ~~reassign~~
925 the suspended personnel or administrators from ~~to~~ positions that
926 may ~~do not~~ require direct contact with students in the district
927 school system. Such suspension shall continue until submission
928 of a legally sufficient complaint. The proceedings and
929 determination of sanctions shall be completed by a school
930 district within 1 year after submission of the legally
931 sufficient complaint ~~the completion of the proceedings and the~~
932 ~~determination of sanctions, if any, pursuant to this section and~~
933 ~~s. 1012.795.~~

934 (7) A panel of the commission shall enter a final order
935 either dismissing the complaint or imposing one or more of the
936 following penalties:

937 (i) Direct the department to place instructional personnel
938 or school administrators on the disqualification list maintained

919762

939 by the department pursuant to s. 1001.10(4)(b) for conduct that
940 would render the person ineligible pursuant to s. 1012.315 or
941 sexual misconduct with a student.

942
943 The penalties imposed under this subsection are in addition to,
944 and not in lieu of, the penalties required for a third
945 recruiting offense pursuant to s. 1006.20(2)(b).

946 (10) A person on the disqualification list maintained by
947 the department pursuant to s. 1001.10(4)(b) shall be notified
948 that he or she may not serve or apply to serve as an employee or
949 contracted personnel at a public school or private school that
950 participates in a state scholarship program under chapter 1002.
951 A person who knowingly violates this provision commits a felony
952 of the third degree, punishable as provided in s. 775.082 or s.
953 775.083.

954 Section 12. Section 1012.797, Florida Statutes, is amended
955 to read:

956 1012.797 Notification of ~~district school superintendent of~~
957 certain charges against ~~or convictions of~~ employees.-

958 ~~(1)~~ Notwithstanding the provisions of s. 985.04(7) or any
959 other ~~provision of~~ law to the contrary, a law enforcement agency
960 shall, within 48 hours, notify the appropriate district school
961 superintendent, charter school governing board, private school
962 owner or administrator, president of the Florida School for the
963 Deaf and the Blind, or university lab schools director or
964 principal, as applicable, when its ~~of the name and address of~~
965 any employee of the school district who is arrested for charged
966 with a felony or with a misdemeanor involving the abuse of a
967 minor child or the sale or possession of a controlled substance.

919762

968 The notification shall include the specific charge for which the
969 employee of the school district was arrested. Notwithstanding
970 ss. 1012.31(3)(a)1. and 1012.796(4), within 24 hours after such
971 notification, the school principal or designee shall notify
972 parents of enrolled students who had direct contact with the
973 employee and include, at a minimum, the name and specific
974 charges against the employee. Such notification shall include
975 ~~other education providers such as the Florida School for the~~
976 ~~Deaf and the Blind, university lab schools, and private~~
977 ~~elementary and secondary schools.~~

978 ~~(2) Except to the extent necessary to protect the health,~~
979 ~~safety, and welfare of other students, the information obtained~~
980 ~~by the district school superintendent pursuant to this section~~
981 ~~may be released only to appropriate school personnel or as~~
982 ~~otherwise provided by law.~~

983 Section 13. This act shall take effect July 1, 2021.

984

986 And the title is amended as follows:

987 Delete everything before the enacting clause
988 and insert:

989 A bill to be entitled
990 An act relating to educator conduct; amending s.
991 1001.10, F.S.; requiring the Department of Education
992 to maintain a disqualification list of certain
993 persons; providing for the removal of a person from
994 the list under certain circumstances; requiring the
995 State Board of Education to adopt rules; requiring the
996 department to provide access to specified information

919762

997 to certain staff for specified purposes; amending s.
998 1001.42, F.S.; providing that certain provisions
999 relating to conduct and prohibition from employment
1000 apply to educational support employees; prohibiting
1001 certain employees and personnel from employment under
1002 certain circumstances; requiring district school
1003 boards to report specified persons to the department
1004 for inclusion on the list; providing that a school
1005 board official forfeits his or her salary for 1 year
1006 under additional circumstances; amending s. 1001.51,
1007 F.S.; providing that a district school superintendent
1008 forfeits his or her salary for 1 year under additional
1009 circumstances; amending s. 1002.33, F.S.; prohibiting
1010 certain individuals from employment at a charter
1011 school; providing requirements for charter schools
1012 relating to employing certain individuals; requiring
1013 the governing board of a charter school to establish
1014 the duty of instructional personnel and school
1015 administrators to report specified alleged misconduct
1016 by certain individuals; prohibiting an individual on
1017 the list from employment in specified positions;
1018 requiring a charter school to report specified
1019 individuals to the department for inclusion on a
1020 certain list; amending s. 1002.421, F.S.; requiring
1021 certain private schools to include educational support
1022 employees in specified policies; requiring certain
1023 private schools to deny employment to certain persons;
1024 prohibiting the employment of certain employees and
1025 personnel under circumstances; requiring private

1026 schools to report specified persons to the department
1027 for inclusion on a certain list; authorizing the
1028 Commissioner of Education to permanently revoke an
1029 owner's or operator's authority to establish or
1030 operate a private school in the state under certain
1031 circumstances; amending s. 1006.061, F.S.; revising
1032 the contents of a sign certain educational entities
1033 are required to post to include information relating
1034 to reporting of certain criminal acts; amending s.
1035 1012.27, F.S.; revising the requirements for certain
1036 employment history checks to include a specified
1037 affidavit; amending s. 1012.31, requiring certain
1038 persons to execute and maintain an affidavit of
1039 separation form for specified purposes; providing
1040 requirements for such affidavit; amending s. 1012.315,
1041 F.S.; providing that certain persons are ineligible
1042 for an educator certification or specified employment;
1043 amending s. 1012.795, F.S.; revising acts that warrant
1044 a disciplinary action by the commission; amending s.
1045 1012.796, F.S.; prohibiting the department from
1046 issuing a certificate to certain persons; requiring
1047 the commissioner to make a determination of probable
1048 cause within a specified timeframe for complaints
1049 relating to sexual misconduct with a student;
1050 providing for such timeframe to be held in abeyance
1051 under certain circumstances; providing construction;
1052 requiring certain individuals to be placed on a
1053 disqualification list; requiring the commissioner to
1054 remove certain suspended personnel or administrators

919762

1055 from certain positions under specified circumstances;
1056 requiring a district school superintendent to
1057 immediately suspend certain individuals and take
1058 specified action as a results of alleged misconduct;
1059 prohibiting certain individuals from serving or
1060 applying to serve in specified positions at public
1061 schools and specified private schools; providing a
1062 timeframe for specified investigations; providing
1063 timeframe for administrative suspension; providing
1064 criminal penalties; amending s. 1012.797, F.S.;
1065 revising provisions relating to notification by law
1066 enforcement of certain charges against employees;
1067 expanding the entities who receive such notifications;
1068 requiring a school principal or designee to notify
1069 certain parents of such notifications within a
1070 specified timeframe; providing minimum requirements
1071 for parental notifications; providing an effective
1072 date.

115 Be It Enacted by the Legislature of the State of Florida:

116

Page 4 of 50

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

8-01134-21 20211864__

117 Section 1. Subsections (4) and (5) of section 1001.10,
118 Florida Statutes, are amended to read:
119 1001.10 Commissioner of Education; general powers and
120 duties.-

121 (4) (a) The Department of Education shall provide technical
122 assistance to school districts, charter schools, the Florida
123 School for the Deaf and the Blind, and private schools that
124 accept scholarship students who participate in a state
125 scholarship program under chapter 1002 in the development of
126 policies, procedures, and training related to employment
127 practices and standards of ethical conduct for instructional
128 personnel and school administrators, as defined in s. 1012.01.

129 (b) The department shall maintain a disqualification list,
130 which must include the following information:

131 1. The identity of any person who has been permanently
132 denied an educator certificate or whose educator certificate has
133 been permanently revoked and the person has been placed on the
134 list as directed by the Education Practices Commission pursuant
135 to s. 1012.795(1) or s. 1012.796(7);

136 2. The identity of any person who has been permanently
137 disqualified by the commissioner to be an owner or operator of a
138 private school participating in state scholarship programs
139 pursuant to s. 1002.421 for a reason that reflects any risk of
140 harm to the health, safety, or welfare of a student;

141 3. The identity of any person who has been terminated, or
142 has resigned in lieu of termination, from employment with a
143 district school board as a result of misconduct that affects the
144 health, safety, or welfare of a student; and

145 4. The identity of any person who has been disqualified

8-01134-21 20211864__

146 from employment pursuant to s. 1012.315.

147 (c) The department may remove a person from the
148 disqualification list if the person demonstrates that:

149 1. A completed law enforcement investigation resulted in an
150 exoneration or no conviction or finding of guilt, and a
151 completed investigation and proceeding, as applicable, by the
152 responsible education agency resulted in no finding that the
153 person committed disqualifying conduct; or

154 2. The person was not the subject of the report of
155 disqualifying conduct and was included on the disqualification
156 list in error or as a result of mistaken identity.

157 (d) The State Board of Education shall adopt rules to
158 implement the disqualification list.

159 (5) The Department of Education shall provide authorized
160 staff of school districts, charter schools, the Florida School
161 for the Deaf and the Blind, and private schools that accept
162 scholarship students who participate in a state scholarship
163 program under chapter 1002 with access to electronic
164 verification of information from the following employment
165 screening tools:

166 (a) The Professional Practices' Database of Disciplinary
167 Actions Against Educators; ~~and~~

168 (b) The Department of Education's Teacher Certification
169 Database; and

170 (c) The Department of Education's disqualification list
171 maintained pursuant to paragraph (4) (b).

172
173 This subsection does not require the department to provide these
174 staff with unlimited access to the databases. However, the

8-01134-21 20211864__

175 department shall provide the staff with access to the data
176 necessary for performing employment history checks of the
177 educational support employees, instructional personnel, and
178 school administrators included in the databases.

179 Section 2. Subsections (6) and (7) of section 1001.42,
180 Florida Statutes, are amended, and paragraph (c) is added to
181 subsection (5) of that section, to read:

182 1001.42 Powers and duties of district school board.—The
183 district school board, acting as a board, shall exercise all
184 powers and perform all duties listed below:

185 (5) PERSONNEL.—

186 (c) Immediately investigate any legally sufficient
187 complaint that involves misconduct by an educational support
188 employee, instructional personnel, or administrative personnel
189 which affects the health, safety, or welfare of a student and
190 would result in termination. An investigation that results in
191 termination, or the accused person's resignation in lieu of
192 termination, must be reported to the department, and the
193 department shall place the person on the disqualification list
194 maintained pursuant to s. 1001.10(4)(b).

195 (6) STANDARDS OF ETHICAL CONDUCT FOR EDUCATIONAL SUPPORT
196 EMPLOYEES, INSTRUCTIONAL PERSONNEL, ADMINISTRATIVE PERSONNEL,
197 AND SCHOOL OFFICERS.—Adopt policies establishing standards of
198 ethical conduct for educational support employees, instructional
199 personnel, administrative personnel, and school officers. The
200 policies must require all educational support employees,
201 instructional personnel, administrative personnel, and school
202 officers, as defined in s. 1012.01, to complete training on the
203 standards; establish the duty of educational support employees,

8-01134-21 20211864__

204 instructional personnel, administrative personnel, and school
205 officers to report, and procedures for reporting, alleged
206 misconduct by other educational support employees, instructional
207 or administrative personnel, and school officers which affects
208 the health, safety, or welfare of a student, including
209 misconduct that involves engaging in or soliciting sexual,
210 romantic, or lewd conduct with a student; require the district
211 school superintendent to report to law enforcement misconduct by
212 educational support employees, instructional personnel, or
213 school administrators that would result in disqualification from
214 educator certification or employment as provided in s. 1012.315;
215 and include an explanation of the liability protections provided
216 under ss. 39.203 and 768.095. A district school board, or any of
217 its employees or personnel, may not enter into a confidentiality
218 agreement regarding terminated or dismissed educational support
219 employees, instructional or administrative personnel, or school
220 officers who resign in lieu of termination, based in whole or in
221 part on misconduct that affects the health, safety, or welfare
222 of a student, and may not provide educational support employees,
223 instructional personnel, administrative personnel, or school
224 officers with employment references or discuss the employees',
225 personnel's, or officers' performance with prospective employers
226 in another educational setting, without disclosing the
227 employees', personnel's, or officers' misconduct. Any part of an
228 agreement or contract that has the purpose or effect of
229 concealing misconduct by educational support employees,
230 instructional personnel, administrative personnel, or school
231 officers which affects the health, safety, or welfare of a
232 student is void, is contrary to public policy, and may not be

8-01134-21 20211864__

233 enforced.

234 (7) DISQUALIFICATION FROM EMPLOYMENT.—Disqualify

235 educational support employees, instructional personnel, and

236 administrative personnel, as defined in s. 1012.01, from

237 employment in any position that requires direct contact with

238 students if the employees or personnel are ineligible for such

239 employment under s. 1012.315, and, if the disqualifying conduct

240 occurs subsequent to employment, report the disqualified

241 employees or personnel and the disqualifying circumstances to

242 the department for inclusion on the disqualification list

243 maintained by the department pursuant to s. 1001.10(4)(b). An

244 electd or appointed school board official forfeits his or her

245 salary for 1 year if:

246 (a) The school board official knowingly signs and transmits

247 to any state official a report of alleged misconduct by

248 educational support employees, instructional personnel, or

249 administrative personnel which affects the health, safety, or

250 welfare of a student and the school board official knows the

251 report to be false or incorrect; or

252 (b) The school board official knowingly fails to adopt

253 policies that require:

254 1. Educational support employees, instructional personnel,

255 and administrative personnel to report alleged misconduct by

256 other educational support employees, instructional personnel,

257 and administrative personnel;

258 2. The district school superintendent to report misconduct

259 by educational support employees, instructional personnel, or

260 school administrators that would result in disqualification from

261 educator certification or employment as provided in s. 1012.315

8-01134-21 20211864__

262 to the law enforcement agencies with jurisdiction over the

263 conduct and the department as required by s. 1012.796; or

264 3. The complete investigation of all reports of alleged

265 misconduct by educational support employees, instructional

266 personnel, and administrative personnel, if the misconduct

267 affects the health, safety, or welfare of a student, regardless

268 of whether the educational support employees, instructional

269 personnel, or administrative personnel resign or are terminated

270 before the conclusion of the investigation. The policy must

271 require the superintendent to notify the department of the

272 result of the investigation and whether the misconduct warranted

273 termination, regardless of whether the person resigned or was

274 terminated before the conclusion of the investigation.

275 Section 3. Paragraph (g) of subsection (12) and paragraphs

276 (b) and (c) of subsection (16) of section 1002.33, Florida

277 Statutes, are amended to read:

278 1002.33 Charter schools.—

279 (12) EMPLOYEES OF CHARTER SCHOOLS.—

280 (g)1. A charter school shall employ or contract with

281 employees who have undergone background screening as provided in

282 s. 1012.32. Members of the governing board of the charter school

283 shall also undergo background screening in a manner similar to

284 that provided in s. 1012.32. A person may not be employed by a

285 charter school or serve as a member of a charter school

286 governing board if the person is ineligible pursuant to s.

287 1012.315 or is included on the disqualification list maintained

288 by the department pursuant to s. 1001.10(4)(b).

289 2. A charter school shall disqualify educational support

290 employees, instructional personnel, and school administrators,

8-01134-21 20211864__
 291 as defined in s. 1012.01, from employment in any position that
 292 requires direct contact with students if the employees,
 293 personnel, or administrators are ineligible for such employment
 294 under s. 1012.315, and, if the disqualifying conduct occurs
 295 subsequent to employment, report the person and the
 296 disqualifying circumstances to the department for inclusion on
 297 the disqualification list maintained pursuant to s.
 298 1001.10(4)(b).

299 3. The governing board of a charter school shall adopt
 300 policies establishing standards of ethical conduct for
 301 educational support employees, instructional personnel, and
 302 school administrators. The policies must require all educational
 303 support employees, instructional personnel, and school
 304 administrators, as defined in s. 1012.01, to complete training
 305 on the standards; establish the duty of educational support
 306 employees, instructional personnel, and school administrators to
 307 report, and procedures for reporting, alleged misconduct by
 308 other educational support employees, instructional personnel,
 309 and school administrators which affects the health, safety, or
 310 welfare of a student; and include an explanation of the
 311 liability protections provided under ss. 39.203 and 768.095. A
 312 charter school, or any of its employees, may not enter into a
 313 confidentiality agreement regarding terminated or dismissed
 314 educational support employees, instructional personnel, or
 315 school administrators, or personnel or administrators who resign
 316 in lieu of termination, based in whole or in part on misconduct
 317 that affects the health, safety, or welfare of a student, and
 318 may not provide educational support employees, instructional
 319 personnel, or school administrators with employment references

8-01134-21 20211864__
 320 or discuss the employees', personnel's, or administrators'
 321 performance with prospective employers in another educational
 322 setting, without disclosing the employees', personnel's or
 323 administrators' misconduct. Any part of an agreement or contract
 324 that has the purpose or effect of concealing misconduct by
 325 educational support employees, instructional personnel, or
 326 school administrators which affects the health, safety, or
 327 welfare of a student is void, is contrary to public policy, and
 328 may not be enforced.

329 4. Before employing a person ~~instructional personnel or~~
 330 ~~school administrators~~ in any position that requires direct
 331 contact with students, a charter school shall conduct employment
 332 history checks of each of the person's ~~personnel's or~~
 333 ~~administrators'~~ previous employers, screen the person
 334 ~~instructional personnel or school administrators~~ through use of
 335 the ~~educator~~ screening tools described in s. 1001.10(5), and
 336 document the findings. If unable to contact a previous employer,
 337 the charter school must document efforts to contact the
 338 employer.

339 5. The sponsor of a charter school that knowingly fails to
 340 comply with this paragraph shall terminate the charter under
 341 subsection (8).

342 (16) EXEMPTION FROM STATUTES.—

343 (b) ~~Additionally,~~ A charter school also shall be in
 344 compliance with the following statutes:

- 345 1. Section 286.011, relating to public meetings and
 346 records, public inspection, and criminal and civil penalties.
 347 2. Chapter 119, relating to public records.
 348 3. Section 1003.03, relating to the maximum class size,

8-01134-21 20211864__

349 except that the calculation for compliance pursuant to s.
 350 1003.03 shall be the average at the school level.

351 4. Section 1012.22(1)(c), relating to compensation and
 352 salary schedules.

353 5. Section 1012.33(5), relating to workforce reductions.

354 6. Section 1012.335, relating to contracts with
 355 instructional personnel hired on or after July 1, 2011.

356 7. Section 1012.34, relating to the substantive
 357 requirements for performance evaluations for instructional
 358 personnel and school administrators.

359 8. Section 1006.12, relating to safe-school officers.

360 9. Section 1006.07(7), relating to threat assessment teams.

361 10. Section 1006.07(9), relating to School Environmental
 362 Safety Incident Reporting.

363 11. Section 1006.1493, relating to the Florida Safe Schools
 364 Assessment Tool.

365 12. Section 1006.07(6)(c), relating to adopting an active
 366 assailant response plan.

367 13. Section 943.082(4)(b), relating to the mobile
 368 suspicious activity reporting tool.

369 14. Section 1012.584, relating to youth mental health
 370 awareness and assistance training.

371 15. Section 1012.796, relating to complaints against
 372 educational support employees, teachers, and administrators.

373 (c) For purposes of subparagraphs (b)4.-7. and 15.:
 374 1. The duties assigned to a district school superintendent
 375 apply to charter school administrative personnel, as defined in
 376 s. 1012.01(3)(a) and (b), and the charter school governing board
 377 shall designate at least one administrative person to be

8-01134-21 20211864__

378 responsible for such duties.

379 2. The duties assigned to a district school board apply to
 380 a charter school governing board.

381 3. A charter school may hire instructional personnel and
 382 other employees on an at-will basis.

383 4. Notwithstanding any provision to the contrary,
 384 instructional personnel and other employees on contract may be
 385 suspended or dismissed any time during the term of the contract
 386 without cause.

387 Section 4. Paragraphs (n) and (o) of subsection (1) and
 388 subsection (3) of section 1002.421, Florida Statutes, are
 389 amended, and paragraph (r) of subsection (1) is added to that
 390 section, to read:

391 1002.421 State school choice scholarship program
 392 accountability and oversight.—

393 (1) PRIVATE SCHOOL ELIGIBILITY AND OBLIGATIONS.—A private
 394 school participating in an educational scholarship program
 395 established pursuant to this chapter must be a private school as
 396 defined in s. 1002.01(2) in this state, be registered, and be in
 397 compliance with all requirements of this section in addition to
 398 private school requirements outlined in s. 1002.42, specific
 399 requirements identified within respective scholarship program
 400 laws, and other provisions of Florida law that apply to private
 401 schools, and must:

402 (n) Adopt policies establishing standards of ethical
 403 conduct for educational support employees, instructional
 404 personnel, and school administrators. The policies must require
 405 all educational support employees, instructional personnel, and
 406 school administrators, as defined in s. 1012.01, to complete

8-01134-21 20211864__
 407 training on the standards; establish the duty of educational
 408 support employees, instructional personnel, and school
 409 administrators to report, and procedures for reporting, alleged
 410 misconduct by other educational support employees, instructional
 411 personnel, and school administrators which affects the health,
 412 safety, or welfare of a student; and include an explanation of
 413 the liability protections provided under ss. 39.203 and 768.095.
 414 A private school, or any of its employees, may not enter into a
 415 confidentiality agreement regarding terminated or dismissed
 416 educational support employees, instructional personnel, or
 417 school administrators, or personnel or administrators who resign
 418 in lieu of termination, based in whole or in part on misconduct
 419 that affects the health, safety, or welfare of a student, and
 420 may not provide the employees, instructional personnel, or
 421 school administrators with employment references or discuss the
 422 employees', personnel's, or administrators' performance with
 423 prospective employers in another educational setting, without
 424 disclosing the employees', personnel's, or administrators'
 425 misconduct. Any part of an agreement or contract that has the
 426 purpose or effect of concealing misconduct by educational
 427 support employees, instructional personnel, or school
 428 administrators which affects the health, safety, or welfare of a
 429 student is void, is contrary to public policy, and may not be
 430 enforced.

431 (o) Before employing an individual instructional personnel
 432 ~~or school administrators~~ in any position that requires direct
 433 contact with students, conduct employment history checks of ~~each~~
 434 ~~of the personnel's or administrators'~~ previous employers, screen
 435 the individual using the personnel or administrators through use

8-01134-21 20211864__
 436 ~~of the educator~~ screening tools described in s. 1001.10(5), and
 437 document the findings. If unable to contact a previous employer,
 438 the private school must document efforts to contact the
 439 employer. The private school must deny employment to any
 440 individual whose educator certificate is revoked, who is barred
 441 from reapplication for an educator certificate, or who is
 442 identified on the disqualification list maintained by the
 443 department pursuant to s. 1001.10(4)(b).

444 (r) Disqualify educational support employees, instructional
 445 personnel, and school administrators from employment in any
 446 position that requires direct contact with students if the
 447 personnel or administrators are ineligible for such employment
 448 pursuant to this section or s. 1012.315, and, if the
 449 disqualifying conduct occurs subsequent to employment, report
 450 the person and the disqualifying circumstances to the department
 451 for inclusion on the disqualification list maintained pursuant
 452 to s. 1001.10(4)(b).

453
 454 The department shall suspend the payment of funds to a private
 455 school that knowingly fails to comply with this subsection, and
 456 shall prohibit the school from enrolling new scholarship
 457 students, for 1 fiscal year and until the school complies. If a
 458 private school fails to meet the requirements of this subsection
 459 or has consecutive years of material exceptions listed in the
 460 report required under paragraph (q), the commissioner may
 461 determine that the private school is ineligible to participate
 462 in a scholarship program.

463 (3) COMMISSIONER OF EDUCATION AUTHORITY AND OBLIGATIONS.—

464 The Commissioner of Education:

8-01134-21

20211864__

465 (a) Shall deny, suspend, or revoke a private school's
 466 participation in a scholarship program if it is determined that
 467 the private school has failed to comply with this section or
 468 exhibits a previous pattern of failure to comply. However, if
 469 the noncompliance is correctable within a reasonable amount of
 470 time, not to exceed 45 days, and if the health, safety, or
 471 welfare of the students is not threatened, the commissioner may
 472 issue a notice of noncompliance which provides the private
 473 school with a timeframe within which to provide evidence of
 474 compliance before taking action to suspend or revoke the private
 475 school's participation in the scholarship program.

476 (b) May deny, suspend, or revoke a private school's
 477 participation in a scholarship program if the commissioner
 478 determines that an owner or operator of the private school is
 479 operating or has operated an educational institution in this
 480 state or in another state or jurisdiction in a manner contrary
 481 to the health, safety, or welfare of the public or if the owner
 482 or operator has exhibited a previous pattern of failure to
 483 comply with this section or specific requirements identified
 484 within respective scholarship program laws. For purposes of this
 485 subsection, the term "owner or operator" has the same meaning as
 486 provided in paragraph (1)(p).

487 (c) May permanently deny or revoke the authority of an
 488 owner or operator to establish or operate a private school
 489 participating in an educational scholarship program pursuant to
 490 this chapter if the commissioner decides that the owner or
 491 operator is operating or has operated an educational institution
 492 in this state or another state or jurisdiction in a manner
 493 contrary to the health, safety, or welfare of the public, and

Page 17 of 50

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

8-01134-21

20211864__

494 shall include such person on the disqualification list
 495 maintained by the department pursuant to s. 1001.10(4)(b).

496 ~~(d)1.(e)1.~~ In making such a determination, may consider
 497 factors that include, but are not limited to, acts or omissions
 498 by an owner or operator which led to a previous denial,
 499 suspension, or revocation of participation in a state or federal
 500 education scholarship program; an owner's or operator's failure
 501 to reimburse the department or scholarship-funding organization
 502 for scholarship funds improperly received or retained by a
 503 school; the imposition of a prior criminal sanction related to
 504 an owner's or operator's management or operation of an
 505 educational institution; the imposition of a civil fine or
 506 administrative fine, license revocation or suspension, or
 507 program eligibility suspension, termination, or revocation
 508 related to an owner's or operator's management or operation of
 509 an educational institution; or other types of criminal
 510 proceedings in which an owner or operator was found guilty of,
 511 regardless of adjudication, or entered a plea of nolo contendere
 512 or guilty to, any offense involving fraud, deceit, dishonesty,
 513 or moral turpitude.

514 2. The commissioner's determination is subject to the
 515 following:

516 a. If the commissioner intends to deny, suspend, or revoke
 517 a private school's participation in the scholarship program, the
 518 department shall notify the private school of such proposed
 519 action in writing by certified mail and regular mail to the
 520 private school's address of record with the department. The
 521 notification shall include the reasons for the proposed action
 522 and notice of the timelines and procedures set forth in this

Page 18 of 50

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

8-01134-21 20211864__

523 paragraph.

524 b. The private school that is adversely affected by the

525 proposed action shall have 15 days after receipt of the notice

526 of proposed action to file with the department's agency clerk a

527 request for a proceeding pursuant to ss. 120.569 and 120.57. If

528 the private school is entitled to a hearing under s. 120.57(1),

529 the department shall forward the request to the Division of

530 Administrative Hearings.

531 c. Upon receipt of a request referred pursuant to this

532 subparagraph, the director of the Division of Administrative

533 Hearings shall expedite the hearing and assign an administrative

534 law judge who shall commence a hearing within 30 days after the

535 receipt of the formal written request by the division and enter

536 a recommended order within 30 days after the hearing or within

537 30 days after receipt of the hearing transcript, whichever is

538 later. Each party shall be allowed 10 days in which to submit

539 written exceptions to the recommended order. A final order shall

540 be entered by the agency within 30 days after the entry of a

541 recommended order. The provisions of this sub-subparagraph may

542 be waived upon stipulation by all parties.

543 (e)~~(d)~~ May immediately suspend payment of scholarship funds

544 if it is determined that there is probable cause to believe that

545 there is:

546 1. An imminent threat to the health, safety, or welfare of

547 the students;

548 2. A previous pattern of failure to comply with this

549 section; or

550 3. Fraudulent activity on the part of the private school.

551 Notwithstanding s. 1002.22, in incidents of alleged fraudulent

8-01134-21 20211864__

552 activity pursuant to this section, the department's Office of

553 Inspector General is authorized to release personally

554 identifiable records or reports of students to the following

555 persons or organizations:

556 a. A court of competent jurisdiction in compliance with an

557 order of that court or the attorney of record in accordance with

558 a lawfully issued subpoena, consistent with the Family

559 Educational Rights and Privacy Act, 20 U.S.C. s. 1232g.

560 b. A person or entity authorized by a court of competent

561 jurisdiction in compliance with an order of that court or the

562 attorney of record pursuant to a lawfully issued subpoena,

563 consistent with the Family Educational Rights and Privacy Act,

564 20 U.S.C. s. 1232g.

565 c. Any person, entity, or authority issuing a subpoena for

566 law enforcement purposes when the court or other issuing agency

567 has ordered that the existence or the contents of the subpoena

568 or the information furnished in response to the subpoena not be

569 disclosed, consistent with the Family Educational Rights and

570 Privacy Act, 20 U.S.C. s. 1232g, and 34 C.F.R. s. 99.31.

571

572 The commissioner's order suspending payment pursuant to this

573 paragraph may be appealed pursuant to the same procedures and

574 timelines as the notice of proposed action set forth in

575 subparagraph (d)2. ~~subparagraph (e)2.~~

576 Section 5. Paragraph (a) of subsection (2) of section

577 1002.45, Florida Statutes, is amended to read:

578 1002.45 Virtual instruction programs.—

579 (2) PROVIDER QUALIFICATIONS.—

580 (a) The department shall annually publish online a list of

8-01134-21 20211864__

581 providers approved to offer virtual instruction programs. To be
 582 approved by the department, a provider must document that it:

583 1. Is nonsectarian in its programs, admission policies,
 584 employment practices, and operations;

585 2. Complies with the antidiscrimination provisions of s.
 586 1000.05;

587 3. Locates an administrative office or offices in this
 588 state, requires its administrative staff to be state residents,
 589 requires all instructional staff to be Florida-certified
 590 teachers under chapter 1012, and conducts background screenings
 591 and receives arrest reports for all employees or contracted
 592 personnel, as required by s. 1012.32, using state and national
 593 criminal history records, and designates at least one
 594 administrator to be responsible for the duties and requirements
 595 related to background screening assigned to a district school
 596 board and superintendent under ss. 1012.465 and 1012.56(10);

597 4. Disqualifies educational support employees,
 598 instructional personnel, and administrative personnel, as
 599 defined in s. 1012.01, from employment in any position that
 600 requires direct contact with students, if the employees or
 601 personnel are ineligible for such employment under s. 1012.315,
 602 and, if the disqualifying conduct occurs subsequent to
 603 employment, reports the disqualified employees or personnel and
 604 the disqualifying circumstances to the department for inclusion
 605 on the disqualification list maintained by the department
 606 pursuant to s. 1001.10(4)(b).

607 ~~5.4~~ Provides to parents and students specific information
 608 posted and accessible online that includes, but is not limited
 609 to, the following teacher-parent and teacher-student contact

8-01134-21 20211864__

610 information for each course:

611 a. How to contact the instructor via phone, e-mail, or
 612 online messaging tools.

613 b. How to contact technical support via phone, e-mail, or
 614 online messaging tools.

615 c. How to contact the administration office via phone, e-
 616 mail, or online messaging tools.

617 d. Any requirement for regular contact with the instructor
 618 for the course and clear expectations for meeting the
 619 requirement.

620 e. The requirement that the instructor in each course must,
 621 at a minimum, conduct one contact via phone with the parent and
 622 the student each month;

623 ~~6.5~~ Possesses prior, successful experience offering online
 624 courses to elementary, middle, or high school students as
 625 demonstrated by quantified student learning gains in each
 626 subject area and grade level provided for consideration as an
 627 instructional program option. However, for a provider without
 628 sufficient prior, successful experience offering online courses,
 629 the department may conditionally approve the provider to offer
 630 courses measured pursuant to subparagraph (8)(a)2. Conditional
 631 approval shall be valid for 1 school year only and, based on the
 632 provider's experience in offering the courses, the department
 633 shall determine whether to grant approval to offer a virtual
 634 instruction program;

635 ~~7.6~~ Is accredited by a regional accrediting association as
 636 defined by State Board of Education rule;

637 ~~8.7~~ Ensures instructional and curricular quality through a
 638 detailed curriculum and student performance accountability plan

8-01134-21 20211864__

639 that addresses every subject and grade level it intends to
 640 provide through contract with the school district, including:

641 a. Courses and programs that meet the standards of the
 642 International Association for K-12 Online Learning and the
 643 Southern Regional Education Board.

644 b. Instructional content and services that align with, and
 645 measure student attainment of, student proficiency in the Next
 646 Generation Sunshine State Standards.

647 c. Mechanisms that determine and ensure that a student has
 648 satisfied requirements for grade level promotion and high school
 649 graduation with a standard diploma, as appropriate;

650 ~~9.8-~~ Publishes for the general public, in accordance with
 651 disclosure requirements adopted in rule by the State Board of
 652 Education, as part of its application as a provider and in all
 653 contracts negotiated pursuant to this section:

654 a. Information and data about the curriculum of each full-
 655 time and part-time program.

656 b. School policies and procedures.

657 c. Certification status and physical location of all
 658 administrative and instructional personnel.

659 d. Hours and times of availability of instructional
 660 personnel.

661 e. Student-teacher ratios.

662 f. Student completion and promotion rates.

663 g. Student, educator, and school performance accountability
 664 outcomes;

665 ~~10.9-~~ If the provider is a Florida College System
 666 institution, employs instructors who meet the certification
 667 requirements for instructional staff under chapter 1012; and

8-01134-21 20211864__

668 ~~11.40-~~ Performs an annual financial audit of its accounts
 669 and records conducted by an independent certified public
 670 accountant which is in accordance with rules adopted by the
 671 Auditor General, is conducted in compliance with generally
 672 accepted auditing standards, and includes a report on financial
 673 statements presented in accordance with generally accepted
 674 accounting principles.

675 12. Complies with s. 1012.796, relating to complaints
 676 against educational support employees, teachers, and
 677 administrators and designates at least one administrator to be
 678 responsible for the duties and requirements assigned to a
 679 district school board and superintendent pursuant to that
 680 section. A virtual instruction provider must inform the district
 681 school board of a complaint regarding misconduct or an arrest of
 682 instructional or noninstructional personnel.

683 Section 6. Subsection (2) of section 1006.061, Florida
 684 Statutes, is amended to read:

685 1006.061 Child abuse, abandonment, and neglect policy.—Each
 686 district school board, charter school, and private school that
 687 accepts scholarship students who participate in a state
 688 scholarship program under chapter 1002 shall:

689 (2) Post in a prominent place at each school site and on
 690 each school's Internet website, if available, the policies and
 691 procedures for reporting alleged misconduct by educational
 692 support employees, instructional personnel, or school
 693 administrators which affects the health, safety, or welfare of a
 694 student; the contact person to whom the report is made; and the
 695 penalties imposed on educational support employees,
 696 instructional personnel, or school administrators who fail to

8-01134-21 20211864__
 697 report suspected or actual child abuse or alleged misconduct by
 698 other educational support employees, instructional personnel, or
 699 school administrators.

700
 701 The Department of Education shall develop, and publish on the
 702 department's Internet website, sample notices suitable for
 703 posting in accordance with subsections (1), (2), and (4).

704 Section 7. Paragraph (a) of subsection (3) of section
 705 1012.31, Florida Statutes, is amended to read:

706 1012.31 Personnel files.—Public school system employee
 707 personnel files shall be maintained according to the following
 708 provisions:

709 (3) (a) Public school system employee personnel files are
 710 subject to the provisions of s. 119.07(1), except as follows:

711 1. Any complaint and any material relating to the
 712 investigation of a complaint against an employee shall be
 713 confidential and exempt from the provisions of s. 119.07(1)
 714 until the conclusion of the preliminary investigation or until
 715 such time as the preliminary investigation ceases to be active.
 716 If the preliminary investigation is concluded with the finding
 717 that there is no probable cause to proceed further and with no
 718 disciplinary action taken or charges filed, a statement to that
 719 effect signed by the responsible investigating official shall be
 720 attached to the complaint, and the complaint and all such
 721 materials shall be open thereafter to inspection pursuant to s.
 722 119.07(1). If the preliminary investigation is concluded with
 723 the finding that there is probable cause to proceed further or
 724 with disciplinary action taken or charges filed, the complaint
 725 and all such materials shall be open thereafter to inspection

8-01134-21 20211864__
 726 pursuant to s. 119.07(1). If the preliminary investigation
 727 ceases to be active, the complaint and all such materials shall
 728 be open thereafter to inspection pursuant to s. 119.07(1). For
 729 the purpose of this subsection, a preliminary investigation
 730 shall be considered active as long as it is continuing with a
 731 reasonable, good faith anticipation that an administrative
 732 finding will be made in the foreseeable future. An investigation
 733 shall be presumed to be inactive if no finding relating to
 734 probable cause is made within 60 days after the complaint is
 735 made. This subparagraph does not absolve the school district of
 736 the duty to issue any legally required notifications, including
 737 the its duty to provide any legally sufficient complaint to the
 738 department in accordance with within 30 days after the date on
 739 which the subject matter of the complaint comes to the attention
 740 of the school district pursuant to s. 1012.796(1) (d)1. and 3.,
 741 regardless of the status of the complaint.

742 2. An employee evaluation prepared pursuant to s. 1012.33,
 743 s. 1012.34, or s. 1012.56 or rules adopted by the State Board of
 744 Education or district school board under the authority of those
 745 sections shall be confidential and exempt from the provisions of
 746 s. 119.07(1) until the end of the school year immediately
 747 following the school year in which the evaluation was made. No
 748 evaluation prepared before July 1, 1983, shall be made public
 749 pursuant to this section.

750 3. No material derogatory to an employee shall be open to
 751 inspection until 10 days after the employee has been notified
 752 pursuant to paragraph (2) (c).

753 4. The payroll deduction records of an employee shall be
 754 confidential and exempt from the provisions of s. 119.07(1).

8-01134-21 20211864__

755 5. Employee medical records, including psychiatric and
756 psychological records, shall be confidential and exempt from the
757 provisions of s. 119.07(1); however, at any hearing relative to
758 the competency or performance of an employee, the administrative
759 law judge, hearing officer, or panel shall have access to such
760 records.

761 Section 8. Section 1012.315, Florida Statutes, is amended
762 to read:

763 1012.315 Disqualification from employment.—A person is
764 ineligible for educator certification or employment in any
765 position that requires direct contact with students in a
766 district school system, charter school, or private school that
767 accepts scholarship students who participate in a state
768 scholarship program under chapter 1002 if the person is included
769 in the disqualification list maintained by the department
770 pursuant to s. 1001.10(4)(b) or has been convicted of:

771 (1) Any felony offense prohibited under any of the
772 following statutes:

773 (a) Section 393.135, relating to sexual misconduct with
774 certain developmentally disabled clients and reporting of such
775 sexual misconduct.

776 (b) Section 394.4593, relating to sexual misconduct with
777 certain mental health patients and reporting of such sexual
778 misconduct.

779 (c) Section 415.111, relating to adult abuse, neglect, or
780 exploitation of aged persons or disabled adults.

781 (d) Section 782.04, relating to murder.

782 (e) Section 782.07, relating to manslaughter, aggravated
783 manslaughter of an elderly person or disabled adult, aggravated

8-01134-21 20211864__

784 manslaughter of a child, or aggravated manslaughter of an
785 officer, a firefighter, an emergency medical technician, or a
786 paramedic.

787 (f) Section 784.021, relating to aggravated assault.

788 (g) Section 784.045, relating to aggravated battery.

789 (h) Section 784.075, relating to battery on a detention or
790 commitment facility staff member or a juvenile probation
791 officer.

792 (i) Section 787.01, relating to kidnapping.

793 (j) Section 787.02, relating to false imprisonment.

794 (k) Section 787.025, relating to luring or enticing a
795 child.

796 (l) Section 787.04(2), relating to leading, taking,
797 enticing, or removing a minor beyond the state limits, or
798 concealing the location of a minor, with criminal intent pending
799 custody proceedings.

800 (m) Section 787.04(3), relating to leading, taking,
801 enticing, or removing a minor beyond the state limits, or
802 concealing the location of a minor, with criminal intent pending
803 dependency proceedings or proceedings concerning alleged abuse
804 or neglect of a minor.

805 (n) Section 790.115(1), relating to exhibiting firearms or
806 weapons at a school-sponsored event, on school property, or
807 within 1,000 feet of a school.

808 (o) Section 790.115(2)(b), relating to possessing an
809 electric weapon or device, destructive device, or other weapon
810 at a school-sponsored event or on school property.

811 (p) Section 794.011, relating to sexual battery.

812 (q) Former s. 794.041, relating to sexual activity with or

8-01134-21 20211864__

813 solicitation of a child by a person in familial or custodial
814 authority.

815 (r) Section 794.05, relating to unlawful sexual activity
816 with certain minors.

817 (s) Section 794.08, relating to female genital mutilation.

818 (t) Chapter 796, relating to prostitution.

819 (u) Chapter 800, relating to lewdness and indecent
820 exposure.

821 (v) Section 800.101, relating to offenses against students
822 by authority figures.

823 (w) Section 806.01, relating to arson.

824 (x) Section 810.14, relating to voyeurism.

825 (y) Section 810.145, relating to video voyeurism.

826 (z) Section 812.014(6), relating to coordinating the
827 commission of theft in excess of \$3,000.

828 (aa) Section 812.0145, relating to theft from persons 65
829 years of age or older.

830 (bb) Section 812.019, relating to dealing in stolen
831 property.

832 (cc) Section 812.13, relating to robbery.

833 (dd) Section 812.131, relating to robbery by sudden
834 snatching.

835 (ee) Section 812.133, relating to carjacking.

836 (ff) Section 812.135, relating to home-invasion robbery.

837 (gg) Section 817.563, relating to fraudulent sale of
838 controlled substances.

839 (hh) Section 825.102, relating to abuse, aggravated abuse,
840 or neglect of an elderly person or disabled adult.

841 (ii) Section 825.103, relating to exploitation of an

8-01134-21 20211864__

842 elderly person or disabled adult.

843 (jj) Section 825.1025, relating to lewd or lascivious
844 offenses committed upon or in the presence of an elderly person
845 or disabled person.

846 (kk) Section 826.04, relating to incest.

847 (ll) Section 827.03, relating to child abuse, aggravated
848 child abuse, or neglect of a child.

849 (mm) Section 827.04, relating to contributing to the
850 delinquency or dependency of a child.

851 (nn) Section 827.071, relating to sexual performance by a
852 child.

853 (oo) Section 843.01, relating to resisting arrest with
854 violence.

855 (pp) Chapter 847, relating to obscenity.

856 (qq) Section 874.05, relating to causing, encouraging,
857 soliciting, or recruiting another to join a criminal street
858 gang.

859 (rr) Chapter 893, relating to drug abuse prevention and
860 control, if the offense was a felony of the second degree or
861 greater severity.

862 (ss) Section 916.1075, relating to sexual misconduct with
863 certain forensic clients and reporting of such sexual
864 misconduct.

865 (tt) Section 944.47, relating to introduction, removal, or
866 possession of contraband at a correctional facility.

867 (uu) Section 985.701, relating to sexual misconduct in
868 juvenile justice programs.

869 (vv) Section 985.711, relating to introduction, removal, or
870 possession of contraband at a juvenile detention facility or

8-01134-21 20211864__

871 commitment program.

872 (2) Any misdemeanor offense prohibited under any of the

873 following statutes:

874 (a) Section 784.03, relating to battery, if the victim of

875 the offense was a minor.

876 (b) Section 787.025, relating to luring or enticing a

877 child.

878 (3) Any criminal act committed in another state or under

879 federal law which, if committed in this state, constitutes an

880 offense prohibited under any statute listed in subsection (1) or

881 subsection (2).

882 (4) Any delinquent act committed in this state or any

883 delinquent or criminal act committed in another state or under

884 federal law which, if committed in this state, qualifies an

885 individual for inclusion on the Registered Juvenile Sex Offender

886 List under s. 943.0435(1)(h)1.d.

887 Section 9. Paragraph (a) of subsection (2) and paragraph

888 (b) of subsection (3) of section 1012.32, Florida Statutes, are

889 amended to read:

890 1012.32 Qualifications of personnel.—

891 (2)(a) Instructional and noninstructional personnel who are

892 hired or contracted to fill positions that require direct

893 contact with students in any district school system, virtual

894 instruction program, or university lab school must, upon

895 employment or engagement to provide services, undergo background

896 screening as required under s. 1012.465 or s. 1012.56, whichever

897 is applicable. A district school board may not require employees

898 or contractual personnel of a virtual instruction provider

899 approved pursuant to s. 1002.45(2) to undergo additional

8-01134-21 20211864__

900 background screening.

901

902 Fingerprints shall be submitted to the Department of Law

903 Enforcement for statewide criminal and juvenile records checks

904 and to the Federal Bureau of Investigation for federal criminal

905 records checks. A person subject to this subsection who is found

906 ineligible for employment under s. 1012.315, or otherwise found

907 through background screening to have been convicted of any crime

908 involving moral turpitude as defined by rule of the State Board

909 of Education, shall not be employed, engaged to provide

910 services, or serve in any position that requires direct contact

911 with students. Probationary persons subject to this subsection

912 terminated because of their criminal record have the right to

913 appeal such decisions. The cost of the background screening may

914 be borne by the district school board, the charter school, the

915 employee, the contractor, or a person subject to this

916 subsection. A district school board shall reimburse a charter

917 school the cost of background screening if it does not notify

918 the charter school of the eligibility of a governing board

919 member or instructional or noninstructional personnel within the

920 earlier of 14 days after receipt of the background screening

921 results from the Florida Department of Law Enforcement or 30

922 days of submission of fingerprints by the governing board member

923 or instructional or noninstructional personnel.

924 (3)

925 (b) The Department of Law Enforcement shall search all

926 arrest fingerprints received under s. 943.051 against the

927 fingerprints retained in the statewide automated biometric

928 identification system under paragraph (a). Any arrest record

8-01134-21 20211864__

929 that is identified with the retained fingerprints of a person
 930 subject to the background screening under this section shall be
 931 reported to the employing or contracting school district,
 932 virtual instruction provider approved pursuant to s. 1002.45(2),
 933 or the school district with which the person is affiliated. All
 934 school districts and approved virtual instruction providers are
 935 ~~Each school district is~~ required to participate in this search
 936 process by payment of an annual fee to the Department of Law
 937 Enforcement and by informing the Department of Law Enforcement
 938 of any change in the affiliation, employment, or contractual
 939 status or place of affiliation, employment, or contracting of
 940 its instructional and noninstructional personnel whose
 941 fingerprints are retained under paragraph (a). The Department of
 942 Law Enforcement shall adopt a rule setting the amount of the
 943 annual fee to be imposed upon each school district and approved
 944 virtual instruction provider for performing these searches and
 945 establishing the procedures for the retention of instructional
 946 and noninstructional personnel fingerprints and the
 947 dissemination of search results. The fee may be borne by the
 948 district school board, the approved virtual instruction
 949 provider, the contractor, or the person fingerprinted.

950 Section 10. Subsection (1) of section 1012.795, Florida
 951 Statutes, is amended to read:

952 1012.795 Education Practices Commission; authority to
 953 discipline.—

954 (1) The Education Practices Commission may suspend the
 955 educator certificate of any instructional personnel or school
 956 administrator, as defined in s. 1012.01(2) or (3), for up to 5
 957 years, thereby denying that person the right to teach or

8-01134-21 20211864__

958 otherwise be employed by a district school board or public
 959 school in any capacity requiring direct contact with students
 960 for that period of time, after which the person may return to
 961 teaching as provided in subsection (4); may revoke the educator
 962 certificate of any person, thereby denying that person the right
 963 to teach or otherwise be employed by a district school board or
 964 public school in any capacity requiring direct contact with
 965 students for up to 10 years, with reinstatement subject to
 966 subsection (4); may permanently revoke the educator certificate
 967 of any person thereby denying that person the right to teach or
 968 otherwise be employed by a district school board or public
 969 school in any capacity requiring direct contact with students;
 970 may suspend a person's educator certificate, upon an order of
 971 the court or notice by the Department of Revenue relating to the
 972 payment of child support; may direct the department to place
 973 employees or contractual personnel of any public school, charter
 974 school, charter school governing board, or private school that
 975 participates in a state scholarship program under chapter 1002
 976 on the disqualification list maintained by the department
 977 pursuant to s. 1001.10(4)(b) for misconduct that would render
 978 the person ineligible pursuant to s. 1012.315; or may impose any
 979 other penalty provided by law, if the person:
 980 (a) Obtained or attempted to obtain an educator certificate
 981 by fraudulent means.
 982 (b) Knowingly failed to report actual or suspected child
 983 abuse as required in s. 1006.061 or report alleged misconduct by
 984 instructional personnel or school administrators which affects
 985 the health, safety, or welfare of a student as required in s.
 986 1012.796.

8-01134-21 20211864__

987 (c) Has proved to be incompetent to teach or to perform
 988 duties as an employee of the public school system or to teach in
 989 or to operate a private school.

990 (d) Has been guilty of gross immorality or an act involving
 991 moral turpitude as defined by rule of the State Board of
 992 Education, including engaging in or soliciting sexual, romantic,
 993 or lewd conduct with a student or minor.

994 (e) Has had an educator certificate or other professional
 995 license sanctioned by this or any other state or has had the
 996 authority to practice the regulated profession revoked,
 997 suspended, or otherwise acted against, including a denial of
 998 certification or licensure, by the licensing or certifying
 999 authority of any jurisdiction, including its agencies and
 1000 subdivisions. The licensing or certifying authority's acceptance
 1001 of a relinquishment, stipulation, consent order, or other
 1002 settlement offered in response to or in anticipation of the
 1003 filing of charges against the licensee or certificateholder
 1004 shall be construed as action against the license or certificate.
 1005 For purposes of this section, a sanction or action against a
 1006 professional license, a certificate, or an authority to practice
 1007 a regulated profession must relate to being an educator or the
 1008 fitness of or ability to be an educator.

1009 (f) Has been convicted or found guilty of, has had
 1010 adjudication withheld for, or has pled guilty or nolo contendere
 1011 to a misdemeanor, felony, or any other criminal charge, other
 1012 than a minor traffic violation.

1013 (g) Upon investigation, has been found guilty of personal
 1014 conduct that seriously reduces that person's effectiveness as an
 1015 employee of the district school board.

8-01134-21 20211864__

1016 (h) Has breached a contract, as provided in s. 1012.33(2)
 1017 or s. 1012.335.

1018 (i) Has been the subject of a court order or notice by the
 1019 Department of Revenue pursuant to s. 409.2598 directing the
 1020 Education Practices Commission to suspend the certificate as a
 1021 result of noncompliance with a child support order, a subpoena,
 1022 an order to show cause, or a written agreement with the
 1023 Department of Revenue.

1024 (j) Has violated the Principles of Professional Conduct for
 1025 the Education Profession prescribed by State Board of Education
 1026 rules.

1027 (k) Has otherwise violated the provisions of law, the
 1028 penalty for which is the revocation of the educator certificate.

1029 (l) Has violated any order of the Education Practices
 1030 Commission.

1031 (m) Has been the subject of a court order or plea agreement
 1032 in any jurisdiction which requires the certificateholder to
 1033 surrender or otherwise relinquish his or her educator's
 1034 certificate. A surrender or relinquishment shall be for
 1035 permanent revocation of the certificate. A person may not
 1036 surrender or otherwise relinquish his or her certificate prior
 1037 to a finding of probable cause by the commissioner as provided
 1038 in s. 1012.796.

1039 (n) Has been disqualified from educator certification under
 1040 s. 1012.315.

1041 (o) Has committed a third recruiting offense as determined
 1042 by the Florida High School Athletic Association (FHSAA) pursuant
 1043 to s. 1006.20(2)(b).

1044 (p) Has violated test security as provided in s. 1008.24.

8-01134-21 20211864__

1045 Section 11. Section 1012.796, Florida Statutes, is amended
 1046 to read:

1047 1012.796 Complaints against educational support employees,
 1048 teachers, and administrators; procedure; penalties.—

1049 (1) (a) The Department of Education shall cause to be
 1050 investigated expeditiously any complaint filed before it or
 1051 otherwise called to its attention which, if legally sufficient,
 1052 contains grounds for the revocation or suspension of a
 1053 certificate or any other appropriate penalty as set forth in
 1054 subsection (7). The complaint is legally sufficient if it
 1055 contains the ultimate facts that ~~which~~ show a violation has
 1056 occurred as provided in s. 1012.795 and defined by rule of the
 1057 State Board of Education. The department shall investigate or
 1058 continue to investigate and take appropriate action on a
 1059 complaint even though the original complainant withdraws the
 1060 complaint or otherwise indicates a desire not to cause it to be
 1061 investigated or prosecuted to completion. The department may
 1062 investigate or continue to investigate and take action on a
 1063 complaint filed against a person whose educator certificate has
 1064 expired if the act or acts that are the basis for the complaint
 1065 were allegedly committed while that person possessed an educator
 1066 certificate and may not issue a new certificate to such person
 1067 unless an investigation has been completed.

1068 (b) The department shall immediately investigate any
 1069 legally sufficient complaint that involves misconduct by any
 1070 certificated personnel which affects the health, safety, or
 1071 welfare of a student, giving the complaint priority over other
 1072 pending complaints. The department must investigate or continue
 1073 to investigate and take action on such a complaint filed against

8-01134-21 20211864__

1074 a person whose educator certificate has expired if the act or
 1075 acts that are the basis for the complaint were allegedly
 1076 committed while that person possessed an educator certificate.

1077 (c) When an investigation is undertaken, the department
 1078 shall notify the certificateholder or applicant for
 1079 certification and the district school superintendent or the
 1080 university laboratory school, charter school, or private school
 1081 in which the certificateholder or applicant for certification is
 1082 employed or was employed at the time the alleged offense
 1083 occurred. In addition, the department shall inform the
 1084 certificateholder or applicant for certification of the
 1085 substance of any complaint that ~~which~~ has been filed against
 1086 that certificateholder or applicant, unless the department
 1087 determines that such notification would be detrimental to the
 1088 investigation, in which case the department may withhold
 1089 notification.

1090 (d)1. Each school district shall file in writing with the
 1091 department all legally sufficient complaints within 30 days
 1092 after the date on which subject matter of the complaint comes to
 1093 the attention of the school district, regardless of whether the
 1094 subject of the complaint is still an employee of the school
 1095 district. A complaint is legally sufficient if it contains
 1096 ultimate facts that show a violation has occurred as provided in
 1097 s. 1012.795 and defined by rule of the State Board of Education.
 1098 The school district shall include all information relating to
 1099 the complaint which is known to the school district at the time
 1100 of filing.

1101 2. A school district shall immediately notify the
 1102 department if the subject of a legally sufficient complaint of

8-01134-21

20211864__

1103 misconduct affecting the health, safety, or welfare of a student
 1104 resigns or is terminated before the conclusion of the school
 1105 district's investigation. Upon receipt of the notification, the
 1106 department shall place an alert on the person's certification
 1107 file indicating that he or she resigned or was terminated before
 1108 an investigation involving allegations of misconduct affecting
 1109 the health, safety, or welfare of a student was concluded. In
 1110 such circumstances, the database may not include specific
 1111 information relating to the alleged misconduct until permitted
 1112 by subsection (4). This subparagraph does not limit or restrict
 1113 the duty of the district school board to investigate the
 1114 complaint and misconduct and report the findings and conclusion
 1115 to the department.

1116 3. Each district school board or superintendent, charter
 1117 school governing board, approved virtual instruction provider,
 1118 and private school that participates in a state scholarship
 1119 program under chapter 1002 shall immediately report to the
 1120 Department of Education an arrest or conviction of educational
 1121 support employees, administrative or instructional personnel, or
 1122 school officials for an offense that reflects a risk of harm to
 1123 the health, safety, or welfare of a student or would render the
 1124 person ineligible pursuant to s. 1012.315, as determined by
 1125 state board rule adopted pursuant to this section. The same
 1126 reporting requirements apply to a substantiated allegation of
 1127 such misconduct by educational support employees, administrative
 1128 or instructional personnel, or school officials, regardless of
 1129 whether the accused person has been arrested or convicted in
 1130 relation to the misconduct.

1131 4.3- Each district school board shall develop and adopt

Page 39 of 50

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

8-01134-21

20211864__

1132 policies and procedures to comply with this reporting
 1133 requirement. School board policies and procedures must include
 1134 standards for screening, hiring, and terminating educational
 1135 support employees, instructional personnel, and school
 1136 administrators, as defined in s. 1012.01; standards of ethical
 1137 conduct for educational support employees, instructional
 1138 personnel, and school administrators; the duties of educational
 1139 support employees, instructional personnel, and school
 1140 administrators for upholding the standards; detailed procedures
 1141 for reporting alleged misconduct by educational support
 1142 employees, instructional personnel, and school administrators
 1143 which affects the health, safety, or welfare of a student;
 1144 requirements for the reassignment of educational support
 1145 employees, instructional personnel, and ~~or~~ school administrators
 1146 pending the outcome of a misconduct investigation; and penalties
 1147 for failing to comply with s. 1001.51 or s. 1012.795. The
 1148 district school board policies and procedures must ~~shall~~ include
 1149 appropriate penalties for all personnel of the district school
 1150 board for nonreporting and procedures for promptly informing the
 1151 district school superintendent of each legally sufficient
 1152 complaint. The district school superintendent is charged with
 1153 knowledge of these policies and procedures and is accountable
 1154 for the training of all educational support employees,
 1155 instructional personnel, and school administrators of the school
 1156 district on the standards of ethical conduct, policies, and
 1157 procedures.

1158 5.4- If the district school superintendent has knowledge of
 1159 a legally sufficient complaint and does not report the
 1160 complaint, or fails to enforce the policies and procedures of

Page 40 of 50

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

8-01134-21 20211864__

1161 the district school board, and fails to comply with the
 1162 requirements of this subsection, in addition to other actions
 1163 against certificateholders authorized by law, the district
 1164 school superintendent is subject to penalties as specified in s.
 1165 1001.51(12).

1166 ~~6.5-~~ If the superintendent determines that misconduct by
 1167 educational support employees, instructional personnel, or
 1168 school administrators who hold an educator certificate affects
 1169 the health, safety, or welfare of a student and the misconduct
 1170 warrants termination, the educational support employees,
 1171 instructional personnel, or school administrators may resign or
 1172 be terminated, and the superintendent must report the misconduct
 1173 to the department in the format prescribed by the department.
 1174 The department shall place such educational support employees,
 1175 instructional personnel, or school administrators on the
 1176 disqualification list maintained by the department pursuant to
 1177 s. 1001.10(4) (b). The department shall maintain each report of
 1178 misconduct as a public record in the educational support
 1179 employees', instructional personnel's, or school administrators'
 1180 certification files. This paragraph does not limit or restrict
 1181 the power and duty of the department to investigate complaints
 1182 regarding certificated personnel, regardless of the school
 1183 district's untimely filing, or failure to file, complaints and
 1184 followup reports. This subparagraph does not create a duty for
 1185 the department to investigate complaints regarding noncertified
 1186 personnel.

1187 (e) If allegations arise against an employee who is
 1188 certified under s. 1012.56 and employed in an educator-
 1189 certificated position in any public school, charter school or

8-01134-21 20211864__

1190 governing board thereof, or private school that accepts
 1191 scholarship students who participate in a state scholarship
 1192 program under chapter 1002, the school shall file in writing
 1193 with the department a legally sufficient complaint within 30
 1194 days after the date on which the subject matter of the complaint
 1195 came to the attention of the school, regardless of whether the
 1196 subject of the allegations is still an employee of the school. A
 1197 complaint is legally sufficient if it contains ultimate facts
 1198 that show a violation has occurred as provided in s. 1012.795
 1199 and defined by rule of the State Board of Education. The school
 1200 shall include all known information relating to the complaint
 1201 with the filing of the complaint. This paragraph does not limit
 1202 or restrict the power and duty of the department to investigate
 1203 complaints, regardless of the school's untimely filing, or
 1204 failure to file, complaints and followup reports. A school
 1205 described in this paragraph shall immediately notify the
 1206 department if the subject of a legally sufficient complaint of
 1207 misconduct affecting the health, safety, or welfare of a student
 1208 resigns or is terminated before the conclusion of the school's
 1209 investigation. Upon receipt of the notification, the department
 1210 shall place an alert on the person's certification file
 1211 indicating that he or she resigned or was terminated before an
 1212 investigation involving allegations of misconduct affecting the
 1213 health, safety, or welfare of a student was concluded. In such
 1214 circumstances, the database may not include specific information
 1215 relating to the alleged misconduct until permitted by subsection
 1216 (4).

1217 (f) Notwithstanding any other law, all law enforcement
 1218 agencies, state attorneys, social service agencies, district

8-01134-21 20211864__
 1219 school boards, and the Division of Administrative Hearings shall
 1220 fully cooperate with and, upon request, shall provide unredacted
 1221 documents to the Department of Education to further
 1222 investigations and prosecutions conducted pursuant to this
 1223 section. Any document received may not be redisclosed except as
 1224 authorized by law.

(2) The Commissioner of Education shall develop job
 1225 specifications for investigative personnel employed by the
 1226 department. Such specifications shall be substantially
 1227 equivalent to or greater than those job specifications of
 1228 investigative personnel employed by the Department of Business
 1229 and Professional Regulation. The department may contract with
 1230 the Department of Business and Professional Regulation for
 1231 investigations. No person who is responsible for conducting an
 1232 investigation of a teacher or administrator may prosecute the
 1233 same case. The department general counsel or members of that
 1234 staff may conduct prosecutions under this section.

(3) The department staff shall advise the commissioner
 1235 concerning the findings of the investigation and of all
 1236 referrals by the Florida High School Athletic Association
 1237 (FHSAA) pursuant to ss. 1006.20(2)(b) and 1012.795. The
 1238 department general counsel or members of that staff shall review
 1239 the investigation or the referral and advise the commissioner
 1240 concerning probable cause or lack thereof. The determination of
 1241 probable cause shall be made by the commissioner. The
 1242 commissioner shall provide an opportunity for a conference, if
 1243 requested, prior to determining probable cause. The commissioner
 1244 may enter into deferred prosecution agreements in lieu of
 1245 finding probable cause if, in his or her judgment, such
 1246
 1247

8-01134-21 20211864__
 1248 agreements are in the best interests of the department, the
 1249 certificateholder, and the public. Such deferred prosecution
 1250 agreements shall become effective when filed with the clerk of
 1251 the Education Practices Commission. However, a deferred
 1252 prosecution agreement may not be entered into if there is
 1253 probable cause to believe that a felony or an act of moral
 1254 turpitude, as defined by rule of the State Board of Education,
 1255 has occurred, or for referrals by the FHSAA. Upon finding no
 1256 probable cause, the commissioner shall dismiss the complaint and
 1257 may issue a letter of guidance to the certificateholder.

(4) The complaint and all information obtained pursuant to
 1258 the investigation by the department shall be confidential and
 1259 exempt from the provisions of s. 119.07(1) until the conclusion
 1260 of the preliminary investigation of the complaint, until such
 1261 time as the preliminary investigation ceases to be active, or
 1262 until such time as otherwise provided by s. 1012.798(6).
 1263 However, the complaint and all material assembled during the
 1264 investigation may be inspected and copied by the
 1265 certificateholder under investigation, or the
 1266 certificateholder's designee, after the investigation is
 1267 concluded, but prior to the determination of probable cause by
 1268 the commissioner. If the preliminary investigation is concluded
 1269 with the finding that there is no probable cause to proceed, the
 1270 complaint and information shall be open thereafter to inspection
 1271 pursuant to s. 119.07(1). If the preliminary investigation is
 1272 concluded with the finding that there is probable cause to
 1273 proceed and a complaint is filed pursuant to subsection (6), the
 1274 complaint and information shall be open thereafter to inspection
 1275 pursuant to s. 119.07(1). If the preliminary investigation
 1276

8-01134-21 20211864__
 1277 ceases to be active, the complaint and all such material shall
 1278 be open thereafter to inspection pursuant to s. 119.07(1),
 1279 except as otherwise provided pursuant to s. 1012.798(6). For the
 1280 purpose of this subsection, a preliminary investigation shall be
 1281 considered active as long as it is continuing with a reasonable,
 1282 good faith anticipation that an administrative finding will be
 1283 made in the foreseeable future.

(5) When an allegation of misconduct by educational support
 1284 employees, instructional personnel, or school administrators, as
 1285 defined in s. 1012.01, is received, if the alleged misconduct
 1286 affects the health, safety, or welfare of a student, the
 1287 district school superintendent in consultation with the school
 1288 principal, or upon the request of the Commissioner of Education,
 1289 must immediately suspend the educational support employees,
 1290 instructional personnel, or school administrators from regularly
 1291 assigned duties, with pay, and reassign the suspended employees,
 1292 personnel, or administrators to positions that do not require
 1293 direct contact with students in the district school system. Such
 1294 suspension shall continue until the completion of the
 1295 proceedings and the determination of sanctions, if any, pursuant
 1296 to this section and s. 1012.795.

(6) Upon the finding of probable cause, the commissioner
 1298 shall file a formal complaint and prosecute the complaint
 1299 pursuant to the provisions of chapter 120. An administrative law
 1300 judge shall be assigned by the Division of Administrative
 1301 Hearings of the Department of Management Services to hear the
 1302 complaint if there are disputed issues of material fact. The
 1303 administrative law judge shall make recommendations in
 1304 accordance with the provisions of subsection (7) to the
 1305

8-01134-21 20211864__
 1306 appropriate Education Practices Commission panel which shall
 1307 conduct a formal review of such recommendations and other
 1308 pertinent information and issue a final order. The commission
 1309 shall consult with its legal counsel prior to issuance of a
 1310 final order.

(7) A panel of the commission shall enter a final order
 1311 either dismissing the complaint or imposing one or more of the
 1312 following penalties:
 1313

(a) Denial of an application for a certificate or for an
 1314 administrative or supervisory endorsement on a teaching
 1315 certificate. The denial may provide that the applicant may not
 1316 reapply for certification, and that the department may refuse to
 1317 consider that applicant's application, for a specified period of
 1318 time or permanently.
 1319

(b) Revocation or suspension of a certificate.
 1320

(c) Imposition of an administrative fine not to exceed
 1321 \$2,000 for each count or separate offense.
 1322

(d) Placement of the teacher, administrator, or supervisor
 1323 on probation for a period of time and subject to such conditions
 1324 as the commission may specify, including requiring the certified
 1325 teacher, administrator, or supervisor to complete additional
 1326 appropriate college courses or work with another certified
 1327 educator, with the administrative costs of monitoring the
 1328 probation assessed to the educator placed on probation. An
 1329 educator who has been placed on probation shall, at a minimum:
 1330

1. Immediately notify the investigative office in the
 1331 Department of Education upon employment or separation from
 1332 employment in any public or private position requiring a Florida
 1333 educator's certificate.
 1334

8-01134-21 20211864__

1335 2. Have his or her immediate supervisor submit annual
 1336 performance reports to the investigative office in the
 1337 Department of Education.

1338 3. Pay to the commission within the first 6 months of each
 1339 probation year the administrative costs of monitoring probation
 1340 assessed to the educator.

1341 4. Violate no law and fully comply with all district school
 1342 board policies, school rules, and State Board of Education
 1343 rules.

1344 5. Satisfactorily perform his or her assigned duties in a
 1345 competent, professional manner.

1346 6. Bear all costs of complying with the terms of a final
 1347 order entered by the commission.

1348 (e) Restriction of the authorized scope of practice of the
 1349 teacher, administrator, or supervisor.

1350 (f) Reprimand of the teacher, administrator, or supervisor
 1351 in writing, with a copy to be placed in the certification file
 1352 of such person.

1353 (g) Imposition of an administrative sanction, upon a person
 1354 whose teaching certificate has expired, for an act or acts
 1355 committed while that person possessed a teaching certificate or
 1356 an expired certificate subject to late renewal, which sanction
 1357 bars that person from applying for a new certificate for a
 1358 period of 10 years or less, or permanently.

1359 (h) Refer the teacher, administrator, or supervisor to the
 1360 recovery network program provided in s. 1012.798 under such
 1361 terms and conditions as the commission may specify.

1362 (i) Direct the department to place educational support
 1363 employees, instructional personnel, or school administrators on

8-01134-21 20211864__

1364 the disqualification list maintained by the department pursuant
 1365 to s. 1001.10(4)(b) for conduct that would render the person
 1366 ineligible pursuant to s. 1012.315.

1367

1368 The penalties imposed under this subsection are in addition to,
 1369 and not in lieu of, the penalties required for a third
 1370 recruiting offense pursuant to s. 1006.20(2)(b).

1371 (8) Violations of the provisions of a final order shall
 1372 result in an order to show cause issued by the clerk of the
 1373 Education Practices Commission if requested by the Department of
 1374 Education. Upon failure of the educator, at the time and place
 1375 stated in the order, to show cause satisfactorily to the
 1376 Education Practices Commission why a penalty for violating the
 1377 provisions of a final order should not be imposed, the Education
 1378 Practices Commission shall impose whatever penalty is
 1379 appropriate as established in s. 1012.795(6). The Department of
 1380 Education shall prosecute the individual ordered to show cause
 1381 before the Education Practices Commission. The Department of
 1382 Education and the individual may enter into a settlement
 1383 agreement, which shall be presented to the Education Practices
 1384 Commission for consideration. Any probation period will be
 1385 tolled when an order to show cause has been issued until the
 1386 issue is resolved by the Education Practices Commission;
 1387 however, the other terms and conditions of the final order shall
 1388 be in full force and effect until changed by the Education
 1389 Practices Commission.

1390 (9) All moneys collected by, or awarded to, the commission
 1391 as fees, fines, penalties, or costs shall be deposited into the
 1392 Educational Certification and Service Trust Fund pursuant to s.

8-01134-21 20211864__

1393 1012.59.
 1394 (10) Persons included on the disqualification list
 1395 maintained by the department pursuant to s. 1001.10(4)(b) may
 1396 not serve or apply to serve as employees or contractual
 1397 personnel at any public school or private school participating
 1398 in a state scholarship program under chapter 1002. A person who
 1399 knowingly violates this subsection, or an employer who knowingly
 1400 hires a person in violation of this subsection, commits a felony
 1401 of the third degree, punishable as provided in s. 775.082 or s.
 1402 775.083.

1403 Section 12. Section 1012.797, Florida Statutes, is amended
 1404 to read:

1405 1012.797 Notification by law enforcement of district school
 1406 ~~superintendent~~ of certain charges against or convictions of
 1407 employees.-

1408 (1) Notwithstanding ~~the provisions of~~ s. 985.04(7) or any
 1409 other ~~provision of~~ law to the contrary, a law enforcement agency
 1410 shall, within 48 hours, notify the appropriate district school
 1411 superintendent, charter school governing board, or private
 1412 school owner or administrator, as applicable, of the name and
 1413 address of any employee or contractor of the school district,
 1414 charter school, or private school, as applicable, who is charged
 1415 with a felony or with a misdemeanor involving the abuse of a
 1416 minor child or the sale or possession of a controlled substance.
 1417 The notification shall include the specific charge for which the
 1418 employee or contractor ~~of the school district~~ was arrested. Such
 1419 notification shall include other education providers such as the
 1420 Florida School for the Deaf and the Blind, university lab
 1421 schools, and private elementary and secondary schools.

Page 49 of 50

1422 (2) Except to the extent necessary to protect the health,
 1423 safety, and welfare of other students, the information obtained
 1424 by the district school superintendent pursuant to this section
 1425 may be released only to appropriate school personnel or as
 1426 otherwise provided by law.

1427 Section 13. This act shall take effect July 1, 2021.

The Florida Senate
BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL: SB 1898

INTRODUCER: Senator Rodriguez

SUBJECT: Student Literacy

DATE: April 14, 2021

REVISED: _____

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	<u>Brick</u>	<u>Bouck</u>	<u>ED</u>	Favorable
2.	<u>Underhill</u>	<u>Elwell</u>	<u>AED</u>	Recommend: Favorable
3.	<u>Underhill</u>	<u>Sadberry</u>	<u>AP</u>	Favorable

I. Summary:

SB 1898 includes requirements to identify student deficiencies in literacy and intervene as early as prekindergarten, support students in transitioning to kindergarten, and monitor student progress. The bill establishes a coordinated screening and progress monitoring system for students enrolled in the Voluntary Prekindergarten Education Program and students enrolled in public schools in kindergarten through grade 8. The bill also requires:

- The Department of Education (DOE) to review the competencies for the reading endorsement and provide a new pathway for teachers to achieve the reading endorsement.
- The DOE to develop a handbook to provide to parents of students with a reading deficiency to support parental engagement in student learning.
- The Just Read, Florida! Office (JRFO) to identify instructional materials that implement evidence-based reading practices and streamlines the process by which school districts may adopt identified and approved instructional materials.
- The JRFO to work with the Office of Early Learning in the development of the emergent literacy training courses and specifies that the courses must be consistent with evidence-based reading instructional and intervention programs.
- Establishes the Reading Achievement Initiative for Scholastic Excellence (RAISE) Program to provide literacy supports statewide through at least 20 regional literacy support teams.
- Establishes a tutoring program that affords high school juniors and seniors the opportunity to satisfy community service requirements and earn a designation as a New Worlds Scholar by providing 500 verified tutoring hours to students with a substantial deficiency in reading in kindergarten through grade 3.
- Voluntary Prekindergarten Program (VPK) instructors to take a required emergent literacy training course every five years.
- VPK providers to be rated based on student performance during the VPK school year.

The bill will have a significant negative fiscal to the state to implement the new coordinated screening and progress monitoring program and to contract with an external entity to implement the new Reading Achievement Initiative for Scholastic Excellence (RAISE) within the department. See Section V.

The bill takes effect July 1, 2021.

II. Present Situation:

The present situation for the relevant portions of the bill is discussed under the Effect of Proposed Changes of this bill analysis.

III. Effect of Proposed Changes:

Educator Certification Requirements

Florida law specifies certification requirements to assure that educational personnel in public schools possess appropriate skills in reading, writing, and mathematics; adequate pedagogical knowledge; and relevant subject matter competence so as to demonstrate an acceptable level of professional performance.¹

In order to seek educator certification, a person must meet general eligibility requirements, which include receipt of a bachelor's or higher degree from an approved postsecondary institution.² Individuals must also demonstrate mastery of general knowledge, if the person serves as a classroom teacher; mastery of subject area knowledge; and mastery of professional preparation.³

Education Preparation Programs

Present Situation

In Florida, teacher preparation programs are accountable for producing individuals with the competencies and skills necessary to achieve state education goals.⁴ State approved teacher preparation program uniform core curricula must include scientifically researched and evidence-based reading instructional strategies that improve reading performance for all students, including explicit, systematic, and sequential approaches to teaching phonemic awareness, phonics, vocabulary, fluency, and text comprehension and multisensory intervention strategies.⁵ Teacher preparation program completers are eligible for a Florida Professional Educator's Certification upon program completion.⁶

¹ Section 1012.54, F.S.

² Section 1012.56(2)(c), F.S., and Rule 6A-4.003, F.A.C.

³ Section 1012.56(2)(g)-(i), F.S.

⁴ Section 1004.04(1)(b), F.S.

⁵ Section 1004.04(2)(b)3., F.S.

⁶ Florida Department of Education (DOE), *Educator Preparation*, <http://www.fldoe.org/teaching/preparation/> (last visited Mar. 12, 2021), and Rule 6A-5.066(1)(p), F.A.C.

Each teacher preparation program must be approved by the Department of Education (DOE) based on criteria specified in law. In order to be admitted into an approved teacher preparation program, a student must, at a minimum:⁷

- Have a grade point average of at least 2.5 on a 4.0 scale for the general education component of undergraduate studies or have completed the requirements for a baccalaureate degree with a minimum grade point average of 2.5 on a 4.0 scale from an approved college or university.⁸
- Demonstrate mastery of general knowledge sufficient for entry into the program, including the ability to read, write, and perform in mathematics, by passing the General Knowledge Test of the Florida Teacher Certification Examination or, for a graduate level program, obtain a baccalaureate degree from an approved institution.⁹

Each teacher preparation program may waive these admissions requirements for up to ten percent of the students admitted. Programs must implement strategies to ensure that students admitted under a waiver receive assistance to demonstrate competencies to successfully meet requirements for certification, and must annually report to the DOE the status of each candidate admitted under such a waiver.¹⁰

Effect of Proposed Changes (Section 11)

The bill modifies s. 1004.04, F.S., to allow students in public postsecondary teacher preparation programs to meet grade point average and General Knowledge Test requirements as a condition to completing the program, instead of as a condition of admission to the program. Accordingly, the bill removes the authority for teacher preparation programs to waive admission requirements. These modifications may enable more people to enter teacher preparation programs and become certified teachers.

Teacher Professional Development

Present Situation

To renew a professional certificate, an applicant must earn a minimum of 6 college credits or 120 inservice points or a combination thereof. Florida provides subject area specialization requirements for college credits or inservice points.¹¹ An applicant for renewal of a professional certificate in any area of certification identified by SBE rule¹² which includes reading instruction or intervention for any students in kindergarten through grade 6 must earn a minimum of two college credits or forty inservice points in the use of explicit, systematic, and sequential approaches to reading instruction, developing phonemic awareness, and implementing

⁷ Section 1004.04(3), F.S.

⁸ An approved institution is one that is accredited by a specified regional accrediting association or an accrediting agency approved by the United States Department of Education. A qualifying non-accredited institution is one that is identified as having a quality program resulting in a bachelor's degree or higher by criteria specified in SBE rule. Rule 6A-4.003, F.A.C.

⁹ Rule 6A-4.003, F.A.C.

¹⁰ Section 1004.04(3), F.S.

¹¹ Section 1012.585(3), F.S.

¹² Rule 6A-4.0051, F.A.C., requires specialized training in reading instruction for certificate covering Elementary Education (K-6), Prekindergarten/Primary Education (age 3 through grade 3), Elementary Education (grades 1-6), Primary Education (grades K-3), English (grades 1-6), Middle Grades English (grades 5-9), Middle Grades Integrated Curriculum (grades 5-9), English (6-12), Reading (K-12), Reading (Endorsement), and English for Speakers of Other Languages (ESOL) (grades K-12).

multisensory intervention strategies. Such training must be provided by teacher preparation programs or school district professional development systems approved by the DOE.¹³

School District Professional Development

Each school district is required to establish a professional development system that provides training to reading coaches, classroom teachers, and school administrators in effective methods of identifying characteristics of conditions such as dyslexia and other causes of diminished phonological processing skills; incorporating instructional techniques into the general education setting which are proven to improve reading performance for all students; and using predictive and other data to make instructional decisions based on individual student needs. The training must help teachers integrate phonemic awareness; phonics, word study, and spelling; reading fluency; vocabulary, including academic vocabulary; and text comprehension strategies into an explicit, systematic, and sequential approach to reading instruction, including multisensory intervention strategies.¹⁴

Each district must provide all elementary grades instructional personnel access to training sufficient to meet the requirements for a certificate in an area of certification that includes reading instruction or intervention for students in kindergarten through grade 6.¹⁵

William Cecil Golden Professional Development Program for School Leaders

The William Cecil Golden Professional Development Program for School Leaders provides high standards and sustained support for principals as instructional leaders. The program consists of a collaborative network of state and national professional leadership organizations to respond to instructional leadership needs throughout the state. The goals of the network leadership program include:

- Providing resources to support and enhance the principal's role as the instructional leader.
- Maintaining a clearinghouse and disseminating data-supported information related to enhanced student achievement, based on educational research and best practices.
- Building the capacity to increase the quality of programs for preservice education for aspiring principals and inservice professional development for principals and principal leadership teams.
- Supporting best teaching and research-based instructional practices through dissemination and modeling at the preservice and inservice levels for both teachers and principals.¹⁶

Just Read, Florida! Office

The Just Read, Florida! Office (JRFO) within the DOE is generally directed to perform duties that relate to improving student literacy, and, accordingly, developing training for educational personnel to support student literacy.¹⁷

¹³ Section 1012.585(3)(f), F.S.; Rule 6A-4.0051(7)(a), F.A.C.

¹⁴ Section 1012.98(4)(b)11., F.S.

¹⁵ *Id.*

¹⁶ Section 1012.986(1), F.S.

¹⁷ Section 1001.215, F.S.

The JRFO, in collaboration with the Lastinger Center for Learning at the University of Florida (Lastinger Center), is required to develop training for K-12 teachers, reading coaches, and school principals on effective content-area-specific reading strategies; the integration of content-rich curriculum from other core subject areas into reading instruction; and evidence-based reading strategies to improve student reading performance. For secondary teachers, emphasis must be on technical text. These strategies must be developed for all content areas in the K-12 curriculum.¹⁸

Effect of Proposed Changes (Sections 1, 17, 19, and 20)

The bill modifies s. 1012.98, F.S., to require the DOE to identify professional development opportunities that require a teacher to demonstrate proficiency in a specific classroom practice, with priority given to implementing evidence-based reading instructional and intervention strategies identified by the JRFO. The bill amends s. 1012.585, F.S., to provide that a teacher may earn inservice points only once during each 5-year validity period for any mandatory training topic that is not linked to student learning or professional growth.

The bill modifies s. 1012.986, F.S., to add to the goals of the William Cecil Golden Professional Development Program the support, through training on observation and evaluation practices aligned to the science of reading, the professional growth of instructional personnel who provide reading instruction and interventions.

The bill modifies s. 1001.215, F.S., to require the JRFO to provide evidence-based reading instruction training to school administrators. To fulfill this requirement, the JRFO must work with the Lastinger Center to modify the training that has been developed for K-12 teachers, reading coaches, and school principals. The bill also replaces the requirement to integrate social studies into the reading instruction curriculum with the requirement to integrate civic literacy into the reading instruction curriculum.

The additional opportunities for training in reading instruction for teachers may support teachers delivering reading instruction or interventions to students enrolled in public schools in kindergarten through grade 12.

Reading Certification and Endorsement

Present Situation

Teachers are able to earn a subject area certification or endorsement in reading. A teacher is required to be certified or endorsed in reading to:
