(a) At the time that an adoption entity is responsible for selecting prospective adoptive parents for a born or unborn child whose parents are seeking to place the child for adoption or whose rights were terminated pursuant to chapter 39, the adoption entity must provide the prospective adoptive parents with information concerning the background of the child to the extent such information is disclosed to the adoption entity by the parents, legal custodian, or the department. This subsection applies only if the adoption entity identifies the prospective adoptive parents and supervises the placement of the child in the prospective adoptive parents' home. If any information cannot be disclosed because the records custodian failed or refused to produce the background information, the adoption entity has a duty to provide the information if it becomes available. An individual or entity contacted by an adoption entity to obtain the background information must release the requested information to the adoption entity without the

necessity of a subpoena or a court order. In all cases, the prospective adoptive parents must receive all available information by the date of the final hearing on the petition for adoption. The information to be disclosed includes:

1. A family social and medical history form completed pursuant to s. 63.162(6).

2. The biological mother's medical records documenting her prenatal care and the birth and delivery of the child.

3. A complete set of the child's medical records documenting all medical treatment and care since the child's birth and before placement.

4. All mental health, psychological, and psychiatric records, reports, and evaluations concerning the child before placement.

5. The child's educational records, including all records concerning any special education needs of the child before placement.

6. Records documenting all incidents that required the department to provide services to the child, including all orders of adjudication of dependency or termination of parental rights issued pursuant to chapter 39, any case plans drafted to address the child's needs, all protective services investigations identifying the child as a victim, and all guardian ad litem reports or attorney for the child reports filed with the court concerning the child.

7. Written information concerning the availability of adoption subsidies for the child, if applicable.

Section 35. Subsection (4) of section 322.09, Florida Statutes, is amended to read:

322.09 Application of minors; responsibility for negligence or misconduct of minor.—

(4) Notwithstanding subsections (1) and (2), if a caregiver of a minor who is under the age of 18 years and is in out-of-home care as defined in s. 39.01(56) ~~s. 39.01(55)~~, an authorized representative of a residential group home at which such a minor resides, the caseworker at the agency at which the state has placed the minor, or a guardian ad litem specifically authorized by the minor's caregiver to sign for a learner's driver license signs the minor's application for a learner's driver license, that caregiver, group home representative, caseworker, or guardian ad litem does not assume any obligation or become liable for any damages caused by the negligence or willful misconduct of the minor by reason of having signed the application. Before signing the application, the caseworker, authorized group home representative, or guardian ad litem shall notify the caregiver or other responsible party of his or her intent to sign and verify the application.

Section 36. Paragraph (p) of subsection (4) of section 394.495, Florida Statutes, is amended to read:

394.495 Child and adolescent mental health system of care; programs and services.—

(4) The array of services may include, but is not limited to:

(p) Trauma-informed services for children who have suffered sexual exploitation as defined in s. 39.01(78)(g) ~~s. 39.01(77)(g)~~.

Section 37. Section 627.746, Florida Statutes, is amended to read:

627.746 Coverage for minors who have a learner's driver license; additional premium prohibited.—An insurer that issues an insurance policy on a private passenger motor vehicle to a named insured who is a caregiver of a minor who is under the age of 18 years and is in out-of-home care as defined in s. 39.01(56) ~~s. 39.01(55)~~ may not charge an additional premium for coverage of the minor while the minor is operating the insured vehicle, for the period of time that the minor has a learner's driver license, until such time as the minor obtains a driver license.

Section 38. Paragraph (c) of subsection (1) of section 934.255, Florida Statutes, is amended to read:

934.255 Subpoenas in investigations of sexual offenses.—

(1) As used in this section, the term:

(c) "Sexual abuse of a child" means a criminal offense based on any conduct described in s. 39.01(78) ~~s. 39.01(77)~~.

Section 39. Subsection (5) of section 960.065, Florida Statutes, is amended to read:

960.065 Eligibility for awards.—

(5) A person is not ineligible for an award pursuant to paragraph (2)(a), paragraph (2)(b), or paragraph (2)(c) if that person is a victim of sexual exploitation of a child as defined in s. 39.01(78)(g) ~~s. 39.01(77)(g)~~.

Section 40. This act shall take effect July 1, 2021.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/SB 1920
INTRODUCER:	Children, Families, and Elder Affairs Committee and Senator Book
SUBJECT:	Child Welfare
DATE:	April 16, 2021
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Moody	Cox	CF	**Fav/CS**
2.	Dale	Harkness	ACJ	**Recommend: Fav/CS**
3.	Dale	Sadberry	AP	**Pre-meeting**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1920 creates the Statewide Office of Child Representation (OCR) and makes a number of changes to various provisions related to guardians ad litem (GAL) under ch. 39, F.S., and regarding attorney representation for the child.

The bill provides that on or after July 1, 2022, a GAL must be appointed in specified circumstances including a dependency proceeding or "related adoption proceeding" as defined in s. 39.820, F.S., and may be appointed at the court's discretion upon a finding that circumstances exist which require the appointment. The guardian ad litem program (GALP) must be discharged within 60 days after a child reaches 10 years old except if certain factors are met.

The bill defines a "conflict of interest" with respect to GAL volunteers and requires the GALP to develop guidelines to identify when there is reasonable cause to suspect an assigned GAL has a conflict of interest. The bill prohibits the GALP from appointing a GAL when a conflict of interest is identified. It also requires the court to order that a new GAL be assigned or, unless otherwise prohibited by law, discharge the GAL and appoint an attorney for the child when such circumstances exist. Further, the GALP must identify any GAL who is experiencing a physical or mental health issue or who appears to present a danger to any child, and remove him or her from all assigned cases and terminate his or her volunteer services.

The GAL Qualifications Committee is redesignated as the Child Well-Being Qualifications Committee. The bill provides that the executive director of the GALP may be reappointed to

serve more than one term and the reappointment process must be made in accordance with the initial appointment process.

The OCR is established within the Justice Administrative Commission (JAC) and is structured with requirements substantially similar to current law relating to the GALP. Regional Offices are created within the area serviced by each of the five district court of appeals. Child Representation Counsel (CRC) must comply with proscribed duties. The bill provides specified duties for the OCR and the Department of Children and Families (DCF) is required to take any necessary steps to obtain federal Title IV-E funding reimbursement for the OCR. The OCR may contract with a local nonprofit agency to provide direct representation for the child.

Section 39.831, F.S., is created to make provisions regarding when an "attorney for the child", as defined in the bill, must or may be appointed. The bill relocates s. 39.01305(4)(b) and (5), F.S. to s. 39.831, F.S., but clarifies the scope of attorney representation and that compensation must be made in accordance with s. 27.5305, F.S. The bill also sets out several other provisions regarding an attorney for the child, including when the OCR must be appointed, the process that must be followed when OCR has a conflict of interest in representing a child, when the attorney for the child may withdraw or be discharged, his or her access to records, and requirement to file all appropriate motions at least 72 hours before a court hearing.

Several sections are amended to conform cross-references and provisions to changes made by the act.

The bill will result in an indeterminate negative impact on state expenditures. The GALP reports an indeterminate fiscal impact of the bill as it is unknown how many children will meet the criteria in the bill. Further, the JAC states that the bill will likely have a substantial fiscal impact on the JAC through increased workload. See Section V. Fiscal Impact Statement.

The bill is effective July 1, 2021.

II. Present Situation:

Current law requires any person who knows or suspects that a child has been abused, abandoned, or neglected to report such knowledge or suspicion to the Florida central abuse hotline (hotline).[1] A child protective investigation begins if the hotline determines the allegations meet the statutory

[1] Section 39.201(a), F.S.

definition of abuse,[2] abandonment,[3] or neglect.[4] A child protective investigator investigates the situation either immediately, or within 24 hours after the report is received, depending on the nature of the allegation.[5]

After conducting an investigation, if the child protective investigator determines that the child is in need of protection and supervision that necessitates removal, the investigator may initiate formal proceedings to remove the child from his or her home. When the Department of Children and Families (DCF) removes a child from the home, a series of dependency court proceedings must occur before a child may be adjudicated dependent.[6] The dependency court process is summarized in the table below.

The Dependency Court Process

Dependency Proceeding	Description of Process	Controlling Statute
Removal	A child protective investigation determines the child's home is unsafe, and the child is removed.	s. 39.401, F.S.
Shelter Hearing	A shelter hearing occurs within 24 hours after removal. The judge determines whether to keep the child out-of-home.	s. 39.401, F.S.
Petition for Dependency	A petition for dependency occurs within 21 days of the shelter hearing. This petition seeks to find the child dependent.	s. 39.501, F.S.
Arraignment Hearing and Shelter Review	An arraignment and shelter review occurs within 28 days of the shelter hearing. This allows the parent to admit, deny, or consent to the allegations within the petition for dependency and allows the court to review any shelter placement.	s. 39.506, F.S.
Adjudicatory Trial	An adjudicatory trial is held within 30 days of arraignment. The judge determines whether a child is dependent during trial.	s. 39.507, F.S.

[2] Section 39.01(2), F.S. The term "abuse" means any willful act or threatened act that results in any physical, mental, or sexual abuse, injury, or harm that causes or is likely to cause the child's physical, mental, or emotional health to be significantly impaired. Abuse of a child includes the birth of a new child into a family during the course of an open dependency case when the parent or caregiver has been determined to lack the protective capacity to safely care for the children in the home and has not substantially complied with the case plan towards successful reunification or met the conditions for return of the children into the home. Abuse of a child includes acts or omissions. Corporal discipline of a child by a parent or legal custodian for disciplinary purposes does not in itself constitute abuse when it does not result in harm to the child.

[3] Section 39.01(1), F.S. The term "abandoned" or "abandonment" means a situation in which the parent or legal custodian of a child or, in the absence of a parent or legal custodian, the caregiver, while being able, has made no significant contribution to the child's care and maintenance or has failed to establish or maintain a substantial and positive relationship with the child, or both.

[4] Sections 39.01(50) and 39.201(2)(a), F.S. "Neglect" occurs when a child is deprived of, or is allowed to be deprived of, necessary food, clothing, shelter, or medical treatment or a child is permitted to live in an environment when such deprivation or environment causes the child's physical, mental, or emotional health to be significantly impaired or to be in danger of being significantly impaired. The foregoing circumstances shall not be considered neglect if caused primarily by financial inability unless actual services for relief have been offered to and rejected by such person. A parent or legal custodian legitimately practicing religious beliefs in accordance with a recognized church or religious organization who thereby does not provide specific medical treatment for a child may not, for that reason alone, be considered a negligent parent or legal custodian; however, such an exception does not preclude a court from ordering necessary services.

[5] Section 39.201(5), F.S.

[6] *See* s. 39.01(15), F.S., for the definition of "child who is found to be dependent".

Dependency Proceeding	Description of Process	Controlling Statute
Disposition Hearing	If the child is found dependent, disposition occurs within 15 days of arraignment or 30 days of adjudication. The judge reviews the case plan and placement of the child. The judge orders the case plan for the family and the appropriate placement of the child.	s. 39.506, F.S. s. 39.521, F.S.
Postdisposition hearing	The court may change temporary placement at a postdisposition hearing any time after disposition but before the child is residing in the permanent placement approved at a permanency hearing.	s. 39.522, F.S.
Judicial Review Hearings	The court must review the case plan and placement every 6 months, or upon motion of a party.	s. 39.701, F.S.
Petition for Termination of Parental Rights	Once the child has been out-of-home for 12 months, if DCF determines that reunification is no longer a viable goal, termination of parental rights is in the best interest of the child, and other requirements are met, a petition for termination of parental rights is filed.	s. 39.802, F.S. s. 39.8055, F.S. s. 39.806, F.S. s. 39.810, F.S.
Advisory Hearing	This hearing is set as soon as possible after all parties have been served with the petition for termination of parental rights. The hearing allows the parent to admit, deny, or consent to the allegations within the petition for termination of parental rights.	s. 39.808, F.S.
Adjudicatory Hearing	An adjudicatory trial shall be set within 45 days after the advisory hearing. The judge determines whether to terminate parental rights to the child at this trial.	s. 39.809, F.S.

Attorney Representation in Dependency Cases

An attorney must comply with the Florida Rules of Professional Conduct promulgated by the Florida Bar. An attorney must zealously advocate for his or her client and must abide by a client's decision on how to proceed in a matter.[7] This means the client has authority to decide the purpose and scope of the attorney's representation, within the limits imposed by law and the attorney's professional obligations, including for instance whether to settle a matter.[8] An attorney has an obligation to communicate with his or her client about such decisions,[9] and should try to reach a mutually agreeable resolution with his or her client if a disagreement arises on how to proceed.[10]

[10] Rules Regulating the Fla. Bar 4-1.2.

Attorney Duties and Conflicts of Interest

Attorneys are required to adhere to specified duties within the Rules of Professional Conduct. For instance, an attorney must be competent to represent his or her client, and must act with reasonable diligence and promptness in representing a client.[11]An attorney also has duties of loyalty and confidentiality to his client.[12] However, an attorney must disclose confidential information if he or she reasonably believes it is necessary to prevent a client from committing a crime, or to prevent death or substantial bodily harm to another.[13] An attorney may also disclose confidential information, in part, if the client gives informed consent or the attorney reasonably believes the disclosure is necessary to serve the client's interest provided the client does not specifically require the information not to be disclosed.[14]

The Rules of Professional Conduct also contain provisions regarding how an attorney must handle circumstances in which conflict of interest exists.[15] This includes, in part, when an attorney has a conflict with a current[16] or former client[17] as well as prohibited transactions.[18] An attorney must not represent a client whose interests are directly adverse to another client, or there is a substantial risk that representation of the client would materially limit the attorney's representation of another client, a former client or personal interest of the lawyer, except when the client waives the conflict in specified circumstances.[19] This means an attorney must not represent opposing parties in litigation.[20] Further, an attorney generally may not use information to the disadvantage of a client without informed consent, unless otherwise permitted in the rules.[21]

An attorney must not represent a client if his or her representation will result in a violation of the Rules of Professional Conduct or law, or the attorney's physical or mental condition materially impairs his or her ability to represent the client.[22] In such instances, the attorney must not commence representation or must withdraw as counsel if specified conditions are met.[23]

Attorney for the DCF

The DCF must be represented by counsel in dependency and termination of parental rights proceedings.[24] The DCF, through its counsel, must make recommendations to the court and may present evidence including testimony from its own employees or employees of its agents, subcontractors, or other community providers.[25] The DCF may enter into a contract for the

provision of children legal services, and all counsel included those contracted must adopt the child welfare practice model as proscribed by the DCF.[26]

Except when legal representation is contracted out, the State of Florida is represented by Children Legal Services through the DCF.[27] The DCF is required to contract with the state attorney in the sixth judicial circuit for children legal services.[28] The DCF contracts with the Florida Attorney General's Office to provide children's legal services in Hillsborough and Broward counties.[29]

Attorney for the parents

Parents have the right to be represented by counsel in dependency proceedings, and they must be informed of this right at each stage of the dependency proceedings.[30] The court must appoint counsel to represent parents who are indigent.[31] The Office of Criminal Conflict and Civil Regional Counsel (OCCCRC) has primary responsibility for representing parents in proceedings under ch. 39, F.S.[32] If OCCCRC has a conflict of interest in representing a parent or parents, private counsel who must be selected from a registry is appointed on a rotating basis.[33] The private attorneys contract with the JAC under specified terms to provide such services.[34]

Attorney for the child

Attorney representation of children

An attorney should, as far as reasonably practical, maintain a normal attorney-client relationship when a client's ability to make an adequately informed decision is impaired, such as in representation of a minor child.[35] An attorney may seek the appointment of a GAL if he or she reasonably believes the client is not able to adequately act in his or her own interest.[36] The Rules of Professional Conduct acknowledge that the law recognizes intermediate degrees of competence, and explicitly provides that children ages 10 or 12 are regarded as having opinions which are entitled to be considered in respect of legal proceedings concerning their custody.[37]

Child Representation Models

Child representation in dependency proceedings varies but in most instances is based on what is in the child's best interest, direct representation, or a hybrid approach.[38] A summary of the different models and how they operate is set out in the table below.[39]

Exhibit 3
States' Models of Representation for Children in Dependency Proceedings Fall Into Six Categories

Representation Model	Number of States That Use Model	Description
Age Dependent	4	Children in these states receive different types of representation depending on their age. In these states, older children receive a client-directed attorney, and younger children receive a GAL.
Best Interest (attorney or professional)	20	Children in these states always receive a GAL who is required to be either an attorney or a professional (e.g., professional GAL or mental health counselor). These states may also allow for the appointment of a client-directed attorney at the discretion of the judge or in certain circumstances.
Best Interest (lay volunteer)	12	Children in these states always receive a GAL, who is not required to be an attorney. These states may also allow for the appointment of a client-directed attorney at the discretion of the judge or in certain circumstances.
Client-Directed Attorney	7	Children in these states always receive a client-directed attorney. These states may also allow for the appointment of a separate GAL or CASA at the discretion of the judge or in certain circumstances.
Hybrid	6	Children in these states always receive both a client-directed attorney and a GAL.
Multidisciplinary Team	2	Children in these states are represented by a GAL team, made up of a volunteer, a staff advocate, and an attorney.

Source: OPPAGA analysis of state statutes and court rules.

Representation under current Florida law

Section 39.01305, F.S., provides that an attorney must be appointed to represent a dependent child[40] who has the following special needs:

- Resides in or is being considered for placement in a skilled nursing home;
- Is prescribed psychotropic medication but does not agree to take it;
- Has a diagnosis of a developmental disability;[41]
- Is being placed or is being considered for placement in a residential treatment center; or
- Is a victim of human trafficking.[42]

[38] The Office of Program Policy Analysis and Government Accountability (OPPAGA), *OPPAGA Review of Florida's Guardian ad Litem Program, Presentation to the Senate Committee on Children, Families, and Elder Affairs*, p. 9, January 26, 2021, available at https://oppaga.fl.gov/Documents/Presentations/GAL%20Presentation%201-26-21.pdf (last visited March 25, 2021) (hereinafter cited as "OPPAGA Presentation").
[39] OPPAGA, *OPPAGA Review of Florida's Guardian ad Litem Program*, p. 5 and 34, December 2020 (on file with the Committee on Children, Families, and Elder Affairs) (hereinafter cited as "The OPPAGA Memo").
[40] Section 39.01305(2), F.S., defines "dependent child" as a child who is subject to any proceeding under ch. 39, F.S. The term does not require that a child be adjudicated dependent for purposes of this section.
[41] Section 393.063(12), F.S., defines "developmental disability" as a disorder or syndrome that is attributable to intellectual disability, cerebral palsy, autism, spina bifida, Down syndrome, Phelan-McDermid syndrome, or Prader-Willi syndrome; that manifests before the age of 18; and that constitutes a substantial handicap that can reasonably be expected to continue indefinitely. *See* s. 393.063, F.S., for other definitions related to developmental disability.
[42] Section 787.06(2)(d), F.S., defines "human trafficking" as transporting, soliciting, recruiting, harboring, providing, enticing, maintaining, or obtaining another person for the purpose of exploitation of that person.

A court is not restricted to appointing an attorney to represent a child for the reasons listed above.[43]

The court must request a recommendation from the GALP for an attorney who is willing to represent a child without additional compensation before a court may appoint one under s. 39.01305(4)(a), F.S. If the GAL recommends an attorney who is available within 15 days from the date of the court's request, the court must appoint that attorney.[44] The court may appoint an attorney who will receive additional compensation within 15 days if the GALP notifies the court that it will not be able to make a recommendation within the specified time.[45]

An attorney who is appointed to represent a child continues to be appointed until the attorney is allowed to withdraw or is discharged by the court or until the case is dismissed.[46] An attorney who is appointed must provide a range of legal services including from removal or appointment through any appellate proceedings.[47] The appointment must be in writing and the attorney must be adequately compensated unless he or she was agreed to provide pro bono services.[48] Unless an attorney has agreed to represent a child pro bono, the JAC must contract with attorneys appointed by the court and their fees may not exceed $1,000 per child per year.[49] All appointed attorneys must also be provided with access to funding for due process costs of litigation subject to appropriations.[50]

Several counties in Florida currently operate offices that provide child representation, including Palm Beach, Broward, and Hillsborough counties.[51] For instance, the Legal Aid Society of Palm Beach (LAS Palm Beach) Children's Foster Project is appointed to every child 0 to 12 years old who is in out-of-home care.[52] The Legal Aid Society of Broward County (LAS Broward) represents children in dependency cases and provides free legal services for eligible relative and nonrelative caregivers.[53] Similarly, the L. David Shear Children's Law Center of Bay Area Legal Services provides representation to children who have been abused, abandoned, or neglected.[54]

At least some of these organizations receive government funding.[55] For instance, the LAS Palm Beach County receives public grants, such as the U.S. Department of Justice under the Violence against Women Act and Children's Services Council of Palm Beach County, and private grants,

such as William and Helen Thomas Charitable Foundation.[56] LAS Broward receives funding from the Children's Services Council of Broward County (CSCBC).[57] In many instances, these organizations rely on donations and pro bono attorneys who donate their services to provide representation to children who are the subject of a dependency case.[58]

Office of Child Representation (OCR) (Section 8)

Florida law does not currently provide for an OCR. Colorado and Travis County, Texas, however, do have offices of child representation. The Colorado Office of Child's Representative (COCR) is a state agency that was established in 2000 to provide representation to children.[59] The COCR represent children in several types of cases, including:

- Dependency and Neglect;
- Juvenile Delinquency;
- Domestic Relations; and
- Adoption, Truancy, Probation, Mental Health, and Paternity.[60]

All COCR attorneys are trained on the law, social science research, child development, mental health and education issues, and best practices in court proceedings.[61] A Colorado court must appoint a GAL in dependency and neglect cases to represent the child's best interest, and must appoint an OCR attorney to act as the child's counsel when the child faces contempt citations or the court has determined that the child holds his or her own patient-therapist privilege.[62, 63] The COCR is responsible for overseeing both roles as a GAL and as counsel for the children, if applicable.[64] When COCR is appointed as counsel for the child, the attorney has a traditional attorney-client role in which he or she represents the child's wishes in court proceedings.[65]

In Colorado, a GAL is a COCR attorney who is appointed to represent the best interest of the child which means that the COCR attorney does not advocate for the child's express wishes in a

traditional attorney-client role.[66] Instead, the GAL must advocate for the child's health, safety, and well-being, and his or her advocacy must align with the interests and needs of the child.[67] The GAL has specified requirements that must be met, including attending all court hearings and conducting an independent investigation which must continue throughout the duration of the case.[68]

The Travis County, Texas Office of Children Representation (TOCR), however, provides legal representation to children who are the subject of dependency cases only.[69] The TOCR counsel act in a traditional attorney-client role and represent children's legal interests.[70]

Guardian ad Litem

Appointment and Discharge

Federal and Florida law provide that a GAL must be appointed to represent the child in every case.[71] The Child Abuse Prevention and Treatment Act makes the approval of grants contingent on a eligible state plans which must include provisions and procedures to appoint a GAL in every case.[72] The GAL must be appointed to:

- Obtain first-hand knowledge of the child's situation and needs; and
- Make recommendations to the court regarding the best interest of the child.[73]

Under Florida law, a court must appoint a GAL at the earliest possible time to represent the child in a dependency proceeding.[74] The GALP publishes monthly representation reports which summarize, in part, the number of reported dependent children, the GALPs appointments in those cases, and the number of certified volunteer GALs.[75] The December 2020 Representation Report details the following statistics:

- The Office of State Courts Administrator reports there are 31,288 children who are the subject of a dependency case.[76]
- The GALP reports that 22,960 children are appointed to the program, and there are 11,116 certified case volunteers including pro bono attorneys.[77]
- The GALP reports 98 newly certified case volunteers in its December 2020 report.[78]

In some cases, the GALP may discharge from a case when a child's permanency goal has been established and the child is in a stable placement.[79] A summary of the reasons the GALP has been discharged from dependency cases from 2016 to 2020 by Fiscal Year is summarized in the table below.[80]

Exhibit 6
Closure Reasons Reported by GAL Program Remained Stable From Fiscal Year 2016-17 Through the First Half of Fiscal Year 2019-20[1]

GAL Program Closure Reason for GAL Program Closures	FY 2016-17	FY 2017-18	FY 2018-19	FY 2019-20[1]	Four-Year Total
Reunification	29%	31%	29%	31%	30%
Adoption	18%	18%	20%	19%	19%
Permanency Goal Established[2]	18%	19%	23%	22%	21%
Permanent Guardianship	17%	15%	13%	12%	15%
Other[3]	9%	9%	6%	6%	8%
Insufficient Program Resources[4]	5%	4%	4%	4%	5%
Aged Out of Care	3%	4%	4%	4%	4%
Total	**100%**	**100%**	**100%**	**100%**	**100%**

[1] To control for differences between GAL Program closures and DCF discharges, we limited the Fiscal Year 2019-20 data to the first six months (July 1, 2019–December 31, 2019).
[2] Closure reasons of APPLA are included here.
[3] Other includes children who ran away, were transferred to or placed in another circuit, and cases that were either consolidated or bifurcated by the courts.
[4] This includes cases to which the GAL Program was appointed where the program was either unable to staff the case at all or had to discharge from a case before it concluded. Closure reasons of APPLA are included here.
Source: OPPAGA analysis of Florida Guardian ad Litem Program data representing 80% of GAL children with a closed case.

Role of the GALP and GAL

"Guardian ad litem" is defined as the Statewide Guardian Ad Litem Office, which includes circuit guardian ad litem programs, a duly certified volunteer, a staff member, a staff attorney, a contract attorney, pro bono attorney working on behalf of a GAL; court-appointed attorney; or responsible adult who is appointed by the court to represent the best interest of a child in a proceeding as provided by law including ch. 39, F.S., until discharged by the court.[81]

The GALP reports that it represents the children who are alleged to be abused, abandoned, or neglected and are subject to the dependency court's jurisdiction.[82] The Florida Supreme Court has recognized that a GAL is appointed to serve as the child's representative in court to present what is in the child's best interest.[83] The GALP reports that the adult representing the child's best interest will ordinarily be represented by counsel in the judicial proceedings, and suggests such attorney owes a duty of care to both the guardian ad litem and the child with whom the GAL is appointed to represent.[84] The GALP acknowledges that there is no attorney-client relationship

[84] The GALP Analysis at p. 3 [citing Op. Att'y Gen. Fla. 96-94 (1996)].

between the GALP attorney and the child, and suggests that independent legal representation is provided through the GAL.[85]

The GAL or GALP representative must review all disposition recommendations or changes in placements, and must be present at all critical stages of the proceeding or submit a written report, which must be filed and served on all parties whose whereabouts are known at least 72 hours prior to the hearing.[86]

Performance Advocacy Snapshot (PASS) summarizes the individual GAL circuit program performance and GAL influence on child welfare outcomes by circuit.[87] The December 2020 PASS report states that a GAL has been appointed to 73.4% of children who are the subject of dependency proceedings, with some exceptions.[88] It also reports 67.5% active certified volunteers statewide.[89] Children achieving permanency within 12 months of entering care totals 18 percent and 40.6 percent of adoptions occur within 24 months according to the PASS report.[90]

Activities of GAL

The GALP reports that GAL are involved in a number of activities related to the child, including, in part:

- Attending school events;
- Guiding children through changes of placement;
- Creating community awareness about children who are abused, abandoned, or neglected;
- Being a safe and stable adult in the child's life; or
- Reporting quality information to judges.[91]

Conflicts of Interest

Under current law, there is no statutory provision under ch. 39, F.S., which requires the GALP to identify any conflict of interest a GAL may have. The GALP Standards of Operation, however, provide that the GALP "shall not accept appointment to a case where the Program has an impermissible conflict of interest and shall seek discharge if an impermissible conflict of interest arises after appointment. An impermissible conflict of interest between the GAL Program and a child or children will be found if the GAL Program has a duty, or the appearance of a duty, to another that may prevent the GAL Program from being fully able to represent the child to whom the Program is appointed. If an individual GAL Volunteer or staff member has a conflict, this may be resolved by assigning another individual from the Program in the discretion of the Circuit Director."[92] Standard 7.D. further states that GALs have an obligation to notify the GAL Program Attorney if they are aware of a possible conflict of interest, which could include prior

involvement with individuals involved in the case, any personal reasons that may not allow them to provide best interests advocacy for a child, and situations when the GALP is appointed to represent multiple related children whose interests conflict with one another.
Further, Standard 7.D. states that an impermissible conflict will not be found simply because the GAL is advocating in good faith for the child's best interests and the child conveys a position that may be opposed to the position taken by the GAL.[93]

The GAL's Standards of Operation 3, Code of Conduct, prohibit GALs from practicing, condoning, facilitating, or participating in any form of discrimination, including in part, discrimination based on race, color, gender, sexual orientation, sexual identity, age, religion, or ethnicity.[94] Finally, the GALP reports that the Standards of Operation prohibit a GAL from receiving a fee for their services as a GAL or accepting a gift for personal benefit.[95]

GAL Executive Director Appointment and Reappointment

The GALP's executive director is appointed by the Governor from a list of at least three nominees of eligible applicants selected by the Guardian Ad Litem Qualifications Committee (GALQC).[96] The executive director must meet minimum qualifications, serve a term of 3 years, and has specified duties.[97] The executive director is permitted to serve more than one term, but current law is unclear on whether any additional terms are subject to the appointment process.

Funding

GAL Funding

The OPPAGA reports that state funding for the GALP has increased by 21% over the past five years from $43.6 million in Fiscal Year 2015-16 to $52.9 million in Fiscal Year 2019-20.[98] Other sources of funding, including local governments, federal Victims of Crime Act (VOCA) funds, and non-profit sources, have also increased over the past five years from $4.6 million in Calendar Year (CY) 2015 to $9.7 million in CY 2019.[99] With this increase, the number of staff increased, the number of volunteers remained stable, and the number of children served has decreased from 40,032 in Fiscal Year (FY) 2016-17 to 36,506 in FY 2019-20.[100]

Family First Prevention Services Act

The Bipartisan Budget Act of 2018 (HR 1892) was signed into law on February 9, 2018, which included the Family First Prevention Services Act (FFPSA). The legislation aims at providing financial assistance with a focus on prevention services and reducing funds to residential group

[93] The GALP, *Standards of Operation*, Revised April 2020, p. 18, available at https://guardianadlitem.org/wp-content/uploads/2020/05/GAL-Standards-Rev.-4.30.2020-FINAL.pdf (last visited March 25, 2021) (hereinafter cited as "GALP SOP 2020").

[100] *Id.*

care.[101] It also has the potential to dramatically change child welfare systems by expanding the way in which Title IV-E funding may be spent.[102] The FFPSA requirements include:

- Option to use funds for up to 12 months for evidence-based services, such as substance abuse treatment;
- Eligible candidates include children who can remain safely in the home with the provision of services, children in foster care who are parents, or parents or caregivers who require services to prevent a child's entry into foster care;
- States must prepare a prevention plan for the child to safely remain at home with services; and
- Services must be trauma-informed and pre-approved on the Health and Human Services website.[103]

Title IV-E funds previously were restricted to being used for the costs of eligible children's foster care maintenance; administrative expenses to manage the foster care program; training for specified persons; and kinship guardianship assistance. Title IV-E federal funding is now available for direct legal representation and advocacy for eligible children in foster care and their parents.[104] As the GALP attorney does not have a direct attorney-client relationship with the child[105] and directly represent the children in Florida dependency proceedings, it is unclear whether the GALP is eligible for Title IV-E funding under the new federal standards. However, the GALP has not begun to be reimbursed for legal representation and advocacy under the FFPSA standards.

III. Effect of Proposed Changes:

Office of Child Representation (Section 8)

The bill establishes a new Office of Child Representation (OCR) to provide direct legal representation to specified children during dependency proceedings. Similar to the GALP, the bill creates the OCR within the JAC which provides administrative support and services but does not control, supervisor, or direct the OCR in the performance of its duties. However, employees are governed by plans, including salary and benefits, approved by the JAC.

The bill provides for an executive director to be appointed to the OCR with the same appointment process, term, and requirements as the executive of the GALP provided for in s. 39.8296(2)(a), F.S. The OCR executive director must be a member of The Florida Bar in good standing for at least 5 years and have knowledge of dependency law and social service delivery

[105] The GALP SOP 2020, p. 7.

systems to meet the needs of children who are abused, abandoned and neglected. The bill requires the appointment of the initial executive director to be completed by January 1, 2022.

The OCR, within the resources of the JAC, must provide oversight and technical assistance, in part, as follows:

- Identify the resources required to implement methods of collecting, reporting, and tracking case data;
- Review and collect information relating to offices of child representation and other models of attorney representation in other states;
- Develop statewide performance measures and standards in collaboration with the regional offices of OCR;
- Develop a training program for each attorney for the child, and create a curriculum committee composed of specified professionals[106] for such purpose;
- Develop protocols that must be implemented to assist children in meeting eligibility requirements to receive all federal funding;[107]
- Review methods of funding, maximum the use of those funds, and review the kinds of services being provided by the regional offices;
- Determine the feasibility or desirability of new concepts regarding the operation and scope of services provided by the OCR;
- Develop standards and protocols to represent children who have diminished capacity; and
- Submit a report to the Governor, the President of the Senate, the Speaker of the House of Representatives, and the Chief Justice of the Supreme Court, including:
    - An interim report describing the progress of the statewide office in meeting the responsibilities described in this paragraph.
    - A proposed plan that includes alternatives for meeting the representation needs of children in this state. The plan may include recommendations for implementation in only a portion of this state or phased-in statewide implementation and must include an estimate of the cost of each such alternative.
    - An annual status report that includes any additional recommendations for addressing the representation needs of children in this state and related issues.

The DCF or community-based care lead agency must take any steps necessary to obtain and maintain eligible federal funding. The bill provides that OCR may contract with local nonprofit agencies to provide direct representation to a child if it is the most efficient method to satisfy its duties and if federal funding has been approved for reimbursement.

The bill provides for regional offices to be established within each of the five district court of appeals which must commence fulfilling their purpose and duties on July 1, 2022. Each regional office is also assigned to the JAC for it to provide administrative support and services within

[106] Members must include, but not limited to, a dependency judge, a director of circuit guardian ad litem programs, an active certified guardian ad litem, a mental health professional who specializes in the treatment of children, a member of a child advocacy group, a representative of a domestic violence advocacy group, an individual with at least a Master of Social Work degree, and a social worker experienced in working with victims and perpetrators of child abuse.
[107] This may not be construed to mean that the protocols may interfere with zealous and effective representation of the children.

available resources. Like the statewide office, the regional offices are not subject to control, supervision, or direction by the JAC, but are governed by plans such as salary and benefits.

Finally, the child representation counsel (CRC) who is the head of the regional offices must serve on a full-time basis and may not engage in private practice. Assistant child representation counsel (ACRC) must give priority to his or her duties in that position but part-time ACRC may practice dependency law provided the representation does not result in a legal or ethical conflict of interest with a case that OCR is providing representation.

Attorney for the Child (Sections 1-3 and 9)

Section 39.013(13), F.S. is amended to provide that an attorney for the child must be appointed pursuant to s. 39.831, F.S. The bill defines "attorney for the child" as an attorney providing direct representation to the child, which may include the appointment of the Office of the Child Representation, an attorney provided by an entity contracted through the Office of the Child Representation to provide direct representation, any privately retained counsel or pro bono counsel, or any other attorney who represents the child under ch. 39, F.S.

The bill creates s. 39.831, F.S., which provides that an attorney for the child:
- Must be appointed when the child has special needs as provided in s. 39.01305(3), F.S.;
- Must be appointed for any child who reaches 10 years of age or older after July 1, 2022, who is subject to a dependency proceeding or related adoption proceeding; and
- May be appointed upon a finding by the court that circumstances exist which necessitate the appointment.

The bill modifies s. 39.01305(4)(a), F.S., to provide that an attorney must be appointed as provided for in s. 39.831, F.S.

The bill relocates s. 39.01305(4)(b),F.S., to s. 39.831, F.S., which specifies that the appointment continues in effect until the attorney is allowed to withdraw, the attorney is discharged by the court, or the case is dismissed. The attorney for the child must provide all legal services required from the time the child is removed or the initial appointment through appellate proceedings. With court permission, the attorney for the child may arrange for supplemental or separate counsel to represent the child in appellate proceedings. An order appointing an attorney for the child must be in writing. The bill clarifies that the scope of the appointment of an attorney for the child is limited to representation of the child in dependency or related adoption proceedings.

The bill clarifies that the attorney must be adequately compensated as provided in s. 27.5305, F.S. The bill also relocates s. 39.01305(5), F.S., to s. 39.831, F.S., in regards to payment required to be made to an attorney for his or her representation which may not exceed $1,000 unless the attorney agrees to represent the child pro bono, and the requirement to provide access to funding for due process costs of litigation which is subject to appropriations.

The court must appoint the OCR unless the child is otherwise represented. If the OCR determines that the interests of clients are so adverse or hostile that they cannot all be counseled by child representation counsel or his or her staff because of a conflict of interest, the OCR must file a motion to withdraw and move the court to appoint alternative counsel. The bill provides

that OCR must not automatically determine the appointment to represent siblings as a conflict of interest. If requested, the OCR must provide the JAC with a copy of the motion at the time it is filed. The court must consider the OCR's submission regarding the conflict without requiring the disclosure of any confidential communications. The court must deny the motion if there are insufficient grounds for the request. If the motion is granted, the court must appoint an attorney as provided in s. 27.40, F.S.

Similar to the GALP, parents who are financially able must reimburse the court for the costs of the OCR representation, but reimbursement for the attorney's services may not be contingent upon successful collection by the court of reimbursement from the parent.

Upon presentation of a court order by an attorney for the child, an agency, person, or organization must allow the attorney to inspect and copy records related to the child who is the subject of the appointment, including records that are made confidential. An agency must also allow an attorney for the child to inspect and copy records that are exempt from s. 119.07(1), F.S., or s. 24(a), Art. I of the Florida Constitution, but he or she must maintain the confidential or exempt[108] status of any records shared.

The attorney for the child must review all disposition recommendations and changes in placement and file any appropriate motions at least 72 hours in advance of the hearing. The DCF must develop procedures to request that a court appoint an attorney for the child, and may adopt rules to implement the section.

Guardian ad Litem (Section 4 to 7)

Part XI is retitled to state "GUARDIAN AD LITEM, GUARDIAN ADVOCATES, AND ATTORNEY FOR THE CHILD."

The bill amends s. 39.822, F.S., providing that a GAL will continue to be appointed as proscribed under current law before July 1, 2022. On or after that date:

- The GAL must be appointed at the earliest possible time to represent a child who is:
  - Younger than 10 years old and subject of a dependency proceeding or related adoption proceeding;
  - The subject of a dependency proceeding or related adoption proceeding and the subject of a criminal proceeding;
  - The subject of a termination of parental rights proceeding under Part X; or
  - A dependent child as described in s. 39.01305(3), F.S.[109]
- The GAL may be appointed at the court's discretion upon a finding that circumstances exist which require the appointment.

[108] When creating a public records exemption, the Legislature may provide that a record is "exempt" or "confidential and exempt." Custodians of records designated as "exempt" are not prohibited from disclosing the record; rather, the exemption means that the custodian cannot be compelled to disclose the record. *See Williams v. City of Minneola*, 575 So. 2d 683, 687 (Fla. 5th DCA 1991). Custodians of records designated as "confidential and exempt" may not disclose the record except under circumstances specifically defined by the Legislature. *WFTV, Inc. v. The School Board of Seminole*, 874 So. 2d 48 (Fla. 5th DCA 2004).

[109] See below for further discussion on this section.

- The court must discharge the GALP within 60 days after the child reaches 10 years old except if:
  - The child meets one of the last three criteria for appointing a GAL summarized above; or
  - The child knowingly and voluntarily expresses a wish to have the GAL remain appointed, and the court makes such findings.

The bill amends s. 39.820, F.S., defining "related adoption proceeding" as an adoption proceeding under ch. 63, F.S., which arises from dependency proceedings under ch. 39, F.S.[110]

The GALP must develop guidelines to identify any possible conflicts of interest of a GAL when he or she is being considered for assignment to a child's case, and prohibits the GALP from appointing such GALs when a conflict is identified. "Conflict of interest" is defined as a GAL who:

- Has a personal relationship that could influence a recommendation regarding a child whom he or she is serving as a GAL;
- Is in a position to derive a personal benefit from his or her role as a GAL; or
- Has a personal factor or circumstance, including a bias or prejudice, which impairs the GALs ability to fully and fairly discharge his or her duties.

The bill permits the court to order that a new GAL be assigned or, unless otherwise provided by law, that the GAL be discharged and an attorney for the child be appointed upon:

- Consent of a child who is the subject of a dependency proceeding or related adoption proceeding and who is 10 years of age or older; or
- Any party presenting evidence that there is reasonable cause to suspect the assigned GAL has a conflict of interest.

The bill also requires the GALP to identify any GAL who is experiencing any physical or mental health issues or who appears to present a danger to any child, remove such GAL from all assigned cases, and terminate his or her voluntary services with the GALP. This action must be disclosed to the court.

The GAL Qualifications Committee who nominates at least three eligible applicants for the executive director position of the GALP to the Governor is renamed to the Child Well-Being Qualifications Committee. The bill provides that the executive director may be reappointed to serve more than one term pursuant to the appointment process. Every term is for a 3 year period.

[110] In Florida, a parent may place their child for adoption with a private adoption agency, even if the child is under jurisdiction of the court and in out-of-home care as long as no final judgment of termination of parental rights has been entered. This means that birth parents can choose a private adoption placement if their parental rights are still be intact. This process is commonly referred to as an intervention and results in a private adoption entity intervening into the DCF case and handling the adoption according to the wishes of the biological parent. Section 63.082, F.S. *See also* Adoption Choice of Florida, *What is an adoption intervention?*, available at https://www.adoptionchoicesofflorida.com/blog/2019/november/what-is-an-adoption-intervention-/ (last visited March 25, 2021).

Conforming Sections (Sections 10-40)

The bill amends ss. 39.00145, 39.0139, 39.402, 39.407, 39.4085, and 39.523, F.S., in part, to change the term "attorney ad litem" or other term used to refer to an attorney appointed to represent a child to the term "attorney for the child."

The bill also amends ss. 28.345, 39.001, 39.00145, 39.0132, 39.0139, 39.202, 39.302, 39.402, 39.407, 39.502, 39.521, 39.6011, 39.6012, 39.6251, 39.701, 39.702, 39.801, 39.802, 39.808, 39.810, 39.811, 39.812, 43.16, 63.085, 322.09, 394.495, 627.746, 934.255, and 960.065 to update reference to the attorney for the child as counsel for a party that is applicable to these sections as contemplated in the provisions in this bill.

The bill is effective July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

The bill permits the attorney for the child to file a termination of parental rights petition which the GALP reports could raise constitutional issues with respect to the fundamental rights of parents.[111] However, s. 39.802, F.S., currently authorizes any party who has knowledge of the facts alleged or is informed of them and believes that they are true may file a termination of parental rights.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

[111] The GALP Analysis at p. 14.

B. Private Sector Impact:

To the extent a parent is financially able, he or she would have to reimburse the cost of the attorney for the child pursuant to s. 39.831(1)(c), F.S.

C. Government Sector Impact:

Statewide Guardian ad Litem Office Fiscal Impact

The bill's provisions would clearly reduce the demand for services provided by the GALP, though the impact is indeterminate. The GALP reports an indeterminate fiscal impact of the bill as it is unknown how many children will meet the criteria under s. 39.822(1)(b), F.S.[112] Of the 35,160 children in out-of-home care or receiving in-home services as of February 28, 2021, 23,444 children were under 10 years old and 11,714 children were 10 years of age or older.[113] Further, the number of GALs appointed to represent children will vary depending on how many termination of parental rights petitions are filed, how many children have special needs, and whether the children have pending delinquency proceedings. The GALP did not offer an opinion on the potential fiscal impact of the provision for the creation of OCR.[114]

Justice Administrative Commission (JAC) Fiscal Impact

CS/SB 1920 will have an indeterminate, but significant, negative fiscal impact on the Justice Administrative Commission. The bill's provisions require the JAC to provide administrative support and services to the Statewide Office of Child Representation. Additional funding would be necessary for new administrative and infrastructure costs inherent in establishing and serving the new Offices of Child Representation, including employee training on the legal requirements of the OCR, procurement of office space and equipment to support the OCR, and incorporating the OCR into the existing state budgeting, finance, and IT systems. The JAC estimates that FTE costs for these functions would total $594,183 as follows:

- One-half FTE in Executive
- One FTE in Human Resources
- One FTE in Accounting
- One-half FTE in Financial Services
- One FTE in Information Technology
- One 3/4 FTE in Budget

Additionally, the JAC estimates that between $1.1 million to $5.5 million will be needed beginning in FY 2022-2023 for private court-appointed attorneys where the Offices of Child Representation have a conflict precluding representation. These costs are likely to

[112] *Id.* at p. 15.
[113] *Id.*
[114] The GALP Analysis at p. 15.

be higher in the first year of appointments while the offices are beginning implementation of this initiative.[115]
The costs to the JAC associated with the bill are also partially contingent upon the service delivery model that the JAC provides to each of the Offices of Child Representation. The bill is silent on whether a single new state entity, the Statewide Office of Child Representation, would serve its regional offices (similar to current GALP), or whether the JAC would support the statewide office and the six separate new state entities, each functioning independently, similar to the Office of Criminal Conflict and Civil Regional Counsel.

Regional Office of the Child Representation Fiscal Impact

The bill requires the creation of five regional offices of child representation, which would have a significant negative fiscal impact on state resources. The estimated costs for the regional offices are difficult to quantify due to the multiple cost drivers, including expected caseload and conflict rate of the offices. In addition to operating costs, each office would also incur start-up costs and ongoing overhead costs. The example below projects annual recurring costs of $20.9 million based on the assumptions below; however, funding scenarios could easily range from $10 to $30 million.

ASSUMPTIONS	
Number of Children Eligible	6,500
Caseload Per Attorney	60
Length of Appointment (In Months)	12
Cost Per Case Paid to Registry Attorney	$1,000
Conflict Rate	10%

[115] *2021 Agency Legislative Bill Analysis* (SB 1920) (April 2, 2021), Justice Administrative Commission (on file with the Senate Appropriations Subcommittee on Criminal and Civil Justice).

FTE		Total Recurring Need	Total Nonrecurring Need
6.00	Ssalaries and Benefits for Director Positions (1 Per Region + Executive Director)	$ 1,078,152	$ -
	Operations Costs for Directors (Standard # 3 w/ Law Library)	$ 63,600	$ 23,370
5.00	Salaries and Benefits for Regional "Chiefs"	$ 718,365	$ -
	Operations Costs for Chiefs (Standard # 3 w/ Law Library)	$ 53,000	$ 19,475
109.00	Salaries and Benefits for Attorneys (*Estimated at $50,000 starting salary*)	$ 7,995,695	$ -
	Operations Costs for Attorneys (Standard # 3 w/ Law Library)	$ 726,375	$ 421,958
58.00	S&B Support / Other	$ 3,754,050	$ -
	Operations for Support Positions (Standard # 3)	$ 501,584	$ 202,478
	Human Resource Outsourcing Costs	$ 41,830	$ -
	Risk Management Insurance Costs	$ 42,768	$ -
	Overhead Costs (Rent / IT Costs / Travel / Utilities / Supplies / Training)	$ 1,989,995	$ -
	Due Process Costs Per Case	$ 2,925,000	$ -
	Private Registry Attorney Fees (JAC HQ)	$ 650,000	$ -
	Private Registry Due Proccess Conflict Costs (JAC HQ)	$ 325,000	$ -
178.00		**$ 20,865,414**	**$ 667,281**

As discussed in the "Present Situation," state funding for these services could be partially offset by Title IV-E federal funds.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 28.345, 39.001, 39.00145, 39.01, 39.013, 39.01305, 39.0132, 39.0139, 39.202, 39.302, 39.402, 39.407, 39.4085, 39.502, 39.521, 39.523, 39.6011, 39.6012, 39.6251, 39.701, 39.702, 39.801, 39.802, 39.808, 39.810, 39.811, 39.812, 39.820, 39.822, 39.8296, 43.16, 63.085, 322.09, 394.495, 627.746, 934.255, and 960.065.

This bill creates the following sections of the Florida Statutes: 39.83 and 39.831.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Children, Families, and Elder Affairs on March 23, 2021:
The committee substitute:

- Relocates and clarifies s. 39.01305(4)(b) and (c), F.S., to s. 39.81 relating to the scope of representation and payment of the attorney for the child;
- Clarifies that the GALP must not appoint a GAL to a child when a conflict of interest is identified;
- Modifies the requirement that the OCR collect certain information about national models related to GALP to other representation models for child representation;
- Modifies the composition of the OCR training curriculum committee to only one director of circuit GAL program and one active certified GAL;
- Permits the court discretion to appoint a GAL to represent a child upon a finding that circumstances exist which require the appointment;
- Requires the OCR to establish standards and protocols for representing children with diminished capacity;
- Removes the requirement for the court to consider a child's age and maturity when deciding whether to discharge a GAL upon the child's express wishes;
- Provides for private counsel to be appointed when OCR determines that it has a conflict of interest in representing a child and establishes the process which must be followed in those instances;
- Clarifies that the scope of the appointment of an attorney for the child is limited to representation in the dependency or related adoption proceeding;
- Clarifies that the court may not discharge a GAL and appoint an attorney for the child if the law otherwise requires a GAL to be appointed;
- Removes references to the OCR or attorney for the child in various sections included in the bill that are not appropriate for such references and clarifying terminology, where appropriate; and
- Makes other technical changes to update cross-references, and modifies language for consistency.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Children, Families, and Elder Affairs; and Senator Book

586-03266-21 20211920c1

A bill to be entitled

An act relating to child welfare; amending s. 39.01, F.S.; defining the term "attorney for the child"; amending ss. 39.013 and 39.01305, F.S.; conforming provisions to changes made by the act; renaming part XI of ch. 39, F.S., as "Guardians ad litem, guardian advocates, and attorney for the child"; amending s. 39.820, F.S.; defining the term "related adoption proceeding"; amending s. 39.822, F.S.; conforming provisions to changes made by the act; specifying circumstances under which a court is required, on or after a specified date, to appoint a guardian ad litem; requiring the court to appoint an attorney for the child to represent a child and to discharge the guardian ad litem under specified circumstances; authorizing the court to order that a new guardian ad litem be assigned for a child or discharge a guardian ad litem and appoint an attorney for the child under specified circumstances; amending s. 39.8296, F.S.; renaming the Guardian Ad Litem Qualifications Committee as the Child Well-Being Qualifications Committee; specifying that the executive director of the Statewide Guardian Ad Litem Office may be reappointed; clarifying that second and subsequent appointments made for the executive director of the office are for 3 years; requiring the office to develop guidelines to identify conflicts of interest of guardians ad litem; prohibiting the office from assigning such guardians; defining the term "conflicts

of interest"; requiring the office to identify guardians ad litem who are experiencing health issues or who present a danger to the child to whom the guardian ad litem is assigned; requiring the office to remove such guardians from assigned cases, terminate their volunteer services, and disclose such actions to the circuit court; creating s. 39.83, F.S.; creating the Statewide Office of Child Representation within the Justice Administration Commission; requiring the commission to provide administrative support and services to the statewide office; providing that the statewide office is not subject to control, supervision, or direction by the commission; providing that employees of the statewide office are governed by the classification plan and salary and benefits plan approved by the commission; providing that the head of the statewide office is the executive director; providing the process for appointment; requiring that the initial executive director be appointed by a specified date; providing responsibilities of the office; authorizing the office to contract with local nonprofit agencies under certain conditions; creating a regional office of child representation within the boundaries of each of the five district courts of appeal; requiring such offices to commence fulfilling their purpose and duties on a specified date; requiring the commission to provide administrative support to the regional offices; providing that the offices are not subject to control, supervision, or

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

direction by the commission; providing that employees of the offices are governed by the classification plan and salary and benefits plan for the commission; prescribing qualifications for an attorney for the child; providing certain prohibitions; creating s. 39.831, F.S.; specifying when the court is authorized or required to appoint an attorney for the child; requiring the court to appoint the Statewide Office of Child Representation; providing for the appointment of private counsel when the office has a conflict of interest; requiring an attorney for the child to be compensated and have access to funding for expenses with specified conditions; providing conditions under which a parent is required to reimburse the court for the cost of the attorney; providing for the scope of representation for court-appointed counsel; requiring agencies, persons, and organizations to allow an attorney for the child to inspect and copy certain records; defining the term "records"; providing requirements for an attorney for the child relating to hearings; requiring the Department of Children and Families to develop procedures to request that a court appoint an attorney for the child; authorizing the department to adopt rules; amending ss. 28.345, 39.001, 39.00145, 39.0132, 39.0139, 39.202, 39.302, 39.402, 39.407, 39.4085, 39.502, 39.521, 39.523, 39.6011, 39.6012, 39.6251, 39.701, 39.702, 39.801, 39.802, 39.808, 39.810, 39.811, 39.812, 43.16, 63.085, 322.09, 394.495, 627.746, 934.255, and 960.065, F.S.;

conforming cross-references and provisions to changes made by the act; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Present subsections (9) through (87) of section 39.01, Florida Statutes, are redesignated as subsections (10) through (88), respectively, a new subsection (9) is added to that section, and present subsections (10) and (37) are amended, to read:

39.01 Definitions.—When used in this chapter, unless the context otherwise requires:

(9) "Attorney for the child" means an attorney providing direct representation to the child, which may include the appointment of the Office of Child Representation, an attorney provided by an entity contracted through the Office of Child Representation to provide direct representation, any privately retained counsel or pro bono counsel, or any other attorney who represents the child under this chapter.

(11) ~~(10)~~ "Caregiver" means the parent, legal custodian, permanent guardian, adult household member, or other person responsible for a child's welfare as defined in subsection (55) ~~(54)~~.

(38) ~~(37)~~ "Institutional child abuse or neglect" means situations of known or suspected child abuse or neglect in which the person allegedly perpetrating the child abuse or neglect is an employee of a public or private school, public or private day care center, residential home, institution, facility, or agency or any other person at such institution responsible for the

child's welfare as defined in subsection (55) ~~(54)~~.

Section 2. Subsection (13) is added to section 39.013, Florida Statutes, to read:

39.013 Procedures and jurisdiction; right to counsel.—

(13) The court shall appoint an attorney for the child pursuant to s. 39.831.

Section 3. Subsections (4) and (5) of section 39.01305, Florida Statutes, are amended to read:

39.01305 Appointment of an attorney for a dependent child with certain special needs.—

(4)~~(a)~~ An attorney for the child appointed under this section shall be made in accordance with s. 39.831 ~~Before a court may appoint an attorney, who may be compensated pursuant to this section, the court must request a recommendation from the Statewide Guardian Ad Litem Office for an attorney who is willing to represent a child without additional compensation. If such an attorney is available within 15 days after the court's request, the court must appoint that attorney. However, the court may appoint a compensated attorney within the 15-day period if the Statewide Guardian Ad Litem Office informs the court that it will not be able to recommend an attorney within that time period.~~

~~(b) After an attorney is appointed, the appointment continues in effect until the attorney is allowed to withdraw or is discharged by the court or until the case is dismissed. An attorney who is appointed under this section to represent the child shall provide the complete range of legal services, from the removal from home or from the initial appointment through all available appellate proceedings. With the permission of the~~

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

~~court, the attorney for the dependent child may arrange for supplemental or separate counsel to represent the child in appellate proceedings. A court order appointing an attorney under this section must be in writing.~~

~~(5) Unless the attorney has agreed to provide pro bono services, an appointed attorney or organization must be adequately compensated. All appointed attorneys and organizations, including pro bono attorneys, must be provided with access to funding for expert witnesses, depositions, and other due process costs of litigation. Payment of attorney fees and case-related due process costs are subject to appropriations and review by the Justice Administrative Commission for reasonableness. The Justice Administrative Commission shall contract with attorneys appointed by the court. Attorney fees may not exceed $1,000 per child per year~~.

Section 4. Part XI of chapter 39, Florida Statutes, entitled "GUARDIANS AD LITEM AND GUARDIAN ADVOCATES," is renamed "GUARDIANS AD LITEM, GUARDIAN ADVOCATES, AND ATTORNEY FOR THE CHILD."

Section 5. Subsection (3) is added to section 39.820, Florida Statutes, to read:

39.820 Definitions.—As used in this chapter, the term:

(3) "Related adoption proceeding" means an adoption proceeding under chapter 63 which arises from dependency proceedings under this chapter.

Section 6. Section 39.822, Florida Statutes, is amended to read:

39.822 Appointment of guardian ad litem for abused, abandoned, or neglected child.—

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

(1)(a) Before July 1, 2022, a guardian ad litem must ~~shall~~ be appointed by the court at the earliest possible time to represent a ~~the~~ child in any child abuse, abandonment, or neglect judicial proceeding, whether civil or criminal.

(b) On or after July 1, 2022, a guardian ad litem:

1. Must be appointed by the court at the earliest possible time to represent a child under the following circumstances:

a. The child is younger than 10 years of age and is the subject of a dependency proceeding under this chapter or a related adoption proceeding;

b. The child is the subject of a dependency proceeding under this chapter or a related adoption proceeding and the subject of a criminal proceeding;

c. The child is the subject of a termination of parental rights proceeding under part X of this chapter; or

d. The child is a dependent child as described in s. 39.01305(3).

2. May be appointed at the court's discretion upon a finding that circumstances exist which require the appointment.

(2) On or after July 1, 2022, the court shall discharge the guardian ad litem program, if appointed, within 60 days after such child reaches 10 years of age unless:

(a) The child meets a criterion specified in sub-subparagraph (1)(b)1.b., c., or d., or subparagraph (1)(b)2. and the court orders the guardian ad litem to remain on the case; or

(b) The child expresses that he or she wishes to remain with the guardian ad litem and the court determines that the expression is voluntary and knowing.

(3) Upon request by a child who is subject to a dependency

proceeding under this chapter or a related adoption proceeding, who is 10 years of age or older, and who has a guardian ad litem assigned, or upon any party presenting evidence that there is reasonable cause to suspect the assigned guardian ad litem has a conflict of interest as defined in s. 39.8296(2)(b)9., the court may:

(a) Order that a new guardian ad litem be assigned; or

(b) Unless otherwise provided by law, discharge the child's current guardian ad litem and appoint an attorney for the child if one is not appointed.

(4) Any person participating in a civil or criminal judicial proceeding resulting from such appointment shall be presumed prima facie to be acting in good faith and in so doing shall be immune from any liability, civil or criminal, that otherwise might be incurred or imposed.

(5)~~(2)~~ In those cases in which the parents are financially able, the parent or parents of the child shall reimburse the court, in part or in whole, for the cost of provision of guardian ad litem services. Reimbursement to the individual providing guardian ad litem services may ~~shall~~ not be contingent upon successful collection by the court from the parent or parents.

(6)~~(3)~~ Upon presentation by a guardian ad litem of a court order appointing the guardian ad litem:

(a) An agency, as defined in chapter 119, shall allow the guardian ad litem to inspect and copy records related to the best interests of the child who is the subject of the appointment, including, but not limited to, records made confidential or exempt from s. 119.07(1) or s. 24(a), Art. I of

the State Constitution. The guardian ad litem shall maintain the confidential or exempt status of any records shared by an agency under this paragraph.

(b) A person or organization, other than an agency under paragraph (a), shall allow the guardian ad litem to inspect and copy any records related to the best interests of the child who is the subject of the appointment, including, but not limited to, confidential records.

For the purposes of this subsection, the term "records related to the best interests of the child" includes, but is not limited to, medical, mental health, substance abuse, child care, education, law enforcement, court, social services, and financial records.

(7) ~~(4)~~ The guardian ad litem or the program representative shall review all disposition recommendations and changes in placements, and must be present at all critical stages of the dependency proceeding or submit a written report of recommendations to the court. Written reports must be filed with the court and served on all parties whose whereabouts are known at least 72 hours before ~~prior to~~ the hearing.

Section 7. Subsection (2) of section 39.8296, Florida Statutes, is amended to read:

39.8296 Statewide Guardian Ad Litem Office; legislative findings and intent; creation; appointment of executive director; duties of office.—

(2) STATEWIDE GUARDIAN AD LITEM OFFICE.—There is created a Statewide Guardian Ad Litem Office within the Justice Administrative Commission. The Justice Administrative Commission

shall provide administrative support and service to the office to the extent requested by the executive director within the available resources of the commission. The Statewide Guardian Ad Litem Office is not subject to control, supervision, or direction by the Justice Administrative Commission in the performance of its duties, but the employees of the office are governed by the classification plan and salary and benefits plan approved by the Justice Administrative Commission.

(a) The head of the Statewide Guardian Ad Litem Office is the executive director, who shall be appointed by the Governor from a list of a minimum of three eligible applicants submitted by the Child Well-Being ~~a Guardian Ad Litem~~ Qualifications Committee. The Child Well-Being ~~Guardian Ad Litem~~ Qualifications Committee shall be composed of five persons, two persons appointed by the Governor, two persons appointed by the Chief Justice of the Supreme Court, and one person appointed by the Statewide Guardian Ad Litem Association. The committee shall provide for statewide advertisement and the receiving of applications for the position of executive director. The Governor shall appoint an executive director from among the recommendations, or the Governor may reject the nominations and request the submission of new nominees. The executive director must have knowledge in dependency law and knowledge of social service delivery systems available to meet the needs of children who are abused, neglected, or abandoned. The executive director shall serve on a full-time basis and shall personally, or through representatives of the office, carry out the purposes and functions of the Statewide Guardian Ad Litem Office in accordance with state and federal law. The executive director

shall report to the Governor. The executive director shall serve a 3-year term, subject to removal for cause by the Governor. Any person appointed to serve as the executive director may be reappointed ~~permitted~~ to serve more than one term in accordance with the process provided for in this paragraph. Every second or subsequent appointment shall be for a term of 3 years.

(b) The Statewide Guardian Ad Litem Office shall, within available resources, have oversight responsibilities for and provide technical assistance to all guardian ad litem and attorney ad litem programs located within the judicial circuits.

1. The office shall identify the resources required to implement methods of collecting, reporting, and tracking reliable and consistent case data.

2. The office shall review the current guardian ad litem programs in Florida and other states.

3. The office, in consultation with local guardian ad litem offices, shall develop statewide performance measures and standards.

4. The office shall develop a guardian ad litem training program, which shall include, but is not limited to, training on the recognition of and responses to head trauma and brain injury in a child under 6 years of age. The office shall establish a curriculum committee to develop the training program specified in this subparagraph. The curriculum committee shall include, but not be limited to, dependency judges, directors of circuit guardian ad litem programs, active certified guardians ad litem, a mental health professional who specializes in the treatment of children, a member of a child advocacy group, a representative of a domestic violence advocacy group, an individual with a

degree in social work, and a social worker experienced in working with victims and perpetrators of child abuse.

5. The office shall review the various methods of funding guardian ad litem programs, maximize the use of those funding sources to the extent possible, and review the kinds of services being provided by circuit guardian ad litem programs.

6. The office shall determine the feasibility or desirability of new concepts of organization, administration, financing, or service delivery designed to preserve the civil and constitutional rights and fulfill other needs of dependent children.

7. In an effort to promote normalcy and establish trust between a court-appointed volunteer guardian ad litem and a child alleged to be abused, abandoned, or neglected under this chapter, a guardian ad litem may transport a child. However, a guardian ad litem volunteer may not be required or directed by the program or a court to transport a child.

8. The office shall submit to the Governor, the President of the Senate, the Speaker of the House of Representatives, and the Chief Justice of the Supreme Court an interim report describing the progress of the office in meeting the goals as described in this section. The office shall submit to the Governor, the President of the Senate, the Speaker of the House of Representatives, and the Chief Justice of the Supreme Court a proposed plan including alternatives for meeting the state's guardian ad litem and attorney ad litem needs. This plan may include recommendations for less than the entire state, may include a phase-in system, and shall include estimates of the cost of each of the alternatives. Each year the office shall

provide a status report and provide further recommendations to address the need for guardian ad litem services and related issues.

9. The office shall develop guidelines to identify any possible conflicts of interest of a guardian ad litem when he or she is being considered for assignment to a child's case. The office may not assign a guardian ad litem for whom a conflict of interest has been identified to a child's case. For purposes of this subparagraph, the term "conflicts of interest" means the guardian ad litem:

a. Has a personal relationship that could influence a recommendation regarding a child whom he or she is serving as a guardian ad litem;

b. Is in a position to derive a personal benefit from his or her role as a guardian ad litem; or

c. Has a particular factor or circumstance, including personal bias or prejudice against a protected class of the child or the child's family, that prevents or substantially impairs his or her ability to fairly and fully discharge the duties of the guardian ad litem.

(c) The Statewide Guardian Ad Litem Office shall identify any guardian ad litem who is experiencing an issue with his or her physical or mental health or who appears to present a danger to any child to whom the guardian ad litem is assigned. As soon as possible after identification, the office must remove such guardian ad litem from all assigned cases, terminate his or her volunteer services with the Guardian Ad Litem Program, and disclose such action to the appropriate circuit court.

Section 8. Section 39.83, Florida Statutes, is created to

read:

39.83 Statewide Office of Child Representation; qualifications, appointment, and duties of executive director and attorney for the child.—

(1) STATEWIDE OFFICE OF CHILD REPRESENTATION.—

(a) There is created a Statewide Office of Child Representation within the Justice Administrative Commission. The Justice Administrative Commission shall provide administrative support and services to the statewide office as directed by the executive director within the available resources of the commission. The statewide office is not subject to control, supervision, or direction by the Justice Administrative Commission in the performance of its duties, but the employees of the office are governed by the classification plan and salary and benefits plan approved by the Justice Administrative Commission.

(b) The head of the Statewide Office of Child Representation is the executive director who must be a member of The Florida Bar in good standing for at least 5 years and have knowledge of dependency law and the social service delivery systems available to meet the needs of children who are abused, neglected, or abandoned. The executive director shall be appointed in accordance with the process, and serve in accordance with the terms and requirements, provided in s. 39.8296(2)(a) for the head of the Statewide Guardian Ad Litem Office. The appointment for the initial executive director must be completed by January 1, 2022.

(c) The Statewide Office of Child Representation, within available resources of the Justice Administrative Commission, is

responsible for oversight of, and for providing technical assistance to, all offices of child representation in this state. The statewide office:

1. Shall identify the resources required to implement methods of collecting, reporting, and tracking reliable and consistent case data;

2. Shall review and collect information relating to offices of child representation and other models of attorney representation of children in other states;

3. In consultation with the regional offices of child representation established under subsection (2), shall develop statewide performance measures and standards;

4. Shall develop a training program for each attorney for the child. To that end, the statewide office shall establish a curriculum committee composed of members including, but not limited to, a dependency judge, a director of circuit guardian ad litem programs, an active certified guardian ad litem, a mental health professional who specializes in the treatment of children, a member of a child advocacy group, a representative of a domestic violence advocacy group, an individual with at least a Master of Social Work degree, and a social worker experienced in working with victims and perpetrators of child abuse;

5. Shall develop protocols that must be implemented to assist children who are represented by the Statewide Office of Child Representation, regional offices, or its contracted local agencies in meeting eligibility requirements to receive all available federal funding. This subparagraph may not be construed to mean that the protocols may interfere with zealous

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

and effective representation of the children;

6. Shall review the various methods of funding the regional offices, maximize the use of those funding sources to the extent possible, and review the kinds of services being provided by the regional offices;

7. Shall determine the feasibility or desirability of new concepts of organization, administration, financing, or service delivery designed to preserve the civil and constitutional rights of, and fulfill other needs of, dependent children 10 years of age and older;

8. Shall establish standards and protocols for representation of children with diminished capacity;

9. Shall submit to the Governor, the President of the Senate, the Speaker of the House of Representatives, and the Chief Justice of the Supreme Court:

a. An interim report describing the progress of the statewide office in meeting the responsibilities described in this paragraph.

b. A proposed plan that includes alternatives for meeting the representation needs of children in this state. The plan may include recommendations for implementation in only a portion of this state or phased-in statewide implementation and must include an estimate of the cost of each such alternative.

c. An annual status report that includes any additional recommendations for addressing the representation needs of children in this state and related issues.

(d) The department or community-based care lead agency shall take any steps necessary to obtain all available federal funding and maintain compliance with eligibility requirements.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

(e) The office may contract with a local nonprofit agency to provide direct attorney representation to a child if the office determines that the contract is the most efficient method to satisfy its statutory duties and if federal funding has been approved for this purpose. The office must ensure that reimbursement of any Title IV-E funds is properly documented.

(2) REGIONAL OFFICES OF CHILD REPRESENTATION.—

(a) An office of child representation is created within the area served by each of the five district courts of appeal. The offices shall commence fulfilling their statutory purpose and duties on July 1, 2022.

(b) Each regional office of child representation is assigned to the Justice Administrative Commission for administrative purposes. The commission shall provide administrative support and service to the offices within the available resources of the commission. The offices are not subject to control, supervision, or direction by the commission in the performance of their duties, but the employees of the offices are governed by the classification plan and the salary and benefits plan approved by the commission.

(3) CHILD REPRESENTATION COUNSEL; DUTIES.—The child representation counsel shall serve on a full-time basis and may not engage in the private practice of law while holding office. Each assistant child representation counsel shall give priority and preference to his or her duties as assistant child representation counsel and may not otherwise engage in the practice of dependency law. However, a part-time child representation counsel may practice dependency law for private payment so long as the representation does not result in a legal

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

or ethical conflict of interest with a case in which the office of child representation is providing representation.

Section 9. Section 39.831, Florida Statutes, is created to read:

39.831 Attorney for the child.—

(1) APPOINTMENT.—

(a) An attorney for the child:

1. Shall be appointed by the court as provided in s. 39.01305(3);

2. Shall be appointed by the court for any child who reaches 10 years of age or older on or after July 1, 2022, and who is the subject of a dependency proceeding under this chapter or a related adoption proceeding; or

3. May be appointed at the court's discretion upon a finding that circumstances exist which require the appointment.

(b) The court shall appoint the Statewide Office of Child Representation unless the child is otherwise represented by counsel.

(c) If, at any time during the representation of two or more children in a dependency or related adoption proceeding, a child representation counsel determines that the interests of those clients are so adverse or hostile that they cannot all be counseled by child representation counsel or his or her staff because of a conflict of interest, the child representation counsel shall file a motion to withdraw and move the court to appoint other counsel. Child representation counsel shall not automatically determine the appointment to represent siblings is a conflict of interest. If requested by the Justice Administrative Commission, the child representation counsel

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

shall submit a copy of the motion to the Justice Administrative Commission at the time it is filed with the court. The court shall review and may inquire or conduct a hearing into the adequacy of the child representation counsel's submissions regarding a conflict of interest without requiring the disclosure of any confidential communications. The court shall deny the motion to withdraw if the court finds the grounds for withdrawal are insufficient or the asserted conflict is not prejudicial to the client. If the court grants the motion to withdraw, the court shall appoint one or more private attorneys to represent the person in accordance with the requirements and process provided for in s. 27.40. The clerk of court shall inform the child representation counsel and the commission when the court appoints private counsel.

(d) Unless the attorney has agreed to provide pro bono services, an appointed attorney or organization must be adequately compensated as provided in s. 27.5305. All appointed attorneys and organizations, including pro bono attorneys, must be provided with access to funding for expert witnesses, depositions, and other due process costs of litigation. Payment of attorney fees and case-related due process costs are subject to appropriations and review by the Justice Administrative Commission for reasonableness. The Justice Administrative Commission shall contract with attorneys appointed by the court. Attorney fees may not exceed $1,000 per child per year.

(e) In cases in which one or both parents are financially able, the parent or parents, as applicable, of the child shall reimburse the court, in whole or in part, for the cost of services provided under this section; however, reimbursement for

services provided by the attorney for the child may not be contingent upon successful collection by the court of reimbursement from the parent or parents.

(f) An attorney for the child appointed pursuant to this section shall represent the child only in the dependency proceeding or related adoption proceeding. Once an attorney for the child is appointed, the appointment continues in effect until the attorney for the child is allowed to withdraw or is discharged by the court or until the case is dismissed. An attorney for the child who is appointed under this section to represent a child shall provide all required legal services in the dependency proceeding or related adoption proceeding from the time of the child's removal from home or of the attorney for the child's initial appointment through all appellate proceedings. With the permission of the court, the appointed attorney for the child may arrange for supplemental or separate counsel to represent the child in appellate proceedings. A court order appointing an attorney for the child under this section must be in writing.

(2) ACCESS TO RECORDS.—Upon presentation of a court order appointing an attorney for the child:

(a) An agency as defined in chapter 119 must allow the attorney for the child to inspect and copy records related to the child who is the subject of the appointment, including, but not limited to, records made confidential or exempt from s. 119.07(1) or s. 24(a), Art. I of the State Constitution. The attorney for the child shall maintain the confidential or exempt status of any records shared by an agency under this paragraph.

(b) A person or an organization, other than an agency under

paragraph (a), must allow the attorney for the child to inspect and copy any records related to the child who is the subject of the appointment, including, but not limited to, confidential records.

For the purposes of this subsection, the term "records" includes, but is not limited to, medical, mental health, substance abuse, child care, education, law enforcement, court, social services, and financial records.

(3) COURT HEARINGS.—The attorney for the child shall review all disposition recommendations and changes in placements and file all appropriate motions on behalf of the child at least 72 hours before the hearing.

(4) PROCEDURES.—The department shall develop procedures to request that a court appoint an attorney for the child.

(5) RULEMAKING.—The department may adopt rules to implement this section.

Section 10. Subsection (1) of section 28.345, Florida Statutes, is amended to read:

28.345 State access to records; exemption from court-related fees and charges.—

(1) Notwithstanding any other provision of law, the clerk of the circuit court shall, upon request, provide access to public records without charge to the state attorney, public defender, guardian ad litem, public guardian, ~~attorney ad litem,~~ criminal conflict and civil regional counsel, court-appointed attorney for the child, ~~and private court-appointed counsel paid by the state,~~ and to authorized staff acting on their behalf. The clerk of court may provide the requested public record in an

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

electronic format in lieu of a paper format if the requesting entity is capable of accessing such public record electronically.

Section 11. Paragraph (j) of subsection (3) and paragraph (a) of subsection (10) of section 39.001, Florida Statutes, are amended to read:

39.001 Purposes and intent; personnel standards and screening.—

(3) GENERAL PROTECTIONS FOR CHILDREN.—It is a purpose of the Legislature that the children of this state be provided with the following protections:

(j) The ability to contact their guardian ad litem or attorney for the child ~~attorney ad litem~~, if appointed, by having that individual's name entered on all orders of the court.

(10) PLAN FOR COMPREHENSIVE APPROACH.—

(a) The office shall develop a state plan for the promotion of adoption, support of adoptive families, and prevention of abuse, abandonment, and neglect of children. The Department of Children and Families, the Department of Corrections, the Department of Education, the Department of Health, the Department of Juvenile Justice, the Department of Law Enforcement, and the Agency for Persons with Disabilities shall participate and fully cooperate in the development of the state plan at both the state and local levels. Furthermore, appropriate local agencies and organizations shall be provided an opportunity to participate in the development of the state plan at the local level. Appropriate local groups and organizations shall include, but not be limited to, community

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

mental health centers; guardian ad litem programs for children under the circuit court; child representation counsel regional offices; the school boards of the local school districts; the Florida local advocacy councils; community-based care lead agencies; private or public organizations or programs with recognized expertise in working with child abuse prevention programs for children and families; private or public organizations or programs with recognized expertise in working with children who are sexually abused, physically abused, emotionally abused, abandoned, or neglected and with expertise in working with the families of such children; private or public programs or organizations with expertise in maternal and infant health care; multidisciplinary Child Protection Teams; child day care centers; law enforcement agencies; and the circuit courts, when guardian ad litem programs and attorney for the child are not available in the local area. The state plan to be provided to the Legislature and the Governor shall include, as a minimum, the information required of the various groups in paragraph (b).

Section 12. Subsections (2) and (4) of 39.00145, Florida Statutes, are amended to read:

39.00145 Records concerning children.—

(2) Notwithstanding any other provision of this chapter, all records in a child's case record must be made available for inspection, upon request, to the child who is the subject of the case record and to the child's caregiver, guardian ad litem, or attorney for the child ~~attorney~~.

(a) A complete and accurate copy of any record in a child's case record must be provided, upon request and at no cost, to the child who is the subject of the case record and to the

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

child's caregiver, guardian ad litem, or attorney.

(b) The department shall release the information in a manner and setting that are appropriate to the age and maturity of the child and the nature of the information being released, which may include the release of information in a therapeutic setting, if appropriate. This paragraph does not deny the child access to his or her records.

(c) If a child or the child's caregiver, guardian ad litem, or attorney for the child ~~attorney~~ requests access to the child's case record, any person or entity that fails to provide any record in the case record under assertion of a claim of exemption from the public records requirements of chapter 119, or fails to provide access within a reasonable time, is subject to sanctions and penalties under s. 119.10.

(d) For the purposes of this subsection, the term "caregiver" is limited to parents, legal custodians, permanent guardians, or foster parents; employees of a residential home, institution, facility, or agency at which the child resides; and other individuals legally responsible for a child's welfare in a residential setting.

(4) Notwithstanding any other provision of law, all state and local agencies and programs that provide services to children or that are responsible for a child's safety, including the Department of Juvenile Justice, the Department of Health, the Agency for Health Care Administration, the Agency for Persons with Disabilities, the Department of Education, the Department of Revenue, the school districts, the Statewide Guardian Ad Litem Office, the Statewide Office of Child Representation, and any provider contracting with such agencies,

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

may share with each other confidential records or information that are confidential or exempt from disclosure under chapter 119 if the records or information are reasonably necessary to ensure access to appropriate services for the child, including child support enforcement services, or for the safety of the child. However:

(a) Records or information made confidential by federal law may not be shared.

(b) This subsection does not apply to information concerning clients and records of certified domestic violence centers, which are confidential under s. 39.908 and privileged under s. 90.5036.

Section 13. Subsections (3) and (4) of section 39.0132, Florida Statutes, are amended to read:

39.0132 Oaths, records, and confidential information.—

(3) The clerk shall keep all court records required by this chapter separate from other records of the circuit court. All court records required by this chapter shall not be open to inspection by the public. All records shall be inspected only upon order of the court by persons deemed by the court to have a proper interest therein, except that, subject to the provisions of s. 63.162, a child, ~~and~~ the parents of the child and their attorneys, guardian ad litem, attorney for the child, law enforcement agencies, and the department and its designees shall always have the right to inspect and copy any official record pertaining to the child. The Justice Administrative Commission may inspect court dockets required by this chapter as necessary to audit compensation of court-appointed attorneys. If the docket is insufficient for purposes of the audit, the commission

may petition the court for additional documentation as necessary and appropriate. The court may permit authorized representatives of recognized organizations compiling statistics for proper purposes to inspect and make abstracts from official records, under whatever conditions upon their use and disposition the court may deem proper, and may punish by contempt proceedings any violation of those conditions.

(4)(a)1. All information obtained pursuant to this part in the discharge of official duty by any judge, employee of the court, authorized agent of the department, correctional probation officer, or law enforcement agent is confidential and exempt from s. 119.07(1) and may not be disclosed to anyone other than the authorized personnel of the court, the department and its designees, correctional probation officers, law enforcement agents, guardian ad litem, attorney for the child, and others entitled under this chapter to receive that information, except upon order of the court.

2.a. The following information held by a guardian ad litem is confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution:

(I) Medical, mental health, substance abuse, child care, education, law enforcement, court, social services, and financial records.

(II) Any other information maintained by a guardian ad litem which is identified as confidential information under this chapter.

b. Such confidential and exempt information may not be disclosed to anyone other than the authorized personnel of the court, the department and its designees, correctional probation

officers, law enforcement agents, guardians ad litem, and others entitled under this chapter to receive that information, except upon order of the court.

(b) The department shall disclose to the school superintendent the presence of any child in the care and custody or under the jurisdiction or supervision of the department who has a known history of criminal sexual behavior with other juveniles; is an alleged juvenile sex offender, as defined in s. 39.01; or has pled guilty or nolo contendere to, or has been found to have committed, a violation of chapter 794, chapter 796, chapter 800, s. 827.071, or s. 847.0133, regardless of adjudication. Any employee of a district school board who knowingly and willfully discloses such information to an unauthorized person commits a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

Section 14. Paragraphs (a) and (b) of subsection (4) of section 39.0139, Florida Statutes, are amended to read:

39.0139 Visitation or other contact; restrictions.—

(4) HEARINGS.—A person who meets any of the criteria set forth in paragraph (3)(a) who seeks to begin or resume contact with the child victim shall have the right to an evidentiary hearing to determine whether contact is appropriate.

(a) Before ~~Prior to~~ the hearing, the court shall appoint an attorney for the child ~~an attorney ad litem~~ or a guardian ad litem, as appropriate, for the child if one has not already been appointed. Any attorney for the child ~~attorney ad litem~~ or guardian ad litem appointed shall have special training in the dynamics of child sexual abuse.

(b) At the hearing, the court may receive and rely upon any

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

relevant and material evidence submitted to the extent of its probative value, including written and oral reports or recommendations from the Child Protection Team, the child's therapist, or the child's guardian ad litem~~, or the child's attorney ad litem~~, even if these reports, recommendations, and evidence may not be admissible under the rules of evidence.

Section 15. Paragraphs (k) and (t) of subsection (2) of section 39.202, Florida Statutes, are amended to read:

39.202 Confidentiality of reports and records in cases of child abuse or neglect.—

(2) Except as provided in subsection (4), access to such records, excluding the name of, or other identifying information with respect to, the reporter which shall be released only as provided in subsection (5), shall be granted only to the following persons, officials, and agencies:

(k) Any appropriate official of a Florida advocacy council investigating a report of known or suspected child abuse, abandonment, or neglect; the Auditor General or the Office of Program Policy Analysis and Government Accountability for the purpose of conducting audits or examinations pursuant to law; or the child's guardian ad litem or attorney for the child.

(t) Persons with whom the department is seeking to place the child or to whom placement has been granted, including foster parents for whom an approved home study has been conducted, the designee of a licensed child-caring agency as defined in s. 39.01(42) ~~s. 39.01(41)~~, an approved relative or nonrelative with whom a child is placed pursuant to s. 39.402, preadoptive parents for whom a favorable preliminary adoptive home study has been conducted, adoptive parents, or an adoption

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

entity acting on behalf of preadoptive or adoptive parents.

Section 16. Subsection (1) of section 39.302, Florida Statutes, is amended to read:

39.302 Protective investigations of institutional child abuse, abandonment, or neglect.—

(1) The department shall conduct a child protective investigation of each report of institutional child abuse, abandonment, or neglect. Upon receipt of a report that alleges that an employee or agent of the department, or any other entity or person covered by s. 39.01(38) or (55) ~~s. 39.01(37) or (54)~~, acting in an official capacity, has committed an act of child abuse, abandonment, or neglect, the department shall initiate a child protective investigation within the timeframe established under s. 39.201(5) and notify the appropriate state attorney, law enforcement agency, and licensing agency, which shall immediately conduct a joint investigation, unless independent investigations are more feasible. When conducting investigations or having face-to-face interviews with the child, investigation visits shall be unannounced unless it is determined by the department or its agent that unannounced visits threaten the safety of the child. If a facility is exempt from licensing, the department shall inform the owner or operator of the facility of the report. Each agency conducting a joint investigation is entitled to full access to the information gathered by the department in the course of the investigation. A protective investigation must include an interview with the child's parent or legal guardian. The department shall make a full written report to the state attorney within 3 working days after making the oral report. A criminal investigation shall be coordinated,

whenever possible, with the child protective investigation of the department. Any interested person who has information regarding the offenses described in this subsection may forward a statement to the state attorney as to whether prosecution is warranted and appropriate. Within 15 days after the completion of the investigation, the state attorney shall report the findings to the department and shall include in the report a determination of whether or not prosecution is justified and appropriate in view of the circumstances of the specific case.

Section 17. Paragraph (c) of subsection (8) and paragraph (a) of subsection (14) of section 39.402, Florida Statutes, are amended to read:

39.402 Placement in a shelter.—

(8)

(c) At the shelter hearing, the court shall:

1. Appoint a guardian ad litem to represent the best interest of the child or an attorney for the child to provide direct representation as provided in part XI, unless the court finds that such representation is unnecessary;

2. Inform the parents or legal custodians of their right to counsel to represent them at the shelter hearing and at each subsequent hearing or proceeding, and the right of the parents to appointed counsel, pursuant to the procedures set forth in s. 39.013;

3. Give the parents or legal custodians an opportunity to be heard and to present evidence; and

4. Inquire of those present at the shelter hearing as to the identity and location of the legal father. In determining who the legal father of the child may be, the court shall

inquire under oath of those present at the shelter hearing whether they have any of the following information:

a. Whether the mother of the child was married at the probable time of conception of the child or at the time of birth of the child.

b. Whether the mother was cohabiting with a male at the probable time of conception of the child.

c. Whether the mother has received payments or promises of support with respect to the child or because of her pregnancy from a man who claims to be the father.

d. Whether the mother has named any man as the father on the birth certificate of the child or in connection with applying for or receiving public assistance.

e. Whether any man has acknowledged or claimed paternity of the child in a jurisdiction in which the mother resided at the time of or since conception of the child or in which the child has resided or resides.

f. Whether a man is named on the birth certificate of the child pursuant to s. 382.013(2).

g. Whether a man has been determined by a court order to be the father of the child.

h. Whether a man has been determined to be the father of the child by the Department of Revenue as provided in s. 409.256.

(14) The time limitations in this section do not include:

(a) Periods of delay resulting from a continuance granted at the request or with the consent of the attorney for the child or the child's ~~counsel or the child's~~ guardian ad litem, if one has been appointed by the court, or, if the child is of

sufficient capacity to express reasonable consent, at the request or with the consent of the attorney for the child ~~child's attorney~~ or the child's guardian ad litem~~, if one has been appointed by the court,~~ and the child.

Section 18. Paragraphs (e) and (f) of subsection (3) and subsection (6) of section 39.407, Florida Statutes, are amended to read:

39.407 Medical, psychiatric, and psychological examination and treatment of child; physical, mental, or substance abuse examination of person with or requesting child custody.—

(3)

(e)1. If the child's prescribing physician or psychiatric nurse, as defined in s. 394.455, certifies in the signed medical report required in paragraph (c) that delay in providing a prescribed psychotropic medication would more likely than not cause significant harm to the child, the medication may be provided in advance of the issuance of a court order. In such event, the medical report must provide the specific reasons why the child may experience significant harm and the nature and the extent of the potential harm. The department must submit a motion seeking continuation of the medication and the physician's or psychiatric nurse's medical report to the court, the child's guardian ad litem or the attorney for the child, and all other parties within 3 working days after the department commences providing the medication to the child. The department shall seek the order at the next regularly scheduled court hearing required under this chapter, or within 30 days after the date of the prescription, whichever occurs sooner. If any party objects to the department's motion, the court shall hold a

hearing within 7 days.

2. Psychotropic medications may be administered in advance of a court order in hospitals, crisis stabilization units, and in statewide inpatient psychiatric programs. Within 3 working days after the medication is begun, the department must seek court authorization as described in paragraph (c).

(f)1. The department shall fully inform the court of the child's medical and behavioral status as part of the social services report prepared for each judicial review hearing held for a child for whom psychotropic medication has been prescribed or provided under this subsection. As a part of the information provided to the court, the department shall furnish copies of all pertinent medical records concerning the child which have been generated since the previous hearing. On its own motion or on good cause shown by any party, including any guardian ad litem~~,~~ or the child ~~attorney, or attorney ad litem who has been appointed to represent the child or the child's interests,~~ the court may review the status more frequently than required in this subsection.

2. The court may, in the best interests of the child, order the department to obtain a medical opinion addressing whether the continued use of the medication under the circumstances is safe and medically appropriate.

(6) Children who are in the legal custody of the department may be placed by the department, without prior approval of the court, in a residential treatment center licensed under s. 394.875 or a hospital licensed under chapter 395 for residential mental health treatment only pursuant to this section or may be placed by the court in accordance with an order of involuntary

examination or involuntary placement entered pursuant to s. 394.463 or s. 394.467. All children placed in a residential treatment program under this subsection must be appointed ~~have~~ a guardian ad litem and an attorney for the child ~~appointed~~.

(a) As used in this subsection, the term:

1. "Residential treatment" means placement for observation, diagnosis, or treatment of an emotional disturbance in a residential treatment center licensed under s. 394.875 or a hospital licensed under chapter 395.

2. "Least restrictive alternative" means the treatment and conditions of treatment that, separately and in combination, are no more intrusive or restrictive of freedom than reasonably necessary to achieve a substantial therapeutic benefit or to protect the child or adolescent or others from physical injury.

3. "Suitable for residential treatment" or "suitability" means a determination concerning a child or adolescent with an emotional disturbance as defined in s. 394.492(5) or a serious emotional disturbance as defined in s. 394.492(6) that each of the following criteria is met:

a. The child requires residential treatment.

b. The child is in need of a residential treatment program and is expected to benefit from mental health treatment.

c. An appropriate, less restrictive alternative to residential treatment is unavailable.

(b) Whenever the department believes that a child in its legal custody is emotionally disturbed and may need residential treatment, an examination and suitability assessment must be conducted by a qualified evaluator who is appointed by the Agency for Health Care Administration. This suitability

assessment must be completed before the placement of the child in a residential treatment center for emotionally disturbed children and adolescents or a hospital. The qualified evaluator must be a psychiatrist or a psychologist licensed in Florida who has at least 3 years of experience in the diagnosis and treatment of serious emotional disturbances in children and adolescents and who has no actual or perceived conflict of interest with any inpatient facility or residential treatment center or program.

(c) Before a child is admitted under this subsection, the child shall be assessed for suitability for residential treatment by a qualified evaluator who has conducted a personal examination and assessment of the child and has made written findings that:

1. The child appears to have an emotional disturbance serious enough to require residential treatment and is reasonably likely to benefit from the treatment.

2. The child has been provided with a clinically appropriate explanation of the nature and purpose of the treatment.

3. All available modalities of treatment less restrictive than residential treatment have been considered, and a less restrictive alternative that would offer comparable benefits to the child is unavailable.

A copy of the written findings of the evaluation and suitability assessment must be provided to the department, to the guardian ad litem and attorney for the child, and, if the child is a member of a Medicaid managed care plan, to the plan that is

financially responsible for the child's care in residential treatment, all of whom must be provided with the opportunity to discuss the findings with the evaluator.

(d) Immediately upon placing a child in a residential treatment program under this section, the department must notify the guardian ad litem, the attorney for the child, and the court having jurisdiction over the child and must provide the guardian ad litem, the attorney for the child, and the court with a copy of the assessment by the qualified evaluator.

(e) Within 10 days after the admission of a child to a residential treatment program, the director of the residential treatment program or the director's designee must ensure that an individualized plan of treatment has been prepared by the program and has been explained to the child, to the department, ~~and~~ to the guardian ad litem, and to the attorney for the child, and submitted to the department. The child must be involved in the preparation of the plan to the maximum feasible extent consistent with his or her ability to understand and participate, and the guardian ad litem, the attorney for the child, and the child's foster parents must be involved to the maximum extent consistent with the child's treatment needs. The plan must include a preliminary plan for residential treatment and aftercare upon completion of residential treatment. The plan must include specific behavioral and emotional goals against which the success of the residential treatment may be measured. A copy of the plan must be provided to the child, to the guardian ad litem, to the attorney for the child, and to the department.

(f) Within 30 days after admission, the residential

treatment program must review the appropriateness and suitability of the child's placement in the program. The residential treatment program must determine whether the child is receiving benefit toward the treatment goals and whether the child could be treated in a less restrictive treatment program. The residential treatment program shall prepare a written report of its findings and submit the report to the guardian ad litem, to the attorney for the child, and to the department. The department must submit the report to the court. The report must include a discharge plan for the child. The residential treatment program must continue to evaluate the child's treatment progress every 30 days thereafter and must include its findings in a written report submitted to the department. The department may not reimburse a facility until the facility has submitted every written report that is due.

(g)1. The department must submit, at the beginning of each month, to the court having jurisdiction over the child, a written report regarding the child's progress toward achieving the goals specified in the individualized plan of treatment.

2. The court must conduct a hearing to review the status of the child's residential treatment plan no later than 60 days after the child's admission to the residential treatment program. An independent review of the child's progress toward achieving the goals and objectives of the treatment plan must be completed by a qualified evaluator and submitted to the court before its 60-day review.

3. For any child in residential treatment at the time a judicial review is held pursuant to s. 39.701, the child's continued placement in residential treatment must be a subject

of the judicial review.

4. If at any time the court determines that the child is not suitable for continued residential treatment, the court shall order the department to place the child in the least restrictive setting that is best suited to meet his or her needs.

(h) After the initial 60-day review, the court must conduct a review of the child's residential treatment plan every 90 days.

(i) The department must adopt rules for implementing timeframes for the completion of suitability assessments by qualified evaluators and a procedure that includes timeframes for completing the 60-day independent review by the qualified evaluators of the child's progress toward achieving the goals and objectives of the treatment plan which review must be submitted to the court. The Agency for Health Care Administration must adopt rules for the registration of qualified evaluators, the procedure for selecting the evaluators to conduct the reviews required under this section, and a reasonable, cost-efficient fee schedule for qualified evaluators.

Section 19. Subsections (20) and (21) of section 39.4085, Florida Statutes, are amended to read:

39.4085 Legislative findings and declaration of intent for goals for dependent children.—The Legislature finds and declares that the design and delivery of child welfare services should be directed by the principle that the health and safety of children should be of paramount concern and, therefore, establishes the following goals for children in shelter or foster care:

(20) To have a guardian ad litem appointed to represent, within reason, their best interests; and, as appropriate, have an attorney for the child ~~and, where appropriate, an attorney ad litem~~ appointed to represent their legal interests.~~,~~ The guardian ad litem and attorney for the child ~~attorney ad litem~~ shall have immediate and unlimited access to the children they represent.

(21) To have all their records available for review by their guardian ad litem or attorney for the child, as applicable, ~~and attorney ad litem~~ if they deem such review necessary.

The provisions of this section establish goals and not rights. Nothing in this section shall be interpreted as requiring the delivery of any particular service or level of service in excess of existing appropriations. No person shall have a cause of action against the state or any of its subdivisions, agencies, contractors, subcontractors, or agents, based upon the adoption of or failure to provide adequate funding for the achievement of these goals by the Legislature. Nothing herein shall require the expenditure of funds to meet the goals established herein except funds specifically appropriated for such purpose.

Section 20. Subsections (8), (12), (13), (14), and (17) of section 39.502, Florida Statutes, are amended to read:

39.502 Notice, process, and service.—

(8) It is not necessary to the validity of a proceeding covered by this part that the parents be present if their identity or residence is unknown after a diligent search has been made, but in this event the petitioner shall file an

affidavit of diligent search prepared by the person who made the search and inquiry, and the court may appoint a guardian ad litem for the child or an attorney for the child, as appropriate.

(12) All process and orders issued by the court shall be served or executed as other process and orders of the circuit court and, in addition, may be served or executed by authorized agents of the department or the guardian ad litem or attorney for the child, as applicable.

(13) Subpoenas may be served within the state by any person over 18 years of age who is not a party to the proceeding and, in addition, may be served by authorized agents of the department or the guardian ad litem or attorney for the child, as applicable.

(14) No fee shall be paid for service of any process or other papers by an agent of the department or the guardian ad litem or attorney for the child, as applicable. If any process, orders, or any other papers are served or executed by any sheriff, the sheriff's fees shall be paid by the county.

(17) The parent or legal custodian of the child, the attorney for the department, the guardian ad litem or attorney for the child, as applicable, the foster or preadoptive parents, and all other parties and participants shall be given reasonable notice of all proceedings and hearings provided for under this part. All foster or preadoptive parents must be provided with at least 72 hours' notice, verbally or in writing, of all proceedings or hearings relating to children in their care or children they are seeking to adopt to ensure the ability to provide input to the court.

Section 21. Paragraphs (c) and (e) of subsection (1) of section 39.521, Florida Statutes, are amended to read:

39.521 Disposition hearings; powers of disposition.—

(1) A disposition hearing shall be conducted by the court, if the court finds that the facts alleged in the petition for dependency were proven in the adjudicatory hearing, or if the parents or legal custodians have consented to the finding of dependency or admitted the allegations in the petition, have failed to appear for the arraignment hearing after proper notice, or have not been located despite a diligent search having been conducted.

(c) When any child is adjudicated by a court to be dependent, the court having jurisdiction of the child has the power by order to:

1. Require the parent and, when appropriate, the legal guardian or the child to participate in treatment and services identified as necessary. The court may require the person who has custody or who is requesting custody of the child to submit to a mental health or substance abuse disorder assessment or evaluation. The order may be made only upon good cause shown and pursuant to notice and procedural requirements provided under the Florida Rules of Juvenile Procedure. The mental health assessment or evaluation must be administered by a qualified professional as defined in s. 39.01, and the substance abuse assessment or evaluation must be administered by a qualified professional as defined in s. 397.311. The court may also require such person to participate in and comply with treatment and services identified as necessary, including, when appropriate and available, participation in and compliance with

a mental health court program established under chapter 394 or a treatment-based drug court program established under s. 397.334. Adjudication of a child as dependent based upon evidence of harm as defined in s. 39.01(36)(g) ~~s. 39.01(35)(g)~~ demonstrates good cause, and the court shall require the parent whose actions caused the harm to submit to a substance abuse disorder assessment or evaluation and to participate and comply with treatment and services identified in the assessment or evaluation as being necessary. In addition to supervision by the department, the court, including the mental health court program or the treatment-based drug court program, may oversee the progress and compliance with treatment by a person who has custody or is requesting custody of the child. The court may impose appropriate available sanctions for noncompliance upon a person who has custody or is requesting custody of the child or make a finding of noncompliance for consideration in determining whether an alternative placement of the child is in the child's best interests. Any order entered under this subparagraph may be made only upon good cause shown. This subparagraph does not authorize placement of a child with a person seeking custody of the child, other than the child's parent or legal custodian, who requires mental health or substance abuse disorder treatment.

2. Require, if the court deems necessary, the parties to participate in dependency mediation.

3. Require placement of the child either under the protective supervision of an authorized agent of the department in the home of one or both of the child's parents or in the home of a relative of the child or another adult approved by the court, or in the custody of the department. Protective

supervision continues until the court terminates it or until the child reaches the age of 18, whichever date is first. Protective supervision shall be terminated by the court whenever the court determines that permanency has been achieved for the child, whether with a parent, another relative, or a legal custodian, and that protective supervision is no longer needed. The termination of supervision may be with or without retaining jurisdiction, at the court's discretion, and shall in either case be considered a permanency option for the child. The order terminating supervision by the department must set forth the powers of the custodian of the child and include the powers ordinarily granted to a guardian of the person of a minor unless otherwise specified. Upon the court's termination of supervision by the department, further judicial reviews are not required if permanency has been established for the child.

4. Determine whether the child has a strong attachment to the prospective permanent guardian and whether such guardian has a strong commitment to permanently caring for the child.

(e) The court shall, in its written order of disposition, include all of the following:

1. The placement or custody of the child.

2. Special conditions of placement and visitation.

3. Evaluation, counseling, treatment activities, and other actions to be taken by the parties, if ordered.

4. The persons or entities responsible for supervising or monitoring services to the child and parent.

5. Continuation or discharge of the guardian ad litem or attorney for the child if appointed, as appropriate.

6. The date, time, and location of the next scheduled

review hearing, which must occur within the earlier of:

a. Ninety days after the disposition hearing;

b. Ninety days after the court accepts the case plan;

c. Six months after the date of the last review hearing; or

d. Six months after the date of the child's removal from his or her home, if no review hearing has been held since the child's removal from the home.

7. If the child is in an out-of-home placement, child support to be paid by the parents, or the guardian of the child's estate if possessed of assets which under law may be disbursed for the care, support, and maintenance of the child. The court may exercise jurisdiction over all child support matters, shall adjudicate the financial obligation, including health insurance, of the child's parents or guardian, and shall enforce the financial obligation as provided in chapter 61. The state's child support enforcement agency shall enforce child support orders under this section in the same manner as child support orders under chapter 61. Placement of the child shall not be contingent upon issuance of a support order.

8.a. If the court does not commit the child to the temporary legal custody of an adult relative, legal custodian, or other adult approved by the court, the disposition order must include the reasons for such a decision and shall include a determination as to whether diligent efforts were made by the department to locate an adult relative, legal custodian, or other adult willing to care for the child in order to present that placement option to the court instead of placement with the department.

b. If no suitable relative is found and the child is placed

with the department or a legal custodian or other adult approved by the court, both the department and the court shall consider transferring temporary legal custody to an adult relative approved by the court at a later date, but neither the department nor the court is obligated to so place the child if it is in the child's best interest to remain in the current placement.

For the purposes of this section, "diligent efforts to locate an adult relative" means a search similar to the diligent search for a parent, but without the continuing obligation to search after an initial adequate search is completed.

9. Other requirements necessary to protect the health, safety, and well-being of the child, to preserve the stability of the child's child care, early education program, or any other educational placement, and to promote family preservation or reunification whenever possible.

Section 22. Paragraph (a) of subsection (2) of section 39.523, Florida Statutes, is amended to read:

39.523 Placement in out-of-home care.—

(2) ASSESSMENT AND PLACEMENT.—When any child is removed from a home and placed into out-of-home care, a comprehensive placement assessment process shall be completed to determine the level of care needed by the child and match the child with the most appropriate placement.

(a) The community-based care lead agency or subcontracted agency with the responsibility for assessment and placement must coordinate a multidisciplinary team staffing with any available individual currently involved with the child, including, but not

limited to, a representative from the department and the case manager for the child; a therapist, ~~attorney ad litem,~~ a guardian ad litem, an attorney for the child, teachers, coaches, and Children's Medical Services; and other community providers of services to the child or stakeholders as applicable. The team may also include clergy, relatives, and fictive kin if appropriate. Team participants must gather data and information on the child which is known at the time including, but not limited to:

1. Mental, medical, behavioral health, and medication history;

2. Community ties and school placement;

3. Current placement decisions relating to any siblings;

4. Alleged type of abuse or neglect including sexual abuse and trafficking history; and

5. The child's age, maturity, strengths, hobbies or activities, and the child's preference for placement.

Section 23. Paragraph (a) of subsection (1) of section 39.6011, Florida Statutes, is amended to read:

39.6011 Case plan development.—

(1) The department shall prepare a draft of the case plan for each child receiving services under this chapter. A parent of a child may not be threatened or coerced with the loss of custody or parental rights for failing to admit in the case plan of abusing, neglecting, or abandoning a child. Participating in the development of a case plan is not an admission to any allegation of abuse, abandonment, or neglect, and it is not a consent to a finding of dependency or termination of parental rights. The case plan shall be developed subject to the

following requirements:

(a) The case plan must be developed in a face-to-face conference with the parent of the child, any court-appointed guardian ad litem or attorney for the child, and, if appropriate, the child and the temporary custodian of the child.

Section 24. Paragraph (c) of subsection (1) of section 39.6012, Florida Statutes, is amended to read:

39.6012 Case plan tasks; services.—

(1) The services to be provided to the parent and the tasks that must be completed are subject to the following:

(c) If there is evidence of harm as defined in s. 39.01(36)(g) ~~s. 39.01(35)(g)~~, the case plan must include as a required task for the parent whose actions caused the harm that the parent submit to a substance abuse disorder assessment or evaluation and participate and comply with treatment and services identified in the assessment or evaluation as being necessary.

Section 25. Subsection (8) of section 39.6251, Florida Statutes, is amended to read:

39.6251 Continuing care for young adults.—

(8) During the time that a young adult is in care, the court shall maintain jurisdiction to ensure that the department and the lead agencies are providing services and coordinate with, and maintain oversight of, other agencies involved in implementing the young adult's case plan, individual education plan, and transition plan. The court shall review the status of the young adult at least every 6 months and hold a permanency review hearing at least annually. If the young adult is appointed a guardian under chapter 744 or a guardian advocate

under s. 393.12, at the permanency review hearing the court shall review the necessity of continuing the guardianship and whether restoration of guardianship proceedings are needed when the young adult reaches 22 years of age. The court may appoint an attorney for the child ~~a guardian ad litem~~ or continue the appointment of a guardian ad litem or an attorney for the child, as applicable, with the young adult's consent. The young adult or any other party to the dependency case may request an additional hearing or review.

Section 26. Paragraph (b) of subsection (1) and paragraph (b) of subsection (2) of section 39.701, Florida Statutes, are amended to read:

39.701 Judicial review.—

(1) GENERAL PROVISIONS.—

(b)1. The court shall retain jurisdiction over a child returned to his or her parents for a minimum period of 6 months following the reunification, but, at that time, based on a report of the social service agency and the guardian ad litem or attorney for the child, if one has been appointed, and any other relevant factors, the court shall make a determination as to whether supervision by the department and the court's jurisdiction shall continue or be terminated.

2. Notwithstanding subparagraph 1., the court must retain jurisdiction over a child if the child is placed in the home with a parent or caregiver with an in-home safety plan and such safety plan remains necessary for the child to reside safely in the home.

(2) REVIEW HEARINGS FOR CHILDREN YOUNGER THAN 18 YEARS OF AGE.—

(b) *Submission and distribution of reports.*—

1. A copy of the social service agency's written report and the written report of the guardian ad litem, and a report of the attorney for the child, if he or she has prepared one, must be served on all parties whose whereabouts are known; to the foster parents or legal custodians; and to the citizen review panel, at least 72 hours before the judicial review hearing or citizen review panel hearing. The requirement for providing parents with a copy of the written report does not apply to those parents who have voluntarily surrendered their child for adoption or who have had their parental rights to the child terminated.

2. In a case in which the child has been permanently placed with the social service agency, the agency shall furnish to the court a written report concerning the progress being made to place the child for adoption. If the child cannot be placed for adoption, a report on the progress made by the child towards alternative permanency goals or placements, including, but not limited to, guardianship, long-term custody, long-term licensed custody, or independent living, must be submitted to the court. The report must be submitted to the court at least 72 hours before each scheduled judicial review.

3. In addition to or in lieu of any written statement provided to the court, the foster parent or legal custodian, or any preadoptive parent, shall be given the opportunity to address the court with any information relevant to the best interests of the child at any judicial review hearing.

Section 27. Paragraph (g) of subsection (5) of section 39.702, Florida Statutes, is amended to read:

39.702 Citizen review panels.—

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

(5) The independent not-for-profit agency authorized to administer each citizen review panel shall:

(g) Establish policies to ensure adequate communication with the parent, the foster parent or legal custodian, the guardian ad litem or attorney for the child, and any other person deemed appropriate.

Section 28. Paragraph (a) of subsection (3) and subsections (5), (6), and (7) of section 39.801, Florida Statutes, are amended to read:

39.801 Procedures and jurisdiction; notice; service of process.—

(3) Before the court may terminate parental rights, in addition to the other requirements set forth in this part, the following requirements must be met:

(a) Notice of the date, time, and place of the advisory hearing for the petition to terminate parental rights and a copy of the petition must be personally served upon the following persons, specifically notifying them that a petition has been filed:

1. The parents of the child.

2. The legal custodians of the child.

3. If the parents who would be entitled to notice are dead or unknown, a living relative of the child, unless upon diligent search and inquiry no such relative can be found.

4. Any person who has physical custody of the child.

5. Any grandparent entitled to priority for adoption under s. 63.0425.

6. Any prospective parent who has been identified under s. 39.503 or s. 39.803, unless a court order has been entered

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

pursuant to s. 39.503(4) or (9) or s. 39.803(4) or (9) which indicates no further notice is required. Except as otherwise provided in this section, if there is not a legal father, notice of the petition for termination of parental rights must be provided to any known prospective father who is identified under oath before the court or who is identified by a diligent search of the Florida Putative Father Registry. Service of the notice of the petition for termination of parental rights is not required if the prospective father executes an affidavit of nonpaternity or a consent to termination of his parental rights which is accepted by the court after notice and opportunity to be heard by all parties to address the best interests of the child in accepting such affidavit.

7. The guardian ad litem for the child or the representative of the guardian ad litem program, if the program has been appointed.

8. The attorney for the child, if appointed.

The document containing the notice to respond or appear must contain, in type at least as large as the type in the balance of the document, the following or substantially similar language: "FAILURE TO PERSONALLY APPEAR AT THIS ADVISORY HEARING CONSTITUTES CONSENT TO THE TERMINATION OF PARENTAL RIGHTS OF THIS CHILD (OR CHILDREN). IF YOU FAIL TO APPEAR ON THE DATE AND TIME SPECIFIED, YOU MAY LOSE ALL LEGAL RIGHTS AS A PARENT TO THE CHILD OR CHILDREN NAMED IN THE PETITION ATTACHED TO THIS NOTICE."

(5) All process and orders issued by the court must be served or executed as other process and orders of the circuit

court and, in addition, may be served or executed by authorized agents of the department, ~~or~~ the guardian ad litem, or the attorney for the child.

(6) Subpoenas may be served within the state by any person over 18 years of age who is not a party to the proceeding and, in addition, may be served or executed by authorized agents of the department, ~~or~~ of the guardian ad litem, or of the attorney for the child.

(7) A fee may not be paid for service of any process or other papers by an agent of the department, ~~or~~ the guardian ad litem, or the attorney for the child. If any process, orders, or other papers are served or executed by any sheriff, the sheriff's fees must be paid by the county.

Section 29. Subsection (1) of section 39.802, Florida Statutes, is amended to read:

39.802 Petition for termination of parental rights; filing; elements.—

(1) All proceedings seeking an adjudication to terminate parental rights pursuant to this chapter must be initiated by the filing of an original petition by the department, the guardian ad litem, the attorney for the child, or any other person who has knowledge of the facts alleged or is informed of them and believes that they are true.

Section 30. Subsection (2) of section 39.808, Florida Statutes, is amended to read:

39.808 Advisory hearing; pretrial status conference.—

(2) At the hearing the court shall inform the parties of their rights under s. 39.807, shall appoint counsel for the parties in accordance with legal requirements, and shall appoint

a guardian ad litem or an attorney for the child as provided for in s. 39.831 to represent the interests of the child if one has not already been appointed.

Section 31. Subsection (11) of section 39.810, Florida Statutes, is amended to read:

39.810 Manifest best interests of the child.—In a hearing on a petition for termination of parental rights, the court shall consider the manifest best interests of the child. This consideration shall not include a comparison between the attributes of the parents and those of any persons providing a present or potential placement for the child. For the purpose of determining the manifest best interests of the child, the court shall consider and evaluate all relevant factors, including, but not limited to:

(11) The recommendations for the child provided by the child's guardian ad litem ~~or legal representative~~.

Section 32. Subsection (9) of section 39.811, Florida Statutes, is amended to read:

39.811 Powers of disposition; order of disposition.—

(9) After termination of parental rights, the court shall retain jurisdiction over any child for whom custody is given to a social service agency until the child is adopted. The court shall review the status of the child's placement and the progress being made toward permanent adoptive placement. As part of this continuing jurisdiction, for good cause shown by the attorney for the child or guardian ad litem for the child, the court may review the appropriateness of the adoptive placement of the child.

Section 33. Subsection (4) of section 39.812, Florida

Statutes, is amended to read:

39.812 Postdisposition relief; petition for adoption.—

(4) The court shall retain jurisdiction over any child placed in the custody of the department until the child is adopted. After custody of a child for subsequent adoption has been given to the department, the court has jurisdiction for the purpose of reviewing the status of the child and the progress being made toward permanent adoptive placement. As part of this continuing jurisdiction, for good cause shown by the attorney for the child or guardian ad litem for the child, the court may review the appropriateness of the adoptive placement of the child. When a licensed foster parent or court-ordered custodian has applied to adopt a child who has resided with the foster parent or custodian for at least 6 months and who has previously been permanently committed to the legal custody of the department and the department does not grant the application to adopt, the department may not, in the absence of a prior court order authorizing it to do so, remove the child from the foster home or custodian, except when:

(a) There is probable cause to believe that the child is at imminent risk of abuse or neglect;

(b) Thirty days have expired following written notice to the foster parent or custodian of the denial of the application to adopt, within which period no formal challenge of the department's decision has been filed; or

(c) The foster parent or custodian agrees to the child's removal.

Section 34. Subsections (5), (6), and (7) of section 43.16, Florida Statutes, are amended to read:

43.16 Justice Administrative Commission; membership, powers and duties.—

(5) The duties of the commission shall include, but not be limited to, the following:

(a) The maintenance of a central state office for administrative services and assistance when possible to and on behalf of the state attorneys and public defenders of Florida, the capital collateral regional counsel of Florida, the criminal conflict and civil regional counsel, ~~and~~ the Guardian Ad Litem Program, and the Statewide Office of Child Representation.

(b) Each state attorney, public defender, ~~and~~ criminal conflict and civil regional counsel, ~~and~~ the Guardian Ad Litem Program, and the Statewide Office of Child Representation shall continue to prepare necessary budgets, vouchers that represent valid claims for reimbursement by the state for authorized expenses, and other things incidental to the proper administrative operation of the office, such as revenue transmittals to the Chief Financial Officer and automated systems plans, but will forward such items to the commission for recording and submission to the proper state officer. However, when requested by a state attorney, a public defender, a criminal conflict and civil regional counsel, ~~or~~ the Guardian Ad Litem Program, or the Statewide Office of Child Representation, the commission will either assist in the preparation of budget requests, voucher schedules, and other forms and reports or accomplish the entire project involved.

(6) The commission, each state attorney, each public defender, the criminal conflict and civil regional counsel, the capital collateral regional counsel, ~~and~~ the Guardian Ad Litem

Program, and the Statewide Office of Child Representation shall establish and maintain internal controls designed to:

(a) Prevent and detect fraud, waste, and abuse as defined in s. 11.45(1).

(b) Promote and encourage compliance with applicable laws, rules, contracts, grant agreements, and best practices.

(c) Support economical and efficient operations.

(d) Ensure reliability of financial records and reports.

(e) Safeguard assets.

(7) The provisions contained in this section shall be supplemental to those of chapter 27, relating to state attorneys, public defenders, criminal conflict and civil regional counsel, and capital collateral regional counsel; to those of chapter 39, relating to the Guardian Ad Litem Program and the Statewide Office of Child Representation; or to other laws pertaining hereto.

Section 35. Paragraph (a) of subsection (2) of section 63.085, Florida Statutes, is amended to read:

63.085 Disclosure by adoption entity.—

(2) DISCLOSURE TO ADOPTIVE PARENTS.—

(a) At the time that an adoption entity is responsible for selecting prospective adoptive parents for a born or unborn child whose parents are seeking to place the child for adoption or whose rights were terminated pursuant to chapter 39, the adoption entity must provide the prospective adoptive parents with information concerning the background of the child to the extent such information is disclosed to the adoption entity by the parents, legal custodian, or the department. This subsection applies only if the adoption entity identifies the prospective

adoptive parents and supervises the placement of the child in the prospective adoptive parents' home. If any information cannot be disclosed because the records custodian failed or refused to produce the background information, the adoption entity has a duty to provide the information if it becomes available. An individual or entity contacted by an adoption entity to obtain the background information must release the requested information to the adoption entity without the necessity of a subpoena or a court order. In all cases, the prospective adoptive parents must receive all available information by the date of the final hearing on the petition for adoption. The information to be disclosed includes:

1. A family social and medical history form completed pursuant to s. 63.162(6).

2. The biological mother's medical records documenting her prenatal care and the birth and delivery of the child.

3. A complete set of the child's medical records documenting all medical treatment and care since the child's birth and before placement.

4. All mental health, psychological, and psychiatric records, reports, and evaluations concerning the child before placement.

5. The child's educational records, including all records concerning any special education needs of the child before placement.

6. Records documenting all incidents that required the department to provide services to the child, including all orders of adjudication of dependency or termination of parental rights issued pursuant to chapter 39, any case plans drafted to

address the child's needs, all protective services investigations identifying the child as a victim, and all guardian ad litem reports or attorney for the child reports filed with the court concerning the child.

7. Written information concerning the availability of adoption subsidies for the child, if applicable.

Section 36. Subsection (4) of section 322.09, Florida Statutes, is amended to read:

322.09 Application of minors; responsibility for negligence or misconduct of minor.—

(4) Notwithstanding subsections (1) and (2), if a caregiver of a minor who is under the age of 18 years and is in out-of-home care as defined in s. 39.01(56) ~~s. 39.01(55)~~, an authorized representative of a residential group home at which such a minor resides, the caseworker at the agency at which the state has placed the minor, or a guardian ad litem specifically authorized by the minor's caregiver to sign for a learner's driver license signs the minor's application for a learner's driver license, that caregiver, group home representative, caseworker, or guardian ad litem does not assume any obligation or become liable for any damages caused by the negligence or willful misconduct of the minor by reason of having signed the application. Before signing the application, the caseworker, authorized group home representative, or guardian ad litem shall notify the caregiver or other responsible party of his or her intent to sign and verify the application.

Section 37. Paragraph (p) of subsection (4) of section 394.495, Florida Statutes, is amended to read:

394.495 Child and adolescent mental health system of care;

programs and services.—

(4) The array of services may include, but is not limited to:

(p) Trauma-informed services for children who have suffered sexual exploitation as defined in s. 39.01(78)(g) ~~s. 39.01(77)(g)~~.

Section 38. Section 627.746, Florida Statutes, is amended to read:

627.746 Coverage for minors who have a learner's driver license; additional premium prohibited.—An insurer that issues an insurance policy on a private passenger motor vehicle to a named insured who is a caregiver of a minor who is under the age of 18 years and is in out-of-home care as defined in s. 39.01(56) ~~s. 39.01(55)~~ may not charge an additional premium for coverage of the minor while the minor is operating the insured vehicle, for the period of time that the minor has a learner's driver license, until such time as the minor obtains a driver license.

Section 39. Paragraph (c) of subsection (1) of section 934.255, Florida Statutes, is amended to read:

934.255 Subpoenas in investigations of sexual offenses.—

(1) As used in this section, the term:

(c) "Sexual abuse of a child" means a criminal offense based on any conduct described in s. 39.01(78) ~~s. 39.01(77)~~.

Section 40. Subsection (5) of section 960.065, Florida Statutes, is amended to read:

960.065 Eligibility for awards.—

(5) A person is not ineligible for an award pursuant to paragraph (2)(a), paragraph (2)(b), or paragraph (2)(c) if that

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

person is a victim of sexual exploitation of a child as defined in s. 39.01(78)(g) ~~s. 39.01(77)(g)~~.

Section 41. This act shall take effect July 1, 2021.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/SB 1944
INTRODUCER:	Appropriations Committee and Senator Albritton
SUBJECT:	Utility and Communications Poles
DATE:	April 21, 2021
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Sharon	Imhof	RI	**Favorable**
2.	Hackett	Ryon	CA	**Favorable**
3.	Sanders	Sadberry	AP	**Fav/CS**

I. Summary:

CS/SB 1944 creates a process for handling redundant utility poles and abandoned pole attachments and vests the Florida Public Service Commission (commission) with jurisdiction to administer the bill's provisions.

The bill revises section 120.80(13), Florida Statutes, to exempt the commission's adopted rules related to statements of estimated regulatory costs from the requirements of section 120.541, Florida Statutes.

The bill defines the terms "attaching entity," "communications services," "pole," "pole attachments," "pole owner," and "redundant pole."

Under the bill, the commission is authorized to adopt rules, regulate and enforce rates, terms, and conditions for pole attachments when parties are unable to reach an agreement; and to regulate safety, vegetation management, repair, replacement, maintenance, relocation, emergency response, and storm restoration requirements for poles and pole attachments. The bill requires the commission to establish cost-based rates, terms, and conditions for pole attachments using Federal Communications Commissions (FCC) decisions, orders and appellate decisions in FCC cases unless a pole owner or attaching entity establishes an alternative cost is appropriate and in the public interest. The commission must hear and resolve complaints concerning charges, terms, conditions, voluntary agreements, or denial of access to pole attachment under 47 United States Code, section 224,[1] The bill provides the FCC precedent is not binding upon the commission in such hearings.

[1] United States Code, Title 47 – Telecommunications, s. 224: Pole Attachments, available at https://uscode.house.gov/view.xhtml?req=granuleid:USC-prelim-title47-section224&num=0&edition=prelim (last visited Apr. 19, 2021).

The bill delineates circumstances in which a pole owner may deny access on a nondiscriminatory basis to its poles, including insufficient capacity, safety and reliability, and when required by generally applicable engineering purposes. Such evaluation must consider relevant construction and reliability standards approved by the commission and may include financial and performance-related capabilities of the entity requesting access.

The bill requires the commission to allow petitioning pole owners or attaching entities to participate as intervenors in the first five formal administrative proceedings.

The commission is required to adopt procedural rules by January 1, 2022, to administer and implement the provisions of the bill and to provide certification to the FCC.

The bill requires the commission to adopt rules by April 1, 2022, that consider the interests of the subscribers. The rules must include:

- Provisions for mandatory pole inspections, including repair or replacement;
- Vegetation management requirements for poles owned by communications providers; and
- Monetary penalties imposed on communications services providers for failure to comply with commission rules; and

The bill provides the commission authority to access books and records of communications services providers under limited conditions; if such documents are confidential and exempt as proprietary confidential business information, they will retain that status.

The bill creates section 366.97, Florida Statutes, relating to redundant poles and transfer of ownership. The bill:

- Requires pole attachments to be removed from a redundant pole within 180 calendar days of receipt of written notice to do so;
- Requires the commission to create a process for pole owners to provide notification to attaching entities of major hardening projects and provides certain requirements for notice and review of the project;
- Allows a pole owner to relocate an attachment to a new pole at the attachment owner's expense after failure to remove the attachment within the 90 days of receiving written notice;
- Requires an attaching entity to reimburse the pole owner within 60 days of receiving the pole owner's invoice.
- Allows the right for repayment to be enforced in circuit court, subject to prejudgment interest, attorneys' fees and costs.
- Requires the non-compliant attaching party to indemnify, defend, and hold harmless the pole owner and its directors, officers, agents, and employees against all liability, except for negligence or willful misconduct.
- Allows a pole owner to remove and sell or dispose of a noncompliant attaching entity's pole attachment at the noncompliant entity's expense unless excused by an event of force majeure or other good cause.
- Allows the commission to impose requirements for an attaching entity to post a security instrument in favor of the pole owner in an amount sufficient to cover the cost of removal,

transfer, or disposal of the attachment, unless an existing agreement expressly provides for or disclaims security agreements.
- Authorizes the commission to issue orders, upon petition by the pole owner, to require the removal or transfer of pole attachments by noncompliant attaching entities.
- Provides parties may enter into pole attachments contracts without commission approval and that existing contract rights under valid pole agreements entered into before the bill's effective date are not impaired.
- Authorizes the commission to adopt rules by April 1, 2022, to implement provisions relating to the timely and coordinated removal of all pole attachments from redundant poles; and establishing monetary penalties to be imposed against any entity in violation of the rules.

The bill has a negative impact to state revenues and expenditures. The commission estimates it will take eight full-time equivalent positions and recurring costs of $460,668 and nonrecurring costs of $31,828 in order to implement this bill. Fiscal Year 2021-2022 legislative budget conference agreed to appropriate the commission's original estimated cost associated with implementing the bill, as originally filed, contingent on SB 1944, House Bill 1567, or similar legislation becoming law. (See V. Fiscal Impact.)

The bill is effective upon becoming a law.

II. Present Situation:

Regulation of Pole Attachment

First deployed in America in 1844 to extend telegraph service, utility poles provide the scaffolding for the technology of the twenty-first century. In the mid-nineteenth and early twentieth centuries, many states adopted laws granting rights-of-way (ROW) to construct utility poles, wires, and facilities to transmit electricity and communications signals. First telegraph, then telephone, electricity, cable, wireless, and Internet Service Providers have sought to attach facilities to wooden, and later steel or composite, utility poles.[2]

The term pole attachment refers to the process by which communications companies can collocate communications infrastructure on existing electric utility poles. This reduces the number of poles that must be built to accommodate utility services, while reducing costs to users of both services by allowing providers to share costs. Rules governing pole attachments seek to balance the desire to maximize value for users of both electric and communications services with concerns unique to electric utility poles, such as safety and reliability.[3] The space requested for a pole attachment is typically one foot.

[2] Catherine J.K. Sandoval, Contested Places, Utility Pole Spaces: A Competition and Safety Framework for Analyzing Utility Pole Association Rules, Roles, and Risks, 69 Cath. U. L. Rev. 473, 474–75 (2020), https://scholarship.law.edu/cgi/viewcontent.cgi?article=3552&context=lawreview (last visited Apr. 5, 2021).
[3] American Public Power Association, *Issue Brief: Preserving the Municipal Exemption from Federal Pole Attachment Regulations* (Jan. 2021) https://www.publicpower.org/policy/preserving-municipal-exemption-federal-pole-attachment-regulations (last visited Apr. 5, 2021).

Pole attachments, originally by mutual agreement, but later by federal statute and regulation, provide non-pole-owning cable and telecommunication service providers (e.g. cable TV, local exchange carriers) with access to a utility's distribution poles, conduits, and right-of-way for:

- Installing fiber, coaxial cable or wires, and other equipment;
- Building an interconnected network; and
- Reaching customers.[4]

In 1978, Congress passed the "Pole Attachment Act," which added s. 224 to the Communications Act of 1934, to require the Federal Communications Commission (FCC) to establish rates, terms, and conditions for pole attachments for the cable industry.[5]

In 1996, the "Telecommunications Act" added provisions making access to utility poles mandatory for telecommunications services providers, providing for nondiscriminatory access, unless there is insufficient capacity and for reasons of safety, reliability and generally applicable engineering purposes.[6] Municipalities and rural electric cooperative utilities are exempt from the provisions of 47 U.S.C. s. 224.[7] The term "utility" is defined as:

> [A]ny person whose rates or charges are regulated by the Federal Government or a State and who owns or controls poles, ducts, conduits, or rights-of-way used, in whole or in part, for wire communication. Such term does not include any railroad, any person who is cooperatively organized, or any person owned by the Federal Government or any State.[8]

A state, however, can assume regulation of pole attachment through a process known as "reverse preemption." This requires a state to expressly assert jurisdiction through state legislation, followed by certifying to the FCC that "in so regulating such rates, terms, and conditions, the state has the authority to consider and does consider the interests of the subscribers of the services offered via such attachments, as well as the interests of the consumers of the utility services."[9] As of March 19, 2020, 22 states and the District of Columbia have reverse preemption.[10] Florida does not presently regulate pole attachments.

FCC Section 224 Pole Attachment Complaints

There are currently five pending "Section 224 Pole Attachment Complaints" filed with the FCC.[11] Four of the pending complaints concern BellSouth Telecommunications LLC, d/b/a

[11] *See* Federal Communications Commission, *EB - Market Disputes Resolution Division Pending Complaints*, https://www.fcc.gov/general/eb-market-disputes-resolution-division-pending-complaints (last visited Apr. 6, 2021).

AT&T Florida (AT&T); of which two are against Florida Power and Light Company (FPL),[12] and two are against Duke Energy affiliated companies.

The complaint filed by AT&T against FPL on July 1, 2019, alleged the rate paid to attach AT&T's facilities to FPL was unjust and unreasonable under the FCC rules and orders issued pursuant to 47 U.S.C. s. 224.[13] The FCC granted the complaint in part, finding AT&T was entitled to a reduced rate for the period ending on December 31, 2018.[14] Under the order, the parties were unable to agree as to the proper calculation of the reduced rate and the FCC further decided AT&T was entitled to a refund of any overpayments for the period of July 1, 2014, to December 31, 2018.[15] The FCC established the pole attachments rate under its last order.[16]

Third-Party Pole Attachment and Joint Use

A third-party pole attachment is a communications attachment by a "third-party attacher," such as a cable television system or provider of telecommunications service, to a pole, duct, conduit, or right-of-way owned or controlled by a utility.[17] On April 7, 2011, the FCC approved its pole attachment order.[18] Public power utilities are not directly impacted by the order because their pole attachments are not subject to the FCC's jurisdiction. The order revised the telecom formula and make-ready provisions to provide a benchmark for pole attachment rates and access.[19]

"Joint use" refers to sharing use of a utility pole by agreement between pole-owning utilities.[20] "Pole attachments" relate to non-pole-owning cable and telecommunication service providers, such as cable TV and broadband providers.[21] This provides non-pole owning utilities with access to a utility's distribution poles, conduits, and rights-of-way for installation of facilities and

After release of the bureau order in BellSouth Telecommunications LLC, d/b/a AT&T Florida (AT&T) vs Florida Power and Light Company (FPL), the parties were unable resolve their differences and AT&T then filed a second complaint against FPL with the FCC asserting the provisions invoked by FPL in its Notice of Termination are unjust and unreasonable under section 224 and requested that they be amended.

While joint use is usually governed by contracts, the terms and conditions for detachment from a pole are usually handled in the form of an amendment to the original contract.

[21] *Id.*

equipment in order to build an interconnected network with reduced cost to consumers.[22] Other benefits of joint use and pole attachments include the ability to share the high cost of infrastructure; minimizing the visual impact of two separate pole networks; and minimizing roadway hazards.

According to the Edison Electric Institute, the mandatory nature of providing non-pole-owning utilities with access to poles has resulted in a number of issues such as:

- "Overlashing," where existing attachments are made without notification;
- Compromised safety and reliability requirements for the installation of cable or telecommunications facilities;
- Failure to support utility efforts to inspect for safety violations and capacity overloading;
- Failed cooperation among the pole owner and attaching entities as it pertains to repairs, the expedited transfer of attachments to newly erected hardened poles, and undergrounding; and
- Electric utilities primarily bearing the burden of costs, particularly as it relates to weathering and storm damage.[23]

National Joint Utilities Notification System

The National Joint Utilities Notification System (NJUNS) is a consortium of utility companies formed for the purpose of improving communication among utilities as it relates to pole transfers and replacements.[24] After a tragic incident occurred during a pole transfer, it was decided certified letters and phone calls were no longer a suitable way to provide notice.[25] The NJUNS provides a dashboard system that allows members to generate tickets and track pole transfers.[26] Florida has been a member of the NJUNS since 1992.[27]

Florida Public Service Commission

The Florida Public Service Commission (commission) is an arm of the legislative branch of government.[28] The role of the commission is to ensure Florida's consumers receive utility services, including electric, natural gas, telephone, water, and wastewater, in a safe, affordable, and reliable manner.[29] In order to do so, the commission exercises authority over public utilities in one or more of the following areas: rate or economic regulation; market competition oversight; and/or monitoring of safety, reliability, and service issues.[30]

The commission monitors the safety and reliability of the electric power grid[31] and may order the addition or repair of infrastructure as necessary.[32] The commission has broad jurisdiction over

the rates and service of investor-owned utilities. Currently, the commission does not have the authority to regulate pole attachments, absent the Legislature expressly conferring this jurisdiction on the commission.[33] "Traditionally, each time a public service of this state is made subject to the regulatory power of the commission, the [L]egislature has enacted a comprehensive plan of regulation and control and then conferred upon the commission the authority to administer such plan."[34]

Telecommunications carriers in Florida are subject to limited regulation under ch. 364, F.S. During the 2011 legislative session the "Regulatory Reform Act" (Act), was passed and signed into law by the Governor, effective July 1, 2011.[35] Under the Act, the Legislature eliminated most of the commission's retail oversight authority over the telecommunications wireline companies, yet maintained the commission's authority over wholesale intercarrier issues. The Act eliminated most of the retail regulation of local exchange telecommunications services by the commission, including the elimination of rate caps on all retail telecommunications services, elimination of telecommunications-related consumer protection and assistance duties of the commission, and elimination of the commission's remaining oversight of telecommunications service quality.[36] As a result of the deregulation of telecommunications companies, the commission did not require local exchange telecommunications companies to continue performing pole inspections after July 1, 2011.[37]

Currently, the commission does not have jurisdiction over the rates, charges, terms, and conditions of pole attachments or detachments. Pole owners and attaching entities govern the price, terms, and conditions of pole attachment agreements. Disputes are adjudicated before the FCC.[38]

Electric Utilities

Investor-Owned Electric Utilities Companies

There are five investor-owned electric utility companies in Florida: Florida Power & Light Company, Duke Energy Florida, Tampa Electric Company, Gulf Power Company, and Florida Public Utilities Corporation.[39] Investor-owned electric utility rates and revenues are regulated by the commission.[40] Accordingly, these utilities must file periodic earnings reports, either monthly, quarterly, or semi-annually, depending upon each company's size. These more frequent company filings allow the commission to monitor earnings levels on an ongoing basis and adjust customer

[33] *See Teleprompter Corp. v. Hawkins*, 384 So. 2d 648, 650 (Fla. 1980) (citing *Radio Tel. Commc'ns, Inc. v. Se. Tel. Co.*, 170 So. 2d 577, 581 (Fla. 1964)), "The commission did not have jurisdiction over radio communication service, notwithstanding the interconnection of such radio service with a regulated utility's telephone landline. [T]he [L]egislature of Florida has never conferred upon this commission any general authority to regulate public utilities."
[34] *Hawkins*, 384 So. 2d at 650.

rates quickly if a company appears to be overearning.[41] As of year-end 2020, Florida's electric utilities owned a collective 2,867,025 poles, which had 2,837,881 attachments from other entities.[42]

Municipally Owned Electric Utilities

A municipal electric utility is an electric utility system owned or operated by a municipality engaged in serving residential, commercial, or industrial customers, usually within the boundaries of the municipality.[43] Municipally owned utility rates and revenues are regulated by their city commission.[44] The commission does not fully regulate publicly owned municipal electric utilities.[45] However, it does have jurisdiction over municipally owned electric systems with regard to rate structure, territorial boundaries, bulk power supply operations, and planning.[46]

In total, there are 34 municipal electric companies in Florida.[47] Most municipal electric utilities are represented by the Florida Municipal Electric Association, which serves over three million Floridians.[48]

Rural Electric Cooperative Utilities

Rural electric cooperative utilities are joint ventures organized for purposes of providing electricity to a specified area.[49] Rates and revenues for a cooperative utility are regulated by their elected cooperative officers.[50] Most cooperatives have been financed by the Rural Electrification Association and most, in Florida, are represented by the Florida Electric Cooperatives Association, Inc.[51]

In total there are 18 rural electric cooperatives in Florida.[52] The commission does not regulate the rates and service quality of cooperatives, however, it does have jurisdiction as to rate structure, territorial boundaries, bulk power supply operations, and power supply planning.[53]

Telecommunications Companies

In 2011, the Florida Legislature deregulated telecommunications companies and consequently, the commission lost its authority to require telecommunications companies to continue performing pole inspections after July 1, 2011. Prior to losing jurisdiction, the commission had issued an order in 2006, requiring telecommunications companies to implement an eight year

inspection program of its wooden poles based on the requirements of the National Electrical Safety Code.[54] Section 364.011, F.S., expressly exempts the following services from commission oversight:

- Intrastate interexchange telecommunications services;
- Broadband services, regardless of the provider, platform, or protocol;
- VoIP;
- Wireless telecommunications, including commercial mobile radio service providers;
- Basic service; and
- Nonbasic services or comparable services offered by any telecommunications company.

III. Effect of Proposed Changes:

Section 1 amends s. 120.80, F.S., to exempt rules adopted to implement the provisions of the bill by the Public Service Commission (commission) from being subject to statements of estimated regulatory costs from s. 120.541, F.S.

Section 2 amends s. 366.02, F.S., to define the term:

- "Attaching entity," to mean a local exchange carrier, a public utility, a communications services provider, a broadband service provider, or a cable television operator who owns or controls pole attachments.
- "Communications services," to have the same meaning as in s. 202.11, F.S., which includes the transmission, conveyance, or routing of voice, data, audio, video, or any other information or signals.
- "Pole," to mean a pole used for electric distribution service, streetlights, communications services, or cable television services which is owned in whole or in part by a pole owner. The term does not include a pole used solely to support wireless communications services facilities.
- "Pole attachments," to mean an attachment by a public utility, local exchange carrier, communications services provider, broadband provider, or cable television operator attached to a pole, duct, conduit, or right-of-way owned or controlled by a pole owner.
- "Pole owner," to mean a local exchange carrier, a public utility, a communications services provider, or a cable television operator, which owns a pole; and
- "Redundant pole," to mean a pole owned within 50 feet of a new pole intended to replace an old pole from which attachments have not been removed or transferred, that is left standing after the pole owner relocated its facilities underground or to another location.

Section 3 amends s. 366.04, F.S., relating to the commission's jurisdiction, granting the authority to regulate and enforce rates, charges, terms, and conditions for pole attachments, including attachments to streetlight fixtures, owned by a public utility or a communications services provider.

The bill provides the commission's authority includes, but is not limited to, the state regulatory authority referenced in 47 U.S.C. s. 224(c), relating to pole attachments.

[54] *See* Florida Public Service Commission, Order No. PSC-2006-0168-PAA-TL, Mar. 1, 2006, Docket No. 20060077-TP, http://www.psc.state.fl.us/library/filings/2006/01762-2006/01762-2006.PDF (last visited Apr. 6, 2021).

The bill provides:

- Legislative intent that parties be encouraged to enter into voluntary pole attachment agreements without commission approval and that parties not be prevented from voluntarily entering into such contracts without commission approval.
- Circumstances in which a pole owner, on a non-discriminatory basis, may deny access to its poles, including insufficient capacity, safety, reliability, and engineering requirements. Also provides a pole owner's evaluation of capacity, safety, reliability, and engineering requirements must consider the commission's approved construction and reliability standards.
- Jurisdiction for the commission to hear and resolve complaints concerning rates, charges, terms, conditions, voluntary agreements, or any denial of pole attachment in which the Federal Communications Commission (FCC) precedent is not binding.
- Requires the commission to establish just and reasonable cost-based rates when exercising its jurisdiction to hear such cases and to apply the decisions and orders of the FCC and any appellate court decisions reviewing FCC orders regarding pole attachment rates, terms or conditions in determining just and reasonable pole attachment rates, terms or conditions.
- A pole owner or attaching entity may provide evidence, subject to proceedings conducted pursuant to s. 120.369, F.S., and s. 120.57, F.S., to establish that an alternative cost of service-based pole attachment rate is appropriate and in the public interest.
- The commission must authorize any petitioning pole owner or attaching entity to participate as an intervenor with full party rights in the first five formal administrative proceedings to determine pole attachment rates, so as to provide commission precedent to establish pole attachment rates and help guide negotiations toward voluntary pole attachment agreements.
- Pole attachment rate proceedings are limited to the specific pole owner and pole attaching entity involved in and directly affected by the specific pole attachment rate after the fifth formal administrative proceeding is concluded by final order.
- The commission must regulate safety, vegetation management, repair, replacement, maintenance, relocation, emergency response, and storm restoration requirements for poles, of communications services providers own poles.

The commission is required to adopt procedural rules by January 1, 2022, in order to administer and implement changes to rates, charges, terms, and conditions for pole attachments and requires the commission to provide certification to the Federal Communications Commission (FCC).

The bill requires the commission to adopt rules by April 1, 2022, which consider the interests of the subscribers and users. The rules must include:

- Provisions for mandatory pole inspections, including repair or replacement;
- Vegetation management requirements; and
- Monetary penalties imposed on communications services providers for failure to comply with commission rules, consistent with s. 366.095, F.S., which limits fines to $5,000 per offense.

The bill provides the commission with authority to access books and records of communications services providers under limited conditions; if such, any proprietary confidential business information received by the commission that is confidential or exempt under s. 119.07(1), F.S., and s. 24(a), Art. 1 of the Florida Constitution, retains its confidential and exempt status.

Section 4 creates s. 366.97, F.S., relating to redundant poles and transfer of ownership.

The bill provides procedures for dealing with redundant or abandoned poles which:

- Requires the commission to establish by rule a process for pole owners to provide advance notice to attaching entities of major hardening projects to replace poles within 180 calendar days of receiving written notice to do so.
- Requires hardening notices to include:
  - The scope of the major hardening project, the location of affected poles, the expected start date, and the expected completion date; and
  - The date, time, and location of a field meeting for the pole owner and attaching entities to review and discuss the major hardening project details, including the types of poles to be used. The field meeting must occur no sooner than 15 days after but no later than 60 days after notice and must include sufficient information to enable the attaching entity to locate the affected poles and identify the owner of any facilities attached to the poles,
- Requires an attaching entity to remove its pole attachments from a redundant pole within 180 calendar days after receipt of an electronic or written notice from a pole owner requesting removal. The commission is required to determine by rule the sufficiency of and requirements for removal notice and may use a joint use notification software program to accomplish removal notification.
- Allows a pole owner, if an attaching entity fails to remove a pole attachment, to remove, transfer, or relocate an attachment to a new pole at the attachment owner's expense. The bill clarifies this provision does not apply to an electric utility's pole attachments. Requires an attaching entity to submit payment to the pole owner within 60 days of receiving a transfer of attachment invoice.
- Authorizes a pole owner to seek enforcement of payment in circuit court and provides the pole owner is entitled to prejudgment interest, attorneys' fees and costs.
- Allows a pole owner to remove and sell or dispose of an attachment, at the attaching entity's expense, and requires the attaching party to indemnify, defend, and hold the pole owner, its directors, officers, agents, and employees harmless, barring a finding of negligence or willful misconduct arising in connection with the transfer.
- Allows the commission to require by rule that an attaching entity post a security instrument in favor of the pole owner in an amount sufficient to cover the cost of removal, transfer, or disposal of the attachment; and clarifies:
  - The rules do not apply to existing agreements between the pole owners and the attaching entity if the agreement expressly provides for, or disclaims, security requirements;
  - The commission may issue orders requiring the removal or transfer of pole attachments by noncompliant attaching entities upon petition by a pole owner;
  - The bill does not prevent a party from entering into a voluntary agreement authorizing a pole owner to remove an attaching entity's pole attachment;
  - It is the Legislature's intent to encourage parties to enter into voluntary agreements without commission approval; and
  - The contract rights of a party to a valid pole attachment agreement in existence before the effective date of this act is not impaired.

The bill directs the commission to adopt rules by April 1, 2022, to implement Section 3 of the bill, including rules for the timely and coordinated removal of attachments from redundant poles and the establishment of monetary penalties.

Section 5 directs the Division of Law Revision to replace references to "the effective date of this act," with the date the bill becomes a law.

Section 6 provides the bill is effective upon becoming a law.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

The financial and legal responsibilities of parties to pole attachment arrangements in Florida could substantially change depending on the implementation of the Florida Public Service Commission's (commission) authority over pole attachments. The commission's adoption of rules and implementation of this new authority will likely involve litigation between the affected parties. However, any pole attachment disputes will be adjudicated by the commission, rather than the Federal Communications Commission (FCC).

Entities with attachments on redundant poles may face negative financial impacts not contemplated in current negotiated pole attachment agreements

C. Government Sector Impact:

The bill has a negative impact to state revenues and expenditures. The commission estimates implementation of the bill will require eight full-time equivalent (FTE) positions and $460,668 ($31,160 in nonrecurring) in additional budget authority.[55] A breakdown of positions and funding is provided below.

Category	Amount
Recurring Costs:	
Salaries and Benefits (eight new FTEs)	$408,884
- Three Public Utility Analysts	
- Three Engineer Specialists	
- One Sr. Attorney and One Attorney	
Expense Package for eight new FTEs	$50,784
Salary Rate: - 503,618 for eight new FTEs	503,618
Total Recurring Costs	**$460,668 / 503,618 Salary Rate**
Nonrecurring Costs:	
Expense Package: eight new FTEs	$31,160
Total Nonrecurring Costs	**$31,160**
Total Costs for Fiscal Year 2021-2022[56]	**$491,828[57]**

Fiscal Year 2021-2022 legislative budget conference agreed to appropriate, 13 positions and $925,566 ($739,433 recurring) from the Regulatory Trust Fund contingent on SB 1944, House Bill 1567, or similar legislation becoming law.[58] This appropriation was based upon the Public Service Commission's (commission) estimated cost to implement the new regulatory provisions contained within SB 1944, as originally filed.

The commission is authorized to assess monetary penalties for violations of provisions of the bill; however, the number and amount of monetary penalties is unknown. (*See* VII. Related Issues.)

VI. Technical Deficiencies:

None.

[55] Florida Public Service Commission, *Bill Analysis for SB 1944 / HB 1567 - Revised* (April 1, 2021) (on file with the Senate Appropriations Subcommittee on Agriculture, Environment, and General Government).
[56] *Id*.
[57] Email from Adam Potts, Legislative Director, Public Services Commission, to Michelle Sanders, Legislative Analyst, Senate Appropriations Subcommittee on Agriculture, Environment, and General Government (April 19, 2021) (on file with Senate Appropriations Subcommittee on Agriculture, Environment, and General Government)
[58] The Florida Senate, Appropriations (Budget) by Committee Subject Area, Agriculture, Environment, and General Government, State Administration and Technology, *Conference Committee on Senate Agriculture, Environment, and General Government Appropriations/House State Administration & Technology Appropriations, Senate Offer #2, Budget Spreadsheet and Senate Offer #1, Proviso* (April 19, 2021), https://www.flsenate.gov/Session/Appropriations/2021 (last visited Apr. 21, 2021).

VII. Related Issues:

Lines 191-194 and lines 296-300 of the bill provide the commission may adopt rules related to monetary penalties imposed upon communication services providers who fail to comply with any such rule of the commission, but is silent as to other types of utilities which may also have attachments on utility poles.

Traditionally, the cost associated with regulatory requirements established in Florida law have been assessed to the utilities and telecommunications companies subject to the commission's authority. The bill does not establish authority to assess regulatory assessment fees to the communication services providers that would become subject to the commissions' authority under the bill.[59]

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 120.80, 366.02 and 366.04.

This bill creates section 366.97 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Appropriations on April 19, 2021:
The committee substitute:

- Amends s. 120.80, F.S., to exempt the Public Service Commission (commission) rules adopt under sections 3 and 4 of the bill from the requirements of s. 120.541, F.S., relating to statements of estimated regulatory costs.
- Removes electric utilities and adds broadband service providers to the definition of "attaching entity."
- Revises the term "pole," to include those used for local exchange services and cable television services; and excludes ducts, conduits, right-of-ways, and poles that are used solely to support wireless communications services facilities.
- Revises the term "pole attachment," to include attachments by local exchange carriers, broadband providers, and public utilities; and expands the term to include attachments to a pole owner's ducts, conduits, or rights-of-way.
- Expands the term "pole owner" to include local exchange carriers.
- Expands the commission's jurisdiction to include regulation and enforcement of rates, charges, terms, and conditions for pole attachments in general, as opposed to just disagreements between parties relating to pole attachments.
- Requires the commission to establish cost-based rates, terms, and conditions for pole attachments using Federal Communications Commission (FCC) decisions, orders, and appellate decisions in FCC cases; unless, a pole owner or attaching entity establishes that an alternative cost is appropriate and in the public interest.

[59] *Id*.

- Extends the deadline for rulemaking to January 1, 2022, for provisions relating to rates, charges, terms, and conditions for pole attachments; and requires the commission to submit its pole attachment regulation certification to the FCC upon adoption of such rules.
- Deletes the provision allowing the commission to assume jurisdiction of a complaint proceeding pending before the FCC.
- Requires the commission to allow petitioning pole owners or attaching entities to participate as intervenors in the first five administrative proceedings conducted under the bill's provisions.
- Revises the scope of the rules that the commission must adopt prior to FCC certification to only include procedural rules.
- Removes conduits, ducts, pipes, pole attachments, wires, cables, and related plants and equipment regulation by the commission.
- Extends the deadlines for rulemaking to April 1, 2022, for provisions relating to safety, vegetation management, repair, replacement, maintenance, relocation, emergency response, and storm restoration; and provides that such rules do not apply to communications services providers that do not own poles.
- Requires monetary penalties to be consistent with s. 366.095, F.S., which limits penalties to not more than $5,000, per offense.
- Grants the commission authority to access books and records of communications services providers.
- Deletes legislative findings.
- Removes the requirement for communications services providers to establish storm reserve funds.
- Eliminates a pole owner's ability to deny access to a pole based on an evaluation of the financial and performance-related capabilities of the entity requesting attachment.
- Extends the timeframe for removal of a pole attachment from 90 days to 180 days.
- Requires the commission to create a process for pole owners to provide notice to attaching entities of major hardening projects; specifies certain requirements for the notice including a time for entities to review and discuss the project, which must occur no sooner than 15 days after but no later than 60 days after notice.
- Requires a removal notice to include information that allows an attaching entity to locate and identify the affected pole and the owner of attachments.
- Requires an attaching entity to submit payment to the pole owner within 60 days of receiving an invoice for transfer of an attachment; this right is enforceable in circuit court and subject to prejudgment interest, attorney fees, and costs.
- Deletes provisions relating to the transfer of title to a redundant pole from the pole owner to the noncompliant attaching entity.
- Extends the deadlines for rulemaking to April 1, 2022, for provisions relating to removal of pole attachments from redundant poles and the establishment of monetary penalties.
- Clarifies that rules requiring the posting of a security instrument do not apply to existing agreements.
- Deletes provisions requiring the commission to impose monetary penalties for failure to comply with the bills redundant pole section and eliminates broadband grant provisions.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

529128

LEGISLATIVE ACTION

Senate	.	House
Comm: RS	.	
04/20/2021	.	
	.	
	.	
	.	

The Committee on Appropriations (Albritton) recommended the following:

Senate Amendment (with title amendment)

Delete everything after the enacting clause and insert:

Section 1. Paragraph (g) is added to subsection (13) of section 120.80, Florida Statutes, to read:

120.80 Exceptions and special requirements; agencies.—

(13) FLORIDA PUBLIC SERVICE COMMISSION.—

(g) Rules adopted by the Florida Public Service Commission to implement ss. 366.04(8) and (9) and 366.97 are not subject to

529128

s. 120.541.

Section 2. Subsections (4) through (9) are added to section 366.02, Florida Statutes, to read:

366.02 Definitions.—As used in this chapter:

(4) "Attaching entity" means a person that is a local exchange carrier, a public utility, a communications services provider, a broadband service provider, or a cable television operator that owns or controls pole attachments.

(5) "Communications services" has the same meaning as in s. 202.11(1).

(6) "Pole" means a pole used for electric distribution service, streetlights, communications services, local exchange services, or cable television services which is owned in whole or in part by a pole owner. The term does not include a pole used solely to support wireless communications services facilities.

(7) "Pole attachment" means any attachment by a public utility, local exchange carrier communications services provider, broadband provider, or cable television operator to a pole, duct, conduit, or right-of-way owned or controlled by a pole owner.

(8) "Pole owner" means a local exchange carrier, a public utility, a communications services provider, or a cable television operator that owns a pole.

(9) "Redundant pole" means a pole owned or controlled by a pole owner which is:

(a) Within 50 feet of a new pole that is intended to replace the old pole from which some or all of the pole attachments have not been removed and transferred to the new

529128

pole;

(b) Left standing after the pole owner has relocated its facilities to underground but on which pole attachments of other attaching entities remain; or

(c) Left standing after a pole owner's attachments have been removed from that route or location to accommodate a new route or design for the delivery of service.

Section 3. Subsections (8) and (9) are added to section 366.04, Florida Statutes, to read:

366.04 Jurisdiction of commission.—

(8)(a) The commission shall regulate and enforce rates, charges, terms, and conditions for pole attachments in situations in which a pole owner is unable to reach an agreement with a party seeking pole attachments, including the types of attachments regulated under 47 U.S.C. s. 224(a)(4), attachments to streetlight fixtures, or attachments to poles owned by a communications services provider, to ensure that such rates, charges, terms, and conditions are just and reasonable. The commission's authority under this subsection includes, but is not limited to, the state regulatory authority referenced in 47 U.S.C. s. 224(c).

(b) In developing such rules, the commission shall consider the interests of the subscribers and users of the services offered through such pole attachments, as well as the interests of the consumers of any pole owner providing such attachments.

(c) It is the intent of the Legislature to encourage parties to enter into voluntary pole attachment agreements, and this subsection may not be construed to prevent parties from voluntarily entering into pole attachment agreements without

529128

commission approval.

(d) A party's right to nondiscriminatory access to a pole under this subsection is identical to the rights afforded under 47 U.S.C. s. 224(f)(1). A pole owner may deny access to its poles on a nondiscriminatory basis when there is insufficient capacity, for reasons of safety and reliability, and when required by generally applicable engineering purposes. A pole owner's evaluation of capacity, safety, reliability, and engineering requirements must consider relevant construction and reliability standards approved by the commission and may include an evaluation of the financial and performance-related capabilities of the entity requesting attachment.

(e) The commission shall hear and resolve complaints concerning rates, charges, terms, conditions, voluntary agreements, or any denial of access relative to pole attachments with regard to the types of attachments regulated under 47 U.S.C. s. 224, attachments to streetlight fixtures, or attachments owned by a communications services provider. Federal Communications Commission precedent is not binding upon the commission in the exercise of its authority under this subsection. The commission shall establish cost-based rates and charges for pole attachments and shall apply the decisions and orders of the Federal Communications Commission in determining pole attachment rates unless a pole owner or attaching entity establishes by competent substantial evidence pursuant to proceedings conducted pursuant to ss. 120.569 and 120.57 that an alternative cost of service-based pole attachment rate is appropriate and in the public interest.

(f) Upon commencement of its authority under this

529128

subsection, the commission, upon the request of a party to a complaint proceeding pending before the Federal Communications Commission, shall assume jurisdiction over the matter if it is not yet subject to a final order of the Federal Communications Commission at the time of the request.

(g) The commission shall adopt rules by January 1, 2022, to administer and implement this subsection, including one or more appropriate formulae for apportioning costs, and shall, upon adoption of such rules, provide its certification to the Federal Communications Commission pursuant to 47 U.S.C. s. 224(c)(2).

(9)(a) The commission shall regulate the safety, vegetation management, repair, replacement, maintenance, relocation, emergency response, and storm restoration requirements for poles, conduits, ducts, pipes, pole attachments, wires, cables, and related plants and equipment of communication services providers. This paragraph does not apply to a communications services provider that owns no poles.

(b) The commission shall adopt rules by April 1, 2022, to administer and implement this subsection, including, but not limited to:

1. Mandatory pole inspections, including repair or replacement; vegetation management requirements for poles owned by providers of communications services; and the timely removal of pole attachments; and

2. Monetary penalties to be imposed upon any communications services provider that fails to comply with any such rule of the commission.

(c) The commission may access the books and records of communications services providers to the limited extent

529128

necessary to perform its functions and to exercise its authority under subsection (8), this subsection, and s. 366.97(4). Upon request by a communications services provider, any records that are shown and found to be proprietary confidential business information that is confidential or exempt from disclosure under s. 119.07(1) and s. 24(a), Art. 1 of the State Constitution which are received by the commission under this paragraph shall retain their confidential or exempt status when held by the commission.

Section 4. Section 366.97, Florida Statutes, is created to read:

366.97 Redundant poles; transfer of ownership; penalties.—

(1) The Legislature finds that:

(a) It is in the public interest for public utilities, communications services providers, and cable television operators that own poles to harden their infrastructure to strengthen the ability of their above-ground infrastructure to withstand extreme weather conditions by, among other things, replacing older poles with newer, stronger poles; however, this work combined with the undergrounding of electrical facilities may result in redundant poles within public rights-of-way and easements for significant durations because owners of third-party pole attachments may not keep pace in removing their facilities from the old poles.

(b) Pole owners that set new poles are prevented from removing redundant poles when the pole attachments of other entities remain on the old poles.

(c) Redundant poles in the public rights-of-way and easements are aesthetically unappealing and potentially create

529128

overcrowding of, and unsafe conditions in, the public rights-of-way and easements.

(d) It is in the public interest to timely remove pole attachments from redundant poles.

(2) The commission by rule shall determine a process by which pole owners shall provide at least 180 calendar days' electronic or written advance notice to affected attaching entities of major hardening projects the purpose of which is to replace poles to ensure the poles meet extreme wind loading requirements. The advance hardening project notice must include:

(a) The scope of the major hardening project, to the extent determined, the locations of the affected poles, the expected start date, and the expected completion date of the major hardening project; and

(b) The date, time, and location of a field meeting for the pole owner and attaching entities to review and discuss the planned major hardening project details, including the types of replacement poles to be used. The field meeting must occur no sooner than 15 calendar days after the date of the notice and no later than 45 calendar days after the notice.

(3)(a) An attaching entity must remove its pole attachments from a redundant pole within 180 calendar days after receipt of an electronic or a written notice from the pole owner requesting such removal. The commission shall determine by rule the sufficiency of, and requirements for, such removal notice and may consider the use of a joint use notification software program to accomplish such removal notice.

(b) If an attaching entity fails to remove a pole attachment pursuant to paragraph (a), except to the extent

529128

excused by an event of force majeure or other good cause as determined by the commission, the pole owner or its agent may transfer or relocate the pole attachment to the new pole at the noncompliant attaching entity's expense. This subsection does not apply to an electric utility's pole attachments. The noncompliant attaching entity shall indemnify, defend, and hold harmless the pole owner and its directors, officers, agents, and employees from and against all liability, except to the extent of any finding of gross negligence or willful misconduct, including attorney fees and litigation costs, arising in connection with the transfer of the pole attachment from a redundant pole to a new pole by the pole owner.

(c) If a pole attachment is no longer in use by a noncompliant attaching entity, the pole owner or its agent may remove the pole attachment at the noncompliant attaching entity's expense and may sell or dispose of the pole attachment, except to the extent the attaching entity's noncompliance is excused by an event of force majeure or other good cause as determined by the commission. The noncompliant attaching entity shall indemnify, defend, and hold harmless the pole owner and its directors, officers, agents, and employees from and against all liability, except to the extent of any finding of gross negligence or willful misconduct, including attorney fees and litigation costs, arising in connection with the removal, transfer, sale, or disposal of the pole attachments from a redundant pole by the pole owner.

(d) The commission may require by rule that an attaching entity post security instruments in favor of pole owners in amounts reasonably sufficient to cover the cost of the removal,

529128

transfer, sale, or disposal of pole attachments.

(4) The commission shall impose monetary penalties upon any entity subject to its jurisdiction which is found to be in violation of this section. Upon petition by a pole owner, the commission may issue orders requiring the removal or transfer of pole attachments by noncompliant attaching entities and shall impose monetary penalties in accordance with this section.

(5) All monetary penalties assessed by the commission pursuant to this section must be used by the commission to provide grants for the installing and upgrading of broadband infrastructure in unserved and underserved rural and low-income areas of this state. The commission shall establish criteria for the award of grants from the fund to businesses and organizations that have demonstrated the ability to construct and install infrastructure and that have submitted an application and proposal detailing how the grant funds would further the objectives of this subsection to expand broadband services in unserved and underserved areas. The commission may disburse monies from the fund to grant recipients selected by the commission in accordance with its criteria.

(6) This section may not be construed to do any of the following:

(a) Prevent a party at any time from entering into a voluntary agreement authorizing a pole owner to remove an attaching entity’s pole attachment. It is the intent of the Legislature to encourage parties to enter into such voluntary agreements without commission approval.

(b) Impair the contract rights of a party to a valid pole attachment agreement in existence before the effective date of

529128

this act.

(7) The commission shall adopt rules by April 1, 2022, to implement this section, including rules providing for the timely and coordinated removal of all pole attachments from redundant poles and establishing monetary penalties to be imposed against any entity in violation of this section.

Section 5. The Division of Law Revision is directed to replace the phrase "the effective date of this act" wherever it occurs in this act with the date this act becomes a law.

Section 6. This act shall take effect upon becoming a law.

========== T I T L E A M E N D M E N T ==========

And the title is amended as follows:

Delete everything before the enacting clause and insert:

A bill to be entitled

An act relating to utility and communications poles; amending s. 120.80, F.S.; exempting certain rules adopted by the Public Service Commission from legislative ratification requirements; amending s. 366.02, F.S.; defining terms; amending s. 366.04, F.S.; requiring the commission to regulate and enforce rates, charges, terms, and conditions for pole attachments under certain circumstances; providing requirements for such rules; providing construction; providing situations under which a pole owner may deny access to the owner's pole on a nondiscriminatory basis; requiring the commission to hear and resolve complaints concerning rates, charges, terms,

529128

conditions, voluntary agreements, and denial of access relative to pole attachments; requiring the commission to establish cost-based rates and charges for pole attachments and apply certain decisions and orders of the Federal Communications Commission; requiring the commission, at the request of a party, to assume jurisdiction over certain complaints before the Federal Communications Commission; requiring the commission to adopt rules by a specified date and provide certification to the Federal Communications Commission upon such adoption; requiring the commission to regulate the safety, vegetation management, repair, replacement, maintenance, relocation, emergency response, and storm restoration requirements for certain plants and equipment of communications services providers; providing an exception; requiring the commission to adopt rules, including monetary penalties, by a specified date; authorizing the commission to access the books and records of communications services providers for specified purposes; providing that such information that contains proprietary confidential business information retains its confidential or exempt status when held by the commission; creating s. 366.97, F.S.; providing legislative findings; requiring the commission by rule to create a process requiring advance hardening project notice; requiring attaching entities to remove pole attachments from redundant poles within a specified timeframe after receipt of

529128

electronic or written notice from the pole owner; requiring the commission to provide the form and requirements for such notice by rule; authorizing a pole owner or its agent to transfer or relocate pole attachments of an attaching entity at the entity's expense under certain circumstances; providing an exception; requiring that the pole owner and its directors, officers, agents, and employees be held harmless under certain circumstances for such actions; authorizing a pole owner to remove and sell or dispose of certain abandoned pole attachments; authorizing the commission to require attaching entities to post certain security instruments by rule; requiring the commission to impose monetary penalties for violations; requiring the commission to provide grants to construct and install broadband infrastructure in this state from any monetary penalty collected; providing construction; requiring the commission to adopt rules by a specified date; providing a directive to the Division of Law Revision; providing an effective date.

820550

LEGISLATIVE ACTION

Senate	.	House
Comm: RCS	.	
04/20/2021	.	
	.	
	.	
	.	

The Committee on Appropriations (Albritton) recommended the following:

Senate Substitute for Amendment (529128) (with title amendment)

Delete everything after the enacting clause and insert:

Section 1. Paragraph (g) is added to subsection (13) of section 120.80, Florida Statutes, to read:

120.80 Exceptions and special requirements; agencies.—

(13) FLORIDA PUBLIC SERVICE COMMISSION.—

(g) Rules adopted by the Florida Public Service Commission

820550

to implement ss. 366.04(8) and (9) and 366.97 are not subject to s. 120.541.

Section 2. Subsections (4) through (9) are added to section 366.02, Florida Statutes, to read:

366.02 Definitions.—As used in this chapter:

(4) "Attaching entity" means a person that is a local exchange carrier, a public utility, a communications services provider, a broadband service provider, or a cable television operator that owns or controls pole attachments.

(5) "Communications services" has the same meaning as in s. 202.11(1).

(6) "Pole" means a pole used for electric distribution service, streetlights, communications services, local exchange services, or cable television services which is owned in whole or in part by a pole owner. The term does not include a pole used solely to support wireless communications services facilities.

(7) "Pole attachment" means any attachment by a public utility, local exchange carrier communications services provider, broadband provider, or cable television operator to a pole, duct, conduit, or right-of-way owned or controlled by a pole owner.

(8) "Pole owner" means a local exchange carrier, a public utility, a communications services provider, or a cable television operator that owns a pole.

(9) "Redundant pole" means a pole owned or controlled by a pole owner which is:

(a) Within 50 feet of a new pole that is intended to replace the old pole from which some or all of the pole

820550

attachments have not been removed and transferred to the new pole;

(b) Left standing after the pole owner has relocated its facilities to underground but on which pole attachments of other attaching entities remain; or

(c) Left standing after a pole owner's attachments have been removed from that route or location to accommodate a new route or design for the delivery of service.

Section 3. Subsections (8) and (9) are added to section 366.04, Florida Statutes, to read:

366.04 Jurisdiction of commission.—

(8)(a) The commission shall regulate and enforce rates, charges, terms, and conditions of pole attachments, including the types of attachments regulated under 47 U.S.C. s. 224(a)(4), attachments to streetlight fixtures, attachments to poles owned by a public utility, or attachments to poles owned by a communications services provider, to ensure that such rates, charges, terms, and conditions are just and reasonable. The commission's authority under this subsection includes, but is not limited to, the state regulatory authority referenced in 47 U.S.C. s. 224(c).

(b) In developing such rules, the commission shall consider the interests of the subscribers and users of the services offered through such pole attachments, as well as the interests of the consumers of any pole owner providing such attachments.

(c) It is the intent of the Legislature to encourage parties to enter into voluntary pole attachment agreements, and this subsection may not be construed to prevent parties from voluntarily entering into pole attachment agreements without

820550

commission approval.

(d) A party's right to nondiscriminatory access to a pole under this subsection is identical to the rights afforded under 47 U.S.C. s. 224(f)(1). A pole owner may deny access to its poles on a nondiscriminatory basis when there is insufficient capacity, for reasons of safety and reliability, and when required by generally applicable engineering purposes. A pole owner's evaluation of capacity, safety, reliability, and engineering requirements must consider relevant construction and reliability standards approved by the commission.

(e) The commission shall hear and resolve complaints concerning rates, charges, terms, conditions, voluntary agreements, or any denial of access relative to pole attachments with regard to the types of attachments regulated under 47 U.S.C. s. 224, attachments to streetlight fixtures, or attachments owned by a communications services provider. Federal Communications Commission precedent is not binding upon the commission in the exercise of its authority under this subsection. When taking action upon such complaints, the commission shall establish just and reasonable cost-based rates, terms, and conditions for pole attachments and shall apply the decisions and orders of the Federal Communications Commission and any appellate court decisions reviewing an order of the Federal Communications Commission regarding pole attachment rates, terms, or conditions in determining just and reasonable pole attachment rates, terms, and conditions unless a pole owner or attaching entity establishes by competent substantial evidence pursuant to proceedings conducted pursuant to ss. 120.569 and 120.57 that an alternative cost of service-based

820550

pole attachment rate is appropriate and in the public interest.

(f) In the administration and implementation of this subsection, the commission shall authorize any petitioning pole owner or attaching entity to participate as an intervenor with full party rights under chapter 120 in the first five formal administrative proceedings conducted to determine pole attachment rates under this section. These initial five proceedings are intended to provide commission precedent on the establishment of pole attachment rates by the commission and help guide negotiations toward voluntary pole attachment agreements. After the fifth such formal administrative proceeding is concluded by final order, parties to subsequent pole attachment rate proceedings are limited to the specific pole owner and pole attaching entities involved in and directly affected by the specific pole attachment rate.

(g) The commission shall adopt procedural rules by January 1, 2022, to administer and implement this subsection and, upon adoption of such rules, shall provide its certification to the Federal Communications Commission pursuant to 47 U.S.C. s. 224(c)(2).

(9)(a) The commission shall regulate the safety, vegetation management, repair, replacement, maintenance, relocation, emergency response, and storm restoration requirements for poles of communication services providers. This subsection does not apply to a communications services provider that owns no poles.

(b) The commission shall adopt rules by April 1, 2022, to administer and implement this subsection, including, but not limited to:

1. Mandatory pole inspections, including repair or

820550

replacement; vegetation management requirements for poles owned by providers of communications services; and

2. Monetary penalties to be imposed upon any communications services provider that fails to comply with any such rule of the commission. Monetary penalties imposed by the commission must be consistent with s. 366.095.

(c) The commission may access the books and records of communications services providers to the limited extent necessary to perform its functions and to exercise its authority under subsection (8), this subsection, and s. 366.97(4). Upon request by a communications services provider, any records that are shown and found to be proprietary confidential business information that is confidential or exempt from disclosure under s. 119.07(1) and s. 24(a), Art. 1 of the State Constitution which are received by the commission under this paragraph shall retain their confidential or exempt status when held by the commission.

Section 4. Section 366.97, Florida Statutes, is created to read:

366.97 Redundant poles; transfer of ownership.—

(1) The commission by rule shall determine a process by which pole owners shall provide at least 180 calendar days' electronic or written advance notice to affected attaching entities of major hardening projects the purpose of which is to replace poles to ensure the poles meet extreme wind loading requirements. The advance hardening project notice must include:

(a) The scope of the major hardening project, to the extent determined, the locations of the affected poles, the expected start date, and the expected completion date of the major

820550

hardening project; and

(b) The date, time, and location of a field meeting for the pole owner and attaching entities to review and discuss the planned major hardening project details, including the types of replacement poles to be used. The field meeting must occur no sooner than 15 calendar days after the date of the notice and no later than 60 calendar days after the notice and, at a minimum, must include sufficient information to enable the attaching entity to locate the affected poles and identify the owner of any facilities attached to the poles.

(2)(a) An attaching entity must remove its pole attachments from a redundant pole within 180 calendar days after receipt of an electronic or a written notice from the pole owner requesting such removal. The commission shall determine by rule the sufficiency of, and requirements for, such removal notice and may consider the use of a joint use notification software program to accomplish such removal notice.

(b) If an attaching entity fails to remove a pole attachment pursuant to paragraph (a), except to the extent excused by an event of force majeure or other good cause as determined by the commission, the pole owner or its agent may transfer or relocate the pole attachment to the new pole at the noncompliant attaching entity’s expense. This subsection does not apply to an electric utility’s pole attachments. An attaching entity shall submit payment to the pole owner within 60 days after receipt of the pole owner’s invoice. A pole owner may seek to enforce its right to payment under this paragraph in circuit court and is entitled to prejudgment interest at the prevailing statutory rate and reasonable attorney fees and court

820550

costs. Upon receipt by the pole owner of written notice that complies with the commission rule, the noncompliant attaching entity shall indemnify, defend, and hold harmless the pole owner and its directors, officers, agents, and employees from and against all liability, except to the extent of any finding of negligence or willful misconduct, including attorney fees and litigation costs, arising in connection with the transfer of the pole attachment from a redundant pole to a new pole by the pole owner.

(c) If a pole attachment is no longer in use by a noncompliant attaching entity, the pole owner or its agent may remove the pole attachment at the noncompliant attaching entity's expense and may sell or dispose of the pole attachment, except to the extent the attaching entity's noncompliance is excused by an event of force majeure or other good cause as determined by the commission. An attaching entity shall submit payment to the pole owner within 60 days after receipt of the pole owner's invoice. A pole owner may seek to enforce its right to payment under this paragraph in circuit court and is entitled to prejudgment interest at the prevailing statutory rate and reasonable attorney fees and court costs. Upon receipt by the pole owner of written notice that complies with the commission rule, the noncompliant attaching entity shall indemnify, defend, and hold harmless the pole owner and its directors, officers, agents, and employees from and against all liability, except to the extent of any finding of negligence or willful misconduct, including attorney fees and litigation costs, arising in connection with the removal, transfer, sale, or disposal of the pole attachments from a redundant pole by the pole owner.

820550

(d) The commission may require by rule that an attaching entity post security instruments in favor of pole owners in amounts reasonably sufficient to cover the cost of the removal, transfer, sale, or disposal of pole attachments. The rules do not apply to existing agreements between the pole owners and the attaching entity if the agreement expressly provides for, or disclaims, security requirements.

(3) Upon petition by a pole owner, the commission may issue orders requiring the removal or transfer of pole attachments by noncompliant attaching entities.

(4) This section may not be construed to do any of the following:

(a) Prevent a party at any time from entering into a voluntary agreement authorizing a pole owner to remove an attaching entity's pole attachment. It is the intent of the Legislature to encourage parties to enter into such voluntary agreements without commission approval.

(b) Impair the contract rights of a party to a valid pole attachment agreement in existence before the effective date of this act.

(5) The commission shall adopt rules by April 1, 2022, to implement this section, including rules providing for the timely and coordinated removal of all pole attachments from redundant poles and establishing monetary penalties to be imposed against any entity in violation of this section.

Section 5. The Division of Law Revision is directed to replace the phrase "the effective date of this act" wherever it occurs in this act with the date this act becomes a law.

Section 6. This act shall take effect upon becoming a law.

820550

And the title is amended as follows:

Delete everything before the enacting clause and insert:

A bill to be entitled

An act relating to utility and communications poles; amending s. 120.80, F.S.; exempting certain rules adopted by the Public Service Commission from legislative ratification requirements; amending s. 366.02, F.S.; defining terms; amending s. 366.04, F.S.; requiring the commission to regulate and enforce rates, charges, terms, and conditions for pole attachments under certain circumstances; providing requirements for such rules; providing construction; providing situations under which a pole owner may deny access to the owner's pole on a nondiscriminatory basis; requiring the commission to hear and resolve complaints concerning rates, charges, terms, conditions, voluntary agreements, and denial of access relative to pole attachments; requiring the commission to establish cost-based rates and charges for pole attachments and apply certain decisions and orders of the Federal Communications Commission; requiring the commission to authorize certain parties to participate as an intervenor in a specified number of administrative proceedings; requiring the commission to adopt rules by a specified date and provide certification to the Federal Communications Commission

upon such adoption; requiring the commission to regulate the safety, vegetation management, repair, replacement, maintenance, relocation, emergency response, and storm restoration requirements for poles of communications services providers; providing an exception; requiring the commission to adopt rules, including monetary penalties, by a specified date; authorizing the commission to access the books and records of communications services providers for specified purposes; providing that such information that contains proprietary confidential business information retains its confidential or exempt status when held by the commission; creating s. 366.97, F.S.; requiring the commission by rule to create a process requiring advance hardening project notice; requiring attaching entities to remove pole attachments from redundant poles within a specified timeframe after receipt of electronic or written notice from the pole owner; requiring the commission to provide the form and requirements for such notice by rule; authorizing a pole owner or its agent to transfer or relocate pole attachments of an attaching entity at the entity's expense under certain circumstances; providing an exception; requiring attaching entities to submit payment within a specified timeframe; authorizing pole owners to seek enforcement of such payment; requiring that the pole owner and its directors, officers, agents, and employees be held harmless under certain circumstances for such actions; authorizing a pole

820550

owner to remove and sell or dispose of certain abandoned pole attachments; authorizing the commission to require attaching entities to post certain security instruments by rule; authorizing the commission to issue orders for the removal or transfer of pole attachments by noncompliant attaching entities upon petition by a pole owner; providing construction; requiring the commission to adopt rules by a specified date; providing a directive to the Division of Law Revision; providing an effective date.

By Senator Albritton

26-01453-21 20211944__

A bill to be entitled

An act relating to utility and communications poles; amending s. 366.02, F.S.; defining terms; amending s. 366.04, F.S.; requiring the Public Service Commission to regulate and enforce rates, charges, terms, and conditions for pole attachments under certain circumstances; providing requirements for such rules; providing construction; providing situations under which a pole owner may deny access to the owner's pole on a nondiscriminatory basis; authorizing the commission to hear and resolve complaints concerning rates, charges, terms, conditions, voluntary agreements, and denial of access relative to pole attachments; requiring the commission, at the request of a party, to assume jurisdiction over certain complaints before the Federal Communications Commission; requiring the commission to adopt rules by a specified date; requiring the commission to regulate the safety, vegetation management, repair, replacement, maintenance, relocation, emergency response, and storm restoration requirements for certain plants and equipment of communications services providers; requiring the commission to adopt rules, including monetary penalties, by a specified date; creating s. 366.97, F.S.; providing legislative findings; requiring attaching entities to remove pole attachments from redundant poles within a specified timeframe after receipt of a written notice from the pole owner; requiring the commission to provide the

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

26-01453-21 20211944__

form and requirements for such notice; authorizing a pole owner or its agent to transfer or relocate pole attachments of an attaching entity at the entity's expense under certain circumstances; providing an exception; authorizing a pole owner to remove and sell or dispose of certain abandoned pole attachments; requiring that the pole owner and its directors, officers, agents, and employees be held harmless under certain circumstances for such actions; authorizing the commission to require attaching entities to post certain security instruments by rule; authorizing certain pole owners to transfer legal title of a redundant pole to an attaching entity that has not removed a pole attachment within a specified timeframe; providing for such transfer of title; providing for the transfer of obligation, responsibility, and liability of a pole to the new owner upon such a transfer of title; requiring the commission to impose monetary penalties for violations; requiring the commission to provide grants to install and upgrade broadband infrastructure in this state from any monetary penalty collected; providing construction; requiring the commission to adopt rules by a specified date; providing a directive to the Division of Law Revision; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Section 1. Subsection (4) through (9) are added to section 366.02, Florida Statutes, to read:

366.02 Definitions.—As used in this chapter:

(4) "Attaching entity" means a person that is a local exchange carrier, a public utility or an electric utility, a communications services provider, or a cable television operator who owns or controls pole attachments.

(5) "Communications services" has the same meaning as in s. 202.11.

(6) "Pole" means a pole, duct, conduit, or right-of-way that is used for wire or wireless communications or electricity distribution and that is owned in whole or in part by a pole owner, or a streetlight fixture that is owned in whole or in part by a public utility.

(7) "Pole attachments" means local exchange carrier, electric, communications services, or cable television facilities attached to a pole by an entity other than the pole owner.

(8) "Pole owner" means a local exchange carrier, a public utility or an electric utility, a communications services provider, a cable television operator, or other public utility which owns a pole used in whole or in part, for electrical purposes or for any wire or wireless communications.

(9) "Redundant pole" means a pole owned or controlled by a pole owner which is:

1. Within 50 feet of a new pole which is intended to replace the old pole from which some or all of the pole attachments have not been removed and transferred to the new pole;

2. Left standing after the pole owner has relocated its facilities to underground but on which pole attachments of other attaching entities remain; or

3. Left standing after a pole owner's attachments have been removed from that route or location to accommodate a new route or design for the delivery service.

Section 2. Subsections (8) and (9) are added to section 366.04, Florida Statutes, to read:

366.04 Jurisdiction of commission.—

(8)(a) The commission shall regulate and enforce rates, charges, terms, and conditions for pole attachments in situations in which a pole owner is unable to reach an agreement with a party seeking pole attachments, including the types of attachments regulated under 47 U.S.C. s. 224(a)(4), attachments to streetlight fixtures, or attachments to poles owned by a communications services provider, to ensure that such rates, charges, terms, and conditions are just and reasonable. The commission's authority under this subsection includes, but is not limited to, the state regulatory authority referenced in 47 U.S.C. s. 224(c).

(b) In developing the rules, the commission shall consider the interests of the subscribers and users of the services offered through such pole attachments, as well as the interests of the consumers of any pole owner providing such attachments.

(c) It is the intent of the Legislature to encourage parties to enter into voluntary pole attachment agreements, and this subsection may not be construed to prevent parties from voluntarily entering into pole attachment agreements without commission approval.

(d) A party's right to nondiscriminatory access to a pole under this subsection is identical to the rights afforded under 47 U.S.C. s. 224(f)(1). A pole owner may deny access to its poles on a nondiscriminatory basis when there is insufficient capacity, for reasons of safety and reliability, and when required by generally applicable engineering purposes. A pole owner's evaluation of capacity, safety, reliability, and engineering requirements must consider relevant construction and reliability standards approved by the commission and may include an evaluation of the financial and performance-related capabilities of the entity requesting attachment.

(e) The commission may hear and resolve complaints concerning rates, charges, terms, conditions, voluntary agreements, or any denial of access relative to pole attachments with regard to the types of attachments regulated under 47 U.S.C. s. 224, attachments to streetlight fixtures, or attachments owned by a communications services provider. Federal Communications Commission precedent is not binding upon the commission in the exercise of its authority under this subsection.

(f) Upon commencement of its authority under this subsection, the commission, upon the request of a party to a complaint proceeding pending before the Federal Communications Commission, shall assume jurisdiction over the matter if it is not yet subject to a final order of the Federal Communications Commission at the time of the request.

(g) The commission shall adopt rules by October 1, 2021, to administer and implement this subsection, including one or more appropriate formulae for apportioning costs.

(9)(a) The commission shall regulate the safety, vegetation management, repair, replacement, maintenance, relocation, emergency response, and storm restoration requirements for poles, conduits, ducts, pipes, pole attachments, wires, cables, and related plant and equipment of communication services providers. The commission shall require communications services providers to establish storm reserve funds for the repair and replacement of facilities after natural disasters.

(b) The commission shall adopt rules by October 1, 2021, to administer and implement this subsection, including, but not limited to:

1. Mandatory pole inspections, including repair or replacement; vegetation management requirements for poles owned by providers of communications services; the establishment of storm reserve funds; and the sequential and timely removal of pole attachments; and

2. Monetary penalties to be imposed upon any communication services provider that fails to comply with any such rule of the commission.

Section 3. Section 366.97, Florida Statutes, is created to read:

366.97 Redundant poles; transfer of ownership; penalties.—

(1) The Legislature finds that:

(a) It is in the public interest for public utilities, communications services providers, and cable television operators that own poles to harden their infrastructure to strengthen the ability of their above-ground infrastructure to withstand extreme weather conditions, by and among other things, replacing older poles with newer, stronger poles; however, this

work combined with the undergrounding of electrical facilities may result in redundant poles within public rights-of-way and easements for significant durations because owners of third-party pole attachments may not keep pace in removing their facilities from the old poles.

(b) Pole owners that set new poles are prevented from removing redundant poles when the pole attachments of other entities remain on the old poles. Such pole owners continue to incur liability as owners of poles they no longer use or want, but which continue to be used by other entities.

(c) Redundant poles in the public rights-of-way and easements are aesthetically unappealing and potentially create overcrowding of, and unsafe conditions in, the public rights-of-way and easements.

(d) It is in the public interest to timely and sequentially remove pole attachments from redundant poles and to transfer the ownership of poles from pole owners that are no longer using the poles to entities that continue to attach facilities to the poles.

(2)(a) An attaching entity must remove its pole attachments from a redundant pole within 90 calendar days after receipt of written notice from the pole owner requesting such removal. The commission shall provide the form and requirements for such notice.

(b) If an attaching entity fails to remove a pole attachment pursuant to paragraph (a), except to the extent excused by an event of force majeure or other good cause as determined by the commission, the pole owner or its agent may transfer or relocate the pole attachment to the new pole at the

non-compliant attaching entity's expense. This subsection does not apply to an electric utility's pole attachments.

(c) If a pole attachment is abandoned or no longer in use by a noncompliant attaching entity, the pole owner or its agent may remove the pole attachment at the noncompliant attaching entity's expense and may sell or dispose of the pole attachment. The noncompliant attaching entity shall indemnify, defend, and hold harmless the pole owner and its directors, officers, agents, and employees from and against all liability, except to the extent of any finding of gross negligence or willful misconduct, including attorney fees and litigation costs, arising in connection with the removal, transfer, sale, or disposal of the pole attachments from a redundant pole by the pole owner.

(d) The commission may require by rule that an attaching entity post security instruments in favor of pole owners in amounts reasonably sufficient to cover the cost of the removal, transfer, sale, or disposal of pole attachments.

(3)(a) When a pole owner removes and relocates its overhead facilities or converts its overhead facilities to underground, in lieu of removal, transfer, sale, or disposal of the pole attachments as provided in subsection (2), the pole owner may transfer legal title of the redundant pole to an attaching entity that has not removed a pole attachment within 90 days after receipt of a notice to remove.

(b) Transfer of title shall occur by operation of law upon the date a written notice of title transfer is sent by the pole owner. The notice of title transfer must include pole identification numbers, if applicable, and must describe with

specificity the locations of the pole or poles to be transferred and their corresponding remaining book value.

(c) Within 60 days after transferring title, the attaching entity shall remit payment to the transferor pole owner an amount equal to the total of the remaining book value for all poles listed in the notice of title transfer.

(d) A transferor pole owner may seek to enforce its rights under this subsection, including its right to payment, in the circuit court in whose jurisdiction the transferred poles are located. The transferor pole owner is entitled to prejudgment interest at the prevailing statutory rate, and the prevailing party in any such action is entitled to recover its reasonable attorney fees and court costs.

(e) Upon transfer of title, all obligation, responsibility, and liability incumbent upon a pole owner in this state including, but not limited to, safety, vegetation management, repair, replacement, maintenance, relocation, removal, emergency response, storm restoration, taxes, and third-party liability, shall immediately become the legal obligation, responsibility, and liability of the new pole owner. The transferor pole owner is relieved of all such obligation, responsibility, and liability immediately upon transfer of title.

(4) The commission shall impose monetary penalties upon any entity subject to its jurisdiction which is found to be in violation of this section. Upon petition by a pole owner, the commission may issue orders requiring the removal or transfer of pole attachments by noncompliant attaching entities and shall impose monetary penalties in accordance with this section.

(5) All monetary penalties assessed by the commission

pursuant to this section must be used by the commission to provide grants for the installing and upgrading of broadband infrastructure in unserved and underserved rural and low-income areas of this state. The commission shall establish criteria for the award of grants from the fund to businesses and organizations that have demonstrated the ability to construct and install infrastructure and that have submitted an application and proposal detailing how the grant funds would further the objectives of this subsection to expand broadband services in unserved and underserved areas.

(6) This section may not be construed to do any of the following:

(a) Prevent a party at any time from entering into a voluntary agreement authorizing a pole owner to remove an attaching entity's pole attachment. It is the intent of the Legislature to encourage parties to enter into such voluntary agreements without commission approval.

(b) Impair the contract rights of a party to a valid pole attachment agreement in existence before the effective date of this act.

(7) The commission shall adopt rules by October 1, 2021, to implement this section, including rules providing for the sequential removal of all pole attachments from redundant poles and establishing monetary penalties to be imposed against any entity in violation of this section.

Section 4. The Division of Law Revision is directed to replace the phrase "the effective date of this act" wherever it occurs in this act with the date this act becomes a law.

Section 5. This act shall take effect upon becoming a law.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/SB 7068
INTRODUCER:	Appropriations Committee and Finance and Tax Committee
SUBJECT:	Tax Administration
DATE:	April 21, 2021
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
	Bruno	Babin		**FT Submitted as Comm. Bill/Fav**
1.	Babin	Sadberry	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 7068:

- Provides an 8-day "back-to-school" tax holiday from July 31 through August 7, 2021, for certain clothing, school supplies, and personal computers.
- Provides a 10-day "disaster preparedness" tax holiday from May 28 through June 6, 2021, for specified disaster preparedness items.
- Creates a 2-year Internship Tax Credit Program to provide corporate income tax credits to businesses that employ and retain interns.
- Creates the Strong Families Tax Credit Program to provide tax credits to taxpayers that make contributions to certain family counseling charities.
- Increases the property tax exemption for multifamily project property that provides affordable housing from 50 percent to 100 percent.
- Extends the property tax exemption for educational property to certain leaseholds used by schools that teach motion picture production and related activities or services.
- Extends the property tax exemption for educational property to church property used for educational purposes.
- Creates a property tax exemption for municipally-owned motorsport entertainment complexes.
- Extends the application period for certain data centers to obtain a sales and use tax exemption on electricity and tangible personal property from June 30, 2022, to June 30, 2027.
- Clarifies the property tax treatment of property used for exempt and nonexempt purposes.
- Clarifies the property tax treatment of property damaged by calamity or misfortune.

- Allows owners of property to remove joint owners and deceased persons from deeds without reassessing the real property at just value and resetting applicable assessment limitations.
- Repeals Hospital Community Benefit Reporting requirements that take effect January 1, 2022.
- Removes the June 30, 2021, date after which no new businesses can be certified for the Qualified Target Industry Program.
- Clarifies that the modification of an interest rate index in a document upon which documentary stamp tax has already been paid is not subject to additional documentary stamp taxes.
- Removes the penalty for taxpayers who opt to prepay their property taxes in installments but submit their first payment after the due date.
- Provides an alternate method of determining the severance tax rate for titanium dioxide when the current price index cannot be used.
- Creates a process to allow freight forwarding agents to receive a Certificate of Freight Forwarding Agent Address which can be used to avoid payment of sales tax on tangible personal property to be exported.
- Requires dealers to provide records in an electronic format when the dealer currently maintains those records in an electronic format.
- Allows the aggregation of collection reporting periods to determine the degree of criminal offense for the prosecution of failure to remit taxes.

The bill reduces total state and local government revenue by $84.3 million ($34.7 recurring) in Fiscal Year 2021-2022. *See* Section V.

The bill appropriates $208,000 in General Revenue funds to the Department of Revenue to implement the Strong Families Tax Credit program.

The bill takes effect July 1, 2021.

II. Present Situation:

The present situation for each issue is described below in Section III, Effect of Proposed Changes.

III. Effect of Proposed Changes:

Section 1 – Hospital Community Benefit Reporting

Present situation: Florida exempts from property taxation the property of nonprofit hospitals qualified as 501(c)(3) charitable organizations.[1] Under federal law, a 501(c)(3) charitable organization must annually report the amount of community benefit the organization gives to the community. For hospitals, community benefit includes unreimbursed charity care, health research, health education, etc.

[1] Section 196.197, F.S.

In 2020, the Legislature created a process to compare the value of a nonprofit hospital's tax exemption to the value of the hospital's community benefit. If the hospital's tax exemption was more valuable for two consecutive years, the hospital's tax exemption is limited to the value of its community benefit. The process was created in s. 193.019, F.S., and begins January 1, 2022.

Proposed change: The bill repeals s. 193.019, F.S.

Section 2 – Change of Ownership

Present situation: Each year, the Save our Homes assessment limitation limits the assessed value growth of homestead property to 3 percent or less.[2] However, homestead property is reassessed at just value following a change of ownership. A change of ownership is any sale, foreclosure, or transfer of legal or beneficial title. However, Florida law makes a few exceptions. For example, the transfer of property between a husband and wife is not considered a change of ownership.

Proposed change: The bill amends s. 193.155, F.S., to create two additional situations when a change in the ownership of homestead property would not result in the property being reassessed at just value. A change of ownership would not occur when the owner entitled to the homestead exemption is both grantor and grantee, and when one or more other individuals who held title as joint tenants with rights of survivorship with the owner are removed from the title.

The bill also provides that a change of ownership does not occur when:
- Multiple owners hold title as joint tenants with rights of survivorship;
- One or more owners were entitled to an received the homestead exemption on the property;
- The death of one or more owners occurs; and
- Following the transfer, the surviving owner or owners previously entitled to receive the homestead exemption continue to be entitled to and receive the homestead exemption.

Sections 2 through 5 – Property Damaged by Calamity or Misfortune

Present situation: In general, changes, additions, or improvements to real property are assessed at just value as of the first January 1 after they are substantially completed.[3]

However, when property is damaged or destroyed by calamity or misfortune, the property may be repaired or replaced without the change, addition, or improvement being assessed at just value; rather, the change, addition, or improvement is assigned the taxable value and other tax characteristics (i.e. assessment limitation) that the damaged or replaced property had before being damaged or destroyed. This treatment has certain limitations. For instance, the change, addition, or improvement may not exceed 110 percent of the square footage of the property before it was damaged or destroyed.[4] Any square footage greater than 110 percent of the replaced property is assessed at just value. For residential property, the 110 percent limitation does not apply if the change, addition, or improvement is to property no larger than 1,500 square feet.[5]

[2] *See* s. 193.155(1), F.S.
[3] Sections 193.155(4)(a), 193.1554(6)(a), and 193.1555(6)(a), F.S.
[4] Sections 193.155(4)(b), 193.1554(6)(b), and 193.1555(6)(b), F.S.
[5] Section 193.155(4)(b), F.S.

While the treatment under current law is relatively clear regarding the main structures on property, such as residences and other buildings, the current statutes are less clear with regard to ancillary improvements such as piers, docks, etc.[6]

Proposed change: The bill clarifies that ancillary improvements may also be repaired or replaced without the change, addition, or improvement being assessed at just value and that the assessment made for repaired or replaced property must be calculated based on the assessed value as of the January 1 immediately before the damage or destruction occurred.

In addition, the changes made by the bill regarding property damaged or destroyed by calamity or misfortune are remedial and clarifying and may not affect any assessment for tax rolls before 2021, unless the assessment is under review by a value adjustment board or a Florida court. For property repaired or replaced prior to 2021 and not assessed as provided by the bill, a property appraiser must recalculate the just and assessed value for each subsequent year so that the 2021 tax roll and subsequent rolls are assessed as provided by the bill.

Sections 6 and 7 – Application of the Property Tax Exemption for Certain Exempt Property

Present situation: The State Constitution allows the Legislature to exempt from ad valorem taxation "such portions of property as are used predominantly for educational, literary, scientific, religious or charitable purposes."[7] To determine whether a property's use qualifies for such exemption, the property appraiser must consider the nature and extent of the qualifying activity compared to other activities or other uses of the property.[8]

Proposed change: The bill clarifies that a property's ad valorem tax exemption granted to those portions of property predominantly used for charitable, religious, scientific, or literary purposes is not affected so long as the predominant use of such property is for such charitable, religious, scientific, or literary purposes.

Section 8 – Affordable Housing Property Tax Exemption

Present situation: Florida provides a 50 percent discount from the amount of ad valorem tax otherwise owed for those portions of property in a multifamily project[9] that serve families meeting the extremely-low-income, very-low-income, or low-income limits specified in s. 420.0004, F.S. Such discount occurs after the 15th completed year of the term of an agreement with the Florida Housing Finance Corporation.[10] Applicants are required to submit an application to the property appraiser by March 1. The discount applies to the assessed value remaining after all other exemptions are granted.

[6] *See* ss. 193.155(4)(b), 193.1554(6)(b), and 193.1555(6)(b), F.S.
[7] FLA. CONST. art. VII, s. 3(a).
[8] Section 196.196(1), F.S.
[9] Multifamily projects must contain more than 70 units that are used to provide affordable housing to qualify for the discount. *See* s. 196.1978(2)(a)1., F.S.
[10] Section 196.1978(2)(a), F.S.

Proposed change: The bill exempts those portions of property in a multifamily project that provide affordable housing to families meeting the extremely-low-income, very-low-income, or low-income limits specified in s. 420.0004, F.S.

Sections 9 and 10– Educational Institution Property Tax Exemption

Present situation: Florida exempts from ad valorem tax property owned by an educational institution and used exclusively for educational purposes.[11] The exemption applies to any educational institution that uses the property for educational purposes; the institution can be for-profit or private. The exemption has been expanded to include unique ownership situations. For instance, land, buildings, and other improvements used exclusively for educational purposes is deemed to be owned by an educational institution (and therefore exempt) if the entity that owns the land is a nonprofit entity and the land is leased by an educational institution that is a 501(c)(3) entity that provides education limited to kindergarten through grade 8.[12]

An entity, institution, or organization that teaches students to perform services in connection with motion picture production may receive a sales tax exemption for their purchase or lease of tangible personal property or real property. Such institution must have enrolled at least 500 students and conduct classes at a fixed location in this state.[13]

Proposed change: The bill amends s. 196.198, F.S., to provide that land, buildings, and other improvements used exclusively for educational purposes shall be deemed owned by an educational institution if the educational institution that currently uses the land, buildings, and other improvements for educational purposes is an educational institution described under s. 212.0602, F.S, and, under a lease, the educational institution is responsible for any taxes owed and for ongoing maintenance and operational expenses for the land, buildings, and other improvements. The educational institution must receive the full benefit of the exemption. The owner of the property must disclose to the educational institution the full amount of the benefit derived from the exemption and the method for ensuring that the educational institution receives the benefit.

The bill also amends s. 196.198, F.S., to provide that property owned by a house of public worship and used by an educational institution for educational purposes limited to students in preschool through grade 8 shall be exempt. The bill provides that the provisions related to houses of public worship clarifies existing law and applies to actions pending as of July 1, 2021.

Section 11 – Municipally-owned Motorsports Entertainment Complexes

Present situation: All property owned by a municipality and used exclusively by it for municipal or public purposes is exempt from taxation.[14] Generally, all other leasehold interests in municipal property will be subject to tax; however, Florida law exempts municipally-owned property leased to nongovernmental lessees when such lessee performs a governmental, municipal, or

[11] Section 196.198, F.S.
[12] *Id.*
[13] Section 212.0606, F.S.
[14] FLA. CONST. art. VII, s. 3(a)

public purpose or is an organization using the property exclusively for literary, scientific, religious, or charitable purposes.[15]

Proposed change: The bill creates s. 196.199, F.S., to exempt from property tax municipal property used for a motorsports entertainment complex if the municipality is liable for payment of the tax pursuant a lease agreement entered into before January 1, 2020. The provision expires January 1, 2033.

Section 12 – Prepayment of Property Tax by Installment Method

Present Situation: Taxpayers are generally allowed to prepay property taxes in installments and to receive discounts on the first three of those payments. If the taxpayer elects to prepay his or her taxes, but is late with the first payment, the tax collector may either accept or not accept the first installment of the prepayment if made prior to July 31. If the tax collector chooses to accept the first installment then the discount is lost and the payment must be accompanied by a 5 percent penalty. If the tax collector chooses not to accept the late first installment, the taxpayer is not eligible to participate in the prepayment program for that tax year.

Proposed Change: The bill amends s. 197.222, F.S., to specify that tax collectors must accept late payments of a first installment if made prior to July 31 and removes the 5 percent penalty.

Section 13 – Documentary Stamp Tax on Interest Rate Index Changes

Present situation: The London Interbank Offered Rate (LIBOR) is an interest rate benchmark (reference rate) calculated daily from an average of estimated borrowing rates submitted by certain international banks.[16] LIBOR is the primary reference rate used in setting interest rates for adjustable rate mortgages, asset-backed securities, municipal bonds, credit default swaps, private student loans, and other types of debt.[17] LIBOR's regulator, the Financial Control Authority of the United Kingdom (FCA), indicated that LIBOR is expected to cease after the end of 2021.[18] The Board of Governors of the Federal Reserve System, the Office of the Comptroller of the Currency, and the Federal Deposit Insurance Corporation are recommending that banks cease entering into new contracts that use LIBOR as a reference rate by 2021.[19] According to the United States Securities and Exchange Commission, many legacy contracts have interest rate

[15] Section 196.199(2)(a) and (c), F.S.

provisions referencing LIBOR that, when drafted, did not contemplate the permanent discontinuation of LIBOR.[20]

Florida imposes a documentary stamp tax on notes and other written obligations to pay money executed, signed, or delivered in Florida and on mortgages, liens, and other evidences of indebtedness filed or recorded in Florida.[21] Renewals of previously taxed documents are also subject to the documentary stamp tax unless an exception or exemption applies.[22] Documents on which documentary stamp tax were paid and which use LIBOR as a reference rate may require modification to use a different reference rate.

Proposed change: The bill amends s. 201.08, F.S., to specify that a modification of an original document, on which the documentary stamp tax was previously paid, for the sole purpose of changing the interest rate due to the discontinuation of an index to which the original interest rate is referenced is not a renewal and is not subject to documentary stamp tax.

Sections 14, 21, 23 through 26, and 29 through 31 – Strong Families Tax Credit

Present situation: Florida currently does not offer tax credits relating to child welfare.

Proposed change: The bill creates s. 402.62, F.S., the Strong Families Tax Credit, which provides tax credits against various Florida taxes to businesses that make monetary contributions to certain eligible charitable organizations that provide services focused on child welfare and well-being. The structure of the Strong Families Tax Credit is modeled after the existing Florida Tax Credit Scholarship Program, providing credits against severance taxes on oil and gas production; the self-accrued sales tax liability of direct pay permit holders; the state corporate income tax; alcoholic beverage taxes; or the insurance premium tax.

The bill specifies requirements for an eligible charitable organization, which must be an s. 501(c)(3) organization under the Internal Revenue Code, must be a Florida entity with its principal office in Florida, and must provide services to:

- Prevent child abuse, neglect, abandonment, or exploitation;
- Assist fathers in learning and improving parenting skills or to engage absent fathers in being more engaged in their children's lives;
- Provide books to the homes of children eligible for a free or reduced-price meal program or those testing below grade level in kindergarten through fifth grade;
- Assist families who have children with a chronic illness or a physical, intellectual, developmental, or emotional disability; or
- Provide workforce development services to families of children eligible for a free or reduced-price meal program.

An eligible charitable organization cannot:

[20] United States Securities and Exchange Commission, *Staff Statement on LIBOR Transition*, Division of Corporation Finance, Division of Investment Management, Division of Trading and Markets, and Office of the Chief Accountant, July 12, 2019, *available at* https://www.sec.gov/news/public-statement/libor-transition (last visited April 14, 2021).
[21] Section 201.08(1), F.S.
[22] Section 201.08(1)(a) and (b), F.S., specifies the documents that are taxable as well as "for each renewal of the same."

- Provide, pay for, or provide coverage for abortions, or
- Receive more than 50 percent of its total annual revenue from the Department of Children and Families (DCF), either directly or indirectly in the prior fiscal year.

The bill specifies procedures and requirements for organizations to apply with the DCF, requires eligible charitable organizations to conduct criminal history background screening on all volunteers and staff working directly with children in any program funded by eligible contributions, requires the organizations to spend 100 percent of eligible contributions for the services listed above, and requires the organizations to submit annual audit reports to the DCF. The bill specifies requirements and procedures for, and limitations on, receiving, using, or transferring the tax credits, including applying with the Department of Revenue. Relating to the created state corporate income tax credit, the bill amends:

- Section 220.02, F.S., to specify the order in which the state corporate income tax credit is applied in relation to other corporate income tax credits;
- Section 220.13, F.S., to require a taxpayer to add claimed state corporate income tax credit amounts back to its taxable income, which prevents the taxpayer from claiming the amount as both a credit and a deduction; and
- Section 220.186, F.S., to specify that the Strong Families Tax Credit is not included in the calculation of the Florida alternative minimum tax credit.

The tax credit is capped at $5 million in each state fiscal year.

Section 15 – Titanium Dioxide Severance Tax Rate

Present situation: Florida imposes a tax on the severance of heavy minerals from the soils or waters of this state for commercial use. The heavy minerals tax rate is calculated each year based on the producer price index for titanium dioxide published by the U.S. Bureau of Labor Statistics. Due to a lack of data, this index is no longer created.[23] The Department of Revenue is permitted to adopt a comparable index by rule. However, the department is unable to identify a comparable index.

Proposed change: The bill amends s. 211.3106, F.S., to specify that if the producer price index is discontinued or cannot be calculated and if there is no comparable index, then the tax rate from the immediately preceding year must be used.

Sections 16 and 22 – Certificate of Forwarding Agent Address

Present situation: Tangible personal property delivered by the seller to a licensed exporter or common carrier for export outside Florida is not subject to sales tax.[24]

Certain forwarding agents receive tangible personal property at their place of business within Florida, consolidate the property for shipment, and deliver the property to a common carrier for shipment outside Florida. These transactions are exempt from sales tax under current law.

[23] U.S. Bureau of Labor Statistics, *Producer Price Index by Industry: Synthetic Dye and Pigment Manufacturing: Titanium Dioxide, Composite and Pure (DISCONTINUED) [PCU325130325130111*], retrieved from FRED, Federal Reserve Bank of St. Louis; https://fred.stlouisfed.org/series/PCU32513032513011 (last visited April 14, 2021).
[24] Section 212.06(5)(a)1., F.S.

However, the original vendor delivering the property to the Florida address frequently charges tax for these purchases as verifying the tax-exempt status can be difficult.

Proposed change: Generally, the bill amends s. 212.13, F.S., to create a process that allows forwarding agents to receive a certificate that can be provided to vendors to document the exempt nature of sales for export.

The bill defines the following terms:

- "Certificate" means a Florida Certificate of Forwarding Agent Address.
- "Facilitating" means preparation for or arranging for export.
- "Forwarding agent" means a person or business whose principal business activity is facilitating for compensation the export of property owned by other persons.
- "NAICS" means those classifications contained in the North American Industry Classification System as published in 2007 by the Office of Management and Budget, Executive Office of the President.

A forwarding agent engaged in international export may apply to the Department of Revenue for a Certificate of Forwarding Agent address. The application must include specified information concerning the forwarding agent's location and export activities. Each certificate expires five years after issue and requires the forwarding agent to update the application if material changes to the information contained in the application occur.

The bill amends s. 212.06, F.S., to add a forwarding agent who has received a Certificate of Forwarding Agent Address as a defined "dealer."

The bill specifies recordkeeping requirements and requires that records be stored in an electronic format.

The bill directs the department to verify that forwarding agents who possess a certificate are actively engaged in facilitating export of property. The bill also provides that the certificate cannot be used to fraudulently avoid sales tax and gives the department the authority to revoke certificates. The bill further provides that fraudulent activity is subject to liability for the tax and civil and criminal penalties.

The bill provides that a certificate may be accepted by a dealer in lieu of collecting and remitting sales tax. It further directs the department to create an online system for verification of certificates.

Section 17 – Data Center Sales Tax Exemption

Present situation: Data centers provide a central location for a business to house all of the necessary computer hardware—servers, server racks, cables and other infrastructure, and cooling components—and computer software required to organize, process, store and disseminate large amounts of data. Currently, approximately 111 data centers and colocation data centers are

located in Florida.[25] The majority of data centers located in Florida are in South Florida, Orlando, Tampa, and Jacksonville.[26] Currently, Florida exempts from the sales and use tax electricity used by a data center and the property purchased, rented, or leased by a data center's owners and tenants when used to construct, maintain, and operate computer server equipment at a data center. The data center's owners and tenants must make a cumulative capital investment of $150 million and the data center must have at least 15 megawatts of total power capacity and at least 1 megawatt of power capacity dedicated to each individual owner and tenant of the data center. Additionally, a datacenter must meet the requisite investment requirements no later than June 30, 2022, must submit to subsequent periodic review by the department to assure continued qualification, and is subject to revenue claw back provisions if it improperly utilizes the tax exemption.

Proposed change: The bill extends the ability to participate in the exemption from June 30, 2022, to June 30, 2027.

Section 18 – Sales Tax Exemption for Independent Living Items

Present situation: Sales and use tax applies to sales of tangible personal property, unless exempted. Florida currently does not exempt sales of items that assist in independent living.

Proposed change: The bill amends s. 212.08(5), F.S., to exempt from sales tax bed transfer handles selling for $60 or less; bed rails selling for $110 or less; grab bars selling for $100 or less; and shower seats selling for $100 or less. However, the exemption does not apply to purchases made by businesses, including medical institutions and assisted living facilities.

Section 19 – Electronic Records/Sales Tax Audit

Present situation: Sales and use tax dealers are required to maintain certain records and make those records available to the Department of Revenue for inspection during reasonable hours at the dealer's place of business.[27] Many dealers maintain records in an electronic format. However, the department has encountered dealers who refuse to share their records without a physical visit. Due to the pandemic, physical visits are limited.

It is unknown how many dealers keep their records in an electronic format. However, the department provided that approximately 85 percent of dealers file their taxes electronically.

Proposed change: The bill amends s. 212.13(2), F.S., to require dealers to provide electronic records, when requested by the department, if the dealer already maintains the records in an electronic format. The bill removes language referencing a physical visit requirement from s. 212.13(2), F.S.

[26] *Id.*
[27] Section 212.13(2), F.S.

Section 20 – Theft of State Funds

Present situation: When a dealer collects sales tax from customers but fails to remit those taxes to the state, the dealer can be prosecuted for theft of sales tax.[28] These prosecutions often involve multiple collection periods for which the dealer has collected but failed to remit taxes. Aggregation of collection periods is not specifically provided for in sales tax law. However, the general theft statute in Florida does allow the aggregation of amounts stolen from a similar course of conduct.[29]

Proposed change: The bill amends s. 212.15(2), F.S., providing specific authority for aggregation of collection reporting periods to determine the degree of criminal offense for the prosecution of failure to remit taxes, mirroring the construction of the general theft statute.

Sections 23, 24, and 27 – Internship Tax Credit

Present situation: Florida currently does not offer tax credits relating to student internships.

Proposed change: The bill creates s. 220.198, F.S., the Florida Internship Tax Credit Program, which authorizes a state corporate income tax credit of $2,000 for each student intern employed by a qualified business, up to a maximum of $10,000 in any taxable year, for taxable years beginning on or after January 1, 2022.

The bill amends s. 220.02, F.S., to specify the order in which the credit is applied in relation to other corporate income tax credits. The bill amends s. 220.13, F.S., to require a taxpayer to add claimed credit amounts back to its taxable income, which prevents the taxpayer from claiming the amount as both a credit and a deduction.

The bill defines a "student intern" as a person who has completed at least 60 credit hours at a state university or a Florida College System institution, regardless of whether the student intern receives course credit for the internship; a person who is enrolled in a career center operated by a school district under s. 1001.44, F.S., or a charter technical career center; or any graduate student enrolled at a state university. The bill defines "full time" as at least 30 hours per week. The bill defines a "qualified business" as a business that is in existence and has been continuously operating for at least three years.

The bill authorizes a qualified business to receive a credit against Florida corporate income tax liability in the amount of $2,000 per student intern employed by the qualified business. Under the bill, a business would qualify to receive the tax credit if:

- The business employed at least one student in an internship in which the student worked full time for at least nine consecutive weeks, and the qualified business provides the department documentation evidencing each internship claimed.
- At the start of an internship, each student intern provides the qualified business with verification by the student intern's state university, Florida College System institution, career center operated by a school district under s. 1001.44, F.S., or charter technical career center

[28] Section 212.15(2), F.S.
[29] Section 812.012(10)(c), F.S.

that the student intern is enrolled and maintains a minimum grade point average of 2.0 on a 4.0 scale, if applicable. The qualified business may accept a letter from the applicable educational institution stating that the student intern is enrolled as evidence that the student meets these requirements.

- The qualified business provides the department documentation for the current taxable year to show that at least 20 percent of the business's full-time employees were previously employed by that business as student interns, or the business:
  - For the three prior years on average, employed ten or fewer full-time employees;
  - Previously hired at least one student intern; and
  - For the current taxable year, employs on a full-time basis at least one employee who was previously employed by the business as a student intern.

The bill establishes a maximum credit of $10,000 in any taxable year and authorizes a qualified business to carry forward any unused portion of the tax credit for up to two taxable years. The combined total amount of tax credits which may be granted is capped at $2.5 million in each of state Fiscal Years 2021-2022 and 2022-2023. The department must approve the tax credit prior to the taxpayer taking the credit on a return, and must approve credits on a first-come, first-served basis.

The bill authorizes the Department of Revenue to adopt rules governing the manner and form of applications for the tax credit and establishing qualification requirements for the tax credit.

Sections 28 – Qualified Target Industry Businesses Tax Refund Program

Present situation: The Qualified Target Industry (QTI) Tax Refund Program was created by the Legislature in 1994 to encourage the creation and retention of high-quality, high-wage jobs by providing a state grant equal to the amount paid for certain state and local taxes[30] to eligible businesses creating jobs in certain target industries.[31] The amount of the tax refund awarded through the program is determined by, among other factors, the number of jobs created by, the average annual wages paid by, and the location of, the eligible business.[32] As of June 30, 2020, no additional applicants may be certified under the program; existing agreements made prior to this date will continue in effect according to their terms.[33]

In order to be eligible to receive a grant, a business must apply to be certified as a QTI business with the Department of Economic Opportunity (DEO). Businesses must be engaged in one of Florida's target industries as identified by the DEO and Enterprise Florida, Inc.[34] The current qualified target industries are aviation and aerospace; corporate headquarters; clean technology;

[30] Tax refunds may be claimed for the following taxes paid: sales and use taxes, corporate income taxes, insurance premium taxes, intangible personal property taxes, excise taxes, ad valorem taxes, certain state communication services taxes, excise taxes on documents. *See* s. 288.106(3)(d), F.S.
[31] Section 288.106(1), F.S.
[32] Section 288.106(3)(b), F.S.
[33] Section 288.106(9), F.S.
[34] Section 288.106(2)(q), F.S. Every three years, beginning January 1, 2011, the DEO must consult with EFI, economic development organizations, the State University System, local governments, employee and employer organizations, market analysts, and economists to review and revise the list of target industries. Target industries are determined according to criteria found in statute.

defense and homeland security; financial and professional services; global logistics and trade; information technology; life sciences; manufacturing; and research and development.[35]

A business applying for certification as a QTI business generally must meet certain job creation and minimum average wage requirements and receive a local funding match, paid by public or private sources, equal to 20 percent of the annual tax refund. QTI businesses are eligible to receive a tax refund equal to $3,000 per newly created job. If a business is located in a rural community or an enterprise zone, the amount is increased to $6,000 per created job. QTI businesses may also receive certain additional tax refund payments based on meeting certain average annual wage or local financial support thresholds or other specified requirements.[36]

A qualified target industry business cannot receive more than $1.5 million in any fiscal year, or more than $2.5 million in any fiscal year if the business is located in an enterprise zone.[37] The total state share of payments under the QTI Tax Refund Program plus under the qualified defense contractor and space flight business tax refund program[38] may not exceed $35 million.[39]

In Fiscal Year 2019-2020, the last fiscal year during which applicants could be certified under the program, 7,890 jobs were created by 159 businesses actively participating in the program. The total number of jobs created exceeded the number of total new jobs expected to be created by 3,068.[40]

Proposed change: The bill repeals s. 288.106(9), F.S., which prohibits the certification of applicants after June 30, 2020. In effect, the bill permanently reauthorizes the QTI program.

Section 32 – "Back-to-School" Sales Tax Exemption

Present situation: Florida has enacted a "back-to-school" sales tax holiday 19 times since 1998. The Florida Residents' Tax Relief Act of 1998 established Florida's first tax holiday, during which clothing purchases of $50 or less were exempt from tax.[41] Backpacks were added to the tax holiday in 1999 and school supplies were added in 2001. In 2013, the Legislature expanded the exemption to include personal computers and related accessories selling for $750 or less, purchased for noncommercial home or personal use. The duration of "back-to-school" sales tax holidays has varied from three to ten days. The type and value of exempt items have also varied.

Florida's 75 school district began the 2020-21 school year between August 10 and August 31, 2020.[42]

[36] Section 288.106(3)(b), F.S.
[37] Section 288.106(3)(c), F.S.
[38] Section 288.1045, F.S.
[39] Section 288.095(3)(a), F.S.
[40] *Supra* note 38, at 7-8.
[41] Chapter 98-341, Laws of Fla.
[42] Florida Department of Education, *PK-12 Public School Data Publications and Reports, School District Calendars, available at* http://www.fldoe.org/accountability/data-sys/edu-info-accountability-services/pk-12-public-school-data-pubs-reports/index.stml (last visited April 14, 2021).

Proposed change: The bill establishes an 8-day period, from July 31 to August 7, 2021, during which time the following items that cost $60 or less are exempt from the state sales tax and county discretionary sales surtaxes:

- Clothing (defined as an "article of wearing apparel intended to be worn on or about the human body," but excluding watches, watchbands, jewelry, umbrellas, and handkerchiefs);
- Footwear (excluding skis, swim fins, roller blades, and skates);
- Wallets; and
- Bags (including handbags, backpacks, fanny packs, and diaper bags, but excluding briefcases, suitcases, and other garment bags).

The bill also exempts various "school supplies" that cost $15 or less per item and the first $1,000 of the sales price of personal computers and related accessories purchased for noncommercial home or personal use. This would include tablets, laptops, monitors, input devices, and non-recreational software. Cell phones and furniture, and devices or software intended primarily for recreational use, are not exempted.

The exemptions provided for in the "back-to-school" holiday do not apply to the following:

- Sales within a theme park or entertainment complex, as defined in s. 509.013(9), F.S.;
- Sales within a public lodging establishment, as defined in s. 509.013(4), F.S.; and
- Sales within an airport, as defined in s. 330.27(2), F.S.

A dealer may choose not to participate in the sales tax holiday if less than 5 percent of the dealer's gross sales of tangible personal property in the prior calendar year are comprised of items that would be exempt under the bill. If a dealer chooses not to participate in the tax holiday, the dealer must, by July 24, 2021, notify the Department of Revenue in writing of its election to collect sales tax during the holiday and must post a copy of that notice in a conspicuous location at its place of business. The department is authorized to adopt emergency rules to implement the provisions of the tax holidays.

Section 33 – Sales Tax Exemption for Items Related to Disaster Preparedness

Present situation: Florida has enacted a "disaster preparedness" sales tax holiday seven times since 2006, exempting specified items in preparation for the Atlantic hurricane season that officially begins June 1 of each year. The types and values of exempted items have varied, and the length of the exemption periods has varied from 3 to 12 days.

The Florida Division of Emergency Management recommends having a disaster supply kit with items such as a battery operated radio, flashlight, batteries, and first-aid kit to last for a minimum of 7 days.[43]

Proposed change: The bill establishes a 10-day sales tax holiday, from May 28 to June 6, 2021, for specified items related to disaster preparedness. During the holiday, the following items are exempt from the state sales tax and county discretionary sales surtaxes:

- A portable self-powered light source selling for $20 or less;

[43] Florida Division of Emergency Management, *Plan & Prepare: Disaster Supply Kit, available at* https://www.floridadisaster.org/planprepare/hurricane-supply-checklist/ (last visited April 14, 2021).

- A portable self-powered radio, two-way radio, or weather band radio selling for $50 or less;
- A tarpaulin or other flexible waterproof sheeting selling for $50 or less;
- A ground anchor system or tie-down kit selling for $50 or less;
- A gas or diesel fuel tank selling for $25 or less;
- A package of AAA-cell, AA-cell, C-cell, D-cell, 6-volt, or 9-volt batteries, excluding automobile and boat batteries, selling for $30 or less;
- A nonelectric food storage cooler selling for $30 or less;
- A portable generator that is used to provide light or communications or preserve food in the event of a power outage selling for $750 or less; and
- Reusable ice selling for $10 or less.

The exemptions provided for in this sales tax holiday do not apply to the following sales:
- Sales within a theme park or entertainment complex, as defined in s. 509.013(9), F.S.;
- Sales within a public lodging establishment, as defined in s. 509.013(4), F.S.; and
- Sales within an airport, as defined in s. 330.27(2), F.S.

The Department of Revenue is authorized to adopt emergency rules to implement the provisions of the tax holidays.

Sections 34 through 37 reenact provisions to incorporate amendments made by this act.

Section 38 authorizes the Department of Revenue to adopt emergency rules to implement the Strong Families Tax Credit and the Internship Tax Credits.

Section 39 appropriates $208,000 in nonrecurring funds from the General Revenue Fund to the Department of Revenue to implement the Strong Families Tax Credit.

Section 40 requires the Florida Institute for Child Welfare to analyze the use of funding provided by the Strong Families Tax Credit and to provide a report to the Governor, President of the Senate, and Speaker of the House by October 31, 2025.

Section 41 provides for severability.

Section 42 provides that the bill is effective on July 1, 2021, except as otherwise provided.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Article VII, s. 18 of the Florida Constitution governs laws that require counties and municipalities to spend funds or limits their ability to raise revenue or receive state tax revenue.

Subsection (b) of Article VII, s. 18 of the Florida Constitution provides that, except upon approval by each house of the Legislature by two-thirds vote of its membership, the Legislature may not enact, amend, or repeal any general law if the anticipated effect of doing so would be to reduce the authority that municipalities or counties have to raise

revenue in the aggregate. However, the mandates requirements do not apply to laws having an insignificant fiscal impact[44,45] which for Fiscal Year 2021-2022, is forecast at $2.2 million or less.[46]

The Revenue Estimating Conference determined that the bill will reduce the authority that counties have to raise revenue from the local option sales tax by $8.9 million in Fiscal Year 2021-2022. The bill also reduces local government revenues from ad valorem taxes by $8.8 million. Therefore, the mandates provision may apply.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

The bill does not create or raise state taxes or fees. Therefore, the requirements of Art. VII, s. 19 of the State Constitution do not apply

E. Other Constitutional Issues:

Florida exempts all property owned by a municipality and used exclusively by it for municipal or public purposes.[47] "Governmental, municipal, or public purpose" has been defined to include, in relevant part:

> "the use by a lessee, licensee, or management company of real property or a portion thereof as a convention center, visitor center, sports facility with permanent seating, concert hall, arena, stadium, park, or beach is deemed a use that serves a governmental, municipal, or public purpose or function when access to the property is open to the general public with or without a charge for admission."[48]

However, the Florida Supreme Court in *Sebring*[49] affirmed the Second District Court of Appeal's opinion[50] that the above provision is unconstitutional and "would have created

[44] FLA. CONST. art. VII, s. 18(d).
[45] An insignificant fiscal impact is the amount not greater than the average statewide population for the applicable fiscal year multiplied by $0.10. *See* Florida Senate Committee on Community Affairs, Interim Report 2012-115: Insignificant Impact at p. 1, (September 2011), available at http://www.flsenate.gov/PublishedContent/Session/2012/InterimReports/2012-115ca.pdf (last visited April 14, 2021).
[46] Based on the Demographic Estimating Conference's April 1, 2021, estimated population, adopted on March 3, 2021,. The conference packet is *available* at http://edr.state.fl.us/Content/conferences/population/ConferenceResults.pdf (last visited April 14, 2021).
[47] FLA. CONST. art. VII, s. 3(a).
[48] Section 196.012(6), F.S.
[49] *Sebring Airport Authority v. McIntyre*, 783 So.2d 238 (Fla. 2001)
[50] *Sebring Airport Authority v. McIntyre*, 718 So.2d 296 (Fla. 2d DCA 1998)

an ad valorem tax exemption for situations where private enterprise leases governmental property to be utilized for profit-making endeavors…."[51] To the extent that provisions of the bill granting an exemption to municipal property rely on such property meeting a public purpose as described in s. 196.012(6), F.S., the provisions may raise constitutional questions.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

The bill reduces revenues in Fiscal Year 2021-2022 by $84.3 million ($34.7 million recurring); General Revenue Fund receipts are reduced by $59.8 million ($9.0 million recurring), state trust fund receipts are reduced by an amount less than $50,000, and local government revenue is reduced by $24.5 million ($25.7 million recurring), as displayed in the table below.

Total tax reductions are represented by the sum of the recurring impacts (reflecting the annual value of permanent tax cuts when fully implemented) and the pure nonrecurring impacts (reflecting temporary tax reductions). The total tax reduction of $110.5 million is the sum of $34.7 million (recurring), and $75.8 million (pure nonrecurring in Fiscal Year 2021-2022, excluding appropriations).

Pure Nonrecurring = (75.8)
Recurring + Pure Nonrecurring (2) = (110.5)

Appropriations Detail - The $208,000 in general revenue appropriations included in the bill is to implement the Strong Families Tax Credit.

B. Private Sector Impact:

The bill provides for an 8-day sales tax holiday for purchases of certain priced clothing, school supplies, and personal computers; a 10-day sales tax holiday for purchases of

various items relating to disaster preparedness; a sales tax exemption for independent living items; property tax exemptions for affordable housing and certain education facilities; a tax credit program to incentivize the hiring of interns; and a tax credit program to incentivize donations to organizations that provide services focused on child welfare and well-being.

C. Government Sector Impact:

None.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

The bill substantially amends the following sections of the Florida Statutes: 192.001, 193.019, 193.155, 193.1554, 193.1555, 196.196, 196.1978, 196.198, 196.199, 197.222, 201.08, 211.3106, 212.06, 212.08, 212.13, 212.15, 213.053, 220.02, 220.13, 220.186, and 288.106.

The bill creates the following sections of the Florida Statutes: 211.0252, 212.1833, 220.1876, 220.198, 402.62, 561.1212, and 624.51056.

The bill reenacts the following sections of the Florida Statutes: 192.0105, 193.1557, 212.07, and 212.08.

The bill creates seven undesignated sections of Florida law.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Appropriations on April 19, 2021:
The committee substitute:

- Provides an 8-day "back-to-school" tax holiday.
- Provides a 10-day "disaster preparedness" tax holiday.
- Creates a 2-year Internship Tax Credit Program.
- Creates the Strong Families Tax Credit Program.
- Increases the property tax exemption for certain affordable housing property.
- Extends the property tax exemption for educational property to certain leaseholds and certain church property used for educational purposes.
- Creates a property tax exemption for municipally owned motorsport complexes.
- Extends the application period for the data center sales tax exemption.

- Clarifies the property tax treatment of property used for exempt purposes.
- Clarifies the property tax treatment of property damaged by calamity or misfortune.
- Allows property owners to remove joint owners and deceased persons from deeds without reassessing the property.
- Repeals Hospital Community Benefit Reporting requirements.
- Allows new businesses to qualify for the Qualified Target Industry Program.
- Clarifies that the modification of an interest rate index in certain documents is not subject to additional documentary stamp taxes.
- Removes the penalty for taxpayers who opt to prepay their property taxes.
- Provides an alternate method of determining the severance tax rate for titanium dioxide.
- Creates a process for freight forwarders to document exempt exported sales.
- Requires dealers to provide records in an electronic format when available.
- Allows the aggregation of collection reporting periods to determine the degree of criminal offense for the prosecution of failure to remit taxes.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

143252

LEGISLATIVE ACTION

Senate	.	House
Comm: RCS	.	
04/20/2021	.	
	.	
	.	
	.	

The Committee on Appropriations (Rodriguez) recommended the following:

Senate Amendment (with title amendment)

Delete everything after the enacting clause and insert:

Section 1. Effective upon this act becoming a law, section 193.019, Florida Statutes, is repealed.

Section 2. Paragraph (a) of subsection (3) and paragraph (b) of subsection (4) of section 193.155, Florida Statutes, are amended to read:

193.155 Homestead assessments.—Homestead property shall be

assessed at just value as of January 1, 1994. Property receiving the homestead exemption after January 1, 1994, shall be assessed at just value as of January 1 of the year in which the property receives the exemption unless the provisions of subsection (8) apply.

(3)(a) Except as provided in this subsection or subsection (8), property assessed under this section shall be assessed at just value as of January 1 of the year following a change of ownership. Thereafter, the annual changes in the assessed value of the property are subject to the limitations in subsections (1) and (2). For the purpose of this section, a change of ownership means any sale, foreclosure, or transfer of legal title or beneficial title in equity to any person, except if any of the following apply:

1. Subsequent to the change or transfer, the same person is entitled to the homestead exemption as was previously entitled and:

a. The transfer of title is to correct an error;

b. The transfer is between legal and equitable title or equitable and equitable title and no additional person applies for a homestead exemption on the property;

c. The change or transfer is by means of an instrument in which the owner is listed as both grantor and grantee of the real property and one or more other individuals are additionally named as grantee. However, if any individual who is additionally named as a grantee applies for a homestead exemption on the property, the application is considered a change of ownership; ~~or~~

d. The change or transfer is by means of an instrument in

which the owner entitled to the homestead exemption is listed as both grantor and grantee of the real property and one or more other individuals, all of whom held title as joint tenants with rights of survivorship with the owner, are named only as grantors and are removed from the title; or

e. The person is a lessee entitled to the homestead exemption under s. 196.041(1).

2. Legal or equitable title is changed or transferred between husband and wife, including a change or transfer to a surviving spouse or a transfer due to a dissolution of marriage;

3. The transfer occurs by operation of law to the surviving spouse or minor child or children under s. 732.401; ~~or~~

4. Upon the death of the owner, the transfer is between the owner and another who is a permanent resident and who is legally or naturally dependent upon the owner; or

5. The transfer occurs with respect to a property where all of the following apply:

a. Multiple owners hold title as joint tenants with rights of survivorship;

b. One or more owners were entitled to and received the homestead exemption on the property;

c. The death of one or more owners occurs; and

d. Subsequent to the transfer, the surviving owner or owners previously entitled to and receiving the homestead exemption continue to be entitled to and receive the homestead exemption.

(4)

(b)1. Changes, additions, or improvements that replace all or a portion of homestead property, including ancillary

improvements, damaged or destroyed by misfortune or calamity shall be assessed upon substantial completion as provided in this paragraph. Such assessment must be calculated using ~~shall not increase~~ the homestead property's assessed value as of the January 1 immediately before the date on which the damage or destruction was sustained, subject to the assessment limitations in subsections (1) and (2), when:

a. The square footage of the homestead property as changed or improved does not exceed 110 percent of the square footage of the homestead property before the damage or destruction; or~~.~~

b. ~~Additionally, the homestead property's assessed value shall not increase if~~ The total square footage of the homestead property as changed or improved does not exceed 1,500 square feet. ~~Changes, additions, or improvements that do not cause the total to exceed 110 percent of the total square footage of the homestead property before the damage or destruction or that do not cause the total to exceed 1,500 total square feet shall be reassessed as provided under subsection (1).~~

2. The homestead property's assessed value must ~~shall~~ be increased by the just value of that portion of the changed or improved homestead property which is in excess of 110 percent of the square footage of the homestead property before the damage or destruction or of that portion exceeding 1,500 square feet.

3. Homestead property damaged or destroyed by misfortune or calamity which, after being changed or improved, has a square footage of less than 100 percent of the homestead property's total square footage before the damage or destruction shall be assessed pursuant to subsection (5).

4. Changes, additions, or improvements assessed pursuant to

this paragraph must be reassessed pursuant to subsection (1) in subsequent years. This paragraph applies to changes, additions, or improvements commenced within 3 years after the January 1 following the damage or destruction of the homestead.

Section 3. Paragraph (b) of subsection (6) of section 193.1554, Florida Statutes, is amended to read:

193.1554 Assessment of nonhomestead residential property.—

(6)

(b)1. Changes, additions, or improvements that replace all or a portion of nonhomestead residential property, including ancillary improvements, damaged or destroyed by misfortune or calamity must be assessed upon substantial completion as provided in this paragraph. Such assessment must be calculated using ~~shall not increase~~ the nonhomestead property's assessed value as of the January 1 immediately before the date on which the damage or destruction was sustained, subject to the assessment limitations in subsections (3) and (4), when:

a. The square footage of the property as changed or improved does not exceed 110 percent of the square footage of the property before the damage or destruction; or~~.~~

b. ~~Additionally, the property's assessed value shall not increase if~~ The total square footage of the property as changed or improved does not exceed 1,500 square feet. ~~Changes, additions, or improvements that do not cause the total to exceed 110 percent of the total square footage of the property before the damage or destruction or that do not cause the total to exceed 1,500 total square feet shall be reassessed as provided under subsection (3).~~

2. The property's assessed value must ~~shall~~ be increased by

the just value of that portion of the changed or improved property which is in excess of 110 percent of the square footage of the property before the damage or destruction or of that portion exceeding 1,500 square feet.

3. Property damaged or destroyed by misfortune or calamity which, after being changed or improved, has a square footage of less than 100 percent of the property's total square footage before the damage or destruction shall be assessed pursuant to subsection (8).

4. Changes, additions, or improvements assessed pursuant to this paragraph shall be reassessed pursuant to subsection (3) in subsequent years. This paragraph applies to changes, additions, or improvements commenced within 3 years after the January 1 following the damage or destruction of the property.

Section 4. Paragraph (b) of subsection (6) of section 193.1555, Florida Statutes, is amended to read:

193.1555 Assessment of certain residential and nonresidential real property.—

(6)

(b)1. Changes, additions, or improvements that replace all or a portion of nonresidential real property, including ancillary improvements, damaged or destroyed by misfortune or calamity must be assessed upon substantial completion as provided in this paragraph. Such assessment must be calculated using ~~shall not increase~~ the nonresidential real property's assessed value as of the January 1 immediately before the date on which the damage or destruction was sustained, subject to the assessment limitations in subsections (3) and (4), when:

a. The square footage of the property as changed or

improved does not exceed 110 percent of the square footage of the property before the damage or destruction; and

b. The changes, additions, or improvements do not change the property's character or use. ~~Changes, additions, or improvements that do not cause the total to exceed 110 percent of the total square footage of the property before the damage or destruction and do not change the property's character or use shall be reassessed as provided under subsection (3).~~

2. The property's assessed value must ~~shall~~ be increased by the just value of that portion of the changed or improved property which is in excess of 110 percent of the square footage of the property before the damage or destruction.

3. Property damaged or destroyed by misfortune or calamity which, after being changed or improved, has a square footage of less than 100 percent of the property's total square footage before the damage or destruction shall be assessed pursuant to subsection (8).

4. Changes, additions, or improvements assessed pursuant to this paragraph must be reassessed pursuant to subsection (3) in subsequent years. This paragraph applies to changes, additions, or improvements commenced within 3 years after the January 1 following the damage or destruction of the property.

Section 5. (1) The amendments made by this act to sections 193.155(4), 193.1554, and 193.1555, Florida Statutes, are remedial and clarifying in nature, but the amendments may not affect any assessment for tax rolls before 2021 unless the assessment is under review by a value adjustment board or a Florida court as of July 1, 2021. If changes, additions, or improvements that replaced all or a portion of property damaged

or destroyed by misfortune or calamity were not assessed in accordance with this act as of the January 1 immediately after they were substantially completed, the property appraiser must determine the assessment for the year they were substantially completed and recalculate the just and assessed value for each subsequent year so that the 2021 tax roll and subsequent tax rolls will be corrected.

(2) The amendments made by this act to ss. 193.155(4), 193.1554, and 193.1555, Florida Statutes, apply to assessments made on or after January 1, 2021.

Section 6. Subsection (2) of section 196.196, Florida Statutes, is amended to read:

196.196 Determining whether property is entitled to charitable, religious, scientific, or literary exemption.—

(2) Only those portions of property used predominantly for charitable, religious, scientific, or literary purposes are ~~shall be~~ exempt. The portions of property which are not predominantly used for charitable, religious, scientific, or literary purposes are not exempt. An exemption for the portions of property used for charitable, religious, scientific, or literary purposes is not affected so long as the predominant use of such property is for charitable, religious, scientific, or literary purposes. In no event shall an incidental use of property either qualify such property for an exemption or impair the exemption of an otherwise exempt property.

Section 7. The amendment made by this act to s. 196.196, Florida Statutes, first applies to the 2022 tax roll and does not provide a basis for an assessment of any tax not paid or create a right to a refund or credit of any tax paid before July

1, 2021.

Section 8. Subsection (2) of section 196.1978, Florida Statutes, is amended to read:

196.1978 Affordable housing property exemption.—

(2)(a) Notwithstanding ss. 196.195 and 196.196, property in a multifamily project that meets the requirements of this paragraph is considered property used for a charitable purpose and is exempt ~~shall receive a 50 percent discount~~ from ~~the amount of~~ ad valorem tax ~~otherwise owed~~ beginning with the January 1 assessment after the 15th completed year of the term of the recorded agreement on those portions of the affordable housing property that provide housing to natural persons or families meeting the extremely-low-income, very-low-income, or low-income limits specified in s. 420.0004. The multifamily project must:

1. Contain more than 70 units that are used to provide affordable housing to natural persons or families meeting the extremely-low-income, very-low-income, or low-income limits specified in s. 420.0004; and

2. Be subject to an agreement with the Florida Housing Finance Corporation recorded in the official records of the county in which the property is located to provide affordable housing to natural persons or families meeting the extremely-low-income, very-low-income, or low-income limits specified in s. 420.0004.

This exemption ~~discount~~ terminates if the property no longer serves extremely-low-income, very-low-income, or low-income persons pursuant to the recorded agreement.

(b) To receive the exemption ~~discount~~ under paragraph (a), a qualified applicant must submit an application to the county property appraiser by March 1.

(c) The property appraiser shall apply the exemption to ~~discount by reducing the taxable value on~~ those portions of the affordable housing property that provide housing to natural persons or families meeting the extremely-low-income, very-low-income, or low-income limits specified in s. 420.0004 before certifying the tax roll to the tax collector.

~~1. The property appraiser shall first ascertain all other applicable exemptions, including exemptions provided pursuant to local option, and deduct all other exemptions from the assessed value.~~

~~2. Fifty percent of the remaining value shall be subtracted to yield the discounted taxable value.~~

~~3. The resulting taxable value shall be included in the certification for use by taxing authorities in setting millage.~~

~~4. The property appraiser shall place the discounted amount on the tax roll when it is extended.~~

Section 9. Section 196.198, Florida Statutes, is amended to read:

196.198 Educational property exemption.—Educational institutions within this state and their property used by them or by any other exempt entity or educational institution exclusively for educational purposes are exempt from taxation.

(1) Sheltered workshops providing rehabilitation and retraining of individuals who have disabilities and exempted by a certificate under s. (d) of the federal Fair Labor Standards Act of 1938, as amended, are declared wholly educational in

purpose and are exempt from certification, accreditation, and membership requirements set forth in s. 196.012.

(2) Those portions of property of college fraternities and sororities certified by the president of the college or university to the appropriate property appraiser as being essential to the educational process are exempt from ad valorem taxation.

(3) The use of property by public fairs and expositions chartered by chapter 616 is presumed to be an educational use of such property and is exempt from ad valorem taxation to the extent of such use.

(4) Property used exclusively for educational purposes shall be deemed owned by an educational institution if the entity owning 100 percent of the educational institution is owned by the identical persons who own the property, or if the entity owning 100 percent of the educational institution and the entity owning the property are owned by the identical natural persons.

(5) Land, buildings, and other improvements to real property used exclusively for educational purposes shall be deemed owned by an educational institution if the entity owning 100 percent of the land is a nonprofit entity and the land is used, under a ground lease or other contractual arrangement, by an educational institution that owns the buildings and other improvements to the real property, is a nonprofit entity under s. 501(c)(3) of the Internal Revenue Code, and provides education limited to students in prekindergarten through grade 8.

(6) Land, buildings, and other improvements to real

property used exclusively for educational purposes are deemed owned by an educational institution if the educational institution that currently uses the land, buildings, and other improvements for educational purposes is an educational institution described in s. 212.0602, and, under a lease, the educational institution is responsible for any taxes owed and for ongoing maintenance and operational expenses for the land, buildings, and other improvements. For such leasehold properties, the educational institution shall receive the full benefit of the exemption. The owner of the property shall disclose to the educational institution the full amount of the benefit derived from the exemption and the method for ensuring that the educational institution receives the benefit.

(7) Notwithstanding ss. 196.195 and 196.196, property owned by a house of public worship and used by an educational institution for educational purposes limited to students in preschool through grade 8 shall be exempt from ad valorem taxes.

(8) If legal title to property is held by a governmental agency that leases the property to a lessee, the property shall be deemed to be owned by the governmental agency and used exclusively for educational purposes if the governmental agency continues to use such property exclusively for educational purposes pursuant to a sublease or other contractual agreement with that lessee.

(9) If the title to land is held by the trustee of an irrevocable inter vivos trust and if the trust grantor owns 100 percent of the entity that owns an educational institution that is using the land exclusively for educational purposes, the land is deemed to be property owned by the educational institution

for purposes of this exemption.

(10) Property owned by an educational institution shall be deemed to be used for an educational purpose if the institution has taken affirmative steps to prepare the property for educational use. The term "affirmative steps" means environmental or land use permitting activities, creation of architectural plans or schematic drawings, land clearing or site preparation, construction or renovation activities, or other similar activities that demonstrate commitment of the property to an educational use.

Section 10. The amendment made by this act to s. 196.198, Florida Statutes, relating to certain property owned by a house of public worship, is intended to clarify existing law and applies to actions pending as of July 1, 2021.

Section 11. Effective upon this act becoming a law, paragraph (e) is added to subsection (1) of section 196.199, Florida Statutes, to read:

196.199 Government property exemption.—

(1) Property owned and used by the following governmental units shall be exempt from taxation under the following conditions:

(e) All property of a municipality used for a motorsports entertainment complex, as defined in s. 288.1171(1), is exempt from ad valorem taxation, if the municipality is liable for payment of such ad valorem taxation pursuant to a lease agreement entered into before January 1, 2020. This paragraph does not apply to property for which the motorsports entertainment complex or other tenant is liable for payment of such ad valorem taxation. This paragraph expires January 1,

2033.

Section 12. Paragraph (a) of subsection (1) of section 197.222, Florida Statutes, is amended to read:

197.222 Prepayment of estimated tax by installment method.—

(1) Taxes collected pursuant to this chapter may be prepaid in installments as provided in this section. A taxpayer may elect to prepay by installments for each tax notice for taxes estimated to be more than $100. A taxpayer who elects to prepay shall make payments based upon an estimated tax equal to the actual taxes levied upon the subject property in the prior year. In order to prepay by installments, the taxpayer must complete and file an application for each tax notice with the tax collector on or before April 30 of the year in which the taxpayer elects to prepay the taxes. After submission of an initial application, a taxpayer is not required to submit additional annual applications as long as he or she continues to elect to prepay taxes in installments. However, if in any year the taxpayer does not so elect, reapplication is required for a subsequent election. Installment payments shall be made according to the following schedule:

(a) The first payment of one-quarter of the total amount of estimated taxes due must be made by June 30 of the year in which the taxes are assessed. A 6 percent discount applied against the amount of the installment shall be granted for such payment. The tax collector shall ~~may~~ accept a late payment of the first installment through July 31~~, and the late payment must be accompanied by a penalty of 5 percent of the amount of the installment due~~.

Section 13. Subsection (5) of section 201.08, Florida

Statutes, is amended to read:

201.08 Tax on promissory or nonnegotiable notes, written obligations to pay money, or assignments of wages or other compensation; exception.—

(5) For purposes of this section, a renewal shall only include modifications of an original document which change the terms of the indebtedness evidenced by the original document by adding one or more obligors, increasing the principal balance, or changing the interest rate, maturity date, or payment terms. Modifications to documents which do not modify the terms of the indebtedness evidenced such as those given or recorded to correct error; modify covenants, conditions, or terms unrelated to the debt; sever a lien into separate liens; provide for additional, substitute, or further security for the indebtedness; consolidate indebtedness or collateral; add, change, or delete guarantors; or which substitute a new mortgagee or payee are not renewals and are not subject to tax pursuant to this section. A modification of an original document, on which tax under this section was previously paid, for the sole purpose of changing the interest rate due to the discontinuation of an index to which the original interest rate is referenced is not a renewal and is not subject to tax pursuant to this section. If the taxable amount of a mortgage is limited by language contained in the mortgage or by the application of rules limiting the tax base when there is collateral in more than one state, then a modification which changes such limitation or tax base shall be taxable only to the extent of any increase in the limitation or tax base attributable to such modification. This subsection shall not be

143252

interpreted to exempt from taxation an original mortgage that would otherwise be subject to tax pursuant to paragraph (1)(b).

Section 14. Section 211.0252, Florida Statutes, is created to read:

211.0252 Credit for contributions to eligible charitable organizations.—Beginning January 1, 2022, there is allowed a credit of 100 percent of an eligible contribution made to an eligible charitable organization under s. 402.62 against any tax due under s. 211.02 or s. 211.025. However, the combined credit allowed under this section and s. 211.0251 may not exceed 50 percent of the tax due on the return on which the credit is taken. If the combined credit allowed under this section and s. 211.0251 exceeds 50 percent of the tax due on the return, the credit must first be taken under s. 211.0251. Any remaining liability must be taken under this section, but may not exceed 50 percent of the tax due. For purposes of the distributions of tax revenue under s. 211.06, the department shall disregard any tax credits allowed under this section to ensure that any reduction in tax revenue received which is attributable to the tax credits results only in a reduction in distributions to the General Revenue Fund. Section 402.62 applies to the credit authorized by this section.

Section 15. Effective upon becoming a law, paragraph (e) of subsection (3) of section 211.3106, Florida Statutes, is amended to read:

211.3106 Levy of tax on severance of heavy minerals; rate, basis, and distribution of tax.—

(3)

(e) If ~~In the event~~ the producer price index for titanium

dioxide is discontinued or can no longer be calculated, ~~then~~ a comparable index must ~~shall~~ be selected by the department and adopted by rule. If there is no comparable index, the tax rate for the immediately preceding year must be used.

Section 16. Effective January 1, 2022, paragraph (m) is added to subsection (2) of section 212.06, Florida Statutes, and subsection (5) of that section, as amended by CS/CS/SB 50, 2021 Regular Session, is amended, to read:

212.06 Sales, storage, use tax; collectible from dealers; "dealer" defined; dealers to collect from purchasers; legislative intent as to scope of tax.—

(2)

(m) The term "dealer" also means a forwarding agent as defined in subparagraph (5)(b)1. who has applied for and received a Florida Certificate of Forwarding Agent Address from the department.

(5)(a)1. Except as provided in subparagraph 2., it is not the intention of this chapter to levy a tax upon tangible personal property imported, produced, or manufactured in this state for export, provided that tangible personal property may not be considered as being imported, produced, or manufactured for export unless the importer, producer, or manufacturer delivers the same to a forwarding agent ~~licensed exporter~~ for exporting or to a common carrier for shipment outside this ~~the~~ state or mails the same by United States mail to a destination outside this ~~the~~ state; or, in the case of aircraft being exported under their own power to a destination outside the continental limits of the United States, by submission to the department of a duly signed and validated United States customs

declaration, showing the departure of the aircraft from the continental United States; and further with respect to aircraft, the canceled United States registry of said aircraft; or in the case of parts and equipment installed on aircraft of foreign registry, by submission to the department of documentation as ~~,~~ ~~the extent of which shall be~~ provided by rule, showing the departure of the aircraft from the continental United States; nor is it the intention of this chapter to levy a tax on any sale that ~~which~~ the state is prohibited from taxing under the Constitution or laws of the United States. Every retail sale made to a person physically present at the time of sale is ~~shall be~~ presumed to have been delivered in this state.

2.a. Notwithstanding subparagraph 1., a tax is levied on each sale of tangible personal property to be transported to a cooperating state as defined in sub-subparagraph c., at the rate specified in sub-subparagraph d. However, a Florida dealer is ~~will be~~ relieved from the requirements of collecting taxes pursuant to this subparagraph if the Florida dealer obtains from the purchaser an affidavit providing ~~setting forth~~ the purchaser's name, address, state taxpayer identification number, and a statement that the purchaser is aware of his or her state's use tax laws, is a registered dealer in Florida or another state, or is purchasing the tangible personal property for resale or is otherwise not required to pay the tax on the transaction. The department may, by rule, provide a form to be used for the purposes of this sub-subparagraph ~~set forth herein~~.

b. For purposes of this subparagraph, the term "~~a~~ cooperating state" means a state ~~is one~~ determined by the executive director of the department to cooperate satisfactorily

143252

with this state in collecting taxes on remote sales. To be determined a cooperating state, a ~~No~~ state must meet ~~shall be so determined unless it meets~~ all the following minimum requirements:

(I) It levies and collects taxes on remote sales of property transported from that state to persons in this state, as described in s. 212.0596, upon request of the department.

(II) The tax so collected is ~~shall be~~ at the rate specified in s. 212.05, not including any local option or tourist or convention development taxes collected pursuant to s. 125.0104 or this chapter.

(III) Such state agrees to remit to the department all taxes so collected no later than 30 days from the last day of the calendar quarter following their collection.

(IV) Such state authorizes the department to audit dealers within its jurisdiction who make remote sales that are the subject of s. 212.0596, or makes arrangements deemed adequate by the department for auditing them with its own personnel.

(V) Such state agrees to provide to the department records obtained by it from retailers or dealers in such state showing delivery of tangible personal property into this state upon which no sales or use tax has been paid in a manner similar to that provided in sub-subparagraph g.

c. For purposes of this subparagraph, the term "sales of tangible personal property to be transported to a cooperating state" means remote sales to a person who is in the cooperating state at the time the order is executed, from a dealer who receives that order in this state.

d. The tax levied by sub-subparagraph a. shall be at the

rate at which such a sale would have been taxed pursuant to the cooperating state's tax laws if consummated in the cooperating state by a dealer and a purchaser, both of whom were physically present in that state at the time of the sale.

e. The tax levied by sub-subparagraph a., when collected, shall be held in the State Treasury in trust for the benefit of the cooperating state and shall be paid to it at a time agreed upon between the department, acting for this state, and the cooperating state or the department or agency designated by it to act for it; however, such payment shall in no event be made later than 30 days from the last day of the calendar quarter after the tax was collected. Funds held in trust for the benefit of a cooperating state are ~~shall~~ not ~~be~~ subject to the service charges imposed by s. 215.20.

f. The department is authorized to perform such acts and to provide such cooperation to a cooperating state with reference to the tax levied by sub-subparagraph a. as is required of the cooperating state by sub-subparagraph b.

g. In furtherance of this act, dealers selling tangible personal property for delivery in another state shall make available to the department, upon request of the department, records of all tangible personal property so sold. Such records must ~~shall~~ include a description of the property, the name and address of the purchaser, the name and address of the person to whom the property was sent, the purchase price of the property, information regarding whether sales tax was paid in this state on the purchase price, and such other information as the department may by rule prescribe.

(b)1. As used in this subsection, the term:

143252

a. "Certificate" means a Florida Certificate of Forwarding Agent Address.

b. "Facilitating" means preparation for or arranging for export.

c. "Forwarding agent" means a person or business whose principal business activity is facilitating for compensation the export of property owned by other persons.

d. "NAICS" means those classifications contained in the North American Industry Classification System as published in 2007 by the Office of Management and Budget, Executive Office of the President.

e. "Principal business activity" means the activity from which the person or business derives the highest percentage of its total receipts.

2. A forwarding agent engaged in international export may apply to the department for a certificate.

3. Each application must include:

a. The designation of an address for the forwarding agent.

b. A certification that:

(I) The tangible personal property delivered to the designated address for export originates with a United States vendor;

(II) The tangible personal property delivered to the designated address for export is irrevocably committed to export out of the United States through a continuous and unbroken exportation process; and

(III) The designated address is used exclusively by the forwarding agent for such export.

c. A copy of the forwarding agent's last filed federal

income tax return showing the entity's principal business activity classified under NAICS code 488510, except as provided under subparagraph 4. or subparagraph 5.

d. A statement of the total revenues of the forwarding agent.

e. A statement of the amount of revenues associated with international export of the forwarding agent.

f. A description of all business activity that occurs at the designated address.

g. The name and contact information of a designated contact person of the forwarding agent.

h. The forwarding agent's website address.

i. Any additional information the department requires by rule to demonstrate eligibility for the certificate and a signature attesting to the validity of the information provided.

4. An applicant that has not filed a federal return for the preceding tax year under NAICS code 488510 shall provide all of the following:

a. A statement of estimated total revenues.

b. A statement of estimated revenues associated with international export.

c. The NAICS code under which the forwarding agent intends to file a federal return.

5. If an applicant does not file a federal return identifying a NAICS code, the applicant shall provide documentation to support that its principal business activity is that of a forwarding agent and that the applicant is otherwise eligible for the certificate.

6. A forwarding agent that applies for and receives a

143252

certificate shall register as a dealer with the department.

7. A forwarding agent shall remit the tax imposed under this chapter on any tangible personal property shipped to the designated forwarding agent address if no tax was collected and the tangible personal property remained in this state or if delivery to the purchaser or purchaser's representative occurs in this state. This subparagraph does not prohibit the forwarding agent from collecting such tax from the consumer of the tangible personal property.

8. A forwarding agent shall maintain the following records:

a. Copies of sales invoices or receipts between the vendor and the consumer when provided by the vendor to the forwarding agent. If sales invoices or receipts are not provided to the forwarding agent, the forwarding agent must maintain export documentation evidencing the value of the purchase consistent with the federal Export Administration Regulations, 15 C.F.R. parts 730-774.

b. Copies of federal returns evidencing the forwarding agent's NAICS principal business activity code.

c. Copies of invoices or other documentation evidencing shipment to the forwarding agent.

d. Invoices between the forwarding agent and the consumer or other documentation evidencing the ship-to destination outside the United States.

e. Invoices for foreign postal or transportation services.

f. Bills of lading.

g. Any other export documentation.

Such records must be kept in an electronic format and made

available for the department's review pursuant to subparagraph 9. and ss. 212.13 and 213.35.

9. Each certificate expires 5 years after the date of issuance, except as specified in this subparagraph.

a. At least 30 days before expiration, a new application must be submitted to renew the certificate and the application must contain the information required in subparagraph 3. Upon application for renewal, the certificate is subject to the review and reissuance procedures prescribed by this chapter and department rule.

b. Each forwarding agent shall update its application information annually or within 30 days after any material change.

c. The department shall verify that the forwarding agent is actively engaged in facilitating the international export of tangible personal property.

d. The department may suspend or revoke the certificate of any forwarding agent that fails to respond within 30 days to a written request for information regarding its business transactions.

10. The department shall provide a list on the department's website of forwarding agents that have applied for and received a Florida Certificate of Forwarding Agent Address from the department. The list must include a forwarding agent's entity name, address, and expiration date as provided on the Florida Certificate of Forwarding Agent Address.

11. A dealer may accept a copy of the forwarding agent's certificate or rely on the list of forwarding agents' names and addresses on the department's website in lieu of collecting the

143252

tax imposed under this chapter when the property is required by terms of the sale to be shipped to the designated address on the certificate. A dealer who accepts a valid copy of a certificate or relies on the list of forwarding agents' names and addresses on the department's website in good faith and ships purchased tangible personal property to the address on the certificate is not liable for any tax due on sales made during the effective dates indicated on the certificate.

12. The department may revoke a forwarding agent's certificate for noncompliance with this paragraph. Any person found to fraudulently use the address on the certificate for the purpose of evading tax is subject to the penalties provided in s. 212.085.

13. The department may adopt rules to administer this paragraph, including, but not limited to, rules relating to procedures, application and eligibility requirements, and forms.

(c)1. Notwithstanding the provisions of paragraph (a), it is not the intention of this chapter to levy a tax on the sale of tangible personal property to a nonresident dealer who does not hold a Florida sales tax registration, provided such nonresident dealer furnishes the seller a statement declaring that the tangible personal property will be transported outside this state by the nonresident dealer for resale and for no other purpose. The statement must ~~shall~~ include, but not be limited to, the nonresident dealer's name, address, applicable passport or visa number, arrival-departure card number, and evidence of authority to do business in the nonresident dealer's home state or country, such as his or her business name and address, occupational license number, if applicable, or any other

suitable requirement. The statement must ~~shall~~ be signed by the nonresident dealer and must ~~shall~~ include the following sentence: "Under penalties of perjury, I declare that I have read the foregoing, and the facts alleged are true to the best of my knowledge and belief."

2. The burden of proof of subparagraph 1. rests with the seller, who must retain the proper documentation to support the exempt sale. The exempt transaction is subject to verification by the department.

(d) ~~(c)~~ Notwithstanding ~~the provisions of~~ paragraph (a), it is not the intention of this chapter to levy a tax on the sale by a printer to a nonresident print purchaser of material printed by that printer for that nonresident print purchaser when the print purchaser does not furnish the printer a resale certificate containing a sales tax registration number but does furnish to the printer a statement declaring that such material will be resold by the nonresident print purchaser.

Section 17. Paragraph (s) of subsection (5) of section 212.08, Florida Statutes, is amended to read:

212.08 Sales, rental, use, consumption, distribution, and storage tax; specified exemptions.—The sale at retail, the rental, the use, the consumption, the distribution, and the storage to be used or consumed in this state of the following are hereby specifically exempt from the tax imposed by this chapter.

(5) EXEMPTIONS; ACCOUNT OF USE.—

(s) *Data center property.*—

1. As used in this paragraph, the term:

a. "Critical IT load" means that portion of electric power

capacity, expressed in terms of megawatts, which is reserved solely for owners or tenants of a data center to operate their computer server equipment. The term does not include any ancillary load for cooling, lighting, common areas, or other equipment.

b. "Cumulative capital investment" means the combined total of all expenses incurred by the owners or tenants of a data center after July 1, 2017, in connection with acquiring, constructing, installing, equipping, or expanding the data center. However, the term does not include any expenses incurred in the acquisition of improved real property operating as a data center at the time of acquisition or within 6 months before the acquisition.

c. "Data center" means a facility that:

(I) Consists of one or more contiguous parcels in this state, along with the buildings, substations and other infrastructure, fixtures, and personal property located on the parcels;

(II) Is used exclusively to house and operate equipment that receives, stores, aggregates, manages, processes, transforms, retrieves, researches, or transmits data; or that is necessary for the proper operation of equipment that receives, stores, aggregates, manages, processes, transforms, retrieves, researches, or transmits data;

(III) Has a critical IT load of 15 megawatts or higher, and a critical IT load of 1 megawatt or higher dedicated to each individual owner or tenant within the data center; and

(IV) Is constructed on or after July 1, 2017.

d. "Data center property" means property used exclusively

at a data center to construct, outfit, operate, support, power, cool, dehumidify, secure, or protect a data center and any contiguous dedicated substations. The term includes, but is not limited to, construction materials, component parts, machinery, equipment, computers, servers, installations, redundancies, and operating or enabling software, including any replacements, updates and new versions, and upgrades to or for such property, regardless of whether the property is a fixture or is otherwise affixed to or incorporated into real property. The term also includes electricity used exclusively at a data center.

2. Data center property is exempt from the tax imposed by this chapter, except for the tax imposed by s. 212.031. To be eligible for the exemption provided by this paragraph, the data center's owners and tenants must make a cumulative capital investment of $150 million or more for the data center and the data center must have a critical IT load of 15 megawatts or higher and a critical IT load of 1 megawatt or higher dedicated to each individual owner or tenant within the data center. Each of these requirements must be satisfied no later than 5 years after the commencement of construction of the data center.

3.a. To receive the exemption provided by this paragraph, the person seeking the exemption must apply to the department for a temporary tax exemption certificate. The application must state that a qualifying data center designation is being sought and provide information that the requirements of subparagraph 2. will be met. Upon a tentative determination by the department that the data center will meet the requirements of subparagraph 2., the department must issue the certificate.

b.(I) The certificateholder shall maintain all necessary

books and records to support the exemption provided by this paragraph. Upon satisfaction of all requirements of subparagraph 2., the certificateholder must deliver the temporary tax certificate to the department together with documentation sufficient to show the satisfaction of the requirements. Such documentation must include written declarations, pursuant to s. 92.525, from:

(A) A professional engineer, licensed pursuant to chapter 471, certifying that the critical IT load requirement set forth in subparagraph 2. has been satisfied at the data center; and

(B) A Florida certified public accountant, as defined in s. 473.302, certifying that the cumulative capital investment requirement set forth in subparagraph 2. has been satisfied for the data center.

The professional engineer and the Florida certified public accountant may not be professionally related with the data center’s owners, tenants, or contractors, except that they may be retained by a data center owner to certify that the requirements of subparagraph 2. have been met.

(II) If the department determines that the subparagraph 2. requirements have been satisfied, the department must issue a permanent tax exemption certificate.

(III) Notwithstanding s. 212.084(4), the permanent tax exemption certificate remains valid and effective for as long as the data center described in the exemption application continues to operate as a data center as defined in subparagraph 1., with review by the department every 5 years to ensure compliance. As part of the review, the certificateholder shall, within 3 months

before the end of any 5-year period, submit a written declaration, pursuant to s. 92.525, certifying that the critical IT load of 15 megawatts or higher and the critical IT load of 1 megawatt or higher dedicated to each individual owner or tenant within the data center required by subparagraph 2. continues to be met. All owners, tenants, contractors, and others purchasing exempt data center property shall maintain all necessary books and records to support the exemption as to those purchases.

(IV) Notwithstanding s. 213.053, the department may share information concerning a temporary or permanent data center exemption certificate among all owners, tenants, contractors, and others purchasing exempt data center property pursuant to such certificate.

c. If, in an audit conducted by the department, it is determined that the certificateholder or any owners, tenants, contractors, or others purchasing, renting, or leasing data center property do not meet the criteria of this paragraph, the amount of taxes exempted at the time of purchase, rental, or lease is immediately due and payable to the department from the purchaser, renter, or lessee of those particular items, together with the appropriate interest and penalty computed from the date of purchase in the manner prescribed by this chapter. Notwithstanding s. 95.091(3)(a), any tax due as provided in this sub-subparagraph may be assessed by the department within 6 years after the date the data center property was purchased.

d. Purchasers, lessees, and renters of data center property who qualify for the exemption provided by this paragraph shall obtain from the data center a copy of the tax exemption certificate issued pursuant to sub-subparagraph a. or sub-

subparagraph b. Before or at the time of purchase of the item or items eligible for exemption, the purchaser, lessee, or renter shall provide to the seller a copy of the tax exemption certificate and a signed certificate of entitlement. Purchasers, lessees, and renters with self-accrual authority shall maintain all documentation necessary to prove the exempt status of purchases.

e. For any purchase, lease, or rental of property that is exempt pursuant to this paragraph, the possession of a copy of a tax exemption certificate issued pursuant to sub-subparagraph a. or sub-subparagraph b. and a signed certificate of entitlement relieves the seller of the responsibility of collecting the tax on the sale, lease, or rental of such property, and the department must look solely to the purchaser, renter, or lessee for recovery of the tax if it determines that the purchase, rental, or lease was not entitled to the exemption.

4. After June 30, 2027 ~~2022~~, the department may not issue a temporary tax exemption certificate pursuant to this paragraph.

Section 18. Effective January 1, 2022, paragraph (u) is added to subsection (5) of section 212.08, Florida Statutes, to read:

212.08 Sales, rental, use, consumption, distribution, and storage tax; specified exemptions.—The sale at retail, the rental, the use, the consumption, the distribution, and the storage to be used or consumed in this state of the following are hereby specifically exempt from the tax imposed by this chapter.

(5) EXEMPTIONS; ACCOUNT OF USE.—

(u) *Items that assist in independent living.*—

143252

1. The following items, when purchased for noncommercial home or personal use, are exempt from the tax imposed by this chapter:

a. A bed transfer handle selling for $60 or less.

b. A bed rail selling for $110 or less.

c. A grab bar selling for $100 or less.

d. A shower seat selling for $100 or less.

2. This exemption does not apply to a purchase made by a business, including, but not limited to, a medical institution or an assisted living facility.

Section 19. Subsection (2) of section 212.13, Florida Statutes, is amended to read:

212.13 Records required to be kept; power to inspect; audit procedure.—

(2) Each dealer, as defined in this chapter, shall secure, maintain, and keep as long as required by s. 213.35 a complete record of tangible personal property or services received, used, sold at retail, distributed or stored, leased or rented by said dealer, together with invoices, bills of lading, gross receipts from such sales, and other pertinent records and papers as may be required by the department for the reasonable administration of this chapter.~~,~~ All such records must be made available to the department at reasonable times and places and by reasonable means, including in an electronic format when so kept by the dealer ~~which are located or maintained in this state shall be open for inspection by the department at all reasonable hours at such dealer's store, sales office, general office, warehouse, or place of business located in this state. Any dealer who maintains such books and records at a point outside this state~~

~~must make such books and records available for inspection by the department where the general records are kept~~. Any dealer subject to ~~the provisions of~~ this chapter who violates this subsection commits ~~these provisions is guilty of~~ a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083. If, however, any subsequent offense involves intentional destruction of such records with an intent to evade payment of or deprive the state of any tax revenues, such subsequent offense is ~~shall be~~ a felony of the third degree, punishable as provided in s. 775.082 or s. 775.083.

Section 20. Subsection (2) of section 212.15, Florida Statutes, is amended to read:

212.15 Taxes declared state funds; penalties for failure to remit taxes; due and delinquent dates; judicial review.—

(2) Any person who, with intent to unlawfully deprive or defraud the state of its moneys or the use or benefit thereof, fails to remit taxes collected under this chapter commits theft of state funds, punishable as follows:

(a) If the total amount of stolen revenue is less than $1,000, the offense is a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083. Upon a second conviction, the offender commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083. Upon a third or subsequent conviction, the offender commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(b) If the total amount of stolen revenue is $1,000 or more, but less than $20,000, the offense is a felony of the third degree, punishable as provided in s. 775.082, s. 775.083,

or s. 775.084.

(c) If the total amount of stolen revenue is $20,000 or more, but less than $100,000, the offense is a felony of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(d) If the total amount of stolen revenue is $100,000 or more, the offense is a felony of the first degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

The amount of stolen revenue may be aggregated in determining the grade of the offense.

Section 21. Section 212.1833, Florida Statutes, is created to read:

212.1833 Credit for contributions to eligible charitable organizations.—Beginning January 1, 2022, there is allowed a credit of 100 percent of an eligible contribution made to an eligible charitable organization under s. 402.62 against any tax imposed by the state and due under this chapter from a direct pay permitholder as a result of the direct pay permit held pursuant to s. 212.183. For purposes of the dealer’s credit granted for keeping prescribed records, filing timely tax returns, and properly accounting and remitting taxes under s. 212.12, the amount of tax due used to calculate the credit shall include any eligible contribution made to an eligible charitable organization from a direct pay permitholder. For purposes of the distributions of tax revenue under s. 212.20, the department shall disregard any tax credits allowed under this section to ensure that any reduction in tax revenue received which is attributable to the tax credits results only in a reduction in

143252

distributions to the General Revenue Fund. Section 402.62 applies to the credit authorized by this section. A dealer who claims a tax credit under this section must file his or her tax returns and pay his or her taxes by electronic means under s. 213.755.

Section 22. Effective January 1, 2022, subsection (5) of section 213.053, Florida Statutes, is amended to read:

213.053 Confidentiality and information sharing.—

(5) This section does not prevent the department from doing any of the following:

(a) Publishing statistics so classified as to prevent the identification of particular accounts, reports, declarations, or returns; ~~or~~

(b) Publishing a list of forwarding agents who have received a Florida Certificate of Forwarding Agent Address. The list must include each forwarding agent's entity name, address, and certificate expiration date on the department's website pursuant to s. 212.06(5)(b)10.; or

(c) ~~(b)~~ Using telephones, e-mail, facsimile machines, or other electronic means to do any of the following:

1. Distribute information relating to changes in law, tax rates, interest rates, or other information that is not specific to a particular taxpayer;

2. Remind taxpayers of due dates;

3. Respond to a taxpayer to an electronic mail address that does not support encryption if the use of that address is authorized by the taxpayer; or

4. Notify taxpayers to contact the department.

Section 23. Subsection (8) of section 220.02, Florida

Statutes, is amended to read:

220.02 Legislative intent.—

(8) It is the intent of the Legislature that credits against either the corporate income tax or the franchise tax be applied in the following order: those enumerated in s. 631.828, those enumerated in s. 220.191, those enumerated in s. 220.181, those enumerated in s. 220.183, those enumerated in s. 220.182, those enumerated in s. 220.1895, those enumerated in s. 220.195, those enumerated in s. 220.184, those enumerated in s. 220.186, those enumerated in s. 220.1845, those enumerated in s. 220.19, those enumerated in s. 220.185, those enumerated in s. 220.1875, those enumerated in s. 220.1876, those enumerated in s. 220.193, those enumerated in s. 288.9916, those enumerated in s. 220.1899, those enumerated in s. 220.194, ~~and~~ those enumerated in s. 220.196, and those enumerated in s. 220.198.

Section 24. Paragraph (a) of subsection (1) of section 220.13, Florida Statutes, is amended to read:

220.13 "Adjusted federal income" defined.—

(1) The term "adjusted federal income" means an amount equal to the taxpayer's taxable income as defined in subsection (2), or such taxable income of more than one taxpayer as provided in s. 220.131, for the taxable year, adjusted as follows:

(a) *Additions.*—There shall be added to such taxable income:

1.a. The amount of any tax upon or measured by income, excluding taxes based on gross receipts or revenues, paid or accrued as a liability to the District of Columbia or any state of the United States which is deductible from gross income in the computation of taxable income for the taxable year.

143252

b. Notwithstanding sub-subparagraph a., if a credit taken under s. 220.1875 or s. 220.1876 is added to taxable income in a previous taxable year under subparagraph 11. and is taken as a deduction for federal tax purposes in the current taxable year, the amount of the deduction allowed shall not be added to taxable income in the current year. The exception in this sub-subparagraph is intended to ensure that the credit under s. 220.1875 or s. 220.1876 is added in the applicable taxable year and does not result in a duplicate addition in a subsequent year.

2. The amount of interest which is excluded from taxable income under s. 103(a) of the Internal Revenue Code or any other federal law, less the associated expenses disallowed in the computation of taxable income under s. 265 of the Internal Revenue Code or any other law, excluding 60 percent of any amounts included in alternative minimum taxable income, as defined in s. 55(b)(2) of the Internal Revenue Code, if the taxpayer pays tax under s. 220.11(3).

3. In the case of a regulated investment company or real estate investment trust, an amount equal to the excess of the net long-term capital gain for the taxable year over the amount of the capital gain dividends attributable to the taxable year.

4. That portion of the wages or salaries paid or incurred for the taxable year which is equal to the amount of the credit allowable for the taxable year under s. 220.181. This subparagraph shall expire on the date specified in s. 290.016 for the expiration of the Florida Enterprise Zone Act.

5. That portion of the ad valorem school taxes paid or incurred for the taxable year which is equal to the amount of

the credit allowable for the taxable year under s. 220.182. This subparagraph shall expire on the date specified in s. 290.016 for the expiration of the Florida Enterprise Zone Act.

6. The amount taken as a credit under s. 220.195 which is deductible from gross income in the computation of taxable income for the taxable year.

7. That portion of assessments to fund a guaranty association incurred for the taxable year which is equal to the amount of the credit allowable for the taxable year.

8. In the case of a nonprofit corporation which holds a pari-mutuel permit and which is exempt from federal income tax as a farmers' cooperative, an amount equal to the excess of the gross income attributable to the pari-mutuel operations over the attributable expenses for the taxable year.

9. The amount taken as a credit for the taxable year under s. 220.1895.

10. Up to nine percent of the eligible basis of any designated project which is equal to the credit allowable for the taxable year under s. 220.185.

11. The amount taken as a credit for the taxable year under s. 220.1875 or s. 220.1876. The addition in this subparagraph is intended to ensure that the same amount is not allowed for the tax purposes of this state as both a deduction from income and a credit against the tax. This addition is not intended to result in adding the same expense back to income more than once.

12. The amount taken as a credit for the taxable year under s. 220.193.

13. Any portion of a qualified investment, as defined in s. 288.9913, which is claimed as a deduction by the taxpayer and

taken as a credit against income tax pursuant to s. 288.9916.

14. The costs to acquire a tax credit pursuant to s. 288.1254(5) that are deducted from or otherwise reduce federal taxable income for the taxable year.

15. The amount taken as a credit for the taxable year pursuant to s. 220.194.

16. The amount taken as a credit for the taxable year under s. 220.196. The addition in this subparagraph is intended to ensure that the same amount is not allowed for the tax purposes of this state as both a deduction from income and a credit against the tax. The addition is not intended to result in adding the same expense back to income more than once.

17. The amount taken as a credit for the taxable year pursuant to s. 220.198.

Section 25. Subsection (2) of section 220.186, Florida Statutes, is amended to read:

220.186 Credit for Florida alternative minimum tax.—

(2) The credit pursuant to this section shall be the amount of the excess, if any, of the tax paid based upon taxable income determined pursuant to s. 220.13(2)(k) over the amount of tax which would have been due based upon taxable income without application of s. 220.13(2)(k), before application of this credit without application of any credit under s. 220.1875 or s. 220.1876.

Section 26. Section 220.1876, Florida Statutes, is created to read:

220.1876 Credit for contributions to eligible charitable organizations.—

(1) For taxable years beginning on or after January 1,

2022, there is allowed a credit of 100 percent of an eligible contribution made to an eligible charitable organization under s. 402.62 against any tax due for a taxable year under this chapter after the application of any other allowable credits by the taxpayer. An eligible contribution must be made to an eligible charitable organization on or before the date the taxpayer is required to file a return pursuant to s. 220.222.

(2) A taxpayer who files a Florida consolidated return as a member of an affiliated group pursuant to s. 220.131(1) may be allowed the credit on a consolidated return basis.

(3) Section 402.62 applies to the credit authorized by this section.

(4) If a taxpayer applies and is approved for a credit under s. 402.62 after timely requesting an extension to file under s. 220.222(2):

(a) The credit does not reduce the amount of tax due for purposes of the department's determination as to whether the taxpayer was in compliance with the requirement to pay tentative taxes under ss. 220.222 and 220.32.

(b) The taxpayer's noncompliance with the requirement to pay tentative taxes shall result in the revocation and rescindment of any such credit.

(c) The taxpayer shall be assessed for any taxes, penalties, or interest due from the taxpayer's noncompliance with the requirement to pay tentative taxes.

Section 27. Section 220.198, Florida Statutes, is created to read:

220.198 Internship tax credit program.—

(1) This section may be cited as the "Florida Internship

143252

Tax Credit Program."

(2) As used in this section, the term:

(a) "Full time" means at least 30 hours per week.

(b) "Qualified business" means a business that is in existence and has been continuously operating for at least 3 years.

(c) "Student intern" means a person who has completed at least 60 credit hours at a state university or a Florida College System institution, regardless of whether the student intern receives course credit for the internship; a person who is enrolled in a career center operated by a school district under s. 1001.44 or a charter technical career center; or any graduate student enrolled at a state university.

(3) For taxable years beginning on or after January 1, 2022, a qualified business is eligible for a credit against the tax imposed by this chapter in the amount of $2,000 per student intern if all of the following apply:

(a) The qualified business employed at least one student intern in an internship in which the student intern worked full time in this state for at least 9 consecutive weeks, and the qualified business provides the department documentation evidencing each internship claimed.

(b) The qualified business provides the department documentation for the current taxable year showing that at least 20 percent of the business' full-time employees were previously employed by that business as student interns.

(c) At the start of an internship, each student intern provides the qualified business with verification by the student intern's state university, Florida College System institution,

career center operated by a school district under s. 1001.44, or charter technical career center that the student intern is enrolled and maintains a minimum grade point average of 2.0 on a 4.0 scale, if applicable. The qualified business may accept a letter from the applicable educational institution stating that the student intern is enrolled as evidence that the student meets these requirements.

(4) Notwithstanding paragraph (3)(b), a qualified business that, on average for the 3 immediately preceding years, employed 10 or fewer full-time employees may receive the tax credit if it provides documentation that it previously hired at least one student intern and, for the current taxable year, that it employs on a full-time basis at least one employee who was previously employed by that qualified business as a student intern.

(5)(a) A qualified business may not claim a tax credit of more than $10,000 in any one taxable year.

(b) The combined total amount of tax credits which may be granted to qualified businesses under this section is $2.5 million in each of state fiscal years 2021-2022 and 2022-2023. The department must approve the tax credit prior to the taxpayer taking the credit on a return. The department must approve credits on a first-come, first-served basis.

(6) The department may adopt rules governing the manner and form of applications for the tax credit and establishing qualification requirements for the tax credit.

(7) A qualified business may carry forward any unused portion of a tax credit under this section for up to 2 taxable years.

143252

Section 28. Subsection (9) of section 288.106, Florida Statutes, is amended to read:

288.106 Tax refund program for qualified target industry businesses.—

~~(9) EXPIRATION.—An applicant may not be certified as qualified under this section after June 30, 2020. A tax refund agreement existing on that date shall continue in effect in accordance with its terms.~~

Section 29. Section 402.62, Florida Statutes, is created to read:

402.62 Strong Families Tax Credit.—

(1) DEFINITIONS.—As used in this section, the term:

(a) "Annual tax credit amount" means, for any state fiscal year, the sum of the amount of tax credits approved under paragraph (5)(b), including tax credits to be taken under s. 211.0252, s. 212.1833, s. 220.1876, s. 561.1212, or s. 624.51056, which are approved for taxpayers whose taxable years begin on or after January 1 of the calendar year preceding the start of the applicable state fiscal year.

(b) "Division" means the Division of Alcoholic Beverages and Tobacco of the Department of Business and Professional Regulation.

(c) "Eligible charitable organization" means an organization designated by the Department of Children and Families to be eligible to receive funding under this section.

(d) "Eligible contribution" means a monetary contribution from a taxpayer, subject to the restrictions provided in this section, to an eligible charitable organization. The taxpayer making the contribution may not designate a specific child

assisted by the eligible charitable organization as the beneficiary of the contribution.

(e) "Tax credit cap amount" means the maximum annual tax credit amount that the Department of Revenue may approve for a state fiscal year.

(2) STRONG FAMILIES TAX CREDITS; ELIGIBILITY.—

(a) The Department of Children and Families shall designate as an eligible charitable organization an organization that meets all of the following requirements:

1. Is exempt from federal income taxation under s. 501(c)(3) of the Internal Revenue Code.

2. Is a Florida entity formed under chapter 605, chapter 607, or chapter 617 and whose principal office is located in this state.

3. Provides services to:

a. Prevent child abuse, neglect, abandonment, or exploitation;

b. Assist fathers in learning and improving parenting skills or to engage absent fathers in being more engaged in their children's lives;

c. Provide books to the homes of children eligible for a federal free or reduced-price meals program or those testing below grade level in kindergarten through grade 5;

d. Assist families with children who have a chronic illness or a physical, intellectual, developmental, or emotional disability; or

e. Provide workforce development services to families of children eligible for a federal free or reduced-price meals program.

4. Provides to the Department of Children and Families accurate information, including, at a minimum, a description of the services provided by the organization which are eligible for funding under this section; the total number of individuals served through those services during the last calendar year and the number served during the last calendar year using funding under this section; basic financial information regarding the organization and services eligible for funding under this section; outcomes for such services; and contact information for the organization.

5. Annually submits a statement, signed under penalty of perjury by a current officer of the organization, that the organization meets all criteria to qualify as an eligible charitable organization, has fulfilled responsibilities under this section for the previous fiscal year if the organization received any funding through this credit during the previous year, and intends to fulfill its responsibilities during the upcoming year.

6. Provides any documentation requested by the Department of Children and Families to verify eligibility as an eligible charitable organization or compliance with this section.

(b) The Department of Children and Families may not designate as an eligible charitable organization an organization that:

1. Provides abortions or pays for or provides coverage for abortions; or

2. Has received more than 50 percent of its total annual revenue from the Department of Children and Families, either directly or via a contractor of the department, in the prior

fiscal year.

(3) RESPONSIBILITIES OF ELIGIBLE CHARITABLE ORGANIZATIONS.—An eligible charitable organization that receives a contribution under this section must do all of the following:

(a) Apply for admittance into the Department of Law Enforcement's Volunteer and Employee Criminal History System and, if accepted, conduct background screening on all volunteers and staff working directly with children in any program funded under this section pursuant to s. 943.0542. Background screening shall use level 2 screening standards pursuant to s. 435.04 and additionally include, but need not be limited to, a check of the Dru Sjodin National Sex Offender Public Website.

(b) Expend 100 percent of any contributions received under this section for direct services to state residents for the purposes specified in subparagraph (2)(a)3.

(c) Annually submit to the Department of Children and Families:

1. An audit of the eligible charitable organization conducted by an independent certified public accountant in accordance with auditing standards generally accepted in the United States, government auditing standards, and rules adopted by the Auditor General. The audit report must include a report on financial statements presented in accordance with generally accepted accounting principles. The audit report must be provided to the Department of Children and Families within 180 days after completion of the eligible charitable organization's fiscal year; and

2. A copy of the eligible charitable organization's most recent federal Internal Revenue Service Return of Organization

Exempt from Income Tax form (Form 990).

(d) Notify the Department of Children and Families within 5 business days after the eligible charitable organization ceases to meet eligibility requirements or fails to fulfill its responsibilities under this section.

(e) Upon receipt of a contribution, provide the taxpayer that made the contribution with a certificate of contribution. A certificate of contribution must include the taxpayer's name and, if available, its federal employer identification number, the amount contributed, the date of contribution, and the name of the eligible charitable organization.

(4) RESPONSIBILITIES OF THE DEPARTMENT.—The Department of Children and Families shall do all of the following:

(a) Annually redesignate eligible charitable organizations that have complied with all requirements of this section.

(b) Remove the designation of organizations that fail to meet all requirements of this section. An organization that has had its designation removed by the department may reapply for designation as an eligible charitable organization, and the department shall redesignate such organization, if it meets the requirements of this section and demonstrates through its application that all factors leading to its removal as an eligible charitable organization have been sufficiently addressed.

(c) Publish information about the tax credit program and eligible charitable organizations on a Department of Children and Families website. The website must, at a minimum, provide all of the following:

1. The requirements and process for becoming designated or

redesignated as an eligible charitable organization.

2. A list of the eligible charitable organizations that are currently designated by the department and the information provided under subparagraph (2)(a)4. regarding each eligible charitable organization.

3. The process for a taxpayer to select an eligible charitable organization as the recipient of funding through a tax credit.

(d) Compel the return of funds that are provided to an eligible charitable organization that fails to comply with the requirements of this section. Eligible charitable organizations that are subject to return of funds are ineligible to receive funding under this section for a period 10 years after final agency action to compel the return of funding.

(5) STRONG FAMILIES TAX CREDITS; APPLICATIONS, TRANSFERS, AND LIMITATIONS.—

(a) Beginning in fiscal year 2021-2022, the tax credit cap amount is $5 million in each state fiscal year.

(b) Beginning October 1, 2021, a taxpayer may submit an application to the Department of Revenue for a tax credit or credits to be taken under one or more of s. 211.0252, s. 212.1833, s. 220.1876, s. 561.1212, or s. 624.51056.

1. The taxpayer shall specify in the application each tax for which the taxpayer requests a credit and the applicable taxable year for a credit under s. 220.1876 or s. 624.51056 or the applicable state fiscal year for a credit under s. 211.0252, s. 212.1833, or s. 561.1212. For purposes of s. 220.1876, a taxpayer may apply for a credit to be used for a prior taxable year before the date the taxpayer is required to file a return

143252

for that year pursuant to s. 220.222. For purposes of s. 624.51056, a taxpayer may apply for a credit to be used for a prior taxable year before the date the taxpayer is required to file a return for that prior taxable year pursuant to ss. 624.509 and 624.5092. The application must specify the eligible charitable organization to which the proposed contribution will be made. The Department of Revenue shall approve tax credits on a first-come, first-served basis and must obtain the division's approval before approving a tax credit under s. 561.1212.

2. Within 10 days after approving or denying an application, the Department of Revenue shall provide a copy of its approval or denial letter to the eligible charitable organization specified by the taxpayer in the application.

(c) If a tax credit approved under paragraph (b) is not fully used within the specified state fiscal year for credits under s. 211.0252, s. 212.1833, or s. 561.1212 or against taxes due for the specified taxable year for credits under s. 220.1876 or s. 624.51056 because of insufficient tax liability on the part of the taxpayer, the unused amount must be carried forward for a period not to exceed 10 years. For purposes of s. 220.1876, a credit carried forward may be used in a subsequent year after applying the other credits and unused carryovers in the order provided in s. 220.02(8).

(d) A taxpayer may not convey, transfer, or assign an approved tax credit or a carryforward tax credit to another entity unless all of the assets of the taxpayer are conveyed, assigned, or transferred in the same transaction. However, a tax credit under s. 211.0252, s. 212.1833, s. 220.1876, s. 561.1212, or s. 624.51056 may be conveyed, transferred, or assigned

143252

between members of an affiliated group of corporations if the type of tax credit under s. 211.0252, s. 212.1833, s. 220.1876, s. 561.1212, or s. 624.51056 remains the same. A taxpayer shall notify the Department of Revenue of its intent to convey, transfer, or assign a tax credit to another member within an affiliated group of corporations. The amount conveyed, transferred, or assigned is available to another member of the affiliated group of corporations upon approval by the Department of Revenue. The Department of Revenue shall obtain the division's approval before approving a conveyance, transfer, or assignment of a tax credit under s. 561.1212.

(e) Within any state fiscal year, a taxpayer may rescind all or part of a tax credit approved under paragraph (b). The amount rescinded shall become available for that state fiscal year to another eligible taxpayer as approved by the Department of Revenue if the taxpayer receives notice from the Department of Revenue that the rescindment has been accepted by the Department of Revenue. The Department of Revenue must obtain the division's approval before accepting the rescindment of a tax credit under s. 561.1212. Any amount rescinded under this paragraph must become available to an eligible taxpayer on a first-come, first-served basis based on tax credit applications received after the date the rescindment is accepted by the Department of Revenue.

(f) Within 10 days after approving or denying the conveyance, transfer, or assignment of a tax credit under paragraph (d), or the rescindment of a tax credit under paragraph (e), the Department of Revenue shall provide a copy of its approval or denial letter to the eligible charitable

143252

organization specified by the taxpayer. The Department of Revenue shall also include the eligible charitable organization specified by the taxpayer on all letters or correspondence of acknowledgment for tax credits under s. 212.1833.

(g) For purposes of calculating the underpayment of estimated corporate income taxes under s. 220.34 and tax installment payments for taxes on insurance premiums or assessments under s. 624.5092, the final amount due is the amount after credits earned under s. 220.1876 or s. 624.51056 for contributions to eligible charitable organizations are deducted.

1. For purposes of determining if a penalty or interest under s. 220.34(2)(d)1. will be imposed for underpayment of estimated corporate income tax, a taxpayer may, after earning a credit under s. 220.1876, reduce any estimated payment in that taxable year by the amount of the credit.

2. For purposes of determining if a penalty under s. 624.5092 will be imposed, an insurer, after earning a credit under s. 624.51056 for a taxable year, may reduce any installment payment for such taxable year of 27 percent of the amount of the net tax due as reported on the return for the preceding year under s. 624.5092(2)(b) by the amount of the credit.

(6) PRESERVATION OF CREDIT.—If any provision or portion of this section, s. 211.0252, s. 212.1833, s. 220.1876, s. 561.1212, or s. 624.51056 or the application thereof to any person or circumstance is held unconstitutional by any court or is otherwise declared invalid, the unconstitutionality or invalidity shall not affect any credit earned under s. 211.0252,

s. 212.1833, s. 220.1876, s. 561.1212, or s. 624.51056 by any taxpayer with respect to any contribution paid to an eligible charitable organization before the date of a determination of unconstitutionality or invalidity. The credit shall be allowed at such time and in such a manner as if a determination of unconstitutionality or invalidity had not been made, provided that nothing in this subsection by itself or in combination with any other provision of law may result in the allowance of any credit to any taxpayer in excess of one dollar of credit for each dollar paid to an eligible charitable organization.

(7) ADMINISTRATION; RULES.—

(a) The Department of Revenue, the division, and the Department of Children and Families may develop a cooperative agreement to assist in the administration of this section, as needed.

(b) The Department of Revenue may adopt rules necessary to administer this section and ss. 211.0252, 212.1833, 220.1876, 561.1212, and 624.51056, including rules establishing application forms, procedures governing the approval of tax credits and carryforward tax credits under subsection (5), and procedures to be followed by taxpayers when claiming approved tax credits on their returns.

(c) The division may adopt rules necessary to administer its responsibilities under this section and s. 561.1212.

(d) The Department of Children and Families may adopt rules necessary to administer this section, including, but not limited to, rules establishing application forms for organizations seeking designation as eligible charitable organizations under this act.

(e) Notwithstanding any provision of s. 213.053 to the contrary, sharing information with the division related to this tax credit is considered the conduct of the Department of Revenue's official duties as contemplated in s. 213.053(8)(c), and the Department of Revenue and the division are specifically authorized to share information as needed to administer this program.

Section 30. Section 561.1212, Florida Statutes, is created to read:

561.1212 Credit for contributions to eligible charitable organizations.—Beginning January 1, 2022, there is allowed a credit of 100 percent of an eligible contribution made to an eligible charitable organization under s. 402.62 against any tax due under s. 563.05, s. 564.06, or s. 565.12, except excise taxes imposed on wine produced by manufacturers in this state from products grown in this state. However, a credit allowed under this section may not exceed 90 percent of the tax due on the return on which the credit is taken. For purposes of the distributions of tax revenue under ss. 561.121 and 564.06(10), the division shall disregard any tax credits allowed under this section to ensure that any reduction in tax revenue received which is attributable to the tax credits results only in a reduction in distributions to the General Revenue Fund. The provisions of s. 402.62 apply to the credit authorized by this section.

Section 31. Section 624.51056, Florida Statutes, is created to read:

624.51056 Credit for contributions to eligible charitable organizations.—

143252

(1) For taxable years beginning on or after January 1, 2022, there is allowed a credit of 100 percent of an eligible contribution made to an eligible charitable organization under s. 402.62 against any tax due for a taxable year under s. 624.509(1) after deducting from such tax deductions for assessments made pursuant to s. 440.51; credits for taxes paid under ss. 175.101 and 185.08; credits for income taxes paid under chapter 220; and the credit allowed under s. 624.509(5), as such credit is limited by s. 624.509(6). An eligible contribution must be made to an eligible charitable organization on or before the date the taxpayer is required to file a return pursuant to ss. 624.509 and 624.5092. An insurer claiming a credit against premium tax liability under this section is not required to pay any additional retaliatory tax levied under s. 624.5091 as a result of claiming such credit. Section 624.5091 does not limit such credit in any manner.

(2) Section 402.62 applies to the credit authorized by this section.

Section 32. Subsection (7) of section 624.509, Florida Statutes, is amended to read:

624.509 Premium tax; rate and computation.—

(7) Credits and deductions against the tax imposed by this section shall be taken in the following order: deductions for assessments made pursuant to s. 440.51; credits for taxes paid under ss. 175.101 and 185.08; credits for income taxes paid under chapter 220 and the credit allowed under subsection (5), as these credits are limited by subsection (6); the credit allowed under s. 624.51056; all other available credits and deductions.

Section 33. Clothing, wallets, or bags; school supplies, personal computers, and personal computer-related accessories; sales tax holiday.—

(1) The tax levied under chapter 212, Florida Statutes, may not be collected during the period from July 31, 2021, through August 7, 2021, on the retail sale of:

(a) Clothing, wallets, or bags, including handbags, backpacks, fanny packs, and diaper bags, but excluding briefcases, suitcases, and other garment bags, having a sales price of $60 or less per item. As used in this paragraph, the term "clothing" means:

1. Any article of wearing apparel intended to be worn on or about the human body, excluding watches, watchbands, jewelry, umbrellas, and handkerchiefs; and

2. All footwear, excluding skis, swim fins, roller blades, and skates.

(b) School supplies having a sales price of $15 or less per item. As used in this paragraph, the term "school supplies" means pens, pencils, erasers, crayons, notebooks, notebook filler paper, legal pads, binders, lunch boxes, construction paper, markers, folders, poster board, composition books, poster paper, scissors, cellophane tape, glue or paste, rulers, computer disks, staplers and staples used to secure paper products, protractors, compasses, and calculators.

(2) The tax levied under chapter 212, Florida Statutes, may not be collected during the period from July 31, 2021, through August 7, 2021, on the first $1,000 of the sales price of personal computers or personal computer-related accessories purchased for noncommercial home or personal use. As used in

143252

this subsection, the term:

(a) "Personal computers" includes electronic book readers, laptops, desktops, handhelds, tablets, or tower computers. The term does not include cellular telephones, video game consoles, digital media receivers, or devices that are not primarily designed to process data.

(b) "Personal computer-related accessories" includes keyboards, mice, personal digital assistants, monitors, other peripheral devices, modems, routers, and nonrecreational software, regardless of whether the accessories are used in association with a personal computer base unit. The term does not include furniture or systems, devices, software, monitors with a television tuner, or peripherals that are designed or intended primarily for recreational use.

(3) The tax exemptions provided in this section do not apply to sales within a theme park or entertainment complex as defined in s. 509.013(9), Florida Statutes, within a public lodging establishment as defined in s. 509.013(4), Florida Statutes, or within an airport as defined in s. 330.27(2), Florida Statutes.

(4) The tax exemptions provided in this section may apply at the option of a dealer if less than 5 percent of the dealer's gross sales of tangible personal property in the prior calendar year consisted of items that would be exempt under this section. If a qualifying dealer chooses not to participate in the tax holiday, by July 24, 2021, the dealer must notify the Department of Revenue in writing of its election to collect sales tax during the holiday and must post a copy of that notice in a conspicuous location at its place of business.

143252

(5) The Department of Revenue is authorized, and all conditions are deemed met, to adopt emergency rules pursuant to s. 120.54(4), Florida Statutes, for the purpose of implementing this section. Notwithstanding any other provision of law, emergency rules adopted pursuant to this subsection are effective for 6 months after adoption and may be renewed during the pendency of procedures to adopt permanent rules addressing the subject of the emergency rules.

(6) This section shall take effect upon this act becoming a law.

Section 34. Disaster preparedness supplies; sales tax holiday.—

(1) The tax levied under chapter 212, Florida Statutes, may not be collected during the period from May 28, 2021, through June 6, 2021, on the sale of:

(a) A portable self-powered light source selling for $20 or less.

(b) A portable self-powered radio, two-way radio, or weather-band radio selling for $50 or less.

(c) A tarpaulin or other flexible waterproof sheeting selling for $50 or less.

(d) An item normally sold as, or generally advertised as, a ground anchor system or tie-down kit selling for $50 or less.

(e) A gas or diesel fuel tank selling for $25 or less.

(f) A package of AA-cell, AAA-cell, C-cell, D-cell, 6-volt, or 9-volt batteries, excluding automobile and boat batteries, selling for $30 or less.

(g) A nonelectric food storage cooler selling for $30 or less.

(h) A portable generator used to provide light or communications or preserve food in the event of a power outage selling for $750 or less.

(i) Reusable ice selling for $10 or less.

(2) The tax exemptions provided in this section do not apply to sales within a theme park or entertainment complex as defined in s. 509.013(9), Florida Statutes, within a public lodging establishment as defined in s. 509.013(4), Florida Statutes, or within an airport as defined in s. 330.27(2), Florida Statutes.

(3) The Department of Revenue is authorized, and all conditions are deemed met, to adopt emergency rules pursuant to s. 120.54(4), Florida Statutes, for the purpose of implementing this section. Notwithstanding any other provision of law, emergency rules adopted pursuant to this subsection are effective for 6 months after adoption and may be renewed during the pendency of procedures to adopt permanent rules addressing the subject of the emergency rules.

(4) This section shall take effect upon this act becoming a law.

Section 35. For the purpose of incorporating the amendment made by this act to section 197.222, Florida Statutes, in a reference thereto, paragraph (a) of subsection (3) of section 192.0105, Florida Statutes, is reenacted to read:

192.0105 Taxpayer rights.—There is created a Florida Taxpayer’s Bill of Rights for property taxes and assessments to guarantee that the rights, privacy, and property of the taxpayers of this state are adequately safeguarded and protected during tax levy, assessment, collection, and enforcement

processes administered under the revenue laws of this state. The Taxpayer's Bill of Rights compiles, in one document, brief but comprehensive statements that summarize the rights and obligations of the property appraisers, tax collectors, clerks of the court, local governing boards, the Department of Revenue, and taxpayers. Additional rights afforded to payors of taxes and assessments imposed under the revenue laws of this state are provided in s. 213.015. The rights afforded taxpayers to assure that their privacy and property are safeguarded and protected during tax levy, assessment, and collection are available only insofar as they are implemented in other parts of the Florida Statutes or rules of the Department of Revenue. The rights so guaranteed to state taxpayers in the Florida Statutes and the departmental rules include:

(3) THE RIGHT TO REDRESS.—

(a) The right to discounts for early payment on all taxes and non-ad valorem assessments collected by the tax collector, except for partial payments as defined in s. 197.374, the right to pay installment payments with discounts, and the right to pay delinquent personal property taxes under a payment program when implemented by the county tax collector (see ss. 197.162, 197.3632(8) and (10)(b)3., 197.222(1), and 197.4155).

Section 36. For the purpose of incorporating the amendments made by this act to sections 193.155, 193.1554, and 193.1555, Florida Statutes, in references thereto, section 193.1557, Florida Statutes, is reenacted to read:

193.1557 Assessment of certain property damaged or destroyed by Hurricane Michael.—For property damaged or destroyed by Hurricane Michael in 2018, s. 193.155(4)(b), s.

193.1554(6)(b), or s. 193.1555(6)(b) applies to changes, additions, or improvements commenced within 5 years after January 1, 2019. This section applies to the 2019-2023 tax rolls and shall stand repealed on December 31, 2023.

Section 37. For the purpose of incorporating the amendment made by this act to section 212.06, Florida Statutes, in a reference thereto, paragraph (c) of subsection (1) of section 212.07, Florida Statutes, is reenacted to read:

212.07 Sales, storage, use tax; tax added to purchase price; dealer not to absorb; liability of purchasers who cannot prove payment of the tax; penalties; general exemptions.—

(1)

(c) Unless the purchaser of tangible personal property that is incorporated into tangible personal property manufactured, produced, compounded, processed, or fabricated for one’s own use and subject to the tax imposed under s. 212.06(1)(b) or is purchased for export under s. 212.06(5)(a)1. extends a certificate in compliance with the rules of the department, the dealer shall himself or herself be liable for and pay the tax.

Section 38. For the purpose of incorporating the amendment made by this act to section 212.13, Florida Statutes, in a reference thereto, paragraph (f) of subsection (18) of section 212.08, Florida Statutes, is reenacted to read:

212.08 Sales, rental, use, consumption, distribution, and storage tax; specified exemptions.—The sale at retail, the rental, the use, the consumption, the distribution, and the storage to be used or consumed in this state of the following are hereby specifically exempt from the tax imposed by this chapter.

143252

(18) MACHINERY AND EQUIPMENT USED PREDOMINANTLY FOR RESEARCH AND DEVELOPMENT.—

(f) Purchasers shall maintain all documentation necessary to prove the exempt status of purchases and fabrication activity and make such documentation available for inspection pursuant to the requirements of s. 212.13(2).

Section 39. (1) The Department of Revenue is authorized, and all conditions are deemed met, to adopt emergency rules pursuant to s. 120.54(4), Florida Statutes, for the purpose of implementing the amendment made by this act to s. 212.06, Florida Statutes, and the creation of ss. 211.0252, 212.1833, 220.1876, 220.198, 402.62, and 624.51056, Florida Statutes, by this act.

(2) Notwithstanding any other law, emergency rules adopted pursuant to subsection (1) are effective for 6 months after adoption and may be renewed during the pendency of procedures to adopt permanent rules addressing the subject of the emergency rules.

(3) This section shall take effect upon becoming a law and expires January 1, 2025.

Section 40. For the 2021-2022 fiscal year, the sum of $208,000 in nonrecurring funds is appropriated from the General Revenue Fund to the Department of Revenue for the purpose of implementing the provisions related to the Strong Families Tax Credit created by this act.

Section 41. The Florida Institute for Child Welfare shall analyze the use of funding provided by the tax credit authorized under s. 402.62, Florida Statutes, as created by this act, and submit a report to the Governor, the President of the Senate,

and the Speaker of the House of Representatives by October 31, 2025. The report must, at a minimum, include the total funding amount and categorize the funding by type of program, describe the programs that were funded, and assess the outcomes that were achieved using the funding.

Section 42. If any provision of this act or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of this act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared severable.

Section 43. Except as otherwise expressly provided in this act and except for this section, which shall take effect upon becoming a law, this act shall take effect July 1, 2021.

And the title is amended as follows:

Delete everything before the enacting clause and insert:

A bill to be entitled

An act relating to taxation; repealing s. 193.019, F.S., relating to hospitals and community benefit reporting; amending s. 193.155, F.S.; adding exceptions to the definition of the term "change of ownership" for purposes of a certain homestead assessment limitation; providing that changes, additions, or improvements, including ancillary improvements, to homestead property damaged or destroyed by misfortune or calamity must be assessed

upon substantial completion; specifying that the assessed value of the replaced homestead property must be calculated using the assessed value of the homestead property on a certain date before the date on which the damage or destruction was sustained; providing that certain changes, additions, or improvements must be reassessed at just value in subsequent years; amending s. 193.1554, F.S.; providing that changes, additions, or improvements, including ancillary improvements, to nonhomestead residential property damaged or destroyed by misfortune or calamity must be assessed upon substantial completion; specifying that the assessed value of the replaced nonhomestead residential property must be calculated using the assessed value of the nonhomestead residential property on a certain date before the date on which the damage or destruction was sustained; providing that certain changes, additions, or improvements must be reassessed at just value in subsequent years; amending s. 193.1555, F.S.; providing that changes, additions, or improvements, including ancillary improvements, to certain nonresidential real property damaged or destroyed by misfortune or calamity must be assessed upon substantial completion; specifying that the assessed value of the replaced nonresidential real property shall be calculated using the assessed value of the residential and nonresidential real property on a certain date before the date on which the damage or

destruction was sustained; providing that certain changes, additions, or improvements must be reassessed at just value in subsequent years; providing construction and applicability; amending s. 196.196, F.S.; specifying that portions of property not used for certain purposes are not exempt from ad valorem taxation; specifying that exemptions for certain portions of property from ad valorem taxation are not affected so long as such portions of property are used for specified purposes; providing applicability and construction; amending s. 196.1978, F.S.; exempting certain multifamily projects from ad valorem taxation; making technical changes; amending s. 196.198, F.S.; providing that improvements to real property are deemed owned by certain educational institutions for purposes of the educational exemption from ad valorem taxation if certain criteria are met; providing that such educational institutions shall receive the full benefit of the exemption; requiring the property owner to make certain disclosures to the educational institution; exemptting certain property owned by a house of public worship from ad valorem taxation; providing construction; amending s. 196.199, F.S.; exempting municipal property used for a motorsports entertainment complex from ad valorem taxation if certain criteria are met; providing applicability; providing for expiration; amending s. 197.222, F.S.; requiring, rather than authorizing, tax collectors to accept late payments of prepaid property taxes within

143252

a certain timeframe; deleting a late payment penalty; amending s. 201.08, F.S.; providing that modifications of certain original documents for certain purposes on which documentary stamp taxes were previously paid are not renewals and are not subject to the documentary stamp tax; creating s. 211.0252, F.S.; providing credits against oil and gas production taxes under the Strong Families Tax Credit; amending s. 211.3106, F.S.; specifying the severance tax rate for a certain heavy mineral under certain circumstances; amending s. 212.06, F.S.; revising the definition of the term "dealer"; revising a condition for a sales tax exception for tangible personal property imported, produced, or manufactured in this state for export; defining terms; specifying application requirements and procedures for a forwarding agent to apply for a Florida Certificate of Forwarding Agent Address from the Department of Revenue; requiring forwarding agents receiving such certificate to register as dealers for purposes of the sales and use tax; specifying requirements for sales tax remittance and for recordkeeping; specifying the timeframe for expiration of certificates and procedures for renewal; requiring forwarding agents to update information; requiring the department to verify certain information; authorizing the department to suspend or revoke certificates under certain circumstances; requiring the department to provide a list on its website of forwarding agents who have received certificates; providing circumstances

143252

and requirements for and construction related to dealers accepting certificates or relying on the department's website list in lieu of collecting certain taxes; providing criminal penalties for certain violations; authorizing the department to adopt rules; amending s. 212.08, F.S.; extending the expiration date of the sales tax exemption for data center property; exempting specified items that assist in independent living from the sales tax; amending s. 212.13, F.S.; revising recordkeeping requirements for dealers collecting the sales and use tax; amending s. 212.15, F.S.; providing that stolen sales tax revenue may be aggregated for the purposes of determining the grade of certain criminal offenses; creating s. 212.1833, F.S.; providing a credit against sales taxes payable by direct pay permitholders under the Strong Families Tax Credit; amending s. 213.053, F.S.; authorizing the department to publish a list of forwarding agents who have received Florida Certificates of Forwarding Agent Address on its website; amending s. 220.02, F.S.; specifying the order in which corporate income tax credits under the Strong Families Tax Credit and the internship tax credit are applied; amending s. 220.13, F.S.; requiring corporate income taxpayers to add back to their taxable income claimed credit amounts under the Strong Families Tax Credit and the internship tax credit; providing an exception; amending s. 220.186, F.S.; providing that a corporate income tax credit

claimed under the Strong Families Tax Credit is not applied in the calculation of the Florida alternative minimum tax credit; creating s. 220.1876, F.S.; providing a credit against the corporate income tax under the Strong Families Tax Credit; specifying requirements and procedures for the credit; creating s. 220.198, F.S.; providing a short title; defining terms; providing a corporate income tax credit for qualified businesses employing student interns if certain criteria are met; specifying the amount of the credit a qualified business may claim per student intern; specifying a limit on the credit claimed per taxable year; specifying the combined total amount of tax credits which may be granted per state fiscal year in specified years; requiring that credits be allocated on a prorated basis if total approved credits exceed the limit; authorizing the department to adopt certain rules; authorizing a qualified business to carry forward unused credit for a certain time; s. 288.106, F.S.; reauthorizing the tax refund program for qualified target industry businesses; creating s. 402.62, F.S.; creating the Strong Families Tax Credit; defining terms; specifying requirements for the Department of Children and Families in designating eligible charitable organizations; specifying requirements for eligible charitable organizations receiving contributions; specifying duties of the Department of Children and Families; specifying a limitation on, and application procedures

for, the tax credit; specifying requirements and procedures for, and restrictions on, the carryforward, conveyance, transfer, assignment, and rescindment of credits; specifying requirements and procedures for the department; providing construction; authorizing the department, the Division of Alcoholic Beverages and Tobacco of the Department of Business and Professional Regulation, and the Department of Children and Families to develop a cooperative agreement and adopt rules; authorizing certain interagency information sharing; creating ss. 561.1212 and 624.51056, F.S.; providing credits against excise taxes on certain alcoholic beverages and the insurance premium tax, respectively, under the Strong Families Tax Credit; specifying requirements and procedures for, and limitations on, the credits; amending s. 624.509, F.S.; revising the order in which credits are taken under that section; providing sales tax exemptions for certain clothing, wallets, bags, school supplies, personal computers, and personal computer-related accessories during a certain timeframe; defining terms; specifying locations where the exemptions do not apply; authorizing certain dealers to opt out of participating in the exemptions, subject to certain conditions; authorizing the department to adopt emergency rules; providing sales tax exemptions for certain disaster preparedness supplies during a certain timeframe; specifying locations where the exemptions do not apply; authorizing the department to

adopt emergency rules; reenacting s. 192.0105(3)(a), F.S., relating to taxpayer rights, to incorporate the amendment made to s. 197.222, F.S., in a reference thereto; reenacting s. 193.1557, F.S., relating to assessment of property damaged or destroyed by Hurricane Michael, to incorporate the amendments made to ss. 193.155, 193.1554, and 193.1555, F.S., in references thereto; reenacting s. 212.07(1)(c), F.S., relating to the sales, storage, and use tax, to incorporate the amendment made to s. 212.06, F.S., in a reference thereto; reenacting s. 212.08(18)(f), F.S., relating to the sales, rental, use, consumption, distribution, and storage tax, to incorporate the amendment made to s. 212.13, F.S., in a reference thereto; authorizing the department to adopt emergency rules; providing for expiration of that authority; providing an appropriation; requiring the Florida Institute for Child Welfare to provide a certain report to the Governor and the Legislature by a specified date; providing for severability; providing effective dates.

department's website list in lieu of collecting certain taxes; providing criminal penalties for certain violations; authorizing the department to adopt rules; amending s. 212.13, F.S.; revising recordkeeping requirements for dealers collecting the sales and use tax; amending s. 212.15, F.S.; providing that stolen sales tax revenue may be aggregated for the purposes of determining the grade of certain criminal offenses; amending s. 213.053, F.S.; authorizing the department to publish a list of forwarding agents who have received Florida Certificates of Forwarding Agent Address on its website; reenacting s. 192.0105(3)(a), F.S., relating to taxpayer rights, to incorporate the amendment made to s. 197.222, F.S., in a reference thereto; reenacting s. 212.07(1)(c), F.S., relating to the sales, storage, and use tax, to incorporate the amendment made to s. 212.06, F.S., in a reference thereto; reenacting s. 212.08(18)(f), F.S., relating to the sales, rental, use, consumption, distribution, and storage tax, to incorporate the amendment made to s. 212.13, F.S., in a reference thereto; authorizing the department to adopt emergency rules; providing for expiration of that authority; providing effective dates.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Effective July 1, 2021, paragraph (a) of

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

subsection (1) of section 197.222, Florida Statutes, is amended to read:

197.222 Prepayment of estimated tax by installment method.—

(1) Taxes collected pursuant to this chapter may be prepaid in installments as provided in this section. A taxpayer may elect to prepay by installments for each tax notice for taxes estimated to be more than $100. A taxpayer who elects to prepay shall make payments based upon an estimated tax equal to the actual taxes levied upon the subject property in the prior year. In order to prepay by installments, the taxpayer must complete and file an application for each tax notice with the tax collector on or before April 30 of the year in which the taxpayer elects to prepay the taxes. After submission of an initial application, a taxpayer is not required to submit additional annual applications as long as he or she continues to elect to prepay taxes in installments. However, if in any year the taxpayer does not so elect, reapplication is required for a subsequent election. Installment payments shall be made according to the following schedule:

(a) The first payment of one-quarter of the total amount of estimated taxes due must be made by June 30 of the year in which the taxes are assessed. A 6 percent discount applied against the amount of the installment shall be granted for such payment. The tax collector shall ~~may~~ accept a late payment of the first installment through July 31~~, and the late payment must be accompanied by a penalty of 5 percent of the amount of the installment due~~.

Section 2. Paragraph (e) of subsection (3) of section 211.3106, Florida Statutes, is amended to read:

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

211.3106 Levy of tax on severance of heavy minerals; rate, basis, and distribution of tax.—

(3)

(e) If ~~In the event~~ the producer price index for titanium dioxide is discontinued or can no longer be calculated, ~~then~~ a comparable index must ~~shall~~ be selected by the department and adopted by rule. If there is no comparable index, the tax rate for the immediately preceding year must be used.

Section 3. Subsection (5) of section 212.06, Florida Statutes, is amended, and paragraph (m) is added to subsection (2) of that section, to read:

212.06 Sales, storage, use tax; collectible from dealers; "dealer" defined; dealers to collect from purchasers; legislative intent as to scope of tax.—

(2)

(m) The term "dealer" also means a forwarding agent as defined in sub-subparagraph (5)(b)1.c. who has applied for and received a Florida Certificate of Forwarding Agent Address from the department.

(5)(a)1. Except as provided in subparagraph 2., it is not the intention of this chapter to levy a tax upon tangible personal property imported, produced, or manufactured in this state for export, provided that tangible personal property may not be considered as being imported, produced, or manufactured for export unless the importer, producer, or manufacturer delivers the same to a forwarding agent ~~licensed exporter~~ for exporting or to a common carrier for shipment outside this ~~the~~ state or mails the same by United States mail to a destination outside this ~~the~~ state; or, in the case of aircraft being

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

exported under their own power to a destination outside the continental limits of the United States, by submission to the department of a duly signed and validated United States customs declaration, showing the departure of the aircraft from the continental United States; and further with respect to aircraft, the canceled United States registry of said aircraft; or in the case of parts and equipment installed on aircraft of foreign registry, by submission to the department of documentation as ~~,~~ ~~the extent of which shall be~~ provided by rule, showing the departure of the aircraft from the continental United States; nor is it the intention of this chapter to levy a tax on any sale that ~~which~~ the state is prohibited from taxing under the Constitution or laws of the United States. Every retail sale made to a person physically present at the time of sale is ~~shall be~~ presumed to have been delivered in this state.

2.a. Notwithstanding subparagraph 1., a tax is levied on each sale of tangible personal property to be transported to a cooperating state as defined in sub-subparagraph c., at the rate specified in sub-subparagraph d. However, a Florida dealer is ~~will be~~ relieved from the requirements of collecting taxes pursuant to this subparagraph if the Florida dealer obtains from the purchaser an affidavit providing ~~setting forth~~ the purchaser's name, address, state taxpayer identification number, and a statement that the purchaser is aware of his or her state's use tax laws, is a registered dealer in Florida or another state, or is purchasing the tangible personal property for resale or is otherwise not required to pay the tax on the transaction. The department may, by rule, provide a form to be used for the purposes of this sub-subparagraph ~~set forth herein~~.

b. For purposes of this subparagraph, the term "~~a~~ cooperating state" means a state ~~is one~~ determined by the executive director of the department to cooperate satisfactorily with this state in collecting taxes on mail order sales. To be determined a cooperating state, a ~~No~~ state must meet ~~shall be so determined unless it meets~~ all the following minimum requirements:

(I) It levies and collects taxes on mail order sales of property transported from that state to persons in this state, as described in s. 212.0596, upon request of the department.

(II) The tax so collected must ~~shall~~ be at the rate specified in s. 212.05, not including any local option or tourist or convention development taxes collected pursuant to s. 125.0104 or this chapter.

(III) Such state agrees to remit to the department all taxes so collected no later than 30 days from the last day of the calendar quarter following their collection.

(IV) Such state authorizes the department to audit dealers within its jurisdiction who make mail order sales that are the subject of s. 212.0596, or makes arrangements deemed adequate by the department for auditing them with its own personnel.

(V) Such state agrees to provide to the department records obtained by it from retailers or dealers in such state showing delivery of tangible personal property into this state upon which no sales or use tax has been paid in a manner similar to that provided in sub-subparagraph g.

c. For purposes of this subparagraph, the term "sales of tangible personal property to be transported to a cooperating state" means mail order sales to a person who is in the

cooperating state at the time the order is executed, from a dealer who receives that order in this state.

d. The tax levied by sub-subparagraph a. shall be at the rate at which such a sale would have been taxed pursuant to the cooperating state's tax laws if consummated in the cooperating state by a dealer and a purchaser, both of whom were physically present in that state at the time of the sale.

e. The tax levied by sub-subparagraph a., when collected, shall be held in the State Treasury in trust for the benefit of the cooperating state and shall be paid to it at a time agreed upon between the department, acting for this state, and the cooperating state or the department or agency designated by it to act for it; however, such payment shall in no event be made later than 30 days from the last day of the calendar quarter after the tax was collected. Funds held in trust for the benefit of a cooperating state are ~~shall~~ not ~~be~~ subject to the service charges imposed by s. 215.20.

f. The department is authorized to perform such acts and to provide such cooperation to a cooperating state with reference to the tax levied by sub-subparagraph a. as is required of the cooperating state by sub-subparagraph b.

g. In furtherance of this act, dealers selling tangible personal property for delivery in another state shall make available to the department, upon request of the department, records of all tangible personal property so sold. Such records must ~~shall~~ include a description of the property, the name and address of the purchaser, the name and address of the person to whom the property was sent, the purchase price of the property, information regarding whether sales tax was paid in this state

on the purchase price, and such other information as the department may by rule prescribe.

(b)1. As used in this subsection, the term:

a. "Certificate" means a Florida Certificate of Forwarding Agent Address.

b. "Facilitating" means preparation for or arranging for export.

c. "Forwarding agent" means a person or business whose principal business activity is facilitating for compensation the export of property owned by other persons.

d. "NAICS" means those classifications contained in the North American Industry Classification System as published in 2007 by the Office of Management and Budget, Executive Office of the President.

e. "Principal business activity" means the activity from which the person or business derives the highest percentage of its total receipts.

2. A forwarding agent engaged in international export may apply to the department for a certificate.

3. Each application must include:

a. The designation of an address for the forwarding agent.

b. A certification that:

(I) The tangible personal property delivered to the designated address for export originates with a United States vendor;

(II) The tangible personal property delivered to the designated address for export is irrevocably committed to export out of the United States through a continuous and unbroken exportation process; and

(III) The designated address is used exclusively by the forwarding agent for such export.

c. A copy of the forwarding agent's last filed federal income tax return showing the entity's principal business activity classified under NAICS code 488510, except as provided under subparagraph 4. or subparagraph 5.

d. A statement of the total revenues of the forwarding agent.

e. A statement of the amount of revenues associated with international export of the forwarding agent.

f. A description of all business activity that occurs at the designated address.

g. The name and contact information of a designated contact person of the forwarding agent.

h. The forwarding agent's website address.

i. Any additional information the department requires by rule to demonstrate eligibility for the certificate and a signature attesting to the validity of the information provided.

4. An applicant that has not filed a federal return for the preceding tax year under NAICS code 488510 shall provide all of the following:

a. A statement of estimated total revenues.

b. A statement of estimated revenues associated with international export.

c. The NAICS code under which the forwarding agent intends to file a federal return.

5. If an applicant does not file a federal return identifying a NAICS code, the applicant shall provide documentation to support that its principal business activity is

that of a forwarding agent as defined in sub-subparagraph (b)1.c. and that the applicant is otherwise eligible for the certificate.

6. A forwarding agent that applies for and receives a certificate shall register as a dealer with the department.

7. A forwarding agent shall remit the tax imposed under this chapter on any tangible personal property shipped to the designated forwarding agent address if no tax was collected and the tangible personal property remained in this state or when delivery to the purchaser or purchaser's representative occurs in this state. This subparagraph does not prohibit the forwarding agent from collecting such tax from the consumer of the tangible personal property.

8. A forwarding agent shall maintain the following records:

a. Copies of sales invoices or receipts between the vendor and the consumer when provided by the vendor to the forwarding agent. If sales invoices or receipts are not provided to the forwarding agent, the forwarding agent must maintain export documentation evidencing the value of the purchase consistent with the federal Export Administration Regulations, 15 C.F.R. parts 730-774.

b. Copies of federal returns evidencing the forwarding agent's NAICS principal business activity code.

c. Copies of invoices evidencing shipment to the forwarding agent.

d. Invoices between the forwarding agent and the consumer or other documentation evidencing the ship-to destination outside the United States.

e. Invoices for foreign postal or transportation services.

f. Bills of lading.

g. Any other export documentation.

Such records must be kept in an electronic format and made available for the department's review pursuant to subparagraph 9. and ss. 212.13 and 213.35.

9. Each certificate expires 5 years after the date of issuance, except as specified in this subparagraph.

a. At least 30 days before expiration, a new application must be submitted to renew the certificate, and the application must contain the information required in subparagraph 3. Upon application for renewal, the certificate is subject to the review and reissuance procedures prescribed by this chapter and department rule.

b. Each forwarding agent shall update its application information annually or within 30 days of any material change.

c. The department shall verify that the forwarding agent is actively engaged in facilitating the international export of tangible personal property.

d. The department may suspend or revoke the certificate of any forwarding agent that fails to respond within 30 days to a written request for information regarding its business transactions.

10. The department shall provide a list on its website of forwarding agents that have applied for and received a certificate from the department. The list must include a forwarding agent's entity name, address, and expiration date as provided on the certificate.

11. A dealer may accept a copy of the forwarding agent's

certificate or rely on the list of forwarding agents' names and addresses on the department's website in lieu of collecting the tax imposed under this chapter when the property is required by terms of the sale to be shipped to the designated address on the certificate. A dealer who accepts a valid copy of a certificate in good faith and ships purchased tangible personal property to the address on the certificate is not liable for any tax due on sales made during the effective dates indicated on the certificate.

12. The department may revoke a forwarding agent's certificate for noncompliance with this paragraph. Any person found to fraudulently use the address on the certificate for the purpose of evading tax is subject to the penalties provided in s. 212.085.

13. The department may adopt rules to administer this paragraph, including rules relating to procedures, application and eligibility requirements, and forms.

(c)1. Notwithstanding ~~the provisions of~~ paragraph (a), it is not the intention of this chapter to levy a tax on the sale of tangible personal property to a nonresident dealer who does not hold a Florida sales tax registration, provided such nonresident dealer furnishes the seller a statement declaring that the tangible personal property will be transported outside this state by the nonresident dealer for resale and for no other purpose. The statement must ~~shall~~ include, but not be limited to, the nonresident dealer's name, address, applicable passport or visa number, arrival-departure card number, and evidence of authority to do business in the nonresident dealer's home state or country, such as his or her business name and address,

occupational license number, if applicable, or any other suitable requirement. The statement must ~~shall~~ be signed by the nonresident dealer and must ~~shall~~ include the following sentence: "Under penalties of perjury, I declare that I have read the foregoing, and the facts alleged are true to the best of my knowledge and belief."

2. The burden of proof of subparagraph 1. rests with the seller, who must retain the proper documentation to support the exempt sale. The exempt transaction is subject to verification by the department.

(d)~~(c)~~ Notwithstanding ~~the provisions of~~ paragraph (a), it is not the intention of this chapter to levy a tax on the sale by a printer to a nonresident print purchaser of material printed by that printer for that nonresident print purchaser when the print purchaser does not furnish the printer a resale certificate containing a sales tax registration number but does furnish to the printer a statement declaring that such material will be resold by the nonresident print purchaser.

Section 4. Effective July 1, 2021, subsection (2) of section 212.13, Florida Statutes, is amended to read:

212.13 Records required to be kept; power to inspect; audit procedure.—

(2) Each dealer, as defined in this chapter, shall secure, maintain, and keep as long as required by s. 213.35 a complete record of tangible personal property or services received, used, sold at retail, distributed or stored, leased or rented by said dealer, together with invoices, bills of lading, gross receipts from such sales, and other pertinent records and papers as may be required by the department for the reasonable administration

of this chapter.~~:~~ All such records must be made available to the department at reasonable times and places and by reasonable means, including in an electronic format when so kept by the dealer ~~which are located or maintained in this state shall be open for inspection by the department at all reasonable hours at such dealer's store, sales office, general office, warehouse, or place of business located in this state. Any dealer who maintains such books and records at a point outside this state must make such books and records available for inspection by the department where the general records are kept~~. Any dealer subject to ~~the provisions of~~ this chapter who violates this subsection commits ~~these provisions is guilty of~~ a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083. If, however, any subsequent offense involves intentional destruction of such records with an intent to evade payment of or deprive the state of any tax revenues, such subsequent offense is ~~shall be~~ a felony of the third degree, punishable as provided in s. 775.082 or s. 775.083.

Section 5. Effective July 1, 2021, subsection (2) of section 212.15, Florida Statutes, is amended to read:

212.15 Taxes declared state funds; penalties for failure to remit taxes; due and delinquent dates; judicial review.—

(2) Any person who, with intent to unlawfully deprive or defraud the state of its moneys or the use or benefit thereof, fails to remit taxes collected under this chapter commits theft of state funds, punishable as follows:

(a) If the total amount of stolen revenue is less than $1,000, the offense is a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083. Upon a

second conviction, the offender commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083. Upon a third or subsequent conviction, the offender commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(b) If the total amount of stolen revenue is $1,000 or more, but less than $20,000, the offense is a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(c) If the total amount of stolen revenue is $20,000 or more, but less than $100,000, the offense is a felony of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(d) If the total amount of stolen revenue is $100,000 or more, the offense is a felony of the first degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

The amount of stolen revenue may be aggregated in determining the grade of the offense.

Section 6. Subsection (5) of section 213.053, Florida Statutes, is amended to read:

213.053 Confidentiality and information sharing.—

(5) This section does not prevent the department from doing any of the following:

(a) Publishing statistics so classified as to prevent the identification of particular accounts, reports, declarations, or returns; ~~or~~

(b) Publishing a list of forwarding agents who have received a Florida Certificate of Forwarding Agent Address,

which list shall include the forwarding agent's entity name, address, and certificate expiration date on the department's website pursuant to s. 212.06(5)(b)10.; or

(c) ~~(b)~~ Using telephones, e-mail, facsimile machines, or other electronic means to do any of the following:

1. Distribute information relating to changes in law, tax rates, interest rates, or other information that is not specific to a particular taxpayer;

2. Remind taxpayers of due dates;

3. Respond to a taxpayer to an electronic mail address that does not support encryption if the use of that address is authorized by the taxpayer; or

4. Notify taxpayers to contact the department.

Section 7. For the purpose of incorporating the amendment made by this act to section 197.222, Florida Statutes, in a reference thereto, paragraph (a) of subsection (3) of section 192.0105, Florida Statutes, is reenacted to read:

192.0105 Taxpayer rights.—There is created a Florida Taxpayer's Bill of Rights for property taxes and assessments to guarantee that the rights, privacy, and property of the taxpayers of this state are adequately safeguarded and protected during tax levy, assessment, collection, and enforcement processes administered under the revenue laws of this state. The Taxpayer's Bill of Rights compiles, in one document, brief but comprehensive statements that summarize the rights and obligations of the property appraisers, tax collectors, clerks of the court, local governing boards, the Department of Revenue, and taxpayers. Additional rights afforded to payors of taxes and assessments imposed under the revenue laws of this state are

provided in s. 213.015. The rights afforded taxpayers to assure that their privacy and property are safeguarded and protected during tax levy, assessment, and collection are available only insofar as they are implemented in other parts of the Florida Statutes or rules of the Department of Revenue. The rights so guaranteed to state taxpayers in the Florida Statutes and the departmental rules include:

(3) THE RIGHT TO REDRESS.—

(a) The right to discounts for early payment on all taxes and non-ad valorem assessments collected by the tax collector, except for partial payments as defined in s. 197.374, the right to pay installment payments with discounts, and the right to pay delinquent personal property taxes under a payment program when implemented by the county tax collector (see ss. 197.162, 197.3632(8) and (10)(b)3., 197.222(1), and 197.4155).

Section 8. For the purpose of incorporating the amendment made by this act to section 212.06, Florida Statutes, in a reference thereto, paragraph (c) of subsection (1) of section 212.07, Florida Statutes, is reenacted to read:

212.07 Sales, storage, use tax; tax added to purchase price; dealer not to absorb; liability of purchasers who cannot prove payment of the tax; penalties; general exemptions.—

(1)

(c) Unless the purchaser of tangible personal property that is incorporated into tangible personal property manufactured, produced, compounded, processed, or fabricated for one's own use and subject to the tax imposed under s. 212.06(1)(b) or is purchased for export under s. 212.06(5)(a)1. extends a certificate in compliance with the rules of the department, the

dealer shall himself or herself be liable for and pay the tax.

Section 9. For the purpose of incorporating the amendment made by this act to section 212.13, Florida Statutes, in a reference thereto, paragraph (f) of subsection (18) of section 212.08, Florida Statutes, is reenacted to read:

212.08 Sales, rental, use, consumption, distribution, and storage tax; specified exemptions.—The sale at retail, the rental, the use, the consumption, the distribution, and the storage to be used or consumed in this state of the following are hereby specifically exempt from the tax imposed by this chapter.

(18) MACHINERY AND EQUIPMENT USED PREDOMINANTLY FOR RESEARCH AND DEVELOPMENT.—

(f) Purchasers shall maintain all documentation necessary to prove the exempt status of purchases and fabrication activity and make such documentation available for inspection pursuant to the requirements of s. 212.13(2).

Section 10. (1) The Department of Revenue is authorized, and all conditions are deemed met, to adopt emergency rules pursuant to s. 120.54(4), Florida Statutes, for the purpose of implementing the amendment made by this act to s. 212.06, Florida Statutes.

(2) Notwithstanding any other law, emergency rules adopted pursuant to subsection (1) are effective for 6 months after adoption and may be renewed during the pendency of procedures to adopt permanent rules addressing the subject of the emergency rules.

(3) This section shall take effect upon becoming a law and expires January 1, 2025.

Section 11. Except as otherwise expressly provided in this act and except for this section, which shall take effect upon becoming a law, this act shall take effect January 1, 2022.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	SB 7072
INTRODUCER:	Governmental Oversight and Accountability Committee
SUBJECT:	Social Media Platforms
DATE:	April 16, 2021
REVISED:	4/21/21

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Ponder	McVaney		**GO Submitted as Comm. Bill/Fav**
2.	Smith	Sadberry	AP	**Favorable**

I. Summary:

SB 7072 establishes a violation for social media deplatforming of a political candidate or journalistic enterprise and requires a social medial platform to meet certain requirements when they restrict speech by users.

The bill prohibits social media platforms from deplatforming candidates for political office and allows the Florida Elections Commission to fine a social media platform $100,000 per day for deplatforming statewide candidates and $10,000 per day for deplatforming all other candidates, in addition to the remedies provided in chapter 106, Florida Statutes, relating to campaign financing. Additionally, if a social media platform knowingly provides free advertisements for a candidate, such advertisement is deemed an in-kind contribution, and the candidate must be notified.

The bill establishes restrictions for receiving economic benefits or contracting with public entities for certain social media platforms who have violated antitrust laws and who have been placed on the Antitrust Violator Vendor List. The Department of Management Services (DMS) is required to maintain the Antitrust Violator Vendor List (list) of the names and addresses of the people or affiliates who have been disqualified from the public contracting and purchasing process. The bill outlines the process for placing such person or affiliates on the list, and the process for a person or affiliates to appeal the decision to place such person or affiliate on the list. The bill provides for exceptions from the applicability of the antitrust violator provisions.

The bill requires a social media platform to:

- Publish the standards, including detailed definitions, it uses or has used for determining how to censor, deplatform, and shadow ban;
- Apply censorship, deplatforming, and shadow banning standards in a consistent manner among users on the platform;
- Inform each user about any changes to its user rules, terms, and agreements before implementing the changes and may not make changes more than once every 30 days;

- Provide a mechanism that allows a user to request the number of other individual platform participants who were provided or shown the user's content or posts, and provide that information upon request;
- Categorize algorithms used for post-prioritization and shadow banning and allow a user to opt out of post-prioritization and shadow banning algorithm categories to allow sequential or chronological posts and content (the opt-out opportunity must be reoffered annually);
- Provide users with an annual notice on the use of algorithms for post-prioritization and shadow banning; and
- Allow a user who has been deplatformed to access or retrieve all of the user's information, content, material, and data for at least 60 days after being deplatformed.

The bill establishes that a social media platform that fails to comply with these requirements may be found in violation of the Florida Deceptive and Unfair Trade Practices Act by the Department of Legal Affairs (DLA). Additionally, a user may bring a private cause of action against a social media platform for failing to apply consistently certain standards and for censoring or deplatforming without proper notice.

The DMS and DLA may experience increased workloads and associated costs in carrying out the duties and responsibilities placed on the agencies in this bill.

The bill expressly provides that if any provision of the act or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared severable.

The bill takes effect July 1, 2021.

II. Present Situation:

Candidates for Office and In-Kind Contributions

Violations of Florida Election Law

The Division of Elections (division) is created within the Florida Department of State.[1] The division must ensure compliance with election laws, provides statewide coordination of election administration, and promotes public participation in the electoral process.

The Florida Elections Commission (Elections Commission) is created within the Department of Legal Affairs (DLA) of the Office of Attorney General. The Elections Commission is composed of nine members appointed by the Governor.[2] For purposes of the Elections Commission jurisdiction, a "violation" means the willful performance of a prohibited act or the willful failure to perform a required act.[3] Willfulness is a determination of fact; however, at the request of the

[1] Section 20.10(2)(a), F.S.
[2] Section 106.24(1)(b), F.S.
[3] Section 106.25(3), F.S.

respondent at any time after probable cause is found, willfulness may be considered and determined in an informal hearing before the Elections Commission.[4]

The Elections Commission determines probable cause based on the investigator's report, the recommendation of counsel for the Elections Commission, the complaint, and staff recommendations, as well as any written statements submitted by the respondent and any oral statements made at the hearing.[5] If probable cause has been found by the Elections Commission, a respondent may agree to a consent order, elect to have a formal administrative hearing conducted by an administrative law judge in the Division of Administrative Hearings, or elect to have a formal or informal hearing conducted before the Elections Commission.[6]

In order to carry out its responsibilities, the Elections Commission may subpoena any person in the state, doing business in the state, or who has filed or is required to have filed any application, document, papers, or other information with an office or agency of this state or a political subdivision thereof, and require the production of any papers, books, or other records relevant to any investigation, including the records and accounts of any bank or trust company doing business in this state.[7]

Civil penalties are generally limited to not more than $1,000 per count or violation.[8] Other penalties include permanent or temporary injunctions, and restraining orders.[9] Any civil penalty or fine assessed is deposited into the General Revenue Fund.[10]

Actions for a violation of ch. 104 or 106, F.S., (the elections code and campaign financing, respectively) must be commenced before two years have elapsed from the date of the violation.[11]

In-kind Contributions to Candidates

Section 106.011(3)(e), F.S., defines the term "candidate" to mean a person to whom any of the following applies:

- A person who seeks to qualify for nomination or election by means of the petitioning process;
- A person who seeks to qualify for election as a write-in candidate;
- A person who receives contributions or makes expenditures, or consents for any other person to receive contributions or make expenditures, with a view to bring about his or her nomination or election to, or retention in, public office;
- A person who appoints a treasurer and designates a primary depository; or
- A person who files qualification papers and subscribes to a candidate's oath as required by law.

[4] *Id.* This section further provides that the Elections Commission may not by rule determine what constitutes willfulness or further define the term "willful" for purposes of election law.
[5] Section 106.25(2), F.S.
[6] Section 106.25(5), F.S.
[7] Section 106.26(1), F.S.
[8] Section 106.265, F.S.
[9] Section 106.27, F.S.
[10] Section 106.265(4), (5), F.S.
[11] Section 106.28, F.S.

Generally, a "political committee" means a combination of two or more individuals, or a person other than an individual, that, in an aggregate amount in excess of $500 during a single calendar year:

- Accepts contributions for the purpose of making contributions to any candidate, political committee, affiliated party committee, or political party;
- Accepts contributions for the purpose of expressly advocating the election or defeat of a candidate or the passage or defeat of an issue;
- Makes expenditures that expressly advocate the election or defeat of a candidate or the passage or defeat of an issue; or
- Makes contributions to a common fund, other than a joint checking account between spouses, from which contributions are made to any candidate, political committee, affiliated party committee, or political party.

Candidates and political committees must report all contributions, loans, expenditures, distributions, and transfers, regardless of the amount.[12] They must report the full name and address of each person making the contribution or receiving the expenditure and, for contributions over $100, the occupation.[13]

An in-kind contribution[14] is anything of value except money made for the purpose of influencing the results of an election.[15] The valuation of an in-kind contribution is fair market value, and in-kind contributions are subject to the same contribution limitations as money.[16]

Freedom of Speech and Internet Platforms

Section 230

The federal Communications Decency Act (CDA) was passed in 1996 "to protect children from sexually explicit Internet content."[17] 47 U.S. Code § 230 (Section 230) was added as an amendment to the CDA to maintain the robust nature of Internet communication and, accordingly, to keep government interference in the medium to a minimum."[18]

Congress stated in Section 230 that "[i]t is the policy of the United States—(1) to promote the continued development of the Internet and other interactive computer services and other interactive media; [and] (2) to preserve the vibrant and competitive free market that presently exists for the Internet and other interactive computer services, unfettered by Federal or State regulation."[19]

[16] Sections 106.011(5) and 106.055, F.S.
[17] *Force v. Facebook, Inc.*, 934 F.3d 53, 63 (2d Cir. 2019) (citing *FTC v. LeadClick Media, LLC*, 838 F.3d 158, 173 (2d Cir. 2016) (citing 141 Cong. Rec. S1953 (daily ed. Feb. 1, 1995) (statement of Sen. Exon))).
[18] *Force*, 934 F.3d at 63 (quoting *Ricci v. Teamsters Union Local 456*, 781 F.3d 25, 28 (2d Cir. 2015) (quoting *Zeran v. Am. Online, Inc.*, 129 F.3d 327, 330 (4th Cir. 1997)).
[19] 47 U.S.C. § 230(b)(1)–(2).

Specifically, Section 230 states that no provider or user of an interactive computer service may be held liable on account of:[20]

- Any action voluntarily taken in good faith to restrict access to or availability of material that the provider or user considers to be obscene, lewd, lascivious, filthy, excessively violent, harassing, or otherwise objectionable, whether or not such material is constitutionally protected; or
- Any action taken to enable or make available to information content providers or others the technical means to restrict access to material from any person or entity that is responsible for the creation or development of information provided through any interactive computer service.

Section 230 "assuaged Congressional concern regarding the outcome of two inconsistent judicial decisions,[21] both of which "appl[ied] traditional defamation law to internet providers."[22] The first decision held that an interactive computer service provider could not be liable for a third party's defamatory statement ... but the second imposed liability where a service provider filtered content in an effort to block obscene material."[23] To provide clarity, Section 230 provides that "[n]o provider ... of an interactive computer service shall be treated as the publisher or speaker of any information provided by another information content provider.[24] In light of Congress's objectives, the Circuits are in general agreement that the text of Section 230(c)(1) should be construed broadly in favor of immunity.[25]

Section 230 specifically addresses how the federal law affects other laws. Section 230 prohibits all inconsistent causes of action and prohibits liability imposed under any State or local law.[26] Section 230 does not affect federal criminal law, intellectual property law, the Electronic Communications Privacy Act of 1986, or sex trafficking law.

Recently, there have been criticisms of the broad immunity provisions or liability shields which force individuals unhappy with third-party content to sue the user who posted it. While this immunity has fostered the free flow of ideas on the Internet, critics have argued that Section 230 shields publishers from liability for allowing harmful content.[27] Congressional and executive proposals to limit immunity for claims relating to platforms purposefully hosting content from those engaging in child exploitation, terrorism, and cyber-stalking have been introduced.[28] Bills have been filed that would require internet platforms to have clear content moderation policies,

(2020).

submit detailed transparency reports, and remove immunity for platforms that engage in certain behavioral advertising practices.[29] Proposals have also been offered to limit the liability shield for internet providers who restrict speech based on political viewpoints.[30]

Internet and Social Media Platforms

There are many ways in which individuals access computer systems and interact with systems and other individuals on the Internet. Examples include:

- Social media sites, which are websites and applications, that allow users to communicate informally with others, find people, and share similar interests;[31]
- Internet platforms, which are servers used by an Internet provider to support Internet access by their customers;[32]
- Internet search engines, which are computer software used to search data (such as text or a database) for specified information;[33] and
- Access software providers, which are providers of software (including client or server software) or enabling tools for content processing.[34]

Such platforms earn revenue through various modes and models. Examples include:

- Data monetization.[35] This uses data that is gathered and stored on the millions of users that spend time on free content sites, including specific user location, browsing habits, buying behavior, and unique interests. This data can be used to help e-commerce companies tailor their marketing campaigns to a specific set of online consumers. Platforms that use this model are typically free for users to use.[36]
- Subscription or membership fees. This model requires users pay for a particular or unlimited use of the platform infrastructure.[37]
- Transaction fees. This model allows platforms to benefit from every transaction that is enabled between two or more actors. An example is AirBnB, where users transacting on the site are charged a fee.[38]

The Florida Deceptive and Unfair Trade Practices Act

The Florida Deceptive and Unfair Trade Practices Act (FDUTPA) exists "to protect the consuming public and legitimate business enterprises from those who engage in (1) unfair methods of competition; or (2) unconscionable, deceptive, or unfair acts or practices in the conduct of any trade or commerce."[39] The FDUTPA is modeled after the federal statute that authorizes the Federal Trade Commission.[40]

Florida has determined that the following acts or practices are unfair or deceptive:
- Imposing unconscionable prices for the rental or lease of any dwelling unit or self-storage facility during a period of declared state of emergency;[41]
- Failing to abide by storage requirements for personal information and notice requirements for data breaches of such information;[42] and
- Failing to abide by requirements for weight-loss programs.[43]

The state attorney or the Department of Legal Affairs (DLA) may bring FDUTPA actions when it is in the public interest on behalf of consumers or governmental entities.[44] The Office of the State Attorney (SAO) may enforce FDUTPA violations occurring in its jurisdiction. DLA has enforcement authority if the violation is multi-jurisdictional, the state attorney defers in writing, or the state attorney fails to act within 90 days after a written complaint is filed.[45] Consumers may also file suit through private actions.[46]

DLA and the SAO have powers to investigate FDUTPA claims, which include:[47]
- Administering oaths and affirmations;
- Subpoenaing witnesses or matter; and
- Collecting evidence.

DLA and the State Attorney, as enforcing authorities, may seek the following remedies:
- Declaratory judgments;
- Injunctive relief;
- Actual damages on behalf of consumers and businesses;
- Cease and desist orders; and

Freedom of Speech

The First Amendment of the United States Constitution protects the right to freedom of expression from government interference. The First Amendment is applicable to the states through the Due Process Clause of the Fourteenth Amendment.[49] "[T]he First Amendment assures the broadest tolerable exercise of free speech, free press, and free assembly, not merely for religious purposes, but for political, economic, scientific, news, or informational ends as well."[50] "[O]nline speech is equally protected under the First Amendment as there is 'no basis for qualifying the level of First Amendment scrutiny that should be applied' to online speech."[51]

It is well established that a government regulation based on the content of speech is presumptively invalid and will be upheld only if it is necessary to advance a compelling governmental interest, precisely tailored to serve that interest, and is the least restrictive means available for establishing that interest.[52] The government bears the burden of demonstrating the constitutionality of any such content-based regulation.[53]

The United States Supreme Court has recognized that First Amendment protection extends to corporations.[54] "This protection has been extended by explicit holdings to the context of political speech."[55] Under these precedents, it is well settled that political speech does not lose First Amendment protection "simply because its source is a corporation."[56] Generally, the government may not require a corporation to host another's speech absent a showing of a compelling state interest.[57]

Supremacy Clause

It is a basic tenet of "Our Federalism"[58] that where federal and state law conflict, state law must yield.[59] This principle is captured in Article VI of the Constitution, known as the Supremacy Clause, which reads: "This Constitution, and the Laws of the United States … shall be the

supreme Law of the Land …, any Thing in the … Laws of any State to the Contrary notwithstanding."[60] The United States Supreme Court has explained that the Supremacy Clause was designed to ensure that states do not "retard, impede, burden, or in any manner control" the execution of federal law.[61] The framers of the Constitution rejected a proposal to allow a federal veto of state laws "in favor of allowing state laws to take effect, subject to a later challenge under the Supremacy Clause."[62] Outside the strictures of the Supremacy Clause, the States retain broad autonomy in structuring their governments and pursuing legislative objectives."[63]

Antitrust Laws, and State Contracts and Incentives

Antitrust Law

Healthy competition in economic markets keeps prices low and quality high for consumers. When one entity becomes too strong, it can stifle competition, leading to higher prices and harm to consumers.

Antitrust law exists to protect competition, but not necessarily individual competitors, in economic markets, based on the idea that an unregulated market will lead to the creation of coercive monopolies.[64] Federal antitrust law includes the Sherman Antitrust Act, the Clayton Act, and the Federal Trade Commission Act. These laws are enforced in federal district court[65] by the U.S. Department of Justice (DOJ), the Federal Trade Commission (FTC), state Attorneys General, and private plaintiffs. Antitrust case law is well-developed, and it is often difficult to distinguish aggressive, pro-competitive conduct—which is legal—from predatory, anti-competitive conduct.[66]

The Sherman Antitrust Act[67] prohibits any attempt to restrain trade or form a monopoly. A monopoly has two elements: (1) monopoly power and (2) willful acquisition or maintenance of that power, as opposed to power naturally resulting from a superior product, acumen, or historic accident. Stated differently, a plaintiff must prove the defendant acquired the monopoly power in a "predatory" manner. Penalties for violating the Sherman Act include up to ten years' imprisonment and a fine up to $100 million for a corporation or $1 million for any other person.[68]

[67] 15 U.S.C. §§. 1 et seq.
[68] 15 U.S.C. §1.

The Clayton Act[69] prohibits specific business actions, including sales, or setting a price, discount or rebate on condition that the buyer not deal with competitors of the seller where the effect may be to substantially lessen competition in interstate commerce.[70] Those types of practices have been held to violate s. 1 of the Sherman Act.[71] The Clayton Act also prohibits prospective corporate mergers and other asset acquisitions whose effects may substantially lessen competition.[72] To determine whether a merger violates the Clayton Act, a court must decide whether the merger is likely to create an appreciable danger of anticompetitive effects. The plaintiff must establish a prima facie case that a transaction is anticompetitive, such as by showing that an acquisition will significantly increase market concentration and lessen competition.[73] The burden then shifts to the defendant to rebut the prima facie case, such as by introducing evidence casting doubt on the plaintiff's prediction of anticompetitive effects.[74] If the defendant rebuts the prima facie case, the plaintiff has the final burden to demonstrate an antitrust violation.[75] If the plaintiff prevails, the customary remedy is for the court to order divestiture and unwind the merger.[76]

In enacting the Florida Antitrust Act of 1980,[77] the Legislature expressly stated its "intent … that, in construing this chapter, due consideration and great weight given to the interpretations of the federal courts relating to comparable federal antitrust statutes."[78] The standing requirements for a private cause of action under the Florida Antitrust Act parallel the standing requirements of Section 4 of the Clayton Act.[79] Implemented by the Office of the Attorney General (OAG), the Florida Antitrust Act essentially mirrors the federal Sherman Act, and prohibits:[80]

- Every contract, combination, or conspiracy in restraint of trade or commerce;[81] and
- Monopolization or attempted monopolization of any part of trade or commerce.[82]

A Florida antitrust law violation is punishable by up to three years imprisonment and fines up to $1 million for a corporation and $100,000 for any other person.[83] There is also a private right of action for any person injured by certain antitrust violations.[84]

Antitrust Actions against Internet Platforms

Critics have argued for years that internet platforms like Google, Apple, Facebook and Amazon improperly built empires over commerce, communications and culture, and then abused their power. Recently, federal and state regulators investigated and brought antitrust cases against these platforms.[85] For example, the FTC and over 40 states, including Florida, have brought an action against Facebook for allegedly buying smaller rivals to maintain market dominance.[86] Also, DOJ and 11 states, including Florida, have brought an action against Google for allegedly manipulating search engine results.[87]

Procurement of Commodities and Services

Chapter 287, F.S., regulates state agency[88] procurement of personal property and services. Depending on the cost and characteristics of the needed goods or services, agencies may utilize a variety of procurement methods that include:

- Single source contracts, which are used when an agency determines that only one vendor is available to provide a commodity or service at the time of purchase;
- Invitations to bid, which are used when an agency determines that standard services or goods will meet needs, wide competition is available, and the vendor's experience will not greatly influence the agency's results;
- Requests for proposals, which are used when the procurement requirements allow for consideration of various solutions and the agency believes more than two or three vendors exist who can provide the required goods or services; and
- Invitations to negotiate, which are used when negotiations are determined to be necessary to obtain the best value and involve a request for highly complex, customized, mission-critical services. [89]

For contracts for commodities or services in excess of $35,000, agencies must utilize a competitive solicitation process.[90] However, specified contractual services and commodities are not subject to competitive solicitation requirements.[91]

The Department of Management Services (DMS) is statutorily designated as the central executive agency procurement authority and its responsibilities include overseeing agency implementation of the procurement process,[92] creating uniform agency procurement rules,[93]

[85] David McCabe, Cecilia Kang, and Daisuke Wakabayashi, *Google's Legal Peril Grows in Face of Third Antitrust Suit*, New York Times (Dec. 17, 2020), https://www.nytimes.com/2020/12/17/technology/google-antitrust-monopoly.html (last visited Feb. 25, 2021).

[88] Section 287.012(1), F.S., defines the term "agency" as any of the various state officers, departments, boards, commissions, divisions, bureaus, and councils and any other unit of organization, however designated, of the executive branch of state government. "Agency" does not include the university and college boards of trustees or the state universities and colleges.
[89] *See* Sections 287.012(6) and 287.057(1), F.S.
[90] Section 287.057(1), F.S., requires all projects that exceed the Category Two threshold amount ($35,000) contained in s. 287.017, F.S., to be competitively procured.
[91] *See* Sections 287.057(3)(e), F.S.
[92] *See* Sections 287.032 and 287.042, F.S.
[93] *See* Sections 287.032(2) and 287.042(3), (4), and (12), F.S.

implementing the online procurement program,[94] and establishing state term contracts.[95] The agency procurement process is partly decentralized in that agencies, except in the case of state term contracts, may procure goods and services themselves in accordance with requirements set forth in statute and rule, rather than placing orders through DMS.

Certain persons and their affiliates are prohibited from contracting with public entities for services and goods, with certain exceptions, if they have been identified by DMS as violating certain restrictions and have been placed on one of the following lists:[96]

- Convicted Vendor List;
- Discriminatory Vendor List;
- Scrutinized Companies with Activities in Sudan List;
- Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List; and
- Scrutinized Companies that Boycott Israel List.

Economic Incentives

The Department of Economic Opportunity (DEO) advances Florida's economy by championing the state's economic development vision and by administering state and federal programs and initiatives to help visitors, citizens, businesses, and communities.[97] Enterprise Florida, Inc. (EFI) is a nonprofit corporation established by the Legislature to serve as the state's main economic development organization.[98] EFI is required to enter into a performance-based contract with DEO.[99]

EFI works with businesses and economic development partners to determine whether projects are eligible for state economic development incentives. A project must be vetted by EFI and EFI must determine that incentives are necessary to secure a deal in order for an incentive package to be developed and sent to DEO for further review. Once the incentive package is finalized, DEO and other appropriate state bodies issue formal approvals.

Florida has a number of incentive programs intended to promote economic development in the state. These programs come in a variety of forms including tax refunds, tax credits, tax exemptions, and cash grants under chapter 288, Florida Statutes. Businesses interested in expanding or relocating in Florida learn about the state's economic incentive programs through several channels, including EFI, state and local economic development organizations, and private site selection consultants. Businesses can apply for more than one incentive to support their expansion or relocation projects.[100]

[94] *See* Section 287.057(23), F.S.
[95] *See* Sections 287.042(2), 287.056, and 287.1345, F.S.
[96] Sections 287.133-135, F.S.
[97] Section 20.60(4)(b)(f), F.S.; Florida Department of Economic Opportunity, About Us, https://floridajobs.org/about-us (last visited Feb. 22, 2021).
[98] Section 288.901, F.S. Chapter 92-277, Laws of Fla., created EFI, while ch. 96-320, Laws of Fla, established EFI as a public-private partnership.
[99] Section 20.60(1), F.S., requires DEO to "establish annual performance standards for Enterprise Florida, Inc., CareerSource Florida, Inc., the Florida Tourism Industry Marketing Corporation, and Space Florida and report annually on how these performance measures are being met."
[100] OPPAGA, Report No. 16-09, p. 50-51.

Once a company begins the application process, EFI notifies the division so that it may begin the formal due diligence process to determine the business's statutory eligibility and financial standing. When due diligence and the application are complete, EFI determines what incentives and associated amounts may be available to the applicant and makes an approval or disapproval recommendation to DEO's executive director. If the business is approved, DEO will develop a contract or agreement with the applicant that specifies the total incentive amount, performance conditions that must be met to receive payment, payment schedule, and sanctions for failure to meet performance conditions.[101]

III. Effect of Proposed Changes:

The bill provides the following definitions:

- "Affiliate" means:
  - A predecessor or successor of a person convicted of or held civilly liable for an antitrust violation; or
  - An entity under the control of any natural person who is active in the management of the entity and who has been convicted of or held civilly liable for an antitrust violation. The term includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The term also includes a person who knowingly enters into a joint venture with a person who has violated an antitrust law during the preceding 36 months.
- "Algorithm" means a mathematical set of rules that specify how a group of data behaves and that will assist in ranking search results and maintaining order or that is used in sorting or ranking content or material based on relevancy or other factors instead of using published time or chronological order of such content or material
- "Antitrust violation" means any state or federal antitrust law as determined in a civil or criminal proceeding brought by the Attorney General, a state attorney, a similar body or agency of another state, the Federal Trade Commission, or the United States Department of Justice.
- "Antitrust violator vendor list" means the list required to be kept by the department (DMS) as a new provision of the bill. The list identifies any person or affiliate convicted or being held civilly liable for an antitrust violation.
- "Candidate" has the same meaning as in s. 106.011(3)(e), F.S. (a person who files qualification papers and subscribes to a candidate's oath as required by law).
- "Censor" includes any action taken by a social media platform to delete, regulate, restrict, edit, alter, inhibit the publication or republication of, suspend a right to post, remove, or post an addendum to any content or material posted by a user. This term also includes actions to inhibit the ability of a user to be viewable by or to interact with another user of the social media platform.
- "Convicted or being held civilly liable" or "convicted or held civilly liable" means a criminal finding of guilt or conviction, with or without an adjudication of guilt, being held civilly liable, or having a judgment levied for an antitrust violation, in any federal or state trial court of record relating to charges brought by indictment, information, or complaint on or after July 1, 2021, as a result of a jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere or other order finding liability.

[101] *Id.*

- "Deplatform" has the same meaning as in the new provision of the bill addressing censorship, s. 501.2041, F.S. That is, the action or practice by a social media platform to permanently delete or ban a user or to temporarily delete or ban a user from the social media platform for more than 60 days.
- "Economic incentives" means state grants, cash grants, tax exemptions, tax refunds, tax credits, state funds, and other state incentives under ch. 288, F.S., or administered by Enterprise Florida, Inc.
- "Journalistic enterprise" means an entity that:
  - Publishes in excess of 100,000 words available online with at least 50,000 paid subscribers or 100,000 monthly active users;
  - Publishes 100 hours of audio or video available online with at least 100 million viewers annually;
  - Operates a cable channel that provides more than 40 hours of content per week to more than 100,000 cable television subscribers; or
  - Operates under a broadcast license issued by the Federal Communications Commission.
- "Person" means a natural person or an entity organized under the laws of any state or of the United States *who operates as a social media platform*, with the legal power to enter into a binding contract and which bids or applies to bid on contracts let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.
- "Post-prioritization" means action by a social media platform to place, feature, or prioritize certain content or material ahead of, below, or in a more or less prominent position than others in a newsfeed, feed, view, or search results. The term does not include post-prioritization of content and material based on payments by a third party, including other users, to the social media platform.
- "Public entity" means the state and any of its departments or agencies.
- "Shadow ban" means action by a social media platform, through any means, whether the action is determined by a natural person or an algorithm, to limit or eliminate the exposure of a user or content or material posted by a user to other users of the social media platform. This term includes acts of shadow banning by a social media platform that are not readily apparent to a user.
- "Social media platform" means any technology platform or access software provider that does business in the state and provides or enables computer access by multiple users in a public digital forum for the primary purpose of connecting with other users and creating and sharing user generated content over the Internet. The internet platform or social media site may be a sole proprietorship, partnership, limited liability company, corporation, association, or other legal entity, that does business in this state and that satisfies at least one of the following thresholds:
  - Has annual gross revenues in excess of $100 million, as adjusted in January of each odd-numbered year to reflect any increase in the Consumer Price Index.
  - Has at least 100 million monthly individual platform participants globally.
- "User" means a person who resides or is domiciled in this state and who has an account on a social media platform, regardless of whether the person posts or has posted content or material to the social media platform.

Section 1 creates s. 106.072, F.S., to provide requirements for candidates and social media platforms related to social media deplatforming of political candidates. This section provides that a social media platform may not knowingly deplatform a candidate. Upon a finding of a violation of this section by the Elections Commission, in addition to the remedies provided in ss. 106.265 and 106.27, F.S., the social media platform may be fined $100,000 per day for deplatforming a statewide candidate, and $10,000 per day for deplatforming all other candidates.

This section provides that if a social media platform knowingly provides free advertising for a candidate must inform the candidate of such in-kind contribution. Posts, content, material, and comments by candidates which are shown on the platform in the same or similar way as other users' poses, content, material, and comments are not considered free advertising.

This section provides that this provision may only be enforced to the extent not inconsistent with federal law and 47 U.S.C. s. 230(e)(3), and notwithstanding any other provision of state law.

Section 2 creates 287.137, F.S., to establish restrictions for contracting with public entities for certain social media platforms who have violated antitrust laws. This section provides that a person or affiliate who has been placed on the antitrust violator vendor list following a conviction or being held civilly liable for an antitrust violation may not:

- Submit a bid, proposal, or reply for any new contract to provide any goods or services to a public entity;
- Submit a bid, proposal, or reply for a new contract with a public entity for the construction or repair of a public building or public work;
- Submit a bid, proposal, or reply on new leases of real property to a public entity;
- Be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a new contract with a public entity; or
- Transact new business with a public entity.

This section prohibits a public entity from accepting a bid, proposal, or reply from, awarding a new contract to, or transacting new business with any person or affiliate on the list unless that person or affiliate has been removed from the list. This prohibition does not apply to contracts that were awarded or business transactions that began before a person or an affiliate was placed on the list or before July 1, 2021.

This section provides that beginning July 1, 2021, all invitations to bid, requests for proposals, and invitations to negotiate, as those terms are defined in s. 287.012, F.S., and any contract document described in s. 287.058, F.S., must contain a statement informing persons of the public contracting and purchasing disqualifications imposed upon being placed on the antitrust vendor list.

The department must maintain an antitrust violator vendor list of the names and addresses of the people or affiliates who have been disqualified from the public contracting and purchasing process. DMS must publish the initial antitrust violator vendor list on January 1, 2022, and must update and electronically publish the list quarterly thereafter. A person or an affiliate disqualified from the public contracting and purchasing process is disqualified as of the date the final order is entered.

This section requires DMS to investigate, upon receiving reasonable information from any source, that a person was convicted or held civilly liable for antitrust violations, and determine whether good cause exists to place that person or an affiliate of that person on the list. If good cause exists, DMS must notify the person or affiliate in writing of its intent to place the name of that person or affiliate on the list, and of the person's or affiliate's right to a hearing, the procedure that must be followed, and the applicable time requirements. If the person or affiliate does not request a hearing, DMS must enter a final order placing the name of the person or affiliate on the list. A person or affiliate may not be placed on the list without receiving an individual notice of intent from DMS.

This section allows a person or affiliate to dispute placement on the list. Within 21 days after receipt of the notice of intent, the person or affiliate may file a petition for a formal hearing under the Administrative Procedures Act (ss. 120.569 and 120.57(1), F.S.) to determine whether it is in the public interest for the person or affiliate to be placed on the list. A person or affiliate is prohibited from filing a petition for an informal hearing under s. 120.57(2), F.S.

This section specifies that the procedures of the Administrative Procedures Act apply to any formal hearing, except, within 30 days after the formal hearing or receipt of the hearing transcript, whichever is later, the administrative law judge (ALJ) must enter a final order that consist of findings of fact, conclusions of law, interpretation of agency rules, and any other information required by law or rule to be contained in the final order. The final order must direct the DMS to place or not place the person or affiliate on the antitrust violator vendor list. The final order of the administrative law judge is final agency action for purposes of s. 120.68, F.S.

This section provides that any person or affiliate who has been notified by the DMS of its intent to place his or her name on the antitrust violator vendor list may offer evidence on any relevant issue. An affidavit alone does not constitute competent substantial evidence that the person has not been convicted or is not an affiliate of a person convicted or held civilly liable.

This section provides that, in a formal hearing, DMS must prove that it is in the public interest for the person or affiliate to be placed on the list. Proof that a person was convicted or was held civilly liable for antitrust violations, or that an entity is an affiliate of such a person constitutes a prima facie case that it is in the public interest for the person or affiliate to be put on the list. Status as an affiliate must be proven by clear and convincing evidence. If the ALJ determines that the person was not convicted or that the person was not civilly liable or is not an affiliate of such person, that person or affiliate may not be placed on the antitrust violator list.

This section provides that in determining whether it is in the public interest to place a person or affiliate on the list, the bill indicates that the ALJ must consider the following factors:

- Whether the person or affiliate committed an antitrust violation.
- The nature and details of the antitrust violation.
- The degree of culpability of the person or affiliate proposed to be placed on the antitrust violator vendor list.
- Reinstatement or clemency in any jurisdiction in relation to the antitrust violation at issue in the proceeding.
- The needs of public entities for additional competition in the procurement of goods and services in their respective markets.

Upon establishment of a prima facie case that it is in the public interest for the person or affiliate to whom the DMS has given notice to be put on the list, the person or affiliate may prove by a preponderance of the evidence that it would not be in the public interest to put him or her on the antitrust violator vendor list, based upon evidence addressing the factors listed above.

This section permits the Attorney General to temporarily place any person charged or accused of any state or federal antitrust law in a civil or criminal proceeding brought by the Attorney General, a state attorney, the Federal Trade Commission, or the United States Department of Justice on or after July 1, 2021, on the list. The Attorney General may make a finding of probable cause that a person has likely violated the underlying antitrust laws, and temporarily place such person on the antitrust violator vendor list until such proceeding has concluded. Affiliates may not be placed on the list under this temporary procedure.

If probable cause exists, the Attorney General must notify the person in writing of its intent to temporarily place the name of that person on the antitrust violator vendor list, and of the person's right to a hearing, the procedure that must be followed, and the applicable time requirements. If the person does not request a hearing, the Attorney General must enter a final order temporarily placing the name of the person on the antitrust violator vendor list. A person may not be placed on the antitrust violator vendor list without receiving an individual notice of intent from the Attorney General.

Within 21 days after receipt of the notice of intent, the person may file a petition for a formal hearing under the Administrative Procedures Act to determine whether it is in the public interest for the person to be temporarily placed on the antitrust violator vendor list. A person may not file a petition for informal hearing.

In determining whether it is in the public interest to temporarily place a person on the antitrust violator vendor, the ALJ must consider the following factors:

- The likelihood the person committed the antitrust violation.
- The nature and details of the antitrust violation.
- The degree of culpability of the person proposed to be placed on the list.
- The needs of public entities for additional competition in the procurement of goods and services in their respective markets.

This section specifies that the temporary removal procedure does not apply to affiliates.

Section 2 also allows a person or affiliate to petition for removal from the antitrust violator vendor list no sooner than six months after the date a final order is entered. If the petition is based upon a reversal of the conviction or liability on appellate review or pardon, then they may petition at any time. The petition must be filed with the DMS. A person or affiliate may be removed from the list subject to such terms and conditions as prescribed by the ALJ upon a determination that removal is in the public interest. In determining whether removal would be in the public interest, the ALJ must consider any relevant factors.

This section provides that upon proof that a person was found not guilty or not civilly liable, the antitrust violation case was dismissed, the court entered a finding in the person's favor, the

person's conviction or determination of liability has been reversed on appeal, or that the person has been pardoned, the ALJ must determine that removal of the person or an affiliate from the list is in the public interest.

If the petition for removal is denied, the person or affiliate may not petition for another hearing on removal for a period of nine months after the date of denial, unless the petition is based upon a reversal of the conviction on appellate review or a pardon. The DMS may petition for removal before the expiration of such period if it determines that removal would be in the public interest.

This section provides that the conviction of a person or a person held civilly liable for an antitrust violation, or placement on the antitrust violator vendor list, does not affect any rights or obligations under any contract, franchise, or other binding agreement that predates such conviction or placement on the antitrust violator vendor list.

This section provides that a person who has been placed on the antitrust violator vendor list is not a qualified applicant for economic incentives under ch. 288, F.S., and such entity shall not be qualified to receive such economic incentives.

This section specifies that the provision regarding the antitrust violator vendor list does not apply to any activities regulated by the Public Service Commission or to the purchase of goods or services made by any public entity from the Department of Corrections, from the nonprofit corporation organized under ch. 946, F.S., or from any qualified nonprofit agency for the blind or any qualified nonprofit agency for other severely handicapped persons under ss. 413.032-413.037, F.S..

The bill expressly provides that the antitrust violator vendor list may only be enforced to the extent not inconsistent with federal law and notwithstanding any other provision of state law.

Section 3 creates s. 501.2041, F.S., to establish unlawful acts and practices by social media platforms. This section requires a social media platform to:

- Publish the standards, including detailed definitions, it uses or has used for determining how to censor, deplatform, and shadow ban;
- Apply censorship, deplatforming, and shadow banning standards in a consistent manner among users on the platform;
- Inform each user about any changes to its user rules, terms, and agreements before implementing the changes and may not make changes more than once every 30 days;
- Provide a mechanism that allows a user to request the number of other individual platform participants who were provided or shown the user's content or posts, and provide that information upon request;
- Categorize algorithms used for post-prioritization and shadow banning and allow a user to opt out of post-prioritization and shadow banning algorithm categories to allow sequential or chronological posts and content (the opt-out opportunity must be reoffered annually);
- Provide users with an annual notice on the use of algorithms for post-prioritization and shadow banning; and
- Allow a user who has been deplatformed to access or retrieve all of the user's information, content, material, and data for at least 60 days after being deplatformed.

This section prohibits a social media platform from censoring a user's content or material or deplatforming a user from the social media platform in a way that would otherwise violate FDUTPA, or without notifying the user who posted or attempted to post the content or material. The notification must:

- Be in writing;
- Be delivered via electronic mail or direct electronic notification to the user within 30 days of the censoring action;
- Include a thorough rationale explaining the reason that the social media platform censored the user; and
- Include a precise and thorough explanation of how the social media platform became aware of the censored content or material, including a thorough explanation of the algorithms used, if any, to identify or flag the user's content or material as objectionable.

This section also prohibits a social media platform from:

- Applying or using post-prioritization or shadow banning algorithms for content and material posted by or about a user who is known by the social media platform to be a candidate for office in Florida, beginning from the date of qualification and ending on the date of the election or the date such candidate for office ceases to be a candidate before the date of election. Post-prioritization of certain content or material from or about a candidate for office based on payments to the social media platform by such candidate for office or a third party is not a violation. Social media platforms must provide users with a method to identify themselves as qualified candidates, and may confirm such qualification by reviewing the website of the Division of Elections of the Department of State.
- Taking any action to censor, deplatform, or shadow ban a journalistic enterprise based on the content of its publication or broadcast. Post-prioritization of certain journalistic enterprise content based on payments to the social media platform by such journalistic enterprise is not a violation.

This section provides that a social media platform is not required to notify a user of a censoring action if the censored content or material is obscene (as defined in s. 847.001, F.S.), which means content or material that:

- The average person, applying contemporary community standards, would find, taken as a whole, appeals to the prurient interest;
- Depicts or describes, in a patently offensive way, sexual conduct as specifically defined herein; and
- Taken as a whole, lacks serious literary, artistic, political, or scientific value.

If a social media platform fails to comply with any of the foregoing requirements, the bill provides that the social media platform commits an unfair or deceptive trade act or practice. If the DLA, by its own inquiry or as a result of a complaint, suspects that a violation is imminent, occurring, or has occurred, DLA may investigate the suspected violation in accordance with FDUTPA. In an investigation by DLA into alleged violations of this section, DLA's investigative powers include, but are not limited to, the ability to subpoena any algorithm used by a social media platform related to any alleged violation.

A user may bring a private cause of action against a social media platform for failing to:
- Notify such user of an act of censoring or deplatforming; or
- Apply censorship, deplatforming, and shadow banning standards in a consistent manner.

The court may award the following damages to the user:
- Up to $100,000 in statutory damages per proven claim;
- Actual damages;
- If aggravating factors are present, punitive damages;
- Other forms of equitable relief; and
- If the user was deplatformed, costs and reasonable attorney fees.

Each failure to comply with each of the individual requirements in the bill are treated as a separate violation, act, or practice by the social media platform.

The bill provides that its provisions may only be enforced to the extent they are not inconsistent with federal law and 47 U.S.C. s. 230(e)(3), and notwithstanding any other provision of state law.

Section 4 amends s. 501.212, F.S., to update a cross reference.

Section 5 expressly provides that if any provision of this act or the application thereof to any person or circumstance is held invalid, the invalidity must not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared severable.

Section 6 provides the bill take effect July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

The mandate restrictions do not apply because the bill does not require counties and municipalities to spend funds, reduce counties' or municipalities' ability to raise revenue, or reduce the percentage of state tax shared with counties and municipalities.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

Jurisdiction

For a court to exercise jurisdiction over a respondent, it must have subject matter jurisdiction and personal jurisdiction. The circuit courts of Florida are courts of general jurisdiction.[102] Subject matter jurisdiction is conferred upon a court by the Constitution or statute, or both.[103]

The Florida Supreme Court set forth the two-prong test for personal jurisdiction: first, the complaint must allege sufficient jurisdictional facts to come within Florida's long-arm statute[104] (s. 48.193, F.S.); and second, the nonresident defendant must have minimum contacts with Florida to satisfy federal due process requirements.[105] The constitutional "minimum contacts" prong "is controlled by United States Supreme Court precedent interpreting the Due Process Clause and imposes a more restrictive requirement" than the long-arm statute.[106] Both prongs must be satisfied in order to exercise personal jurisdiction over a non-resident defendant.[107]

The long arm statute confers jurisdiction over parties who are "[o]perating, conducting, engaging in, or carrying on a business or business venture in [Florida] or having an office or agency in [Florida]."[108] "In order to establish that a defendant is 'carrying on business' for the purposes of [Florida's] long-arm statute, the activities of the defendant must be considered collectively and show a general course of business activity in the state for pecuniary benefit."[109] Courts consider the following factors in analyzing whether a non-resident defendant is engaged in "a general course of business activity": (1) "the presence and operation of an office in Florida"; (2) "the possession and maintenance of a license to do business in Florida"; (3) "the number of Florida clients served"; and (4) "the percentage of overall revenue gleaned from Florida clients."[110]

[103] *Lovett v. Lovett*, 112 So. 768, 775 (Fla. 1927)(explaining that subject-matter jurisdiction includes both the "jurisdictional power to adjudicate the class of cases to which such case belongs" and the requirement "that its jurisdiction has been invoked in the particular case by lawfully bringing before it the necessary parties to the controversy").

[104] A long-arm statute is a statutory device by which a state obtains jurisdiction over certain causes of action involving parties or events (or both) outside that state. It is called a long-arm statute because it allows a state court to reach parties located outside the state and even possibly for events which occurred outside the state. In essence, it allows the state to reach its "long arm" outside the state.

[110] *Id.*

Whether a nonresident defendant has those requisite minimum contacts to satisfy constitutional due process requirements is a fact specific inquiry.[111] "Factors that go into determining whether sufficient minimum contacts exist include the foreseeability that the defendant's conduct will result in suit in the forum state and the defendant's purposeful availment of the forum's privileges and protections."[112] A nonresident's occasional physical presence in Florida to attend trade shows, or "to make a one-off corporate solicitation" of a company whose office is in Florida has been found insufficient to comport with the constitutional due process requirements.[113] Minimum contacts may be satisfied, however, when a non-resident defendant enters into a contract with a Florida party for substantial services performed in Florida and agrees to make payment in Florida.[114]

Whether a Florida court would have personal jurisdiction over a nonresident internet or social media platform defendant involves a fact specific inquiry to be decided by a court on a case-by-case basis.

Freedom of Speech

First Amendment protection extends to corporations.[115] Corporations and other associations, like individuals contribute to the "discussion, debate, and the dissemination of information and ideas" that the First Amendment seeks to foster.[116] Corporations also have a right to unrestricted independent expenditures for political communications and elections as a form of corporate speech.[117]

The bill permits the state attorney and citizens to sue a social media platform if the company does not consistently apply its user standards or do not give required notice. Additionally, the bill protects political candidates by exempting a candidate's posts from being promoted or shadow banned during an election. Because these provisions may be read to regulate speech or interfere with the editorial discretion of a private company[118] (Twitter, Facebook, etc.), the First Amendment may be implicated.

[117] *Id.* at 340.

[118] *Miami Herald Publishing Co. v. Tornmillo*, 418 U.S. 241 (1974)(striking down a Florida statute requiring newspapers that print editorials critical of a political candidate to print a reply by the candidate).

Supremacy Clause

As discussed above, the Supremacy Clause was designed to ensure that states do not "retard, impede, burden, or in any manner control" the execution of federal law.[119]

The bill may implicate the Supremacy Clause by attempting to regulate in an area that may be preempted by federal law.[120]

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

A person or affiliate may experience an indeterminate fiscal impact if such party is disqualified from state term contract eligibility upon removal from the vendor list as specified within the bill.

C. Government Sector Impact:

The Department of Management Services has indicated no additional resources are needed to implement the bill.[121]

The Department of Legal Affairs has indicated additional resources would be need for investigating violations as directed in the bill, specifically one senior level attorney and on paralegal specialist, for a total of $177,608.[122]

VI. Technical Deficiencies:

Lines 71 to 76 provide:

> A social media platform may not *knowingly* deplatform a candidate. Upon a finding of a *violation* of this section by the Elections Commission, in addition to the remedies provided in ss. 106.265 and 106.27, F.S., the social media platform … (emphasis added).

Section 106.25(3), F.S., provides that:

---

[119] *McCulloch v. Maryland*, 17 U.S. (4 Wheat.) 316, 436, (1819); *see also Gibbons v. Ogden*, 22 U.S. (9 Wheat.) 1, 211, (1824) (Marshall, C.J.) ("[A]cts of the State Legislatures ... [that] interfere with, or are contrary to the laws of Congress [are to be invalidated because] [i]n every such case, the act of Congress ... is supreme, and the law of State, though enacted in the exercise of powers not controverted, must yield to it.").

[120] 47 U.S.C. § 203(e).

[121] Email from Tyler Jefferson, Legislative Affairs Coordinator, DMS, to Christina Smith, Chief Analyst, Florida Senate (April 13, 2021) (on file with the Senate Committee on Appropriations)

[122] Email from Sarah Nortelus, Deputy Director of Administration, DLA, to Christina Smith, Chief Analyst, Florida Senate (April 13, 2021) (on file with the Senate Committee on Appropriations)

> For the purposes of commission jurisdiction, a *violation* shall mean the *willful performance* of an act prohibited by this chapter or chapter 104 or the willful failure to perform an act required by this chapter or chapter 104. The commission may not by rule determine what constitutes willfulness or further define the term "willful" for purposes of this chapter or chapter 104. *Willfulness* is a determination of fact; however, at the request of the respondent at any time after probable cause is found, willfulness may be considered and determined in an informal hearing before the commission.

The bill creates a violation that is based on acting "knowingly" while the same chapter defines a violation to be a "willful act." The term "willful" is generally taken to cover not only knowing violations of a standard, but reckless ones as well.[123] The use of the term "knowingly" suggests that a defendant acts with actual knowledge or awareness that the act he or she performs is unlawful. The Legislature may want to consider an amendment to align these provisions to the same standard.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 501.212 of the Florida Statutes.

This bill creates the following sections of the Florida Statutes: 106.072, 287.137, and 501.2041.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

None.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

585-03840-21 20217072__

list; authorizing a person, under specified conditions, to retain rights or obligations under existing contracts or binding agreements; prohibiting a person who has been placed on the antitrust violator vendor list from receiving certain economic incentives; providing exceptions; providing enforcement authority consistent with federal and state law; creating s. 501.2041, F.S.; defining terms; providing that social media platforms that fail to comply with specified requirements and prohibitions commit an unfair or deceptive act or practice; requiring a notification given by a social media platform for censoring content or deplatforming a user to contain certain information; providing an exception to the notification requirements; authorizing the Department of Legal Affairs to investigate suspected violations under the Deceptive and Unfair Trade Practices Act and bring specified actions for such violations; specifying circumstances under which a private cause of action may be brought; specifying how damages are to be calculated; providing construction for violations of certain provisions of this act; granting the department specified subpoena powers; providing enforcement authority consistent with federal and state law; amending s. 501.212, F.S.; conforming a provision to changes made by the act; providing for severability; providing an effective date.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 106.072, Florida Statutes, is created to read:

106.072 Social media deplatforming of political candidates.—

(1) As used in this section, the term:

(a) "Candidate" has the same meaning as in s. 106.011(3)(e).

(b) "Deplatform" has the same meaning as in s. 501.2041.

(c) "Social media platform" has the same meaning as in s. 501.2041.

(2) A social media platform may not knowingly deplatform a candidate. Upon a finding of a violation of this section by the Elections Commission, in addition to the remedies provided in ss. 106.265 and 106.27, the social media platform may be fined $100,000 per day for statewide candidates and $10,000 per day for other candidates.

(3) A social media platform that knowingly provides free advertising for a candidate must inform the candidate of such in-kind contribution. Posts, content, material, and comments by candidates which are shown on the platform in the same or similar way as other users' posts, content, material, and comments are not considered free advertising.

(4) This section may only be enforced to the extent not inconsistent with federal law and 47 U.S.C. s. 230(e)(3), and notwithstanding any other provision of state law.

Section 2. Section 287.137, Florida Statutes, is created to read:

287.137 Antitrust violations; denial or revocation of the right to transact business with public entities; denial of economic benefits.—

(1) As used in this section, the term:

(a) "Affiliate" means:

1. A predecessor or successor of a person convicted of or held civilly liable for an antitrust violation; or

2. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of or held civilly liable for an antitrust violation. The term includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, is a prima facie case that one person controls another person. The term also includes a person who knowingly enters into a joint venture with a person who has violated an antitrust law during the preceding 36 months.

(b) "Antitrust violation" means any state or federal antitrust law as determined in a civil or criminal proceeding brought by the Attorney General, a state attorney, a similar body or agency of another state, the Federal Trade Commission, or the United States Department of Justice.

(c) "Antitrust violator vendor list" means the list required to be kept by the department pursuant to paragraph (3)(b).

(d) "Conviction or being held civilly liable" or "convicted

or held civilly liable" means a criminal finding of guilt or conviction, with or without an adjudication of guilt, being held civilly liable, or having a judgment levied for an antitrust violation in any federal or state trial court of record relating to charges brought by indictment, information, or complaint on or after July 1, 2021, as a result of a jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere or other order finding of liability.

(e) "Economic incentives" means state grants, cash grants, tax exemptions, tax refunds, tax credits, state funds, and other state incentives under chapter 288 or administered by Enterprise Florida, Inc.

(f) "Person" means a natural person or an entity organized under the laws of any state or of the United States which operates as a social media platform, as defined in s. 501.2041, with the legal power to enter into a binding contract and which bids or applies to bid on contracts let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an entity.

(g) "Public entity" means the state and any of its departments or agencies.

(2)(a) A person or an affiliate who has been placed on the antitrust violator vendor list following a conviction or being held civilly liable for an antitrust violation may not submit a bid, proposal, or reply for any new contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply for a new contract with a public entity for

the construction or repair of a public building or public work; may not submit a bid, proposal, or reply on new leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a new contract with a public entity; and may not transact new business with a public entity.

(b) A public entity may not accept a bid, proposal, or reply from, award a new contract to, or transact new business with any person or affiliate on the antitrust violator vendor list unless that person or affiliate has been removed from the list pursuant to paragraph (3)(e).

(c) This subsection does not apply to contracts that were awarded or business transactions that began before a person or an affiliate was placed on the antitrust violator vendor list or before July 1, 2021.

(3)(a) Beginning July 1, 2021, all invitations to bid, requests for proposals, and invitations to negotiate, as those terms are defined in s. 287.012, and any contract document described in s. 287.058 must contain a statement informing persons of the provisions of paragraph (2)(a).

(b) The department shall maintain an antitrust violator vendor list of the names and addresses of the people or affiliates who have been disqualified from the public contracting and purchasing process under this section. The department shall electronically publish the initial antitrust violator vendor list on January 1, 2022, and shall update and electronically publish the list quarterly thereafter. Notwithstanding this paragraph, a person or an affiliate disqualified from the public contracting and purchasing process

pursuant to this section is disqualified as of the date the final order is entered.

(c)1. Upon receiving reasonable information from any source that a person was convicted or held civilly liable, the department shall investigate the information and determine whether good cause exists to place that person or an affiliate of that person on the antitrust violator vendor list. If good cause exists, the department shall notify the person or affiliate in writing of its intent to place the name of that person or affiliate on the antitrust violator vendor list and of the person's or affiliate's right to a hearing, the procedure that must be followed, and the applicable time requirements. If the person or affiliate does not request a hearing, the department shall enter a final order placing the name of the person or affiliate on the antitrust violator vendor list. A person or an affiliate may not be placed on the antitrust violator vendor list without receiving an individual notice of intent from the department.

2. Within 21 days after receipt of the notice of intent, the person or affiliate may file a petition for a formal hearing under ss. 120.569 and 120.57(1) to determine whether it is in the public interest for the person or affiliate to be placed on the antitrust violator vendor list. A person or an affiliate may not file a petition for an informal hearing under s. 120.57(2). The procedures of chapter 120 shall apply to any formal hearing under this paragraph except, within 30 days after the formal hearing or receipt of the hearing transcript, whichever is later, the administrative law judge shall enter a final order that shall consist of findings of fact, conclusions of law,

interpretation of agency rules, and any other information required by law or rule to be contained in the final order. The final order shall direct the department to place or not place the person or affiliate on the antitrust violator vendor list. The final order of the administrative law judge is final agency action for purposes of s. 120.68.

3. In determining whether it is in the public interest to place a person or an affiliate on the antitrust violator vendor list under this paragraph, the administrative law judge shall consider the following factors:

a. Whether the person or affiliate committed an antitrust violation.

b. The nature and details of the antitrust violation.

c. The degree of culpability of the person or affiliate proposed to be placed on the antitrust violator vendor list.

d. Reinstatement or clemency in any jurisdiction in relation to the antitrust violation at issue in the proceeding.

e. The needs of public entities for additional competition in the procurement of goods and services in their respective markets.

4. In any proceeding under this paragraph, the department must prove that it is in the public interest for the person or affiliate to whom it has given notice under this paragraph to be placed on the antitrust violator vendor list. Proof that a person was convicted or was held civilly liable or that an entity is an affiliate of such person constitutes a prima facie case that it is in the public interest for the person or affiliate to whom the department has given notice to be put on the antitrust violator vendor list. Status as an affiliate must

be proven by clear and convincing evidence. If the administrative law judge determines that the person was not convicted or that the person was not civilly liable or is not an affiliate of such person, that person or affiliate may not be placed on the antitrust violator vendor list.

5. Any person or affiliate who has been notified by the department of its intent to place his or her name on the antitrust violator vendor list may offer evidence on any relevant issue. An affidavit alone does not constitute competent substantial evidence that the person has not been convicted or is not an affiliate of a person convicted or held civilly liable. Upon establishment of a prima facie case that it is in the public interest for the person or affiliate to whom the department has given notice to be put on the antitrust violator vendor list, the person or affiliate may prove by a preponderance of the evidence that it would not be in the public interest to put him or her on the antitrust violator vendor list, based upon evidence addressing the factors in subparagraph 3.

(d)1. If a person has been charged or accused of any state or federal antitrust law in a civil or criminal proceeding brought by the Attorney General, a state attorney, the Federal Trade Commission, or the United States Department of Justice on or after July 1, 2021, the Attorney General may, by a finding of probable cause that a person has likely violated the underlying antitrust laws, temporarily place such person on the antitrust violator vendor list until such proceeding has concluded.

2. If probable cause exists, the Attorney General shall notify the person in writing of its intent to temporarily place

the name of that person on the antitrust violator vendor list, and of the person's right to a hearing, the procedure that must be followed, and the applicable time requirements. If the person does not request a hearing, the Attorney General shall enter a final order temporarily placing the name of the person on the antitrust violator vendor list. A person may not be placed on the antitrust violator vendor list without receiving an individual notice of intent from the Attorney General.

3. Within 21 days after receipt of the notice of intent, the person may file a petition for a formal hearing pursuant to ss. 120.569 and 120.57(1) to determine whether it is in the public interest for the person to be temporarily placed on the antitrust violator vendor list. A person may not file a petition for an informal hearing under s. 120.57(2). The procedures of chapter 120 shall apply to any formal hearing under this paragraph.

4. In determining whether it is in the public interest to place a person on the antitrust violator vendor list under this paragraph, the administrative law judge shall consider the following factors:

a. The likelihood the person committed the antitrust violation.

b. The nature and details of the antitrust violation.

c. The degree of culpability of the person proposed to be placed on the antitrust violator vendor list.

d. The needs of public entities for additional competition in the procurement of goods and services in their respective markets.

5. This paragraph does not apply to affiliates.

(e)1. A person or an affiliate may be removed from the antitrust violator vendor list subject to such terms and conditions as may be prescribed by the administrative law judge upon a determination that removal is in the public interest. In determining whether removal would be in the public interest, the administrative law judge must consider any relevant factors, including, but not limited to, the factors identified in subparagraph (c)3. Upon proof that a person was found not guilty or not civilly liable, the antitrust violation case was dismissed, the court entered a finding in the person's favor, the person's conviction or determination of liability has been reversed on appeal, or the person has been pardoned, the administrative law judge shall determine that removal of the person or an affiliate of that person from the antitrust violator vendor list is in the public interest. A person or an affiliate on the antitrust violator vendor list may petition for removal from the list no sooner than 6 months after the date a final order is entered pursuant to this section but may petition for removal at any time if the petition is based upon a reversal of the conviction or liability on appellate review or pardon. The petition must be filed with the department, and the proceeding must be conducted pursuant to the procedures and requirements of this subsection.

2. If the petition for removal is denied, the person or affiliate may not petition for another hearing on removal for a period of 9 months after the date of denial unless the petition is based upon a reversal of the conviction on appellate review or a pardon. The department may petition for removal before the expiration of such period if, in its discretion, it determines

that removal would be in the public interest.

(4) The conviction of a person or a person held civilly liable for an antitrust violation, or placement on the antitrust violator vendor list, does not affect any rights or obligations under any contract, franchise, or other binding agreement that predates such conviction or placement on the antitrust violator vendor list.

(5) A person who has been placed on the antitrust violator vendor list is not a qualified applicant for economic incentives under chapter 288, and such entity shall not be qualified to receive such economic incentives.

(6) This section does not apply to any activities regulated by the Public Service Commission or to the purchase of goods or services made by any public entity from the Department of Corrections, from the nonprofit corporation organized under chapter 946, or from any qualified nonprofit agency for the blind or any qualified nonprofit agency for other severely handicapped persons under ss. 413.032-413.037.

(7) This section may only be enforced to the extent not inconsistent with federal law and notwithstanding any other provision of state law.

Section 3. Section 501.2041, Florida Statutes, is created to read:

501.2041 Unlawful acts and practices by social media platforms.—

(1) As used in this section, the term:

(a) "Algorithm" means a mathematical set of rules that specifies how a group of data behaves and that will assist in ranking search results and maintaining order or that is used in

sorting or ranking content or material based on relevancy or other factors instead of using published time or chronological order of such content or material.

(b) "Censor" includes any action taken by a social media platform to delete, regulate, restrict, edit, alter, inhibit the publication or republication of, suspend a right to post, remove, or post an addendum to any content or material posted by a user. The term also includes actions to inhibit the ability of a user to be viewable by or to interact with another user of the social media platform.

(c) "Deplatform" means the action or practice by a social media platform to permanently delete or ban a user or to temporarily delete or ban a user from the social media platform for more than 60 days.

(d) "Journalistic enterprise" means an entity that:

1. Publishes in excess of 100,000 words available online with at least 50,000 paid subscribers or 100,000 monthly active users;

2. Publishes 100 hours of audio or video available online with at least 100 million viewers annually;

3. Operates a cable channel that provides more than 40 hours of content per week to more than 100,000 cable television subscribers; or

4. Operates under a broadcast license issued by the Federal Communications Commission.

(e) "Post-prioritization" means action by a social media platform to place, feature, or prioritize certain content or material ahead of, below, or in a more or less prominent position than others in a newsfeed, a feed, a view, or in search

results. The term does not include post-prioritization of content and material based on payments by a third party, including other users, to the social media platform.

(f) "Shadow ban" means action by a social media platform, through any means, whether the action is determined by a natural person or an algorithm, to limit or eliminate the exposure of a user or content or material posted by a user to other users of the social media platform. This term includes acts of shadow banning by a social media platform which are not readily apparent to a user.

(g) "Social media platform" means any technology platform or access software provider that does business in the state and provides or enables computer access by multiple users in a public digital forum for the primary purpose of connecting with other users and creating and sharing user generated content over the Internet. The Internet platform or social media site may be a sole proprietorship, partnership, limited liability company, corporation, association, or other legal entity that does business in this state and that satisfies at least one of the following thresholds:

1. Has annual gross revenues in excess of $100 million, as adjusted in January of each odd-numbered year to reflect any increase in the Consumer Price Index.

2. Has at least 100 million monthly individual platform participants globally.

(h) "User" means a person who resides or is domiciled in this state and who has an account on a social media platform, regardless of whether the person posts or has posted content or material to the social media platform.

(2) A social media platform that fails to comply with any of the provisions of this subsection commits an unfair or deceptive act or practice as specified in s. 501.204.

(a) A social media platform must publish the standards, including detailed definitions, it uses or has used for determining how to censor, deplatform, and shadow ban.

(b) A social media platform must apply censorship, deplatforming, and shadow banning standards in a consistent manner among its users on the platform.

(c) A social media platform must inform each user about any changes to its user rules, terms, and agreements before implementing the changes and may not make changes more than once every 30 days.

(d) A social media platform may not censor a user's content or material or deplatform a user from the social media platform:

1. Without notifying the user who posted or attempted to post the content or material; or

2. In a way that violates this part.

(e) A social media platform must:

1. Provide a mechanism that allows a user to request the number of other individual platform participants who were provided or shown the user's content or posts.

2. Provide, upon request, a user with the number of other individual platform participants who were provided or shown content or posts.

(f) A social media platform must:

1. Categorize algorithms used for post-prioritization and shadow banning.

2. Allow a user to opt out of post-prioritization and

shadow banning algorithm categories to allow sequential or chronological posts and content.

(g) A social media platform must provide users with an annual notice on the use of algorithms for post-prioritization and shadow banning and reoffer annually the opt-out opportunity in subparagraph (f)2.

(h) A social media platform may not apply or use post-prioritization or shadow banning algorithms for content and material posted by or about a user who is known by the social media platform to be a candidate as defined in s. 106.011(3)(e), beginning from the date of qualification and ending on the date of the election or the date such candidate for office ceases to be a candidate before the date of election. Post-prioritization of certain content or material from or about a candidate for office based on payments to the social media platform by such candidate for office or a third party is not a violation of this paragraph. Social media platforms must provide users with a method to identify themselves as qualified candidates and may confirm such qualification by reviewing the website of the Division of Elections of the Department of State.

(i) A social media platform must allow a user who has been deplatformed to access or retrieve all of the user's information, content, material, and data for at least 60 days after being deplatformed.

(j) A social media platform may not take any action to censor, deplatform, or shadow ban a journalistic enterprise based on the content of its publication or broadcast. Post-prioritization of certain journalistic enterprise content based on payments to the social media platform by such journalistic

enterprise is not a violation of this paragraph.

(3) For purposes of subparagraph (2)(d)1., a notification must:

(a) Be in writing.

(b) Be delivered via electronic mail or direct electronic notification to the user within 30 days after the censoring action.

(c) Include a thorough rationale explaining the reason that the social media platform censored the user.

(d) Include a precise and thorough explanation of how the social media platform became aware of the censored content or material, including a thorough explanation of the algorithms used, if any, to identify or flag the user's content or material as objectionable.

(4) Notwithstanding any other provisions of this section, a social media platform is not required to notify a user if the censored content or material is obscene as defined in s. 847.001.

(5) If the department, by its own inquiry or as a result of a complaint, suspects that a violation of this section is imminent, occurring, or has occurred, the department may investigate the suspected violation in accordance with this part. Based on its investigation, the department may bring a civil or administrative action under this part.

(6) A user may only bring a private cause of action for violations of paragraph (2)(b) or subparagraph (2)(d)1. In a private cause of action brought under paragraph (2)(b) or subparagraph (2)(d)1., the court may award the following damages to the user:

(a) Up to $100,000 in statutory damages per proven claim.

(b) Actual damages.

(c) If aggravating factors are present, punitive damages.

(d) Other forms of equitable relief.

(e) If the user was deplatformed in violation of paragraph (2)(b), costs and reasonable attorney fees.

(7) For purposes of bringing an action under subsection (2) or subsection (6), each failure to comply with the individual provisions of subsection (2) shall be treated as a separate violation, act, or practice.

(8) In an investigation by the department into alleged violations of this section, the department's investigative powers include, but are not limited to, the ability to subpoena any algorithm used by a social media platform related to any alleged violation.

(9) This section may only be enforced to the extent not inconsistent with federal law and 47 U.S.C. s. 230(e)(3), and notwithstanding any other provision of state law.

Section 4. Subsection (2) of section 501.212, Florida Statutes, is amended to read:

501.212 Application.—This part does not apply to:

(2) Except as provided in s. 501.2041, a publisher, broadcaster, printer, or other person engaged in the dissemination of information or the reproduction of printed or pictorial matter, insofar as the information or matter has been disseminated or reproduced on behalf of others without actual knowledge that it violated this part.

Section 5. If any provision of this act or the application thereof to any person or circumstance is held invalid, the

invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared severable.

Section 6. This act shall take effect July 1, 2021.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Committee Code Not Found

BILL:	SB 7074
INTRODUCER:	Governmental Oversight and Accountability Committee
SUBJECT:	Public Records/Social Media Platform Activities
DATE:	April 16, 2021
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
	Ponder	McVaney		**GO Submitted as Comm. Bill/Fav**
1.	Dale	Sadberry	AP	**Favorable**

I. Summary:

SB 7074, which is linked to the passage of SB 7072 (2021), makes confidential and exempt from public copying and inspection requirements information collected for the Department of Legal Affairs (DLA) investigations into whether:

- A social media platform has committed an antitrust violation based on a case brought by a governmental entity; and
- A social media platform has failed to meet certain requirements before restricting speech by users.

Once an investigation is completed, only the following information received by DLA will remain confidential and exempt:

- All information to which another public records exemption applies;
- Personal identifying information;
- A computer forensic report;
- Information that would otherwise reveal weaknesses in a business's data security; and
- Proprietary business information.

The bill provides that the public record exemptions are subject to the Open Government Sunset Review Act and will repeal on October 2, 2026, unless the Legislature reviews and reenacts the exemptions by that date.

The bill will become effective on the same date that SB 7072 (2021) or similar legislation takes effect, if such legislation is adopted in the same legislative session or an extension thereof and becomes law.

Article I, section 24(c) of the Florida Constitution requires a two-thirds vote of the members present and voting for final passage of a newly created or expanded public record or public meeting exemption. The bill creates public record exemptions; thus, it requires a two-thirds vote for final passage.

II. Present Situation:

Public Records

Article I, section 24(a) of the Florida Constitution sets forth the state's public policy regarding access to government records. This section guarantees every person a right to inspect or copy any public record of the legislative, executive, and judicial branches of government. The Legislature, however, may provide by general law for the exemption of records from the requirements of article I, section 24(a) of the Florida Constitution.[1] The general law must state with specificity the public necessity justifying the exemption[2] and must be no broader than necessary to accomplish its purpose.[3]

Public policy regarding access to government records is addressed further in s. 119.07(1)(a), F.S., which guarantees every person a right to inspect and copy any state, county, or municipal record, unless the record is exempt. Furthermore, the Open Government Sunset Review Act[4] provides that a public record or public meeting exemption may be created or maintained only if it serves an identifiable public purpose. In addition, it may be no broader than necessary to meet one of the following purposes:

- Allow the state or its political subdivisions to effectively and efficiently administer a governmental program, which administration would be significantly impaired without the exemption;
- Protect sensitive personal information that, if released, would be defamatory or would jeopardize an individual's safety; however, only the identity of an individual may be exempted under this provision; and
- Protect trade or business secrets.[5]

The Open Government Sunset Review Act requires the automatic repeal of a newly created public record exemption on October 2nd of the fifth year after creation or substantial amendment, unless the Legislature reenacts the exemption.[6]

Technology Transparency

Section 230 of the federal Communications Decency Act provides that internet platforms cannot be held liable on account of any action voluntarily taken in good faith to restrict access to or availability of material that the internet platform considers to be obscene, lewd, lascivious, filthy, excessively violent, harassing, or otherwise objectionable, whether or not such material is constitutionally protected.[7] The Act also provides internet platforms with immunity from claims based on third-party content that appears on their platforms.[8]

---

[1] Art. I, s. 24(c), FLA. CONST.
[2] This portion of a public record exemption is commonly referred to as a "public necessity statement."
[3] Art. I. s. 24(c), FLA. CONST.
[4] Section 119.15, F.S.
[5] Section 119.15(6)(b), F.S.
[6] Section 119.15(3), F.S.
[7] 47 U.S.C. § 230(c).
[8] *Id.*

Recently, there have been criticisms of the broad federal immunity provisions granted to internet platforms. While this immunity has fostered the free flow of ideas on the internet, critics have argued that the immunity provisions shield publishers from liability for harmful content or political censorship.[9]

Antitrust and Internet Platforms

A handful of digital or internet platforms - Google, Apple, Facebook, Amazon and Microsoft (collectively known as "GAFAM"[10]) - have built sprawling empires and obtained an unparalleled financial position in the marketplace,[11] and collectively maintain at least thirty-three percent market share in fifteen separate markets. Recently, federal and state regulators have been investigating and bringing antitrust actions against the GAFAM companies.[12] In February 2019, the Federal Trade Commission (FTC) created a task force dedicated to monitoring antitrust in technology markets.[13] Additionally, the FTC and over 40 states, including Florida, sued Facebook alleging the company is illegally maintaining its personal social networking monopoly through a years-long course of anticompetitive conduct.[14] Also, the Department of Justice and 11 states, including Florida, have brought an action against Google for allegedly manipulating search engine results.[15]

Procurement of Commodities and Services

Chapter 287, F.S., regulates state agency[16] procurement of personal property and services. The Department of Management Services (DMS) is statutorily designated as the central executive agency procurement authority and its responsibilities include overseeing agency implementation of the procurement process,[17] creating uniform agency procurement rules,[18] implementing the online procurement program,[19] and establishing state term contracts.[20]

[16] Section 287.012(1), F.S., defines the term "agency" as any of the various state officers, departments, boards, commissions, divisions, bureaus, and councils and any other unit of organization, however designated, of the executive branch of state government. "Agency" does not include the university and college boards of trustees or the state universities and colleges.
[17] *See* ss. 287.032 and 287.042, F.S.
[18] *See* ss. 287.032(2) and 287.042(3), (4), and (12), F.S.
[19] *See* s. 287.057(22), F.S.
[20] *See* ss. 287.042(2), 287.056, and 287.1345, F.S.

Certain persons and their affiliates are prohibited from contracting with public entities for services and goods, with certain exceptions, if they have been identified by DMS as violating certain restrictions and have been placed on one of the following lists:[21]

- Convicted Vendor List;
- Discriminatory Vendor List;
- Scrutinized Companies with Activities in Sudan List;
- Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List; and
- Scrutinized Companies that Boycott Israel List.

SB 7072 (2021)

SB 7072 (2021), to which this bill is linked, allows DLA to determine if a social media platform has likely committed an antitrust violation based on a case brought by a governmental entity. If such a determination is made, the social media platform is prohibited from contracting for services with public entities and placed on the Antitrust Violator Vendor List.

SB 7072 (2021) also requires social media platforms to meet certain requirements when they restrict speech by users. If a social media platform fails to meet such requirements, DLA may bring an action against the social media platform under the Florida Deceptive and Unfair Trade Practices Act.

III. Effect of Proposed Changes:

Section 1 and 2 create ss. 287.137(8) and 501.2041(10), F.S., respectively, to make all information received by DLA pursuant to an investigation by DLA or a law enforcement agency confidential and exempt from public copying and inspection requirements,[22] until such time as the investigation is completed or ceases to be active.

The bill applies to records received by DLA pursuant to an investigation into:

- Whether a social media platform has committed an antitrust violation based on a case brought by a governmental entity; and
- Whether a social media platform has failed to meet certain requirements or improperly restricted speech by users.

During an active investigation, information made confidential and exempt may be disclosed by the DLA:

- In the performance of its official duties and responsibilities; or
- To another governmental entity in performance of its official duties and responsibilities.

[21] Sections 287.133-135, F.S.

[22] There is a difference between records the Legislature designates exempt from public record requirements and those the Legislature deems confidential and exempt. A record classified as exempt from public disclosure may be disclosed under certain circumstances. *See WFTV, Inc. v. Sch. Bd. of Seminole*, 874 So.2d 48, 53 (Fla. 5th DCA 2004), *review denied* 892 So.2d 1015 (Fla. 2004); *City of Rivera Beach v. Barfield*, 642 So.2d 1135 (Fla. 4th DCA 1994); *Williams v. City of Minneola*, 575 So.2d 683, 687 (Fla. 5th DCA 1991). If the Legislature designates a record as confidential and exempt from public disclosure, such record may not be released by the custodian of public records, to anyone other than the persons or entities specifically designated in statute. *See* Op. Att'y Gen. Fla. (1985).

Once an investigation is completed or once an investigation ceases to be active, the following information received by DLA will remain confidential and exempt:

- All information to which another public records exemption applies;
- Personal identifying information;
- A computer forensic report;
- Information that would otherwise reveal weaknesses in a business's data security; and
- Proprietary business information.

The term "proprietary business information" means information that:

- Is owned or controlled by the business;
- Is intended to be private and is treated by the business as private because disclosure would harm the business or its business operations;
- Has not been disclosed except as required by law or a private agreement that provides that the information will not be released to the public;
- Is not publicly available or otherwise readily ascertainable through proper means from another source in the same configuration as received by DLA; and
- Includes trade secrets and competitive interests.

Section 3 provides a public necessity statement as required by article I, section 24(c) of the Florida Constitution. The public necessity statement provides that, if released, information received by DLA pursuant to an investigation by DLA or a law enforcement agency could:

- Frustrate or thwart the investigation and impair the ability of DLA to perform assigned functions;
- Undo a specific statutory exemption protecting the information;
- Be used for the purpose of identity theft;
- Result in the identification of vulnerabilities; and
- Result in economic harm.

This section provides that the exemptions are subject to the Open Government Sunset Review Act and will repeal on October 2, 2026, unless the Legislature reviews and reenacts the exemptions by that date.

The bill takes effect on the same date that SB 7072 (2021) or similar legislation takes effect, if such legislation is adopted in the same legislative session or an extension thereof and becomes a law.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

The mandate restrictions do not apply because the bill does not require counties and municipalities to spend funds, reduce counties' or municipalities' ability to raise revenue, or reduce the percentage of state tax shared with counties and municipalities.

B. Public Records/Open Meetings Issues:

Vote Requirement

Article I, s. 24(c) of the Florida Constitution requires a two-thirds vote of the members present and voting for final passage of a newly created or expanded public record or public meeting exemption. The bill creates new public record exemptions. Thus, the bill requires a two-thirds vote for final passage.

Public Necessity Statement

Article I, s. 24(c) of the Florida Constitution requires a public necessity statement for a newly created or expanded public record or public meeting exemption. The bill creates new public record exemptions. Thus, the bill includes a public necessity statement.

Breadth of Exemption

Article I, s. 24(c) of the Florida Constitution requires a newly created or expanded public record or public meeting exemption to be no broader than necessary to accomplish the stated purpose of the law. The bill creates public record exemptions for sensitive investigative materials, which does not appear to be broader than necessary to accomplish its purpose.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

Agencies responsible for complying with public records requests and redacting confidential and exempt information prior to releasing a record may experience increased

workload and incur associated costs. These costs most likely will be absorbed within existing resources as part of the day-to-day responsibilities of agencies.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 287.137 and 501.2041.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

None.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Governmental Oversight and Accountability

585-03841-21 20217074__

A bill to be entitled

An act relating to public records; amending s. 287.137, F.S.; providing a public records exemption for information received by the Attorney General pursuant to an investigation by the Attorney General or a law enforcement agency into certain social media platform activities; authorizing release of confidential and exempt information in certain instances; requiring certain information to remain confidential and exempt after an investigation is completed or ceases to be active; defining the term "proprietary business information"; providing for future legislative review and repeal of the exemption; amending s. 501.2041, F.S.; providing a public records exemption for information received by the Department of Legal Affairs pursuant to an investigation by the department or a law enforcement agency into violations by certain social media platforms; authorizing release of confidential and exempt information in certain instances; requiring certain information to remain confidential and exempt after an investigation is completed or ceases to be active; defining the term "proprietary business information"; providing for future legislative review and repeal of the exemption; providing a statement of public necessity; providing a contingent effective date.

Be It Enacted by the Legislature of the State of Florida:

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

585-03841-21 20217074__

Section 1. Subsection (8) is added to section 287.137, Florida Statutes, as created by SB 7072, 2021 Regular Session, to read:

287.137 Antitrust violations; denial or revocation of the right to transact business with public entities; denial of economic benefits.—

(8)(a) All information received by the Attorney General under paragraph (3)(d) pursuant to an investigation by the Attorney General or a law enforcement agency is confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution until such time as the investigation is completed or ceases to be active. This exemption shall be construed in conformity with s. 119.071(2)(c).

(b) During an active investigation, information made confidential and exempt pursuant to paragraph (a) may be disclosed by the Attorney General:

1. In the performance of his or her official duties and responsibilities; or

2. To another governmental entity in performance of its official duties and responsibilities.

(c) Once an investigation is completed or ceases to be active, the following information received by the Attorney General shall remain confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution:

1. All information to which another public records exemption applies.

2. Personal identifying information.

3. A computer forensic report.

4. Information that would otherwise reveal weaknesses in a

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

business' data security.

5. Proprietary business information.

(d) For purposes of this subsection, the term "proprietary business information" means information that:

1. Is owned or controlled by the business;

2. Is intended to be private and is treated by the business as private because disclosure would harm the business or its business operations;

3. Has not been disclosed except as required by law or a private agreement that provides that the information will not be released to the public;

4. Is not publicly available or otherwise readily ascertainable through proper means from another source in the same configuration as received by the Attorney General; and

5. Includes:

a. Trade secrets as defined in s. 688.002.

b. Competitive interests, the disclosure of which would impair the competitive advantage of the business that is the subject of the information.

(e) This subsection is subject to the Open Government Sunset Review Act in accordance with s. 119.15 and shall stand repealed on October 2, 2026, unless reviewed and saved from repeal through reenactment by the Legislature.

Section 2. Subsection (10) is added to section 501.2041, Florida Statutes, as created by SB 7072, 2021 Regular Session, to read:

501.2041 Unlawful acts and practices by social media platforms.—

(10)(a) All information received by the department pursuant

to an investigation by the department or a law enforcement agency of a violation of this section is confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution until such time as the investigation is completed or ceases to be active. This exemption shall be construed in conformity with s. 119.071(2)(c).

(b) During an active investigation, information made confidential and exempt pursuant to paragraph (a) may be disclosed by the department:

1. In the performance of its official duties and responsibilities; or

2. To another governmental entity in performance of its official duties and responsibilities.

(c) Once an investigation is completed or ceases to be active, the following information received by the department shall remain confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution:

1. All information to which another public records exemption applies.

2. Personal identifying information.

3. A computer forensic report.

4. Information that would otherwise reveal weaknesses in a business' data security.

5. Proprietary business information.

(d) For purposes of this subsection, the term "proprietary business information" means information that:

1. Is owned or controlled by the business;

2. Is intended to be private and is treated by the business as private because disclosure would harm the business or its

business operations;

3. Has not been disclosed except as required by law or a private agreement that provides that the information will not be released to the public;

4. Is not publicly available or otherwise readily ascertainable through proper means from another source in the same configuration as received by the department; and

5. Includes:

a. Trade secrets as defined in s. 688.002.

b. Competitive interests, the disclosure of which would impair the competitive advantage of the business that is the subject of the information.

(e) This subsection is subject to the Open Government Sunset Review Act in accordance with s. 119.15 and shall stand repealed on October 2, 2026, unless reviewed and saved from repeal through reenactment by the Legislature.

Section 3. The Legislature finds that it is a public necessity that all information received by the Attorney General and the Department of Legal Affairs pursuant to an investigation by the Attorney General, the Department of Legal Affairs, or a law enforcement agency under ss. 287.137 and 501.2041, Florida Statutes, be made confidential and exempt from s. 119.07(1), Florida Statutes, and s. 24(a), Article I of the State Constitution for the following reasons:

(1) A notification of a violation of s. 501.172, Florida Statutes, or antitrust laws may result in an investigation of such violations. The premature release of such investigatory information could frustrate or thwart the investigation and impair the ability of the Attorney General and the Department of

Legal Affairs to effectively and efficiently administer ss. 287.137 and 501.2041, Florida Statutes. In addition, release of such information before completion of an active investigation could jeopardize the ongoing investigation.

(2) To continue to protect from public disclosure all information to which another public record exemption applies once an investigation is completed or ceases to be active. Release of such information by the Department of Legal Affairs and the Attorney General would undo the specific statutory exemption protecting that information.

(3) An investigation of social media platform activities is likely to result in the gathering of personal identifying information that could be used for the purpose of identity theft. For this reason, personal identifying information should remain confidential and exempt once an investigation is completed or ceases to be active.

(4) Information received by the Attorney General and the Department of Legal Affairs may contain proprietary business information, including trade secrets. Through such information, including trade secrets, a business derives independent, economic value, actual or potential, from the information being generally unknown to, and not readily ascertainable by, other persons who might obtain economic value from its disclosure or use. Allowing public access to proprietary business information, including trade secrets, through a public records request could destroy the value of the proprietary business information and cause a financial loss to the business submitting the information. Release of such information could give business competitors an unfair advantage and weaken the position of the

entity supplying the proprietary business information in the marketplace.

(5) Information received by the Attorney General and the Department of Legal Affairs may contain a computer forensic report or information that could reveal weaknesses in a business' data security. The release of this information could result in the identification of vulnerabilities in the business' cybersecurity system and be used to harm the business and the business' clients. For this reason, a computer forensic report and information that could reveal weaknesses in a business' data security should remain confidential and exempt once an investigation is completed or ceases to be active.

(6) The Legislature finds that the harm that may result from the release of information received by the Attorney General and the Department of Legal Affairs pursuant to an investigation by the Attorney General, the Department of Legal Affairs, or a law enforcement agency under ss. 287.137 and 501.2041, Florida Statutes, could impair the effective and efficient administration of these investigations and thus, outweighs the public benefit that may be derived from the disclosure of the information.

Section 4. This act shall take effect July 1, 2021, if SB 7072 or similar legislation takes effect, if such legislation is adopted in the same legislative session or an extension thereof and becomes a law.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/SB 7082
INTRODUCER:	Appropriations Committee and Finance and Tax Committee
SUBJECT:	Corporate Income Tax
DATE:	April 21, 2021 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
	Kim	Babin		**FT Submitted as Comm. Bill/Fav**
1.	Kim	Sadberry	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 7082 updates Florida's corporate income tax code by conforming it to the federal Internal Revenue Code and other United States statutes relating to federal income tax in effect on January 1, 2021. The bill adopts all amendments made to such federal statutes in the 2020 calendar year to the extent such changes affect the Florida corporate income tax, except that it does not adopt (decouples from) the following changes made by the Coronavirus Aid, Relief, and Economic Security (CARES) Act and the Consolidated Appropriations Act, 2021:

- The increase of the business interest expense deduction for taxable years beginning in 2019 and 2020.
- The increase of the business meals deduction for 2021 and 2022.
- The increase of the charitable contribution deduction for 2020 and 2021.
- The increase of the net operating loss deduction for taxable years beginning in 2018 through 2020.
- Changes to the depreciation of qualified improvement property beginning in 2018.
- The extension of an expensing deduction available for qualified film, television, and live theatrical productions through 2025.

The adoption of federal income tax statutes operates retroactively to January 1, 2021. Based on the Revenue Estimating Conference's (REC) adopted estimates, staff estimates that the bill has no fiscal impact. See Section V, Fiscal Impact Statement, below for the REC's adopted estimates by specific area and for out years.

The bill is effective upon becoming a law.

II. Present Situation:

Florida Corporate Income Tax

Florida imposes a tax on the taxable income of corporations and financial institutions doing business in Florida.[1] The current tax rate is 4.458 percent[2] of a taxpayer's net income for its taxable year (the calendar or fiscal year or period upon which its net income is computed).[3]

The calculation of Florida corporate income tax starts with a taxpayer's federal taxable income.[4] Taxable income earned by a taxpayer operating in more than one state is taxed in Florida on an apportioned basis using a formula based on 25 percent on property, 25 percent on payroll, and 50 percent on sales.[5] Income that is apportioned to Florida using this formula is then subject to the Florida income tax. The first $50,000 of net income is exempt, effective with taxable years beginning on or after January 1, 2013.[6]

Florida corporate income tax is collected by the Florida Department of Revenue (department) and all collections are paid into the General Revenue Fund.[7] Net collections (receipts minus refunds) of the Florida corporate income tax were $1.67 billion in Fiscal Year 2019-2020.[8]

Conformity with Federal Income Tax Statutes

Florida conforms to the Internal Revenue Code and other United States statutes relating to federal income taxes by adopting the same meanings of terms used in the Florida corporate income tax code as when used in a comparable context in federal income tax statutes.[9] This includes, as mentioned above, using federal taxable income as the starting point for calculating Florida net income. State corporate income tax systems conform to the Internal Revenue Code to varying degrees and share a large body of common concepts and doctrines.[10] The reasons for "piggybacking" or conforming to federal income tax statutes, rather than developing an entirely separate tax system, include substantial administrative savings, uniformity, and reduction in compliance costs.[11]

Florida conforms to federal income tax statutes as they exist on a certain fixed date (referred to as "static" or "fixed date" conformity), meaning that legislative action is required to incorporate

---

[1] Section 220.02, F.S.
[2] The tax rate was adjusted downward to 4.458 percent pursuant to s. 220.1105, F.S., for taxable years beginning on or after January 1, 2019. Pursuant to s. 220.1105(5), F.S., the rate is scheduled to return to 5.5 percent for taxable years beginning on or after January 1, 2022.

[11] *Id.*

any changes made to such federal statutes since the last date of conformity.[12] The Florida corporate income tax code currently adopts the Internal Revenue Code and other federal income tax statutes as they existed on January 1, 2020.[13]

In conforming to federal income tax statutes, a state may choose not to adopt ("decouple" from) a federal amendment because of its impact to state revenues or its inapplicability to the state tax system, and instead specify its own treatment of the issue.[14]

Section III, Effect of Proposed Changes, below describes the present situation and the effect of certain changes to federal income tax statutes since January 1, 2020, as adopted or decoupled from in the bill.[15]

III. Effect of Proposed Changes:

The Coronavirus Aid, Relief, and Economic Security (CARES) Act

The federal CARES Act was signed into law on March 27, 2020, "to provide emergency assistance and health care response for individuals, families, and businesses affected by the 2020 coronavirus pandemic."[16] It made a number of changes to federal income tax statutes, including temporarily relaxing some restrictions on tax deductions which were imposed by the federal Tax Cuts and Jobs Act of 2017 (TCJA).[17]

Net Operating Loss Deduction

Present Situation: The net operating loss (NOL) provisions of the Internal Revenue Code provide a tax deduction for most taxpayers whose deductible expenses for a taxable year exceed their gross income, subject to certain adjustments.[18] When a firm has a loss (i.e., an NOL), its federal income taxes are not reduced immediately beyond zero; rather, the business owes no income tax in that taxable year and its loss is carried to other years.[19] An NOL is "carried back" when applied to taxable years before the loss year and "carried over" or "carried forward" when applied to taxable years after the loss year. A carryback of losses yields immediate tax reductions

[12] For a discussion on Florida's adoption of static conformity and the alternative proposal of automatic adoption of future federal amendments to the Internal Revenue Code (referred to as "rolling" conformity) which appears in s. 220.03(3), F.S., *see* Arthur J. England, Jr., "Corporate Income Taxation in Florida: Background, Scope, and Analysis," *An Introduction to Florida Corporate Income Taxation*, (Tallahassee: Department of Office Services, The Florida State University, 1972), 10-12.
[13] Section 220.03(1)(n) and (2)(c), F.S.
[14] Pomp at 10-9. Some examples of decoupling from the Internal Revenue Code in the Florida corporate income tax code include the treatment of bonus depreciation and the Section 179 depreciation deduction, and the prohibition against the carryback of net operating losses, as discussed *infra*. *See* s. 220.13(1)(e)1. and 2. and (b)1., F.S.
[15] Changes to federal credits, such as the accelerated refundability of federal alternative minimum tax credits in the Coronavirus Aid, Relief, and Economic Security Act, are not described here because adjustments to federal credits do not significantly affect a taxpayer's Florida taxable income. See *infra* note 74.
[16] Pub. L. No. 116-136 (2020).
[17] Pub. L. No. 115-97 (2017).
[18] 26 U.S.C. s. 172.
[19] *See* Congressional Research Service, *Tax Treatment of Net Operating Losses (NOLs) in the Coronavirus Aid, Relief, and Economic Security (CARES) Act* (Updated Oct. 6, 2020), *available at* https://crsreports.congress.gov/product/pdf/IN/IN11296 (last visited April 19, 2021).

in the form of a refund or credit, while a carryforward reduces future tax liabilities.[20] The Internal Revenue Code requires that NOLs be applied starting with the earliest taxable year to which the loss may be carried.[21] Generally, Florida currently follows the Internal Revenue Code with respect to the computation and handling of an NOL for Florida corporate income tax purposes, except that for Florida purposes, an NOL may be carried forward only and may not be carried back to taxable years before the loss year.[22]

Before the enactment of the TCJA, a taxpayer could, for federal income tax purposes, use the aggregate amount of NOLs carried back or carried forward from other loss years to fully offset its taxable income for a taxable year and owe no income tax for that year.[23] The TCJA limited the percentage of taxable income that NOLs generated in taxable years after 2017 could offset to 80 percent of the taxable income for a taxable year.[24] The CARES Act temporarily suspends this limitation for taxable years beginning in 2018, 2019, and 2020, allowing a taxpayer to use NOLs to fully offset taxable income in those years.[25]

The TCJA generally prohibited the carryback of NOLs generated in taxable years after 2017 while allowing such NOLs to be carried forward indefinitely, a change from a general 2-year carryback period and a 20-year carryover period.[26] The CARES Act temporarily lifted the carryback restriction, providing a 5-year carryback period for NOLs generated in taxable years 2018, 2019, and 2020. However, the carryback change does not affect Florida because, as described above, Florida has decoupled from NOL carryback provisions and does not allow NOLs to be carried back.

Effect of Proposed Change: The bill decouples from the CARES Act's suspension of the 80 percent NOL limitation for taxable years beginning in 2018, 2019, and 2020. For Florida tax purposes, the bill limits net operating losses subtracted from taxable income to the 80 percent limitation imposed by the TCJA for those taxable years.

Business Interest Expense Deduction

Present Situation: The business interest expense (BIE) provisions of the Internal Revenue Code provide a tax deduction for interest expenses or other borrowing costs incurred in a trade or business or in the production of rental or royalty income.[27] The deduction is generally applied in the year the expenses are paid or accrued, depending on the taxpayer's method of accounting. Florida currently conforms to the Internal Revenue Code on the BIE deduction and does not decouple from any provision.

[20] *Id.*
[21] 26 U.S.C. s. 172(b)(2).
[22] Section 220.13(1)(b)1., F.S., and Fla. Admin. Code R. 12C-1.013(15)(a).
[23] 26 U.S.C. s. 172(a) (2016).
[24] 26 U.S.C. s. 172(a) (2018).
[25] 26 U.S.C. s. 172(a) (2021).
[26] 26 U.S.C. s. 172(b)(1) (2018).
[27] 26 U.S.C. s. 163.

Before the enactment of the TCJA, taxpayers could generally fully deduct their BIE subject to some restrictions and exceptions. The TCJA limited, except for certain taxpayers[28], the BIE deduction for taxable years beginning after 2017 to the sum of the taxpayer's business interest income for the taxable year, 30 percent of the taxpayer's adjusted taxable income for the taxable year, and the taxpayer's floor plan financing interest for the taxable year.[29] The amount of business interest not allowed as a deduction because of this limitation generally may be carried forward indefinitely.[30] The CARES Act has temporarily increased this limit for taxable years beginning in 2019 and 2020, raising the 30 percent limit on a taxpayer's adjusted taxable income in the above formula to 50 percent.[31]

Effect of Proposed Change: The bill decouples from the CARES Act's raised limit on a taxpayer's adjusted taxable income for the BIE deduction. The bill limits the BIE deduction for Florida corporate income tax purposes to that under the TCJA for taxable years beginning in 2019 and 2020.

Depreciation of Qualified Improvement Property ("Retail Glitch Fix")

Present Situation: Generally, the Internal Revenue Code allows a depreciation deduction from taxable income, which is a reasonable allowance for the exhaustion and wear and tear (including a reasonable allowance for obsolescence) of property used in a trade or business or property held for the production of income.[32] An allowance is set aside each taxable year in accordance with a reasonably consistent plan, starting when the property is placed in service.[33] The aggregate amount of the allowances plus the salvage value, at the end of the estimated useful life of the property, should equal the cost or other specified basis of the property.[34] Over time, the Internal Revenue Code has adopted different systems for computing depreciation. The current system, the Modified Accelerated Cost Recovery System (MACRS), applies to most tangible property generally placed in service after 1986.[35] Under MACRS, the cost of eligible property is recovered over a 3-, 5-, 7-, 10-, 15-, 20-, 27.5-, 31.5-, or 39-year period, depending on the type of property, by applying statutory recovery methods and conventions.

Starting in 2001 with the federal Job Creation and Worker Assistance Act of 2002, Congress implemented, reinstated, and expanded a "bonus depreciation" allowance for qualifying property, which was created to spur increased business investment during periods of negative or sluggish economic growth by lowering the cost of capital for investment in certain assets.[36] Bonus depreciation allows a taxpayer to expense (or deduct as a current rather than a capital expense) up to 100 percent of the cost of the property in the taxable year it is placed in service.

---

[28] Taxpayers with average annual gross receipts in the prior three taxable years of $25 million or less are exempted from the limitation, as well as certain trades or businesses. *See* 26 U.S.C. s. 163(j)(3) and (7).

[35] 26 U.S.C. s. 168; 26 C.F.R. 1.168(a)-1, *et seq.*
[36] 26 U.S.C. s. 168(k). *See* Congressional Research Service, *The Section 179 and Section 168(k) Expensing Allowances: Current Law and Economic Effects* (Updated May 1, 2018), *available at* https://crsreports.congress.gov/product/pdf/RL/RL31852 (last visited April 19, 2021).

The bonus depreciation provision has been extended or expanded 10 times since 2002, including by the TCJA.[37] The TCJA generally increased the bonus rate for property acquired and placed in service after September 27, 2017, to 100 percent for property placed in service in 2017 through 2022, 80 percent in 2023, 60 percent in 2024, 40 percent in 2025, and 20 percent in 2026.[38]

The TCJA also made changes to the depreciation deduction of certain improvements that leaseholders or owners make to the interior space of nonresidential buildings. Improvement property can take many forms, with some examples being: installing new lighting and carpet in a leased office, adding new woodwork and windows to the dining room of a restaurant, and painting the walls and upgrading the sound system of a retail store.[39] Before the TCJA, the Internal Revenue Code contained four categories of such improvement property, each with different criteria and cost recovery requirements.[40] The TCJA combined the four categories into a single category called qualified improvement property (QIP) and set forth conditions to be satisfied for QIP treatment, which is an accelerated 15-year cost recovery period.[41]

Due to a drafting error, the TCJA left QIP off the list of assets eligible for a 15-year cost recovery period under the MACRS.[42] As a result, the cost of QIP had to be recovered over 39 years under MACRS (or 40 years under an alternative depreciation system) and was ineligible for the bonus depreciation allowance because such improvement property must have a recovery period of 20 years or less to qualify for bonus depreciation.[43] The CARES Act corrected the omission by designating QIP as 15-year property under the MACRS and 20-year property under the alternative depreciation system, if the qualified improvement is done by the taxpayer.[44] This is referred to as the "retail glitch fix." The CARES Act provides that the retail glitch fix shall take effect as if included in the TCJA (i.e., applies retroactively).[45]

Florida has decoupled from federal bonus depreciation since 2008.[46] Since 2009, Florida requires a taxpayer to add back to its taxable income the full amount deducted for bonus depreciation for federal purposes and then apply a straight-line seven-year depreciation schedule beginning with the year of the addback.[47] The schedule applies notwithstanding any sale or disposition of the property that is the subject of the adjustments and regardless of whether such property remains in service in the hands of the taxpayer.[48]

[44] Pub. L. No. 116-136, s. 2307 (2020).
[45] Pub. L. No. 116-136, s. 2307(b) (2020).
[46] Ch. 2008-206, ss. 1-2, Laws of Fla.
[47] Section 220.13(1)(e)1., F.S.; ch. 2009-18, s. 2, Laws of Fla.
[48] Section 220.13(1)(e)1., F.S.

Effect of Proposed Change: The bill decouples from the CARES' Act treatment of QIP placed in service on or after January 1, 2018. Under the bill, QIP is not eligible for Florida's treatment of bonus depreciation (i.e., a straight-line seven-year depreciation schedule). A 39-year[49] rather than a 15-year cost recovery period is applied to QIP for Florida tax purposes, notwithstanding any sale or other disposition of the QIP and regardless of whether the QIP remains in service in the hands of the taxpayer.

Paycheck Protection Program (Exclusion of Forgiven Loans from Gross Income)

Present Situation: The Paycheck Protection Program (PPP), established by the CARES Act, is implemented by the Small Business Administration with support from the United States Department of the Treasury.[50] This program provides small businesses with funds to pay up to eight weeks of payroll costs including benefits.[51] Funds can also be used to pay interest on mortgages, rent, and utilities.[52] The funds were provided in the form of loans guaranteed under the federal Small Business Act, which are fully forgivable if the borrower maintains employee and compensation levels, spends loan proceeds on eligible expenses, and spends at least 60 percent of the proceeds on payroll costs.[53] The CARES Act provided that for purposes of the Internal Revenue Code, any amount of PPP loans which would be included as gross income of the eligible recipient by reason of forgiveness is excluded from gross income.[54]

Effect of Proposed Change: The bill adopts the CARES Act's treatment of excluding forgiven PPP loans from gross income for purposes of determining federal taxable income, and such amounts would not be subject to the Florida corporate income tax.

Charitable Contribution Deduction

Present Situation: The CARES Act raised the limitation on deductions for charitable contributions by corporations who made cash contributions in 2020, from 10 percent of taxable income to 25 percent of taxable income.[55] To qualify for the increased limit, contributions must be made to a public charity or private operating foundation[56], but does not include contributions to a supporting organization or a donor-advised fund. In addition, the deduction limitation for certain donations of food inventory in 2020 was increased from 15 percent to 25 percent.

Effect of Proposed Change: The bill decouples from the CARES Act's increased limitation on the charitable contribution deduction for 2020, limiting the deduction to that under the TCJA for Florida tax purposes.

---

[49] The bill requires applying to QIP the recovery period in s. 168(c) of the Internal Revenue Code for nonresidential real property, which is 39 years.

Consolidated Appropriations Act, 2021

The federal Consolidated Appropriations Act, 2021 (CAA), was signed into law on December 27, 2020.[57] Provisions relating to corporate income tax included providing for the deductibility of expenses paid with PPP loans, a temporary 100 percent deduction for business meals, and the extension of various other tax incentives and provisions.

Deductibility of Expenses Paid with PPP Loans

Present Situation: The exclusion of forgiven PPP loans from gross income under the CARES Act, as discussed above, raised a related question as to whether a taxpayer could deduct otherwise allowable expenses that were paid with PPP loan proceeds. On May 2, 2020, the Internal Revenue Service (IRS) released a notice stating that an existing prohibition against deductions that are allocable to tax-exempt income[58] applied, and therefore a taxpayer could not claim the double tax benefit.[59]

The CAA overturned the IRS' position, expressly providing that "no deduction shall be denied, no tax attribute shall be reduced, and no basis increase shall be denied, by reason of the exclusion from gross income" for both original and subsequent PPP loans,[60] meaning that a taxpayer may deduct PPP-funded expenses from their income.[61]

Effect of Proposed Change: The bill adopts the CAA's construction that PPP-funded expenses are deductible, so any additional deductions taken by a taxpayer for federal income tax purposes would flow through to Florida when calculating its Florida net income.

Business Meal Expense Deduction

Present Situation: Before the enactment of the CAA, a taxpayer was generally allowed to deduct up to 50 percent of business meal expenses (food and beverages).[62] To qualify for the deduction, the food or beverage expense may not be "lavish or extravagant under the circumstances" and the taxpayer or the taxpayer's employee must be present at the furnishing of the food or beverages, except under certain circumstances.[63]

The CAA provided that the 50 percent limitation does not apply to meal expenses for food or beverages provided by a restaurant and paid or incurred before January 1, 2023, allowing a 100 percent deduction for such expenses.[64]

It reaffirmed its conclusion on June 29, 2020, in IRS Revenue Ruling 2020-27, *available at* https://www.irs.gov/pub/irs-drop/rr-20-27.pdf (last visited April 19, 2021).
[60] Pub. L. 116-260, s. 276 (2020).
[61] The IRS subsequently issued IRS Revenue Ruling 2021-2, obsoleting the Notice and Revenue Ruling referenced in *supra* note 59. *Available at* https://www.irs.gov/pub/irs-drop/rr-21-02.pdf (last visited April 19, 2021).
[62] 26 U.S.C. s. 274(n) (2018).
[63] 26 U.S.C. s. 274(k) (2018).
[64] Pub. L. 116-260, Division EE, s. 210 (2020); 26 U.S.C. s. 274(n)(2)(D) (2021).

Effect of Proposed Change: The bill decouples from the CAA's 100 percent deduction for certain business meal expenses paid or incurred before 2023, and such expenses are subject to the 50 percent limitation under the TCJA.

Tax Extenders and Miscellaneous Provisions

Present Situation: The CAA extended or modified a number of tax provisions relating to the federal income tax for corporations, including:

- Providing 5-year extensions for:
  - The "look-thru" treatment of dividends, interest, rents, and royalties received or accrued from related controlled foreign corporations.[65]
  - The 7-year recovery period for motorsports entertainment complexes.[66]
  - Special expensing rules for certain film, television, and live theatrical productions, which allows a taxpayer to expense the first $15 million of production costs for qualified film and television productions and live theatrical productions (or $20 million for productions in low-income communities or distressed areas).[67]
  - Empowerment zone designations under s. 1391(d) of the Internal Revenue Code.[68]
  - The exclusion from gross income of certain employer payments of employee student loans.[69]
- Providing a 1-year extension for:
  - The classification of certain race horses as 3-year property.[70]
  - Accelerated depreciation for business property on Indian reservations.[71]
  - The increased limitation on deductions for charitable contributions by corporations under the CARES Act, as discussed above.[72] The increased limitation applies for 2021.

The CAA also extended or modified a number of federal tax credits affecting the federal corporate income tax.[73]

Effect of Proposed Changes: The bill adopts the above extensions, except for federal tax credits,[74] the extended expensing rules for film, television, and live theatrical productions, and the increased limitation on charitable contribution deductions for 2021. For the expensing rules,

[71] Pub. L. 116-260, Division EE, s. 138 (2020).
[72] Pub. L. 116-260, Division EE, s. 213 (2020).
[73] *See* Pub. L. 116-260, Division EE, ss. 102, 105, 112, 113, 119, 121, 131, 132, 135, 136, 139, 140, 142, 143, 144, 145, 203, 204, and 305 (2020).
[74] Florida does not allow any adjustment to income for federal credits unless specifically stated in the Florida Statutes. Section 220.13(1)(b)3., F.S., allows a deduction for wages and salaries paid in Florida when a federal deduction is not allowed pursuant to s. 280C(a) of the Internal Revenue Code, which was not amended by the CAA. However, for other federal credits, a Florida deduction is not included in the Florida Statutes and therefore not allowed. *See*, e.g., Florida Dep't of Revenue, *Florida Corporate Income Tax, Adoption of 2020 Internal Revenue Code*, No. 20C01-01, Sept. 24, 2020, *available at* https://floridarevenue.com/taxes/tips/documents/TIP-123151_TIP_20C01-01_Final_RLL.pdf (last visited April 19, 2021).

taxable income for Florida tax purposes must be calculated as though the rules were not extended through 2025 by the CAA. Charitable contribution deductions in 2021 are limited to that under the TCJA for Florida tax purposes.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

The bill does not require counties or municipalities to spend funds, limit their ability to raise revenue, or reduce the percentage of state tax shared with them. Therefore, the mandates provisions of Art. VII, s. 18 of the Florida Constitution do not apply.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

The bill does not create or raise state taxes or fees. Therefore, the requirements of Art. VII, s. 19 of the State Constitution do not apply.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

Based on the REC's adopted estimates[75], staff estimates that the bill has no fiscal impact. The following table summarizes the REC's adopted estimates, including total impact for all changes for the out years:[76]

[75] Revenue Estimating Conference, *Corporate Income Tax Piggyback*, April 16, 2021 (revised from March 12, 2021), *available at* http://edr.state.fl.us/Content/conferences/revenueimpact/archives/2021/_pdf/page250-275.pdf (last visited April 20, 2021).

[76] *Id.* at 256-258. See *id*. at 263-265 for the REC's PPP estimate, which was not included in the total impact, but was adopted to be used as a consensus adjustment to the CIT baseline.

*Insignificant fiscal impact

B. Private Sector Impact:

Taxpayers will generally use the same calculations to determine both their federal and state taxable income.

C. Government Sector Impact:

None.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

The bill substantially amends the following sections of the Florida Statutes: 220.03 and 220.13.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Appropriations on April 19, 2021:
The committee substitute decouples the Florida corporate income tax code from the following federal income tax changes:

- The increase of the business meals deduction for 2021 and 2022.
- The increase of the charitable contribution deduction for 2020 and 2021.
- The increase of the net operating loss deduction for taxable years beginning in 2018 through 2020.
- Changes to the depreciation of qualified improvement property beginning in 2018.
- The extension of an expensing deduction available for qualified film, television, and live theatrical productions through 2025.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

The Committee on Appropriations (Rodriguez) recommended the following:

Senate Amendment (with title amendment)

Delete everything after the enacting clause and insert:

Section 1. Paragraph (n) of subsection (1) and paragraph (c) of subsection (2) of section 220.03, Florida Statutes, are amended to read:

220.03 Definitions.—

(1) SPECIFIC TERMS.—When used in this code, and when not otherwise distinctly expressed or manifestly incompatible with

763370

the intent thereof, the following terms shall have the following meanings:

(n) "Internal Revenue Code" means the United States Internal Revenue Code of 1986, as amended and in effect on January 1, 2021 ~~2020~~, except as provided in subsection (3).

(2) DEFINITIONAL RULES.—When used in this code and neither otherwise distinctly expressed nor manifestly incompatible with the intent thereof:

(c) Any term used in this code has the same meaning as when used in a comparable context in the Internal Revenue Code and other statutes of the United States relating to federal income taxes, as such code and statutes are in effect on January 1, 2021 ~~2020~~. However, if subsection (3) is implemented, the meaning of a term shall be taken at the time the term is applied under this code.

Section 2. The amendment to s. 220.03, Florida Statutes, made by this act operates retroactively to January 1, 2021.

Section 3. Paragraphs (a), (b), and (e) of subsection (1) of section 220.13, Florida Statutes, are amended to read:

220.13 "Adjusted federal income" defined.—

(1) The term "adjusted federal income" means an amount equal to the taxpayer's taxable income as defined in subsection (2), or such taxable income of more than one taxpayer as provided in s. 220.131, for the taxable year, adjusted as follows:

(a) *Additions.*—There shall be added to such taxable income:

1.a. The amount of any tax upon or measured by income, excluding taxes based on gross receipts or revenues, paid or accrued as a liability to the District of Columbia or any state

763370

of the United States which is deductible from gross income in the computation of taxable income for the taxable year.

b. Notwithstanding sub-subparagraph a., if a credit taken under s. 220.1875 is added to taxable income in a previous taxable year under subparagraph 11. and is taken as a deduction for federal tax purposes in the current taxable year, the amount of the deduction allowed shall not be added to taxable income in the current year. The exception in this sub-subparagraph is intended to ensure that the credit under s. 220.1875 is added in the applicable taxable year and does not result in a duplicate addition in a subsequent year.

2. The amount of interest which is excluded from taxable income under s. 103(a) of the Internal Revenue Code or any other federal law, less the associated expenses disallowed in the computation of taxable income under s. 265 of the Internal Revenue Code or any other law, excluding 60 percent of any amounts included in alternative minimum taxable income, as defined in s. 55(b)(2) of the Internal Revenue Code, if the taxpayer pays tax under s. 220.11(3).

3. In the case of a regulated investment company or real estate investment trust, an amount equal to the excess of the net long-term capital gain for the taxable year over the amount of the capital gain dividends attributable to the taxable year.

4. That portion of the wages or salaries paid or incurred for the taxable year which is equal to the amount of the credit allowable for the taxable year under s. 220.181. This subparagraph shall expire on the date specified in s. 290.016 for the expiration of the Florida Enterprise Zone Act.

5. That portion of the ad valorem school taxes paid or

763370

incurred for the taxable year which is equal to the amount of the credit allowable for the taxable year under s. 220.182. This subparagraph shall expire on the date specified in s. 290.016 for the expiration of the Florida Enterprise Zone Act.

6. The amount taken as a credit under s. 220.195 which is deductible from gross income in the computation of taxable income for the taxable year.

7. That portion of assessments to fund a guaranty association incurred for the taxable year which is equal to the amount of the credit allowable for the taxable year.

8. In the case of a nonprofit corporation which holds a pari-mutuel permit and which is exempt from federal income tax as a farmers' cooperative, an amount equal to the excess of the gross income attributable to the pari-mutuel operations over the attributable expenses for the taxable year.

9. The amount taken as a credit for the taxable year under s. 220.1895.

10. Up to nine percent of the eligible basis of any designated project which is equal to the credit allowable for the taxable year under s. 220.185.

11. The amount taken as a credit for the taxable year under s. 220.1875. The addition in this subparagraph is intended to ensure that the same amount is not allowed for the tax purposes of this state as both a deduction from income and a credit against the tax. This addition is not intended to result in adding the same expense back to income more than once.

12. The amount taken as a credit for the taxable year under s. 220.193.

13. Any portion of a qualified investment, as defined in s.

763370

288.9913, which is claimed as a deduction by the taxpayer and taken as a credit against income tax pursuant to s. 288.9916.

14. The costs to acquire a tax credit pursuant to s. 288.1254(5) that are deducted from or otherwise reduce federal taxable income for the taxable year.

15. The amount taken as a credit for the taxable year pursuant to s. 220.194.

16. The amount taken as a credit for the taxable year under s. 220.196. The addition in this subparagraph is intended to ensure that the same amount is not allowed for the tax purposes of this state as both a deduction from income and a credit against the tax. The addition is not intended to result in adding the same expense back to income more than once.

17. For taxable years beginning after December 31, 2018, and before January 1, 2021, there shall be added to such taxable income an amount equal to the excess, if any, of:

a. One hundred percent of any amount deducted for federal income tax purposes as business interest expense for the taxable year pursuant to s. 163(j) of the Internal Revenue Code of 1986, as amended by s. 2306 of Pub. L. No. 116-136; over

b. One hundred percent of the amount that would be deductible for federal income tax purposes as business interest expense for the taxable year if calculated pursuant to s. 163(j) of the Internal Revenue Code of 1986, as amended by s. 13301 of Pub. L. No. 115-97.

Any expense added back pursuant to this subparagraph shall be treated as a disallowed business expense carryforward from prior years for the year or years following such addition, until such

763370

time as the expense has been used.

18. For taxable years beginning after December 31, 2020, and before January 1, 2023, there shall be added to such taxable income an amount equal to the excess, if any, of:

a. One hundred percent of any amount deducted for federal income tax purposes for business meals in the taxable year pursuant to s. 274 of the Internal Revenue Code of 1986, as amended by s. 210 of Division EE of Pub. L. No. 116-260; over

b. One hundred percent of the amount that would be deductible for federal income tax purposes for business meals in the taxable year if calculated pursuant to s. 274 of the Internal Revenue Code of 1986, as amended by ss. 13304 and 13310 of Pub. L. No. 115-97.

19. For taxable years beginning after December 31, 2019, and before January 1, 2022, there shall be added to such taxable income an amount equal to the excess, if any, of:

a. One hundred percent of any amount deducted for federal income tax purposes for charitable contributions made in the taxable year pursuant to s. 170 of the Internal Revenue Code of 1986, as amended by s. 2205 of Pub. L. No. 116-136, as amended by s. 213 of Division EE of Pub. L. No. 116-260; over

b. One hundred percent of the amount that would be deductible for federal income tax purposes for charitable contributions made in the taxable year if calculated pursuant to s. 170 of the Internal Revenue Code of 1986, as amended by s. 11023 of Pub. L. No. 115-97.

(b) *Subtractions.*—

1. There shall be subtracted from such taxable income:

a. The net operating loss deduction allowable for federal

763370

income tax purposes under s. 172 of the Internal Revenue Code for the taxable year, except that any net operating loss that is transferred pursuant to s. 220.194(6) may not be deducted by the seller,

b. The net capital loss allowable for federal income tax purposes under s. 1212 of the Internal Revenue Code for the taxable year,

c. The excess charitable contribution deduction allowable for federal income tax purposes under s. 170(d)(2) of the Internal Revenue Code for the taxable year, and

d. The excess contributions deductions allowable for federal income tax purposes under s. 404 of the Internal Revenue Code for the taxable year.

However, a net operating loss and a capital loss shall never be carried back as a deduction to a prior taxable year, but all deductions attributable to such losses shall be deemed net operating loss carryovers and capital loss carryovers, respectively, and treated in the same manner, to the same extent, and for the same time periods as are prescribed for such carryovers in ss. 172 and 1212, respectively, of the Internal Revenue Code. For taxable years beginning after December 31, 2017, and before January 1, 2021, the net operating loss subtracted pursuant to this subparagraph shall be limited by the percentage limitation pursuant to s. 172(a)(2) of the Internal Revenue Code of 1986, as amended by s. 13302 of Pub. L. No. 115-97.

2. There shall be subtracted from such taxable income any amount to the extent included therein the following:

763370

a. Dividends treated as received from sources without the United States, as determined under s. 862 of the Internal Revenue Code.

b. All amounts included in taxable income under s. 78, s. 951, or s. 951A of the Internal Revenue Code.

However, any amount subtracted under this subparagraph is allowed only to the extent such amount is not deductible in determining federal taxable income. As to any amount subtracted under this subparagraph, there shall be added to such taxable income all expenses deducted on the taxpayer’s return for the taxable year which are attributable, directly or indirectly, to such subtracted amount. Further, no amount shall be subtracted with respect to dividends paid or deemed paid by a Domestic International Sales Corporation.

3. In computing “adjusted federal income” for taxable years beginning after December 31, 1976, there shall be allowed as a deduction the amount of wages and salaries paid or incurred within this state for the taxable year for which no deduction is allowed pursuant to s. 280C(a) of the Internal Revenue Code (relating to credit for employment of certain new employees).

4. There shall be subtracted from such taxable income any amount of nonbusiness income included therein.

5. There shall be subtracted any amount of taxes of foreign countries allowable as credits for taxable years beginning on or after September 1, 1985, under s. 901 of the Internal Revenue Code to any corporation which derived less than 20 percent of its gross income or loss for its taxable year ended in 1984 from sources within the United States, as described in s.

861(a)(2)(A) of the Internal Revenue Code, not including credits allowed under ss. 902 and 960 of the Internal Revenue Code, withholding taxes on dividends within the meaning of sub-subparagraph 2.a., and withholding taxes on royalties, interest, technical service fees, and capital gains.

6. Notwithstanding any other provision of this code, except with respect to amounts subtracted pursuant to subparagraphs 1. and 3., any increment of any apportionment factor which is directly related to an increment of gross receipts or income which is deducted, subtracted, or otherwise excluded in determining adjusted federal income shall be excluded from both the numerator and denominator of such apportionment factor. Further, all valuations made for apportionment factor purposes shall be made on a basis consistent with the taxpayer's method of accounting for federal income tax purposes.

(e) *Adjustments related to federal acts.*—Taxpayers shall be required to make the adjustments prescribed in this paragraph for Florida tax purposes with respect to certain tax benefits received pursuant to the Economic Stimulus Act of 2008, the American Recovery and Reinvestment Act of 2009, the Small Business Jobs Act of 2010, the Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act of 2010, the American Taxpayer Relief Act of 2012, the Tax Increase Prevention Act of 2014, the Consolidated Appropriations Act, 2016, ~~and~~ the Tax Cuts and Jobs Act of 2017, the Coronavirus Aid, Relief, and Economic Security Act of 2020, and the Consolidated Appropriations Act, 2021.

1.a. There shall be added to such taxable income an amount equal to 100 percent of any amount deducted for federal income

763370

tax purposes as bonus depreciation for the taxable year pursuant to ss. 167 and 168(k) of the Internal Revenue Code of 1986, as amended by s. 103 of Pub. L. No. 110-185, s. 1201 of Pub. L. No. 111-5, s. 2022 of Pub. L. No. 111-240, s. 401 of Pub. L. No. 111-312, s. 331 of Pub. L. No. 112-240, s. 125 of Pub. L. No. 113-295, s. 143 of Division Q of Pub. L. No. 114-113, and s. 13201 of Pub. L. No. 115-97, for property placed in service after December 31, 2007, and before January 1, 2027. For the taxable year and for each of the 6 subsequent taxable years, there shall be subtracted from such taxable income an amount equal to one-seventh of the amount by which taxable income was increased pursuant to this subparagraph, notwithstanding any sale or other disposition of the property that is the subject of the adjustments and regardless of whether such property remains in service in the hands of the taxpayer.

b. Sub-subparagraph a. does not apply to qualified improvement property that was placed in service on or after January 1, 2018. As used in this paragraph, the term "qualified improvement property" has the same meaning as in s. 168(e)(6) of the Internal Revenue Code of 1986.

2. There shall be added to such taxable income an amount equal to 100 percent of any amount in excess of $128,000 deducted for federal income tax purposes for the taxable year pursuant to s. 179 of the Internal Revenue Code of 1986, as amended by s. 102 of Pub. L. No. 110-185, s. 1202 of Pub. L. No. 111-5, s. 2021 of Pub. L. No. 111-240, s. 402 of Pub. L. No. 111-312, s. 315 of Pub. L. No. 112-240, and s. 127 of Pub. L. No. 113-295, for taxable years beginning after December 31, 2007, and before January 1, 2015. For the taxable year and for

763370

each of the 6 subsequent taxable years, there shall be subtracted from such taxable income one-seventh of the amount by which taxable income was increased pursuant to this subparagraph, notwithstanding any sale or other disposition of the property that is the subject of the adjustments and regardless of whether such property remains in service in the hands of the taxpayer.

3. There shall be added to such taxable income an amount equal to the amount of deferred income not included in such taxable income pursuant to s. 108(i)(1) of the Internal Revenue Code of 1986, as amended by s. 1231 of Pub. L. No. 111-5. There shall be subtracted from such taxable income an amount equal to the amount of deferred income included in such taxable income pursuant to s. 108(i)(1) of the Internal Revenue Code of 1986, as amended by s. 1231 of Pub. L. No. 111-5.

4. There shall be added to such taxable income an amount equal to 100 percent of any federal income tax depreciation deducted for qualified improvement property. There shall be subtracted an amount equal to the amount of depreciation that would have been deductible for federal income tax purposes if calculated pursuant to s. 168(b)(3) of the Internal Revenue Code using the applicable recovery period in s. 168(c) of the Internal Revenue Code for nonresidential real property, notwithstanding any sale or other disposition of the property that is the subject of the adjustments, and regardless of whether such property remains in service in the hands of the taxpayer.

5. For taxable years beginning after December 31, 2020, and before January 1, 2026, the changes made to the Internal Revenue

763370

Code by s. 116 of Division EE of Pub. L. No. 116-260, relating to the extension of expensing rules for qualified film, television, and live theatrical productions under s. 181 of the Internal Revenue Code of 1986, do not apply to this chapter. Taxable income under this section shall be calculated as though changes made by that section were not made to the Internal Revenue Code.

6. Subtractions available under this paragraph may be transferred to the surviving or acquiring entity following a merger or acquisition and used in the same manner and with the same limitations as specified by this paragraph.

7.~~5.~~ The additions and subtractions specified in this paragraph are intended to adjust taxable income for Florida tax purposes, and, notwithstanding any other provision of this code, such additions and subtractions shall be permitted to change a taxpayer's net operating loss for Florida tax purposes.

Section 4. This act shall take effect upon becoming a law.

========== T I T L E A M E N D M E N T ==========

And the title is amended as follows:

Delete everything before the enacting clause and insert:

A bill to be entitled

An act relating to the corporate income tax; amending s. 220.03, F.S.; adopting the 2021 version of the Internal Revenue Code and other federal statutes relating to federal income taxes for purposes of the state corporate income tax code; providing for retroactive operation; amending s. 220.13, F.S.;

763370

requiring additions to taxable income of certain amounts relating to federal deductions for business interest expense, business meals, and charitable contributions; specifying a limitation on net operating loss subtractions applied during certain taxable years; specifying that Florida bonus depreciation treatment does not apply to certain qualified improvement property; defining the term "qualified improvement property"; specifying required additions and subtractions relating to qualified improvement property; providing that certain federal changes relating to expensing rules for qualified film, television, and live theatrical productions do not apply to the state corporate income tax; providing an effective date.

By the Committee on Finance and Tax

593-04157-21 20217082__

A bill to be entitled

An act relating to the corporate income tax; amending s. 220.03, F.S.; adopting the 2021 version of the Internal Revenue Code and other federal statutes relating to federal income taxes for purposes of the state corporate income tax code; providing for retroactive operation; amending s. 220.13, F.S.; requiring the addition to adjusted federal income of certain amounts of business interest expense deductible in certain taxable years; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (n) of subsection (1) and paragraph (c) of subsection (2) of section 220.03, Florida Statutes, are amended to read:

220.03 Definitions.—

(1) SPECIFIC TERMS.—When used in this code, and when not otherwise distinctly expressed or manifestly incompatible with the intent thereof, the following terms shall have the following meanings:

(n) "Internal Revenue Code" means the United States Internal Revenue Code of 1986, as amended and in effect on January 1, 2021 ~~2020~~, except as provided in subsection (3).

(2) DEFINITIONAL RULES.—When used in this code and neither otherwise distinctly expressed nor manifestly incompatible with the intent thereof:

(c) Any term used in this code has the same meaning as when

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

593-04157-21 20217082__

used in a comparable context in the Internal Revenue Code and other statutes of the United States relating to federal income taxes, as such code and statutes are in effect on January 1, 2021 ~~2020~~. However, if subsection (3) is implemented, the meaning of a term shall be taken at the time the term is applied under this code.

Section 2. The amendment to s. 220.03, Florida Statutes, made by this act operates retroactively to January 1, 2021.

Section 3. Paragraph (e) of subsection (1) of section 220.13, Florida Statutes, is amended to read:

220.13 "Adjusted federal income" defined.—

(1) The term "adjusted federal income" means an amount equal to the taxpayer's taxable income as defined in subsection (2), or such taxable income of more than one taxpayer as provided in s. 220.131, for the taxable year, adjusted as follows:

(e) *Adjustments related to federal acts.*—Taxpayers shall be required to make the adjustments prescribed in this paragraph for Florida tax purposes with respect to certain tax benefits received pursuant to the Economic Stimulus Act of 2008, the American Recovery and Reinvestment Act of 2009, the Small Business Jobs Act of 2010, the Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act of 2010, the American Taxpayer Relief Act of 2012, the Tax Increase Prevention Act of 2014, the Consolidated Appropriations Act, 2016, ~~and~~ the Tax Cuts and Jobs Act of 2017, and the Coronavirus Aid, Relief, and Economic Security Act of 2020.

1. There shall be added to such taxable income an amount equal to 100 percent of any amount deducted for federal income

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

tax purposes as bonus depreciation for the taxable year pursuant to ss. 167 and 168(k) of the Internal Revenue Code of 1986, as amended by s. 103 of Pub. L. No. 110-185, s. 1201 of Pub. L. No. 111-5, s. 2022 of Pub. L. No. 111-240, s. 401 of Pub. L. No. 111-312, s. 331 of Pub. L. No. 112-240, s. 125 of Pub. L. No. 113-295, s. 143 of Division Q of Pub. L. No. 114-113, and s. 13201 of Pub. L. No. 115-97, for property placed in service after December 31, 2007, and before January 1, 2027. For the taxable year and for each of the 6 subsequent taxable years, there shall be subtracted from such taxable income an amount equal to one-seventh of the amount by which taxable income was increased pursuant to this subparagraph, notwithstanding any sale or other disposition of the property that is the subject of the adjustments and regardless of whether such property remains in service in the hands of the taxpayer.

2. There shall be added to such taxable income an amount equal to 100 percent of any amount in excess of $128,000 deducted for federal income tax purposes for the taxable year pursuant to s. 179 of the Internal Revenue Code of 1986, as amended by s. 102 of Pub. L. No. 110-185, s. 1202 of Pub. L. No. 111-5, s. 2021 of Pub. L. No. 111-240, s. 402 of Pub. L. No. 111-312, s. 315 of Pub. L. No. 112-240, and s. 127 of Pub. L. No. 113-295, for taxable years beginning after December 31, 2007, and before January 1, 2015. For the taxable year and for each of the 6 subsequent taxable years, there shall be subtracted from such taxable income one-seventh of the amount by which taxable income was increased pursuant to this subparagraph, notwithstanding any sale or other disposition of the property that is the subject of the adjustments and

regardless of whether such property remains in service in the hands of the taxpayer.

3. There shall be added to such taxable income an amount equal to the amount of deferred income not included in such taxable income pursuant to s. 108(i)(1) of the Internal Revenue Code of 1986, as amended by s. 1231 of Pub. L. No. 111-5. There shall be subtracted from such taxable income an amount equal to the amount of deferred income included in such taxable income pursuant to s. 108(i)(1) of the Internal Revenue Code of 1986, as amended by s. 1231 of Pub. L. No. 111-5.

4. For taxable years beginning after December 31, 2018, and before January 1, 2021, there shall be added to such taxable income an amount equal to the excess, if any, of:

a. One hundred percent of any amount deducted for federal income tax purposes as business interest expense for the taxable year pursuant to s. 163(j) of the Internal Revenue Code of 1986, as amended by s. 2306 of Pub. L. No. 116-136; over

b. One hundred percent of the amount that would be deductible for federal income tax purposes as business interest expense for the taxable year if calculated pursuant to s. 163(j) of the Internal Revenue Code of 1986, as amended by s. 13301 of Pub. L. No. 115-97.

5. Subtractions available under this paragraph may be transferred to the surviving or acquiring entity following a merger or acquisition and used in the same manner and with the same limitations as specified by this paragraph.

6.~~5.~~ The additions and subtractions specified in this paragraph are intended to adjust taxable income for Florida tax purposes, and, notwithstanding any other provision of this code,

such additions and subtractions shall be permitted to change a taxpayer's net operating loss for Florida tax purposes.

Section 4. This act shall take effect upon becoming a law.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/SB 98
INTRODUCER:	Appropriations Committee; and Senator Albritton
SUBJECT:	Workforce Related Programs and Services
DATE:	April 18, 2021
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	McMillan	McKay	CM	**Favorable**
2.	Brick	Bouck	ED	**Favorable**
3.	Hrdlicka/Underhill	Sadberry	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 98 modifies provisions related to Florida workforce development and education. Specifically, the bill:

- Authorizes the Governor to seek federal waivers to create greater flexibility and strategic investment in Florida's implementation of the Workforce Innovation and Opportunity Act (WIOA).
- Creates the Office of Reimagining Education and Career Help (Office) in the Executive Office of the Governor to provide coordination and alignment in Florida's workforce development system.
- Requires the Office to create a "no-wrong-door" entry strategy whereby Floridians may access services from any workforce partner with a common intake form and case management system.
- Creates a publicly available online opportunity portal to provide Floridians with access to identify in-demand jobs, the skills needed, where to obtain those skills, available services, and program performance employability and economic mobility.
- Requires the DEO and the DCF to evaluate the impact of workforce services on participants receiving benefits and welfare transition programs, to include performance reports on participant earnings.
- Requires local workforce development boards (LWDB) to be assigned a letter grade, which must be made public, based on improvement of participant long-term self-sufficiency and return on investment.

- Charges the Labor Market Estimating Conference as the entity responsible for determining Florida's real-time supply and demand in the labor market.
- Requires the Talent Development Council to coordinate Florida's efforts to meet state healthcare workforce needs, by conducting a gap analysis and provide trend information on nursing programs.
- Requires the DEO to establish WIOA eligible training provider criteria focused on participant outcomes.
- Requires the CareerSource state board to appoint a Credentials Review Committee to identify degree and non-degree credentials of value, develop a Master Credentials List for performance funding, and establish policy direction for funding which prioritizes outcomes and leverages resources to support vulnerable populations.
- Creates the Open Door Workforce Grant Program to provide grants to school districts and Florida College System (FCS) institutions to cover up to two-thirds of the cost of short-term, high-demand programs.
- Creates the Money-Back Guarantee Program, requiring each school district and FCS institution to refund the cost of tuition to students who are not able to find a job within 6 months of completing select programs.
- Creates a new workforce performance funding model for school district and FCS institution workforce programs, requiring one-third of performance funding to be based on rewarding student job placement and the remaining two-thirds be based on student earnings, with a focus on increasing the economic mobility of underserved populations.
- Requires that students entering a public postsecondary institution in 2022-2023, and thereafter, must be able to earn nationally recognized digital credentials for competencies within the general education core courses which demonstrate career readiness.

The bill has a significant, negative impact on state expenditures. See Section V.

The bill takes effect July 1, 2021.

II. Present Situation:

The Workforce Estimating Conference

Current law directs the Workforce Estimating Conference to develop forecasts of employment demand for jobs by occupation and industry. The conference must also review local and regional occupational data generated through the Internet-based job-matching and labor-market information system and consider such data in developing its forecasts for statewide employment demand. Additionally, the data is used to make recommendations to CareerSource on any changes to local target occupation lists. The Workforce Estimating Conference is expected to meet at least twice a year;[1] however, the conference has not met since September 6, 2013.[2]

Florida's Workforce Development System

The federal Workforce Investment Act of 1998 (WIA) was passed by Congress in an effort to improve the quality of the nation's workforce through implementation of a comprehensive workforce investment system.[3] The WIA required each state to establish an investment board at the state level and to also establish workforce investment boards to represent local service areas.[4] The WIA also called for the delivery of workforce development services through a system of "one-stop" centers in local communities.[5] Some key principles of the WIA were to better integrate workforce services, empower individuals, provide universal access to participants, increase accountability, and improve youth programs.[6]

In response to the WIA, Florida established a workforce development system under the Workforce Investment Act of 2000.[7] The act aimed to better connect the state's economic development strategies with its workforce development system and to implement the principles of the federal WIA.[8]

Federal Workforce Innovation and Opportunity Act of 2014

In 2014, Congress passed the Workforce Innovation and Opportunity Act (WIOA), which superseded the Workforce Investment Act of 1998.[9] The WIOA requires each state to develop a single, unified plan for aligning workforce services through the identification and evaluation of core workforce programs.[10] In general, the WIOA maintains the one-stop framework of the WIA and encompasses provisions aimed at streamlining services, easing reporting requirements, and reducing administrative barriers.[11] The WIOA officially became effective on July 1, 2015, the first full program year after enactment.

Core Programs

The WIOA identifies four core programs that must coordinate and complement each other in a manner that ensures job seekers have access to needed resources.[12] The core programs are:

- Adult, Dislocated Worker, and Youth Programs;
- Employment Services under the Wagner-Peyser Employment Act;
- Vocational Rehabilitation Services; and
- Adult Education and Literacy Activities.

[3] Workforce Investment Act of 1998, 29 U.S.C. 2801 (1998), *repealed by* Workforce Innovation and Opportunity Act, Pub. L. No. 113-128 (113th Cong.) (July 22, 2014)(codified at 29 U.S.C. 3101, et seq.).

[11] *See* 29 U.S.C. 3111.
[12] *See* 29 U.S.C. 3102(13).

Performance Measures

In an effort to promote transparency and accountability, the WIOA created a single set of common measures for the evaluation of core programs.[13] The WIOA requires performance reports to be provided at the state, local, and trainer provider levels. The performance measures that now apply across all core programs are:

- The percentage of participants in unsubsidized employment during second quarter after exit;
- The percentage of participants in unsubsidized employment during fourth quarter after exit;
- The median earnings of participants during second quarter after exit;
- The percentage of participants who obtain a postsecondary credential or secondary school diploma within 1 year after exit;
- The achievement of measureable skill gains toward credentials or employment; and
- The effectiveness in serving employers.[14]

State Workforce Development Plan

Using the common performance measures for core programs, the WIOA requires each state to develop and submit a unified state plan based on a 4-year strategy for workforce development.[15] The state plan must describe an overall strategy for the core programs and how the strategy will meet needs for workers, job seekers, and employers.[16] The WIOA also provides an option for states to submit a combined plan that outlines plans for the core programs along with additional workforce programs.[17]

The WIOA requires the Governor to establish a State Workforce Development Board[18] to assist the Governor in carrying out the duties and responsibilities required by the WIOA.[19] The membership of the state board must represent diverse geographic regions of the state, and the membership must include the Governor, members of the state legislature, representatives of business, representatives of workforce within the state, and membership from state officials with primary responsibility for the core programs.[20] Among other duties, the state board is required to assist in the development, implementation and modification of a 4-year state plan, review statewide policies, programs, and recommendations on actions to align workforce development programs, and identification and dissemination on best practices.[21]

[21] *See* 20 C.F.R. 679.130.

Regional Planning and Local Workforce Development Boards

The WIOA requires states to identify regional planning areas for workforce development strategies.[22] Within each area, a local workforce development board must be established.[23] Each local workforce development board is required to coordinate planning and service delivery strategies within their area.[24] Formulated strategies are then used by the local workforce development board to develop and submit a local plan for the delivery of workforce services.[25]

The WIOA requires each Governor to designate local workforce development areas in consultation with the state workforce development board, chief elected officials[26] and local workforce development boards, and after consideration of public comment.[27] In making such designations, the WIOA requires each Governor to consider, with limited exception,[28] the extent to which the areas: (1) are consistent with the labor market areas in the state; (2) are consistent with regional economic development areas in the state; and (3) have the federal and non-federal resources necessary to effectively administer workforce investment activities, including whether the areas have the appropriate education and training providers, such as institutions of higher education and area career and technical education (CTE) schools.[29]

The Governor's Authority

The WIOA grants the Governor broad oversight authority of both the state and local level workforce development programs. The Governor is responsible for designating the local workforce areas,[30] certifying the local workforce development boards,[31] and negotiating the performance measures required by the WIOA.[32] The Governor also has the authority to decertify a local workforce development board, and require its reorganization, for fraud, abuse, or failure to carry out its statutory duties.[33] If a local workforce development board fails to meet its agreed upon performance measures in two consecutive program years, the Governor must decertify it and implement a reorganization plan.[34]

One-Stop Delivery System

The WIOA aims to strengthen the one-stop delivery system by requiring each local area to have at least one comprehensive one-stop delivery provider.[35] A comprehensive one-stop delivery provider supplies physical access to services provided by core partners, as well as other mandatory partners.[36] The WIOA mandates that each partner shares in the funding of services and infrastructure costs of the one-stop delivery system.[37]

Florida's Implementation of The WIOA

In 2016, Florida made changes to the workforce development system to conform to the new federal guidelines established by the WIOA.[38] Under the current workforce development system, the DEO, CareerSource, the state board, and 24 local workforce development boards act as partners in administering Florida's comprehensive system for the delivery of workforce strategies, services, and programs. Florida submitted its first Unified State Plan in 2016, a Two-Year Modification in 2018, and most recently a plan for the period July 1, 2020 to June 30, 2024.[39] Florida's plan includes the following required programs:

- Adult Program;
- Dislocated Worker Program;
- Youth Program;
- Adult Education and Family Literacy Act;
- Wagner-Peyser Act; and
- Vocational Rehabilitation Program, including Blind Services Program.[40]

The Unified State Plan includes the required core partners of: CareerSource, the DEO, and the Department of Education's (DOE) Divisions of Career and Adult Education, Vocational Rehabilitation and Blind Services.[41]

The Department of Economic Opportunity

The DEO serves as Florida's lead workforce agency.[42] The DEO is responsible for the fiscal and administrative affairs of the workforce development system.[43] The DEO receives and distributes federal funds for employment-related programs to the local workforce development boards.[44] Additionally, the DEO must annually meet with each local workforce development board to

review the board's performance and to certify that the board is in compliance with applicable state and federal law.[45]

CareerSource Florida, Inc., and the State Board

CareerSource Florida, Inc., a nonprofit corporation, provides administrative support to Florida's *state-level* workforce development board.[46] CareerSource collaborates with the DEO, the local workforce development boards, and one-stop service providers to ensure workforce services are consistent with state and local plans.[47] CareerSource also implements policy directives of the state board.[48]

The state board is the board of directors of CareerSource.[49] The board of directors includes the Governor, 16 business representatives, six workforce representatives, and eight government officials.[50] The state board conducts its work through its board of directors, two councils, and an executive committee.[51]

Additionally, the state board is responsible for the design and implementation of Florida's workforce development system and provides policy direction to ensure that the DEO is properly administering workforce development activities and programs.[52] The state board is also responsible for developing a 4-year plan that is consistent with the requirements of the WIOA.[53] In partnership with state and local workforce partners, the state board develops strategic planning elements for the state plan to address strategies to fulfill workforce system goals; aggregate, integrate, and leverage resources; coordinate the activities of federal, state, and local workforce system partners; address the needs of small businesses; and foster the participation of rural and distressed communities.[54] The state board submits an annual report by December 1 of each year to the Governor and the Legislature on the operations and accomplishments of the board, as well as all audits.[55]

Local Workforce Development Boards

Twenty-four local workforce development boards deliver Florida's workforce development services through over 100 one-stop service providers.[56] The one-stop service providers give Floridians access to available workforce services; including job placement, career

counseling, and skills training.[57] Each local board formulates a local budget and oversees the one-stop delivery system within its local area.[58]

Collectively, the local boards operate under a charter approved by CareerSource.[59] The local boards must submit a request for continued designation every two years, beginning July 1, 2017, to CareerSource and the DEO.[60] Continued designation is granted if the local board performed successfully and sustained fiscal integrity.[61] Each local board must develop their own local plans which are aligned with the vision and goals of the state plan.[62]

Accountability

For the period February 10, 2020, through August 7, 2020, the U.S. Department of Labor (USDOL) Employment Training Administration (ETA) conducted a compliance review of the DEO to determine its level of compliance with programmatic, fiscal, and administrative requirements.[63] The review identified 50 compliance findings, which must be addressed, with several findings having regulatory, statutory, and policy violations.[64]

The DEO has since provided corrective action responses to 46 of the 50 findings.[65] The DEO's response concluded that the state board has not delegated its policy making authority and provided the agreement[66] between the DEO and CareerSource.[67] Additionally, the DEO will incorporate an annual review of local board websites to ensure local plans and modifications are made publicly available. To address conducting business in an open manner, the DEO has

updated the grantee-sub grantee agreement as well as a policy for local area governance and transparency.[68]

Workforce Education Programs

Workforce education programs include:
- Adult general education programs.
- Career certificate programs.
- Applied technology diploma programs.
- Continuing workforce education courses.
- Degree career education programs.
- Apprenticeship and preapprenticeship programs.[69]

FCS institutions and school districts may conduct workforce education programs; however, only an FCS institution may award college credit for an associate in applied science (AAS) or an associate in science (AS) degree.[70] If an AAS or an AS degree program includes an occupational completion point[71] that confers a certificate or an applied technology diploma (ATD), a school district career center can operate that portion of the program.

Approval Process

The DOE develops and maintains CTE programs which align with 17 career clusters.[72] Each CTE program has a corresponding curriculum framework which outlines the program structure, total hours, and student performance standards.[73] Once a program is approved by the SBE, the program may be offered by any institution in Florida.[74]

The SBE is authorized to review and approve baccalaureate programs offered by FCS institutions.[75] The approval process requires an FCS institution to submit a notice of intent that must include evidence that the FCS institution engaged in need, demand, and impact discussions with the state university and other regionally accredited postsecondary education providers in its service district. A proposal by an FCS institution to offer a baccalaureate program, among other criteria, must include an analysis of workforce demand and unmet need for graduates of the program, cost, and admission requirements.[76]

[76] Section 1007.33(5)(a) and (d), F.S.

Continuing Workforce Education (CWE)

CWE is defined as instruction that does not result in a technical certificate, diploma, associate in applied science degree, or associate in science degree.[77] CWE is for:

- Individuals who are required to have training for licensure renewal or certification renewal by a regulatory agency or credentialing body.
- New or expanding businesses.
- Business, industry, and government agencies whose products or services are changing so retraining of employees is necessary or whose employees need training in specific skills to increase efficiency and productivity.
- Individuals who are enhancing occupational skills necessary to maintain current employment, to cross train, or to upgrade employment.[78]

Expenditures for CWE programs provided by an FCS institution or school district must be fully supported by fees. Enrollments in CWE courses may not be counted for purposes of funding FTE enrollment.[79]

Apprenticeships and Preapprenticships

The Florida Legislature has established educational opportunities for young people in the state to be trained for trades, occupations, and professions suited to their abilities.[80]

The federal government works in cooperation with states to oversee the nation's apprenticeship programs. States have the authority to register apprenticeship programs through federally-recognized State Apprenticeship Agencies.[81] In Florida, the Department of Education (DOE) serves as the registering entity to ensure compliance with federal and state apprenticeship standards, provide technical assistance, and conduct quality assurance assessments.

An apprenticeable occupation is a skilled trade that possesses all of the following characteristics:

- It is customarily learned in a practical way through a structured, systematic program of on-the-job, supervised training;
- It is commonly recognized throughout the industry;
- It involves manual, mechanical, or technical skills and knowledge requiring a minimum of 2,000 hours of work and training, which hours are excluded from the time spent at related instruction; and
- It requires related instruction to supplement on-the-job training. Such instruction may be given in a classroom or through correspondence courses.[82]

Registered Apprenticeship

Registered apprenticeship is an employer-driven, on-the-job workforce educational training program that connects job seekers looking to learn new skills and career opportunities with employers looking to create a pipeline of highly skilled individuals for their workforce.[83]

The key components of a Florida registered apprenticeship program are business involvement, structured on-the-job training, related technical instruction, rewards for skill gains, and a nationally recognized credential.[84]

Apprenticeship Programs

An "apprentice" is a person at least 16 years of age who is engaged in learning a recognized skilled trade through actual work experience under the supervision of journeyman craftsmen, which should be combined with properly coordinated studies of technical and supplementary subjects. An apprentice must enter into an apprentice agreement with a sponsor who may be either an employer, an association of employers, or a local joint apprenticeship committee.[85]

Potential candidates for apprenticeships may apply with a registered sponsor, who determines whether the candidate meets the required qualifications.[86] Sponsors may provide private classroom instruction or coordinate with a local educational agency[87] to provide related supplemental classroom instruction.[88] The apprentices are exempt from paying tuition and fees at a school district technical center, Florida College System (FCS) institution, or state university.[89]

The sponsor operates and registers an agreed-upon apprenticeship program.[90] An apprenticeship program is an organized course of instruction, registered and approved by the DOE that contains all terms and conditions for the qualifications, recruitment, selection, employment, and training of apprentices.[91]

The administration and supervision of related and supplemental instruction for apprentices, coordination of such instruction with job experiences, and selection and training of teachers and coordinators for such instruction is the responsibility of the appropriate career education institution. The career education institution is encouraged to provide facilities, equipment and

supplies, and instructors' salaries for the performance of related and supplemental instruction associated with the registered program.[92]

Preapprenticeship Programs

A preapprentice is any person 16 years of age or over engaged in any course of instruction in the public school system or elsewhere, which course is registered as a preapprenticeship program with the DOE. The program's purpose is to provide training that will enable students, upon completion, to obtain entrance into a registered apprenticeship program. The program must be registered with the DOE and sponsored by a registered apprenticeship program.[93]

The DOE is authorized to administer the law[94] relating to preapprenticeship programs in cooperation with district school boards and FCS institution boards of trustees (BOT). District school boards, FCS institution BOT, and sponsors must cooperate in developing and establishing preapprenticeship programs that include career instruction and general education courses required to obtain a high school diploma.[95]

Department of Education Responsibilities

The DOE is responsible for administering, facilitating, and supervising registered apprenticeship programs, including, but not limited to:

- Developing and encouraging apprenticeship programs;
- Registering any apprenticeship or preapprenticeship program, regardless of affiliation,[96] which meets standards established by the DOE;
- Cooperating with and assisting sponsors to develop apprenticeship standards and training requirements;
- Monitoring registered apprenticeship programs;
- Leading and coordinating outreach efforts to educate veterans about apprenticeship and career opportunities;
- Investigating complaints regarding failure to meet the standards established by the DOE; and
- Canceling registration of programs that fail to comply with DOE standards and policies.[97]

The DOE establishes uniform minimum standards and policies governing registered apprenticeship programs and agreements. The standards and policies must govern the terms and conditions of the apprentice's employment and training, including the quality training of the apprentice for, but not limited to, such matters as ratios of apprentices to journeymen, safety, related instruction, and on-the-job training. The DOE is also required to publish an annual report on apprenticeship and preapprenticeship programs, which must include:

- A list of registered apprenticeship and preapprenticeship programs;
- A summary of each local educational agency's expenditure of funds for apprenticeship and preapprenticeship programs, per trade or occupation;

[92] Section 446.051(1), F.S.
[93] Section 446.021(1) and (5), F.S., and Rule 6A-23.010(1), F.A.C.
[94] Sections 446.011 to 446.092, F.S.
[95] Section 446.052(2), F.S.
[96] Apprenticeship programs may be in both non-union and union workplaces; sponsors may include employers, labor organizations, and joint labor-management organizations.
[97] Section 446.041, F.S.

- The number of apprentices and preapprentices per trade and occupation;
- The percentage of apprentices and preapprentices who complete their respective programs in the appropriate timeframe;
- Information and resources related to applications for new apprenticeship programs and technical assistance and requirements for potential applicants; and
- Documentation of activities conducted by the DOE to promote apprenticeship and preapprenticeship programs through public engagement, community-based partnerships, and other initiatives.[98]

State Apprenticeship Advisory Council

The State Apprenticeship Advisory Council (council) advises the DOE on matters related to apprenticeship. The council may not establish policy, adopt rules, or consider whether particular apprenticeship programs should be approved by DOE. The Commissioner of Education (commissioner) or the commissioner's designee must serve ex officio as chair of the council, but may not vote. The state director of the USDOL also serves ex officio as a nonvoting member of the council. The council is comprised of 10 voting members appointed by the Governor. The council must meet at the call of the chair or at the request of a majority of its membership, but at least twice a year.[99]

Florida Pathways to Career Opportunities Grant Program

In 2019, the Governor issued an executive order directing the DOE to seek funding to seed high quality workforce apprenticeships and other industry specific learning opportunities for students.[100]

The Florida Pathways to Career Opportunities Grant Program (grant program) was established in 2019[101] in the DOE to provide grants on a competitive basis to high schools, career centers, charter technical career centers, FCS institutions, and other entities authorized to sponsor an apprenticeship or preapprenticeship program to establish new apprenticeship or preapprenticeship programs, and expand existing apprenticeship or preapprenticeship programs. Grant funds may be used for instructional equipment, supplies, personnel, student services, and other expenses associated with the creation or expansion of an apprenticeship program. Grant funds may not be used for recurring instructional costs or for indirect costs.[102]

Credentials of Value

Industry certification is a voluntary process through which individuals are assessed by an independent third-party using predetermined standards for knowledge, skills, and competencies, resulting in the award of a credential that is nationally recognized and must be at least one of the following:

- Within an industry that addresses a critical local or statewide economic need.
- Linked to an occupation that is included in the workforce system's targeted occupation list.

[98] Section 446.032(1) and (2), F.S.
[99] Section 446.045(2)(a)-(c), F.S.
[100] Florida Office of the Governor, Executive Order 19-31, at 3.
[101] Section 33, ch. 2019-119, Laws of Fla.
[102] Section 1011.802, F.S.

- Linked to an occupation that is identified as emerging.[103]

Industry certifications for nonfarm occupations must be based on the highest national standards available for the specific industry certification. Industry certifications for farm occupations must demonstrate student skill proficiency and be based upon the best available data to address critical local or statewide economic needs.[104]

Florida produces several lists by various entities to identify industry certifications which may be offered by secondary and postsecondary institutions:

List	Designating Entity	Use
Comprehensive Industry Certifications List	CareerSource	• The DOE adopts fundable industry certifications from this list[105]
Career and Professional Education (CAPE) Industry Certification Funding List (K-12)	Developed jointly by CareerSource and the DEO Adopted annually by the SBE	• Florida Education Finance Program (FEFP) supplemental FTE for industry certification attainment • Acceleration component in the school grades calculation [106]
CAPE Postsecondary Industry Certification Funding List	Adopted annually in rule by the SBE	• Performance funding for school districts and FCS institutions for occupational areas identified in the General Appropriations Act[107]
CTE Audit List	Developed jointly by CareerSource, the DEO, and other stakeholders	• Provides authority to the Commissioner of Education (commissioner) to audit all workforce programs to ensure alignment to market demand[108] • Annually reviewed and synced with curriculum framework process/cycle to ensure quality[109]
Rapid Credentialing Grant Lists	DOE	• Increase capacity around short-term, in-demand middle to high wage occupation, workforce programs[110]

		• Two lists (one non-degree list and one for credit list) of short term CTE programs that meet statewide benchmarks, aligned to a mid-to-high wage occupation and cross walked to Enterprise Florida's targeted industry sectors[111]
Programs of Strategic Emphasis List	State University System (SUS) BOG	• Aligns SUS degrees with Florida's economic and workforce needs • Performance funding component for the SUS[112]

The Florida Career and Professional Education (CAPE) Act

The CAPE Act was created to provide a statewide planning partnership between the business and education communities to attract, expand and retain targeted, high-value industry to sustain a strong, knowledge-based economy. The primary purpose of the CAPE Act is to:

- Improve middle and high school academic performance by providing rigorous and relevant curriculum opportunities;
- Provide rigorous and relevant career-themed courses that articulate to postsecondary-level coursework and lead to industry certification;
- Support local and regional economic development;
- Respond to Florida's critical workforce needs; and
- Provide state residents with access to high-wage and high-demand careers.[113]

In order to fulfill the requirements of the CAPE Act the DOE incentivizes school districts and FCS institutions[114] through two statewide lists.[115]

The CAPE Industry Certification Funding List includes CAPE industry certifications, CAPE acceleration industry certifications, and CAPE digital tool certificates. Industry certifications on the final approved CAPE Industry Certification Funding list are eligible for additional weighted funding through the Florida Education Finance Program (FEFP). The value is added to the total FTE in secondary career education programs for grades 9 through 12. Each district must allocate at least 80 percent of the funds provided for CAPE industry certification to the program that generated the funds.[116]

CAPE Industry Certification Funding List (K-12)

Florida's current process for submitting, reviewing, and approving certifications starts with the submission of a certification application to CareerSource by local boards or public school principals. All submissions are then researched by CareerSource staff, the DOE, and the DEO to determine eligibility and to develop a list of recommended certifications for approval. The CareerSource Board of Directors is responsible for the final approval of certifications that the DOE may consider for funding eligibility and addition to the CAPE Industry Certification Funding List.[117]

Approved industry certifications are published by the DOE, CareerSource, and the Department of Agriculture and Consumer Services (DACS). The selection of industry certifications occurs in two phases. First, CareerSource must identify industry certifications and compile them into a Comprehensive Industry Certification List.[118] Second, the DOE must:

- Review CareerSource's Comprehensive Industry Certification List that includes 236 certifications;[119]
- Identify industry certifications that qualify for additional weighted funding;[120]
- Consider district requests that industry certifications be added to the approved list;[121] and
- Annually publish a final list.[122]

In order for an industry certification to be included on the CAPE Industry Certification Funding List, a certification must require a minimum of 150 hours of instruction and be achievable by secondary students.[123]

CAPE acceleration industry certifications, which are annually approved by the commissioner, must articulate for 15 or more college credit hours and, if successfully completed, must be eligible for additional FTE funding.[124] In order for a CAPE acceleration industry certification to be included on the CAPE Industry Certification Funding List, it must meet the same requirements as an industry certification and also have a statewide articulation agreement that enables students to earn 15 hours or more of college credit.[125]

CAPE digital tool certificates recognize a student's attainment of digital skills. The DOE is required to identify, by June 15 of each year, digital tool certificates that indicate a student's digital skills. The DOE must notify each school district when a digital tool certificate is available. Digital tool certificates must be made available to all public elementary and middle

grades students. By July 1, 2018, and on an annual basis thereafter, at least 75 percent of public middle grades students are expected to earn at least one digital tool certificate.[126] In order for a CAPE digital tool certificate to be included on the CAPE Industry Certification Funding List a certificate must:

- Be achievable by elementary school and middle grades students;
- Assess at least one of the following digital skills: word processing; development of spreadsheets; digital arts; cybersecurity; coding; and development of sound, motion, and color presentations; and
- Be part of a career pathway leading to the attainment of a career and professional education industry certification on the career and professional education funding list.[127]

The commissioner may at any time recommend adding to the CAPE Industry Certification Funding List no more than 30 career and professional education digital tool certificates limited to the areas of word processing; development of spreadsheets; digital arts; cybersecurity; coding; and development of sound, motion, and color presentations that do not articulate for college credit.[128]

The Chancellor of Career and Adult Education may identify certificates and certifications for students with disabilities, which must be included on the CAPE Industry Certification Funding List, i.e., digital tool certifications, workplace industry certification, and occupation safety and health administration industry certifications.[129]

CAPE Postsecondary Industry Certification Funding List

The CAPE Postsecondary Industry Certification Funding List is developed by the Chancellor of the FCS and the Chancellor of Career and Adult Education and approved by the SBE. These industry certifications are linked to occupational areas identified in the General Appropriations Act.[130]

State University System-Programs of Strategic Emphasis

As part of its duties to operate the SUS, the BOG[131] develops a strategic plan which specifies the goals and objectives for each university and the SUS.[132] Part of the strategic plan includes criteria for designating baccalaureate degree and master's degree high-demand programs of

[126] Section 1003.4203(3), F.S.
[127] Rule 6A-6.0573(7)(d), F.A.C.
[128] Section 1008.44(1)(b), F.S.
[129] Section 1008.44(1)(c), F.S.
[130] Sections 1011.80(7)(b) and 1011.81(2)(b), F.S.; ss. 124 and 130, ch. 2020-111, Laws of Fla.
[131] Art. IX., s. 7, Fla. Const.
[132] Section 1001.706(5)(b), F.S.

emphasis.[133] The criteria for designating high-demand programs of emphasis is explained in the following table:

BOG High-Demand Programs of Emphasis Criteria	
Criteria Percentage	**Criteria Metrics**
50%	Achievement of performance outcome thresholds determined by the BOG.[134]
50%	Achievement of performance outcomes linked to: 1. Job placement in employment of 36 hours or more per week and average full-time wages of graduates of the degree program 1 year and 5 years after graduation. 2. BOG data-driven gap analysis of the state's job market demands and the outlook for jobs that require a baccalaureate degree or higher, with a growth rate of at least 10.1 percent, and a median Florida wage of at least $45,000 per year. [135]

The BOG periodically updates the list of identified programs of strategic emphasis (PSE), and most recently updated the list in September 2020[136] identifying 868 PSE.[137] The BOG categorizes PSEs into five areas:

- *Critical Workforce - Education*: comprised of the SBE critical teacher shortage areas.
- *Critical Workforce - Health*: comprised of workforce projections by the DEO.
- *Critical Workforce - Gap Analysis*: programs leading to occupations projected to be critically under-supplied in the BOG analysis of labor market projections and related degree production.
- *Economic Development - Global Competitiveness*: programs that assist in making the SUS globally competitive.
- *Economic Development - Science Technology Engineering and Math (STEM)*: programs identified with national usage. [138]

The PSE are used by the BOG to develop annual accountability plans, coordinate academic programs, and approve new academic programs.[139] PSEs are also a component of SUS performance based funding.[140] For the 2019-2020 academic year, 54 percent of bachelor's

degrees awarded by the SUS and 63 percent of graduate degrees awarded by the SUS were in PSE.[141]

Performance Funding

Incentives are provided for valuable credentials. A value of 0.025 FTE is calculated for CAPE digital tool certificates earned by students in elementary and middle school. Weights of 0.1, 0.2, 0.3, 0.5, or 1.0 FTE are added for courses that lead to the attainment of a CAPE industry certification, as reflected in the following table:[142]

Weight	Course Type
0.1 FTE	CAPE Industry Certification does not articulate to college credit
0.2 FTE	CAPE Industry Certification articulates to college credit
0.3 FTE	CAPE Innovation Course
0.5 FTE	CAPE Acceleration Industry Certification articulates to 15-29 college credit hours
1.0 FTE	CAPE Acceleration Industry Certification articulates to 30+ college credit hours

Bonuses are available for teachers of courses in which students earn industry certifications, as follows:

- A bonus amount of $25 is awarded for a course with a weight of 0.1.
- A bonus amount of $50 is awarded for a course with a weight of 0.2.
- A bonus amount of $75 is awarded for a course with a weight of 0.3.
- A bonus amount of $100 is awarded for a course with a weight of 0.5 or 1.0.[143]

In addition, performance incentive funds are provided for attainment of industry certifications identified on the CAPE Postsecondary Industry Certification Funding List.[144] For FY 2020-21, $6.5 million in performance-based incentives were allocated for school districts and $14 million for state colleges.[145] Each eligible postsecondary-level certification earned by a student at a postsecondary institution generates $1,000 in state performance funding for the institution.[146]

1.pdf. Metric 6 includes bachelor's degrees award in areas of strategic emphasis and Metric 8a. includes graduates degrees awarded in areas of strategic emphasis. *See also* s. 1001.92, F.S.

Rapid Credentialing Grant

In FY 2020-2021, $35 million was allocated for the Rapid Credentials Grant from the Governor's Emergency Education Fund (GEER),[147] one of the four grant programs created through the Coronavirus Aid Relief and Economic Security (CARES) Act.[148] Grant funds are directed to connecting unemployed, underemployed, or furloughed individuals with training in an in-demand area of the regional workforce board.[149]

Rapid credentialing programs are designed to increase all of Florida's 28 state and 48 technical colleges' capacity to enroll and graduate students in short term, in-demand, middle to high wage occupation, workforce programs that can be completed in 18 weeks or less, aiding in accelerated recovery for residents and the economy after the COVID-19 pandemic.[150] Many of these programs are not eligible for federal financial aid as they do not meet the minimum instructional time requirements.[151]

Rapid credential programs include the following:

- Technical certificate programs (i.e., short, credit options offered by FCS institutions).
- Market-driven and in-demand clock hour career certificate programs (i.e., short, vocational training programs offered by technical colleges).
- Engaging, transformative, in-demand industry certification preparation courses (i.e., courses that culminate in an industry-recognized certification that can articulate into college credit).[152]

The DOE identified over 100 rapid credential programs statewide and cross-walked them to CareerSource's in-demand sector strategies. These workforce education-related options are accessible, affordable, and articulate into "higher-level" credentials (i.e., associate of science degrees or bachelors of applied science degrees).[153]

[153] *Id*.

Funds were allocated to 73 local education agencies, including charter districts and laboratory schools.[154] The grant requires 25 percent matching by the institution and allocates a minimum of $150,000 per agency plus a pro-rated share of additional funds based on unduplicated headcount in postsecondary CTE programs.[155] Of the $35 million award, $7,130,453 was allocated to technical colleges, and the remaining $27,869,547 was allocated to FCS institutions.[156] Funds may be used to purchase necessary equipment and underwrite costs associated with administering these short term courses/programs.[157]

Measuring Outcomes for Florida's Workforce Programs

Florida Talent Development Council

The Florida Talent Development Council is responsible for the development and monitoring of a strategic plan for talent development to accomplish the attainment goal of 60 percent of working age adults with a high-value postsecondary credential by 2030.[158]

Florida Education & Training Placement Information Program (FETPIP)

The FETPIP is a data collection and consumer reporting system established to provide follow-up data on former students and program participants who have graduated, exited, or completed a public education or training program within the state of Florida. The law requires all elements of Florida's WDS to use information provided through FETPIP for any project they conduct that requires automated matching of administrative records for follow-up purposes.[159]

FETPIP data does not capture certain data elements necessary for WIOA federal reporting criteria. The system is unable to report data on non-WIOA participant performance.[160]

Workforce Development Information System (WDIS)

The DOE is responsible for designing specifications for the collection and reporting of data and performance specifications for the WDIS. The design must allow parallel reporting and state-level access of workforce data necessary to use the data reports as a basis for calculating funding allocations. In addition, the design must be capable of providing reports necessary to comply with other program performance documentation required by state or federal law, without requiring additional data collection or reporting from local educational agencies.[161]

Career and Technical Education Program Audit

On January 2019, the Governor issued Executive Order 19-31[162] which established a goal for Florida to become number one in the nation for workforce education by 2030.The executive order directed the commissioner to complete an audit of CTE offerings in Florida and develop a methodology to audit and review offerings annually.

The commissioner is required to annually review K-12 and postsecondary CTE programs in consultation with the DEO, CareerSource, leaders of business and industry, the BOG, the FCS, school districts, and other education stakeholders. The review must assess alignment of existing offerings with employer demand, postsecondary credentials, and professional industry certifications. This includes identifying offerings that are linked to occupations that are in high demand by employers, require high-level skills, and provide middle-level to high-level wages.[163]

Under the audit's labor market alignment requirements, current secondary career preparation and postsecondary CTE programs are required to be linked to an occupation on the Statewide or Regional Demand Occupation List, linked to a program that is expected to grow over the next eight years, or train for an occupation with middle to high wages. For programs not meeting any of these criteria, local agencies may document demand using the criteria specified in the Strengthening Career and Technical Education for the 21st Century Act (Perkins V) CLNA.[164]

The commissioner is required to phase out CTE programs which are not aligned with the needs of employers or do not provide program completers with a middle-wage or high-wage occupation and encourage districts and postsecondary institutions to offer new programs.[165]

Nursing

According to the Bureau of Labor Statistics, Florida ranks third among states to employ nurses. While Florida ranks as one of the top states for employment of nurses, a report in June 2020, showed 35,000 or 16.3 percent of registered nurses (RN) and 3,700 or 13.4 percent of advanced practice registered nurses (APRN) are over the age of 60 in Florida and may begin phasing into retirement during the next 5 to 10 years.[166]

According to a 2019-2020 American Association of Critical-Care Nurses report, United States nursing schools turned away 80,407 qualified applicants from baccalaureate and graduate nursing programs in 2019 due to an insufficient number of faculty, clinical sites, classroom space, and clinical preceptors, as well as budget constraints.[167]

Career Planning for Florida's Students

Middle Grades

Before a middle grades student can successfully be promoted to high school, one of the required courses a student must complete is a career and education planning course during grades 6, 7, or 8. The required course must be internet-based and result in a personalized academic and career plan for the student that may be revised as the student progresses; must emphasize the importance of entrepreneurship and employability skills; and must include information from the DEO's economic security report.[168] The required personalized academic and career plan must inform students of high school graduation requirements, the requirements for each scholarship in the Florida Bright Futures Scholarship Program; SUS and FCS institution admission requirements; and available opportunities to earn college credit in high school.[169] The course may be implemented as a stand-alone course or integrated into another course or courses.[170]

The career and education planning course must prepare students to:

- Describe the influences that societal, economic, and technological changes have on employment trends and future training.
- Develop skills to locate, evaluate, and interpret career information.
- Identify and demonstrate processes for making short and long term goals.
- Demonstrate employability skills such as working in a group, problem-solving and organizational skills, and the importance of entrepreneurship.
- Understand the relationship between educational achievement and career choices/postsecondary options.
- Identify a career cluster and related pathways through an interest assessment that match career and education goals.
- Develop a career and education plan that includes short and long-term goals, high school program of study, and postsecondary/career goals.
- Demonstrate knowledge of technology and its application in career fields/clusters.[171]

For the 2020-2021 school year, the DOE identified 79 approved middle grades courses for career and education planning.[172] In addition, the DOE publishes an educator's toolkit, providing resources such as classroom activities, lesson plans, and additional resources to assist teachers in career and education course planning.[173]

High School

Each district school board must provide appropriate instruction to ensure that students meet SBE-adopted standards[174] in specified subject areas.[175] Each school district must submit a report to the commissioner that describes how instruction was provided during the previous school year.[176] One of the required instructional topics is a character development program required in kindergarten through grade 12.[177]

In grades 9 through 12, the character development curriculum, at a minimum, must include instruction on:

- Developing leadership skills, interpersonal skills, organization skills, and research skills.
- Creating a resume.
- Developing and practicing the skills necessary for employment interviews.
- Conflict resolution, workplace ethics, and workplace law.
- Managing stress and expectations.
- Skills that enable students to become more resilient and self-motivated.[178]

Postsecondary

Florida's postsecondary institutions provide students with opportunities to explore and prepare for their future careers through services available at their career centers and courses on life skills and career planning. The career centers provide students with opportunities to create a resume, prepare for job interviews, and search for jobs among other services.[179]

State Career Planning Resources

The MyCareerShines website is a career planning system available to Florida's middle and high school students to assist in exploring career options and developing an academic and career plan.[180] Some school districts use the system to help satisfy the middle grades course requirements. Effective September 1, 2020, school districts became responsible for their own

career planning and advisement platform, allowing districts to continue to utilize MyCareerShines via contract or to explore alternative options.[181]

The DEO, in consultation with the DOE, prepares an annual economic security report of employment and earning outcomes for degrees or certificates earned at public postsecondary educational institutions. The report must be easy to read and accessible by the public and must be made available online.[182] Additionally, each middle school and high school student or the student's, parent prior to registration, must be provided a 2-page summary of the report.[183] At the postsecondary level, each SUS and FCS institution must provide students, prior to registration, electronic access to the report.[184]

The report, by education sector, must provide data for graduates of degree or certificate programs of public postsecondary institutions in the year after the certificate is earned and 5 years after graduation. The data must include:

- The number and percentage of graduates employed full-time.
- The number and percentage of graduates earning:
  - Quarterly wages of $6,250 and annualized wages of $25,000 and below.
  - Quarterly wages between $6,251 and $11,250 and annualized wages between $25,001 and $45,000.
  - Quarterly wages of $11,251 and annualized wages of $45,001 and above.[185]

Launch My Career Florida serves as an on-line tool which provides students, parents, and the public with a preliminary view of the type of information that is available within the annual Economic Security Report. The tool allows users to explore wage information, current and projected job growth, and search for public postsecondary schools that offer a degree in a selected career path.[186]

Employ Florida serves as Florida's online labor exchange system and case management system.[187] The site serves job seekers looking to find a job or receive additional training, employers seeking to post job openings and find qualified candidates, and individuals looking to explore career fields, build a resume, or access labor market information.[188]

Additional state career planning tools include Get There, Florida's Workforce Education Initiative to raise awareness and rebrand career and technical education. The site highlights the 17 career pathways offered at Florida's 28 state colleges and 48 technical colleges, providing alternatives to the traditional university pathway.[189] Apprentice Florida is another initiative to expand apprenticeship opportunities in several targeted sectors in Florida as well as expanding apprenticeship and pre-apprenticeship opportunities to underrepresented populations.[190]

General Education Program

The Southern Association of Colleges and Schools Commission on Colleges (SACSCOC), the regional accrediting body for Florida's public post-secondary institutions, describes general education as an integral component of an undergraduate degree program and the component of a degree program where students encounter the basic content and methodology of the principal areas of knowledge: humanities and fine arts, social and behavioral sciences, natural sciences and mathematics.[191]

Current law requires an associate in arts degree at an FCS or SUS institution to be no more than 60 semester hours of college credit and include 36 semester hours of general education course work. For the baccalaureate degree, it must be no more than 120 semester hours of college credit, unless prior approval has been granted by the BOG or the SBE, as applicable, and include 36 semester hours of general education coursework.[192]

Since academic year 2015-2016, students entering an FCS or SUS institution are required to complete at least one identified core course in the subject areas of communication, mathematics, social sciences, humanities, and natural sciences. All public postsecondary educational institutions are required to accept these courses as meeting general education core course requirements.[193] After completing the general education core course requirement, the remaining courses and credits that fulfill the total 36-hour general education requirement for an associate in arts or baccalaureate degree are at the discretion of the FCS or SUS institution.[194]

III. Effect of Proposed Changes:

Florida's Workforce Development System (Section 1)

To create greater alignment among Florida's WDS for the delivery of programs suited for the 21st century which are focused on equity and efficiency, the bill creates s. 14.36, F.S., to create the Reimagining Education and Career Help Act (REACH Act).

The REACH Act serves to address the evolving needs of Florida's economy by increasing the level of collaboration and cooperation among state businesses and education communities while improving training and providing for equity and access to a more integrated workforce and education system for Florida. To facilitate alignment and coordination of entities responsible for Florida's WDS, the bill creates the Office of Reimagining Education and Career Help (REACH Office) in the Executive Office of the Governor. The Director of the REACH Office is required to be appointed by the Governor and serve at his or her pleasure.

REACH Office Duties

The REACH Office is required to fulfill the following duties:

- Serve as an advisor to the Governor on matters related to the state's WDS;
- Establish criteria and goals for workforce development and diversification in Florida's WDS;
- Provide strategies to align and improve efficiency in Florida's WDS and the delivery of workforce related programs;
- Coordinate state and federal workforce related programs, plans, resources, and activities provided by CareerSource, the DEO, and the DOE;
- Oversee the workforce development information system designed by the DOE to verify the validity of data collected and monitor compliance of workforce related programs and education and training programs with applicable federal and state requirements as authorized by federal and state law;
- Serve on the Credentials Review Committee to identify non-degree and degree credentials of value and facilitate the collection of data necessary to conduct committee work;
- Coordinate and facilitate a memorandum of understanding (MOU) for data sharing agreements of the state's workforce performance data among state agencies and align, to the greatest extent possible, adopted performance measures;
- Streamline the clinical placement process and increase clinical placement opportunities for students, hospitals, and other clinical sites by administering, directly or through a contract, a web-based centralized clinical placement system for use by all nursing education programs subject to the requirements of nursing education program approval; and
- Direct the objectives of the Talent Development Council.

In addition, the REACH Office will develop the criteria DEO will use to assign a letter grade to each LWDB, and require the criteria, in part, be based on LWDB performance accountability measures and return on investment. The majority of the grade should be based on the improvement by each LWDB in the long-term self-sufficiency of participants through outcome measures such as reduction in long-term public assistance and the percentage of participants whose wages were higher after program completion compared to wages before participation in a program.

No-Wrong-Door Entry Strategy

The REACH Office if required to improve equity and access to the myriad of state and federally funded workforce related programs offered across different entities by creating a no-wrong-door entry strategy whereby a Floridian must not be required to visit multiple locations when seeking access to education and workforce training. In creating the no-wrong-door strategy, the office is required to do the following:

- Develop a training course to cross-train all staff within Florida's WDS on workforce related programs, including how to use an integrated case management system, develop an individual employment plan, conduct a comprehensive needs assessment, pre-certify individuals for workforce related programs, and on any other activities to reinforce the no-wrong-door-entry strategy;
- Coordinate and facilitate a common intake form and case management system for use by workforce related programs to minimize duplicate data entry;
- Coordinate and facilitate a MOU between the DEO and the DCF to permit Supplemental Nutrition Assistance Program (SNAP) and TANF clients to pre-certify for WIOA training services without having to physically visit a one-stop center;
- Oversee the performance evaluation of workforce related programs and services for participants receiving family self-sufficiency benefits and in welfare transition programs; and
- Identify other state and federal programs that serve individuals with significant barriers to employment as demonstrated by low placement, employment, and earnings rates and identify strategies to increase the utilization of such programs by LWDBs.

Workforce Opportunity Portal

The REACH Office is required to minimize duplication and use existing resources to adapt and integrate state information systems into an online workforce opportunity portal. The REACH Office should maximize the use of available federal and private funds for the development and initial operation of the portal.

To determine the quality of workforce related programs offered by public postsecondary educational institutions and public and private training providers, the office must review each program one year after the program's first graduating class and every five years after the first review.

The bill requires the REACH Office to maximize the use of the portal at locations within Florida's WDS and ensure the portal provides access to labor market data consistent with official information developed by the Labor Market Estimating Conference as well as information on how to appropriately use and analyze the presented data, including any limitations.

The REACH Office is required to report to the Legislature on December 1, 2022, and annually thereafter, on the implementation and outcomes of the workforce opportunity portal, including the increase of economic self-sufficiency of individuals.

Definitions

To define the work of the REACH Office, the bill provides the following definitions:

- "Workforce development system" includes the entities and activities that contribute to Florida's talent pipeline system through education, training, and support services that prepare individuals for employment or career advancement. The definition specifics the entities that are responsible for oversight or conducting those activities such as CareerSource, LWDB, One-Stop Centers, the DEO, the DOE, and the Department of Children and Families.
- "Workforce education region" as areas of the state identified by the DOE, in collaboration with the DEO, to maximize resource allocation by combining two or more sources of funding to integrate education and training in order to improve access to credentials of value for participants in adult education programs.
- "Workforce related program" as a program operated, delivered, or enabled, in whole or in part, by a state or local entity using federal funds or state appropriations to offer incentives, funding, support, or guidance for any of the following purposes:
  - Job training;
  - Attainment of a credential of value as identified by the Credentials Review Committee;
  - Attainment of a postsecondary degree or credential;
  - The provision of other types of employment assistance; or
  - Any other program that has, at least in part, the goal of securing employment or better employment for an individual and receives federal funds or a state appropriation.

The bill defines the attainment of a postsecondary degree or credential to include an apprenticeship certificate, industry certification, license, advanced technical certificate, college credit certificate, career certificate, applied technology diploma, associate in applied science degree, associate in science degree, bachelors of applied science degree, and bachelors of science degree.

State Plan (Section 7)

The bill requires the CareerSource state board to work with state and local partners in the workforce development system to develop the strategic planning elements required by WIOA for Florida's state plan. Additionally, the bill modifies s. 445.006, F.S., to require the state plan to describe the following:

- How the activities will be carried out by the core programs to implement the strategy and how the activities will be aligned across the programs and among the entities administering the programs, including using co-enrollment and other strategies.
- How the activities will be aligned with other activities that are provided under employment, training, education, including CTE, and human services programs that are not covered by the state plan, as appropriate, to avoid duplication and assure coordination.
- How the entities carrying out the respective core programs will coordinate activities and provide comprehensive, high-quality services, including supportive services, to individuals.
- How the state's strategy to engage Florida College System (FCS) institutions and local CTE schools as partners in the WDS will enable the state to leverage other federal, state, and local investments and increase access to workforce development programs at those institutions.
- How the activities will be coordinated with economic development strategies.

- How the state's strategy will improve access to activities leading to a state approved recognized postsecondary credential, including a credential that is an industry recognized certificate or certification that is portable and builds on additional education or training.

Use of WIOA Funds (Section 5)

The bill modifies s. 445.003, F.S., to require the 15 percent of WIOA Title I funds which are retained for state administration to be used to evaluate the long-term impact of innovative Individual Training Account pilots, demonstrations, and programs to enable participants to attain self-sufficiency and to evaluate the effectiveness of performance-based contracts[195] used by LWDBs on increasing wages and employment over the long term.

CareerSource State Board (Section 6)

The bill modifies s.445.004, F.S., to add to the membership of the state board a representative from the DOE's Divisions of Vocational Rehabilitation and Blind Services as well as a representative from the DCF.

The bill requires the state board to, beginning July 1, 2022, assign and make public a letter grade for each LWDB using the criteria established by the REACH Office.

In carrying out their duties, the bill requires the state board to do the following:

- Create a state employment, education, and training policy that ensures workforce related programs are responsive to present and future business and industry needs and complement the initiatives of Enterprise Florida, Inc.
- Establish policy direction for a uniform funding system that prioritizes evidence-based, results-driven solutions.
- Include in their policy related to the education and training of target populations the effective use of federal, state, local, and private resources in reducing the need for public assistance by combining two or more sources of funding to support workforce related programs or activities for vulnerable populations.
- Identify barriers to coordination and alignment among workforce related programs and activities and develop solutions to remove such barriers.
- Maintain a Master Credentials List that:
  - Serves as a public and transparent inventory of state-approved credentials of value.
  - Directs the use of federal and state funds for workforce education and training programs that lead to approved credentials of value.
  - Guides workforce education and training programs by informing the public of the credentials that have value in the current or future job market.
- Establish incentives for LWDBs which reward effective alignment and coordination of federal and state programs and programs identified by the REACH Office and outline rewards for achieving long-term self-sufficiency of participants.

[195] Outcomes-based contracts, also known as fixed-price performance-based contracts, help focus on the delivery of results for those being served with an emphasis on the outcomes of participants, such as obtaining and retaining jobs. Traditional cost-reimbursement contracts pay the same amount for the services provided, regardless of whether they actually help people gain skills, get jobs, or earn higher wages. Results for America, *Performance-Based Contracts in WIOA* (Dec. 2020), *available at* https://results4america.org/wp-content/uploads/2019/12/Performance-Based-Contracts-in-WIOA.pdf.

The bill amends s. 445.004, F.S., to require the state board, to work with DEO to submit their annual report on December 1 to the Governor and Legislature and requires the report to include the following:

- All investigations;
- Number of mandatory partners located within one-stop centers; and
- Progress on implementing solutions to address barriers to coordination and alignment among programs and activities.

Section 1 of the bill requires the state board to ensure the Executive Director of CareerSource and his or her staff works with the DEO to minimize duplication and maximize efficient use of resources in carrying out their duties to implement the WIOA.

The bill modifies s. 445.002, F.S., in Section 4 to add gross management and waste as instances which would provide cause for removal of a state board member.

The bill modifies s. 445.004, F.S., to authorize any committees, councils, or administrative entities of the state board to use funds to award recognition by a LWDB, its committees and subdivision, and other units of the workforce system.

The bill amends s. 288.047, F.S., in Section 3 to align the required wages for participants in the Quick-Response Training program administered by CareerSource to present market wages.

The bill amends s. 445.004, F.s., to remove the authority for the state board to designate Institutes of Applied Technology, provide policy direction to evaluate labor market supply, and expand the occupations of the Workforce Estimating Conference. The bill removes duplicative language already in current law which allows the Auditor General to conduct an audit of the state board and CareerSource or any programs or entities created by the state board and the authority for the Office of Program Policy Analysis and Government Accountability (OPPAGA) to review performance outcomes and quality of services of the state board and CareerSource.[196]

DEO Compliance Monitoring (Section 5)

The bill amends s. 445.003, F.S., to require the DEO to adopt rules to monitor the compliance of workforce related programs and determine whether programs are meeting performance expectations, including an analysis of the return on investment of workforce related programs on individual employment, earnings, and public benefit usage outcomes and a cost-benefit analysis of the monetary impacts of workforce services from the participant and taxpayer points of view.

Consumer-First Workforce System (Section 10)

To transform Florida's workforce system into a unified workforce system which focuses on the consumer, the bill amends s. 445.011, F.S. to create a consumer-first workforce system, requiring the DEO to consult with the DOE and the DCF to implement one state automated system that improves coordination among the required one-stop partners to efficiently and effectively provide workforce and education programs and services in Florida.

[196] *See* s.11.45(3)(p) and s. 11.51(1), F.S.

The consumer-first workforce system requires an integrated service delivery system that includes common registration and intake for required one-stop partners and support service integration and case management across programs and agencies. The bill requires the DEO to develop training for required one-stop partners on the use of the system and prequalifying individuals for workforce programs. The bill requires any contract to implement the consumer-first workforce system, entered into or renewed on or after July 1, 2021, to be performance based.

The bill makes conforming changes (ss. 443.151, 445.010, and 445.045, F.S.) to reflect the implementation of one consumer-first workforce system.

One-Stop Career Centers (Section 9)

The bill amends s. 445.009, F.S., to require training services provided to One-Stop Center participants through Individual Training Accounts to be used on programs that prepare individuals to enter occupations identified by the Labor Market Estimating Conference. Additionally, the bill requires training services provided through Individual Training Accounts to condition final payment, of at least 10 percent, to a training provider upon a participant's successful job placement.

Program Evaluation (Section 11)

To effectively assess the impact of services on workforce participants who are dually served, the bill amends s. 445.033, F.S. to require the DEO and DCF to measure the performance of workforce related programs and services for participants who receive benefits and welfare transition programs. The evaluation must include participants who receive TANF and also those receiving family self-sufficiency program benefits.

The DEO is required to consult with LWDBs to develop annual performance reports which analyze participants as they transition from public assistance to self-sufficiency. Participant co-enrollment in programs must be considered as a part of the performance measure.

Each LWDB is required to, at a minimum, provide quarterly reports on the following measures:

- Percent of participants working in unsubsidized employment;
- Percent of participants who stop receiving benefits for reasons other than disqualification or sanction;
- Number of sanctions and waivers that are granted, measured by the type of sanction or waiver and the number of completed compliance activities that lead to a restoration of benefits.
- Median placement wage rate;
- TANF work participation rate; and
- Self-sufficiency index, by county, based on the percent of current or former participants who stop receiving benefits or are working 30 or more hours per week and at 1 and 2 years after participants stop receiving benefits or work 30 or more hours per week.

The self-sufficiency index is required to include the percentage of participants earning at or above 200 percent of the federal poverty level three years after participants stop receiving benefits or work 30 or more hours per week. Additionally, the report must contain an expected

range of performance for each county on the self-sufficiency index. The expected range is required to be derived by a statistical methodology developed in consultation with the local boards and that the methodology control for differences across counties in economic conditions and demographics of participants in family self-sufficiency programs and welfare transition programs.

To conduct the evaluation, the state board and the DEO are required to share information with and develop protocols for information exchange with the Florida Education and Training Placement Information Program (FETPIP).

WIOA Waiver Authority (Section 7)

To provide Florida with additional flexibility in overseeing the state's workforce investment and to streamline administration of our system while also increasing accountability, the bill amends s. 445.006, F.S., to require the DEO to prepare a federal waiver to be submitted by the Governor to the USDOL that allows:

- The CareerSource state board to fulfill the roles and responsibilities of LWDBs or that reduces the number of LWDBs based on population size and commuting patterns in order to:
  - Eliminate multiple layers of administrative entities to improve coordination of the WDS;
  - Establish consistent eligibility standards across the state to improve the accountability of workforce related programs; and
  - Provide greater flexibility in the allocation of resources to maximize the funds directed to training and business services.
- The Governor to reallocate funds among local areas that have a demonstrated need for additional funding and programmatic outcomes that will maximize the use of the additional funds to serve low-income individuals, public assistance recipients, dislocated workers, and unemployment insurance claimants.

Local Workforce Boards (Section 8)

The bill amends s. 445.007, F.S., to establish term limits for a LWDB chair as no more than two years and establishes term limits for all members of a LWDB as no more than eight consecutive years, unless the member is a representative of a government entity. The bill requires LWDB members to serve staggered terms and specifies that service which commenced before July 1, 2021, will not count toward the eight year term limit.

To provide greater oversight in a LWDBs contracting process, the bill does the following:

- Requires prior approval from DEO for contracts between the board and an organization or individual represented on the LWDB and states that such contracts may not be included on a consent agenda by the LWDB. Additionally, a member whose organization may benefit from the contract must abstain from voting on the contract.
- Reduces the threshold from $25,000 to $10,000 for contracts between local boards, a relative of a local board, or an employee of the board, which do not require prior approval from the DEO but do require approval by a two-thirds vote of the board.
- Requires the publication of contracts between a LWDB and a member of the board, a relative of a board member, an organization or individual represented on the board, or an employee of the board approved on or after July 1, 2021, to be published on the board's website, or

DEO's website if the local board does not maintain a website within ten days after approval by DEO and requires it to remain published for at least 1 year after termination of the contract.
- Requires the DEO, in the their review of required contracts to consider documentation provided by the LWDB, including performance ratings of the entity under consideration for contract and whether such entity is the only provider of the desired good and services within the area served.

Each LWDB is required to annually, within 30 days after the end of the fiscal year, disclose to the DEO, in a manner determined by the department, the amount and nature of compensation paid to all executives, officers, directors, trustees, key employees, and the highest compensated employees, as defined for purposes of the Internal Revenue Service Form 990, Return of Organization Exempt from Income Tax. The reported compensation must include salary, bonuses, present value of vested benefits including but not limited to retirement, accrued leave and paid time off, cashed-in leave, cash equivalents, severance pay, pension plan accruals and contributions, deferred compensation, real property gifts, and any other liability owed to such persons. The disclosure must be accompanied by a written declaration from the chief financial officer, or his or her designee, that he or she has read the compensation disclosure and affirms it is true and accurate. The compensation disclosure information must also be published on the LWDB's website, or the department's website if the local board does not maintain a website, for a period of three years after it is first published.

The bill amends s. 445.004, F.S., to require any local performance accountability measures established to gauge the performance of a LWDB in achieving the workforce development strategy to be based on identified local area needs.

The bill amends s. 445.002, F.S., to add gross management and waste as instances which would provide cause for removal of a LWDB member and LWDB executive director.

WIOA Eligible Training Providers (Section 5)

To support informed consumer choice, with a focus on positive labor market outcomes for participants, the bill amends s. 445.003, F.S., to direct the use of WIOA workforce program funds to high-quality training providers. The DEO is required to determine high-quality training providers by adopting rules for initial and subsequent eligibility criteria for the ETPL, based on input from the CareerSource state board, LWDBs, the DOE, and other stakeholders. The bill requires a training provider who offers training for credentials identified on the Master Credentials List, as determined by the CareerSource Credentials Review Committee, to no longer be eligible for inclusion on a state or local ETPL if the provider fails to submit required information or fails to meet initial or subsequent eligibility criteria.

The bill amends s. 445.003, F.S., to require subsequent eligibility criteria to use performance and outcome measures which at a minimum, must require each program offered by a training provider to meet the following phased in criteria:
- For the 2021-2022 program year, the DEO and the DOE must set the minimum criteria a training provider program must achieve for completion, earnings, and employment rates of eligible participants. The bill requires that the minimum program criteria set must not exceed

the threshold at which more than 20 percent of all eligible training provider programs in the state would fall below.

- Beginning with the 2022-2023 program year, each program offered by a training provider must, at a minimum, meet all of the following:
  - Income earnings for all individuals who complete the program that are equivalent to or above the state's minimum wage in a calendar quarter.
  - An employment rate of at least 75 percent for all individuals, with programs linked to an occupation, the employment rate must be calculated based on obtaining employment in the field in which the participant was trained.
  - A completion rate of at least 75 percent for all individuals, beginning with the 2023-2024 program year.

Credential Attainment in Florida (Section 25)

To increase momentum towards Florida's SAIL to 60 Attainment goal, and respond to those impacted by job loss or disruption due to COVID-19, the bill amends s. 1004.013, F.S., to create the Strategic Efforts to Achieve Self-Sufficiency (SEAS). SEAS creates three key strategies: the workforce opportunity portal, the Open Door Grant Program, and the Money-Back Guarantee Program.

Workforce Opportunity Portal (Section 1)

The workforce opportunity portal, created in the Office of Reimagining Education and Career Help (REACH Office) under s. 14.36, F.S., is intended to provide the public with more effective access to available federal, state, and local services and a system-wide, global view of workforce related program data across various programs through actionable qualitative and quantitative information. The goal of the portal is to help residents:

- Explore and identify career opportunities.
- Identify in-demand jobs and associated earning potential.
- Identify the skills and credentials needed for specific jobs.
- Access a broad array of federal, state, and local workforce related programs.
- Determine the quality of workforce related programs offered by public postsecondary educational institutions and public and private training providers, based on employment, wages, continued education, student loan debt, and receipt of public assistance by graduates of workforce, certificate, or degree programs.
- Identify opportunities and resources to support individuals along their career pathway.
- Provide information to help individuals understand their potential earnings through paid employment and cope with the loss of public assistance as they progress through career pathways toward self-sufficiency.
- Map the timing and magnitude of the loss of public assistance for in-demand occupations across the state to help individuals visualize how their incomes will increase over time as they move toward self-sufficiency.

Open Door Grant Program (Section 34)

The Open Door Grant Program established under s. 1009.895, F.S., provides grants to school district's postsecondary technical centers and FCS institutions to cover up to two-thirds of the

cost of short-term high-demand programs for eligible students upon successful completion and award of a credential of value.

Under the Open Door Grant program, an eligible student must complete the Free Application for Federal Student Aid and:

- For a student who does not receive state or federal aid, at the time of enrollment, the student is responsible for paying one-third of the cost of the program and signing an agreement to either complete the program or pay an additional one-third of the program cost in the event of non-completion. Grant funds may be used to cover the student's one-third of the cost of the program for students in integrated education and training programs and students who do not have a high school diploma and meet requirements established by the DOE.
- For a student who does receive state or federal aid, grant funds may be awarded to cover the unmet need after all eligible aid is accounted for.

The DOE must prioritize funding for integrated education and training programs in which institutions establish partnerships with LWDBs to provide basic skills instruction contextually and concurrently with workforce training that results in the award of credentials on the Master Credentials List. One-quarter of the appropriated grant funds must be prioritized to serve students attending rural institutions and no more than one-quarter of funds may be disbursed annually to any one eligible institution. Grant funds may be used to cover the cost of a program, which includes tuition and fees, examination, books, and materials. The DOE may not reimburse any institution more than $3,000 per completed workforce training program by an eligible student.

The bill requires the SBE to adopt rules and the DOE to administer the grant by:

- Requiring eligible institutions to provide student-specific data and make final decisions on any dispute between eligible institutions and grant recipients;
- Undertaking periodic assessments of the overall success of the grant program and recommend modifications, interventions, and other actions based on such assessments;
- Establishing the procedure by which eligible institutions shall notify the department when eligible students enroll in eligible programs; and
- Requiring each eligible institution to submit a report with data from the previous fiscal year on program completion and credential attainment by students participating in the grant program.

The DOE must provide an annual report to the SBE on program completion, attainment, and participant wage and demographics categorized by credential name and relevant occupation.

Money-Back Guarantee Program (Section 38)

The Money-Back Guarantee Program created under s. 1011.803, F.S., requires each school district and FCS institution, beginning in the 2022-2023 academic year, to refund the cost of tuition to students who are not able to find a job within six months of successful completion of select workforce related programs.

Each institution is required to offer a money-back guarantee on at least three programs that prepare individuals to enter in-demand, middle-level to high-level wage occupations, or at least

50 percent of workforce education programs if the institution offers six or fewer programs. The money-back guarantee program must be offered for all workforce education programs which are established to meet a critical local economic need and are not aligned to statewide needs identified by the Labor Market Estimating Conference.

Each institution is required to establish student eligibility criteria for the program, including student attendance, career service attendance, participation in internships or work-study, job search documentation and development of a student career plan.

Institutions are required to notify the SBE of the money-back guarantee programs it offers by July 1, 2022 and information on the offered programs are required to be made available on each school district's and FCS institution's website, on the DOE's website, and on the Employ Florida website. The DOE is required to provide a report on performance results by school district, FCS institution, and program by November 1 of each year.

Florida's Healthcare Workforce (Section 26)

To address Florida's health care needs, the bill amends s. 1004.015, F.S., to require the Florida Talent Development Council (FTDC) to coordinate, facilitate, and communicate statewide efforts to meet supply and demand needs for Florida's health care workforce. The FTDC must annually, beginning December 1, 2021, report on their implementation on the council's webpage.

To support the efforts of the council, the BOG and the SBE must do the following:

- Conduct a statistically valid biennial data-driven gap analysis of the healthcare workforce. Demand must align with the Labor Market Estimating Conference.
- Provide 10-year trend information on nursing education programs. In order to collect the information, the bill requires the Department of Health, the BOG, the SBE, the Commission for Independent Education (CIE), the Independent Colleges and Universities of Florida (ICUF), and postsecondary institutions participating in the Access to Better Learning and Education (ABLE) or Effective Access to Student Education (EASE) state grant program to provide data on:
  - Number and type of programs and student slots available;
  - Number of student applications submitted, the number of qualified student applicants, and the number of students accepted;
  - Number of program graduates;
  - Program retention rates of students tracked from program entry to graduation;
  - Graduate passage rates on and the number of times each graduate took the National Council of State Boards of Nursing Licensing Examination;
  - Number of graduates who become employed as practical or professional nurses in the state; and
  - Educational advancement of nurses through career pathways by comparing their initial degree to their highest degree obtained for the preceding 10 years.
- Develop a survey for use by the Department of Health, the CIE, the ICUF, and postsecondary institutions participating in ABLE or EASE, to collect information on trends in nursing education programs. The survey must include, but is not limited to, a student's age, gender, race, ethnicity, veteran status, wage, employer information, loan debt, and retirement expectations.

Through the creation of s. 14.36, F.S., the bill requires the REACH Office to streamline the clinical placement process across the state by administering a web-based centralized clinical placement system for use by all nursing programs.

The bill amends s. 445.003, F.S., to define businesses for Incumbent Working Training Program funds to include hospitals operated by nonprofit or local government entities which provide nursing opportunities to acquire new or improved skills.[197]

Identifying Labor Market Demand in Florida (Section 2)

The bill amends s. 216.136, F.S., to reconstitute the Workforce Estimating Conference as the Labor Market Estimating Conference.

The conference is required to develop real-time supply and demand information on Florida's statewide, regional, and local labor markets. Such information must include labor supply by education level, analyses of labor demand by occupational groups and occupations compared to labor supply, a ranking of critical areas of concern, and identification of in-demand, high-skill, middle-level to high-level wage occupations prioritized by level of statewide or regional shortages.

The Office of Economic and Demographic Research (EDR) is designated as the official lead for the United States Census Bureau's State Data Center Program or its successor. All state agencies are required to provide the EDR with the necessary data to accomplish the goals of the conference and that agencies must ensure that any related work product regarding labor demand and supply is consistent with the official information developed by the conference.

The conference must meet at least twice a year and as necessary to address emerging opportunities for the state's economy.

The bill makes conforming changes to reflect the Labor Market Estimating Conference and their role in developing labor demand and identification of in-demand, high-skill, high-wage occupations.

Credentials of Value

Credentials Review Committee (Section 6)

The bill amends s. 445.004, F.S., to centralize identification and designation of credentials of value by requiring the CareerSource state board to appoint a Credentials Review Committee (committee) to identify non-degree credentials and degree credentials of value for approval by the CareerSource state board and inclusion in a Master Credentials List. Credentials must include registered apprenticeship programs, industry certifications, licenses, advanced technical

[197] *See* United States Department of Labor, Employment and Training Administration, *Training and Employment Guidance Letter WIOA No. 19-16*, at 17, *available at* https://wdr.doleta.gov/directives/attach/TEGL/TEGL_19-16_acc.pdf.

certificates, college credit certificates, career certificates, applied technology diplomas, associate degrees, baccalaureate degrees, and graduate degrees.

The bill provides the composition of the committee to include:
- The Chancellor of the Division of Public Schools;
- The Chancellor of the Division of Career and Adult Education;
- The Chancellor of the FCS;
- The Chancellor of the SUS;
- The Director of the REACH Office;
- Four members from LWDBs, with equal representation from urban and rural regions';
- Two members from nonpublic postsecondary institutions;
- Two members from industry associations;
- Two members from Florida-based businesses;
- Two members from the DEO; and
- One member from the DACS.

The committee is required to establish a definition for credentials of value for Florida and create a framework of quality. The framework must align with federally funded workforce accountability requirements and undergo biennial review. The bill establishes minimum criteria to determine value for non-degree credentials to include the following:
- Evidence the credential meets labor market demand as identified by the Labor Market Estimating Conference or meets local demand as identified in the criteria adopted by the Credentials Review Committee. Evidence must include employer information on present credential use or emerging opportunities.
- Evidence the competencies mastered upon completion of the credential are aligned with labor market demand.
- Evidence of employment and earnings outcomes for individuals after obtaining the credential. Earnings outcomes must provide middle-level to high-level wages with preference given to credentials generating high-level wages. Credentials that do not meet the earnings outcomes criteria must be part of a sequence of credentials required for the next level occupation that does meet the earnings outcomes criteria to be identified as a credential of value. For new credentials, this criteria may be met with conditional eligibility until measurable labor market outcomes are obtained.

The committee is required to establish criteria to determine value for degree programs. Criteria for degree programs must include evidence that the program meets the labor market demand as identified by the Labor Market Estimating Conference or meets local demand as determined by the committee.

The committee is required to establish a process for the following:
- Prioritizing non-degree credentials and degree programs based on critical statewide or regional shortages;
- At a minimum, quarterly review and approval of credential applications which must be used to develop the Master Credentials List;
- Annual review of the Master Credentials List;

- Phasing out credentials on the Master Credentials List that no longer meet the framework of quality;
- Designating performance funding eligibility for credentials earned by postsecondary students, based upon the highest available certification; and
- Linking Classifications of Instructional Programs (CIP) to Standard Occupational Classifications (SOC) for all new credentials of value identified on the Master Credentials List.

The committee must identify all data elements necessary by the Florida Education and Training Placement Program (FETPIP).

All information pertaining to the committee, the process for the approval of credentials of value, and the Master Credentials List must be made publicly available and easily accessible on all relevant state agency websites.

CAPE Industry Certification Identification

Beginning with the 2022-2023 school year, the bill amends s. 4454.004, F.S., to require the CareerSource state board to produce and submit a Master Credentials List to the SBE. The list must, at a minimum, identify non-degree credentials and degree programs determined to be of value for CAPE Industry Certification funding; if the credential or degree program meets statewide, regional, or local level demand; the type of certificate, credential, or degree; and the primary standard occupation classification code. The Master Credentials List shall be used by the SBE to establish the CAPE Industry Certification Funding List beginning with the 2022-2023 school year. For the 2021-2022 school year the SBE will continue to use the certifications identified in the CAPE Industry Certification Funding List and the CAPE Postsecondary Industry Certification Funding List adopted by the SBE before October 1, 2021.

The bill amends s. 570.07, F.S., to require the Department of Agriculture and Consumer Services (DACS) to work with the Institute of Food and Agricultural Sciences (IFAS) at the University of Florida and the College of Agriculture and Food Sciences at the Florida Agricultural and Mechanical University to annually submit industry certifications for agriculture occupations to the committee for consideration on the Master Credentials List.

The CAPE Industry Certification Funding List will assign additional full-time equivalent (FTE) membership (incentives) to certifications identified by the Master Credentials List that meet a statewide, regional, or local demand and courses that lead to such certifications. The bill amends s. 1008.44, F.S., to provide that additional FTE funding for regional and local demand certifications and courses that lead to such certifications may only be earned in areas with regional or local demand as identified by the Credentials Review Committee.

The bill amends s. 1003.4203, F.S., to require the CAPE Industry Certification Funding List to be comprised of CAPE industry certifications identified as credentials of value (both at the secondary and postsecondary level); CAPE digital tools certificates (removing the previous cap of no more than 30 CAPE digital tools); CAPE ESE digital tool certificates, workplace industry certifications, and OSHA industry certificates; CAPE Innovation Courses (removing the previous cap of no more than five courses); and CAPE acceleration industry certifications. The

bill amends s. 1003.4935, F.S., to require middle grades career and professional academy courses and career-themed courses to lead to careers in occupations aligned to the Cape Industry Certification Funding List.

The bill amends s. 1011.81, F.S., to clarify that postsecondary industry certifications must be identified on the CAPE Industry Certification Funding List and are eligible for performance funding. The bill amends s. 1011.80, F.S., to delete occupational areas for which industry certifications may be earned which are identified in the GAA for performance funding eligibility.

The bill amends s. 1008.44, F.S., to require the Chancellor of Career and Adult Education to provide the Articulation Coordinating Committee recommendations for articulation of postsecondary credit for related degrees for the approved certifications within 90 days after an industry certification has been approved for inclusion on the Master Credentials List.

State University System-Programs of Strategic Emphasis

The bill amends s. 1001.706, F.S., to require the BOG, beginning with the 2022-2023 academic year, to adopt the criteria to determine value for and prioritization of degree programs established by the committee to review and designate programs of emphasis. The bill requires the BOG to review the PSE list at least every three years to ensure alignment with the prioritization of degree credentials and degree programs identified by the committee.

Incentivizing Credentials

School Districts and Florida College System Institutions

The bill amends s. 1008.44, F.S., to require the commissioner to conduct a review of the methodology used to determine additional FTE membership weights assigned to CAPE programs and, if necessary, recommend revised weights. The weights must factor in prioritization of critical shortages of labor market demand and middle-level to high-level wage earning outcomes as identified by the Credentials Review Committee (committee). The results of the review and the commissioner's recommendations must be submitted to the Governor and the Legislature no later than December 1, 2021.

Beginning with FY 2022-2023, the bill amends s. 1011.80, F.S., to revise the formula for allocating postsecondary performance incentive funding to school district technical centers and FCS institutions. Rather than each certification, earned by a student, earning $1,000; the Credentials Review Committee is required to develop a returned-value funding formula that rewards job placements and wages for students earning industry certifications, with a focus on increasing the economic mobility of underserved populations. One-third of the performance funds must be allocated based on student job placements. The remaining two-thirds must be allocated using a tiered weighted system based on aggregate student wages that exceed minimum wage with the highest weight applied to the highest wage tier, with additional weight for underserved populations. Student wages above minimum wage are considered to be the value added by the institution's training. At a minimum, the bill requires the Credentials Review Committee to take into account variables such as differences in population and wages across school districts and the state when developing the returned-value funding formula. In addition, when developing the formula, the committee must not penalize school districts or institutions for

students who postpone employment to continue their education. The bill removes an obsolete methodology for distribution of performance funds.

The bill amends s. 1003.491, F.S., to require the CAPE strategic 3-year plan developed jointly by the local school district, LWDBs, economic development agencies, and state-approved postsecondary institutions to be developed based on local and regional workforce needs for the ensuing three years, using labor projections as identified by the Labor Market Estimating Conference and strategies to develop and implement career academies or career-themed courses based on occupations identified by the Labor Market Estimating Conference.

Measuring Outcomes for Florida's Workforce Programs

Florida Education and Training Placement Information Program (FETPIP)

The bill amends s. 1008.39, F.S., to require the DOE automated system, which matches the social security numbers of former participants in state educational and training programs with information in the files of state and federal agencies that maintain educational, employment, and United States armed service records, to include former participants in workforce related programs. Additionally, the bill requires that the system incorporate any data collection elements prescribed by the Credentials Review Committee.

Workforce Development Information System (WDIS)

The bill amends s. 1008.40, F.S., to require the DOE to design the WDIS using common terms and to use the data to conduct audits, and determine compliance of workforce related programs and education and training programs with applicable federal and state requirements as authorized by federal and state law. The bill requires the DOE to establish a process for the collection, review, and reporting of Comprehensive Local Needs Assessments (CLNA) as required by federal law.

The bill requires the WDIS to link data from multiple sources for consideration in developing broad public policy initiatives for workforce related programs and requires the DOE to work with the DEO, the DCF, and other entities to define statewide education, workforce development, and employment metrics and ensure the integrity and quality of data being collected.

The bill requires the DOE to develop a workforce development metrics dashboard that measures the state's investments in workforce development. The bill requires the dashboard to be produced, to the extent feasible, using existing available data and resources that are currently collected and accessible to state agencies. To the extent feasible, the dashboard must use statistically rigorous methodologies to estimate, assess, and isolate the impact of programs on participant outcomes.

The bill the dashboard to provide the following data:

- Impact of workforce related programs on credential attainment, training completion, degree attainment, and participant wages;

- Demographic breakdowns, including, to the extent possible, race, ethnicity, age, gender, veteran status, wage, student loan debt, barriers to employment, and credential or degree outcomes, and information on workforce outcomes in different industry sectors;
- Performance data on training providers to enable individuals to make informed choices; and
- Measure, at a minimum and to the extent feasible with existing resources, the return on investment of the following workforce related programs:
  - CTE programs offered by school districts and FCS institutions;
  - Workforce related programs; and
  - State apprenticeship programs.

The bill amends s. 1003.491, F.S., to require the DOE to utilize the WDIS to conduct the annual review of CTE programs and use data captured in WDIS to provide an automated data collection process that includes the collection and evaluation of the federal CLNA, to assist in the review of programs.

Apprenticeship and Preapprenticeship Programs in Florida

To determine the impact of apprenticeship and preapprenticeship programs on participants, the bill amends s. 446.032, F.S., to require the DOE to establish uniform minimum standards and policies governing apprenticeship and preapprenticeship programs and agreements which must require apprenticeship training providers to submit data which is necessary to determine program performance. The bill clarifies that uniform minimum standards are the requirements established for each occupation under which an apprenticeship or preapprenticeship program is administered. The bill amends s. 446.0915, F.S., to require the DOE to adopt rules to administer such standards and policies.

The bill amends s 446.032, F.S., to require the DOE to provide the following additional information in the annual report on apprenticeship and preapprenticeship programs:

- Detailed summary of each local educational agency's expenditure of total funds allocated, expended for administrative costs, and expended for instructional costs by training provider, program, and occupation;
- Documentation of the outcomes of activities conducted to promote apprenticeship and preapprenticeship programs and their impact on establishing or expanding such programs;
- Retention and completion rates of participants disaggregated by training provider, program, and occupation; and
- Wage progression of participants as demonstrated by starting, exit, and post apprenticeship wages at 1 and 5 years after participants exit the program.

Florida Pathways to Career Opportunities Grant Program (Section 37)

The bill amends s. 1011.802, F.S., to require the DOE to award Florida Pathway to Career Opportunities Grants to preapprenticeship or apprenticeship programs with demonstrated regional demand which:

- address a critical statewide or regional shortage as identified by the Labor Market Estimating Conference and that are industry sectors not adequately represented throughout the state, such as health care;

- address a critical statewide or regional shortage as identified by the Labor Market Estimating Conference; or
- expand existing programs that exceed the median completion rate and employment rate 1 year after completion of similar programs in the region, or the state if there are no similar programs in the region.

The DOE is required to annually report on the Florida Pathways to Career Opportunities website the following information:
- number of programs funded and represented throughout the state;
- retention, completion, and employment rates, categorized by program and provider; and
- starting and ending salaries, as categorized by program and provider, for participants who complete the program.

The DOE is authorized to use up to $200,000 of the total grant allocation to administer the grant program.

The bill requires the SBE to adopt rules to implement the Pathways to Career Opportunities Grant.

Workforce Education Programs

Program Approval (Section 35)

The bill amends s. 1011.80, F.S., to require the SBE to develop criteria for the review and approval of new workforce education programs which are not included in the statewide curriculum framework and are proposed to be offered by a FCS institution or a school district technical center. The bill requires the criteria to be based on the framework of quality established by the Credentials Review Committee.

A FCS institution or school district is authorized to offer new workforce education programs that are already included in the statewide curriculum framework, however, these programs may not receive performance funding and add on FTE funding until they are reviewed and approved by the SBE. The bill requires an expedited SBE review process for these programs that must include, but is not limited to, the following:
- A description of the workforce education program that includes all of the following:
  - An analysis of workforce demand and unmet need for graduates of the program on a district, regional, or statewide basis, as appropriate, including evidence from entities independent of the technical center or institution
  - Geographic region to be served; and
- Documentation of collaboration among technical centers and institutions serving the same students in a geographical or service area that enhances program offerings and prevents program duplication which exceeds workforce need. Unnecessary duplication of programs offered by public and private institutions must be avoided.
- Beginning with the 2022-2023 academic year, alignment of program offerings with credentials or degree programs identified by the Credential Review Committee on the Master Credentials List.

- Articulation agreements between technical centers and FCS institutions for the enrollment of graduates in related workforce education programs.
- Documentation of alignment between the exit requirements of a technical center and the admissions requirements of a FCS institution.
- Performance and compliance indicators that will be used in determining the program's success.

The SBE is authorized to phase out workforce education program offerings that are not aligned with the framework of quality, do not meet labor market demand, or are unwarranted program duplications.

Continuing Workforce Education (CWE)

To provide clarity, the bill amends s. 1004.02, F.S., to revise the definition of CWE to mean instruction that does not result in a registered apprenticeship certificate of completion and revises the definition of workforce education to include a course or program of study which leads to a registered apprenticeship certificate of completion. The revision distinguishes apprenticeship and preapprenticeship programs as a workforce education program.

To expand opportunities for apprenticeship and preapprenticeship programs, the bill amends s. 1011.80, F.s., to authorize\ school districts and FCS institutions to count enrollments in apprenticeship and preapprenticeship programs for purposes of funding FTE enrollment.[198]

Career and Technical Education (CTE) Program Audit (Section 22)

The bill amends s. 1003.491, F.s., to require the DOE's annual CTE audit to examine, at a minimum, the following:

- Alignment of offerings with the framework of quality established by the Credentials Review Committee;
- Alignment of offerings at the K-12 and postsecondary levels with credentials or degree programs identified on the Master Credentials List;
- Program utilization and unwarranted duplication across institutions serving the same students in a geographical or service area; and
- Institutional performance measured by student outcomes.

The CTE audit shall use data captured through the WDIS and provide an automated data collection process that includes the collection and evaluation of the federal CLNA, to assist in the review of programs.

The commissioner is required to use the findings from the CTE audit to phase out CTE offerings which are not aligned with the framework of quality established by the Credentials Review

[198] School districts are presently able to report a maximum of 2,000 on-the-job training hours for apprenticeship FTE. Florida Department of Education, *2020-2021 District Workforce Education Funding Summary*, at 2-4, *available at* http://www.fldoe.org/core/fileparse.php/7529/urlt/2021-wf-fundingsummary.pdf.; For apprenticeship programs at a FCS institution, the students are exempt from the payment of tuition and fees, however, state funding is provided equal to 100 percent of the average cost of instruction. s. 1011.80(6)(c), F.S.

Committee, do not meet labor market demand or institutional performance, or are unwarranted program duplications.

The bill requires the DOE to adopt rules to administer the annual review of K-12 and postsecondary CTE offerings.

Career Planning for Florida's Students

To provide students with the information necessary to explore and make decisions as they plan for their future and embark on a career pathway, the bill amends s. 1003.4156, F.S., to require secondary career and education planning courses, curriculum, and postsecondary career services to utilize state career planning resources as a student progresses along their educational experience.

At the secondary level, the bill requires the middle grades career and education planning course to include information from state career planning resources. In the character development curriculum for grades 9 through 12, the bill amends s. 1003.42, F.S., to require students to explore career pathways using state career planning resources and to create a digital resume.

At the postsecondary level, the bill amends s. 1007.25, F.S., to authorize courses that provide instruction in student life skills, including career planning and exploration, or similar, to use state career planning resources within the course and provide students with the opportunity to create a digital resume. For postsecondary student career service centers, the bill creates s. 1006.75, F.S. to require centers to prepare students for employment upon completion of their academic work. Career service centers, to the extent possible, are required to use state career planning resources to assist students in: exploring and identifying career opportunities; identifying in-demand jobs and associated earnings outcomes; understanding the skills and credentials needed for specific jobs; identifying opportunities to gain on-the-job experiences; and creating a digital resume.

Developing Workplace Readiness

To provide opportunities for students to experience and develop the skills necessary to enter the workforce and distinguish their unique skills to employers, the bill makes the changes discussed below.

Work-based Learning (Section 16)

The bill creates s. 446.090, F.s., to define a work-based learning opportunity to mean an interaction with industry or community professionals that occurs in a workplace setting, to the extent possible, or a simulated environment at an educational institution that allows firsthand experience with tasks required in a given career field, is aligned with curriculum and instruction, and is provided in partnership with an educational institution.

Work-based learning must be developmentally appropriate, identify learning objectives for the experience, explore multiple aspects of an industry, develop workplace skills and competencies, assess performance, provide opportunities for work-based reflection, link to next steps in career planning and preparation in a student's chosen career pathway, be provided in an equal and fair manner, and be documented and reported in compliance with state and federal labor law. The bill

prioritizes paid work-based learning opportunities, such as apprenticeship and preapprenticeship programs.

The SBE is required to adopt rules to implement work-based learning opportunities. The adopted rules must include uniform minimum standards and guidelines for determining student eligibility, obligations of employers, and requirements of institutions that offer work-based learning opportunities.

Career Readiness Credential

Beginning with students initially entering a public postsecondary institution in 2022-2023, and thereafter, the bill amends s. 1007.25, F.S., to require each student to be able to earn a nationally recognized digital credential from competencies within the general education core courses which demonstrate career readiness.

The digital credentials must be identified by a faculty committee appointed by the chair of the SBE and the chair of the BOG. The faculty committee must identify the competencies within the general education core courses which demonstrate career readiness and will result in the award of a verifiable and interoperable nationally recognized digital credential.

In order to ensure students pursuing an associate in applied science or associate in science degree may earn a digital credential, the bill requires, beginning in the 2022-2023 academic year, students entering such degree programs to complete at least one identified core course in the subject areas of communication, mathematics, social sciences, humanities, and natural sciences.

The bill requires all public postsecondary institutions to distinguish in their course catalog the general education core courses linked to earning a digital credential, and requires institutions to grant and accept the identified digital credential.

The bill provides conforming changes.

The bill is effective July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

The bill identifies and categorizes in-demand credentials and degree programs and requires information to be made available to the public to determine the performance of these programs and training providers offering these programs, as well as long-term earnings results and impact to self-sufficiency.

Employers may incur costs to integrate with a new or modified system to post job, apprenticeship, and training opportunities.

C. Government Sector Impact:

Based on standard salaries/benefits and expense packages for a policy coordinator and associated analysts within the Governor's office, staffing the new Office of Reimagining Education and Career Help (REACH) within the Executive Office of the Governor office is estimated to require 8 full-time-equivalent (FTE) positions, at a cost of $887,503.

The cost of implementing an automated and coordinated Consumer-First Workforce Information System among the state's workforce partners is indeterminate and cannot be quantified at this time as each entity currently operates its own data systems. Analysis by the DOE and the DEO state that the cost could be between $70 million and $140 million for each program and each agency involved. Detailed analysis is required to include data governance for shared data across all entities, engineering of data interoperability and new business processes, and documentation of detailed functional requirements for the procurement of supporting technologies. Analysis should also include how current data and intake systems can be enhanced or augmented to include these functionalities. Based on historical costs related to planning information technology systems, such an analysis could cost between $1.5 million and $2 million. Funding for the Consumer-First Workforce Information System will be dependent upon consideration of the General Appropriations Act for Fiscal Year 2021-2022.

The DOE estimates they would need two additional FTE to assist with data collections and outcome reporting requirements for the development of a workforce development

metrics dashboard. Based on standard salaries/benefits and expense packages associated with the personnel handling this workload, the cost will be $268,265.

The DOE estimates a need of two additional FTE to successfully implement the new reporting requirements in the Pathways to Career Opportunities Grant Program. While costs for these positions are estimated to be $199,496, the DOE states the cost for the new positions can be absorbed within the current, recurring appropriations for the program.

To the extent the Legislature provides funding for the new program, it would have an indeterminate, negative impact based on the amount of appropriations made available for the newly created Open Door Grant Program. Funding requirements for the personnel and the grant program provisions within the bill will be dependent upon consideration of the General Appropriations Act for Fiscal Year 2021-2022.

The application of the Master Credentials List and the development of a returned-value funding formula may affect the distribution of funds currently being allocated to Florida Colleges and District workforce programs, however the affect is indeterminate.

Actual expenditures Money Back Guarantee Program will vary depending on the number of guarantees that must be honored and the cost of tuition for those students.

The bill may require the incorporation of multiple federally funded programs with diverse funding and program requirements. Each agency will need to come to agreements on allocation methodologies to ensure that each federal source is appropriately charged.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 14.36, 216.136, 288.047, 443.151, 445.002, 445.003, 445.004, 445.006, 445.007, 445.009, 445.010, 445.011, 445.033, 445.038, 445.045, 446.021, 446.032, 446.041, 570.07, 943.22, 1001.64, 1001.706, 1003.4156, 1003.42, 1003.4203, 1003.491, 1003.492, 1003.4935, 1004.013, 1004.015, 1004.02, 1007.25, 1008.40, 1008.39, 1008.41, 1008.44, 1011.80, 1011.801, 1011.802, and 1011.81.

The bill creates the following sections of Florida Statutes: 446.0915, 1006.75, 1009.895, and 1011.803.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Appropriations on April 15, 2021:
The committee substitute makes the following changes:

- Establishes the Reimagining Education and Career Help Act (REACH Act) to create a system-wide approach to Florida's workforce development system by integrating services through the:
  - Creation of the Office of Reimagining Education and Career Help (REACH Office) within the Executive Office of the Governor.
  - Implementation the consumer-first workforce system for data management.
  - Creation of an online opportunity portal to provide public access to identify in-demand jobs, the skills needed, and where to obtain those skills.
- Authorizes the Governor to seek federal waivers to create greater flexibility and strategic investment in Florida's implementation of the Workforce Innovation and Opportunity Act (WIOA).

In relation to labor market supply and demands, the amendment:

- Establishes a Labor Market Estimating Conference to determine real-time labor market supply and demand.
- Requires CareerSourceFL to appoint a Credentials Review Committee, which includes rural representation, to:
  - Identify and include in a Master Credentials List credentials of value, which are associated with positive earnings outcomes.
  - Designate eligibility for performance funding for state college and school district workforce education programs.

To safeguard workforce funding and provide accountability, the amendment requires:

- The Department of Economic Opportunity to establish eligibility requirements for in-demand eligible training program providers.
- The Department of Education to develop a workforce development metrics dashboard to measure return on the state's workforce investments.
- The Department of Education to review for approval new workforce education programs at tech centers and state colleges and phase out existing programs that fail to meet performance benchmarks.
- The REACH Office to develop criteria for assigning letter grades to local workforce development boards (LWDB). The grades must account for local area needs and improvement of participants' self-sufficiency. The amendment also requires staggered 8-year terms for LWDB board members.

In relation to Funding Incentives for Workforce Education, the amendment:

- Aligns the Career and Professional Education (CAPE) Act with projections made by the Labor Market Estimating Conference.

- Requires the Commissioner of Education to recommend revised funding weights for the CAPE Industry Certification Funding List to the Governor and the Legislature by December 31, 2021.
- Creates a new workforce performance funding model for school district and state college workforce programs requiring:
- One-third based on student job placement.
- Two-thirds based on student earnings, with a focus on increasing the economic mobility of underserved populations.

In relation to Healthcare Needs, the amendment:

- Requires the Talent Development Council to conduct a review of the healthcare labor market and nursing program alignment.
- Prioritizes funds in the Incumbent Worker Training programs for nonprofit and local public hospitals that provide nursing education opportunities.
- Requires the REACH Office to administer a web-based centralized clinical placement system for use by all nursing programs.

The amendment encourages work-based learning educational opportunities by:

- Requiring standards to be developed by the Department of Education.
- Breaking down the Department of Education annual report on apprenticeship to better measure individual program outcomes.

The amendment expands educational access for students through:

- The creation of the Open Door Workforce Grant Program, which provides grants to school districts and state colleges to cover some or all of the cost of short-term, high-demand programs, including programs for students without a high school diploma.
- The creation of the Money-Back Guarantee Program, which requires each school district and state college to refund the cost of tuition to students who are not able to find a job within six months of completing one of three in-demand programs chosen by the institution.
- Aligning apprenticeship grants with labor shortages.

In relation to core curriculum, the amendment:

- Requires that seeking students in state colleges and universities earn verified digital credentials which demonstrate career readiness.

B. Amendments:

None.

151258

LEGISLATIVE ACTION

Senate	.	House
Comm: RCS	.	
04/16/2021	.	
	.	
	.	
	.	

The Committee on Appropriations (Albritton) recommended the following:

Senate Amendment (with title amendment)

Delete everything after the enacting clause and insert:

Section 1. Section 14.36, Florida Statutes, is created to read:

14.36 Reimagining Education and Career Help Act.—The Reimagining Education and Career Help Act is created to address the evolving needs of Florida's economy by increasing the level of collaboration and cooperation among state businesses and

151258

education communities while improving training within and equity and access to a more integrated workforce and education system for all Floridians.

(1) The Office of Reimagining Education and Career Help is created in the Executive Office of the Governor to facilitate alignment and coordination of entities responsible for the state's workforce development system. The head of the office is the Director of the Office of Reimagining Education and Career Help. The Director of the Office of Reimagining Education and Career Help shall be appointed by and shall serve at the pleasure of the Governor.

(2) As used in this section, the term:

(a) "Credential" means an apprenticeship certificate, industry certification, license, advanced technical certificate, college credit certificate, career certificate, applied technology diploma, associate in applied science degree, associate in science degree, bachelor of applied science degree, and bachelor of science degree.

(b) "Office" means the Office of Reimagining Education and Career Help.

(c) "Workforce development system" means the entities and activities that contribute to the state's talent pipeline system through education, training, and support services that prepare individuals for employment or career advancement and the entities that are responsible for oversight or conducting those activities, such as CareerSource Florida, Inc., local workforce development boards, one-stop career centers, the Department of Economic Opportunity, the Department of Education, and the Department of Children and Families.

(d) "Workforce education region" means areas of the state identified by the Department of Education, in collaboration with the Department of Economic Opportunity, to maximize resource allocation by combining two or more sources of funding to integrate education and training in order to improve access to credentials of value for participants in adult education programs.

(e) "Workforce-related program" means a program operated, delivered, or enabled, in whole or in part, by a state or local entity using federal funds or state appropriations to offer incentives, funding, support, or guidance for any of the following purposes:

1. Job training.

2. The attainment of a credential of value identified pursuant to s. 445.004(4)(h)4.c.

3. The attainment of a postsecondary degree or credential.

4. The provision of other types of employment assistance.

5. Any other program that has, at least in part, the goal of securing employment or better employment for an individual and receives federal funds or a state appropriation.

(3) The duties of the office are to:

(a) Serve as the advisor to the Governor on matters related to the state's workforce development system.

(b) Establish criteria and goals for workforce development and diversification in the state's workforce development system.

(c) Provide strategies to align and improve efficiency in the state's workforce development system and the delivery of workforce-related programs.

(d) Coordinate state and federal workforce-related

151258

programs, plans, resources, and activities provided by CareerSource Florida, Inc., the Department of Economic Opportunity, and the Department of Education.

(e) Oversee the Workforce Development Information System described in s. 1008.40 to verify the validity of data collected and monitor compliance of workforce-related programs and education and training programs with applicable federal and state requirements as authorized by federal and state law.

(f) Serve on the Credentials Review Committee established in s. 445.004 to identify nondegree and degree credentials of value and facilitate the collection of data necessary to conduct committee work.

(g) Coordinate and facilitate a memorandum of understanding for data sharing agreements of the state's workforce performance data among state agencies and align, to the greatest extent possible, performance measures adopted under ss. 445.004 and 1008.43.

(h) Develop the criteria for assigning a letter grade for each local workforce development board under s. 445.004. The criteria shall, in part, be based on local workforce development board performance accountability measures and return on investment. The majority of the grade shall be based on the improvement by each local workforce development board in the long-term self-sufficiency of participants through outcome measures such as reduction in long-term public assistance and the percentage of participants whose wages were higher after program completion compared to wages before participation in a program.

(i) Streamline the clinical placement process and increase

151258

clinical placement opportunities for students, hospitals, and other clinical sites by administering, directly or through a contract, a web-based centralized clinical placement system for use by all nursing education programs subject to the requirements in s. 464.019.

(j) Direct the objectives of the Florida Talent Development Council established in s. 1004.015.

(4) The office shall create a no-wrong-door-entry strategy to improve equity and access to the myriad of state and federally funded workforce-related programs through CareerSource Florida, Inc., local workforce development boards, one-stop career centers, school districts, charter technical centers, Florida College System institutions, the State University System, and through eligible training providers. Individuals may not be required to visit multiple locations when seeking access to education and workforce training. To create the strategy, the office shall:

(a) Develop a training course to cross-train all staff within the state's workforce development system on workforce-related programs, including how to use an integrated case management system, develop an individual employment plan, conduct a comprehensive needs assessment, precertify individuals for workforce-related programs, and on any other activities to reinforce the no-wrong-door-entry strategy.

(b) Coordinate and facilitate a common intake form and case management system for use by workforce-related programs to minimize duplicate data entry.

(c) Coordinate and facilitate a memorandum of understanding between the Department of Economic Opportunity and the

Department of Children and Families to permit Supplemental Nutrition Assistance Program (SNAP) and Temporary Assistance for Needy Families (TANF) clients to precertify for Workforce Innovation and Opportunity Act training services without having to physically visit a one-stop center.

(d) Oversee the performance evaluation of workforce-related programs and services under s. 445.033.

(e) Identify other state and federal programs that serve individuals with significant barriers to employment as demonstrated by low placement, employment, and earnings rates and identify strategies to increase the utilization of such programs by local workforce development boards.

(5) The office shall provide the public with access to available federal, state, and local services and provide stakeholders with a systemwide, global view of workforce-related program data across various programs through actionable qualitative and quantitative information. The office shall:

(a) Minimize duplication and maximize the use of existing resources by facilitating the adaptation and integration of state information systems to improve usability and seamlessly link to the workforce opportunity portal and other compatible state information systems and applications to help residents of the state:

1. Explore and identify career opportunities.

2. Identify in-demand jobs and associated earning potential.

3. Identify the skills and credentials needed for specific jobs.

4. Access a broad array of federal, state, and local

151258

workforce-related programs.

5. Determine the quality of workforce-related programs offered by public postsecondary educational institutions and public and private training providers, based on employment, wages, continued education, student loan debt, and receipt of public assistance by graduates of workforce, certificate, or degree programs. To gather this information, the office shall review each workforce-related program 1 year after the program's first graduating class and every 5 years after the first review.

6. Identify opportunities and resources to support individuals along their career pathway.

7. Provide information to help individuals understand their potential earnings through paid employment and cope with the loss of public assistance as they progress through career pathways toward self-sufficiency.

8. Map the timing and magnitude of the loss of public assistance for in-demand occupations across the state to help individuals visualize how their incomes will increase over time as they move toward self-sufficiency.

(b) Provide access to labor market data consistent with the official information developed by the Labor Market Estimating Conference and provide guidance on how to analyze the data, the appropriate use of the data, and any limitations of the data, including instances in which such data may not be used.

(c) Maximize the use of the workforce opportunity portal at locations within the workforce development system.

(d) Maximize the use of available federal and private funds for the development and initial operation of the workforce opportunity portal. Any incidental costs to state agencies must

151258

be derived from existing resources.

(e) By December 1, 2022, and annually thereafter, report to the Legislature on the implementation and outcomes of the workforce opportunity portal, including the increase of economic self-sufficiency of individuals.

Section 2. Subsection (7) of section 216.136, Florida Statutes, is amended to read:

216.136 Consensus estimating conferences; duties and principals.—

(7) LABOR MARKET ~~WORKFORCE~~ ESTIMATING CONFERENCE.—

(a) The Labor Market ~~Workforce~~ Estimating Conference shall develop such official information with respect to real-time supply and demand in Florida's statewide, regional, and local labor markets ~~on the workforce development system planning process as it relates to the personnel needs of current, new, and emerging industries~~ as the conference determines is needed by the state planning and budgeting system. Such information shall include labor supply by education level, analyses of labor demand by occupational groups and occupations compared to labor supply, a ranking of critical areas of concern, and identification of in-demand, high-skill, middle-level to high-level wage occupations prioritized by level of statewide or regional shortages. The Office of Economic and Demographic Research is designated as the official lead for the United States Census Bureau's State Data Center Program or its successor. All state agencies must provide the Office of Economic and Demographic Research with the necessary data to accomplish the goals of the conference. In accordance with s. 216.135, state agencies must ensure that any related work

151258

product regarding labor demand and supply is consistent with the official information developed by the Labor Market Estimating Conference created in this section~~, using quantitative and qualitative research methods, must include at least: short-term and long-term forecasts of employment demand for jobs by occupation and industry; entry and average wage forecasts among those occupations; and estimates of the supply of trained and qualified individuals available or potentially available for employment in those occupations, with special focus upon those occupations and industries which require high skills and have high entry wages and experienced wage levels. In the development of workforce estimates, the conference shall use, to the fullest extent possible, local occupational and workforce forecasts and estimates~~.

~~(b) The Workforce Estimating Conference shall review data concerning local and regional demands for short-term and long-term employment in High-Skills/High-Wage Program jobs, as well as other jobs, which data is generated through surveys conducted as part of the state's Internet-based job matching and labor market information system authorized under s. 445.011. The conference shall consider this data in developing its forecasts for statewide employment demand, including reviewing local and regional data for common trends and conditions among localities or regions which may warrant inclusion of a particular occupation on the statewide occupational forecasting list developed by the conference. Based upon its review of such survey data, the conference shall also make recommendations semiannually to CareerSource Florida, Inc., on additions or deletions to lists of locally targeted occupations approved by~~

151258

~~CareerSource Florida, Inc.~~

(b)~~(c)~~ The Labor Market ~~Workforce~~ Estimating Conference, for the purposes described in paragraph (a), shall meet at least twice a year and as necessary to address emerging opportunities for the state's economy ~~no less than 2 times in a calendar year~~. ~~The first meeting shall be held in February, and the second meeting shall be held in August. Other meetings may be scheduled as needed.~~

Section 3. Paragraph (b) of subsection (8) of section 288.047, Florida Statutes, is amended to read:

288.047 Quick-response training for economic development.—

(8) The Quick-Response Training Program is created to provide assistance to participants in the welfare transition program. CareerSource Florida, Inc., may award quick-response training grants and develop applicable guidelines for the training of participants in the welfare transition program. In addition to a local economic development organization, grants must be endorsed by the applicable local workforce development board.

(b) Participants trained under ~~pursuant to~~ this subsection must be employed at a job paying a wage equivalent to or above the state's minimum hourly wage ~~at least $6 per hour~~.

Section 4. Subsection (2) of section 445.002, Florida Statutes, is amended to read:

445.002 Definitions.—As used in this chapter, the term:

(2) "For cause" includes, but is not limited to, engaging in fraud or other criminal acts, incapacity, unfitness, neglect of duty, official incompetence and irresponsibility, misfeasance, malfeasance, nonfeasance, gross mismanagement,

151258

waste, or lack of performance.

Section 5. Paragraph (a) of subsection (3) and subsection (6) of section 445.003, Florida Statutes, are amended, and subsection (7) is added to that section, to read:

445.003 Implementation of the federal Workforce Innovation and Opportunity Act.—

(3) FUNDING.—

(a) Title I, Workforce Innovation and Opportunity Act funds; Wagner-Peyser funds; and NAFTA/Trade Act funds will be expended based on the 4-year plan of the state board. The plan must outline and direct the method used to administer and coordinate various funds and programs that are operated by various agencies. The following provisions apply to these funds:

1. At least 50 percent of the Title I funds for Adults and Dislocated Workers which are passed through to local workforce development boards shall be allocated to and expended on Individual Training Accounts unless a local workforce development board obtains a waiver from the state board. Tuition, books, and fees of training providers and other training services prescribed and authorized by the Workforce Innovation and Opportunity Act qualify as Individual Training Account expenditures.

2. Fifteen percent of Title I funding shall be retained at the state level and dedicated to state administration and shall be used to design, develop, induce, ~~and~~ fund, and evaluate the long-term impact of innovative Individual Training Account pilots, demonstrations, and programs to enable participants to attain self-sufficiency and to evaluate the effectiveness of performance-based contracts used by local workforce development

boards under s. 445.024(5) on increasing wages and employment over the long term. Of such funds retained at the state level, $2 million may be reserved for the Incumbent Worker Training Program created under subparagraph 3. Eligible state administration costs include the costs of funding for the state board and state board staff; operating fiscal, compliance, and management accountability systems through the department; conducting evaluation and research on workforce development activities; and providing technical and capacity building assistance to local workforce development areas at the direction of the state board. Notwithstanding s. 445.004, such administrative costs may not exceed 25 percent of these funds. An amount not to exceed 75 percent of these funds shall be allocated to Individual Training Accounts and other workforce development strategies for other training designed and tailored by the state board in consultation with the department, including, but not limited to, programs for incumbent workers, nontraditional employment, and enterprise zones. The state board, in consultation with the department, shall design, adopt, and fund Individual Training Accounts for distressed urban and rural communities.

3. The Incumbent Worker Training Program is created for the purpose of providing grant funding for continuing education and training of incumbent employees at existing Florida businesses. The program will provide reimbursement grants to businesses that pay for preapproved, direct, training-related costs. For purposes of this subparagraph, the term “businesses” includes hospitals operated by nonprofit or local government entities which provide nursing opportunities to acquire new or improved

skills.

a. The Incumbent Worker Training Program will be administered by CareerSource Florida, Inc., which may, at its discretion, contract with a private business organization to serve as grant administrator.

b. The program shall be administered under ~~pursuant to~~ s. 134(d)(4) of the Workforce Innovation and Opportunity Act. ~~Priority for~~ Funding priority shall be given in the following order: ~~to~~

(I) Businesses that provide employees with opportunities to acquire new or improved skills by earning a credential on the Master Credentials List.

(II) Hospitals operated by nonprofit or local government entities that provide nursing opportunities to acquire new or improved skills.

(III) Businesses whose grant proposals represent a significant upgrade in employee skills.

(IV) Businesses with 25 employees or fewer, businesses in rural areas, and businesses in distressed inner-city areas.~~,~~

(V) Businesses in a qualified targeted industry~~, businesses whose grant proposals represent a significant upgrade in employee skills,~~ or businesses whose grant proposals represent a significant layoff avoidance strategy.

c. All costs reimbursed by the program must be preapproved by CareerSource Florida, Inc., or the grant administrator. The program may not reimburse businesses for trainee wages, the purchase of capital equipment, or the purchase of any item or service that may possibly be used outside the training project. A business approved for a grant may be reimbursed for

preapproved, direct, training-related costs including tuition, fees, books and training materials, and overhead or indirect costs not to exceed 5 percent of the grant amount.

d. A business that is selected to receive grant funding must provide a matching contribution to the training project, including, but not limited to, wages paid to trainees or the purchase of capital equipment used in the training project; must sign an agreement with CareerSource Florida, Inc., or the grant administrator to complete the training project as proposed in the application; must keep accurate records of the project's implementation process; and must submit monthly or quarterly reimbursement requests with required documentation.

e. All Incumbent Worker Training Program grant projects shall be performance-based with specific measurable performance outcomes, including completion of the training project and job retention. CareerSource Florida, Inc., or the grant administrator shall withhold the final payment to the grantee until a final grant report is submitted and all performance criteria specified in the grant contract have been achieved.

f. The state board may establish guidelines necessary to implement the Incumbent Worker Training Program.

g. No more than 10 percent of the Incumbent Worker Training Program's total appropriation may be used for overhead or indirect purposes.

4. At least 50 percent of Rapid Response funding shall be dedicated to Intensive Services Accounts and Individual Training Accounts for dislocated workers and incumbent workers who are at risk of dislocation. The department shall also maintain an Emergency Preparedness Fund from Rapid Response funds, which

will immediately issue Intensive Service Accounts, Individual Training Accounts, and other federally authorized assistance to eligible victims of natural or other disasters. At the direction of the Governor, these Rapid Response funds shall be released to local workforce development boards for immediate use after events that qualify under federal law. Funding shall also be dedicated to maintain a unit at the state level to respond to Rapid Response emergencies and to work with state emergency management officials and local workforce development boards. All Rapid Response funds must be expended based on a plan developed by the state board in consultation with the department and approved by the Governor.

(6) AUTHORITY TO HIRE EXECUTIVE DIRECTOR AND STAFF.—The state board may hire an executive director and staff to assist in carrying out the functions of the Workforce Innovation and Opportunity Act and in using funds made available through the act. The state board shall require ~~authorize~~ the executive director and staff to work with the department to minimize duplication and maximize efficient use of resources in carrying out the functions of the Workforce Innovation and Opportunity Act.

(7) DUTIES OF THE DEPARTMENT.-The department shall adopt rules to implement the requirements of this chapter, including:

(a) The submission, review, and approval of local workforce plans.

(b) Initial and subsequent eligibility criteria, based on input from the state board, local workforce development boards, the Department of Education, and other stakeholders, for the Workforce Innovation and Opportunity Act eligible training

provider list. This list directs training resources to programs leading to employment in high-demand and high-priority occupations that provide economic security, particularly those occupations facing a shortage of skilled workers. A training provider who offers training to obtain a credential on the Master Credentials List under s. 445.004(4)(h) may not be included on a state or local eligible training provider list if the provider fails to submit the required information or fails to meet initial or subsequent eligibility criteria. Subsequent eligibility criteria must use the performance and outcome measures defined and reported under s. 1008.40, to determine whether each program offered by a training provider is qualified to remain on the list.

1. For the 2021-2022 program year, the Department of Economic Opportunity and the Department of Education shall establish the minimum criteria a training provider must achieve for completion, earnings, and employment rates of eligible participants. The minimum program criteria may not exceed the threshold at which more than 20 percent of all eligible training providers in the state would fall below.

2. Beginning with the 2022-2023 program year, each program offered by a training provider must, at a minimum, meet all of the following:

a. Income earnings for all individuals who complete the program that are equivalent to or above the state’s minimum wage in a calendar quarter.

b. An employment rate of at least 75 percent for all individuals. For programs linked to an occupation, the employment rate is calculated based on obtaining employment in

151258

the field in which the participant was trained.

c. A completion rate of at least 75 percent for all individuals, beginning with the 2023-2024 program year.

(c) Monitoring compliance of programs authorized by this chapter and determining whether such programs are meeting performance expectations, including an analysis of the return on investment of workforce-related programs on individual employment, earnings, and public benefit usage outcomes and a cost-benefit analysis of the monetary impacts of workforce services from the participant and taxpayer points of view.

Section 6. Paragraph (d) of subsection (3), paragraphs (b) and (e) of subsection (5), subsections (6), (7), and (8), paragraph (b) of subsection (9), and subsection (11) of section 445.004, Florida Statutes, are amended, and paragraph (h) is added to subsection (4) of that section, to read:

445.004 CareerSource Florida, Inc., and the state board; creation; purpose; membership; duties and powers.—

(3)

(d) The state board must include the vice chairperson of the board of directors of Enterprise Florida, Inc., and one member representing each of the Workforce Innovation and Opportunity Act partners, including the Division of Career and Adult Education, the Division of Vocational Rehabilitation, the Division of Blind Services, the Department of Children and Families, and other entities representing programs identified in the Workforce Innovation and Opportunity Act, as determined necessary.

(4)

(h)1. The state board shall appoint a Credentials Review

Committee to identify nondegree credentials and degree credentials of value for approval by the state board and inclusion in the Master Credentials List. Such credentials must include registered apprenticeship programs, industry certifications, licenses, advanced technical certificates, college credit certificates, career certificates, applied technology diplomas, associate degrees, baccalaureate degrees, and graduate degrees. The Credentials Review Committee must include:

a. The Chancellor of the Division of Public Schools.

b. The Chancellor of the Division of Career and Adult Education.

c. The Chancellor of the Florida College System.

d. The Chancellor of the State University System.

e. The director of the Office of Reimagining Education and Career Help.

f. Four members from local workforce development boards, with equal representation from urban and rural regions.

g. Two members from nonpublic postsecondary institutions.

h. Two members from industry associations.

i. Two members from Florida-based businesses.

j. Two members from the Department of Economic Opportunity.

k. One member from the Department of Agriculture and Consumer Services.

2. All information pertaining to the Credentials Review Committee, the process for the approval of credentials of value, and the Master Credentials List must be made available and be easily accessible to the public on all relevant state agency websites.

151258

3. The Credentials Review Committee shall establish a definition for credentials of value and create a framework of quality. The framework must align with federally funded workforce accountability requirements and undergo biennial review.

4. The criteria to determine value for nondegree credentials should, at a minimum, require:

a. Evidence that the credential meets labor market demand as identified by the Labor Market Estimating Conference created in s. 216.136 or meets local demand as identified in the criteria adopted by the Credentials Review Committee. Evidence must include employer information on present credential use or emerging opportunities.

b. Evidence that the competencies mastered upon completion of the credential are aligned with labor market demand.

c. Evidence of the employment and earnings outcomes for individuals after obtaining the credential. Earnings outcomes must provide middle-level to high-level wages with preference given to credentials generating high-level wages. Credentials that do not meet the earnings outcomes criteria must be part of a sequence of credentials that are required for the next level occupation that does meet the earnings outcomes criteria in order to be identified as a credential of value. For new credentials, this criteria may be met with conditional eligibility until measurable labor market outcomes are obtained.

5. The Credentials Review Committee shall establish the criteria to determine value for degree programs. This criteria shall include evidence that the program meets the labor market demand as identified by the Labor Market Estimating Conference

151258

created in s. 216.136 or meets local demand as determined by the committee. Such criteria must be used to designate programs of emphasis under s. 1001.706 and to guide the development of program standards and benchmarks under s. 1004.92.

6. The Credentials Review Committee shall establish a process for prioritizing nondegree credentials and degree programs based on critical statewide or regional shortages.

7. The Credentials Review Committee shall establish a process for:

a. At a minimum, quarterly review and approval of credential applications. Approved credentials of value shall be used by the committee to develop the Master Credentials List.

b. Annual review of the Master Credentials List.

c. Phasing out credentials on the Master Credentials List which no longer meet the framework of quality.

d. Designating performance funding eligibility under ss. 1011.80 and 1011.81, based upon the highest available certification for postsecondary students.

e. Beginning with the 2022-2023 school year, the state board shall submit the Master Credentials List to the State Board of Education. The list must, at a minimum, identify nondegree credentials and degree programs determined to be of value for purposes of ss. 1008.44 and 1011.62(1); if the credential or degree program meets statewide, regional, or local level demand; the type of certificate, credential, or degree; and the primary standard occupation classification code. For the 2021-2022 school year, the Master Credentials List shall be composed of the CAPE Industry Certification Funding List and the CAPE Postsecondary Industry Certification Funding List under ss.

151258

1008.44 and 1011.62(1) and adopted by the State Board of Education before October 1, 2021.

8. The Credentials Review Committee shall establish a process for linking Classifications of Instructional Programs (CIP) to Standard Occupational Classifications (SOC) for all new credentials of value identified on the Master Credentials List. The CIP code aligns instructional programs to occupations. A CIP to SOC link indicates that programs classified in the CIP code category prepare individuals for jobs classified in the SOC code category. The state board shall submit approved CIP to SOC linkages to the State Board of Education with each credential that is added to the Master Credentials List.

9. The Credentials Review Committee shall identify all data elements necessary to collect information on credentials by the Florida Education and Training Placement Program automated system under s. 1008.39.

10. The Credentials Review Committee shall develop a returned-value funding formula as provided under ss. 1011.80(7)(b) and 1011.81(2)(b). When developing the formula, the committee may not penalize Florida College System institutions or school districts if students postpone employment to continue their education.

(5) The state board has all the powers and authority not explicitly prohibited by statute which are necessary or convenient to carry out and effectuate its purposes as determined by statute, Pub. L. No. 113-128, and the Governor, as well as its functions, duties, and responsibilities, including, but not limited to, the following:

(b) Providing policy direction to ensure that the following

programs are administered by the department consistent with approved plans:

1. Programs authorized under Title I of the Workforce Innovation and Opportunity Act, Pub. L. No. 113-128, with the exception of programs funded directly by the United States Department of Labor under Title I, s. 167.

2. Programs authorized under the Wagner-Peyser Act of 1933, as amended, 29 U.S.C. ss. 49 et seq.

3. Activities authorized under Title II of the Trade Act of 2002, as amended, 19 U.S.C. ss. 2272 et seq., and the Trade Adjustment Assistance Program.

4. Activities authorized under 38 U.S.C. chapter 41, including job counseling, training, and placement for veterans.

5. Employment and training activities carried out under funds awarded to this state by the United States Department of Housing and Urban Development.

6. Welfare transition services funded by the Temporary Assistance for Needy Families Program, created under the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, as amended, Pub. L. No. 104-193, and Title IV, s. 403, of the Social Security Act, as amended.

7. The Florida Bonding Program, provided under Pub. L. No. 97-300, s. 164(a)(1).

8. The Food Assistance Employment and Training Program, provided under the Food and Nutrition Act of 2008, 7 U.S.C. ss. 2011-2032; the Food Security Act of 1988, Pub. L. No. 99-198; the Hunger Prevention Act, Pub. L. No. 100-435; and the Agriculture Improvement Act of 2018, Pub. L. No. 115-334.

9. The Quick-Response Training Program, provided under ss.

288.046-288.047. Matching funds and in-kind contributions that are provided by clients of the Quick-Response Training Program count toward the requirements of s. 288.904, pertaining to the return on investment from activities of Enterprise Florida, Inc.

10. The Work Opportunity Tax Credit, provided under the Tax and Trade Relief Extension Act of 1998, Pub. L. No. 105-277, and the Taxpayer Relief Act of 1997, Pub. L. No. 105-34.

11. Offender placement services, provided under ss. 944.707-944.708.

~~The department may adopt rules necessary to administer this chapter which relate to implementing and administering the programs listed in this paragraph as well as rules related to eligible training providers and auditing and monitoring subrecipients of the workforce system grant funds~~.

(e) Ensuring that the state does not waste valuable training resources. The state board's policy is that all resources, including equipment purchased for training Workforce Innovation and Opportunity Act clients, be available for use at all times by eligible populations as first priority users. At times when eligible populations are not available, such resources shall be used for any other state-authorized education and training purpose. The state board and any of its committees, councils, or administrative entities may authorize expenditures to award suitable framed certificates, pins, or other tokens of recognition for performance by a local workforce development board, its committees and subdivisions, and other units of the workforce system. The state board may also authorize expenditures for promotional items, such as t-shirts, hats, or

pens printed with messages promoting the state's workforce system to employers, job seekers, and program participants. However, such expenditures are subject to federal regulations applicable to the expenditure of federal funds.

(6) The state board shall ~~may take action that it deems necessary to~~ achieve the purposes of this section by~~, including, but not limited to~~:

(a) Creating a state employment, education, and training policy that ensures workforce-related programs ~~that programs to prepare workers~~ are responsive to present and future business and industry needs and complement the initiatives of Enterprise Florida, Inc.

(b) Establishing policy direction for a uniform funding system that prioritizes evidence-based, results-driven solutions by providing ~~provides~~ incentives to improve the outcomes of career education, registered apprenticeship, and work-based learning programs and that focuses resources on occupations related to new or emerging industries that add greatly to the value of the state's economy.

(c) Establishing a comprehensive policy related to the education and training of target populations such as those who have disabilities, are economically disadvantaged, receive public assistance, are not proficient in English, or are dislocated workers. This approach should ensure the effective use of federal, state, local, and private resources in reducing the need for public assistance by combining two or more sources of funding to support workforce-related programs or activities for vulnerable populations.

(d) Identifying barriers to coordination and alignment

151258

among workforce-related programs and activities and developing solutions to remove such barriers.

(e) Maintaining a Master Credentials List that:

1. Serves as a public and transparent inventory of state-approved credentials of value.

2. Directs the use of federal and state funds for workforce education and training programs that lead to approved credentials of value.

3. Guides workforce education and training programs by informing the public of the credentials that have value in the current or future job market

~~(d) Designating Institutes of Applied Technology composed of public and private postsecondary institutions working together with business and industry to ensure that career education programs use the most advanced technology and instructional methods available and respond to the changing needs of business and industry.~~

~~(e) Providing policy direction for a system to project and evaluate labor market supply and demand using the results of the Workforce Estimating Conference created in s. 216.136 and the career education performance standards identified under s. 1008.43.~~

~~(f) Reviewing the performance of public programs that are responsible for economic development, education, employment, and training. The review must include an analysis of the return on investment of these programs~~.

~~(g) Expanding the occupations identified by the Workforce Estimating Conference to meet needs created by local emergencies or plant closings or to capture occupations within emerging~~

151258

~~industries.~~

(7) By December 1 of each year, the state board, in consultation with the department, shall submit to the Governor, the President of the Senate, the Speaker of the House of Representatives, the Senate Minority Leader, and the House Minority Leader a complete and detailed annual report setting forth:

(a) All audits and investigations~~, including any audit conducted under subsection (8)~~.

(b) The operations and accomplishments of the state board, including the programs or entities specified in subsection (6).

(c) The number of mandatory partners located within one-stop centers.

(d) The progress on implementing solutions to address barriers to coordination and alignment among programs and activities identified under paragraph (6)(d).

(8) Annually, beginning July 1, 2022, the state board shall assign and make public a letter grade for each local workforce development board using the criteria established by the Office of Reimagining Education and Career Help under s. 14.36 ~~Pursuant to his or her own authority or at the direction of the Legislative Auditing Committee, the Auditor General may conduct an audit of the state board and CareerSource Florida, Inc., or the programs or entities created by the state board. The Office of Program Policy Analysis and Government Accountability, pursuant to its authority or at the direction of the Legislative Auditing Committee, may review the systems and controls related to performance outcomes and quality of services of the state board and CareerSource Florida, Inc~~.

(9) The state board, in collaboration with the local workforce development boards and appropriate state agencies and local public and private service providers, shall establish uniform performance accountability measures that apply across the core programs to gauge the performance of the state and local workforce development boards in achieving the workforce development strategy.

(b) The performance accountability measures for each local area consist of the primary indicators of performance, any additional indicators of performance, and a local level of performance for each indicator pursuant to Pub. L. No. 113-128. The local level of performance is determined by the local board, the chief elected official, and the Governor pursuant to Pub. L. No. 113-128, Title I, s. 116(c). Any local performance accountability measures that are established must be based on identified local area needs.

(11) The workforce development system must use local design and control of service delivery and targeted activities. The state board, in consultation with the department, is responsible for ensuring that local workforce development boards have a membership consistent with the requirements of federal and state law and have developed a plan consistent with the state's workforce development strategy. The plan must specify methods for allocating the resources and programs in a manner that eliminates unwarranted duplication, minimizes administrative costs, meets the existing job market demands and the job market demands resulting from successful economic development activities, ensures access to quality workforce development services for all Floridians, allows for pro rata or partial

distribution of benefits and services, prohibits the creation of a waiting list or other indication of an unserved population, serves as many individuals as possible within available resources, and maximizes successful outcomes. The state board shall establish incentives for effective alignment and coordination of federal and state programs and those identified by the Office of Reimagining Education and Career Help under s. 14.36(4)(e), outline rewards for long-term self-sufficiency of ~~successful job placements~~ participants, and institute collaborative approaches among local service providers.

Section 7. Subsection (2) of section 445.006, Florida Statutes, is amended, and subsection (4) is added to that section, to read:

445.006 State plan for workforce development.—

(2) STRATEGIC PLANNING ELEMENTS.—The state board, in conjunction with state and local partners in the workforce development system, shall develop strategic planning elements, pursuant to Pub. L. No. 113-128, Title I, s. 102, for the state plan.

(a) The strategic planning elements of the state plan must include, but need not be limited to, strategies for:

1. Fulfilling the workforce system goals and strategies prescribed in s. 445.004.~~;~~

2. Aggregating, integrating, and leveraging workforce system resources.~~;~~

3. Coordinating the activities of federal, state, and local workforce system partners.~~;~~

4. Addressing the workforce needs of small businesses.~~; and~~

5. Fostering the participation of rural communities and

151258

distressed urban cores in the workforce system.

(b) The strategic planning elements must include criteria for allocating workforce resources to local workforce development boards. With respect to allocating funds to serve customers of the welfare transition program, such criteria may include weighting factors that indicate the relative degree of difficulty associated with securing and retaining employment placements for specific subsets of the welfare transition caseload.

(c) The state plan must describe:

1. How the activities will be carried out by the respective core programs to implement the strategy and how the activities will be aligned across the programs and among the entities administering the programs, including using coenrollment and other strategies.

2. How the activities will be aligned with other activities that are provided under employment, training, education, including career and technical education, and human services programs that are not covered by the state plan, as appropriate, to avoid duplication and assure coordination.

3. How the entities carrying out the respective core programs will coordinate activities and provide comprehensive, high-quality services, including supportive services, to individuals.

4. How the state’s strategy to engage Florida College System institutions and local career and technical education schools as partners in the workforce development system will enable the state to leverage other federal, state, and local investments and increase access to workforce development

151258

programs at those institutions.

5. How the activities will be coordinated with economic development strategies.

6. How the state's strategy will improve access to activities leading to a state approved recognized postsecondary credential, including a credential that is an industry recognized certificate or certification that is portable and builds on additional education or training.

(4) WAIVERS.—The department shall prepare a federal waiver to be submitted by the Governor to the United States Department of Labor which:

(a) Allows the state board to fulfill the roles and responsibilities of local workforce development boards or that reduces the number of local workforce development boards based on population size and commuting patterns in order to:

1. Eliminate multiple layers of administrative entities to improve coordination of the workforce development system.

2. Establish consistent eligibility standards across the state to improve the accountability of workforce-related programs.

3. Provide greater flexibility in the allocation of resources to maximize the funds directed to training and business services.

(b) Allows the Governor to reallocate funds among local areas that have a demonstrated need for additional funding and programmatic outcomes that will maximize the use of the additional funds to serve low-income individuals, public assistance recipients, dislocated workers, and unemployment insurance claimants.

Section 8. Section 445.007, Florida Statutes, is amended to read:

445.007 Local workforce development boards.—

(1) One local workforce development board shall be appointed in each designated service delivery area and shall serve as the local workforce development board pursuant to Pub. L. No. 113-128. The membership of the local board must be consistent with Pub. L. No. 113-128, Title I, s. 107(b). If a public education or training provider is represented on the local board, a representative of a private education provider must also be appointed to the local board. The state board may waive this requirement if requested by a local ~~workforce development~~ board if it is demonstrated that such representatives do not exist in the region. The importance of minority and gender representation shall be considered when making appointments to the local board. The local board, its committees, subcommittees, and subdivisions, and other units of the workforce system, including units that may consist in whole or in part of local governmental units, may use any method of telecommunications to conduct meetings, including establishing a quorum through telecommunications, provided that the public is given proper notice of the telecommunications meeting and reasonable access to observe and, when appropriate, participate. Local ~~workforce development~~ boards are subject to chapters 119 and 286 and s. 24, Art. I of the State Constitution. ~~If the local workforce development board enters into a contract with an organization or individual represented on the local board, the contract must be approved by a two-thirds vote of the local board, a quorum having been established, and the local board~~

151258

~~member who could benefit financially from the transaction must abstain from voting on the contract. A local board member must disclose any such conflict in a manner that is consistent with the procedures outlined in s. 112.3143.~~ Each member of a local ~~workforce development~~ board who is not otherwise required to file a full and public disclosure of financial interests under s. 8, Art. II of the State Constitution or s. 112.3144 shall file a statement of financial interests under s. 112.3145. The executive director or designated person responsible for the operational and administrative functions of the local ~~workforce development~~ board who is not otherwise required to file a full and public disclosure of financial interests under s. 8, Art. II of the State Constitution or s. 112.3144 shall file a statement of financial interests under s. 112.3145. The local board's website, or the department's website if the local board does not maintain a website, must inform the public that each disclosure or statement has been filed with the Commission on Ethics and provide information on how each disclosure or statement may be reviewed. The notice to the public must remain on the website throughout the term of office or employment of the filer and until 1 year after the term on the local board or employment ends.

(2)(a) The local workforce development board shall elect a chair from among the representatives described in Pub. L. No. 113-128, Title I, s. 107(b)(2)(A) to serve for a term of no more than 2 years and may not ~~shall~~ serve ~~no~~ more than two terms as chair. Members of a local workforce development board shall serve staggered terms and may not serve for more than 8 consecutive years, unless such member is a representative of a

151258

governmental entity. Service in a term of office which commenced before July 1, 2021, does not count toward the 8-year limitation.

(b) The Governor may remove a member of the local board, the executive director of the local board, or the designated person responsible for the operational and administrative functions of the local board for cause.

(c) The chief elected official for the local ~~workforce development~~ board may remove a member of the local board, the executive director of the local board, or the designated person responsible for the operational and administrative functions of the local board for cause.

(3) The department shall assign staff to meet with each local workforce development board annually to review the local board's performance as determined under s. 445.004(8) and to certify that the local board is in compliance with applicable state and federal law.

(4) In addition to the duties and functions specified by the state board and by the interlocal agreement approved by the local county or city governing bodies, the local workforce development board shall have the following responsibilities:

(a) Develop, submit, ratify, or amend the local plan pursuant to Pub. L. No. 113-128, Title I, s. 108 and this act.

(b) Conclude agreements necessary to designate the fiscal agent and administrative entity. A public or private entity, including an entity established under s. 163.01, which makes a majority of the appointments to a local ~~workforce development~~ board may serve as the local board's administrative entity if approved by the department based upon a showing that a fair and

competitive process was used to select the administrative entity.

(c) Provide ongoing oversight related to administrative costs, duplicated services, career counseling, economic development, equal access, compliance and accountability, and performance outcomes.

(d) Oversee the one-stop delivery system in its local area.

(5) The department and CareerSource Florida, Inc., in consultation with the state board, shall implement a training program for the local workforce development boards to familiarize local board members with the state's workforce development goals and strategies.

(6) Consistent with federal and state law, the local workforce development board shall designate all local service providers and may not transfer this authority to a third party. Consistent with the intent of the Workforce Innovation and Opportunity Act, local ~~workforce development~~ boards should provide the greatest possible choice of training providers to those who qualify for training services. A local ~~workforce development~~ board may not restrict the choice of training providers based upon cost, location, or historical training arrangements. However, a local board may restrict the amount of training resources available to any one client. Such restrictions may vary based upon the cost of training in the client's chosen occupational area. The local ~~workforce development~~ board may be designated as a one-stop operator and direct provider of intake, assessment, eligibility determinations, or other direct provider services except training services. Such designation may occur only with the

151258

agreement of the chief elected official and the Governor as specified in 29 U.S.C. s. 2832(f)(2). The state board shall establish procedures by which a local ~~workforce development~~ board may request permission to operate under this section and the criteria under which such permission may be granted. The criteria shall include, but need not be limited to, a reduction in the cost of providing the permitted services. Such permission shall be granted for a period not to exceed 3 years for any single request submitted by the local ~~workforce development~~ board.

(7) Local workforce development boards shall adopt a committee structure consistent with applicable federal law and state policies established by the state board.

(8) The importance of minority and gender representation shall be considered when appointments are made to any committee established by the local workforce development board.

(9) For purposes of procurement, local workforce development boards and their administrative entities are not state agencies and are exempt from chapters 120 and 287. The local ~~workforce development~~ boards shall apply the procurement and expenditure procedures required by federal law and policies of the department and the state board for the expenditure of federal, state, and nonpass-through funds. The making or approval of smaller, multiple payments for a single purchase with the intent to avoid or evade the monetary thresholds and procedures established by federal law and policies of the department and the state board is grounds for removal for cause. Local ~~workforce development~~ boards, their administrative entities, committees, and subcommittees, and other workforce

151258

units may authorize expenditures to award suitable framed certificates, pins, or other tokens of recognition for performance by units of the workforce development system. Local ~~workforce development~~ boards; their administrative entities, committees, and subcommittees; and other workforce units may authorize expenditures for promotional items, such as t-shirts, hats, or pens printed with messages promoting the state's ~~Florida's~~ workforce system to employers, job seekers, and program participants. However, such expenditures are subject to federal regulations applicable to the expenditure of federal funds. All contracts executed by local ~~workforce development~~ boards must include specific performance expectations and deliverables.

(10) State and federal funds provided to the local workforce development boards may not be used directly or indirectly to pay for meals, food, or beverages for members, staff, or employees of local ~~workforce development~~ boards, the state board, or the department except as expressly authorized by state law. Preapproved, reasonable, and necessary per diem allowances and travel expenses may be reimbursed. Such reimbursement shall be at the standard travel reimbursement rates established in s. 112.061 and shall be in compliance with all applicable federal and state requirements. The department shall provide fiscal and programmatic guidance to the state board, CareerSource Florida, Inc., and all local ~~workforce development~~ boards to hold both the state and local ~~workforce development~~ boards strictly accountable for adherence to the policy and subject to regular and periodic monitoring by the department. Local boards are prohibited from expending state or

151258

federal funds for entertainment costs and recreational activities for local board members and employees as these terms are defined by 2 C.F.R. part 200.

(11)(a) To increase transparency and accountability, a local workforce development board must comply with the requirements of this section before contracting with a member of the local board; ~~or~~ a relative, as defined in s. 112.3143(1)(c), of a local board member; an organization or individual represented on the local board; or of an employee of the local board. Such contracts may not be executed before or without the prior approval of the department. Such contracts, as well as documentation demonstrating adherence to this section as specified by the department, must be submitted to the department for review and approval. Such a contract must be approved by a two-thirds vote of the local board, a quorum having been established; all conflicts of interest must be disclosed before the vote in a manner consistent with the procedures outlined in s. 112.3143(4); and any member who may benefit from the contract, or whose organization or relative may benefit from the contract, must abstain from the vote. A contract subject to the requirements of this subsection may not be included on a consent agenda.

(b) A contract under $10,000 ~~$25,000~~ between a local ~~workforce development~~ board, ~~and a member of that board or between~~ a relative, as defined in s. 112.3143(1)(c), of a local board member, or of an employee of the local board is not required to have the prior approval of the department, but must be approved by a two-thirds vote of the local board, a quorum having been established, and must be reported to the department

151258

and the state board within 30 days after approval.

(c) All contracts between a local board and a member of the local board; a relative, as defined in s. 112.3143(1)(c), of a local board member; an organization or individual represented on the local board; or an employee of the local board, approved on or after July 1, 2021, must also be published on the local board's website, or on the department's website if the local board does not maintain a website, within 10 days after approval by the local board or department, whichever is later. Such contracts must remain published on the website for at least 1 year after termination of the contract.

(d) In considering whether to approve a contract under this subsection, the department shall review and consider all documentation provided to the department by the local board, including the performance of the entity with which the local board is proposing to contract with, if applicable, and the nature, size, and makeup of the business community served by the local board, including whether the entity with which the local board is proposing to contract with is the only provider of the desired goods or services within the area served by the local board ~~If a contract cannot be approved by the department, a review of the decision to disapprove the contract may be requested by the local workforce development board or other parties to the disapproved contract~~.

(12) Each local workforce development board shall develop a budget for the purpose of carrying out the duties of the local board under this section, subject to the approval of the chief elected official. Each local ~~workforce development~~ board shall submit its annual budget for review to the department no later

151258

than 2 weeks after the chair approves the budget. The local board shall publish the budget on its website, or the department's website if the local board does not maintain a website, within 10 days after approval by the department. The budget must remain published on the website for the duration of the fiscal year for which it accounts for the expenditure of funds.

(13) Each local workforce development board shall annually, within 30 days after the end of the fiscal year, disclose to the department, in a manner determined by the department, the amount and nature of compensation paid to all executives, officers, directors, trustees, key employees, and the highest compensated employees, as defined for purposes of the Internal Revenue Service Form 990, Return of Organization Exempt from Income Tax, including salary, bonuses, present value of vested benefits, including, but not limited to, retirement, accrued leave and paid time off, cashed-in leave, cash equivalents, severance pay, pension plan accruals and contributions, deferred compensation, real property gifts, and any other liability owed to such persons. The disclosure must be accompanied by a written declaration, as provided for under s. 92.525(2), from the chief financial officer, or his or her designee, that he or she has read the foregoing document and the facts stated in it are true. Such information must also be published on the local board's website, or the department's website if the local board does not maintain a website, for a period of 3 years after it is first published.

(14) Each local workforce development board shall annually publish its most recent Internal Revenue Service Form 990,

151258

Return of Organization Exempt from Income Tax, on its website, or the department's website if the local board does not maintain a website. The form must be posted on the local board's website within 60 calendar days after it is filed with the Internal Revenue Service and remain posted for 3 years after it is filed.

Section 9. Paragraphs (a) and (e) of subsection (8) of section 445.009, Florida Statutes, are amended to read:

445.009 One-stop delivery system.—

(8)(a) Individual Training Accounts must be expended on programs that prepare people to enter ~~high-wage~~ occupations identified by the Labor Market ~~Workforce~~ Estimating Conference created by s. 216.136, and on other programs recommended and approved by the state board following a review by the department to determine the program's compliance with federal law.

(e) Training services provided through Individual Training Accounts must be performance-based, with successful job placement triggering final ~~full~~ payment of at least 10 percent.

Section 10. Section 445.011, Florida Statutes, is amended, to read:

445.011 Consumer-first workforce system ~~information systems~~.—

(1) The department, in consultation with the state board, the Department of Education, and the Department of Children and Families, shall implement, subject to legislative appropriation, an automated consumer-first workforce system that improves coordination among required one-stop partners and is ~~information systems that are~~ necessary for the efficient and effective operation and management of the workforce development system. This system ~~These information systems~~ shall include, but need

not be limited to, the following:

(a) An integrated management system for the one-stop service delivery system, which includes, at a minimum, common registration and intake for required one-stop partners, screening for needs and benefits, case management ~~planning and tracking~~, training benefits management, service and training provider management, performance reporting, executive information and reporting, and customer-satisfaction tracking and reporting.

1. The system should report current budgeting, expenditure, and performance information for assessing performance related to outcomes, service delivery, and financial administration for workforce programs pursuant to s. 445.004(5) and (9).

2. The ~~information~~ system should include auditable systems and controls to ensure financial integrity and valid and reliable performance information.

3. The system should support service integration and case management across programs and agencies by providing for case tracking for participants in workforce programs, participants who receive benefits pursuant to public assistance programs under chapter 414, and participants in welfare transition programs under this chapter.

(b) An automated job-matching information system that is accessible to employers, job seekers, and other users via the Internet, and that includes, at a minimum:

1. Skill match information, including skill gap analysis; resume creation; job order creation; skill tests; job search by area, employer type, and employer name; and training provider linkage;

151258

2. Job market information based on surveys, including local, state, regional, national, and international occupational and job availability information; and

3. Service provider information, including education and training providers, child care facilities and related information, health and social service agencies, and other providers of services that would be useful to job seekers.

(2) The department may procure independent verification and validation services associated with developing and implementing the consumer-first ~~any~~ workforce ~~information~~ system.

(3) The department shall coordinate development and implementation of the consumer-first workforce system ~~information systems~~ with the state chief information officer to ensure compatibility with the state's information system strategy and enterprise architecture.

(4) Any contract entered into or renewed on or after July 1, 2021, for the purpose of implementing this section must be performance based.

(5) The department shall develop training for required one-stop partners on the use of the consumer-first workforce system and how to prequalify individuals for workforce programs.

Section 11. Section 445.033, Florida Statutes, is amended to read:

445.033 Evaluation.—The department ~~state board~~ and the Department of Children and Families shall measure the performance of workforce-related programs and services for participants who receive benefits pursuant to family self-sufficiency programs under chapter 414, and participants in welfare transition ~~arrange for evaluation of TANF-funded~~

151258

programs ~~operated~~ under this chapter, as follows:

~~(1) If required by federal waivers or other federal requirements, the state board and the department may provide for evaluation according to these requirements.~~

(1)~~(2)~~ The ~~state board and the~~ department shall consult with local workforce development boards to develop annual performance reports that analyze participants' transition from public assistance to self-sufficiency, including, but not limited to, ~~shall participate in the evaluation of this program in conjunction with evaluation of the state's workforce development programs or similar activities aimed at evaluating~~ program outcomes, cost-effectiveness, ~~or~~ return on investment, coenrollment in these programs, and the impact of time limits, sanctions, and other welfare reform measures ~~set out in this chapter~~. Each local board shall, at a minimum, provide quarterly reports on the following measures:

(a) The percent of participants working in unsubsidized employment.

(b) The percent of participants who stop receiving benefits for reasons other than disqualification or sanction.

(c) The number of sanctions and waivers that are granted, measured by the type of sanction or waiver and the number of completed compliance activities that lead to a restoration of benefits.

(d) The median placement wage rate.

(e) The TANF work participation rate, defined as the participation requirements specified under Pub. L. No. 109-171, the Deficit Reduction Act of 2005.

(f) A self-sufficiency index, by county, calculated each

151258

quarter based on the percent of current or former participants who stop receiving benefits or are working 30 or more hours per week and at 1 and 2 years after participants stop receiving benefits or work 30 or more hours per week. The quarterly report must include the percentage of participants earning at or above 200 percent of the federal poverty level 3 years after participants stop receiving benefits or work 30 or more hours per week. The quarterly report must also contain an expected range of performance for each county on the self-sufficiency index. The expected range shall be derived by a statistical methodology developed in consultation with the local boards. The statistical methodology shall control differences across counties in economic conditions and demographics of participants in family self-sufficiency programs under chapter 414, and welfare transition programs under this chapter ~~Evaluation shall also contain information on the number of participants in work experience assignments who obtain unsubsidized employment, including, but not limited to, the length of time the unsubsidized job is retained, wages, and the public benefits, if any, received by such families while in unsubsidized employment. The evaluation must solicit the input of consumers, community-based organizations, service providers, employers, and the general public, and must publicize, especially in low-income communities, the process for submitting comments~~.

(2) ~~(3)~~ The state board and the department shall ~~may~~ share information with and develop protocols for information exchange with the Florida Education and Training Placement Information Program.

(3) ~~(4)~~ The state board and the department may initiate or

participate in additional evaluation or assessment activities that will further the systematic study of issues related to program goals and outcomes.

(4) ~~(5)~~ In providing for evaluation activities, the state board and the department shall safeguard the use or disclosure of information obtained from program participants consistent with federal or state requirements. Evaluation methodologies may be used which are appropriate for evaluation of program activities, including random assignment of recipients or participants into program groups or control groups. To the extent necessary or appropriate, evaluation data shall provide information with respect to the state, district, or county, or other substate area.

(5) ~~(6)~~ The state board and the department may contract with a qualified organization for evaluations conducted under this section.

Section 12. Section 445.038, Florida Statutes, is amended to read:

445.038 Digital media; job training.—CareerSource Florida, Inc., through the Department of Economic Opportunity, may use funds dedicated for incumbent worker training for the digital media industry. Training may be provided by public or private training providers for broadband digital media jobs listed on the ~~targeted~~ occupations list developed by the Labor Market ~~Workforce~~ Estimating Conference ~~or CareerSource Florida, Inc~~. Programs that operate outside the normal semester time periods and coordinate the use of industry and public resources should be given priority status for funding.

Section 13. Subsection (8) of section 446.021, Florida

Statutes, is amended to read:

446.021 Definitions of terms used in ss. 446.011-446.092.—As used in ss. 446.011-446.092, the term:

(8) "Uniform minimum ~~preapprenticeship~~ standards" means the minimum requirements established uniformly for each occupation ~~craft~~ under which an apprenticeship or a preapprenticeship program is administered or a work-based learning opportunity is provided. The term ~~and~~ includes standards of admission, training goals, training objectives, curriculum outlines, objective standards to measure successful completion of the apprenticeship or preapprenticeship program or work-based learning opportunity, and the percentage of credit which may be given to an apprentice or a preapprentice or work-based learning student ~~preapprenticeship graduates upon acceptance into the apprenticeship program~~.

Section 14. Subsection (1), paragraphs (b) and (f) of subsection (2), and subsection (3) of section 446.032, Florida Statutes, are amended, and paragraphs (g) and (h) are added to subsection (2) of that section, to read:

446.032 General duties of the department for apprenticeship training.—The department shall:

(1) Establish uniform minimum standards and policies governing apprenticeship and preapprenticeship ~~apprentice~~ programs and agreements which must require training providers to submit data necessary to determine program performance consistent with state and federal law. The standards and policies shall govern the terms and conditions of the apprentice's employment and training, including the quality training of the apprentice for, but not limited to, such matters

151258

as ratios of apprentices to journeyworkers, safety, related instruction, and on-the-job training; but these standards and policies may not include rules, standards, or guidelines that require the use of apprentices and job trainees on state, county, or municipal contracts. The department shall ~~may~~ adopt rules necessary to administer the standards and policies.

(2) By September 1 of each year, publish an annual report on apprenticeship and preapprenticeship programs. The report must be published on the department's website and, at a minimum, include all of the following:

(b) A detailed summary of each local educational agency's expenditure of funds for apprenticeship and preapprenticeship programs, including:

1. The total amount of funds received for apprenticeship and preapprenticeship programs.~~;~~

2. The total amount of funds allocated by training provider, program, and ~~to each trade or~~ occupation.~~;~~

3. The total amount of funds expended for administrative costs by training provider, program, and ~~per trade or~~ occupation.~~; and~~

4. The total amount of funds expended for instructional costs by training provider, program, ~~per trade~~ and occupation.

(f) Documentation of activities conducted by the department to promote apprenticeship and preapprenticeship programs through public engagement, community-based partnerships, and other initiatives and the outcomes of such activities and their impact on establishing or expanding apprenticeship and preapprenticeship programs.

(g) Retention and completion rates of participants

151258

disaggregated by training provider, program, and occupation.

(h) Wage progression of participants as demonstrated by starting, exit, and postapprenticeship wages at 1 and 5 years after participants exit the program.

(3) Provide assistance to district school boards, Florida College System institution boards of trustees, program sponsors, and local workforce development boards in notifying students, parents, and members of the community of the availability of apprenticeship and preapprenticeship opportunities, including data provided in the economic security report under ~~pursuant to~~ s. 445.07 and other state career planning resources.

Section 15. Section 446.041, Florida Statutes, is amended to read:

446.041 ~~Apprenticeship program,~~ Duties of the department.—The department shall:

(1) Administer ss. 446.011-446.092.

(2) Administer the standards established by the department.

(3) Register in accordance with this chapter any apprenticeship or preapprenticeship program, regardless of affiliation, which meets standards established by the department.

(4) Investigate complaints concerning the failure of any registered program to meet the standards established by the department.

(5) Cancel the registration of any program that fails to comply with the standards and policies of the department or that unreasonably fails or refuses to cooperate with the department in monitoring and enforcing compliance with the standards.

(6) Develop and encourage apprenticeship programs.

(7) Lead and coordinate outreach efforts to educate veterans about apprenticeship and career opportunities.

(8) Cooperate with and assist local apprenticeship sponsors in the development of their apprenticeship standards and training requirements.

(9) Encourage registered apprenticeship programs to grant consideration and credit to individuals completing registered preapprenticeship programs.

(10) Monitor registered apprenticeship programs to ensure that they are being operated in compliance with all applicable standards.

(11) Supervise all apprenticeship programs that are registered with the department.

(12) Ensure that minority and gender diversity are considered in administering this program.

(13) Adopt rules required to administer ss. 446.011-446.092.

Section 16. Section 446.090, Florida Statutes, is created to read:

446.090 Work-based learning opportunities.—

(1) As used in this section, the term "work-based learning opportunity" means an interaction with industry or community professionals which occurs in a workplace setting, to the extent possible, or a simulated environment at an educational institution that allows firsthand experience with tasks required in a given career field, is aligned with curriculum and instruction, and is provided in partnership with an educational institution.

(2) A work-based learning opportunity must meet all of the

151258

following criteria:

(a) Be developmentally appropriate.

(b) Identify learning objectives for the term of experience.

(c) Explore multiple aspects of an industry.

(d) Develop workplace skills and competencies.

(e) Assess performance.

(f) Provide opportunities for work-based reflection.

(g) Link to next steps in career planning and preparation in a student's chosen career pathway.

(h) Be provided in an equal and fair manner.

(i) Be documented and reported in compliance with state and federal labor laws.

A work-based learning opportunity should prioritize paid experiences, such as apprenticeship and preapprenticeship programs.

(3) The State Board of Education shall adopt rules to implement this section which must include uniform minimum standards and guidelines for determining student eligibility, obligations of employers, and requirements of institutions that offer work-based learning opportunities.

Section 17. Subsection (43) of section 570.07, Florida Statutes, is amended to read:

570.07 Department of Agriculture and Consumer Services; functions, powers, and duties.—The department shall have and exercise the following functions, powers, and duties:

(43) In cooperation with the Institute of Food and Agricultural Sciences at the University of Florida and the

151258

College of Agriculture and Food Sciences at the Florida Agricultural and Mechanical University, submit industry certifications for agriculture occupations ~~to annually provide~~ to the Credentials Review Committee established in s. 445.004(4) ~~State Board of Education and the Department of Education information and industry certifications for farm occupations~~ to be considered for placement on the Master Credentials List ~~CAPE Industry Certification Funding List and the CAPE Postsecondary Industry Certification Funding List pursuant to s. 1008.44~~. ~~Information and industry certifications provided by the department must be based upon the best available data~~.

Section 18. Paragraph (b) of subsection (5) of section 1001.706, Florida Statutes, is amended to read:

1001.706 Powers and duties of the Board of Governors.—

(5) POWERS AND DUTIES RELATING TO ACCOUNTABILITY.—

(b) The Board of Governors shall develop a strategic plan specifying goals and objectives for the State University System and each constituent university, including each university's contribution to overall system goals and objectives. The strategic plan must:

1. Include performance metrics and standards common for all institutions and metrics and standards unique to institutions depending on institutional core missions, including, but not limited to, student admission requirements, retention, graduation, percentage of graduates who have attained employment, percentage of graduates enrolled in continued education, licensure passage, average wages of employed graduates, average cost per graduate, excess hours, student loan

151258

burden and default rates, faculty awards, total annual research expenditures, patents, licenses and royalties, intellectual property, startup companies, annual giving, endowments, and well-known, highly respected national rankings for institutional and program achievements.

2. Consider reports and recommendations of the Florida Talent Development Council under ~~pursuant to~~ s. 1004.015 and the Articulation Coordinating Committee under ~~pursuant to~~ s. 1007.01.

3. Include student enrollment and performance data delineated by method of instruction, including, but not limited to, traditional, online, and distance learning instruction.

4. Include criteria for designating baccalaureate degree and master's degree programs at specified universities as high-demand programs of emphasis. The programs of emphasis list adopted by the Board of Governors before July 1, 2021, shall be used for the 2021-2022 academic year. Beginning in the 2022-2023 academic year, the Board of Governors shall adopt the criteria to determine value for and prioritization of degree credentials and degree programs established by the Credentials Review Committee under s. 445.004 for designating ~~Fifty percent of the criteria for designation as~~ high-demand programs of emphasis. The Board of Governors must review designated programs of emphasis, at a minimum, every 3 years to ensure alignment with the prioritization of degree credentials and degree programs identified by the Credentials Review Committee ~~must be based on achievement of performance outcome thresholds determined by the Board of Governors, and 50 percent of the criteria must be based on achievement of performance outcome thresholds specifically~~

~~linked to:~~

~~a. Job placement in employment of 36 hours or more per week and average full-time wages of graduates of the degree programs 1 year and 5 years after graduation, based in part on data provided in the economic security report of employment and earning outcomes produced annually pursuant to s. 445.07.~~

~~b. Data-driven gap analyses, conducted by the Board of Governors, of the state's job market demands and the outlook for jobs that require a baccalaureate or higher degree. Each state university must use the gap analyses to identify internship opportunities for students to benefit from mentorship by industry experts, earn industry certifications, and become employed in high-demand fields~~.

Section 19. Paragraph (e) of subsection (1) of section 1003.4156, Florida Statutes, is amended to read:

1003.4156 General requirements for middle grades promotion.—

(1) In order for a student to be promoted to high school from a school that includes middle grades 6, 7, and 8, the student must successfully complete the following courses:

(e) One course in career and education planning to be completed in grades 6, 7, or 8, which may be taught by any member of the instructional staff. The course must be Internet-based, customizable to each student, and include research-based assessments to assist students in determining educational and career options and goals. In addition, the course must result in a completed personalized academic and career plan for the student that may be revised as the student progresses through middle school and high school; must emphasize the importance of

entrepreneurship and employability skills; and must include information from the Department of Economic Opportunity's economic security report under s. 445.07 and other state career planning resources. The required personalized academic and career plan must inform students of high school graduation requirements, including a detailed explanation of the requirements for earning a high school diploma designation under s. 1003.4285; the requirements for each scholarship in the Florida Bright Futures Scholarship Program; state university and Florida College System institution admission requirements; available opportunities to earn college credit in high school, including Advanced Placement courses; the International Baccalaureate Program; the Advanced International Certificate of Education Program; dual enrollment, including career dual enrollment; and career education courses, including career-themed courses, preapprenticeship and apprenticeship programs, and course sequences that lead to industry certification pursuant to s. 1003.492 or s. 1008.44. The course may be implemented as a stand-alone course or integrated into another course or courses.

Section 20. Paragraph (s) of subsection (2) of section 1003.42, Florida Statutes, is amended to read:

1003.42 Required instruction.—

(2) Members of the instructional staff of the public schools, subject to the rules of the State Board of Education and the district school board, shall teach efficiently and faithfully, using the books and materials required that meet the highest standards for professionalism and historical accuracy, following the prescribed courses of study, and employing

approved methods of instruction, the following:

(s) A character development program in the elementary schools, similar to Character First or Character Counts, which is secular in nature. Beginning in school year 2004-2005, the character development program shall be required in kindergarten through grade 12. Each district school board shall develop or adopt a curriculum for the character development program that shall be submitted to the department for approval. The character development curriculum shall stress the qualities of patriotism; responsibility; citizenship; kindness; respect for authority, life, liberty, and personal property; honesty; charity; self-control; racial, ethnic, and religious tolerance; and cooperation. The character development curriculum for grades 9 through 12 shall, at a minimum, include instruction on developing leadership skills, interpersonal skills, organization skills, and research skills; creating a resume, including a digital resume; exploring career pathways; using state career planning resources; developing and practicing the skills necessary for employment interviews; conflict resolution, workplace ethics, and workplace law; managing stress and expectations; and developing skills that enable students to become more resilient and self-motivated.

The State Board of Education is encouraged to adopt standards and pursue assessment of the requirements of this subsection. A character development program that incorporates the values of the recipients of the Congressional Medal of Honor and that is offered as part of a social studies, English Language Arts, or other schoolwide character building and veteran awareness

151258

initiative meets the requirements of paragraphs (s) and (t).

Section 21. Subsections (3) and (5) of section 1003.4203, Florida Statutes, are amended to read:

1003.4203 Digital materials, CAPE Digital Tool certificates, and technical assistance.—

(3) CAPE DIGITAL TOOL CERTIFICATES.—The department shall identify, in the CAPE Industry Certification Funding List under ss. 1003.492 and 1008.44 ~~by June 15 of each year~~, CAPE Digital Tool certificates that indicate a student's digital skills. The department shall notify each school district when the certificates are available. The certificates shall be made available to all public elementary and middle grades students.

(a) Targeted skills to be mastered for the certificate include digital skills that are necessary to the student's academic work and skills the student may need in future employment. ~~The skills must include, but are not limited to, word processing; spreadsheets; presentations, including sound, motion, and color presentations; digital arts; cybersecurity; and coding consistent with CAPE industry certifications that are listed on the CAPE Industry Certification Funding List, pursuant to ss. 1003.492 and 1008.44.~~ CAPE Digital Tool certificates earned by students are eligible for additional full-time equivalent membership under ~~pursuant to~~ s. 1011.62(1)(o)1.a.

(b) The school district shall notify each middle school advisory council of the methods of delivery of the open-access content and assessments for the certificates. If there is no middle school advisory council, notification must be provided to the district advisory council.

(c) The Legislature intends that by July 1, 2018, on an

151258

annual basis, at least 75 percent of public middle grades students earn at least one CAPE Digital Tool certificate.

(5) CAPE INNOVATION AND CAPE ACCELERATION.—

(a) *CAPE Innovation.* ~~Up to five~~ Courses identified in the CAPE Industry Certification Funding List which ~~annually approved by the commissioner that~~ combine academic and career content, and performance outcome expectations that, if achieved by a student, shall articulate for college credit and be eligible for additional full-time equivalent membership under ~~pursuant to~~ s. 1011.62(1)(o)1.c. Such approved courses must incorporate at least two third-party assessments that, if successfully completed by a student, shall articulate for college credit. At least one of the two third-party assessments must be associated with an industry certification that is identified on the CAPE Industry Certification Funding List. Each course that is approved by the commissioner must be specifically identified in the Course Code Directory as a CAPE Innovation Course.

(b) *CAPE Acceleration.*—Industry certifications~~, annually approved by the commissioner,~~ that articulate for 15 or more college credit hours and, if successfully completed, are ~~shall be~~ eligible for additional full-time equivalent membership under ~~pursuant to~~ s. 1011.62(1)(o)1.d. Each approved industry certification must be specifically identified in the CAPE Industry Certification Funding List as a CAPE Acceleration Industry Certification.

Section 22. Paragraphs (a) and (b) of subsection (3) and subsection (5) of section 1003.491, Florida Statutes, are amended to read:

1003.491 Florida Career and Professional Education Act.—The

Florida Career and Professional Education Act is created to provide a statewide planning partnership between the business and education communities in order to attract, expand, and retain targeted, high-value industry and to sustain a strong, knowledge-based economy.

(3) The strategic 3-year plan developed jointly by the local school district, local workforce development boards, economic development agencies, and state-approved postsecondary institutions shall be constructed and based on:

(a) Research conducted to objectively determine local and regional workforce needs for the ensuing 3 years, using labor projections as identified by the Labor Market Estimating Conference created in s. 216.136 ~~of the United States Department of Labor and the Department of Economic Opportunity~~;

(b) Strategies to develop and implement career academies or career-themed courses based on occupations identified by the Labor Market Estimating Conference created in s. 216.136 ~~those careers determined to be high-wage, high-skill, and high-demand~~;

(5)(a) The Commissioner of Education shall conduct an annual review of K-12 and postsecondary career and technical education offerings that, at a minimum, must examine:~~, in consultation with the Department of Economic Opportunity, CareerSource Florida, Inc., leaders of business and industry, the Board of Governors, the Florida College System, school districts, and other education stakeholders, to determine the alignment of existing offerings with employer demand, postsecondary degree or certificate programs, and professional industry certifications. The review shall identify career and technical education offerings that are linked to occupations~~

151258

~~that are in high demand by employers, require high-level skills, and provide middle-level and high-level wages.~~

1. Alignment of offerings with the framework of quality under s. 445.004(4).

2. Alignment of offerings at the K-12 and postsecondary levels with credentials or degree programs identified on the Master Credentials List under s. 445.004(4).

3. Program utilization and unwarranted duplication across institutions serving the same students in a geographical or service area.

4. Institutional performance measured by student outcomes such as academic achievement, college readiness, postsecondary enrollment, credential and certification attainment, job placement, and wages.

(b) The annual review shall utilize data captured through the Workforce Development Information System under s. 1008.40 and provide an automated data collection process that includes the collection and evaluation of the federal Comprehensive Local Needs Assessments, to assist in the review of programs.

(c) ~~(b)~~ Using the findings from the annual review required in paragraphs (a) and (b) ~~paragraph (a)~~, the commissioner shall phase out career and technical education offerings that are not aligned with the framework of quality, do not meet labor market demand under s. 445.004(4), do not meet institutional performance, or are unwarranted program duplications. The commissioner shall ~~needs of employers or do not provide program completers with a middle-wage or high-wage occupation and~~ encourage school districts and Florida College System institutions to offer programs that are not offered currently.

151258

(d) The department shall adopt rules to administer this section.

Section 23. Subsections (2) through (5) of section 1003.492, Florida Statutes, are amended to read:

1003.492 Industry-certified career education programs.—

(2) Industry certification as used in this section is a voluntary process through which students are assessed by an independent, third-party certifying entity using predetermined standards for knowledge, skills, and competencies, resulting in the award of a credential that is identified on the Master Credentials List under s. 445.004(4) ~~nationally recognized and must be at least one of the following:~~

~~(a) Within an industry that addresses a critical local or statewide economic need;~~

~~(b) Linked to an occupation that is included in the workforce system's targeted occupation list; or~~

~~(c) Linked to an occupation that is identified as emerging.~~

~~(3) The State Board of Education shall use the expertise of CareerSource Florida, Inc., and the Department of Agriculture and Consumer Services to develop and adopt rules pursuant to ss. 120.536(1) and 120.54 for implementing an industry certification process~~.

~~(a) For nonfarm occupations, industry certification must be based upon the highest available national standards for~~ ~~specific industry certification to ensure student skill proficiency and to address emerging labor market and industry trends. A local workforce development board or a school principal may apply to CareerSource Florida, Inc., to request additions to the approved list of industry certifications based on high-skill, high-wage,~~

151258

~~and high-demand job requirements in the local economy.~~

~~(b) For farm occupations submitted pursuant to s. 570.07, industry certification must demonstrate student skill proficiency and be based upon the best available data to address critical local or statewide economic needs.~~

~~(4) The list of industry certifications approved by CareerSource Florida, Inc., the Department of Agriculture and Consumer Services, and the Department of Education shall be published and updated annually by a date certain, to be included in the adopted rule.~~

(3)~~(5)~~ The Department of Education shall collect student achievement and performance data in industry-certified career education programs and career-themed courses which includes ~~and shall work with CareerSource Florida, Inc., and the Department of Agriculture and Consumer Services in the analysis of collected data. The data collection and analyses shall examine the performance of participating students over time. Performance factors must include~~, but need not be limited to, graduation rates, retention rates, Florida Bright Futures Scholarship awards, additional educational attainment, employment records, earnings, industry certification, return on investment, and employer satisfaction. ~~The results of this study shall be submitted to the President of the Senate and the Speaker of the House of Representatives annually by December 31.~~

Section 24. Paragraph (a) of subsection (2) and subsection (3) of section 1003.4935, Florida Statutes, are amended to read:

1003.4935 Middle grades career and professional academy courses and career-themed courses.—

(2) Each middle grades career and professional academy or

151258

career-themed course must be aligned with at least one high school career and professional academy or career-themed course offered in the district and maintain partnerships with local business and industry and economic development boards. Middle grades career and professional academies and career-themed courses must:

(a) Lead to careers in occupations aligned to ~~designated as high-skill, high-wage, and high-demand in~~ the CAPE Industry Certification Funding List approved under rules adopted by the State Board of Education;

(3) Beginning with the 2012-2013 school year, if a school district implements a middle school career and professional academy or a career-themed course, the Department of Education shall collect and report student achievement data pursuant to performance factors identified under s. 1003.492(3) ~~s. 1003.492(5)~~ for students enrolled in an academy or a career-themed course.

Section 25. Subsection (3) is added to section 1004.013, Florida Statutes, to read:

1004.013 SAIL to 60 Initiative.—

(3) There is created within the SAIL to 60 Initiative the Strategic Efforts to Achieve Self-Sufficiency (SEAS) which consists of:

(a) The workforce opportunity portal under s. 14.36, which provides the public with more effective access to available federal, state, and local services and a systemwide, global view of workforce-related program data across various programs through actionable qualitative and quantitative information.

(b) The Open Door Grant Program under s. 1009.895, which

151258

provides grants to school district's postsecondary technical centers and Florida College System institutions to cover up to two-thirds of the cost of short-term high-demand programs for eligible students upon successful completion and award of a credential of value.

(c) The Money-Back Guarantee Program under s. 1011.803, which requires each school district and Florida College System institution to refund the cost of tuition to students who are not able to find a job within 6 months of successful completion of select workforce-related programs.

Section 26. Subsection (6) is added to section 1004.015, Florida Statutes, to read:

1004.015 Florida Talent Development Council.—

(6) The council shall coordinate, facilitate, and communicate statewide efforts to meet supply and demand needs for the state's healthcare workforce. Annually, beginning December 1, 2021, the council shall report on the implementation of this subsection and any other relevant information on the Florida Talent Development Council's webpage located on the Department of Economic Opportunity's website. To support the efforts of the council, the Board of Governors and the State Board of Education shall:

(a) Conduct a statistically valid biennial data-driven gap analysis of the supply and demand of the healthcare workforce. Demand must align with the Labor Market Estimating Conference created in s. 216.136.

(b) Provide 10-year trend information on nursing education programs subject to the requirements of s. 464.019. The Department of Health, the Board of Governors, the State Board of

151258

Education, the Commission for Independent Education, the Independent Colleges and Universities of Florida, and postsecondary institutions participating in a state grant program under s. 1009.89 or s. 1009.891 shall provide data on:

1. The number and type of programs and student slots available.

2. The number of student applications submitted, the number of qualified student applicants, and the number of students accepted.

3. The number of program graduates.

4. Program retention rates of students tracked from program entry to graduation.

5. Graduate passage rates on and the number of times each graduate took the National Council of State Boards of Nursing Licensing Examination.

6. The number of graduates who become employed as practical or professional nurses in this state.

7. The educational advancement of nurses through career pathways by comparing their initial degree to the highest degree they obtained for the preceding 10 years.

(c) Develop a survey for use by the Department of Health, the Commission for Independent Education, the Independent Colleges and Universities of Florida, and postsecondary institutions participating in a state grant program under s. 1009.89 or s. 1009.891, to collect data required under paragraph (b). The survey must include, but is not limited to, a student's age, gender, race, ethnicity, veteran status, wage, employer information, loan debt, and retirement expectations.

Section 27. Subsections (12) and (25) of section 1004.02,

Florida Statutes, are amended to read:

1004.02 Definitions.—As used in this chapter:

(12) "Continuing workforce education" means instruction that does not result in a registered apprenticeship certificate of completion, technical certificate, diploma, associate in applied science degree, or associate in science degree. Continuing workforce education is for:

(a) Individuals who are required to have training for licensure renewal or certification renewal by a regulatory agency or credentialing body;

(b) New or expanding businesses as described in chapter 288;

(c) Business, industry, and government agencies whose products or services are changing so that retraining of employees is necessary or whose employees need training in specific skills to increase efficiency and productivity; or

(d) Individuals who are enhancing occupational skills necessary to maintain current employment, to cross train, or to upgrade employment.

(25) "Workforce education" means adult general education or career education and may consist of a continuing workforce education course or a program of study leading to an occupational completion point, a career certificate, an applied technology diploma, ~~or~~ a career degree, or a registered apprenticeship certificate of completion.

Section 28. Section 1006.75, Florida Statutes, is created to read:

1006.75 Student career services.—

(1) Each career center, charter technical center, Florida

151258

College System institution, and state university shall ensure that their student career service centers and job placement resources prepare students for employment upon completion of their academic work.

(2) Student career service centers shall, to the extent possible, use state career planning resources to assist students with all of the following:

(a) Exploring and identifying career opportunities.

(b) Identifying in-demand jobs and associated earning outcomes.

(c) Understanding the skills and credentials needed for specific jobs.

(d) Identifying opportunities to gain on-the-job experiences.

(e) Creating a digital resume.

Section 29. Subsections (4) through (9) of section 1007.25, Florida Statutes, are redesignated as subsections (5) through (10), respectively, present subsections (10), (11), and (12) are redesignated as subsections (12), (13), and (14), respectively, new subsections (4) and (11) are added to that section, and present subsections (3) and (5) are amended, to read:

1007.25 General education courses; common prerequisites; other degree requirements.—

(3) The chair of the State Board of Education and the chair of the Board of Governors, or their designees, shall jointly appoint faculty committees to identify statewide general education core course options. General education core course options shall consist of a maximum of five courses within each of the subject areas of communication, mathematics, social

sciences, humanities, and natural sciences. The core courses may be revised, or the five-course maximum within each subject area may be exceeded, if approved by the State Board of Education and the Board of Governors, as recommended by the subject area faculty committee and approved by the Articulation Coordinating Committee as necessary for a subject area. Each general education core course option must contain high-level academic and critical thinking skills and common competencies that students must demonstrate to successfully complete the course. Beginning with students initially entering a Florida College System institution or state university in 2015-2016 and thereafter, each student must complete at least one identified core course in each subject area as part of the general education course requirements. Beginning in the 2022-2023 academic year and thereafter, students entering a technical degree education program as defined in s. 1004.02(13) must complete at least one identified core course in each subject area as part of the general education course requirements before a degree is awarded. All public postsecondary educational institutions shall accept these courses as meeting general education core course requirements. The remaining general education course requirements shall be identified by each institution and reported to the department by their statewide course number. The general education core course options shall be adopted in rule by the State Board of Education and in regulation by the Board of Governors.

(4) The chair of the State Board of Education and the chair of the Board of Governors, or their designees, shall jointly appoint faculty committees to identify the competencies within

the general education core courses which demonstrate career readiness and will result in the award of a verifiable and interoperable, nationally recognized digital credential. All public postsecondary educational institutions shall grant and accept the identified digital credential. Beginning with students initially entering a Florida College System institution or state university in 2022-2023 and thereafter, each student must be able to distinguish in the institution's or university's catalog which general education core courses are linked to earning a digital credential.

(6) ~~(5)~~ The department shall identify those courses offered by universities and accepted for credit toward a degree. The department shall identify courses designated as either general education or required as a prerequisite for a degree and the digital credentials that may be earned through the general education core courses. The courses shall be identified by their statewide course numbers.

(11) Courses that provide instruction in student life skills, including career planning and exploration, or similar instruction, and fulfill the requirements for a degree in subsection (9) or subsection (10) or a degree from a technical degree education program as defined in s. 1004.02(13), may use state career planning resources and provide students with the opportunity to create a digital resume.

Section 30. Subsection (2) of section 1008.39, Florida Statutes, is amended to read:

1008.39 Florida Education and Training Placement Information Program.—

(2) Any project conducted by the Department of Education or

151258

the workforce development system that requires placement information shall use information provided through the Florida Education and Training Placement Information Program, and shall not initiate automated matching of records in duplication of methods already in place in the Florida Education and Training Placement Information Program. The department shall implement an automated system which matches the social security numbers of former participants in workforce-related programs as defined in s. 14.36 and state educational and training programs with information in the files of state and federal agencies that maintain educational, employment, and United States armed service records and shall implement procedures to identify the occupations of those former participants whose social security numbers are found in employment records, as required by Specific Appropriation 337A, chapter 84-220, Laws of Florida; Specific Appropriation 337B, chapter 85-119, Laws of Florida; Specific Appropriation 350A, chapter 86-167, Laws of Florida; and Specific Appropriation 351, chapter 87-98, Laws of Florida. The system shall incorporate data collection elements prescribed by the Credentials Review Committee under s. 445.004.

Section 31. Section 1008.40, Florida Statutes, is amended to read:

1008.40 Workforce Development Information System.—The Department of Education shall:

(1) Design specifications for the collection and reporting of data and performance specifications for the Workforce Development Information System. This design must:

(a) Use common terms and enable parallel reporting and state-level access of workforce data necessary to use the data

reports as a basis for calculating funding allocations, conducting audits, and determining compliance of workforce-related programs, as defined in s. 14.36, and education and training programs with applicable federal and state requirements as authorized by federal and state law. This includes establishing a process for the collection, review, and reporting of Comprehensive Local Needs Assessments as required by federal law.

(b) Provide ~~In addition, the design must be capable of providing~~ reports necessary to comply with other program performance documentation required by state or federal law, without requiring additional data collection or reporting from local educational agencies.

(c) Link data from multiple sources for consideration in developing broad public policy initiatives for workforce-related programs as defined in s. 14.36.

(2) Develop the computer programs, software, and edit processes necessary for local and state users to produce a single, unified Workforce Development Information System.

(3) Work with the Department of Economic Opportunity, the Department of Children and Families, and other entities to define statewide education, workforce development, and employment metrics and ensure the integrity and quality of data being collected.

(4) Develop a workforce development metrics dashboard that measures the state’s investments in workforce development. To the extent feasible, the dashboard shall use statistically rigorous methodologies to estimate, assess, and isolate the impact of programs on participant outcomes. The workforce

151258

development metrics dashboard shall be produced, to the extent feasible, using existing available data and resources that are currently collected and accessible to state agencies. The department shall convene workforce-related program partners to develop a standardized set of inputs and outputs for the workforce development metrics dashboard. The workforce development metrics dashboard must:

(a) Display the impact of workforce-related programs, as defined in s. 14.36, on credential attainment, training completion, degree attainment, and participant wages.

(b) Provide demographic breakdowns, including, to the extent possible, race, ethnicity, age, gender, veteran status, wage, student loan debt, barriers to employment, and credential or degree outcomes, and information on workforce outcomes in different industry sectors.

(c) Measure, at a minimum and to the extent feasible with existing resources, the return on investment of the following workforce-related programs:

1. Career and technical education offered by school districts and Florida College System institutions.

2. Workforce-related programs as defined in s. 14.36.

3. State apprenticeship programs.

(d) Provide performance data on training providers to enable individuals to make informed choices.

Section 32. Subsection (3) of section 1008.41, Florida Statutes, is amended to read:

1008.41 Workforce education; management information system.—

(3) Planning and evaluation of job-preparatory programs

shall be based on standard sources of data and use standard occupational definitions and coding structures, including, but not limited to:

(a) The Florida Occupational Information System.~~;~~

(b) The Florida Education and Training Placement Information Program.~~;~~

(c) The Department of Economic Opportunity.~~;~~

(d) The United States Department of Labor.~~; and~~

(e) The Labor Market Estimating Conference created in s. 216.136.

(f)~~(e)~~ Other sources of data developed using statistically valid procedures.

Section 33. Subsections (1) and (2) and paragraph (c) of subsection (4) of section 1008.44, Florida Statutes, are amended to read:

1008.44 CAPE Industry Certification Funding List ~~and CAPE Postsecondary Industry Certification Funding List~~.—

(1) The State Board of Education ~~Pursuant to ss. 1003.4203 and 1003.492, the Department of Education~~ shall adopt, at least annually, based upon recommendations by the Commissioner of Education the CAPE Industry Certification Funding List that assigns additional full-time equivalent membership to certifications identified in the Master Credentials List under s. 445.004(4) that meets a statewide, regional, or local demand, and courses that lead to such certifications, in accordance with s. 1011.62(1)(o). Additional full-time equivalent membership funding for regional and local demand certifications and courses that lead to such certifications may only be earned in those areas with regional or local demand as identified by the

151258

Credentials Review Committee. ~~identify, under rules adopted by the State Board of Education, and the Commissioner of Education may at any time recommend adding~~ The CAPE Industry Certification Funding List may include the following certificates, certifications, and courses:

(a) CAPE industry certifications identified as credentials of value that meet the framework of quality under pursuant to s. 445.004(4), ~~on the CAPE Industry Certification Funding List~~ that must be applied in the distribution of funding to school districts under ~~pursuant to~~ s. 1011.62(1)(o). The CAPE Industry Certification Funding List shall incorporate by reference the industry certifications on the career pathways list approved for the Florida Gold Seal CAPE ~~Vocational~~ Scholars award. ~~In addition, by August 1 of each year, the not-for-profit corporation established pursuant to s. 445.004 may annually select one industry certification, that does not articulate for college credit, for inclusion on the CAPE Industry Certification Funding List for a period of 3 years unless otherwise approved by the curriculum review committee pursuant to s. 1003.491. Such industry certifications, if earned by a student, shall be eligible for additional full-time equivalent membership, pursuant to s. 1011.62(1)(o)1.~~

(b) ~~No more than 30~~ CAPE Digital Tool certificates under ~~limited to the areas of word processing; spreadsheets; sound, motion, and color presentations; digital arts; cybersecurity; and coding pursuant to~~ s. 1003.4203(3) that do not articulate for college credit. ~~Such certificates shall be annually identified on the CAPE Industry Certification Funding List and updated solely by the Chancellor of Career and Adult Education.~~

151258

The certificates shall be made available to students in elementary school and middle school grades and, if earned by a student, shall be eligible for additional full-time equivalent membership under ~~pursuant to~~ s. 1011.62(1)(o)1.

(c) CAPE ESE Digital Tool certificates, workplace industry certifications, and OSHA industry certifications ~~identified by the Chancellor of Career and Adult Education~~ for students with disabilities under ~~pursuant to~~ s. 1003.4203(2). Such certificates and certifications shall ~~be identified on the CAPE Industry Certification Funding List and~~, if earned by a student, be eligible for additional full-time equivalent membership under ~~pursuant to~~ s. 1011.62(1)(o)1.

(d) CAPE Innovation Courses that combine academic and career performance outcomes with embedded industry certifications under ~~shall be annually approved by the Commissioner of Education and identified pursuant to~~ s. 1003.4203(5)(a). Such courses shall ~~and~~, if completed by a student, be eligible for additional full-time equivalent membership under ~~pursuant to~~ s. 1011.62(1)(o)1.

(e) CAPE Acceleration Industry Certifications that articulate for 15 or more college credit hours under ~~pursuant to~~ s. 1003.4203(5)(b). Such certifications shall ~~be annually approved by the Commissioner of Education and~~, if successfully completed, ~~shall~~ be eligible for additional full-time equivalent membership under ~~pursuant to~~ s. 1011.62(1)(o)1. ~~The approved industry certifications must be identified on the CAPE Industry Certification Funding List.~~

(f) The Commissioner of Education shall conduct a review of the methodology used to determine additional full-time

151258

equivalent membership weights assigned in s. 1011.62(1)(o) and, if necessary, recommend revised weights. The weights must factor in the prioritization of critical shortages of labor market demand and middle-level to high-level wage earning outcomes as identified by the Credentials Review Committee under s. 445.004. The results of the review and the commissioner's recommendations must be submitted to the Governor, the President of the Senate, and the Speaker of the House of Representatives no later than December 1, 2021.

(2) ~~The State Board of Education shall approve, at least annually, the CAPE Postsecondary Industry Certification Funding List pursuant to this section. The Commissioner of Education shall recommend, at least annually, the CAPE Postsecondary Industry Certification Funding List to the State Board of Education and may at any time recommend adding certifications. The Chancellor of the State University System, the Chancellor of the Florida College System, and the Chancellor of Career and Adult Education shall work with local workforce boards, other postsecondary institutions, businesses, and industry to identify, create, and recommend to the Commissioner of Education industry certifications to be placed on the funding list.~~ The CAPE Industry Certification Funding List adopted under subsection (1) must ~~list shall~~ be used to determine annual performance funding distributions to school districts or Florida College System institutions as specified in ss. 1011.80 and 1011.81, respectively. ~~The chancellors shall review results of the economic security report of employment and earning outcomes produced annually pursuant to s. 445.07 when determining recommended certifications for the list, as well as other~~

151258

~~reports and indicators available regarding certification needs.~~

(4)

(c) The Articulation Coordinating Committee shall review statewide articulation agreement proposals for industry certifications and make recommendations to the State Board of Education for approval. After an industry certification is approved by CareerSource Florida, Inc., under s. 445.004(4) ~~adopted by the State Board of Education for inclusion on the CAPE Industry Certification Funding List~~, the Chancellor of Career and Adult Education, within 90 days, must provide to the Articulation Coordinating Committee recommendations for articulation of postsecondary credit for related degrees for the approved certifications.

Section 34. Section 1009.895, Florida Statutes, is created to read:

1009.895 Open Door Grant Program.—

(1) As used in this section, the term:

(a) "Cost of the program" means the cost of tuition, fees, examination, books, and materials to a student enrolled in an eligible program.

(b) "Department" means the Department of Education.

(c) "Institution" means school district postsecondary technical career centers under s. 1001.44, Florida College System institutions under s. 1000.21(3), and charter technical career centers under s. 1002.34.

(d) "Program" means a noncredit industry certification preparation, clock-hour career certificate programs, or for-credit short-term career and technical education programs that result in the award of credentials identified under s.

445.004(4).

(e) "Student" means a person who is a resident of this state as determined under s. 1009.21 and is unemployed, underemployed, or furloughed.

(2) The Open Door Grant Program is established for the purpose of:

(a) Creating and sustaining a demand-driven supply of credentialed workers for high-demand occupations by addressing and closing the gap between the skills needed by workers in this state and the skills of the available workforce in this state.

(b) Expanding the affordability of workforce training and credentialing.

(c) Increasing the interest of current and future workers in short-term, high-demand career and technical education credentialing and certificate programs.

(3) The department shall provide grants to institutions on a first-come, first-serve basis for students who enroll in an eligible program. The department shall prioritize funding for integrated education and training programs in which institutions establish partnerships with local workforce development boards to provide basic skills instruction, contextually and concurrently, with workforce training that results in the award of credentials under s. 445.004(4). One-quarter of the appropriated funds must be prioritized to serve students attending rural institutions. No more than one-quarter of the appropriated funds may be disbursed annually to any eligible institution.

(4) To be eligible to receive an open door grant under this section, a student must complete the Free Application for

Federal Student Aid for each academic year in which the grant is sought.

(5) Subject to the availability of funds:

(a) A student who enrolls in an eligible program offered by an institution and who does not receive state or federal financial aid may apply for and be awarded a grant to cover two-thirds of the cost of the program, if at the time of enrollment the student pays one-third of the cost of the program and signs an agreement to either complete the program or pay an additional one-third of the cost of the program in the event of noncompletion. The department shall reimburse the institution in an amount equal to one-third of the cost of the program upon a student's completion of the program. An additional one-third shall be provided upon attainment of a workforce credential or certificate by the student. Grant funds may be used to cover the student's one-third of the cost of the program for students in integrated education and training programs and students who do not have a high school diploma and meet the requirements established by the department.

(b) A student receiving state or federal financial aid who enrolls in an eligible program offered by an institution may apply for and be awarded a grant to cover the unmet need of the cost of the program after the application of all eligible financial aid. Financial aid and grants received by the student shall be credited first to the student's costs before the award of an open door grant. After a student is enrolled in an eligible program, the department shall award the grant to the institution for the amount of unmet need for the eligible student.

(6) The department may not reimburse any institution more than $3,000 per completed workforce training program by an eligible student.

(7) The department shall administer the grant and shall carry out the goals and purposes of the grant set forth in subsection (2). In administering the grant, the department shall:

(a) Require eligible institutions to provide student-specific data.

(b) Undertake periodic assessments of the overall success of the grant program and recommend modifications, interventions, and other actions based on such assessments.

(c) Establish the procedure by which eligible institutions shall notify the department when eligible students enroll in eligible programs.

(d) Require each eligible institution to submit a report with data from the previous fiscal year on program completion and credential attainment by students participating in the grant program that, at a minimum, includes:

1. A list of the programs offered.

2. The number of students who enrolled in the programs.

3. The number of students who completed the programs.

4. The number of students who attained workforce credentials, categorized by credential name and relevant occupation, after completing training programs.

5. The average cost per workforce credential attained, categorized by credential name and relevant occupation.

(8) The department shall compile the data provided under paragraph (7)(d) and annually report such data, in the aggregate

and categorize such information by eligible institution, to the State Board of Education. The report shall also include information on the average wage, age, gender, race, ethnicity, veteran status, and other relevant information, of students who have completed workforce training programs categorized by credential name and relevant occupation.

(9) The State Board of Education shall adopt rules to implement this section.

Section 35. Subsections (10), (11), and (12), of section 1011.80, Florida Statutes, are redesignated as subsections (9), (10), and (13), respectively, a new subsection (12) is added to that section, and subsection (2), paragraph (a) of subsection (6), paragraph (b) of subsection (7), and subsection (9) of that section are amended, to read:

1011.80 Funds for operation of workforce education programs.—

(2) Upon approval by the State Board of Education, any workforce education program may be conducted by a Florida College System institution or a school district, except that college credit in an associate in applied science or an associate in science degree may be awarded only by a Florida College System institution. However, if an associate in applied science or an associate in science degree program contains within it an occupational completion point that confers a certificate or an applied technology diploma, that portion of the program may be conducted by a school district career center. Any instruction designed to articulate to a degree program is subject to guidelines and standards adopted by the State Board of Education under ~~pursuant to~~ s. 1007.25.

(a) The State Board of Education shall establish criteria, based on the framework of quality established by the Credentials Review Committee under s. 445.004(4), for review and approval of new workforce education programs by a Florida College System institution or a school district that are not included in the statewide curriculum framework.

(b) A Florida College System institution or school district offering a new workforce education program in the statewide curriculum framework may not receive performance funding and additional full-time equivalent membership funding until the workforce education program is reviewed, through an expedited review process, and approved by the State Board of Education based on criteria that must include, but is not limited to, the following:

1. A description of the new workforce education program that includes all of the following:

a. An analysis of workforce demand and unmet need for graduates of the program on a district, regional, or statewide basis, as appropriate, including evidence from entities independent of the technical center or institution.

b. The geographic region to be served.

2. Documentation of collaboration among technical centers and institutions serving the same students in a geographical or service area that enhances program offerings and prevents program duplication that exceeds workforce need. Unnecessary duplication of programs offered by public and private institutions must be avoided.

3. Beginning with the 2022-2023 academic year, alignment of program offerings with credentials or degree programs identified

on the Master Credentials List under s. 445.004(4).

4. Articulation agreements between technical centers and Florida College System institutions for the enrollment of graduates in related workforce education programs.

5. Documentation of alignment between the exit requirements of a technical center and the admissions requirements of a Florida College System institution into which students typically transfer.

6. Performance and compliance indicators that will be used in determining the program's success.

(6) State funding and student fees for workforce education instruction shall be established as follows:

(a) Expenditures for the continuing workforce education programs provided by the Florida College System institutions or school districts must be fully supported by fees, except for preapprenticeship and apprenticeship programs as defined in s. 446.021(5) and (6). Enrollments in continuing workforce education courses shall not be counted for purposes of funding full-time equivalent enrollment, except for preapprenticeship and apprenticeship programs as defined in s. 446.021(5) and (6).

(7)

(b) Performance funding for industry certifications for school district workforce education programs is contingent upon specific appropriation in the General Appropriations Act and shall be determined as follows:

~~1. Occupational areas for which industry certifications may be earned, as established in the General Appropriations Act, are eligible for performance funding. Priority shall be given to the occupational areas emphasized in state, national, or corporate~~

151258

~~grants provided to Florida educational institutions.~~

1.~~2. The Chancellor of Career and Adult Education shall identify the~~ Industry certifications identified ~~eligible for funding~~ on the CAPE ~~Postsecondary~~ Industry Certification Funding List approved by the State Board of Education under ~~pursuant to~~ s. 1008.44, are eligible for performance funding ~~based on the occupational areas specified in the General Appropriations Act~~.

2.~~3.~~ Each school district shall be provided $1,000 for each industry certification earned by a workforce education student. If funds are insufficient to fully fund the calculated total award, such funds shall be prorated. Beginning with the 2022-2023 fiscal year, the Credentials Review Committee established in s. 445.004 shall develop a returned-value funding formula to allocate school district performance funds that rewards student job placements and wages for students earning industry certifications, with a focus on increasing the economic mobility of underserved populations. One-third of the performance funds shall be allocated based on student job placements. The remaining two-thirds shall be allocated using a tiered, weighted system based on aggregate student wages that exceed minimum wage, with the highest weight applied to the highest wage tier, with additional weight for underserved populations. Student wages above minimum wage are considered to be the value added by the institution’s training. At a minimum, the formula must take into account variables such as differences in population and wages across school districts.

~~(9) The State Board of Education and the state board as defined in s. 445.002 shall provide the Legislature with recommended formulas, criteria, timeframes, and mechanisms for~~

~~distributing performance funds. The commissioner shall consolidate the recommendations and develop a consensus proposal for funding. The Legislature shall adopt a formula and distribute the performance funds to the State Board of Education for Florida College System institutions and school districts through the General Appropriations Act. These recommendations shall be based on formulas that would discourage low-performing or low-demand programs and encourage through performance-funding awards:~~

~~(a) Programs that prepare people to enter high-wage occupations identified by the Workforce Estimating Conference created by s. 216.136 and other programs as approved by the state board as defined in s. 445.002. At a minimum, performance incentives shall be calculated for adults who reach completion points or complete programs that lead to specified high-wage employment and to their placement in that employment.~~

~~(b) Programs that successfully prepare adults who are eligible for public assistance, economically disadvantaged, disabled, not proficient in English, or dislocated workers for high-wage occupations. At a minimum, performance incentives shall be calculated at an enhanced value for the completion of adults identified in this paragraph and job placement of such adults upon completion. In addition, adjustments may be made in payments for job placements for areas of high unemployment.~~

~~(c) Programs that are specifically designed to be consistent with the workforce needs of private enterprise and regional economic development strategies, as defined in guidelines set by the state board as defined in s. 445.002. The state board as defined in s. 445.002 shall develop guidelines to~~

~~identify such needs and strategies based on localized research of private employers and economic development practitioners.~~

~~(d) Programs identified by the state board as defined in s. 445.002 as increasing the effectiveness and cost efficiency of education.~~

(12) The State Board of Education shall phase out program offerings that do not align with the framework of quality or do not meet labor market demand under s. 445.004(4) or that are unwarranted program duplications.

Section 36. Subsection (3) of section 1011.801, Florida Statutes, is amended to read:

1011.801 Workforce Development Capitalization Incentive Grant Program.—The Legislature recognizes that the need for school districts and Florida College System institutions to be able to respond to emerging local or statewide economic development needs is critical to the workforce development system. The Workforce Development Capitalization Incentive Grant Program is created to provide grants to school districts and Florida College System institutions on a competitive basis to fund some or all of the costs associated with the creation or expansion of workforce development programs that serve specific employment workforce needs.

(3) The State Board of Education shall give highest priority to programs that train people to enter high-skill, high-wage occupations identified by the Labor Market ~~Workforce~~ Estimating Conference and other programs approved by the state board as defined in s. 445.002, programs that train people to enter occupations under the welfare transition program, or programs that train for the workforce adults who are eligible

for public assistance, economically disadvantaged, disabled, not proficient in English, or dislocated workers. The State Board of Education shall consider the statewide geographic dispersion of grant funds in ranking the applications and shall give priority to applications from education agencies that are making maximum use of their workforce development funding by offering high-performing, high-demand programs.

Section 37. Subsection (4) of section 1011.802, Florida Statutes, is renumbered as subsection (6), subsection (3) of that section is amended, and new subsections (4) and (5) are added to that section, to read:

1011.802 Florida Pathways to Career Opportunities Grant Program.—

(3)(a) The department shall award grants for preapprenticeship or ~~give priority to~~ apprenticeship programs with demonstrated regional demand that:

1. Address a critical statewide or regional shortage as identified by the Labor Market Estimating Conference created in s. 216.136 and that are industry sectors not adequately represented throughout this state, such as health care;

2. Address a critical statewide or regional shortage as identified by the Labor Market Estimating Conference created in s. 216.136; or

3. Expand existing programs that exceed the median completion rate and employment rate 1 year after completion of similar programs in the region, or the state if there are no similar programs in the region.

(b) Grant funds may be used for instructional equipment, supplies, instructional personnel, student services, and other

expenses associated with the creation or expansion of an apprenticeship program. Grant funds may not be used for ~~recurring instructional costs or for~~ indirect costs. Grant recipients must submit quarterly reports in a format prescribed by the department.

(4) The department shall annually report on its website:

(a) The number of programs funded and represented throughout the state under this section.

(b) Retention, completion, and employment rates, categorized by program and provider.

(c) Starting and ending salaries, as categorized by program and provider, for participants who complete the program.

(5) The department may use up to $200,000 of the total amount allocated to administer the grant program.

(6)~~(4)~~ The State Board of Education shall ~~may~~ adopt rules to administer this section.

Section 38. Section 1011.803, Florida Statutes, is created to read:

1011.803 Money-Back Guarantee Program.—

(1) The Money-Back Guarantee Program is established to help individuals achieve self-sufficiency by requiring each school district and Florida College System institution to refund the cost of tuition to students who are not able to find a job in the field in which the student was trained within 6 months of successful completion of select workforce education programs that prepare students for in-demand, middle-level to high-level wage occupations.

(2) Beginning in the 2022-2023 academic year, each school district and Florida College System institution shall establish

151258

a money-back guarantee program to:

(a) Offer a money-back guarantee on at least three programs that prepare individuals to enter in-demand, middle-level to high-level wage occupations identified by the Labor Market Estimating Conference created in s. 216.136. School district or Florida College System institutions must offer a money-back guarantee on at least 50 percent of workforce education programs if they offer six or fewer programs.

(b) Offer a money-back guarantee for all workforce education programs that are established to meet a critical local economic industry need, but are not linked to the statewide needs list as identified by the Labor Market Estimating Conference created in s. 216.136.

(c) Establish student eligibility criteria for the money-back guarantee program that includes:

1. Student attendance.

2. Student program performance.

3. Career Service or Career Day attendance.

4. Participation in internship or work-study programs.

5. Job search documentation.

6. Development of a student career plan with the institution’s career services department.

(3) No later than July 1, 2022, each school district and Florida College System institution shall notify the State Board of Education of the money-back guarantee programs it offers. Information about these programs shall be made available on each school district’s and Florida College System institution’s website, on the department’s website, and on Employ Florida’s website.

151258

(4) By November 1 of each year, the Department of Education shall report performance results by school district, Florida College System institution, and program to the Governor, the President of the Senate, and the Speaker of the House of Representatives.

Section 39. Subsection (2) of section 1011.81, Florida Statutes, is amended to read:

1011.81 Florida College System Program Fund.—

(2) Performance funding for industry certifications for Florida College System institutions is contingent upon specific appropriation in the General Appropriations Act and shall be determined as follows:

(a) ~~Occupational areas for which industry certifications may be earned, as established in the General Appropriations Act, are eligible for performance funding. Priority shall be given to the occupational areas emphasized in state, national, or corporate grants provided to Florida educational institutions.~~

~~(b)~~ Postsecondary ~~The Chancellor of the Florida College System shall identify the~~ industry certifications identified ~~eligible for funding~~ on the CAPE ~~Postsecondary~~ Industry Certification Funding List approved by the State Board of Education under ~~pursuant to~~ s. 1008.44, are eligible for performance funding ~~based on the occupational areas specified in the General Appropriations Act~~.

(b) ~~(c)~~ Each Florida College System institution shall be provided $1,000 for each industry certification earned by a student under paragraph (a). If funds are insufficient to fully fund the calculated total award, such funds shall be prorated. Beginning with the 2022-2023 fiscal year, the Credentials Review

Committee established in s. 445.004 shall develop a returned-value funding formula to allocate institution performance funds that rewards student job placements and wages for students earning industry certifications, with a focus on increasing the economic mobility of underserved populations. One-third of the performance funds shall be allocated based on student job placements. The remaining two-thirds shall be allocated using a tiered weighted system based on aggregate student wages that exceed minimum wage, with the highest weight applied to the highest wage tier, with additional weight for underserved populations. Student wages above minimum wage are considered to be the value added by the institution's training. At a minimum, the formula must take into account variables such as differences in population and wages across the state.

Section 40. Paragraph (b) of subsection (2) of section 443.151, Florida Statutes, is amended to read:

443.151 Procedure concerning claims.—

(2) FILING OF CLAIM INVESTIGATIONS; NOTIFICATION OF CLAIMANTS AND EMPLOYERS.—

(b) *Process.*—When the Reemployment Assistance Claims and Benefits Information System described in s. 443.1113 is fully operational, the process for filing claims must incorporate the process for registering for work with the consumer-first workforce system ~~information systems~~ established under ~~pursuant to~~ s. 445.011. Unless exempted under s. 443.091(1)(b)5., a claim for benefits may not be processed until the work registration requirement is satisfied. The department may adopt rules as necessary to administer the work registration requirement set forth in this paragraph.

Section 41. Section 445.010, Florida Statutes, is amended to read:

445.010 Consumer-first workforce system ~~information~~ technology; principles and information sharing.—

(1) The following principles shall guide the development and management of workforce system ~~information~~ resources:

(a) Workforce system entities should be committed to information sharing.

(b) Cooperative planning by workforce system entities is a prerequisite for the effective development of systems to enable the sharing of data.

(c) Workforce system entities should maximize public access to data, while complying with legitimate security, privacy, and confidentiality requirements.

(d) When the capture of data for the mutual benefit of workforce system entities can be accomplished, the costs for capturing, managing, and disseminating those data should be shared.

(e) The redundant capture of data should, insofar as possible, be eliminated.

(f) Only data that are auditable, or that otherwise can be determined to be accurate, valid, and reliable, should be maintained in the consumer-first workforce system ~~information systems~~.

(g) The design of the consumer-first workforce system ~~information systems~~ should support technological flexibility for users without compromising system integration or data integrity, be based upon open standards, and use platform-independent technologies to the fullest extent possible.

(2) Information that is essential to the integrated delivery of services through the one-stop delivery system must be shared between partner agencies within the consumer-first workforce system to the full extent permitted under state and federal law. In order to enable the full integration of services for a specific workforce system customer, that customer must be offered the opportunity to provide written consent prior to sharing any information concerning that customer between the workforce system partners which is subject to confidentiality under state or federal law.

Section 42. Subsection (3) of section 445.045, Florida Statutes, is amended to read:

445.045 Development of an Internet-based system for information technology industry promotion and workforce recruitment.—

(3) CareerSource Florida, Inc., shall ensure that the website developed and maintained under this section is consistent, compatible, and coordinated with the consumer-first workforce system ~~information systems~~ required under s. 445.011, including, but not limited to, the automated job-matching information system for employers, job seekers, and other users.

Section 43. Paragraph (c) of subsection (1) of section 943.22, Florida Statutes, is amended to read:

943.22 Salary incentive program for full-time officers.—

(1) For the purpose of this section, the term:

(c) "Community college degree or equivalent" means graduation from an accredited community college or having been granted a degree pursuant to s. 1007.25(13) ~~s. 1007.25(11)~~ or successful completion of 60 semester hours or 90 quarter hours

and eligibility to receive an associate degree from an accredited college, university, or community college.

Section 44. Subsection (7) and paragraph (d) of subsection (8) of section 1001.64, Florida Statutes, are amended to read:

1001.64 Florida College System institution boards of trustees; powers and duties.—

(7) Each board of trustees has responsibility for: ensuring that students have access to general education courses as identified in rule; requiring no more than 60 semester hours of degree program coursework, including 36 semester hours of general education coursework, for an associate in arts degree; notifying students that earned hours in excess of 60 semester hours may not be accepted by state universities; notifying students of unique program prerequisites; and ensuring that degree program coursework beyond general education coursework is consistent with degree program prerequisite requirements adopted pursuant to s. 1007.25(7) ~~s. 1007.25(6)~~.

(8) Each board of trustees has authority for policies related to students, enrollment of students, student records, student activities, financial assistance, and other student services.

(d) Boards of trustees shall identify their general education curricula pursuant to s. 1007.25(8) ~~s. 1007.25(7)~~.

Section 45. This act shall take effect July 1, 2021.

include certain resources; amending s. 1003.4203, F.S.; specifying the sections under which the Department of Education must identify certain CAPE Digital Tool certificates; removing the deadline for such identification; removing specified skills that must be mastered; authorizing courses identified in the CAPE Industry Certification Funding List to articulate for college credit; removing the course limit; amending s. 1003.491, F.S.; requiring certain strategic plans to use labor projections identified by the Labor Market Estimating Conference; amending s. 1003.4935, F.S.; requiring that middle grades career and professional academies and career-themed courses lead to careers in occupations aligned with the CAPE Industry Certification Funding List; amending s. 1008.41, F.S.; adding the Labor Market Estimating Conference as a source of workforce data; amending s. 1008.44, F.S.; requiring the Commissioner of Education to conduct a review of the methodology used to determine certain full-time equivalent membership weights and, if necessary, recommend revised weights; requiring that the recommendations be provided to the Governor and the Legislature by a specified date; amending s. 1011.801, F.S.; conforming a provision to changes made by the act; amending s. 1011.802, F.S.; requiring the department to prioritize programs identified by the Labor Market Estimating Conference; providing requirements for awards under the Florida Pathways to Career Opportunities Grant Program;

amending s. 445.011, F.S.; conforming a cross-reference; amending s. 1011.80, F.S.; conforming a provision to changes made by the act; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (7) of section 216.136, Florida Statutes, is amended to read:

216.136 Consensus estimating conferences; duties and principals.—

(7) LABOR MARKET ~~WORKFORCE~~ ESTIMATING CONFERENCE.—

(a) The Labor Market ~~Workforce~~ Estimating Conference shall develop such official information with respect to real-time supply and demand in Florida's statewide, regional, and local labor markets ~~on the workforce development system planning process as it relates to the personnel needs of current, new, and emerging industries~~ as the conference determines is needed by the state planning and budgeting system. Such information must include labor supply by education level, analyses of labor demand by occupational groups and occupations compared to labor supply, a ranking of critical areas of concern, and identification of in-demand, high-skill, high-wage occupations. The Office of Economic and Demographic Research is designated as the official lead for the United States Census Bureau's State Data Center Program or its successor. All state agencies must provide the Office of Economic and Demographic Research with the necessary data to accomplish the goals of the conference. In accordance with s. 216.135, state agencies shall ensure that any

work product regarding labor demand and supply is consistent with the official information developed by the Labor Market Estimating Conference~~,using quantitative and qualitative research methods, must include at least: short-term and long-term forecasts of employment demand for jobs by occupation and industry; entry and average wage forecasts among those occupations; and estimates of the supply of trained and qualified individuals available or potentially available for employment in those occupations, with special focus upon those occupations and industries which require high skills and have high entry wages and experienced wage levels. In the development of workforce estimates, the conference shall use, to the fullest extent possible, local occupational and workforce forecasts and estimates~~.

(b) ~~The Workforce Estimating Conference shall review data concerning local and regional demands for short-term and long-term employment in High-Skills/High-Wage Program jobs, as well as other jobs, which data is generated through surveys conducted as part of the state's Internet-based job matching and labor market information system authorized under s. 445.011. The conference shall consider this data in developing its forecasts for statewide employment demand, including reviewing local and regional data for common trends and conditions among localities or regions which may warrant inclusion of a particular occupation on the statewide occupational forecasting list developed by the conference. Based upon its review of such survey data, the conference shall also make recommendations semiannually to CareerSource Florida, Inc., on additions or deletions to lists of locally targeted occupations approved by~~

~~CareerSource Florida, Inc.~~

~~(c)~~ The Labor Market ~~Workforce~~ Estimating Conference~~, for the purposes described in paragraph (a),~~ shall meet at least twice a year for the purposes described in paragraph (a) ~~no less than 2 times in a calendar year~~. ~~The first meeting shall be held in February, and the second meeting shall be held in August. Other meetings may be scheduled as needed.~~

Section 2. Subsection (2) of section 445.002, Florida Statutes, is amended to read:

445.002 Definitions.—As used in this chapter, the term:

(2) "For cause" includes, but is not limited to, engaging in fraud or other criminal acts, incapacity, unfitness, neglect of duty, official incompetence and irresponsibility, misfeasance, malfeasance, nonfeasance, gross mismanagement, or lack of performance.

Section 3. Present subsections (8) through (13) of section 445.004, Florida Statutes, are redesignated as subsections (9) through (14), respectively, a new subsection (8) is added to that section, and paragraph (d) of subsection (3), subsections (6) and (7), paragraph (b) of present subsection (9), and present subsection (11) of that section are amended, to read:

445.004 CareerSource Florida, Inc., and the state board; creation; purpose; membership; duties and powers.—

(3)

(d) The state board must include the vice chairperson of the board of directors of Enterprise Florida, Inc., and one member representing each of the Workforce Innovation and Opportunity Act partners, including the Division of Career and Adult Education, the Division of Vocational Rehabilitation, the

Department of Children and Families, and other entities representing programs identified in the Workforce Innovation and Opportunity Act, as determined necessary.

(6) The state board shall ~~may take action that it deems necessary to~~ achieve the purposes of this section by~~, including, but not limited to~~:

(a) Creating a state employment, education, and training policy that ensures that workforce-related programs ~~to prepare workers~~ are responsive to present and future business and industry needs and complement the initiatives of Enterprise Florida, Inc.

(b) Establishing policy direction for a uniform funding system that prioritizes evidence-based, results-driven solutions by providing ~~provides~~ incentives to improve the outcomes of career education, registered apprenticeship, and work-based learning programs and that focuses resources on occupations related to new or emerging industries that add greatly to the value of the state's economy.

(c) Establishing a comprehensive policy related to the education and training of target populations such as those who have disabilities, are economically disadvantaged, receive public assistance, are not proficient in English, or are dislocated workers. This approach should ensure the effective use of federal, state, local, and private resources in reducing the need for public assistance by combining two or more sources of funding to support workforce-related programs or activities for vulnerable populations when appropriate or authorized.

(d) Identifying barriers to coordination and alignment among workforce-related programs and activities and developing

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

solutions to remove such barriers ~~Designating Institutes of Applied Technology composed of public and private postsecondary institutions working together with business and industry to ensure that career education programs use the most advanced technology and instructional methods available and respond to the changing needs of business and industry~~.

(e) Providing policy direction for a system to project and evaluate labor market supply and demand using the results of the Labor Market ~~Workforce~~ Estimating Conference created in s. 216.136 and the career education performance standards identified under s. 1008.43.

(f) Reviewing the performance of public programs that are responsible for economic development, education, employment, and training. The review must include an analysis of the return on investment of these programs.

(g) Expanding the occupations identified by the Labor Market ~~Workforce~~ Estimating Conference to meet needs created by local emergencies or plant closings or to capture occupations within emerging industries.

(7) By December 1 of each year, the state board, in consultation with the department, shall submit to the Governor, the President of the Senate, the Speaker of the House of Representatives, the Senate Minority Leader, and the House Minority Leader a complete and detailed annual report setting forth:

(a) All audits and investigations, including any audit or investigation conducted under subsection (9) ~~(8)~~.

(b) The operations and accomplishments of the state board, including the programs or entities specified in subsection (6).

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

(c) The number of mandatory partners located within one-stop centers.

(d) The amount of progress made toward implementing solutions to address barriers to coordination and alignment among programs and activities identified under paragraph (6)(d).

(8) Beginning July 1, 2022, the state board shall annually assign a letter grade for each local workforce development board.

(10)~~(9)~~ The state board, in collaboration with the local workforce development boards and appropriate state agencies and local public and private service providers, shall establish uniform performance accountability measures that apply across the core programs to gauge the performance of the state and local workforce development boards in achieving the workforce development strategy.

(b) The performance accountability measures for each local area consist of the primary indicators of performance, any additional indicators of performance, and a local level of performance for each indicator pursuant to Pub. L. No. 113-128. The local level of performance is determined by the local board, the chief elected official, and the Governor pursuant to Pub. L. No. 113-128, Title I, s. 116(c). Any local performance accountability measures that are established must be based on identified local area needs.

(12)~~(11)~~ The workforce development system must use local design and control of service delivery and targeted activities. The state board, in consultation with the department, is responsible for ensuring that local workforce development boards have a membership consistent with the requirements of federal

and state law and have developed a plan consistent with the state's workforce development strategy. The plan must specify methods for allocating the resources and programs in a manner that eliminates unwarranted duplication, minimizes administrative costs, meets the existing job market demands and the job market demands resulting from successful economic development activities, ensures access to quality workforce development services for all Floridians, allows for pro rata or partial distribution of benefits and services, prohibits the creation of a waiting list or other indication of an unserved population, serves as many individuals as possible within available resources, and maximizes successful outcomes. The state board shall establish incentives for effective alignment ~~coordination~~ of federal and state programs, outline rewards for achieving the long-term self-sufficiency of participants ~~successful job placements~~, and institute collaborative approaches among local service providers.

Section 4. Subsection (1), paragraph (a) of subsection (2), and subsections (6), (11), and (12) of section 445.007, Florida Statutes, are amended, and subsections (13) and (14) are added to that section, to read:

445.007 Local workforce development boards.—

(1) One local workforce development board shall be appointed in each designated service delivery area and shall serve as the local workforce development board pursuant to Pub. L. No. 113-128. The membership of the local board must be consistent with Pub. L. No. 113-128, Title I, s. 107(b). If a public education or training provider is represented on the local board, a representative of a private education provider

must also be appointed to the local board. The state board may waive this requirement if requested by a local workforce development board if it is demonstrated that such representatives do not exist in the region. The importance of minority and gender representation shall be considered when making appointments to the local board. The local board, its committees, subcommittees, and subdivisions, and other units of the workforce system, including units that may consist in whole or in part of local governmental units, may use any method of telecommunications to conduct meetings, including establishing a quorum through telecommunications, provided that the public is given proper notice of the telecommunications meeting and reasonable access to observe and, when appropriate, participate. Local workforce development boards are subject to chapters 119 and 286 and s. 24, Art. I of the State Constitution. ~~If the local workforce development board enters into a contract with an organization or individual represented on the local board, the contract must be approved by a two-thirds vote of the local board, a quorum having been established, and the local board member who could benefit financially from the transaction must abstain from voting on the contract. A local board member must disclose any such conflict in a manner that is consistent with the procedures outlined in s. 112.3143.~~ Each member of a local workforce development board who is not otherwise required to file a full and public disclosure of financial interests under s. 8, Art. II of the State Constitution or s. 112.3144 shall file a statement of financial interests under s. 112.3145. The executive director or designated person responsible for the operational and administrative functions of the local workforce

development board who is not otherwise required to file a full and public disclosure of financial interests under s. 8, Art. II of the State Constitution or s. 112.3144 shall file a statement of financial interests under s. 112.3145. The local workforce development board's website, or the department's website if the local board does not maintain a website, must inform the public that each disclosure or statement has been filed with the Commission on Ethics and provide information as to how each disclosure or statement may be reviewed. The notice to the public must remain on the website throughout the term of office or employment of the filer and until 1 year after his or her term on the local board or employment, as applicable, ends.

(2)(a) The local workforce development board shall elect a chair from among the representatives described in Pub. L. No. 113-128, Title I, s. 107(b)(2)(A) to serve for a term of no more than 2 years and may not ~~shall~~ serve ~~no~~ more than two terms as chair. A member of a local workforce development board may not serve as a member of the board for more than 6 consecutive years, unless such member is a representative of a governmental entity.

(6) Consistent with federal and state law, the local workforce development board shall designate all local service providers and may not transfer this authority to a third party. Consistent with the intent of the Workforce Innovation and Opportunity Act, local workforce development boards should provide the greatest possible choice of training providers to those who qualify for training services. A local ~~workforce development~~ board may not restrict the choice of training providers based upon cost, location, or historical training

arrangements. However, a local board may restrict the amount of training resources available to any one client. Such restrictions may vary based upon the cost of training in the client's chosen occupational area. The local workforce development board may be designated as a one-stop operator and direct provider of intake, assessment, eligibility determinations, or other direct provider services except training services. Such designation may occur only with the agreement of the chief elected official and the Governor as specified in 29 U.S.C. s. 2832(f)(2). The state board shall establish procedures by which a local workforce development board may request permission to operate under this section and the criteria under which such permission may be granted. The criteria shall include, but need not be limited to, a reduction in the cost of providing the permitted services. Such permission shall be granted for a period not to exceed 3 years for any single request submitted by the local workforce development board.

(11)(a) To increase transparency and accountability, a local workforce development board must comply with the requirements of this section before contracting with a member of the local board; ~~or~~ a relative, as defined in s. 112.3143(1)(c), of a local board member; an organization or individual represented on the local board; or of an employee of the local board. Such contracts may not be executed before or without the prior approval of the department. Such contracts, as well as documentation demonstrating adherence to this section as specified by the department, must be submitted to the department for review and approval. Such a contract must be approved by a

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

two-thirds vote of the local board, a quorum having been established; all conflicts of interest must be disclosed before the vote in a manner that is consistent with the procedures outlined in s. 112.3143(4); and any member who may benefit from the contract, or whose organization or relative may benefit from the contract, must abstain from the vote. A contract subject to the requirements of this subsection may not be included on a consent agenda.

(b) A contract under $10,000 ~~$25,000~~ between a local workforce development board and ~~a member of that board or between~~ a relative, as defined in s. 112.3143(1)(c), of a local board member or of an employee of the local board is not required to have the prior approval of the department, but must be approved by a two-thirds vote of the local board, a quorum having been established, and must be reported to the department and the state board within 30 days after approval.

(c) All contracts between a local board and a member of the local board; a relative, as defined in s. 112.3143(1)(c), of a local board member; an organization or individual represented on the local board; or an employee of the local board, approved on or after July 1, 2021, also must be published on the local board's website, or on the department's website if the local board does not maintain a website, within 10 days after approval by the local board or department, whichever is later. Such contracts must remain published on the website for at least 1 year after termination of the contract.

(d) In considering whether to approve a contract under this subsection, the department shall review and consider all documentation provided to the department by the local board,

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

including the performance rating of the entity with which the local board is proposing to contract, if applicable, and the nature, size, and makeup of the business community served by the local board, including whether the entity with which the local board is proposing to contract is the only provider of the desired goods or services within the area served by the local board ~~If a contract cannot be approved by the department, a review of the decision to disapprove the contract may be requested by the local workforce development board or other parties to the disapproved contract~~.

(12) Each local workforce development board shall develop a budget for the purpose of carrying out the duties of the local board under this section, subject to the approval of the chief elected official. Each local workforce development board shall submit its annual budget for review to the department no later than 2 weeks after the chair approves the budget. The local board shall publish the budget on its website, or the department's website if the local board does not maintain a website, within 10 days after approval by the department. The budget shall remain published on the website for the duration of the fiscal year for which it accounts for the expenditure of funds.

(13) Each local workforce development board annually, within 30 days after the end of the fiscal year, shall disclose to the department, in a manner determined by the department, the amount and nature of compensation paid to all executives, officers, directors, trustees, key employees, and highest compensated employees, as defined for purposes of the Internal Revenue Service Form 990, Return of Organization Exempt from

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Income Tax, including salary, bonuses, present value of vested benefits, including, but not limited to, retirement, accrued leave and paid time off, cashed-in leave, cash equivalents, severance pay, pension plan accruals and contributions, deferred compensation, real property gifts, and any other liability owed to such persons. The disclosure must be accompanied by a written declaration, as provided for under s. 92.525(2), from the Chief Financial Officer, or his or her designee, stating that he or she has read the foregoing document and the facts stated in it are true. Such information also must be published on the local board's website, or the department's website if the local board does not maintain a website, for a period of 3 years after it is first published.

(14) Each local workforce development board shall annually publish its most recent Internal Revenue Service Form 990, Return of Organization Exempt from Income Tax, on its website, or the department's website if the local board does not maintain a website. The form must be posted on the local board's website within 60 calendar days after it is filed with the Internal Revenue Service and remain posted for 3 years after it is filed.

Section 5. Paragraphs (a) and (e) of subsection (8) of section 445.009, Florida Statutes, are amended to read:

445.009 One-stop delivery system.—

(8)(a) Individual Training Accounts must be expended on programs that prepare people to enter ~~high-wage~~ occupations identified by the Labor Market ~~Workforce~~ Estimating Conference created by s. 216.136, and on other programs recommended and approved by the state board following a review by the department to determine the program's compliance with federal law.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

(e) Training services provided through Individual Training Accounts must be performance-based, with successful job placement triggering final ~~full~~ payment of at least 10 percent.

Section 6. Section 445.038, Florida Statutes, is amended to read:

445.038 Digital media; job training.—CareerSource Florida, Inc., through the Department of Economic Opportunity, may use funds dedicated for incumbent worker training for the digital media industry. Training may be provided by public or private training providers for broadband digital media jobs listed on the ~~targeted~~ occupations list developed by the Labor Market ~~Workforce~~ Estimating Conference ~~or CareerSource Florida, Inc~~. Programs that operate outside the normal semester time periods and coordinate the use of industry and public resources should be given priority status for funding.

Section 7. Subsection (8) of section 446.021, Florida Statutes, is amended to read:

446.021 Definitions of terms used in ss. 446.011-446.092.—As used in ss. 446.011-446.092, the term:

(8) "~~Uniform minimum preapprenticeship~~ Standards" means the minimum requirements established uniformly for each occupation ~~craft~~ under which an apprenticeship or ~~a~~ preapprenticeship program is administered. The term ~~and~~ includes standards of admission, training goals, training objectives, curriculum outlines, objective standards to measure successful completion of the apprenticeship or preapprenticeship program, and the percentage of credit which may be given to an apprentice or a preapprentice ~~preapprenticeship graduates upon acceptance into the apprenticeship program~~.

Section 8. Subsections (1), (2), and (3) of section 446.032, Florida Statutes, are amended to read:

446.032 General duties of the department for apprenticeship training.—The department shall:

(1) Establish uniform minimum standards and policies governing apprenticeship ~~apprentice~~ programs and agreements which must require training providers to submit data necessary to determine program performance consistent with state and federal law. The standards and policies shall govern the terms and conditions of the apprentice's employment and training, including the quality training of the apprentice for, but not limited to, such matters as ratios of apprentices to journeyworkers, safety, related instruction, and on-the-job training; but these standards and policies may not include rules, standards, or guidelines that require the use of apprentices and job trainees on state, county, or municipal contracts. The department shall ~~may~~ adopt rules necessary to administer the standards and policies.

(2) By September 1 of each year, publish an annual report on apprenticeship and preapprenticeship programs. The report must be published on the department's website and, at a minimum, include all of the following:

(a) A list of registered apprenticeship and preapprenticeship programs, sorted by local educational agency, as defined in s. 1004.02(18), and apprenticeship sponsor, under s. 446.071.

(b) A detailed summary of each local educational agency's expenditure of funds for apprenticeship and preapprenticeship programs, including:

1. The total amount of funds received for apprenticeship and preapprenticeship programs;

2. The total amount of funds allocated by training provider, program, and ~~to each trade or~~ occupation;

3. The total amount of funds expended for administrative costs by training provider, program, and ~~per trade or~~ occupation; and

4. The total amount of funds expended for instructional costs by training provider, program, ~~per trade~~ and occupation.

(c) The number of apprentices and preapprentices per trade and occupation.

(d) The percentage of apprentices and preapprentices who complete their respective programs in the appropriate timeframe.

(e) Information and resources related to applications for new apprenticeship programs and technical assistance and requirements for potential applicants.

(f) Documentation of activities conducted by the department to promote apprenticeship and preapprenticeship programs through public engagement, community-based partnerships, and other initiatives and the outcomes of such activities and their impact on establishing or expanding apprenticeship and preapprenticeship programs.

(g) Retention and completion rates of participants aggregated by training provider, program, and occupation.

(h) Wage progression of participants as demonstrated by starting, exit, and postapprenticeship wages.

(3) Provide assistance to district school boards, Florida College System institution boards of trustees, program sponsors, and local workforce development boards in notifying students,

parents, and members of the community of the availability of apprenticeship and preapprenticeship opportunities, including data provided in the economic security report under ~~pursuant to~~ s. 445.07 and other state career planning resources.

Section 9. Paragraph (b) of subsection (2) of section 446.045, Florida Statutes, is amended to read:

446.045 State Apprenticeship Advisory Council.—

(2)

(b) The Commissioner of Education or the commissioner's designee shall serve ex officio as chair of the State Apprenticeship Advisory Council, but may not vote. The state director of the Office of Apprenticeship of the United States Department of Labor shall serve ex officio as a nonvoting member of the council. The Governor shall appoint to the council four members representing employee organizations and four members representing employer organizations. Each of these eight members shall represent industries that have registered apprenticeship programs. The Governor shall also appoint two public members who are knowledgeable about registered apprenticeship and apprenticeable occupations and who are independent of any joint or nonjoint organization. Members shall be appointed for 4-year staggered terms. The Governor ~~A vacancy~~ shall fill any vacancy ~~be filled~~ for the remainder of the unexpired term.

Section 10. Paragraph (e) of subsection (1) of section 1003.4156, Florida Statutes, is amended to read:

1003.4156 General requirements for middle grades promotion.—

(1) In order for a student to be promoted to high school from a school that includes middle grades 6, 7, and 8, the

student must successfully complete the following courses:

(e) One course in career and education planning to be completed in grades 6, 7, or 8, which may be taught by any member of the instructional staff. The course must be Internet-based, customizable to each student, and include research-based assessments to assist students in determining educational and career options and goals. In addition, the course must result in a completed personalized academic and career plan for the student that may be revised as the student progresses through middle school and high school; must emphasize the importance of entrepreneurship and employability skills; and must include information from the Department of Economic Opportunity's economic security report under s. 445.07 and other state career planning resources. The required personalized academic and career plan must inform students of high school graduation requirements, including a detailed explanation of the requirements for earning a high school diploma designation under s. 1003.4285; the requirements for each scholarship in the Florida Bright Futures Scholarship Program; state university and Florida College System institution admission requirements; available opportunities to earn college credit in high school, including Advanced Placement courses; the International Baccalaureate Program; the Advanced International Certificate of Education Program; dual enrollment, including career dual enrollment; and career education courses, including career-themed courses, preapprenticeship and apprenticeship programs, and course sequences that lead to industry certification pursuant to s. 1003.492 or s. 1008.44. The course may be implemented as a stand-alone course or integrated into another

course or courses.

Section 11. Subsections (3) and (5) of section 1003.4203, Florida Statutes, are amended to read:

1003.4203 Digital materials, CAPE Digital Tool certificates, and technical assistance.—

(3) CAPE DIGITAL TOOL CERTIFICATES.—The department shall identify, in the CAPE Industry Certification Funding List under ss. 1003.492 and 1008.44 ~~by June 15 of each year~~, CAPE Digital Tool certificates that indicate a student's digital skills. The department shall notify each school district when the certificates are available. The certificates shall be made available to all public elementary and middle grades students.

(a) Targeted skills to be mastered for the certificate include digital skills that are necessary to the student's academic work and skills the student may need in future employment. ~~The skills must include, but are not limited to, word processing; spreadsheets; presentations, including sound, motion, and color presentations; digital arts; cybersecurity; and coding consistent with CAPE industry certifications that are listed on the CAPE Industry Certification Funding List, pursuant to ss. 1003.492 and 1008.44.~~ CAPE Digital Tool certificates earned by students are eligible for additional full-time equivalent membership under ~~pursuant to~~ s. 1011.62(1)(o)1.a.

(b) The school district shall notify each middle school advisory council of the methods of delivery of the open-access content and assessments for the certificates. If there is no middle school advisory council, notification must be provided to the district advisory council.

(c) The Legislature intends that by July 1, 2018, on an

annual basis, at least 75 percent of public middle grades students earn at least one CAPE Digital Tool certificate.

(5) CAPE INNOVATION AND CAPE ACCELERATION.—

(a) *CAPE Innovation.*—~~Up to five~~ Courses, identified in the CAPE Industry Certification Funding List, which ~~annually approved by the commissioner that~~ combine academic and career content, and performance outcome expectations that, if achieved by a student, must ~~shall~~ articulate for college credit and be eligible for additional full-time equivalent membership under ~~pursuant to~~ s. 1011.62(1)(o)1.c. Such approved courses must incorporate at least two third-party assessments that, if successfully completed by a student, must ~~shall~~ articulate for college credit. At least one of the two third-party assessments must be associated with an industry certification that is identified on the CAPE Industry Certification Funding List. Each course that is approved by the commissioner must be specifically identified in the Course Code Directory as a CAPE Innovation Course.

(b) *CAPE Acceleration.*—Industry certifications~~, annually approved by the commissioner,~~ that articulate for 15 or more college credit hours ~~and~~, if successfully completed, are ~~shall be~~ eligible for additional full-time equivalent membership under ~~pursuant to~~ s. 1011.62(1)(o)1.d. Each approved industry certification must be specifically identified in the CAPE Industry Certification Funding List as a CAPE Acceleration Industry Certification.

Section 12. Subsection (3) and paragraph (b) of subsection (5) of section 1003.491, Florida Statutes, are amended to read:

1003.491 Florida Career and Professional Education Act.—The

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Florida Career and Professional Education Act is created to provide a statewide planning partnership between the business and education communities in order to attract, expand, and retain targeted, high-value industry and to sustain a strong, knowledge-based economy.

(3) The strategic 3-year plan developed jointly by the local school district, local workforce development boards, economic development agencies, and state-approved postsecondary institutions shall be constructed and based on:

(a) Research conducted to objectively determine local and regional workforce needs for the ensuing 3 years, using labor projections as identified by the Labor Market Estimating Conference created in s. 216.136 ~~of the United States Department of Labor and the Department of Economic Opportunity~~;

(b) Strategies to develop and implement career academies or career-themed courses based on occupations identified by the Labor Market Estimating Conference created in s. 216.136 ~~those careers determined to be high-wage, high-skill, and high-demand~~;

(c) Strategies to provide shared, maximum use of private sector facilities and personnel;

(d) Strategies that ensure instruction by industry-certified faculty and standards and strategies to maintain current industry credentials and for recruiting and retaining faculty to meet those standards;

(e) Strategies to provide personalized student advisement, including a parent-participation component, and coordination with middle grades to promote and support career-themed courses and education planning;

(f) Alignment of requirements for middle school career

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

planning, middle and high school career and professional academies or career-themed courses leading to industry certification or postsecondary credit, and high school graduation requirements;

(g) Provisions to ensure that career-themed courses and courses offered through career and professional academies are academically rigorous, meet or exceed appropriate state-adopted subject area standards, result in attainment of industry certification, and, when appropriate, result in postsecondary credit;

(h) Plans to sustain and improve career-themed courses and career and professional academies;

(i) Strategies to improve the passage rate for industry certification examinations if the rate falls below 50 percent;

(j) Strategies to recruit students into career-themed courses and career and professional academies which include opportunities for students who have been unsuccessful in traditional classrooms but who are interested in enrolling in career-themed courses or a career and professional academy. School boards shall provide opportunities for students who may be deemed as potential dropouts or whose cumulative grade point average drops below a 2.0 to enroll in career-themed courses or participate in career and professional academies. Such students must be provided in-person academic advising that includes information on career education programs by a certified school counselor or the school principal or his or her designee during any semester the students are at risk of dropping out or have a cumulative grade point average below a 2.0;

(k) Strategies to provide sufficient space within academies

to meet workforce needs and to provide access to all interested and qualified students;

(l) Strategies to implement career-themed courses or career and professional academy training that lead to industry certification in juvenile justice education programs;

(m) Opportunities for high school students to earn weighted or dual enrollment credit for higher-level career and technical courses;

(n) Promotion of the benefits of the Gold Seal Bright Futures Scholarship;

(o) Strategies to ensure the review of district pupil-progression plans and to amend such plans to include career-themed courses and career and professional academy courses and to include courses that may qualify as substitute courses for core graduation requirements and those that may be counted as elective courses;

(p) Strategies to provide professional development for secondary certified school counselors on the benefits of career and professional academies and career-themed courses that lead to industry certification; and

(q) Strategies to redirect appropriated career funding in secondary and postsecondary institutions to support career academies and career-themed courses that lead to industry certification.

(5)(b) Using the findings from the annual review required in paragraph (a), the commissioner shall phase out career and technical education offerings that are not aligned with the needs of the state ~~employers or do not provide program completers with a middle-wage or high-wage occupation~~ and

encourage school districts and Florida College System institutions to offer programs that are not ~~offered~~ currently offered.

Section 13. Subsections (2) and (3) of section 1003.4935, Florida Statutes, are amended to read:

1003.4935 Middle grades career and professional academy courses and career-themed courses.—

(2) Each middle grades career and professional academy or career-themed course must be aligned with at least one high school career and professional academy or career-themed course offered in the district and maintain partnerships with local business and industry and economic development boards. Middle grades career and professional academies and career-themed courses must:

(a) Lead to careers in occupations aligned with ~~designated as high-skill, high-wage, and high-demand in~~ the CAPE Industry Certification Funding List approved under rules adopted by the State Board of Education;

(b) Integrate content from core subject areas;

(c) Integrate career and professional academy or career-themed course content with intensive reading, English Language Arts, and mathematics pursuant to s. 1003.4282;

(d) Coordinate with high schools to maximize opportunities for middle grades students to earn high school credit;

(e) Provide access to virtual instruction courses provided by virtual education providers legislatively authorized to provide part-time instruction to middle grades students. The virtual instruction courses must be aligned to state curriculum standards for middle grades career and professional academy

courses or career-themed courses, with priority given to students who have required course deficits;

(f) Provide instruction from highly skilled professionals who hold industry certificates in the career area in which they teach;

(g) Offer externships; and

(h) Provide personalized student advisement that includes a parent-participation component.

(3) Beginning with the 2012-2013 school year, if a school district implements a middle school career and professional academy or a career-themed course, the Department of Education shall collect and report student achievement data pursuant to performance factors identified under s. 1003.492(3) ~~s. 1003.492(5)~~ for students enrolled in an academy or a career-themed course.

Section 14. Subsection (3) of section 1008.41, Florida Statutes, is amended to read:

1008.41 Workforce education; management information system.—

(3) Planning and evaluation of job-preparatory programs shall be based on standard sources of data and use standard occupational definitions and coding structures, including, but not limited to:

(a) The Florida Occupational Information System.~~;~~

(b) The Florida Education and Training Placement Information Program.~~;~~

(c) The Department of Economic Opportunity.~~;~~

(d) The United States Department of Labor.~~; and~~

(e) The Labor Market Estimating Conference created under s.

216.136.

(f) Other sources of data developed using statistically valid procedures.

Section 15. Paragraph (f) is added to subsection (1) of section 1008.44, Florida Statutes, to read:

1008.44 CAPE Industry Certification Funding List and CAPE Postsecondary Industry Certification Funding List.—

(1) Pursuant to ss. 1003.4203 and 1003.492, the Department of Education shall, at least annually, identify, under rules adopted by the State Board of Education, and the Commissioner of Education may at any time recommend adding the following certificates, certifications, and courses:

(f) The Commissioner of Education shall conduct a review of the methodology used to determine additional full-time equivalent membership weights assigned in s. 1011.62(1)(o) and, if necessary, recommend revised weights. The results of the review and the commissioner's recommendations must be submitted to the Governor, the President of the Senate, and the Speaker of the House of Representatives no later than December 31, 2021.

Section 16. Subsection (3) of section 1011.801, Florida Statutes, is amended to read:

1011.801 Workforce Development Capitalization Incentive Grant Program.—The Legislature recognizes that the need for school districts and Florida College System institutions to be able to respond to emerging local or statewide economic development needs is critical to the workforce development system. The Workforce Development Capitalization Incentive Grant Program is created to provide grants to school districts and Florida College System institutions on a competitive basis to

fund some or all of the costs associated with the creation or expansion of workforce development programs that serve specific employment workforce needs.

(3) The State Board of Education shall give highest priority to programs that train people to enter high-skill, high-wage occupations identified by the Labor Market ~~Workforce~~ Estimating Conference and other programs approved by the state board as defined in s. 445.002, programs that train people to enter occupations under the welfare transition program, or programs that train for the workforce adults who are eligible for public assistance, economically disadvantaged, disabled, not proficient in English, or dislocated workers. The State Board of Education shall consider the statewide geographic dispersion of grant funds in ranking the applications and shall give priority to applications from education agencies that are making maximum use of their workforce development funding by offering high-performing, high-demand programs.

Section 17. Subsection (3) of section 1011.802, Florida Statutes, is amended to read:

1011.802 Florida Pathways to Career Opportunities Grant Program.—

(3) The department shall give priority to apprenticeship programs with demonstrated regional demand identified by the Labor Market Estimating Conference, such as health care programs. Grant funds may be used for instructional equipment, supplies, personnel, student services, and other expenses associated with the creation or expansion of an apprenticeship program. The department may award grants to expand only those existing programs that exceed the median completion rate and

employment rate 1 year after completion for similar programs in the region, or in the state if there are no similar programs in the region. Grant funds may not be used for recurring instructional costs or for indirect costs. Grant recipients must submit quarterly reports in a format prescribed by the department.

Section 18. Paragraph (a) of subsection (1) of section 445.011, Florida Statutes, is amended to read:

445.011 Workforce information systems.—

(1) The department, in consultation with the state board, shall implement, subject to legislative appropriation, automated information systems that are necessary for the efficient and effective operation and management of the workforce development system. These information systems shall include, but need not be limited to, the following:

(a) An integrated management system for the one-stop service delivery system, which includes, at a minimum, common registration and intake, screening for needs and benefits, case planning and tracking, training benefits management, service and training provider management, performance reporting, executive information and reporting, and customer-satisfaction tracking and reporting.

1. The system should report current budgeting, expenditure, and performance information for assessing performance related to outcomes, service delivery, and financial administration for workforce programs pursuant to s. 445.004(5) and (10) ~~(9)~~.

2. The information system should include auditable systems and controls to ensure financial integrity and valid and reliable performance information.

3. The system should support service integration and case management by providing for case tracking for participants in welfare transition programs.

Section 19. Paragraph (a) of subsection (9) of section 1011.80, Florida Statutes, is amended to read:

1011.80 Funds for operation of workforce education programs.—

(9) The State Board of Education and the state board as defined in s. 445.002 shall provide the Legislature with recommended formulas, criteria, timeframes, and mechanisms for distributing performance funds. The commissioner shall consolidate the recommendations and develop a consensus proposal for funding. The Legislature shall adopt a formula and distribute the performance funds to the State Board of Education for Florida College System institutions and school districts through the General Appropriations Act. These recommendations shall be based on formulas that would discourage low-performing or low-demand programs and encourage through performance-funding awards:

(a) Programs that prepare people to enter high-wage occupations identified by the Labor Market ~~Workforce~~ Estimating Conference created by s. 216.136 and other programs as approved by the state board as defined in s. 445.002. At a minimum, performance incentives shall be calculated for adults who reach completion points or complete programs that lead to specified high-wage employment and to their placement in that employment.

Section 20. This act shall take effect July 1, 2021.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/SB 102
INTRODUCER:	Community Affairs Committee and Senator Burgess
SUBJECT:	Matters of Great Governmental Concern
DATE:	April 14, 2021
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Paglialonga	Ryon	CA	**Fav/CS**
2.	Dale	Sadberry	AP	**Pre-meeting**
3.			RC	

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 102 creates section 16.65, Florida Statutes, which establishes a system wherein the Attorney General, as the state's chief legal officer, is responsible for the prosecution, management, and coordination of any civil proceedings brought by governmental entities in matters of great governmental concern. The bill defines a "matter of great governmental concern" as any fact, circumstance, or conduct that has caused substantial economic loss or other harm of a similar nature to governmental entities in fifteen or more counties in this state.

The bill endows the Legislature with authority to declare a matter to be a matter of great governmental concern by concurrent resolution. The Legislature also has the authority to amend or rescind such resolution. A declaration of a matter of great governmental concern provides the Attorney General with the sole authority to file a civil proceeding on behalf of the affected governmental entities in the state unless and until that declaration is rescinded by the Legislature.

Under the bill, the Attorney General may take any legal action he or she determines is in the public interest as long as such action is not inconsistent with the terms or provisions of the Legislature's resolution declaring the matter to be a matter of great governmental concern. When a matter is declared a matter of great governmental concern, the Attorney General is expressly provided the following procedural rights in state or federal court civil litigation:

- May institute or intervene in any legal proceeding, including any pending appeal;
- May consolidate, dismiss, release, settle, or take action that he or she believes to be in the public interest;

- A declaration operates to abate or stay any relevant civil proceeding filed by a governmental entity unless and until the Attorney General takes action in such proceeding; and
- Any statute of limitations under Florida law affecting a claim by a governmental entity is tolled for the declaration's pendency or one year, whichever is shorter.

The bill provides that public officials and employees involved in a matter of great governmental concern have to furnish relevant assistance and information to the Attorney General, including notice of any pending civil proceeding related to a matter of great governmental concern.

The bill requires that any award for damages or monetary payment from a settlement arising from a matter of great governmental concern is subject to full appropriation by the Legislature and may not be appropriated, expended, or encumbered by the Attorney General or the terms of a settlement agreement. Also, any settlement or resolution of a civil proceeding by a governmental entity taken after a declaration without the Attorney General's consent is void.

The bill states that the Department of Legal Affairs is exempt from section 120.57(3), Florida Statutes, for purposes relevant to a matter of great governmental concern.

The bill also provides a procedure for an attorney to receive from any recovery reasonable attorney fees and costs incurred in connection with representing a governmental entity before the Attorney General issues a declaration. The bill describes the various criteria a court must consider when calculating the amount of any reasonable attorney fees.

The bill takes effect upon becoming law.

II. Present Situation:

The Florida Executive Branch and Cabinet

Like the federal system, Florida's state government is divided into three branches: the executive branch, the legislative branch, and the judicial branch. The governor of Florida is the chief executive of Florida and the State's chief administrative officer responsible for the planning and budgeting for the State and serves as chair when the governor and the Florida Cabinet sit as a decision-making body in various constitutional roles. The governor has the power to execute Florida's laws and to call out the state militia to preserve the public peace, being commander-in-chief of the State's military forces that are not in active service of the United States.[1]

Florida is unique among U.S. states in its cabinet-style government. Members of the Florida Cabinet are independently elected and have equal footing with the governor on issues under the Cabinet's jurisdiction. The Cabinet consists of the attorney general, the commissioner of agriculture, and the chief financial officer. Along with the governor, each member carries one vote in the cabinet decision-making process. In the event of a tie, the side of the governor is the prevailing side. Cabinet elections are held every four years, on even-numbered years not divisible by four (such as 2018, 2022, etc.).[2]

[1] Article IV, Sections 1 and 4, of the Florida Constitution.
[2] Article IV, Sections 1 and 4, of the Florida Constitution.

The State Attorney General

The Florida attorney general is the State's chief legal officer. The attorney general is responsible for and the head of the Department of Legal Affairs.[3] As with other elected statewide offices in Florida, the attorney general is limited to serving two consecutive four-year terms. The attorney general is second (behind the lieutenant governor) in the line of succession to the Governor of Florida's office.[4]

Roles and Functions of the Attorney General

The Attorney General has various roles and functions within Florida's government and legal system. These responsibilities are outlined in the Florida Constitution and state statute. The Attorney General performs the following responsibilities:[5]

- Defends the constitutionality of statutes duly enacted by the Legislature;
- Issues formal legal opinions at the request of various public officials on questions relating to the application of state law;
- Is responsible for protecting Florida consumers from various types of fraud and enforcing the state's antitrust laws;
- Protects Floridians in Medicaid fraud cases;
- Defends the state in civil litigation cases;
- Represents the people of Florida when criminals appeal their convictions in state and federal courts; and
- Administers programs to assist victims of crime.

The Office of the Attorney General also houses and oversees other officials and departments. The Solicitor General is a position within the Office of the Attorney General. The Solicitor General is appointed by and serves at the pleasure of the Attorney General. The Solicitor General oversees civil and criminal appeals involving the State and has the authority to decide whether the State should appeal a case to the Florida Supreme Court, United States Supreme Court, or the Eleventh Circuit Court of Appeal, as well as the authority to decide whether the State should file or join an amicus brief in state or federal court.[6]

Furthermore, the Attorney General appoints the Statewide Prosecution from a list of nominees selected by the Florida Supreme Court Judicial Nominating Commission. The Statewide Prosecutor serves four years terms and acts as the agency head for eight offices throughout the state that targets widespread criminal activities throughout Florida, including identity theft, drug trafficking, and gang activity.[7]

The Office of the Attorney General also houses the Florida Commission on the Status of Women, the Council on the Social Status of Black Men and Boys, and the Office of Civil Rights, which investigates and takes legal action against civil rights violations.[8]

Attorney General Common Law Powers

In addition to the Attorney General's variety of constitutional and statutory powers, courts have ruled that state attorney generals have broad legal powers under common law. The common law provides the Attorney General with authority to intervene in matters of compelling public interest. Under common law, the Attorney General has the power and duty to prosecute all actions necessary to protect and defend the state's property and revenue.[9] Moreover, in Florida, the attorney general is in many respects judicial in character and is clothed with considerable discretion. This considerable discretion includes the Attorney General's power to institute litigation on his or her own initiative.[10]

In the case of *State of Fla. ex rel. Shevin v. Exxon Corp.*, the U.S. Court of Appeals for the Fifth Circuit ruled that the Attorney General of Florida retains common-law powers, and in the absence of an express legislative provision to the contrary, the Attorney General's common law powers prevail.[11]

The Doctrine of Parens Patriae[12]

The sovereign role of states and the exercise of police power is to promote the people's health, safety, and welfare. In service of this sovereign responsibility, states may vindicate their interest in the citizenships' welfare through a legal action referred to as *parens patriae*. The Latin phrase *Parens patriae* means "parent of the country." Under this legal action, states may recover costs or damages incurred because of behavior that threatens the state's citizenry's health, safety, and welfare.[13]

American courts have uniformly recognized a state's authority to sue as *parens patriae*. In this legal action, the state alleges that a defendant's misbehavior harmed the state's interest in protecting its citizens and its interest in enforcing civil and criminal law. More specifically, parens patriae actions have been ruled appropriate for suits seeking to abate public nuisances, maintain access to energy sources, halt price-fixing, and enforce state anti-trust laws. In the United States, *parens patriae* actions were greatly expanded over the 1900s and have been described as an increasingly popular vehicle for state attorneys general to vindicate their constituents' rights.[14]

[14] *See Mississippi ex rel. Hood, 876 F.Supp.2d 758 (S.D.Miss. 2014).* .

A *parens patriae* action by a state is typically reserved for breaches of duty or inflictions of damages on a statewide scale, warranting civil state involvement in litigation. A state is not permitted to enter a controversy as a nominal party to forward individual citizens' claims. But it may act as the representative of its citizens in original actions where the injury alleged affects the general population of a state in a substantial way.[15] *Parens patriae* actions are disfavored where the injury falls "on a small group of citizens who are likely to challenge" the harm directly. But where "a great many citizens ... are faced with increased costs aggregating millions of dollars per year" and "cannot be expected to litigate [the issue] given that the amounts paid by each consumer are likely to be relatively small, *parens patriae* suits are appropriate. *Parens patriae* statutes are most common in the antitrust and consumer protection contexts.[16]

Procedural Limits to Attorney General Common Law Powers in Litigation

Although the Attorney General has broad authority to litigate matters in the public interest, courts have ruled that the Attorney General must still abide by relevant judicial procedures and rules. In the case of *Bondi v. Tucker*, Florida's First District Court of Appeal ruled that when the Attorney General does appear in court as a party litigant, he or she is subject to the same rules of judicial procedure which other litigants must observe. In this case, Attorney General Bondi failed to participate as a party in the lower tribunal proceedings and was denied the ability to invoke appellate proceedings individually. In its decision, the court expressly recognizes that courts maintain discretion to enforce judicial procedure even when the Attorney General is involved.[17]

Instances of State Involvement in Civil Litigation

Petroleum Products Overcharges

In *Hawaii v. Standard Oil*, the state of Hawaii brought a complaint against companies involved in the petroleum industry, alleging defendants violated the Sherman Act, 26 Stat. 209, 15 U.S.C. s 1, by entering into unlawful contracts; by conspiring and combining to restrain trade and commerce in the sale, marketing, and distribution of refined petroleum products; and by attempting to monopolize and actually monopolizing trade and commerce in the petroleum industry.[18]

The State sought to recover damages in three distinct capacities. First, the state claimed it suffered damages in its proprietary capacity for overcharges for petroleum products sold to the State itself. Second, as *parens patriae*, Hawaii sought similar damages for overcharges paid by the State's citizens. Third, the state looked to recover damages as the representative of all purchasers in Hawaii for the overcharges.[19]

In this case, the Supreme Court held that the State of Hawaii could seek damages for its citizens via a *parens patriae* suit alleging antitrust violations.[20]

Liquid Crystal Display Price-fixing

In the case of *Mississippi ex rel. Hood v. AU Optronics Corp.*, the Attorney General of Mississippi filed a state court *parens patriae* suit on behalf of the State of Mississippi against manufacturers, marketers, sellers, and distributors of liquid crystal display (LCD) panels, alleging that defendants engaged in a price-fixing scheme in violation of Mississippi Consumer Protection Act (MCPA) and Mississippi Antitrust Act (MAA).[21]

The State sought the following relief: (1) a permanent injunction prohibiting the defendants from continuing to engage in anti-competitive behavior; (2) civil penalties of $10,000 per LCD panel product sold in Mississippi during the relevant time period, pursuant to the MCPA; (3) civil penalties of up to $2,000 per month, per defendant for violations of the MAA during the relevant time period; (4) restitution to the State for its own losses caused by purchasing LCD panel products during the relevant time period; (5) restitution to the State on behalf of its citizens and local governments who suffered losses by purchasing LCD panel products during the relevant time period; (6) punitive damages; and (7) other relief including costs of court, pre- and post-judgment interest, and attorney's fees.[22]

The ruling in this case mainly involved whether Mississippi's claims were subject to the Class Action Fairness Act provisions and must be brought in federal court or could be brought in state court. The court in this case ultimately ruled that Mississippi's Attorney General may maintain a *parens patriae* suit in state court, to enforce Mississippi's consumer protection and antitrust laws, for the economic well-being of Mississippi's consumers and governmental entities, and that the general public exception to Class Action Fairness Act applied to prevent removal to federal court.[23]

2010 Deepwater Horizon Oil Spill

On April 20, 2010, the Transocean offshore oil rig, Deepwater Horizon, under the operation of BP, exploded in the Gulf of Mexico, causing an estimated 4.9 million barrels of crude oil to spill into the ocean approximately 45 miles south of the Louisiana coast. Florida Governor Charlie Crist issued a state of emergency as a result of the spreading oil spill.[24]

On April 4, 2016, Florida, the four other affected Gulf States, the federal government, and BP entered into a Consent Decree, "In re: Oil Spill by the Oil Rig "Deepwater Horizon" in the Gulf of Mexico on April 20, 2010" (no. 2179, M.D.L, document no. 15), that awarded civil and criminal penalties in the amount of $20.8 billion to the United States and the five Gulf States to be paid by parties responsible for the oil spill. In a separate agreement, BP agreed to pay a total of $4.9 billion to the five Gulf States and up to $1 billion to local government entities for

economic damage claims related to the Deepwater Horizon incident.[25] In July of 2016, Attorney General Pam Bondi received the first settlement payment from BP for $400 million.[26]

To administer the settlement funds paid by BP, the Florida Legislature established the Triumph Gulf Coast, Inc., a nonprofit corporation created pursuant to s. 288.8013, F.S. Under s. 288.8013(2), F.S., seventy-five percent of all payments to the state pursuant to the settlement agreement with BP are transferred immediately by the Chief Financial Officer from the General Revenue Fund to the Triumph Gulf Coast Trust Fund. Triumph Gulf Coast, Inc. is responsible for allocating settlement funds by providing awards for public and private projects within each disproportionately affected county's geographic boundaries.[27]

Opioid Epidemic

From 1999 to 2016, it is estimated 453,300 Americans have died from opioids.[28] The opioid epidemic was initially caused by the over-prescription of opioids in the 1990s, which led to them becoming the most prescribed class of medications in the United States. The U.S. Department of Justice has found that civil and criminal violations by opioid manufacturers substantially contributed to the opioid epidemic.[29]

In the aftermath of this epidemic, numerous state, county, and city governments have brought civil claims against opioid manufacturers to recoup damages related to the opioid epidemic. In 2019, opioid distributors McKesson Corp., AmerisourceBergen, Cardinal Health, and drug manufacturer Teva Pharmaceuticals agreed to a $260 million settlement with Cuyahoga and Summit counties in Ohio.[30] Also in 2019, an Oklahoma judge ruled that Johnson and Johnson must pay the state of Oklahoma $572 million as damages for actions that contributed to the opioid epidemic.[31]

In Florida, Broward County, Broward Health Hospital District, and 26 other governmental entities and institutions across the state have also joined civil litigation against Purdue Pharma, Johnson & Johnson, Abbott Laboratories, and others in the prescription opioid industry. The

suits allege negligence, fraud, and civil conspiracy, seek millions of dollars in damages, and demand a jury trial.[32]

On February 4, 2021, Attorney General Ashley Moody announced that her office secured millions of dollars for Florida through efforts to hold accountable corporations responsible for helping fuel the deadly opioid epidemic. Florida joined a coalition of 47 states, the District of Columbia, and five U.S. territories in the $573 million action with one of the world's largest consulting firms, McKinsey & Company. The multistate action resolved investigations into the company's role in working for opioid companies to promote products that fueled the opioid epidemic. As a result, Florida will receive more than $40 million—a majority of which will be made available for allocation by Florida lawmakers.[33]

Similarly, on March 16, 2021, Attorney General Moody announced that her office secured additional funding for Florida communities from Purdue Pharma's bankruptcy plan, which is worth approximately $7 billion in total.[34]

III. Effect of Proposed Changes:

The bill creates s. 16.65, F.S., which establishes a system wherein the Attorney General, as the state's chief legal officer, is responsible for the prosecution, management, and coordination of any civil proceedings brought by governmental entities in matters of great governmental concern.

The bill includes legislative findings that a single official representing governmental entities in civil proceedings in matters of great governmental concern will maximize recoveries and minimize costs. The bill states it is the intent of the Legislature to establish a procedure for use by the Attorney General in addressing matters of great governmental concern, and that the act is not intended to expand or change existing law with respect to the power and authority of the Attorney General.

The bill defines "governmental entity" to mean the state and any department, agency, political subdivision, unit of government, or school district thereof. A "matter of great governmental concern" is defined as any fact, circumstance, or conduct that has caused substantial economic loss or other harm of a similar nature to governmental entities in fifteen or more counties in this state.

The bill endows the Legislature with authority to declare a matter to be a matter of great governmental concern by concurrent resolution. The Legislature also has the authority to amend or rescind such resolution. A declaration of a matter of great governmental concern provides the

[33] Attorney General Moody Secures $40 Million for Florida from Company Marketing Opioid Medications, *available at:* http://www.myfloridalegal.com/newsrel.nsf/newsreleases/BB37C4F6FABF771D85258672005079E1 (last visited Mar. 29, 2021).
[34] Attorney General Moody Secures Billions for Opioid Abatement Funds from Purdue Pharma Bankruptcy Plan, *available at:* http://www.myfloridalegal.com/newsrel.nsf/newsreleases/D6A7FC7B1D9774808525869A004BCDE5 (last visited Mar. 29, 2021).

Attorney General with the sole authority to file a civil proceeding on behalf of the affected governmental entities in the state unless and until that declaration is rescinded by the Legislature. Under the bill, when a matter is declared a matter of great governmental concern, the Attorney General may institute or intervene in any governmental entity legal proceeding, including any pending appeal, and may consolidate, dismiss, release, settle, or take action that he or she believes to be in the public interest, as long as such action is not inconsistent with the terms of the Legislature's resolution. The Legislature's declaration operates to abate or stay any relevant civil proceeding filed by a governmental entity unless and until the Attorney General takes action in such proceeding. A declaration by the Legislature also tolls any statute of limitations under Florida law affecting a claim by a governmental entity for the declaration's pendency or 1 year, whichever is shorter.

The bill provides that public officials and employees involved in a matter of great governmental concern have to furnish relevant assistance and information to the Attorney General, including notice of any pending civil proceeding related to a matter of great governmental concern.

The bill requires that any award for damages or monetary payment from a settlement arising from a matter of great governmental concern is subject to full appropriation by the Legislature and may not be appropriated, expended, or encumbered by the Attorney General or the terms of a settlement agreement. Also, any settlement or resolution of a civil proceeding by a governmental entity taken after a declaration without the Attorney General's consent is void.

The bill states that the Department of Legal Affairs is exempt from s. 120.57(3), F.S., for purposes relevant to a matter of great governmental concern.

The bill also provides a procedure for an attorney to receive from any recovery reasonable attorney fees and costs incurred in connection with representing a governmental entity before the Attorney General issues a declaration. The bill describes the various criteria a court must consider when calculating the amount of any reasonable attorney fees to include the following:

- The time and labor required, the novelty and difficulty of the question involved, and the skill requisite to perform the legal service properly;
- The likelihood, if apparent, that the acceptance of the particular employment will preclude other employment by the attorney;
- The fee customarily charged in the locality for similar legal services;
- The amount involved and the results obtained;
- The time limitation imposed by the governmental entity or the circumstances;
- The nature and length of the professional relationship with the governmental entity;
- The experience, reputation, and ability of the attorney performing the legal services; and
- Whether the fee is fixed or contingent.

The bill takes effect upon becoming law.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

Article V, s. 2(a) of the Florida Constitution, grants the Florida Supreme Court the exclusive authority to adopt rules of judicial practice and procedure for actions filed in Florida.[35] Generally, the Legislature is empowered to enact substantive law while the Florida Supreme Court has the authority to enact procedural law.[36] Accordingly, a statute that creates or modifies a procedural rule of the Florida Supreme Court violates Art. II, s. 3 of the Florida Constitution, which prohibits one branch of government from exercising any powers appertaining to either of the other branches unless expressly permitted by the constitution.[37]

The bill may implicate these constitutional provisions by containing procedural dictates that fall exclusively within the Florida Supreme Court's constitutional powers and, thus, violate the constitutional separation of powers. The bill's constitutionality likely depends on whether a court considers the bill's provisions "clearly substantive" with "incidental" procedural aspects. If so, the bill may be constitutional.[38]

The bill also may implicate Art. I, s. 10 of the United States Constitution and Art. I, s. 10 of the Florida Constitution. Both of these constitutional provisions prohibit any law that impairs the obligation of contracts. The bill may violate these constitutional restrictions by impairing existing contractual relationships between governmental entities and private attorneys that may be affected if the Attorney General declares that a matter is a great governmental concern.[39]

[37] *See State v. Raymond*, 906 So.2d 1045, 1048 (Fla.2005)
[38] "If a statute is clearly substantive and operates in an area of legitimate legislative concern, this Court will not hold that it constitutes an unconstitutional encroachment on the judicial branch. However, where a statute does not basically convey substantive rights, the procedural aspects of the statute cannot be deemed incidental, and that statute is unconstitutional. Moreover, where this Court has promulgated rules that relate to practice and procedure, and a statute provides a contrary practice or procedure, the statute is unconstitutional to the extent of the conflict. Finally, where a statute has some substantive aspects, but the procedural requirements of the statute conflict with or interfere with the procedural mechanisms of the court system, those requirements are unconstitutional." *Massey v. David*, 979 So.2d 931, 937 (Fla.2008)(citation and quotations omitted).
[39] *See Searcy, Denney, Scarola, Barnhart & Shipley, etc. v. State*, 209 So.3d 118 (Fla.2017)(claims bill's limitation on payment of attorney fees impermissibly impaired family's preexisting contingency fee contract with law firm).

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

Indeterminate.

C. Government Sector Impact:

Indeterminate.

The bill may increase state revenue as it would direct all recovery obtained in litigation on a matter of great governmental concern, with the exception of local government attorney fees in specified circumstances, to the state.

VI. Technical Deficiencies:

None.

VII. Related Issues:

The bill's current definition of a "matter of great governmental concern" appears to only apply to situations where a governmental entity suffers substantial economic loss or harm. This definition may exclude certain *parens patriae* legal actions related to the economic loss or harm suffered by the citizenry of a governmental entity and not the governmental entity itself.

VIII. Statutes Affected:

This bill creates section 16.65 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Community Affairs on March 30, 2021:
The committee substitute makes the following revisions:

- Redefines "matter of great governmental concern" to mean situations where 15 or more counties suffer economic loss or other harm, as opposed to 5 or more counties;
- Provides that the Legislature has the authority to declare, amend, or rescind a declaration for a matter of great governmental concern by concurrent resolution, as opposed to the Attorney General;
- Provides that the Attorney General may take legal action in the public interest as long as such action is not inconsistent with the terms or provisions of the Legislature's resolution declaring the matter to be a matter of great governmental concern;

- Requires that any award for damages or monetary payment from a settlement arising from a matter of great governmental concern be subject to full appropriation by the Legislature; and
- Removes the statement that a declaration of a matter is a matter of great governmental concern does not constitute final agency action subject to review pursuant to ss. 120.569 and 120.57, F.S.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Community Affairs; and Senator Burgess

578-03605-21 2021102c1

A bill to be entitled

An act relating to matters of great governmental concern; creating s. 16.65, F.S.; providing legislative findings; defining terms; authorizing the Legislature to declare, by concurrent resolution, that a circumstance or conduct that has caused substantial economic loss or other similar harm to governmental entities in at least a specified number of counties is a matter of great governmental concern; providing that the Attorney General has the sole authority to file certain civil proceedings; authorizing the Attorney General to investigate certain matters; authorizing the Attorney General to institute or intervene in certain civil proceedings; authorizing the Attorney General to take certain actions in certain civil proceedings; providing that any award, excluding attorney fees, are subject to full appropriation by the Legislature; prohibiting such award to be appropriated, expended, or encumbered by the Attorney General or any settlement agreement; providing that a declaration by the Legislature that a matter is a matter of great governmental concern abates or stays certain civil proceedings; providing for the tolling of certain statutes of limitations; requiring certain entities to provide notice to the Attorney General; providing that certain settlements and resolutions are void; providing that the Department of Legal Affairs is exempt from certain requirements related to protests to contract solicitation or award;

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

578-03605-21 2021102c1

authorizing a governmental entity or its attorneys to apply to a court for recovery of attorney fees and costs; requiring a court to consider certain factors in calculating the amount of attorney fees; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 16.65, Florida Statutes, is created to read:

16.65 Matters of great governmental concern.—

(1) LEGISLATIVE FINDINGS.—The Legislature finds that:

(a) Several events have led to extensive litigation by multiple governmental entities in this state arising from the same facts, circumstances, or conduct or similar causes of action. This litigation has been difficult to resolve in a timely and expeditious manner because of the number and different types of governmental entities involved.

(b) It is in the interest of this state that a single official represent governmental entities in civil proceedings in matters of great governmental concern to maximize recoveries and minimize costs.

(c) The Attorney General is the state's chief legal officer and is the official who should be responsible for the prosecution, management, and coordination of any civil proceedings brought by governmental entities in matters of great governmental concern.

(d) The failure to have a single official responsible in matters of great governmental concern undermines fairness and

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

efficiency and risks inconsistent or incongruent results, which will delay recovery and undermine governmental entities' ability to respond to such matters of great governmental concern.

(2) DEFINITIONS.—As used in this section, unless the context otherwise requires, the term:

(a) "Governmental entity" means the state and any department, agency, political subdivision, unit of government, or school district thereof.

(b) "Matter of great governmental concern" means any fact, circumstance, or conduct that has caused substantial economic loss or other harm of a similar nature to governmental entities in 15 or more counties in this state.

(3) AUTHORITY.—

(a) The Legislature by concurrent resolution may declare a matter to be a matter of great governmental concern. Upon such declaration, the Attorney General has the sole authority to file a civil proceeding on behalf of the affected governmental entities in this state until the Legislature by concurrent resolution invalidates, rescinds, or amends that declaration.

(b) The Attorney General may investigate a matter before and after the Legislature declares that the matter is a matter of great governmental concern. In any investigation and civil proceeding commenced pursuant to this section, it is the duty of all public officers and their deputies, assistants, clerks, subordinates, and employees to render and furnish to the Attorney General, when so requested, assistance and all information available in their official capacity.

(c) The Attorney General may institute or intervene in any civil proceeding in state or federal court, including any

pending appeal, on behalf of a governmental entity to seek any relief afforded at law or in equity, under state or federal law, pertaining to a matter of great governmental concern.

(d) The Attorney General may consolidate, dismiss, release, settle, or take action that he or she believes to be in the public interest in any civil proceeding in state or federal court pertaining to a matter of great governmental concern, provided that such action is not inconsistent with the terms or provisions of the Legislature's resolution declaring the matter to be a matter of great governmental concern.

(e) Any award for damages or monetary payment arising from a civil proceeding, compromise, or settlement of any claim or litigation pertaining to a matter of great governmental concern, excluding attorney fees described in subsection (4), is subject to full appropriation by the Legislature and may not be appropriated, expended, or encumbered by the Attorney General or the terms or provisions of any settlement agreement.

(f) A declaration by the Legislature that a matter is a matter of great governmental concern operates to abate or stay any civil proceeding in state or federal court pertaining to the matter of great governmental concern filed by a governmental entity until the Attorney General takes an action in such proceeding.

(g) Any statute of limitations under the laws of this state affecting a claim by a governmental entity is tolled for the pendency of a declaration that a matter is a matter of great governmental concern or for 1 year, whichever is earlier.

(h) Upon learning of a declaration that a matter is a matter of great governmental concern, all governmental entities

then a party to any affected civil proceeding shall provide notice to the Attorney General of the existence of any such civil proceeding, including the style of the action, the case number, and the court where such proceeding is pending. Any settlement or resolution of the civil proceeding by a governmental entity taken after a declaration without the consent of the Attorney General is void.

(i) For purposes of this subsection, the Department of Legal Affairs is exempt from s. 120.57(3).

(4) ATTORNEY FEES.—

(a) If a governmental entity retains attorneys to represent it before a matter is declared to be a matter of great governmental concern, the governmental entity or its attorneys may apply to the court where the civil proceeding is being prosecuted by the Attorney General or, if no such proceeding exists, in the circuit court in and for Leon County to receive from any recovery its reasonable attorney fees and costs incurred in connection with such representation.

(b) In calculating the amount of any reasonable attorney fees, the court shall consider all of the following factors:

1. The time and labor required, the novelty and difficulty of the question involved, and the skill requisite to perform the legal service properly.

2. The likelihood, if apparent, that the acceptance of the particular employment will preclude other employment by the attorney.

3. The fee customarily charged in the locality for similar legal services.

4. The amount involved and the results obtained.

5. The time limitation imposed by the governmental entity or the circumstances.

6. The nature and length of the professional relationship with the governmental entity.

7. The experience, reputation, and ability of the attorney performing the legal services.

8. Whether the fee is fixed or contingent.

Section 2. This act shall take effect upon becoming a law.

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/CS/SB 130 promotes the use of peer specialists to assist an individual's recovery from substance use disorder (SUD) or mental illness. Peer specialists are persons who have recovered from a substance use disorder or mental illness who support a person with a current substance use disorder or mental illness.

Specifically, the bill:

- Adds the use of peer specialists as an essential element of a coordinated system of care;
- Provides legislative findings and intent related to the use of peer specialists in the provision of behavioral health care;
- Requires the Department of Children and Families (the DCF) to develop a training program for peer specialists, giving preference to trainers who are certified peer specialists;
- Requires the DCF to certify peer specialists, directly or through the use of a third-party credentialing entity;
- Revises background screening requirements and codifies existing training and certification requirements for peer specialists;
- Adds offenses for which individuals seeking certification as a peer specialist may seek an exemption from eligibility disqualification;

- Allows peer specialists to work with adults with mental health disorders, in addition to SUDs and co-occurring disorders, while a request for an exemption from a background check disqualification is pending.
- Expands the statutory limit for the number of days during which a service provider can work while a request for exemption from a background check disqualification is pending to 180 days from the current 90 days.
- Allows for recovery support services to be reimbursed as a recovery service through the DCF, a behavioral health managing entity, or the Medicaid program.
- Provides that individuals certified as peer specialists by July 1, 2021, will be deemed to have met the requirements for certification under the bill.

The bill is expected to have an insignificant negative fiscal impact on state government.

The bill is effective July 1, 2021.

II. Present Situation:

Substance Abuse

Substance abuse is the harmful or hazardous use of psychoactive substances, including alcohol and illicit drugs. Substance use disorder (SUD) is determined based on specified criteria included in the Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM-5).[1] According to the DSM-5, a diagnosis of SUD is based on evidence of impaired control, social impairment, risky use, and pharmacological criteria.[2] SUD occurs when an individual chronically uses alcohol or drugs, resulting in significant impairment, such as health problems, disability, and failure to meet major responsibilities at work, school, or home.[3] Repeated drug use leads to changes in the brain's structure and function that can make a person more susceptible to developing a substance abuse disorder.[4] Imaging studies of brains belonging to persons with SUD reveal physical changes in areas of the brain critical to judgment, decision making, learning and memory, and behavior control.[5]

In 2018, approximately 20.3 million people aged 12 or older had a SUD related to corresponding use of alcohol or illicit drugs within the previous year, including 14.8 million people diagnosed with alcohol use disorder and 8.1 million people diagnosed with drug use disorder.[6] The most

common substance abuse disorders in the United States are from the use of alcohol, tobacco, cannabis, opioids, hallucinogens, and stimulants.[7]

Substance Abuse Treatment in Florida

In the early 1970s, the federal government enacted laws creating formula grants for states to develop continuums of care for individuals and families affected by substance abuse.[8] The laws resulted in separate funding streams and requirements for alcoholism and drug abuse. In response to the laws, the Florida Legislature enacted chs. 396 and 397, F.S., relating to alcohol and drug abuse, respectively.[9] Each of these laws governed different aspects of addiction, and thus had different rules adopted by the state to fully implement the respective pieces of legislation.[10] However, because persons with substance abuse issues often do not restrict their misuse to one substance or another, having two separate laws dealing with the prevention and treatment of addiction was cumbersome and did not adequately address Florida's substance abuse problem.[11] In 1993, legislation was adopted to combine ch. 396 and 397, F.S., into a single law, the Hal S. Marchman Alcohol and Other Drug Services Act (Marchman Act).[12]

The Marchman Act encourages individuals to seek services on a voluntary basis within the existing financial and space capacities of a service provider.[13] However, denial of addiction is a prevalent symptom of SUD, creating a barrier to timely intervention and effective treatment.[14] As a result, treatment typically must stem from a third party providing the intervention needed for SUD treatment.[15]

The Department of Children and Families (DCF) administers a statewide system of safety-net services for substance abuse and mental health (SAMH) prevention, treatment and recovery for children and adults who are otherwise unable to obtain these services. Services are provided based upon state and federally-established priority populations.[16] The DCF provides treatment for SUD through a community-based provider system offering detoxification,[17] treatment

services[18] and recovery support[19] for individuals affected by substance misuse, abuse or dependence.[20]

Peer Specialists

Research has shown that social support provided by peers is beneficial to those in recovery from a SUD or mental illness.[21] Section 397.311, F.S., defines a peer specialist as "a person who has been in recovery from a SUD or mental illness for at least 2 years who uses his or her personal experience to provide services in behavioral health settings to support others in their recovery, or a person who has at least 2 years of experience as a family member or caregiver of an individual who has a SUD or mental illness. The term does not include a qualified professional or a person otherwise certified under ch. 394 or ch. 397."[22]

There are four primary types of social support provided by peers:

- Emotional: where a peer demonstrates empathy, caring or concern to bolster a person's self-esteem. (i.e., peer mentoring or peer-led support groups).
- Informational: where a peer shares knowledge and information to provide life or vocational skills training. (i.e., parenting classes, job readiness training, or wellness seminars).
- Instrumental: where a peer provides concrete assistance to help others accomplish tasks. (i.e., child care, transportation, and help accessing health and human services).
- Affiliational: where a peer facilitates contacts with other people to promote learning of social skills, create a sense of community, and acquire a sense of belonging. (i.e., recovery centers, sports league participation, and alcohol or drug free socialization opportunities).[23]

In Florida, DCF and Medicaid both allow reimbursement for peer support services, but only if provided by certified peer specialists.[24]

An individual seeking to become a certified peer specialist must have either been in recovery from a SUD or mental illness for at least two years, or must have at least two years of experience as a family member or caregiver of an individual suffering from a substance use disorder or mental illness.[25] The DCF must approve one or more third-party credentialing entities for the

[18] Treatment services include a wide array of assessment, counseling, case management, and support that are designed to help individuals who have lost their abilities to control their substance use on their own and require formal, structured intervention and support.
[19] Recovery support services, including transitional housing, life skills training, parenting skills, and peer-based individual and group counseling, are offered during and following treatment to further assist individuals in their development of the knowledge and skills necessary to maintain their recovery.

Florida's Medicaid program currently covers peer recovery services; the DCF allows the state's behavioral health managing entities to reimburse for peer recovery services.
[25] Section 397.417(1), F.S.

purposes of certifying peer specialists, approving training programs for individuals seeking certification as peer specialists, approving continuing education programs, and establishing the minimum requirements and standards that applicants must achieve to maintain certification.[26] To obtain approval, the third-party credentialing entity must demonstrate compliance with nationally recognized standards for developing and administering professional certification programs to certify peer specialists.[27] All individuals providing DCF-funded recovery support services as a peer specialist must be certified, however an individual who is not currently certified may work as a peer specialist for a maximum of one year if they are working toward certification and are supervised by a qualified professional or by a certified peer specialist with at least three years of full-time experience as a peer specialist at a licensed behavioral health organization.[28]

The Florida Certification Board (FCB) is currently the only credentialing entity approved by the DCF for certifying peer specialists in the state.[29] The FCB credentials Certified Recovery Peer Specialist (CRPS), which assist in providing client directed care by helping individuals develop skills, and relationships that will allow them to achieve and maintain recovery from SUDs and mental illness.[30] CRPS applicants must attest to having been in recovery for a minimum of two years.[31] The CRPS must also have demonstrated competency through training and experience in the performance domains of: Recovery Support, Advocacy, Mentoring and Professional Responsibilities.[32] As of June 2020, 630 individuals maintain active CRPS certifications statewide.[33]

Individuals seeking certification must adhere to the CRPS credentialing standards and requirements, complete a background screening, and have completed all court-ordered sanctions related to any prior crimes committed for at least three years.[34] Prospective CRPS must also successfully complete training and a competency exam demonstrating proficiency in certain educational areas.[35]

Background Screening

Substance Use Disorder and Criminal History

Certain individuals receiving substance abuse treatment may have a criminal or violent history: about 54 percent of state prisoners and 61 percent of sentenced jail inmates incarcerated for violent offenses met the Diagnostic and Statistical Manual of Mental Disorders, 4th Edition, (DSM-IV) criteria for drug dependence or abuse.[36] Additionally, individuals who use illicit drugs

are more likely to commit crimes, and it is common for many offenses, including violent crimes, to be committed by individuals who had used drugs or alcohol prior to committing the crime, or who were using at the time of the offense.[37] As a result, individuals who have recovered from a SUD or mental illness often have a criminal history that may disqualify them from employment in the substance abuse treatment industry due to Florida's background screening process.

Background Screening Process

Current law establishes standard procedures for criminal history background screening of prospective employees; ch. 435, F.S., outlines the screening requirements. There are two levels of background screening: level 1 and level 2. Level 1 screening includes, at a minimum, employment history checks and statewide criminal correspondence checks through the Florida Department of Law Enforcement (FDLE) and a check of the Dru Sjodin National Sex Offender Public Website,[38] and may include criminal records checks through local law enforcement agencies. A level 2 background screening includes, but is not limited to, fingerprinting for statewide criminal history records checks through the FDLE and national criminal history checks through the Federal Bureau of Investigation (FBI), and may include local criminal records checks through local law enforcement agencies.[39]

Every person required by law to be screened pursuant to ch. 435, F.S., must submit a complete set of information necessary to conduct a screening to his or her employer.[40] Such information for a level 2 screening includes fingerprints, which are taken by a vendor that submits them electronically to the FDLE.[41]

For both level 1 and 2 screenings, an employer must submit the information necessary for screening to the FDLE within five working days after receiving it.[42] Additionally, for both levels of screening, the FDLE must perform a criminal history record check of its records.[43] For a level 1 screening, this is the only information searched, and once complete, the FDLE responds to the employer or agency, who must then inform the employee whether screening has revealed any disqualifying information.[44] For level 2 screening, the FDLE also requests the FBI to conduct a national criminal history record check of its records for each employee for whom the request is made.[45]

The person undergoing screening must supply any missing criminal or other necessary information upon request to the requesting employer or agency within 30 days after receiving the request for the information.[46]

Disqualifying Offenses

Regardless of whether the screening is level 1 or level 2, the screening employer or agency must make sure that the applicant has good moral character by ensuring that the employee has not been arrested for and is awaiting final disposition of, been found guilty of, regardless of adjudication, or entered a plea of nolo contendere or guilty to, or been adjudicated delinquent and the record has not been sealed or expunged for, any of the following 52 offenses prohibited under Florida law, or similar law of another jurisdiction:

- Section 393.135, F.S., relating to sexual misconduct with certain developmentally disabled clients and reporting of such sexual misconduct.
- Section 394.4593, F.S., relating to sexual misconduct with certain mental health patients and reporting of such sexual misconduct.
- Section 415.111, F.S., relating to adult abuse, neglect, or exploitation of aged persons or disabled adults.
- Section 777.04, F.S., relating to attempts, solicitation, and conspiracy to commit an offense listed in this subsection.
- Section 782.04, F.S., relating to murder.
- Section 782.07, F.S., relating to manslaughter, aggravated manslaughter of an elderly person or disabled adult, or aggravated manslaughter of a child.
- Section 782.071, F.S., relating to vehicular homicide.
- Section 782.09, F.S., relating to killing of an unborn child by injury to the mother.
- Chapter 784, F.S., relating to assault, battery, and culpable negligence, if the offense was a felony.
- Section 784.011, F.S., relating to assault, if the victim of the offense was a minor.
- Section 784.03, F.S., relating to battery, if the victim of the offense was a minor.
- Section 787.01, F.S., relating to kidnapping.
- Section 787.02, F.S., relating to false imprisonment.
- Section 787.025, F.S., relating to luring or enticing a child.
- Section 787.04(2), F.S., relating to taking, enticing, or removing a child beyond the state limits with criminal intent pending custody proceedings.
- Section 787.04(3), F.S., relating to carrying a child beyond the state lines with criminal intent to avoid producing a child at a custody hearing or delivering the child to the designated person.
- Section 790.115(1), F.S., relating to exhibiting firearms or weapons within 1,000 feet of a school.
- Section 790.115(2)(b), F.S., relating to possessing an electric weapon or device, destructive device, or other weapon on school property.
- Section 794.011, F.S., relating to sexual battery.
- Former s. 794.041, F.S., relating to prohibited acts of persons in familial or custodial authority.
- Section 794.05, F.S., relating to unlawful sexual activity with certain minors.
- Chapter 796, F.S., relating to prostitution.
- Section 798.02, F.S., relating to lewd and lascivious behavior.
- Chapter 800, F.S., relating to lewdness and indecent exposure.
- Section 806.01, F.S., relating to arson.

- Section 810.02, F.S., relating to burglary.
- Section 810.14, F.S., relating to voyeurism, if the offense is a felony.
- Section 810.145, F.S., relating to video voyeurism, if the offense is a felony.
- Chapter 812, F.S., relating to theft, robbery, and related crimes, if the offense is a felony.
- Section 817.563, F.S., relating to fraudulent sale of controlled substances, only if the offense was a felony.
- Section 825.102, F.S., relating to abuse, aggravated abuse, or neglect of an elderly person or disabled adult.
- Section 825.1025, F.S., relating to lewd or lascivious offenses committed upon or in the presence of an elderly person or disabled adult.
- Section 825.103, F.S., relating to exploitation of an elderly person or disabled adult, if the offense was a felony.
- Section 826.04, F.S., relating to incest.
- Section 827.03, F.S., relating to child abuse, aggravated child abuse, or neglect of a child.
- Section 827.04, F.S., relating to contributing to the delinquency or dependency of a child.
- Former s. 827.05, F.S., relating to negligent treatment of children.
- Section 827.071, F.S., relating to sexual performance by a child.
- Section 843.01, F.S., relating to resisting arrest with violence.
- Section 843.025, F.S., relating to depriving a law enforcement, correctional, or correctional probation officer of means of protection or communication.
- Section 843.12, F.S., relating to aiding in an escape.
- Section 843.13, F.S., relating to aiding in the escape of juvenile inmates in correctional institutions.
- Chapter 847, F.S., relating to obscene literature.
- Section 874.05, F.S., relating to encouraging or recruiting another to join a criminal gang.
- Chapter 893, F.S., relating to drug abuse prevention and control, only if the offense was a felony or if any other person involved in the offense was a minor.
- Section 916.1075, F.S., relating to sexual misconduct with certain forensic clients and reporting of such sexual misconduct.
- Section 944.35(3), F.S., relating to inflicting cruel or inhuman treatment on an inmate resulting in great bodily harm.
- Section 944.40, F.S., relating to escape.
- Section 944.46, F.S., relating to harboring, concealing, or aiding an escaped prisoner.
- Section 944.47, F.S., relating to introduction of contraband into a correctional facility.
- Section 985.701, F.S., relating to sexual misconduct in juvenile justice programs.
- Section 985.711, F.S., relating to contraband introduced into detention facilities.[47]

Exemption from Disqualification

If an individual is disqualified due to a pending arrest, conviction, plea of nolo contendere, or adjudication of delinquency to one or more of the disqualifying offenses, s. 435.07, F.S., allows the Secretary of the appropriate agency (in the case of substance abuse treatment, the DCF) to exempt applicants from disqualification under certain circumstances.[48]

[47] Section 435.04(2), F.S.
[48] *See* Section 435.07(1), F.S.

Receiving an exemption allows that individual to work despite the disqualifying crime in that person's past. However, an individual who is considered a sexual predator,[49] career offender,[50] or sexual offender (unless not required to register)[51] cannot ever be exempted from disqualification.[52]

Additionally, individuals (including peer specialists) employed, or applicants for employment, by treatment providers who treat adolescents 13 years of age and older who are disqualified from employment solely because of certain crimes may be exempted from disqualification from employment, without applying the 3-year waiting period.[53] These crimes include certain offenses related to:

- Prostitution;
- Unarmed burglary of a structure;
- Third degree felony grand theft;
- Sale of imitation controlled substance;
- Forgery;
- Uttering or publishing a forged instrument;
- Sale, manufacture, delivery, or possession with intent to sell, manufacture, or deliver controlled substances (excluding drug trafficking);
- Use, possession, manufacture, delivery, transportation, advertisement, or sale of drug paraphernalia; and
- Any related criminal attempt, solicitation, or conspiracy.[54]

To seek exemption from disqualification, an employee must submit a request for an exemption from disqualification within 30 days after being notified of a pending disqualification, and the DCF must grant or deny the application within 60 days of the receipt of a completed application.[55]

To be exempted from disqualification and thus be able to work, the applicant must demonstrate by clear and convincing evidence that he or she should not be disqualified from employment.[56] Clear and convincing evidence is a heavier burden than the preponderance of the evidence standard but less than beyond a reasonable doubt.[57] This means that the evidence presented is credible and verifiable, and that the memories of witnesses are clear and without confusion.[58] This evidence must create a firm belief and conviction of the truth of the facts presented and,

[49] Section 775.261, F.S.
[50] Section 775.261, F.S.

[58] *Id*.

considered as a whole, must convince DCF representatives without hesitancy that the requester will not pose a threat if allowed to hold a position of special trust relative to children, vulnerable adults, or to developmentally disabled individuals.[59] Evidence that may support an exemption includes, but is not limited to:

- Personal references.
- Letters from employers or other professionals.
- Evidence of rehabilitation, including documentation of successful participation in a rehabilitation program.
- Evidence of further education or training.
- Evidence of community involvement.
- Evidence of special awards or recognition.
- Evidence of military service.
- Parenting or other caregiver experiences.[60]

After the DCF receives a complete exemption request package from the applicant, the background screening coordinator searches available data, including, but not limited to, a review of records and pertinent court documents including case disposition and the applicant's plea in order to determine the appropriateness of granting the applicant an exemption.[61] These materials, in addition to the information provided by the applicant, form the basis for a recommendation as to whether the exemption should be granted.[62]

After all reasonable evidence is gathered, the background screening coordinator consults with his or her supervisor and, after consultation with the supervisor, the coordinator and the supervisor will recommend whether the exemption should be granted.[63] The regional legal counsel's office reviews the recommendation to grant or deny an exemption to determine legal sufficiency. The criminal justice coordinator in the region in which the background screening coordinator is located also reviews the exemption request file and recommendation and makes an initial determination whether to grant or deny the exemption.[64]

If the regional criminal justice coordinator makes an initial determination that the exemption should be granted, the exemption request file and recommendations are forwarded to the regional director, who has delegated authority from the DCF Secretary to grant or deny the exemption.[65] After an exemption request decision is final, the background screener provides a written response to the applicant as to whether the request is granted or denied.[66]

If the DCF grants the exemption, the applicant and the facility or employer are notified of the decision by regular mail.[67] However, if the request is denied, notification of the decision is sent by certified mail, return receipt requested, to the applicant, addressed to the last known address

and a separate letter of denial is sent by regular mail to the facility or employer.[68] If the application is denied, the denial letter must set forth pertinent facts that the background screening coordinator, the background screening coordinator's supervisor, the criminal justice coordinator, and regional director, where appropriate, used in deciding to deny the exemption request.[69] It must also inform the denied applicant of the availability of an administrative review[70] pursuant to ch. 120, F.S.[71]

Individuals Requiring Background Screening Under Ch. 397, F.S.

Only certain individuals affiliated with substance abuse treatment providers require background screening. Section 397.4073, F.S., requires peer specialists who have direct contact[72] with individuals receiving services must undergo a level 2 background screening as provided under s. 408.809 and ch. 435.[73] Applicant peer specialists are required to pay the costs associated with such screenings.[74] Similarly, all owners, directors, chief financial officers, and clinical supervisors of service providers, as well as all service provider personnel who have direct contact with children receiving services or with adults who are developmentally disabled receiving services must also undergo level 2 background screening.

Other statutory provisions are tailored to facilitate individuals in recovery who have disqualifying offenses being able to work in substance abuse treatment. The DCF may grant exemptions from disqualification for an individual seeking certification as a peer specialist if at least three years have passed since the individual has completed, or been lawfully released from, any confinement, supervision, or nonmonetary condition imposed by a court for the individual's most recent disqualifying offense.[75] Similar to the conditional employment granted to other select applicants in s. 397.4073, certified peer specialists may work with adults with SUD for up to 90 days after being notified of his or her disqualification or until the DCF makes a final determination regarding the request for an exemption from disqualification if three years or more have elapsed since the most recent disqualifying offense, whichever is earlier.[76]

III. Effect of Proposed Changes:

Coordinated System of Care

The bill amends s. 394.4573, F.S., relating to coordinated systems of care, to add the use of peer specialists to assist in an individual's recovery from a substance use disorder or mental illness to the list of essential elements of a coordinated system of behavioral health care.

[68] *Id*.
[69] *Id*.
[70] All notices of denial of an exemption shall advise the applicant of the basis for the denial, that an administrative hearing pursuant to s. 120.57, F.S., may be requested, and that the request must be made within 21 days of receipt of the denial letter or the applicant's right to an appeal will be waived.
[71] The DCF Operating Procedure at 6.
[72] Direct contact is not defined in ch. 397, F.S.
[73] Section 397.4073(a)3., F.S.
[74] Section 408.809(5), F.S.
[75] Section 397.4073(4)(b)1.a., F.S.
[76] Section 397.4073(1)(g), F.S.

Legislative Findings and Intent

The bill provides legislative findings and intent, as follows:

- The Legislature finds that the ability to provide adequate behavioral health services is limited by a shortage of professionals and paraprofessionals.
- The Legislature finds that the state is experiencing an increase in opioid addictions, many of which prove fatal.
- The Legislature finds that peer specialists provide effective support services because they share common life experiences with the persons they assist.
- The Legislature finds that peer specialists promote a sense of community among those in recovery.
- The Legislature finds that research has shown that peer support facilitates recovery and reduces health care costs.
- The Legislature finds that persons who are otherwise qualified to serve as peer specialists may have a criminal history that prevents them from meeting background screening requirements.
- It is the intent of the Legislature that the use of peer specialists be expanded as a cost-effective means of providing services.
- It is the intent of the Legislature to ensure that peer specialists meet specified qualifications and modified background screening requirements and are adequately reimbursed for their services.

Criteria for Becoming a Certified Peer Specialist

The bill codifies a number of criteria currently used by the Florida Certification Board (FCB) in the process of certifying peer specialists. Specifically, the bill requires that persons seeking certification as peer specialists:

- Be in recovery from a substance use disorder (SUD) or mental illness for the past two years, or be a family member or caregiver of an individual with a history of SUD or mental illness;
- Pass a competency exam developed under the bill by the Department of Children and Families (DCF); and
- Undergo background screening as provided under the bill.

Duties of the Department of Children and Families (DCF)

Currently, the FCB provides training and administers a competency exam for peer specialists seeking certification. Under the bill, the DCF is made statutorily responsible for:

- Creating a training program for peer specialists, giving preference to trainers who are certified peer specialists. The training program must coincide with a competency exam and be based on current practice standards; and
- Mandating that all individuals providing recovery support services become certified.

Individuals may practice as a peer specialist prior to becoming certified for up to one year if the individual is actively working toward certification and is supervised by a qualified professional[77]

[77] Section 397.311(35) defines "qualified professional" to mean "a physician or a physician assistant licensed under chapter 458 or chapter 459; a professional licensed under chapter 490 or chapter 491; an advanced practice registered nurse licensed

or a certified peer specialist with at least two years of full-time experience as a peer specialist at a licensed behavioral health organization.

Background Screening

The bill specifies revised background screening requirements, requiring applicants to submit a full set of fingerprints to the DCF, or to a vendor, entity, or agency[78] that has entered into an agreement with the Florida Department of Law Enforcement (FDLE). Fingerprints must then be forwarded to the FDLE for state processing and retention, and to the FBI for national processing and retention. This will enable the FDLE to conduct ongoing, fingerprint-based, state and national background checks on certified peer specialists. The bill mandates any arrest record discovered be reported to the DCF. The bill requires the DCF to screen results in order to ensure an applicant meets the requirements of certification, and it provides that the applicant peer specialist is to pay all fees charged in connection with state and federal fingerprint processing and retention.[79]

The bill authorizes the DCF or the Agency for Health Care Administration (the AHCA) to contract with vendors for electronic fingerprinting, provided that such contracts ensure the integrity and security of all personal identifying information obtained. Vendors who submit fingerprints on behalf of employees must:

- Meet the requirements of s. 943.053, F.S.;[80]
- Be capable of communicating electronically with the state agency accepting screening results from the FDLE; and
- Be capable of providing the applicant's:
  - Full first name, middle initial, and last name;
  - Social security number or individual taxpayer identification number;
  - Date of birth;
  - Mailing address;
  - Sex; and
  - Race.

The bill provides that a background screening of a peer specialist must ensure that a prospective peer specialist has not been arrested for and awaiting final disposition of, found guilty of, regardless of adjudication, or entered a plea of nolo contendere or guilty to, or been adjudicated delinquent and the record has not been sealed or expunged for, any felony within the past three

---

under part I of chapter 464; or a person who is certified through a department-recognized certification process for substance abuse treatment services and who holds, at a minimum, a bachelor's degree." A person who is certified in substance abuse treatment services by a state-recognized certification process in another state at the time of employment with a licensed substance abuse provider in this state may perform the functions of a qualified professional as defined in this chapter but must meet certification requirements contained in this subsection no later than 1 year after his or her date of employment.

[78] Section 943.053(13), F.S., provides criteria which must be followed in order for the FDLE to accept fingerprint submissions from private vendors, entities, or agencies.

[79] This cost is already borne by the applicant under current law requiring level 2 background screening for certified peer specialists. *See* ss. 397.4073(1)(a)3. and 408.809(5), F.S.

[80] Section 943.053, F.S., provides, among other things, standards for vendors meant to ensure that all persons having direct or indirect responsibility for verifying identification, taking fingerprints, and electronically submitting fingerprints are qualified to do so and will ensure the integrity and security of all personal information gathered from the persons whose fingerprints are submitted.

years. The bill also requires that background screening ensure the applicant has not, at any time, been found guilty of, regardless of adjudication, or entered a plea of nolo contendere or guilty to, or been adjudicated delinquent and the record has not been sealed or expunged for, the following laws or similar laws of other jurisdictions:

- Section 393.135, relating to sexual misconduct with certain developmentally disabled clients and reporting of such sexual misconduct.
- Section 394.4593, relating to sexual misconduct with certain mental health patients and reporting of such sexual misconduct.
- Section 409.920, relating to Medicaid provider fraud, if the offense was a felony of the first or second degree.
- Section 415.111, relating to abuse, neglect, or exploitation of vulnerable adults.
- Any offense that constitutes domestic violence as defined in s. 741.28, F.S.
- Section 777.04, relating to attempts, solicitation, and conspiracy to commit an offense listed in this paragraph.
- Section 782.04, relating to murder.
- Section 782.07, relating to manslaughter, aggravated manslaughter of an elderly person or a disabled adult, aggravated manslaughter of a child, or aggravated manslaughter of an officer, a firefighter, an emergency medical technician, or a paramedic.
- Section 782.071, relating to vehicular homicide.
- Section 782.09, relating to killing an unborn child by injury to the mother.
- Chapter 784, relating to assault, battery, and culpable negligence, if the offense was a felony.
- Section 787.01, relating to kidnapping.
- Section 787.02, relating to false imprisonment.
- Section 787.025, relating to luring or enticing a child.
- Section 787.04(2), relating to leading, taking, enticing, or removing a minor beyond state limits, or concealing the location of a minor, with criminal intent pending custody proceedings.
- Section 787.04(3), relating to leading, taking, enticing, or removing a minor beyond state limits, or concealing the location of a minor, with criminal intent pending dependency proceedings or proceedings concerning alleged abuse or neglect of a minor.
- Section 790.115(1), relating to exhibiting firearms or weapons within 1,000 feet of a school.
- Section 790.115(2)(b), relating to possessing an electric weapon or device, a destructive device, or any other weapon on school property.
- Section 794.011, relating to sexual battery.
- Former s. 794.041, relating to prohibited acts of persons in familial or custodial authority.
- Section 794.05, relating to unlawful sexual activity with certain minors.
- Section 794.08, relating to female genital mutilation.
- Section 796.07, relating to procuring another to commit prostitution, except for those offenses expunged pursuant to s. 943.0583.
- Section 798.02, relating to lewd and lascivious behavior.
- Chapter 800, relating to lewdness and indecent exposure.
- Section 806.01, relating to arson.
- Section 810.02, relating to burglary, if the offense was a felony of the first degree.
- Section 810.14, relating to voyeurism, if the offense was a felony.
- Section 810.145, relating to video voyeurism, if the offense was a felony.

- Section 812.13, relating to robbery.
- Section 812.131, relating to robbery by sudden snatching.
- Section 812.133, relating to carjacking.
- Section 812.135, relating to home-invasion robbery.
- Section 817.034, relating to communications fraud, if the offense was a felony of the first degree.
- Section 817.234, relating to false and fraudulent insurance claims, if the offense was a felony of the first or second degree.
- Section 817.50, relating to fraudulently obtaining goods or services from a health care provider and false reports of a communicable disease.
- Section 817.505, relating to patient brokering.
- Section 817.568, relating to fraudulent use of personal identification, if the offense was a felony of the first or second degree.
- Section 825.102, relating to abuse, aggravated abuse, or neglect of an elderly person or a disabled adult.
- Section 825.1025, relating to lewd or lascivious offenses committed upon or in the presence of an elderly person or a disabled person.
- Section 825.103, relating to exploitation of an elderly person or a disabled adult, if the offense was a felony.
- Section 826.04, relating to incest.
- Section 827.03, relating to child abuse, aggravated child abuse, or neglect of a child.
- Section 827.04, relating to contributing to the delinquency or dependency of a child.
- Former s. 827.05, relating to negligent treatment of children.
- Section 827.071, relating to sexual performance by a child.
- Section 831.30, relating to fraud in obtaining medicinal drugs.
- Section 831.31, relating to sale, manufacture, delivery, possession with intent to sell, manufacture, or deliver of any counterfeit controlled substance, if the offense was a felony.
- Section 843.01, relating to resisting arrest with violence.
- Section 843.025, relating to depriving a law enforcement, correctional, or correctional probation officer of the means of protection or communication.
- Section 843.12, relating to aiding in an escape.
- Section 843.13, relating to aiding in the escape of juvenile inmates of correctional institutions.
- Chapter 847, relating to obscenity.
- Section 874.05, relating to encouraging or recruiting another to join a criminal gang.
- Chapter 893, relating to drug abuse prevention and control, if the offense was a felony of the second degree or greater severity.
- Section 895.03, relating to racketeering and collection of unlawful debts.
- Section 896.101, relating to the Florida Money Laundering Act.
- Section 916.1075, relating to sexual misconduct with certain forensic clients and reporting of such sexual misconduct.
- Section 944.35(3), relating to inflicting cruel or inhuman treatment on an inmate resulting in great bodily harm.
- Section 944.40, relating to escape.
- Section 944.46, relating to harboring, concealing, or aiding an escaped prisoner.

- Section 944.47, relating to introduction of contraband into a correctional institution.
- Section 985.701, relating to sexual misconduct in juvenile justice programs.
- Section 985.711, relating to introduction of contraband into a detention facility.

The new screening requirements of the bill eliminate the following disqualifying offenses from current law for peer specialists:
- Misdemeanor assault, or battery (Ch. 784, F.S.).
- Prostitution (Ch. 796, F.S.), with the exception of those offenses listed in s. 796.07, F.S., which have not been expunged.
- Lower level burglary offenses (s. 810.02, F.S.).
- Lower level theft and robbery offenses (Ch. 812, F.S.).
- Lower level drug abuse offenses (s. 817.563 and Ch. 893, F.S.).
- Credit card fraud (ss. 817.481, 817.60, and 817.61, F.S.).
- Forgery (ss. 831.01, 831.02, 831.07 and 831.09, F.S.).

The bill allows individuals who wish to become peer specialists, but have a disqualifying offense in their background, to request an exemption from disqualification pursuant to s. 435.07, F.S., from the DCF or the AHCA, as applicable.

The bill also allows service provider personnel, including peer specialists, to work with adults with mental health disorders (in addition to the current allowance to work with adults suffering from SUDs or co-occurring disorders) while an exemption request is pending, and extends the time limit for such work from 90 days to 180 days.

The bill grandfathers in all peer specialists certified as of July 1, 2021, by stating they are recognized as having met the requirements of the bill.

Deleted Provisions of s. 397.417, F.S.

The bill eliminates and replaces all of the current provisions of s. 397.417, F.S. Specifically, the bill:
- Eliminates the requirement that a family member or caregiver of an individual with a SUD or mental illness have at least two years of experience in order to attain certification as a peer specialist;
- Requires the DCF to develop a peer specialist training program rather than a third-party credentialing entity;
- Allows the DCF the option of certifying peer specialists directly or approving third party credentialing entities to do so;
- Permits an individual with two years of full-time experience as a peer specialist to supervise an individual providing recovery support services and working toward certification (supervisory certified peer specialists currently must have at least three years of experience).

Effective Date

The bill is effective July 1, 2021.

None.

B. Private Sector Impact:

PCS/CS/SB 130 eliminates several disqualifying criminal offenses that often result in disqualification from certification eligibility, and as a result the DCF predicts that there may be additional revenues generated for certification providers from fees paid by a greater number of individuals seeking certification.[81]

C. Government Sector Impact:

The DCF estimates there may be a negative impact to state government due to a potential increase in background screenings being conducted, and a possible increase in the number of exemptions from disqualification requested, leading to a heavier workload for the department's Background Screening Office.[82] However, any additional workload will likely be absorbed within existing department resources.

VI. Technical Deficiencies:

None.

[81] The DCF Analysis at p. 6.
[82] *Id* at p. 5.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 394.4573, 397.4073, and 397.417.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

Recommended CS/CS by Appropriations Subcommittee on Health and Human Services on March 17, 2021:
The committee substitute clarifies that third party credentialing entities are prohibited from conducting background screenings of peer specialists.

CS by Children, Families, and Elder Affairs on March 2, 2021:
The committee substitute:

- Amends s. 397.4073, F.S., to allow peer specialists to work with adults with mental health disorders while a request for an exemption from a background check disqualification is pending.
- Expands the statutory limit for the number of days during which a peer specialist can work while a request for an exemption from a background check disqualification is pending to 180 days from the current 90 days.
- Requires the DCF to screen results of applicant peer specialist background checks in order to ensure each applicant meets the requirements of certification.
- Requires state agencies, rather than vendors under contract with the DCF or the AHCA, to accept screening results from the FDLE.
- Provides that vendors under contract with the DCF or the AHCA must be capable of communicating electronically with state agencies that receive screening results.
- Clarifies that offenses related to domestic violence, as defined in s. 741.28, F.S., are added to the list of disqualifying offenses for applicant peer specialists, rather than offenses delineated in s. 741.28, F.S.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

LEGISLATIVE ACTION

Senate	.	House
Comm: WD	.	
04/16/2021	.	
	.	
	.	
	.	

The Committee on Appropriations (Rouson) recommended the following:

Senate Amendment (with title amendment)

Between lines 102 and 103
insert:

Section 2. Based on recommendations in the Third Interim Report of the 20th Statewide Grand Jury, submitted December 10, 2020, regarding the state's mental health system, it is the intent of the Legislature to establish a commission to examine the state's current policies and procedures for providing mental health and substance abuse services and to make recommendations

556044

to improve and facilitate the delivery of mental health and substance abuse services throughout the state.

Section 3. Section 394.9086, Florida Statutes, is created to read:

394.9086 Commission on Mental Health and Substance Abuse.—

(1) CREATION.—The Commission on Mental Health and Substance Abuse, a commission as defined in s. 20.03(10), is created adjunct to the Department of Children and Families. The department shall provide administrative and staff support services relating to the functions of the commission.

(2) PURPOSES.—The purposes of the commission are to examine the current methods of providing mental health and substance abuse services in the state and to improve the effectiveness of current practices, procedures, programs, and initiatives in providing such services; identify any barriers or deficiencies in the delivery of such services; and recommend changes to existing laws, rules, and policies necessary to implement the commission's recommendations.

(3) MEMBERSHIP; TERM LIMITS; MEETINGS.—

(a) The commission shall be composed of 19 members as follows:

1. A member of the Senate, appointed by the President of the Senate.

2. A member of the House of Representatives, appointed by the Speaker of the House of Representatives.

3. The Secretary of Children and Families or his or her designee.

4. The Secretary of the Agency for Health Care Administration or his or her designee.

5. A person living with a mental health disorder appointed by the President of the Senate.

6. A family member of a consumer of publicly funded mental health, appointed by the President of the Senate.

7. A representative of the Louis de la Parte Florida Mental Health Institute within the University of South Florida, appointed by the President of the Senate.

8. A representative of a county school district, appointed by the President of the Senate.

9. A representative of mental health courts, appointed by the Governor.

10. A representative of a treatment facility, as defined in s. 394.455, appointed by the Speaker of the House of Representatives.

11. A representative of a managing entity as defined in s. 394.9082(2), appointed by the Speaker of the House of Representatives.

12. A representative of a community substance abuse provider, appointed by the Speaker of the House of Representatives.

13. A psychiatrist licensed under chapter 458 or chapter 459 practicing within the mental health delivery system, appointed by the Speaker of the House of Representatives.

14. A psychologist licensed under chapter 490 practicing within the mental health delivery system, appointed by the Governor.

15. A mental health professional licensed under chapter 491, appointed by the Governor.

16. An emergency room physician, appointed by the Governor.

556044

17. A representative from the field of law enforcement, appointed by the Governor.

18. A representative from the criminal justice system, appointed by the Governor.

19. A representative of a child welfare agency involved in the delivery of behavioral health services, appointed by the Governor.

(b) The Governor shall appoint the chair from the members of the commission. Appointments to the commission must be made by August 1, 2021. Members shall be appointed to serve at the pleasure of the officer who appointed the member. A vacancy on the commission shall be filled in the same manner as the original appointment.

(c) The commission shall convene no later than September 1, 2021. The commission shall meet quarterly or upon the call of the chair. The commission shall hold its meetings via teleconference or other electronic means.

(4) DUTIES.—

(a) The duties of the Commission on Mental Health and Substance Abuse include the following:

1. Conducting a review and evaluation of the management and functioning of the existing publicly supported mental health and substance abuse systems and services in the Department of Children and Families, the Agency for Health Care Administration, and all other departments which administer mental health and substance abuse services. Such review shall include, at a minimum, a review of current goals and objectives, current planning, services strategies, coordination management, purchasing, contracting, financing, local government funding

responsibility, and accountability mechanisms.

2. Considering the unique needs of persons who are dually diagnosed.

3. Addressing access to, and financing of, and scope of responsibility in the delivery of emergency behavioral health care services.

4. Addressing the quality and effectiveness of current mental health and substance abuse services delivery systems, and professional staffing and clinical structure of services, roles, and responsibilities of public and private providers, such as community mental health centers, community substance abuse agencies, hospitals, including emergency services departments, law enforcement agencies, and the judicial system.

5. Addressing priority population groups for publicly funded mental health and substance abuse services, identifying the comprehensive mental health and substance abuse services delivery systems, mental health and substance abuse needs assessment and planning activities, and local government funding responsibilities for mental health and substance abuse services.

6. Reviewing the implementation of chapter 2020-107, Laws of Florida.

7. Identifying any gaps in the provision of mental health and substance use disorder services.

8. Providing recommendations on how behavioral health managing entities may fulfill their purpose of promoting service continuity.

9. Making recommendations regarding the mission and objectives of state-supported mental health and substance abuse services and the planning, management, staffing, financing,

556044

contracting, coordination, and accountability mechanisms which will best foster the recommended mission and objectives.

10. Evaluating and making recommendations regarding the establishment of a permanent, agency-level entity to manage mental health, substance abuse, and related services statewide. At a minimum, the evaluation must consider and describe the:

a. Specific duties and organizational structure proposed for the entity;

b. Resource needs of the entity and possible sources of funding;

c. Estimated impact on access to and quality of services;

d. Impact on individuals with behavioral health needs and their families, both those currently served through the affected systems providing behavioral health services and those in need of services; and

e. Relation to, integration with, and impact on providers, managing entities, communities, state agencies, and systems which provide mental health and substance abuse services in this state. Such recommendations must ensure that the ability of such other agencies and systems to carry out their missions and responsibilities is not impaired.

(b) The commission may call upon appropriate departments and agencies of state government for such professional assistance as may be needed in the discharge of its duties, and such departments and agencies shall provide such assistance in a timely manner.

(5) REPORTS.—By September 1, 2022, the commission shall submit an interim report to the President of the Senate, the Speaker of the House of Representatives, and the Governor

556044

containing its findings and recommendations on how to best provide and facilitate mental health and substance abuse services in the state. The commission shall submit its final report by September 1, 2023.

(6) REPEAL.—This section is repealed September 1, 2023, unless saved from repeal through reenactment by the Legislature.

576-03000-21

Proposed Committee Substitute by the Committee on Appropriations
(Appropriations Subcommittee on Health and Human Services)

A bill to be entitled

An act relating to mental health and substance use disorders; amending s. 394.4573, F.S.; providing that the use of peer specialists is an essential element of a coordinated system of care in recovery from a substance use disorder or mental illness; making a technical change; amending s. 397.4073, F.S.; revising background screening requirements for certain peer specialists; revising authorizations relating to work by applicants who have committed disqualifying offenses; amending s. 397.417, F.S.; providing legislative findings and intent; revising requirements for certification as a peer specialist; requiring the Department of Children and Families to develop a training program for peer specialists and to give preference to trainers who are certified peer specialists; requiring the training program to coincide with a competency exam and to be based on current practice standards; requiring the department to certify peer specialists, either directly or by approving a third-party credentialing entity; prohibiting third-party credentialing entities from conducting background screenings for peer specialists; requiring that a person providing recovery support services be certified or be supervised by a licensed behavioral health care professional or a certified peer specialist; authorizing the department, a

154204

576-03000-21

behavioral health managing entity, or the Medicaid program to reimburse a peer specialist service as a recovery service; encouraging Medicaid managed care plans to use peer specialists in providing recovery services; requiring peer specialists and certain persons to meet the requirements of a background screening as a condition of employment and continued employment; requiring certain entities to forward fingerprints to specified entities; requiring the department to screen results to determine if the peer specialist meets the certification requirements; requiring that fees for state and federal fingerprint processing be borne by the peer specialist applying for employment; requiring that any arrest record identified through background screening be reported to the department; authorizing the department or certain other agencies to contract with certain vendors for fingerprinting; specifying requirements for vendors; specifying disqualifying offenses for a peer specialist who applies for certification; authorizing a person who does not meet background screening requirements to request an exemption from disqualification from the department or the agency; providing that a peer specialist certified as of the effective date of this act is deemed to satisfy the requirements of this act; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (l) of subsection (2) and subsection (3) of section 394.4573, Florida Statutes, are amended to read:

394.4573 Coordinated system of care; annual assessment; essential elements; measures of performance; system improvement grants; reports.—On or before December 1 of each year, the department shall submit to the Governor, the President of the Senate, and the Speaker of the House of Representatives an assessment of the behavioral health services in this state. The assessment shall consider, at a minimum, the extent to which designated receiving systems function as no-wrong-door models, the availability of treatment and recovery services that use recovery-oriented and peer-involved approaches, the availability of less-restrictive services, and the use of evidence-informed practices. The assessment shall also consider the availability of and access to coordinated specialty care programs and identify any gaps in the availability of and access to such programs in the state. The department's assessment shall consider, at a minimum, the needs assessments conducted by the managing entities pursuant to s. 394.9082(5). Beginning in 2017, the department shall compile and include in the report all plans submitted by managing entities pursuant to s. 394.9082(8) and the department's evaluation of each plan.

(2) The essential elements of a coordinated system of care include:

(l) Recovery support, including, but not limited to, the use of peer specialists to assist in the individual's recovery from a substance use disorder or mental illness; support for competitive employment, educational attainment, independent living skills development, family support and education,

wellness management, and self-care; ~~,~~ and assistance in obtaining housing that meets the individual's needs. Such housing may include mental health residential treatment facilities, limited mental health assisted living facilities, adult family care homes, and supportive housing. Housing provided using state funds must provide a safe and decent environment free from abuse and neglect.

(3) ~~SYSTEM IMPROVEMENT GRANTS.—~~Subject to a specific appropriation by the Legislature, the department may award system improvement grants to managing entities based on a detailed plan to enhance services in accordance with the no-wrong-door model as defined in subsection (1) and to address specific needs identified in the assessment prepared by the department pursuant to this section. Such a grant must be awarded through a performance-based contract that links payments to the documented and measurable achievement of system improvements.

Section 2. Paragraphs (a) and (g) of subsection (1) of section 397.4073, Florida Statutes, are amended to read:

397.4073 Background checks of service provider personnel.—

(1) PERSONNEL BACKGROUND CHECKS; REQUIREMENTS AND EXCEPTIONS.—

(a) For all individuals screened on or after July 1, 2021 ~~2019~~, background checks shall apply as follows:

1. All owners, directors, chief financial officers, and clinical supervisors of service providers are subject to level 2 background screening as provided under s. 408.809 and chapter 435. Inmate substance abuse programs operated directly or under contract with the Department of Corrections are exempt from this

requirement.

2. All service provider personnel who have direct contact with children receiving services or with adults who are developmentally disabled receiving services are subject to level 2 background screening as provided under s. 408.809 and chapter 435.

3. All peer specialists who have direct contact with individuals receiving services are subject to a background screening as provided in s. 397.417(5) ~~level 2 background screening as provided under s. 408.809 and chapter 435~~.

(g) If 5 years or more, or 3 years or more in the case of a certified peer specialist or an individual seeking certification as a peer specialist pursuant to s. 397.417, have elapsed since an applicant for an exemption from disqualification has completed or has been lawfully released from confinement, supervision, or a nonmonetary condition imposed by a court for the applicant's most recent disqualifying offense, the applicant may work with adults with substance use disorders, mental health disorders, or co-occurring disorders under the supervision of persons who meet all personnel requirements of this chapter for up to 180 ~~90~~ days after being notified of his or her disqualification or until the department makes a final determination regarding his or her request for an exemption from disqualification, whichever is earlier.

Section 3. Section 397.417, Florida Statutes, is amended to read:

397.417 Peer specialists.—

(1) LEGISLATIVE FINDINGS AND INTENT.—

(a) The Legislature finds that:

1. The ability to provide adequate behavioral health services is limited by a shortage of professionals and paraprofessionals.

2. The state is experiencing an increase in opioid addictions, many of which prove fatal.

3. Peer specialists provide effective support services because they share common life experiences with the persons they assist.

4. Peer specialists promote a sense of community among those in recovery.

5. Research has shown that peer support facilitates recovery and reduces health care costs.

6. Persons who are otherwise qualified to serve as peer specialists may have a criminal history that prevents them from meeting background screening requirements.

(b) The Legislature intends to expand the use of peer specialists as a cost-effective means of providing services. The Legislature also intends to ensure that peer specialists meet specified qualifications and modified background screening requirements and are adequately reimbursed for their services.

(2) QUALIFICATIONS.—

(a) A person may seek certification as a peer specialist if he or she has been in recovery from a substance use disorder or mental illness for the past 2 years or if he or she is a family member or caregiver of a person with a substance use disorder or mental illness.

(b) To obtain certification as a peer specialist, a person must complete the training program developed under subsection (3), achieve a passing score on the competency exam described in

paragraph (3)(a), and meet the background screening requirements specified in subsection (5).

(3) DUTIES OF THE DEPARTMENT.—

(a) The department shall develop a training program for persons seeking certification as peer specialists. The department must give preference to trainers who are certified peer specialists. The training program must coincide with a competency exam and be based on current practice standards.

(b) The department may certify peer specialists directly or may approve one or more third-party credentialing entities for the purposes of certifying peer specialists, approving training programs for individuals seeking certification as peer specialists, approving continuing education programs, and establishing the minimum requirements and standards applicants must meet to maintain certification. Background screening required for achieving certification must be conducted as provided in subsection (5) and may not be conducted by third-party credentialing entities.

(c) The department shall require that a person providing recovery support services be certified; however, an individual who is not certified may provide recovery support services as a peer specialist for up to 1 year if he or she is working toward certification and is supervised by a qualified professional or by a certified peer specialist who has at least 2 years of full-time experience as a peer specialist at a licensed behavioral health organization.

(4) PAYMENT.—Recovery support services may be reimbursed as a recovery service through the department, a behavioral health managing entity, or the Medicaid program. Medicaid managed care

plans are encouraged to use peer specialists in providing recovery services.

(5) BACKGROUND SCREENING.—

(a) A peer specialist, or an individual who is working toward certification and providing recovery support services as provided in subsection (3), must have completed or have been lawfully released from confinement, supervision, or any nonmonetary condition imposed by the court for any felony and must undergo a background screening as a condition of initial and continued employment. The applicant must submit a full set of fingerprints to the department or to a vendor, an entity, or an agency that enters into an agreement with the Department of Law Enforcement as provided in s. 943.053(13). The department, vendor, entity, or agency shall forward the fingerprints to the Department of Law Enforcement for state processing and the Department of Law Enforcement shall forward the fingerprints to the Federal Bureau of Investigation for national processing. The department shall screen the results to determine if a peer specialist meets certification requirements. The applicant is responsible for all fees charged in connection with state and federal fingerprint processing and retention. The state cost for fingerprint processing shall be as provided in s. 943.053(3)(e) for records provided to persons or entities other than those specified as exceptions therein. Fingerprints submitted to the Department of Law Enforcement pursuant to this paragraph shall be retained as provided in s. 435.12 and, when the Department of Law Enforcement begins participation in the program, enrolled in the Federal Bureau of Investigation's national retained fingerprint arrest notification program, as provided in s.

943.05(4). Any arrest record identified must be reported to the department.

(b) The department or the Agency for Health Care Administration, as applicable, may contract with one or more vendors to perform all or part of the electronic fingerprinting pursuant to this section. Such contracts must ensure that the owners and personnel of the vendor performing the electronic fingerprinting are qualified and will ensure the integrity and security of all personal identifying information.

(c) Vendors who submit fingerprints on behalf of employers must:

1. Meet the requirements of s. 943.053; and

2. Have the ability to communicate electronically with the state agency accepting screening results from the Department of Law Enforcement and provide the applicant's full first name, middle initial, and last name; social security number or individual taxpayer identification number; date of birth; mailing address; sex; and race.

(d) The background screening conducted under this subsection must ensure that a peer specialist has not, during the previous 3 years, been arrested for and is awaiting final disposition of, been found guilty of, regardless of adjudication, or entered a plea of nolo contendere or guilty to, or been adjudicated delinquent and the record has not been sealed or expunged for, any felony.

(e) The background screening conducted under this subsection must ensure that a peer specialist has not been found guilty of, regardless of adjudication, or entered a plea of nolo contendere or guilty to, or been adjudicated delinquent and the

record has not been sealed or expunged for, any offense prohibited under any of the following state laws or similar laws of another jurisdiction:

1. Section 393.135, relating to sexual misconduct with certain developmentally disabled clients and reporting of such sexual misconduct.

2. Section 394.4593, relating to sexual misconduct with certain mental health patients and reporting of such sexual misconduct.

3. Section 409.920, relating to Medicaid provider fraud, if the offense was a felony of the first or second degree.

4. Section 415.111, relating to abuse, neglect, or exploitation of vulnerable adults.

5. Any offense that constitutes domestic violence as defined in s. 741.28.

6. Section 777.04, relating to attempts, solicitation, and conspiracy to commit an offense listed in this paragraph.

7. Section 782.04, relating to murder.

8. Section 782.07, relating to manslaughter, aggravated manslaughter of an elderly person or a disabled adult, aggravated manslaughter of a child, or aggravated manslaughter of an officer, a firefighter, an emergency medical technician, or a paramedic.

9. Section 782.071, relating to vehicular homicide.

10. Section 782.09, relating to killing an unborn child by injury to the mother.

11. Chapter 784, relating to assault, battery, and culpable negligence, if the offense was a felony.

12. Section 787.01, relating to kidnapping.

13. Section 787.02, relating to false imprisonment.

14. Section 787.025, relating to luring or enticing a child.

15. Section 787.04(2), relating to leading, taking, enticing, or removing a minor beyond state limits, or concealing the location of a minor, with criminal intent pending custody proceedings.

16. Section 787.04(3), relating to leading, taking, enticing, or removing a minor beyond state limits, or concealing the location of a minor, with criminal intent pending dependency proceedings or proceedings concerning alleged abuse or neglect of a minor.

17. Section 790.115(1), relating to exhibiting firearms or weapons within 1,000 feet of a school.

18. Section 790.115(2)(b), relating to possessing an electric weapon or device, a destructive device, or any other weapon on school property.

19. Section 794.011, relating to sexual battery.

20. Former s. 794.041, relating to prohibited acts of persons in familial or custodial authority.

21. Section 794.05, relating to unlawful sexual activity with certain minors.

22. Section 794.08, relating to female genital mutilation.

23. Section 796.07, relating to procuring another to commit prostitution, except for those offenses expunged pursuant to s. 943.0583.

24. Section 798.02, relating to lewd and lascivious behavior.

25. Chapter 800, relating to lewdness and indecent

exposure.

26. Section 806.01, relating to arson.

27. Section 810.02, relating to burglary, if the offense was a felony of the first degree.

28. Section 810.14, relating to voyeurism, if the offense was a felony.

29. Section 810.145, relating to video voyeurism, if the offense was a felony.

30. Section 812.13, relating to robbery.

31. Section 812.131, relating to robbery by sudden snatching.

32. Section 812.133, relating to carjacking.

33. Section 812.135, relating to home-invasion robbery.

34. Section 817.034, relating to communications fraud, if the offense was a felony of the first degree.

35. Section 817.234, relating to false and fraudulent insurance claims, if the offense was a felony of the first or second degree.

36. Section 817.50, relating to fraudulently obtaining goods or services from a health care provider and false reports of a communicable disease.

37. Section 817.505, relating to patient brokering.

38. Section 817.568, relating to fraudulent use of personal identification, if the offense was a felony of the first or second degree.

39. Section 825.102, relating to abuse, aggravated abuse, or neglect of an elderly person or a disabled adult.

40. Section 825.1025, relating to lewd or lascivious offenses committed upon or in the presence of an elderly person

576-03000-21

or a disabled person.

41. Section 825.103, relating to exploitation of an elderly person or a disabled adult, if the offense was a felony.

42. Section 826.04, relating to incest.

43. Section 827.03, relating to child abuse, aggravated child abuse, or neglect of a child.

44. Section 827.04, relating to contributing to the delinquency or dependency of a child.

45. Former s. 827.05, relating to negligent treatment of children.

46. Section 827.071, relating to sexual performance by a child.

47. Section 831.30, relating to fraud in obtaining medicinal drugs.

48. Section 831.31, relating to sale, manufacture, delivery, possession with intent to sell, manufacture, or deliver of any counterfeit controlled substance, if the offense was a felony.

49. Section 843.01, relating to resisting arrest with violence.

50. Section 843.025, relating to depriving a law enforcement, correctional, or correctional probation officer of the means of protection or communication.

51. Section 843.12, relating to aiding in an escape.

52. Section 843.13, relating to aiding in the escape of juvenile inmates of correctional institutions.

53. Chapter 847, relating to obscenity.

54. Section 874.05, relating to encouraging or recruiting another to join a criminal gang.

576-03000-21

55. Chapter 893, relating to drug abuse prevention and control, if the offense was a felony of the second degree or greater severity.

56. Section 895.03, relating to racketeering and collection of unlawful debts.

57. Section 896.101, relating to the Florida Money Laundering Act.

58. Section 916.1075, relating to sexual misconduct with certain forensic clients and reporting of such sexual misconduct.

59. Section 944.35(3), relating to inflicting cruel or inhuman treatment on an inmate resulting in great bodily harm.

60. Section 944.40, relating to escape.

61. Section 944.46, relating to harboring, concealing, or aiding an escaped prisoner.

62. Section 944.47, relating to introduction of contraband into a correctional institution.

63. Section 985.701, relating to sexual misconduct in juvenile justice programs.

64. Section 985.711, relating to introduction of contraband into a detention facility.

(6) EXEMPTION REQUESTS.—A person who wishes to become a peer specialist and is disqualified under subsection (5) may request an exemption from disqualification pursuant to s. 435.07 from the department or the Agency for Health Care Administration, as applicable.

(7) GRANDFATHER CLAUSE.—A peer specialist certified as of the effective date of this act is deemed to satisfy the requirements of this act

~~(1) An individual may seek certification as a peer specialist if he or she has been in recovery from a substance use disorder or mental illness for at least 2 years, or if he or she has at least 2 years of experience as a family member or caregiver of a person with a substance use disorder or mental illness~~.

~~(2) The department shall approve one or more third-party credentialing entities for the purposes of certifying peer specialists, approving training programs for individuals seeking certification as peer specialists, approving continuing education programs, and establishing the minimum requirements and standards that applicants must achieve to maintain certification. To obtain approval, the third-party credentialing entity must demonstrate compliance with nationally recognized standards for developing and administering professional certification programs to certify peer specialists.~~

~~(3) An individual providing department-funded recovery support services as a peer specialist shall be certified pursuant to subsection (2). An individual who is not certified may provide recovery support services as a peer specialist for up to 1 year if he or she is working toward certification and is supervised by a qualified professional or by a certified peer specialist who has at least 3 years of full-time experience as a peer specialist at a licensed behavioral health organization.~~

Section 4. This act shall take effect July 1, 2021.

The Florida Senate

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 130 promotes the use of peer specialists to assist an individual's recovery from substance use disorder (SUD) or mental illness. Peer specialists are persons who have recovered from a substance use disorder or mental illness who support a person with a current substance use disorder or mental illness.

Specifically, the bill:

- Adds the use of peer specialists as an essential element of a coordinated system of care;
- Provides legislative findings and intent related to the use of peer specialists in the provision of behavioral health care;
- Requires the Department of Children and Families (the DCF) to develop a training program for peer specialists, giving preference to trainers who are certified peer specialists;
- Requires the DCF to certify peer specialists, directly or through the use of a third-party credentialing entity;
- Revises background screening requirements and codifies existing training and certification requirements for peer specialists;
- Adds offenses for which individuals seeking certification as a peer specialist may seek an exemption from eligibility disqualification;

- Allows peer specialists to work with adults with mental health disorders, in addition to SUDs and co-occurring disorders, while a request for an exemption from a background check disqualification is pending.
- Expands the statutory limit for the number of days during which a service provider can work while a request for exemption from a background check disqualification is pending to 180 days from the current 90 days.
- Allows for recovery support services to be reimbursed as a recovery service through the DCF, a behavioral health managing entity, or the Medicaid program.
- Provides that individuals certified as peer specialists by July 1, 2021, will be deemed to have met the requirements for certification under the bill.

The bill is expected to have an insignificant negative fiscal impact on state government.

The bill is effective July 1, 2021.

II. Present Situation:

Substance Abuse

Substance abuse is the harmful or hazardous use of psychoactive substances, including alcohol and illicit drugs. Substance use disorder (SUD) is determined based on specified criteria included in the Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM-5).[1] According to the DSM-5, a diagnosis of SUD is based on evidence of impaired control, social impairment, risky use, and pharmacological criteria.[2] SUD occurs when an individual chronically uses alcohol or drugs, resulting in significant impairment, such as health problems, disability, and failure to meet major responsibilities at work, school, or home.[3] Repeated drug use leads to changes in the brain's structure and function that can make a person more susceptible to developing a substance abuse disorder.[4] Imaging studies of brains belonging to persons with SUD reveal physical changes in areas of the brain critical to judgment, decision making, learning and memory, and behavior control.[5]

In 2018, approximately 20.3 million people aged 12 or older had a SUD related to corresponding use of alcohol or illicit drugs within the previous year, including 14.8 million people diagnosed with alcohol use disorder and 8.1 million people diagnosed with drug use disorder.[6] The most

common substance abuse disorders in the United States are from the use of alcohol, tobacco, cannabis, opioids, hallucinogens, and stimulants.[7]

Substance Abuse Treatment in Florida

In the early 1970s, the federal government enacted laws creating formula grants for states to develop continuums of care for individuals and families affected by substance abuse.[8] The laws resulted in separate funding streams and requirements for alcoholism and drug abuse. In response to the laws, the Florida Legislature enacted chs. 396 and 397, F.S., relating to alcohol and drug abuse, respectively.[9] Each of these laws governed different aspects of addiction, and thus had different rules adopted by the state to fully implement the respective pieces of legislation.[10] However, because persons with substance abuse issues often do not restrict their misuse to one substance or another, having two separate laws dealing with the prevention and treatment of addiction was cumbersome and did not adequately address Florida's substance abuse problem.[11] In 1993, legislation was adopted to combine ch. 396 and 397, F.S., into a single law, the Hal S. Marchman Alcohol and Other Drug Services Act (Marchman Act).[12]

The Marchman Act encourages individuals to seek services on a voluntary basis within the existing financial and space capacities of a service provider.[13] However, denial of addiction is a prevalent symptom of SUD, creating a barrier to timely intervention and effective treatment.[14] As a result, treatment typically must stem from a third party providing the intervention needed for SUD treatment.[15]

The Department of Children and Families (DCF) administers a statewide system of safety-net services for substance abuse and mental health (SAMH) prevention, treatment and recovery for children and adults who are otherwise unable to obtain these services. Services are provided based upon state and federally-established priority populations.[16] The DCF provides treatment for SUD through a community-based provider system offering detoxification,[17] treatment

services[18] and recovery support[19] for individuals affected by substance misuse, abuse or dependence.[20]

Peer Specialists

Research has shown that social support provided by peers is beneficial to those in recovery from a SUD or mental illness.[21] Section 397.311, F.S., defines a peer specialist as "a person who has been in recovery from a SUD or mental illness for at least 2 years who uses his or her personal experience to provide services in behavioral health settings to support others in their recovery, or a person who has at least 2 years of experience as a family member or caregiver of an individual who has a SUD or mental illness. The term does not include a qualified professional or a person otherwise certified under ch. 394 or ch. 397."[22]

There are four primary types of social support provided by peers:

- Emotional: where a peer demonstrates empathy, caring or concern to bolster a person's self-esteem. (i.e., peer mentoring or peer-led support groups).
- Informational: where a peer shares knowledge and information to provide life or vocational skills training. (i.e., parenting classes, job readiness training, or wellness seminars).
- Instrumental: where a peer provides concrete assistance to help others accomplish tasks. (i.e., child care, transportation, and help accessing health and human services).
- Affiliational: where a peer facilitates contacts with other people to promote learning of social skills, create a sense of community, and acquire a sense of belonging. (i.e., recovery centers, sports league participation, and alcohol or drug free socialization opportunities).[23]

In Florida, DCF and Medicaid both allow reimbursement for peer support services, but only if provided by certified peer specialists.[24]

An individual seeking to become a certified peer specialist either must have been in recovery from a SUD or mental illness for at least two years, or must have at least two years of experience as a family member or caregiver of an individual suffering from a substance use disorder or mental illness.[25] The DCF must approve one or more third-party credentialing entities for the

[18] Treatment services include a wide array of assessment, counseling, case management, and support that are designed to help individuals who have lost their abilities to control their substance use on their own and require formal, structured intervention and support.
[19] Recovery support services, including transitional housing, life skills training, parenting skills, and peer-based individual and group counseling, are offered during and following treatment to further assist individuals in their development of the knowledge and skills necessary to maintain their recovery.

[25] Section 397.417(1), F.S.

purposes of certifying peer specialists, approving training programs for individuals seeking certification as peer specialists, approving continuing education programs, and establishing the minimum requirements and standards that applicants must achieve to maintain certification.[26] To obtain approval, the third-party credentialing entity must demonstrate compliance with nationally recognized standards for developing and administering professional certification programs to certify peer specialists.[27] All individuals providing DCF-funded recovery support services as a peer specialist must be certified, however an individual who is not currently certified may work as a peer specialist for a maximum of one year if they are working toward certification and are supervised by a qualified professional or by a certified peer specialist with at least three years of full-time experience as a peer specialist at a licensed behavioral health organization.[28]

The Florida Certification Board (FCB) is currently the only credentialing entity approved by the DCF for certifying peer specialists in the state.[29] The FCB credentials Certified Recovery Peer Specialist (CRPS), which assist in providing client directed care by helping individuals develop skills, and relationships that will allow them to achieve and maintain recovery from SUDs and mental illness.[30] CRPS applicants must attest to having been in recovery for a minimum of two years.[31] The CRPS must also have demonstrated competency through training and experience in the performance domains of: Recovery Support, Advocacy, Mentoring and Professional Responsibilities.[32] As of June 2020, 630 individuals maintain active CRPS certifications statewide.[33]

Individuals seeking certification must adhere to the CRPS credentialing standards and requirements, complete a background screening, and have completed all court-ordered sanctions related to any prior crimes committed for at least three years.[34] Prospective CRPS must also successfully complete training and a competency exam demonstrating proficiency in certain educational areas.[35]

Background Screening

Substance Use Disorder and Criminal History

Certain individuals receiving substance abuse treatment may have a criminal or violent history: about 54 percent of state prisoners and 61 percent of sentenced jail inmates incarcerated for violent offenses met the Diagnostic and Statistical Manual of Mental Disorders, 4th Edition, (DSM-IV) criteria for drug dependence or abuse.[36] Additionally, individuals who use illicit drugs

are more likely to commit crimes, and it is common for many offenses, including violent crimes, to be committed by individuals who had used drugs or alcohol prior to committing the crime, or who were using at the time of the offense.[37] As a result, individuals who have recovered from a SUD or mental illness often have a criminal history that may disqualify them from employment in the substance abuse treatment industry due to Florida's background screening process.

Background Screening Process

Current law establishes standard procedures for criminal history background screening of prospective employees; ch. 435, F.S., outlines the screening requirements. There are two levels of background screening: level 1 and level 2. Level 1 screening includes, at a minimum, employment history checks and statewide criminal correspondence checks through the Florida Department of Law Enforcement (FDLE) and a check of the Dru Sjodin National Sex Offender Public Website,[38] and may include criminal records checks through local law enforcement agencies. A level 2 background screening includes, but is not limited to, fingerprinting for statewide criminal history records checks through the FDLE and national criminal history checks through the Federal Bureau of Investigation (FBI), and may include local criminal records checks through local law enforcement agencies.[39]

Every person required by law to be screened pursuant to ch. 435, F.S., must submit a complete set of information necessary to conduct a screening to his or her employer.[40] Such information for a level 2 screening includes fingerprints, which are taken by a vendor that submits them electronically to the FDLE.[41]

For both level 1 and 2 screenings, an employer must submit the information necessary for screening to the FDLE within five working days after receiving it.[42] Additionally, for both levels of screening, the FDLE must perform a criminal history record check of its records.[43] For a level 1 screening, this is the only information searched, and once complete, the FDLE responds to the employer or agency, who must then inform the employee whether screening has revealed any disqualifying information.[44] For level 2 screening, the FDLE also requests the FBI to conduct a national criminal history record check of its records for each employee for whom the request is made.[45]

The person undergoing screening must supply any missing criminal or other necessary information upon request to the requesting employer or agency within 30 days after receiving the request for the information.[46]

Disqualifying Offenses

Regardless of whether the screening is level 1 or level 2, the screening employer or agency must make sure that the applicant has good moral character by ensuring that the employee has not been arrested for and is awaiting final disposition of, been found guilty of, regardless of adjudication, or entered a plea of nolo contendere or guilty to, or been adjudicated delinquent and the record has not been sealed or expunged for, any of the following 52 offenses prohibited under Florida law, or similar law of another jurisdiction:

- Section 393.135, F.S., relating to sexual misconduct with certain developmentally disabled clients and reporting of such sexual misconduct.
- Section 394.4593, F.S., relating to sexual misconduct with certain mental health patients and reporting of such sexual misconduct.
- Section 415.111, F.S., relating to adult abuse, neglect, or exploitation of aged persons or disabled adults.
- Section 777.04, F.S., relating to attempts, solicitation, and conspiracy to commit an offense listed in this subsection.
- Section 782.04, F.S., relating to murder.
- Section 782.07, F.S., relating to manslaughter, aggravated manslaughter of an elderly person or disabled adult, or aggravated manslaughter of a child.
- Section 782.071, F.S., relating to vehicular homicide.
- Section 782.09, F.S., relating to killing of an unborn child by injury to the mother.
- Chapter 784, F.S., relating to assault, battery, and culpable negligence, if the offense was a felony.
- Section 784.011, F.S., relating to assault, if the victim of the offense was a minor.
- Section 784.03, F.S., relating to battery, if the victim of the offense was a minor.
- Section 787.01, F.S., relating to kidnapping.
- Section 787.02, F.S., relating to false imprisonment.
- Section 787.025, F.S., relating to luring or enticing a child.
- Section 787.04(2), F.S., relating to taking, enticing, or removing a child beyond the state limits with criminal intent pending custody proceedings.
- Section 787.04(3), F.S., relating to carrying a child beyond the state lines with criminal intent to avoid producing a child at a custody hearing or delivering the child to the designated person.
- Section 790.115(1), F.S., relating to exhibiting firearms or weapons within 1,000 feet of a school.
- Section 790.115(2)(b), F.S., relating to possessing an electric weapon or device, destructive device, or other weapon on school property.
- Section 794.011, F.S., relating to sexual battery.
- Former s. 794.041, F.S., relating to prohibited acts of persons in familial or custodial authority.
- Section 794.05, F.S., relating to unlawful sexual activity with certain minors.
- Chapter 796, F.S., relating to prostitution.
- Section 798.02, F.S., relating to lewd and lascivious behavior.
- Chapter 800, F.S., relating to lewdness and indecent exposure.
- Section 806.01, F.S., relating to arson.

- Section 810.02, F.S., relating to burglary.
- Section 810.14, F.S., relating to voyeurism, if the offense is a felony.
- Section 810.145, F.S., relating to video voyeurism, if the offense is a felony.
- Chapter 812, F.S., relating to theft, robbery, and related crimes, if the offense is a felony.
- Section 817.563, F.S., relating to fraudulent sale of controlled substances, only if the offense was a felony.
- Section 825.102, F.S., relating to abuse, aggravated abuse, or neglect of an elderly person or disabled adult.
- Section 825.1025, F.S., relating to lewd or lascivious offenses committed upon or in the presence of an elderly person or disabled adult.
- Section 825.103, F.S., relating to exploitation of an elderly person or disabled adult, if the offense was a felony.
- Section 826.04, F.S., relating to incest.
- Section 827.03, F.S., relating to child abuse, aggravated child abuse, or neglect of a child.
- Section 827.04, F.S., relating to contributing to the delinquency or dependency of a child.
- Former s. 827.05, F.S., relating to negligent treatment of children.
- Section 827.071, F.S., relating to sexual performance by a child.
- Section 843.01, F.S., relating to resisting arrest with violence.
- Section 843.025, F.S., relating to depriving a law enforcement, correctional, or correctional probation officer of means of protection or communication.
- Section 843.12, F.S., relating to aiding in an escape.
- Section 843.13, F.S., relating to aiding in the escape of juvenile inmates in correctional institutions.
- Chapter 847, F.S., relating to obscene literature.
- Section 874.05, F.S., relating to encouraging or recruiting another to join a criminal gang.
- Chapter 893, F.S., relating to drug abuse prevention and control, only if the offense was a felony or if any other person involved in the offense was a minor.
- Section 916.1075, F.S., relating to sexual misconduct with certain forensic clients and reporting of such sexual misconduct.
- Section 944.35(3), F.S., relating to inflicting cruel or inhuman treatment on an inmate resulting in great bodily harm.
- Section 944.40, F.S., relating to escape.
- Section 944.46, F.S., relating to harboring, concealing, or aiding an escaped prisoner.
- Section 944.47, F.S., relating to introduction of contraband into a correctional facility.
- Section 985.701, F.S., relating to sexual misconduct in juvenile justice programs.
- Section 985.711, F.S., relating to contraband introduced into detention facilities.[47]

Exemption from Disqualification

If an individual is disqualified due to a pending arrest, conviction, plea of nolo contendere, or adjudication of delinquency to one or more of the disqualifying offenses, s. 435.07, F.S., allows the Secretary of the appropriate agency (in the case of substance abuse treatment, the DCF) to exempt applicants from disqualification under certain circumstances.[48]

[47] Section 435.04(2), F.S.
[48] *See* Section 435.07(1), F.S.

Receiving an exemption allows that individual to work despite the disqualifying crime in that person's past. However, an individual who is considered a sexual predator,[49] career offender,[50] or sexual offender (unless not required to register)[51] cannot ever be exempted from disqualification.[52]

Additionally, individuals (including peer specialists) employed, or applicants for employment, by treatment providers who treat adolescents 13 years of age and older who are disqualified from employment solely because of certain crimes may be exempted from disqualification from employment, without applying the 3-year waiting period.[53] These crimes include certain offenses related to:

- Prostitution;
- Unarmed burglary of a structure;
- Third degree felony grand theft;
- Sale of imitation controlled substance;
- Forgery;
- Uttering or publishing a forged instrument;
- Sale, manufacture, delivery, or possession with intent to sell, manufacture, or deliver controlled substances (excluding drug trafficking);
- Use, possession, manufacture, delivery, transportation, advertisement, or sale of drug paraphernalia; and
- Any related criminal attempt, solicitation, or conspiracy.[54]

To seek exemption from disqualification, an employee must submit a request for an exemption from disqualification within 30 days after being notified of a pending disqualification, and the DCF must grant or deny the application within 60 days of the receipt of a completed application.[55]

To be exempted from disqualification and thus be able to work, the applicant must demonstrate by clear and convincing evidence that he or she should not be disqualified from employment.[56] Clear and convincing evidence is a heavier burden than the preponderance of the evidence standard but less than beyond a reasonable doubt.[57] This means that the evidence presented is credible and verifiable, and that the memories of witnesses are clear and without confusion.[58] This evidence must create a firm belief and conviction of the truth of the facts presented and,

[49] Section 775.261, F.S.
[50] Section 775.261, F.S.

[54] *Id*.
[55] Section 397.4073(1)(f), F.S.
[56] Section 435.07(3)(a), F.S.
[57] The DCF, *CF Operating Procedure 60-18, Personnel: Exemption from Disqualification*, at p. 1, (Aug. 1, 2010), available at https://www.myflfamilies.com/admin/publications/cfops/CFOP%20060-xx%20Human%20Resources/CFOP%2060-18,%20Exemption%20from%20Disqualification.pdf (last visited February 23, 2021) (hereinafter, "The DCF Operating Procedure").
[58] *Id*.

considered as a whole, must convince DCF representatives without hesitancy that the requester will not pose a threat if allowed to hold a position of special trust relative to children, vulnerable adults, or to developmentally disabled individuals.[59] Evidence that may support an exemption includes, but is not limited to:

- Personal references.
- Letters from employers or other professionals.
- Evidence of rehabilitation, including documentation of successful participation in a rehabilitation program.
- Evidence of further education or training.
- Evidence of community involvement.
- Evidence of special awards or recognition.
- Evidence of military service.
- Parenting or other caregiver experiences.[60]

After the DCF receives a complete exemption request package from the applicant, the background screening coordinator searches available data, including, but not limited to, a review of records and pertinent court documents including case disposition and the applicant's plea in order to determine the appropriateness of granting the applicant an exemption.[61] These materials, in addition to the information provided by the applicant, form the basis for a recommendation as to whether the exemption should be granted.[62]

After all reasonable evidence is gathered, the background screening coordinator consults with his or her supervisor and, after consultation with the supervisor, the coordinator and the supervisor will recommend whether the exemption should be granted.[63] The regional legal counsel's office reviews the recommendation to grant or deny an exemption to determine legal sufficiency. The criminal justice coordinator in the region in which the background screening coordinator is located also reviews the exemption request file and recommendation and makes an initial determination whether to grant or deny the exemption.[64]

If the regional criminal justice coordinator makes an initial determination that the exemption should be granted, the exemption request file and recommendations are forwarded to the regional director, who has delegated authority from the DCF Secretary to grant or deny the exemption.[65] After an exemption request decision is final, the background screener provides a written response to the applicant as to whether the request is granted or denied.[66]

If the DCF grants the exemption, the applicant and the facility or employer are notified of the decision by regular mail.[67] However, if the request is denied, notification of the decision is sent by certified mail, return receipt requested, to the applicant, addressed to the last known address

and a separate letter of denial is sent by regular mail to the facility or employer.[68] If the application is denied, the denial letter must set forth pertinent facts that the background screening coordinator, the background screening coordinator's supervisor, the criminal justice coordinator, and regional director, where appropriate, used in deciding to deny the exemption request.[69] It must also inform the denied applicant of the availability of an administrative review[70] pursuant to ch. 120, F.S.[71]

Individuals Requiring Background Screening Under Ch. 397, F.S.

Only certain individuals affiliated with substance abuse treatment providers require background screening. Section 397.4073, F.S., requires peer specialists who have direct contact[72] with individuals receiving services must undergo a level 2 background screening as provided under s. 408.809 and ch. 435.[73] Applicant peer specialists are required to pay the costs associated with such screenings.[74] Similarly, all owners, directors, chief financial officers, and clinical supervisors of service providers, as well as all service provider personnel who have direct contact with children receiving services or with adults who are developmentally disabled receiving services must also undergo level 2 background screening.

Other statutory provisions are tailored to facilitate individuals in recovery who have disqualifying offenses being able to work in substance abuse treatment. The DCF may grant exemptions from disqualification for an individual seeking certification as a peer specialist if at least three years have passed since the individual has completed, or been lawfully released from, any confinement, supervision, or nonmonetary condition imposed by a court for the individual's most recent disqualifying offense.[75] Similar to the conditional employment granted to other select applicants in s. 397.4073, certified peer specialists may work with adults with SUD for up to 90 days after being notified of his or her disqualification or until the DCF makes a final determination regarding the request for an exemption from disqualification if three years or more have elapsed since the most recent disqualifying offense, whichever is earlier.[76]

III. Effect of Proposed Changes:

Coordinated System of Care

The bill amends s. 394.4573, F.S., relating to coordinated systems of care, to add the use of peer specialists to assist in an individual's recovery from a substance use disorder or mental illness to the list of essential elements of a coordinated system of behavioral health care.

[68] *Id*.
[69] *Id*.
[70] All notices of denial of an exemption shall advise the applicant of the basis for the denial, that an administrative hearing pursuant to s. 120.57, F.S., may be requested, and that the request must be made within 21 days of receipt of the denial letter or the applicant's right to an appeal will be waived.

[74] Section 408.809(5), F.S.
[75] Section 397.4073(4)(b)1.a., F.S.
[76] Section 397.4073(1)(g), F.S.

Legislative Findings and Intent

The bill provides legislative findings and intent, as follows:

- The Legislature finds that the ability to provide adequate behavioral health services is limited by a shortage of professionals and paraprofessionals.
- The Legislature finds that the state is experiencing an increase in opioid addictions, many of which prove fatal.
- The Legislature finds that peer specialists provide effective support services because they share common life experiences with the persons they assist.
- The Legislature finds that peer specialists promote a sense of community among those in recovery.
- The Legislature finds that research has shown that peer support facilitates recovery and reduces health care costs.
- The Legislature finds that persons who are otherwise qualified to serve as peer specialists may have a criminal history that prevents them from meeting background screening requirements.
- It is the intent of the Legislature that the use of peer specialists be expanded as a cost-effective means of providing services.
- It is the intent of the Legislature to ensure that peer specialists meet specified qualifications and modified background screening requirements and are adequately reimbursed for their services.

Criteria for Becoming a Certified Peer Specialist

The bill codifies a number of criteria currently used by the Florida Certification Board (FCB) in the process of certifying peer specialists. Specifically, the bill requires that persons seeking certification as peer specialists:

- Be in recovery from a substance use disorder (SUD) or mental illness for the past two years, or be a family member or caregiver of an individual with a history of SUD or mental illness;
- Pass a competency exam developed under the bill by the Department of Children and Families (DCF); and
- Undergo background screening as provided under the bill.

Duties of the Department of Children and Families (DCF)

Currently, the FCB provides training and administers a competency exam for peer specialists seeking certification. Under the bill, the DCF is made statutorily responsible for:

- Creating a training program for peer specialists, giving preference to trainers who are certified peer specialists. The training program must coincide with a competency exam and be based on current practice standards; and
- Mandating that all individuals providing recovery support services become certified.

Individuals may practice as a peer specialist prior to becoming certified for up to one year if the individual is actively working toward certification and is supervised by a qualified professional[77]

[77] Section 397.311(35) defines "qualified professional" to mean "a physician or a physician assistant licensed under chapter 458 or chapter 459; a professional licensed under chapter 490 or chapter 491; an advanced practice registered nurse licensed

or a certified peer specialist with at least two years of full-time experience as a peer specialist at a licensed behavioral health organization.

Background Screening

The bill specifies revised background screening requirements, requiring applicants to submit a full set of fingerprints to the DCF, or to a vendor, entity, or agency[78] that has entered into an agreement with the Florida Department of Law Enforcement (FDLE). Fingerprints must then be forwarded to the FDLE for state processing and retention, and to the FBI for national processing and retention. This will enable the FDLE to conduct ongoing, fingerprint-based, state and national background checks on certified peer specialists. The bill mandates any arrest record discovered be reported to the DCF. The bill requires the DCF to screen results in order to ensure an applicant meets the requirements of certification, and it provides that the applicant peer specialist is to pay all fees charged in connection with state and federal fingerprint processing and retention.[79]

The bill authorizes the DCF or the Agency for Health Care Administration (the AHCA) to contract with vendors for electronic fingerprinting, provided that such contracts ensure the integrity and security of all personal identifying information obtained. Vendors who submit fingerprints on behalf of employees must:

- Meet the requirements of s. 943.053, F.S.;[80]
- Be capable of communicating electronically with the state agency accepting screening results from the FDLE; and
- Be capable of providing the applicant's:
  - Full first name, middle initial, and last name;
  - Social security number or individual taxpayer identification number;
  - Date of birth;
  - Mailing address;
  - Sex; and
  - Race.

The bill provides that a background screening of a peer specialist must ensure that a prospective peer specialist has not been arrested for and awaiting final disposition of, found guilty of, regardless of adjudication, or entered a plea of nolo contendere or guilty to, or been adjudicated delinquent and the record has not been sealed or expunged for, any felony within the past three

---

under part I of chapter 464; or a person who is certified through a department-recognized certification process for substance abuse treatment services and who holds, at a minimum, a bachelor's degree." A person who is certified in substance abuse treatment services by a state-recognized certification process in another state at the time of employment with a licensed substance abuse provider in this state may perform the functions of a qualified professional as defined in this chapter but must meet certification requirements contained in this subsection no later than 1 year after his or her date of employment.

[78] Section 943.053(13), F.S., provides criteria which must be followed in order for the FDLE to accept fingerprint submissions from private vendors, entities, or agencies.

[79] This cost is already borne by the applicant under current law requiring level 2 background screening for certified peer specialists. *See* ss. 397.4073(1)(a)3. and 408.809(5), F.S.

[80] Section 943.053, F.S., provides, among other things, standards for vendors meant to ensure that all persons having direct or indirect responsibility for verifying identification, taking fingerprints, and electronically submitting fingerprints are qualified to do so and will ensure the integrity and security of all personal information gathered from the persons whose fingerprints are submitted.

years. The bill also requires that background screening ensure the applicant has not, at any time, been found guilty of, regardless of adjudication, or entered a plea of nolo contendere or guilty to, or been adjudicated delinquent and the record has not been sealed or expunged for, the following laws or similar laws of other jurisdictions:

- Section 393.135, relating to sexual misconduct with certain developmentally disabled clients and reporting of such sexual misconduct.
- Section 394.4593, relating to sexual misconduct with certain mental health patients and reporting of such sexual misconduct.
- Section 409.920, relating to Medicaid provider fraud, if the offense was a felony of the first or second degree.
- Section 415.111, relating to abuse, neglect, or exploitation of vulnerable adults.
- Any offense that constitutes domestic violence as defined in s. 741.28, F.S.
- Section 777.04, relating to attempts, solicitation, and conspiracy to commit an offense listed in this paragraph.
- Section 782.04, relating to murder.
- Section 782.07, relating to manslaughter, aggravated manslaughter of an elderly person or a disabled adult, aggravated manslaughter of a child, or aggravated manslaughter of an officer, a firefighter, an emergency medical technician, or a paramedic.
- Section 782.071, relating to vehicular homicide.
- Section 782.09, relating to killing an unborn child by injury to the mother.
- Chapter 784, relating to assault, battery, and culpable negligence, if the offense was a felony.
- Section 787.01, relating to kidnapping.
- Section 787.02, relating to false imprisonment.
- Section 787.025, relating to luring or enticing a child.
- Section 787.04(2), relating to leading, taking, enticing, or removing a minor beyond state limits, or concealing the location of a minor, with criminal intent pending custody proceedings.
- Section 787.04(3), relating to leading, taking, enticing, or removing a minor beyond state limits, or concealing the location of a minor, with criminal intent pending dependency proceedings or proceedings concerning alleged abuse or neglect of a minor.
- Section 790.115(1), relating to exhibiting firearms or weapons within 1,000 feet of a school.
- Section 790.115(2)(b), relating to possessing an electric weapon or device, a destructive device, or any other weapon on school property.
- Section 794.011, relating to sexual battery.
- Former s. 794.041, relating to prohibited acts of persons in familial or custodial authority.
- Section 794.05, relating to unlawful sexual activity with certain minors.
- Section 794.08, relating to female genital mutilation.
- Section 796.07, relating to procuring another to commit prostitution, except for those offenses expunged pursuant to s. 943.0583.
- Section 798.02, relating to lewd and lascivious behavior.
- Chapter 800, relating to lewdness and indecent exposure.
- Section 806.01, relating to arson.
- Section 810.02, relating to burglary, if the offense was a felony of the first degree.
- Section 810.14, relating to voyeurism, if the offense was a felony.
- Section 810.145, relating to video voyeurism, if the offense was a felony.

- Section 812.13, relating to robbery.
- Section 812.131, relating to robbery by sudden snatching.
- Section 812.133, relating to carjacking.
- Section 812.135, relating to home-invasion robbery.
- Section 817.034, relating to communications fraud, if the offense was a felony of the first degree.
- Section 817.234, relating to false and fraudulent insurance claims, if the offense was a felony of the first or second degree.
- Section 817.50, relating to fraudulently obtaining goods or services from a health care provider and false reports of a communicable disease.
- Section 817.505, relating to patient brokering.
- Section 817.568, relating to fraudulent use of personal identification, if the offense was a felony of the first or second degree.
- Section 825.102, relating to abuse, aggravated abuse, or neglect of an elderly person or a disabled adult.
- Section 825.1025, relating to lewd or lascivious offenses committed upon or in the presence of an elderly person or a disabled person.
- Section 825.103, relating to exploitation of an elderly person or a disabled adult, if the offense was a felony.
- Section 826.04, relating to incest.
- Section 827.03, relating to child abuse, aggravated child abuse, or neglect of a child.
- Section 827.04, relating to contributing to the delinquency or dependency of a child.
- Former s. 827.05, relating to negligent treatment of children.
- Section 827.071, relating to sexual performance by a child.
- Section 831.30, relating to fraud in obtaining medicinal drugs.
- Section 831.31, relating to sale, manufacture, delivery, possession with intent to sell, manufacture, or deliver of any counterfeit controlled substance, if the offense was a felony.
- Section 843.01, relating to resisting arrest with violence.
- Section 843.025, relating to depriving a law enforcement, correctional, or correctional probation officer of the means of protection or communication.
- Section 843.12, relating to aiding in an escape.
- Section 843.13, relating to aiding in the escape of juvenile inmates of correctional institutions.
- Chapter 847, relating to obscenity.
- Section 874.05, relating to encouraging or recruiting another to join a criminal gang.
- Chapter 893, relating to drug abuse prevention and control, if the offense was a felony of the second degree or greater severity.
- Section 895.03, relating to racketeering and collection of unlawful debts.
- Section 896.101, relating to the Florida Money Laundering Act.
- Section 916.1075, relating to sexual misconduct with certain forensic clients and reporting of such sexual misconduct.
- Section 944.35(3), relating to inflicting cruel or inhuman treatment on an inmate resulting in great bodily harm.
- Section 944.40, relating to escape.
- Section 944.46, relating to harboring, concealing, or aiding an escaped prisoner.

- Section 944.47, relating to introduction of contraband into a correctional institution.
- Section 985.701, relating to sexual misconduct in juvenile justice programs.
- Section 985.711, relating to introduction of contraband into a detention facility.

The new screening requirements of the bill eliminate the following disqualifying offenses from current law for peer specialists:
- Misdemeanor assault, or battery (Ch. 784, F.S.).
- Prostitution (Ch. 796, F.S.), with the exception of those offenses listed in s. 796.07, F.S., which have not been expunged.
- Lower level burglary offenses (s. 810.02, F.S.).
- Lower level theft and robbery offenses (Ch. 812, F.S.).
- Lower level drug abuse offenses (s. 817.563 and Ch. 893, F.S.).
- Credit card fraud (ss. 817.481, 817.60, and 817.61, F.S.).
- Forgery (ss. 831.01, 831.02, 831.07 and 831.09, F.S.).

The bill allows individuals who wish to become peer specialists, but have a disqualifying offense in their background, to request an exemption from disqualification pursuant to s. 435.07, F.S., from the DCF or the AHCA, as applicable.

The bill also allows service provider personnel, including peer specialists, to work with adults with mental health disorders (in addition to the current allowance to work with adults suffering from SUDs or co-occurring disorders) while an exemption request is pending, and extends the time limit for such work from 90 days to 180 days.

The bill grandfathers in all peer specialists certified as of July 1, 2021, by stating they are recognized as having met the requirements of the bill.

Deleted Provisions of s. 397.417, F.S.

The bill eliminates and replaces all of the current provisions of s. 397.417, F.S. Specifically, the bill:
- Eliminates the requirement that a family member or caregiver of an individual with a SUD or mental illness have at least two years of experience in order to attain certification as a peer specialist;
- Requires the DCF to develop a peer specialist training program rather than a third-party credentialing entity;
- Allows the DCF the option of certifying peer specialists directly or approving third party credentialing entities to do so;
- Permits an individual with two years of full-time experience as a peer specialist to supervise an individual providing recovery support services and working toward certification (supervisory certified peer specialists currently must have at least three years of experience).

Effective Date

The bill is effective July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

CS/CS/SB 130 eliminates several disqualifying criminal offenses that often result in disqualification from certification eligibility, and as a result the DCF predicts that there may be additional revenues generated for certification providers from fees paid by a greater number of individuals seeking certification.[81]

C. Government Sector Impact:

The DCF estimates there may be a negative impact to state government due to a potential increase in background screenings being conducted, and a possible increase in the number of exemptions from disqualification requested, leading to a heavier workload for the department's Background Screening Office.[82] However, any additional workload will likely be absorbed within existing department resources.

VI. Technical Deficiencies:

None.

[81] The DCF Analysis at p. 6.
[82] *Id* at p. 5.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 394.4573, 397.4073, and 397.417.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on April 15, 2021:
The committee substitute clarifies that third party credentialing entities are prohibited from conducting background screenings of peer specialists.

CS by Children, Families, and Elder Affairs on March 2, 2021:
The committee substitute:

- Amends s. 397.4073, F.S., to allow peer specialists to work with adults with mental health disorders while a request for an exemption from a background check disqualification is pending.
- Expands the statutory limit for the number of days during which a peer specialist can work while a request for an exemption from a background check disqualification is pending to 180 days from the current 90 days.
- Requires the DCF to screen results of applicant peer specialist background checks in order to ensure each applicant meets the requirements of certification.
- Requires state agencies, rather than vendors under contract with the DCF or the AHCA, to accept screening results from the FDLE.
- Provides that vendors under contract with the DCF or the AHCA must be capable of communicating electronically with state agencies that receive screening results.
- Clarifies that offenses related to domestic violence, as defined in s. 741.28, F.S., are added to the list of disqualifying offenses for applicant peer specialists, rather than offenses delineated in s. 741.28, F.S.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Children, Families, and Elder Affairs; and Senators Rouson and Harrell

586-02353-21 2021130c1

A bill to be entitled

An act relating to mental health and substance use disorders; amending s. 394.4573, F.S.; providing that the use of peer specialists is an essential element of a coordinated system of care in recovery from a substance use disorder or mental illness; making a technical change; amending s. 397.4073, F.S.; revising background screening requirements for certain peer specialists; revising authorizations relating to work by applicants who have committed disqualifying offenses; amending s. 397.417, F.S.; providing legislative findings and intent; revising requirements for certification as a peer specialist; requiring the Department of Children and Families to develop a training program for peer specialists and to give preference to trainers who are certified peer specialists; requiring the training program to coincide with a competency exam and to be based on current practice standards; requiring the department to certify peer specialists, either directly or by approving a third-party credentialing entity; requiring that a person providing recovery support services be certified or be supervised by a licensed behavioral health care professional or a certified peer specialist; authorizing the department, a behavioral health managing entity, or the Medicaid program to reimburse a peer specialist service as a recovery service; encouraging Medicaid managed care plans to use peer specialists in providing recovery

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

586-02353-21 2021130c1

services; requiring peer specialists and certain persons to meet the requirements of a background screening as a condition of employment and continued employment; requiring certain entities to forward fingerprints to specified entities; requiring the department to screen results to determine if the peer specialist meets the certification requirements; requiring that fees for state and federal fingerprint processing be borne by the peer specialist applying for employment; requiring that any arrest record identified through background screening be reported to the department; authorizing the department or certain other agencies to contract with certain vendors for fingerprinting; specifying requirements for vendors; specifying disqualifying offenses for a peer specialist who applies for certification; authorizing a person who does not meet background screening requirements to request an exemption from disqualification from the department or the agency; providing that a peer specialist certified as of the effective date of this act is deemed to satisfy the requirements of this act; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (l) of subsection (2) and subsection (3) of section 394.4573, Florida Statutes, are amended to read:

394.4573 Coordinated system of care; annual assessment; essential elements; measures of performance; system improvement

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

grants; reports.—On or before December 1 of each year, the department shall submit to the Governor, the President of the Senate, and the Speaker of the House of Representatives an assessment of the behavioral health services in this state. The assessment shall consider, at a minimum, the extent to which designated receiving systems function as no-wrong-door models, the availability of treatment and recovery services that use recovery-oriented and peer-involved approaches, the availability of less-restrictive services, and the use of evidence-informed practices. The assessment shall also consider the availability of and access to coordinated specialty care programs and identify any gaps in the availability of and access to such programs in the state. The department's assessment shall consider, at a minimum, the needs assessments conducted by the managing entities pursuant to s. 394.9082(5). Beginning in 2017, the department shall compile and include in the report all plans submitted by managing entities pursuant to s. 394.9082(8) and the department's evaluation of each plan.

(2) The essential elements of a coordinated system of care include:

(l) Recovery support, including, but not limited to, the use of peer specialists to assist in the individual's recovery from a substance use disorder or mental illness; support for competitive employment, educational attainment, independent living skills development, family support and education, wellness management, and self-care; and assistance in obtaining housing that meets the individual's needs. Such housing may include mental health residential treatment facilities, limited mental health assisted living facilities, adult family care

homes, and supportive housing. Housing provided using state funds must provide a safe and decent environment free from abuse and neglect.

(3) SYSTEM IMPROVEMENT GRANTS.—Subject to a specific appropriation by the Legislature, the department may award system improvement grants to managing entities based on a detailed plan to enhance services in accordance with the no-wrong-door model as defined in subsection (1) and to address specific needs identified in the assessment prepared by the department pursuant to this section. Such a grant must be awarded through a performance-based contract that links payments to the documented and measurable achievement of system improvements.

Section 2. Paragraphs (a) and (g) of subsection (1) of section 397.4073, Florida Statutes, are amended to read:

397.4073 Background checks of service provider personnel.—

(1) PERSONNEL BACKGROUND CHECKS; REQUIREMENTS AND EXCEPTIONS.—

(a) For all individuals screened on or after July 1, 2021 2019, background checks shall apply as follows:

1. All owners, directors, chief financial officers, and clinical supervisors of service providers are subject to level 2 background screening as provided under s. 408.809 and chapter 435. Inmate substance abuse programs operated directly or under contract with the Department of Corrections are exempt from this requirement.

2. All service provider personnel who have direct contact with children receiving services or with adults who are developmentally disabled receiving services are subject to level

2 background screening as provided under s. 408.809 and chapter 435.

3. All peer specialists who have direct contact with individuals receiving services are subject to a background screening as provided in s. 397.417(5) ~~level 2 background screening as provided under s. 408.809 and chapter 435~~.

(g) If 5 years or more, or 3 years or more in the case of a certified peer specialist or an individual seeking certification as a peer specialist pursuant to s. 397.417, have elapsed since an applicant for an exemption from disqualification has completed or has been lawfully released from confinement, supervision, or a nonmonetary condition imposed by a court for the applicant's most recent disqualifying offense, the applicant may work with adults with substance use disorders, mental health disorders, or co-occurring disorders under the supervision of persons who meet all personnel requirements of this chapter for up to 180 ~~90~~ days after being notified of his or her disqualification or until the department makes a final determination regarding his or her request for an exemption from disqualification, whichever is earlier.

Section 3. Section 397.417, Florida Statutes, is amended to read:

397.417 Peer specialists.—

(1) LEGISLATIVE FINDINGS AND INTENT.—

(a) The Legislature finds that:

1. The ability to provide adequate behavioral health services is limited by a shortage of professionals and paraprofessionals.

2. The state is experiencing an increase in opioid

addictions, many of which prove fatal.

3. Peer specialists provide effective support services because they share common life experiences with the persons they assist.

4. Peer specialists promote a sense of community among those in recovery.

5. Research has shown that peer support facilitates recovery and reduces health care costs.

6. Persons who are otherwise qualified to serve as peer specialists may have a criminal history that prevents them from meeting background screening requirements.

(b) The Legislature intends to expand the use of peer specialists as a cost-effective means of providing services. The Legislature also intends to ensure that peer specialists meet specified qualifications and modified background screening requirements and are adequately reimbursed for their services.

(2) QUALIFICATIONS.—

(a) A person may seek certification as a peer specialist if he or she has been in recovery from a substance use disorder or mental illness for the past 2 years or if he or she is a family member or caregiver of a person with a substance use disorder or mental illness.

(b) To obtain certification as a peer specialist, a person must complete the training program developed under subsection (3), achieve a passing score on the competency exam described in paragraph (3)(a), and meet the background screening requirements specified in subsection (5).

(3) DUTIES OF THE DEPARTMENT.—

(a) The department shall develop a training program for

persons seeking certification as peer specialists. The department must give preference to trainers who are certified peer specialists. The training program must coincide with a competency exam and be based on current practice standards.

(b) The department may certify peer specialists directly or may approve one or more third-party credentialing entities for the purposes of certifying peer specialists, approving training programs for individuals seeking certification as peer specialists, approving continuing education programs, and establishing the minimum requirements and standards applicants must meet to maintain certification.

(c) The department shall require that a person providing recovery support services be certified; however, an individual who is not certified may provide recovery support services as a peer specialist for up to 1 year if he or she is working toward certification and is supervised by a qualified professional or by a certified peer specialist who has at least 2 years of full-time experience as a peer specialist at a licensed behavioral health organization.

(4) PAYMENT.—Recovery support services may be reimbursed as a recovery service through the department, a behavioral health managing entity, or the Medicaid program. Medicaid managed care plans are encouraged to use peer specialists in providing recovery services.

(5) BACKGROUND SCREENING.—

(a) A peer specialist, or an individual who is working toward certification and providing recovery support services as provided in subsection (3), must have completed or have been lawfully released from confinement, supervision, or any

nonmonetary condition imposed by the court for any felony and must undergo a background screening as a condition of initial and continued employment. The applicant must submit a full set of fingerprints to the department or to a vendor, an entity, or an agency that enters into an agreement with the Department of Law Enforcement as provided in s. 943.053(13). The department, vendor, entity, or agency shall forward the fingerprints to the Department of Law Enforcement for state processing and the Department of Law Enforcement shall forward the fingerprints to the Federal Bureau of Investigation for national processing. The department shall screen the results to determine if a peer specialist meets certification requirements. The applicant is responsible for all fees charged in connection with state and federal fingerprint processing and retention. The state cost for fingerprint processing shall be as provided in s. 943.053(3)(e) for records provided to persons or entities other than those specified as exceptions therein. Fingerprints submitted to the Department of Law Enforcement pursuant to this paragraph shall be retained as provided in s. 435.12 and, when the Department of Law Enforcement begins participation in the program, enrolled in the Federal Bureau of Investigation's national retained fingerprint arrest notification program, as provided in s. 943.05(4). Any arrest record identified must be reported to the department.

(b) The department or the Agency for Health Care Administration, as applicable, may contract with one or more vendors to perform all or part of the electronic fingerprinting pursuant to this section. Such contracts must ensure that the owners and personnel of the vendor performing the electronic

fingerprinting are qualified and will ensure the integrity and security of all personal identifying information.

(c) Vendors who submit fingerprints on behalf of employers must:

1. Meet the requirements of s. 943.053; and

2. Have the ability to communicate electronically with the state agency accepting screening results from the Department of Law Enforcement and provide the applicant's full first name, middle initial, and last name; social security number or individual taxpayer identification number; date of birth; mailing address; sex; and race.

(d) The background screening conducted under this subsection must ensure that a peer specialist has not, during the previous 3 years, been arrested for and is awaiting final disposition of, been found guilty of, regardless of adjudication, or entered a plea of nolo contendere or guilty to, or been adjudicated delinquent and the record has not been sealed or expunged for, any felony.

(e) The background screening conducted under this subsection must ensure that a peer specialist has not been found guilty of, regardless of adjudication, or entered a plea of nolo contendere or guilty to, or been adjudicated delinquent and the record has not been sealed or expunged for, any offense prohibited under any of the following state laws or similar laws of another jurisdiction:

1. Section 393.135, relating to sexual misconduct with certain developmentally disabled clients and reporting of such sexual misconduct.

2. Section 394.4593, relating to sexual misconduct with

certain mental health patients and reporting of such sexual misconduct.

3. Section 409.920, relating to Medicaid provider fraud, if the offense was a felony of the first or second degree.

4. Section 415.111, relating to abuse, neglect, or exploitation of vulnerable adults.

5. Any offense that constitutes domestic violence as defined in s. 741.28.

6. Section 777.04, relating to attempts, solicitation, and conspiracy to commit an offense listed in this paragraph.

7. Section 782.04, relating to murder.

8. Section 782.07, relating to manslaughter, aggravated manslaughter of an elderly person or a disabled adult, aggravated manslaughter of a child, or aggravated manslaughter of an officer, a firefighter, an emergency medical technician, or a paramedic.

9. Section 782.071, relating to vehicular homicide.

10. Section 782.09, relating to killing an unborn child by injury to the mother.

11. Chapter 784, relating to assault, battery, and culpable negligence, if the offense was a felony.

12. Section 787.01, relating to kidnapping.

13. Section 787.02, relating to false imprisonment.

14. Section 787.025, relating to luring or enticing a child.

15. Section 787.04(2), relating to leading, taking, enticing, or removing a minor beyond state limits, or concealing the location of a minor, with criminal intent pending custody proceedings.

16. Section 787.04(3), relating to leading, taking, enticing, or removing a minor beyond state limits, or concealing the location of a minor, with criminal intent pending dependency proceedings or proceedings concerning alleged abuse or neglect of a minor.

17. Section 790.115(1), relating to exhibiting firearms or weapons within 1,000 feet of a school.

18. Section 790.115(2)(b), relating to possessing an electric weapon or device, a destructive device, or any other weapon on school property.

19. Section 794.011, relating to sexual battery.

20. Former s. 794.041, relating to prohibited acts of persons in familial or custodial authority.

21. Section 794.05, relating to unlawful sexual activity with certain minors.

22. Section 794.08, relating to female genital mutilation.

23. Section 796.07, relating to procuring another to commit prostitution, except for those offenses expunged pursuant to s. 943.0583.

24. Section 798.02, relating to lewd and lascivious behavior.

25. Chapter 800, relating to lewdness and indecent exposure.

26. Section 806.01, relating to arson.

27. Section 810.02, relating to burglary, if the offense was a felony of the first degree.

28. Section 810.14, relating to voyeurism, if the offense was a felony.

29. Section 810.145, relating to video voyeurism, if the

offense was a felony.

30. Section 812.13, relating to robbery.

31. Section 812.131, relating to robbery by sudden snatching.

32. Section 812.133, relating to carjacking.

33. Section 812.135, relating to home-invasion robbery.

34. Section 817.034, relating to communications fraud, if the offense was a felony of the first degree.

35. Section 817.234, relating to false and fraudulent insurance claims, if the offense was a felony of the first or second degree.

36. Section 817.50, relating to fraudulently obtaining goods or services from a health care provider and false reports of a communicable disease.

37. Section 817.505, relating to patient brokering.

38. Section 817.568, relating to fraudulent use of personal identification, if the offense was a felony of the first or second degree.

39. Section 825.102, relating to abuse, aggravated abuse, or neglect of an elderly person or a disabled adult.

40. Section 825.1025, relating to lewd or lascivious offenses committed upon or in the presence of an elderly person or a disabled person.

41. Section 825.103, relating to exploitation of an elderly person or a disabled adult, if the offense was a felony.

42. Section 826.04, relating to incest.

43. Section 827.03, relating to child abuse, aggravated child abuse, or neglect of a child.

44. Section 827.04, relating to contributing to the

delinquency or dependency of a child.

45. Former s. 827.05, relating to negligent treatment of children.

46. Section 827.071, relating to sexual performance by a child.

2.	Paglialonga	Ryon	CA	**Favorable**
3.	McAuliffe	Sadberry	AP	**Favorable**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 168 extends the Hurricane Loss Mitigation Program within Division of Emergency Management until June 30, 2031. The Hurricane Loss Mitigation Program funds programs that improve the wind resistance of residences and public hurricane shelters. The program is funded through an annual appropriation of $10 million from the Florida Hurricane Catastrophe Fund to the Division of Emergency Management. The Hurricane Loss Mitigation Program is set to expire on June 30, 2021.

The bill takes effect upon becoming a law.

II. Present Situation:

In the years following Hurricane Andrew, the Legislature created a series of programs to stabilize the economy and insurance industry.[1] These programs include the creation of Citizens Property Insurance Corporation, a state-administered insurance for those unable to obtain a conventional homeowners insurance policy; the Florida Hurricane Catastrophe Fund, a reinsurance fund established to limit residential insurers' exposure after a storm; and mitigation funding, which eventually became the Hurricane Loss Mitigation Program.[2]

[1] Division of Emergency Management, *Florida Hurricane Loss Mitigation Program: 2020 Annual Report* (January 1, 2021), https://www.floridadisaster.org/dem/mitigation/hurricane-loss-mitigation-program/ (last visited March 12, 2021).
[2] *Id*. *See also* The Florida Senate, Committee on Comprehensive Planning, Local, and Military Affairs, *Funding for the Hurricane Loss Mitigation Program*, Interim Project Report 2000-22 (September 1999),

Hurricane Loss Mitigation Program (HLMP)

In 1999, the Legislature created the HLMP within the Division of Emergency Management (DEM) to fund programs for improving the wind resistance of residences and mobile homes.[3] The HLMP is funded by an annual appropriation of $10 million from the Florida Hurricane Catastrophe Fund.[4] Specifically, current law requires the funds to be used as follows:

- $3 million must be directed toward retrofitting existing facilities used as public hurricane shelters.[5]
- $7 million must be directed toward programs that improve the wind resistance of residences and mobile homes, including loans, subsidies, grants, demonstration projects, and direct assistance; educating persons concerning the Florida Building Code; and other efforts to prevent or reduce losses or reduce the cost of building after a disaster.[6]

Of the $7 million allocated to improve the wind resistance of residences and mobile homes, provide education regarding Florida Building Code cooperative programs, and reduce the cost of rebuilding after a disaster:

- 50 percent ($3.5 million) is directed to grant funding for governmental entities, nonprofit organizations, and qualified for-profit organizations to improve the resiliency of residential, community, and government structures within their communities (Hurricane Loss Mitigation Program Retrofit Grant).
- 40 percent ($2.8 million) must be directed to the Manufactured Housing and Mobile Home Mitigation and Enhancement Program (Mobile Home Tie-Down Program) to mitigate future losses for mobile homes and inspect and improve tie-downs for mobile homes. The program is administered by Tallahassee Community College (TCC).[7]
- 10 percent ($700,000) must be directed to the Florida International University (FIU) for hurricane research at the International Hurricane Research Center.[8]

On January 1 of each year, DEM submits an annual report and accounting of activities under the HLMP and an evaluation of the activities.[9] The report must be submitted to the Speaker of the House of Representatives, the President of the Senate, and the Majority and Minority Leaders of the House of Representatives and the Senate. The Office of Insurance Regulation must review the report and make recommendations to the insurance industry as deemed appropriate.[10]

The HLMP expires on June 30, 2021.[11]

[10] Section 215.559(6), F.S.

[11] Section 215.559(7), F.S.

Shelter Retrofit Program

Of the funds dedicated to the Shelter Retrofit Program, the DEM must prioritize the use of the funds for projects included in the annual Shelter Retrofit Report.[12] The DEM must similarly prioritize these funds to projects in regional planning council regions with shelter deficits and projects that maximize the use of state funds.[13]

In Fiscal Year 2019-2020, the DEM reports that 14 new shelter retrofit agreements were executed and 16 projects were completed. At the end of the fiscal year, 19 projects were active in communities across the state; of the total, nine projects were opened in previous fiscal years. The funds in the program that have not been expended in previous fiscal years are made available in following years for new projects.[14]

Hurricane Loss Mitigation Program Retrofit Grant

Governmental entities, nonprofit organizations, and qualified for-profit organizations can submit a proposal for the HLMP Retrofit Grant. Each submitted proposal is reviewed through a cost-benefit analysis to ensure that the recommended mitigation retrofits remain cost effective. A review panel selects eligible applicants based on priority, need, benefit, and alignment with local mitigation strategy projects.[15]

In Fiscal Year 2019-2020, the DEM reports that 16 new wind mitigation retrofits to homes were awarded and 7 grants were awarded that involved other mitigation strategies, such as stormwater drainage, flood mitigation, and public wind retrofit activities. Due to projects being halted and supply chain bottlenecks for construction equipment and materials because of COVID-19 impacts, the projects were granted an extension for completion. Typically projects must be complete at the end of the fiscal year; however, the 2019-2020 fiscal year projects were granted an extension through December 31, 2020. Similar to the Shelter Retrofit Grant, funds in the program that have not been expended in previous fiscal years are made available in following years for new projects.[16]

Mobile Home Tie-Down Program

The purpose of the Mobile Home Tie-Down Program is to mitigate future losses and inspect and improve tie-downs for mobile homes built before 1999 to meet the current standards.[17] Mitigation under the program includes addressing problems associated with weakened trusses, studs, and other structural components caused by wood rot or termite damage; site-built additions, such as porches or carports; tie-down systems; and any additional issues deemed appropriate by TCC, the Federation of Manufactured Home Owners of Florida, the Florida Manufactured Housing Association, and the Department of Highway Safety and Motor Vehicles (DHSMV).[18]

---

[12] The Shelter Retrofit Report is prepared annually and submitted to the Governor and the Legislature. *See* s. 252.385, F.S.
[13] Section 215.559(1)(b), F.S.
[14] *Supra* at note 1.
[15] *Id*.
[16] *Id*.
[17] The standards are established in Rules 15C-1.0101 through 15C-1.0109, F.A.C.
[18] Section 215.559(2)(b)1., F.S.

The Mobile Home Tie-Down Program is funded by a direct $2.8 million allocation under the HLMP to TCC, which serves as program administrator.[19] The Mobile Home Tie-Down Program does not, and mobile homes are ineligible to, receive federal mitigation funds under Federal Emergency Management Agency (FEMA) Pre-Disaster Mitigation Grant, Building Resilient Infrastructure and Communities, or Hazard Mitigation Grant programs.

Since 1999, the Mobile Home Tie-Down Program has served over 40,000 mobile homes in over 278 mobile home communities.[20] Activities during the 2019-2020 fiscal year included 1,702 completed mobile homes in 14 mobile home communities.[21] COVID-19 travel, inspection, and community access restrictions prevented the Mobile Home Tie-Down Program from expensing 100% of the allocated funds.[22]

Third-party studies of the Mobile Home Tie-Down Program report improved wind resistance following participation in the program. In 2005, a FEMA Mitigation Branch Technical Services Division study of impacted mobile home communities during the 2004 hurricane season reported 4 percent to 5 percent of inspected mobile homes with retrofitted tie-downs were substantially damaged.[23] The same study reported that the primary cause of damage to mobile homes was caused by roof failure associated with the destruction of carports and sunrooms not constructed to code.[24]

As of December 2020, the Mobile Home Tie-Down Program reported a current waiting list of seven years.[25] TCC is not accepting new applications until the waiting list shortens to three years.[26]

Hurricane Research

FIU conducts research to support hurricane loss reduction devices and techniques as identified by the International Hurricane Research Center. The center's mission is to reduce hurricane damage and loss of life through more effective mitigation. The center has four laboratories focused on different aspects of hurricane impact: Laboratory for Coastal Research; Laboratory for Social and Behavioral Research; Laboratory for Insurance, Financial, and Economic Research; and Laboratory for Wind Engineering Research.[27]

[27] Florida International University, International Hurricane Research Center, *About* and *History*, http://www.ihrc.fiu.edu/about/ (last visited March 13, 2021).

For Fiscal Year 2019-2020, the International Hurricane Research Center is researching several topics, including experimental and analytical assessments of effects of leakage around residential building openings; investigation to codify wind pressure distribution of elevated homes; continued development of an integrated storm tide and freshwater flooding model; and education and outreach programs to convey the benefits of various hurricane loss mitigation devices and techniques. Due to the impacts of COVID-19, the center was granted an extension to finish its research. Final reports will be delivered to the state in April 2021.[28]

Florida Hurricane Catastrophe Fund (Cat Fund)

The Cat Fund is a tax-exempt fund created in 1993 after Hurricane Andrew as a form of mandatory reinsurance for residential property insurers.[29] The Cat Fund is administered by the State Board of Administration and is a tax-exempt source of reimbursement to property insurers for a selected percentage (45, 75, or 90 percent) of hurricane losses above the insurer's retention (deductible). [30] The fund provides insurers an additional source of reinsurance that is less expensive than what is available in the private market, enabling insurers to generally write more residential property insurance in the state than would otherwise be written. All insurers admitted to do business in this state writing residential property insurance that includes wind coverage must buy reimbursement coverage (reinsurance) on their residential property exposure through the Cat Fund.[31] Because of the low cost of coverage from the Cat fund, the fund acts to lower residential property insurance premiums for consumers.

When the moneys in the Cat Fund are or will be insufficient to cover losses, the fund is authorized to issue revenue bonds funded by emergency assessments on all lines of insurance, except medical malpractice and workers compensation.[32] Through private letter ruling the U.S. Internal Revenue Service authorized the Cat Fund to issue tax-exempt bonds. The initial ruling was granted on March 27, 1998, and in 2008 another private letter ruling held that the prior exemption could continue to be relied upon on a permanent basis.[33]

The private letter ruling "includes a requirement that a certain amount of [Cat Fund] funds be devoted to hurricane mitigation purposes."[34] "The allocation of a portion of [Cat Fund] funds to the broad public purpose of hurricane loss mitigation was one of the factors that the US Internal Revenue Service relied on in determining the tax-exempt status of the [fund]."[35]

[30] Section 215.555(2)(e), F.S.
[31] Section 215.555(4)(a), F.S.
[32] Section 215.555(6), F.S.
[33] State Board of Administration, Florida Hurricane Catastrophe Fund, *Fiscal Year 2014-2015 Annual Report*, https://www.sbafla.com/fhcf/Portals/FHCF/Content/Reports/Annual/20160330_FHCF_AnnualRpt2014_15.pdf?ver=2016-06-08-121801-380 (last visited March 13, 2021).
[34] *Id*.
[35] State Board of Administration of Florida, Florida Hurricane Catastrophe Fund, *2019 Annual Report*, https://www.sbafla.com/fhcf/Portals/FHCF/Content/Reports/Annual/20200617_2019_FHCFAnnualReport.pdf?ver=2020-06-17-123729-280 (last visited March 13, 2021).

Section 215.555(7)(c), F.S., specifies that the appropriation is for the purpose of providing funding for local governments, state agencies, public and private educational institutions, and nonprofit organizations to:

- Support programs intended to improve hurricane preparedness;
- Reduce potential losses in the event of a hurricane;
- Provide research into means to reduce such losses;
- Educate or inform the public as to means to reduce hurricane losses;
- Assist the public in determining the appropriateness of particular upgrades to structures or in the financing of such upgrades; or
- Protect local infrastructure from potential damage from a hurricane.

Statute requires an annual appropriation of at least $10 million, but no more than 35 percent of yearly investment income. Annually $13.5 million is appropriated from the Cat Fund to DEM, including a recurring $3.5 million for the statewide emergency and mass notification system (Alert System) and a recurring $10 million for the HLMP as discussed above.

Obsolete Reference

Section 215.559(2)(b)3., F.S., contains an obsolete reference regarding competitive rates for the Manufactured Housing and Mobile home Mitigation and Enhancement Program. The reference is to a defunct rate standard that has not applied to mobile home insurance policies issued by Citizens Property Insurance Corporation since 2007.[36]

III. Effect of Proposed Changes:

Section 1 extends until June 30, 2031, the Hurricane Loss Mitigation Program (HLMP) within the Division of Emergency Management. Without the bill, the HLMP is set to expire on June 30, 2021.

The bill also removes an obsolete reference in s. 215.559(2)(b)3., F.S.

Section 2 provides the bill takes effect upon becoming a law.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

[36] Chapter 2007-1, Laws of Fla.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

Indeterminate with respect to insurance premiums. A reduction in wind loss attributable to retrofitted tie-downs may be offset by wind loss attributable to carports and sunrooms not constructed to code, which FEMA has concluded as being the primary causes of damage to mobile homes from a wind event.

Nonprofit organizations, qualified for-profit organizations, and property owners benefit from the extension of the mitigation retrofit grant program, which provides for hazard mitigation retrofitting to residential and commercial properties.

C. Government Sector Impact:

The Legislature needs to ensure the continuation of appropriations of at least $10 million from the Cat Fund are made to hurricane mitigation programs as provided under s. 215.555(7)(c), F.S., to maintain the tax exempt status of the Cat Fund. The extension of the HLMP under the bill provides continued direction for use of these funds. Local housing authorities, local governments, TCC, and FIU benefit from the extension of the shelter retrofit program, the mitigation retrofit grant program, the Mobile Home Tie-Down Program, and the hurricane research at FIU.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 215.559 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Banking and Insurance on February 2, 2021:
The committee substitute removes a cross-reference to a defunct rate standard for mobile home insurance policies issued by Citizens Property Insurance Corporation.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Banking and Insurance; and Senator Hooper

597-01967-21 2021168c1

A bill to be entitled

An act relating to the Hurricane Loss Mitigation Program; amending s. 215.559, F.S.; deleting construction relating to Citizens Property Insurance Corporation coverage rates; delaying the future repeal of the Hurricane Loss Mitigation Program; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (b) of subsection (2) and subsection (7) of section 215.559, Florida Statutes, are amended to read:

215.559 Hurricane Loss Mitigation Program.—A Hurricane Loss Mitigation Program is established in the Division of Emergency Management.

(2)

(b)1. The Manufactured Housing and Mobile Home Mitigation and Enhancement Program is established. The program shall require the mitigation of damage to or the enhancement of homes for the areas of concern raised by the Department of Highway Safety and Motor Vehicles in the 2004-2005 Hurricane Reports on the effects of the 2004 and 2005 hurricanes on manufactured and mobile homes in this state. The mitigation or enhancement must include, but need not be limited to, problems associated with weakened trusses, studs, and other structural components caused by wood rot or termite damage; site-built additions; or tie-down systems and may also address any other issues deemed appropriate by Tallahassee Community College, the Federation of Manufactured Home Owners of Florida, Inc., the Florida Manufactured Housing

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

597-01967-21 2021168c1

Association, and the Department of Highway Safety and Motor Vehicles. The program shall include an education and outreach component to ensure that owners of manufactured and mobile homes are aware of the benefits of participation.

2. The program shall be a grant program that ensures that entire manufactured home communities and mobile home parks may be improved wherever practicable. The moneys appropriated for this program shall be distributed directly to Tallahassee Community College for the uses set forth under this subsection.

3. Upon evidence of completion of the program, the Citizens Property Insurance Corporation shall grant, on a pro rata basis, actuarially reasonable discounts, credits, or other rate differentials or appropriate reductions in deductibles for the properties of owners of manufactured homes or mobile homes on which fixtures or construction techniques that have been demonstrated to reduce the amount of loss in a windstorm have been installed or implemented. The discount on the premium must be applied to subsequent renewal premium amounts. Premiums of the Citizens Property Insurance Corporation must reflect the location of the home and the fact that the home has been installed in compliance with building codes adopted after Hurricane Andrew. ~~Rates resulting from the completion of the Manufactured Housing and Mobile Home Mitigation and Enhancement Program are not considered competitive rates for the purposes of s. 627.351(6)(d)1. and 2.~~

4. On or before January 1 of each year, Tallahassee Community College shall provide a report of activities under this subsection to the Governor, the President of the Senate, and the Speaker of the House of Representatives. The report must

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

set forth the number of homes that have taken advantage of the program, the types of enhancements and improvements made to the manufactured or mobile homes and attachments to such homes, and whether there has been an increase in availability of insurance products to owners of manufactured or mobile homes.

Tallahassee Community College shall develop the programs set forth in this subsection in consultation with the Federation of Manufactured Home Owners of Florida, Inc., the Florida Manufactured Housing Association, and the Department of Highway Safety and Motor Vehicles. The moneys appropriated for the programs set forth in this subsection shall be distributed directly to Tallahassee Community College to be used as set forth in this subsection.

(7) This section is repealed June 30, 2031 ~~2021~~.

Section 2. This act shall take effect upon becoming a law.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 184 requires the Division of Emergency Management to identify and maintain an inventory of available digitally displayed automatic changeable facing signs capable of providing the immediate distribution of critical information to the public in times of declared emergency and regarding missing endangered persons.

It also establishes criteria and processes for issuing Purple Alerts to assist in finding missing adults with developmental disabilities, brain injuries, or other disabilities not related to substance abuse.

The bill provides the FDLE with budget authority of $199,901 ($92,790 nonrecurring) in the Operating Trust Fund and 2 FTE in order to accommodate increased workload and make technology improvements. See Section V. Fiscal Impact Statement for additional information.

The bill takes effect July 1, 2021, but the alert system is effective July 1, 2022.

II. Present Situation:

Florida Statutory Alerts

Section 937.021, F.S., requires law enforcement agencies (LEAs) in this state to adopt written policies that specify the procedures to be used to investigate reports of missing children and

missing adults. Section 937.022, F.S., creates the Missing Endangered Persons Information Clearinghouse (MEPIC) within the Florida Department of Law Enforcement (FDLE) "to serve as a central repository of information regarding missing endangered persons." Every state, county, or municipal LEA must submit information on missing endangered persons to the clearinghouse and the FDLE must collect and disseminate the information to assist in the location of missing endangered persons.[1]

A Missing Child Alert is intended to enable law enforcement to quickly disseminate information when a child is missing and believed to be in life-threatening danger, but there is no indication that the child has been abducted.[2] A Missing Child Alert may result in an AMBER Alert if investigation produces an indication that the child has been abducted.[3] A state Silver Alert is intended to aid law enforcement in the rescue or recovery of a missing elderly person who suffers from irreversible deterioration of intellectual faculties[4] and becomes lost while driving a vehicle.[5]

Generally, in each case, the local LEA with jurisdiction contacts the FDLE's MEPIC. The FDLE works with the local LEA to determine whether information will be broadcast on a regional or statewide basis and prepares information for public distribution through the Emergency Alert System, wireless emergency alerts, the Department of Transportation's (FDOT) 511 traveler information system[6] and dynamic message signs, lottery machines, and email, as appropriate.[7]

With respect to use of the FDOT's dynamic message signs, after contact from the FDLE, the appropriate FDOT Regional Transportation Management Center is ultimately responsible for displaying alert messages on those signs. If the alert message is:

- A Missing Child Alert or a Silver Alert, the message is displayed for a maximum of six hours and is re-activated if the FDLE requests it, but only in the specific area the law enforcement believes the child may be located.
- An AMBER Alert, the message is displayed until the child is recovered or for a maximum of 24 hours, again re-activated upon the FDLE's request only in the specific area law enforcement believes the child may be located.[8]

---

[3] The FDLE Missing Endangered Persons Information Clearinghouse, *AMBER Alerts*, available at http://www.fdle.state.fl.us/mcicsearch/Amber.asp (last visited February 10, 2021).
[4] The FDLE Missing Endangered Persons Information Clearinghouse, *Florida's Silver Alert Plan,* available at http://www.fdle.state.fl.us/mcicsearch/SilverAlerts.asp (last visited February 10, 2021).
[5] *See Florida Missing Persons and Blue Alert Plans*, The FDLE and The Florida Department of Transportation, p. 1. (On file in the Senate Committee on Transportation)(hereinafter cited as "Missing Persons and Blue Alert Plans"). *See also* FDLE, *Florida's Silver Alert Plan*, available at http://www.fdle.state.fl.us/Silver-Alert-Plan/Silver-Alert-Plan (last visited February 10, 2021).
[6] *See* s. 334.044(31) and s. 334.60, F.S. The 511 System is used only while dynamic message signs are displayed. *See also* Missing Persons and Blue Alert Plans, p. 4.
[7] Missing Persons and Blue Alert Plans, pp. 1-5.
[8] Missing Persons and Blue Alert Plans, pp. 4-5.

Section 937.021(5), F.S., provides immunity from civil liability for complying in good faith with a request to record, report, transmit, display, or release Missing Child, AMBER, and Silver Alert information.

Section 784.071, F.S., authorizes Blue Alerts and the FDLE will issue a Blue Alert if a law enforcement officer has been killed, suffered serious bodily injury, or been assaulted with a deadly weapon; or is missing while in the line of duty or under circumstances indicating concern for an officer's safety; and the suspect has fled the scene and poses an imminent threat to the public or to other law enforcement officers.

The FDLE, in conjunction with the Florida Highway Patrol, the FDOT, and the Department of Lottery, broadcasts information to the public through the Emergency Alert System on television and radio when information about an offender would help avert further harm or assist in apprehending a suspect in connection with killing or harming a law enforcement officer.[9] In such cases, dynamic message signs are also used to display Blue Alerts.[10] These alerts use the technologies employed for Amber Alerts.[11] At the request of a local LEA, the FDLE Intelligence Watch and Warning Regional Special Agency Supervisor works with the investigating agency to prepare information for public release, include suspect and/or vehicle information. The FDLE works with the FDOT's Regional Transportation Management Center, which is ultimately responsible for displaying Blue Alert messages on the dynamic message signs. Again, the alert is displayed for a maximum of six hours, with re-activation upon FDLE request in the specific area that law enforcement believes the person may be located.[12]

The FDOT observes the following orders of priority with respect to these alert messages on dynamic message signs:

- If there are multiple alerts activated during the same time: AMBER, Missing Child, Blue, and Silver.
- If there are multiple AMBER, Missing Child, or Blue Alerts activated during the same time, each one is displayed on every other dynamic message sign.[13]

Missing Endangered Persons

Section 937.0201(4), F.S., defines the term "missing endangered person" for purposes of missing person investigations to mean:

- A missing child;
- A missing adult younger than 26 years of age;
- A missing adult 26 years of age or older who is suspected by an LEA of being endangered or the victim of criminal activity; or
- A missing adult who meets the criteria for activation of the Silver Alert Plan[14] of the FDLE.

[13] *Id.* at p. 5.
[14] Both local (missing on foot) and state (missing in vehicle) Silver Alerts are currently used to locate missing persons suffering from an irreversible deterioration of intellectual faculties. *See* FDLE, *Silver Activation Steps*, available at

Alzheimer's Participants

Section 429.918, F.S., relating to licensure designation as a specialized Alzheimer's services adult day care center, requires a number of requirements for such day centers to operate, including, among other requirements that:

- Employees hired to provide direct care to ADRD participants[15] must receive and review an orientation plan that includes information on the Silver Alert Plan; and
- ADRD participants (or caregivers) must be provided a copy of the participant's plan of care and information regarding resources to assist in ensuring the safety and security of a participant, which must include (among other items) information on the Silver Alert Plan.

Civil Immunity

Florida law provides civil immunity to certain individuals in specified circumstances who, acting in good faith, attempt to render aid to others.[16] Section 937.021, F.S., currently provides civil immunity for specified entities requested by law enforcement to record, report, transmit, display, or release information pertaining to a missing person if such entity complied with the request in good faith.[17] These entities include:

- The FDLE, a state or local law enforcement agency, and agency personnel;
- A radio or television network, broadcaster, or other media representative; or
- A dealer of communications services as defined in s. 202.11, F.S.[18]

Entities who report, transmit, display, or release information pertaining to a missing person are presumed to have acted in good faith.[19] The presumption of good faith is not overcome if a technical or clerical error is made by an agency, employee, individual, or entity acting at the request of the local law enforcement agency having jurisdiction or if the missing person information is incomplete or incorrect because the information received from the local law enforcement agency was incomplete or incorrect.[20]

III. Effect of Proposed Changes:

The bill establishes criteria and processes for Purple Alerts.

---

http://www.fdle.state.fl.us/Silver-Alert-Plan/Activation-Steps (last visited February 11, 2021)(hereinafter cited as "Silver Activation Steps"). This site lists the criteria for both local and state Silver Alerts.

[15] Section 429.918, F.S., defines the term "ADRD participant" to mean a participant who has a documented diagnosis of Alzheimer's disease or a dementia-related disorder (ADRD) from a licensed physician, licensed physician assistant, or a licensed advanced practice registered nurse.

[16] For example, Section 768.13, F.S. (also known as Florida's Good Samaritan Act (GSA)) provides immunity from civil liability for persons acting in good faith who render emergency care and treatment to individuals in need of assistance. Under the GSA, immunity from civil liability is available to any person who gratuitously and in good faith renders emergency assistance without the objection of a victim, if the person acts as a reasonably prudent person would act under similar circumstances.

[17] Section 937.021(5)(a), F.S.

[18] Examples of a dealer of communications services include a cable or satellite television service provider, a telephone service provider, or a mobile communication service provider. s. 937.021, F.S.

[19] Section 937.021(5)(c), F.S.

[20] *Id.*

Section 1 amends s. 252.35, F.S., relating to duties of the Division of Emergency Management, to add a requirement that the division identify and maintain an inventory of available digitally displayed automatic changeable facing signs capable of providing the immediate distribution of critical information to the public in times of declared emergency and regarding missing endangered persons.

Section 2 amends s. 937.0201, F.S., relating to definitions for purposes of missing person investigations. The bill includes in the definition of "missing endangered person" a missing adult who meets the criteria for the FDLE's activation of the Purple Alert pursuant to s. 937.0205, F.S., created by the bill.

Section 3 creates s. 937.0205, entitled *Purple Alert.* The bill expresses the following Legislative findings:

- A standardized state system is necessary to aid in the search of certain missing adults (identified and discussed below).
- A coordinated local law enforcement and state agency response with prompt and widespread sharing of information will improve the chances of finding the person.

The bill also recites the Legislature's intent to establish the Purple Alert, implemented in a manner that, to the extent practicable, safeguards the privacy rights and related health diagnostic information of such missing adults.

The bill directs the FDLE, in cooperation with the FDOT, the Department of Highway Safety and Motor Vehicles (DHSMV), the Department of the Lottery, and local LEAs, to establish and implement the Purple Alert. At a minimum, the Purple Alert must:

- Be the only viable means by which the missing adult is likely to be returned to safety;
- Provide, to the greatest extent possible, for the protection of the privacy, dignity, and independence of the missing adult by including standards aimed at safeguarding these civil liberties by preventing the inadvertent or unnecessary broadcasting or dissemination of sensitive health and diagnostic information;
- Provide that the broadcasting and dissemination of alerts and related information be limited to the geographic areas where the missing adult could reasonably be, considering his or her circumstances and physical and mental condition, the potential modes of transportation available to him or her or suspected to be involved, and the known or suspected circumstances of his or her disappearance; and
- Be activated only when there is sufficient descriptive information about the missing adult and the circumstances surrounding his or her disappearance to indicate that activating the alert is likely to help locate the missing adult.

The bill authorizes (but does not require) a local LEA, under a Purple Alert, to broadcast to the media and to persons who subscribe to receive alert notifications information concerning a missing adult:

- Who has a mental or cognitive disability that is not Alzheimer's disease or a dementia-related disorder; an intellectual disability or a development disability, as those terms are defined in s.

393.063, F.S.;[21] a brain injury; another physical, mental, or emotional disability that is not related to substance abuse; or a combination of any of these;
- Whose disappearance indicates a credible threat of immediate danger or serious bodily harm to himself or herself, as determined by the local LEA;
- Who cannot be returned to safety without law enforcement intervention; and,
- Who does not meet the criteria for activation of a local Silver Alert or the Silver Alert Plan of the FDLE.[22]

If a Purple Alert is determined to be necessary and appropriate, the local law enforcement agency having jurisdiction must notify the media and subscribers in the jurisdiction or jurisdictions where the missing adult is believed to or may be located. The local law enforcement agency having jurisdiction may also request that the Purple Alert notification be broadcast on lottery terminals within the geographic regions where the missing adult may reasonably be, including, but not limited to, lottery terminals in gas stations, convenience stores, and supermarkets.

The local jurisdictional LEA is also authorized to request that a case be opened with the FDLE's MEPIC. To enhance local or regional efforts when the investigation indicates that an identifiable vehicle is involved, the MEPIC is required to coordinate with the FDOT and the DHSMV for the activation of dynamic message signs on state highways and the immediate distribution of critical information to the public regarding the missing adult in accordance with the alert.

The bill requires the Purple Alert process to include procedures to monitor the use, activation, and results of alerts and a strategy for informing and educating law enforcement, the media, and other stakeholders concerning the alert. Lastly, this section of the bill authorizes the FDLE to adopt rules to implement and administer the new section of law.

Missing adults who meet the criteria for activation of a Purple Alert, their caregivers and families, as well as the general public may benefit from improved communication of emergency information through Purple Alerts. However, to receive Purple Alerts, individuals must be subscribers in the jurisdiction or jurisdictions where the missing adult is believed to or may be located, see the alerts on lottery terminals in gas stations, convenience stores, or supermarkets or on dynamic message signs along the State Highway System, or otherwise gain knowledge of a Purple Alert following notification of the media by the local jurisdictional LEA.

Section 4 amends s. 937.021, F.S., relating to missing child and missing adult reports, to include Purple Alerts in the existing provisions relating to immunity from civil liability for law enforcement agencies, broadcasters, and other entities acting in good faith when involved in issuing Missing Child Alerts, AMBER Alerts, and Silver Alerts.

[21] That section defines "intellectual disability" to mean significantly sub-average general intellectual functioning existing concurrently with deficits in adaptive behavior which manifests before the age of 18 and can reasonably be expected to continue indefinitely. For the purposes of this definition, the term: (a) "Adaptive behavior" means the effectiveness or degree with which an individual meets the standards of personal independence and social responsibility expected of his or her age, cultural group, and community. (b) "Significantly sub-average general intellectual functioning" means performance that is two or more standard deviations from the mean score on a standardized intelligence test specified in the rules of the agency. "Developmental disability" means a disorder or syndrome that is attributable to intellectual disability, cerebral palsy, autism, spina bifida, Down syndrome, Phelan-McDermid syndrome, or Prader-Willi syndrome; that manifests before the age of 18; and that constitutes a substantial handicap that can reasonably be expected to continue indefinitely.

[22] *See* Silver Activation Steps. *See also* FDLE Missing Endangered Persons Information Clearinghouse, *Florida's Silver Alert Plan*, available at http://www.fdle.state.fl.us/mcicsearch/SilverAlerts.asp (last visited February 11, 2021).

Section 5 amends s. 937.022, F.S., relating to the MEPIC, to include Purple Alerts in this provision. This will limit the activation of the Purple Alerts to only allow the LEA having jurisdiction over a case to make a request to the MEPIC for activation of a Purple Alert if the criteria for issuance are met. This is the same limitation for the activation of Silver Alert Plan discussed above.

Section 6 provides $107,111 in recurring and $92,790 in nonrecurring budget authority from the Operating Trust Fund to the Department of Law Enforcement, and two full-time equivalent positions with associated salary rate of 55,853 for the purpose of accommodating increased workload and implementing required technology improvements.

Section 7 provides that except as otherwise expressly provided in the act and except for this section, which shall take effect July 1, 2021, the act shall take effect July 1, 2022.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The Florida Department of Law Enforcement (FDLE):

The FDLE estimates that the bill's provision will result in an additional 146 alerts added to the alert system yearly or, on average, one Purple Alert every 2.5 days. To address this workload, the FDLE is requesting three Crime Intelligence Analyst I FTE positions totaling $165,735 ($155,262 recurring). Additionally, the FDLE indicates that the cost of necessary modifications to existing information technology will total $170,000 and take approximately 12 months to complete. The FDLE will be required to create policies and procedures on how to activate and cancel Purple Alerts but the department did not estimate the cost of such activities.[23]

The bill provides $107,111 in recurring and $92,790 in nonrecurring budget authority from the Operating Trust Fund to the Department of Law Enforcement, and two full-time equivalent positions with associated salary rate of 55,853 for the purpose of accommodating increased workload and implementing required technology improvements.

The Florida Department of Transportation (FDOT):

The fiscal impact to the FDOT relating to display of Purple Alerts on dynamic message signs is indeterminate, as the potential increase in volume of alerts cannot be determined.

The Florida Department of Highway Safety and Motor Vehicles (DHSMV):

The DHSMV notes the bill will result in a significant workload increase for the Florida Highway Patrol, especially the regional communications center ultimately assigned to coordinate Purple Alerts. At this time, the workload increase is expected to be absorbed within existing resources. However, the DHSMV states that it will monitor the workload increase to determine if additional staff may be necessary at a future time to address the workload.[24]

Local Law Enforcement Agencies:

Local jurisdictional LEAs will incur indeterminate expenses associated with notifying the media and subscribers as authorized under the bill, and with developing any necessary policies and training and establishing or enhancing necessary infrastructure and systems.

VI. Technical Deficiencies:

None.

[23] *See* the FDLE 2021 Legislative Bill Analysis for SB 184 on file with the Senate Committee on Transportation.
[24] *See* the DHSMV 2021 Legislative Bill Analysis for SB 184 on file with the Senate Committee on Transportation.

VII. Related Issues:

The FDLE noted that the language in the bill omitting an adult who has Alzheimer's disease or a dementia-related disorder from the alert may significantly complicate the required investigative and verification steps necessary for local law enforcement agencies to assess and confirm a potential alert subject's medical diagnoses. Similarly, the language may complicate details of training criteria and necessitate the FDLE to run through longer and multiple checklists with local agencies requesting an alert, especially if they are unsure of the subject's exact medical history. These complexities could lengthen the time it takes law enforcement to issue the alert, whatever the type. According to the FDLE, timely public notification is crucial for improving the chances of a successful, safe recovery and this language may have the unintended consequence of making both the existing and the new alert types less successful.[25]

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 252.35, 937.0201, 937.021, and 937.022.

This bill creates section 937.0205 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on April 15, 2021:
The committee substitute:

- Clarifies that an individual with Alzheimer's disease or a dementia-related disorder is not included under the Purple Alert as such individuals are included for alerts under the Silver Alert;
- Removes the Purple Alert training requirement for licensed specialized Alzheimer's services adult day care centers; and
- Provides the Department of Law Enforcement with two FTE, salary rate of 55,853, and $199,901 in budget authority in the Operating Trust Fund to implement the bill.

CS by Transportation on February 2, 2021:

- Removes the appropriation of $152,836 in recurring funds and $170,000 in nonrecurring funds from the General Revenue Fund, and the three full-time equivalent positions.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

[25] *See* the FDLE 2021 Legislative Bill Analysis for CS/CS/HB 79 (*Revised on April 7, 2021*) on file with the Senate Appropriations Subcommittee on Criminal and Civil Justice.

	.	
	.	

The Committee on Appropriations (Berman) recommended the following:

Senate Amendment (with title amendment)

Delete lines 117 - 252

and insert:

1. Who has a mental or cognitive disability that is not Alzheimer's disease or a dementia-related disorder; an intellectual disability or a developmental disability, as those terms are defined in s. 393.063; a brain injury; another physical, mental, or emotional disability that is not related to substance abuse; or a combination of any of these;

954168

2. Whose disappearance indicates a credible threat of immediate danger or serious bodily harm to himself or herself, as determined by the local law enforcement agency;

3. Who cannot be returned to safety without law enforcement intervention; and

4. Who does not meet the criteria for activation of a local Silver Alert or the Silver Alert Plan of the Department of Law Enforcement.

(b) If a Purple Alert is determined to be necessary and appropriate, the local law enforcement agency having jurisdiction must notify the media and subscribers in the jurisdiction or jurisdictions where the missing adult is believed to or may be located. The local law enforcement agency having jurisdiction may also request that the Purple Alert notification be broadcast on lottery terminals within the geographic regions where the missing adult may reasonably be, including, but not limited to, lottery terminals in gas stations, convenience stores, and supermarkets.

(c) Under the Purple Alert, the local law enforcement agency having jurisdiction may also request that a case be opened with the Department of Law Enforcement’s Missing Endangered Persons Information Clearinghouse. To enhance local or regional efforts when the investigation indicates that an identifiable vehicle is involved, the clearinghouse must coordinate with the Department of Transportation and the Department of Highway Safety and Motor Vehicles for the activation of dynamic message signs on state highways and the immediate distribution of critical information to the public regarding the missing adult in accordance with the alert.

954168

(5) The Purple Alert process must include procedures to monitor the use, activation, and results of alerts and a strategy for informing and educating law enforcement, the media, and other stakeholders concerning the alert.

(6) The Department of Law Enforcement may adopt rules to implement and administer this section.

Section 4. Paragraphs (c), (d), and (e) of subsection (5) of section 937.021, Florida Statutes, are amended to read:

937.021 Missing child and missing adult reports.—

(5)

(c) Upon receiving a request to record, report, transmit, display, or release Silver Alert or Purple Alert information from the law enforcement agency having jurisdiction over the missing adult, the Department of Law Enforcement as the state Silver Alert and Purple Alert coordinator, any state or local law enforcement agency, and the personnel of these agencies; any radio or television network, broadcaster, or other media representative; any dealer of communications services as defined in s. 202.11; or any agency, employee, individual, or entity is immune from civil liability for damages for complying in good faith with the request and is presumed to have acted in good faith in recording, reporting, transmitting, displaying, or releasing Silver Alert or Purple Alert information pertaining to the missing adult.

(d) The presumption of good faith is not overcome if a technical or clerical error is made by any agency, employee, individual, or entity acting at the request of the local law enforcement agency having jurisdiction, or if the Amber Alert, Missing Child Alert, missing child information, missing adult

954168

information, or Silver Alert or Purple Alert information is incomplete or incorrect because the information received from the local law enforcement agency was incomplete or incorrect.

(e) Neither this subsection nor any other ~~provision of~~ law creates a duty of the agency, employee, individual, or entity to record, report, transmit, display, or release the Amber Alert, Missing Child Alert, missing child information, missing adult information, or Silver Alert or Purple Alert information received from the local law enforcement agency having jurisdiction. The decision to record, report, transmit, display, or release information is discretionary with the agency, employee, individual, or entity receiving the information.

Section 5. Paragraph (b) of subsection (3) of section 937.022, Florida Statutes, is amended to read:

937.022 Missing Endangered Persons Information Clearinghouse.—

(3) The clearinghouse shall:

(b) Provide a centralized file for the exchange of information on missing endangered persons.

1. Every state, county, or municipal law enforcement agency shall submit to the clearinghouse information concerning missing endangered persons.

2. Any person having knowledge may submit a missing endangered person report to the clearinghouse concerning a child or adult younger than 26 years of age whose whereabouts is unknown, regardless of the circumstances, subsequent to reporting such child or adult missing to the appropriate law enforcement agency within the county in which the child or adult became missing, and subsequent to entry by the law enforcement

954168

agency of the child or person into the Florida Crime Information Center and the National Crime Information Center databases. The missing endangered person report shall be included in the clearinghouse database.

3. Only the law enforcement agency having jurisdiction over the case may submit a missing endangered person report to the clearinghouse involving a missing adult age 26 years or older who is suspected by a law enforcement agency of being endangered or the victim of criminal activity.

4. Only the law enforcement agency having jurisdiction over the case may make a request to the clearinghouse for the activation of a state Silver Alert or a Purple Alert involving a missing adult if circumstances regarding the disappearance have met the criteria for activation of the Silver Alert Plan or the Purple Alert.

Section 6. Effective July 1, 2021, for the 2021-2022 fiscal year, the sums of $107,111 in recurring funds and $92,790 in nonrecurring funds are appropriated from the Operating Trust Fund to the Department of Law Enforcement, and two full-time equivalent positions with associated salary rate of 55,853 are authorized, for the purpose of implementing this act.

Section 7. Except as otherwise expressly provided in this act and except for this section, which shall take effect July 1, 2021, this act shall take effect July 1, 2022.

By the Committee on Transportation; and Senator Berman

596-01961-21 2021184c1

A bill to be entitled

An act relating to the Purple Alert; amending s. 252.35, F.S.; requiring the Division of Emergency Management to identify and maintain an inventory of certain digitally displayed automatic changeable facing signs; amending s. 937.0201, F.S.; redefining the term "missing endangered person"; creating s. 937.0205, F.S.; providing legislative findings and intent; requiring the Department of Law Enforcement, in cooperation with the Department of Transportation, the Department of Highway Safety and Motor Vehicles, the Department of the Lottery, and local law enforcement agencies, to establish and implement the Purple Alert; specifying minimum requirements for the Purple Alert; authorizing local law enforcement agencies to broadcast information concerning certain missing adults; requiring the local law enforcement agency having jurisdiction to notify media and alert subscribers if a Purple Alert is determined to be necessary and appropriate; authorizing the local law enforcement agency having jurisdiction to request that a case be opened with the Department of Law Enforcement's Missing Endangered Persons Information Clearinghouse; requiring the clearinghouse to coordinate with the Department of Transportation and the Department of Highway Safety and Motor Vehicles in the activation of dynamic message signs on state highways and the immediate distribution of certain critical information under certain circumstances;

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

596-01961-21 2021184c1

requiring the Purple Alert process to include certain procedures and an information and education strategy; authorizing the Department of Law Enforcement to adopt rules; amending s. 937.021, F.S.; providing that the Department of Law Enforcement, as the Purple Alert coordinator, and certain agencies, employees, individuals, and entities are immune from civil liability for damages when performing certain actions in good faith; providing that the presumption of good faith is not overcome under certain circumstances; providing construction; amending s. 937.022, F.S.; authorizing only the law enforcement agency having jurisdiction over a case to make a request to the clearinghouse for the activation of a Purple Alert involving a missing adult under certain circumstances; amending s. 429.918, F.S.; conforming provisions to changes made by the act; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (z) is added to subsection (2) of section 252.35, Florida Statutes, to read:

252.35 Emergency management powers; Division of Emergency Management.—

(2) The division is responsible for carrying out the provisions of ss. 252.31-252.90. In performing its duties, the division shall:

(z) Identify and maintain an inventory of available digitally displayed automatic changeable facing signs capable of

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

providing the immediate distribution of critical information to the public in times of declared emergency and regarding missing endangered persons.

Section 2. Subsection (4) of section 937.0201, Florida Statutes, is amended to read:

937.0201 Definitions.—As used in this chapter, the term:

(4) "Missing endangered person" means any of the following:

(a) A missing child.~~;~~

(b) A missing adult younger than 26 years of age.~~;~~

(c) A missing adult 26 years of age or older who is suspected by a law enforcement agency of being endangered or the victim of criminal activity.~~; or~~

(d) A missing adult who meets the criteria for activation of the Silver Alert Plan of the Department of Law Enforcement.

(e) A missing adult who meets the criteria for activation of the Purple Alert of the Department of Law Enforcement pursuant to s. 937.0205.

Section 3. Section 937.0205, Florida Statutes, is created to read:

937.0205 Purple Alert.—

(1) The Legislature finds that a standardized state system is necessary to aid in the search for a missing adult identified in paragraph (4)(a). The Legislature also finds that a coordinated local law enforcement and state agency response with prompt and widespread sharing of information will improve the chances of finding the person.

(2) It is the intent of the Legislature to establish the Purple Alert, to be implemented in a manner that, to the extent practicable, safeguards the privacy rights and related health

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

and diagnostic information of such missing adults.

(3) The Department of Law Enforcement, in cooperation with the Department of Transportation, the Department of Highway Safety and Motor Vehicles, the Department of the Lottery, and local law enforcement agencies, shall establish and implement the Purple Alert. At a minimum, the Purple Alert must:

(a) Be the only viable means by which the missing adult is likely to be returned to safety;

(b) Provide, to the greatest extent possible, for the protection of the privacy, dignity, and independence of the missing adult by including standards aimed at safeguarding these civil liberties by preventing the inadvertent or unnecessary broadcasting or dissemination of sensitive health and diagnostic information;

(c) Limit the broadcasting and dissemination of alerts and related information to the geographic areas where the missing adult could reasonably be, considering his or her circumstances and physical and mental condition, the potential modes of transportation available to him or her or suspected to be involved, and the known or suspected circumstances of his or her disappearance; and

(d) Be activated only when there is sufficient descriptive information about the missing adult and the circumstances surrounding his or her disappearance to indicate that activating the alert is likely to help locate the missing adult.

(4)(a) Under a Purple Alert, a local law enforcement agency may broadcast to the media and to persons who subscribe to receive alert notifications under this section information concerning a missing adult:

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

1. Who has a mental or cognitive disability; an intellectual disability or a developmental disability, as those terms are defined in s. 393.063; a brain injury; another physical, mental, or emotional disability that is not related to substance abuse; or a combination of any of these;

2. Whose disappearance indicates a credible threat of immediate danger or serious bodily harm to himself or herself, as determined by the local law enforcement agency;

3. Who cannot be returned to safety without law enforcement intervention; and

4. Who does not meet the criteria for activation of a local Silver Alert or the Silver Alert Plan of the Department of Law Enforcement.

(b) If a Purple Alert is determined to be necessary and appropriate, the local law enforcement agency having jurisdiction must notify the media and subscribers in the jurisdiction or jurisdictions where the missing adult is believed to or may be located. The local law enforcement agency having jurisdiction may also request that the Purple Alert notification be broadcast on lottery terminals within the geographic regions where the missing adult may reasonably be, including, but not limited to, lottery terminals in gas stations, convenience stores, and supermarkets.

(c) Under the Purple Alert, the local law enforcement agency having jurisdiction may also request that a case be opened with the Department of Law Enforcement's Missing Endangered Persons Information Clearinghouse. To enhance local or regional efforts when the investigation indicates that an identifiable vehicle is involved, the clearinghouse must

coordinate with the Department of Transportation and the Department of Highway Safety and Motor Vehicles for the activation of dynamic message signs on state highways and the immediate distribution of critical information to the public regarding the missing adult in accordance with the alert.

(5) The Purple Alert process must include procedures to monitor the use, activation, and results of alerts and a strategy for informing and educating law enforcement, the media, and other stakeholders concerning the alert.

(6) The Department of Law Enforcement may adopt rules to implement and administer this section.

Section 4. Paragraphs (c), (d), and (e) of subsection (5) of section 937.021, Florida Statutes, are amended to read:

937.021 Missing child and missing adult reports.—

(5)

(c) Upon receiving a request to record, report, transmit, display, or release Silver Alert or Purple Alert information from the law enforcement agency having jurisdiction over the missing adult, the Department of Law Enforcement as the state Silver Alert and Purple Alert coordinator, any state or local law enforcement agency, and the personnel of these agencies; any radio or television network, broadcaster, or other media representative; any dealer of communications services as defined in s. 202.11; or any agency, employee, individual, or entity is immune from civil liability for damages for complying in good faith with the request and is presumed to have acted in good faith in recording, reporting, transmitting, displaying, or releasing Silver Alert or Purple Alert information pertaining to the missing adult.

(d) The presumption of good faith is not overcome if a technical or clerical error is made by any agency, employee, individual, or entity acting at the request of the local law enforcement agency having jurisdiction, or if the Amber Alert, Missing Child Alert, missing child information, missing adult information, or Silver Alert or Purple Alert information is incomplete or incorrect because the information received from the local law enforcement agency was incomplete or incorrect.

(e) Neither this subsection nor any other ~~provision of~~ law creates a duty of the agency, employee, individual, or entity to record, report, transmit, display, or release the Amber Alert, Missing Child Alert, missing child information, missing adult information, or Silver Alert or Purple Alert information received from the local law enforcement agency having jurisdiction. The decision to record, report, transmit, display, or release information is discretionary with the agency, employee, individual, or entity receiving the information.

Section 5. Paragraph (b) of subsection (3) of section 937.022, Florida Statutes, is amended to read:

937.022 Missing Endangered Persons Information Clearinghouse.—

(3) The clearinghouse shall:

(b) Provide a centralized file for the exchange of information on missing endangered persons.

1. Every state, county, or municipal law enforcement agency shall submit to the clearinghouse information concerning missing endangered persons.

2. Any person having knowledge may submit a missing endangered person report to the clearinghouse concerning a child

or adult younger than 26 years of age whose whereabouts is unknown, regardless of the circumstances, subsequent to reporting such child or adult missing to the appropriate law enforcement agency within the county in which the child or adult became missing, and subsequent to entry by the law enforcement agency of the child or person into the Florida Crime Information Center and the National Crime Information Center databases. The missing endangered person report shall be included in the clearinghouse database.

3. Only the law enforcement agency having jurisdiction over the case may submit a missing endangered person report to the clearinghouse involving a missing adult age 26 years or older who is suspected by a law enforcement agency of being endangered or the victim of criminal activity.

4. Only the law enforcement agency having jurisdiction over the case may make a request to the clearinghouse for the activation of a state Silver Alert or a Purple Alert involving a missing adult if circumstances regarding the disappearance have met the criteria for activation of the Silver Alert Plan or the Purple Alert.

Section 6. Paragraph (d) of subsection (6) and subsection (9) of section 429.918, Florida Statutes, are amended to read:

429.918 Licensure designation as a specialized Alzheimer's services adult day care center.—

(6)

(d) Each employee hired on or after July 1, 2012, who provides direct care to ADRD participants, must receive and review an orientation plan that includes, at a minimum:

1. Procedures to locate an ADRD participant who has

wandered from the center. These procedures shall be reviewed regularly with all direct care staff.

2. Information on the Silver Alert program and the Purple Alert in this state.

3. Information regarding available products or programs used to identify ADRD participants or prevent them from wandering away from the center, their home, or other locations.

(9) An adult day care center having a license designated under this section must give to each person who enrolls as an ADRD participant in the center, or the caregiver, a copy of the ADRD participant's plan of care, as well as information regarding resources to assist in ensuring the safety and security of the ADRD participant, which must include, but need not be limited to, information pertaining to driving for those persons affected by dementia, available technology on wandering-prevention devices and identification devices, the Silver Alert program and the Purple Alert in this state, and dementia-specific safety interventions and strategies that can be used in the home setting.

Section 7. This act shall take effect July 1, 2022.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

2.	Delia	Cox	CF	**Favorable**
3.	Gerbrandt	Sadberry	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 260 creates the Florida Veterans' Care Coordination Program (Program), to provide veterans and their families dedicated behavioral health care referral services, primarily for mental health and substance abuse. Through the Program, a veteran may call a separate veteran-dedicated support line to receive assistance and support from a fellow veteran who is trained to respond to the calls for assistance.

The bill authorizes the Florida Department of Veterans' Affairs (FDVA) to establish the Program. To provide services, the FDVA may contract with a nonprofit entity that has statewide phone capacity to serve veterans and is accredited by the Council on Accreditation and fully accredited by the Alliance of Information and Referral Services. The contracting entity must enter into agreements with Florida 211 Network participants to provide services to veterans.

The FDVA must compile data collected by the Florida 211 Network into a report for the Governor, President of the Senate, and Speaker of the House of Representatives by December 15, 2022.

Current federal funding for the program is set to expire September 30, 2021. Should the funding not be extended, annual recurring costs to operate the statewide program have been estimated at $4.5 million from General Revenue. See Section V. Fiscal Impact Statement.

The bill takes effect on July 1, 2021.

II. Present Situation:

Veterans and Mental Health and/or Substance Abuse

More than 1.5 million veterans currently live in Florida, making the state's veteran population the third largest nationally.[1] Veterans face unique challenges, and some struggle with mental health and substance abuse.

Post-traumatic Stress Disorder (PTSD) is a psychiatric disorder that can occur in people who have experienced or witnessed a traumatic event, including war or combat.[2]

The National Center for PTSD, U.S. Department of Veterans Affairs (VA), lists the percentage of veterans with PTSD by service era:

- Between 11 and 20 percent of veterans who served in Operations Iraqi Freedom and Enduring Freedom have PTSD in a given year.
- About 12 percent of veterans who served in the Gulf War have PTSD in a given year.
- About 15 percent of veterans of the Vietnam War were diagnosed with PTSD at the time of the most recent study in the late 1980's. However, it is estimated that about 30 percent of veterans of the Vietnam War have had PTSD in their lifetimes.[3]

A strong association exists between PTSD and substance use disorders (SUD) amongst veterans. Statistics show:

- More than two in 10 veterans with PTSD also have SUD;
- Almost one in three veterans seeking treatment for SUD also have PTSD;
- About one in 10 veterans returning from the wars in Iraq and Afghanistan seen at the VA have problems with alcohol or other drugs.[4]

Suicide rates for veterans continue to be a cause of national concern:

- More than 6,000 veterans committed suicide each year from 2008 to 2016.
- In 2016, the suicide rate was 1.5 times greater for veterans than for non-veteran adults, after adjusting for age and gender.[5]

From 2005 to 2016, the increase in suicide rate among veterans in Veterans Hospital Administration (VHA) care was lower than among veterans not in VHA care.[6]

Florida Alliance of Information and Referral Services (FLAIRS)

Each year, 16 million people in the United States call 2-1-1 for help with basic needs like food and shelter, and emergency needs, such as mental health, addiction, and suicide intervention.[7] The Florida Alliance of Information and Referral Services (FLAIRS) is the 211 collaborative organization for the state responsible for designing, studying, and implementing the Florida 211 Network.[8] The mission of the FLAIRS is to strengthen the health and human service information and referral provider network in the state through advocacy, coordination, and education.[9]

The Florida 211 Network, established in s. 408.918, F.S., operates as the single point of coordination for information and referral of health and human services.[10] As of February 20, 2017, 22 Florida 211 Network providers operated across the state.[11]

To participate in the Florida 211 Network, a 211 provider must be fully accredited by the National Alliance of Information and Referral Services or have received approval to operate, pending accreditation from its affiliate, the FLAIRS.[12]

The Council on Accreditation

The Council on Accreditation (COA) is an international accrediting entity that accredits private and public organizations and programs that provide human services.[13] The COA specifically accredits entities providing child welfare, behavioral health, and community-based social services.[14]

Pilot Program and Statewide Expansion

Pilot Program

In 2014, the Crisis Center of Tampa Bay launched a pilot program through its existing 211 Network to offer a separate dedicated phone line for state veterans in need of support, known as the Florida Veterans Support Line. The pilot program expanded existing 211 services, including

crisis intervention and peer-to-peer care coordination, to veterans and their families in Hillsborough, Pasco, Pinellas, Polk, and Manatee counties.[15]

Under the Crisis Center's Peer-to-Peer Care Coordination model, callers to the support line talk to a fellow veteran who will provide emotional support and referral to VA and non-VA services, including for medical care, housing, counseling, legal, and employment assistance.[16]

History of Funding for the Pilot Program

Since the launch of the pilot program, funding has been provided as follows:

- 2014 - 2015
  The Legislature provided $150,000 in nonrecurring general revenue funds to the FDVA to contract with the Crisis Center of Tampa Bay to establish a pilot program to expand 2-1-1-services to veterans.[17] With the appropriation, in August 2014, the Crisis Center of Tampa Bay expanded its services to veterans and hired veterans to answer crisis calls. In November 2014, the Crisis Center launched the Florida Veterans Support Line.
- 2016 - 2021
  The Department of Children and Families (DCF) has continued to fund the Crisis Center of Tampa Bay's pilot program with an annual appropriation of approximately $150,000.[18]
- 2017 - 2018
  The Legislature provided $400,000 in nonrecurring general revenue funds to the FDVA to contract with the Crisis Center of Tampa Bay to fund local call centers statewide with the purpose of connecting veterans with resources available in their community.[19]
- 2018 - 2019
  The U.S. Department of Veteran Affairs (USDVA) agreed to partially fund the implementation of statewide peer-to-peer coordination and provided $1 million in funding for the statewide program.[20] To ensure full statewide implementation, the DCF provided $538,000 in federal funds provided through the State Opioid Response Grant (SOR Grant).[21]
- 2019 - 2020
  The USDVA provided $1 million in funding, matched in full with the DCF SOR Grant for total funding of $2 million.[22]

- 2020 - 2021
  The USDVA provided $1 million in funding, matched in full with the DCF SOR Grant for total funding of $2 million.[23]
- 2021 - 2022
  The Senate's Fiscal Year 2021-2022 proposed budget includes $1.1 million in funding through the DCF's Community Mental Health Block Grant for the Crisis Center of Tampa Bay's Veteran Support Line.[24]

Both of the federal sources of funding provided for the last three fiscal years are set to expire September 30, 2021, though may possibly be extended to September 2024, pending a funding allocation.[25]

Use of the Program by Veterans

Since the Crisis Center implemented the pilot program in 2014, veteran and veteran family participation has steadily increased.

III. Effect of Proposed Changes:

This bill creates the Florida Veterans' Care Coordination Program (Program) as a statewide program, to provide veterans and their families dedicated behavioral health care referral services, primarily for mental health and substance abuse. Through the Program, a veteran who calls a dedicated support line receives assistance and support from a trained fellow veteran.

The bill authorizes the Florida Department of Veterans' Affairs (FDVA) to establish the Program. To provide services, the FDVA may contract with a nonprofit entity that has statewide phone capacity to serve veterans and is accredited by the Council on Accreditation and fully accredited by the National Alliance of Information and Referral Services. The entity must enter into agreements with Florida 211 Network participants to provide services to veterans.

The bill models the Program after the pilot program established in 2014 by the Crisis Center of Tampa Bay and the FDVA in Hillsborough, Pasco, Pinellas, Polk, and Manatee Counties.

Program Goals and Services

Program goals are to prevent suicide by a veteran and increase veteran participation in programs and services provided by the VA and community-based programs and services.

Florida 211 Network participants in the Program must provide an array of specific services, including all of the following:

- Telephonic peer support, crisis intervention, and information on referral resources.
- Treatment coordination, including coordination of follow-up care.
- Assessment of suicide risk.
- Immediate needs assessments, including safety planning and support.
- Promotion of the safety and wellness of veterans and their families, including continuous safety planning and support.
- Resource coordination, including data analysis, to facilitate acceptance, enrollment, and attendance of veterans and their families in programs and services provided by the VA and other available community-based programs and services.

The bill requires program teams to:

- Document all incoming calls and capture data needed to reach a greater number of veterans and their families;
- Track the number and nature of requests from veterans and family members;
- Follow up with callers to determine if they have pursued referrals and whether additional help is needed; and
- Implement communication strategies[34] to educate veterans and their families about programs and services provided by the VA and other community-based programs and services.

To educate others about the Program:

[34] Examples of communication strategies provided by the bill include media promotions, public service announcements, print and Internet articles, and community presentations.

- Florida 211 network participants must collect data on the program and establish and maintain a database of services available locally.
- Both the FDVA and its contractor must work with managing entities to educate service providers about the Florida Veterans Support Line and the Program.

Data Collection and Report

Florida 211 Network participants must provide all collected data to the FDVA, as directed by the FDVA. By December 15, 2022, the FDVA must then submit a report to the Governor, President of the Senate, and Speaker of the House of Representatives.

The report must include:
- The total number of calls received by the Program;
- Demographic information on each caller, including military affiliation, veteran status, and whether they are receiving services provided by the VA or other available community-based programs and services;
- The nature of each call, including any concerns prompting the call and any services requested by the caller;
- The outcome of each call, including referrals for services and any organizations to which the caller was referred;
- Services received as a result of each call;
- Information regarding follow-up by the Program team, including the percentage of calls receiving follow-up and the outcome of such follow-up;
- Information regarding the Program's impact on each caller's quality of life and avoidance of negative outcomes; and
- Each caller's level of satisfaction with services received.

The bill takes effect on July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

The bill does not appear to require cities and counties to expend funds or limit their authority to raise revenue or receive state-shared revenues as specified by Article VII, Section 18 of the Florida Constitution.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

C. Government Sector Impact:

CS/SB 260 authorizes the FDVA to establish the Veterans Care Coordination Program and provide statewide referral and care coordination services to veterans and their families through Florida's 211 Network. The program is currently funded by federal grants that are scheduled to expire September 30, 2021, unless the grants are extended.[35] According to the Crisis Center of Tampa Bay, the cost to implement the Florida Veterans Support Line program statewide is $4.5 million.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill creates section 394.9087 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Appropriations on April 15, 2021:
The committee substitute authorizes, rather than requires the Department of Veterans' Affairs to establish a Florida Veterans' Care Coordination Program. The amendment also makes stylistic changes.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

[35] FDVA Analysis, p. 4.

The Committee on Appropriations (Harrell) recommended the following:

Senate Amendment (with title amendment)

Delete lines 25 - 118

and insert:

(1) The Department of Veterans' Affairs may establish the Florida Veterans' Care Coordination Program. If the Department of Veterans' Affairs establishes the program, it may contract with a nonprofit entity that is accredited by the Council on Accreditation, is fully accredited by the National Alliance of Information and Referral Services, and has statewide phone

491526

capacity to serve veterans to enter into agreements with Florida 211 Network participants to provide veterans and their families in this state with dedicated behavioral health care referral services, especially mental health and substance abuse services. The Department of Veterans' Affairs shall model the program after the proof-of-concept pilot program established in 2014 by the Crisis Center of Tampa Bay and the Department of Veterans' Affairs in Hillsborough, Pasco, Pinellas, Polk, and Manatee Counties.

(2) The goals of the program are to:

(a) Prevent suicides by veterans.

(b) Increase veterans' use of programs and services provided by the United States Department of Veterans Affairs.

(c) Increase the number of veterans who use other available community-based programs and services.

(3) The program must be available statewide. Program services must be provided by program teams operated by Florida 211 Network participants as authorized by s. 408.918. A Florida 211 Network participant may provide services in more than one geographic area under a single contract.

(4) The program teams shall provide referral and care coordination services to veterans and their families and expand the existing Florida 211 Network to include the optimal range of veterans' service organizations and programs. Florida 211 Network participants in the Florida Veterans' Care Coordination Program must include all of the following:

(a) Telephonic peer support, crisis intervention, and the communication of information on referral resources.

(b) Treatment coordination, including coordination of

491526

followup care.

(c) Suicide risk assessment.

(d) Promotion of the safety and wellness of veterans and their families, including continuous safety planning and support.

(e) Resource coordination, including data analysis, to facilitate acceptance, enrollment, and attendance of veterans and their families in programs and services provided by the United States Department of Veterans Affairs and other available community-based programs and services.

(f) Immediate needs assessments, including safety planning and support.

(5) To enhance program services, program teams shall:

(a) Track the number of requests from callers who are veterans or members of a veteran's family.

(b) Follow up with callers who are veterans or members of a veteran's family to determine whether they have acted on the referrals or received the assistance needed and whether additional referral or advocacy is needed.

(c) Develop and implement communication strategies, such as media promotions, public service announcements, print and Internet articles, and community presentations, to inform veterans and their families about available programs and services provided by the United States Department of Veterans Affairs and other available community-based programs and services.

(d) Document all calls and capture all necessary data to improve outreach to veterans and their families and report such data to the contracted entity.

491526

(6) Florida 211 Network participants in the Florida Veterans' Care Coordination Program shall maintain a database of veteran-specific services available in the communities served by the programs. The Department of Veterans' Affairs and its selected contractor shall work with managing entities as defined in s. 394.9082(2) to educate service providers about the Florida Veterans Support Line and the Florida Veterans' Care Coordination Program.

(7) Florida 211 Network participants shall collect data on the program and submit such data to the Department of Veterans' Affairs in the format prescribed by the Department of Veterans' Affairs. The Department of Veterans' Affairs shall use such data to prepare a report for submittal to the Governor, the President of the Senate, and the Speaker of the House of Representatives by December 15, 2022. The report must include all of the following:

(a) The number of calls received.

(b) Demographic information for each caller, including, but not limited to, the caller's military affiliation, the caller's veteran status, and whether the caller is receiving services provided by the United States Department of Veterans Affairs or other available community-based programs and services.

(c) The nature of each call, including, but not limited to, the concerns prompting the call and the services requested.

(d) The outcome of each call, including, but not limited to, the services for which referrals were made and the organizations to which the caller was referred.

(e) Services received as a result of each call.

(f) Information regarding followup by the program team,

491526

including, but not limited to, the percentage of calls receiving followup and the outcome of followup.

A bill to be entitled

An act relating to services for veterans and their families; creating s. 394.9087, F.S.; requiring the Department of Veterans' Affairs to establish the Florida Veterans' Care Coordination Program to provide behavioral health care referral and care coordination services for veterans and their families; requiring the department to contract with a certain nonprofit entity to enter into agreements with Florida 211 Network participants to provide such services; providing program goals; providing for the statewide delivery of specified services by program teams; requiring Florida 211 Network participants to collect program implementation data and to submit such data to the department; requiring the department to submit a report to the Governor and the Legislature by a specified date; providing requirements for the report; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 394.9087, Florida Statutes, is created to read:

394.9087 Florida Veterans' Care Coordination Program.—

(1) The Department of Veterans' Affairs shall establish the Florida Veterans' Care Coordination Program. The Department of Veterans' Affairs shall contract with a nonprofit entity that is accredited by the Council on Accreditation, is fully accredited by the National Alliance of Information and Referral Services,

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

25-00487-21 2021260__

and has statewide phone capacity to serve veterans to enter into agreements with Florida 211 Network participants to provide veterans and their families in this state with dedicated behavioral health care referral services, especially mental health and substance abuse services. The Department of Veterans' Affairs shall model the program after the proof-of-concept pilot program established in 2014 by the Crisis Center of Tampa Bay and the Department of Veterans' Affairs in Hillsborough, Pasco, Pinellas, Polk, and Manatee Counties.

(2) The goals of the program are to:

(a) Prevent suicides by veterans.

(b) Increase veterans' use of programs and services provided by the United States Department of Veterans Affairs.

(c) Increase the number of veterans who use other available community-based programs and services.

(3) The program must be available statewide. Program services must be provided by program teams operated by Florida 211 Network participants as authorized by s. 408.918. A Florida 211 Network participant may provide services in more than one geographic area under a single contract.

(4) The program teams shall provide referral and care coordination services to veterans and their families and expand the existing Florida 211 Network to include the optimal range of veterans' service organizations and programs. Florida 211 Network participants in the Florida Veterans' Care Coordination Program must include all of the following:

(a) Telephonic peer support, crisis intervention, and the communication of information on referral resources.

(b) Treatment coordination, including coordination of

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

followup care.

(c) Suicide risk assessment.

(d) Promotion of the safety and wellness of veterans and their families, including continuous safety planning and support.

(e) Resource coordination, including data analysis, to facilitate acceptance, enrollment, and attendance of veterans and their families in programs and services provided by the United States Department of Veterans Affairs and other available community-based programs and services.

(f) Immediate needs assessments, including safety planning and support.

(5) To enhance program services, program teams shall:

(a) Track the number of requests from callers who are veterans or members of a veteran's family.

(b) Follow up with callers who are veterans or members of a veteran's family to determine whether they have acted on the referrals or received the assistance needed and whether additional referral or advocacy is needed.

(c) Develop and implement communication strategies, such as media promotions, public service announcements, print and Internet articles, and community presentations, to inform veterans and their families about available programs and services provided by the United States Department of Veterans Affairs and other available community-based programs and services.

(d) Document all calls and capture all necessary data to improve outreach to veterans and their families and report such data to the contracted entity.

(6) Florida 211 Network participants in the Florida Veterans' Care Coordination Program shall maintain a database of veteran-specific services available in the communities served by the program. The Department of Veterans' Affairs and its selected contractor shall work with managing entities as defined in s. 394.9082(2)(e) to educate service providers about the Florida Veterans Support Line and the Florida Veterans' Care Coordination Program.

(7) Florida 211 Network participants shall collect data on the program and submit such data to the Department of Veterans' Affairs in the format prescribed by the Department of Veterans' Affairs. The Department of Veterans' Affairs shall use such data to prepare a report for submittal to the Governor, the President of the Senate, and the Speaker of the House of Representatives by December 15, 2022. The report must include all of the following:

(a) The number of calls received.

(b) Demographic information for each caller, including, but not limited to, the caller's military affiliation, the caller's veteran status, and whether the caller is receiving services provided by the United States Department of Veterans Affairs or other available community-based programs and services.

(c) The nature of each call, including, but not limited to, the concerns prompting the call and the services requested.

(d) The outcome of each call, including, but not limited to, the services for which referrals were made and the organizations to which the caller was referred.

(e) Services received as a result of each call.

(f) Information regarding followup by the program team,

including, but not limited to, the percentage of calls receiving followup and the outcome of such followup.

(g) Information regarding the program's impact on each caller's quality of life and on the avoidance of negative outcomes, including arrest and suicide.

(h) Each caller's level of satisfaction with program services.

Section 2. This act shall take effect July 1, 2021.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	PCS/CS/SB 366 (441292)
INTRODUCER:	Appropriations Committee (Recommended by Appropriations Subcommittee on Education); Education Committee; and Senator Hutson and others
SUBJECT:	Educational Opportunities Leading to Employment
DATE:	April 14, 2021 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Brick	Bouck	ED	**Fav/CS**
2.	Underhill	Elwell	AED	**Recommend: Fav/CS**
3.	Underhill	Sadberry	AP	**Pre-meeting**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/CS/SB 366 modifies Florida's statutes to provide support for students in work-based learning programs, modify assessment requirements for initial student eligibility in dual enrollment programs, and provide relevant mathematics pathways. Specifically, the bill:

- Specifies that students in a preapprenticeship program or courses with a work-based component are deemed to be employees of the state for workers' compensation purposes for medically necessary care only.
- Clarifies that eligibility for initial enrollment in dual enrollment courses requires a student to demonstrate a level of achievement of college-level communication and computation skills through an approved common placement test or alternative method, to be approved by the State Board of Education.
- Eases plan development and reporting requirements for the implementation of developmental education strategies by Florida College System (FCS) institutions for potential students entering dual enrollment courses.
- Requires a representative committee of State University System, district career centers, and FCS faculty to identify mathematics pathways aligned to programs, meta-majors, and careers.

The fiscal impact is discussed in section V.

The bill takes effect on July 1, 2021.

II. Present Situation:

The present situation for the relevant portions of the bill is discussed under the Effect of Proposed Changes of this bill analysis.

III. Effect of Proposed Changes:

Work-based Learning

Present Situation

Federal legislation defines work-based learning (WBL) as "sustained interactions with industry or community professionals in real workplace settings, to the extent practicable, or simulated environments at an educational institution that foster in depth, firsthand engagement with the tasks required in a given career field, that are aligned to curriculum and instruction."[1] Learning set in the real-world context of work not only makes academic learning more accessible to many students but also increases their engagement in schooling. WBL can play a crucial role in improving outcomes for at-risk students by increasing their engagement in learning, whether in or out of school.[2]

WBL takes many forms, such as internships, job shadowing, service learning, or preapprenticeships, and is defined by activities and experiences that occur when a student or worker:[3]

- Goes to a workplace or works with an employer; and
- Does meaningful job tasks that develop his or her skills, knowledge, and readiness for work and support entry or advancement in a particular career field.

WBL is comprised of identified courses that involve OJT, which is an instructional method whereby students acquire knowledge and skills exclusively on-site with a business or industry partner instead of a traditional classroom setting. WBL may also be delivered through utilization of the cooperative method of instruction which is delivered through formal classroom instruction and on-the-job learning, on-site, with a business or industry partner.[4]

Recent research, policy literature, and federal legislation suggest that comprehensive WBL programs contain three key components: the alignment of classroom and workplace learning; application of academic, technical, and employability skills in a work setting; and support from classroom or workplace mentors.[5]

---

In 2019-2020, there were 23,258 students enrolled in secondary on-the-job training, preapprenticeship, work experience, and other WBL courses.[6]

Workers' Compensation

Workers' compensation is a form of insurance designed to provide wage replacement and medical benefits for employees who are injured in the course of employment, in exchange for giving up the right to sue the employer for negligence.[7] In Florida, workers' compensation is governed by ch. 440, F.S., the "Workers' Compensation Law." The law prescribes coverage requirements, medical and indemnity benefits, the rights and responsibilities of employers, injured employees, medical providers, and carriers, as well as procedures for dispute resolution.

Generally, employers are required to provide medical and indemnity benefits to a worker who is injured due to an accident arising out of and during the course of employment.[8] For such injuries, an employer is responsible for providing medical treatment[9] and compensation in the event of employee disability[10] or death.[11] Specific employer coverage requirements are based on the type of industry, number of employees, and entity organization.[12]

State Risk Management Program

The Division of Risk Management (DRM)[13] located within the Department of Financial Services (DFS) is responsible for ensuring that state agencies and universities participating in the state's self-insurance program receive quality coverage for workers' compensation, general liability, federal civil rights, auto liability, and property insurance at reasonable rates. The DRM's operations and the state's insurance coverage are funded by annual agency assessments, which are deposited into the State Risk Management Trust Fund (SRMTF). The SRMTF provides coverage that protects state property and workforce members that are exposed to the risk of financial losses through damage, injuries, and alleged negligent or improper acts.[14]

Effect of Proposed Changes

The bill creates s. 446.54, F.S., to provide a definition of "work-based learning" to include "on-the-job training' and mean interactions with industry or community professionals in off-campus workplaces which foster in-depth, firsthand engagement with the tasks required in a given career field and which are aligned to curriculum and instruction. The bill encourages school districts to place students in paid work experiences for purposes of educational training and WBL and defines WBL as it relates to public K-12 education to mean sustained interactions with industry or community professionals in workplace settings, to the extent practicable, or simulated

environments that foster in-depth, firsthand engagement with the tasks required in a given career field, that align with curriculum and instruction, and that are provided in partnership with an educational institution.

The bill provides that:

- An individual 18 years of age or younger who is enrolled in a preapprenticeship program, as defined in s. 446.021, F.S., which requires work-based learning and who suffers a work-related injury in the course of his or her enrollment is deemed to be an employee of the state for purposes of workers' compensation coverage. Such coverage applies only to medically necessary care rendered as a direct result of that injury.
- A student in grades 6 through 12 who is enrolled in a course identified in the Course Code Directory which incorporates a work-based learning component or an activity that is unpaid and who suffers a work-related injury in the course of his or her enrollment is deemed to be an employee of the state for purposes of workers' compensation coverage. Such coverage applies only to medically necessary care rendered as a direct result of that injury.

The bill provides that work-based learning may be paid or unpaid and may be delivered in a stand-alone, work-based learning course that results in high school credit or may be a component of an existing course which may use the cooperative method of instruction. As it relates to postsecondary education, the bill defines cooperative method of instruction as an instructional methodology that provides students enrolled in career education programs an opportunity to extend their employment preparation beyond the classroom through participation in concurrent career education instruction through regularly scheduled on-the-job training experiences.

The designation of preapprenticeship and WBL program students as employees of the state for the purposes of workers' compensation medical claims may increase the financial liability of the state, but may encourage more employers, who otherwise would not participate due to concerns about assuming liability for a minor, to partner with school districts to sponsor such programs. The provisions in the bill may allow more students under 18 to participate in WBL opportunities.

Florida College System Institution Admissions

Present Situation

Admissions Requirements for FCS Institutions

Each FCS institution board of trustees is authorized to adopt rules governing admissions of students subject to requirements provided in law and rules of the SBE.[15]

Admissions counseling must be provided to all students entering college or career credit programs. Counseling must use tests to measure achievement of college-level communication and computation competencies by students entering college credit programs or tests to measure achievement of basic skills for students entering career education programs. Counseling includes providing developmental education options for students whose assessment results indicate that

[15] Section 1007.263, F.S.

they need to improve communication or computation skills that are essential to perform college-level work.[16]

Each FCS institution board of trustees is required to develop a plan to implement developmental education strategies through which a high school graduate who applies for any college credit program may attain the communication and computation skills necessary to successfully complete college credit instruction. Each plan must include certain minimum requirements that are specified in law.[17]

FCS institutions are also required to annually prepare an accountability report that includes student success data relating to each developmental education strategy implemented by the institution and submit the report to the Governor, the President of the Senate, the Speaker of the House of Representatives, and the SBE.[18]

Admission to associate degree programs is subject to minimum standards adopted by the SBE and requires:

- A standard high school diploma, a high school equivalency diploma as prescribed in law,[19] previously demonstrated competency in college credit postsecondary coursework, or, in the case of a student who is home educated, a signed affidavit submitted by the student's parent or legal guardian attesting that the student has completed a home education program pursuant to the requirements of law. Students who are enrolled in a dual enrollment or early admission program are exempt from this requirement.
- A demonstrated level of achievement of college-level communication and computation skills.
- Any other requirements established by the FCS board of trustees.[20]

Student Eligibility for Dual Enrollment Programs

The dual enrollment program is the enrollment of an eligible secondary student or home education student in a postsecondary course creditable toward high school completion and a career certificate or an associate or baccalaureate degree. A student who is enrolled in postsecondary instruction that is not creditable toward a high school diploma may not be classified as a dual enrollment student. An eligible secondary student is a student who is enrolled in any of grades 6 through 12 in a Florida public school or in a Florida private school that provides a secondary curriculum.[21]

Student eligibility requirements for initial enrollment in college credit dual enrollment courses must include a 3.0 unweighted high school grade point average and the minimum score on a common placement test adopted by the SBE which indicates that the student is ready for college-level coursework. Student eligibility requirements for initial and continued enrollment in career certificate dual enrollment courses must include a 2.0 unweighted high school grade point

[16] Section 1007.263(1), F.S.
[17] Sections 1008.30(5) and 1008.02(1), F.S.
[18] Section 1008.30(5), F.S.
[19] Section 1003.435, F.S., specifies the requirements for earning a high school equivalency diploma.
[20] Section 1007.263(2), F.S.
[21] Section 1007.271(1) and (2), F.S.

average.[22] FCS institution boards of trustees may establish additional initial student eligibility requirements, which must be included in the dual enrollment articulation agreement, to ensure student readiness for postsecondary instruction.[23]

Common Placement Testing for Public Postsecondary Education

The SBE, in conjunction with the BOG, has implemented common placement testing requirements[24] for the purpose of assessing the basic computation and communication skills of students who intend to enter a degree program at any public postsecondary educational institution. The common placement testing program must include the capacity to diagnose the basic competencies in the areas of English, reading, and mathematics that are essential for success in meta-majors and the capacity to provide test information to students on the specific skills the student needs to attain.[25]

Assessment of Career Education Program Basic Skills

The SBE is required to adopt standards of basic skill mastery for completion of certificate career education programs and to designate examinations to assess mastery. Students who enroll in a program offered for career credit of 450 hours or more must complete an entry-level examination within the first six weeks after admission into the program. A student may not receive a career or technical certificate of completion without first demonstrating the basic skills required in the state curriculum frameworks for the career education program. Certain students are exempted from this requirement.[26]

Effect of Proposed Changes

Admissions Requirements for FCS Institutions

The bill modifies s. 1007.263, F.S., to provide flexibility to FCS institutions in their admissions requirements for entering students. Specifically, the bill authorizes FCS institutions to accept:

- Alternate methods, to be approved by the state board, to measure achievement of college level communication and computation competencies by students entering college credit programs.
- For admission to associate degree programs, a high school equivalency diploma issued by another state which is recognized as equivalent by SBE rule and is based on an assessment recognized by the United States Department of Education.

The bill requires that admissions counseling at FCS institutions measure achievement of basic skills for career education programs, which may direct a student to developmental education to improve communication and computation skills.

[22] Section 1007.271(3), F.S. Exceptions to the required grade point averages may be granted on an individual student basis if the educational entities agree and the terms of the agreement are contained within the dual enrollment articulation agreement developed by the district school superintendent and the public postsecondary institution president through an articulation committee, as specified in s. 1007.271(21).
[23] Section 1007.271(3), F.S.
[24] The state board has adopted rules 6A-14.064 and 6A-10.0315, F.A.C., to govern assessment requirements for determining initial student eligibility for dual enrollment programs.
[25] Section 1008.30(1) and (2), F.S.
[26] Section 1004.91(1)-(3), F.S.

The bill also modifies s. 1008.30, F.S., to remove outdated language related to a requirement that FCS institutions develop and submit a developmental education plan to the Chancellor of the FCS. In addition, the bill removes the requirement that the FCS annually prepare an accountability report that includes student success data relating to each developmental education strategy and submit the report to the Governor, the President of the Senate, the Speaker of the House of Representatives, and the SBE.

Student Eligibility for Dual Enrollment Programs

The bill modifies the mechanism in s. 1007.271, F.S., for assessing the readiness of a student for initial enrollment in college credit dual enrollment courses. In addition to achievement by a student of the minimum score on a common placement test, the bill authorizes a student to demonstrate a level of achievement of college-level communication and computation skills via an alternative method of assessment.

Common Placement Testing for Public Postsecondary Education

The bill modifies s. 1008.30, F.S., to require, by January 31, 2022, the SBE to adopt rules to develop and implement alternative methods for assessing the basic computation and communication skills of students who intend to enter a degree program at a FCS institution. The bill authorizes FCS institutions to use these alternative methods in lieu of common placement tests to assess student readiness for college-level work in computation and communication. The bill removes the requirement that the common placement testing program include the capacity to diagnose certain basic competencies in the areas of English, reading, and mathematics. The bill also specifies that students who are currently exempt from common placement testing requirements are also exempt from the college readiness assessment established in the bill.

Mathematics Pathways

Present Situation

Statewide Articulation Agreement

The SBE and the BOG are required to enter into a statewide articulation agreement. The agreement must preserve Florida's "2+2" system of articulation and facilitate the seamless articulation of student credit across and among Florida's educational entities.[27] The agreement requires state university BOT, FCS BOT, and district school boards to adopt policies and procedures to provide articulated programs so that students can proceed toward their educational objectives as rapidly as their circumstances permit.[28]

Academic Pathways

The SBE, in consultation with the BOG, is required to approve a series of meta-majors and the academic pathways that identify the gateway courses associated with each meta-major. FCS institutions use placement test results to determine the extent to which each student demonstrates sufficient communication and computation skills to indicate readiness for his or her chosen meta-

[27] Section 1007.23(1), F.S.
[28] Rule 6A-10.024(1), F.A.C.

major. FCS institutions counsel students into college credit courses as quickly as possible, with developmental education limited to the content needed for success in the meta-major.[29]

The purpose of meta-major academic pathways is to advise FCS system associate degree seeking students of the gateway courses that are aligned with their intended academic and career goals. The meta-major academic pathways in SBE rule are established in the following areas:

- Arts, humanities, communication and design.
- Business.
- Education.
- Health sciences.
- Industry/manufacturing and construction.
- Public Safety.
- Science, technology, engineering, and mathematics.
- Social and behavioral sciences and human services.[30]

In 2018, the Florida Student Success Center[31] established three workgroups to identify current challenges in mathematics pathways and develop policy and practice recommendations to improve student achievement across Florida's education systems. The charge to the workgroups was to explore complex issues surrounding mathematics pathways to prepare high school students for transition into FCS institutions, and FCS institution students for transition into four-year universities. More than 90 mathematics faculty, administrators and key stakeholders from Florida's K-12 system, the FCS, and the SUS served as members of the workgroups in 2018-19. Among the 12 recommendations, the workgroups recommended creation of common mathematics pathways by aligning mathematics courses to programs, meta-majors, and careers in Florida.[32]

Effect of Proposed Changes

The bill modifies s. 1007.23, F.S., to require the statewide articulation agreement to specify three mathematics pathways, which are aligned to programs, meta-majors, and careers, on which degree-seeking students must be placed. The bill specifies the purpose of the pathways is to facilitate seamless transfer, reduce excess credit hours, and ensure that students are taking the relevant courses needed for their future careers. To accomplish the identification of the mathematics pathways, the bill requires a representative committee of State University System, district career centers, and FCS faculty to collaborate to identify the three pathways.

The bill removes the requirement that the SBE, in consultation with the BOG, approve a series of meta-majors and the academic pathways that identify the gateway courses associated with each meta-major.

---

[29] Section 1008.30(4) and (5), F.S.
[30] Rule 6A-14.065, F.A.C.
[31] The Florida Student Success Center is part of the national Student Success Center Network and supports Florida's 28 state and community colleges' efforts to develop student-centered pathways and increase student completion rates. The Florida College System, *Florida Student Success Center*, https://www.floridacollegesystemfoundation.org/florida-student-success-center-home (last visited Feb. 25, 2021).
[32] The Florida College System, *Mathematics Re-Design*, https://www.floridacollegesystemfoundation.org/fssc-math-redesign (last visited Feb. 25, 2021).

The bill also modifies s. 1009.25, F.S., to authorize the State Board of Education (SBE) and the Board of Governors of the State University System of Florida (BOG) to adopt rules and regulations, regarding documentation and procedures to implement a fee waiver for a student who is homeless.[33]

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The Department of Financial Services, Division of Risk Management (DRM) estimates that the workers' compensation coverage provisions would cause additional claims costs for covering participants in preapprenticeship and work-based learning programs. The bill provides a $2 million nonrecurring appropriation from the General Revenue Fund to the State Risk Management Trust Fund in the Department of Financial Services for worker's compensation costs associated with the provisions of the bill. The bill also

[33] A homeless student is defined as a student who lacks a fixed, regular, and adequate nighttime residence or whose primary nighttime residence is a public or private shelter designed to provide temporary residence, a public or private transitional living program, or a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings. Section 1009.25(1)(f), F.S.

provides an appropriation for two FTE positions to the Department of Financial Services out of the trust fund to implement the worker's coverage provisions of the bill.

Depending on the number and severity of future claims, the increase in workers' compensation loss payments and operational costs to the Risk Management Trust Fund could result in a long-term need for additional premium to be charged to the state agencies to cover these losses.

School districts that pay workers' compensation expenses for participants in work-based learning programs would likely see a reduction in workers' compensation costs. The reduction in workers' compensation costs is indeterminate.[34]

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 1007.23, 1007.263, 1007.271, 1008.30, and 1009.25.

This bill creates section 446.54 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

Recommended CS/CS by the Appropriations Subcommittee on Education on April 8, 2021:
The committee substitute makes the following changes:

- Removes modifications from the bill, provisions related to:
  - Apprenticeship and preapprenticeship programs.
  - CAPE Industry Certification Funding List.
- Provides an appropriation and two FTE positions to the Department of Financial Services for worker's compensation for anticipated claims associated with participants in the work-based learning programs.

CS by Education Committee on March 2, 2021:
The committee substitute:

- Changes the title of the bill to an act related to educational opportunities leading to employment.

[34]Florida Department of Financial Services, *2021 Legislative Bill Analysis for SB 366* (Apr. 4, 2021).

- Modifies legislative intent regarding apprenticeships to:
  - Expand legislative intent to encourage apprenticeship programs that lead to any postsecondary credential. The bill encourages only the programs that lead to college credit or a degree.
  - Clarify that the responsibility of the Department of Education (DOE) over minimum standards applies only to apprenticeship and preapprenticeship programs *that are registered.*
- Modifies the duties of the DOE to:
  - Provide that the DOE must include information and resources related to preapprenticeship programs in its annual apprenticeship report.
  - Add that the DOE must provide assistance to postsecondary educational institutions in notifying the community of apprenticeship and preapprenticeship opportunities.
  - Clarify that the DOE must ensure that equal opportunity for apprentices, preapprentices, and applicants for apprenticeships and preapprenticeships is provided for the apprenticeship and preapprenticeship programs.
- Modifies additional work-based learning program provisions. Specifically, the committee substitute:
  - Modifies provisions of the bill directed toward state universities and Florida College System (FCS) institutions and includes all postsecondary educational institutions.
  - Removes the requirement of the bill that defines apprentices as employees of the state for purposes of workers' compensation coverage for medical benefits. The amendment retains other provisions of the bill deeming preapprentices and students in work-based learning as employees of the state for workers' compensation coverage for medical benefits.
  - Defines "work-based learning," as it relates to public k-12 education, to mean sustained interactions with industry or community professionals in workplace settings, to the extent practicable, or simulated environments that foster in-depth, firsthand engagement with the tasks required in a given career field, that align with curriculum and instruction, and that are provided in partnership with an educational institution.
  - Defines "cooperative method of instruction," as it relates to postsecondary education, to mean an instructional methodology that provides students enrolled in career education programs an opportunity to extend their employment preparation beyond the classroom through participation in concurrent career education instruction through regularly scheduled on-the-job training experiences.
  - Removes a provision of the bill providing for guaranteed licenses for apprenticeship program completers.
- Modifies provisions related to the middle school course in career and education planning, by:
  - Removing a provision of the bill authorizing the Florida Virtual School to offer a course in career and education planning.
  - Removing a provision of the bill that would have made the required course in career and education planning optional for students in middle grades.
- Modifies provisions relating to K-12 career and technical education, by:

- Removing the requirement of the bill that opportunities for learning computer science in elementary school include computational thinking and foundational computer science skills, and retains current law that makes the skills optional.
- Removing a provision of the bill that modifies the authorized uses of funds for computer science instruction.
- Removing a provision of the bill authorizing school districts or regional consortia to work with national providers to submit recommended career-themed courses to the DOE for state board approval.
- Granting the DOE rulemaking authority over the administration of the CAPE Act.

- Modifies provisions relating to FCS institution admissions and student progression. The committee substitute:
  - Authorizes alternate methods, to be approved by the state board, to measure achievement of college level communication and computation competencies by students entering college credit programs.
  - Authorizes associate degree programs to accept a high school equivalency diploma issued by another state, as approved by the State Board of Education (SBE).
  - Clarifies that student eligibility for initial enrollment in dual enrollment courses includes a demonstrated level of achievement of college-level communication and computation skills through an approved common placement test or alternative method as adopted by the SBE.
  - Removes a requirement of existing law that the common placement testing program include the capacity to diagnose basic competencies in the areas of English, reading, and mathematics which are essential for success in meta-majors and to provide test information to students on the specific skills the student needs to attain.
  - Requires the SBE, by January 31, 2022, to adopt rules to develop and implement alternative methods for assessing the basic computation and communication skills of students who intend to enter a degree program at an FCS institution. The amendment authorizes FCS institutions to use these alternative methods in lieu of common placement tests to assess student readiness for college-level work in computation and communication.
  - Removes the requirement of existing law for FCS institutions to submit to the Chancellor of the FCS for approval implemented developmental education strategies through which a high school graduate who applies for any college credit program may attain the communication and computation skills necessary to successfully complete college credit instruction.
  - Adds alternative methods to the requirement for in current law for FCS institutions to use placement test results as established by the SBE to determine the extent to which each student demonstrates sufficient computation and communication skills to indicate readiness for his or her chosen meta-major and to counsel students into college credit courses as quickly as possible, with developmental education limited to that content needed for success in the meta-major.
  - Removes a requirement of existing law that each FCS institution annually prepare and submit to state officials an accountability report that includes student success

data relating to each developmental education strategy implemented by the institution.

- Provides for a representative committee of State University System, certain career centers established by district school boards, and FCS faculty, instead of the representative workgroup of the Articulation Coordinating Committee required by the bill, to identify the three mathematics pathways and the mathematics course sequence within each pathway which align to the mathematics skills needed for success in the corresponding academic programs and careers.
- Modifies workforce and postsecondary financial provisions. The committee substitute:
  - Removes the additional full-time-equivalent (FTE) weights for industry certifications associated with aviation-related and aerospace-related occupations and instead provides additional FTE weight for industry certifications that lead to occupations in critical industry sectors as identified by the Department of Education and included on the Career and Professional Education (CAPE) industry funding list.
  - Authorizes a technical center operated by a school district, an FCS institution, or a state university to enter into an agreement with another entity to cover the approved apprenticeship program student tuition and fees, including lab fees.
  - Authorizes the SBE and the Board of Governors of the State University System of Florida to adopt rules and regulations regarding requirements for fee waivers for homeless students.
  - Modifies the provisions of the bill authorizing school districts and FCS institutions to earn an additional $2000 for workforce education programs that lead to industry certification in critical industry sectors to instead provide an additional $2000 for school districts and FCS institutions for industry certifications earned by students in workforce education programs that are identified as leading to employment in critical industry sectors.
  - Requires a district school board or FCS institution board of trustees that receives workforce performance funding to use at least 70 percent of the funds received to directly support the program that generated the funds.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

Proposed Committee Substitute by the Committee on Appropriations (Appropriations Subcommittee on Education)

A bill to be entitled

An act relating to educational opportunities leading to employment; creating s. 446.54, F.S.; providing legislative intent; defining the term "work-based learning"; providing that certain individuals enrolled in work-based learning are deemed to be employees of the state for purposes of receiving certain medically necessary care under workers' compensation coverage; amending s. 1007.23, F.S.; requiring that the statewide articulation agreement specify three mathematics pathways that meet a certain requirement upon which degree-seeking students must be placed; amending s. 1007.263, F.S.; requiring admissions counseling to use certain tests or alternative methods to measure achievement of college-level communication and computation by students entering college programs; requiring that such counseling measure achievement of certain basic skills; revising requirements for admission to associate degree programs; amending s. 1007.271, F.S.; revising eligibility requirements for initial enrollment in college-level dual enrollment courses; revising requirements for home education students seeking dual enrollment in certain postsecondary institutions; amending s. 1008.30, F.S.; requiring the State Board of Education to adopt, by a specified date, rules establishing alternative methods for assessing communication and computation skills of

441292

576-03910-21

certain students; authorizing Florida College System institutions to use such alternative methods in lieu of the common placement test to assess a student's readiness to perform college-level work in communication and computation; deleting obsolete provisions; requiring Florida College System institutions to use placement test results or alternative methods to determine the extent to which certain students demonstrate sufficient communication and computation skills to indicate readiness for their meta-major; requiring Florida College System institutions to counsel and place certain students in specified college courses; limiting students' developmental education to content needed for success in their meta-major; conforming provisions to changes made by the act; making technical changes; amending s. 1009.25, F.S.; authorizing the State Board of Education to adopt specified rules and the Board of Governors to adopt specified regulations; providing an appropriation; authorizing positions; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 446.54, Florida Statutes, is created to read:

446.54 Work-based learning.—

(1) It is the intent of the Legislature that, to the extent possible, school districts place students in paid work

experiences, including apprenticeships and preapprenticeships, for purposes of educational training and work-based learning.

(2) For purposes of this section, "work-based learning" includes "on-the-job training" as defined in s. 446.021(7) and means sustained interactions with industry or community professionals in off-campus workplace settings that foster in-depth firsthand engagement with the tasks required in a given career or field and are aligned to curriculum and instruction.

(3)(a) A student in grades 6 through 12 who is enrolled in a course identified in the Course Code Directory which incorporates a work-based learning component or an activity that is unpaid and who suffers a work-related injury in the course of his or her enrollment is deemed to be an employee of the state for purposes of workers' compensation coverage. Such coverage applies only to medically necessary care rendered as a direct result of that injury.

(b) An individual 18 years of age or younger who is enrolled in a preapprenticeship program as defined in s. 446.021 which requires work-based learning and who suffers a work-related injury in the course of his or her enrollment is deemed to be an employee of the state for purposes of workers' compensation coverage. Such coverage applies only to medically necessary care rendered as a direct result of that injury.

Section 2. Present subsections (3) through (8) of section 1007.23, Florida Statutes, are redesignated as subsections (4) through (9), respectively, and a new subsection (3) is added to that section, to read:

1007.23 Statewide articulation agreement.—

(3) To facilitate seamless transfer of credits, reduce

excess credit hours, and ensure students are taking the courses needed for their future career, the articulation agreement must establish three mathematics pathways for students by aligning mathematics courses to programs, meta-majors, and careers. A representative committee consisting of State University System faculty, faculty of career centers established under s. 1001.44, and Florida College System institution faculty shall collaborate to identify the three mathematics pathways and the mathematics course sequence within each pathway which align to the mathematics skills needed for success in the corresponding academic programs and careers.

Section 3. Subsection (1) and paragraph (a) of subsection (2) of section 1007.263, Florida Statutes, are amended to read:

1007.263 Florida College System institutions; admissions of students.—Each Florida College System institution board of trustees is authorized to adopt rules governing admissions of students subject to this section and rules of the State Board of Education. These rules shall include the following:

(1) Admissions counseling shall be provided to all students entering college or career credit programs. For students who are not otherwise exempt from testing under s. 1008.30, counseling must use the tests or alternative methods established by the State Board of Education under s. 1008.30 to measure achievement of college-level communication and computation competencies by students entering college credit programs ~~or tests to measure achievement of basic skills for career education programs as prescribed in s. 1004.91~~. Counseling must measure achievement of basic skills for career education programs under s. 1004.91. Counseling includes providing developmental education options

for students whose ~~assessment~~ results, determined under s. 1008.30, indicate that they need to improve communication or computation skills that are essential to perform college-level work.

(2) Admission to associate degree programs is subject to minimum standards adopted by the State Board of Education and shall require:

(a) A standard high school diploma~~;~~ ~~,~~ a State of Florida high school equivalency diploma awarded under s. 1003.435(2); a high school equivalency diploma issued by another state which is recognized as equivalent by State Board of Education rule and is based on an assessment recognized by the United States Department of Education; ~~as prescribed in s. 1003.435,~~ previously demonstrated competency in college credit postsecondary coursework~~;~~ ~~,~~ or, in the case of a student who is home educated, a signed affidavit submitted by the student's parent or legal guardian attesting that the student has completed a home education program pursuant to the requirements of s. 1002.41. Students who are enrolled in a dual enrollment or early admission program pursuant to s. 1007.271 are exempt from this requirement.

Each board of trustees shall establish policies that notify students about developmental education options for improving their communication or computation skills that are essential to performing college-level work, including tutoring, extended time in gateway courses, free online courses, adult basic education, adult secondary education, or private provider instruction.

Section 4. Subsection (3) and paragraph (b) of subsection

(13) of section 1007.271, Florida Statutes, are amended to read:

1007.271 Dual enrollment programs.—

(3) Student eligibility requirements for initial enrollment in college credit dual enrollment courses must include a 3.0 unweighted high school grade point average and a demonstrated level of achievement of college-level communication and computation skills as provided under s. 1008.30(1) or (2) ~~the minimum score on a common placement test adopted by the State Board of Education which indicates that the student is ready for college-level coursework~~. Student eligibility requirements for continued enrollment in college credit dual enrollment courses must include the maintenance of a 3.0 unweighted high school grade point average and the minimum postsecondary grade point average established by the postsecondary institution. Regardless of meeting student eligibility requirements for continued enrollment, a student may lose the opportunity to participate in a dual enrollment course if the student is disruptive to the learning process such that the progress of other students or the efficient administration of the course is hindered. Student eligibility requirements for initial and continued enrollment in career certificate dual enrollment courses must include a 2.0 unweighted high school grade point average. Exceptions to the required grade point averages may be granted on an individual student basis if the educational entities agree and the terms of the agreement are contained within the dual enrollment articulation agreement established under ~~pursuant to~~ subsection (21). Florida College System institution boards of trustees may establish additional initial student eligibility requirements, which shall be included in the dual enrollment articulation

agreement, to ensure student readiness for postsecondary instruction. Additional requirements included in the agreement may not arbitrarily prohibit students who have demonstrated the ability to master advanced courses from participating in dual enrollment courses or limit the number of dual enrollment courses in which a student may enroll based solely upon enrollment by the student at an independent postsecondary institution.

(13)

(b) Each public postsecondary institution eligible to participate in the dual enrollment program pursuant to s. 1011.62(1)(i) must enter into a home education articulation agreement with each home education student seeking enrollment in a dual enrollment course and the student's parent. By August 1 of each year, the eligible postsecondary institution shall complete and submit the home education articulation agreement to the Department of Education. The home education articulation agreement must include, at a minimum:

1. A delineation of courses and programs available to dually enrolled home education students. Courses and programs may be added, revised, or deleted at any time by the postsecondary institution. Any course or program limitations may not exceed the limitations for other dually enrolled students.

2. The initial and continued eligibility requirements for home education student participation, not to exceed those required of other dually enrolled students. A high school grade point average may not be required for home education students who demonstrate achievement of college-level communication and computation skills as provided under s. 1008.30(1) or (2) ~~meet~~

~~the minimum score on a common placement test adopted by the State Board of Education which indicates that the student is ready for college-level coursework~~; however, home education student eligibility requirements for continued enrollment in dual enrollment courses must include the maintenance of the minimum postsecondary grade point average established by the postsecondary institution.

3. The student's responsibilities for providing his or her own transportation.

4. A copy of the statement on transfer guarantees developed by the Department of Education under subsection (15).

Section 5. Section 1008.30, Florida Statutes, is amended to read:

1008.30 Assessing college-level communication and computation skills ~~Common placement testing~~ for public postsecondary education.—

(1) The State Board of Education, in conjunction with the Board of Governors, shall develop and implement a common placement test for the purpose of assessing the basic communication and computation ~~and communication~~ skills of students who intend to enter a degree program at any public postsecondary educational institution. Alternative assessments that may be accepted in lieu of the common placement test shall also be identified in rule. Public postsecondary educational institutions shall provide appropriate modifications of the test instruments or test procedures for students with disabilities.

(2) By January 31, 2022, the State Board of Education shall adopt rules to develop and implement alternative methods for assessing the basic communication and computation skills of

students who intend to enter a degree program at a Florida College System institution. Florida College System institutions may use these alternative methods in lieu of the common placement tests under subsection (1) to assess student readiness for college-level work in communication and computation ~~The common placement testing program shall include the capacity to diagnose basic competencies in the areas of English, reading, and mathematics which are essential for success in meta-majors and to provide test information to students on the specific skills the student needs to attain~~.

(3) ~~By October 31, 2013, the State Board of Education shall establish by rule the test scores a student must achieve to demonstrate readiness to perform college-level work, and~~ The rules adopted under subsection (2) must specify the following:

(a) A student who entered 9th grade in a Florida public school in the 2003-2004 school year, or any year thereafter, and earned a Florida standard high school diploma or a student who is serving as an active duty member of any branch of the United States Armed Services is ~~shall~~ not ~~be~~ required to be assessed for readiness for college-level work in communication and computation ~~take the common placement test~~ and is ~~shall~~ not ~~be~~ required to enroll in developmental education instruction in a Florida College System institution. However, a student who is not required to be assessed for readiness for college-level work in communication and computation ~~take the common placement test~~ and is not required to enroll in developmental education under this paragraph may opt to be assessed and to enroll in developmental education instruction, and the college shall provide such assessment and instruction upon the student's

request.

(b) A student who is assessed for readiness for college-level computation and communication and whose assessment results indicate ~~takes the common placement test and whose score on the test indicates~~ a need for developmental education must be advised of all the developmental education options offered at the institution and, after advisement, may ~~shall be allowed to~~ enroll in the developmental education option of his or her choice.

(c) A student who demonstrates readiness by achieving or exceeding the test scores established by the state board and enrolls in a Florida College System institution within 2 years after achieving such scores shall not be required to retest or complete developmental education when admitted to any Florida College System institution.

(4) ~~By December 31, 2013, the State Board of Education, in consultation with the Board of Governors, shall approve a series of meta-majors and the academic pathways that identify the gateway courses associated with each meta-major. Florida College System institutions shall use placement test results to determine the extent to which each student demonstrates sufficient communication and computation skills to indicate readiness for his or her chosen meta-major. Florida College System institutions shall counsel students into college credit courses as quickly as possible, with developmental education limited to that content needed for success in the meta-major.~~

~~(5)~~(a) Each Florida College System institution ~~board of trustees~~ shall ~~develop a plan to~~ implement the developmental education strategies defined in s. 1008.02 and rules established

by the State Board of Education. ~~The plan must be submitted to the Chancellor of the Florida College System for approval no later than March 1, 2014, for implementation no later than the fall semester 2014. Each plan must include, at a minimum, local policies that outline:~~

~~1. Documented student achievements such as grade point averages, work history, military experience, participation in juried competitions, career interests, degree major declaration, or any combination of such achievements that the institution may consider, in addition to common placement test scores, for advising students regarding enrollment options.~~

~~2. Developmental education strategies available to students.~~

~~3. A description of student costs and financial aid opportunities associated with each option.~~

~~4. Provisions for the collection of student success data.~~

~~5. A comprehensive plan for advising students into appropriate developmental education strategies based on student success data.~~

(b) ~~Beginning October 31, 2015,~~ Each Florida College System institution shall use placement test results or alternative methods as established by the State Board of Education to determine the extent to which each student demonstrates sufficient communication and computation skills to indicate readiness for his or her chosen meta-major. Florida College System institutions shall counsel students into college credit courses as quickly as possible, with developmental education limited to that content needed for success in the meta-major ~~annually prepare an accountability report that includes student~~

~~success data relating to each developmental education strategy implemented by the institution. The report shall be submitted to the Division of Florida Colleges by October 31 in a format determined by the Chancellor of the Florida College System. By December 31, the chancellor shall compile and submit the institutional reports to the Governor, the President of the Senate, the Speaker of the House of Representatives, and the State Board of Education~~.

(c) A university board of trustees may contract with a Florida College System institution board of trustees for the Florida College System institution to provide developmental education on the state university campus. Any state university in which the percentage of incoming students requiring developmental education equals or exceeds the average percentage of such students for the Florida College System may offer developmental education without contracting with a Florida College System institution; however, any state university offering college-preparatory instruction as of January 1, 1996, may continue to provide developmental education instruction as defined in s. 1008.02(1).

(5) ~~(6)~~ A student may not be enrolled in a college credit mathematics or English course on a dual enrollment basis unless the student has demonstrated adequate precollegiate preparation in ~~on the section of~~ the basic ~~computation and~~ communication and computation skills ~~assessment required pursuant to subsection (1) that is~~ appropriate for successful student participation in the course.

Section 6. Paragraph (f) of subsection (1) of section 1009.25, Florida Statutes, is amended to read:

576-03910-21

1009.25 Fee exemptions.—

(1) The following students are exempt from the payment of tuition and fees, including lab fees, at a school district that provides workforce education programs, Florida College System institution, or state university:

(f) A student who lacks a fixed, regular, and adequate nighttime residence or whose primary nighttime residence is a public or private shelter designed to provide temporary residence, a public or private transitional living program, or a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings. This includes a student who would otherwise meet the requirements of this paragraph, as determined by a college or university, but for his or her residence in college or university dormitory housing. The State Board of Education may adopt rules and the Board of Governors may adopt regulations regarding documentation and procedures to implement this paragraph.

Section 7. For the 2021-2022 Fiscal Year, the nonrecurring sum of $2 million is appropriated from the General Revenue Fund to the State Risk Management Trust Fund in the Department of Financial Services for workers' compensation costs associated with participants under s. 446.54, Florida Statutes. The funds may not be included or combined with the premiums otherwise due from the Department of Education pursuant to chapter 284, Florida Statutes, but must be credited on behalf of the Department of Education.

Section 8. For the 2021-2022 fiscal year, two full-time equivalent positions with associated salary rate of 76,787 are authorized, and the sums of $127,190 in recurring funds and

576-03910-21

$7,790 in nonrecurring funds from the State Risk Management Trust Fund are appropriated to the Department of Financial Services for the purpose of implementing the workers' compensation coverage provisions of this act.

Section 9. This act shall take effect July 1, 2021.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 366 modifies Florida's statutes to provide support for students in work-based learning programs, modify assessment requirements for initial student eligibility in dual enrollment programs, and provide relevant mathematics pathways. Specifically, the bill:

- Specifies that students in a preapprenticeship program or courses with a work-based component are deemed to be employees of the state for workers' compensation purposes for medically necessary care only.
- Clarifies that eligibility for initial enrollment in dual enrollment courses requires a student to demonstrate a level of achievement of college-level communication and computation skills through an approved common placement test or alternative method, to be approved by the State Board of Education.
- Eases plan development and reporting requirements for the implementation of developmental education strategies by Florida College System (FCS) institutions for potential students entering dual enrollment courses.
- Requires a representative committee of State University System, district career centers, and FCS faculty to identify mathematics pathways aligned to programs, meta-majors, and careers.

The fiscal impact is discussed in section V.

The bill takes effect on July 1, 2021.

II. Present Situation:

The present situation for the relevant portions of the bill is discussed under the Effect of Proposed Changes of this bill analysis.

III. Effect of Proposed Changes:

Work-based Learning

Present Situation

Federal legislation defines work-based learning (WBL) as "sustained interactions with industry or community professionals in real workplace settings, to the extent practicable, or simulated environments at an educational institution that foster in depth, firsthand engagement with the tasks required in a given career field, that are aligned to curriculum and instruction."[1] Learning set in the real-world context of work not only makes academic learning more accessible to many students but also increases their engagement in schooling. WBL can play a crucial role in improving outcomes for at-risk students by increasing their engagement in learning, whether in or out of school.[2]

WBL takes many forms, such as internships, job shadowing, service learning, or preapprenticeships, and is defined by activities and experiences that occur when a student or worker:[3]

- Goes to a workplace or works with an employer; and
- Does meaningful job tasks that develop his or her skills, knowledge, and readiness for work and support entry or advancement in a particular career field.

WBL is comprised of identified courses that involve OJT, which is an instructional method whereby students acquire knowledge and skills exclusively on-site with a business or industry partner instead of a traditional classroom setting. WBL may also be delivered through utilization of the cooperative method of instruction which is delivered through formal classroom instruction and on-the-job learning, on-site, with a business or industry partner.[4]

Recent research, policy literature, and federal legislation suggest that comprehensive WBL programs contain three key components: the alignment of classroom and workplace learning; application of academic, technical, and employability skills in a work setting; and support from classroom or workplace mentors.[5]

---

[1] 20 U.S.C. s. 2302; Perkins V (The Strengthening Career and Technical Education for the 21st Century Act) and other federal legislation reference and support work-based learning, including in the Every Student Succeeds Act of 2015 (ESSA), and the Workforce Innovation and Opportunity Act of 2014 (WIOA).

In 2019-2020, there were 23,258 students enrolled in secondary on-the-job training, preapprenticeship, work experience, and other WBL courses.[6]

Workers' Compensation

Workers' compensation is a form of insurance designed to provide wage replacement and medical benefits for employees who are injured in the course of employment, in exchange for giving up the right to sue the employer for negligence.[7] In Florida, workers' compensation is governed by ch. 440, F.S., the "Workers' Compensation Law." The law prescribes coverage requirements, medical and indemnity benefits, the rights and responsibilities of employers, injured employees, medical providers, and carriers, as well as procedures for dispute resolution.

Generally, employers are required to provide medical and indemnity benefits to a worker who is injured due to an accident arising out of and during the course of employment.[8] For such injuries, an employer is responsible for providing medical treatment[9] and compensation in the event of employee disability[10] or death.[11] Specific employer coverage requirements are based on the type of industry, number of employees, and entity organization.[12]

State Risk Management Program

The Division of Risk Management (DRM)[13] located within the Department of Financial Services (DFS) is responsible for ensuring that state agencies and universities participating in the state's self-insurance program receive quality coverage for workers' compensation, general liability, federal civil rights, auto liability, and property insurance at reasonable rates. The DRM's operations and the state's insurance coverage are funded by annual agency assessments, which are deposited into the State Risk Management Trust Fund (SRMTF). The SRMTF provides coverage that protects state property and workforce members that are exposed to the risk of financial losses through damage, injuries, and alleged negligent or improper acts.[14]

Effect of Proposed Changes

The bill creates s. 446.54, F.S., to encourage school districts to place students in paid work experiences for purposes of educational training and WBL.

The bill provides that:

- An individual 18 years of age or younger who is enrolled in a preapprenticeship program, as defined in s. 446.021, F.S., which requires work-based learning and who suffers a work-related injury in the course of his or her enrollment is deemed to be an employee of the state

[6] Email, Florida Department of Education (Mar. 1, 2021).

[8] Section 440.09(1), F.S.
[9] Section 440.13, F.S.
[10] Section 440.15, F.S.
[11] Section 440.16, F.S.
[12] Division of Workers' Compensation, *Coverage Requirements,* https://www.myfloridacfo.com/division/wc/Employer/coverage.htm (last visited on Feb. 25, 2021).
[13] Section 20.121(2)(h), F.S.
[14] Florida Department of Economic Opportunity, Economic and Demographic Research, *Risk Management Trust Fund* (Dec. 18, 2019), *available at* http://edr.state.fl.us/Content/conferences/riskmanagement/riskmanagementexecsumm.pdf.

for purposes of workers' compensation coverage. Such coverage applies only to medically necessary care rendered as a direct result of that injury.

- A student in grades 6 through 12 who is enrolled in a course identified in the Course Code Directory which incorporates a work-based learning component or an activity that is unpaid and who suffers a work-related injury in the course of his or her enrollment is deemed to be an employee of the state for purposes of workers' compensation coverage. Such coverage applies only to medically necessary care rendered as a direct result of that injury.

The bill provides that work-based learning may be paid or unpaid and may be delivered in a stand-alone, work-based learning course that results in high school credit or may be a component of an existing course which may use the cooperative method of instruction. As it relates to postsecondary education, the bill defines cooperative method of instruction as an instructional methodology that provides students enrolled in career education programs an opportunity to extend their employment preparation beyond the classroom through participation in concurrent career education instruction through regularly scheduled on-the-job training experiences.

The designation of preapprenticeship and WBL program students as employees of the state for the purposes of workers' compensation medical claims may increase the financial liability of the state, but may encourage more employers, who otherwise would not participate due to concerns about assuming liability for a minor, to partner with school districts to sponsor such programs. The provisions in the bill may allow more students under 18 to participate in WBL opportunities.

Florida College System Institution Admissions

Present Situation

Admissions Requirements for FCS Institutions

Each FCS institution board of trustees is authorized to adopt rules governing admissions of students subject to requirements provided in law and rules of the SBE.[15]

Admissions counseling must be provided to all students entering college or career credit programs. Counseling must use tests to measure achievement of college-level communication and computation competencies by students entering college credit programs or tests to measure achievement of basic skills for students entering career education programs. Counseling includes providing developmental education options for students whose assessment results indicate that they need to improve communication or computation skills that are essential to perform college-level work.[16]

Each FCS institution board of trustees is required to develop a plan to implement developmental education strategies through which a high school graduate who applies for any college credit program may attain the communication and computation skills necessary to successfully complete college credit instruction. Each plan must include certain minimum requirements that are specified in law.[17]

[15] Section 1007.263, F.S.
[16] Section 1007.263(1), F.S.
[17] Sections 1008.30(5) and 1008.02(1), F.S.

FCS institutions are also required to annually prepare an accountability report that includes student success data relating to each developmental education strategy implemented by the institution and submit the report to the Governor, the President of the Senate, the Speaker of the House of Representatives, and the SBE.[18]

Admission to associate degree programs is subject to minimum standards adopted by the SBE and requires:

- A standard high school diploma, a high school equivalency diploma as prescribed in law,[19] previously demonstrated competency in college credit postsecondary coursework, or, in the case of a student who is home educated, a signed affidavit submitted by the student's parent or legal guardian attesting that the student has completed a home education program pursuant to the requirements of law. Students who are enrolled in a dual enrollment or early admission program are exempt from this requirement.
- A demonstrated level of achievement of college-level communication and computation skills.
- Any other requirements established by the FCS board of trustees.[20]

Student Eligibility for Dual Enrollment Programs

The dual enrollment program is the enrollment of an eligible secondary student or home education student in a postsecondary course creditable toward high school completion and a career certificate or an associate or baccalaureate degree. A student who is enrolled in postsecondary instruction that is not creditable toward a high school diploma may not be classified as a dual enrollment student. An eligible secondary student is a student who is enrolled in any of grades 6 through 12 in a Florida public school or in a Florida private school that provides a secondary curriculum.[21]

Student eligibility requirements for initial enrollment in college credit dual enrollment courses must include a 3.0 unweighted high school grade point average and the minimum score on a common placement test adopted by the SBE which indicates that the student is ready for college-level coursework. Student eligibility requirements for initial and continued enrollment in career certificate dual enrollment courses must include a 2.0 unweighted high school grade point average.[22] FCS institution boards of trustees may establish additional initial student eligibility requirements, which must be included in the dual enrollment articulation agreement, to ensure student readiness for postsecondary instruction.[23]

[18] Section 1008.30(5), F.S.
[19] Section 1003.435, F.S., specifies the requirements for earning a high school equivalency diploma.
[20] Section 1007.263(2), F.S.
[21] Section 1007.271(1) and (2), F.S.
[22] Section 1007.271(3), F.S. Exceptions to the required grade point averages may be granted on an individual student basis if the educational entities agree and the terms of the agreement are contained within the dual enrollment articulation agreement developed by the district school superintendent and the public postsecondary institution president through an articulation committee, as specified in s. 1007.271(21).
[23] Section 1007.271(3), F.S.

Common Placement Testing for Public Postsecondary Education

The SBE, in conjunction with the BOG, has implemented common placement testing requirements[24] for the purpose of assessing the basic computation and communication skills of students who intend to enter a degree program at any public postsecondary educational institution. The common placement testing program must include the capacity to diagnose the basic competencies in the areas of English, reading, and mathematics that are essential for success in meta-majors and the capacity to provide test information to students on the specific skills the student needs to attain.[25]

Assessment of Career Education Program Basic Skills

The SBE is required to adopt standards of basic skill mastery for completion of certificate career education programs and to designate examinations to assess mastery. Students who enroll in a program offered for career credit of 450 hours or more must complete an entry-level examination within the first six weeks after admission into the program. A student may not receive a career or technical certificate of completion without first demonstrating the basic skills required in the state curriculum frameworks for the career education program. Certain students are exempted from this requirement.[26]

Effect of Proposed Changes

Admissions Requirements for FCS Institutions

The bill modifies s. 1007.263, F.S., to provide flexibility to FCS institutions in their admissions requirements for entering students. Specifically, the bill authorizes FCS institutions to accept:

- Alternate methods, to be approved by the state board, to measure achievement of college level communication and computation competencies by students entering college credit programs.
- For admission to associate degree programs, a high school equivalency diploma issued by another state which is recognized as equivalent by SBE rule and is based on an assessment recognized by the United States Department of Education.

The bill requires that admissions counseling at FCS institutions measure achievement of basic skills for career education programs, which may direct a student to developmental education to improve communication and computation skills.

The bill also modifies s. 1008.30, F.S., to remove outdated language related to a requirement that FCS institutions develop and submit a developmental education plan to the Chancellor of the FCS. In addition, the bill removes the requirement that the FCS annually prepare an accountability report that includes student success data relating to each developmental education strategy and submit the report to the Governor, the President of the Senate, the Speaker of the House of Representatives, and the SBE.

[24] The state board has adopted rules 6A-14.064 and 6A-10.0315, F.A.C., to govern assessment requirements for determining initial student eligibility for dual enrollment programs.
[25] Section 1008.30(1) and (2), F.S.
[26] Section 1004.91(1)-(3), F.S.

Student Eligibility for Dual Enrollment Programs

The bill modifies the mechanism in s. 1007.271, F.S., for assessing the readiness of a student for initial enrollment in college credit dual enrollment courses. In addition to achievement by a student of the minimum score on a common placement test, the bill authorizes a student to demonstrate a level of achievement of college-level communication and computation skills via an alternative method of assessment.

Common Placement Testing for Public Postsecondary Education

The bill modifies s. 1008.30, F.S., to require, by January 31, 2022, the SBE to adopt rules to develop and implement alternative methods for assessing the basic computation and communication skills of students who intend to enter a degree program at a FCS institution. The bill authorizes FCS institutions to use these alternative methods in lieu of common placement tests to assess student readiness for college-level work in computation and communication. The bill removes the requirement that the common placement testing program include the capacity to diagnose certain basic competencies in the areas of English, reading, and mathematics. The bill also specifies that students who are currently exempt from common placement testing requirements are also exempt from the college readiness assessment established in the bill.

Mathematics Pathways

Present Situation

Statewide Articulation Agreement

The SBE and the BOG are required to enter into a statewide articulation agreement. The agreement must preserve Florida's "2+2" system of articulation and facilitate the seamless articulation of student credit across and among Florida's educational entities.[27] The agreement requires state university BOT, FCS BOT, and district school boards to adopt policies and procedures to provide articulated programs so that students can proceed toward their educational objectives as rapidly as their circumstances permit.[28]

Academic Pathways

The SBE, in consultation with the BOG, is required to approve a series of meta-majors and the academic pathways that identify the gateway courses associated with each meta-major. FCS institutions use placement test results to determine the extent to which each student demonstrates sufficient communication and computation skills to indicate readiness for his or her chosen meta-major. FCS institutions counsel students into college credit courses as quickly as possible, with developmental education limited to the content needed for success in the meta-major.[29]

The purpose of meta-major academic pathways is to advise FCS system associate degree seeking students of the gateway courses that are aligned with their intended academic and career goals. The meta-major academic pathways in SBE rule are established in the following areas:

- Arts, humanities, communication and design.

[27] Section 1007.23(1), F.S.
[28] Rule 6A-10.024(1), F.A.C.
[29] Section 1008.30(4) and (5), F.S.

- Business.
- Education.
- Health sciences.
- Industry/manufacturing and construction.
- Public Safety.
- Science, technology, engineering, and mathematics.
- Social and behavioral sciences and human services.[30]

In 2018, the Florida Student Success Center[31] established three workgroups to identify current challenges in mathematics pathways and develop policy and practice recommendations to improve student achievement across Florida's education systems. The charge to the workgroups was to explore complex issues surrounding mathematics pathways to prepare high school students for transition into FCS institutions, and FCS institution students for transition into four-year universities. More than 90 mathematics faculty, administrators and key stakeholders from Florida's K-12 system, the FCS, and the SUS served as members of the workgroups in 2018-19. Among the 12 recommendations, the workgroups recommended creation of common mathematics pathways by aligning mathematics courses to programs, meta-majors, and careers in Florida.[32]

Effect of Proposed Changes

The bill modifies s. 1007.23, F.S., to require the statewide articulation agreement to specify three mathematics pathways, which are aligned to programs, meta-majors, and careers, on which degree-seeking students must be placed. The bill specifies the purpose of the pathways is to facilitate seamless transfer, reduce excess credit hours, and ensure that students are taking the relevant courses needed for their future careers. To accomplish the identification of the mathematics pathways, the bill requires a representative committee of State University System, district career centers, and FCS faculty to collaborate to identify the three pathways.

The bill removes the requirement that the SBE, in consultation with the BOG, approve a series of meta-majors and the academic pathways that identify the gateway courses associated with each meta-major.

The bill also modifies s. 1009.25, F.S., to authorize the State Board of Education (SBE) and the Board of Governors of the State University System of Florida (BOG) to adopt rules and regulations, regarding documentation and procedures to implement a fee waiver for a student who is homeless.[33]

[30] Rule 6A-14.065, F.A.C.

[31] The Florida Student Success Center is part of the national Student Success Center Network and supports Florida's 28 state and community colleges' efforts to develop student-centered pathways and increase student completion rates. The Florida College System, *Florida Student Success Center*, https://www.floridacollegesystemfoundation.org/florida-student-success-center-home (last visited Feb. 25, 2021).

[32] The Florida College System, *Mathematics Re-Design*, https://www.floridacollegesystemfoundation.org/fssc-math-redesign (last visited Feb. 25, 2021).

[33] A homeless student is defined as a student who lacks a fixed, regular, and adequate nighttime residence or whose primary nighttime residence is a public or private shelter designed to provide temporary residence, a public or private transitional living program, or a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings. Section 1009.25(1)(f), F.S.

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The Department of Financial Services, Division of Risk Management (DRM) estimates that the workers' compensation coverage provisions would cause additional claims costs for covering participants in preapprenticeship and work-based learning programs. The bill provides a $2 million nonrecurring appropriation from the General Revenue Fund to the State Risk Management Trust Fund in the Department of Financial Services for worker's compensation costs associated with the provisions of the bill. The bill also provides an appropriation for two FTE positions to the Department of Financial Services out of the trust fund to implement the worker's coverage provisions of the bill.

Depending on the number and severity of future claims, the increase in workers' compensation loss payments and operational costs to the Risk Management Trust Fund could result in a long-term need for additional premium to be charged to the state agencies to cover these losses.

School districts that pay workers' compensation expenses for participants in work-based learning programs would likely see a reduction in workers' compensation costs. The reduction in workers' compensation costs is indeterminate.[34]

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 1007.23, 1007.263, 1007.271, 1008.30, and 1009.25.

This bill creates section 446.54 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on April 15, 2021:
The committee substitute makes the following changes:
- Removes the legislative intent and the definition of "work-based learning".
- Removes modifications from the bill, provisions related to:
  - Apprenticeship and preapprenticeship programs.
  - CAPE Industry Certification Funding List.
- Provides an appropriation and two FTE positions to the Department of Financial Services for worker's compensation for anticipated claims associated with participants in the work-based learning programs.

CS by Education Committee on March 2, 2021:
The committee substitute:
- Changes the title of the bill to an act related to educational opportunities leading to employment.
- Modifies legislative intent regarding apprenticeships to:
  - Expand legislative intent to encourage apprenticeship programs that lead to any postsecondary credential. The bill encourages only the programs that lead to college credit or a degree.
  - Clarify that the responsibility of the Department of Education (DOE) over minimum standards applies only to apprenticeship and preapprenticeship programs *that are registered.*
- Modifies the duties of the DOE to:

[34]Florida Department of Financial Services, *2021 Legislative Bill Analysis for SB 366* (Apr. 4, 2021).

  - Provide that the DOE must include information and resources related to preapprenticeship programs in its annual apprenticeship report.
  - Add that the DOE must provide assistance to postsecondary educational institutions in notifying the community of apprenticeship and preapprenticeship opportunities.
  - Clarify that the DOE must ensure that equal opportunity for apprentices, preapprentices, and applicants for apprenticeships and preapprenticeships is provided for the apprenticeship and preapprenticeship programs.
- Modifies additional work-based learning program provisions. Specifically, the committee substitute:
  - Modifies provisions of the bill directed toward state universities and Florida College System (FCS) institutions and includes all postsecondary educational institutions.
  - Removes the requirement of the bill that defines apprentices as employees of the state for purposes of workers' compensation coverage for medical benefits. The amendment retains other provisions of the bill deeming preapprentices and students in work-based learning as employees of the state for workers' compensation coverage for medical benefits.
  - Defines "work-based learning," as it relates to public k-12 education, to mean sustained interactions with industry or community professionals in workplace settings, to the extent practicable, or simulated environments that foster in-depth, firsthand engagement with the tasks required in a given career field, that align with curriculum and instruction, and that are provided in partnership with an educational institution.
  - Defines "cooperative method of instruction," as it relates to postsecondary education, to mean an instructional methodology that provides students enrolled in career education programs an opportunity to extend their employment preparation beyond the classroom through participation in concurrent career education instruction through regularly scheduled on-the-job training experiences.
  - Removes a provision of the bill providing for guaranteed licenses for apprenticeship program completers.
- Modifies provisions related to the middle school course in career and education planning, by:
  - Removing a provision of the bill authorizing the Florida Virtual School to offer a course in career and education planning.
  - Removing a provision of the bill that would have made the required course in career and education planning optional for students in middle grades.
- Modifies provisions relating to K-12 career and technical education, by:
  - Removing the requirement of the bill that opportunities for learning computer science in elementary school include computational thinking and foundational computer science skills, and retains current law that makes the skills optional.
  - Removing a provision of the bill that modifies the authorized uses of funds for computer science instruction.
  - Removing a provision of the bill authorizing school districts or regional consortia to work with national providers to submit recommended career-themed courses to the DOE for state board approval.
  - Granting the DOE rulemaking authority over the administration of the CAPE Act.

- Modifies provisions relating to FCS institution admissions and student progression. The committee substitute:
  - Authorizes alternate methods, to be approved by the state board, to measure achievement of college level communication and computation competencies by students entering college credit programs.
  - Authorizes associate degree programs to accept a high school equivalency diploma issued by another state, as approved by the State Board of Education (SBE).
  - Clarifies that student eligibility for initial enrollment in dual enrollment courses includes a demonstrated level of achievement of college-level communication and computation skills through an approved common placement test or alternative method as adopted by the SBE.
  - Removes a requirement of existing law that the common placement testing program include the capacity to diagnose basic competencies in the areas of English, reading, and mathematics which are essential for success in meta-majors and to provide test information to students on the specific skills the student needs to attain.
  - Requires the SBE, by January 31, 2022, to adopt rules to develop and implement alternative methods for assessing the basic computation and communication skills of students who intend to enter a degree program at an FCS institution. The amendment authorizes FCS institutions to use these alternative methods in lieu of common placement tests to assess student readiness for college-level work in computation and communication.
  - Removes the requirement of existing law for FCS institutions to submit to the Chancellor of the FCS for approval implemented developmental education strategies through which a high school graduate who applies for any college credit program may attain the communication and computation skills necessary to successfully complete college credit instruction.
  - Adds alternative methods to the requirement for in current law for FCS institutions to use placement test results as established by the SBE to determine the extent to which each student demonstrates sufficient computation and communication skills to indicate readiness for his or her chosen meta-major and to counsel students into college credit courses as quickly as possible, with developmental education limited to that content needed for success in the meta-major.
  - Removes a requirement of existing law that each FCS institution annually prepare and submit to state officials an accountability report that includes student success data relating to each developmental education strategy implemented by the institution.
- Provides for a representative committee of State University System, certain career centers established by district school boards, and FCS faculty, instead of the representative workgroup of the Articulation Coordinating Committee required by the bill, to identify the three mathematics pathways and the mathematics course sequence within each pathway which align to the mathematics skills needed for success in the corresponding academic programs and careers.
- Modifies workforce and postsecondary financial provisions. The committee substitute:

- Removes the additional full-time-equivalent (FTE) weights for industry certifications associated with aviation-related and aerospace-related occupations and instead provides additional FTE weight for industry certifications that lead to occupations in critical industry sectors as identified by the Department of Education and included on the Career and Professional Education (CAPE) industry funding list.
- Authorizes a technical center operated by a school district, an FCS institution, or a state university to enter into an agreement with another entity to cover the approved apprenticeship program student tuition and fees, including lab fees.
- Authorizes the SBE and the Board of Governors of the State University System of Florida to adopt rules and regulations regarding requirements for fee waivers for homeless students.
- Modifies the provisions of the bill authorizing school districts and FCS institutions to earn an additional $2000 for workforce education programs that lead to industry certification in critical industry sectors to instead provide an additional $2000 for school districts and FCS institutions for industry certifications earned by students in workforce education programs that are identified as leading to employment in critical industry sectors.
- Requires a district school board or FCS institution board of trustees that receives workforce performance funding to use at least 70 percent of the funds received to directly support the program that generated the funds.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Education; and Senators Hutson and Brodeur

581-02347-21 2021366c1

A bill to be entitled

An act relating to educational opportunities leading to employment; amending s. 446.011, F.S.; revising legislative intent related to apprenticeship training; amending s. 446.021, F.S.; defining and redefining terms; amending s. 446.032, F.S.; revising the general duties of the Department of Education with regard to apprenticeship and preapprenticeship programs; amending s. 446.041, F.S.; requiring the department to regularly review and evaluate its uniform minimum standards for apprenticeship and preapprenticeship programs; conforming provisions to changes made by the act; requiring the department to ensure that equal opportunity for apprentices, preapprentices, and applicants for apprenticeship and preapprenticeship is provided for the apprenticeship and preapprenticeship programs; amending s. 446.045, F.S.; conforming provisions to changes made by the act; revising the membership of the State Apprenticeship Advisory Council; revising meeting requirements; amending s. 446.051, F.S.; providing that apprenticeship or preapprenticeship program sponsors are responsible for the selection and training of certain personnel, as approved by the department; encouraging district school boards and postsecondary educational institutions to cooperate in providing certain equipment, supplies, and instructor salaries; amending s. 446.052, F.S.; encouraging specified entities to cooperate in developing and establishing

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

581-02347-21 2021366c1

apprenticeship and preapprenticeship programs that include career instruction; encouraging specified entities to work together toward specified goals relating to apprenticeship programs; amending s. 446.071, F.S.; providing that certain entities may be approved as apprenticeship sponsors if they meet certain uniform minimum standards; removing the definition of the term "need"; conforming provisions to changes made by the act; amending s. 446.081, F.S.; revising construction; repealing s. 446.091, F.S., relating to the adaptation and applicability of certain provisions to on-the-job training programs; amending s. 446.092, F.S.; revising criteria for apprenticeship occupations; creating s. 446.54, F.S.; providing legislative intent; defining the term "work-based learning"; providing that certain individuals enrolled in work-based learning are deemed to be employees of the state for purposes of receiving certain medically necessary care under workers' compensation coverage; amending s. 1003.01, F.S.; defining the term "work-based learning"; amending s. 1003.491, F.S.; authorizing the department to adopt rules; amending s. 1004.02, F.S.; defining the term "cooperative method of instruction"; amending s. 1007.23, F.S.; requiring that the statewide articulation agreement specify three mathematics pathways that meet a certain requirement upon which degree-seeking students must be placed; amending s. 1007.263, F.S.; requiring admissions counseling to use

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

certain tests or alternative methods to measure achievement of college-level communication and computation by students entering college programs; requiring that such counseling measure achievement of certain basic skills; revising requirements for admission to associate degree programs; amending s. 1007.271, F.S.; revising eligibility requirements for initial enrollment in college-level dual enrollment courses; revising requirements for home education students seeking dual enrollment in certain postsecondary institutions; amending s. 1008.30, F.S.; requiring the State Board of Education to adopt, by a specified date, rules establishing alternative methods for assessing computation and communication skills of certain students; authorizing Florida College System institutions to use such alternative methods in lieu of the common placement test to assess a student's readiness to perform college-level work in computation and communication; deleting obsolete provisions; requiring Florida College System institutions to use placement test results or alternative methods to determine the extent to which certain students demonstrate sufficient computation and communication skills to indicate readiness for their meta-major; requiring Florida College System institutions to counsel and place certain students in specified college courses; limiting students' developmental education to content needed for success in their meta-major; conforming provisions to changes made by the

act; making technical changes; amending s. 1008.44, F.S.; requiring the Department of Education to identify certain certifications as those leading to occupations in specified industry sectors; authorizing the Commissioner of Education to limit certain certifications for the purpose of specified calculations; amending s. 1009.25, F.S.; authorizing technical centers operated by school districts, Florida College System institutions, or state universities to enter into specified agreements with other entities; authorizing the State Board of Education to adopt specified rules and the Board of Governors to adopt specified regulations; amending s. 1011.62, F.S.; revising the calculation of certain additional full-time equivalent membership relating to funding for the operation of schools; deleting a provision relating to full-time equivalent membership calculation for elementary and middle grades students; requiring that a specified supplemental value for full-time equivalent student membership be calculated for certain industry certifications leading to employment in critical industry sectors; authorizing the use of a specified percentage of certain funds for CAPE program expenses; limiting the amount of funds that may be used for administrative costs; prohibiting the use of CAPE funding to supplant funds provided for basic operation of the CAPE program; amending s. 1011.80, F.S.; providing for an appropriation to a school district or Florida College System institution

from the General Appropriations Act for certain industry certifications; requiring a district school board or Florida College System institution board of trustees that receives certain funding to use the funding in a specified manner; amending s. 1011.802, F.S.; specifying that Florida Pathways to Career Opportunities Grant Program funds may be used for instructional personnel; specifying the maximum amount of funds that may be used by the department to administer the Florida Pathways to Career Opportunities Grant Program; amending s. 1011.81, F.S.; providing for an appropriation to each Florida College System institution from the General Appropriations Act for certain industry certifications; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 446.011, Florida Statutes, is amended to read:

446.011 Legislative intent regarding apprenticeship training.—

(1) It is the intent of the State of Florida to provide educational opportunities for its residents so that they can be trained for trades, occupations, and professions suited to their abilities. It is the intent of this act to promote the mode of training known as apprenticeship in occupations throughout industry ~~in the state that require physical manipulative skills~~. The Legislature further intends to broaden ~~By broadening~~ job

training opportunities by ~~and~~ providing for increased coordination between secondary and postsecondary educational institutions and businesses and industries participating in ~~public school academic programs, career programs, and~~ registered apprenticeship programs so that~~,~~ the residents of this state ~~will~~ benefit from an additional avenue to a postsecondary credential or degree when on-the-job training is combined with related technical and theoretical instruction provided by a school district or any accredited postsecondary educational institution. Therefore, this act encourages apprenticeship programs to lead to a postsecondary credential ~~the valuable training opportunities developed when on-the-job training is combined with academic related classroom experiences~~. Moreover, this act is intended to develop the apparent potentials in apprenticeship training by assisting in the establishment of preapprenticeship programs in the public school system and elsewhere and by expanding presently registered programs as well as promoting new registered programs in jobs that lend themselves to apprenticeship training.

(2) It is the intent of the Legislature that the Department of Education have responsibility for the development of the registered apprenticeship and registered preapprenticeship uniform minimum standards for ~~the~~ apprenticeable occupations ~~trades~~ and that the department have responsibility for assisting approved program sponsors pursuant to s. 446.071 ~~district school boards and Florida College System institution boards of trustees~~ in developing preapprenticeship programs.

(3) It is the further intent of ss. 446.011-446.092 that the department ensure quality training through the adoption and

enforcement of uniform minimum standards and that the department promote, register, monitor, and service apprenticeship and preapprenticeship training programs and ensure that the programs adhere to the standards.

(4) It is the intent of the Legislature that this act not require the use of apprentices or preapprentices on construction projects financed by the state or any county, municipality, town or township, public authority, special district, municipal service taxing unit, or other agency of state or local government. Notwithstanding this intent, whenever any government or agency of government employs, of its own choice, apprentices or preapprentices or employs contractors who employ apprentices or preapprentices, the behavior of the government and the contractors employed by the government shall be governed by the provisions of this act.

Section 2. Section 446.021, Florida Statutes, is amended to read:

(Substantial rewording of section. See s. 446.021, F.S., for present text.)

446.021 Definitions of terms used in ss. 446.011-446.092.—As used in ss. 446.011-446.092, the term:

(1) "Apprentice" means a person at least 16 years of age who has entered into an apprenticeship agreement with a registered apprenticeship program sponsor, is engaged in learning an apprenticeable occupation through actual work experience under the supervision of journeyworkers, and is enrolled in the apprenticeship program, thereby receiving an organized and systematic form of instruction designed to provide theoretical and technical knowledge related to the occupation.

(2) "Apprenticeship program" means a program that is registered with the department on the basis of a plan submitted to the department which contains the terms and conditions for the qualification, recruitment, selection, employment, and training of apprentices, including requirements for a written apprenticeship agreement.

(3) "Cancellation" means the termination or deregistration of an apprenticeship program at the request of the program sponsor or the termination of an apprenticeship agreement at the request of the apprentice.

(4) "Department" means the Department of Education.

(5) "Journeyworker" means a person working in an apprenticeable occupation who has successfully completed a registered apprenticeship program or who has worked the number of years required by established industry practices for the particular trade or occupation.

(6) "On-the-job training" means a structured system of work processes under the supervision of a journeyworker which provides the experience and knowledge necessary to meet the training objective of learning a specific skill, trade, or occupation.

(7) "Preapprentice" means a person at least 16 years of age who enters into a preapprenticeship agreement with a preapprenticeship program sponsor approved by the department and who engages in learning an apprenticeable occupation in any course of instruction in the public school system or elsewhere.

(8) "Preapprenticeship program" means a program sponsored by an apprenticeship program in the same occupation which is registered with the department on the basis of a plan submitted

to the department which contains the terms and conditions of instruction in the public school system or elsewhere and is designed to prepare a registered preapprentice to become an apprentice in an apprenticeship program.

(9) "Related instruction" means an organized and systematic form of instruction designed to provide an apprentice or a preapprentice with the knowledge of theoretical subjects related to a specific trade or occupation.

(10) "Uniform minimum standards" means the minimum requirements established for each occupation under which an apprenticeship or preapprenticeship program is administered. The term includes standards of admission, training objectives, curriculum outlines, objective standards to measure successful completion of the apprenticeship or preapprenticeship program, and the percentage of credit which may be given to an apprentice or preapprentice.

Section 3. Subsection (1), paragraphs (b), (d), and (e) of subsection (2), and subsection (3) of section 446.032, Florida Statutes, are amended to read:

446.032 General duties of the department for apprenticeship training.—The department shall:

(1) Establish uniform minimum standards ~~and policies~~ governing apprenticeship ~~apprentice~~ programs and agreements. The standards and policies shall govern the terms and conditions of the apprentice's employment and training, including the quality training of the apprentice for, but not limited to, such matters as ratios of apprentices to journeyworkers, safety, related technical instruction, and on-the-job training; but these standards ~~and policies~~ may not include rules, standards, or

guidelines that require the use of apprentices ~~and job trainees~~ on state, county, or municipal contracts. Uniform minimum standards must be uniform across all occupations ~~The department may adopt rules necessary to administer the standards and policies~~.

(2) By September 1 of each year, publish an annual report on apprenticeship and preapprenticeship programs. The report must be published on the department's website and, at a minimum, include all of the following:

(b) A detailed summary of each local educational agency's expenditure of funds for apprenticeship and preapprenticeship programs, including:

1. The total amount of funds received for apprenticeship and preapprenticeship programs;

2. The total amount of funds allocated to each apprenticeable ~~trade or~~ occupation;

3. The total amount of funds expended for administrative costs per apprenticeable ~~trade or~~ occupation; and

4. The total amount of funds expended for instructional costs per apprenticeable ~~trade and~~ occupation.

(d) The percentage of apprentices and preapprentices who complete their respective programs ~~in the appropriate timeframe~~.

(e) Information and resources related to ~~applications for~~ new apprenticeship programs and preapprenticeship programs and technical assistance and requirements for potential apprenticeship programs and preapprenticeship programs ~~applicants~~.

(3) Provide assistance to district school boards, postsecondary educational institutions, Florida College System

institution boards of trustees, approved program sponsors under s. 446.071, and local workforce development boards in notifying students, parents, and members of the community of the availability of apprenticeship and preapprenticeship opportunities, including data provided in the economic security report pursuant to s. 445.07.

Section 4. Subsections (2) through (8), (10), (11), and (12) of section 446.041, Florida Statutes, are amended to read:

446.041 Apprenticeship program, duties of the department.—The department shall:

(2) Regularly review and evaluate the uniform minimum ~~Administer the~~ standards established by the department for registered apprenticeship and preapprenticeship programs.

(3) Register, in accordance with this chapter, any apprenticeship or preapprenticeship program that~~, regardless of affiliation, which~~ meets the uniform minimum standards established by the department.

(4) Investigate complaints concerning the failure of any registered program to meet the uniform minimum standards established by the department.

(5) Cancel the registration of any program that fails to comply with the uniform minimum standards and policies of the department or that unreasonably fails or refuses to cooperate with the department in monitoring and enforcing compliance with the uniform minimum standards.

(6) Encourage potential sponsors to develop ~~and encourage~~ apprenticeship and preapprenticeship programs.

(7) Lead and coordinate outreach efforts to educate veterans about apprenticeship programs ~~and career opportunities~~.

(8) Cooperate with ~~and assist local~~ apprenticeship sponsors in the development of the uniform minimum ~~their~~ apprenticeship standards and training requirements.

(10) Monitor registered apprenticeship programs to ensure that they are being operated in compliance with all applicable uniform minimum standards.

(11) ~~Supervise all apprenticeship programs that are registered with the department.~~

~~(12)~~ Ensure that equal opportunity for apprentices, preapprentices, and applicants for apprenticeships and preapprenticeships is provided for the apprenticeship and preapprenticeship programs and that minority and gender diversity are considered in administering this program.

Section 5. Paragraphs (a), (b), and (c) of subsection (2) of section 446.045, Florida Statutes, are amended to read:

446.045 State Apprenticeship Advisory Council.—

(2)(a) There is created a State Apprenticeship Advisory Council to be composed of 10 voting members appointed by the Governor and two ex officio nonvoting members. The purpose of the advisory council is to advise the department on matters relating to apprenticeship and preapprenticeship. The advisory council may not establish policy, adopt rules, or consider whether particular apprenticeship or preapprenticeship programs should be approved by the department.

(b) The Commissioner of Education or the commissioner's designee shall serve ex officio as chair of the State Apprenticeship Advisory Council, but may not vote. A representative ~~The state director~~ of the Office of Apprenticeship of the United States Department of Labor shall

serve ex officio as a nonvoting member of the council. The Governor shall appoint to the council four members representing employee organizations and four members representing employer organizations. Each of these eight members shall represent industries that have registered apprenticeship programs. The Governor shall also appoint two public members who are knowledgeable about registered apprenticeship and apprenticeable occupations and who are independent of any joint or nonjoint organization. Members shall be appointed for 4-year staggered terms. The Governor ~~A vacancy~~ shall fill any vacancy ~~be filled~~ for the remainder of the unexpired term.

(c) The council shall meet at the call of the chair or the chair's designee or at the request of a majority of its voting membership, but at least twice a year. A majority of the voting members shall constitute a quorum, and the affirmative vote of a majority of a quorum is necessary to take action.

Section 6. Section 446.051, Florida Statutes, is amended to read:

446.051 Related instruction for apprentices.—

(1) The administration and supervision of related and supplemental instruction for apprentices, the coordination of such instruction with job experiences, and the selection and training of teachers, instructors, and coordinators for such instruction, all as approved by the department ~~registered program sponsor~~, are ~~shall be~~ the responsibility of the apprenticeship and preapprenticeship program sponsors ~~appropriate career education institution~~.

(2) District school boards and postsecondary educational institutions are ~~The appropriate career education institution~~

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

~~shall be~~ encouraged to cooperate with and assist in providing to any registered program sponsor facilities, equipment and supplies, and instructors' salaries for the performance of related and supplemental instruction associated with the apprenticeship or preapprenticeship ~~registered~~ program.

Section 7. Subsections (1), (2), and (3) of section 446.052, Florida Statutes, are amended to read:

446.052 Preapprenticeship program.—

(1) There is created and established a preapprenticeship ~~education~~ program, as defined in s. 446.021.

(2) The department, under regulations established by the State Board of Education, may administer the provisions of ss. 446.011-446.092 which relate to preapprenticeship programs ~~in cooperation with district school boards and Florida College System institution boards of trustees~~. District school boards, postsecondary educational institutions ~~Florida College System institution boards of trustees~~, and registered program sponsors are encouraged to ~~shall~~ cooperate in developing and establishing programs that include career instruction ~~and general education courses required to obtain a high school diploma~~.

(3) The department, ~~the~~ district school boards, and postsecondary educational institutions ~~the Florida College System institution boards of trustees~~ shall work together with existing registered apprenticeship programs in order that individuals completing the preapprenticeship programs may be able to receive credit toward ~~towards~~ completing a registered apprenticeship program. In addition, postsecondary educational institutions are encouraged to work together with existing associate of science programs, associate of applied science

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

programs, career certification programs, or degree programs to ensure that individuals completing a registered apprenticeship program may be able to receive college credit toward a technical degree.

Section 8. Section 446.071, Florida Statutes, is amended to read:

446.071 Apprenticeship sponsors.—

(1) One or more ~~local~~ apprenticeship sponsors must ~~shall~~ be approved in any apprenticeable occupation ~~trade~~ or multiple apprenticeable occupations ~~group of trades~~ by the department, upon a determination of need, if the apprenticeship sponsor meets all of the uniform minimum standards established by the department. ~~The term "need" refers to the need of state residents for apprenticeship training. In the absence of proof to the contrary, it shall be presumed that there is need for apprenticeship and preapprenticeship training in each county in this state.~~

(2) An ~~A local~~ apprenticeship sponsor may be a committee, a group of employers, an employer~~,~~ or a group of employees, an educational institution, a local workforce board, a community or faith-based organization, or any entity preapproved by the department as being in accordance with the requirements of this chapter ~~combination thereof~~.

(3) The department may grant a variance from the uniform minimum standards upon a showing of good cause for the variance by program sponsors in nonconstruction trades. The purpose of this subsection is to recognize the unique and varying training requirements in nontraditional apprenticeable occupations and to authorize the department to adapt the standards to the needs of

the programs.

Section 9. Subsection (4) of section 446.081, Florida Statutes, is amended to read:

446.081 Limitation.—

(4) Nothing in ss. 446.011-446.092 or in any rules adopted or contained in any approved apprentice agreement under such sections invalidates any special provision for veterans, minority persons, or women in the standards, qualifications, or operation of the apprenticeship program which is not otherwise prohibited by any applicable general law, executive order, rule, or regulation.

Section 10. Section 446.091, Florida Statutes, is repealed.

Section 11. Section 446.092, Florida Statutes, is amended to read:

446.092 Criteria for apprenticeship occupations.—At a minimum, an apprenticeable occupation must possess ~~is a skilled trade which possesses~~ all of the following characteristics:

(1) It is customarily learned in a practical way through a structured, systematic program of on-the-job, supervised training.

(2) It is clearly identified and commonly recognized throughout an industry.

(3) It involves manual, mechanical, or technical skills and knowledge which, in accordance with the industry standards for the occupation, require ~~would require~~ a minimum of 2,000 hours of on-the-job training, which hours are excluded from the time spent at related technical or supplementary instruction.

(4) It requires related technical instruction to supplement on-the-job training. Such instruction may be given in a

classroom, through occupational or industrial courses or correspondence courses of equivalent value, through electronic media, or through other forms of self-study approved by the department.

Section 12. Section 446.54, Florida Statutes, is created to read:

446.54 Work-based learning.—

(1) It is the intent of the Legislature that, to the extent possible, school districts place students in paid work experiences, including apprenticeships and preapprenticeships, for purposes of educational training and work-based learning.

(2) For purposes of this section, "work-based learning" includes "on-the-job training" as defined in s. 446.021 and means sustained interactions with industry or community professionals in off-campus workplace settings that foster in-depth firsthand engagement with the tasks required in a given career or field and are aligned to curriculum and instruction.

(3)(a) A student in grades 6 through 12 who is enrolled in a course identified in the Course Code Directory which incorporates a work-based learning component or an activity that is unpaid and who suffers a work-related injury in the course of his or her enrollment is deemed to be an employee of the state for purposes of workers' compensation coverage. Such coverage applies only to medically necessary care rendered as a direct result of that injury.

(b) An individual 18 years of age or younger who is enrolled in a preapprenticeship program as defined in s. 446.021 which requires work-based learning and who suffers a work-related injury in the course of his or her enrollment is deemed

to be an employee of the state for purposes of workers' compensation coverage. Such coverage applies only to medically necessary care rendered as a direct result of that injury.

Section 13. Subsection (17) is added to section 1003.01, Florida Statutes, to read:

1003.01 Definitions.—As used in this chapter, the term:

(17) "Work-based learning" means sustained interactions with industry or community professionals in workplace settings, to the extent practicable, or simulated environments that foster in-depth, firsthand engagement with the tasks required in a given career field, that align with curriculum and instruction, and that are provided in partnership with an educational institution. Work-based learning may be paid or unpaid and may be delivered in a stand-alone, work-based learning course that results in high school credit or may be a component of an existing course which may use the cooperative method of instruction as defined in s. 1004.02(27).

Section 14. Subsection (6) is added to section 1003.491, Florida Statutes, to read:

1003.491 Florida Career and Professional Education Act.—The Florida Career and Professional Education Act is created to provide a statewide planning partnership between the business and education communities in order to attract, expand, and retain targeted, high-value industry and to sustain a strong, knowledge-based economy.

(6) The Department of Education may adopt rules to administer this section.

Section 15. Subsection (27) is added to section 1004.02, Florida Statutes, to read:

1004.02 Definitions.—As used in this chapter:

(27) "Cooperative method of instruction" means an instructional methodology that provides students enrolled in career education programs an opportunity to extend their employment preparation beyond the classroom through participation in concurrent career education instruction through regularly scheduled on-the-job training experiences.

Section 16. Present subsections (3) through (8) of section 1007.23, Florida Statutes, are redesignated as subsections (4) through (9), respectively, and a new subsection (3) is added to that section, to read:

1007.23 Statewide articulation agreement.—

(3) To facilitate seamless transfer of credits, reduce excess credit hours, and ensure that students are taking the courses needed for their future careers, the articulation agreement must establish three mathematics pathways for students by aligning mathematics courses to programs, meta-majors, and careers. A representative committee of State University System, career centers established under s. 1001.44, and Florida College System faculty shall collaborate to identify the three mathematics pathways and the mathematics course sequence within each pathway which align to the mathematics skills needed for success in the corresponding academic programs and careers.

Section 17. Subsection (1) and paragraph (a) of subsection (2) of section 1007.263, Florida Statutes, are amended to read:

1007.263 Florida College System institutions; admissions of students.—Each Florida College System institution board of trustees is authorized to adopt rules governing admissions of students subject to this section and rules of the State Board of

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Education. These rules shall include the following:

(1) Admissions counseling shall be provided to all students entering college or career credit programs. For students who are not otherwise exempt from testing under s. 1008.30, counseling must use the tests or alternative methods established by the State Board of Education pursuant to s. 1008.30 to measure achievement of college-level communication and computation competencies by students entering college credit programs ~~or tests to measure achievement of basic skills for career education programs as prescribed in s. 1004.91~~. Counseling must measure achievement of basic skills for career education programs under s. 1004.91 and include ~~includes~~ providing developmental education options for students whose ~~assessment~~ results, determined under s. 1008.30, indicate that they need to improve communication or computation skills that are essential to perform college-level work.

(2) Admission to associate degree programs is subject to minimum standards adopted by the State Board of Education and shall require:

(a) A standard high school diploma;~~,~~ a State of Florida high school equivalency diploma awarded under s. 1003.435(2); a high school equivalency diploma issued by another state which is recognized as equivalent by State Board of Education rule and is based on an assessment recognized by the United States Department of Education; ~~as prescribed in s. 1003.435,~~ previously demonstrated competency in college credit postsecondary coursework;~~,~~ or, in the case of a student who is home educated, a signed affidavit submitted by the student's parent or legal guardian attesting that the student has

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

completed a home education program pursuant to the requirements of s. 1002.41. Students who are enrolled in a dual enrollment or early admission program pursuant to s. 1007.271 are exempt from this requirement.

Each board of trustees shall establish policies that notify students about developmental education options for improving their communication or computation skills that are essential to performing college-level work, including tutoring, extended time in gateway courses, free online courses, adult basic education, adult secondary education, or private provider instruction.

Section 18. Subsection (3) and paragraph (b) of subsection (13) of section 1007.271, Florida Statutes, are amended to read:

1007.271 Dual enrollment programs.—

(3) Student eligibility requirements for initial enrollment in college credit dual enrollment courses must include a 3.0 unweighted high school grade point average and a demonstrated level of achievement of college-level communication and computation skills as provided under s. 1008.30(1) or (2) ~~the minimum score on a common placement test adopted by the State Board of Education which indicates that the student is ready for college-level coursework~~. Student eligibility requirements for continued enrollment in college credit dual enrollment courses must include the maintenance of a 3.0 unweighted high school grade point average and the minimum postsecondary grade point average established by the postsecondary institution. Regardless of meeting student eligibility requirements for continued enrollment, a student may lose the opportunity to participate in a dual enrollment course if the student is disruptive to the

learning process such that the progress of other students or the efficient administration of the course is hindered. Student eligibility requirements for initial and continued enrollment in career certificate dual enrollment courses must include a 2.0 unweighted high school grade point average. Exceptions to the required grade point averages may be granted on an individual student basis if the educational entities agree and the terms of the agreement are contained within the dual enrollment articulation agreement established pursuant to subsection (21). Florida College System institution boards of trustees may establish additional initial student eligibility requirements, which shall be included in the dual enrollment articulation agreement, to ensure student readiness for postsecondary instruction. Additional requirements included in the agreement may not arbitrarily prohibit students who have demonstrated the ability to master advanced courses from participating in dual enrollment courses or limit the number of dual enrollment courses in which a student may enroll based solely upon enrollment by the student at an independent postsecondary institution.

(13)

(b) Each public postsecondary institution eligible to participate in the dual enrollment program pursuant to s. 1011.62(1)(i) must enter into a home education articulation agreement with each home education student seeking enrollment in a dual enrollment course and the student's parent. By August 1 of each year, the eligible postsecondary institution shall complete and submit the home education articulation agreement to the Department of Education. The home education articulation

agreement must include, at a minimum:

1. A delineation of courses and programs available to dually enrolled home education students. Courses and programs may be added, revised, or deleted at any time by the postsecondary institution. Any course or program limitations may not exceed the limitations for other dually enrolled students.

2. The initial and continued eligibility requirements for home education student participation, not to exceed those required of other dually enrolled students. A high school grade point average may not be required for home education students who demonstrate achievement of college-level communication and computation skills as provided under s. 1008.30(1) or (2) ~~meet the minimum score on a common placement test adopted by the State Board of Education which indicates that the student is ready for college-level coursework~~; however, home education student eligibility requirements for continued enrollment in dual enrollment courses must include the maintenance of the minimum postsecondary grade point average established by the postsecondary institution.

3. The student's responsibilities for providing his or her own transportation.

4. A copy of the statement on transfer guarantees developed by the Department of Education under subsection (15).

Section 19. Section 1008.30, Florida Statutes, is amended to read:

1008.30 Common placement testing for public postsecondary education.—

(1) The State Board of Education, in conjunction with the Board of Governors, shall develop and implement a common

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

placement test for the purpose of assessing the basic computation and communication skills of students who intend to enter a degree program at any public postsecondary educational institution. Alternative assessments that may be accepted in lieu of the common placement test shall also be identified in rule. Public postsecondary educational institutions shall provide appropriate modifications of the test instruments or test procedures for students with disabilities.

(2) By January 31, 2022, the State Board of Education shall adopt rules to develop and implement alternative methods for assessing the basic computation and communication skills of students who intend to enter a degree program at a Florida College System institution. Florida College System institutions may use these alternative methods in lieu of common placement tests as described in subsection (1) to assess student readiness for college-level work in computation and communication ~~The common placement testing program shall include the capacity to diagnose basic competencies in the areas of English, reading, and mathematics which are essential for success in meta-majors and to provide test information to students on the specific skills the student needs to attain~~.

(3) ~~By October 31, 2013, the State Board of Education shall establish by rule the test scores a student must achieve to demonstrate readiness to perform college-level work, and~~ The rules required by subsection (2) must specify the following:

(a) A student who entered 9th grade in a Florida public school in the 2003-2004 school year, or any year thereafter, and earned a Florida standard high school diploma or a student who is serving as an active duty member of any branch of the United

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

States Armed Services shall not be required to be assessed for readiness for college-level work in computation and communication ~~take the common placement test~~ and shall not be required to enroll in developmental education instruction in a Florida College System institution. However, a student who is not required to be assessed for readiness for college-level work in computation and communication ~~take the common placement test~~ and is not required to enroll in developmental education under this paragraph may opt to be assessed and to enroll in developmental education instruction, and the college shall provide such assessment and instruction upon the student's request.

(b) A student who is assessed for readiness for college-level computation and communication and whose assessment results indicate ~~takes the common placement test and whose score on the test indicates~~ a need for developmental education must be advised of all the developmental education options offered at the institution and, after advisement, shall be allowed to enroll in the developmental education option of his or her choice.

(c) A student who demonstrates readiness by achieving or exceeding the test scores established by the state board and enrolls in a Florida College System institution within 2 years after achieving such scores shall not be required to retest or complete developmental education when admitted to any Florida College System institution.

(4)(a) ~~By December 31, 2013, the State Board of Education, in consultation with the Board of Governors, shall approve a series of meta-majors and the academic pathways that identify~~

~~the gateway courses associated with each meta-major. Florida College System institutions shall use placement test results to determine the extent to which each student demonstrates sufficient communication and computation skills to indicate readiness for his or her chosen meta-major. Florida College System institutions shall counsel students into college credit courses as quickly as possible, with developmental education limited to that content needed for success in the meta-major.~~

~~(5)(a)~~ Each Florida College System institution ~~board of trustees~~ shall ~~develop a plan to~~ implement the developmental education strategies defined in s. 1008.02 and rules established by the State Board of Education. ~~The plan must be submitted to the Chancellor of the Florida College System for approval no later than March 1, 2014, for implementation no later than the fall semester 2014. Each plan must include, at a minimum, local policies that outline:~~

~~1. Documented student achievements such as grade point averages, work history, military experience, participation in juried competitions, career interests, degree major declaration, or any combination of such achievements that the institution may consider, in addition to common placement test scores, for advising students regarding enrollment options.~~

~~2. Developmental education strategies available to students.~~

~~3. A description of student costs and financial aid opportunities associated with each option.~~

~~4. Provisions for the collection of student success data.~~

~~5. A comprehensive plan for advising students into appropriate developmental education strategies based on student~~

~~success data.~~

(b) ~~Beginning October 31, 2015,~~ Each Florida College System institution shall use placement test results or alternative methods as established by the State Board of Education to determine the extent to which each student demonstrates sufficient computation and communication skills to indicate readiness for his or her chosen meta-major. Florida College System institutions shall counsel students into college credit courses as quickly as possible, with developmental education limited to that content needed for success in the meta-major ~~annually prepare an accountability report that includes student success data relating to each developmental education strategy implemented by the institution. The report shall be submitted to the Division of Florida Colleges by October 31 in a format determined by the Chancellor of the Florida College System. By December 31, the chancellor shall compile and submit the institutional reports to the Governor, the President of the Senate, the Speaker of the House of Representatives, and the State Board of Education~~.

(c) A university board of trustees may contract with a Florida College System institution board of trustees for the Florida College System institution to provide developmental education on the state university campus. Any state university in which the percentage of incoming students requiring developmental education equals or exceeds the average percentage of such students for the Florida College System may offer developmental education without contracting with a Florida College System institution; however, any state university offering college-preparatory instruction as of January 1, 1996,

may continue to provide developmental education instruction as defined in s. 1008.02(1).

(5)~~(6)~~ A student may not be enrolled in a college credit mathematics or English course on a dual enrollment basis unless the student has demonstrated adequate precollegiate preparation in ~~on the section of~~ the basic computation and communication skills ~~assessment required pursuant to subsection (1) that is~~ appropriate for successful student participation in the course.

Section 20. Paragraph (a) of subsection (1) and paragraph (b) of subsection (4) of section 1008.44, Florida Statutes, are amended, and paragraph (f) is added to subsection (1) of that section, to read:

1008.44 CAPE Industry Certification Funding List and CAPE Postsecondary Industry Certification Funding List.—

(1) Pursuant to ss. 1003.4203 and 1003.492, the Department of Education shall, at least annually, identify, under rules adopted by the State Board of Education, and the Commissioner of Education may at any time recommend adding the following certificates, certifications, and courses:

(a) CAPE industry certifications identified on the CAPE Industry Certification Funding List that must be applied in the distribution of funding to school districts pursuant to s. 1011.62(1)(o). The CAPE Industry Certification Funding List shall incorporate by reference the industry certifications on the career pathways list approved for the Florida Gold Seal CAPE Vocational Scholars award. In addition, by August 1 of each year, the not-for-profit corporation established pursuant to s. 445.004 may annually select one industry certification, that does not articulate for college credit, for inclusion on the

CAPE Industry Certification Funding List for a period of 3 years unless otherwise approved by the curriculum review committee pursuant to s. 1003.491. Such industry certifications, if earned by a student, shall be eligible for additional full-time equivalent membership, pursuant to s. 1011.62(1)(o)1.

(f) Industry certifications leading to occupations in critical industry sectors which, if earned by a student, are eligible for additional full-time equivalent student membership pursuant to s. 1011.62(1)(o)1.e.

(4)

(b) For the purpose of calculating additional full-time equivalent membership pursuant to s. 1011.62(1)(o)1.e., the Commissioner of Education may limit CAPE industry certifications and CAPE Digital Tool certificates to students in certain grades ~~based on formal recommendations by providers of CAPE industry certifications and CAPE Digital Tool certificates~~.

Section 21. Paragraphs (b) and (f) of subsection (1) of section 1009.25, Florida Statutes, are amended to read:

1009.25 Fee exemptions.—

(1) The following students are exempt from the payment of tuition and fees, including lab fees, at a school district that provides workforce education programs, Florida College System institution, or state university:

(b) A student enrolled in an ~~approved~~ apprenticeship program, as defined in s. 446.021. A technical center operated by a school district, a Florida College System institution, or a state university may enter into an agreement with another entity to cover the approved apprenticeship program student tuition and fees, including lab fees.

(f) A student who lacks a fixed, regular, and adequate nighttime residence or whose primary nighttime residence is a public or private shelter designed to provide temporary residence, a public or private transitional living program, or a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings. This includes a student who would otherwise meet the requirements of this paragraph, as determined by a college or university, but for his or her residence in college or university dormitory housing. The State Board of Education may adopt rules and the Board of Governors may adopt regulations regarding documentation and procedures to implement this paragraph.

Section 22. Paragraph (o) of subsection (1) of section 1011.62, Florida Statutes, is amended to read:

1011.62 Funds for operation of schools.—If the annual allocation from the Florida Education Finance Program to each district for operation of schools is not determined in the annual appropriations act or the substantive bill implementing the annual appropriations act, it shall be determined as follows:

(1) COMPUTATION OF THE BASIC AMOUNT TO BE INCLUDED FOR OPERATION.—The following procedure shall be followed in determining the annual allocation to each district for operation:

(o) *Calculation of additional full-time equivalent membership based on successful completion of a career-themed course pursuant to ss. 1003.491, 1003.492, and 1003.493, or courses with embedded CAPE industry certifications or CAPE Digital Tool certificates, and issuance of industry*

certification identified on the CAPE Industry Certification Funding List pursuant to rules adopted by the State Board of Education or CAPE Digital Tool certificates pursuant to s. 1003.4203.—

1.a. A value of 0.025 full-time equivalent student membership shall be calculated for CAPE Digital Tool certificates earned by students in elementary and middle school grades.

b. A value of 0.1 or 0.2 full-time equivalent student membership shall be calculated for each student who completes a course as defined in s. 1003.493(1)(b) or courses with embedded CAPE industry certifications and who is issued an industry certification identified annually on the CAPE Industry Certification Funding List approved under rules adopted by the State Board of Education. For a CAPE industry certification that has a statewide articulation agreement for 4 to 14 college credits and for a CAPE industry certification that has a statewide articulation agreement for 1 to 3 college credits and that is deemed by the department to be of sufficient rigor and to be linked to a high-skill occupation, a value of 0.2 full-time equivalent membership shall be calculated. For all other CAPE industry certifications with a statewide articulation agreement for 1 to 3 college credits, a value of 0.1 full-time equivalent membership shall be calculated ~~A value of 0.2 full-time equivalent membership shall be calculated for each student who is issued a CAPE industry certification that has a statewide articulation agreement for college credit approved by the State Board of Education~~. For CAPE industry certifications that do not articulate for college credit, the Department of Education shall

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

calculate ~~assign~~ a full-time equivalent value of 0.1 for each certification. Middle grades students who earn additional FTE membership for a CAPE Digital Tool certificate pursuant to sub-subparagraph a. may not use the previously funded examination to satisfy the requirements for earning an industry certification under this sub-subparagraph. ~~Additional FTE membership for an elementary or middle grades student may not exceed 0.1 for certificates or certifications earned within the same fiscal year.~~ The State Board of Education shall include the assigned values on the CAPE Industry Certification Funding List under rules adopted by the state board. Such value shall be added to the total full-time equivalent student membership for grades 6 through 12 in the subsequent year. CAPE industry certifications earned through dual enrollment must be reported and funded pursuant to s. 1011.80. However, if a student earns a certification through a dual enrollment course and the certification is not a fundable certification on the postsecondary certification funding list, or the dual enrollment certification is earned as a result of an agreement between a school district and a nonpublic postsecondary institution, the bonus value shall be funded in the same manner as other nondual enrollment course industry certifications. In such cases, the school district may provide for an agreement between the high school and the technical center, or the school district and the postsecondary institution may enter into an agreement for equitable distribution of the bonus funds.

c. A value of 0.3 full-time equivalent student membership shall be calculated for student completion of the courses and the embedded certifications identified on the CAPE Industry

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Certification Funding List and approved by the commissioner pursuant to ss. 1003.4203(5)(a) and 1008.44.

d. A value of 0.5 full-time equivalent student membership shall be calculated for CAPE Acceleration Industry Certifications that articulate for 15 to 29 college credit hours, and 1.0 full-time equivalent student membership shall be calculated for CAPE Acceleration Industry Certifications that articulate for 30 or more college credit hours pursuant to CAPE Acceleration Industry Certifications approved by the commissioner pursuant to ss. 1003.4203(5)(b) and 1008.44.

e. In addition to the full-time equivalent student membership calculated under paragraphs (a)-(d), a supplemental value of 0.2 full-time equivalent student membership shall be calculated for industry certifications identified on the CAPE Industry Certification Funding List as leading to employment in occupations in critical industry sectors.

2. Each district must allocate at least 80 percent of the funds provided for CAPE industry certification, in accordance with this paragraph, to the program that generated the funds. The remaining 20 percent may be used for other CAPE program expenses, such as administrative costs and new industry certification programs; however, administrative costs may not exceed 5 percent of the total funds provided for CAPE industry certification. Funds provided for CAPE industry certification may not be used for any other purpose and, specifically, ~~This allocation~~ may not be used to supplant funds provided for basic operation of the program, such as teacher salaries and other costs that are funded for other courses with non-CAPE funds.

3. For CAPE industry certifications earned in the 2013-2014

school year and in subsequent years, the school district shall distribute to each classroom teacher who provided direct instruction toward the attainment of a CAPE industry certification that qualified for additional full-time equivalent membership under subparagraph 1.:

a. A bonus of $25 for each student taught by a teacher who provided instruction in a course that led to the attainment of a CAPE industry certification on the CAPE Industry Certification Funding List with a weight of 0.1.

b. A bonus of $50 for each student taught by a teacher who provided instruction in a course that led to the attainment of a CAPE industry certification on the CAPE Industry Certification Funding List with a weight of 0.2.

c. A bonus of $75 for each student taught by a teacher who provided instruction in a course that led to the attainment of a CAPE industry certification on the CAPE Industry Certification Funding List with a weight of 0.3.

d. A bonus of $100 for each student taught by a teacher who provided instruction in a course that led to the attainment of a CAPE industry certification on the CAPE Industry Certification Funding List with a weight of 0.5 or 1.0.

Bonuses awarded pursuant to this paragraph must ~~shall be provided to teachers who are employed by the district in the year in which the additional FTE membership calculation is included in the calculation. Bonuses shall~~ be calculated based upon the associated weight of a CAPE industry certification on the CAPE Industry Certification Funding List for the year in which the certification is earned by the student. Any bonus

awarded to a teacher pursuant to this paragraph is in addition to any regular wage or other bonus the teacher received or is scheduled to receive. A bonus may not be awarded to a teacher who fails to maintain the security of any CAPE industry certification examination or who otherwise violates the security or administration protocol of any assessment instrument that may result in a bonus being awarded to the teacher under this paragraph.

Section 23. Paragraph (b) of subsection (7) and paragraph (a) of subsection (8) of section 1011.80, Florida Statutes, are amended to read:

1011.80 Funds for operation of workforce education programs.—

(7)

(b) Performance funding for industry certifications for school district workforce education programs is contingent upon specific appropriation in the General Appropriations Act and shall be determined as follows:

1. Occupational areas for which industry certifications may be earned, as established in the General Appropriations Act, are eligible for performance funding. Priority shall be given to the occupational areas emphasized in state, national, or corporate grants provided to Florida educational institutions.

2. The Chancellor of Career and Adult Education shall identify the industry certifications eligible for funding on the CAPE Postsecondary Industry Certification Funding List approved by the State Board of Education pursuant to s. 1008.44, based on the occupational areas specified in the General Appropriations Act.

3.a. Except as provided in sub-subparagraph b., each school district shall be provided $1,000 for each industry certification earned by a workforce education student. If funds are insufficient to fully fund the calculated total award, such funds shall be prorated.

b. For each industry certification earned by a workforce education student which is identified as leading to employment in occupations in critical industry sectors, each school district shall be provided a total of $3,000. If funds are insufficient to fully fund the calculated total award, such funds shall be prorated.

(8)(a) A school district or Florida College System institution that receives workforce education funds must use the money to benefit the workforce education programs it provides. The money may be used for equipment upgrades, program expansions, or any other use that would result in workforce education program improvement. The district school board or Florida College System institution board of trustees may not withhold any portion of the performance funding for indirect costs. A district school board or Florida College System institution board of trustees that receives workforce performance funding must use at least 70 percent of the funds received to directly support the program that generated the funds.

Section 24. Present subsection (4) of section 1011.802, Florida Statutes, is redesignated as subsection (5), a new subsection (4) is added to that section, and subsection (3) of that section is amended, to read:

1011.802 Florida Pathways to Career Opportunities Grant

Program.—

(3) The department shall give priority to apprenticeship programs with demonstrated regional demand. Grant funds may be used for instructional equipment, supplies, instructional personnel, student services, and other expenses associated with the creation or expansion of an apprenticeship program. Grant funds may not be used for recurring instructional costs or for indirect costs. Grant recipients must submit quarterly reports in a format prescribed by the department.

(4) Up to $200,000 of the total amount allocated may be used by the department to administer the grant program.

Section 25. Paragraph (c) of subsection (2) of section 1011.81, Florida Statutes, is amended to read:

1011.81 Florida College System Program Fund.—

(2) Performance funding for industry certifications for Florida College System institutions is contingent upon specific appropriation in the General Appropriations Act and shall be determined as follows:

(c)1. Except as provided in subparagraph 2., each Florida College System institution shall be provided $1,000 for each industry certification earned by a student. If funds are insufficient to fully fund the calculated total award, such funds shall be prorated.

2. For each industry certification earned by a workforce education student which is identified as leading to employment in occupations in critical industry sectors, each Florida College System institution shall be provided a total of $3,000. If funds are insufficient to fully fund the calculated total award, such funds shall be prorated.

Section 26. This act shall take effect July 1, 2021.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/SB 468
INTRODUCER:	Judiciary Committee and Senator Bracy
SUBJECT:	Expunction of Criminal History Records Relating to Certain Cannabis Offenses
DATE:	April 14, 2021
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Bond	Cibula	JU	**Fav/CS**
2.	Stokes	Jones	CJ	**Favorable**
3.	Forbes	Sadberry	AP	**Favorable**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 468 creates section 943.0586, Florida Statutes, providing for the expunction of certain criminal history records relating to the misdemeanor offense of possession of 20 grams or less of cannabis, regardless of disposition. The language in the bill closely mirrors the procedures and requirements for court ordered expunction under section 943.0585, Florida Statutes.

The bill provides that a person may only receive one expunction under this section, and may only petition the court for an expunction after at least one year has elapsed since the disposition of the criminal activity to which the petition pertains, and he or she is no longer under court supervision. A person who receives an expunction under this section is not precluded from seeking a sealing or expunction provided under any other section of law.

The bill's fiscal impact to the Florida Department of Law Enforcement is significant; most of these costs will be offset by expunction application fees. See Section V. Fiscal Impact Statement for additional information.

The bill is effective July 1, 2021.

II. Present Situation:

There are several limited forms of relief that may be sought in order to seal or expunge a criminal history record. The public will not have access to a criminal history record that has been

sealed or expunged. Certain government or related entities have access to records even after they are sealed. Most of the entities who have access to sealed records also have access to see whether a person has had an expunction. However, those entities do not have access to the expunged criminal history record without a court order.[1]

Expunction of Criminal History Records

A criminal history record includes any non-judicial record maintained by a criminal justice agency[2] that contains criminal history information.[3] Criminal history information is information collected by criminal justice agencies and consists of identifiable descriptions of individuals and notations of arrests, detentions, indictments, information, other formal criminal charges, and criminal dispositions.[4]

State courts have continuing jurisdiction over their own procedures, including the expunction and sealing of judicial records that contain criminal history information.[5] Pursuant to statute, judges have the discretion to order criminal records maintained by the court system and records held by law enforcement agencies to be sealed[6] or expunged for either a minor or an adult.[7] However, no one has a right to have a record expunged and the request may be denied at the sole discretion of the court.[8]

A person may have his or her criminal history record[9] expunged under certain enumerated circumstances.[10] When a record is expunged, the criminal justice agencies[11] that possess the record must physically destroy or obliterate it. However, a criminal justice agency may retain a notation indicating compliance with an order to expunge.[12] The FDLE maintains a copy of the

[1] *Florida Department of Law Enforcement Frequently Asked Questions*, Florida Department of Law Enforcement, *available at* http://www.fdle.state.fl.us/Seal-and-Expunge-Process/Frequently-Asked-Questions#Sealed_vs_Expunged (last visited March 22, 2021).
[2] Section 943.045(11), F.S., provides that criminal justice agencies include the court, the FDLE, the Department of Juvenile Justice, components of the Department of Children and Families, and other governmental agencies that administrate criminal justice.
[3] Section 943.045(6), F.S.
[4] Section 943.045(5), F.S.
[5] Sections 943.0585(4)(a) and 943.059(4)(a), F.S. The procedures, however, must be consistent with the duties established in statute. *See also* Henry P. Trawick, Jr., *Florida Pleading and Practice Forms* 11B. Fla. Pl. & Pr. Forms s. 97:14 (May 2020).
[6] In general terms, sealing makes records confidential in most cases while expunction requires the actual physical destruction of records held by courts and most law enforcement agencies. When a record is sealed, it is preserved so that it is secure and inaccessible to any person who does not have a legal right to access the record or the information contained within the record. A court may order a criminal history record sealed, rendering it confidential and exempt from Florida's public records laws. Sections 943.045(19), 943.059(6), and 119.07(1), F.S., and Art. I, s. 24(a), Fla. Const.
[7] Sections 943.0585(4)(b) and 943.059(4)(b), F.S.
[8] Section 943.0585(4)(b) and (e), F.S.
[9] Section 943, 045(6), F.S., provides that a "criminal history record" is any judicial record maintained by a criminal justice agency containing criminal history information.
[10] Sections 943.0581, 943.0582, 943.0583, and 943.0585, F.S.
[11] Section 943.045(11), F.S., provides that "criminal justice agency," means: (1) A court; (2) the FDLE; (3) The Department of Juvenile Justice; (4) The protective investigations component of the Department of Children and Families, which investigates the crimes of abuse and neglect; and (5) Any other governmental agency or subunit thereof that performs the administration of criminal justice pursuant to a statute or rule of court and that allocates a substantial part of its annual budget to the administration of criminal justice.
[12] Section 943.0585(6)(a), F.S.

record to evaluate subsequent requests for sealing or expunction, and to recreate the record in the event a court vacates the order to expunge.[13] The criminal history record retained by the FDLE is confidential and exempt.[14] Once the record is expunged, a person may lawfully deny or fail to acknowledge the arrests covered by the expunged record, subject to exceptions.[15, 16]

Court-Ordered Expunction

A court, in its discretion, may order the expunction of a person's criminal history record if the FDLE issues the person a certificate of eligibility for expunction.[17] Generally, a person is eligible for expunction if:

- An indictment, information, or other charging document was not filed or issued in the case giving rise to the criminal history record.
- An indictment, information, or other changing document was filed or issued in the case giving rise to the criminal history record, but was dismissed or nolle prosequi by the State, was dismissed by the court, a judgment of acquittal was rendered, or a verdict of not guilty was rendered.
- The person is not seeking to expunge a criminal history record that is ineligible under s. 943.0584, F.S.[18]

[13] Section 943.045(16), F.S.
[14] Section 943.0585(6)(a), F.S.
[15] Section 943.0585(6), F.S.
[16] Section 943.0585(6), F.S., provides that enumerated entities include criminal justice agencies, The Florida Bar, the Department of Children and Families, the Division of Vocational Rehabilitation within the Department of Education, the Agency for Health Care Administration, the Agency for Persons with Disabilities, the Department of Health, the Department of Elderly Affairs, the Department of Juvenile Justice, the Department of Education, a district school board, a university laboratory school, a charter school, a private or parochial school, a local governmental entity that licenses child care facilities, the Division of Insurance Agent and Agency Services within the Department of Financial Services, and the Bureau of License Issuance of the Division of Licensing within the Department of Agriculture and Consumer Services.
[17] Section 943.0585(4), F.S.
[18] Section 943.0584, F.S., A criminal history record is not eligible for court-ordered sealing if it relates to:
Sexual misconduct (Sections 393.135, 394.4593, and 916.1075, F.S.); Illegal use of explosives (Chapter 552, F.S.); Terrorism (Section 775.30, F.S); Murder (Sections 782.04, 782.065, and 782.09, F.S.); Manslaughter or homicide (Sections 782.07, 782.071, and 782.072, F.S.); Assault or battery of one family or household member by another family or household member (Sections 784.011 and 784.03, F.S.); Aggravated assault (Section 784.021, F.S.); Felony battery, domestic battery by strangulation, or aggravated battery (Sections 784.03, 784.041, and 784.045, F.S.); Stalking or aggravated stalking (Section 784.048, F.S.); Luring or enticing a child (Section 787.025, F.S.); Human trafficking (Section 787.06, F.S.); Kidnapping or false imprisonment (Sections 787.01 and 787.02, F.S.); Sexual battery, unlawful sexual activity with a minor, or female genital mutilation (Chapter 794, F.S.); Procuring a person under the age of 18 for prostitution (Section 796.03, F.S. (2013) (repealed by ch. 2014-160, s. 10, L.O.F.)); Lewd or lascivious offenses committed upon or in the presence of persons less than 16 years of age (Section 800.04, F.S.); Arson (Section 806.01, F.S.); Burglary of a dwelling (Section 810.02, F.S.); Voyeurism or video voyeurism (Sections 810.14 and 810.145, F.S.); Robbery or robbery by sudden snatching (Sections 812.13 and 812.131, F.S.); Carjacking (Section 812.133, F.S.); Home invasion robbery (Section 812.135, F.S.); A violation of the Florida Communications Fraud Act (Section 817.034, F.S.); Abuse of an elderly person or disabled adult or aggravated abuse of an elderly person or disabled adult (Section 825.102, F.S.); Lewd or lascivious offenses committed upon or in the presence of an elderly or disabled person (Section 825.1025, F.S.); Child abuse or aggravated child abuse (Section 827.03, F.S); Sexual performance by a child (Section 827.071, F.S.); Offenses by public officers and employees (Chapter 839, F.S.); Certain acts in connection with obscenity (Section 847.0133, F.S.); A violation of the Computer Pornography and Child Exploitation Prevention Act (Section 893.0135, F.S.); Selling or buying of minors (Section 847.0145, F.S.); Aircraft piracy (Section 860.16, F.S); Manufacturing a controlled substance (Chapter 893, F.S.); Drug trafficking (Section 893.135, F.S.); Any violation specified as a predicate offense for registration as a sexual predator or sexual offender. (Sections 775.21 and 943.0535, F.S.).

- The person is not seeking to seal a criminal history record relating to a violation of certain enumerated offenses.[19]
- The person has never, prior to filing the application for a certificate of eligibility, been either:
  - Adjudicated guilty of any criminal offense or comparable ordinance violation; or
  - Adjudicated delinquent of any felony or certain enumerated misdemeanors as a juvenile.
- The person has not been adjudicated guilty or delinquent for committing any of the acts stemming from the arrest or alleged criminal activity to which the petition to expunge pertains.
- The person has never secured a prior sealing or expunction, unless:
  - Expunction is sought of a criminal history record previously sealed for at least 10 years; and
  - The record was sealed because adjudication was withheld, or because a judgment of acquittal or verdict of not guilty was rendered.[20]

Certificate of Eligibility

A person must first apply to the FDLE for a certificate of eligibility. The FDLE must issue a certificate of eligibility for court-ordered expunction to a person who:[21]

- Is eligible for expunction, as described above.
- Has submitted to the department a written certified statement from the appropriate state attorney or statewide prosecutor which confirms the criminal history record complies with certain requirements described above.
- Has submitted to the FDLE a certified copy of the disposition of the charge to which the petition pertains.
- Pays a $75 processing fee to the FDLE for placement in the FDLE Operating Trust Fund, unless the executive director waives such fee.[22]

Upon receiving a certificate of eligibility from the FDLE, a person must petition the court to expunge the record.[23] A complete petition contains both a valid certificate of eligibility, issued within the previous 12 months, and a sworn statement from the petitioner attesting to his or her eligibility.[24] It is solely within the court's discretion to grant or deny a petition to expunge.[25]

[19] Section 943.0585(1)(d)1.-13., F.S. Assault, as defined in s. 784.011, F.S.; battery, as defined in s. 784.03, F.S.; assault on a law enforcement officer, a firefighter, or other specified officers, as defined in s. 784.07(2)(a), F.S.; carrying a concealed weapon, as defined in s. 790.01(1), F.S.; open carrying of a weapon, as defined in s. 790.053, F.S.; unlawful possession or discharge of a weapon or firearm at a school-sponsored event or on school property, as defined in s. 790.115, F.S.; unlawful use of destructive devices or bombs, as defined in s. 790.1615(1), F.S.; unlawful possession of a firearm, as defined in s. 790.22(5), F.S.; exposure of sexual organs, as defined in s. 800.03, F.S.; arson, as defined in s. 806.031(1), F.S.; petit theft, as defined in s. 812.014(3), F.S.; or cruelty to animals, as defined in s. 828.12(1), F.S.
[20] Section 943.0585(1), F.S.
[21] Section 943.0585(2), F.S.
[22] Section 943.0585(2), F.S.
[23] Section 943.0585(3), F.S
[24] Section 943.0585(3), F.S.
[25] Section 943.0585(4), F.S.

Fees to Expunge Records

The application for a certificate of eligibility to seal or expunge under either statute must include a certified copy of the disposition. The clerk charges $2 per document for a certification fee[26] plus $1 a page for copying[27] the disposition. The FDLE charges $75 for the certificate of eligibility.[28]

Other Types of Expunction

Other types of expunction include:
- Lawful self-defense expunction.[29]
- Human trafficking victim expunction.[30]
- Automatic Juvenile expunction.[31]
- Early juvenile expunction.[32]
- Administrative expunction.[33]
- Juvenile diversion program expunction.[34]

III. Effect of Proposed Changes:

The bill creates s. 943.0586, F.S., providing for the expunction of certain criminal history records relating to the misdemeanor offense of possession of 20 grams or less of cannabis.

A person is eligible to petition the court for an expunction if:
- The person was arrested or given a notice to appear for a misdemeanor offense for obtaining, purchasing, or possessing 20 grams or less of cannabis, regardless of disposition.
- The person was not convicted of, nor pled no contest to, a contemporaneous offense other than the misdemeanor offense for obtaining, purchasing, or possessing 20 grams or less of cannabis.
- At least 1 year has elapsed since disposition of the offense or alleged criminal activity.
- The person is no longer under court supervision related to the cannabis offense.
- The person has not previously received this type of expunction.

A person must apply to the FDLE for a certificate of eligibility before he or she petitions a court to expunge a criminal history record. The bill directs the FDLE to establish procedures for applying for and issuing a certificate of eligibility. The FDLE must issue a certificate of eligibility to a person who is the subject of a criminal history record if that person:
- Satisfies the criteria listed above, and is not ineligible under s. 943.0584, F.S.[35]

[26] Section 28.24(2), F.S.
[27] Section 28.24(5)(a), F.S.
[28] Section 943.0585(2)(a)4., F.S.
[29] Section 943.0578, F.S.
[30] Section 943.0583, F.S.
[31] Section 943.0515(1)(b)1., F.S.
[32] Section 943.0515(1)(b)2., F.S.
[33] Section 943.0581, F.S.
[34] Section 943.0582, F.S.
[35] *See footnote 21.*

- Has submitted to the FDLE a written certified statement from the appropriate state attorney or statewide prosecutor that confirms the criminal history record complies with the criteria listed above.
- Has submitted a certified copy of the disposition of the charge.
- Remits a processing fee.

A certificate of eligibility is valid for 12 months after the date it is issued by the FDLE.

The following must be submitted with the petition to expunge a criminal history record:
- A valid certificate of eligibility.
- The petitioner's sworn statement that he or she satisfies the eligibility requirements for expunction, and is eligible for expunction and to the best of his or her knowledge does not have any other petition to seal or expunge pending before any court.

A person who knowingly provides false information commits a third degree felony.

The bill further provides that courts have jurisdiction over their own procedures to the extent that such procedures are not inconsistent with the conditions, responsibilities, and duties established in the bill. A court may order a criminal justice agency to expunge a criminal history record of a person who complies with the requirements established in the bill.

The court may order expunction of a criminal history record pertaining to one arrest or one incident of alleged criminal activity. However, the court may order the expunction of a criminal history record pertaining to more than one arrest if the additional arrests directly relate to the original arrest.

The bill provides that it does not confer any right to expunction of any criminal history record and any request for expunction may be denied at the sole discretion of the court.

A copy of the completed petition must be served upon the state attorney or the statewide prosecutor, who, with the arresting agency, may respond to the petition. If the expunction is granted, the clerk must certify copies of the order to:
- The appropriate state attorney or statewide prosecutor.
- The arresting agency who must forward the order to any agency to which the arresting agency disseminated the criminal history record information.
- Any other agency which the court records reflect has received the criminal history record from the court.

Additionally, the FDLE must forward the order to the Federal Bureau of Investigations.

The FDLE and any other criminal justice agency is only required to act on a court order if the order is in compliance with the criteria described above. Upon receipt of an order that is not in compliance, the FDLE must notify:
- The appropriate state attorney or statewide prosecutor.
- The petitioner or the petitioner's attorney.
- The arresting agency.

The appropriate state attorney or statewide prosecutor must take action within 60 days to correct the record and petition the court to void the order. A cause of action, including contempt of court, may not arise against any criminal justice agency for failure to comply with an order to expunge when the petitioner for such order failed to obtain the certificate of eligibility or comply with other requirements.

A person who has received an expunction may lawfully deny or fail to acknowledge the arrests and notices to appear covered by the expunged record, except in specified circumstances.[36]

Except as provided above, a person who has been granted an expunction under this bill may not be held under any provision of law of this state to commit perjury or to be otherwise liable for giving a false statement by a person's failure to recite or acknowledge an expunged criminal history record.

The bill provides that a person who receives an expunction under this section is not precluded from seeking a sealing or expunction provided under ss. 943.0583, 943.0585, and 943.059, F.S., if the person is otherwise eligible.

The bill is effective July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

The bill does not require counties or municipalities to spend funds or limit their authority to raise revenue or receive state-shared revenues as specified in article VII, section 18 of the Florida Constitution.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

[36] Exceptions include, when the person is a defendant is a criminal prosecution; Is a candidate for admission to The Florida Bar; Is seeking employment or licensing with specified entities; Is seeking to be appointed as a guardian pursuant to s. 744.3125, F.S.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The FDLE will experience an increase in workload associated with this bill; however, the $75 application fee will provide revenue to support additional staffing to address this workload. This bill allows the FDLE to collect a $75 application processing fee to be deposited into the department's Operating Trust Fund. Currently, the Computerized Criminal History (CCH) repository contains 729,070 unique state identification numbers (SIDs) with 1,016,255 charges for a qualifying marijuana offense of possession under 20 grams. Assuming 10 percent of those individuals seek relief, there would be an increase of 72,907 applications @ $75 for a total of $5,468,025 in increased revenue.[37] The FDLE estimates the bill's provision will result in the need to hire 88 additional staff to manage the workload, at a recurring cost of $5,425,716. The department also estimates additional nonrecurring costs of $1 million for technology modifications.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill creates section 943.0586 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Judiciary on March 16, 2021:
The committee substitute re-drafted the bill in order to closely follow existing expungement law codified at s. 943.0585, F.S. Significant policy changes made by the Committee Substitute include:

- The process is no longer completely free to the applicant, but will require a $75 fee to the Department of Law Enforcement for a certificate of eligibility.

[37] The FDLE, 2021 Agency Analysis for Cs/SB 468, p. 4, February 16, 2021 (Revised March 23, 2021).

- The one year wait and the probation limitation are added.
- The petition must be filed with the sentencing court.
- The clerk of court is not responsible for service on the state attorney.
- Expungement is limited to one time under this new section.
- No other contemporaneous offense is allowed.
- Expungement is not automatic, it may be denied by the court.
- The exceptions allowing future access for select agencies was added.
- The CS specifies that expungement under this new section is not a bar to sealing or expungement of a different offense under another law.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Judiciary; and Senator Bracy

590-02872-21 2021468c1

A bill to be entitled

An act relating to expunction of criminal history records relating to certain cannabis offenses; creating s. 943.0586, F.S.; providing for eligibility; requiring a petitioner to obtain a certificate of eligibility from the Department of Law Enforcement; requiring the department to adopt rules; providing application requirements and contents of a certificate of eligibility for expunction; requiring the department to issue a certificate of eligibility for expunction if a person meets specified criteria; providing contents of a petition; providing court procedures for expungement; providing that the subject of an expungement order may lawfully deny or fail to acknowledge the arrest and notice to appear; providing exceptions; providing that a petition for expunction of certain cannabis offenses does not foreclose the petitioner from applying to seal or expunge other criminal arrests; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 943.0586, Florida Statutes, is created to read:

943.0586 Expunction of criminal history records relating to qualifying cannabis offenses.—

(1) ELIGIBILITY.—A person is eligible to petition a court to expunge a criminal history record under this section if all of the following apply:

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

590-02872-21 2021468c1

(a) The person was arrested or given a notice to appear for a misdemeanor offense for obtaining, purchasing, or possessing 20 grams or less of cannabis, regardless of disposition.

(b) The person was not convicted of, or did not plead no contest to, a contemporaneous offense other than the misdemeanor offense for obtaining, purchasing, or possessing 20 grams or less of cannabis.

(c) At least one year has elapsed since the disposition of the arrest or alleged criminal activity to which the petition to expunge pertains.

(d) The person is no longer under court supervision applicable to the disposition of the arrest or alleged criminal activity to which the petition to expunge pertains.

(e) The person has not previously been granted relief under this section.

(2) CERTIFICATE OF ELIGIBILITY.—Before petitioning a court to expunge a criminal history record, a person seeking to expunge a criminal history record must apply to the department for a certificate of eligibility for expunction. The department shall adopt rules to establish procedures for applying for and issuing a certificate of eligibility for expunction.

(a) The department shall issue a certificate of eligibility for expunction to a person who is the subject of a criminal history record if that person:

1. Satisfies the eligibility criteria in paragraphs (1)(a)-(e) and is not ineligible under s. 943.0584;

2. Has submitted to the department a written certified statement from the appropriate state attorney or statewide prosecutor which confirms the criminal history record complies

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

with the criteria in paragraphs (1)(a)-(d);

3. Has submitted to the department a certified copy of the disposition of the charge to which the petition to expunge pertains; and

4. Remits a processing fee, equal to that fee charged pursuant to s. 943.0585(2)(a)4., to the department for placement in the Department of Law Enforcement Operating Trust Fund, unless the executive director waives such fee.

(b) A certificate of eligibility for expunction is valid for 12 months after the date stamped on the certificate when issued by the department. After that time, the petitioner must reapply to the department for a new certificate of eligibility. The petitioner's status and the law in effect at the time of the renewal application determine the petitioner's eligibility.

(3) PETITION.—Each petition to expunge a criminal history record must be accompanied by all of the following:

(a) A valid certificate of eligibility issued by the department.

(b) The petitioner's sworn statement that he or she:

1. Satisfies the eligibility requirements for expunction in subsection (1).

2. Is eligible for expunction to the best of his or her knowledge and does not have any other petition to seal or expunge a criminal history record pending before any court.

A person who knowingly provides false information on such sworn statement commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(4) COURT AUTHORITY.—

(a) The courts of this state have jurisdiction over their own procedures, including the maintenance, expunction, and correction of judicial records containing criminal history information, to the extent that such procedures are not inconsistent with the conditions, responsibilities, and duties established by this section.

(b) A court of competent jurisdiction may order a criminal justice agency to expunge the criminal history record of a minor or an adult who complies with the requirements of this section. The court may not order a criminal justice agency to expunge a criminal history record until the person seeking to expunge a criminal history record has applied for and received a certificate of eligibility under subsection (2).

(c) The court may order expunction of a criminal history record pertaining to one arrest or one incident of alleged criminal activity only, except that the court may order the expunction of a criminal history record pertaining to more than one arrest if the additional arrests directly relate to the original arrest. If the court intends to order the expunction of records pertaining to such additional arrests, such intent must be specified in the order. A criminal justice agency may not expunge any record pertaining to such additional arrests if the order to expunge does not articulate the intention of the court to expunge a record pertaining to more than one arrest. This section does not prevent the court from ordering the expunction of only a portion of a criminal history record pertaining to one arrest or one incident of alleged criminal activity.

(d) This section does not confer any right to expunction of any criminal history record, and any request for expunction of a

criminal history record may be denied at the sole discretion of the court.

(5) PROCESSING OF A PETITION OR AN ORDER.—

(a) In judicial proceedings under this section, a copy of the completed petition to expunge shall be served upon the appropriate state attorney or the statewide prosecutor and upon the arresting agency; however, it is not necessary to make any agency other than the state a party. The appropriate state attorney or the statewide prosecutor and the arresting agency may respond to the court regarding the completed petition to expunge.

(b) If relief is granted by the court, the clerk of the court shall certify copies of the order to the appropriate state attorney or the statewide prosecutor and the arresting agency. The arresting agency shall forward the order to any other agency to which the arresting agency disseminated the criminal history record information to which the order pertains. The department shall forward the order to expunge to the Federal Bureau of Investigation. The clerk of the court shall certify a copy of the order to any other agency which the records of the court reflect has received the criminal history record from the court.

(c) The department or any other criminal justice agency is not required to act on an order to expunge entered by a court when such order does not comply with the requirements of this section. Upon receipt of such an order, the department must notify the issuing court, the appropriate state attorney or statewide prosecutor, the petitioner or the petitioner's attorney, and the arresting agency of the reason for noncompliance. The appropriate state attorney or statewide

prosecutor shall take action within 60 days to correct the record and petition the court to void the order. No cause of action, including contempt of court, shall arise against any criminal justice agency for failure to comply with an order to expunge when the petitioner for such order failed to obtain the certificate of eligibility as required by this section or such order does not otherwise comply with the requirements of this section.

(6) EFFECT OF EXPUNCTION ORDER.—

(a) The person who is the subject of a criminal history record that is expunged under this section may lawfully deny or fail to acknowledge the arrests and notices to appear covered by the expunged record, except when the subject of the record:

1. Is a candidate for employment with a criminal justice agency;

2. Is a defendant in a criminal prosecution;

3. Is a candidate for admission to The Florida Bar;

4. Is seeking to be employed or licensed by or to contract with the Department of Children and Families, the Division of Vocational Rehabilitation within the Department of Education, the Agency for Health Care Administration, the Agency for Persons with Disabilities, the Department of Health, the Department of Elderly Affairs, or the Department of Juvenile Justice or to be employed or used by such contractor or licensee in a sensitive position having direct contact with children, the disabled, or the elderly;

5. Is seeking to be employed or licensed by the Department of Education, any district school board, any university laboratory school, any charter school, any private or parochial

school, or any local governmental entity that licenses child care facilities;

6. Is seeking to be licensed by the Division of Insurance Agent and Agency Services within the Department of Financial Services; or

7. Is seeking to be appointed as a guardian pursuant to s. 744.3125.

(b) Subject to the exceptions in paragraph (a), a person who has been granted an expunction under this section may not be held under any provision of law of this state to commit perjury or to be otherwise liable for giving a false statement by reason of such person's failure to recite or acknowledge an expunged criminal history record.

(7) RELATION TO OTHER LAWS ON EXPUNCTION OR SEALING.—Expunction or sealing granted under this section does not prevent the person who receives such relief from petitioning for the expunction or sealing of a criminal history record as provided for in ss. 943.0583, 943.0585, and 943.059, if the person is otherwise eligible under those sections.

Section 2. This act shall take effect July 1, 2021.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 470 is the public records exemption bill linked to CS/SB 468. The bill provides that criminal history records relating to certain misdemeanor cannabis offenses that have been expunged and are retained by the Florida Department of Law Enforcement (FDLE) are confidential and exempt from public disclosure. Exceptions permit specified entities to access such records for limited purposes. CS/SB 468 creates section 943.0586, Florida Statutes, providing for the expunction of certain criminal history records relating to the misdemeanor offense of possession of 20 grams or less of cannabis, regardless of disposition.

Additionally, the bill provides that it is a first degree misdemeanor for any employee of a specified entity to disclose information relating to the existence of an expunged criminal history record of a person seeking employment, access authorization, or licensure with such entity or contractor, except to:

- The person to whom the record relates.
- Persons having direct responsibility for employment, access authorization, or licensure decisions.

This bill is subject to the Open Government Sunset Review Act and stands repealed on October 2, 2026, unless reviewed and saved from the repeal through reenactment by the Legislature.

Because this bill creates a public records exemption, it will require a two-thirds vote of each house in order to pass.

This bill takes effect on the same date as CS/SB 468 or similar legislation takes effect. CS/SB 468 is effective on July 1, 2021.

II. Present Situation:

Access to Public Records - Generally

The Florida Constitution provides that the public has the right to inspect or copy records made or received in connection with official governmental business.[1] The right to inspect or copy applies to the official business of any public body, officer, or employee of the state, including all three branches of state government, local governmental entities, and any person acting on behalf of the government.[2]

Additional requirements and exemptions related to public records are found in various statutes and rules, depending on the branch of government involved. For instance, s. 11.0431, F.S., provides public access requirements for legislative records. Relevant exemptions are codified in s. 11.0431(2)-(3), F.S., and the statutory provisions are adopted in the rules of each house of the legislature.[3] Florida Rule of Judicial Administration 2.420 governs public access to judicial branch records.[4] Lastly, ch. 119, F.S., provides requirements for public records held by executive agencies.

Executive Agency Records – The Public Records Act

Chapter 119, F.S., known as the Public Records Act, provides that all state, county, and municipal records are open for personal inspection and copying by any person, and that providing access to public records is a duty of each agency.[5]

A public record includes virtually any document or recording, regardless of its physical form or how it may be transmitted.[6] The Florida Supreme Court has interpreted the statutory definition of "public record" to include "material prepared in connection with official agency business which is intended to perpetuate, communicate, or formalize knowledge of some type."[7]

---

[1] FLA. CONST. art. I, s. 24(a).
[2] *Id*.
[3] *See* Rule 1.48, *Rules and Manual of the Florida Senate*, (2020-2022) and Rule 14.1, *Rules of the Florida House of Representatives*, Edition 1, (2020-2022).
[4] *State v. Wooten*, 260 So. 3d 1060 (Fla. 4th DCA 2018).
[5] Section 119.01(1), F.S. Section 119.011(2), F.S., defines "agency" as "any state, county, district, authority, or municipal officer, department, division, board, bureau, commission, or other separate unit of government created or established by law including, for the purposes of this chapter, the Commission on Ethics, the Public Service Commission, and the Office of Public Counsel, and any other public or private agency, person, partnership, corporation, or business entity acting on behalf of any public agency."
[6] Section 119.011(12), F.S., defines "public record" to mean "all documents, papers, letters, maps, books, tapes, photographs, films, sound recordings, data processing software, or other material, regardless of the physical form, characteristics, or means of transmission, made or received pursuant to law or ordinance or in connection with the transaction of official business by any agency."
[7] *Shevin v. Byron, Harless, Schaffer, Reid and Assoc., Inc*., 379 So. 2d 633, 640 (Fla. 1980).

The Florida Statutes specify conditions under which public access to public records must be provided. The Public Records Act guarantees every person's right to inspect and copy any public record at any reasonable time, under reasonable conditions, and under supervision by the custodian of the public record.[8] A violation of the Public Records Act may result in civil or criminal liability.[9]

The Legislature may exempt public records from public access requirements by passing a general law by a two-thirds vote of both the House and the Senate.[10] The exemption must state with specificity the public necessity justifying the exemption and must be no broader than necessary to accomplish the stated purpose of the exemption.[11]

General exemptions from the public records requirements are contained in the Public Records Act.[12] Specific exemptions often are placed in the substantive statutes relating to a particular agency or program.[13]

When creating a public records exemption, the Legislature may provide that a record is "exempt" or "confidential and exempt." Custodians of records designated as "exempt" are not prohibited from disclosing the record; rather, the exemption means that the custodian cannot be compelled to disclose the record.[14] Custodians of records designated as "confidential and exempt" may not disclose the record except under circumstances specifically defined by the Legislature.[15]

Open Government Sunset Review Act

The Open Government Sunset Review Act[16] (the Act) prescribes a legislative review process for newly created or substantially amended[17] public records or open meetings exemptions, with specified exceptions.[18] It requires the automatic repeal of such exemption on October 2nd of the fifth year after creation or substantial amendment, unless the Legislature reenacts the exemption.[19]

---

[8] Section 119.07(1)(a), F.S.
[9] Section 119.10, F.S. Public records laws are found throughout the Florida Statutes, as are the penalties for violating those laws.
[10] FLA. CONST. art. I, s. 24(c).
[11] *Id*. *See, e.g.*, *Halifax Hosp. Medical Center v. News-Journal Corp.*, 724 So. 2d 567 (Fla. 1999) (holding that a public meetings exemption was unconstitutional because the statement of public necessity did not define important terms and did not justify the breadth of the exemption); *Baker County Press, Inc. v. Baker County Medical Services, Inc.*, 870 So. 2d 189 (Fla. 1st DCA 2004) (holding that a statutory provision written to bring another party within an existing public records exemption is unconstitutional without a public necessity statement).
[12] *See, e.g.*, s. 119.071(1)(a), F.S. (exempting from public disclosure examination questions and answer sheets of examinations administered by a governmental agency for the purpose of licensure).
[13] *See, e.g.*, s. 213.053(2)(a), F.S. (exempting from public disclosure information contained in tax returns received by the Department of Revenue).
[14] *See Williams v. City of Minneola*, 575 So. 2d 683, 687 (Fla. 5th DCA 1991).
[15] *WFTV, Inc. v. The School Board of Seminole*, 874 So. 2d 48 (Fla. 5th DCA 2004).
[16] Section 119.15, F.S.
[17] An exemption is considered to be substantially amended if it is expanded to include more records or information or to include meetings as well as records. Section 119.15(4)(b), F.S.
[18] Section 119.15(2)(a) and (b), F.S., provides that exemptions that are required by federal law or are applicable solely to the Legislature or the State Court System are not subject to the Open Government Sunset Review Act.
[19] Section 119.15(3), F.S.

The Act provides that a public records or open meetings exemption may be created or maintained only if it serves an identifiable public purpose and is no broader than is necessary.[20] An exemption serves an identifiable purpose if it meets one of the following purposes *and* the Legislature finds that the purpose of the exemption outweighs open government policy and cannot be accomplished without the exemption:

- It allows the state or its political subdivisions to effectively and efficiently administer a governmental program, and administration would be significantly impaired without the exemption;[21]
- It protects sensitive, personal information, the release of which would be defamatory, cause unwarranted damage to the good name or reputation of the individual, or would jeopardize the individual's safety. If this public purpose is cited as the basis of an exemption; however, only personal identifying information is exempt;[22] or
- It protects information of a confidential nature concerning entities, such as trade or business secrets.[23]

The Act also requires specified questions to be considered during the review process.[24] In examining an exemption, the Act directs the Legislature to carefully question the purpose and necessity of reenacting the exemption.

If the exemption is continued and expanded, then a public necessity statement and a two-thirds vote for passage are required.[25] If the exemption is continued without substantive changes or if the exemption is continued and narrowed, then a public necessity statement and a two-thirds vote for passage are *not* required. If the Legislature allows an exemption to sunset, the previously exempt records will remain exempt unless provided for by law.[26]

Expunction

A criminal history record includes any non-judicial record maintained by a criminal justice agency[27] that contains criminal history information.[28] Criminal history information is information collected by criminal justice agencies and consists of identifiable descriptions of

[20] Section 119.15(6)(b), F.S.
[21] Section 119.15(6)(b)1., F.S.
[22] Section 119.15(6)(b)2., F.S.
[23] Section 119.15(6)(b)3., F.S.
[24] Section 119.15(6)(a), F.S. The specified questions are:
- What specific records or meetings are affected by the exemption?
- Whom does the exemption uniquely affect, as opposed to the general public?
- What is the identifiable public purpose or goal of the exemption?
- Can the information contained in the records or discussed in the meeting be readily obtained by alternative means? If so, how?
- Is the record or meeting protected by another exemption?
- Are there multiple exemptions for the same type of record or meeting that it would be appropriate to merge?

[25] *See generally* s. 119.15, F.S.
[26] Section 119.15(7), F.S.
[27] Section 943.045(11), F.S., provides that criminal justice agencies include the court, the FDLE, the Department of Juvenile Justice, components of the Department of Children and Families, and other governmental agencies that administrate criminal justice.
[28] Section 943.045(6), F.S.

individuals and notations of arrests, detentions, indictments, information, other formal criminal charges, and criminal dispositions.[29]

A person may have his or her criminal history record expunged under certain circumstances.[30] When a record is expunged, the criminal justice agencies possessing such record must physically destroy or obliterate it. The FDLE maintains a copy of the record to evaluate subsequent requests for sealing or expunction, and to recreate the record in the event a court vacates the order to expunge.[31] The criminal history record retained by the FDLE is confidential and exempt.[32] Once the record is expunged, a person may lawfully deny or fail to acknowledge the arrests covered by the expunged record, subject to exceptions.[33]

SB 468 Expunction of Criminal History Records Relating to Certain Cannabis Offenses

CS/SB 468 creates s. 943.0586, F.S., providing for the expunction of certain criminal history records relating to the misdemeanor offense of possession of 20 grams or less of cannabis, regardless of disposition. The language in the bill closely mirrors the procedures and requirements for court ordered expunction under s. 943.0585, F.S.

The bill provides that a person may only receive one expunction under this section, and may only petition the court for an expunction after at least one year has elapsed since the disposition of the criminal activity to which the petition pertains, and he or she is no longer under court supervision. A person who receives an expunction under this section is not precluded from seeking a sealing or expunction provided under any other section of law.

III. Effect of Proposed Changes:

CS/SB 470 is the public records exemption bill linked to CS/SB 468. The bill provides that criminal history records relating to certain misdemeanor cannabis offenses that have been expunged and are retained by the FDLE are confidential and exempt from s. 119.07(1), F.S., and article I, section 24(a) of the State Constitution. The bill provides exceptions to permit specified entities to access such records for limited purposes. The FDLE must disclose the existence of a criminal history record ordered expunged to specified entities for their respective licensing, access authorization, employment purposes, and to criminal justice agencies for criminal justice purposes. Such entities include:

- Criminal justice agencies.
- The Florida Bar.
- The Department of Children and Families.
- The Division of Vocational Rehabilitation with the Department of Education.
- The Agency for Health Care Administration.
- The Agency for Persons with Disabilities.
- The Department of Health.
- The Department of Elderly Affairs.

[29] Section 943.045(5), F.S.
[30] Sections 943.0581, 943.0582, 943.0583, and 943.0585, F.S.
[31] Section 943.045(16), F.S.
[32] Section 943.0585(6)(a), F.S.
[33] Section 943.0585(6), F.S.

- The Department of Juvenile Justice.
- Any district school board, university laboratory school, charter school, private or parochial school, or local governmental entity that licenses child care facilities.
- The Division of Insurance Agent and Agency Services within the Department of Financial Services.
- The guardian ad litem program.

The bill creates a first degree misdemeanor for any employee of an entity listed above to disclose information relating to the existence of an expunged criminal history record of a person seeking employment, access authorization, or licensure with such entity or contractor, except to:

- The person to whom the record relates.
- Persons having direct responsibility for employment, access authorization, or licensure decisions.

This subsection is subject to the Open Government Sunset Review Act and stands repealed on October 2, 2026, unless reviewed and saved from the repeal through reenactment by the Legislature.

This bill provides a public necessity statement as required by article I, section 24(c) of the State Constitution. The public necessity statement provides that:

> The Legislature finds that it is a public necessity that individuals who petition a court and are granted expunction of certain low-level and nonviolent criminal history records have such criminal history records made confidential and exempt from s. 119.07(1), Florida Statutes, and s. 24(a), Article I of the State Constitution. The Legislature recognizes the disproportionate harm that criminalizing the purchase or possession of small amounts of cannabis has had on minorities and disadvantaged communities. The Legislature further recognizes the trends in this state, and nationally, of counties and localities decriminalizing the purchase or possession of small amounts of cannabis. Without this public records exemption, individuals with such low-level and nonviolent criminal history records who are granted expunction of such records might not be able to seek gainful employment and become productive, contributing members of this state. For these reasons, the Legislature finds that it is a public necessity that such records be made confidential and exempt.

This bill takes effect on the same date as CS/SB 468 or similar legislation takes effect. As currently in the Senate, CS/SB 468 is effective July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

The bill does not require counties or municipalities to spend funds or limit their authority to raise revenue or receive state-shared revenues as specified in article VII, section 18 of the Florida Constitution.

B. Public Records/Open Meetings Issues:

Vote Requirement

Article I, s. 24(c) of the State Constitution requires a two-thirds vote of the members present and voting for final passage of a newly created or expanded public records or public meeting exemption. The bill creates a public record exemption for a judicial record that is expunged, and therefore, requires a two-thirds vote for final passage.

Public Necessity Statement

Article I, s. 24(c) of the State Constitution requires a public necessity statement for a newly created or expanded public record or public meeting exemption. The bill creates a public record exemption for a judicial record that is expunged. Section 2 of the bill provides a public necessity statement.

Breadth of Exemption

Article I, s. 24(c) of the State Constitution requires a newly created public record or public meeting exemption to be no broader than necessary to accomplish the stated purpose of the law. The bill makes confidential and exempt limited criminal history records. The exemption does not appear to be in conflict with the constitutional requirement that the exemption be no broader than necessary to accomplish its purpose.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

VI. None. Technical Deficiencies:

The Open Government Sunset Review repeal language refers to repeal of the entire section, but perhaps should only repeal subsection (8) of s. 943.0586, F.S.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill creates subsection (8) in section 943.0586, Florida Statutes, which section is created by companion bill, CS/SB 468.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Judiciary on March 15, 2020:
The committee substitute added references to the companion bill SB 468, added exceptions to the public records exemption consistent with changes made by amendment to SB 468 at the same committee meeting, and added a first degree misdemeanor related to those exceptions, which is consistent with similar public records laws.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Judiciary; and Senator Bracy

590-02873-21 2021470c1

A bill to be entitled

An act relating to public records; amending s. 943.0586, F.S.; providing an exemption from public records requirements for specified expunged criminal history records; providing exceptions; providing criminal penalties; providing for future legislative review and repeal of the exemption; providing a statement of public necessity; providing a contingent effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (8) is added to section 943.0586, Florida Statutes, as created by SB 468 or similar legislation, 2021 Regular Session, to read:

943.0586 Expunction of criminal history records relating to qualifying cannabis offenses.—

(8) PUBLIC RECORDS.—A criminal history record ordered expunged under this section which is retained by the department is confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution, except that the department shall disclose the existence of a criminal history record ordered expunged to the entities set forth in subparagraphs (6)(a)1. and 3.-7. for their respective licensing, access authorization, and employment purposes and to criminal justice agencies for their respective criminal justice purposes. It is unlawful for any employee of an entity set forth in subparagraph (6)(a)1., subparagraph (6)(a)3., subparagraph (6)(a)4., subparagraph (6)(a)5., subparagraph (6)(a)6., or subparagraph (6)(a)7. to

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

590-02873-21 2021470c1

disclose information relating to the existence of an expunged criminal history record of a person seeking employment, access authorization, or licensure with such entity or contractor, except to the person to whom the criminal history record relates or to persons having direct responsibility for employment, access authorization, or licensure decisions. A person who violates this subsection commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083. This section is subject to the Open Government Sunset Review Act in accordance with s. 119.15 and shall stand repealed on October 2, 2026, unless reviewed and saved from repeal through reenactment by the Legislature.

Section 2. The Legislature finds that it is a public necessity that individuals who petition a court and are granted expunction of certain low-level and nonviolent criminal history records have such criminal history records made confidential and exempt from s. 119.07(1), Florida Statutes, and s. 24(a), Article I of the State Constitution. The Legislature recognizes the disproportionate harm that criminalizing the purchase or possession of small amounts of cannabis has had on minorities and disadvantaged communities. The Legislature further recognizes the trends in this state, and nationally, of counties and localities decriminalizing the purchase or possession of small amounts of cannabis. The Legislature also recognizes the need for certain limited exceptions are necessary for public safety. Without this public records exemption, individuals having such low-level and nonviolent criminal history records who are granted expunction of such records might not be able to seek gainful employment and become productive, contributing

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

members of this state. For these reasons, the Legislature finds that it is a public necessity that such records be made confidential and exempt.

Section 3. This act shall take effect on the same date that SB 468 or similar legislation takes effect, if such legislation is adopted in the same legislative session or an extension thereof and becomes a law.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/SB 506
INTRODUCER:	Governmental Oversight and Accountability Committee and Senator Garcia
SUBJECT:	Transparency in Government Spending
DATE:	April 14, 2021
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Candelaria	McVaney	GO	**Fav/CS**
2.	Davis	Sadberry	AP	**Favorable**
3.			RC	

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 506 requires a nongovernmental entity that receives at least 50 percent of its annual revenue from state funds or that receives $750,000 or more from state funds in a fiscal year to submit a report to the Department of Management Services (DMS) by January 15 of each year that includes the name, position, and total annual compensation of, including bonuses, exit bonuses, accrued paid time off, severance payments, and incentive payments paid to, each director, board member, chief executive officer, chief financial officer, chief operating officer, or any other person performing equivalent functions. The report must be verified by a director, board member, chief executive officer, chief financial officer, or chief operating officer of the nongovernmental entity.

The bill provides definitions for the terms "nongovernmental entity" and "state funds."

The bill requires the DMS to include on its Florida Has a Right to Know website the information reported by the nongovernmental entities beginning February 1, 2022, and annually thereafter.

The bill requires a nongovernmental entity to post the reported information on its own website, if the nongovernmental entity maintains a website.

The bill provides that, before receiving funds from a governmental entity, a nongovernmental entity that received state funds in the previous year must submit to the governmental entity an attestation verifying that the nongovernmental entity has submitted the required report. A

nongovernmental entity that did *not* receive state funds in the previous year must submit, before receiving funds from a governmental entity, to the governmental entity an attestation verifying that the nongovernmental entity did not receive funding in the previous year.

The bill establishes that, beginning January 15, 2022, a governmental entity may not expend, transfer, or distribute funds to a nongovernmental entity until the nongovernmental entity has complied with the reporting and posting requirements. This prohibition is applicable to payments associated with contracts executed, amended, extended, or renewed on or after July 1, 2021, and any transfers or distributions authorized on or after July 1, 2021.

The bill will have an indeterminate negative fiscal impact. *See* Part V, Fiscal Impact Statement.

The bill takes effect July 1, 2021.

II. Present Situation:

Transparency Florida Act

Section 215.985, F.S., is referred to as the Transparency Government Act (the act). The act mandates the Executive Office of the Governor, in consultation with the appropriations committees of the Senate and the House of Representatives, to establish and maintain a single website that provides access to all other websites required under s. 215.985, F.S. The single website, and other websites must:

- Be constructed for usability and provide an intuitive user experience.
- Provide a consistent visual design, interaction or navigation design, and information or data presentation.
- Be deployed in compliance with the Americans with Disabilities Act.
- Be compatible with all major web browsers.

The outcome of this requirement has been the single webpage known as "Transparency Florida,"[1] an initiative to ensure accountability in how the state spends its money. The Transparency Florida website allows for Florida citizens to view state budgets, payments, and contracts in order to hold state government accountable. The website provides links to:

- State Financials (budget, spending, and related information);
- State Payments;
- Florida State Contract Search (FACTS);
- State Contract Audits;
- State Economic Incentives Program;
- Quasi Government Spending;
- Estimated state taxes paid based on income;
- State Financial Reports;
- Local Government Financial Reporting; and
- State Employee Data (Florida Has a Right to Know).

[1] Department of Financial Services, *Transparency Florida, available at* https://www.myfloridacfo.com/Transparency/ (last visited Apr. 5, 2021).

Florida Fiscal Portal

Section 215.985(5), F.S., requires the Executive Office of the Governor to establish and maintain a website that provides information relating to fiscal planning for the state.[2] This website is known as the "Florida Fiscal Portal" and houses a collection of documents that detail the fiscal status of the state. The website includes agency legislative budget requests, the long-range financial outlook, the Governor's budget recommendation, and other fiscal publications.[3] The Office of Policy and Budget in the Executive Office of the Governor ensures all data added to the website remains accessible to the public for 10 years.

Florida Has a Right to Know Website

The DMS is required to maintain a website that provides current information regarding each employee or officer of a state agency, a state university, a Florida College System institution, or the State Board of Administration, regardless of the appropriation category.[4] This website, known as "Florida Has a Right to Know," provides current information relating to each employee or officer including the:

- Name;
- Salary or hourly rate of pay;
- Position number, class code, and class title; and
- Employing agency and budget entity.[5]

The information must be searchable by state agency, state university, Florida College System institution, and State Board Administration, and by employee name, salary range, or class code, and must be downloadable in a format that allows offline analysis.[6]

Florida Accountability Contract Tracking System

The Chief Financial Officer (CFO) is required to establish and maintain a secure contract tracking system available for viewing and downloading by the public through a secure website.[7] The Department of Financial Services (DFS) maintains and updates the contract tracking system. The tracking system contains contracts, grant awards, and amendments to contracts.

Within 30 days after executing a contract, each state entity is required to post the following information relating to the contract on the contract tracking system:

- The names of the contracting entities;
- The procurement method;
- The contract beginning and ending dates;
- The nature or type of commodities or services purchased;
- Applicable contract unit prices and deliverables;
- Total compensation to be paid or received under the contract;
- All payments made to the contractor to date;

[2] Section 215.985(5), F.S.
[3] Florida Fiscal Portal, *available at* http://floridafiscalportal.state.fl.us/Home.aspx (last visited Apr. 5, 2021).
[4] Section 215.985(6), F.S.
[5] Section 215.985(6)(a), F.S.
[6] Section 215.985(6)(b), F.S.
[7] Section 215.985(14), F.S.

- Applicable contract performance measures;
- If a competitive solicitation was not used to procure the goods and services, the justification of the action, including citation to a statutory exemption from competitive solicitation if any; and
- Electronic copies of the contract and procurement documents that have been redacted to exclude confidential information or exempt information.[8]

Within 30 calendar days after an amendment to an existing contract, the state entity that is a party to the contract must update the information on the contract tracking system.

Records made available on the contract tracking system may not reveal information made confidential or exempt by law. Each state entity that is a party to a contract must redact confidential and exempt information from the contract and procurement documents before posting an electronic copy on the contract tracking system.[9] A request to redact confidential and exempt information must be made in writing and delivered by mail, facsimile, electronic transmission, or in person to the state entity. The CFO, and the DFS, or an employee thereof, is not responsible for redacting confidential or exempt information contained on the system or the failure of a state entity to redact the confidential or exempt information. The CFO may regulate and prohibit the posting of records that could facilitate identity theft or fraud. Such action by the CFO does not supersede the duty of a public entity to provide a copy of a public record upon request.[10]

Verification of Documents

Section 92.525, F.S., specifies that the requirement that a document be verified means that the document must be signed or executed by a person and that the person must state under oath (affirmation) that the facts or matters stated or recited in the document are true or other words to that effect. A document may be verified in three ways:

- Under oath or affirmation taken or administered before an officer authorized under s. 92.50, F.S., to administer oaths;
- Under oath or affirmation taken or administered by an officer authorized under s. 117.10, F.S., to administer oaths; or
- By the signing of the written declaration prescribed in s. 92.525(2), F.S.[11,12]

III. Effect of Proposed Changes:

Section 1 amends s. 215.985, F.S., to expand transparency in government spending.

[8] Section 215.985(14)(a), F.S.
[9] Section 215.985(14)(d), F.S.
[10] Section 215.985(14)(f), F.S.
[11] Section 92.525(2), F.S., provides that a written declaration means the following statement: "Under penalties of perjury, I declare that I have read the foregoing [document] and that the facts stated in it are true," followed by the signature of the person making the declaration, except when a verification on information or belief is permitted by law, in which case the words "to the best of my knowledge and belief" may be added. The written declaration shall be printed or typed at the end of or immediately below the document being verified and above the signature of the person making the declaration.
[12] Section 92.525(1), F.S.

The term "nongovernmental entity" is defined as a nonprofit corporation.

The term "state funds" is defined to mean funds paid from the General Revenue Fund or any state trust fund, funds allocated by the Federal Government and distributed by the state, or funds appropriated by the state for distribution through any grant program.

This section requires a nongovernmental entity that receives at least 50 percent of its annual revenue, calculated using the nongovernmental entity's fiscal year, from state funds or that receives $750,000 or more from state funds in a fiscal year, to submit a report to the DMS by January 15 of each year that lists the name, position, and total annual compensation of, including bonuses, exit bonuses, accrued paid time off, severance payments, and incentive payments paid to each director, board member, chief executive officer, chief financial officer, chief operating officer, or any other person performing equivalent functions of the nongovernmental entity. The report must be verified as provided in s. 92.525, F.S., by a director, board member, chief executive officer, chief financial officer, or chief operating officer of the nongovernmental entity. Beginning February 1, 2022, and annually thereafter, the DMS must post the submitted information on its Florida Has a Right to Know website. In addition, the nongovernmental entity must post the same information on its own website if it maintains a website.

Before receiving funds from a governmental entity, a nongovernmental entity must attest that it has received state funds above the applicable thresholds in the previous year and has submitted the report required to the DMS, or that it did not receive funding meeting those thresholds in the previous year.

Beginning January 15, 2022, a governmental entity may not expend, transfer, or distribute funds to a nongovernmental entity until the nongovernmental entity has complied with the requirements of the bill. This prohibition is applicable to payments associated with contracts executed, amended, extended, or renewed on or after July 1, 2021, and any transfers or distributions authorized on or after July 1, 2021.

Section 2 provides that the bill take effect July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

The bill will have an indeterminate fiscal impact on private sector organizations. A nonprofit corporation may experience costs associated with complying with the reporting requirement and including the reported information on its own website, if it maintains one. Further, nongovernmental entities will incur additional workload and costs associated with verifying the attestation being submitted to the affiliated governmental entity.

C. Government Sector Impact:

The DMS will incur additional workload and associated costs resulting from the processing and posting of the data provided by nongovernmental entities. The DMS estimates costs, based on current technology spending for the Florida Has a Right to Know website, will result in a net increase of at least $1,000 annually to maintain the data on the portal.[13]

The bill prohibits governmental entities from expending, transferring, or distributing funds to a nongovernmental entity that is in noncompliance with the requirements of the bill. Governmental entities will experience increased workload and associated costs relating to the determination or confirmation of a nongovernmental entity's compliance before expending, transferring, or distributing funds.

VI. Technical Deficiencies:

None.

VII. Related Issues:

The bill as currently drafted does not appear to provide to noncompliant nongovernmental entities notice or an opportunity to be heard prior to the suspension of funding.

[13] Department of Management Services, *2021 Agency Legislative Bill Analysis for CS/SB 506*, at 4 (Mar. 22, 2021) (on file with the Senate Subcommittee on Agriculture, Environment, and General Government).

VIII. Statutes Affected:

This bill substantially amends section 215.985 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Governmental Oversight and Accountability on March 17, 2021:
The CS:

- Provides a definition for "nongovernmental entity" and "state funds."
- Requires a nonprofit corporation that receives at least 50 percent of its annual revenue from state funds or that receives $750,000 or more from state funds in a fiscal year, to submit to the DMS a report providing compensation information of the nongovernmental entities executives.
- Requires the DMS to include on the Florida Has a Right to Know website the information provided by the nongovernmental entity.
- Requires nongovernmental entities, before they receive funds from a governmental entity, to submit to the governmental entity an attestation verifying whether or not the nongovernmental entity submitted the required report if they received funding the previous year.
- Requires nongovernmental entities, before they receive funds from a governmental entity, which did not receive funding in the previous year, to submit to the governmental entity an attestation verifying that the nongovernmental entity did not receive funding in the previous year.
- Prohibits governmental entities from expending, transferring, or distributing funds to a nongovernmental entity until the nongovernmental entity has complied with the reporting requirements.
- Establishes that the provisions of the bill are applicable to payments associated with contracts executed, amended, extended, or renewed on or after July 1, 2021.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Governmental Oversight and Accountability; and Senator Garcia

585-02992-21 2021506c1

A bill to be entitled

An act relating to transparency in government spending; amending s. 215.985, F.S.; defining terms; requiring nongovernmental entities that have received a specified amount of state funds to submit an annual report detailing certain compensation data to the Department of Management Services; requiring such reports to be verified under penalty of perjury; requiring the department to post the information received through such reports on a specified website; requiring a nongovernmental entity to post the reported compensation information on its website; requiring a nongovernmental entity to take certain actions before receiving funds from a governmental entity; prohibiting a governmental entity from expending, transferring, or distributing funds to a nongovernmental entity if compliance with reporting requirements is not met; specifying applicability; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsections (2) and (6) of section 215.985, Florida Statutes, are amended to read:

215.985 Transparency in government spending.—

(2) As used in this section, the term:

(a) "Committee" means the Legislative Auditing Committee.

(b) "Contract" means a written agreement or purchase order issued for the purchase of goods or services or a written

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

585-02992-21 2021506c1

agreement for the receipt of state or federal financial assistance.

(c) "Governmental entity" means a state, regional, county, municipal, special district, or other political subdivision whether executive, judicial, or legislative, including, but not limited to, a department, division, bureau, commission, authority, district, or agency thereof, or public school, Florida College System institution, state university, or associated board.

(d) "Nongovernmental entity" means a nonprofit corporation.

(e) "State funds" means funds paid from the General Revenue Fund or any state trust fund, funds allocated by the Federal Government and distributed by the state, or funds appropriated by the state for distribution through any grant program.

(f) "Website" means a site on the Internet which is easily accessible to the public at no cost and does not require the user to provide information.

(6)(a) The Department of Management Services shall establish and maintain a website that provides current information relating to each employee or officer of a state agency, a state university, a Florida College System institution, or the State Board of Administration, regardless of the appropriation category from which the person is paid.

1.~~(a)~~ For each employee or officer, the information must include, at a minimum, his or her:

a.~~1.~~ Name and salary or hourly rate of pay.

b.~~2.~~ Position number, class code, and class title.

c.~~3.~~ Employing agency and budget entity.

2.~~(b)~~ The information must be searchable by state agency,

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

state university, Florida College System institution, and the State Board of Administration, and by employee name, salary range, or class code and must be downloadable in a format that allows offline analysis.

(b)1. A nongovernmental entity that receives at least 50 percent of its annual revenue, calculated using the nongovernmental entity's fiscal year, from state funds or that receives $750,000 or more in state funds in a fiscal year, must submit to the Department of Management Services by January 15 of each year a report that includes the name, position, and total annual compensation of, including bonuses, exit bonuses, accrued paid time off, severance payments, and incentive payments paid to, each director, board member, chief executive officer, chief financial officer, or chief operating officer or any other person performing equivalent functions. The report must be verified as provided in s. 92.525 by a director, board member, chief executive officer, chief financial officer, or chief operating officer of the nongovernmental entity.

2. Beginning February 1, 2022, and each February 1 thereafter, the Department of Management Services shall include the information reported in subparagraph 1. on the website established under paragraph (a).

3. A nongovernmental entity required to submit a report under subparagraph 1. must post the reported information on its website if the entity maintains a website.

4. Before receiving funds from a governmental entity, a nongovernmental entity that:

a. Received funding subject to this paragraph in the preceding year must submit to the governmental entity an

attestation verified as provided in s. 92.525, that the nongovernmental entity has submitted the report required in subparagraph 1.

b. Did not receive funding subject to this paragraph in the preceding year must submit to the governmental entity an attestation verified as provided in s. 92.525, that the nongovernmental entity has not received funding in the preceding year.

5.a. Beginning January 15, 2022, a governmental entity may not expend, transfer, or distribute funds to a nongovernmental entity until the nongovernmental entity has complied with the requirements of this paragraph.

b. This subparagraph is applicable to payments associated with contracts executed, amended, extended, or renewed on or after July 1, 2021, and any transfers or distributions authorized on or after July 1, 2021.

Section 2. This act shall take effect July 1, 2021.

The Florida Senate

Committee Agenda Request

To: Senator Kelli Stargel, Chair
Committee on Appropriations

Subject: Committee Agenda Request

Date: March 17, 2021

I respectfully request that **Senate Bill #506**, relating to Transparency in Government Spending, be placed on the:

☒ committee agenda at your earliest possible convenience.

☐ next committee agenda.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/CS/SB 694
INTRODUCER:	Appropriation Committee; Community Affairs Committee; and Senator Rodrigues and others
SUBJECT:	Waste Management
DATE:	April 18, 2021 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Schreiber	Rogers	EN	**Favorable**
2.	Paglialonga	Ryon	CA	**Fav/CS**
3.	Reagan	Sadberry	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 694 amends the requirement that a local government must either provide three years' notice before its solid waste collection service displaces a private waste company or pay the displaced company an amount equal to the company's preceding 15 months' gross receipts for the displaced service. The bill requires a local government that displaces a solid waste collection service to provide a three-year notice period *and* pay the displaced company an amount equal to the company's preceding 18 months' gross receipts at the end of the notice period. The bill specifies that this does not apply to any displacement where the local government provided three years notice on or before December 31, 2020.

The bill defines the term "storm-generated yard trash" to expressly include storm-generated debris. It further provides that a private solid waste or debris management service provider is not required to collect such debris unless it is otherwise specified in a contract or agreement with a local government.

The bill also requires the Department of Environmental Protection (DEP) to review and update their 2010 Retail Bags Report. The DEP must submit the updated report with conclusions and recommendations to the Legislature by December 31, 2021. Until such time that the Legislature adopts the recommendations of the DEP, a local government, local governmental agency, or state governmental agency may not enact any rule, regulation, or ordinance regarding use, disposition,

sale, prohibition, restriction, or tax of such auxiliary containers, wrappings, or disposable plastic bags.

The DEP may incur nominal costs while reviewing and updating its 2010 Retail Bags Report.

The bill takes effect July 1, 2021.

II. Present Situation:

Home Rule Authority

The Florida Constitution grants local governments broad home rule authority. Specifically, non-charter county governments may exercise those powers of self-government that are provided by general or special law.[1] Counties operating under a county charter have all powers of self-government not inconsistent with general law or special law approved by vote of the electors.[2] Likewise, municipalities have governmental, corporate, and proprietary powers that enable them to conduct municipal government, perform municipal functions and provide services, and exercise any power for municipal purposes except as otherwise provided by law.[3]

County governments have authority to provide fire protection, ambulance services, parks and recreation, libraries, museums and other cultural facilities, waste and sewage collection and disposal, and water and alternative water supplies.[4] Municipalities are afforded broad home rule powers with the exception of annexation, merger, exercise of extraterritorial power, or subjects prohibited or preempted by the Federal or State Constitution, county charter, or statute.[5]

Solid Waste

Counties have the authority to provide and regulate waste and sewage collection and disposal.[6] A county may require that any person within the county demonstrate the existence of some arrangement or contract by which the person's solid waste[7] will be disposed of in a manner consistent with county ordinance or state or federal law.[8] Counties also have authority to adopt ordinances that govern the disposal of solid waste generated outside the county at the county's solid waste disposal facility.[9]

The DEP is responsible for implementing and enforcing the solid waste management program, which provides guidelines for the storage, separation, processing, recovery, recycling, and

[5] Section 166.021(3), F.S.
[6] Section 125.01(1)(k), F.S.
[7] Section 403.703(36), F.S. "Solid waste" is defined as sludge unregulated under the federal Clean Water Act or Clean Air Act, sludge from a waste treatment works, water supply treatment plant, or air pollution control facility, or garbage, rubbish, refuse, special waste, or other discarded material, including solid, liquid, semisolid, or contained gaseous material resulting from domestic, industrial, commercial, mining, agricultural, or governmental operations.
[8] Section 125.01(1)(k)2., F.S.
[9] Section 403.706(1), F.S.

disposal of solid waste throughout the state.[10] The program is required to include procedures and requirements to ensure cooperative efforts in solid waste management by counties and municipalities and groups of counties and municipalities where appropriate.[11]

Counties are responsible for operating solid waste disposal facilities, which are permitted through the DEP, in order to meet the needs of the incorporated and unincorporated areas of the county[12] and may contract with other persons to fulfill some or all of its solid waste responsibilities.[13] Each county must ensure that municipalities within its boundaries participate in the preparation and implementation of recycling and solid waste management programs through interlocal agreements or other means.[14] In providing services or programs for solid waste management, local governments and state agencies are encouraged to use the most cost-effective means for providing services and are encouraged to contract with private entities for any or all such services or programs to assure that those services are provided on the most cost-effective basis.[15] Local governments are expressly prohibited from discriminating against privately owned solid waste management facilities solely because they are privately owned.[16]

Competition with Private Companies

Section 403.70605, F.S., was enacted in 2000 to address concerns of private waste management companies regarding competition with local governments' solid waste departments for third party service contracts.[17] Private companies were concerned that public entities were able to subsidize their costs with funds from other government operations, allowing the public entities to unfairly compete for contracts.[18]

Solid Waste Collection Services in Direct Competition

Under s. 403.70605, F.S., local governments providing specific solid waste collection services in direct competition with a private company must comply with local environmental, health, and safety standards applicable to private companies providing competitive collection services.[19] Local governments may not enact or enforce any license, permit, registration procedure, or associated fee that:

- Does not apply to the local government and for which there is not a substantially similar requirement that applies to the local government; and
- Provides the local government with a material advantage in its ability to compete with a private company in terms of cost or ability to promptly or efficiently provide such collection services, excluding zoning, land use, or comprehensive plan requirements.[20]

[19] Section 403.70605(1)(a), F.S.
[20] Section 403.70605(1)(a)2., F.S.

When providing solid waste collection services outside of their jurisdiction in competition with private companies, local governments are prohibited from instituting predatory pricing schemes.[21]

A private company in competition with a local government has legal remedies against local government action that violates the statute, including injunctive relief. [22] The private company must notify the local government of the violation and give them 30 days to respond.[23] No injunctive relief is granted if the official action has a reasonable relationship to the health, safety, or welfare of the citizens of the local government, unless a court finds the actual or potential anticompetitive effects outweigh the public benefits of the challenged action.[24]

Displacement of Private Garbage, Trash, and Refuse Collection Services

A local government, or group of local governments, may not displace a private company[25] that provides garbage, trash, or refuse collection without following the requirements under s. 403.70605, F.S. "Displacement" means a local government's provision of a collection service which prohibits a private company from continuing to provide the same service it was providing when the decision to displace was made.[26]

Displacement does not include:

- Public and private sector competition for individual contracts;
- A local government refusing to renew an expiring contract with a private company;
- Local government action in response to an act by a private company that is a threat to public health or safety, or results in a substantial public nuisance;
- Local government action in response to material breach by a private company of its contract with the local government;
- Refusal by a private company to continue operations under the terms and conditions of existing agreement during the three-year notice period;
- Contracts between local governments and private waste companies absent an ordinance that displaces another private company;
- A majority of property owners in the displacement area petitioning for the local governing body to take over collection services;
- Municipal annexations honoring existing solid waste contracts pursuant to law; or
- A private company licensed to provide service for a limited time whose license expires and is not renewed by the local government.[27]

Before displacing a private company, a local government must first hold at least one public hearing, publicly noticed with a separate notice to private companies providing the service within

[21] Section 403.70605(2), F.S.; *see also* ss. 542.18 and 542.19, F.S.

[25] Section 403.70605(4)(b), F.S. "Private company" is defined as "any entity other than a local government or other unit of government that provides solid waste collection services."
[26] Section 403.70605(3)(a), F.S.
[27] *Id.*

the jurisdiction, on the advisability of the local government providing the service.[28] The local government must take measures to provide services within one year of the final public hearing.[29] The local governments must provide three years' notice to a private company before it engages in the actual provision of the service that displaces the company.[30] As an alternative to delaying displacement three years, the local government may pay a displaced company an amount equal to the company's preceding 15 months' gross receipts for the displaced service in the displacement area.[31] The local government and the private company are not prohibited from voluntarily negotiating a different notice period or amount of compensation.[32]

If a private company refuses to continue operations under the terms and conditions of its existing agreement during the three-year notice period, the company is no longer considered displaced and the notice period lapses.[33]

Department of Environmental Protection Retail Bag Report

In response to growing concerns regarding the impact of retail plastic bags on the environment, the Legislature enacted s. 403.7033, F.S., in 2008 to require the DEP to analyze "the need for new or different regulation of auxiliary containers, wrappings, or disposable plastic bags used by consumers to carry products from retail establishments." Section 403.7033, F.S., required the DEP to submit a report with its conclusions and recommendations to the Legislature by February 1, 2010.[34]

Additionally, s. 403.7033, F.S., includes a prohibition on local governments, local governmental agencies, and state government agencies from enacting any rule, regulation, or ordinance regarding the use, disposition, sale, prohibition, restriction, or tax of such auxiliary containers, wrappings, or disposable plastic bags until the Legislature adopts the DEP's recommendations.[35] To date, the Legislature has not adopted any recommendations contained in the report and the prohibition on any rule, regulation, or ordinance regarding use, disposition, sale, prohibition, restriction, or tax of such auxiliary containers, wrappings, or disposable plastic bags remains in effect.

III. Effect of Proposed Changes:

Section 1 amends s. 403.7033, F.S., to require the DEP to review and update their 2010 Retail Bags Report. The DEP must submit the updated report with conclusions and recommendations to the Legislature by December 31, 2021. Until such time that the Legislature adopts the recommendations of the DEP, a local government, local governmental agency, or state governmental agency may not enact any rule, regulation, or ordinance regarding use, disposition, sale, prohibition, restriction, or tax of such auxiliary containers, wrappings, or disposable plastic bags.

[28] Section 403.70605(3)(b), F.S.
[29] Section 403.70605(3)(c), F.S.
[30] *Id.*
[31] *Id*.
[32] *Id*.
[33] Section 403.70605(3)(a)5., F.S.
[34] Section 403.7033, F.S.
[35] *Id*.

Section 2 amends s. 403.70605, F.S., which establishes the process a local government must follow when its provision of a solid waste collection service displaces a private waste company. Under current law, a local government must either provide three years' notice to the private company before beginning the displacing service, or, as an alternative to delaying displacement for three years, the local government may pay the displaced company an amount equal to the company's preceding 15 months' gross receipts for the displaced service. The bill requires local governments to provide the three years' notice *and* pay the private company an amount equal to its preceding 18 months' gross receipts at the end of the three-year notice period.

Section 3 provides that this act does not apply to any displacement if the local government provided three years' notice to the displaced private company or companies on or before December 31, 2020.

Section 4 provides a definition in s. 403.703, F.S., for the term "storm-generated yard trash" as vegetative matter that:

- Results from a tropical storm, a hurricane, a tornado, or any other significant weather event and is located or placed within a federally designated disaster area on public property or a public right-of-way;
- Is eligible for federal reimbursement; and
- Is placed curbside or on public property or a public right-of-way within the 15-day period after the tropical storm, hurricane, tornado, or other significant weather event that is the subject of the federally declared disaster.

The bill further provides the definition expressly includes storm-generated debris, as described in existing law, which is solid waste generated as a result of a storm event that is the subject of an emergency order issued by the DEP.

Section 5 amends s. 403.7071, F.S., to provide that a private solid waste or debris management service provider is not required to collect storm-generated yard trash, unless otherwise specified in a contract or franchise agreement between a local government and a private service provider. **Section 6** provides an effective date of July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

There may be an indeterminate, positive economic impact on the private sector because the bill deletes the authorization in current law for local governments to pay the displaced company 15 months of gross receipts instead of providing three year's notice so that the displaced companies are assured three years' notice prior to displacement and 18 months of gross receipts when their service ends.

C. Government Sector Impact:

There may be an indeterminate, negative fiscal impact on local governments because the bill deletes the authorization in current law for local governments to pay the displaced company 15 months of gross receipts instead of providing three year's notice so that the displaced companies are assured three years' notice prior to displacement and 18 months of gross receipts when their service ends.

The DEP may incur nominal costs while reviewing and updating its 2010 Retail Bags Report.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 403.7033 and 403.70605.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Appropriations Committee on April 15, 2021:
The committee substitute:

- Removes a deletion to retain a provision authorizing local governments and displaced private waste companies to voluntarily negotiate a notice period or amount of compensation different from those provided in statute.
- Specifies that the bill does not apply to any displacement where the local government provided three years' notice to the displaced private company(s) on or before December 31, 2020.
- Creates a new definition for part IV of ch. 403, F.S., defining "storm-generated yard trash" as vegetative matter that:
  - Results from a tropical storm, a hurricane, a tornado, or any other significant weather event and is located or placed within a federally designated disaster area on public property or a public right-of-way;
  - Is eligible for federal reimbursement; and
- Is placed curbside or on public property or a public right-of-way within the 15-day period after the tropical storm, hurricane, tornado, or other significant weather event that is the subject of the federally declared disaster.
- Provides the definition expressly includes storm-generated debris, as described in existing law, which is solid waste generated as a result of a storm event that is the subject of an emergency order issued by the Department of Environmental Protection.
- Provides that a private solid waste or debris management service provider is not required to collect storm-generated yard trash, unless otherwise specified in a contract or franchise agreement between a local government and a private service provider.

CS by Community Affairs on March 30, 2021:
The committee substitute adds the provision requiring the DEP to review and update the its 2010 Retail Bags Report and changes the title of the bill to "an act relating to waste management."

B. Amendments:

None.

The Committee on Appropriations (Rodrigues) recommended the following:

Senate Amendment (with title amendment)

Between lines 64 and 65

insert:

Section 3. Present subsections (42) through (47) of section 403.703, Florida Statutes, are redesignated as subsections (43) through (48), respectively, and a new subsection (42) is added to that section, to read:

403.703 Definitions.—As used in this part, the term:

(42)(a) "Storm-generated yard trash" means vegetative

403980

matter that:

1. Results from a tropical storm, a hurricane, a tornado, or any other significant weather event and is located or placed within a federally designated disaster area on public property or a public right-of-way;

2. Is eligible for federal reimbursement under 42 U.S.C. s. 5121 et seq.; and

3. Is placed curbside or on public property or a public right-of-way within the 15-day period after the tropical storm, hurricane, tornado, or other significant weather event that is the subject of the federally declared disaster.

(b) The term includes storm-generated debris under s. 403.7071.

Section 4. Subsection (7) is added to section 403.7071, Florida Statutes, and subsection (6) of that section is reenacted, to read:

403.7071 Management of storm-generated debris.—Solid waste generated as a result of a storm event that is the subject of an emergency order issued by the department may be managed as follows:

(6) Local governments or their agents may conduct the burning of storm-generated yard trash, other storm-generated vegetative debris, or untreated wood from construction and demolition debris in air-curtain incinerators without prior notice to the department. Within 10 days after commencing such burning, the local government shall notify the department in writing describing the general nature of the materials burned; the location and method of burning; and the name, address, and telephone number of the representative of the local government

403980

to contact concerning the work. The operator of the air-curtain incinerator is subject to any requirement of the Florida Forest Service or of any other agency concerning authorization to conduct open burning. Any person conducting open burning of vegetative debris is also subject to such requirements.

(7) Unless otherwise specified in a contract or franchise agreement between a local government and a private solid waste or debris management service provider, a private solid waste or debris management service provider is not required to collect storm-generated yard trash.

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/CS/SB 748 revises a broad range of statutes that govern the operation of the court system. Some of the diverse changes are made to accommodate developments in technology, some reflect the impact COVID-19 has had on the court system, and one change recognizes the effect of inflation on the monetary jurisdictional thresholds in the county courts.

- The bill updates provisions controlling the maintenance of appellate court records to allow the electronic storage of court records at a remote location. These provisions are updated to keep pace with electronic technology rather than require the court clerk to keep manual control of the records.
- The clerks of court, working with the Florida Courts Technology Commission, must prepare a plan to procure or develop a statewide electronic solution that identifies all civil and criminal mandatory financial assessments required by statute.
- The jurisdictional amount of county courts will be adjusted beginning in 2030, and every 10 years afterwards, to account for inflation based on changes in the Consumer Price Index.
- The jurisdictional limit must be rounded to the nearest $5,000, but no lower than $50,000. The Office of Economic and Demographic Research (EDR) must calculate the adjusted jurisdictional limit and certify it to the Chief Justice of the Supreme Court beginning January 31, 2030 and every 10 years thereafter.
- The EDR and the Office of the State Courts Administrator (OSCA) must publish the adjusted jurisdictional limit to their websites.

- The bill authorizes a person to postpone for jury service for up to 1 year when a public health emergency or a state of emergency is declared.
- Finally, the bill revises three criminal statutes to authorize the taking and certification of fingerprints when a guilty judgment is entered in a proceeding that is conducted remotely. The fingerprints no longer must be taken in open court and in the judge's presence.

The bill takes effect July 1, 2021.

II. Present Situation:

Responsibilities of the Clerk of the Florida Supreme Court

Chapter 25, F.S., is devoted to the organization and operation of the Florida Supreme Court. Among the provisions in the chapter are two statutes detailing the responsibilities of the Clerk of the Supreme Court. The clerk must keep all books, papers, records, files, and the seal of the Court in the clerk's office in the Supreme Court Building and in his or her custody.[1]

Additionally, any decisions and opinions delivered by the Court or any justice must be filed and remain in the clerk's office. These decisions and opinions may not be removed unless ordered by the Court. The clerk is required to furnish certified copies of the decisions and opinions to any person who requests them and pays the necessary fees.[2] These statutes do not accommodate the developments in technology that allow for digital storage in a remote location.

Mandatory Monetary Assessments

The clerks of the circuit courts were required, by October 1, 2012, to develop a uniform form for the identification and imposition of all assessments mandated by statute. The clerks were required to work with their association and in consultation with the Office of the State Courts Administrator to develop the form. An assessment includes, but is not limited to, a fine or other monetary penalty, fee, service charge, or cost. The clerks are currently required to submit that form by October 1 of each year to the Supreme Court for approval. The form must contain updates to reflect recent changes made in the law. Once a form is approved by the Court, all circuit and county courts must use the form.[3]

According to information supplied in the *Judicial Branch 2021 Legislative Agenda*, the clerks' association, the Florida Court Clerks and Comptrollers, submitted the initial form matrix as required on October 1, 2012, and updated the form annually. The matrix is a catalogue of mandatory and discretionary fines, fees, charges, and costs in many areas, both civil and criminal. It provides the necessary statutory authority for each item with a brief description, states whether the item is mandatory or discretionary, provides the minimum and maximum amounts authorized, and often contains brief comments on the assessment.[4] *The Judicial Branch 2021 Legislative Agenda* further states that the Supreme Court has never approved the form

[1] Section 25.221, F.S.
[2] Section 25.301, F.S.
[3] Section 28.2457(1), (2), and (3), F.S.
[4] Office of Legislative Affairs, Office of the State Courts Administrator, *Judicial Branch 2021 Legislative Agenda*, (January 21, 2021) (on file with the Senate Committee on Judiciary).

matrix because of "concerns that it is not a form within the meaning of the statute." However, the chief justice has provided the document each year to the chief judges of the trial courts for their use as a possible resource.[5]

The Judicial Management Council's Workgroup on Court Costs and Fines[6] was established on December 31, 2018, within the Judicial Management Council. Its purpose is to review monetary assessments and identify methods that will reduce the disproportionate impact the assessments have on low income individuals.[7] In June 2020, the Workgroup finalized its report, *Court Costs and Fines in Florida*, and the report was approved by the Judicial Management Council on August 31, 2020. The Workgroup recommended:

- Removing from statute the requirement for a uniform form for identifying and imposing assessments that the clerks produce; and
- Working in cooperation with the clerks of court to develop reforms, using an electronic system, to standardize the ability to identify and impose assessments and payments.

The Supreme Court approved these recommendations on November 4, 2020, at the Court Conference for consideration by the Legislature.[8]

Jurisdictional Amount of County Courts

A county court is a trial court that has jurisdiction over the following types of cases within its jurisdictional or monetary limits:

- All criminal misdemeanor cases not cognizable by the circuit courts.
- All violations of municipal and county ordinances.
- Disputes occurring in homeowner associations, but this jurisdiction is concurrent with the jurisdiction of the circuit courts.[9]

The statute governing the jurisdiction of county courts was amended in 2018 to increase the maximum jurisdictional amount of county courts in a three-step process. For all actions, except those within the exclusive jurisdiction of the circuit courts, in which the matter in controversy does not exceed, exclusive of interest, costs, and attorney fees, the jurisdictional amount is:

- $15,000 if filed on or before December 31, 2019.
- $30,000 if filed on or after January 1, 2020.
- $50,000 if filed on or after January 1, 2023.[10]

---

[6] The Judicial Management Councils are described as "high-level management consultants" to the Florida Supreme Court. The first Judicial Management Council was established in 2012 and the current council is the Court's fifth council. Each council is composed of 15 voting members including the Chief Justice and one other justice, members of each level of the court system, and members from the public. The council meets at least quarterly and is tasked with identifying potential crisis situations for the judiciary and developing strategies to meet those concerns; evaluating information that will improve the effectiveness and performance of the judicial branch; developing and monitoring the judiciary's long-range planning work; reviewing the charges of the courts and Florida Bar commissions and committees, making revisions and proposing ways to coordinate the work of these groups; and addressing issues that the Supreme Court brings before the council. https://www.flcourts.org/Administration-Funding/Judicial-Management-Council

[8] *Judicial Branch Legislative Agenda*, *supra* note 4, at 15.

[9] Section 34.01(1), F.S.

[10] *Id.*; Ch. 2019-58, s. 9, Laws of Fla.

When the statute was amended in 2018, an additional provision was included requiring the Office of the State Courts Administrator to submit a report to the Governor, President of the Senate, and Speaker of the House of Representatives by February 1, 2021. The report was to include recommendations regarding the adjustment of county court jurisdiction that considered the claim value of filings in both county and circuit courts, case events, the timeliness in processing cases, as well as any fiscal impact to the state resulting from the adjusted jurisdictional limits. The clerks of the county and circuit courts were tasked with providing data to assist in developing the report. The report was to include a review of fees to ensure that the court system is adequately funded and a review of the appellate jurisdiction of the district and circuit courts, including the use of appellate panels by circuit courts.

The Office of the State Courts Administrator issued its report entitled "Recommendations Regarding the Adjustment of County Court Jurisdiction" on February 1, 2021.[11]

Maintenance of Appellate Court Records in the District Courts of Appeal

The statutes contain a number of provisions directing how court records are to be stored. Unfortunately, many of these provisions have become outdated and have not kept pace with changes in electronic technology and storage. Section 35.15, F.S., states that all decisions and opinions delivered by the district courts of appeal or one its judges must be filed and remain in the office of the clerk. The decisions and opinions may not be taken from the clerk's office except by court order. However, the clerk must furnish to anyone who desires certified copies of the opinions and decision upon payment of the appropriate fees.

Section 35.24, F.S., requires each clerk for a district court of appeal to physically keep his or her records at the headquarters of the court. This provision does not envision advancements in technology and electronic storage that would permit a clerk to store records electronically at a remote location.

In a similar manner, s. 35.24, F.S., requires that all books, papers, records, files, and the court seal be kept in the clerk's office. This also precludes electronic storage of these items at a remote location.

Jury Duty Postponement

The clerks of the court are responsible for summoning prospective jurors at least 14 days before they are to appear in court for jury selection.[12] If a person is summoned to attend as a juror and fails to attend without providing a sufficient excuse, he or she may be required to pay a fine that does not exceed $100 and may be held in contempt of court.[13]

If someone has been summoned for jury duty, jury service may be postponed for up to 6 months once a written or oral request is made. The request may specify a date or time period to which

[11] Office of the State Courts Administrator, *Recommendations Regarding the Adjustment of County Court Jurisdiction*, (February 1, 2021) (on file with the Senate Committee on Judiciary).
[12] Section 40.23(1), F.S.
[13] Section 40.23(3), F.S.

the service is to be postponed, and if that is stated, he or she will be given consideration for service once the assignment of the postponed date of jury service is made.[14]

According to the *Judicial Branch 2021 Legislative Agenda*, jury service in Florida has been postponed since March 2020 because of the COVID-19 pandemic. Once jury service resumes, some people who are summoned may not be able to attend on a particular date due to complications created by the pandemic. The examples are given that the person summoned might recently have returned to work after being unemployed during the pandemic or might be responsible for the care of someone who is at greater risk of health complications if he or she is exposed to COVID-19.[15]

Fingerprinting a Defendant upon Conviction

The criminal law statutes detail procedures that must be followed when a judgment is entered in certain misdemeanor and all felony offenses. A judgment of guilty or not guilty for a misdemeanor petit theft offense[16] or a felony offense[17] must contain:

- A written record, signed by the judge, and recorded by the clerk of the circuit court; or
- An electronic record that contains the judge's electronic signature and is recorded by the clerk of the circuit court.

To enter a written or electronic judgment of guilt involving petit theft and all felonies, the judge must, in open court, and in the judge's presence, have the defendant's fingerprints taken either manually or electronically, sign a certificate certifying that the fingerprints on the judgment are the defendant's fingerprints and that they were placed on the certificate in the judge's presence, and for a felony judgment, cause the defendant's social security number to be recorded. It is the opinion of some practitioners that these statutes do not appear to allow for a proceeding to be conducted remotely.

III. Effect of Proposed Changes:

Responsibilities of the Clerk of the Florida Supreme Court (Sections 1 and 2)

The requirement that the clerk keep all books, papers, records, files, and the seal in his or her office and custody is amended. The revised language reflects developments in technology and electronic storage and requires that those items be "maintained" by the clerk and in the clerk's "control" as prescribed by the Supreme Court. The clerk is no longer required to physically keep them in the clerk's office and custody but is permitted to electronically store records at a remote location.

[14] Section 40.23(2), F.S.
[15] Office of Legislative Affairs, Office of the State Courts Administrator, *Judicial Branch 2021 Legislative Agenda*, 9 (January 21, 2021) (on file with the Senate Committee on Judiciary.)
[16] Section 812.014(3)(d), F.S.
[17] Section 921.241, F.S.

Mandatory Monetary Assessments (Section 3)

Section 28.2457(2), F.S., is amended to delete the requirements that the uniform form developed by the circuit court clerks be updated and submitted annually to the Supreme Court for approval and later distribution. Under the bill, the clerks of the circuit courts must collaborate with the state courts through the Florida Courts Technology Commission[18] to prepare a plan to procure or develop a statewide electronic solution that will accurately identify all civil and criminal assessments required by statute. At a minimum, the plan must address operational, technological, and fiscal considerations involved in implementing the electronic solution. The clerks must submit the plan to the President of the Senate and the Speaker of the House of Representatives by January 1, 2022.

Jurisdiction Amount of County Courts (Section 4)

The statute defining the jurisdiction of the county courts is amended to delete the now obsolete provision requiring the Office of the State Courts Administrator to publish a report by February 1, 2021.

A new provision is added requiring the $50,000 jurisdictional amount for cases that will be filed on or after January 1, 2023, to be adjusted in accordance with changes in the Consumer Price Index. Effective January 1, 2030, and every 10 years after, the $50,000 limit will be adjusted by The Office of Economic and Demographic Research (EDR), and certified to the Chief Justice of the Supreme Court. The percentage change must be adjusted and increased by the Consumer Price Index for all Urban Consumers, U.S. Average, All Items 1982-84=100, or successor reports, as initially reported by the United States Department of Labor, Bureau of Labor Statistics. . The jurisdictional limit must be rounded to the nearest $5,000, but may not be lower than $50,000. The EDR and the Office of the State Courts Administrator (OSCA) must publish the adjusted jurisdictional limit to their websites.

Maintenance of Appellate Court Records in the District Courts of Appeal (Sections 5, 6, and 7)

Section 35.15, F.S., as amended, no longer requires that decisions and opinions be kept in the physical office of the clerks, but requires them to be kept under the clerk's "maintenance or control." The decisions and opinions, however, may be taken from the clerk's maintenance or control when ordered by the court. These revisions permit the electronic storage of records at a remote location and reflects an adaptation to advancements in technology.

Section 35.23, F.S., is amended to provide that a clerk must no longer "keep his or her records" at the headquarters of the district court of appeal, but rather to "have an office" at the headquarters of the court. This revision permits the use of electronic technology to store records at a remote location in accordance with the revision to s. 35.24, F.S., which no longer requires

[18] The Florida Courts Technology Commission was created by the Florida Supreme Court in 2010. The Commission is composed of 25 members who are tasked with the responsibility of "overseeing, managing, and directing the development and use of technology within the judicial branch under the direction of the Court." The Commission must submit an annual report by April 1 each year.
https://www.flcourts.org/content/download/579375/file/FCTC%20Operational%20Procedures%20-%20Feb%202020.pdf.

the clerk to keep the books, papers, records, files, and the seal of the court in his or her office. As amended, these items must be maintained by, and in the control of, the clerk.

Jury Duty Postponement (Section 8)

The bill creates an additional postponement period of up to 12 months for someone who has been summoned for jury service. If the State Health Officer declares a public health emergency pursuant to s. 381.00315, F.S., or the Governor declares a state of emergency pursuant to s. 252.36(2), F.S., a person who has been summoned may have his or her service postponed from for up to 12 months upon a written or oral request. As with the existing 6 month postponement in statute, the request may specify a date or time period to which the service is to be postponed and may be given consideration when an assignment of jury service is made.

Fingerprinting a Defendant upon Conviction (Sections 9, 10, and 11)

The pandemic has significantly limited the number of in-person criminal court proceedings, which is creating a backlog of pending cases. The Florida Supreme Court's COVID-19 workgroup has studied options for resolving criminal cases remotely without the requirement of proceedings conducted in court. The Workgroup determined that the Florida Rules of Criminal Procedure could be adopted to authorize a criminal defendant to expressly request and be given approval by the court to either enter a plea of guilty or nolo contendere in a remote proceeding using audio-visual technology. To make this possible, the Workgroup has recommended that several statutes be amended.[19]

Because current law requires that a defendant be fingerprinted in open court in the judge's presence, it appears that current laws must be amended to establish a court's authority to take fingerprints at the time a judgment is entered in a remotely conducted proceeding.[20]

Section 812.014, F.S., relating to petit theft, s. 921.241, F.S., relating to felony judgments, and s. 921.242, F.S., relating to prostitution offenses, are amended to:

- Authorize the fingerprinting of a defendant, either manually or electronically, when a guilty judgment is entered in a proceeding that is conducted outside of court or outside of the judge's presence.
- Delete the requirement that a judge must certify that a defendant's fingerprints were taken in open court and in the judge's presence.
- Require that the certification be entered by a court officer, employee of the court, or the employee of a criminal justice agency who captured the fingerprints. If taken manually, the person who took the fingerprints must place his or her written signature on the certification. If taken electronically, he or she must place a written or electronic signature on the certification. The fingerprints and certification must be filed in the case.
- Delete the requirement that a defendant's social security number be taken when his or her fingerprints are taken.

[20] *Id*. at 11.

The bill takes effect July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

None.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 25.221, 25.301, 28.2457, 34.01, 35.15, 35.23, 35.24, 40.23, 812.014, 921.241, and 921.242.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

Recommended CS/CS by Appropriations Subcommittee on Criminal and Civil Justice on March 24, 2021:
The committee substitute requires the jurisdictional limit be rounded to the nearest $5,000, but no lower than $50,000. The Office of Economic and Demographic Research (EDR) must calculate the adjusted jurisdictional limit and certify it to the Chief Justice of the Supreme Court beginning January 31, 2030 and every 10 years thereafter. EDR and the Office of the State Courts Administrator (OSCA) must publish the adjusted jurisdictional limit to their respective websites.

CS by Judiciary Committee on March 2, 2021:
The committee substitute makes changes to the underlying bill in two areas: mandatory monetary assessments and fingerprinting defendants. The clerks of court must work with the Florida Courts Technology Commission to develop a plan for a technology solution that tracks all civil and criminal monetary assessments. The plan must be submitted to legislative leaders by January 1, 2022. The fingerprinting section now permits fingerprints to be taken manually or electronically, regardless of whether the judgment is a written judgment or electronic judgment. The defendant's fingerprints and the certification of the person who took the fingerprints must be filed in the case in which the judgment is entered.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

Proposed Committee Substitute by the Committee on Appropriations
(Appropriations Subcommittee on Criminal and Civil Justice)

A bill to be entitled

An act relating to courts; amending s. 25.221, F.S.; deleting the requirement that the Clerk of the Supreme Court physically keep books, records, and other materials in the clerk's office; amending s. 25.301, F.S.; deleting the requirement that Supreme Court decisions and orders remain in the clerk's office; amending s. 28.2457, F.S.; requiring the clerks of the circuit court, with specified entities, to prepare a plan to procure or develop a statewide electronic solution to accurately identify all assessments mandated by statute; requiring the plan to address certain considerations relating to the implementation of the electronic solution; requiring the clerks to submit the plan to the Legislature by a specified date; deleting a provision requiring the clerks to annually submit a uniform form for identification and imposition of mandated assessments to the Supreme Court; amending s. 34.01, F.S.; providing for the periodic inflationary adjustment of the monetary jurisdictional limit applicable to all actions at law in county courts filed on or after a specified date, beginning in 2030; requiring the Office of Economic and Demographic Research to periodically calculate and certify such jurisdictional limit to the Chief Justice of the Supreme Court by a specified date; requiring specified entities to publish the adjusted

236698

576-03365-21

jurisdictional limit on their websites; deleting obsolete language; amending s. 35.15, F.S.; deleting the requirement that decisions and orders of district courts of appeal remain in the office of the clerk of any such court; amending s. 35.23, F.S.; requiring the clerk of a district court of appeal to have an office at the headquarters of the court; deleting a requirement that the clerk keep records at the headquarters office; amending s. 35.24, F.S.; deleting the requirement that the clerk of a district court of appeal physically keep books, records, and other materials in the clerk's office; amending s. 40.23, F.S.; authorizing any person who has been summoned for jury service to postpone such service for an additional timeframe in the event of a declared public health emergency or a state of emergency; specifying requirements for any such request; amending s. 812.014, F.S.; removing the requirement that fingerprints be taken in open court and in the judge's presence upon a judgment of guilt of petit theft; authorizing the electronic capture of fingerprints; requiring the court officer, the employee of the court, or the employee of a criminal justice agency who captures fingerprints to sign a specified certification; amending s. 921.241, F.S.; removing the requirement that fingerprints be taken in open court and in the judge's presence upon a judgment of guilt for a felony; authorizing the electronic capture of fingerprints; requiring the court officer, the

employee of the court, or the employee of a criminal justice agency who captures fingerprints to sign a specified certification; conforming a provision to changes made by the act; removing the requirement that a judge obtain a defendant's social security number at the time of fingerprinting; amending s. 921.242, F.S.; removing the requirement that fingerprints be taken in open court and in the judge's presence upon a judgment of guilt for an offense under ch. 796, F.S.; authorizing the electronic capture of fingerprints; requiring the court officer, the employee of the court, or the employee of a criminal justice agency who captures fingerprints to sign a specified certification; conforming a provision to changes made by the act; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 25.221, Florida Statutes, is amended to read:

25.221 Maintenance ~~Custody~~ of books, records, and other materials ~~etc.~~—All books, papers, records, files, and the seal of the Supreme Court must be maintained by ~~shall be kept in the office of~~ the clerk ~~of said court~~ and be in the clerk's control, as prescribed by the Supreme Court ~~custody~~.

Section 2. Section 25.301, Florida Statutes, is amended to read:

25.301 Decisions to be filed; copies to be furnished.—All decisions and opinions delivered by the Supreme ~~said~~ Court, or

any justice thereof, relating ~~in relation~~ to any action or proceeding pending in the ~~said~~ court must ~~shall~~ be filed ~~and remain~~ in the office of the clerk and maintained by the clerk in the manner prescribed by the Supreme Court. Such decisions or opinions may~~, and shall~~ not be taken out from the clerk's maintenance or control except by order of the court; however, the ~~but said~~ clerk must ~~shall at all times be required to~~ furnish certified copies of such opinions and decisions to any person who makes such a request ~~may desire the same certified copies of such opinions and decisions~~, upon receiving any required fees ~~his or her fees therefor~~.

Section 3. Subsection (2) of section 28.2457, Florida Statutes, is amended to read:

28.2457 Mandatory monetary assessments.—

(2) The clerks of the circuit courts shall collaborate with the state courts through the Florida Courts Technology Commission to prepare a plan to procure or develop a statewide electronic solution that will accurately identify all assessments mandated by statute. The plan must, at a minimum, address operational, technological, and fiscal considerations related to the implementation of the electronic solution. The clerks shall submit the plan to the President of the Senate and the Speaker of the House of Representatives no later than January 1, 2022 ~~The clerks of court, through their association and in consultation with the Office of the State Courts Administrator, shall develop by October 1, 2012, a uniform form for the identification and imposition of all assessments mandated by statute. The clerks shall submit the form by that date, and by October 1 every year thereafter if necessary to~~

~~reflect changes in the law, to the Supreme Court for approval. Upon approval of the form by the Supreme Court, all circuit and county courts shall use the form~~.

Section 4. Subsection (1) of section 34.01, Florida Statutes, is amended to read:

34.01 Jurisdiction of county court.—

(1) County courts shall have original jurisdiction:

(a) In all misdemeanor cases not cognizable by the circuit courts.

(b) Of all violations of municipal and county ordinances.

(c) Of all actions at law, except those within the exclusive jurisdiction of the circuit courts, in which the matter in controversy does not exceed, exclusive of interest, costs, and attorney fees:

1. If filed on or before December 31, 2019, the sum of $15,000.

2. If filed on or after January 1, 2020, the sum of $30,000.

3. If filed on or after January 1, 2023, the sum of $50,000.

Effective July 1, 2030, and every 10 years thereafter, the $50,000 jurisdictional limit in subparagraph 3. must be adjusted and increased by the percentage change in the Consumer Price Index for All Urban Consumers, U.S. City Average, All Items 1982-84=100, or successor reports, for the preceding 10 calendar years as initially reported by the United States Department of Labor, Bureau of Labor Statistics. The adjusted jurisdictional limit must be rounded to the nearest $5,000. However, the

jurisdictional limit may not be lower than $50,000. The Office of Economic and Demographic Research must calculate the adjusted jurisdictional limit and certify the adjusted jurisdictional limit to the Chief Justice of the Supreme Court beginning January 31, 2030, and every 10 years thereafter. The Office of Economic and Demographic Research and the Office of the State Courts Administrator must publish the adjusted jurisdictional limit on their websites.

(d) Of disputes occurring in the homeowners' associations as described in s. 720.311(2)(a), which shall be concurrent with jurisdiction of the circuit courts.

~~By February 1, 2021, the Office of the State Courts Administrator shall submit a report to the Governor, the President of the Senate, and the Speaker of the House of Representatives. The report must make recommendations regarding the adjustment of county court jurisdiction, including, but not limited to, consideration of the claim value of filings in county court and circuit court, case events, timeliness in processing cases, and any fiscal impact to the state as a result of adjusted jurisdictional limits. The clerks of the circuit court and county court shall provide claim value data and necessary case event data to the office to be used in development of the report. The report must also include a review of fees to ensure that the court system is adequately funded and a review of the appellate jurisdiction of the district courts and the circuit courts, including the use of appellate panels by circuit courts.~~

Section 5. Section 35.15, Florida Statutes, is amended to

read:

35.15 Decisions to be filed; copies to be furnished.—All decisions and opinions delivered by the district courts of appeal, or any judge thereof, relating ~~in relation~~ to any action or proceeding pending in such ~~said~~ court must ~~shall~~ be filed ~~and remain~~ in the office of the clerk and maintained in the control of the clerk. Such decisions and opinions may~~, and shall~~ not be taken from the clerk's maintenance or control ~~therefrom~~ except by order of the court; however, the ~~but said~~ clerk must ~~shall at all times be required to~~ furnish certified copies of such opinions and decisions to any person who makes such a request ~~may desire the same certified copies of such opinions and decisions~~, upon receiving any required fees ~~his or her fees therefor~~.

Section 6. Section 35.23, Florida Statutes, is amended to read:

35.23 Location of clerk's office.—Each clerk shall have an office ~~keep his or her records~~ at the headquarters of the district court of appeal.

Section 7. Section 35.24, Florida Statutes, is amended to read:

35.24 Maintenance ~~Custody~~ of books, records, and other materials ~~etc~~.—All books, papers, records, files and the seal of each district court of appeal shall be maintained by, and in the control of, ~~kept in the office of~~ the clerk of the ~~said~~ court.

Section 8. Subsection (2) of section 40.23, Florida Statutes, is amended to read:

40.23 Summoning jurors.—

(2) The jury service of any person who has been summoned

may be postponed for a period not to exceed 6 months upon written or oral request. However, if either a public health emergency has been declared by the State Health Officer pursuant to s. 381.00315 or a state of emergency has been declared by the Governor pursuant to s. 252.36(2), the jury service of any person who has been summoned may be postponed for a period not to exceed 12 months upon written or oral request. The request may specify a date or period of time to which service is to be postponed and, if so, shall be given consideration when the assignment of the postponed date of jury service is made.

Section 9. Paragraph (d) of subsection (3) of section 812.014, Florida Statutes, is amended to read:

812.014 Theft.—

(3)

(d)1. A judgment of guilty or not guilty of a petit theft must ~~shall~~ be in:

a. A written record that is signed by the judge and recorded by the clerk of the circuit court; or

b. An electronic record that contains the judge's electronic signature as defined in s. 933.40 and is recorded by the clerk of the circuit court.

2. A ~~At the time a defendant is found guilty of petit theft, the~~ judge shall cause ~~the following to occur in open court and in the judge's presence:~~

~~a. For a written judgment of guilty,~~ the fingerprints of a ~~the~~ defendant who is found guilty of petit theft to ~~against whom such judgment is rendered shall~~ be manually taken or electronically captured ~~and affixed beneath the judge's signature on the judgment~~. ~~Beneath~~ Such fingerprints must be

certified and filed in the case in which the judgment of guilty is entered as provided in s. 921.241(3). ~~shall be appended a certificate to the following effect:~~

~~"I hereby certify that the above and foregoing fingerprints on this judgment are the fingerprints of the defendant, ..., and that they were placed thereon by said defendant in my presence, in open court, this the .... day of ...., ...(year)...."~~

~~Such certificate shall be signed by the judge, whose signature thereto shall be followed by the word "Judge."~~

~~b. For an electronic judgment of guilty, the fingerprints of the defendant must be electronically captured and a certificate must be issued as provided in s. 921.241(3)(b).~~

3. A written or an electronic judgment of guilty of a petit theft, or a certified copy thereof, is admissible in evidence in the courts of this state as provided in s. 921.241(4).

Section 10. Section 921.241, Florida Statutes, is amended to read:

921.241 Felony judgments and~~,~~ fingerprints ~~and social security number~~ required in record.—

(1) As used in this section, the term:

(a) "Electronic signature" has the same meaning as in s. 933.40.

(b) "Transaction control number" means the unique identifier comprised of numbers, letters, or other symbols for a digital fingerprint record generated by the device used to electronically capture the fingerprints.

(2) A judgment of guilty or not guilty of a felony must ~~shall~~ be in:

(a) A written record ~~that is~~ signed by the judge and recorded by the clerk of the court; or

(b) An electronic record that contains the judge's electronic signature and is recorded by the clerk of the court.

(3) A ~~At the time a defendant is found guilty of a felony, the~~ judge shall cause the ~~following to occur in open court and in the judge's presence:~~

~~(a) For a written judgment of guilty, the~~ fingerprints of a ~~the~~ defendant who is found guilty of a felony to ~~shall~~ be manually taken or electronically captured. If the fingerprints are:

(a) Manually taken, the fingerprints must be filed in the case in which ~~and affixed beneath the judge's signature on~~ the judgment of guilty is entered. Beneath such fingerprints shall be appended a certification ~~certificate~~ to the following effect:

"I hereby certify that the above and foregoing fingerprints ~~on this judgment~~ are the fingerprints of the defendant, ..., and that they were placed thereon by said defendant in my presence~~, in open court,~~ this the .... day of ...., ...(year)...."

The court officer, the employee of the court, or the employee of a criminal justice agency who manually took the fingerprints shall place his or her written signature on the certification. ~~Such certificate shall be signed by the judge, whose signature thereto shall be followed by the word "Judge."~~

(b) ~~For an electronic judgment of guilty, the fingerprints of the defendant shall be~~ Electronically captured, ~~and~~ the following certification must ~~certificate shall~~ be filed in the case in which ~~included in~~ the ~~electronic~~ judgment of guilty is entered:

"I hereby certify that the digital fingerprint record associated with Transaction Control Number .... contains the fingerprints of the defendant, ..., which were electronically captured from the defendant in my presence~~, in open court,~~ this the .... day of ...., ...(year)...."

The court officer, the employee of the court, or the employee of a criminal justice agency who electronically captured the fingerprints ~~judge~~ shall place his or her written or electronic signature~~, which shall be followed by the word "Judge,"~~ on the certification ~~certificate~~.

(4) A written or electronic judgment of guilty, or a certified copy thereof, is ~~shall be~~ admissible in evidence in the several courts of this state as prima facie evidence that the:

(a) Manual fingerprints filed in the case in which the judgment of guilty is entered ~~appearing thereon~~ and certified ~~by the judge~~ as specified in this section ~~aforesaid~~ are the fingerprints of the defendant against whom the judgment of guilty was rendered.

(b) Digital fingerprint record associated with the transaction control number specified in the certification required by this section and filed in the case in which the

judgment of guilty is entered ~~judge's certificate~~ contains the fingerprints of the defendant against whom the judgment of guilty was rendered.

~~(5) At the time the defendant's fingerprints are manually taken or electronically captured, the judge shall also cause the defendant's social security number to be taken. The defendant's social security number shall be specified in each written or electronic judgment of guilty of a felony, in open court, in the presence of such judge, and at the time the judgment is rendered. If the defendant is unable or unwilling to provide his or her social security number, the reason for its absence shall be specified in the written or electronic judgment.~~

Section 11. Section 921.242, Florida Statutes, is amended to read:

921.242 Subsequent offenses under chapter 796; method of proof applicable.—

(1) A judgment of guilty with respect to any offense governed by ~~the provisions of~~ chapter 796 must ~~shall~~ be in:

(a) A written record ~~that is~~ signed by the judge and recorded by the clerk of the circuit court; or

(b) An electronic record that contains the judge's electronic signature as defined in s. 933.40 and is recorded by the clerk of the circuit court.

(2) A ~~At the time a defendant is found guilty, the~~ judge shall cause the ~~following to occur in open court and in the judge's presence:~~

~~(a) For a written judgment of guilty, the~~ fingerprints of a ~~the~~ defendant who is found guilty of any offense governed by chapter 796 to ~~against whom such judgment is rendered shall~~ be

manually taken or electronically captured. ~~and affixed beneath the judge's signature on the judgment. Beneath~~ Such fingerprints must be certified and filed in the case in which the judgment of guilty is entered as provided in s. 921.241(3). ~~shall be appended a certificate to the following effect:~~

~~"I hereby certify that the above and foregoing fingerprints are of the defendant, ...(name)..., and that they were placed thereon by said defendant in my presence, in open court, this the .... day of ...., ...(year)...."~~

~~Such certificate shall be signed by the judge, whose signature thereto shall be followed by the word "Judge."~~

~~(b) For an electronic judgment of guilty, the fingerprints of the defendant must be electronically captured, and a certificate must be issued as provided in s. 921.241(3)(b).~~

(3) A written or an electronic judgment of guilty, or a certified copy thereof, is ~~shall be~~ admissible in evidence in the several courts of this state as provided in s. 921.241(4).

Section 12. This act shall take effect July 1, 2021.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/CS/SB 748
INTRODUCER:	Appropriations Committee (Recommended by Appropriations Subcommittee on Criminal and Civil Justice); Judiciary Committee; and Senator Brandes
SUBJECT:	Courts
DATE:	April 16, 2021
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Davis	Cibula	JU	**Fav/CS**
2.	Forbes	Harkness	ACJ	**Recommend: Fav/CS**
3.	Forbes	Sadberry	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 748 revises a broad range of statutes that govern the operation of the court system. Some of the diverse changes are made to accommodate developments in technology, some reflect the impact COVID-19 has had on the court system, and one change recognizes the effect of inflation on the monetary jurisdictional thresholds in the county courts.

- The bill updates provisions controlling the maintenance of appellate court records to allow the electronic storage of court records at a remote location. These provisions are updated to keep pace with electronic technology rather than require the court clerk to keep manual control of the records.
- The clerks of court, working with the Florida Courts Technology Commission, must prepare a plan to procure or develop a statewide electronic solution that identifies all civil and criminal mandatory financial assessments required by statute.
- The jurisdictional amount of county courts will be adjusted beginning in 2030, and every 10 years afterwards, to account for inflation based on changes in the Consumer Price Index.
- The jurisdictional limit must be rounded to the nearest $5,000, but no lower than $50,000. The Office of Economic and Demographic Research (EDR) must calculate the adjusted jurisdictional limit and certify it to the Chief Justice of the Supreme Court beginning January 31, 2030 and every 10 years thereafter.
- The EDR and the Office of the State Courts Administrator (OSCA) must publish the adjusted jurisdictional limit to their websites.

- The bill authorizes a person to postpone for jury service for up to 1 year when a public health emergency or a state of emergency is declared.
- Finally, the bill revises three criminal statutes to authorize the taking and certification of fingerprints when a guilty judgment is entered in a proceeding that is conducted remotely. The fingerprints no longer must be taken in open court and in the judge's presence.

The bill takes effect July 1, 2021.

II. Present Situation:

Responsibilities of the Clerk of the Florida Supreme Court

Chapter 25, F.S., is devoted to the organization and operation of the Florida Supreme Court. Among the provisions in the chapter are two statutes detailing the responsibilities of the Clerk of the Supreme Court. The clerk must keep all books, papers, records, files, and the seal of the Court in the clerk's office in the Supreme Court Building and in his or her custody.[1]

Additionally, any decisions and opinions delivered by the Court or any justice must be filed and remain in the clerk's office. These decisions and opinions may not be removed unless ordered by the Court. The clerk is required to furnish certified copies of the decisions and opinions to any person who requests them and pays the necessary fees.[2] These statutes do not accommodate the developments in technology that allow for digital storage in a remote location.

Mandatory Monetary Assessments

The clerks of the circuit courts were required, by October 1, 2012, to develop a uniform form for the identification and imposition of all assessments mandated by statute. The clerks were required to work with their association and in consultation with the Office of the State Courts Administrator to develop the form. An assessment includes, but is not limited to, a fine or other monetary penalty, fee, service charge, or cost. The clerks are currently required to submit that form by October 1 of each year to the Supreme Court for approval. The form must contain updates to reflect recent changes made in the law. Once a form is approved by the Court, all circuit and county courts must use the form.[3]

According to information supplied in the *Judicial Branch 2021 Legislative Agenda*, the clerks' association, the Florida Court Clerks and Comptrollers, submitted the initial form matrix as required on October 1, 2012, and updated the form annually. The matrix is a catalogue of mandatory and discretionary fines, fees, charges, and costs in many areas, both civil and criminal. It provides the necessary statutory authority for each item with a brief description, states whether the item is mandatory or discretionary, provides the minimum and maximum amounts authorized, and often contains brief comments on the assessment.[4] *The Judicial Branch 2021 Legislative Agenda* further states that the Supreme Court has never approved the form

[1] Section 25.221, F.S.
[2] Section 25.301, F.S.
[3] Section 28.2457(1), (2), and (3), F.S.
[4] Office of Legislative Affairs, Office of the State Courts Administrator, *Judicial Branch 2021 Legislative Agenda*, (January 21, 2021) (on file with the Senate Committee on Judiciary).

matrix because of "concerns that it is not a form within the meaning of the statute." However, the chief justice has provided the document each year to the chief judges of the trial courts for their use as a possible resource.[5]

The Judicial Management Council's Workgroup on Court Costs and Fines[6] was established on December 31, 2018, within the Judicial Management Council. Its purpose is to review monetary assessments and identify methods that will reduce the disproportionate impact the assessments have on low income individuals.[7] In June 2020, the Workgroup finalized its report, *Court Costs and Fines in Florida*, and the report was approved by the Judicial Management Council on August 31, 2020. The Workgroup recommended:

- Removing from statute the requirement for a uniform form for identifying and imposing assessments that the clerks produce; and
- Working in cooperation with the clerks of court to develop reforms, using an electronic system, to standardize the ability to identify and impose assessments and payments.

The Supreme Court approved these recommendations on November 4, 2020, at the Court Conference for consideration by the Legislature.[8]

Jurisdictional Amount of County Courts

A county court is a trial court that has jurisdiction over the following types of cases within its jurisdictional or monetary limits:

- All criminal misdemeanor cases not cognizable by the circuit courts.
- All violations of municipal and county ordinances.
- Disputes occurring in homeowner associations, but this jurisdiction is concurrent with the jurisdiction of the circuit courts.[9]

The statute governing the jurisdiction of county courts was amended in 2018 to increase the maximum jurisdictional amount of county courts in a three-step process. For all actions, except those within the exclusive jurisdiction of the circuit courts, in which the matter in controversy does not exceed, exclusive of interest, costs, and attorney fees, the jurisdictional amount is:

- $15,000 if filed on or before December 31, 2019.
- $30,000 if filed on or after January 1, 2020.
- $50,000 if filed on or after January 1, 2023.[10]

---

[6] The Judicial Management Councils are described as "high-level management consultants" to the Florida Supreme Court. The first Judicial Management Council was established in 2012 and the current council is the Court's fifth council. Each council is composed of 15 voting members including the Chief Justice and one other justice, members of each level of the court system, and members from the public. The council meets at least quarterly and is tasked with identifying potential crisis situations for the judiciary and developing strategies to meet those concerns; evaluating information that will improve the effectiveness and performance of the judicial branch; developing and monitoring the judiciary's long-range planning work; reviewing the charges of the courts and Florida Bar commissions and committees, making revisions and proposing ways to coordinate the work of these groups; and addressing issues that the Supreme Court brings before the council. https://www.flcourts.org/Administration-Funding/Judicial-Management-Council

[9] Section 34.01(1), F.S.

[10] *Id.*; Ch. 2019-58, s. 9, Laws of Fla.

When the statute was amended in 2018, an additional provision was included requiring the Office of the State Courts Administrator to submit a report to the Governor, President of the Senate, and Speaker of the House of Representatives by February 1, 2021. The report was to include recommendations regarding the adjustment of county court jurisdiction that considered the claim value of filings in both county and circuit courts, case events, the timeliness in processing cases, as well as any fiscal impact to the state resulting from the adjusted jurisdictional limits. The clerks of the county and circuit courts were tasked with providing data to assist in developing the report. The report was to include a review of fees to ensure that the court system is adequately funded and a review of the appellate jurisdiction of the district and circuit courts, including the use of appellate panels by circuit courts.

The Office of the State Courts Administrator issued its report entitled "Recommendations Regarding the Adjustment of County Court Jurisdiction" on February 1, 2021.[11]

Maintenance of Appellate Court Records in the District Courts of Appeal

The statutes contain a number of provisions directing how court records are to be stored. Unfortunately, many of these provisions have become outdated and have not kept pace with changes in electronic technology and storage. Section 35.15, F.S., states that all decisions and opinions delivered by the district courts of appeal or one its judges must be filed and remain in the office of the clerk. The decisions and opinions may not be taken from the clerk's office except by court order. However, the clerk must furnish to anyone who desires certified copies of the opinions and decision upon payment of the appropriate fees.

Section 35.24, F.S., requires each clerk for a district court of appeal to physically keep his or her records at the headquarters of the court. This provision does not envision advancements in technology and electronic storage that would permit a clerk to store records electronically at a remote location.

In a similar manner, s. 35.24, F.S., requires that all books, papers, records, files, and the court seal be kept in the clerk's office. This also precludes electronic storage of these items at a remote location.

Jury Duty Postponement

The clerks of the court are responsible for summoning prospective jurors at least 14 days before they are to appear in court for jury selection.[12] If a person is summoned to attend as a juror and fails to attend without providing a sufficient excuse, he or she may be required to pay a fine that does not exceed $100 and may be held in contempt of court.[13]

If someone has been summoned for jury duty, jury service may be postponed for up to 6 months once a written or oral request is made. The request may specify a date or time period to which

[11] Office of the State Courts Administrator, *Recommendations Regarding the Adjustment of County Court Jurisdiction*, (February 1, 2021) (on file with the Senate Committee on Judiciary).
[12] Section 40.23(1), F.S.
[13] Section 40.23(3), F.S.

the service is to be postponed, and if that is stated, he or she will be given consideration for service once the assignment of the postponed date of jury service is made.[14]

According to the *Judicial Branch 2021 Legislative Agenda*, jury service in Florida has been postponed since March 2020 because of the COVID-19 pandemic. Once jury service resumes, some people who are summoned may not be able to attend on a particular date due to complications created by the pandemic. The examples are given that the person summoned might recently have returned to work after being unemployed during the pandemic or might be responsible for the care of someone who is at greater risk of health complications if he or she is exposed to COVID-19.[15]

Fingerprinting a Defendant upon Conviction

The criminal law statutes detail procedures that must be followed when a judgment is entered in certain misdemeanor and all felony offenses. A judgment of guilty or not guilty for a misdemeanor petit theft offense[16] or a felony offense[17] must contain:

- A written record, signed by the judge, and recorded by the clerk of the circuit court; or
- An electronic record that contains the judge's electronic signature and is recorded by the clerk of the circuit court.

To enter a written or electronic judgment of guilt involving petit theft and all felonies, the judge must, in open court, and in the judge's presence, have the defendant's fingerprints taken either manually or electronically, sign a certificate certifying that the fingerprints on the judgment are the defendant's fingerprints and that they were placed on the certificate in the judge's presence, and for a felony judgment, cause the defendant's social security number to be recorded. It is the opinion of some practitioners that these statutes do not appear to allow for a proceeding to be conducted remotely.

III. Effect of Proposed Changes:

Responsibilities of the Clerk of the Florida Supreme Court (Sections 1 and 2)

The requirement that the clerk keep all books, papers, records, files, and the seal in his or her office and custody is amended. The revised language reflects developments in technology and electronic storage and requires that those items be "maintained" by the clerk and in the clerk's "control" as prescribed by the Supreme Court. The clerk is no longer required to physically keep them in the clerk's office and custody but is permitted to electronically store records at a remote location.

[14] Section 40.23(2), F.S.
[15] Office of Legislative Affairs, Office of the State Courts Administrator, *Judicial Branch 2021 Legislative Agenda*, 9 (January 21, 2021) (on file with the Senate Committee on Judiciary.)
[16] Section 812.014(3)(d), F.S.
[17] Section 921.241, F.S.

Mandatory Monetary Assessments (Section 3)

Section 28.2457(2), F.S., is amended to delete the requirements that the uniform form developed by the circuit court clerks be updated and submitted annually to the Supreme Court for approval and later distribution. Under the bill, the clerks of the circuit courts must collaborate with the state courts through the Florida Courts Technology Commission[18] to prepare a plan to procure or develop a statewide electronic solution that will accurately identify all civil and criminal assessments required by statute. At a minimum, the plan must address operational, technological, and fiscal considerations involved in implementing the electronic solution. The clerks must submit the plan to the President of the Senate and the Speaker of the House of Representatives by January 1, 2022.

Jurisdiction Amount of County Courts (Section 4)

The statute defining the jurisdiction of the county courts is amended to delete the now obsolete provision requiring the Office of the State Courts Administrator to publish a report by February 1, 2021.

A new provision is added requiring the $50,000 jurisdictional amount for cases that will be filed on or after January 1, 2023, to be adjusted in accordance with changes in the Consumer Price Index. Effective January 1, 2030, and every 10 years after, the $50,000 limit will be adjusted by The Office of Economic and Demographic Research (EDR), and certified to the Chief Justice of the Supreme Court. The percentage change must be adjusted and increased by the Consumer Price Index for all Urban Consumers, U.S. Average, All Items 1982-84=100, or successor reports, as initially reported by the United States Department of Labor, Bureau of Labor Statistics. . The jurisdictional limit must be rounded to the nearest $5,000, but may not be lower than $50,000. The EDR and the Office of the State Courts Administrator (OSCA) must publish the adjusted jurisdictional limit to their websites.

Maintenance of Appellate Court Records in the District Courts of Appeal (Sections 5, 6, and 7)

Section 35.15, F.S., as amended, no longer requires that decisions and opinions be kept in the physical office of the clerks, but requires them to be kept under the clerk's "maintenance or control." The decisions and opinions, however, may be taken from the clerk's maintenance or control when ordered by the court. These revisions permit the electronic storage of records at a remote location and reflects an adaptation to advancements in technology.

Section 35.23, F.S., is amended to provide that a clerk must no longer "keep his or her records" at the headquarters of the district court of appeal, but rather to "have an office" at the headquarters of the court. This revision permits the use of electronic technology to store records at a remote location in accordance with the revision to s. 35.24, F.S., which no longer requires

[18] The Florida Courts Technology Commission was created by the Florida Supreme Court in 2010. The Commission is composed of 25 members who are tasked with the responsibility of "overseeing, managing, and directing the development and use of technology within the judicial branch under the direction of the Court." The Commission must submit an annual report by April 1 each year.
https://www.flcourts.org/content/download/579375/file/FCTC%20Operational%20Procedures%20-%20Feb%202020.pdf.

the clerk to keep the books, papers, records, files, and the seal of the court in his or her office. As amended, these items must be maintained by, and in the control of, the clerk.

Jury Duty Postponement (Section 8)

The bill creates an additional postponement period of up to 12 months for someone who has been summoned for jury service. If the State Health Officer declares a public health emergency pursuant to s. 381.00315, F.S., or the Governor declares a state of emergency pursuant to s. 252.36(2), F.S., a person who has been summoned may have his or her service postponed from for up to 12 months upon a written or oral request. As with the existing 6 month postponement in statute, the request may specify a date or time period to which the service is to be postponed and may be given consideration when an assignment of jury service is made.

Fingerprinting a Defendant upon Conviction (Sections 9, 10, and 11)

The pandemic has significantly limited the number of in-person criminal court proceedings, which is creating a backlog of pending cases. The Florida Supreme Court's COVID-19 workgroup has studied options for resolving criminal cases remotely without the requirement of proceedings conducted in court. The Workgroup determined that the Florida Rules of Criminal Procedure could be adopted to authorize a criminal defendant to expressly request and be given approval by the court to either enter a plea of guilty or nolo contendere in a remote proceeding using audio-visual technology. To make this possible, the Workgroup has recommended that several statutes be amended.[19]

Because current law requires that a defendant be fingerprinted in open court in the judge's presence, it appears that current laws must be amended to establish a court's authority to take fingerprints at the time a judgment is entered in a remotely conducted proceeding.[20]

Section 812.014, F.S., relating to petit theft, s. 921.241, F.S., relating to felony judgments, and s. 921.242, F.S., relating to prostitution offenses, are amended to:

- Authorize the fingerprinting of a defendant, either manually or electronically, when a guilty judgment is entered in a proceeding that is conducted outside of court or outside of the judge's presence.
- Delete the requirement that a judge must certify that a defendant's fingerprints were taken in open court and in the judge's presence.
- Require that the certification be entered by a court officer, employee of the court, or the employee of a criminal justice agency who captured the fingerprints. If taken manually, the person who took the fingerprints must place his or her written signature on the certification. If taken electronically, he or she must place a written or electronic signature on the certification. The fingerprints and certification must be filed in the case.
- Delete the requirement that a defendant's social security number be taken when his or her fingerprints are taken.

The bill takes effect July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

None.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 25.221, 25.301, 28.2457, 34.01, 35.15, 35.23, 35.24, 40.23, 812.014, 921.241, and 921.242.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on April 15, 2021:
The committee substitute requires the jurisdictional limit be rounded to the nearest $5,000, but no lower than $50,000. The Office of Economic and Demographic Research (EDR) must calculate the adjusted jurisdictional limit and certify it to the Chief Justice of the Supreme Court beginning January 31, 2030 and every 10 years thereafter. EDR and the Office of the State Courts Administrator (OSCA) must publish the adjusted jurisdictional limit to their respective websites.

CS by Judiciary Committee on March 2, 2021:
The committee substitute makes changes to the underlying bill in two areas: mandatory monetary assessments and fingerprinting defendants. The clerks of court must work with the Florida Courts Technology Commission to develop a plan for a technology solution that tracks all civil and criminal monetary assessments. The plan must be submitted to legislative leaders by January 1, 2022. The fingerprinting section now permits fingerprints to be taken manually or electronically, regardless of whether the judgment is a written judgment or electronic judgment. The defendant's fingerprints and the certification of the person who took the fingerprints must be filed in the case in which the judgment is entered.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Judiciary; and Senator Brandes

590-02342-21 2021748c1

A bill to be entitled

An act relating to courts; amending s. 25.221, F.S.; deleting the requirement that the Clerk of the Supreme Court physically keep books, records, and other materials in the clerk's office; amending s. 25.301, F.S.; deleting the requirement that Supreme Court decisions and orders remain in the clerk's office; amending s. 28.2457, F.S.; requiring the clerks of the circuit courts, with specified entities, to prepare a plan to procure or develop a statewide electronic solution to accurately identify all assessments mandated by statute; requiring the plan to address certain considerations relating to the implementation of the electronic solution; requiring the clerks to submit the plan to the Legislature by a specified date; deleting a provision requiring the clerks to annually submit a uniform form for identification and imposition of mandated assessments to the Supreme Court; amending s. 34.01, F.S.; providing for the periodic inflationary adjustment of the monetary jurisdictional limit applicable to all actions at law in county courts filed on or after a specified date, beginning in 2030; deleting obsolete language; amending s. 35.15, F.S.; deleting the requirement that decisions and orders of district courts of appeal remain in the office of the clerk of any such court; amending s. 35.23, F.S.; requiring the clerk of a district court of appeal to have an office at the headquarters of the court; deleting a requirement that

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

590-02342-21 2021748c1

the clerk keep records at the headquarters office; amending s. 35.24, F.S.; deleting the requirement that the clerk of a district court of appeal physically keep books, records, and other materials in the clerk's office; amending s. 40.23, F.S.; authorizing any person who has been summoned for jury service to postpone such service for an additional timeframe in the event of a declared public health emergency or a state of emergency; specifying requirements for any such request; amending s. 812.014, F.S.; removing the requirement that fingerprints be taken in open court and in the judge's presence upon a judgment of guilt of petit theft; authorizing the electronic capture of fingerprints; requiring the court officer, the employee of the court, or the employee of a criminal justice agency who captures fingerprints to sign a specified certification; amending s. 921.241, F.S.; removing the requirement that fingerprints be taken in open court and in the judge's presence upon a judgment of guilt for a felony; authorizing the electronic capture of fingerprints; requiring the court officer, the employee of the court, or the employee of a criminal justice agency who captures fingerprints to sign a specified certification; conforming a provision to changes made by the act; removing the requirement that a judge obtain a defendant's social security number at the time of fingerprinting; amending s. 921.242, F.S.; removing the requirement that fingerprints be taken in open court and in the judge's

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

presence upon a judgment of guilt for an offense under ch. 796, F.S.; authorizing the electronic capture of fingerprints; requiring the court officer, the employee of the court, or the employee of a criminal justice agency who captures fingerprints to sign a specified certification; conforming a provision to changes made by the act; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 25.221, Florida Statutes, is amended to read:

25.221 Maintenance ~~Custody~~ of books, records, and other materials ~~etc.~~—All books, papers, records, files, and the seal of the Supreme Court must be maintained by ~~shall be kept in the office of~~ the clerk ~~of said court~~ and be in the clerk's control, as prescribed by the Supreme Court ~~custody~~.

Section 2. Section 25.301, Florida Statutes, is amended to read:

25.301 Decisions to be filed; copies to be furnished.—All decisions and opinions delivered by the Supreme ~~said~~ Court, or any justice thereof, relating ~~in relation~~ to any action or proceeding pending in the ~~said~~ court must ~~shall~~ be filed ~~and remain~~ in the office of the clerk and maintained by the clerk in the manner prescribed by the Supreme Court. Such decisions or opinions may~~, and shall~~ not be taken out from the clerk's maintenance or control except by order of the court; however, the ~~but said~~ clerk must ~~shall at all times be required to~~ furnish certified copies of such opinions and decisions to any

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

person who makes such a request ~~may desire the same certified copies of such opinions and decisions~~, upon receiving any required fees ~~his or her fees therefor~~.

Section 3. Subsection (2) of section 28.2457, Florida Statutes, is amended to read:

28.2457 Mandatory monetary assessments.—

(2) The clerks of the circuit courts shall collaborate with the state courts through the Florida Courts Technology Commission to prepare a plan to procure or develop a statewide electronic solution that will accurately identify all assessments mandated by statute. The plan must, at a minimum, address operational, technological, and fiscal considerations related to the implementation of the electronic solution. The clerks shall submit the plan to the President of the Senate and the Speaker of the House of Representatives no later than January 1, 2022 ~~The clerks of court, through their association and in consultation with the Office of the State Courts Administrator, shall develop by October 1, 2012, a uniform form for the identification and imposition of all assessments mandated by statute. The clerks shall submit the form by that date, and by October 1 every year thereafter if necessary to reflect changes in the law, to the Supreme Court for approval. Upon approval of the form by the Supreme Court, all circuit and county courts shall use the form~~.

Section 4. Subsection (1) of section 34.01, Florida Statutes, is amended to read:

34.01 Jurisdiction of county court.—

(1) County courts shall have original jurisdiction:

(a) In all misdemeanor cases not cognizable by the circuit

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

courts.

(b) Of all violations of municipal and county ordinances.

(c) Of all actions at law, except those within the exclusive jurisdiction of the circuit courts, in which the matter in controversy does not exceed, exclusive of interest, costs, and attorney fees:

1. If filed on or before December 31, 2019, the sum of $15,000.

2. If filed on or after January 1, 2020, the sum of $30,000.

3. If filed on or after January 1, 2023, the sum of $50,000.

The $50,000 jurisdictional limit in subparagraph 3. shall be adjusted, effective January 1, 2030, and every 10 years thereafter, by the percentage change in the average of the Consumer Price Index issued by the United States Department of Labor for the most recent 12-month period ending on September 30, compared to the base year average, which is the average for the 12-month period ending September 30, 2022. The adjusted jurisdictional limit must be rounded to the nearest $1,000.

(d) Of disputes occurring in the homeowners' associations as described in s. 720.311(2)(a), which shall be concurrent with jurisdiction of the circuit courts.

~~By February 1, 2021, the Office of the State Courts Administrator shall submit a report to the Governor, the President of the Senate, and the Speaker of the House of Representatives. The report must make recommendations regarding~~

~~the adjustment of county court jurisdiction, including, but not limited to, consideration of the claim value of filings in county court and circuit court, case events, timeliness in processing cases, and any fiscal impact to the state as a result of adjusted jurisdictional limits. The clerks of the circuit court and county court shall provide claim value data and necessary case event data to the office to be used in development of the report. The report must also include a review of fees to ensure that the court system is adequately funded and a review of the appellate jurisdiction of the district courts and the circuit courts, including the use of appellate panels by circuit courts.~~

Section 5. Section 35.15, Florida Statutes, is amended to read:

35.15 Decisions to be filed; copies to be furnished.—All decisions and opinions delivered by the district courts of appeal, or any judge thereof, relating ~~in relation~~ to any action or proceeding pending in such ~~said~~ court must ~~shall~~ be filed ~~and remain~~ in the office of the clerk and maintained in the control of the clerk. Such decisions and opinions may~~, and shall~~ not be taken from the clerk's maintenance or control ~~therefrom~~ except by order of the court; however, the ~~but said~~ clerk must ~~shall at all times be required to~~ furnish certified copies of such opinions and decisions to any person who makes such a request ~~may desire the same certified copies of such opinions and decisions~~, upon receiving any required fees ~~his or her fees therefor~~.

Section 6. Section 35.23, Florida Statutes, is amended to read:

35.23 Location of clerk's office.—Each clerk shall have an office ~~keep his or her records~~ at the headquarters of the district court of appeal.

Section 7. Section 35.24, Florida Statutes, is amended to read:

35.24 Maintenance ~~Custody~~ of books, records, and other materials ~~etc.~~—All books, papers, records, files and the seal of each district court of appeal shall be maintained by, and in the control of, ~~kept in the office of~~ the clerk of the ~~said~~ court.

Section 8. Subsection (2) of section 40.23, Florida Statutes, is amended to read:

40.23 Summoning jurors.—

(2) The jury service of any person who has been summoned may be postponed for a period not to exceed 6 months upon written or oral request. However, if either a public health emergency has been declared by the State Health Officer pursuant to s. 381.00315 or a state of emergency has been declared by the Governor pursuant to s. 252.36(2), the jury service of any person who has been summoned may be postponed for a period not to exceed 12 months upon written or oral request. The request may specify a date or period of time to which service is to be postponed and, if so, shall be given consideration when the assignment of the postponed date of jury service is made.

Section 9. Paragraph (d) of subsection (3) of section 812.014, Florida Statutes, is amended to read:

812.014 Theft.—

(3)

(d)1. A judgment of guilty or not guilty of a petit theft must ~~shall~~ be in:

a. A written record that is signed by the judge and recorded by the clerk of the circuit court; or

b. An electronic record that contains the judge's electronic signature as defined in s. 933.40 and is recorded by the clerk of the circuit court.

2. A ~~At the time a defendant is found guilty of petit theft, the~~ judge shall cause ~~the following to occur in open court and in the judge's presence:~~

~~a. For a written judgment of guilty,~~ the fingerprints of a ~~the~~ defendant who is found guilty of petit theft to ~~against whom such judgment is rendered shall~~ be manually taken or electronically captured ~~and affixed beneath the judge's signature on the judgment~~. ~~Beneath~~ Such fingerprints must be certified and filed in the case in which the judgment of guilty is entered as provided in s. 921.241(3). ~~shall be appended a certificate to the following effect:~~

~~"I hereby certify that the above and foregoing fingerprints on this judgment are the fingerprints of the defendant, ..., and that they were placed thereon by said defendant in my presence, in open court, this the .... day of ...., ...(year)...."~~

~~Such certificate shall be signed by the judge, whose signature thereto shall be followed by the word "Judge."~~

~~b. For an electronic judgment of guilty, the fingerprints of the defendant must be electronically captured and a certificate must be issued as provided in s. 921.241(3)(b).~~

3. A written or an electronic judgment of guilty of a petit

theft, or a certified copy thereof, is admissible in evidence in the courts of this state as provided in s. 921.241(4).

Section 10. Section 921.241, Florida Statutes, is amended to read:

921.241 Felony judgments and~~,~~ fingerprints ~~and social security number~~ required in record.—

(1) As used in this section, the term:

(a) "Electronic signature" has the same meaning as in s. 933.40.

(b) "Transaction control number" means the unique identifier comprised of numbers, letters, or other symbols for a digital fingerprint record generated by the device used to electronically capture the fingerprints.

(2) A judgment of guilty or not guilty of a felony must ~~shall~~ be in:

(a) A written record ~~that is~~ signed by the judge and recorded by the clerk of the court; or

(b) An electronic record that contains the judge's electronic signature and is recorded by the clerk of the court.

(3) A ~~At the time a defendant is found guilty of a felony, the~~ judge shall cause the ~~following to occur in open court and in the judge's presence:~~

~~(a) For a written judgment of guilty, the~~ fingerprints of a ~~the~~ defendant who is found guilty of a felony to ~~shall~~ be manually taken or electronically captured. If the fingerprints are:

(a) Manually taken, the fingerprints must be filed in the case in which ~~and affixed beneath the judge's signature on~~ the judgment of guilty is entered. Beneath such fingerprints shall

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

be appended a certification ~~certificate~~ to the following effect:

"I hereby certify that the above and foregoing fingerprints ~~on this judgment~~ are the fingerprints of the defendant, ..., and that they were placed thereon by said defendant in my presence~~, in open court,~~ this the .... day of ...., ...(year)...."

The court officer, the employee of the court, or the employee of a criminal justice agency who manually took the fingerprints shall place his or her written signature on the certification. ~~Such certificate shall be signed by the judge, whose signature thereto shall be followed by the word "Judge."~~

(b) ~~For an electronic judgment of guilty, the fingerprints of the defendant shall be~~ Electronically captured, ~~and~~ the following certification must ~~certificate shall~~ be filed in the case in which ~~included in~~ the ~~electronic~~ judgment of guilty is entered:

"I hereby certify that the digital fingerprint record associated with Transaction Control Number .... contains the fingerprints of the defendant, ..., which were electronically captured from the defendant in my presence~~, in open court,~~ this the .... day of ...., ...(year)...."

The court officer, the employee of the court, or the employee of a criminal justice agency who electronically captured the fingerprints ~~judge~~ shall place his or her written or electronic signature~~, which shall be followed by the word "Judge,"~~ on the

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

certification ~~certificate~~.

(4) A written or electronic judgment of guilty, or a certified copy thereof, is ~~shall be~~ admissible in evidence in the several courts of this state as prima facie evidence that the:

(a) Manual fingerprints filed in the case in which the judgment of guilty is entered ~~appearing thereon~~ and certified ~~by the judge~~ as specified in this section ~~aforesaid~~ are the fingerprints of the defendant against whom the judgment of guilty was rendered.

(b) Digital fingerprint record associated with the transaction control number specified in the certification required by this section and filed in the case in which the judgment of guilty is entered ~~judge's certificate~~ contains the fingerprints of the defendant against whom the judgment of guilty was rendered.

~~(5) At the time the defendant's fingerprints are manually taken or electronically captured, the judge shall also cause the defendant's social security number to be taken. The defendant's social security number shall be specified in each written or electronic judgment of guilty of a felony, in open court, in the presence of such judge, and at the time the judgment is rendered. If the defendant is unable or unwilling to provide his or her social security number, the reason for its absence shall be specified in the written or electronic judgment.~~

Section 11. Section 921.242, Florida Statutes, is amended to read:

921.242 Subsequent offenses under chapter 796; method of proof applicable.—

(1) A judgment of guilty with respect to any offense governed by ~~the provisions of~~ chapter 796 must ~~shall~~ be in:

(a) A written record ~~that is~~ signed by the judge and recorded by the clerk of the circuit court; or

(b) An electronic record that contains the judge's electronic signature as defined in s. 933.40 and is recorded by the clerk of the circuit court.

(2) A ~~At the time a defendant is found guilty, the~~ judge shall cause the ~~following to occur in open court and in the judge's presence:~~

~~(a) For a written judgment of guilty, the~~ fingerprints of a ~~the~~ defendant who is found guilty of any offense governed by chapter 796 to ~~against whom such judgment is rendered shall~~ be manually taken or electronically captured. ~~and affixed beneath the judge's signature on the judgment. Beneath~~ Such fingerprints must be certified and filed in the case in which the judgment of guilty is entered as provided in s. 921.241(3). ~~shall be appended a certificate to the following effect:~~

~~"I hereby certify that the above and foregoing fingerprints are of the defendant, ...(name)..., and that they were placed thereon by said defendant in my presence, in open court, this the .... day of ...., ...(year)...."~~

~~Such certificate shall be signed by the judge, whose signature thereto shall be followed by the word "Judge."~~

~~(b) For an electronic judgment of guilty, the fingerprints of the defendant must be electronically captured, and a certificate must be issued as provided in s. 921.241(3)(b).~~

(3) A written or an electronic judgment of guilty, or a certified copy thereof, is ~~shall be~~ admissible in evidence in the several courts of this state as provided in s. 921.241(4).

Section 12. This act shall take effect July 1, 2021.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

1.	Hackett	Ryon	CA	**Fav/CS**
2.	Kim	Babin	FT	**Fav/CS**
3.	Kim	Sadberry	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/CS/SB 750 makes a number of changes regarding limitations on, and requirements for, the imposition of impact fees by local governments to fund local infrastructure to meet the demands of population growth. The bill:

- Specifies that impact fees may be utilized only for fixed capital expenditures or fixed capital outlays for major capital improvements;
- Revises requirements for crediting contributions against the collection of impact fees;
- Specifies limitations and restrictions on certain impact fee increases;
- Specifies criteria that must be met to be exempted from certain fee increase limitations and restrictions; and
- Revises annual financial reporting requirements for local governments relating to impact fees.

The Revenue Estimating Conference determined that the bill will have a negative indeterminate fiscal impact on local governments and school districts.

The bill takes effect upon becoming a law.

II. Present Situation:

Local Government Authority

The State Constitution grants local governments broad home rule authority. Specifically, non-charter county governments may exercise those powers of self-government that are provided by general or special law.[1] Those counties operating under a county charter have all powers of self-government not inconsistent with general law or special law approved by the vote of the electors.[2] Likewise, municipalities have those governmental, corporate, and proprietary powers that enable them to conduct municipal government, perform their functions and provide services, and exercise any power for municipal purposes, except as otherwise provided by law.[3]

Under the State Constitution, local governments have no authority to levy taxes, other than ad valorem taxes, except as provided by general law.[4] However, local governments have authority under their home rule authority to impose special assessments and user fees.[5]

Local Government Impact Fees

In Florida, impact fees are imposed pursuant to local legislation and are generally charged as a condition for the issuance of a project's building permit. The principle behind the imposition of impact fees is to transfer to new users of a government-owned system a fair share of the costs the new use of the system involves.[6] Impact fees have become an accepted method of paying for public improvements that must be constructed to serve new growth.[7] In order for an impact fee to be a constitutional user fee and not an unconstitutional tax, the fee must meet a dual rational nexus test, in that the local government must demonstrate the impact fee is proportional and reasonably connected to, or has a rational nexus with:

- The need for additional capital facilities and the increased impact generated by the new residential or commercial construction; and
- The expenditures of the funds collected and the benefits accruing to the new residential or nonresidential construction.[8]

Impact fee calculations vary from jurisdiction to jurisdiction and from fee to fee. Impact fees also vary extensively depending on local costs, capacity needs, resources, and the local government's determination to charge the full cost or only part of the cost of the infrastructure improvement through utilization of the impact fee.

[8] *See St. Johns County* at 637. Codified at s. 163.31801(3)(f) and (g), F.S.

Until 2006, the characteristics and limitations of impact fees in Florida were found in case law rather than state statute.[9] In 2006, in response to local governments' reliance on impact fees and the growth of impact fee collections, the Legislature adopted the Florida Impact Fee Act[10], found in s. 163.31801, F.S., which requires local governing authorities to satisfy certain requirements when imposing impact fees.[11] Section 163.31801(3), F.S., provides requirements and procedures for the adoption of an impact fee. An impact fee adopted by ordinance of a county or municipality or by resolution of a special district must, at minimum, meet the following criteria:

- The fee must be calculated using the most recent and localized data.
- The local government adopting the impact fee must account for and report impact fee collections and expenditures. If the fee is imposed for a specific infrastructure need, the local government must account for those revenues and expenditures in a separate accounting fund.
- Charges imposed for the collection of impact fees must be limited to the actual costs.
- All local governments must give notice of a new or increased impact fee at least 90 days before the new or increased fee takes effect, but need not wait 90 days before decreasing, suspending, or eliminating an impact fee. Unless the result reduces total mitigation costs or impact fees on an applicant, new or increased impact fees may not apply to current or pending applications submitted before the effective date of an ordinance or resolution imposing a new or increased impact fee.
- A local government may not require payment of the impact fee before the date of issuing a building permit for the property that is subject to the fee.
- The impact fee must be reasonably connected to, or have a rational nexus with the need for additional capital facilities and the increased impact generated by the new residential or commercial construction.
- The impact fee must be reasonably connected to, or have a rational nexus with, the expenditures of the revenues generated and the benefits accruing to the new residential or commercial construction.
- The local government must specifically earmark revenues generated by the impact fee to acquire, construct, or improve capital facilities to benefit new users.
- The local government may not use revenues generated by the impact fee to pay existing debt or for previously approved projects unless the expenditure is reasonably connected to, or has a rational nexus with the increased impact generated by the new residential or commercial construction.

Meeting the dual rational nexus test requires the local government ordinance or resolution imposing the impact fee to earmark the funds collected for acquiring the new capital facilities necessary to benefit the new residents.

Some local governments impose impact fees specifically for local school facilities.[12] School districts have authority to impose ad valorem taxes within the district for school purposes[13] but

are not general purpose governments with home rule power[14] and are not expressly authorized to impose impact fees.[15] Local governments imposing specific impact fees for education capital improvements typically collect the fees for deposit directly into an account segregated for funding those improvements.[16]

Section 163.31801(4), F.S., provides that a local government must credit against the collection of an education-based impact fee any contribution for public education facilities on a dollar-for-dollar basis at fair market value.

Section 163.31801(5), F.S., provides that if a local government increases its impact fee rates, the holder of any impact fee credits, whether such credits are granted under concurrency, developments of regional impact, or otherwise, which were in existence before the increase, is entitled to the full benefit of the intensity or density prepaid by the credit balance as of the date it was first established.

Financial Reporting

Counties, district school boards, municipalities with revenues or total expenditures and expenses exceeding $250,000, and special districts with revenues or total expenditures and expenses exceeding $100,000 must have an annual financial audit prepared by either the Auditor General or an independent certified public accountant.[17] Municipalities with revenues or total expenditures and expenses between $100,000 and $250,000, and special districts with revenues or total expenditures and expenses between $50,000 and $100,000, must have a financial audit prepared every three fiscal years.[18] Municipalities with revenues or total expenditures and expenses less than $100,000 and special districts with revenues or total expenditures and expenses of less than $50,000 are not required to have their financial statements audited.[19] All local governmental entities are required to file an annual financial report with the Department of Financial Services no later than nine months from the end of the entity's fiscal year.[20]

The financial audit report of a county, municipality, special district, or district school board filed with the Auditor General must include an affidavit signed by the chief financial officer[21] of the

[14] *See* FLA. CONST. art. VIII, ss. 1(f)-(g) and 2
[15] Section 163.31801(2), F.S.
[16] In Miami-Dade County, the education facility impact fee is paid to the County Planning & Zoning Director, who must then deposit that amount into a specific trust fund maintained by the county. *See* Miami-Dade County Code of Ordinances, ss. 33K-7(a), 33K-10(c). In Orange County, the school impact fee is paid to the county or municipality (if the land being developed is within a municipality), which then transfers the funds collected at least quarterly to the Orange County School District. The District is responsible for maintaining the trust into which the impact fee revenues must be deposited. *See* Orange County Code of Ordinances, s. 23-142.
[17] Section 218.39(1), F.S.
[18] Section 218.39(1), F.S.
[19] Section 218.39(1), F.S.
[20] Section 218.39(1), F.S.
[21] The term "chief financial officer" for a local government is not defined in statute. For counties, the county commission may designate a county budget officer, typically either the county comptroller or the clerk of the circuit court. Section 129.025, F.S. The finances of a municipality are under the authority of the governing body, which may designate a municipal budget officer. Section 166.241, F.S. Special district boards are responsible for district financial management. Section 189.016(3), F.S. District school boards are responsible to manage and oversee district finances. Section 1001.42(12), F.S.

reporting entity that the local governmental entity or district school board has complied with the requirements of the impact fee statute.[22]

In addition to their annual financial reporting requirements, counties, municipalities, and special districts must report the following information on all impact fees charged:[23]

- The specific purpose of the impact fee, including the specific infrastructure needs to be met, including, but not limited to, transportation, parks, water, sewer, and schools.
- The impact fee schedule policy describing the method of calculating impact fees, such as flat fees, tiered scales based on number of bedrooms, or tiered scales based on square footage.
- The amount assessed for each purpose and for each type of dwelling.
- The total amount of impact fees charged by type of dwelling.
- Each exception and waiver provided for construction or development of housing that is affordable.

III. Effect of Proposed Changes:

Definitions

The bill defines "infrastructure" as a fixed capital expenditure or fixed capital outlay, excluding the cost of repairs or maintenance, associated with the construction, reconstruction, or improvement of public facilities with a life expectancy of at least 5 years; related land acquisition, land improvement, design, engineering, and permitting costs; and other related construction costs required to bring the public facility into service. The term also includes a fire department vehicle, an emergency medical service vehicle, a sheriff's office vehicle, a police department vehicle, a school bus, and the equipment necessary to outfit the vehicle or bus for its official use. For the independent special fire control districts, the term includes "new facilities" as defined in the independent special fire control district statute.[24] The bill also defines "public facilities" as major capital improvements, including transportation, sanitary sewer, solid waste, drainage, potable water, educational, parks, and recreational facilities, and expressly includes emergency medical, fire, and law enforcement facilities.

Impact Fee Credits

The bill expands the current requirement, added in 2019,[25] for local governments to credit against impact fees any contributions related to public education facilities. First, the bill subjects special districts to the requirement. Second, it expands the credit requirement to any contribution related to the improvement of public facilities or infrastructure, rather than only public education facilities under current law. Third, it provides that any contribution must be applied on a dollar-for-dollar basis at fair market value to reduce any impact fee collected for the general category or class of public facilities or infrastructure for which the contribution was made, rather than only education-based impact fees under current law. However, if a local government or special district does not charge and collect an impact fee for the general category or class of public facilities or

[22] Section 163.31801(6), F.S.
[23] Section 163.31801(11), F.S.
[24] Section 191.009(4), F.S. That statute defines "new facilities" as land, buildings, and capital equipment, including, but not limited to, fire and emergency vehicles, radio telemetry equipment, and other firefighting or rescue equipment.
[25] Chapter 2019-165, s. 5, Laws of Fla.

infrastructure contributed to, the credit may not be applied. All credits against impact fee collections must be made regardless of any provision in a local government's or special district's charter, comprehensive plan policy, ordinance, resolution, or development order or permit.

The bill provides applicability for a current provision in s. 163.31801(8), F.S., which provides for the assignability and transferability of impact fee credits between developments and parcels within the same impact fee zone or district or within certain adjoining impact fee zones or parcels. The bill provides that the provision applies to all impact fee credits regardless of whether the credits were established before or after the effective date of this act. The bill directs the Division of Law Revision to replace the phrase "the effective date of this act" with the date the act becomes a law.

Impact Fee Increases

The bill provides limitations on impact fee increases imposed by a local government, school district, or special district. An impact fee may increase only pursuant to a plan for the imposition, collection, and use of the increased impact fees that complies with the provisions of this bill.

The bill limits impact fee increases as follows:

- An impact fee increase of not more than 25 percent of the current rate must be implemented in two equal annual increments beginning with the date on which the increased fee is adopted.
- If the increase in rate is between 25 and 50 percent of the current rate, the increase must be implemented in four equal annual installments.
- No impact fee increase may exceed 50 percent of the current impact fee rate.
- An impact fee may not be increased more than once every four years.
- An impact fee may not be increased retroactively for a previous or current fiscal or calendar year.

The bill provides an exception to the first four bulleted limitations above if a local government, school district, or special district:

- Completes, within the 12-month period before the adoption of the impact fee increase, a demonstrated-need study justifying the increase and expressly demonstrating the extraordinary circumstances necessitating the need to exceed the limitations;
- Holds at least two publicly noticed workshops dedicated to the extraordinary circumstances necessitating the need to exceed the limitations; and
- Approves the impact fee increase ordinance by at least a two-thirds vote of the governing body.

A local government or school district that enacts new impact fees as a result of a current impact fee study may implement the total amount of those fees in up to four equal segments in up to four succeeding years.

The bill provides that the above provisions relating to impact fee increases operate retroactively to January 1, 2021.

Financial Reporting Requirements

The bill revises financial reporting requirements for a local government, school district, or special district by requiring its chief financial officer, or its executive officer if there is no chief financial officer, to attest in an affidavit separate from the local government's, school district's, or special district's annual financial report that:

- All impact fees were collected and expended by the local government, school district, or special district, or were collected and expended on its behalf, in full compliance with the spending period provision in the local ordinance or resolution; and
- Funds expended from each impact fee account were used only to acquire, construct, or improve specific infrastructure needs, as defined in s. 163.31801, F.S.

Additional Reporting Requirements

The bill adds school districts to the list of entities that must report the following information on all impact fees charged, in addition to the annual financial reporting requirements under s. 213.32, F.S.:

- The specific purpose of the impact fee, including the specific infrastructure needs to be met, including, but not limited to, transportation, parks, water, sewer, and schools.
- The impact fee schedule policy describing the method of calculating impact fees, such as flat fees, tiered scales based on number of bedrooms, or tiered scales based on square footage.
- The amount assessed for each purpose and for each type of dwelling.
- The total amount of impact fees charged by type of dwelling.
- Each exception and waiver provided for construction or development of housing that is affordable.

The bill takes effect upon becoming a law.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Article VII, s. 18(b) of the State Constitution provides that except upon the approval of each house of the Legislature by a two-thirds vote of the membership, the Legislature may not enact, amend, or repeal any general law if the anticipated effect of doing so would be to reduce the authority that counties or municipalities have to raise revenue in the aggregate, as such authority existed on February 1, 1989. However, the mandate requirement does not apply to laws having an insignificant impact. Based on joint guidelines of the Legislature, the insignificant impact limit for Fiscal Year 2020-2021 is approximately $2.2 million.[26]

[26] Neither the State Constitution nor the Florida Statutes define "insignificant fiscal impact" for purposes of s. 18(d), Art. VII of the State Constitution. Joint Senate and House guidelines define "insignificant" as an amount not greater than the average statewide population for the applicable fiscal year times $0.10. *Senate President Margolis and Speaker of the House Wetherell, County and Municipality Mandates Analysis* (1991), *cited at* Florida Senate Committee on Community Affairs, *Interim Report 2012-115: Insignificant Impact*, (Sept. 2011), available at http://www.flsenate.gov/PublishedContent/Session/2012/InterimReports/2012-115ca.pdf (last visited April 15, 2021). The $2.2 million figure is based on the Florida Demographic Estimating Conference's Nov. 13, 2020, population forecast for

The mandate provisions may apply because the bill imposes limitations on a county and municipality's ability to increase impact fees. However, the bill provides an exception to the limitations if the county or municipality can demonstrate the proposed impact fee increase complies with certain statutory impact fee provisions, including adherence to the rational nexus test. If the impact of the limitations in the bill is determined to exceed $2.2 million in the aggregate, final passage of the bill may require approval by two-thirds of the membership of each house of the Legislature.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

The bill does not create or raise state taxes or fees. Therefore, the requirements of Art. VII, s. 19 of the State Constitution do not apply.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

The Revenue Estimating Conference determined that the bill will have a negative indeterminate fiscal impact to local governments and school districts.[27]

B. Private Sector Impact:

Private developers may avoid large future increases in local government impact fees with the impact fee increase limitations in the bill.

C. Government Sector Impact:

Local governments seeking to increase impact fees will be limited in the amount of such increase annually. However, the bill provides an exception to the limitation where a local government may increase impact fees beyond the bill's limitations if the local government can establish the need for the increase in full compliance with certain statutory impact fee provisions.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 163.31801 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS/CS by Appropriations on April 15, 2021:
The committee substitute:

- Specifies that in order for a local government, school district, or special district to increase impact fees beyond specific limitations imposed by the bill, the governmental authority must:
  - Complete, within 12 months before the adoption of the increase, a demonstrated-need study justifying the increase and expressly demonstrating the extraordinary circumstances necessitating the need to exceed the limitations;
  - Hold at least 2 publicly noticed workshops dedicated to the extraordinary circumstances necessitating the need to exceed the limitations; and
  - Approve the impact fee ordinance by at least a two-thirds vote of the governing body.
- Authorizes a local government or school district that enacts new impact fees as the result of a current impact fee study to implement the total amount of fees in up to four equal segments in up to four succeeding years.
- Specifies that if a local government, school district, or special district does not have a chief financial officer to execute a required affidavit, an executive officer may perform the duty.
- Provides that an existing provision relating to the assignability and transferability of certain impact fee credits applies to all impact fee credits regardless of whether the credits were established before or after the effective date of the act.
- Makes technical and conforming changes.

CS/CS by Finance and Tax on March 31, 2021:
The committee substitute:

- Adds to the definition of "infrastructure" fire department vehicles, emergency medical service vehicles, sheriff's office vehicles, police department vehicles, school buses, and the equipment necessary to outfit such vehicles or buses for their official use.
- Revises the requirement for local governments and special districts to credit certain contributions against the collection of an impact fee, in that:

- Contributions relating to the improvement of public facilities or infrastructure must be credited.
- Credits must be applied on impact fees collected for the general category or class of public facilities or infrastructure for which the contribution was made.
- Credits may not be applied if the local government or special district does not charge and collect an impact fee for the general category or class of public facility contributed to.

CS by Community Affairs on March 24, 2021:
The committee substitute:

- Removes the provision that impact fees may only be collected if the local government has planned or funded capital improvements.
- Removes the provision that local governments may not increase impact fees by more than 3 percent annually and instead institutes an alternative impact fee increase limitation scheme.
- Provides that an impact fee increase must be pursuant to a plan for the imposition, collection, and use of such fees.
- Provides an exception to the impact fee increase limitations if a proposed impact fee increase complies with certain statutory impact fee provisions, including adherence to the rational nexus test.
- Modifies the affidavit provision to remove the requirement that the local government's chief financial officer annually attest that impact fees collected were in full compliance with s. 163.31801, F.S.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

	.	

The Committee on Appropriations (Gruters) recommended the following:

Senate Amendment (with title amendment)

Delete lines 19 - 177
and insert:
Section 1. Section 163.31801, Florida Statutes, is amended to read:
163.31801 Impact fees; short title; intent; minimum requirements; audits; challenges.—
(1) This section may be cited as the “Florida Impact Fee Act.”

783100

(2) The Legislature finds that impact fees are an important source of revenue for a local government to use in funding the infrastructure necessitated by new growth. The Legislature further finds that impact fees are an outgrowth of the home rule power of a local government to provide certain services within its jurisdiction. Due to the growth of impact fee collections and local governments' reliance on impact fees, it is the intent of the Legislature to ensure that, when a county or municipality adopts an impact fee by ordinance or a special district adopts an impact fee by resolution, the governing authority complies with this section.

(3) For purposes of this section, the term:

(a) "Infrastructure" means a fixed capital expenditure or fixed capital outlay, excluding the cost of repairs or maintenance, associated with the construction, reconstruction, or improvement of public facilities that have a life expectancy of at least 5 years; related land acquisition, land improvement, design, engineering, and permitting costs; and other related construction costs required to bring the public facility into service. The term also includes a fire department vehicle, an emergency medical service vehicle, a sheriff's office vehicle, a police department vehicle, a school bus as defined in s. 1006.25, and the equipment necessary to outfit the vehicle or bus for its official use. For independent special fire control districts, the term "infrastructure" includes new facilities as defined in s. 191.009(4).

(b) "Public facilities" has the same meaning as in s. 163.3164 and includes emergency medical, fire, and law enforcement facilities.

(4) ~~(3)~~ At a minimum, each local government that adopts and collects an impact fee by ordinance and each special district that adopts, collects, and administers an impact fee by resolution must ~~an impact fee adopted by ordinance of a county or municipality or by resolution of a special district must satisfy all of the following conditions~~:

(a) Ensure that the calculation of the impact fee is ~~must be~~ based on the most recent and localized data.

(b) ~~The local government must~~ Provide for accounting and reporting of impact fee collections and expenditures and~~. If a local governmental entity imposes an impact fee to address its infrastructure needs, the entity must~~ account for the revenues and expenditures of such impact fee in a separate accounting fund.

(c) Limit administrative charges for the collection of impact fees ~~must be limited~~ to actual costs.

(d) ~~The local government must~~ Provide notice at least ~~not less than~~ 90 days before the effective date of an ordinance or resolution imposing a new or increased impact fee. A local government ~~county or municipality~~ is not required to wait 90 days to decrease, suspend, or eliminate an impact fee. Unless the result is to reduce the total mitigation costs or impact fees imposed on an applicant, new or increased impact fees may not apply to current or pending permit applications submitted before the effective date of ~~an ordinance or resolution imposing~~ a new or increased impact fee.

(e) Ensure that collection of the impact fee may not be required to occur earlier than the date of issuance of the building permit for the property that is subject to the fee.

783100

(f) Ensure that the impact fee is ~~must be~~ proportional and reasonably connected to, or has ~~have~~ a rational nexus with, the need for additional capital facilities and the increased impact generated by the new residential or commercial construction.

(g) Ensure that the impact fee is ~~must be~~ proportional and reasonably connected to, or has ~~have~~ a rational nexus with, the expenditures of the funds collected and the benefits accruing to the new residential or nonresidential construction.

(h) ~~The local government must~~ Specifically earmark funds collected under the impact fee for use in acquiring, constructing, or improving capital facilities to benefit new users.

(i) Ensure that revenues generated by the impact fee are ~~may~~ not ~~be~~ used, in whole or in part, to pay existing debt or for previously approved projects unless the expenditure is reasonably connected to, or has a rational nexus with, the increased impact generated by the new residential or nonresidential construction.

(5)(a) ~~(4)~~ Notwithstanding any charter provision, comprehensive plan policy, ordinance, development order, development permit, or resolution, the local government or special district must credit against the collection of the impact fee any contribution, whether identified in a proportionate share agreement or other form of exaction, related to public ~~education~~ facilities or infrastructure, including land dedication, site planning and design, or construction. Any contribution must be applied on a dollar-for-dollar basis at fair market value to reduce any ~~education-based~~ impact fee collected for the general category or class of public facilities

or infrastructure for which the contribution was made ~~fees on a dollar-for-dollar basis at fair market value~~.

(b) If a local government or special district does not charge and collect an impact fee for the general category or class of public facilities or infrastructure contributed, a credit may not be applied under paragraph (a).

(6)~~(5)~~ A local government, school district, or special district may increase an impact fee only as provided in this subsection.

(a) An impact fee may be increased only pursuant to a plan for the imposition, collection, and use of the increased impact fees which complies with this section.

(b) An increase to a current impact fee rate of not more than 25 percent of the current rate must be implemented in two equal annual increments beginning with the date on which the increased fee is adopted.

(c) An increase to a current impact fee rate which exceeds 25 percent but is not more than 50 percent of the current rate must be implemented in four equal installments beginning with the date the increased fee is adopted.

(d) An impact fee increase may not exceed 50 percent of the current impact fee rate.

(e) An impact fee may not be increased more than once every 4 years.

(f) An impact fee may not be increased retroactively for a previous or current fiscal or calendar year.

(g) A local government, school district, or special district may increase an impact fee rate beyond the phase-in limitations established under paragraph (b), paragraph (c),

783100

paragraph (d), or paragraph (e) by establishing the need for such increase in full compliance with the requirements of subsection (4), provided the following criteria are met:

1. A demonstrated-need study justifying any increase in excess of paragraph (b), paragraph (c), paragraph (d), or paragraph (e) has been completed within the 12 months prior to the adoption of the impact fee increase and expressly demonstrates the extraordinary circumstances necessitating the need to exceed the phase-in limitations;

2. The local government jurisdiction has held no less than two publicly-noticed workshops dedicated to the extraordinary circumstances necessitating the need to exceed the phase-in limitations of paragraph (b), paragraph (c), paragraph (d), or paragraph (e); and

3. The impact fee increase ordinance is approved by no less than a two-thirds vote of the governing body.

(h) This subsection shall operate retroactively to January 1, 2021.

(7) If an impact fee is increased ~~a local government increases its impact fee rates~~, the holder of any impact fee credits, whether such credits are granted under s. 163.3180, s. 380.06, or otherwise, which were in existence before the increase, is entitled to the full benefit of the intensity or density prepaid by the credit balance as of the date it was first established. ~~This subsection shall operate prospectively and not retrospectively.~~

(8)~~(6)~~ A local government, school district, or special district must submit with its annual financial report required under s. 218.32 or its financial audit report required under s.

783100

218.39 a separate affidavit signed by its chief financial officer or, if there is no chief financial officer, its executive officer attesting, to the best of his or her knowledge, that all impact fees were collected and expended by the local government, school district, or special district, or were collected and expended on its behalf, in full compliance with the spending period provision in the local ordinance or resolution, and that funds expended from each impact fee account were used only to acquire, construct, or improve specific infrastructure needs as defined in this section ~~Audits of financial statements of local governmental entities and district school boards which are performed by a certified public accountant pursuant to s. 218.39 and submitted to the Auditor General must include an affidavit signed by the chief financial officer of the local governmental entity or district school board stating that the local governmental entity or district school board has complied with this section~~.

(9) ~~(7)~~ In any action challenging an impact fee or the government's failure to provide required dollar-for-dollar credits for the payment of impact fees as provided in s. 163.3180(6)(h)2.b., the government has the burden of proving by a preponderance of the evidence that the imposition or amount of the fee or credit meets the requirements of state legal precedent and this section. The court may not use a deferential standard for the benefit of the government.

(10) ~~(8)~~ Impact fee credits are assignable and transferable at any time after establishment from one development or parcel to any other that is within the same impact fee zone or impact fee district or that is within an adjoining impact fee zone or

impact fee district within the same local government jurisdiction and which receives benefits from the improvement or contribution that generated the credits. This subsection applies to all impact fee credits regardless of whether the credits were established before or after the effective date of this act.

(11) ~~(9)~~ A county, municipality, or special district may provide an exception or waiver for an impact fee for the development or construction of housing that is affordable, as defined in s. 420.9071. If a county, municipality, or special district provides such an exception or waiver, it is not required to use any revenues to offset the impact.

(12) ~~(10)~~ This section does not apply to water and sewer connection fees.

(13) ~~(11)~~ In addition to the items that must be reported in the annual financial reports under s. 218.32, a local government, school district ~~county, municipality~~, or special district must report all of the following information ~~data~~ on all impact fees charged:

(a) The specific purpose of the impact fee, including the specific infrastructure needs to be met, including, but not limited to, transportation, parks, water, sewer, and schools.

(b) The impact fee schedule policy describing the method of calculating impact fees, such as flat fees, tiered scales based on number of bedrooms, or tiered scales based on square footage.

(c) The amount assessed for each purpose and for each type of dwelling.

(d) The total amount of impact fees charged by type of dwelling.

(e) Each exception and waiver provided for construction or

783100

development of housing that is affordable.

Section 2. The Division of Law Revision is directed to replace the phrase "the effective date of this act" wherever it occurs in this act with the date the act becomes a law.

593-03639-21 2021750c2

A bill to be entitled

An act relating to impact fees; amending s. 163.31801, F.S.; defining the terms "infrastructure" and "public facilities"; requiring local governments and special districts to credit against the collection of impact fees any contribution that relates to the improvement of public facilities or infrastructure; providing conditions under which credits may not be applied; providing limitations on impact fee increases; providing for retroactive operation; requiring specified entities to submit an affidavit attesting that impact fees were appropriately collected and expended; requiring school districts to report specified information regarding impact fees; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Present subsections (3) through (11) of section 163.31801, Florida Statutes, are redesignated as subsections (4) through (12), respectively, a new subsection (3) is added to that section, and present subsections (3) through (6) and (11) of that section are amended, to read:

163.31801 Impact fees; short title; intent; minimum requirements; audits; challenges.—

(3) For purposes of this section, the term:

(a) "Infrastructure" means a fixed capital expenditure or fixed capital outlay, excluding the cost of repairs or maintenance, associated with the construction, reconstruction,

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

593-03639-21 2021750c2

or improvement of public facilities that have a life expectancy of at least 5 years; related land acquisition, land improvement, design, engineering, and permitting costs; and other related construction costs required to bring the public facility into service. The term also includes a fire department vehicle, an emergency medical service vehicle, a sheriff's office vehicle, a police department vehicle, a school bus as defined in s. 1006.25, and the equipment necessary to outfit the vehicle or bus for its official use. For independent special fire control districts, the term "infrastructure" includes new facilities as defined in s. 191.009(4).

(b) "Public facilities" has the same meaning as in s. 163.3164 and includes emergency medical, fire, and law enforcement facilities.

(4)~~(3)~~ At a minimum, each local government that adopts and collects an impact fee by ordinance and each special district that adopts, collects, and administers an impact fee by resolution must ~~an impact fee adopted by ordinance of a county or municipality or by resolution of a special district must satisfy all of the following conditions~~:

(a) Ensure that the calculation of the impact fee is ~~must be~~ based on the most recent and localized data.

(b) ~~The local government must~~ Provide for accounting and reporting of impact fee collections and expenditures and~~. If a local governmental entity imposes an impact fee to address its infrastructure needs, the entity must~~ account for the revenues and expenditures of such impact fee in a separate accounting fund.

(c) Limit administrative charges for the collection of

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

impact fees ~~must be limited~~ to actual costs.

(d) ~~The local government must~~ Provide notice at least ~~not less than~~ 90 days before the effective date of an ordinance or resolution imposing a new or increased impact fee. A local government ~~county or municipality~~ is not required to wait 90 days to decrease, suspend, or eliminate an impact fee. Unless the result is to reduce the total mitigation costs or impact fees imposed on an applicant, new or increased impact fees may not apply to current or pending permit applications submitted before the effective date of ~~an ordinance or resolution imposing~~ a new or increased impact fee.

(e) Ensure that collection of the impact fee may not be required to occur earlier than the date of issuance of the building permit for the property that is subject to the fee.

(f) Ensure that the impact fee is ~~must be~~ proportional and reasonably connected to, or has ~~have~~ a rational nexus with, the need for additional capital facilities and the increased impact generated by the new residential or commercial construction.

(g) Ensure that the impact fee is ~~must be~~ proportional and reasonably connected to, or has ~~have~~ a rational nexus with, the expenditures of the funds collected and the benefits accruing to the new residential or nonresidential construction.

(h) ~~The local government must~~ Specifically earmark funds collected under the impact fee for use in acquiring, constructing, or improving capital facilities to benefit new users.

(i) Ensure that revenues generated by the impact fee are ~~may~~ not ~~be~~ used, in whole or in part, to pay existing debt or for previously approved projects unless the expenditure is

reasonably connected to, or has a rational nexus with, the increased impact generated by the new residential or nonresidential construction.

(5)(a) ~~(4)~~ Notwithstanding any charter provision, comprehensive plan policy, ordinance, development order, development permit, or resolution, the local government or special district must credit against the collection of the impact fee any contribution, whether identified in a proportionate share agreement or other form of exaction, which relates to the improvement of ~~related to~~ public ~~education~~ facilities or infrastructure, including land dedication, site planning and design, or construction. Any contribution must be applied on a dollar-for-dollar basis at fair market value to reduce any ~~education-based~~ impact fee collected for the general category or class of public facilities or infrastructure for which the contribution was made ~~fees on a dollar-for-dollar basis at fair market value~~.

(b) If a local government or special district does not charge and collect an impact fee for the general category or class of public facility contributed, a credit may not be applied under paragraph (a).

(6) ~~(5)~~ A local government, school district, or special district may increase an impact fee only as provided in this subsection.

(a) An impact fee may be increased only pursuant to a plan for the imposition, collection, and use of the increased impact fees which complies with this section.

(b) An increase to a current impact fee rate of not more than 25 percent of the current rate must be implemented in two

equal annual increments beginning with the date on which the increased fee is adopted.

(c) An increase to a current impact fee rate which exceeds 25 percent but is not more than 50 percent of the current rate must be implemented in four equal installments beginning with the date the increased fee is adopted.

(d) An impact fee increase may not exceed 50 percent of the current impact fee rate.

(e) An impact fee may not be increased more than once every 4 years.

(f) An impact fee may not be increased retroactively for a previous or current fiscal or calendar year.

(g) Notwithstanding paragraphs (b), (c), (d), or (e), a local government, school district, or special district may increase an impact fee rate by establishing the need for such increase in full compliance with the requirements of subsection (4).

(h) If ~~a local government~~ an impact fee is increased ~~increases its impact fee rates~~, the holder of any impact fee credits, whether such credits are granted under s. 163.3180, s. 380.06, or otherwise, which were in existence before the increase, is entitled to the full benefit of the intensity or density prepaid by the credit balance as of the date it was first established.

(i) This subsection shall operate retroactively to January 1, 2021 ~~prospectively and not retrospectively~~.

(7)~~(6)~~ A local government, school district, or special district must submit with its annual financial report under s. 218.32 or its financial audit report under s. 218.39 an

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

affidavit signed by its chief financial officer attesting that all impact fees were collected and expended by the local government, school district, or special district, or were collected and expended on its behalf, in full compliance with the spending period provision in the local ordinance or resolution, and that funds expended from each impact fee account were used only to acquire, construct, or improve specific infrastructure needs as defined in this section ~~Audits of financial statements of local governmental entities and district school boards which are performed by a certified public accountant pursuant to s. 218.39 and submitted to the Auditor General must include an affidavit signed by the chief financial officer of the local governmental entity or district school board stating that the local governmental entity or district school board has complied with this section~~.

(12)~~(11)~~ In addition to the items that must be reported in the annual financial reports under s. 218.32, a local government, school district ~~county, municipality~~, or special district must report all of the following information ~~data~~ on all impact fees charged:

(a) The specific purpose of the impact fee, including the specific infrastructure needs to be met, including, but not limited to, transportation, parks, water, sewer, and schools.

(b) The impact fee schedule policy describing the method of calculating impact fees, such as flat fees, tiered scales based on number of bedrooms, or tiered scales based on square footage.

(c) The amount assessed for each purpose and for each type of dwelling.

(d) The total amount of impact fees charged by type of

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	SB 770
INTRODUCER:	Senator Burgess
SUBJECT:	Military Affairs
DATE:	April 14, 2021
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Stallard	Caldwell	MS	**Favorable**
2.	Ponder	McVaney	GO	**Favorable**
3.	Wells	Sadberry	AP	**Favorable**

I. Summary:

SB 770 revises several provisions related to the Florida National Guard (FLNG) and the Department of Military Affairs to update obsolete references and conform Florida Statutes to federal law related to operations of the FLNG. These changes include:

- Removing references to job titles no longer used as career service class and allowing the position of electronic security system technician to participate in the career service class;
- Revising out-of-date position titles as senior management service class and adding the Inspector General and Executive Officer;
- Specifying that the Adjutant General must serve as the Commanding General of the state's organized militia;
- Revising the requirements for appointment as Adjutant General to provide that the Adjutant General must have served in the Florida National Guard (FLNG) for *at least* five years, rather than the preceding five years in current law;
- Revising the requirements for the Assistant Adjutant General for the Army, second Assistant Adjutant General for the Army, and Assistant Adjutant General for Air to provide that each person must have served for *at least* three years, rather than the preceding five years in current law;
- Updating reference to the outdated version of the Manual for Courts-Martial (MCM) to the 2019 edition and establishing the Florida Code of Military Justice (FCMJ);
- Specifying that a court-martial in this state is an administrative procedure of the executive branch and not a court under the control of the judicial branch;
- Revising the procedures for convening general and special courts-martial to provide they must be tried pursuant to the MCM, except as otherwise provided by FLNG regulations;
- Revising procedures and personnel qualifications for convening and trial of general, special, and summary courts-martial as well as punishments that may be adjudged by these courts;
- Revising provisions relating to the imposition of nonjudicial punishment and specifying the types of nonjudicial punishment;

- Authorizing certain commanders to reduce personnel pay grades;
- Providing that the Adjutant General or a military judge may issue and execute search authorizations under certain conditions;
- Revising the provisions regarding medical officer authorization;
- Revising the membership and excusal requirements of the Armory Board; and
- Providing that members of the FLNG are subject to the FCMJ whether in civilian or military status.

The bill does not appear to have a fiscal impact on the state or local governments.

The bill takes effect July 1, 2021.

II. Present Situation:

Career Service

The Florida Constitution requires the Legislature to create a civil service system for state employees.[1] The Department of Management Services (DMS) is responsible for developing uniform personnel rules, guidelines, records, and reports relating to employees and positions in the career service.[2] All state employees generally fall into one of four categories:

- Career service system;[3]
- Senior management service system;[4]
- Volunteers;[5] or
- Selected exempt service system.[6]

All non-exempt employees belong to the career service system.[7] Military police chiefs, military police officers, firefighter trainers, firefighter rescuers, and electronic security system technicians in the Department of Military Affairs (DMA) are exempt from the career service system.[8] The DMA states that the job titles of military police chiefs, military police officers, firefighter trainers, and firefighter rescuers are no longer used.[9]

Senior Management Service Class

Any officer or employee who is elected, appointed, or employed by the state is covered by the Florida Retirement System (FRS).[10] The FRS is administered by DMS and participation is compulsory unless the position held is exempted by law.[11]

[1] FLA. CONST. art. III, s. 14.
[2] Section 110.201(1)(a), F.S.
[3] Chapter 110, Part II, F.S.
[4] Chapter 110, Part III, F.S.
[5] Chapter 110, Part IV, F.S.
[6] Chapter 110, Part V, F.S.
[7] Section 110.205, F.S.
[8] Section 110.205(2)(p)2., F.S.
[9] Department of Military Affairs, *2021 Agency Legislative Bill Analysis SB 770* (Feb. 3, 2021).
[10] Section 121.011(2)(a), F.S.
[11] Section 121.051, F.S.

The senior management service (SMS) class is a separate class of membership within the FRS and is for members who fill senior management level positions assigned by law to the senior management service class or authorized by law as eligible for inclusion.[12] Participation in the SMS class is mandated by statute.[13] The Adjutant General, Assistant Adjutant General-Army, Assistant Adjutant General-Air, State Quartermaster, Director of Military Personnel, Director of Administration, and additional directors in DMA are required to participate in the SMS class.[14] The DMA states that these positions no longer exist or have been changed.[15]

The Florida National Guard

The Florida National Guard (FLNG) is the organized militia of the state.[16] Its mission includes maintaining readiness to support national and state security efforts, as well as leading or assisting in humanitarian and logistical operations. These operations include hurricane preparation and recovery and currently includes assistance with the pandemic response. The Governor is the commander in chief of the FLNG and the Adjutant General is its chief of staff. [17] The FLNG has an Army component and an Air component, each of which has an Assistant Adjutant General who is also its Commander.[18]

Adjutant General

The Adjutant General is the head of the Department of Military Affairs (DMA)[19] and the chief of staff of the Florida National Guard. The Adjutant General is appointed by the Governor, subject to Senate confirmation.[20] The Adjutant General may, upon delegation of authority by the Governor, convene a general court-martial.[21]

The Florida Statutes provide the minimum qualifications for a candidate to be Adjutant General. He or she must be a federally recognized officer of the Florida National Guard who has served for the preceding 5 years.[22]

Federal Uniform Code of Military Justice and Manual for Courts-Martial

The United States Constitution grants Congress the power to raise and support armies, provide and maintain a navy, and provide for organizing and disciplining their members.[23] Pursuant to its constitutional authority, Congress enacted the federal Uniform Code of Military Justice (UCMJ), which contains the substantive and procedural laws governing the military justice system.[24] Jurisdiction under the UCMJ does not depend on where the offense was committed but only on the status of the accused, including an active duty servicemember of the Armed Forces or a National Guard member when in federal service.[25] Presidents have implemented the UCMJ through the Manual for Courts-Martial (MCM).[26] The MCM outlines procedural rules and punishments for violations of crimes and contains the Rules for Courts-Martial, the Military Rules of Evidence, and the punitive articles of the UCMJ.[27]

A servicemember who violates the UCMJ is subject to discipline in a military court called a court-martial. There are three types of courts-martial: summary courts-martial, special courts-martial, and general courts-martial. A summary courts-martial is designed to dispose of minor offenses (non-criminal). Only enlisted servicemembers may be tried by summary courts-martial. A single officer presides over the hearing.[28]

A special courts-martial is an intermediate trial level (generally similar to misdemeanors) composed of either a military judge alone or four members and a judge. An enlisted servicemember may ask that a portion of the court members be enlisted. There is both a prosecutor, commonly referred to as the trial counsel, and a defense counsel. In addition, the accused may be represented by civilian counsel, at no expense to the government, or by an individually requested military counsel. A judge presiding in a special courts-martial must be a qualified military judge.[29]

A general courts-martial is the military's highest level trial court. This court tries servicemembers for the most serious crimes (similar to felonies). The punishment authority of the general court-martial is limited by the maximum authorized punishment for each offense in the MCM. A judge presiding in a general courts-martial must be a qualified military judge. The accused may request that the proceedings be overseen by a military judge and eight service members; for capital cases, 12 members are required.[30]

Florida Courts-Martial

Article X, s. 2 of the Florida Constitution specifies that the qualifications of members of the FLNG and "the grounds and proceedings for their discipline and removal" must conform to appropriate United States Army or Air Force regulations. All provisions of federal law which relate to the FLNG and which are not inconsistent with the state constitution are part of the military laws of Florida.[31] Members of the FLNG are subject to the UCMJ at all times during their enlistment or appointment, and ch. 250, F.S., applies to such members whether serving in-state or in another state.[32]

Courts-martial are authorized to try a servicemember of the FLNG for any crime or offense made punishable by the UCMJ. However, a commissioned officer, warrant officer, or cadet may not be tried by summary courts-martial.[33] A servicemember of the FLNG who violates the UCMJ is subject to discipline pursuant to the court-martial.

A courts-martial or court of inquiry may be held in a unit of the FLNG serving outside the state, and such court has the same jurisdiction and powers as if the courts-martial or court of inquiry were held in Florida.[34] However, a service member may not be tried for offenses committed while in civilian status.[35]

The MCM is updated periodically. Current law, s. 250.35, F.S., references the 2012 edition.

Similar to federal law, Florida has general, special, and summary courts-martial.[36] A summary court-martial may be convened by the commanding officer of each battalion, higher headquarters, or similar type unit when not in active federal service.[37] Punishment may include:

- A fine of $200 or less per offense.
- Confinement of 25 days or less.
- Forfeiture of pay and allowances.
- Reduction by one grade.[38]

Any two or more punishments may be combined; however, confinement may not be combined with a fine.[39]

General courts-martial and special courts-martial must be tried by a military judge[40] and a panel of officers as designated in regulations of the FLNG. However, a panel may include enlisted members, at the request of an enlisted defendant. The military judge must be qualified by

[37] Section 250.35(7), F.S.
[38] *Id.*
[39] *Id.*
[40] Section 250.01(11), F.S., defines a "military judge" as the presiding officer of a general or special court-martial. Except as otherwise expressly provided, in the context of a summary court-martial, "military judge" includes the summary court-martial officer.

attendance at appropriate Judge Advocate General (JAG) schools and must be certified as qualified by the Adjutant General of Florida. In a general and special courts-martial, the defendant may waive trail by panel and request trial by military judge alone. The granting of the waiver is in the military judge's discretion.[41]

A special courts-martial may be convened by a commanding officer of the FLNG or a superior commander when not in active federal service.[42] A commanding officer of a garrison, fort, post, camp, air base, auxiliary air base, or any other place where troops are on duty may also convene special courts-martial for his or her command. These special courts-martial may be convened by a superior commander when advisable.[43] Special courts-martial with bad conduct discharge authority may impose punishment to include:

- A fine of $300 or less.
- Confinement of 100 days or less.
- Forfeiture of all pay and allowances.
- Reprimand or a bad conduct discharge from the service.
- Reduction by one grade of a member whom the commander had the authority to promote.[44]

General courts-martial in the FLNG may be convened by order of the President of the United States, the Governor, or the Adjutant General as delegated by the Governor.[45] Punishment may include:

- A fine of $500 or less.
- Confinement of 200 days or less.
- Forfeiture of all pay and allowances.
- Reprimand, dismissal, or dishonorable discharge from the service.
- Reduction to the lowest enlisted grade or any intermediate grade for enlisted personnel.[46]

Any two or more of the punishments may be combined.

Only the DMA, in an appropriately convened courts-martial action provided by law, may impose a sentence of imprisonment.[47] A sentence of dismissal or dishonorable discharge from the service cannot be executed until approved by the Governor.[48]

Appeals

Article V, s. 1 of the Florida Constitution provides that the "legislature may, by general law, authorize a military court-martial to be conducted by military judges of the Florida National Guard, with direct appeal of a decision to the District Court of Appeal, First District." Accordingly under Florida law, a servicemember who is found guilty and is sentenced in a general or special court-martial to imprisonment may appeal the case to the First District Court

[41] Section 250.35(3), F.S.
[42] Section 250.35(5), F.S.
[43] Section 250.35(6), F.S.
[44] Section 250.35(5), F.S.
[45] Section 250.35(4), F.S.
[46] Section 250.35(4), F.S.
[47] FLA. CONST. art. I, s. 18.
[48] Section 250.35(11), F.S.

of Appeal. The FLNG may appeal any dismissal of a general or special court-martial that does not violate the servicemember's constitutional rights may appeal the case to the First District Court of Appeal.[49]

In a summary court-martial, a servicemember may appeal a finding of guilt or sentence to the convening authority. A servicemember who is sentenced to imprisonment may appeal the finding of guilt or the sentence to the Adjutant General.[50]

Nonjudicial Punishment

As an alternative to a court-martial, a commander may impose nonjudicial punishment. This punishment may include:

- Oral or written reprimand.
- A fine of $200 or less.
- Extra duty for 14 days or less.
- Restriction for 14 days or less.
- Reduction by one grade of a member whom the commander had the authority to promote.[51]

These punishments may be combined; however a combination of extra duty and restriction may not exceed 14 days.

Mandates & Process for Military Courts - Searches

Military courts may issue all process and mandates, including writs, warrants, and subpoenas, necessary to carry out the powers vested in the courts. The mandates and process may be directed to a sheriff and must be in a form prescribed by the Adjutant General.[52]

When not in active federal service, the Adjutant General, his or her designee, or a military judge of the FLNG may issue a pretrial confinement warrant to secure the presence of an accused at trial, as well as subpoenas and subpoenas duces tecum, to require witnesses to produce documents.[53]

When a servicemember is sentenced to confinement by court-martial, the sheriff or jailer must provide the same care as provided to other prisoners properly committed for custody under the sentence of any civil court.[54]

Neither the Florida Statutes nor the UCMJ specify who may authorize a search or which areas may be searched. However, the Military Rules of Evidence authorize a commander or military judge to issue a search authorization, which is the military law equivalent of a search warrant.[55]

[55] Military Rules of Evidence, Part III, Rule 316, https://jsc.defense.gov/Portals/99/Documents/MREsRemoved412e.pdf (last visited April 11, 2021).

Under the Fourth Amendment to the U.S. Constitution, a search generally must be conducted pursuant to a search warrant that is supported by probable cause.[56]

Medical Officer Authorization

Section 250.375, F.S., provides that physicians holding an active license to practice medicine in any other state or Puerto Rico, while serving as medical officers in the FLNG pursuant to federal or state orders, are expressly authorized to practice medicine on military personnel or civilians during an emergency, declared disaster, or during federal military training.

Armory Board

Section 250.01(5), F.S., defines the term "armory" as a building or group of buildings, used primarily for housing and training troops or for storing military property, supplies, or records. Section 250.40, F.S., creates the Armory Board, which is charged with the supervision and control of all FLNG armories, facilities, and real property within the state used for military purposes. Voting members of the Armory Board include the Governor as Commander in Chief and chair of the Armory Board, Adjutant General as vice chair, Assistant Adjutants General, and major command commanders reporting directly to the Adjutant General, in the active FLNG. Any member of the Armory Board may delegate his or her deputy commander to attend the meeting as an alternate member with voting privileges in the Armory Board member's absence.[57] Board member terms are for the period during which the member possesses the qualifications for the membership.[58]

III. Effect of Proposed Changes:

Section 1 amends s. 110.205, F.S., relating to career service exemptions, to repeal references to job titles no longer used (military police chiefs, military police officers, firefighter trainers, and firefighter rescuers). The bill also repeals reference to electronic security system technicians in the DMA, thereby allowing those positions to have the same salary and benefits as career services employees.

Section 2 amends s. 121.055, F.S., relating to the SMS class, to revise references to certain military positions required to participate in the SMS class. This section adds the DMA Inspector General and Executive Officer to the class positions and renames the Director of Military Personnel to Director of Human Resources and the Director of Administration to the Director of Legislative Affairs.

Section 3 amends s. 250.10, F.S., to revise the requirements for appointment as Adjutant General to require the Adjutant General to have served in the FLNG for *at least* 5 years, rather than the "preceding five years" as provided under current law. This section specifies that the Adjutant General must serve as the commanding general of Florida's organized militia. This section also provides that the Assistant Adjutant General for Army and the Assistant Adjutant General for Air

[56] *See California v. Carney*, 471 U.S. 386, 390-91 (1985).
[57] Section 250.40(2)(a), F.S.
[58] Section 250.40(3), F.S.

must have served for at least three years in the FLNG, rather than the "preceding five years" in current law.

Section 4 amends 250.35, F.S., to update a reference to the outdated version of the Manual for Courts-Martial (MCM) to the 2019 edition and provides that the Uniform Code of Military Justice (UCMJ), together with ch. 250, F.S., is to be referred to as the Florida Code of Military Justice (FCMJ).

This section specifies that a court-martial in this state is an administrative procedure of the executive branch and not a court under the control of the judicial branch. Servicemembers must be tried pursuant to the MCM, except as otherwise provided by FLNG regulations.

Current law provides that a panel of officers may include enlisted members, at the request of an enlisted defendant. The bill strikes the word defendant (this conforms to the UCMJ's replacement of the term defendant with accused) and provides that such a panel may include enlisted members, at the request of an enlisted person who is accused of a crime or an offense.

This section clarifies the qualifications of a military judge in a general or special court-martial and requires that a military judge in a summary court-martial must be a commissioned officer who is appointed by the Summary Courts-Martial Convening Authority or any higher authority.

Current law allows for the Governor to delegate to convene a general courts-martial to the Adjutant General. The bill authorizes the President, the Governor, or the Adjutant General to convene a general courts-martial and prohibits the delegation of that duty. The bill also revises provisions relating to the imposition of nonjudicial punishment by providing that courts, upon the finding of guilt, may adjudge no punishment or adjudge one or more of the following punishments:

- Confinement in an appropriate penal institution for up to 367 days.
- Dismissal or discharge from the FLNG with the characterization of service deemed appropriate by the military judge or panel members, including a dishonorable or bad conduct discharge.
- A fine of up to $500 per violation.
- Forfeiture of all or just a portion of pay and allowances.
- Reduction to the lowest enlisted pay grade or any intermediate pay grade for enlisted persons (current law does not specify pay grade).
- A written reprimand filed in the official military personnel file of the person found guilty.

This section provides that special courts-martial authorized to adjudicate a bad conduct discharge in the FLNG, may be convened by order of commanding officers of the FLNG who are in the accused's chain of command and hold the rank of colonel or by any person who is authorized to convene a general court-martial. The bill prohibits the delegation of this duty. The bill also revises the type of punishment allowed for a special courts-martial, to allow the courts, upon the finding of guilt, to adjudge no punishment or adjudge one or more of the following punishments:

- Confinement in an appropriate penal institution for up to 100 days.
- Discharge from the Florida National Guard with a bad conduct discharge.
- A fine of up to $400 per violation.

- Forfeiture of all or just a portion of pay and allowances for a period of up to 1 year.
- Reduction to the lowest or any intermediate pay grade of enlisted persons.
- A written reprimand filed in the official military personnel file of the person found guilty.

The bill provides that special courts-martial *not authorized* to adjudicate a bad conduct discharge in the FLNG may be convened by order of the commanding officers of the FLNG who are in the accused's chain of command and hold the rank of a lieutenant colonel or by any person who is authorized to convene a general court-martial or special court-martial that is authorized to adjudicate a bad conduct discharge. The bill prohibits the delegation of this duty. Punishment is the similar as special courts-martial authorized to adjudicate a bad conduct discharge *except* that (i) no punishment by discharge is provided; (ii) the fine may not exceed $300; and (iii) forfeiture of pay may not exceed 60 days.

This section specifies that summary court-martial in the FLNG may be convened by order of commanding officers of the FLNG who are in the accused's chain of command and hold the rank of lieutenant colonel or by any person authorized to convene a general court-martial or special court-martial. The bill prohibits the delegation of this duty. The bill also revises the type of punishment allowed for a summary courts-martial, to allow the courts, upon the finding of guilt, to adjudge no punishment or adjudge one or more of the following punishments:

- Confinement in an appropriate penal institution for up to 25 days.
- A fine of up to $200 per violation.
- Forfeiture of all or just a portion of pay and allowances for a period of up to 60 days.
- Reduction to no more than two pay grades below the person's current pay grade.
- A reprimand.

This section clarifies that commanding officers may impose nonjudicial punishment in accordance with FLNG regulations. It also provides greater specificity as to which commanders are authorized to impose a nonjudicial punishment as follows:

- A unit commander or superior commander may punish enlisted personnel;
- Field grade commanders or general officers may punish company grade and warrant officers; and
- General officers may punish field grade officers.

The bill revises the nonjudicial punishments authorized to:

- Clarify extra duty may not exceed a period of 14 days of active duty, whether state active duty, annual training, or any similar duty, or 14 unit training assemblies.
- Provide that restriction to the armory, training site, or any other specified limitations, with or without suspension from duty, may not exceed a period of 14 days of active duty, whether state active duty, annual training or any similar duty, or 14 unit training assemblies.
- Provide for reduction by no more than two pay grades for enlisted personnel in the E-4 pay grade or below and reduction of one grade of enlisted personnel in the E-5 pay grade or above.
- Add forfeiture of base pay for a period not to exceed 14 days of active duty, whether state active duty, annual training, or any similar duty, or 14 unit training assemblies.

The bill provides that a commander or a successor in command over the person punished may, at any time, suspend any part or amount of the punishment subject to the following conditions:

- Any unexecuted punishment may be suspended at any time;
- Any executed punishment of any grade reduction, fine, or forfeiture of pay, may only be suspended within 8 months after the date of execution; and
- The suspension cannot be longer than 12 months from the date of suspension, but the expiration of the current enlistment or term of service of the servicemember involved automatically terminates the period of suspension.

The bill specifies that the regulations adopted by the FLNG may provide for plenary and summarized nonjudicial punishment.

The bill provides which commanders have the authority to reduce certain enlisted servicemember pay grades.

The bill provides that in addition to a dismissal of a general or special courts-martial case, a dismissal of any specific charge or offense may be appealed by the FLNG to the First District Court of Appeal.

The bill specifies that a finding of guilt and the sentence of a nonjudicial punishment may be appealed only to the next highest commander in the accused's chain of command and any such appeal is final.

Section 5 amends s. 250.351, F.S., regarding court-martial jurisdiction, to provide that members of the FLNG are subject to ch. 250, F.S., regardless of whether in civilian or military status. Jurisdiction is based exclusively on membership in the FLNG and is not subject to additional requirements.

This section provides that subject matter jurisdiction is established if a nexus exists between an offense, either military or nonmilitary, and the state military force. The bill specifies that courts-martial under the FCMJ have primary jurisdiction of military offenses committed when the member is not in the active service. If a nonmilitary offense violates both the FCMJ and local criminal law (foreign or domestic), a proper civilian court has primary jurisdiction. In such cases, a court-martial may be initiated only after the civilian authority has declined to prosecute or dismissed the charge, provided jeopardy has not attached.

This section also provides that jurisdiction over attempted crimes, conspiracy crimes, solicitation, and accessory crimes must be determined by the underlying offense. Courts-martial under the FCMJ may be initiated for offenses committed by a FLNG member while in the active service only after the commander with authority over the offense under the UCMJ has declined to prosecute or dismissed the charge, provided jeopardy has not attached.

Section 6 amends s. 250.36, F.S., to provide for the issuance and execution of search authorizations by the Adjutant General, his or her designee, or a military judge when not in active service and when the FLNG or the Department of Military Affairs has control over the location where property or the person to be searched is situated or found. If the location is not

under military control, the commander has control over such property of persons subject to military law or law of war.

Section 7 amends s. 250.375, F.S., to provide that in addition to any state, a physician who holds a license to practice medicine in any territory of the United States or the District of Columbia, while serving as a medical officer with or in support of the FLNG, may practice medicine on military personnel or civilians during an emergency, declared disaster, or during federal military training.

Section 8 amends s. 250.40, F.S., to revise the Armory Board membership to specify that the Assistant Adjutant General must be from the Army. The bill provides that a member of the Armory Board may request excusal from a board meeting by the Adjutant General or his or her designee. The excused member may delegate the authority to a deputy commander or executive officer to attend the meeting as an alternate member with voting privileges.

Section 9 provides that the bill takes effect July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

The bill does not appear to require cities and counties to expend funds or limit their authority to raise revenue or receive state-shared revenues as specified by Art. VII, s. 18 of the State Constitution.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

None.

VI. Technical Deficiencies:

Lines 253 to 255 state "[a] court-martial in this state is an administrative *procedure* of the executive branch and not a court under the control of the judicial branch." The constitution and ch. 255, F.S., expressly provides for judicial review in the First District Court of Appeal. The current language is a bit confusing as worded and may be read to be in conflict with the authority for judicial review. It is suggested that an amendment be considered to expressly state that courts-martial are a *proceeding* within the executive branch and not a court as established under Article V of the State Constitution.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 110.205, 121.055, 250.10, 250.35, 250.351, 250.36, 250.375, and 250.40.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

None.

B. Amendments:

None.

By Senator Burgess

20-00714-21 2021770__

A bill to be entitled

An act relating to military affairs; amending s. 110.205, F.S.; deleting a provision requiring that certain military personnel have the same salary and benefits as career service employees; amending s. 121.055, F.S.; revising the list of positions in the Department of Military Affairs subject to compulsory membership in the Senior Management Service Class of the Florida Retirement System; amending s. 250.10, F.S.; modifying minimum qualifications and duties of the Adjutant General; modifying the minimum qualifications for additional officers appointed by the Adjutant General; amending s. 250.35, F.S.; designating the provisions of ch. 250, F.S., and the Uniform Code of Military Justice as the Florida Code of Military Justice; specifying that a court-martial is an administrative procedure under the executive branch of state government; revising procedures applicable to various court-martial proceedings; revising the types of punishments a person found guilty in a court-martial proceeding is subject to; authorizing certain commanders to suspend punishment, subject to specified limitations; authorizing Florida National Guard regulations to provide for nonjudicial punishment; specifying the authority of certain commanders to reduce grades of enlisted personnel, subject to specified limitations; modifying procedures governing appeals of a court-martial finding and sentence; amending s. 250.351, F.S.; revising

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

20-00714-21 2021770__

provisions governing the applicability of ch. 250, F.S., and the Florida Code of Military Justice; specifying conditions under which subject matter jurisdiction is established in certain cases; amending s. 250.36, F.S.; authorizing the Adjutant General, the Adjutant General's designee, or a military judge to issue and execute search authorizations under specified circumstances; amending s. 250.375, F.S.; revising authorization for certain physicians serving as medical officers with, or in support of, the Florida National Guard to practice medicine under certain circumstances; amending s. 250.40, F.S.; revising the composition of the Armory Board; authorizing board members to request excusal from an Armory Board meeting; providing for the designation of an alternate board member in the event of an excusal; modifying a provision governing the length of the term of board members; conforming a cross-reference; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (p) of subsection (2) of section 110.205, Florida Statutes, is amended to read:

110.205 Career service; exemptions.—

(2) EXEMPT POSITIONS.—The exempt positions that are not covered by this part include the following:

(p)~~1.~~ All military personnel of the Department of Military Affairs. Unless otherwise fixed by law, the salary and benefits

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

for such military personnel shall be set by the Department of Military Affairs in accordance with the appropriate military pay schedule.

~~2. The military police chiefs, military police officers, firefighter trainers, firefighter rescuers, and electronic security system technicians shall have salary and benefits the same as career service employees.~~

Section 2. Paragraph (g) of subsection (1) of section 121.055, Florida Statutes, is amended to read:

121.055 Senior Management Service Class.—There is hereby established a separate class of membership within the Florida Retirement System to be known as the "Senior Management Service Class," which shall become effective February 1, 1987.

(1)

(g) Effective July 1, 1996, participation in the Senior Management Service Class is ~~shall be~~ compulsory for any member of the Florida Retirement System employed with the Department of Military Affairs in the positions of the Adjutant General, Assistant Adjutant General-Army, Assistant Adjutant General-Air, State Quartermaster, Director of Human Resources, Director of Legislative Affairs, Inspector General, Executive Officer ~~Military Personnel, Director of Administration~~, and additional directors as designated by the agency head, not to exceed a total of 10 positions. In lieu of participation in the Senior Management Service Class, such members may participate in the Senior Management Service Optional Annuity Program ~~as~~ established in subsection (6) if enrolled in the program before July 1, 2017.

Section 3. Subsections (1), (2), (4), and (5) of section

250.10, Florida Statutes, are amended to read:

250.10 Appointment and duties of the Adjutant General.—

(1) In case of a vacancy, the Governor shall, subject to confirmation by the Senate, appoint a federally recognized officer of the Florida National Guard, who has served in the Florida National Guard for at least ~~the preceding~~ 5 years and attained the rank of colonel or higher, to be the Adjutant General of the state with the rank of not less than brigadier general or such higher rank as authorized by applicable tables of organization of the Department of the Army or the Department of the Air Force. The Adjutant General and all other military personnel of the Florida National Guard on full-time military duty with the Department of Military Affairs, except military police and firefighters, who are paid from state funds shall receive the pay and allowances of their respective grade as prescribed by applicable pay tables of the national military establishment for similar grade and period of service of personnel, unless a different rate of pay and allowances is specified in an appropriation act of the Legislature. An officer, with his or her consent, may be ordered to state active duty for administrative duty with the Department of Military Affairs at a grade lower than the officer currently holds.

(2) The Adjutant General shall:

(a) Serve as the commanding general of Florida's organized militia.

(b) Supervise the receipt, preservation, repair, distribution, issue, and collection of all arms and military equipment of the state.

(c) ~~(b)~~ Supervise all troops and branches of the Florida

National Guard, including their organization, armament, discipline, training, recruiting, inspection, instruction, pay, subsistence, and supplies.

(d) ~~(c)~~ Maintain records of all military personnel of the Florida National Guard, and maintain copies of all orders, reports, and communications received and issued by him or her.

(e) ~~(d)~~ Cause the law and orders relating to the Florida National Guard to be indexed, printed, and bound, and prepare and publish blank books, forms, and stationery when necessary, and furnish them at the expense of the state.

(f)1. ~~(e)1.~~ Prepare and publish by order of the Governor orders, rules, and regulations, consistent with law, to bring the organization, armament, equipment, training, and discipline of the Florida National Guard to a state of efficiency as near as possible to that of the regular United States Army and Air Force, and the Adjutant General shall attest all orders of the commander in chief relating to the Florida National Guard.

2. Establish by directive an organized and supervised physical fitness program for military personnel of the Department of Military Affairs, provided that the program does not exceed 1 hour per day, for a maximum of 3 hours per week, and originates and terminates at the normal worksite. All fees, membership dues, equipment, and clothing relating to such physical fitness program shall be at no cost to the state. Administrative leave, not to exceed 3 hours per week, shall be provided by the department to all personnel authorized to participate in the physical fitness program.

3. Establish by directive a post exchange store for members of the Florida National Guard, their families, guests, and other

authorized users. The post exchange store shall be located at the Camp Blanding Training Site. The primary purpose of the store is to provide for the morale, recreation, and welfare of all servicemembers training at the Camp Blanding Training Site. The operation of the post exchange store must be in accordance with state and federal laws, rules, and regulations. Profits of the post exchange store, if any, shall be deposited in the Camp Blanding Management Trust Fund and shall be used to enhance the facilities and services provided by the Camp Blanding Training Site. The Adjutant General may establish an account with a federally insured financial institution in the state to facilitate the operations of the post exchange store.

(g) ~~(f)~~ Prepare reports required by the Secretary of Defense.

(h) ~~(g)~~ Perform other duties required of the Adjutant General by the commander in chief.

(i) ~~(h)~~ Employ personnel as necessary for the proper conduct of the Department of Military Affairs. The Adjutant General may accept personnel provided by the Federal Government.

(j) ~~(i)~~ Establish and maintain as part of the Adjutant General's office a repository of records of the services of Florida troops during all wars, and be the custodian of all records, relics, trophies, colors, and histories relating to such wars which are possessed or acquired by the state.

(k) ~~(j)~~ Maintain a seal of office, approved by the commander in chief, and all copies of papers in his or her office, duly certified and authenticated under the seal, are admissible in evidence in all cases in like manner as if the original were produced.

(l) ~~(k)~~ Provide, upon request, a summary to the Governor on the number and condition of the Florida National Guard and the number and condition of the arms and property in the custody of the state, and transmit to the Governor at that time a detailed report of all funds and moneys received and disbursed by the Department of Military Affairs. The Adjutant General may also recommend needed legislation as he or she deems proper.

(m) ~~(l)~~ Subject to annual appropriations, administer youth About Face programs and adult Forward March programs at sites to be selected by the Adjutant General. Both programs must provide schoolwork assistance, focusing on the skills needed to master basic high school competencies and functional life skills, including teaching students to work effectively in groups; providing basic instruction in computer skills; teaching basic problem-solving, decisionmaking, and reasoning skills; teaching how the business world and free enterprise work through computer simulations; and teaching home finance and budgeting and other daily living skills.

1. About Face is a summer and year-round after-school life-preparation program for economically disadvantaged and at-risk youths from 13 through 17 years of age. The program must provide training in academic study skills, and the basic skills that businesses require for employment consideration.

2. Forward March is a job-readiness program for economically disadvantaged participants who are directed to Forward March by the local workforce development boards. The Forward March program shall provide training on topics that directly relate to the skills required for real-world success. The program shall emphasize functional life skills, computer

literacy, interpersonal relationships, critical-thinking skills, business skills, preemployment and work maturity skills, job-search skills, exploring careers activities, how to be a successful and effective employee, and some job-specific skills. The program also shall provide extensive opportunities for participants to practice generic job skills in a supervised work setting. Upon completion of the program, Forward March shall return participants to the local workforce development boards for placement in a job placement pool.

(n) ~~(m)~~ Order troops to state active duty for training, subject to approved appropriations or grants.

(o) ~~(n)~~ Issue decorations and awards pursuant to military regulations and instructions.

(4)(a) The Adjutant General shall, subject to confirmation by the Senate, employ a federally recognized officer of the Florida National Guard, who has served in the Florida Army Guard for at least 3 ~~the preceding 5~~ years and attained the rank of colonel or higher at the time of appointment, to be the Assistant Adjutant General for Army.

(b) The Adjutant General may, subject to confirmation by the Senate, employ an additional, federally recognized officer of the Florida National Guard, who has served in the Florida Army Guard for at least 3 ~~the preceding 5~~ years and attained the rank of colonel or higher at the time of appointment, to be a second Assistant Adjutant General for Army.

Each officer shall perform the duties required by the Adjutant General.

(5) The Adjutant General shall, subject to confirmation by

the Senate, employ a federally recognized officer of the Florida National Guard, who has served in the Florida Air Guard for at least 3 ~~the preceding 5~~ years and attained the rank of colonel or higher at the time of appointment, to be the Assistant Adjutant General for Air. The officer shall perform the duties required by the Adjutant General.

Section 4. Section 250.35, Florida Statutes, is amended to read:

250.35 Florida Code of Military Justice ~~Courts-martial~~.—

(1) The Uniform Code of Military Justice (UCMJ), 10 U.S.C. ss. 801 et seq., and the Manual for Courts-Martial (2019 ~~2012~~ Edition) are adopted for use by the Florida National Guard, except as otherwise provided by this chapter. The UCMJ, together with the provisions of this chapter, shall be referred to as the Florida Code of Military Justice (FCMJ).

(2) Courts-martial may try a member of the Florida National Guard for any crime or offense made punishable under the FCMJ ~~by the Uniform Code of Military Justice (2012 Edition)~~, except that a commissioned officer, warrant officer, or cadet may not be tried by summary courts-martial.

(3) A court-martial in this state is an administrative procedure of the executive branch and not a court under the control of the judicial branch.

(4) Courts-martial in the state consist of ~~shall be of three kinds, namely:~~ general courts-martial, special courts-martial, and summary courts-martial. General courts-martial and special courts-martial shall be tried by a military judge and a panel of officers pursuant to the Manual for Courts-Martial, except as otherwise provided by Florida ~~as designated in~~

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

~~applicable~~ National Guard regulations. However, a panel may include enlisted members, at the request of an enlisted person who is accused of a crime or an offense ~~defendant~~. The military judge in a general court-martial or special court-martial must be qualified by attendance at appropriate Judge Advocate General schools or ~~and~~ must be certified as qualified by the Adjutant General of Florida. In a general and special court-martial, the accused ~~defendant~~ may waive trial by panel and request trial by military judge alone. The granting of such waiver is ~~shall be~~ in the military judge's discretion. The military judge in a summary court-martial must be a commissioned officer who is appointed by the Summary Courts-Martial Convening Authority or any higher authority.

(5) ~~(4)~~ General courts-martial in the Florida National Guard may be convened by order of the President of the United States, the Governor, or the Adjutant General. This duty may not be delegated. ~~as delegated by the Governor, and~~ Such courts may, upon a finding of guilt, adjudge no punishment or adjudge any one or more of the following punishments:

(a) Confinement in an appropriate penal institution for a period not to exceed 367 days.

(b) Dismissal or discharge from the Florida National Guard with a characterization of service deemed appropriate by the military judge or enlisted members, including a dishonorable or bad conduct discharge.

(c) A fine not to exceed $500 per violation.

(d) Forfeiture of all pay and allowances, or a portion thereof.

(e) Reduction to the lowest or any intermediate pay grade

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

of enlisted persons.

(f) A written reprimand filed in the official military personnel file of the person found guilty ~~adjudge a fine not exceeding $500, confinement not in excess of 200 days; forfeiture of all pay and allowances; reprimand, dismissal, or dishonorable discharge from the service; and reduction to the lowest enlisted grade or any intermediate grade for enlisted personnel. Any two or more of such punishments may be combined in the sentence authorized in this section~~.

(6)~~(5)~~ Special courts-martial authorized to adjudicate a bad conduct discharge in ~~When not in the active service of the United States, the commanding officer of each major command of~~ the Florida National Guard ~~or his or her superior commander~~ may be convened by order of commanding officers of the Florida National Guard who are in the accused's chain of command and hold the rank of colonel, or any person who is authorized to convene a general court-martial ~~convene special courts-martial empowered to adjudicate a bad conduct discharge from the service~~, subject to the procedural protections provided in 10 U.S.C. s. 819. This duty may not be delegated. Such a court-martial may, upon a finding of guilt, adjudge no punishment or adjudge any one or more of the following punishments:

(a) Confinement in an appropriate penal institution for a period not to exceed 100 days.

(b) Discharge from the Florida National Guard with a bad conduct discharge.

(c) A fine not to exceed $400 per violation.

(d) Forfeiture of all pay and allowances, or a portion thereof, for a period not to exceed 1 year.

(e) Reduction to the lowest or any intermediate pay grade of enlisted persons.

(f) A written reprimand filed in the official military personnel file of the person found guilty ~~Special courts-martial with bad conduct discharge authority have the same powers of punishment as do general courts-martial, except that fines adjudged by special courts-martial may not exceed $300 and confinement may not exceed 100 days. Special courts-martial with bad conduct discharge authority may adjudicate a bad conduct discharge from the service, but may not adjudicate a dismissal or dishonorable discharge from the service~~.

(7)~~(6)~~ Special courts-martial not authorized to adjudicate a bad conduct discharge in the Florida National Guard may be convened by order of the commanding officers of the Florida National Guard who are in the accused's chain of command and hold the rank of lieutenant colonel, or any person who is authorized to convene a general court-martial or special court-martial that is authorized to adjudicate a bad conduct discharge. This duty may not be delegated. Such a court-martial may, upon a finding of guilt, adjudge no punishment or adjudge one or more of the following punishments:

(a) Confinement in an appropriate penal institution for a period not to exceed 100 days.

(b) A fine not to exceed $300 per violation.

(c) Forfeiture of all pay and allowances, or a portion thereof, for a period not to exceed 60 days.

(d) Reduction to the lowest or any intermediate pay grade of enlisted persons.

(e) A written reprimand filed in the official military

personnel file of the person found guilty ~~When not in the active service of the United States, the commanding officer of each garrison, fort, post, camp, air base, auxiliary air base, any other place where troops are on duty, division, brigade, group, regiment, battalion, wing, or squadron may convene special courts-martial for his or her command; but such special courts-martial may be convened by superior commanders when advisable. Special courts-martial have the same powers of punishment as general courts-martial, except that fines adjudged by special courts-martial may not exceed $300 and confinement may not exceed 100 days, and dismissal or discharge from the service may not be adjudicated~~.

(8) ~~(7)~~ Summary courts-martial in the Florida National Guard may be convened by order of commanding officers of the Florida National Guard who are in the accused's chain of command and hold the rank of lieutenant colonel, or any person authorized to convene a general court-martial or special court-martial. This duty may not be delegated. Such courts-martial may, upon a finding of guilt, adjudge no punishment or adjudge any one or more of the following punishments:

(a) Confinement in an appropriate penal institution for a period not to exceed 25 days.

(b) A fine not to exceed $200 per violation.

(c) Forfeiture of all pay and allowances, or a portion thereof, for a period not to exceed 60 days.

(d) Reduction to no more than two pay grades below the person's current pay grade.

(e) A reprimand ~~When not in the active service of the United States, the commanding officer of each battalion, higher~~

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

~~headquarters, or similar type unit may convene summary courts-martial for such place or command. Any person who may convene a general court-martial or special court-martial may convene a summary court-martial. Summary courts-martial may adjudge a fine not in excess of $200 per offense, confinement not in excess of 25 days, forfeiture of pay and allowances, and reduction by one grade of members whom the convening authority had the authority to promote to their present grade. Any two or more of such punishments may be combined in the sentence authorized to be imposed by such courts, except that confinement may not be combined with a fine~~.

(9) ~~(8)~~ Commanding officers ~~When not in the active service of the United States, commanders~~ may impose nonjudicial punishment in accordance with Florida National Guard regulations. Enlisted personnel may receive nonjudicial punishment from the unit commander or from any higher commander in their chain of command. Company grade and warrant officers may receive nonjudicial punishment from any commander who is a field grade or general officer in their chain of command. Field grade officers may receive nonjudicial punishment from any commander who is a general officer in their chain of command. Such commanders may, upon a finding of guilt, adjudge no punishment or adjudge one or more of the following punishments ~~10 U.S.C. s. 815, except that punishment may not exceed~~:

(a) Oral or written reprimand.

(b) Extra duty for a period not to exceed 14 days of active duty, whether state active duty, annual training, or any similar duty, or 14 unit training assemblies.

(c) Restriction to the armory, training site, or any other

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

specified limitations, with or without suspension from duty, for a period not to exceed 14 days of active duty, whether state active duty, annual training, or any similar duty, or 14 unit training assemblies.

(d) A fine not to exceed ~~Fines of~~ $200 per violation.

(e) Reduction of up to two grades for enlisted personnel in the E-4 pay grade or below and reduction of one grade of enlisted personnel in the E-5 pay grade or above ~~by one grade of a member whom the commander had the authority to promote~~.

(f) Forfeiture of base pay for a period not to exceed 14 days of active duty, whether state active duty, annual training, or any similar duty, or 14 unit training assemblies.

(g) Any combination of paragraphs (a)-(f) ~~(a)-(e)~~, except that a combination of punishment imposed under paragraphs (b) and (c) may not exceed 14 days or 14 unit training assemblies.

(10) The commander who imposes nonjudicial punishment, or a successor in command over the person being punished, may suspend any part or amount of the punishment at any time, subject to the following conditions:

(a) Any unexecuted punishment may be suspended at any time.

(b) An executed punishment of any grade reduction, fine, or forfeiture of pay may only be suspended within a period of 8 months after the date of execution.

(c) A punishment may not be suspended for a period exceeding 12 months from the date of suspension, and the expiration of the affected servicemember's current enlistment or term of service automatically terminates the period of suspension.

(11) Florida National Guard regulations may provide for

plenary and summarized nonjudicial punishment.

(12) A commander is authorized to reduce the grade of enlisted personnel in ranks through courts-martial or nonjudicial punishment, subject to the following conditions:

(a) Unless jurisdiction is withheld by a higher level commander, commanders in command positions with the rank of captain are authorized to reduce grades of personnel serving in grades E-2 through E-4.

(b) Unless jurisdiction is withheld by a higher level commander, commanders in command positions with the rank of lieutenant colonel are authorized to reduce grades of personnel serving in grades E-2 through E-6.

(c) Unless jurisdiction is withheld by a higher level commander, commanders in command positions with the rank of colonel and above are authorized to reduce grades of personnel serving in grades E-2 through E-9.

(13)(a) ~~(9)~~ A finding of guilt and the sentence of a summary court-martial may be appealed to the convening authority. If a sentence of imprisonment has been adjudged, the findings and sentence may be appealed to the Adjutant General.

(b) ~~(10)(a)~~ A finding of guilt and the sentence of a court-martial convened under this chapter, as approved by the convening authority and the Adjutant General if a sentence of imprisonment has been adjudged, may be appealed to the First District Court of Appeal.

(c) ~~(b)~~ Any dismissal of a general or special court-martial case, or any specific charge or offense, by the military judge which does not violate the accused's ~~defendant's~~ constitutional rights may be appealed by the Florida National Guard to the

First District Court of Appeal.

(d) A finding of guilt and the sentence of a nonjudicial punishment may be appealed only to the next highest commander in the accused's chain of command. Any such appeal is final.

(14)~~(11)~~ When the Florida National Guard is not in the active service of the United States, a sentence of dismissal from the service or dishonorable discharge from the service, imposed by court-martial, may not be executed until approved by the Governor.

Section 5. Section 250.351, Florida Statutes, is amended to read:

250.351 Court-martial; jurisdiction.—

(1) Members of the Florida National Guard are subject to this chapter and the Florida ~~Uniform~~ Code of Military Justice, including any provision authorizing punishment, at all times during their enlistment or appointment, regardless of whether in civilian or military status or serving in this state or outside the state. Jurisdiction is based exclusively on membership in the Florida National Guard and is not subject to any additional requirements.

(2) Subject matter jurisdiction is established if a nexus exists between an offense, either military or nonmilitary, and the state military force. Courts-martial under the Florida Code of Military Justice have primary jurisdiction of military offenses committed when the member is not in the active service of the United States. A proper civilian court has primary jurisdiction of a nonmilitary offense when an act or omission violates both the Florida Code of Military Justice and local criminal law, foreign or domestic. In such cases, a court-

martial may be initiated only after the civilian authority has declined to prosecute or has dismissed the charge, provided jeopardy has not attached. Jurisdiction over attempted crimes, conspiracy crimes, solicitation, and accessory crimes must be determined by the underlying offense. Courts-martial under the Florida Code of Military Justice may be initiated for offenses committed by a Florida National Guard member while in the active service of the United States only after the commander with authority over the offense under the Uniform Code of Military Justice has declined to prosecute or dismissed the charge, provided jeopardy has not attached.

(3) Courts-martial ~~A court-martial or court of inquiry~~ may be convened and held in a unit of the Florida National Guard serving outside the state, and the court has the same jurisdiction and powers as if the court-martial ~~or court of inquiry~~ were held within the state. An offense committed outside the state may be tried and punished outside the state or within the state.

Section 6. Section 250.36, Florida Statutes, is amended to read:

250.36 Mandates and process.—

(1) Military courts may issue all process and mandates, including writs, warrants, and subpoenas, necessary to carry out the powers vested in the courts. Such mandates and process may be directed to the sheriff of any county and must be in the form prescribed by the Adjutant General in the rules issued by him or her under this chapter. All officers to whom such mandates and process are directed must execute the same and make returns of their acts thereunder according to the requirements of the form

of process. Any sheriff or other officer who neglects or refuses to perform the duty enjoined upon him or her by this chapter is subject to the same liabilities, penalties, and punishments as are prescribed by the law for neglect or refusal to perform any other duty of his or her office.

(2) When not in the active service of the United States, the Adjutant General, or his or her designee, or a military judge ~~of the Florida National Guard~~ may issue a pretrial confinement warrant for the purpose of securing the presence of an accused at trial. The warrant must be directed to the sheriff of the county, directing the sheriff to arrest the accused and bring the accused before the court for trial if the accused has disobeyed an order in writing to appear before the court which was delivered to the accused in person or mailed to the accused's last known address, along with a copy of the charges. Pretrial confinement may not exceed 48 hours. However, the Adjutant General or military judge may extend pretrial confinement for not more than 15 days in order to facilitate the presence of the accused at trial. For purposes of this subsection, the term "military judge" does not include a summary court-martial officer who is not qualified to act as a military judge in general or special courts-martial.

(3) When not in the active service of the United States, the Adjutant General, or his or her designee, or a military judge ~~of the Florida National Guard~~ may issue subpoenas and subpoenas duces tecum and enforce by attachment the attendance of witnesses and the production of documents and other items of evidentiary value.

(4) When not in the active service of the United States,

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

the Adjutant General, or his or her designee, or a military judge may issue and execute search authorizations when the Florida National Guard or the Department of Military Affairs has control over the location where the property or the person to be searched is situated or found. If the location is not under military control, the commander has control over such property or persons subject to military law or law of war.

(5) When a sentence of confinement is imposed by any court-martial of the Florida National Guard, the Adjutant General or his or her designee whose approval makes effective the sentence imposed by the court-martial shall issue a warrant directing the sheriff of the appropriate county to take the convicted person into custody and confine him or her in the jail of such county for the period specified in the sentence of the court. Any sheriff receiving such warrant must promptly execute the warrant by taking the convicted person into custody and confining him or her in jail. The sheriff or jailer in charge of any county jail shall receive any person committed for confinement in such jail under proper process from a court-martial, and provide for the care, subsistence, and safekeeping of such prisoner just as the sheriff or jailer would a prisoner properly committed for custody under the sentence of any civil or criminal court.

(6)~~(5)~~ All sums of money collected through fines adjudged by a general, special, or summary court-martial or through the imposition of nonjudicial punishment of the Florida National Guard shall be paid over at once by the officer collecting the fine to the commanding officer of the organization to which the member belongs and be deposited in accordance with s. 250.40(5)(c)1.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Section 7. Section 250.375, Florida Statutes, is amended to read:

250.375 Medical officer authorization.—Physicians who hold an active license to practice medicine in any ~~other~~ state, any territory of the United States, or the District of Columbia ~~Puerto Rico~~, while serving as medical officers with, or in support of, ~~in~~ the Florida National Guard, pursuant to federal or state orders, are expressly authorized to practice medicine on military personnel or civilians during an emergency, declared disaster, or during federal military training.

Section 8. Subsections (2) and (3) and paragraph (c) of subsection (5) of section 250.40, Florida Statutes, are amended to read:

250.40 Armory Board; creation; membership, terms, and compensation; duties and responsibilities.—

(2)(a) Voting members of the Armory Board include the Governor as Commander in Chief and chair of the board, the Adjutant General as vice chair, the Assistant Adjutants General of the Army, and major subordinate command commanders ~~reporting directly to the Adjutant General,~~ in the active Florida National Guard. ~~If necessary due to exigencies of military duty, any member of the board may delegate his or her deputy commander to attend the meetings as an alternate member with voting privileges.~~

(b) Any member of the Armory Board may request excusal from a meeting from the Adjutant General or his or her designee. Any excused member may delegate his or her deputy commander or executive officer to attend such meeting as an alternate member with voting privileges.

(c) The Governor may appoint one representative from his or her staff to attend meetings of the Armory Board. The appointee shall serve as a nonvoting advisory member and liaison to the board.

(d) ~~(c)~~ The State Quartermaster shall act as the recorder and secretary of the Armory Board. In addition, the State Quartermaster shall execute the policy, decisions, and official actions of the board. When the board is in recess, the State Quartermaster shall conduct the day-to-day business of the board. The State Quartermaster and his or her staff are not liable, civilly or criminally, for any lawful act done by them in the performance of their duty, while acting in good faith, and while acting in the scope of either state or federal duty.

(3) The term of each member of the Armory Board is the period during which the member possesses the title and qualifications for such membership as provided in this chapter ~~under subsection (1)~~.

(5) The Armory Board must:

(c) Receive from counties, municipalities, and other sources donations of land, services, or money to aid in providing, operating, improving, and maintaining armories and other facilities used for military purposes. The national military policy recognizes the Florida National Guard as an important component of the United States Army and Air Force, and a member of the total force, sharing in the defense of the country. The Florida National Guard is available to assist the state and local governments in the event of an emergency. Therefore, it is reasonable and equitable that the expense of maintaining the Florida National Guard be shared by the federal,

state, and local governments. As the Federal Government is providing liberally for the equipment and training of the Florida National Guard and the state for its administration, management, and maintenance, local governments are encouraged to provide services at no cost to Florida National Guard armories.

1. Any contributions of money, any moneys derived from the rental of armories and other facilities, the armory-operations allowances provided in s. 250.20, and all money collected through fines imposed by a court-martial or nonjudicial proceeding of the Florida National Guard, as provided in s. 250.36(6) ~~s. 250.36(5)~~, shall be received on behalf of the Armory Board by the post commander of such facility and must be deposited into a federal depository, approved by the Department of Military Affairs, in an account in a banking institution in the county in which such facility is located.

2. The funds received shall be disbursed for the purposes enumerated in this subsection at the discretion of the post commander.

3. Any real property donated shall be held as other property for use by the state, and counties and municipalities may make donations of lands by deed or long-term lease and contributions of moneys for the purposes set forth in this section, and may issue bonds or certificates of indebtedness to provide funds for such purposes. Boards of county commissioners may levy taxes, not to exceed 1 mill, to provide funds for the construction of armories or for the retirement of bonds or certificates of indebtedness issued to provide funds for the construction of armories. Counties and municipalities may construct armories upon state-owned land, which may be made

available for such purpose by action of the Armory Board. Counties and municipalities may also grant to the Armory Board, by deed or long-term leases, property that is acquired or buildings that are constructed for military purposes. Each local government is encouraged to provide economic incentives to reduce the cost of locating Florida National Guard facilities in its jurisdiction. A local government may appropriate funds to pay expenses of the Florida National Guard unit in its jurisdiction. Such funds will be received, accounted for, and dispersed as other funds received by the unit.

Section 9. This act shall take effect July 1, 2021.

The Florida Senate

Committee Agenda Request

To: Senator Kelli Stargel, Chair
Committee on Appropriations

Subject: Committee Agenda Request

Date: March 26, 2021

I respectfully request that **Senate Bill #770**, relating to Military Affairs, be placed on the:

☐ committee agenda at your earliest possible convenience.

☒ next committee agenda.

Senator Danny Burgess
Florida Senate, District 20

File signed original with committee office

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	SB 794
INTRODUCER:	Senator Bean
SUBJECT:	Independent Living Services
DATE:	April 14, 2021
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Delia	Cox	CF	**Favorable**
2.	Jahnke	Bouck	ED	**Favorable**
3.	Underhill	Sadberry	AP	**Favorable**

I. Summary:

SB 794 modifies the membership and responsibilities of the Florida Independent Living Council (FILC). Specifically, the bill removes the Division of Blind Services (DBS) from the membership of the FILC, and revises the total number of members from 14 to 11. The bill also permits the FILC to choose representative members from a wide range of persons with developmental disabilities from diverse backgrounds.

The bill revises certain required and discretionary tasks of the FILC and prohibits the FILC from engaging in certain prohibited activities related to lobbying.

The bill increases the percentage of total revenues collected from the Tax Collection Enforcement Diversion Program (Diversion Program) used to administer the James Patrick Memorial Work Incentive Personal Attendant Services Program (JPPAS Program) from 50 percent to 75 percent.

The bill will have a positive fiscal impact on the JPPAS program by increasing the proportion of funds from the Diversion Program to the JPPAS Program, and a negative fiscal impact on other segments of state government. See Section V. Fiscal Impact Statement.

The bill is effective July 1, 2021.

II. Present Situation:

Independent Living

The term "independent living" is not defined in Florida Statutes. "Independent living" may refer to an elderly person with the physical and mental capacity to live independently but who wants

companionship or otherwise needs supportive services. It may also encompass a living arrangement for people with disabilities who need supportive services.[1]

The Federal Rehabilitation Act of 1973, as amended, created a framework for states to obtain funding for independent living programs, known as Centers for Independent Living, which work to support community living and independence for people with disabilities.[2] There are 16 Centers for Independent Living in Florida which together serve all 67 counties.[3] To receive funding, states must develop a State Plan for Independent Living (SPIL), which is a three year plan for providing independent living services in the state, through a designated Statewide Independent Living Council (SILC).

Independent living communities are communities in which healthy individuals may live on their own but that do not offer assisted living or nursing services. Independent living communities may offer amenities such as transportation, security, yard maintenance, laundry service, group meals, and social and cultural activities.[4]

Florida Independent Living Council

In 1988, the Legislature created the FILC which serves as Florida's SILC.[5] The FILC's responsibilities include jointly developing and submitting the SPIL.[6] The FILC works to ensure that persons with disabilities have an opportunity for input into the development of the SPIL and works for systematic change in the areas that are the biggest barriers to people with disabilities participating fully in their communities. The FILC describes the independent living philosophy as "promot[ing] consumer control of services, self-determination and equal access and participation in every aspect of community life, to the level that individual wishes."[7] The 2017-2019 SPIL, in part, identified the need for safe, affordable, accessible housing as being critical for Florida's Centers for Independent Living and noted a lack of housing is commonly identified as the main barrier to independent living.[8]

Currently, the FILC is comprised of 14 members, including, among other members, directors of independent living centers, a representative from the Division of Vocational Rehabilitation (VR), a representative from the Division of Blind Services (DBS), and various individuals with developmental disabilities.[9] The FILC must coordinate activities with the Florida Rehabilitation Council and other councils that address the needs of specific disability populations under federal

law. The FILC must also submit periodic reports to the Commissioner of the Federal Rehabilitation Administration Services, and provide access to such records at the request of the Commissioner.[10]

The Florida Division of Vocational Rehabilitation

The VR within the Department of Education (DOE) administers the vocational rehabilitation program in Florida. The VR provides services to help individuals with a disability find, advance in, or retain employment, and provides services to youth and students with a disability to aid in the transition from high school to a meaningful career path. In FY 2018-19, the VR served 48,439 individuals, including 26,086 customers who were between the ages of 14 through 21.[11]

An individual with a disability[12] is presumed eligible for vocational rehabilitation services if the person requires rehabilitation services to prepare for, enter, engage in, or retain gainful employment.[13] After determining eligibility, the VR must complete an assessment to determine rehabilitation needs and ensure that an individualized plan for employment (IPE)[14] is prepared.[15] The IPE must be designed to achieve the specific employment outcome of the individual and may include services such as vocational evaluation and planning, career counseling and guidance, job-site assessment and accommodations, job placement, job coaching, and on-the-job training.[16]

Division of Blind Services

The DBS is housed within the DOE.[17] The purpose of the DBS is to ensure the greatest possible efficiency and effectiveness of services to individuals who are blind.[18] It is the intent of the Legislature to establish a coordinated program of services that are available throughout Florida to such individuals. The program must be designed to maximize employment opportunities for individuals who are blind and to increase their independence and self-sufficiency.[19] The DBS's program of services include a blind babies program, children's program, transition services, independent living program, vocational rehabilitative program, employer services, business enterprises program, rehabilitation center for the blind and visually impaired, and braille and talking books library.[20]

[20] *See* The Florida Division of Blind Services, *About Blind Services*, available at http://dbs.myflorida.com/Information/index.html (last visited March 10, 2021).

The DBS was administratively housed within the VR upon inception.[21] The DBS has since been established as a separate entity within the DOE and has a separate representative council, known as the Rehabilitative Council for the Blind (RCB).[22] The RCB is an advisory council[23] responsible for assisting the DBS in the planning and development of statewide vocational rehabilitation programs and services pursuant to the Rehabilitative Act of 1973,[24] as amended, to recommend improvements to such programs and services, and to perform specified functions.

James Patrick Memorial Work Incentive Personal Attendant Services Program

The James Patrick Memorial Work Incentive Personal Attendant Services Program (JPPAS) Program was created by the Legislature in 2002 as a pilot project. In 2008, it was established in ch. 413.402, F.S., as a statewide program. The administration and financial oversight of the JPPAS Program was originally conducted as a partnership between the Florida Endowment Foundation for Vocational Rehabilitation and FACIL. In 2017, ch. 413.402, F.S. was amended, transferring administration and financial oversight to FACIL.[25]

The JPPAS Program provides a monthly stipend to participants in an effort to offset the cost of the personal care assistance used to help with daily activities such as bathing, dressing, toileting, and eating. As of December 31, 2020, 79 individuals were enrolled in the JPPAS Program.[26]

The JPPAS Program is funded with delinquent sales taxes collected by state attorney's offices in the following eight Florida circuits:

- The Fourth Judicial Circuit (Clay, Duval, Nassau);
- The Sixth Judicial Circuit (Pasco, Pinellas);
- The Ninth Judicial Circuit (Orange, Osceola);
- The Eleventh Judicial Circuit (Miami-Dade);
- The Thirteenth Judicial Circuit (Hillsborough);
- The Fifteenth Judicial Circuit (Palm Beach); and
- The Seventh Judicial Circuit (Broward).[27]

Persons eligible to participate in the program must:

- Be at least 18 years of age, a legal resident of this state, and be significantly and chronically disabled;
- Require a personal care attendant for assistance with or support for at least two activities of daily living such as bathing and dressing and as defined in s. 429.02, F.S.;

[21] Ch. 88-214, L.O.F.
[22] Section 413.011(8), F.S. Members of the council are appointed by the Governor with the majority being blind or visually impaired. The council membership must include at least 13 members. *See also* The Florida Division of Blind Services, *Rehabilitation Council*, available at http://dbs.myflorida.com/Rehab-Council/index.html (last visited March 1, 2021).
[23] Section 20.03(7), F.S., defines "advisory council" to mean "an advisory body created by specific statutory enactment and appointed to function on a continuing basis for the study of problems arising in a specified functional area of state government and to provide recommendations and policy alternatives."
[24] 29 U.S.C. § 701(b).

[26] *Id*.
[27] The JPPAS Program Summary at p. 1-2.

- Require a personal care attendant in order to maintain substantial gainful employment; and
- Be able to acquire and direct a personal care attendant.[28]

Tax Collection Enforcement Diversion Program

The primary source of funding for the JPPAS Program is the Diversion Program.[29] In conjunction with the establishment of the JPPAS program, the DOR was directed, in cooperation with FACIL and state attorneys, to select judicial circuits in which to operate the Diversion Program to collect unpaid sales taxes from delinquent business owners.[30] Fifty percent of the collections from the Diversion Program are deposited into the operating account of the Florida Achieving a Better Life Experience (ABLE) Trust[31] to be used to operate the JPPAS program and to contract with the state attorneys participating in the tax diversion program, and the remaining 50 percent is deposited into General Revenue.[32]

The annual budget for the JPPAS Program is determined by the State Revenue Estimating Conference's estimates of delinquent tax collections and revenue from the Bikers Care special motorcycle license tag.[33] The estimate adopted for the Diversion Program for the 2020-2021 fiscal year is $3,247,129 in total tax collections.[34] FACIL expects to receive approximately $70,000 in additional revenue from Florida Bikers Tag license plate sales.[35] This means the estimated budget for the JPPAS Program for Fiscal Year 2020-2021 is approximately $1,693,565, (50 percent of the total estimated collections ($1,623,565) plus the additional $70,000 from Florida Bikers Tag license plate sales).

III. Effect of Proposed Changes:

The bill amends s. 413.395, F.S., removing a representative of the DBS from the membership of the FILC. The bill also reduces the total number of members on the FILC from 14 members to 11 members, at least three of whom must be employees of a center for independent living. The bill requires that at least six of the members must be persons with significant disabilities who are not employed by any state agency or any center for independent living.

The bill also requires the membership of the FILC to include a broad range of persons with disabilities from diverse backgrounds. Under the bill, the FILC must select a chairperson from among the FILC's voting membership. The bill provides that the FILC must meet at the request of the VR alone, and removes the requirement for a joint request of the VR and the DBS. The

[28] Section 413.402(1)(a)-(d), F.S.

[35] The JPPAS Program Summary at p. 2.

bill also removes requirement that both the VR and the DBS make the FILC meeting reports available to the public, and requires only the VR to make such reports available.

The bill revises the duties of the FILC by requiring the FILC to develop and submit a state plan for independent living in conjunction with the directors of independent living centers, rather than with the VR, and by requiring the state plan to be in accordance with federal guidelines following the receipt of public input from individuals with developmental disabilities and other relevant stakeholders throughout the state. The FILC must coordinate activities with state entities which provide services similar to or complementary of independent living services, including entities which offer or facilitate the provision of long-term community-based services and supports. The bill eliminates the current requirement that the FILC coordinate activities with the Florida Rehabilitation Council.

Under the bill the FILC must conduct regular meetings and submit periodic reports to the Administration for Community Living within the United States Department of Health and Human Services, as well as keep access to and provide such reports to the administrator as frequently as is necessary to verify the reports. The bill changes the recipient of the reports from the Commissioner of the Federal Rehabilitation Administration Services to the head of the Administration for Community Living within the United States Department of Health and Human Services.

The bill authorizes the FILC to conduct the following activities described in the state plan for independent living:

- Working with independent living centers to coordinate services with public and private entities in an effort to improve independent living services for developmentally disabled persons;
- Developing resources to augment activities provided in the SPIL and the provision of relevant services by independent living centers; and
- Other activities consistent with and comparable to other enumerated activities as the FILC deems appropriate and as authorized in the SPIL.

The bill also requires the FILC to:

- Coordinate with independent living centers to avoid conflicting or overlapping activities within established service areas;
- Refrain from engaging in the direct provision of independent living services to developmentally disabled individuals, including the independent living core services.
- Comply with state and federal laws and regulations which restrict and prohibit lobbying activities.

The bill amends s. 413.4021, F.S., to direct 75 percent of the delinquent tax collection revenues to the JPPAS program (instead of 50 percent).

The bill is effective July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Article VII, s. 18 of the Florida Constitution governs laws that require counties and municipalities to spend funds or that limit their ability to raise revenue or receive state tax revenues.

Subsection (b) of Art. VII, s. 18 of the Florida Constitution, provides that except upon approval of each house of the Legislature by two-thirds vote of the membership, the Legislature may not enact, amend, or repeal any general law if the anticipated effect of doing so would be to reduce the authority that municipalities or counties have to raise revenue in the aggregate, as such authority existed on February 1, 1989. However, the mandates requirements do not apply to laws having an insignificant fiscal impact[36, 37] which for Fiscal Year 2021-2022, is forecast at approximately $2.2 million or less.[38]

While the bill diverts funding away from General Revenue, the bill does not appear to affect the authority of local governments to raise revenues. Therefore, the local governments mandate provision does not apply.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

Not applicable. The bill does not create or increase state taxes or fees. Thus, Art. VII, s. 19 of the Florida Constitution does not apply.

E. Other Constitutional Issues:

None identified.

---

[36] Fla. Const. art. VII, s. 18(d).

[37] An insignificant fiscal impact is the amount not greater than the average statewide population for the applicable fiscal year multiplied by $0.10. *See* Florida Senate Committee on Community Affairs, Interim Report 2012-115: Insignificant Impact at p. 1, (September 2011), *available at* http://www.flsenate.gov/PublishedContent/Session/2012/InterimReports/2012-115ca.pdf (last visited March 10, 2021).

[38] Based on the EDR's Estimating Conference's April 1, 2021, estimated population adopted on Nov. 13, 2020. The EDR, *Demographic Estimating Conference* at p. T-1, *available at* http://edr.state.fl.us/Content/conferences/population/ConferenceResults.pdf (last visited March 10, 2021).

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The January 5, 2021, Revenue Estimating Conference reported that collections for the Diversion Program declined by 3.8 percent in the 2019-20 fiscal year and are projected to remain flat, at approximately $3.25 million per year, for the next five years. The bill would create a positive, significant fiscal impact on the JPPAS program by increasing funding levels from 50 percent of the Diversion Program proceeds to 75 percent. Increasing funding from 50 percent of Diversion Program revenues ($1.62 million) to 75 percent ($2.44 million) would result in approximately $690,000 more annually in each of the next five years for the JPPAS program, and a proportionate increase in years thereafter. The bill would divert an additional 25 percent of Diversion Program funds away from General Revenue to the JPPAS program, resulting in a negative fiscal impact on other segments of state government.[39]

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 413.395 and 413.4021.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

None.

B. Amendments:

None.

[39] The EDR Summary.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By Senator Bean

4-00730B-21 2021794__

A bill to be entitled

An act relating to independent living services; amending s. 413.395, F.S.; removing a provision requiring the Florida Independent Living Council to assist the Division of Blind Services of the Department of Education; revising the membership of the council; revising the council's duties and responsibilities; authorizing the council to conduct certain activities as described in the state plan for independent living; requiring the council to coordinate with centers for independent living; prohibiting the council from engaging in certain activities; requiring the council to comply with state and federal laws and regulations relating to lobbying; amending s. 413.4021, F.S.; increasing the percentage of certain revenues used to administer the James Patrick Memorial Work Incentive Personal Attendant Services and Employment Assistance Program; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 413.395, Florida Statutes, is amended to read:

413.395 Florida Independent Living Council.—

(1) There is created the Florida Independent Living Council to assist the division ~~and the Division of Blind Services of the Department of Education~~, as well as other state agencies and local planning and administrative entities assisted under Title

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

4-00730B-21 2021794__

VII of the act, in the expansion and development of statewide independent living policies, programs, and concepts and to recommend improvements for such programs and services. The council shall function independently of the division and, unless the council elects to incorporate as a not-for-profit corporation, is assigned to the division for administrative purposes only. The council may elect to be incorporated as a Florida corporation not for profit and, upon such election, shall be assisted in the incorporation by the division for the purposes stated in this section. The appointed members of the council may constitute the board of directors for the corporation.

(2) The council shall consist of 11 members, including a minimum of three persons who are employees of a center for independent living ~~14 members, excluding ex officio, nonvoting members~~. At least six members of the council must be persons who have significant disabilities who are not employed by any state agency or center for independent living. The members of the council shall be appointed by the Governor after soliciting recommendations from the council.

(3) The council shall include:

(a) At least one director of a center for independent living who is chosen by the directors of the centers for independent living within the state.

(b) As ex officio, nonvoting members:

1. A representative from the division.

~~2. A representative from the Division of Blind Services.~~

2.~~3.~~ Representatives from one or more other state agencies that provide services to persons who have disabilities.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

(4) The council may include:

(a) Other representatives from the centers for independent living.

(b) Parents and guardians of persons who have disabilities.

(c) Advocates of and for persons who have disabilities.

(d) Representatives from private businesses.

(e) Representatives from organizations that provide services for persons who have disabilities.

(f) Other appropriate individuals.

(5) The council shall be composed of members:

(a) Who provide statewide representation.

(b) Who represent a broad range of persons who have disabilities from diverse backgrounds.

(c) Who are knowledgeable about the centers for independent living and independent living services.

(d) A majority of whom are:

1. Persons who have disabilities.

2. Not employed by any state agency or center for independent living.

(6) The council shall select a chairperson from among the voting membership of the council.

(7) Each member of the council shall serve for a term of 3 years, except that:

(a) A member appointed to fill a vacancy occurring before ~~prior to~~ the expiration of the term for which the predecessor was appointed shall be appointed for the remainder of such term.

(b) The terms of service of the members initially appointed shall be, as specified by the Governor, for such fewer number of years as will provide for the expiration of terms on a staggered

basis.

(c) A ~~No~~ member of the council may not serve more than two consecutive full terms.

(8) Any vacancy occurring in the membership of the council shall be filled in the same manner as the original appointment. A vacancy does not affect the power of the remaining members to execute the duties of the council.

(9) The ~~chairperson of the~~ council shall designate a representative who shall also serve as a member of the Florida Rehabilitation Council.

(10) The council may meet at the call of the chairperson, at the ~~joint~~ request of the division ~~and the Division of Blind Services~~, or at such times as may be prescribed by rule, but not fewer ~~less~~ than twice each calendar year. The council shall make a report of each meeting, which shall include a record of its discussions and recommendations. The division ~~and the Division of Blind Services~~ shall make such reports available to the public.

(11) The council shall:

(a) Jointly develop and submit, in conjunction with the directors of the centers for independent living ~~division~~, the state plan for independent living in accordance with federal guidelines and after receiving public input from persons who have disabilities and other stakeholders in the state.

(b) Monitor, review, and evaluate the implementation of the state plan for independent living.

(c) Coordinate activities with ~~the Florida Rehabilitation Council and~~ other entities in the state that provide services similar or complementary to independent living services,

including entities that facilitate the provision of or provide long-term community-based services and supports ~~councils that address the needs of specific disability populations and issues under other federal law~~.

(d) Meet regularly and ensure that all regularly scheduled meetings of the council are open to the public with sufficient advance notice.

(e) Submit to the administrator ~~Commissioner~~ of the Administration for Community Living within the United States Department of Health and Human Services ~~Federal Rehabilitation Administration Services~~ such periodic reports as the administrator ~~commissioner~~ may reasonably request and keep such records, and afford access to such records, as the administrator ~~commissioner~~ finds necessary to verify such reports.

(12)(a) The council may conduct the following activities, as authorized and described in the state plan for independent living:

1. Work with centers for independent living to coordinate services with public and private entities to improve independent living services provided to persons who have disabilities.

2. Develop resources to support the activities described in the state plan for independent living and the provision of independent living services by centers for independent living.

3. Other activities consistent with the purpose of this section and comparable to other activities in this section, as the council determines to be appropriate and as authorized in the state plan for independent living.

(b) The council:

1. Shall coordinate with centers for independent living to

avoid conflicting or overlapping activities within the centers' established service areas.

2. May not engage in activities that constitute the direct provision of independent living services to persons who have disabilities, including the independent living core services.

3. Shall comply with state and federal laws and regulations relating to restrictions and prohibitions on lobbying activities.

Section 2. Subsection (1) of section 413.4021, Florida Statutes, is amended to read:

413.4021 Program participant selection; tax collection enforcement diversion program.—The Department of Revenue, in coordination with the Florida Association of Centers for Independent Living and the Florida Prosecuting Attorneys Association, shall select judicial circuits in which to operate the program. The association and the state attorneys' offices shall develop and implement a tax collection enforcement diversion program, which shall collect revenue due from persons who have not remitted their collected sales tax. The criteria for referral to the tax collection enforcement diversion program shall be determined cooperatively between the state attorneys' offices and the Department of Revenue.

(1) Notwithstanding s. 212.20, 75 ~~50~~ percent of the revenues collected from the tax collection enforcement diversion program shall be deposited into the special reserve account of the Florida Association of Centers for Independent Living, to be used to administer the James Patrick Memorial Work Incentive Personal Attendant Services and Employment Assistance Program and to contract with the state attorneys participating in the

tax collection enforcement diversion program in an amount of not more than $75,000 for each state attorney.

Section 3. This act shall take effect July 1, 2021.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	PCS/CS/SB 838 (412016)
INTRODUCER:	Appropriations Committee (Recommended by Appropriations Subcommittee on Criminal and Civil Justice); Judiciary Committee; and Senators Boyd and others
SUBJECT:	Clerks of the Circuit Court
DATE:	April 14, 2021 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Bond	Cibula	JU	**Fav/CS**
2.	Dale	Harkness	ACJ	**Recommend: Fav/CS**
3.	Dale	Sadberry	AP	**Pre-meeting**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/CS/SB 838 amends laws related to the funding of the clerks of court to:

- Require the Clerk of Courts Operations Corporation to establish and maintain a budget reserve of up to 16 percent of the budget from the previous year.

The bill amends laws related to monies owed to a clerk of court to:

- Specify that fines, costs, service charges, and court costs are due immediately upon assessment.
- Require a person owing monies to the clerk who cannot immediately pay to contact the clerk and set up a payment plan.
- Require an offender to contact the clerk within 30 days after release from incarceration to arrange for payment of any outstanding court obligations.
- Require creation of a statewide uniform payment plan form for monies owed to a clerk.
- Require notice of the availability of payment plans to individuals receiving a traffic infraction or a notice of suspension of driving privilege.

On March 5, 2021, the Office of Economic and Demographic Research (EDR), Revenue Estimating Impact Conference (REC) adopted a positive indeterminate impact for various state and local funds related to the bills changes to payment plans. Additionally, the REC estimates an out year negative indeterminate impact to the General Revenue Fund and a positive indeterminate impact to the clerks under certain circumstances. See Section V.

The portions of the bill related to clerk funding are effective upon becoming a law, the remaining portions of the bill are effective October 1, 2021.

II. Present Situation:

Clerk of the Circuit Court

The clerk of the circuit court is a constitutional officer. Each of Florida's 67 counties are required to elect a clerk of the circuit court[1] to serve as both the clerk of court, completing judiciary functions, and as the "*ex officio*[2] clerk of the board of county commissioners, auditor, recorder, and custodian of all county funds."[3] In other words, the clerk of the circuit court wears approximately five hats. In wearing the auditor and custodian of county funds hats, the clerk may also be referred to as the comptroller.[4]

Funding for the Clerks' Court-Related Functions

In its capacity as the clerk of the circuit and county courts, the clerk is required to perform various court-related, administrative and ministerial functions. Any court-related function authorized by law or court rule must be funded by the clerk's collection of filing fees, service charges, costs, and fines, including all of the following:

- Case maintenance.
- Records management.
- Court preparation and attendance.
- Processing the assignment, reopening, and reassignment of cases.
- Processing appeals.
- Collection and distribution of fines, fees, service charges, and court costs.
- Data collection and reporting.
- Determinations of indigent status.
- Paying reasonable administrative support costs to enable the clerks to carry out court-related functions.[5]

Court funding is governed by Art. V, s. 14 of the Florida Constitution. For the clerks of the circuit courts, Art. V, s. 14(b) provides that the clerks are self-sustaining and fund their court-related functions through the collection of filing fees, service charges, and other costs. Specifically, Art. V, s. 14(b) states:

---

[5] Section 28.35(3)(a), F.S. *See also* Florida Court Clerks & Comptrollers, *About Us*, *Clerks Duties & Services*, available at https://www.flclerks.com/page/ClerksDuties (last visited Mar. 5, 2021).

> (b) All funding for the offices of the clerks of the circuit and county courts performing court-related functions, except as otherwise provided in this subsection and subsection (c), shall be provided by adequate and appropriate filing fees for judicial proceedings and service charges and costs for performing court-related functions as required by general law. Selected salaries, costs, and expenses of the state courts system may be funded from appropriate filing fees for judicial proceedings and service charges and costs for performing court-related functions, as provided by general law. Where the requirements of either the United States Constitution or the Constitution of the State of Florida preclude the imposition of filing fees for judicial proceedings and service charges and costs for performing court-related functions sufficient to fund the court-related functions of the offices of the clerks of the circuit and county courts, the state shall provide, as determined by the Legislature, adequate and appropriate supplemental funding from state revenues appropriated by general law.[6]

County Funding Referenced in Article V, Section 14(c)

As referenced above, Art. V, s. 14(c) of the Florida Constitution states that while funding for the state courts system, including the clerks of court, will *not* be required by a county or municipality, the counties are responsible to fund certain types of court infrastructure and maintenance, including "the cost of communications services, existing radio systems, existing multi-agency criminal justice information systems and the cost of construction or lease, maintenance, utilities, and security of facilities for . . . the offices of the clerks of the circuit and county courts performing court-related functions."[7] Additionally, counties pay "reasonable and necessary salaries, costs, and expenses of the state courts system to meet local requirements as determined by general law."[8]

No-Fee Court Functions

Additionally, as referenced above, there are certain categories of cases and certain types of filings for which the clerks of court cannot charge a filing fee and possibly other service charges or other costs. These types of cases and filings include the following:

- Various services and filings for indigent parties to pending litigation.[9]
- Petitions for Habeas Corpus filed by persons detained as mental health patients.[10]
- Filing an ex parte order for involuntary examination (Baker Act).[11]
- Petitions for involuntary inpatient placement for mental health.[12]

[12] Section 394.467, F.S.

- Appellate filing fees for indigent persons determined to be and involuntarily committed as a sexually violent predator.[13]
- Petitions for involuntary assessment and stabilization for substance abuse impairment.[14]
- Petitions for a risk protection order (Marjory Stoneman Douglas High School Public Safety Act).[15]
- Petitions for protective injunctions against domestic violence,[16] repeat, dating, or sexual violence,[17] or stalking.[18]

History of the Clerks of Court Funding Model

1998 Article V Revision ("Revision 7") and Implementing Legislation

Article V, section 14, was amended in 1998 to "substantially and significantly revise[] judicial system funding, greatly reducing funding from local governments and placing the responsibility primarily on the state."[19] The statement of intent accompanying the revision of Art. V, s. 14(b), also known as "Revision 7," reflects that the proposers intended for the Legislature to adopt procedures: (1) to fund the clerks' office in the event "filing fees, services charges and costs are insufficient to cover the court-related salaries, costs, and expenses of the offices of the clerks . . . in a given fiscal year"; and (2) for the disposition of excess revenues collected by the clerks' offices in a given fiscal year.[20]

Further, the statement of intent clarifies that the purpose for Revision 7 is to require legislative oversight and an independent review of clerk funding and spending practices. The reason for independent oversight is set out as follows:

> The drafters of subsection (b) recognize that there currently exists significant disparities among what the various clerks' offices spend to perform the same functions. The determination by the [L]egislature as to the appropriate level of spending should not entail an acceptance of the current level of spending by the clerks' offices throughout the state to perform court-related functions. Rather, it is the intent of this proposal that the clerks be held accountable and responsible to a cost standard which is independently established by the [L]egislature.[21]

[21] *Id.*

Revision 7's 1998 amendment to Art. V of the Florida Constitution had to be implemented by July 1, 2004.[22] In order to implement the 1998 amendment, the Legislature responded "in stages, beginning with passage of SB 1212 in 2000 (Chapter 200-237, Laws of Florida), followed by additional changes to that law in 2001, and, finally in 2002, through the funding of a study to assist in the final phase of implementation."[23]

The final stage was implemented during the 2003 legislative session. To provide Revision 7's envisioned oversight, accountability, uniformity, and procedures in funding and budgeting for the clerks of court, the Legislature enacted sections 28.35, 28.36, and 28.37, F.S.[24]:

- Section 28.35, F.S., created the Florida Clerks of Court Operations Corporation (Corporation),[25] which is responsible to provide accountability, procedural review, and oversight to the clerks of court budgeting process throughout the state.
- Section 28.36, F.S., established budget review and approval procedures of individual clerk of court budgets by the Corporation.
- Section 28.37, F.S., ensures that a portion of certain fines, fees, service charges, and costs collected by the clerks of court are remitted to the state to fund other court-related salaries, costs, and expenses.

Post-Article V Revision to Clerk Funding: 2004-2008[26]

Between 2004 and 2008, the clerks collected and deposited into their local fine and forfeiture funds revenues from court filing fees, service charges, court costs, and fines assessed in civil and criminal proceedings.[27] A portion of the revenues in a clerk's fine and forfeiture fund was retained to finance the clerk's operations. However, another portion of these revenues were distributed to the General Revenue Fund or other state trust funds to meet other court-related costs. For example, the clerks were required to remit one-third of all fines, fees, service charges, and costs collected to the Department of Revenue for deposit into the Clerk of the Court Trust Fund,[28] a fund established to assist the clerks in meeting revenue deficits.

Regarding budget planning, the clerks had discretion to set their individual budgets based on anticipated revenues and expenditures. Each clerk's proposed budget had to be balanced with estimated revenues equaling or exceeding anticipated expenditures, although the budget could include a 10 percent contingency reserve.[29] If a clerk estimated that available funds plus projected revenues were insufficient to meet anticipated expenditures for court-related functions, that clerk could follow the statutory procedure for receiving funds from the Clerks of the Court Trust Fund to address the deficit.[30]

[27] Section 142.01, F.S.
[28] Section 28.37(2), F.S. (2008).
[29] Section 28.36(3)(b), (c), F.S. (2008).
[30] Section 28.36(4), F.S. (2008).

Each clerk had to submit its proposed budget to the Corporation for review and certification that the individual budget was complete and complied with budget procedures.[31] Upon review and certification by the Corporation, revenue exceeding the amount needed to fund each budget was deposited in the General Revenue Fund.[32]
During this time, the Legislature's involvement in the clerks' budgets was limited. The Legislative Budget Commission (LBC) had authority to approve increases to the maximum annual budgets approved for individual clerks if the additional funding was necessary to:

- Pay the cost of performing new or additional functions required by changes in law or court rule; or
- Pay the cost of supporting increases in the number of judges or magistrates authorized by the Legislature.[33]

Clerks in the General Appropriations Act: 2009-2012[34]

In an effort to gain greater oversight and accountability for the operations and funding of the clerks of court, the Legislature passed Chapter 2009-204, Laws of Fla., which substantially amended the clerks' statutory budget process and procedures. The new law brought the clerks into the state budget and appropriated their funding in the annual General Appropriations Act.

More specifically, the 2009 law required that all revenues received by the clerks from court-related fees, fines, costs and service charges be remitted to the Department of Revenue for deposit into the Clerks of Court Trust Fund within the Justice Administrative Commission (JAC).[35] The law permitted the clerks, however, to deposit 10 percent of all court-related fines in the Public Records Modernization Trust Fund to be used in addition to state appropriations for operational needs.[36]

By 2009, revenues accruing to the Clerks of Court Trust Fund began to decline due to the downturn in the economy and the reduction in foreclosure filing fees. As a result, the Legislature reinforced the clerks' budgets with additional moneys from the General Revenue Fund. The 2011 Legislature appropriated $44.2 million from the General Revenue Fund to address FY 2010-2011 revenue deficits and the 2012 Legislature appropriated $57.6 million to address FY 2011-2012 deficits.

Return to Pre-2009 Funding Model: 2013-2019[37]

In 2013, the Legislature reversed many of the 2009 funding model changes, but expanded the oversight and accountability in the clerks' budget process. Chapter 2013-44, Laws of Florida, added the following:

[31] Section 28.36(3), F.S. (2008).
[32] Section 28.37(4), F.S. (2008).
[33] Section 28.36(6), F.S. (2008).
[34] This section adapted or used in its entirety from the Appropriations Committee staff analysis in SB 2506 (2017).
[35] Chapter 2009-204, ss. 5-8, 12, 14, 19, Laws of Fla. The clerks' budgets were appropriated within the JAC budget from 2009-2012. *See also* s. 43.16, F.S. (establishes the Justice Administrative Commission, which administratively serves 49 judicial-related entities, as well as provides compliance and financial review of billings for services provided by private court-appointed attorneys representing indigent citizens and associated due process vendors).
[36] Section 28.37(5), F.S.
[37] This section adapted or used in its entirety from the Appropriations Committee staff analysis in SB 2506 (2017).

- Monthly accounting: required each clerk to submit all collected revenues exceeding one-twelfth of the clerk's total budget for the prior month to the Department of Revenue for deposit into the Clerks of the Court Trust Fund.
- Annual accounting: required the transfer of revenue exceeding one-twelfth of the clerks' total budget out of the Clerks of Court Trust Fund into the General Revenue Fund each January *unless* the official estimate by the Revenue Estimating Conference projects a trust fund deficit (based on the current budget) in the current or upcoming fiscal year.
- Corporation audits: directed the Corporation to conduct annual base budget reviews, conduct cost-comparisons of similarly situated clerks, report pay and benefit issues, and provide an explanation of any clerk expenditure increases over 3 percent.[38]
- Corporation budget standard: required the Corporation to use the official Article V Revenue Estimating Conference revenue estimates for the clerks' budget process.[39]

The 2013 law also enhanced the role and responsibilities of the Legislative Budget Commission (LBC), and directed the LBC to review the budgets of the clerks and either: (1) approve, (2) disapprove, or (3) amend and approve the budgets by October 1 of each year.[40] In 2017, however, the Legislature removed these duties from the LBC to review the clerks' budgets.[41]

Most Recent Changes: 2019 to present

The clerk's budget process was amended again in 2019.[42] In addition to the total estimated revenues from fees, service charges, costs, and fines for court-related functions available for court-related expenditures as determined by the most recent Revenue Estimating Conference, the combined budget for the clerks of court may also include:

- The unspent budgeted funds for court-related functions carried forward by the clerks of court from the previous county fiscal year; and
- The balance of funds remaining in the Clerks of the Court Trust Fund after the transfer of funds to the General Revenue Fund required pursuant to s. 28.37, F.S.

In 2019, the requirement that the cumulative excess of all fines, fees, service charges, and costs retained by the clerks of court exceeding the amount needed to fund their authorized budgets was transferred to the General Revenue Fund, was changed as follows:

- No later than February 1, 2020, the cumulative excess of all fines, fees, services charges, and costs exceeding $10 million will be transferred to the General Revenue Fund.
- No later than February 1, 2021, and no later than February 1, 2022, not less than 50 percent of the cumulative excess of all fines, fees, services charges, and costs will be transferred to the General Revenue Fund; provided, however, that the balance remaining in the Clerks of Courts Trust Fund after the transfer may not exceed $20 million.
- No later than February 1, 2023, and each February 1 thereafter, the cumulative excess of all fines, fees, services charges, and costs will be transferred to the General Revenue Fund.

[38] Section 28.35(2)(f), F.S.
[39] Section 28.35(2)(f)6., F.S.
[40] Section 11.90(6)(d), F.S.
[41] Chapter 2017-126, s. 1, Laws of Fla.
[42] Chapter 2019-58, Laws of Fla.

In that same act, the 2019 Legislature was looking ahead to 2022, and included the following language:

> Section 32. Before the 2022 Regular Session of the Legislature, the Legislature shall review and consider the results of the analysis submitted pursuant to Specific Appropriation 2754 of the 2019-2020 General Appropriations Act regarding the review of the Clerk of Court Processes for the purpose of considering the extension or reenactment of provisions in this act relating to clerk funding.[43]

Specific appropriation 2754 reads in relevant part:

> From the funds in Specific Appropriation 2754, the Office of Program Policy Analysis and Government Accountability is directed to contract with an independent third party consulting firm to assist with a review of the Clerk of Court processes including collection and compilation of empirical evidence based on observation of a random sample of clerks' offices employees; comparison of clerks' office work patterns to propose efficiency and productivity standards; and assessment and comparison of organizational arrangements and deployment of personnel resources among all clerks' offices. Sample groups must include a broad number of large and small counties and include entities from all areas of the state. The analysis shall be submitted to the chair of the Senate Appropriations Committee and the chair of the House of Representatives Appropriations Committee by November 15, 2019.

The report contains 26 recommendations for operational efficiency and cost savings in five categories.[44] It is unknown how many recommendations have been implemented.

Payment Plans

Persons who pay money to the clerk of court for an outstanding fine, penalty, fee, service charge, or court cost are expected to pay in full. Many individuals, however, cannot afford to pay. Section 28.246(4), F.S., authorizes a clerk to accept partial payments and to enter into payment plans with individuals. Monthly payments of no more than 2 percent of the individual's net pay is presumed to be within an individual's ability to pay.[45]

III. Effect of Proposed Changes:

Clerk of Court Budgeting and Finances

The bill amends s. 28.37, F.S., regarding funds collected in the Clerk of the Courts Trust Fund. Currently, if the clerks have a budget surplus at the end of their fiscal year, 50 percent of the

[43] Chapter 2019-58, s. 32, Laws of Fla.
[44] Florida Clerks of Court Study, *Final Report* (November 15, 2019), *available at* https://oppaga.fl.gov/Products/ReportDetail?rn=19-CLERKS
[45] Using the 2021 Florida minimum wage at full-time employment and subtracting the standard federal payroll deductions, an unmarried individual would pay no more than $26.80 a month on a clerk's payment plan.

surplus must be transferred to General Revenue, with a maximum retainage in the trust fund of $20 million. After the county fiscal year 2021-22, 100 percent of the annual surplus with no retainage is to be transferred to General Revenue. The bill repeals the current sweeps and retainage laws and requires instead that 50 percent of the surplus be transferred to the General Revenue Fund. Of the remaining 50 percent, a minimum of 10 percent must be held in reserve in the Clerk of the Courts Trust Fund, and the remainder may be used to increase clerk budgets. The reserve may not exceed 16 percent of the total budget authority of the clerks from the current county fiscal year.[46]

The bill amends s. 28.36, F.S., to allow the Florida Clerks of Court Operations Corporation to create a budget reserve in the Clerks of the Court Trust Fund of up to 16 percent of the total budget authority during the current county fiscal year. The budget reserve will only accrue should the clerks have a budget surplus that is not otherwise subject to being swept by the Department of Revenue. The budget reserve may only be used to:

- Offset a current year deficit caused by a revenue shortfall;
- Provide supplemental funding related to a declared emergency; and
- Provide for a minimum continuation budget where the clerks have projected a deficit and the legislature did not appropriate funds sufficient to create a minimum continuation budget. A minimum continuation budget is the current county fiscal year budget unless the corporation requires a lesser budget.

The bill requires the corporation to request a budget amendment from the Governor in order to access the reserve. This is in line with the requirements for Executive Branch agencies seeking to establish trust fund budget from a reserve.

The bill amends s. 28.36, F.S., to allow a clerk of the court to request, and the Florida Clerks of Court Operations Corporation to approve, an increase in a clerk's budget authority for a financial impact resulting from increases in use of hearing officers and senior judges.

Monies Owed to a Clerk of Court

The bill amends s. 28.246, F.S., to direct the clerks of court to offer a payment plan to every person who owes money to the clerk and cannot immediately pay. The clerk is responsible for setting the terms of individual plans, although the trial court may review the reasonableness of the plan.

The bill amends s. 28.42, F.S., to require the Florida Clerks of Court Operations Corporation to create a uniform payment plan form. The form must be created by October 1, 2021, and must be used by each clerk starting January 1, 2022. The bill amends traffic and licensing laws at ss. 318.15, 318.20, and 322.45, F.S., to require notice of the availability of payment plans through the clerk of court. The notice must be included with a notice of suspension of a license and must be appended to a citation.

[46] For the latest county fiscal year (FY 2019-20), the total budget authority of the clerks was approximately $403 million. If this bill were in effect, the maximum reserve would be approximately $64.5 million.

The bill amends s. 28.246, F.S., to require that an individual released from incarceration contact the clerk within 30 days after release to either pay the outstanding fines and fees in full or set up a payment plan.

The bill amends the criminal fine statute at s. 775.083, F.S., to add that the clerk of the court is the entity that collects fines, fees, service charges, and court costs. This reflects current law. The bill also adds the requirement that an offender must contact the clerk to pay, or set up a payment plan, upon assessment by the court.

The portions of the bill related to budgeting and financial matters of the clerks of court are effective upon becoming law, the remainder of the bill is effective October 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

The bill does not require counties or municipalities to spend funds or limit their authority to raise revenue or receive state-shared revenues as specified in Art. VII, s. 18 of the Florida Constitution.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

On March 5th, 2021, the Office of Economic and Demographic Research (EDR), Revenue Estimating Impact Conference (REC) evaluated SB 838 and its companion HB 903. The conference adopted a positive indeterminate impact for various state and local trust funds, the General Revenue Fund, Clerks of Court Trust Fund, and Clerk's Fine and Forfeiture Funds as it relates to the bill's changes to payment plans.[47]

Currently, if the Article V Estimating Conference forecasts that revenue will exceed the clerks' total budget, 50 percent of the surplus is transferred to General Revenue and the clerks retain the other 50 percent up to a maximum of $20 million. This procedure is set to expire at the end of County Fiscal Year (CFY) 2021-22 after which time, 100 percent of any surplus revenue will be transferred to the General Revenue Fund. Because the bill permanently codifies the existing revenue split, if clerk revenues surpass the total clerks' budget, the REC estimates there will be an indeterminate negative impact to the General Revenue Fund and a positive indeterminate impact to the clerks.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 28.246, 28.35, 28.36, 28.37, 28.42, 318.15, 318.20, 322.245, and 775.083.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

Recommended CS/CS by Appropriations Subcommittee on Criminal and Civil Justice on March 17, 2021:
The committee substitute removed provisions modifying the duties of the Florida Clerks of Court Operations Corporation with respect to the funding of clerks' offices.

CS by Judiciary on March 9, 2021:
The committee substitute removed a provision that would have allowed a clerk of court to request a budget increase due to requirements of the courts, changed the effective date of portions of the bill other than clerk budgeting to October 1, 2021, and made technical corrections and clarifications.

[47] Office of Economic and Demographic Research, Results of the Revenue Estimating Impact Conference held March 5, 2021, *available at* http://edr.state.fl.us/Content/conferences/revenueimpact/archives/2021/_pdf/Impact0305.pdf

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

187280

LEGISLATIVE ACTION

Senate	.	House
Comm: RS	.	
04/16/2021	.	
	.	
	.	
	.	

The Committee on Appropriations (Hooper) recommended the following:

Senate Amendment (with title amendment)

Delete everything after the enacting clause and insert:

Section 1. Effective upon this act becoming a law, paragraph (i) of subsection (5) of section 27.52, Florida Statutes, is amended to read:

27.52 Determination of indigent status.—

(5) INDIGENT FOR COSTS.—A person who is eligible to be represented by a public defender under s. 27.51 but who is

187280

represented by private counsel not appointed by the court for a reasonable fee as approved by the court or on a pro bono basis, or who is proceeding pro se, may move the court for a determination that he or she is indigent for costs and eligible for the provision of due process services, as prescribed by ss. 29.006 and 29.007, funded by the state.

(i) A defendant who is found guilty of a criminal act by a court or jury or enters a plea of guilty or nolo contendere and who received due process services after being found indigent for costs under this subsection is liable for payment of due process costs expended by the state.

1. The attorney representing the defendant, or the defendant if he or she is proceeding pro se, shall provide an accounting to the court delineating all costs paid or to be paid by the state within 90 days after disposition of the case notwithstanding any appeals.

2. The court shall issue an order determining the amount of all costs paid by the state and any costs for which prepayment was waived under this section or s. 57.081. The clerk shall cause a certified copy of the order to be recorded in the official records of the county, at no cost. The recording constitutes a lien against the person in favor of the state in the county in which the order is recorded. The lien may be enforced in the same manner prescribed in s. 938.29.

3. If the attorney or the pro se defendant fails to provide a complete accounting of costs expended by the state and consequently costs are omitted from the lien, the attorney or pro se defendant may not receive reimbursement or any other form of direct or indirect payment for those costs if the state has

187280

not paid the costs. The attorney or pro se defendant shall repay the state for those costs if the state has already paid the costs. The clerk of the court may establish a payment plan under s. 28.246 and may charge the attorney or pro se defendant a one-time administrative processing charge under s. 28.24(27)(c) ~~s. 28.24(26)(c)~~.

Section 2. Effective upon this act becoming a law, subsection (7) of section 28.222, Florida Statutes, is amended to read:

28.222 Clerk to be county recorder.—

(7)(a) All instruments recorded in the Official Records must remain ~~shall always be~~ open to the public, under the supervision of the clerk, for the purpose of inspection thereof and of making extracts therefrom.~~; but~~

(b) The clerk is ~~shall~~ not ~~be~~ required to perform any service in connection with such inspection or making of extracts without payment of service charges as provided in s. 28.24.

(c) The clerk, in his or her capacity as county recorder, must retain the service charge payments under s. 28.24, except that those service charge payments that relate to court records or functions and meet the description of court-related functions in s. 28.35(3)(a) must be distributed for those court-related functions.

Section 3. Effective upon this act becoming a law, section 28.22205, Florida Statutes, is amended to read:

28.22205 Electronic filing process.—Each clerk of court shall implement an electronic filing process. The purpose of the electronic filing process is to reduce judicial costs in the office of the clerk and the judiciary, increase timeliness in

187280

the processing of cases, and provide the judiciary with case-related information to allow for improved judicial case management. The Legislature requests that the Supreme Court set statewide standards for electronic filing to be used by the clerks of court to implement electronic filing. The standards should specify the required information for the duties of the clerks of court and the judiciary for case management. Revenues provided to counties and the clerk of court under s. 28.24(13)(e) ~~s. 28.24(12)(e)~~ for information technology may also be used to implement electronic filing processes.

Section 4. Effective upon this act becoming a law, section 28.24, Florida Statutes, is amended to read:

28.24 Service charges.—The clerk of the circuit court shall charge for services rendered manually or electronically by the clerk's office in recording documents and instruments and in performing other specified duties. These charges may not exceed those specified in this section, except as provided in s. 28.345.

(1) For purposes of this section, the term "court record" means the contents of a court file and includes:

(a) Progress dockets and other similar records generated to document activity in a case.

(b) Transcripts filed with the clerk.

(c) Documentary exhibits in the custody of the clerk.

(d) Electronic records, video recordings, and stenographic tapes of depositions or other proceedings filed with the clerk.

(e) Electronic records, video recordings, and stenographic tapes of court proceedings.

(2) For examining, comparing, correcting, verifying, and

certifying transcripts of record in appellate proceedings, prepared by attorney for appellant or someone else other than clerk, per page: 5.00, from which the clerk shall remit 0.50 per page to the Department of Revenue for deposit into the General Revenue Fund.

(3) ~~(2)~~ For preparing, numbering, and indexing an original record of appellate proceedings, per instrument: 3.50, from which the clerk shall remit 0.50 per instrument to the Department of Revenue for deposit into the General Revenue Fund.

(4)(a) ~~(3)~~ For certifying copies of any instrument that is a court record in the public records: 2.00, from which the clerk shall remit 0.50 to the Department of Revenue for deposit into the General Revenue Fund.

(b) For certifying copies of any instrument that is not a court record in the public records, per page: 2.00.

(5)(a) ~~(4)~~ For verifying any instrument presented for certification prepared by someone other than clerk, per page: 3.50, from which the clerk shall remit 0.50 per page to the Department of Revenue for deposit into the General Revenue Fund.

(b) For verifying any instrument that is not a court record presented for certification prepared by someone other than the clerk, per page: 3.50.

(6)(a) ~~(5)(a)~~ For making copies by photographic process of any instrument in the public records consisting of pages of not more than 14 inches by 8 1/2 inches, per page:.....1.00.

(b) For making copies by photographic process of any instrument in the public records of more than 14 inches by 8 1/2 inches, per page:.....5.00.

(7) ~~(6)~~ For making microfilm copies of any public records:

(a) That are court records:

1. 16 mm 100' microfilm roll: 42.00, from which the clerk shall remit 4.50 to the Department of Revenue for deposit into the General Revenue Fund.

2. ~~(b)~~ 35 mm 100' microfilm roll: 60.00, from which the clerk shall remit 7.50 to the Department of Revenue for deposit into the General Revenue Fund.

3. ~~(c)~~ Microfiche, per fiche: 3.50, from which the clerk shall remit 0.50 to the Department of Revenue for deposit into the General Revenue Fund.

(b) That are not court records:

1. 16 mm 100' microfilm roll: 42.00.

2. 35 mm 100' microfilm roll: 60.00.

3. Microfiche, per fiche: 3.50.

(8) ~~(7)~~ For copying any instrument in the public records by other than photographic process, per page: ~~.....~~ 6.00.

(9)(a) ~~(8)~~ For writing any paper that is a court record other than a paper otherwise ~~herein~~ specifically mentioned in this section, ~~same as for copying,~~ including signing and sealing: 7.00, from which the clerk shall remit 1.00 to the Department of Revenue for deposit into the General Revenue Fund.

(b) For writing any paper that is not a court record other than a paper otherwise specifically mentioned in this section, including signing and sealing: 7.00.

(10) ~~(9)~~ For indexing each entry not recorded: ~~.....~~ 1.00.

(11) ~~(10)~~ For receiving money into the registry of court:

(a)1. First $500: 3~~,~~ percent. ~~.....3~~

2. Each subsequent $100: 1.5~~,~~ percent. ~~.....1.5~~

(b) Eminent domain actions, per deposit: 170.00, from which

187280

the clerk shall remit 20.00 per deposit to the Department of Revenue for deposit into the General Revenue Fund.

(12)~~(11)~~ For examining, certifying, and recording plats and for recording condominium exhibits larger than 14 inches by 8 1/2 inches:

(a) First page:~~.....~~30.00.

(b) Each additional page:~~.....~~15.00.

(13)~~(12)~~ For recording, indexing, and filing any instrument not more than 14 inches by 8 1/2 inches, including required notice to property appraiser where applicable:

(a) First page or fraction thereof:~~.....~~5.00.

(b) Each additional page or fraction thereof:~~.....~~4.00.

(c) For indexing instruments recorded in the official records which contain more than four names, per additional name:~~.....~~1.00.

(d) An additional service charge must be paid to the clerk of the circuit court to be deposited in the Public Records Modernization Trust Fund for each instrument listed in s. 28.222, except judgments received from the courts and notices of lis pendens, recorded in the official records:

1. First page:~~.....~~1.00.

2. Each additional page:~~.....~~0.50.

Said fund must be held in trust by the clerk and used exclusively for equipment and maintenance of equipment, personnel training, and technical assistance in modernizing the public records system of the office. In a county where the duty of maintaining official records exists in an office other than the office of the clerk of the circuit court, the clerk of the

187280

circuit court is entitled to 25 percent of the moneys deposited into the trust fund for equipment, maintenance of equipment, training, and technical assistance in modernizing the system for storing records in the office of the clerk of the circuit court. The fund may not be used for the payment of travel expenses, membership dues, bank charges, staff-recruitment costs, salaries or benefits of employees, construction costs, general operating expenses, or other costs not directly related to obtaining and maintaining equipment for public records systems or for the purchase of furniture or office supplies and equipment not related to the storage of records. On or before December 1, 1995, and on or before December 1 of each year immediately preceding each year during which the trust fund is scheduled for legislative review under s. 19(f)(2), Art. III of the State Constitution, each clerk of the circuit court shall file a report on the Public Records Modernization Trust Fund with the President of the Senate and the Speaker of the House of Representatives. The report must itemize each expenditure made from the trust fund since the last report was filed; each obligation payable from the trust fund on that date; and the percentage of funds expended for each of the following: equipment, maintenance of equipment, personnel training, and technical assistance. The report must indicate the nature of the system each clerk uses to store, maintain, and retrieve public records and the degree to which the system has been upgraded since the creation of the trust fund.

(e) An additional service charge of $4 per page shall be paid to the clerk of the circuit court for each instrument listed in s. 28.222, except judgments received from the courts

and notices of lis pendens, recorded in the official records. From the additional $4 service charge collected:

1. If the counties maintain legal responsibility for the costs of the court-related technology needs as defined in s. 29.008(1)(f)2. and (h), 10 cents shall be distributed to the Florida Association of Court Clerks and Comptrollers, Inc., for the cost of development, implementation, operation, and maintenance of the clerks' Comprehensive Case Information System; $1.90 shall be retained by the clerk to be deposited in the Public Records Modernization Trust Fund and used exclusively for funding court-related technology needs of the clerk as defined in s. 29.008(1)(f)2. and (h); and $2 shall be distributed to the board of county commissioners to be used exclusively to fund court-related technology, and court technology needs as defined in s. 29.008(1)(f)2. and (h) for the state trial courts, state attorney, public defender, and criminal conflict and civil regional counsel in that county. If the counties maintain legal responsibility for the costs of the court-related technology needs as defined in s. 29.008(1)(f)2. and (h), notwithstanding any other provision of law, the county is not required to provide additional funding beyond that provided in this section ~~herein~~ for the court-related technology needs of the clerk as defined in s. 29.008(1)(f)2. and (h). All court records and official records are the property of the State of Florida, including any records generated as part of the Comprehensive Case Information System funded pursuant to this paragraph and the clerk of court is designated as the custodian of such records, except in a county where the duty of maintaining official records exists in a county office other

than the clerk of court or comptroller, such county office is designated the custodian of all official records, and the clerk of court is designated the custodian of all court records. The clerk of court or any entity acting on behalf of the clerk of court, including an association, may not charge a fee to any agency as defined in s. 119.011, the Legislature, or the State Court System for copies of records generated by the Comprehensive Case Information System or held by the clerk of court or any entity acting on behalf of the clerk of court, including an association.

2. If the state becomes legally responsible for the costs of court-related technology needs as defined in s. 29.008(1)(f)2. and (h), whether by operation of general law or by court order, $4 shall be remitted to the Department of Revenue for deposit into the General Revenue Fund.

(14)(a) ~~(13)~~ Oath, administering, attesting, and sealing of court records~~,~~ not otherwise provided for in this section ~~herein~~: 3.50, from which the clerk shall remit 0.50 to the Department of Revenue for deposit into the General Revenue Fund.

(b) Oath, administering, attesting, and sealing of records that are not court records not otherwise provided for in this section: 3.50.

(15)(a) ~~(14)~~ For validating certificates or~~,~~ any authorized bonds that are court records, each: 3.50, from which the clerk shall remit 0.50 each to the Department of Revenue for deposit into the General Revenue Fund.

(b) For validating certificates or any authorized bonds that are not court records, each: 3.50.

(16) ~~(15)~~ For preparing affidavit of domicile:~~.....~~5.00.

187280

(17)~~(16)~~ For exemplified certificates, including the signing and sealing of them: 7.00, from which the clerk shall remit 1.00 to the Department of Revenue for deposit into the General Revenue Fund.

(18)(a)~~(17)~~ For authenticated certificates that are court records, including the signing and sealing of them: 7.00, from which the clerk shall remit 1.00 to the Department of Revenue for deposit into the General Revenue Fund.

(b) For authenticated certificates that are not court records, including the signing and sealing of them: 7.00.

(19)(a)~~(18)(a)~~ For issuing and filing a subpoena for a witness, not otherwise provided for in this section, including the ~~herein (includes~~ writing, preparing, signing, and sealing of it~~)~~: 7.00, from which the clerk shall remit 1.00 to the Department of Revenue for deposit into the General Revenue Fund.

(b) For signing and sealing only: 2.00, from which the clerk shall remit 0.50 to the Department of Revenue for deposit into the General Revenue Fund.

(20)(a)~~(19)~~ For approving a court bond: 8.50, from which the clerk shall remit 1.00 to the Department of Revenue for deposit into the General Revenue Fund.

(b) For approving a bond: 8.50.

(21)(a)~~(20)~~ For searching court ~~of~~ records, for each year's search: 2.00, from which the clerk shall remit 0.50 for each year's search to the Department of Revenue for deposit into the General Revenue Fund.

(b) For searching records that are not court records, for each year's search: 2.00.

(22)~~(21)~~ For processing an application for a tax deed sale

(includes application, sale, issuance, and preparation of tax deed, and disbursement of proceeds of sale), other than excess proceeds:~~.....~~60.00.

(23)~~(22)~~ For disbursement of excess proceeds of tax deed sale, first $100 or fraction thereof:~~.....~~10.00.

(24)~~(23)~~ Upon receipt of an application for a marriage license, for preparing and administering of oath; issuing, sealing, and recording of the marriage license; and providing a certified copy:~~.....~~30.00.

(25)~~(24)~~ For solemnizing matrimony:~~.....~~30.00.

(26)~~(25)~~ For sealing any court file or expungement of any record: 42.00, from which the clerk shall remit 4.50 to the Department of Revenue for deposit into the General Revenue Fund.

(27)(a)~~(26)(a)~~ For receiving and disbursing all restitution payments, per payment: 3.50, from which the clerk shall remit 0.50 per payment to the Department of Revenue for deposit into the General Revenue Fund.

(b) For receiving and disbursing all partial payments, other than restitution payments, for which an administrative processing service charge is not imposed pursuant to s. 28.246, per month:~~.....~~5.00.

(c) For setting up a payment plan, a one-time administrative processing charge in lieu of a per month charge under paragraph (b):~~.....~~25.00.

(28)~~(27)~~ Postal charges incurred by the clerk of the circuit court in any mailing by certified or registered mail must be paid by the party at whose instance the mailing is made.

(29)~~(28)~~ For furnishing an electronic copy of information contained in a computer database: a fee as provided for in

chapter 119.

Section 5. Subsection (2) of section 28.241, Florida Statutes, is amended to read:

28.241 Filing fees for trial and appellate proceedings.—

(2) Upon the institution of any appellate proceeding from any lower court to the circuit court of any such county, including appeals filed by a county or municipality as provided in s. 34.041(5), or from the county or circuit court to an appellate court of the state, the clerk shall charge and collect from the party or parties instituting such appellate proceedings a filing fee, as follows: ~~not to exceed $280, from which the clerk shall remit $20 to the Department of Revenue for deposit into the General Revenue Fund,~~

(a) For filing a notice of appeal from the county court to the circuit court, a filing fee not to exceed $280. ~~and, in addition to the filing fee required under s. 25.241 or s. 35.22, $100~~

(b) For filing a notice of appeal from the county or circuit court to the district court of appeal or to the Supreme Court, in addition to the filing fee required under s. 25.241 or s. 35.22, a filing fee not to exceed $100, of which the clerk shall remit $20 to the Department of Revenue for deposit into the General Revenue Fund. If the party is determined to be indigent, the clerk shall defer payment of the fee otherwise required by this subsection.

Section 6. Subsections (4) and (5) of section 28.246, Florida Statutes, are amended to read:

28.246 Payment of court-related fines or other monetary penalties, fees, charges, and costs; partial payments;

187280

distribution of funds.—

(4)(a) Each ~~The~~ clerk of the circuit court shall accept partial payments for each case type for court-related fees, service charges, court costs, and fines in accordance with the terms of an established payment plan developed by the clerk.

(b) An individual seeking to defer payment of fees, service charges, court costs, or fines imposed by operation of law or order of the court under any provision of general law shall apply to the clerk for enrollment in a payment plan. The clerk shall enter into a payment plan with an individual who the court determines is indigent for costs. It is the responsibility of an individual who is released from incarceration and has outstanding court obligations to contact the clerk within 30 days after release to pay fees, service charges, court costs, and fines in full, or to apply for enrollment in a payment plan. A monthly payment amount, calculated based upon all fees and all anticipated fees, service charges, court costs, and fines, is presumed to correspond to the person's ability to pay if the amount does not exceed 2 percent of the person's annual net income, as defined in s. 27.52(1), divided by 12. The clerk shall establish all terms of a payment plan, and the court may review the reasonableness of the payment plan.

(5) When receiving partial payment of fees, service charges, court costs, and fines, clerks shall distribute funds according to the following order of priority:

(a) That portion of fees, service charges, court costs, and fines to be remitted to the state for deposit into the General Revenue Fund.

(b) That portion of fees, service charges, court costs, and

187280

fines required to be retained by the clerk of the court or deposited into the Clerks of the Court Trust Fund within the Department of Revenue.

(c) That portion of fees, service charges, court costs, and fines payable to state trust funds, allocated on a pro rata basis among the various authorized funds if the total collection amount is insufficient to fully fund all such funds as provided by law.

(d) That portion of fees, service charges, court costs, and fines payable to counties, municipalities, or other local entities, allocated on a pro rata basis among the various authorized recipients if the total collection amount is insufficient to fully fund all such recipients as provided by law.

To offset processing costs, clerks may impose either a per-month service charge pursuant to s. 28.24(27)(b) ~~s. 28.24(26)(b)~~ or a one-time administrative processing service charge at the inception of the payment plan pursuant to s. 28.24(27)(c) ~~s. 28.24(26)(c)~~.

Section 7. Effective upon this act becoming a law, paragraph (f) of subsection (2) and paragraph (a) of subsection (3) of section 28.35, Florida Statutes, are amended to read:

28.35 Florida Clerks of Court Operations Corporation.—

(2) The duties of the corporation shall include the following:

(f) Approving the proposed budgets submitted by clerks of the court pursuant to s. 28.36. The corporation must ensure that the total combined budgets of the clerks of the court do not

187280

exceed the total estimated revenues from fees, service charges, court costs, and fines for court-related functions available for court-related expenditures as determined by the most recent Revenue Estimating Conference, plus the total of unspent budgeted funds for court-related functions carried forward by the clerks of the court from the previous county fiscal year, ~~and~~ plus the balance of funds remaining in the Clerks of the Court Trust Fund after the transfer of funds to the General Revenue Fund required pursuant to s. 28.37(4)(b), and plus any appropriations for court-related functions ~~s. 28.37(3)(b)~~. The corporation may amend any individual clerk of the court budget to ensure compliance with this paragraph and must consider performance measures, workload performance standards, workload measures, and expense data before modifying the budget. As part of this process, the corporation shall:

1. Calculate the minimum amount of revenue necessary for each clerk of the court to efficiently perform the list of court-related functions specified in paragraph (3)(a). The corporation shall apply the workload measures appropriate for determining the individual level of review required to fund the clerk's budget.

2. Prepare a cost comparison of similarly situated clerks of the court, based on county population and numbers of filings, using the standard list of court-related functions specified in paragraph (3)(a).

3. Conduct an annual base budget review and an annual budget exercise examining the total budget of each clerk of the court. The review shall examine revenues from all sources, expenses of court-related functions, and expenses of noncourt-

187280

related functions as necessary to determine that court-related revenues are not being used for noncourt-related purposes. The review and exercise shall identify potential targeted budget reductions in the percentage amount provided in Schedule VIII-B of the state's previous year's legislative budget instructions, as referenced in s. 216.023(3), or an equivalent schedule or instruction as may be adopted by the Legislature.

4. Identify those proposed budgets containing funding for items not included on the standard list of court-related functions specified in paragraph (3)(a).

5. Identify those clerks projected to have court-related revenues insufficient to fund their anticipated court-related expenditures.

6. Use revenue estimates based on the official estimate for funds from fees, service charges, court costs, and fines for court-related functions accruing to the clerks of the court made by the Revenue Estimating Conference, as well as any unspent budgeted funds for court-related functions carried forward by the clerks of the court from the previous county fiscal year and the balance of funds remaining in the Clerks of the Court Trust Fund after the transfer of funds to the General Revenue Fund required pursuant to s. 28.37(4)(b), plus any appropriations for the purpose of funding court-related functions ~~s. 28.37(3)(b)~~.

7. Identify pay and benefit increases in any proposed clerk budget, including, but not limited to, cost of living increases, merit increases, and bonuses.

8. Identify increases in anticipated expenditures in any clerk budget that exceeds the current year budget by more than 3 percent.

187280

9. Identify the budget of any clerk which exceeds the average budget of similarly situated clerks by more than 10 percent.

For the purposes of this paragraph, the term "unspent budgeted funds for court-related functions" means undisbursed funds included in the clerks of the courts budgets for court-related functions established pursuant to this section and s. 28.36.

(3)(a) The list of court-related functions that clerks may fund from filing fees, service charges, court costs, and fines is limited to those functions expressly authorized by law or court rule. Those functions include the following: case maintenance; records management; court preparation and attendance; processing the assignment, reopening, and reassignment of cases; processing of appeals; collection and distribution of fines, fees, service charges, and court costs; processing of bond forfeiture payments; data collection and reporting; determinations of indigent status; and paying reasonable administrative support costs to enable the clerk of the court to carry out these court-related functions.

Section 8. Effective upon this act becoming a law, present subsections (3) and (4) of section 28.36, Florida Statutes, are redesignated as subsections (4) and (5), respectively, a new subsection (3) is added to that section, and subsection (1), paragraph (b) of subsection (2), and present subsection (4) of that section are amended, to read:

28.36 Budget procedure.—There is established a budget procedure for the court-related functions of the clerks of the court.

(1) Only those functions listed in s. 28.35(3)(a) may be funded from fees, service charges, court costs, and fines retained by the clerks of the court.

(2) Each proposed budget shall further conform to the following requirements:

(b) The proposed budget must be balanced such that the total of the estimated revenues available equals or exceeds the total of the anticipated expenditures. Such revenues include revenue projected to be received from fees, service charges, court costs, and fines for court-related functions during the fiscal period covered by the budget, plus the total of unspent budgeted funds for court-related functions carried forward by the clerk of the court from the previous county fiscal year and plus the portion of the balance of funds remaining in the Clerks of the Court Trust Fund after the transfer of funds to the General Revenue Fund required pursuant to s. 28.37(4)(b) ~~s. 28.37(3)(b)~~ which has been allocated to each respective clerk of the court by the Florida Clerks of Court Operations Corporation. For the purposes of this paragraph, the term "unspent budgeted funds for court-related functions" means undisbursed funds included in the clerk of the courts' budget for court related functions established pursuant to s. 28.35 and this section. The anticipated expenditures must be itemized as required by the corporation.

(3)(a) The Florida Clerks of Court Operations Corporation shall establish and manage a reserve for contingencies within the Clerks of the Court Trust Fund which must consist of an amount not to exceed 16 percent of the total budget authority for the clerks of court during the current county fiscal year,

to be carried forward at the end of the fiscal year. Funds to be held in reserve include transfers of cumulative excess, as provided in s. 28.37(4)(b), from the Clerks of the Court Trust Fund and may also include revenues provided by law or moneys appropriated by the Legislature.

(b) The corporation shall provide a reporting of the balance and use of these funds during each county fiscal year as part of the corporation's annual report submitted under s. 28.35(2)(h).

(c) The corporation may use the reserve to ensure the clerks of court can perform the court-related functions as provided in s. 28.35(3)(a). Moneys in the Clerks of the Court Trust Fund which are held in reserve may be used by the corporation under the following circumstances:

1. To offset a current deficit between the revenue available and the original budget authority. A deficit is deemed to occur when the revenue available to the clerks of court falls below the original revenue projection for that county fiscal year.

2. To provide funding for an emergency, as defined in s. 252.34(4). The emergency must have been declared by the Governor, pursuant to s. 252.36, or otherwise declared by law.

3. To provide funds in the development of the total aggregate budget of the clerks of court to ensure that a minimum continuation budget is met. For purposes of this subparagraph, a minimum continuation budget is the budget approved for the current county fiscal year or some lesser amount adopted by the corporation.

(d) To use the reserve, the corporation must request a

budget amendment pursuant to s. 216.292.

(5)~~(4)~~ The corporation may approve increases or decreases to the previously authorized budgets approved for ~~individual~~ clerks of the court pursuant to s. 28.35 for court-related functions, if:

(a) The additional budget authority is necessary to pay the cost of performing new or additional functions required by changes in law or court rule; or

(b) The additional budget authority is necessary to pay the cost of supporting increases in the number of judges or magistrates authorized by the Legislature, or for increases in the use of hearing officers and senior judges assigned by the courts.

Section 9. Effective upon this act becoming a law, section 28.37, Florida Statutes, is amended to read:

28.37 Fines, fees, service charges, and costs remitted to the state.—

(1) Pursuant to s. 14(b), Art. V of the State Constitution, selected salaries, costs, and expenses of the state courts system and court-related functions shall be funded from a portion of the revenues derived from statutory fines, fees, service charges, and court costs collected by the clerks of the court and from adequate and appropriate supplemental funding from state revenues as appropriated by the Legislature.

(2) As used in this section, the term:

(a) "Cumulative excess" means revenues derived from fines, fees, service charges, and court costs collected by the clerks of the court which are greater than the original revenue projection.

187280

(b) "Original revenue projection" means the official estimate, as determined by the Revenue Estimating Conference, of revenues from fines, fees, service charges, and court costs available for court-related functions for the county fiscal year covered by the projection.

(3) The ~~Beginning November 1, 2013, that~~ portion of all fines, fees, service charges, and costs collected by the clerks of the court for the previous month which is in excess of one-twelfth of the clerks' total budget for the performance of court-related functions must ~~shall~~ be remitted to the Department of Revenue for deposit into the Clerks of the Court Trust Fund. Such collections do not include funding received for the operation of the Title IV-D child support collections and disbursement program. The clerk of the court shall remit the revenues collected during the previous month due to the state on or before the 10th day of each month.

(4)(a) ~~(3)(a)~~ Each year, no later than January 25, for the previous county fiscal year, the clerks of court, in consultation with the Florida Clerks of Court Operations Corporation, shall remit to the Department of Revenue for deposit in the Clerks of the Court Trust Fund the cumulative excess of all fines, fees, service charges, and court costs retained by the clerks of the court, plus any funds received by the clerks of the court from the Clerks of the Court Trust Fund under s. 28.36(4) ~~s. 28.36(3)~~, which exceed the amount needed to meet their authorized budget amounts established under s. 28.35.

(b) No later than February 1, 2022, and each February 1 thereafter, the Department of Revenue shall transfer 50 percent of the cumulative excess of the original revenue projection from

the Clerks of the Court Trust Fund to the General Revenue Fund. The remaining 50 percent in the Clerks of the Court Trust Fund may be used in the development of the total combined budgets of the clerks of the court as provided in s. 28.35(2)(f)6. However, a minimum of 10 percent of the clerk-retained portion of the cumulative excess amount must be held in reserve until such funds reach an amount equal to at least 16 percent of the total budget authority from the current county fiscal year, as provided in s. 28.36(3)(a)

~~1. No later than February 1, 2020, the Department of Revenue shall transfer from the Clerks of the Court Trust Fund to the General Revenue Fund the sum of the cumulative excess of all fines, fees, service charges, and costs submitted by the clerks of court pursuant to subsection (2) and the cumulative excess of all fines, fees, service charges, and costs remitted by the clerks of court pursuant to paragraph (a) in excess of $10 million~~.

~~2. No later than February 1, 2021, the Department of Revenue shall transfer from the Clerks of the Court Trust Fund to the General Revenue Fund not less than 50 percent of the sum of the cumulative excess of all fines, fees, service charges, and costs submitted by the clerks of court pursuant to subsection (2) and the cumulative excess of all fines, fees, service charges, and costs remitted by the clerks of court pursuant to paragraph (a); provided however, the balance remaining in the Clerks of Courts Trust Fund after such transfer may not be more than $20 million.~~

~~3. No later than February 1, 2022, the Department of Revenue shall transfer from the Clerks of the Court Trust Fund~~

187280

~~to the General Revenue Fund not less than 50 percent of the sum of the cumulative excess of all fines, fees, service charges, and costs submitted by the clerks of court pursuant to subsection (2) and the cumulative excess of all fines, fees, service charges, and costs remitted by the clerks of court pursuant to paragraph (a); provided however, the balance remaining in the Clerks of Courts Trust Fund after such transfer may not be more than $20 million.~~

~~4. No later than February 1, 2023, and each February 1 thereafter, the Department of Revenue shall transfer from the Clerks of the Court Trust Fund to the General Revenue Fund the cumulative excess of all fines, fees, service charges, and costs submitted by the clerks of court pursuant to subsection (2) and the cumulative excess of all fines, fees, service charges, and costs remitted by the clerks of court pursuant to paragraph (a).~~

(5) ~~(4)~~ The Department of Revenue shall collect any funds that the Florida Clerks of Court Operations Corporation determines upon investigation were due but not remitted to the Department of Revenue. The corporation shall notify the clerk of the court and the Department of Revenue of the amount due to the Department of Revenue. The clerk of the court shall remit the amount due no later than the 10th day of the month following the month in which notice is provided by the corporation to the clerk of the court.

(6) ~~(5)~~ Ten percent of all court-related fines collected by the clerk, except for penalties or fines distributed to counties or municipalities under s. 316.0083(1)(b)3. or s. 318.18(15)(a), must ~~shall~~ be deposited into the fine and forfeiture fund to be used exclusively for clerk court-related functions, as provided

187280

in s. 28.35(3)(a).

Section 10. Section 28.42, Florida Statutes, is amended to read:

28.42 Manual of filing fees, charges, costs, and fines; payment plan form.—

(1) The clerks of court, through their association and in consultation with the Office of the State Courts Administrator, shall prepare and disseminate a manual of filing fees, service charges, costs, and fines imposed pursuant to state law, for each type of action and offense, and classified as mandatory or discretionary. The manual also shall classify the fee, charge, cost, or fine as court-related revenue or noncourt-related revenue. The clerks, through their association, shall disseminate this manual to the chief judge, state attorney, public defender, and court administrator in each circuit and to the clerk of the court in each county. The clerks, through their association and in consultation with the Office of the State Courts Administrator, shall at a minimum update and disseminate this manual on July 1 of each year.

(2) By October 1, 2021, the clerks of court, through the Florida Clerks of Court Operations Corporation, shall develop a uniform payment plan form for use by persons seeking to establish a payment plan in accordance with s. 28.246(4). The form must inform the person of the minimum payment due each month, the term of the plan, acceptable payment methods, and the circumstances under which a case may be sent to collections for nonpayment.

(3) By January 1, 2022, each clerk of court shall use the uniform payment plan form developed pursuant to subsection (2)

when establishing payment plans.

Section 11. Effective upon this act becoming law, subsection (5) of section 40.29, Florida Statutes, is amended to read:

40.29 Payment of due-process costs.—

(5) The Justice Administrative Commission shall reimburse ~~provide~~ funds to the clerks of the court to compensate jurors, to pay for meals or lodging provided to jurors, and to pay for jury-related personnel costs as provided in this section. Each clerk of the court must submit a request for reimbursement ~~shall forward~~ to the Florida Clerks of Court Operations Corporation within 20 days after each quarter attesting to the clerk's actual costs ~~Justice Administrative Commission a quarterly estimate of funds necessary~~ to compensate jurors, to ~~and~~ pay for meals or lodging provided to jurors, and to pay for jury-related personnel costs ~~during the upcoming quarter~~. The Florida Clerks of Court Operations Corporation must review the request for reimbursement to ensure that the costs are reasonably and directly related to jury management. The Florida Clerks of Court Operations Corporation must ~~shall~~ forward to the Justice Administrative Commission ~~a quarterly estimate of~~ the amount necessary to reimburse each clerk of the court for its personnel and other costs related to jury management unless the total request for reimbursement by the clerks exceeds the quarterly funds available to the Justice Administrative Commission, in which case the Florida Clerks of Court Operations Corporation shall adjust the cumulative total to match the available funds before submitting the request to the Justice Administrative Commission. Upon receipt of each request for reimbursement ~~such~~

~~estimates~~, the Justice Administrative Commission must review ~~shall determine~~ the amount deemed necessary for payment to the clerks of the court for the most recently completed ~~during the upcoming~~ quarter, determine if the total payment amount is available, and submit a request for payment to the Chief Financial Officer. ~~If the Justice Administrative Commission believes that the amount appropriated by the Legislature is insufficient to meet such costs during the remaining part of the state fiscal year, the commission may apportion the funds appropriated in the General Appropriations Act for those purposes among the several counties, basing the apportionment upon the amount expended for such purposes in each county during the prior fiscal year, in which case, the Chief Financial Officer shall issue the appropriate apportioned amount by warrant to each county.~~ The clerks of the court are responsible for any compensation to jurors, for payments for meals or lodging provided to jurors, and for jury-related personnel costs that exceed the funding provided in the General Appropriations Act for these purposes.

Section 12. Effective upon this act becoming a law, section 45.035, Florida Statutes, is amended to read:

45.035 Clerk’s fees.—In addition to other fees or service charges authorized by law, the clerk shall receive service charges related to the judicial sales procedure set forth in ss. 45.031-45.033 ~~ss. 45.031-45.034~~ and this section:

(1) The clerk shall receive a service charge of $70, from which the clerk shall remit $10 to the Department of Revenue for deposit into the General Revenue Fund, for services in making, recording, and certifying the sale and title, which service

187280

charge shall be assessed as costs and shall be advanced by the plaintiff before the sale.

(2) If there is a surplus resulting from the sale, the clerk may receive the following service charges, which shall be deducted from the surplus:

(a) The clerk may withhold the sum of $28 from the surplus which may only be used for purposes of educating the public as to the rights of homeowners regarding foreclosure proceedings.

(b) The clerk is entitled to a service charge of $15 for each disbursement of surplus proceeds, from which the clerk shall remit $5 to the Department of Revenue for deposit into the General Revenue Fund.

(3) If the sale is conducted by electronic means, as provided in s. 45.031(10), the clerk shall receive an additional service charge not to exceed $70 for services in conducting or contracting for the electronic sale, which service charge shall be assessed as costs and paid when filing for an electronic sale date. If the clerk requires advance electronic deposits to secure the right to bid, such deposits shall not be subject to the fee under s. 28.24(11) ~~s. 28.24(10)~~. The portion of an advance deposit from a winning bidder required by s. 45.031(3) shall, upon acceptance of the winning bid, be subject to the fee under s. 28.24(11) ~~s. 28.24(10)~~.

Section 13. Effective upon this act becoming a law, subsection (2) of section 55.141, Florida Statutes, is amended to read:

55.141 Satisfaction of judgments and decrees; duties of clerk.—

(2) Upon such payment, the clerk shall execute and record

187280

in the official records a satisfaction of judgment upon payment of the recording charge prescribed in s. 28.24(13) ~~s. 28.24(12)~~. Upon payment of the amount required in subsection (1) and the recording charge required by this subsection and execution and recordation of the satisfaction by the clerk, any lien created by the judgment is satisfied and discharged.

Section 14. Effective upon this act becoming a law, subsection (6) of section 57.082, Florida Statutes, is amended to read:

57.082 Determination of civil indigent status.—

(6) PROCESSING CHARGE; PAYMENT PLANS.—A person who the clerk or the court determines is indigent for civil proceedings under this section shall be enrolled in a payment plan under s. 28.246 and shall be charged a one-time administrative processing charge under s. 28.24(27)(c) ~~s. 28.24(26)(c)~~. A monthly payment amount, calculated based upon all fees and all anticipated costs, is presumed to correspond to the person's ability to pay if it does not exceed 2 percent of the person's annual net income, as defined in subsection (1), divided by 12. The person may seek review of the clerk's decisions regarding a payment plan established under s. 28.246 in the court having jurisdiction over the matter. A case may not be impeded in any way, delayed in filing, or delayed in its progress, including the final hearing and order, due to nonpayment of any fees or costs by an indigent person. Filing fees waived from payment under s. 57.081 may not be included in the calculation related to a payment plan established under this section.

Section 15. Effective upon this act becoming a law, paragraph (c) of subsection (5) of section 197.502, Florida

Statutes, is amended to read:

197.502 Application for obtaining tax deed by holder of tax sale certificate; fees.—

(5)

(c) Upon receiving the tax deed application from the tax collector, the clerk shall record a notice of tax deed application in the official records, which constitutes notice of the pendency of a tax deed application with respect to the property and remains effective for 1 year from the date of recording. A person acquiring an interest in the property after the tax deed application notice has been recorded is deemed to be on notice of the pending tax deed sale, and no additional notice is required. The sale of the property automatically releases any recorded notice of tax deed application for that property. If the property is redeemed, the clerk must record a release of the notice of tax deed application upon payment of the fees as authorized in s. 28.24(9) and (13) ~~s. 28.24(8) and (12)~~. The contents of the notice shall be the same as the contents of the notice of publication required by s. 197.512. The cost of recording must be collected at the time of application under subsection (1), and added to the opening bid.

Section 16. Effective upon this act becoming a law, section 197.532, Florida Statutes, is amended to read:

197.532 Fees for mailing additional notices, when application is made by holder.—When the certificateholder makes a written request of the clerk and furnishes the names and addresses at the time of the filing of the application, the clerk shall send a copy of the notice referred to in s. 197.522 to anyone to whom the certificateholder may request him or her

to send it, and the clerk shall include in such notice the statement required in s. 197.522. The certificateholder shall pay the clerk the service charges as prescribed in s. 28.24(6) ~~s. 28.24(5)~~ for preparing and mailing each copy of notice requested by the holder. When the charges are made, they shall be added by the clerk to the amount required to redeem the land from sale.

Section 17. Effective upon this act becoming a law, subsection (3) and paragraphs (a) and (b) of subsection (4) of section 197.542, Florida Statutes, are amended to read:

197.542 Sale at public auction.—

(3) If the sale is canceled for any reason or the buyer fails to make full payment within the time required, the clerk shall readvertise the sale within 30 days after the buyer's nonpayment or, if canceled, within 30 days after the clerk receives the costs of resale. The sale shall be held within 30 days after readvertising. Only one advertisement is necessary. The amount of the opening bid shall be increased by the cost of advertising, additional clerk's fees as provided for in s. 28.24(22) ~~s. 28.24(21)~~, and interest as provided for in subsection (1). If, at the subsequent sale, there are no bidders at the tax deed sale and the certificateholder fails to pay the moneys due within 30 days after the sale, the clerk may not readvertise the sale and shall place the property on a list entitled "lands available for taxes." The clerk must receive full payment before the issuance of the tax deed.

(4)(a) A clerk may conduct electronic tax deed sales in lieu of public outcry. The clerk must comply with the procedures provided in this chapter, except that electronic proxy bidding

187280

shall be allowed and the clerk may require bidders to advance sufficient funds to pay the deposit required by subsection (2). The clerk shall provide access to the electronic sale by computer terminals open to the public at a designated location. A clerk who conducts such electronic sales may receive electronic deposits and payments related to the sale. The portion of an advance deposit from a winning bidder required by subsection (2) shall, upon acceptance of the winning bid, be subject to the fee under s. 28.24(11) ~~s. 28.24(10)~~.

(b) This subsection does not restrict or limit the authority of a charter county to conduct electronic tax deed sales. In a charter county where the clerk of the circuit court does not conduct all electronic sales, the charter county shall be permitted to receive electronic deposits and payments related to sales it conducts, as well as to subject the winning bidder to a fee, consistent with the schedule in s. 28.24(11) ~~s. 28.24(10)~~.

Section 18. Effective upon this act becoming a law, paragraph (b) of subsection (2) of section 197.582, Florida Statutes, is amended to read:

197.582 Disbursement of proceeds of sale.—

(2)

(b) The mailed notice must include a form for making a claim under subsection (3). Service charges at the rate set forth in s. 28.24(11) ~~s. 28.24(10)~~ and the costs of mailing must be paid out of the surplus funds held by the clerk. If the clerk or comptroller certifies that the surplus funds are not sufficient to cover the service charges and mailing costs, the clerk shall receive the total amount of surplus funds as a

service charge. For purposes of identifying unclaimed property pursuant to s. 717.113, excess proceeds shall be presumed payable or distributable on the date the notice is sent.

Section 19. Paragraph (a) of subsection (1) of section 318.15, Florida Statutes, is amended to read:

318.15 Failure to comply with civil penalty or to appear; penalty.—

(1)(a) If a person fails to comply with the civil penalties provided in s. 318.18 within the time period specified in s. 318.14(4), fails to enter into or comply with the terms of a penalty payment plan with the clerk of the court in accordance with ss. 318.14 and 28.246, fails to attend driver improvement school, or fails to appear at a scheduled hearing, the clerk of the court must ~~shall~~ notify the Department of Highway Safety and Motor Vehicles of such failure within 10 days after such failure. Upon receipt of such notice, the department must ~~shall~~ immediately issue an order suspending the driver license and privilege to drive of such person effective 20 days after the date the order of suspension is mailed in accordance with s. 322.251(1), (2), and (6). The order also must inform the person that he or she may contact the clerk of the court to establish a payment plan pursuant to s. 28.246(4) to make partial payments for court-related fines, fees, service charges, and court costs. Any such suspension of the driving privilege which has not been reinstated, including a similar suspension imposed outside of this state ~~Florida~~, must ~~shall~~ remain on the records of the department for a period of 7 years from the date imposed and must ~~shall~~ be removed from the records after the expiration of 7 years from the date it is imposed. The department may not accept

187280

the resubmission of such suspension.

Section 20. Section 318.20, Florida Statutes, is amended to read:

318.20 Notification; duties of department.—The department shall prepare a notification form to be appended to, or incorporated as a part of, the Florida uniform traffic citation issued in accordance with s. 316.650. The notification form must ~~shall~~ contain language informing persons charged with infractions to which this chapter applies of the procedures available to them under this chapter. Such notification form must ~~shall~~ contain a statement that, if the official determines that no infraction has been committed, no costs or penalties may ~~shall~~ be imposed and any costs or penalties that ~~which~~ have been paid will ~~shall~~ be returned. Additionally, the notification form must include information on paying the civil penalty to the clerk of the court and the ability to establish a payment plan pursuant to s. 28.246(4). A uniform traffic citation that is produced electronically must also include the information required by this section.

Section 21. Subsections (1) and (3) and paragraph (a) of subsection (5) of section 322.245, Florida Statutes, are amended to read:

322.245 Suspension of license upon failure of person charged with specified offense under chapter 316, chapter 320, or this chapter to comply with directives ordered by traffic court or upon failure to pay child support in non-IV-D cases as provided in chapter 61 or failure to pay any financial obligation in any other criminal case.—

(1) If a person charged with a violation of any of the

187280

criminal offenses enumerated in s. 318.17 or with the commission of any offense constituting a misdemeanor under chapter 320 or this chapter fails to comply with all of the directives of the court within the time allotted by the court, the clerk of the ~~traffic~~ court must provide ~~shall mail to~~ the person, either electronically or by mail sent to ~~at~~ the address specified on the uniform traffic citation, a notice of such failure, notifying him or her that, if he or she does not comply with the directives of the court within 30 days after the date of the notice and pay a delinquency fee of up to $25 to the clerk, from which the clerk shall remit $10 to the Department of Revenue for deposit into the General Revenue Fund, his or her driver license will be suspended. The notice must ~~shall~~ be sent ~~mailed~~ no later than 5 days after such failure. The delinquency fee may be retained by the office of the clerk to defray the operating costs of the office.

(3) If the person fails to comply with the directives of the court within the 30-day period, or, in non-IV-D cases, fails to comply with the requirements of s. 61.13016 within the period specified in that statute, the depository or the clerk of the court must ~~shall~~ electronically notify the department of such failure within 10 days. Upon electronic receipt of the notice, the department shall immediately issue an order suspending the person's driver license and privilege to drive effective 20 days after the date the order of suspension is mailed in accordance with s. 322.251(1), (2), and (6). The order of suspension must also contain information specifying that the person may contact the clerk of the court to establish a payment plan pursuant to s. 28.246(4) to make partial payments for fines, fees, service

187280

charges, and court costs.

(5)(a) When the department receives notice from a clerk of the court that a person licensed to operate a motor vehicle in this state under the provisions of this chapter has failed to pay financial obligations for any criminal offense other than those specified in subsection (1), in full or in part under a payment plan pursuant to s. 28.246(4), the department must ~~shall~~ suspend the license of the person named in the notice. The department shall mail an order of suspension in accordance with s. 322.251(1), (2), and (6), which must also contain information specifying that the person may contact the clerk of the court to establish a payment plan pursuant to s. 28.246(4) to make partial payments for fines, fees, service charges, and court costs.

Section 22. Effective upon this act becoming a law, paragraph (d) of subsection (3) of section 569.23, Florida Statutes, is amended to read:

569.23 Security requirements for tobacco settlement agreement signatories, successors, parents, and affiliates.—

(3)

(d) The clerk of the Supreme Court shall collect fees for receipt of deposits under this subsection as authorized by ss. 28.231 and 28.24(11)(a) ~~28.24(10)(a)~~. In addition, for as long as any cash remains on deposit with the clerk pursuant to this subsection, the clerk of the Supreme Court is entitled to regularly receive as an additional fee the net investment income earned thereon. The clerk shall use the services of the Chief Financial Officer, as needed, for the custody and management of all bonds, other surety, or cash posted or deposited with the

187280

clerk. All fees collected pursuant to this subsection shall be deposited in the State Courts Revenue Trust Fund for use as specified by law.

Section 23. Effective upon this act becoming a law, subsection (3) of section 712.06, Florida Statutes, is amended to read:

712.06 Contents of notice; recording and indexing.—

(3) The person providing the notice referred to in s. 712.05, other than a notice for preservation of a community covenant or restriction, shall:

(a) Cause the clerk of the circuit court to mail by registered or certified mail to the purported owner of said property, as stated in such notice, a copy thereof and shall enter on the original, before recording the same, a certificate showing such mailing. For preparing the certificate, the claimant shall pay to the clerk the service charge as prescribed in s. 28.24(9) ~~s. 28.24(8)~~ and the necessary costs of mailing, in addition to the recording charges as prescribed in s. 28.24(13) ~~s. 28.24(12)~~. If the notice names purported owners having more than one address, the person filing the same shall furnish a true copy for each of the several addresses stated, and the clerk shall send one such copy to the purported owners named at each respective address. Such certificate shall be sufficient if the same reads substantially as follows:

I hereby certify that I did on this ...., mail by registered (or certified) mail a copy of the foregoing notice to each of the following at the address stated:

...(Clerk of the circuit court)...
of .... County, Florida,
By...(Deputy clerk)...

The clerk of the circuit court is not required to mail to the purported owner of such property any such notice that pertains solely to the preserving of any covenant or restriction or any portion of a covenant or restriction; or

(b) Publish once a week, for 2 consecutive weeks, the notice referred to in s. 712.05, with the official record book and page number in which such notice was recorded, in a newspaper as defined in chapter 50 in the county in which the property is located.

Section 24. Present subsection (3) of section 775.083, Florida Statutes, is redesignated as subsection (4), and a new subsection (3) is added to that section, to read:

775.083 Fines.—

(3) The clerk of the court of each county is the entity responsible for collecting payment of fines, fees, service charges, and court costs. Unless otherwise designated by the court, a person who has been ordered to pay court obligations under this section shall immediately contact the clerk to pay fines, fees, service charges, and court costs in full or to apply for enrollment in a payment plan pursuant to s. 28.246(4).

Section 25. Except as otherwise expressly provided in this act and except for this section, which shall take effect upon this act becoming a law, this act shall take effect October 1, 2021.

187280

========== T I T L E A M E N D M E N T ==========
And the title is amended as follows:

Delete everything before the enacting clause and insert:

A bill to be entitled

An act relating to clerks of the court; amending s. 27.52, F.S.; conforming a cross-reference; amending s. 28.222, F.S.; requiring certain service charges to be distributed in a specified manner; amending s. 28.22205, F.S.; conforming a cross-reference; amending s. 28.24, F.S.; defining the term "court record"; specifying the amount of charges for certain services rendered by, and instruments filed with, the clerk of the circuit court which are not court records; amending s. 28.241, F.S.; revising the distribution of revenue from filing fees from the institution of certain appellate proceedings; amending s. 28.246, F.S.; clarifying the responsibility of an individual released from incarceration regarding enrolling in a payment plan for any outstanding court obligations; modifying the manner of calculating a monthly payment amount under a payment plan; requiring the clerk to establish all terms of a payment plan; conforming cross-references; amending s. 28.35, F.S.; conforming cross-references and provisions to changes made by the act; amending s. 28.36, F.S.; conforming a cross-reference; requiring the corporation to establish and manage a contingency reserve within the Clerks of the Court Trust Fund for specified purposes; prescribing

187280

reporting requirements; specifying circumstances under which moneys held in reserve may be used; prescribing procedures for the release of such funds; amending s. 28.37, F.S.; modifying a provision regarding state court system funding; defining terms; conforming a cross-reference; revising provisions governing the transfer of certain funds from the Clerks of the Court Trust Fund to the General Revenue Fund by the Department of Revenue; amending s. 28.42, F.S.; requiring the clerks of court to develop a uniform payment plan form by a specified date; prescribing requirements for the form; requiring the clerks to use such form by a specified date; amending s. 40.29, F.S.; requiring the clerks of the court to submit requests for reimbursement for jury-related costs to the Florida Clerks of Court Operations Corporation within specified timeframes; requiring the corporation to review such requests for reimbursement; requiring the corporation to submit certain information to the Justice Administrative Commission; requiring the commission to review the information and submit a request for payment to the Chief Financial Officer under certain circumstances; removing a provision authorizing the commission to apportion funds among the counties for certain purposes; amending ss. 45.035, 55.141, 57.082, 197.502, 197.532, 197.542, and 197.582, F.S.; conforming cross-references; amending ss. 318.15, 318.20, and 322.245, F.S.; requiring orders and notifications for certain traffic citations

187280

and suspensions to include information regarding payment plans; amending ss. 569.23 and 712.06, F.S.; conforming cross-references; amending s. 775.083, F.S.; specifying that the clerk of the court of each county is responsible for collecting fines, fees, service charges, and court costs; requiring a person ordered to pay court obligations to contact the clerk to arrange for payment; providing effective dates.

LEGISLATIVE ACTION

Senate	.	House
Comm: RCS	.	
04/16/2021	.	
	.	
	.	
	.	

The Committee on Appropriations (Hooper) recommended the following:

Senate Substitute for Amendment (187280) (with title amendment)

Delete everything after the enacting clause and insert:

Section 1. Effective July 1, 2021, subsection (7) of section 28.222, Florida Statutes, is amended to read:

28.222 Clerk to be county recorder.—

(7)(a) All instruments recorded in the Official Records must remain ~~shall always be~~ open to the public, under the

212474

supervision of the clerk, for the purpose of inspection thereof and of making extracts therefrom.~~; but~~

(b) The clerk is ~~shall~~ not ~~be~~ required to perform any service in connection with such inspection or making of extracts without payment of service charges as provided in s. 28.24.

(c) The clerk, in his or her capacity as county recorder, must retain the service charge payments under s. 28.24, except that those service charge payments that relate to court records or functions and meet the description of court-related functions in s. 28.35(3)(a) must be distributed for those court-related functions.

Section 2. Effective July 1, 2021, section 28.24, Florida Statutes, is amended to read:

28.24 Service charges.—The clerk of the circuit court shall charge for services rendered manually or electronically by the clerk's office in recording documents and instruments and in performing other specified duties. These charges may not exceed those specified in this section, except as provided in s. 28.345.

(1) For purposes of this section, the term "court record" means the contents of a court file and includes:

(a) Progress dockets and other similar records generated to document activity in a case.

(b) Transcripts filed with the clerk.

(c) Documentary exhibits in the custody of the clerk.

(d) Electronic records, video recordings, and stenographic tapes of depositions or other proceedings filed with the clerk.

(e) Electronic records, video recordings, and stenographic tapes of court proceedings.

212474

(2) For examining, comparing, correcting, verifying, and certifying transcripts of record in appellate proceedings, prepared by attorney for appellant or someone else other than clerk, per page: 5.00, from which the clerk shall remit 0.50 per page to the Department of Revenue for deposit into the General Revenue Fund.

(3) ~~(2)~~ For preparing, numbering, and indexing an original record of appellate proceedings, per instrument: 3.50, from which the clerk shall remit 0.50 per instrument to the Department of Revenue for deposit into the General Revenue Fund.

(4)(a) ~~(3)~~ For certifying copies of any instrument that is a court record in the public records: 2.00, from which the clerk shall remit 0.50 to the Department of Revenue for deposit into the General Revenue Fund.

(b) For certifying copies of any instrument that is not a court record in the public records, per page: 2.00.

(5)(a) ~~(4)~~ For verifying any instrument presented for certification prepared by someone other than clerk, per page: 3.50, from which the clerk shall remit 0.50 per page to the Department of Revenue for deposit into the General Revenue Fund.

(b) For verifying any instrument that is not a court record presented for certification prepared by someone other than the clerk, per page: 3.50.

(6)(a) ~~(5)(a)~~ For making copies by photographic process of any instrument in the public records consisting of pages of not more than 14 inches by 8 1/2 inches, per page:.....1.00.

(b) For making copies by photographic process of any instrument in the public records of more than 14 inches by 8 1/2 inches, per page:.....5.00.

212474

(7)~~(6)~~ For making microfilm copies of any public records:

(a) That are court records:

1. 16 mm 100' microfilm roll: 42.00, from which the clerk shall remit 4.50 to the Department of Revenue for deposit into the General Revenue Fund.

2.~~(b)~~ 35 mm 100' microfilm roll: 60.00, from which the clerk shall remit 7.50 to the Department of Revenue for deposit into the General Revenue Fund.

3.~~(c)~~ Microfiche, per fiche: 3.50, from which the clerk shall remit 0.50 to the Department of Revenue for deposit into the General Revenue Fund.

(b) That are not court records:

1. 16 mm 100' microfilm roll: 42.00.

2. 35 mm 100' microfilm roll: 60.00.

3. Microfiche, per fiche: 3.50.

(8)~~(7)~~ For copying any instrument in the public records by other than photographic process, per page:~~.....~~6.00.

(9)(a)~~(8)~~ For writing any paper that is a court record other than a paper otherwise ~~herein~~ specifically mentioned in this section, ~~same as for copying,~~ including signing and sealing: 7.00, from which the clerk shall remit 1.00 to the Department of Revenue for deposit into the General Revenue Fund.

(b) For writing any paper that is not a court record other than a paper otherwise specifically mentioned in this section, including signing and sealing: 7.00.

(10)~~(9)~~ For indexing each entry not recorded:~~.....~~1.00.

(11)~~(10)~~ For receiving money into the registry of court:

(a)1. First $500: 3~~,~~ percent.~~.....3~~

2. Each subsequent $100: 1.5~~,~~ percent.~~.....1.5~~

(b) Eminent domain actions, per deposit: 170.00, from which the clerk shall remit 20.00 per deposit to the Department of Revenue for deposit into the General Revenue Fund.

(12) ~~(11)~~ For examining, certifying, and recording plats and for recording condominium exhibits larger than 14 inches by 8 1/2 inches:

(a) First page: ~~.....~~ 30.00.

(b) Each additional page: ~~.....~~ 15.00.

(13) ~~(12)~~ For recording, indexing, and filing any instrument not more than 14 inches by 8 1/2 inches, including required notice to property appraiser where applicable:

(a) First page or fraction thereof: ~~.....~~ 5.00.

(b) Each additional page or fraction thereof: ~~.....~~ 4.00.

(c) For indexing instruments recorded in the official records which contain more than four names, per additional name: ~~.....~~ 1.00.

(d) An additional service charge must be paid to the clerk of the circuit court to be deposited in the Public Records Modernization Trust Fund for each instrument listed in s. 28.222, except judgments received from the courts and notices of lis pendens, recorded in the official records:

1. First page: ~~.....~~ 1.00.

2. Each additional page: ~~.....~~ 0.50.

Said fund must be held in trust by the clerk and used exclusively for equipment and maintenance of equipment, personnel training, and technical assistance in modernizing the public records system of the office. In a county where the duty of maintaining official records exists in an office other than

the office of the clerk of the circuit court, the clerk of the circuit court is entitled to 25 percent of the moneys deposited into the trust fund for equipment, maintenance of equipment, training, and technical assistance in modernizing the system for storing records in the office of the clerk of the circuit court. The fund may not be used for the payment of travel expenses, membership dues, bank charges, staff-recruitment costs, salaries or benefits of employees, construction costs, general operating expenses, or other costs not directly related to obtaining and maintaining equipment for public records systems or for the purchase of furniture or office supplies and equipment not related to the storage of records. On or before December 1, 1995, and on or before December 1 of each year immediately preceding each year during which the trust fund is scheduled for legislative review under s. 19(f)(2), Art. III of the State Constitution, each clerk of the circuit court shall file a report on the Public Records Modernization Trust Fund with the President of the Senate and the Speaker of the House of Representatives. The report must itemize each expenditure made from the trust fund since the last report was filed; each obligation payable from the trust fund on that date; and the percentage of funds expended for each of the following: equipment, maintenance of equipment, personnel training, and technical assistance. The report must indicate the nature of the system each clerk uses to store, maintain, and retrieve public records and the degree to which the system has been upgraded since the creation of the trust fund.

(e) An additional service charge of $4 per page shall be paid to the clerk of the circuit court for each instrument

listed in s. 28.222, except judgments received from the courts and notices of lis pendens, recorded in the official records. From the additional $4 service charge collected:

1. If the counties maintain legal responsibility for the costs of the court-related technology needs as defined in s. 29.008(1)(f)2. and (h), 10 cents shall be distributed to the Florida Association of Court Clerks and Comptrollers, Inc., for the cost of development, implementation, operation, and maintenance of the clerks' Comprehensive Case Information System; $1.90 shall be retained by the clerk to be deposited in the Public Records Modernization Trust Fund and used exclusively for funding court-related technology needs of the clerk as defined in s. 29.008(1)(f)2. and (h); and $2 shall be distributed to the board of county commissioners to be used exclusively to fund court-related technology, and court technology needs as defined in s. 29.008(1)(f)2. and (h) for the state trial courts, state attorney, public defender, and criminal conflict and civil regional counsel in that county. If the counties maintain legal responsibility for the costs of the court-related technology needs as defined in s. 29.008(1)(f)2. and (h), notwithstanding any other provision of law, the county is not required to provide additional funding beyond that provided in this section ~~herein~~ for the court-related technology needs of the clerk as defined in s. 29.008(1)(f)2. and (h). All court records and official records are the property of the State of Florida, including any records generated as part of the Comprehensive Case Information System funded pursuant to this paragraph and the clerk of court is designated as the custodian of such records, except in a county where the duty of

maintaining official records exists in a county office other than the clerk of court or comptroller, such county office is designated the custodian of all official records, and the clerk of court is designated the custodian of all court records. The clerk of court or any entity acting on behalf of the clerk of court, including an association, may not charge a fee to any agency as defined in s. 119.011, the Legislature, or the State Court System for copies of records generated by the Comprehensive Case Information System or held by the clerk of court or any entity acting on behalf of the clerk of court, including an association.

2. If the state becomes legally responsible for the costs of court-related technology needs as defined in s. 29.008(1)(f)2. and (h), whether by operation of general law or by court order, $4 shall be remitted to the Department of Revenue for deposit into the General Revenue Fund.

(14)(a) ~~(13)~~ Oath, administering, attesting, and sealing of court records~~,~~ not otherwise provided for in this section ~~herein~~: 3.50, from which the clerk shall remit 0.50 to the Department of Revenue for deposit into the General Revenue Fund.

(b) Oath, administering, attesting, and sealing of records that are not court records not otherwise provided for in this section: 3.50.

(15)(a) ~~(14)~~ For validating certificates or~~,~~ any authorized bonds that are court records, each: 3.50, from which the clerk shall remit 0.50 each to the Department of Revenue for deposit into the General Revenue Fund.

(b) For validating certificates or any authorized bonds that are not court records, each: 3.50.

212474

(16)~~(15)~~ For preparing affidavit of domicile:~~.....~~5.00.

(17)~~(16)~~ For exemplified certificates, including the signing and sealing of them: 7.00, from which the clerk shall remit 1.00 to the Department of Revenue for deposit into the General Revenue Fund.

(18)(a)~~(17)~~ For authenticated certificates that are court records, including the signing and sealing of them: 7.00, from which the clerk shall remit 1.00 to the Department of Revenue for deposit into the General Revenue Fund.

(b) For authenticated certificates that are not court records, including the signing and sealing of them: 7.00.

(19)(a)~~(18)(a)~~ For issuing and filing a subpoena for a witness, not otherwise provided for in this section, including the ~~herein (includes~~ writing, preparing, signing, and sealing of it~~)~~: 7.00, from which the clerk shall remit 1.00 to the Department of Revenue for deposit into the General Revenue Fund.

(b) For signing and sealing only: 2.00, from which the clerk shall remit 0.50 to the Department of Revenue for deposit into the General Revenue Fund.

(20)(a)~~(19)~~ For approving a court bond: 8.50, from which the clerk shall remit 1.00 to the Department of Revenue for deposit into the General Revenue Fund.

(b) For approving a bond: 8.50.

(21)(a)~~(20)~~ For searching court ~~of~~ records, for each year's search: 2.00, from which the clerk shall remit 0.50 for each year's search to the Department of Revenue for deposit into the General Revenue Fund.

(b) For searching records that are not court records, for each year's search: 2.00.

(22)~~(21)~~ For processing an application for a tax deed sale (includes application, sale, issuance, and preparation of tax deed, and disbursement of proceeds of sale), other than excess proceeds:~~.....~~60.00.

(23)~~(22)~~ For disbursement of excess proceeds of tax deed sale, first $100 or fraction thereof:~~.....~~10.00.

(24)~~(23)~~ Upon receipt of an application for a marriage license, for preparing and administering of oath; issuing, sealing, and recording of the marriage license; and providing a certified copy:~~.....~~30.00.

(25)~~(24)~~ For solemnizing matrimony:~~.....~~30.00.

(26)~~(25)~~ For sealing any court file or expungement of any record: 42.00, from which the clerk shall remit 4.50 to the Department of Revenue for deposit into the General Revenue Fund.

(27)(a)~~(26)(a)~~ For receiving and disbursing all restitution payments, per payment: 3.50, from which the clerk shall remit 0.50 per payment to the Department of Revenue for deposit into the General Revenue Fund.

(b) For receiving and disbursing all partial payments, other than restitution payments, for which an administrative processing service charge is not imposed pursuant to s. 28.246, per month:~~.....~~5.00.

(c) For setting up a payment plan, a one-time administrative processing charge in lieu of a per month charge under paragraph (b):~~.....~~25.00.

(28)~~(27)~~ Postal charges incurred by the clerk of the circuit court in any mailing by certified or registered mail must be paid by the party at whose instance the mailing is made.

(29)~~(28)~~ For furnishing an electronic copy of information

contained in a computer database: a fee as provided for in chapter 119.

Section 3. Effective July 1, 2021, subsection (2) of section 28.241, Florida Statutes, is amended to read:

28.241 Filing fees for trial and appellate proceedings.—

(2) Upon the institution of any appellate proceeding from any lower court to the circuit court of any such county, including appeals filed by a county or municipality as provided in s. 34.041(5), or from the county or circuit court to an appellate court of the state, the clerk shall charge and collect from the party or parties instituting such appellate proceedings a filing fee, as follows: ~~not to exceed $280, from which the clerk shall remit $20 to the Department of Revenue for deposit into the General Revenue Fund,~~

(a) For filing a notice of appeal from the county court to the circuit court, a filing fee not to exceed $280. ~~and, in addition to the filing fee required under s. 25.241 or s. 35.22, $100~~

(b) For filing a notice of appeal from the county or circuit court to the district court of appeal or to the Supreme Court, in addition to the filing fee required under s. 25.241 or s. 35.22, a filing fee not to exceed $100, of which the clerk shall remit $20 to the Department of Revenue for deposit into the General Revenue Fund. If the party is determined to be indigent, the clerk shall defer payment of the fee otherwise required by this subsection.

Section 4. Subsection (4) of section 28.246, Florida Statutes, is amended to read:

28.246 Payment of court-related fines or other monetary

penalties, fees, charges, and costs; partial payments; distribution of funds.—

(4)(a) Each ~~The~~ clerk of the circuit court shall accept partial payments for each case type for court-related fees, service charges, court costs, and fines in accordance with the terms of an established payment plan developed by the clerk.

(b) An individual seeking to defer payment of fees, service charges, court costs, or fines imposed by operation of law or order of the court under any provision of general law shall apply to the clerk for enrollment in a payment plan. The clerk shall enter into a payment plan with an individual who the court determines is indigent for costs. It is the responsibility of an individual who is released from incarceration and has outstanding court obligations to contact the clerk within 30 days after release to pay fees, service charges, court costs, and fines in full, or to apply for enrollment in a payment plan. A monthly payment amount, calculated based upon all fees and all anticipated fees, service charges, court costs, and fines, is presumed to correspond to the person's ability to pay if the amount does not exceed 2 percent of the person's annual net income, as defined in s. 27.52(1), divided by 12. The clerk shall establish all terms of a payment plan, and the court may review the reasonableness of the payment plan.

Section 5. Effective upon this act becoming a law, paragraph (f) of subsection (2) and paragraph (a) of subsection (3) of section 28.35, Florida Statutes, are amended to read:

28.35 Florida Clerks of Court Operations Corporation.—

(2) The duties of the corporation shall include the following:

(f) Approving the proposed budgets submitted by clerks of the court pursuant to s. 28.36. The corporation must ensure that the total combined budgets of the clerks of the court do not exceed the total estimated revenues from fees, service charges, court costs, and fines for court-related functions available for court-related expenditures as determined by the most recent Revenue Estimating Conference, plus the total of unspent budgeted funds for court-related functions carried forward by the clerks of the court from the previous county fiscal year, ~~and~~ plus the balance of funds remaining in the Clerks of the Court Trust Fund after the transfer of funds to the General Revenue Fund required pursuant to s. 28.37(4)(b), and plus any appropriations for court-related functions ~~s. 28.37(3)(b)~~. The corporation may amend any individual clerk of the court budget to ensure compliance with this paragraph and must consider performance measures, workload performance standards, workload measures, and expense data before modifying the budget. As part of this process, the corporation shall:

1. Calculate the minimum amount of revenue necessary for each clerk of the court to efficiently perform the list of court-related functions specified in paragraph (3)(a). The corporation shall apply the workload measures appropriate for determining the individual level of review required to fund the clerk's budget.

2. Prepare a cost comparison of similarly situated clerks of the court, based on county population and numbers of filings, using the standard list of court-related functions specified in paragraph (3)(a).

3. Conduct an annual base budget review and an annual

budget exercise examining the total budget of each clerk of the court. The review shall examine revenues from all sources, expenses of court-related functions, and expenses of noncourt-related functions as necessary to determine that court-related revenues are not being used for noncourt-related purposes. The review and exercise shall identify potential targeted budget reductions in the percentage amount provided in Schedule VIII-B of the state's previous year's legislative budget instructions, as referenced in s. 216.023(3), or an equivalent schedule or instruction as may be adopted by the Legislature.

4. Identify those proposed budgets containing funding for items not included on the standard list of court-related functions specified in paragraph (3)(a).

5. Identify those clerks projected to have court-related revenues insufficient to fund their anticipated court-related expenditures.

6. Use revenue estimates based on the official estimate for funds from fees, service charges, court costs, and fines for court-related functions accruing to the clerks of the court made by the Revenue Estimating Conference, as well as any unspent budgeted funds for court-related functions carried forward by the clerks of the court from the previous county fiscal year and the balance of funds remaining in the Clerks of the Court Trust Fund after the transfer of funds to the General Revenue Fund required pursuant to s. 28.37(4)(b), plus any appropriations for the purpose of funding court-related functions ~~s. 28.37(3)(b)~~.

7. Identify pay and benefit increases in any proposed clerk budget, including, but not limited to, cost of living increases, merit increases, and bonuses.

212474

8. Identify increases in anticipated expenditures in any clerk budget that exceeds the current year budget by more than 3 percent.

9. Identify the budget of any clerk which exceeds the average budget of similarly situated clerks by more than 10 percent.

For the purposes of this paragraph, the term "unspent budgeted funds for court-related functions" means undisbursed funds included in the clerks of the courts budgets for court-related functions established pursuant to this section and s. 28.36.

(3)(a) The list of court-related functions that clerks may fund from filing fees, service charges, court costs, and fines is limited to those functions expressly authorized by law or court rule. Those functions include the following: case maintenance; records management; court preparation and attendance; processing the assignment, reopening, and reassignment of cases; processing of appeals; collection and distribution of fines, fees, service charges, and court costs; processing of bond forfeiture payments; data collection and reporting; determinations of indigent status; and paying reasonable administrative support costs to enable the clerk of the court to carry out these court-related functions.

Section 6. Effective upon this act becoming a law, present subsections (3) and (4) of section 28.36, Florida Statutes, are redesignated as subsections (4) and (5), respectively, a new subsection (3) is added to that section, and subsection (1), paragraph (b) of subsection (2), and present subsection (4) of that section are amended, to read:

212474

28.36 Budget procedure.—There is established a budget procedure for the court-related functions of the clerks of the court.

(1) Only those functions listed in s. 28.35(3)(a) may be funded from fees, service charges, court costs, and fines retained by the clerks of the court.

(2) Each proposed budget shall further conform to the following requirements:

(b) The proposed budget must be balanced such that the total of the estimated revenues available equals or exceeds the total of the anticipated expenditures. Such revenues include revenue projected to be received from fees, service charges, court costs, and fines for court-related functions during the fiscal period covered by the budget, plus the total of unspent budgeted funds for court-related functions carried forward by the clerk of the court from the previous county fiscal year and plus the portion of the balance of funds remaining in the Clerks of the Court Trust Fund after the transfer of funds to the General Revenue Fund required pursuant to s. 28.37(4)(b) ~~s. 28.37(3)(b)~~ which has been allocated to each respective clerk of the court by the Florida Clerks of Court Operations Corporation. For the purposes of this paragraph, the term "unspent budgeted funds for court-related functions" means undisbursed funds included in the clerk of the courts' budget for court related functions established pursuant to s. 28.35 and this section. The anticipated expenditures must be itemized as required by the corporation.

(3)(a) The Florida Clerks of Court Operations Corporation shall establish and manage a reserve for contingencies within

the Clerks of the Court Trust Fund which must consist of an amount not to exceed 16 percent of the total budget authority for the clerks of court during the current county fiscal year, to be carried forward at the end of the fiscal year. Funds to be held in reserve include transfers of cumulative excess, as provided in s. 28.37(4)(b), from the Clerks of the Court Trust Fund and may also include revenues provided by law or moneys appropriated by the Legislature.

(b) The corporation shall provide a reporting of the balance and use of these funds during each county fiscal year as part of the corporation's annual report submitted under s. 28.35(2)(h).

(c) The corporation may use the reserve to ensure the clerks of court can perform the court-related functions as provided in s. 28.35(3)(a). Moneys in the Clerks of the Court Trust Fund which are held in reserve may be used by the corporation under the following circumstances:

1. To offset a current deficit between the revenue available and the original budget authority. A deficit is deemed to occur when the revenue available to the clerks of court falls below the original revenue projection for that county fiscal year.

2. To provide funding for an emergency, as defined in s. 252.34(4). The emergency must have been declared by the Governor, pursuant to s. 252.36, or otherwise declared by law.

3. To provide funds in the development of the total aggregate budget of the clerks of court to ensure that a minimum continuation budget is met. For purposes of this subparagraph, a minimum continuation budget is the budget approved for the

current county fiscal year or some lesser amount adopted by the corporation.

(d) To use the reserve, the corporation must request a budget amendment pursuant to s. 216.292.

(5) ~~(4)~~ The corporation may approve increases or decreases to the previously authorized budgets approved for ~~individual~~ clerks of the court pursuant to s. 28.35 for court-related functions, if:

(a) The additional budget authority is necessary to pay the cost of performing new or additional functions required by changes in law or court rule; or

(b) The additional budget authority is necessary to pay the cost of supporting increases in the number of judges or magistrates authorized by the Legislature or increases in the use of hearing officers and senior judges assigned by the courts.

Section 7. Effective upon this act becoming a law, section 28.37, Florida Statutes, is amended to read:

28.37 Fines, fees, service charges, and costs remitted to the state.—

(1) Pursuant to s. 14(b), Art. V of the State Constitution, selected salaries, costs, and expenses of the state courts system and court-related functions shall be funded from a portion of the revenues derived from statutory fines, fees, service charges, and court costs collected by the clerks of the court and from adequate and appropriate supplemental funding from state revenues as appropriated by the Legislature.

(2) As used in this section, the term:

(a) "Cumulative excess" means revenues derived from fines,

fees, service charges, and court costs collected by the clerks of the court which are greater than the original revenue projection.

(b) "Original revenue projection" means the official estimate, as determined by the Revenue Estimating Conference, of revenues from fines, fees, service charges, and court costs available for court-related functions for the county fiscal year covered by the projection.

(3) The ~~Beginning November 1, 2013, that~~ portion of all fines, fees, service charges, and costs collected by the clerks of the court for the previous month which is in excess of one-twelfth of the clerks' total budget for the performance of court-related functions must ~~shall~~ be remitted to the Department of Revenue for deposit into the Clerks of the Court Trust Fund. Such collections do not include funding received for the operation of the Title IV-D child support collections and disbursement program. The clerk of the court shall remit the revenues collected during the previous month due to the state on or before the 10th day of each month.

(4)(a) ~~(3)(a)~~ Each year, no later than January 25, for the previous county fiscal year, the clerks of court, in consultation with the Florida Clerks of Court Operations Corporation, shall remit to the Department of Revenue for deposit in the Clerks of the Court Trust Fund the cumulative excess of all fines, fees, service charges, and court costs retained by the clerks of the court, plus any funds received by the clerks of the court from the Clerks of the Court Trust Fund under s. 28.36(4) ~~s. 28.36(3)~~, which exceed the amount needed to meet their authorized budget amounts established under s. 28.35.

(b) No later than February 1, 2022, and each February 1 thereafter, the Department of Revenue shall transfer 50 percent of the cumulative excess of the original revenue projection from the Clerks of the Court Trust Fund to the General Revenue Fund. The remaining 50 percent in the Clerks of the Court Trust Fund may be used in the development of the total combined budgets of the clerks of the court as provided in s. 28.35(2)(f)6. However, a minimum of 10 percent of the clerk-retained portion of the cumulative excess amount must be held in reserve until such funds reach an amount equal to at least 16 percent of the total budget authority from the current county fiscal year, as provided in s. 28.36(3)(a)

~~1. No later than February 1, 2020, the Department of Revenue shall transfer from the Clerks of the Court Trust Fund to the General Revenue Fund the sum of the cumulative excess of all fines, fees, service charges, and costs submitted by the clerks of court pursuant to subsection (2) and the cumulative excess of all fines, fees, service charges, and costs remitted by the clerks of court pursuant to paragraph (a) in excess of $10 million~~.

~~2. No later than February 1, 2021, the Department of Revenue shall transfer from the Clerks of the Court Trust Fund to the General Revenue Fund not less than 50 percent of the sum of the cumulative excess of all fines, fees, service charges, and costs submitted by the clerks of court pursuant to subsection (2) and the cumulative excess of all fines, fees, service charges, and costs remitted by the clerks of court pursuant to paragraph (a); provided however, the balance remaining in the Clerks of Courts Trust Fund after such transfer~~

~~may not be more than $20 million.~~

~~3. No later than February 1, 2022, the Department of Revenue shall transfer from the Clerks of the Court Trust Fund to the General Revenue Fund not less than 50 percent of the sum of the cumulative excess of all fines, fees, service charges, and costs submitted by the clerks of court pursuant to subsection (2) and the cumulative excess of all fines, fees, service charges, and costs remitted by the clerks of court pursuant to paragraph (a); provided however, the balance remaining in the Clerks of Courts Trust Fund after such transfer may not be more than $20 million.~~

~~4. No later than February 1, 2023, and each February 1 thereafter, the Department of Revenue shall transfer from the Clerks of the Court Trust Fund to the General Revenue Fund the cumulative excess of all fines, fees, service charges, and costs submitted by the clerks of court pursuant to subsection (2) and the cumulative excess of all fines, fees, service charges, and costs remitted by the clerks of court pursuant to paragraph (a).~~

(5) ~~(4)~~ The Department of Revenue shall collect any funds that the Florida Clerks of Court Operations Corporation determines upon investigation were due but not remitted to the Department of Revenue. The corporation shall notify the clerk of the court and the Department of Revenue of the amount due to the Department of Revenue. The clerk of the court shall remit the amount due no later than the 10th day of the month following the month in which notice is provided by the corporation to the clerk of the court.

(6) ~~(5)~~ Ten percent of all court-related fines collected by the clerk, except for penalties or fines distributed to counties

or municipalities under s. 316.0083(1)(b)3. or s. 318.18(15)(a), must ~~shall~~ be deposited into the fine and forfeiture fund to be used exclusively for clerk court-related functions, as provided in s. 28.35(3)(a).

Section 8. Section 28.42, Florida Statutes, is amended to read:

28.42 Manual of filing fees, charges, costs, and fines; payment plan form.—

(1) The clerks of court, through their association and in consultation with the Office of the State Courts Administrator, shall prepare and disseminate a manual of filing fees, service charges, costs, and fines imposed pursuant to state law, for each type of action and offense, and classified as mandatory or discretionary. The manual also shall classify the fee, charge, cost, or fine as court-related revenue or noncourt-related revenue. The clerks, through their association, shall disseminate this manual to the chief judge, state attorney, public defender, and court administrator in each circuit and to the clerk of the court in each county. The clerks, through their association and in consultation with the Office of the State Courts Administrator, shall at a minimum update and disseminate this manual on July 1 of each year.

(2) By October 1, 2021, the clerks of court, through the Florida Clerks of Court Operations Corporation, shall develop a uniform payment plan form for use by persons seeking to establish a payment plan in accordance with s. 28.246(4). The form must inform the person of the minimum payment due each month, the term of the plan, acceptable payment methods, and the circumstances under which a case may be sent to collections for

nonpayment.

(3) By January 1, 2022, each clerk of court shall use the uniform payment plan form developed pursuant to subsection (2) when establishing payment plans.

Section 9. Effective July 1, 2021, subsection (5) of section 40.29, Florida Statutes, is amended to read:

40.29 Payment of due-process costs.—

(5) The Justice Administrative Commission shall reimburse ~~provide~~ funds to the clerks of the court to compensate jurors, to pay for meals or lodging provided to jurors, and to pay for jury-related personnel costs as provided in this section. Each clerk of the court must submit a request for reimbursement ~~shall forward~~ to the Florida Clerks of Court Operations Corporation within 20 days after each quarter attesting to the clerk's actual costs ~~Justice Administrative Commission a quarterly estimate of funds necessary~~ to compensate jurors, to ~~and~~ pay for meals or lodging provided to jurors, and to pay for jury-related personnel costs ~~during the upcoming quarter~~. The Florida Clerks of Court Operations Corporation must review the request for reimbursement to ensure that the costs are reasonably and directly related to jury management. The Florida Clerks of Court Operations Corporation must ~~shall~~ forward to the Justice Administrative Commission ~~a quarterly estimate of~~ the amount necessary to reimburse each clerk of the court for its personnel and other costs related to jury management unless the total request for reimbursement by the clerks exceeds the quarterly funds available to the Justice Administrative Commission, in which case the Florida Clerks of Court Operations Corporation shall adjust the cumulative total to match the available funds

before submitting the request to the Justice Administrative Commission. Upon receipt of each request for reimbursement ~~such estimates~~, the Justice Administrative Commission must review ~~shall determine~~ the amount deemed necessary for payment to the clerks of the court for the most recently completed ~~during the upcoming~~ quarter, determine if the total payment amount is available, and submit a request for payment to the Chief Financial Officer. ~~If the Justice Administrative Commission believes that the amount appropriated by the Legislature is insufficient to meet such costs during the remaining part of the state fiscal year, the commission may apportion the funds appropriated in the General Appropriations Act for those purposes among the several counties, basing the apportionment upon the amount expended for such purposes in each county during the prior fiscal year, in which case, the Chief Financial Officer shall issue the appropriate apportioned amount by warrant to each county.~~ The clerks of the court are responsible for any compensation to jurors, for payments for meals or lodging provided to jurors, and for jury-related personnel costs that exceed the funding provided in the General Appropriations Act for these purposes.

Section 10. Paragraph (a) of subsection (1) of section 318.15, Florida Statutes, is amended to read:

318.15 Failure to comply with civil penalty or to appear; penalty.—

(1)(a) If a person fails to comply with the civil penalties provided in s. 318.18 within the time period specified in s. 318.14(4), fails to enter into or comply with the terms of a penalty payment plan with the clerk of the court in accordance

with ss. 318.14 and 28.246, fails to attend driver improvement school, or fails to appear at a scheduled hearing, the clerk of the court must ~~shall~~ notify the Department of Highway Safety and Motor Vehicles of such failure within 10 days after such failure. Upon receipt of such notice, the department must ~~shall~~ immediately issue an order suspending the driver license and privilege to drive of such person effective 20 days after the date the order of suspension is mailed in accordance with s. 322.251(1), (2), and (6). The order also must inform the person that he or she may contact the clerk of the court to establish a payment plan pursuant to s. 28.246(4) to make partial payments for court-related fines, fees, service charges, and court costs. Any such suspension of the driving privilege which has not been reinstated, including a similar suspension imposed outside of this state ~~Florida~~, must ~~shall~~ remain on the records of the department for a period of 7 years from the date imposed and must ~~shall~~ be removed from the records after the expiration of 7 years from the date it is imposed. The department may not accept the resubmission of such suspension.

Section 11. Section 318.20, Florida Statutes, is amended to read:

318.20 Notification; duties of department.—The department shall prepare a notification form to be appended to, or incorporated as a part of, the Florida uniform traffic citation issued in accordance with s. 316.650. The notification form must ~~shall~~ contain language informing persons charged with infractions to which this chapter applies of the procedures available to them under this chapter. Such notification form must ~~shall~~ contain a statement that, if the official determines

that no infraction has been committed, no costs or penalties may ~~shall~~ be imposed and any costs or penalties that ~~which~~ have been paid will ~~shall~~ be returned. Additionally, the notification form must include information on paying the civil penalty to the clerk of the court and the ability to establish a payment plan pursuant to s. 28.246(4). A uniform traffic citation that is produced electronically must also include the information required by this section.

Section 12. Subsections (1) and (3) and paragraph (a) of subsection (5) of section 322.245, Florida Statutes, are amended to read:

322.245 Suspension of license upon failure of person charged with specified offense under chapter 316, chapter 320, or this chapter to comply with directives ordered by traffic court or upon failure to pay child support in non-IV-D cases as provided in chapter 61 or failure to pay any financial obligation in any other criminal case.—

(1) If a person charged with a violation of any of the criminal offenses enumerated in s. 318.17 or with the commission of any offense constituting a misdemeanor under chapter 320 or this chapter fails to comply with all of the directives of the court within the time allotted by the court, the clerk of the ~~traffic~~ court must provide ~~shall mail to~~ the person, either electronically or by mail sent to ~~at~~ the address specified on the uniform traffic citation, a notice of such failure, notifying him or her that, if he or she does not comply with the directives of the court within 30 days after the date of the notice and pay a delinquency fee of up to $25 to the clerk, from which the clerk shall remit $10 to the Department of Revenue for

deposit into the General Revenue Fund, his or her driver license will be suspended. The notice must ~~shall~~ be sent ~~mailed~~ no later than 5 days after such failure. The delinquency fee may be retained by the office of the clerk to defray the operating costs of the office.

(3) If the person fails to comply with the directives of the court within the 30-day period, or, in non-IV-D cases, fails to comply with the requirements of s. 61.13016 within the period specified in that statute, the depository or the clerk of the court must ~~shall~~ electronically notify the department of such failure within 10 days. Upon electronic receipt of the notice, the department shall immediately issue an order suspending the person's driver license and privilege to drive effective 20 days after the date the order of suspension is mailed in accordance with s. 322.251(1), (2), and (6). The order of suspension must also contain information specifying that the person may contact the clerk of the court to establish a payment plan pursuant to s. 28.246(4) to make partial payments for fines, fees, service charges, and court costs.

(5)(a) When the department receives notice from a clerk of the court that a person licensed to operate a motor vehicle in this state under the provisions of this chapter has failed to pay financial obligations for any criminal offense other than those specified in subsection (1), in full or in part under a payment plan pursuant to s. 28.246(4), the department must ~~shall~~ suspend the license of the person named in the notice. The department shall mail an order of suspension in accordance with s. 322.251(1), (2), and (6), which must also contain information specifying that the person may contact the clerk of the court to

establish a payment plan pursuant to s. 28.246(4) to make partial payments for fines, fees, service charges, and court costs.

Section 13. Present subsection (3) of section 775.083, Florida Statutes, is redesignated as subsection (4), and a new subsection (3) is added to that section, to read:

775.083 Fines.—

(3) The clerk of the court of each county is the entity responsible for collecting payment of fines, fees, service charges, and court costs. Unless otherwise designated by the court, a person who has been ordered to pay court obligations under this section shall immediately contact the clerk to pay fines, fees, service charges, and court costs in full or to apply for enrollment in a payment plan pursuant to s. 28.246(4).

Section 14. Effective July 1, 2021, paragraph (i) of subsection (5) of section 27.52, Florida Statutes, is amended to read:

27.52 Determination of indigent status.—

(5) INDIGENT FOR COSTS.—A person who is eligible to be represented by a public defender under s. 27.51 but who is represented by private counsel not appointed by the court for a reasonable fee as approved by the court or on a pro bono basis, or who is proceeding pro se, may move the court for a determination that he or she is indigent for costs and eligible for the provision of due process services, as prescribed by ss. 29.006 and 29.007, funded by the state.

(i) A defendant who is found guilty of a criminal act by a court or jury or enters a plea of guilty or nolo contendere and who received due process services after being found indigent for

costs under this subsection is liable for payment of due process costs expended by the state.

1. The attorney representing the defendant, or the defendant if he or she is proceeding pro se, shall provide an accounting to the court delineating all costs paid or to be paid by the state within 90 days after disposition of the case notwithstanding any appeals.

2. The court shall issue an order determining the amount of all costs paid by the state and any costs for which prepayment was waived under this section or s. 57.081. The clerk shall cause a certified copy of the order to be recorded in the official records of the county, at no cost. The recording constitutes a lien against the person in favor of the state in the county in which the order is recorded. The lien may be enforced in the same manner prescribed in s. 938.29.

3. If the attorney or the pro se defendant fails to provide a complete accounting of costs expended by the state and consequently costs are omitted from the lien, the attorney or pro se defendant may not receive reimbursement or any other form of direct or indirect payment for those costs if the state has not paid the costs. The attorney or pro se defendant shall repay the state for those costs if the state has already paid the costs. The clerk of the court may establish a payment plan under s. 28.246 and may charge the attorney or pro se defendant a one-time administrative processing charge under s. 28.24(27)(c) ~~s. 28.24(26)(c)~~.

Section 15. Effective July 1, 2021, section 28.22205, Florida Statutes, is amended to read:

28.22205 Electronic filing process.—Each clerk of court

shall implement an electronic filing process. The purpose of the electronic filing process is to reduce judicial costs in the office of the clerk and the judiciary, increase timeliness in the processing of cases, and provide the judiciary with case-related information to allow for improved judicial case management. The Legislature requests that the Supreme Court set statewide standards for electronic filing to be used by the clerks of court to implement electronic filing. The standards should specify the required information for the duties of the clerks of court and the judiciary for case management. Revenues provided to counties and the clerk of court under s. 28.24(13)(e) ~~s. 28.24(12)(e)~~ for information technology may also be used to implement electronic filing processes.

Section 16. Effective July 1, 2021, subsection (5) of section 28.246, Florida Statutes, is amended to read:

28.246 Payment of court-related fines or other monetary penalties, fees, charges, and costs; partial payments; distribution of funds.—

(5) When receiving partial payment of fees, service charges, court costs, and fines, clerks shall distribute funds according to the following order of priority:

(a) That portion of fees, service charges, court costs, and fines to be remitted to the state for deposit into the General Revenue Fund.

(b) That portion of fees, service charges, court costs, and fines required to be retained by the clerk of the court or deposited into the Clerks of the Court Trust Fund within the Department of Revenue.

(c) That portion of fees, service charges, court costs, and

fines payable to state trust funds, allocated on a pro rata basis among the various authorized funds if the total collection amount is insufficient to fully fund all such funds as provided by law.

(d) That portion of fees, service charges, court costs, and fines payable to counties, municipalities, or other local entities, allocated on a pro rata basis among the various authorized recipients if the total collection amount is insufficient to fully fund all such recipients as provided by law.

To offset processing costs, clerks may impose either a per-month service charge pursuant to s. 28.24(27)(b) ~~s. 28.24(26)(b)~~ or a one-time administrative processing service charge at the inception of the payment plan pursuant to s. 28.24(27)(c) ~~s. 28.24(26)(c)~~.

Section 17. Effective July 1, 2021, section 45.035, Florida Statutes, is amended to read:

45.035 Clerk's fees.—In addition to other fees or service charges authorized by law, the clerk shall receive service charges related to the judicial sales procedure set forth in ss. 45.031-45.033 ~~ss. 45.031-45.034~~ and this section:

(1) The clerk shall receive a service charge of $70, from which the clerk shall remit $10 to the Department of Revenue for deposit into the General Revenue Fund, for services in making, recording, and certifying the sale and title, which service charge shall be assessed as costs and shall be advanced by the plaintiff before the sale.

(2) If there is a surplus resulting from the sale, the

clerk may receive the following service charges, which shall be deducted from the surplus:

(a) The clerk may withhold the sum of $28 from the surplus which may only be used for purposes of educating the public as to the rights of homeowners regarding foreclosure proceedings.

(b) The clerk is entitled to a service charge of $15 for each disbursement of surplus proceeds, from which the clerk shall remit $5 to the Department of Revenue for deposit into the General Revenue Fund.

(3) If the sale is conducted by electronic means, as provided in s. 45.031(10), the clerk shall receive an additional service charge not to exceed $70 for services in conducting or contracting for the electronic sale, which service charge shall be assessed as costs and paid when filing for an electronic sale date. If the clerk requires advance electronic deposits to secure the right to bid, such deposits shall not be subject to the fee under s. 28.24(11) ~~s. 28.24(10)~~. The portion of an advance deposit from a winning bidder required by s. 45.031(3) shall, upon acceptance of the winning bid, be subject to the fee under s. 28.24(11) ~~s. 28.24(10)~~.

Section 18. Effective July 1, 2021, subsection (2) of section 55.141, Florida Statutes, is amended to read:

55.141 Satisfaction of judgments and decrees; duties of clerk.—
